[Approved by Governor July 19, 2005. Filed with Secretary of State July 19, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 8227 is added to the Education Code, to read:

8227. (a) To the extent that funding is made available for this purpose through the annual Budget Act, the alternative payment agency in each county shall design, maintain, and administer a system to consolidate local child care waiting lists so as to establish a countywide centralized eligibility list. In those counties with more than one alternative payment agency, the agency that also administers the resource and referral program shall have the responsibility of developing, maintaining, and administering the countywide centralized eligibility list. In those counties with more than one alternative payment agency and more than one resource and referral program, the State Department of Education shall establish a process to select the agency to develop, maintain, and administer the countywide centralized eligibility list.

(b) Notwithstanding subdivision (a), in those counties in which a countywide centralized eligibility list exists, as of the date that the act adding this section is enacted, the entity administering that list may receive funding, instead of the entity specified under subdivision (a).

(c) Each centralized eligibility list shall include all of the following:

(1) Family characteristics, including ZIP Code of residence, ZIP Code of employment, monthly income, and size.

(2) Child characteristics, including birth date and whether the child has special needs.

(3) Service characteristics, including reason for need, whether full-time or part-time service is requested, and whether after hours or weekend care is requested.

(d) Information collected for the centralized eligibility list shall be reported to the Superintendent of Public Instruction on an annual basis on the date and in the manner determined by the State Department of Education.

(e) (1) To be eligible to enter into an agreement with the department to provide subsidized child care, a contractor shall participate in and use the centralized eligibility list.

(2) A contractor with a campus child care and development program operating pursuant to Section 66060, migrant child care and development program operating on a seasonal basis pursuant to Section 8230, or program serving severely handicapped children pursuant to subdivision (d) of Section 8250 and who has a local site waiting list shall submit eligibility list information to the centralized eligibility list administrator for any parent seeking subsidized child care for whom these programs are not able to provide child care and development services. A child care and development contractor or program described in this paragraph may utilize any waiting lists developed at its local site to fill vacancies for its specific population. Families enrolled from a local site waiting list shall be enrolled pursuant to Section 8263.

SEC. 2. Section 8263.4 of the Education Code is amended to read:

8263.4. (a) The preferred placement for children who are 11 or 12 years of age and who are otherwise eligible for subsidized child care services shall be in a before or after school program.

(b) Children who are 11 or 12 years of age shall be eligible for subsidized child care services only for the portion of care needed that is not available in a before or after school program provided pursuant to Article 22.5 (commencing with Section 8482) of Chapter 2 or Article 22.6 (commencing with Section 8484.7) of Chapter 2. Contractors shall provide each family of an eligible 11 or 12 year old with the option of combining care provided in a before or after school program with subsidized child care in another setting, for those hours within a day when the before or after school program does not operate, in order to meet the child care needs of the family.

(c) Children who are 11 or 12 years of age, who are eligible for and who are receiving subsidized child care services, and for whom a before

or after school program is not available, shall continue to receive subsidized child care services.

(d) A before or after school program shall be considered not available when a parent certifies in writing, on a form provided by the State Department of Education that is translated into the parent's primary language pursuant to Sections 7295.4 and 7296.2 of the Government Code, the reason or reasons why the program would not meet the child care needs of the family. The reasons why a before or after school program shall be considered not available shall include, but not be limited to, any of the following:

(1) The program does not provide services when needed during the year, such as during the summer, school breaks, or intersession.

(2) The program does not provide services when needed during the day, such as in the early morning, evening, or weekend hours.

(3) The program is too geographically distant from the child's school of attendance.

(4) The program is too geographically distant from the parent's residence.

(5) Use of the program would create substantial transportation obstacles for the family.

(6) Any other reason that makes the use of before or after school care inappropriate for the child or burdensome on the family.

(e) If an 11 or 12 year old child who is enrolled in a subsidized child development program becomes ineligible for subsidized child care under subdivision (b) and is disenrolled from the before or after school program, or if the before or after school program no longer meets the child care needs of the family, the child shall be given priority to return to the subsidized child care services upon the parent's notification of the contractor of the need for child care.

(f) This section does not apply to an 11 or 12 year old child with a disability, including a child with exceptional needs who has an individual education plan as required by the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. Sec. 794), or Part 30 (commencing with Section 56000) of this code.

(g) The savings generated each contract year by the implementation of the changes made to this section by the act amending this section during the 2005 portion of the 2005-06 Regular Session shall remain with each alternative payment program, child development center, or other contractor for the provision of child care services, except for care provided by programs pursuant to Article 15.5 (commencing with Section 8350). Each contractor shall report annually to the department the amount of savings resulting from this implementation, and the department shall

report annually to the Legislature the amount of savings statewide resulting from that implementation.

SEC. 3. Section 64 of Chapter 229 of the Statutes of 2004 is amended to read:

Sec. 64. It is the intent of the Legislature to address the issue of child care in and out of market rate differentiation in the statutory process. Therefore, Sections 18074.3 and 18074.4 of Title 5 of the California Code of Regulations, as filed with the Office of Administrative Law by the State Department of Education, and any contractual or regulatory provisions related to those two sections, shall not become effective until July 1, 2006.

SEC. 6. Section 17311 of the Family Code is amended to read:

17311. (a) The Child Support Payment Trust Fund is hereby created in the State Treasury. The department shall administer the fund.

(b) (1) The state may deposit child support payments received by the State Disbursement Unit, including those amounts that result in overpayment of child support, into the Child Support Payment Trust Fund, for the purpose of processing and providing child support payments. Notwithstanding Section 13340 of the Government Code, the fund is continuously appropriated for the purposes of disbursing child support payments from the State Disbursement Unit.

(2) The state share of the interest and other earnings that accrue on the fund shall be available to the department and used to offset the following General Fund costs in this order:

(A) Any transfers made to the Child Support Payment Trust Fund from the General Fund.

(B) The cost of administering the State Disbursement Unit, subject to appropriation by the Legislature.

(C) Other child support program activities, subject to appropriation by the Legislature.

(c) The department may establish and administer a revolving account in the Child Support Payment Trust Fund in an amount not to exceed six hundred million dollars ($600,000,000) to ensure the timely disbursement of child support. This amount may be adjusted by the Director of Finance upon notification of the Legislature as required, to meet payment timeframes required under federal law.

(d) It is the intent of the Legislature to provide transfers from the General Fund to provide startup funds for the Child Support Payment Trust Fund so that, together with the balances transferred pursuant to Section 17311.7, the Child Support Payment Trust Fund will have sufficient cash on hand to make all child support payments within the required timeframes.

(e) Notwithstanding any other provision of law, an ongoing loan shall be made available from the General Fund, from funds not otherwise appropriated, to the Child Support Payment Trust Fund, not to exceed one hundred fifty million dollars ($150,000,000) to ensure the timely disbursement of child support payments when funds have not been recorded to the Child Support Payment Trust Fund or due to other fund liabilities, including, but not limited to, Internal Revenue Service negative adjustments to tax intercept payments. Whenever an adjustment of this amount is required to meet payment timeframes under federal law, the amount shall be adjusted after approval of the Director of Finance. In conjunction with the Department of Finance and the Controller's office, the department shall establish repayment procedures to ensure the outstanding loan balance does not exceed the average daily cash needs. The ongoing evaluation of the fund as detailed in these procedures shall occur no less frequently than monthly.

SEC. 7. Section 11798 is added to the Government Code, to read:

11798. (a) There is hereby established in the State Treasury, the Office of Systems Integration Fund. The moneys in the fund shall be available upon appropriation by the Legislature for expenditure by the Office of Systems Integration, established pursuant to Section 12803.3, for support of that office.

(1) All moneys appropriated to the fund in accordance with law.

(2) The balance of all moneys available for expenditure by the Systems Integration Division of the California Health and Human Services Agency Data Center.

procurement, design, development, testing, implementation, oversight, and maintenance, of the Unemployment Insurance Modernization project shall be transferred to the fund upon order of the Department of Finance.

(2) On or before full expenditure of federal Reed Act funds, the Department of Finance and the Employment Development Department shall determine the appropriate timeframe to transfer the project management and the associated resources for the Unemployment Insurance Modernization Project to the Employment Development Department.

SEC. 8. Section 12803.3 is added to the Government Code, to read:

(1) "Director" means the Director of the Office of Systems Integration.

(2) "Office" means the Office of Systems Integration.

(b) (1) The Systems Integration Division of the California Health and Human Services Agency Data Center is hereby transferred to the California Health and Human Services Agency and shall be known as the Office of Systems Integration. The Office of Systems Integration shall be the successor to, and is vested with, all of the duties, powers, purposes, responsibilities, and jurisdiction of the Systems Integration Division of the California Health and Human Services Agency Data Center.

(2) Notwithstanding any other law, all services of the Systems Integration Division of the California Health and Human Services Agency Data Center shall become the services of the Office of Systems Integration.

(c) The office shall be under the supervision of a director, known as the Director of the Office of Systems Integration, who shall be appointed by, and serve at the pleasure of, the Secretary of California Health and Human Services.

(d) No contract, lease, license, or any other agreement to which the California Health and Human Services Data Center is a party on the date of the transfer as described in paragraph (1) of subdivision (b) shall be void or voidable by reason of this section, but shall continue in full force and effect. The office shall assume from the California Health and Human Services Data Center all of the rights, obligations, and duties of the Systems Integration Division. This assumption of rights, obligations,

and duties shall not affect the rights of the parties to the contract, lease, license, or agreement.

(e) All books, documents, records, and property of the Systems Integration Division shall be in the possession and under the control of the office.

(f) All officers and employees of the Systems Integration Division shall be designated as officers and employees of the agency. The status, position, and rights of any officer or employee shall not be affected by this designation and all officers and employees shall be retained by the agency pursuant to the applicable provisions of the State Civil Service Act (Part 2 (commencing with Section 18500) of Division 5), except as to any position that is exempt from civil service.

(g) (1) All contracts, leases, licenses, or any other agreements to which the California Health and Human Services Data Center is a party regarding any of the following are hereby assigned from the California Health and Human Services Data Center to the office:

(h) It is the intent of the Legislature that the transfer of the Systems Integration Division of the California Health and Human Services Agency Data Center pursuant to this section shall be retroactive to the passage and enactment of the Budget Act of 2005 and that existing employees of the Systems Integration Division of the California Health and Human Services Agency Data Center and the newly established Office of Systems Integration shall not be negatively impacted by the reorganization and transfer conducted pursuant to this section.

(i) It is the intent of the Legislature to review fully implemented information technology projects managed by the office to assess the viability of placing the management responsibility for those projects in the respective program department.

(j) On or before April 1, 2006, the Department of Finance shall report to the Chairperson of the Joint Legislative Budget Committee the date that the administration shall conduct an assessment for each of the projects managed by the office. The California Health and Human

Services Agency, the California Health and Human Services Agency Data Center, or its successor, the State Department of Social Services, and the office shall provide to the Department of Finance all information and analysis the Department of Finance deems necessary to conduct the assessment required by this section. Each assessment shall consider the costs, benefits, and any associated risks of maintaining the project management responsibility in the office and of moving the project management responsibility to its respective program department.

(k) The California Health and Human Services Agency shall not place or transfer information technology projects in the office, without further legislation authorizing these activities.

SEC. 9. Section 1522 of the Health and Safety Code is amended to read:

1522. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a community care facility, foster family home, or a certified family home of a licensed foster family agency. Therefore, the Legislature supports the use of the fingerprint live-scan technology, as identified in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII), to be used for applicant fingerprints. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety.

(a) (1) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the State Department of Social Services shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, of the Penal Code, subdivision (b) of Section 273a of the Penal Code, or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code.

(3) Except during the 2003-04, 2004-05, and 2005-06 fiscal years, neither the Department of Justice nor the State Department of Social

Services may charge a fee for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section.

(4) The following shall apply to the criminal record information:

(A) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(B) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services may cease processing the application until the conclusion of the trial.

(C) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(D) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (g).

(E) An applicant and any other person specified in subdivision (b) shall submit a second set of fingerprints to the Department of Justice for the purpose of searching the criminal records of the Federal Bureau of Investigation, in addition to the criminal records search required by this subdivision. If an applicant and all other persons described in subdivision (b) meet all of the conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant or any of the persons described in subdivision (b), the department may issue a license if the applicant and each person described in subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction, as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or any other person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1550. The department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(b) (1) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(A) Adults responsible for administration or direct supervision of staff.

(B) Any person, other than a client, residing in the facility.

(C) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene. Any nurse assistant or home health aide meeting the requirements of Section 1338.5 or 1736.6, respectively, who is not employed, retained, or contracted by the licensee, and who has been certified or recertified on or after July 1, 1998, shall be deemed to meet the criminal record clearance requirements of this section. A certified nurse assistant and certified home health aide who will be providing client assistance and who falls under this exemption shall provide one copy of his or her current certification, prior to providing care, to the community care facility. The facility shall maintain the copy of the certification on file as long as care is being provided by the certified nurse assistant or certified home health aide at the facility. Nothing in this paragraph restricts the right of the department to exclude a certified nurse assistant or certified home health aide from a licensed community care facility pursuant to Section 1558.

(D) Any staff person, volunteer, or employee who has contact with the clients.

(E) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(F) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(2) The following persons are exempt from the requirements applicable under paragraph (1):

(A) A medical professional as defined in department regulations who holds a valid license or certification from the person's governing California medical care regulatory entity and who is not employed, retained, or contracted by the licensee if all of the following apply:

(i) The criminal record of the person has been cleared as a condition of licensure or certification by the person's governing California medical care regulatory entity.

(ii) The person is providing time-limited specialized clinical care or services.

(iii) The person is providing care or services within the person's scope of practice.

(iv) The person is not a community care facility licensee or an employee of the facility.

(B) A third-party repair person or similar retained contractor if all of the following apply:

(i) The person is hired for a defined, time-limited job.

(ii) The person is not left alone with clients.

(iii) When clients are present in the room in which the repairperson or contractor is working, a staff person who has a criminal record clearance or exemption is also present.

(C) Employees of a licensed home health agency and other members of licensed hospice interdisciplinary teams who have a contract with a client or resident of the facility and are in the facility at the request of that client or resident's legal decisionmaker. The exemption does not apply to a person who is a community care facility licensee or an employee of the facility.

(D) Clergy and other spiritual caregivers who are performing services in common areas of the community care facility or who are advising an individual client at the request of, or with the permission of, the client or legal decisionmaker, are exempt from fingerprint and criminal background check requirements imposed by community care licensing. This exemption does not apply to a person who is a community care licensee or employee of the facility.

(E) Members of fraternal, service, or similar organizations who conduct group activities for clients if all of the following apply:

(i) Members are not left alone with clients.

(ii) Members do not transport clients off the facility premises.

(iii) The same organization does not conduct group activities for clients more often than defined by the department's regulations.

(3) In addition to the exemptions in paragraph (2), the following persons in foster family homes, certified family homes, and small family homes are exempt from the requirements applicable under paragraph (1):

(A) Adult friends and family of the licensee who come into the home to visit for a length of time no longer than defined by the department in regulations, provided that the adult friends and family of the licensee are not left alone with the foster children.

(B) Parents of a foster child's friends when the foster child is visiting the friend's home and the friend, foster parent, or both are also present.

(4) In addition to the exemptions specified in paragraph (2), the following persons in adult day care and adult day support centers are exempt from the requirements applicable under paragraph (1):

(A) Unless contraindicated by the client's individualized program plan (IPP) or needs and service plan, a spouse, significant other, relative, or close friend of a client, or an attendant or a facilitator for a client with a developmental disability if the attendant or facilitator is not employed,

retained, or contracted by the licensee. This exemption applies only if the person is visiting the client or providing direct care and supervision to the client.

(B) A volunteer if all of the following applies:

(i) The volunteer is supervised by the licensee or a facility employee with a criminal record clearance or exemption.

(ii) The volunteer is never left alone with clients.

(iii) The volunteer does not provide any client assistance with dressing, grooming, bathing, or personal hygiene other than washing of hands.

(5) (A) In addition to the exemptions specified in paragraph (2), the following persons in adult residential and social rehabilitation facilities, unless contraindicated by the client's individualized program plan (IPP) or needs and services plan, are exempt from the requirements applicable under paragraph (1): a spouse, significant other, relative, or close friend of a client, or an attendant or a facilitator for a client with a developmental disability if the attendant or facilitator is not employed, retained, or contracted by the licensee. This exemption applies only if the person is visiting the client or providing direct care and supervision to that client.

(B) Nothing in this subdivision shall prevent a licensee from requiring a criminal record clearance of any individual exempt from the requirements of this section, provided that the individual has client contact.

(6) Any person similar to those described in this subdivision, as defined by the department in regulations.

(c) (1) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice, along with a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation, or to comply with paragraph (1) of subdivision (h), prior to the person's employment, residence, or initial presence in the community care facility. These fingerprints shall be on a card provided by the State Department of Social Services or sent by electronic transmission in a manner approved by the State Department of Social Services and the Department of Justice for the purpose of obtaining a permanent set of fingerprints, and shall be submitted to the Department of Justice by the licensee. A licensee's failure to submit fingerprints to the Department of Justice or to comply with paragraph (1) of subdivision (h), as required in this section, shall result in the citation of a deficiency and the immediate assessment of civil penalties in the amount of one

hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. The department may assess civil penalties for continued violations as permitted by Section 1548. The fingerprints shall then be submitted to the State Department of Social Services for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(2) Within 14 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprints. Documentation of the individual's clearance or exemption shall be maintained by the licensee and be available for inspection. If new fingerprints are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible. When live-scan technology is operational, as defined in Section 1522.04, the Department of Justice shall notify the State Department of Social Services, as required by that section, and shall also notify the licensee by mail, within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal history recorded. A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. The department may assess civil penalties for continued violations as permitted by Section 1548.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a

minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, 273g, or 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (g). If the conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (2) seek an exemption pursuant to subdivision (g). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall be grounds for disciplining the licensee pursuant to Section 1550.

(4) The department may issue an exemption on its own motion pursuant to subdivision (g) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (g). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) (1) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the State Department of Social Services or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons.

(3) Neither the Department of Justice nor the State Department of Social Services may charge a fee for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant.

(4) The following shall apply to the criminal record information:

(A) If the applicant or other persons specified in subdivision (b) have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied.

(B) If the State Department of Social Services finds that the applicant, or any person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services or other approving authority may cease processing the application until the conclusion of the trial.

(C) For the purposes of this subdivision, a criminal record clearance provided under Section 8712 of the Family Code may be used by the department or other approving agency.

(D) An applicant for a foster family home license or for certification as a family home, and any other person specified in subdivision (b), shall submit a set of fingerprints to the Department of Justice for the purpose of searching the criminal records of the Federal Bureau of Investigation, in addition to the criminal records search required by subdivision (a). If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and all persons described in subdivision (b), the department may issue a license, or the foster family agency may issue a certificate of approval, if the applicant, and each person described in subdivision (b), has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction, as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure or certification, the department determines that the licensee, certified foster parent, or any person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1550 and the certificate of approval revoked pursuant to subdivision (b) of Section 1534. The department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(5) Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions or arrests for any crime

against a child, spousal or cohabitant abuse or, any crime for which the department cannot grant an exemption if the person was convicted and shall submit these fingerprints to the licensing agency or other approving authority.

(6) (A) The foster family agency shall obtain fingerprints from certified home applicants and from persons specified in subdivision (b) and shall submit them directly to the Department of Justice or send them by electronic transmission in a manner approved by the State Department of Social Services. A foster family home licensee or foster family agency shall submit these fingerprints to the Department of Justice, along with a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation or to comply with paragraph (1) of subdivision (b) prior to the person's employment, residence, or initial presence. A foster family agency's failure to submit fingerprints to the Department of Justice, or comply with paragraph (1) of subdivision (h), as required in this section, shall result in a citation of a deficiency, and the immediate civil penalties of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. A violation of the regulation adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the foster family agency pursuant to Section 1550. A licensee's failure to submit fingerprints to the Department of Justice, or comply with paragraph (1) of subdivision (h), as required in this section, may result in the citation of a deficiency and immediate civil penalties of one hundred dollars ($100) per violation. A licensee's violation of regulations adopted pursuant to Section 1522.04 may result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The State Department of Social Services may assess penalties for continued violations, as permitted by Section 1548. The fingerprints shall then be submitted to the State Department of Social Services for processing.

(B) Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the Department of Justice shall verify receipt of the fingerprints. Within five working days of the receipt of the criminal

record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster family home licensee or the foster family agency with a statement of that fact concurrent with providing the information to the State Department of Social Services.

(7) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(8) If the State Department of Social Services finds after licensure or the granting of the certificate of approval that the licensee, certified foster parent, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license or certificate of approval may be revoked by the department or the foster family agency, whichever is applicable, unless the director grants an exemption pursuant to subdivision (g). A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by paragraph (3) of subdivision (c) shall be grounds for disciplining the licensee pursuant to Section 1550.

(e) The State Department of Social Services may not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the State Department of Social Services is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, when the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict

of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(g) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit as specified in paragraphs (1) and (4) of subdivision (a), or for a license, special permit, or certificate of approval as specified in paragraphs (4) and (5) of subdivision (d), or for employment, residence, or presence in a community care facility as specified in paragraphs (3), (4), and (5) of subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, an exemption may not be granted pursuant to this subdivision if the conviction was for any of the following offenses:

(A) (i) An offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (a) of Section 290, or Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(ii) Notwithstanding clause (i), the director may grant an exemption regarding the conviction for an offense described in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, if the employee or prospective employee has been rehabilitated as provided in Section 4852.03 of the Penal Code, has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years, and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter

3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(B) A felony offense specified in Section 729 of the Business and Professions Code or Section 206 or 215, subdivision (a) of Section 347, subdivision (b) of Section 417, or subdivision (a) of Section 451 of the Penal Code.

(2) The department may not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1558.

(h) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal record clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another facility licensed by a state licensing district office. The request shall be in writing to the State Department of Social Services, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the State Department of Social Services shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearance to be transferred.

(3) The following shall apply to a criminal record clearance or exemption from the department or a county office with department delegated licensing authority:

(A) A county office with department delegated licensing authority may accept a clearance or exemption from the department.

(B) The department may accept a clearance or exemption from any county office with department delegated licensing authority.

(C) A county office with department delegated licensing authority may accept a clearance or exemption from any other county office with department delegated licensing authority.

(4) With respect to notifications issued by the Department of Justice pursuant to Section 11105.2 of the Penal Code concerning an individual whose criminal record clearance was originally processed by the department or a county office with department delegated licensing authority, all of the following shall apply:

(A) The Department of Justice shall process a request from the department or a county office with department delegated licensing authority to receive the notice only if all of the following conditions are met:

(i) The request shall be submitted to the Department of Justice by the agency to be substituted to receive the notification.

(ii) The request shall be for the same applicant type as the type for which the original clearance was obtained.

(iii) The request shall contain all prescribed data elements and format protocols pursuant to a written agreement between the department and the Department of Justice.

(B) (i) On or before January 7, 2005, the department shall notify the Department of Justice of all county offices that have department delegated licensing authority.

(ii) The department shall notify the Department of Justice within 15 calendar days of the date on which a new county office receives department delegated licensing authority or a county's delegated licensing authority is rescinded.

(C) The Department of Justice shall charge the department or a county office with department delegated licensing authority a fee for each time a request to substitute the recipient agency is received for purposes of this paragraph. This fee shall not exceed the cost of providing the service.

(i) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(j) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(k) (1) The Department of Justice shall coordinate with the State Department of Social Services to establish and implement an automated live-scan processing system for fingerprints in the district offices of the Community Care Licensing Division of the State Department of Social Services by July 1, 1999. These live-scan processing units shall be connected to the main system at the Department of Justice by July 1, 1999, and shall become part of that department's pilot project in accordance with its long-range plan. The State Department of Social Services may charge a fee for the costs of processing a set of live-scan fingerprints.

(2) The Department of Justice shall provide a report to the Senate and Assembly fiscal committees, the Assembly Human Services Committee,

and to the Senate Health and Human Services Committee by April 15, 1999, regarding the completion of backlogged criminal record clearance requests for all facilities licensed by the State Department of Social Services and the progress on implementing the automated live-scan processing system in the two district offices pursuant to paragraph (1).

(*l*) Amendments to this section made in the 1999 portion of the 1999-2000 Regular Session shall be implemented commencing 60 days after the effective date of the act amending this section in the 1999 portion of the 1999-2000 Regular Session, except that those provisions for the submission of fingerprints for searching the records of the Federal Bureau of Investigation shall be implemented 90 days after the effective date of that act.

SEC. 10. Section 1596.871 of the Health and Safety Code is amended to read:

1596.871. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a child care center or family child care home. Therefore, the Legislature supports the use of the fingerprint live-scan technology, as defined in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII), to be used for applicant fingerprints. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with child day care facility clients may pose a risk to the children's health and safety.

(a) (1) Before issuing a license or special permit to any person to operate or manage a day care facility, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code.

(3) Except during the 2003-04, 2004-05, and 2005-06 fiscal years, neither the Department of Justice nor the department may charge a fee for the fingerprinting of an applicant who will serve six or fewer children

or any family day care applicant for a license, or for obtaining a criminal record of an applicant pursuant to this section.

(4) The following shall apply to the criminal record information:

(A) If the State Department of Social Services finds that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (f).

(B) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services may cease processing the application until the conclusion of the trial.

(C) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(D) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (f).

(E) An applicant and any other person specified in subdivision (b) shall submit a second set of fingerprints to the Department of Justice, for the purpose of searching the records of the Federal Bureau of Investigation, in addition to the search required by subdivision (a). If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and persons listed in subdivision (b), the department may issue a license if the applicant and each person described by subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1596.885. The department may also suspend the license pending an administrative hearing pursuant to Section 1596.886.

(b) (1) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(A) Adults responsible for administration or direct supervision of staff.

(B) Any person, other than a child, residing in the facility.

(C) Any person who provides care and supervision to the children.

(D) Any staff person, volunteer, or employee who has contact with the children.

(i) A volunteer providing time-limited specialized services shall be exempt from the requirements of this subdivision if this person is directly supervised by the licensee or a facility employee with a criminal record clearance or exemption, the volunteer spends no more than 16 hours per week at the facility, and the volunteer is not left alone with children in care.

(ii) A student enrolled or participating at an accredited educational institution shall be exempt from the requirements of this subdivision if the student is directly supervised by the licensee or a facility employee with a criminal record clearance or exemption, the facility has an agreement with the educational institution concerning the placement of the student, the student spends no more than 16 hours per week at the facility, and the student is not left alone with children in care.

(iii) A volunteer who is a relative, legal guardian, or foster parent of a client in the facility shall be exempt from the requirements of this subdivision.

(iv) A contracted repair person retained by the facility, if not left alone with children in care, shall be exempt from the requirements of this subdivision.

(v) Any person similar to those described in this subdivision, as defined by the department in regulations.

(E) If the applicant is a firm, partnership, association, or corporation, the chief executive officer, other person serving in like capacity, or a person designated by the chief executive officer as responsible for the operation of the facility, as designated by the applicant agency.

(F) If the applicant is a local educational agency, the president of the governing board, the school district superintendent, or a person designated to administer the operation of the facility, as designated by the local educational agency.

(G) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(H) This section does not apply to employees of child care and development programs under contract with the State Department of Education who have completed a criminal records clearance as part of an application to the Commission on Teacher Credentialing, and who possess a current credential or permit issued by the commission, including employees of child care and development programs that serve both children subsidized under, and children not subsidized under, a State

Department of Education contract. The Commission on Teacher Credentialing shall notify the department upon revocation of a current credential or permit issued to an employee of a child care and development program under contract with the State Department of Education.

(I) This section does not apply to employees of a child care and development program operated by a school district, county office of education, or community college district under contract with the State Department of Education who have completed a criminal record clearance as a condition of employment. The school district, county office of education, or community college district upon receiving information that the status of an employee's criminal record clearance has changed shall submit that information to the department.

(2) Nothing in this subdivision shall prevent a licensee from requiring a criminal record clearance of any individuals exempt from the requirements under this subdivision.

(c) (1) (A) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a child day care facility be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal conviction. The licensee shall submit these fingerprints to the Department of Justice, along with a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation, or to comply with paragraph (1) of subdivision (h), prior to the person's employment, residence, or initial presence in the child day care facility.

(B) These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints and submitted to the Department of Justice by the licensee or sent by electronic transmission in a manner approved by the State Department of Social Services. A licensee's failure to submit fingerprints to the Department of Justice, or to comply with paragraph (1) of subdivision (h), as required in this section, shall result in the citation of a deficiency, and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1596.885 or Section 1596.886. The State Department of Social Services may assess civil penalties for continued violations permitted by Sections 1596.99 and 1597.62. The fingerprints shall then be submitted to the State Department of Social Services for processing.

Within 14 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

(C) Documentation of the individual's clearance or exemption shall be maintained by the licensee, and shall be available for inspection. When live-scan technology is operational, as defined in Section 1522.04, the Department of Justice shall notify the department, as required by that section, and notify the licensee by mail within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal record. Any violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1596.885 or Section 1596.886. The department may assess civil penalties for continued violations, as permitted by Sections 1596.99 and 1597.62.

(2) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the department, on the basis of fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, an offense specified in Section 243.4, 273a, 273d, 273g, or 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility. The department may subsequently grant an exemption pursuant to subdivision (f). If the conviction was for another crime except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility; or (2) seek an exemption pursuant to subdivision (f). The department shall determine

if the person shall be allowed to remain in the facility until a decision on the exemption is rendered. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall result in a citation of deficiency and an immediate assessment of civil penalties by the department against the licensee, in the amount of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1596.885 or 1596.886.

(3) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(4) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, when the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence

of conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(e) The State Department of Social Services may not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit as specified in paragraphs (1) and (4) of subdivision (a), or for employment, residence, or presence in a child day care facility as specified in paragraphs (3), (4), and (5) of subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of good character so as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, an exemption may not be granted pursuant to this subdivision if the conviction was for any of the following offenses:

(A) An offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (a) of Section 290, or Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(B) A felony offense specified in Section 729 of the Business and Professions Code or Section 206 or 215, subdivision (a) of Section 347, subdivision (b) of Section 417, or subdivision (a) or (b) of Section 451 of the Penal Code.

(2) The department may not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1596.8897.

(g) Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(h) (1) For the purposes of compliance with this section, the department may permit an individual to transfer a current criminal record clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another facility licensed by a state licensing district office. The request shall be in writing to the department, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed stamped envelope for this purpose, the department shall verify whether the individual has a clearance that can be transferred.

SEC. 12. Section 11970.4 of the Health and Safety Code is amended to read:

11970.4. This article shall remain operative only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 12.1. Section 128200 of the Health and Safety Code is amended to read:

128200. (a) This article shall be known and may be cited as the Song-Brown Family Physician Training Act.

(b) The Legislature hereby finds and declares that physicians engaged in family practice are in very short supply in California. The current emphasis placed on specialization in medical education has resulted in a shortage of physicians trained to provide comprehensive primary health care to families. The Legislature hereby declares that it regards the furtherance of a greater supply of competent family physicians to be a public purpose of great importance and further declares the establishment of the program pursuant to this article to be a desirable, necessary and economical method of increasing the number of family physicians to provide needed medical services to the people of California. The Legislature further declares that it is to the benefit of the state to assist in increasing the number of competent family physicians graduated by colleges and universities of this state to provide primary health care services to families within the state.

The Legislature finds that the shortage of family physicians can be improved by the placing of a higher priority by public and private medical schools, hospitals, and other health care delivery systems in this state, on the recruitment and improved training of medical students and residents to meet the need for family physicians. To help accomplish this goal, each medical school in California is encouraged to organize a strong family practice program or department. It is the intent of the Legislature that the programs or departments be headed by a physician who possesses specialty certification in the field of family practice, and has broad clinical experience in the field of family practice.

The Legislature further finds that encouraging the training of primary care physician's assistants and primary care nurse practitioners will assist in making primary health care services more accessible to the citizenry, and will, in conjunction with the training of family physicians, lead to an improved health care delivery system in California.

Community hospitals in general and rural community hospitals in particular, as well as other health care delivery systems, are encouraged to develop family practice residencies in affiliation or association with

accredited medical schools, to help meet the need for family physicians in geographical areas of the state with recognized family primary health care needs. Utilization of expanded resources beyond university-based teaching hospitals should be emphasized, including facilities in rural areas wherever possible.

The Legislature also finds and declares that nurses are in very short supply in California. The Legislature hereby declares that it regards the furtherance of a greater supply of nurses to be a public purpose of great importance and further declares the expansion of the program pursuant to this article to include nurses to be a desirable, necessary, and economical method of increasing the number of nurses to provide needed nursing services to the people of California.

It is the intent of the Legislature to provide for a program designed primarily to increase the number of students and residents receiving quality education and training in the specialty of family practice and as primary care physician's assistants, primary care nurse practitioners, and registered nurses and to maximize the delivery of primary care family physician services to specific areas of California where there is a recognized unmet priority need. This program is intended to be implemented through contracts with accredited medical schools, programs that train primary care physician's assistants, programs that train primary care nurse practitioners, programs that train registered nurses, hospitals, and other health care delivery systems based on per-student or per-resident capitation formulas. It is further intended by the Legislature that the programs will be professionally and administratively accountable so that the maximum cost-effectiveness will be achieved in meeting the professional training standards and criteria set forth in this article and Article 2 (commencing with Section 128250).

SEC. 12.2. Section 128205 of the Health and Safety Code is amended to read:

SEC. 12.4. Section 128215 of the Health and Safety Code is amended to read:

SEC. 12.6. Section 128225 of the Health and Safety Code is amended to read:

128225. The commission shall do all of the following:

(a) Identify specific areas of the state where unmet priority needs for primary care family physicians and registered nurses exist.

(b) Establish standards for family practice training programs and family practice residency programs, postgraduate osteopathic medical programs in family practice, and primary care physician assistants programs and programs that train primary care nurse practitioners, including appropriate provisions to encourage family physicians, osteopathic family physicians, primary care physician's assistants, and primary care nurse practitioners who receive training in accordance with this article and Article 2 (commencing with Section 128250) to provide needed services in areas of unmet need within the state. Standards for

family practice residency programs shall provide that all the residency programs contracted for pursuant to this article and Article 2 (commencing with Section 128250) shall both meet the Residency Review Committee on Family Practice's "Essentials" for Residency Training in Family Practice and be approved by the Residency Review Committee on Family Practice. Standards for postgraduate osteopathic medical programs in family practice, as approved by the American Osteopathic Association Committee on Postdoctoral Training for interns and residents, shall be established to meet the requirements of this subdivision in order to ensure that those programs are comparable to the other programs specified in this subdivision. Every program shall include a component of training designed for medically underserved multicultural communities, lower socioeconomic neighborhoods, or rural communities, and shall be organized to prepare program graduates for service in those neighborhoods and communities. Medical schools receiving funds under this article and Article 2 (commencing with Section 128250) shall have programs or departments that recognize family practice as a major independent specialty. Existence of a written agreement of affiliation or association between a hospital and an accredited medical school shall be regarded by the commission as a favorable factor in considering recommendations to the director for allocation of funds appropriated to the state medical contract program established under this article and Article 2 (commencing with Section 128250).

For purposes of this subdivision, "family practice" includes the general practice of medicine by osteopathic physicians.

(c) Establish standards for registered nurse training programs. The commission may accept those standards established by the Board of Registered Nursing.

(d) Review and make recommendations to the Director of the Office of Statewide Health Planning and Development concerning the funding of family practice programs or departments and family practice residencies and programs for the training of primary care physician assistants and primary care nurse practitioners that are submitted to the Health Professions Development Program for participation in the contract program established by this article and Article 2 (commencing with Section 128250). If the commission determines that a program proposal that has been approved for funding or that is the recipient of funds under this article and Article 2 (commencing with Section 128250) does not meet the standards established by the commission, it shall submit to the Director of the Office of Statewide Health Planning and Development and the Legislature a report detailing its objections. The commission may request the Office of Statewide Health Planning and Development to make advance allocations for program development costs from

amounts appropriated for the purposes of this article and Article 2 (commencing with Section 128250).

(e) Review and make recommendations to the Director of the Office of Statewide Health Planning and Development concerning the funding of registered nurse training programs that are submitted to the Health Professions Development Program for participation in the contract program established by this article. If the commission determines that a program proposal that has been approved for funding or that is the recipient of funds under this article does not meet the standards established by the commission, it shall submit to the Director of the Office of Statewide Health Planning and Development and the Legislature a report detailing its objections. The commission may request the Office of Statewide Health Planning and Development to make advance allocations for program development costs from amounts appropriated for the purposes of this article.

(f) Establish contract criteria and single per-student and per-resident capitation formulas that shall determine the amounts to be transferred to institutions receiving contracts for the training of family practice students and residents and primary care physician's assistants and primary care nurse practitioners and registered nurses pursuant to this article and Article 2 (commencing with Section 128250), except as otherwise provided in subdivision (d). Institutions applying for or in receipt of contracts pursuant to this article and Article 2 (commencing with Section 128250) may appeal to the director for waiver of these single capitation formulas. The director may grant the waiver in exceptional cases upon a clear showing by the institution that a waiver is essential to the institution's ability to provide a program of a quality comparable to those provided by institutions that have not received waivers, taking into account the public interest in program cost-effectiveness. Recipients of funds appropriated by this article and Article 2 (commencing with Section 128250) shall, as a minimum, maintain the level of expenditure for family practice or primary care physician's assistant or family care nurse practitioner training that was provided by the recipients during the 1973–74 fiscal year. Recipients of funds appropriated for registered nurse training pursuant to this article shall, as a minimum, maintain the level of expenditure for registered nurse training that was provided by recipients during the 2004-05 fiscal year. Institutions applying for or in receipt of contracts pursuant to this article and Article 2 (commencing with Section 128250) may appeal to the director for waiver of this maintenance of effort

provision. The director may grant the waiver if he or she determines that there is reasonable and proper cause to grant the waiver.

(g) Review and make recommendations to the Director of the Office of Statewide Health Planning and Development concerning the funding of special programs that may be funded on other than a capitation rate basis. These special programs may include the development and funding of the training of primary health care teams of family practice residents or family physicians and primary care physician assistants or primary care nurse practitioners or registered nurses, undergraduate medical education programs in family practice, and programs that link training programs and medically underserved communities in California that appear likely to result in the location and retention of training program graduates in those communities. These special programs also may include the development phase of new family practice residency, primary care physician assistant programs, primary care nurse practitioner programs, or registered nurse programs.

The commission shall establish standards and contract criteria for special programs recommended under this subdivision.

(h) Review and evaluate these programs regarding compliance with this article and Article 2 (commencing with Section 128250). One standard for evaluation shall be the number of recipients who, after completing the program, actually go on to serve in areas of unmet priority for primary care family physicians in California or registered nurses who go on to serve in areas of unmet priority for registered nurses.

(i) Review and make recommendations to the Director of the Office of Statewide Health Planning and Development on the awarding of funds for the purpose of making loan assumption payments for medical students who contractually agree to enter a primary care specialty and practice primary care medicine for a minimum of three consecutive years following completion of a primary care residency training program pursuant to Article 2 (commencing with Section 128250).

(b) Select and contract on behalf of the state with accredited medical schools, programs that train primary care physician assistants, programs that train primary care nurse practitioners, hospitals, and other health care delivery systems for the purpose of training undergraduate medical students and residents in the specialty of family practice. Contracts shall be awarded to those institutions that best demonstrate the ability to provide quality education and training and to retain students and residents in specific areas of California where there is a recognized unmet priority need for primary care family physicians. Contracts shall be based upon the recommendations of the commission and in conformity with the contract criteria and program standards established by the commission.

SEC. 21. Section 10609.8 is added to the Welfare and Institutions Code, to read:

10609.8. On an annual basis, at the time of budget hearings, the State Department of Social Services shall provide information to the budget committees of the Legislature comparing the Governor's proposed statewide budget for the child welfare services program, including the augmentation and hold harmless funds, to the caseload standards recommended by the evaluation required under Section 10609.5, updated for an analysis of cost-of-doing-business increases and to account for the use of child welfare services funding for noncase-carrying activities, based on information supplied by counties, and measured on a statewide basis. The department shall consult with representatives of the County Welfare Directors Association in the development of statewide cost-of-doing-business increases and the average proportion of expenditures on noncase-carrying activities.

SEC. 22. Section 10823 of the Welfare and Institutions Code, as added by Section 20 of Chapter 606 of the Statutes of 1997, is amended to read:

10823. (a) (1) The Office of Systems Integration shall implement a statewide automated welfare system for the following public assistance programs:

(A) The CalWORKs program.

(B) The Food Stamp Program.

(C) The Medi-Cal Program.

(D) The foster care program.

(E) The refugee program.

(F) County medical services programs.

(2) Statewide implementation of the statewide automated welfare system for the programs listed in paragraph (1) shall be achieved through no more than four county consortia, including the Interim Statewide Automated Welfare System Consortium, and the Los Angeles Eligibility, Automated Determination, Evaluation, and Reporting System.

(b) Nothing in subdivision (a) transfers program policy responsibilities related to the public assistance programs specified in subdivision (a) from the State Department of Social Services or the State Department of Health Services to the Office of Systems Integration.

(c) On February 1 of each year, the Office of Systems Integration shall provide an annual report to the appropriate committees of the Legislature on the statewide automated welfare system implemented under this section. The report shall address the progress of state and consortia activities and any significant schedule, budget, or functionality changes in the project.

SEC. 23. Section 10823.1 of the Welfare and Institutions Code is repealed.

SEC. 25. Section 11322.8 of the Welfare and Institutions Code is amended to read:

11322.8. (a) Unless otherwise exempt, an adult recipient in a one-parent assistance unit shall participate in welfare-to-work activities for 32 hours each week.

(b) Unless otherwise exempt, an adult recipient who is an unemployed parent, as defined in Section 11201, shall participate in at least 35 hours of welfare-to-work activities each week. However, both parents in a two-parent assistance unit may contribute to the 35 hours if at least one parent meets the federal one-parent work requirement applicable on January 1, 1998.

(c) An adult recipient required to participate under subdivision (a) or (b) shall participate for at least 20 hours each week in core welfare-to-work activities. The welfare-to-work activities listed in subdivisions (a) to (j), inclusive, and (m) and (n) of Section 11322.6, are core activities for the purposes of this section. Participation in core activities under subdivision (m) of Section 11322.6 shall be limited to a total of 12 months. Additional hours that the applicant or recipient is required to participate under subdivisions (a) or (b) of this section may be satisfied by any of the welfare-to-work activities described in Section 11322.6 that are consistent with the assessment performed in accordance with Section 11325.4, and included in the individual's welfare-to-work plan, described in Section 11325.21.

(d) Hours spent in activities listed under subdivision (q) of Section 11322.6 shall count toward the core activity requirement in subdivision (c) to the extent that these activities are necessary to enable the individual to participate in core activities and to the extent these activities cannot be accomplished within the additional noncore hours of participation required by subdivision (c).

(e) Hours spent in classroom, laboratory, or internship activities pursuant to subdivisions (k), (*l*), (o), and (p) of Section 11322.6 shall

count toward the core activity requirement in subdivision (c) to the extent these activities cannot be accomplished within the additional noncore hours of participation, the county determines the program is likely to lead to self-supporting employment, and the recipient makes satisfactory progress. The provisions in paragraph (2), and subparagraphs (A) and (B) of paragraph (3), of subdivision (a) of Section 11325.23 shall apply to participants in these activities.

(f) Spending hours in any or all of the activities specified in subdivision (r) of Section 11322.6 shall not make a recipient ineligible to count activities set forth in subdivisions (d) and (e) toward the core activities requirements, as appropriate.

SEC. 26. Section 11453 of the Welfare and Institutions Code is amended to read:

11453. (a) Except as provided in subdivision (c), the amounts set forth in Section 11452 and subdivision (a) of Section 11450 shall be adjusted annually by the department to reflect any increases or decreases in the cost of living. These adjustments shall become effective July 1 of each year, unless otherwise specified by the Legislature. For the 2000–01 fiscal year to the 2003–04 fiscal year, inclusive, these adjustments shall become effective October 1 of each year. The cost-of-living adjustment shall be calculated by the Department of Finance based on the changes in the California Necessities Index, which as used in this section means the weighted average changes for food, clothing, fuel, utilities, rent, and transportation for low-income consumers. The computation of annual adjustments in the California Necessities Index shall be made in accordance with the following steps:

(1) The base period expenditure amounts for each expenditure category within the California Necessities Index used to compute the annual grant adjustment are:

Food	$ 3,027
Clothing (apparel and upkeep)	406
Fuel and other utilities	529
Rent, residential	4,883
Transportation	1,757
Total	$10,602

(2) Based on the appropriate components of the Consumer Price Index for All Urban Consumers, as published by the United States Department of Labor, Bureau of Labor Statistics, the percentage change shall be determined for the 12-month period ending with the December preceding the year for which the cost-of-living adjustment will take effect, for each

expenditure category specified in subdivision (a) within the following geographical areas: Los Angeles-Long Beach-Anaheim, San Francisco-Oakland, San Diego, and, to the extent statistically valid information is available from the Bureau of Labor Statistics, additional geographical areas within the state which include not less than 80 percent of recipients of aid under this chapter.

(3) Calculate a weighted percentage change for each of the expenditure categories specified in subdivision (a) using the applicable weighting factors for each area used by the State Department of Industrial Relations to calculate the California Consumer Price Index (CCPI).

(4) Calculate a category adjustment factor for each expenditure category in subdivision (a) by (1) adding 100 to the applicable weighted percentage change as determined in paragraph (2) and (2) dividing the sum by 100.

(5) Determine the expenditure amounts for the current year by multiplying each expenditure amount determined for the prior year by the applicable category adjustment factor determined in paragraph (4).

(6) Determine the overall adjustment factor by dividing (1) the sum of the expenditure amounts as determined in paragraph (4) for the current year by (2) the sum of the expenditure amounts as determined in subdivision (d) for the prior year.

(b) The overall adjustment factor determined by the preceding computation steps shall be multiplied by the schedules established pursuant to Section 11452 and subdivision (a) of Section 11450 as are in effect during the month of June preceding the fiscal year in which the adjustments are to occur and the product rounded to the nearest dollar. The resultant amounts shall constitute the new schedules which shall be filed with the Secretary of State.

(c) (1) No adjustment to the maximum aid payment set forth in subdivision (a) of Section 11450 shall be made under this section for the purpose of increasing the benefits under this chapter for the 1990–91, 1991–92, 1992–93, 1993–94, 1994–95, 1995–96, 1996–97, and 1997–98 fiscal years, and through October 31, 1998, to reflect any change in the cost of living. For the 1998–99 fiscal year, the cost-of-living adjustment that would have been provided on July 1, 1998, pursuant to subdivision (a) shall be made on November 1, 1998. No adjustment to the maximum aid payment set forth in subdivision (a) of Section 11450 shall be made under this section for the purpose of increasing the benefits under this chapter for the 2005-06 and 2006-07 fiscal years to reflect any change in the cost-of-living. Elimination of the cost-of-living adjustment pursuant to this paragraph shall satisfy the requirements of Section 11453.05, and no further reduction shall be made pursuant to that section.

(2) No adjustment to the minimum basic standard of adequate care set forth in Section 11452 shall be made under this section for the purpose of increasing the benefits under this chapter for the 1990–91 and 1991–92 fiscal years to reflect any change in the cost of living.

(3) In any fiscal year commencing with the 2000–01 fiscal year to the 2003–04 fiscal year, inclusive, when there is any increase in tax relief pursuant to the applicable paragraph of subdivision (a) of Section 10754 of the Revenue and Taxation Code, then the increase pursuant to subdivision (a) of this section shall occur. In any fiscal year commencing with the 2000–01 fiscal year to the 2003–04 fiscal year, inclusive, when there is no increase in tax relief pursuant to the applicable paragraph of subdivision (a) of Section 10754 of the Revenue and Taxation Code, then any increase pursuant to subdivision (a) of this section shall be suspended.

(4) Notwithstanding paragraph (3), an adjustment to the maximum aid payments set forth in subdivision (a) of Section 11450 shall be made under this section for the 2002–03 fiscal year, but the adjustment shall become effective June 1, 2003.

(d) For the 2004–05 fiscal year, the adjustment to the maximum aid payment set forth in subdivision (a) shall be suspended for three months commencing on the first day of the first month following the effective date of the act adding this subdivision.

(e) Adjustments for subsequent fiscal years pursuant to this section shall not include any adjustments for any fiscal year in which the cost of living was suspended pursuant to subdivision (c).

SEC. 27. Section 11462 of the Welfare and Institutions Code is amended to read:

11462. (a) (1) Effective July 1, 1990, foster care providers licensed as group homes, as defined in departmental regulations, including public child care institutions, as defined in Section 11402.5, shall have rates established by classifying each group home program and applying the standardized schedule of rates. The department shall collect information from group providers beginning January 1, 1990, in order to classify each group home program.

(2) Notwithstanding paragraph (1), foster care providers licensed as group homes shall have rates established only if the group home is organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400. The department shall terminate the rate effective January 1, 1993, of any group home not organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400.

(3) (A) The department shall determine, consistent with the requirements of this chapter and other relevant requirements under law, the rate classification level (RCL) for each group home program on a

biennial basis. Submission of the biennial rate application shall be made according to a schedule determined by the department.

(B) The department shall adopt regulations to implement this paragraph. The adoption, amendment, repeal, or readoption of a regulation authorized by this paragraph is deemed to be necessary for the immediate preservation of the public peace, health and safety, or general welfare, for purposes of Sections 11346.1 and 11349.6 of the Government Code, and the department is hereby exempted from the requirement to describe specific facts showing the need for immediate action.

(b) A group home program shall be initially classified, for purposes of emergency regulations, according to the level of care and services to be provided using a point system developed by the department and described in the report, "The Classification of Group Home Programs under the Standardized Schedule of Rates System," prepared by the State Department of Social Services, August 30, 1989.

(c) The rate for each RCL has been determined by the department with data from the AFDC-FC Group Home Rate Classification Pilot Study. The rates effective July 1, 1990, were developed using 1985 calendar year costs and reflect adjustments to the costs for each fiscal year, starting with the 1986-87 fiscal year, by the amount of the California Necessities Index computed pursuant to the methodology described in Section 11453. The data obtained by the department using 1985 calendar year costs shall be updated and revised by January 1, 1993.

(d) As used in this section, "standardized schedule of rates" means a listing of the 14 rate classification levels, and the single rate established for each RCL.

(e) Except as specified in paragraph (1), the department shall determine the RCL for each group home program on a prospective basis, according to the level of care and services that the group home operator projects will be provided during the period of time for which the rate is being established.

(1) (A) For new and existing providers requesting the establishment of an RCL, and for existing group home programs requesting an RCL increase, the department shall determine the RCL no later than 13 months after the effective date of the provisional rate. The determination of the RCL shall be based on a program audit of documentation and other information that verifies the level of care and supervision provided by the group home program during a period of the two full calendar months or 60 consecutive days, whichever is longer, preceding the date of the program audit, unless the group home program requests a lower RCL. The program audit shall not cover the first six months of operation under the provisional rate. Pending the department's issuance of the program

audit report that determines the RCL for the group home program, the group home program shall be eligible to receive a provisional rate that shall be based on the level of care and service that the group home program proposes it will provide. The group home program shall be eligible to receive only the RCL determined by the department during the pendency of any appeal of the department's RCL determination.

(B) A group home program may apply for an increase in its RCL no earlier than two years from the date the department has determined the group home program's rate, unless the host county, the primary placing county, or a regional consortium of counties submits to the department in writing that the program is needed in that county, that the provider is capable of effectively and efficiently operating the proposed program, and that the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(C) To ensure efficient administration of the department's audit responsibilities, and to avoid the fraudulent creation of records, group home programs shall make records that are relevant to the RCL determination available to the department in a timely manner. Except as provided in this section, the department may refuse to consider, for purposes of determining the rate, any documents that are relevant to the determination of the RCL that are not made available by the group home provider by the date the group home provider requests a hearing on the department's RCL determination. The department may refuse to consider, for purposes of determining the rate, the following records, unless the group home provider makes the records available to the department during the fieldwork portion of the department's program audit:

(i) Records of each employee's full name, home address, occupation, and social security number.

(ii) Time records showing when the employee begins and ends each work period, meal periods, split shift intervals, and total daily hours worked.

(iii) Total wages paid each payroll period.

(iv) Records required to be maintained by licensed group home providers under Title 22 of the California Code of Regulations that are relevant to the RCL determination.

(D) To minimize financial abuse in the startup of group home programs, when the department's RCL determination is more than three levels lower than the RCL level proposed by the group home provider, and the group home provider does not appeal the department's RCL determination, the department shall terminate the rate of a group home program 45 days after issuance of its program audit report. When the group home provider requests a hearing on the department's RCL

determination, and the RCL determined by the director under subparagraph (E) is more than three levels lower than the RCL level proposed by the group home provider, the department shall terminate the rate of a group home program within 30 days of issuance of the director's decision. Notwithstanding the reapplication provisions in subparagraph (B), the department shall deny any request for a new or increased RCL from a group home provider whose RCL is terminated pursuant to this subparagraph, for a period of no greater than two years from the effective date of the RCL termination.

(E) A group home provider may request a hearing of the department's RCL determination under subparagraph (A) no later than 30 days after the date the department issues its RCL determination. The department's RCL determination shall be final if the group home provider does not request a hearing within the prescribed time. Within 60 days of receipt of the request for hearing, the department shall conduct a hearing on the RCL determination. The standard of proof shall be the preponderance of the evidence and the burden of proof shall be on the department. The hearing officer shall issue the proposed decision within 45 days of the close of the evidentiary record. The director shall adopt, reject, or modify the proposed decision, or refer the matter back to the hearing officer for additional evidence or findings within 100 days of issuance of the proposed decision. If the director takes no action on the proposed decision within the prescribed time, the proposed decision shall take effect by operation of law.

(2) Group home programs that fail to maintain at least the level of care and services associated with the RCL upon which their rate was established shall inform the department. The department shall develop regulations specifying procedures to be applied when a group home fails to maintain the level of services projected, including, but not limited to, rate reduction and recovery of overpayments.

(3) The department shall not reduce the rate, establish an overpayment, or take other actions pursuant to paragraph (2) for any period that a group home program maintains the level of care and services associated with the RCL for children actually residing in the facility. Determinations of levels of care and services shall be made in the same way as modifications of overpayments are made pursuant to paragraph (2) of subdivision (b) of Section 11466.2.

(4) A group home program that substantially changes its staffing pattern from that reported in the group home program statement shall provide notification of this change to all counties that have placed children currently in care. This notification shall be provided whether or not the RCL for the program may change as a result of the change in staffing pattern.

(f) (1) The standardized schedule of rates for the 2002-03, 2003-04, 2004-05, and 2005-06 fiscal years is:

Rate Classification Level	Point Ranges	FY 2002–03, 2003–04, 2004–05, and 2005-06 Standard Rate

(2) (A) For group home programs that receive AFDC-FC payments for services performed during the 2002-03, 2003-04, 2004-05, and 2005-06 fiscal years, the adjusted RCL point ranges below shall be used for establishing the biennial rates for existing programs, pursuant to paragraph (3) of subdivision (a) and in performing program audits and in determining any resulting rate reduction, overpayment assessment, or other actions pursuant to paragraph (2) of subdivision (e):

Rate Classification Level	Adjusted Point Ranges for the 2002–03, 2003–04, 2004–05, and 2005-06 Fiscal Years

13	368–395
14	396 & Up

(B) Notwithstanding subparagraph (A), foster care providers operating group homes during the 2002-03, 2003-04, 2004-05, and 2005-06 fiscal years shall remain responsible for ensuring the health and safety of the children placed in their programs in accordance with existing applicable provisions of the Health and Safety Code and community care licensing regulations, as contained in Title 22 of the Code of California Regulations.

(C) Subparagraph (A) shall not apply to program audits of group home programs with provisional rates established pursuant to paragraph (1) of subdivision (e). For those program audits, the RCL point ranges in paragraph (1) shall be used.

(g) (1) (A) For the 1999-2000 fiscal year, the standardized rate for each RCL shall be adjusted by an amount equal to the California Necessities Index computed pursuant to the methodology described in Section 11453. The resultant amounts shall constitute the new standardized schedule of rates, subject to further adjustment pursuant to subparagraph (B).

(B) In addition to the adjustment in subparagraph (A), commencing January 1, 2000, the standardized rate for each RCL shall be increased by 2.36 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new standardized schedule of rates.

(2) Beginning with the 2000-01 fiscal year, the standardized schedule of rates shall be adjusted annually by an amount equal to the CNI computed pursuant to Section 11453, subject to the availability of funds. The resultant amounts shall constitute the new standardized schedule of rates.

(3) Effective January 1, 2001, the amount included in the standard rate for each Rate Classification Level (RCL) for the salaries, wages, and benefits for staff providing child care and supervision or performing social work activities, or both, shall be increased by 10 percent. This additional funding shall be used by group home programs solely to supplement staffing, salaries, wages, and benefit levels of staff specified in this paragraph. The standard rate for each RCL shall be recomputed using this adjusted amount and the resultant rates shall constitute the

new standardized schedule of rates. The department may require a group home receiving this additional funding to certify that the funding was utilized in accordance with the provisions of this section.

(h) The standardized schedule of rates pursuant to subdivisions (f) and (g) shall be implemented as follows:

(1) Any group home program that received an AFDC-FC rate in the prior fiscal year at or above the standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(2) Any group home program that received an AFDC-FC rate in the prior fiscal year below the standard rate for the RCL in the current fiscal year shall receive the RCL rate for the current year.

(i) (1) The department shall not establish a rate for a new program of a new or existing provider, or for an existing program at a new location of an existing provider, unless the provider submits a letter of recommendation from the host county, the primary placing county, or a regional consortium of counties that includes all of the following:

(A) That the program is needed by that county.

(B) That the provider is capable of effectively and efficiently operating the program.

(C) That the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(D) That, if the letter of recommendation is not being issued by the host county, the primary placing county has notified the host county of its intention to issue the letter and the host county was given the opportunity 30 days to respond to this notification and to discuss options with the primary placing county.

(2) The department shall encourage the establishment of consortia of county placing agencies on a regional basis for the purpose of making decisions and recommendations about the need for, and use of, group home programs and other foster care providers within the regions.

(3) The department shall annually conduct a county-by-county survey to determine the unmet placement needs of children placed pursuant to Section 300 and Section 601 or 602, and shall publish its findings by November 1 of each year.

(j) The department shall develop regulations specifying ratesetting procedures for program expansions, reductions, or modifications, including increases or decreases in licensed capacity, or increases or decreases in level of care or services.

(k) (1) For the purpose of this subdivision, "program change" means any alteration to an existing group home program planned by a provider that will increase the RCL or AFDC-FC rate. An increase in the licensed capacity or other alteration to an existing group home program that does

not increase the RCL or AFDC-FC rate shall not constitute a program change.

(2) For the 1998-99, 1999-2000, and 2000-01 fiscal years, the rate for a group home program shall not increase, as the result of a program change, from the rate established for the program effective July 1, 2000, and as adjusted pursuant to subparagraph (B) of paragraph (1) of subdivision (g), except as provided in paragraph (3).

(3) (A) For the 1998-99, 1999-2000, and 2000-01 fiscal years, the department shall not establish a rate for a new program of a new or existing provider or approve a program change for an existing provider that either increases the program's RCL or AFDC-FC rate, or increases the licensed capacity of the program as a result of decreases in another program with a lower RCL or lower AFDC-FC rate that is operated by that provider, unless both of the following conditions are met:

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The county determines that there is no increased cost to the General Fund.

(B) Notwithstanding subparagraph (A), the department may grant a request for a new program or program change, not to exceed 25 beds, statewide, if both of the following conditions are met:

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The department determines that the new program or program change will result in a reduction of referrals to state hospitals during the 1998-99 fiscal year.

(*l*) General unrestricted or undesignated private charitable donations and contributions made to charitable or nonprofit organizations shall not be deducted from the cost of providing services pursuant to this section. The donations and contributions shall not be considered in any determination of maximum expenditures made by the department.

(m) The department shall, by October 1 of each year, commencing October 1, 1992, provide the Joint Legislative Budget Committee with a list of any new departmental requirements established during the previous fiscal year concerning the operation of group homes, and of any unusual, industrywide increase in costs associated with the provision of group care that may have significant fiscal impact on providers of group homes care. The committee may, in fiscal year 1993-94 and beyond, use the list to determine whether an appropriation for rate adjustments is needed in the subsequent fiscal year.

SEC. 28. Section 11522 is added to the Welfare and Institutions Code, to read:

11522. The department, in conjunction with participating representatives of counties and the Legislature, shall develop approaches to improving data collection and management information reporting in the CalWORKs program.

SEC. 29. Section 12201 of the Welfare and Institutions Code is amended to read:

12201. (a) Except as provided in subdivision (d), the payment schedules set forth in Section 12200 shall be adjusted annually to reflect any increases or decreases in the cost of living. Except as provided in subdivision (e), these adjustments shall become effective January 1 of each year. The cost-of-living adjustment shall be based on the changes in the California Necessities Index, which as used in this section shall be the weighted average of changes for food, clothing, fuel, utilities, rent, and transportation for low-income consumers. The computation of annual adjustments in the California Necessities Index shall be made in accordance with the following steps:

(1) The base period expenditure amounts for each expenditure category within the California Necessities Index used to compute the annual grant adjustment are:

Food	$ 3,027
Clothing (apparel and upkeep)	406
Fuel and other utilities	529
Rent, residential	4,883
Transportation	1,757
Total	$10,602

(2) Based on the appropriate components of the Consumer Price Index for All Urban Consumers, as published by the United States Department of Labor, Bureau of Labor Statistics, the percentage change shall be determined for the 12-month period which ends 12 months prior to the January in which the cost-of-living adjustment will take effect, for each expenditure category specified in paragraph (1) within the following geographical areas: Los Angeles-Long Beach-Anaheim, San Francisco-Oakland, San Diego, and, to the extent statistically valid information is available from the Bureau of Labor Statistics, additional geographical areas within the state which include not less than 80 percent of recipients of aid under this chapter.

(3) Calculate a weighted percentage change for each of the expenditure categories specified in subdivision (a) using the applicable weighting

factors for each area used by the State Department of Industrial Relations to calculate the California Consumer Price Index (CCPI).

(4) Calculate a category adjustment factor for each expenditure category in paragraph (1) by (1) adding 100 to the applicable weighted percentage change as determined in paragraph (2) and (2) dividing the sum by 100.

(5) Determine the expenditure amounts for the current year by multiplying each expenditure amount determined for the prior year by the applicable category adjustment factor determined in paragraph (4).

(6) Determine the overall adjustment factor by dividing (1) the sum of the expenditure amounts as determined in paragraph (4) for the current year by (2) the sum of the expenditure amounts as determined in paragraph (4) for the prior year.

(b) The overall adjustment factor determined by the preceding computational steps shall be multiplied by the payment schedules established pursuant to Section 12200 as are in effect during the month of December preceding the calendar year in which the adjustments are to occur, and the product rounded to the nearest dollar. The resultant amounts shall constitute the new schedules for the categories given under subdivisions (a), (b), (c), (d), (e), (f), and (g) of Section 12200, and shall be filed with the Secretary of State. The amount as set forth in subdivision (h) of Section 12200 shall be adjusted annually pursuant to this section in the event that the secretary agrees to administer payment under that subdivision. The payment schedule for subdivision (i) of Section 12200 shall be computed as specified, based on the new payment schedules for subdivisions (a), (b), (c), and (d) of Section 12200.

(c) The department shall adjust any amounts of aid under this chapter to insure that the minimum level required by the Social Security Act in order to maintain eligibility for funds under Title XIX of that act is met.

(d) (1) No adjustment shall be made under this section for the 1991, 1992, 1993, 1994, 1995, 1996, 1997, 1998, 2004, 2006 and 2007 calendar years to reflect any change in the cost of living. (e) The department may make further adjustments to any of the performance measures listed under subdivision (c), in consultation with the County Welfare Directors Association, legislative staff, and other stakeholders.

(f) The funds paid in accordance with this section may only be used in accordance with subdivisions (f) and (g) of Section 10544.1 and only for the purpose of enhancing family self-sufficiency. (b) These regulations shall permit program flexibility by the use of alternate concepts, methods, procedures, techniques, equipment, personnel qualifications, bulk purchasing of pharmaceuticals, or conducting of pilot projects as long as statutory requirements are met and the use has the prior written approval of the department or the office, as applicable. The approval of the department or the office shall provide for the terms and conditions under which the exception is granted. A written request plus supporting evidence shall be submitted by the applicant or licensee to the department or office regarding the exception, as applicable.

(c) While it is the intent of the Legislature that health facilities shall maintain continuous, ongoing compliance with the licensing rules and regulations, it is the further intent of the Legislature that the state department expeditiously review and approve, if appropriate, applications for program flexibility. The Legislature recognizes that health care technology, practice, pharmaceutical procurement systems, and personnel qualifications and availability are changing rapidly. Therefore, requests for program flexibility require expeditious consideration.

(d) The state department shall, on or before April 1, 1989, develop a standardized form and format for requests by health facilities for program flexibility. Health facilities shall thereafter apply to the state department for program flexibility in the prescribed manner. After the state department receives a complete application requesting program flexibility, it shall have 60 days within which to approve, approve with conditions or modifications, or deny the application. Denials and approvals with conditions or modifications shall be accompanied by an analysis and a detailed justification for any conditions or modifications imposed. Summary denials to meet the 60-day timeframe shall not be permitted.

(e) Notwithstanding any other provision of law or regulation, the State Department of Health Services shall provide flexibility in its pharmaceutical services requirements to permit any state department that operates state facilities subject to these provisions to establish a single statewide formulary or to procure pharmaceuticals through a departmentwide or multidepartment bulk purchasing arrangement. It is the intent of the Legislature that consolidation of these activities be

permitted in order to allow the more cost-effective use and procurement of pharmaceuticals for the benefit of patients and residents of state facilities.

SEC. 1.1. Section 1797.198 of the Health and Safety Code is amended to read:

1797.198. The Legislature finds and declares all of the following:

(a) Trauma care is an essential public service. It is as vital to the safety of the public as the services provided by law enforcement and fire departments. In communities with access to trauma centers, mortality and morbidity rates from traumatic injuries are significantly reduced. For the same reasons that each community in California needs timely access to the services of skilled police, paramedics, and fire personnel, each community needs access to the services provided by certified trauma centers.

(b) Trauma centers save lives by providing immediate coordination of highly specialized care for the most life-threatening injuries.

(c) Trauma centers save lives, and also save money, because access to trauma care can mean the difference between full recovery from a traumatic injury, and serious disability necessitating expensive long-term care.

(d) Trauma centers do their job most effectively as part of a system that includes a local plan with a means of immediately identifying trauma cases and transporting those patients to the nearest trauma center.

(e) It is essential for persons in need of trauma care to receive that care within the 60-minute period immediately following injury. It is during this period, referred to as the "golden hour," when the potential for survival is greatest, and the need for treatment for shock or injury is most critical.

(f) It is the intent of the Legislature in enacting this act to promote access to trauma care by ensuring the availability of services through EMS agency-designated trauma centers.

SEC. 1.2. Section 1797.199 of the Health and Safety Code is amended to read:

1797.199. (a) There is hereby created in the State Treasury, the Trauma Care Fund, which, notwithstanding Section 13340 of the Government Code, is hereby continuously appropriated without regard to fiscal years to the authority for the purposes specified in subdivision (c).

(b) The fund shall contain any moneys deposited in the fund pursuant to appropriation by the Legislature or from any other source, as well as, notwithstanding Section 16305.7 of the Government Code, any interest and dividends earned on moneys in the fund.

(c) Moneys in the fund shall be expended by the authority to provide for allocations to local EMS agencies, for distribution to local EMS agency-designated trauma centers provided for by this chapter.

(d) Within 30 days of the effective date of the enactment of an appropriation for purposes of implementing this chapter, the authority shall request all local EMS agencies with an approved trauma plan, that includes at least one designated trauma center, to submit within 45 days of the request the total number of trauma patients and the number of trauma patients at each facility that were reported to the local trauma registry for the most recent fiscal year for which data are available, pursuant to Section 100257 of Title 22 of the California Code of Regulations. However, the local EMS agency's report shall not include any registry entry that is in reference to a patient who is discharged from the trauma center's emergency department without being admitted to the hospital unless the nonadmission is due to the patient's death or transfer to another facility. Any local EMS agency that fails to provide these data shall not receive funding pursuant to this section.

(e) Except as provided in subdivision (m), the authority shall distribute all funds to local EMS agencies with an approved trauma plan that includes at least one designated trauma center in the local EMS agency's jurisdiction as of July 1 of the fiscal year in which funds are to be distributed.

(1) The amount provided to each local EMS agency shall be in the same proportion as the total number of trauma patients reported to the local trauma registry for each local EMS agency's area of jurisdiction compared to the total number of all trauma patients statewide as reported under subdivision (d).

(2) The authority shall send a contract to each local EMS agency that is to receive funds within 30 days of receiving the required data and shall distribute the funds to a local EMS agency within 30 days of receiving a signed contract and invoice from the agency.

(f) Local EMS agencies that receive funding under this chapter shall distribute all those funds to eligible trauma centers, except that an agency may expend 1 percent for administration. It is the intent of the Legislature that the funds distributed to eligible trauma centers be spent on trauma services. The funds shall not be used to supplant existing funds designated for trauma services or for training ordinarily provided by the trauma hospital. The local EMS agency shall utilize a competitive grant-based system. All grant proposals shall demonstrate that funding is needed because the trauma center cares for a high percentage of uninsured patients. Local EMS agencies shall determine distribution of funds based on whether the grant proposal satisfies one or more of the following criteria:

(1) The preservation or restoration of specialty physician and surgeon oncall coverage that is demonstrated to be essential for trauma services within a specified hospital.

(2) The acquisition of equipment that is demonstrated to be essential for trauma services within a specified hospital.

(3) The creation of overflow or surge capacity to allow a trauma hospital to respond to mass casualties resulting from an act of terrorism or natural disaster.

(4) The coordination or payment of emergency, nonemergency, and critical care ambulance transportation that would allow for the time-urgent movement or transfer of critically injured patients to trauma centers outside of the originating region so that specialty services or a higher level of care may be provided as necessary without undue delay.

(g) A trauma center shall be eligible for funding under this section if it is designated as a trauma center by a local EMS agency pursuant to Section 1798.165 and complies with the requirements of this section. Both public and private hospitals designated as trauma centers shall be eligible for funding.

(h) A trauma center that receives funding under this section shall agree to remain a trauma center through June 30 of the fiscal year in which it receives funding. If the trauma center ceases functioning as a trauma center, it shall pay back to the local EMS agency a pro rata portion of the funding that has been received. If there are one or more trauma centers remaining in the local EMS agency's service area, the local EMS agency shall distribute the funds among the other trauma centers. If there is no other trauma center within the local EMS agency's service area, the local EMS agency shall return the moneys to the authority.

(i) In order to receive funds pursuant to this section, an eligible trauma center shall submit, pursuant to a contract between the trauma center and the local EMS agency, relevant and pertinent data requested by the local EMS agency. A trauma center shall demonstrate that it is appropriately submitting data to the local EMS agency's trauma registry and a local EMS agency shall audit the data annually within two years of a distribution from the local EMS agency to a trauma center. Any trauma center receiving funding pursuant to this section shall report to the local EMS agency how the funds were used to support trauma services.

(j) It is the intent of the Legislature that all moneys appropriated to the fund be distributed to local EMS agencies during the same year the moneys are appropriated. To the extent that any moneys are not distributed by the authority during the fiscal year in which the moneys are appropriated, the moneys shall remain in the fund and be eligible for distribution pursuant to this section during subsequent fiscal years.

(k) By October 31, 2002, the authority shall develop criteria for the standardized reporting of trauma patients to local trauma registries. The authority shall seek input from local EMS agencies to develop the criteria. All local EMS agencies shall utilize the trauma patient criteria for reporting trauma patients to local trauma registries by July 1, 2003.

(*l*) By December 31 of the fiscal year following any fiscal year in which funds are distributed pursuant to this section, a local EMS agency that has received funds from the authority pursuant to this chapter shall provide a report to the authority that details the amount of funds distributed to each trauma center, the amount of any balance remaining, and the amount of any claims pending, if any, and describes how the respective centers used the funds to support trauma services. The report shall also describe the local EMS agency's mechanism for distributing the funds to trauma centers, a description of their audit process and criteria, and a summary of the most recent audit results.

(m) The authority may retain from any appropriation to the fund an amount sufficient to implement this section, up to two hundred eighty thousand dollars ($280,000). This amount may be adjusted to reflect any increases provided for wages or operating expenses as part of the authority's budget process.

SEC. 1.3. Section 101317 of the Health and Safety Code is amended to read:

101317. (a) For purposes of this article, allocations shall be made to the administrative bodies of qualifying local health jurisdictions described as public health administrative organizations in Section 101185, and pursuant to Section 101315, in the following manner:

(1) (A) For the 2003–04 fiscal year and subsequent fiscal years, to the administrative bodies of each local health jurisdiction, a basic allotment of one hundred thousand dollars ($100,000), subject to the availability of funds appropriated in the annual Budget Act or some other act.

(B) For the 2002–03 fiscal year, the basic allotment of one hundred thousand dollars ($100,000) shall be reduced by the amount of federal funding allocated as part of a basic allotment for the purposes of this article to local health jurisdictions in the 2001–02 fiscal year.

(2) (A) Except as provided in subdivision (c), after determining the amount allowed for the basic allotment as provided in paragraph (1), the balance of the annual appropriation for purposes of this article, if any, shall be allotted on a per capita basis to the administrative bodies of each local health jurisdiction in the proportion that the population of that local health jurisdiction bears to the population of all eligible local health jurisdictions of the state.

(B) The population estimates used for the calculation of the per capita allotment pursuant to subparagraph (A) shall be based on the Department of Finance's E-1 Report, "City/County Populations Estimates with Annual Percentage Changes" as of January 1 of the previous year. However, if within a local health jurisdiction there are one or more city health jurisdictions, the local health jurisdiction shall subtract the population of the city or cities from the local health jurisdiction total population for purposes of calculating the per capita total.

(b) If the amounts appropriated are insufficient to fully fund the allocations specified in subdivision (a), the department shall prorate and adjust each local health jurisdiction's allocation so that the total amount allocated equals the amount appropriated.

(c) For the 2002–03 fiscal year and subsequent fiscal years, where the federally approved collaborative state-local plan identifies an allocation method, other than the basic allotment and per capita method described in subdivision (a), for specific funding to a local public health jurisdiction, including, but not limited to, funding laboratory training, chemical and nuclear terrorism preparedness, smallpox preparedness, and information technology approaches, that funding shall be paid to the administrative bodies of those local health jurisdictions in accordance with the federally approved collaborative state-local plan for bioterrorism preparedness and other public health threats in the state.

(d) Funds appropriated pursuant to the annual Budget Act or some other act for allocation to local health jurisdictions pursuant to this article shall be disbursed quarterly to local health jurisdictions beginning July 1, 2002, using the following process:

(1) Each fiscal year, upon the submission of an application for funding by the administrative body of a local health jurisdiction, the department shall make the first quarterly payment to each eligible local health jurisdiction. Initially, that application shall include a plan and budget for the local program that is in accordance with the department's plans and priorities for bioterrorism preparedness and response, and other public health threats and emergencies, and a certification by the chairperson of the board of supervisors or the mayor of a city with a local health department that the funds received pursuant to this article will not be used to supplant other funding sources in violation of subdivision (d) of Section 101315. In subsequent years, the department shall develop a streamlined process for continuation of funding that will address new federal requirements and will assure the continuity of local plan activities.

(2) The department shall establish procedures and a format for the submission of the local health jurisdiction's plan and budget. The local health jurisdiction's plan shall be consistent with the department's plans

and priorities for bioterrorism preparedness and response and other public health threats and emergencies in accordance with requirements specified in the department's federal grant award. Payments to local health jurisdictions beyond the first quarter shall be contingent upon the approval of the department of the local health jurisdiction's plan and the local health jurisdiction's progress in implementing the provisions of the local health jurisdiction's plan, as determined by the department.

(3) If a local health jurisdiction does not apply or submits a noncompliant application for its allocation, those funds provided under this article may be redistributed according to subdivision (a) to the remaining local health jurisdictions.

(e) Funds shall be used for activities to improve and enhance local health jurisdictions' preparedness for and response to bioterrorism and other public health threats and emergencies, and for any other purposes, as determined by the department, that are consistent with the purposes for which the funds were appropriated.

(f) Any local health jurisdiction that receives funds pursuant to this article shall deposit them in a special local public health preparedness trust fund established solely for this purpose before transferring or expending the funds for any of the uses allowed pursuant to this article. The interest earned on moneys in the fund shall accrue to the benefit of the fund and shall be expended for the same purposes as other moneys in the fund.

(g) (1) A local health jurisdiction that receives funding pursuant to this article shall submit reports that display cost data and the activities funded by moneys deposited in its local public health preparedness trust fund to the department on a regular basis in a form and according to procedures prescribed by the department.

(2) The department, in consultation with local health jurisdictions, shall develop required content for the reports required under paragraph (1), which shall include, but shall not be limited to, data and information needed to implement this article and to satisfy federal reporting requirements. The chairperson of the board of supervisors or the mayor of a city with a local health department shall certify the accuracy of the reports and that the moneys appropriated for the purposes of this article have not been used to supplant other funding sources.

(3) It is the intent of the Legislature that the department shall audit the cost reports every three years, commencing in January 2007, to determine compliance with federal requirements and consistency with local health jurisdiction budgets, contingent upon the availability of federal funds for this activity, and contingent upon the continuation of federal funding for bioterrorism preparedness.

(h) The administrative body of a local health jurisdiction may enter into a contract with the department and the department may enter into a contract with that local health jurisdiction for the department to administer all or a portion of the moneys allocated to the local health jurisdiction pursuant to this article. The department may use funds retained on behalf of a local jurisdiction pursuant to this subdivision solely for the purposes of administering the jurisdiction's bioterrorism preparedness activities. The funds appropriated pursuant to this article and retained by the department pursuant to this subdivision are available for expenditure and encumbrance for the purposes of support or local assistance.

(i) The department may recoup from a local health jurisdiction any moneys allocated pursuant to this article that are unspent or that are not expended for purposes specified in subdivision (d). The department may also recoup funds expended by a local health jurisdiction in violation of subdivision (d) of Section 101315. The department may withhold quarterly payments of moneys to a local health jurisdiction if the local health jurisdiction is not in compliance with this article or the terms of that local health jurisdiction's plan as approved by the department. Before any funds are recouped or withheld from a local health jurisdiction, the department shall meet with local health officials to discuss the status of the unspent moneys or the disputed use of the funds, or both.

(j) Notwithstanding any other provision of law, moneys made available for bioterrorism preparedness pursuant to this article in the 2001–02 fiscal year shall be available for expenditure and encumbrance until June 30, 2003. Moneys made available for bioterrorism preparedness pursuant to this article from July 1, 2002, to August 30, 2003, inclusive, shall be available for expenditure and encumbrance until August 30, 2004. Moneys made available in the 2003–04 Budget Act for bioterrorism preparedness shall be available for expenditure and encumbrance until August 30, 2005.

SEC. 1.4. Section 120955 of the Health and Safety Code is amended to read:

120955. (a) (1) To the extent that state and federal funds are appropriated in the annual Budget Act for these purposes, the director shall establish and may administer a program to provide drug treatments to persons infected with human immunodeficiency virus (HIV), the etiologic agent of acquired immune deficiency syndrome (AIDS). If the director makes a formal determination that, in any fiscal year, funds appropriated for the program will be insufficient to provide all of those drug treatments to existing eligible persons for the fiscal year and that a suspension of the implementation of the program is necessary, the director may suspend eligibility determinations and enrollment in the

program for the period of time necessary to meet the needs of existing eligible persons in the program.

(2) The director shall develop, maintain, and update as necessary a list of drugs to be provided under this program.

(b) The director may grant funds to a county public health department through standard agreements to administer this program in that county. To maximize the recipients' access to drugs covered by this program, the director shall urge the county health department in counties granted these funds to decentralize distribution of the drugs to the recipients.

(c) The director shall establish a rate structure for reimbursement for the cost of each drug included in the program. Rates shall not be less than the actual cost of the drug. However, the director may purchase a listed drug directly from the manufacturer and negotiate the most favorable bulk price for that drug.

(d) Manufacturers of the drugs on the list shall pay the department a rebate equal to the rebate that would be applicable to the drug under Section 1927(c) of the federal Social Security Act (42 U.S.C. Sec. 1396r-8(c)) plus an additional rebate to be negotiated by each manufacturer with the department, except that no rebates shall be paid to the department under this section on drugs for which the department has received a rebate under Section 1927(c) of the federal Social Security Act (42 U.S.C. Sec. 1396r-8(c)) or that have been purchased on behalf of county health departments or other eligible entities at discount prices made available under Section 256b of Title 42 of the United States Code.

(e) The department shall submit an invoice, not less than two times per year, to each manufacturer for the amount of the rebate required by subdivision (d).

(f) Drugs may be removed from the list for failure to pay the rebate required by subdivision (d), unless the department determines that removal of the drug from the list would cause substantial medical hardship to beneficiaries.

(g) The department may adopt emergency regulations to implement amendments to this chapter made during the 1997–98 Regular Session, in accordance with the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The initial adoption of emergency regulations shall be deemed to be an emergency and considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health and safety, or general welfare. Emergency regulations adopted pursuant to this section shall remain in effect for no more than 180 days.

(h) Reimbursement under this chapter shall not be made for any drugs that are available to the recipient under any other private, state, or federal

programs, or under any other contractual or legal entitlements, except that the director may authorize an exemption from this subdivision where exemption would represent a cost savings to the state.

(i) The department may also subsidize certain cost-sharing requirements for persons otherwise eligible for the AIDS Drug Assistance Program (ADAP) with existing non-ADAP drug coverage by paying for prescription drugs included on the ADAP formulary within the existing ADAP operational structure up to, but not exceeding, the amount of that cost-sharing obligation. This cost sharing may only be applied in circumstances in which the other payer recognizes the ADAP payment as counting toward the individual's cost-sharing obligation.

SEC. 2. Section 123929 is added to the Health and Safety Code, to read:

123929. (a) Except as otherwise provided in this section and Section 14133.05 of the Welfare and Institutions Code, California Children's Services Program services provided pursuant to this article require prior authorization by the department or its designee. Prior authorization is contingent on determination by the department or its designee of all of the following:

(1) The child receiving the services is confirmed to be medically eligible for the CCS program.

(2) The provider of the services is approved in accordance with the standards of the CCS program.

(3) The services authorized are medically necessary to treat the child's CCS-eligible medical condition.

(b) Effective July 1, 2004, the department or its designee may approve a request for a treatment authorization that is otherwise in conformance with subdivision (a) for services for a child participating in the Healthy Families Program pursuant to clause (ii) of subparagraph (A) of paragraph (6) of subdivision (a) of Section 12693.70 of the Insurance Code, received by the department or its designee after the requested treatment has been provided to the child.

(c) Effective July 1, 2004, if a provider of services who meets the requirements of paragraph (2) of subdivision (a) incurs costs for services described in paragraph (3) of subdivision (a) to treat a child described in subdivision (b) who is subsequently determined to be medically eligible for the CCS program as determined by the department or its designee, the department may reimburse the provider for those costs. Reimbursement under this section shall conform to the requirements of Section 14105.18 of the Welfare and Institutions Code.

SEC. 3. Section 12693.325 of the Insurance Code is amended to read:

12693.325. (a) (1) Notwithstanding any provision of this chapter, a participating health, dental, or vision plan that is licensed and in good standing as required by subdivision (b) of Section 12693.36 may provide application assistance directly to an applicant acting on behalf of an eligible person who telephones, writes, or contacts the plan in person at the plan's place of business, or at a community public awareness event that is open to all participating plans in the county, or at any other site approved by the board, and who requests application assistance.

(2) A participating health, dental, or vision plan may also provide application assistance directly to an applicant only under the following conditions:

(A) The assistance is provided upon referral from a government agency, school, or school district.

(B) The applicant has authorized the government agency, school, or school district to allow a health, dental, or vision plan to contact the applicant with additional information on enrolling in free or low-cost health care.

(C) The State Department of Health Services approves the applicant authorization form in consultation with the board.

(D) The plan may not actively solicit referrals and may not provide compensation for the referrals.

(E) If a family is already enrolled in a health plan, the plan that contacts the family cannot encourage the family to change health plans.

(F) The board amends its marketing guidelines to require that when a government agency, school, or school district requests assistance from a participating health, dental, or vision plan to provide application assistance, that all plans in the area shall be invited to participate.

(G) The plan abides by the board's marketing guidelines.

(b) A participating health, dental, or vision plan may provide application assistance to an applicant who is acting on behalf of an eligible or potentially eligible child in any of the following situations:

(1) The child is enrolled in a Medi-Cal managed care plan and the participating plan becomes aware that the child's eligibility status has or will change and that the child will no longer be eligible for Medi-Cal. In those instances, the plan shall inform the applicant of the differences in benefits and requirements between the Healthy Families Program and the Medi-Cal program.

(2) The child is enrolled in a Healthy Families Program managed care plan and the participating plan becomes aware that the child's eligibility status has changed or will change and that the child will no longer be eligible for the Healthy Families Program. When it appears a child may be eligible for Medi-Cal benefits, the plan shall inform the applicant of

the differences in benefits and requirements between the Medi-Cal program and the Healthy Families Program.

(3) The participating plan provides employer-sponsored coverage through an employer and an employee of that employer who is the parent or legal guardian of the eligible or potentially eligible child.

(4) The child and his or her family are participating through the participating plan in COBRA continuation coverage or other group continuation coverage required by either state or federal law and the group continuation coverage will expire within 60 days, or has expired within the past 60 days.

(5) The child's family, but not the child, is participating through the participating plan in COBRA continuation coverage or other group continuation coverage required by either state or federal law, and the group continuation coverage will expire within 60 days, or has expired within the past 60 days.

(c) A participating health, dental, or vision plan employee or other representative that provides application assistance shall complete a certified application assistant training class approved by the State Department of Health Services in consultation with the board. The employee or other representative shall in all cases inform an applicant verbally of his or her relationship with the participating health plan. In the case of an in-person contact, the employee or other representative shall provide in writing to the applicant the nature of his or her relationship with the participating health plan and obtain written acknowledgment from the applicant that the information was provided.

(d) A participating health, dental, or vision plan that provides application assistance may not do any of the following:

(1) Directly, indirectly, or through its agents, conduct door-to-door marketing or telephone solicitation.

(2) Directly, indirectly, or through its agents, select a health plan or provider for a potential applicant. Instead, the plan shall inform a potential applicant of the choice of plans available within the applicant's county of residence and specifically name those plans and provide the most recent version of the program handbook.

(3) Directly, indirectly, or through its agents, conduct mail or in-person solicitation of applicants for enrollment, except as specified in subdivision (b), using materials approved by the board.

(e) A participating health, dental, or vision plan that provides application assistance pursuant to this section is not eligible for an application assistance fee otherwise available pursuant to Section 12693.32, and may not sponsor a person eligible for the program by paying his or her family contribution amounts or copayments, and may

not offer applicants any inducements to enroll, including, but not limited to, gifts or monetary payments.

(f) A participating health, dental, or vision plan may assist applicants acting on behalf of subscribers who are enrolled with the participating plan in completing the program's annual eligibility review package in order to allow those applicants to retain health care coverage.

(g) Each participating health, dental, or vision plan shall submit to the board a plan for application assistance. All scripts and materials to be used during application assistance sessions shall be approved by the board and the State Department of Health Services.

(h) Each participating health, dental, or vision plan shall provide each applicant with the toll-free telephone number for the Healthy Families Program.

(i) When deemed appropriate by the board, the board may refer a participating health, dental, or vision plan to the Department of Managed Health Care or the State Department of Health Services, as applicable, for the review or investigation of its application assistance practices.

(j) The board shall evaluate the impact of the changes required by this section and shall provide a biennial report to the Legislature on or before March 1 of every other year. To prepare these reports, the State Department of Health Services, in cooperation with the board, shall code all the application packets used by a managed care plan to record the number of applications received that originated from managed care plans. The number of applications received that originated from managed care plans shall also be reported on the board's Web site. In addition, the board shall periodically survey those families assisted by plans to determine if the plans are meeting the requirements of this section, and if families are being given ample information about the choice of health, dental, or vision plans available to them.

