(ii) An 18-month driving-under-the-influence program licensed pursuant to Section 11836 of the Health and Safety Code, if a 30-month program is unavailable in the person's county of residence or employment.

(B) The person submits the "Verification of Installation" form described in paragraph (2) of subdivision (e) of Section 13386.

(C) The person agrees to maintain the ignition interlock device as required under subdivision (g) of Section 23575.

(D) The person provides proof of financial responsibility, as defined in Section 16430.

(E) Any individual convicted of a violation of Section 23153 punishable under Section 23566 may also, at any time after sentencing,

petition the court for referral to an 18-month driving-under-the-influence program or, if available in the county of the person's residence or employment, a 30-month driving-under-the-influence program licensed pursuant to Section 11836 of the Health and Safety Code. Unless good cause is shown, the court shall order the referral.

(F) The person pays all applicable reinstatement or reissue fees and any restriction fee required by the department.

(G) The restriction shall remain in effect for the period required in subdivision (f) of Section 23575.

(7) Except as provided in this paragraph, upon a conviction or finding of a violation of Section 23152 punishable under Section 23550 or 23550.5, or Section 23153 punishable under Section 23550.5, the privilege shall be revoked for a period of four years. The privilege may not be reinstated until the person gives proof of financial responsibility and proof satisfactory to the department of successful completion of one of the following programs: an 18-month driving-under-the-influence program licensed pursuant to Section 11836 of the Health and Safety Code, or, if available in the county of the person's residence or employment, a 30-month driving-under-the-influence program licensed pursuant to Section 11836 of the Health and Safety Code, or a program specified in Section 8001 of the Penal Code. For the purposes of this paragraph, enrollment in, participation in, and completion of an approved program shall be subsequent to the date of the current violation. Credit shall not be given to any program activities completed prior to the date of the current violation. The department shall advise the person that after the completion of 24 months of the revocation period, which may include credit for any suspension period served under subdivision (c) of Section 13353.3, the person may apply to the department for a restricted driver's license, subject to the following conditions:

(A) The person has satisfactorily completed, subsequent to the violation date of the current underlying conviction, either of the following:

(i) An 18-month driving-under-the-influence program licensed pursuant to Section 11836 of the Health and Safety Code.

(ii) The initial 18 months of a 30-month driving-under-the-influence program licensed pursuant to Section 11836 of the Health and Safety Code, if available in the county of the person's residence or employment, and the person agrees, as a condition of the restriction, to continue satisfactory participation in the 30-month driving-under-the-influence program.

(B) The person submits the "Verification of Installation" form described in paragraph (2) of subdivision (e) of Section 13386.

(C) The person agrees to maintain the ignition interlock device as required under subdivision (g) of Section 23575.

(D) The person provides proof of financial responsibility, as defined in Section 16430.

(E) An individual convicted of a violation of Section 23152 punishable under Section 23550 may also, at any time after sentencing, petition the court for referral to an 18-month driving-under-the-influence program or, if available in the county of the person's residence or employment, a 30-month driving-under-the-influence program licensed pursuant to Section 11836 of the Health and Safety Code. Unless good cause is shown, the court shall order the referral.

(F) The person pays all applicable reinstatement or reissue fees and any restriction fee required by the department.

(G) The restriction shall remain in effect for the period required in subdivision (f) of Section 23575.

(8) Upon a conviction or finding of a violation of subdivision (a) of Section 23109 that is punishable under subdivision (e) of that section, the privilege shall be suspended for a period of 90 days to six months, if ordered by the court. The privilege may not be reinstated until the person gives proof of financial responsibility, as defined in Section 16430.

(9) Upon a conviction or finding of a violation of subdivision (a) of Section 23109 that is punishable under subdivision (f) of that section, the privilege shall be suspended for a period of six months, if ordered by the court. The privilege may not be reinstated until the person gives proof of financial responsibility, as defined in Section 16430.

(b) For the purpose of paragraphs (2) to (9), inclusive, of subdivision (a), the finding of the juvenile court judge, the juvenile hearing officer, or the referee of a juvenile court of a commission of a violation of Section 23152 or 23153 or subdivision (a) of Section 23109, as specified in subdivision (a) of this section, is a conviction.

(c) A judge of a juvenile court, juvenile hearing officer, or referee of a juvenile court shall immediately report the findings specified in subdivision (a) to the department.

(d) A conviction of an offense in any state, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or Canada that, if committed in this state, would be a violation of Section 23152, is a conviction of Section 23152 for purposes of this section, and a conviction of an offense that, if committed in this state, would be a violation of Section 23153, is a conviction of Section 23153 for purposes of this section. The department shall suspend or revoke the privilege to operate a motor vehicle pursuant to this section upon receiving notice of that conviction.

(e) For the purposes of the restriction conditions specified in paragraphs (3) to (7), inclusive, of subdivision (a), the department shall terminate the restriction imposed pursuant to this section and shall suspend or revoke the person's driving privilege upon receipt of notification from the driving-under-the-influence program that the person has failed to comply with the program requirements. The person's driving privilege shall remain suspended or revoked for the remaining period of the original suspension or revocation imposed under this section and until all reinstatement requirements described in this section are met.

(f) For the purposes of this section, completion of a program is the following:

(1) Satisfactory completion of all program requirements approved pursuant to program licensure, as evidenced by a certificate of completion issued, under penalty of perjury, by the licensed program.

(2) Certification, under penalty of perjury, by the director of a program specified in Section 8001 of the Penal Code, that the person has completed a program specified in Section 8001 of the Penal Code.

(g) The holder of a commercial driver's license who was operating a commercial motor vehicle, as defined in Section 15210, at the time of a violation that resulted in a suspension or revocation of the person's noncommercial driving privilege under this section is not eligible for the restricted driver's license authorized under paragraphs (3) to (7), inclusive, of subdivision (a).

(h) This section shall become operative on September 20, 2005.

SEC. 200. Section 15250 of the Vehicle Code is amended to read:

15250. (a) (1) A person may not operate a commercial motor vehicle unless that person has in his or her immediate possession a valid commercial driver's license of the appropriate class.

(2) A person may not operate a commercial motor vehicle while transporting hazardous materials unless that person has in his or her possession a valid commercial driver's license with a hazardous materials endorsement. An instruction permit does not authorize the operation of a vehicle transporting hazardous materials.

(b) (1) Before an application for an original or renewal of a commercial driver's license with a hazardous materials endorsement is submitted to the United States Transportation Security Administration for the processing of a security threat assessment, as required under Part 1572 of Title 49 of the Code of Federal Regulations, the department shall complete a check of the applicant's driving record to ensure that the person is not subject to a disqualification under Part 383.51 of Title 49 of the Code of Federal Regulations.

(2) A person may not be issued a commercial driver's license until he or she has passed a written and driving test for the operation of a

commercial motor vehicle which complies with the minimum federal standards established by the federal Commercial Motor Vehicle Safety Act of 1986 (P.L. 99-570) and Part 383 of Title 49 of the Code of Federal Regulations, and has satisfied all other requirements of that act as well as any other requirements imposed by this code.

(c) The tests shall be prescribed and conducted by or under the direction of the department. The department may allow a third-party tester to administer the driving test part of the examination required under this section and Section 15275 if all of the following conditions are met:

(1) The tests given by the third party are the same as those that would otherwise be given by the department.

(2) The third party has an agreement with the department that includes, but is not limited to, the following provisions:

(A) Authorization for the United States Secretary of Transportation, or his or her representative, and the department, or its representative, to conduct random examinations, inspections, and audits without prior notice.

(B) Permission for the department, or its representative, to conduct onsite inspections at least annually.

(C) A requirement that all third-party testers meet the same qualification and training standards as the department's examiners, to the extent necessary to conduct the driving skill tests in compliance with the requirements of Part 383 of Title 49 of the Code of Federal Regulations.

(D) The department may cancel, suspend, or revoke the agreement with a third-party tester if the third-party tester fails to comply with the standards for the commercial driver's license testing program, or with any other term of the third-party agreement, upon 15 days' prior written notice of the action to cancel, suspend, or revoke the agreement by the department to the third party. Any action to appeal or review any order of the department canceling, suspending, or revoking a third-party testing agreement shall be brought in a court of competent jurisdiction under Section 1085 of the Code of Civil Procedure, or as otherwise permitted by the laws of this state. The action shall be commenced within 90 days from the effective date of the order.

(E) Any third-party tester whose agreement has been canceled pursuant to subparagraph (D) may immediately apply for a third-party testing agreement.

(F) A suspension of a third-party testing agreement pursuant to subparagraph (D) shall be for a term of less than 12 months as determined by the department. After the period of suspension, the agreement shall be reinstated upon request of the third-party tester.

(G) A revocation of a third-party testing agreement pursuant to subparagraph (D) shall be for a term of not less than one year. A third-party tester may apply for a new third-party testing agreement after the period of revocation and upon submission of proof of correction of the circumstances causing the revocation.

(H) Authorization for the department to charge the third-party tester a fee, as determined by the department, which is sufficient to defray the actual costs incurred by the department for administering and evaluating the third-party testing program, and for carrying out any other activities deemed necessary by the department to ensure sufficient training for the drivers participating in the program.

(3) Except as provided in Section 15250.3, the tests given by the third party shall not be accepted in lieu of tests prescribed and conducted by the department for applicants for a passenger vehicle endorsement specified in paragraph (2) of subdivision (a) of Section 15278, if the applicant operates or will operate a tour bus.

(d) Commercial driver's license applicants who take and pass driving tests administered by a third party shall provide the department with certificates of driving skill satisfactory to the department that the applicant has successfully passed the driving tests administered by the third party.

(e) Implementation dates for the issuance of a commercial driver's license pursuant to this chapter may be established by the department as it determines is necessary to accomplish an orderly commercial driver's license program.

SEC. 201. Section 15275 of the Vehicle Code is amended to read:

15275. (a) A person may not operate a commercial motor vehicle described in this chapter unless that person has in his or her possession a valid commercial driver's license for the appropriate class, and an endorsement issued by the department to permit the operation of the vehicle unless exempt from the requirement to obtain an endorsement pursuant to subdivision (b) of Section 15278.

(b) (1) An endorsement to drive vehicles specified in this article shall be issued only to applicants who are qualified by examinations prescribed by the department and who meet the minimum standards established in Part 383 of Title 49 of the Code of Federal Regulations.

(2) A hazardous materials endorsement shall be issued only to applicants who comply with paragraph (1) and the requirements set forth in Part 1572 of Title 49 of the Code of Federal Regulations.

(c) The department may deny, suspend, revoke, or cancel an endorsement to drive vehicles specified in this article when the applicant does not meet the qualifications for the issuance or retention of the endorsement.

(d) If the department denies, suspends, revokes, or cancels a hazardous materials endorsement because the department received notification that the applicant poses a security threat pursuant to Part 1572 of Title 49 of the Code of Federal Regulations, and, upon appeal by the United States Transportation Security Administration, that endorsement is ordered reinstated, the department shall issue or restore the hazardous materials endorsement to the applicant within the period specified under those federal regulations.

SEC. 202. Section 23575 of the Vehicle Code is amended to read:

23575. (a) (1) In addition to any other provisions of law, the court may require that a person convicted of a first offense violation of Section 23152 or 23153 to install a certified ignition interlock device on any vehicle that the person owns or operates and prohibit that person from operating a motor vehicle unless that vehicle is equipped with a functioning, certified ignition interlock device. The court shall give heightened consideration to applying this sanction to a first offense violator with 0.20 percent or more, by weight, of alcohol in his or her blood at arrest, or with two or more prior moving traffic violations, or to persons who refused the chemical tests at arrest. If the court orders the ignition interlock device restriction, the term shall be determined by the court for a period not to exceed three years from the date of conviction. The court shall notify the Department of Motor Vehicles, as specified in subdivision (a) of Section 1803, of the terms of the restrictions in accordance with subdivision (a) of Section 1804. The Department of Motor Vehicles shall place the restriction in the person's records in the Department of Motor Vehicles.

(2) The court shall require a person convicted of a violation of Section 14601.2 to install an ignition interlock device on any vehicle that the person owns or operates and prohibit the person from operating a motor vehicle unless the vehicle is equipped with a functioning, certified ignition interlock device. The term of the restriction shall be determined by the court for a period not to exceed three years from the date of conviction. The court shall notify the Department of Motor Vehicles, as specified in subdivision (a) of Section 1803, of the terms of the restrictions in accordance with subdivision (a) of Section 1804. The Department of Motor Vehicles shall place the restriction in the person's records in the Department of Motor Vehicles.

(b) The court shall include on the abstract of conviction or violation submitted to the Department of Motor Vehicles under Section 1803 or 1816, the requirement and term for the use of a certified ignition interlock device. The records of the department shall reflect mandatory use of the device for the term ordered by the court.

(c) The court shall advise the person that installation of an ignition interlock device on a vehicle does not allow the person to drive without a valid driver's license.

(d) A person whose driving privilege is restricted by the court pursuant to this section shall arrange for each vehicle with an ignition interlock device to be serviced by the installer at least once every 60 days in order for the installer to recalibrate and monitor the operation of the device. The installer shall notify the court if the device is removed or indicates that the person has attempted to remove, bypass, or tamper with the device, or if the person fails three or more times to comply with any requirement for the maintenance or calibration of the ignition interlock device. There is no obligation for the installer to notify the court if the person has complied with all of the requirements of this article.

(e) The court shall monitor the installation and maintenance of any ignition interlock device restriction ordered pursuant to subdivision (a) or (l). If a person fails to comply with the court order, the court shall give notice of the fact to the department pursuant to Section 40509.1.

(f) (1) Pursuant to Section 13352, if a person is convicted of a violation of Section 23152 or 23153, and the offense occurred within 10 years of one or more separate violations of Section 23152 or 23153 that resulted in a conviction, the person may apply to the Department of Motor Vehicles for a restricted driver's license pursuant to Section 13352 that prohibits the person from operating a motor vehicle unless that vehicle is equipped with a functioning ignition interlock device, certified pursuant to Section 13386. The restriction shall remain in effect for at least the remaining period of the original suspension or revocation and until all reinstatement requirements in Section 13352 are met.

(2) Pursuant to subdivision (g), the Department of Motor Vehicles shall immediately terminate the restriction issued pursuant to Section 13352 and shall immediately suspend or revoke the privilege to operate a motor vehicle of a person who attempts to remove, bypass, or tamper with the device, who has the device removed prior to the termination date of the restriction, or who fails three or more times to comply with any requirement for the maintenance or calibration of the ignition interlock device ordered pursuant to Section 13352. The privilege shall remain suspended or revoked for the remaining period of the originating suspension or revocation and until all reinstatement requirements in Section 13352 are met.

(g) A person whose driving privilege is restricted by the Department of Motor Vehicles pursuant to Section 13352 shall arrange for each vehicle with an ignition interlock device to be serviced by the installer at least once every 60 days in order for the installer to recalibrate the device and monitor the operation of the device. The installer shall notify

the Department of Motor Vehicles if the device is removed or indicates that the person has attempted to remove, bypass, or tamper with the device, or if the person fails three or more times to comply with any requirement for the maintenance or calibration of the ignition interlock device. There is no obligation on the part of the installer to notify the department or the court if the person has complied with all of the requirements of this section.

(h) Nothing in this section permits a person to drive without a valid driver's license.

(i) The Department of Motor Vehicles shall include information along with the order of suspension or revocation for repeat offenders informing them that after a specified period of suspension or revocation has been completed, the person may either install an ignition interlock device on any vehicle that the person owns or operates or remain with a suspended or revoked driver's license.

(j) Pursuant to this section, an out-of-state resident who otherwise would qualify for an ignition interlock device restricted license in California shall be prohibited from operating a motor vehicle in California unless that vehicle is equipped with a functioning ignition interlock device. An ignition interlock device is not required to be installed on any vehicle owned by the defendant that is not driven in California.

(k) If a person has a medical problem that does not permit the person to breathe with sufficient strength to activate the device, then that person shall only have the suspension option.

(l) This section does not restrict a court from requiring installation of an ignition interlock device and prohibiting operation of a motor vehicle unless that vehicle is equipped with a functioning, certified ignition interlock device for a person to whom subdivision (a) or (b) does not apply. The term of the restriction shall be determined by the court for a period not to exceed three years from the date of conviction. The court shall notify the Department of Motor Vehicles, as specified in subdivision (a) of Section 1803, of the terms of the restrictions in accordance with subdivision (a) of Section 1804. The Department of Motor Vehicles shall place the restriction in the person's records in the Department of Motor Vehicles.

(m) For the purposes of this section, "vehicle" does not include a motorcycle until the state certifies an ignition interlock device that can be installed on a motorcycle. Any person subject to an ignition interlock device restriction shall not operate a motorcycle for the duration of the ignition interlock device restriction period.

(n) For the purposes of this section, "owned" means solely owned or owned in conjunction with another person or legal entity. For purposes

of this section, “operates” includes operating vehicles that are not owned by the person subject to this section.

(o) For the purposes of this section, “bypass” includes, but is not limited to, either of the following:

(1) Any combination of failing or not taking the ignition interlock device rolling retest three consecutive times.

(2) Any incidence of failing or not taking the ignition interlock device rolling retest, when not followed by an incidence of passing the ignition interlock rolling retest prior to turning off the vehicle’s engine.

SEC. 203. Section 23593 of the Vehicle Code is amended to read:

23593. (a) The court shall advise a person convicted of a violation of Section 23103, as specified in Section 23103.5, or a violation of Section 23152 or 23153, as follows:

“You are hereby advised that being under the influence of alcohol or drugs, or both, impairs your ability to safely operate a motor vehicle. Therefore, it is extremely dangerous to human life to drive while under the influence of alcohol or drugs, or both. If you continue to drive while under the influence of alcohol or drugs, or both, and, as a result of that driving, someone is killed, you can be charged with murder.”

(b) The advisory statement may be included in a plea form, if used, or the fact that the advice was given may be specified on the record.

(c) The court shall include on the abstract of the conviction or violation submitted to the department under Section 1803 or 1816, the fact that the person has been advised as required under subdivision (a).

SEC. 204. Section 27362 of the Vehicle Code is amended to read:

27362. (a) A manufacturer, wholesaler, or retailer shall not sell, offer for sale, or install in a motor vehicle, a child passenger restraint system that does not conform to all applicable federal motor vehicle safety standards on the date of manufacture. Responsibility for compliance with this section shall rest with the individual selling the system, offering the system for sale, or installing the system. A person who violates this section is guilty of a misdemeanor and shall be punished as follows:

(1) Upon a first conviction, by a fine not exceeding four hundred dollars (\$400), or by imprisonment in a county jail for a period of not more than 90 days, or both.

(2) Upon a second or subsequent conviction, by a fine not exceeding one thousand dollars (\$1,000), or by imprisonment in a county jail for a period of not more than 180 days, or both.

(b) The fines collected for a violation of this section shall be allocated as follows:

(1) (A) Sixty percent to the county or city health department where the violation occurred, to be used for a child passenger restraint low-cost

purchase or loaner program which shall include, but not be limited to, education on the proper installation and use of a child passenger restraint system. The county health department shall designate a coordinator to facilitate the creation of a special account and to develop a relationship with the superior court to facilitate the transfer of funds to the program. The county may contract for the implementation of the program. Prior to obtaining possession of a child passenger restraint system pursuant to this section, a person shall receive information relating to the importance of utilizing that system.

(B) As the proceeds from fines become available, county health departments shall prepare and maintain a listing of all child passenger restraint low-cost purchase or loaner programs in their counties, including a semiannual verification that all programs listed are in existence. Each county shall forward the listing to the Office of Traffic Safety in the Business, Transportation and Housing Agency and the courts, birthing centers, community child health and disability prevention programs, and county hospitals in that county, who shall make the listing available to the public. The Office of Traffic Safety shall maintain a listing of all of the programs in the state.

(2) Twenty-five percent to the county for the administration of the program.

(3) Fifteen percent to the city, to be deposited in its general fund except that, if the violation occurred in an unincorporated area, this amount shall be allocated to the county for purposes of paragraph (1).

SEC. 205. Section 521 of the Water Code is amended to read:

521. The Legislature further finds and declares all of the following:

(a) Water furnished or used without any method of determination of the quantities of water used by the person to whom the water is furnished has caused, and will continue to cause, waste and unreasonable use of water, and that this waste and unreasonable use should be identified, isolated, and eliminated.

(b) Water metering and volumetric pricing are among the most efficient conservation tools, providing information on how much water is being used and pricing to encourage conservation.

(c) Without water meters, it is impossible for homeowners and businesses to know how much water they are using, thereby inhibiting conservation, punishing those who conserve, and rewarding those who waste water.

(d) Existing law requires the installation of a water meter as a condition of water service provided pursuant to a connection installed on or after January 1, 1992, but the continuing widespread absence of water meters and the lack of volumetric pricing could result in the inefficient use of water for municipal and industrial uses.

(e) The benefits to be gained from metering infrastructure are not recovered if urban water suppliers do not use this infrastructure.

(f) This chapter addresses a subject matter of statewide concern. It is the intent of the Legislature that this chapter supersede and preempt all enactments and other local action of cities and counties, including charter cities and charter counties, and other local public agencies that conflict with this chapter, other than enactments or local actions that impose additional or more stringent requirements regarding matters set forth in this chapter.

(g) An urban water supplier should take any available necessary step consistent with state law to ensure that the implementation of this chapter does not place an unreasonable burden on low-income families.

SEC. 206. Section 525 of the Water Code is amended to read:

525. (a) Notwithstanding any other provision of law, every water purveyor who sells, leases, rents, furnishes, or delivers water service to any person shall require, as a condition of new water service on and after January 1, 1992, that a suitable water meter to measure the water service shall be installed on the water service facilities in accordance with this chapter. The cost of installation of the meter shall be paid by the user of the water, and any water purveyor may impose and collect charges for those costs.

(b) Subdivision (a) applies only to potable water.

(c) Subdivision (a) does not apply to a community water system which serves fewer than 15 service connections used by yearlong residents or regularly serves fewer than 25 yearlong residents, or a single well that services the water supply of a single-family residential home.

SEC. 207. Section 527 of the Water Code is amended to read:

527. (a) An urban water supplier that is not subject to Section 526 shall do both of the following:

(1) Install water meters on all municipal and industrial service connections located within its service area on or before January 1, 2025.

(2) (A) Charge each customer that has a service connection for which a water meter has been installed based on the actual volume of deliveries as measured by the water meter, beginning on or before January 1, 2010.

(B) Notwithstanding subparagraph (A), in order to provide customers with experience in volume-based water service charges, an urban water supplier that is subject to this subdivision may delay, for one annual seasonal cycle of water use, the use of meter-based charges for service connections that are being converted from nonvolume-based billing to volume-based billing.

(b) A water purveyor, including an urban water supplier, may recover the cost of providing services related to the purchase, installation, and operation of a water meter from rates, fees, or charges.

SEC. 208. Section 1013 of the Water Code is amended to read:

1013. (a) The Imperial Irrigation District, acting under a contract with the United States for diversion and use of Colorado River water or pursuant to the California Constitution or to this chapter, or complying with an order of the Secretary of the Interior, a court, or the board, to reduce through conservation measures, the volume of the flow of water directly or indirectly into the Salton Sea, shall not be held liable for any effects to the Salton Sea or its bordering area resulting from the conservation measures.

(b) For the purposes of this section, and during the term of the Quantification Settlement Agreement as defined in subdivision (a) of Chapter 617 of the Statutes of 2002, "land fallowing conservation measures" means the generation of water to be made available for transfer or for environmental mitigation purposes by fallowing land or removing land from agricultural production regardless of whether the fallowing or removal from agricultural production is temporary or long term, and regardless of whether it occurs in the course of normal and customary agricultural production, if both of the following apply:

(1) The measure is part of a land fallowing conservation plan that includes mitigation provisions adopted by the Board of Directors of the Imperial Irrigation District.

(2) Before the Imperial Irrigation District adopts a land fallowing conservation plan, the district shall consult with the Board of Supervisors of the County of Imperial and obtain the board's assessment of whether the proposed land fallowing conservation plan includes adequate measures to avoid or mitigate unreasonable economic or environmental impacts in the County of Imperial.

(c) In order to minimize impacts on the environment, during the term of the Quantification Settlement Agreement and for six years thereafter, in any evaluation or assessment of the Imperial Irrigation District's use of water, it shall be conclusively presumed that any water conserved, or used for mitigation purposes, through land fallowing conservation measures has been conserved in the same volume as if conserved by efficiency improvements, such as by reducing canal seepage, canal spills, or surface or subsurface runoff from irrigation fields.

(d) If a party to the Quantification Settlement Agreement engages in water efficiency conservation measures or land fallowing conservation measures to carry out a Quantification Settlement Agreement transfer or to mitigate the environmental impacts of a Quantification Settlement Agreement transfer, there may be no forfeiture, diminution, or impairment of the right of that party to use of the water conserved.

(e) During the period that the Quantification Settlement Agreement is in effect and the Imperial Irrigation District is meeting its water

delivery obligations under the Quantification Settlement Agreement and its water delivery obligations under subdivision (c) of Section 2081.7 of the Fish and Game Code, no person or local agency, as defined in Section 21062 of the Public Resources Code, may seek to obtain additional conserved Colorado River water from the district, voluntarily or involuntarily, until the district has adopted a resolution offering to make conserved Colorado River water available.

(f) During the initial term in which the Quantification Settlement Agreement is in effect, any water transferred by the Imperial Irrigation District shall be subject to an ecosystem restoration fee established by the Department of Fish and Game, in consultation with the board, to cover the proportional impacts to the Salton Sea of the additional water transfer. The fee shall not exceed 10 percent of the amount of any compensation received for the transfer of the water. The fee shall be deposited in the Salton Sea Restoration Fund. This fee shall not apply to the following transfers:

(1) Transfers to meet water delivery obligations under the Quantification Settlement Agreement and related agreements, as defined in that agreement.

(2) Transfers to comply with subdivision (c) of Section 2081.7 of the Fish and Game Code.

(3) Transfers pursuant to a Defensive Transfer Agreement as defined in the Agreement for Acquisition of Conserved Water between the Imperial Irrigation District and the Metropolitan Water District of Southern California.

(g) Subdivisions (c), (d), (e), and (f) shall not become operative unless the parties have executed the Quantification Settlement Agreement on or before October 12, 2003.

(h) This section may not be construed to exempt the Imperial Irrigation District from any requirement established under the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code).

SEC. 209. Section 12997 of the Water Code is amended to read:

12997. (a) Not later than June 30, 2005, the director shall establish the Alluvial Fan Task Force with broad membership, to the maximum extent possible, from local, state, and federal government and other stakeholders to review the state of knowledge regarding alluvial fan flood plains, determine future research needs, and prepare recommendations relating to alluvial fan flood plain management, with an emphasis on alluvial fan flood plains that are being considered for development in accordance with local general plans. The director, in consultation with representatives of the Counties of San Bernardino, Riverside, Los Angeles, Ventura, Santa Barbara, San Luis Obispo, Kern,

Orange, Imperial, and San Diego, may enter into an interagency agreement with the California State University, the University of California, or other appropriate agency, to oversee the task force.

(b) The director shall determine the composition of the task force. The task force may include, but need not be limited to, representatives from all of the following entities or groups, subject to the consent of those entities or groups:

(1) City and county governments in the Counties of San Bernardino, Riverside, Los Angeles, Ventura, Santa Barbara, San Luis Obispo, Kern, Orange, Imperial, and San Diego.

(2) The department.

(3) Other local, state, and federal government agencies and stakeholders that represent relevant environmental, agricultural, and construction interests.

(c) The Alluvial Fan Task Force shall develop a model ordinance on alluvial fan flooding to be made available to communities subject to alluvial fan flooding.

(d) The Alluvial Fan Task Force shall prepare and submit a report, with findings and recommendations, to the Legislature not later than June 30, 2006.

SEC. 210. Section 13305 of the Water Code is amended to read:

13305. (a) Upon determining that a condition of pollution or nuisance exists that has resulted from a nonoperating industrial or business location within its region, a regional board may cause notice of the condition to be posted upon the property in question. The notice shall state that the condition constitutes either a condition of pollution or nuisance that is required to be abated by correction of the condition, or a condition that will be corrected by the city, county, other public agency, or regional board at the property owner's expense. The notice shall further state that all property owners having any objections to the proposed correction of the condition may attend a hearing to be held by the regional board at a time not less than 10 days from the posting of the notice.

(b) Notice of the hearing prescribed in this section shall be given in the county where the property is located pursuant to Section 6061 of the Government Code.

(c) In addition to posting and publication, notice as required in this section shall be mailed to the property owners as their names and addresses appear from the last equalized assessment roll.

(d) At the time stated in the notices, the regional board shall hear and consider all objections or protests, if any, to the proposed correction of the condition, and may continue the hearing from time to time.

(e) (1) After final action is taken by the regional board on the disposition of any protests or objections, or if no protests or objections

are received, the regional board shall request the city, county, or other public agency in which the condition of pollution or nuisance exists to abate the condition or nuisance.

(2) If the city, county, or other public agency does not abate the condition within a reasonable time, the regional board shall cause the condition to be abated. The regional board may proceed by force account, contract or other agreement, or any other method deemed most expedient by the regional board, and shall apply to the state board for the necessary funds.

(3) The regional board shall be permitted reasonable access to the affected property as necessary to perform any cleanup, abatement, or other remedial work. Access shall be obtained with the consent of the owner or possessor of the property, or, if the consent is withheld, with a warrant duly issued pursuant to the procedure described in Title 13 (commencing with Section 1822.50) of Part 3 of the Code of Civil Procedure. However, in the event of an emergency affecting public health or safety, the regional board may enter the property without consent or the issuance of a warrant.

(f) The owner of the property on which the condition exists, or is created, is liable for all reasonable costs incurred by the regional board or any city, county, or public agency in abating the condition. The amount of the cost for abating the condition upon the property in question constitutes a lien upon the property so posted upon the recordation of a notice of lien, which identifies the property on which the condition was abated, the amount the lien, and the owner of record of the property, in the office of the county recorder of the county in which the property is located. Upon recordation, the lien has the same force, effect, and priority as a judgment lien, except that it attaches only to the property so posted and described in the notice of lien, and shall continue for 10 years from the time of the recording of the notice unless sooner released or otherwise discharged. The lien may be foreclosed by an action brought by the city, county, other public agency, or state board, on behalf of the regional board, for a money judgment. Money recovered by a judgment in favor of the state board shall be returned to the State Water Pollution Cleanup and Abatement Account.

(g) The city, county, other public agency, or state board on behalf of a regional board, may, at any time, release all, or any portion, of the property subject to a lien imposed pursuant to subdivision (f) from the lien or subordinate the lien to other liens and encumbrances if it determines that the amount owed is sufficiently secured by a lien on other property or that the release or subordination of the lien will not jeopardize the collection of the amount owed. A certificate by the state board, city, county, or other public agency to the effect that any property

has been released from the lien or that the lien has been subordinated to other liens and encumbrances is conclusive evidence that the property has been released or that the lien has been subordinated as provided in the certificate.

(h) As used in this section, the words “nonoperating” or “not in operation” mean the business is not conducting routine operations usually associated with that kind of business.

(i) Nothing in this section limits the authority of any state agency under any other law or regulation to enforce or administer any cleanup or abatement activity.

SEC. 211. Section 13387 of the Water Code is amended to read:

A person that is an organization shall, upon conviction for a violation committed after a first conviction of the person under this subdivision, be subject to a fine of not more than two million dollars (\$2,000,000). Any fines imposed pursuant to this subdivision shall be in addition to any fines imposed pursuant to subdivision (c).

(2) In determining whether a defendant who is an individual knew that the defendant's conduct placed another person in imminent danger of death or serious bodily injury, the defendant is responsible only for actual awareness or actual belief that the defendant possessed, and knowledge possessed by a person other than the defendant, but not by the defendant personally, cannot be attributed to the defendant.

(e) Any person who knowingly makes any false statement, representation, or certification in any record, report, plan, notice to comply, or other document filed with a regional board or the state board, or who knowingly falsifies, tampers with, or renders inaccurate any monitoring device or method required under this division shall be punished by a fine of not more than twenty-five thousand dollars (\$25,000), or by imprisonment in the state prison for not more than two years, or by both. per day of violation, or by imprisonment in the state prison for not more than four years, or by both.

(f) For purposes of this section, a single operational upset which leads to simultaneous violations of more than one pollutant parameter shall be treated as a single violation.

(g) For purposes of this section, “organization,” “serious bodily injury,” “person,” and “hazardous substance” shall have the same meaning as in Section 309(c) of the Clean Water Act (33 U.S.C. Sec. 1319(c)), as amended.

(h) (1) Subject to paragraph (2), funds collected pursuant to this section shall be deposited in the State Water Pollution Cleanup and Abatement Account.

(2) (A) Notwithstanding any other provision of law, fines collected for a violation of a water quality certification in accordance with paragraph (2) of subdivision (a) or for a violation of Section 401 of the Clean Water Act (33 U.S.C. Sec. 1341) in accordance with paragraph (4) of subdivision (a) shall be deposited in the Water Discharge Permit Fund and separately accounted for in that fund.

(B) The funds described in subparagraph (A) shall be expended by the state board, upon appropriation by the Legislature, to assist regional boards, and other public agencies with authority to clean up waste or abate the effects of the waste, in cleaning up or abating the effects of the waste on waters of the state, or for the purposes authorized in Section 13443.

35539.13. (a) The districts may convey water in a drainage course within the boundaries of each respective district for the purposes of treating and reusing that water, if the conveyance, treatment, and reuse meet the requirements of state and federal law.

(b) For purposes of this section, “drainage course” refers to a drainage course with regard to which each respective district has a right of use.

(c) For purposes of this section, “water” refers to water with regard to which each respective district has a right of use.

SEC. 213. Section 294 of the Welfare and Institutions Code is amended to read:

294. The social worker or probation officer shall give notice of a selection and implementation hearing held pursuant to Section 366.26 in the following manner:

(a) Notice of the hearing shall be given to the following persons:

(1) The mother.

(2) The fathers, presumed and alleged.

(3) The child, if the child is 10 years of age or older.

(4) Any known sibling of the child who is the subject of the hearing if that sibling either is the subject of a dependency proceeding or has been adjudged to be a dependent child of the juvenile court. If the sibling is 10 years of age or older, the sibling, the sibling's caregiver, and the sibling's attorney. If the sibling is under 10 years of age, the sibling's caregiver and the sibling's attorney. However, notice is not required to be given to any sibling whose matter is calendared in the same court on the same day.

(5) The grandparents of the child, if their address is known and if the parent's whereabouts are unknown.

(6) All counsel of record.

(7) If the court knows or has reason to know that an Indian child is involved, then to the Indian custodian and the tribe of that child. If the identity or location of the parent or Indian custodian and the tribe cannot be determined, notice shall be given to the Bureau of Indian Affairs.

(b) The following persons shall not be notified of the hearing:

(1) A parent who has relinquished the child to the State Department of Social Services or to a licensed adoption agency for adoption, and the relinquishment has been accepted and filed with notice as required under Section 8700 of the Family Code.

(2) An alleged father who has denied paternity and has executed a waiver of the right to notice of further proceedings.

(3) A parent whose parental rights have been terminated.

(c) (1) Service of the notice shall be completed at least 45 days before the hearing date. Service is deemed complete at the time the notice is personally delivered to the person named in the notice or 10 days after the notice has been placed in the mail, or at the expiration of the time prescribed by the order for publication.

(2) In the case of an Indian child, notice to the Indian custodian and the tribe shall be completed at least 10 days before the hearing.

(3) In the case of an Indian child, if notice is given to the Bureau of Indian Affairs, the bureau shall have 15 days after receipt to provide the requisite notice to the parent or Indian custodian and the tribe.

(4) Service of notice in cases where publication is ordered shall be completed at least 30 days before the date of the hearing.

(d) Regardless of the type of notice required, or the manner in which it is served, once the court has made the initial finding that notice has properly been given to the parent, or to any person entitled to receive notice pursuant to this section, subsequent notice for any continuation of a Section 366.26 hearing may be by first-class mail to any last known address, by an order made pursuant to Section 296, or by any other means that the court determines is reasonably calculated, under any circumstance, to provide notice of the continued hearing. However, if

the recommendation changes from the recommendation contained in the notice previously found to be proper, notice shall be provided to the parent, and to any person entitled to receive notice pursuant to this section, regarding that subsequent hearing.

(e) The notice shall contain the following information:

- (1) The date, time, and place of the hearing.
- (2) The right to appear.
- (3) The parents' right to counsel.
- (4) The nature of the proceedings.
- (5) The recommendation of the supervising agency.
- (6) A statement that, at the time of hearing, the court is required to select a permanent plan of adoption, legal guardianship, or long-term foster care for the child.

(7) In the case of an Indian child, the notice shall contain a statement that the parent or Indian custodian and the tribe have a right to intervene at any point in the proceedings. The notice shall also include a statement that the parent or Indian custodian and the tribe shall, upon request, be granted up to 20 additional days to prepare for the proceedings.

(f) Notice to the parents may be given in any one of the following manners:

(1) If the parent is present at the hearing at which the court schedules a hearing pursuant to Section 366.26, the court shall advise the parent of the date, time, and place of the proceedings, his or her right to counsel, the nature of the proceedings, and that at the proceedings the court shall select and implement a plan of adoption, legal guardianship, or long-term foster care for the child. The court shall direct the parent to appear for the proceedings and then direct that the parent be notified thereafter by first-class mail to the parent's usual place of residence or business only.

(2) Certified mail, return receipt requested, to the parent's last known mailing address. This notice shall be sufficient if the child welfare agency receives a return receipt signed by the parent.

(3) Personal service to the parent named in the notice.

(4) Delivery to a competent person who is at least 18 years of age at the parent's usual place of residence or business, and thereafter mailed to the parent named in the notice by first-class mail at the place where the notice was delivered.

(5) If the residence of the parent is outside the state, service may be made as described in paragraph (1), (3), or (4) or by certified mail, return receipt requested.

(6) If the recommendation of the probation officer or social worker is legal guardianship or long-term foster care, service may be made by first-class mail to the parent's usual place of residence or business.

(7) If the parent's whereabouts are unknown and the parent cannot, with reasonable diligence, be served in any manner specified in paragraphs (1) to (6), inclusive, the petitioner shall file an affidavit with the court at least 75 days before the hearing date, stating the name of the parent and describing the efforts made to locate and serve the parent.

(A) If the court determines that there has been due diligence in attempting to locate and serve the parent and the probation officer or social worker recommends adoption, service shall be to that parent's attorney of record, if any, by certified mail, return receipt requested. If the parent does not have an attorney of record, the court shall order that service be made by publication of citation requiring the parent to appear at the date, time, and place stated in the citation, and that the citation be published in a newspaper designated as most likely to give notice to the parent. Publication shall be made once a week for four consecutive weeks. Whether notice is to the attorney of record or by publication, the court shall also order that notice be given to the grandparents of the child by first-class mail.

(B) If the court determines that there has been due diligence in attempting to locate and serve the parent and the probation officer or social worker recommends legal guardianship or long-term foster care, no further notice is required to the parent, but the court shall order that notice be given to the grandparents of the child by first-class mail.

(C) In any case where the residence of the parent becomes known, notice shall immediately be served upon the parent as provided for in either paragraph (2), (3), (4), (5), or (6).

(8) If the identity of one or both of the parents, or alleged parents, of the child is unknown, or if the name of one or both parents is uncertain, then that fact shall be set forth in the affidavit and the court, if ordering publication, shall order the published citation to be directed to either the father or mother, or both, of the child, and to all persons claiming to be the father or mother of the child, naming and otherwise describing the child.

(g) Notice to the child and all counsel of record shall be by first-class mail.

(h) In the case of an Indian child, notice to the tribe shall be by registered mail, return receipt requested.

(i) Notwithstanding subdivision (a), if the attorney of record is present at the time the court schedules a hearing pursuant to Section 366.26, no further notice is required, except as required by subparagraph (A) of paragraph (7) of subdivision (f).

(j) This section shall also apply to children adjudged wards pursuant to Section 727.31.

SEC. 214. Section 366.21 of the Welfare and Institutions Code is amended to read:

366.21. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing and of their right to be present and represented by counsel.

(b) Except as provided in Sections 294 and 295, notice of the hearing shall be provided pursuant to Section 293.

(c) At least 10 calendar days prior to the hearing, the social worker shall file a supplemental report with the court regarding the services provided or offered to the parent or legal guardian to enable him or her to assume custody and the efforts made to achieve legal permanence for the child if efforts to reunify fail, including, but not limited to, efforts to maintain relationships between a child who is 10 years of age or older and has been in out-of-home placement in a group home for six months or longer from the date the child entered foster care and individuals who are important to the child, consistent with the child's best interests; the progress made; and, where relevant, the prognosis for return of the child to the physical custody of his or her parent or legal guardian; and shall make his or her recommendation for disposition. If the child is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, the report and recommendation may also take into account those factors described in subdivision (e) relating to the child's sibling group. If the recommendation is not to return the child to a parent or legal guardian, the report shall specify why the return of the child would be detrimental to the child. The social worker shall provide the parent or legal guardian, counsel for the child, and any court-appointed child advocate with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a child removed from the physical custody of his or her parent or legal guardian, the social worker shall, at least 10 calendar days prior to the hearing, provide a summary of his or her recommendation for disposition to any foster parents, relative caregivers, and certified foster parents who have been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, community care facility, or foster family agency having the physical custody of the child.

(d) Prior to any hearing involving a child in the physical custody of a community care facility or a foster family agency that may result in the return of the child to the physical custody of his or her parent or legal guardian, or in adoption or the creation of a legal guardianship, the

facility or agency shall file with the court a report containing its recommendation for disposition. Prior to the hearing involving a child in the physical custody of a foster parent, a relative caregiver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, the foster parent, relative caregiver, or the certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, may file with the court a report containing his or her recommendation for disposition. The court shall consider the report and recommendation filed pursuant to this subdivision prior to determining any disposition.

(e) At the review hearing held six months after the initial dispositional hearing, the court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; and shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself of services provided.

Whether or not the child is returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental or would not be detrimental. The court also shall make appropriate findings pursuant to subdivision (a) of Section 366; and, where relevant, shall order any additional services reasonably believed to facilitate the return of the child to the custody of his or her parent or legal guardian. The court shall also inform the parent or legal guardian that if the child cannot be returned home by the 12-month permanency hearing, a proceeding pursuant to Section 366.26 may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

If the child was under the age of three years on the date of the initial removal, or is a member of a sibling group described in paragraph (3)

of subdivision (a) of Section 361.5, and the court finds by clear and convincing evidence that the parent failed to participate regularly and make substantive progress in a court-ordered treatment plan, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If, however, the court finds there is a substantial probability that the child, who was under the age of three years on the date of initial removal or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, may be returned to his or her parent or legal guardian within six months or that reasonable services have not been provided, the court shall continue the case to the 12-month permanency hearing.

For the purpose of placing and maintaining a sibling group together in a permanent home, the court, in making its determination to schedule a hearing pursuant to Section 366.26 for some or all members of a sibling group, as described in paragraph (3) of subdivision (a) of Section 361.5, shall review and consider the social worker's report and recommendations. Factors the report shall address, and the court shall consider, may include, but need not be limited to, whether the sibling group was removed from parental care as a group, the closeness and strength of the sibling bond, the ages of the siblings, the appropriateness of maintaining the sibling group together, the detriment to the child if sibling ties are not maintained, the likelihood of finding a permanent home for the sibling group, whether the sibling group is currently placed together in a preadoptive home or has a concurrent plan goal of legal permanency in the same home, the wishes of each child whose age and physical and emotional condition permits a meaningful response, and the best interest of each child in the sibling group. The court shall specify the factual basis for its finding that it is in the best interest of each child to schedule a hearing pursuant to Section 366.26 in 120 days for some or all of the members of the sibling group.

If the child was removed initially under subdivision (g) of Section 300 and the court finds by clear and convincing evidence that the whereabouts of the parent are still unknown, or the parent has failed to contact and visit the child, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If the court finds by clear and convincing evidence that the parent has been convicted of a felony indicating parental unfitness, the court may schedule a hearing pursuant to Section 366.26 within 120 days.

If the child had been placed under court supervision with a previously noncustodial parent pursuant to Section 361.2, the court shall determine whether supervision is still necessary. The court may terminate supervision and transfer permanent custody to that parent, as provided for by paragraph (1) of subdivision (b) of Section 361.2.

In all other cases, the court shall direct that any reunification services previously ordered shall continue to be offered to the parent or legal guardian pursuant to the time periods set forth in subdivision (a) of Section 361.5, provided that the court may modify the terms and conditions of those services.

If the child is not returned to his or her parent or legal guardian, the court shall determine whether reasonable services that were designed to aid the parent or legal guardian in overcoming the problems that led to the initial removal and the continued custody of the child have been provided or offered to the parent or legal guardian. The court shall order that those services be initiated, continued, or terminated.

(f) The permanency hearing shall be held no later than 12 months after the date the child entered foster care, as that date is determined pursuant to subdivision (a) of Section 361.5. At the permanency hearing, the court shall determine the permanent plan for the child, which shall include a determination of whether the child will be returned to the child's home and, if so, when, within the time limits of subdivision (a) of Section 361.5. The court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The court shall also determine whether reasonable services that were designed to aid the parent or legal guardian to overcome the problems that led to the initial removal and continued custody of the child have been provided or offered to the parent or legal guardian. For each youth 16 years of age and older, the court shall also determine whether services have been made available to assist him or her in making the transition from foster care to independent living. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5, shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself of services provided, and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Whether or not the child is returned to his or her parent or legal guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or legal guardian, the court shall specify

the factual basis for its conclusion that the return would be detrimental. The court also shall make a finding pursuant to subdivision (a) of Section 366.

(g) If the time period in which the court-ordered services were provided has met or exceeded the time period set forth in paragraph (1), (2), or (3) of subdivision (a) of Section 361.5, as appropriate, and a child is not returned to the custody of a parent or legal guardian at the permanency hearing held pursuant to subdivision (f), the court shall do one of the following:

(1) Continue the case for up to six months for a permanency review hearing, provided that the hearing shall occur within 18 months of the date the child was originally taken from the physical custody of his or her parent or legal guardian. The court shall continue the case only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time or that reasonable services have not been provided to the parent or legal guardian. For the purposes of this section, in order to find a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time, the court shall be required to find all of the following:

(A) That the parent or legal guardian has consistently and regularly contacted and visited with the child.

(B) That the parent or legal guardian has made significant progress in resolving problems that led to the child's removal from the home.

(C) The parent or legal guardian has demonstrated the capacity and ability both to complete the objectives of his or her treatment plan and to provide for the child's safety, protection, physical and emotional well-being, and special needs.

For purposes of this subdivision, the court's decision to continue the case based on a finding or substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interests of the child.

The court shall inform the parent or legal guardian that if the child cannot be returned home by the next permanency review hearing, a proceeding pursuant to Section 366.26 may be instituted. The court may not order that a hearing pursuant to Section 366.26 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parent or legal guardian.

(2) Order that a hearing be held within 120 days, pursuant to Section 366.26, but only if the court does not continue the case to the permanency

planning review hearing and there is clear and convincing evidence that reasonable services have been provided or offered to the parents or legal guardians.

(3) Order that the child remain in long-term foster care, but only if the court finds by clear and convincing evidence, based upon the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, that there is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship. For purposes of this section, a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency that adoption is not in the best interest of the child shall constitute a compelling reason for the court's determination. That recommendation shall be based on the present circumstances of the child and may not preclude a different recommendation at a later date if the child's circumstances change.

If the court orders that a child who is 10 years of age or older remain in long-term foster care at a group home, the court shall determine whether the agency has made reasonable efforts to maintain the child's relationships with individuals other than the child's siblings who are important to the child, consistent with the child's best interests, and may make any appropriate order to ensure that those relationships are maintained.

(h) In any case in which the court orders that a hearing pursuant to Section 366.26 shall be held, it shall also order the termination of reunification services to the parent or legal guardian. The court shall continue to permit the parent or legal guardian to visit the child pending the hearing unless it finds that visitation would be detrimental to the child. The court shall make any other appropriate orders to enable the child to maintain relationships with individuals, other than the child's siblings, who are important to the child, consistent with the child's best interests.

(i) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include all of the following:

(1) Current search efforts for an absent parent or parents or legal guardians.

(2) A review of the amount of and nature of any contact between the child and his or her parents or legal guardians and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or legal guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(5) The relationship of the child to any identified prospective adoptive parent or legal guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) A description of efforts to be made to identify a prospective adoptive parent or legal guardian, including, but not limited to, child-specific recruitment and listing on an adoption exchange.

(7) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(j) If, at any hearing held pursuant to Section 366.26, a guardianship is established for the minor with a relative, and juvenile court dependency is subsequently dismissed, the relative shall be eligible for aid under the Kin-GAP program as provided in Article 4.5 (commencing with Section 11360) of Chapter 2 of Part 3 of Division 9.

(k) As used in this section, "relative" means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand," or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(l) For purposes of this section, evidence of any of the following circumstances may not, in and of itself, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to make and finalize a permanent placement for the child if efforts to reunify fail.

(3) Services to make and finalize a permanent placement for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

SEC. 215. Section 387 of the Welfare and Institutions Code is amended to read:

387. (a) An order changing or modifying a previous order by removing a child from the physical custody of a parent, guardian, relative, or friend and directing placement in a foster home, or commitment to a private or county institution, shall be made only after noticed hearing upon a supplemental petition.

(b) The supplemental petition shall be filed by the social worker in the original matter and shall contain a concise statement of facts sufficient to support the conclusion that the previous disposition has not been effective in the rehabilitation or protection of the child or, in the case of a placement with a relative, sufficient to show that the placement is not appropriate in view of the criteria in Section 361.3.

(c) Notwithstanding subdivision (a), dependency jurisdiction shall be resumed for a child as to whom dependency jurisdiction has been suspended pursuant to Section 366.5 if the jurisdiction established pursuant to Section 601 or 602 is terminated and if, after the issuance of a joint assessment pursuant to Section 366.5, the court determines that the court's dependency jurisdiction should be resumed.

(d) Upon the filing of the supplemental petition, the clerk of the juvenile court shall immediately set the same for hearing within 30 days, and the social worker shall cause notice thereof to be served upon the persons and in the manner prescribed by Sections 290.1 and 291.

(e) An order for the detention of the child pending adjudication of the petition may be made only after a hearing is conducted pursuant to Article 7 (commencing with Section 305).

SEC. 216. Section 636 of the Welfare and Institutions Code is amended to read:

636. (a) If it appears upon the hearing that the minor has violated an order of the juvenile court or has escaped from a commitment of the juvenile court or that it is a matter of immediate and urgent necessity for the protection of the minor or reasonably necessary for the protection of the person or property of another that he or she be detained or that

the minor is likely to flee to avoid the jurisdiction of the court, and that continuance in the home is contrary to the minor's welfare, the court may make its order that the minor be detained in the juvenile hall or other suitable place designated by the juvenile court for a period not to exceed 15 judicial days and shall enter said order together with its findings of fact in support thereof in the records of the court. The circumstances and gravity of the alleged offense may be considered, in conjunction with other factors, to determine whether it is a matter of immediate and urgent necessity for the protection of the minor or the person or property of another that the minor be detained.

(b) If the court finds that the criteria of Section 628.1 are applicable, the court shall place the minor on home supervision for a period not to exceed 15 judicial days, and shall enter the order together with its findings of fact in support thereof in the records of the court. If the court releases the minor on home supervision, the court may continue, modify, or augment any conditions of release previously imposed by the probation officer, or may impose new conditions on a minor released for the first time. If there are new or modified conditions, the minor shall be required to sign a written promise to obey those conditions pursuant to Section 628.1.

(c) If the probation officer is recommending that the minor be detained, the probation officer shall submit to the court documentation, as follows:

(1) Documentation that continuance in the home is contrary to the minor's welfare shall be submitted to the court as part of the detention report prepared pursuant to Section 635.

(2) Documentation that reasonable efforts were made to prevent or eliminate the need for removal of the minor from the home and documentation of the nature and results of the services provided shall be submitted to the court either as part of the detention report prepared pursuant to Section 635, or as part of a case plan prepared pursuant to Section 636.1, but in no case later than 60 days from the date of detention.

(d) Before detaining the minor, the court shall determine whether continuance in the home is contrary to the minor's welfare and whether there are available services that would prevent the need for further detention. The court shall make that determination on a case-by-case basis and shall make reference to the documentation provided by the probation officer or other evidence relied upon in reaching its decision.

(1) If the minor can be returned to the custody of his or her parent or legal guardian at the detention hearing, through the provision of services to prevent removal, the court shall release the minor to the physical custody of his or her parent or legal guardian and order that those services be provided.

(2) If the minor cannot be returned to the custody of his or her parent or legal guardian at the detention hearing, the court shall state the facts upon which the detention is based. The court shall make the following findings on the record and reference the probation officer's report or other evidence relied upon to make its determinations:

(A) Whether continuance in the home of the parent or legal guardian is contrary to the minor's welfare.

(B) Whether reasonable efforts have been made to safely maintain the minor in the home of his or her parent or legal guardian and to prevent or eliminate the need for removal of the minor from his or her home. This finding shall be made at the detention hearing if possible, but in no case later than 60 days following the minor's removal from the home.

(3) If the minor cannot be returned to the custody of his or her parent or legal guardian at the detention hearing, the court shall make the following orders:

(A) The probation officer shall provide services as soon as possible to enable the minor's parent or legal guardian to obtain any assistance as may be needed to enable the parent or guardian to effectively provide the care and control necessary for the minor to return to the home.

(B) The minor's placement and care shall be the responsibility of the probation department pending disposition or further order of the court.

(4) If the matter is set for rehearing pursuant to Section 637, or continued pursuant to Section 638, or continued for any other reason, the court shall find that the continuance of the minor in the parent's or guardian's home is contrary to the minor's welfare at the initial petition hearing or order the release of the minor from custody.

(e) Whether the minor is returned home or detained, the court shall order the minor's parent or guardian to cooperate with the probation officer in obtaining those services described in paragraph (1) or in subparagraph (A) of paragraph (3).

SEC. 217. Section 740 of the Welfare and Institutions Code is amended to read:

740. (a) Any minor adjudged to be a ward of the court on the basis that he or she is a person described in Section 602 and who is placed in a community care facility shall be placed in a community care facility within his or her county of residence, unless both of the following apply:

(1) He or she has identifiable needs requiring specialized care that cannot be provided in a local facility, or his or her needs dictate physical separation from his or her family.

(2) The county of residence agrees to pay the placement county the costs of providing services to the minor, pursuant to Section 1566.25 of the Health and Safety Code.

(b) (1) Before the placement of a minor adjudged to be a ward of the court on the basis that he or she is a person described in Section 602 in any community care facility outside the ward's county of residence, the probation officer of the county making the placement, or in the case of a Youth Authority ward, the parole officer in charge of his or her case, shall send written notice of the placement, including the name of the ward, the juvenile record of the ward (including any known prior offenses), and the ward's county of residence, to the probation officer of the county in which the community care facility is located. It is the intention of the Legislature, in regard to this requirement, that the probation officer of the county making the placement, or in the case of a Youth Authority ward, the parole officer in charge of his or her case, shall make his or her best efforts to send, or to hand deliver, the notice at the same time the placement is made. When that placement is terminated, the probation officer of the county making the placement, or in the case of a Youth Authority ward, the parole officer in charge of his or her case, shall send notice thereof to any person or agency receiving notification of the placement.

(2) When it has been determined that it is necessary for a ward whose board and care is funded through the Aid to Families with Dependent Children-Foster Care program to be placed in a county other than the ward's parents' or guardians' county of residence, the specific reason the out-of-county placement is necessary shall be documented in the ward's case plan. If the reason is lack of resources in the sending county to meet the specific needs of the ward, those specific resources needs shall be documented in the case plan.

(3) When it has been determined that a ward whose board and care is funded through the Aid to Families with Dependent Children-Foster Care program is to be placed out-of-county and that the sending county is to maintain responsibility for supervision and visitation of the ward, the sending county shall develop a plan of supervision and visitation activities to be performed, and shall specify that the sending county is responsible for performing those activities. The sending county shall send to the receiving county a copy of the plan of supervision and visitation, in addition to the notice of placement required in paragraph (1), prior to placement of the ward. If placement occurs on a holiday or weekend, the plan of supervision and visitation and the notice of placement shall be provided to the receiving county on or before the end of the next business day.

(4) When it has been determined that a ward whose placement is funded through the Aid to Families with Dependent Children-Foster Care program is to be placed out-of-county and the sending county plans that the receiving county shall be responsible for the supervision and

visitation of the ward, the sending county shall develop a formal agreement between the sending and receiving counties. The formal agreement shall specify the supervision and visitation to be provided the ward, and shall specify that the receiving county is responsible for providing the supervision and visitation. The formal agreement shall be approved and signed by the sending and receiving counties prior to placement of the ward in the receiving county. Additionally, the notice of placement required by paragraph (1) shall be provided to the receiving county prior to placement of the ward in that county. Upon completion of the case plan, the sending county shall provide a copy of the completed case plan to the receiving county.

(5) The probation department of a receiving county that has a group home in which a minor is placed by the probation department of another county, after adjudication of the minor for any felony offense, may disclose to the sheriff of the receiving county or to the municipal police department of the city in which the group home is located, the name of the minor, the felony offense or offenses for which the minor has been adjudicated, and the address of the group home. This information shall be utilized only for law enforcement purposes and may not be utilized in any manner that is inconsistent with the rehabilitative program in which the minor has been placed or with the progress the minor may be making in the placement program. Notwithstanding any other provision of law, the information provided by the probation department to a law enforcement agency under this paragraph may be provided to other law enforcement personnel for the limited law enforcement purposes described in this paragraph, but shall otherwise remain confidential.

(c) A minor, the parent or guardian of any minor, and counsel representing a minor or the parent or guardian of a minor may petition the juvenile court for the review of any placement decision concerning the minor made by the probation officer pursuant to subdivision (a). The petition shall state the petitioner's relationship to the minor and shall set forth in concise language the grounds on which the review is sought. The court shall order that a hearing shall be held on the petition and shall give prior notice, or cause prior notice to be given, to the persons and by the means as prescribed by Section 776, and, in instances in which the means of giving notice is not prescribed by that section, then by any means as the court prescribes.

(d) If a minor is placed in a community care facility out of his or her county of residence and is then arrested and placed in juvenile hall pending a jurisdictional hearing, the county of residence shall pay to the probation department of the county of placement all reasonable costs resulting directly from the minor's stay in the juvenile hall, provided that these costs exceed one hundred dollars (\$100).

(e) If, as a result of the hearing in subdivision (d), the minor is remanded back to his or her county of residence, the county of residence shall pay to the probation department of the county of placement, in addition to any payment made pursuant to subdivision (d), all reasonable costs resulting directly from transporting the minor to the county of residency, provided that these costs exceed one hundred dollars (\$100).

(f) Claims made by the probation department in the county of placement to the county of residence, pursuant to subdivisions (d) and (e), shall be paid within 30 days of the submission of these claims and the probation department in the county of placement shall bear the remaining expense.

(g) As used in this section:

(1) "Community care facility" shall be defined as provided in Section 1502 of the Health and Safety Code.

(2) "Group home" has the same meaning as provided in paragraph (1) of subdivision (g) of Section 80001 of Title 22 of the California Code of Regulations.

(I) Authorized legal staff or special investigators who are peace officers who are employed by, or who are authorized representatives of, the State Department of Social Services, as necessary to the performance of their duties to inspect, license, and investigate community care facilities, and to ensure that the standards of care and services provided

The confidential information shall remain confidential except for purposes of inspection, licensing, or investigation pursuant to Chapter 3 (commencing with Section 1500) and Chapter 3.4 (commencing with Section 1596.70) of Division 2 of the Health and Safety Code, or a criminal, civil, or administrative proceeding in relation thereto. The confidential information may be used by the State Department of Social Services in a criminal, civil, or administrative proceeding. The confidential information shall be available only to the judge or hearing officer and to the parties to the case. Names that are confidential shall be listed in attachments separate to the general pleadings. The confidential information shall be sealed after the conclusion of the criminal, civil, or administrative hearings, and may not subsequently be released except in accordance with this subdivision. If the confidential information does not result in a criminal, civil, or administrative proceeding, it shall be sealed after the State Department of Social Services decides that no further action will be taken in the matter of suspected licensing violations. (L) A court-appointed investigator who is actively participating in a guardianship case involving a minor pursuant to Part 2 (commencing with Section 1500) of Division 4 of the Probate Code and acting within the scope of his or her duties in that case.

(M) A local child support agency for the purpose of establishing paternity and establishing and enforcing child support orders.

(N) Juvenile justice commissions as established under Section 225. The confidentiality provisions of Section 10850 shall apply to a juvenile justice commission and its members.

Any information relating to another child or which could identify another child, except for information about the deceased, shall be redacted from the juvenile case file prior to release, unless a specific order is made by the juvenile court to the contrary. Except as provided in this paragraph, the presiding judge of the juvenile court may issue an order prohibiting or limiting access to the juvenile case file, or any portion thereof, of a deceased child only upon a showing that release of the juvenile case file or any portion thereof is detrimental to the safety, protection, or physical or emotional well-being of another child who is directly or indirectly connected to the juvenile case that is the subject of the petition.

(3) Access to juvenile case files pertaining to matters within the jurisdiction of the juvenile court pursuant to Section 300 shall be limited as follows:

(A) If a juvenile case file, or any portion thereof, is privileged or confidential pursuant to any other state law or federal law or regulation, the requirements of that state law or federal law or regulation prohibiting or limiting release of the juvenile case file or any portions thereof shall prevail. Unless a person is listed in subparagraphs (A) to (N), inclusive, of paragraph (1) and is entitled to access under the other state law or federal law or regulation without a court order, all those seeking access, pursuant to other authorization, to portions of, or information relating to the contents of, juvenile case files protected under another state law or federal law or regulation, shall petition the juvenile court. The juvenile court may only release the portion of, or information relating to the contents of, juvenile case files protected by another state law or federal law or regulation if disclosure is not detrimental to the safety, protection, or physical or emotional well-being of a child who is directly or indirectly connected to the juvenile case that is the subject of the petition. This paragraph shall not be construed to limit the ability of the juvenile court to carry out its duties in conducting juvenile court proceedings.

(B) Prior to the release of the juvenile case file or any portion thereof, the court shall afford due process, including a notice of and an opportunity to file an objection to the release of the record or report to all interested parties.

(4) A juvenile case file, any portion thereof, and information relating to the content of the juvenile case file, may not be disseminated by the receiving agencies to any persons or agencies, other than those persons or agencies authorized to receive documents pursuant to this section. Further, a juvenile case file, any portion thereof, and information relating to the content of the juvenile case file, may not be made as an attachment to any other documents without the prior approval of the presiding judge of the juvenile court, unless it is used in connection with and in the course of a criminal investigation or a proceeding brought to declare a person a dependent child or ward of the juvenile court.

(b) (1) While the Legislature reaffirms its belief that juvenile court records, in general, should be confidential, it is the intent of the Legislature in enacting this subdivision to provide for a limited exception to juvenile court record confidentiality to promote more effective communication among juvenile courts, family courts, law enforcement agencies, and schools to ensure the rehabilitation of juvenile criminal offenders as well as to lessen the potential for drug use, violence, other forms of delinquency, and child abuse.

(2) Notwithstanding subdivision (a), written notice that a minor enrolled in a public school, kindergarten to grade 12, inclusive, has been found by a court of competent jurisdiction to have committed any felony or any misdemeanor involving curfew, gambling, alcohol, drugs, tobacco products, carrying of weapons, a sex offense listed in Section 290 of the Penal Code, assault or battery, larceny, vandalism, or graffiti shall be provided by the court, within seven days, to the superintendent of the school district of attendance. Written notice shall include only the offense found to have been committed by the minor and the disposition of the minor's case. This notice shall be expeditiously transmitted by the district superintendent to the principal at the school of attendance. The principal shall expeditiously disseminate the information to those counselors directly supervising or reporting on the behavior or progress of the minor. In addition, the principal shall disseminate the information to any teacher or administrator directly supervising or reporting on the behavior or progress of the minor whom the principal believes needs the information to work with the pupil in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability.

Any information received by a teacher, counselor, or administrator under this subdivision shall be received in confidence for the limited purpose of rehabilitating the minor and protecting students and staff,

and shall not be further disseminated by the teacher, counselor, or administrator, except insofar as communication with the juvenile, his or her parents or guardians, law enforcement personnel, and the juvenile's probation officer is necessary to effectuate the juvenile's rehabilitation or to protect students and staff.

An intentional violation of the confidentiality provisions of this paragraph is a misdemeanor punishable by a fine not to exceed five hundred dollars (\$500).

(3) If a minor is removed from public school as a result of the court's finding described in subdivision (b), the superintendent shall maintain the information in a confidential file and shall defer transmittal of the information received from the court until the minor is returned to public school. If the minor is returned to a school district other than the one from which the minor came, the parole or probation officer having jurisdiction over the minor shall so notify the superintendent of the last district of attendance, who shall transmit the notice received from the court to the superintendent of the new district of attendance.

(c) Each probation report filed with the court concerning a minor whose record is subject to dissemination pursuant to subdivision (b) shall include on the face sheet the school at which the minor is currently enrolled. The county superintendent shall provide the court with a listing of all of the schools within each school district, within the county, along with the name and mailing address of each district superintendent.

(d) Each notice sent by the court pursuant to subdivision (b) shall be stamped with the instruction: "Unlawful Dissemination Of This Information Is A Misdemeanor." Any information received from the court shall be kept in a separate confidential file at the school of attendance and shall be transferred to the minor's subsequent schools of attendance and maintained until the minor graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18 years, whichever occurs first. After that time the confidential record shall be destroyed. At any time after the date by which a record required to be destroyed by this section should have been destroyed, the minor or his or her parent or guardian shall have the right to make a written request to the principal of the school that the minor's school records be reviewed to ensure that the record has been destroyed. Upon completion of any requested review and no later than 30 days after the request for the review was received, the principal or his or her designee shall respond in writing to the written request and either shall confirm that the record has been destroyed or, if the record has not been destroyed, shall explain why destruction has not yet occurred.

Except as provided in paragraph (2) of subdivision (b), no liability shall attach to any person who transmits or fails to transmit any notice or information required under subdivision (b).

