(o) Submit all proposed rate levels to the department for informational purposes no later than 45 days prior to their implementation. The proposed rates shall contain an aggregate benefit structure which has a loss ratio experience of not less than 80 percent. The loss ratio experience shall be calculated as claims paid during the contract period plus a reasonable estimate of claims liability for the contract period at the end of the current year divided by contributions paid or collected for the contract period minus unearned contributions at the end of the current year.

(p) Comply with the investment requirements of Section 724.245.

(e) The person fined may appeal to the secretary within 10 days of the date of receiving notification of the fine. The following procedures apply to the appeal:

[Approved by Governor September 6, 2005. Filed with Secretary of State September 6, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 5600.3 of the Welfare and Institutions Code is amended to read:

5600.3. To the extent resources are available, the primary goal of use of funds deposited in the mental health account of the local health and welfare trust fund should be to serve the target populations identified in the following categories, which shall not be construed as establishing an order of priority:

(a) (1) Seriously emotionally disturbed children or adolescents.

(2) For the purposes of this part, "seriously emotionally disturbed children or adolescents" means minors under the age of 18 years who have a mental disorder as identified in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders, other than a primary substance use disorder or developmental disorder, which results in behavior inappropriate to the child's age according to expected developmental norms. Members of this target population shall meet one or more of the following criteria:

(A) As a result of the mental disorder the child has substantial impairment in at least two of the following areas: self-care, school functioning, family relationships, or ability to function in the community; and either of the following occur:

(i) The child is at risk of removal from home or has already been removed from the home.

(ii) The mental disorder and impairments have been present for more than six months or are likely to continue for more than one year without treatment.

(B) The child displays one of the following: psychotic features, risk of suicide or risk of violence due to a mental disorder.

(C) The child meets special education eligibility requirements under Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code.

(b) (1) Adults and older adults who have a serious mental disorder.

(2) For the purposes of this part "serious mental disorder" means a mental disorder which is severe in degree and persistent in duration, which may cause behavioral functioning which interferes substantially with the primary activities of daily living, and which may result in an inability to maintain stable adjustment and independent functioning without treatment, support, and rehabilitation for a long or indefinite period of time. Serious mental disorders include, but are not limited to, schizophrenia, as well as major affective disorders or other severely disabling mental disorders. This section shall not be construed to exclude persons with a serious mental disorder and a diagnosis of substance abuse, developmental disability, or other physical or mental disorder.

(3) Members of this target population shall meet all of the following criteria:

(A) The person has a mental disorder as identified in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders, other than a substance use disorder or developmental disorder or acquired traumatic brain injury pursuant to subdivision (a) of Section 4354 unless that person also has a serious mental disorder as defined in paragraph (2).

(B) (i) As a result of the mental disorder the person has substantial functional impairments or symptoms, or a psychiatric history demonstrating that without treatment there is an imminent risk of decompensation to having substantial impairments or symptoms.

(ii) For the purposes of this part, "functional impairment" means being substantially impaired as the result of a mental disorder in independent living, social relationships, vocational skills, or physical condition.

(C) As a result of a mental functional impairment and circumstances the person is likely to become so disabled as to require public assistance, services, or entitlements.

(4) For the purpose of organizing outreach and treatment options, to the extent resources are available, this target population includes, but is not limited to, persons who are any of the following:

(A) Homeless persons who are mentally ill.

(B) Persons evaluated by appropriately licensed persons as requiring care in acute treatment facilities including state hospitals, acute inpatient facilities, institutes for mental disease, and crisis residential programs.

(D) Persons who require acute treatment as a result of a first episode of mental illness with psychotic features.

(5) California veterans in need of mental health services who are not eligible for care by the United States Department of Veterans Affairs or other federal health care provider and who meet the existing eligibility requirements of this section, shall be provided services to the extent resources are available. Counties shall refer a veteran to the county veterans service officer, if any, to determine the veteran's eligibility for, and the availability of, mental health services provided by the United States Department of Veterans Affairs or other federal health care provider.

(c) Adults or older adults who require or are at risk of requiring acute psychiatric inpatient care, residential treatment, or outpatient crisis intervention because of a mental disorder with symptoms of psychosis, suicidality, or violence.

(d) Persons who need brief treatment as a result of a natural disaster or severe local emergency.

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 222

An act to amend Sections 32734 and 33452 of the Food and Agricultural Code, relating to milk.

The people of the State of California do enact as follows:

SECTION 1. Section 32734 of the Food and Agricultural Code is amended to read:

32734. (a) In addition to any other provision of law, the secretary shall require inspections at least quarterly of all milk products plants that pasteurize milk or milk products, manufacture cheese, or manufacture raw milk cheese. However, annually on January 1 such a dairy may elect to market manufacturing milk for a 12-month period. This provision applies to a dairy cow farm that was marketing manufacturing milk on August 1, 2005, that subsequently obtains a market milk grade A permit, but does not apply if the facility is sold or leased to a new operator. A dairy cow farm that begins operation on or after January 1, 2006, shall not market manufacturing milk except as provided in this section.

(b) This section does not apply to dairy goat farms.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

[Approved by Governor September 6, 2005. Filed with Secretary of State September 6, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 2924b of the Civil Code is amended to read:

2924b. (a) Any person desiring a copy of any notice of default and of any notice of sale under any deed of trust or mortgage with power of sale upon real property or an estate for years therein, as to which deed of trust or mortgage the power of sale cannot be exercised until these notices are given for the time and in the manner provided in Section 2924 may, at any time subsequent to recordation of the deed of trust or mortgage and prior to recordation of notice of default thereunder, cause to be filed for record in the office of the recorder of any county in which any part or parcel of the real property is situated, a duly acknowledged request for a copy of the notice of default and of sale. Upon the filing for record of the request, the recorder shall index in the general index of grantors the names of the trustors (or mortgagor) recited therein and the names of persons requesting copies.

(b) The mortgagee, trustee, or other person authorized to record the notice of default or the notice of sale shall do each of the following:

(1) Within 10 business days following recordation of the notice of default, deposit or cause to be deposited in the United States mail an envelope, sent by registered or certified mail with postage prepaid, containing a copy of the notice with the recording date shown thereon,

(3) As used in paragraphs (1) and (2), the "last known address" of each trustor or mortgagor means the last business or residence physical address actually known by the mortgagee, beneficiary, trustee, or other person authorized to record the notice of default. For the purposes of this subdivision, an address is "actually known" if it is contained in the original deed of trust or mortgage, or in any subsequent written notification of a change of physical address from the trustor or mortgagor pursuant to the deed of trust or mortgage. For the purposes of this subdivision, "physical address" does not include an e-mail or any form of electronic address for a trustor or mortgagor. The beneficiary shall inform the trustee of the trustor's last address actually known by the beneficiary. However, the trustee shall incur no liability for failing to send any notice to the last address unless the trustee has actual knowledge of it.

(4) A "person authorized to record the notice of default or the notice of sale" shall include an agent for the mortgagee or beneficiary, an agent of the named trustee, any person designated in an executed substitution of trustee, or an agent of that substituted trustee.

(c) The mortgagee, trustee, or other person authorized to record the notice of default or the notice of sale shall do the following:

(1) Within one month following recordation of the notice of default, deposit or cause to be deposited in the United States mail an envelope, sent by registered or certified mail with postage prepaid, containing a copy of the notice with the recording date shown thereon, addressed to each person set forth in paragraph (2), provided that the estate or interest of any person entitled to receive notice under this subdivision is acquired by an instrument sufficient to impart constructive notice of the estate or interest in the land or portion thereof which is subject to the deed of trust or mortgage being foreclosed, and provided the instrument is recorded in the office of the county recorder so as to impart that constructive

notice prior to the recording date of the notice of default and provided the instrument as so recorded sets forth a mailing address which the county recorder shall use, as instructed within the instrument, for the return of the instrument after recording, and which address shall be the address used for the purposes of mailing notices herein.

(2) The persons to whom notice shall be mailed under this subdivision are:

(A) The successor in interest, as of the recording date of the notice of default, of the estate or interest or any portion thereof of the trustor or mortgagor of the deed of trust or mortgage being foreclosed.

(B) The beneficiary or mortgagee of any deed of trust or mortgage recorded subsequent to the deed of trust or mortgage being foreclosed, or recorded prior to or concurrently with the deed of trust or mortgage being foreclosed but subject to a recorded agreement or a recorded statement of subordination to the deed of trust or mortgage being foreclosed.

(C) The assignee of any interest of the beneficiary or mortgagee described in subparagraph (B), as of the recording date of the notice of default.

(D) The vendee of any contract of sale, or the lessee of any lease, of the estate or interest being foreclosed which is recorded subsequent to the deed of trust or mortgage being foreclosed, or recorded prior to or concurrently with the deed of trust or mortgage being foreclosed but subject to a recorded agreement or statement of subordination to the deed of trust or mortgage being foreclosed.

(E) The successor in interest to the vendee or lessee described in subparagraph (D), as of the recording date of the notice of default.

(F) The office of the Controller, Sacramento, California, where, as of the recording date of the notice of default, a "Notice of Lien for Postponed Property Taxes" has been recorded against the real property to which the notice of default applies.

(3) At least 20 days before the date of sale, deposit or cause to be deposited in the United States mail an envelope, sent by registered or certified mail with postage prepaid, containing a copy of the notice of the time and place of sale addressed to each person to whom a copy of the notice of default is to be mailed as provided in paragraphs (1) and (2), and addressed to the office of any state taxing agency, Sacramento, California, which has recorded, subsequent to the deed of trust or mortgage being foreclosed, a notice of tax lien prior to the recording date of the notice of default against the real property to which the notice of default applies.

(4) Provide a copy of the notice of sale to the Internal Revenue Service, in accordance with Section 7425 of the Internal Revenue Code

and any applicable federal regulation, if a "Notice of Federal Tax Lien under Internal Revenue Laws" has been recorded, subsequent to the deed of trust or mortgage being foreclosed, against the real property to which the notice of sale applies. The failure to provide the Internal Revenue Service with a copy of the notice of sale pursuant to this paragraph shall be sufficient cause to rescind the trustee's sale and invalidate the trustee's deed, at the option of either the successful bidder at the trustee's sale or the trustee, and in either case with the consent of the beneficiary. Any option to rescind the trustee's sale pursuant to this paragraph shall be exercised prior to any transfer of the property by the successful bidder to a bona fide purchaser for value. A recision of the trustee's sale pursuant to this paragraph may be recorded in a notice of recision pursuant to Section 1058.5.

(5) The mailing of notices in the manner set forth in paragraph (1) shall not impose upon any licensed attorney, agent, or employee of any person entitled to receive notices as herein set forth any duty to communicate the notice to the entitled person from the fact that the mailing address used by the county recorder is the address of the attorney, agent, or employee.

(d) Any deed of trust or mortgage with power of sale hereafter executed upon real property or an estate for years therein may contain a request that a copy of any notice of default and a copy of any notice of sale thereunder shall be mailed to any person or party thereto at the address of the person given therein, and a copy of any notice of default and of any notice of sale shall be mailed to each of these at the same time and in the same manner required as though a separate request therefor had been filed by each of these persons as herein authorized. If any deed of trust or mortgage with power of sale executed after September 19, 1939, except a deed of trust or mortgage of any of the classes excepted from the provisions of Section 2924, does not contain a mailing address of the trustor or mortgagor therein named, and if no request for special notice by the trustor or mortgagor in substantially the form set forth in this section has subsequently been recorded, a copy of the notice of default shall be published once a week for at least four weeks in a newspaper of general circulation in the county in which the property is situated, the publication to commence within 10 business days after the filing of the notice of default. In lieu of publication, a copy of the notice of default may be delivered personally to the trustor or mortgagor within the 10 business days or at any time before publication is completed, or by posting the notice of default in a conspicuous place on the property and mailing the notice to the last known address of the trustor or mortgagor.

(e) Any person required to mail a copy of a notice of default or notice of sale to each trustor or mortgagor pursuant to subdivision (b) or (c) by registered or certified mail shall simultaneously cause to be deposited in the United States mail, with postage prepaid and mailed by first-class mail, an envelope containing an additional copy of the required notice addressed to each trustor or mortgagor at the same address to which the notice is sent by registered or certified mail pursuant to subdivision (b) or (c). The person shall execute and retain an affidavit identifying the notice mailed, showing the name and residence or business address of that person, that he or she is over the age of 18 years, the date of deposit in the mail, the name and address of the trustor or mortgagor to whom sent, and that the envelope was sealed and deposited in the mail with postage fully prepaid. In the absence of fraud, the affidavit required by this subdivision shall establish a conclusive presumption of mailing.

(f) No request for a copy of any notice filed for record pursuant to this section, no statement or allegation in the request, and no record thereof shall affect the title to real property or be deemed notice to any person that any person requesting copies of notice has or claims any right, title, or interest in, or lien or charge upon the property described in the deed of trust or mortgage referred to therein.

(g) "Business day," as used in this section, has the meaning specified in Section 9.

SEC. 2. Section 2924g of the Civil Code is amended to read:

2924g. (a) All sales of property under the power of sale contained in any deed of trust or mortgage shall be held in the county where the property or some part thereof is situated, and shall be made at auction, to the highest bidder, between the hours of 9 a.m. and 5 p.m. on any business day, Monday through Friday.

The sale shall commence at the time and location specified in the notice of sale. Any postponement shall be announced at the time and location specified in the notice of sale for commencement of the sale or pursuant to paragraph (1) of subdivision (c).

If the sale of more than one parcel of real property has been scheduled for the same time and location by the same trustee, (1) any postponement of any of the sales shall be announced at the time published in the notice of sale, (2) the first sale shall commence at the time published in the notice of sale or immediately after the announcement of any postponement, and (3) each subsequent sale shall take place as soon as possible after the preceding sale has been completed.

(b) When the property consists of several known lots or parcels, they shall be sold separately unless the deed of trust or mortgage provides otherwise. When a portion of the property is claimed by a third person, who requires it to be sold separately, the portion subject to the claim

may be thus sold. The trustor, if present at the sale, may also, unless the deed of trust or mortgage otherwise provides, direct the order in which property shall be sold, when the property consists of several known lots or parcels which may be sold to advantage separately, and the trustee shall follow that direction. After sufficient property has been sold to satisfy the indebtedness, no more can be sold.

If the property under power of sale is in two or more counties, the public auction sale of all of the property under the power of sale may take place in any one of the counties where the property or a portion thereof is located.

(c) (1) There may be a postponement or postponements of the sale proceedings, including a postponement upon instruction by the beneficiary to the trustee that the sale proceedings be postponed, at any time prior to the completion of the sale for any period of time not to exceed a total of 365 days from the date set forth in the notice of sale. The trustee shall postpone the sale in accordance with any of the following:

(A) Upon the order of any court of competent jurisdiction.

(B) If stayed by operation of law.

(C) By mutual agreement, whether oral or in writing, of any trustor and any beneficiary or any mortgagor and any mortgagee.

(D) At the discretion of the trustee.

(2) In the event that the sale proceedings are postponed for a period or periods totaling more than 365 days, the scheduling of any further sale proceedings shall be preceded by giving a new notice of sale in the manner prescribed in Section 2924f. New fees incurred for the new notice of sale shall not exceed the amounts specified in Sections 2924c and 2924d, and shall not exceed reasonable costs that are necessary to comply with this paragraph.

(d) The notice of each postponement and the reason therefor shall be given by public declaration by the trustee at the time and place last appointed for sale. A public declaration of postponement shall also set forth the new date, time, and place of sale and the place of sale shall be the same place as originally fixed by the trustee for the sale. No other notice of postponement need be given. However, the sale shall be conducted no sooner than on the seventh day after the earlier of (1) dismissal of the action or (2) expiration or termination of the injunction, restraining order, or stay that required postponement of the sale, whether by entry of an order by a court of competent jurisdiction, operation of law, or otherwise, unless the injunction, restraining order, or subsequent order expressly directs the conduct of the sale within that seven-day period. For purposes of this subdivision, the seven-day period shall not include the day on which the action is dismissed, or the day on which

the injunction, restraining order, or stay expires or is terminated. If the sale had been scheduled to occur, but this subdivision precludes its conduct during that seven-day period, a new notice of postponement shall be given if the sale had been scheduled to occur during that seven-day period. The trustee shall maintain records of each postponement and the reason therefor.

(e) Notwithstanding the time periods established under subdivision (d), if postponement of a sale is based on a stay imposed by Title 11 of the United States Code (bankruptcy), the sale shall be conducted no sooner than the expiration of the stay imposed by that title and the seven-day provision of subdivision (d) shall not apply.

(3) For moderate income households, affordable housing cost shall not exceed the product of 40 percent times 110 percent of the area median income adjusted for family size appropriate for the unit. In addition, for any moderate-income household that has a gross income that exceeds 110 percent of the area median income adjusted for family size, it shall be optional for any state or local funding agency to require that affordable housing cost not exceed 40 percent of the gross income of the household.

(c) Any agency that provides assistance pursuant to this section shall include in the annual report to the Controller, pursuant to Sections 33080 and 33080.1, all of the following information:

(d) Except as provided in subdivision (b), all provisions of Section 50052.5, including any definitions, requirements, standards, and regulations adopted to implement those provisions, shall apply to this section.

(e) By April 1, 2007, the Controller shall furnish a compilation of the information described in subdivision (c) to the Legislature and the director.

(f) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date.

(d) Subdivision (b) shall not be construed to change the definition of "employer," "employee," or "independent contractor" for any purpose.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or

CHAPTER 228

An act to add and repeal Section 20175.2 of the Public Contract Code, relating to public contracts.

[Approved by Governor September 6, 2005. Filed with Secretary of State September 6, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 20175.2 is added to the Public Contract Code, to read:

20175.2. (a) (1) This section provides an alternative procedure for bidding on building construction projects applicable in cities in the Counties of Solano and Yolo upon approval of the appropriate city council.

(2) These cities may award the project using either the lowest responsible bidder or by best value.

(b) (1) It is the intent of the Legislature to enable cities to utilize cost-effective options for building and modernizing public facilities. The Legislature also recognizes the national trend, including authorization in California, to allow public entities to utilize design-build contracts as a project delivery method. It is not the intent of the Legislature to authorize this procedure for transportation facilities, including, but not limited to, roads and bridges.

(2) The Legislature also finds and declares that utilizing a design-build contract requires a clear understanding of the roles and responsibilities of each participant in the design-build process. The Legislature also finds that the cost-effective benefits to cities are achieved by shifting the liability and risk for cost containment and project completion to the design-build entity.

(3) It is the intent of the Legislature to provide an alternative and optional procedure for bidding and building construction projects for cities.

(4) The design-build approach may be used, but is not limited to use, when it is anticipated that it will: reduce project cost, expedite project completion, or provide design features not achievable through the design-bid-build method.

(5) If a city council elects to proceed under this section, the city council shall establish and enforce, for design-build projects, a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code, or it shall contract with a third party to operate a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code. This requirement shall not apply to any project where the city or the design-build entity has entered into any collective bargaining agreement or agreements that bind all of the contractors performing work on the projects.

(c) As used in this section:

(1) "Best value" means a value determined by objectives relative to price, features, functions, and life-cycle costs.

(2) "Design-build" means a procurement process in which both the design and construction of a project are procured from a single entity.

(3) "Design-build entity" means a partnership, corporation, or other legal entity that is able to provide appropriately licensed contracting, architectural, and engineering services, as needed, pursuant to a design-build contract.

(4) "Project" means the construction of a building and improvements directly related to the construction of a building, but does not include streets and highways, public rail transit, or water resources facilities and infrastructure.