(k) Nothing in this section shall be seen as mitigating a participating health, dental, or vision plan's responsibility to comply with all federal and state laws, including, but not limited to, Section 1320a-7b of Title 42 of the United States Code.

(*l*) Paragraph (2) of subdivision (a) shall become inoperative on January 1, 2006.

SEC. 4. Section 12693.36 of the Insurance Code is amended to read:

12693.36. (a) Notwithstanding any other provision of law, the board shall not be subject to licensure or regulation by the Department of Insurance or the Department of Managed Health Care, as the case may be.

(b) Participating health, dental, and vision plans that contract with the program and are regulated by either the Insurance Commissioner or the Department of Managed Health Care shall be licensed and in good

standing with their respective licensing agencies. In their application to the program, those entities shall provide assurance of their standing with the appropriate licensing entity.

SEC. 4.5. Section 12693.50 is added to the Insurance Code, to read:

12693.50. (a) The board shall consult and coordinate with the State Department of Health Services to implement the Medi-Cal to Healthy Families Accelerated Enrollment program pursuant to Section 14011.65 of the Welfare and Institutions Code.

(b) The state shall seek approval of any amendments to the state plan, necessary to implement Section 14011.65 of the Welfare and Institutions Code in accordance with Title XXI of the Social Security Act (42 U.S.C. 1397aa et seq.). Notwithstanding any other provision of law, only when all necessary federal approvals have been obtained shall Section 14011.65 of the Welfare and Institutions Code be implemented.

(c) The board may adopt emergency regulations to implement the provision of accelerated eligibility benefits pursuant to this section and as described under Section 14011.65 of the Welfare and Institutions Code. The emergency regulations shall include, but not be limited to, regulations that implement any changes in rules relating to program eligibility, enrollment, and disenrollment. The initial adoption of emergency regulations and one readoption of the initial regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, and general welfare. Initial emergency regulations and the first readoption of those regulations shall be exempt from review by the Office of Administrative Law. The initial emergency regulations and one readoption of those regulations authorized by this section shall be submitted to the Office of Administrative Law for filing with the Secretary of State and publication in the California Code of Regulations, and each shall remain in effect for no more than 180 days.

SEC. 5. Section 12699.52 of the Insurance Code is amended to read:

12699.52. (a) The County Health Initiative Matching Fund is hereby created within the State Treasury. The fund shall accept intergovernmental transfers as follows:

(1) The nonfederal matching fund requirement for federal financial participation through the State Children's Health Insurance Program (Subchapter 21 (commencing with Section 1397aa) of Chapter 7 of Title 42 of the United States Code).

(2) Funding associated with a proposal approved pursuant to subdivision (g) of Section 12699.53.

(b) Amounts deposited in the fund shall be used only for the purposes specified by this part.

(c) The board shall administer this fund and the provisions of this part in collaboration with the State Department of Health Services for the express purpose of allowing local funds to be used to facilitate increasing the state's ability to utilize federal funds available to California and for costs associated with a proposal pursuant to subdivision (g) of Section 12699.53. Federal funds shall be used prior to the expiration of their authority for programs designed to improve and expand access for uninsured persons.

(d) The board shall authorize the expenditure of money in the fund to cover program expenses, including cost to the state to administer the program.

SEC. 6. Section 12699.53 of the Insurance Code is amended to read:

12699.53. (a) An applicant that will provide an intergovernmental transfer may submit a proposal to the board for funding for the purpose of providing comprehensive health insurance coverage to any child or adult who meets citizenship and immigration status requirements that are applicable to persons participating in the program established by Title XXI of the Social Security Act, and in case of a child, whose family income is at or below 300 percent of the federal poverty level, or in case of an adult, whose family income does not exceed 200 percent of the federal poverty level, in specific geographic areas, as published quarterly in the Federal Register by the Department of Health and Human Services, and which child or adult does not qualify for either the Healthy Families Program (Part 6.2 (commencing with Section 12693) or Medi-Cal with no share of cost pursuant to the Medi-Cal Act (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code).

(b) The proposal shall guarantee at least one year of intergovernmental transfer funding by the applicant at a level that ensures compliance with the requirements of any applicable approved federal waiver or state plan amendment as well as the board's requirements for the sound operation of the proposed project, and shall, on an annual basis, either commit to fully funding the necessary intergovernmental amount or withdraw from the program. The board may identify specific geographical areas that, in comparison to the national level, have a higher cost of living or housing or a greater need for additional health services, using data obtained from the most recent federal census, the federal Consumer Expenditure Survey, or from other sources. The proposal may include an administrative mechanism for outreach and eligibility.

(c) The applicant may include in its proposal reimbursement of medical, dental, vision, or mental health services delivered to children who are eligible under the State Children's Health Insurance Program (Subchapter 21 (commencing with Section 1397aa) of Chapter 7 of Title

The proposal from an applicant shall contain provisions to ensure that a child whom the health, dental, or vision plan reasonably believes would be eligible for services under the California Children's Services Program is referred to that program. The California Children's Services Program shall provide case management and authorization of services if the child is found to be eligible for the California Children's Services Program. Diagnosis and treatment services that are authorized by the California Children's Services Program shall be performed by paneled providers for that program and approved special care centers of that program and approved by the California Children's Services Program. (2) This subdivision shall not apply if the population to be served by the applicant's proposal is less than 1,000 persons.

(g) Notwithstanding any other provision of this section, an applicant may submit a proposal to the board for the purposes of providing comprehensive health insurance coverage to children whose coverage is not eligible for funding under Title XXI of the Social Security Act, or to a combination of children whose coverage is eligible for funding under Title XXI of the Social Security Act and children whose coverage is not eligible for that funding. To be approved by the board, these proposals shall comply with both of the following requirements:

(1) Meet all applicable requirements for funding under this part, except for availability of funding through Title XXI of the Social Security Act.

(2) Provide for the administration of children's coverage by the board through the administrative infrastructure serving the Healthy Families Program, and through health, dental, and vision plans serving the Healthy Families Program.

(1) The extent to which the program described in the proposal provides comprehensive coverage including health, dental, and vision benefits.

(2) Whether the proposal includes a promotional component to notify the public of its provision of health insurance to eligible children.

(3) The simplicity of the proposal's procedures for applying to participate and for determining eligibility for participation in its program.

(4) The extent to which the proposal provides for coordination and conformity with benefits provided through Medi-Cal and the Healthy Families Program.

(5) The extent to which the proposal provides for coordination and conformity with existing Healthy Families Program administrative entities in order to prevent administrative duplication and fragmentation.

(6) The ability of the health care providers designated in the proposal to serve the eligible population and the extent to which the proposal includes traditional and safety net providers, as defined in regulations adopted pursuant to the Healthy Families Program.

(7) For children's coverage, the extent to which the proposal intends to work with the school districts and county offices of education.

(8) The total amount of funds available to the applicant to implement the program described in its proposal, and the percentage of this amount proposed for administrative costs as well as the cost to the state to administer the proposal.

(9) The extent to which the proposal seeks to minimize the substitution of private employer health insurance coverage for health benefits provided through a governmental source.

(10) The extent to which local resources may be available after the depletion of federal funds to continue any current program expansions for persons covered under local health care financing programs or for expanded benefits.

(11) For coverage proposals for adults, the extent to which the proposal seeks to pursue assistance from employers in the payment of

premiums and whether the proposal requires, as a condition of parental enrollment, the enrollment of children in the applicant's plan or a competing plan.

(12) For coverage proposals for adults, the extent to which the proposal offers subscribers a choice of health care service plans or health insurers similar to the choices available to children eligible for the Healthy Families Program in that county.

(A) The same income methodology shall be used for the proposed program that is currently used for the Medi-Cal and the Healthy Families programs.

(B) Only participating licensed Healthy Families dental, health, and vision plans may be used. However, the board may permit exceptions to this requirement consistent with the purpose, of this part.

The board and the applicant shall not be required to specify the amounts encumbered for each contract, but may allocate funds to each contract based on the projected or actual subscriber enrollments to a total amount not to exceed the amount appropriated for the project including family contributions.

Not more than 10 percent of the County Health Initiative Matching Fund and matching federal funds shall be expended in any one fiscal year for administrative costs, including the costs to the state to administer the proposal, unless the board permits the expenditure consistent with the availability of federal matching funds not needed for the purposes

described in paragraph (3) of subdivision (a) of Section 12699.62, or unless the board determines that an expenditure for administrative costs has no impact on available federal funding. The board, in collaboration with the State Department of Health Services, may audit the expenses incurred by the applicant in implementing its program to ensure that the expenditures comply with the provisions of this part. No reimbursement may be made to an applicant that fails to meet its financial participation obligation under this part. The state's reasonable startup costs and ongoing costs for administering the program shall be reimbursed by those entities applying for funding.

4691.6. (a) Notwithstanding any other provision of law or regulation, during the 2005-06 fiscal year, the department may not establish any permanent payment rate for a community-based day program or in-home respite service agency provider that has a temporary payment rate in effect on June 30, 2005, if the permanent payment rate would be greater than the temporary payment rate in effect on or after June 30, 2005, unless the regional center demonstrates to the department that the permanent payment rate is necessary to protect the consumers' health or safety.

(b) Notwithstanding any other provision of law or regulation, during the 2005-06 fiscal year, neither the department nor any regional center may approve any program design modification or revendorization for a community-based day program or in-home respite service agency provider that would result in an increase in the rate to be paid to the vendor from the rate that is in effect on or after June 30, 2005, unless the regional center demonstrates that the program design modification or revendorization is necessary to protect the consumers' health or safety and the department has granted prior written authorization.

(c) Notwithstanding any other provision of law or regulation, during the 2005-06 fiscal year, the department may not approve an anticipated rate adjusted for a community-based day program or in-home respite service agency provider that would result in an increase in the rate to be paid to the vendor from the rate that is in effect on or after June 30, 2005, unless the regional center demonstrates that the anticipated rate adjustment is necessary to protect the consumers' health or safety.

(d) Notwithstanding any other provision of law or regulation, during the 2005-06 fiscal year, the department may not approve any rate adjustment for a habilitation services program that would result in an increase in the rate to be paid to the vendor from the rate that is in effect on or after June 30, 2005, unless the regional center demonstrates that the rate adjustment is necessary to protect the consumers' health and safety and the department has granted prior written authorization.

SEC. 17. Section 4781.5 of the Welfare and Institutions Code is amended to read:

SEC. 19. Section 5775 of the Welfare and Institutions Code is amended to read:

5775. (a) Notwithstanding any other provision of state law, the State Department of Mental Health shall implement managed mental health care for Medi-Cal beneficiaries through fee-for-service or capitated rate contracts with mental health plans, including individual counties, counties acting jointly, any qualified individual or organization, or a nongovernmental entity. A contract may be exclusive and may be awarded on a geographic basis.

(b) Two or more counties acting jointly may agree to deliver or subcontract for the delivery of mental health services. The agreement may encompass all or any portion of the mental health services provided pursuant to this part. This agreement shall not relieve the individual counties of financial responsibility for providing these services. Any agreement between counties shall delineate each county's responsibilities and fiscal liability.

(c) The department shall offer to contract with each county for the delivery of mental health services to that county's Medi-Cal beneficiary population prior to offering to contract with any other entity, upon terms at least as favorable as any offered to a noncounty contract provider. If a county elects not to contract with the department, does not renew its contract, or does not meet the minimum standards set by the department, the department may elect to contract with any other governmental or nongovernmental entity for the delivery of mental health services in that county and may administer the delivery of mental health services until a contract for a mental health plan is implemented. The county may not subsequently contract to provide mental health services under this part unless the department elects to contract with the county.

(d) If a county does not contract with the department to provide mental health services, the county shall transfer the responsibility for community Medi-Cal reimbursable mental health services and the anticipated county matching funds needed for community Medi-Cal mental health services in that county to the department. The amount of the anticipated county matching funds shall be determined by the department in consultation

with the county, and shall be adjusted annually. The amount transferred shall be based on historical cost, adjusted for changes in the number of Medi-Cal beneficiaries and other relevant factors. The anticipated county matching funds shall be used by the department to contract with another entity for mental health services, and shall not be expended for any other purpose but the provision of those services and related administrative costs. The county shall continue to deliver non-Medi-Cal reimbursable mental health services in accordance with this division, and subject to subdivision (i) of Section 5777.

(e) Whenever the department determines that a mental health plan has failed to comply with this part or any regulations adopted pursuant to this part that implement this part, the department may impose sanctions, including, but not limited to, fines, penalties, the withholding of payments, special requirements, probationary or corrective actions, or any other actions deemed necessary to prompt and ensure contract and performance compliance. If fines are imposed by the department, they may be withheld from the state matching funds provided to a mental health plan for Medi-Cal mental health services.

(f) Notwithstanding any other provision of law, emergency regulations adopted pursuant to Section 14680 to implement the second phase of mental health managed care as provided in this part shall remain in effect until permanent regulations are adopted, or June 30, 2006, whichever occurs first.

(g) The department shall convene at least two public hearings to clarify new federal regulations recently enacted by the federal Centers for Medicare and Medicaid Services that affect the state's second phase of mental health managed care and shall report to the Legislature on the results of these hearings through the 2005–06 budget deliberations.

(h) The department may adopt emergency regulations necessary to implement Part 438 (commencing with Section 438.1) of Subpart A of Subchapter C of Chapter IV of Title 42 of the Code of Federal Regulations, in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The adoption of emergency regulations to implement this part, that are filed with the Office of Administrative Law within one year of the date on which the act that amended this subdivision in 2003 took effect, shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, and safety, or general welfare, and shall remain in effect for no more than 180 days.

SEC. 20. Section 6606 of the Welfare and Institutions Code is amended to read:

6606. (a) A person who is committed under this article shall be provided with programming by the State Department of Mental Health

which shall afford the person with treatment for his or her diagnosed mental disorder. Persons who decline treatment shall be offered the opportunity to participate in treatment on at least a monthly basis.

(b) Amenability to treatment is not required for a finding that any person is a person described in Section 6600, nor is it required for treatment of that person. Treatment does not mean that the treatment be successful or potentially successful, nor does it mean that the person must recognize his or her problem and willingly participate in the treatment program.

(c) The programming provided by the State Department of Mental Health in facilities shall be consistent with current institutional standards for the treatment of sex offenders, and shall be based on a structured treatment protocol developed by the State Department of Mental Health. The protocol shall describe the number and types of treatment components that are provided in the program, and shall specify how assessment data will be used to determine the course of treatment for each individual offender. The protocol shall also specify measures that will be used to assess treatment progress and changes with respect to the individual's risk of reoffense.

(d) Notwithstanding any other provision of law, except as to requirements relating to fire and life safety of persons with mental illness, and consistent with information and standards described in subdivision (c), the department is authorized to provide the programming using an outpatient/day treatment model, wherein treatment is provided by licensed professional clinicians in living units not licensed as health facility beds within a secure facility setting, on less than a 24-hour a day basis. The department shall take into consideration the unique characteristics, individual needs, and choices of persons committed under this article, including whether or not a person needs antipsychotic medication, whether or not a person has physical medical conditions, and whether or not a person chooses to participate in a specified course of offender treatment. The department shall ensure that policies and procedures are in place that address changes in patient needs, as well as patient choices, and respond to treatment needs in a timely fashion. The department, in implementing this subdivision, shall be allowed by the State Department of Health Services to place health facility beds at Coalinga State Hospital in suspense for a period of up to six years. Coalinga State Hospital may remove all or any portion of its voluntarily suspended beds into active license status by request to the State Department of Health Services. The facility's request shall be granted unless the suspended beds fail to comply with current operational requirements for licensure.

(e) The department shall meet with each patient who has chosen not to participate in a specific course of offender treatment during monthly

treatment planning conferences. At these conferences the department shall explain treatment options available to the patient, offer and re-offer treatment to the patient, seek to obtain the patient's cooperation in the recommended treatment options, and document these steps in the patient's health record. The fact that a patient has chosen not to participate in treatment in the past shall not establish that the patient continues to choose not to participate.

SEC. 20.1. Section 10506 is added to the Welfare and Institutions Code, to read:

10506. (a) Except as otherwise required by Sections 10614 and 14100.5, the State Department of Health Services (Genetically Handicapped Persons, CCS, CHDP, and the caseload programs in the Genetic Disease Branch), State Department of Alcohol and Drug Programs (Drug Medi-Cal Program), Managed Risk Medical Insurance Board, State Department of Developmental Services, State Department of Mental Health, Department of Rehabilitation, and Department of Child Support Services shall submit to the Department of Finance for its approval all assumptions underlying all estimates used to develop the departments' budgets by September 10 of each year, and those assumptions, as revised by, March 1 of the following year.

(b) The Department of Finance shall approve, modify, or deny the assumptions underlying all estimates within 15 working days of their submission. If the Department of Finance does not modify, deny, or otherwise indicate that the assumptions are open for consideration pending further information submitted by the department by that date, the assumptions as presented by the submitting department shall be deemed to be accepted by the Department of Finance as of that date.

(c) Each department or board described in subdivision (a) shall also submit an estimate of expenditures for each of the categorical aid programs in its budget to the Department of Finance by November 1 of each year and those estimates as revised by April 20 of the following year. The submittal shall include a projection of the fiscal impact of each of the approved assumptions related to a regulatory, statutory, or policy change, a detailed explanation of any changes to the base estimate projections from the previous estimate, and a projection of the fiscal impact of that change to the base estimate.

(d) Each department or board shall identify those premises to which either of the following applies:

(1) Have been discontinued since the previous estimate was submitted. The department or board shall provide a chart that tracks the history of each discontinued premise in the prior year, the current year, and the budget year.

(2) Have been placed in the basic cost line of the estimate package.

(e) In the event that the methodological steps employed in arriving at the estimates in May differ from those used in November of the preceding year, the department or board shall submit a descriptive narrative of the revised methodology. In addition, the estimates shall include fiscal charts that track appropriations from the Budget Act to the current Governor's Budget and May Revision for all fund sources for the prior year, current year and budget year. This information shall be provided to the Department of Finance, the Joint Legislative Budget Committee, the Health and Human Services Policy Committees, and the fiscal committees, along with other materials included in the annual May revision of expenditure estimates.

(f) The estimates of average monthly caseloads, average monthly grants, total estimated expenditures, including administrative expenditures and savings or costs associated with all regulatory or statutory changes, as well as all supporting data provided by the department or developed independently by the Department of Finance, shall be made available to the Joint Legislative Budget Committee, the Health and Human Services Policy Committees, and the fiscal committees.

(g) On or after January 10, if the Department of Finance discovers a material error in the information provided pursuant to this section, the Department of Finance shall inform the consultants to the fiscal committees of the error in a timely manner.

(h) The departmental estimates, assumptions, and other supporting data prepared for purposes of this section shall be forwarded annually to the Joint Legislative Budget Committee, the Health and Human Services Policy Committees, and the fiscal committees of the Legislature, not later than January 10 and May 14 by the department or board if this information has not been released earlier by the Department of Finance.

(i) The requirements of this section do not apply to the State Department of Social Services estimate or the State Department of Health Services' Medi-Cal Program estimate, which are governed by Sections 10614 and 14100.5, respectively.

SEC. 20.2. Section 14001.11 is added to the Welfare and Institutions Code, to read:

The department shall request input from the counties as to the potential cost of implementing these provisions, and shall consider that input in developing the budget.

(c) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement, interpret, or make specific this section by means of all county letters, provider bulletins, or similar instructions, with input from the counties. Thereafter, the department may adopt regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of the Government Code.

(d) The department shall seek approval of any amendments to the state plan, necessary to implement this section, for purposes of federal financial participation under Title XIX of the Social Security Act (42 U.S.C. Sec. 1396 et seq.). Notwithstanding any other law and only when all necessary federal approvals have been obtained, this section, with the exception of the Phased-Down State Contribution, as described in subparagraphs (A) to (C), inclusive, of paragraph (1) of subdivision (c) of Section 1396u-5 of Title 42 of the United States Code, shall be implemented only to the extent federal financial participation is available.

SEC. 20.3. Section 14011.65 is added to the Welfare and Institutions Code, to read:

14011.65. (a) To the extent allowed under federal law and only if federal financial participation is available under Title XXI of the Social Security Act (42 U.S.C. (E) The child is not receiving Medi-Cal benefits at the time that the application is submitted.

(F) The child, or his or her parent or guardian, gives, or has given consent for the application to be shared with the Healthy Families Program for purposes of determining the child's Healthy Families Program eligibility.

(2) The period of accelerated eligibility provided for under this section begins on the first day of the month that the county finds that the child meets all of the criteria described in paragraph (1) and concludes on the last day of the month that the child either is fully enrolled in, or has been determined ineligible for, the Healthy Families Program.

(3) For any child who meets the requirements for temporary health benefits under this section, the county shall forward to the Healthy Families Program sufficient information from the child's application to determine eligibility for the Healthy Families Program. To the extent possible, submission of that information to the Healthy Families Program shall be accomplished using an electronic process developed for use in the Medi-Cal-to-Healthy Families Bridge Benefits Program. The department shall give the Healthy Families Program a daily electronic file of all children provided temporary health benefits pursuant to this section.

(4) The temporary health benefits provided under this section shall be identical to the benefits provided to children who receive full-scope Medi-Cal benefits without a share of cost and shall only be made available through a Medi-Cal provider.

(c) The department, in consultation with the Managed Risk Medical Insurance Board and representatives of the local agencies that administer the Medi-Cal program, consumer advocates, and other stakeholders, shall develop and distribute the policies and procedures, including any all-county letters, necessary to implement this section.

(d) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department shall implement this section by means of all-county letters or similar instructions, without taking any further regulatory action. Notwithstanding any other provision of law, only when all necessary federal approvals have been obtained shall this section be implemented.

(f) Under no circumstances shall this section be implemented unless the state has sought and obtained approval of any amendments to its state plan, as described in Section 12693.50 of the Insurance Code, necessary to implement this section and obtain funding under Title XXI of the Social Security Act(42 U.S.C. Sec. 1397aa et seq.) for the provision of benefits provided under this section. Notwithstanding any other provision of law, and only when all necessary federal approvals have been obtained by the state, this section shall be implemented only to the extent federal financial participation under Title XXI of the Social Security Act(42 U.S.C. Sec. 1397aa et seq.) is available to fund benefits provided under this section.

(g) The department shall commence implementation of this section on the first day of the third month following the month in which federal approval of the state plan amendment or amendments described in subdivision (f), and subdivision (b) of Section 12693.50 of the Insurance Code is received, or on August 1, 2006, whichever is later.

(e) During the period of the moratorium, a licensee or applicant that meets the criteria for an exemption as defined in subdivision (d) may submit a written request for an exemption to the director.

(f) If the director determines that a new adult day health care licensee or applicant meets the exemption criteria, the director may certify the licensee or applicant, once licensed, for participation in the Medi-Cal program.

(b) (1) A county board of supervisors may, by ordinance, establish a commission to negotiate the exclusive contract specified in Section 14087.5 and to arrange for the provision of health care services provided pursuant to this chapter. The boards of supervisors of more than one county may also establish a single commission with the authority to negotiate an exclusive contract and to arrange for the provision of services in those counties. If a board of supervisors elects to enact this ordinance, all rights, powers, duties, privileges, and immunities vested in a county by this article shall be vested in the county commission. Any reference in this article to "county" shall mean a commission established pursuant to this section.

(2) The commission operating in Santa Cruz and Monterey Counties pursuant to this section may also enter into contracts for the provision of health care services to persons who are eligible to receive medical benefits under any publicly supported program, if the commission and participating providers acting pursuant to subcontracts with the commission agree to hold harmless the beneficiaries of the publicly supported programs if the contract between the sponsoring government agency and the commission does not ensure sufficient funding to cover program costs. The commission shall not use any payments or reserves from the Medi-Cal program for this purpose.

(c) It is the intent of the Legislature that if a county forms a commission pursuant to this section, the county shall, with respect to its medical facilities and programs occupy no greater or lesser status than any other health care provider in negotiating with the commission for contracts to provide health care services.

(d) The enabling ordinance shall specify the membership of the county commission, the qualifications for individual members, the manner of appointment, selection, or removal of commissioners, and how long they shall serve, and any other matters as a board of supervisors deems necessary or convenient for the conduct of the county commission's activities. 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code. Any obligations of a commission, statutory, contractual, or otherwise, shall be the obligations solely of the commission and shall not be the obligations of the county or of the state.

(e) Upon creation, a commission may borrow from the county or counties, and the county or counties may lend the commission funds, or issue revenue anticipation notes to obtain those funds necessary to commence operations.

(f) In the event a commission may no longer function for the purposes for which it was established, at such time as the commission's then existing obligations have been satisfied or the commission's assets have been exhausted, the board or boards of supervisors may by ordinance terminate the commission.

(g) Prior to the termination of a commission, the board or boards of supervisors shall notify the State Department of Health Services of its intent to terminate the commission. The department shall conduct an audit of the commission's records within 30 days of the notification to determine the liabilities and assets of the commission. The department shall report its findings to the board or boards within 10 days of completion of the audit. The board or boards shall prepare a plan to liquidate or otherwise dispose of the assets of the commission and to pay the liabilities of the commission to the extent of the commission's assets, and present the plan to the department within 30 days upon receipt of these findings.

(h) Upon termination of a commission by the board or boards, the county or counties shall manage any remaining assets of the commission until superseded by a department approved plan. Any liabilities of the commission shall not become obligations of the county or counties upon either the termination of the commission or the liquidation or disposition of the commission's remaining assets.

(i) Any assets of a commission shall be disposed of pursuant to provisions contained in the contract entered into between the state and the commission pursuant to this article.

(a) The department shall establish and maintain a plan whereby costs for county administration of the determination of eligibility for benefits under this chapter will be effectively controlled within the amounts annually appropriated for that administration. The plan, to be known as the County Administrative Cost Control Plan, shall establish standards and performance criteria, including workload, productivity, and support services standards, to which counties shall adhere. The plan shall include standards for controlling eligibility determination costs that are incurred by performing eligibility determinations at county hospitals, or that are incurred due to the outstationing of any other eligibility function. Except as provided in Section 14154.15, reimbursement to a county for outstationed eligibility functions shall be based solely on productivity standards applied to that county's welfare department office. The plan shall be part of a single state plan, jointly developed by the department and the State Department of Social Services, in conjunction with the counties, for administrative cost control for the California Work Opportunity and Responsibility to Kids (CalWORKs), Food Stamp, and Medical Assistance (Medi-Cal) programs. Allocations shall be made to each county and shall be limited by and determined based upon the County Administrative Cost Control Plan. In administering the plan to control county administrative costs, the department shall not allocate state funds to cover county cost overruns that result from county failure to meet requirements of the plan. The department and the State Department of Social Services shall budget, administer, and allocate state funds for county administration in a uniform and consistent manner.

Nothing in this section shall be interpreted to eliminate any remedy otherwise available to the department to enforce accurate county administration of the program. In administering the Medi-Cal eligibility process, each county shall meet the following performance standards each fiscal year:

(1) Complete eligibility determinations as follows:

(A) Ninety percent of the general applications without applicant errors and are complete shall be completed within 45 days.

(B) Ninety percent of the applications for Medi-Cal based on disability shall be completed within 90 days, excluding delays by the state.

(2) (A) The department shall establish best-practice guidelines for expedited enrollment of newborns into the Medi-Cal program, preferably with the goal of enrolling newborns within 10 days after the county is informed of the birth. The department, in consultation with counties and other stakeholders, shall work to develop a process for expediting enrollment for all newborns, including those born to mothers receiving CalWORKs assistance.

(B) Upon the development and implementation of the best-practice guidelines and expedited processes, the department and the counties may develop an expedited enrollment timeframe for newborns that is separate from the standards for all other applications, to the extent that the timeframe is consistent with these guidelines and processes.

(C) Notwithstanding the rulemaking procedures of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement this section by means of all-county letters or similar instructions, without further regulatory action.

Families Bridge Benefits Program, and these cases shall be processed as follows:

(ii) Ninety percent of all annual redetermination forms for these children shall be sent to the Healthy Families Program within five working days from the determination of a share of cost if the parent has given consent to send this information to the Healthy Families Program.

(iii) Ninety percent of the families of these children placed in the Medi-Cal-to-Healthy Families Bridge Benefits Program who have not consented to sending the child's annual redetermination form to the Healthy Families Program shall be sent a request, within five working days of the determination of a share of cost, to consent to send the information to the Healthy Families Program.

(E) Subparagraph (D) shall not be implemented until 60 days after the Medi-Cal and Joint Medi-Cal and Healthy Families applications and the Medi-Cal redetermination forms are revised to allow the parent of a child to consent to forward the child's information to the Healthy Families Program.

(d) The department shall develop procedures in collaboration with the counties and stakeholder groups for determining county review cycles, sampling methodology and procedures, and data reporting.

(e) On January 1 of each year, each applicable county, as determined by the department, shall report to the department on the county's results in meeting the performance standards specified in this section. The report shall be subject to verification by the department. County reports shall be provided to the public upon written request.

(f) If the department finds that a county is not in compliance with one or more of the standards set forth in this section, the county shall, within 60 days, submit a corrective action plan to the department for approval. The corrective action plan shall, at a minimum, include steps that the county shall take to improve its performance on the standard of standards with which the county is out of compliance. The plan shall establish interim benchmarks for improvement that shall be expected to be met by the county in order to avoid a sanction.

(g) If a county does not meet the performance standards for completing eligibility determinations and redeterminations as specified in this section, the department may, at its sole discretion, reduce the allocation of funds to that county in the following year by 2 percent. Any funds so reduced may be restored by the department if, in the determination of the department, sufficient improvement has been made by the county in meeting the performance standards during the year for which the funds

were reduced. If the county continues not to meet the performance standards, the department may reduce the allocation by an additional 2 percent for each year thereafter in which sufficient improvement has not been made to meet the performance standards.

(h) The department shall develop procedures, in collaboration with the counties and stakeholders, for developing instructions for the performance standards established under subparagraph (D) of paragraph (3) of subdivision (c), no later than September 1, 2005.

(i) No later than September 1, 2005, the department shall issue a revised annual redetermination form to allow a parent to indicate parental consent to forward the annual redetermination form to the Healthy Families Program if the child is determined to have a share of cost.

(j) The department, in coordination with the Managed Risk Medical Insurance Board, shall streamline the method of providing the Healthy Families Program with information necessary to determine Healthy Families eligibility for a child who is receiving services under the Medi-Cal-to-Healthy Families Bridge Benefits Program.

During participation in the pilot program, the health facility shall comply with all the terms and conditions of the federal waiver described in subdivision (b), and shall not be subject to licensure or inspection under Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code. upon compensation by the governing board to cover that increased level of support.

(4) The contract between the department and the County Medical Services Program Governing Board may include provisions for the administration of a pharmacy benefit program and, pursuant to these provisions, the department may negotiate, on behalf of the County Medical Services Program, rebates from manufacturers that agree to participate. The governing board shall reimburse the department for staff costs associated with this paragraph.

(5) The department shall administer the County Medical Services Program pursuant to the provisions of the 1993-94 fiscal year contract with the counties and regulations relating to the administration of the program until the County Medical Services Program Governing Board executes a contract for the administration of the County Medical Services Program and adopts regulations for that purpose.

(6) The department shall not be liable for any costs related to decisions of the County Medical Services Program Governing Board that are in excess of those set forth in the contract between the department and the County Medical Services Program Governing Board.

(b) Each county intending to participate in the County Medical Services Program pursuant to this section shall submit to the Governing Board of the County Medical Services Program a notice of intent to contract adopted by the board of supervisors no later than April 1 of the fiscal year preceding the fiscal year in which the county will participate in the County Medical Services Program.

(c) A county participating in the County Medical Services Program pursuant to this section shall not be relieved of its indigent health care obligation under Section 17000.

(d) (1) The County Medical Services Program Account is established in the County Health Services Fund. The County Medical Services Program Account is continuously appropriated, notwithstanding Section 13340 of the Government Code, without regard to fiscal years. (g) A separate County Medical Services Program Reserve Account is established in the County Health Services Fund. Six months after the end of each fiscal year, any projected savings in the program account shall be transferred to the reserve account, with final settlement occurring no more than 12 months later. Moneys in this account shall be utilized when expenditures for health services made pursuant to subdivision (j) for a fiscal year exceed the amount of funds available in the program account for that fiscal year. When funds in the reserve account are estimated to exceed 10 percent of the budget for health services for all counties electing to participate in the County Medical Services Program under this section for the fiscal year, the additional funds shall be available for expenditure to augment the rates, benefits, or eligibility criteria pursuant to subdivision (j) or for reducing the participation fees as determined by the County Medical Services Program Governing Board pursuant to subdivision (i). Nothing in this section shall preclude the CMSP Governing Board from establishing other reserves.

(h) Moneys in the program account and the reserve account, except for moneys provided by the state in excess of the amount required to fund the state risk specified in subdivision (j), and any funds loaned pursuant to subdivision (q) shall not be transferred to any other fund or account in the State Treasury except for purposes of investment as provided in Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code. CHAPTER 81

An act to add Section 2932.2 to the Fish and Game Code, to add Sections 25363.5 and 25404.9 to the Health and Safety Code, to amend Section 2795 of, and to add Section 6217.8 to, the Public Resources Code, to add Section 384.1 to the Public Utilities Code, to amend Section 1259.4 of the Water Code, and to amend Section 4 of Chapter 138 of the Statutes of 1964, First Extraordinary Session, relating to resources, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 19, 2005. Filed with Secretary of State July 19, 2005.]

To the members of the California State Senate:

I am signing Senate Bill No. 71 with the following line item veto in Section 1 to more closely align the bill with my expenditure plan.

SECTION 1. Section 2932.2 is added to the Fish and Game Code, to read:

2932.2. Of the funds appropriated pursuant to Section 79565 of the Water Code, not less than ~~twelve million dollars~~ *eight million five hundred thousand dollars* (~~$12,000,000~~ *$8,500,000*) shall be made available for transfer or direct expenditure for acquisition, grants, or other activities that directly restore the Salton Sea and its transboundary watersheds, consistent with Section 2932.

I am reducing this allocation in recognition of the fact that only $8,800,000 in funds appropriated pursuant to Section 79565 of the Water Code will be available for allocation during 2005-06. By reducing this allocation to $8,500,000, the available funding will not be exceeded, and a small reserve will remain for contingencies in all activities and projects funded by this section of the Water Code.

With the above line item veto, I hereby approve SB 71.

ARNOLD SCHWARZENEGGER, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 2932.2 is added to the Fish and Game Code, to read:

(13) During the calendar year 1987, 20 percent or the total amount of three million four hundred thousand dollars ($3,400,000) during that year, whichever is less.

(14) During the calendar year 1988, and each calendar year thereafter, the total sum of one million dollars ($1,000,000) during each year.

If the execution of the contractors' agreement is delayed beyond December 31, 1964, the city shall retain 50 percent of remaining oil revenue, as provided in paragraph (1) of the above schedule, until and including the last day of the third calendar year following the calendar year in which the contractors' agreement is executed, and the amounts or percentages of remaining oil revenues to be retained by the city as specified in paragraphs (2) to (14), inclusive, of the above schedule shall

be deferred accordingly. If the total aggregate amount of remaining oil revenue (including advance payments) retained by the city on and after the effective date of this act should reach the sum of two hundred thirty-eight million dollars ($238,000,000) at any date prior to January 1, 1988, the city shall retain during the next calendar year following the date at which that total aggregate sum is reached, and during each calendar year thereafter, the total sum of one million dollars ($1,000,000) out of remaining oil revenue during each year, in lieu of any amounts that might otherwise be specified in the above schedule in respect to those years.

(f) The contractors' agreement shall include a provision for a "reserve for subsidence contingencies." This reserve shall accumulate at the rate of two million dollars ($2,000,000) a year, exclusive of interest thereon, commencing from and after the first day of the second month following termination of the right to receive any advance payment from the field contractor and shall continue for a period of 20 years thereafter. The amounts so accumulated, but not the interest thereon, shall be treated as a cost of oil production under the contractors' agreement and shall be deductible in computing oil revenue.

The amounts so accumulated, together with interest, shall be impounded by the city in a separate fund and shall be invested in bond issued by the state or if those bonds are unavailable, then in securities of the United States. the fund shall be available to indemnify and hold harmless the City of Long Beach, the state, and any and all contractors under the contractors' agreement from claims, judgments, and costs of defense, arising from subsidence alleged to have occurred as a result of operations under the agreement. The fund may also be used for the purpose of paying subsidence costs or for conducting repressuring operations in the event there is no oil revenue or the oil revenue is insufficient to pay these costs.

The fund shall remain impounded until the time that the city and the state shall jointly determine that there is no longer any hazard of those claims or judgments or that there is no potential danger of subsidence, whichever is later. However, if the city and the state are unable to agree upon that joint determination, the State Lands Commission may make application to a court of competent jurisdiction for determination by the court as to whether it is necessary to continue the impoundment of the fund.

Upon termination of that impoundment, the money so impounded, including all interest and earnings thereof, shall be distributed to the city in addition to the amounts specified under subdivision (e), and the state, as follows: an amount equal to 50 percent of all subsidence costs approved and disbursed by the city from the effective date of this act to

and including December 31, 1968, shall be distributed and paid to the city; and the balance shall be paid and distributed to the state. Nothing herein contained shall constitute a waiver of sovereign immunity by the state; nor shall anything herein contained affect in any manner the rights and obligations of the City of Long Beach, the state, or the contractors under the contractors' agreement, or any of them, as against any other person or persons, relative to claims, judgments, or liability arising from subsidence of the land surface.

SEC. 9. For the purposes of Section 384.1 of the Public Utilities Code, the Legislature finds and declares that the Public Interest Energy Research Program provides contracts and grant funds to public and private entities for research, development, and demonstration of electricity-related innovations. The number of projects managed under the Public Interest Energy Research Program has grown from 340 projects in the 2000-01 fiscal year, to more than 700 projected projects for the 2005-06 fiscal year. In a March 2004 report, a legislatively mandated Independent Review Panel recommended that the State Energy Resources Conservation and Development Commission improve its research and development efforts by increasing project management positions. The report found that there remain requirements for additional technical and management staff to adequately select and manage the large and growing project workload.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to protect public health and safety and the environment, it is necessary that this act take effect immediately.

CHAPTER 82

An act to repeal Section 22325 of the Business and Professions Code, and to amend and repeal Section 1936 of the Civil Code, relating to vehicle rental agreements.

[Approved by Governor July 19, 2005. Filed with Secretary of State July 19, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 22325 of the Business and Professions Code is repealed.

SEC. 2. Section 1936 of the Civil Code, as amended by Section 1 of Chapter 317 of the Statutes of 2004, is amended to read:

1936. (a) For the purpose of this section, the following definitions shall apply:

(1) "Rental company" means any person or entity in the business of renting passenger vehicles to the public.

(2) "Renter" means any person in any manner obligated under a contract for the lease or hire of a passenger vehicle from a rental company for a period of less than 30 days.

(3) "Authorized driver" means (A) the renter, (B) the renter's spouse if that person is a licensed driver and satisfies the rental company's minimum age requirement, (C) the renter's employer or coworker if they are engaged in business activity with the renter, are licensed drivers, and satisfy the rental company's minimum age requirement, and (D) any person expressly listed by the rental company on the renter's contract as an authorized driver.

(4) (A) "Customer facility charge" means a fee required by an airport to be collected by a rental company from a renter for any of the following purposes:

(i) The fee shall be used to finance, design, and construct consolidated airport car rental facilities.

(ii) The fee shall be used to finance, design, construct, and provide common use transportation systems that move passengers between airport terminals and those consolidated car rental facilities.

(B) The aggregate amount to be collected may not exceed the reasonable costs, as determined by an independent audit paid for by the airport, to finance, design, and construct those facilities. Copies of the audit shall be provided to the Assembly and Senate Committees on Judiciary, the Assembly Committee on Transportation, and the Senate Committee on Transportation and Housing. In the case of a transportation system, the audit shall also consider the reasonable costs of providing the transit system or busing network. At the Burbank Airport, and at all other airports, the fees designated as a Customer Facility Charge may not be used to pay for terminal expansion, gate expansion, runway expansion, changes in hours of operation, or changes in the number of flights arriving or departing from the airport.

(C) The authorization given pursuant to this section for an airport to impose a customer facility charge shall become inoperative when the bonds used for financing are paid.

(5) "Damage waiver" means a rental company's agreement not to hold a renter liable for all or any portion of any damage or loss related to the rented vehicle, any loss of use of the rented vehicle, or any storage, impound, towing, or administrative charges.

(6) "Electronic surveillance technology" means a technological method or system used to observe, monitor, or collect information, including telematics, Global Positioning System (GPS), wireless technology, or location-based technologies. "Electronic surveillance technology" does not include event data recorders (EDR), sensing and diagnostic modules (SDM), or other systems that are used either:

(A) For the purpose of identifying, diagnosing, or monitoring functions related to the potential need to repair, service, or perform maintenance on the rental vehicle.

(B) As part of the vehicle's airbag sensing and diagnostic system in order to capture safety systems-related data for retrieval after a crash has occurred or in the event that the collision sensors are activated to prepare the decisionmaking computer to make the determination to deploy or not to deploy the airbag.

(7) "Estimated time for replacement" means the number of hours of labor, or fraction thereof, needed to replace damaged vehicle parts as set forth in collision damage estimating guides generally used in the vehicle repair business and commonly known as "crash books."

(8) "Estimated time for repair" means a good faith estimate of the reasonable number of hours of labor, or fraction thereof, needed to repair damaged vehicle parts.

(9) "Membership program" means a service offered by a rental company that permits customers to bypass the rental counter and go directly to the car previously reserved. A membership program shall meet all of the following requirements:

(A) The renter initiates enrollment by completing an application on which the renter can specify a preference for type of vehicle and acceptance or declination of optional services.

(B) The rental company fully discloses, prior to the enrollee's first rental as a participant in the program, all terms and conditions of the rental agreement as well as all required disclosures.

(C) The renter may terminate enrollment at any time.

(D) The rental company fully explains to the renter that designated preferences, as well as acceptance or declination of optional services, may be changed by the renter at any time for the next and future rentals.

(E) An employee designated to receive the form specified in subparagraph (C) of paragraph (1) of subdivision (r) is present at the lot where the renter takes possession of the car, to receive any change in the rental agreement from the renter.

(10) "Passenger vehicle" means a passenger vehicle as defined in Section 465 of the Vehicle Code.

(b) Except as limited by subdivision (c), a rental company and a renter may agree that the renter will be responsible for no more than all of the following:

(1) Physical or mechanical damage to the rented vehicle up to its fair market value, as determined in the customary market for the sale of that vehicle, resulting from collision regardless of the cause of the damage.

(2) Loss due to theft of the rented vehicle up to its fair market value, as determined in the customary market for the sale of that vehicle, provided that the rental company establishes by clear and convincing evidence that the renter or the authorized driver failed to exercise ordinary care while in possession of the vehicle. In addition, the renter shall be presumed to have no liability for any loss due to theft if (A) an authorized driver has possession of the ignition key furnished by the rental company or an authorized driver establishes that the ignition key furnished by the rental company was not in the vehicle at the time of the theft, and (B) an authorized driver files an official report of the theft with the police or other law enforcement agency within 24 hours of learning of the theft and reasonably cooperates with the rental company and the police or other law enforcement agency in providing information concerning the theft. The presumption set forth in this paragraph is a presumption affecting the burden of proof which the rental company may rebut by establishing that an authorized driver committed, or aided and abetted the commission of, the theft.

(3) Physical damage to the rented vehicle up to its fair market value, as determined in the customary market for the sale of that vehicle, resulting from vandalism occurring after, or in connection with, the theft of the rented vehicle. However, the renter shall have no liability for any damage due to vandalism if the renter would have no liability for theft pursuant to paragraph (2).

(4) Physical damage to the rented vehicle up to a total of five hundred dollars ($500) resulting from vandalism unrelated to the theft of the rented vehicle.

(5) Actual charges for towing, storage, and impound fees paid by the rental company if the renter is liable for damage or loss.

(6) An administrative charge, which shall include the cost of appraisal and all other costs and expenses incident to the damage, loss, repair, or replacement of the rented vehicle.

(c) The total amount of the renter's liability to the rental company resulting from damage to the rented vehicle may not exceed the sum of the following:

(1) The estimated cost of parts which the rental company would have to pay to replace damaged vehicle parts. All discounts and price reductions or adjustments that are or will be received by the rental

company shall be subtracted from the estimate to the extent not already incorporated in the estimate or otherwise promptly credited or refunded to the renter.

(2) The estimated cost of labor to replace damaged vehicle parts which may not exceed the product of (A) the rate for labor usually paid by the rental company to replace vehicle parts of the type that were damaged and (B) the estimated time for replacement. All discounts and price reductions or adjustments that are or will be received by the rental company shall be subtracted from the estimate to the extent not already incorporated in the estimate or otherwise promptly credited or refunded to the renter.

(3) (A) The estimated cost of labor to repair damaged vehicle parts, which may not exceed the lesser of the following:

(i) The product of the rate for labor usually paid by the rental company to repair vehicle parts of the type that were damaged and the estimated time for repair.

(ii) The sum of the estimated labor and parts costs determined under paragraphs (1) and (2) to replace the same vehicle parts.

(B) All discounts and price reductions or adjustments that are or will be received by the rental company shall be subtracted from the estimate to the extent not already incorporated in the estimate or otherwise promptly credited or refunded to the renter.

(4) For the purpose of converting the estimated time for repair into the same units of time in which the rental rate is expressed, a day shall be deemed to consist of eight hours.

(5) Actual charges for towing, storage, and impound fees paid by the rental company.

(6) The administrative charge described in paragraph (6) of subdivision (b) may not exceed (A) fifty dollars ($50) if the total estimated cost for parts and labor is more than one hundred dollars ($100) up to and including five hundred dollars ($500), (B) one hundred dollars ($100) if the total estimated cost for parts and labor exceeds five hundred dollars ($500) up to and including one thousand five hundred dollars ($1,500), and (C) one hundred fifty dollars ($150) if the total estimated cost for parts and labor exceeds one thousand five hundred dollars ($1,500). No administrative charge may be imposed if the total estimated cost of parts and labor is one hundred dollars ($100) or less.

(d) (1) The total amount of an authorized driver's liability to the rental company, if any, for damage occurring during the authorized driver's operation of the rented vehicle may not exceed the amount of the renter's liability under subdivision (c).

(2) A rental company may not recover from the renter or other authorized driver an amount exceeding the renter's liability under subdivision (c).

(3) A claim against a renter resulting from damage or loss, excluding loss of use, to a rental vehicle shall be reasonably and rationally related to the actual loss incurred. A rental company shall mitigate damages where possible and may not assert or collect any claim for physical damage which exceeds the actual costs of the repairs performed or the estimated cost of repairs, if the rental company chooses not to repair the vehicle, including all discounts and price reductions. However, if the vehicle is a total loss vehicle, the claim may not exceed the total loss vehicle value established in accordance with procedures that are customarily used by insurance companies when paying claims on total loss vehicles, less the proceeds from salvaging the vehicle, if those proceeds are retained by the rental company.

(4) If insurance coverage exists under the renter's applicable personal or business insurance policy and the coverage is confirmed during regular business hours, the renter may require that the rental company submit any claims to the renter's applicable personal or business insurance carrier. The rental company may not make any written or oral representations that it will not present claims or negotiate with the renter's insurance carrier. For purposes of this paragraph, confirmation of coverage includes telephone confirmation from insurance company representatives during regular business hours. Upon request of the renter and after confirmation of coverage, the amount of claim shall be resolved between the insurance carrier and the rental company. The renter shall remain responsible for payment to the rental car company for any loss sustained that the renter's applicable personal or business insurance policy does not cover.

(5) A rental company may not recover from the renter or other authorized driver for any item described in subdivision (b) to the extent the rental company obtains recovery from any other person.

(6) This section applies only to the maximum liability of a renter or other authorized driver to the rental company resulting from damage to the rented vehicle and not to the liability of any other person.

(e) (1) Except as provided in subdivision (f), every damage waiver shall provide or, if not expressly stated in writing, shall be deemed to provide that the renter has no liability for any damage, loss, loss of use, or any cost or expense incident thereto.

(2) Except as provided in subdivision (f), every limitation, exception, or exclusion to any damage waiver is void and unenforceable.

(f) A rental company may provide in the rental contract that a damage waiver does not apply under any of the following circumstances:

(1) Damage or loss results from an authorized driver's (A) intentional, willful, wanton, or reckless conduct, (B) operation of the vehicle under the influence of drugs or alcohol in violation of Section 23152 of the Vehicle Code, (C) towing or pushing anything, or (D) operation of the vehicle on an unpaved road if the damage or loss is a direct result of the road or driving conditions.

(2) Damage or loss occurs while the vehicle is (A) used for commercial hire, (B) used in connection with conduct that could be properly charged as a felony, (C) involved in a speed test or contest or in driver training activity, (D) operated by a person other than an authorized driver, or (E) operated outside of the United States.

(3) Any authorized driver who has (A) provided fraudulent information to the rental company, or (B) provided false information and the rental company would not have rented the vehicle if it had instead received true information.

(g) (1) A rental company that offers or provides a damage waiver for any consideration in addition to the rental rate shall clearly and conspicuously disclose the following information in the rental contract or holder in which the contract is placed and, also, in signs posted at the place, such as the counter, where the renter signs the rental contract, and, for renters who are enrolled in the rental company's membership program, in a sign which shall be posted in a location clearly visible to those renters as they enter the location where their reserved rental cars are parked or near the exit of the bus or other conveyance that transports the enrollee to a reserved car: (A) the nature of the renter's liability, e.g., liability for all collision damage regardless of cause, (B) the extent of the renter's liability, e.g., liability for damage or loss up to a specified amount, (C) the renter's personal insurance policy or the credit card used to pay for the car rental transaction may provide coverage for all or a portion of the renter's potential liability, (D) the renter should consult with his or her insurer to determine the scope of insurance coverage, including the amount of the deductible, if any, for which the renter is obligated, (E) the renter may purchase an optional damage waiver to cover all liability, subject to whatever exceptions the rental company expressly lists that are permitted under subdivision (f), and (F) the range of charges for the damage waiver.

(2) In addition to the requirements of paragraph (1), a rental company that offers or provides a damage waiver shall, orally disclose to all renters, except those who are participants in the rental company's membership program, that the damage waiver may be duplicative of coverage that the customer maintains under his or her own policy of motor vehicle insurance. The renter's receipt of the oral disclosure shall be demonstrated through the renter acknowledging receipt of the oral

disclosure near that part of the contract where the renter indicates, by the renter's own initials, his or her acceptance or declination of the damage waiver. Adjacent to that same part, the contract shall also state that the damage waiver is optional. Further, the contract for these renters shall include a clear and conspicuous written disclosure that the damage waiver may be duplicative of coverage that the customer maintains under his or her own policy of motor vehicle insurance.

(3) The following is an example, for purposes of illustration and not limitation, of a notice fulfilling the requirements of paragraph (1) for a rental company that imposes liability on the renter for collision damage to the full value of the vehicle:

NOTICE ABOUT YOUR FINANCIAL RESPONSIBILITY AND OPTIONAL DAMAGE WAIVER

You are responsible for all collision damage to the rented vehicle even if someone else caused it or the cause is unknown. You are responsible for the cost of repair up to the value of the vehicle, and towing, storage, and impound fees.

Your own insurance, or the issuer of the credit card you use to pay for the car rental transaction, may cover all or part of your financial responsibility for the rented vehicle. You should check with your insurance company, or credit card issuer, to find out about your coverage and the amount of the deductible, if any, for which you may be liable.

Further, if you use a credit card that provides coverage for your potential liability, you should check with the issuer to determine if you must first exhaust the coverage limits of your own insurance before the credit card coverage applies.

The rental company will not hold you responsible if you buy a damage waiver. But a damage waiver will not protect you if (list exceptions).

(A) When the above notice is printed in the rental contract or holder in which the contract is placed, the following shall be printed immediately following the notice:

"The cost of an optional damage waiver is $____ for every (day or week)."

(B) When the above notice appears on a sign, the following shall appear immediately adjacent to the notice:

"The cost of an optional damage waiver is $____ to $____ for every (day or week), depending upon the vehicle rented."

(h) Notwithstanding any other provision of law, a rental company may sell a damage waiver subject to the following rate limitations for each full or partial 24-hour rental day for the damage waiver.

(1) For rental vehicles that the rental company designates as an "economy car," "subcompact car," "compact car," or any other term having similar meaning when offered for rental, or any other vehicle having a manufacturer's suggested retail price of nineteen thousand dollars ($19,000) or less, the rate may not exceed nine dollars ($9).

(2) For rental vehicles that have a manufacturer's suggested retail price from nineteen thousand one dollars ($19,001) to thirty-four thousand nine hundred ninety-nine dollars ($34,999), inclusive, and that are also either vehicles of next year's model, or not older than the previous year's model, the rate may not exceed fifteen dollars ($15). For those rental vehicles older than the previous year's model year, the rate may not exceed nine dollars ($9).

(i) On or after January 1, 2003, the manufacturer's suggested retail prices described in subdivision (h) shall be adjusted annually to reflect changes from the previous year in the Consumer Price Index. For the purposes of this section, "Consumer Price Index" means the United States Consumer Price Index for All Urban Consumers, for all items.

(j) A rental company that disseminates in this state an advertisement containing a rental rate shall include in that advertisement a clearly readable statement of the charge for a damage waiver and a statement that a damage waiver is optional.

(k) (1) A rental company may not require the purchase of a damage waiver, optional insurance, or any other optional good or service.

(2) A rental company may not engage in any unfair, deceptive, or coercive conduct to induce a renter to purchase the damage waiver, optional insurance, or any other optional good or service, including conduct such as, but not limited to, refusing to honor the renter's reservation, limiting the availability of vehicles, requiring a deposit, or debiting or blocking the renter's credit card account for a sum equivalent to a deposit if the renter declines to purchase the damage waiver, optional insurance, or any other optional good or service.

(*l*) (1) In the absence of express permission granted by the renter subsequent to damage to, or loss of, the vehicle, a rental company may not seek to recover any portion of any claim arising out of damage to, or loss of, the rented vehicle by processing a credit card charge or causing any debit or block to be placed on the renter's credit card account.

(2) A rental company may not engage in any unfair, deceptive, or coercive tactics in attempting to recover or in recovering on any claim arising out of damage to, or loss of, the rented vehicle.

(m) (1) A customer facility charge may be collected by a rental company under the following circumstances:

(A) Collection of the fee by the rental company is required by an airport operated by a city, a county, a city and county, a joint powers authority, or a special district.

(B) The fee is calculated on a per-contract basis.

(C) The fee is a user fee, not a tax imposed upon real property or an incidence of property ownership under Article XIII D of the California Constitution.

(D) Except as otherwise provided in subparagraph (E), the fee shall be ten dollars ($10) per contract.

(E) If the fee imposed by the airport is for both a consolidated rental car facility and a common-use transportation system, the fee collected from customers of on-airport rental car companies shall be ten dollars ($10), but the fee imposed on customers of off-airport rental car companies who are transported on the common-use transportation system is proportionate to the costs of the common-use transportation system only. The fee is uniformly applied to each class of on-airport or off-airport customers, provided the airport requires off-airport customers to use the common-use transportation system.

(F) Revenues collected from the fee do not exceed the reasonable costs of financing, designing, constructing, or operating the facility or services and may not be used for any other purpose.

(G) The fee is separately identified on the rental agreement.

(H) This paragraph does not apply to airports whose fees are governed by Section 1936.5 of the Civil Code, Section 50474.1 of the Government Code, or Section 57.5 of the San Diego Unified Port District Act.

(2) Notwithstanding any other provision of law, including, but not limited to, Part 1 (commencing with Section 6001) to Part 1.7 (commencing with Section 7280), inclusive, of Division 2 of the Revenue and Taxation Code, the fees collected pursuant to this section, or any other law whereby a local agency operating an airport requires a rental car company to collect a facility financing fee from its customers, are not subject to sales, use, or transaction taxes.

(n) (1) A rental company shall only advertise, quote, and charge a rental rate that includes the entire amount except taxes, a customer facility charge, if any, and a mileage charge, if any, which a renter must pay to hire or lease the vehicle for the period of time to which the rental rate applies. A rental company may not charge in addition to the rental rate, taxes, a customer facility charge, if any, and a mileage charge, if any, any fee which must be paid by the renter as a condition of hiring or leasing the vehicle, such as, but not limited to, required fuel or airport surcharges other than customer facility charges, nor any fee for

transporting the renter to the location where the rented vehicle will be delivered to the renter.

(2) In addition to the rental rate, taxes, customer facility charges, if any, and mileage charges, if any, a rental company may charge for an item or service provided in connection with a particular rental transaction if the renter could have avoided incurring the charge by choosing not to obtain or utilize the optional item or service. Items and services for which the rental company may impose an additional charge, include, but are not limited to, optional insurance and accessories requested by the renter, service charges incident to the renter's optional return of the vehicle to a location other than the location where the vehicle was hired or leased, and charges for refueling the vehicle at the conclusion of the rental transaction in the event the renter did not return the vehicle with as much fuel as was in the fuel tank at the beginning of the rental. A rental company also may impose an additional charge based on reasonable age criteria established by the rental company.

(3) A rental company may not charge any fee for authorized drivers in addition to the rental charge for an individual renter.

(4) If a rental company states a rental rate in print advertisement or in a telephonic, in-person, or computer-transmitted quotation, the rental company shall clearly disclose in that advertisement or quotation the terms of any mileage conditions relating to the advertised or quoted rental rate, including, but not limited to, to the extent applicable, the amount of mileage and gas charges, the number of miles for which no charges will be imposed, and a description of geographic driving limitations within the United States and Canada.

(5) (A) When a rental rate is stated in an advertisement, quotation, or reservation in connection with a car rental at an airport where a customer facility charge is imposed, the rental company shall clearly disclose the existence and amount of the customer facility charge. For the purposes of this subparagraph, advertisements include radio, television, other electronic media, and print advertisements. For purposes of this subparagraph, quotations and reservations include those that are telephonic, in-person, and computer-transmitted. If the rate advertisement is intended to include transactions at more than one airport imposing a customer facility charge, a range of fees may be stated in the advertisement. However, all rate advertisements that include car rentals at airport destinations shall clearly and conspicuously include a toll-free telephone number whereby a customer can be told the specific amount of the customer facility charge to which the customer will be obligated.

(B) If any person or entity other than a rental car company, including a passenger carrier or a seller of travel services, advertises or quotes a rate for a car rental at an airport where a customer facility charge is

imposed, that person or entity shall, provided they are provided with information about the existence and amount of the fee, to the extent not specifically prohibited by federal law, clearly disclose the existence and amount of the fee in any telephonic, in-person, or computer-transmitted quotation at the time of making an initial quotation of a rental rate and at the time of making a reservation of a rental car. If a rental car company provides the person or entity with rate and customer facility charge information, the rental car company is not responsible for the failure of that person or entity to comply with this subparagraph when quoting or confirming a rate to a third person or entity.

(6) If a rental company delivers a vehicle to a renter at a location other than the location where the rental company normally carries on its business, the rental company may not charge the renter any amount for the rental for the period before the delivery of the vehicle. If a rental company picks up a rented vehicle from a renter at a location other than the location where the rental company normally carries on its business, the rental company may not charge the renter any amount for the rental for the period after the renter notifies the rental company to pick up the vehicle.

(o) A rental company may not use, access, or obtain any information relating to the renter's use of the rental vehicle that was obtained using electronic surveillance technology, except in the following circumstances:

(1) (A) When the equipment is used by the rental company only for the purpose of locating a stolen, abandoned, or missing rental vehicle after one of the following:

(i) The renter or law enforcement has informed the rental company that the vehicle has been stolen, abandoned, or missing.

(ii) The rental vehicle has not been returned following one week after the contracted return date, or by one week following the end of an extension of that return date.

(iii) The rental company discovers the rental vehicle has been stolen or abandoned, and, if stolen, it shall report the vehicle stolen to law enforcement by filing a stolen vehicle report, unless law enforcement has already informed the rental company that the vehicle has been stolen, abandoned, or is missing.

(B) If electronic surveillance technology is activated pursuant to subparagraph (A) of paragraph (1), a rental company shall maintain a record, in either electronic or written form, of information relevant to the activation of that technology. That information shall include the rental agreement, including the return date, and the date and time the electronic surveillance technology was activated. The record shall also include, if relevant, a record of any written or other communication with the renter, including communications regarding extensions of the rental,

police reports, or other written communication with law enforcement officials. The record shall be maintained for a period of at least 12 months from the time the record is created and shall be made available upon the renter's request. The rental company shall maintain and furnish any explanatory codes necessary to read the record. A rental company shall not be required to maintain a record if electronic surveillance technology is activated to recover a rental vehicle that is stolen or missing at a time other than during a rental period.

(2) In response to a specific request from law enforcement pursuant to a subpoena or search warrant.

(3) Nothing in this subdivision prohibits a rental company from equipping rental vehicles with GPS based technology that provides navigation assistance to the occupants of the rental vehicle, if the rental company does not use, access, or obtain any information relating to the renter's use of the rental vehicle that was obtained using that technology, except for the purposes of discovering or repairing a defect in the technology and the information may then be used only for that purpose.

(4) Nothing in this subdivision prohibits a rental company from equipping rental vehicles with electronic surveillance technology that allows for the remote locking or unlocking of the vehicle at the request of the renter, if the rental company does not use, access, or obtain any information relating to the renter's use of the rental vehicle that was obtained using that technology, except as necessary to lock or unlock the vehicle.

(5) Nothing in this subdivision prohibits a rental company from equipping rental vehicles with electronic surveillance technology that allows the company to provide roadside assistance, such as towing, flat tire or fuel services, at the request of the renter, if the rental company does not use, access or obtain any information relating to the renter's use of the rental vehicle that was obtained using that technology except as necessary to provide the requested roadside assistance.

(6) Nothing in this subdivision prohibits a rental company from obtaining, accessing, or using information from electronic surveillance technology for the sole purpose of determining the date and time the vehicle is returned to the rental company, and the total mileage driven and the vehicle fuel level of the returned vehicle. This paragraph, however, shall apply only after the renter has returned the vehicle to the rental company, and the information shall only be used for the purpose described in this paragraph.

(p) A rental company may not use electronic surveillance technology to track a renter in order to impose fines or surcharges relating to the renter's use of the rental vehicle.

(q) A renter may bring an action against a rental company for the recovery of damages and appropriate equitable relief for a violation of this section. The prevailing party shall be entitled to recover reasonable attorney's fees and costs.

(r) A rental company that brings an action against a renter for loss due to theft of the vehicle shall bring the action in the county in which the renter resides or, if the renter is not a resident of this state, in the jurisdiction in which the renter resides.

(s) Any waiver of any of the provisions of this section shall be void and unenforceable as contrary to public policy.

(t) (1) A rental company's disclosure requirements shall be satisfied for renters who are enrolled in the rental company's membership program if all of the following conditions are met:

(A) Prior to the enrollee's first rental as a participant in the program, the renter receives, in writing, the following:

(i) All of the disclosures required by paragraph (1) of subdivision (g) including the terms and conditions of the rental agreement then in effect.

(ii) A Web site address, as well as a contact number or address, where the enrollee can learn of any changes to the rental agreement or to the laws of this state governing rental agreements since the effective date of the rental company's most recent restatement of the rental agreement and distribution of that restatement to its members.

(B) At the commencement of each rental period, the renter is provided, on the rental record or the folder in which it is inserted, with a printed notice stating that he or she had either previously selected or declined an optional damage waiver and that the renter has the right to change preferences.

(C) At the commencement of each rental period, the rental company provides, on the rearview mirror, a hanger on which a statement is printed, in a box, in at least 12-point boldface type, notifying the renter that the collision damage waiver offered by the rental company may be duplicative of coverage that the customer maintains under his or her own policy of motor vehicle insurance. If it is not feasible to hang the statement from the rearview mirror, it shall be hung from the steering wheel.

The hanger shall provide the renter a box to initial if he or she (not his or her employer) has previously accepted or declined the collision damage waiver and that he or she now wishes to change his or her decision to accept or decline the collision damage waiver, as follows:

"□ If I previously accepted the collision damage waiver, I now decline it.

□ If I previously declined the collision damage waiver, I now accept it."

The hanger shall also provide a box for the enrollee to indicate whether this change applies to this rental transaction only or to all future rental transactions. The hanger shall also notify the renter that he or she may make that change, prior to leaving the lot, by returning the form to an employee designated to receive the form who is present at the lot where the renter takes possession of the car, to receive any change in the rental agreement from the renter.

(2) (A) This subdivision is not effective unless the employee designated pursuant to subparagraph (E) of paragraph (8) of subdivision (a) is actually present at the required location.

(B) This subdivision does not relieve the rental company from those disclosures that are required to be made within the text of a contract or holder in which the contract is placed; in or on an advertisement containing a rental rate; or in a telephonic, in-person, or computer-transmitted quotation or reservation.

(u) The amendments made to this section during the 2001–02 Regular Session of the Legislature do not affect litigation pending on or before January 1, 2003, alleging a violation of Section 22325 of the Business and Professions Code as it read at the time the action was commenced.

SEC. 3. Section 1936 of the Civil Code, as amended by Section 2 of Chapter 317 of the Statutes of 2004, is repealed.

(b) Any tax revenue generated pursuant to this chapter shall be expended in the county of origin, except that tax revenue generated may be expended within and outside the county of origin if so provided in the adopted county transportation expenditure plan. However, the tax revenues may be exchanged for federal or state funds available to another county or local government for transportation purposes if the exchange will benefit the county of origin.

(c) (1) In order to receive funds from the Counties of Alameda and Contra Costa and the City and County of San Francisco pursuant to this chapter, the San Francisco Bay Area Rapid Transit District shall agree to match from federal, state, or other funds available to the district, at least as much as it receives from the additional funds provided by this chapter from those counties.

(2) The funds the district received pursuant to this chapter, and its matching funds therefor, shall be used only for capital expenditures.

SEC. 3. Section 131103 of the Public Utilities Code is amended to read:

(d) An alternate may be designated for each regular member. A regular member who, pursuant to the county transportation expenditure plan, serves by virtue of holding a specified public office, may designate a person to serve as his or her alternate. In the case of any other regular member, the appointing constituent local government may designate an alternate to the regular appointed member. The alternate's term of office shall be the same as that of the regular member. When the regular member is not present at the meeting of the authority, the alternate may act as the regular member and shall have all the rights, privileges, and responsibilities of the regular member.

SEC. 5. Section 131285 of the Public Utilities Code is amended to read:

131285. Contracts for the purchase of supplies, equipment, and materials in excess of seventy-five thousand dollars ($75,000) shall be awarded to the lowest responsible bidder after competitive bidding, except in an emergency declared by the vote of two-thirds of the voting membership of the county transportation authority.

CHAPTER 84

An act to amend Section 1704 of the Insurance Code, relating to insurance solicitors.

[Approved by Governor July 19, 2005. Filed with Secretary of State July 19, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1704 of the Insurance Code is amended to read:

1704. (a) Life agents, travel agents, and fire and casualty insurance agents shall not act as an agent of an insurer unless the insurer has filed with the commissioner a notice of appointment, executed by the insurer,

appointing the licensee as the insurer's agent. Every fire and casualty broker-agent acting in the capacity of an insurance solicitor shall have filed on his or her behalf with the commissioner a notice executed by an insurance agent or insurance broker appointing and agreeing to employ the solicitor as an employee within this state. Additional notices of appointment may be filed by other insurers before the license is issued and thereafter as long as the license remains in force. The authority to transact insurance given to a licensee by an insurer or fire and casualty broker-agent, as the case may be, by appointment shall be effective as of the date the notice of appointment is signed. That authority to transact shall apply to transactions occurring after that date and for the purpose of determining the insurer's or fire and casualty broker-agent's liability for acts of the appointed licensee. No notice of appointment of a life agent, fire and casualty broker-agent, or travel insurance agent shall be filed under this subdivision unless the licensee being appointed has consented to that filing. Each appointment made under this subdivision shall by its terms continue in force until:

(1) The cancellation or expiration of the license applied for or held at the time the appointment was filed.

(2) The filing of a notice of termination by the insurer or employing fire and casualty broker-agent, or by the appointed life agent, fire and casualty broker-agent, travel insurance agent, or insurance solicitor.

(b) Upon the termination of all appointments, or all endorsements naming the licensee on the license of an organization licensee, and the cancellation of the bond required pursuant to Section 1662 if acting as a broker, the permanent license shall not be canceled, but shall become inactive. It may be renewed pursuant to Section 1718. It may be reactivated at any time prior to its expiration by the filing of a new appointment pursuant to this section, Section 1707, and Section 1751.3, or the filing of a new bond pursuant to Section 1662. An inactive license shall not permit its holder to transact any insurance for which a valid, active license is required.

(c) Upon the termination of all appointments of a person licensed under a certificate of convenience, such certificate shall be canceled and shall be returned by its lawful custodian to the commissioner.

(d) A fire and casualty broker-agent appointing an insurance solicitor pursuant to this section, if a natural person, must be the holder of a permanent license to act as a fire and casualty broker-agent or the holder of a certificate of convenience so to act issued pursuant to either subdivision (a) or (b) of Section 1685. If the fire and casualty broker-agent is an organization, it must be the holder of a permanent license.

(e) The filing of an incomplete or deficient action notice with the department shall require the filing of an amended, complete action notice, together with the payment of the fee therefor specified in subdivision (n) of Section 1751.

(f) A notice of appointment appointing a solicitor may be filed by a second or subsequent fire and casualty broker-agent. The broker-agent seeking to appoint the solicitor shall enter into an agreement with all other fire and casualty broker-agents with whom the insurance solicitor has an existing appointment. The agreement shall govern how the broker-agents will determine on which fire and casualty broker-agent's behalf the solicitor is working when dealing with individuals who are customers of none of the fire and casualty broker-agents with whom the solicitor has an appointment. If the agreement does not identify which broker-agent or broker-agents are liable for the act of the solicitor, all fire and casualty broker-agents with whom the solicitor is appointed at the time of the act shall be jointly and severally liable for that act.

CHAPTER 85

An act to add Section 31682.2 to the Government Code, relating to county employees' retirement.

[Approved by Governor July 19, 2005. Filed with Secretary of State July 19, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 31682.2 is added to the Government Code, to read:

31682.2. If the board of retirement of a county of the 13th class adopts, or has adopted, a resolution pursuant to Section 31682, then for those persons who are first employed by an employer of the system on or after January 1, 2006, the vested supplemental benefit shall be paid only to a retiree who has accrued a minimum of five years' service credit in the system as a result of employment with the employer, except that a member who receives a disability retirement that is service connected is not subject to the five-year service requirement.

CHAPTER 86

An act to amend Sections 4002, 4004, 4108, and 10510 of the Elections Code, relating to elections.

[Approved by Governor July 19, 2005. Filed with Secretary of State July 19, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 4002 of the Elections Code is amended to read:

4002. Notwithstanding Section 4000, a special district may conduct its elections by mail in accordance with Sections 1500, 4104, 4105, and 4108.

SEC. 2. Section 4004 of the Elections Code is amended to read:

[Approved by Governor July 21, 2005. Filed with Secretary of State July 21, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 14860 of the Financial Code is amended to read:

14860. Except as provided in this section and Part 2 (commencing with Section 5100) of Division 5 of the Probate Code, no credit union shall exercise trust powers except upon qualifying as a trust company pursuant to Division 1 (commencing with Section 99).

(a) Notwithstanding any other provisions of law relating to trusts and trust authority, subject to the regulations of the commissioner, a credit union may act as a trustee or custodian, and may receive reasonable compensation for so acting, under any written trust instrument or custodial agreement created or organized in the United States which is a part of a pension, education, or medical plan for its members or groups or organizations of its members, which qualifies or has qualified for specific tax treatment under Section 220, 223, 401, 408, 408A, 457, or 530 of the Internal Revenue Code, Title 26 of the United States Code, or any deferred compensation plan for the benefit of the credit union's employees, provided the funds received pursuant to these plans are invested as provided in Section 16040 of the Probate Code. All funds held by a credit union as trustee or in a custodial capacity shall be maintained in accordance with applicable laws and rules and regulations as may be promulgated by the Secretary of Labor, the Secretary of the Treasury, or any other authority exercising jurisdiction over the trust or

custodial accounts. The credit union shall maintain individual records for each participant or beneficiary that show in detail all transactions relating to the funds of each participant or beneficiary.

The trust instrument or agreement shall provide for the appointment of a successor trustee or custodian by a person, committee, corporation, or organization other than the credit union or any person acting in his or her capacity as a director, employee, or agent of the credit union, upon notice from the credit union or the commissioner that the credit union is unwilling or unable to continue to act as trustee or custodian.

(b) Shares may be issued in a revocable or irrevocable trust subject to the following:

(1) When shares are issued in a revocable trust, the settlor shall be a member of the credit union issuing the shares in his or her own right. If the trust has joint settlers, who are husband and wife, then only one settlor need be a member of the credit union.

(2) When shares are issued in an irrevocable trust, the settlor or the beneficiary shall be a member of this credit union in his or her own right. For purposes of this section, shares issued pursuant to a pension plan authorized by this section shall be treated as an irrevocable trust unless otherwise indicated in rules and regulations issued by the commissioner.

(3) This subdivision does not apply to trust accounts established prior to the effective date of this subdivision.

CHAPTER 95

An act to add Section 1033.5 to the Insurance Code, relating to insolvency.

[Approved by Governor July 21, 2005. Filed with Secretary of State July 21, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1033.5 is added to the Insurance Code, to read:

1033.5. (a) The purpose of this section is to clarify the rights and obligations of policyholders, claimants, guaranty funds, including the California Insurance Guarantee Association, and the liquidator with respect to a deductible agreement entered into between a policyholder and an insurer subject to liquidation proceedings under this article. These arrangements are commonly referred to as "large deductible" policies or programs, even though the actual amount of the deductible can vary significantly and may not be in fact large in amount. Deductible amounts

under these arrangements may vary from as little as five thousand dollars ($5,000) to as much as $1,000,000 or more. This section shall be construed such that the claim payment obligations of the guaranty associations, including the California Insurance Guarantee Association, in total arising from deductible agreements will be substantially equivalent to those of the insurer, except as provided otherwise in each guaranty association's enabling statute, including that of the California Insurance Guarantee Association, had the insurer continued in business and not become subject to a liquidation proceeding.

(b) Notwithstanding any other provision of law or contract to the contrary, any collateral held by or for the benefit of, or assigned to, the insurer or the liquidator to secure the obligations of a policyholder under a deductible agreement and any reimbursement payments to the liquidator under a deductible agreement shall be considered property of the liquidated company, but shall not be general assets of the liquidated company. The liquidator shall maintain, administer, and distribute all such collateral and deductible reimbursement payments only as provided in this section.

(c) If a claim that is subject to a deductible agreement and secured by collateral is not covered by a guaranty association or the California Insurance Guarantee Association and the policyholder is unwilling or unable to take over the handling and payment of the noncovered claims, the liquidator shall adjust and pay the noncovered claims utilizing the collateral, but only to the extent the available collateral, after allocation under subdivision (d), is sufficient to pay all outstanding and anticipated claims. If the collateral is exhausted and the policyholder is not able to provide funds to pay the remaining claims within the deductible after all reasonable means of collection against the policyholder have been exhausted, the remaining claims shall be claims against the insurer's estate, subject to the other provisions of this article regarding the filing and allowance of claims. When the liquidator determines that the collateral is insufficient to pay all additional and anticipated claims, the liquidator may file a plan for equitably allocating the collateral among claimants, subject to court approval.

(d) (1) To the extent that the liquidator holds collateral provided by a policyholder that was obtained to secure a deductible agreement and to secure other obligations of the policyholder to pay the insurer, directly or indirectly, amounts that become assets of the estate, such as reinsurance obligations under a captive reinsurance program or adjustable premium obligations under a retrospectively rated insurance policy or where the premium due is subject to adjustment based upon actual loss experience, the liquidator shall equitably allocate the collateral among

those obligations and administer the collateral allocated to the deductible agreement pursuant to this section.

(2) With respect to the collateral allocated to obligations under the deductible agreement, if the collateral secured reimbursement obligations under more than one line of insurance, then the collateral shall be equitably allocated among the various lines based upon the estimated ultimate exposure within the deductible amount for each line.

(3) The liquidator shall inform the guaranty associations or the California Insurance Guarantee Association that is or may be obligated for claims against the insurer of the method and details of each allocation made pursuant to this subdivision.

(4) The liquidator shall be entitled to deduct from the collateral or from the deductible reimbursements reasonable and actual expenses incurred in connection with the collection of the collateral and deductible reimbursements under this section.

(e) (1) Regardless of whether there is collateral, if the insolvent insurer has contractually agreed to allow the policyholder to fund its own claims within the deductible amount pursuant to a deductible agreement, either through the policyholder's own administration of its claims or through its provision of funds directly to a third-party administrator who administers the claims, the liquidator shall allow the funding arrangement to continue and, where applicable, shall enforce the arrangement to the fullest extent possible. The funding of any of these claims by the policyholder within the deductible amount, including, but not limited to, any of these claims by the policyholder or the third-party claimant, shall bar a claim for that amount in the liquidation proceeding.

(2) The funding of claims pursuant to paragraph (1) shall extinguish the obligation, if any, of a guaranty association or the California Insurance Guarantee Association to pay the claims within the deductible amount, as well as the obligation, if any, of the policyholder or third-party administrator to reimburse the guaranty association or the California Insurance Guarantee Association. No charge of any kind shall be made by the liquidator against any guaranty association or the California Insurance Guarantee Association on the basis of the policyholder funding of claims payment made pursuant to the mechanism set forth in this subdivision. The funding of these claims by the policyholders shall not limit or prejudice any right the guaranty association or the California Insurance Guarantee Association may have with respect to these claims under state law. Any policyholder that funds its own claims under the provisions of this subdivision shall provide to the guaranty association or to the California Insurance Guarantee Association all relevant information concerning the claim whenever the policyholder's reserved

liability for the claim equals or exceeds 50 percent of the deductible amount on the claim.

(f) (1) If the insurer has not contractually agreed to allow the policyholder to fund its own claims within the deductible amount, to the extent a guaranty association or the California Insurance Guarantee Association is required by applicable state law to pay any claims for which the insurer would be or would have been entitled to reimbursement from the policyholder under the terms of the deductible agreement, and to the extent the claims have not been paid by a policyholder or third party, the liquidator shall promptly bill the policyholder for the reimbursement. The policyholder shall pay that amount to the liquidator for the benefit of the California Insurance Guarantee Association or the guaranty association that paid the claims. Neither the insolvency of the insurer, nor its inability to perform any of its obligations under the deductible agreement, shall be a defense to the policyholder's reimbursement obligation under the deductible agreement.

(2) When the policyholder reimbursements pursuant to paragraph (1) are collected, the liquidator shall promptly reimburse the guaranty association or the California Insurance Guarantee Association for claims paid that were subject to the deductible. If the policyholder fails to pay the amounts due within 60 days after the bill for the reimbursements is due, the liquidator shall use the collateral to the extent necessary to reimburse the guaranty association or the California Insurance Guarantee Association, and, at the same time, may pursue other collections efforts against the policyholder. If more than one guaranty association or the California Insurance Guarantee Association has a claim against the same collateral, and the available collateral, after allocation under subdivision (d), along with billing and collection efforts, are together insufficient to pay each guaranty association or the California Insurance Guarantee Association in full, then the liquidator shall prorate payments to each guaranty association or the California Insurance Guarantee Association based upon the relationship the amount of claims each guaranty association or the California Insurance Guarantee Association has paid bears to the total of all claims paid by the guaranty association or the California Insurance Guarantee Association.

(g) (1) With respect to claim payments made by any guaranty association or the California Insurance Guarantee Association, the liquidator shall promptly provide the court, with a copy to the guaranty association or the California Insurance Guarantee Association, with a complete report of the liquidator's deductible billing and collection activities, including copies of the policyholder billings when rendered, the reimbursements collected, the available amounts and use of collateral for each policyholder, and any proration of payments when it occurs. If

the liquidator fails to make a good faith effort, within 120 days of receiving a claims payment report, to collect reimbursements due from a policyholder under a deductible agreement based on claim payments made by one or more guaranty associations or the California Insurance Guarantee Association, then the guaranty association or the California Insurance Guarantee Association may pursue collection from the policyholders directly on the same basis as the liquidator, and with the same rights and remedies, and shall report any amounts so collected from each policyholder to the liquidator. To the extent that the guaranty association or the California Insurance Guarantee Association pays claims within the deductible amount, but is not reimbursed by the liquidator under this section or by policyholder payments from the collection efforts of the guaranty association or the California Insurance Guarantee Association, the guaranty association or the California Insurance Guarantee Association shall have a claim against the insolvent insurer's estate for the unreimbursed claims payments.

(2) The liquidator shall periodically adjust the collateral being held as the claims subject to the deductible agreement are satisfied, provided that adequate collateral is maintained to secure the entire estimated ultimate obligation of the policyholder plus a reasonable safety factor, and provided further that the liquidator shall not be required to adjust the collateral more than once a year. The guaranty associations or the California Insurance Guarantee Association shall be informed of any collateral adjustment, including but not limited to, the basis for the adjustment. Once all claims covered by the collateral have been paid and the liquidator is satisfied that no new claims can be presented, the liquidator shall release any remaining collateral to the policyholder.

(h) The court having jurisdiction over the liquidation proceedings shall have jurisdiction to resolve disputes arising under this provision.

(i) Nothing in this section is intended to limit or adversely affect any right a guaranty association or the California Insurance Guarantee Association may have under applicable state law to obtain reimbursement from certain classes of policyholders for claims payments made by the guaranty association or the California Insurance Guarantee Association under policies of the insolvent insurer, or for related expenses the guaranty association or the California Insurance Guarantee Association incur.

(j) This section shall apply only with respect to insolvencies occurring on or after January 1, 2006.

(k) For purposes of this section, the following definitions apply:

(1) "Collateral" means any form of security held to secure the obligations of a policyholder under a deductible agreement with an insurer subject to an order of liquidation under this article.

(2) "Deductible agreement" means any policy, endorsement, contract, or security agreement, or a combination of any of those items, that provides for the policyholder to bear the risk of loss within a specified amount per claim or occurrence covered under a policy of insurance, and may be subject to the aggregate limit of policyholder reimbursement obligations.

(3) "Noncovered claim" means a claim that is subject to a deductible agreement and is not covered by a guaranty association or the California Insurance Guarantee Association.

(*l*) This section shall apply to claims funded by a guaranty association or the California Insurance Guarantee Association in excess of the deductible only if subdivision (e) is applicable.

SEC. 2. This act does not constitute a change in, but is declaratory of, existing law with respect to the entitlement of the California Insurance Guarantee Association to the policy deductibles of an insolvent insurer.

CHAPTER 96

An act to amend and repeal Sections 19613 and 19613.3 of the Business and Professions Code, relating to horse racing.

[Approved by Governor July 21, 2005. Filed with Secretary of State July 21, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 19613 of the Business and Professions Code, as amended by Section 2 of Chapter 923 of the Statutes of 2002, is amended to read:

19613. (a) Except as provided in subdivisions (b), (c), (d), (e), and (f), the portion deducted for purses pursuant to this chapter shall be paid to or for the benefit of the horsemen at the racing meeting, and may include obtaining, providing, or defraying the cost of workers' compensation coverage for stable employees and jockeys of licensed trainers.

(b) Any association other than a fair that conducts a thoroughbred racing meeting shall pay to the owners' organization contracting with the association with respect to the conduct of racing meetings for administrative expenses and services rendered to owners, an amount not to exceed two-thirds of 1½ percent of the portion, and to a trainers' organization for administrative expenses and services rendered to trainers and backstretch employees an amount equivalent to one-third of 1½

percent of the portion. That association shall also pay an amount for a pension plan for backstretch personnel to be administered pursuant to Section 19613.8 equivalent to an additional 1 percent of the portion. The remainder of the portion shall be distributed as purses.

(c) Any other association may pay to the horsemen's organization contracting with the association with respect to the conduct of racing meetings for administrative expenses and services rendered to horsemen an amount out of the portion as may be determined by the association by agreement or otherwise, but, in all events, shall include, relative to a thoroughbred horsemen's organization racing, 1 percent of the portion for a pension plan for backstretch personnel pursuant to Section 19613.8. The remainder of the portion shall be distributed as purses.

(d) Notwithstanding subdivisions (b) and (c), any association conducting a fair racing meeting or conducting a mixed breed racing meeting shall pay to the horsemen's organizations contracting with the association with respect to the conduct of races for their respective breeds of horses at the meetings for administrative expenses and services rendered to their respective horsemen those amounts out of the portion as determined by the horsemen's organization for the respective breeds with the approval of the board.

Pursuant to this subdivision, amounts not to exceed 3 percent of the portion for the owners' and trainers' organizations shall be distributed to any thoroughbred owners' and trainers' organizations contracting with an association for a fair racing meeting or participating in mixed breed racing meetings as follows: two-thirds of 1 percent to the owners' organization and one-third of 1 percent to the trainers' organization for administrative expenses and services rendered to both owners and trainers, 1 percent for welfare funds, and 1 percent for a pension program for backstretch personnel, to be administered pursuant to Section 19613.8.

(e) Any association other than a fair that conducts a quarter horse racing meeting, except a mixed breed meeting, shall pay to the horsemen's organization contracting with the association with respect to the conduct of racing meetings for administrative expenses and services rendered to horsemen, an amount not to exceed 3 percent of the portion. The remainder of the portion shall be distributed as purses.

(f) For racing meetings other than thoroughbred meetings, if no contract has been signed between the association conducting the racing meeting and the organization representing the horsemen by the time the racing meeting commences, the distribution of purses shall be governed by the following:

(1) If the association conducted a racing meeting within the past 15 months and a contract was in existence for that meeting with the horsemen's organization and the association is conducting a subsequent

meeting for the same breed or mixed breeds, the amounts payable to the horsemen's organization under subdivision (c) shall be computed under the provisions of the last signed contract between the parties.

(2) This subdivision applies regardless of the cause of the failure to execute a contract, whether that failure is a result of inadvertence or otherwise.

(3) For racing meetings that do not come within paragraph (1), the board shall, within 15 days after the commencement of the racing meeting, determine the amounts payable to the horsemen's organization for administrative expenses and services, and provide for the direct payment of those amounts.

(g) Amounts distributed pursuant to this section are derived from owners' purses.

(h) For the purposes of this section, the following definitions shall apply:

(1) "Owner" means a person currently licensed by the board as an owner of a thoroughbred racehorse.

(2) "Trainer" means a person currently licensed by the board as a trainer of a thoroughbred racehorse.

SEC. 2. Section 19613 of the Business and Professions Code, as added by Section 3 of Chapter 923 of the Statutes of 2002, is repealed.

SEC. 3. Section 19613 of the Business and Professions Code, as amended by Section 9 of Chapter 62 of the Statutes of 2003, is amended to read:

(b) Any association other than a fair that conducts a thoroughbred racing meeting shall pay to the owners' organization contracting with the association with respect to the conduct of racing meetings for administrative expenses and services rendered to owners, an amount not to exceed two-thirds of 1½ percent of the portion, and to a trainers' organization for administrative expenses and services rendered to trainers and backstretch employees an amount equivalent to one-third of 1½ percent of the portion. That association shall also pay an amount for a pension plan for backstretch personnel to be administered by the trainers'

organization equivalent to an additional 1 percent of the portion. The remainder of the portion shall be distributed as purses.

(c) Any other association may pay to the horsemen's organization contracting with the association with respect to the conduct of racing meetings for administrative expenses and services rendered to horsemen an amount out of the portion as may be determined by the association by agreement or otherwise, but, in all events, shall include, relative to a thoroughbred horsemen's organization racing, 1 percent of the portion for a pension plan for the trainers' organization. The remainder of the portion shall be distributed as purses.

(d) Notwithstanding subdivisions (b) and (c), any association conducting a fair racing meeting shall pay to the horsemen's organizations contracting with the association with respect to the conduct of races for their respective breeds of horses at the meetings for administrative expenses and services rendered to their respective horsemen those amounts out of the portion as determined by the horsemen's organization for the respective breeds with the approval of the board. (e) Any association other than a fair that conducts a quarter horse racing meeting shall pay to the horsemen's organization contracting with the association with respect to the conduct of racing meetings for administrative expenses and services rendered to horsemen, an amount not to exceed 3 percent of the portion. The remainder of the portion shall be distributed as purses.