(e) For purposes of this section, a “juvenile case file” means a petition filed in any juvenile court proceeding, reports of the probation officer, and all other documents filed in that case or made available to the probation officer in making his or her report, or to the judge, referee, or other hearing officer, and thereafter retained by the probation officer, judge, referee, or other hearing officer.

(b) After construction of the perimeter security fence is completed at Napa State Hospital, no patient whose placement has been required pursuant to the Penal Code shall be placed outside the perimeter security fences, with the exception of placements in the general acute care and skilled nursing units. The State Department of Mental Health shall ensure that appropriate security measures are in place for the general acute care and skilled nursing units.

(c) Any alteration to the security perimeter structure or policies shall be made in conjunction with representatives of the City of Napa, the County of Napa, and local law enforcement agencies.

SEC. 222. Section 11404 of the Welfare and Institutions Code is amended to read:

11404. (a) Except as provided in Section 11405, a child is not eligible for AFDC-FC unless responsibility for placement and care of the child is with the county welfare department or Indian tribe that entered into an agreement pursuant to Section 10553.1, the county probation department which has an agreement with the county welfare department, or a licensed public adoption agency, licensed private adoption agency, or the department.

(b) In order for the child to be eligible for AFDC-FC, the agency with responsibility for the child's placement and care shall, in accordance with departmental regulations do all of the following:

(1) For children removed after October 1, 1983, document that it provided preplacement preventive services to the child prior to the child's placement in foster care, and document why provisions of these services were not successful in maintaining the child in his or her home, unless it is documented that these services were not provided due to either of the following:

(A) The voluntary relinquishment of the child by one or both parents or court action declaring a child free from the custody and control of one or both parents.

(B) The child's residence with a nonrelated legal guardian.

(2) Develop a written assessment of the reasons necessitating the child's placement in foster care and the treatment needs of the child while in foster care to be updated by the agency no less frequently than once every six months. Where the child is a parent who has a child living with him or her in the same eligible facility, the assessment shall also address the needs of his or her child.

(3) Develop a case plan for the child within a maximum of 60 days of placement.

(4) Ensure that services are provided to return the child to his or her own home or establish an alternative permanent placement for the child if returning home is not possible or is inappropriate.

SEC. 223. Section 11462 of the Welfare and Institutions Code is amended to read:

11462. (a) (1) Effective July 1, 1990, foster care providers licensed as group homes, as defined in departmental regulations, including public child care institutions, as defined in Section 11402.5, shall have rates established by classifying each group home program and applying the standardized schedule of rates. The department shall collect information from group providers beginning January 1, 1990, in order to classify each group home program.

(2) Notwithstanding paragraph (1), foster care providers licensed as group homes shall have rates established only if the group home is organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400. The department shall terminate the rate effective January 1, 1993, of any group home not organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400.

(3) (A) The department shall determine, consistent with the requirements of this chapter and other relevant requirements under law, the rate classification level (RCL) for each group home program on a biennial basis. Submission of the biennial rate application shall be made according to a schedule determined by the department.

(B) The department shall adopt regulations to implement this paragraph. The adoption, amendment, repeal, or readoption of a regulation authorized by this paragraph is deemed to be necessary for the immediate preservation of the public peace, health and safety, or general welfare, for purposes of Sections 11346.1 and 11349.6 of the Government Code, and the department is hereby exempted from the requirement to describe specific facts showing the need for immediate action.

(b) A group home program shall be initially classified, for purposes of emergency regulations, according to the level of care and services to be provided using a point system developed by the department and described in the report, "The Classification of Group Home Programs under the Standardized Schedule of Rates System," prepared by the State Department of Social Services, August 30, 1989.

(c) The rate for each RCL has been determined by the department with data from the AFDC-FC Group Home Rate Classification Pilot Study. The rates effective July 1, 1990, were developed using 1985 calendar year costs and reflect adjustments to the costs for each fiscal year, starting with the 1986–87 fiscal year, by the amount of the California Necessities Index computed pursuant to the methodology described in Section 11453. The data obtained by the department using 1985 calendar year costs shall be updated and revised by January 1, 1993.

(d) As used in this section, “standardized schedule of rates” means a listing of the 14 rate classification levels, and the single rate established for each RCL.

(e) Except as specified in paragraph (1), the department shall determine the RCL for each group home program on a prospective basis, according to the level of care and services that the group home operator projects will be provided during the period of time for which the rate is being established.

(1) (A) For new and existing providers requesting the establishment of an RCL, and for existing group home programs requesting an RCL increase, the department shall determine the RCL no later than 13 months after the effective date of the provisional rate. The determination of the RCL shall be based on a program audit of documentation and other information that verifies the level of care and supervision provided by the group home program during a period of the two full calendar months or 60 consecutive days, whichever is longer, preceding the date of the program audit, unless the group home program requests a lower RCL. The program audit shall not cover the first six months of operation under the provisional rate. Pending the department’s issuance of the program audit report that determines the RCL for the group home program, the group home program shall be eligible to receive a provisional rate that shall be based on the level of care and service that the group home program proposes it will provide. The group home program shall be eligible to receive only the RCL determined by the department during the pendency of any appeal of the department’s RCL determination.

(B) A group home program may apply for an increase in its RCL no earlier than two years from the date the department has determined the group home program’s rate, unless the host county, the primary placing county, or a regional consortium of counties submits to the department in writing that the program is needed in that county, that the provider is capable of effectively and efficiently operating the proposed program, and that the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(C) To ensure efficient administration of the department’s audit responsibilities, and to avoid the fraudulent creation of records, group home programs shall make records that are relevant to the RCL determination available to the department in a timely manner. Except as provided in this section, the department may refuse to consider, for purposes of determining the rate, any documents that are relevant to the determination of the RCL that are not made available by the group home provider by the date the group home provider requests a hearing on the department’s RCL determination. The department may refuse to consider,

for purposes of determining the rate, the following records, unless the group home provider makes the records available to the department during the fieldwork portion of the department's program audit:

(i) Records of each employee's full name, home address, occupation, and social security number.

(ii) Time records showing when the employee begins and ends each work period, meal periods, split shift intervals, and total daily hours worked.

(iii) Total wages paid each payroll period.

(iv) Records required to be maintained by licensed group home providers under Title 22 of the California Code of Regulations that are relevant to the RCL determination.

(D) To minimize financial abuse in the startup of group home programs, when the department's RCL determination is more than three levels lower than the RCL level proposed by the group home provider, and the group home provider does not appeal the department's RCL determination, the department shall terminate the rate of a group home program 45 days after issuance of its program audit report. When the group home provider requests a hearing on the department's RCL determination, and the RCL determined by the director under subparagraph (E) is more than three levels lower than the RCL level proposed by the group home provider, the department shall terminate the rate of a group home program within 30 days of issuance of the director's decision. Notwithstanding the reapplication provisions in subparagraph (B), the department shall deny any request for a new or increased RCL from a group home provider whose RCL is terminated pursuant to this subparagraph, for a period of no greater than two years from the effective date of the RCL termination.

(E) A group home provider may request a hearing of the department's RCL determination under subparagraph (A) no later than 30 days after the date the department issues its RCL determination. The department's RCL determination shall be final if the group home provider does not request a hearing within the prescribed time. Within 60 days of receipt of the request for hearing, the department shall conduct a hearing on the RCL determination. The standard of proof shall be the preponderance of the evidence and the burden of proof shall be on the department. The hearing officer shall issue the proposed decision within 45 days of the close of the evidentiary record. The director shall adopt, reject, or modify the proposed decision, or refer the matter back to the hearing officer for additional evidence or findings, within 100 days of issuance of the proposed decision. If the director takes no action on the proposed decision within the prescribed time, the proposed decision shall take effect by operation of law.

(2) Group home programs that fail to maintain at least the level of care and services associated with the RCL upon which their rate was established shall inform the department. The department shall develop regulations specifying procedures to be applied when a group home fails to maintain the level of services projected, including, but not limited to, rate reduction and recovery of overpayments.

(3) The department shall not reduce the rate, establish an overpayment, or take other actions pursuant to paragraph (2) for any period that a group home program maintains the level of care and services associated with the RCL for children actually residing in the facility. Determinations of levels of care and services shall be made in the same way as modifications of overpayments are made pursuant to paragraph (2) of subdivision (b) of Section 11466.2.

(4) A group home program that substantially changes its staffing pattern from that reported in the group home program statement shall provide notification of this change to all counties that have placed children currently in care. This notification shall be provided whether or not the RCL for the program may change as a result of the change in staffing pattern.

(f) (1) The standardized schedule of rates for the 2002-03, 2003-04, and 2004-05 fiscal years is:

(2) (A) For group home programs that receive AFDC-FC payments for services performed during the 2002-03, 2003-04, and 2004-05 fiscal years, the adjusted RCL point ranges below shall be used for establishing

the biennial rates for existing programs, pursuant to paragraph (3) of subdivision (a) and in performing program audits and in determining any resulting rate reduction, overpayment assessment, or other actions pursuant to paragraph (2) of subdivision (e):

(B) Notwithstanding subparagraph (A), foster care providers operating group homes during the 2002-03, 2003-04, and 2004-05 fiscal years shall remain responsible for ensuring the health and safety of the children placed in their programs in accordance with existing applicable provisions of the Health and Safety Code and community care licensing regulations, as contained in Title 22 of the Code of California Regulations.

(C) Subparagraph (A) shall not apply to program audits of group home programs with provisional rates established pursuant to paragraph (1) of subdivision (e). For those program audits, the RCL point ranges in paragraph (1) shall be used.

(g) (1) (A) For the 1999-2000 fiscal year, the standardized rate for each RCL shall be adjusted by an amount equal to the California Necessities Index computed pursuant to the methodology described in Section 11453. The resultant amounts shall constitute the new standardized schedule of rates, subject to further adjustment pursuant to subparagraph (B).

(B) In addition to the adjustment in subparagraph (A), commencing January 1, 2000, the standardized rate for each RCL shall be increased by 2.36 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new standardized schedule of rates.

(2) Beginning with the 2000-01 fiscal year, the standardized schedule of rates shall be adjusted annually by an amount equal to the CNI computed pursuant to Section 11453, subject to the availability of funds. The resultant amounts shall constitute the new standardized schedule of rates.

(3) Effective January 1, 2001, the amount included in the standard rate for each Rate Classification Level (RCL) for the salaries, wages, and benefits for staff providing child care and supervision or performing social work activities, or both, shall be increased by 10 percent. This additional funding shall be used by group home programs solely to supplement staffing, salaries, wages, and benefit levels of staff specified in this paragraph. The standard rate for each RCL shall be recomputed using this adjusted amount and the resultant rates shall constitute the new standardized schedule of rates. The department may require a group home receiving this additional funding to certify that the funding was utilized in accordance with the provisions of this section.

(h) The standardized schedule of rates pursuant to subdivisions (f) and (g) shall be implemented as follows:

(1) Any group home program that received an AFDC-FC rate in the prior fiscal year at or above the standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(2) Any group home program that received an AFDC-FC rate in the prior fiscal year below the standard rate for the RCL in the current fiscal year shall receive the RCL rate for the current year.

(i) (1) The department shall not establish a rate for a new program of a new or existing provider, or for an existing program at a new location of an existing provider, unless the provider submits a letter of recommendation from the host county, the primary placing county, or a regional consortium of counties that includes all of the following:

(A) That the program is needed by that county.

(B) That the provider is capable of effectively and efficiently operating the program.

(C) That the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(D) That, if the letter of recommendation is not being issued by the host county, the primary placing county has notified the host county of its intention to issue the letter and the host county was given 30 days to respond to this notification and to discuss options with the primary placing county.

(2) The department shall encourage the establishment of consortia of county placing agencies on a regional basis for the purpose of making

decisions and recommendations about the need for, and use of, group home programs and other foster care providers within the regions.

(3) The department shall annually conduct a county-by-county survey to determine the unmet placement needs of children placed pursuant to Section 300 and Section 601 or 602, and shall publish its findings by November 1 of each year.

(j) The department shall develop regulations specifying ratesetting procedures for program expansions, reductions, or modifications, including increases or decreases in licensed capacity, or increases or decreases in level of care or services.

(k) (1) For the purpose of this subdivision, "program change" means any alteration to an existing group home program planned by a provider that will increase the RCL or AFDC-FC rate. An increase in the licensed capacity or other alteration to an existing group home program that does not increase the RCL or AFDC-FC rate shall not constitute a program change.

(2) For the 1998-99, 1999-2000, and 2000-01 fiscal years, the rate for a group home program shall not increase, as the result of a program change, from the rate established for the program effective July 1, 2000, and as adjusted pursuant to subparagraph (B) of paragraph (1) of subdivision (g), except as provided in paragraph (3).

(3) (A) For the 1998-99, 1999-2000, and 2000-01 fiscal years, the department shall not establish a rate for a new program of a new or existing provider or approve a program change for an existing provider that either increases the program's RCL or AFDC-FC rate, or increases the licensed capacity of the program as a result of decreases in another program with a lower RCL or lower AFDC-FC rate that is operated by that provider, unless both of the following conditions are met:

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The county determines that there is no increased cost to the General Fund.

(B) Notwithstanding subparagraph (A), the department may grant a request for a new program or program change, not to exceed 25 beds, statewide, if both of the following conditions are met:

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The department determines that the new program or program change will result in a reduction of referrals to state hospitals during the 1998-99 fiscal year.

(l) General unrestricted or undesignated private charitable donations and contributions made to charitable or nonprofit organizations shall not be deducted from the cost of providing services pursuant to this section. The donations and contributions shall not be considered in any determination of maximum expenditures made by the department.

(m) The department shall, by October 1 of each year, commencing October 1, 1992, provide the Joint Legislative Budget Committee with a list of any new departmental requirements established during the previous fiscal year concerning the operation of group homes, and of any unusual, industrywide increase in costs associated with the provision of group home care that may have significant fiscal impact on providers of group home care. The committee may, in the 1993-94 fiscal year and beyond, use the list to determine whether an appropriation for rate adjustments is needed in the subsequent fiscal year.

SEC. 224. Section 14016.5 of the Welfare and Institutions Code is amended to read:

14016.5. (a) At the time of determining or redetermining the eligibility of a Medi-Cal program or Aid to Families with Dependent Children (AFDC) program applicant or beneficiary who resides in an area served by a managed health care plan or pilot program in which beneficiaries may enroll, each applicant or beneficiary shall personally attend a presentation at which the applicant or beneficiary is informed of the managed care and fee-for-service options available regarding methods of receiving Medi-Cal benefits. The county shall ensure that each beneficiary or applicant attends this presentation.

(b) The health care options presentation described in subdivision (a) shall include all of the following elements:

(1) Each beneficiary or eligible applicant shall be informed that he or she may choose to continue an established patient-provider relationship in the fee-for-service sector.

(2) Each beneficiary or eligible applicant shall be provided with the name, address, telephone number, and specialty, if any, of each primary care provider, and each clinic participating in each prepaid managed health care plan, pilot project, or fee-for-service case management provider option. This information shall be provided under geographic area designations, in alphabetical order by the name of the primary care provider and clinic. The name, address, and telephone number of each specialist participating in each prepaid managed health care plan, pilot project, or fee-for-service case management provider option shall be made available by contacting either the health care options contractor or the prepaid managed health care plan, pilot project, or fee-for-service case management provider.

(3) Each beneficiary or eligible applicant shall be informed that he or she may choose to continue an established patient-provider relationship in a managed care option, if his or her treating provider is a primary care provider or clinic contracting with any of the prepaid managed health care plans, pilot projects, or fee-for-service case management provider options available, has available capacity, and agrees to continue to treat that beneficiary or applicant.

(4) In areas specified by the director, each beneficiary or eligible applicant shall be informed that if he or she fails to make a choice, or does not certify that he or she has an established relationship with a primary care provider or clinic, he or she shall be assigned to, and enrolled in, a prepaid managed health care plan, pilot project, or fee-for-service case management provider.

(c) No later than 30 days following the date a Medi-Cal or AFDC beneficiary or applicant is determined eligible, the beneficiary or applicant shall indicate his or her choice in writing, as a condition of coverage for Medi-Cal benefits, of either of the following health care options:

(1) To obtain benefits by receiving a Medi-Cal card, which may be used to obtain services from individual providers, that the beneficiary would locate, who choose to provide services to Medi-Cal beneficiaries.

The department may require each beneficiary or eligible applicant, as a condition for electing this option, to sign a statement certifying that he or she has an established patient-provider relationship, or in the case of a dependent, the parent or guardian shall make that certification. This certification shall not require the acknowledgment or guarantee of acceptance, by any indicated Medi-Cal provider or health facility, of any beneficiary making a certification under this section.

(2) (A) To obtain benefits by enrolling in a prepaid managed health care plan, pilot program, or fee-for-service case management provider that has agreed to make Medi-Cal services readily available to enrolled Medi-Cal beneficiaries.

(B) At the time the beneficiary or eligible applicant selects a prepaid managed health care plan, pilot project, or fee-for-service case management provider, the department shall, when applicable, encourage the beneficiary or eligible applicant to also indicate, in writing, his or her choice of primary care provider or clinic contracting with the selected prepaid managed health care plan, pilot project, or fee-for-service case management provider.

(d) (1) In areas specified by the director, a Medi-Cal or AFDC beneficiary or eligible applicant who does not make a choice, or who does not certify that he or she has an established relationship with a primary care provider or clinic, shall be assigned to and enrolled in an

appropriate Medi-Cal managed care plan, pilot project, or fee-for-service case management provider providing service within the area in which the beneficiary resides.

(2) If it is not possible to enroll the beneficiary under a Medi-Cal managed care plan, pilot project, or a fee-for-service case management provider because of a lack of capacity or availability of participating contractors, the beneficiary shall be provided with a Medi-Cal card and informed about fee-for-service primary care providers who do all of the following:

(A) The providers agree to accept Medi-Cal patients.

(B) The providers provide information about the provider's willingness to accept Medi-Cal patients as described in Section 14016.6.

(C) The providers provide services within the area in which the beneficiary resides.

(e) If a beneficiary or eligible applicant does not choose a primary care provider or clinic, or does not select any primary care provider who is available, the managed health care plan, pilot project, or fee-for-service case management provider that was selected by or assigned to the beneficiary shall ensure that the beneficiary selects a primary care provider or clinic within 30 days after enrollment or is assigned to a primary care provider within 40 days after enrollment.

(f) (1) The managed care plan shall have a valid Medi-Cal contract, adequate capacity, and appropriate staffing to provide health care services to the beneficiary.

(2) The department shall establish standards for all of the following:

(A) The maximum distances a beneficiary is required to travel to obtain primary care services from the managed care plan, fee-for-service case management provider, or pilot project in which the beneficiary is enrolled.

(B) The conditions under which a primary care service site shall be accessible by public transportation.

(C) The conditions under which a managed care plan, fee-for-service case management provider, or pilot project shall provide nonmedical transportation to a primary care service site.

(3) In developing the standards required by paragraph (2), the department shall take into account, on a geographic basis, the means of transportation used and distances typically traveled by Medi-Cal beneficiaries to obtain fee-for-service primary care services and the experience of managed care plans in delivering services to Medi-Cal enrollees. The department shall also consider the provider's ability to render culturally and linguistically appropriate services.

(g) To the extent possible, the arrangements for carrying out subdivision (d) shall provide for the equitable distribution of Medi-Cal

beneficiaries among participating managed care plans, fee-for-service case management providers, and pilot projects.

(h) If, under the provisions of subdivision (d), a Medi-Cal beneficiary or applicant does not make a choice or does not certify that he or she has an established relationship with a primary care provider or clinic, the person may, at the option of the department, be provided with a Medi-Cal card or be assigned to and enrolled in a managed care plan providing service within the area in which the beneficiary resides.

(i) Any Medi-Cal or AFDC beneficiary who is dissatisfied with the provider or managed care plan, pilot project, or fee-for-service case management provider shall be allowed to select or be assigned to another provider or managed care plan, pilot project, or fee-for-service case management provider.

(j) The department or its contractor shall notify a managed care plan, pilot project, or fee-for-service case management provider when it has been selected by or assigned to a beneficiary. The managed care plan, pilot project, or fee-for-service case management provider that has been selected by, or assigned to, a beneficiary, shall notify the primary care provider or clinic that it has been selected or assigned. The managed care plan, pilot project, or fee-for-service case management provider shall also notify the beneficiary of the managed care plan, pilot project, or fee-for-service case management provider or clinic selected or assigned.

(k) (1) The department shall ensure that Medi-Cal beneficiaries eligible under Title XVI of the Social Security Act are provided with information about options available regarding methods of receiving Medi-Cal benefits as described in subdivision (c).

(2) (A) The director may waive the requirements of subdivisions (c) and (d) until a means is established to directly provide the presentation described in subdivision (a) to beneficiaries who are eligible for the federal Supplemental Security Income for the Aged, Blind, and Disabled Program (Subchapter 16 (commencing with Section 1381) of Chapter 7 of Title 42 of the United States Code).

(B) The director may elect not to apply the requirements of subdivisions (c) and (d) to beneficiaries whose eligibility under the Supplemental Security Income program is established before January 1, 1994.

(l) In areas where there is no prepaid managed health care plan or pilot program that has contracted with the department to provide services to Medi-Cal beneficiaries, and where no other enrollment requirements have been established by the department, no explicit choice need be made, and the beneficiary or eligible applicant shall receive a Medi-Cal card.

(m) The following definitions contained in this subdivision shall control the construction of this section, unless the context requires otherwise:

(1) "Applicant," "beneficiary," and "eligible applicant," in the case of a family group, mean any person with legal authority to make a choice on behalf of dependent family members.

(2) "Fee-for-service case management provider" means a provider enrolled and certified to participate in the Medi-Cal fee-for-service case management program the department may elect to develop in selected areas of the state with the assistance of and in cooperation with California physician providers and other interested provider groups.

(3) "Managed health care plan" and "managed care plan" mean a person or entity operating under a Medi-Cal contract with the department under this chapter or Chapter 8 (commencing with Section 14200) to provide, or arrange for, health care services for Medi-Cal beneficiaries as an alternative to the Medi-Cal fee-for-service program that has a contractual responsibility to manage health care provided to Medi-Cal beneficiaries covered by the contract.

(n) (1) Whenever a county welfare department notifies a public assistance recipient or Medi-Cal beneficiary that the recipient or beneficiary is losing Medi-Cal eligibility, the county shall include, in the notice to the recipient or beneficiary, notification that the loss of eligibility shall also result in the recipient's or beneficiary's disenrollment from Medi-Cal managed health care or dental plans, if enrolled.

(2) (A) Whenever the department or the county welfare department processes a change in a public assistance recipient's or Medi-Cal beneficiary's residence or aid code that will result in the recipient's or beneficiary's disenrollment from the managed health care or dental plan in which he or she is currently enrolled, a written notice shall be given to the recipient or beneficiary.

(B) This paragraph shall become operative and the department shall commence sending the notices required under this paragraph on or before the expiration of 12 months after the effective date of this section.

(o) This section shall be implemented in a manner consistent with any federal waiver required to be obtained by the department in order to implement this section.

SEC. 225. Section 14016.51 of the Welfare and Institutions Code is amended to read:

14016.51. Upon the availability of federal funding, the department shall modify the Medi-Cal program mail-in application form, and other appropriate materials, and the single point-of-entry application form, to allow applicants in counties served by managed care plans to contact the enrollment contractor by using the Health Care Options toll-free

telephone number to request and receive enrollment materials before a Medi-Cal eligibility determination has been made.

SEC. 226. Section 14087.6 of the Welfare and Institutions Code is amended to read:

14087.6. A county that has contracted for the provision of services pursuant to this article may provide the services directly to recipients, or arrange for any or all of the services to be provided by subcontracting with primary care providers, health maintenance organizations, insurance carriers, or other entities or individuals. The subcontracts may utilize a prospectively negotiated reimbursement rate, fee-for-service, retainer, capitation, or other basis for payment. The rate of payment established under the contract shall not exceed the total per capita amount that the department estimates would be payable for all services and requirements covered under the contract if all these services and requirements were to be furnished to Medi-Cal beneficiaries under the Medi-Cal fee-for-service program.

Counties that are responsible for providing health care under this chapter shall make efforts to utilize existing health service resources if these resources can be estimated by the county to result in lower total long-term costs and accessible quality care to persons served under this chapter. The granting of a certificate of need pursuant to the criteria set forth in Section 127200 of the Health and Safety Code or a certificate of exemption pursuant to the criteria set forth in Section 127175 of the Health and Safety Code shall satisfy the intent of this provision.

SEC. 227. Section 14123.25 of the Welfare and Institutions Code is amended to read:

14123.25. (a) In lieu of, or in addition to, the imposition of any other sanction available to it, including the sanctions and penalties authorized under Section 14123.2 or 14171.6, and as the "single state agency" for California vested with authority to administer the Medi-Cal program, the department shall exercise the authority granted to it in Section 1002.2 of Title 42 of the Code of Federal Regulations, and may also impose the mandatory and permissive exclusions identified in Section 1128 of the federal Social Security Act (42 U.S.C. Sec. 1320a-7), and its implementing regulations, and impose civil penalties identified in Section 1128A of the federal Social Security Act (42 U.S.C. Sec. 1320a-7a), and its implementing regulations, against applicants and providers, as defined in Section 14043.1, or against billing agents, as defined in Section 14040.1. The department may also terminate, or refuse to enter into, a provider agreement authorized under Section 14043.2 with an applicant or provider, as defined in Section 14043.1, upon the grounds specified in Section 1866(b)(2) of the federal Social Security Act (42 U.S.C. Sec. 1395cc(b)(2)). Notwithstanding Section 100171 of the Health and Safety

Code or any other provision of law, any appeal by an applicant, provider, or billing agent of the imposition of a civil penalty, exclusion, or other sanction pursuant to this subdivision shall be in accordance with Section 14043.65, except that where the action is based upon a conviction for any crime involving fraud or abuse of the Medi-Cal, Medicaid, or Medicare programs, or an exclusion by the federal government from the Medicaid or Medicare programs, the action shall be automatic and not subject to appeal or hearing.

(b) In addition, the department may impose the intermediate sanctions identified in Section 1846 of the Social Security Act (42 U.S.C. The review shall not take into account claims that were denied or payment reductions. The warning notice shall be in a format that specifically apprises the provider of the item or service improperly billed and, if applicable, the deficiencies in the manner in which provider costs were computed. The warning notice may be issued with annual cost report audit findings, or in addition to any audit or any other action that the department is authorized to take. The failure of the department to exercise its discretion to issue the warning notice shall not limit its authority to audit or take any action authorized by law. The warning notice shall provide the provider with the opportunity to contest the warning notice and explain to the department the correctness of the provider's bill or cost report computation. If the department accepts the provider's explanation, in whole or in part, no further action related to the notice or part of the notice that the department accepts as correct shall be taken pursuant to this section.

(2) Civil money penalties may be imposed in the following circumstances:

(A) If a provider presents or causes to be presented claims for payment by the Medi-Cal program that are:

(i) Billed improperly, and are for a service or item about which the provider has received two or more warning notices of improper billing,

the provider may, in addition to any other penalties that may be prescribed by law, be subject to a civil money penalty of one hundred dollars (\$100) per claim, or up to two times the amount improperly claimed for each item or service, whichever is greater.

(ii) For a service or item for which the department solicits provider costs for use in calculating Medi-Cal reimbursement or in calculating and assigning Medi-Cal reimbursement rates, the cost reports relevant to the claims are improperly calculated, and the provider has received two or more warning notices of improper cost report computation regarding substantially similar errors, the provider may, in addition to any other penalties that may be prescribed by law, be subject to a civil money penalty of one hundred dollars (\$100) per adjustment by the department to the costs submitted by the provider, or up to two times the amount improperly claimed for each item or service, whichever is greater.

(B) If a provider presents or causes to be presented claims for payment by the Medi-Cal program that are:

(i) Billed improperly, and are for a service or item about which the provider has received three or more warning notices of improper billing, or has been assessed a penalty under subparagraph (A), the provider may, in addition to any other penalties that may be prescribed by law, be subject to a civil money penalty of one thousand dollars (\$1,000) per claim, or up to three times the amount improperly claimed for each item or service, whichever is greater.

(ii) For a service or item for which the department solicits provider costs for use in calculating Medi-Cal reimbursement or in calculating and assigning Medi-Cal reimbursement rates, and the cost reports relevant to the claims are improperly calculated, and the provider has received three or more warning notices of improper cost report computation regarding substantially similar errors, or has been assessed a penalty under subparagraph (A), the provider may, in addition to any other penalties that may be prescribed by law, be subject to a civil money penalty of one thousand dollars (\$1,000) per adjustment by the department to the costs submitted by the provider, or three times the amount claimed for each item or service, whichever is greater.

The scope of services covered under Medi-Cal and AIM, as defined in statutes, regulations, and state plans,

is not altered by this section or the state plan amendment submitted pursuant to this section.

(c) California's S-CHIP plan and any amendments submitted and implemented pursuant to this section shall be consistent with subdivisions (a) and (b).

CHAPTER 24

An act to amend Sections 798.36 and 798.55 of the Civil Code, relating to mobilehomes.

[Approved by Governor June 30, 2005. Filed with
Secretary of State June 30, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 798.36 of the Civil Code is amended to read:
798.36. (a) A homeowner shall not be charged a fee for the enforcement of any of the rules and regulations of the park, except a

reasonable fee may be charged by management for the maintenance or cleanup, as described in subdivision (b), of the land and premises upon which the mobilehome is situated in the event the homeowner fails to do so in accordance with the rules and regulations of the park after written notification to the homeowner and the failure of the homeowner to comply within 14 days. The written notice shall state the specific condition to be corrected and an estimate of the charges to be imposed by management if the services are performed by management or its agent.

(b) (1) If management determines, in good faith, that the removal of a homeowner's or resident's personal property from the land and premises upon which the mobilehome is situated is necessary to bring the premises into compliance with the reasonable rules and regulations of the park or the provisions of the Mobilehome Parks Act (Part 2.1 (commencing with Section 18200) of Division 13 of the Health and Safety Code) or Title 25 of the California Code of Regulations, management may remove the property to a reasonably secure storage facility. Management shall provide written notice of at least 14 days of its intent to remove the personal property, including a description of the property to be removed. The notice shall include the rule, regulation, or code justifying the removal and shall provide an estimate of the charges to be imposed by management. The property to be removed shall not include the mobilehome or its appurtenances or accessory structures.

(2) The homeowner or resident shall be responsible for reimbursing to management the actual, reasonable costs, if any, of removing and storing the property. These costs incurred by management in correcting the rules violation associated with the removal and storage of the property, are deemed reasonable incidental service charges and may be collected pursuant to subdivision (e) of Section 798.56 if a notice of nonpayment of the removal and storage fees, as described in paragraph (3), is personally served on the homeowner.

(3) Within seven days from the date the property is removed to a storage area, management shall provide the homeowner or resident a written notice that includes an inventory of the property removed, the location where the property may be claimed, and notice that the cost of removal and storage shall be paid by the resident or homeowner. If, within 60 days, the homeowner or resident does not claim the property, the property shall be deemed to be abandoned, and management may dispose of the property in any manner. The homeowner's or resident's liability for storage charges shall not exceed 60 days. If the homeowner or resident claims the property, but has not reimbursed management for storage costs, management may bill those costs in a monthly statement which shall constitute notice of nonpayment, and the costs shall become

the obligation of the homeowner or resident. If a resident or homeowner communicates in writing his or her intent to abandon the property before 60 days has expired, management may dispose of the property immediately and no further storage charges shall accrue.

(4) If management elects to dispose of the property by way of sale or auction, and the funds received from the sale or auction exceed the amount owed to management, management shall refund the difference to the homeowner or resident within 15 days from the date of management's receipt of the funds from the sale or auction. The refund shall be delivered to the homeowner or resident by first-class mail postage prepaid to his or her address in the park, or by personal delivery, and shall include an accounting specifying the costs of removal and storage of the property incurred by management in correcting the rules violation and the amount of proceeds realized from any sale or auction. If a sale or auction of the property yields less than the costs incurred by management, the homeowner or resident shall be responsible for the difference, and this amount shall be deemed a reasonable incidental service charge and may be collected pursuant to subdivision (e) of Section 798.56 if a notice of nonpayment of the removal and storage fees, as described in paragraph (3), is personally served on the homeowner. If management elects to proceed under this section, it may not also terminate the tenancy pursuant to subdivision (d) of Section 798.56 based upon the specific violations relied upon to proceed under this section. In any proceeding under this section, management shall bear the burden of proof that enforcement was undertaken in a nondiscriminatory, nonselective fashion.

SEC. 2. Section 798.55 of the Civil Code is amended to read:

798.55. (a) The Legislature finds and declares that, because of the high cost of moving mobilehomes, the potential for damage resulting therefrom, the requirements relating to the installation of mobilehomes, and the cost of landscaping or lot preparation, it is necessary that the owners of mobilehomes occupied within mobilehome parks be provided with the unique protection from actual or constructive eviction afforded by the provisions of this chapter.

(b) (1) The management may not terminate or refuse to renew a tenancy, except for a reason specified in this article and upon the giving of written notice to the homeowner, in the manner prescribed by Section 1162 of the Code of Civil Procedure, to sell or remove, at the homeowner's election, the mobilehome from the park within a period of not less than 60 days, which period shall be specified in the notice. A copy of this notice shall be sent to the legal owner, as defined in Section 18005.8 of the Health and Safety Code, each junior lienholder, as defined in Section 18005.3 of the Health and Safety Code, and the

registered owner of the mobilehome, if other than the homeowner, by United States mail within 10 days after notice to the homeowner. The copy may be sent by regular mail or by certified or registered mail with return receipt requested, at the option of the management.

(2) The homeowner shall pay past due rent and utilities upon the sale of a mobilehome pursuant to paragraph (1).

(c) If the homeowner has not paid the rent due within three days after notice to the homeowner, and if the first notice was not sent by certified or registered mail with return receipt requested, a copy of the notice shall again be sent to the legal owner, each junior lienholder, and the registered owner, if other than the homeowner, by certified or registered mail with return receipt requested within 10 days after notice to the homeowner. Copies of the notice shall be addressed to the legal owner, each junior lienholder, and the registered owner at their addresses, as set forth in the registration card specified in Section 18091.5 of the Health and Safety Code.

(d) If management obtains a court judgment against a homeowner or resident, the cost incurred by management in obtaining a title search for the purpose of complying with the notice requirements of this section shall be recoverable as a cost of suit.

(e) The resident of a mobilehome that remains in the mobilehome park after service of the notice to sell or remove the mobilehome shall continue to be subject to this chapter and the rules and regulations of the park, including rules regarding maintenance of the space.

(f) No lawful act by the management to enforce this chapter or the rules and regulations of the park may be deemed or construed to waive or otherwise affect the notice to remove the mobilehome.

When a sufficient number of competent persons have been selected, they shall constitute the additional grand jury.

(c) Any additional grand jury which is impaneled pursuant to this section may serve for a period of one year from the date of impanelment, but may be discharged at any time within the one-year period by order of the presiding judge or the judge appointed by the presiding judge to supervise the grand jury. In no event shall more than one additional grand jury be impaneled pursuant to this section at the same time.

(d) Whenever an additional grand jury is impaneled pursuant to this section, it may inquire into any matters which are subject to grand jury inquiry and shall have the sole and exclusive jurisdiction to return indictments, except for any matters which the regular grand jury is inquiring into at the time of its impanelment.

(e) It is the intent of the Legislature that all persons qualified for jury service shall have an equal opportunity to be considered for service as criminal grand jurors in the county in which they reside, and that they have an obligation to serve, when summoned for that purpose. All persons selected for the additional criminal grand jury shall be selected at random from a source or sources reasonably representative of a cross section of the population which is eligible for jury service in the county.

(b) The Rancho Murieta Community Services District may take any reasonable measures within its jurisdiction that are necessary to ensure that golf carts and low-speed vehicles may cross safely, as authorized under this section, and that highway traffic is not unreasonably impeded thereby.

(c) (1) It is the intent of the Legislature that the district complete a golf cart transportation plan under Chapter 6 (commencing with Section 1950) of Division 2.5 of the Streets and Highways Code on or before January 1, 2007, that will make the authority granted under this section unnecessary.

(2) The Legislature finds and declares that extension of the repeal date of this section to January 1, 2007, will provide sufficient time to allow the district to complete the plan described in paragraph (1).

(3) It is the further intent of the Legislature that the authority granted under this section not be extended beyond January 1, 2007.

(d) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute that is enacted before January 1, 2007, deletes or extends that date.

(b) The contract set forth in subdivision (a) does not transfer or waive the certified architect's or structural engineer's copyrights over these documents, including, but not limited to, all common law, statutory, and other reserved rights, unless the certified architect or structural engineer expressly transfers or waives these rights through the written contract, including, but not limited to, a written addendum or amendment.

(c) Notwithstanding subdivision (a), if the school district proposes to reuse the plans prepared by the certified architect or structural engineer within the school district, the contract entered into between the school district and the certified architect or structural engineer shall specify the terms and conditions for the reuse. If a school district reuses the plans prepared by the certified architect or structural engineer and retains another certified architect or structural engineer for the preparation of those plans for the reuse, the school district shall indemnify and hold harmless the original certified architect or structural engineer, and their consultants, agents, and employees, from and against any claims, damages, losses, and expenses, including attorney's fees, arising out of or resulting from, in whole or in part, the reuse.

CHAPTER 36

An act to amend Section 1382 of the Penal Code, relating to criminal procedure.

[Filed with Secretary of State July 7, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1382 of the Penal Code is amended to read:

1382. (a) The court, unless good cause to the contrary is shown, shall order the action to be dismissed in the following cases:

(1) When a person has been held to answer for a public offense and an information is not filed against that person within 15 days.

(2) In a felony case, when a defendant is not brought to trial within 60 days of the defendant's arraignment on an indictment or information, or reinstatement of criminal proceedings pursuant to Chapter 6 (commencing with Section 1367) of Title 10 of Part 2, or, in case the cause is to be tried again following a mistrial, an order granting a new trial from which an appeal is not taken, or an appeal from the superior court, within 60 days after the mistrial has been declared, after entry of the order granting the new trial, or after the filing of the remittitur in the trial court, or after the issuance of a writ or order which, in effect, grants a new trial, within 60 days after notice of the writ or order is filed in the trial court and served upon the prosecuting attorney, or within 90 days after notice of the writ or order is filed in the trial court and served upon the prosecuting attorney in any case where the district attorney chooses to resubmit the case for a preliminary examination after an appeal or the issuance of a writ reversing a judgment of conviction upon a plea of guilty prior to a preliminary hearing. However, an action shall not be dismissed under this paragraph if either of the following circumstances exist:

(A) The defendant enters a general waiver of the 60-day trial requirement. A general waiver of the 60-day trial requirement entitles the superior court to set or continue a trial date without the sanction of dismissal should the case fail to proceed on the date set for trial. If the defendant, after proper notice to all parties, later withdraws his or her waiver in the superior court, the defendant shall be brought to trial within 60 days of the date of that withdrawal. If a general time waiver is not expressly entered, subparagraph (B) shall apply.

(B) The defendant requests or consents to the setting of a trial date beyond the 60-day period. Whenever a case is set for trial beyond the 60-day period by request or consent, expressed or implied, of the defendant without a general waiver, the defendant shall be brought to trial on the date set for trial or within 10 days thereafter.

Whenever a case is set for trial after a defendant enters either a general waiver as to the 60-day trial requirement or requests or consents, expressed or implied, to the setting of a trial date beyond the 60-day period pursuant to this paragraph, the court may not grant a motion of the defendant to vacate the date set for trial and to set an earlier trial date unless all parties are properly noticed and the court finds good cause for granting that motion.

(3) Regardless of when the complaint is filed, when a defendant in a misdemeanor or infraction case is not brought to trial within 30 days after he or she is arraigned or enters his or her plea, whichever occurs later, if the defendant is in custody at the time of arraignment or plea, whichever occurs later, or in all other cases, within 45 days after the defendant's arraignment or entry of the plea, whichever occurs later, or in case the cause is to be tried again following a mistrial, an order granting a new trial from which no appeal is taken, or an appeal from a judgment in a misdemeanor or infraction case, within 30 days after the mistrial has been declared, after entry of the order granting the new trial, or after the remittitur is filed in the trial court, or within 30 days after the date of the reinstatement of criminal proceedings pursuant to Chapter 6 (commencing with Section 1367). However, an action shall not be dismissed under this subdivision if any of the following circumstances exist:

(A) The defendant enters a general waiver of the 30-day or 45-day trial requirement. A general waiver of the 30-day or 45-day trial requirement entitles the court to set or continue a trial date without the sanction of dismissal should the case fail to proceed on the date set for trial. If the defendant, after proper notice to all parties, later withdraws his or her waiver, the defendant shall be brought to trial within 30 days of the date of that withdrawal. If a general time waiver is not expressly entered, subparagraph (B) shall apply.

(B) The defendant requests or consents to the setting of a trial date beyond the 30-day or 45-day period. In the absence of an express general time waiver from the defendant, the court shall set a trial date. Whenever a case is set for trial beyond the 30-day or 45-day period by request or consent, expressed or implied, of the defendant without a general waiver, the defendant shall be brought to trial on the date set for trial or within 10 days thereafter.

(C) The defendant in a misdemeanor case has been ordered to appear on a case set for hearing prior to trial, but the defendant fails to appear on that date and a bench warrant is issued, or the case is not tried on the date set for trial because of the defendant's neglect or failure to appear, in which case the defendant shall be deemed to have been arraigned within the meaning of this subdivision on the date of his or her subsequent arraignment on a bench warrant or his or her submission to the court.

(b) Whenever a defendant has been ordered to appear in superior court on a felony case set for trial or set for a hearing prior to trial after being held to answer, if the defendant fails to appear on that date and a bench warrant is issued, the defendant shall be brought to trial within

60 days after the defendant next appears in the superior court unless a trial date previously had been set which is beyond that 60-day period.

(c) If the defendant is not represented by counsel, the defendant shall not be deemed under this section to have consented to the date for the defendant's trial unless the court has explained to the defendant his or her rights under this section and the effect of his or her consent.

The association, whether incorporated or unincorporated, may exercise the powers granted to an association in this title.

(d) Meetings of the membership of the association shall be conducted in accordance with a recognized system of parliamentary procedure or any parliamentary procedures the association may adopt.

(e) Notwithstanding any other provision of law, notice of meetings of the members shall specify those matters the board intends to present for action by the members, but, except as otherwise provided by law, any proper matter may be presented at the meeting for action.

(f) Members of the association shall have access to association records, including accounting books and records and membership lists, in accordance with Article 3 (commencing with Section 8330) of Chapter 13 of Part 3 of Division 2 of Title 1 of the Corporations Code. The members of the association shall have the same access to the operating rules of the association as they have to the accounting books and records of the association.

(g) If an association adopts or has adopted a policy imposing any monetary penalty, including any fee, on any association member for a violation of the governing documents or rules of the association, including any monetary penalty relating to the activities of a guest or invitee of a member, the board of directors shall adopt and distribute to each member, by personal delivery or first-class mail, a schedule of the monetary penalties that may be assessed for those violations, which shall be in accordance with authorization for member discipline contained in the governing documents. The board of directors shall not be required to distribute any additional schedules of monetary penalties unless there are changes from the schedule that was adopted and distributed to the members pursuant to this subdivision.

(h) When the board of directors is to meet to consider or impose discipline upon a member, the board shall notify the member in writing, by either personal delivery or first-class mail, at least 10 days prior to the meeting. The notification shall contain, at a minimum, the date, time, and place of the meeting, the nature of the alleged violation for which a member may be disciplined, and a statement that the member has a right to attend and may address the board at the meeting. The board of directors of the association shall meet in executive session if requested by the member being disciplined.

If the board imposes discipline on a member, the board shall provide the member a written notification of the disciplinary action, by either personal delivery or first-class mail, within 15 days following the action. A disciplinary action shall not be effective against a member unless the board fulfills the requirements of this subdivision.

(i) Whenever two or more associations have consolidated any of their functions under a joint neighborhood association or similar organization, members of each participating association shall be (1) entitled to attend all meetings of the joint association other than executive sessions, (2) given reasonable opportunity for participation in those meetings, and

(3) entitled to the same access to the joint association's records as they are to the participating association's records.

(j) Nothing in this section shall be construed to create, expand, or reduce the authority of the board of directors of an association to impose monetary penalties on an association member for a violation of the governing documents or rules of the association.

SEC. 3. Section 1374 of the Civil Code is amended to read:

1374. Nothing in this title may be construed to apply to a development wherein there does not exist a common area as defined in subdivision (b) of Section 1351.

This section is declaratory of existing law.

SEC. 4. Section 1378 of the Civil Code is amended to read:

1378. (a) This section applies if an association's governing documents require association approval before an owner of a separate interest may make a physical change to the owner's separate interest or to the common area. In reviewing and approving or disapproving a proposed change, the association shall satisfy the following requirements:

(1) The association shall provide a fair, reasonable, and expeditious procedure for making its decision. The procedure shall be included in the association's governing documents. The procedure shall provide for prompt deadlines. The procedure shall state the maximum time for response to an application or a request for reconsideration by the board of directors.

(2) A decision on a proposed change shall be made in good faith and may not be unreasonable, arbitrary, or capricious.

(3) Notwithstanding a contrary provision of the governing documents, a decision on a proposed change may not violate any governing provision of law, including, but not limited to, the Fair Employment and Housing Act (Part 2.8 (commencing with Section 12900) of Division 3 of Title 2 of the Government Code), or a building code or other applicable law governing land use or public safety.

(4) A decision on a proposed change shall be in writing. If a proposed change is disapproved, the written decision shall include both an explanation of why the proposed change is disapproved and a description of the procedure for reconsideration of the decision by the board of directors.

(5) If a proposed change is disapproved, the applicant is entitled to reconsideration by the board of directors of the association that made the decision, at an open meeting of the board. This paragraph does not require reconsideration of a decision that is made by the board of directors or a body that has the same membership as the board of directors, at a meeting that satisfies the requirements of Section 1363.05.

Reconsideration by the board does not constitute dispute resolution within the meaning of Section 1363.820.

(b) Nothing in this section authorizes a physical change to the common area in a manner that is inconsistent with an association's governing documents, unless the change is required by law.

(c) An association shall annually provide its members with notice of any requirements for association approval of physical changes to property. The notice shall describe the types of changes that require association approval and shall include a copy of the procedure used to review and approve or disapprove a proposed change.

CHAPTER 38

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 11, 2005. Filed with Secretary of State July 11, 2005.]

I object to the following appropriations contained in Senate Bill 77.

Item 0250-111-0001—For transfer by the Controller to the Trial Court Trust Fund. I reduce this item from \$1,453,866,000 to \$1,386,566,000.

I am reducing this item by \$57,500,000 as a one-time base veto of a portion of the General Fund transfer to the Trial Court Trust Fund. This veto decreases the reserve in the Trial Court Trust Fund from \$67,500,000 to \$10,000,000, leaving a sufficient reserve in case revenues fall short of expected levels. The Trial Court Trust Fund does not need a large reserve since, pursuant to recent legislation, its primary fund sources now receive a statutory annual adjustment based on the increase in the State Appropriations Limit.

I am also reducing this item by \$9,800,000. The Legislature adopted Uniform Civil Filing Fees trailer bill language that would bring in increased revenue of \$14,750,000 in 2005–06 to the Trial Court Trust Fund. Of this amount, \$4,950,000 will be available as additional expenditure authority to the Trial Court Trust Fund for the facilities program and the remaining \$9,800,000 will offset the General Fund transfer. Since the Uniform Civil Filing Fee will not be implemented until January 1, 2006, the above amounts are for a half-year only and will be annualized in 2006–07. As such, the ongoing offset to the General Fund transfer will be \$19,600,000.

Item 0520-001-9329—For support of Secretary for Business, Transportation and Housing. I delete this item.

I am deleting the \$2,000,000 legislative augmentation that would provide loans to chrome plating businesses. This augmentation is associated with pending legislation and I am opposed to the appropriation of funds for legislation that has not yet been approved by the Legislature and the Administration.

Item 0540-001-0140—For support of Secretary for Resources. I revise this item by reducing:

(1) 10-Administration of Resources Agency from \$8,378,000 to \$8,362,000, and by deleting:

(5.5) Amount payable from the River Protection Subaccount (Item 0540-001-6015) (–\$16,000).

I am revising this item to conform to the action I have taken in Items 0540-490 and 0540-001-6015.

Item 0540-001-6015—For support of Secretary for Resources. I delete this item.

I am deleting this item to conform to the action I have taken in Items 0540-490 and 0540-001-0140.

Item 0540-490—Reappropriation, Secretary for Resources. I revise this item as follows:

“Notwithstanding any other provision of law, the period to liquidate encumbrances of the following citations are extended to June 30, 2006:

0001—General Fund

(1) Item 0540-101-0001, Budget Act of 1999 (Ch. 50, Stats. 1999)

(2) Item 0540-101-0001, Budget Act of 2000 (Ch. 52, Stats. 2000)

(3) Item 0540-101-0001, Budget Act of 2001 (Ch. 106, Stats. 2001)

0890—Federal Trust Fund

(1) Item 0540-001-0890, Budget Act of 2002 (Ch. 379, Stats. 2002)

~~6015—River Protection Subaccount~~

~~(1) Item 0540-101-6015, Budget Act of 2000 (Ch. 52, Stats. 2000)~~

~~(a) Los Angeles River Parkways²~~

I am eliminating the availability of funding provided to the City of Maywood for the Maywood Riverfront Park. Funds for this project have been available since 2000 and the City has not yet purchased the land as required by the grant agreement. Several obstacles remain, making this purchase unlikely in the near future. Consequently, it would not be prudent to continue earmarking these funds for the Maywood project.

I am revising this item to conform to the action I have taken in Items 0540-001-0140 and 0540-001-6015.

Item 0555-001-0044—For support of Secretary for Environmental Protection. I revise this item by reducing:

(1) 30-Support from \$9,703,000 to \$9,203,000, and

(11.5) Amount payable from the Public Interest Research, Development and Demonstration Fund (Item 0555-001-0381) (–\$500,000).

I am revising this item to conform to the action I have taken in Item 0555-001-0381.

Item 0555-001-0381—For support of Secretary for Environmental Protection. I delete this item and Provision 1.

I am deleting the \$500,000 legislative augmentation to support the California Climate Action Registry. The work of the Registry is important to accomplishing the goals of the state's greenhouse gas reduction targets, but the Energy Commission already provided \$200,000 in 2004–05 for this purpose. Furthermore, I believe that awards under the Public Interest Energy Research Program should be funded through the existing competitive grant process.

I am deleting Provision 1 to conform to this action.

Item 0855-101-0367—For local assistance, California Gambling Control Commission. I reduce this item from \$50,000,000 to \$30,000,000.

I am deleting the \$20,000,000 legislative augmentation to provide additional grant funds to mitigate the impacts of tribal gaming on local government agencies. I am supportive of these mitigation efforts and understand their importance, especially to areas with significant concentrations of tribal casinos. Because local government agencies have not provided required annual reports that detail the specific projects funded in their jurisdictions in the past two years, I do not have sufficient information to justify this augmentation.

Item 0860-001-0001—For support of the State Board of Equalization. I reduce this item from \$211,158,000 to \$210,843,000 by reducing:

(1) 100000-Personal Services from \$275,822,880 to \$275,506,880;

(2) 300000-Operating Expenses and Equipment from \$89,199,120 to \$89,030,120; and

(3) Reimbursements from –\$104,504,000 to –\$104,334,000.

I am deleting the \$485,000 legislative augmentation for eight Consumer Use Tax collection positions. My Budget proposed, and the Legislature approved, seven new positions for this purpose. These positions are adequate to address workload needs.

Item 1111-002-0239—For support of the Bureau of Security and Investigative Services. I reduce this item from \$7,241,000 to \$6,958,000 by reducing:

(1) 25.10.010-Bureau of Security and Investigative Services, Private Security Services Program from \$9,695,000 to \$9,412,000. I am vetoing this legislative augmentation of \$283,000 and 3.0 positions for the Bureau of Security and Investigative Services. This augmentation is not based on a justified programmatic need, but rather was made because there is a growing fund reserve in the Private Security Services Fund. The growing fund balance reflects a need for the Bureau to reduce fees paid by registrants and is not a reason to increase staffing.

Item 1730-001-0001—For support of Franchise Tax Board. I reduce this item from \$508,091,000 to \$506,865,000, by reducing:

(1) 10-Tax Programs from \$432,283,000 to \$431,057,000, and by deleting Provision 8.

I am deleting the \$1,226,000 legislative augmentation that provides 14 additional positions to establish a Misdemeanor Program within the Franchise Tax Board. I am concerned that this program might result in charges against persons who innocently failed to recognize that they had taxable income. There is no indication that local prosecutors would be willing to pursue these cases. Consequently, the revenue projections associated with this augmentation are questionable.

I am deleting Provision 8 of this item. The provisional language would allow the Board to divert up to \$200,000 that is appropriated for activities designed to narrow the tax gap. Specifically, the language would allow the Board to hire outside consultants to study independent contractor withholding and tax compliance issues. I do not believe that funds appropriated for the tax gap proposals should be redirected for other purposes. Furthermore, the Board has studied this issue in the past, and it concluded that California should not take action on this issue unless the federal government takes similar action.

Item 1760-001-0666—For support of Department of General Services. I reduce this item from \$590,238,000 to \$584,086,000 by reducing:

(1) Program support from \$802,572,000 to \$796,420,000, and by deleting Provision 12.

I am reducing \$6,152,000 and 114.0 personnel years from the Office of State Publishing (OSP) to realign expenditures and revenues. For the last several years, the OSP has not generated sufficient revenues to support its current operations.

I am deleting Provision 12, which would require the Department to provide a report that could lead to disclosure of confidential or proprietary information related to negotiated pharmaceutical contracts. Since trailer bill language also requires the Department to report on these contracts, and does so in a way that would not jeopardize the confidentiality of the negotiated pricing, this Provision is unnecessary.

Item 2150-001-0298—For support of Department of Financial Institutions. I reduce this item from \$18,882,000 to \$18,881,000, by reducing:

(5) 60-Credit Unions from \$3,827,000 to \$3,826,000.

I am reducing this item by \$1,000 to reflect the elimination of the Credit Union Advisory Committee. This is consistent with my commitment to eliminate unnecessary boards and commissions.

Item 2240-105-0001—For transfer to the Emergency Housing and Assistance Fund.

I am sustaining \$864,000 General Fund for the Emergency Housing Assistance Program in this item, on a one-time basis, to continue shelter beds during a transition period while new beds are developed under my proposal to create permanent housing with supportive services for the chronically homeless.

Item 2660-022-0042—For transfer by the Controller from the State Highway Account, State Transportation Fund, to the Environmental Enhancement and Mitigation Program Fund. I delete this item.

I am deleting the \$10,000,000 legislative augmentation for the discretionary Environmental Enhancement and Mitigation Demonstration Program that provides grants to local entities for highway landscaping, urban forestry, the purchase of resource lands, and roadside recreation such as the construction of hiking and biking trails. While preserving open space is an extremely important function in maintaining our environment, improving mobility and increasing maintenance for our state highways is critical. This augmentation is not the best use of scarce transportation funds.

Item 2660-101-0183—For local assistance, Department of Transportation. I delete this item.

I am deleting this item to conform to the action I have taken in Item 2660-022-0042.

Item 2660-102-0890—For local assistance, Department of Transportation. I revise this item by revising Provision 4 as follows:

“4. Of the amount appropriated in this item, \$5,000,000 is for regional blueprint planning grants. ~~Of the \$5,000,000, at least 20 percent of the funds shall be allocated by the Department of Transportation, in consultation with the Department of Housing and Community Development, for grants to those regional councils of governments that have Regional Housing Needs Assessment tasks scheduled for the 2005–06 fiscal year to assist with preparation of their Regional Housing Needs Assessment in order to coordinate and integrate housing and transportation planning to the extent allowable under federal law. If the Regional Housing Needs Assessment is determined to be a reimbursable state mandate pursuant to Section 6 of Article XIII B of the California Constitution; then any grants received by councils of governments to prepare the assessment under this item shall be considered an offsetting revenue for the purposes of claiming state reimbursement.~~”

I am revising Provision 4, because it would require the use of transportation funds for non-transportation purposes, which is not consistent with the intent of the regional blueprint planning program and may not be consistent with federal law.

Item 2665-001-0046—For support of the High-Speed Rail Authority. I reduce this item from \$4,251,000 to \$3,926,000 by reducing:

(1) 10-High-Speed Rail Authority from \$4,576,000 to \$3,926,000; and by deleting:

(2) Reimbursements (–\$325,000);

and by deleting Provision 2.

I am deleting the legislative augmentation of \$650,000 and 0.5 positions to conduct a study of route alternatives and potential station locations along the Fresno-to-Bakersfield corridor. The High-Speed Rail Authority has already completed a study of this corridor and has not designated any station locations other than Fresno and Bakersfield.

I am deleting Provision 2 to conform to this action.

Item 3360-011-0381—For transfer by the Controller from the Public Interest Research, Development, and Demonstration Fund to the General Fund. I delete this item.

I am deleting the transfer of \$4,000,000 in interest earnings from the Public Interest Research, Development, and Demonstration Fund (PIER Fund) to the General Fund. The PIER Fund is a trust fund to be used for projects that benefit the ratepayers paying the surcharge. Consequently, interest earnings should remain in the fund to be used for projects that promote electricity efficiency and environmentally sustainable energy development.

Item 3480-001-0001—For support of Department of Conservation. I revise this item by reducing:

(3) 30-Land Resource Protection from \$4,256,000 to \$3,911,000, and

(13) Amount payable from the Soil Conservation Fund (Item 3480-001-0141) from –\$2,599,000 to –\$2,254,000.

I am revising this item to conform to the action I have taken in Item 3480-001-0141.

Item 3480-001-0141—For support of Department of Conservation. I reduce this item from \$2,599,000 to \$2,254,000.

I am deleting the \$345,000 legislative augmentation to increase staffing for Williamson Act enforcement activities. The need for additional staff for enforcement of the Williamson Act has not been clearly demonstrated. Consequently, I am unable to support this augmentation from the limited resources in the Soil Conservation Fund.

Item 3600-001-0384—For support of Department of Fish and Game. I reduce this item from \$8,000,000 to \$4,000,000.

I am revising this item to conform to the action taken in Item 3640-401.

Item 3640-401—Wildlife Conservation Board. I revise this item as follows: “Notwithstanding any other provision of law, the balance of revenues that would have been deposited in the California Housing Trust Fund and the Resources Trust Fund,

pursuant to Section 6217 of the Public Resources Code, shall be allocated in the following order:

Provisions:

1. ~~\$8,000,000~~ \$2,000,000 shall be deposited into the State Parks and Recreation Fund for the Department of Parks and Recreation Maintenance and Park Ranger staff and deferred maintenance. It is the intent of the Legislature that this augmentation be used to establish up to 40 new parks positions. These funds are intended to be ongoing.
2. ~~\$8,000,000~~ \$4,000,000 shall be deposited into the Salmon and Steelhead Trout Restoration Account for salmon and steelhead trout restoration projects authorized by Section 62171 of the Public Resources Code, including, but not limited to, projects that implement the Coho Salmon Recovery Plan.
3. \$48,000,000 shall be deposited in the General Fund.
4. ~~\$3,000,000 shall be deposited into the Fish and Game Preservation Fund to continue operation of state fish hatcheries located in various regions of the state.~~
5. ~~\$3,000,000 shall be deposited into the State Parks and Recreation Fund for deferred maintenance.~~
6. Any revenues remaining after expenditure for the purposes specified in Provisions 1, 2, 3, ~~4~~, and ~~5~~; shall be deposited in the General Fund.”

I am reducing Provisions 1 and 2, which would transfer Tidelands Oil Revenue to specified funds within the Department of Parks and Recreation for staffing and deferred maintenance projects, and the Department of Fish and Game for salmon and steelhead restoration and fish hatcheries. I am also deleting Provisions 4 and 5. Although the augmentations contained in these provisions may have merit, these reductions and deletions are necessary in light of our current fiscal situation and to ensure a prudent General Fund reserve.

I am revising this item to conform to the action I have taken in Items 3600-001-0200, 3600-001-0384, 3790-001-0001, and 3790-001-0392.

Item 3720-001-0001—For support of California Coastal Commission. I reduce this item from \$10,751,000 to \$9,801,000 by reducing:

- (1) 10-Coastal Management Program from \$14,573,000 to \$13,973,000, and
- (2) 20-Coastal Energy Program from \$1,147,000 to \$797,000.

I am reducing this item by \$950,000 and eight positions for administration of Offers-to-Dedicate and review of Liquefied Natural Gas (LNG) applications and federal offshore oil leases. This augmentation may have merit; however, as presently proposed it would result in a General Fund cost. The Coastal Commission has sufficient resources to perform critical, high priority work such as the review of LNG applications. The Commission also has the authority to adjust its fees in order to fund its activities, and can address this issue and meet its workload obligations without impacting the General Fund.

Item 3760-301-0593—For capital outlay, State Coastal Conservancy. I reduce this item from \$950,000 to \$450,000 to make a technical correction to the Budget Bill by reducing:

- (1) 80.00.020-Public Access from \$950,000 to \$450,000.

I am deleting the \$500,000 legislative augmentation because there are insufficient funds in the Coastal Access Account to support this augmentation. With this technical correction, \$450,000 remains to support the Conservancy’s efforts to accept and open Offers-to-Dedicate easements.

Item 3790-001-0001—For support of Department of Parks and Recreation. I revise this item by reducing:

- (1) For support of the Department of Parks and Recreation from \$353,003,000 to \$344,003,000, and
- (9) Amount payable from the State Parks and Recreation Fund (Item 3790-001-0392) from -\$134,779,000 to -\$125,779,000.

I am revising this item to conform to the actions taken in Items 3640-401 and 3790-001-0392.

Item 3790-001-0392—For support of Department of Parks and Recreation. I reduce this item from \$134,779,000 to \$125,779,000.

I am revising this item to conform to the actions taken in Items 3640-401 and 3790-001-0001.

Item 3900-001-0044—For support of Air Resources Board.

I am sustaining this legislative augmentation of \$12,500,000 to replace pre-1977 school buses. To ensure that this augmentation is spent most appropriately, I am directing the Air Resources Board to develop a plan by September 15, 2005, for allocation of these resources, and to submit this plan to the California Environmental Protection Agency for review and approval. The allocation plan must consider the overall financial capacity of the applicant to reasonably replace these buses without state assistance, the exposure to children, and the age of the buses slated for replacement.

Item 3900-001-0115—For support of Air Resources Board.

I am sustaining the redirection of \$10,000,000 from the Carl Moyer Program to fund the retrofitting of diesel school buses. The allocation criteria for Carl Moyer Program make it difficult for school bus projects to qualify for award and thus our children continue to be at risk. To ensure that these redirected funds are spent most appropriately, I am directing the Air Resources Board to develop a plan by September 15, 2005, for allocation of these resources, and to submit this plan to the California Environmental Protection Agency for review and approval. The allocation plan must consider the overall financial capacity of the applicant to reasonably replace these buses without state assistance, the exposure to children, and the age of the buses slated for replacement.

This redirection, along with the augmentation of Item 3900-001-0044 and the \$4,500,000 of Proposition 98 funding is a significant and important advancement in our protection of our children.

Item 3980-001-0001—For support of Office of Environmental Health Hazard Assessment. I reduce this item from \$8,852,000 to \$8,352,000 by reducing:

(1) 10-Health Risk Assessment from \$16,924,000 to \$15,924,000;

(6) Amount payable from the Department of Pesticide Regulation Fund (Item 3980-001-0106) from -\$1,120,000 to -\$870,000;

and by deleting:

(7.5) Amount payable from the Waste Discharge Permit Fund (Item 3980-001-0193) (-\$250,000)

The Legislature augmented the Office of Environmental Health Hazard Assessment's (OEHHA's) budget by \$1,500,000. I am sustaining a \$500,000 General Fund augmentation to support OEHHA's scientific efforts to evaluate environmental risks. However, I am vetoing \$1,000,000 of the augmentation to support a prudent General Fund reserve and because there are insufficient funds available in the Department of Pesticide Regulation Fund.

Item 3980-001-0106—For support of Office of Environmental Health Hazard Assessment. I reduce this item from \$1,120,000 to \$870,000.

I am reducing this item by \$250,000 to conform to the actions I have taken in Item 3980-001-0001.

Item 3980-001-0193—For support of Office of Environmental Health Hazard Assessment. I delete this item.

I am deleting this item to conform to the actions I have taken in Item 3980-001-0001.

Item 4120-115-0001—For transfer by the Controller to the Trauma Care Fund. I am sustaining this item.

I am sustaining the \$10,000,000 legislative augmentation for trauma care services on a one-time basis because I am concerned about the financial stress experienced by many of our state's trauma centers. I recognize the critical role these health care facilities play in providing access to essential medical services and the importance of addressing priority concerns such as securing on-call physicians and promoting hospital surge capacity for times of emergency. I am therefore sustaining this funding

and directing the Emergency Medical Services Authority to work closely with local Emergency Medical Services Authorities to ensure these funds target priority needs and do not supplant existing funding.

Item 4260-001-0001—For support of Department of Health Services. I reduce this item from \$244,093,000 to \$241,093,000 by reducing:

(1) 10-Public and Environmental Health from \$313,379,000 to \$310,379,000, and by deleting Provision 11.

I am deleting the \$3,000,000 legislative augmentation to continue the Improved Access, Counseling and Treatment for Californians with Prostate Cancer (IMPACT) program, as it is not prudent to expand programs in light of the projected structural deficit in 2006–07, and because of the absence of an evaluation of the effectiveness of the IMPACT program, especially given the 45 percent non-clinical overhead costs of the program. Without restructuring program operations, it is not clear that the benefits of this program for the small number of beneficiaries (341 in 2004–05) outweigh the costs. My Budget places a high priority on protecting health care services and maintains eligibility for health insurance for millions of low-income Californians. It increases funding for indigent health care services providing \$73,500,000 to support indigent healthcare in the California Healthcare for Indigents and Rural Health Services programs.