(d) Design-build projects shall progress in a four-step process, as follows:

(1) (A) The city shall prepare a set of documents setting forth the scope of the project. The documents may include, but are not limited to, the size, type, and desired design character of the buildings and site, performance specifications covering the quality of materials, equipment, and workmanship, preliminary plans or building layouts, or any other information deemed necessary to describe adequately the city's needs. The performance specifications and any plans shall be prepared by a design professional who is duly licensed and registered in California.

(B) Any architect or engineer retained by the city to assist in the development of the project-specific documents shall not be eligible to participate in the preparation of a bid with any design-build entity for that project.

(2) (A) Based on the documents prepared in paragraph (1), the city shall prepare a request for proposals that invites interested parties to submit competitive sealed proposals in the manner prescribed by the city. The request for proposals shall include, but is not limited to, the following elements:

(i) Identification of the basic scope and needs of the project or contract, the expected cost range, and other information deemed necessary by the

city to inform interested parties of the contracting opportunity, to include the methodology that will be used by the city to evaluate proposals, and specifically if the contract will be awarded to the lowest responsible bidder.

(ii) Significant factors which the city reasonably expects to consider in evaluating proposals, including cost or price and all nonprice related factors.

(iii) The relative importance of weight assigned to each of the factors identified in the request for proposals.

(B) With respect to clause (iii) of subparagraph (A), if a nonweighted system is used, the agency shall specifically disclose whether all evaluation factors, other than cost or price, when combined are:

(i) Significantly more important than cost or price.

(ii) Approximately equal in importance to cost or price.

(iii) Significantly less important than cost or price.

(C) If the city chooses to reserve the right to hold discussions or negotiations with responsive bidders, it shall so specify in the request for proposal and shall publish separately, or incorporate into the request for proposal, applicable rules and procedures to be observed by the city to ensure that any discussions or negotiations are conducted in good faith.

(3) (A) The city shall establish a procedure to prequalify design-build entities using a standard questionnaire developed by the city. In preparing the questionnaire, the city shall consult with the construction industry, including representatives of the building trades and surety industry. This questionnaire shall require information including, but not limited to, all of the following:

(i) If the design-build entity is a partnership, limited partnership, or other association, a listing of all of the partners, general partners, or association members known at the time of bid submission who will participate in the design-build contract, including, but not limited to, mechanical subcontractors.

(ii) Evidence that the members of the design-build entity have completed, or demonstrated the experience, competency, capability, and capacity to complete projects of similar size, scope, or complexity, and that proposed key personnel have sufficient experience and training to competently manage and complete the design and construction of the project, as well as a financial statement that assures the city that the design-build entity has the capacity to complete the project.

(iii) The licenses, registration, and credentials required to design and construct the project, including information on the revocation or suspension of any license, credential, or registration.

(iv) Evidence that establishes that the design-build entity has the capacity to obtain all required payment and performance bonding, liability insurance, and errors and omissions insurance.

(v) Any prior serious or willful violation of the California Occupational Safety and Health Act of 1973, contained in Part 1 (commencing with Section 6300) of Division 5 of the Labor Code or the federal Occupational Safety and Health Act of 1970 (Public Law 91–596) settled against any member of the design-build entity, and information concerning workers' compensation experience history and worker safety program.

(vi) Information concerning any debarment, disqualification, or removal from a federal, state, or local government public works project. Any instance where an entity, its owners, officers, or managing employees submitted a bid on a public works project and were found to be nonresponsive, or were found by an awarding body not to be a responsible bidder.

(vii) Any instance where the entity, its owners, officers, or managing employees defaulted on a construction contract.

(viii) Any violations of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code), excluding alleged violations of federal or state law including the payment of wages, benefits, apprenticeship requirements, or personal income tax withholding, or of Federal Insurance Contribution Act (FICA) withholding requirements settled against any member of the design-build entity.

(ix) Information concerning the bankruptcy or receivership of any member of the design-build entity, including information concerning any work completed by a surety.

(x) Information concerning all settled adverse claims, disputes, or lawsuits between the owner of a public works project and any member of the design-build entity during the five years preceding submission of a bid pursuant to this section, in which the claim, settlement, or judgment exceeds fifty thousand dollars ($50,000). Information shall also be provided concerning any work completed by a surety during this period.

(xi) In the case of a partnership or other association that is not a legal entity, a copy of the agreement creating the partnership or association and specifying that all partners or association members agree to be fully liable for the performance under the design-build contract.

(B) The information required pursuant to this subdivision shall be verified under oath by the entity and its members in the manner in which civil pleadings in civil actions are verified. Information that is not a public record pursuant to the California Public Records Act (Chapter

3.5 of Division 7 of Title 1 of the Government Code) shall not be open to public inspection.

(4) The city shall establish a procedure for final selection of the design-build entity. Selection shall be based on either of the following criteria:

(A) A competitive bidding process resulting in lump-sum bids by the prequalified design-build entities. Awards shall be made to the lowest responsible bidder.

(B) The city may use a design-build competition based upon best value and other criteria set forth in paragraph (2) of subdivision (d). The design-build competition shall include the following elements:

(i) Competitive proposals shall be evaluated by using only the criteria and selection procedures specifically identified in the request for proposal. However, the following minimum factors shall each represent at least 10 percent of the total weight of consideration given to all criteria factors: price, technical design and construction expertise, life cycle costs over 15 years or more, skilled labor force availability, and acceptable safety record. Each of these factors shall be weighted equally.

(ii) Once the evaluation is complete, the top three responsive bidders shall be ranked sequentially from the most advantageous to the least.

(iii) The award of the contract shall be made to the responsible bidder whose proposal is determined, in writing, to be the most advantageous.

(iv) Notwithstanding any provision of this code, upon issuance of a contract award, the city shall publicly announce its award, identifying the contractor to whom the award is made, along with a written decision supporting its contract award and stating the basis of the award. The notice of award shall also include the city's second and third ranked design-build entities.

(v) For the purposes of this paragraph, "skilled labor force availability" shall be determined by the existence of an agreement with a registered apprenticeship program, approved by the California Apprenticeship Council, which has graduated apprentices in each of the preceding five years. This graduation requirement shall not apply to programs providing apprenticeship training for any craft that has been deemed by the Department of Labor and the Department of Industrial Relations to be an apprenticeable craft in the five years prior to enactment of this act.

(vi) For the purposes of this paragraph, a bidder's "safety record" shall be deemed "acceptable" if their experience modification rate for the most recent three-year period is an average of 1.00 or less, and their average Total Recordable Injury/Illness rate and average lost work rate for the most recent three-year period does not exceed the applicable statistical standards for its business category, or if the bidder is a party

to an alternative dispute resolution system, as provided for in Section 3201.5 of the Labor Code.

(e) (1) Any design-build entity that is selected to design and build a project pursuant to this section shall possess or obtain sufficient bonding to cover the contract amount for nondesign services and errors and omissions insurance coverage sufficient to cover all design and architectural services provided in the contract. This section does not prohibit a general or engineering contractor from being designated the lead entity on a design-build entity for the purposes of purchasing necessary bonding to cover the activities of the design-build entity.

(2) Any payment or performance bond written for the purposes of this section shall be written using a bond form developed by the city.

(f) All subcontractors that were not listed by the design-build entity in accordance with clause (i) of subparagraph (A) of paragraph (3) of subdivision (d) shall be awarded by the design-build entity in accordance with the design-build process set forth by the city in the design-build package. All subcontractors bidding on contracts pursuant to this section shall be afforded the protections contained in Chapter 4 (commencing with Section 4100) of Part 1. The design-build entity shall do both of the following:

(1) Provide public notice of the availability of work to be subcontracted in accordance with the publication requirements applicable to the competitive bidding process of the city.

(2) Provide a fixed date and time on which the subcontracted work will be awarded in accordance with the procedure established pursuant to this section.

(g) The minimum performance criteria and design standards established pursuant to paragraph (1) of subdivision (d) shall be adhered to by the design-build entity. Any deviations from those standards may only be allowed by written consent of the city.

(h) The city may retain the services of a design professional or construction project manager, or both, throughout the course of the project in order to ensure compliance with this section.

(i) Contracts awarded pursuant to this section shall be valid until the project is completed.

(j) Nothing in this section is intended to affect, expand, alter, or limit any rights or remedies otherwise available at law.

(k) (1) If the city elects to award a project pursuant to this section, retention proceeds withheld by the city from the design-build entity shall not exceed 5 percent if a performance and payment bond, issued by an admitted surety insurer, is required in the solicitation of bids.

(2) In a contract between the design-build entity and the subcontractor, and in a contract between a subcontractor and any subcontractor

thereunder, the percentage of the retention proceeds withheld may not exceed the percentage specified in the contract between the city and the design-build entity. If the design-build entity provides written notice to any subcontractor who is not a member of the design-build entity, prior to or at the time the bid is requested, that a bond may be required and the subcontractor subsequently is unable or refuses to furnish a bond to the design-build entity, then the design-build entity may withhold retention proceeds in excess of the percentage specified in the contract between the city and the design-build entity from any payment made by the design-build entity to the subcontractor.

(*l*) Each city that elects to proceed under this section and uses the design-build method on a public works project shall submit to the Legislative Analyst's office before December 1, 2009, a report containing a description of each public works project procured through the design-build process that is completed after January 1, 2006, and before November 1, 2009. The report shall include, but shall not be limited to, all of the following information:

(1) The type of project.

(2) The gross square footage of the project.

(3) The design-build entity that was awarded the project.

(4) The estimated and actual project costs.

(5) A description of any written protests concerning any aspect of the solicitation, bid, proposal, or award of the design-build project, including the resolution of the protests.

(6) An assessment of the prequalification process and criteria.

(7) An assessment of the effect of retaining 5 percent retention on the project.

(8) A description of the Labor Force Compliance Program and an assessment of the project impact, where required.

(9) A description of the method used to award the contract. If the best value method was used, the report shall describe the factors used to evaluate the bid, including the weighting of each factor and an assessment of the effectiveness of the methodology.

(10) An assessment of the project impact of "skilled labor force availability."

(11) An assessment of the most appropriate uses for the design-build approach.

(m) Any city that elects not to use the authority granted by this section may submit a report to the Legislative Analyst's office explaining why the city elected not to use the design-build method.

(n) On or before January 1, 2010, the Legislative Analyst's office shall report to the Legislature on the use of the design-build method by cities pursuant to this section, including the information listed in

subdivision (*l*). The report may include recommendations for modifying or extending this section.

(o) This section shall remain in effect only until January 1, 2011, and of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique need to build public facilities in a cost-effective manner in cities located in the Counties of Solano and Yolo.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 229

An act to amend Section 17215 of the Education Code, relating to school facilities.

[Approved by Governor September 6, 2005. Filed with Secretary of State September 6, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 17215 of the Education Code is amended to read:

17215. (a) In order to promote the safety of pupils, comprehensive community planning, and greater educational usefulness of schoolsites, before acquiring title to or leasing property for a new schoolsite, the governing board of each school district, including any district governed by a city board of education, or a charter school, shall give the State Department of Education written notice of the proposed acquisition or lease and shall submit any information required by the State Department of Education if the site is within two miles, measured by air line, of that point on an airport runway or a potential runway included in an airport master plan that is nearest to the site.

(b) Upon receipt of the notice required pursuant to subdivision (a), the State Department of Education shall notify the Department of Transportation in writing of the proposed acquisition or lease. If the Department of Transportation is no longer in operation, the State Department of Education shall, in lieu of notifying the Department of Transportation, notify the United States Department of Transportation or any other appropriate agency, in writing, of the proposed acquisition or lease for the purpose of obtaining from the department or other agency any information or assistance that it may desire to give.

(c) The Department of Transportation shall investigate the site and, within 30 working days after receipt of the notice, shall submit to the State Department of Education a written report of its findings including recommendations concerning acquisition or lease of the site. As part of the investigation, the Department of Transportation shall give notice thereof to the owner and operator of the airport who shall be granted the opportunity to comment upon the site. The Department of Transportation shall adopt regulations setting forth the criteria by which a site will be evaluated pursuant to this section.

(d) The State Department of Education shall, within 10 days of receiving the Department of Transportation's report, forward the report to the governing board of the school district or charter school. The governing board or charter school may not acquire title to or lease the property until the report of the Department of Transportation has been received. If the report does not favor the acquisition or lease of the property for a schoolsite or an addition to a present schoolsite, the governing board or charter school may not acquire title to or lease the property. If the report does favor the acquisition or lease of the property for a schoolsite or an addition to a present schoolsite, the governing board or charter school shall hold a public hearing on the matter prior to acquiring or leasing the site.

(e) If the Department of Transportation's recommendation does not favor acquisition or lease of the proposed site, state funds or local funds may not be apportioned or expended for the acquisition or lease of that site, construction of any school building on that site, or for the expansion of any existing site to include that site.

CHAPTER 233

An act to add and repeal Article 3.7 (commencing with Section 179) of Chapter 1 of Division 1 of Title 1 of the Government Code, relating to emergencies, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 13, 2005. Filed with Secretary of State September 13, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Article 3.7 (commencing with Section 179) is added to Chapter 1 of Division 1 of Title 1 of the Government Code, to read:

Article 3.7. Emergency Management Assistance Compact

179. (a) It is the intent of the State of California to continue its long history of sharing emergency response resources with other states during times of disaster. Californian's have benefited from the assistance provided by the firefighters, law enforcement officers, emergency medical personnel and other emergency staff received from other states during our calamitous fires, earthquakes, winter storms, and other disasters. We must now join our sister states in ensuring we are prepared to aid our people during emergencies by entering into the Emergency Management Assistance Compact as it was adopted by Congress.

(b) The Emergency Management Assistance Compact as set forth in Section 179.5 is hereby ratified and approved.

179.5. The provisions of the Emergency Management Assistance Compact between the State of California and other states that are parties to the compact referred to in Section 179 are as follows:

Article 1. Purposes and Authorities

This compact is made and entered into by and between the participating member states which enact this compact, hereafter called party states. For the purposes of this agreement, the term "states" is taken to mean the several states, the Commonwealth of Puerto Rico, the District of Columbia, and all United States territorial possessions.

The purpose of this compact is to provide for mutual assistance between the states entering into this compact in managing any emergency or disaster that is duly declared by the governor of the affected state, whether arising from natural disaster, technological hazard, manmade

disaster, civil emergency aspects of resource shortages, community disorders, insurgency, or enemy attack.

This compact shall also provide for mutual cooperation in emergency-related exercises, testing, or other training activities using equipment and personnel simulating performance of any aspect of the giving and receiving of aid by party states or subdivisions of party states during emergencies, such actions occurring outside actual declared emergency periods. Mutual assistance in this compact may include the use of the states' National Guard forces, either in accordance with the National Guard Mutual Assistance Compact or by mutual agreement between states.

Article 2. General Implementation

Each party state entering into this compact recognizes many emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential in managing these and other emergencies under this compact. Each state further recognizes that there will be emergencies which require immediate access and present procedures to apply outside resources to make a prompt and effective response to such an emergency. This is because few, if any, individual states have all the resources they may need in all types of emergencies or the capability of delivering resources to areas where emergencies exist.

The prompt, full, and effective utilization of resources of the participating states, including any resources on hand or available from the federal government or any other source, that are essential to the safety, care, and welfare of the people in the event of any emergency or disaster declared by a party state, shall be the underlying principle on which all articles of this compact shall be understood. On behalf of the governor of each state participating in the compact, the legally designated state official who is assigned responsibility for emergency management will be responsible for formulation of the appropriate interstate mutual aid plans and procedures necessary to implement this compact.

Article 3. Party State Responsibilities

(a) It shall be the responsibility of each party state to formulate procedural plans and programs for interstate cooperation in the performance of the responsibilities listed in this article. In formulating such plans, and in carrying them out, the party states, insofar as practical, shall:

(1) Review individual state hazards analyses and, to the extent reasonably possible, determine all those potential emergencies the party states might jointly suffer, whether due to natural disaster, technological hazard, manmade disaster, emergency aspects of resource shortages, civil disorders, insurgency, or enemy attack.

(2) Review party states' individual emergency plans and develop a plan which will determine the mechanism for the interstate management and provision of assistance concerning any potential emergency.

(3) Develop interstate procedures to fill any identified gaps and to resolve any identified inconsistencies or overlaps in existing or developed plans.

(4) Assist in warning communities adjacent to or crossing the state boundaries.

(5) Protect and assure uninterrupted delivery of services, medicines, water, food, energy and fuel, search and rescue, and critical lifeline equipment, services, and resources, both human and material.

(6) Inventory and set procedures for the interstate loan and delivery of human and material resources, together with procedures for reimbursement or forgiveness.

(7) Provide, to the extent authorized by law, for temporary suspension of any statutes.

(b) The authorized representative of a party state may request assistance of another party state by contacting the authorized representative of that state. The provisions of this agreement shall only apply to requests for assistance made by and to authorized representatives. Requests may be verbal or in writing. If verbal, the request shall be confirmed in writing within 30 days of the verbal request. Requests shall provide the following information:

(1) A description of the emergency service function for which assistance is needed, including, but not limited to, fire services, law enforcement, emergency medical, transportation, communications, public works and engineering, building inspection, planning and information assistance, mass care, resource support, health and medical services, and search and rescue.

(2) The amount and type of personnel, equipment, materials and supplies needed, and a reasonable estimate of the length of time they will be needed.

(3) The specific place and time for staging of the assisting party's response and a point of contact at that location.

(c) There shall be frequent consultation between state officials who have assigned emergency management responsibilities and other appropriate representatives of the party states with affected jurisdictions

and the United States Government, with free exchange of information, plans, and resource records relating to emergency capabilities.

Article 4. Limitations

Any party state requested to render mutual aid or conduct exercises and training for mutual aid shall take such action as is necessary to provide and make available the resources covered by this compact in accordance with the terms hereof; provided that it is understood that the state rendering aid may withhold resources to the extent necessary to provide reasonable protection for such state. Each party state shall afford to the emergency forces of any party state, while operating within its state limits under the terms and conditions of this compact, the same powers (except that of arrest unless specifically authorized by the receiving state), duties, rights, and privileges as are afforded forces of the state in which they are performing emergency services. Emergency forces will continue under the command and control of their regular leaders, but the organizational units will come under the operational control of the emergency services authorities of the state receiving assistance. These conditions may be activated, as needed, only subsequent to a declaration of a state of emergency or disaster by the governor of the party state that is to receive assistance or commencement of exercises or training for mutual aid and shall continue so long as the exercises or training for mutual aid are in progress, the state of emergency or disaster remains in effect, or loaned resources remain in the receiving state, whichever is longer.

Article 5. Licenses and Permits

Whenever any person holds a license, certificate, or other permit issued by any state party to the compact evidencing the meeting of qualifications for professional, mechanical, or other skills, and when such assistance is requested by the receiving party state, such person shall be deemed licensed, certified, or permitted by the state requesting assistance to render aid involving such skill to meet a declared emergency or disaster, subject to such limitations and conditions as the governor of the requesting state may prescribe by executive order or otherwise.

Article 6. Liability

Officers or employees of a party state rendering aid in another state pursuant to this compact shall be considered agents of the requesting state for tort liability and immunity purposes. No party state or its officers

or employees rendering aid in another state pursuant to this compact shall be liable on account of any act or omission in good faith on the part of such forces while so engaged or on account of the maintenance or use of any equipment or supplies in connection therewith. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.

Article 7. Supplementary Agreements

Inasmuch as it is probable that the pattern and detail of the machinery for mutual aid among two or more states may differ from that among the states that are party hereto, this instrument contains elements of a broad base common to all states, and nothing herein contained shall preclude any state from entering into supplementary agreements with another state or affect any other agreements already in force between states. Supplementary agreements may comprehend, but shall not be limited to, provisions for evacuation and reception of injured and other persons and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation, and communications personnel, and equipment and supplies.