(f) For racing meetings other than thoroughbred meetings, if no contract has been signed between the association conducting the racing meeting and the organization representing the horsemen by the time the racing meeting commences, the distribution of purses shall be governed by the following:

(1) If the association conducted a racing meeting within the past 15 months and a contract was in existence, for that meeting with the horsemen's organization and the association is conducting a subsequent meeting for the same breed or mixed breeds, the amounts payable to the

horsemen's organization under subdivision (c) shall be computed under the provisions of the last signed contract between the parties.

(2) This subdivision applies regardless of the cause of the failure to execute a contract, whether that failure is a result of inadvertence or otherwise.

(3) For racing meetings that do not come within paragraph (1), the board shall, within 15 days after the commencement of the racing meeting, determine the amounts payable to the horsemen's organization for administrative expenses and services, and provide for the direct payment of those amounts.

19613.3. (a) Except as provided in subdivision (b), (c), (d), and (e) relating to thoroughbred horsemen's organizations, each horsemen's organization, except an organization that solely represents owners, or an organization that solely represents trainers, shall provide for the representation of owners and trainers on its board of directors. The provisions setting forth the composition of the board of directors of each organization shall be in the bylaws of the organization and shall be submitted to the board. The bylaws and any changes thereto shall be approved by the board.

(b) Each thoroughbred horsemen's organization, except an organization that solely represents trainers, shall provide for the representation of owners and owner-trainers, as defined in subdivision (c), on its board of directors. The provisions setting forth the composition of the board of directors of each organization shall be in the bylaws of the organization and shall be submitted to the board. The bylaws and any changes thereto shall be approved by the board.

(c) The organization representing owners shall provide in its bylaws that owners who are also licensed as trainers, and their spouses who are licensed as owners shall comprise a class of owner-trainers, which may elect three of its members to the board of directors of the organization

representing owners. All other directors shall be owners as defined in Section 19613, and shall not be members of the class of owner-trainers.

(d) The board of directors of the thoroughbred owners' organization shall not exceed 15 persons, and all members of the board shall have equal standing. CHAPTER 97

An act to amend Sections 41329.52, 41329.55, 41329.56, and 41329.57 of the Education Code, and to add Section 63049.68 to the Government Code, relating to school finance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 21, 2005. Filed with Secretary of State July 21, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 41329.52 of the Education Code is amended to read:

41329.52. (a) A school district may receive a two-part financing designed to provide an advance of apportionments owed to the district from the State School Fund.

(b) The initial emergency apportionment shall be an interim loan from the General Fund to the school district. General Fund money shall not be advanced to a school district until that district agrees to obtain a lease financing as described in subdivision (c) and the bank adopts a reimbursement resolution governing the lease financing. The interim loan shall be repaid in full, with interest, from the proceeds of the lease

financing pursuant to subdivision (c) within one year of the date the district receives the initial emergency apportionment disbursement. The interest rate on the interim loan shall be the rate earned by moneys in the Pooled Money Investment Account as of the date of the initial disbursement of emergency apportionments to the school district.

(c) The school district shall enter into a lease financing with the bank for the purpose of financing the emergency apportionment, including a repayment to the General Fund of the amount advanced pursuant to subdivision (b). In addition to the emergency apportionment, the lease financing may include funds necessary for reserves, capitalized interest, credit enhancements and costs of issuance. The bank shall issue bonds for that purpose pursuant to the powers granted pursuant to the Bergeson-Peace Infrastructure and Economic Development Bank Act as set forth in Division 1 (commencing with Section 63000) of Part 6.7 of the Government Code. The term of the lease shall not exceed 20 years, except that if at the end of the lease term any rent payable is not fully paid, or if the rent payable has been abated, the term of the lease shall be extended for a period not to exceed 10 years.

SEC. 2. Section 41329.55 of the Education Code is amended to read:

41329.55. (a) Simultaneous with the execution of the lease financing authorized pursuant to Section 41329.52, the bank shall provide to the Controller and the school district a notification of its lease financing. The notice shall include a schedule of rent payments to become due to the bank from the school district and identifying the bond trustee. The Controller shall make the apportionment to the bond trustee of those amounts on the dates shown on the schedule. The bank may further authorize that the apportionments be used to pay or reimburse the provider of any credit enhancement of bonds and other ongoing or periodic ancillary costs of the bond financing issued by the bank in connection with this article. The Controller shall make the apportionment only from moneys in Section A of the State School Fund designated for apportionment to the district and any apportionment authorized pursuant to this subdivision shall constitute a lien senior to any other apportionment or payment of State School Fund moneys to or for that district not made pursuant to this subdivision.

(b) The amount apportioned for a school district pursuant to this section is an allocation to the district for purposes of subdivision (b) of Section 8 of Article XVI of the California Constitution. For purposes of computing revenue limits pursuant to Section 42238 for any school district, the revenue limit for any fiscal year in which funds are apportioned for the district pursuant to this section shall include any amounts apportioned by the Controller pursuant to subdivision (a) as well as Section 41329.57.

(c) No party, including the school district or any of its creditors, shall have any claim to the money apportioned or to be apportioned to the bond trustee by the Controller pursuant to this section.

SEC. 3. Section 41329.56 of the Education Code is amended to read:

41329.56. (a) Chapter 57 of the Statutes of 1993 consolidated several previous emergency apportionments and a loan to the West Contra Costa Unified School District and specified the repayment terms of that apportionment. Chapter 14 of the Statutes of 2003 authorized an emergency apportionment to the Oakland Unified School District and specified the repayment terms of that apportionment. Collectively these are referred to in this section as "existing apportionments."

(b) Promptly after August 23, 2004, the bank shall issue separate bonds for the West Contra Costa Unified School District and the Oakland Unified School District for lease financing pursuant to Section 41329.52. The school districts shall use the proceeds to repay the existing apportionments. The terms of the leases shall not exceed 20 years, except that if at the end of the lease term any rent payable is not fully paid, or if the rent payable has been abated, the term of the lease shall be extended for a period not to exceed 10 years.

SEC. 4. Section 41329.57 of the Education Code is amended to read:

41329.57. (a) (1) Pursuant to a schedule provided to the Controller by the bank, the Controller shall transfer from Section A of the State School Fund the amount of funds necessary to pay the warrants issued pursuant to paragraph (2) so that the effective cost of the lease financing provided to the Oakland Unified School District, the Vallejo City Unified School District, and the West Contra Costa Unified School District pursuant to this article shall be equal to the cost of the original General Fund emergency loan made to each district.

(A) For the purposes of determining the cost of the original emergency loan for the West Contra Costa Unified School District, the original interest rate is the rate established pursuant to Section 41474 of 1.532 percent.

(B) For the purposes of determining the cost of the original emergency loan for the Oakland Unified School District, the original interest rate is 1.778 percent. This rate shall also apply to any disbursements of the loan pursuant to Chapter 14 of the Statutes of 2003 that are subsequent to August 23, 2004.

(C) For the purposes of determining the cost of the original emergency loan for the Vallejo City Unified School District, the original interest rate is 1.5 percent. This rate shall also apply to any disbursements of the loan pursuant to Chapter 53 of the Statutes of 2004 that are subsequent to August 23, 2004.

(2) The executive director or chair of the bank shall periodically provide a schedule to the Controller and each school district of the actual amount of the difference between the cost of the lease financing compared to the cost of the original emergency loan for each district for each year and the Controller shall issue warrants to each school district pursuant to the schedule. Payments to a district shall occur only during the term of the loan for that district and shall be made no sooner than the corresponding payments are made to the bond trustee under the lease financing for that district.

(3) For purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the warrants issued pursuant to paragraph (2) are "General Fund revenues appropriated to school districts," as defined in subdivision (c) of Section 41202 for the fiscal years in which the warrants are issued and included within the "total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B" as defined in subdivision (e) of Section 41202, for the fiscal years in which the warrants are issued.

(b) It is the intent of the Legislature that the financing cost subsidies funded in this section not be deemed precedent nor in conflict with Section 41329.53, as these districts requested loans prior to the enactment of this article.

SEC. 5. Section 63049.68 is added to the Government Code, to read:

63049.68. The State of California pledges that (a) the state will not alter the directive to the Controller to make apportionments to the bond trustee of moneys in the State School Fund from that set forth in Section 41329.55 of the Education Code, and (b) the state will not amend or repeal subdivision (f) of Section 63049.67, in each case in any manner that would materially impair the security or other interests of holders of any bonds issued pursuant to this article. The bank is authorized to include this pledge in the bonds, or other documents entered into in connection with the bonds, as a covenant for the benefit of the bondholders.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to address the fiscal emergencies facing school districts that have received or that are requesting an emergency apportionment from the state, it is necessary that this act take effect immediately.

CHAPTER 98

An act to amend Section 895 of the Public Utilities Code, relating to natural gas, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 21, 2005. Filed with
Secretary of State July 21, 2005.]

The people of the State of California do enact as follows:

CHAPTER 100

An act to amend Sections 16328, 16335, 16336, and 16338, and to add Sections 16336.4, 16336.5, 16336.6, and 16336.7 to, the Probate Code, relating to trusts.

[Approved by Governor July 21, 2005. Filed with Secretary of State July 21, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 16328 of the Probate Code is amended to read:

16328. "Net income" means the total receipts allocated to income during an accounting period minus the disbursements made from income during the accounting period, plus or minus transfers under this chapter to or from income during the accounting period. During any period in which the trust is being administered as a unitrust, either pursuant to the powers conferred by Sections 16336.4 to 16336.6, inclusive, or pursuant to the terms of the governing instrument, "net income" means the unitrust amount, if the unitrust amount is no less than 3 percent and no more than 5 percent of the fair market value of the trust assets, whether determined annually or averaged on a multiple year basis.

SEC. 2. Section 16335 of the Probate Code is amended to read:

16335. (a) In allocating receipts and disbursements to or between principal and income, and with respect to any other matter within the scope of this chapter, a fiduciary:

(1) Shall administer a trust or decedent's estate in accordance with the trust or the will, even if there is a different provision in this chapter.

(2) May administer a trust or decedent's estate by the exercise of a discretionary power of administration given to the fiduciary by the trust or the will, even if the exercise of the power produces a result different from a result required or permitted by this chapter, and no inference that the fiduciary has improperly exercised the discretion arises from the fact that the fiduciary has made an allocation contrary to a provision of this chapter.

(3) Shall administer a trust or decedent's estate in accordance with this chapter if the trust or the will does not contain a different provision or does not give the fiduciary a discretionary power of administration.

(4) Shall add a receipt or charge a disbursement to principal to the extent that the trust or the will and this chapter do not provide a rule for allocating the receipt or disbursement to or between principal and income.

(b) In exercising a discretionary power of administration regarding a matter within the scope of this chapter, whether granted by a trust, a will, or this chapter, including the trustee's power to adjust under subdivision (a) of Section 16336, and the trustee's power to convert into a unitrust or reconvert or change the unitrust payout percentage pursuant to Sections 16336.4 to 16336.6, inclusive, the fiduciary shall administer the trust or decedent's estate impartially, except to the extent that the trust or the will expresses an intention that the fiduciary shall or may favor one or more of the beneficiaries. The exercise of discretion in accordance with this chapter is presumed to be fair and reasonable to all beneficiaries.

SEC. 3. Section 16336 of the Probate Code is amended to read:

16336. (a) Subject to subdivision (b), a trustee may make an adjustment between principal and income to the extent the trustee considers necessary if all of the following conditions are satisfied:

(1) The trustee invests and manages trust assets under the prudent investor rule.

(2) The trust describes the amount that shall or may be distributed to a beneficiary by referring to the trust's income.

(3) The trustee determines, after applying the rules in subdivision (a) of Section 16335, and considering any power the trustee may have under the trust to invade principal or accumulate income, that the trustee is unable to comply with subdivision (b) of Section 16335.

(b) A trustee may not make an adjustment between principal and income in any of the following circumstances:

(1) Where it would diminish the income interest in a trust (A) that requires all of the income to be paid at least annually to a spouse and (B) for which, if the trustee did not have the power to make the adjustment, an estate tax or gift tax marital deduction would be allowed, in whole or in part.

(2) Where it would reduce the actuarial value of the income interest in a trust to which a person transfers property with the intent to qualify for a gift tax exclusion.

(3) Where it would change the amount payable to a beneficiary as a fixed annuity or a fixed fraction of the value of the trust assets.

(4) Where it would be made from any amount that is permanently set aside for charitable purposes under a will or trust, unless both income and principal are so set aside.

(5) Where possessing or exercising the power to make an adjustment would cause an individual to be treated as the owner of all or part of the trust for income tax purposes, and the individual would not be treated as the owner if the trustee did not possess the power to make an adjustment.

(6) Where possessing or exercising the power to make an adjustment would cause all or part of the trust assets to be included for estate tax purposes in the estate of an individual who has the power to remove a trustee or appoint a trustee, or both, and the assets would not be included in the estate of the individual if the trustee did not possess the power to make an adjustment.

(7) Where the trustee is a beneficiary of the trust.

(8) During any period in which the trust is being administered as a unitrust pursuant to the trustee's exercise of the power to convert provided in Section 16336.4 or 16336.5, or pursuant to the terms of the governing instrument.

(c) Notwithstanding Section 15620, if paragraph (5), (6), or (7) of subdivision (b) applies to a trustee and there is more than one trustee, a cotrustee to whom the provision does not apply may make the adjustment unless the exercise of the power by the remaining trustee or trustees is not permitted by the trust.

(d) A trustee may release the entire power conferred by subdivision (a) or may release only the power to adjust from income to principal or the power to adjust from principal to income in either of the following circumstances:

(1) If the trustee is uncertain about whether possessing or exercising the power will cause a result described in paragraphs (1) to (6), inclusive, of subdivision (b).

(2) If the trustee determines that possessing or exercising the power will or may deprive the trust of a tax benefit or impose a tax burden not described in subdivision (b).

(e) A release under subdivision (d) may be permanent or for a specified period, including a period measured by the life of an individual.

(f) A trust that limits the power of a trustee to make an adjustment between principal and income does not affect the application of this section unless it is clear from the trust that it is intended to deny the trustee the power of adjustment provided by subdivision (a).

(g) In deciding whether and to what extent to exercise the power to make adjustments under this section, the trustee may consider, but is not limited to, any of the following:

(1) The nature, purpose, and expected duration of the trust.

(2) The intent of the settlor.

(3) The identity and circumstances of the beneficiaries.

(4) The needs for liquidity, regularity of income, and preservation and appreciation of capital.

(5) The assets held in the trust; the extent to which they consist of financial assets, interests in closely held enterprises, tangible and intangible personal property, or real property; the extent to which an asset is used by a beneficiary; and whether an asset was purchased by the trustee or received from the settlor.

(6) The net amount allocated to income under other statutes and the increase or decrease in the value of the principal assets, which the trustee may estimate as to assets for which market values are not readily available.

(7) Whether and to what extent the trust gives the trustee the power to invade principal or accumulate income or prohibit the trustee from invading principal or accumulating income, and the extent to which the trustee has exercised a power from time to time to invade principal or accumulate income.

(8) The actual and anticipated effect of economic conditions on principal and income and effects of inflation and deflation.

(9) The anticipated tax consequences of an adjustment.

(h) Nothing in this section or in this chapter is intended to create or imply a duty to make an adjustment, and a trustee is not liable for not considering whether to make an adjustment or for choosing not to make an adjustment.

SEC. 4. Section 16336.4 is added to the Probate Code, to read:

16336.4. (a) Unless expressly prohibited by the governing instrument, a trustee may convert a trust into a unitrust, as described in this section. A trust that limits the power of the trustee to make an adjustment between principal and income or modify the trust does not affect the application of this section unless it is clear from the governing instrument that it is intended to deny the trustee the power to convert into a unitrust.

(b) The trustee may convert a trust into a unitrust without a court order if all of the following apply:

(1) The conditions set forth in subdivision (a) of Section 16336 are satisfied.

(2) The unitrust proposed by the trustee conforms to the provisions of paragraphs (1) to (8), inclusive, of subdivision (e).

(3) The trustee gives written notice of the trustee's intention to convert the trust into a unitrust and furnishes the information required by subdivision (c). The notice shall comply with the requirements of Chapter 5 (commencing with Section 16500), including notice to a beneficiary who is a minor and to the minor's guardian, if any.

(4) No beneficiary objects to the proposed action in a writing delivered to the trustee within the period prescribed by subdivision (d) of Section 16502 or a longer period as is specified in the notice described in subdivision (c).

(c) The notice described in paragraph (3) of subdivision (b) shall include a copy of Sections 16336.4 to 16336.7, inclusive, and all of the following additional information:

(1) A statement that the trust shall be administered in accordance with the provisions of subdivision (e) and the effective date of the conversion.

(2) A description of the method to be used for determining the fair market value of trust assets.

(3) The amount actually distributed to the income beneficiary during the previous accounting year of the trust.

(4) The amount that would have been distributed to the income beneficiary during the previous accounting year of the trust had the trustee's proposed changes been in effect during that entire year.

(5) The discretionary decisions the trustee proposes to make as of the conversion date pursuant to subdivision (f).

(d) In deciding whether to exercise the power conferred by this section, a trustee may consider, among other things, the factors set forth in subdivision (g) of Section 16336.

(e) Except to the extent that the court orders otherwise or the parties agree otherwise pursuant to Section 16336.5 after a trust is converted to a unitrust, all of the following shall apply:

(1) The trustee shall make regular distributions in accordance with the governing instrument construed in accordance with the provisions of this section.

(2) The term "income" in the governing instrument shall mean an annual distribution, the unitrust amount, equal to 4 percent, which is the payout percentage, of the net fair market value of the trust's assets, whether those assets would be considered income or principal under other provisions of this chapter, averaged over the lesser of: (A) the three preceding years, or (B) the period during which the trust has been in existence.

(3) During each accounting year of the trust following its conversion into a unitrust, the trustee shall, as early in the year as is practicable, furnish each income beneficiary with a statement describing the computation of the unitrust amount for that accounting year.

(4) The trustee shall determine the net fair market value of each asset held in the trust no less often than annually. However, the following property shall not be included in determining the unitrust amount:

(A) Any residential property or any tangible personal property that, as of the first business day of the current accounting year, one or more current beneficiaries of the trust have or have had the right to occupy, or have or have had the right to possess or control, other than in his or her capacity as trustee of the trust, which property shall be administered according to other provisions of this chapter as though no conversion to a unitrust had occurred.

(B) Any asset specifically devised to a beneficiary to the extent necessary, in the trustee's reasonable judgment, to avoid a material risk of exhausting other trust assets prior to termination of the trust. All net income generated by a specifically devised asset excluded from the unitrust computation pursuant to this subdivision shall be accumulated or distributed by the trustee according to the rules otherwise applicable to that net income pursuant to other provisions of this chapter.

(C) Any asset while held in a testator's estate or a terminating trust.

(5) The unitrust amount, as otherwise computed pursuant to this subdivision, shall be reduced proportionately for any material distribution made to accomplish a partial termination of the trust required by the governing instrument or made as a result of the exercise of a power of appointment or withdrawal, other than distributions of the unitrust

amount, and shall be increased proportionately for the receipt of any material addition to the trust, other than a receipt that represents a return on investment, during the period considered in paragraph (2) in computing the unitrust amount. For the purpose of this paragraph, a distribution or an addition shall be "material" if the net value of the distribution or addition, when combined with all prior distributions made or additions received during the same accounting year, exceeds 10 percent of the value of the assets used to compute the unitrust amount as of the most recent prior valuation date. The trustee may, in the reasonable exercise of his or her discretion, adjust the unitrust amount pursuant to this subdivision even if the distributions or additions are not sufficient to meet the definition of materiality set forth in the preceding sentence.

(6) In the case of a short year in which a beneficiary's right to payments commences or ceases, the trustee shall prorate the unitrust amount on a daily basis.

(7) Unless otherwise provided by the governing instrument or determined by the trustee, the unitrust amount shall be considered paid in the following order from the following sources:

(A) From the net taxable income, determined as if the trust were other than a unitrust.

(B) From net realized short-term capital gains.

(C) From net realized long-term capital gains.

(D) From tax-exempt and other income.

(E) From principal of the trust.

(8) Expenses that would be deducted from income if the trust were not a unitrust may not be deducted from the unitrust amount.

(f) The trustee shall determine, in the trustee's discretion, all of the following matters relating to administration of a unitrust created pursuant to this section:

(1) The effective date of a conversion to a unitrust.

(2) The frequency of payments in satisfaction of the unitrust amount.

(3) Whether to value the trust's assets annually or more frequently.

(4) What valuation dates to use.

(5) How to value nonliquid assets.

(6) The characterization of the unitrust payout for income tax reporting purposes. However, the trustee's characterization shall be consistent.

(7) Any other matters that the trustee deems appropriate for the proper functioning of the unitrust.

(g) A conversion into a unitrust does not affect a provision in the governing instrument directing or authorizing the trustee to distribute principal or authorizing the exercise of a power of appointment over or withdrawal of all or a portion of the principal.

(h) A trustee may not convert a trust into a unitrust in any of the following circumstances:

(1) If payment of the unitrust amount would change the amount payable to a beneficiary as a fixed annuity or a fixed fraction of the value of the trust assets.

(2) If the unitrust distribution would be made from any amount that is permanently set aside for charitable purposes under the governing instrument and for which a federal estate or gift tax deduction has been taken, unless both income and principal are set aside.

(3) If possessing or exercising the power to convert would cause an individual to be treated as the owner of all or part of the trust for federal income tax purposes, and the individual would not be treated as the owner if the trustee did not possess the power to convert.

(4) If possessing or exercising the power to convert would cause all or part of the trust assets to be subject to federal estate or gift tax with respect to an individual, and the assets would not be subject to federal estate or gift tax with respect to the individual if the trustee did not possess the power to convert.

(5) If the conversion would result in the disallowance of a federal estate tax or gift tax marital deduction that would be allowed if the trustee did not have the power to convert.

(i) If paragraph (3) or (4) of subdivision (h) applies to a trustee and there is more than one trustee, a cotrustee to whom the provision does not apply may convert the trust unless the exercise of the power by the remaining trustee or trustees is prohibited by the governing instrument. If paragraph (3) or (4) of subdivision (h) applies to all of the trustees, the court may order the conversion as provided in subdivision (b) of Section 16336.5.

(j) A trustee may release the power conferred by this section to convert to a unitrust if (1) the trustee is uncertain about whether possessing or exercising the power will cause a result described in paragraph (3), (4), or (5) of subdivision (h), or (2) the trustee determines that possessing or exercising the power will or may deprive the trust of a tax benefit or impose a tax burden not described in subdivision (h). The release may be permanent or for a specified period, including a period measured by the life of an individual.

SEC. 5. Section 16336.5 is added to the Probate Code, to read:

16336.5. (a) The trustee may convert a trust into a unitrust upon terms other than those set forth in subdivision (e) of Section 16336.4, without court order, if all of the following apply:

(1) The conditions set forth in subdivision (a) of Section 16336 are satisfied.

(2) The trustee gives written notice of the trustee's intention to convert the trust into a unitrust and furnishes the information required by subdivision (c) of Section 16336.4. The notice shall comply with the requirements of Chapter 5 (commencing with Section 16500), including notice to a beneficiary who is a minor and to the minor's guardian, if any.

(3) The payout percentage to be adopted is at least 3 percent and no greater than 5 percent.

(4) All beneficiaries entitled to notice under Section 16501 consent in writing to the proposed action after having been furnished with the notice described in subdivision (c) of Section 16336.4.

(b) The court may order the conversion of a trust into a unitrust as provided in this subdivision.

(1) (A) The trustee may petition the court to approve the conversion to a unitrust for any one of the following reasons:

(i) A beneficiary timely objects to a proposed conversion to a unitrust.

(ii) The trustee proposes to make the conversion upon terms other than those described in subdivision (e) of Section 16336.4.

(iii) Paragraph (3) or (4) of subdivision (h) of Section 16336.4 applies to all currently acting trustees.

(iv) If the trustee determines, in its discretion, that a petition is advisable.

(B) In no event, however, may the court authorize conversion to a unitrust with a payout percentage of less than 3 percent or greater than 5 percent of the fair market value of the trust assets.

(2) A beneficiary may petition the court to order the conversion.

(3) The court shall approve the conversion proposed by the trustee or direct the conversion requested by the beneficiary if the conditions set forth in subdivision (a) of Section 16336 are satisfied and the court concludes that conversion of the trust on the terms proposed will enable the trustee to better comply with the provisions of subdivision (b) of Section 16335.

(4) In deciding whether to approve a proposed conversion or direct a requested conversion, the court may consider, among other factors, those described in subdivision (g) of Section 16336.

SEC. 6. Section 16336.6 is added to the Probate Code, to read:

16336.6. Unless expressly prohibited by the governing instrument, a trustee may reconvert the trust from a unitrust or change the payout percentage of a unitrust.

(a) The trustee may make the reconversion or change in payout percentage without a court order if all of the following conditions are satisfied:

(1) At least three years have elapsed since the most recent conversion to a unitrust.

(2) The trustee determines that reconversion or change in payout percentage would enable the trustee to better comply with the provisions of subdivision (b) of Section 16335.

(3) One of the following notice requirements is satisfied:

(A) In the case of a proposed reconversion, the trustee gives written notice of the trustee's intention to convert that complies with the requirements of Chapter 5 (commencing with Section 16500) and no beneficiary objects to the proposed action in a writing delivered to the trustee within the period prescribed by subdivision (d) of Section 16502. The trustee's notice shall include the information described in subdivision (3) and (4) of subdivision (c) of Section 16336.4.

(B) In the case of a proposed change in payout percentage, the trustee gives written notice stating the new payout percentage that the trustee proposes to adopt, which notice shall comply with the requirements of Chapter 5 (commencing with Section 16500), and no beneficiary objects to the proposed action in a writing delivered to the trustee within the period prescribed by subdivision (d) of Section 16502.

(b) The trustee may make the reconversion or change in payout percentage at any time pursuant to court order provided that: (1) the court determines that reconversion or change in payout percentage will enable the trustee to better comply with the provisions of subdivision (b) of Section 16335, and (2) in the case of a change in payout percentage, the new payout percentage is at least 3 percent and no greater than 5 percent. The court may enter an order pursuant to this subdivision upon the petition of the trustee or any beneficiary.

SEC. 7. Section 16336.7 is added to the Probate Code, to read:

16336.7. (a) Sections 16336.4 to 16336.6, inclusive, shall not impose any duty on the trustee to convert or reconvert a trust or to consider a conversion or reconversion.

(b) Subdivision (b) of Section 16503 applies to all actions pursuant to Sections 16336.4 to 16336.6, inclusive, for which notice of proposed action is given in compliance with Chapter 5 (commencing with Section 16500), including notice to a beneficiary who is a minor and to the minor's guardian, if any.

SEC. 8. Section 16338 of the Probate Code is amended to read:

16338. In a proceeding with respect to a trustee's exercise or nonexercise of the power to make an adjustment under Section 16336, the sole remedy is to direct, deny, or revise an adjustment between principal and income. In a proceeding with respect to a trustee's exercise or nonexercise of a power conferred by Sections 16336.4 to 16336.6, inclusive, the sole remedy is to obtain an order directing the trustee to

convert the trust to a unitrust, to reconvert from a unitrust, to change the distribution percentage, or to order any administrative procedures the court determines to be necessary or helpful for the proper functioning of the trust.

CHAPTER 102

An act to amend Sections 5211, 7211, 9211, and 12351 of, and to amend, repeal, and add Section 307 of, the Corporations Code, relating to corporations.

[Approved by Governor July 21, 2005. Filed with Secretary of State July 21, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 307 of the Corporations Code is amended to read:

307. (a) Unless otherwise provided in the articles or, subject to paragraph (5) of subdivision (a) of Section 204, in the bylaws, all of the following apply:

(1) Meetings of the board may be called by the chair of the board or the president or any vice president or the secretary or any two directors.

(2) Regular meetings of the board may be held without notice if the time and place of the meetings are fixed by the bylaws or the board. Special meetings of the board shall be held upon four days' notice by mail or 48 hours' notice delivered personally or by telephone, including a voice messaging system or by electronic transmission by the corporation (Section 20). The articles or bylaws may not dispense with notice of a special meeting. A notice, or waiver of notice, need not specify the purpose of any regular or special meeting of the board.

(3) Notice of a meeting need not be given to a director who provides a waiver of notice or a consent to holding the meeting or an approval of the minutes thereof in writing, whether before or after the meeting, or who attends the meeting without protesting, prior thereto or at its commencement, the lack of notice to that director. These waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meeting.

(4) A majority of the directors present, whether or not a quorum is present, may adjourn any meeting to another time and place. If the meeting is adjourned for more than 24 hours, notice of an adjournment to another time or place shall be given prior to the time of the adjourned meeting to the directors who were not present at the time of the adjournment.

(5) Meetings of the board may be held at a place within or without the state that has been designated in the notice of the meeting or, if not stated in the notice or there is no notice, designated in the bylaws or by resolution of the board.

(6) Members of the board may participate in a meeting through use of conference telephone, electronic video screen communication, or electronic transmission by and to the corporation (Sections 20 and 21). Participation in a meeting through use of conference telephone or electronic video screen communication pursuant to this subdivision constitutes presence in person at that meeting as long as all members participating in the meeting are able to hear one another. Participation in a meeting through electronic transmission by and to the corporation (other than conference telephone and electronic video screen communication), pursuant to this subdivision constitutes presence in person at that meeting if both of the following apply:

(A) Each member participating in the meeting can communicate with all of the other members concurrently.

(B) Each member is provided the means of participating in all matters before the board, including, without limitation, the capacity to propose,

or to interpose an objection to, a specific action to be taken by the corporation.

(7) A majority of the authorized number of directors constitutes a quorum of the board for the transaction of business. The articles or bylaws may not provide that a quorum shall be less than one-third the authorized number of directors or less than two, whichever is larger, unless the authorized number of directors is one, in which case one director constitutes a quorum.

(8) An act or decision done or made by a majority of the directors present at a meeting duly held at which a quorum is present is the act of the board, subject to the provisions of Section 310 and subdivision (e) of Section 317. The articles or bylaws may not provide that a lesser vote than a majority of the directors present at a meeting is the act of the board. A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of directors, if any action taken is approved by at least a majority of the required quorum for that meeting.

(b) An action required or permitted to be taken by the board may be taken without a meeting, if all members of the board shall individually or collectively consent in writing to that action and if the number of members of the board serving at the time constitutes a quorum. The written consent or consents shall be filed with the minutes of the proceedings of the board. For purposes of this subdivision only, "all members of the board" shall include an "interested director" as described in subdivision (a) of Section 310 or a "common director" as described in subdivision (b) of Section 310 who abstains in writing from providing consent, where the disclosures required by Section 310 have been made to the noninterested or noncommon directors, as applicable, prior to their execution of the written consent or consents, the specified disclosures are conspicuously included in the written consent or consents executed by the noninterested or noncommon directors, and the noninterested or noncommon directors, as applicable, approve the action by a vote that is sufficient without counting the votes of the interested or common directors. If written consent is provided by the directors in accordance with the immediately preceding sentence and the disclosures made regarding the action that is the subject of the consent do not comply with the requirements of Section 310, the action that is the subject of the consent shall be deemed approved, but in any suit brought to challenge the action, the party asserting the validity of the action shall have the burden of proof in establishing that the action was just and reasonable to the corporation at the time it was approved.

(c) This section applies also to committees of the board and incorporators and action by those committees and incorporators, mutatis mutandis.

(d) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

SEC. 2. Section 307 is added to the Corporations Code, to read:

307. (a) Unless otherwise provided in the articles or, subject to paragraph (5) of subdivision (a) of Section 204, in the bylaws, all of the following apply:

(1) Meetings of the board may be called by the chair of the board or the president or any vice president or the secretary or any two directors.

(2) Regular meetings of the board may be held without notice if the time and place of the meetings are fixed by the bylaws or the board. Special meetings of the board shall be held upon four days' notice by mail or 48 hours' notice delivered personally or by telephone, including a voice messaging system or by electronic transmission by the corporation (Section 20). The articles or bylaws may not dispense with notice of a special meeting. A notice, or waiver of notice, need not specify the purpose of any regular or special meeting of the board.

(3) Notice of a meeting need not be given to a director who provides a waiver of notice or a consent to holding the meeting or an approval of the minutes thereof in writing, whether before or after the meeting, or who attends the meeting without protesting, prior thereto or at its commencement, the lack of notice to that director. These waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meeting.

(4) A majority of the directors present, whether or not a quorum is present, may adjourn any meeting to another time and place. If the meeting is adjourned for more than 24 hours, notice of an adjournment to another time or place shall be given prior to the time of the adjourned meeting to the directors who were not present at the time of the adjournment.

(5) Meetings of the board may be held at a place within or without the state that has been designated in the notice of the meeting or, if not stated in the notice or there is no notice, designated in the bylaws or by resolution of the board.

(6) Members of the board may participate in a meeting through use of conference telephone, electronic video screen communication, or electronic transmission by and to the corporation (Sections 20 and 21). Participation in a meeting through use of conference telephone or electronic video screen communication pursuant to this subdivision constitutes presence in person at that meeting as long as all members

participating in the meeting are able to hear one another. Participation in a meeting through electronic transmission by and to the corporation (other than conference telephone and electronic video screen communication), pursuant to this subdivision constitutes presence in person at that meeting if both of the following apply:

(A) Each member participating in the meeting can communicate with all of the other members concurrently.

(B) Each member is provided the means of participating in all matters before the board, including, without limitation, the capacity to propose, or to interpose an objection to, a specific action to be taken by the corporation.

(7) A majority of the authorized number of directors constitutes a quorum of the board for the transaction of business. The articles or bylaws may not provide that a quorum shall be less than one-third the authorized number of directors or less than two, whichever is larger, unless the authorized number of directors is one, in which case one director constitutes a quorum.

(8) An act or decision done or made by a majority of the directors present at a meeting duly held at which a quorum is present is the act of the board, subject to the provisions of Section 310 and subdivision (e) of Section 317. The articles or bylaws may not provide that a lesser vote than a majority of the directors present at a meeting is the act of the board. A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of directors, if any action taken is approved by at least a majority of the required quorum for that meeting.

(b) An action required or permitted to be taken by the board may be taken without a meeting, if all members of the board shall individually or collectively consent in writing to that action. The written consent or consents shall be filed with the minutes of the proceedings of the board. The action by written consent shall have the same force and effect as a unanimous vote of the directors.

(c) This section applies also to committees of the board and incorporators and action by those committees and incorporators, mutatis mutandis.

(d) This section shall become operative on January 1, 2011.

SEC. 3. Section 5211 of the Corporations Code is amended to read:

5211. (a) Unless otherwise provided in the articles or in the bylaws, all of the following apply:

(1) Meetings of the board may be called by the chair of the board or the president or any vice president or the secretary or any two directors.

(2) Regular meetings of the board may be held without notice if the time and place of the meetings are fixed by the bylaws or the board.

Special meetings of the board shall be held upon four days' notice by first-class mail or 48 hours' notice delivered personally or by telephone, including a voice messaging system or by electronic transmission by the corporation (Section 20). The articles or bylaws may not dispense with notice of a special meeting. A notice, or waiver of notice, need not specify the purpose of any regular or special meeting of the board.

(3) Notice of a meeting need not be given to a director who provides a waiver of notice or consent to holding the meeting or an approval of the minutes thereof in writing, whether before or after the meeting, or who attends the meeting without protesting, prior thereto or at its commencement, the lack of notice to that director. These waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meetings.

(4) A majority of the directors present, whether or not a quorum is present, may adjourn any meeting to another time and place. If the meeting is adjourned for more than 24 hours, notice of an adjournment to another time or place shall be given prior to the time of the adjourned meeting to the directors who were not present at the time of the adjournment.

(5) Meetings of the board may be held at a place within or without the state that has been designated in the notice of the meeting or, if not stated in the notice or there is no notice, designated in the bylaws or by resolution of the board.

(6) Members of the board may participate in a meeting through use of conference telephone, electronic video screen communication or electronic transmission by and to the corporation (Sections 20 and 21). Participation in a meeting through use of conference telephone or electronic video screen communication pursuant to this subdivision constitutes presence in person at that meeting as long as all members participating in the meeting are able to hear one another. Participation in a meeting through use of electronic transmission by and to the corporation, other than conference telephone and electronic video screen communication, pursuant to this subdivision constitutes presence in person at that meeting if both of the following apply:

(A) Each member participating in the meeting can communicate with all of the other members concurrently.

(B) Each member is provided the means of participating in all matters before the board, including, without limitation, the capacity to propose, or to interpose an objection to, a specific action to be taken by the corporation.

(7) A majority of the number of directors authorized in the articles or bylaws constitutes a quorum of the board for the transaction of business. The articles or bylaws may not provide that a quorum shall be

less than one-fifth the number of directors authorized in the articles or bylaws, or less than two, whichever is larger, unless the number of directors authorized in the articles or bylaws is one, in which case one director constitutes a quorum.

(8) Subject to the provisions of Sections 5212, 5233, 5234, 5235, and subdivision (e) of Section 5238, an act or decision done or made by a majority of the directors present at a meeting duly held at which a quorum is present is the act of the board. The articles or bylaws may not provide that a lesser vote than a majority of the directors present at a meeting is the act of the board. A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of directors, if any action taken is approved by at least a majority of the required quorum for that meeting, or a greater number required by this division, the articles or bylaws.

(b) An action required or permitted to be taken by the board may be taken without a meeting, if all members of the board shall individually or collectively consent in writing to that action. The written consent or consents shall be filed with the minutes of the proceedings of the board. The action by written consent shall have the same force and effect as a unanimous vote of the directors. For purposes of this subdivision only, "all members of the board" does not include an "interested director" as defined in Section 5233.

(c) The provisions of this section apply also to incorporators, to committees of the board, and to action by those incorporators or committees mutatis mutandis.

SEC. 4. Section 7211 of the Corporations Code is amended to read:

7211. (a) Unless otherwise provided in the articles or in the bylaws, all of the following apply:

(1) Meetings of the board may be called by the chair of the board or the president or any vice president or the secretary or any two directors.

(2) Regular meetings of the board may be held without notice if the time and place of the meetings are fixed by the bylaws or the board. Special meetings of the board shall be held upon four days' notice by first-class mail or 48 hours' notice delivered personally or by telephone, including a voice messaging system or by electronic transmission by the corporation (Section 20). The articles or bylaws may not dispense with notice of a special meeting. A notice, or waiver of notice, need not specify the purpose of any regular or special meeting of the board.

(3) Notice of a meeting need not be given to a director who provided a waiver of notice or consent to holding the meeting or an approval of the minutes thereof in writing, whether before or after the meeting, or who attends the meeting without protesting, prior thereto or at its commencement, the lack of notice to that director. These waivers,

consents and approvals shall be filed with the corporate records or made a part of the minutes of the meetings.

(4) A majority of the directors present, whether or not a quorum is present, may adjourn any meeting to another time and place. If the meeting is adjourned for more than 24 hours, notice of an adjournment to another time or place shall be given prior to the time of the adjourned meeting to the directors who were not present at the time of the adjournment.

(5) Meetings of the board may be held at a place within or without the state that has been designated in the notice of the meeting or, if not stated in the notice or if there is no notice, designated in the bylaws or by resolution of the board.

(6) Members of the board may participate in a meeting through use of conference telephone, electronic video screen communication, or electronic transmission by and to the corporation (Sections 20 and 21). Participation in a meeting through use of conference telephone or electronic video screen communication pursuant to this subdivision constitutes presence in person at that meeting as long as all members participating in the meeting are able to hear one another. Participation in a meeting through use of electronic transmission by and to the corporation, other than conference telephone and electronic video screen communication, pursuant to this subdivision constitutes presence in person at that meeting if both of the following apply:

(A) Each member participating in the meeting can communicate with all of the other members concurrently.

(B) Each member is provided the means of participating in all matters before the board, including, without limitation, the capacity to propose, or to interpose an objection to, a specific action to be taken by the corporation.

(7) A majority of the number of directors authorized in the articles or bylaws constitutes a quorum of the board for the transaction of business. The articles or bylaws may not provide that a quorum shall be less than one-fifth the number of directors authorized in the articles or bylaws, or less than two, whichever is larger, unless the number of directors authorized in the articles or bylaws is one, in which case one director constitutes a quorum.

(8) Subject to the provisions of Sections 7212, 7233, 7234, and subdivision (e) of Section 7237 and Section 5233, insofar as it is made applicable pursuant to Section 7238, an act or decision done or made by a majority of the directors present at a meeting duly held at which a quorum is present is the act of the board. The articles or bylaws may not provide that a lesser vote than a majority of the directors present at a meeting is the act of the board. A meeting at which a quorum is initially

present may continue to transact business notwithstanding the withdrawal of directors, if any action taken is approved by at least a majority of the required quorum for that meeting, or a greater number required by this division, the articles or bylaws.

(b) An action required or permitted to be taken by the board may be taken without a meeting, if all members of the board shall individually or collectively consent in writing to that action. The written consent or consents shall be filed with the minutes of the proceedings of the board. The action by written consent shall have the same force and effect as a unanimous vote of the directors. For purposes of this subdivision only, "all members of the board" does not include an "interested director" as defined in Section 5233, insofar as it is made applicable pursuant to Section 7238.

(c) This section applies also to incorporators, to committees of the board, and to action by those incorporators or committees mutatis mutandis.

SEC. 5. Section 9211 of the Corporations Code is amended to read:

9211. (a) Unless otherwise provided in the articles or in the bylaws, all of the following apply:

(1) Meetings of the board may be called by the chair of the board or the president or any vice president or the secretary or any two directors.

(2) Regular meetings of the board may be held without notice if the time and place of the meetings are fixed by the bylaws or the board. Special meetings of the board shall be held upon four days' notice by first-class mail or 48 hours' notice delivered personally or by telephone, including a voice messaging system or by electronic transmission by a corporation (Section 20). The articles or bylaws may not dispense with notice of a special meeting. A notice, or waiver of notice, need not specify the purpose of any regular or special meeting of the board.

(3) Notice of a meeting need not be given to a director who provided a waiver of notice or consent to holding the meeting or an approval of the minutes thereof in writing, whether before or after the meeting, or who attends the meeting without protesting, prior thereto or at its commencement, the lack of notice to that director. These waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meetings.

(4) A majority of the directors present, whether or not a quorum is present, may adjourn any meeting to another time and place.

(5) Meetings of the board may be held at a place within or without the state that has been designated in the notice of the meeting or, if not stated in the notice or there is no notice, designated in the bylaws or by resolution of the board.

(6) Members of the board may participate in a meeting through use of conference telephone, electronic video screen communication, or electronic transmission by and to the corporation. Participation in a meeting through use of conference telephone or electronic video screen communication pursuant to this subdivision constitutes presence in person at that meeting as long as all members participating in the meeting are able to hear one another. Participation in a meeting through use of electronic transmission by and to the corporation, other than conference telephone and electronic video screen communication pursuant to this subdivision constitutes presence in person at that meeting, if both of the following apply:

(A) Each member participating in the meeting can communicate with all of the other members concurrently.

(B) Each member is provided the means of participating in all matters before the board, including, without limitation, the capacity to propose, or to interpose an objection to, a specific action to be taken by the corporation.

(7) A majority of the number of directors authorized in the articles or bylaws constitutes a quorum of the board for the transaction of business.

(8) An act or decision done or made by a majority of the directors present at a meeting duly held at which a quorum is present is the act of the board. The articles or bylaws may not provide that a lesser vote than a majority of the directors present at a meeting is the act of the board. A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of directors, if any action taken is approved by at least a majority of the required quorum for that meeting, or a greater number as is required by this division, the articles or bylaws.

(b) An action required or permitted to be taken by the board may be taken without a meeting, if all members of the board shall individually or collectively consent in writing to that action. The written consent or consents shall be filed with the minutes of the proceedings of the board. The action by written consent shall have the same force and effect as a unanimous vote of the directors.

(c) This section applies also to incorporators, to committees of the board, and to action by those incorporators or committees mutatis mutandis.

SEC. 6. Section 12351 of the Corporations Code is amended to read:

12351. (a) Unless otherwise provided in the articles or in the bylaws:

(1) Meetings of the board may be called by the chairman of the board or the president or any vice president or the secretary or any two directors.

(2) Regular meetings of the board may be held without notice if the time and place of the meetings are fixed by the bylaws or the board.

Special meetings of the board shall be held upon four days' notice by first-class mail or 48 hours' notice delivered personally or by telephone, including a voice messaging system or by electronic transmission by the corporation (Section 20). The articles or bylaws may not dispense with notice of a special meeting. A notice, or waiver of notice, need not specify the purpose of any regular or special meeting of the board.

(3) Notice of a meeting need not be given to any director who provides a waiver of notice or consent to holding the meeting or an approval of the minutes thereof in writing, whether before or after the meeting, or who attends the meeting without protesting, prior thereto or at its commencement, the lack of notice to that director. All waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meetings.

(4) A majority of the directors present, whether or not a quorum is present, may adjourn any meeting to another time and place. If the meeting is adjourned for more than 24 hours, notice of any adjournment to another time or place shall be given prior to the time of the adjourned meeting to the directors who were not present at the time of the adjournment.

(5) Meetings of the board may be held at any place within or without the state which has been designated in the notice of the meeting or, if not stated in the notice or if there is no notice, designated in the bylaws or by resolution of the board.

(6) Members of the board may participate in a meeting through use of conference telephone, electronic video screen communication, or electronic transmission by and to the corporation (Sections 20 and 21). Participation in a meeting through use of conference telephone or electronic video screen communication pursuant to this subdivision constitutes presence in person at that meeting as long as all members participating in the meeting are able to hear one another. Participation in a meeting through use of electronic transmission by and to the corporation, other than conference telephone and electronic video screen communication pursuant to this subdivision constitutes presence in person at that meeting if both of the following apply:

(A) Each member participating in the meeting can communicate with all of the other members concurrently.

(B) Each member is provided the means of participating in all matters before the board, including, without limitation, the capacity to propose, or to interpose an objection to, a specific action to be taken by the corporation.

(7) A majority of the number of directors authorized in the articles or bylaws constitutes a quorum of the board for the transaction of business. The articles or bylaws may not provide that a quorum shall be

less than one-fifth the number of directors authorized in the articles or bylaws, or less than two, whichever is larger.

(8) Subject to the provisions of Sections 12352, 12373, 12374 and subdivision (e) of Section 12377, every act or decision done or made by a majority of the directors present at a meeting duly held at which a quorum is present is the act of the board. The articles or bylaws may not provide that a lesser vote than a majority of the directors present at a meeting is the act of the board. A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of directors, if any action taken is approved by at least a majority of the required quorum for the meeting, or a greater number as is required by this division, the articles or bylaws.

(b) Any action required or permitted to be taken by the board may be taken without a meeting, if all members of the board shall individually or collectively consent in writing to such action. Such written consent or consents shall be filed with the minutes of the proceedings of the board.

The action by written consent shall have the same force and effect as a unanimous vote of the directors.

SEC. 7. It is the intent of the Legislature that the provision of this act that adds the language "and if the number of members of the board serving at the time constitutes a quorum" does not constitute a change of law but instead makes a clarification to guide directors. It is also the intent of the Legislature that the provision of this act that deletes the sentence "The action by written consent shall have the same force and effect as a unanimous vote of the directors" does not constitute a change of law but instead deletes superfluous language addressed by the respective sections of law.

CHAPTER 103

An act to amend Section 226 of the Labor Code, relating to employee compensation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 21, 2005. Filed with Secretary of State July 21, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 226 of the Labor Code is amended to read:

226. (a) Every employer shall, semimonthly or at the time of each payment of wages, furnish each of his or her employees, either as a detachable part of the check, draft, or voucher paying the employee's wages, or separately when wages are paid by personal check or cash, an accurate itemized statement in writing showing (1) gross wages earned, (2) total hours worked by the employee, except for any employee whose compensation is solely based on a salary and who is exempt from payment of overtime under subdivision (a) of Section 515 or any applicable order of the Industrial Welfare Commission, (3) the number of piece-rate units earned and any applicable piece rate if the employee is paid on a piece-rate basis, (4) all deductions, provided that all deductions made on written orders of the employee may be aggregated and shown as one item, (5) net wages earned, (6) the inclusive dates of the period for which the employee is paid, (7) the name of the employee and his or her social security number, except that by January 1, 2008, only the last four digits of his or her social security number or an employee identification number other than a social security number may be shown on the itemized statement, (8) the name and address of the legal entity that is the employer, and (9) all applicable hourly rates in effect during the pay period and the corresponding number of hours worked at each hourly rate by the employee. The deductions made from payments of wages shall be recorded in ink or other indelible form, properly dated, showing the month, day, and year, and a copy of the statement or a record of the deductions shall be kept on file by the employer for at least three years at the place of employment or at a central location within the State of California.

(b) An employer that is required by this code or any regulation adopted pursuant to this code to keep the information required by subdivision (a) shall afford current and former employees the right to inspect or copy the records pertaining to that current or former employee, upon reasonable request to the employer. The employer may take reasonable steps to assure the identity of a current or former employee. If the employer provides copies of the records, the actual cost of reproduction may be charged to the current or former employee.

(c) An employer who receives a written or oral request to inspect or copy records pursuant to subdivision (b) pertaining to a current or former employee shall comply with the request as soon as practicable, but no later than 21 calendar days from the date of the request. A violation of this subdivision is an infraction. Impossibility of performance, not caused by or a result of a violation of law, shall be an affirmative defense for an employer in any action alleging a violation of this subdivision. An employer may designate the person to whom a request under this subdivision will be made.

(d) This section does not apply to any employer of any person employed by the owner or occupant of a residential dwelling whose duties are incidental to the ownership, maintenance, or use of the dwelling, including the care and supervision of children, or whose duties are personal and not in the course of the trade, business, profession, or occupation of the owner or occupant.

(e) An employee suffering injury as a result of a knowing and intentional failure by an employer to comply with subdivision (a) is entitled to recover the greater of all actual damages or fifty dollars ($50) for the initial pay period in which a violation occurs and one hundred dollars ($100) per employee for each violation in a subsequent pay period, not exceeding an aggregate penalty of four thousand dollars ($4,000), and is entitled to an award of costs and reasonable attorney's fees.

(f) A failure by an employer to permit a current or former employee to inspect or copy records within the time set forth in subdivision (c) entitles the current or former employee or the Labor Commissioner to recover a seven-hundred-fifty-dollar ($750) penalty from the employer.

(g) An employee may also bring an action for injunctive relief to ensure compliance with this section, and is entitled to an award of costs and reasonable attorney's fees.

(h) This section does not apply to the state, to any city, county, city and county, district, or to any other governmental entity, except that if the state or a city, county, city and county, district, or other governmental entity furnishes its employees with a check, draft, or voucher paying the employee's wages, the state or a city, county, city and county, district, or other governmental entity shall, by January 1, 2008, use no more than the last four digits of the employee's social security number or shall use an employee identification number other than the social security number on the itemized statement provided with the check, draft, or voucher.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify existing law governing employee compensation, it is necessary that this act take effect immediately.

CHAPTER 104

An act to amend and repeal Section 18824 of the Business and Professions Code, relating to boxing, and making an appropriation therefor.

[Approved by Governor July 21, 2005. Filed with Secretary of State July 21, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 18824 of the Business and Professions Code, as amended by Section 18 of Chapter 183 of the Statutes of 2004, is amended to read:

18824. (a) Except as provided in Sections 18646 and 18832, every person who conducts a contest or wrestling exhibition shall, within 72 hours after the determination of every contest or wrestling exhibition for which admission is charged and received, furnish to the commission a written report executed under penalty of perjury by one of the officers, showing the amount of the gross receipts, not to exceed two million dollars ($2,000,000), and the gross price for the contest or wrestling exhibition charged directly or indirectly and no matter by whom received, for the sale, lease, or other exploitation of broadcasting and television rights of the contest or wrestling exhibition, and without any deductions, except for expenses incurred for one broadcast announcer, telephone line connection, and transmission mobile equipment facility, which may be deducted from the gross taxable base when those expenses are approved by the commission. The person shall also, within the same time, pay to the commission a fee of 5 percent, exclusive of any federal taxes paid thereon, of the amount paid for admission to the contest or wrestling exhibition, except that for any one boxing contest, the fee shall not exceed the amount of one hundred thousand dollars ($100,000), and a fee of up to 5 percent of the gross price as described above for the sale, lease, or other exploitation of broadcasting or television rights thereof, except that in no case shall the fee be less than one thousand dollars ($1,000). The minimum fee for an amateur contest or exhibition shall not be less than five hundred dollars ($500). The amount of the gross receipts upon which the fee provided for in this section is calculated

shall not include any assessments levied by the commission under Section 18711.

The fee on admission shall apply to the amount actually paid for admission and not to the regular established price.

No fee is due in the case of a person admitted free of charge. However, if the total number of persons admitted free of charge to a boxing, kickboxing, or martial arts contest or wrestling exhibition exceeds 25 percent of the total number of spectators, then a fee of one dollar ($1) per complimentary ticket or pass used to gain admission to the contest shall be paid to the commission for each complimentary ticket or pass that exceeds the numerical total of 25 percent of the total number of spectators.

(b) If the fee on admissions for any one boxing contest exceeds seventy thousand dollars ($70,000), the amount in excess of seventy thousand dollars ($70,000) shall be paid one-half to the commission and one-half to the Boxers' Pension Fund.

(c) As used in this section, "person" includes a promoter, club, individual, corporation, partnership, association, or other organization, and "wrestling exhibition" means a performance of wrestling skills and techniques by two or more individuals, to which admission is charged or which is broadcast or televised, in which the participating individuals are not required to use their best efforts in order to win, and for which the winner may have been selected before the performance commences.

SEC. 2. Section 18824 of the Business and Professions Code, as amended by Section 19 of Chapter 183 of the Statutes of 2004, is repealed.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 105

An act to amend Section 2827 of the Public Utilities Code, relating to public utilities.

[Approved by Governor July 21, 2005. Filed with Secretary of State July 21, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 2827 of the Public Utilities Code is amended to read:

2827. (a) The Legislature finds and declares that a program to provide net energy metering for eligible customer-generators is one way to encourage substantial private investment in renewable energy resources, stimulate in-state economic growth, reduce demand for electricity during peak consumption periods, help stabilize California's energy supply infrastructure, enhance the continued diversification of California's energy resource mix, and reduce interconnection and administrative costs for electricity suppliers.

(b) As used in this section, the following definitions apply:

(1) "Electric service provider" means an electrical corporation, as defined in Section 218, a local publicly owned electric utility, as defined in Section 9604, or an electrical cooperative, as defined in Section 2776, or any other entity that offers electrical service. This section shall not apply to a local publicly owned electric utility, as defined in Section 9604 of the Public Utilities Code, that serves more than 750,000 customers and that also conveys water to its customers.

(2) "Eligible customer-generator" means a residential, small commercial customer as defined in subdivision (h) of Section 331, commercial, industrial, or agricultural customer of an electric service provider, who uses a solar or a wind turbine electrical generating facility, or a hybrid system of both, with a capacity of not more than one megawatt that is located on the customer's owned, leased, or rented premises, is interconnected and operates in parallel with the electric grid, and is intended primarily to offset part or all of the customer's own electrical requirements.

(3) "Net energy metering" means measuring the difference between the electricity supplied through the electric grid and the electricity generated by an eligible customer-generator and fed back to the electric grid over a 12-month period as described in subdivision (h). Net energy metering shall be accomplished using a single meter capable of registering the flow of electricity in two directions. An additional meter or meters to monitor the flow of electricity in each direction may be installed with the consent of the customer-generator, at the expense of the electric service provider, and the additional metering shall be used only to provide the information necessary to accurately bill or credit the customer-generator pursuant to subdivision (h), or to collect solar or wind electric generating system performance information for research purposes. If the existing electrical meter of an eligible customer-generator is not capable of measuring the flow of electricity in two directions, the

customer-generator shall be responsible for all expenses involved in purchasing and installing a meter that is able to measure electricity flow in two directions. If an additional meter or meters are installed, the net energy metering calculation shall yield a result identical to that of a single meter. An eligible customer-generator who already owns an existing solar or wind turbine electrical generating facility, or a hybrid system of both, is eligible to receive net energy metering service in accordance with this section.

(4) "Wind energy co-metering" means any wind energy project greater than 50 kilowatts, but not exceeding one megawatt, where the difference between the electricity supplied through the electric grid and the electricity generated by an eligible customer-generator and fed back to the electric grid over a 12-month period is as described in subdivision (h). Wind energy co-metering shall be accomplished pursuant to Section 2827.8.

(5) "Co-energy metering" means a program that is the same in all other respects as a net energy metering program, except that the local publicly owned electric utility, as defined in Section 9604, has elected to apply a generation-to-generation energy and time-of-use credit formula as provided in subdivision (i).

(6) "Ratemaking authority" means, for an electrical corporation as defined in Section 218, or an electrical cooperative as defined in Section 2776, the commission, and for a local publicly owned electric utility as defined in Section 9604, the local elected body responsible for regulating the rates of the local publicly owned utility.

(c) (1) (A) Every electric service provider shall develop a standard tariff providing for net energy metering, and shall make this tariff available to eligible customer-generators, upon request, on a first-come-first-served basis until

, except as provided in subparagraph (B), the total rated generating capacity used by eligible customer-generators exceeds one-half of 1 percent of the electric service provider's aggregate customer peak demand.

(B) Notwithstanding subparagraph (A), the San Diego Gas and Electric Company shall make its standard net energy metering tariff available to eligible customer-generators until the total rated generating capacity used by eligible customer-generators within its service territory exceeds 50 megawatts.

(2) On an annual basis, beginning in 2003, every electric service provider shall make available to the ratemaking authority information on the total rated generating capacity used by eligible customer-generators that are customers of that provider in the provider's service area. For those electric service providers who are operating

pursuant to Section 394, they shall make available to the ratemaking authority the information required by this paragraph for each eligible customer-generator that is their customer for each service area of an electric corporation, local publicly owned electric utility, or electrical cooperative, in which the customer has net energy metering. The ratemaking authority shall develop a process for making the information required by this paragraph available to energy service providers, and for using that information to determine when, pursuant to paragraph (3), a service provider is not obligated to provide net energy metering to additional customer-generators in its service area.

(3) Notwithstanding paragraph (1), an electric service provider is not obligated to provide net energy metering to additional customer-generators in its service area when the combined total peak demand of all customer-generators served by all the electric service providers in that service area furnishing net energy metering to eligible customer-generators exceeds one-half of 1 percent of the aggregate customer peak demand of those electric service providers.

(d) Electric service providers shall make all necessary forms and contracts for net metering service available for download from the Internet.

(e) (1) Every electric service provider shall ensure that requests for establishment of net energy metering are processed in a time period not exceeding that for similarly situated customers requesting new electric service, but not to exceed 30 working days from the date the electric service provider receives a completed application form for net metering service, including a signed interconnection agreement from an eligible customer-generator and the electric inspection clearance from the governmental authority having jurisdiction. If an electric service provider is unable to process the request within the allowable timeframe, the electric service provider shall notify both the customer-generator and the ratemaking authority of the reason for its inability to process the request and the expected completion date.

(2) Electric service providers shall ensure that requests for an interconnection agreement from an eligible customer-generator are processed in a time period not to exceed 30 working days from the date the electric service provider receives a completed application form from the eligible customer-generator for an interconnection agreement. If an electric service provider is unable to process the request within the allowable timeframe, the electric service provider shall notify the customer-generator and the ratemaking authority of the reason for its inability to process the request and the expected completion date.

(f) (1) If a customer participates in direct transactions pursuant to paragraph (1) of subdivision (b) of Section 365 with an electric supplier

that does not provide distribution service for the direct transactions, the service provider that provides distribution service for an eligible customer-generator is not obligated to provide net energy metering to the customer.

(2) If a customer participates in direct transactions pursuant to paragraph (1) of subdivision (b) of Section 365 with an electric supplier, and the customer is an eligible customer-generator, the service provider that provides distribution service for the direct transactions may recover from the customer's electric service provider the incremental costs of metering and billing service related to net energy metering in an amount set by the ratemaking authority.

(g) Each net energy metering contract or tariff shall be identical, with respect to rate structure, all retail rate components, and any monthly charges, to the contract or tariff to which the same customer would be assigned if the customer did not use an eligible solar or wind electrical generating facility, except that eligible customer-generators shall not be assessed standby charges on the electrical generating capacity or the kilowatthour production of an eligible solar or wind electrical generating facility. The charges for all retail rate components for eligible customer-generators shall be based exclusively on the customer-generator's net kilowatthour consumption over a 12-month period, without regard to the customer-generator's choice of electric service provider. Any new or additional demand charge, standby charge, customer charge, minimum monthly charge, interconnection charge, or any other charge that would increase an eligible customer-generator's costs beyond those of other customers who are not customer-generators in the rate class to which the eligible customer-generator would otherwise be assigned if the customer did not own, lease, rent, or otherwise operate an eligible solar or wind electrical generating facility are contrary to the intent of this section, and shall not form a part of net energy metering contracts or tariffs.

(h) For eligible residential and small commercial customer-generators, the net energy metering calculation shall be made by measuring the difference between the electricity supplied to the eligible customer-generator and the electricity generated by the eligible customer-generator and fed back to the electric grid over a 12-month period. The following rules shall apply to the annualized net metering calculation:

(1) The eligible residential or small commercial customer-generator shall, at the end of each 12-month period following the date of final interconnection of the eligible customer-generator's system with an electric service provider, and at each anniversary date thereafter, be billed for electricity used during that period. The electric service provider

shall determine if the eligible residential or small commercial customer-generator was a net consumer or a net producer of electricity during that period.

(2) At the end of each 12-month period, where the electricity supplied during the period by the electric service provider exceeds the electricity generated by the eligible residential or small commercial customer-generator during that same period, the eligible residential or small commercial customer-generator is a net electricity consumer and the electric service provider shall be owed compensation for the eligible customer-generator's net kilowatthour consumption over that same period. The compensation owed for the eligible residential or small commercial customer-generator's consumption shall be calculated as follows:

(A) For all eligible customer-generators taking service under tariffs employing "baseline" and "over baseline" rates, any net monthly consumption of electricity shall be calculated according to the terms of the contract or tariff to which the same customer would be assigned to or be eligible for if the customer was not an eligible customer-generator. If those same customer-generators are net generators over a billing period, the net kilowatthours generated shall be valued at the same price per kilowatthour as the electric service provider would charge for the baseline quantity of electricity during that billing period, and if the number of kilowatthours generated exceeds the baseline quantity, the excess shall be valued at the same price per kilowatthour as the electric service provider would charge for electricity over the baseline quantity during that billing period.

(B) For all eligible customer-generators taking service under tariffs employing "time-of-use" rates, any net monthly consumption of electricity shall be calculated according to the terms of the contract or tariff to which the same customer would be assigned to or be eligible for if the customer was not an eligible customer-generator. When those same customer-generators are net generators during any discrete time-of-use period, the net kilowatthours produced shall be valued at the same price per kilowatthour as the electric service provider would charge for retail kilowatthour sales during that same time-of-use period. If the eligible customer-generator's time-of-use electrical meter is unable to measure the flow of electricity in two directions, paragraph (3) of subdivision (b) shall apply.

(C) For all residential and small commercial customer-generators and for each billing period, the net balance of moneys owed to the electric service provider for net consumption of electricity or credits owed to the customer-generator for net generation of electricity shall be carried forward as a monetary value until the end of each 12-month period. For

all commercial, industrial, and agricultural customer-generators the net balance of moneys owed shall be paid in accordance with the electric service provider's normal billing cycle, except that if the commercial, industrial, or agricultural customer-generator is a net electricity producer over a normal billing cycle, any excess kilowatthours generated during the billing cycle shall be carried over to the following billing period as a monetary value, calculated according to the procedures set forth in this section, and appear as a credit on the customer-generator's account, until the end of the annual period when paragraph (3) shall apply.

(3) At the end of each 12-month period, where the electricity generated by the eligible customer-generator during the 12-month period exceeds the electricity supplied by the electric service provider during that same period, the eligible customer-generator is a net electricity producer and the electric service provider shall retain any excess kilowatthours generated during the prior 12-month period. The eligible customer-generator shall not be owed any compensation for those excess kilowatthours unless the electric service provider enters into a purchase agreement with the eligible customer-generator for those excess kilowatthours.

(4) The electric service provider shall provide every eligible residential or small commercial customer-generator with net electricity consumption information with each regular bill. That information shall include the current monetary balance owed the electric service provider for net electricity consumed since the last 12-month period ended. Notwithstanding this subdivision, an electric service provider shall permit that customer to pay monthly for net energy consumed.

(5) If an eligible residential or small commercial customer-generator terminates the customer relationship with the electric service provider, the electric service provider shall reconcile the eligible customer-generator's consumption and production of electricity during any part of a 12-month period following the last reconciliation, according to the requirements set forth in this subdivision, except that those requirements shall apply only to the months since the most recent 12-month bill.

(6) If an electric service provider providing net metering to a residential or small commercial customer-generator ceases providing that electrical service to that customer during any 12-month period, and the customer-generator enters into a new net metering contract or tariff with a new electric service provider, the 12-month period, with respect to that new electric service provider, shall commence on the date on which the new electric service provider first supplies electric service to the customer-generator.

(i) Notwithstanding any other provisions of this section, the following provisions shall apply to an eligible customer-generator with a capacity of more than 10 kilowatts, but not exceeding one megawatt, that receives electrical service from a local publicly owned electric utility, as defined in Section 9604, that has elected to utilize a co-energy metering program unless the electric service provider chooses to provide service for eligible customer-generators with a capacity of more than 10 kilowatts in accordance with subdivisions (g) and (h):

(1) The eligible customer-generator shall be required to utilize a meter, or multiple meters, capable of separately measuring electricity flow in both directions. All meters shall provide "time-of-use" measurements of electricity flow, and the customer shall take service on a time-of-use rate schedule. If the existing meter of the eligible customer-generator is not a time-of-use meter or is not capable of measuring total flow of energy in both directions, the eligible customer-generator shall be responsible for all expenses involved in purchasing and installing a meter that is both time-of-use and able to measure total electricity flow in both directions. This subdivision shall not restrict the ability of an eligible customer-generator to utilize any economic incentives provided by a government agency or the electric service provider to reduce its costs for purchasing and installing a time-of-use meter.

(2) The consumption of electricity from the electric service provider shall result in a cost to the eligible customer-generator to be priced in accordance with the standard rate charged to the eligible customer-generator in accordance with the rate structure to which the customer would be assigned if the customer did not use an eligible solar or wind electrical generating facility. The generation of electricity provided to the electric service provider shall result in a credit to the eligible customer-generator and shall be priced in accordance with the generation component, established under the applicable structure to which the customer would be assigned if the customer did not use an eligible solar or wind electrical generating facility.

(3) All costs and credits shall be shown on the eligible customer-generator's bill for each billing period. In any months in which the eligible customer-generator has been a net consumer of electricity calculated on the basis of value determined pursuant to paragraph (2), the customer-generator shall owe to the electric service provider the balance of electricity costs and credits during that billing period. In any billing period in which the eligible customer-generator has been a net producer of electricity calculated on the basis of value determined pursuant to paragraph (2), the electric service provider shall owe to the eligible customer-generator the balance of electricity costs and credits during that billing period. Any net credit to the eligible

customer-generator of electricity costs may be carried forward to subsequent billing periods, provided that an electric service provider may choose to carry the credit over as a kilowatt hour credit consistent with the provisions of any applicable tariff, including any differences attributable to the time of generation of the electricity. At the end of each 12-month period, the electric service provider may reduce any net credit due to the eligible customer-generator to zero.

(j) A solar or wind turbine electrical generating system, or a hybrid system of both, used by an eligible customer-generator shall meet all applicable safety and performance standards established by the National Electrical Code, the Institute of Electrical and Electronics Engineers, and accredited testing laboratories such as Underwriters Laboratories and, where applicable, rules of the Public Utilities Commission regarding safety and reliability. A customer-generator whose solar or wind turbine electrical generating system, or a hybrid system of both, meets those standards and rules shall not be required to install additional controls, perform or pay for additional tests, or purchase additional liability insurance.

(k) If the commission determines that there are cost or revenue obligations for an electric corporation, as defined in Section 218, that may not be recovered from customer-generators acting pursuant to this section, those obligations shall remain within the customer class from which any shortfall occurred and may not be shifted to any other customer class. Net metering and co-metering customers shall not be exempt from the public benefits charge. In its report to the Legislature, the commission shall examine different methods to ensure that the public benefits charge remains a nonbypassable charge.

(*l*) A net metering customer shall reimburse the Department of Water Resources for all charges that would otherwise be imposed on the customer by the commission to recover bond-related costs pursuant to an agreement between the commission and the Department of Water Resources pursuant to Section 80110 of the Water Code, as well as the costs of the department equal to the share of the department's estimated net unavoidable power purchase contract costs attributable to the customer. The commission shall incorporate the determination into an existing proceeding before the commission, and shall ensure that the charges are nonbypassable. Until the commission has made a determination regarding the nonbypassable charges, net metering shall continue under the same rules, procedures, terms, and conditions as were applicable on December 31, 2002.

(m) In implementing the requirements of subdivisions (k) and (*l*), a customer-generator shall not be required to replace its existing meter except as set forth in paragraph (3) of subdivision (b), nor shall the

electric service provider require additional measurement of usage beyond that which is necessary for customers in the same rate class as the eligible customer-generator.

(n) On or before January 1, 2005, the commission shall submit a report to the Governor and the Legislature that assesses the economic and environmental costs and benefits of net metering to customer-generators, ratepayers, and utilities, including any beneficial and adverse effects on public benefit programs and special purpose surcharges. The report shall be prepared by an independent party under contract with the commission.

(o) It is the intent of the Legislature that the Treasurer incorporate net energy metering and co-energy metering projects undertaken pursuant to this section as sustainable building methods or distributive energy technologies for purposes of evaluating low-income housing projects.

SEC. 2. The Legislature finds and declares that, because of the unique circumstances applicable only to the territory of the San Diego Gas and Electric Company, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution. Therefore, this special statute is necessary.

CHAPTER 106

An act to amend Section 11007 of the Government Code, relating to state construction projects.

[Approved by Governor July 21, 2005. Filed with Secretary of State July 21, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 11007 of the Government Code is amended to read:

11007. (a) Except as expressly authorized by law or as specifically authorized by the Director of General Services, property belonging to the state shall not be insured against risk of damage or destruction by fire, and the policies of fire insurance upon any property belonging to the state shall not be renewed. This section is not applicable to the State Compensation Insurance Fund nor to property owned by it.

(b) Notwithstanding the provisions of subdivision (a), the Director of General Services may establish a master builders' risk insurance program for all state construction projects during construction.

(c) Insurance authorized by this section shall be procured utilizing insurance procurement procedures approved by the Director of General Services.

(d) The master builders' risk insurance program established pursuant to subdivision (b) shall provide that if a master policy is issued, that policy shall require a deductible from the contractor of at least twenty-five thousand dollars ($25,000).

CHAPTER 107

An act to add Section 14682 to the Government Code, relating to state property.

[Approved by Governor July 21, 2005. Filed with Secretary of State July 21, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) It is not the intent of the Legislature in enacting Section 2 of this act to increase the jurisdiction of the Department of General Services over construction, facilities, or real property that is not now under the jurisdiction of the department on the date that Section 14682 of the Government Code takes effect.

(b) It is the intent of the Legislature in enacting Section 2 of this act that existing state-owned or state-leased facilities are fully utilized by state agencies before entering into new leases by the Department of General Services in order to better control office facility use by state agencies.

SEC. 2. Section 14682 is added to the Government Code, to read:

14682. (a) Final determination of the use of existing state-owned and state-leased facilities that are currently under the jurisdiction of the Department of General Services by state agencies shall be made by the Department of General Services.

(b) A request of an agency that is required to be made to and approved by the Department of General Services to acquire new facilities through lease, purchase, or construction shall first consider the utilization of existing state-owned, state-leased, or state-controlled facilities before considering the leasing of additional facilities on behalf of a state agency. If no available appropriate state facilities exist, the Department of General Services shall procure approved new facilities for the agency that meets

the agency's needs using cost efficiency as a primary criterion, among other agency-specific criteria, as applicable.

(c) When tenant state agencies located in existing state-owned or state-leased facilities vacate their premises, they shall continue paying rent for the facilities unless and until a new tenant can be assigned or until the Department of General Services can negotiate a mutual termination of the lease. If the department generates the tenant's relinquishment, or if the tenant is vacating in accordance with the provisions of its lease agreement, the tenant shall not be obligated to pay rent after vacating the premises.

CHAPTER 108

An act to add Sections 61014.5, 61029.5, 61111.1, and 61200.2 to the Government Code, relating to community services districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 21, 2005. Filed with Secretary of State July 21, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 61014.5 is added to the Government Code, to read:

61014.5. Notwithstanding Section 61014, in the case of the proposed formation of the East Garrison Community Services District, if the Local Agency Formation Commission of Monterey County finds that the affected territory contains no registered voters and no landowners that are not public agencies, the Local Agency Formation Commission of Monterey County may, as a term and condition of approving the formation, dispense with an election, complete the proceedings for the formation of the East Garrison Community Services District, and order the Board of Supervisors of the County of Monterey to designate the members of the initial board of directors pursuant to Section 61029.5.

(3) Ten years after the effective date of the East Garrison Community Services District's formation.

(4) The Local Agency Formation Commission of Monterey County has required, as a term and condition of approving the formation of the East Garrison Community Services District, placing the question of having an elected board of directors on the ballot in less than 10 years after the effective date of the East Garrison Community Services District's formation.

(c) At the election, the voters shall also elect members to the East Garrison Community Services District's Board of Directors. Those persons shall take office only if a majority of the voters voting upon the question of having an elected board are in favor of the question.

(d) If the question is submitted to the voters at a general district election, the notice required by Section 12112 of the Elections Code shall contain a statement of the question to appear on the ballot. If the question is submitted to the voters at a special election, the notice of the election and ballot shall contain a statement of the question.

SEC. 3. Section 61111.1 is added to the Government Code, to read:

61111.1. Notwithstanding Section 61111, in the case of the proposed formation of the East Garrison Community Services District, if the Local Agency Formation Commission of Monterey County finds that the affected territory contains no registered voters and no landowners that are not public agencies, the Local Agency Formation Commission of Monterey County may, as a term and condition of approving the formation, dispense with an election and order the Board of Supervisors of the County of Monterey to adopt the resolution required pursuant to Section 61117, and designate the members of the initial board of directors pursuant to Section 61200.2.

(3) Ten years after the effective date of the East Garrison Community Services District's formation.

(4) The Local Agency Formation Commission of Monterey County has required, as a term and condition of approving the formation of the East Garrison Community Services District, placing the question of having an elected board of directors on the ballot in less than 10 years after the effective date of the East Garrison Community Services District's formation.

(c) At the election, the voters shall also elect members to the East Garrison Community Services District's Board of Directors. Those persons shall take office only if a majority of the voters voting upon the question of having an elected board are in favor of the question.

(d) If the question is submitted to the voters at a general district election, the notice required by Section 12112 of the Elections Code shall contain a statement of the question to appear on the ballot. If the question is submitted to the voters at a special election, the notice of election and ballot shall contain a statement of the question.

SEC. 5. (a) If Senate Bill 135 of the 200-06 Regular Session is chaptered and takes effect on or before January 1, 2006, and that bill, as enacted, repeals and adds Division 3 (commencing with Section 61000) of Title 6 of the Government Code:

(1) Sections 3 and 4 of this bill shall remain in effect only until January 1, 2006, and as of that date are repealed.

(2) Sections 1 and 2 of this bill shall become operative on January 1, 2006.

(b) If Senate Bill 135 of the 2005-06 Regular Session is not chaptered, or, as chaptered, that bill does not repeal and add Division 3 (commencing with Section 61000) of Title 6 of the Government Code, then Sections 1 and 2 of this bill shall not become operative.

SEC. 6. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances of the East Garrison area of the

County of Monterey. The facts constituting the special circumstances are:

The property in the East Garrison area of the County of Monterey is part of the former Fort Ord which has been designated by the basewide Fort Ord Reuse Plan and by the County of Monterey Redevelopment Agency Redevelopment Plan for the Fort Ord Redevelopment Project Area. This property is to be conveyed from the United States to the Fort Ord Reuse Authority and then from the Fort Ord Reuse Authority to the Redevelopment Agency of the County of Monterey for redevelopment. To assure that adequate levels of public facilities and services will be available to the East Garrison area, the Board of Supervisors of the County of Monterey intends to form a community services district. The provisions of this act are necessary to provide an orderly and financially sound transition from the conditions that currently exist in the East Garrison area to a redeveloped urban community.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Federal officials are likely to transfer title to the East Garrison area of the former Fort Ord to the Fort Ord Reuse Authority before the end of 2005. In order to ensure an orderly transition of tenure and to avoid disinvestment that would threaten the public peace, health, or safety, it is essential for this act to take effect immediately.

CHAPTER 109

An act to amend Section 1861.025 of the Insurance Code, relating to auto insurance.

[Approved by Governor July 21, 2005. Filed with Secretary of State July 21, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1861.025 of the Insurance Code is amended to read:

(a) He or she has been licensed to drive a motor vehicle for the previous three years.

(b) During the previous three years, he or she has not done any of the following:

(1) Had more than one violation point count determined as provided by subdivision (a), (b), (c), (d), (e), (g), or (h) of Section 12810 of the Vehicle Code, but subject to the following modifications:

For the purposes of this section, the driver of a motor vehicle involved in an accident for which he or she was principally at fault that resulted only in damage to property shall receive one violation point count, in addition to any other violation points that may be imposed for this accident.

If, under Section 488 or 488.5, an insurer is prohibited from increasing the premium on a policy on account of a violation, that violation shall not be included in determining the point count of the person.

If a violation is required to be reported under Section 1816 of the Vehicle Code, or under Section 784 of the Welfare and Institutions Code, or any other provision requiring the reporting of a violation by a minor, the violation shall be included for the purposes of this section in determining the point count in the same manner as is applicable to adult violations.

(2) Had more than one dismissal pursuant to Section 1803.5 of the Vehicle Code that was not made confidential pursuant to Section 1808.7 of the Vehicle Code, in the 36-month period for violations that would have resulted in the imposition of more than one violation point count under paragraph (1) if the complaint had not been dismissed.

(3) Was the driver of a motor vehicle involved in an accident that resulted in bodily injury or in the death of any person and was principally at fault. The commissioner shall adopt regulations setting guidelines to be used by insurers for the determination of fault for the purposes of this paragraph and paragraph (1).

(c) During the period commencing on January 1, 1999, or the date 10 years prior to the date of application for the issuance or renewal of the Good Driver Discount policy, whichever is later, and ending on the date of the application for the issuance or renewal of the Good Driver Discount policy, he or she has not been convicted of a violation of Section 23140, 23152, or 23153 of the Vehicle Code, a felony violation of Section 23550 or 23566, or former Section 23175 or, as those sections read on January 1, 1999, of the Vehicle Code, or a violation of Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code.

(d) Any person who claims that he or she meets the criteria of subdivisions (a), (b), and (c) based entirely or partially on a driver's license and driving experience acquired anywhere other than in the United States or Canada is rebuttably presumed to be qualified to purchase a Good Driver Discount policy if he or she has been licensed

to drive in the United States or Canada for at least the previous 18 months and meets the criteria of subdivisions (a), (b), and (c) for that period.

CHAPTER 110

An act to amend Sections 1800, 1800.5, 1801, and 1801.5 of the Welfare and Institutions Code, relating to juvenile offenders, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 21, 2005. Filed with Secretary of State July 21, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1800 of the Welfare and Institutions Code is amended to read:

1800. Whenever the Department of the Youth Authority determines that the discharge of a person from the control of the department at the time required by Section 1766, 1769, 1770, 1770.1, or 1771, as applicable, would be physically dangerous to the public because of the person's mental or physical deficiency, disorder, or abnormality which causes the person to have serious difficulty controlling his or her dangerous behavior, the department, through its director, shall request the prosecuting attorney to petition the committing court for an order directing that the person remain subject to the control of the authority beyond that time. The petition shall be filed at least 90 days before the time of discharge otherwise required. The petition shall be accompanied by a written statement of the facts upon which the department bases its opinion that discharge from control of the department at the time stated would be physically dangerous to the public, but the petition may not be dismissed and an order may not be denied merely because of technical defects in the application.

The prosecuting attorney shall promptly notify the Department of the Youth Authority of a decision not to file a petition.

SEC. 2. Section 1800.5 of the Welfare and Institutions Code is amended to read:

1800.5. Notwithstanding any other provision of law, the Youth Authority Board may request the Director of the Youth Authority to review any case where the department has not made a request to the prosecuting attorney pursuant to Section 1800 and the board finds that the ward would be physically dangerous to the public because of the ward's mental or physical deficiency, disorder, or abnormality which

causes the person to have serious difficulty controlling his or her dangerous behavior. Upon the board's request, a mental health professional designated by the director shall review the case and thereafter may affirm the finding or order additional assessment of the ward. If, after review, the mental health designee affirms the initial finding, concludes that a subsequent assessment does not demonstrate that a ward is subject to extended detention pursuant to Section 1800, or fails to respond to a request from the board within the timeframe mandated by this section, the board thereafter may request the prosecuting attorney to petition the committing court for an order directing that the person remain subject to the control of the authority pursuant to Section 1800 if the board continues to find that the ward would be physically dangerous to the public because of the ward's mental or physical deficiency, disorder, or abnormality which causes the person to have serious difficulty controlling his or her dangerous behavior. The board's request to the prosecuting attorney shall be accompanied by a copy of the ward's file and any documentation upon which the board bases its opinion, and shall include any documentation of the department's review and recommendations made pursuant to this section. Any request for review pursuant to this section shall be submitted to the director not less than 120 days before the date of final discharge, and the review shall be completed and transmitted to the board not more than 15 days after the request has been received.

SEC. 3. Section 1801 of the Welfare and Institutions Code is amended to read:

1801. (a) If a petition is filed with the court for an order as provided in Section 1800 and, upon review, the court determines that the petition, on its face, supports a finding of probable cause, the court shall order that a hearing be held pursuant to subdivision (b). The court shall notify the person whose liberty is involved and, if the person is a minor, his or her parent or guardian (if that person can be reached, and, if not, the court shall appoint a person to act in the place of the parent or guardian) of the hearing, and shall afford the person an opportunity to appear at the hearing with the aid of counsel and the right to cross-examine experts or other witnesses upon whose information, opinion, or testimony the petition is based. The court shall inform the person named in the petition of his or her right of process to compel attendance of relevant witnesses and the production of relevant evidence. When the person is unable to provide his or her own counsel, the court shall appoint counsel to represent him or her.

The probable cause hearing shall be held within 10 calendar days after the date the order is issued pursuant to this subdivision unless the person named in the petition waives this time.

(b) At the probable cause hearing, the court shall receive evidence and determine whether there is probable cause to believe that discharge of the person would be physically dangerous to the public because of his or her mental or physical deficiency, disorder, or abnormality which causes the person to have serious difficulty controlling his or her dangerous behavior. If the court determines there is not probable cause, the court shall dismiss the petition and the person shall be discharged from the control of the authority at the time required by Section 1766, 1769, 1770, 1770.1, or 1771, as applicable. If the court determines there is probable cause, the court shall order that a trial be conducted to determine whether the person is physically dangerous to the public because of his or her mental or physical deficiency, disorder, or abnormality.

SEC. 4. Section 1801.5 of the Welfare and Institutions Code is amended to read:

1801.5. If a trial is ordered pursuant to Section 1801, the trial shall be by jury unless the right to a jury trial is personally waived by the person, after he or she has been fully advised of the constitutional rights being waived, and by the prosecuting attorney, in which case trial shall be by the court. If the jury is not waived, the court shall cause a jury to be summoned and to be in attendance at a date stated, not less than four days nor more than 30 days from the date of the order for trial, unless the person named in the petition waives time. The court shall submit to the jury, or, at a court trial, the court shall answer, the question: Is the person physically dangerous to the public because of his or her mental or physical deficiency, disorder, or abnormality which causes the person to have serious difficulty controlling his or her dangerous behavior? The court's previous order entered pursuant to Section 1801 shall not be read to the jury, nor alluded to in the trial. The person shall be entitled to all rights guaranteed under the federal and state constitutions in criminal proceedings. A unanimous jury verdict shall be required in any jury trial. As to either a court or a jury trial, the standard of proof shall be that of proof beyond a reasonable doubt.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure, as soon as possible, the constitutional validity of future commitments made pursuant to these provisions, it is necessary that this act take effect immediately.

CHAPTER 111

An act to amend Section 1797.196 of the Health and Safety Code, relating to emergency medical services.

[Approved by Governor July 25, 2005. Filed with
Secretary of State July 25, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1797.196 of the Health and Safety Code, as amended by Section 181 of Chapter 62 of the Statutes of 2003, is amended to read:

1797.196. (a) For purposes of this section, "AED" or "defibrillator" means an automated or automatic external defibrillator.

(b) In order to ensure public safety, any person or entity that acquires an AED is not liable for any civil damages resulting from any acts or omissions in the rendering of the emergency care under subdivision (b) of Section 1714.21 of the Civil Code, if that person or entity does all of the following:

(1) Complies with all regulations governing the placement of an AED.

(2) Ensures all of the following:

(A) That the AED is maintained and regularly tested according to the operation and maintenance guidelines set forth by the manufacturer, the American Heart Association, and the American Red Cross, and according to any applicable rules and regulations set forth by the governmental authority under the federal Food and Drug Administration and any other applicable state and federal authority.

(B) That the AED is checked for readiness after each use and at least once every 30 days if the AED has not been used in the preceding 30 days. Records of these checks shall be maintained.

(C) That any person who renders emergency care or treatment on a person in cardiac arrest by using an AED activates the emergency medical services system as soon as possible, and reports any use of the AED to the licensed physician and to the local EMS agency.

(D) For every AED unit acquired up to five units, no less than one employee per AED unit shall complete a training course in cardiopulmonary resuscitation and AED use that complies with the regulations adopted by the Emergency Medical Service Authority and the standards of the American Heart Association or the American Red Cross. After the first five AED units are acquired, for each additional five AED units acquired, one employee shall be trained beginning with the first AED unit acquired. Acquirers of AED units shall have trained

employees who should be available to respond to an emergency that may involve the use of an AED unit during normal operating hours.

(E) That there is a written plan that describes the procedures to be followed in the event of an emergency that may involve the use of an AED, to ensure compliance with the requirements of this section. The written plan shall include, but not be limited to, immediate notification of 911 and trained office personnel at the start of AED procedures.

(3) When an AED is placed in a building, building owners shall ensure that tenants annually receive a brochure, approved as to content and style by the American Heart Association or American Red Cross, which describes the proper use of an AED, and also ensure that similar information is posted next to any installed AED.

(4) When an AED is placed in a building, no less than once a year, building owners shall notify their tenants as to the location of AED units in the building.

(5) When an AED is placed in a public or private K–12 school, the principal shall ensure that the school administrators and staff annually receive a brochure, approved as to contents and style by the American Heart Association or the American Red Cross, that describes the proper use of an AED. The principal shall also ensure that similar information is posted next to every AED. The principal shall, at least annually, notify school employees as to the location of all AED units on the campus. The principal shall designate the trained employees who shall be available to respond to an emergency that may involve the use of an AED during normal operating hours. As used in this paragraph, "normal operating hours" means during the hours of classroom instruction and any school-sponsored activity occurring on school grounds.

(c) Any person or entity that supplies an AED shall do all of the following:

(1) Notify an agent of the local EMS agency of the existence, location, and type of AED acquired.

(2) Provide to the acquirer of the AED all information governing the use, installation, operation, training, and maintenance of the AED.

(d) A violation of this provision is not subject to penalties pursuant to Section 1798.206.

(e) The protections specified in this section do not apply in the case of personal injury or wrongful death that results from the gross negligence or willful or wanton misconduct of the person who renders emergency care or treatment by the use of an AED.

(f) Nothing in this section or Section 1714.21 may be construed to require a building owner or a building manager to acquire and have installed an AED in any building.