The IMPACT program was established as a pilot program in 2000–01 using one-time Tobacco Settlement Funds. It last received new funding by the Legislature in 2002–03. Since then, the program has used previously unspent funds to continue program services. These funds are exhausted. Given concerns that less than 60 percent of the appropriated funds are spent on direct patient care and the lack of an evaluation of the program's effectiveness, I am directing the department to evaluate the IMPACT program for programmatic and cost effectiveness. Any contractual funding for a prostate cancer treatment program must go to maximize services to the patients and minimize contractual costs and overhead. Continuing this program prior to the evaluation is imprudent.

I am deleting Provision 11 to conform to this action.

Item 4260-001-0626—For support of Department of Health Services. I delete Provision 1.

I am deleting Provision 1, which would require the Department of Health Services to use the interagency agreement process to conduct work related to small water systems. This Budget Bill language would limit the Department's flexibility to seek an external contract for these services if an interagency agreement is not a viable option if geographic restrictions preclude use of state staff or if there are other operational alternatives that would be beneficial to and less costly for the state.

Item 4260-101-0001—For local assistance, Department of Health Services. I reduce this item from \$12,670,181,000 to \$12,665,819,000 by reducing:

(3) 20.10.030-Benefits (Medical Care and Services) from \$29,401,653,000 to \$29,392,929,000;

(9) Amount payable from the Federal Trust Fund (4260-101-0890) from –\$19,282,571,000 to –\$19,278,209,000;

and by deleting Provision 14.

I am deleting the legislative augmentation of \$3,362,000 for the Alameda Alliance for Health and Partnership HealthPlan of California. I believe California must expand its use of managed care for Medi-Cal beneficiaries in order to improve outcomes for this critical population and control growth of the program's costs. But before the state considers funding a rate increase to providers, which this augmentation would do, a thorough review of these managed care providers' financial records is necessary to determine the underlying causes of the financial status of the providers. The Department of Health Services will change the Partnership's contract date to allow time for a thorough review of the Partnership's reimbursement rate during the next budget cycle. There is an indication that past discretionary actions of the Alameda Alliance for Health are largely responsible for their current fiscal stress. It would be unwise for the state to provide fiscal relief to Alameda Alliance for Health until the Alameda Alliance for Health implements cost-saving strategies.

However, in the case of the San Diego Community Health Group, I have determined that vetoing \$2,000,000 million (\$1,000,000 General Fund) and sustaining \$3,000,000 (\$1,500,000 General Fund) is appropriate. Community Health Group has worked closely with the Department of Managed Health Care to restructure their finances and implement program efficiencies. In addition, this increase will partially compensate the Group for a Medi-Cal rate increase in 2000 that is not reflected in the Group's current rate. This action, combined with the significant rate reductions the Group has already negotiated with its key providers, will allow the Group to implement a sound fiscal plan to assure that the Group will be able to continue to provide services to a vulnerable population without additional rate increases next year.

I am also deleting the legislative augmentation of \$4,362,000 in Item 4260-101-0890 to conform to this action.

I am deleting Provision 14 because requiring the Administration to notify the Legislature whenever actual expenditures for a specific part of the Medi-Cal program are not consistent with the Medi-Cal Estimate would be unnecessarily burdensome. The Department of Health Services already provides the Legislature with a monthly report which compares components of the Medi-Cal Estimate to actual expenditures. Any information beyond this report would require an unreasonable expenditure of staff resources given that it would result in duplicative information, and the additive value of the information that it would provide is uncertain.

Item 4260-101-0890—For local assistance, Department of Health Services. I reduce this item from \$19,282,571,000 to \$19,278,209,000.

I am reducing this item by \$4,362,000 to conform to my action in Item 4260-101-0001.

Item 4260-111-0001—For local assistance, Department of Health Services.

I am sustaining, on a one-time basis, the \$5,639,000 legislative augmentation which would restore Human Immunodeficiency Virus (HIV) Prevention and Education funding for various local health jurisdictions to 2001–02 funding levels. This Budget includes base General Fund support of approximately \$24.9 million, which is currently allocated to local health jurisdictions based on the California HIV Planning Group's formula to direct funds to those jurisdictions that have the highest prevalence of the disease. Supplemental program funding in 2006–07 beyond the base funding of \$24.9 million should be reviewed in the context of competing priorities for limited General Fund resources.

Item 4270-001-0001—For support of California Medical Assistance Commission. I reduce this item from \$1,207,000 to \$1,126,000 by reducing:

- (1) 10-California Medical Assistance Commission from \$2,622,000 to \$2,460,000, and
- (2) Reimbursements from $-\$1,307,000$ to $-\$1,226,000$.

I am reducing this item by \$162,000 to disassociate commissioner salaries from the salaries provided to legislators. Instead, commissioner annual compensation will be \$50,000. This action more properly aligns commissioner salaries with the amount of work required to faithfully perform the duties required of commissioners.

Item 4280-104-0236—For local assistance, Managed Risk Medical Insurance Board, for the Healthy Families Program Rural Health Demonstration Project.

I am sustaining the \$1,000,000 legislative augmentation for the Rural Health Demonstration Project (RHDP) on a one-time basis. The RHDP provides a valuable service to explore how to improve access to health care services for the medically underserved and uninsured populations in rural areas, as well as for special populations.

Item 4440-295-0001—For local assistance, Department of Mental Health.

I am sustaining on a one-time basis the legislative augmentation of \$120,000,000 to fund counties for providing special education mental health services under the AB 3632 state mandate. These funds will ensure continued services while the state pursues transitioning from a state-mandated program to a categorical program.

To this end, I am directing the Department of Mental Health, in collaboration with the State Department of Education, to develop a plan to shift the program from a state-

mandated program to a categorical program effective fiscal year 2006–07. This plan is to be developed in consultation with counties, school authorities, community mental health providers, and other private and public groups with an interest in mental health and special education issues. The plan will address the roles and responsibilities of local education agencies and counties in the provision of federally required mental health services, the type and scope of services to be provided, recommended changes in statute, regulations and practices necessary to implement the program, appropriate mechanisms to encourage and improve collaboration among education and mental health systems, and appropriate funding levels, fiscal controls, and auditing efforts. I am also directing the Department of Finance to provide consultation and assistance to ensure that the plan is fiscally sound.

A more effective system of delivery of this service must be found; sustaining this augmentation on a one-time basis only is to allow for a transition to such an alternative by 2006–07.

Item 4700-001-0001—For support of Department of Community Services and Development. I reduce this item from \$125,000 to \$75,000 by reducing:

(1) 47-Naturalization Services from \$125,000 to \$75,000.

I am reducing the \$2,500,000 legislative augmentation for the Naturalization Services Program to the \$1,500,000 included in the 2004 Budget Act. This is a valuable program and I am therefore sustaining funding at last year's level to support services that assist immigrants in completing their citizenship application, citizenship testing, and in preparing for the interview. The Naturalization Services Program funds faith-based institutions, community-based organizations, and non-profit entities to provide these and many other important activities for immigrants.

I am also taking conforming action to reduce Item 4700-101-0001.

Item 4700-101-0001—For local assistance, Department of Community Services and Development. I reduce this item from \$2,375,000 to \$1,425,000 by reducing:

(1) 47-Naturalization Services from \$2,375,000 to \$1,425,000.

I am reducing this item by \$950,000 to conform to the action taken in Item 4700-001-0001.

Item 5175-101-0890—For local assistance, Department of Child Support Services. I delete Provision 4.

I am deleting Provision 4, which would limit local child support agencies (LCSAs) to a 10 percent share of any federal penalty increases that may result from the expenditure of an additional \$20,000,000 federal funds to match voluntary county contributions to the Child Support Program. In 2004–05, the LCSAs agreed to provide for the full cost of any penalty increases that would result from these types of expenditures. Therefore, I am vetoing this provision because it contradicts the existing agreement that the state has with the LCSAs, and because it could result in General Fund expenditure increases without any regard to the availability of revenues. Should the state obtain relief from federal penalties, I am committed to proportionally sharing any penalty relief with LCSAs that choose to draw down additional federal funds.

Item 5180-001-0001—For support of Department of Social Services. I reduce this item from \$78,630,000 to \$77,155,000 by reducing:

(2) 25-Social Services and Licensing from \$139,798,000 to \$138,248,000, and

(11) Amount payable from the Federal Trust Fund (Item 5180-001-0890) from –\$337,180,000 to –\$337,105,000.

I am deleting the \$1,400,000 legislative augmentation that would restore a portion of the Department of Social Services' (DSS) General Fund unallocated reduction. The Legislature calculated that this amount of funding is equal to the Community Care Licensing Division's share of the Department's unallocated reduction. I share the Legislature's concerns with protecting the health and safety of vulnerable clients cared for in community care facilities as evidenced by my recent increase of \$1,140,000 General Fund to address additional workload resulting from caseload growth in the Community Care Licensing Division.

The DSS is currently making a substantial effort to identify and implement efficiencies within the Community Care Licensing Division, thereby prioritizing existing resources on monitoring and oversight responsibilities. In addition, the DSS has

recently undertaken an aggressive hiring campaign to fill longstanding vacancies within this division that resulted from hiring freezes during the previous Administration and prior unallocated reductions passed by the Legislature.

However, such a significant hiring process takes time and the Department will still realize savings from positions not filled for the entire fiscal year. These savings will help the Department achieve its full unallocated reduction without adversely impacting the critical services the department provides to our children and families.

To maximize protection of our state's most vulnerable populations, I am directing the Health and Human Services Agency to conduct a thorough review of licensing activities in all Agency Departments. This review will identify needed programmatic and fiscal changes in the licensing programs.

I also am deleting \$150,000 (\$75,000 General Fund) and one position added by the Legislature to assist counties in complying with the federal Indian Child Welfare Act (ICWA). The DSS has a number of positions involved in oversight and management functions to support tribal issues and ICWA compliance, including one ICWA specialist position dedicated to advocate and facilitate compliance with ICWA laws, regulations, and policies in California. Given the ongoing structural deficit and the existing resources devoted to ICWA compliance, I cannot support this augmentation. However, recognizing the Legislature's desire to have an ICWA coordinator in the DSS Executive Office, I am directing the DSS to redirect the existing ICWA specialist position to the Office of the Director.

Item 5180-001-0890—For support of Department of Social Services. I reduce this item from \$337,180,000 to \$337,105,000.

I am revising this item to conform to the action I have taken in Item 5180-001-0001.

Item 5180-101-0001—For local assistance, Department of Social Services. I revise this item by reducing:

- (1) 16.30-CalWORKs from \$4,979,156,000 to \$4,954,156,000, and
- (6) Amount payable from the Federal Trust Fund (Item 5180-101-0890) from -\$3,846,720,000 to -\$3,821,720,000.

I am revising this item to conform to the action I have taken in Item 5180-101-0890.

Item 5180-101-0890—For local assistance, Department of Social Services. I reduce this item from \$3,846,720,000 to \$3,821,720,000.

I am reducing \$25,000,000 in federal Temporary Assistance for Needy Families (TANF) Block Grant funds for CalWORKs administration to modify the effect of language included in the trailer bill to provide up to \$50,000,000 in unspent 2004–05 CalWORKs single allocation funds to counties in 2005–06. The Legislature increased funding for the administration of this program based on an alternate projection of savings associated with shifting from retrospective budgeting/monthly reporting for eligibility determination to prospective budgeting/quarterly reporting. I am sustaining \$25,000,000 of the allocation on a one-time basis to ensure the counties have adequate resources to support work participation activities. I am also directing the Department of Social Services to work with the counties to determine the true impact of quarterly reporting requirements for CalWORKs recipients, to reflect the appropriate level of savings in my January Budget.

Item 5180-141-0001—For local assistance, Department of Social Services. I reduce this item from \$424,392,000 to \$413,401,000 by reducing:

- (1) 16.75-County Administration and Automation Projects from \$1,050,018,000 to \$1,023,732,000, and
- (3) Amount payable from the Federal Trust Fund (Item 5180-141-0890) from -\$569,817,000 to -\$554,522,000.

I am deleting the legislative augmentation of \$2,545,000 (\$991,000 General Fund and \$1,554,000 Federal Trust Fund) for Foster Care Administration. The Legislature reinvested Foster Care Administration caseload savings back into Foster Care Administration. This veto would re-establish funding for this program at the level I proposed in the May Revision, which accurately reflects Foster Care Administration funding needs based on the projected foster care caseload in 2005–06.

I am deleting the legislative augmentation of \$23,741,000 (\$10,000,000 General Fund and \$13,741,000 Federal Trust Fund) for Food Stamp and California Food Assistance Program (CFAP) administration. The Legislature increased funding for the administration of these programs based on an alternate projection of savings associated with shifting from retrospective budgeting/monthly reporting for eligibility determination to prospective budgeting/quarterly reporting. This veto would re-establish funding for Food Stamp and CFAP administration at the level I included in the May Revision. I am directing the Department of Social Services to work with the counties to determine the true impact of quarterly reporting requirements for food stamps recipients to reflect the appropriate level of savings in my January Budget.

Item 5180-141-0890—For local assistance, Department of Social Services. I reduce this item from \$569,817,000 to \$554,522,000.

I am reducing this item to conform to the action I have taken in Item 5180-141-0001.

Item 5180-151-0001—For local assistance, Department of Social Services. I reduce this item from \$764,894,000 to \$761,294,000 by reducing:

- (1) 25.30-Children and Adult Services and Licensing from \$2,221,743,000 to \$2,215,914,000, and
- (6) Amount payable from the Federal Trust Fund (Item 5180-151-0890) from -\$1,382,198,000 to -\$1,379,969,000.

I am deleting the legislative augmentations of \$5,600,000 (\$3,500,000 General Fund) for the Child Welfare Services (CWS) Outcome Improvement Project and \$229,000 (\$100,000 General Fund) for Adoption Assistance Program (AAP) training. These reductions are necessary to limit program expansions and to help bring ongoing expenditures in line with existing resources due to the projected structural deficit in 2006-07.

The May Revision included a comprehensive funding package that provides sufficient resources to support ongoing CWS Program Improvement Plan initiatives, fund implementation of county System Improvement Plans, and improve outcomes for children in 2005-06. The legislative augmentation exceeds the level of funding that is necessary to implement approved CWS program improvement initiatives and strategies, achieve compliance with federal performance requirements, and avoid federal penalties.

With this reduction, \$26.6 million in total funds still remains to support ongoing Program Improvement Plan activities and the CWS Outcome Improvement Project in 2005-06. Of this amount, a new investment of \$12.8 million will be available for all counties to implement their System Improvement Plans. The Department of Social Services (DSS) will work with the County Welfare Directors Association to develop an application and approval process to allocate these funds.

Similarly, the legislative augmentation for AAP training is unnecessary as the DSS intends to increase efforts in 2005-06 to provide training and technical assistance to county social workers regarding the eligibility determination process for the AAP within existing resources.

Item 5180-151-0890—For local assistance, Department of Social Services. I reduce this item from \$1,382,198,000 to \$1,379,969,000.

I am reducing this item to conform to the action I have taken in Item 5180-151-0001.

Item 5225-001-0001—For support of the Department of Corrections and Rehabilitation. I revise this item from \$6,623,170,000 to \$6,623,060,000 by reducing:

- (9) 35-Board of Parole Hearings from \$78,707,000 to \$78,597,000, and by deleting Provision 25.

I am deleting the legislative augmentation of \$110,000, which would provide additional staff for the Foreign Prisoner Transfer Program to increase outreach and marketing efforts to encourage more foreign prisoners to volunteer to be transferred back to their country of origin. The Board of Parole Hearings has staff to operate this program and is already taking steps to increase inmate awareness of the program. Transfers are not due to a lack of staff but other factors, such as the willingness of prisoners to volunteer to transfer, the willingness of the other countries to accept the prisoner and agree to California sentencing requirements, and treaties with other nations. Therefore, this augmentation is not necessary.

I am deleting Provision 25 to make a technical correction to the Budget Bill. Provision 29 of this item includes similar language that correctly reflects the Legislature's action on this issue.

Item 6110-001-0001—For support of Department of Education. I reduce this item from \$42,674,000 to \$42,206,000 by reducing:

(3) 30-Special Programs from \$50,109,000 to \$49,141,000;

(9) Amount payable from Federal Trust Fund (Item 6110-001-0890) from -\$149,985,000 to -\$149,485,000;

and by deleting Provision 3.

I am reducing this item by \$468,000 and 4.6 positions to eliminate support for the Healthy Start program which conforms to my action taken in Item 6110-200-0001.

Item 6110-001-0890—For support of Department of Education. I reduce this item from \$149,985,000 to \$149,485,000.

I am deleting the \$500,000 augmentation to the Legislative Analyst's Office to study the distribution of federal and state supplementary funding targeted at the State's economically disadvantaged and English language learner students. The use of federal funds to study funding formulas for state programs is inappropriate and may constitute an audit exception. Further, this augmentation is unnecessary. The work group I have already directed, consisting of the Office of the Secretary for Education, the Legislative Analyst's Office, and the State Department of Education, could address this issue at an absorbable cost.

I am deleting Provision 18.5 to conform to this action.

Item 6110-123-0890—For local assistance, Department of Education (Proposition 98). I reduce this item from \$65,141,000 to \$51,329,000 by reducing:

(2) 20.60.030.038-Comprehensive School Reform Program from \$43,839,000 to \$30,027,000.

I am deleting the \$13,812,000 legislative augmentation in carryover for this program. These funds were originally included in the No Child Left Behind Act flexibility proposal for carryover funds. Because the number of schools and districts identified as "program improvement" under the federal school accountability system has significantly increased, I believe it is a higher priority to target these carryover funds directly to low-achieving schools and districts to improve the academic performance of their pupils. Consequently, I will pursue future legislation appropriating these funds for that purpose and continue to work with the federal government through the State Board of Education to obtain approval of a No Child Left Behind Act flexibility proposal.

Item 6110-125-0890—For local assistance, Department of Education. I reduce this item from \$294,959,000 to \$275,759,000 by reducing:

(2) 10.30.010-Title I, Migrant Education from \$144,461,000 to \$125,261,000.

I am deleting the \$19,200,000 legislative augmentation in carryover for this program. These funds were originally included in the No Child Left Behind Act flexibility proposal for carryover funds. Because the number of schools and districts identified as "program improvement" under the federal school accountability system has significantly increased, I believe it is a higher priority to target these carryover funds directly to the low-achieving schools and districts that have large populations of migrant students to improve the academic performance of these pupils. Consequently, I will pursue future legislation appropriating these funds, and I will continue to work with the federal government through the State Board of Education to obtain approval of a No Child Left Behind Act flexibility proposal.

Item 6110-136-0890—For local assistance, Department of Education. I reduce this item from \$1,846,724,000 to \$1,805,187,000 by reducing:

(1) 10.30.060-Title I-ESEA from \$1,751,527,000 to \$1,727,227,000;

(3) 10.30.080-Title I-School Improvement from \$86,477,000 to \$69,240,000;

and by revising Provision 5.

I am deleting the \$41,537,000 legislative augmentation in carryover for these programs. These funds were originally included in the No Child Left Behind Act flexibility proposal for carryover funds. Because the number of schools and districts identified as "program improvement" under the federal school accountability system has

significantly increased, I believe it is a higher priority to target these carryover funds directly to low-achieving schools and districts to improve the academic performance of their pupils. Consequently, I will pursue future legislation appropriating these funds and continue to work with the federal government through the State Board of Education to obtain approval of a No Child Left Behind Act flexibility proposal.

I am revising Provision 5 to conform to this action.

“5. Of the funds appropriated in Schedule (3), ~~\$46,477,000~~ \$29,240,000 shall be available pursuant to Article 3.1 (commencing with Section 52055.57) of Chapter 6.1 of Part 28 of the Education Code, for Title I district accountability.”

Item 6110-161-0001—For local assistance, Department of Education, (Proposition 98) Special Education. I reduce this item from \$2,894,790,000 to \$2,890,022,000 by reducing:

(1) 10.60.050.003-Special education instruction from \$2,831,196,000 to \$2,826,428,000,

and by revising Provision 24.

I am deleting \$4,768,000 from Provision 24 of this item to correct a technical over-appropriation which should have been offset by a corresponding increase in property tax estimates assumed as part of the final budget agreement. I am setting these funds aside for appropriation in subsequent legislation for other Proposition 98 priorities.

I am revising Provision 24 to conform to this action:

“24. Of the amount appropriated in Schedule (1), ~~\$52,620,000~~ \$47,852,000 is available for the 2005–06 fiscal year on a one-time basis. Local educational agencies shall use these funds for one-time purposes, including, but not limited to, the following: to assist students with disabilities pass the California High School Exit Examination, instructional materials, or other one-time expenditures for students with disabilities.”

I am sustaining the remainder of this appropriation with the understanding that subsequent clean-up legislation will correct various technical issues in both this item and in Item 6110-161-0890 that concern funding for students with disabilities, including a correction that will identify the amount passed through to Special Education Local Plan Areas (SELPA) in Provision 21 as \$58.4 million rather than the lesser amount currently specified. I further expect that subsequent legislation will specify that the first priority for the use of the amount of funding remaining in Provision 24 for allocation to SELPA will be to help students with disabilities pass the state’s High School Exit Exam.

Item 6110-191-0001—For local assistance, Department of Education (Proposition 98). I delete this item.

I am deleting the \$20,000,000 for purchase of supplemental materials for English language learners that was shifted by the Legislature from Instructional Materials in Item 6110-189-0001. The action by the Legislature to link this funding to the funding appropriated for Career-Technical Education through Control Section 24.50 is unconstitutional and attempts to usurp the authority of the Governor to veto items of appropriation. Furthermore, the Budget Act of 2004 contained \$30,000,000 for supplemental materials for English language learners that has yet to be allocated. Therefore, this additional appropriation is premature. I am setting these funds aside for appropriation in subsequent legislation for other Proposition 98 priorities.

Item 6110-200-0001—For local assistance, Department of Education. I delete this item.

I am deleting this \$2,000,000 legislative augmentation because the one-time funding included in the 2004 Budget Act for this program was intended to fully fund both the planning and operational grants for each grantee, thus not resulting in any future-year obligations for the State. I am therefore setting these funds aside for appropriation in subsequent legislation that ensures that any grants provided this year will eliminate any subsequent funding pressures or obligations on the state in the future. This action will have no effect on schools currently operating these programs, as full funding for their multi-year grant periods has been provided in past budgets.

Item 6110-243-0001—For local assistance, Department of Education. I am sustaining this item.

I am sustaining the \$20,000,000 legislative augmentation because it is a high priority of my Administration to provide the services necessary to help eligible pupils pass the California High School Exit Exam. It is my understanding that further legislation will be enacted to address some concerns I have with the language contained in this item. For instance, the language would allow the services to be provided during the regular school day, which would likely remove these pupils from other important instructional opportunities. In addition, this item only contains funding for two of the four currently funded supplemental instruction programs, which delays allocation of funds and inhibits flexibility. Therefore, it is my expectation that legislation will also restore the supplemental programs contained in this item back to the original supplemental instruction funding item to resolve these issues and maximize the level of funding available to serve students who have failed or are likely to fail the exit exam.

Item 6440-006-0001—For support of University of California. I delete this item and Provision 1.

I am deleting this item which reflects a legislative augmentation of \$108,000 to support California's membership in the Western Interstate Commission for Higher Education (WICHE). When acting on the 2004 Budget last year, the Legislature deleted funding for membership dues for WICHE, as well as other state membership dues because of the fiscal condition of the state. It is my understanding that the higher education segments have agreed to fund their share of the membership dues in this budget year as well.

Item 6610-002-0001—For support of California State University. I reduce this item from \$3,034,000 to \$2,807,000 by reducing:

- (1) Center for California Studies-Fellows Program from \$610,000 to \$602,653;
- (3) Assembly Fellows from \$597,851 to \$537,354;
- (4) Senate Fellows from \$597,851 to \$537,354;
- (5) Executive Fellows from \$597,351 to \$536,854;
- (6) Judicial Fellows from \$421,659 to \$386,647; and
- (7) LegiSchool Project from \$116,788 to \$113,638.

I am reducing the legislative augmentation for the Capital Fellows Programs from \$309,000 to \$82,000, reflecting an overall increase of three percent in base funding for these programs, consistent with the Compact for Higher Education.

Item 6870-101-0001—For local assistance, Board of Governors of the California Community Colleges (Proposition 98). I revise this item by deleting Provision 6.6 to conform to the action I have taken in Control Section 24.50.

Consistent with my action in Control Section 24.50, I am deleting Provision 6.6 which states legislative intent to fund Career Technical Education pursuant to the Legislature's addition of Control Section 24.50. Control Section 24.50 would require that \$20,000,000 for Career Technical Education be linked to providing an identical amount of funding for supplemental instructional materials for English learners. These two programs do not share any legal or programmatic relationship, thus the Control Section creates an inappropriate funding link between these distinct programs. Further, this action is unconstitutional and attempts to usurp the Governor's veto authority.

I have a strong commitment to career technical education reform in order to ensure that all students have the opportunity to prepare for high paying careers in the high demand job sectors of our economy. Therefore, I am setting aside \$20,000,000 from my veto of Control Section 24.50 to provide support for Career Technical Education in separate legislation.

I am deleting Provision 6.6 to conform.

Item 6870-486—Reappropriation (Proposition 98), Board of Governors of the California Community Colleges. I revise this item from \$33,000,000 to \$15,600,000 as follows:

“6870-486—Reappropriation (Proposition 98), Board of Governors of the California Community Colleges. The sum of ~~\$33,000,000~~ \$15,600,000 is reappropriated from the Proposition 98 Reversion Account, for the purpose of backfilling a projected shortfall in 2004–05 local property tax revenues for community colleges. ~~To the extent~~

that the funding provided for this purpose exceeds the amount necessary to compensate community colleges for the shortfall in local property tax revenues; the remaining funding shall be reappropriated to community colleges to further support equalizing community college apportionment rates.²²

I am reducing the Legislature's augmentation to community colleges to backfill a projected shortfall in 2004–05 local property tax revenues from \$33,000,000 to \$15,600,000. I am advised that the community colleges will experience a shortfall not greater than \$21,000,000 in the current year. Furthermore, the community colleges are not likely to earn all growth funding for 2004–05, and as such the system would not incur the costs of instruction anticipated for the current year. Given the continuing structural deficit facing the state, a portion of these resources should therefore be utilized for higher priorities. Consistent with that approach, I am setting aside this \$17,400,000, in combination with the set aside of \$20,000,000 from my action on Control Section 24.50, to provide support for Career Technical Education pursuant to separate legislation.

Item 7980-001-0784—For support of Student Aid Commission. I delete Provision 4.

I am deleting Provision 4 because it would limit the Commission's authority to carry out its statutory authority by requiring advance notification of specified actions related to the governance structure and roles and responsibilities of the EdFUND Board of Directors. Additionally, this provision's expressed intent regarding the sale or transfer of the federal loan guarantee to another entity is a policy matter that should be addressed only after thoughtful deliberation by the Legislature and the Administration.

Chapter 961, Statutes of 1996, authorizes the Student Aid Commission to establish an auxiliary organization for the purpose of providing operational and administrative services for the Commission's participation in the Federal Family Education Loan Program. Among other duties and responsibilities, the Commission is empowered to nominate and appoint a board of directors for the auxiliary organization. As such, Provision 4 infringes on the Executive Branch's ability to operate programs and establishes a substantive change in law.

Item 7980-101-0001—For local assistance, Student Aid Commission. I am sustaining this item.

I am sustaining the legislative authorization contained in subdivision (e) of Provision 1 for an augmentation of 300 additional APLE loan assumption warrants because loan assumptions are a critical incentive to encourage science and math majors to become teachers. However, given the budget agreement to fund the Science and Math Teacher Initiative in the University of California and California State University segments, it is necessary that this provision be modified in subsequent legislation to make these additional warrants available exclusively to candidates participating in the initiative, as determined by the segments. In this way, we can assure the success of the initiative to provide our students with the most proficient science and math teachers possible, which is critical to California's future economic well-being.

Item 7100-001-0001—For support of Employment Development Department. I reduce this item from \$22,679,000 to \$22,186,000.

I am reducing the legislative augmentation by \$493,000, which would provide funding for increasing the department's efforts to collect employment taxes owed to the state. In recognition of the potential merits associated with this effort, I am sustaining \$2,194,000 of the augmentation. This reduction is necessary to reflect a more realistic timeframe for the implementation of this effort.

Item 7100-001-0514—For support of Employment Development Department. I delete Provision 3.

Provision 3 sets aside \$2,500,000 from this item to fund a health care training program to be adopted in legislation during the 2005–06 session. I am concerned about restricting the use of this funding for legislation that has not yet been passed by the Legislature.

California has a real and growing nursing shortage. California will have a shortage of 47,600 nurses by 2010. This means that California will need an additional 9,500 nurses every year for the next five years just to meet demand. California is currently ill-equipped to meet that demand. That is why my Administration has recently devel-

oped a multifaceted, comprehensive program of more than \$100,000,000 to build California's capacity to train nurses. Provision 3 would unnecessarily hamper the efforts my Administration has embarked upon in this regard.

Item 7100-001-0588—For support of Employment Development Department. I reduce this item from \$214,699,000 to \$214,488,000.

I am reducing the legislative augmentation by \$211,000 which would provide funding for increasing the department's efforts to collect employment taxes owed to the state. In recognition of the potential merits associated with this effort, I am sustaining \$940,000 of the augmentation. This reduction reflects the anticipated timeframe for the implementation of this effort.

Item 7100-001-0870—For support of Employment Development Department. I revise this item by reducing:

- (2) 21-Tax Collections and Benefit Payments from \$647,908,000 to \$647,204,000;
- (9) Amount payable from the General Fund (Item 7100-001-0001) from -\$22,679,000 to -\$22,186,000; and
- (13) Amount payable from the Unemployment Compensation Disability Fund (Item 7100-001-0588) from -\$214,699,000 to -\$214,488,000.

In recognition of the potential merits associated with increasing the efforts to collect employment taxes owed to the state, I am sustaining \$3,134,000 of the \$3,838,000 augmentation to provide funding for 50 auditors and collectors in the Tax Collections and Benefits Payments Program. I am reducing the legislative augmentation by \$704,000 to reflect the anticipated timeframe within which these new personnel will be hired by the Department.

This action conforms to the reductions of Items 7100-001-0001 and 7100-001-0588.

Item 7350-001-0001—For support of Department of Industrial Relations. I reduce this item from \$64,249,000 to \$61,249,000 by reducing:

- (6) 50-Division of Labor Standards Enforcement from \$49,983,000 to \$46,983,000, and by deleting Provision 2.

I am deleting the legislative augmentation that provided \$3,000,000 and 30.4 personnel years to expand enforcement efforts by the Labor Commissioner and the Bureau of Field Enforcement. In the years prior to my arrival in Sacramento, literally dozens of new laws were added to the California Labor Code. Unfortunately, while all these new laws were being added to the Labor Code, the number of labor law officials actually enforcing the laws was slashed dramatically. In fact, when my Administration began in November 2003, not a single enforcement official was based in the Central Valley. This disregard for the importance of vigorous labor law enforcement allowed the underground economy to flourish.

In January, I proposed, and this Budget creates, the Economic and Employment Enforcement Coalition (EEEC). The EEEEC will coordinate underground economy enforcement activities by the Department of Industrial Relations (DIR), the Employment Development Department, the Contractors State License Board, and others. The Budget provides the EEEEC with 63 positions, including \$3,026,000 and 27.5 personnel years for DIR. Also, a concerted effort was made to create these positions without using General Fund dollars, allowing those dollars to be used for other high-priority needs.

I am deleting Provision 2 to conform to this action.

Item 8660-001-0461—For support of Public Utilities Commission. I reduce this item from \$8,785,000 to \$8,502,000.

The Legislature augmented the Public Utilities Commission's (PUC's) rail safety program by \$1,242,000. Because rail safety is of paramount importance, I am sustaining \$959,000 of this augmentation on a one-time basis. I am reducing this augmentation by \$283,000 that was intended for additional legal staff and governmental liaisons because they are unnecessary to increase railroad safety inspections and investigations. In addition, the State Auditor recently issued a report identifying deficiencies in the PUC's accounting practices in this program. Consequently, continuation of this augmentation will be dependent upon the PUC rectifying these deficiencies and ensuring that the fees which support this program are fully allocated to these activities.

Item 8660-001-0462—For support of Public Utilities Commission. I revise this item by reducing:

- (1) 10-Regulation of Utilities from \$88,887,000 to \$87,887,000;
- (3) 20-Regulation of Transportation from \$16,043,000 to \$15,760,000;
- (10) Amount payable from the Public Utilities Commission Transportation Reimbursement Account (Item 8660-001-0461) from -\$8,785,000 to -\$8,502,000;
- (18) Amount payable from the Public Utilities Commission Ratepayer Advocate Account (Item 8660-001-3089) from -\$19,379,000 to -\$18,379,000.

I am revising this item to conform to the actions I have taken in Items 8660-001-0461, 8660-001-3089, and 8660-011-0462.

Item 8660-001-3089—For support of the Public Utilities Commission. I reduce this item from \$19,379,000 to \$18,379,000.

I am deleting the \$1,000,000 legislative augmentation to fund an additional 10.0 positions in the Office of Ratepayer Advocates' (ORA) telecommunications division. The ORA already has 122 positions and did not provide sufficient workload detail to justify additional positions. If the ORA can identify critical work that is not being performed by the existing staff, it can be considered in next year's budget.

Item 8660-011-0462—For transfer by the Controller from the Public Utilities Commission Utilities Reimbursement Account to the Public Utilities Commission Ratepayer Advocate Account. I reduce this item from (\$19,379,000) to (\$18,379,000).

I am reducing this item by \$1,000,000 to conform to the actions I have taken in Items 8660-001-0462 and 8660-001-3089.

Item 8855-001-0001—For support of Bureau of State Audits. I reduce this item from \$14,232,000 to \$13,082,000 by reducing:

- (1) 10-State Auditor from \$14,232,000 to \$13,082,000.

I am deleting the \$1,150,000 legislative augmentation to the Bureau of State Audits. Augmenting this item is inconsistent with the creation of the Office of Inspector General since the Administration does not oversee or direct the activities of the Bureau of State Audits.

Item 8860-001-0001—For support of Department of Finance. I reduce this item from \$34,542,000 to \$33,392,000 by reducing:

- (2) 20-Program and Information System Assessments from \$15,361,000 to \$14,211,000.

I proposed a new Office of the State Inspector General, but the Legislature rejected my proposal and augmented this item by \$1,150,000 to provide funding for staffing and associated resources for additional audits by the Office of State Audits and Evaluations in the Department of Finance. These audits would assess and strengthen the internal accounting and administrative control systems to minimize fraud, errors, abuse, and waste of government funds within any department or agency reorganized in the 2005–06 Legislative Session.

I am deleting the legislative augmentation because it does not address the identified need. The Office of the State Inspector General would have a much broader purview than the Department of Finance, which conducts fiscal audits and provides accounting advice to departments. My proposal would require criminal investigations that the Department of Finance does not have the authority to conduct. Additionally, Department of Finance staff does not have the experience or training to work in an arena controlled by the rules of evidence for criminal proceedings. I will bring my proposal for a meaningful and effective Office of Inspector General back next year.

Item 8940-001-0604—For support of Military Department. I reduce this item from \$5,200,000 to \$2,200,000 by reducing:

- (1) 10-Army National Guard from \$5,200,000 to \$2,200,000.

I am reducing the legislative augmentation to make additional repairs to existing armories throughout the state from \$3,700,000 to \$700,000. With this action, the Military Department will have \$2,200,000 to begin addressing maintenance and repair needs at armories.

I am directing the Office of the Adjutant General to complete a comprehensive review of its facility needs, including an assessment of deferred maintenance needs for the armories.

Further, there is a substantial backlog of deferred maintenance at other buildings under the state's management, and this augmentation would have privileged armories over other needs for maintenance of higher priority.

I am also deleting Item 8940-002-0001 to conform to this action.

Item 8940-002-0001—For transfer by the Controller to the Armory Fund. I delete this item.

I am deleting \$3,000,000 in this item to conform to the action I have taken in Item 8940-001-0604.

Item SEC. 4.10—Reporting Requirements for Unallocated Reductions. I delete this Control Section.

I am deleting this control section that requires the Director of Finance to report to the Legislature by December 10, 2005, on the impact of the unallocated reductions included in the 2005 Budget Act. This language is an infringement on the Executive Branch's budget development process as the information necessary to produce this report may include budgetary decisions that would not be reached until the preparation of the 2006–07 Governor's Budget was complete.

SEC. 12.75—Basic Aid District Reduction. I revise this Control Section to delete the \$280,000 legislative augmentation to basic aid district categorical funding. The Budget still provides \$1,260,000 to reduce cuts made to basic aid district categorical funding in the 2003–04 Budget. However, I am setting aside these additional funds for appropriation in subsequent legislation for other Proposition 98 priorities. The total reduction to basic aid district categorical funding in the 2005–06 fiscal year is \$1,406,000.

I am revising Control Section 12.75 as follows:

“SEC. 12.75. The Superintendent of Public Instruction shall reduce by ~~\$1,426,000~~ 1,406,000 funding for basic aid school districts from the Proposition 98 categorical funds appropriated in this act that would otherwise be allocated to basic aid school districts, in accordance with legislation that goes into effect on or before January 1, 2006.”

Item SEC. 24.50—Career Technical Education. I delete this Control Section.

I am deleting the Legislature's addition of this Control Section to require that \$20,000,000 for Career Technical Education be linked to providing an identical amount of funding for supplemental instructional materials for English learners. These two programs do not share any legal or programmatic relationship, thus the Control Section creates an inappropriate funding link between these distinct programs. Further, this action is unconstitutional and attempts to usurp the Governor's veto authority.

I have a strong commitment to career technical education reform in order to ensure that all students have the opportunity to prepare for high paying careers in the high demand job sectors of our economy. Therefore, I am setting aside \$20,000,000 from this veto to provide support for the Career Technical Education proposal in separate legislation.

I am also deleting Provision 6.6 of Item 6870-101-0001 to conform to this action.

With the above deletions, revisions, and reductions, I hereby approve Senate Bill 77.

ARNOLD SCHWARZENEGGER

The people of the State of California do enact as follows:

SECTION 1.00. This act shall be known and may be cited as the “Budget Act of 2005.”

SEC. 1.50. (a) In accordance with Section 13338 of the Government Code, as added by Chapter 1284, Statutes of 1978, and as amended by Chapter 1286, Statutes of 1984, it is the intent of the Legislature that this act utilize a coding scheme compatible with the Governor’s Budget and the records of the Controller, and provide for the appropriation of federal funds received by the state and deposited in the State Treasury.

(b) Essentially, the format and style are as follows:

(1) Appropriation item numbers have a code which is common to all the state’s fiscal systems. The meaning of this common coded item number is as follows:

2720—Organization Code (this code represents the California Highway Patrol)

001—Reference Code (first appropriation for a particular fund for support of each department)

0044—Fund Code (Motor Vehicle Account, State Transportation Fund)

(2) Appropriation items are organized in organization code order as reflected in the Governor’s Budget.

(3) All the appropriation items, reappropriation items, and reversion items, if any, for each department or entity are adjacent to one another.

(4) Federal funds received by the state and deposited in the State Treasury are appropriated in separate items.

(c) The Department of Finance may authorize revisions to the codes used in this act in order to provide compatibility between the codes used in this act and those used in the Governor’s Budget and in the records of the State Controller.

(d) Notwithstanding any other provision of this act, the Department of Finance may revise the schedule of any appropriation made in this act where the revision is of a technical nature and is consistent with legislative intent. These revisions may include, but shall not be limited to, the substitution of category for program or program for category limitations, the proper categorization of allocated administration costs and cost recoveries, the distribution of any unallocated amounts within an appropriation and the adjustment of schedules to facilitate departmental accounting operations, including the elimination of categories providing for amounts payable from other items or other appropriations and the distribution of unscheduled amounts to programs or categories. These revisions shall include a certification that the revisions comply with the intent and limitation of expenditures as appropriated by the Legislature.

(e) Notwithstanding any other provision of this act, when the Department of Finance, pursuant to subdivision (d), approves the schedule

or revision of any appropriation relating to the elimination of amounts payable, the language authorizing the transfer shall also be eliminated.

SEC. 2.00. (a) The following sums of money and those appropriated by any other sections of this act, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated for the use and support of the State of California for the 2005–06 fiscal year beginning July 1, 2005, and ending June 30, 2006. All of these appropriations, unless otherwise provided herein, shall be paid out of the General Fund in the State Treasury.

(b) Appropriations and reappropriations for capital outlay, unless otherwise provided herein, shall be available for expenditure during the 2005–06, 2006–07, and 2007–08 fiscal years, except that appropriations and reappropriations for studies, preliminary plans, working drawings, or minor capital outlay, except as provided herein, shall be available for expenditure only during the 2005–06 fiscal year. In addition, the balance of every appropriation or reappropriation made in this act that contains funding for construction that has not been allocated, through fund transfer or approval to proceed to bid, by the Department of Finance on or before June 30, 2006, except as provided herein, shall revert as of that date to the fund from which the appropriation was made.

(c) Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for salaries, support or any proper purpose, expenditures shall be made therefrom for any such purpose only to the extent of the amount therein appropriated, unless otherwise stated herein.

(d) Appropriations for purposes not otherwise provided for herein that have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

The use of existing employees in community-based settings will provide for the continuation of services and supports to address specified needs, including medical, social, educational, and related functions, as individuals adapt to their new living environment.

By April 1, 2006, the State Department of Developmental Services and the State Department of Mental Health shall jointly report to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees of each house of the Legislature regarding the feasibility and advisability of modifying their reimbursement systems to account separately for drugs provided for eligible developmental center residents and state hospital patients so that the state can obtain Medicaid prices and collect the rebates to which it is entitled from drug manufacturers. Nothing in this provision is intended to preclude the two departments from acting sooner than this date to implement this action or to take alternative actions that, in their discretion, would reduce the cost to the state for providing drugs for residents and patients of these state facilities.

Any mail campaign must give priority to existing pupils, recent high school graduates, and 12th graders. The outreach and information campaign should target its efforts in high schools, welfare offices, unemployment offices, churches, community centers, and any other location that will most effectively reach low-income and disadvantaged students who must overcome barriers in accessing postsecondary education. The community college district awarded the contract shall consult with the Chancellor of the California Community Colleges and the Student Aid Commission prior to performing any activities to ensure appropriate coordination with any other state efforts in this area and ensure compliance with this provision.

- (2) Of the amount appropriated in Schedule (4), not more than \$34,200,000 shall be for direct contact with potential and current financial aid applicants. All funding shall be allocated directly to participating districts in accordance with their participation agreement.

14. The funds appropriated in Schedule (6), Special Services for CalWORKs recipients, are for the purpose of assisting welfare recipient students and those in transition off of welfare to achieve long-term self-sufficiency through coordinated student services offered at community colleges, including: workstudy, other educational related work experience, job placement services, child care services, and coordination with county welfare offices to determine eligibility and availability of services. All services funded in Schedule (6) shall be for current CalWORKs recipients or prior CalWORKs recipients who are in transition off of cash assistance for no more than two years. Current cash assistance recipients may utilize these services until their initial educational objectives are met. Former recipients in transition off of cash assistance may utilize these services for a period of up to two years after leaving cash assistance subject to the conditions of this provision. These funds shall be used to supplement and not supplant existing funds and services provided for CalWORKs recipients attending community colleges. The Chancellor of the California Community Colleges shall develop an equitable method for allocating funds to all districts and colleges based on the relative numbers of CalWORKs recipients in attendance and shall allocate funds for the following purposes:
 - (a) Job placement.
 - (b) Coordination with county welfare offices and other local agencies, including local workforce investment boards.
 - (c) Curriculum development and redesign.
 - (d) Child care and workstudy.

- (e) Instruction.
- (f) Postemployment skills training and related skills.

Of the amount appropriated in Schedule (6) of this item, \$15,000,000 shall be for child care and shall not require a district match. For the remaining funds, districts shall, as a condition of receipt of these funds, provide a \$1 match for every \$1 provided by the state.

Funds utilized for subsidized child care shall be for children of CalWORKs recipients through campus-based centers or parental choice vouchers at rates and with rules consistent with those applied to related programs operated by the State Department of Education in the 2005–06 fiscal year, including eligibility, reimbursement rates, and parental contribution schedules. Subsidized campus child care for CalWORKs recipients may be provided during the period they are engaged in qualifying state and federal work activities through attainment of their initial education and training plan and for up to three months thereafter or until the end of the academic year, whichever period of time is greater.

Funds utilized for workstudy shall be used solely for payments to employers that currently participate in campus-based workstudy programs or are providing work experiences that are directly related to and in furtherance of student educational programs, provided that those payments may not exceed 75 percent of the wage for the workstudy positions, and the employers shall pay at least 25 percent of the wage for the workstudy position. These funds may be expended only if the total hours of education, employment, and workstudy for the student are sufficient to meet both state and federal minimum requirements for qualifying work-related activities.

Funds may be used to provide credit or non-credit classes for CalWORKs students if a district has committed all of its funded full-time-equivalent students (FTES) and is unable to offer the additional instructional services to meet the demand for CalWORKs students. This determination shall be based on fall enrollment information. Districts shall submit applications to the chancellor's office by October 15 of each year. If

the chancellor approves the use of funds for direct instructional workload, the chancellor's office shall submit a report to the Department of Finance and the Joint Legislative Budget Committee by November 15, 2005, that (1) identifies the enrollment of new CalWORKs students, (2) states whether and why additional classes were needed to accommodate the needs of CalWORKs students, and (3) sets forth an expenditure plan for the balance of funds.

As a condition of receipt of the funds appropriated in Schedule (6), by the fourth week following the end of the semester or quarter term commencing in January 2006, each participating community college shall submit to the chancellor's office a report, in the format specified by the chancellor in consultation with the State Department of Social Services, that includes, but is not limited to, the funded components, the number of hours of child care provided, the average monthly enrollment of CalWORKs dependents served in child care, the number of workstudy hours provided, the hourly salaries and type of jobs, the number of students being case managed, the short-term programs available, the student participation rates, and other outcome data. It is intended that, to the extent practical, reporting from colleges utilize data gathered for federal reporting requirements at the state and local level. Further, it is intended that the chancellor's office compile the information for annual reports to the Legislature, the Governor, the Legislative Analyst, and the Departments of Finance and Social Services by November 15 of each year.

First priority for expenditures of any funds appropriated in Schedule (6) shall be in support of current CalWORKs recipients. However, if caseloads are insufficient to fully utilize all of the funding in this schedule in a cost beneficial way, it is intended that up to \$5,000,000 of the funds subject to local matching requirements may be allocated for providing postemployment services to former CalWORKs recipients who have been off of cash assistance for no longer than two years to assist them in upgrading skills, job retention, and advancement. Allowable services include direct instruction that cannot be

funded under available growth funding, child care to support attendance in these classes consistent with this provision, job development and placement services, and career counseling and assessment activities which cannot be funded through other programs. Child care services may only be provided for periods commensurate with a student's need for postemployment training within the two-year transitional period.

Prior to allocation of funds for postemployment services, the chancellor shall first secure the approval of the Department of Finance for the allocations, complete a cumulative report on the outcomes, activities, and cost-effectiveness of the program no later than November 15, 2005, in compliance with the Budget Acts of 1998 (Ch. 324, Stats. 1998) and 1999 (Ch. 50, Stats. 1999) and this act, and shall provide the rationale and justification for the proposed allocation of postemployment services to districts for transitional students.

If a district is unable to fully expend its share of child care funds, it may request that the chancellor's office approve a reallocation to other CalWORKs purposes authorized by this provision, subject to all pertinent limitations and district match required for these purposes under this provision.

15. Funds appropriated in Schedule (6) of this item have been budgeted to meet the state's Temporary Assistance for Needy Families maintenance-of-effort requirement pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193) and may not be expended in any way that would cause their disqualification as a federally allowable maintenance-of-effort expenditure.
- 16.5. (a) Funds provided in Schedule (7) shall be allocated to provide foster and relative/kinship care education and training. Districts shall ensure that education and training required by Sections 1529.1 and 1529.2 of the Health and Safety Code and Section 16003 of the Welfare and Institutions Code receive priority. Districts may use any remaining funds for additional parenting skills and training.

Funds shall be distributed to districts based on the total actual full-time equivalent students served in the previous fiscal year and include a small district factor as determined by the Chancellor of the California Community Colleges. These funds are to be used to assist districts in making part-time faculty salaries more comparable to full-time salaries for similar work, as determined through each district's local collective bargaining process. These funds shall not supplant the amount of resources each district used to compensate part-time faculty or be used to exceed parity of each part-time faculty employed by each district with regular full-time faculty at the same district, as certified by the chancellor. If a district achieves parity, its allocation may be used for any other educational purpose.
18. These funds shall not supplant existing funds used for those purposes, and colleges shall match maintenance and ongoing costs with other funds as provided by Provision 21(a) of Item 6870-101-0001 of the Budget Act of 2003 (Ch. 157, Stats. 2003).

GENERAL SECTIONS
STATEWIDE

SEC. 3.00. Whenever herein an appropriation is made for support, it shall include salaries and all other proper expenses, including repairs and equipment, incurred in connection with the institution, department, board, bureau, commission, officer, employee, or other agency for which the appropriation is made.

Each item appropriating funds for salaries and wages includes the additional funds necessary to continue the payment of the amount of salaries in effect on June 30, 2005, for the state officers whose salaries are specified by statute.

Whenever herein an appropriation is made for capital outlay, it shall include acquisition of land or other real property, major construction, improvements, equipment, designs, working plans, specifications, repairs, and equipment necessary in connection with a construction or improvement project.

Whenever herein any item of appropriation contains provisions for acquisition of land or other real property, it shall include all necessary expenses in connection with the acquisition of the property.

Whenever herein an appropriation is made in accordance with a schedule set forth after the appropriation, the expenditures from that item for each category, program, or project included in the schedule shall be limited to the amount specified for that category, program, or project, except as otherwise provided in this act. Each schedule is a restriction or limitation upon the expenditure of the respective appropriation made by this act, does not itself appropriate any money, and is not itself an item of appropriation.

As used in this act in reference to the schedules "category," "program," or "project" means a class of expenditure such as, but not limited to:

(a) "Personal services," which shall include all expenditures for payment of officers and employees of the state, including: salaries and wages, workers' compensation, compensation paid to employees on approved leave of absence on account of sickness, unemployment compensation benefits, insurance premiums for workers' compensation coverage, industrial disability leave and payments, nonindustrial disability benefits and payments, the state's contributions to the Public Employees' Retirement Fund, the Teachers' Retirement Fund, the University of California Retirement Fund to provide for that portion of retirement costs to be provided for Hastings College of the Law in Item 6600-001-0001 of this Budget Act, the Old Age and Survivors' Insurance Revolving Fund, the Public Employees' Contingency Reserve Fund, and the state's cost of health benefits plans; but shall not include compensation of independent contractors rendering personal services to the state under contract.

(b) "Operating expenses and equipment," which shall include all expenditures for purchase of materials, supplies, equipment, services (other than services of state officers and employees), departmental services (services provided by other organizational units within a department, including indirect distributed costs), and all other proper expenses.

(c) "Preliminary plans" are defined as a site plan, architectural floor plans, elevations, outline specifications, and a cost estimate. For each utility, site development, conversion and remodeling project, the drawings shall be sufficiently descriptive to accurately convey the location, scope, cost, and the nature of the improvement being proposed.

(d) "Working drawings" are defined as a complete set of plans and specifications showing and describing all phases of a project, architectural, structural, mechanical, electrical, civil engineering, and landscaping systems to the degree necessary for the purposes of accurate bidding by contractors and for the use of artisans in constructing the project. All necessary professional fees and administrative service costs are included in the preparation of these drawings.

(e) "Construction," when used in connection with a capital outlay project, shall include all such related things as fixtures, installed equipment, auxiliary facilities, contingencies, project construction, management, administration and associated costs.

(f) "Minor projects" include planning, working drawings, construction, improvements, and equipment projects not specifically set forth in the schedule.

(g) "Programs" include all expenditures, regardless of category, required to carry out the objectives of the named activity.

For the purpose of further interpreting the meaning of the words, terms and phrases, and uniform codes used in the schedules, reference is hereby made to those documents entitled, "State of California Governor's Budget for 2005-06," submitted by the Governor to the Legislature at the 2005 portion of the 2005-06 Regular Session, the uniform accounting system prescribed by the Department of Finance under the provisions of Section 13300 of the Government Code and following, the Uniform Codes Manual, and the appropriate portions thereof. SEC. 5.45. (a) The Department of Finance shall provide information to the Legislature on resources bond funds for the CALFED program contained in the base budget at the time the Governor's Budget is submitted to the Legislature. Information provided should include the amount of bond funds, the source of bond funds, and the activities and positions supported by the funds.

(b) The Department of Finance shall annually submit budget change proposals to the Legislature for CALFED-related local assistance and capital outlay expenditures supported by resources bond funds.

SEC. 6.00. No more than \$100,000 of the funds appropriated for support purposes under Section 2.00 or any other sections of this act may be encumbered for preliminary plans, working drawings, or construction of any project for the alteration of a state facility unless the Director of Finance determines that the proposed alteration is critical and that it is necessary to proceed using funds appropriated for support purposes. Any approved critical project costing more than \$100,000 shall be reported to the Chairperson of the Joint Legislative Budget Committee or his or her designee, not less than 30 days prior to requesting bids for the project. The report shall detail those factors that make the project so critical that it must proceed using support funds. No project described by this section may cost more than \$400,000.

SEC. 8.00. (a) Notwithstanding Section 28.00 of this act, any amounts received from the federal government for the purposes of funding antiterrorism costs in the state that exceed the current appropriation of federal funds for that purpose, are hereby appropriated. These federal funds shall be allocated upon order of the Director of Finance to state departments for state or local assistance purposes or directly to local governments to address high-priority needs for costs of funding antiterrorism incurred in the 2004–05 fiscal year and ongoing or new costs for the 2005–06 fiscal year.

(b) Allocations made to state departments may be used to offset expenditures paid or to be paid from other funding sources. Allocations made for the purpose of an offset shall be applied as a negative expenditure to the appropriation where the expenditure has, or will be charged.

(c) Allocations pursuant to this section may be authorized not sooner than 30 days after notification, to the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine.

SEC. 8.50. (a) In making appropriations to state agencies that are eligible for federal programs, it is the intent and understanding of the Legislature that applications made by the agencies for federal funds under federal programs shall be for the maximum amount allowable under federal law. Therefore, any amounts received from the federal gov-

ernment are hereby appropriated from federal funds for expenditure or for transfer to, and disbursement from, the State Treasury fund established for the purpose of receiving the federal assistance subject to any provisions of this act that apply to the expenditure of these funds, including Section 28.00 of this act.

(b) However, if federal funds for block grant programs assumed by the state or for any item receiving federal funds are reduced by more than 5 percent of the amount appropriated in this act, the Director of Finance shall notify the chairperson of the committee in each house which considers appropriations, and the Chairperson of the Joint Legislative Budget Committee, in writing within 30 days after notification by the federal government that federal funds have been reduced, and shall include an estimate of the amount of the available or anticipated federal funds, the 2005–06 fiscal year expenditures of each program affected by the reduction, the effect of reduced funding on service levels authorized by this act, and a plan of reduced expenditures for each program affected by the reduction. The plan shall be operational on an interim basis for up to 45 days pending legislative review, after which time the plan shall become permanent.

SEC. 8.51. Each state agency shall, by certification to the Controller, identify the account within the Federal Trust Fund when charges are made against any appropriation made herein from the Federal Trust Fund.

SEC. 8.52. (a) The Director of Finance may reduce items of appropriation upon receipt or expenditure of federal trust funds in lieu of the amount appropriated for the same purpose and may make allocations for the purpose of offsetting expenditures. Allocations made for the purpose of offsetting existing expenditures shall be applied as a negative expenditure to the appropriation where the expenditure was charged.

(b) The director shall notify in writing the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature not less than 30 days prior to the effective date of any adjustments to items of appropriations made pursuant to this section or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. The notification shall include, but not be limited to, the basis for the proposed appropriations adjustments, a description of the fiscal assumptions used in making the appropriation adjustments, and any necessary background information regarding the programs to be adjusted. Any expenditure of federal funds for purposes other than offsetting other fund appropriations shall continue to be subject to the provisions of Section 28.00.

SEC. 8.53. It is the intent of the Legislature that reductions to federal funds appropriated in the Budget Bill enacted for each fiscal year, resulting from federal audits, be communicated to the Legislature in a timely manner. Therefore, notwithstanding any other provision of law, an agency, department, or other state entity receiving a final federal au-

dit or deferral letter shall provide a copy of it to the Chairperson of the Joint Legislative Budget Committee within 30 days.

SEC. 9.20. Notwithstanding Section 15860 of the Government Code, the amount of funds expended for administrative costs associated with any appropriation contained in this act for acquisition of property pursuant to the Property Acquisition Law (Part 11 (commencing with Section 15850) of Division 3 of Title 2 of the Government Code) shall be limited to the amount specified for those costs in the Supplemental Report of the Budget Act of 2005. Amounts for administrative costs may be augmented by no more than 5 percent by the State Public Works Board. Notwithstanding the foregoing, any amounts needed for administrative costs associated with acquisition through the condemnation authority of the State Public Works Board shall be provided through augmentation of the affected appropriations as authorized by existing law.

SEC. 9.30. In the event that federal courts issue writs of execution for the levy of state funds and such writs are executed, the State Controller shall so notify the Department of Finance. The Department of Finance shall then notify the State Controller of the specific appropriation or fund to be charged. Federal writs of execution for the levy of state funds may only be charged against appropriations or funds having a direct programmatic link to the circumstances under which the federal writ was issued. If the appropriate department or agency no longer exists, or no linkage can be identified, the federal writ shall be charged to the unappropriated surplus of the General Fund. In the event that an appropriation in the act would have insufficient funding by such a charge, funding augmentations must follow the regular budget processes.

SEC. 9.45. (a) Any state agency, department, board, or commission shall provide notification to the Department of Finance and the Joint Legislative Budget Committee not less than 30 days prior to committing funding from Proposition 40 or Proposition 50, if all of the following criteria apply:

(1) The funds will be used, either directly or through a grant, for the purchase of interests in, or the restoration or rehabilitation of property.

(2) The funds will be used for a grant or project that is not appropriated in statute by name or description.

(3) The total expenditure for the project, including, but not limited to, Proposition 40 or Proposition 50 funds, is in excess of \$25 million.

(b) The notification shall include a detailed description of the portion of the project being funded and a detailed description of the whole project. For the purposes of this section, the criteria set forth in subdivision (a) shall apply to both single transactions and cumulative transactions that involve the purchase of properties near or adjacent to each other.

(c) For purchases and grants meeting the criteria set forth in subdivision (a), the state agency, department, board, or commission may take public actions and hold public meetings prior to 30 days following no-

tification only if such actions are expressly approved pending the completion of the 30-day review by the Department of Finance and the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. The seller or grantee must be explicitly notified in writing of this condition 10 days prior to any action taken.

SEC. 9.50. For minor capital outlay projects for which, pursuant to Sections 10108 and 10108.5 of the Public Contract Code, the services of the Department of General Services are not required and a state agency or department is authorized to carry out its own project, the amount of the unencumbered balance of the project shall be determined in accordance with Section 14959 of the Government Code. Upon receipt of bids for the project, an estimate of any amount necessary for the completion of the project, including supervision, engineering, and other items, if any, shall be deemed a valid encumbrance and shall be included with any other valid encumbrance in determining the amount of an unencumbered balance.

SEC. 11.00. (a) A state agency to which state funds are appropriated by one or more statutes, including this act, for an information technology project may not enter into, or agree to any contract or any contract amendment, in the 2005–06 fiscal year that results, in the aggregate, in an increase in the budgeted cost of the project exceeding five hundred thousand dollars (\$500,000), or 10 percent of the budgeted cost of the project, whichever is less, unless the approval of the Director of Finance is first obtained and written notification of that approval is provided by the department to the Chairperson of the Joint Legislative Budget Committee, and the chairperson of the budget committee of each house of the Legislature, not less than 30 days prior to the effective date of the approval, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. Each notification required by this section shall (1) explain the necessity and rationale for the proposed contract or amendment, (2) identify the cost savings, revenue increase, or other fiscal benefit of the proposed contract or amendment, and (3) identify the funding source for the proposed contract or amendment.

(b) Subdivision (a) does not apply to a resulting increase in the budgeted cost of a project that is less than one hundred thousand dollars (\$100,000), or that is funded by an augmentation authorized pursuant to Section 26.00 of this act.

(c) The following definitions apply for the purposes of this section:

(1) “Budgeted cost of a project” means the total cost of the project as identified in the most recent feasibility study report, special project report, or equivalent document submitted to the Legislature in connection with its consideration of a bill that appropriated any state funding for that project.

(2) “State agency” means each agency of the state that is subject to Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of,

Division 3 of Title 2 of the Government Code except that this control section shall not apply to the University of California, the California State University, the State Compensation Insurance Fund, the community college districts, agencies provided for by Article VI of the California Constitution, or the Legislature.

SEC. 11.05. (a) Whenever an appropriation is made in this act for an information technology project which exceeds the appropriation provided by the Budget Act of 2004 (Ch. 208, Stats. 2004) for that project or for new projects and the Department of Finance has not approved the project or its modifications prior July 1, 2005, the increased appropriation is authorized not sooner than 30 days after the Department of Finance notifies in writing the chairperson of the budget committee in each house of the Legislature and the Chairperson of the Joint Legislative Budget Committee that it has been approved, or within a lesser time that the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. The notification shall include, but is not limited to, the following: (1) a description of the information technology project; (2) the approved project costs for the 2005–06 fiscal year and future fiscal years; and (3) the project’s start and implementation dates.

(b) Consistent with state policy, departments are required to provide the information technology project documents to the Legislative Analyst’s Office.

(c) Information technology projects are exempted from this section if the Department of Finance, prior to June 1, 2005, directed the department responsible for managing the project to provide information technology project documents after the completion of specific project events.

(d) If the amount approved by the Department of Finance is less than the amount appropriated in this act, the department responsible for managing the project may spend only up to the amount approved by the Department of Finance. Any remaining funds shall revert to the fund of appropriation at the time of project approval.

(e) It is the intent of the Legislature that departments follow state policy for requesting and approving new or modified information technology projects. It is the intent of the Legislature that this section not substitute for the submission of funding requests for information technology projects through the annual budget process. This section shall apply only one year. For the Budget Act of 2006, it is the intent of the Legislature to not approve additional funding for new or modified information technology projects that have not been approved or delegated by the Department of Finance prior to or upon budget submission to the Legislature.

SEC. 11.10. (a) Before a department may enter into or amend a statewide software license agreement not previously approved by the Legislature that obligates state funds in the current year or future years, the Director of Finance shall notify the Legislature whether or not the obligation will result in a net expenditure or savings. A department

shall prepare and submit to the Department of Finance a business proposal containing the following elements: installed base analysis, future use (including assumptions for future use), the reason for choosing a statewide license agreement rather than any other procurement method such as a volume purchase agreement, a cost/benefit analysis, a cost allocation methodology, and funding plan. A statewide software license agreement may not be entered into or amended unless the approval of the Director of Finance is first obtained and written notification of that approval is provided by the department to the Chairperson of the Joint Legislative Budget Committee, and the chairperson of the budget committee of each house of the Legislature, not less than 30 days prior to the effective date of the approval, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. Each notification required by this section shall:

- (1) Explain the necessity and rationale for the proposed agreement.
- (2) Identify the cost savings, revenue increase, or other fiscal benefit of the proposed agreement.

- (3) Identify the funding source for the proposed agreement.

(b) For purposes of this section, “statewide software license agreement” means a software license contract that can be used by multiple state agencies subject to Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of, Division 3 of Title 2 of the Government Code except that this control section shall not apply to the University of California, the California State University, the State Compensation Insurance Fund, the community college districts, agencies provided for by Article VI of the California Constitution, or the Legislature.

(c) Subdivision (a) does not apply if the amount of the proposed contract or amendment is less than \$1,000,000 in the aggregate.

SEC. 11.11. SEC. 13.00. (a) Notwithstanding any other provision of law, expenditures under Item 0160-001-0001 of Section 2.00 of this act or any appropriation in augmentation of that item shall be exempt from Chapter 7 (commencing with Section 11700) of Part 1 of, and Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of, Division 3 of Title 2 of the Government Code, Division 2 (commencing with Section 1100) of the Public Contract Code, and subdivision (a) of Section 713 of Title 2 of the California Code of Regulations, and may be expended as set forth in the Governor's Budget, or for other purposes, including expenditures for the number of positions in various classifications authorized by the Joint Rules Committee.

SEC. 14.00. (a) Notwithstanding any other provision of law, if the Director of the Department of Consumer Affairs determines in writing that there is insufficient cash in a special fund under the authority of a board, commission, or bureau of the department to make one or more payments currently due and payable, the director may order the transfer of moneys to that special fund, in the amount necessary to make the payment or payments, as a loan from a special fund under the authority of another board, commission, or bureau of the department. That loan shall be subject to all of the following conditions:

(1) No loan from a special fund shall be made that would interfere with the carrying out of the object for which the special fund was created.

(2) The loan shall be repaid as soon as there is sufficient money in the recipient fund to repay the amount loaned, but no later than a date 18 months after the date of the loan. Interest on the loan shall be paid from the recipient fund at the rate accruing during the loan period to moneys in the Pooled Money Investment Account.

(3) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2005–06 fiscal year from the recipient fund.

(4) The terms and conditions of the loan are approved, prior to the transfer of funds, by the Department of Finance pursuant to appropriate fiscal standards.

(b) (1) Notwithstanding any other provision of law, the Department of Consumer Affairs, during the 2005–06 fiscal year, may order the release of moneys from the clearing account in the Consumer Affairs Fund in an amount exceeding the amount advanced to the clearing account from a special fund within the department, as a loan to make one or more payments on behalf of that special fund that are currently due and payable. To the extent that the amount of moneys currently in the clearing account is insufficient to make the payment or payments on behalf of that special fund, the department may transfer additional moneys to the clearing account from any other special fund under the authority of a board, commission, or bureau of the department to include in the loan. A loan made to a special fund under this subdivision shall be subject to all of the following conditions:

(A) The loan shall not be made if it would reduce the amount advanced to the clearing account from another special fund, or the amount contained in that special fund, as applicable, to an extent that would interfere with the carrying out of the object for which that special fund was created.