Article 8. Compensation

Each party state shall provide for the payment of compensation and death benefits to injured members of the emergency forces of that state and representatives of deceased members of such forces in case such members sustain injuries or are killed while rendering aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within their own state.

Article 9. Reimbursement

Any party state rendering aid in another state pursuant to this compact shall be reimbursed by the party state receiving such aid for any loss or damage to or expense incurred in the operation of any equipment and the provision of any service in answering a request for aid and for the costs incurred in connection with such requests; provided, that any aiding party state may assume in whole or in part such loss, damage, expense, or other cost, or may loan such equipment or donate such services to the receiving party state without charge or cost; and provided further, that any two or more party states may enter into supplementary agreements establishing a different allocation of costs among those states. Article 8 expenses shall not be reimbursable under this provision.

Article 10. Evacuation

Plans for the orderly evacuation and interstate reception of portions of the civilian population as the result of any emergency or disaster of sufficient proportions to so warrant, shall be worked out and maintained between the party states and the emergency management/services directors of the various jurisdictions where any type of incident requiring evacuations might occur. Such plans shall be put into effect by request of the state from which evacuees come and shall include the manner of transporting such evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing, and medical care will be provided, the registration of the evacuees, the providing of facilities for the notification of relatives or friends, and the forwarding of such evacuees to other areas or the bringing in of additional materials, supplies, and all other relevant factors. Such plans shall provide that the party state receiving evacuees and the party state from which the evacuees come shall mutually agree as to reimbursement of out-of-pocket expenses incurred in receiving and caring for such evacuees, for expenditures for transportation, food, clothing, medicines, and medical care, and like items. Such expenditures shall be reimbursed as agreed by the party state from which the evacuees come. After the termination of the emergency or disaster, the party state from which the evacuees come shall assume the responsibility for the ultimate support of repatriation of such evacuees.

Article 11. Implementation

(a) This compact shall become operative immediately upon its enactment into law by any two states. Thereafter, this compact shall become effective as to any other state upon its enactment by such state.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until 30 days after the governor of the withdrawing state has given notice in writing of such withdrawal to the governors of all other party states. Such action shall not relieve the withdrawing state from obligations assumed hereunder prior to the effective date of withdrawal.

(c) Duly authenticated copies of this compact and of such supplementary agreements as may be entered into shall, at the time of their approval, be deposited with each of the party states and with the Federal Emergency Management Agency and other appropriate agencies of the United States Government.

Article 12. Validity

This act shall be construed to effectuate the purposes stated in Article 1 hereof. If any provision of this compact is declared unconstitutional, or the applicability thereof to any person or circumstances is held invalid, the constitutionality of the remainder of this act and the applicability thereof to other persons and circumstances shall not be affected thereby.

Article 13. Additional Provisions

Nothing in this compact shall authorize or permit the use of military force by the National Guard of a state at any place outside that state in any emergency for which the President is authorized by law to call into federal service the militia, or for any purpose for which the use of the Army or the Air Force would in the absence of express statutory authorization be prohibited under Section 1385 of Title 18 of the United States Code.

179.7. (a) Notwithstanding Article 6 of the Emergency Management Assistance Compact, as set forth in Section 179.5, the state shall indemnify and make whole any officer or employee who is a resident of California, or his or her heirs, if the officer or employee is injured or killed in another state when rendering aid pursuant to the compact, as if the act or acts occurred in California, less any recovery obtained under the provisions of Article 6 of the Emergency Management Assistance Compact.

(b) Local government or special district personnel who are officially deployed under the provisions of the Emergency Management Assistance Compact pursuant to an assignment of the Office of Emergency Services shall be defended by the Attorney General or other legal counsel provided by the state, and shall be indemnified subject to the same conditions and limitations applicable to state employees.

179.9. This article shall become inoperative on March 1, 2007, and, as of January 1, 2008, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2008, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure at the earliest possible time that the state is aided by other states and is prepared to meet any emergency or disaster declared by the Governor, it is necessary that this act take effect immediately.

high school graduation and shall receive supplemental instruction designed to assist pupils to succeed on the high school exit examination.

(e) Except as provided in subdivision (h), programs may be offered pursuant to this section during the summer, before school, after school, on Saturday, or during intersession, or in any combination of summer, before school, after school, Saturday, or intersession instruction, but shall be in addition to the regular schoolday. Any minor pupil whose parent or guardian informs the school district that the pupil is unable to attend a Saturday school program for religious reasons, or any pupil 18 years of age or older who states that he or she is unable to attend a Saturday school program for religious reasons, shall be given priority for enrollment in supplemental instruction offered at a time other than Saturday over a pupil who is not unable to attend a Saturday school program for religious reasons.

(d) (1) The funds apportioned pursuant to subdivision (c) shall be used to provide intensive instruction and services designed to help eligible pupils pass the California High School Exit Examination.

(2) Intensive instruction and services may be provided during the regular schoolday provided that they do not supplant the instruction of the pupil in the core curriculum areas as defined in paragraph (5) of subdivision (a) of Section 60603, or physical education instruction.

(A) Individual or small group instruction.

CHAPTER 235

An act to amend Sections 49430, 49431, 49433.9, and 49434 of, and to add Section 49431.2 to, the Education Code, relating to pupils.

[Approved by Governor September 15, 2005. Filed with Secretary of State September 15, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) The State of California has the second highest rate of overweight and low-income children in the nation.

(b) The growing epidemic of overweight children is due to poor diet and physical inactivity, putting growing numbers of California children at risk for type 2 diabetes, hypertension, heart disease, and cancer, along with psychological problems, including low self-esteem, poor body image, and symptoms of depression.

(c) Physical inactivity and nutrition-related diseases are the second leading cause of preventable death in the United States. These diseases account for 28 percent of preventable deaths each year, which is more than AIDS, violence, car crashes, alcohol, and drugs combined.

(d) In 2001, 26.5 percent of California pupils in grades 5, 7, and 9 were overweight, with rates being even higher for African-American children (28.6 percent) and Latino children (33.7 percent). In some legislative districts, more than 35 percent of pupils are overweight.

Nationally, the prevalence of overweight children and adolescents has increased nearly fourfold in the last 40 years.

(e) Obesity costs California an estimated $21.7 billion a year in medical costs and lost productivity. Medical care costs associated with obesity are greater than those associated with both smoking and problem drinking.

(f) Diabetes has also reached epidemic levels primarily as a result of the growing obesity epidemic. Type 2 diabetes, which until recently affected only adults, now affects a growing number of children, accounting for almost 50 percent of new diabetes cases among children in some U.S. communities.

(g) Healthy eating plays an important role in learning and cognitive development. Children who do not get adequate nutrients have lower academic test scores.

(h) Because children spend approximately one-third of their day at school, schools play an important role in children's ability to acquire adequate nutrients.

(i) A recent study found that severely overweight pupils miss nine days of school per year. The same study estimated that average size school districts in California may lose as much as one hundred sixty thousand dollars ($160,000) per year, and very large districts may lose as much as $15 million per year as a result of reduced average daily attendance resulting from childhood obesity-related absences.

(j) Health and education leaders agree that one of the most critical steps to helping children practice healthy eating habits is to establish policies and programs that increase access to healthy foods and beverages.

(k) While the United States Department of Agriculture (USDA) regulates the nutrient content of meals sold under its reimbursable meal programs, similar standards do not exist for "competitive foods" that are sold outside the USDA meal programs. Competitive foods are often very high in added sugar, sodium, and fat.

(*l*) In a 2003 survey, 94 percent of responding California school districts with a high school reported that they sell competitive foods. The most common fast food items were chips, pizza, cookies, and soda.

(m) Only 2 percent of California youth 12 through 17 years of age consume foods that meet national dietary recommendations. Approximately 70 percent of U.S. children age 2 through 11 years consume foods that exceeded current dietary recommendations for intakes of total and saturated fat. Only 21 percent of California children meet the goal of eating five servings of fruits and vegetables per day.

(n) Soft drinks comprise the leading source of added sugar in a child's diet. Each additional daily serving of sugar-sweetened soda increases a

child's risk for obesity by 60 percent. Twenty years ago, boys consumed more than twice as much milk as soft drinks, and girls consumed 50 percent more milk than soft drinks. By 1966, both boys and girls consumed twice as many soft drinks as milk.

(o) Teenage boys consume twice the recommended amount of sugar each day, almost one-half of which comes from soft drinks. Teenage girls consume almost three times the recommended amount of sugar, 40 percent of which comes from soft drinks.

(p) In October 2004, the USDA announced the "Healthier US Challenge" to encourage schools and parents to continue promoting healthy lifestyles for children. Schools can participate in the challenge by meeting nutritional standards that are based on California standards. The challenge is available to elementary schools during the first year and middle and high schools will be invited to participate during the second year.

SEC. 2. Section 49430 of the Education Code is amended to read:

49430. As used in this article, the following terms have the following meanings:

CHAPTER 238

An act to amend Sections 1202.4 and 1202.41 of the Penal Code, to amend Section 9202 of, and to add Section 216 to, the Probate Code, and to amend Section 730.6 of the Welfare and Institutions Code, relating to restitution.

[Approved by Governor September 21, 2005. Filed with Secretary of State September 21, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1202.4 of the Penal Code is amended to read:

1202.4. (a) (1) It is the intent of the Legislature that a victim of crime who incurs any economic loss as a result of the commission of a

crime shall receive restitution directly from any defendant convicted of that crime.

(2) Upon a person being convicted of any crime in the State of California, the court shall order the defendant to pay a fine in the form of a penalty assessment in accordance with Section 1464.

(3) The court, in addition to any other penalty provided or imposed under the law, shall order the defendant to pay both of the following:

(A) A restitution fine in accordance with subdivision (b).

(B) Restitution to the victim or victims, if any, in accordance with subdivision (f), which shall be enforceable as if the order were a civil judgment.

(b) In every case where a person is convicted of a crime, the court shall impose a separate and additional restitution fine, unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record.

(1) The restitution fine shall be set at the discretion of the court and commensurate with the seriousness of the offense, but shall not be less than two hundred dollars ($200), and not more than ten thousand dollars ($10,000), if the person is convicted of a felony, and shall not be less than one hundred dollars ($100), and not more than one thousand dollars ($1,000), if the person is convicted of a misdemeanor.

(2) In setting a felony restitution fine, the court may determine the amount of the fine as the product of two hundred dollars ($200) multiplied by the number of years of imprisonment the defendant is ordered to serve, multiplied by the number of felony counts of which the defendant is convicted.

(c) The court shall impose the restitution fine unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record. A defendant's inability to pay shall not be considered a compelling and extraordinary reason not to impose a restitution fine. Inability to pay may be considered only in increasing the amount of the restitution fine in excess of the two-hundred-dollar ($200) or one-hundred-dollar ($100) minimum. The court may specify that funds confiscated at the time of the defendant's arrest, except for funds confiscated pursuant to Section 11469 of the Health and Safety Code, be applied to the restitution fine if the funds are not exempt for spousal or child support or subject to any other legal exemption.

(d) In setting the amount of the fine pursuant to subdivision (b) in excess of the two-hundred-dollar ($200) or one-hundred-dollar ($100) minimum, the court shall consider any relevant factors including, but not limited to, the defendant's inability to pay, the seriousness and gravity of the offense and the circumstances of its commission, any economic gain derived by the defendant as a result of the crime, the extent to which

any other person suffered any losses as a result of the crime, and the number of victims involved in the crime. Those losses may include pecuniary losses to the victim or his or her dependents as well as intangible losses, such as psychological harm caused by the crime. Consideration of a defendant's inability to pay may include his or her future earning capacity. A defendant shall bear the burden of demonstrating his or her inability to pay. Express findings by the court as to the factors bearing on the amount of the fine shall not be required. A separate hearing for the fine shall not be required.

(e) The restitution fine shall not be subject to penalty assessments as provided in Section 1464, and shall be deposited in the Restitution Fund in the State Treasury.

(f) In every case in which a victim has suffered economic loss as a result of the defendant's conduct, the court shall require that the defendant make restitution to the victim or victims in an amount established by court order, based on the amount of loss claimed by the victim or victims or any other showing to the court. If the amount of loss cannot be ascertained at the time of sentencing, the restitution order shall include a provision that the amount shall be determined at the direction of the court. The court shall order full restitution unless it finds compelling and extraordinary reasons for not doing so, and states them on the record. The court may specify that funds confiscated at the time of the defendant's arrest, except for funds confiscated pursuant to Section 11469 of the Health and Safety Code, be applied to the restitution order if the funds are not exempt for spousal or child support or subject to any other legal exemption.

(1) The defendant has the right to a hearing before a judge to dispute the determination of the amount of restitution. The court may modify the amount, on its own motion or on the motion of the district attorney, the victim or victims, or the defendant. If a motion is made for modification of a restitution order, the victim shall be notified of that motion at least 10 days prior to the proceeding held to decide the motion.

(2) Determination of the amount of restitution ordered pursuant to this subdivision shall not be affected by the indemnification or subrogation rights of any third party. Restitution ordered pursuant to this subdivision shall be ordered to be deposited to the Restitution Fund to the extent that the victim, as defined in subdivision (k), has received assistance from the Victim Compensation Program pursuant to Chapter 5 (commencing with Section 13950) of Part 4 of Division 3 of Title 2 of the Government Code.

(3) To the extent possible, the restitution order shall be prepared by the sentencing court, shall identify each victim and each loss to which it pertains, and shall be of a dollar amount that is sufficient to fully

reimburse the victim or victims for every determined economic loss incurred as the result of the defendant's criminal conduct, including, but not limited to, all of the following:

(A) Full or partial payment for the value of stolen or damaged property. The value of stolen or damaged property shall be the replacement cost of like property, or the actual cost of repairing the property when repair is possible.

(B) Medical expenses.

(C) Mental health counseling expenses.

(D) Wages or profits lost due to injury incurred by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, while caring for the injured minor. Lost wages shall include any commission income as well as any base wages. Commission income shall be established by evidence of commission income during the 12-month period prior to the date of the crime for which restitution is being ordered, unless good cause for a shorter time period is shown.

(E) Wages or profits lost by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, due to time spent as a witness or in assisting the police or prosecution. Lost wages shall include any commission income as well as any base wages. Commission income shall be established by evidence of commission income during the 12-month period prior to the date of the crime for which restitution is being ordered, unless good cause for a shorter time period is shown.

(F) Noneconomic losses, including, but not limited to, psychological harm, for felony violations of Section 288.

(G) Interest, at the rate of 10 percent per annum, that accrues as of the date of sentencing or loss, as determined by the court.

(H) Actual and reasonable attorney's fees and other costs of collection accrued by a private entity on behalf of the victim.

(I) Expenses incurred by an adult victim in relocating away from the defendant, including, but not limited to, deposits for utilities and telephone service, deposits for rental housing, temporary lodging and food expenses, clothing, and personal items. Expenses incurred pursuant to this section shall be verified by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(J) Expenses to install or increase residential security incurred related to a crime, as defined in subdivision (c) of Section 667.5, including, but not limited to, a home security device or system, or replacing or increasing the number of locks.

(K) Expenses to retrofit a residence or vehicle, or both, to make the residence accessible to or the vehicle operational by the victim, if the victim is permanently disabled, whether the disability is partial or total, as a direct result of the crime.

(4) (A) If, as a result of the defendant's conduct, the Restitution Fund has provided assistance to or on behalf of a victim or derivative victim pursuant to Chapter 5 (commencing with Section 13950) of Part 4 of Division 3 of Title 2 of the Government Code, the amount of assistance provided shall be presumed to be a direct result of the defendant's criminal conduct and shall be included in the amount of the restitution ordered.

(B) The amount of assistance provided by the Restitution Fund shall be established by copies of bills submitted to the California Victim Compensation and Government Claims Board reflecting the amount paid by the board and whether the services for which payment was made were for medical or dental expenses, funeral or burial expenses, mental health counseling, wage or support losses, or rehabilitation. Certified copies of these bills provided by the board and redacted to protect the privacy and safety of the victim or any legal privilege, together with a statement made under penalty of perjury by the custodian of records that those bills were submitted to and were paid by the board, shall be sufficient to meet this requirement.

(C) If the defendant offers evidence to rebut the presumption established by this paragraph, the court may release additional information contained in the records of the board to the defendant only after reviewing that information in camera and finding that the information is necessary for the defendant to dispute the amount of the restitution order.

(5) Except as provided in paragraph (6), in any case in which an order may be entered pursuant to this subdivision, the defendant shall prepare and file a disclosure identifying all assets, income, and liabilities in which the defendant held or controlled a present or future interest as of the date of the defendant's arrest for the crime for which restitution may be ordered. The financial disclosure statements shall be made available to the victim and the board pursuant to Section 1214. The disclosure shall be signed by the defendant upon a form approved or adopted by the Judicial Council for the purpose of facilitating the disclosure. Any defendant who willfully states as true any material matter that he or she knows to be false on the disclosure required by this subdivision is guilty of a misdemeanor, unless this conduct is punishable as perjury or another provision of law provides for a greater penalty.

(6) A defendant who fails to file the financial disclosure required in paragraph (5), but who has filed a financial affidavit or financial

information pursuant to subdivision (c) of Section 987, shall be deemed to have waived the confidentiality of that affidavit or financial information as to a victim in whose favor the order of restitution is entered pursuant to subdivision (f). The affidavit or information shall serve in lieu of the financial disclosure required in paragraph (5), and paragraphs (7) to (10), inclusive, shall not apply.

(7) Except as provided in paragraph (6), the defendant shall file the disclosure with the clerk of the court no later than the date set for the defendant's sentencing, unless otherwise directed by the court. The disclosure may be inspected or copied as provided by subdivision (b), (c), or (d) of Section 1203.05.

(8) In its discretion, the court may relieve the defendant of the duty under paragraph (7) of filing with the clerk by requiring that the defendant's disclosure be submitted as an attachment to, and be available to, those authorized to receive the following:

(A) Any report submitted pursuant to subparagraph (C) of paragraph (2) of subdivision (b) of Section 1203 or subdivision (g) of Section 1203.

(B) Any stipulation submitted pursuant to paragraph (4) of subdivision (b) of Section 1203.

(C) Any report by the probation officer, or any information submitted by the defendant applying for a conditional sentence pursuant to subdivision (d) of Section 1203.

(9) The court may consider a defendant's unreasonable failure to make a complete disclosure pursuant to paragraph (5) as any of the following:

(A) A circumstance in aggravation of the crime in imposing a term under subdivision (b) of Section 1170.

(B) A factor indicating that the interests of justice would not be served by admitting the defendant to probation under Section 1203.

(C) A factor indicating that the interests of justice would not be served by conditionally sentencing the defendant under Section 1203.

(D) A factor indicating that the interests of justice would not be served by imposing less than the maximum fine and sentence fixed by law for the case.

(10) A defendant's failure or refusal to make the required disclosure pursuant to paragraph (5) shall not delay entry of an order of restitution or pronouncement of sentence. In appropriate cases, the court may do any of the following:

(A) Require the defendant to be examined by the district attorney pursuant to subdivision (h).

(B) If sentencing the defendant under Section 1170, provide that the victim shall receive a copy of the portion of the probation report filed

pursuant to Section 1203.10 concerning the defendant's employment, occupation, finances, and liabilities.

(C) If sentencing the defendant under Section 1203, set a date and place for submission of the disclosure required by paragraph (5) as a condition of probation or suspended sentence.