(g) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date.

CHAPTER 112

An act to add Section 7043.5 to the Water Code, relating to water.

[Approved by Governor July 25, 2005. Filed with Secretary of State July 25, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 7043.5 is added to the Water Code, to read:

7043.5. Only as applied to the New River in Imperial County, as used in this chapter, "use or enlargement of any natural channel for municipal purposes" includes, but is not limited to, sewage treatment and pollution prevention and the encasing and piping of the New River to protect human health and the natural environment.

SEC. 2. The Legislature finds and declares that, because of the unique circumstances applicable only to the New River in Imperial County, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution. Therefore, this special statute is necessary.

CHAPTER 113

An act to amend Section 3206 of the Elections Code, relating to absentee voting.

[Approved by Governor July 25, 2005. Filed with Secretary of State July 25, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 3206 of the Elections Code is amended to read:

3206. A voter whose name appears on the permanent absent voter list shall remain on the list and shall be mailed an absentee ballot for each election conducted within his or her precinct in which he or she is eligible to vote. If the voter fails to return an executed absent voter ballot

in two consecutive statewide general elections in accordance with Section 3017 the voter's name shall be deleted from the list.

CHAPTER 114

An act to amend Sections 4216.3 and 4216.4 of the Government Code, relating to subsurface installations.

[Approved by Governor July 25, 2005. Filed with Secretary of State July 25, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 4216.3 of the Government Code is amended to read:

4216.3. (a) Any operator of a subsurface installation who receives timely notification of any proposed excavation work in accordance with Section 4216.2 shall, within two working days of that notification, excluding weekends and holidays, or before the start of the excavation work, whichever is later, or at a later time mutually agreeable to the operator and the excavator, locate and field mark the approximate location and, if known, the number of subsurface installations that may be affected by the excavation to the extent and degree of accuracy that the information is available either in the records of the operator or as determined through the use of standard locating techniques other than excavating, otherwise advise the person who contacted the center of the location of the operator's subsurface installations that may be affected by the excavation, or advise the person that the operator does not operate any subsurface installations that would be affected by the proposed excavation.

(b) Every operator of a subsurface installation who field marks the location of a subsurface installation shall make a reasonable effort to make field markings in conformance with the uniform color code of the American Public Works Association.

(c) If, at any time during an excavation for which there is a valid inquiry identification number, an operator's field markings are no longer reasonably visible, the excavator shall contact the appropriate regional notification center. The regional notification center shall contact any member, if known, who has a subsurface installation in the area of the excavation. Upon receiving timely notification or renotification pursuant to this subdivision, the operator shall re-locate and re-mark, within two

working days, those subsurface installations which may be affected by the excavation to the extent necessary, in conformance with this section.

(d) The excavator shall notify the appropriate regional notification center of the failure of an operator to comply with this section. The notification shall include the inquiry identification number issued by the regional notification center. A record of all notifications received pursuant to this subdivision shall be maintained by the regional notification center for a period of not less than three years. The records shall be available for inspection pursuant to subdivision (d) of Section 4216.2.

SEC. 2. Section 4216.4 of the Government Code is amended to read:

4216.4. (a) The excavator shall determine the exact location of subsurface installations in conflict with the excavation by excavating with hand tools within the area of the approximate location of subsurface installations as determined by the field marking provided in accordance with Section 4216.3 before using any power-operated or power-driven excavating or boring equipment within the approximate location of the subsurface installation, except that power-operated or power-driven excavating or boring equipment may be used for the removal of any existing pavement if there are no subsurface installations contained in the pavement. If there is an express written mutual agreement between the operator, or operators, and the excavator, the excavator may utilize vacuum excavation devices, or power-operated or power-driven excavating or boring equipment within the approximate location of a subsurface installation and to any depth.

(b) If the exact location of the subsurface installation cannot be determined by hand excavating in accordance with subdivision (a), the excavator shall request the operator to provide additional information to the excavator, to the extent that information is available to the operator, to enable the excavator to determine the exact location of the installation.

CHAPTER 115

An act relating to telecommunications.

[Approved by Governor July 25, 2005. Filed with Secretary of State July 25, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Population and economic growth in the Coachella Valley have outpaced many other areas of the state as residents and businesses have

migrated to the area to establish homes, employment, and other community infrastructure.

(b) The local interests of residents and businesses in the early communities in the Coachella Valley have expanded beyond those early communities to include community links throughout the valley.

(c) Historically, extended area service (EAS) plans were available, before the enactment of the federal Telecommunications Act of 1996, for customers located in some established communities of interest to mitigate toll call pricing. However, in Public Utilities Commission Decision 98-06-075, the commission determined that with the advent of competition for toll service, the public interest would be served by allowing the market to offer customers choices for toll call pricing.

(d) There have been concerns in the Coachella Valley about the impact of toll call pricing upon the greater community of interest and commerce in the valley.

(e) The commission should investigate the effectiveness of the competitive marketplace and consumer awareness in the Coachella Valley and consider options to address these concerns. The commission should consider what additional steps might be necessary to encourage the availability of innovative pricing options by incumbent and competitive carriers for customers concerned about toll call pricing in the Coachella Valley.

SEC. 2. The Public Utilities Commission shall examine the impact of toll call pricing in the Coachella Valley and shall consider whether additional options are needed to serve that area. The commission shall consider whether any additional steps are necessary to encourage innovative pricing plans by incumbent and competitive carriers. The commission may also consider whether customer education efforts or other measures that are in the public interest are necessary. The commission shall prepare and submit a report to the Legislature on or before July 1, 2007, regarding these issues.

SEC. 3. The Legislature finds and declares that due to unique circumstances relating to the Coachella Valley, a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 4. This act shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date.

CHAPTER 116

An act to amend Sections 18005 and 18010 of, to add Sections 18003, 18008, and 18620 to, and to add Chapter 6 (commencing with Section 18300) to Part 1 of Title 3 of, the Corporations Code, relating to associations.

[Approved by Governor July 25, 2005. Filed with Secretary of State July 25, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 18003 is added to the Corporations Code, to read:

18003. "Board" means the board of directors or other governing body of an unincorporated association.

SEC. 2. Section 18005 of the Corporations Code is amended to read:

18005. "Director" means a natural person serving as a member of the board or other governing body of the unincorporated association.

SEC. 3. Section 18008 is added to the Corporations Code, to read:

18008. "Governing document" means a constitution, articles of association, bylaws, or other writing that governs the purpose or operation of an unincorporated association or the rights or obligations of its members.

SEC. 4. Section 18010 of the Corporations Code is amended to read:

18010. "Governing principles" means the principles stated in an unincorporated association's governing documents. If an association has no governing documents or the governing documents do not include a provision governing an issue, the association's governing principles regarding that issue may be inferred from its established practices. For the purpose of this section, "established practices" means the practices used by an unincorporated association without material change or exception during the most recent five years of its existence, or if it has existed for less than five years, during its entire existence.

SEC. 5. Chapter 6 (commencing with Section 18300) is added to Part 1 of Title 3 of the Corporations Code, to read:

CHAPTER 6. GOVERNANCE

Article 1. [Reserved]

18300. It is the intent of the Legislature to enact legislation relating to the governance of unincorporated associations.

Article 2. Termination or Suspension of Membership

18310. (a) Unless otherwise provided by an unincorporated association's governing principles, membership in the unincorporated association is terminated by any of the following events:

(1) Resignation of the member.

(2) Expiration of the fixed term of the membership, unless the membership is renewed before its expiration.

(3) Expulsion of the member.

(4) Death of the member.

(5) Termination of the legal existence of a member that is not a natural person.

(b) Termination of membership does not relieve a person from an obligation incurred as a member before termination.

(c) Termination of membership does not affect the right of an unincorporated association to enforce an obligation against a person incurred as a member before termination, or to obtain damages for its breach.

18320. (a) This section only applies if membership in an unincorporated association includes a property right or if expulsion or suspension of a member would affect an important, substantial economic interest. This section does not apply to an unincorporated association that has a religious purpose.

(b) Expulsion or suspension of a member shall be done in good faith and in a fair and reasonable manner. A procedure that satisfies the requirements of subdivision (c) is fair and reasonable, but a court may also determine that another procedure is fair and reasonable taking into account the full circumstances of the expulsion or suspension.

(c) A procedure for expulsion or suspension of a member that satisfies the following requirements is fair and reasonable:

(1) The procedure is included in the unincorporated association's governing documents.

(2) The member to be expelled or suspended is given notice, including a statement of the reasons for the expulsion or suspension. The notice shall be delivered at least 15 days before the effective date of the expulsion or suspension.

(3) The member to be expelled or suspended is given an opportunity to be heard by the person or body deciding the matter, orally or in writing, not less than five days before the effective date of the expulsion or suspension.

(d) A notice pursuant to this section may be delivered by any method reasonably calculated to provide actual notice. A notice delivered by mail shall be sent by first-class, certified, or registered mail to the last

address of the member shown on the unincorporated association's records.

(e) A member may commence a proceeding to challenge the expulsion or suspension of the member, including a claim alleging defective notice, within one year after the effective date of the expulsion or suspension. The court may order any relief, including reinstatement, it determines is equitable under the circumstances. A vote of the members or of the board may not be set aside solely because a person was wrongfully excluded from voting by virtue of the challenged expulsion or suspension, unless the court determines that the wrongful expulsion or suspension was in bad faith and for the purpose, and with the effect, of wrongfully excluding the member from the vote or from the meeting at which the vote took place, so as to affect the outcome of the vote.

(f) This section governs only the procedure for expulsion or suspension and not the substantive grounds for expulsion or suspension. An expulsion or suspension based on substantive grounds that violate contractual or other rights of the member or are otherwise unlawful is not made valid by compliance with this section.

Article 3. Member Voting

18330. Except as otherwise provided by statute or by an unincorporated association's governing principles, the following rules govern a member vote conducted pursuant to this chapter:

(a) A vote may be conducted either at a member meeting at which a quorum is present or by a written ballot in which the number of votes cast equals or exceeds the number required for a quorum. Approval of a matter voted on requires an affirmative majority of the votes cast.

(b) Written notice of the vote shall be delivered to all members entitled to vote on the date of delivery. The notice shall be delivered or mailed or sent electronically to the member addresses shown in the association's records a reasonable time before the vote is to be conducted. The notice shall not be delivered electronically, unless the recipient has consented to electronic delivery of the notice. The notice shall state the matter to be decided and describe how and when the vote is to be conducted.

(c) If the vote is to be conducted by written ballot, the notice of the vote shall serve as the ballot. It shall set forth the proposed action, provide an opportunity to specify approval or disapproval of any proposal, and provide a reasonable time within which to return the ballot to the unincorporated association.

(d) One-third the voting power of the association constitutes a quorum.

(e) The voting power of the association is the total number of votes that can be cast by members on a particular issue at the time the member vote is held.

Article 4. Amendment of Governing Documents

18340. If an unincorporated association's governing principles do not provide a procedure to amend the association's governing documents, the governing documents may be amended by a vote of the members.

Article 5. Merger

18350. The following definitions govern the construction of this article:

(a) "Constituent entity" means an entity that is merged with one or more other entities and includes the surviving entity.

(b) "Disappearing entity" means a constituent entity that is not the surviving entity.

(c) "Surviving entity" means an entity into which one or more other entities are merged.

18360. An unincorporated association may merge into a domestic or foreign corporation, domestic or foreign limited partnership, domestic or foreign general partnership, or domestic or foreign limited liability company. Notwithstanding this section, a merger may be effected only if each constituent entity is authorized to effect the merger by the laws under which it was organized.

18370. A merger involving an unincorporated association is subject to the following requirements:

(a) Each party to the merger shall approve an agreement of merger. The agreement shall include the following provisions:

(1) The terms of the merger.

(2) Any amendments the merger would make to the articles, bylaws, or other governing documents of the surviving entity.

(3) The name, place of organization, and type of entity of each constituent entity.

(4) The name of the constituent entity that will be the surviving entity.

(5) If the name of the surviving entity will be changed in the merger, the new name of the surviving entity.

(6) The disposition of the memberships or ownership interests of each constituent entity.

(7) Other details or provisions, if any, including any details or provisions required by the law under which a constituent entity is organized.

(b) The principal terms of the merger agreement shall be approved by the board, the members, and any person whose approval is required by the association's governing documents. Unless otherwise provided in the governing documents, the members shall approve the agreement in the manner provided for amendment of the association's governing documents. The members may approve the agreement before or after the board approves the agreement.

(c) A merger agreement that would cause the members of an unincorporated association to become individually liable for an obligation of a constituent or surviving entity shall be approved by all of the members of the unincorporated association. Approval by all members is not required under this subdivision if the agreement of merger provides for purchase by the surviving entity of the membership interest of a member who votes against approval of the merger agreement.

(d) A merger agreement may be amended by the board, unless the amendment would change a principal term of the agreement, in which case it shall be approved as provided in subdivision (b).

(e) Subject to the contractual rights of third parties, the board may abandon a merger without the approval of the members.

18380. (a) A merger pursuant to this article has the following effect:

(1) The separate existence of the disappearing entity ceases.

(2) The surviving entity succeeds, without other transfer, to the rights and property of the disappearing entity.

(3) The surviving entity is subject to all the debts and liabilities of the disappearing entity. A trust or other obligation governing property of the disappearing entity applies as if it were incurred by the surviving entity.

(b) All rights of creditors and all liens on or arising from the property of each of the constituent entities are preserved unimpaired, provided that a lien on property of a disappearing entity is limited to the property subject to the lien immediately before the merger is effective.

(c) An action or proceeding pending by or against a disappearing entity or other party to the merger may be prosecuted to judgment, which shall bind the surviving entity, or the surviving entity may be proceeded against or substituted in its place.

(d) A merger does not affect an existing liability of a member, director, officer, or agent of a constituent unincorporated association for an obligation of the unincorporated association.

18390. If, as a consequence of merger, a surviving entity succeeds to ownership of real property located in this state, the surviving entity's record ownership of that property may be evidenced by recording in the county in which the property is located a copy of the agreement of merger that is signed by the president and secretary or other comparable officers

of the constituent entities and is verified and acknowledged as provided in Sections 149 and 193.

18400. A bequest, devise, gift, grant, or promise contained in a will or other instrument of donation, subscription, or conveyance that is made to a disappearing entity and that takes effect or remains payable after the merger inures to the benefit of the surviving entity. A trust obligation that would govern property if transferred to the disappearing entity applies to property that is instead transferred to the surviving entity under this section.

Article 6. Dissolution

18410. An unincorporated association may be dissolved by any of the following methods:

(a) If the association's governing documents provide a method for dissolution, by that method.

(b) If the association's governing documents do not provide a method for dissolution, by the affirmative vote of a majority of the voting power of the association.

(c) If the association's operations have been discontinued for at least three years, by the board or, if the association has no incumbent board, by the members of its last preceding incumbent board.

(d) If the association's operations have been discontinued, by court order.

18420. Promptly after commencement of dissolution of an unincorporated association, the board or, if none, the members shall promptly wind up the affairs of the association, pay or provide for its known debts or liabilities, collect any amounts due to it, take any other action as is necessary or appropriate for winding up, settling, and liquidating its affairs, and dispose of its assets as provided in Section 18130.

SEC. 6. Section 18620 is added to the Corporations Code, to read:

18620. (a) A member, director, officer, or agent of a nonprofit association shall be liable for injury, damage, or harm caused by an act or omission of the association or an act or omission of a director, officer, or agent of the association, if any of the following conditions is satisfied:

(1) The member, director, officer, or agent expressly assumes liability for injury, damage, or harm caused by particular conduct and that conduct causes the injury, damage, or harm.

(2) The member, director, officer, or agent engages in tortious conduct that causes the injury, damage, or harm.

(3) The member, director, officer, or agent is otherwise liable under any other statute.

(b) This section provides a nonexclusive list of existing grounds for liability, and does not foreclose any common law grounds for liability.

CHAPTER 117

An act to amend Section 19604 of the Business and Professions Code, relating to horse racing.

[Approved by Governor July 25, 2005. Filed with Secretary of State July 25, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 19604 of the Business and Professions Code is amended to read:

19604. Notwithstanding any other provision of law, in addition to parimutuel wagering otherwise authorized by this chapter, advance deposit wagering may be conducted upon approval of the board. The board may authorize any racing association or fair, during the calendar period it is licensed by the board to conduct a live racing meeting in accordance with the provisions of Article 4 (commencing with Section 19480), to accept advance deposit wagers or to allow these wagers through a betting system or a multijurisdictional wagering hub in accordance with the following:

(a) Racing associations and racing fairs may form a partnership, joint venture, or any other affiliation in order to further the purposes of this section.

(b) As used in this section, "advance deposit wagering" means a form of parimutuel wagering in which a person residing within California or outside of this state establishes an account with a licensee, a board-approved betting system, or a board-approved multijurisdictional wagering hub located within California or outside of this state, and subsequently issues wagering instructions concerning the funds in this account, thereby authorizing the entity holding the account to place wagers on the account owner's behalf. An advance deposit wager may be made only by the entity holding the account pursuant to wagering instructions issued by the owner of the funds communicated by telephone call or through other electronic media. The licensee, a betting system, or a multijurisdictional wagering hub shall ensure the identification of the account's owner by utilizing methods and technologies approved by the board. Further, at the request of the board, any licensee, betting system, or multijurisdictional wagering hub located in California, and

any betting system or multijurisdictional wagering hub located outside of this state that accepts wagering instructions concerning races conducted in California or accepts wagering instructions from California residents, shall provide a full accounting and verification of the source of the wagers thereby made, including the zone and breed, in the form of a daily download of parimutuel data to a database designated by the board. Additionally, when the board approves a licensee, a betting system, or a multijurisdictional wagering hub, whether located within California or outside of this state, to accept advance deposit wagering instructions on any race or races from California residents, the licensee, betting system, or multijurisdictional wagering hub may be compensated pursuant to a contractual agreement with a California licensee, in an amount not to exceed 6.5 percent of the amount handled on a race or races conducted in California, and in the case of a race or races conducted in another jurisdiction, may be compensated in an amount not to exceed 6.5 percent, plus a fee to be paid to the host racing association not to exceed 3.5 percent, of the amount handled on that race or races. The amount remaining after the payment of winning wagers and after payment of the contractual compensation and host fee, if any, shall be distributed as a market access fee in accordance with subdivision (g). As used in this section, "market access fee" means the contractual fee paid by a betting system or multijurisdictional wagering hub to the California licensee for access to the California market for wagering purposes. As used in this section, "licensee" means any racing association or fair, or affiliation thereof authorized in subdivision (a).

(c) (1) The board shall develop and adopt rules to license and regulate all phases of operation of advance deposit wagering for licensees, betting systems, and multijurisdictional wagering hubs located in California. Betting systems and multijurisdictional wagering hubs located and operating in California shall be approved by the board prior to establishing advance deposit wagering accounts or accepting wagering instructions concerning those accounts and shall enter into a written contractual agreement with the bona fide labor organization that has historically represented the same or similar classifications of employees at the nearest horse racing meeting. Permanent state or county employees and nonprofit organizations that have historically performed certain services at county, state, or district fairs may continue to provide those services, notwithstanding this requirement.

(2) The board shall develop and adopt rules and regulations requiring betting systems and multijurisdictional wagering hubs to establish security access policies and safeguards, including, but not limited to, the following:

(A) The betting system or wagering hub shall utilize the services of a board-approved independent third party to perform identity, residence, and age verification services with respect to persons establishing an advance deposit wagering account.

(B) The betting system or wagering hub shall utilize personal identification numbers (PINs) and other technologies to assure that only the accountholder has access to the advance deposit wagering account.

(C) The betting system or wagering hub shall provide for withdrawals from the wagering account only by means of a check made payable to the accountholder and sent to the address of the accountholder or by means of an electronic transfer to an account held by the verified accountholder or the accountholder may withdraw funds from the wagering account at a facility approved by the board by presenting verifiable personal and account identification information.

(D) The betting system or wagering hub shall allow the board access to its premises to visit, investigate, and place expert accountants and other persons it deems necessary for the purpose of ensuring that its rules and regulations concerning credit authorization, account access, and other security provisions are strictly complied with.

(3) The board shall prohibit advance deposit wagering advertising that it determines to be deceptive to the public. The board shall also require, by regulation, that every form of advertising contain a statement that minors are not allowed to open or have access to advance deposit wagering accounts.

(d) As used in this section, a "multijurisdictional wagering hub" is a business conducted in more than one jurisdiction that facilitates parimutuel wagering on races it simulcasts and other races it offers in its wagering menu.

(e) As used in this section, a "betting system" is a business conducted exclusively in this state that facilitates parimutuel wagering on races it simulcasts and other races it offers in its wagering menu.

(f) In order for a licensee, betting system, or multijurisdictional wagering hub to be approved by the board to conduct advance deposit wagering, it shall meet both of the following requirements:

(1) All wagers thereby made shall be included in the appropriate parimutuel pool of the host racing association or fair under a contractual agreement with the applicable California licensee, in accordance with the provisions of this chapter.

(2) The amounts deducted from advance deposit wagers shall be in accordance with the provisions of this chapter.

(g) The amount received as a market access fee from advance deposit wagers, which shall not be considered for purposes of Section 19616.51, shall be distributed as follows:

(1) An amount equal to 0.0011 multiplied by the amount handled on advance deposit wagers originating in California for each racing meeting shall be distributed to the Center for Equine Health to establish the Kenneth L. Maddy Fund for the benefit of the School of Veterinary Medicine at the University of California at Davis.

(2) An amount equal to 0.0003 multiplied by the amount handled on advance deposit wagers originating in California for each racing meeting shall be distributed to the Department of Industrial Relations to cover costs associated with audits conducted pursuant to Section 19526 and for the purposes of reimbursing the State Mediation and Conciliation Service for costs incurred pursuant to this bill. However, if that amount would exceed the costs of the Department of Industrial Relations, the amount distributed to the department shall be reduced, and that reduction shall be forwarded to an organization designated by the racing association or fair described in subdivision (a) for the purpose of augmenting a compulsive gambling prevention program specifically addressing that problem.

(3) An amount equal to 0.00165 multiplied by the amount handled on advance deposit wagers that originate in California for each racing meeting shall be distributed as follows:

(A) One-half of the amount shall be distributed to supplement the trainer-administered pension plans for backstretch personnel established pursuant to Section 19613. Moneys distributed pursuant to this subparagraph shall supplement, and not supplant, moneys distributed to that fund pursuant to Section 19613 or any other provision of law.

(B) One-half of the amount shall be distributed to the welfare fund established for the benefit of horsemen and backstretch personnel pursuant to subdivision (b) of Section 19641. Moneys distributed pursuant to this subparagraph shall supplement, and not supplant, moneys distributed to that fund pursuant to Section 19641 or any other provision of law.

(4) With respect to wagers on each breed of racing that originate in California, an amount equal to 2 percent of the first two hundred fifty million dollars ($250,000,000) of handle from all advance deposit wagers originating from within California annually, an amount equal to 1.5 percent of the next two hundred fifty million dollars ($250,000,000) of handle from all advance deposit wagers originating from within California annually, and an amount equal to 1 percent of handle from all advance deposit wagers originating from within California in excess of five hundred million dollars ($500,000,000) annually, shall be distributed as satellite wagering commissions. The satellite wagering facility commissions calculated in accordance with this subdivision shall be distributed to each satellite wagering facility and racing association

or fair in the zone in which the wager originated in the same relative proportions that the satellite wagering facility or the racing association or fair generated satellite commissions during the previous calendar year. In the event of a reduction in the satellite wagering commissions, pursuant to this section, the benefits therefrom shall be distributed equitably as purses and commissions to all associations and racing fairs generating advance deposit wagers in proportion to the handle generated by those associations and racing fairs. For purposes of this section, the purse funds distributed pursuant to Section 19605.72 shall be considered to be satellite wagering facility commissions attributable to thoroughbred races at the locations described in that section.

(5) With respect to wagers on each breed of racing that originate in California for each racing meeting, after the payment of contractual obligations to the licensee, the betting system, or the multijurisdictional wagering hub, and the distribution of the amounts set forth in paragraphs (1) through (4), inclusive, the amount remaining shall be distributed to the racing association or fair that is conducting live racing on that breed during the calendar period in the zone in which the wager originated, and this amount shall be allocated to that racing association or fair as commissions, to horsemen participating in that racing meeting in the form of purses, and as incentive awards, in the same relative proportion as they were generated or earned during the prior calendar year at that racing association or fair on races conducted or imported by that racing association or fair after making all deductions required by applicable law. Purse funds generated pursuant to this section may be utilized to pay 50 percent of the total costs and fees incurred due to the implementation of advance deposit wagering. "Incentive awards" shall be those payments provided for in Sections 19617.2, 19617.7, 19617.8, 19617.9, and 19619. The amount determined to be payable for incentive awards shall be payable to the applicable official registering agency and thereafter distributed as provided in this chapter. If the provisions of Section 19601.2 apply, then the amount distributed to the applicable racing associations or fairs from advance deposit wagering shall first be divided between those racing associations or fairs in direct proportion to the total amount wagered in the applicable zone on the live races conducted by the respective association or fair. Notwithstanding this requirement, when the provisions of subdivision (b) of Section 19607.5 apply to the 2nd District Agricultural Association in Stockton or the California Exposition and State Fair in Sacramento, then the total amount distributed to the applicable racing associations or fairs shall first be divided equally, with 50 percent distributed to applicable fairs and 50 percent distributed to applicable associations. For purposes of this subdivision, the zones of the state shall be as defined in Section 19530.5,

except as modified by the provisions of subdivision (f) of Section 19601, and the combined central and southern zones shall be considered one zone.

Notwithstanding any provision of this section to the contrary, the distribution of the market access fee, other than the distributions specified in paragraph (1) or (2), may be altered upon the approval of the board, in accordance with an agreement signed by all parties receiving a distribution under paragraphs (4) and (5).

(h) Notwithstanding any provisions of this section to the contrary, all funds derived from advance deposit wagering that originate from California for each racing meeting on out-of-state and out-of-country thoroughbred races conducted after 6 p.m., Pacific time, shall be distributed in accordance with this subdivision. With respect to these wagers, 50 percent of the amount remaining after the payment of contractual obligations to the multijurisdictional wagering hub, betting system, or licensee and the amounts set forth in paragraphs (1) through (5), inclusive, of subdivision (g) shall be distributed as commissions to thoroughbred associations and racing fairs, as thoroughbred and fair purses, and as incentive awards in accordance with subdivision (g), and the remaining 50 percent, together with all funds derived for each racing meeting from advance deposit wagering originating from California out-of-state and out-of-country harness and quarter horse races conducted after 6 p.m., Pacific time, shall be distributed as commissions on a pro rata basis to the applicable licensed quarter horse association and the applicable licensed harness association, based upon the amount handled instate, both on- and off-track, on each breed's own live races in the previous year by that association, or it's predecessor association. One-half of the amount thereby received by each association shall be retained by that association as a commission, and the other half of the money received shall be distributed as purses to the horsemen participating in its current or next scheduled licensed racing meeting.

(i) Notwithstanding any provisions of this section to the contrary, all funds derived from advance deposit wagering which originate from California for each racing meeting on out-of-state and out-of-country nonthoroughbred races conducted before 6 p.m., Pacific time, shall be distributed in accordance with this subdivision. With respect to these wagers, 50 percent of the amount remaining after the payment of contractual obligations to the multijurisdictional wagering hub, betting system, or licensee and the amounts set forth in paragraphs (1) through (5), inclusive, of subdivision (g) shall be distributed as commissions as provided in subdivision (h) for licensed quarter horse and harness associations, and the remaining 50 percent shall be distributed as commissions to the applicable thoroughbred associations or fairs, as

thoroughbred and fair purses, and as incentive awards in accordance with subdivision (g).

(j) A racing association, a fair, or a satellite wagering facility may accept and facilitate the placement of any wager from a patron at its facility that a California resident could make through a betting system or multijurisdictional wagering hub duly offering advance deposit wagering in this state, and the facility accepting the wager shall receive a 2-percent commission on that wager in lieu of any distribution for satellite commissions pursuant to subdivision (g).

A positive certification shall be assigned to any county office of education that will meet its financial obligations for the current fiscal year and subsequent two fiscal years. In accordance with those standards, the Superintendent may reclassify any certification. If a county office of education receives a negative certification, the Superintendent, or his or her designee, may exercise the authority set forth in subdivision (c) of Section 1630. Copies of each certification, and of the report containing that certification, shall be sent to the Superintendent at the time the certification is submitted to the county board of education. 48642. Sections 48630, 48631, 48632, 48633, 48634, 48635, 48636, 48637, 48637.1, 48637.2, 48637.3, 48638, and 48639, and this section, shall become inoperative on July 1, 2005, and, as of January 1, 2006, are repealed, unless a later enacted statute that is enacted before January 1, 2006, deletes or extends the dates on which these sections become inoperative and are repealed.

SEC. 11. Section 49436 of the Education Code is amended to read:

49436. The department shall monitor the implementation of Sections 49431, 49433, 49433.5, 49433.7, and 49433.9 and shall report to the Legislature by May 1, 2005, its evaluation of all of the following:

SEC. 12. Section 52055.640 of the Education Code is amended to read:

52055.640. (a) As a condition of the receipt of funds for the initial and each subsequent year of funding pursuant to this article and to ensure that the school is progressing towards meeting the goals of each of the essential components of its school action plan, each year the school district shall submit a report to the Superintendent that includes the following:

(1) The academic improvement of pupils within the participating school as measured by the tests under Section 60640 and the progress made towards achieving English language proficiency as measured by the English language development test administered pursuant to Section 60810.

(2) The improvement of distribution of experienced teachers holding a valid California teaching credential across the district. Commencing with the 2004–05 fiscal year, for a school district with a school initially applying to participate in the program on or after July 1, 2004, the report shall include whether at least 80 percent of the teachers assigned to the school are credentialed and the number of classes in which 20 percent or more pupils are English learners and assigned to teachers who do not possess a certificate issued pursuant to Section 44253.3, 44253.4, or 44253.7 or have not completed training pursuant to Section 44253.10, or are not otherwise authorized by statute to be assigned to those classes.

This paragraph does not relieve a school district from complying with state or federal law regarding teachers of English learners.

(3) The availability of instructional materials in core content areas that are aligned with the academic content and performance standards, including textbooks, for each pupil, including English language learners. For a school district that initially applies to participate in the High Priority Schools Grant Program during the 2004–05 fiscal year, or any fiscal year thereafter, the definition of "sufficient textbooks or instructional materials" contained in subdivision (c) of Section 60119 applies to this paragraph.

(6) For participating secondary schools, the number of pupils who are enrolled in and successfully completing advanced placement courses, by type, and requirements for admission to the University of California or the California State University, including courses in algebra, biology, and United States or world history.

(b) The report on the pupil literacy and achievement component shall be disaggregated by numerically significant subgroups, as defined in Section 52052, and English language learners and have a focus on improved scores in reading and mathematics as measured by the following:

(1) The Academic Performance Index, including the data collected pursuant to tests that are part of the Standardized Testing and Reporting Program and the writing sample that is part of that program.

(2) The results of the primary language test pursuant to Section 60640.

(3) Graduation rates, when the methodology for collecting this data has been confirmed to be valid and reliable.

(4) In addition, a school may use locally developed assessments to assist it in determining the pupil progress in academic literacy and achievement.

(c) The report on the quality of staff component shall include, but not be limited to, the following information:

(1) The number of teachers at the schoolsite holding a valid California teaching credential or district or university intern certificate or credential compared to those teachers at the same schoolsite holding a preintern certificate, emergency permit, or waiver.

(2) The number and ratio of teachers across the district holding a valid California teaching credential or district or university intern certificate

or credential compared to those holding a preintern certificate, emergency permit, or waiver.

(3) The number of principals having completed training pursuant to Article 4.6 (commencing with Section 44510) of Chapter 3 of Part 25.

(4) The number of principals by credential type or years of experience and length of time at the schoolsite by years.

(d) The report on the parental involvement component shall include explicit involvement strategies being implemented at the schoolsite that are directly linked to activities supporting pupil academic achievement and verification that the schoolsite has developed a school-parent compact as required by Section 51101.

(e) All comparisons made in the reports required pursuant to this section shall be based on baseline data provided by the district and schoolsite in the action plan that is certified and submitted with the initial application.

(f) To the extent that data is already reported to the Superintendent, a school district need not include the data in the reports submitted pursuant to this section.

(g) Before submitting the reports required pursuant to this section, the school district shall, at a regularly scheduled public meeting of the governing board, review a participating school's progress towards achieving those goals.

SEC. 13. Section 52295.35 of the Education Code, as added by Section 9 of Chapter 681 of the Statutes of 2004, is amended to read:

52295.35. (a) Applicants within each of the 11 California Technology Assistance Project regions shall compete against other applicants from that region. The amount of funding for grants available to each region shall be determined based upon the proportionate enrollment of pupils in grades 4 to 8, inclusive, in eligible schools from that region, but a region shall not be allocated less than five hundred thousand dollars ($500,000) or 2 percent of available grant funds, whichever amount is greater.

(b) If a region is allocated more funding than is needed for its eligible applicants, the Superintendent may develop a policy to ensure that all funding is distributed to other regions for their eligible but unfunded applicants.

(c) Grants shall be awarded to an eligible school district for the eligible school or schools specified in the program application. All grant funds shall be spent in a manner consistent with the local educational agency technology plan, pursuant to subdivision (a) of Section 51871.5 and subdivision (a) of Section 2414 of Part D of Title II of the No Child Left Behind Act of 2001 (Public Law 107-110), and the program application

and shall be used for the eligible school or schools specified in the approved application.

(d) The initial one-time implementation grant for a school selected to receive a grant shall be calculated based upon three hundred dollars ($300) per pupil for pupils in grades 4 to 8, inclusive. Upon recommendation from the department, the State Board of Education may adopt criteria that establish fixed minimum grant levels for a small school.

(e) Subject to availability of federal funding appropriated for competitive grants under Part D of Title II of the federal No Child Left Behind Act of 2001 (Public Law 107-110), any grant recipient that successfully completes the initial grant shall receive an additional one-time grant of forty-five dollars ($45) per pupil in grades 4 to 8, inclusive, at the school or schools selected for funding. The purpose of this funding shall be to continue implementation of the grant recipients' approved technology plan in a manner consistent with the requirements of Part D of Title II of the federal No Child Left Behind Act of 2001 (Public Law 107-110), including plans to sustain the use of technology as a tool in improving teaching and pupil academic achievement once the grant period ends.

(f) This section shall become operative July 1, 2005.

The department shall not establish a bed allowance for any facility defined in paragraphs (2) and (3) of subdivision (a) if it is not licensed by the State Department of Social Services or the State Department of Health Services.

(e) In determining the amount of the first principal apportionment for a fiscal year pursuant to Section 41332, the Superintendent shall continue to apportion funds from Section A of the State School Fund to each special education local plan area equal to the amount apportioned at the advance apportionment pursuant to Section 41330 for that fiscal year.

SEC. 15. Section 60119 of the Education Code is amended to read:

60119. (a) In order to be eligible to receive funds available for the purposes of this article, the governing board of a school district shall take the following actions:

(1) (A) The governing board shall hold a public hearing or hearings at which the governing board shall encourage participation by parents, teachers, members of the community interested in the affairs of the school district, and bargaining unit leaders, and shall make a determination, through a resolution, as to whether each pupil in each school in the district has sufficient textbooks or instructional materials, or both, that are aligned to the content standards adopted pursuant to Section 60605 in each of the following subjects, as appropriate, that are consistent with the content and cycles of the curriculum framework adopted by the state board:

(i) Mathematics.

(ii) Science.

(iii) History-social science.

(iv) English/language arts, including the English language development component of an adopted program.

(B) The public hearing shall take place on or before the end of the eighth week from the first day pupils attend school for that year. A school district that operates schools on a multitrack, year-round calendar shall hold the hearing on or before the end of the eighth week from the first day pupils attend school for that year on any tracks that begin a school year in August or September. For purposes of the 2004–05 fiscal year only, the governing board of a school district shall make a diligent effort to hold a public hearing pursuant to this section on or before December 1, 2004.

(C) As part of the hearing required pursuant to this section, the governing board shall also make a written determination as to whether each pupil enrolled in a foreign language or health course has sufficient textbooks or instructional materials that are consistent with the content and cycles of the curriculum frameworks adopted by the state board for those subjects. The governing board shall also determine the availability of laboratory science equipment as applicable to science laboratory courses offered in grades 9 to 12, inclusive. The provision of the textbooks, instructional materials, or science equipment specified in this subparagraph is not a condition of receipt of funds provided by this subdivision.

(2) (A) If the governing board determines that there are insufficient textbooks or instructional materials, or both, the governing board shall provide information to classroom teachers and to the public setting forth, for each school in which an insufficiency exists, the percentage of pupils who lack sufficient standards-aligned textbooks or instructional materials in each subject area and the reasons that each pupil does not have sufficient textbooks or instructional materials, or both, and take any action, except an action that would require reimbursement by the Commission on State Mandates, to ensure that each pupil has sufficient textbooks or instructional materials, or both, within two months of the beginning of the school year in which the determination is made.

(B) In carrying out subparagraph (A), the governing board may use money in any of the following funds:

(i) Any funds available for textbooks or instructional materials, or both, from categorical programs, including any funds allocated to school districts that have been appropriated in the annual Budget Act.

(ii) Any funds of the school district that are in excess of the amount available for each pupil during the prior fiscal year to purchase textbooks or instructional materials, or both.

(iii) Any other funds available to the school district for textbooks or instructional materials, or both.

(b) The governing board shall provide 10 days' notice of the public hearing or hearings set forth in subdivision (a). The notice shall contain

the time, place, and purpose of the hearing and shall be posted in three public places in the school district. The hearing shall be held at a time that will encourage the attendance of teachers and parents and guardians of pupils who attend the schools in the district and shall not take place during or immediately following school hours.

(c) (1) For purposes of this section, "sufficient textbooks or instructional materials" means that each pupil, including English learners, has a standards-aligned textbook or instructional materials, or both, to use in class and to take home. This paragraph does not require two sets of textbooks or instructional materials for each pupil.

(2) Sufficient textbooks or instructional materials as defined in paragraph (1), does not include photocopied sheets from only a portion of a textbook or instructional materials copied to address a shortage.

(d) Except for purposes of Section 60252, governing boards of school districts that receive funds for instructional materials from any state source, are subject to the requirements of this section only in a fiscal year in which the Superintendent determines that the base revenue limit for each school district will increase by at least 1 percent per unit of average daily attendance from the prior fiscal year.

SEC. 16. Item 6110-197-0890 of Section 2.00 of the Budget Act of 2004 is amended to read:

6110-197-0890—For local assistance, Department of Education, payable from the Federal Trust Fund, 21st Century Community Learning Centers Program..... 162,757,000

Schedule:

(1) 30.10.080-Special Program, Child Development, 21st Century Community Learning Centers Program..... 162,757,000

Provisions:

1. (a) It is the intent of the Legislature that the department give significant weight in rating applications, reallocations of available funding and in approving use of grant carryover amounts to the level of student participation and cost per student served. Approval of use of carryover funds from year to year for programs receiving grants shall ensure that additional participation be required so as to not increase the cost per student served in the fiscal year in which grant funds are expended. The department shall also track cost per student planned versus actually achieved and actively ensure that each grant maximizes student participation in relation to the level of the annual grant

or shall reduce grant amounts accordingly in subsequent fiscal years.

(b) The department shall provide an annual report to the Legislature and Department of Finance by September 1 of each year that identifies by cohort for the previous fiscal year each high school program funded, the amount of the annual grant and actual funds expended, the numbers of students served and planned to be served, and the average cost per student per day. If the average cost per student per day exceeds $10 per day, the department shall provide specific reasons why the costs are justified and cannot be reduced. In calculating cost per student per day, the department shall not count attendance unless the student is under the direct supervision of after school program staff funded through the grant. Additionally, the department shall calculate cost per day on the basis of the equivalent of a three-hour day for 180 days per school year. The department shall also identify for each program, as applicable, if the attendance of students is restricted to any particular subgroup of students at the school in which the program is located. If such restrictions exist, the department shall provide an explanation of the circumstances and necessity therefor.

2. The State Department of Education (SDE) shall provide a report to the Department of Finance (DOF), the budget committees of each house of the Legislature, and the Legislative Analyst's Office (LAO) by October 15, 2004, on the requests and awards of direct grants pursuant to Article 22.6 (commencing with Section 8484.7) of Chapter 2 of Part 6 of the Education Code, the 21st Century Community Learning Centers Program. The report shall include, but not be limited to, the purposes of the direct grants awarded, the amount requested and the subsequent awards received. The report shall also include the number of applications and awards, both core and direct grants, categorized by public and private high schools, then by school type (elementary, middle, or junior high schools) as well as information identifying those

grantees that have been awarded funding through both the state-funded and the federally funded program. In addition, SDE shall report to DOF, the budget committees of each house of the Legislature, and the LAO by May 1, 2005, on the effectiveness of 21st Century Community Learning Centers Program operated by private schools.

3. The provisions of this item shall become inoperative in the event federal funds are not made available for this purpose. It is the intent of the Legislature that the provisions of this item not be considered a precedent for General Fund augmentation of either this state-administered, federally funded program or any state-funded before or after school program.

4. (a) Of the amount appropriated in this item, $60,410,000 is new ongoing federal 21st Century Community Learning Centers Program funds, $782,000 is one-time reallocated federal funds, and $608,000 is one-time federal carryover funds. Of the ongoing funds, $5,000,000 shall be used for high school grants, and $47,977,000 shall be used for elementary, middle, and junior high school grants, with priority placed on increasing the number of slots available for 11- and 12-year-olds and their eligible younger siblings in order to accommodate them in after school programs rather than subsidized child care programs pursuant to Section 8263.4 of the Education Code.

(b) Notwithstanding any other provision of law, the Superintendent of Public Instruction may, upon request by a program that is earning the full grant amount, waive the funding caps for core grants for elementary, middle, and junior high schools to enable those programs to create additional slots for 11- and 12-year-old pupils and their eligible younger siblings pursuant to subdivision (a).

(c) Of the funds remaining in subdivision (a) after the allocations pursuant to that subdivision, $2,118,000 shall be for technical assistance grants, $5,195,000 shall be for access grants, and $1,510,000 shall be for literacy grants.

5. (a) Of the amount appropriated in this item, $25,430,000 is available on a one-time basis, of which $488,000 is one-time federal reallocated funds, and the remaining $24,942,000 is carryover of program savings. $20,000,000 of these funds shall be expended in priority order as follows, to: (1) increase core grant caps for those programs that are at or above their maximum amount to provide additional slots for 11- and 12-year-olds and their eligible younger siblings; (2) expand existing grants to allow programs to offer summer, vacation, and intersession programs thus increasing the number of program days of operation, and (3) increase core grant caps for programs above their maximum amount or with waiting lists. Notwithstanding any other provision of law, the Superintendent of Public Instruction may waive the caps on core grants for these purposes.

(b) The remainder of these funds shall be available on a one-time basis to programs that were allocated funding from the appropriation in this item in the 2002 Budget Act (Ch. 379, Stats. 2002) and in the 2003 Budget Act (Ch. 157, Stats. 2003). Funds shall be available for training, standards-aligned materials, and other allowable one-time costs. The State Department of Education shall provide a report to the Legislature and the Department of Finance by December 1, 2005, identifying how these funds and funds expended pursuant to subdivision (c) were allocated and expended.

(c) Notwithstanding subdivisions (a) and (b), any recipient of a grant award from these funds during the 2004–05 fiscal year may use those awarded funds for any of the purposes in subdivision (b), if the recipient submits documentation as part of its expenditure report that reasonably justifies to the State Department of Education that, subsequent to the grant award, it became impractical or no longer feasible to fully earn or expend those funds for the purpose for which those funds were originally granted to the recipient.

[Approved by Governor July 25, 2005. Filed with Secretary of State July 25, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 19412 of the Business and Professions Code is amended to read:

19412. (a) "Conventional parimutuel pool" means the total wagers under the parimutuel system on any horse or horses in a particular race to win, place, or show.

(b) "Exotic parimutuel pool" means the total wagers under the parimutuel system on the finishing position of two or more horses in a particular race, such as quinella or exacta wagers, or on horses to win two or more races, such as daily double wagers, pick six wagers, or on other wagers approved by the board.

(c) "Proposition parimutuel pool" means the total wagers under the parimutuel system on propositions approved by the board that are based on the results of a live quarter horse or harness horse race or races.

SEC. 3 Section 19610.8 of the Business and Professions Code is amended to read:

Notwithstanding any other provision of law, and in lieu of any deduction and distribution provided for in this chapter, upon the joint request of the association or fair accepting the wager, and the organization representing the horsemen and horsewomen participating in the meeting of the association or fair accepting the wager, the board may set the total percentage deducted from the parimutuel pool for proposition wagers and any new type of wager introduced after January 1, 2004, in an amount of at least 10 percent and not more than 30 percent of the amount handled in the parimutuel pool for the wager. Three percent of the amount deducted shall be paid to the state as a license fee and, if the wager was placed at a satellite wagering facility or a location other than the host racing association, 8 percent of the amount deducted shall be paid to the satellite wagering facility or to the entity that processed the wager. Notwithstanding the foregoing and in lieu of the license fee set forth herein for proposition wagers, with regard to quarter horse racing only, the total wagers made in a proposition parimutuel pool are subject to the same license fee as exotic wagers on a live quarter horse race. In addition, with respect to thoroughbred racing only, 3 percent of the amount remaining after the payment of the state license fee and payment to a satellite wagering facility or an entity that processed the wager, if any, shall be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2, and shall thereafter be distributed in accordance with subdivisions (b), (c), and (d) of Section 19617.2. With regard to quarter horse racing, commissions and purses shall be distributed in the amounts mutually agreed upon by the association conducting the meeting and the organization representing the horsemen and horsewomen.

In order to eliminate uncertainty in the harness racing schedule, preserve jobs, ensure that harness racing can be conducted on a year-round basis, and for this act to apply to the 2005 racing season, it is necessary for this act to take effect immediately.

CHAPTER 120

An act to amend Section 25761 of the Business and Professions Code, relating to alcoholic beverages.

[Approved by Governor July 25, 2005. Filed with
Secretary of State July 25, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) In 1995, the Department of Alcoholic Beverage Control embarked on a new and innovative approach to broaden and increase the level of alcoholic beverage law enforcement by working in partnership with cities and counties through a grant assistance program. The mission of the grant assistance program is to work with law enforcement agencies to develop an effective, comprehensive, and strategic approach to eliminating the crime and public nuisance problems associated with problem alcoholic beverage outlets, and then to institutionalize those approaches within the local police agency.

(b) Communities with a high concentration of alcohol outlets experience a greater number of alcohol-related problems. Problematic operations contribute disproportionately to the incidence of drug dealing, public drunkenness, drunk driving, underage drinking, assaults, and other conditions that breed neighborhood decay. Excessive complaints and calls for service at problem outlets divert already scarce police resources.

(c) Fiscal constraints at the state and local level have greatly reduced law enforcement staff assigned to alcoholic beverage law enforcement. Many of the state's police and sheriffs' departments have been forced to reprioritize their missions and divert their ABC-related enforcement resources to other areas such as violent crime suppression and street patrol. However, there is now a strong movement by cities and communities for more rigorous enforcement to control the increasing number of alcohol outlets that have become focal points for crime.

(d) The grant assistance program is a successful model in law enforcement collaboration that results in a more effective use of human resources, a reduction in crime, and a more efficient use of taxpayer funds. The success can be measured quantitatively by the reduction in alcohol-related arrests, crimes, and calls for services in many jurisdictions. Further quantitative measures include the number of administrative accusations registered, arrests and citations, decoy programs, and community outreach meetings. Qualitative measures include declarations of satisfaction from local officers and community

members, and visible improvements in the physical conditions of targeted communities.

(e) The grant assistance program is a vital tool in the enforcement of alcohol laws, preserves the safety, welfare, health, and morals of the people of this state, and should receive a steady and secure source of funding.

SEC. 2. Section 25761 of the Business and Professions Code is amended to read:

25761. All money collected as fees pursuant to this division, as payments under Section 23096, and under the excise tax provisions of this division or Part 14 (commencing with Section 32001) of Division 2 of the Revenue and Taxation Code shall be deposited in the State Treasury to the credit of the Alcohol Beverage Control Fund, which fund is continued in existence.

The money in the Alcohol Beverage Control Fund shall be expended as follows:

(a) The amount necessary for the allowance of the refunds provided for in this division or Part 14 (commencing with Section 32001) of Division 2 of the Revenue and Taxation Code is hereby appropriated, without regard to fiscal years, to the Controller for payment of these refunds.

(b) All money derived as payment under Section 23096 and from excise taxes under Part 14 (commencing with Section 32001) of Division 2 of the Revenue and Taxation Code remaining after compliance with subdivision (a) shall be transferred to the General Fund on the order of the Controller.

(c) All original license fees paid on or after July 1, 1998, pursuant to Section 23954.5 shall remain in the Alcohol Beverage Control Fund.

(d) All other money collected as fees and deposited in the Alcohol Beverage Control Fund shall be allocated, upon appropriation by the Legislature, to the Department of Alcoholic Beverage Control for the enforcement and administration of the Alcoholic Beverage Control Act.

(e) Money transferred to the General Fund pursuant to subdivision (b) shall be in lieu of any assessment that would be made on the Department of Alcoholic Beverage Control pursuant to Section 11270 and following of the Government Code.

(f) Upon appropriation by the Legislature, the amount necessary for the support of the Department of Alcoholic Beverage Control's grant assistance program. This amount shall be sufficient to cover the salaries and benefits of the alcohol beverage control peace officer positions dedicated to this program. However, based on the available revenue in the Alcohol Beverage Control Fund, the amount shall not be less than

one million five hundred thousand dollars ($1,500,000) and not more than three million dollars ($3,000,000).

CHAPTER 121

An act to add Section 2188.5 to the Elections Code, relating to voter information.

[Approved by Governor July 25, 2005. Filed with Secretary of State July 25, 2005.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds that identity theft is one of the fastest growing crimes in America. Last year nearly 10 million people across the nation were victimized, resulting in losses to businesses and consumers of more than 50 billion dollars. California has the unflattering distinction of being the only state last year with more than one million identity theft victims. One in 10 of the nation's victims of identity theft are Californians, and the state has 5 of the nation's top 15 regions for identity theft, according to the Federal Trade Commission. The FBI has reported that many identity thefts that occur in the United States are hatched internationally and a leading bank regulator, the Federal Deposit Insurance Corporation, has warned that increased outsourcing of jobs overseas has heightened the risk of identity theft.

(b) The Legislature further finds that identity theft is not a partisan issue; persons across the political spectrum share growing concerns that the cost of losing one's personal identity and privacy is much greater than an issue of dollars and cents. Recent opinion polls reveal that Californians place protecting their right to privacy as a major concern. Victims of identity theft tell horror stories of the hundreds of painful hours they must spend talking to credit card companies, banks, insurance companies, law enforcement officials, and merchants just to clear their name and their credit. The crisis has created sufficient concern that it recently led to the state's first identity theft conference, held recently on March 1, 2005. The conference partners included Governor Arnold Schwarzenegger, law enforcement officials, politicians, businesses, consumer advocates, and identity theft victims. All of the participants recognized that the state needs to do much more to protect the identity of California's citizens.

(c) The Legislature further finds that the sharing of voter information and initiative petition signatures abroad creates special risks to the state's

democratic process. It is well understood that voter registration is the initial step in citizens' involvement in the democratic process. Only registered voters are permitted to vote in a democracy to safeguard the principle that elections are fair and only those entitled to vote do so. In addition, under the California Constitution's initiative requirements, only those proposed initiative measures that have the support of a specified number of petition signers may properly qualify to be voted on by the state's electorate. It is therefore manifest that if voters come to believe that by signing an initiative petition or registering to vote they may risk becoming victims of identity theft through the outsourcing of their identities abroad, they may not sign the petition and they may not vote. It is therefore imperative that the state undertake increased measures to protect the voter-related identities and personal information of all Californians.

SEC. 2. Section 2188.5 is added to the Elections Code, to read:

2188.5. (a) A person who requests voter information pursuant to Section 2188 or who obtains signatures or other information collected for an initiative, referendum, or recall petition shall not send that information outside of the United States or make it available in any way electronically to persons outside the United States, including, but not limited to, access over the Internet.

(b) For purposes of this section, "United States" includes each of the several states of the United States, the District of Columbia, and the territories and possessions of the United States.

CHAPTER 122

An act to add Section 6536 to the Government Code, relating to joint powers authority.

[Approved by Governor July 25, 2005. Filed with Secretary of State July 25, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 6536 is added to the Government Code, to read:

6536. Notwithstanding any other provision of this chapter, a private, nonprofit corporation that conducts fairs and other events and exhibitions on land leased from the County of Los Angeles may enter into a joint powers agreement with a public agency, as defined in Section 6500, for mutually beneficial uses of the public land. The agency formed pursuant

to this joint powers agreement shall be deemed a public entity as described in Section 6507.

SEC. 2. The Legislature finds and declares that, due to the unique circumstances applicable to the County of Los Angeles, a statute of general applicability cannot be made applicable within the meaning of subdivision (b) of Section 16 of Article VI of the California Constitution.

CHAPTER 123

An act to amend Section 52 of the Civil Code, and to amend Section 338 of the Code of Civil Procedure, relating to protected classes.

[Approved by Governor July 25, 2005. Filed with Secretary of State July 25, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 52 of the Civil Code is amended to read:

52. (a) Whoever denies, aids or incites a denial, or makes any discrimination or distinction contrary to Section 51, 51.5, or 51.6, is liable for each and every offense for the actual damages, and any amount that may be determined by a jury, or a court sitting without a jury, up to a maximum of three times the amount of actual damage but in no case less than four thousand dollars ($4,000), and any attorney's fees that may be determined by the court in addition thereto, suffered by any person denied the rights provided in Section 51, 51.5, or 51.6.

(b) Whoever denies the right provided by Section 51.7 or 51.9, or aids, incites, or conspires in that denial, is liable for each and every offense for the actual damages suffered by any person denied that right and, in addition, the following:

(1) An amount to be determined by a jury, or a court sitting without a jury, for exemplary damages.

(2) A civil penalty of twenty-five thousand dollars ($25,000) to be awarded to the person denied the right provided by Section 51.7 in any action brought by the person denied the right, or by the Attorney General, a district attorney, or a city attorney. An action for that penalty brought pursuant to Section 51.7 shall be commenced within three years of the alleged practice.

(3) Attorney's fees as may be determined by the court.

(c) Whenever there is reasonable cause to believe that any person or group of persons is engaged in conduct of resistance to the full enjoyment of any of the rights described in this section, and that conduct is of that

nature and is intended to deny the full exercise of those rights, the Attorney General, any district attorney or city attorney, or any person aggrieved by the conduct may bring a civil action in the appropriate court by filing with it a complaint. The complaint shall contain the following:

(1) The signature of the officer, or, in his or her absence, the individual acting on behalf of the officer, or the signature of the person aggrieved.

(2) The facts pertaining to the conduct.

(3) A request for preventive relief, including an application for a permanent or temporary injunction, restraining order, or other order against the person or persons responsible for the conduct, as the complainant deems necessary to ensure the full enjoyment of the rights described in this section.

(d) Whenever an action has been commenced in any court seeking relief from the denial of equal protection of the laws under the Fourteenth Amendment to the Constitution of the United States on account of race, color, religion, sex, national origin, or disability, the Attorney General or any district attorney or city attorney for or in the name of the people of the State of California may intervene in the action upon timely application if the Attorney General or any district attorney or city attorney certifies that the case is of general public importance. In that action, the people of the State of California shall be entitled to the same relief as if it had instituted the action.

(e) Actions brought pursuant to this section are independent of any other actions, remedies, or procedures that may be available to an aggrieved party pursuant to any other law.

(f) Any person claiming to be aggrieved by an alleged unlawful practice in violation of Section 51 or 51.7 may also file a verified complaint with the Department of Fair Employment and Housing pursuant to Section 12948 of the Government Code.

(g) This section does not require any construction, alteration, repair, structural or otherwise, or modification of any sort whatsoever, beyond that construction, alteration, repair, or modification that is otherwise required by other provisions of law, to any new or existing establishment, facility, building, improvement, or any other structure, nor does this section augment, restrict, or alter in any way the authority of the State Architect to require construction, alteration, repair, or modifications that the State Architect otherwise possesses pursuant to other laws.

(h) For the purposes of this section, "actual damages" means special and general damages. This subdivision is declaratory of existing law.

SEC. 2. Section 338 of the Code of Civil Procedure is amended to read:

(b) An action for trespass upon or injury to real property.

(c) An action for taking, detaining, or injuring any goods or chattels, including actions for the specific recovery of personal property. (b) An operator of a bicycle facing a steady yellow bicycle signal is, by that signal, warned that the related green movement is ending or that a red indication will be shown immediately thereafter.

(c) Except as provided in subdivision (d), an operator of a bicycle facing a steady red bicycle signal shall stop at a marked limit line, but if none, before entering the crosswalk on the near side of the intersection, or, if none, then before entering the intersection, and shall remain stopped until an indication to proceed is shown.

(d) Except when a sign is in place prohibiting a turn, an operator of a bicycle, after stopping as required by subdivision (c), facing a steady red bicycle signal, may turn right, or turn left from a one-way street onto a one-way street. An operator of a bicycle making a turn shall yield the right-of-way to pedestrians lawfully within an adjacent crosswalk and to traffic lawfully using the intersection.

(e) A bicycle signal may be used only at those locations that meet geometric standards or traffic volume standards, or both, as adopted by the Department of Transportation.

CHAPTER 128

An act to amend Sections 2981 and 2982 of, and to add Sections 2982.2 and 2982.10 to, the Civil Code, to add Section 6012.3 to the Revenue and Taxation Code, and to amend Section 11709.2 of, and to add Sections 11713.18, 11713.19, 11713.20, and 11713.21 to, the Vehicle Code, relating to consumers.

[Approved by Governor July 26, 2005. Filed with Secretary of State July 26, 2005.]

The people of the State of California do enact as follows:

SECTION 1. (a) This act shall be known and may be cited as the "Car Buyer's Bill of Rights."

(b) It is the intent of the Legislature to place limits and restrictions on motor vehicle dealers licensed pursuant to Article 1 (commencing with Section 11700) of Chapter 4 of Division 5 of the Vehicle Code. Nothing in this act is intended to change or limit the rights or defenses available under current law to an assignee who obtains a conditional sale contract for value without notice of any claim or defense against him or her by any other person.

SEC. 2. Section 2981 of the Civil Code is amended to read:

2981. As used in this chapter, unless the context otherwise requires:

(a) "Conditional sale contract" means:

(1) A contract for the sale of a motor vehicle between a buyer and a seller, with or without accessories, under which possession is delivered to the buyer and either of the following:

(A) The title vests in the buyer thereafter only upon the payment of all or a part of the price, or the performance of any other condition.

(B) A lien on the property is to vest in the seller as security for the payment of part or all of the price, or for the performance of any other condition.

(2) A contract for the bailment of a motor vehicle between a buyer and a seller, with or without accessories, by which the bailee or lessee agrees to pay as compensation for use a sum substantially equivalent to or in excess of the aggregate value of the vehicle and its accessories, if any, at the time the contract is executed, and by which it is agreed that

the bailee or lessee will become, or for no other or for a nominal consideration has the option of becoming, the owner of the vehicle upon full compliance with the terms of the contract.

(b) "Seller" means a person engaged in the business of selling or leasing motor vehicles under conditional sale contracts.

(c) "Buyer" means the person who buys or hires a motor vehicle under a conditional sale contract.

(d) "Person" includes an individual, company, firm, association, partnership, trust, corporation, limited liability company, or other legal entity.

(e) "Cash price" means the amount for which the seller would sell and transfer to the buyer unqualified title to the motor vehicle described in the conditional sale contract, if the property were sold for cash at the seller's place of business on the date the contract is executed, and shall include taxes to the extent imposed on the cash sale and the cash price of accessories or services related to the sale, including, but not limited to, delivery, installation, alterations, modifications, improvements, document preparation fees, a service contract, a vehicle contract cancellation option agreement, and payment of a prior credit or lease balance remaining on property being traded in.

(f) "Downpayment" means a payment that the buyer pays or agrees to pay to the seller in cash or property value or money's worth at or prior to delivery by the seller to the buyer of the motor vehicle described in the conditional sale contract. The term shall also include the amount of any portion of the downpayment the payment of which is deferred until not later than the due date of the second otherwise scheduled payment, if the amount of the deferred downpayment is not subject to a finance charge. The term does not include any administrative finance charge charged, received or collected by the seller as provided in this chapter.

(g) "Amount financed" means the amount required to be disclosed pursuant to paragraph (8) of subdivision (a) of Section 2982.

(h) "Unpaid balance" means the difference between subdivision (e) and subdivision (f), plus all insurance premiums (except for credit life or disability insurance when the amount thereof is included in the finance charge), which are included in the contract balance, and the total amount paid or to be paid as follows:

(1) To a public officer in connection with the transaction.

(2) For license, certificate of title, and registration fees imposed by law, and the amount of the state fee for issuance of a certificate of compliance or certificate of waiver pursuant to Section 9889.56 of the Business and Professions Code.

(i) "Finance charge" has the meaning set forth for that term in Section 226.4 of Regulation Z. The term shall not include delinquency charges

or collection costs and fees as provided by subdivision (k) of Section 2982, extension or deferral agreement charges as provided by Section 2982.3, or amounts for insurance, repairs to or preservation of the motor vehicle, or preservation of the security interest therein advanced by the holder under the terms of the contract.

(j) "Total of payments" means the amount required to be disclosed pursuant to subdivision (h) of Section 226.18 of Regulation Z. The term includes any portion of the downpayment that is deferred until not later than the second otherwise scheduled payment and that is not subject to a finance charge. The term shall not include amounts for which the buyer may later become obligated under the terms of the contract in connection with insurance, repairs to or preservation of the motor vehicle, preservation of the security interest therein, or otherwise.

(k) "Motor vehicle" means a vehicle required to be registered under the Vehicle Code that is bought for use primarily for personal or family purposes, and does not mean any vehicle that is bought for use primarily for business or commercial purposes or a mobilehome, as defined in Section 18008 of the Health and Safety Code that is sold on or after July 1, 1981. "Motor vehicle" does not include any trailer that is sold in conjunction with a vessel and that comes within the definition of "goods" under Section 1802.1.

(*l*) "Purchase order" means a sales order, car reservation, statement of transaction or any other such instrument used in the conditional sale of a motor vehicle pending execution of a conditional sale contract. The purchase order shall conform to the disclosure requirements of subdivision (a) of Section 2982 and Section 2984.1, and subdivision (m) of Section 2982 shall apply.

(m) "Regulation Z" means a rule, regulation or interpretation promulgated by the Board of Governors of the Federal Reserve System ("Board") under the federal Truth in Lending Act, as amended (15 U.S.C. 1601, et seq.), and an interpretation or approval issued by an official or employee of the Federal Reserve System duly authorized by the board under the Truth in Lending Act, as amended, to issue the interpretations or approvals.

(n) "Simple-interest basis" means the determination of a finance charge, other than an administrative finance charge, by applying a constant rate to the unpaid balance as it changes from time to time either:

(1) Calculated on the basis of a 365-day year and actual days elapsed (although the seller may, but need not, adjust its calculations to account for leap years); reference in this chapter to the "365-day basis" shall mean this method of determining the finance charge, or

(2) For contracts entered into prior to January 1, 1988, calculated on the basis of a 360-day year consisting of 12 months of 30 days each and

on the assumption that all payments will be received by the seller on their respective due dates; reference in this chapter to the "360-day basis" shall mean this method of determining the finance charge.

(o) "Precomputed basis" means the determination of a finance charge by multiplying the original unpaid balance of the contract by a rate and multiplying that product by the number of payment periods elapsing between the date of the contract and the date of the last scheduled payment.

(p) "Service contract" means "vehicle service contract" as defined in subdivision (c) of Section 12800 of the Insurance Code.

(q) "Surface protection product" means the following products installed by the seller after the motor vehicle is sold:

(1) Undercoating.

(2) Rustproofing.

(6) A fuel or ignition kill switch.

SEC. 3. Section 2982 of the Civil Code is amended to read:

2982. A conditional sale contract subject to this chapter shall contain the disclosures required by Regulation Z, whether or not Regulation Z applies to the transaction. In addition, to the extent applicable, the contract shall contain the other disclosures and notices required by, and shall satisfy the requirements and limitations of, this section. The disclosures required by subdivision (a) may be itemized or subtotaled to a greater extent than as required by that subdivision and shall be made together and in the sequence set forth in that subdivision. All other disclosures and notices may appear in the contract in any location or sequence and may be combined or interspersed with other provisions of the contract.

(a) The contract shall contain the following disclosures, as applicable, which shall be labeled "itemization of the amount financed:"

(1) (A) The cash price, exclusive of document preparation fees, business partnership automation fees, taxes imposed on the sale, pollution control certification fees, prior credit or lease balance on property being traded in, the amount charged for a service contract, the amount charged for a theft deterrent system, the amount charged for a surface protection

product, the amount charged for an optional debt cancellation agreement, and the amount charged for a contract cancellation option agreement.

(B) The fee to be retained by the seller for document preparation.

(C) The fee charged by the seller for certifying that the motor vehicle complies with applicable pollution control requirements.

(D) A charge for a theft deterrent device.

(F) Taxes imposed on the sale.

(G) The amount of any optional business partnership automation fee to register or transfer the vehicle, which shall be labeled "Optional DMV Electronic Filing Fee."

(H) The amount charged for a service contract.

(I) The prior credit or lease balance remaining on property being traded in, as required by paragraph (6). The disclosure required by this subparagraph shall be labeled "prior credit or lease balance (see downpayment and trade-in calculation)."

(J) Any charge for an optional debt cancellation agreement.

(K) Any charge for a used vehicle contract cancellation option agreement.

(L) The total cash price, which is the sum of subparagraphs (A) to (K), inclusive.

(M) The disclosures described in subparagraphs (D), (E), and (K) are not required on contracts involving the sale of a motorcycle, as defined in Section 400 of the Vehicle Code, or on contracts involving the sale of an off-highway motor vehicle that is subject to identification under Section 38010 of the Vehicle Code, and the amounts of those charges, if any, are not required to be reflected in the total price under subparagraph (L).

(2) Amounts paid to public officials for the following:

(A) Vehicle license fees.

(B) Registration, transfer, and titling fees.

(C) California tire fees imposed pursuant to Section 42885 of the Public Resources Code.

(3) The aggregate amount of premiums agreed, upon execution of the contract, to be paid for policies of insurance included in the contract, excluding the amount of any insurance premium included in the finance charge.

(4) The amount of the state fee for issuance of a certificate of compliance, noncompliance, exemption, or waiver pursuant to any applicable pollution control statute.

(5) A subtotal representing the sum of the foregoing items.

(6) The amount of the buyer's downpayment itemized to show the following:

(A) The agreed value of the property being traded in.

(B) The prior credit or lease balance, if any, owing on the property being traded in.

(C) The net agreed value of the property being traded in, which is the difference between the amounts disclosed in subparagraphs (A) and (B). If the prior credit or lease balance of the property being traded in exceeds the agreed value of the property, a negative number shall be stated.

(D) The amount of any portion of the downpayment to be deferred until not later than the due date of the second regularly scheduled installment under the contract and that is not subject to a finance charge.

(E) The amount of any manufacturer's rebate applied or to be applied to the downpayment.

(F) The remaining amount paid or to be paid by the buyer as a downpayment.

(G) The total downpayment. If the sum of subparagraphs (C) to (F), inclusive, is zero or more, that sum shall be stated as the total downpayment and no amount shall be stated as the prior credit or lease balance under subparagraph (I) of paragraph (1). If the sum of subparagraphs (C) to (F), inclusive, is less than zero, then that sum, expressed as a positive number, shall be stated as the prior credit or lease balance under subparagraph (I) of paragraph (1), and zero shall be stated as the total downpayment. The disclosure required by this subparagraph shall be labeled "total downpayment" and shall contain a descriptor indicating that if the total downpayment is a negative number, a zero shall be disclosed as the total downpayment and a reference made that the remainder shall be included in the disclosure required pursuant to subparagraph (I) of paragraph (1).

(7) The amount of any administrative finance charge, labeled "prepaid finance charge."

(8) The difference between item (5) and the sum of items (6) and (7), labeled "amount financed."

(b) No particular terminology is required to disclose the items set forth in subdivision (a) except as expressly provided in that subdivision.

(c) If payment of all or a portion of the downpayment is to be deferred, the deferred payment shall be reflected in the payment schedule disclosed pursuant to Regulation Z.

(d) If the downpayment includes property being traded in, the contract shall contain a brief description of that property.

(e) The contract shall contain the names and addresses of all persons to whom the notice required under Section 2983.2 and permitted under Sections 2983.5 and 2984 is to be sent.

(f) (1) If the contract includes a finance charge determined on the precomputed basis, the contract shall identify the method of computing

the unearned portion of the finance charge in the event of prepayment in full of the buyer's obligation and contain a statement of the amount or method of computation of any charge that may be deducted from the amount of any unearned finance charge in computing the amount that will be credited to the obligation or refunded to the buyer. The method of computing the unearned portion of the finance charge shall be sufficiently identified with a reference to the actuarial method if the computation will be under that method. The method of computing the unearned portion of the finance charge shall be sufficiently identified with a reference to the Rule of 78's, the sum of the digits, or the sum of the periodic time balances method in all other cases, and those references shall be deemed to be equivalent for disclosure purposes.

(2) If the contract includes a finance charge that is determined on the simple-interest basis but provides for a minimum finance charge in the event of prepayment in full, the contract shall contain a statement of that fact and the amount of the minimum finance charge or its method of calculation.

(g) (1) If the contract includes a finance charge that is determined on the precomputed basis and provides that the unearned portion of the finance charge to be refunded upon full prepayment of the contract is to be determined by a method other than actuarial, the contract shall contain a notice, in at least 10-point boldface type if the contract is printed, reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is $1 or more. Because of the way the amount of this refund will be figured, the time when you prepay could increase the ultimate cost of credit under this agreement. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(2) If the contract includes a finance charge that is determined on the precomputed basis and provides for the actuarial method for computing the unearned portion of the finance charge upon prepayment in full, the contract shall contain a notice, in at least 10-point boldface type if the contract is printed, reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is $1 or more. (4) If you default in the performance of your obligations under

this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(3) If the contract includes a finance charge that is determined on the simple-interest basis, the contract shall contain a notice, in at least 10-point boldface type if the contract is printed, reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(h) The contract shall contain a notice in at least 8-point boldface type, acknowledged by the buyer, that reads as follows:

"If you have a complaint concerning this sale, you should try to resolve it with the seller.

Complaints concerning unfair or deceptive practices or methods by the seller may be referred to the city attorney, the district attorney, or an investigator for the Department of Motor Vehicles, or any combination thereof.

After this contract is signed, the seller may not change the financing or payment terms unless you agree in writing to the change. You do not have to agree to any change, and it is an unfair or deceptive practice for the seller to make a unilateral change.

_____

Buyer's Signature"

(i) (1) The contract shall contain an itemization of any insurance included as part of the amount financed disclosed pursuant to paragraph (3) of subdivision (a) and of any insurance included as part of the finance charge. The itemization shall identify the type of insurance coverage and the premium charged therefor, and, if the insurance expires before the date of the last scheduled installment included in the repayment schedule, the term of the insurance shall be stated.

(2) If any charge for insurance, other than for credit life or disability, is included in the contract balance and disbursement of any part thereof is to be made more than one year after the date of the conditional sale contract, any finance charge on the amount to be disbursed after one year shall be computed from the month the disbursement is to be made to the due date of the last installment under the conditional sale contract.

(j) (1) Except for contracts in which the finance charge or portion thereof is determined by the simple-interest basis and the amount financed disclosed pursuant to paragraph (8) of subdivision (a) is more than two thousand five hundred dollars ($2,500), the dollar amount of the disclosed finance charge may not exceed the greater of:

(A) (i) One and one-half percent on so much of the unpaid balance as does not exceed two hundred twenty-five dollars ($225), 1 ⅙ percent on so much of the unpaid balance in excess of two hundred twenty-five dollars ($225) as does not exceed nine hundred dollars ($900) and five-sixths of 1 percent on so much of the unpaid balance in excess of nine hundred dollars ($900) as does not exceed two thousand five hundred dollars ($2,500).

(ii) One percent of the entire unpaid balance; multiplied in either case by the number of months (computed on the basis of a full month for any fractional month period in excess of 15 days) elapsing between the date of the contract and the due date of the last installment.

(B) If the finance charge is determined by the precomputed basis, twenty-five dollars ($25).

(C) If the finance charge or a portion thereof is determined by the simple-interest basis:

(i) Twenty-five dollars ($25) if the unpaid balance does not exceed one thousand dollars ($1,000).

(ii) Fifty dollars ($50) if the unpaid balance exceeds one thousand dollars ($1,000) but does not exceed two thousand dollars ($2,000).

(iii) Seventy-five dollars ($75) if the unpaid balance exceeds two thousand dollars ($2,000).

(2) The holder of the contract may not charge, collect, or receive a finance charge that exceeds the disclosed finance charge, except to the extent (A) caused by the holder's receipt of one or more payments under a contract that provides for determination of the finance charge or a portion thereof on the 365-day basis at a time or times other than as originally scheduled whether or not the parties enter into an agreement pursuant to Section 2982.3, (B) permitted by paragraph (2), (3), or (4) of subdivision (c) of Section 226.17 of Regulation Z, or (C) permitted by subdivisions (a) and (c) of Section 2982.8.

(3) If the finance charge or a portion thereof is determined by the simple-interest basis and the amount of the unpaid balance exceeds five thousand dollars ($5,000), the holder of the contract may, in lieu of its right to a minimum finance charge under subparagraph (C) of paragraph (1), charge, receive, or collect on the date of the contract an administrative finance charge not to exceed seventy-five dollars ($75), provided that the sum of the administrative finance charge and the portion of the finance charge determined by the simple-interest basis shall not

exceed the maximum total finance charge permitted by subparagraph (A) of paragraph (1). Any administrative finance charge that is charged, received, or collected by a holder shall be deemed a finance charge earned on the date of the contract.

(4) If a contract provides for unequal or irregular payments, or payments on other than a monthly basis, the maximum finance charge shall be at the effective rate provided for in paragraph (1), having due regard for the schedule of installments.

(k) The contract may provide that for each installment in default for a period of not less than 10 days the buyer shall pay a delinquency charge in an amount not to exceed in the aggregate 5 percent of the delinquent installment, which amount may be collected only once on any installment regardless of the period during which it remains in default. Payments timely received by the seller under an extension or deferral agreement may not be subject to a delinquency charge unless the charge is permitted by Section 2982.3. The contract may provide for reasonable collection costs and fees in the event of delinquency.

(*l*) Notwithstanding any provision of a contract to the contrary, the buyer may pay at any time before maturity the entire indebtedness evidenced by the contract without penalty. In the event of prepayment in full:

(1) If the finance charge was determined on the precomputed basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, provided, however, that the buyer shall be entitled to a refund credit in the amount of the unearned portion of the finance charge, except as provided in paragraphs (3) and (4). The amount of the unearned portion of the finance charge shall be at least as great a proportion of the finance charge, including any additional finance charge imposed pursuant to Section 2982.8 or other additional charge imposed because the contract has been extended, deferred, or refinanced, as the sum of the periodic monthly time balances payable more than 15 days after the date of prepayment bears to the sum of all the periodic monthly time balances under the schedule of installments in the contract or, if the contract has been extended, deferred, or refinanced, as so extended, deferred, or refinanced. If the amount of the refund credit is less than one dollar ($1), no refund credit need be made by the holder. Any refund credit may be made in cash or credited to the outstanding obligations of the buyer under the contract.

(2) If the finance charge or a portion thereof was determined on the simple-interest basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, including any earned finance charges that are unpaid as of that date and, if applicable, the amount provided in paragraph (3), and provided further that in cases

where a finance charge is determined on the 360-day basis, the payments theretofore received will be assumed to have been received on their respective due dates regardless of the actual dates on which the payments were received.

(3) Where the minimum finance charge provided by subparagraph (B) or subparagraph (C) of paragraph (1) of subdivision (j), if either is applicable, is greater than the earned finance charge as of the date of prepayment, the holder shall be additionally entitled to the difference.

(4) The provisions of this subdivision may not impair the right of the seller or the seller's assignee to receive delinquency charges on delinquent installments and reasonable costs and fees as provided in subdivision (k) or extension or deferral agreement charges as provided in Section 2982.3.

(5) Notwithstanding any provision of a contract to the contrary, whenever the indebtedness created by any contract is satisfied prior to its maturity through surrender of the motor vehicle, repossession of the motor vehicle, redemption of the motor vehicle after repossession, or any judgment, the outstanding obligation of the buyer shall be determined as provided in paragraph (1) or (2). Notwithstanding, the buyer's outstanding obligation shall be computed by the holder as of the date the holder recovers the value of the motor vehicle through disposition thereof or judgment is entered or, if the holder elects to keep the motor vehicle in satisfaction of the buyer's indebtedness, as of the date the holder takes possession of the motor vehicle.

(m) Notwithstanding any other provision of this chapter to the contrary, any information required to be disclosed in a conditional sale contract under this chapter may be disclosed in any manner, method, or terminology required or permitted under Regulation Z, as in effect at the time that disclosure is made, except that permitted by paragraph (2) of subdivision (c) of Section 226.18 of Regulation Z, provided that all of the requirements and limitations set forth in subdivision (a) of this section are satisfied. This chapter does not prohibit the disclosure in that contract of additional information required or permitted under Regulation Z, as in effect at the time that disclosure is made.

(n) If the seller imposes a fee for document preparation, the contract shall contain a disclosure that the fee is not a governmental fee.

(o) A seller may not impose an application fee for a transaction governed by this chapter.

(p) The seller or holder may charge and collect a fee not to exceed fifteen dollars ($15) for the return by a depository institution of a dishonored check, negotiated order of withdrawal, or share draft issued in connection with the contract, if the contract so provides or if the

contract contains a generalized statement that the buyer may be liable for collection costs incurred in connection with the contract.

(q) The contract shall disclose on its face, by printing the word "new" or "used" within a box outlined in red, that is not smaller than one-half inch high and one-half inch wide, whether the vehicle is sold as a new vehicle, as defined in Section 430 of the Vehicle Code, or as a used vehicle, as defined in Section 665 of the Vehicle Code.

(r) The contract shall contain a notice with a heading in at least 12-point bold type and the text in at least 10-point bold type, circumscribed by a line, immediately above the contract signature line, that reads as follows:

THERE IS NO COOLING-OFF PERIOD UNLESS YOU OBTAIN A CONTRACT CANCELLATION OPTION.

California law does not provide for a "cooling-off" or other cancellation period for vehicle sales. Therefore, you cannot later cancel this contract simply because you change your mind, decide the vehicle costs too much, or wish you had acquired a different vehicle. After you sign below, you may only cancel this contract with the agreement of the seller or for legal cause, such as fraud.

However, California law does require a seller to offer a 2-day contract cancellation option on used vehicles with a purchase price of less than $40,000, subject to certain statutory conditions. This contract cancellation option requirement does not apply to the sale of a motorcycle or an off-highway motor vehicle subject to identification under California law. See the vehicle contract cancellation option agreement for details.

SEC. 4. Section 2982.2 is added to the Civil Code, to read:

2982.2. Prior to the execution of a conditional sale contract, the seller shall provide to a buyer, and obtain the buyer's signature on, a written disclosure that sets forth the following information:

(a) (1) A description and the price of each item sold if the contract includes a charge for the item.

(2) Paragraph (1) applies to each item in the following categories:

(A) A service contract.

(B) An insurance product.

(C) A debt cancellation agreement.

(D) A theft deterrent device.

(E) A surface protection product.

(F) A vehicle contract cancellation option agreement.

(b) The sum of all of the charges disclosed under subdivision (a), labeled "total."

(c) The amount that would be calculated under the contract as the regular installment payment if charges for the items disclosed pursuant to subdivision (a) are not included in the contract. The amount disclosed pursuant to this subdivision shall be labeled "Installment Payment EXCLUDING Listed Items."

(d) The amount that would be calculated under the contract as the regular installment payment if charges for the items disclosed under subdivision (a) are included in the contract. The amount disclosed pursuant to this subdivision shall be labeled "Installment Payment INCLUDING Listed Items."

(e) The disclosures required under this section shall be in at least 10-point type and shall be contained in a document that is separate from the conditional sale contract and a purchase order.

SEC. 5 Section 2982.10 is added to the Civil Code, to read:

2982.10. (a) In consideration of the assignment of a conditional sale contract, the seller shall not receive or accept from the assignee any payment or credit based upon any amount collected or received, or to be collected or received, under the contract as a finance charge except to the extent the payment or credit does not exceed the amount that would be calculated in accordance with Regulation Z, whether or not Regulation Z applies to the contract, as the contract's finance charge using, for the purposes of the calculation, an annual percentage rate equal to 2.5 percent for a contract having an original scheduled term of 60 monthly payments or less or 2 percent for a contract having an original scheduled term of more than 60 monthly payments.

(b) Subdivision (a) does not apply in the following circumstances:

(1) An assignment that is with full recourse or under other terms requiring the seller to bear the entire risk of financial performance of the buyer.

(2) An assignment that is more than six months following the date of the conditional sale contract.

(3) Isolated instances resulting from bona fide errors that would otherwise constitute a violation of subdivision (a) if the seller maintains reasonable procedures to guard against any errors and promptly, upon notice of the error, remits to the assignee any consideration received in excess of that permitted by subdivision (a).

(4) The assignment of a conditional sale contract involving the sale of a motorcycle, as defined in Section 400 of the Vehicle Code.

(5) The assignment of a conditional sale contract involving the sale of an off-highway motor vehicle that is subject to identification under Section 38010 of the Vehicle Code.

SEC. 6. Section 6012.3 is added to the Revenue and Taxation Code, to read:

6012.3. For purposes of this part, "gross receipts" and "sales price" do not include that portion of the sales price returned to the purchaser of a used motor vehicle or the purchase price for the purchase of a contract cancellation option pursuant to Section 11713.21 of the Vehicle Code.

SEC. 7. Section 11709.2 of the Vehicle Code is amended to read:

11709.2. Every dealer shall conspicuously display a notice, not less than eight inches high and 10 inches wide, in each sales office and sales cubicle of a dealer's established place of business where written terms of specific sale or lease transactions are discussed with prospective purchasers or lessees, and in each room of a dealer's established place of business where sale and lease contracts are regularly executed, which states the following:

"THERE IS NO COOLING-OFF PERIOD UNLESS YOU OBTAIN A CONTRACT CANCELLATION OPTION

California law does not provide for a "cooling-off" or other cancellation period for vehicle lease or purchase contracts. Therefore, you cannot later cancel such a contract simply because you change your mind, decide the vehicle costs too much, or wish you had acquired a different vehicle. After you sign a motor vehicle purchase or lease contract, it may only be canceled with the agreement of the seller or lessor or for legal cause, such as fraud.

However, California law does require a seller to offer a 2-day contract cancellation option on used vehicles with a purchase price of less than $40,000, subject to certain statutory conditions. This contract cancellation option requirement does not apply to the sale of a motorcycle or an off-highway motor vehicle subject to identification under California law. See the vehicle contract cancellation option agreement for details."

SEC. 8. Section 11713.18 is added to the Vehicle Code, to read:

11713.18. (a) It is a violation of this code for the holder of any dealer's license issued under this article to advertise for sale or sell a used vehicle as "certified" or use any similar descriptive term in the advertisement or the sale of a used vehicle that implies the vehicle has been certified to meet the terms of a used vehicle certification program if any of the following apply:

(1) The dealer knows or should have known that the odometer on the vehicle does not indicate actual mileage, has been rolled back or otherwise altered to show fewer miles, or replaced with an odometer showing fewer miles than actually driven.

(2) The dealer knows or should have known that the vehicle was reacquired by the vehicle's manufacturer or a dealer pursuant to state or federal warranty laws.

(3) The title to the vehicle has been inscribed with the notation "Lemon Law Buyback," "manufacturer repurchase," "salvage," "junk," "nonrepairable," "flood," or similar title designation required by this state or another state.

(4) The vehicle has sustained damage in an impact, fire, or flood, that after repair prior to sale substantially impairs the use or safety of the vehicle.

(5) The dealer knows or should have known that the vehicle has sustained frame damage.

(6) Prior to sale, the dealer fails to provide the buyer with a completed inspection report indicating all the components inspected.

(7) The dealer disclaims any warranties of merchantability on the vehicle.

(8) The vehicle is sold "AS IS."

(9) The term "certified" or any similar descriptive term is used in any manner that is untrue or misleading or that would cause any advertisement to be in violation of subdivision (a) of Section 11713 of this code or Section 17200 or 17500 of the Business and Professions Code.

(b) A violation of this section is actionable under the Consumers Legal Remedies Act (Title 1.5 (commencing with Section 1750) of Part 4 of Division 3 of the Civil Code), the Unfair Competition Law (Chapter 5 (commencing with Section 17200) of Part 2 of Division 7 of the Business and Professions Code), Section 17500 of the Business and Professions Code, or any other applicable state or federal law. The rights and remedies provided by this section are cumulative and shall not be construed as restricting any right or remedy that is otherwise available.

(c) This section does not abrogate or limit any disclosure obligation imposed by any other law.

(d) This section does not apply to the advertisement or sale of a used motorcycle or a used off-highway motor vehicle subject to identification under Section 38010.

SEC. 9. Section 11713.19 is added to the Vehicle Code, to read:

11713.19. (a) It is unlawful and a violation of this code for the holder of any dealer's license issued under this article to do any of the following:

(1) Negotiate the terms of a vehicle sale or lease contract and then add charges to the contract for any goods or services without previously disclosing to the consumer the goods and services to be added and obtaining the consumer's consent.

(2) (A) Inflate the amount of an installment payment or down payment or extend the maturity of a sale or lease contract for the purpose of disguising the actual charges for goods or services to be added by the dealer to the contract.

(B) For purposes of subparagraph (A), "goods or services" means any type of good or service, including, but not limited to, insurance and service contracts.

(b) Subdivision (a) does not apply to the sale or lease of a motorcycle or an off-highway motor vehicle subject to identification under Section 38010.

SEC. 10. Section 11713.20 is added to the Vehicle Code, to read:

11713.20. A dealer that obtains a consumer credit score, as defined in subdivision (b) of Section 1785.15.1 of the Civil Code, from a consumer credit reporting agency, as defined in subdivision (d) of Section 1785.3 of the Civil Code, for use in connection with an application for credit initiated by a consumer for the purchase or lease of a motor vehicle for personal, family, or household use, shall provide, prior to the sale or lease of the vehicle, the following information to the consumer in at least 10-point boldface type on a document separate from the sale or lease contract:

(a) The credit score obtained and used by the dealer and the name of the credit reporting agency providing the credit score to the dealer.

(b) The range of possible credit scores established by the credit reporting agency that provided the credit score.

(c) The following notice, which shall include the name, address, and telephone number of each credit reporting agency providing a credit score that was obtained and used by the dealer:

"NOTICE TO VEHICLE CREDIT APPLICANT

If the dealer obtains and uses a credit score from a credit reporting agency in connection with your application to finance the acquisition of a vehicle, the dealer must disclose the score to you.

The credit score is a computer generated summary calculated by a credit reporting agency at the time the dealer requests the score and is based on information the credit reporting agency has on file. The scores are based on data about your credit history and payment patterns. Credit scores are important because they are used in determining whether to extend credit. The score may also be used to determine the annual percentage rate you may be offered. Credit scores can change over time, depending on your conduct, how your credit history and payment patterns change, and how credit scoring technologies change. Credit scores may also vary from one credit reporting agency to another.

If you have questions about your credit score, contact the credit reporting agency at the address and telephone number provided. The credit reporting agency does not participate in the decision to take any action on your application for credit and is unable to provide you with specific reasons for any decision on the credit application.

If you have questions concerning credit terms relative to your purchase or lease of a vehicle, ask the dealer."

(d) This section does not require a dealer to provide more than one disclosure for each purchase or lease transaction.

(e) This section does not apply to the purchase or lease of a motorcycle or an off-highway motor vehicle subject to identification under Section 38010.