(B) The loan shall be repaid as soon as there is sufficient money in the recipient fund to repay the amount loaned, but no later than a date 60 days after the date of the loan.

(C) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2005–06 fiscal year from the recipient fund.

(2) For purposes of this subdivision, the “clearing account” in the Consumer Affairs Fund is the account established in that fund, consisting of moneys advanced from the various special funds within the department, from which the Department of Consumer Affairs pays operating and other expenses of each special fund in an amount ordinarily not exceeding the amount advanced from that special fund.

(c) The Director of the Department of Consumer Affairs shall provide a report by March 1, 2006, on all loans initiated or repayments made pursuant to subdivision (a) or (b) within the preceding 12-month period to the chairperson of the budget committee, and the chairperson of the appropriate legislative oversight committee, of each house of the Legislature.

(d) At least 10 days prior to initiating a loan to be made pursuant to subdivision (a) or (b), the Director of the Department of Consumer Affairs shall provide written notification to the Joint Legislative Budget Committee if either (1) any loan from any one fund exceeds \$200,000 or (2) the aggregate amount of loans from any one fund exceeds \$200,000.

Further, the department shall have the authority to provide for an audit of the expenditures under the contract or grant between the department and the LEA to verify conformance with appropriate fiscal accountability policies and procedures. The cost of the audit, if required, shall be charged to the audited contract or grant.

SEC. 25.25. Notwithstanding any other provision of law, a sum not to exceed \$7,887,000 is appropriated from various special and non-governmental cost funds to the State Controller for payment of costs to support the replacement of the existing automated human resource/payroll systems known as the 21st Century Project. SEC. 26.00. (a) It is the intent of the Legislature, in enacting this section, to provide flexibility for the administrative approval of intra-schedule transfers within individual items of appropriation in those instances where the transfers are necessary for the efficient and cost-effective implementation of the programs, projects, and functions

funded by this act. No transfer shall be authorized under this section to either eliminate any program, project, or function, except when implementation is found to be no longer feasible in light of changing circumstances or new information, or establish any new program, project, or function.

(b) The Director of Finance may, pursuant to a request by the officer, department, division, bureau, board, commission, or other agency to which an appropriation is made by this act, authorize the augmentation of the amount available for expenditure in any schedule set forth for that appropriation, by making a transfer from any of the other designated programs, projects, or functions within the same schedule. No intraschedule transfer may be made under this section to fund any capital outlay purpose, regardless of whether budgeted in a capital outlay or a local assistance appropriation. Upon the conclusion of the 2005–06 fiscal year, the Director of Finance shall furnish the chairpersons of the committees in each house of the Legislature that consider appropriations and the Budget, and the Chairperson of the Joint Legislative Budget Committee, with a report on all authorizations given pursuant to this section during that fiscal year.

(c) Intraschedule transfers of the amounts available for expenditure for a program, project, or function designated in any line of any schedule set forth for that appropriation by transfer from any of the other designated programs, projects, or functions within the same schedule shall not exceed, during any fiscal year:

(1) 20 percent of the amount so scheduled on that line for those appropriations made by this act that are \$2,000,000 or less.

(2) \$400,000 of the amount so scheduled on that line for those appropriations made by this act that are more than \$2,000,000 but equal to or less than \$4,000,000.

(3) 10 percent of the amount so scheduled on that line for those appropriations made by this act that are more than \$4,000,000.

(4) The Department of Transportation Highway Program shall be limited to a schedule change of 10 percent.

(d) Any transfer in excess of \$200,000 may be authorized pursuant to this section not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairperson of the committee in each house of the Legislature that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine.

(e) Any transfer in excess of the limitations provided in subdivision (c) may be authorized not sooner than 30 days after notification in writing of the necessity to exceed the limitations is provided to the chairperson of the committee in each house that considers appropriations and the Chairperson of the Joint Legislative Budget Committee or his or her designee, may in each instance determine.

SEC. 28.00. (a) It is the intent of the Legislature in enacting this section to provide flexibility for administrative approval of augmentations for the expenditure of unanticipated federal funds or other non-state funds in cases that meet the criteria set forth in this section. However, this section does not provide an alternative budget process, and proposals for additional spending ordinarily should be considered in the annual State Budget or other state legislation.

(b) The Director of Finance may authorize the augmentation of the amount available for expenditure for any program, project, or function in the schedule of any appropriation in this act or any additional program, project, or function equal to the amount of any additional, unanticipated funds that he or she estimates will be received by the state during the 2005–06 fiscal year from any agency of local government or the federal government, or from any other nonstate source, provided that the additional funding meets all of the following requirements:

(1) The funds will be expended for a purpose that is consistent with state law.

(2) The funds are made available to the state under conditions permitting their use only for a specified purpose, and the additional expenditure proposed under this section would apply to that specified funding purpose.

(3) Acceptance of the additional funding does not impose on the state any requirement to commit or expend new state funds for any program or purpose.

(4) The need exists to expend the additional funding during the 2005–06 fiscal year.

(c) The Director of Finance also may reduce any program, project, or function whenever he or she determines that funds to be received will be less than the amount taken into consideration in the schedule.

(d) Any augmentation or reduction that exceeds either (1) two hundred thousand dollars (\$200,000) or (2) 10 percent of the amount available for expenditure in the affected program, project, or function may be authorized not sooner than 30 days after notification in writing of the necessity is provided to the chairperson of the committee in each house of the Legislature that considers appropriations, the chairpersons of the committees, and the appropriate subcommittees, in each house that considers the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. With regard to any proposed augmentation, the notification shall state the basis for the determination by the Director of Finance that the augmentation meets each of the requirements set forth in subdivision (b). This notification requirement does not apply to federal funds related to caseload increases in Medi-Cal, California Work Opportunity and Responsibility to Kids (CalWORKs), and Supplemental Security Income/State Supplementary Program (SSI/SSP).

(e) Any personnel action that is dependent on funds subject to this section shall not be effective until after the provisions of this section have been complied with. Any authorization made pursuant to this section shall remain in effect for the period the director may determine in each instance, but in no event after June 30, 2006.

SEC. 28.50. (a) Except as otherwise provided by law, an officer, department, division, bureau, or other agency of the state may expend for the 2005–06 fiscal year all moneys received as reimbursement from another officer, department, division, bureau, or other agency of the state that has not been taken into consideration by this act or any other statute, upon the prior written approval of the Director of Finance. The Department of Finance may also reduce any reimbursement amount and related program, project, or function amount if funds received from another officer, department, division, bureau, or other agency of the state will be less than the amount taken into consideration in the schedule.

(b) For any expenditure of reimbursements or any transfer for the 2005–06 fiscal year that exceeds two hundred thousand dollars (\$200,000), the Director of Finance shall provide notification in writing of any approval granted under this section, not less than 30 days prior to the effective date of that approval, to the chairperson of the committee in each house of the Legislature that considers appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. Increases to reimbursements are not reportable under this section if the funding for the other officer, department, division, bureau, or other agency of the state providing the reimbursement has already been approved by the Legislature. These adjustments are considered technical in nature and are authorized in Section 1.50 of this act.

SEC. 29.00. The Department of Finance shall calculate and publish a listing of total personnel-years and estimated salary savings for each department and agency. These listings shall be published by the Department of Finance at the same time as the publication of (a) the Governor’s Budget, (b) the May Revision and (c) the Final Change Book.

(a) The listing provided at the time of the publication of the Governor’s Budget shall contain estimates of personnel-years for the prior year, current year, and budget year.

except for those positions that have been (a) included in the Governor's Budget for the 2006–07 fiscal year as proposed new positions, or (b) approved by the Department of Finance and reported to the Legislature after the 2006–07 Governor's Budget submission to the Legislature. The positions identified in (a) and (b) above may be reestablished by the Department of Finance during the 2006–07 fiscal year, provided these positions are shown in the Governor's Budget for the 2007–08 fiscal year as submitted to the Legislature, or in subsequent Department of Finance letters to the Legislature, and provided that these positions do not result in the establishment of positions deleted by the Legislature through the budget process for the 2006–07 fiscal year.

(e) No money in any 2005–06 fiscal year appropriation not appropriated for that purpose may be expended for increases in salary ranges or any other employee compensation action unless the Department of Finance certifies to the salary and other compensation-setting authority, prior to the adoption of the action, that funds are available to pay the increased salary or employee compensation resulting from the action. Prior to certification, the Department of Finance shall determine whether the increase in salary range or employee compensation action will require supplemental funding in the 2006–07 fiscal year. If the Department of Finance determines that supplemental funding will be required, no certification shall be issued unless notification in writing is given by the Department of Finance, at least 30 days before certification is made, to the chairperson of the committee in each house that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or a lesser time which the chairperson of the joint committee, or his or her designee, determines.

(f) A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the Controller that these expenditures comply with the provisions of this section.

SEC. 32.00. (a) The officers of the various departments, boards, commissions, and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of these appropriations. Any indebtedness attempted to be created against the state in violation of this section shall be null and void, and shall not be allowed by the Controller nor paid out of any state appropriation. Any member of a department, board, commission, or institution who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act shall be liable both personally and on his or her official bond for the amount of the indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm, or corporation to which the indebtedness is owing.

(b) Subdivision (a) does not apply to the expenditure of moneys to fund continuous appropriations, including appropriations made in the California Constitution, and federal laws mandating the expenditure of funds.

SEC. 33.00. If any item of appropriation in this act is vetoed, eliminated, or reduced by the Governor under Section 10 of Article IV of the California Constitution, while approving portions of this act, such veto, elimination, or reduction shall not affect the other portions of this act, and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act, and as if any reduced item of appropriation had not been reduced.

SEC. 33.50. Notwithstanding any other provision of law, the Department of Finance is authorized to periodically reduce amounts in items of appropriation in this act for the 2005–06 fiscal year to reflect savings resulting from California’s Procurement Initiative for the 21st Century. The Director of Finance shall notify the Chairperson of the Joint Legislative Budget Committee at least 30 days prior to reducing any item of appropriation. The notice shall include, but is not limited to: (a) identifying which department received the savings; (b) identifying when and how the savings were achieved; (c) identifying the types of goods and services as to which savings were achieved; and (d) describing the methodology used to calculate the savings.

SEC. 34.00. If any portion of this act is held unconstitutional, that decision shall not affect the validity of any other portion of this act. The Legislature hereby declares that it would have passed this act, and each portion thereof, irrespective of the fact that any other portion be declared unconstitutional.

SEC. 35.50. (a) For purposes of paragraph (1) of subdivision (f) of Section 10, and subdivision (f) of Section 12, of Article IV of the California Constitution, “General Fund revenues” means the total resources available to the General Fund for a fiscal year.

(b) For purposes of subdivision (f) of Section 12 of Article IV of the California Constitution, the estimate of General Fund revenues for the 2005–06 fiscal year pursuant to this act, as passed by the Legislature, is \$91,178,000,000.

SEC. 36.00. This act, inasmuch as it provides for appropriations for the usual and current expenses of the state, shall, under the provisions of Section 8 of Article IV of the California Constitution, take effect immediately.

SEC. 37.00. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This act makes appropriations and contains related provisions for support of state and local government for the 2005–06 fiscal year and provides for capital outlay appropriations in continuance of existing programs and to promote and sustain the economy of the state. It is imperative that these appropriations be made available for expenditure not later than July 1, 2005. It is therefore necessary that this act go into immediate effect.

CHAPTER 39

An act to amend Items 0250-001-0001, 0250-101-0932, 0250-490, 0520-001-0001, 0520-001-0044, 0690-102-0001, 1920-011-0001, 3540-301-0001, 3540-301-0660, 3600-001-0001, 3600-001-0200, 3790-492, 3860-001-0001, 3940-001-0001, 3940-001-0193, 5180-111-0001, 6110-485, 6110-495, 6440-001-0001, 6610-001-0001, 6610-493, 6870-101-0001, 9210-101-0001, and 9210-106-0001 of, and to repeal Item 9210-105-0001 of, Section 2.00 of, and to amend Section 35.50 of, and to add Items 0250-491, 0250-498, 0540-492, and 9650-495 to Section 2.00 of, and to add Sections 4.05, 4.85, 29.50, and 35.50 to, the Budget Act of 2005, relating to the state budget, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 11, 2005. Filed with
Secretary of State July 11, 2005.]

I object to the following appropriations contained in Senate Bill 80.

Item 0250-101-0932—For local assistance, Judicial Branch. I revise this item from \$2,513,466,000 to \$2,488,916,000 by reducing:

(1) 45.10-Support for operation of the Trial Courts from \$2,183,763,000 to \$2,159,213,000, and deleting Provision 8.

I am reducing this item by \$24,550,000. The Legislature adopted Uniform Civil Filing Fees trailer bill language that would result in increased revenue of \$14,750,000 in 2005-06 and \$29,500,000 beginning in 2006-07 to the Trial Court Trust Fund. The Legislature also increased appropriation authority in this item by \$29,500,000 beginning in 2005-06. I am vetoing \$14,750,000 to reduce the appropriation authority consistent with the increased level of revenue in 2005-06. In addition, a related veto in Item 0250-111-0001 is reducing the General Fund transfer to the Trial Court Trust Fund by \$9,800,000. Therefore, I am also vetoing \$9,800,000 in this item to conform to that action. The remaining \$4,950,000 will be available as additional expenditure authority to the Trial Court Trust Fund for the facilities program.

I am deleting Provision 8 which would specify the method of allocating additional funds received through a statutorily required adjustment based on the percentage change in the State Appropriations Limit. As a separate and co-equal branch of state government, the Judicial Branch should have the flexibility to allocate these funds based on the operational needs of the trial courts and not according to a methodology imposed by the Legislature.

Item 0520-001-0001—For support of Secretary for Business, Transportation and Housing. I reduce this item from \$8,828,000 to \$8,678,000.

I am deleting the \$150,000 legislative augmentation which provides funding for the Small Business Advocate within the Business, Transportation and Housing Agency. I am a strong proponent of keeping California's business climate positive and helping business development, and believe that small businesses would be best served with this interagency coordinating

function remaining at the Governor's Office of Planning and Research. The Office of Planning and Research should perform this function within existing resources.

Item 0520-001-0044—For support of Secretary for Business, Transportation and Housing. I revise this item by reducing:

(2) 25-Infrastructure Finance and Economic Development Program from \$15,700,000 to \$13,550,000;

(5) Amount payable from the General Fund (Item 0520-001-0001) from -\$8,828,000 to -\$8,678,000; and by deleting:

(9) Amount payable from the Chrome Plating Pollution Prevention Account (Item 0520-001-9329) (-\$2,000,000).

I am reducing this item to conform to the actions I have taken in Items 0520-001-0001 of this bill and 0520-001-9329 of the Budget Act.

Item 3600-001-0001—For support of Department of Fish and Game. I reduce this item from \$44,431,000 to \$38,431,000 by reducing:

(1) 20-Biodiversity Conservation Program from \$132,172,000 to \$128,172,000;

(2) 25-Hunting, Fishing and Public Use from \$48,920,000 to \$44,920,000;

(4) 40-Conservation Education and Enforcement from \$55,643,000 to \$50,643,000;

(12) Amount payable from the Fish and Game Preservation Fund (Item 3600-001-0200) from-\$98,919,000 to -\$95,919,000;

(18.5) Amount payable from the Salmon and Steelhead Trout Restoration Account (Item 3600-001-0384) from -\$8,000,000 to -\$4,000,000; and by deleting Provisions 3 and 4 to conform to this action.

I am deleting the \$5,000,000 legislative augmentation to create 40 new game warden positions. The Department has 352 warden positions available to enforce California's Fish and Game laws. While I am supportive of enforcing California's Fish and Game Code, I am unable to concur in this specific augmentation because of the need to ensure a prudent reserve for economic uncertainties. I am deleting Provision 3 to conform to this action.

I am deleting the \$1,000,000 legislative augmentation to create 7.0 positions for the Wild and Heritage Trout Program. I am deleting Provision 4 to conform to this action.

I am also revising this item to conform to the action I have taken in Item 3600-001-0200 and Item 3600-001-0384.

These reductions are necessary to provide for a prudent General Fund reserve in light of the states current fiscal condition. With these reductions, \$272,209,000 still remains to support these programs.

Item 3600-001-0200—For support of Department of Fish and Game. I reduce this item from \$98,919,000 to \$95,919,000.

I am deleting the \$3,000,000 legislative augmentation which would increase funding for fish hatchery operations to conform to the action I have taken in Items 3640-401 and 3600-001-0001.

Item 6440-001-0001—For support of University of California. I reduce this item from \$2,618,386,000 to \$2,614,585,000 by reducing:

(1) Support from \$2,534,890,000 to \$2,531,089,000, and by revising Provisions 12 and 13 and by deleting Provision 25.

I am deleting the \$3,800,000 legislative augmentation for the Labor Institute.

The Legislature's action restores funding that was provided on a one-time basis in the 2004 Budget Act and these reductions are needed to help bring ongoing expenditures in line with existing resources.

I am deleting Provision 25 to conform to this action.

I am also reducing this item by \$1,000 and revising Provision 12 to eliminate the Legislature's requirement that the California State Summer School for Math and Science (COSMOS) be evaluated consistent with the accountability framework for outreach programs that was developed by the University in April 2005. This program is not an outreach program focused on increasing the academic performance of disadvantaged students; therefore, an evaluation on that basis would not be productive. The \$1,000 reduction reflects savings by revising Provision 12, as follows, to eliminate the unproductive effort required by the Provision:

"12. It is the intent of the Legislature that the University of California report by April 1, 2006, on the outcomes and effectiveness of COSMOS, ~~consistent with the accountability framework developed by the University of California for student academic preparation and education programs in April 2005.~~"

I am revising Provision 13 to eliminate the Legislature's requirement that the Welfare Policy Research Project be located at the University of California at Berkeley campus. This is an internal issue to the University, and as such, both usurps the autonomy of the University and the authority of the Executive Branch to operate programs. I am revising Provision 13 to conform to this action as follows:

"13. The amount appropriated in Schedule (1) includes funding for the University of California at Berkeley, ~~Institute for Governmental Studies~~, to support the Welfare Policy Research Project, per Article 9.7 (commencing with Section 11526) of Chapter 2 of Part 3 of the Welfare and Institutions Code."

Finally, I am sustaining the \$17.3 million legislative augmentation for Student Academic Preparation and Education Programs on a one-time basis, with the understanding that the University will work with the Administration to fully evaluate the cost-effectiveness of each program and eliminate those that cannot demonstrate an adequate return on investment.

Item 6610-001-0001—For support of the California State University. I reduce this item from \$2,554,085,250 to \$2,550,645,250 by reducing:

(1) Support from \$3,978,663,250 to \$3,975,223,250, and by revising Provision 11.

I am reducing the legislative augmentation for a specific entry-level master's degree program in nursing from \$4,000,000 to \$560,000 because the level of funding provided exceeds the programmatic need in the budget year. However, I believe very strongly in increasing the number of nurses in California. Therefore, in order to ensure that all these dollars are not left unspent, and actually are used to address our nursing shortage, I am setting aside the vetoed amount, to address this critical need through different approaches, pursuant to subsequent legislation. For instance, I would consider signing legislation that would appropriate the remainder of the \$4,000,000 to the California State University, the University of California, or both, to work with some of California's independent colleges and universities to increase capacity for nursing programs with the objective to further increase the number of nursing faculty available in our state. The availability of increased nursing faculty will allow schools

to offer more nursing classes and increase the State's capacity to train an even greater number of nurses.

I am revising Provision 11 to conform to this action as follows:

"11. Of the amount appropriated in Schedule (1), ~~\$4,000,000~~ \$560,000 is to support the development of entry-level master's degree programs in nursing, pursuant to Article 8 (commencing with Section 89270) of Chapter 2 of Part 55 of Title 3 of the Education Code."

Finally, I am sustaining the \$7 million legislative augmentation for student academic preparation and student support services programs on a one-time basis, with the understanding that the University will work with the Administration to fully evaluate the cost-effectiveness of each program and eliminate those that cannot demonstrate an adequate return on investment.

Item 6870-101-0001—For local assistance, Board of Governors of the California Community Colleges. I am deleting Provision 6.6 of this item to conform to my action on that same Provision and Control Section 24.50 in the main budget bill, SB 77:

As stated in the veto message for SB 77, I am deleting Provision 6.6 which states legislative intent to fund Career Technical Education pursuant to the Legislature's new added Control Section 24.50. Control Section 24.50 would require that \$20,000,000 for Career Technical Education be linked to providing an identical amount of funding for supplemental instructional materials for English learners. These two programs do not share any legal or programmatic relationship; thus, the Control Section creates an inappropriate funding link between these distinct programs. Further, this action is unconstitutional and attempts to usurp the Governor's veto authority.

I have a strong commitment to career technical education reform in order to ensure that all students have the opportunity to prepare for high paying careers in the high-demand job sectors of our economy. Therefore, I am setting aside \$20,000,000 from my veto of Control Section 24.50 to provide support for Career Technical Education in separate legislation.

Item SEC. 29.50—Employee Compensation Savings. I delete this control section.

I am deleting Control Section 29.50 because this language is unnecessary and infringes on the Administration's prerogatives regarding collective bargaining. This section requires the Administration to notify the Legislature 10 days prior to any reductions in appropriations based on the results of collective bargaining. Control Section 4.01 provides the same authority to reduce appropriations but provides for legislative notification within 30 days of the reductions. Notification prior to reductions would place the Legislature in the position of approving or disapproving specific employee compensation reforms that arise from collective bargaining negotiations, rather than ratifying memoranda of understanding that require expenditures of funding as provided for in Government Code Sections 3517.6 and 3517.61. This constitutes an infringement on the Governor's responsibilities under the Dills Act.

With the above deletions, revisions, and reductions, I hereby approve Senate Bill 80.

ARNOLD SCHWARZENEGGER, Governor

The people of the State of California do enact as follows:

2. The amount appropriated in Schedule (1) reflects the intent of the Legislature to defer \$200,000,000 for apportionments to the 2006-07 fiscal year, pursuant to separate legislation enacted for the 2005-06 fiscal year.
3. Notwithstanding any other provision of law or regulation, apportionment funding for community college districts shall be based on the greater of the current year or prior year level of full-time-equivalent students (FTES), consistent with K-12 declining enrollment practices pursuant to Section 42238.5 of the Education Code. Decreases in FTES shall result in a revenue reduction at the district's average level of apportionment funding per FTES and shall be made in the year following the initial year of decrease in FTES.
- 4.7. The amount appropriated in Schedule (1) includes a restored amount of \$31,409,000 to encourage district-level accountability efforts. The Chancellor of the California Community Colleges shall allocate these funds to community college districts in the same amounts that were reduced from each district pursuant to budget reductions related to Partnership for Excellence funds in the 2004-05 fiscal year. The allocation of these funds shall be contingent on the enactment of legislation during the 2005-06 Regular Session that establishes a program for district-specific reporting and evaluation of educational outcomes in response to Chapter 581 of the Statutes of 2004. It is intended that the first report for the district-specific accountability system be provided by March 31, 2007, reflecting outcomes from the 2005-06 fiscal year in context as specified in the enacted legislation. In addition, the chancellor shall provide preliminary data to the Department of Finance and the Legislative Analyst's Office by January 31, 2007.
5. Of the funds appropriated in Schedule (1), Apportionments:

 - (b) Up to \$500,000 is to reimburse colleges for the costs of federal aid repayments related to assessed fees for fee waiver recipients. This reimbursement only applies to students who completely withdraw from college before the census date.
 - (c) Notwithstanding any other provision of law or regulation, the Chancellor of the California Community Colleges shall not reduce district workload obligations for a lack of a funded cost-of-living adjustment.
- 5.5. Of the amount appropriated in Schedule (1), \$10,000,000 shall be used to provide additional support for nursing program enrollment and equipment needs.
- (a) The Board of Governors of the California Community Colleges shall develop a Request for Applications (RFA) to allocate the funds appropriated in this subdivision to community college districts. Criteria for assessing the RFA shall include, but not be limited to, all of the following:
 - (1) The degree to which the funds provided would be used to increase student enrollments in nursing programs, beyond the level of full-time equivalent students (FTES) served in 2004-05.
 - (2) An agreement by the community college district to have either adopted, or initiated a validation study and plan to adopt, the model prerequisites described in the community colleges Registered Nurse and Licensed Vocational Nurse model prerequisites validation studies.
 - (3) The degree to which funds provided would be used to support infrastructure or equipment needs with the intent of building capacity and increasing the number of nursing students served.
 - (b) On or before March 1, 2006, the Chancellor of the California Community Colleges shall provide the Legislature and the Department of Finance with a report on the allocation of funding. For each district receiving funding under this item, the report shall indicate (1) the amount of funding received, (2) the number of nursing FTES served in 2004-05, and the additional number of nursing FTES to be served with funding provided by this item, (3) the status of the district's efforts to adopt merit-based admissions criteria, and (4) any equipment or infrastructure-related items acquired with the funds appropriated in this item.

6. Notwithstanding any other provision of law, \$30,724,000 of the funds appropriated in Schedule (2) is for allocation to community college districts in the 2005-06 fiscal year for the purposes of funding full-time-equivalent students (FTES) in courses in basic skills, including English-as-a-second-language courses and workforce preparation courses for newly legalized immigrants, to the extent the total FTES claimed by a district for the 2005-06 fiscal year exceeds the level of total FTES funded for that district in the 2005-06 fiscal year. The Chancellor of the California Community Colleges shall develop criteria for allocating these funds.
- 6.5. Of the funds appropriated in Schedule (1), \$30,000,000 is for equalization pursuant to this provision, and shall be allocated according to the formula specified in Chapter 216 of the Statutes of 2004. These funds shall not be considered to be Program Improvement funds pursuant to Title 5 regulations.
- 6.6. It is the intent of the Legislature to provide funding to community colleges for career technical education programs through legislation to be enacted during the 2005-06 Regular Session which is effective on or before January 1, 2006, pursuant to Section 24.50.
7. Of the funds appropriated in Schedule (2), the funds not required for the 2005-06 fiscal year to meet the demand for the program funded under that schedule shall be made available on a one-time basis for general apportionment under Schedule (1) of this item, provided that no transfer shall occur prior to May 15, 2006.
8. (a) Of the amount appropriated in Schedule (2), up to \$12,729,000 shall be available as necessary upon certification by the Chancellor of the California Community Colleges for the purpose of funding community college-related and supplemental instruction pursuant to Section 3074 of the Labor Code as provided in Section 8152 of the Education Code. No community college district shall use funds available under this provision to offer any new apprenticeship training program or the expansion of any existing program unless the new program or expansion has been approved by the chancellor.
- (b) Notwithstanding Section 8152 of the Education Code, each 60-minute hour of teaching time devoted to each indentured apprentice enrolled in and attending classes of related and supplemental instruction as provided under Section 3074 of the Labor Code shall be reimbursed at the rate of four dollars and eighty-six cents (\$4.86) per hour. For purposes of this provision, each hour of teaching time may include up to 10 minutes for passing time and breaks.

9. Notwithstanding any other provision of law, funds appropriated in Schedule (3) of this item shall only be allocated for growth in full-time-equivalent students (FTES), on a district-by-district basis, as determined by the Chancellor of the California Community Colleges. The chancellor shall not include any FTES from concurrent enrollment in physical education, dance, recreation, study skills, and personal development courses and other courses in conflict with existing law for the purpose of calculating a district's three-year overcap adjustment. The board of governors shall implement the criteria required by Provision 5(a) of Item 6870-101-0001 of the Budget Act of 2003 for the allocation of funds appropriated in Schedules (1) and (3), so as to assure that courses related to student needs for transfer, basic skills and vocational/workforce training are accorded the highest priority and are provided to the maximum extent possible within budgeted funds.
- 10.5. (a) Of the funds appropriated in Schedule (4), not less than \$9,291,000 is available to provide \$0.91/unit reimbursement to community college districts for the provision of Board of Governors (BOG) fee waiver awards pursuant to paragraph (2) of subdivision (m) of Section 76300 of the Education Code.
- (b) Of the funds appropriated in Schedule (4), not less than \$5,309,000 is available to provide reimbursement of 2 percent of total waiver value to community college districts for the provision of BOG fee waiver awards pursuant to paragraph (2) of subdivision (m) of Section 76300 of the Education Code.
- (c) (1) Of the amount appropriated in Schedule (4), \$2,800,000 shall be for a contract with a community college district to conduct a statewide media campaign to promote the general message to prospective students as follows: (1) the California Community Colleges remain affordable; (2) financial aid and tax credits are available to cover enrollment fees and help with books and other costs; and (3) the active encouragement of contact between pupils and local CCC financial aid offices. Any funds used from this source to produce radio, television, or mail campaigns must emphasize the availability of financial aid, the easiest and most reliable method of accessing the aid, a contact telephone number, an Internet address, where applicable, and the physical location of a financial aid office. Any mail campaign must give priority to existing pupils, recent high school graduates, and 12th graders. The outreach and information campaign should target its efforts in high schools, welfare offices, unemployment offices, churches, community centers, and any other location that will most effectively reach low-income

and disadvantaged students who must overcome barriers in accessing postsecondary education. The community college district awarded the contract shall consult with the Chancellor of the California Community Colleges and the Student Aid Commission prior to performing any activities to ensure appropriate coordination with any other state efforts in this area and ensure compliance with this provision.

- (2) Of the amount appropriated in Schedule (4), not more than \$34,200,000 shall be for direct contact with potential and current financial aid applicants. Each CCC campus shall receive a minimum allocation of \$50,000. The remainder of the funding shall be allocated to campuses based upon a formula reflecting full-time-equivalent students (FTES) weighted by a measure of low-income populations as demonstrated by BOG fee waiver program participation within a district. It is the intent of the Legislature, to the extent that funds are provided in this section, that all campuses provide additional staff resources to increase both financial aid participation and student access to low-income and disadvantaged students who must overcome barriers in accessing postsecondary education. Funds may be used for screening current students for possible financial aid eligibility and offering these students personal assistance in accessing financial aid, providing individual help in multiple languages for families and students in filling out the necessary paperwork to apply for financial aid, and increasing financial aid staff to process additional financial aid forms.
- (3) Funds allocated to a community college district for financial aid personnel, outreach determination of financial need, and delivery of student financial aid services shall supplement, and shall not supplant, the level of funds allocated for the administration of student financial aid programs during the 2001-02 fiscal year.
- (4) It is the intent of the Legislature that the Chancellor's Office of the California Community Colleges provide the Legislature with a report by no later than April 1, 2006, on the use of the funds allocated pursuant to Provision 10(b), including the distribution of the funds, specific uses of the funds, strategies employed to reach low-income and disadvantaged students potentially eligible for financial aid, and the extent to which districts were successful in increasing

- the number of students accessing financial aid, particularly the maximum Pell Grant award.
- (5) It is the intent of the Legislature that the Chancellor of the California Community Colleges report by September 1, 2005, pursuant to Provision 10(b)(5) of Item 6870-101-0001 of the Budget Act of 2004, on the impact of fee increases and outreach efforts on student headcount and FTES enrollment for the 2003 and 2004 academic years.
11. Of the funds appropriated in Schedule (18), \$91,287,000 is for Extended Opportunity Programs and Services (EOPS) in accordance with Article 8 (commencing with Section 69640) of Chapter 2 of Part 42 of the Education Code. Funds provided in this item for EOPS shall be available to students on all campuses within the California Community College system, including those students on new campuses or in new districts. \$13,495,000 is for funding, at all colleges, the Cooperative Agencies Resources for Education (CARE) program in accordance with Article 4 (commencing with Section 79150) of Chapter 9 of Part 48 of the Education Code. The Board of Governors of the California Community Colleges shall allocate funds on a priority basis and to local programs on the basis of need for student services.
 12. Of the funds appropriated in Schedule (19), \$6,158,000 is for additional targeted student services, to be expended as follows:
 - (1) \$1,921,000 is for the Puente Project to support up to 75 colleges. These funds are available if matched by \$200,000 of private funds and the participating community colleges and University of California campuses maintain their 1995-96 support level for the Puente Project. All funding shall be allocated directly to participating districts in accordance with their participation agreement.
 - (2) Up to \$2,459,000 is for the Mathematics, Engineering and Science Achievement (MESA) Program. For each dollar allocated, the recipient district shall provide one dollar in matching funds.
 - (3) No less than \$1,778,000 is for the Middle College High School Program. With the exception of fully compliant special part-time students at the community colleges pursuant to Sections 48802 and 76001 of the Education Code, student workload based on participation in the Middle College High School Program shall not be eligible for community college state apportionment. Further, no community college state apportionment shall be made available

- for physical education classes, noncredit classes, nor other courses specified in Provision 9.
13. (a) The funds appropriated in Schedule (5) are for assisting districts in funding the excess direct instructional cost of providing special support services or instruction, or both, to disabled students enrolled at community colleges, and for state hospital programs, as mandated by federal law.
 - (b) Of the amount appropriated in Schedule (5), \$3,945,000 shall be used to address deficiencies identified by the federal Office of Civil Rights (OCR), as determined by the Chancellor's Office of the California Community Colleges.
 - (c) Of the amount appropriated in Schedule (5) at least \$943,000 shall be used for support of the High Tech Centers for activities including, but not limited to, training of district employees, staff, and students in the use of specialized computer equipment for the disabled. All High Tech Centers shall meet standards developed by the chancellor's office. Colleges that receive these augmentations shall not supplant existing resources provided to the centers.
 - (d) Notwithstanding any other provision of law, of the funds appropriated in Schedule (5) of this item, \$1,702,000 shall be for state hospital adult education programs at the hospitals served by the Coast, Kern, and West Valley Community College Districts since the 1986-87 fiscal year. If adult education services at any of the three hospitals are not supported by the community colleges in the 2005-06 fiscal year, the associated funds shall, upon order of the Department of Finance, after 30 days' notice to the Chairperson of the Joint Legislative Budget Committee, be transferred to the State Department of Developmental Services (DDS). For any transfer of funds to DDS during the 2005-06 fiscal year, the Proposition 98 base funding levels for community colleges and DDS shall be adjusted accordingly.
14. The funds appropriated in Schedule (6), Special Services for CalWORKs recipients, are for the purpose of assisting welfare recipient students and those in transition off of welfare to achieve long-term self-sufficiency through coordinated student services offered at community colleges, including: workstudy, other educational related work experience, job placement services, child care services, and coordination with county welfare offices to determine eligibility and availability of services. All services funded in Schedule (6) shall be for current CalWORKs recipients or prior CalWORKs recipients who are in transition off of cash assistance for no more than two years. Current cash assistance recipients may utilize these services

until their initial educational objectives are met. Former recipients in transition off of cash assistance may utilize these services for a period of up to two years after leaving cash assistance subject to the conditions of this provision. These funds shall be used to supplement and not supplant existing funds and services provided for CalWORKs recipients attending community colleges. The Chancellor of the California Community Colleges shall develop an equitable method for allocating funds to all districts and colleges based on the relative numbers of CalWORKs recipients in attendance and shall allocate funds for the following purposes:

- (a) Job placement.
- (b) Coordination with county welfare offices and other local agencies, including local workforce investment boards.
- (c) Curriculum development and redesign.
- (d) Child care and workstudy.
- (e) Instruction.
- (f) Postemployment skills training and related skills.

Of the amount appropriated in Schedule (6) of this item, \$15,000,000 shall be for child care and shall not require a district match. For the remaining funds, districts shall, as a condition of receipt of these funds, provide a \$1 match for every \$1 provided by the state.

Funds utilized for subsidized child care shall be for children of CalWORKs recipients through campus-based centers or parental choice vouchers at rates and with rules consistent with those applied to related programs operated by the State Department of Education in the 2005-06 fiscal year, including eligibility, reimbursement rates, and parental contribution schedules. Subsidized campus child care for CalWORKs recipients may be provided during the period they are engaged in qualifying state and federal work activities through attainment of their initial education and training plan and for up to three months thereafter or until the end of the academic year, whichever period of time is greater.

Funds utilized for workstudy shall be used solely for payments to employers that currently participate in campus-based workstudy programs or are providing work experiences that are directly related to and in furtherance of student educational programs, provided that those payments may not exceed 75 percent of the wage for the workstudy positions, and the employers shall pay at least 25 percent of the wage for the workstudy position. These funds may be expended only if the total hours of education, employment, and workstudy for the student are sufficient to meet both state and federal minimum requirements for qualifying work-related activities.

Funds may be used to provide credit or noncredit classes for CalWORKs students if a district has committed all of its funded full-time-equivalent students (FTES) and is unable to offer the additional instructional services to meet the demand for CalWORKs students. This determination shall be based on fall enrollment information. Districts shall submit applications to the chancellor's office by October 15 of each year. If the chancellor approves the use of funds for direct instructional workload, the chancellor's office shall submit a report to the Department of Finance and the Joint Legislative Budget Committee by November 15, 2005, that (1) identifies the enrollment of new CalWORKs students, (2) states whether and why additional classes were needed to accommodate the needs of CalWORKs students, and (3) sets forth an expenditure plan for the balance of funds.

As a condition of receipt of the funds appropriated in Schedule (6), by the fourth week following the end of the semester or quarter term commencing in January 2006, each participating community college shall submit to the chancellor's office a report, in the format specified by the chancellor in consultation with the State Department of Social Services, that includes, but is not limited to, the funded components, the number of hours of child care provided, the average monthly enrollment of CalWORKs dependents served in child care, the number of workstudy hours provided, the hourly salaries and type of jobs, the number of students being case managed, the short-term programs available, the student participation rates, and other outcome data. It is intended that, to the extent practical, reporting from colleges utilize data gathered for federal reporting requirements at the state and local level. Further, it is intended that the chancellor's office compile the information for annual reports to the Legislature, the Governor, the Legislative Analyst, and the Departments of Finance and Social Services by November 15 of each year.

First priority for expenditures of any funds appropriated in Schedule (6) shall be in support of current CalWORKs recipients. However, if caseloads are insufficient to fully utilize all of the funding in this schedule in a cost beneficial way, it is intended that up to \$5,000,000 of the funds subject to local matching requirements may be allocated for providing postemployment services to former CalWORKs recipients who have been off of cash assistance for no longer than two years to assist them in upgrading skills, job retention, and advancement. Allowable services include direct instruction that cannot be funded under available growth funding, child care to support attendance in these classes consistent with this provision, job development and placement services, and career counseling and assessment activ-

ities which cannot be funded through other programs. Child care services may only be provided for periods commensurate with a student's need for postemployment training within the two-year transitional period.

Prior to allocation of funds for postemployment services, the chancellor shall first secure the approval of the Department of Finance for the allocations, complete a cumulative report on the outcomes, activities, and cost-effectiveness of the program no later than November 15, 2005, in compliance with the Budget Acts of 1998 (Ch. 324, Stats. 1998) and 1999 (Ch. 50, Stats. 1999) and this act, and shall provide the rationale and justification for the proposed allocation of postemployment services to districts for transitional students.

If a district is unable to fully expend its share of child care funds, it may request that the chancellor's office approve a reallocation to other CalWORKs purposes authorized by this provision, subject to all pertinent limitations and district match required for these purposes under this provision.

15. Funds appropriated in Schedule (6) of this item have been budgeted to meet the state's Temporary Assistance for Needy Families maintenance-of-effort requirement pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193) and may not be expended in any way that would cause their disqualification as a federally allowable maintenance-of-effort expenditure.
- 16.5. (a) Funds provided in Schedule (7) shall be allocated to provide foster and relative/kinship care education and training. Districts shall ensure that education and training required by Sections 1529.1 and 1529.2 of the Health and Safety Code and Section 16003 of the Welfare and Institutions Code receive priority. Districts may use any remaining funds for additional parenting skills and training.
- (b) Funds provided in Schedule (7) shall be used for foster parent and relative/kinship care provider education training services consistent with the following criteria:
 - (1) The Chancellor of the California Community Colleges shall use these funds exclusively for foster parent and relative/kinship care provider education and training, as specified by the chancellor in consultation with an advisory committee that includes foster parents, representatives of statewide foster parent organizations, parent and relative/kinship care providers, and representatives from the State Department of Social Services.

- (2) Acceptance of funds under this program shall constitute agreement by the district to comply with such reporting requirements, guidelines, and other conditions for receipt of funding as the chancellor may establish.
 - (3) Each college plan for foster and relative/kinship care education programs shall include the provision of training to facilitate the development of foster family homes, small family homes, and relative/kinship homes to care for no more than six children who have special mental, emotional, developmental, or physical needs.
 - (4) The California Department of Social Services shall facilitate the participation of county welfare departments in the foster and relative/kinship care education program.
17. (a) Funds appropriated in Schedule (8) are for the purpose of student matriculation pursuant to Article 1 (commencing with Section 78210) of Chapter 2 of Part 48 of the Education Code.
 - (b) Of the amount appropriated in Schedule (8), an amount equal to \$14,842,670 shall be allocated to community college districts on a one-to-one matching funds basis to provide matriculation services, including, but not limited to, orientation, assessment, and counseling, for students enrolled in designated noncredit classes and programs who may benefit most, as determined by the Chancellor of the California Community Colleges pursuant to Sections 78216 to 78218, inclusive, of the Education Code.
- 17.5. The funds in Schedule (12) shall be allocated solely to increase compensation for part-time faculty from the amounts previously authorized. Funds shall be distributed to districts based on the total actual full-time equivalent students served in the previous fiscal year and include a small district factor as determined by the Chancellor of the California Community Colleges. These funds are to be used to assist districts in making part-time faculty salaries more comparable to full-time salaries for similar work, as determined through each district's local collective bargaining process. These funds shall not supplant the amount of resources each district used to compensate part-time faculty or be used to exceed parity of each part-time faculty employed by each district with regular full-time faculty at the same district, as certified by the chancellor. If a district achieves parity, its allocation may be used for any other educational purpose.
18. (a) \$9,550,000 of the funds provided in Schedule (14) of this item shall be for the purpose of supporting technical and application innovations and for coordination of activities that serve to maximize the utility of the technology investments of the community college

system towards improving learning outcomes. Allocations shall be made by the Chancellor of the California Community Colleges, based on criteria and guidelines as developed by the chancellor, on a competitive basis through the RFA/RFP application process as follows:

- (1) \$2,000,000, or as much as necessary, shall be available for a statewide digital uplink for the purpose of delivering statewide satellite services to system colleges and districts related to instruction, student support, and administration.
 - (2) \$2,300,000 is for the development and implementation of a systemwide audio bridging and telephony capability of the 4C Net backbone to facilitate collaboration of faculty, students, and staff in instruction, student services, and shared governance activities.
 - (3) Any remaining funds shall be available for centers to provide regional coordination for technical assistance and planning, cooperative purchase agreements, and faculty and staff development. All other provisions as specified in Provision 17(b)(3) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 1996 (Ch. 162, Stats. 1996) shall apply.
- (b) \$12,500,000 of the funds provided in Schedule (14) shall be available for allocations to districts. It is the intent of the Legislature that these funds be used by colleges to maintain the technology capabilities specified in Provision 21(a) of Item 6870-101-0001 of the Budget Act of 2003 (Ch. 157, Stats. 2003). These funds shall not supplant existing funds used for those purposes, and colleges shall match maintenance and ongoing costs with other funds as provided by Provision 21(a) of Item 6870-101-0001 of the Budget Act of 2003 (Ch. 157, Stats. 2003).
- (c) Of the funds provided in Schedule (14), \$1,347,000 shall be available for grants to districts to fund California Virtual University distance education centers, for instructing faculty in teaching courses online, and other expenses for conversion of courses for distance education. The funds appropriated in this item shall not supplant existing funds and shall be subject to established fiscal controls, annual reporting and accountability requirements specified by the chancellor. The chancellor shall develop criteria for the allocation of these funds. As a condition of receipt of the funds, colleges are required to submit to the chancellor's office reports in a format specified by the chancellor sufficient to document the value and productivity of this pro-

gram, including, but not limited to, numbers and nature of courses converted, and the amount of distance education instructional workload services provided as a result of these courses. It is intended that the chancellor's office further develop the reporting criteria for participating colleges and submit that for review along with an annual progress report on program implementation to the Legislative Analyst, Office of the Secretary for Education, and the Department of Finance no later than November 1, 2005, for review and comment.

- (d) Of the funds provided in Schedule (14), \$1,000,000 is for ongoing support and expansion of the California Partnership for Achieving Student Success Program (Cal-PASS).
19. Of the funds provided in Schedule (15) for the Economic and Workforce Development Program:
- (a) \$19,829,170 is allocated for grants for regional business resources assistance and innovation network centers. Each grant awarded to a district for Centers for International Development shall contain sufficient funds, as determined by the Chancellor of the California Community Colleges, for the continued operation of Mexican International Trade Centers.
 - (b) \$5,862,138 is allocated for industry-driven regional education and training collaboratives. These grants shall be made on a competitive basis and the award amounts shall not be restricted to any predetermined limit, but rather shall be funded on their individual merits.

 - (d) \$3,393,692 is available for Job Development Incentive Training programs focused on job creation for public assistance recipients. Any annual savings from this subdivision shall only be available for expenditure for one-time activities listed under subdivision (j) of Section 88531 of the Education Code.
 - (e) The following provisions apply to the expenditure of funds within subdivisions (a) and (b) above: Funds allocated for centers and regional collaboratives shall seek to maximize the use of state funds for subdivisions (g) to (j), inclusive, of Section 88531 of the Education Code. Funds allocated to districts for purposes of subdivisions (g) and (i) of Section 88531 of the Education Code for performance-based training and student internships shall be matched by a minimum of \$1 of private business and industry funding for each \$1 of state funds. Funds allocated for purposes of subdivision (h) of Section 88531 of

the Education Code for credit and noncredit instruction may be transferred to Schedule (1) or (3) to facilitate distribution at the chancellor's discretion. Any funds that become available from network centers due to savings, discontinuance, or reduction of amounts shall first be made available for additional allocations in subdivision (b) above to increase the level of subsidized training otherwise available.

- (f) \$4,000,000 is allocated to community college districts on a one-time basis for equipment start-up matching costs associated with nursing program expansion funded through reimbursements from WIA. The chancellor shall initiate a competitive Request for Funding Proposals process for the allocation of these funds to local districts.
 - (g) Funds allocated by the Board of Governors of the California Community Colleges under this provision may not be used by community college districts to supplant existing courses or contract education offerings. The chancellor shall ensure that funds are spent only for expanded services and shall implement accountability reporting for districts receiving these funds to ensure that training, credit, and noncredit programs remain relevant to business needs. Programs that do not demonstrate continued relevance and support by business shall not be eligible for continued funding. The board of governors shall consider the level of involvement and financial commitments of business and industry as primary factors in making awards. The chancellor shall incorporate grant requirements into its guidelines for audits of Economic Development grants.
 - (h) A primary objective of the Economic Development program is to maximize instruction, to prepare students for entry-level jobs, to increase skills of the current workforce, and to stimulate the growth of businesses through training so that more jobs are created. As part of the annual report on the performance of the Economic Development program, the chancellor shall provide disaggregated data detailing the funding provided to each economic development regional center and each industry-driven regional education and training collaborative, and to the extent practicable, the total number of hours of contract education services, performance-based training, credit and noncredit instruction, and job placements created as a result of each center and collaborative.

 - (c) The Chancellor of the California Community Colleges may redirect funding between the program referenced in subdivision (a) not sooner than 30 days from the date of notification to the Joint Legislative Budget Committee of approval by the Department of Finance.
21. The funds appropriated in Schedule (17) are available for the following purposes:
- (a) Scheduled maintenance and special repairs of facilities, replacement of instructional equipment, and replacement of library materials. The Chancellor of the California Community Colleges shall allocate funds to districts on the basis of actual reported full-time-equivalent students (FTES), and may establish a minimum allocation per district. As a condition of receiving and expending these funds for maintenance or special repairs, a district shall certify that it will increase its operations and maintenance spending from the 1995-96 fiscal year by the amount it allocates from this appropriation for maintenance and special repairs, plus an equal amount to be provided from district discretionary funds. The chancellor may waive all or a portion of the matching requirement based upon a review of a district's financial condition. The question of whether a district has complied with its resolution shall be reviewed under the annual audit of that district. For every \$1 a district expends from this appropriation for scheduled maintenance and special repairs, the recipient district shall provide \$1 in matching funds. For every \$3 a district expends from this appropriation for replacement of instructional equipment or library materials, the recipient district shall provide \$1 in matching funds. The funds provided for instructional equipment and library materials shall not be used for personal services costs or operating expenses.
 - (b) Hazardous substances, abatement, cleanup, and repairs.

This amount reflects a one-time adjustment to the annual allocation for these grants based on the actual 2005–06 cash needs of an April 1, 2006, to March 31, 2007, grant cycle.

SEC. 27. Item 9210-105-0001 of Section 2.00 of the Budget Act of 2005 is repealed.

SEC. 28. Item 9210-106-0001 of Section 2.00 of the Budget Act of 2005 is amended to read:

SEC. 30. Section 4.05 is added to the Budget Act of 2005, to read:

SEC. 4.05. (a) The Director of Finance, in consultation with agency secretaries and other cabinet members, shall reduce General Fund items of appropriations in this act by a total of \$100,000,000. Each agency secretary shall recommend to the Director of Finance amounts to be reduced from the appropriations to departments within the agency. The Director of Finance may provide the agency secretaries with target reduction amounts, in which case the agency secretaries shall provide the Director of Finance with a list of recommended reductions that is no less than the target amount for that agency. For departments not reporting to an agency secretary, the Director of Finance shall determine the amount of the reductions. It is the intent of the Legislature the impact of this section will result in a total of \$200 million increase to the General Fund reserve by the end of 2006-07.

(b) The Director of Finance shall not reduce, pursuant to subdivision (a), the amounts appropriated for the following: higher education; the judicial branch; the Legislature; the Legislative Counsel Bureau; Constitutional Officers; debt service, including, but not limited to, tobacco settlement revenue shortfall, payment of interest on General Fund loans, and interest payments to the federal government; health and dental benefits for annuitants; equity claims before the California Victim Compensation and Government Claims Board; or augmentations for contingencies or emergencies, unless these entities identify savings for this specific purpose.

(c) General Fund savings from appropriations other than those in this Act may be credited towards the overall savings in subdivision (a). Savings from funds other than the General Fund that would otherwise revert to the General Fund in the 2005–06 or 2006–07 fiscal year may also be credited towards the total savings specified in subdivision (a).

(d) Nothing within this section shall be construed to confer any authority upon the Director of Finance to modify or eliminate any other provision of existing law.

(e) The Director of Finance shall report to the Chairperson of the Joint Legislative Budget Committee and the chairperson of the committees of each house of the Legislature that consider appropriations not more than 30 days after the reductions are made pursuant to this section. The report shall list the specific reductions, by department, agency, and program, and state the programmatic effects and impacts of each reduction.

SEC. 31. Section 4.85 is added to the Budget Act of 2005, to read:

SEC. 4.85. The Controller shall transfer the amount remaining in the State Public Works Board, 1991A and 1995B Energy Efficiency Bonds, Public Building Construction Fund, to the General Fund.

SEC. 32. Section 29.50 is added to the Budget Act of 2005, to read:

SEC. 29.50. Notwithstanding any other provision of law, the Director of Finance may reduce any appropriation in this act to the extent of any savings in the amount of the expenditures required under that appropriation that are achieved through the collective bargaining process with state employees. The Director shall notify the Joint Legislative Budget Committee and the committees that consider appropriations of the planned reductions at least 10 days prior to making any reduction.

SEC. 33. Section 35.50 of the Budget Act of 2005 is amended to read:

SEC. 35.50. (a) For purposes of paragraph (1) of subdivision (f) of Section 10, and subdivision (f) of Section 12, of Article IV of the California Constitution, “General Fund revenues” means the total resources available to the General Fund for a fiscal year.

(b) For purposes of subdivision (f) of Section 12 of Article IV of the California Constitution, the estimate of General Fund revenues for the 2005–06 fiscal year pursuant to this act, as passed by the Legislature, is \$91,971,000,000.

SEC. 34. This act shall become operative only if the Budget Act of 2005, Senate Bill 77, as proposed to be amended by Conference Report No. 1 on June 13, 2005, is enacted and becomes effective on or before January 1, 2006.

SEC. 35. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of

Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This act makes appropriations for the support of the government of the State of California and for several public purposes for the 2005–06 fiscal year. It is imperative that these appropriations be made effective not later than July 1, 2005. It is therefore necessary that this act go into immediate effect.

CHAPTER 40

An act to add and repeal Title 8 (commencing with Section 945.6) of Part 2 of Division 2 of the Civil Code, relating to construction defects, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 11, 2005. Filed with
Secretary of State July 11, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

- (a) California has a statewide housing crisis.
- (b) Nationally, nine of the 10 least affordable housing markets are in California.
- (c) Evidence indicates that there is increasing difficulty to obtain adequate insurance for the construction of single-family homes, as well as for multiple-family housing units.
- (d) In October of 2003, Southern California experienced the most devastating wild land/urban interface fire disaster in history.
- (e) According to the California Department of Forestry and Fire Protection, 3,631 homes were destroyed and many of these were situated in the County of San Diego.
- (f) Many of these property owners who lost residential homes in the County of San Diego do not have, or are otherwise unable to obtain, adequate insurance to rebuild their lost homes.
- (g) This urgency legislation would provide a reasonable litigation procedure pertaining to construction defect litigation that would encourage insurers and licensed contractors to rebuild homes for the families victimized by the Cedar Fire of October of 2003.

SEC. 2. Title 8 (commencing with Section 945.6) is added to Part 2 of Division 2 of the Civil Code, to read:

TITLE 8. RECONSTRUCTION OF HOMES LOST IN CEDAR
FIRE, OCTOBER 2003

945.6. (a) Nothing in Title 7 (commencing with Section 895) shall be construed to prohibit an individual from voluntarily agreeing with a contractor to incorporate the rights and remedies of Title 7 (commencing with Section 895), or any provision of Title 7 (commencing with Section 895), in a contract for reconstruction of a dwelling unit or common area of a residence lost during the October 2003, Cedar Fire in the County of San Diego.

(b) For purposes of this title, "contractor" means any subcontractor, design professional, or general contractor who, after the effective date of this act and on or before January 1, 2008, provides his or her services without compensation.

(c) This title shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date.

SEC. 3. Due to the unique circumstances facing the County of San Diego relating to the destructive Cedar Fire of October 2003, the Legislature hereby finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution. Therefore, the special legislation contained within Section 2 of this act is necessarily applicable only to the County of San Diego.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This urgency legislation would provide a reasonable litigation procedure pertaining to construction defect litigation that would encourage insurers and licensed contractors to rebuild homes for the families victimized by the Cedar Fire of October of 2003.

CHAPTER 41

An act to amend Section 4406 of the Commercial Code, relating to commercial law.

[Approved by Governor July 11, 2005. Filed with
Secretary of State July 11, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 4406 of the Commercial Code, as amended by Section 1 of Chapter 131 of the Statutes of 2004, is amended to read:

4406. (a) A bank that sends or makes available to a customer a statement of account showing payment of items for the account shall either return or make available to the customer the items paid or provide information in the statement of account sufficient to allow the customer reasonably to identify the items paid. The statement of account provides sufficient information if the item is described by item number, amount, and date of payment. If the bank does not return the items, it shall provide in the statement of account the telephone number that the customer may call to request an item, a substitute check, or a legible copy thereof pursuant to subdivision (b).

(b) If the items are not returned to the customer, the person retaining the items shall either retain the items or, if the items are destroyed, maintain the capacity to furnish legible copies of the items until the expiration of seven years after receipt of the items. A customer may request an item from the bank that paid the item, and that bank shall provide in a reasonable time either the item or, if the item has been destroyed or is not otherwise obtainable, a legible copy of the item. If the paid item requested by a customer was presented as a substitute check, the bank shall provide, in a reasonable time, either the substitute check or, if the substitute check has been destroyed or is not otherwise obtainable, a legible copy of the substitute check. A bank shall provide, upon request, and without charge to the customer, at least two items, substitute checks, or legible copies thereof, with respect to each statement of account sent to the customer.

(c) If a bank sends or makes available a statement of account or items pursuant to subdivision (a), the customer shall exercise reasonable promptness in examining the statement or the items to determine whether any payment was not authorized because of an alteration of an item or because a purported signature by or on behalf of the customer was not authorized. If, based on the statement or items provided, the customer should reasonably have discovered the unauthorized payment, the customer shall promptly notify the bank of the relevant facts.

(d) If the bank proves that the customer failed, with respect to an item, to comply with the duties imposed on the customer by subdivision (c), the customer is precluded from asserting any of the following against the bank:

(1) The customer's unauthorized signature or any alteration on the item if the bank also proves that it suffered a loss by reason of the failure.

(2) The customer's unauthorized signature or alteration by the same wrongdoer on any other item paid in good faith by the bank if the payment was made before the bank received notice from the customer of the unauthorized signature or alteration and after the customer had been afforded a reasonable period of time, not exceeding 30 days, in which to examine the item or statement of account and notify the bank.

(e) If subdivision (d) applies and the customer proves that the bank failed to exercise ordinary care in paying the item and that the failure contributed to loss, the loss is allocated between the customer precluded and the bank asserting the preclusion according to the extent to which the failure of the customer to comply with subdivision (c) and the failure of the bank to exercise ordinary care contributed to the loss. If the customer proves that the bank did not pay the item in good faith, the preclusion under subdivision (d) does not apply.

(f) Without regard to care or lack of care of either the customer or the bank, a customer who does not within one year after the statement or items are made available to the customer (subdivision (a)) discover and report the customer's unauthorized signature on or any alteration on the item is precluded from asserting against the bank the unauthorized signature or alteration. If there is a preclusion under this subdivision, the payer bank may not recover for breach of warranty under Section 4208 with respect to the unauthorized signature or alteration to which the preclusion applies.

(g) As used in this section, "substitute check" shall have the same meaning as used in Section 229.2 of Title 12 of the Code of Federal Regulations.

(h) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2010, deletes or extends that date.

SEC. 2. Section 4406 of the Commercial Code, as amended by Section 2 of Chapter 131 of the Statutes of 2004, is amended to read:

4406. (a) A bank that sends or makes available to a customer a statement of account showing payment of items for the account shall either return or make available to the customer the items paid or provide information in the statement of account sufficient to allow the customer to identify the items paid. If the bank does not return the items, it shall provide in the statement of account the telephone number that the customer may call to request an item, a substitute check, or a legible copy thereof pursuant to subdivision (b).

(b) If the items are not returned to the customer, the person retaining the items shall either retain the items or, if the items are destroyed, maintain the capacity to furnish legible copies of the items until the expiration of seven years after receipt of the items. A customer may

request an item from the bank that paid the item, and that bank shall provide in a reasonable time either the item or, if the item has been destroyed or is not otherwise obtainable, a legible copy of the item. If the paid item requested by a customer was presented as a substitute check, the bank shall provide, in a reasonable time, either the substitute check or, if the substitute check has been destroyed or is not otherwise obtainable, a legible copy of the substitute check. A bank shall provide, upon request, and without charge to the customer, at least two items, substitute checks, or legible copies thereof, with respect to each statement of account sent to the customer.

(c) If a bank sends or makes available a statement of account or items pursuant to subdivision (a), the customer shall exercise reasonable promptness in examining the statement or the items to determine whether any payment was not authorized because of an alteration of an item or because a purported signature by or on behalf of the customer was not authorized. If, based on the statement or items provided, the customer should reasonably have discovered the unauthorized payment, the customer shall promptly notify the bank of the relevant facts.

(d) If the bank proves that the customer failed, with respect to an item, to comply with the duties imposed on the customer by subdivision (c), the customer is precluded from asserting any of the following against the bank:

(1) The customer's unauthorized signature or any alteration on the item if the bank also proves that it suffered a loss by reason of the failure.

(2) The customer's unauthorized signature or alteration by the same wrongdoer on any other item paid in good faith by the bank if the payment was made before the bank received notice from the customer of the unauthorized signature or alteration and after the customer had been afforded a reasonable period of time, not exceeding 30 days, in which to examine the item or statement of account and notify the bank.

(e) If subdivision (d) applies and the customer proves that the bank failed to exercise ordinary care in paying the item and that the failure contributed to loss, the loss is allocated between the customer precluded and the bank asserting the preclusion according to the extent to which the failure of the customer to comply with subdivision (c) and the failure of the bank to exercise ordinary care contributed to the loss. If the customer proves that the bank did not pay the item in good faith, the preclusion under subdivision (d) does not apply.

(f) Without regard to care or lack of care of either the customer or the bank, a customer who does not within one year after the statement or items are made available to the customer (subdivision (a)) discover and report the customer's unauthorized signature on or any alteration on the item is precluded from asserting against the bank the unauthorized

signature or alteration. If there is a preclusion under this subdivision, the payer bank may not recover for breach of warranty under Section 4208 with respect to the unauthorized signature or alteration to which the preclusion applies.

(g) As used in this section, “substitute check” shall have the same meaning as used in Section 229.2 of Title 12 of the Code of Federal Regulations.

(h) This section shall become operative on January 1, 2010.

CHAPTER 42

An act to amend Section 11166 of the Penal Code, relating to mandatory child abuse reporting.

[Approved by Governor July 11, 2005. Filed with
Secretary of State July 11, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 11166 of the Penal Code is amended to read:

11166. (a) Except as provided in subdivision (c), a mandated reporter shall make a report to an agency specified in Section 11165.9 whenever the mandated reporter, in his or her professional capacity or within the scope of his or her employment, has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. The mandated reporter shall make a report to the agency immediately or as soon as is practicably possible by telephone and the mandated reporter shall prepare and send, fax, or electronically transmit a written report thereof within 36 hours of receiving the information concerning the incident. The mandated reporter may include with the report any nonprivileged documentary evidence the mandated reporter possesses relating to the incident.

(1) For the purposes of this article, “reasonable suspicion” means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing, when appropriate, on his or her training and experience, to suspect child abuse or neglect. For the purpose of this article, the pregnancy of a minor does not, in and of itself, constitute a basis for a reasonable suspicion of sexual abuse.

(2) The agency shall be notified and a report shall be prepared and sent, faxed, or electronically transmitted even if the child has expired, regardless of whether or not the possible abuse was a factor contributing

to the death, and even if suspected child abuse was discovered during an autopsy.

(3) A report made by a mandated reporter pursuant to this section shall be known as a mandated report.

(b) Any mandated reporter who fails to report an incident of known or reasonably suspected child abuse or neglect as required by this section is guilty of a misdemeanor punishable by up to six months confinement in a county jail or by a fine of one thousand dollars (\$1,000) or by both that imprisonment and fine. If a mandated reporter intentionally conceals his or her failure to report an incident known by the mandated reporter to be abuse or severe neglect under this section, the failure to report is a continuing offense until an agency specified in Section 11165.9 discovers the offense.

(c) (1) A clergy member who acquires knowledge or a reasonable suspicion of child abuse or neglect during a penitential communication is not subject to subdivision (a). For the purposes of this subdivision, "penitential communication" means a communication, intended to be in confidence, including, but not limited to, a sacramental confession, made to a clergy member who, in the course of the discipline or practice of his or her church, denomination, or organization, is authorized or accustomed to hear those communications, and under the discipline, tenets, customs, or practices of his or her church, denomination, or organization, has a duty to keep those communications secret.

(2) Nothing in this subdivision shall be construed to modify or limit a clergy member's duty to report known or suspected child abuse or neglect when the clergy member is acting in some other capacity that would otherwise make the clergy member a mandated reporter.

(3) (A) On or before January 1, 2004, a clergy member or any custodian of records for the clergy member may report to an agency specified in Section 11165.9 that the clergy member or any custodian of records for the clergy member, prior to January 1, 1997, in his or her professional capacity or within the scope of his or her employment, other than during a penitential communication, acquired knowledge or had a reasonable suspicion that a child had been the victim of sexual abuse that the clergy member or any custodian of records for the clergy member did not previously report the abuse to an agency specified in Section 11165.9. The provisions of Section 11172 shall apply to all reports made pursuant to this paragraph.

(B) This paragraph shall apply even if the victim of the known or suspected abuse has reached the age of majority by the time the required report is made.

(C) The local law enforcement agency shall have jurisdiction to investigate any report of child abuse made pursuant to this paragraph even if the report is made after the victim has reached the age of majority.

(d) Any commercial film and photographic print processor who has knowledge of or observes, within the scope of his or her professional capacity or employment, any film, photograph, videotape, negative, or slide depicting a child under the age of 16 years engaged in an act of sexual conduct, shall report the instance of suspected child abuse to the law enforcement agency having jurisdiction over the case immediately, or as soon as practicably possible, by telephone and shall prepare and send, fax, or electronically submit a written report of it with a copy of the film, photograph, videotape, negative, or slide attached within 36 hours of receiving the information concerning the incident. As used in this subdivision, "sexual conduct" means any of the following:

(1) Sexual intercourse, including genital-genital, oral-genital, anal-genital, or oral-anal, whether between persons of the same or opposite sex or between humans and animals.

(2) Penetration of the vagina or rectum by any object.

(3) Masturbation for the purpose of sexual stimulation of the viewer.

(4) Sadomasochistic abuse for the purpose of sexual stimulation of the viewer.

(5) Exhibition of the genitals, pubic, or rectal areas of any person for the purpose of sexual stimulation of the viewer.

(e) Any mandated reporter who knows or reasonably suspects that the home or institution in which a child resides is unsuitable for the child because of abuse or neglect of the child shall bring the condition to the attention of the agency to which, and at the same time as, he or she makes a report of the abuse or neglect pursuant to subdivision (a).

(f) Any other person who has knowledge of or observes a child whom he or she knows or reasonably suspects has been a victim of child abuse or neglect may report the known or suspected instance of child abuse or neglect to an agency specified in Section 11165.9.

(g) When two or more persons, who are required to report, jointly have knowledge of a known or suspected instance of child abuse or neglect, and when there is agreement among them, the telephone report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report.

(h) (1) The reporting duties under this section are individual, and no supervisor or administrator may impede or inhibit the reporting duties, and no person making a report shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting and apprise

supervisors and administrators of reports may be established provided that they are not inconsistent with this article.

(2) The internal procedures shall not require any employee required to make reports pursuant to this article to disclose his or her identity to the employer.

(3) Reporting the information regarding a case of possible child abuse or neglect to an employer, supervisor, school principal, school counselor, coworker, or other person shall not be a substitute for making a mandated report to an agency specified in Section 11165.9.