(11) If a defendant has any remaining unpaid balance on a restitution order or fine 120 days prior to his or her scheduled release from probation or 120 days prior to his or her completion of a conditional sentence, the defendant shall prepare and file a new and updated financial disclosure identifying all assets, income, and liabilities in which the defendant holds or controls or has held or controlled a present or future interest during the defendant's period of probation or conditional sentence. The financial disclosure shall be made available to the victim and the board pursuant to Section 1214. The disclosure shall be signed and prepared by the defendant on the same form as described in paragraph (5). Any defendant who willfully states as true any material matter that he or she knows to be false on the disclosure required by this subdivision is guilty of a misdemeanor, unless this conduct is punishable as perjury or another provision of law provides for a greater penalty. The financial disclosure required by this paragraph shall be filed with the clerk of the court no later than 90 days prior to the defendant's scheduled release from probation or completion of the defendant's conditional sentence.

(g) The court shall order full restitution unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record. A defendant's inability to pay shall not be considered a compelling and extraordinary reason not to impose a restitution order, nor shall inability to pay be a consideration in determining the amount of a restitution order.

(h) The district attorney may request an order of examination pursuant to the procedures specified in Article 2 (commencing with Section 708.110) of Chapter 6 of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure, in order to determine the defendant's financial assets for purposes of collecting on the restitution order.

(i) A restitution order imposed pursuant to subdivision (f) shall be enforceable as if the order were a civil judgment.

(j) The making of a restitution order pursuant to subdivision (f) shall not affect the right of a victim to recovery from the Restitution Fund as otherwise provided by law, except to the extent that restitution is actually collected pursuant to the order. Restitution collected pursuant to this subdivision shall be credited to any other judgments for the same losses obtained against the defendant arising out of the crime for which the defendant was convicted.

(k) For purposes of this section, "victim" shall include all of the following:

(1) The immediate surviving family of the actual victim.

(2) Any corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision, agency, or instrumentality, or any other legal or commercial entity when that entity is a direct victim of a crime.

(3) Any person who has sustained economic loss as the result of a crime and who satisfies any of the following conditions:

(A) At the time of the crime was the parent, grandparent, sibling, spouse, child, or grandchild of the victim.

(B) At the time of the crime was living in the household of the victim.

(C) At the time of the crime was a person who had previously lived in the household of the victim for a period of not less than two years in a relationship substantially similar to a relationship listed in subparagraph (A).

(D) Is another family member of the victim, including, but not limited to, the victim's fiancé or fiancée, and who witnessed the crime.

(E) Is the primary caretaker of a minor victim.

(4) Any person who is eligible to receive assistance from the Restitution Fund pursuant to Chapter 5 (commencing with Section 13950) of Part 4 of Division 3 of Title 2 of the Government Code.

(*l*) At its discretion, the board of supervisors of any county may impose a fee to cover the actual administrative cost of collecting the restitution fine, not to exceed 10 percent of the amount ordered to be paid, to be added to the restitution fine and included in the order of the court, the proceeds of which shall be deposited in the general fund of the county.

(m) In every case in which the defendant is granted probation, the court shall make the payment of restitution fines and orders imposed pursuant to this section a condition of probation. Any portion of a restitution order that remains unsatisfied after a defendant is no longer on probation shall continue to be enforceable by a victim pursuant to Section 1214 until the obligation is satisfied.

(n) If the court finds and states on the record compelling and extraordinary reasons why a restitution fine or full restitution order should not be required, the court shall order, as a condition of probation, that the defendant perform specified community service, unless it finds and states on the record compelling and extraordinary reasons not to require community service in addition to the finding that restitution should not be required. Upon revocation of probation, the court shall impose restitution pursuant to this section.

(o) The provisions of Section 13963 of the Government Code shall apply to restitution imposed pursuant to this section.

(p) The court clerk shall notify the California Victim Compensation and Government Claims Board within 90 days of an order of restitution being imposed if the defendant is ordered to pay restitution to the board due to the victim receiving compensation from the Restitution Fund. Notification shall be accomplished by mailing a copy of the court order to the board, which may be done periodically by bulk mail or electronic mail.

SEC. 2. Section 1202.41 of the Penal Code is amended to read:

1202.41. (a) (1) Notwithstanding Section 977 or any other law, if a defendant is currently incarcerated in a state prison with two-way audiovideo communication capability, the Department of Corrections, at the request of the California Victim Compensation and Government Claims Board, may collaborate with a court in any county to arrange for a hearing to impose or amend a restitution order, if the victim has received assistance pursuant to Article 5 (commencing with Section 13959) of Chapter 5 of Part 4 of Division 3 of Title 2 of the Government Code, to be conducted by two-way electronic audiovideo communication between the defendant and the courtroom in lieu of the defendant's physical presence in the courtroom, provided the county has agreed to make the necessary equipment available.

(2) Nothing in this subdivision shall be interpreted to eliminate the authority of the court to issue an order requiring the defendant to be physically present in the courtroom in those cases where the court finds circumstances that require the physical presence of the defendant in the courtroom.

(3) In lieu of the physical presence of the defendant's counsel at the institution with the defendant, the court and the Department of Corrections shall establish a confidential telephone and facsimile transmission line between the court and the institution for communication between the defendant's counsel in court and the defendant at the institution. In this case, counsel for the defendant shall not be required to be physically present at the institution during the hearing via electronic audiovideo communication. Nothing in this subdivision shall be construed to prohibit the physical presence of the defense counsel with the defendant at the state prison.

(b) If an inmate who is not incarcerated in a state prison with two-way audiovideo communication capability or ward does not waive his or her right to attend a restitution hearing for the amendment of a restitution order, the California Victim Compensation and Government Claims Board shall determine if the cost of holding the hearing is justified. If the board determines that the cost of holding the hearing is not justified,

the amendment of the restitution order affecting that inmate or ward shall not be pursued at that time.

(c) Nothing in this section shall be construed to prohibit an individual or district attorney's office from independently pursuing the imposition or amendment of a restitution order that may result in a hearing, regardless of whether the victim has received assistance pursuant to Article 1 (commencing with Section 13959) of Chapter 5 of Part 4 of Division 3 of Title 2 of the Government Code.

SEC. 3. Section 216 is added to the Probate Code, to read:

216. When a deceased person has an heir who is confined in a prison or facility under the jurisdiction of the Department of Corrections or the Department of the Youth Authority or confined in any county or city jail, road camp, industrial farm, or other local correctional facility, the estate attorney, or if there is no estate attorney, the beneficiary, the personal representative, or the person in possession of property of the decedent shall give the Director of the California Victim Compensation and Government Claims Board notice of the decedent's death and the name and location of the decedent's heir not later than 90 days after the date of death. The notice shall include a copy of the decedent's death certificate. The notice shall be given as provided in Section 1215.

SEC. 4. Section 9202 of the Probate Code is amended to read:

9202. (a) Not later than 90 days after the date letters are first issued to a general personal representative, the general personal representative or estate attorney shall give the Director of Health Services notice of the decedent's death in the manner provided in Section 215 if the general personal representative knows or has reason to believe that the decedent received health care under Chapter 7 (commencing with Section 14000) or Chapter 8 (commencing with Section 14200) of Part 3 of Division 9 of the Welfare and Institutions Code, or was the surviving spouse of a person who received that health care. The director has four months after notice is given in which to file a claim.

(b) Not later than 90 days after the date letters are first issued to a general personal representative, the general personal representative or estate attorney shall give the Director of the California Victim Compensation and Government Claims Board notice of the decedent's death in the manner provided in Section 216 if the general personal representative or estate attorney knows or has reason to believe that an heir is confined in a prison or facility under the jurisdiction of the Department of Corrections or the Department of the Youth Authority or confined in any county or city jail, road camp, industrial farm, or other local correctional facility. The director of the board shall have four months after that notice is received in which to pursue collection of any outstanding restitution fines or orders.

SEC. 5. Section 730.6 of the Welfare and Institutions Code is amended to read:

730.6. (a) (1) It is the intent of the Legislature that a victim of conduct for which a minor is found to be a person described in Section 602 who incurs any economic loss as a result of the minor's conduct shall receive restitution directly from that minor.

(2) Upon a minor being found to be a person described in Section 602, the court shall consider levying a fine in accordance with Section 730.5. In addition, the court shall order the minor to pay, in addition to any other penalty provided or imposed under the law, both of the following:

(A) A restitution fine in accordance with subdivision (b).

(B) Restitution to the victim or victims, if any, in accordance with subdivision (h).

(b) In every case where a minor is found to be a person described in Section 602, the court shall impose a separate and additional restitution fine. The restitution fine shall be set at the discretion of the court and commensurate with the seriousness of the offense as follows:

(1) If the minor is found to be a person described in Section 602 by reason of the commission of one or more felony offenses, the restitution fine shall not be less than one hundred dollars ($100) and not more than one thousand dollars ($1,000). A separate hearing for the fine shall not be required.

(2) If the minor is found to be a person described in Section 602 by reason of the commission of one or more misdemeanor offenses, the restitution fine shall not exceed one hundred dollars ($100). A separate hearing for the fine shall not be required.

(c) The restitution fine shall be in addition to any other disposition or fine imposed and shall be imposed regardless of the minor's inability to pay. This fine shall be deposited in the Restitution Fund, the proceeds of which shall be distributed pursuant to Section 13967 of the Government Code.

(d) (1) In setting the amount of the fine pursuant to subparagraph (A) of paragraph (2) of subdivision (a), the court shall consider any relevant factors including, but not limited to, the minor's ability to pay, the seriousness and gravity of the offense and the circumstances of its commission, any economic gain derived by the minor as a result of the offense, and the extent to which others suffered losses as a result of the offense. The losses may include pecuniary losses to the victim or his or her dependents as well as intangible losses such as psychological harm caused by the offense.

(2) The consideration of a minor's ability to pay may include his or her future earning capacity. A minor shall bear the burden of demonstrating a lack of his or her ability to pay.

(e) Express findings of the court as to the factors bearing on the amount of the fine shall not be required.

(f) Except as provided in subdivision (g), under no circumstances shall the court fail to impose the separate and additional restitution fine required by subparagraph (A) of paragraph (2) of subdivision (a). This fine shall not be subject to penalty assessments pursuant to Section 1464 of the Penal Code.

(g) In a case in which the minor is a person described in Section 602 by reason of having committed a felony offense, if the court finds that there are compelling and extraordinary reasons, the court may waive imposition of the restitution fine required by subparagraph (A) of paragraph (2) of subdivision (a). When a waiver is granted, the court shall state on the record all reasons supporting the waiver.

(h) Restitution ordered pursuant to subparagraph (B) of paragraph (2) of subdivision (a) shall be imposed in the amount of the losses, as determined. If the amount of loss cannot be ascertained at the time of sentencing, the restitution order shall include a provision that the amount shall be determined at the direction of the court at any time during the term of the commitment or probation. The court shall order full restitution unless it finds compelling and extraordinary reasons for not doing so, and states them on the record. A minor's inability to pay shall not be considered a compelling or extraordinary reason not to impose a restitution order, nor shall inability to pay be a consideration in determining the amount of the restitution order. A restitution order pursuant to subparagraph (B) of paragraph (2) of subdivision (a), to the extent possible, shall identify each victim, unless the court for good cause finds that the order should not identify a victim or victims, and the amount of each victim's loss to which it pertains, and shall be of a dollar amount sufficient to fully reimburse the victim or victims for all determined economic losses incurred as the result of the minor's conduct for which the minor was found to be a person described in Section 602, including all of the following:

(1) Full or partial payment for the value of stolen or damaged property. The value of stolen or damaged property shall be the replacement cost of like property, or the actual cost of repairing the property when repair is possible.

(2) Medical expenses.

(3) Wages or profits lost due to injury incurred by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, while caring for the injured minor. Lost wages

shall include any commission income as well as any base wages. Commission income shall be established by evidence of commission income during the 12-month period prior to the date of the crime for which restitution is being ordered, unless good cause for a shorter time period is shown.

(4) Wages or profits lost by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, due to time spent as a witness or in assisting the police or prosecution. Lost wages shall include any commission income as well as any base wages. Commission income shall be established by evidence of commission income during the 12-month period prior to the date of the crime for which restitution is being ordered, unless good cause for a shorter time period is shown.

A minor shall have the right to a hearing before a judge to dispute the determination of the amount of restitution. The court may modify the amount on its own motion or on the motion of the district attorney, the victim or victims, or the minor. If a motion is made for modification of a restitution order, the victim shall be notified of that motion at least 10 days prior to the hearing on the motion. When the amount of victim restitution is not known at the time of disposition, the court order shall identify the victim or victims, unless the court finds for good cause that the order should not identify a victim or victims, and state that the amount of restitution for each victim is to be determined. When feasible, the court shall also identify on the court order, any cooffenders who are jointly and severally liable for victim restitution.

(i) A restitution order imposed pursuant to subparagraph (B) of paragraph (2) of subdivision (a) shall identify the losses to which it pertains, and shall be enforceable as a civil judgment pursuant to subdivision (r). The making of a restitution order pursuant to this subdivision shall not affect the right of a victim to recovery from the Restitution Fund in the manner provided elsewhere, except to the extent that restitution is actually collected pursuant to the order. Restitution collected pursuant to this subdivision shall be credited to any other judgments for the same losses obtained against the minor or the minor's parent or guardian arising out of the offense for which the minor was found to be a person described in Section 602. Restitution imposed shall be ordered to be made to the Restitution Fund to the extent that the victim, as defined in subdivision (j), has received assistance from the Victims of Crime Program pursuant to Article 5 (commencing with Section 13959) of Chapter 5 of Part 4 of Division 3 of Title 2 of the Government Code.

(j) For purposes of this section, "victim" shall include the immediate surviving family of the actual victim.

(k) Nothing in this section shall prevent a court from ordering restitution to any corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision, agency, or instrumentality, or any other legal or commercial entity when that entity is a direct victim of an offense.

(*l*) Upon a minor being found to be a person described in Section 602, the court shall require as a condition of probation the payment of restitution fines and orders imposed under this section. Any portion of a restitution order that remains unsatisfied after a minor is no longer on probation shall continue to be enforceable by a victim pursuant to subdivision (r) until the obligation is satisfied in full.

(m) Probation shall not be revoked for failure of a person to make restitution pursuant to this section as a condition of probation unless the court determines that the person has willfully failed to pay or failed to make sufficient bona fide efforts to legally acquire the resources to pay.

(n) If the court finds and states on the record compelling and extraordinary reasons why restitution should not be required as provided in paragraph (2) of subdivision (a), the court shall order, as a condition of probation, that the minor perform specified community service.

(o) The court may avoid ordering community service as a condition of probation only if it finds and states on the record compelling and extraordinary reasons not to order community service in addition to the finding that restitution pursuant to paragraph (2) of subdivision (a) should not be required.

(p) When a minor is committed to the Department of the Youth Authority, the court shall order restitution to be paid to the victim or victims, if any. Payment of restitution to the victim or victims pursuant to this subdivision shall take priority in time over payment of any other restitution fine imposed pursuant to this section.

(q) At its discretion, the board of supervisors of any county may impose a fee to cover the actual administrative cost of collecting the restitution fine, not to exceed 10 percent of the amount ordered to be paid, to be added to the restitution fine and included in the order of the court, the proceeds of which shall be deposited in the general fund of the county.

(r) If the judgment is for a restitution fine ordered pursuant to subparagraph (A) of paragraph (2) of subdivision (a), or a restitution order imposed pursuant to subparagraph (B) of paragraph (2) of subdivision (a), the judgment may be enforced in the manner provided in Section 1214 of the Penal Code.

CHAPTER 240

An act to add Section 52.5 to the Civil Code, to add Article 8.8 (commencing with Section 1038) to Chapter 4 of Division 8 of the Evidence Code, to amend Section 13956 of the Government Code, and to amend Sections 186.2, 273.7, 1202.4, and 14023 of, to add Sections 236.1 and 236.2 to, and to add and repeal Title 6.7 (commencing with Section 13990) to Part 4 of, the Penal Code, relating to human trafficking.

[Approved by Governor September 21, 2005. Filed with Secretary of State September 21, 2005.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as, the California Trafficking Victims Protection Act.

SEC. 2. Section 52.5 is added to the Civil Code, to read:

52.5. (a) A victim of human trafficking, as defined in Section 236.1 of the Penal Code, may bring a civil action for actual damages, compensatory damages, punitive damages, injunctive relief, any combination of those, or any other appropriate relief. A prevailing plaintiff may also be awarded attorney's fees and costs.

(b) In addition to the remedies specified herein, in any action under subdivision (a), the plaintiff may be awarded up to three times his or her actual damages or ten thousand dollars ($10,000), whichever is greater. In addition, punitive damages may also be awarded upon proof of the defendant's malice, oppression, fraud, or duress in committing the act of human trafficking.

(c) An action brought pursuant to this section shall be commenced within five years of the date on which the trafficking victim was freed

from the trafficking situation, or if the victim was a minor when the act of human trafficking against the victim occurred, within eight years after the date the plaintiff attains the age of majority.

(d) If a person entitled to sue is under a disability at the time the cause of action accrues, so that it is impossible or impracticable for him or her to bring an action, then the time of the disability is not part of the time limited for the commencement of the action. Disability will toll the running of the statute of limitation for this action.

(1) Disability includes being a minor, insanity, imprisonment, or other incapacity or incompetence.

(2) The statute of limitations shall not run against an incompetent or minor plaintiff simply because a guardian ad litem has been appointed. A guardian ad litem's failure to bring a plaintiff's action within the applicable limitation period will not prejudice the plaintiff's right to do so after his or her disability ceases.

(3) A defendant is estopped to assert a defense of the statute of limitations when the expiration of the statute is due to conduct by the defendant inducing the plaintiff to delay the filing of the action, or due to threats made by the defendant causing duress upon the plaintiff.

(4) The suspension of the statute of limitations due to disability, lack of knowledge, or estoppel applies to all other related claims arising out of the trafficking situation.

(5) The running of the statute of limitations is postponed during the pendency of any criminal proceedings against the victim.

(e) The running of the statute of limitations may be suspended where a person entitled to sue could not have reasonably discovered the cause of action due to circumstances resulting from the trafficking situation, such as psychological trauma, cultural and linguistic isolation, and the inability to access services.

(f) A prevailing plaintiff may also be awarded reasonable attorney's fees and litigation costs including, but not limited to, expert witness fees and expenses as part of the costs.

(g) Any restitution paid by the defendant to the victim shall be credited against any judgment, award, or settlement obtained pursuant to this section. Any judgment, award, or settlement obtained pursuant to an action under this section shall be subject to the provisions of Section 13963 of the Government Code.

(h) Any civil action filed under this section shall be stayed during the pendency of any criminal action arising out of the same occurrence in which the claimant is the victim. As used in this section, a "criminal action" includes investigation and prosecution, and is pending until a final adjudication in the trial court, or dismissal.

SEC. 4. Article 8.8 (commencing with Section 1038) is added to Chapter 4 of Division 8 of the Evidence Code, to read:

Article 8.8. Human Trafficking Victim-Caseworker Privilege

1038. (a) A trafficking victim, whether or not a party to the action, has a privilege to refuse to disclose, and to prevent another from disclosing, a confidential communication between the victim and a human trafficking caseworker if the privilege is claimed by any of the following persons:

(1) The holder of the privilege.

(2) A person who is authorized to claim the privilege by the holder of the privilege.

(3) The person who was the human trafficking caseworker at the time of the confidential communication. However, that person may not claim the privilege if there is no holder of the privilege in existence or if he or she is otherwise instructed by a person authorized to permit disclosure. The human trafficking caseworker who received or made a communication subject to the privilege granted by this article shall claim the privilege whenever he or she is present when the communication is sought to be disclosed and he or she is authorized to claim the privilege under this section.