SEC. 11. Section 11713.21 is added to the Vehicle Code, to read:

11713.21. (a) (1) A dealer shall not sell a used vehicle, as defined in Section 665 and subject to registration under this code, at retail to an individual for personal, family, or household use without offering the buyer a contract cancellation option agreement that allows the buyer to return the vehicle without cause. This section does not apply to a used vehicle having a purchase price of forty thousand dollars ($40,000) or more, a motorcycle, as defined in Section 400, or a recreational vehicle, as defined in Section 18010 of the Health and Safety Code.

(2) The purchase price for the contract cancellation option shall not exceed the following:

(A) Seventy-five dollars ($75) for a vehicle with a cash price of five thousand dollars ($5,000) or less.

(B) One hundred fifty dollars ($150) for a vehicle with a cash price of more than five thousand dollars ($5,000), but not more than ten thousand dollars ($10,000).

(C) Two hundred fifty dollars ($250) for a vehicle with a cash price of more than ten thousand dollars ($10,000), but not more than thirty thousand dollars ($30,000).

(D) One percent of the purchase price for a vehicle with a cash price of more than thirty thousand dollars ($30,000), but not more than forty thousand dollars ($40,000).

The term "cash price" as used in this paragraph has the same meaning as described in subparagraph (A) of paragraph (1) of subdivision (a) of Section 2982 of the Civil Code. "Cash price" also excludes registration, transfer, titling, license, and California tire and optional business partnership automation fees.

(b) To comply with subdivision (a), and notwithstanding Section 2981.9 of the Civil Code, a contract cancellation option agreement shall be contained in a document separate from the conditional sale contract

or other vehicle purchase agreement and shall contain, at a minimum, the following:

(1) The name of the seller and the buyer.

(2) A description and the Vehicle Identification Number of the vehicle purchased.

(3) A statement specifying the time within which the buyer must exercise the right to cancel the purchase under the contract cancellation option and return the vehicle to the dealer. The dealer shall not specify a time that is earlier than the dealer's close of business on the second day following the day on which the vehicle was originally delivered to the buyer by the dealer.

(4) A statement that clearly and conspicuously specifies the dollar amount of any restocking fee the buyer must pay to the dealer to exercise the right to cancel the purchase under the contract cancellation option. The restocking fee shall not exceed one hundred seventy-five dollars ($175) if the vehicle's cash price is five thousand dollars ($5,000) or less, three hundred fifty dollars ($350) if the vehicle's cash price is less than ten thousand dollars ($10,000), and five hundred dollars ($500) if the vehicle cash price is ten thousand dollars ($10,000) or more. The dealer shall apply toward the restocking fee the price paid by the buyer for the contract cancellation option. The price for purchase of the contract cancellation option is not otherwise subject to setoff or refund.

(5) A statement specifying the maximum number of miles that the vehicle may be driven after its original delivery by the dealer to the buyer to remain eligible for cancellation under the contract cancellation option. A dealer shall not specify fewer than 250 miles in the contract cancellation option agreement.

(6) A statement that the contract cancellation option gives the buyer the right to cancel the purchase and obtain a full refund, minus the purchase price for the contract cancellation option agreement; and that the right to cancel will apply only if, within the time specified in the contract cancellation option agreement, the following are personally delivered to the selling dealer by the buyer: a written notice exercising the right to cancel the purchase signed by the buyer; any restocking fee specified in the contract cancellation option agreement minus the purchase price for the contract cancellation option agreement; the original contract cancellation option agreement and vehicle purchase contract and related documents, if the seller gave those original documents to the buyer; all original vehicle titling and registration documents, if the seller gave those original documents to the buyer; and the vehicle, free of all liens and encumbrances, other than any lien or encumbrance created by or incident to the conditional sales contract, any loan arranged by the dealer, or any purchase money loan obtained by the buyer from a third

party, and in the same condition as when it was delivered by the dealer to the buyer, reasonable wear and tear and any defect or mechanical problem that manifests or becomes evident after delivery that was not caused by the buyer excepted, and which must not have been driven beyond the mileage limit specified in the contract cancellation option agreement. The agreement may also provide that the buyer will execute documents reasonably necessary to effectuate the cancellation and refund and as reasonably required to comply with applicable law.

(7) At the bottom of the contract cancellation option agreement, a statement that may be signed by the buyer to indicate the buyer's election to exercise the right to cancel the purchase under the terms of the contract cancellation option agreement, and the last date and time by which the option to cancel may be exercised, followed by a line for the buyer's signature. A particular form of statement is not required, but the following statement is sufficient: "By signing below, I elect to exercise my right to cancel the purchase of the vehicle described in this agreement." The buyer's delivery of the purchase cancellation agreement to the dealer with the buyer's signature following this statement shall constitute sufficient written notice exercising the right to cancel the purchase under paragraph (6). The dealer shall provide the buyer with the statement required by this paragraph in duplicate to enable the buyer to return the signed cancellation notice and retain a copy of the cancellation agreement.

(c) (1) No later than the second day following the day on which the buyer exercises the right to cancel the purchase in compliance with the contract cancellation option agreement, the dealer shall cancel the contract and provide the buyer with a full refund, including that portion of the sales tax attributable to amounts excluded pursuant to Section 6012.3 of the Revenue and Taxation Code.

(2) If the buyer was not charged for the contract cancellation option agreement, the dealer shall return to the buyer, no later than the day following the day on which the buyer exercises the right to cancel the purchase, any motor vehicle the buyer left with the seller as a downpayment or trade-in. If the dealer has sold or otherwise transferred title to the motor vehicle that was left as a downpayment or trade-in, the full refund described in paragraph (1) shall include the fair market value of the motor vehicle left as a downpayment or trade-in, or its value as stated in the contract or purchase order, whichever is greater.

(3) If the buyer was charged for the contract cancellation option agreement, the dealer shall retain any motor vehicle the buyer left with the dealer as a downpayment or trade-in until the buyer exercises the right to cancel or the right to cancel expires. If the buyer exercises the right to cancel the purchase, the dealer shall return to the buyer, no later

than the day following the day on which the buyer exercises the right to cancel the purchase, any motor vehicle the buyer left with the seller as a downpayment or trade-in. If the dealer has inadvertently sold or otherwise transferred title to the motor vehicle as the result of a bona fide error, notwithstanding reasonable procedures designed to avoid that error, the inadvertent sale or transfer of title shall not be deemed a violation of this paragraph, and the full refund described in paragraph (1) shall include the retail market value of the motor vehicle left as a downpayment or trade-in, or its value as stated in the contract or purchase order, whichever is greater.

(d) If the dealer received a portion of the purchase price by credit card, or other third-party payer on the buyer's account, the dealer may refund that portion of the purchase price to the credit card issuer or third-party payer for credit to the buyer's account.

(e) Notwithstanding subdivision (a), a dealer is not required to offer a contract cancellation option agreement to an individual who exercised his or her right to cancel the purchase of a vehicle from the dealer pursuant to a contract cancellation option agreement during the immediately preceding 30 days. A dealer is not required to give notice to a subsequent buyer of the return of a vehicle pursuant to this section. This subdivision does not abrogate or limit any disclosure obligation imposed by any other law.

(f) This section does not affect or alter the legal rights, duties, obligations, or liabilities of the buyer, the dealer, or the dealer's agents or assigns, that would exist in the absence of a contract cancellation option agreement. The buyer is the owner of a vehicle when he or she takes delivery of a vehicle until the vehicle is returned to the dealer pursuant to a contract cancellation option agreement, and the existence of a contract cancellation option agreement shall not impose permissive user liability on the dealer, or the dealer's agents or assigns, under Section 460 or 17150 of the Vehicle Code or otherwise.

(g) Nothing in this section is intended to affect the ability of a buyer to rescind the contract or revoke acceptance under any other law.

SEC. 12. This act shall become operative on July 1, 2006.

SEC. 13. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the

definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 129

An act to amend Section 1190 of the Harbors and Navigation Code, relating to ports and harbors, and making an appropriation therefor.

[Approved by Governor July 26, 2005. Filed with Secretary of State July 26, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1190 of the Harbors and Navigation Code is amended to read:

1190. (a) Every vessel spoken inward or outward bound shall pay the following rate of bar pilotage through the Golden Gate and into or out of the Bays of San Francisco, San Pablo, and Suisun:

(1) Eight dollars and eleven cents ($8.11) per draft foot of the vessel's deepest draft and fractions of a foot pro rata, and an additional charge of 73.01 mills per high gross registered ton as changed pursuant to law in effect on December 31, 1999. The mill rates established by this paragraph may be changed as follows:

(A) (i) On and after January 1, 2007, if the number of pilots licensed by the board is reduced to 60 pilots, for any subsequent decrease in the number of pilots, the mill rate then in effect shall be decreased by an incremental amount that is proportionate to one-half of the last audited annual average net income per pilot for each pilot licensed by the board below 60 pilots.

(ii) On and after January 1, 2007, if the number of pilots licensed by the board falls below 60, for any subsequent increase in the number of pilots, the mill rate then in effect shall be increased by an incremental amount that is proportionate to one-half of the last audited annual average net income per pilot for each new pilot that results in an increase in the number of pilots then licensed by the board.

(iii) The incremental mill rate adjustment authorized by this subparagraph shall be calculated using the data reported to the board for the number of gross registered tons handled by pilots licensed under this division during the same 12-month period as the audited annual average net income per pilot. The incremental mill rate adjustment shall become effective at the beginning of the quarter (January 1, April 1, July 1, or October 1) as directed by the board.

(B) There shall be an incremental rate of additional mills per high gross registered ton as is necessary and authorized by the board to recover the pilots' costs of obtaining new pilot boats and of funding design and engineering modifications for the purposes of extending the service life of existing pilot boats, excluding costs for repair or maintenance. The incremental mill rate charge authorized by this subparagraph shall be identified as a pilot boat surcharge on the pilots' invoices and separately accounted for in the accounting required by Section 1136. Net proceeds from the sale of existing pilot boats shall be used to reduce the debt on the new pilot boats and any debt associated with the modification of pilot boats under this subparagraph. The board may adjust a pilot boat surcharge to reflect any associated operational savings resulting from the modification of pilot boats under this subparagraph, including, but not limited to, reduced repair and maintenance expenses.

(C) In addition to the rate change specified in subparagraph (A) and the incremental rate specified in subparagraph (B), the mill rate established by this subdivision may be adjusted at the direction of the board if, after a hearing conducted pursuant to Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code, the board determines that there has been a catastrophic cost increase to the pilots that would result in at least a 2-percent increase in the overall annual cost of providing pilot services.

(2) A minimum charge for bar pilotage shall be six hundred sixty-two dollars ($662) for each vessel piloted.

(3) The vessel's deepest draft shall be the maximum draft attained, on a stillwater basis, at any part of the vessel during the course of such transit inward or outward.

(b) The rate specified in subdivision (a) shall apply only to a pilotage that passes through the Golden Gate to or from the high seas to or from a berth within an area bounded by the Union Pacific Railroad Bridge to the north and Hunter's Point to the south. The rate for pilotage to or from the high seas to or from a point past the Union Pacific Railroad Bridge or Hunter's Point shall include a movement fee in addition to the basic bar pilotage rate as specified by the board pursuant to Section 1191.

(c) The rate established in paragraph (1) of subdivision (a) shall be for a trip from the high seas to dock or from the dock to high seas. The rate specified in Section 1191 shall not be charged by pilots for docking and undocking vessels. This subdivision does not apply to the rates charged by inland pilots for their services.

(d) The board shall determine the number of pilots to be licensed based on the 1986 manpower study adopted by the board.

(e) Consistent with the board's May 2002 adoption of rate recommendations, the rates imposed pursuant to paragraph (1) of

subdivision (a) that are in effect on December 31, 2002, shall be increased by 4 percent on January 1, 2003; those in effect on December 31, 2003, shall be increased by 4 percent on January 1, 2004; those in effect on December 31, 2004, shall be increased by 3 percent on January 1, 2005; and those in effect on December 31, 2005, shall be increased by 3 percent on January 1, 2006.

CHAPTER 130

An act to amend Section 19605.73, relating to horse racing.

[Approved by Governor July 27, 2005. Filed with Secretary of State July 27, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 19605.73 of the Business and Professions Code is amended to read:

19605.73. (a) Racing associations, fairs, and the organization responsible for contracting with racing associations and fairs with respect to the conduct of racing meetings, may form a private, statewide marketing organization to market and promote thoroughbred and fair horse racing, and to obtain, provide, or defray the cost of workers' compensation coverage for stable employees and jockeys of thoroughbred trainers. The organization shall consist of the following members: two members, one from the northern zone and one from the combined central and southern zones, appointed by the thoroughbred racetracks; two members, one from the northern zone and one from the combined central and southern zones, appointed by the owners' organization responsible for contracting with associations and fairs with respect to the conduct of racing meetings; and two members, one from the northern zone and one from the combined central and southern zones, appointed by the organization representing racing and satellite fairs.

(b) The marketing organization formed pursuant to subdivision (a) shall annually submit to the board a statewide marketing and promotion plan and a thoroughbred trainers' workers' compensation defrayal plan for thoroughbred and fair horse racing that encompasses all geographical zones in the state, and which includes the manner in which funds were expended in the implementation of the plan for the previous calendar year. The plan shall be implemented as determined by the organization. The organization shall receive input from all interested industry

participants and may utilize outside consultants in developing the annual marketing plan.

(c) In addition to the distributions specified in subdivisions (a) and (b) of Section 19605.7, and in Sections 19605.71 and 19605.72, for thoroughbred and fair meetings only, from the amount that would normally be available for commissions and purses, an amount equal to 0.4 percent of the total amount handled by each satellite wagering facility shall be distributed to the statewide marketing organization formed pursuant to subdivision (a) for the promotion of thoroughbred and fair horse racing and to defray the cost of workers' compensation coverage for stable employees and jockeys of thoroughbred trainers. Not more than one-sixth of the total amount available annually pursuant to this subdivision shall be used to defray the cost of workers' compensation insurance. Any of the promotion funds that are not expended in the year in which they are collected may be expended in the following year. If promotion funds expended in any one year exceed the amount collected for that year, the funds expended in the following year shall be reduced by the excess amount.

(d) This section shall remain in effect only until January 1, 2008, and, as of that date, is repealed, unless a later enacted statute that is enacted before January 1, 2008, deletes or extends that date. Any moneys held by the organization shall, in the event this section is repealed, be distributed to the organization formed pursuant to Section 19608.2, for purposes of that section.

CHAPTER 131

An act to amend Section 53601.7 of the Government Code, relating to local agencies.

[Approved by Governor July 27, 2005. Filed with Secretary of State July 27, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 53601.7 of the Government Code is amended to read:

53601.7. Notwithstanding the investment parameters of Sections 53601 and 53635, a local agency that is a county or a city and county may invest any portion of the funds that it deems wise or expedient, using the following criteria:

(a) No investment shall be made in any security, other than a security underlying a repurchase agreement, reverse repurchase agreement, or a securities lending agreement, that, at the time of purchase, has a term remaining to maturity in excess of 397 days, and that would cause the dollar-weighted average maturity of the funds in the investment pool to exceed 90 days.

(b) All corporate and depository institution investments shall meet or exceed the following credit rating criteria at time of purchase:

(1) Short-term debt shall be rated at least "A-1" by Standard & Poor's Corporation, "P-1" by Moody's Investors Service, Inc., or "F-1" by Fitch Ratings. If the issuer of short-term debt has also issued long-term debt, this long-term debt rating shall be rated at least "A," without regard to +/– or 1, 2, 3 modifiers, by Standard & Poor's Corporation, Moody's Investors Service, Inc., or Fitch Ratings.

(2) Long-term debt shall be rated at least "A," without regard to +/– or 1, 2, 3 modifiers, by Standard & Poor's Corporation, Moody's Investors Service, Inc., or Fitch Ratings.

(c) (1) No more than 5 percent of the total assets of the investments held by a local agency may be invested in the securities of any one issuer, except the obligations of the United States government, United States government agencies, and United States government-sponsored enterprises.

(2) Up to 25 percent of the total assets of the investments held by a local agency may be invested in the first tier securities of a single issuer for a period of up to three business days after acquisition. The securities of no more than one issuer may be invested pursuant to this paragraph at a time.

(3) No more than 10 percent of the total assets of the investments held by a local agency may be invested in any one mutual fund.

(d) Where this section specifies a percentage limitation for a particular category of investment, that percentage is applicable only at the date of purchase. A later increase or decrease in a percentage resulting from a change in values or assets shall not constitute a violation of that restriction. If subsequent to purchase, securities are downgraded below the minimum acceptable rating level, the securities shall be reviewed for possible sale within a reasonable amount of time after the downgrade.

(e) Within the limitations set forth in this section, a local agency electing to invest its funds pursuant to this section may invest in the following securities:

(1) Direct obligations of the United States Treasury or any other obligation guaranteed as to principal and interest by the United States government.

(2) Bonds, notes, debentures, or any other obligations of, or securities issued by, any federal government agency, instrumentality, or government-sponsored enterprise.

(3) Registered state warrants or treasury notes or bonds of this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the state or by a department, board, agency, or other entity of the state.

(4) Bonds, notes, warrants, or other indebtedness of the local agency, or any local agency within this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency, or by a department, board, agency, or authority of the local agency.

(5) Bankers acceptance, otherwise known as bills of exchange or time drafts drawn on and accepted by a commercial bank, primarily used to finance international trade. Purchases of bankers acceptances may not exceed 180 days to maturity.

(6) Short-term unsecured promissory notes issued by corporations for maturities of 270 days or less. Eligible commercial paper is further limited to the following:

(A) Issuing corporations that are organized and operating within the United States, having total assets in excess of five hundred million dollars ($500,000,000).

(B) Maturities for eligible commercial paper that may not exceed 270 days and may not represent more than 10 percent of the outstanding paper of an issuing corporation.

(7) A certificate representing a deposit of funds at a commercial bank for a specified period of time and for a specified return at maturity. Eligible certificates of deposit shall be issued by a nationally or state-chartered bank or a state or federal association, as defined in Section 5102 of the Financial Code, or by a state-licensed branch of a foreign bank. For purposes of this subdivision, certificates of deposits shall not come within Article 2 (commencing with Section 53630), except that the amount so invested shall be subject to the limitations of Section 53638. The legislative body of a local agency and the treasurer or other official of the local agency having legal custody of the money may not invest local agency funds, or funds in the custody of the local agency, in negotiable certificates of deposit issued by a state or federal credit union if a member of the legislative body of the local agency, or any person with investment decisionmaking authority in the administrative office, manager's office, budget office, auditor-controller's office, or treasurer's office of the local agency also serves on the board of directors, or any committee appointed by the board of directors, other credit

committee or the supervisory committee of the state or federal credit union issuing the negotiable certificate of deposit.

(8) Repurchase agreements, reverse repurchase agreements, or securities lending agreements of any securities authorized by this section, if the agreements meet the requirements of this paragraph and the delivery requirements specified in Section 53601. Investments in repurchase agreements may be made, on any investment authorized by this section, when the term of the agreement does not exceed one year. The market value of the securities that underlay a repurchase agreement shall be valued at 102 percent or greater of the funds borrowed against those securities, and the value shall be adjusted no less than quarterly. Because the market value of the underlying securities is subject to daily market fluctuations, the investments in repurchase agreements shall be in compliance with this section if the value of the underlying securities is brought back to 102 percent no later than the next business day. Reverse repurchase agreements may be utilized only when all of the following criteria are met:

(A) The security being sold on reverse repurchase agreement or securities lending agreement has been owned and fully paid for by the local agency for a minimum of 30 days prior to the sale.

(B) The total of all reverse repurchase agreements on investments owned by the local agency not purchased or committed to purchase does not exceed 20 percent of the market value of the portfolio.

(C) The agreement does not exceed a term of 92 days, unless the agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using a reverse repurchase agreement and the final maturity date of the same security.

(D) Funds obtained or funds within the pool of an equivalent amount to that obtained from selling a security to a counterparty by way of a reverse repurchase agreement or securities lending agreement, may not be used to purchase another security with a maturity longer than 92 days from the initial settlement date of the reverse repurchase agreement or securities lending agreement, unless the agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using a reverse repurchase agreement or securities lending agreement and the final maturity date of the same security.

(E) Investments in reverse repurchase agreements or similar investments in which the local agency sells securities prior to purchase with a simultaneous agreement to repurchase the security, shall only be made with prior approval of the governing body of the local agency and shall only be made with primary dealers of the Federal Reserve Bank of

New York or with a nationally or state-chartered bank that has or has had a significant banking relationship with a local agency.

"Securities," for purposes of this paragraph, means securities of the same issuer, description, issue date, and maturity.

(9) All debt securities issued by a corporation or depository institution with a remaining maturity of not more than 397 days, including securities specified as "medium-term notes," as well as other debt instruments originally issued with maturities longer than 397 days, but which, at time of purchase, have a final maturity of 397 days or less. Eligible medium-term notes shall be issued by corporations organized and operating within the United States or by depository institutions licensed by the United States or any state and operating within the United States.

(10) (A) Shares of beneficial interest issued by diversified management companies that invest in the securities and obligations described in this subdivision and that comply with the investment restrictions of this section. However, notwithstanding these restrictions, a counterparty to a reverse repurchase agreement shall not be required to be a primary dealer of the Federal Reserve Bank of New York if the company's board of directors finds that the counterparty presents a minimal risk of default. The value of the securities underlying a repurchase agreement may be 100 percent of the sales price if the securities are marked to market daily.

(B) Shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission under the federal Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1 et seq.).

(C) All shares of beneficial interest described in this paragraph shall have met either of the following criteria:

(i) Attained the highest ranking or the highest letter and numerical rating provided by not less than two nationally recognized statistical rating organizations.

(ii) Retained an investment adviser registered or exempt from registration with the Securities and Exchange Commission and who has not less than five years' experience investing in money market instruments and with assets under management in excess of five hundred million dollars ($500,000,000).

(11) Any mortgage passthrough security, collateralized mortgage obligation, mortgage-backed or other paythrough bond, equipment lease-backed certificate, consumer receivable passthrough certificate, or consumer receivable-backed bond.

Securities eligible for investment under this paragraph shall be issued by an issuer having an "A" or higher rating from the issuer's debt as provided by a nationally recognized rating service and rated in a rating

category of "AA" or its equivalent or better by a nationally recognized rating.

(12) Contracts issued by insurance companies that provide the policyholder with the right to receive a fixed or variable rate of interest and the full return of principal at the maturity date.

(13) Any investments that would qualify under SEC Rule 2a-7 of the Investment Company Act of 1940 guidelines. These investments shall also meet the limitations detailed in this section.

(f) For purposes of this section, all of the following definitions shall apply:

(1) "Repurchase agreement" means a purchase of securities pursuant to an agreement by which the counterparty seller will repurchase the securities on or before a specified date and for a specified amount and the counterparty will deliver the underlying securities to the local agency by book entry, physical delivery, or by third-party custodial agreement.

(2) "Significant banking relationship" means any of the following activities of a bank:

(A) Involvement in the creation, sale, purchase, or retirement of a local agency's bonds, warrants, notes, or other evidence of indebtedness.

(B) Financing of a local agency's securities or funds as deposits.

(C) Acceptance of a local agency's securities or funds as deposits.

(3) "Reverse repurchase agreement" means a sale of securities by the local agency pursuant to an agreement by which the local agency will repurchase the securities on or before a specified date and includes other comparable agreements.

(4) "Securities lending agreement" means an agreement with a local agency that agrees to transfer securities to a borrower who, in turn agrees to provide collateral to the local agency. During the term of the agreement, both the securities and the collateral are held by a third party. At the conclusion of the agreement, the securities are transferred back to the local agency in return for the collateral.

(5) "First tier security" has the same meaning as that phrase is defined by SEC Rule 2a-7 of the Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1 et seq).

(6) "Local agency" means a county or city and county.

(g) For purposes of this section, the base value of the local agency's pool portfolio shall be that dollar amount obtained by totaling all cash balances placed in the pool by all pool participants, excluding any amounts obtained through selling securities by way of reverse repurchase agreements, or other similar borrowing methods.

(h) For purposes of this section, the spread is the difference between the cost of funds obtained using the reverse repurchase agreement and the earnings obtained on the reinvestment of the funds.

(i) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

CHAPTER 132

An act to amend Section 136.2 of the Penal Code, relating to protective orders.

[Approved by Governor July 27, 2005. Filed with Secretary of State July 27, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 136.2 of the Penal Code is amended to read:

136.2. (a) Except as provided in subdivision (b), upon a good cause belief that harm to, or intimidation or dissuasion of, a victim or witness has occurred or is reasonably likely to occur, any court with jurisdiction over a criminal matter may issue orders including, but not limited to, the following:

(1) Any order issued pursuant to Section 6320 of the Family Code.

(2) An order that a defendant shall not violate any provision of Section 136.1.

(3) An order that a person before the court other than a defendant, including, but not limited to, a subpoenaed witness or other person entering the courtroom of the court, shall not violate any provisions of Section 136.1.

(4) An order that any person described in this section shall have no communication whatsoever with any specified witness or any victim, except through an attorney under any reasonable restrictions that the court may impose.

(5) An order calling for a hearing to determine if an order as described in paragraphs (1) to (4), inclusive, should be issued.

(6) An order that a particular law enforcement agency within the jurisdiction of the court provide protection for a victim or a witness, or both, or for immediate family members of a victim or a witness who reside in the same household as the victim or witness or within reasonable proximity of the victim's or witness' household, as determined by the court. The order shall not be made without the consent of the law enforcement agency except for limited and specified periods of time and upon an express finding by the court of a clear and present danger of

harm to the victim or witness or immediate family members of the victim or witness.

For purposes of this paragraph, "immediate family members" include the spouse, children, or parents of the victim or witness.

(7) (A) Any order protecting victims of violent crime from contact, with the intent to annoy, harass, threaten, or commit acts of violence, by the defendant. The court or its designee shall transmit orders made under this subdivision to law enforcement personnel within one business day of the issuance, modification, extension, or termination of the order, pursuant to subdivision (a) of Section 6380 of the Family Code. It is the responsibility of the court to transmit the modification, extension, or termination orders made under this subdivision to the same agency that entered the original protective order into the Domestic Violence Restraining Order System.

(B) Any order issued, modified, extended, or terminated by a court pursuant to this subdivision shall be issued on forms adopted by the Judicial Council of California and that have been approved by the Department of Justice pursuant to subdivision (i) of Section 6380 of the Family Code. However, the fact that an order issued by a court pursuant to this section was not issued on forms adopted by the Judicial Council and approved by the Department of Justice shall not, in and of itself, make the order unenforceable.

(b) (1) Notwithstanding subdivisions (a) and (e), an emergency protective order issued pursuant to Chapter 2 (commencing with Section 6250) of Part 3 of Division 10 of the Family Code or Section 646.91 of the Penal Code shall have precedence in enforcement over any other restraining or protective order, provided the emergency protective order meets all of the following requirements:

(A) The emergency protective order is issued to protect one or more individuals who are already protected persons under another restraining or protective order.

(B) The emergency protective order restrains the individual who is the restrained person in the other restraining or protective order specified in subparagraph (A).

(C) The provisions of the emergency protective order are more restrictive in relation to the restrained person than are the provisions of the other restraining or protective order specified in subparagraph (A).

(2) An emergency protective order that meets the requirements of paragraph (1) shall have precedence in enforcement over the provisions of any other restraining or protective order only with respect to those provisions of the emergency protective order that are more restrictive in relation to the restrained person.

(c) Any person violating any order made pursuant to paragraphs (1) to (7), inclusive, of subdivision (a) may be punished for any substantive offense described in Section 136.1, or for a contempt of the court making the order. A finding of contempt shall not be a bar to prosecution for a violation of Section 136.1. However, any person so held in contempt shall be entitled to credit for any punishment imposed therein against any sentence imposed upon conviction of an offense described in Section 136.1. Any conviction or acquittal for any substantive offense under Section 136.1 shall be a bar to a subsequent punishment for contempt arising out of the same act.

(d) (1) A person subject to a protective order issued under this section shall not own, possess, purchase, receive, or attempt to purchase or receive a firearm while the protective order is in effect.

(2) The court shall order a person subject to a protective order issued under this section to relinquish any firearms he or she owns or possesses pursuant to Section 527.9 of the Code of Civil Procedure.

(3) Every person who owns, possesses, purchases or receives, or attempts to purchase or receive a firearm while the protective order is in effect is punishable pursuant to subdivision (g) of Section 12021 of the Penal Code.

(e) (1) In all cases where the defendant is charged with a crime of domestic violence, as defined in Section 13700, the court shall consider issuing the above-described orders on its own motion. All interested parties shall receive a copy of those orders. In order to facilitate this, the court's records of all criminal cases involving domestic violence shall be marked to clearly alert the court to this issue.

(2) In those cases in which a complaint, information, or indictment charging a crime of domestic violence, as defined in Section 13700, has been issued, a restraining order or protective order against the defendant issued by the criminal court in that case has precedence in enforcement over any civil court order against the defendant, unless a court issues an emergency protective order pursuant to Chapter 2 (commencing with Section 6250) of Part 3 of Division 10 or the Family Code or Section 646.91 of the Penal Code, in which case the emergency protective order shall have precedence in enforcement over any other restraining or protective order, provided the emergency protective order meets the following requirements:

(A) The emergency protective order is issued to protect one or more individuals who are already protected persons under another restraining or protective order.

(B) The emergency protective order restrains the individual who is the restrained person in the other restraining or protective order specified in subparagraph (A).

(C) The provisions of the emergency protective order are more restrictive in relation to the restrained person than are the provisions of the other restraining or protective order specified in subparagraph (A).

(3) Custody and visitation with respect to the defendant and his or her minor children may be ordered by a family or juvenile court consistent with the protocol established pursuant to this subdivision.

(f) On or before January 1, 2003, the Judicial Council shall promulgate a protocol, for adoption by each local court in substantially similar terms, to provide for the timely coordination of all orders against the same defendant and in favor of the same named victim or victims. The protocol shall include, but shall not be limited to, mechanisms for assuring appropriate communication and information sharing between criminal, family, and juvenile courts concerning orders and cases that involve the same parties, and shall permit a family or juvenile court order to coexist with a criminal court protective order subject to the following conditions:

(1) Any order that permits contact between the restrained person and his or her children shall provide for the safe exchange of the children and shall not contain language either printed or handwritten that violates a "no contact order" issued by a criminal court.

(2) Safety of all parties shall be the courts' paramount concern. The family or juvenile court shall specify the time, day, place, and manner of transfer of the child, as provided in Section 3100 of the Family Code.

(g) On or before January 1, 2003, the Judicial Council shall modify the criminal and civil court protective order forms consistent with this section.

CHAPTER 133

An act to add Section 11160.1 to the Penal Code, relating to reporting.

(c) The report shall be released upon request, oral or written, to any person or agency involved in any related investigation or prosecution of a criminal case including, but not limited to, a law enforcement officer, district attorney, city attorney, crime laboratory, county licensing agency, or coroner. The report may be released to defense counsel or another third party only through discovery of documents in the possession of a prosecuting agency or following the issuance of a lawful court order authorizing the release of the report.

(d) A health practitioner who makes a report in accordance with this section shall not incur civil or criminal liability. No person, agency, or their designee required or authorized to report pursuant to this section who takes photographs of a person suspected of being a person subject to a forensic medical examination as described in this section shall incur any civil or criminal liability for taking the photographs, causing the photographs to be taken, or disseminating the photographs to a law enforcement officer, district attorney, city attorney, crime laboratory, county licensing agency, or coroner with the reports required in accordance with this section. However, this subdivision shall not be deemed to grant immunity from civil or criminal liability with respect to any other use of the photographs.

(e) Section 11162 does not apply to this section.

(f) With the exception of any health practitioner who has entered into a contractual agreement to perform forensic medical examinations, no health practitioner shall be required to perform a forensic medical examination as part of his or her duties as a health practitioner.

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7

Sec. 1752), including, but not limited to, an institution-affiliated party of a credit union, as defined in Section 206(r) of the Federal Credit Union Act (12 U.S.C. Sec. 1786(r)).

(c) As used in this section, "financial abuse" has the same meaning as in Section 15610.30.

(d) (1) Any mandated reporter of suspected financial abuse of an elder or dependent adult who has direct contact with the elder or dependent adult or who reviews or approves the elder or dependent adult's financial documents, records, or transactions, in connection with providing financial services with respect to an elder or dependent adult, and who, within the scope of his or her employment or professional practice, has observed or has knowledge of an incident, that is directly related to the transaction or matter that is within that scope of employment or professional practice, that reasonably appears to be financial abuse, or who reasonably suspects that abuse, based solely on the information before him or her at the time of reviewing or approving the document, record, or transaction in the case of mandated reporters

who do not have direct contact with the elder or dependent adult, shall report the known or suspected instance of financial abuse by telephone immediately, or as soon as practicably possible, and by written report sent within two working days to the local adult protective services agency or the local law enforcement agency.

(2) When two or more mandated reporters jointly have knowledge or reasonably suspect that financial abuse of an elder or a dependent adult for which the report is mandated has occurred, and when there is an agreement among them, the telephone report may be made by a member of the reporting team who is selected by mutual agreement. A single report may be made and signed by the selected member of the reporting team. Any member of the team who has knowledge that the member designated to report has failed to do so shall thereafter make that report.

(3) If the mandated reporter knows that the elder or dependent adult resides in a long-term care facility, as defined in Section 15610.47, the report shall be made to the local ombudsman or local law enforcement agency.

(e) An allegation by the elder or dependent adult, or any other person, that financial abuse has occurred is not sufficient to trigger the reporting requirement under this section if both of the following conditions are met:

The mandated reporter of suspected financial abuse of an elder or dependent adult is not required to investigate any accusations.

(g) (1) The civil penalty provided for in subdivision (f) shall be recovered only in a civil action brought against the financial institution by the Attorney General, district attorney, or county counsel. No action shall be brought under this section by any person other than the Attorney General, district attorney, or county counsel. Multiple actions for the civil penalty may not be brought for the same violation.

(h) As used in this section, "suspected financial abuse of an elder or dependent adult" occurs when a person who is required to report under subdivision (a) observes or has knowledge of behavior or unusual circumstances or transactions, or a pattern of behavior or unusual circumstances or transactions, that would lead an individual with like training or experience, based on the same facts, to form a reasonable belief that an elder or dependent adult is the victim of financial abuse as defined in Section 15610.30.

(i) Reports of suspected financial abuse of an elder or dependent adult made by an employee or officer of a financial institution pursuant to this section are covered under subdivision (b) of Section 47 of the Civil Code.

(B) Except as provided in subparagraph (A), any personnel of the multidisciplinary team or agency that receives information pursuant to this chapter, shall be under the same obligations and subject to the same confidentiality penalties as the person disclosing or providing that information. The information obtained shall be maintained in a manner that ensures the maximum protection of privacy and confidentiality rights.

(c) This section shall not be construed to allow disclosure of any reports or records relevant to the reports of abuse of an elder or dependent adult if the disclosure would be prohibited by any other provisions of

state or federal law applicable to the reports or records relevant to the reports of the abuse, nor shall it be construed to prohibit the disclosure by a financial institution of any reports or records relevant to the reports of abuse of an elder or dependent adult if the disclosure would be required of a financial institution by otherwise applicable state or federal law or court order.

(d) This section shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

SEC. 6. Section 15633 is added to the Welfare and Institutions Code, to read:

15633. (a) The reports made pursuant to Sections 15630 and 15631 shall be confidential and may be disclosed only as provided in subdivision (b). (b) Reports of suspected elder or dependent adult abuse and information contained therein may be disclosed only to the following:

(1) Persons or agencies to whom disclosure of information or the identity of the reporting party is permitted under Section 15633.5.

(2) (A) Persons who are trained and qualified to serve on multidisciplinary personnel teams may disclose to one another information and records that are relevant to the prevention, identification, or treatment of abuse of elderly or dependent persons.

(B) Except as provided in subparagraph (A), any personnel of the multidisciplinary team or agency that receives information pursuant to this chapter, shall be under the same obligations and subject to the same confidentiality penalties as the person disclosing or providing that information. The information obtained shall be maintained in a manner that ensures the maximum protection of privacy and confidentiality rights.

(c) This section shall not be construed to allow disclosure of any reports or records relevant to the reports of elder or dependent adult abuse if the disclosure would be prohibited by any other provisions of state or federal law applicable to the reports or records relevant to the reports of the abuse.

(d) This section shall become operative on January 1, 2013.

SEC. 7. Section 15634 of the Welfare and Institutions Code is amended to read:

15634. (a) No care custodian, clergy member, health practitioner, mandated reporter of suspected financial abuse of an elder or dependent adult, or employee of an adult protective services agency or a local law

enforcement agency who reports a known or suspected instance of abuse of an elder or dependent adult shall be civilly or criminally liable for any report required or authorized by this article. Any other person reporting a known or suspected instance of abuse of an elder or dependent adult shall not incur civil or criminal liability as a result of any report authorized by this article, unless it can be proven that a false report was made and the person knew that the report was false. No person required to make a report pursuant to this article, or any person taking photographs at his or her discretion, shall incur any civil or criminal liability for taking photographs of a suspected victim of abuse of an elder or dependent adult or causing photographs to be taken of such a suspected victim or for disseminating the photographs with the reports required by this article. However, this section shall not be construed to grant immunity from this liability with respect to any other use of the photographs.

(b) No care custodian, clergy member, health practitioner, mandated reporter of suspected financial abuse of an elder or dependent adult, or employee of an adult protective services agency or a local law enforcement agency who, pursuant to a request from an adult protective services agency or a local law enforcement agency investigating a report of known or suspected abuse of an elder or dependent adult, provides the requesting agency with access to the victim of a known or suspected instance of abuse of an elder or dependent adult, shall incur civil or criminal liability as a result of providing that access.

(c) The Legislature finds that, even though it has provided immunity from liability to persons required to report abuse of an elder or dependent adult, immunity does not eliminate the possibility that actions may be brought against those persons based upon required reports of abuse. In order to further limit the financial hardship that those persons may incur as a result of fulfilling their legal responsibilities, it is necessary that they not be unfairly burdened by legal fees incurred in defending those actions. Therefore, a care custodian, clergy member, health practitioner, or an employee of an adult protective services agency or a local law enforcement agency may present to the State Board of Control a claim for reasonable attorneys' fees incurred in any action against that person on the basis of making a report required or authorized by this article if the court has dismissed the action upon a demurrer or motion for summary judgment made by that person, or if he or she prevails in the action. The State Board of Control shall allow that claim if the requirements of this subdivision are met, and the claim shall be paid from an appropriation to be made for that purpose. Attorneys' fees awarded pursuant to this section shall not exceed an hourly rate greater than the rate charged by the Attorney General at the time the award is made and shall not exceed an aggregate amount of fifty thousand dollars

($50,000). This subdivision shall not apply if a public entity has provided for the defense of the action pursuant to Section 995 of the Government Code.

(d) This section shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

SEC. 8. Section 15634 is added to the Welfare and Institutions Code, to read:

15634. (a) No care custodian, clergy member, health practitioner, or employee of an adult protective service agency or a local law enforcement agency who reports a known or suspected instance of elder or dependent adult abuse shall be civilly or criminally liable for any report required or authorized by this article. Any other person reporting a known or suspected instance of elder or dependent adult abuse shall not incur civil or criminal liability as a result of any report authorized by this article, unless it can be proven that a false report was made and the person knew that the report was false. No person required to make a report pursuant to this article, or any person taking photographs at his or her discretion, shall incur any civil or criminal liability for taking photographs of a suspected victim of elder or dependent adult abuse or causing photographs to be taken of such a suspected victim or for disseminating the photographs with the reports required by this article. However, this section shall not be construed to grant immunity from this liability with respect to any other use of the photographs.

(b) No care custodian, clergy member, health practitioner, or employee of an adult protective services agency or a local law enforcement agency who, pursuant to a request from an adult protective services agency or a local law enforcement agency investigating a report of known or suspected elder or dependent adult abuse, provides the requesting agency with access to the victim of a known or suspected instance of elder or dependent adult abuse, shall incur civil or criminal liability as a result of providing that access.

(c) The Legislature finds that, even though it has provided immunity from liability to persons required to report elder or dependent adult abuse, immunity does not eliminate the possibility that actions may be brought against those persons based upon required reports of abuse. In order to further limit the financial hardship that those persons may incur as a result of fulfilling their legal responsibilities, it is necessary that they not be unfairly burdened by legal fees incurred in defending those actions. Therefore, a care custodian, clergy member, health practitioner, or an employee of an adult protective services agency or a local law enforcement agency may present to the State Board of Control a claim for reasonable attorneys' fees incurred in any action against that person

on the basis of making a report required or authorized by this article if the court has dismissed the action upon a demurrer or motion for summary judgment made by that person, or if he or she prevails in the action. The State Board of Control shall allow that claim if the requirements of this subdivision are met, and the claim shall be paid from an appropriation to be made for that purpose. Attorneys' fees awarded pursuant to this section shall not exceed an hourly rate greater than the rate charged by the Attorney General at the time the award is made and shall not exceed an aggregate amount of fifty thousand dollars ($50,000). This subdivision shall not apply if a public entity has provided for the defense of the action pursuant to Section 995 of the Government Code.

(d) This section shall become operative on January 1, 2013.

SEC. 9. Section 15640 of the Welfare and Institutions Code is amended to read:

15640. (a) (1) An adult protective services agency shall immediately, or as soon as practically possible, report by telephone to the law enforcement agency having jurisdiction over the case any known or suspected instance of criminal activity, and to any public agency given responsibility for investigation in that jurisdiction of cases of elder and dependent adult abuse, every known or suspected instance of abuse pursuant to Section 15630 or 15630.1 of an elder or dependent adult. A county adult protective services agency shall also send a written report thereof within two working days of receiving the information concerning the incident to each agency to which it is required to make a telephone report under this subdivision. Prior to making any cross-report of allegations of financial abuse to law enforcement agencies, an adult protective services agency shall first determine whether there is reasonable suspicion of any criminal activity.

(2) If an adult protective services agency receives a report of abuse alleged to have occurred in a long-term care facility, that adult protective services agency shall immediately inform the person making the report that he or she is required to make the report to the long-term care ombudsman program or to a local law enforcement agency. The adult protective services agency shall not accept the report by telephone but shall forward any written report received to the long-term care ombudsman.

(b) If an adult protective services agency or local law enforcement agency or ombudsman program receiving a report of known or suspected elder or dependent adult abuse determines, pursuant to its investigation, that the abuse is being committed by a health practitioner licensed under Division 2 (commencing with Section 500) of the Business and Professions Code, or any related initiative act, or by a person purporting

to be a licensee, the adult protective services agency or local law enforcement agency or ombudsman program shall immediately, or as soon as practically possible, report this information to the appropriate licensing agency. The licensing agency shall investigate the report in light of the potential for physical harm. The transmittal of information to the appropriate licensing agency shall not relieve the adult protective services agency or local law enforcement agency or ombudsman program of the responsibility to continue its own investigation as required under applicable provisions of law. The information reported pursuant to this paragraph shall remain confidential and shall not be disclosed.

(c) A local law enforcement agency shall immediately, or as soon as practically possible, report by telephone to the long-term care ombudsman program when the abuse is alleged to have occurred in a long-term care facility or to the county adult protective services agency when it is alleged to have occurred anywhere else, and to the agency given responsibility for the investigation of cases of elder and dependent adult abuse every known or suspected instance of abuse of an elder or dependent adult. A local law enforcement agency shall also send a written report thereof within two working days of receiving the information concerning the incident to any agency to which it is required to make a telephone report under this subdivision.

If a victim or potential victim of the neglect withholds consent to being identified in that report, the report shall contain circumstantial information about the neglect but shall not identify that victim or potential victim and the bureau and the reporting agency shall maintain the confidentiality of the report until the report becomes a matter of public record.

(e) When a county adult protective services agency, a long-term care ombudsman program, or a local law enforcement agency receives a report of abuse, neglect, or abandonment of an elder or dependent adult alleged to have occurred in a long-term care facility, that county adult protective services agency, long-term care ombudsman coordinator, or local law enforcement agency shall report the incident to the licensing agency by telephone as soon as possible.

(f) County adult protective services agencies, long-term care ombudsman programs, and local law enforcement agencies shall report the results of their investigations of referrals or reports of abuse to the respective referring or reporting agencies.

The adult protective services agency shall not accept the report by telephone but shall forward any written report received to the long-term care ombudsman.

(b) If an adult protective services agency or local law enforcement agency or ombudsman program receiving a report of known or suspected elder or dependent adult abuse determines, pursuant to its investigation, that the abuse is being committed by a health practitioner licensed under Division 2 (commencing with Section 500) of the Business and Professions Code, or any related initiative act, or by a person purporting to be a licensee, the adult protective services agency or local law enforcement agency or ombudsman program shall immediately, or as soon as practically possible, report this information to the appropriate licensing agency. The licensing agency shall investigate the report in light of the potential for physical harm. The transmittal of information to the appropriate licensing agency shall not relieve the adult protective

services agency or local law enforcement agency or ombudsman program of the responsibility to continue its own investigation as required under applicable provisions of law. The information reported pursuant to this paragraph shall remain confidential and shall not be disclosed.

A long-term care ombudsman program and the Licensing and Certification Division of the State Department of Health Services shall immediately report by telephone and in writing within two working days to the bureau any instance of neglect occurring in a health care facility, that has seriously harmed any patient or reasonably appears to present a serious threat to the health or physical well-being of a patient in that facility. If a victim or potential victim of the neglect withholds consent to being identified in that report, the report shall contain circumstantial information about the neglect but shall not identify that victim or potential victim and the bureau and the reporting agency shall maintain the confidentiality of the report until the report becomes a matter of public record.

(e) When a county adult protective services agency, a long-term care ombudsman program, or a local law enforcement agency receives a report of abuse, neglect, or abandonment of an elder or dependent adult alleged to have occurred in a long-term care facility, that county adult protective services agency, long-term care ombudsman coordinator, or local law enforcement agency shall report the incident to the licensing agency by telephone as soon as possible.

(f) County adult protective services agencies, long-term care ombudsman programs, and local law enforcement agencies shall report the results of their investigations of referrals or reports of abuse to the respective referring or reporting agencies.

This application deadline may be waived upon agreement of the school district of residence of the pupil and the school district of choice.

(2) The application deadline specified in paragraph (1) does not apply to an application requesting a transfer if the parent or guardian of the pupil, with whom the pupil resides, is enlisted in the military and was relocated by the military within 90 days prior to submitting the application.

(b) The application may be submitted on a form provided for this purpose by the department and may request enrollment of the pupil in a specific school or program of the school district.

(c) (1) Not later than 90 days after the receipt by a school district of an application for transfer, the governing board of the school district may notify the parent or guardian in writing whether the application has been provisionally accepted or rejected or of the placement of the pupil

A pupil may enroll in a school in the school district immediately upon his or her acceptance.

(3) If the application is accepted, the notice required by this subdivision may be provided to the school district of residence. If the application is rejected, the district governing board may set forth in the written notification to the parent or guardian the specific reason or reasons for that determination, and may ensure that the determination, and the specific reason or reasons therefor, are accurately recorded in the minutes of a regularly scheduled board meeting in which the determination was made.

(b) The administrator shall prepare an itemized report that is organized by category and accounts for all funds deposited into the Morale, Welfare, and Recreation Fund and transmitted to the Controller under Section 1047 during the previous fiscal year and shall submit the report on or before August 20 of each year to all of the following:

Article 11.5. Veterans' Quality of Life Fund

18825. (a) An individual may designate on the tax return that a contribution in excess of the tax liability, if any, be made to the Veterans' Quality of Life Fund established by Section 1051 of the Military and Veterans Code. That designation is to be used as a voluntary contribution on the tax return.

(b) The contributions shall be in full dollar amounts and may be made individually by each signatory on a joint return.

(c) A designation shall be made for any taxable year on the initial return for that taxable year and once made is irrevocable. If payments and credits reported on the return, together with any other credits associated with the taxpayer's account, do not exceed the taxpayer's liability, the return shall be treated as though no designation has been made. If no designee is specified, the contribution shall be transferred to the General Fund after reimbursement of the direct actual costs of the Franchise Tax Board for the collection and administration of funds under this article.

(d) If an individual designates a contribution to more than one account or fund listed on the tax return, and the amount available is insufficient to satisfy the total amount designated, the contribution shall be allocated among the designees on a pro rata basis.

(e) The Franchise Tax Board shall revise the form of the return to include a space labeled the "Veterans' Quality of Life Fund" to allow for the designation permitted. The form shall also include in the instructions information that the contribution may be in the amount of one dollar ($1) or more and that the contribution shall be used for veterans' homes operations.

(f) Notwithstanding any other provision of law, a voluntary contribution designation for the Veterans' Quality of Life Fund may not be added on the tax return until another voluntary contribution designation is removed.

(g) A deduction shall be allowed under Article 6 (commencing with Section 17201) of Chapter 3 of Part 10 for any contribution made pursuant to subdivision (a).

18826. The contributions made pursuant to Section 18825 shall be transferred for deposit in the Veterans' Quality of Life Fund established by Section 1051 of the Military and Veterans Code.

18827. The Franchise Tax Board shall notify the Controller of both the amount of money paid by taxpayers in excess of their tax liability, and the amount of refund money that taxpayers have designated, pursuant to Section 18825 to be transferred to the Veterans' Quality of Life Fund established by Section 1051 of the Military and Veterans Code. The Controller shall transfer from the Personal Income Tax Fund to the Veterans' Quality of Life Fund an amount not in excess of the sum of the amounts designated by individuals pursuant to Section 18825 for payment into that fund.

18828. All moneys transferred to the Veterans' Quality of Life Fund, upon appropriation by the Legislature, shall be allocated as follows:

(a) To the Franchise Tax Board and the Controller for reimbursement of all costs incurred by the Franchise Tax Board and the Controller in connection with their duties under this article.

(b) To the Department of Veterans Affairs for allocation to the administrators of veterans' homes. Moneys allocated pursuant to this subdivision shall be distributed proportionally to the Morale, Welfare, and Recreation Fund of each veterans home pursuant to Section 1047 of the Military and Veterans Code.

(c) Appropriations from the General Fund for the funding of those purposes described in subdivision (b) may not be reduced for the purpose of, or to have the effect of, requiring increased expenditures from the Veterans' Quality of Life Fund for those described purposes.

18829. It is the intent of the Legislature that this article create an additional funding source for veterans' homes and shall be used to supplement, not supplant, other funding sources for veterans' homes.

18830. (a) This article shall remain in effect only until January 1 of the fifth taxable year following the first appearance of the Veterans' Quality of Life Fund on the tax return, and as of that date is repealed, unless a later enacted statute, that is enacted before the applicable date, deletes or extends that date.

(b) If, in the second calendar year after the first taxable year the Veterans' Quality of Life Fund appears on the tax return, the Franchise Tax Board estimates by September 1 that contributions described in this article made on returns filed in that calendar year will be less than two hundred fifty thousand dollars ($250,000), or the adjusted amount specified in subdivision (c) for subsequent taxable years, as may be applicable, then this article is repealed with respect to taxable years beginning on or after January 1 of that calendar year. The Franchise Tax Board shall estimate the annual contribution amount by September 1 of each year using the actual amounts known to be contributed and an estimate of the remaining year's contribution.

(c) For each calendar year, beginning with the third calendar year that the Veterans' Quality of Life Fund appears on the tax return, the Franchise Tax Board shall adjust, on or before September 1 of that calendar year, the minimum estimated contribution amount specified in subdivision (b) as follows:

(1) The minimum estimated contribution amount for the calendar year shall be an amount equal to the product of the minimum estimated contribution amount for the prior September 1 multiplied by the inflation factor adjustment as specified in paragraph (2) of subdivision (h) of Section 17041, rounded off to the nearest dollar.

(2) The inflation factor adjustment used for the calendar year shall be based on the figures for the percentage change in the California Consumer Price Index received on or before August 1 of the calendar year pursuant to paragraph (1) of subdivision (h) of Section 17041.

(d) Notwithstanding the repeal of this article, any contribution amounts designated pursuant to this article prior to its repeal shall continue to be transferred and disbursed in accordance with this article as in effect immediately prior to that repeal.

SEC. 4. Notwithstanding subdivision (b) of Section 1048 of the Military and Veterans Code, the report required to be submitted to the Veterans' Home Allied Council pursuant to paragraph (4) of subdivision (b) of Section 1048 of the Military and Veterans Code for the Chula Vista Veterans Home shall instead be submitted to the Chula Vista Veterans Home Support Foundation until the establishment of a Veterans' Home Allied Council for the Chula Vista Veterans Home. After the establishment of the Veterans' Home Allied Council for the Chula Vista Veterans Home, the report required by paragraph (4) of subdivision (b) of Section 1048 of the Military and Veterans Code shall be submitted to that Veterans' Home Allied Council.

708. (a) Any individual who is an employer under this division or any two or more individuals who have so qualified may file with the director a written election that their services shall be deemed to be services performed by individuals in employment for an employer for all the purposes of this division. Upon the approval of the election by the director, the services of those individuals shall be deemed to constitute employment for an employer for all of the purposes of this division. Regardless of their actual earnings, for the purposes of computing benefit rights and contributions under this division, they shall be deemed to have received the following remuneration for each calendar quarter:

(1) For purposes of unemployment insurance, the highest amount of wages required to be entitled to the maximum benefit amount provided in Section 1280.

(2) For purposes of disability insurance, the highest amount of wages required to be entitled to the maximum benefit amount provided in Section 2655.

On January 1, 1995, quarterly income credits for the period from July 1, 1993, to June 30, 1994, inclusive, shall be changed to one-fourth of the amount of the net profit or four thousand six hundred dollars ($4,600), whichever is greater, reported on or before April 15, 1993, as declared on the Internal Revenue Service Schedule SE for the 1992 taxable year filed by each individual having an elective coverage agreement in effect for that period or any portion thereof. If no Internal Revenue Service Schedule SE was filed, the individual shall be assigned a quarterly income credit of one thousand one hundred fifty dollars ($1,150). Quarterly income credits for this period shall not exceed seven thousand nine hundred forty-two dollars ($7,942). If any quarterly income credit for the period from July 1, 1993, to June 30, 1994, inclusive, was reduced prior to January 1, 1995, the amended income credit shall be reduced proportionately. During periods of disability, the self-employed individual shall reduce his or her quarterly contributions by dividing the quarterly contribution amount by 91 to compute the daily contribution amount, and the daily contribution amount shall be multiplied by the number of days disabled to compute the amount by which the quarterly contributions shall be reduced. The department shall reduce income credits utilizing the same calculation method.

(b) Any individual who is an employer under this division or any two or more individuals who have so qualified may file with the director a written election that their services shall be deemed to be services performed by individuals in employment for an employer for the purposes of Part 2 (commencing with Section 2601) only. Upon the approval of the election by the director, the services of those individuals shall be deemed to constitute employment for an employer for the purposes of

Part 2 (commencing with Section 2601) only. Regardless of their actual earnings, for the purposes of computing disability benefit rights and worker contributions, they shall be deemed to have received remuneration for each calendar quarter the highest amount of wages required to be entitled to the maximum benefit award provided in Section 2655. For contributions on or after July 1, 1994, the quarterly contribution shall be the product of one-fourth of the amount of net profit, but not less than one thousand one hundred fifty dollars ($1,150), except when subparagraph (B) of paragraph (2) of subdivision (a) applies, reported on or before April 15 of the preceding year as declared on the Internal Revenue Service Schedule SE filed by an individual who is an employer under this division and the contribution rate established pursuant to Section 984.5, except as provided by Section 985. The quarterly contribution shall be reduced as set forth in subparagraph (B) of paragraph (2) of subdivision (a) if a disability occurred during the quarter for which payment is being made. On January 1, 1995, quarterly income credits for the period from July 1, 1993, to June 30, 1994, inclusive, shall be changed to one-fourth of the amount of the net profit or four thousand six hundred dollars ($4,600), whichever is greater, reported on or before April 15, 1993, as declared on the Internal Revenue Service Schedule SE for the 1992 taxable year filed by each individual having an elective coverage agreement in effect for that period or any portion thereof. If no Internal Revenue Service Schedule SE was filed, the individual shall be assigned a quarterly income credit of one thousand one hundred fifty dollars ($1,150). Quarterly income credits for this period shall not exceed seven thousand nine hundred forty-two dollars ($7,942). If quarterly income credits were reduced prior to January 1, 1995, the amended income credits shall be reduced proportionately. Benefits payable for periods of disability commencing on or after January 1, 1995, shall be based on Section 2655. For purposes of this division, income credits shall be included in the term "wages."

(c) (1) Any individual applying for or continuing elective coverage under this section shall be requested to sign an annual statement authorizing the department to verify the net profit declared on his or her Internal Revenue Service Schedule SE. Failure of the individual to sign a statement authorizing the department to verify income shall result in the individual being assigned an annual income level of four thousand six hundred dollars ($4,600) for contribution and benefit purposes.

(2) Any individual applying for elective coverage shall submit a copy of his or her Internal Revenue Service Schedule SE filed on or before April 15 of the preceding year with his or her application for elective coverage in order to establish first-year contributions and benefits in excess of the minimum required to qualify for elective coverage.

(d) Any self-employed individual continuing elective coverage who fails to file an Internal Revenue Service Schedule SE by April 15 of each calendar year is required to remit contributions based upon the last year the self-employed individual filed an Internal Revenue Service Schedule SE.

(e) Any self-employed individual who has not yet filed an Internal Revenue Service Schedule SE shall be assigned an annual income level of four thousand six hundred dollars ($4,600) for contribution and benefit purposes.

(f) Contributions required under this division are payable on and after the date stated in the approval of the director. The director may levy assessments under this division for any amount due when an elective coverage agreement has been in effect for less than two complete calendar years. Chapter 7 (commencing with Section 1701), relating to the collection of amount due, shall apply to this section.

(g) No benefits shall be paid to any individual based upon remuneration deemed to have been received pursuant to this section unless all contributions due with respect to all remuneration deemed to have been received by the individual pursuant to this section have been paid to the department.

(h) No benefits shall be paid to any individual based on elective coverage income credits in his or her base period if his or her elective coverage agreement has been terminated under paragraph (6) of subdivision (a) of Section 704.1.

(i) Notwithstanding subdivision (b) of Section 2627, no benefits shall be paid to any individual covered under this section, with respect to periods of disability commencing on or after January 1, 1994, until he or she has been unemployed and disabled for a waiting period of seven consecutive days during each disability benefit period.

(j) Notwithstanding Section 2653, with respect to periods of disability commencing on or after January 1, 1994, the maximum amount of benefits payable to an individual covered under this section during any one disability benefit period shall be 39 times his or her weekly benefit amount, but in no case shall the total amount of benefits payable be more than the total wages credited to the individual during his or her disability base period. If the benefit is not a multiple of one dollar ($1), it shall be computed to the next higher multiple of one dollar ($1).

(k) For purposes of this section, Internal Revenue Service Schedule SE is defined as Internal Revenue Service Form 1040 Schedule SE, or in the case of statutory employees under the Internal Revenue Code, it shall be defined as Internal Revenue Service Form 1040 Schedule C, or the California Income Tax Return, when accompanied by Internal Revenue Service Form W-2.

If no Internal Revenue Service Schedule SE was filed, the individual shall be assigned a quarterly income credit of one thousand one hundred fifty dollars ($1,150). Quarterly income credits for this period shall not exceed seven thousand nine hundred forty-two dollars ($7,942). If quarterly income credits for the period from July 1, 1993, to June 30, 1994, inclusive, were reduced prior to January 1, 1995, the amended income credits shall be reduced proportionately. Benefits payable for periods of

disability commencing on or after January 1, 1995, shall be based on the provisions of Section 2655. For purposes of this division, income credits shall be included in the term "wages."

(b) (1) Any individual applying for or continuing elective coverage under this section shall be requested to sign an annual statement authorizing the department to verify the net profit declared on his or her Internal Revenue Service Schedule SE. Failure of the individual to sign a statement authorizing the department to verify income shall result in the individual being assigned an annual income level of four thousand six hundred dollars ($4,600) for contribution and benefit purposes.

(2) Any individual applying for elective coverage shall submit a copy of his or her Internal Revenue Service Schedule SE filed on or before April 15 of the preceding year with his or her application for elective coverage in order to establish first-year contributions and benefits in excess of the minimum required to qualify for elective coverage.

(c) Any self-employed individual continuing elective coverage who fails to file an Internal Revenue Service Schedule SE by April 15 of each calendar year is required to remit contributions based upon the last year the self-employed individual filed an Internal Revenue Service Schedule SE.

(e) Worker contributions required under this division are payable on and after the date stated in the approval of the director. The director may levy assessments under this division for any amount due when an elective coverage agreement has been in effect for less than two complete calendar years. Chapter 7 (commencing with Section 1701), relating to the collection of amounts due, shall apply to this section.

(d) (1) Notwithstanding subdivisions (a) and (c), for calendar years beginning prior to January 1, 1995, if in the 12-month period ending June 30 of the prior year the cumulative average payment made pursuant to this division or Section 1110, for eight-monthly periods, as defined under Section 6302 of the Internal Revenue Code and regulations thereunder, was fifty thousand dollars ($50,000) or more, the employer shall remit the total amount of income tax withheld within three banking days following the close of each eight-monthly period, as defined by Section 6302 of the Internal Revenue Code and regulations thereunder. For purposes of this subdivision, payment shall be made by electronic funds transfer in accordance with Section 13021.5, for one calendar year beginning on January 1. Payment is deemed complete on the date the electronic funds transfer is initiated, if settlement to the state's demand account occurs on or before the banking day following the date the transfer is initiated. If settlement to the state's demand account does not occur on or before the banking day following the date the transfer is initiated, payment is deemed complete on the date settlement occurs. The department shall, on or before October 31 of the prior year, notify all employers required to make payment by electronic funds transfer of these requirements.

(2) Notwithstanding subdivisions (a) and (c), for calendar years beginning on or after January 1, 1995, if in the 12-month period ending June 30 of the prior year, the cumulative average payment made pursuant to this division or Section 1110 for any deposit periods, as defined under Section 6302 of the Internal Revenue Code and regulations thereunder, was twenty thousand dollars ($20,000) or more, the employer shall remit the total amount of income tax withheld within the number of banking days as specified for federal income taxes by Section 6302 of the Internal Revenue Code and regulations thereunder. For purposes of this subdivision, payment shall be made by electronic funds transfer in accordance with Section 13021.5, for one calendar year beginning on January 1. Payment is deemed complete on the date the electronic funds transfer is initiated, if settlement to the state's demand account occurs on or before the banking day following the date the transfer is initiated. If settlement to the state's demand account does not occur on or before the banking day following the date the transfer is initiated, payment is deemed complete on the date settlement occurs. The department shall, on or before October 31 of the prior year, notify all employers required

by this paragraph to make payments by electronic funds transfer of these requirements.

(3) Notwithstanding paragraph (2), effective January 1, 1995, electronic funds transfer payments that are subject to the one-day deposit rule, as defined by Section 6302 of the Internal Revenue Code and regulations thereunder, shall be deemed timely if the payment settles to the state's demand account within three banking days after the date the employer meets the threshold for the one-day deposit rule.

(4) Any taxpayer required to remit payments pursuant to paragraphs (1) and (2) may request from the department a waiver of those requirements. The department may grant a waiver only if it determines that the particular amounts paid in excess of fifty thousand dollars ($50,000) or twenty thousand dollars ($20,000), as stated in paragraphs (1) and (2), respectively, were the result of an unprecedented occurrence for that employer, and were not representative of the employer's cumulative average payment in prior years.

(5) Any state agency required to remit payments pursuant to paragraphs (1) and (2) may request a waiver of those requirements from the department. The department may grant a waiver if it determines that there will not be a negative impact on the interest earnings of the General Fund. If there is a negative impact to the General Fund, the department may grant a waiver if the requesting state agency follows procedures designated by the department to mitigate the impact to the General Fund.

(e) Any employer not required to make payment pursuant to subdivision (d) of this section may elect to make payment by electronic funds transfer in accordance with Section 13021.5 under the following conditions:

(1) The election shall be made in a form, and shall contain information, as prescribed by the director, and shall be subject to approval by the department.

(2) If approved, the election shall be effective on the date specified in the notification to the employer of approval.

(3) The election shall be operative from the date specified in the notification of approval, and shall continue in effect until terminated by the employer or the department.

(4) Funds remitted by electronic funds transfer pursuant to this subdivision shall be deemed complete in accordance with subdivision (d) or as deemed appropriate by the director to encourage use of this payment method.

(f) Notwithstanding Section 1112, no interest or penalties shall be assessed against any employer who remits at least 95 percent of the amount required by subdivision (c) or (d), provided that the failure to remit the full amount is not willful and any remaining amount due is

paid with the next payment. The director may allow any employer to submit the amounts due from multiple locations upon a showing that those submissions are necessary to comply with the provisions of subdivision (c) or (d).

(g) The department may, if it believes that action is necessary, require any employer to make the report required by this section and pay to it the tax deducted and withheld at any time, or from time to time but no less frequently than provided for in subdivision (a).

(h) Any employer required to withhold any tax and who is not required to make payment under subdivision (c) shall remit the total amount of income tax withheld during each month of each calendar quarter, on or before the 15th day of the subsequent month if the income tax withheld for any of the three months or, cumulatively for two or more months, is three hundred fifty dollars ($350) or more.

(i) For purposes of subdivisions (a), (c), and (h), payment is deemed complete when it is placed in a properly addressed envelope, bearing the correct postage, and it is deposited in the United States mail.

(j) In addition to the withholding report and report of wages described in subdivision (a), each employer shall file with the director an annual reconciliation return showing the amount required to be withheld under Section 13020, and any other information the director shall prescribe. This annual reconciliation return shall be due on the first day of January following the close of the prior calendar year and shall become delinquent if not filed on or before the last day of that month.

SEC. 52. Section 15001 of the Unemployment Insurance Code is amended to read:

15001. It is the purpose of this division to establish a program of job preparation, training, and placement services which enable economically disadvantaged persons to participate fully in the mainstream of our economy and thereby promote the economic security of families they now head or will in the future head, and which carries out the objectives, purposes and provisions of the Temporary Assistance for Needy Families (TANF) program established pursuant to Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code. To achieve these purposes, it is the intent of the Legislature that a service system be implemented which incorporates the following elements:

(a) Integration of benefits and services under the Aid to Families with Dependent Children program with employment services, including the following:

(1) Application and screening of eligible participants.

(2) Assessment of each participant's employment potential and training needs.

(3) Immediate job search assistance and imparting of self-help job search skills for employment in unsubsidized jobs.

(4) Placement in appropriate training programs for those participants not otherwise job-ready.

(b) Integration of those state and federal job training programs now authorized by law and designed to serve persons eligible under this division.

(c) Overall program direction by the department whose functions under this division shall include:

(1) Overall direction, under the policies established by the State Job Training Coordinating Council, of the statewide programs administered in service delivery areas under this division, including establishment of basic program standards consistent with the provisions of this division and the provisions of Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code, review of service delivery area plans, allocation and distribution to grant recipients selected within service delivery areas of funds from the block grant established pursuant to Chapter 8 (commencing with Section 15080), and assessment of service delivery area performance based on standards that measure results rather than process.

(2) Administration, either directly or by contract with another entity, of these statewide programs in service delivery areas that request the state to assume this function.

(3) Administration of demonstration programs testing innovative approaches to assisting clients eligible under this division to find unsubsidized employment.

(4) Administration of special assistance programs to areas facing urgent employment and training needs that cross jurisdictional lines or that result from major plant closures, arrival and resettlement of a significant number of refugees, or comparable circumstances.

(d) Local administration and operation of the statewide programs under this division, in accordance with an approved service delivery area plan.

(e) Planning, design, and local oversight by local private industry councils pursuant to this division to ensure that the service delivery area plan responds appropriately to local economic conditions, local employment needs, and business and economic development strategies planned or being implemented within the area, as well as complies with the basic standards and provisions of this division.

(f) Streamlining of the funding for programs authorized under this division, in accordance with the following principles:

(1) Consolidation of funds in the Consolidated Work Program Fund pursuant to Section 15082, for distribution to the grant recipients selected within the service delivery areas to carry out the approved plans, of:

(A) Those federal and state funds heretofore appropriated on a categorical basis for various programs authorized to provide job preparation, training, and placement services, which programs are integrated by this division into the locally operated statewide programs.

(B) Other funds that the federal government may make available or the Legislature may appropriate for the statewide programs.

(2) Retention by the department of the following funding sources:

(A) The service delivery area's share of block grant funds distributed under paragraph (1), to support provision of services to service delivery area residents eligible under this division, in those service delivery areas where the state assumes this function in accordance with paragraph (2) of subdivision (c).

(B) Federal and state funds received for the operation of demonstration and special assistance programs serving persons eligible under this division. When a demonstration program and its funding level become suitable for statewide institutionalization, local administrative responsibility for the program shall be assigned to the administrative entity within the service delivery area and its funding shall be moved to the Consolidated Work Program Fund established under paragraph (1).

SEC. 53. Section 15005 of the Unemployment Insurance Code is amended to read:

15005. The designation of areas shall be consistent with the requirements of the federal Workforce Investment Act. Units of general local government with populations of 200,000 or more and consortia of contiguous units of local government with an aggregate population of 200,000 or more which serve a substantial part of a labor market area shall be designated service delivery areas, if they so request. Furthermore, consideration shall be given to service delivery area requests from any unit of general local government, with a population level below 200,000, which served as a prime sponsor under the California Work Opportunity and Responsibility for Kids (CalWORKs) program.

CHAPTER 153

[Approved by Governor August 30, 2005. Filed with Secretary of State August 30, 2005.]

The people of the State of California do enact as follows:

(a) In making a solicitation to a particular person and in negotiating with that person to make a loan secured by real property or to purchase a real property sales contract or a note secured by a deed of trust, a real estate broker shall deliver to the person solicited the applicable completed statement described in Section 10232.5 as early as practicable before he or she becomes obligated to make the loan or purchase and, except as provided in subdivision (c), before the receipt by or on behalf of the broker of any funds from that person. The statement shall be signed by the prospective lender or purchaser and by the real estate broker, or by a real estate salesperson licensed to the broker, on the broker's behalf. When so executed, an exact copy shall be given to the prospective lender or purchaser, and the broker shall retain a true copy of the executed statement for a period of three years.

(4) A prospective lender or purchaser, if that lender or purchaser is any of the following:

(A) The United States or any state, district, territory, or commonwealth thereof, or any city, county, city and county, public district, public authority, public corporation, public entity, or political subdivision of a state, district, territory, or commonwealth of the United States, or any agency or corporate or other instrumentality of any one or more of the foregoing, including the Federal National Mortgage Association, the

(G) A licensed residential mortgage lender or servicer when acting under the authority of that license.

(c) When the broker has custody of funds of a prospective lender or purchaser which were received and are being maintained with the express permission of the owner and in accordance with law, and the broker retains the funds in an escrow depository or a trust fund account pending receipt of the owner's express written instructions to disburse the funds for a loan or purchase, the broker shall cause the disclosure statement to be delivered to the owner and shall obtain the owner's written consent to the proposed disbursement before making the disbursement. Unless the broker has a written agreement with the owner as provided in Section 10231.1, the broker shall transmit to the owner not later than 25 days after receipt, all funds then in the broker's custody for which the owner has not given written instructions authorizing disbursement.

NOTE: AN AMENDED NOTICE MUST BE FILED BY THE BROKER WITHIN 30 DAYS OF ANY MATERIAL CHANGE IN THE INFORMATION REQUIRED TO BE SET FORTH HEREIN.

(b) A broker or person who becomes the servicing agent for notes or interest sold pursuant to this article, upon which payments due during any period of three consecutive months in the aggregate exceed one hundred twenty-five thousand dollars ($125,000) or the number of persons entitled to the payments exceeds 120, shall file the notice required by subdivision (a) with the commissioner within 30 days after becoming the servicing agent.

(c) All advertising employed for transactions under this article shall show the name of the broker and comply with Section 10235 and Sections 260.302 and 2848 of Title 10 of the California Code of Regulations. Brokers and their agents are cautioned that a reference to a prospective investor that a transaction is conducted under this article may be deemed misleading or deceptive if this representation may reasonably be construed by the investor as an implication of merit or approval of the transaction.

(d) Each parcel of real property directly securing the notes or interests is located in this state, the note or notes are not by their terms subject to subordination to any subsequently created deed of trust upon the real property, and the note or notes are not promotional notes secured by liens on separate parcels of real property in one subdivision or in contiguous subdivisions. For purposes of this subdivision, a promotional note means a promissory note secured by a trust deed, executed on unimproved real property or executed after construction of an improvement of the property but before the first purchase of the property as so improved, or executed as a means of financing the first purchase

of the property as so improved, that is subordinate, or by its terms may become subordinate, to any other trust deed on the property. However, the term "promotional note" does not include either of the following:

(1) A note that was executed in excess of three years prior to being offered for sale.

(2) A note secured by a first trust deed on real property in a subdivision that evidences a bona fide loan made in connection with the financing of the usual cost of the development in a residential, commercial, or industrial building or buildings on the property under a written agreement providing for the disbursement of the loan funds as costs are incurred or in relation to the progress of the work and providing for title insurance ensuring the priority of the security as against mechanic's and materialmen's liens or for the final disbursement of at least 10 percent of the loan funds after the expiration of the period for the filing of mechanic's and materialmen's liens.

(e) The notes or interests are sold by or through a real estate broker, as principal or agent. At the time the interests are originally sold or assigned, neither the broker nor an affiliate of the broker shall have an interest as owner, lessor, or developer of the property securing the loan, or any contractual right to acquire, lease, or develop the property securing the loan. This provision does not prohibit a broker from conducting the following transactions if, in either case, the disclosure statement furnished by the broker pursuant to subdivision (*l*) discloses the interest of the broker or affiliate in the transaction and the circumstances under which the broker or affiliate acquired the interest:

(1) A transaction in which the broker or an affiliate of the broker is acquiring the property pursuant to a foreclosure under, or sale pursuant to, a deed of trust securing a note for which the broker is the servicing agent or that the broker sold to the holder or holders.

(2) A transaction in which the broker or an affiliate of the broker is reselling from inventory property acquired by the broker pursuant to a foreclosure under, or sale pursuant to, a deed of trust securing a note for which the broker is the servicing agent or that the broker sold to the holder or holders.

(f) (1) The notes or interests shall not be sold to more than 10 persons, each of whom meets one or both of the qualifications of income or net worth set forth below and signs a statement, which shall be retained by the broker for four years, conforming to the following:

Transaction Identifier: _____

Name of Purchaser: _____ Date: _____

Check either one of the following, if true:

( ) My investment in the transaction does not exceed 10% of my net worth, exclusive of home, furnishings, and automobiles.

( ) My investment in the transaction does not exceed 10% of my adjusted gross income for federal income tax purposes for my last tax year or, in the alternative, as estimated for the current year.

(2) The number of offerees shall not be considered for the purposes of this section.

(3) A husband and wife and their dependents, and an individual and his or her dependents, shall be counted as one person.

(4) A retirement plan, trust, business trust, corporation, or other entity that is wholly owned by an individual and the individual's spouse or the individual's dependents, or any combination thereof, shall not be counted separately from the individual, but the investments of these entities shall be aggregated with those of the individual for the purposes of the statement required by paragraph (1). If the investments of any entities are required to be aggregated under this subdivision, the adjusted gross income or net worth of these entities may also be aggregated with the net worth, income, or both, of the individual.

(5) The "institutional investors" enumerated in subdivision (i) of Section 25102 or subdivision (c) of Section 25104 of the Corporations Code, or in a rule adopted pursuant thereto, shall not be counted.

(6) A partnership, limited liability company, corporation, or other organization that was not specifically formed for the purpose of purchasing the security offered in reliance upon this exemption from securities qualification is counted as one person.

(g) The notes or interests of the purchasers shall be identical in their underlying terms, including the right to direct or require foreclosure, rights to and rate of interest, and other incidents of being a lender, and the sale to each purchaser pursuant to this section shall be upon the same terms, subject to adjustment for the face or principal amount or percentage interest purchased and for interest earned or accrued. This subdivision does not preclude different selling prices for interests to the extent that these differences are reasonably related to changes in the market value of the loan occurring between the sales of these interests. The interest of each purchaser shall be recorded pursuant to subdivisions (a) to (c), inclusive, of Section 10234.

(h) (1) Except as provided in paragraph (2), the aggregate principal amount of the notes or interests sold, together with the unpaid principal amount of any encumbrances upon the real property senior thereto, shall

not exceed the following percentages of the current market value of each parcel of the real property, as determined in writing by the broker or appraiser pursuant to Section 10232.6, plus the amount for which the payment of principal and interest in excess of the percentage of current market value is insured for the benefit of the holders of the notes or interests by an insurer admitted to do business in this state by the Insurance Commissioner:

(A)	Single-family residence, owner occupied	80%
(B)	Single-family residence, not owner occupied	75%
(C)	Commercial and income-producing properties	65%
(D)	Single-family residentially zoned lot or parcel which has installed offsite improvements including drainage, curbs, gutters, sidewalks, paved roads, and utilities as mandated by the political subdivision having jurisdiction over the lot or parcel.....	65%
(E)	Land that has been zoned for (and if required, approved for subdivision as) commercial or residential development	50%
(F)	Other real property	35%

(2) The percentage amounts specified in paragraph (1) may be exceeded when and to the extent that the broker determines that the encumbrance of the property in excess of these percentages is reasonable and prudent considering all relevant factors pertaining to the real property. However, in no event shall the aggregate principal amount of the notes or interests sold, together with the unpaid principal amount of any encumbrances upon the property senior thereto, exceed 80 percent of the current fair market value of improved real property or 50 percent of the current fair market value of unimproved real property, except in the case of a single-family zoned lot or parcel as defined in paragraph (1), which shall not exceed 65 percent of the current fair market value of that lot or parcel, plus the amount insured as specified in paragraph (1). A written statement shall be prepared by the broker that sets forth the material considerations and facts that the broker relies upon for his or her determination, which shall be retained as a part of the broker's record of the transaction. Either a copy of the statement or the information contained therein shall be included in the disclosures required pursuant to subdivision (*l*).

(3) A copy of the appraisal or the broker's evaluation, for each parcel of real property securing the notes or interests, shall be delivered to each purchaser. The broker shall advise purchasers of their right to receive a copy. For purposes of this paragraph, "appraisal" means a written estimate of value based upon the assembling, analyzing, and reconciling of facts and value indicators for the real property in question. A broker

shall not purport to make an appraisal unless the person so employed is qualified on the basis of special training, preparation, or experience.

(4) For construction or rehabilitation loans, the term "current market value" may be deemed to be the value of the completed project if the following safeguards are met:

(A) An independent neutral third-party escrowholder is used for all deposits and disbursements.

(B) The loan is fully funded, with the entire loan amount to be deposited in escrow prior to recording of the deed or deeds of trust.

(C) A comprehensive, detailed, draw schedule is used to ensure proper and timely disbursements to allow for completion of the project.

(D) The disbursement draws from the escrow account are based on verification from an independent qualified person who certifies that the work completed to date meets the related codes and standards and that the draws were made in accordance with the construction contract and draw schedule. For purposes of this subparagraph, "independent qualified person" means a person who is not an employee, agent, or affiliate of the broker and who is a licensed architect, general contractor, structural engineer, or active local government building inspector acting in his or her official capacity.

(E) An appraisal is completed by a qualified and licensed appraiser in accordance with the Uniform Standards of Professional Appraisal Practice (USPAP).

(F) In addition to the transaction documentation required by subdivision (i), the documentation shall include a detailed description of actions that may be taken in the event of a failure to complete the project, whether that failure is due to default, insufficiency of funds, or other causes.

(G) The entire amount of the loan does not exceed two million five hundred thousand dollars ($2,500,000).

(5) If a note or an interest will be secured by more than one parcel of real property, for the purpose of determining the maximum amount of the note or interest, each security property shall be assigned a portion of the note or interest which shall not exceed the percentage of current market value determined by, and in accordance with, the provisions of paragraphs (1) and (2).

(i) The documentation of the transaction shall require that (1) a default upon any interest or note is a default upon all interests or notes and (2) the holders of more than 50 percent of the recorded beneficial interests of the notes or interests may govern the actions to be taken on behalf of all holders in accordance with Section 2941.9 of the Civil Code in the event of default or foreclosure for matters that require direction or approval of the holders, including designation of the broker, servicing

agent, or other person acting on their behalf, and the sale, encumbrance, or lease of real property owned by the holders resulting from foreclosure or receipt of a deed in lieu of foreclosure. The terms called for by this subdivision may be included in the deed of trust, in the assignment of interests, or in any other documentation as is necessary or appropriate to make them binding on the parties.

(j) (1) The broker shall not accept any purchase or loan funds or other consideration from a prospective lender or purchaser, or directly or indirectly cause the funds or other consideration to be deposited in an escrow or trust account, except as to a specific loan or note secured by a deed of trust that the broker owns, is authorized to negotiate, or is unconditionally obligated to buy.

(2) All funds received by the broker from the purchasers or lenders shall be handled in accordance with Section 10145 for disbursement to the persons thereto entitled upon recordation of the interests of the purchasers or lenders in the note and deed of trust. No provision of this article shall be construed as modifying or superseding applicable law regulating the escrowholder in any transaction or the handling of the escrow account.

(3) The books and records of the broker or servicing agent, or both, shall be maintained in a manner that readily identifies transactions under this article and the receipt and disbursement of funds in connection with these transactions.

(4) If required by paragraph (3) of subdivision (k), the review by the independent certified public accountant shall include a sample of transactions, as reflected in the records of the trust account required pursuant to paragraph (1) of subdivision (k), and the bank statements and supporting documents. These documents shall be reviewed for compliance with this article with respect to the handling and distribution of funds. The sample shall be selected at random by the accountant from all these transactions and shall consist of the following: (A) three sales made or 5 percent of the sales made pursuant to this article during the period for which the examination is conducted, whichever is greater, and (B) 10 payments processed or 2 percent of payments processed under this article during the period for which the examination is conducted, whichever is greater.

(5) For the purposes of this subdivision, the transaction that constitutes a "sale" is the series of transactions by which a series of notes of a maker, or the interests in the note of a maker, are sold or issued to their various purchasers under this article, including all receipts and disbursements in that process of funds received from the purchasers or lenders. The transaction that constitutes a "payment," for the purposes of this subdivision, is the receipt of a payment from the person obligated on the

note or from some other person on behalf of the person so obligated, including the broker or servicing agent, and the distribution of that payment to the persons entitled thereto. If a payment involves an advance paid by the broker or servicing agent as the result of a dishonored check, the inspection shall identify the source of funds from which the payment was made or, in the alternative, the steps that are reasonably necessary to determine that there was not a disbursement of trust funds. The accountant shall inspect for compliance with the following specific provisions of this section: paragraphs (1), (2), and (3) of subdivision (j) and paragraphs (1) and (2) of subdivision (k).

(6) Within 30 days of the close of the period for which the report is made, or within any additional time as the commissioner may in writing allow in a particular case, the accountant shall forward to the broker or servicing agent, as the case may be, and to the commissioner, the report of the accountant, stating that the inspection was performed in accordance with this section, listing the sales and the payments examined, specifying the nature of the deficiencies, if any, noted by the accountant with respect to each sale or payment, together with any further information as the accountant may wish to include, such as corrective steps taken with respect to any deficiency so noted, or stating that no deficiencies were observed. If the broker meets the threshold criteria of Section 10232, the report of the accountant shall be submitted as part of the quarterly reports required under Section 10232.25.

(k) The notes or interests shall be sold subject to a written agreement that obligates a licensed real estate broker, or a person exempted from the licensing requirement for real estate brokers under this chapter, to act as agent for the purchasers or lenders to service the note or notes and deed of trust, including the receipt and transmission of payments and the institution of foreclosure proceedings in the event of a default. A copy of this servicing agreement shall be delivered to each purchaser. The broker shall offer to the lenders or purchasers the services of the broker or one or more affiliates of the broker, or both, as servicing agent for each transaction conducted pursuant to this article. The agreement shall require all of the following:

(1) (A) That payments received on the note or notes be deposited immediately to a trust account maintained in accordance with this section and with the provisions for trust accounts of licensed real estate brokers contained in Section 10145 and Article 15 (commencing with Section 2830.1) of Chapter 6 of Title 10 of the California Code of Regulations.

(B) That payments deposited pursuant to subparagraph (A) shall not be commingled with the assets of the servicing agent or used for any transaction other than the transaction for which the funds are received.

(2) That payments received on the note or notes shall be transmitted to the purchasers or lenders pro rata according to their respective interests within 25 days after receipt thereof by the agent. If the source for the payment is not the maker of the note, the agent shall inform the purchasers or lenders of the source for payment. A broker or servicing agent who transmits to the purchaser or lenders the broker's or servicing agent's own funds to cover payments due from the borrower but unpaid as a result of a dishonored check may recover the amount of the advances from the trust fund when the past due payment is received. However, this article does not authorize the broker, servicing agent, or any other person to issue, or to engage in any practice constituting, any guarantee or to engage in the practice of advancing payments on behalf of the borrower.

(3) If the broker or person who is or becomes the servicing agent for notes or interests sold pursuant to this article upon which the payments due during any period of three consecutive months in the aggregate exceed one hundred twenty-five thousand dollars ($125,000) or the number of persons entitled to the payments exceeds 120, the trust account or accounts of that broker or affiliate shall be inspected by an independent certified public accountant at no less than three-month intervals during the time the volume is maintained. Within 30 days after the close of the period for which the review is made, the report of the accountant shall be forwarded as provided in paragraph (6) of subdivision (j). If the broker is required to file an annual report pursuant to subdivision (o) or pursuant to Section 10232.2, the quarterly report pursuant to this subdivision need not be filed for the last quarter of the year for which the annual report is made. For the purposes of this subdivision, an affiliate of a broker is any person controlled by, controlling, or under common control with the broker.

(4) Unless the servicing agent will receive notice pursuant to Section 2924b of the Civil Code, the servicing agent shall file a request for notice of default upon any prior encumbrances and promptly notify the purchasers or lenders of any default on the prior encumbrances or on the note or notes subject to the servicing agreement.

(5) The servicing agent shall promptly forward copies of the following to each purchaser or lender:

(A) Any notice of trustee sale filed on behalf of the purchasers or lenders.

(B) Any request for reconveyance of the deed of trust received on behalf of the purchasers or lenders.

(*l*) The broker shall disclose in writing to each purchaser or lender the material facts concerning the transaction on a disclosure form adopted

or approved by the commissioner pursuant to Section 10232.5, subject to the following:

(1) The disclosure form shall include a description of the terms upon which the note and deed of trust are being sold, including the terms of the undivided interests being offered therein, including the following:

(A) In the case of the sale of an existing note:

(i) The aggregate sale price of the note.

(ii) The percent of the premium over or discount from the principal balance plus accrued but unpaid interest.

(iii) The effective rate of return to the purchasers if the note is paid according to its terms.

(iv) The name and address of the escrowholder for the transaction.

(v) A description of, and the estimated amount of, each cost payable by the seller in connection with the sale and a description of, and the estimated amount of, each cost payable by the purchasers in connection with the sale.

(B) In the case of the origination of a note:

(i) The name and address of the escrowholder for the transaction.

(ii) The anticipated closing date.

(iii) A description of, and the estimated amount of, each cost payable by the borrower in connection with the loan and a description of, and the estimated amount of, each cost payable by the lenders in connection with the loan.

(C) In the case of a transaction involving a note or interest secured by more than one parcel of real property, in addition to the requirements of subparagraphs (A) and (B):

(i) The address, description, and estimated fair market value of each property securing the loan.

(ii) The amount of the available equity in each property securing the loan after the loan amount to be apportioned to each property is assigned.

(iii) The loan to value percentage for each property after the loan amount to be apportioned to each property is assigned pursuant to subdivision (h).

(2) A copy of the written statement or information contained therein, as required by paragraph (2) of subdivision (h), shall be included in the disclosure form.

(3) Any interest of the broker or affiliate in the transaction, as described in subdivision (e), shall be included with the disclosure form.

(4) When the particular circumstances of a transaction make information not specified in the disclosure form material or essential to keep the information provided in the form from being misleading, and the other information is known to the broker, the other information shall also be provided by the broker.

(5) If more than one parcel of real property secures the notes or interests, the disclosure form shall also fully disclose any risks to investors associated with securing the notes or interests with multiple parcels of real property.