(i) A county probation or welfare department shall immediately, or as soon as practicably possible, report by telephone, fax, or electronic transmission to the law enforcement agency having jurisdiction over the case, to the agency given the responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code, and to the district attorney's office every known or suspected instance of child abuse or neglect, as defined in Section 11165.6, except acts or omissions coming within subdivision (b) of Section 11165.2, or reports made pursuant to Section 11165.13 based on risk to a child which relates solely to the inability of the parent to provide the child with regular care due to the parent's substance abuse, which shall be reported only to the county welfare or probation department. A county probation or welfare department also shall send, fax, or electronically transmit a written report thereof within 36 hours of receiving the information concerning the incident to any agency to which it makes a telephone report under this subdivision.

(j) A law enforcement agency shall immediately, or as soon as practicably possible, report by telephone, fax, or electronic transmission to the agency given responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code and to the district attorney's office every known or suspected instance of child abuse or neglect reported to it, except acts or omissions coming within subdivision (b) of Section 11165.2, which shall be reported only to the county welfare or probation department. A law enforcement agency shall report to the county welfare or probation department every known or suspected instance of child abuse or neglect reported to it which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or as the result of the failure of a person responsible for the child's welfare to adequately protect the minor from abuse when the person responsible for the child's welfare knew or reasonably should have known that the minor was in danger of abuse. A law enforcement agency also shall send, fax, or electronically transmit a written report thereof within 36 hours of receiving the information concerning the

incident to any agency to which it makes a telephone report under this subdivision.

[Filed with Secretary of State July 18, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 5641.4 of the Business and Professions Code is amended to read:

5641.4. A landscape contractor licensed under the statutes of this state, insofar as he or she works within the classification for which the license is issued, may design systems and facilities for work to be performed and supervised by that landscape contractor and is exempt from the provisions of this chapter, except that a landscape contractor may not use the title "landscape architect" unless he or she holds a license as required under this chapter.

SEC. 2. Section 6714 of the Business and Professions Code is amended to read:

6714. The board shall appoint an executive officer at a salary to be fixed and determined by the board with the approval of the Director of Finance.

This section shall become inoperative on July 1, 2006, and, as of January 1, 2007, is repealed, unless a later enacted statute, that becomes effective on or before January 1, 2007, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. Section 7018.5 of the Business and Professions Code is amended to read:

7018.5. (a) The board shall prescribe a form entitled "Notice to Owner" which shall state:

"Under the California Mechanics' Lien Law, any contractor, subcontractor, laborer, supplier, or other person or entity who helps to improve your property, but is not paid for his or her work or supplies, has a right to place a lien on your home, land, or property where the work was performed and to sue you in court to obtain payment.

This means that after a court hearing, your home, land, and property could be sold by a court officer and the proceeds of the sale used to satisfy what you owe. This can happen even if you have paid your contractor in full if the contractor's subcontractors, laborers, or suppliers remain unpaid.

To preserve their rights to file a claim or lien against your property, certain claimants such as subcontractors or material suppliers are each required to provide you with a document called a "Preliminary Notice." Contractors and laborers who contract with owners directly do not have to provide such notice since you are aware of their existence as an owner. A preliminary notice is not a lien against your property. Its purpose is to notify you of persons or entities that may have a right to file a lien against your property if they are not paid. In order to perfect their lien rights, a contractor, subcontractor, supplier, or laborer must file a mechanics' lien with the county recorder which then becomes a recorded lien against your property. Generally, the maximum time allowed for filing a mechanics' lien against your property is 90 days after substantial completion of your project.

TO INSURE EXTRA PROTECTION FOR YOURSELF AND YOUR PROPERTY, YOU MAY WISH TO TAKE ONE OR MORE OF THE FOLLOWING STEPS:

(1) Require that your contractor supply you with a payment and performance bond (not a license bond), which provides that the bonding company will either complete the project or pay damages up to the amount of the bond. This payment and performance bond as well as a copy of the construction contract should be filed with the county recorder for your further protection. The payment and performance bond will usually cost from 1 to 5 percent of the contract amount depending on the contractor's bonding ability. If a contractor cannot obtain such bonding, it may indicate his or her financial incapacity.

(2) Require that payments be made directly to subcontractors and material suppliers through a joint control. Funding services may be available, for a fee, in your area which will establish voucher or other means of payment to your contractor. These services may also provide you with lien waivers and other forms of protection. Any joint control agreement should include the addendum approved by the registrar.

(3) Issue joint checks for payment, made out to both your contractor and subcontractors or material suppliers involved in the project. The joint checks should be made payable to the persons or entities which send preliminary notices to you. Those persons or entities have indicated that they may have lien rights on your property, therefore you need to protect yourself. This will help to insure that all persons due payment are actually paid.

(4) Upon making payment on any completed phase of the project, and before making any further payments, require your contractor to provide you with unconditional “Waiver and Release” forms signed by each material supplier, subcontractor, and laborer involved in that portion of the work for which payment was made. The statutory lien releases are set forth in exact language in Section 3262 of the Civil Code. Most stationery stores will sell the “Waiver and Release” forms if your contractor does not have them. The material suppliers, subcontractors, and laborers that you obtain releases from are those persons or entities who have filed preliminary notices with you. If you are not certain of the material suppliers, subcontractors, and laborers working on your project, you may obtain a list from your contractor. On projects involving improvements to a single-family residence or a duplex owned by individuals, the persons signing these releases lose the right to file a mechanics’ lien claim against your property. In other types of construction, this protection may still be important, but may not be as complete.

To protect yourself under this option, you must be certain that all material suppliers, subcontractors, and laborers have signed the “Waiver and Release” form. If a mechanics’ lien has been filed against your property, it can only be voluntarily released by a recorded “Release of Mechanics’ Lien” signed by the person or entity that filed the mechanics’ lien against your property unless the lawsuit to enforce the lien was not timely filed. You should not make any final payments until any and all such liens are removed. You should consult an attorney if a lien is filed against your property.”

(b) Each contractor licensed under this chapter, prior to entering into a contract with an owner for work specified as home improvement or swimming pool construction pursuant to Section 7159, shall give a copy of this “Notice to Owner” to the owner, the owner’s agent, or the payer. The failure to provide this notice as required shall constitute grounds for disciplinary action.

(c) This section shall be repealed on January 1, 2006.

SEC. 4. Section 7030 of the Business and Professions Code, as amended by Section 2 of Chapter 633 of the Statutes of 1998, is amended to read:

7030. (a) Every person licensed pursuant to this chapter shall include the following statement in at least 10-point type on all written contracts with respect to which the person is a prime contractor:

“Contractors are required by law to be licensed and regulated by the Contractors’ State License Board which has jurisdiction to investigate complaints against contractors if a complaint regarding a patent act or omission is filed within four years of the date of the alleged violation.

A complaint regarding a latent act or omission pertaining to structural defects must be filed within 10 years of the date of the alleged violation. Any questions concerning a contractor may be referred to the Registrar, Contractors' State License Board, P.O. Box 26000, Sacramento, California 95826."

(b) At the time of making a bid or prior to entering into a contract to perform work on residential property with four or fewer units, whichever occurs first, a contractor shall provide the following notice in capital letters in at least 10-point roman boldface type or in contrasting red print in at least 8-point roman boldface type:

“STATE LAW REQUIRES ANYONE WHO CONTRACTS TO DO CONSTRUCTION WORK TO BE LICENSED BY THE CONTRACTORS’ STATE LICENSE BOARD IN THE LICENSE CATEGORY IN WHICH THE CONTRACTOR IS GOING TO BE WORKING—IF THE TOTAL PRICE OF THE JOB IS \$500 OR MORE (INCLUDING LABOR AND MATERIALS).

LICENSED CONTRACTORS ARE REGULATED BY LAWS DESIGNED TO PROTECT THE PUBLIC. IF YOU CONTRACT WITH SOMEONE WHO DOES NOT HAVE A LICENSE, THE CONTRACTORS’ STATE LICENSE BOARD MAY BE UNABLE TO ASSIST YOU WITH A COMPLAINT. YOUR ONLY REMEDY AGAINST AN UNLICENSED CONTRACTOR MAY BE IN CIVIL COURT, AND YOU MAY BE LIABLE FOR DAMAGES ARISING OUT OF ANY INJURIES TO THE CONTRACTOR OR HIS OR HER EMPLOYEES.

YOU MAY CONTACT THE CONTRACTORS’ STATE LICENSE BOARD TO FIND OUT IF THIS CONTRACTOR HAS A VALID LICENSE. THE BOARD HAS COMPLETE INFORMATION ON THE HISTORY OF LICENSED CONTRACTORS, INCLUDING ANY POSSIBLE SUSPENSIONS, REVOCATIONS, JUDGMENTS, AND CITATIONS. THE BOARD HAS OFFICES THROUGHOUT CALIFORNIA. PLEASE CHECK THE GOVERNMENT PAGES OF THE WHITE PAGES FOR THE OFFICE NEAREST YOU OR CALL 1-800-321-CSLB FOR MORE INFORMATION.”

(c) Failure to comply with the notice requirements set forth in subdivision (a) or (b) of this section is cause for disciplinary action.

(d) This section shall be repealed on January 1, 2006.

SEC. 5. Section 7030 of the Business and Professions Code, as amended by Section 2 of Chapter 566 of the Statutes of 2004, is amended to read:

7030. (a) Except for contractors writing home improvement contracts pursuant to Section 7151.2 and contractors writing service and repair contracts pursuant to Section 7159.10, every person licensed pursuant to this chapter shall include the following statement in at least 10-point type on all written contracts with respect to which the person is a prime contractor:

“Contractors are required by law to be licensed and regulated by the Contractors’ State License Board which has jurisdiction to investigate complaints against contractors if a complaint regarding a patent act or omission is filed within four years of the date of the alleged violation. A complaint regarding a latent act or omission pertaining to structural defects must be filed within 10 years of the date of the alleged violation. Any questions concerning a contractor may be referred to the Registrar, Contractors’ State License Board, P.O. Box 26000, Sacramento, CA 95826.”

(b) Every person licensed pursuant to this chapter shall include the following statement in at least 12-point type in all home improvement contracts written pursuant to Section 7151.2 and service and repair contracts written pursuant to Section 7159.10:

“Information about the Contractors’ State License Board (CSLB): CSLB is the state consumer protection agency that licenses and regulates construction contractors.

Contact CSLB for information about the licensed contractor you are considering, including information about disclosable complaints, disciplinary actions and civil judgments that are reported to CSLB.

Use only licensed contractors. If you file a complaint against a licensed contractor within the legal deadline (usually four years), CSLB has authority to investigate the complaint. If you use an unlicensed contractor, CSLB may not be able to help you resolve your complaint. Your only remedy may be in civil court, and you may be liable for damages arising out of any injuries to the unlicensed contractor or the unlicensed contractor’s employees.

(c) Failure to comply with the notice requirements set forth in subdivision (a) or (b) of this section is cause for disciplinary action.

(d) This section shall become operative on January 1, 2006.

SEC. 6. Section 7159 of the Business and Professions Code, as amended by Section 4 of Chapter 982 of the Statutes of 1999, is amended to read:

7159. This section applies only to home improvement contracts, as defined in Section 7151.2, between a contractor, whether a general contractor or a specialty contractor, who is licensed or subject to be licensed pursuant to this chapter with regard to the transaction and who contracts with an owner or tenant for work upon a residential building or structure, or upon land adjacent thereto, for proposed repairing, remodeling, altering, converting, modernizing, or adding to the residential building or structure or land adjacent thereto, and where the aggregate contract price specified in one or more improvement contracts, including all labor, services, and materials to be furnished by the contractor, exceeds five hundred dollars (\$500).

Every home improvement contract and every contract, the primary purpose of which is the construction of a swimming pool, is subject to this section. Every contract and any changes in the contract subject to this section shall be evidenced by a writing and shall be signed by all the parties to the contract. The writing shall contain all of the following:

(a) The name, address, and license number of the contractor, and the name and registration number of any salesperson who solicited or negotiated the contract.

(b) The approximate dates when the work will begin and on which all construction is to be completed.

(c) A plan and scale drawing showing the shape, size, dimensions, and construction and equipment specifications for a swimming pool and for other home improvements, a description of the work to be done and description of the materials to be used and the equipment to be used or installed, and the agreed consideration for the work.

(d) If the payment schedule contained in the contract provides for a downpayment to be paid to the contractor by the owner or the tenant before the commencement of work, the downpayment may not exceed two hundred dollars (\$200) or 2 percent of the contract price for swimming pools, or one thousand dollars (\$1,000) or 10 percent of the contract price for other home improvements, excluding finance charges, whichever is less.

(e) A schedule of payments showing the amount of each payment as a sum in dollars and cents. In no event may the payment schedule provide for the contractor to receive, nor may the contractor actually receive, payments in excess of 100 percent of the value of the work performed on the project at any time, excluding finance charges, except that the contractor may receive an initial downpayment authorized by subdivision (d). With respect to a swimming pool contract, the final payment may be made at the completion of the final plastering phase of construction, provided that any installation or construction of equipment, decking, or fencing required by the contract is also completed. A failure by the

contractor without lawful excuse to substantially commence work within 20 days of the approximate date specified in the contract when work will begin shall postpone the next succeeding payment to the contractor for that period of time equivalent to the time between when substantial commencement was to have occurred and when it did occur. The schedule of payments shall be stated in dollars and cents, and shall be specifically referenced to the amount of work or services to be performed and to any materials and equipment to be supplied. With respect to a contract that provides for a schedule of monthly payments to be made by the owner or tenant and for a schedule of payments to be disbursed to the contractor by a person or entity to whom the contractor intends to assign the right to receive the owner's or tenant's monthly payments, the payments referred to in this subdivision mean the payments to be disbursed by the assignee and not those payments to be made by the owner or tenant.

(f) A statement that, upon satisfactory payment being made for any portion of the work performed, the contractor shall, prior to any further payment being made, furnish to the person contracting for the home improvement or swimming pool a full and unconditional release from any claim or mechanic's lien pursuant to Section 3114 of the Civil Code for that portion of the work for which payment has been made.

(g) The requirements set forth in subdivisions (d), (e), and (f) do not apply when the contract provides for the contractor to furnish a performance and payment bond, lien and completion bond, bond equivalent, or joint control approved by the registrar covering full performance and completion of the contract and the bonds or joint control is or are furnished by the contractor, or when the parties agree for full payment to be made upon or for a schedule of payments to commence after satisfactory completion of the project. The contract shall contain, in close proximity to the signatures of the owner and contractor, a notice in at least 10-point type stating that the owner or tenant has the right to require the contractor to have a performance and payment bond.

(h) No extra or change-order work may be required to be performed without prior written authorization of the person contracting for the construction of the home improvement or swimming pool. No change-order is enforceable against the person contracting for home improvement work or swimming pool construction unless it clearly sets forth the scope of work encompassed by the change-order and the price to be charged for the changes. Any change-order forms for changes or extra work shall be incorporated in, and become a part of, the contract. Failure to comply with the requirements of this subdivision does not preclude the recovery of compensation for work performed based upon quasi-contract, quantum meruit, restitution, or other similar legal or equitable remedies designed to prevent unjust enrichment.

(i) If the contract provides for a payment of a salesperson's commission out of the contract price, that payment shall be made on a pro rata basis in proportion to the schedule of payments made to the contractor by the disbursing party in accordance with subdivision (e).

(j) The language of the notice required pursuant to Section 7018.5.

(k) What constitutes substantial commencement of work pursuant to the contract.

(l) A notice that failure by the contractor without lawful excuse to substantially commence work within 20 days from the approximate date specified in the contract when work will begin is a violation of the Contractors' State License Law.

(m) If the contract provides for a contractor to furnish joint control, the contractor shall not have any financial or other interest in the joint control.

A failure by the contractor without lawful excuse to substantially commence work within 20 days from the approximate date specified in the contract when work will begin is a violation of this section.

This section does not prohibit the parties to a home improvement contract from agreeing to a contract or account subject to Chapter 1 (commencing with Section 1801) of Title 2 of Part 4 of Division 3 of the Civil Code.

The writing may also contain other matters agreed to by the parties to the contract.

The writing shall be legible and shall be in a form that clearly describes any other document that is to be incorporated into the contract. Before any work is done, the owner shall be furnished a copy of the written agreement, signed by the contractor.

For purposes of this section, the board shall, by regulation, determine what constitutes "without lawful excuse."

The provisions of this section are not exclusive and do not relieve the contractor or any contract subject to it from compliance with all other applicable provisions of law.

A violation of this section by a licensee, or a person subject to be licensed, under this chapter, or by his or her agent or salesperson, is a misdemeanor punishable by a fine of not less than one hundred dollars (\$100) nor more than five thousand dollars (\$5,000), or by imprisonment in the county jail not exceeding one year, or by both that fine and imprisonment.

(n) Any person who violates this section as part of a plan or scheme to defraud an owner of a residential or nonresidential structure, including a mobilehome or manufactured home, in connection with the offer or performance of repairs to the structure for damage caused by a natural disaster, shall be ordered by the court to make full restitution to the

victim based on the person's ability to pay, as defined in subdivision (e) of Section 1203.1b of the Penal Code. In addition to full restitution, and imprisonment authorized by this section, the court may impose a fine of not less than five hundred dollars (\$500) nor more than twenty-five thousand dollars (\$25,000), based upon the defendant's ability to pay. This subdivision applies to natural disasters for which a state of emergency is proclaimed by the Governor pursuant to Section 8625 of the Government Code or for which an emergency or major disaster is declared by the President of the United States.

(o) (1) An indictment or information against a person who is not licensed, but who is required to be licensed under this chapter, shall be brought, or a criminal complaint filed, for a violation of this section within four years from the date the buyer signs the contract.

(2) An indictment or information against a person who is licensed under this chapter shall be brought, or a criminal complaint filed, for a violation of this section within one year from the date the buyer signs the contract.

(3) The limitations on actions in this subdivision shall not apply to any administrative action filed against a licensed contractor.

(p) This section shall be repealed on January 1, 2006.

SEC. 7. Section 7159 of the Business and Professions Code, as added by Section 4 of Chapter 566 of the Statutes of 2004, is amended to read:

(c) Any printed form shall be readable. Unless a larger typeface is specified in this article, text in any printed form shall be in at least 10-point typeface and the headings shall be in at least 10-point boldface type.

(d) Before any work is started, the contractor shall give the buyer a copy of the contract signed and dated by both the contractor and the buyer. The buyer's receipt of the copy triggers the buyer's rights under the Home Solicitation Act, if the right to cancel is applicable, provided that the contract complies with the Home Solicitation Act.

(e) A change-order form for changes or extra work shall be incorporated into the contract and shall become part of the contract if it is in writing and signed by the parties.

(f) Change orders required by the building department at the jobsite shall be considered incorporated into the contract without being signed by both the parties.

(g) The provisions of this section are not exclusive and do not relieve the contractor from compliance with any other applicable provision of law.

(h) This section shall become operative on January 1, 2006.

SEC. 8. Section 7159.3 of the Business and Professions Code, as added by Section 10 of Chapter 1005 of the Statutes of 2000, is amended to read:

(1) A statement prepared by the board through regulation that emphasizes the value of commercial general liability insurance and encourages the owner or tenant to verify the contractor's insurance coverage and status.

(2) A check box indicating whether or not the contractor carries commercial general liability insurance, and if that is the case, the name and the telephone number of the insurer.

(3) A checklist prepared by the board through regulation setting forth the items that an owner contracting for home improvement should consider when reviewing a proposed home improvement contract.

Failure by the licensee, or a person subject to be licensed under this chapter, or by his or her agent or salesperson, to provide the following information, notices, and disclosures in the contract is cause for discipline:

(o) A statement with the heading “Mechanics’ Lien Warning” as follows:

“MECHANICS LIEN WARNING:

Anyone who helps improve your property, but who is not paid, may record what is called a mechanics’ lien on your property. A mechanics’ lien is a claim, like a mortgage or home equity loan, made against your property and recorded with the county recorder.

Even if you pay your contractor in full, unpaid subcontractors, suppliers, and laborers who helped to improve your property may record mechanics’ liens and sue you in court to foreclose the lien. If a court finds the lien is valid, you could be forced to pay twice or have a court officer sell your home to pay the lien. Liens can also affect your credit.

To preserve their right to record a lien, each subcontractor and material supplier must provide you with a document called a '20-day Preliminary Notice.' This notice is not a lien. The purpose of the notice is to let you know that the person who sends you the notice has the right to record a lien on your property if he or she is not paid.

BE CAREFUL. The Preliminary Notice can be sent up to 20 days after the subcontractor starts work or the supplier provides material. This can be a big problem if you pay your contractor before you have received the Preliminary Notices.

You will not get Preliminary Notices from your prime contractor or from laborers who work on your project. The law assumes that you already know they are improving your property.

PROTECT YOURSELF FROM LIENS. You can protect yourself from liens by getting a list from your contractor of all the subcontractors and material suppliers that work on your project. Find out from your contractor when these subcontractors started work and when these suppliers delivered goods or materials. Then wait 20 days, paying attention to the Preliminary Notices you receive.

PAY WITH JOINT CHECKS. One way to protect yourself is to pay with a joint check. When your contractor tells you it is time to pay for the work of a subcontractor or supplier who has provided you with a Preliminary Notice, write a joint check payable to both the contractor and the subcontractor or material supplier.

For other ways to prevent liens, visit CSLB's Web site at www.cslb.ca.gov or call CSLB at 800-321-CSLB (2752).

REMEMBER, IF YOU DO NOTHING, YOU RISK HAVING A LIEN PLACED ON YOUR HOME. This can mean that you may have to pay twice, or face the forced sale of your home to pay what you owe."

(p) This section shall become operative on January 1, 2006.

SEC. 11. Section 7159.5 of the Business and Professions Code is amended to read:

7159.5. This section applies to all home improvement contracts, as defined in Section 7151.2, between an owner or tenant and a contractor, whether a general contractor or a specialty contractor, who is licensed or subject to be licensed pursuant to this chapter with regard to the transaction.

(a) Failure by the licensee or a person subject to be licensed under this chapter, or by his or her agent or salesperson to comply with the following provisions is cause for discipline:

(1) The contract shall include the agreed contract amount in dollars and cents. The contract amount shall include the entire cost of the

contract, including profit, labor, and materials, but excluding finance charges.

(2) If there is a separate finance charge between the contractor and the person contracting for home improvement, the finance charge shall be set out separately from the contract amount.

(3) If a downpayment will be charged, the downpayment may not exceed one thousand dollars (\$1,000) or 10 percent of the contract amount, whichever is less.

(4) If, in addition to a down payment, the contract provides for payments to be made prior to completion of the work, the contract shall include a schedule of payments in dollars and cents specifically referencing the amount of work or services to be performed and any materials and equipment to be supplied.

(5) Except for a downpayment, the contractor may neither request nor accept payment that exceeds the value of the work performed or material delivered.

(6) Upon any payment by the person contracting for home improvement, and prior to any further payment being made, the contractor shall, if requested, obtain and furnish to the person a full and unconditional release from any potential lien claimant claim or mechanic's lien pursuant to Section 3114 of the Civil Code for any portion of the work for which payment has been made. The person contracting for home improvement may withhold all further payments until these releases are furnished.

(7) If the contract provides for a payment of a salesperson's commission out of the contract price, that payment shall be made on a pro rata basis in proportion to the schedule of payments made to the contractor by the disbursing party in accordance with paragraph (4).

(8) A contractor furnishing a performance and payment bond, lien and completion bond, or a bond equivalent or joint control approved by the registrar covering full performance and payment is exempt from paragraphs (3), (4), and (5), and need not include, as part of the contract, the Mechanics' Lien Warning found in subdivision (o) of Section 7159.4. A contractor furnishing these bonds, bond equivalents, or a joint control approved by the registrar may accept payment prior to completion. If the contract provides for a contractor to furnish joint control, the contractor shall not have any financial or other interest in the joint control.

(c) Any person who violates this section as part of a plan or scheme to defraud an owner or tenant of a residential or nonresidential structure, including a mobilehome or manufactured home, in connection with the offer or performance of repairs to the structure for damage caused by a natural disaster, shall be ordered by the court to make full restitution to the victim based on the person's ability to pay, as defined in subdivision (e) of Section 1203.1b of the Penal Code. In addition to full restitution, and imprisonment authorized by this section, the court may impose a fine of not less than five hundred dollars (\$500) nor more than twenty-five thousand dollars (\$25,000), based upon the defendant's ability to pay. This subdivision applies to natural disasters for which a state of emergency is proclaimed by the Governor pursuant to Section 8625 of the Government Code, or for which an emergency or major disaster is declared by the President of the United States.

(d) This section shall become operative on January 1, 2006.

(b) For an electrical corporation with 60,000 or fewer customer accounts in California that serves retail end-use customers outside California, an eligible renewable energy resource includes a facility that is located outside California, if the facility is connected to the Western Electricity Coordinating Council (WECC) transmission system, provided all of the following conditions are met:

(1) The electricity generated by the facility is procured by the electrical corporation on behalf of its California customers, and is not used to fulfill renewable energy procurement requirements in other states.

(2) The electrical corporation participates in, and complies with, the accounting system administered by the Energy Commission pursuant to subdivision (b) of Section 399.13.

(3) The Energy Commission verifies that the electricity generated by the facility is eligible to meet the annual procurement targets of this article.

(c) The commission shall determine the annual procurement targets for an electrical corporation with 60,000 or fewer customer accounts in California that serves retail end-use customers outside California, as a specified percentage of total kilowatthours sold by the electrical corporation to its retail end-use customers in California in a calendar year.

(d) An electrical corporation with 60,000 or fewer customer accounts in California that serves retail end-use customers outside California, may use an integrated resource plan prepared in compliance with the requirements of another state utility regulatory commission, to fulfill the requirement to prepare a renewable energy procurement plan pursuant to this article, provided the plan meets the requirements of Sections 399.11, 399.12, 399.13, and 399.14, as modified by this section.

[Filed with Secretary of State July 18, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 16350 of the Probate Code is amended to read: 16350. (a) For the purposes of this section, “entity” means a corporation, partnership, limited liability company, regulated investment company, real estate investment trust, common trust fund, or any other organization in which a trustee has an interest other than a trust or decedent’s estate to which Section 16351 applies, a business or activity to which Section 16352 applies, or an asset-backed security to which Section 16367 applies.

(b) Except as otherwise provided in this section, a trustee shall allocate to income money received from an entity.

(c) A trustee shall allocate to principal the following receipts from an entity:

- (1) Property other than money.
- (2) Money received in one distribution or a series of related distributions in exchange for part or all of a trust’s interest in the entity.
- (3) Money received in total or partial liquidation of the entity.
- (4) Money received from an entity that is a regulated investment company or a real estate investment trust if the money distributed is a capital gain dividend for federal income tax purposes.

(d) For purposes of paragraph (3) of subdivision (c):

(1) Money is received in partial liquidation (A) to the extent that the entity, at or near the time of a distribution, indicates that it is a distribution in partial liquidation, or (B) if the total amount of money and property received by all owners, collectively, in a distribution or series of related distributions is greater than 20 percent of the entity’s gross assets, as shown by the entity’s yearend financial statements immediately preceding the initial receipt. If that receipt is allocated between December 2, 2004, and the operative date of the act adding this sentence, a trustee shall not be liable for allocating the receipt to income if the amount received by the trustee, when considered together with the amount received by all owners, collectively, exceeds 20 percent of the entity’s gross assets, but the amount received by the trustee does not exceed 20 percent of the entity’s gross assets.

(2) Money is not received in partial liquidation, nor may it be taken into account under clause (B) of paragraph (1), to the extent that it does not exceed the amount of income tax that a trustee or beneficiary is required to pay on taxable income of the entity that distributes the money.

(e) A trustee may rely on a statement made by an entity about the source or character of a distribution if the statement is made at or near the time of distribution by the entity's board of directors or other person or group of persons authorized to exercise powers to pay money or transfer property comparable to those of a corporation's board of directors.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to minimize the number of people adversely affected by further application of the appellate court's rationale in *Estate of Thomas* (2004) 124 Cal.App.4th 711, which will produce results in other controversies that are manifestly unfair to trust remainder beneficiaries if it is applied, it is necessary that this bill take effect immediately.

CHAPTER 52

An act to amend Section 664 of the Penal Code, relating to attempted murder.

[Filed with Secretary of State July 18, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 664 of the Penal Code is amended to read:

664. Every person who attempts to commit any crime, but fails, or is prevented or intercepted in its perpetration, shall be punished where no provision is made by law for the punishment of those attempts, as follows:

(a) If the crime attempted is punishable by imprisonment in the state prison, the person guilty of the attempt shall be punished by imprisonment in the state prison for one-half the term of imprisonment prescribed upon a conviction of the offense attempted. However, if the crime attempted is willful, deliberate, and premeditated murder, as defined in Section 189, the person guilty of that attempt shall be punished by imprisonment in the state prison for life with the possibility of parole. If the crime attempted is any other one in which the maximum sentence is life

imprisonment or death, the person guilty of the attempt shall be punished by imprisonment in the state prison for five, seven, or nine years. The additional term provided in this section for attempted willful, deliberate, and premeditated murder shall not be imposed unless the fact that the attempted murder was willful, deliberate, and premeditated is charged in the accusatory pleading and admitted or found to be true by the trier of fact.

(b) If the crime attempted is punishable by imprisonment in a county jail, the person guilty of the attempt shall be punished by imprisonment in a county jail for a term not exceeding one-half the term of imprisonment prescribed upon a conviction of the offense attempted.

(c) If the offense so attempted is punishable by a fine, the offender convicted of that attempt shall be punished by a fine not exceeding one-half the largest fine which may be imposed upon a conviction of the offense attempted.

(d) If a crime is divided into degrees, an attempt to commit the crime may be of any of those degrees, and the punishment for the attempt shall be determined as provided by this section.

(e) Notwithstanding subdivision (a), if attempted murder is committed upon a peace officer or firefighter, as those terms are defined in paragraphs (7) and (9) of subdivision (a) of Section 190.2, or a custodial officer, as that term is defined in subdivision (a) of Section 831 or subdivision (a) of Section 831.5, and the person who commits the offense knows or reasonably should know that the victim is a peace officer, firefighter, or custodial officer engaged in the performance of his or her duties, the person guilty of the attempt shall be punished by imprisonment in the state prison for life with the possibility of parole.

This subdivision shall apply if it is proven that a direct but ineffectual act was committed by one person toward killing another human being and the person committing the act harbored express malice aforethought, namely, a specific intent to unlawfully kill another human being. The Legislature finds and declares that this paragraph is declaratory of existing law.

(f) Notwithstanding subdivision (a), if the elements of subdivision (e) are proven in an attempted murder and it is also charged and admitted or found to be true by the trier of fact that the attempted murder was willful, deliberate, and premeditated, the person guilty of the attempt shall be punished by imprisonment in the state prison for 15 years to life. Article 2.5 (commencing with Section 2930) of Chapter 7 of Title 1 of Part 3 shall not apply to reduce this minimum term of 15 years in state prison, and the person shall not be released prior to serving 15 years' confinement.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(b) The Department of Corrections shall develop and, at the discretion of the director, and subject to an appropriation of the necessary funds, may implement a plan for the implementation of relapse prevention treatment programs, and the provision of other services deemed necessary

CHAPTER 56

An act to amend Section 1428 of the Health and Safety Code, relating to long-term health care facilities.

[Filed with Secretary of State July 18, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1428 of the Health and Safety Code is amended to read:

1428. (a) If the licensee desires to contest a citation or the proposed assessment of a civil penalty therefor, the licensee shall use the processes described in subdivisions (b) and (c) for classes “AA,” “A,” or “B” citations. As a result of a citation review conference, a citation or the proposed assessment of a civil penalty may be affirmed, modified, or dismissed by the director or the director’s designee. If the director’s designee affirms, modifies, or dismisses the citation or proposed assessment of a civil penalty, he or she shall state with particularity in writing his or her reasons for that action, and shall immediately transmit a copy thereof to each party to the original complaint. If the licensee desires to contest a decision made after the citation review conference, the licensee shall inform the director in writing within 15 business days after he or she receives the decision by the director’s designee.

(b) If a licensee notifies the director that he or she intends to contest a class “AA” or a class “A” citation, the licensee may first, within 15 business days after service of the citation, notify the director in writing of his or her request for a citation review conference. The licensee shall inform the director in writing, within 15 business days of the service of the citation or the receipt of the decision of the director’s designee after the citation review conference, of the licensee’s intent to adjudicate the validity of the citation in the superior court in the county in which the long-term health care facility is located. In order to perfect a judicial appeal of a contested citation, a licensee shall file a civil action in the superior court in the county in which the long-term health care facility is located. The action shall be filed no later than 90 calendar days after a licensee notifies the director that he or she intends to contest the citation, or no later than 90 days after the receipt of the decision by the director’s designee after the citation review conference, and served not

later than 90 days after filing. Notwithstanding any other provision of law, a licensee prosecuting a judicial appeal shall file and serve a case management statement pursuant to Rule 212 of the California Rules of Court within six months after the department files its answer in the appeal. Notwithstanding subdivision (d), the court shall dismiss the appeal upon motion of the department if the case management statement is not filed by the licensee within the period specified. The court may affirm, modify, or dismiss the citation, the level of the citation, or the amount of the proposed assessment of the civil penalty.

(c) If a licensee desires to contest a class "B" citation, the licensee may request, within 15 business days after service of the citation, a citation review conference, by writing the director or the director's designee of the licensee's intent to appeal the citation through the citation review conference. If the licensee wishes to appeal the citation which has been upheld in a citation review conference, the licensee shall, within 15 working days from the date the citation review conference decision was rendered, notify the director or the director's designee that he or she wishes to appeal the decision through the procedures set forth in Section 100171 or elects to submit the matter to binding arbitration in accordance with subdivision (d). The administrative law judge may affirm, modify, or dismiss the citation or the proposed assessment of a civil penalty. The licensee may choose to have his or her appeal heard by the administrative law judge or submit the matter to binding arbitration without having first appealed the decision to a citation review conference by notifying the director in writing within 15 business days of the service of the citation.

(d) If a licensee is dissatisfied with the decision of the administrative law judge, the licensee may, in lieu of seeking judicial review of the decision as provided in Section 1094.5 of the Code of Civil Procedure, elect to submit the matter to binding arbitration by filing, within 60 days of its receipt of the decision, a request for arbitration with the American Arbitration Association. The parties shall agree upon an arbitrator designated from the American Arbitration Association in accordance with the association's established rules and procedures. The arbitration hearing shall be set within 45 days of the election to arbitrate, but in no event less than 28 days from the date of selection of an arbitrator. The arbitration hearing may be continued up to 15 additional days if necessary at the arbitrator's discretion. Except as otherwise specifically provided in this subdivision, the arbitration hearing shall be conducted in accordance with the American Arbitration Association's established rules and procedures. The arbitrator shall determine whether the licensee violated the regulation or regulations cited by the department, and whether the citation meets the criteria established in Sections 1423 and 1424. If the arbitrator determines that the licensee has violated the

regulation or regulations cited by the department, and that the class of the citation should be upheld, the proposed assessment of a civil penalty shall be affirmed, subject to the limitations established in Section 1424. The licensee and the department shall each bear its respective portion of the cost of arbitration. A resident, or his or her designated representative, or both, entitled to participate in the citation review conference pursuant to subdivision (f), may make an oral or written statement regarding the citation, at any arbitration hearing to which the matter has been submitted after the citation review conference.

(e) If an appeal is prosecuted under this section, including an appeal taken in accordance with Section 100171, the department shall have the burden of establishing by a preponderance of the evidence that (1) the alleged violation did occur, (2) the alleged violation met the criteria for the class of citation alleged, and (3) the assessed penalty was appropriate. The department shall also have the burden of establishing by a preponderance of the evidence that the assessment of a civil penalty should be upheld. If a licensee fails to notify the director in writing that he or she intends to contest the citation, or the proposed assessment of a civil penalty therefor, or the decision made by the director's designee, after a citation review conference, within the time specified in this section, the decision by the director's designee after a citation review conference shall be deemed a final order of the department and shall not be subject to further administrative review, except that the licensee may seek judicial relief from the time limits specified in this section. If a licensee appeals a contested citation or the assessment of a civil penalty, no civil penalty shall be due and payable unless and until the appeal is terminated in favor of the department.

(f) The director or the director's designee shall establish an independent unit of trained citation review conference hearing officers within the department to conduct citation review conferences. Citation review conference hearing officers shall be directly responsible to the deputy director for licensing and certification, and shall not be concurrently employed as supervisors, district administrators, or regional administrators with the licensing and certification division. Specific training shall be provided to members of this unit on conducting an informal conference, with emphasis on the regulatory and legal aspects of long-term health care.

Where the department issues a citation as a result of a complaint or regular inspection visit, and a resident or residents are specifically identified in a citation by name as being specifically affected by the violation, then the following persons may attend the citation review conference:

- (1) The complainant and his or her designated representative.

- (2) A personal health care provider, designated by the resident.
- (3) A personal attorney.
- (4) Any person representing the Office of the State Long-Term Care Ombudsman, as referred to in subdivision (d) of Section 9701 of the Welfare and Institutions Code.

Where the department determines that residents in the facility were threatened by the cited violation but does not name specific residents, any person representing the Office of the State Long-Term Care Ombudsman, as referred to in subdivision (d) of Section 9701 of the Welfare and Institutions Code, and a representative of the residents or family council at the facility may participate to represent all residents. In this case, these representatives shall be the sole participants for the residents in the conference. The residents or family council shall designate which representative will participate.

The complainant, affected resident, and their designated representatives shall be notified by the department of the conference and their right to participate. The director's designee shall notify the complainant or his or her designated representative and the affected resident or his or her designated representative, of his or her determination based on the citation review conference.

(g) In assessing the civil penalty for a violation, all relevant facts shall be considered, including, but not limited to, all of the following:

- (1) The probability and severity of the risk which the violation presents to the patient's or resident's mental and physical condition.
- (2) The patient's or resident's medical condition.
- (3) The patient's or resident's mental condition and his or her history of mental disability.
- (4) The good faith efforts exercised by the facility to prevent the violation from occurring.
- (5) The licensee's history of compliance with regulations.

(h) Except as otherwise provided in this subdivision, an assessment of civil penalties for a class "A" or class "B" violation shall be trebled and collected for a second and subsequent violation for which a citation of the same class was issued within any 12-month period. Trebling shall occur only if the first citation issued within the 12-month period was issued in the same class, a civil penalty was assessed, and a plan of correction was submitted for the previous same-class violation occurring within the period, without regard to whether the action to enforce the previous citation has become final. However, the increment to the civil penalty required by this subdivision shall not be due and payable unless and until the previous action has terminated in favor of the department.

If the class "B" citation is issued for a patient's rights violation, as defined in subdivision (e) of Section 1424, it shall not be trebled unless

the department determines the violation has a direct or immediate relationship to the health, safety, security, or welfare of long-term health care facility residents.

(i) The director shall prescribe procedures for the issuance of a notice of violation with respect to violations having only a minimal relationship to safety or health.

(j) Actions brought under this chapter shall be set for trial at the earliest possible date and shall take precedence on the court calendar over all other cases except matters to which equal or superior precedence is specifically granted by law. Times for responsive pleading and for hearing the proceeding shall be set by the judge of the court with the object of securing a decision as to subject matters at the earliest possible time.

Any costs or penalties assessed pursuant to this chapter shall be paid within 30 days of the date the decision becomes final. If a facility does not comply with this requirement, the state department shall withhold any payment under the Medi-Cal program until the debt is satisfied. No payment shall be withheld if the department determines that it would cause undue hardship to the facility or to patients or residents of the facility.

(m) The amendments made to subdivisions (a) and (c) of this section by Chapter 84 of the Statutes of 1988, to extend the number of days allowed for the provision of notification to the director, do not affect the right, that is also contained in those amendments, to request judicial relief from these time limits.

7400.5. (a) Notwithstanding Sections 7400 and 7401, in the County of San Bernardino, the county central committee shall be elected by

supervisor districts, and the number to be elected from any supervisor district shall be determined as follows:

(1) There shall be taken the number of votes cast in the supervisor district at the last gubernatorial election for that party's candidate for Governor, or, if the party did not have a candidate for Governor, for the candidate of the party voted on throughout the state who received the greatest number of votes and who was the candidate of that party alone.

(2) This number shall be divided by one-thirtieth of the number of votes cast in San Bernardino County for Governor or, where the party did not have a candidate for Governor, for the candidate mentioned above. The integer next larger than the quotient obtained by that division shall constitute the number of members of the committee to be elected by that party in that supervisor district.

(b) The San Bernardino County Central Committee shall be composed of not fewer than 30 members. If the procedure outlined above would result in fewer than 30 members being elected to the committee, the number of votes cast for this party's candidate in each supervisor district shall be divided by an amount sufficiently smaller than one-thirtieth of the votes cast for Governor in San Bernardino County as to give a membership on the committee equal to or the nearest amount that is greater than 30 members.

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

The receipt of satisfactory evidence of any violation of Article 1 (commencing with Section 1100) of Subchapter 5 of Chapter 2 of Title 13 of the California Code of Regulations, the Vehicle Code, or any other applicable law that would provide grounds for refusal, suspension, or revocation of an ambulance driver's certificate or evidence of an act committed involving intentional dishonesty for personal gain or conduct contrary to justice, honesty, modesty, or good morals, may be sufficient cause for the dismissal of any ambulance driver or attendant. Dismissal of a driver or attendant under this section shall be reported by the employer to the Department of Motor Vehicles at Sacramento within 10 days.

SEC. 6. Section 13374 of the Vehicle Code is amended to read:

13374. (a) An applicant for, or the holder of, an ambulance driver certificate who has received a notice of refusal, suspension, or revocation may submit, within 15 days after the notice has been mailed by the department, a written request for a hearing. Upon receipt of the request, the department shall appoint a referee who shall conduct an informal hearing in accordance with Section 14104. Failure to request a hearing within 15 days after the notice has been mailed by the department is a waiver of the right to a hearing. A request for a hearing shall not operate to stay the action for which notice is given.

(b) Upon conclusion of an informal hearing, the referee shall prepare and submit findings and recommendations through the department to a committee of three members one each appointed by the Director of the Emergency Medical Service Authority, the director, and the Commissioner of the California Highway Patrol with the appointee of the Commissioner of the California Highway Patrol serving as chairperson. After a review of the findings and recommendations, the committee shall render a final decision on the action taken, and the department shall notify the person involved of the decision.

However, the department shall not revoke a certificate under this paragraph if the certificate holder is in compliance with any rehabilitation or return to duty program that is imposed by the employer that meets the controlled substances and alcohol use and testing requirements set forth in Part 382 (commencing with Section 382.101) of Title 49 of the Code of Federal Regulations. The driver shall be allowed to participate in a rehabilitation or return to duty program only once within a three-year period. The employer or program shall report any subsequent positive test result or drop from the program to the department on a form approved by the department.

(2) If an applicant refuses to submit to a test for, fails to comply with the testing requirements for, or receives a positive test for a controlled substance, the department shall refuse the application for a certificate listed in subdivision (a) for three years from the date of the confirmed positive test result.

(3) The carrier that requested the test shall report the refusal, failure to comply, or positive test result to the department not later than five days after receiving notification of the test result on a form approved by the department.

(4) The department shall maintain a record of any action taken for a refusal, failure to comply, or positive test result in the driving record of the applicant or certificate holder for three years from the date of the refusal, failure to comply, or positive test result.

(c) (1) The department may temporarily suspend a schoolbus, school pupil activity bus, youth bus, or general public paratransit driver certificate, or temporarily withhold issuance of a certificate to an applicant, if the holder or applicant is arrested for or charged with any sex offense, as defined in Section 44010 of the Education Code.

(2) Upon receipt of a notice of temporary suspension, or of the department's intent to withhold issuance, of a certificate, the certificate holder or applicant may request a hearing within 10 days of the effective date of the department's action.

(3) The department shall, upon request of the holder of, or applicant for, a certificate, within 10 working days of the receipt of the request,

conduct a hearing on whether the public interest requires suspension or withholding of the certificate pursuant to paragraph (1).

(4) If the charge is dismissed or results in a finding of not guilty, the department shall immediately terminate the suspension or resume the application process, and shall expunge the suspension action taken pursuant to this subdivision from the record of the applicant or certificate holder.

(d) An applicant or holder of a certificate may reapply for a certificate whenever a felony or misdemeanor conviction is reversed or dismissed. A termination of probation and dismissal of charges pursuant to Section 1203.4 of the Penal Code or a dismissal of charges pursuant to Section 1203.4a of the Penal Code is not a dismissal for purposes of this section.

(e) The determination of the facts pursuant to this section is a civil matter which is independent of the determination of the person's guilt or innocence, has no collateral estoppel effect on a subsequent criminal prosecution, and does not preclude the litigation of the same or similar facts in a criminal proceeding.

SEC. 8. Section 13378 of the Vehicle Code is amended to read:

13378. (a) Any applicant for, or holder of, a tow truck driver certificate who has received a notice of refusal or revocation, may submit to the department, within 15 days after the mailing of the notice, a written request for a hearing. Failure to request a hearing, in writing, within 15 days is a waiver of the right to a hearing.

(b) Upon receipt by the department of the hearing request, the department may stay the action until a hearing is conducted and the final decision is made by the hearing officer. The department shall not stay the action when there is reasonable cause to believe that the stay would pose a threat to a member of the motoring public who may require the services of the tow truck driver in question.

(c) An applicant for, or a holder of, a tow truck driver certificate, whose certificate has been refused or revoked, is not entitled to a hearing whenever the action by the department is made mandatory by this article or any other applicable law or regulation.

(d) Upon receipt of a request for a hearing, and when the requesting party is entitled to a hearing under this article, the department shall appoint a hearing officer to conduct a hearing in accordance with Section 14112.

(c) Notwithstanding subdivisions (a) and (b), for each toll bridge specified in Section 30910, maintenance expenditures shall be funded from toll revenues. However, for a toll bridge that is part of the program specified in Section 188.5, maintenance expenditures shall be funded from toll revenues commencing with the completion of the seismic retrofit or replacement work on that bridge as described in Section 188.5. For the purposes of this subdivision, until the obligations of the California Infrastructure and Economic Development Bank secured by the seismic retrofit surcharge imposed pursuant to subdivision (a) of Section 31010 are no longer outstanding, as that term is defined in the constituent instruments defining the rights of the holders of those obligations, the term “toll revenues” shall not include the seismic retrofit surcharge imposed pursuant to subdivision (a) of Section 31010, and the seismic retrofit surcharge imposed pursuant to subdivision (a) of Section 31010 shall remain pledged to the payment of obligations incurred by the California Infrastructure and Economic Development Bank under Chapter 4.6 (commencing with Section 31070). Maintenance expenses that are required to be funded with toll revenues and that would otherwise constitute Category A maintenance expenditures shall be funded from toll revenues remaining after provision is made for payment of all obligations secured by the lien on toll revenues created by subdivision (b) of Section 30960.

SEC. 2. Section 188.5 of the Streets and Highways Code is amended to read:

188.5. (a) The Legislature finds and declares all of the following:

(1) The department has determined that in order to provide maximum safety for the traveling public and to ensure continuous and unimpeded operation of the state’s transportation network, six state-owned toll bridges are in need of a seismic safety retrofit, and one state-owned toll bridge is in need of a partial retrofit and a partial replacement.

(2) The bridges identified by the department as needing seismic retrofit are the Benicia-Martinez Bridge, the Carquinez Bridge, the Richmond-San Rafael Bridge, the San Mateo-Hayward Bridge, the San Pedro-Terminal Island Bridge (also known as the Vincent Thomas Bridge), the San Diego-Coronado Bridge, and the west span of the San Francisco-Oakland Bay Bridge. The department has also identified the east span of the San Francisco-Oakland Bay Bridge as needing to be replaced. That replacement span will be safer, stronger, longer lasting,

and more cost efficient to maintain than completing a seismic retrofit for the current east span.

(3) The south span of the Carquinez Bridge is to be replaced pursuant to Regional Measure 1, as described in Section 30917.

(4) The cost estimate to retrofit the state-owned toll bridges and to replace the east span of the San Francisco-Oakland Bay Bridge is four billion six hundred thirty-seven million dollars (\$4,637,000,000), as follows:

(A) The Benicia-Martinez Bridge retrofit is one hundred ninety million dollars (\$190,000,000).

(B) The north span of the Carquinez Bridge retrofit is one hundred twenty-five million dollars (\$125,000,000).

(C) The Richmond-San Rafael Bridge retrofit is six hundred sixty-five million dollars (\$665,000,000).

(D) The San Mateo-Hayward Bridge retrofit is one hundred ninety million dollars (\$190,000,000).

(E) The San Pedro-Terminal Island Bridge retrofit is sixty-two million dollars (\$62,000,000).

(F) The San Diego-Coronado Bridge retrofit is one hundred five million dollars (\$105,000,000).

(G) The west span of the San Francisco-Oakland Bay Bridge retrofit, as a lifeline bridge, is seven hundred million dollars (\$700,000,000).

(H) Replacement of the east span of the San Francisco-Oakland Bay Bridge is two billion six hundred million dollars (\$2,600,000,000).

(b) It is the intent of the Legislature that the following amounts from the following funds shall be allocated until expended, for the seismic retrofit or replacement of state-owned toll bridges:

(1) Six hundred fifty million dollars (\$650,000,000) from the 1996 Seismic Retrofit Account in the Seismic Retrofit Bond Fund of 1996 for the seven state-owned toll bridges identified by the department as requiring seismic safety retrofit or replacement.

(2) One hundred forty million dollars (\$140,000,000) in surplus revenues generated under the Seismic Retrofit Bond Act of 1996 that are in excess of the amount actually necessary to complete Phase Two of the state's seismic retrofit program. These excess funds shall be reallocated to assist in financing seismic retrofit of the state-owned toll bridges.

(3) Fifteen million dollars (\$15,000,000) from the Vincent Thomas Toll Bridge Revenue Account.

(4) The funds necessary to meet both of the following:

(A) A principal obligation of two billion two hundred eighty-two million dollars (\$2,282,000,000) from the seismic retrofit surcharge, including any interest therefrom, imposed pursuant to Section 31010,

subject to the limitation set forth in subdivision (c) and subdivision (b) of Section 31010.

(B) All costs of financing, including capitalized interest, reserves, costs of issuance, costs of credit enhancements and any other financial products necessary or desirable in connection therewith, and any other costs related to financing.

(5) Thirty-three million dollars (\$33,000,000) from the San Diego-Coronado Toll Bridge Revenue Fund.

(6) Not less than seven hundred forty-five million dollars (\$745,000,000) from the State Highway Account to be used toward the eight hundred seventy-five million dollars (\$875,000,000) state contribution, to be achieved as follows:

(A) (i) Two hundred million dollars (\$200,000,000) to be appropriated for the state-local transportation partnership program described in paragraph (7) of subdivision (d) of Section 164, prior to its repeal by Chapter 622 of the Statutes of 1997, for the 1998–99 fiscal year.

(ii) The remaining funds intended for that program and any program savings to be made available for toll bridge seismic retrofit.

(B) A reduction of not more than seventy-five million dollars (\$75,000,000) in the funding level specified in paragraph (4) of subdivision (d) of Section 164, prior to its repeal by Chapter 622 of the Statutes of 1997, for traffic system management.

(C) Three hundred million dollars (\$300,000,000) in accumulated savings by the department achieved from better efficiency and lower costs.

(7) Not more than one hundred thirty million dollars (\$130,000,000) from the Transit Capital Improvement Program funded by the Public Transportation Account in the State Transportation Fund to be used toward the eight hundred seventy-five million dollars (\$875,000,000) state contribution. If the contribution in subparagraph (A) of paragraph (6) exceeds three hundred seventy million dollars (\$370,000,000), it is the intent that the amount from the Transit Capital Improvement Program shall be reduced by an amount that is equal to that excess.

(8) (A) The funds necessary to meet principal obligations of not less than six hundred forty-two million dollars (\$642,000,000) from the state's share of the federal Highway Bridge Replacement and Rehabilitation (HBRR) Program.

(B) If the project costs exceed four billion six hundred thirty-seven million dollars (\$4,637,000,000), the department may program not more than four hundred forty-eight million dollars (\$448,000,000) in project savings or other available resources from the Interregional Transportation Improvement Program, the State Highway Operation and Protection Program, or federal bridge funds for that purpose.

(C) None of the funds identified in subparagraph (B) may be expended for any purpose other than the conditions and design features described in paragraph (9).

(9) The estimated cost of replacing the San Francisco-Oakland Bay Bridge listed in subparagraph (H) of paragraph (4) of subdivision (a) is based on the following conditions:

(A) The new bridge shall be located north adjacent to the existing bridge and shall be the Replacement Alternative N-6 (preferred) Suspension Structure Variation, as specified in the Final Environmental Impact Statement, dated May 1, 2001, submitted by the department to the Federal Highway Administration.

(B) The main span of the bridge shall be in the form of a single tower cable suspension design and shall be the Replacement Alternative N-6 (preferred) Suspension Structure Variation, as specified in the Final Environmental Impact Statement, dated May 1, 2001, submitted by the department to the Federal Highway Administration.

(C) The roadway in each direction shall consist of five lanes, each lane will be 12 feet wide, and there shall be 10-foot shoulders as an emergency lane for public safety purposes on each side of the main-traveled way.

(c) If the actual cost of retrofit or replacement, or both retrofit and replacement, of toll bridges is less than the cost estimate of four billion six hundred thirty-seven million dollars (\$4,637,000,000), there shall be a reduction in the amount provided in paragraph (4) of subdivision (b) equal to the proportion of total funds committed to complete the projects funded from funds generated from paragraph (4) of subdivision (b) as compared to the total funds from paragraphs (6), (7), and (8) of subdivision (b), and there shall be a proportional reduction in the amount specified in paragraph (8) of subdivision (b).

(d) If the department determines that the actual costs exceed the amounts identified in subparagraph (B) of paragraph (8) of subdivision (b), the department shall report to the Legislature within 90 days from the date of that determination as to the difference and the reason for the increase in costs.

(e) Notwithstanding any other provision of law, the commission shall adopt fund estimates consistent with subdivision (b) and Section 188.6 and provide flexibility so that state funds can be made available to match federal funds made available to regional transportation planning agencies.

(f) For the purposes of this section, "principal obligations" are the amount of funds generated, either in cash, obligation authority, or the proceeds of a bond or other indebtedness.

(g) (1) Commencing on January 1, 2004, and quarterly thereafter until completion of all applicable projects, the department shall provide

quarterly seismic reports to the transportation committees of both houses of the Legislature and to the commission for other seismic retrofit programs.

(2) The reports shall include all of the following:

(A) A progress report for each program.

(B) The program baseline budget for support and capital outlay construction costs.

(C) The current or projected program budget for support and capital outlay construction costs.

(D) Expenditures to date for support and capital outlay construction costs.

(E) A comparison of the current or projected schedule and the baseline schedule.

(F) A summary of milestones achieved during the quarterly period and any issues identified and actions taken to address those issues.

SEC. 3. Section 188.6 is added to the Streets and Highways Code, to read:

188.6. (a) (1) The Legislature finds and declares that on August 16, 2004, the department reported to the Legislature that the funds identified in Section 188.5 are insufficient to complete the state toll bridge seismic retrofit program, including the replacement of the east span of the San Francisco-Oakland Bay Bridge, due to cost overruns for the program now estimated at three billion six hundred million dollars (\$3,600,000,000).

(2) By enacting this section, it is the intent of the Legislature to identify additional funds from various sources, as described in subdivision (b), in order to fund this shortfall and so that the toll bridge seismic retrofit and replacement program, as described in Section 188.5, as that section read on January 1, 2005, may proceed to completion without further costly delay.

(b) The following amounts from the following funds shall be allocated until expended in order to eliminate the shortfall identified in subdivision (a) and to complete the seismic retrofit or replacement of state-owned toll bridges as expeditiously as possible:

(1) Not less than two billion one hundred fifty million dollars (\$2,150,000,000) from the Bay Area Toll Account, derived from an additional one dollar (\$1) surcharge on the state-owned toll bridges within the geographic jurisdiction of the Metropolitan Transportation Commission to be effective no sooner than January 1, 2007.

(2) Not less than eight hundred twenty million dollars (\$820,000,000) for the seismic retrofit or replacement of the state-owned toll bridges in the geographic jurisdiction of the Metropolitan Transportation Commission made available through the consolidation of all toll revenues

under the management of the Bay Area Toll Authority and from the authorization for the authority to refinance debt secured by toll revenues.

(3) The amount of three hundred million dollars (\$300,000,000) to fund the cost of demolition of the existing east span of the San Francisco-Oakland Bay Bridge from funding sources supporting the state highway operations and protection program, from available state resources from project savings, or from the federal Highway Bridge Replacement and Rehabilitation program.

(4) The amount of three hundred thirty million dollars (\$330,000,000) from the following accounts:

(A) One hundred thirty million dollars (\$130,000,000) from the State Highway Account from accumulated savings by the department achieved from better efficiency, operational savings, and lower costs.

(B) One hundred twenty-five million dollars (\$125,000,000) of any excess funds that would otherwise have been transferred in the 2006–07 fiscal year pursuant to subparagraph (F) of paragraph (1) of subdivision (a) of Section 7102 of the Revenue and Taxation Code, as amended by Senate Bill 62 or Assembly Bill 127 of the 2005–06 Regular Session, shall instead be transferred to the Bay Area Toll Account and are hereby appropriated to the department for the purposes of this section. If sufficient funds are not available from this source for this purpose during the 2006–07 fiscal year, the funding required under this paragraph shall be made available from additional accumulated savings by the department achieved from better efficiency, operational savings, lower costs pursuant to subparagraph (A), or from other state transportation fund accounts as determined by the department in consultation with the California Transportation Commission.

(C) Seventy-five million dollars (\$75,000,000) from the fund reserve in the Motor Vehicle Account for the 2005–06 fiscal year which is hereby appropriated.

(c) If the amount of the overruns estimated by the department, as described in subdivision (a), is less than three billion six hundred million dollars (\$3,600,000,000), the savings shall be shared between the state and the authority in the same proportion as their proportional contribution to the estimated cost overruns, as provided in paragraphs (1), (3), and (4) of subdivision (b).

(d) If the actual amount of the overruns exceeds the amount estimated by the department, as described in subdivision (a), the authority shall utilize funds generated under the powers granted to it in Sections 30886, 30950.2, 30954, 30961, and 31011 by the act adding this section in the 2005–06 Regular Session to provide additional financial resources to complete the state toll bridge seismic retrofit program.

(e) Funds made available under this section and Section 188.5 for the replacement of the east span of the San Francisco-Oakland Bay Bridge shall only be expended for the structure described in paragraph (9) of subdivision (b) of Section 188.5 as that section read on January 1, 2005.

SEC. 4. Section 30886 is added to the Streets and Highways Code, to read:

30886. To maximize the availability of funding necessary to complete the state toll bridge seismic retrofit program, to more efficiently manage the toll revenues from the toll bridges located within the region under the jurisdiction of the commission, and to expeditiously complete the seismic retrofit and replacement of the toll bridge facilities identified in paragraph (2) of subdivision (a) of Section 188.5, it is necessary and in the public's interest to consolidate the financial management of all of the toll revenues that are imposed by Sections 30916, 31010, and 31011 and that the Bay Area Toll Authority manage all of those toll revenues.

SEC. 5. Section 30912 of the Streets and Highways Code is amended to read:

30912. (a) Revenue derived from tolls on all bridges may be expended, subject to the adopted annual budget of the authority, for any of the following purposes:

(1) Safety and operational costs, including toll collection and maintenance costs in accordance with Section 188.4.

(2) Costs of bridge construction and improvement projects, including seismic retrofit and replacement projects, and including debt service and sinking fund payments on bonds issued by the authority for those projects. The repayment of any advances from other state funds may be made from the toll revenue or bond proceeds.

(b) The revenue determined by the authority as derived from the toll increase approved in 1988, and authorized by Section 30917 for class I vehicles on the San Francisco-Oakland Bay Bridge shall be used, to the extent specified in paragraph (4) of subdivision (a) of Section 30914, for the construction of rail extensions specified in Section 30914 or for payment of the principal of, and interest on, bonds issued for those projects, including payments into a sinking fund maintained for that purpose.

SEC. 6. Section 30950.2 of the Streets and Highways Code is amended to read:

30950.2. (a) Except as provided in subdivision (b), the authority is responsible for the administration of all toll revenues from state-owned toll bridges within the geographic jurisdiction of the Metropolitan Transportation Commission.

(b) Notwithstanding any other provision of law, until such time as obligations of the California Infrastructure and Economic Development

Bank secured by the seismic retrofit surcharge imposed pursuant to subdivision (a) of Section 31010 are no longer outstanding, as that term is defined in the constituent instruments defining the rights of the holders of those obligations, both of the following apply:

(1) The phrase “toll revenues” as used in Chapter 4 (commencing with Section 30910) and this chapter shall not include the seismic retrofit surcharge imposed pursuant to subdivision (a) of Section 31010.

(2) The seismic retrofit surcharge imposed pursuant to subdivision (a) of Section 31010 shall remain pledged to the payment of obligations incurred by the California Infrastructure and Economic Development Bank under Chapter 4.6 (commencing with Section 31070).

SEC. 7. Section 30952.05 is added to the Streets and Highways Code, to read:

(a) The authority and the department shall amend the cooperative agreement required by Section 30952 to incorporate the project oversight and control responsibilities described in this section relative to the construction of the Benicia-Martinez Bridge, as described in Section 30917, and the state toll bridge seismic retrofit program, as described in Section 188.5 as that section read on January 1, 2005.

(b) The department shall develop specifications and bid documents and invite bids and award contracts for the Benicia-Martinez Bridge, as described in Section 30917, and the state toll bridge seismic retrofit program projects. All contract specifications and bid documents shall be reviewed and approved by the authority prior to their release.

(c) The Toll Bridge Program Oversight Committee, created pursuant to Section 30952.1, shall implement a project oversight and project control process for the Benicia-Martinez Bridge project and the state toll bridge seismic retrofit program projects. The committee’s project oversight and control processes shall include, but not be limited to, reviewing bid specifications and documents, providing field staff to review ongoing costs, reviewing and approving significant change orders and claims (as determined by the committee), and preparing project reports.

(d) The authority may contract with, and oversee, one or more consulting firms to provide the services described in subdivision (c) and subdivision (a) of Section 30952.1. All contracts shall be reviewed and approved by the committee prior to their execution. The authority’s expenses incurred for project oversight and control services may be reimbursed by toll revenue collected pursuant to Section 30916, 31010, or 31011.

(e) To ensure that the department manages the risks associated with the toll bridge seismic retrofit projects, the department shall, at a minimum, take all of the following actions:

(1) Establish a comprehensive risk management plan that clearly defines roles and responsibilities for risk management and addresses the process by which it will identify and quantify project risks, implement and track risk response activities, and monitor and control risks throughout the duration of the project.

(6) Regularly integrate estimates for capital, capital outlay support costs, and contingency reserves into a programwide report.

(7) Ensure that reports to the Federal Highway Administration and others reflect current data and provide an accurate representation of the project's status.

(8) When unexpected events occur, quickly inform the committee created in Section 30952.1 describing the effects of these key events on the project's overall budget and schedule.

SEC. 8. Section 30952.1 is added to the Streets and Highways Code, to read:

30952.1. (a) The authority and the department shall establish a Toll Bridge Program Oversight Committee, which shall consist of the director, the authority's executive director, and the executive director of the California Transportation Commission. The committee may establish a project management team to assist it in performing the duties required of it under this section and Section 30952.05.

(b) The Toll Bridge Program Oversight Committee shall review project status, program costs, and schedules; resolve project issues; evaluate project changes; develop and regularly update cost estimates, risk assessments, and cashflow requirements for all phases of the toll bridge projects; and provide program direction.

SEC. 10. Section 30952.3 is added to the Streets and Highways Code, to read:

30952.3. Notwithstanding any other provision of law, the department may, from the resources provided in Sections 188.5 and 188.6, include

incentives and disincentives, or both, to maximize the number of bidders participating in a bid process relative to toll bridge seismic retrofit and replacement projects, and to encourage the timely and thorough completion of contracts awarded for those projects.

SEC. 11. Section 30953 of the Streets and Highways Code is amended to read:

SEC. 12. Section 30954 is added to the Streets and Highways Code, to read:

30954. At such time as obligations of the California Infrastructure and Economic Development Bank secured by the seismic retrofit surcharge imposed under subdivision (a) of Section 31010 are no longer outstanding, as that term is defined in the constituent instruments defining the rights of the holders of those obligations, all revenues, interest earned, and existing fund balances in the Toll Bridge Seismic Retrofit Account shall be transferred to the authority for deposit in the Bay Area Toll Account.

SEC. 13. Section 30961 of the Streets and Highways Code is amended to read:

30961. Toll bridge revenue bonds shall be issued pursuant to a resolution adopted at any time, and from time to time, by the authority by a majority vote of all members of the authority.

(a) The authority may from time to time issue bonds in accordance with the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code), for the purpose of constructing, improving, or equipping any of the bridges or for any of the purposes authorized by this chapter, Chapter 4 (commencing with Section 30910), or Chapter 4.5 (commencing with Section 31000). Operation of the bridges or any grouping or units thereof shall constitute an "enterprise" within the meaning of Section 54309 of the Government Code, and the authority shall constitute a "local agency" within the meaning of Section 54307 of the Government Code. Article 3 (commencing with Section 54380) of Chapter 6 of Part 1 of Division 2 of Title 5 of the Government Code shall not apply to the issuance and sale of bonds pursuant to this chapter. - (3) The maximum term for the bonds or commercial paper.

(4) The maximum rate of interest to be payable upon the bonds or commercial paper. That interest rate shall not exceed the maximum rate specified in Section 53531 of the Government Code. The rate may be either fixed or variable and shall be payable at the times and in the manner specified in the resolution.

(b) The authority shall keep full and complete accounts for toll revenues and expenses of the toll bridges and shall annually prepare balance sheets showing the financial condition of the entire toll bridge enterprise as well as toll revenues and operating costs for each toll bridge. The accounts and related reports shall be maintained and prepared in accordance with generally accepted accounting practices and shall be subject to an annual audit conducted by an independent certified public accountancy firm licensed to practice in the state.