(b) A human trafficking caseworker shall inform a trafficking victim of any applicable limitations on confidentiality of communications between the victim and the caseworker. This information may be given orally.

1038.1. (a) The court may compel disclosure of information received by a human trafficking caseworker that constitutes relevant evidence of the facts and circumstances involving a crime allegedly perpetrated against the victim and that is the subject of a criminal proceeding, if the court determines that the probative value of the information outweighs the effect of disclosure of the information on the victim, the counseling relationship, and the counseling services. The court may compel disclosure if the victim is either dead or not the complaining witness in a criminal action against the perpetrator.

(b) When a court rules on a claim of privilege under this article, it may require the person from whom disclosure is sought or the person authorized to claim the privilege, or both, to disclose the information in chambers out of the presence and hearing of all persons except the person authorized to claim the privilege and those other persons that the person authorized to claim the privilege consents to have present.

(c) If the judge determines that the information is privileged and shall not be disclosed, neither he nor she nor any other person may disclose,

without the consent of a person authorized to permit disclosure, any information disclosed in the course of the proceedings in chambers. If the court determines that information shall be disclosed, the court shall so order and inform the defendant in the criminal action. If the court finds there is a reasonable likelihood that any information is subject to disclosure pursuant to the balancing test provided in this section, the procedure specified in paragraphs (1), (2), and (3) of Section 1035.4 shall be followed.

1038.2. (a) As used in this article, "victim" means any person who is a "trafficking victim" as defined in Section 236.1.

(b) As used in this article, "human trafficking caseworker" means any of the following:

(1) A person who is employed by any organization providing the programs specified in Section 18294 of the Welfare and Institutions Code, whether financially compensated or not, for the purpose of rendering advice or assistance to victims of human trafficking, who has received specialized training in the counseling of human trafficking victims, and who meets one of the following requirements:

(A) Has a master's degree in counseling or a related field; or has one year of counseling experience, at least six months of which is in the counseling of human trafficking victims.

(B) Has at least 40 hours of training as specified in this paragraph and is supervised by an individual who qualifies as a counselor under subparagraph (A), or is a psychotherapist, as defined in Section 1010. The training, supervised by a person qualified under subparagraph (A), shall include, but need not be limited to, the following areas: history of human trafficking, civil and criminal law as it relates to human trafficking, societal attitudes towards human trafficking, peer counseling techniques, housing, public assistance and other financial resources available to meet the financial needs of human trafficking victims, and referral services available to human trafficking victims. A portion of this training must include an explanation of privileged communication.

(2) A person who is employed by any organization providing the programs specified in Section 13835.2 of the Penal Code, whether financially compensated or not, for the purpose of counseling and assisting human trafficking victims, and who meets one of the following requirements:

(A) Is a psychotherapist as defined in Section 1010, has a master's degree in counseling or a related field, or has one year of counseling experience, at least six months of which is in rape assault counseling.

(B) Has the minimum training for human trafficking counseling required by guidelines established by the employing agency pursuant to subdivision (c) of Section 13835.10 of the Penal Code, and is supervised

by an individual who qualifies as a counselor under subparagraph (A). The training, supervised by a person qualified under subparagraph (A), shall include, but not be limited to, law, victimology, counseling techniques, client and system advocacy, and referral services. A portion of this training must include an explanation of privileged communication.

(c) As used in this article, "confidential communication" means information transmitted between the victim and the caseworker in the course of their relationship and in confidence by a means which, so far as the victim is aware, discloses the information to no third persons other than those who are present to further the interests of the victim in the consultation or those to whom disclosures are reasonably necessary for the transmission of the information or an accomplishment of the purposes for which the human trafficking counselor is consulted. It includes all information regarding the facts and circumstances involving all incidences of human trafficking.

(d) As used in this article, "holder of the privilege" means the victim when he or she has no guardian or conservator, or a guardian or conservator of the victim when the victim has a guardian or conservator.

SEC. 5. Section 13956 of the Government Code is amended to read:

13956. Notwithstanding Section 13955, a person shall not be eligible for compensation under the following conditions:

(a) An application shall be denied if the board finds that the victim or, where compensation is sought by or on behalf of a derivative victim, either the victim or derivative victim, knowingly and willingly participated in the commission of the crime that resulted in the pecuniary loss for which compensation is being sought pursuant to this chapter. However, this subdivision shall not apply if the injury or death occurred as a direct result of a crime committed in violation of Section 261, 262, or 273.5 of, or a crime of unlawful sexual intercourse with a minor committed in violation of subdivision (d) of Section 261.5 of, the Penal Code.

(b) (1) An application shall be denied if the board finds that the victim or, where compensation is sought by, or on behalf of, a derivative victim, either the victim or derivative victim failed to cooperate reasonably with a law enforcement agency in the apprehension and conviction of a criminal committing the crime. However, in determining whether cooperation has been reasonable, the board shall consider the victim's or derivative victim's age, physical condition, and psychological state, cultural or linguistic barriers, any compelling health and safety concerns, including, but not limited to, a reasonable fear of retaliation or harm that would jeopardize the well-being of the victim or the victim's family or the derivative victim or the derivative victim's family, and giving due consideration to the degree of cooperation of which the victim or

derivative victim is capable in light of the presence of any of these factors.

(2) An application for a claim based on domestic violence may not be denied solely because no police report was made by the victim. The board shall adopt guidelines that allow the board to consider and approve applications for assistance based on domestic violence relying upon evidence other than a police report to establish that a domestic violence crime has occurred. Factors evidencing that a domestic violence crime has occurred may include, but are not limited to, medical records documenting injuries consistent with allegations of domestic violence, mental health records, or the fact that the victim has obtained a temporary or permanent restraining order, or all of these.

(3) An application for a claim based on human trafficking as defined in Section 236.1 of the Penal Code may not be denied solely because no police report was made by the victim. The board shall adopt guidelines that allow the board to consider and approve applications for assistance based on human trafficking relying upon evidence other than a police report to establish that a human trafficking crime as defined in Section 236.1 has occurred. That evidence may include any reliable corroborating information approved by the board, including, but not limited to, the following:

(A) A Law Enforcement Agency Endorsement issued pursuant to Section 236.2 of the Penal Code.

(B) A human trafficking caseworker as identified in Section 1038.2 of the Evidence Code, has attested by affidavit that the individual was a victim of human trafficking.

(c) An application for compensation may be denied, in whole or in part, if the board finds that denial is appropriate because of the nature of the victim's or other applicant's involvement in the events leading to the crime or the involvement of the persons whose injury or death gives rise to the application. In the case of a minor, the board shall consider the minor's age, physical condition, and psychological state, as well as any compelling health and safety concerns, in determining whether the minor's application should be denied pursuant to this section. The application of a derivative victim of domestic violence under the age of 18 years of age or a derivative victim of trafficking under 18 years of age may not be denied on the basis of the denial of the victim's application under this subdivision.

(d) (1) Notwithstanding Section 13955, no person who is convicted of a felony may be granted compensation until that person has been discharged from probation or has been released from a correctional institution and has been discharged from parole, if any. In no case shall

compensation be granted to an applicant pursuant to this chapter during any period of time the applicant is held in a correctional institution.

(2) A person who has been convicted of a felony may apply for compensation pursuant to this chapter at any time, but the award of that compensation may not be considered until the applicant meets the requirements for compensation set forth in paragraph (1).

(3) Applications of victims who are not felons shall receive priority in the award of compensation over an application submitted by a felon who has met the requirements for compensation set forth in paragraph (1).

SEC. 6. Section 186.2 of the Penal Code is amended to read:

(d) (1) For purposes of this section, unlawful deprivation or violation of the personal liberty of another includes substantial and sustained restriction of another's liberty accomplished through fraud, deceit, coercion, violence, duress, menace, or threat of unlawful injury to the victim or to another person, under circumstances where the person receiving or apprehending the threat reasonably believes that it is likely that the person making the threat would carry it out.

(2) Duress includes knowingly destroying, concealing, removing, confiscating, or possessing any actual or purported passport or immigration document of the victim.

(e) For purposes of this section, "forced labor or services" means labor or services that are performed or provided by a person and are obtained or maintained through force, fraud, or coercion, or equivalent conduct that would reasonably overbear the will of the person.

The LEA endorsement must be filled out completely in accordance with the instructions contained on the form and must attach the results of any name or database inquiry performed. In order to provide persuasive evidence, the LEA endorsement must contain a description of the victimization upon which the application is based, including the dates the trafficking in persons and victimization occurred, and be signed by a supervising official responsible for the investigation or prosecution of trafficking in persons. The LEA endorsement must address whether the victim had been recruited, harbored, transported, provided, or obtained specifically for either labor or services, or for the purposes of a commercial sex act.

(c) Where state law enforcement agencies find the grant of a LEA endorsement to be inappropriate for a victim of trafficking in persons, the agency shall within 15 days provide the victim with a letter explaining the grounds of the denial of the LEA. The victim may submit additional evidence to the law enforcement agency, which must reconsider the denial of the LEA within one week of the receipt of additional evidence.

SEC. 10. Section 1202.4 of the Penal Code is amended to read:

1202.4. (a) (1) It is the intent of the Legislature that a victim of crime who incurs any economic loss as a result of the commission of a

crime shall receive restitution directly from any defendant convicted of that crime.

(2) Upon a person being convicted of any crime in the State of California, the court shall order the defendant to pay a fine in the form of a penalty assessment in accordance with Section 1464.

(3) The court, in addition to any other penalty provided or imposed under the law, shall order the defendant to pay both of the following:

(A) A restitution fine in accordance with subdivision (b).

(B) Restitution to the victim or victims, if any, in accordance with subdivision (f), which shall be enforceable as if the order were a civil judgment.

(b) In every case where a person is convicted of a crime, the court shall impose a separate and additional restitution fine, unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record.

(1) The restitution fine shall be set at the discretion of the court and commensurate with the seriousness of the offense, but shall not be less than two hundred dollars ($200), and not more than ten thousand dollars ($10,000), if the person is convicted of a felony, and shall not be less than one hundred dollars ($100), and not more than one thousand dollars ($1,000), if the person is convicted of a misdemeanor.

(2) In setting a felony restitution fine, the court may determine the amount of the fine as the product of two hundred dollars ($200) multiplied by the number of years of imprisonment the defendant is ordered to serve, multiplied by the number of felony counts of which the defendant is convicted.

(c) The court shall impose the restitution fine unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record. A defendant's inability to pay shall not be considered a compelling and extraordinary reason not to impose a restitution fine. Inability to pay may be considered only in increasing the amount of the restitution fine in excess of the two hundred-dollar ($200) or one hundred-dollar ($100) minimum.

(d) In setting the amount of the fine pursuant to subdivision (b) in excess of the two hundred-dollar ($200) or one hundred-dollar ($100) minimum, the court shall consider any relevant factors including, but not limited to, the defendant's inability to pay, the seriousness and gravity of the offense and the circumstances of its commission, any economic gain derived by the defendant as a result of the crime, the extent to which any other person suffered any losses as a result of the crime, and the number of victims involved in the crime. Those losses may include pecuniary losses to the victim or his or her dependents as well as intangible losses, such as psychological harm caused by the crime.

Consideration of a defendant's inability to pay may include his or her future earning capacity. A defendant shall bear the burden of demonstrating his or her inability to pay. Express findings by the court as to the factors bearing on the amount of the fine shall not be required. A separate hearing for the fine shall not be required.

(e) The restitution fine shall not be subject to penalty assessments as provided in Section 1464, and shall be deposited in the Restitution Fund in the State Treasury.

(f) Except as provided in subdivision (q), in every case in which a victim has suffered economic loss as a result of the defendant's conduct, the court shall require that the defendant make restitution to the victim or victims in an amount established by court order, based on the amount of loss claimed by the victim or victims or any other showing to the court. If the amount of loss cannot be ascertained at the time of sentencing, the restitution order shall include a provision that the amount shall be determined at the direction of the court. The court shall order full restitution unless it finds compelling and extraordinary reasons for not doing so, and states them on the record.

(1) The defendant has the right to a hearing before a judge to dispute the determination of the amount of restitution. The court may modify the amount, on its own motion or on the motion of the district attorney, the victim or victims, or the defendant. If a motion is made for modification of a restitution order, the victim shall be notified of that motion at least 10 days prior to the proceeding held to decide the motion.

(2) Determination of the amount of restitution ordered pursuant to this subdivision shall not be affected by the indemnification or subrogation rights of any third party. Restitution ordered pursuant to this subdivision shall be ordered to be deposited to the Restitution Fund to the extent that the victim, as defined in subdivision (k), has received assistance from the Victim Compensation Program pursuant to Chapter 5 (commencing with Section 13950) of Part 4 of Division 3 of Title 2 of the Government Code.

(3) To the extent possible, the restitution order shall be prepared by the sentencing court, shall identify each victim and each loss to which it pertains, and shall be of a dollar amount that is sufficient to fully reimburse the victim or victims for every determined economic loss incurred as the result of the defendant's criminal conduct, including, but not limited to, all of the following:

(A) Full or partial payment for the value of stolen or damaged property. The value of stolen or damaged property shall be the replacement cost of like property, or the actual cost of repairing the property when repair is possible.

(B) Medical expenses.

(C) Mental health counseling expenses.

(D) Wages or profits lost due to injury incurred by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, while caring for the injured minor. Lost wages shall include any commission income as well as any base wages. Commission income shall be established by evidence of commission income during the 12-month period prior to the date of the crime for which restitution is being ordered, unless good cause for a shorter time period is shown.

(E) Wages or profits lost by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, due to time spent as a witness or in assisting the police or prosecution. Lost wages shall include any commission income as well as any base wages. Commission income shall be established by evidence of commission income during the 12-month period prior to the date of the crime for which restitution is being ordered, unless good cause for a shorter time period is shown.

(F) Noneconomic losses, including, but not limited to, psychological harm, for felony violations of Section 288.

(G) Interest, at the rate of 10 percent per annum, that accrues as of the date of sentencing or loss, as determined by the court.

(H) Actual and reasonable attorney's fees and other costs of collection accrued by a private entity on behalf of the victim.

(I) Expenses incurred by an adult victim in relocating away from the defendant, including, but not limited to, deposits for utilities and telephone service, deposits for rental housing, temporary lodging and food expenses, clothing, and personal items. Expenses incurred pursuant to this section shall be verified by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(J) Expenses to install or increase residential security incurred related to a crime, as defined in subdivision (c) of Section 667.5, including, but not limited to, a home security device or system, or replacing or increasing the number of locks.

(K) Expenses to retrofit a residence or vehicle, or both, to make the residence accessible to or the vehicle operational by the victim, if the victim is permanently disabled, whether the disability is partial or total, as a direct result of the crime.

(4) (A) If, as a result of the defendant's conduct, the Restitution Fund has provided assistance to or on behalf of a victim or derivative victim pursuant to Chapter 5 (commencing with Section 13950) of Part 4 of Division 3 of Title 2 of the Government Code, the amount of assistance provided shall be presumed to be a direct result of the defendant's

criminal conduct and shall be included in the amount of the restitution ordered.

(B) The amount of assistance provided by the Restitution Fund shall be established by copies of bills submitted to the California Victim Compensation and Government Claims Board reflecting the amount paid by the board and whether the services for which payment was made were for medical or dental expenses, funeral or burial expenses, mental health counseling, wage or support losses, or rehabilitation. Certified copies of these bills provided by the board and redacted to protect the privacy and safety of the victim or any legal privilege, together with a statement made under penalty of perjury by the custodian of records that those bills were submitted to and were paid by the board, shall be sufficient to meet this requirement.

(C) If the defendant offers evidence to rebut the presumption established by this paragraph, the court may release additional information contained in the records of the board to the defendant only after reviewing that information in camera and finding that the information is necessary for the defendant to dispute the amount of the restitution order.

(5) Except as provided in paragraph (6), in any case in which an order may be entered pursuant to this subdivision, the defendant shall prepare and file a disclosure identifying all assets, income, and liabilities in which the defendant held or controlled a present or future interest as of the date of the defendant's arrest for the crime for which restitution may be ordered. The financial disclosure statements shall be made available to the victim and the board pursuant to Section 1214. The disclosure shall be signed by the defendant upon a form approved or adopted by the Judicial Council for the purpose of facilitating the disclosure. Any defendant who willfully states as true any material matter that he or she knows to be false on the disclosure required by this subdivision is guilty of a misdemeanor, unless this conduct is punishable as perjury or another provision of law provides for a greater penalty.

(6) A defendant who fails to file the financial disclosure required in paragraph (5), but who has filed a financial affidavit or financial information pursuant to subdivision (c) of Section 987, shall be deemed to have waived the confidentiality of that affidavit or financial information as to a victim in whose favor the order of restitution is entered pursuant to subdivision (f). The affidavit or information shall serve in lieu of the financial disclosure required in paragraph (5), and paragraphs (7) to (10), inclusive, shall not apply.

(7) Except as provided in paragraph (6), the defendant shall file the disclosure with the clerk of the court no later than the date set for the defendant's sentencing, unless otherwise directed by the court. The

disclosure may be inspected or copied as provided by subdivision (b), (c), or (d) of Section 1203.05.

(8) In its discretion, the court may relieve the defendant of the duty under paragraph (7) of filing with the clerk by requiring that the defendant's disclosure be submitted as an attachment to, and be available to, those authorized to receive the following:

(A) Any report submitted pursuant to subparagraph (C) of paragraph (2) of subdivision (b) of Section 1203 or subdivision (g) of Section 1203.

(B) Any stipulation submitted pursuant to paragraph (4) of subdivision (b) of Section 1203.

(C) Any report by the probation officer, or any information submitted by the defendant applying for a conditional sentence pursuant to subdivision (d) of Section 1203.

(9) The court may consider a defendant's unreasonable failure to make a complete disclosure pursuant to paragraph (5) as any of the following:

(A) A circumstance in aggravation of the crime in imposing a term under subdivision (b) of Section 1170.

(B) A factor indicating that the interests of justice would not be served by admitting the defendant to probation under Section 1203.

(C) A factor indicating that the interests of justice would not be served by conditionally sentencing the defendant under Section 1203.

(D) A factor indicating that the interests of justice would not be served by imposing less than the maximum fine and sentence fixed by law for the case.

(10) A defendant's failure or refusal to make the required disclosure pursuant to paragraph (5) shall not delay entry of an order of restitution or pronouncement of sentence. In appropriate cases, the court may do any of the following:

(A) Require the defendant to be examined by the district attorney pursuant to subdivision (h).

(B) If sentencing the defendant under Section 1170, provide that the victim shall receive a copy of the portion of the probation report filed pursuant to Section 1203.10 concerning the defendant's employment, occupation, finances, and liabilities.

(C) If sentencing the defendant under Section 1203, set a date and place for submission of the disclosure required by paragraph (5) as a condition of probation or suspended sentence.

(11) If a defendant has any remaining unpaid balance on a restitution order or fine 120 days prior to his or her scheduled release from probation or 120 days prior to his or her completion of a conditional sentence, the defendant shall prepare and file a new and updated financial disclosure identifying all assets, income, and liabilities in which the defendant holds

or controls or has held or controlled a present or future interest during the defendant's period of probation or conditional sentence. The financial disclosure shall be made available to the victim and the board pursuant to Section 1214. The disclosure shall be signed and prepared by the defendant on the same form as described in paragraph (5). Any defendant who willfully states as true any material matter that he or she knows to be false on the disclosure required by this subdivision is guilty of a misdemeanor, unless this conduct is punishable as perjury or another provision of law provides for a greater penalty. The financial disclosure required by this paragraph shall be filed with the clerk of the court no later than 90 days prior to the defendant's scheduled release from probation or completion of the defendant's conditional sentence.