(m) The broker or servicing agent shall furnish any purchaser of a note or interest, upon request, with the names and addresses of the purchasers of the other notes or interests in the loan.

(n) No agreement in connection with a transaction covered by this article shall grant to the real estate broker, the servicing agent, or any affiliate of the broker or agent the option or election to acquire the interests of the purchasers or lenders or to acquire the real property securing the interests. This subdivision shall not prohibit the broker or affiliate from acquiring the interests, with the consent of the purchasers or lenders whose interests are being purchased, or the property, with the consent of the purchasers or lenders, if the consent is given at the time of the acquisition.

(o) Each broker who conducts transactions under this article, or broker or person who becomes the servicing agent for notes or interest sold pursuant to this article, who meets the criteria of paragraph (3) of subdivision (k) shall file with the commissioner an annual report of a review of its trust account. The report shall be prepared and filed in accordance with subdivision (a) of Section 10232.2 and the rules and procedures thereunder of the commissioner. That report shall cover the broker's transactions under this article and, if the broker also meets the threshold criteria set forth in Section 10232, the broker's transactions subject to that section shall be included as well.

(p) Each broker conducting transactions pursuant to this article, or broker or person who becomes the servicing agent for notes or interest sold pursuant to this article, who meets the criteria of paragraph (3) of subdivision (k) shall file with the commissioner a report of the transactions that is prepared in accordance with subdivision (c) of Section 10232.2. If the broker also meets the threshold criteria of Section 10232, the report shall include the transactions subject to that section as well. This report shall be confidential pursuant to subdivision (f) of Section 10232.2.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the

definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 154

An act to amend Sections 3651, 3653, and 17560 of, and to add Sections 3047 and 17440 to, the Family Code, relating to child support, and declaring the urgency thereof to take effect immediately.

[Approved by Governor August 30, 2005. Filed with Secretary of State August 30, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 3047 is added to the Family Code, to read:

3047. A party's absence, relocation, or failure to comply with custody and visitation orders shall not, by itself, be sufficient to justify a modification of a custody or visitation order if the reason for the absence, relocation, or failure to comply is the party's activation to military service and deployment out of state.

SEC. 2. Section 3651 of the Family Code is amended to read:

3651. (a) Except as provided in subdivisions (c) and (d) and subject to Article 3 (commencing with Section 3680) and Sections 3552, 3587, and 4004, a support order may be modified or terminated at any time as the court determines to be necessary.

(b) Upon the filing of a supplemental complaint pursuant to Section 2330.1, a child support order in the original proceeding may be modified in conformity with the statewide uniform guideline for child support to provide for the support of all of the children of the same parents who were named in the initial and supplemental pleadings, to consolidate arrearages and wage assignments for children of the parties, and to consolidate orders for support.

(c) (1) Except as provided in paragraph (2) and subdivision (b), a support order may not be modified or terminated as to an amount that accrued before the date of the filing of the notice of motion or order to show cause to modify or terminate.

(2) If a party to a support order is activated to United States military duty or National Guard service and deployed out of state, the service member may file and serve a notice of activation of military service and request to modify a support order, in lieu of a notice of motion or order to show cause, by informing the court and the other party of the request to modify the support order based on the change in circumstance. The

service member shall indicate the date of deployment, and if possible, the court shall schedule the hearing prior to that date. If the court cannot hear the matter prior to the date of deployment out of state, and the service member complies with the conditions set forth in the Servicemembers Civil Relief Act, Section 522 of the Appendix of Title 50 of the United States Code, the court shall grant a stay of proceedings consistent with the timelines for stays set forth in that section. If, after granting the mandatory stay required by Section 522 of the Appendix of Title 50 of the United States Code, the court fails to grant the discretionary stay described under the law, it shall comply with the federal mandate to appoint counsel to represent the interests of the deployed service member. The court may not proceed with the matter if it does not appoint counsel, unless the service member is represented by other counsel. If the court stays the proceeding until after the return of the service member, the service member shall request the court to set the matter for hearing within 90 days of return from deployment or the matter shall be taken off calendar and the existing order may not be made retroactive pursuant to subdivision (c) of Section 3653.

(3) A service member who does not file a notice of activation of military service and request to modify a support order or order to show cause or notice of motion prior to deployment out of state nonetheless shall not be subject to penalties otherwise authorized by Chapter 5 (commencing with Section 4720) of Part 5 on the amount of child support that would not have accrued if the order had been modified pursuant to paragraph (2), absent a finding by the court of good cause. Any such finding shall be stated on the record.

(4) Notwithstanding any other provision of law, no interest shall accrue on that amount of a child support obligation that would not have become due and owing if the activated service member modified his or her support order upon activation to reflect the change in income due to the activation. Upon a finding by the court that good cause did not exist for the service member's failure to seek, or delay in seeking, the modification, interest shall accrue as otherwise allowed by law.

(d) An order for spousal support may not be modified or terminated to the extent that a written agreement, or, if there is no written agreement, an oral agreement entered into in open court between the parties, specifically provides that the spousal support is not subject to modification or termination.

(e) This section applies whether or not the support order is based upon an agreement between the parties.

(f) This section is effective only with respect to a property settlement agreement entered into on or after January 1, 1970, and does not affect

an agreement entered into before January 1, 1970, as to which Chapter 1308 of the Statutes of 1967 shall apply.

(g) (1) The Judicial Council, no later than 90 days after the effective date of the act adding this section, shall develop any forms and procedures necessary to implement paragraph (2) of subdivision (c). The Judicial Council shall ensure that all forms adopted pursuant to this section are in plain language.

(2) The form developed by the Judicial Council, in addition to other items the Judicial Council determines to be necessary or appropriate, shall include the following:

(A) The date of deployment and all information relevant to the determination of the amount of child support, including whether the service member's employer will supplement the service member's income during the deployment.

(B) A notice informing the opposing party that, absent a finding of good cause, the order will be made retroactive to the date of service of the form or the date of deployment, whichever is later.

(C) Notice that the requesting party must notify the court and the other party upon return from military duty and seek to bring any unresolved request for modification to hearing within 90 days of return, or else lose the right to modify the order pursuant to this section.

SEC. 3. Section 3653 of the Family Code is amended to read:

3653. (a) An order modifying or terminating a support order may be made retroactive to the date of the filing of the notice of motion or order to show cause to modify or terminate, or to any subsequent date, except as provided in subdivision (b) or by federal law (42 U.S.C. Sec. 666(a)(9)).

(b) If an order modifying or terminating a support order is entered due to the unemployment of either the support obligor or the support obligee, the order shall be made retroactive to the later of the date of the service on the opposing party of the notice of motion or order to show cause to modify or terminate or the date of unemployment, subject to the notice requirements of federal law (42 U.S.C. Sec. 666(a)(9)), unless the court finds good cause not to make the order retroactive and states its reasons on the record.

(c) If an order modifying or terminating a support order is entered due to a change in income resulting from the activation to United States military service or National Guard duty and deployment out of state for either the support obligor or the support obligee, the order shall be made retroactive to the later of the date of the service on the opposing party of the notice of activation, notice of motion, order to show cause to modify or terminate, or the date of activation, subject to the notice requirements of federal law (42 U.S.C. Sec. 666(a)(9)), unless the court

finds good cause not to make the order retroactive and states its reasons on the record. Good cause shall include, but not be limited to, a finding by the court that the delay in seeking the modification was not reasonable under the circumstances faced by the service member.

(d) If an order decreasing or terminating a support order is entered retroactively pursuant to this section, the support obligor may be entitled to, and the support obligee may be ordered to repay, according to the terms specified in the order, any amounts previously paid by the support obligor pursuant to the prior order that are in excess of the amounts due pursuant to the retroactive order. The court may order that the repayment by the support obligee shall be made over any period of time and in any manner, including, but not limited to, by an offset against future support payments or wage assignment, as the court deems just and reasonable. In determining whether to order a repayment, and in establishing the terms of repayment, the court shall consider all of the following factors:

(1) The amount to be repaid.

(2) The duration of the support order prior to modification or termination.

(3) The financial impact on the support obligee of any particular method of repayment such as an offset against future support payments or wage assignment.

(4) Any other facts or circumstances that the court deems relevant.

SEC. 4. Section 17440 is added to the Family Code, to read:

17440. (a) The Department of Child Support Services shall work with all branches of the United States military and the National Guard to ensure that information is made available regarding the rights and abilities of activated service members to have their support orders modified based on a change in income resulting from their activation, or other change of circumstance affecting the child support calculation, or to have a portion of their child support arrearages compromised pursuant to Section 17560.

(b) No later than 90 days after the effective date of this section, the department shall develop a form for completion by the service member that will allow the local child support agency to proceed with a motion for modification without the service member being required to appear. The form shall contain only the information necessary for the local child support agency to proceed with the motion.

(c) Within five business days of receipt of a properly completed form, the local child support agency shall bring a motion to modify the support order. The local child support agency shall bring the motion if the change in circumstances would result in any change in the dollar amount of the support order.

(d) The department shall work with the United States military to have this form and the form developed pursuant to Section 3651 distributed at all mobilization stations or other appropriate locations to ensure timely notification to all activated personnel of their rights and responsibilities.

SEC. 5. Section 17560 of the Family Code is amended to read:

17560. (a) The department shall create a program establishing an arrears collection enhancement process pursuant to which the department may accept offers in compromise of child support arrears and interest accrued thereon owed to the state for reimbursement of aid paid pursuant to Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code. The program shall operate uniformly across California and shall take into consideration the needs of the children subject to the child support order and the obligor's ability to pay.

(b) If the obligor owes current child support, the offer in compromise shall require the obligor to be in compliance with the current support order for a set period of time before any arrears and interest accrued thereon may be compromised.

(c) Absent a finding of good cause, any offer in compromise entered into pursuant to this section shall be rescinded, all compromised liabilities shall be reestablished notwithstanding any statute of limitations that otherwise may be applicable, and no portion of the amount offered in compromise may be refunded, if either of the following occurs:

(1) The department or local child support agency determines that the obligor did any of the following acts regarding the offer in compromise:

(A) Concealed from the department or local child support agency any income, assets, or other property belonging to the obligor or any reasonably anticipated receipt of income, assets, or other property.

(B) Intentionally received, withheld, destroyed, mutilated, or falsified any information, document, or record, or intentionally made any false statement, relating to the financial conditions of the obligor.

(2) The obligor fails to comply with any of the terms and conditions of the offer in compromise.

(d) Pursuant to subdivision (k) of Section 17406, in no event may the administrator, director, or director's designee within the department, accept an offer in compromise of any child support arrears owed directly to the custodial party unless that party consents to the offer in compromise in writing and participates in the agreement. Prior to giving consent, the custodial party shall be provided with a clear written explanation of the rights with respect to child support arrears owed to the custodial party and the compromise thereof.

(e) Subject to the requirements of this section, the director may delegate to the administrator of a local child support agency the authority

to compromise an amount of child support arrears that does not exceed five thousand dollars ($5,000). Only the director or his or her designee may compromise child support arrears in excess of five thousand dollars ($5,000).

(f) For an amount to be compromised under this section, the following conditions shall exist:

(1) (A) The administrator, director or director's designee within the department determines that acceptance of an offer in compromise is in the best interest of the state and that the compromise amount equals or exceeds what the state can expect to collect for reimbursement of aid paid pursuant to Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code in the absence of the compromise, based on the obligor's ability to pay.

(B) Acceptance of an offer in compromise shall be deemed to be in the best interest of the state, absent a finding of good cause to the contrary, with regard to arrears that accrued as a result of a decrease in income when an obligor was a reservist or member of the National Guard, was activated to United States military service, and failed to modify the support order to reflect the reduction in income. Good cause to find that the compromise is not in the best interest of the state shall include circumstances in which the service member's failure to seek, or delay in seeking, the modification were not reasonable under the circumstances faced by the service member. The director, no later than 90 days after the effective date of the act adding this subparagraph, shall establish rules that compromise, at a minimum, the amount of support that would not have accrued had the order been modified to reflect the reduced income earned during the period of active military service.

(2) Any other terms and conditions that the director establishes that may include, but may not be limited to, paying current support in a timely manner, making lump sum payments, and paying arrears in exchange for compromise of interest owed.

(3) The obligor shall provide evidence of income and assets, including, but not limited to, wage stubs, tax returns, and bank statements and establish all of the following:

(A) That the amount set forth in the offer in compromise of arrears owed is the most that can be expected to be paid or collected from the obligor's present assets or income.

(B) That the obligor does not have reasonable prospects of acquiring increased income or assets that would enable the obligor to satisfy a greater amount of the child support arrears than the amount offered, within a reasonable period of time.

(C) That the obligor has not withheld payment of child support in anticipation of the offers in compromise program.

(g) A determination by the administrator, director or the director's designee within the department that it would not be in the best interest of the state to accept an offer in compromise in satisfaction of child support arrears shall be final and not subject to the provisions of Chapter 5 (commencing with Section 17800) of Division 17, or subject to judicial review.

(h) Any offer in compromise entered into pursuant to this section shall be filed with the appropriate court. The local child support agency shall notify the court if the compromise is rescinded pursuant to subdivision (c).

(i) Any compromise of child support arrears pursuant to this section shall maximize to the greatest extent possible the state's share of the federal performance incentives paid pursuant to the Child Support Performance and Incentive Act of 1998 and shall comply with federal law.

(j) The department shall ensure uniform application of this section across the state.

(k) The department shall consult with the Franchise Tax Board in the development of the program established pursuant to this section.

(*l*) The department shall report to the Legislature on the results of the program established pursuant to this section no later than June 30, 2006.

(m) This section shall remain in effect only until January 1, 2007, and as of that date is repealed unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 6. The amendments to Section 17560 of the Family Code made by this act shall apply to all service members deployed out of state, regardless of whether that deployment occurred before or after the effective date of this act.

SEC. 7. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that the parental rights of soldiers and sailors who return from active duty service in Iraq and Afghanistan on or before December 31, 2005, are protected to the same extent as those of soldiers

and sailors who return after that date, it is necessary that this act take effect immediately.

CHAPTER 155

An act to add Section 323 to the Military and Veterans Code, relating to military compensation.

[Approved by Governor August 30, 2005. Filed with Secretary of State August 30, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 323 is added to the Military and Veterans Code, to read:

323. (a) A qualified member of the California National Guard Weapons of Mass Destruction Civil Support Team, as certified by the United States Department of Defense, is eligible to receive an annual State Retention Bonus in the amount of two thousand dollars ($2,000) at the completion of each year of service on the team.

(b) For purposes of this section, "qualified member" means a member of the California National Guard Weapons of Mass Destruction Civil Support Team who is certified as a hazardous materials specialist or technician under the laws of this state.

CHAPTER 156

An act to amend Section 14087.54 of the Welfare and Institutions Code, relating to health care, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 30, 2005. Filed with Secretary of State August 30, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 14087.54 of the Welfare and Institutions Code, as amended by Chapter 80 of the Statutes of 2005, is amended to read:

14087.54. (a) Any county or counties may establish a special commission in order to meet the problems of the delivery of publicly

assisted medical care in the county or counties and to demonstrate ways of promoting quality care and cost efficiency.

(b) (1) A county board of supervisors may, by ordinance, establish a commission to negotiate the exclusive contract specified in Section 14087.5 and to arrange for the provision of health care services provided pursuant to this chapter. The boards of supervisors of more than one county may also establish a single commission with the authority to negotiate an exclusive contract and to arrange for the provision of services in those counties. If a board of supervisors elects to enact this ordinance, all rights, powers, duties, privileges, and immunities vested in a county by this article shall be vested in the county commission. Any reference in this article to "county" shall mean a commission established pursuant to this section.

(2) The commission operating in Santa Cruz and Monterey Counties pursuant to this section may also enter into contracts for the provision of health care services to persons who are eligible to receive medical benefits under any publicly supported program, if the commission and participating providers acting pursuant to subcontracts with the commission agree to hold harmless the beneficiaries of the publicly supported programs if the contract between the sponsoring government agency and the commission does not ensure sufficient funding to cover program costs. The commission shall not use any payments or reserves from the Medi-Cal program for this purpose.

(3) In addition to the authority specified in paragraph (1), the board of supervisors may, by ordinance, authorize the commission established pursuant to this section to provide health care delivery systems for any or all of the following persons:

(A) Persons who are eligible to receive medical benefits under both Title 18 of the federal Social Security Act (42 U.S.C. Sec. 1395 et seq.) and Title 19 of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.).

(B) Persons who are eligible to receive medical benefits under Title 18 of the federal Social Security Act (42 U.S.C. Sec. 1395).

(4) For purposes of providing services to persons described in paragraph (3), if the commission seeks a contract with the federal Centers for Medicare and Medicaid Services to provide Medicare services as a Medicare Advantage program, the commission shall first obtain a license under the Knox-Keene Health Care Service Plan Act (Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code).

(5) With respect to the provision of services for persons described in paragraph (3), the commission shall conform to applicable state licensing

and freedom of choice requirements as directed by the federal Centers for Medicare and Medicaid Services.

(6) Any material, provided to a person described in paragraph (3) who is dually eligible to receive medical benefits under both the Medi-Cal program and the Medicare Program, regarding the enrollment or availability of enrollment in Medicare services established by the commission shall include notice of all of the following information in the following format:

(A) Medi-Cal eligibility will not be lost or otherwise affected if the person does not enroll in the plan for Medicare benefits.

(B) The person is not required to enroll in the Medicare plan to be eligible for Medicare benefits.

(C) The person may have other choices for Medicare coverage and for further assistance may contact the federal Centers for Medicare and Medicaid Services (CMS) at 1-800-MEDICARE or <www.Medicare.gov>.

(D) The notice shall be in plain language, prominently displayed, and translated into any language other than English that the commission is required to use in communicating with Medi-Cal beneficiaries.

(c) It is the intent of the Legislature that if a county forms a commission pursuant to this section, the county shall, with respect to its medical facilities and programs occupy no greater or lesser status than any other health care provider in negotiating with the commission for contracts to provide health care services.

(d) The enabling ordinance shall specify the membership of the county commission, the qualifications for individual members, the manner of appointment, selection, or removal of commissioners, and how long they shall serve, and any other matters as a board of supervisors deems necessary or convenient for the conduct of the county commission's activities. A commission so established shall be considered an entity separate from the county or counties, shall be considered a public entity for purposes of Division 3.6 (commencing with Section 810) of Title 1 of the Government Code, and shall file the statement required by Section 53051 of the Government Code. The commission shall have in addition to the rights, powers, duties, privileges, and immunities previously conferred, the power to acquire, possess, and dispose of real or personal property, as may be necessary for the performance of its functions, to employ personnel and contract for services required to meet its obligations, to sue or be sued, and to enter into agreements under Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code. Any obligations of a commission, statutory, contractual, or otherwise, shall be the obligations solely of the commission and shall not be the obligations of the county or of the state.

(e) Upon creation, a commission may borrow from the county or counties, and the county or counties may lend the commission funds, or issue revenue anticipation notes to obtain those funds necessary to commence operations.

(f) In the event a commission may no longer function for the purposes for which it was established, at such time as the commission's then existing obligations have been satisfied or the commission's assets have been exhausted, the board or boards of supervisors may by ordinance terminate the commission.

(g) Prior to the termination of a commission, the board or boards of supervisors shall notify the State Department of Health Services of its intent to terminate the commission. The department shall conduct an audit of the commission's records within 30 days of the notification to determine the liabilities and assets of the commission. The department shall report its findings to the board or boards within 10 days of completion of the audit. The board or boards shall prepare a plan to liquidate or otherwise dispose of the assets of the commission and to pay the liabilities of the commission to the extent of the commission's assets, and present the plan to the department within 30 days upon receipt of these findings.

(h) Upon termination of a commission by the board or boards, the county or counties shall manage any remaining assets of the commission until superseded by a department approved plan. SECTION 1. Section 23661.2 of the Business and Professions Code is amended to read:

23661.2. Notwithstanding any other law, an individual or retail licensee in a state that affords California retail licensees or individuals an equal reciprocal shipping privilege, may ship, for personal use and not for resale, no more than two cases of wine (no more than nine liters each case) per month to any adult resident in this state. Delivery of a shipment pursuant to this subdivision shall not be deemed to constitute a sale in this state.

The shipping container of any wine sent into or out of this state under this section shall be clearly labeled to indicate that the container cannot be delivered to a minor or an intoxicated person.

SEC. 2. Section 23661.3 is added to the Business and Professions Code, to read:

Before sending any shipment to a resident of California, the wine direct shipper permitholder must:

(1) File an application with the department.

(2) Pay a ten-dollar ($10) annual registration fee if the winegrower is not currently licensed by the department.

(3) Provide the department its California alcoholic beverage license number or a true copy of its current alcoholic beverage license issued by another state.

(5) If the permitholder is located outside of this state, pay to the State Board of Equalization all sales and use taxes, and excise taxes on sales to residents of California under the wine direct shipper permit. For excise tax purposes, all wine sold pursuant to a direct shipper permit shall be deemed to be wine sold in this state.

(6) If located within this state, provide the department any necessary additional information not currently provided to ensure compliance with this section.

(7) Permit the department or the State Board of Equalization to perform an audit of the wine direct shipper permitholder's records upon request.

SECTION 1. (a) This act shall be known and may be cited as the Local Government Omnibus Act of 2005.

The Legislature further finds and declares that it desires to control its own costs by reducing the number of separate bills. Therefore, it is the intent of the Legislature in enacting this act to combine several minor, noncontroversial statutory changes relating to local government into a single measure.

SEC. 3.1. Section 8654 of the Government Code is amended to read:

8654. (a) Whenever the Governor has proclaimed a state of emergency and the President has declared an emergency or a major disaster to exist in this state, the Governor may do any of the following:

(1) Enter into purchases, leases, or other arrangements with any agency of the United States for temporary housing units to be occupied by

disaster victims and make those units available to any political subdivision for that purpose.

(2) Assist any political subdivision within which temporary housing for disaster victims is proposed to be located to acquire sites necessary for that temporary housing and to do all things required to prepare those sites to receive and utilize temporary housing units by advancing or lending any funds available to the Governor from any appropriation made by the Legislature or from any other source, by transmitting any funds made available by any public or private agency, or by acting in cooperation with the political subdivision for the execution and performance of any project for temporary housing for disaster victims, and for those purposes to pledge the credit of the state on terms as the Governor declares necessary under the circumstances, having due regard for current financial obligations of the state.

(3) Under regulations as the Governor shall make, temporarily suspend or modify for not to exceed 60 days any public health, safety, zoning, or intrastate transportation law, ordinance, or regulation when by proclamation he or she declares the suspension or modification essential to provide temporary housing for disaster victims.

(4) Upon his or her determination that financial assistance is essential to meet disaster-related necessary expenses or serious needs of individuals or households adversely affected by a Presidential declaration of a major disaster or emergency that cannot be otherwise adequately met from other means of assistance, accept assistance in the form of grants by the federal government to fund that financial assistance, subject to those terms and conditions as may be imposed upon the grant.

(5) Enter into an agreement with the federal government, or any officer or agency thereof, pledging the state to participate in the funding of any grant accepted pursuant to paragraph (1), in an amount not to exceed 25 percent thereof, and, if state funds are not otherwise available to the Governor, accept an advance of the state share from the federal government to be repaid when the state is able to do so.

(6) Notwithstanding any other provision of law, make financial grants available to meet disaster-related necessary expenses or serious needs of individuals or households adversely affected by a Presidential declaration of a major disaster or emergency in accordance with the Robert T. Stafford Disaster Relief and Emergency Assistance Act and Sections 13600 and 13601 of the Welfare and Institutions Code.

(b) Whenever the President at the request of the Governor declares a major disaster to exist in this state, the Governor may do any of the following:

(1) Upon his or her determination that a local government will suffer a substantial loss of tax and other revenues from a major disaster and

has demonstrated a need for financial assistance to perform its governmental functions, apply to the federal government, on behalf of the local government, for a loan, and receive and disburse the proceeds of that loan to the local government.

(2) Determine the amount needed by a local government to restore or resume its governmental functions, and certify that amount to the federal government. However, that amount shall not exceed 25 percent of the annual operating budget of the local government for the fiscal year in which the major disaster has occurred.

(3) Recommend to the federal government, after reviewing the matter, the cancellation of all or any part of a loan made pursuant to paragraph (2) when during the period of three full fiscal years immediately following the major disaster, the revenues of the local government are insufficient to meet its operating expenses, including disaster-related expenses incurred by the local government.

(c) The Governor shall make those regulations as are necessary in carrying out the purposes of paragraphs (4), (5), and (6) of subdivision (a), including, but not limited to: standards of eligibility for persons applying for benefits; procedures for application and administration; methods of investigation, processing, and approving applications; formation of local or statewide review boards to pass upon applications; and procedures for appeals.

(d) Any political subdivision is expressly authorized to acquire, temporarily or permanently, by purchase, lease, or otherwise, sites required for installation of temporary housing units for disaster victims, and to enter into whatever arrangements (including purchase of temporary housing units and payment of transportation charges) are necessary to prepare or equip the sites to utilize the housing units.

(e) Any person who fraudulently makes any misstatement of fact in connection with an application for financial assistance under this section shall, upon conviction of each offense, be guilty of a misdemeanor punishable by a fine of not more than five thousand dollars ($5,000), or imprisonment for not more than one year, or both.

(f) The terms "major disaster," "emergency," and "temporary housing," as used in this section, shall have the same meaning as those terms are defined or used in the Robert T. Stafford Disaster Relief and Emergency Assistance Act (P.L. 93-288, as amended by P.L. 100-707). It is the intent of the Legislature in enacting this section that it shall be liberally construed to effectuate the purposes of that federal act.

In counties served by criminalistics laboratories of the Department of Justice, amounts deposited in the criminalistics laboratories fund, after deduction of appropriate and reasonable county overhead charges not to exceed 5 percent attributable to the collection thereof, shall be paid by the county treasurer once a month to the Controller for deposit into the state General Fund, and shall be excepted from the expenditure requirements otherwise prescribed by this subdivision.

(c) The county treasurer shall, at the conclusion of each fiscal year, determine the amount of any funds remaining in the special fund established pursuant to this section after expenditures for that fiscal year have been made for the purposes herein specified. The board of supervisors may, by resolution, assign the treasurer's duty to determine the amount of remaining funds to the auditor or another county officer. The county treasurer shall annually distribute those surplus funds in accordance with the allocation scheme for distribution of fines and forfeitures set forth in Section 11502.

The board of supervisors may, by resolution, assign the treasurer's duty to determine the amount of money that was not expended to the auditor or another county officer. The county may retain an amount of that money equal to its administrative cost incurred pursuant to this section, and shall distribute the remainder pursuant to Section 1463. If the account becomes exhausted, the public entity ordering a test performed pursuant to this subdivision shall bear the costs of the test.

(b) The board of supervisors of a county may, by resolution, authorize an additional penalty upon each defendant convicted of a violation of Section 23152 or 23153 of the Vehicle Code, of an amount equal to the cost of testing for alcohol content, less the fifty dollars ($50) deposited as provided in subdivision (a). The additional penalty authorized by this subdivision shall be imposed only in those instances where the defendant has the ability to pay, but in no case shall the defendant be ordered to pay a penalty in excess of fifty dollars ($50). Chapter 5. California Orthometric Heights

8890. Orthometric heights within the State of California that are based on the North America Vertical Datum of 1988 and conforming to the provisions of this chapter shall be known as "California Orthometric Heights of 1988." Orthometric heights are commonly referred to as "elevations."

8891. As used in this chapter:

(a) "NGS" means National Geodetic Survey or its successor.

(b) "CSRC" means California Spatial Reference Center or its successor.

(c) "NAVD88" means North American Vertical Datum of 1988.

8892. The phrase "California Orthometric Heights of 1988" or any abbreviation, such as "COH88," thereof shall be used only in reference to orthometric heights based on NAVD88 and conforming to the provisions of this chapter.

8893. COH88 values shall be expressed in meters and decimals of a meter or in feet and decimals of a foot. When COH88 values are expressed in feet, the "U.S. Survey Foot," (one foot equals 1200/3937 meters) shall be used as the standard foot.

8894. COH88 values that are determined from differential leveling surveys shall be known as "leveled COH88" values. COH88 values that are determined from GPS surveys and the appropriate application of a geoid model shall be known as "derived COH88" values.

8895. When a geoid model is used to determine derived COH88 values, it shall be the latest geoid model published by NGS.

8896. The accuracy of derived COH88 values may be improved by applying a "local orthometric height correction" to the geoid height determined from the latest, applicable geoid model published by NGS.

8897. The survey that establishes a COH88 value or values shall meet all of the following requirements:

(a) The survey shall be referenced to and shall have field-observed statistically independent connections to one or more orthometric height reference stations that is or are one of the following:

(1) CSRN station.

(2) Geodetic control station located outside of the State of California that meets all the requirements for inclusion in the CSRN except that the station is outside California.

(3) Existing COH88 station that (A) is shown on a map filed with the applicable county surveyor by a public officer, subdivision map, corner record, or record of survey, (B) meets all the requirements for inclusion in the CSRN, except that the station and its data are not published by NGS or CSRC, and (C) has an accuracy, conforming to the applicable CSRN requirements, stated for the station's value.

(4) Existing COH88 station that is shown on a public map or document that (A) is compiled and maintained by the applicable county surveyor, (B) meets all the requirements for inclusion in the CSRN except that the station and its data are not published by NGS or CSRC, and (C) has an accuracy, conforming to the applicable CSRN requirements, stated for the station's value.

(b) If an accuracy is to be claimed for the COH88 value or values established, the claimed accuracy shall be an accuracy standard published by FGDC or FGCS.

8898. If an accuracy is claimed for a COH88 value or values, the survey that established the value or values shall be documented on a map, record of survey, corner record, or other document that includes, at a minimum, the following:

(a) For each COH88 station, the resultant COH88 value.

(b) For each individual COH88 value, whether it is a leveled COH88 or a derived COH88 value.

(c) For leveled COH88 values, the beginning and ending dates of the observations used to determine the values.

(d) For derived COH88 values, the date of the NGS geoid model used to determine the values.

(e) When derived COH88 values are shown and reflect the application of a "local orthometric height correction model," written data that justifies the model's validity. Such written data shall include a summary of the procedures, computations, analysis, and validation process used to develop the model.

(f) For derived COH88 values, the epoch (date), in a decimal year format to two decimal places, that is the basis of the COH88 values shown. Said epoch shall be the published NGS or CSRC epoch of a controlling station for the survey.

(g) The FGDC or FGCS accuracy standard of the COH88 value or values established. FGDC accuracies shall be identified as either a local or network accuracy.

(h) Additional written data that justifies the FGDC or FGCS accuracy standard shown. Such additional written data shall include observation equipment, control diagram including required field-observed statistically independent connection or connections, adjustment methodology and software used, a summary of the procedures used or a reference to a published commonly accepted procedural specifications, final residuals or closures, and other data essential for others to evaluate the survey.

8899. When a COH88 value or values are shown on any document, the document shall include the following:

(a) A statement that the orthometric height or heights shown are a COH88 value or values; exceptions shall be noted.

(b) The station or stations to which the COH88 value or values are referenced and connected and the orthometric height value or values and the published or stated accuracy or accuracies of said referenced station or stations.

8900. The use of COH88 by any person, firm, or governmental agency is optional.

8901. This chapter does not impair or invalidate land titles, legal descriptions, or jurisdictional or land boundaries and, further, this chapter does not impair or invalidate references to, or the use of, datums, elevations, orthometric heights, or other height values that do not conform to this chapter except as specified in Section 8892 in this chapter.

(2) Notwithstanding paragraph (1), if the person is convicted of a violation of Section 23152 or 23153 and was not authorized by the registered owner of the motor vehicle to operate the motor vehicle at the time of the commission of the offense, the court shall order the convicted person to reimburse the registered owner for towing and storage charges related to the impoundment, and administrative charges authorized under Section 22850.5 incurred by the registered owner to obtain possession of the vehicle, unless the court finds that the person convicted does not have the ability to pay all or part of those charges.

(3) If the vehicle is a rental vehicle, the rental car agency may require the person to whom the vehicle was rented to pay all towing and storage charges related to the impoundment and any administrative charges authorized under Section 22850.5 that were incurred by the rental car agency in connection with obtaining possession of the vehicle.

(4) The owner is not liable for towing and storage charges related to the impoundment if acquittal or dismissal occurs. A county implementing an impoundment program under this section shall establish a process for the immediate return of all payments made by the defendant relating to the impoundment upon the acquittal of the defendant or dismissal of the case.

(5) The vehicle may not be sold prior to the defendant's conviction.

(6) (A) The impounding agency is responsible for the actual costs incurred by the towing agency as a result of the impoundment should the registered owner be absolved of liability for those charges pursuant to paragraph (3) of subdivision (d).

(B) Notwithstanding subparagraph (A), nothing shall prohibit an impounding agency from making prior payment arrangements to satisfy the requirement described in subparagraph (A).

(g) On or before January 1, 2009, the county shall report to the Legislature regarding the effectiveness of the pilot program authorized under this section in reducing the number of first-time violations and repeat offenses of Section 23152 or 23153 in the county.

(h) This section applies only to the County of Sacramento and only if the Board of Supervisors of Sacramento County enacts an ordinance

or resolution authorizing the implementation of the pilot program in the county.

(i) This section shall be implemented only to the extent that funds from private or federal sources are available to fund the program.

(j) This section shall remain operative only until January 1, 2009.

(k) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

CHAPTER 160

An act to add and repeal Article 13.51 (commencing with Section 18846) of Chapter 3 of Part 10.2 of Division 2 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 2, 2005. Filed with Secretary of State September 2, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Sexual violence is a problem of sweeping proportions in California. While statewide figures compiled by the Department of Justice estimate that in 2003, 9,918 forcible rapes occurred in California, it is estimated that only 28 percent of rapes and sexual assaults are ever reported.

(b) According to the National Institute of Justice, rape is the costliest crime in the United States, exacting $86,500 in tangible and intangible costs per victim.

(c) According to a study conducted by the National Victim Center, 1.3 women age 18 and over in the United States are forcibly raped each minute. That translates to 78 per hour, 1,871 per day, or 683,000 per year.

(d) In a study of more than 3,000 women at 32 colleges and universities in the United States, 30 percent identified as rape victims contemplated suicide after the incident.

(e) The California Coalition Against Sexual Assault (CALCASA) is the only statewide organization in California whose sole purpose is to promote public policy, advocacy, training, and assistance on the issue of sexual violence. CALCASA's primary membership is the 84 rape crisis centers, campus rape prevention programs, and allied members in the state.

SEC. 2. Article 13.51 (commencing with Section 18846) is added to Chapter 3 of Part 10.2 of Division 2 of the Revenue and Taxation Code, to read:

Article 13.51. California Sexual Violence Victim Services Fund

18846. (a) An individual may designate on the tax return that a contribution in excess of the tax liability, if any, be made to the California Sexual Violence Victim Services Fund established by Section 18846.1. That designation is to be used as a voluntary contribution on the tax return.

(b) The contributions shall be in full dollar amounts and may be made individually by each signatory on a joint return.

(c) A designation shall be made for any taxable year on the initial return for that taxable year and once made is irrevocable. If payments and credits reported on the return, together with any other credits associated with the taxpayer's account, do not exceed the taxpayer's liability, the return shall be treated as though no designation has been made. If no designee is specified, the contribution shall be transferred to the General Fund after reimbursement of the direct actual costs of the Franchise Tax Board for the collection and administration of funds under this article.

(d) If an individual designates a contribution to more than one account or fund listed on the tax return, and the amount available is insufficient to satisfy the total amount designated, the contribution shall be allocated among the designees on a pro rata basis.

(e) When another voluntary contribution designation is removed from the tax return, the Franchise Tax Board shall revise the form of the return to include a space labeled the "California Sexual Violence Victim Services Fund" to allow for the designation permitted. The form shall also include in the instructions information that the contribution may be in the amount of one dollar ($1) or more and that the contribution shall be used to further the services that California's rape crisis centers provide for victims of rape or sexual assault.

(f) A deduction shall be allowed under Article 6 (commencing with Section 17201) of Chapter 3 of Part 10 for any contribution made pursuant to subdivision (a).

18846.1. There is hereby established in the State Treasury the California Sexual Violence Victim Services Fund to receive contributions made pursuant to Section 18846. The Franchise Tax Board shall notify the Controller of both the amount of money paid by taxpayers in excess of their tax liability and the amount of refund money that taxpayers have designated pursuant to Section 18846 to be transferred to the California

Sexual Violence Victim Services Fund. The Controller shall transfer from the Personal Income Tax Fund to the California Sexual Violence Victim Services Fund an amount not in excess of the sum of the amounts designated by individuals pursuant to Section 18846 for payment into that fund.

18846.2. All moneys transferred to the California Sexual Violence Victim Services Fund, upon appropriation by the Legislature, shall be allocated as follows:

(a) To the Franchise Tax Board and the Controller for reimbursement of all costs incurred by the Franchise Tax Board and the Controller in connection with their duties under this article.

(b) To the Epidemiology and Prevention for Injury Control Branch of the State Department of Health Services for allocation to the California Coalition Against Sexual Assault (CALCASA) for the award of grants to support CALCASA rape crisis center programs for victims of rape and sexual assault. The Epidemiology and Prevention for Injury Control Branch of the State Department of Health Services shall not use these funds for its administrative costs.

18846.3. (a) Except as otherwise provided in subdivision (b), this article shall remain in effect only until January 1 of the fifth taxable year following the first appearance of the California Sexual Violence Victim Services Fund on the tax return, and as of that date is repealed, unless a later enacted statute, that is enacted before the applicable date, deletes or extends that date.

(b) If, in the second calendar year after the first taxable year the California Sexual Violence Victim Services Fund appears on the tax return, the Franchise Tax Board estimates by September 1 that contributions described in this article made on returns filed in that calendar year will be less than two hundred fifty thousand dollars ($250,000), or the adjusted amount specified in subdivision (c) for subsequent taxable years, as may be applicable, then this article is repealed with respect to taxable years beginning on or after January 1 of that calendar year. The Franchise Tax Board shall estimate the annual contribution amount by September 1 of each year using the actual amounts known to be contributed and an estimate of the remaining year's contribution.

(c) For each calendar year, beginning with the third calendar year that the California Sexual Violence Victim Services Fund appears on the tax return, the Franchise Tax Board shall adjust, on or before September 1 of that calendar year, the minimum estimated contribution amount specified in subdivision (b) as follows:

(1) The minimum estimated contribution amount for the calendar year shall be an amount equal to the product of the minimum estimated

contribution amount for the prior September 1 multiplied by the inflation factor adjustment as specified in paragraph (2) of subdivision (h) of Section 17041, rounded off to the nearest dollar.

(2) The inflation factor adjustment used for the calendar year shall be based on the figures for the percentage change in the California Consumer Price Index received on or before August 1 of the calendar year pursuant to paragraph (1) of subdivision (h) of Section 17041.

(d) Notwithstanding the repeal of this article, any contribution amounts designated pursuant to this article prior to its repeal shall continue to be transferred and disbursed in accordance with this article as in effect immediately prior to that repeal.

CHAPTER 161

An act to amend Sections 18804 and 18808 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 2, 2005. Filed with Secretary of State September 2, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 18804 of the Revenue and Taxation Code is amended to read:

18804. (a) This article shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2011, deletes or extends that date.

(b) (1) If the repeal date specified in subdivision (a) has been deleted and if, thereafter, in any calendar year the Franchise Tax Board estimates by September 1 that contributions described in this article made on returns filed in that calendar year will be less than the minimum contribution amount prescribed by paragraph (2), then this article is inoperative with respect to taxable years beginning on and after January 1 of that calendar year. The Franchise Tax Board shall estimate the annual contribution amount by September 1 of each year using the actual amounts known to be contributed and an estimate of the remaining year's contributions.

(2) For purposes of this section, "minimum contribution amount" means two hundred fifty thousand dollars ($250,000) for any calendar year.

(c) Notwithstanding the repeal of this article, any contribution amounts designated pursuant to this article prior to its repeal shall continue to be

transferred and disbursed in accordance with this article as in effect immediately prior to that repeal.

SEC. 2. Section 18808 of the Revenue and Taxation Code is amended to read:

18808. (a) This article shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2011, deletes that date.

(b) (1) If the repeal date specified in subdivision (a) has been deleted and if, thereafter, in any calendar year the Franchise Tax Board estimates by September 1 that contributions described in this article made on returns filed in that calendar year will be less than the minimum contribution amount prescribed by paragraph (2), or the adjusted amount specified in subdivision (c), as may be applicable, then this article is inoperative with respect to taxable years beginning on and after January 1 of that calendar year. The Franchise Tax Board shall estimate the annual contribution amount by September 1 of each year using the actual amounts known to be contributed and an estimate of the remaining year's contributions.

(2) For purposes of this section, "minimum contribution amount" means two hundred fifty thousand dollars ($250,000) for any calendar year.

(c) For each calendar year, beginning with calendar year 2005, the Franchise Tax Board shall adjust, on or before September 1 of that calendar year, the minimum estimated contribution amount specified in subdivision (b) as follows:

(1) The minimum estimated contribution amount for the calendar year shall be an amount equal to the product of the minimum estimated contribution amount for the prior September 1 multiplied by the inflation factor adjustment as specified in paragraph (2) of subdivision (h) of Section 17041, rounded off to the nearest dollar.

(2) The inflation factor adjustment used for the calendar year shall be based on the figures for the percentage change in the California Consumer Price Index received on or before August 1 of the calendar year pursuant to paragraph (1) of subdivision (h) of Section 17041.

(d) Notwithstanding the repeal of this article, any contribution amounts designated pursuant to this article prior to its repeal shall continue to be transferred and disbursed in accordance with this article as in effect immediately prior to that repeal.

SEC. 3. Notwithstanding Section 18415 of the Revenue and Taxation Code, or any other provision of law, the amendments to Sections 18804 and 18808 of the Revenue and Taxation Code made by this act shall

apply to tax returns filed in 2005 and, thereafter, for taxable years beginning on or after January 1, 2005.

CHAPTER 162

An act to amend Section 6608.5 of the Welfare and Institutions Code, relating to sex offenders.

[Approved by Governor September 2, 2005. Filed with Secretary of State September 2, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 6608.5 of the Welfare and Institutions Code is amended to read:

6608.5. (a) A person who is conditionally released pursuant to this article shall be placed in the county of the domicile of the person prior to the person's incarceration, unless the court finds that extraordinary circumstances require placement outside the county of domicile.

(b) (1) For the purposes of this section, "county of domicile" means the county where the person has his or her true, fixed, and permanent home and principal residence and to which he or she has manifested the intention of returning whenever he or she is absent. For the purposes of determining the county of domicile, the court may consider information found on a California driver's license, California identification card, recent rent or utility receipt, printed personalized checks or other recent banking documents showing that person's name and address, or information contained in an arrest record, probation officer's report, trial transcript, or other court document. If no information can be identified or verified, the county of domicile of the individual shall be considered to be the county in which the person was arrested for the crime for which he or she was last incarcerated in the state prison or from which he or she was last returned from parole.

(2) In a case where the person committed a crime while being held for treatment in a state hospital, or while being confined in a state prison or local jail facility, the county wherein that facility was located shall not be considered the county of domicile unless the person resided in that county prior to being housed in the hospital, prison, or jail.

(c) For the purposes of this section, "extraordinary circumstances" means circumstances that would inordinately limit the department's ability to effect conditional release of the person in the county of domicile in accordance with Section 6608 or any other provision of this article,

and the procedures described in Sections 1605 to 1610, inclusive, of the Penal Code.

(d) The county of domicile shall designate a county agency or program that will provide assistance and consultation in the process of locating and securing housing within the county for persons committed as sexually violent predators who are about to be conditionally released under Section 6608. Upon notification by the department of a person's potential or expected conditional release under Section 6608, the county of domicile shall notify the department of the name of the designated agency or program, at least 60 days before the date of the potential or expected release.

(e) In recommending a specific placement for community outpatient treatment, the department or its designee shall consider all of the following:

(1) The concerns and proximity of the victim or the victim's next of kin.

(2) The age and profile of the victim or victims in the sexually violent offenses committed by the person subject to placement. For purposes of this subdivision, the "profile" of a victim includes, but is not limited to, gender, physical appearance, economic background, profession, and other social or personal characteristics.

SEC. 1.5. Section 6608.5 of the Welfare and Institutions Code is amended to read:

6608.5. (a) A person who is conditionally released pursuant to this article shall be placed in the county of the domicile of the person prior to the person's incarceration, unless the court finds that extraordinary circumstances require placement outside the county of domicile.

(b) (1) For the purposes of this section, "county of domicile" means the county where the person has his or her true, fixed, and permanent home and principal residence and to which he or she has manifested the intention of returning whenever he or she is absent. For the purposes of determining the county of domicile, the court may consider information found on a California driver's license, California identification card, recent rent or utility receipt, printed personalized checks or other recent banking documents showing that person's name and address, or information contained in an arrest record, probation officer's report, trial transcript, or other court document. If no information can be identified or verified, the county of domicile of the individual shall be considered to be the county in which the person was arrested for the crime for which he or she was last incarcerated in the state prison or from which he or she was last returned from parole.

(2) In a case where the person committed a crime while being held for treatment in a state hospital, or while being confined in a state prison

or local jail facility, the county wherein that facility was located shall not be considered the county of domicile unless the person resided in that county prior to being housed in the hospital, prison, or jail.

(c) For the purposes of this section, "extraordinary circumstances" means circumstances that would inordinately limit the department's ability to effect conditional release of the person in the county of domicile in accordance with Section 6608 or any other provision of this article, and the procedures described in Sections 1605 to 1610, inclusive, of the Penal Code.

(d) The county of domicile shall designate a county agency or program that will provide assistance and consultation in the process of locating and securing housing within the county for persons committed as sexually violent predators who are about to be conditionally released under Section 6608. Upon notification by the department of a person's potential or expected conditional release under Section 6608, the county of domicile shall notify the department of the name of the designated agency or program, at least 60 days before the date of the potential or expected release.

(e) In recommending a specific placement for community outpatient treatment, the department or its designee shall consider all of the following:

(1) The concerns and proximity of the victim or the victim's next of kin.

(2) The age and profile of the victim or victims in the sexually violent offenses committed by the person subject to placement. For purposes of this subdivision, the "profile" of a victim includes, but is not limited to, gender, physical appearance, economic background, profession, and other social or personal characteristics.

(f) Notwithstanding any other provision of law, a person released under this section shall not be placed within one-quarter mile of any public or private school providing instruction in kindergarten or any of grades 1 to 12, inclusive, if either of the following conditions exist:

(1) The person has previously been convicted of a violation of Section 288.5 of, or subdivision (a) or (b), or paragraph (1) of subdivision (c) of Section 288 of, the Penal Code.

(2) The court finds that the person has a history of improper sexual conduct with children.

SEC. 2. Section 1.5 of this bill incorporates amendments to Section 6608.5 of the Welfare and Institutions Code proposed by both this bill and SB 723. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2006, (2) each bill amends Section 6608.5 of the Welfare and Institutions Code, and (3) this bill is

enacted after SB 723, in which case Section 1 of this bill shall not become operative.

CHAPTER 163

An act to amend Section 11166.01 of the Penal Code, and to amend Section 15630 of the Welfare and Institutions Code, relating to abuse.

[Approved by Governor September 2, 2005. Filed with Secretary of State September 2, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 11166.01 of the Penal Code is amended to read:

11166.01. (a) Except as provided in subdivision (b), any supervisor or administrator who violates paragraph (1) of subdivision (h) of Section 11166 shall be punished by not more than six months in a county jail, by a fine of not more than one thousand dollars ($1,000), or by both that fine and imprisonment.

(b) Notwithstanding Section 11162, any mandated reporter who willfully fails to report abuse or neglect, or any person who impedes or inhibits a report of abuse or neglect, in violation of this article, where that abuse or neglect results in death or great bodily injury, shall be punished by not more than one year in a county jail, by a fine of not more than five thousand dollars ($5,000), or by both that fine and imprisonment.

SEC. 2. Section 15630 of the Welfare and Institutions Code is amended to read:

15630. (a) Any person who has assumed full or intermittent responsibility for the care or custody of an elder or dependent adult, whether or not he or she receives compensation, including administrators, supervisors, and any licensed staff of a public or private facility that provides care or services for elder or dependent adults, or any elder or dependent adult care custodian, health practitioner, clergy member, or employee of a county adult protective services agency or a local law enforcement agency, is a mandated reporter.

(b) (1) Any mandated reporter who, in his or her professional capacity, or within the scope of his or her employment, has observed or has knowledge of an incident that reasonably appears to be physical abuse, as defined in Section 15610.63 of the Welfare and Institutions Code, abandonment, abduction, isolation, financial abuse, or neglect, or

is told by an elder or dependent adult that he or she has experienced behavior, including an act or omission, constituting physical abuse, as defined in Section 15610.63 of the Welfare and Institutions Code, abandonment, abduction, isolation, financial abuse, or neglect, or reasonably suspects that abuse, shall report the known or suspected instance of abuse by telephone immediately or as soon as practicably possible, and by written report sent within two working days, as follows:

(A) If the abuse has occurred in a long-term care facility, except a state mental health hospital or a state developmental center, the report shall be made to the local ombudsperson or the local law enforcement agency.

Except in an emergency, the local ombudsperson and the local law enforcement agency shall, as soon as practicable, do all of the following:

(i) Report to the State Department of Health Services any case of known or suspected abuse occurring in a long-term health care facility, as defined in subdivision (a) of Section 1418 of the Health and Safety Code.

(ii) Report to the State Department of Social Services any case of known or suspected abuse occurring in a residential care facility for the elderly, as defined in Section 1569.2 of the Health and Safety Code, or in an adult day care facility, as defined in paragraph (2) of subdivision (a) of Section 1502.

(iii) Report to the State Department of Health Services and the California Department of Aging any case of known or suspected abuse occurring in an adult day health care center, as defined in subdivision (b) of Section 1570.7 of the Health and Safety Code.

(iv) Report to the Bureau of Medi-Cal Fraud and Elder Abuse any case of known or suspected criminal activity.

(B) If the suspected or alleged abuse occurred in a state mental hospital or a state developmental center, the report shall be made to designated investigators of the State Department of Mental Health or the State Department of Developmental Services, or to the local law enforcement agency.

Except in an emergency, the local law enforcement agency shall, as soon as practicable, report any case of known or suspected criminal activity to the Bureau of Medi-Cal Fraud and Elder Abuse.

(C) If the abuse has occurred any place other than one described in subparagraph (A), the report shall be made to the adult protective services agency or the local law enforcement agency.

(2) (A) A mandated reporter who is a clergy member who acquires knowledge or reasonable suspicion of elder or dependent adult abuse during a penitential communication is not subject to paragraph (1). For purposes of this subdivision, "penitential communication" means a

communication that is intended to be in confidence, including, but not limited to, a sacramental confession made to a clergy member who, in the course of the discipline or practice of his or her church, denomination, or organization is authorized or accustomed to hear those communications and under the discipline tenets, customs, or practices of his or her church, denomination, or organization, has a duty to keep those communications secret.

(B) Nothing in this subdivision shall be construed to modify or limit a clergy member's duty to report known or suspected elder and dependent adult abuse when he or she is acting in the capacity of a care custodian, health practitioner, or employee of an adult protective services agency.

(C) Notwithstanding any other provision in this section, a clergy member who is not regularly employed on either a full-time or part-time basis in a long-term care facility or does not have care or custody of an elder or dependent adult shall not be responsible for reporting abuse or neglect that is not reasonably observable or discernible to a reasonably prudent person having no specialized training or experience in elder or dependent care.

(3) (A) A mandated reporter who is a physician and surgeon, a registered nurse, or a psychotherapist, as defined in Section 1010 of the Evidence Code, shall not be required to report, pursuant to paragraph (1), an incident where all of the following conditions exist:

(i) The mandated reporter has been told by an elder or dependent adult that he or she has experienced behavior constituting physical abuse, as defined in Section 15610.63 of the Welfare and Institutions Code, abandonment, abduction, isolation, financial abuse, or neglect.

(ii) The mandated reporter is not aware of any independent evidence that corroborates the statement that the abuse has occurred.

(iii) The elder or dependent adult has been diagnosed with a mental illness or dementia, or is the subject of a court-ordered conservatorship because of a mental illness or dementia.

(iv) In the exercise of clinical judgment, the physician and surgeon, the registered nurse, or the psychotherapist, as defined in Section 1010 of the Evidence Code, reasonably believes that the abuse did not occur.

(B) This paragraph shall not be construed to impose upon mandated reporters a duty to investigate a known or suspected incident of abuse and shall not be construed to lessen or restrict any existing duty of mandated reporters.

(4) (A) In a long-term care facility, a mandated reporter shall not be required to report as a suspected incident of abuse, as defined in Section 15610.07, an incident where all of the following conditions exist:

(i) The mandated reporter is aware that there is a proper plan of care.

(ii) The mandated reporter is aware that the plan of care was properly provided or executed.

(iii) A physical, mental, or medical injury occurred as a result of care provided pursuant to clause (i) or (ii).

(iv) The mandated reporter reasonably believes that the injury was not the result of abuse.

(B) This paragraph shall not be construed to require a mandated reporter to seek, nor to preclude a mandated reporter from seeking, information regarding a known or suspected incident of abuse prior to reporting. This paragraph shall apply only to those categories of mandated reporters that the State Department of Health Services determines, upon approval by the Bureau of Medi-Cal Fraud and Elder Abuse and the state long-term care ombudsperson, have access to plans of care and have the training and experience necessary to determine whether the conditions specified in this section have been met.

(c) (1) Any mandated reporter who has knowledge, or reasonably suspects, that types of elder or dependent adult abuse for which reports are not mandated have been inflicted upon an elder or dependent adult, or that his or her emotional well-being is endangered in any other way, may report the known or suspected instance of abuse.

(2) If the suspected or alleged abuse occurred in a long-term care facility other than a state mental health hospital or a state developmental center, the report may be made to the long-term care ombudsperson program. Except in an emergency, the local ombudsperson shall report any case of known or suspected abuse to the State Department of Health Services and any case of known or suspected criminal activity to the Bureau of Medi-Cal Fraud and Elder Abuse, as soon as is practicable.

(3) If the suspected or alleged abuse occurred in a state mental health hospital or a state developmental center, the report may be made to the designated investigator of the State Department of Mental Health or the State Department of Developmental Services or to a local law enforcement agency or to the local ombudsperson. Except in an emergency, the local ombudsperson and the local law enforcement agency shall report any case of known or suspected criminal activity to the Bureau of Medi-Cal Fraud and Elder Abuse, as soon as is practicable.

(4) If the suspected or alleged abuse occurred in a place other than a place described in paragraph (2) or (3), the report may be made to the county adult protective services agency.

(5) If the conduct involves criminal activity not covered in subdivision (b), it may be immediately reported to the appropriate law enforcement agency.

(d) When two or more mandated reporters are present and jointly have knowledge or reasonably suspect that types of abuse of an elder or

a dependent adult for which a report is or is not mandated have occurred, and when there is agreement among them, the telephone report may be made by a member of the team selected by mutual agreement, and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report.

(e) A telephone report of a known or suspected instance of elder or dependent adult abuse shall include, if known, the name of the person making the report, the name and age of the elder or dependent adult, the present location of the elder or dependent adult, the names and addresses of family members or any other adult responsible for the elder's or dependent adult's care, the nature and extent of the elder's or dependent adult's condition, the date of the incident, and any other information, including information that led that person to suspect elder or dependent adult abuse, as requested by the agency receiving the report.

(f) The reporting duties under this section are individual, and no supervisor or administrator shall impede or inhibit the reporting duties, and no person making the report shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting, ensure confidentiality, and apprise supervisors and administrators of reports may be established, provided they are not inconsistent with this chapter.

(g) (1) Whenever this section requires a county adult protective services agency to report to a law enforcement agency, the law enforcement agency shall, immediately upon request, provide a copy of its investigative report concerning the reported matter to that county adult protective services agency.

(2) Whenever this section requires a law enforcement agency to report to a county adult protective services agency, the county adult protective services agency shall, immediately upon request, provide to that law enforcement agency a copy of its investigative report concerning the reported matter.

(3) The requirement to disclose investigative reports pursuant to this subdivision shall not include the disclosure of social services records or case files that are confidential, nor shall this subdivision be construed to allow disclosure of any reports or records if the disclosure would be prohibited by any other provision of state or federal law.

(h) Failure to report, or impeding or inhibiting a report of, physical abuse, as defined in Section 15610.63 of the Welfare and Institutions Code, abandonment, abduction, isolation, financial abuse, or neglect of an elder or dependent adult, in violation of this section, is a misdemeanor, punishable by not more than six months in the county jail, by a fine of not more than one thousand dollars ($1,000), or by both that fine and

imprisonment. Any mandated reporter who willfully fails to report, or impedes or inhibits a report of, physical abuse, as defined in Section 15610.63 of the Welfare and Institutions Code, abandonment, abduction, isolation, financial abuse, or neglect of an elder or dependent adult, in violation of this section, where that abuse results in death or great bodily injury, shall be punished by not more than one year in a county jail, by a fine of not more than five thousand dollars ($5,000), or by both that fine and imprisonment. If a mandated reporter intentionally conceals his or her failure to report an incident known by the mandated reporter to be abuse or severe neglect under this section, the failure to report is a continuing offense until a law enforcement agency specified in paragraph (1) of subdivision (b) of Section 15630 of the Welfare and Institutions Code discovers the offense.

(i) For purposes of this section, "dependent adult" shall have the same meaning as in Section 15610.23.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 164

An act to amend Section 11837 of the Health and Safety Code, and to amend Sections 23538 and 23556 of the Vehicle Code, relating to driving under the influence.

[Approved by Governor September 2, 2005. Filed with Secretary of State September 2, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) Driving under the influence (DUI) of alcohol or drugs or both continues to be a significant threat to the public health and safety.

(b) Despite significant progress and declining rates of DUI in the last two decades, fatalities associated with this conduct have increased for the past several years.

(c) Two hundred thirty-six more people died from DUI conduct in 2001 than in 1998.

(d) Nearly 180,000 people were arrested for DUI offenses in 2001, of which 45,000, or 25 percent, were repeat offenders.

(e) According to the National Highway Transportation Safety Administration, during 2003, 17,013 people died in alcohol-related motor vehicle crashes. This equates to 40 percent of all traffic-related deaths.

(f) According to the Department of Motor Vehicles, the number of drunken driving deaths in California has increased more than 50 percent in the past five years.

SEC. 2. Section 11837 of the Health and Safety Code, as amended by Section 1 of Chapter 551 of the Statutes of 2004, is amended to read:

11837. (a) Pursuant to the provisions of law relating to suspension of a person's privilege to operate a motor vehicle upon conviction for driving while under the influence of any alcoholic beverage or drug, or under the combined influence of any alcoholic beverage and any drug, as set forth in paragraph (3) of subdivision (a) of Section 13352 of the Vehicle Code, the Department of Motor Vehicles shall restrict the driving privilege pursuant to Section 13352.5 of the Vehicle Code, if the person convicted of that offense participates for at least 18 months in a driving-under-the-influence program that is licensed pursuant to this chapter.

(b) In determining whether to refer a person, who is ordered to participate in a program pursuant to Section 668 of the Harbors and Navigation Code, in a licensed alcohol and other drug education and counseling services program pursuant to Section 23538 of the Vehicle Code, or, pursuant to Section 23542, 23548, 23552, 23556, 23562, or 23568 of the Vehicle Code, in a licensed 18-month or 30-month program, the court may consider any relevant information about the person made available pursuant to a presentence investigation, that is permitted but not required under Section 23655 of the Vehicle Code, or other screening procedure. That information shall not be furnished, however, by any person who also provides services in a privately operated, licensed program or who has any direct interest in a privately operated, licensed program. In addition, the court shall obtain from the Department of Motor Vehicles a copy of the person's driving record to determine whether the person is eligible to participate in a licensed 18-month or 30-month program pursuant to this chapter. When preparing a presentence report for the court, the probation department may consider the suitability of placing the defendant in a treatment program that includes the administration of nonscheduled nonaddicting medications to ameliorate an alcohol or controlled substance problem. If the probation department recommends that this type of program is a suitable option for the

defendant, the defendant who would like the court to consider this option shall obtain from his or her physician a prescription for the medication, and a finding that the treatment is medically suitable for the defendant, prior to consideration of this alternative by the court.

(c) (1) The court shall, as a condition of probation pursuant to Section 23538 or 23556 of the Vehicle Code, refer a first offender whose concentration of alcohol in his or her blood was less than 0.20 percent, by weight, to participate for at least three months or longer, as ordered by the court, in a licensed program that consists of at least 30 hours of program activities, including those education, group counseling, and individual interview sessions described in this chapter.

(2) Notwithstanding any other provision of law, in granting probation to a first offender described in this subdivision whose concentration of alcohol in the person's blood was 0.20 percent or more, by weight, or the person refused to take a chemical test, the court shall order the person to participate, for at least nine months or longer, as ordered by the court, in a licensed program that consists of at least 60 hours of program activities, including those education, group counseling, and individual interview sessions described in this chapter.

(d) (1) The State Department of Alcohol and Drug Programs shall specify in regulations the activities required to be provided in the treatment of participants receiving nine months of licensed program services under Section 23538 or 23556 of the Vehicle Code.

(2) Any program licensed pursuant to this chapter may provide treatment services to participants receiving at least six months of licensed program services under Section 23538 or 23556 of the Vehicle Code.

(e) The court may, subject to Section 11837.2, and as a condition of probation, refer a person to a licensed program, even though the person's privilege to operate a motor vehicle is restricted, suspended, or revoked. An 18-month program described in Section 23542 or 23562 of the Vehicle Code or a 30-month program described in Section 23548, 23552, or 23568 of the Vehicle Code may include treatment of family members and significant other persons related to the convicted person with the consent of those family members and others as described in this chapter, if there is no increase in the costs of the program to the convicted person.

(f) The clerk of the court shall indicate the duration of the program in which the judge has ordered the person to participate in the abstract of the record of the court that is forwarded to the department.

(g) This section shall become operative on September 20, 2005.

SEC. 3. Section 23538 of the Vehicle Code, as added by Chapter 551 of the Statutes of 2004, is amended to read:

23538. (a) (1) If the court grants probation to person punished under Section 23536, in addition to the provisions of Section 23600 and any

other terms and conditions imposed by the court, the court shall impose as a condition of probation that the person pay a fine of at least three hundred ninety dollars ($390), but not more than one thousand dollars ($1,000). The court may also impose, as a condition of probation, that the person be confined in a county jail for at least 48 hours, but not more than six months.

(2) The person's privilege to operate a motor vehicle shall be suspended by the department under paragraph (1) of subdivision (a) of Section 13352. The court shall require the person to surrender the driver's license to the court in accordance with Section 13550.

(3) Whenever, when considering the circumstances taken as a whole, the court determines that the person punished under this section would present a traffic safety or public safety risk if authorized to operate a motor vehicle during the period of suspension imposed under paragraph (1) of subdivision (a) of Section 13352, the court may disallow the issuance of a restricted driver's license required under Section 13352.4.

(b) In any county where the board of supervisors has approved, and the State Department of Alcohol and Drug Programs has licensed, a program or programs described in Section 11837.3 of the Health and Safety Code, the court shall also impose as a condition of probation that the driver shall enroll and participate in, and successfully complete a driving-under-the-influence program, licensed pursuant to Section 11836 of the Health and Safety Code, in the driver's county of residence or employment, as designated by the court. (3) The court shall advise the person at the time of sentencing that the driving privilege shall not be restored until proof satisfactory to the department of successful completion of a driving-under-the-influence program of the length required under this code that is licensed pursuant to Section 11836 of the Health and Safety Code has been received in the department's headquarters.

(c) (1) The court shall revoke the person's probation pursuant to Section 23602, except for good cause shown, for the failure to enroll in, participate in, or complete a program specified in subdivision (b).

(2) The court, in establishing reporting requirements, shall consult with the county alcohol program administrator. The county alcohol program administrator shall coordinate the reporting requirements with the department and with the State Department of Alcohol and Drug Programs. That reporting shall ensure that all persons who, after being ordered to attend and complete a program, may be identified for either (A) failure to enroll in, or failure to successfully complete, the program, or (B) successful completion of the program as ordered.

(d) This section shall become operative on September 20, 2005.

(2) The person's privilege to operate a motor vehicle shall be suspended by the department under paragraph (2) of subdivision (a) of Section 13352. The court shall require the person to surrender the driver's license to the court in accordance with Section 13550.

(b) (1) In a county where the county alcohol program administrator has certified, and the board of supervisors has approved, a program or programs, the court shall also impose as a condition of probation that the driver shall participate in, and successfully complete, an alcohol and other drug education and counseling program, established pursuant to Section 11837.3 of the Health and Safety Code, as designated by the court.

(2) In any county where the board of supervisors has approved and the State Department of Alcohol and Drug Programs has licensed an alcohol and other drug education and counseling program, the court shall also impose as a condition of probation that the driver enroll in, participate in, and successfully complete, a driving-under-the-influence

program licensed pursuant to Section 11836 of the Health and Safety Code, in the driver's county of residence or employment, as designated by the court. (d) The court shall advise the person at the time of sentencing that the driving privilege shall not be restored until the person has provided proof satisfactory to the department of successful completion of a driving-under-the-influence program of the length required under this code that is licensed pursuant to Section 11836 of the Health and Safety Code.

All samples immediately become and remain the property of the board. The board shall adopt regulations to ensure the security of obtaining and testing of all samples.

(d) The executive director shall report to the board a finding of a prohibited drug substance in an official test sample within 24 hours of the confirmation of that prohibited drug substance in the split sample by the independent laboratory, or within 24 hours of waiver of split sample testing by the owner or trainer. Any recommendation to the board by

the executive director to dismiss the matter shall be by mutual agreement with the equine medical director. The authority for the disposition of the matter shall be the responsibility of the board.

Notwithstanding any other provision of law, and except as provided in subdivision (a), the results of the tests from the official testing laboratory, the Kenneth L. Maddy Equine Analytical Chemistry Laboratory and the independent laboratory shall be confidential until or unless the board files an official complaint.

(f) If the owner or trainer does not request that the split sample be tested within the time limits set by the board, the owner and trainer waive all rights to that sample and the board assumes all jurisdiction over the split sample.

(g) The board shall contract with the Regents of the University of California to be the primary drug testing laboratory performing the equine drug testing required by this section.

CHAPTER 189

An act to amend Section 99 of the Revenue and Taxation Code, relating to local agencies.

[Approved by Governor September 6, 2005. Filed with Secretary of State September 6, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 99 of the Revenue and Taxation Code is amended to read:

99. (a) For the purposes of the computations required by this chapter:

(1) In the case of a jurisdictional change, other than a city incorporation or a formation of a district as defined in Section 2215, the auditor shall adjust the allocation of property tax revenue determined pursuant to Section 96 or 96.1, or the annual tax increment determined pursuant to Section 96.5, for local agencies whose service area or service responsibility would be altered by the jurisdictional change, as determined pursuant to subdivision (b) or (c).

(2) In the case of a city incorporation, the auditor shall assign the allocation of property tax revenues determined pursuant to Section 56810 of the Government Code and the adjustments in tax revenues that may occur pursuant to Section 56815 of the Government Code to the newly formed city or district and shall make the adjustment as determined by Section 56810 in the allocation of property tax revenue determined pursuant to Section 96 or 96.1 for each local agency whose service area or service responsibilities would be altered by the incorporation.

(3) In the case of a formation of a district as defined in Section 2215, the auditor shall assign the allocation of property tax revenues determined pursuant to Section 56810 of the Government Code to the district and shall make the adjustment as determined by Section 56810 in the allocation of property tax revenue determined pursuant to Section 96 or 96.1 for each local agency whose service area or service responsibilities would be altered by the formation.

(b) Upon the filing of an application or a resolution pursuant to the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 (Division 3 (commencing with Section 56000) of Title 5 of the Government Code), but prior to the issuance of a certificate of filing,

the executive officer shall give notice of the filing to the assessor and auditor of each county within which the territory subject to the jurisdictional change is located. This notice shall specify each local agency whose service area or responsibility will be altered by the jurisdictional change.

(1) (A) The county assessor shall provide to the county auditor, within 30 days of the notice of filing, a report which identifies the assessed valuations for the territory subject to the jurisdictional change and the tax rate area or areas in which the territory exists.

(B) The auditor shall estimate the amount of property tax revenue generated within the territory that is the subject of the jurisdictional change during the current fiscal year.

(2) The auditor shall estimate what proportion of the property tax revenue determined pursuant to paragraph (1) is attributable to each local agency pursuant to Section 96.1 and Section 96.5.

(3) Within 45 days of notice of the filing of an application or resolution, the auditor shall notify the governing body of each local agency whose service area or service responsibility will be altered by the amount of, and allocation factors with respect to, property tax revenue estimated pursuant to paragraph (2) that is subject to a negotiated exchange.

(4) Upon receipt of the estimates pursuant to paragraph (3) the local agencies shall commence negotiations to determine the amount of property tax revenues to be exchanged between and among the local agencies. This negotiation period shall not exceed 60 days.

The exchange may be limited to an exchange of property tax revenues from the annual tax increment generated in the area subject to the jurisdictional change and attributable to the local agencies whose service area or service responsibilities will be altered by the proposed jurisdictional change. The final exchange resolution shall specify how the annual tax increment shall be allocated in future years.

(5) In the event that a jurisdictional change would affect the service area or service responsibility of one or more special districts, the board of supervisors of the county or counties in which the districts are located shall, on behalf of the district or districts, negotiate any exchange of property tax revenues. Prior to entering into negotiation on behalf of a district for the exchange of property tax revenue, the board shall consult with the affected district. The consultation shall include, at a minimum, notification to each member and executive officer of the district board of the pending consultation and provision of adequate opportunity to comment on the negotiation.

(6) Notwithstanding any other provision of law, the executive officer shall not issue a certificate of filing pursuant to Section 56658 of the

Government Code until the local agencies included in the property tax revenue exchange negotiation, within the 60-day negotiation period, present resolutions adopted by each such county and city whereby each county and city agrees to accept the exchange of property tax revenues.

(7) In the event that the commission modifies the proposal or its resolution of determination, any local agency whose service area or service responsibility would be altered by the proposed jurisdictional change may request, and the executive officer shall grant, 15 days for the affected agencies, pursuant to paragraph (4) to renegotiate an exchange of property tax revenues. Notwithstanding the time period specified in paragraph (4), if the resolutions required pursuant to paragraph (6) are not presented to the executive officer within the 15-day period, all proceedings of the jurisdictional change shall automatically be terminated.

(8) In the case of a jurisdictional change that consists of a city's qualified annexation of unincorporated territory, an exchange of property tax revenues between the city and the county shall be determined in accordance with subdivision (e) if that exchange of revenues is not otherwise determined pursuant to either of the following:

(A) Negotiations completed within the applicable period or periods as prescribed by this subdivision.

(B) A master property tax exchange agreement among those local agencies, as described in subdivision (d).

For purposes of this paragraph, a qualified annexation of unincorporated territory means an annexation, as so described, for which an application or a resolution was filed on or after January 1, 1998, and on or before January 1, 2010.

(9) No later than the date on which the certificate of completion of the jurisdictional change is recorded with the county recorder, the executive officer shall notify the auditor or auditors of the exchange of property tax revenues and the auditor or auditors shall make the appropriate adjustments as provided in subdivision (a).

(c) Whenever a jurisdictional change is not required to be reviewed and approved by a local agency formation commission, the local agencies whose service area or service responsibilities would be altered by the proposed change, shall give notice to the State Board of Equalization and the assessor and auditor of each county within which the territory subject to the jurisdictional change is located. This notice shall specify each local agency whose service area or responsibility will be altered by the jurisdictional change and request the auditor and assessor to make the determinations required pursuant to paragraphs (1) and (2) of subdivision (b). Upon notification by the auditor of the amount of, and allocation factors with respect to, property tax subject to exchange, the

local agencies, pursuant to the provisions of paragraphs (4) and (6) of subdivision (b), shall determine the amount of property tax revenues to be exchanged between and among the local agencies. Notwithstanding any other provision of law, no such jurisdictional change shall become effective until each county and city included in these negotiations agrees, by resolution, to accept the negotiated exchange of property tax revenues. The exchange may be limited to an exchange of property tax revenue from the annual tax increment generated in the area subject to the jurisdictional change and attributable to the local agencies whose service area or service responsibilities will be altered by the proposed jurisdictional change. The final exchange resolution shall specify how the annual tax increment shall be allocated in future years. Upon the adoption of the resolutions required pursuant to this section, the adopting agencies shall notify the auditor who shall make the appropriate adjustments as provided in subdivision (a). Adjustments in property tax allocations made as the result of a city or library district withdrawing from a county free library system pursuant to Section 19116 of the Education Code shall be made pursuant to Section 19116 of the Education Code, and this subdivision shall not apply.

(d) With respect to adjustments in the allocation of property taxes pursuant to this section, a county and any local agency or agencies within the county may develop and adopt a master property tax transfer agreement. The agreement may be revised from time to time by the parties subject to the agreement.

(e) (1) An exchange of property tax revenues that is required by paragraph (8) of subdivision (b) to be determined pursuant to this subdivision shall be determined in accordance with all of the following:

(A) The city and the county shall mutually select a third-party consultant to perform a comprehensive, independent fiscal analysis, funded in equal portions by the city and the county, that specifies estimates of all tax revenues that will be derived from the annexed territory and the costs of city and county services with respect to the annexed territory. The analysis shall be completed within a period not to exceed 30 days, and shall be based upon the general plan or adopted plans and policies of the annexing city and the intended uses for the annexed territory. If, upon the completion of the analysis period, no exchange of property tax revenues is agreed upon by the city and the county, subparagraph (B) shall apply.

(B) The city and the county shall mutually select a mediator, funded in equal portions by those agencies, to perform mediation for a period of not to exceed 30 days. If, upon the completion of the mediation period, no exchange of property tax revenues is agreed upon by the city and the county, subparagraph (C) shall apply.

(C) The city and the county shall mutually select an arbitrator, funded in equal portions by those agencies, to conduct an advisory arbitration with the city and the county for a period of not to exceed 30 days. At the conclusion of this arbitration period, the city and the county shall each present to the arbitrator its last and best offer with respect to the exchange of property tax revenues. The arbitrator shall select one of the offers and recommend that offer to the governing bodies of the city and the county. If the governing body of the city or the county rejects the recommended offer, it shall do so during a public hearing, and shall, at the conclusion of that hearing, make written findings of fact as to why the recommended offer was not accepted.

(2) Proceedings under this subdivision shall be concluded no more than 150 days after the auditor provides the notification pursuant to paragraph (3) of subdivision (b), unless one of the periods specified in this subdivision is extended by the mutual agreement of the city and the county. Notwithstanding any other provision of law, except for those conditions that are necessary to implement an exchange of property tax revenues determined pursuant to this subdivision, the local agency formation commission shall not impose any fiscal conditions upon a city's qualified annexation of unincorporated territory that is subject to this subdivision.

(f) Except as otherwise provided in subdivision (g), for the purpose of determining the amount of property tax to be allocated in the 1979–80 fiscal year and each fiscal year thereafter for those local agencies that were affected by a jurisdictional change which was filed with the State Board of Equalization after January 1, 1978, but on or before January 1, 1979. The local agencies shall determine by resolution the amount of property tax revenues to be exchanged between and among the affected agencies and notify the auditor of the determination.

(g) For the purpose of determining the amount of property tax to be allocated in the 1979–80 fiscal year and each fiscal year thereafter, for a city incorporation that was filed pursuant to Sections 54900 to 54904 after January 1, 1978, but on or before January 1, 1979, the amount of property tax revenue considered to have been received by the jurisdiction for the 1978–79 fiscal year shall be equal to two-thirds of the amount of property tax revenue projected in the final local agency formation commission staff report pertaining to the incorporation multiplied by the proportion that the total amount of property tax revenue received by all jurisdictions within the county for the 1978–79 fiscal year bears to the total amount of property tax revenue received by all jurisdictions within the county for the 1977–78 fiscal year. Except, however, in the event that the final commission report did not specify the amount of property tax revenue projected for that incorporation, the commission

shall by October 10, determine pursuant to Section 54790.3 of the Government Code the amount of property tax to be transferred to the city.

The provisions of this subdivision shall also apply to the allocation of property taxes for the 1980–81 fiscal year and each fiscal year thereafter for incorporations approved by the voters in June 1979.

(h) For the purpose of the computations made pursuant to this section, in the case of a district formation that was filed pursuant to Sections 54900 to 54904, inclusive, of the Government Code after January 1, 1978, but before January 1, 1979, the amount of property tax to be allocated to the district for the 1979–80 fiscal year and each fiscal year thereafter shall be determined pursuant to Section 54790.3 of the Government Code.

(i) For the purposes of the computations required by this chapter, in the case of a jurisdictional change, other than a change requiring an adjustment by the auditor pursuant to subdivision (a), the auditor shall adjust the allocation of property tax revenue determined pursuant to Section 96 or 96.1 or its predecessor section, or the annual tax increment determined pursuant to Section 96.5 or its predecessor section, for each local school district, community college district, or county superintendent of schools whose service area or service responsibility would be altered by the jurisdictional change, as determined as follows:

(1) The governing body of each district, county superintendent of schools, or county whose service areas or service responsibilities would be altered by the change shall determine the amount of property tax revenues to be exchanged between and among the affected jurisdictions. This determination shall be adopted by each affected jurisdiction by resolution. For the purpose of negotiation, the county auditor shall furnish the parties and the county board of education with an estimate of the property tax revenue subject to negotiation.

(2) In the event that the affected jurisdictions are unable to agree, within 60 days after the effective date of the jurisdictional change, and if all the jurisdictions are wholly within one county, the county board of education shall, by resolution, determine the amount of property tax revenue to be exchanged. If the jurisdictions are in more than one county, the State Board of Education shall, by resolution, within 60 days after the effective date of the jurisdictional change, determine the amount of property tax to be exchanged.

(3) Upon adoption of any resolution pursuant to this subdivision, the adopting jurisdictions or State Board of Education shall notify the county auditor who shall make the appropriate adjustments as provided in subdivision (a).

(j) For purposes of subdivision (i), the annexation by a community college district of territory within a county not previously served by a community college district is an alteration of service area. The community college district and the county shall negotiate the amount, if any, of property tax revenues to be exchanged. In these negotiations, there shall be taken into consideration the amount of revenue received from the timber yield tax and forest reserve receipts by the community college district in the area not previously served. In no event shall the property tax revenue to be exchanged exceed the amount of property tax revenue collected prior to the annexation for the purposes of paying tuition expenses of residents enrolled in the community college district, adjusted each year by the percentage change in population and the percentage change in the cost of living, or per capita personal income, whichever is lower, less the amount of revenue received by the community college district in the annexed area from the timber yield tax and forest reserve receipts.

(k) At any time after a jurisdictional change is effective, any of the local agencies party to the agreement to exchange property tax revenue may renegotiate the agreement with respect to the current fiscal year or subsequent fiscal years, subject to approval by all local agencies affected by the renegotiation.

[Approved by Governor September 6, 2005. Filed with Secretary of State September 6, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 94110 of the Education Code is amended to read:

The authority may determine any additional qualifications of a participating nonprofit entity through regulations or guidelines.

(h) "Participating private college" or "participating college" means a private college that neither restricts entry on racial or religious grounds nor requires all students gaining admission to receive instruction in the tenets of a particular faith, and that, pursuant to this chapter, participates with the authority in undertaking the financing and construction or acquisition of a project.

(IV) Require that all contracts for construction and renovation of the proposed project shall be subject to, and comply with the provisions referenced in, Section 10128 of the Public Contract Code.

(ii) For the purposes of this subparagraph, the authority shall, through regulation or rule, define "student" and "faculty," taking into consideration enrollment status requirements and employment status requirements. SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure interest-rate savings for entities affected by this act, it is imperative that it take effect immediately.

CHAPTER 193

An act to amend Section 73 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 6, 2005. Filed with Secretary of State September 6, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 73 of the Revenue and Taxation Code is amended to read:

73. (a) Pursuant to the authority granted to the Legislature pursuant to paragraph (1) of subdivision (c) of Section 2 of Article XIII A of the California Constitution, the term "newly constructed," as used in subdivision (a) of Section 2 of Article XIII A of the California Constitution, does not include the construction or addition of any active solar energy system, as defined in subdivision (b).

(b) (1) "Active solar energy system" means a system that uses solar devices, which are thermally isolated from living space or any other area where the energy is used, to provide for the collection, storage, or distribution of solar energy.

(2) "Active solar energy system" does not include solar swimming pool heaters or hot tub heaters.

(3) Active solar energy systems may be used for any of the following:

(A) Domestic, recreational, therapeutic, or service water heating.

(B) Space conditioning.

(C) Production of electricity.

(D) Process heat.

(E) Solar mechanical energy.

(c) (1) (A) The Legislature finds and declares that the definition of spare parts in this paragraph is declarative of the intent of the Legislature, in prior statutory enactments of this section that excluded active solar energy systems from the term "newly constructed," as used in the California Constitution, thereby creating a tax appraisal exclusion.

(B) An active solar energy system that uses solar energy in the production of electricity includes storage devices, power conditioning equipment, transfer equipment, and parts related to the functioning of those items. In general, the use of solar energy in the production of electricity involves the transformation of sunlight into electricity through the use of devices such as solar cells or other collectors. However, an active solar energy system used in the production of electricity includes only equipment used up to, but not including, the stage of the transmission or use of the electricity. For the purpose of this paragraph, the term "parts" includes spare parts that are owned by the owner of, or the maintenance contractor for, an active solar energy system that uses solar energy in the production of electricity and which spare parts were specifically purchased, designed, or fabricated by or for that owner or maintenance contractor for installation in an active solar energy system that uses solar energy in the production of electricity, thereby including those parts in the tax appraisal exclusion created by this section.

(2) An active solar energy system that uses solar energy in the production of electricity also includes pipes and ducts that are used exclusively to carry energy derived from solar energy. Pipes and ducts that are used to carry both energy derived from solar energy and from energy derived from other sources are active solar energy system property only to the extent of 75 percent of their full cash value.

(3) An active solar energy system that uses solar energy in the production of electricity does not include auxiliary equipment, such as furnaces and hot water heaters, that use a source of power other than solar energy to provide usable energy. An active solar energy system that uses solar energy in the production of electricity does include equipment, such as ducts and hot water tanks, that is utilized by both auxiliary equipment and solar energy equipment, that is, dual use equipment. That equipment is active solar energy system property only to the extent of 75 percent of its full cash value.

(d) This section applies to property tax lien dates for the 1999–2000 fiscal year to the 2008–09 fiscal year, inclusive. For purposes of supplemental assessment, this section applies only to qualifying construction or additions completed on or after January 1, 1999.

(e) This section shall remain in effect only until January 1, 2010, and as of that date is repealed.

SEC. 2. Notwithstanding Section 2229 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any property tax revenues lost by it pursuant to this act.

SEC. 3. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 194

(a) To have and use a corporate seal and alter it at its pleasure.

(b) To sue and be sued in all courts and places and in all actions and proceedings whatever.

(c) To purchase, receive, have, take, hold, lease, use, and enjoy property of every kind and description within and without the limits of the district, and to control, dispose of, convey, and encumber the same and create a leasehold interest in the same for the benefit of the district.

(d) To exercise the right of eminent domain for the purpose of acquiring real or personal property of every kind necessary to the exercise of any of the powers of the district.

(e) To establish one or more trusts for the benefit of the district, to administer any trust declared or created for the benefit of the district, to designate one or more trustees for trusts created by the district, to receive by gift, devise, or bequest, and hold in trust or otherwise, property, including corporate securities of all kinds, situated in this state or elsewhere, and where not otherwise provided, dispose of the same for the benefit of the district.

(f) To employ legal counsel to advise the board of directors in all matters pertaining to the business of the district, to perform the functions in respect to the legal affairs of the district as the board may direct, and to call upon the district attorney of the county in which the greater part of the land in the district is situated for legal advice and assistance in all matters concerning the district, except that if that county has a county counsel, the directors may call upon the county counsel for legal advice and assistance.

(g) To employ any officers and employees, including architects and consultants, the board of directors deems necessary to carry on properly the business of the district.

(h) To prescribe the duties and powers of the health care facility administrator, secretary, and other officers and employees of any health care facilities of the district, to establish offices as may be appropriate and to appoint board members or employees to those offices, and to determine the number of, and appoint, all officers and employees and to fix their compensation. The officers and employees shall hold their offices or positions at the pleasure of the boards of directors.

(i) To do any and all things that an individual might do that are necessary for, and to the advantage of, a health care facility and a nurses'

training school, or a child care facility for the benefit of employees of the health care facility or residents of the district.

(j) To establish, maintain, and operate, or provide assistance in the operation of, one or more health facilities or health services, including, but not limited to, outpatient programs, services, and facilities; retirement programs, services, and facilities; chemical dependency programs, services, and facilities; or other health care programs, services, and facilities and activities at any location within or without the district for the benefit of the district and the people served by the district.

"Health care facilities," as used in this subdivision, means those facilities defined in subdivision (b) of Section 32000.1 and specifically includes freestanding chemical dependency recovery units. "Health facilities," as used in this subdivision, may also include those facilities defined in subdivision (d) of Section 15432 of the Government Code.

(k) To do any and all other acts and things necessary to carry out this division.

(*l*) To acquire, maintain, and operate ambulances or ambulance services within and without the district.

(m) To establish, maintain, and operate, or provide assistance in the operation of, free clinics, diagnostic and testing centers, health education programs, wellness and prevention programs, rehabilitation, aftercare, and any other health care services provider, groups, and organizations that are necessary for the maintenance of good physical and mental health in the communities served by the district.

(n) To establish and operate in cooperation with its medical staff a coinsurance plan between the hospital district and the members of its attending medical staff.

(o) To establish, maintain, and carry on its activities through one or more corporations, joint ventures, or partnerships for the benefit of the health care district.

(p) (1) To transfer, at fair market value, any part of its assets to one or more corporations to operate and maintain the assets. A transfer pursuant to this paragraph shall be deemed to be at fair market value if an independent consultant, with expertise in methods of appraisal and valuation and in accordance with applicable governmental and industry standards for appraisal and valuation, determines that fair and reasonable consideration is to be received by the district for the transferred district assets. Before the district transfers, pursuant to this paragraph, 50 percent or more of the district's assets to one or more corporations, in sum or by increment, the elected board shall, by resolution, submit to the voters of the district a measure proposing the transfer. The measure shall be placed on the ballot of a special election held upon the request of the district or the ballot of the next regularly scheduled election occurring

at least 88 days after the resolution of the board. If a majority of the voters voting on the measure vote in its favor, the transfer shall be approved. The campaign disclosure requirements applicable to local measures provided under Chapter 4 (commencing with Section 84100) of Title 9 of the Government Code shall apply to this election.

(2) To transfer, for the benefit of the communities served by the district, in the absence of adequate consideration, any part of the assets of the district, including, without limitation, real property, equipment, and other fixed assets, current assets, and cash, relating to the operation of the district's health care facilities to one or more nonprofit corporations to operate and maintain the assets.

(A) A transfer of 50 percent or more of the district's assets, in sum or by increment, pursuant to this paragraph shall be deemed to be for the benefit of the communities served by the district only if all of the following occur:

(i) The transfer agreement and all arrangements necessary thereto are fully discussed in advance of the district board decision to transfer the assets of the district in at least five properly noticed open and public meetings in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

(iii) The transfer agreement provides that all assets transferred to the nonprofit corporation, and all assets accumulated by the corporation during the term of the transfer agreement arising out of, or from, the operation of the transferred assets, are to be transferred back to the district upon termination of the transfer agreement, including any extension of the transfer agreement.

(iv) The transfer agreement commits the nonprofit corporation to operate and maintain the district's health care facilities and its assets for the benefit of the communities served by the district.

(v) The transfer agreement requires that any funds received from the district at the outset of the agreement or any time thereafter during the term of the agreement be used only to reduce district indebtedness, to acquire needed equipment for the district health care facilities, to operate, maintain, and make needed capital improvements to the district's health care facilities, to provide supplemental health care services or facilities for the communities served by the district, or to conduct other activities that would further a valid public purpose if undertaken directly by the district.