(c) The authority may issue toll bridge revenue bonds to provide the department with sufficient funds to combine with the unspent proceeds of outstanding obligations of the California Infrastructure and Economic Development Bank under Chapter 4.6 (commencing with Section 31070) to establish that those obligations are no longer outstanding, as that term is defined in the constituent instruments defining the rights of the holders of those obligations.

(d) As and when requested by the authority, the department and the California Infrastructure and Economic Development Bank shall take all actions necessary or appropriate to promptly establish that obligations of the bank under Chapter 4.6 (commencing with Section 31070) are no longer outstanding and to effect the consolidation of toll revenues in accordance with Section 188.6.

SEC. 14. Section 30961.1 is added to the Streets and Highways Code, to read:

Not later than December 31, 2005, the California Transportation Commission, in consultation with the department and the authority, shall adopt a schedule for the payment of the remaining state contributions identified in Sections 188.5 and 188.6 for the toll bridge seismic retrofit and replacement projects identified in Section 188.5. The schedule shall include the timing and sources of the state contributions to the state toll bridge seismic retrofit and replacement program. The schedule shall provide for the state contributions to be made available for expenditure commencing in the fiscal year 2005–06, and in a manner that distributes the state contributions over the years during which construction of the toll bridge seismic retrofit and replacement program occurs and ensures that the state contributions are made in a manner that provides a timely balance between those sources and the contribution from toll revenues. The schedule shall include and make available for expenditure, the state contribution identified in

subparagraph (B) of paragraph (8) of subdivision (b) of Section 188.5 commencing in fiscal year 2008–09, and shall distribute it over that fiscal year and each of the fiscal years during which construction of the state toll bridge seismic retrofit and replacement program occurs. The California Transportation Commission, in consultation with the department and the authority, may update and revise the schedule as it determines is necessary.

SEC. 15. Section 31010 of the Streets and Highways Code is amended to read:

31010. (a) There is hereby imposed a seismic retrofit surcharge equal to one dollar (\$1) per vehicle for passage on the Bay Area state-owned toll bridges, except for vehicles that are authorized toll-free passage on these bridges.

(b) Funds generated pursuant to subdivision (a) that are in excess of those needed to meet the toll commitment as specified by paragraph (4) of subdivision (b) of Section 188.5 shall be available to the authority for funding, consistent with Sections 30913 and 30914, the purposes and projects described in those sections.

(c) Except as provided in subdivision (d), funds generated pursuant to subdivision (a) shall be paid to the authority directly and deposited in the Bay Area Toll Account pursuant to Section 30950.2 and shall constitute revenues of the tolls imposed on the bridges described in Section 30910 for all purposes of Chapter 4.3 (commencing with Section 30950).

(d) Funds generated pursuant to subdivision (a) shall be used exclusively to repay obligations issued by the California Infrastructure and Economic Development Bank and secured by the surcharge imposed by subdivision (a) until they are no longer outstanding, as that term is defined in the constituent instruments defining the rights of the holders of those obligations. This subdivision shall become inoperative when the obligations are no longer outstanding, as that term is defined in the constituent instruments defining the rights of the holders of those obligations.

(e) The department may increase the amount of the seismic retrofit surcharge identified in subdivision (a) for debt service purposes only on the obligations issued by the California Infrastructure and Economic Development Bank under Chapter 4.6 (commencing with Section 31070) and only for as long as those obligations are outstanding, as that term is defined in the constituent instruments defining the rights of the holders of those obligations, if circumstances exist that have resulted in a reduction in the funds generated by subdivision (a) so as to jeopardize the payment of debt service on those obligations. This subdivision shall

become inoperative when those obligations are no longer outstanding due to their retirement or defeasance.

SEC. 16. Section 31011 is added to the Streets and Highways Code, to read:

31011. (a) The authority may increase the amount of the surcharge described in Section 31010 for the purpose of completing the state toll bridge seismic program described in Section 188.5 and to meet its obligations under the act adding this section in the 2005–06 Regular Session. No increase shall be made effective prior to January 1, 2007.

(b) Notwithstanding any other provision of law, revenues generated by an increase imposed pursuant to this section shall be deposited in the Bay Area Toll Account.

(c) The authority shall hold at least two public meetings at least 45 days before taking any action pursuant to subdivision (a) to increase the amount of the surcharge.

(d) The authority may reduce the amount of the surcharge described in subdivision (a) to encourage electronic toll payment.

SEC. 17. Section 31020 of the Streets and Highways Code is repealed.

SEC. 18. Section 31020 is added to the Streets and Highways Code, to read:

31020. (f) The statute or executive order imposes duties that are necessary to implement, reasonably within the scope of, or expressly included in a ballot measure approved by the voters in a statewide or local election. This subdivision applies regardless of whether the statute or executive order was enacted or adopted before or after the date on which the ballot measure was approved by the voters.

(b) Notwithstanding any other provision of law, if a local agency elects to implement or give effect to a statute or executive order described

in subdivision (a), the local agency may assess fees to persons or entities which benefit from the statute or executive order. Any fee assessed pursuant to this subdivision shall not exceed the costs reasonably borne by the local agency.

17581.5. (a) A school district may not be required to implement or give effect to the statutes, or portion thereof, identified in subdivision (b) during any fiscal year and for the period immediately following that fiscal year for which the Budget Act has not been enacted for the subsequent fiscal year if all of the following apply:

(1) The statute or portion thereof, has been determined by the Legislature, the commission, or any court to mandate a new program or higher level of service requiring reimbursement of school districts pursuant to Section 6 of Article XIII B of the California Constitution.

The report shall identify, if known, the adverse party or parties and the substance of the litigation. In the case of approval given to initiate or intervene in an action, the announcement need not identify the action, the defendants, or other particulars, but shall specify that the direction to initiate or intervene in an action has been given and that the action, the defendants, and the other particulars shall, once formally commenced, be disclosed to any person upon inquiry, unless to do so would jeopardize the agency's ability to effectuate service of process on one or more unserved parties, or that to do so would jeopardize its ability to conclude existing settlement negotiations to its advantage.

(3) Approval given to its legal counsel of a settlement of pending litigation, as defined in Section 54956.9, at any stage prior to or during a judicial or quasi-judicial proceeding shall be reported after the settlement is final, as specified below:

(4) Disposition reached as to claims discussed in closed session pursuant to Section 54956.95 shall be reported as soon as reached in a manner that identifies the name of the claimant, the name of the local agency claimed against, the substance of the claim, and any monetary amount approved for payment and agreed upon by the claimant.

(5) Action taken to appoint, employ, dismiss, accept the resignation of, or otherwise affect the employment status of a public employee in closed session pursuant to Section 54957 shall be reported at the public meeting during which the closed session is held. The report shall identify the item approved and the other party or parties to the negotiation.

(7) Pension fund investment transaction decisions made pursuant to Section 54956.81 shall be disclosed at the first open meeting of the legislative body held after the earlier of the close of the investment transaction or the transfer of pension fund assets for the investment transaction.

(b) Reports that are required to be made pursuant to this section may be made orally or in writing. The legislative body shall provide to any person who has submitted a written request to the legislative body within 24 hours of the posting of the agenda, or to any person who has made a standing request for all documentation as part of a request for notice of meetings pursuant to Section 54954.1 or 54956, if the requester is present at the time the closed session ends, copies of any contracts, settlement

agreements, or other documents that were finally approved or adopted in the closed session. If the action taken results in one or more substantive amendments to the related documents requiring retyping, the documents need not be released until the retyping is completed during normal business hours, provided that the presiding officer of the legislative body or his or her designee orally summarizes the substance of the amendments for the benefit of the document requester or any other person present and requesting the information.

(c) The documentation referred to in paragraph (b) shall be available to any person on the next business day following the meeting in which the action referred to is taken or, in the case of substantial amendments, when any necessary retyping is complete.

(d) Nothing in this section shall be construed to require that the legislative body approve actions not otherwise subject to legislative body approval.

(e) No action for injury to a reputational, liberty, or other personal interest may be commenced by or on behalf of any employee or former employee with respect to whom a disclosure is made by a legislative body in an effort to comply with this section.

SEC. 2. Section 8484.7 of the Education Code is amended to read:

8484.7. It is the intent of the Legislature that the 21st Century Community Learning Centers program contained within the federal No Child Left Behind Act of 2001 (P.L. 107-110) complement the After School Education and Safety Program established by Article 22.5 (commencing with Section 8482) to provide the local flexibility needed to implement federal 21st Century Community Learning Centers programs through direct grants as specified in this article.

SEC. 3. Section 8484.8 of the Education Code is amended to read:

8484.8. In accordance with Part B of Title IV of the federal No Child Left Behind Act of 2001 (P.L. 107-110), of the funds appropriated in Item 6110-197-0890 of Section 2.00 of the Budget Act of 2002, funds shall be available for expenditure as follows:

(a) The amount of one million dollars (\$1,000,000) shall be available to the department for purposes of providing technical assistance, evaluation and training services, for carrying out programs related to 21st Century Community Learning Center programs.

(b) (1) An amount of up to three million five hundred thousand dollars (\$3,500,000) shall be available for direct grants, in an amount not to exceed twenty-five thousand dollars (\$25,000) per site, per year, for community learning center programs that serve middle and elementary school pupils for providing equitable access to, and participation in, community learning center programs, according to needs determined by the local community.

(2) The department shall determine the requirements for eligibility for a grant under this subdivision, consistent with the following:

(A) Consistent with the local partnership approach inherent in Article 22.5 (commencing with Section 8482), grants awarded under this subdivision shall provide supplemental assistance to programs. It is not intended that a grant fund the full anticipated costs of the services provided by a community learning center program.

(B) In determining the need for a grant pursuant to this subdivision, the department shall base its determination on a needs assessment and a determination that existing resources are not available to meet these needs, including, but not limited to, a description of how the needs, strengths, and resources of the community have been assessed, currently available resources, and the justification for additional resources for that purpose.

(C) The department shall award grants for a specific purpose, as justified by the applicant.

(3) To be eligible to receive a grant under this subdivision, the designated public agency representative for the applicant shall certify that an annual fiscal audit will be conducted and that adequate, accurate records will be kept. In addition, each applicant shall provide the department with the assurance that funds received under this subdivision are expended only for those services and supports for which they are granted. The department shall require grant recipients to submit annual budget reports, and the department shall have the authority to withhold funds in subsequent years if direct grant funds are expended for purposes other than as awarded.

(c) Up to one million dollars (\$1,000,000) shall be available for direct grants of up to twenty thousand dollars (\$20,000) per site, per year, for providing family literacy services only to those schoolsites that identify such a need for families of 21st Century Community Learning Center program pupils, and that demonstrate a fiscal hardship by certifying that existing resources including, but not limited to, funding for Title III of the No Child Left Behind Act of 2001 (P.L. 107-110), Chapter 3 (commencing with Section 300) of Part 1, adult education, community college, and the federal Even Start Program are not available or are insufficient to serve these families. An assurance that the funds received under this subdivision are expended only for those services and supports for which they were granted shall be required.

(d) Of the remaining funds in Item 6110-197-0890 of Section 2.00 of the Budget Act of 2002, two million five hundred thousand dollars (\$2,500,000) shall be allocated on a priority basis for grants to community learning center programs serving high school pupils, and the remainder

of this amount shall be allocated on a priority basis for programs for middle and elementary school pupils.

(e) Grant awards under this section shall be restricted to those applications that propose primarily to serve pupils that attend schoolwide programs, as described in Title I of the No Child Left Behind Act of 2001. Competitive priority shall be given to applications that propose to serve children and youth in schools designated as being in need of improvement under subsection (b) of Section 6316 of Title 20 of the United States Code, and that are jointly submitted by school districts and community-based organizations. Applications to serve pupils in programs that have received grants under Article 22.5 (commencing with Section 8482) shall be funded only when proposing to expand in additional sites or to add pupils to a currently funded site.

(f) (1) Core funding grants for programs serving middle and elementary school pupils in before and after school programs shall be 150 percent of the per pupil rates and maximum grant amounts established pursuant to Sections 8483.7 and 8483.75 for similar state funded programs.

(2) Funding for each grant shall be allocated in annual increments for a period not to exceed five years.

(3) (A) Up to 15 percent of the initial annual grant amount for each core grant recipient may be utilized for start-up costs, which funding need not be based on pupil attendance.

(B) In addition to the amount described in subparagraph (A), up to 15 percent of each annual grant amount for each core grant recipient may be utilized for administrative costs, which funding need not be based on pupil attendance.

(C) Under no circumstance shall funding for start-up or administrative costs result in an increase in the grant recipient's total funding above the approved grant amount.

(4) Each grantee shall identify the federal, state, and local programs that will be combined or coordinated with the proposed program for the most effective use of public resources, and to describe a plan for continuing the program beyond federal grant funding. Grantees shall submit annual attendance data and results to facilitate evaluation and compliance with provisions established by the department. Programs receiving grants under this subdivision are not assured of grant renewal from future state or federal funding at the conclusion of the grant period.

(g) A total annual grant award for core funding and direct grants for a site serving elementary or middle school pupils shall be fifty thousand dollars (\$50,000) per year or more, consistent with federal requirements.

(h) Grants for programs serving high school pupils at schoolsites or sites of other organizations, as determined to be eligible by the

department and consistent with the provisions of the 21st Century Community Learning Centers program, shall be available as an annual minimum grant of fifty thousand dollars (\$50,000) per year. Grant funding above the minimum shall be determined in proportion to the average daily attendance of the high school program site or sites to be served and other factors including, but not limited to, proposed attendance and effective use of resources as determined by the department up to two hundred and fifty thousand dollars (\$250,000) per year for five years. A grantee that establishes a high school program pursuant to this subdivision shall be subject to annual reporting and recertification as required by the department. After the second year, the department shall reduce funding of programs in which actual attendance is significantly below proposed attendance levels. An evaluation of the program funded pursuant to this subdivision shall be submitted no later than 180 days after the completion of the second year of the program. The department shall provide the results of that evaluation and work with the Legislature, the Department of Finance, program providers, and other interested parties to adopt or restructure a high school after school program for California that is both programmatically and fiscally sound. Grantees shall be eligible for fourth and fifth year funding consistent with the restructured requirements. (j) This article shall be operative only to the extent that federal funds are made available for the purposes of this article. It is the intent of the Legislature that this article not be considered a precedent for general fund augmentation of either the state administered, federally funded program of this article, or any other state funded before or after school program.

The chairperson may designate staff to administer the oath or affirmation for statements taken during the investigation of allegations of misconduct.

52055.600. (a) The High Priority Schools Grant Program is hereby established. Participation in this program is voluntary.

(b) From funds made available for purposes of this article, the Superintendent shall allocate a total of four hundred dollars (\$400) per pupil, including funds received pursuant to Section 52054.5 or for the Comprehensive School Reform Demonstration Program (Public Law 105-78), to eligible schools for implementation of a school action plan approved pursuant to this article.

(c) It is the intent of the Legislature that federal funding provided pursuant to the Comprehensive School Reform Demonstration Program (P.L. 105-78) supplement, not supplant, funding received pursuant to this article.

(d) Funds received pursuant to this article may not be used to match funds received pursuant to Article 3 (commencing with Section 52053).

(e) The school district shall keep fiscal records available for inspection that affirm allocation to schoolsites in accordance with this section and shall allocate resources in a manner that does not delay their use.

SEC. 11. Section 52055.605 of the Education Code is amended to read:

52055.605. (a) The Superintendent, with the approval of the State Board of Education, shall identify schools ranked in deciles 1 to 5, inclusive, on the Academic Performance Index (API).

(b) The Superintendent shall invite schools identified pursuant to subdivision (a) to participate in the High Priority Schools Grant Program. Notwithstanding subdivision (h) of Section 52053, in order to be eligible for funding from the High Priority Schools Grant Program, a school shall also participate in the Immediate Intervention/Underperforming Schools Program. A school participating in both programs may elect to submit only one application and one plan for both programs. A school participating in the Immediate Intervention/Underperforming Schools Program before the date of the enactment of the act adding this section is also eligible for participation in the High Priority Schools Grant Program.

(c) Notwithstanding any other provision of law, and if funds are available for this purpose, the Superintendent shall invite a second cohort of schools identified pursuant to subdivision (a) to participate in the High Priority Schools Grant Program beginning in the 2005-06 fiscal year. In order to be eligible for funding pursuant to this section, these schools shall not be required to also participate in the Immediate Intervention/Underperforming Schools Grant Program.

(d) First priority for participation in the High Priority Schools Grant Program shall be given to schools ranked on the API in decile 1. Second priority shall be given to schools in decile 2. Third priority shall be given

to schools in decile 3. Fourth priority shall be given to schools in decile 4. Fifth priority shall be given to schools in decile 5. Within each decile, priority shall be given to the lowest ranked schools. Schools that are receiving or have received funding pursuant to Section 52053, 52054.5, or 52055.600 are ineligible to participate in a second cohort of schools funded pursuant to subdivision (c).

(e) Notwithstanding any other provision of law, and if funds are available for this purpose, the number of schools within the designated cohorts of the Immediate Intervention/Underperforming Schools Program pursuant to Section 52053 may exceed the maximum numbers specified in that section in order to participate in the program established pursuant to this article.

(f) If a school ranked in decile 1 of the API completes the action plan required as part of the application to participate in the federal Comprehensive School Reform Demonstration Program (P.L. 105-78), but there are insufficient funds to allow that school to participate in that program, so long as the action plan meets the requirements of subdivisions (d) and (e) of Section 52054, that school shall be automatically approved to the extent funding is available for participation in the Immediate Intervention/Underperforming Schools Program and shall be deemed to have complied with the requirements of Section 52054.

(g) The State Board of Education may allow continuation high schools to apply for and receive funding pursuant to this article if those continuation high schools report pupil performance that is equivalent to that of high schools ranked in deciles 1 and 2 on the API and the board determines that the state will be able to adequately determine growth in pupil performance in a valid and reliable manner for the purpose of accountability pursuant to this article. The State Board of Education may establish a limit on the number of continuation high schools that may be funded to reflect their proportion of high-priority pupils in grades 9 to 12, inclusive, and may adopt criteria limiting the eligibility for funding, pursuant to this article, of continuation high schools with a high level of per pupil funding from the continuation high school revenue limit add-on.

SEC. 12. Section 52055.610 of the Education Code is amended to read:

52055.610. (a) The Superintendent shall establish a procedure that is consistent with this article for the approval of applications and school action plans.

(b) Notwithstanding the existing application process established pursuant to Article 3 (commencing with Section 52053), in developing an action plan to be submitted with the application for funding pursuant to this article, a school may choose from the following options:

(1) A school district on behalf of an eligible school under its jurisdiction may elect to receive fifty thousand dollars (\$50,000) as a planning grant from funds appropriated for purposes of this article. These planning grant funds shall be used for technical assistance in the development of the school action plan. Technical assistance includes assistance provided by school district personnel, county offices of education, universities, a state approved external evaluator, or any other entity that has proven successful expertise specific to the challenges inherent in high-priority schools. If the school action plan is approved, the Superintendent shall provide funding for its implementation. Planning grant funds, as well as other funds available to school districts pursuant to this article, may be used for ongoing technical assistance throughout the implementation of the action plan and continued participation in the program established pursuant to Article 3 (commencing with Section 52053) and the program established pursuant to this article.

(2) A school district, on behalf of an eligible school under its jurisdiction, may elect to forego the fifty thousand dollars (\$50,000) planning grant and immediately submit its application and school action plan. If a school chooses this option, the Superintendent shall take one of the following actions:

(A) Recommend approval of the application by the State Board of Education and action plan and provide funding for implementation of the school action plan.

(B) Request additional clarification and technical changes, after which the school and district shall resubmit the application and school action plan with the clarifications and changes for approval. If the application and school action plan is approved, the Superintendent shall provide funding for implementation of the school action plan.

(C) Disapprove the plan in which case a school district on behalf of an eligible school under its jurisdiction shall receive a fifty thousand dollar (\$50,000) planning grant that shall be used for technical assistance in the redevelopment of the school action plan according to the department's recommendations. Technical assistance includes assistance provided by school district personnel, county offices of education, universities, a state approved external evaluator, or any other entity that has proven expertise specific to the challenges inherent in high-priority schools.

(c) The following deadlines apply to the first cohort of schools in the 2001-02 fiscal year:

(1) A school district on behalf of an eligible school under its jurisdiction shall submit the application and school action plan to the Superintendent for review and approval by May 15, 2002.

The State Board of Education shall approve or disapprove the application and action plan by June 30, 2002. Upon approval by the State Board of Education, the department shall allocate funding to schools for the implementation of the action plan. If the State Board of Education fails to approve or disapprove the application and school action plan by June 30, 2002, the recommendation of the Superintendent shall be deemed to be adopted and funding for implementation of the action plan shall be allocated.

(3) If the Superintendent takes the action specified in subparagraph (B) of paragraph (2) of subdivision (b), the school and school district shall resubmit the application and school action plan with the clarifications and changes for approval by August 1, 2002, and the Superintendent shall make a recommendation to the State Board of Education regarding approval or disapproval by September 1, 2002. The State Board of Education shall approve or disapprove the application and action plan by September 30, 2002. If the action plan is approved, the department shall allocate funding to the school district on behalf of an eligible school under its jurisdiction for implementation of the action plan. If the State Board of Education fails to approve or disapprove the application and school action plan by September 30, 2002, the recommendation of the Superintendent shall be deemed to be adopted and funding for implementation of the action plan is to be allocated.

(4) A school district may request, and the State Board of Education may waive, the deadlines set forth in this subdivision.

(d) The following deadlines apply for the second cohort of schools in the 2005-06 fiscal year:

(1) A school district, on behalf of an eligible school under its jurisdiction, shall submit the application and school action plan to the Superintendent for review and approval by March 15, 2006.

(2) (A) The Superintendent shall make a recommendation to the State Board of Education regarding approval or disapproval of applications and school action plans by June 15, 2006.

(B) The State Board of Education shall approve or disapprove the application and action plan by June 30, 2006. Upon approval by the State Board of Education, the department shall allocate funding to schools for the implementation of the school action plan. If the State Board of Education fails to approve or disapprove the application and school action plan by June 30, 2006, the recommendation of the Superintendent

shall be deemed to be adopted and funding for implementation of the school action plan shall be allocated.

(3) If the Superintendent takes the action specified in subparagraph (B) of paragraph (2) of subdivision (b), the school district shall resubmit the application and school action plan with the clarifications and changes for approval by August 1, 2006, and the Superintendent shall make a recommendation to the State Board of Education regarding approval or disapproval by September 1, 2006. The State Board of Education shall approve or disapprove the application and the school action plan by September 30, 2006. If the school action plan is approved, the department shall allocate funding to the school district on behalf of an eligible school under its jurisdiction for implementation of the school action plan. If the State Board of Education fails to approve or disapprove the application and school action plan by September 30, 2006, the recommendation of the Superintendent shall be deemed to be adopted and funding for implementation of the school action plan shall be allocated.

(4) A school district may request a waiver of, and the State Board of Education may waive, the deadlines established in this subdivision.

(e) If a school receives implementation funding during the same fiscal year it receives a fifty thousand dollar (\$50,000) planning grant, the planning grant shall be deducted from the amount of implementation funding provided to the school pursuant to subdivision (b) of Section 52055.600.

(f) Notwithstanding the deadlines specified in this section, if funding is made available for this purpose, the State Board of Education may approve additional applications in the 2002-03 and 2003-04 fiscal years from school districts that comply with the requirements of this article.

Not later than 90 days after

the API is made public, the governing board of the school district shall adopt the team's recommendations at a regularly scheduled meeting of the governing board. 56836.11. (a) For the purpose of computing the equalization adjustment for special education local plan areas for the 1998-99 fiscal year, the Superintendent shall make the following computations to

determine the statewide target amount per unit of average daily attendance for special education local plan areas:

(1) Total the amount of funding computed for each special education local plan area exclusive of the amount of funding computed for the special education local plan area identified as the Los Angeles County Juvenile Court and Community School/Division of Alternative Education Special Education Local Plan Area, pursuant to Section 56836.09 for the 1997-98 fiscal year.

(2) Total the number of units of average daily attendance reported for each special education local plan area for the 1997-98 fiscal year, exclusive of average daily attendance for absences excused pursuant to subdivision (b) of Section 46010 as that section read on July 1, 1996, and exclusive of the units of average daily attendance computed for the special education local plan area identified as the Los Angeles County Juvenile Court and Community School/Division of Alternative Education Special Education Local Plan Area.

(3) Divide the sum computed in paragraph (1) by the sum computed in paragraph (2) to determine the statewide target amount for the 1997-98 fiscal year.

(4) Add the amount computed in paragraph (3) to the inflation adjustment computed pursuant to subdivision (d) of Section 56836.08 for the 1998-99 fiscal year to determine the statewide target amount for the 1998-99 fiscal year.

(b) Commencing with the 1999-2000 fiscal year and each fiscal year thereafter, to determine the statewide target amount per unit of average daily attendance for special education local plan areas for the purpose of computing the incidence multiplier pursuant to Section 56836.155, the Superintendent shall multiply the statewide target amount per unit of average daily attendance computed for the prior fiscal year pursuant to this section by one plus the inflation factor computed pursuant to subdivision (b) of Section 42238.1 for the fiscal year in which the computation is made.

(c) Commencing with the 1999-2000 fiscal year through and including the 2004-05 fiscal year, to determine the statewide target amount per unit of average daily attendance for special education local plan areas for the purpose of computing the inflation adjustment pursuant to paragraph (2) of subdivision (d) of Section 56836.08 and growth pursuant to subdivision (c) of Section 56836.15, the Superintendent shall multiply the statewide target amount per unit of average daily attendance computed for the prior fiscal year pursuant to this section by one plus the inflation factor computed pursuant to subdivision (b) of Section 42238.1 for the fiscal year in which the computation is made.

(d) For the 2005-06 fiscal year, the Superintendent shall make the following computation to determine the statewide target amount per unit of average daily attendance to determine the inflation adjustment pursuant to paragraph (2) of subdivision (d) of Section 56836.08 and growth pursuant to subdivision (c) of Section 56836.15, as follows:

(1) The 2004-05 fiscal year statewide target amount per unit of average daily attendance less the sum of the 2004-05 fiscal year total amount of federal funds apportioned pursuant to Schedule (1) in Item 6110-161-0890 of Section 2.00 of the Budget Act of 2004 for the purposes of special education for individuals with exceptional needs enrolled in kindergarten and grades 1 to 12, inclusive, divided by the total average daily attendance computed for the 2004-05 fiscal year.

(2) Multiply the amount computed in paragraph (1) by one plus the inflation factor computed pursuant to subdivision (b) of Section 42238.1 for the fiscal year in which the computation is made.

(e) Commencing with the 2006-07 fiscal year and each fiscal year thereafter, to determine the statewide target amount per unit of average daily attendance for special education local plan areas for the purpose of computing the inflation adjustment pursuant to paragraph (2) of subdivision (d) of Section 56836.08 and growth pursuant to subdivision (c) of Section 56836.15, the Superintendent shall multiply the statewide target amount per unit of average daily attendance computed for the prior fiscal year pursuant to this section by one plus the inflation factor computed pursuant to subdivision (b) of Section 42238.1 for the fiscal year in which the computation is made.

SEC. 17. Section 56836.155 of the Education Code is amended to read:

56836.155. (a) On or before November 2, 1998, the department, in conjunction with the Office of the Legislative Analyst, shall do the following:

(1) Calculate an "incidence multiplier" for each special education local plan area using the definition, methodology, and data provided in the final report submitted by the American Institutes for Research pursuant to Section 67 of Chapter 854 of the Statutes of 1997.

(2) Submit the incidence multiplier for each special education local plan area and supporting data to the Department of Finance.

(b) The Department of Finance shall review the incidence multiplier for each special education local plan area and the supporting data, and report any errors to the department and the Office of the Legislative Analyst for correction.

(c) The Department of Finance shall approve the final incidence multiplier for each special education local plan area by November 23, 1998.

(d) For the 1998-99 fiscal year and each fiscal year thereafter to and including the 2005-06 fiscal year, the Superintendent shall perform the following calculation to determine each special education local plan area's adjusted entitlement for the incidence of disabilities:

(1) The incidence multiplier for the special education local plan area shall be multiplied by the statewide target amount per unit of average daily attendance for special education local plan areas determined pursuant to Section 56836.11 for the fiscal year in which the computation is made.

(2) The amount determined pursuant to paragraph (1) shall be added to the statewide target amount per unit of average daily attendance for special education local plan area determined pursuant to Section 56836.11 for the fiscal year in which the computation is made.

(3) Subtract the amount of funding for the special education local plan area determined pursuant to paragraph (1) of subdivision (a) or paragraph (1) of subdivision (b) of Section 56836.08, as appropriate for the fiscal year in which the computation is made, or the statewide target amount per unit of average daily attendance for special education local plan areas determined pursuant to Section 56836.11 for the fiscal year in which the computation is made, whichever is greater, from the amount determined pursuant to paragraph (2). For the purposes of this paragraph for the 2002-03, 2003-04, 2004-05, and 2005-06 fiscal years, the amount, if any, received pursuant to Section 56836.159 shall be excluded from the funding level per unit of average daily attendance for a special education local plan area. If the result is less than zero, the special education local plan area may not receive an adjusted entitlement for the incidence of disabilities.

(4) Multiply the amount determined in paragraph (3) by either the average daily attendance reported for the special education local plan area for the fiscal year in which the computation is made, as adjusted pursuant to subdivision (a) of Section 56836.15, or the average daily attendance reported for the special education local plan area for the prior fiscal year, as adjusted pursuant to subdivision (a) of Section 56826.15, whichever is less.

(5) If there are insufficient funds appropriated in the fiscal year for which the computation is made for the purposes of this section, the amount received by each special education local plan area shall be prorated.

(e) For the 1997-98 fiscal year, the Superintendent shall perform the calculation in paragraphs (1) to (3), inclusive, of paragraph (d) only for the purposes of making the computation in paragraph (1) of subdivision (d) of Section 56836.08, but the special education local plan area may

not receive an adjusted entitlement for the incidence of disabilities pursuant to this section for the 1997-98 fiscal year.

SEC. 18. Section 56836.165 of the Education Code is amended to read:

56836.165. SEC. 20. Article 5.6 (commencing with Section 69616) is added to Chapter 2 of Part 42 of the Education Code, to read:

Article 5.6. State Nursing Assumption Program of Loans for
Education (SNAPLE)

69616. (a) The Legislature hereby recognizes the growing need for new faculty members in the nursing field at California's colleges and universities. This need will be fueled largely by the large number of current faculty approaching retirement age who will need to be replaced and the expected growth in enrollment demand in California. Further, to increase the supply of nurses in California, there must be an expansion of nursing educator opportunities in public colleges and universities that will produce the necessary faculty to teach in nursing programs in the state.

(b) The Legislature finds that the rising costs of higher education, coupled with a shift in available financial aid from scholarships and grants to loans, make loan repayment options an important consideration in a student's decision to pursue a graduate degree in nursing education.

(c) It is the intent of the Legislature that the State Nursing Assumption Program of Loans for Education (SNAPLE) be designed to encourage

persons to complete their graduate educations and serve as nursing faculty at an accredited California college or university.

(d) As used in this article, "commission" means the Student Aid Commission.

69616.1. (a) Program participants shall meet all of the following eligibility criteria prior to selection into the program and shall continue to meet these criteria, as appropriate, during the payment periods:

(c) The applicant has met the requirements of the loan assumption agreement and all other conditions of this article.

69616.3. The terms of the loan assumptions granted under this article shall be as follows, subject to the specific terms of each loan assumption agreement:

69616.5. (a) The commission shall accept nominations from accredited colleges and universities made pursuant to this article.

(b) The commission shall choose from among those nominations deemed financially needy with outstanding student loans pursuant to Article 1.5 (commencing with Section 69503) based upon criteria that may include the following:

SEC. 21. Section 84754.5 is added to the Education Code, to read:

84754.5. Pursuant to provisions of Chapter 581 of the Statutes of 2004, the board of governors provided the Governor and the Legislature recommendations regarding the design of a workable structure for the annual evaluation of district-level performance in meeting statewide educational outcome priorities. The Legislature recognizes that these recommendations were based on a study process that included input from institutional representatives of community college districts, nationally regarded experts in community college accountability, the Department of Finance, the Office of the Legislative Analyst, community college organizations, and other interested parties. In enacting this section the Legislature hereby establishes a program for the annual reporting and evaluation of district-level performance in achieving priority educational outcomes consistent with the intent of Chapter 581 of the Statutes of 2004. The program includes the following components:

(a) As a condition of receiving specified funds in the annual Budget Act to encourage district-level accountability efforts, community college districts shall provide data, in a format and according to a schedule to be specified by the Office of the Chancellor of the California Community Colleges, for the purpose of the annual report to the Legislature specified in subdivision (b) and for purposes of providing the means for both

internal and external assessment of the district's educational offerings in meeting the high-priority educational goals of the state. The chancellor shall withhold, delay, or reduce funds specified in the annual Budget Act to encourage district-level accountability efforts from a district that fails to provide needed data by specified deadlines. If a district's failure to report by specified deadlines results in the omission of required data from, or inclusion of erroneous data in, the annual report required by subdivision (b), the chancellor shall reduce that district's funding as specified in regulations for the implementation of this section.

(b) With data available through its management information system and other data provided pursuant to subdivision (a), and utilizing resources provided for this purpose in the annual Budget Act, the chancellor shall prepare an annual report to the Legislature, the Governor, the Department of Finance, and the Office of the Legislative Analyst evaluating the achievement of educational outcomes for each community college district and, as warranted, each college. This report shall be provided to the Legislature annually on or before March 31, beginning in 2007. Preliminary data reported from the districts shall be provided to the Department of Finance and the Office of the Legislative Analyst by January 31 of each year, beginning in 2007. For each district, and college as warranted, the report shall: (1) include performance data for the immediately preceding fiscal year, reflecting all measures specified in subdivision (c); (2) compare each district's and college's achievement with peer groups within the system as applicable to specific metrics; and (3) compare each district's and college's achievements with that of the system as a whole. The report shall further include a profile with summary background information on each district's or college's educational programs, missions, students, and service area demographics.

(c) (1) The report shall include, but not be limited to, district or college-level performance on outcome measures in the following categories:

(A) Student progress and achievement: degrees, certificates, and transfers.

(B) Student progress and achievement: vocational, occupational, and workforce development.

(C) Pre-collegiate improvement, including basic skills and English-as-a-second language.

(2) The specific measures to be included in the report shall reflect the April 2005 board of governors recommendations as refined and amended in consultation with the Department of Finance and the Office of the Legislative Analyst, and shall be periodically reviewed, in consultation with the Department of Finance and the Office of the Legislative Analyst, and, if necessary, modified by the chancellor. It is the intent of the

Legislature that specific performance metrics and annual reporting requirements may be specified in annual Budget Acts, if warranted, by changes in state needs, legislative priorities, or the availability of data.

(d) As a condition of receiving specified funds in the annual Budget Act, each community college district board of trustees shall annually review and adopt its contribution to the segmentwide annual report as part of a regularly scheduled and noticed public meeting at which public comment shall be invited.

(e) The board of governors shall adopt regulations that it deems necessary to carry out this section no sooner than 30 days after notification in writing by the chancellor to the Director of Finance and the Chairperson of the Joint Legislative Budget Committee.

SEC. 22. Section 17581.5 of the Government Code is amended to read:

17581.5. (a) A school district may not be required to implement or give effect to the statutes, or portion thereof, identified in subdivision (b) during any fiscal year and for the period immediately following that fiscal year for which the Budget Act has not been enacted for the subsequent fiscal year if all of the following apply:

The Department of Child Support Services shall authorize the quarterly transfer of any portion of this amount for any particular fiscal year exceeding three million seven hundred fifty thousand dollars (\$3,750,000) of the net state share of foster care collections to the Treasurer for deposit in the Foster Children and Parent Training Fund, except that, commencing with the 2002-03 fiscal year, a total of not more than three million dollars (\$3,000,000) may be transferred to the fund in any fiscal year.

(c) (1) If sufficient moneys are available in the Foster Children and Parent Training Fund, up to three million dollars (\$3,000,000) shall be allocated for the support of foster parent training programs conducted in community colleges. The maximum amount authorized to be allocated pursuant to this subdivision shall be adjusted annually by a cost-of-living increase each year based on the percentage given to discretionary education programs. Funds for the training program shall be provided in a separate budget item in that portion of the Budget Act pertaining to the Chancellor of the California Community Colleges, to be deposited in a separate bank account by the Chancellor of the California Community Colleges.

(2) The chancellor shall use these funds exclusively for foster parent training, as specified by the chancellor in consultation with the California State Foster Parents Association and the State Department of Social Services.

(3) The plans for each foster parent training program shall include the provision of training to facilitate the development of foster family homes and small family homes to care for no more than six children who have special mental, emotional, developmental, or physical needs.

(4) The State Department of Social Services shall facilitate the participation of county welfare departments in the foster parent training program. The California State Foster Parents Association, or the local chapters thereof, and the State Department of Social Services shall identify training participants and shall advise the chancellor on the form, content, and methodology of the training program. Funds shall be paid monthly to the foster parent training program until the maximum amount of funds authorized to be expended for that program is expended. No more than 10 percent or seventy-five thousand dollars (\$75,000) of these moneys, whichever is greater, shall be used for administrative purposes; of the 10 percent or seventy-five thousand dollars (\$75,000), no more than ten thousand dollars (\$10,000) shall be expended to reimburse the State Department of Social Services for its services pursuant to this paragraph.

(2) After the maximum amount authorized in any fiscal year has been transferred to the Chancellor of the California Community Colleges and the Superintendent of Public Instruction, the Controller shall transfer any remaining funds to the General Fund for expenditure for any public purpose.

(f) This section shall be operative until June 30, 2005, and thereafter is operative only if specified in the annual Budget Act or in another statute.

The Superintendent of Public Instruction shall reduce funding for basic aid school districts from the categorical education funds appropriated in Section 2.00 of the Budget Act of 2005 by a total of one million one hundred twenty-six thousand dollars (\$1,126,000). The reduction shall be calculated as follows:

(a) The Superintendent shall calculate a reduction for each school district that was a basic aid school district in the 2004-05 fiscal year that is proportionate to its revenue limit as determined at the second principal apportionment of the 2004-05 fiscal year that will achieve the amount of savings specified in this section.

(b) (1) On or before September 15, 2005, the Superintendent shall notify each school district of the reduction amount calculated for that district pursuant to subdivision (a).

(2) On or before December 1, 2005, each school district shall notify the Superintendent of the specific categorical education programs in which the reductions for that district shall be applied and the amount of the reduction for each program, provided that no reduction may be made to a program identified as requiring a maintenance of effort. The Superintendent shall withhold or recover the identified amount of funds as necessary.

(3) This section does not obligate the state to refund or repay reductions made pursuant to this section. A decision by a school district to reduce funding pursuant to this section for a state-mandated local program shall constitute a waiver of the subvention of funds that the school district is otherwise entitled to pursuant to Section 6 of Article XIII B of the California Constitution in the amount so reduced, and that decision shall be made only after the school district first considers reductions to voluntary categorical education programs.

(c) If a school district does not receive property tax revenue sufficient to fully fund its revenue limit during the 2005-06 fiscal year, as determined at the second principal apportionment for the 2005-06 fiscal year, any reductions to that district's categorical education funding by this section shall be restored.

(d) No later than June 26, 2006, the Superintendent shall report to the Controller and the Director of Finance the amount to be reduced from each categorical education program and identify the corresponding item of appropriation in the Budget Act of 2005 to be reduced. The final reductions shall equal the total amount to be reduced pursuant to subdivision (a), less the amount restored pursuant to subdivision (c). On June 30, 2006, the amounts appropriated by the Budget Act of 2005 in the items identified by the Superintendent are hereby reduced by the amounts reported by the Superintendent. The amounts so reduced shall revert to the General Fund. The reductions pursuant to this subdivision shall be reductions in the amount appropriated for purposes of Section 8 of Article XVI of the California Constitution for the 2005-06 fiscal year.

(e) For purposes of this section, "basic aid school district" means a school district that does not receive from the state, for any fiscal year in which the section is applied, an apportionment of state funds pursuant to subdivision (h) of Section 42238 of the Education Code.

The program shall be administered by the Department of Personnel Administration or by a third-party administrator approved by the Department of Personnel Administration in a manner consistent with all applicable state and federal laws. The board shall determine the rural area for each subsequent fiscal year, at the same time that premiums for health maintenance organization plans are approved.

(2) Separate accounts shall be maintained within the program for all of the following:

(A) Employees, as defined in subdivision (c) of Section 3513.

(B) Excluded employees, as defined in subdivision (b) of Section 3527.

(C) State annuitants.

(2) The contribution provided by the state with respect to each excluded employee, as defined in subdivision (b) of Section 3527, who lives in a rural area and is otherwise eligible, shall be an amount equal to, but not to exceed, the amount contributed pursuant to paragraph (1).

(4) The contribution provided by the state with respect to each state annuitant who lives in a rural area, resides in California, participates in a supplement Medicare health benefit plan, and is otherwise eligible, shall be an amount equal to the Medicare Part B premiums incurred by the annuitant, not to exceed seventy-five dollars (\$75) per month. The program may not reimburse for penalty amounts.

(5) If an employee enters or leaves service with the state during a fiscal year, contributions for the employee shall be made on a pro rata basis. A similar computation shall be used for anyone entering or leaving the bargaining unit, including a person who enters the bargaining unit by promotion during a fiscal year.

(d) Each fund of the State Treasury, other than the General Fund, shall reimburse the General Fund for any sums allocated pursuant to subdivision (c) for employees whose compensation is paid from that fund. That reimbursement shall be accomplished using the following methodology:

(1) On or before December 1 of each year, the Department of Personnel Administration shall provide a list of active state employees who participated in the program during the previous fiscal year to each employing department.

(2) On or before January 15 of each year, each department that employed an active state employee identified by the Department of Personnel Administration as a participant in the program shall provide the Department of Personnel Administration with a list of the funds used to pay each employee's salary, along with the proportion of each employee's salary attributable to each fund.

On or before July 31 of each year, the Department of Personnel Administration shall provide the Department of Finance with the total costs allocated for annuitants in the previous fiscal year. The reported costs may not include expenses that have been incurred but not claimed as of July 31.

(f) Notwithstanding any other provision of law and subject to the availability of funds, moneys within the program shall be disbursed for the benefit of eligible employees. The disbursements shall subsidize the preferred provider plan premiums for the employee by an amount equal to the difference between the weighted average of board-approved health maintenance organization premiums and the lowest board-approved preferred provider plan premium available under this part, and reimburse the employee for a portion or all of his or her incurred deductible, coinsurance, and other out-of-pocket health-related expenses that would otherwise be covered if the employee and his or her family members were enrolled in a board-approved health maintenance organization plan. These subsidies and reimbursements shall be provided as determined by the Department of Personnel Administration, which may include, but is not limited to, a supplemental insurance plan, a medical reimbursement account, or a medical spending account plan.

(g) Notwithstanding any other provision of law and subject to the availability of funds, moneys within the program shall be disbursed for the benefit of eligible annuitants. The disbursements shall either reimburse the annuitant, if not a Medicare participant, for some or all of the deductible incurred by the annuitant or a family member, not to exceed five hundred dollars (\$500) per fiscal year, or reimburse the annuitant, if a Medicare participant, for Medicare Part B premiums incurred by the annuitant, not to exceed seventy-five dollars (\$75) per month. The program may not reimburse for penalty amounts. These reimbursements shall be provided by the Department of Personnel Administration. Notwithstanding any other provision of law, any annuitant who cannot be located within a period of three months and whose disbursement is returned to the Controller as unclaimed is ineligible to participate in the program.

(h) Subject to subdivision (i), moneys remaining in an account of the program at the end of any fiscal year shall remain in the account for use in subsequent fiscal years, until the account is terminated. Moneys remaining in a program account upon termination, after payment of all

expenses and claims incurred prior to the date of termination, shall be deposited in the General Fund.

(i) Notwithstanding Section 13340, there is hereby continuously appropriated, in support of subdivision (f), moneys to reimburse eligible employees for a portion or all of his or her out-of-pocket health-related expenses in excess of one thousand five hundred dollars (\$1,500) per fiscal year. In no case shall the total expenditures from this appropriation exceed fifteen million three hundred thirty-six thousand dollars (\$15,336,000) for all fiscal years combined.

(j) The Legislature finds and declares that the program is established for the exclusive benefit of employees, annuitants, and family members.

(k) This section shall cease to be operative on January 1, 2008, or on an earlier date if the board makes a formal determination that health maintenance organization plans are no longer the most cost-effective health benefit plans offered by the board.

68085. (a) (1) There is hereby established the Trial Court Trust Fund, the proceeds of which shall be apportioned at least quarterly for the purpose of funding trial court operations, as defined in Section 77003. In addition to quarterly payments, a final payment from the Trial Court Trust Fund for each fiscal year may be made on or before August 31 of the subsequent fiscal year.

Upon prior written approval of the Director of Finance, the Judicial Council may also authorize an increase

in any reimbursements or direct payments in excess of the amount appropriated in the annual Budget Act. For any increases in reimbursements or direct payments within the fiscal year that exceed two hundred thousand dollars (\$200,000), the Director of Finance shall provide notification in writing of any approval granted under this section, not less than 30 days prior to the effective date of that approval, to the chairperson of the committee in each house of the Legislature that considers appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the annual Budget Act, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance, determine. The direct payment or reimbursement of costs from the Trial Court Trust Fund may be supported by the reduction of a participating court's allocation from the Trial Court Trust Fund to the extent that the court's expenditures for the program are reduced and the court is supported by the program. The Judicial Council shall provide the affected trial courts with quarterly reports on expenditures from the Trial Court Trust Fund incurred as authorized by this subdivision. (3) If any of the fees provided for in this subdivision are partially waived by court order, and the fee is to be divided between the Trial Court Trust Fund and any other fund, the amount of the partial waiver shall be deducted from the amount to be distributed to each fund in the

same proportion as the amount of each distribution bears to the total amount of the fee.

(d) This section does not apply to that portion of a filing fee collected pursuant to Section 26820.4, 26826, 26827, 72055, or 72056 which is allocated for dispute resolution pursuant to Section 470.3 of the Business and Professions Code, the county law library pursuant to Section 6320 of the Business and Professions Code, the Judges' Retirement Fund pursuant to Section 26822.3, automated recordkeeping or conversion to micrographics pursuant to Sections 26863 and 68090.7, and courthouse financing pursuant to Section 76238. - (4) In the 2008–09 fiscal year, five million dollars (\$5,000,000).
- (5) In the 2009–10 fiscal year and thereafter, the obligation shall expire.

(b) If the amounts remitted annually to the Trial Court Trust Fund, pursuant to subdivision (a) of this section, and the amendments made to Section 68085.5 of the Government Code and Section 1214.1 of the Penal Code by the act that added this section, are less than the differences between thirty-one million dollars (\$31,000,000) and the amounts specified in paragraphs (1) to (5), inclusive, of subdivision (a), no additional state funds shall be appropriated to the courts to mitigate these revenue shortfalls.

(c) In the 2005–06 fiscal year, the amount described in paragraph (1) of subdivision (a) shall be remitted to the Trial Court Trust Fund in two equal installments on February 15, 2006, and May 15, 2006. In each subsequent fiscal year, the amount described in subdivision (a) shall be remitted to the Trial Court Trust Fund in four equal installments, due on October 1, January 1, April 1, and May 1. Each county shall pay the installments from all available resources, including the county's general fund.

(d) Any payment to correct for an overpayment or underpayment made in any fiscal year shall be paid to the appropriate party on or before November 15 of the subsequent fiscal year.

(e) All moneys required to be paid to the Trial Court Trust Fund under this section shall be considered delinquent if not paid by the dates specified in this section, and shall be subject to the penalties set forth in Section 68085.

(f) Penalty amounts calculated under subdivision (e) shall be paid by the county or the city and county to the Trial Court Trust Fund no later than 45 days after the end of the month in which the penalty was calculated.

(g) The portion of the amount in subdivision (a) to be paid by each county shall be determined by the Administrative Office of the Courts

(AOC) and the California State Association of Counties (CSAC) with the following conditions:

(1) Any county that did not receive a reduction of county remittances for support of trial courts to compensate for loss of civil assessment revenue under Section 68085.7 shall not be required to make any payments under this section.

(2) No county's payment in any year, commencing in the 2005–06 fiscal year, shall be greater than 90 percent of the annual payment that county was required to pay toward the thirty-one million dollars (\$31,000,000) in subdivision (e) of Section 68085.5 as it read on January 1, 2004.

(3) The AOC and the CSAC shall determine the portion of the amounts in subdivision (a) to be paid by each county on or before October 31, 2005. If the AOC and the CSAC do not agree on the portions, they may request a mutually agreed-upon third party to arbitrate and determine the portion for each county. The portions shall be determined on or before December 31, 2005.

(h) On or before June 30, 2006, the AOC and the CSAC shall agree upon a methodology to determine whether the growth in revenue to the Trial Court Trust Fund created by the transfer of revenues under this section and Section 68085.7 has significantly exceeded projected levels so that a reduction in the counties' obligation under paragraph (4) of subdivision (a) should be recommended to the Legislature.

(i) Nothing in this section shall be deemed to alter or make void the shift of responsibility for court funding from the counties to the state.

SEC. 45. Section 68085.7 is added to the Government Code, to read:

68085.7. (a) Notwithstanding any other provision of law, Section 68085.5 does not apply to the following fees and fines collected on or after July 1, 2005: any fees and fines specified in subdivision (a) or (b) of Section 68085.5, Section 177.5 or 1218 of the Code of Civil Procedure, or Section 166 or 1214.1 of the Penal Code. Commencing July 1, 2005, these fees and fines shall be distributed as provided by Section 68085 or, if no provision is made in Section 68085, the section that provides for the fee or fine.

(b) Commencing July 1, 2005, in each fiscal year, the amount of each county's annual remittance to the state Trial Court Trust Fund under paragraph (2) of subdivision (b) of Section 77201.1 shall be reduced by the amount that the county received from civil assessments under Section 1214.1 of the Penal Code, after deducting the cost of collecting those civil assessments as defined in subdivision (f), in the 2003–04 fiscal year. The reduction provided by this subdivision for the 2005–06 fiscal year shall apply only to a county that transmits to the Trial Court Trust Fund any money received by the county between July 1, 2005 and the

effective date of this section that would have been transmitted to the Trial Court Trust Fund pursuant to subdivision (a), and the amendments to Section 68085 of this code and Section 1214.1 of the Penal Code, if this section had been effective on July 1, 2005.

(c) The amount of the reduction under this section for each county shall be determined by agreement between the Administrative Office of the Courts (AOC) and the California State Association of Counties (CSAC). Each county and each superior court shall exchange relevant factual information to determine and jointly report to the AOC and the CSAC the total amount the county received from civil assessments for the 2003–04 fiscal year, both gross and net after costs, on or before August 31, 2005. If the court and the county do not agree on the amount, the court and the county shall each report the amount each believes is correct to the AOC and the CSAC on or before August 31, 2005.

(d) The AOC and the CSAC shall agree on the amount of the reduction for each county under this section on or before October 31, 2005. If a court or county disagrees with the amount agreed to by the AOC and the CSAC for that county, the court or county may appeal to the AOC and the CSAC for an adjustment. The AOC and the CSAC shall determine whether to make any requested adjustment.

(e) If the AOC and the CSAC do not agree on the amount of the reduction for a county, they may request a mutually agreed-upon third party to arbitrate and determine the amount. The amount shall be determined on or before December 31, 2005.

(f) Guidelines of the Controller shall apply to the determination of revenues from civil assessments under Section 1214.1 of the Penal Code. The costs of collecting civil assessments applied in determining net civil assessments are only those costs used to collect those civil assessments.

SEC. 46. Section 68085.8 is added to the Government Code, to read:

68085.8. (a) On or before December 31, 2005, the Administrative Office of the Courts (AOC) and the California State Association of Counties (CSAC) shall complete an initial review of the impact upon individual counties and courts of the changes in revenue distributions and payment obligations under Sections 68085.6, and 68085.7 for the purpose of correcting inequities that may result from these changes. The AOC and CSAC shall work with counties and courts to develop and implement procedures to correct inequities resulting from either the implementation of these changes or any changes in the provision of services or benefits under any of the following circumstances:

(1) Institution of new civil assessment programs after the 2003–04 fiscal year.

(2) Substantial impacts on memoranda of understanding or other agreements that are existing or pending as of June 10, 2005, or practices

in effect at that time, which agreements and practices contemplate the use of revenues transferred under the act that added this section.

(3) The demonstration by clear evidence that the information used as the basis for determining a reduction under Section 68085.7, or for determining a county's obligation under Section 68085.6, results in an inequity, and that the inequity imposes an undue hardship on the court or county.

(b) Inequities may be corrected by one or more of the following mechanisms:

(1) Adjustment of the reduction under subdivision (b) of Section 68085.7.

(2) Adjustment of the amount of a county's obligation under subdivision (a) of Section 68085.6.

(3) Adjustment of allocations to a trial court to the Trial Court Trust Fund under subdivision (a) of Section 68085.

(4) If necessary, with agreement of the court and county, adjustments of the rights and duties of the parties under memoranda of understanding or other agreements or practices.

The adjustments under paragraphs (1) to (4), inclusive, may be temporary or permanent. Adjustments under this section shall be made only with the mutual agreement of the AOC and CSAC.

SEC. 47. Section 69926.5 of the Government Code is amended to read:

69926.5. (a) To ensure and maintain adequate funding for court security, a surcharge of twenty dollars (\$20) is added to the total fee collected pursuant to Section 26820.4, 26826, 26827, 72055, or 72056.

(b) In addition to the surcharge in subdivision (a), a surcharge of twenty dollars (\$20) is added to the total filing fee collected in a case pursuant to Section 26820.4, 26826, or 26827, a surcharge of twenty dollars (\$20) is added to the total filing fee collected in a limited civil case pursuant to Section 72055 or 72056 where the amount demanded, excluding attorney's fees and costs, is in excess of ten thousand dollars (\$10,000), and a surcharge of ten dollars (\$10) is added to the total filing fee collected in a limited civil case pursuant to Section 72055 or 72056 where the amount demanded, excluding attorney's fees and costs, is ten thousand dollars (\$10,000), or less. The surcharges in this subdivision shall be collected in cases filed from January 1, 2004, to June 30, 2006, inclusive. The purpose of this surcharge is to stabilize funding for court security at the current level and is not intended to increase the funding available for court security in the 2004-05 and 2005-06 fiscal years. This subdivision shall become inoperative on July 1, 2006, or upon the enactment of a uniform filing fee, whichever is earlier.

(c) Notwithstanding any other provision of law, the surcharges collected pursuant to subdivisions (a) and (b) shall all be deposited in a special account in the county treasury, and transmitted therefrom monthly to the Controller for deposit in the Trial Court Trust Fund.

SEC. 48. Section 71386 of the Government Code is amended to read:

71386. (a) Each superior court shall adopt a written policy, consistent with rules adopted by the Judicial Council, governing the acceptance of checks and money orders in payment of any fees, fines, or bail deposits. The policy shall permit clerks to accept checks and money orders under conditions that tend to assure their validity.

(b) A court shall accept a personal check, bank cashier's check, or money order for payment of any fee or fine, or for a deposit of bail for any offense that is not declared to be a felony, provided the check or money order meets the criteria established in subdivision (a). However, no court shall be required to accept a check in excess of three hundred dollars (\$300) from a defendant in custody as a deposit of bail for any alleged violation of the Penal Code.

(c) The acceptance of a check pursuant to this section constitutes payment of the obligation owed to the payee public agency to the extent of the amount of the check as of the date of acceptance when, but not before, the check is duly paid.

(d) If any check offered in payment pursuant to this section is returned to the payee without payment, a reasonable charge for the returned check not to exceed the actual costs incurred may be imposed to recover the processing and collection costs. This charge may be added to, and become part of, any underlying obligation other than an obligation that constitutes a lien on real property, or a different method of payment for that payment and future payments by that person may be prescribed. If the costs are incurred by the county, the charges imposed by a court for a returned check shall be retained by the treasurer of the county and be deposited in the county general fund. If the costs are incurred by the court, the charges imposed for a returned check shall be distributed to the court.

SEC. 49. Section 50517.10 of the Health and Safety Code is amended to read:

50517.10. (a) The department shall use the funds allocated pursuant to clause (ii) of subparagraph (A) of paragraph (4) of subdivision (a) of Section 53533 to fund a program that uses innovative, cost-effective mechanisms to provide migrant farmworkers with affordable, durable, low-maintenance housing options. It is the intent of the Legislature that the department conduct outreach and provide technical assistance to facilitate expedient use of these funds. For the purpose of this subdivision, the department may assist housing projects that meet the following criteria:

(1) Are located on sites that permit occupancy by agricultural employees pursuant to Section 17021.5 or 17021.6.

(2) Consist of alternative housing types that meet state and federal standards for livability and durability, including manufactured housing, factory-built housing, other forms of prefabricated housing, motel conversions, and dormitory- and barracks-style housing in which residents share common cooking and sanitary facilities.

(3) Provide affordable replacement housing alternatives for migrant farmworkers who face displacement from existing labor camps, mobilehome parks, or other housing because of the existence of conditions that are a danger to the health and safety of the residents due to overcrowding, lack of adequate infrastructure, or substantial violations of health and safety standards or because of the retirement or fallowing of agricultural land.

(4) Consist of a migrant housing center in which migrant farmworkers are provided with job, child care, educational, medical, and other social service referrals.

(5) Consist of any other type of migrant housing permitted by this chapter.

(6) Consist of new migrant farmworker housing centers or other new migrant housing authorized by Chapter 8.5 (commencing with Section 50710). The department shall, to the maximum extent possible, develop new migrant housing within developed areas of agricultural communities and near essential social services such as schools, transportation, and health care.

(b) In providing financing for purposes of subdivision (a), the department may do any of the following:

(1) Make no-interest deferred loans to agricultural employers who assume responsibility for paying or securing the operating costs of migrant housing assisted pursuant to this section, with payment deferred until the housing is no longer used to house migrant farmworkers for at least 90 days each year or 20 years, whichever is less, with up to one-half of the loan being forgivable after 20 years and a proportionately lower percentage of the loan being forgivable for periods of occupancy of 10 years to 20 years.

(2) Make loans or grants to local agencies, nonprofit entities, or limited partnerships or to joint ventures of agricultural employers and local agencies or nonprofit entities.

(3) Permit the housing to be used by persons other than migrant farmworkers, when not in use by migrant farmworkers.

(4) Waive the requirement that the applicant make a matching contribution.

(5) Permit the applicant to deposit funds in a reserve account to defray unanticipated cost increases or revenue shortfalls to the extent necessary to maintain the fiscal integrity of the housing or to cure or avoid a default on any loan or other obligation.

(6) Permit as eligible costs, the cost of development, redevelopment, acquisition, rehabilitation, land purchase, options to buy land, professional services, permit and application fees and bonding, site preparation, water, sewer, and associated infrastructure development, improvements to common areas, reasonable consulting fees, permanent financing, and reserves.

(7) Establish maximum rent levels by type of housing and an annual rent adjustment formula using an inflation index adopted by the department.

(c) In addition to the purposes specified in subdivision (a) of Section 50517.5, the department may make grants and loans under the Joe Serna, Jr. Farmworker Housing Grant Program to local public entities and nonprofit corporations in order to establish capitalized operating reserves for short-term occupancy housing for migrant farmworker households, purchase land for, and construct, housing structures for short-term occupancy by migrant farmworker households, lease or purchase existing structures for short-term occupancy by migrant farmworker households, and, where the department determines that extraordinary or emergency circumstances exist, directly rent or lease housing for short-term occupancy by migrant farmworker households.

SEC. 50. Section 50601 of the Health and Safety Code is amended to read:

50601. (a) The Preservation Opportunity Fund is hereby created in the State Treasury. Notwithstanding Section 13340 of the Government Code, all money in the fund is continuously appropriated to the department without regard to fiscal years for the purposes of this chapter and for costs incurred in administering the program. The combined administrative expenses of the department and the agency shall not exceed 5 percent of the funds deposited in the fund for the purposes of this chapter.

(b) The following shall be paid into the fund:

(1) Any money appropriated and made available by the Legislature for purposes of the fund.

(2) Any money that the department or the agency receives in repayment of loans from the fund, including interest therefrom, except as provided in subdivision (f) of Section 50603.

(3) Any other money that may be made available to the department for the purposes of this chapter from any other source.

SEC. 51. Section 50603 of the Health and Safety Code is amended to read:

50603. (a) There is hereby created the Preservation Opportunity Program.

(b) The department shall contract with the agency for the administration of this section, and the agency shall establish the terms upon which loans may be made consistent with this section.

(c) A project shall meet all of the following requirements to be eligible for a loan:

(1) It shall be an assisted housing development.

(2) The borrower shall, in conjunction with this loan, receive a loan from the agency's Preservation Acquisition Program for the acquisition of this project.

(3) The borrower shall agree to obligate itself and any successors in interest to maintain the affordability of the assisted housing development for households of very low, low, or moderate income for a term of not less than 30 years. To the extent economically feasible, the development shall be continuously occupied in the approximate percentages that those households have occupied that development as of the date of acquisition by the purchaser or the approximate percentages specified in existing federal, state, or locally imposed use restrictions, whichever is higher. This obligation shall be recorded at the close of escrow in the office of the county recorder of the county in which the development is located. In addition, the regulatory agreement shall contain provisions requiring the renewal of rental subsidies, if they are available and are provided at a level sufficient to maintain the project's fiscal viability. Nothing in this paragraph shall be construed to require the future income restriction of units unrestricted under the new regulatory agreement required by this subdivision.

(d) Projects that meet the requirements of subdivision (c) shall be evaluated for funding based on their ability to address the following priorities:

(1) First priority shall be given to projects whose rent restrictions have expired or are eligible to expire within two years of application for a loan under this program.

(2) Second priority shall be given to projects with rent restrictions expiring within five years.

(e) The loans for assisted housing developments under this section shall include the following terms:

(1) The agency shall determine the term of the loan. A loan may not exceed a term of two years, unless the agency determines, in its discretion, that a longer term is required to do both of the following:

(A) To preserve the affordability of a project.

(B) To ensure the financial viability of a project.

(2) The rate of interest shall not exceed 3 percent per annum on the unpaid balance for that portion of the loan made with General Fund or general obligation bond moneys. The rate of interest for portions of the loan made with non-General Fund, nongeneral obligation bond moneys shall be established by the agency.

(3) Simple interest shall accrue but be deferred until loan maturity or transfer of the property.

(4) Any other terms and provisions that the agency may deem proper.

(f) Notwithstanding paragraph (2) of subdivision (b) of Section 50601, with the exception of five million dollars (\$5,000,000), all money that the agency receives in repayment of loans made with funds from the Housing and Emergency Shelter Trust Fund Act of 2002 shall be deposited into the Housing Rehabilitation Loan Fund created by Section 50661 for use in the Multifamily Housing Program. The five million dollars (\$5,000,000) remaining in the Preservation Opportunity Fund and subsequent interest payments on loans made from this five million dollars (\$5,000,000) shall be made available for the purposes of the Preservation Opportunity Program through at least December 31, 2008, at which time the agency may, based on an analysis of need, either continue to make these funds available for the purposes of the Preservation Opportunity Program or transfer all remaining funds to the Housing Rehabilitation Loan Fund for use in the Multifamily Housing Program.

SEC. 52. Section 50710.1 of the Health and Safety Code is amended to read:

50710.1. (a) If all the development costs of any migrant farm labor center assisted pursuant to this chapter are provided by federal, state, or local grants, and if inadequate funds are available from any federal, state, or local service to write-down operating costs, the department may approve rents for that center that are in excess of rents charged in other centers assisted by the Office of Migrant Services. However, notwithstanding any other provision of law, commencing with the 2006 growing season, the department shall not increase rents for residents of any facility assisted by the Office of Migrant Services to a level that exceeds 30 percent of the average annualized household incomes of residents of the facility without specific legislative authorization. Prior to approving these rents, the department shall consider the adequacy of evidence presented by the entity operating the center that the rents reimburse actual, reasonable, and necessary costs of operation.

(b) At the end of each fiscal year, any entity operating a migrant farm labor center pursuant to this chapter may establish a reserve account comprised of the excess funds provided through the annual operating

contract received from the department if the department certifies there is no need to address reasonable general maintenance requirements or repairs, rehabilitation, and replacement needs of the requesting migrant farm labor center which affect the immediate health and safety of residents. The cumulative balance of the reserve account shall not exceed 10 percent of the annual operating funds annually committed to the entity by the department. Funds in the reserve account shall be used only for capital improvements such as replacing or repairing structural elements, furniture, fixtures, or equipment of the migrant farm labor center, the replacement or repair of which are reasonably required to preserve the migrant farm labor center. Withdrawals from the reserve account shall be made only upon the written approval of the department of the amount and nature of expenditures.

(c) A migrant farm labor center governed by this chapter may be operated for an extended period prior to or beyond the standard 180-day period after approval by the department, provided that all of the following conditions are satisfied:

(1) No additional subsidies provided by the department are used for the operation or administration of the migrant farm center during the extended occupancy period except to the extent that state funds are appropriated or authorized for the purpose of funding all or part of the cost of subsidizing extended occupancy periods during the first 14 days only.

(2) Rents are not to be increased above the rents charged during the standard 180-day occupancy period unless the department finds that an increase is necessary to cover the difference between reasonable operating costs necessary to keep the center open during the extended occupancy period and the amount of state funds available pursuant to paragraph (1) and any contributions from agricultural employers or other federal, local, or private sources. These contributions shall not be used to reduce the amount of state funds that otherwise would be made available to the center to subsidize rents during an extended occupancy period.

(3) In no event shall the rent during the extended occupancy period exceed the average daily operating cost of the center, less any subsidy funds available pursuant to paragraph (1) or (2). With respect to an extended occupancy beyond the standard 180-day period, households representing at least 25 percent of the units in the center shall have indicated their desire and intention to remain in residency by signing a petition to the local entity to keep the center open for an extended period at rents that are the same or higher than rents during the regular period of occupancy. Each household shall receive a clear bilingual notice describing the extended occupancy options attached to the lease.

The Legislature finds and declares that because the number of residents may be substantially reduced during the extended occupancy period, a rent increase may be necessary to cover operating costs. It is the intent of the Legislature that the public sector, private sector, and farmworkers should each play an important role in ensuring the financial viability of this important source of needed housing.