(g) The court shall order full restitution unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record. A defendant's inability to pay shall not be considered a compelling and extraordinary reason not to impose a restitution order, nor shall inability to pay be a consideration in determining the amount of a restitution order.

(h) The district attorney may request an order of examination pursuant to the procedures specified in Article 2 (commencing with Section 708.110) of Chapter 6 of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure, in order to determine the defendant's financial assets for purposes of collecting on the restitution order.

(i) A restitution order imposed pursuant to subdivision (f) shall be enforceable as if the order were a civil judgment.

(j) The making of a restitution order pursuant to subdivision (f) shall not affect the right of a victim to recovery from the Restitution Fund as otherwise provided by law, except to the extent that restitution is actually collected pursuant to the order. Restitution collected pursuant to this subdivision shall be credited to any other judgments for the same losses obtained against the defendant arising out of the crime for which the defendant was convicted.

(k) For purposes of this section, "victim" shall include all of the following:

(1) The immediate surviving family of the actual victim.

(2) Any corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision, agency, or instrumentality, or any other legal or commercial entity when that entity is a direct victim of a crime.

(3) Any person who has sustained economic loss as the result of a crime and who satisfies any of the following conditions:

(A) At the time of the crime was the parent, grandparent, sibling, spouse, child, or grandchild of the victim.

(B) At the time of the crime was living in the household of the victim.

(C) At the time of the crime was a person who had previously lived in the household of the victim for a period of not less than two years in a relationship substantially similar to a relationship listed in subparagraph (A).

(D) Is another family member of the victim, including, but not limited to, the victim's fiancé or fiancée, and who witnessed the crime.

(E) Is the primary caretaker of a minor victim.

(4) Any person who is eligible to receive assistance from the Restitution Fund pursuant to Chapter 5 (commencing with Section 13950) of Part 4 of Division 3 of Title 2 of the Government Code.

(*l*) At its discretion, the board of supervisors of any county may impose a fee to cover the actual administrative cost of collecting the restitution fine, not to exceed 10 percent of the amount ordered to be paid, to be added to the restitution fine and included in the order of the court, the proceeds of which shall be deposited in the general fund of the county.

(m) In every case in which the defendant is granted probation, the court shall make the payment of restitution fines and orders imposed pursuant to this section a condition of probation. Any portion of a restitution order that remains unsatisfied after a defendant is no longer on probation shall continue to be enforceable by a victim pursuant to Section 1214 until the obligation is satisfied.

(n) If the court finds and states on the record compelling and extraordinary reasons why a restitution fine or full restitution order should not be required, the court shall order, as a condition of probation, that the defendant perform specified community service, unless it finds and states on the record compelling and extraordinary reasons not to require community service in addition to the finding that restitution should not be required. Upon revocation of probation, the court shall impose restitution pursuant to this section.

(o) The provisions of Section 13963 of the Government Code shall apply to restitution imposed pursuant to this section.

(p) The court clerk shall notify the California Victim Compensation and Government Claims Board within 90 days of an order of restitution being imposed if the defendant is ordered to pay restitution to the board due to the victim receiving compensation from the Restitution Fund. Notification shall be accomplished by mailing a copy of the court order to the board, which may be done periodically by bulk mail or electronic mail.

(q) Upon conviction for a violation of Section 236.1, the court shall, in addition to any other penalty or restitution, order the defendant to pay restitution to the victim in any case in which a victim has suffered

economic loss as a result of the defendant's conduct. The court shall require that the defendant make restitution to the victim or victims in a amount established by court order, based on the amount of loss claimed by the victim or victims or any other showing to the court. In determining restitution pursuant to this section, the court shall base its order upon the greater of the following the gross value of the victim's labor or services based upon the comparable value of similar services in the labor market in which the offense occurred, or the value of the victim's labor as guaranteed under California law, or the actual income derived by the defendant from the victim's labor or services or any other appropriate means to provide reparations to the victim.

SEC. 10.5. Section 1202.4 of the Penal Code is amended to read:

1202.4. (a) (1) It is the intent of the Legislature that a victim of crime who incurs any economic loss as a result of the commission of a crime shall receive restitution directly from any defendant convicted of that crime.

(2) Upon a person being convicted of any crime in the State of California, the court shall order the defendant to pay a fine in the form of a penalty assessment in accordance with Section 1464.

(3) The court, in addition to any other penalty provided or imposed under the law, shall order the defendant to pay both of the following:

(A) A restitution fine in accordance with subdivision (b).

(B) Restitution to the victim or victims, if any, in accordance with subdivision (f), which shall be enforceable as if the order were a civil judgment.

(b) In every case where a person is convicted of a crime, the court shall impose a separate and additional restitution fine, unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record.

(1) The restitution fine shall be set at the discretion of the court and commensurate with the seriousness of the offense, but shall not be less than two hundred dollars ($200), and not more than ten thousand dollars ($10,000), if the person is convicted of a felony, and shall not be less than one hundred dollars ($100), and not more than one thousand dollars ($1,000), if the person is convicted of a misdemeanor.

(2) In setting a felony restitution fine, the court may determine the amount of the fine as the product of two hundred dollars ($200) multiplied by the number of years of imprisonment the defendant is ordered to serve, multiplied by the number of felony counts of which the defendant is convicted.

(c) The court shall impose the restitution fine unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record. A defendant's inability to pay shall not be

considered a compelling and extraordinary reason not to impose a restitution fine. Inability to pay may be considered only in increasing the amount of the restitution fine in excess of the two hundred-dollar ($200) or one hundred-dollar ($100) minimum. The court may specify that funds confiscated at the time of the defendant's arrest, except for funds confiscated pursuant to Section 11469 of the Health and Safety Code, be applied to the restitution fine if the funds are not exempt for spousal or child support or subject to any other legal exemption.

(d) In setting the amount of the fine pursuant to subdivision (b) in excess of the two hundred-dollar ($200) or one hundred-dollar ($100) minimum, the court shall consider any relevant factors including, but not limited to, the defendant's inability to pay, the seriousness and gravity of the offense and the circumstances of its commission, any economic gain derived by the defendant as a result of the crime, the extent to which any other person suffered any losses as a result of the crime, and the number of victims involved in the crime. Those losses may include pecuniary losses to the victim or his or her dependents as well as intangible losses, such as psychological harm caused by the crime. Consideration of a defendant's inability to pay may include his or her future earning capacity. A defendant shall bear the burden of demonstrating his or her inability to pay. Express findings by the court as to the factors bearing on the amount of the fine shall not be required. A separate hearing for the fine shall not be required.

(e) The restitution fine shall not be subject to penalty assessments as provided in Section 1464, and shall be deposited in the Restitution Fund in the State Treasury.

(f) Except as provided in subdivision (q), in every case in which a victim has suffered economic loss as a result of the defendant's conduct, the court shall require that the defendant make restitution to the victim or victims in an amount established by court order, based on the amount of loss claimed by the victim or victims or any other showing to the court. If the amount of loss cannot be ascertained at the time of sentencing, the restitution order shall include a provision that the amount shall be determined at the direction of the court. The court shall order full restitution unless it finds compelling and extraordinary reasons for not doing so, and states them on the record. The court may specify that funds confiscated at the time of the defendant's arrest, except for funds confiscated pursuant to Section 11469 of the Health and Safety Code, be applied to the restitution order if the funds are not exempt for spousal or child support or subject to any other legal exemption.

(1) The defendant has the right to a hearing before a judge to dispute the determination of the amount of restitution. The court may modify the amount, on its own motion or on the motion of the district attorney,

the victim or victims, or the defendant. If a motion is made for modification of a restitution order, the victim shall be notified of that motion at least 10 days prior to the proceeding held to decide the motion.

(2) Determination of the amount of restitution ordered pursuant to this subdivision shall not be affected by the indemnification or subrogation rights of any third party. Restitution ordered pursuant to this subdivision shall be ordered to be deposited to the Restitution Fund to the extent that the victim, as defined in subdivision (k), has received assistance from the Victim Compensation Program pursuant to Chapter 5 (commencing with Section 13950) of Part 4 of Division 3 of Title 2 of the Government Code.

(3) To the extent possible, the restitution order shall be prepared by the sentencing court, shall identify each victim and each loss to which it pertains, and shall be of a dollar amount that is sufficient to fully reimburse the victim or victims for every determined economic loss incurred as the result of the defendant's criminal conduct, including, but not limited to, all of the following:

(A) Full or partial payment for the value of stolen or damaged property. The value of stolen or damaged property shall be the replacement cost of like property, or the actual cost of repairing the property when repair is possible.

(B) Medical expenses.

(C) Mental health counseling expenses.

(D) Wages or profits lost due to injury incurred by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, while caring for the injured minor. Lost wages shall include any commission income as well as any base wages. Commission income shall be established by evidence of commission income during the 12-month period prior to the date of the crime for which restitution is being ordered, unless good cause for a shorter time period is shown.

(E) Wages or profits lost by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, due to time spent as a witness or in assisting the police or prosecution. Lost wages shall include any commission income as well as any base wages. Commission income shall be established by evidence of commission income during the 12-month period prior to the date of the crime for which restitution is being ordered, unless good cause for a shorter time period is shown.

(F) Noneconomic losses, including, but not limited to, psychological harm, for felony violations of Section 288.

(G) Interest, at the rate of 10 percent per annum, that accrues as of the date of sentencing or loss, as determined by the court.

(H) Actual and reasonable attorney's fees and other costs of collection accrued by a private entity on behalf of the victim.

(I) Expenses incurred by an adult victim in relocating away from the defendant, including, but not limited to, deposits for utilities and telephone service, deposits for rental housing, temporary lodging and food expenses, clothing, and personal items. Expenses incurred pursuant to this section shall be verified by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(J) Expenses to install or increase residential security incurred related to a crime, as defined in subdivision (c) of Section 667.5, including, but not limited to, a home security device or system, or replacing or increasing the number of locks.

(K) Expenses to retrofit a residence or vehicle, or both, to make the residence accessible to or the vehicle operational by the victim, if the victim is permanently disabled, whether the disability is partial or total, as a direct result of the crime.

(4) (A) If, as a result of the defendant's conduct, the Restitution Fund has provided assistance to or on behalf of a victim or derivative victim pursuant to Chapter 5 (commencing with Section 13950) of Part 4 of Division 3 of Title 2 of the Government Code, the amount of assistance provided shall be presumed to be a direct result of the defendant's criminal conduct and shall be included in the amount of the restitution ordered.

(B) The amount of assistance provided by the Restitution Fund shall be established by copies of bills submitted to the California Victim Compensation and Government Claims Board reflecting the amount paid by the board and whether the services for which payment was made were for medical or dental expenses, funeral or burial expenses, mental health counseling, wage or support losses, or rehabilitation. Certified copies of these bills provided by the board and redacted to protect the privacy and safety of the victim or any legal privilege, together with a statement made under penalty of perjury by the custodian of records that those bills were submitted to and were paid by the board, shall be sufficient to meet this requirement.

(C) If the defendant offers evidence to rebut the presumption established by this paragraph, the court may release additional information contained in the records of the board to the defendant only after reviewing that information in camera and finding that the information is necessary for the defendant to dispute the amount of the restitution order.

(5) Except as provided in paragraph (6), in any case in which an order may be entered pursuant to this subdivision, the defendant shall prepare

and file a disclosure identifying all assets, income, and liabilities in which the defendant held or controlled a present or future interest as of the date of the defendant's arrest for the crime for which restitution may be ordered. The financial disclosure statements shall be made available to the victim and the board pursuant to Section 1214. The disclosure shall be signed by the defendant upon a form approved or adopted by the Judicial Council for the purpose of facilitating the disclosure. Any defendant who willfully states as true any material matter that he or she knows to be false on the disclosure required by this subdivision is guilty of a misdemeanor, unless this conduct is punishable as perjury or another provision of law provides for a greater penalty.

(6) A defendant who fails to file the financial disclosure required in paragraph (5), but who has filed a financial affidavit or financial information pursuant to subdivision (c) of Section 987, shall be deemed to have waived the confidentiality of that affidavit or financial information as to a victim in whose favor the order of restitution is entered pursuant to subdivision (f). The affidavit or information shall serve in lieu of the financial disclosure required in paragraph (5), and paragraphs (7) to (10), inclusive, shall not apply.

(7) Except as provided in paragraph (6), the defendant shall file the disclosure with the clerk of the court no later than the date set for the defendant's sentencing, unless otherwise directed by the court. The disclosure may be inspected or copied as provided by subdivision (b), (c), or (d) of Section 1203.05.

(8) In its discretion, the court may relieve the defendant of the duty under paragraph (7) of filing with the clerk by requiring that the defendant's disclosure be submitted as an attachment to, and be available to, those authorized to receive the following:

(A) Any report submitted pursuant to subparagraph (C) of paragraph (2) of subdivision (b) of Section 1203 or subdivision (g) of Section 1203.

(B) Any stipulation submitted pursuant to paragraph (4) of subdivision (b) of Section 1203.

(C) Any report by the probation officer, or any information submitted by the defendant applying for a conditional sentence pursuant to subdivision (d) of Section 1203.

(9) The court may consider a defendant's unreasonable failure to make a complete disclosure pursuant to paragraph (5) as any of the following:

(A) A circumstance in aggravation of the crime in imposing a term under subdivision (b) of Section 1170.

(B) A factor indicating that the interests of justice would not be served by admitting the defendant to probation under Section 1203.

(C) A factor indicating that the interests of justice would not be served by conditionally sentencing the defendant under Section 1203.

(D) A factor indicating that the interests of justice would not be served by imposing less than the maximum fine and sentence fixed by law for the case.

(10) A defendant's failure or refusal to make the required disclosure pursuant to paragraph (5) shall not delay entry of an order of restitution or pronouncement of sentence. In appropriate cases, the court may do any of the following:

(A) Require the defendant to be examined by the district attorney pursuant to subdivision (h).

(B) If sentencing the defendant under Section 1170, provide that the victim shall receive a copy of the portion of the probation report filed pursuant to Section 1203.10 concerning the defendant's employment, occupation, finances, and liabilities.

(C) If sentencing the defendant under Section 1203, set a date and place for submission of the disclosure required by paragraph (5) as a condition of probation or suspended sentence.

(11) If a defendant has any remaining unpaid balance on a restitution order or fine 120 days prior to his or her scheduled release from probation or 120 days prior to his or her completion of a conditional sentence, the defendant shall prepare and file a new and updated financial disclosure identifying all assets, income, and liabilities in which the defendant holds or controls or has held or controlled a present or future interest during the defendant's period of probation or conditional sentence. The financial disclosure shall be made available to the victim and the board pursuant to Section 1214. The disclosure shall be signed and prepared by the defendant on the same form as described in paragraph (5). Any defendant who willfully states as true any material matter that he or she knows to be false on the disclosure required by this subdivision is guilty of a misdemeanor, unless this conduct is punishable as perjury or another provision of law provides for a greater penalty. The financial disclosure required by this paragraph shall be filed with the clerk of the court no later than 90 days prior to the defendant's scheduled release from probation or completion of the defendant's conditional sentence.

(g) The court shall order full restitution unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record. A defendant's inability to pay shall not be considered a compelling and extraordinary reason not to impose a restitution order, nor shall inability to pay be a consideration in determining the amount of a restitution order.

(h) The district attorney may request an order of examination pursuant to the procedures specified in Article 2 (commencing with Section

708.110) of Chapter 6 of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure, in order to determine the defendant's financial assets for purposes of collecting on the restitution order.

(i) A restitution order imposed pursuant to subdivision (f) shall be enforceable as if the order were a civil judgment.

(j) The making of a restitution order pursuant to subdivision (f) shall not affect the right of a victim to recovery from the Restitution Fund as otherwise provided by law, except to the extent that restitution is actually collected pursuant to the order. Restitution collected pursuant to this subdivision shall be credited to any other judgments for the same losses obtained against the defendant arising out of the crime for which the defendant was convicted.

(k) For purposes of this section, "victim" shall include all of the following:

(1) The immediate surviving family of the actual victim.

(2) Any corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision, agency, or instrumentality, or any other legal or commercial entity when that entity is a direct victim of a crime.

(3) Any person who has sustained economic loss as the result of a crime and who satisfies any of the following conditions:

(A) At the time of the crime was the parent, grandparent, sibling, spouse, child, or grandchild of the victim.

(B) At the time of the crime was living in the household of the victim.

(C) At the time of the crime was a person who had previously lived in the household of the victim for a period of not less than two years in a relationship substantially similar to a relationship listed in subparagraph (A).

(D) Is another family member of the victim, including, but not limited to, the victim's fiancé or fiancée, and who witnessed the crime.

(E) Is the primary caretaker of a minor victim.

(4) Any person who is eligible to receive assistance from the Restitution Fund pursuant to Chapter 5 (commencing with Section 13950) of Part 4 of Division 3 of Title 2 of the Government Code.

(*l*) At its discretion, the board of supervisors of any county may impose a fee to cover the actual administrative cost of collecting the restitution fine, not to exceed 10 percent of the amount ordered to be paid, to be added to the restitution fine and included in the order of the court, the proceeds of which shall be deposited in the general fund of the county.

(m) In every case in which the defendant is granted probation, the court shall make the payment of restitution fines and orders imposed pursuant to this section a condition of probation. Any portion of a

restitution order that remains unsatisfied after a defendant is no longer on probation shall continue to be enforceable by a victim pursuant to Section 1214 until the obligation is satisfied.

(n) If the court finds and states on the record compelling and extraordinary reasons why a restitution fine or full restitution order should not be required, the court shall order, as a condition of probation, that the defendant perform specified community service, unless it finds and states on the record compelling and extraordinary reasons not to require community service in addition to the finding that restitution should not be required. Upon revocation of probation, the court shall impose restitution pursuant to this section.

(o) The provisions of Section 13963 of the Government Code shall apply to restitution imposed pursuant to this section.

(p) The court clerk shall notify the California Victim Compensation and Government Claims Board within 90 days of an order of restitution being imposed if the defendant is ordered to pay restitution to the board due to the victim receiving compensation from the Restitution Fund. Notification shall be accomplished by mailing a copy of the court order to the board, which may be done periodically by bulk mail or electronic mail.

(q) Upon conviction for a violation of Section 236.1, the court shall, in addition to any other penalty or restitution, order the defendant to pay restitution to the victim in any case in which a victim has suffered economic loss as a result of the defendant's conduct. The court shall require that the defendant make restitution to the victim or victims in an amount established by court order, based on the amount of loss claimed by the victim or victims or any other showing to the court. In determining restitution pursuant to this section, the court shall base its order upon the greater of the following: the gross value of the victim's labor or services based upon the comparable value of similar services in the labor market in which the offense occurred, or the value of the victim's labor as guaranteed under California law, or the actual income derived by the defendant from the victim's labor or services or any other appropriate means to provide reparations to the victim.

SEC. 11. Title 6.7 (commencing with Section 13990) is added to Part 4 of the Penal Code, to read:

CHAPTER 241

An act to amend Section 1798.24 of the Civil Code, and Section 10850 of the Welfare and Institutions Code, relating to personal information.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. (a) It is the intent of the Legislature to protect personal information held in agency databases from being accessed for the purpose of committing identity theft and other crimes.

(b) The Legislature recognizes the research community has legitimate needs to access personal information to carry out research in certain cases, and the provisions of this bill are not intended to impede research but rather to require and set minimum standards for careful review and approval of requests for access to personal information held in agency databases and to require personal information to be removed before data is shared whenever possible.