(B) A transfer of 10 percent or more but less than 50 percent of the district's assets, in sum or by increment, pursuant to this paragraph shall be deemed to be for the benefit of the communities served by the district only if both of the following occur:

(i) The transfer agreement and all arrangements necessary thereto are fully discussed in advance of the district board decision to transfer the assets of the district in at least two properly noticed open and public meetings in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

(ii) The transfer agreement meets all of the requirements of clauses (iii) to (v), inclusive, of subparagraph (A).

(C) Before the district transfers, pursuant to this paragraph, 50 percent or more of the district's assets to one or more nonprofit corporations, in sum or by increment, the elected board shall, by resolution, submit to the voters of the district a measure proposing the transfer. The measure shall be placed on the ballot of a special election held upon the request of the district or the ballot of the next regularly scheduled election occurring at least 88 days after the resolution of the board. If a majority of the voters voting on the measure vote in its favor, the transfer shall be approved. The campaign disclosure requirements applicable to local measures provided under Chapter 4 (commencing with Section 84100) of Title 9 of the Government Code shall apply to this election.

(D) Notwithstanding the other provisions of this paragraph, a hospital district shall not transfer any portion of its assets to a private nonprofit organization that is owned or controlled by a religious creed, church, or sectarian denomination in the absence of adequate consideration.

(3) If the district board has previously transferred less than 50 percent of the district's assets pursuant to this subdivision, before any additional assets are transferred, the board shall hold a public hearing and shall make a public determination that the additional assets to be transferred will not, in combination with any assets previously transferred, equal 50 percent or more of the total assets of the district.

(4) The amendments to this subdivision made during the 1991–92 Regular Session, and the amendments made to this subdivision and to Section 32126 made during the 1993–94 Regular Session, shall only apply to transfers made on or after the effective dates of the acts amending this subdivision. The amendments to this subdivision made during those sessions shall not apply to any of the following:

(A) A district that has discussed and adopted a board resolution prior to September 1, 1992, that authorizes the development of a business plan for an integrated delivery system.

(B) A lease agreement, transfer agreement, or both between a district and a nonprofit corporation that were in full force and effect as of September 1, 1992, for as long as that lease agreement, transfer agreement, or both remain in full force and effect.

(5) Notwithstanding paragraph (4), if substantial amendments are proposed to be made to a transfer agreement described in subparagraph (A) or (B) of paragraph (4), the amendments shall be fully discussed in advance of the district board's decision to adopt the amendments in at least two properly noticed open and public meetings in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

(6) Notwithstanding paragraphs (4) and (5), a transfer agreement described in subparagraph (A) or (B) of paragraph (4) that provided for the transfer of less than 50 percent of a district's assets shall be subject to the requirements of this subdivision when subsequent amendments to that transfer agreement would result in the transfer, in sum or by increment, of 50 percent or more of a district's assets to the nonprofit corporation.

(7) For purposes of this subdivision, a "transfer" means the transfer of ownership of the assets of a district. A lease of the real property or the tangible personal property of a district shall not be subject to this subdivision except as specified in Section 32121.4 and as required under Section 32126.

(8) Districts that request a special election pursuant to paragraph (1) or (2) shall reimburse counties for the costs of that special election as prescribed pursuant to Section 10520 of the Elections Code.

(9) (A) Nothing in this section, including subdivision (j), shall be construed to permit a local district to obtain or be issued a single consolidated license to operate a separate physical plant as a skilled nursing facility or an intermediate care facility that is not located within the boundaries of the district.

(B) Notwithstanding subparagraph (A), Eastern Plumas Health Care District may obtain and be issued a single consolidated license to operate a separate physical plant as a skilled nursing facility or an intermediate care facility that is located on the campus of the Sierra Valley District Hospital. This subparagraph shall have no application to any other district and is intended only to address the urgent need to preserve skilled nursing or intermediate care services within the rural County of Sierra.

(C) Subparagraph (B) shall only remain operative until the Sierra Valley District Hospital is annexed by the Eastern Plumas Health Care District or January 1, 2008, whichever occurs first. In no event shall the Eastern Plumas Health Care District increase the number of licensed

beds at the Sierra Valley District Hospital during the operative period of subparagraph (B).

(10) A transfer of any of the assets of a district to one or more nonprofit corporations to operate and maintain the assets shall not be required to meet paragraphs (1) to (9), inclusive, of this subdivision if all of the following conditions apply at the time of the transfer:

(A) The district has entered into a loan that is insured by the State of California under Chapter 1 (commencing with Section 129000) of Part 6 of Division 107.

(B) The district is in default of its loan obligations, as determined by the Office of Statewide Health Planning and Development.

(C) The Office of Statewide Health Planning and Development and the district, in their best judgment, agree that the transfer of some or all of the assets of the district to a nonprofit corporation or corporations is necessary to cure the default, and will obviate the need for foreclosure. This cure of default provision shall be applicable prior to the office foreclosing on district hospital assets. After the office has foreclosed on district hospital assets, or otherwise taken possession in accordance with law, the office may exercise all of its powers to deal with and dispose of hospital property.

(D) The transfer and all arrangements necessary thereto are discussed in advance of the transfer in at least one properly noticed open and public meeting in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code). The meeting referred to in this paragraph shall be noticed and held within 90 days of notice in writing to the district by the office of an event of default. If the meeting is not held within this 90-day period, the district shall be deemed to have waived this requirement to have a meeting.

(11) If a transfer under paragraph (10) is a lease, the lease shall provide that the assets shall revert to the district at the conclusion of the leasehold interest. If the transfer is a sale, the proceeds shall be used first to retire the obligation insured by the office, then to retire any other debts of the district. After providing for debts, any remaining funds shall revert to the district.

(12) A health care district shall report to the Attorney General, within 30 days of any transfer of district assets to one or more nonprofit or for-profit corporations, the type of transaction and the entity to whom the assets were transferred or leased.

(q) To contract for bond insurance, letters of credit, remarketing services, and other forms of credit enhancement and liquidity support for its bonds, notes, and other indebtedness and to enter into

reimbursement agreements, monitoring agreements, remarketing agreements, and similar ancillary contracts in connection therewith.

(r) To establish, maintain, operate, participate in, or manage capitated health care service plans, health maintenance organizations, preferred provider organizations, and other managed health care systems and programs properly licensed by the Department of Insurance or the Department of Managed Care, at any location within or without the district for the benefit of residents of communities served by the district. However, that activity shall not be deemed to result in, or constitute, the giving or lending of the district's credit, assets, surpluses, cash, or tangible goods to, or in aid of, any person, association, or corporation in violation of Section 6 of Article XVI of the California Constitution.

Nothing in this section shall be construed to authorize activities that corporations and other artificial legal entities are prohibited from conducting by Section 2400 of the Business and Professions Code.

Any agreement to provide health care coverage that is a health care service plan, as defined in subdivision (f) of Section 1345, shall be subject to Chapter 2.2 (commencing with Section 1340) of Division 2, unless exempted pursuant to Section 1343 or 1349.2.

A district shall not provide health care coverage for any employee of an employer operating within the communities served by the district, unless the Legislature specifically authorizes, or has authorized in this section or elsewhere, the coverage.

Nothing in this section shall be construed to authorize any district to contribute its facilities to any joint venture that could result in transfer of the facilities from district ownership.

(s) To provide health care coverage to members of the district's medical staff, employees of the medical staff members, and the dependents of both groups, on a self-pay basis.

(t) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

SEC. 3. Section 32121 is added to the Health and Safety Code, to read:

32121. Each local district shall have and may exercise the following powers:

(a) To have and use a corporate seal and alter it at its pleasure.

(b) To sue and be sued in all courts and places and in all actions and proceedings whatever.

(c) To purchase, receive, have, take, hold, lease, use, and enjoy property of every kind and description within and without the limits of the district, and to control, dispose of, convey, and encumber the same and create a leasehold interest in the same for the benefit of the district.

(d) To exercise the right of eminent domain for the purpose of acquiring real or personal property of every kind necessary to the exercise of any of the powers of the district.

(e) To establish one or more trusts for the benefit of the district, to administer any trust declared or created for the benefit of the district, to designate one or more trustees for trusts created by the district, to receive by gift, devise, or bequest, and hold in trust or otherwise, property, including corporate securities of all kinds, situated in this state or elsewhere, and where not otherwise provided, dispose of the same for the benefit of the district.

(f) To employ legal counsel to advise the board of directors in all matters pertaining to the business of the district, to perform the functions in respect to the legal affairs of the district as the board may direct, and to call upon the district attorney of the county in which the greater part of the land in the district is situated for legal advice and assistance in all matters concerning the district, except that if that county has a county counsel, the directors may call upon the county counsel for legal advice and assistance.

(g) To employ any officers and employees, including architects and consultants, the board of directors deems necessary to carry on properly the business of the district.

(h) To prescribe the duties and powers of the health care facility administrator, secretary, and other officers and employees of any health care facilities of the district, to establish offices as may be appropriate and to appoint board members or employees to those offices, and to determine the number of, and appoint, all officers and employees and to fix their compensation. The officers and employees shall hold their offices or positions at the pleasure of the boards of directors.

(i) To do any and all things that an individual might do that are necessary for, and to the advantage of, a health care facility and a nurses' training school, or a child care facility for the benefit of employees of the health care facility or residents of the district.

(j) To establish, maintain, and operate, or provide assistance in the operation of, one or more health facilities or health services, including, but not limited to, outpatient programs, services, and facilities; retirement programs, services, and facilities; chemical dependency programs, services, and facilities; or other health care programs, services, and facilities and activities at any location within or without the district for the benefit of the district and the people served by the district.

"Health care facilities," as used in this subdivision means those facilities defined in subdivision (b) of Section 32000.1 and specifically includes freestanding chemical dependency recovery units. "Health

facilities," as used in this subdivision, may also include those facilities defined in subdivision (d) of Section 15432 of the Government Code.

(k) To do any and all other acts and things necessary to carry out this division.

(*l*) To acquire, maintain, and operate ambulances or ambulance services within and without the district.

(m) To establish, maintain, and operate, or provide assistance in the operation of, free clinics, diagnostic and testing centers, health education programs, wellness and prevention programs, rehabilitation, aftercare, and any other health care services provider, groups, and organizations that are necessary for the maintenance of good physical and mental health in the communities served by the district.

(n) To establish and operate in cooperation with its medical staff a coinsurance plan between the hospital district and the members of its attending medical staff.

(o) To establish, maintain, and carry on its activities through one or more corporations, joint ventures, or partnerships for the benefit of the health care district.

(p) (1) To transfer, at fair market value, any part of its assets to one or more nonprofit corporations to operate and maintain the assets. A transfer pursuant to this paragraph shall be deemed to be at fair market value if an independent consultant, with expertise in methods of appraisal and valuation and in accordance with applicable governmental and industry standards for appraisal and valuation, determines that fair and reasonable consideration is to be received by the district for the transferred district assets. Before the district transfers, pursuant to this paragraph, 50 percent or more of the district's assets to one or more nonprofit corporations, in sum or by increment, the elected board shall, by resolution, submit to the voters of the district a measure proposing the transfer. The measure shall be placed on the ballot of a special election held upon the request of the district or the ballot of the next regularly scheduled election occurring at least 88 days after the resolution of the board. If a majority of the voters voting on the measure vote in its favor, the transfer shall be approved. The campaign disclosure requirements applicable to local measures provided under Chapter 4 (commencing with Section 84100) of Title 9 of the Government Code shall apply to this election.

(2) To transfer, for the benefit of the communities served by the district, in the absence of adequate consideration, any part of the assets of the district, including, without limitation, real property, equipment, and other fixed assets, current assets, and cash, relating to the operation of the district's health care facilities to one or more nonprofit corporations to operate and maintain the assets.

(A) A transfer of 50 percent or more of the district's assets, in sum or by increment, pursuant to this paragraph shall be deemed to be for the benefit of the communities served by the district only if all of the following occur:

(i) The transfer agreement and all arrangements necessary thereto are fully discussed in advance of the district board decision to transfer the assets of the district in at least five properly noticed open and public meetings in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

(ii) The transfer agreement provides that the hospital district shall approve all initial board members of the nonprofit corporation and any subsequent board members as may be specified in the transfer agreement.

(iii) The transfer agreement provides that all assets transferred to the nonprofit corporation, and all assets accumulated by the corporation during the term of the transfer agreement arising out of, or from, the operation of the transferred assets, are to be transferred back to the district upon termination of the transfer agreement, including any extension of the transfer agreement.

(iv) The transfer agreement commits the nonprofit corporation to operate and maintain the district's health care facilities and its assets for the benefit of the communities served by the district.

(v) The transfer agreement requires that any funds received from the district at the outset of the agreement or any time thereafter during the term of the agreement be used only to reduce district indebtedness, to acquire needed equipment for the district health care facilities, to operate, maintain, and make needed capital improvements to the district's health care facilities, to provide supplemental health care services or facilities for the communities served by the district, or to conduct other activities that would further a valid public purpose if undertaken directly by the district.

(B) A transfer of 10 percent or more but less than 50 percent of the district's assets, in sum or by increment, pursuant to this paragraph shall be deemed to be for the benefit of the communities served by the district only if both of the following occur:

(i) The transfer agreement and all arrangements necessary thereto are fully discussed in advance of the district board decision to transfer the assets of the district in at least two properly noticed open and public meetings in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

(ii) The transfer agreement meets all of the requirements of clauses (iii) to (v), inclusive, of subparagraph (A).

(C) Before the district transfers, pursuant to this paragraph, 50 percent or more of the district's assets to one or more nonprofit corporations, in sum or by increment, the elected board shall, by resolution, submit to the voters of the district a measure proposing the transfer. The measure shall be placed on the ballot of a special election held upon the request of the district or the ballot of the next regularly scheduled election occurring at least 88 days after the resolution of the board. If a majority of the voters voting on the measure vote in its favor, the transfer shall be approved. The campaign disclosure requirements applicable to local measures provided under Chapter 4 (commencing with Section 84100) of Title 9 of the Government Code shall apply to this election.

(D) Notwithstanding the other provisions of this paragraph, a hospital district shall not transfer any portion of its assets to a private nonprofit organization that is owned or controlled by a religious creed, church, or sectarian denomination in the absence of adequate consideration.

(3) If the district board has previously transferred less than 50 percent of the district's assets pursuant to this subdivision, before any additional assets are transferred, the board shall hold a public hearing and shall make a public determination that the additional assets to be transferred will not, in combination with any assets previously transferred, equal 50 percent or more of the total assets of the district.

(4) The amendments to this subdivision made during the 1991–92 Regular Session, and the amendments made to this subdivision and to Section 32126 made during the 1993–94 Regular Session, shall only apply to transfers made on or after the effective dates of the acts amending this subdivision. The amendments to this subdivision made during those sessions shall not apply to either of the following:

(A) A district that has discussed and adopted a board resolution prior to September 1, 1992, that authorizes the development of a business plan for an integrated delivery system.

(B) A lease agreement, transfer agreement, or both between a district and a nonprofit corporation that were in full force and effect as of September 1, 1992, for as long as that lease agreement, transfer agreement, or both remain in full force and effect.

(5) Notwithstanding paragraph (4), if substantial amendments are proposed to be made to a transfer agreement described in subparagraph (A) or (B) of paragraph (4), the amendments shall be fully discussed in advance of the district board's decision to adopt the amendments in at least two properly noticed open and public meetings in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

(6) Notwithstanding paragraphs (4) and (5), a transfer agreement described in subparagraph (A) or (B) of paragraph (4) that provided for the transfer of less than 50 percent of a district's assets shall be subject to the requirements of this subdivision when subsequent amendments to that transfer agreement would result in the transfer, in sum or by increment, of 50 percent or more of a district's assets to the nonprofit corporation.

(7) For purposes of this subdivision, a "transfer" means the transfer of ownership of the assets of a district. A lease of the real property or the tangible personal property of a district shall not be subject to this subdivision except as specified in Section 32121.4 and as required under Section 32126.

(8) Districts that request a special election pursuant to paragraph (1) or (2) shall reimburse counties for the costs of that special election as prescribed pursuant to Section 10520 of the Elections Code.

(9) (A) Nothing in this section, including subdivision (j), shall be construed to permit a local district to obtain or be issued a single consolidated license to operate a separate physical plant as a skilled nursing facility or an intermediate care facility that is not located within the boundaries of the district.

(B) Notwithstanding subparagraph (A), Eastern Plumas Health Care District may obtain and be issued a single consolidated license to operate a separate physical plant as a skilled nursing facility or an intermediate care facility that is located on the campus of the Sierra Valley District Hospital. This subparagraph shall have no application to any other district and is intended only to address the urgent need to preserve skilled nursing or intermediate care services within the rural County of Sierra.

(C) Subparagraph (B) shall only remain operative until the Sierra Valley District Hospital is annexed by the Eastern Plumas Health Care District or January 1, 2008, whichever occurs first. In no event shall the Eastern Plumas Health Care District increase the number of licensed beds at the Sierra Valley District Hospital during the operative period of subparagraph (B).

(10) A transfer of any of the assets of a district to one or more nonprofit corporations to operate and maintain the assets shall not be required to meet paragraphs (1) to (9), inclusive, of this subdivision if all of the following conditions apply at the time of the transfer:

(A) The district has entered into a loan that is insured by the State of California under Chapter 1 (commencing with Section 129000) of Part 6 of Division 107.

(B) The district is in default of its loan obligations, as determined by the Office of Statewide Health Planning and Development.

(C) The Office of Statewide Health Planning and Development and the district, in their best judgment, agree that the transfer of some or all of the assets of the district to a nonprofit corporation or corporations is necessary to cure the default, and will obviate the need for foreclosure. This cure of default provision shall be applicable prior to the office foreclosing on district hospital assets. After the office has foreclosed on district hospital assets, or otherwise taken possession in accordance with law, the office may exercise all of its powers to deal with and dispose of hospital property.

(D) The transfer and all arrangements necessary thereto are discussed in advance of the transfer in at least one properly noticed open and public meeting in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code). The meeting referred to in this paragraph shall be noticed and held within 90 days of notice in writing to the district by the office of an event of default. If the meeting is not held within this 90-day period, the district shall be deemed to have waived this requirement to have a meeting.

(11) If a transfer under paragraph (10) is a lease, the lease shall provide that the assets shall revert to the district at the conclusion of the leasehold interest. If the transfer is a sale, the proceeds shall be used first to retire the obligation insured by the office, then to retire any other debts of the district. After providing for debts, any remaining funds shall revert to the district.

(12) A health care district shall report to the Attorney General, within 30 days of any transfer of district assets to one or more nonprofit or for-profit corporations, the type of transaction and the entity to whom the assets were transferred or leased.

(q) To contract for bond insurance, letters of credit, remarketing services, and other forms of credit enhancement and liquidity support for its bonds, notes, and other indebtedness and to enter into reimbursement agreements, monitoring agreements, remarketing agreements, and similar ancillary contracts in connection therewith.

(r) To establish, maintain, operate, participate in, or manage capitated health care service plans, health maintenance organizations, preferred provider organizations, and other managed health care systems and programs properly licensed by the Department of Insurance or the Department of Managed Care, at any location within or without the district for the benefit of residents of communities served by the district. However, that activity shall not be deemed to result in, or constitute, the giving or lending of the district's credit, assets, surpluses, cash, or tangible goods to, or in aid of, any person, association, or corporation in violation of Section 6 of Article XVI of the California Constitution.

Nothing in this section shall be construed to authorize activities that corporations and other artificial legal entities are prohibited from conducting by Section 2400 of the Business and Professions Code.

Any agreement to provide health care coverage that is a health care service plan, as defined in subdivision (f) of Section 1345, shall be subject to Chapter 2.2 (commencing with Section 1340) of Division 2, unless exempted pursuant to Section 1343 or 1349.2.

A district shall not provide health care coverage for any employee of an employer operating within the communities served by the district, unless the Legislature specifically authorizes, or has authorized in this section or elsewhere, the coverage.

Nothing in this section shall be construed to authorize any district to contribute its facilities to any joint venture that could result in transfer of the facilities from district ownership.

(s) To provide health care coverage to members of the district's medical staff, employees of the medical staff members, and the dependents of both groups, on a self-pay basis.

(t) This section shall become operative on January 1, 2011.

SEC. 4. Section 32126 of the Health and Safety Code, as added by Section 6 of Chapter 169 of the Statutes of 2000, is amended to read:

32126. (a) The board of directors may provide for the operation and maintenance through tenants of the whole or any part of any hospital acquired or constructed by it pursuant to this division, and for that purpose may enter into any lease agreement that it believes will best serve the interest of the district. A lease entered into with one or more corporations for the operation of 50 percent or more of the district's hospital, or that is part of, or contingent upon, a transfer of 50 percent or more of the district's assets, in sum or by increment, as described in subdivision (p) of Section 32121, shall be subject to the requirements of subdivision (p) of Section 32121. Any lease for the operation of any hospital shall require the tenant or lessee to conform to, and abide by, Section 32128. No lease for the operation of an entire hospital shall run for a term in excess of 30 years. No lease for the operation of less than an entire hospital shall run for a term in excess of 10 years.

(b) Notwithstanding any other provision of law, a sublease, an assignment of an existing lease, or the release of a tenant or lessee from obligations under an existing lease in connection with an assignment of an existing lease shall not be subject to the requirements of subdivision (p) of Section 32121 so long as all of the following conditions are met:

(1) The sublease or assignment of the existing lease otherwise remains in compliance with subdivision (a).

(2) The district board determines that the total consideration that the district shall receive following the assignment or sublease, or as a result

thereof, taking into account all monetary and other tangible and intangible consideration to be received by the district including, without limitation, all benefits to the communities served by the district, is no less than the total consideration that the district would have received under the existing lease.

(3) The existing lease was entered into on or before July 1, 1984, upon approval of the board of directors following solicitation and review of no less than five offers from prospective tenants.

(4) If substantial amendments are made to an existing lease in connection with the sublease or assignment of that existing lease, the amendments shall be fully discussed in advance of the district board's decision to adopt the amendments in at least two properly noticed open and public meetings in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

(c) A health care district shall report to the Attorney General, within 30 days of any lease of district assets to one or more corporations, the type of transaction and the entity to whom the assets were leased.

(d) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

SEC. 5. Section 32126 is added to the Health and Safety Code, to read:

32126. (a) The board of directors may provide for the operation and maintenance through tenants of the whole or any part of any hospital acquired or constructed by it pursuant to this division, and for that purpose may enter into any lease agreement that it believes will best serve the interest of the district. A lease entered into with one or more nonprofit corporations for the operation of 50 percent or more of the district's hospital, or that is part of, or contingent upon, a transfer of 50 percent or more of the district's assets, in sum or by increment, as described in subdivision (p) of Section 32121, shall be subject to the requirements of subdivision (p) of Section 32121. Any lease for the operation of any hospital shall require the tenant or lessee to conform to, and abide by, Section 32128. No lease for the operation of an entire hospital shall run for a term in excess of 30 years. No lease for the operation of less than an entire hospital shall run for a term in excess of 10 years.

(b) Notwithstanding any other provision of law, a sublease, an assignment of an existing lease, or the release of a tenant or lessee from obligations under an existing lease in connection with an assignment of an existing lease shall not be subject to the requirements of subdivision (p) of Section 32121 so long as all of the following conditions are met:

(1) The sublease or assignment of the existing lease otherwise remains in compliance with subdivision (a).

(2) The district board determines that the total consideration that the district shall receive following the assignment or sublease, or as a result thereof, taking into account all monetary and other tangible and intangible consideration to be received by the district, including, without limitation, all benefits to the communities served by the district, is no less than the total consideration that the district would have received under the existing lease.

(3) The existing lease was entered into on or before July 1, 1984, upon approval of the board of directors following solicitation and review of no less than five offers from prospective tenants.

(4) If substantial amendments are made to an existing lease in connection with the sublease or assignment of that existing lease, the amendments shall be fully discussed in advance of the district board's decision to adopt the amendments in at least two properly noticed open and public meetings in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

(c) A health care district shall report to the Attorney General within 30 days of any lease of district assets to one or more nonprofit corporations, the type of transaction and the entity to whom the assets were leased.

(d) This section shall become operative on January 1, 2011.

CHAPTER 195

An act to add Section 32126.3 to the Health and Safety Code, relating to health care districts.

[Approved by Governor September 6, 2005. Filed with Secretary of State September 6, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 32126.3 is added to the Health and Safety Code, to read:

32126.3. Notwithstanding any provision of law to the contrary, the lease in existence immediately preceding January 1, 2006, between the Grossmont Healthcare District and the Grossmont Hospital Corporation that was entered into on May 29, 1991, may be renegotiated or extended for up to an additional 30-year term. The renegotiations or extension

shall be presented to, and approved by a majority of, the voters of the district.

SEC. 2. Due to the unique circumstances concerning the Grossmont Healthcare District, it is necessary that authority be given for extension of the lease agreement, and the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

CHAPTER 196

An act to amend Sections 22105, 22109, and 22153 of, and to repeal and add Section 22102 of, the Financial Code, relating to finance lenders.

SEC. 3. Section 22105 of the Financial Code is amended to read:

22105. Upon the filing of an application pursuant to Section 22101 and the payment of the fees, the commissioner shall investigate the applicant and its general partners and persons owning or controlling, directly or indirectly, 10 percent or more of the outstanding interests or any person responsible for the conduct of the applicant's lending activities in this state, if the applicant is a partnership. SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the

CHAPTER 197

An act to amend Sections 50825 and 50826 of, and to amend, repeal, and add Sections 50832 and 50833 of, the Health and Safety Code, relating to community development.

[Approved by Governor September 6, 2005. Filed with Secretary of State September 6, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 50825 of the Health and Safety Code is amended to read:

50825. It is the intent of the Legislature in enacting this chapter to ensure that funds allocated to the state pursuant to the federal State Community Development Block Grant Program (42 U.S.C. 5306(d)), and administered by the department, be of maximum benefit in meeting the housing and economic development needs of persons and families of low or moderate income. The Legislature intends that these funds be provided to eligible cities and counties that encourage new housing developments and economic development and which need the funds to support those developments. It is the intent of the Legislature to reaffirm established state policy that each eligible city or county contribute to meeting the statewide housing goals, or contribute to meeting the state's urgent need to halt the flow of jobs out of California by working to retain and expand existing businesses and attract new businesses that provide jobs to low- and moderate-income persons and families, or do both, and that funds allocated pursuant to this chapter be distributed accordingly.

SEC. 2. Section 50826 of the Health and Safety Code is amended to read:

50826. As used in this chapter:

(a) "Eligible city or county" means an area which is not a metropolitan city or part of an urban county, as defined by paragraphs (4) and (6), respectively, of subsection (a) of Section 5302 of Title 42 of the United States Code.

(d) "Program" means the State Community Development Block Grant Program created pursuant to federal law (42 U.S.C. 5301, et seq.).

SEC. 3. Section 50832 of the Health and Safety Code is amended to read:

(a) In order to ensure that a city or county may apply for both economic development and general program grants pursuant to this chapter in the same year, each applicant shall have a maximum grant request limitation as determined by the department and announced in the applicable NOFA, excluding general allocation planning and technical assistance grants and economic development allocation planning and technical assistance grants made available under Section 50833, of which a maximum amount as determined by the department and announced in the applicable NOFA, per year may be used for either general program or economic development applications. These limitations may be waived for the economic development allocation based upon available economic development funds after September 1 of each year. The department shall aggressively inform eligible cities and counties of the eligibility criteria and requirements under this section and in Section 50833.

(b) Except for applications specified in Section 50832.1, applications for all activities or set-asides under this section and Section 50833 shall be evaluated on a first-in, first-served basis.

(c) For all economic development applications under this section or Section 50833, including economic development assistance grants, the department shall develop project standards and rating factors which meet the minimum requirements of federal statutes, including a jobs-for-dollars test of thirty-five thousand dollars ($35,000) per job created or retained. In addition to the low- and moderate-income persons or families criteria established in subdivision (b) of Section 50826 and Sections 50827 and 50828, the department shall also utilize as criteria for the economic development allocation the federal standards of "blight" and "urgent need" under this section, Section 50832.1, and Section 50833.

(d) A jurisdiction may submit multiyear proposals for a period not exceeding three years in duration.

(e) Notwithstanding Section 7550.5 of the Government Code, by December 31, 2007, the department shall submit to the Legislature a report that indicates the number, amounts, and types of grants provided under this section.

(f) This section shall remain in effect only until January 1, 2009, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2009, deletes or extends that date.

SEC. 4. Section 50832 is added to the Health and Safety Code, to read:

50832. (a) In order to ensure that a city or county may apply for both economic development and general program grants pursuant to this chapter in the same year, each applicant shall have a maximum grant request limitation of eight hundred thousand dollars ($800,000) per year, excluding general allocation planning and technical assistance grants and economic development allocation planning and technical assistance grants made available under Section 50833, of which a maximum of five hundred thousand dollars ($500,000) per year may be used for either housing or economic development applications. These limitations may be waived for the economic development allocation based upon available economic development funds after September 1 of each year. The department shall aggressively inform eligible cities and counties of the eligibility criteria and requirements under this section and in Section 50833.

(b) Except for applications specified in Section 50832.1, applications for all activities or set-asides under this section and Section 50833 shall be evaluated on a first-in, first-served basis.

(c) For all economic development applications under this section or Section 50833, including economic development assistance grants, the department shall develop project standards and rating factors which meet the minimum requirements of federal statutes, including a jobs-for-dollars test of thirty-five thousand dollars ($35,000) per job created or retained. In addition to the low- and moderate-income persons or families criteria established in subdivision (b) of Section 50826 and Sections 50827 and 50828, the department shall also utilize as criteria for the economic development allocation the federal standards of "blight" and "urgent need" under this section, Section 50832.1, and Section 50833.

(d) A jurisdiction may submit multiyear proposals for a period not exceeding three years in duration.

(e) This section shall become operative January 1, 2009.

SEC. 5. Section 50833 of the Health and Safety Code is amended to read:

50833. (a) The department shall determine and announce in the applicable NOFA the percentage of the total amount of the State Block Grant Program funds set aside for economic development that shall be allocated to make economic development planning and technical assistance grants to eligible small cities or counties for business attraction, retention, and expansion programs for the development of local economic

development strategies, predevelopment grant feasibility studies, and downtown revitalization programs. Eligible small cities or counties may contract with public agencies or nonprofit economic development corporations and other eligible subgrantees or for profit corporations or entities to provide these services. Each applicant shall be required to provide a cash match of up to 25 percent of the total amount requested. A technical assistance grant received under this set-aside is in addition to the city or county ceiling, under Section 50832, or its ability to apply under the economic development or general program set-asides. The department shall determine and announce in the applicable NOFA the maximum per year grant amount. Each applicant shall not receive more than two grants per year and shall be eligible to apply each year, although no applicant shall receive grants in excess of the maximum amount determined by the department and announced in the applicable NOFA in any one year. Funds not applied for or allocated under this section may be used for other economic development purposes under Sections 50832 and 50832.1.

(b) The department shall determine and announce in the applicable NOFA the percentage of the total amount of the State Block Grant Program funds not used for economic development that shall be set aside to make technical assistance grants to eligible small cities or counties for purposes including, but not limited to: inventory of housing needing rehabilitation in the district, income surveys of area residents, and any general studies of housing needs in the district. Each applicant shall be required to provide a cash match of up to 25 percent of the total amount requested. A technical assistance grant received under this set-aside is in addition to the city or county ceiling or its ability to apply under the economic development or general program set-asides. Unexpended funds allocated under this section shall revert to the general program, but not to the economic development set-aside. The department shall determine and announce in the applicable NOFA the maximum grant amount per application. Each applicant shall not receive more than two grants per year and shall be eligible to apply each year, although no applicant shall receive grants in excess of the maximum amount determined by the department and announced in the applicable NOFA in any one year.

(c) If, under federal law, the economic development planning and technical assistance grants and the general allocation planning and assistance grants are considered to be administrative expenditures, the department may reduce the percentages of the set-asides by up to the amount necessary to remain within the allowable limits for administrative expenditures.

(d) Two or more jurisdictions may pool their funds and make a joint application for the same project.

(e) General administrative activity planning studies shall not be counted against allocations under this section.

(f) Notwithstanding Section 7550.5 of the Government Code, by December 31, 2007, the department shall submit to the Legislature a report that indicates the number, amounts, and types of grants provided under this section.

(g) This section shall remain in effect only until January 1, 2009, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2009, deletes or extends that date.

The maximum grants per year shall be thirty-five thousand dollars ($35,000) per project. Each applicant shall not receive more than two grants per year and shall be eligible to apply each year, although no applicant shall receive grants in excess of thirty-five thousand dollars ($35,000) in any one year. Funds not applied for or allocated under this section may be used for other economic development purposes under Sections 50832 and 50832.1.

(b) Ten percent of the total amount of the State Block Grant Program funds not used for economic development shall be set aside to make technical assistance grants to eligible small cities or counties for purposes including, but not limited to: inventory of housing needing rehabilitation in the district, income surveys of area residents, and any general studies of housing needs in the district. Each applicant shall be required to provide a cash match of up to 25 percent of the total amount requested. A technical assistance grant received under this 10-percent set-aside is in addition to the city or county ceiling or its ability to apply under the economic development or general program set-asides. Unexpended funds allocated under this section shall revert to the general program, but not

Each applicant shall not receive more than two grants per year and shall be eligible to apply each year, although no applicant shall receive grants in excess of thirty-five thousand dollars ($35,000) in any one year.

(c) If, under federal law, the 10-percent economic assistance grants and the 10-percent general program assistance grants are considered to be administrative expenditures, the department may reduce the percentages of the set-asides by up to the amount necessary to remain within the allowable limits for administrative expenditures.

(d) Two or more jurisdictions may pool their funds and make a joint application for the same project.

CHAPTER 198

An act to amend Section 17552 of the Family Code, relating to child support.

[Approved by Governor September 6, 2005. Filed with Secretary of State September 6, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 17552 of the Family Code is amended to read:

17552. (a) The State Department of Social Services, in consultation with the Department of Child Support Services, shall promulgate regulations by which the county child welfare department, in any case of separation or desertion of a parent or parents from a child that results in foster care assistance payments under Section 11400 of, or CalWORKs payments to a caretaker relative of a child who comes within the jurisdiction of the juvenile court under Section 300 of the Welfare and Institutions Code, who has been removed from the parental home and placed with the caretaker relative by court order, and who is under the supervision of the county child welfare agency under Section 11250 of, or Kin-GAP payments under Section 11363 of, or aid under subdivision (c) of Section 10101 of, the Welfare and Institutions Code, shall determine whether it is in the best interests of the child to have the case referred to the local child support agency for child support services. If reunification services are not offered or are terminated, the case may be

referred to the local child support agency. In making the determination, the department regulations shall provide the factors the county child welfare department shall consider, including:

(1) Whether the payment of support by the parent will pose a barrier to the proposed reunification, in that the payment of support will compromise the parent's ability to meet the requirements of the parent's reunification plan.

(2) Whether the payment of support by the parent will pose a barrier to the proposed reunification in that the payment of support will compromise the parent's current or future ability to meet the financial needs of the child.

(b) The department regulations shall provide that, where the county child welfare department determines that it is not in the best interests of the child to seek a support order against the parent, the county child welfare department shall refrain from referring the case to the local child support agency. The regulations shall define those circumstances in which it is not in the best interest of the child to refer the case to the local child support agency.

(c) The department regulations shall provide, where the county child welfare department determines that it is not in the child's best interest to have his or her case referred to the local child support agency, the county child welfare department shall review that determination annually to coincide with the redetermination of AFDC-FC eligibility under Section 11401.5 of, or the CalWORKs eligibility under Section 11265 of, the Welfare and Institutions Code, and shall refer the child's case to the local child support agency upon a determination that, due to a change in the child's circumstances, it is no longer contrary to the child's best interests to have his or her case referred to the local child support agency.

(d) The State Department of Social Services shall promulgate all necessary regulations pursuant to this section on or before October 1, 2002.

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 199

The examining officer may request to see evidence of financial responsibility for the vehicle prior to supervising the demonstration of the applicant's ability to operate the vehicle. The examining officer may refuse to examine an applicant who is unable to provide proof of financial responsibility for the vehicle, unless proof of financial responsibility is not required by this code.

Otherwise, the license is valid only for operating class C vehicles that are not commercial vehicles, as defined in subdivision (b) of Section 15210, and for operating class M1 or M2 vehicles, if so endorsed, that are not commercial vehicles, as defined in subdivision (b) of Section 15210.

The certificate may be submitted as evidence of the applicant's skill in the operation of the types of equipment covered by the license for which he or she is applying.

(f) The department may accept a certificate of competence in lieu of a driving test on class M1 or M2 applications, when the certificate is issued by a law enforcement agency for its officers who operate class M1 or M2 vehicles in their duties, if the applicant has met the other examination requirements for the license for which he or she is applying.

(j) A driver of a vanpool vehicle may operate with class C licenses but shall possess evidence of a medical examination required for a class B license when operating vanpool vehicles. In order to be eligible to drive the vanpool vehicle, the driver shall keep in the vanpool vehicle a statement, signed under penalty of perjury, that he or she has not been convicted of reckless driving, drunk driving, or a hit-and-run offense in the last five years.

SECTION 1. Section 12105 of the Elections Code is amended to read:

12105. (a) The elections official shall, not less than one week before the election, publish the list of the polling places designated for each election precinct.

(b) Publication shall be pursuant to Section 6061 of the Government Code in the jurisdiction where the election is to be held and in any newspaper of general circulation designated by the elections official. If there is no newspaper of general circulation published and circulated in the jurisdiction, the list shall be typewritten and copies shall be posted conspicuously within the time prescribed in at least three public places within the city.

SEC. 2. Section 12105.5 is added to the Elections Code, to read:

12105.5. (a) Not less than one week before the election, the elections official shall post a list of all current polling places in each precinct and a list of precinct board members appointed by the 15th day before the election. Not later than 28 days after the election, the elections official shall post an updated list of the precinct board members who actually served on election day. The election official shall post these lists in his or her office and on his or her official Web site, if any.

(b) In each jurisdiction in which he or she determines that the public interest, convenience, and necessity requires the local posting of polling places and precinct board members, the elections official shall divide and distribute the lists for posting in any City Clerk's office within the jurisdiction having the election.

(c) Each list required by this section shall remain posted for 30 days after completion of the canvass, shall then be archived by the elections official, and shall remain available for public inspection as long as election materials are required to be retained. SEC. 3. Section 12106 of the Elections Code is amended to read:

12106. (a) The elections official shall publish, as provided in this section and Section 12105, the list of polling places designated for each election precinct in each jurisdiction where the elections official determines that the public interest, convenience, and necessity require the local publication of the list to afford adequate notice of this subject to the electorate.

(b) After making a determination pursuant to subdivision (a), the elections official shall divide and distribute the list of polling places and cause the same to be published at least one week before the election in

newspapers of general circulation published in different places in the jurisdiction.

(c) Divisions of the list of polling places may be published in that daily newspaper of general circulation published or circulated in one or more cities in the county, with the exception of the county seat, that is determined will give to the electorate in each city adequate notice of the election. If there is no daily newspaper, publication may be made in a semiweekly newspaper, a biweekly newspaper, or a weekly newspaper of general circulation that is determined will give the electorate in the city adequate notice of the election.

(d) The list of polling places designated for various portions of the unincorporated area of the county and of the county seat may be published in those daily, semiweekly, biweekly, or weekly newspapers of general circulation published or circulated within the various portions of the unincorporated area and the county seat, deemed by the county elections official to be those newspapers that will give adequate notice of the election to the voters of the respective portions of the unincorporated area and the county seat.

12107. (a) The elections official shall let the contracts for publication, pursuant to Section 12106, of the list of polling places designated for each election precinct, and shall determine the rate to be paid for the publication of the list or any portion of the list.

When the list is posted or distributed, there shall be printed the name of the board member's party or an abbreviation of the name to the right of the name, or immediately below the name, of each precinct board member. If a precinct board member is not affiliated with a political party, the words "No party," "Nonpartisan," or "Decline to state" shall be printed in place of the party name.

SEC. 6. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies

and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 202

An act to amend Sections 14574 and 14575 of the Public Resources Code, relating to beverage containers.

[Approved by Governor September 6, 2005. Filed with Secretary of State September 6, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 14574 of the Public Resources Code is amended to read:

14574. (a) (1) A distributor of beverage containers shall pay to the department the redemption payment for every beverage container, other than a refillable beverage container, sold or transferred to a dealer, less 1 percent for the distributor's administrative costs.

(2) The payment made by a distributor shall be made not later than the last day of the third month following the sale. The distributor shall make the payment in the form and manner that the department prescribes.

(b) (1) Notwithstanding subdivision (a), if a distributor displays a pattern of operation in compliance with this division and the regulations adopted pursuant to this division, to the satisfaction of the department, the distributor may make a single annual payment of redemption payments, if the distributor meets either of the following requirements:

(A) If the redemption payment and refund value is not increased pursuant to paragraph (3) of subdivision (a) of Section 14560, the distributor's projected redemption payment for a calendar year totals less than fifty thousand dollars ($50,000).

(B) If the redemption payment and refund value is increased pursuant to paragraph (3) of subdivision (a) of Section 14560, the distributor's projected redemption payment for a calendar year totals less than seventy-five thousand dollars ($75,000).

(2) An annual redemption payment made pursuant to this subdivision is due and payable on or before February 1 for every beverage container sold or transferred by the distributor to a dealer in the previous calendar year.

(3) A distributor shall notify the department of its intent to make an annual redemption payment pursuant to this subdivision on or before January 31 of the calendar year for which the payment will be due.

SEC. 2. Section 14575 of the Public Resources Code is amended to read:

14575. (a) If any type of empty beverage container with a refund value established pursuant to Section 14560 has a scrap value less than the cost of recycling, the department shall, on January 1, 2000, and on or before January 1 annually thereafter, establish a processing fee and a processing payment for the container by the type of the material of the container.

(b) The processing payment shall be at least equal to the difference between the scrap value offered to a statistically significant sample of recyclers by willing purchasers, and except for the initial calculation made pursuant to subdivision (d), the sum of both of the following:

(1) The actual cost for certified recycling centers, excluding centers receiving a handling fee, of receiving, handling, storing, transporting, and maintaining equipment for each container sold for recycling or, only if the container is not recyclable, the actual cost of disposal, calculated pursuant to subdivision (c). The department shall determine the statewide weighted average cost to recycle each beverage container type, which shall serve as the actual recycling costs for purposes of paragraphs (2) and (3) of subdivision (c), by conducting a survey of the costs of a statistically significant sample of certified recycling centers, excluding those recycling centers receiving a handling fee, for receiving, handling, storing, transporting, and maintaining equipment.

(2) A reasonable financial return for recycling centers.

(c) The department shall base the processing payment pursuant to this section upon all of the following:

(1) The department shall use the average scrap values paid to recyclers between October 1, 2001, and September 30, 2002, for the 2003 calculation and the same 12-month period directly preceding the year in which the processing fee is calculated for any subsequent calculation.

(2) To calculate the 2003 processing payments, the department shall use the recycling costs for certified recycling centers used to calculate the January 1, 2002, processing payments.

(3) For calculating processing payments that will be in effect on and after January 1, 2004, the department shall determine the actual costs for certified recycling centers, every second year, pursuant to paragraph (1) of subdivision (b). The department shall adjust the recycling costs annually to reflect changes in the cost of living, as measured by the Bureau of Labor Statistics of the United States Department of Labor or a successor agency of the United States government.

(d) Notwithstanding paragraph (1) of subdivision (b) and subdivision (c), for the purpose of setting the cost for recycling non polyethylene terephthalate (non-PET) plastic containers by certified recycling centers to determine the processing payment for those containers, the department shall use a recycling cost of six hundred forty-two dollars and sixty-nine cents ($642.69) per ton for the January 1, 2002, calculation of the processing payment.

(e) Except as specified in subdivision (f), the actual processing fee paid by a beverage manufacturer shall equal 65 percent of the processing payment calculated pursuant to subdivision (b).

(f) The department, consistent with Section 14581 and subject to the availability of funds, shall reduce the processing fee paid by beverage manufacturers by expending funds in each material processing fee account, in the following manner:

(1) The processing fee in effect on January 1, 2004, shall be equal to the following amounts:

(A) For a container type that was subject to this division on January 1, 1999, 12 percent of the processing payment if the recycling rate of that container type was equal to, or greater than, 60 percent for the 1999 calendar year.

(B) For a container type that was not subject to this division on January 1, 1999, 12 percent of the processing payment, if the recycling rate of that container type was equal to, or greater than, 60 percent for the 2001 calendar year.

(C) For a container type that was not subject to this division on January 1, 1999, 15 percent of the processing payment if the recycling rate for that container type was equal to, or greater than, 45 percent, but less than 60 percent for the 2001 calendar year.

(D) For a container type that was not subject to this division on January 1, 1999, 20 percent of the processing payment if the recycling rate for that container type was equal to, or greater than, 30 percent, but less than 45 percent, for the 2001 calendar year.

(2) On January 1, 2005, and annually thereafter, the processing fee shall equal the following amounts:

(A) Ten percent of the processing payment for a container type with a recycling rate equal to or greater than 75 percent.

(B) Eleven percent of the processing payment for a container type with a recycling rate equal to or greater than 65 percent, but less than 75 percent.

(C) Twelve percent of the processing payment for a container type with a recycling rate equal to or greater than 60 percent, but less than 65 percent.

(D) Thirteen percent of the processing payment for a container type with a recycling rate equal to or greater than 55 percent, but less than 60 percent.

(E) Fourteen percent of the processing payment for a container type with a recycling rate equal to or greater than 50 percent, but less than 55 percent.

(F) Fifteen percent of the processing payment for a container type with a recycling rate equal to or greater than 45 percent, but less than 50 percent.

(G) Eighteen percent of the processing payment for a container type with a recycling rate equal to or greater than 40 percent, but less than 45 percent.

(H) Twenty percent of the processing payment for a container type with a recycling rate equal to or greater than 30 percent, but less than 40 percent.

(I) Sixty-five percent of the processing payment for a container type with a recycling rate less than 30 percent.

(3) The department shall calculate the recycling rate for purposes of paragraph (2) based on the 12-month period ending on June 30 that directly precedes the date of the January 1 processing fee determination.

(g) Not more than once every three months, the department may make an adjustment in the amount of the processing payment established pursuant to this section notwithstanding any change in the amount of the processing fee established pursuant to this section, for any beverage container, if the department makes the following determinations:

(1) The statewide scrap value paid by processors for the material type for the most recent available 12-month period directly preceding the quarter in which the processing payment is to be adjusted is 5 percent more or 5 percent less than the average scrap value used as the basis for the processing payment currently in effect.

(2) Funds are available in the processing fee account for the material type.

(3) Adjusting the processing payment is necessary to further the objectives of this division.

(h) (1) Except as provided in paragraphs (2) and (3), every beverage manufacturer shall pay to the department the applicable processing fee for each container sold or transferred to a distributor or dealer within 40 days of the sale in the form and in the manner which the department may prescribe.

(2) (A) Notwithstanding Section 14506, with respect to the payment of processing fees for beer and other malt beverages manufactured outside the state, the beverage manufacturer shall be deemed to be the person or entity named on the certificate of compliance issued pursuant to

Section 23671 of the Business and Professions Code. If the department is unable to collect the processing fee from the person or entity named on the certificate of compliance, the department shall give written notice by certified mail, return receipt requested, to that person or entity. The notice shall state that the processing fee shall be remitted in full within 30 days of issuance of the notice or the person or entity shall not be permitted to offer that beverage brand for sale within the state. If the person or entity fails to remit the processing fee within 30 days of issuance of the notice, the department shall notify the Department of Alcoholic Beverage Control that the certificate holder has failed to comply, and the Department of Alcoholic Beverage Control shall prohibit the offering for sale of that beverage brand within the state.

(B) The department shall enter into a contract with the Department of Alcoholic Beverage Control, pursuant to Section 14536.5, concerning the implementation of this paragraph, which shall include a provision reimbursing the Department of Alcoholic Beverage Control for its costs incurred in implementing this paragraph.

(3) (A) Notwithstanding paragraph (1), if a beverage manufacturer displays a pattern of operation in compliance with this division and the regulations adopted pursuant to this division, to the satisfaction of the department, the beverage manufacturer may make a single annual payment of processing fees, if the beverage manufacturer meets either of the following conditions:

(i) If the redemption payment and refund value is not increased pursuant to paragraph (3) of subdivision (a) of Section 14560, the beverage manufacturer's projected processing fees for a calendar year total less than ten thousand dollars ($10,000).

(ii) If the redemption payment and refund value is increased pursuant to paragraph (3) of subdivision (a) of Section 14560, the beverage manufacturer's projected processing fees for a calendar year total less than fifteen thousand dollars ($15,000).

(B) An annual processing fee payment made pursuant to this paragraph is due and payable on or before February 1 for every beverage container sold or transferred by the beverage manufacturer to a distributor or dealer in the previous calendar year.

(C) A beverage manufacturer shall notify the department of its intent to make an annual processing fee payment pursuant to this paragraph on or before January 31 of the calendar year for which the payment will be due.

(4) The department shall pay the processing payments on redeemed containers to processors, in the same manner as it pays refund values pursuant to Sections 14573 and 14573.5. The processor shall pay the recycling center the entire processing payment representing the actual

costs and financial return incurred by the recycling center, as specified in subdivision (b).

(i) When assessing processing fees pursuant to subdivision (a), the department shall assess the processing fee on each container sold, as provided in subdivisions (e) and (f), by the type of material of the container, assuming that every container sold will be redeemed for recycling, whether or not the container is actually recycled.

SEC. 2. Section 1358.5 of the Health and Safety Code is amended to read:

1358.5. (a) A contract shall not be advertised, solicited, or issued for delivery as a Medicare supplement contract unless the contract contains definitions or terms that conform to the requirements of this section.

(1) (A) "Accident," "accidental injury," or "accidental means" shall be defined to employ "result" language and shall not include words that establish an accidental means test or use words such as "external, violent, visible wounds" or other similar words of description or characterization.

(B) The definition shall not be more restrictive than the following: "injury or injuries for which benefits are provided means accidental bodily injury sustained by the covered person that is the direct result of an accident, independent of disease or bodily infirmity or any other cause, and occurs while coverage is in force."

(C) The definition may provide that injuries shall not include injuries for which benefits are provided or available under any workers' compensation, employer's liability, or similar law, unless prohibited by law.

(2) "Benefit period" or "Medicare benefit period" shall not be defined more restrictively than as defined in the Medicare program.

(3) "Convalescent nursing home," "extended care facility," or "skilled nursing facility" shall not be defined more restrictively than as defined in the Medicare program.

(4) "Health care expenses" means for purposes of Section 1358.14, expenses of health care service plans associated with the delivery of health care services, which expenses are analogous to incurred losses of insurers.

(5) "Hospital" may be defined in relation to its status, facilities, and available services or to reflect its accreditation by the Joint Commission

on Accreditation of Hospitals, but not more restrictively than as defined in the Medicare Program.

(6) "Medicare" shall be defined in the contract. "Medicare" may be substantially defined as "The Health Insurance for the Aged Act, Title XVIII of the Social Security Amendments of 1965, as amended," or "Title I, Part I of Public Law 89-97, as enacted by the 89th Congress and popularly known as the Health Insurance for the Aged Act, as amended," or words of similar import.

(7) "Medicare eligible expenses" shall mean expenses of the kinds covered by Medicare Parts A and B, to the extent recognized as reasonable and medically necessary by Medicare.

(8) "Physician" shall not be defined more restrictively than as defined in the Medicare Program.

(9) (A) "Sickness" shall not be defined more restrictively than as follows: "sickness means illness or disease of an insured person that first manifests itself after the effective date of insurance and while the insurance is in force."

(B) The definition may be further modified to exclude sicknesses or diseases for which benefits are provided under any workers' compensation, occupational disease, employer's liability, or similar law.

(b) Nothing in this section shall be construed as prohibiting any contract, by definitions or express provisions, from limiting or restricting any or all of the benefits provided under the contract, except in-area and out-of-area emergency services, to those health care services that are delivered by issuer, employed, owned, or contracting providers, and provider facilities, so long as the contract complies with the provisions of Sections 1358.14 and 1367 and with Section 1300.67 of Title 28 of the California Code of Regulations.

(c) Nothing in this section shall be construed as prohibiting any contract that limits or restricts any or all of the benefits provided under the contract in the manner contemplated in subdivision (b) from limiting its obligation to deliver services, and disclaiming any liability from any delay or failure to provide those services (1) in the event of a major disaster or epidemic or (2) in the event of circumstances not reasonably within the control of the issuer, such as the partial or total destruction of facilities, war, riot, civil insurrection, disability of a significant part of its health personnel, or similar circumstances so long as the provisions comply with the provisions of subdivision (h) of Section 1367.

SEC. 3. Section 1358.6 of the Health and Safety Code is amended to read:

1358.6. (a) (1) Except for permitted preexisting condition clauses as described in Sections 1358.7 and 1358.8, a contract shall not be advertised, solicited, or issued for delivery as a Medicare supplement

contract if the contract contains definitions, limitations, exclusions, conditions, reductions, or other provisions that are more restrictive or limiting than that term as officially used in Medicare, except as expressly authorized by this article.

(2) No issuer may advertise, solicit, or issue for delivery any Medicare supplement contract with hospital or medical coverage if the contract contains any of the prohibited provisions described in subdivision (b).

(b) The following provisions shall be deemed to be unfair, unreasonable, and inconsistent with the objectives of this chapter and shall not be contained in any Medicare supplement contract:

(1) Any waiver, exclusion, limitation, or reduction based on or relating to a preexisting disease or physical condition, unless that waiver, exclusion, limitation, or reduction (A) applies only to coverage for specified services rendered not more than six months from the effective date of coverage, (B) is based on or relates only to a preexisting disease or physical condition defined no more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage, (C) does not apply to any coverage under any group contract, and (D) is approved in advance by the director. Any limitations with respect to a preexisting condition shall appear as a separate paragraph of the contract and be labeled "Preexisting Condition Limitations."

(2) Except with respect to a group contract subject to, and in compliance with, Section 1399.62, any provision denying coverage, after termination of the contract, for services provided continuously beginning while the contract was in effect, during the continuous total disability of the subscriber or enrollee, except that the coverage may be limited to a reasonable period of time not less than the duration of the contract benefit period, if any, and may be limited to the maximum benefits provided under the contract.

(c) A Medicare supplement contract in force shall not contain benefits that duplicate benefits provided by Medicare.

(d) (1) Subject to paragraphs (4) and (5) of subdivision (a) of Section 1358.8, a Medicare supplement contract with benefits for outpatient prescription drugs that was issued prior to January 1, 2006, shall be renewed for current enrollees and subscribers, at their option, who do not enroll in Medicare Part D.

(2) A Medicare supplement contract with benefits for outpatient prescription drugs shall not be issued on and after January 1, 2006.

(3) On and after January 1, 2006, a Medicare supplement contract with benefits for outpatient prescription drugs shall not be renewed after the enrollee or subscriber enrolls in Medicare Part D unless both of the following conditions exist:

(A) The contract is modified to eliminate outpatient prescription drug coverage for outpatient prescription drug expenses incurred after the effective date of the individual's coverage under a Medicare Part D plan.

(B) The premium is adjusted to reflect the elimination of outpatient prescription drug coverage at the time of enrollment in Medicare Part D, accounting for any claims paid if applicable.

SEC. 4. Section 1358.8 of the Health and Safety Code is amended to read:

1358.8. The following standards are applicable to all Medicare supplement contracts advertised, solicited, or issued for delivery on or after January 1, 2001. A contract shall not be advertised, solicited, or issued for delivery as a Medicare supplement contract unless it complies with these benefit standards.

(a) The following general standards apply to Medicare supplement contracts and are in addition to all other requirements of this article:

(1) A Medicare supplement contract shall not exclude or limit benefits for losses incurred more than six months from the effective date of coverage because it involved a preexisting condition. The contract shall not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.

(2) A Medicare supplement contract shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

(3) A Medicare supplement contract shall provide that benefits designed to cover cost-sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible amount and copayment percentage factors. Prepaid or periodic charges may be modified to correspond with those changes.

(4) A Medicare supplement contract shall not provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the covered person, other than the nonpayment of the prepaid or periodic charge.

(5) Each Medicare supplement contract shall be guaranteed renewable.

(A) The issuer shall not cancel or nonrenew the contract solely on the ground of health status of the individual.

(B) The issuer shall not cancel or nonrenew the contract for any reason other than nonpayment of the prepaid or periodic charge or misrepresentation of the risk by the applicant that is shown by the plan to be material to the acceptance for coverage. The contestability period for Medicare supplement contracts shall be two years.

(C) If a group Medicare supplement contract is terminated by the subscriber and is not replaced as provided under subparagraph (E), the issuer shall offer enrollees an individual Medicare supplement contract that, at the option of the enrollee, either provides for continuation of the benefits contained in the terminated contract or provides for benefits that otherwise meet the requirements of this subsection.

(D) If an individual is an enrollee in a group Medicare supplement contract and the individual membership in the group is terminated, the issuer shall either offer the enrollee the conversion opportunity described in subparagraph (C) or, at the option of the subscriber, shall offer the enrollee continuation of coverage under the group contract.

(E) If a group Medicare supplement contract is replaced by another group Medicare supplement contract purchased by the same subscriber, the issuer of the replacement contract shall offer coverage to all persons covered under the old group contract on its date of termination. Coverage under the new contract shall not result in any exclusion for preexisting conditions that would have been covered under the group contract being replaced.

(F) If a Medicare supplement contract eliminates an outpatient prescription drug benefit as a result of requirements imposed by the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (P.L. 108-173), the contract as modified as a result of that act shall be deemed to satisfy the guaranteed renewal requirements of this paragraph.

(6) Termination of a Medicare supplement contract shall be without prejudice to any continuous loss that commenced while the contract was in force, but the extension of benefits beyond the period during which the contract was in force may be predicated upon the continuous total disability of the covered person, limited to the duration of the contract benefit period, if any, or to payment of the maximum benefits. Receipt of Medicare Part D benefits shall not be considered in determining a continuous loss.

(7) (A) (i) A Medicare supplement contract shall provide that benefits and prepaid or periodic charges under the contract shall be suspended at the request of the enrollee for the period, not to exceed 24 months, in which the enrollee has applied for and is determined to be entitled to medical assistance under Title XIX of the federal Social Security Act, but only if the enrollee notifies the issuer of the contract within 90 days after the date the individual becomes entitled to assistance.

If suspension occurs and if the enrollee loses entitlement to medical assistance, the contract shall be automatically reinstituted, effective as of the date of termination of entitlement, as of the termination of entitlement if the enrollee provides notice of loss of entitlement within

90 days after the date of loss and pays the prepaid or periodic charge attributable to the period, effective as of the date of termination of entitlement.

(ii) A Medicare supplement contract shall provide that benefits and premiums under the contract shall be suspended at the request of the enrollee or subscriber for any period that may be provided by federal regulation if the enrollee or subscriber is entitled to benefits under Section 226 (b) of the Social Security Act and is covered under a group health plan, as defined in Section 1862 (b)(1)(A)(v) of the Social Security Act. If suspension occurs and the enrollee or subscriber loses coverage under the group health plan, the contract shall be automatically reinstituted, effective as of the date of loss of coverage if the enrollee or subscriber provides notice within 90 days of the date of the loss of coverage.

(B) Reinstitution of coverages:

(i) Shall not provide for any waiting period with respect to treatment of preexisting conditions.

(ii) Shall provide for resumption of coverage that is substantially equivalent to coverage in effect before the date of suspension. If the suspended Medicare supplement contract provided coverage for outpatient prescription drugs, reinstitution of the contract for a Medicare Part D enrollee shall not include coverage for outpatient prescription drugs but shall otherwise provide coverage that is substantially equivalent to the coverage in effect before the date of suspension.

(iii) Shall provide for classification of prepaid or periodic charges on terms at least as favorable to the enrollee as the prepaid or periodic charge classification terms that would have applied to the enrollee had the coverage not been suspended.

(8) A Medicare supplement contract shall not be limited to coverage for a single disease or affliction.

(9) A Medicare supplement contract shall provide an examination period of 30 days after the receipt of the contract by the applicant for purposes of review, during which time the applicant may return the contract as described in subdivision (e) of Section 1358.17.

(10) A Medicare supplement contract shall additionally meet any other minimum benefit standards as established by the director.

(11) Within 30 days prior to the effective date of any Medicare benefit changes, an issuer shall file with the director, and notify its subscribers and enrollees of, modifications it has made to Medicare supplement contracts.

(A) The notice shall include a description of revisions to the Medicare Program and a description of each modification made to the coverage provided under the Medicare supplement contract.

(B) The notice shall inform each subscriber and enrollee as to when any adjustment in the prepaid or periodic charges will be made due to changes in Medicare benefits.

(C) The notice of benefit modifications and any adjustments to the prepaid or periodic charges shall be in outline form and in clear and simple terms so as to facilitate comprehension. The notice shall not contain or be accompanied by any solicitation.

(12) No modifications to existing Medicare supplement coverage shall be made at the time of, or in connection with, the notice requirements of this article except to the extent necessary to eliminate duplication of Medicare benefits and any modifications necessary under the contract to provide indexed benefit adjustment.

(b) With respect to the standards for basic (core) benefits for benefit plans A to J, inclusive, every issuer shall make available a contract including only the following basic "core" package of benefits to each prospective applicant. This "core" package of benefits shall be referred to as standardized Medicare supplement benefit plan "A". An issuer may make available to prospective applicants any of the other Medicare supplement insurance benefit plans in addition to the basic core package, but not in lieu of it.

(5) Coverage for the coinsurance amount, or in the case of hospital outpatient services, the copayment amount, of Medicare eligible expenses under Part B regardless of hospital confinement, subject to the Medicare Part B deductible.

(c) The following additional benefits shall be included in Medicare supplement benefit plans B to J, inclusive, only as provided by Section 1358.9.

(1) With respect to the Medicare Part A deductible, coverage for all of the Medicare Part A inpatient hospital deductible amount per benefit period.

(2) With respect to skilled nursing facility care, coverage for the actual billed charges up to the coinsurance amount from the 21st day to the 100th day, inclusive, in a Medicare benefit period for posthospital skilled nursing facility care eligible under Medicare Part A.

(5) With respect to 100 percent of the Medicare Part B excess charges, coverage for all of the difference between the actual Medicare Part B charge as billed, not to exceed any charge limitation established by the Medicare Program or state law, and the Medicare-approved Part B charge.

(8) With respect to medically necessary emergency care in a foreign country, coverage to the extent not covered by Medicare for 80 percent of the billed charges for Medicare-eligible expenses for medically necessary emergency hospital, physician, and medical care received in a foreign country, which care would have been covered by Medicare if provided in the United States and which care began during the first 60 consecutive days of each trip outside the United States, subject to a

calendar year deductible of two hundred fifty dollars ($250), and a lifetime maximum benefit of fifty thousand dollars ($50,000). For purposes of this benefit, "emergency care" shall mean care needed immediately because of an injury or an illness of sudden and unexpected onset.

(ii) Mammogram.

(C) Influenza vaccine administered at any appropriate time during the year.

This benefit shall not include payment for any procedure covered by Medicare.

(i) At-home recovery services provided shall be primarily services that assist in activities of daily living.

The annual deductible shall be one thousand five hundred dollars ($1,500) for 1998 and 1999, and shall be based on a calendar year, as adjusted annually thereafter by the secretary to reflect the change in the Consumer Price Index for all urban consumers for the 12-month period ending with August of the preceding year, and rounded to the nearest multiple of ten dollars ($10). The outpatient prescription drug benefit shall not be included in a Medicare supplement contract sold on or after January 1, 2006.

The issuer shall make the contracts available without regard to the health status of the enrollee and without requiring evidence of insurability after the Medicare Select contract has been in force for six months.

(2) For the purposes of this subdivision, a Medicare supplement contract will be considered to have comparable or lesser benefits unless it contains one or more significant benefits not included in the Medicare Select contract being replaced. For the purposes of this paragraph, a significant benefit means coverage for the Medicare Part A deductible, coverage for at-home recovery services, or coverage for Medicare Part B excess charges.

(n) Medicare Select contracts shall provide for continuation of coverage in the event the secretary determines that Medicare Select contracts issued pursuant to this section should be discontinued due to either the failure of the Medicare Select program to be reauthorized under law or its substantial amendment.

(1) Each Medicare Select issuer shall make available to each enrollee covered by a Medicare Select contract the opportunity to purchase any Medicare supplement contract offered by the issuer that has comparable or lesser benefits and that does not contain a restricted provider network provision, if a Medicare supplement contract of that nature is offered by the issuer. The issuer shall make the contracts available without regard

to the health status of the enrollee and without requiring evidence of insurability after the Medicare Select contract has been in force for six months.

(2) For the purposes of this subdivision, a Medicare supplement contract will be considered to have comparable or lesser benefits unless it contains one or more significant benefits not included in the Medicare Select contract being replaced. For the purposes of this paragraph, a significant benefit means coverage for the Medicare Part A deductible, coverage for at-home recovery services, or coverage for Medicare Part B excess charges.

(o) An issuer offering Medicare Select contracts shall comply with reasonable requests for data made by state or federal agencies, including the United States Department of Health and Human Services, for the purpose of evaluating the Medicare Select program. An issuer shall not issue a Medicare Select contract in this state until the contract has been approved by the director.

SEC. 7. Section 1358.11 of the Health and Safety Code is amended to read:

1358.11. (a) (1) An issuer shall not deny or condition the offering or effectiveness of any Medicare supplement contract available for sale in this state, nor discriminate in the pricing of a contract because of the health status, claims experience, receipt of health care, or medical condition of an applicant in the case of an application for a contract that is submitted prior to or during the six-month period beginning with the first day of the first month in which an individual is both 65 years of age or older and is enrolled for benefits under Medicare Part B. Each Medicare supplement contract currently available from an issuer shall be made available to all applicants who qualify under this subdivision and who are 65 years of age or older.

(2) An issuer shall make available Medicare supplement benefit plans A, B, C, and F, if currently available, to an applicant who qualifies under this subdivision who is 64 years of age or younger and who does not have end-stage renal disease. An issuer shall also make available to those applicants, Medicare supplement benefit plan H, I, or J, if currently available, and commencing January 1, 2007, shall make available to them Medicare supplement benefit plan K or L, if currently available. The selection among Medicare supplement benefit plan H, I, or J and the selection between Medicare supplement benefit plan K or L shall be made at the issuer's discretion.

(3) This section and Section 1358.12 do not prohibit an issuer in determining subscriber rates from treating applicants who are under 65 years of age and are eligible for Medicare Part B as a separate risk classification.

(b) (1) If an applicant qualifies under subdivision (a) and submits an application during the time period referenced in subdivision (a) and, as of the date of application, has had a continuous period of creditable coverage of at least six months, the issuer shall not exclude benefits based on a preexisting condition.

(2) If the applicant qualifies under subdivision (a) and submits an application during the time period referenced in subdivision (a) and, as of the date of application, has had a continuous period of creditable coverage that is less than six months, the issuer shall reduce the period of any preexisting condition exclusion by the aggregate of the period of creditable coverage applicable to the applicant as of the enrollment date. The manner of the reduction under this subdivision shall be as specified by the director.

(c) Except as provided in subdivision (b) and Section 1358.23, subdivision (a) shall not be construed as preventing the exclusion of benefits under a contract, during the first six months, based on a preexisting condition for which the enrollee received treatment or was otherwise diagnosed during the six months before the coverage became effective.

(d) An individual enrolled in Medicare by reason of disability shall be entitled to open enrollment described in this section for six months after the date of his or her enrollment in Medicare Part B, or if notified retroactively of his or her eligibility for Medicare, for six months following notice of eligibility. Sales during the open enrollment period shall not be discouraged by any means, including the altering of the commission structure.

(e) (1) An individual enrolled in Medicare Part B is entitled to open enrollment described in this section for six months following:

(A) Receipt of a notice of termination or, if no notice is received, the effective date of termination from any employer-sponsored health plan including an employer-sponsored retiree health plan.

(B) Receipt of a notice of loss of eligibility due to the divorce or death of a spouse or, if no notice is received, the effective date of loss of eligibility due to the divorce or death of a spouse, from any employer-sponsored health plan including an employer-sponsored retiree health plan.

(C) Termination of health care services for a military retiree or the retiree's Medicare eligible spouse or dependent as a result of a military base closure or loss of access to health care services because the base no longer offers services or because the individual relocates.

(2) For purposes of this subdivision, "employer-sponsored retiree health plan" includes any coverage for medical expenses that is directly

or indirectly sponsored or established by an employer for employees or retirees, their spouses, dependents, or other included covered persons.

(f) An individual enrolled in Medicare Part B is entitled to open enrollment described in this section if the individual was covered under a policy, certificate, or contract providing Medicare supplement coverage but that coverage terminated because the individual established residence at a location not served by the issuer.

(g) (1) An individual whose coverage was terminated by a Medicare Advantage plan shall be entitled to an additional 60-day open enrollment period to be added on to and run consecutively after any open enrollment period authorized by federal law or regulation, for any and all Medicare supplement coverage available on a guaranteed basis under state and federal law or regulations for persons terminated by their Medicare Advantage plan.

(2) Health plans that terminate Medicare enrollees shall notify those enrollees in the termination notice of the additional open enrollment period authorized by this subdivision. Health plan notices shall inform enrollees of the opportunity to secure advice and assistance from the HICAP in their area, along with the toll-free telephone number for HICAP.

(h) An individual shall be entitled to an annual open enrollment period lasting 30 days or more, commencing with the individual's birthday, during which time that person may purchase any Medicare supplement coverage that offers benefits equal to or lesser than those provided by the previous coverage. During this open enrollment period, no issuer that falls under this provision shall deny or condition the issuance or effectiveness of Medicare supplement coverage, nor discriminate in the pricing of coverage, because of health status, claims experience, receipt of health care, or medical condition of the individual if, at the time of the open enrollment period, the individual is covered under another Medicare supplement policy, certificate, or contract. An issuer that offers Medicare supplement contracts shall notify an enrollee of his or her rights under this subdivision at least 30 and no more than 60 days before the beginning of the open enrollment period.

(i) Commencing January 1, 2007, an individual enrolled in Medicare Part B is entitled to open enrollment described in this section upon being notified that he or she is no longer eligible for benefits under the Medi-Cal program because of an increase in the individual's income or assets.

SEC. 8. Section 1358.12 of the Health and Safety Code is repealed.

1358.12. (a) (1) With respect to the guaranteed issue of a Medicare supplement contract, eligible persons are those individuals described in subdivision (b) who seek to enroll under the contract during the period specified in subdivision (c), and who submit evidence of the date of termination or disenrollment or enrollment in Medicare Part D with the application for a Medicare supplement contract.

(2) With respect to eligible persons, an issuer shall not take any of the following actions:

(A) Deny or condition the issuance or effectiveness of a Medicare supplement contract described in subdivision (e) that is offered and is available for issuance to new enrollees by the issuer.

(B) Discriminate in the pricing of that Medicare supplement contract because of health status, claims experience, receipt of health care, or medical condition.

(C) Impose an exclusion of benefits based on a preexisting condition under that Medicare supplement contract.

(A) The certification of the organization or plan has been terminated.

(C) The individual is no longer eligible to elect the plan because of a change in the individual's place of residence or other change in circumstances specified by the secretary. Those changes in circumstances shall not include termination of the individual's enrollment on the basis described in Section 1851(g)(3)(B) of the federal Social Security Act where the individual has not paid premiums on a timely basis or has engaged in disruptive behavior as specified in standards under Section 1856, or the plan is terminated for all individuals within a residence area.

(D) The Medicare Advantage plan in which the individual is enrolled reduces any of its benefits or increases the amount of cost sharing or discontinues for other than good cause relating to quality of care, its relationship or contract under the plan with a provider who is currently furnishing services to the individual. An individual shall be eligible under this subparagraph for a Medicare supplement contract issued by the same issuer through which the individual was enrolled at the time

the reduction, increase, or discontinuance described above occurs or, commencing January 1, 2007, for one issued by a subsidiary of the parent company of that issuer or by a network that contracts with the parent company of that issuer.

(E) The individual demonstrates, in accordance with guidelines established by the secretary, either of the following:

(ii) The organization, or agent or other entity acting on the organization's behalf, materially misrepresented the plan's provisions in marketing the plan to the individual.

(F) The individual meets other exceptional conditions as the secretary may provide.

(3) The individual is 65 years of age or older, is enrolled with a Program of All-Inclusive Care for the Elderly (PACE) provider under Section 1894 of the Social Security Act, and circumstances similar to those described in paragraph (2) exist that would permit discontinuance of the individual's enrollment with the provider, if the individual were enrolled in a Medicare Advantage plan.

(B) The enrollment ceases under the same circumstances that would permit discontinuance of an individual's election of coverage under paragraph (2) or (3).

(5) The individual is enrolled under a Medicare supplement contract, and the enrollment ceases because of any of the following circumstances:

(A) The insolvency of the issuer or bankruptcy of the nonissuer organization, or other involuntary termination of coverage or enrollment under the contract.

(B) The issuer of the contract substantially violated a material provision of the contract.

(C) The issuer, or an agent or other entity acting on the issuer's behalf, materially misrepresented the contract's provisions in marketing the contract to the individual.

(7) The individual upon first becoming eligible for benefits under Medicare Part A at age 65 years of age, enrolls in a Medicare Advantage plan under Medicare Part C or with a PACE provider under Section 1894 of the Social Security Act, and disenrolls from the plan or program not later than 12 months after the effective date of enrollment.

(c) (1) In the case of an individual described in paragraph (1) of subdivision (b), the guaranteed issue period begins on the later of the following two dates and ends on the date that is 63 days after the date the applicable coverage terminated:

(2) In the case of an individual described in paragraphs (2), (3), (4), (6), and (7) of subdivision (b) whose enrollment is terminated involuntarily, the guaranteed issue period begins on the date that the individual receives a notice of termination and ends 63 days after the date the applicable coverage is terminated.

(3) In the case of an individual described in subparagraph (A) of paragraph (5) of subdivision (b), the guaranteed issue period begins on the earlier of the following two dates and ends on the date that is 63 days after the date the coverage is terminated:

(5) In the case of an individual described in paragraph (8) of subdivision (b), the guaranteed issue period begins on the date the individual receives notice pursuant to Section 1882(v)(2)(B) of the Social Security Act from the Medicare supplement issuer during the 60-day period immediately preceding the initial enrollment period for Medicare Part D and ends on the date that is 63 days after the effective date of the individual's coverage under Medicare Part D.

(6) In the case of an individual described in subdivision (b) who is not included in this subdivision, the guaranteed issue period begins on the effective date of disenrollment and ends on the date that is 63 days after the effective date of disenrollment.

(d) (1) In the case of an individual described in paragraph (6) of subdivision (b), or deemed to be so described pursuant to this paragraph, whose enrollment with an organization or provider described in subparagraph (A) of paragraph (6) of subdivision (b) is involuntarily terminated within the first 12 months of enrollment and who, without an intervening enrollment, enrolls with another such organization or provider, the subsequent enrollment shall be deemed to be an initial enrollment described in paragraph (6) of subdivision (b).

in subparagraph (A) of paragraph (6) of subdivision (b), or with a plan or in a program described in paragraph (7) of subdivision (b) shall not be deemed to be an initial enrollment under this paragraph after the two-year period beginning on the date on which the individual first enrolled with such an organization, provider, plan, or program.

(e) (1) Under paragraphs (1), (2), (3), (4), and (5) of subdivision (b), an eligible individual is entitled to a Medicare supplement contract that has a benefit package classified as Plan A, B, C, F (including a high deductible Plan F), K, or L offered by any issuer.

(2) (A) Under paragraph (6) of subdivision (b), an eligible individual is entitled to the same Medicare supplement contract in which he or she was most recently enrolled, if available from the same issuer. If that contract is not available, the eligible individual is entitled to a Medicare supplement contract that has a benefit package classified as Plan A, B, C, F (including a high deductible Plan F), K, or L offered by any issuer.

(B) On and after January 1, 2006, an eligible individual described in this paragraph who was most recently enrolled in a Medicare supplement contract with an outpatient prescription drug benefit, is entitled to a Medicare supplement contract that is available from the same issuer but without an outpatient prescription drug benefit or, at the election of the individual, has a benefit package classified as a Plan A, B, C, F (including high deductible Plan F), K, or L that is offered by any issuer.

(3) Under paragraph (7) of subdivision (b), an eligible individual is entitled to any Medicare supplement contract offered by any issuer.

SEC. 10. Section 1358.14 of the Health and Safety Code is amended to read:

1358.14. (a) (1) (A) With respect to loss ratio standards, a Medicare supplement contract shall not be advertised, solicited, or issued for delivery unless the contract can be expected, as estimated for the entire period for which prepaid or periodic charges are computed to provide coverage, to return to subscribers and enrollees in the form of aggregate benefits under the contract, not including anticipated refunds or credits provided under the contract, at least 75 percent of the aggregate amount of charges earned in the case of group contracts, or at least 65 percent of the aggregate amount of charges earned in the case of individual contracts, on the basis of incurred claims or costs of health care services experience and earned prepaid or periodic charges for that period and in accordance with accepted actuarial principles and practices.

(B) Loss ratio standards shall be calculated on the basis of incurred health care expenses where coverage is provided by a health care service plan on a service rather than reimbursement basis, and earned prepaid or periodic charges shall be calculated for the period and in accordance with accepted actuarial principles and practices. Incurred health care expenses where coverage is provided by a health care service plan shall not include any of the following:

(i) Home office and overhead costs.

(ii) Advertising costs.

(iii) Commissions and other acquisition costs.

(iv) Taxes.

(v) Capital costs.

(vi) Administrative costs.

(vii) Claims processing costs.

(2) All filings of rates and rating schedules shall demonstrate that expected claims in relation to prepaid or periodic charges comply with the requirements of this section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards.

(3) For purposes of applying paragraph (1) of subdivision (a) and paragraph (3) of subdivision (d) of Section 1358.15 only, contracts issued as a result of solicitations of individuals through the mail or by mass media advertising, including both print and broadcast advertising, shall be deemed to be individual contracts.

(b) (1) With respect to refund or credit calculations, an issuer shall collect and file with the director by May 31 of each year the data contained in the applicable reporting form required by the director (NAIC Appendix A) for each type of coverage in a standard Medicare supplement benefit plan.

(2) If on the basis of the experience as reported the benchmark ratio since inception (ratio 1) exceeds the adjusted experience ratio since inception (ratio 3), then a refund or credit calculation is required. The refund calculation shall be done on a statewide basis for each type of contract offered by the issuer. For purposes of the refund or credit calculation, experience on contracts issued within the reporting year shall be excluded.

(3) For the purposes of this section, with respect to contracts advertised, solicited, or issued for delivery prior to January 1, 2001, the issuer shall make the refund or credit calculation separately for all individual contracts, including all group contracts subject to an individual loss ratio standard when issued, combined and all other group contracts combined for experience after January 1, 2001. The first report pursuant to paragraph (1) shall be due by May 31, 2003.

(4) A refund or credit shall be made only when the benchmark loss ratio exceeds the adjusted experience loss ratio and the amount to be refunded or credited exceeds ten dollars ($10). The refund shall include interest from the end of the calendar year to the date of the refund or credit at a rate specified by the secretary, but in no event shall it be less than the average rate of interest for 13-week Treasury notes. A refund or credit against prepaid or periodic charges due shall be made by September 30 following the experience year upon which the refund or credit is based.

(c) An issuer of Medicare supplement contracts shall file annually its prepaid or periodic charges and supporting documentation including ratios of incurred losses to earned prepaid or periodic charges by contract duration for approval by the director in accordance with the filing requirements and procedures prescribed by the director. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which charges are computed. The demonstration shall exclude active life reserves. An expected third-year loss ratio that is greater than or

equal to the applicable percentage shall be demonstrated for contracts in force less than three years.

As soon as practicable, but prior to the effective date of enhancements in Medicare benefits, every issuer of Medicare supplement contracts shall file with the director, in accordance with applicable filing procedures, all of the following:

(1) (A) Appropriate prepaid or periodic charge adjustments necessary to produce loss ratios as anticipated for the current charge for the applicable contracts. The supporting documents necessary to justify the adjustment shall accompany the filing.

(B) An issuer shall make prepaid or periodic charge adjustments necessary to produce an expected loss ratio under the contract to conform to minimum loss ratio standards for Medicare supplement contracts and that are expected to result in a loss ratio at least as great as that originally anticipated in the rates used to produce current charges by the issuer for the Medicare supplement contracts. No charge adjustment that would modify the loss ratio experience under the contract other than the adjustments described in this section shall be made with respect to a contract at any time other than upon its renewal date or anniversary date.

(C) If an issuer fails to make prepaid or periodic charge adjustments acceptable to the director, the director may order charge adjustments, refunds, or credits deemed necessary to achieve the loss ratio required by this section.

(2) Any appropriate contract amendments needed to accomplish the Medicare supplement contract modifications necessary to eliminate benefit duplications with Medicare. The contract amendments shall provide a clear description of the Medicare supplement benefits provided by the contract.

(d) (1) The director may conduct a public hearing to gather information concerning a request by an issuer for an increase in a rate for a contract form issued before or after the effective date of January 1, 2001, if the experience of the form for the previous reporting period is not in compliance with the applicable loss ratio standard. The determination of compliance is made without consideration of any refund or credit for the reporting period. Public notice of the hearing shall be furnished in a manner deemed appropriate by the director.

(2) The director may conduct a public hearing to gather information if the experience of the form filed under paragraph (1) of subdivision (b) for the previous reporting period is not in compliance with the applicable loss ratio standard.

The determination of compliance is made without consideration of any refund or credit for the reporting period. Public notice of the hearing shall be furnished in a manner deemed appropriate by the director.

SEC. 11. Section 1358.15 of the Health and Safety Code is amended to read:

1358.15. (a) An issuer shall not advertise, solicit, or issue for delivery a Medicare supplement contract to a resident of this state unless the contract has been filed with and approved by the director in accordance with filing requirements and procedures prescribed by the director. Until January 1, 2001, or 90 days after approval of Medicare supplement contracts submitted for approval pursuant to this section, whichever is later, issuers may continue to offer and market previously approved Medicare supplement contracts.

(b) An issuer shall file any riders or amendments to contract forms to delete outpatient prescription drug benefits, as required by the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (P.L. 108-173), only in the state where the contract was issued.

(c) An issuer shall not use or change prepaid or periodic charges for a Medicare supplement contract unless the charges and supporting documentation have been filed with and approved by the director in accordance with the filing requirements and procedures prescribed by the director.

(d) (1) Except as provided in paragraph (2), an issuer shall not file for approval more than one contract of each type for each standard Medicare supplement benefit plan.

(2) An issuer may offer, with the approval of the director, up to four additional contracts of the same type for the same standard Medicare supplement benefit plan, one for each of the following cases:

(A) The inclusion of new or innovative benefits.

(B) The addition of either direct response or agent marketing methods.

(C) The addition of either guaranteed issue or underwritten coverage.

(D) The offering of coverage to individuals eligible for Medicare by reason of disability.

(3) For the purposes of this section, a "type" means an individual contract, a group contract, an individual Medicare Select contract, or a group Medicare Select contract.

(e) (1) Except as provided in subdivision (a), an issuer shall continue to make available for purchase any contract issued after January 1, 2001, that has been approved by the director. A contract shall not be considered to be available for purchase unless the issuer has actively offered it for sale in the previous 12 months.

(A) An issuer may discontinue the availability of a contract if the issuer provides to the director in writing its decision at least 30 days prior to discontinuing the availability of the form of the contract. After receipt of the notice by the director, the issuer shall no longer offer for sale the contract in this state.

(B) An issuer that discontinues the availability of a contract pursuant to subparagraph (A) shall not file for approval a new contract of the same type for the same standard Medicare supplement benefit plan as the discontinued contract for a period of five years after the issuer provides notice to the director of the discontinuance. The period of discontinuance may be reduced if the director determines that a shorter period is appropriate.

(2) The sale or other transfer of Medicare supplement business to another issuer shall be considered a discontinuance for the purposes of this section.

(3) A change in the rating structure or methodology shall be considered a discontinuance under paragraph (1) unless the issuer complies with the following requirements:

(A) The issuer provides an actuarial memorandum, in a form and manner prescribed by the director, describing the manner in which the revised rating methodology and resultant rates differ from the existing rating methodology and existing rates.

(B) The issuer does not subsequently put into effect a change of rates or rating factors that would cause the percentage differential between the discontinued and subsequent rates as described in the actuarial memorandum to change. The director may approve a change to the differential that is in the public interest.

(f) (1) Except as provided in paragraph (2), the experience of all contracts of the same type in a standard Medicare supplement benefit plan shall be combined for purposes of the refund or credit calculation prescribed in Section 1358.14.

(2) Contracts assumed under an assumption reinsurance agreement shall not be combined with the experience of other contracts for purposes of the refund or credit calculation.

(g) A Medicare supplement contract shall be deemed not to be fair, just, or consistent with the objectives of this chapter at all times, and shall not be advertised, solicited, or issued for delivery at any time, except during that period of time, if any, beginning with the date of receipt by the plan of notification by the director that the provisions of the contract are deemed to be fair, just, and consistent with the objectives of this chapter, and ending with the earlier to occur of the events indicated in subdivision (h).

(h) The period of time indicated in subdivision (g) shall terminate at the earlier to occur of (1) receipt by the plan of written revocation by the director of the immediate past notification referred to in subdivision (g) specifying the basis for the revocation, (2) the last day of the prepaid or periodic charge calculation period, that in no event may exceed one year, or (3) June 30, of the next succeeding calendar year.

(i) An issuer shall secure the director's review of a contract subject to this article by submitting, not less than 30 days prior to any proposed advertising or other use of the contract not already protected by a currently effective notice under subdivision (g), the following for the director's review:

(1) A copy of the contract.

(2) A copy of the disclosure form.

(3) A representation that the contract complies with the provisions of this chapter and the rules adopted thereunder.

(4) A completed copy of the "Medicare Supplement Health Care Service Plan Contract Experience Exhibit" set forth in Section 1358.145.

(5) A copy of the calculations for the actual or expected loss ratio.

(6) Supporting data used in calculating the actual or expected loss ratio as indicated in Section 1358.14.

(7) An actuarial certification, as specified in Section 1358.14, of the loss ratio computations.

(8) If required by the director, actuarial certification, as specified in Section 1358.14, of the loss ratio computations by one or more unaffiliated actuaries acceptable to the director.

(9) An undertaking by the issuer to notify the subscribers in writing within 60 days of decertification, if the contract is identified as a certified contract at the time of sale and later decertified.

(10) A signed statement of the president of the issuer or other officer of the issuer designated by that person attesting that the information submitted for review is accurate and complete and does not misrepresent any material fact.

(j) An issuer that submits information pursuant to subdivision (i) shall provide any additional information as may be requested by the director to enable the director to conclude that the contract complies with the provisions of this chapter and rules adopted thereunder.

(k) For the purposes of this section, the term "decertified," as applied to a contract, means that the director by written notice has found that the contract no longer complies with the provisions of this chapter and the rules adopted thereunder and has revoked the prior authorization to display on the contract the emblem indicating certification.

(*l*) Benefits designed to cover cost-sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible amount and copayment percentage factors and the amount of prepaid charges may be modified, as indicated in paragraph (6) of subdivision (a) of Section 1300.67.4 of Title 28 of the California Code of Regulations, to correspond with those changes.

SEC. 12 Section 1358.16 of the Health and Safety Code is amended to read:

1358.16. (a) An issuer or other entity may provide a commission or other compensation to a solicitor or other representative for the sale of a Medicare supplement contract only if the first year commission or other first year compensation is no more than 200 percent of the commission or other compensation paid for selling or servicing the contract in the second year or period.

(b) The commission or other compensation provided in subsequent renewal years shall be the same as that provided in the second year or period and shall be provided for no fewer than five renewal years.

(c) No issuer shall provide compensation to a solicitor or solicitor firm, and no solicitor or solicitor firm shall receive compensation, greater than the renewal compensation payable by the replacing issuer on renewal contracts if an existing contract is replaced.

(d) For purposes of this section, "commission" or "compensation" includes pecuniary or nonpecuniary remuneration of any kind relating to the sale or renewal of the contract, including, but not limited to, bonuses, gifts, prizes, awards, and finders' fees.