(4) An extended occupancy period is requested by an entity operating the migrant farm labor center and received by the department no earlier than 30 days and no later than 15 days prior to the center's scheduled opening or closing date. The department shall notify the entity and petitioning residents of the final decision no later than seven days prior to the center's scheduled opening or closing date. During the extended occupancy period, occupancy shall be limited to migrant farmworkers and their families who resided or intended to reside at a migrant center during the regular period of occupancy.

(5) Before approving or denying an early opening or an extension and establishing the rents for the extended occupancy period, both of which shall be within the sole discretion of the department, the department shall take into consideration all of the following factors:

(A) The structural and physical condition of the center, including water and sewer pond capacity and the capacity and willingness of the local entity to operate the center during the extended occupancy period.

(B) Whether local approvals are required, and whether there are competing demands for the use of the center's facilities.

(C) Whether there is adequate documentation that there is a need for residents of the migrant center to continue work in the area, as confirmed by the local entity.

(D) The climate during the extended occupancy period.

(E) The amount of subsidy funds available that can be allocated to each center to subsidize rents below the operating costs and the cost of operating each center during the extended occupancy period.

(F) The extended occupancy period is deemed necessary for the health and safety of the migrant farmworkers and their families.

(G) Other relevant factors affecting the migrant farmworkers and their families and the operation of the centers.

(6) The rents collected during the extended occupancy period shall be remitted to the department. However, based on financial records to the satisfaction of the department, the department may reduce the amount to be remitted by an amount it determines the local entity has expended during the extended occupancy period that is not being reimbursed by department funds.

(7) The occupancy during the extended occupancy period represents a new tenancy and is not subject to existing and statutory and regulatory

limitations governing rents. Prior to the beginning of the extended occupancy period, residents shall be provided at least two days' advance written notice of any rent increase and of the expected length of the extended occupancy period, including the scheduled date of the beginning of the extended occupancy period and closure of the center. Prior to being eligible for residency during the extended occupancy period, residents shall sign rental documents deemed necessary by the department.

(d) The Legislature finds and declares that variable annual climates and changing agricultural techniques create an inability to accurately predict the end of a harvest season for the purposes of housing migrant farmworkers and their families. Because of these factors, in any part of this state, and in any specific year, one or more migrant farmworker housing centers governed by this chapter need to open early or remain open for up to two additional weeks to allow the residents to provide critical assistance to growers in harvesting crops while also fulfilling work expectations that encouraged them to migrate to the areas of the centers. In addition, if the centers close prematurely or open late, the migrant farmworkers often must remain or reside in the areas to work for up to two weeks. During this time they will not be able to obtain decent, safe, and affordable housing and the health and safety of their families and the surrounding community will be threatened.

The Legislature therefore finds and declares that, for the purposes of any public or private right, obligation, or authorization related to the use of property and improvements thereon as a 180-day migrant center, an extended use of any housing center governed by this chapter pursuant to this section is deemed to be the same as the 180-day use generally authorized by this chapter.

(e) Because of the presumed income levels of the occupants of migrant farm labor centers, an entity operating a migrant farm labor center shall be deemed eligible for the California Alternative Rates for Energy program established pursuant to Sections 382 and 739.1 of the Public Utilities Code. Any savings from a reduction in energy rates shall be passed on to the occupants of the migrant farm labor center.

SEC. 53. Section 53533 of the Health and Safety Code is amended to read:

53533. (a) Money deposited in the fund from the sale of bonds pursuant to this part shall be allocated for expenditure in accordance with the following schedule:

(1) Nine hundred ten million dollars (\$910,000,000) shall be transferred to the Housing Rehabilitation Loan Fund to be expended for the Multifamily Housing Program authorized by Chapter 6.7 (commencing with Section 50675) of Part 2, except for the following:

(A) Fifty million dollars (\$50,000,000) shall be transferred to the Preservation Opportunity Fund and, notwithstanding Section 13340 of the Government Code, is continuously appropriated without regard to fiscal years for the preservation of at-risk housing pursuant to Chapter 5 (commencing with Section 50600) of Part 2.

(B) Twenty million dollars (\$20,000,000) shall be used for nonresidential space for supportive services, including, but not limited to, job training, health services, and child care within, or immediately proximate to, projects to be funded under the Multifamily Housing Program. This funding shall be in addition to any applicable per-unit or project loan limits and may be in the form of a grant. Service providers shall ensure that services are available to project residents on a priority basis over the general public.

(C) Twenty-five million dollars (\$25,000,000) shall be used for matching grants to local housing trust funds pursuant to Section 50843.

(D) Fifteen million dollars (\$15,000,000) shall be used for student housing through the Multifamily Housing Program, subject to the following provisions:

(i) The department shall give first priority for projects on land owned by a University of California or California State University campus. Second priority shall be given to projects located within one mile of a University of California or California State University campus that is suffering from a severe shortage of housing and limited availability of developable land as determined by the department. Those determinations shall be set forth in the Notice of Funding Availability and shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Title 2 of the Government Code.

(ii) All funds shall be matched on a one-to-one basis from private sources or by the University of California or California State University. For the purposes of this subparagraph, "University of California" includes the Hastings College of the Law.

(iii) Occupancy for the units shall be restricted to students enrolled on a full-time basis in the University of California or California State University.

(iv) Income eligibility pursuant to the Multifamily Housing Program shall be established by verification of the combined income of the student and his or her family.

(v) Any funds not used for this purpose within 24 months of the date that the funds are made available shall be awarded pursuant to subdivision (a) for the Downtown Rebound Program as set forth in paragraph (1) of subdivision (c) of Section 50898.2.

(E) Any funds not encumbered for the purposes set forth in this paragraph, except subparagraph (D), within 30 months of availability

shall revert to the Housing Rehabilitation Loan Fund created by Section 50661 for general use in the Multifamily Housing Program.

(2) One hundred ninety-five million dollars (\$195,000,000) shall be transferred to the Emergency Housing and Assistance Fund to be expended for the Emergency Housing and Assistance Program authorized by Chapter 11.5 (commencing with Section 50800 of Part 2).

(3) One hundred ninety-five million dollars (\$195,000,000) shall be transferred to the Housing Rehabilitation Loan Fund to be expended for supportive housing projects under the Multifamily Housing Program authorized by Chapter 6.7 (commencing with Section 50675) of Part 2, to serve individuals and households moving from emergency shelters or transitional housing or those at risk of homelessness.

(4) Two hundred million dollars (\$200,000,000) shall be transferred to the Joe Serna, Jr. Farmworker Housing Grant Fund to be expended for farmworker housing programs authorized by Chapter 3.2 (commencing with Section 50517.5) of Part 2, except for the following:

(A) Twenty-five million dollars (\$25,000,000) shall be used for projects that serve migratory agricultural workers as defined in subdivision (i) of Section 7602 of Title 25 of the California Code of Regulations. If, after July 1, 2003, funds remain after the approval of all feasible applications, the department shall be deemed an eligible recipient for the purposes of reconstructing migrant centers operated through the Office of Migrant Services pursuant to Chapter 8.5 (commencing with Section 50710) that would otherwise be scheduled for closure due to health or safety considerations or are in need of significant repairs to ensure the health and safety of the residents. Of the dollars allocated by this subparagraph, the department shall receive fifteen million dollars (\$15,000,000) for these purposes subject to the following conditions and requirements:

Sec. 16. The investigation and enforcement of the provisions contained in Sections 1 to 15, inclusive, of this act shall be accomplished without any duplication of effort on the part of the Attorney General and the Commissioner of Corporations. SEC. 75.5. (a) The ReadyReturn pilot program, available to taxpayers filing the simplest tax returns with the Franchise Tax Board, may continue to operate as a pilot program during the 2005-06 fiscal year, unless later enacted legislation authorizes the continuation of the program.

(b) The ReadyReturn pilot program authorized herein shall be operated during the 2005-06 fiscal year in the same manner it was operated during the 2004-05 fiscal year.

SEC. 76. Section 11544 of the Government Code, as added by Section 1 of Governor's Reorganization Plan No. 2, submitted to the Legislature on May 9, 2005, is not operative.

SEC. 77. Sections 32 and 76 of this act shall only become operative if Governor's Reorganization Plan No. 2, submitted to the Legislature on May 9, 2005, goes into effect, and these sections shall become operative on the date that the plan becomes effective.

SEC. 78. The Legislature finds and declares that the changes made to existing law by Sections 49 and 51 of this act are consistent with subdivision (c) of Section 53533 and further the goals of the Joe Serna, Jr. Farmworker Housing Grant Program by making migrant farmworker housing available in a more efficient and effective manner.

SEC. 78.5. Notwithstanding any other provision of law, funds appropriated by Item 8180-101-0001 of Section 2.00 of Senate Bill 77 of the 2005-06 Regular Session shall be available for reimbursement of 100 percent of any extraordinary costs incurred by the County of Stanislaus related to the homicide trial in *People v. Peterson* (Super. Ct. No. 1056770). As used in this section, "costs incurred by the County of Stanislaus" do not include any costs paid by the Superior Court for which the Superior Court is responsible.

SEC. 79. (a) The Legislature finds and declares as follows:

(1) The Housing and Emergency Shelter Trust Fund Act of 2002 provided forty-five million dollars (\$45,000,000) for the purpose of funding projects through the Preservation Opportunity Program.

(2) It was the intention of the voters that funds provided through the Housing and Emergency Shelter Trust Fund Act of 2002 be used for projects that would have the greatest impact on the preservation of existing housing stock and programs that provide stable and affordable housing opportunities for the homeless and those at risk of homelessness. In order to effectuate this voter intent, any portion of these funds that remain unencumbered after 30 months revert to the Multifamily Housing Program. The Multifamily Housing Program has been oversubscribed and highly competitive.

(3) Rather than reverting to the Multifamily Housing Program, repayments of the short-term loans made through the Preservation Opportunity Program are deposited into the Preservation Opportunity Fund. However, the demand for funds for projects through the Preservation Opportunity Program has proven to be lower than originally anticipated. Therefore, there is a likelihood that the repayments of Preservation Opportunity Program loans may remain unused in the Preservation Opportunity Fund for extended periods of time.

(4) In passing the Housing and Emergency Shelter Trust Fund Act of 2002, the voters expressly reserved to the Legislature the authority to make program revisions where necessary for the effectiveness or efficiency in meeting the purposes of the various programs.

(b) Therefore, the Legislature determines that it is more efficient and effective to use the repayments of Preservation Opportunity Program loans for the high-demand Multifamily Housing Program.

SEC. 80. (a) On January 1, 2006, all moneys in the Hazardous Waste Reduction Loan Account created pursuant to Section 14096 of the Corporations Code shall be transferred to the Chrome Plating Pollution Prevention Fund created pursuant to Section 42102 of the Public Resources Code, and shall be subject to that section. Those moneys are subject to all encumbrances on those moneys made prior to January 1, 2005, and to all legal restrictions on their use other than by state statute.

(b) Any moneys paid on or after January 1, 2006, to the Hazardous Waste Reduction Loan Account, for a loan issued pursuant to former Article 13 (commencing with Section 14095) of Chapter 1 of Part 5 of Division 3 of Title 1 of the Corporations Code, shall be transferred to the Chrome Plating Pollution Prevention Fund created pursuant to Section 42102 of the Public Resources Code, and shall be subject to that section.

SEC. 80.5. Notwithstanding Section 95.35 of the Revenue and Taxation Code, the Director of Finance shall suspend the State-County Property Tax Administration Grant Program in the 2006-07 fiscal year.

SEC. 81. Sections 65 and 80 of this act shall become operative only if legislation is enacted and becomes operative on or after June 1, 2005, but before July 1, 2006, that requires the funds transferred pursuant to

Section 80 of this act to be expended for environmental control technologies for chrome and metal plating related activities.

SEC. 82. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 83. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make the necessary statutory changes to implement the Budget Act of 2005 at the earliest possible time, it is necessary that this act take effect immediately.

[Approved by Governor July 19, 2005. Filed with
Secretary of State July 19, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) Stable and predictable funding is critical to the independence of the judicial branch. Civil fees are an important part of funding the court system.

(b) The civil fee increases and surcharges that were approved in three previous state budgets in order to fund court operations have not generated expected revenues and have made filing fee schedules difficult for court users to understand.

(c) Local fees and surcharges on court filing fees have created confusion, difficulty in administration, and lack of uniformity in fees in different counties across the state.

(d) The creation of a uniform civil fee structure will streamline and simplify civil fees, provide for uniformity in different counties, address the funding shortfall occurring under the current fee structure, and significantly improve financial stability, accountability, and predictability in the courts.

(e) The uniform civil fee structure seeks to eliminate confusion about the proper fee amounts to be paid, significantly ease the administrative workload in collecting and distributing fees, and provide a small amount of additional funding for important judicial branch functions, including technology infrastructure and court facilities.

(f) New distributions to the Equal Access Fund will provide increased funding to qualified legal services projects and support centers to be used for legal services in civil matters for indigent persons.

(g) Fee waivers and partial fee waivers will remain available for people who cannot afford court fees.

(h) The uniform civil fee structure is intended to maintain the revenue stream to programs and groups that receive funding from court filing fees under existing law.

(i) Dispute resolution programs and county law libraries will continue to receive the same revenue per filing fee as they do under existing law. Authority for counties to increase those revenues during the period of moratorium on fee increases will be preserved.

(j) It is the intent of the Legislature not to increase any fees established in this act before January 1, 2008, except that the Legislature may consider changes to implement recommendations of the Task Force on County Law Libraries, changes to the graduated filing fee for petitions in probate proceedings under subdivision (a) of Section 70650 of the Government Code, and establishment of a new fee for small claims cases with more than five thousand dollars (\$5,000) at issue if legislation is enacted to increase the jurisdictional limit.

SEC. 2. Section 467.1 of the Business and Professions Code is amended to read:

467.1. (a) A program funded pursuant to this chapter shall be operated pursuant to contract with the county and shall comply with all of the requirements of this chapter and the rules and regulations of the advisory council.

(b) Counties may establish a program of grants to public entities and nonpartisan nonprofit corporations for the establishment and continuance of programs to be operated under the requirements of this chapter and the standards developed by the advisory council. The board of supervisors of a county in which, because of the county's size, the distribution authorized by Section 470.5 is insufficient to establish a county program may enter into an agreement with the board of supervisors of one or more other such counties to establish a program authorized by this chapter on a regional basis.

SEC. 3. Section 470.3 of the Business and Professions Code is repealed.

SEC. 4. Section 470.5 is added to the Business and Professions Code, to read:

470.5. (a) On and after January 1, 2006, as described in Section 68085.1 of the Government Code, the Administrative Office of the Courts shall make monthly distributions from superior court filing fees for the support of dispute resolution programs under this chapter in each county that has acted to establish a program. The amount distributed in each county shall be equal to the following:

(1) From each first paper filing fee collected by the court as provided under Section 70611 or 70612, subdivision (a) of Section 70613, subdivision (a) of Section 70614, or Section 70670 of the Government

Code, and each first paper or petition filing fee collected by the court in a probate matter as provided under Section 70650, 70651, 70652, 70653, or 70655 of the Government Code, the same amount as was required to be collected for the support of dispute resolution programs in that county as of December 31, 2005, when a fee was collected for the filing of a first paper in a civil action under Section 26820.4 of the Government Code.

(2) From each first paper filing fee in a limited civil case collected by the court as provided under subdivision (b) of Section 70613 or subdivision (b) of Section 70614 of the Government Code, and each first paper or petition filing fee collected by the court in a probate matter as provided under Section 70654, 70656, or 70658 of the Government Code, the same amount as was required to be collected for the support of dispute resolution programs in that county as of December 31, 2005, when a fee was collected for the filing of a first paper in a civil action under Section 72055 of the Government Code where the amount demanded, excluding attorney's fees and costs, was ten thousand dollars (\$10,000) or less.

(b) Distributions under this section shall be used only for the support of dispute resolution programs authorized by this chapter. The county shall deposit the amounts distributed under this section in an account created and maintained for this purpose by the county. Records of these distributions shall be available for inspection by the public upon request.

(c) After January 1, 2006, a county that does not already have a distribution from superior court filing fees under this section and that establishes a dispute resolution program authorized by this chapter may approve a distribution under this section. A county that already has a distribution under this section may change the amount of the distribution. The total amount to be distributed for the support of dispute resolution programs under this section may not exceed eight dollars (\$8) per filing fee.

(d) The county may make changes under subdivision (c) to be effective January 1 or July 1 of any year, on and after January 1, 2006. The county shall provide the Administrative Office of the Courts with a copy of the action of the board of supervisors that establishes the change at least 15 days before the date that the change goes into effect.

SEC. 5. Section 470.6 is added to the Business and Professions Code, to read:

470.6. A county may carry over moneys received from distributions under Section 470.5 and from the fees for the support of dispute resolution programs authorized by this chapter that were added to fees for filing a first paper in a civil action in superior court under the laws in effect before January 1, 2006.

SEC. 6. Section 6321 of the Business and Professions Code is repealed.

SEC. 7. Section 6321 is added to the Business and Professions Code, to read:

6321. (a) On and after January 1, 2006, as described in Section 68085.1 of the Government Code, the Administrative Office of the Courts shall make monthly distributions from superior court filing fees to the law library fund in each county in the amounts described in this section and Section 6322.1. From each first paper filing fee as provided under Section 70611, 70612, 70613, 70614, or 70670 of the Government Code, each first paper or petition filing fee in a probate matter as provided under Section 70650, 70651, 70652, 70653, 70654, 70655, 70656, or 70658 of the Government Code, Section 103470 of the Health and Safety Code, or Section 7660 of the Probate Code, each filing fee for a small claim or limited civil case appeal as provided under Section 116.760 of the Code of Civil Procedure or Section 70621 of the Government Code, and each vehicle forfeiture petition fee as provided under subdivision (e) of Section 14607.6 of the Vehicle Code, that is collected in each of the following counties, the amount indicated in this subdivision shall be paid to the law library fund in that county:

(b) If a board of supervisors in any county acted during the 2005 calendar year to increase the law library fee in that county, the amount distributed to the law library in that county under subdivision (a) shall be increased by the amount that the board of supervisors acted to increase the fee, up to three dollars (\$3).

SEC. 8. Section 6322 of the Business and Professions Code is repealed.

SEC. 9. Section 6322 is added to the Business and Professions Code, to read:

6322. (a) It is the intent of the Legislature that the change in the method of distributing funds to law libraries from fees collected by the superior courts under the Uniform Civil Fees and Standard Fee Schedule Act of 2005 will not result in undue financial hardship for any law library. On and after January 1, 2006, any law library that experiences undue financial hardship from the change in the method of distributing funding to law libraries may request a one-time advance from the Administrative Office of the Courts. The Administrative Office of the Courts shall provide the advance within 15 days after the request is received, but no earlier than February 1, 2006, if all of the following conditions are met:

(1) The law library board of trustees certifies that the law library is experiencing financial hardship caused by an increase in the time between collection of a fee by the court and the receipt of the money by the law library fund resulting from the implementation of the new distribution method for money received from superior court filing fees.

(2) The law library board of trustees certifies that the law library is operating under this chapter.

(3) The Administrative Office of the Courts receives the request on or before February 15, 2006.

(b) The amount of the advance shall be equal to one-twelfth of the law library's total receipts from superior court fees for the 2003-04 fiscal year.

(c) The funding for the advance shall be provided from amounts deposited into the bank account established by the Administrative Office of the Courts under subdivision (b) of Section 68085.1 of the Government Code. The advance shall be returned within 30 days if a law library ceases to operate or the responsibility for the law library is transferred from the law library board of trustees.

SEC. 10. Section 6322.1 of the Business and Professions Code is amended to read:

6322.1. (a) Until the end of the moratorium described in Section 70601 of the Government Code, the board of supervisors of any county may increase, as provided in this section, the amount distributed to its county law library fund from the uniform filing fees listed in Section 6321 whenever it determines that the increase is necessary to defray the expenses of the law library.

Any increase in the amount distributed to the law library fund in any county under this subdivision shall not be effective until January 1 of the next year after the adoption by the board of supervisors of the

increase. The amount of the increase in any calendar year shall be no greater than three dollars (\$3) over the previous calendar year. A copy of the action of the board of supervisors that establishes the increase shall be provided to the Administrative Office of the Courts as soon as it becomes available but no later than December 15 of the year before the increased distribution goes into effect.

(b) Distribution changes after January 1, 2008, shall be determined by the process described in Section 70601 of the Government Code.

(c) (1) In an action or proceeding in which a claim for money damages falls within the monetary jurisdiction of the small claims court and is filed by an assignee who is prohibited from filing or maintaining a claim pursuant to Section 116.420 of the Code of Civil Procedure, the uniform filing fee shall be reduced by fifteen dollars (\$15) to one hundred sixty-five dollars (\$165) if the complaint contains a declaration under penalty of perjury, executed by the party requesting the reduction in fees, that the case qualifies for the lower fee because the claim for money damages will not exceed the monetary jurisdiction of small claims court and is filed by an assignee of the claim.

(2) When the uniform filing fee is reduced as provided under this subdivision, the amount distributed from each uniform filing fee to the law library fund in the county shall be as follows:

The increases described in subdivision (a) do not apply to the law library distributions in this subdivision.

(3) Notwithstanding subdivision (d) of Section 68085.4 of the Government Code, when the uniform filing fee is reduced as provided in this subdivision, the amounts distributed to dispute resolution programs, the State Court Facilities Construction Fund, the Judges' Retirement Fund, children's waiting rooms, and the Equal Access Fund shall remain as provided under subdivisions (b) and (c) of Section 68085.4 of the Government Code and shall not be changed. Only the amounts distributed to the Trial Court Trust Fund and the law libraries shall be adjusted. If the fee is further reduced below one hundred sixty-five dollars (\$165), as with a partial waiver or partial payment, the

proportional reductions described in subdivision (g) of Section 68085.1 of the Government Code shall apply.

(d) Distributions under this section to the law library fund in each county shall be used only for the purposes authorized by this chapter.

(e) As used in this section and Section 6321, "law library fund" includes a law library account described in the second paragraph of Section 6320.

SEC. 11. Section 6323 of the Business and Professions Code is repealed.

SEC. 12. Section 6324 of the Business and Professions Code is amended to read:

6324. The board of supervisors may appropriate from the county treasury for law library purposes such sums as may in their discretion appear proper. When so paid into the law library fund, those sums shall constitute a part of the fund and be used for the same purposes.

SEC. 13. Section 6325 of the Business and Professions Code is amended to read:

6325. The orders and demands of the trustees of the law library, when duly made and authenticated as hereinafter provided, shall be verified and audited by the auditing officer, and paid by the treasurer of the county out of the law library fund. Full entry and record shall be kept as in other cases.

SEC. 14. Section 6326 of the Business and Professions Code is amended to read:

6326. A revolving fund of not more than thirty thousand dollars (\$30,000) may be established from money in the law library fund, by resolution of the board of law library trustees, for expenditures of not exceeding three thousand dollars (\$3,000) each for purposes for which the law library fund may lawfully be expended. The board shall prescribe the procedure by which money may be drawn from the revolving fund, the records to be kept, and the manner in which reimbursements shall be made to the revolving fund by demand and order from the law library fund. All or any part of the money in the revolving fund may be deposited in a commercial account in a bank, subject to payments of not exceeding three thousand dollars (\$3,000) each by check on the signature of the secretary or any other person or persons designated by the board.

SEC. 15. Section 2924j of the Civil Code is amended to read:

2924j. (a) Unless an interpleader action has been filed, within 30 days of the execution of the trustee's deed resulting from a sale in which there are proceeds remaining after payment of the amounts required by paragraphs (1) and (2) of subdivision (a) of Section 2924k, the trustee shall send written notice to all persons with recorded interests in the real property as of the date immediately prior to the trustee's sale who would

be entitled to notice pursuant to subdivisions (b) and (c) of Section 2924b. The notice shall be sent by first-class mail in the manner provided in paragraph (1) of subdivision (c) of Section 2924b and inform each entitled person of each of the following:

(1) That there has been a trustee's sale of the described real property.
(2) That the noticed person may have a claim to all or a portion of the sale proceeds remaining after payment of the amounts required by paragraphs (1) and (2) of subdivision (a) of Section 2924k.

(3) The noticed person may contact the trustee at the address provided in the notice to pursue any potential claim.

(4) That before the trustee can act, the noticed person may be required to present proof that the person holds the beneficial interest in the obligation and the security interest therefor. In the case of a promissory note secured by a deed of trust, proof that the person holds the beneficial interest may include the original promissory note and assignment of beneficial interests related thereto. The noticed person shall also submit a written claim to the trustee, executed under penalty of perjury, stating the following:

(A) The amount of the claim to the date of trustee's sale.

(B) An itemized statement of the principal, interest, and other charges.

(C) That claims must be received by the trustee at the address stated in the notice no later than 30 days after the date the trustee sends notice to the potential claimant.

(b) The trustee shall exercise due diligence to determine the priority of the written claims received by the trustee to the trustee's sale surplus proceeds from those persons to whom notice was sent pursuant to subdivision (a). In the event there is no dispute as to the priority of the written claims submitted to the trustee, proceeds shall be paid within 30 days after the conclusion of the notice period. If the trustee has failed to determine the priority of written claims within 90 days following the 30-day notice period, then within 10 days thereafter the trustee shall deposit the funds with the clerk of the court pursuant to subdivision (c) or file an interpleader action pursuant to subdivision (e). Nothing in this section shall preclude any person from pursuing other remedies or claims as to surplus proceeds.

(c) If, after due diligence, the trustee is unable to determine the priority of the written claims received by the trustee to the trustee's sale surplus of multiple persons or if the trustee determines there is a conflict between potential claimants, the trustee may file a declaration of the unresolved claims and deposit with the clerk of the superior court of the county in which the sale occurred, that portion of the sales proceeds that cannot be distributed, less any fees charged by the clerk pursuant to this subdivision. The declaration shall specify the date of the trustee's sale,

a description of the property, the names and addresses of all persons sent notice pursuant to subdivision (a), a statement that the trustee exercised due diligence pursuant to subdivision (b), that the trustee provided written notice as required by subdivisions (a) and (d) and the amount of the sales proceeds deposited by the trustee with the court. Further, the trustee shall submit a copy of the trustee's sales guarantee and any information relevant to the identity, location, and priority of the potential claimants with the court and shall file proof of service of the notice required by subdivision (d) on all persons described in subdivision (a).

The clerk shall deposit the amount with the county treasurer or, if a bank account has been established for moneys held in trust under paragraph (2) of subdivision (a) of Section 77009 of the Government Code, in that account, subject to order of the court upon the application of any interested party. The clerk may charge a reasonable fee for the performance of activities pursuant to this subdivision equal to the fee for filing an interpleader action pursuant to Chapter 5.8 (commencing with Section 70600) of Title 8 of the Government Code. Upon deposit of that portion of the sale proceeds that cannot be distributed by due diligence, the trustee shall be discharged of further responsibility for the disbursement of sale proceeds. A deposit with the clerk of the court pursuant to this subdivision may be either for the total proceeds of the trustee's sale, less any fees charged by the clerk, if a conflict or conflicts exist with respect to the total proceeds, or that portion that cannot be distributed after due diligence, less any fees charged by the clerk.

(d) Before the trustee deposits the funds with the clerk of the court pursuant to subdivision (c), the trustee shall send written notice by first-class mail, postage prepaid, to all persons described in subdivision (a) informing them that the trustee intends to deposit the funds with the clerk of the court and that a claim for the funds must be filed with the court within 30 days from the date of the notice, providing the address of the court in which the funds were deposited, and a telephone number for obtaining further information.

Within 90 days after deposit with the clerk, the court shall consider all claims filed at least 15 days before the date on which the hearing is scheduled by the court, the clerk shall serve written notice of the hearing by first-class mail on all claimants identified in the trustee's declaration at the addresses specified therein. Where the amount of the deposit is twenty-five thousand dollars (\$25,000) or less, a proceeding pursuant to this section is a limited civil case. The court shall distribute the deposited funds to any and all claimants entitled thereto.

(e) Nothing in this section restricts the ability of a trustee to file an interpleader action in order to resolve a dispute about the proceeds of a

trustee's sale. Once an interpleader action has been filed, thereafter the provisions of this section do not apply.

(f) "Due diligence," for the purposes of this section means that the trustee researched the written claims submitted or other evidence of conflicts and determined that a conflict of priorities exists between two or more claimants which the trustee is unable to resolve.

(g) To the extent required by the Unclaimed Property Law, a trustee in possession of surplus proceeds not required to be deposited with the court pursuant to subdivision (b) shall comply with the Unclaimed Property Law (Chapter 7 (commencing with Section 1500) of Title 10 of Part 3 of the Code of Civil Procedure).

(h) The trustee, beneficiary, or counsel to the trustee or beneficiary, is not liable for providing to any person who is entitled to notice pursuant to this section, information set forth in, or a copy of, subdivision (h) of Section 2945.3.

SEC. 16. Section 116.230 of the Code of Civil Procedure, as amended by Section 1 of Chapter 159 of the Statutes of 2003, is repealed.

(b) If the party filing a claim has filed 12 or fewer small claims in the state within the previous 12 months, the filing fee is the following:

(1) Thirty dollars (\$30) if the amount of the demand is one thousand five hundred dollars (\$1,500) or less.

(d) Each party filing a claim shall file a declaration with the claim stating whether that party has filed more than 12 other small claims in the state within the last 12 months.

(e) The clerk of the court shall deposit fees collected under this section into a bank account established for this purpose by the Administrative Office of the Courts and maintained under rules adopted by or trial court financial policies and procedures authorized by the Judicial Council under subdivision (a) of Section 77206 of the Government Code. The deposits shall be made as required under Section 68085.1 of the Government Code and trial court financial policies and procedures authorized by the Judicial Council.

(f) The Administrative Office of the Courts shall distribute six dollars (\$6) of each thirty dollar (\$30) fee, eight dollars (\$8) of each fifty dollar (\$50) fee, and fourteen dollars (\$14) of each seventy-five dollar (\$75) fee collected under subdivision (b) or (c) to a special account in the county in which the court is located to be used for the small claims advisory services described in Section 116.940. Records of these moneys shall be available for inspection by the public on request.

(g) The remainder of the fees collected under subdivisions (b) and (c) shall be transmitted monthly to the Controller for deposit in the Trial Court Trust Fund.

(h) This section and Section 116.940 shall not be applied in any manner that results in a reduction of the level of services, or the amount of funds allocated for providing the services described in Section 116.940, that are in existence in each county during the 2004-05 fiscal year. Nothing in this section shall preclude the county from procuring other funding to comply with the requirements of Section 116.940.

SEC. 19. Section 116.230 is added to the Code of Civil Procedure, to read:

116.230. (a) In a small claims case, the clerk of the court shall charge and collect only those fees authorized under this chapter.

(b) If the party filing a claim has filed 12 or fewer small claims in the state within the previous 12 months, the filing fee is the following:

(1) Thirty dollars (\$30) if the amount of the demand is one thousand five hundred dollars (\$1,500) or less.

(2) Fifty dollars (\$50) if the amount of the demand is more than one thousand five hundred dollars (\$1,500) but less than or equal to five thousand dollars (\$5,000).

(3) Seventy-five (\$75) if the amount of the demand is more than five thousand dollars (\$5,000).

(c) If the party has filed more than 12 other small claims in the state within the previous 12 months, the filing fee is one hundred dollars (\$100).

(d) Each party filing a claim shall file a declaration with the claim stating whether that party has filed more than 12 other small claims in the state within the last 12 months.

(e) The clerk of the court shall deposit fees collected under this section into a bank account established for this purpose by the Administrative Office of the Courts and maintained under rules adopted by or trial court financial policies and procedures authorized by the Judicial Council under subdivision (a) of Section 77206 of the Government Code. The deposits shall be made as required under Section 68085.1 of the Government Code and trial court financial policies and procedures authorized by the Judicial Council.

(f) The Administrative Office of the Courts shall distribute six dollars (\$6) of each thirty dollar (\$30) fee, eight dollars (\$8) of each fifty dollar (\$50) fee, ten dollars (\$10) of each seventy-five dollar (\$75) fee, and fourteen dollars (\$14) of each one hundred dollar (\$100) fee collected under subdivision (b) or (c) to a special account in the county in which the court is located to be used for the small claims advisory services described in Section 116.940. Records of these moneys shall be available for inspection by the public on request.

(g) The remainder of the fees collected under subdivisions (b) and (c) shall be transmitted monthly to the Controller for deposit in the Trial Court Trust Fund.

(h) This section and Section 116.940 shall not be applied in any manner that results in a reduction of the level of services, or the amount of funds allocated for providing the services described in Section 116.940, that are in existence in each county during the 2004-05 fiscal year. Nothing in this section shall preclude the county from procuring other funding to comply with the requirements of Section 116.940.

SEC. 20. Section 116.232 is added to the Code of Civil Procedure, to read:

116.232. A fee of ten dollars (\$10) shall be charged and collected from the plaintiff for each defendant to whom the court clerk mails a copy of the claim under Section 116.340. This fee shall be distributed to the court in which it was collected.

SEC. 21. Section 116.390 of the Code of Civil Procedure is amended to read:

116.390. (a) If a defendant has a claim against a plaintiff that exceeds the jurisdictional limits stated in Sections 116.220 and 116.231, and the claim relates to the contract, transaction, matter, or event which is the subject of the plaintiff's claim, the defendant may commence an action against the plaintiff in a court of competent jurisdiction and request the small claims court to transfer the small claims action to that court.

(b) The defendant may make the request by filing with the small claims court in which the plaintiff commenced the action, at or before the time set for the hearing of that action, a declaration stating the facts concerning the defendant's action against the plaintiff with a true copy of the complaint so filed by the defendant against the plaintiff. The defendant shall cause a copy of the declaration and complaint to be personally delivered to the plaintiff at or before the time set for the hearing of the small claims action.

(c) In ruling on a motion to transfer, the small claims court may do any of the following: (1) render judgment on the small claims case prior to the transfer; (2) not render judgment and transfer the small claims case; (3) refuse to transfer the small claims case on the grounds that the

ends of justice would not be served. If the small claims action is transferred prior to judgment, both actions shall be tried together in the transferee court.

(d) When the small claims court orders the action transferred, it shall transmit all files and papers to the transferee court.

(e) The plaintiff in the small claims action shall not be required to pay to the clerk of the transferee court any transmittal, appearance, or filing fee unless the plaintiff appears in the transferee court, in which event the plaintiff shall be required to pay the filing fee and any other fee required of a defendant in the transferee court. However, if the transferee court rules against the plaintiff in the action filed in that court, the court may award to the defendant in that action the costs incurred as a consequence of the transfer, including attorney's fees and filing fees.

116.820. (a) The judgment of a small claims court may be enforced as provided in Title 9 (commencing with Section 680.010) of Part 2 and in Sections 674 and 1174 on the enforcement of judgments of other courts. A judgment of the superior court after a hearing on appeal, and after transfer to the small claims court under subdivision (d) of Section 116.780, may be enforced like other judgments of the small claims court, as provided in Title 9 (commencing with Section 680.010) of Part 2 and in Sections 674 and 1174 on the enforcement of judgments of other courts.

(b) The fees specified in subdivision (a) of Section 70626 of the Government Code shall be charged and collected by the clerk for the issuance of a writ of execution, or an abstract of judgment. The fee specified in Section 70617 of the Government Code shall be charged

for an application for an order of examination of a judgment debtor. The clerk shall immediately deposit all the fees collected under this section into a bank account established for this purpose by the Administrative Office of the Courts. The money shall be remitted to the State Treasury under rules adopted by, or trial court financial policies and procedures authorized by, the Judicial Council under subdivision (a) of Section 77206 of the Government Code. The Controller shall distribute the fees to the Trial Court Trust Fund as provided in Section 68085.1 of the Government Code.

(c) The prevailing party in any action subject to this chapter is entitled to the costs of enforcing the judgment and accrued interest.

SEC. 25. Section 116.860 of the Code of Civil Procedure is amended to read:

116.860. (a) A judgment debtor who desires to make payment to the court in which the judgment was entered may file a request to make payment, which shall be made on a form approved or adopted by the Judicial Council.

(b) Upon the filing of the request to make payment and the payment to the clerk of the amount of the judgment and any accrued interest and costs after judgment, plus any required fee authorized by this section, the clerk shall enter satisfaction of the judgment and shall remit payment to the judgment creditor as provided in this section.

(c) If partial payment of the judgment has been made to the judgment creditor, and the judgment debtor files the declaration and evidence of partial payment described in subdivision (d) of Section 116.850, the clerk shall enter satisfaction of the judgment upon receipt by the clerk of the balance owing on the judgment, including any accrued interest and costs after judgment, and the fee required by this section.

(d) If payment is made by means other than money order, certified or cashier's check, or cash, entry of satisfaction of the judgment shall be delayed for 30 days.

(e) The clerk shall notify the judgment creditor, at his or her last known address, that the judgment debtor has satisfied the judgment by making payment to the court. The notification shall explain the procedures which the judgment creditor has to follow to receive payment.

(f) For purposes of this section, "costs after judgment" consist of only those costs itemized in a memorandum of costs filed by the judgment creditor or otherwise authorized by the court.

(g) Payments that remain unclaimed for three years shall go to the superior court pursuant to Section 68084.1 of the Government Code.

(h) A fee of twenty dollars (\$20) shall be paid by the judgment debtor for the costs of administering this section.

SEC. 26. Section 116.910 of the Code of Civil Procedure is repealed.

SEC. 27. Section 177.5 of the Code of Civil Procedure is amended to read:

177.5. A judicial officer shall have the power to impose reasonable money sanctions, not to exceed fifteen hundred dollars (\$1,500), notwithstanding any other provision of law, payable to the court, for any violation of a lawful court order by a person, done without good cause or substantial justification. This power shall not apply to advocacy of counsel before the court. For the purposes of this section, the term "person" includes a witness, a party, a party's attorney, or both.

Sanctions pursuant to this section shall not be imposed except on notice contained in a party's moving or responding papers; or on the court's own motion, after notice and opportunity to be heard. An order imposing sanctions shall be in writing and shall recite in detail the conduct or circumstances justifying the order.

SEC. 28. Section 209 of the Code of Civil Procedure, as amended by Section 1 of Chapter 359 of the Statutes of 2003, is amended to read:

209. (a) Any prospective trial juror who has been summoned for service, and who fails to attend as directed or to respond to the court or jury commissioner and to be excused from attendance, may be attached and compelled to attend. Following an order to show cause hearing, the court may find the prospective juror in contempt of court, punishable by fine, incarceration, or both, as otherwise provided by law.

(b) In lieu of imposing sanctions for contempt as set forth in subdivision (a), the court may impose reasonable monetary sanctions, as provided in this subdivision, on a prospective juror who has not been excused pursuant to Section 204 after first providing the prospective juror with notice and an opportunity to be heard. If a juror fails to respond to the initial summons within 12 months, the court may issue a second summons indicating that the person failed to appear in response to a previous summons and ordering the person to appear for jury duty. Upon the failure of the juror to appear in response to the second summons, the court may issue a failure to appear notice informing the person that failure to respond may result in the imposition of money sanctions. If the prospective juror does not attend the court within the time period as directed by the failure to appear notice, the court shall issue an order to show cause. Payment of monetary sanctions imposed pursuant to this subdivision does not relieve the person of his or her obligation to perform jury duty.

(c) (1) The court may give notice of its intent to impose sanctions by either of the following means:

(A) Verbally to a prospective juror appearing in person in open court.

(B) The issuance on its own motion of an order to show cause requiring the prospective juror to demonstrate reasons for not imposing

sanctions. The court may serve the order to show cause by certified or first-class mail.

(2) The monetary sanctions imposed pursuant to subdivision (b) may not exceed two hundred fifty dollars (\$250) for the first violation, seven hundred fifty dollars (\$750) for the second violation, and one thousand five hundred dollars (\$1,500) for the third and any subsequent violation. Monetary sanctions may not be imposed on a prospective juror more than once during a single juror pool cycle. The prospective juror may be excused from paying sanctions pursuant to subdivision (b) of Section 204 or in the interests of justice. The full amount of any sanction paid shall be deposited in a bank account established for this purpose by the Administrative Office of the Courts and transmitted from that account monthly to the Controller for deposit in the Trial Court Trust Fund, as provided in Section 68085.1 of the Government Code. It is the intent of the Legislature that the funds derived from the monetary sanctions authorized in this section be allocated, to the extent feasible, to the family courts and the civil courts. The Judicial Council shall, by rule, provide for a procedure by which a prospective juror against whom a sanction has been imposed by default may move to set aside the default.

(d) On or before December 31, 2005, the Judicial Council shall report to the Legislature regarding the effects of the implementation of subdivisions (b) and (c). The report shall include, but not be limited to, information regarding any change in rates of response to juror summons, the amount of moneys collected pursuant to subdivision (c), the efficacy of the default procedures adopted in rules of court, and how, if at all, the Legislature may wish to alter this chapter to further attainment of its objectives.

(e) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 29. Section 403.060 of the Code of Civil Procedure is amended to read:

403.060. (a) For reclassification of a case from a limited civil case to an unlimited civil case, a fee shall be charged as provided in Section 70619 of the Government Code. This reclassification fee shall be in addition to any other fee due for that appearance or filing in a limited civil case. No additional amounts shall be charged for appearance or filing fees paid prior to reclassification. After reclassification, the fees ordinarily charged in an unlimited case shall be charged.

(b) If a reclassification fee is required and is not paid at the time an amended complaint or other initial pleading, a cross-complaint, or a stipulation for reclassification is filed under Section 403.020, 403.030,

or 403.050, the clerk shall not reclassify the case and the case shall remain and proceed as a limited civil case.

(c) No fee shall be charged for reclassification of a case from an unlimited civil case to a limited civil case. The fees ordinarily required for filing or appearing in a limited civil case shall be charged at the time of filing a pleading that reclassifies the case. Parties are not entitled to a refund of the difference between any fees previously paid for appearance or filing in an unlimited civil case and the fees due in a limited civil case. After reclassification, the fees ordinarily charged in a limited civil case shall be charged.

SEC. 30. Section 411.20 of the Code of Civil Procedure is amended to read:

411.20. (a) If the clerk accepts for filing a complaint or other first paper, or any subsequent filing, and payment is made by check which is later returned without payment, the clerk shall, by mail, notify the party who tendered the check that (1) the check has been returned without payment, (2) the administrative charge specified in subdivision (g) has been imposed to reimburse the court for the costs of processing the returned check and providing the notice specified in this subdivision, and (3) the party has 20 days from the date of mailing of the notice within which to pay the filing fee and the administrative charge, except as provided in subdivision (e). The notice also shall state that the administrative charge and the filing fee shall be paid in cash, by certified check, or by other means specified by the court, but not by traveler's check or personal check. If the person who tendered the check is not a party to the action or proposed action, but only is acting on behalf of a party, the clerk shall notify not only the person who tendered the check, but also the party or that party's attorney if the party is represented. The clerk's certificate as to the mailing of notice pursuant to this section establishes a rebuttable presumption that the fees were not paid. This presumption is a presumption affecting the burden of producing evidence.

(b) The clerk shall void the filing if the party who tendered a returned check or on whose behalf a returned check was tendered has not paid the full amount of the fee and the administrative charge by a means specified in subdivision (a) within 20 days of the date on which the notice required by subdivision (a) was mailed. Any filing voided by this section can be disposed of immediately after the 20 days have elapsed without preserving a copy in the court records, notwithstanding Section 68152 of the Government Code.

(c) If an adverse party files a response to a complaint, paper or filing referred to in subdivision (a), together with a filing fee, and the original filing is voided pursuant to subdivision (b), the responsive filing is not required and shall be voided. The court shall, by mail, provide notice to

the parties or their attorneys that the initial paper and the response have been voided. The responding party's filing fee shall be refunded upon request, provided that the request for a refund is made within 20 days from the date on which the notice was mailed. Upon receipt of the request, the court shall refund the responding party's filing fee without imposing any administrative charge. A refund under this subdivision is available if the adverse party has filed only a responsive pleading, but not if the party has also filed a cross-complaint or other first paper seeking affirmative relief for which there is a filing fee.

(d) If an adverse party, or a person acting on behalf of the adverse party, tenders a check for a required filing fee that is later returned without payment, the procedures in subdivisions (a) and (b) shall apply.

(e) If any trial or other hearing is scheduled to be heard prior to the expiration of the 20-day period provided for in subdivision (a), the fee shall be paid prior to the trial or hearing. Failure of the party to pay the fee prior to the trial or hearing date shall cause the court to void the filing and proceed as if it had not been filed.

(f) If the clerk performs a service or issues any document for which a fee is required and payment is made by check which is later returned without payment, the court may order further proceedings suspended as to the party for whom the check was tendered. If the court so orders, the clerk shall, by mail, notify the party who tendered the check that proceedings have been suspended until the receipt of payment of the required fee and the administrative charge specified in subdivision (g), by cash cashier's check, or other means specified by the court, but not by personal check or traveler's check. If the person who tendered the check is not a party to the action or proposed action, but only is acting on behalf of a party, the clerk shall notify not only the person who tendered the check, but also the party or that party's attorney if the party is represented. The clerk's certificate as to the mailing of notice pursuant to this section establishes a rebuttable presumption that the fees were not paid. This presumption is a presumption affecting the burden of producing evidence.

(g) The clerk shall impose an administrative charge for providing notice that a check submitted for a filing fee has been returned without payment and for all related administrative, clerical, and other costs incurred under this section. The administrative charge shall, in each instance, be either twenty-five dollars (\$25) or a reasonable amount that does not exceed the actual cost incurred by the court, as determined by the court. The notices provided by the court under subdivisions (a) and (f) shall state the specific amount of the administrative charge that shall be paid to the court. Each administrative charge collected shall be

distributed to the court that incurred the charge as described in Section 68085.1 of the Government Code.

SEC. 31. Section 411.21 is added to the Code of Civil Procedure, to read:

411.21. (a) If a complaint or other first paper is accompanied by payment by check in an amount less than the required fee, the clerk shall accept the paper for filing, but shall not issue a summons until the court receives full payment of the required fee. The clerk shall, by mail, notify the party tendering the check that (1) the check was made out for an amount less than the required filing fee, (2) the administrative charge specified in subdivision (g) has been imposed to reimburse the court for the costs of processing the partial payment and providing the notice specified in this subdivision, and (3) the party has 20 days from the date of mailing of the notice within which to pay the remainder of the required fee and the administrative charge, except as provided in subdivision (f). The notice also shall state that payment of the administrative charge and the remainder of the required filing fee shall be in cash, by cashier's check, or by other means specified by the court but not by traveler's check or personal check. If the person who tendered the check is not a party to the action or proposed action, but only is acting on behalf of a party, the clerk shall notify not only the person who tendered the check, and also the party or that party's attorney, if the party is represented. The clerk's certificate as to the mailing of notice pursuant to this section establishes a rebuttable presumption that the fees were not paid. This presumption is a presumption affecting the burden of producing evidence. This subdivision does not apply to an unlawful detainer action.

(b) The clerk shall void the filing if the party who tendered a check in an amount less than the required filing fee or on whose behalf a check in an amount less than the required filing fee was tendered has not paid the full amount of the fee and the administrative charge by a means specified in subdivision (a) within 20 days of the date on which the notice required by subdivision (a) was mailed. Any filing voided by this section may be disposed of immediately after the 20 days have elapsed without preserving a copy in the court records notwithstanding Section 68152 of the Government Code.

(c) If a check for less than the required fee was tendered, the remainder of the required fee and the administrative charge were not paid within the period specified in subdivision (a), and a refund of the partial payment has not been requested in a writing mailed or presented by the party or person who tendered the check within 20 days from the date on which the remainder of the required fee was due, the partial payment shall be remitted to the State Treasurer to be deposited in the Trial Court Trust Fund, except for the amount of the administrative charge described in

subdivision (g), that shall be deducted from the partial payment and shall be distributed as described in subdivision (g) to the court which incurred the charge. If the party or person who tendered the check for partial payment requests a refund of the partial payment, in writing, within the time specified in this subdivision, the clerk shall refund the amount of the partial payment less the amount of the administrative charge imposed by that court. All partial payments that the court received before January 1, 2006, and that remain on deposit for filings that the clerk voided pursuant to this section, once three years have passed from the date that the filing was voided, shall be remitted to the State Treasurer for deposit into the Trial Court Trust Fund.

(d) If an adverse party files a response to a complaint or other first paper referred to in subdivision (a), together with a filing fee, and the original filing is voided pursuant to subdivision (b), the responsive filing is not required and shall be voided. The court shall, by mail, provide notice to the parties that the initial paper and the response have been voided. The responding party's filing fee shall be refunded upon request, provided that the request for a refund is made in writing within 20 days from the date on which the notice was mailed. Upon receipt of the request, the court shall reimburse the responding party's filing fee without imposing any administrative charge. A refund under this subdivision is available if the adverse party has filed only a responsive pleading, but not if the party has also filed a cross-complaint or other first paper seeking affirmative relief for which there is a filing fee.

(e) If an adverse party, or a person acting on behalf of the adverse party, tenders a check for a required filing fee in an amount less than the required fee, the procedures in subdivisions (a), (b), and (c) shall apply.

(f) If any trial or other hearing is scheduled to be heard prior to the expiration of the 20-day period provided for in subdivision (a), the fee shall be paid prior to the trial or hearing. Failure of the party to pay the fee prior to the trial or hearing date shall cause the court to void the filing and proceed as if it had not been filed.

(g) The clerk shall impose an administrative charge for providing notice that a check submitted for a filing fee is in an amount less than the required fee and for all related administrative, clerical, and other costs incurred under this section. The administrative charge shall, in each instance, be either twenty-five dollars (\$25) or a reasonable amount that does not exceed the actual cost incurred by the court, as determined by the court. The notices provided by the court under subdivision (a) shall state the specific amount of the administrative charge that shall be paid to the court. Each administrative charge collected shall be distributed to the court that incurred the charge as described in Section 68085.1 of the Government Code. When a partial payment is to be remitted to the

State Treasurer under subdivision (c), the court shall notify the Administrative Office of the Courts of the amount of (1) the partial payment collected, and (2) the administrative charge to be deducted from the payment and to be distributed to the court.

SEC. 32. Section 425.10 of the Code of Civil Procedure is amended to read:

425.10. (a) A complaint or cross-complaint shall contain both of the following:

(1) A statement of the facts constituting the cause of action, in ordinary and concise language.

(2) A demand for judgment for the relief to which the pleader claims to be entitled. If the recovery of money or damages is demanded, the amount demanded shall be stated.

(b) Notwithstanding subdivision (a), where an action is brought to recover actual or punitive damages for personal injury or wrongful death, the amount demanded shall not be stated, but the complaint shall comply with Section 422.30 and, in a limited civil case, with subdivision (b) of Section 70613 of the Government Code.

SEC. 33. Section 491.150 of the Code of Civil Procedure is amended to read:

491.150. (a) Except as otherwise provided in this section, the proper court for examination of a person under this article is the court that issued the writ of attachment.

(b) A person sought to be examined may not be required to attend an examination before a court located outside the county in which the person resides or has a place of business unless the distance from the person's place of residence or place of business to the place of examination is less than 150 miles.

(c) If a person sought to be examined does not reside or have a place of business in the county where the court that issued the writ is located, the superior court in the county where the person resides or has a place of business is a proper court for examination of the person.

(d) If the plaintiff seeks an examination of a person before a court other than the court that issued the writ, the plaintiff shall file an application that shall include all of the following:

(1) A certified copy of the complaint in the pending action.

(2) An affidavit in support of the application stating the place of residence or place of business of the person sought to be examined.

(3) Any necessary affidavit or showing for the examination as required by Section 491.110.

(4) The filing fee for a motion as provided in subdivision (a) of Section 70617 of the Government Code.

SEC. 35. Section 573 is added to the Code of Civil Procedure, to read:

573. Whenever money is paid into or deposited in the court under this chapter, it shall be deposited with the court's treasury as provided in Section 68084 of the Government Code.

683.150. (a) Upon the filing of the application, the court clerk shall enter the renewal of the judgment in the court records.

(b) The fee for filing an application for renewal of judgment is as provided in subdivision (b) of Section 70626 of the Government Code.

(c) In the case of a money judgment, the entry of renewal shall show the amount of the judgment as renewed. Except as provided in subdivisions (d) and (e), this amount is the amount required to satisfy the judgment on the date of the filing of the application for renewal and includes the fee for the filing of the application for renewal.

(d) In the case of a money judgment payable in installments not previously renewed, the amount of the judgment as renewed is the total of the past due installments, the costs added to the judgment pursuant to Section 685.090, and the accrued interest, which remains unsatisfied and is enforceable on the date of the filing of the application for renewal and includes the fee for the filing of the application for renewal.

(e) In the case of a money judgment payable in installments previously renewed, the amount of the judgment as renewed under the latest renewal is the total of the following which remains unsatisfied and is enforceable on the date of the filing of the application for the latest renewal:

(2) The past due installments that became due and payable after the previous renewal.

(3) The costs that have been added to the judgment pursuant to Section 685.090 after the previous renewal.

(4) The interest that has accrued on the amounts described in paragraphs (1), (2), and (3) since the last renewal.

704.750. (a) Promptly after a dwelling is levied upon (other than a dwelling described in subdivision (b) of Section 704.740), the levying officer shall serve notice on the judgment creditor that the levy has been made and that the property will be released unless the judgment creditor

complies with the requirements of this section. Service shall be made personally or by mail. Within 20 days after service of the notice, the judgment creditor shall apply to the court for an order for sale of the dwelling and shall file a copy of the application with the levying officer. If the judgment creditor does not file the copy of the application for an order for sale of the dwelling within the allowed time, the levying officer shall release the dwelling.

(b) If the dwelling is located in a county other than the county where the judgment was entered:

(1) The judgment creditor shall apply to the superior court of the county where the dwelling is located.

(2) The judgment creditor shall file with the application an abstract of judgment in the form prescribed by Section 674 or, in the case of a judgment described in Section 697.320, a certified copy of the judgment.

1161.2. (a) The clerk may allow access to limited civil case records filed under this chapter, including the court file, index, and register of actions, only as follows:

- (1) To a party to the action, including a party's attorney.
- (2) To any person who provides the clerk with the names of at least one plaintiff and one defendant and the address of the premises, including the apartment or unit number, if any.
- (3) To a resident of the premises who provides the clerk with the name of one of the parties or the case number and shows proof of residency.
- (4) To any person by order of the court, which may be granted ex parte, on a showing of good cause.
- (5) To any other person 60 days after the complaint has been filed, unless a defendant prevails in the action within 60 days of the filing of the complaint, in which case the clerk may not allow access to any court

records in the action, except as provided in paragraphs (1) to (4), inclusive.

(b) For purposes of this section, “good cause” includes, but is not limited to, the gathering of newsworthy facts by a person described in Section 1070 of the Evidence Code. 1174.25. (a) Any occupant who is served with a prejudgment claim of right to possession in accordance with Section 415.46 may file a claim as prescribed in Section 415.46, with the court within 10 days of the date of service of the prejudgment claim to right of possession as shown on the return of service, which period shall include Saturday and Sunday but excluding all other judicial holidays. If the last day for filing the claim falls on a Saturday or Sunday, the filing period shall be extended to and including the next court day. Filing the prejudgment claim of right to possession shall constitute a general appearance for which a fee shall be collected as provided in Section 70614 of the Government Code. Section 68511.3 of the Government Code applies to the prejudgment claim of right to possession.

(b) At the time of filing, the claimant shall be added as a defendant in the action for unlawful detainer and the clerk shall notify the plaintiff that the claimant has been added as a defendant in the action by mailing a copy of the claim filed with the court to the plaintiff with a notation so indicating. The claimant shall answer or otherwise respond to the summons and complaint within five days, including Saturdays and Sundays but excluding all other judicial holidays, after filing the prejudgment claim of possession. Thereafter, the name of the claimant shall be added to any pleading, filing or form filed in the action for unlawful detainer.

SEC. 43. Section 1174.3 of the Code of Civil Procedure is amended to read:

1174.3. (a) Unless a prejudgment claim of right to possession has been served upon occupants in accordance with Section 415.46, any occupant not named in the judgment for possession who occupied the premises on the date of the filing of the action may object to enforcement of the judgment against that occupant by filing a claim of right to possession as prescribed in this section. A claim of right to possession may be filed at any time after service or posting of the writ of possession pursuant to subdivision (a) or (b) of Section 715.020, up to and including the time at which the levying officer returns to effect the eviction of those named in the judgment of possession. Filing the claim of right to possession shall constitute a general appearance for which a fee shall be collected as provided in Section 70614 of the Government Code. Section 68511.3 of the Government Code applies to the claim of right to possession. An occupant or tenant who is named in the action shall not be required to file a claim of right to possession to protect that occupant's right to possession of the premises.

(b) The court issuing the writ of possession of real property shall set a date or dates when the court will hold a hearing to determine the validity of objections to enforcement of the judgment specified in subdivision

(a). An occupant of the real property for which the writ is issued may make an objection to eviction to the levying officer at the office of the levying officer or at the premises at the time of the eviction.

If a claim of right to possession is completed and presented to the sheriff, marshal, or other levying officer, the officer shall forthwith (1) stop the eviction of occupants at the premises, and (2) provide a receipt or copy of the completed claim of right of possession to the claimant indicating the date and time the completed form was received, and (3) deliver the original completed claim of right to possession to the court issuing the writ of possession of real property.

(c) A claim of right to possession is effected by any of the following:

(1) Presenting a completed claim form in person with identification to the sheriff, marshal, or other levying officer as prescribed in this section, and delivering to the court within two court days after its presentation, an amount equal to 15 days' rent together with the appropriate fee or form for proceeding in forma pauperis. Upon receipt of a claim of right to possession, the sheriff, marshal, or other levying officer shall indicate thereon the date and time of its receipt and forthwith deliver the original to the issuing court and a receipt or copy of the claim to the claimant and notify the plaintiff of that fact. Immediately upon receipt of an amount equal to 15 days' rent and the appropriate fee or form for proceeding in forma pauperis, the court shall file the claim of right to possession and serve an endorsed copy with the notice of the hearing date on the plaintiff and the claimant by first-class mail. The court issuing the writ of possession shall set and hold a hearing on the claim not less than five nor more than 15 days after the claim is filed with the court.

(2) Presenting a completed claim form in person with identification to the sheriff, marshal, or other levying officer as prescribed in this section, and delivering to the court within two court days after its presentation, the appropriate fee or form for proceeding in forma pauperis without delivering the amount equivalent to 15 days' rent. In this case, the court shall immediately set a hearing on the claim to be held on the fifth day after the filing is completed. The court shall notify the claimant of the hearing date at the time the claimant completes the filing by delivering to the court the appropriate fee or form for proceeding in forma pauperis, and shall notify the plaintiff of the hearing date by first-class mail. Upon receipt of a claim of right to possession, the sheriff, marshal, or other levying officer shall indicate thereon the date and time of its receipt and forthwith deliver the original to the issuing court and a receipt or copy of the claim to the claimant and notify the plaintiff of that fact.

(d) At the hearing, the court shall determine whether there is a valid claim of possession by the claimant who filed the claim, and the court shall consider all evidence produced at the hearing, including, but not limited to, the information set forth in the claim. The court may determine the claim to be valid or invalid based upon the evidence presented at the hearing. The court shall determine the claim to be invalid if the court determines that the claimant is an invitee, licensee, guest, or trespasser. If the court determines the claim is invalid, the court shall order the return to the claimant of the amount of the 15 days' rent paid by the claimant, if that amount was paid pursuant to paragraph (1) or (3) of subdivision (c), less a pro rata amount for each day that enforcement of the judgment was delayed by reason of making the claim of right to possession, which pro rata amount shall be paid to the landlord. If the court determines the claim is valid, the amount equal to 15 days' rent paid by the claimant shall be returned immediately to the claimant.

(e) If, upon hearing, the court determines that the claim is valid, then the court shall order further proceedings as follows:

(1) If the unlawful detainer is based upon a curable breach, and the claimant was not previously served with a proper notice, if any notice is required, then the required notice may at the plaintiff's discretion be served on the claimant at the hearing or thereafter. If the claimant does not cure the breach within the required time, then a supplemental complaint may be filed and served on the claimant as defendant if the plaintiff proceeds against the claimant in the same action. For the purposes of this section only, service of the required notice, if any notice is required, and of the supplemental complaint may be made by first-class mail addressed to the claimant at the subject premises or upon his or her attorney of record and, in either case, Section 1013 shall otherwise apply. Further proceedings on the merits of the claimant's continued right to possession after service of the Summons and Supplemental Complaint as prescribed by this subdivision shall be conducted pursuant to this chapter.

(2) In all other cases, the court shall deem the unlawful detainer Summons and Complaint to be amended on their faces to include the claimant as defendant, service of the Summons and Complaint, as thus amended, may at the plaintiff's discretion be made at the hearing or thereafter, and the claimant thus named and served as a defendant in the action shall answer or otherwise respond within five days thereafter.

(f) If a claim is made without delivery to the court of the appropriate filing fee or a form for proceeding in forma pauperis, as prescribed in this section, the claim shall be immediately deemed denied and the court shall so order. Upon the denial of the claim, the court shall immediately deliver an endorsed copy of the order to the levying officer and shall

serve an endorsed copy of the order on the plaintiff and claimant by first-class mail.

(g) If the claim of right to possession is denied pursuant to subdivision (f), or if the claimant fails to appear at the hearing or, upon hearing, if the court determines that there are no valid claims, or if the claimant does not prevail at a trial on the merits of the unlawful detainer action, the court shall order the levying officer to proceed with enforcement of the original writ of possession of real property as deemed amended to include the claimant, which shall be effected within a reasonable time not to exceed five days. Upon receipt of the court's order, the levying officer shall enforce the writ of possession of real property against any occupant or occupants.

(h) The claim of right to possession shall be made on the following form:

(d) If the superior court executive officer rejects the claim, or takes no action on the claim within 30 days after it is filed, the party that submitted the claim may file a verified complaint seeking to recover all, or a specified part, of the money in the court in the county in which the notice is published. The copy of the complaint and summons shall be served on the court executive officer. The court executive officer shall withhold the release of the portion of unclaimed money for which a court action has been filed as provided in this section until the court renders a decision or the claim is settled.

(e) Notwithstanding subdivisions (c) and (d), the court executive officer may release the unclaimed money to the depositor of the unclaimed money, or the depositor's heir, beneficiary, or duly appointed representative, if the depositor or the depositor's heir, beneficiary, or duly appointed representative claims the money before the date that the money becomes the property of the superior court, upon submitting proof satisfactory to the court executive officer.

(f) If no claim is filed under subdivision (c) and the time for filing claims has expired, the money shall become the property of the court. If a claim or claims are filed with respect to a portion of the money, but not the remainder of the money, and the time for filing claims under subdivision (c) has expired, the remainder of the money shall become the property of the court.

The deposits shall be made as required by rules adopted by, or financial policies and procedures authorized by, the Judicial Council under subdivision (a) of Section 77206. Within 15 days after the end of the month in which the fees and fines are collected, each court shall provide the Administrative Office of the Courts with a report of the fees by categories as specified by the Administrative Office of the Courts. (d) Within 45 calendar days after the end of the month in which the fees and fines listed in subdivision (a) are collected, the amounts remaining after the distributions in subdivision (c) shall be transmitted to the State Treasury for deposit in the Trial Court Trust Fund and other funds as required by law. This remittance shall be accompanied by a remittance advice identifying the collection month and the appropriate account in the Trial Court Trust Fund or other fund to which it is to be deposited. Upon the receipt of any delinquent payment required under this subdivision, the Controller shall calculate a penalty as provided under subdivision (i).

(e) From the money transmitted to the State Treasury under subdivision (d), the Controller shall make deposits as follows:

(1) Into the State Court Facilities Construction Fund, the Judges' Retirement Fund, and the Equal Access Fund, as described in subdivision (c) of Section 68085.3 and subdivision (c) of Section 68085.4.

(g) If any of the fees provided in subdivision (a) are partially waived by court order or otherwise reduced, and the fee is to be divided between the Trial Court Trust Fund and any other fund or account, the amount of the reduction shall be deducted from the amount to be distributed to each fund in the same proportion as the amount of each distribution bears to the total amount of the fee. If the fee is paid by installment payments, the amount distributed to each fund or account from each installment shall bear the same proportion to the installment payment as the full distribution to that fund or account does to the full fee.

(h) Except as provided in Sections 470.5 and 6322.1 of the Business and Professions Code, and Sections 70622, 70624, and 70625 of this

If the penalty is not paid within the specified time, the Administrative Office of the Courts may reduce the amount of a subsequent monthly allocation to the court by the amount of the penalty on the delinquent payment.

SEC. 103. Section 68085.2 is added to the Government Code, to read:

68085.2. (a) Notwithstanding Section 77201.1, commencing with the 2005-06 fiscal year, the amount of each county's annual remittance to the Trial Court Trust Fund under paragraph (2) of subdivision (b) of Section 77201.1 shall be reduced by the amount determined under this section. In the 2005-06 fiscal year, the remittance shall be reduced by one-half the amount determined in subdivision (b). In the 2006-07 fiscal year and thereafter, the remittance shall be reduced in each fiscal year by the full amount determined in subdivision (b).

(c) In each county, the superior court and the county shall exchange relevant information to determine the amount of reduction they believe is correct under subdivision (b) and jointly report it to the California State Association of Counties (CSAC) and the Administrative Office of the Courts (AOC) on or before January 1, 2006. If the superior court and the county do not agree on the amount, the superior court and the county

shall each report the amount it believes is correct to the CSAC and the AOC on or before January 1, 2006.

(d) The AOC and the CSAC shall agree on the amount of the reduction for each county on or before January 1, 2006. If a court or county disagrees with the amount agreed to by the AOC and the CSAC for that county, the court or county may appeal to the AOC and the CSAC for an adjustment. The CSAC and the AOC shall determine whether to make any requested adjustment.

(e) If the CSAC and the AOC do not agree on the amount of the reduction for a county, they may request a mutually agreed-upon third party to arbitrate and determine the amount. The amount shall be determined by March 1, 2006.

68090.8. (a) (1) The Legislature finds that the management of civil and criminal cases, including traffic cases, and the accounting for funds in the trial courts requires these courts to implement appropriate levels of automation.