SEC. 2. Section 1798.24 of the Civil Code is amended to read:

1798.24. No agency may disclose any personal information in a manner that would link the information disclosed to the individual to whom it pertains unless the information is disclosed, as follows:

(a) To the individual to whom the information pertains.

(b) With the prior written voluntary consent of the individual to whom the record pertains, but only if that consent has been obtained not more than 30 days before the disclosure, or in the time limit agreed to by the individual in the written consent.

(c) To the duly appointed guardian or conservator of the individual or a person representing the individual if it can be proven with reasonable certainty through the possession of agency forms, documents or correspondence that this person is the authorized representative of the individual to whom the information pertains.

(d) To those officers, employees, attorneys, agents, or volunteers of the agency that has custody of the information if the disclosure is relevant and necessary in the ordinary course of the performance of their official duties and is related to the purpose for which the information was acquired.

(e) To a person, or to another agency where the transfer is necessary for the transferee agency to perform its constitutional or statutory duties, and the use is compatible with a purpose for which the information was collected and the use or transfer is accounted for in accordance with

Section 1798.25. With respect to information transferred from a law enforcement or regulatory agency, or information transferred to another law enforcement or regulatory agency, a use is compatible if the use of the information requested is needed in an investigation of unlawful activity under the jurisdiction of the requesting agency or for licensing, certification, or regulatory purposes by that agency.

(f) To a governmental entity when required by state or federal law.

(g) Pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

(h) To a person who has provided the agency with advance, adequate written assurance that the information will be used solely for statistical research or reporting purposes, but only if the information to be disclosed is in a form that will not identify any individual.

(i) Pursuant to a determination by the agency that maintains information that compelling circumstances exist that affect the health or safety of an individual, if upon the disclosure notification is transmitted to the individual to whom the information pertains at his or her last known address. Disclosure shall not be made if it is in conflict with other state or federal laws.

(j) To the State Archives as a record that has sufficient historical or other value to warrant its continued preservation by the California state government, or for evaluation by the Director of General Services or his or her designee to determine whether the record has further administrative, legal, or fiscal value.

(k) To any person pursuant to a subpoena, court order, or other compulsory legal process if, before the disclosure, the agency reasonably attempts to notify the individual to whom the record pertains, and if the notification is not prohibited by law.

(*l*) To any person pursuant to a search warrant.

(m) Pursuant to Article 3 (commencing with Section 1800) of Chapter 1 of Division 2 of the Vehicle Code.

(n) For the sole purpose of verifying and paying government health care service claims made pursuant to Division 9 (commencing with Section 10000) of the Welfare and Institutions Code.

(o) To a law enforcement or regulatory agency when required for an investigation of unlawful activity or for licensing, certification, or regulatory purposes, unless the disclosure is otherwise prohibited by law.

(p) To another person or governmental organization to the extent necessary to obtain information from the person or governmental organization as necessary for an investigation by the agency of a failure

to comply with a specific state law that the agency is responsible for enforcing.

(q) To an adopted person and is limited to general background information pertaining to the adopted person's natural parents, provided that the information does not include or reveal the identity of the natural parents.

(r) To a child or a grandchild of an adopted person and disclosure is limited to medically necessary information pertaining to the adopted person's natural parents. However, the information, or the process for obtaining the information, shall not include or reveal the identity of the natural parents. The State Department of Social Services shall adopt regulations governing the release of information pursuant to this subdivision by July 1, 1985. The regulations shall require licensed adoption agencies to provide the same services provided by the department as established by this subdivision.

(s) To a committee of the Legislature or to a Member of the Legislature, or his or her staff when authorized in writing by the member, where the member has permission to obtain the information from the individual to whom it pertains or where the member provides reasonable assurance that he or she is acting on behalf of the individual.

(t) (1) To the University of California or a nonprofit educational institution conducting scientific research, provided the request for information is approved by the Committee for the Protection of Human Subjects (CPHS) for the California Health and Human Services Agency (CHHSA). The CPHS approval required under this subdivision shall include a review and determination that all the following criteria have been satisfied:

(A) The researcher has provided a plan sufficient to protect personal information from improper use and disclosures, including sufficient administrative, physical, and technical safeguards to protect personal information from reasonable anticipated threats to the security or confidentiality of the information.

(B) The researcher has provided a sufficient plan to destroy or return all personal information as soon as it is no longer needed for the research project, unless the researcher has demonstrated an ongoing need for the personal information for the research project and has provided a long-term plan sufficient to protect the confidentiality of that information.

(C) The researcher has provided sufficient written assurances that the personal information will not be reused or disclosed to any other person or entity, or used in any manner, not approved in the research protocol, except as required by law or for authorized oversight of the research project.

(2) The CPHS shall, at a minimum, accomplish all of the following as part of its review and approval of the research project for the purpose of protecting personal information held in agency databases:

(A) Determine whether the requested personal information is needed to conduct the research.

(B) Permit access to personal information only if it is needed for the research project.

(C) Permit access only to the minimum necessary personal information needed for the research project.

(D) Require the assignment of unique subject codes that are not derived from personal information in lieu of social security numbers if the research can still be conducted without social security numbers.

(E) If feasible, and if cost, time, and technical expertise permit, require the agency to conduct a portion of the data processing for the researcher to minimize the release of personal information.

(3) Reasonable costs to the agency associated with the agency's process of protecting personal information under the conditions of CPHS approval may be billed to the researcher, including, but not limited to, the agency's costs for conducting a portion of the data processing for the researcher, removing personal information, encrypting or otherwise securing personal information, or assigning subject codes.

(4) This subdivision does not prohibit the CPHS from using its existing authority to enter into written agreements to enable other institutional review boards to approve projects or classes of projects for the CPHS, provided the data security requirements set forth in this subdivision are satisfied.

(u) To an insurer if authorized by Chapter 5 (commencing with Section 10900) of Division 4 of the Vehicle Code.

(v) Pursuant to Section 1909, 8009, or 18396 of the Financial Code.

This article shall not be construed to require the disclosure of personal information to the individual to whom the information pertains when that information may otherwise be withheld as set forth in Section 1798.40.

SEC. 3. Section 10850 of the Welfare and Institutions Code is amended to read:

10850. (a) Except as otherwise provided in this section, all applications and records concerning any individual made or kept by any public officer or agency in connection with the administration of any provision of this code relating to any form of public social services for which grants-in-aid are received by this state from the United States government shall be confidential, and shall not be open to examination for any purpose not directly connected with the administration of that program, or any investigation, prosecution, or criminal or civil proceeding

conducted in connection with the administration of any such program. The disclosure of any information that identifies by name or address any applicant for or recipient of these grants-in-aid to any committee or legislative body is prohibited, except as provided in subdivision (b).

(b) Except as otherwise provided in this section, no person shall publish or disclose or permit or cause to be published or disclosed any list of persons receiving public social services. Any county welfare department in this state may release lists of applicants for, or recipients of, public social services, to any other county welfare department or the State Department of Social Services, and these lists or any other records shall be released when requested by any county welfare department or the State Department of Social Services. These lists or other records shall only be used for purposes directly connected with the administration of public social services. Except for those purposes, no person shall publish, disclose, or use or permit or cause to be published, disclosed, or used any confidential information pertaining to an applicant or recipient.

Any county welfare department and the State Department of Social Services shall provide any governmental entity that is authorized by law to conduct an audit or similar activity in connection with the administration of public social services, including any committee or legislative body so authorized, with access to any public social service applications and records described in subdivision (a) to the extent of the authorization. Those committees, legislative bodies and other entities may only request or use these records for the purpose of investigating the administration of public social services, and shall not disclose the identity of any applicant or recipient except in the case of a criminal or civil proceeding conducted in connection with the administration of public social services.

However, this section shall not prohibit the furnishing of this information to other public agencies to the extent required for verifying eligibility or for other purposes directly connected with the administration of public social services, or to county superintendents of schools or superintendents of school districts only as necessary for the administration of federally assisted programs providing assistance in cash or in-kind or services directly to individuals on the basis of need. Any person knowingly and intentionally violating this subdivision is guilty of a misdemeanor.

Further, in the context of a petition for the appointment of a conservator for a person who is receiving or has received aid from a public agency, as indicated above, or in the context of a criminal prosecution for a violation of Section 368 of the Penal Code both of the following shall apply:

(1) An Adult Protective Services employee or Ombudsman may answer truthfully at any proceeding related to the petition or prosecution, when asked if he or she is aware of information that he or she believes is related to the legal mental capacity of that aid recipient or the need for a conservatorship for that aid recipient. If the Adult Protective Services employee or Ombudsman states that he or she is aware of such information, the court may order the Adult Protective Services employee or Ombudsman to testify about his or her observations and to disclose all relevant agency records.

(2) The court may order the Adult Protective Services employee or Ombudsman to testify about his or her observations and to disclose any relevant agency records if the court has other independent reason to believe that the Adult Protective Services employee or Ombudsman has information that would facilitate the resolution of the matter.

(c) The State Department of Social Services may make rules and regulations governing the custody, use, and preservation of all records, papers, files, and communications pertaining to the administration of the laws relating to public social services under their jurisdiction. The rules and regulations shall be binding on all departments, officials and employees of the state, or of any political subdivision of the state and may provide for giving information to or exchanging information with agencies, public or political subdivisions of the state, and may provide for giving information to or exchanging information with agencies, public or private, that are engaged in planning, providing, or securing social services for or in behalf of recipients or applicants; and for making case records available for research purposes, provided that making these case records available will not result in the disclosure of the identity of applicants for or recipients of public social services and will not disclose any personal information in a manner that would link the information disclosed to the individual to whom it pertains, unless the department has complied with subdivision (t) of Section 1798.24 of the Civil Code.

(d) Any person, including every public officer and employee, who knowingly secures or possesses, other than in the course of official duty, an official list or a list compiled from official sources, published or disclosed in violation of this section, of persons who have applied for or who have been granted any form of public social services for which state or federal funds are made available to the counties is guilty of a misdemeanor.

(e) This section shall not be construed to prohibit an employee of a county welfare department from disclosing confidential information concerning a public social services applicant or recipient to a state or local law enforcement agency investigating or gathering information regarding a criminal act committed in a welfare department office, a

criminal act against any county or state welfare worker, or any criminal act witnessed by any county or state welfare worker while involved in the administration of public social services at any location. Further, this section shall not be construed to prohibit an employee of a county welfare department from disclosing confidential information concerning a public social services applicant or recipient to a state or local law enforcement agency investigating or gathering information regarding a criminal act intentionally committed by the applicant or recipient against any off-duty county or state welfare worker in retaliation for an act performed in the course of the welfare worker's duty when the person committing the offense knows or reasonably should know that the victim is a state or county welfare worker. These criminal acts shall include only those that are in violation of state or local law. Disclosure of confidential information pursuant to this subdivision shall be limited to the applicant's or recipient's name, physical description, and address.

(f) The provisions of this section shall be operative only to the extent permitted by federal law and shall not apply to, but exclude, Chapter 7 (commencing with Section 14000) of this division, entitled "Basic Health Care", and for which a grant-in-aid is received by the state under Title XIX of the Social Security Act.

CHAPTER 243

An act to amend Section 130150 of, and to add Section 130151 to, the Health and Safety Code, relating to child development.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 130150 of the Health and Safety Code is amended to read:

130150. (a) On or before October 15 of each year, each county commission shall conduct an audit of, and issue a written report on the implementation and performance of, its functions during the preceding fiscal year, including, at a minimum, the manner in which funds were expended, the progress toward, and the achievement of, program goals and objectives, and information on programs funded and populations served for all funded programs.

On or before November 1 of each year, each county commission shall submit its audit and report to the state commission for inclusion in the state commission's consolidated report required in subdivision (b). Each

commission shall submit its report in a format prescribed by the state commission if the state commission approves that format in a public meeting prior to the fiscal year during which it is to be used by the county commissions. The state commission shall develop the format in consultation with the county commissions.

(b) The state commission shall, on or before January 31 of each year, do both of the following:

(1) Conduct an audit and prepare a written report on the implementation and performance of the state commission functions during the preceding fiscal year, including, at a minimum, the manner in which funds were expended and the progress toward, and the achievement of, program goals and objectives.

(2) Prepare a written report that consolidates, summarizes, analyzes, and comments on the annual audits and reports submitted by all of the county commissions and the Controller for the preceding fiscal year. The written report shall include a listing, by category, of the aggregate expenditures on program areas funded by the state and county commissions pursuant to the purposes of this act, according to a format prescribed by the state commission. This report by the state commission shall be transmitted to the Governor, the Legislature, and each county commission.

(3) In the event a county commission does not submit the information prescribed in subdivision (a), the state commission may withhold funds that would otherwise have been allocated to the county commission from the California Children and Families Trust Fund pursuant to Section 130140 until the county commission submits the data as required by subdivision (a).

(c) The state commission shall make copies of each of its annual audits and reports available to members of the general public on request and at no cost. The state commission shall furnish each county commission with copies of those documents in a number sufficient for local distribution by the county commission to members of the general public on request and at no cost.

(d) Each county commission shall make copies of its annual audits and reports available to members of the general public on request and at no cost.

SEC. 2. Section 130151 is added to the Health and Safety Code, to read:

130151. (a) In addition to the requirements in Section 130150, the Controller shall issue guidelines for expanded annual audits of each county commission required pursuant to subdivision (b) of Section 130150 and associated quality control functions, subject to funding by the state commission.

(b) The scope of the audits shall address a review of county commission policies and practices with respect to the following elements:

(1) Contracting and procurement policies, to determine whether they are in place pursuant to paragraph (4) of subdivision (d) of Section 130140, whether state and county commissions are operating in accordance with these policies, and whether these policies contain provisions to ensure that the grants and contracts are consistent with the state or county commission's strategic plan.

(2) Administrative costs, to ensure that the county commission's definitions comply with the state commission's guidelines and that the county commission has a process in place to monitor these costs.

(3) Policies and procedures, established pursuant to paragraph (4) of subdivision (d) of Section 130140, designed to assure compliance by the state commission and county commissions with all applicable state and local conflict-of-interest statutes and regulations.

(4) Policies and practices designed to assure that county commissions are adhering to county commission ordinances established pursuant to paragraph (1) of subdivision (a) of Section 130140.

(5) Long-range financial plans, to determine whether state and county commissions have these plans and that the plans have been formally adopted by the commission in a public hearing.

(6) Financial condition of the commission.

(7) Amount commissions spend on program evaluation and the documented results of these expenditures.

(8) Salaries and benefit policies, to determine whether the county commission's employee salaries and benefits comply with the policies that the county commission adopted pursuant to paragraph (6) of subdivision (d) of Section 130140.

(c) The auditor for the state commission or the county commission shall submit each audit report, upon completion, simultaneously to both the Controller and to the state commission or applicable county commission.

(d) The state commission and each respective county commission shall schedule a public hearing within two months of receipt of the audit to discuss findings within the report and any response to the findings. Within two weeks of the public hearing, the state or county commission shall submit to the Controller a response to the audit findings.

(e) Within six months of the state or county commission's response pursuant to subdivision (d), the Controller shall determine whether a county commission has successfully corrected its practices in response to the findings contained in the audit report. The Controller may, after that determination, recommend to the state commission to withhold the allocation of money that the county commission would otherwise receive

from the California Children and Families Trust Fund until the Controller determines that the county commission has a viable plan and the ability to correct the practices identified in the audit.

(f) The Controller shall prepare a summary report of the final audits and submit the report to the state commission by November 1 of each year for inclusion in the annual report required pursuant to subdivision (b) of Section 130150.

(g) On or before April 30, 2006, the Controller shall present to the state commission in a public meeting the final audit guidelines and implementation plan. When developing the guidelines, the Controller shall consider the reasonableness of the projected costs and administrative burden of the required audit functions.

SEC. 3. This act shall only become operative if Assembly Bill 109 of the 2005-06 Regular Session is enacted and becomes operative.

SEC. 4. The Legislature finds and declares that this act furthers the California Children and Families Act of 1998 enacted by Proposition 10 at the November 3, 1998, general election, and is consistent with its purposes.

CHAPTER 244

An act to add Chapter 28.5 (commencing with Section 22928) to Division 8 of the Business and Professions Code, relating to transportation.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 28.5 (commencing with Section 22928) is added to Division 8 of the Business and Professions Code, to read:

CHAPTER 28.5. INTERMODAL MARINE TERMINALS

22928. (a) The Legislature finds and declares that unilateral termination, suspension, or restriction of equipment interchange rights of an intermodal motor carrier shall not result from intermodal marine terminal actions as specified in subdivision (b).

(b) An intermodal marine equipment provider or intermodal marine terminal operator shall not impose per diem, detention, or demurrage charges on an intermodal motor carrier relative to transactions involving

cargo shipped by intermodal transport under any of the following circumstances:

(1) When the intermodal marine or terminal truck gate is closed during posted normal working hours. No per diem, detention, or demurrage charges shall be imposed on a weekend or holiday, or during a labor disruption period, or during any other period involving an act of God or any other planned or unplanned action that closes the truck gate.

(2) When the intermodal marine terminal decides to divert equipment without 48 hours' electronic or written notification to the motor carrier.

(3) When the intermodal marine terminal is assessed a fine pursuant to Section 40720 of the Health and Safety Code.

(4) When the intermodal marine terminal equipment is out of compliance pursuant to Section 34505.9 of the Vehicle Code or the equipment is placed out of service.

(5) When a loaded container is not available for pickup when the motor carrier arrives at the intermodal marine terminal.

(6) When the intermodal marine terminal is too congested to accept the container and turns away the motor carrier.

(c) An intermodal marine equipment provider shall not take any of the following actions:

(1) Charge back, deduct, or offset per diem charges, maintenance and repair charges, or peak hour pricing from a motor carrier's freight bill.

(2) Unilaterally terminate, suspend, or restrict the equipment interchange rights of a motor carrier or driver that uses the dispute resolution process contained in the Uniform Intermodal Interchange and Facilities Access Agreement to contest a charge, fee, or fine, including a charge for maintenance and repairs imposed by the intermodal marine terminal, while the dispute resolution process is ongoing.

(3) Unilaterally terminate, suspend, or restrict the equipment interchange rights of a motor carrier for late payment of an undisputed invoice from the intermodal marine terminal, provided that the payment is no more than 60 days late.

(4) Unilaterally terminate, suspend, or restrict the equipment interchange rights of a motor carrier or driver for parking tickets issued by the marine terminal unless the tickets remain unpaid more than 60 days after being in receipt of the driver or motor carrier. No parking tickets shall be issued by the marine terminal to a driver or motor carrier for a parking violation if the assigned spot was occupied and the trouble window or terminal administration was unable to immediately provide a place to park, or if the driver was instructed to park the equipment in a different spot by marine terminal personnel or security.

(5) Willfully attempt to circumvent any provisions of this section or to fail, for any reason other than what is specified in the governing port

tariff, to collect demurrage when due and payable and when consistent with this section. An intermodal motor carrier shall not be liable for any portion of demurrage when an intermodal container is not picked up during free time, which is the time period before demurrage charges are to be applied.

(d) As used in this chapter:

(1) "Per diem," "detention," or "demurrage" means a charge imposed by an equipment provider or marine terminal operator for late return or pickup of an empty or a loaded intermodal container and chassis.

(2) "Closed" means not open or available to receive equipment. The marine terminal shall have posted working hours, and "closed" shall mean that the terminal is not open to release or accept equipment during those posted working hours.

(3) "Divert equipment" means the motor carrier has been directed to return the equipment to a location different from the location where the equipment was picked up by the motor carrier.