SEC. 13. Section 1358.17 of the Health and Safety Code is amended to read:

1358.17. (a) (1) Medicare supplement contracts shall include a renewal or continuation provision. The language or specifications of the provision shall be consistent with subdivision (a) of Section 1365 and the rules adopted thereunder. The provision shall be appropriately captioned and shall appear on the first page of the contract, and shall include any reservation by the issuer of the right to change prepaid or periodic charges and any automatic renewal increases based on the enrollee's age.

(2) The contract shall contain the provisions required to be set forth by Section 1300.67.4 of Title 28 of the California Code of Regulations.

(b) (1) Except for contract amendments by which the issuer effectuates a request made in writing by the enrollee, exercises a specifically reserved right under a Medicare supplement contract, or is required to reduce or eliminate benefits to avoid duplication of Medicare benefits, all amendments to a Medicare supplement contract after the date of issue or upon reinstatement or renewal that reduce or eliminate benefits or coverage in the contract shall require a signed acceptance by the subscriber. After the date of contract issue, any amendment that increases benefits or coverage with a concomitant increase in prepaid or periodic charges during the contract term shall be agreed to in writing signed by the subscriber, unless the benefits are required by the minimum standards for Medicare supplement contracts, or if the increased benefits or coverage is required by law. If a separate additional charge is made

for benefits provided in connection with contract amendments, the charge shall be set forth in the contract.

(2) An issuer shall not in any way reduce or eliminate any benefit or coverage under a Medicare supplement contract at any time after the date of entering the contract, including dates of reinstatement or renewal, unless and until the change is voluntarily agreed to in writing signed by the subscriber or enrollee, or is required to reduce or eliminate benefits to avoid duplication of Medicare benefits. The issuer shall not increase benefits or coverage with a concomitant increase in prepaid or periodic charges during the term of the contract unless and until the change is voluntarily agreed to in writing signed by the subscriber or enrollee or unless the increased benefits or coverage is required by law or regulation.

(c) Medicare supplement contracts shall not provide for the payment of benefits based on standards described as "usual and customary," "reasonable and customary," or words of similar import.

(d) If a Medicare supplement contract contains any limitations with respect to preexisting conditions, those limitations shall appear as a separate paragraph of the contract and be labeled as "Preexisting Condition Limitations."

(e) (1) Medicare supplement contracts shall have a notice prominently printed in no less than 10-point uppercase type, on the cover page of the contract or attached thereto stating that the applicant shall have the right to return the contract within 30 days of its receipt via regular mail, and to have any charges refunded in a timely manner if, after examination of the contract, the covered person is not satisfied for any reason. The return shall void the contract from the beginning, and the parties shall be in the same position as if no contract had been issued.

(2) For purposes of this section, a timely manner shall be no later than 30 days after the issuer receives the returned contract.

(3) If the issuer fails to refund all prepaid or periodic charges paid in a timely manner, then the applicant shall receive interest on the paid charges at the legal rate of interest on judgments as provided in Section 685.010 of the Code of Civil Procedure. The interest shall be paid from the date the issuer received the returned contract.

(f) (1) Issuers of health care service plan contracts that provide hospital or medical expense coverage on an expense incurred or indemnity basis to persons eligible for Medicare shall provide to those applicants a guide to health insurance for people with Medicare in the form developed jointly by the National Association of Insurance Commissioners and the Centers for Medicare and Medicaid Services and in a type size no smaller than 12-point type. Delivery of the guide shall be made whether or not the contracts are advertised, solicited, or issued for delivery as Medicare supplement contracts as defined in this

article. Except in the case of direct response issuers, delivery of the guide shall be made to the applicant at the time of application, and acknowledgment of receipt of the guide shall be obtained by the issuer. Direct response issuers shall deliver the guide to the applicant upon request, but not later than at the time the contract is delivered.

(2) For the purposes of this section, "form" means the language, format, type size, type proportional spacing, bold character, and line spacing.

(g) As soon as practicable, but no later than 30 days prior to the annual effective date of any Medicare benefit changes, an issuer shall notify its enrollees and subscribers of modifications it has made to Medicare supplement contracts in a format acceptable to the director. The notice shall include both of the following:

(1) A description of revisions to the Medicare Program and a description of each modification made to the coverage provided under the Medicare supplement contract.

(2) Inform each enrollee as to when any adjustment in prepaid or periodic charges is to be made due to changes in Medicare.

(h) The notice of benefit modifications and any adjustments of prepaid or periodic charges shall be in outline form and in clear and simple terms so as to facilitate comprehension.

(i) The notices shall not contain or be accompanied by any solicitation.

(j) (1) Issuers shall provide an outline of coverage to all applicants at the time application is presented to the prospective applicant and, except for direct response policies, shall obtain an acknowledgment of receipt of the outline from the applicant. If an outline of coverage is provided at the time of application and the Medicare supplement contract is issued on a basis which would require revision of the outline, a substitute outline of coverage properly describing the contract shall accompany the contract when it is delivered and contain the following statement, in no less than 12-point type, immediately above the company name:

"NOTICE: Read this outline of coverage carefully. It is not identical to the outline of coverage provided upon application and the coverage originally applied for has not been issued."

(2) The outline of coverage provided to applicants pursuant to this section consists of four parts: a cover page, information about prepaid or periodic charges, disclosure pages, and charts displaying the features of each benefit plan offered by the issuer. The outline of coverage shall be in the language and format prescribed below in no less than 12-point type. All benefit plans A-L shall be shown on the cover page, and the

plans that are offered by the issuer shall be prominently identified. Information about prepaid or periodic charges for plans that are offered shall be shown on the cover page or immediately following the cover page and shall be prominently displayed. The charge and mode shall be stated for all plans that are offered to the prospective applicant. All possible charges for the prospective applicant shall be illustrated.

(3) The disclosure pages shall be in the language and format described below in no less than 12-point type.

INFORMATION ABOUT PREPAID OR PERIODIC CHARGES

[Insert plan's name] can only raise your charges if it raises the charge for all contracts like yours in this state. [If the charge is based on the increasing age of the enrollee, include information specifying when charges will change.]

DISCLOSURES

Use this outline to compare benefits and charges among policies.

READ YOUR POLICY VERY CAREFULLY

This is only an outline describing the most important features of your Medicare supplement plan contract. This is not the plan contract and only the actual contract provisions will control. You must read the contract itself to understand all of the rights and duties of both you and [insert the health care service plan's name].

RIGHT TO RETURN POLICY

If you find that you are not satisfied with your contract, you may return it to [insert plan's address]. If you send the contract back to us within 30 days after you receive it, we will treat the contract as if it had never been issued and return all of your payments.

POLICY REPLACEMENT

If you are replacing other health coverage, do NOT cancel it until you have actually received your new contract and are sure you want to keep it.

NOTICE

This contract may not fully cover all of your medical costs. Neither [insert the health care service plan's name] nor its agents are connected with Medicare.

This outline of coverage does not give all the details of Medicare coverage. Contact your local social security office or consult "The Medicare Handbook" for further details and limitations applicable to Medicare.

COMPLETE ANSWERS ARE VERY IMPORTANT

When you fill out the application for the new contract, be sure to answer truthfully and completely all questions about your medical and health history. The company may cancel your contract and refuse to pay any claims if you leave out or falsify important medical information. [If the contract is guaranteed issue, this paragraph need not appear.] Review the application carefully before you sign it. Be certain that all information has been properly recorded. [The charts displaying the features of each benefit plan offered by the issuer shall use the uniform format and language shown in the charts set forth in Section 17 of the Model Regulation to Implement the NAIC Medicare Supplement Insurance Minimum Standards Model Act, as most recently adopted by the National Association of Insurance Commissioners. No more than four benefit plans may be shown on one chart. For purposes of illustration, charts for each benefit plan are set forth below. An issuer may use additional benefit plan designations on these charts.]

[Include an explanation of any innovative benefits on the cover page and in the chart, in a manner approved by the director.]

(k) Notwithstanding Section 1300.63.2 of Title 28 of the California Code of Regulations, no issuer shall combine the evidence of coverage and disclosure form into a single document relating to a contract that supplements Medicare, or is advertised or represented as a supplement to Medicare, with hospital or medical coverage.

(*l*) The director may adopt regulations to implement this article, including, but not limited to, regulations that specify the required information to be contained in the outline of coverage provided to applicants pursuant to this section, including the format of tables, charts, and other information.

(m) (1) Any health care service plan contract, other than a Medicare supplement contract, a contract issued pursuant to a contract under Section 1876 of the federal Social Security Act (42 U.S.C. Sec. 1395 et

seq.), a disability income policy, or any other contract identified in subdivision (b) of Section 1358.3, issued for delivery in this state to persons eligible for Medicare, shall notify enrollees under the contract that the contract is not a Medicare supplement contract. The notice shall either be printed or attached to the first page of the outline of coverage delivered to enrollees under the contract, or if no outline of coverage is delivered, to the first page of the contract delivered to enrollees. The notice shall be in no less than 12-point type and shall contain the following language:

"THIS CONTRACT IS NOT A MEDICARE SUPPLEMENT. If you are eligible for Medicare, review the Guide to Health Insurance for People with Medicare available from the company."

(2) Applications provided to persons eligible for Medicare for the health insurance contracts described in paragraph (1) shall disclose the extent to which the contract duplicates Medicare in a manner required by the director. The disclosure statement shall be provided as a part of, or together with, the application for the contract.

(n) A Medicare supplement contract that does not cover custodial care shall, on the cover page of the outline of coverages, contain the following statement in uppercase type: "THIS POLICY DOES NOT COVER CUSTODIAL CARE IN A SKILLED NURSING CARE FACILITY."

(o) An issuer shall comply with all notice requirements of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (P.L. 108-173).

SEC. 14. Section 1358.18 of the Health and Safety Code is amended to read:

1358.18. In the interest of full and fair disclosure, and to assure the availability of necessary consumer information to potential subscribers or enrollees not possessing a special knowledge of Medicare, health care service plans, or Medicare supplement contracts, an issuer shall comply with the following provisions:

(a) Application forms shall include the following questions designed to elicit information as to whether, as of the date of the application, the applicant currently has Medicare supplement, Medicare Advantage, Medi-Cal coverage, or another health insurance policy or certificate or plan contract in force or whether a Medicare supplement contract is intended to replace any other disability policy or certificate, or plan contract, presently in force. A supplementary application or other form to be signed by the applicant and solicitor containing those questions and statements may be used.

"(Statements)

(1) You do not need more than one Medicare supplement policy or contract.

(2) If you purchase this contract, you may want to evaluate your existing health coverage and decide if you need multiple coverages.

(3) You may be eligible for benefits under Medi-Cal or Medicaid and may not need a Medicare supplement contract.

(4) If after purchasing this contract you become eligible for Medi-Cal, the benefits and premiums under your Medicare supplement contract can be suspended, if requested, during your entitlement to benefits under Medi-Cal or Medicaid for 24 months. You must request this suspension within 90 days of becoming eligible for Medi-Cal or Medicaid. If you are no longer entitled to Medi-Cal or Medicaid, your suspended Medicare supplement contract or if that is no longer available, a substantially equivalent contract, will be reinstituted if requested within 90 days of losing Medi-Cal or Medicaid eligibility. If the Medicare supplement contract provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your contract was suspended, the reinstituted contract will not have outpatient prescription drug coverage, but will otherwise be substantially equivalent to your coverage before the date of the suspension.

(5) If you are eligible for, and have enrolled in, a Medicare supplement contract by reason of disability and you later become covered by an employer or union-based group health plan, the benefits and premiums under your Medicare supplement contract can be suspended, if requested, while you are covered under the employer or union-based group health plan. If you suspend your Medicare supplement contract under these circumstances and later lose your employer or union-based group health plan, your suspended Medicare supplement contract or if that is no longer available, a substantially equivalent contract, will be reinstituted if requested within 90 days of losing your employer or union-based group health plan. If the Medicare supplement contract provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your contract was suspended, the reinstituted contract will not have outpatient prescription drug coverage, but will otherwise be substantially equivalent to your coverage before the date of the suspension.

(6) Counseling services are available in this state to provide advice concerning your purchase of Medicare supplement coverage and concerning medical assistance through the Medi-Cal or Medicaid Program, including benefits as a qualified Medicare beneficiary (QMB) and a specified low-income Medicare beneficiary (SLMB). Information

regarding counseling services may be obtained from the California Department of Aging.

(e) The notice required by subdivision (d) for an issuer shall be provided in substantially the following form in no less than 10-point type:

NOTICE TO APPLICANT REGARDING REPLACEMENT OF MEDICARE SUPPLEMENT COVERAGE OR MEDICARE ADVANTAGE
(Company name and address)

SAVE THIS NOTICE! IT MAY BE IMPORTANT TO YOU IN THE FUTURE

According to [your application] [information you have furnished], you intend to lapse or otherwise terminate an existing Medicare supplement policy or contract or Medicare Advantage plan and replace it with a contract to be issued by [Plan Name]. Your contract to be issued by [Plan Name] will provide 30 days within which you may decide without cost whether you desire to keep the contract. You should review this new coverage carefully. Compare it with all accident and sickness coverage you now have. Terminate your present policy or contract only if, after due consideration, you find that purchase of this Medicare supplement coverage is a wise decision.

STATEMENT TO APPLICANT BY PLAN, SOLICITOR, SOLICITOR FIRM, OR OTHER REPRESENTATIVE:

(1) I have reviewed your current medical or health coverage. The replacement of coverage involved in this transaction does not duplicate coverage, to the best of my knowledge. The replacement contract is being purchased for the following reason (check one):
__Additional benefits.
__No change in benefits, but lower premiums or charges.
__Fewer benefits and lower premiums or charges.
__Plan has outpatient prescription drug coverage and applicant is enrolled in Medicare Part D.
__Disenrollment from a Medicare Advantage plan. Reasons for disenrollment:
__Other. (please specify) _____

(2) You may not be immediately eligible for full coverage under the new contract. This could result in denial or delay of a claim for benefits under the new contract, whereas a similar claim might have been payable under your present policy or contract.

(3) State law provides that your replacement Medicare supplement contract may not contain new preexisting conditions, waiting periods, elimination periods, or probationary periods. The plan will waive any time periods applicable to preexisting conditions, waiting periods, elimination periods, or probationary periods in the new coverage for similar benefits to the extent that time was spent (depleted) under the original contract.

(4) If you still wish to terminate your present policy or contract and replace it with new coverage, be certain to truthfully and completely answer any and all questions on the application concerning your medical and health history. Failure to include all material medical information on an application requesting that information may provide a basis for the plan to deny any future claims and to refund your prepaid or periodic payment as though your contract had never been in force. After the application has been completed and before you sign it, review it carefully to be certain that all information has been properly recorded.

(5) Do not cancel your present Medicare supplement coverage until you have received your new contract and are sure you want to keep it.

(Date)

(f) The application form or other consumer information for persons eligible for Medicare and used by an issuer shall contain as an attachment a Medicare supplement buyer's guide in the form approved by the director. The application or other consumer information, containing as an attachment the buyer's guide, shall be mailed or delivered to each applicant applying for that coverage at or before the time of application and, to establish compliance with this subdivision, the issuer shall obtain an acknowledgment of receipt of the attached buyer's guide from each applicant. No issuer shall make use of or otherwise disseminate any buyer's guide that does not accurately outline current Medicare supplement benefits. No issuer shall be required to provide more than one copy of the buyer's guide to any applicant.

(g) An issuer may comply with the requirement of this section in the case of group contracts by causing the subscriber (1) to disseminate copies of the disclosure form containing as an attachment the buyer's guide to all persons eligible under the group contract at the time those

persons are offered the Medicare supplement plan, and (2) collecting and forwarding to the issuer an acknowledgment of receipt of the disclosure form containing as an attachment the buyer's guide from each enrollee.

(h) Commencing January 1, 2007, an issuer shall not require or request health information from an applicant who is guaranteed issuance of any Medicare supplement coverage or require or request the applicant to sign a form required by the federal Health Insurance Portability and Accountability Act of 1996. The application form shall include a clear and conspicuous statement that the applicant is not required to provide health information or to sign a form required by the federal Health Insurance Portability and Accountability Act of 1996 during a period of guaranteed issuance of any Medicare supplement coverage and shall inform the applicant of periods of guaranteed issuance of Medicare supplement coverage. A supplementary application or other form containing those statements that the applicant and solicitor are required to sign may be used for this purpose. This subdivision shall not prohibit an issuer from requiring proof of eligibility for a guaranteed issuance of Medicare supplement coverage.

SEC. 15. Section 1358.20 of the Health and Safety Code is amended to read:

1358.20. (a) An issuer, directly or through solicitors or other representatives, shall do each of the following:

(1) Establish marketing procedures to ensure that any comparison of Medicare supplement coverage by its solicitors or other representatives will be fair and accurate.

(2) Establish marketing procedures to ensure that excessive coverage is not sold or issued.

(3) Display prominently by type, stamp, or other appropriate means, on the first page of the outline of coverage and contract, the following:

"Notice to buyer: This Medicare supplement contract may not cover all of your medical expenses."

(4) Inquire and otherwise make every reasonable effort to identify whether a prospective applicant for a Medicare supplement contract already has health care coverage and the types and amounts of that coverage.

(A) The policy is modified to eliminate outpatient prescription drug coverage for outpatient prescription drug expenses incurred after the effective date of the individual's coverage under a Medicare Part D plan.

(B) The premium is adjusted to reflect the elimination of outpatient prescription drug coverage at the time of enrollment in Medicare Part D, accounting for any claims paid if applicable.

SEC. 20. Section 10192.8 of the Insurance Code is amended to read:

10192.8. The following standards are applicable to all Medicare supplement policies or certificates advertised, solicited, or issued for delivery on or after January 1, 2001. A policy or certificate shall not be advertised, solicited, or issued for delivery as a Medicare supplement policy or certificate unless it complies with these benefit standards.

(a) The following general standards apply to Medicare supplement policies and certificates and are in addition to all other requirements of this article:

(1) A Medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six months from the effective date of coverage because it involved a preexisting condition. The policy or certificate shall not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.

(2) A Medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

(3) A Medicare supplement policy or certificate shall provide that benefits designed to cover cost-sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible amount and copayment percentage factors. Premiums may be modified to correspond with those changes.

(4) A Medicare supplement policy or certificate shall not provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium.

(5) Each Medicare supplement policy shall be guaranteed renewable or noncancelable.

(A) The issuer shall not cancel or nonrenew the policy solely on the ground of health status of the individual.

(B) The issuer shall not cancel or nonrenew the policy for any reason other than nonpayment of premium or misrepresentation which is shown by the issuer to be material to the acceptance for coverage. The contestability period for Medicare supplement insurance shall be two years.

(C) If the Medicare supplement policy is terminated by the master policyholder and is not replaced as provided under subparagraph (E), the issuer shall offer certificate holders an individual Medicare supplement policy that, at the option of the certificate holder, either provides for continuation of the benefits contained in the group policy or provides for benefits that otherwise meet the requirements of one of the standardized policies defined in this article.

(D) If an individual is a certificate holder in a group Medicare supplement policy and membership in the group is terminated, the issuer shall either offer the certificate holder the conversion opportunity described in subparagraph (C) or, at the option of the group policyholder, shall offer the certificate holder continuation of coverage under the group policy.

(E) (i) If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

(ii) If a Medicare supplement policy or certificate replaces another Medicare supplement policy or certificate that has been in force for six

months or more, the replacing issuer shall not impose an exclusion or limitation based on a preexisting condition. If the original coverage has been in force for less than six months, the replacing issuer shall waive any time period applicable to preexisting conditions, waiting periods, elimination periods, or probationary periods in the new policy or certificate to the extent the time was spent under the original coverage.

(F) If a Medicare supplement policy eliminates an outpatient prescription drug benefit as a result of requirements imposed by the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (P.L. 108-173), the policy as modified as a result of that act shall be deemed to satisfy the guaranteed renewal requirements of this paragraph.

(6) Termination of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss that commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be predicated upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or to payment of the maximum benefits. Receipt of Medicare Part D benefits shall not be considered in determining a continuous loss.

(7) (A) (i) A Medicare supplement policy or certificate shall provide that benefits and premiums under the policy or certificate shall be suspended at the request of the policyholder or certificate holder for the period, not to exceed 24 months, in which the policyholder or certificate holder has applied for and is determined to be entitled to Medi-Cal or Medicaid under Title XIX of the federal Social Security Act, but only if the policyholder or certificate holder notifies the issuer of the policy or certificate within 90 days after the date the individual becomes entitled to assistance. Upon receipt of timely notice, the insurer shall return directly to the insured that portion of the premium attributable to the period of Medi-Cal or Medicaid eligibility, subject to adjustment for paid claims. If suspension occurs and if the policyholder or certificate holder loses entitlement to Medi-Cal or Medicaid, the policy or certificate shall be automatically reinstituted, effective as of the date of termination of entitlement, as of the termination of entitlement if the policyholder or certificate holder provides notice of loss of entitlement within 90 days after the date of loss and pays the premium attributable to the period, effective as of the date of termination of entitlement, or equivalent coverage shall be provided if the prior form is no longer available.

(ii) A Medicare supplement policy or certificate shall provide that benefits and premiums under the policy or certificate shall be suspended at the request of the policyholder or certificate holder for any period that may be provided by federal regulation if the policyholder is entitled to

benefits under Section 226(b) of the Social Security Act and is covered under a group health plan, as defined in Section 1862(b)(1)(A)(v) of the Social Security Act. If suspension occurs and the policyholder or certificate holder loses coverage under the group health plan, the policy or certificate shall be automatically reinstituted, effective as of the date of loss of coverage if the policyholder provides notice within 90 days of the date of the loss of coverage.

(B) Reinstitution of coverages:

(i) Shall not provide for any waiting period with respect to treatment of preexisting conditions.

(ii) Shall provide for resumption of coverage that is substantially equivalent to coverage in effect before the date of suspension. If the suspended Medicare supplement policy provided coverage for outpatient prescription drugs, reinstitution of the policy for a Medicare Part D enrollee shall not include coverage for outpatient prescription drugs but shall otherwise provide coverage that is substantially equivalent to the coverage in effect before the date of suspension.

(iii) Shall provide for classification of premiums on terms at least as favorable to the policyholder or certificate holder as the premium classification terms that would have applied to the policyholder or certificate holder had the coverage not been suspended.

(8) No Medicare supplement policy may limit coverage exclusively to a single disease or affliction.

(b) With respect to the standards for basic (core) benefits for benefit plans A to J, inclusive, every issuer shall make available a policy or certificate including only the following basic "core" package of benefits to each prospective insured. An issuer may make available to prospective insureds any of the other Medicare supplement insurance benefit plans in addition to the basic core package, but not in lieu of it. However, the benefits described in paragraphs (6) and (7) shall not be offered so long as California is required to disallow these benefits for Medicare beneficiaries by the Centers for Medicare and Medicaid Services or other agent of the federal government under Section 1395ss of Title 42 of the United States Code.

SEC. 23. Section 10192.11 of the Insurance Code is amended to read:

10192.11. (a) (1) An issuer shall not deny or condition the issuance or effectiveness of any Medicare supplement policy or certificate available for sale in this state, nor discriminate in the pricing of a policy or certificate because of the health status, claims experience, receipt of health care, or medical condition of an applicant in the case of an application for a policy or certificate that is submitted prior to or during the six-month period beginning with the first day of the first month in which an individual is both 65 years of age or older and is enrolled for benefits under Medicare Part B. Each Medicare supplement policy and certificate currently available from an issuer shall be made available to all applicants who qualify under this subdivision and who are 65 years of age or older.

(2) An issuer shall make available Medicare supplement benefit plans A, B, C, and F, if currently available, to an applicant who qualifies under this subdivision who is 64 years of age or younger and who does not have end-stage renal disease. An issuer shall also make available to those applicants, Medicare supplement benefit plan H, I, or J, if currently available, and commencing January 1, 2007, shall make available to them Medicare supplement benefit plan K or L, if currently available. The selection among Medicare supplement plan H, I, or J and the selection between Medicare supplement benefit plan K or L shall be made at the issuer's discretion.

(3) This section and Section 10192.12 do not prohibit an issuer in determining premium rates from treating applicants who are under 65 years of age and are eligible for Medicare Part B as a separate risk classification. This section shall not be construed as preventing the exclusion of benefits for preexisting conditions as defined in paragraph (1) of subdivision (a) of Section 10192.8.

(b) (1) If an applicant qualifies under subdivision (a) and submits an application during the time period referenced in subdivision (a) and, as of the date of application, has had a continuous period of creditable coverage of at least six months, the issuer shall not exclude benefits based on a preexisting condition.

(2) If the applicant qualifies under subdivision (a) and submits an application during the time period referenced in subdivision (a) and, as

of the date of application, has had a continuous period of creditable coverage that is less than six months, the issuer shall reduce the period of any preexisting condition exclusion by the aggregate of the period of creditable coverage applicable to the applicant as of the enrollment date. The manner of the reduction under this subdivision shall be as specified by the commissioner.

(c) Except as provided in subdivision (b) and Section 10192.23, subdivision (a) shall not be construed as preventing the exclusion of benefits under a policy, during the first six months, based on a preexisting condition for which the policyholder or certificate holder received treatment or was otherwise diagnosed during the six months before the coverage became effective.

(d) An individual enrolled in Medicare by reason of disability shall be entitled to open enrollment described in this section for six months after the date of his or her enrollment in Medicare Part B, or if notified retroactively of his or her eligibility for Medicare, for six months following notice of eligibility. Every issuer shall make available to every applicant qualified for open enrollment all policies and certificates offered by that issuer at the time of application. Issuers shall not discourage sales during the open enrollment period by any means, including the altering of the commission structure.

(e) (1) An individual enrolled in Medicare Part B is entitled to open enrollment described in this section for six months following:

(A) Receipt of a notice of termination or, if no notice is received, the effective date of termination from any employer-sponsored health plan including an employer-sponsored retiree health plan.

(B) Receipt of a notice of loss of eligibility due to the divorce or death of a spouse or, if no notice is received, the effective date of loss of eligibility due to the divorce or death of a spouse, from any employer-sponsored health plan including an employer-sponsored retiree health plan.

(C) Termination of health care services for a military retiree or the retiree's Medicare eligible spouse or dependent as a result of a military base closure or loss of access to health care services because the base no longer offers services or because the individual relocates.

(2) For purposes of this subdivision, "employer-sponsored retiree health plan" includes any coverage for medical expenses that is directly or indirectly sponsored or established by an employer for employees or retirees, their spouses, dependents, or other included insureds.

(f) An individual enrolled in Medicare Part B is entitled to open enrollment described in this section if the individual was covered under a policy, certificate, or contract providing Medicare supplement coverage

but that coverage terminated because the individual established residence at a location not served by the plan.

(g) An individual whose coverage was terminated by a Medicare Advantage plan shall be entitled to an additional 60-day open enrollment period to be added on to and run consecutively after any open enrollment period authorized by federal law or regulation, for any Medicare supplement coverage provided by Medicare supplement issuers and available on a guaranteed basis under state and federal law or regulation for persons terminated by their Medicare Advantage plan.

(h) An individual shall be entitled to an annual open enrollment period lasting 30 days or more, commencing with the individual's birthday, during which time that person may purchase any Medicare supplement policy that offers benefits equal to or lesser than those provided by the previous coverage. During this open enrollment period, no issuer that falls under this provision shall deny or condition the issuance or effectiveness of Medicare supplement coverage, nor discriminate in the pricing of coverage, because of health status, claims experience, receipt of health care, or medical condition of the individual if, at the time of the open enrollment period, the individual is covered under another Medicare supplement policy or contract. An issuer shall notify a policyholder of his or her rights under this subdivision at least 30 and no more than 60 days before the beginning of the open enrollment period.

(i) Commencing January 1, 2007, an individual enrolled in Medicare Part B is entitled to open enrollment described in this section upon being notified that he or she is no longer eligible for benefits under the Medi-Cal program because of an increase in the individual's income or assets.

(A) Deny or condition the issuance or effectiveness of a Medicare supplement policy described in subdivision (e) that is offered and is available for issuance to new enrollees by the issuer.

(B) Discriminate in the pricing of that Medicare supplement policy because of health status, claims experience, receipt of health care, or medical condition.

An individual shall be eligible under this subparagraph for a Medicare supplement policy issued by the same issuer through which the individual was enrolled at the time the reduction, increase, or discontinuance described above occurs or, commencing January 1, 2007, for one issued by a subsidiary of the parent company of that issuer or by a network that contracts with the parent company of that issuer.

(A) The insolvency of the issuer or bankruptcy of the nonissuer organization, or other involuntary termination of coverage or enrollment under the policy.

(4) In the case of an individual described in paragraph (2), (3), (6), or (7) of, or in subparagraph (B) or (C) of paragraph (5) of, subdivision (b) who disenrolls voluntarily, the guaranteed issue period begins on the date that is 60 days before the effective date of the disenrollment and

ends on the date that is 63 days after the effective date of the disenrollment.

(5) In the case of an individual described in paragraph (8) of subdivision (b), the guaranteed issue period begins on the date the individual receives notice pursuant to Section 1882(v)(2)(B) of the Social Security Act from the Medicare supplement issuer during the 60-day period immediately preceding the initial enrollment period for Medicare Part D and ends on the date that is 63 days after the effective date of the individual's coverage under Medicare Part D.

(6) In the case of an individual described in subdivision (b) who is not included in this subdivision, the guaranteed issue period begins on the effective date of disenrollment and ends on the date that is 63 days after the effective date of disenrollment.

(d) (1) In the case of an individual described in paragraph (6) of subdivision (b), or deemed to be so described pursuant to this paragraph, whose enrollment with an organization or provider described in subparagraph (A) of paragraph (6) of subdivision (b) is involuntarily terminated within the first 12 months of enrollment and who, without an intervening enrollment, enrolls with another such organization or provider, the subsequent enrollment shall be deemed to be an initial enrollment described in paragraph (6) of subdivision (b).

(2) In the case of an individual described in paragraph (7) of subdivision (b), or deemed to be so described pursuant to this paragraph, whose enrollment with a plan or in a program described in paragraph (7) of subdivision (b) is involuntarily terminated within the first 12 months of enrollment and who, without an intervening enrollment, enrolls in another such plan or program, the subsequent enrollment shall be deemed to be an initial enrollment described in paragraph (7) of subdivision (b).

(3) For purposes of paragraphs (6) and (7) of subdivision (b), an enrollment of an individual with an organization or provider described in subparagraph (A) of paragraph (6) of subdivision (b), or with a plan or in a program described in paragraph (7) of subdivision (b) shall not be deemed to be an initial enrollment under this paragraph after the two-year period beginning on the date on which the individual first enrolled with such an organization, provider, plan, or program.

(e) (1) Under paragraphs (1), (2), (3), (4), and (5) of subdivision (b), an eligible individual is entitled to a Medicare supplement policy that has a benefit package classified as Plan A, B, C, F (including a high deductible Plan F), K, or L offered by any issuer.

(2) (A) Under paragraph (6) of subdivision (b), an eligible individual is entitled to the same Medicare supplement policy in which he or she was most recently enrolled, if available from the same issuer. If that

policy is not available, the eligible individual is entitled to a Medicare supplement policy that has a benefit package classified as Plan A, B, C, F (including a high deductible Plan F), K, or L offered by any issuer.

(B) On and after January 1, 2006, an eligible individual described in this paragraph who was most recently enrolled in a Medicare supplement policy with an outpatient prescription drug benefit, is entitled to a Medicare supplement policy that is available from the same issuer but without an outpatient prescription drug benefit or, at the election of the individual, has a benefit package classified as a Plan A, B, C, F (including high deductible Plan F), K, or L that is offered by any issuer.

The notice shall be communicated contemporaneously with the notification of termination.

(2) At the time of an event described in subdivision (b) by which an individual ceases enrollment under a contract or agreement, policy, or plan, the organization that offers the contract or agreement, regardless of the basis for the cessation of enrollment, the issuer offering the policy, or the administrator of the plan, respectively, shall notify the individual of his or her rights under this section, and of the obligations of issuers of Medicare supplement policies under subdivision (a). The notice shall be communicated within 10 working days of the date the issuer received notification of disenrollment.

(g) An issuer shall refund any unearned premium that an insured paid in advance and shall terminate coverage upon the request of an insured.

SEC. 26. Section 10192.14 of the Insurance Code is amended to read:

10192.14. (a) (1) (A) With respect to loss ratio standards, a Medicare supplement policy form or certificate form shall not be advertised, solicited, or issued for delivery unless the policy form or

certificate form can be expected, as estimated for the entire period for which rates are computed to provide coverage, to return to policyholders and certificate holders in the form of aggregate benefits, not including anticipated refunds or credits, provided under the policy form or certificate form at least 75 percent of the aggregate amount of premiums earned in the case of group policies, or at least 65 percent of the aggregate amount of premiums earned in the case of individual policies.

(B) Loss ratio standards shall be calculated on the basis of incurred claims experience, and earned premiums shall be calculated for the period and in accordance with accepted actuarial principles and practices.

(2) All filings of rates and rating schedules shall demonstrate that expected claims in relation to premiums comply with the requirements of this section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards.

(3) For purposes of applying paragraph (1) of subdivision (a) and paragraph (3) of subdivision (d) of Section 10192.15 only, policies issued as a result of solicitations of individuals through the mail or by mass media advertising, including both print and broadcast advertising, shall be deemed to be individual policies.

(b) (1) With respect to refund or credit calculations, an issuer shall collect and file with the commissioner by May 31 of each year the data contained in the applicable reporting form required by the commissioner for each type of coverage in a standard Medicare supplement benefit plan.

(2) If on the basis of the experience as reported the benchmark ratio since inception (ratio 1) exceeds the adjusted experience ratio since inception (ratio 3), then a refund or credit calculation is required. The refund calculation shall be done on a statewide basis for each type in a standard Medicare supplement benefit plan. For purposes of the refund or credit calculation, experience on policies issued within the reporting year shall be excluded.

(3) For the purposes of this section, with respect to policies or certificates advertised, solicited, or issued for delivery prior to January 1, 2001, the issuer shall make the refund or credit calculation separately for all individual policies, including all group policies subject to an individual loss ratio standard when issued, combined and all other group policies combined for experience after January 1, 2001. The first report pursuant to paragraph (1) shall be due by May 31, 2003.

(4) A refund or credit shall be made only when the benchmark loss ratio exceeds the adjusted experience loss ratio and the amount to be

refunded or credited exceeds a de minimis level. The refund shall include interest from the end of the calendar year to the date of the refund or credit at a rate specified by the secretary, but in no event shall it be less than the average rate of interest for 13-week Treasury notes. A refund or credit against premiums due shall be made by September 30 following the experience year upon which the refund or credit is based.

(c) An issuer of Medicare supplement policies and certificates shall file annually its rates, rating schedule, and supporting documentation including ratios of incurred losses to earned premiums by policy duration for approval by the commissioner in accordance with the filing requirements and procedures prescribed by the commissioner and this code. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. The demonstration shall exclude active life reserves. An expected third-year loss ratio that is greater than or equal to the applicable percentage shall be demonstrated for policies or certificates in force less than three years.

As soon as practicable, but prior to the effective date of enhancements in Medicare benefits, every issuer of Medicare supplement policies or certificates shall file with the commissioner, in accordance with applicable filing procedures, all of the following:

(1) (A) Appropriate premium adjustments necessary to produce loss ratios as anticipated for the current premium for the applicable policies or certificates. The supporting documents necessary to justify the adjustment shall accompany the filing.

(B) An issuer shall make premium adjustments necessary to produce an expected loss ratio under the policy or certificate to conform to minimum loss ratio standards for Medicare supplement policies and that are expected to result in a loss ratio at least as great as that originally anticipated in the rates used to produce current premiums by the issuer for the Medicare supplement policies or certificates. No premium adjustment that would modify the loss ratio experience under the policy other than the adjustments described in this section shall be made with respect to a policy at any time other than upon its renewal date or anniversary date.

(C) If an issuer fails to make premium adjustments acceptable to the commissioner, the commissioner may order premium adjustments, refunds, or premium credits deemed necessary to achieve the loss ratio required by this section.

(2) Any appropriate riders, endorsements, or policy forms needed to accomplish the Medicare supplement policy or certificate modifications necessary to eliminate benefit duplications with Medicare. The riders,

endorsements, or policy forms shall provide a clear description of the Medicare supplement benefits provided by the policy or certificate.

(d) The commissioner may conduct a public hearing to gather information concerning a request by an issuer for an increase in a rate for a policy form or certificate form issued before or after the effective date of January 1, 2001, if the experience of the form for the previous reporting period is not in compliance with the applicable loss ratio standard. The determination of compliance is made without consideration of any refund or credit for the reporting period. Public notice of the hearing shall be furnished in a manner deemed appropriate by the commissioner.

SEC. 27. Section 10192.15 of the Insurance Code is amended to read:

10192.15. (a) An issuer shall not advertise, solicit, or issue for delivery a policy or certificate to a resident of this state unless the policy form or certificate form has been filed with and approved by the commissioner in accordance with filing requirements and procedures prescribed by the commissioner. Master policies issued outside California shall be filed for informational purposes along with the certificates. Until January 1, 2001, or 90 days after approval of Medicare supplement policies or certificates submitted for approval pursuant to this section, whichever is later, issuers may continue to offer and market previously approved Medicare supplement policies or certificates.

(b) An issuer shall file any riders or amendments to policy or certificate forms to delete outpatient prescription drug benefits, as required by the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (P.L. 108-173), only with the commissioner in the state where the policy or certificate was issued.

(c) (1) An issuer shall not use or change premium rates for a Medicare supplement policy or certificate unless the rates, rating schedule, and supporting documentation have been filed with and approved by the commissioner in accordance with the filing requirements and procedures prescribed by the commissioner.

(2) Paragraph (1) of subdivision (b) of Section 10290 shall not apply to Medicare supplement insurance forms or rates. However, the commissioner may authorize in writing, for good cause only, the limited use of a form or rates after that form or the rates have been filed with the commissioner for 60 days and have not otherwise been acted upon.

(d) (1) Except as provided in paragraph (2), an issuer shall not file for approval more than one form of a policy or certificate of each type for each standard Medicare supplement benefit plan.

(2) An issuer may offer, with the approval of the commissioner, up to four additional policy forms or certificate forms of the same type for

the same standard Medicare supplement benefit plan, one for each of the following cases:

(A) The inclusion of new or innovative benefits.

(B) The addition of either direct response or agent marketing methods.

(C) The addition of either guaranteed issue or underwritten coverage.

(D) The offering of coverage to individuals eligible for Medicare by reason of disability.

(3) For the purposes of this section, a "type" means an individual policy, a group policy, an individual Medicare Select policy, or a group Medicare Select policy.

(e) (1) Except as provided in subdivision (a), an issuer shall continue to make available for purchase any policy form or certificate form issued after January 1, 2001, that has been approved by the commissioner. A policy form or certificate form shall not be considered to be available for purchase unless the issuer has actively offered it for sale in the previous 12 months.

(A) An issuer may discontinue the availability of a policy form or certificate form if the issuer provides to the commissioner in writing its decision at least 60 days prior to discontinuing the availability of the form of the policy or certificate. After receipt of the notice by the commissioner, the issuer shall no longer offer for sale the policy form or certificate form in this state.

(B) An issuer that discontinues the availability of a policy form or certificate form pursuant to subparagraph (A) shall not file for approval a new policy form or certificate form of the same type for the same standard Medicare supplement benefit plan as the discontinued form for a period of five years after the issuer provides notice to the commissioner of the discontinuance. The period of discontinuance may be reduced if the commissioner determines that a shorter period is appropriate.

(2) The sale or other transfer of Medicare supplement business to another issuer shall be considered a discontinuance for the purposes of this subdivision.

(3) A change in the rating structure or methodology shall be considered a discontinuance under paragraph (1) unless the issuer complies with the following requirements:

(A) The issuer provides an actuarial memorandum, in a form and manner prescribed by the commissioner, describing the manner in which the revised rating methodology and resultant rates differ from the existing rating methodology and existing rates. The commissioner may approve the change if it is in the public interest.

(B) The issuer does not subsequently put into effect a change of rates or rating factors that would cause the percentage differential between the discontinued and subsequent rates as described in the actuarial

memorandum to change. The commissioner may approve a change to the differential that is in the public interest. The commissioner may approve a change to the differential if it is in the public interest.

(f) (1) Except as provided in paragraph (2), the experience of all policy forms or certificate forms of the same type in a standard Medicare supplement benefit plan shall be combined for purposes of the refund or credit calculation prescribed in Section 10192.14.

(2) Forms assumed under an assumption reinsurance agreement shall not be combined with the experience of other forms for purposes of the refund or credit calculation.

SEC. 28. Section 10192.17 of the Insurance Code is amended to read:

10192.17. (a) Medicare supplement policies and certificates shall include a renewal, continuation, or conversion provision. The language or specifications of the provision shall be consistent with the type of contract issued. The provision shall be appropriately captioned and shall appear on the first page of the policy, and shall include any reservation by the issuer of the right to change premiums and any automatic renewal premium increases based on the policyholder's age.

(b) Except for riders or endorsements by which the issuer effectuates a request made in writing by the insured, exercises a specifically reserved right under a Medicare supplement policy, or is required to reduce or eliminate benefits to avoid duplication of Medicare benefits, all riders or endorsements added to a Medicare supplement policy after the date of issue or upon reinstatement or renewal that reduce or eliminate benefits or coverage in the policy shall require a signed acceptance by the insured. After the date of policy or certificate issue, any rider or endorsement that increases benefits or coverage with a concomitant increase in premium during the policy term shall be agreed to in writing signed by the insured, unless the benefits are required by the minimum standards for Medicare supplement policies, or if the increased benefits or coverage is required by law. If a separate additional premium is charged for benefits provided in connection with riders or endorsements, the premium charge shall be set forth in the policy.

(c) Medicare supplement policies or certificates shall not provide for the payment of benefits based on standards described as "usual and customary," "reasonable and customary," or words of similar import.

(d) If a Medicare supplement policy or certificate contains any limitations with respect to preexisting conditions, those limitations shall appear as a separate paragraph of the policy and be labeled as "Preexisting Condition Limitations."

(e) (1) Medicare supplement policies and certificates shall have a notice prominently printed on the first page of the policy or certificate,

and of the outline of coverage, or attached thereto, in no less than 10-point uppercase type, stating in substance that the policyholder or certificate holder shall have the right to return the policy or certificate, via regular mail, within 30 days of receiving it, and to have the full premium refunded if, after examination of the policy or certificate, the insured person is not satisfied for any reason. The return shall void the contract from the beginning, and the parties shall be in the same position as if no contract had been issued.

(2) For purposes of this section, a timely manner shall be no later than 30 days after the issuer receives the returned contract.

(3) If the issuer fails to refund all prepaid or periodic charges paid in a timely manner, then the applicant shall receive interest on the paid charges at the legal rate of interest on judgments as provided in Section 685.010 of the Code of Civil Procedure. The interest shall be paid from the date the issuer received the returned contract.

(f) (1) Issuers of health insurance policies, certificates, or contracts that provide hospital or medical expense coverage on an expense incurred or indemnity basis, other than incidentally, to persons eligible for Medicare shall provide to those applicants a Guide to Health Insurance for People with Medicare in the form developed jointly by the National Association of Insurance Commissioners and the Centers for Medicare and Medicaid Services and in a type size no smaller than 12-point type. Delivery of the guide shall be made whether or not the policies or certificates are advertised, solicited, or issued for delivery as Medicare supplement policies or certificates as defined in this article. Except in the case of direct response issuers, delivery of the guide shall be made to the applicant at the time of application, and acknowledgment of receipt of the guide shall be obtained by the issuer. Direct response issuers shall deliver the guide to the applicant upon request, but not later than at the time the policy is delivered.

(2) For the purposes of this section, "form" means the language, format, type size, type proportional spacing, bold character, and line spacing.

(g) As soon as practicable, but no later than 30 days prior to the annual effective date of any Medicare benefit changes, an issuer shall notify its policyholders and certificate holders of modifications it has made to Medicare supplement policies or certificates in a format acceptable to the commissioner. The notice shall include both of the following:

(1) A description of revisions to the Medicare Program and a description of each modification made to the coverage provided under the Medicare supplement policy or certificate.

(2) Inform each policyholder or certificate holder as to when any premium adjustment is to be made due to changes in Medicare.

(h) The notice of benefit modifications and any premium adjustments shall be in outline form and in clear and simple terms so as to facilitate comprehension.

(i) The notices shall not contain or be accompanied by any solicitation.

(j) (1) Issuers shall provide an outline of coverage to all applicants at the time application is presented to the prospective applicant and, except for direct response policies, shall obtain an acknowledgment of receipt of the outline from the applicant. If an outline of coverage is provided at the time of application and the Medicare supplement policy or certificate is issued on a basis which would require revision of the outline, a substitute outline of coverage properly describing the policy or certificate shall accompany the policy or certificate when it is delivered and contain the following statement, in no less than 12-point type, immediately above the company name:

"NOTICE: Read this outline of coverage carefully. It is not identical to the outline of coverage provided upon application and the coverage originally applied for has not been issued."

(2) The outline of coverage provided to applicants pursuant to this section consists of four parts: a cover page, premium information, disclosure pages, and charts displaying the features of each benefit plan offered by the issuer. The outline of coverage shall be in the language and format prescribed below in no less than 12-point type. All plans A-L shall be shown on the cover page, and the plans that are offered by the issuer shall be prominently identified. Premium information for plans that are offered shall be shown on the cover page or immediately following the cover page and shall be prominently displayed. The premium and mode shall be stated for all plans that are offered to the prospective applicant. All possible premiums for the prospective applicant shall be illustrated.

(3) The commissioner may adopt regulations to implement this article, including, but not limited to, regulations that specify the required information to be contained in the outline of coverage provided to applicants pursuant to this section, including the format of tables, charts, and other information.

(k) (1) Any disability insurance policy or certificate, a basic, catastrophic or major medical expense policy, or single premium nonrenewal policy or certificate issued to persons eligible for Medicare, other than a Medicare supplement policy, a policy issued pursuant to a contract under Section 1876 of the federal Social Security Act (42 U.S.C. Sec. 1395 et seq.), a disability income policy, or any other policy identified in subdivision (b) of Section 10192.3, advertised, solicited,

or issued for delivery in this state to persons eligible for Medicare, shall notify insureds under the policy that the policy is not a Medicare supplement policy or certificate. The notice shall either be printed or attached to the first page of the outline of coverage delivered to insureds under the policy, or if no outline of coverage is delivered, to the first page of the policy or certificate delivered to insureds. The notice shall be in no less than 12-point type and shall contain the following language:

"THIS [POLICY OR CERTIFICATE] IS NOT A MEDICARE SUPPLEMENT [POLICY OR CONTRACT]. If you are eligible for Medicare, review the Guide to Health Insurance for People with Medicare available from the company."

(2) Applications provided to persons eligible for Medicare for the disability insurance policies or certificates described in paragraph (1) shall disclose the extent to which the policy duplicates Medicare in a manner required by the commissioner. The disclosure statement shall be provided as a part of, or together with, the application for the policy or certificate.

(*l*) (1) Insurers issuing Medicare supplement policies or certificates for delivery in California shall provide an outline of coverage to all applicants at the time of presentation for examination or sale as provided in Section 10605, and in no case later than at the time the application is made. Except for direct response policies, insurers shall obtain a written acknowledgment of receipt of the outline from the applicant.

Any advertisement that is not a presentation for examination or sale as defined in subdivision (e) of Section 10601 shall contain a notice in no less than 10-point uppercase type that an outline of coverage is available upon request. The insurer or agent that receives any request for an outline of coverage shall provide an outline of coverage to the person making the request within 14 days of receipt of the request.

(2) If an outline of coverage is provided at or before the time of application and the Medicare supplement policy or certificate is issued on a basis that would require revision of the outline, a substitute outline of coverage properly describing the policy or certificate shall accompany the policy or certificate when it is delivered and contain the following statement, in no less than 12-point type, immediately above the name:

"NOTICE: Read this outline of coverage carefully. It is not identical to the outline of coverage provided upon application and the coverage originally applied for has not been issued."

(3) The outline of coverage shall be in the language and format prescribed in this subdivision in no less than 12-point type, and shall include the following items in the order prescribed below. Titles, as set forth below in paragraphs (B) to (H), inclusive, shall be capitalized, centered, and printed in boldface type. The outline of coverage shall include the items, and in the same order, specified in the chart set forth in Section 17 of the Model Regulation to implement the NAIC Medicare Supplement Insurance Minimum Standards Model Act, as adopted by the National Association of Insurance Commissioners in 2004.

(A) The cover page shall contain the 12-plan (A-L) charts. The plans offered by the insurer shall be clearly identified. Innovative benefits shall be explained in a manner approved by the commissioner. The text shall read:

"Medicare supplement insurance can be sold in only 12 standard plans. This chart shows the benefits included in each plan. Every insurance company must offer Plan A. Some plans may not be available.

The BASIC BENEFITS included in ALL plans are:

Hospitalization: Medicare Part A coinsurance plus coverage for 365 additional days after Medicare benefits end.

Medical expenses: Medicare Part B coinsurance (usually 20 percent of the Medicare-approved amount).

Blood: First three pints of blood each year.

Mammogram: One annual screening to the extent not covered by Medicare.

Cervical cancer test: One annual screening."

[Reference to the mammogram and cervical cancer test shall not be included so long as California is required to disallow them for Medicare beneficiaries by the Centers for Medicare and Medicaid Services or other agent of the federal government under 42 U.S.C. Sec. 1395ss.]

(B) PREMIUM INFORMATION. Premium information for plans that are offered by the insurer shall be shown on, or immediately following, the cover page and shall be clearly and prominently displayed. The premium and mode shall be stated for all offered plans. All possible premiums for the prospective applicant shall be illustrated in writing. If the premium is based on the increasing age of the insured, information specifying when and how premiums will change shall be clearly illustrated in writing. The text shall state: "We [the insurer's name] can only raise your premium if we raise the premium for all policies like yours in California."

(C) The text shall state: "Use this outline to compare benefits and premiums among policies."

(D) READ YOUR POLICY VERY CAREFULLY. The text shall state: "This is only an outline describing your policy's most important features. The policy is your insurance contract. You must read the policy itself to understand all of the rights and duties of both you and your insurance company."

(E) THIRTY-DAY RIGHT TO RETURN THIS POLICY. The text shall state: "If you find that you are not satisfied with your policy, you may return it to [insert the insurer's address]. If you send the policy back to us within 30 days after you receive it, we will treat the policy as if it has never been issued and return all of your payments."

(F) POLICY REPLACEMENT. The text shall read: "If you are replacing another health insurance policy, do NOT cancel it until you have actually received your new policy and are sure you want to keep it."

(G) DISCLOSURES. The text shall read: "This policy may not fully cover all of your medical costs." "Neither this company nor any of its agents are connected with Medicare." "This outline of coverage does not give all the details of Medicare coverage. Contact your local social security office or consult 'The Medicare Handbook' for more details." "For additional information concerning policy benefits, contact the Health Insurance Counseling and Advocacy Program (HICAP) or your agent. Call the HICAP toll-free telephone number, 1-800-434-0222, for a referral to your local HICAP office. HICAP is a service provided free of charge by the State of California."

The disclosure required by this paragraph, as revised by amendments made during the 1996 portion of the 1995-96 Regular Session, shall be included in the required disclosure form no later than January 1, 1998.

(H) [For policies that are not guaranteed issue] COMPLETE ANSWERS ARE IMPORTANT. The text shall read: "When you fill out the application for a new policy, be sure to answer truthfully and completely all questions about your medical and health history. The company may have the right to cancel your policy and refuse to pay any claims if you leave out or falsify important medical information.

Review the application carefully before you sign it. Be certain that all information has been properly recorded."

(I) One chart for each benefit plan offered by the insurer showing the services, Medicare payments, payments under the policy and payments expected from the insured, using the same uniform format and language. No more than four plans may be shown on one page. Include an explanation of any innovative benefits in a manner approved by the commissioner.

(m) An issuer shall comply with all notice requirements of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (P.L. 108-173).

SEC. 29. Section 10192.18 of the Insurance Code is amended to read:

10192.18. (a) Application forms shall include the following questions designed to elicit information as to whether, as of the date of the application, the applicant currently has Medicare supplement, Medicare Advantage, Medi-Cal coverage, or another health insurance policy or certificate in force or whether a Medicare supplement policy or certificate is intended to replace any other disability policy or certificate presently in force. A supplementary application or other form to be signed by the applicant and agent containing those questions and statements may be used.

"(Statements)

(1) You do not need more than one Medicare supplement policy.

(2) If you purchase this policy, you may want to evaluate your existing health coverage and decide if you need multiple coverages.

(3) You may be eligible for benefits under Medi-Cal and may not need a Medicare supplement policy.

(4) If after purchasing this policy you become eligible for Medi-Cal, the benefits and premiums under your Medicare supplement policy can be suspended, if requested, during your entitlement to benefits under Medi-Cal for 24 months. You must request this suspension within 90 days of becoming eligible for Medi-Cal. If you are no longer entitled to Medi-Cal, your suspended Medicare supplement policy or if that is no longer available, a substantially equivalent policy, will be reinstituted if requested within 90 days of losing Medi-Cal eligibility. If the Medicare supplement policy provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your policy was suspended, the reinstituted policy will not have outpatient prescription drug coverage, but will otherwise be substantially equivalent to your coverage before the date of the suspension.

(5) If you are eligible for, and have enrolled in, a Medicare supplement policy by reason of disability and you later become covered by an employer or union-based group health plan, the benefits and premiums under your Medicare supplement policy can be suspended, if requested, while you are covered under the employer or union-based group health plan. If you suspend your Medicare supplement policy under these circumstances and later lose your employer or union-based group health plan, your suspended Medicare supplement policy or if that is no longer

available, a substantially equivalent policy, will be reinstituted if requested within 90 days of losing your employer or union-based group health plan. If the Medicare supplement policy provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your policy was suspended, the reinstituted policy will not have outpatient prescription drug coverage, but will otherwise be substantially equivalent to your coverage before the date of the suspension.

(6) Counseling services are available in this state to provide advice concerning your purchase of Medicare supplement insurance and concerning medical assistance through the Medi-Cal program, including benefits as a qualified Medicare beneficiary (QMB) and a specified low-income Medicare beneficiary (SLMB). If you want to discuss buying Medicare supplement insurance with a trained insurance counselor, call the California Department of Insurance's toll-free telephone number 1-800-927-HELP, and ask how to contact your local Health Insurance Counseling and Advocacy Program (HICAP) office. HICAP is a service provided free of charge by the State of California.

CHAPTER 209

An act to add Section 44287.1 to the Health and Safety Code, relating to air resources.

[Approved by Governor September 6, 2005. Filed with Secretary of State September 6, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Nonroad zero-emission technologies and equipment, including, but not limited to, electric or fuel-cell powered forklifts and other lift trucks, airport ground support equipment, industrial tow tractors, industrial burden and personnel carriers, sweepers, scrubbers and varnishers, and other small nonroad zero-emission technologies and equipment that replaces similar nonroad internal combustion technologies and equipment produces a large percentage reduction in criteria air pollutants, including particulates, nitrogen oxides, and reactive organic gases, as well as reductions in greenhouse gas emissions, and contributes to increased fuel diversity and energy security.

(b) These nonroad zero-emission technologies and equipment are, or should be, eligible for incentives under the Carl Moyer Memorial Air Quality Standards Attainment Program (Chapter 9 (commencing with Section 44275) of Part 5 of Division 26 of the Health and Safety Code) to the extent that they replace or supplant more polluting nonroad internal combustion technologies and equipment, both existing and new.

(c) The State Air Resources Board has restricted eligibility for some categories of nonroad zero-emission technologies and equipment because of concerns that in some instances applicants may be replacing old nonroad zero-emission technologies and equipment with new nonroad zero-emission technologies and equipment, which may not be producing real, enforceable, quantifiable, and surplus emission reductions.

(d) One way for an applicant to demonstrate that it is replacing existing nonroad internal combustion technologies and equipment with new nonroad zero-emission technologies and equipment is to turn in or "scrap" an older piece of nonroad internal combustion technologies and equipment that it has owned and that still has some useful life, and replace it with the purchase of new nonroad zero-emission technologies and equipment. This practice is generally referred to as "scrap and buy" or "scrap and replace."

(e) An applicant that replaces useful older nonroad internal combustion technologies and equipment with new nonroad zero-emission technologies and equipment creates two separate streams of emission reductions, both of which should be counted in this transaction, provided that they are real, enforceable, quantifiable, and surplus emission reductions: first, the transaction displaces the emissions from the older nonroad internal combustion technologies and equipment for its remaining life; second, after the remaining life of the older nonroad internal combustion equipment and technologies, the transaction produces additional emission reductions representing the difference between the

purchase of new nonroad internal combustion technologies and equipment and new nonroad zero-emission technologies and equipment.

SEC. 2. Section 44287.1 is added to the Health and Safety Code, to read:

44287.1. (a) The state board shall, at its first opportunity, revise the grant criteria and guidelines adopted pursuant to Section 44287 to incorporate projects in which an applicant turns in nonroad internal combustion technology and equipment that the applicant owns and that still has some useful life, coupled with the purchase of new nonroad zero-emission technology and equipment that is in a similar category or that can perform the same work.

(b) When it evaluates the benefits of a project described in subdivision (a), the state board shall count both of the following emission reduction streams, provided that they are real, enforceable, quantifiable, and surplus emission reductions:

(1) The displacement of the emissions from the older nonroad internal combustion technology and equipment for its remaining life with the new nonroad zero-emission technology and equipment.

(2) After the time period specified in paragraph (1), the displacement of emissions from new nonroad internal combustion technology and equipment meeting the emission standards in place at time of purchase, with the new nonroad zero-emission technology and equipment over its remaining life.

(c) A project described in subdivision (a) shall meet the cost-effectiveness criteria in Section 44283 and all other criteria of the program, including the requirement that the emission reductions be real, enforceable, quantifiable, and surplus.

(d) The incremental cost of a project described in subdivision (a) may include, at the discretion of the applicant, some or all of the reasonable salvage value of the nonroad internal combustion technology and equipment turned in, as determined by the state board, and some or all of any additional costs incurred for necessary recharging equipment or infrastructure as determined by the state board. However, an applicant that elects to include these costs shall be required to meet the cost-effectiveness criteria in Section 44283.

CHAPTER 210

An act to add Article 2.7 (commencing with Section 71639) to Chapter 2 of Part 5 of Division 20 of the Water Code, relating to water.

[Approved by Governor September 6, 2005. Filed with
Secretary of State September 6, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) The Three Valleys Municipal Water District (TVMWD) is located in eastern Los Angeles County and is a member public agency of the Metropolitan Water District of Southern California (MWD). TVMWD distributes at wholesale to approximately 14 retail agencies imported water made available from the Colorado River and the State Water Project.

(b) In or about July 1995, MWD began assessing each of its member public agencies a readiness-to-serve (RTS) charge for the purpose of generating firm revenues to pay for debt service on MWD's capital improvement program. As of the 2002–03 fiscal year, the amount of the RTS charge imposed on TVMWD by MWD totaled approximately three million one hundred fifty thousand dollars ($3,150,000).

(c) Prior to the levy of the RTS charge, MWD had a standby charge in place. When the RTS charge was imposed, MWD member public agencies were allowed an option to have MWD continue collecting the standby charge to help offset a portion of the RTS charge. TVMWD exercised this option, and the MWD standby charge covers about one million eight hundred thousand dollars ($1,800,000) of TVMWD's annual RTS obligation. Thus, TVMWD is in need of a means for collecting the remainder of the RTS charge not covered by the MWD standby charge.

(d) A standby charge is the most appropriate mechanism to fully finance the portion of the RTS charge not funded by the MWD standby charge because the recognized purpose of a standby charge is to generate sufficient funds to pay for the types of water-related services intended to be financed by MWD's RTS charge, and because the imposition of a standby charge is consistent with the manner in which MWD itself has treated the assessment responsibilities for its own RTS charge. Otherwise, TVMWD would be required to continue to fund the RTS shortfall by increasing its water rates to its retail agencies.

(e) Thus, on July 10, 1996, TVMWD's board of directors adopted a resolution that established a standby charge designed to fund MWD's RTS charge and related administrative costs incurred by TVMWD in connection therewith. The resolution expressly provided that the standby charge was based upon the report of a qualified engineer which fixed the amount of the standby charge for the 1996-97 fiscal year at five

dollars and ninety-two cents ($5.92) per equivalent dwelling unit (EDU). Further, the engineer's report provides for the adjustment of that standby charge during subsequent fiscal years according to the actual amount by which the RTS charge increases, and subject to a maximum assessment amount of twenty-nine dollars and forty-one cents ($29.41) per EDU.

(f) Thereafter, on November 5, 1996, Proposition 218 was approved by the voters, which added Article XIII C and Article XIII D to the California Constitution. TVMWD's standby charge is subject to Section 4 of Article XIII D which details the procedures and requirements that an agency is required to follow for the levy of all assessments. As a result, TVMWD has been required to readopt its standby charge each fiscal year at the original rate of five dollars and ninety-two cents ($5.92) per EDU. Consequently, TVMWD has only received approximately one million dollars ($1,000,000) each year through the collection of its standby charge at the five dollars and ninety-two cents ($5.92) per EDU rate. After deducting the one million eight hundred thousand dollars ($1,800,000) contribution attributable to the MWD standby charge from the total RTS liability of three million one hundred fifty thousand dollars ($3,150,000) for the 2002-03 fiscal year, TVMWD has been required to collect the remaining unfunded amount of nearly three hundred fifty thousand dollars ($350,000) in the 2002-03 fiscal year through increased water rates charged to its retail agencies.

(g) Consequently, this act is necessary in order to achieve the desired objectives of ensuring a fair and adequate mechanism to generate revenue to pay MWD's RTS charge and preventing the need for TVMWD to cause rate increases to be levied on current water users who would be subsidizing the owners of vacant property within TVMWD for the cost of having MWD and TVMWD ready, willing, and available to provide water service to their parcels.

SEC. 2. Article 2.7 (commencing with Section 71639) is added to Chapter 2 of Part 5 of Division 20 of the Water Code, to read:

Article 2.7. Standby Assessments

71639. (a) This article applies to the Three Valleys Municipal Water District.

(b) Notwithstanding any other provision of law, the district, by resolution, may adopt an assessment with a schedule of annual adjustments, and adjust the amount of an assessment in accordance with this section, if the adjustment is made in the same manner as provided for taxes, fees, and charges in subparagraph (A) or (B) of paragraph (2) of subdivision (h) of Section 53750 of the Government Code.

(c) The district shall cause notice of the intent to adopt the resolution to be published pursuant to Section 6066 of the Government Code prior to the date set for the adoption of the assessment, and shall hear any and all objections at the time and place set forth in the notice. The district, at the time and place specified in the notice, shall conduct the hearing and consider all objections to the assessment. Thereafter, the district may adjust the assessment, if all of the following conditions are met:

(1) The amount of the assessment does not exceed twenty-nine dollars and forty-one cents ($29.41) per equivalent dwelling unit.

(2) The revenue raised by the assessment, including its annual adjustments, is used exclusively to fund the readiness-to-serve charge, or equivalent charge, imposed upon the district by the Metropolitan Water District of Southern California, and related administrative costs.

(3) The district adjusts its water rates to its retail agencies by an amount necessary to prevent surplus funding of the readiness-to-serve charge imposed upon the district by the Metropolitan Water District of Southern California.

(d) For the purposes of Article XIII C and Article XIII D of the California Constitution, the district has not increased an assessment if the district adjusts an assessment in the same manner as provided for taxes, fees, and charges in subparagraph (A) or (B) of paragraph (2) of subdivision (h) of Section 53750 of the Government Code.

SEC. 3. The Legislature finds and declares that this act, which is applicable only to the Three Valleys Municipal Water District, is necessary because of unique and special problems in that district. It is, therefore, hereby declared that a general law within the meaning of Section 16 of Article IV of the California Constitution cannot be made applicable to the district and the enactment of this special law is necessary for the public good.

CHAPTER 211

An act to amend Section 19008 of the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 6, 2005. Filed with Secretary of State September 6, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 19008 of the Revenue and Taxation Code is amended to read:

19008. (a) The Franchise Tax Board may, in cases of financial hardship, as determined by the Franchise Tax Board, allow a taxpayer to enter into installment payment agreements with the Franchise Tax Board to make full or partial payment of taxes due, plus applicable interest and penalties over the life of the installment period. Failure by a taxpayer to comply fully with the terms of the installment payment agreement shall render the agreement null and void, unless the Franchise Tax Board determines that the failure was due to a reasonable cause, and the total amount of tax, interest, and all penalties shall be immediately due and payable.

(b) In the case of a liability for tax of an individual under Part 10 (commencing with Section 17001) or this part, the Franchise Tax Board shall enter into an agreement to accept the full payment of the tax in installments if, as of the date the individual offers to enter into the agreement, all of the following apply:

(1) The aggregate amount of the liability (determined without regard to interest, penalties, additions to the tax and additional amounts) does not exceed ten thousand dollars ($10,000).

(2) The taxpayer (and, if the liability relates to a joint return, the taxpayer's spouse) has not during any of the preceding five taxable years done any of the following:

(A) Failed to file any return of tax imposed under Part 10 (commencing with Section 17001) or this part.

(B) Failed to pay any tax required to be shown on the return.

(C) Entered into an installment agreement under this section for payment of any tax imposed by Part 10 (commencing with Section 17001) or this part.

(3) The Franchise Tax Board determines that the taxpayer is financially unable to pay the liability in full when due, and the taxpayer submits any information as the Franchise Tax Board may require to make this determination.

(4) The agreement requires full payment of the liability within three years.

(5) The taxpayer agrees to comply with the provisions of this part and Part 10 (commencing with Section 17001) for the period the agreement is in effect.

(c) Except in any case where the Franchise Tax Board finds collection of the tax to which an installment payment agreement relates to be in jeopardy, or there is a mutual consent to terminate, alter, or modify the

agreement, the agreement shall not be considered null and void, or otherwise terminated, unless both of the following occur:

(1) A notice of termination is provided to the taxpayer not later than 30 days before the date of termination.

(2) The notice includes an explanation of why the Franchise Tax Board intends to terminate the agreement.

(d) No levy may be issued on the property or rights to property of any person with respect to any unpaid tax:

(1) During the period that an offer by the taxpayer for an installment agreement under this section for payment of the unpaid tax is pending with the Franchise Tax Board.

(2) If the offer is rejected by the Franchise Tax Board, during the 30 days thereafter and, if a request for review of the rejection is filed within the 30 days, during the period that the review is pending.

(3) During the period that the installment agreement for payment of the unpaid tax is in effect.

(4) If the agreement is terminated by the Franchise Tax Board, during the 30 days thereafter (and, if a request for review of the termination is filed within the 30 days, during the period that the review is pending).

(5) This subdivision shall not apply with respect to any of the following:

(A) Any unpaid tax if either of the following occurs:

(i) The taxpayer files a written notice with the Franchise Tax Board that waives the restriction imposed by this subdivision on levy with respect to the tax.

(ii) The Franchise Tax Board finds that the collection of that tax is in jeopardy.

(B) Any levy that was first issued before the date that the applicable proceeding under this subdivision commenced.

(C) At the discretion of the Franchise Tax Board, any unpaid tax for which the taxpayer makes an offer of an installment agreement subsequent to a rejection of an offer of an installment agreement with respect to that unpaid tax (or to any review thereof).

(D) The period of limitation under Section 19371 shall be suspended for the period during which the Franchise Tax Board is prohibited under this subdivision from making a levy.

(e) The Taxpayers' Rights Advocate shall establish procedures for an independent departmental administrative review for the rejection of the offer of an installment payment and for installment payment agreements that are rendered null and void, or otherwise terminated under this section, for taxpayers that request that review. This administrative review shall not be subject to Chapter 4.5 (commencing with Section 11400) of Part 1 of Division 3 of the Government Code.

Unless review is requested by the taxpayer within 30 days of the date of rejection of the offer of an installment agreement or termination of the installment agreement, this administrative review shall not stay collection of the tax to which the installment payment agreement relates.

(f) In the case of an agreement entered into by the Franchise Tax Board under subdivision (a) for partial payment of a tax liability, the Franchise Tax Board shall review the agreement at least once every two years.

(g) (1) In the case of any taxpayer that is making payments to the Franchise Tax Board under an informal payment arrangement that was in existence prior to the effective date of the act adding this subdivision, that informal payment arrangement, for purposes of this section, shall be treated as an installment payment agreement that was entered into on the later of the following:

(A) January 1, 2005.

(B) The date on which the arrangement was established by the Franchise Tax Board.

(2) In any case where the date determined under the rules of paragraph (1) is a date prior to February 1, 2005, the amount due under the informal payment arrangement as of February 1, 2005, shall be treated as an installment payment agreement amount as of the start of the amnesty program within the meaning of Section 19738.

(3) Section 19591 does not apply to either of the following:

(A) Informal payment arrangements treated as installment payment agreements under paragraph (1).

(B) Installment payment agreements authorized by the amendments made by the act adding this subdivision that were entered into prior to July 1, 2005, or the effective date of the act adding this subdivision, whichever occurs later.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

To provide relief to certain taxpayers that would otherwise be unreasonably penalized under the provisions of the amnesty legislation, it is necessary that this act take effect immediately.

CHAPTER 212

An act to amend Section 17510.3 of the Business and Professions Code, relating to charitable solicitations.

[Approved by Governor September 6, 2005. Filed with
Secretary of State September 6, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 17510.3 of the Business and Professions Code is amended to read:

17510.3. (a) Prior to any solicitation or sales solicitation for charitable purposes, the solicitor or seller shall exhibit to the prospective donor or purchaser a card entitled "Solicitation or Sale for Charitable Purposes Card." The card shall be signed and dated under penalty of perjury by an individual who is a principal, staff member, or officer of the soliciting organization. The card shall give the name and address of the soliciting organization or the person who signed the card and the name and business address of the paid individual who is doing the actual soliciting.

In lieu of exhibiting a card, the solicitor or seller may distribute during the course of the solicitation any printed material, such as a solicitation brochure, provided the material complies with the standards set forth below, and provided that the solicitor or seller informs the prospective donor or purchaser that the information as required below is contained in the printed material.

Information on the card or printed material shall be presented in at least 10-point type and shall include the following:

(1) The name and address of the combined campaign, each organization, or fund on behalf of which all or any part of the money collected will be utilized for charitable purposes.

(2) If there is no organization or fund, the manner in which the money collected will be utilized for charitable purposes.

(3) The non-tax-exempt status of the organization or fund, if the organization or fund for which the money or funds are being solicited does not have a charitable tax exemption under both federal and state law.

(4) The percentage of the total gift or purchase price which may be deducted as a charitable contribution under both federal and state law. If no portion is so deductible the card shall state that "This contribution is not tax deductible."

(5) If the organization making the solicitation represents any nongovernmental organization by any name which includes, but is not limited to, the term "officer," "peace officer," "police," "law enforcement," "reserve officer," "deputy," "California Highway Patrol," "Highway Patrol," "deputy sheriff," "firefighter," or "fire marshall," which would reasonably be understood to imply that the organization is

composed of law enforcement or firefighting personnel, the solicitor shall give the total number of members in the organization and the number of members working or living within the county where the solicitation is being made, and if the solicitation is for advertising, the statewide circulation of the publication in which the solicited ad will appear.

(6) If the organization making the solicitation represents any nongovernmental organization by any name which includes, but is not limited to, the term "veteran" or "veterans," which would reasonably be understood to imply that the organization is composed of veterans, the solicitor shall give the total number of members in the organization and the number of members working or living within the county where the solicitation is being made. This paragraph does not apply to federally chartered or state incorporated veterans' organizations with 200 or more dues paying members or to a thrift store operated or controlled by a federally chartered or state incorporated veterans' organization. This paragraph does not apply to any state incorporated community-based organization that provides direct services to veterans and their families and qualifies as a tax-exempt organization under Section 501(c)(3) or 501(c)(19) of the Internal Revenue Code and Section 23701d of the Revenue and Taxation Code.

(b) Knowing and willful noncompliance by any individual volunteer who receives no compensation of any type from or in connection with a solicitation by any charitable organization shall subject the solicitor or seller to the penalties of the law.

(c) When the solicitation is not a sales solicitation, any individual volunteer who receives no compensation of any type from, or in connection with, a solicitation by any charitable organization may comply with the disclosure provisions by providing the name and address of the charitable organization on behalf of which all or any part of the money collected will be utilized for charitable purposes, by stating the charitable purposes for which the solicitation is made, and by stating to the person solicited that information about revenues and expenses of the organization, including its administration and fundraising costs, may be obtained by contacting the organization's office at the address disclosed. The organization shall provide this information to the person solicited within seven days after receipt of the request.

(d) A volunteer who receives no compensation of any type from, or in connection with, a solicitation or sales solicitation by a charitable organization which has qualified for a tax exemption under Section 501(c)(3) of the Internal Revenue Code of 1954, and who is 18 years of age or younger, is not required to make any disclosures pursuant to this section.

(e) If any provision of this section or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of this section which can be given effect without the invalid provision or application, and to this end the provisions of this section are severable.

CHAPTER 213

An act to amend Section 53395.1 of, and to repeal and add Section 53395.8 of, the Government Code, relating to infrastructure financing districts.

[Approved by Governor September 6, 2005. Filed with Secretary of State September 6, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 53395.1 of the Government Code is amended to read:

53395.1. Unless the context otherwise requires, the definitions contained in this article shall govern the construction of this chapter.

(a) "Affected taxing entity" means any governmental taxing agency which levied or had levied on its behalf a property tax on all or a portion of the property located in the proposed district in the fiscal year prior to the designation of the district, but not including any county office of education, school district, or community college district.

(b) "City" means a city, a county, or a city and county.

(c) "Debt" means any binding obligation to repay a sum of money, including obligations in the form of bonds, certificates of participation, long-term leases, loans from government agencies, or loans from banks, other financial institutions, private businesses, or individuals.

(d) "Designated official" means the city engineer or other appropriate official designated pursuant to Section 53395.13.

(e) (1) "District" means an infrastructure financing district.

(2) An infrastructure financing district is a "district" within the meaning of Section 1 of Article XIII A of the California Constitution.

(f) "Infrastructure financing district" means a legally constituted governmental entity established pursuant to this chapter for the sole purpose of financing public facilities.

(g) "Landowner" or "owner of land" means any person shown as the owner of land on the last equalized assessment roll or otherwise known to be the owner of the land by the legislative body. The legislative body

has no obligation to obtain other information as to the ownership of land, and its determination of ownership shall be final and conclusive for the purposes of this chapter. A public agency is not a landowner or owner of land for purposes of this chapter, unless the public agency owns all of the land to be included within the proposed district.

(h) "Legislative body" means the city council or board of supervisors.

SEC. 2. Section 53395.8 of the Government Code is repealed.

SEC. 3. Section 53395.8 is added to the Government Code, to read:

53395.8. (a) This section applies only to the City and County of San Francisco. For the purposes of this chapter, the City and County of San Francisco is a city.

(b) In addition to the findings and declarations in Section 53395, the Legislature further finds and declares that consolidating in a single public agency the responsibility to administer waterfront lands in the City and County of San Francisco that are subject to the public trust and the ability to capture property tax increment revenues to finance needed public infrastructure improvements in those areas will further the objectives of the public trust and enjoyment of those trust lands by the people of the state.

(c) Notwithstanding subdivision (c) of Section 53395.1, for the purposes of this section,"debt" includes commercial paper and variable rate demand notes.

(d) In addition to the purposes provided in subdivision (a) of Section 53395.3, a district subject to this section may finance the environmental remediation of any real or tangible property that the district may finance pursuant to Section 53395.3. The district may also finance planning and design work that is directly related to the improvement, seismic retrofit, or environmental mediation of that property. The district may not finance routine nonstructural repair work.

(e) In addition to the public capital facilities of communitywide significance that a district may finance pursuant to subdivision (b) of Section 53395.3, a district subject to this section may finance all of the following:

(1) Seismic and life-safety improvements to existing buildings and other structures.

(2) Rehabilitation, restoration, and preservation of structures, buildings, or other facilities having special historical, architectural, or aesthetic interest or value and that are either eligible for listing on the National Register of Historic Places, both individually or because of their location within an eligible registered historic district, or are locally designated landmarks.

(3) Structural repairs and improvements to piers, seawalls, and wharves.

(4) Remediation of hazardous materials.

(5) Storm water management facilities, other utility infrastructure, or public access improvements.

(f) Notwithstanding Section 53395.4, a district subject to this section may include tidelands and submerged lands, including filled lands, subject to the public trust for commerce, navigation, and fisheries, and the applicable statutory trust grant or grants. Where a district includes tidelands and submerged lands, whether filled or unfilled, and finances facilities located on these tidelands and submerged lands, these facilities shall serve and promote uses and purposes consistent with the public trust and applicable statutory trust grants. These facilities shall be public trust assets subject to the administration and control of the legislative trust grantee of the public trust lands on which they are constructed. However, if these facilities are among the public capital facilities listed in paragraphs (1) to (4), inclusive, of subdivision (b) of Section 53395.3 or paragraph (5) of subdivision (e) of this section and are not owned by the public agency administering the public trust lands, but are owned and operated by another entity pursuant to a license from or an agreement with the public agency administering the public trust lands, then these facilities are not required to become public trust assets. The district shall maintain accounting procedures in accordance, and otherwise comply, with Section 6306 of the Public Resources Code.

(g) Notwithstanding Section 53395.5, nothing in this chapter shall prohibit the formation of a district on urban waterfront property, nor the financing of needed public infrastructure projects located on public trust lands, pursuant to this section.

(h) Notwithstanding subdivision (c) of Section 53395.14, infrastructure improvements that increase public access to, or use or enjoyment of, public trust lands pursuant to this section shall be deemed to satisfy the requirements of that subdivision.

(i) Notwithstanding Section 53395.20 or any other provision of law, if all of the land in a district subject to this section would be publicly owned, no election shall be required to form the district, and the legislative body may, by ordinance, adopt the infrastructure financing plan and create the district, upon recommendation of the public agency with jurisdiction over the land.

(j) (1) Notwithstanding any other provision of this chapter, the legislative body may amend an infrastructure financing plan subject to this section to extend the time limitations for receipt of property tax increment beyond the 30-year period from adoption of the ordinance for the district for a period not to exceed 10 years to pay bonded indebtedness, if the district does all of the following:

(A) Includes an amendment, if necessary, to increase the total number of dollars to be allocated to the district.

(B) Prepares an analysis of the projected fiscal impact on each affected taxing entity.

(C) Sets a time and date for a public hearing on the matter.

(2) The amendment to the infrastructure financing plan shall be mailed by the clerk to each affected taxing entity for its review. Each affected taxing entity shall review and consent to or disapprove the amended infrastructure financing plan within 60 days of the receipt thereof.

(k) (1) The legislative body shall hold a public hearing regarding the amendment to the infrastructure financing plan within 60 days after each affected taxing entity has approved the extension.

(2) The public hearing, and notice thereof, shall be conducted in accordance with Sections 53395.17 and 53395.18. At the conclusion of the hearing, the legislative body may adopt an ordinance adopting the infrastructure financing plan, as modified, or it may abandon the proceedings.

SEC. 4. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances of the City and County of San Francisco. The facts constituting the special circumstances are:

The Port Authority of the City and County of San Francisco administers tidelands along its waterfront where there are neither private landowners nor registered voters. The Port Authority of the City and County of San Francisco wants to establish one or more infrastructure financing districts to finance improvements to those waterfront properties. However, the current law that governs the formation of infrastructure financing districts assumes the presence of private landowners and registered voters. In order to adapt the provisions of Chapter 2.8 (commencing with Section 53395) of Part 1 of Division 2 of Title 5 of the Government Code, relating to infrastructure financing districts, to these unique circumstances, this special act is necessary.

CHAPTER 214

An act to amend Section 42885.5 of the Public Resources Code, relating to the environment.

[Approved by Governor September 6, 2005. Filed with Secretary of State September 6, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 42885.5 of the Public Resources Code is amended to read:

42885.5. (a) The board shall adopt a five-year plan, which shall be updated every two years, to establish goals and priorities for the waste tire program and each program element.

(1) Enforcement and regulations relating to the storage of waste and used tires.

(2) Cleanup, abatement, or other remedial action related to waste tire stockpiles throughout the state.

(3) Research directed at promoting and developing alternatives to the landfill disposal of waste tires.

(4) Market development and new technology activities for used tires and waste tires.

(5) The waste and used tire hauler program and manifest system.

(6) A description of the grants, loans, contracts, and other expenditures proposed to be made by the board under the tire recycling program.

(7) Until June 30, 2006, the grant program authorized under Section 42872.5 to encourage the use of rubberized asphalt concrete technology in public works projects.

(8) Border region activities, conducted in coordination with the California Environmental Protection Agency, including, but not limited to, all of the following:

(B) Environmental education training.

(C) Development of a waste tire abatement plan, with the appropriate government entities of California and Mexico.

(D) Tracking both the legal and illegal waste and used tire flow across the border and recommended revisions to the waste tire policies of California and Mexico.

(E) Coordination with businesses operating in the border region and with Mexico, with regard to applying the same environmental and control requirements throughout the border region.

(c) The board shall base the budget for the California Tire Recycling Act and program funding on the plan.

(d) The plan may not propose financial or other support that promotes, or provides for research for the incineration of tires.

CHAPTER 215

An act to amend Sections 4801, 5075.5, and 13823.9 of the Penal Code, to amend Section 3030 of the Family Code, and to amend Section 340.3 of the Code of Civil Procedure, relating to domestic violence.

[Approved by Governor September 6, 2005. Filed with Secretary of State September 6, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 340.3 of the Code of Civil Procedure is amended to read:

340.3. (a) Unless a longer period is prescribed for a specific action, in any action for damages against a defendant based upon the defendant's commission of a felony offense for which the defendant has been convicted, the time for commencement of the action shall be within one year after judgment is pronounced.

(b) (1) Notwithstanding subdivision (a), an action for damages against a defendant based upon the defendant's commission of a felony offense for which the defendant has been convicted may be commenced within 10 years of the date on which the defendant is discharged from parole if the conviction was for any offense specified in paragraph (1), except voluntary manslaughter, (2), (3), (4), (5), (6), (7), (9), (16), (17), (20), (22), (25), (34), or (35) of subdivision (c) of Section 1192.7 of the Penal Code.

(2) No civil action may be commenced pursuant to paragraph (1) if any of the following applies:

(A) The defendant has received either a certificate of rehabilitation as provided in Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code or a pardon as provided in Chapter 1 (commencing with Section 4800) or Chapter 3 (commencing with Section 4850) of Title 6 of Part 3 of the Penal Code.

(B) Following a conviction for murder or attempted murder, the defendant has been paroled based in whole or in part upon evidence presented to the Board of Prison Terms that the defendant committed the crime because he or she was the victim of intimate partner battering.

(C) The defendant was convicted of murder or attempted murder in the second degree in a trial at which substantial evidence was presented that the person committed the crime because he or she was a victim of intimate partner battering.

(c) If the sentence or judgment is stayed, the time for the commencement of the action shall be tolled until the stay is lifted. For purposes of this section, a judgment is not stayed if the judgment is appealed or the defendant is placed on probation.

(d) (1) Subdivision (b) shall apply to any action commenced before, on, or after the effective date of this section, including any action otherwise barred by a limitation of time in effect prior to the effective date of this section, thereby reviving those causes of action that had lapsed or expired under the law in effect prior to the effective date of this section.

(2) Paragraph (1) does not apply to either of the following:

(A) Any claim that has been litigated to finality on the merits in any court of competent jurisdiction prior to January 1, 2003. For purposes of this section, termination of a prior action on the basis of the statute of limitations does not constitute a claim that has been litigated to finality on the merits.

(B) Any written, compromised settlement agreement that has been entered into between a plaintiff and a defendant if the plaintiff was represented by an attorney who was admitted to practice law in this state at the time of the settlement, and the plaintiff signed the agreement.

(e) Any restitution paid by the defendant to the victim shall be credited against any judgment, award, or settlement obtained pursuant to this section. Any judgment, award, or settlement obtained pursuant to an action under this section shall be subject to the provisions of Section 13966.01 of the Government Code.

SEC. 2. Section 3030 of the Family Code is amended to read:

3030. (a) No person shall be granted physical or legal custody of, or unsupervised visitation with, a child if the person is required to be registered as a sex offender under Section 290 of the Penal Code where the victim was a minor, or if the person has been convicted under Section 273a, 273d, or 647.6 of the Penal Code, unless the court finds that there is no significant risk to the child and states its reasons in writing or on the record.

(b) No person shall be granted custody of, or visitation with, a child if the person has been convicted under Section 261 of the Penal Code and the child was conceived as a result of that violation.

(c) No person shall be granted custody of, or unsupervised visitation with, a child if the person has been convicted of murder in the first degree, as defined in Section 189 of the Penal Code, and the victim of the murder was the other parent of the child who is the subject of the order, unless the court finds that there is no risk to the child's health, safety, and welfare, and states the reasons for its finding in writing or on the record. In making its finding, the court may consider, among other things, the following:

(1) The wishes of the child, if the child is of sufficient age and capacity to reason so as to form an intelligent preference.

(2) Credible evidence that the convicted parent was a victim of abuse, as defined in Section 6203, committed by the deceased parent. That evidence may include, but is not limited to, written reports by law enforcement agencies, child protective services or other social welfare agencies, courts, medical facilities, or other public agencies or private nonprofit organizations providing services to victims of domestic abuse.

(3) Testimony of an expert witness, qualified under Section 1107 of the Evidence Code, that the convicted parent experiences intimate partner battering.

Unless and until a custody or visitation order is issued pursuant to this subdivision, no person shall permit or cause the child to visit or remain in the custody of the convicted parent without the consent of the child's custodian or legal guardian.

(d) The court may order child support that is to be paid by a person subject to subdivision (a), (b), or (c) to be paid through the local child support agency, as authorized by Section 4573 of the Family Code and Division 17 (commencing with Section 17000) of this code.

(e) The court shall not disclose, or cause to be disclosed, the custodial parent's place of residence, place of employment, or the child's school, unless the court finds that the disclosure would be in the best interest of the child.

SEC. 2.5. Section 3030 of the Family Code is amended to read:

3030. (a) (1) No person shall be granted physical or legal custody of, or unsupervised visitation with, a child if the person is required to be registered as a sex offender under Section 290 of the Penal Code where the victim was a minor, or if the person has been convicted under Section 273a, 273d, or 647.6 of the Penal Code, unless the court finds that there is no significant risk to the child and states its reasons in writing or on the record.

(2) No person shall be granted physical or legal custody of, or unsupervised visitation with, a child if anyone residing in the person's household is required, as a result of a felony conviction in which the victim was a minor, to register as a sex offender under Section 290 of the Penal Code, unless the court finds there is no significant risk to the child and states its reasons in writing or on the record.

(3) The fact that a child is permitted unsupervised contact with a person who is required, as a result of a felony conviction in which the victim was a minor, to be registered as a sex offender under Section 290 of the Penal Code, shall be prima facie evidence that the child is at significant risk. When making a determination regarding significant risk to the child, the prima facie evidence shall constitute a presumption affecting the burden of producing evidence. However, this presumption shall not apply if there are factors mitigating against its application, including whether the party seeking custody or visitation is also required, as the result of a felony conviction in which the victim was a minor, to register as a sex offender under Section 290 of the Penal Code.

(b) No person shall be granted custody of, or visitation with, a child if the person has been convicted under Section 261 of the Penal Code and the child was conceived as a result of that violation.

(c) No person shall be granted custody of, or unsupervised visitation with, a child if the person has been convicted of murder in the first degree, as defined in Section 189 of the Penal Code, and the victim of the murder was the other parent of the child who is the subject of the order, unless the court finds that there is no risk to the child's health, safety, and welfare, and states the reasons for its finding in writing or on the record. In making its finding, the court may consider, among other things, the following:

(1) The wishes of the child, if the child is of sufficient age and capacity to reason so as to form an intelligent preference.

(2) Credible evidence that the convicted parent was a victim of abuse, as defined in Section 6203, committed by the deceased parent. That evidence may include, but is not limited to, written reports by law enforcement agencies, child protective services or other social welfare agencies, courts, medical facilities, or other public agencies or private nonprofit organizations providing services to victims of domestic abuse.

(3) Testimony of an expert witness, qualified under Section 1107 of the Evidence Code, that the convicted parent experiences intimate partner battering.