(2) The purpose of this section is to make a fund available for the development of automated systems, including automated accounting, automated data collection through case management systems, and automated case-processing systems for the trial courts, together with funds to train operating personnel, and for the maintenance and enhancement of the systems.

(3) Automated data collection shall provide the foundation for planning, research, and evaluation programs that are generated from within and outside of the judicial branch. This system shall be a resource to the courts, the Judicial Council and its committees, the Administrative Office of the Courts, the Legislature, the Governor, and the public. During the developmental stage and prior to the implementation of the system, the Legislature shall make recommendations to the Judicial Council as to the breadth and level of detail of the data to be collected.

SEC. 112. Section 68101 of the Government Code is amended to read:

68101. (a) Whenever pursuant to law the state is entitled to receive any portion of any money, forfeited bail or fines received by a judge of any court, that portion shall as soon as practicable after the receipt thereof, be deposited with the county treasurer of the county in which

that court is situated, and paid, by warrant of the county auditor drawn upon a requisition of the clerk or judge of the court, at least once a month to the Treasurer to be deposited in the State Treasury. (b) Any judge imposing or collecting those fines or forfeitures shall keep a record of them and at least monthly transmit a record thereof to the county auditor. The county auditor shall transmit a record of the imposition, collection and payment of such fines or forfeitures to the Controller at the time of transmittal of each warrant to the Treasurer pursuant to this section.

SEC. 113. Section 68511.3 of the Government Code is amended to read:

68511.3. (a) The Judicial Council shall formulate and adopt uniform forms and rules of court for litigants proceeding in forma pauperis. These rules shall provide for all of the following:

(1) Standard procedures for considering and determining applications for permission to proceed in forma pauperis, including, in the event of a denial of permission, a written statement detailing the reasons for denial and an evidentiary hearing where there is a substantial evidentiary conflict.

(2) Standard procedures to toll relevant time limitations when a pleading or other paper accompanied by the application is timely lodged with the court and delay is caused due to the processing of the application to proceed in forma pauperis.

(3) Proceeding in forma pauperis at every stage of the proceedings at both the appellate and trial levels of the court system.

(4) The confidentiality of the financial information provided to the court by these litigants.

(5) That the court may authorize the clerk of the court, county financial officer, or other appropriate county officer to make reasonable efforts to verify the litigant's financial condition without compromising the confidentiality of the application.

(6) That permission to proceed in forma pauperis be granted to all of the following:

(A) Litigants who are receiving benefits pursuant to the Supplemental Security Income (SSI) and State Supplemental Payments (SSP) programs (Sections 12200 to 12205, inclusive, of the Welfare and Institutions Code), the California Work Opportunity and Responsibility to Kids Act (CalWORKs) program (Chapter 2 (commencing with Section 11200)

of Part 3 of Division 9 of the Welfare and Institutions Code), the Food Stamp program (7 U.S.C. Sec. 2011 et seq.), or Section 17000 of the Welfare and Institutions Code.

(B) Litigants whose monthly income is 125 percent or less of the current monthly poverty line annually established by the Secretary of Health and Human Services pursuant to the Omnibus Budget Reconciliation Act of 1981, as amended.

(C) Other persons when in the court's discretion, this permission is appropriate because the litigant is unable to proceed without using money which is necessary for the use of the litigant or the litigant's family to provide for the common necessities of life.

(b) (1) Litigants who apply for permission to proceed in forma pauperis pursuant to subparagraph (A) of paragraph (6) of subdivision (a) shall declare under penalty of perjury that they are receiving the benefits and may voluntarily provide the court with their date of birth and social security number or their Medi-Cal identification number to permit the court to verify the applicant's receipt of public assistance. The court may require any applicant, except a defendant in an unlawful detainer action, who chooses not to disclose his or her social security number for verification purposes to attach to the application documentation of benefits to support the claim and all other financial information on a form promulgated by the Judicial Council for this purpose.

(2) Litigants who apply for permission to proceed in forma pauperis pursuant to subparagraph (B) or (C) of paragraph (6) of subdivision (a) shall file a financial statement under oath on a form promulgated by, and pursuant to rules adopted by, the Judicial Council.

(c) The forms and rules adopted by the Judicial Council shall provide for the disclosure of the following information about the litigant:

- (1) Current street address.
- (2) Occupation and employer.
- (3) Monthly income and expenses.
- (4) Address and value of any real property owned directly or beneficially.
- (5) Personal property with a value that exceeds five hundred dollars (\$500).

The information furnished by the litigant shall be used by the court in determining his or her ability to pay all or a portion of the fees and costs.

(d) At any time after the court has granted a litigant permission to proceed in forma pauperis and prior to final disposition of the case, the clerk of the court, county financial officer, or other appropriate county officer may notify the court of any changed financial circumstances which may enable the litigant to pay all or a portion of the fees and costs

which had been waived. The court may authorize the clerk of the court, county financial officer, or other appropriate county officer to require the litigant to appear before and be examined by the person authorized to ascertain the validity of their indigent status. However, no litigant shall be required to appear more than once in any four-month period. A litigant proceeding in forma pauperis shall notify the court within five days of any settlement or monetary consideration received in settlement of this litigation and of any other change in financial circumstances that affects the litigant's ability to pay court fees and costs. After the litigant either (1) appears before and is examined by the person authorized to ascertain the validity of his or her indigent status or (2) notifies the court of a change in financial circumstances, the court may then order the litigant to pay to the county the sum and in any manner the court believes is compatible with the litigant's financial ability.

In any action or proceeding in which the litigant whose fees and costs have been waived would have been entitled to recover those fees and costs from another party to the action or proceeding had they been paid, the court may assess the amount of the waived fees and costs against the other party and order the other party to pay that sum to the county or to the clerk and serving and levying officers respectively, or the court may order the amount of the waived fees and costs added to the judgment and so identified by the clerk.

Execution may be issued on any order provided for in this subdivision in the same manner as on a judgment in a civil action. When an amount equal to the sum due and payable to the clerk has been collected upon the judgment, these amounts shall be remitted to the clerk within 30 days. Thereafter, when an amount equal to the sum due to the serving and levying officers has been collected upon the judgment, these amounts shall be due and payable to those officers and shall be remitted within 30 days. If the remittance is not received by the clerk within 30 days or there is a filing of a partial satisfaction of judgment in an amount at least equal to the fees and costs payable to the clerk or a satisfaction of judgment has been filed, notwithstanding any other provision of law, the court may issue an abstract of judgment, writ of execution, or both for recovery of those sums, plus the fees for issuance and execution and an additional fee for administering this section. The court shall establish a fee, not to exceed actual costs of administering this subdivision and in no case exceeding twenty-five dollars (\$25), which shall be added to the writ of execution.

(e) Notwithstanding subdivision (a), a person who is sentenced to imprisonment in a state prison or confined in a county jail and, during the period of imprisonment or confinement, files a civil action or notice

of appeal of a civil action in forma pauperis shall be required to pay the full amount of the filing fee to the extent provided in this subdivision.

(1) In addition to the form required by this section for filing in forma pauperis, an inmate shall file a copy of a statement of account for any sums due to the inmate for the six-month period immediately preceding the filing of the civil action or notice of appeal of a civil action. This copy shall be certified by the appropriate official of the Department of Corrections or a county jail.

(2) Upon filing the civil action or notice of appeal of a civil action, the court shall assess, and when funds exist, collect, as a partial payment of any required court fees, an initial partial filing fee of 20 percent of the greater of one of the following:

(A) The average monthly deposits to the inmate's account.

(B) The average monthly balance in the inmate's account for the six-month period immediately preceding the filing of the civil action or notice of appeal.

(3) After payment of the initial partial filing fee, the inmate shall be required to make monthly payments of 20 percent of the preceding month's income credited to the inmate's account. The Department of Corrections shall forward payments from this account to the clerk of the court each time the amount in the account exceeds ten dollars (\$10) until the filing fees are paid.

(4) In no event shall the filing fee collected pursuant to this subdivision exceed the amount of fees permitted by law for the commencement of a civil action or an appeal of a civil action.

(5) In no event shall an inmate be prohibited from bringing a civil action or appeal of a civil action solely because the inmate has no assets and no means to pay the initial partial filing fee.

SEC. 114. Section 68926.1 of the Government Code is amended to read:

68926.1. (a) Upon filing a notice of appeal for which a fee is paid pursuant to Section 68926, the appellant shall deposit the sum of one hundred dollars (\$100) with the clerk of the originating court. The deposit shall be credited against the amount chargeable for the preparation of the clerk's transcript or any other appeal processing or notification.

The deposit shall be forfeited in the event of abandonment or dismissal of appeal prior to filing of the record in the reviewing court.

The amount charged for preparation of the transcript or any deposit that is forfeited shall be distributed to the court in which it was collected.

(b) Upon filing a notice of appeal, a petition for a writ, or a petition for a hearing for which a fee is paid pursuant to Section 68926 or 68927, the appellant shall pay an additional fee in the amount of one hundred seventy dollars (\$170). The fees collected pursuant to this subdivision

shall be transmitted to the State Treasury for deposit in the Appellate Court Trust Fund.

(b) In addition to the surcharge in subdivision (a), a surcharge of twenty dollars (\$20) is added to the total filing fee collected in a case pursuant to Section 26820.4, 26826, or 26827, a surcharge of twenty dollars (\$20) is added to the total filing fee collected in a limited civil case pursuant to Section 72055 or 72056 where the amount demanded, excluding attorney's fees and costs, is in excess of ten thousand dollars (\$10,000), and a surcharge of ten dollars (\$10) is added to the total filing fee collected in a limited civil case pursuant to Section 72055 or 72056 where the amount demanded, excluding attorney's fees and costs, is ten thousand dollars (\$10,000), or less. The surcharges in this subdivision shall be collected in cases filed from January 1, 2004, to December 31, 2005, inclusive. The purpose of this surcharge is to stabilize funding for court security at the current level and is not intended to increase the funding available for court security in the 2004-05 and 2005-06 fiscal years.

(c) Notwithstanding any other provision of law, the surcharges collected pursuant to subdivisions (a) and (b) shall all be deposited in a special account in the county treasury, and transmitted therefrom monthly to the Controller for deposit in the Trial Court Trust Fund.

This fee shall be distributed to the court in which it was collected to offset the cost of the additional reporter.

Whenever the statutory base amount is amended, the base amount shall be the new statutory base amount plus the sum of adjustments to the new statutory base amount calculated subsequent to the statutory base amendment. The actual dollar fee or charge shall be rounded to the next highest whole dollar.

(b) Beginning January 1, 1983, the department shall annually publish a list of the actual numerical fee charges as adjusted pursuant to this section. amount of the order, decision, or award. The undertaking shall consist of an appeal bond issued by a licensed surety or a cash deposit with the court in the amount of the order, decision, or award. The employer shall provide written notification to the other parties and the Labor Commissioner of the posting of the undertaking. The undertaking shall be on the condition that, if any judgment is entered in favor of the employee, the employer shall pay the amount owed pursuant to the judgment, and if the appeal is withdrawn or dismissed without entry of judgment, the employer shall pay the amount owed pursuant to the order, decision, or award of the Labor Commissioner unless the parties have executed a settlement agreement for payment of some other amount, in which case the employer shall pay the amount that the employer is obligated to pay under the terms of the settlement agreement. (c) If the party seeking review by filing an appeal to the superior court is unsuccessful in the appeal, the court shall determine the costs and reasonable attorney's fees incurred by the other parties to the appeal, and assess that amount as a cost upon the party filing the appeal. An employee is successful if the court awards an amount greater than zero.

(d) If no notice of appeal of the order, decision, or award is filed within the period set forth in subdivision (a), the order, decision, or award shall, in the absence of fraud, be deemed the final order.

(e) The Labor Commissioner shall file, within 10 days of the order becoming final pursuant to subdivision (d), a certified copy of the final order with the clerk of the superior court of the appropriate county unless a settlement has been reached by the parties and approved by the Labor Commissioner. Judgment shall be entered immediately by the court clerk in conformity therewith. The judgment so entered has the same force and effect as, and is subject to all of the provisions of law relating to, a judgment in a civil action, and may be enforced in the same manner as any other judgment of the court in which it is entered. Enforcement of the judgment shall receive court priority.

(2) The judgment debtor shall complete the form and cause it to be delivered to the division at the address listed on the form within 35 days after the form has been served on the judgment debtor, unless the judgment has been satisfied. In case of willful failure by the judgment debtor to comply with this subdivision, the division or the judgment creditor may request the court to apply the sanctions provided in Section 708.170 of the Code of Civil Procedure.

(g) Notwithstanding subdivision (e), the Labor Commissioner may stay execution of any judgment entered upon an order, decision, or award that has become final upon good cause appearing therefor and may impose the terms and conditions of the stay of execution. A certified copy of the stay of execution shall be filed with the clerk entering the judgment.

(h) When a judgment is satisfied in fact, other than by execution, the Labor Commissioner may, upon the motion of either party or on its own motion, order entry of satisfaction of judgment. The clerk of the court shall enter a satisfaction of judgment upon the filing of a certified copy of the order.

(i) The Labor Commissioner shall make every reasonable effort to ensure that judgments are satisfied, including taking all appropriate legal action and requiring the employer to deposit a bond as provided in Section 240.

(j) The judgment creditor, or the Labor Commissioner as assignee of the judgment creditor, is entitled to court costs and reasonable attorney's fees for enforcing the judgment that is rendered pursuant to this section.

(2) The State Bar.

(3) Individuals or organizations, approved by the Judicial Council, who represent court investigators, specialists with experience in performing assessments and coordinating community-based services, and legal services programs for the elderly.

(d) The failure of any court or any employee or agent thereof, to provide information to a conservator as required by this section does not:

(1) Relieve the conservator of any of the conservator's duties as required by this division.

(2) Make the court or the employee or agent thereof, liable, in either a personal or official capacity, for damages to a conservatee, conservator, the conservatorship of a person or an estate, or any other person or entity.

(e) The information package shall be made available to individual courts. The Judicial Council shall periodically update the information package when changes in the law warrant revision. The revisions shall be provided to individual courts.

(f) To cover the costs of providing the written information required by this section, a court may charge each private conservator a fee of twenty dollars (\$20) which shall be distributed to the court in which it was collected.

SEC. 148. Section 2343 of the Probate Code is amended to read:

SEC. 149. Section 7660 of the Probate Code is amended to read:

7660. (a) If a public administrator takes possession or control of an estate pursuant to this chapter, the public administrator may, acting as personal representative of the estate, summarily dispose of the estate in the manner provided in this article in either of the following circumstances:

(1) The total value of the property in the decedent's estate does not exceed the amount prescribed in Section 13100. The authority provided by this paragraph may be exercised only upon order of the court. The order may be made upon ex parte application. The fee to be allowed to the clerk for the filing of the application is one hundred eighty dollars

(§180). The authority for this summary administration of the estate shall be evidenced by a court order for summary disposition.

(2) The total value of the property in the decedent's estate does not exceed thirty thousand dollars (\$30,000). The authority provided by this paragraph may be exercised without court authorization.

(A) A public administrator who is authorized to summarily dispose of property of a decedent pursuant to this paragraph may issue a written certification of Authority for Summary Administration. The written certification is effective for 30 days after the date of issuance.

(B) A financial institution, government or private agency, retirement fund administrator, insurance company, licensed securities dealer, or other person shall, without the necessity of inquiring into the truth of the written certification of Authority for Summary Administration and without court order or letters being issued do all of the following:

(i) Provide the public administrator complete information concerning any property held in the name of the decedent, including the names and addresses of any beneficiaries or joint owners.

(ii) Grant the public administrator access to a safe-deposit box or storage facility rented in the name of the decedent for the purpose of inspection and removal of property of the decedent. Costs and expenses incurred in accessing a safe-deposit box or storage facility shall be borne by the estate of the decedent.

(iii) Surrender to the public administrator any property of the decedent that is held or controlled by the financial institution, agency, retirement fund administrator, insurance company, licensed securities dealer, or other person.

(C) Receipt by a financial institution, government or private agency, retirement fund administrator, insurance company, licensed securities dealer, or other person of the written certification provided by this article shall do both of the following:

(ii) Fully discharge the financial institution, government or private agency, retirement fund administrator, insurance company, licensed securities dealer, or other person from liability for any act or omission of the public administrator with respect to the property, a safe-deposit box, or a storage facility.

(b) Summary disposition may be made notwithstanding the existence of the decedent's will, if the will does not name an executor or if the named executor refuses to act.

(c) Nothing in this article precludes the public administrator from filing a petition with the court under any other provision of this code concerning the administration of the decedent's estate.

(d) Petitions filed pursuant to this article shall contain the information required by Section 8002.

(e) If a public administrator takes possession or control of an estate pursuant to this chapter, this article conveys the authority of a personal representative as described in Section 9650 to the public administrator to summarily dispose of the estates pursuant to the procedures described in paragraphs (1) and (2) of subdivision (a).

(f) The fee charged under paragraph (1) of subdivision (a) shall be distributed as provided in Section 68085.4 of the Government Code. When an application is filed under that paragraph, no other fees shall be charged in addition to the uniform filing fee provided for in Section 68085.4 of the Government Code.

SEC. 150. Section 13201 of the Probate Code is amended to read:

13201. Notwithstanding any other provision of law, the total fee for the filing of an affidavit under Section 13200 and the issuance of one certified copy of the affidavit under Section 13202 is as provided in subdivision (b) of Section 70626 of the Government Code.

SEC. 151. Section 14607.6 of the Vehicle Code is amended to read:

14607.6. (a) Notwithstanding any other provision of law, and except as provided in this section, a motor vehicle is subject to forfeiture as a nuisance if it is driven on a highway in this state by a driver with a suspended or revoked license, or by an unlicensed driver, who is a registered owner of the vehicle at the time of impoundment and has a previous misdemeanor conviction for a violation of subdivision (a) of Section 12500 or Section 14601, 14601.1, 14601.2, 14601.3, 14601.4, or 14601.5.

(b) A peace officer shall not stop a vehicle for the sole reason of determining whether the driver is properly licensed.

(c) (1) If a driver is unable to produce a valid driver's license on the demand of a peace officer enforcing the provisions of this code, as required by subdivision (b) of Section 12951, the vehicle shall be impounded regardless of ownership, unless the peace officer is reasonably able, by other means, to verify that the driver is properly licensed. Prior to impounding a vehicle, a peace officer shall attempt to verify the license status of a driver who claims to be properly licensed but is unable to produce the license on demand of the peace officer.

(2) A peace officer shall not impound a vehicle pursuant to this subdivision if the license of the driver expired within the preceding 30 days and the driver would otherwise have been properly licensed.

(3) A peace officer may exercise discretion in a situation where the driver without a valid license is an employee driving a vehicle registered to the employer in the course of employment. A peace officer may also exercise discretion in a situation where the driver without a valid license is the employee of a bona fide business establishment or is a person otherwise controlled by such an establishment and it reasonably appears that an owner of the vehicle, or an agent of the owner, relinquished possession of the vehicle to the business establishment solely for servicing or parking of the vehicle or other reasonably similar situations, and where the vehicle was not to be driven except as directly necessary to accomplish that business purpose. In this event, if the vehicle can be returned to or be retrieved by the business establishment or registered owner, the peace officer may release and not impound the vehicle.

(4) A registered or legal owner of record at the time of impoundment may request a hearing to determine the validity of the impoundment pursuant to subdivision (n).

(5) If the driver of a vehicle impounded pursuant to this subdivision was not a registered owner of the vehicle at the time of impoundment, or if the driver of the vehicle was a registered owner of the vehicle at the time of impoundment but the driver does not have a previous conviction for a violation of subdivision (a) of Section 12500 or Section 14601, 14601.1, 14601.2, 14601.3, 14601.4, or 14601.5, the vehicle shall be released pursuant to this code and is not subject to forfeiture.

(d) (1) This subdivision applies only if the driver of the vehicle is a registered owner of the vehicle at the time of impoundment. Except as provided in paragraph (5) of subdivision (c), if the driver of a vehicle impounded pursuant to subdivision (c) was a registered owner of the vehicle at the time of impoundment, the impounding agency shall authorize release of the vehicle if, within three days of impoundment, the driver of the vehicle at the time of impoundment presents his or her valid driver's license, including a valid temporary California driver's license or permit, to the impounding agency. The vehicle shall then be released to a registered owner of record at the time of impoundment, or an agent of that owner authorized in writing, upon payment of towing and storage charges related to the impoundment, and any administrative charges authorized by Section 22850.5, providing that the person claiming the vehicle is properly licensed and the vehicle is properly registered. A vehicle impounded pursuant to the circumstances described in paragraph (3) of subdivision (c) shall be released to a registered owner whether or not the driver of the vehicle at the time of impoundment presents a valid driver's license.

(2) If there is a community property interest in the vehicle impounded pursuant to subdivision (c), owned at the time of impoundment by a

person other than the driver, and the vehicle is the only vehicle available to the driver's immediate family that may be operated with a class C driver's license, the vehicle shall be released to a registered owner or to the community property interest owner upon compliance with all of the following requirements:

(A) The registered owner or the community property interest owner requests release of the vehicle and the owner of the community property interest submits proof of that interest.

(B) The registered owner or the community property interest owner submits proof that he or she, or an authorized driver, is properly licensed and that the impounded vehicle is properly registered pursuant to this code.

(C) All towing and storage charges related to the impoundment and any administrative charges authorized pursuant to Section 22850.5 are paid.

(D) The registered owner or the community property interest owner signs a stipulated vehicle release agreement, as described in paragraph (3), in consideration for the nonforfeiture of the vehicle. This requirement applies only if the driver requests release of the vehicle.

(3) A stipulated vehicle release agreement shall provide for the consent of the signator to the automatic future forfeiture and transfer of title to the state of any vehicle registered to that person, if the vehicle is driven by a driver with a suspended or revoked license, or by an unlicensed driver. The agreement shall be in effect for only as long as it is noted on a driving record maintained by the department pursuant to Section 1806.1.

(4) The stipulated vehicle release agreement described in paragraph (3) shall be reported by the impounding agency to the department not later than 10 days after the day the agreement is signed.

(5) No vehicle shall be released pursuant to paragraph (2) if the driving record of a registered owner indicates that a prior stipulated vehicle release agreement was signed by that person.

(e) (1) The impounding agency, in the case of a vehicle that has not been redeemed pursuant to subdivision (d), or that has not been otherwise released, shall promptly ascertain from the department the names and addresses of all legal and registered owners of the vehicle.

(2) The impounding agency, within two days of impoundment, shall send a notice by certified mail, return receipt requested, to all legal and registered owners of the vehicle, at the addresses obtained from the department, informing them that the vehicle is subject to forfeiture and will be sold or otherwise disposed of pursuant to this section. The notice shall also include instructions for filing a claim with the district attorney, and the time limits for filing a claim. The notice shall also inform any legal owner of its right to conduct the sale pursuant to subdivision (g).

If a registered owner was personally served at the time of impoundment with a notice containing all the information required to be provided by this paragraph, no further notice is required to be sent to a registered owner. However, a notice shall still be sent to the legal owners of the vehicle, if any. If notice was not sent to the legal owner within two working days, the impounding agency shall not charge the legal owner for more than 15-days' impoundment when the legal owner redeems the impounded vehicle.

(3) No processing charges shall be imposed on a legal owner who redeems an impounded vehicle within 15 days of the impoundment of that vehicle. If no claims are filed and served within 15 days after the mailing of the notice in paragraph (2), or if no claims are filed and served within five days of personal service of the notice specified in paragraph (2), when no other mailed notice is required pursuant to paragraph (2), the district attorney shall prepare a written declaration of forfeiture of the vehicle to the state. A written declaration of forfeiture signed by the district attorney under this subdivision shall be deemed to provide good and sufficient title to the forfeited vehicle. A copy of the declaration shall be provided on request to any person informed of the pending forfeiture pursuant to paragraph (2). A claim that is filed and is later withdrawn by the claimant shall be deemed not to have been filed.

(4) If a claim is timely filed and served, then the district attorney shall file a petition of forfeiture with the appropriate juvenile or superior court within 10 days of the receipt of the claim. The district attorney shall establish an expedited hearing date in accordance with instructions from the court, and the court shall hear the matter without delay. The court filing fee of one hundred dollars (\$100) shall be paid by the claimant, but shall be reimbursed by the impounding agency if the claimant prevails. To the extent practicable, the civil and criminal cases shall be heard at the same time in an expedited, consolidated proceeding. A proceeding in the civil case is a limited civil case.

(5) The burden of proof in the civil case shall be on the prosecuting agency, by a preponderance of the evidence. All questions that may arise shall be decided and all other proceedings shall be conducted as in an ordinary civil action. A judgment of forfeiture does not require as a condition precedent the conviction of a defendant of an offense which made the vehicle subject to forfeiture. The filing of a claim within the time limits specified in paragraph (3) is considered a jurisdictional prerequisite for the availing of the action authorized by that paragraph.

(6) All right, title, and interest in the vehicle shall vest in the state upon commission of the act giving rise to the forfeiture.

(7) The filing fee in paragraph (4) shall be distributed as follows:

(A) To the county law library fund as provided in Section 6320 of the Business and Professions Code, the amount specified in Sections 6321 and 6322.1 of the Business and Professions Code.

(B) To the Trial Court Trust Fund, the remainder of the fee.

(f) Any vehicle impounded that is not redeemed pursuant to subdivision (d) and is subsequently forfeited pursuant to this section shall be sold once an order of forfeiture is issued by the district attorney of the county of the impounding agency or a court, as the case may be, pursuant to subdivision (e).

(g) Any legal owner who is a motor vehicle dealer, bank, credit union, acceptance corporation, or other licensed financial institution legally operating in this state, or the agent of that legal owner, may take possession and conduct the sale of the forfeited vehicle if the legal owner or agent notifies the agency impounding the vehicle of its intent to conduct the sale within 15 days of the mailing of the notice pursuant to subdivision (e). Sale of the vehicle after forfeiture pursuant to this subdivision may be conducted at the time, in the manner, and on the notice usually given for the sale of repossessed or surrendered vehicles. The proceeds of any sale conducted by or on behalf of the legal owner shall be disposed of as provided in subdivision (i). A notice pursuant to this subdivision may be presented in person, by certified mail, by facsimile transmission, or by electronic mail.

(h) If the legal owner or agent of the owner does not notify the agency impounding the vehicle of its intent to conduct the sale as provided in subdivision (g), the agency shall offer the forfeited vehicle for sale at public auction within 60 days of receiving title to the vehicle. Low value vehicles shall be disposed of pursuant to subdivision (k).

(i) The proceeds of a sale of a forfeited vehicle shall be disposed of in the following priority:

(1) To satisfy the towing and storage costs following impoundment, the costs of providing notice pursuant to subdivision (e), the costs of sale, and the unfunded costs of judicial proceedings, if any.

(2) To the legal owner in an amount to satisfy the indebtedness owed to the legal owner remaining as of the date of sale, including accrued interest or finance charges and delinquency charges, providing that the principal indebtedness was incurred prior to the date of impoundment.

(3) To the holder of any subordinate lien or encumbrance on the vehicle, other than a registered or legal owner, to satisfy any indebtedness so secured if written notification of demand is received before distribution of the proceeds is completed. The holder of a subordinate lien or encumbrance, if requested, shall furnish reasonable proof of its interest and, unless it does so upon request, is not entitled to distribution pursuant to this paragraph.

(4) To any other person, other than a registered or legal owner, who can reasonably establish an interest in the vehicle, including a community property interest, to the extent of his or her provable interest, if written notification is received before distribution of the proceeds is completed.

(5) Of the remaining proceeds, funds shall be made available to pay any local agency and court costs, that are reasonably related to the implementation of this section, that remain unsatisfied.

(6) Of the remaining proceeds, half shall be transferred to the Controller for deposit in the Vehicle Inspection and Repair Fund for the high-polluter repair assistance and removal program created by Article 9 (commencing with Section 44090) of Chapter 5 of Part 5 of Division 26 of the Health and Safety Code, and half shall be transferred to the general fund of the city or county of the impounding agency, or the city or county where the impoundment occurred. A portion of the local funds may be used to establish a reward fund for persons coming forward with information leading to the arrest and conviction of hit-and-run drivers and to publicize the availability of the reward fund.

(j) The person conducting the sale shall disburse the proceeds of the sale as provided in subdivision (i) and shall provide a written accounting regarding the disposition to the impounding agency and, on request, to any person entitled to or claiming a share of the proceeds, within 15 days after the sale is conducted.

(k) If the vehicle to be sold pursuant to this section is not of the type that can readily be sold to the public generally, the vehicle shall be conveyed to a licensed dismantler or donated to an eleemosynary institution. License plates shall be removed from any vehicle conveyed to a dismantler pursuant to this subdivision.

(l) No vehicle shall be sold pursuant to this section if the impounding agency determines the vehicle to have been stolen. In this event, the vehicle may be claimed by the registered owner at any time after impoundment, providing the vehicle registration is current and the registered owner has no outstanding traffic violations or parking penalties on his or her driving record or on the registration record of any vehicle registered to the person. If the identity of the legal and registered owners of the vehicle cannot be reasonably ascertained, the vehicle may be sold.

(m) Any owner of a vehicle who suffers any loss due to the impoundment or forfeiture of any vehicle pursuant to this section may recover the amount of the loss from the unlicensed, suspended, or revoked driver. If possession of a vehicle has been tendered to a business establishment in good faith, and an unlicensed driver employed or otherwise directed by the business establishment is the cause of the impoundment of the vehicle, a registered owner of the impounded vehicle

may recover damages for the loss of use of the vehicle from the business establishment.

(n) (1) The impounding agency, if requested to do so not later than 10 days after the date the vehicle was impounded, shall provide the opportunity for a poststorage hearing to determine the validity of the storage to the persons who were the registered and legal owners of the vehicle at the time of impoundment, except that the hearing shall be requested within three days after the date the vehicle was impounded if personal service was provided to a registered owner pursuant to paragraph (2) of subdivision (e) and no mailed notice is required.

(2) The poststorage hearing shall be conducted not later than two days after the date it was requested. The impounding agency may authorize its own officer or employee to conduct the hearing if the hearing officer is not the same person who directed the storage of the vehicle. Failure of either the registered or legal owner to request a hearing as provided in paragraph (1) or to attend a scheduled hearing shall satisfy the poststorage hearing requirement.

(3) The agency employing the person who directed the storage is responsible for the costs incurred for towing and storage if it is determined that the driver at the time of impoundment had a valid driver's license.

(o) As used in this section, "days" means workdays not including weekends and holidays.

(p) Charges for towing and storage for any vehicle impounded pursuant to this section shall not exceed the normal towing and storage rates for other vehicle towing and storage conducted by the impounding agency in the normal course of business.

(q) The Judicial Council and the Department of Justice may prescribe standard forms and procedures for implementation of this section to be used by all jurisdictions throughout the state.

(r) The impounding agency may act as the agent of the state in carrying out this section.

(s) No vehicle shall be impounded pursuant to this section if the driver has a valid license but the license is for a class of vehicle other than the vehicle operated by the driver.

(t) This section does not apply to vehicles subject to Sections 14608 and 14609, if there has been compliance with the procedures in those sections.

(u) As used in this section, "district attorney" includes a city attorney charged with the duty of prosecuting misdemeanor offenses.

(v) The agent of a legal owner acting pursuant to subdivision (g) shall be licensed, or exempt from licensure, pursuant to Chapter 11

(commencing with Section 7500) of Division 3 of the Business and Professions Code.

SEC. 152. Section 40230 of the Vehicle Code is amended to read:

40230. (a) Within 30 calendar days after the mailing or personal delivery of the final decision described in subdivision (b) of Section 40215, the contestant may seek review by filing an appeal to be heard by the superior court where the same shall be heard de novo, except that the contents of the processing agency's file in the case shall be received in evidence. A copy of the notice of parking violation or, if the citation was issued electronically, a true and correct abstract containing the information set forth in the notice of parking violation shall be admitted into evidence as prima facie evidence of the facts stated therein. A copy of the notice of appeal shall be served in person or by first-class mail upon the processing agency by the contestant. For purposes of computing the 30-calendar-day period, Section 1013 of the Code of Civil Procedure shall be applicable. A proceeding under this subdivision is a limited civil case.

(b) The fee for filing the notice of appeal is twenty-five dollars (\$25). The court shall request that the processing agency's file on the case be forwarded to the court, to be received within 15 calendar days of the request. The court shall notify the contestant of the appearance date by mail or personal delivery. The court shall retain the twenty-five dollar (\$25) fee regardless of the outcome of the appeal. If the court finds in favor of the contestant, the amount of the fee shall be reimbursed to the contestant by the processing agency. Any deposit of parking penalty shall be refunded by the processing agency in accordance with the judgment of the court.

(c) The conduct of the appeal under this section is a subordinate judicial duty that may be performed by traffic trial commissioners and other subordinate judicial officials at the direction of the presiding judge of the court.

(d) If no notice of appeal of the processing agency's decision is filed within the period set forth in subdivision (a), the decision shall be deemed final.

(e) If the parking penalty has not been deposited and the decision is against the contestant, the processing agency shall, after the decision becomes final, proceed to collect the penalty pursuant to Section 40220.

SEC. 153. The Judicial Council shall report to the Joint Legislative Budget Committee by November 1, 2006 on the impact of the uniform civil filing fee changes enacted in the Budget Act on the ability of low income litigants to access the court system. This report shall include recommendations on the use of fee waivers, deferrals, and partial payments or payments over time as mechanisms to ensure access in a

fiscally responsible manner, as well as any recommended statutory changes to enhance the use of these procedures.

SEC. 154. Section 19 of this bill shall only become operative if AB 1459, SB 422, or SB 996 is enacted and becomes effective on or before January 1, 2006, and increases the jurisdictional limit of the small claims court, in which case Section 18 of this bill shall not be operative.

SEC. 155. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

SEC. 156. The provisions of this act, other than Section 115, shall become operative on January 1, 2006. Section 115 shall become operative immediately.

[Approved by Governor July 19, 2005. Filed with
Secretary of State July 19, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 14556.5 of the Government Code is amended to read:

14556.5. (a) The Traffic Congestion Relief Fund is hereby created in the State Treasury. The fund shall include deposits of funds provided in the annual Budget Act, provided from the Transportation Investment

Fund established under Section 7104 of the Revenue and Taxation Code, or provided under any other statute. Notwithstanding Section 13340, the money in the fund is hereby continuously appropriated to the department, without regard to fiscal years, as follows:

(1) For allocation by the department, as directed by the commission pursuant to Section 14556.20, to the department and other regional and local transportation entities for the projects listed in Article 5 (commencing with Section 14556.40).

(2) For allocation by the Controller, the sum of four hundred million dollars (\$400,000,000), for allocation during the 2000–01 fiscal year to cities, counties, and cities and counties, pursuant to Section 2182 of the Streets and Highways Code.

(3) For allocation by the commission to the funding exchange program authorized by Section 182.8 of the Streets and Highways Code.

(b) Notwithstanding any other provision of law, the Department of Finance may adjust the budgeting, accounting, and reporting system for the fund so that unliquidated encumbrances are not reflected in the fund balance or financial statements.

SEC. 2. Section 14556.8 of the Government Code is amended to read:

14556.8. (a) (1) To the extent necessary to provide adequate cash to fund projected expenditures under this chapter, the Director of Finance may authorize, by Executive order, the transfer of not more than one hundred million dollars (\$100,000,000), as an interest free loan, from the Motor Vehicle Account in the State Transportation Fund to the TCRF, and the transfer of any available funds, as an interest free loan, from the General Fund to the TCRF. Loans from the Motor Vehicle Account may be made no sooner than July 1, 2004, and shall be repaid no later than July 1, 2007. The Director of Finance shall not authorize a loan from the Motor Vehicle Account, and shall promptly require the repayment of any outstanding balance owed to that account, if the funds are needed in the account to make expenditures authorized in the annual Budget Act and by any other appropriations made by the Legislature.

(2) To provide cash needed for expenditures on projects listed in Section 14556.40, the Legislature may authorize loans from the Public Transportation Account or the State Highway Account to the TCRF through the annual Budget Act. The Legislature may also authorize the State Highway Account to expend funds on behalf of projects listed in Section 14556.40 and those expenditures shall constitute a loan to the TCRF. Loans from the Public Transportation Account shall not exceed a cumulative total of two hundred eighty million dollars (\$280,000,000), and loans from the State Highway Account shall not exceed a cumulative total of six hundred fifty-four million dollars (\$654,000,000).

(b) The Director of Finance shall order the repayment of the loans authorized under this section under those terms and conditions that the director deems appropriate, upon determining that there are adequate funds available for that purpose in the TCRF and that repayment will not jeopardize the availability of money needed to fund approved and projected expenditures under this chapter. All loans from the Public Transportation Account shall be repaid by June 30, 2008, and all loans from the State Highway Account shall be repaid by June 30, 2007. Upon the request of the commission or the Director of Finance, the department shall provide a report, for purposes of this subdivision, projecting the cash needs of the projects approved under this chapter.

(c) (1) Money in the TCRF derived from the General Fund and not currently needed for expenditures on the projects listed in Section 14556.40 may be loaned to the General Fund through the annual Budget Act.

(2) Upon making a determination that funds in the TCRF are not adequate to support expected cash expenditures for the listed projects, the Director of Finance, by Executive order, shall require that funds loaned to the General Fund under paragraph (1) be repaid to the TCRF. All these loans shall be repaid upon the sale of bonds authorized by Article 6.5 (commencing with Section 63048.6) of Chapter 2 of Division 1 of Title 6.7. If the proceeds from those bonds are insufficient to repay the funds loaned to the General Fund under paragraph (1), the remaining amount of those loans shall be repaid from future tribal gaming revenues, additional securitizations against those revenues, or from the General Fund.

(3) Interest at the rate earned by the Surplus Money Investment Fund shall be paid to the TCRF from the General Fund with respect to the cumulative amount loaned from the State Highway Account to the TCRF pursuant to paragraph (2) of subdivision (a) that is in excess of one hundred eighty million dollars (\$180,000,000). The amount of this interest obligation shall be calculated annually on the balance of this portion of this outstanding loan amount. All interest on the loan shall be paid in full on or before June 30, 2007, and the interest payment shall be transferred from the TCRF to the State Highway Account.

(d) Funds loaned to the TCRF under this section shall be used for purposes consistent with any restrictions on uses of those funds imposed under the California Constitution or by statute. The department shall identify specific projects to which those funds may properly be applied and shall propose that application of funds to the commission. The commission shall designate projects to receive those funds through the processes described in Article 3 (commencing with Section 14556.10) and Article 4 (commencing with Section 14556.25). The department

shall report periodically to the commission and the Department of Finance on the expenditure of those funds.

(e) This section shall become inoperative on July 1, 2008, and, as of January 1, 2009, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2009, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. Section 63048.65 of the Government Code is amended to read:

63048.65. (a) Upon a filing by the Director of Finance with the bank of a list of designated tribal compacts and the specific portions of the compact assets to be sold, the bank may sell for, and on behalf of, the state, solely as its agent, those specific portions of the compact assets to a special purpose trust. To that end, a special purpose trust is hereby established as a not-for-profit corporation solely for that purpose and for the purposes necessarily incidental thereto. The bank may enter into one or more sales agreements with the special purpose trust on terms it deems appropriate, which may include covenants of, and binding on, the state necessary to establish and maintain the security of the bonds and exemption of interest on the bonds from federal income taxation. The portion of the compact assets to be sold shall be an amount or amounts determined by the Director of Finance that are necessary to provide the state with net proceeds of the sale, not to exceed one billion five hundred million dollars (\$1,500,000,000), exclusive of capitalized interest on the bonds and any costs incurred by the bank or the special purpose trust in implementing this article, including, but not limited to, the cost of financing one or more reserve funds, any credit enhancements, costs incurred in the issuance of bonds, and operating expenses. Those specific portions of the compact assets may be sold at one time or from time to time.

(b) The special purpose trust may issue bonds, including, but not limited to, refunding bonds, on the terms it shall determine, and do all things contemplated by, and authorized by, this division with respect to the bank, and enjoy all rights, privileges, and immunities the bank enjoys pursuant to this division, or as authorized by Section 5140 of the Corporations Code with respect to public benefit nonprofit corporations, or as necessary or appropriate in connection with the issuance of bonds, and may enter into agreements with any public or private entity and pledge the compact assets that it purchased as collateral and security for its bonds. However, to the extent of any conflict between any of the foregoing and the provisions of this article, the provisions of this article shall control. The pledge of any of these assets and of any revenues, reserves, and earnings pledged in connection with these assets shall be valid and binding in accordance with its terms from the time the pledge

is made, and amounts so pledged and thereafter received shall immediately be subject to the lien of the pledge without the need for physical delivery, recordation, filing, or other further act. The special purpose trust, and its assets and income, and bonds issued by the special purpose trust, and their transfer and the income therefrom, shall be exempt from all taxation by the state and by its political subdivisions.

(c) (1) The net proceeds of the sale of compact assets by the bank shall be deposited in the following order:

(A) One billion two hundred twenty-two million dollars (\$1,222,000,000) to the Traffic Congestion Relief Fund for the purpose of funding or reimbursing the cost of projects, programs, and activities permitted and necessary to be funded by that fund in accordance with applicable law in the following priority order:

(i) Transfer of four hundred sixty-five million dollars (\$465,000,000) to the State Highway Account for project expenditures.

(ii) Two hundred ninety million dollars (\$290,000,000) for allocation to Traffic Congestion Relief Program projects.

(iii) Three hundred eighty-four million dollars (\$384,000,000) to be allocated equally, as funds become available, for both of the following:

(I) To the Public Transportation Account for project expenditures.

(II) For advanced repayments of local street and road projects due for funding in the 2008–09 fiscal year.

(iv) Eighty-three million dollars (\$83,000,000) to the Public Transportation Account for project expenditures.

(v) Advanced funding of State Transit Assistance loans due for funding in the 2008–09 fiscal year.

(B) To the Transportation Deferred Investment Fund, an amount up to the outstanding amount of the suspension of the 2004–05 fiscal year transfer of the sales tax on gasoline to the Transportation Investment Fund pursuant to requirements of Article XIX B of the California Constitution.

(C) To the Transportation Deferred Investment Fund, an amount up to the outstanding amount of the suspension of the 2003–04 fiscal year transfer of the sales tax on gasoline to the Transportation Investment Fund pursuant to requirements of Article XIX B of the California Constitution.

(2) Notwithstanding paragraph (1), if and to the extent it is necessary to ensure to the maximum extent practicable the eligibility for exclusion from taxation under the federal Internal Revenue Code of interest on the bonds to be issued by the special purpose trust, the Director of Finance may adjust the application of proceeds not eligible for exclusion from taxation among the authorized funds described in paragraph (1). The Department of Finance shall submit a report to the Legislature describing

any proposed changes among the authorized funds in paragraph (1), and consistent with this paragraph, at least 30 days prior to issuing the bonds pursuant to this article. Amounts deposited in the Traffic Congestion Relief Fund pursuant to paragraph (1) shall be applied as a credit to transfers from the General Fund that the Controller would otherwise be required to make to that fund. Amounts deposited in the Transportation Deferred Investment Fund shall be expended in conformance with Sections 7105 and 7106 of the Revenue and Taxation Code, and the amounts so deposited shall also be applied as a credit to the transfers from the General Fund that the Controller would otherwise be required to make under those sections. The Legislature hereby finds and declares that the deposits and credits described in this subdivision do not constitute the use of the proceeds of bonds or other indebtedness to pay a year-end state budget deficit as prohibited by subdivision (c) of Section 1.3 of Article XVI of the California Constitution. Subject to any constitutional limitation, the use and application of the proceeds of any sale of compact assets or bonds shall not in any way affect the legality or validity of that sale or those bonds.

(d) Funds received from amended tribal-state compacts, or new compacts entered into and ratified on or after the effective date of this article, pursuant to Section 4.3.1 of the amended compacts, or the comparable section in new compacts, as specified in those compacts, that are neither sold to the special purpose trust nor otherwise appropriated, and funds received as a result of the state's acquisition of an ownership interest in any residual interest in compact assets attributable to Section 4.3.1 of the amended compacts, or the comparable section in new compacts, as specified in those compacts, shall be remitted to the California Gambling Control Commission for deposit in the General Fund.

(e) Funds received from amended tribal-state compacts, or new compacts entered into and ratified on or after the effective date of this article, pursuant to Section 4.3.3 of the amended compacts, or the comparable section in new compacts, as specified in those compacts, shall be held in an account within the Special Deposit Fund until those funds are sold or otherwise applied pursuant to this subdivision. From time to time, at the direction of the Director of Finance, any moneys in this account shall be deposited and applied in accordance with subdivision (c) or shall be deemed to be compact assets for purposes of sale to the special purpose trust pursuant to this article. If the Director of Finance determines that the bonds authorized pursuant to this article cannot be successfully issued by the special purpose trust, funds within the account shall be deposited in accordance with subdivision (c). In addition, all subsequent revenues remitted pursuant to Section 4.3.3 of the amended

compacts, or the comparable section in new compacts, as specified in those compacts, and funds received as a result of the state's acquisition of an ownership interest in any residual interest in compact assets attributable to Section 4.3.3 of the amended compacts, or the comparable section in new compacts, as specified in those compacts, shall be used to satisfy the purposes of subdivision (c). When the amounts described in subdivision (c) have been paid to the funds named in that subdivision either pursuant to this article or by other appropriations or transfers, thereafter the revenues received by the state from Section 4.3.3 of the compact shall be remitted to the California Gambling Control Commission for deposit in the General Fund.

(f) The principal office of the special purpose trust shall be located in the County of Sacramento. The articles of incorporation of the special purpose trust shall be prepared and filed, on behalf of the state, with the Secretary of State by the bank. The members of the board of directors of the bank as of the effective date of this article, the Director of the Department of Transportation, and the Director of General Services, shall each serve ex officio as the directors of the special purpose trust. Any of these directors may name a designee to act on his or her behalf as a director of the special purpose trust. The Director of Finance or his or her designee shall serve as chair of the special purpose trust. Directors of the special purpose trust shall not be subject to personal liability for carrying out the powers and duties conferred by this article. The Legislature hereby finds and declares that the duties and responsibilities of the directors of the special purpose trust and the duties and responsibilities of the Director of Finance established under this article are within the scope of the primary duties of those persons in their official capacities. The special purpose trust shall be treated as a separate legal entity with its separate corporate purpose as described in this article, and the assets, liabilities, and funds of the special purpose trust shall be neither consolidated nor commingled with those of the bank.

(b) The purpose of the board is to do all of the following:

(1) Advise the director on matters of financial solvency affecting the delivery of health care services.

(2) Develop and recommend to the director financial solvency requirements and standards relating to plan operations, plan-affiliate operations and transactions, plan-provider contractual relationships, and provider-affiliate operations and transactions.

(3) Periodically monitor and report on the implementation and results of the financial solvency requirements and standards.

During the director's 45-day review and comment period, the director, in consultation with the board, may postpone the adoption of the requirements and standards pending further review and comment. Nothing in this subdivision prohibits the director from adopting regulations, including emergency regulations, under the rulemaking provisions of the Administrative Procedure Act.

(d) Except as provided in subdivision (e), the board shall meet at least quarterly and at the call of the chair. In order to preserve the independence of the board, the director shall not serve as chair. The members of the board may establish their own rules and procedures. SEC. 28. Section 1367.03 of the Health and Safety Code is amended to read:

1367.03. (a) Not later than January 1, 2004, the department shall develop and adopt regulations to ensure that enrollees have access to needed health care services in a timely manner. In developing these regulations, the department shall develop indicators of timeliness of access to care and, in so doing, shall consider the following as indicators of timeliness of access to care:

(1) Waiting times for appointments with physicians, including primary care and specialty physicians.

(2) Timeliness of care in an episode of illness, including the timeliness of referrals and obtaining other services, if needed.

(3) Waiting time to speak to a physician, registered nurse, or other qualified health professional acting within his or her scope of practice who is trained to screen or triage an enrollee who may need care.

(b) In developing these standards for timeliness of access, the department shall consider the following:

(1) Clinical appropriateness.

(2) The nature of the specialty.

(3) The urgency of care.

(4) The requirements of other provisions of law, including Section 1367.01 governing utilization review, that may affect timeliness of access.

(c) The department may adopt standards other than the time elapsed between the time an enrollee seeks health care and obtains care. If the department chooses a standard other than the time elapsed between the time an enrollee first seeks health care and obtains it, the department shall demonstrate why that standard is more appropriate. In developing these standards, the department shall consider the nature of the plan network.

(d) The department shall review and adopt standards, as needed, concerning the availability of primary care physicians, specialty physicians, hospital care, and other health care, so that consumers have timely access to care. In so doing, the department shall consider the nature of physician practices, including individual and group practices as well as the nature of the plan network. The department shall also consider various circumstances affecting the delivery of care, including urgent care, care provided on the same day, and requests for specific providers. If the department finds that health care service plans and health care providers have difficulty meeting these standards, the department may make recommendations to the Assembly Committee on Health and the Senate Committee on Insurance of the Legislature pursuant to subdivision (i).

(e) In developing standards under subdivision (a), the department shall consider requirements under federal law, requirements under other state programs, standards adopted by other states, nationally recognized accrediting organizations, and professional associations. The department shall further consider the needs of rural areas, specifically those in which health facilities are more than 30 miles apart and any requirements imposed by the State Department of Health Services on health care service plans that contract with the State Department of Health Services to provide Medi-Cal managed care.

(f) (1) Contracts between health care service plans and health care providers shall assure compliance with the standards developed under this section. These contracts shall require reporting by health care providers to health care service plans and by health care service plans to the department to ensure compliance with the standards.

(2) Health care service plans shall report annually to the department on compliance with the standards in a manner specified by the department. The reported information shall allow consumers to compare the performance of plans and their contracting providers in complying with the standards, as well as changes in the compliance of plans with these standards.

(g) (1) When evaluating compliance with the standards, the department shall focus more upon patterns of noncompliance rather than isolated episodes of noncompliance.

(2) The director may investigate and take enforcement action against plans regarding noncompliance with the requirements of this section. Where substantial harm to an enrollee has occurred as a result of plan noncompliance, the director may, by order, assess administrative penalties subject to appropriate notice of, and the opportunity for, a hearing in accordance with Section 1397. The plan may provide to the director, and the director may consider, information regarding the plan's overall

compliance with the requirements of this section. The administrative penalties shall not be deemed an exclusive remedy available to the director. These penalties shall be paid to the State Managed Care Fund. The director shall periodically evaluate grievances to determine if any audit, investigative, or enforcement actions should be undertaken by the department.

(3) The director may, after appropriate notice and opportunity for hearing in accordance with Section 1397, by order, assess administrative penalties if the director determines that a health care service plan has knowingly committed, or has performed with a frequency that indicates a general business practice, either of the following:

(A) Repeated failure to act promptly and reasonably to assure timely access to care consistent with this chapter.

(B) Repeated failure to act promptly and reasonably to require contracting providers to assure timely access that the plan is required to perform under this chapter and that have been delegated by the plan to the contracting provider when the obligation of the plan to the enrollee or subscriber is reasonably clear.

(C) The administrative penalties available to the director pursuant to this section are not exclusive, and may be sought and employed in any combination with civil, criminal, and other administrative remedies deemed warranted by the director to enforce this chapter.

(4) The administrative penalties authorized pursuant to this section shall be paid to the State Managed Care Fund.

(h) The department shall work with the patient advocate to assure that the quality of care report card incorporates information provided pursuant to subdivision (f) regarding the degree to which health care service plans and health care providers comply with the requirements for timely access to care.

(i) The department shall report to the Assembly Committee on Health and the Senate Committee on Insurance of the Legislature on March 1, 2003, and on March 1, 2004, regarding the progress toward the implementation of this section.

(j) Every three years, the department shall review information regarding compliance with the standards developed under this section and shall make recommendations for changes that further protect enrollees.

SEC. 29. Section 1367.04 of the Health and Safety Code is amended to read:

1367.04. (a) Not later than January 1, 2006, the department shall develop and adopt regulations establishing standards and requirements

to provide health care service plan enrollees with appropriate access to language assistance in obtaining health care services.

(b) In developing the regulations, the department shall require every health care service plan and specialized health care service plan to assess the linguistic needs of the enrollee population, excluding Medi-Cal enrollees, and to provide for translation and interpretation for medical services, as indicated. A health care service plan that participates in the Healthy Families Program may assess the Healthy Families Program enrollee population separately from the remainder of its enrollee population for purposes of subparagraph (A) of paragraph (1). A health care service plan that chooses to separate its Healthy Families Program enrollment from the remainder of its enrollee population shall treat the Healthy Families Program population separately for purposes of determining whether subparagraph (A) of paragraph (1) is applicable, and shall also treat the Healthy Families Program population separately for purposes of applying the percentage and numerical thresholds in subparagraph (A) of paragraph (1). The regulations shall include the following:

(1) Requirements for the translation of vital documents that include the following:

(A) A requirement that all vital documents, as defined pursuant to subparagraph (B), be translated into an indicated language, as follows:

(i) A health care service plan with an enrollment of 1,000,000 or more shall translate vital documents into the top two languages other than English as determined by the needs assessment as required by this subdivision and any additional languages when 0.75 percent or 15,000 of the enrollee population, whichever number is less, excluding Medi-Cal enrollment and treating Healthy Families Program enrollment separately indicates in the needs assessment as required by this subdivision a preference for written materials in that language.

(ii) A health care service plan with an enrollment of 300,000 or more but less than 1,000,000 shall translate vital documents into the top one language other than English as determined by the needs assessment as required by this subdivision and any additional languages when 1 percent or 6,000 of the enrollee population, whichever number is less, excluding Medi-Cal enrollment and treating Healthy Families Program enrollment separately indicates in the needs assessment as required by this subdivision a preference for written materials in that language.

(iii) A health care service plan with an enrollment of less than 300,000 shall translate vital documents into a language other than English when 3,000 or more or 5 percent of the enrollee population, whichever number is less, excluding Medi-Cal enrollment and treating Healthy Families Program enrollment separately indicates in the needs assessment as

required by this subdivision a preference for written materials in that language.

(B) Specification of vital documents produced by the plan that are required to be translated. The specification of vital documents shall not exceed that of the Department of Health and Human Services (HHS) Office of Civil Rights (OCR) Policy Guidance (65 Federal Register 52762 (August 30, 2000)), but shall include all of the following:

(i) Applications.
(ii) Consent forms.
(iii) Letters containing important information regarding eligibility and participation criteria.

(iv) Notices pertaining to the denial, reduction, modification, or termination of services and benefits, and the right to file a grievance or appeal.

(v) Notices advising limited-English-proficient persons of the availability of free language assistance and other outreach materials that are provided to enrollees.

(vi) Translated documents shall not include a health care service plan's explanation of benefits or similar claim processing information that is sent to enrollees, unless the document requires a response by the enrollee.

(C) (i) For those documents described in subparagraph (B) that are not standardized but contain enrollee specific information, health care service plans shall not be required to translate the documents into the threshold languages identified by the needs assessment as required by this subdivision, but rather shall include with the documents a written notice of the availability of interpretation services in the threshold languages identified by the needs assessment as required by this subdivision.

(ii) Upon request, the enrollee shall receive a written translation of the documents described in clause (i). The health care service plan shall have up to, but not to exceed, 21 days to comply with the enrollee's request for a written translation. If an enrollee requests a translated document, all timeframes and deadline requirements related to the document that apply to the health care service plan and enrollees under the provisions of this chapter and under any regulations adopted pursuant to this chapter shall begin to run upon the health care service plan's issuance of the translated document.

(iii) For grievances that require expedited plan review and response in accordance with subdivision (b) of Section 1368.01, the health care service plan may satisfy this requirement by providing notice of the availability and access to oral interpretation services.

(D) A requirement that health care service plans advise limited-English-proficient enrollees of the availability of interpreter services.

(2) Standards to ensure the quality and accuracy of the written translations and that a translated document meets the same standards required for the English language version of the document. The English language documents shall determine the rights and obligations of the parties, and the translated documents shall be admissible in evidence only if there is a dispute regarding a substantial difference in the material terms and conditions of the English language document and the translated document.

(3) Requirements for surveying the language preferences and needs assessments of health care service plan enrollees within one year of the effective date of the regulations that permit health care service plans to utilize various survey methods, including, but not limited to, the use of existing enrollment and renewal processes, subscriber newsletters, or other mailings. Health care service plans shall update the needs assessment, demographic profile, and language translation requirements every three years.

(4) Requirements for individual enrollee access to interpretation services.

(5) Standards to ensure the quality and timeliness of oral interpretation services provided by health care service plans.

(c) In developing the regulations, standards, and requirements, the department shall consider the following:

(1) Publications and standards issued by federal agencies, such as the Culturally and Linguistically Appropriate Services (CLAS) in Health Care issued by the United States Department of Health and Human Services Office of Minority Health in December 2000, and the Department of Health and Human Services (HHS) Office of Civil Rights (OCR) Policy Guidance (65 Federal Register 52762 (August 30, 2000)).

(2) Other cultural and linguistic requirements under state programs, such as Medi-Cal Managed Care Policy Letters, cultural and linguistic requirements imposed by the State Department of Health Services on health care service plans that contract to provide Medi-Cal managed care services, and cultural and linguistic requirements imposed by the Managed Risk Medical Insurance Board on health care service plans that contract to provide services in the Healthy Families Program.

(3) Standards adopted by other states pertaining to language assistance requirements for health care service plans.

(4) Standards established by California or nationally recognized accrediting, certifying, or licensing organizations and medical and health care interpreter professional associations regarding interpretation services.

(5) Publications, guidelines, reports, and recommendations issued by state agencies or advisory committees, such as the report card to the public on the comparative performance of plans and reports on cultural and linguistic services issued by the Office of Patient Advocate and the report to the Legislature from the Task Force on Culturally and Linguistically Competent Physicians and Dentists established by Section 852 of the Business and Professions Code.

(6) Examples of best practices relating to language assistance services by health care providers and health care service plans, including existing practices.

(7) Information gathered from complaints to the HMO Helpline and consumer assistance centers regarding language assistance services.

(8) The cost of compliance and the availability of translation and interpretation services and professionals.

(9) Flexibility to accommodate variations in plan networks and method of service delivery. The department shall allow for health care service plan flexibility in determining compliance with the standards for oral and written interpretation services.

(d) The department shall work to ensure that the biennial reports required by this section, and the data collected for those reports, are consistent with reports required by government-sponsored programs and do not require duplicative or conflicting data collection or reporting.

(e) The department shall seek public input from a wide range of interested parties through advisory bodies established by the director.

(f) A contract between a health care service plan and a health care provider shall require compliance with the standards developed under this section. In furtherance of this section, the contract shall require providers to cooperate with the plan by providing any information necessary to assess compliance.

(g) The department shall report biennially to the Legislature and advisory bodies established by the director regarding plan compliance with the standards, including results of compliance audits made in conjunction with other audits and reviews. The reported information shall also be included in the publication required under subparagraph (B) of paragraph (3) of subdivision (c) of Section 1368.02. The department shall also utilize the reported information to make recommendations for changes that further enhance standards pursuant to this section. The department may also delay or otherwise phase-in implementation of standards and requirements in recognition of costs and availability of translation and interpretation services and professionals.

(h) (1) Except for contracts with the State Department of Health Services Medi-Cal program, the standards developed under this section shall be considered the minimum required for compliance.

(2) The regulations shall provide that a health plan is in compliance if the plan is required to meet the same or similar standards by the Medi-Cal program, either by contract or state law, if the standards provide as much access to cultural and linguistic services as the standards established by this section for an equal or higher number of enrollees and therefore meet or exceed the standards of the regulations established pursuant to this section, and the department determines that the health care service plan is in compliance with the standards required by the Medi-Cal program. To meet this requirement, the department shall not be required to perform individual audits. The department shall, to the extent feasible, rely on audits, reports, or other oversight and enforcement methods used by the State Department of Health Services.

(3) The determination pursuant to paragraph (2) shall only apply to the enrollees covered by the Medi-Cal program standards. A health care service plan subject to paragraph (2) shall comply with the standards established by this section with regard to enrollees not covered by the Medi-Cal program.

(i) Nothing in this section shall prohibit a government purchaser from including in their contracts additional translation or interpretation requirements, to meet linguistic or cultural needs, beyond those set forth pursuant to this section.

SEC. 30. Section 1368.2 of the Health and Safety Code is amended to read:

1368.2. (a) On and after January 1, 2002, every group health care service plan contract, except a specialized health care service plan contract, which is issued, amended, or renewed, shall include a provision for hospice care.

(b) The hospice care shall at a minimum be equivalent to hospice care provided by the federal Medicare program pursuant to Title XVIII of the Social Security Act.

(c) The hospice care provided under this section is not required to include preliminary services set forth in subdivision (d) of Section 1749. However, an enrollee who receives those preliminary services shall remain eligible for coverage of curative treatment by a health care service plan during the course of preliminary services and prior to the election of hospice services.

(d) The following are applicable to this section and to paragraph (7) of subdivision (b) of Section 1345:

(1) The definitions in Section 1746, except for subdivisions (o) and (p) of that section.

(2) The “federal regulations” which means the regulations adopted for hospice care under Title XVIII of the Social Security Act in Title 42 of the Code of Federal Regulations, Chapter IV, Part 418, except Subparts A, B, G, and H, and any amendments or successor provisions thereto.

(e) The director no later than January 1, 2001, shall adopt regulations to implement this section. The regulations shall meet all of the following requirements:

(1) Be consistent with all material elements of the federal regulations that are not by their terms applicable only to eligible Medicare beneficiaries. If there is a conflict between a federal regulation and any state regulation, other than those adopted pursuant to this section, the director shall adopt the regulation that is most favorable for plan subscribers, members or enrollees to receive hospice care.

(2) Be consistent with any other applicable federal or state laws.

(3) Be consistent with the definitions of Section 1746, except for subdivisions (o) and (p) of that section.

(f) This section is not applicable to the subscribers, members, or enrollees of a health care service plan who elect to receive hospice care under the Medicare program.

SEC. 31. Section 154 of the Streets and Highways Code is amended to read:

154. The department shall encourage the construction and development by counties of portions of the county highways as official county scenic highways and may furnish to the counties any information or other assistance which will aid the counties in the construction or development of such scenic highways.

Whenever the department determines that any county highway meets the minimum standards prescribed by the department for official scenic highways, including the concept of the “complete highway,” as described in Section 261, it may authorize the county in which the highway is located to designate the highway as an official county scenic highway and the department shall so indicate the highway in publications of the department and in any maps which are prepared by the department for distribution to the public which show the highway.

If the department determines that any county highway which has been designated as an official county scenic highway no longer meets the minimum standards prescribed by the department for official scenic highways, it may, after notice to the county and a hearing on the matter, if requested by the county, revoke the authority of the county to designate the highway as an official county scenic highway.

SEC. 32. Section 261 of the Streets and Highways Code is amended to read:

261. The department shall establish and apply pertinent planning and design standards for development of official scenic highways.

In establishing and applying such standards for, and undertaking the development of, official scenic highways, the department shall take into consideration the concept of the “complete highway,” which is a highway which incorporates not only safety, utility, and economy but also beauty. The department shall also take into consideration in establishing such standards that, in a “complete highway,” pleasing appearance is a consideration in the planning and design process. In the development of official scenic highways, the department shall give special attention both to the impact of the highway on the landscape and to the highway’s visual appearance. The standards for official scenic highways shall also require that local governmental agencies have taken such action as may be necessary to protect the scenic appearance of the scenic corridor, the band of land generally adjacent to the highway right-of-way, including, but not limited to, (1) regulation of land use and intensity (density) of development; (2) detailed land and site planning; (3) control of outdoor advertising; (4) careful attention to and control of earthmoving and landscaping; and (5) the design and appearance of structures and equipment.

SEC. 33. Section 262 of the Streets and Highways Code is amended to read:

262. Whenever the department determines that the corridor protection program for any state highway in the state scenic highway system established by this article has been implemented by local governmental agencies and a plan and program has been developed by the department for bringing the highway up to the standards for official scenic highways established by the department, including the concept of the “complete highway,” as described in Section 261, the department shall designate the highway as an official state scenic highway and shall so indicate the highway in any publications of the department or in any maps which are issued by the department to the public.

The department shall cause appropriate signs to be placed and maintained along the portions of the state scenic highway system which the department has designated as official state scenic highways that indicate that the highways are official state scenic highways.

If at any time the department determines that the corridor protection program of local governmental agencies, with respect to any highway which has been designated as an official state scenic highway, no longer adequately carries out responsibility of the local governmental agencies for the protection of the scenic corridor, it may revoke the designation of the highway as an official state scenic highway and remove the signs which so indicate the highway.

SEC. 34. Section 262.5 of the Streets and Highways Code is amended to read:

262.5. (a) Whenever the department determines that any state highway within or traversing United States National Forest lands meets the standards for official state scenic highways, the department shall designate the highway as an official state scenic highway and shall so indicate the highway in any publications of the department or in any maps which are issued by the department to the public.

(b) The department shall cause appropriate signs to be placed and maintained along those portions of the highways which the department has designated pursuant to subdivision (a) as official state scenic highways that indicate that those portions of the highways are official state scenic highways.

(c) If at any time the department determines that a state highway, designated as an official state scenic highway pursuant to subdivision (a), no longer meets the standards for official state scenic highways, it may revoke the designation of the highway as an official state highway and remove the signs which so indicate the highway.

SEC. 35. Section 2157 of the Streets and Highways Code is repealed.

SEC. 36. Section 2157 is added to the Streets and Highways Code, to read:

2157. The Departmental Transportation Advisory Committee is hereby abolished and the department shall succeed to all of its duties and responsibilities.

SEC. 37. Section 2158 of the Streets and Highways Code is repealed.

SEC. 38. Section 14165.8 of the Welfare and Institutions Code is amended to read:

14165.8. The commission shall be reimbursed at the annual salary of fifty thousand dollars (\$50,000), beginning on January 1, 2006. The commission shall set the salary of the executive director and other staff consistent with funds appropriated. The annual compensation provided by this section shall be increased in any fiscal year in which a general salary increase is provided for state employees. The amount of the increase provided by this section shall be comparable to, but shall not exceed, the percentage of the general salary increases provided for state employees during that fiscal year.

SEC. 39. It is the intent of the Legislature that the governance structure of the Office of California-Mexico Affairs, or its successor agency, be determined pursuant to subsequent legislation.