(4) "Shall not impose per diem, detention, or demurrage charges on an intermodal carrier" shall apply to the day or days in question that an occurrence referenced in subdivision (b) took place.

(5) "Intermodal marine terminal" means a marine terminal location or facility that engages in discharging or receiving equipment owned, operated, or controlled by an equipment provider.

(6) "Written or electronic notification" means any communication by postal letter, facsimile, electronic mail, or other electronic notification.

CHAPTER 245

An act to amend Sections 51203, 51283, 51283.4, and 51283.5 of the Government Code, relating to land conservation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 51203 of the Government Code is amended to read:

51203. (a) The assessor shall determine the current fair market value of the land as if it were free of the contractual restriction pursuant to Section 51283. The Department of Conservation or the landowner, also referred to in this section as "parties," may provide information to assist

the assessor to determine the value. Any information provided to the assessor shall be served on the other party, unless the information was provided at the request of the assessor, and would be confidential under law if required of an assessee.

(b) Within 45 days of receiving the assessor's notice pursuant to subdivision (a) of Section 51283 or 51283.4, if the Department of Conservation or the landowner believes that the current fair market valuation certified pursuant to subdivision (b) of Section 51283 or Section 51283.4 is not accurate, the department or the landowner may request formal review from the county assessor in the county considering the petition to cancel the contract. The department or the landowner shall submit to the assessor and the other party the reasons for believing the valuation is not accurate and the additional information the requesting party believes may substantiate a recalculation of the property valuation. The assessor may recover his or her reasonable costs of the formal review from the party requesting the review, and may provide an estimate of those costs to the requesting party. The recovery of these costs from the department may be deducted by the city or county from the cancellation fees received pursuant to this chapter prior to transmittal to the Controller for deposit in the Soil Conservation Fund.

(1) If no request is made within 45 days of receiving notice by certified mail of the valuation, the assessor's valuation shall be used to calculate the fee.

(2) Upon receiving a request for formal review, the assessor shall formally review his or her valuation if, based on the determination of the assessor, the information may have a material effect on valuation of the property. The assessor shall notify the parties that the formal review is being undertaken and that information to aid the assessor's review shall be submitted within 30 days of the date of the notice to the parties. Any information submitted to the assessor shall be served on the other party who shall have 30 days to respond to that information to the assessor. If the response to the assessor contains new information, the party receiving that response shall have 20 days to respond to the assessor as to the new information. All submittals and responses to the assessor shall be served on the other party by personal service or an affidavit of mailing. The assessor shall avoid ex parte contacts during the formal review and shall report any such contacts to the department and the landowner at the same time the review is complete. The assessor shall complete the review no later than 120 days of receiving the request.

(3) At the conclusion of the formal review, the assessor shall either revise the cancellation valuation or determine that the original cancellation valuation is accurate. The assessor shall send the revised valuation or notice of the determination that the valuation is accurate to

the department, the landowner, and the board or council considering the petition to cancel the contract. The assessor shall include a brief narrative of what consideration was given to the items of information and responses directly relating to the cancellation value submitted by the parties. The assessor shall give no consideration to a party's information or response that was not served on the other party. If the assessor denies a formal review, a brief narrative shall be provided to the parties indicating the basis for the denial, if requested.

(c) For purposes of this section, the valuation date of any revised valuation pursuant to formal review or following judicial challenge shall remain the date of the assessor's initial valuation, or his or her initial recomputation pursuant to Section 51283.4. For purposes of cancellation fee calculation in a tentative cancellation as provided in Section 51283, or in a recomputation for final cancellation as provided in Section 51283.4, a cancellation value shall be considered current for one year after its determination and certification by the assessor.

(d) Notwithstanding any other provision of this section, the department and the landowner may agree on a cancellation valuation of the land. The agreed valuation shall serve as the cancellation valuation pursuant to Section 51283 or Section 51283.4. The agreement shall be transmitted to the board or council considering the petition to cancel the contract.

(e) This section represents the exclusive administrative procedure for appealing a cancellation valuation calculated pursuant to this section. The Department of Conservation shall represent the interests of the state in the administrative and judicial remedies for challenging the determination of a cancellation valuation or cancellation fee.

SEC. 2. Section 51283 of the Government Code is amended to read:

51283. (a) Prior to any action by the board or council giving tentative approval to the cancellation of any contract, the county assessor of the county in which the land is located shall determine the current fair market value of the land as though it were free of the contractual restriction. The assessor shall certify to the board or council the cancellation valuation of the land for the purpose of determining the cancellation fee. At the same time, the assessor shall send a notice to the landowner and the Department of Conservation indicating the current fair market value of the land as though it were free of the contractual restriction and advise the parties, that upon their request, the assessor shall provide all information relevant to the valuation, excluding third-party information. If any information is confidential or otherwise protected from release, the department and the landowner shall hold it as confidential and return or destroy any protected information upon termination of all actions relating to valuation or cancellation of the contract on the property. The

notice shall also advise the landowner and the department of the opportunity to request formal review from the assessor.

(b) Prior to giving tentative approval to the cancellation of any contract, the board or council shall determine and certify to the county auditor the amount of the cancellation fee that the landowner shall pay the county treasurer upon cancellation. That fee shall be an amount equal to 12½ percent of the cancellation valuation of the property.

(c) If it finds that it is in the public interest to do so, the board or council may waive any payment or any portion of a payment by the landowner, or may extend the time for making the payment or a portion of the payment contingent upon the future use made of the land and its economic return to the landowner for a period of time not to exceed the unexpired period of the contract, had it not been canceled, if all of the following occur:

(1) The cancellation is caused by an involuntary transfer or change in the use which may be made of the land and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to the owner.

(2) The board or council has determined that it is in the best interests of the program to conserve agricultural land use that the payment be either deferred or is not required.

(3) The waiver or extension of time is approved by the Secretary of the Resources Agency. The secretary shall approve a waiver or extension of time if the secretary finds that the granting of the waiver or extension of time by the board or council is consistent with the policies of this chapter and that the board or council complied with this article. In evaluating a request for a waiver or extension of time, the secretary shall review the findings of the board or council, the evidence in the record of the board or council, and any other evidence the secretary may receive concerning the cancellation, waiver, or extension of time.

(d) The first two million thirty-six thousand dollars ($2,036,000) of revenue paid to the Controller pursuant to subdivision (e) in the 2004-05 fiscal year, and any other amount as approved in the final Budget Act for each fiscal year thereafter, shall be deposited in the Soil Conservation Fund, which is continued in existence. The money in the fund is available, when appropriated by the Legislature, for the support of all of the following:

(1) The cost of the farmlands mapping and monitoring program of the Department of Conservation pursuant to Section 65570.

(2) The soil conservation program identified in Section 614 of the Public Resources Code.

(3) Program support costs of this chapter as administered by the Department of Conservation.

(4) Program support costs incurred by the Department of Conservation in administering the open-space subvention program (Chapter 3 (commencing with Section 16140) of Part 1 of Division 4 of Title 2).

(e) When cancellation fees required by this section are collected, they shall be transmitted by the county treasurer to the Controller and deposited in the General Fund, except as provided in subdivision (d) of this section and subdivision (b) of Section 51203. The funds collected by the county treasurer with respect to each cancellation of a contract shall be transmitted to the Controller within 30 days of the execution of a certificate of cancellation of contract by the board or council, as specified in subdivision (b) of Section 51283.4.

(f) It is the intent of the Legislature that fees paid to cancel a contract do not constitute taxes but are payments that, when made, provide a private benefit that tends to increase the value of the property.

SEC. 3. Section 51283.4 of the Government Code is amended to read:

51283.4. (a) Upon tentative approval of a petition accompanied by a proposal for a specified alternative use of the land, the clerk of the board or council shall record in the office of the county recorder of the county in which is located the land as to which the contract is applicable a certificate of tentative cancellation, which shall set forth the name of the landowner requesting the cancellation, the fact that a certificate of cancellation of contract will be issued and recorded at the time that specified conditions and contingencies are satisfied, a description of the conditions and contingencies which must be satisfied, and a legal description of the property. Conditions to be satisfied shall include payment in full of the amount of the fee computed under the provisions of Section 51283, together with a statement that unless the fee is paid, or a certificate of cancellation of contract is issued within one year from the date of the recording of the certificate of tentative cancellation, the fee shall be recomputed as of the date of notice described in subdivision (b) or the date the landowner requests a recomputation. A landowner may request a recomputation when he or she believes that he or she will be able to satisfy the conditions and contingencies of the certificate of cancellation within 180 days. The board or council shall request the assessor to recompute the cancellation valuation. The assessor shall recompute the valuation, certify it to the board or council, and provide notice to the Department of Conservation and landowner as provided in subdivision (a) of Section 51283, and the board or council shall certify the fee to the county auditor. Any provisions related to the waiver of the fee or portion thereof shall be treated in the manner provided for in the certificate of tentative cancellation. Contingencies to be satisfied shall include a requirement that the landowner obtain all permits necessary

to commence the project. The board or council may, at the request of the landowner, amend a tentatively approved specified alternative use if it finds that the amendment is consistent with the findings made pursuant to subdivision (a) of Section 51282.

(b) The landowner shall notify the board or council when he or she has satisfied the conditions and contingencies enumerated in the certificate of tentative cancellation. Within 30 days of receipt of the notice, and upon a determination that the conditions and contingencies have been satisfied, the board or council shall execute a certificate of cancellation of contract, cause the certificate to be recorded, and send a copy to the Director of Conservation.

(c) If the landowner has been unable to satisfy the conditions and contingencies enumerated in the certificate of tentative cancellation, the landowner shall notify the board or council of the particular conditions or contingencies he or she is unable to satisfy. Within 30 days of receipt of the notice, and upon a determination that the landowner is unable to satisfy the conditions and contingencies listed, the board or council shall execute a certificate of withdrawal of tentative approval of a cancellation of contract and cause the same to be recorded. However, the landowner shall not be entitled to the refund of any cancellation fee paid.

SEC. 4. Section 51283.5 of the Government Code is amended to read:

51283.5. (a) The Legislature finds and declares that cancellation fees should be calculated in a timely manner and disputes over cancellation fees should be resolved before a city or county approves a tentative cancellation. However, the city or county may approve a tentative cancellation notwithstanding an assessor's formal review or judicial challenge to the cancellation value or fee.

(b) If the valuation changes after the approval of a tentative cancellation, the certificate of tentative cancellation shall be amended to reflect the correct valuation and cancellation fee.

(c) If the landowner wishes to pay a cancellation fee when a formal review has been requested, he or she may pay the fee required in the current certificate of cancellation and provide security determined to be adequate by the Department of Conservation for 20 percent of the cancellation fee based on the assessor's valuation. The board or council shall hold the security and release it immediately upon full payment of the cancellation fee determined pursuant to Section 51203.

(d) The city or county may approve a final cancellation notwithstanding a pending formal review or judicial challenge to the cancellation valuation or fee. The certificate of final cancellation shall include the following statements:

(1) That formal review or judicial challenge of the cancellation valuation or fee is pending.

(2) That the fee may be adjusted, based upon the outcome of the review or challenge.

(3) The identity of the party who will be responsible for paying any additional fee or will receive any refund.

(4) The form and amount of security provided by the landowner or other responsible party and approved by the Department of Conservation.

(e) Upon resolution, the landowner or the party identified in the certificate shall either pay the balance owed to the county treasurer, or receive from the county treasurer or the controller any amount of overpayment, and shall also be entitled to the immediate release of any security.

(f) (1) If a party does not receive the notice required pursuant to Section 51203, 51283, 51283.4, or 51284, a judicial challenge to the cancellation valuation may be filed within three years of the latest of the applicable following events:

(A) The board or council certification of the fee pursuant to subdivision (b) of Section 51283, or for fees recomputed pursuant to Section 51283.4, the execution of a certificate of cancellation under that section.

(B) The date of the assessor's determination pursuant to paragraph (3) of subdivision (b) of Section 51203.

(C) The service of notice to the Director of Conservation of the board or council's recorded certificate of final cancellation.

(2) If a party did receive the required notice pursuant to Section 51203, 51283, 51283.4, or 51284, a judicial challenge to the cancellation valuation may be filed only after the party has exhausted his or her administrative remedies through the formal review process specified in Section 51203, and only within 180 days of the latest of the applicable following events:

(A) The board or council certification of the fee pursuant to subdivision (b) of Section 51283 or for fees recomputed pursuant to Section 51283.4, the execution of a certificate of cancellation under that section.

(B) The date of the assessor's determination pursuant to paragraph (3) of subdivision (b) of Section 51203.

(C) The service of notice to the Director of Conservation or the board or council's recorded certificate of final cancellation.

SEC. 5. The Legislature finds and declares that the amendments made by Chapter 794 of the Statutes of 2004 or by this act shall not apply to petitions that have been accepted as complete pursuant to Section 51284.1 of the Government Code prior to January 1, 2005.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This act contains amendments that were inadvertently omitted from the measure enacting Chapter 794 of the Statutes of 2004. In order for the formal review process of land conservation contract cancellation to work properly and to ensure certainty in the results for local agencies, landowners, and the Department of Conservation, it is necessary that this act take effect immediately.

DIVISION 3. COMMUNITY SERVICES DISTRICTS

PART 1. GENERAL PROVISIONS

CHAPTER 1. INTRODUCTORY PROVISIONS

61000. This division shall be known and may be cited as the Community Services District Law.

61001. (a) The Legislature finds and declares all of the following:

(1) The differences among California's communities reflect the broad diversity of the state's population, geography, natural resources, history, and economy.

(2) The residents and property owners in California's diverse communities desire public facilities and services that promote the public peace, health, safety, and welfare.

(3) Responding to these communities' desires, the Legislature enacted the Community Services District Law in 1951, and reenacted the Community Services District Law in 1955.

(4) Between 1955 and 2005, the voters in more than 300 communities have formed community services districts to achieve local governance, provide needed public facilities, and supply public services.

(5) Since then, the Legislature has amended the Community Services District Law in many ways, resulting in a statute that can be difficult for residents, property owners, and public officials to understand and administer.

(6) There is a need to revise the Community Services District Law to achieve statutory clarity and provide a framework for local governance that California's diverse communities can adapt to their local conditions, circumstances, and resources.

(7) The enactment of this division is necessary for the public peace, health, safety, and welfare.

(b) The Legislature finds and declares that for many communities, community services districts may be any of the following:

(1) A permanent form of governance that can provide locally adequate levels of public facilities and services.

(2) An effective form of governance for combining two or more special districts that serve overlapping or adjacent territory into a multifunction special district.

(3) A form of governance that can serve as an alternative to the incorporation of a new city.

(4) A transitional form of governance as the community approaches cityhood.

(c) In enacting this division, it is the intent of the Legislature:

(1) To continue a broad statutory authority for a class of limited-purpose special districts to provide a wide variety of public facilities and services.

(2) To encourage local agency formation commissions to use their municipal service reviews, spheres of influence, and boundary powers, where feasible and appropriate, to combine special districts that serve overlapping or adjacent territory into multifunction community services districts.

(3) That residents, property owners, and public officials use the powers and procedures provided by the Community Services District Law to meet the diversity of the local conditions, circumstances, and resources.

61002. Unless the context requires otherwise, as used in this division, the following terms shall have the following meanings:

(b) "Board of directors" means the board of directors of a district that establishes policies for the operation of the district.

(f) Any approval or determination, including, but not limited to, terms and conditions made with respect to a district by a local agency formation commission prior to January 1, 2006, shall remain in existence.

CHAPTER 257

An act to amend Sections 17207, 17408, and 17419 of the Financial Code, relating to escrow agents.

[Approved by Governor September 22, 2005. Filed with
Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 17207 of the Financial Code, as amended by Section 1 of Chapter 499 of the Statutes of 2001, is amended to read:

17207. The commissioner shall charge and collect the following fees and assessments:

(a) For filing an application for an escrow agent's license, six hundred twenty-five dollars ($625) for the first office or location and four hundred twenty-five dollars ($425) for each additional office or location.

(b) For filing an application for a duplicate of an escrow agent's license lost, stolen, or destroyed, or for replacement, upon a satisfactory showing of the loss, theft, destruction, or surrender of certificate for replacement, two dollars ($2).

(c) For investigation services in connection with each application, one hundred dollars ($100), and for investigation services in connection with each additional office application, one hundred dollars ($100).

(d) For holding a hearing in connection with the application, as set forth under Section 17209.2, the actual costs experienced in each particular instance.

(e) (1) Each escrow agent shall pay to the commissioner for the support of this division for the ensuing year an annual license fee not to exceed two thousand eight hundred dollars ($2,800) for each office or location.

(2) On or before May 30 in each year, the commissioner shall notify each escrow agent by mail of the amount of the annual license fee levied against it, and that the payment of the invoice is payable by the escrow agent within 30 days after receipt of notification by the commissioner.

(3) If payment is not made within 30 days, the commissioner may assess and collect a penalty, in addition to the annual license fee, of 10 percent of the fee for each month or part of a month that the payment is delayed or withheld.

(4) If an escrow agent fails to pay the amount due on or before the June 30 following the day upon which payment is due, the commissioner may by order summarily suspend or revoke the certificate issued to the company.

(5) If, after an order is made pursuant to paragraph (4), a request for a hearing is filed in writing and a hearing is not held within 60 days thereafter, the order is deemed rescinded as of its effective date. During any period when its certificate is revoked or suspended, a company shall not conduct business pursuant to this division, except as may be permitted

by order of the commissioner. However, the revocation, suspension, or surrender of a certificate shall not affect the powers of the commissioner as provided in this division.

(f) Fifty dollars ($50) for investigation services in connection with each application for qualification of any person under Section 17200.8, other than investigation services under subdivision (c) of this section.

(g) A fee not to exceed twenty-five dollars ($25) for the filing of a notice or report required by rules adopted pursuant to subdivision (a) or Section 17203.1.

(h) (1) If costs and expenses associated with the enforcement of this division, including overhead, are or will be incurred by the commissioner during the year for which the annual license fee is levied, and that will or could result in the commissioner's incurring of costs and expenses, including overhead, in excess of the costs and expenses, including overhead, budgeted for expenditure for the year in which the annual license fee is levied, then the commissioner may levy a special assessment on each escrow agent for each office or location in an amount estimated to pay for the actual costs and expenses associated with the enforcement of this division, including overhead, in an amount not to exceed five hundred dollars ($500) for each office or location. The commissioner shall notify each escrow agent by mail of the amount of the special assessment levied against it, and that payment of the special assessment is payable by the escrow agent within 30 days of receipt of notification by the commissioner. The funds received from the special assessment shall be deposited into the State Corporations Fund and shall be used only for the purposes for which the special assessment is made.

(2) If payment is not made within 30 days, the commissioner may assess and collect a penalty, in addition to the special assessment, of 10 percent of the special assessment for each month or part of a month that the payment is delayed or withheld. If an escrow agent fails to pay the special assessment on or before 30 days following the day upon which payment is due, the commissioner may by order summarily suspend or revoke the certificate issued to the company. If an order is made under this subdivision, the provisions of paragraph (5) of subdivision (e) of this section shall apply.

(3) If the amount collected pursuant to this subdivision exceeds the actual costs and expenses, including overhead, incurred in the administration and enforcement of this division and any deficit incurred, the excess shall be credited to each escrow agent on a pro rata basis.

(i) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

SEC. 2. Section 17207 of the Financial Code, as amended by Section 2 of Chapter 499 of the Statutes of 2001, is amended to read:

17207. The commissioner shall charge and collect the following fees and assessments:

(a) For filing an application for an escrow agent's license, six hundred twenty-five dollars ($625) for the first office or location and four hundred twenty-five dollars ($425) for each additional office or location.

(b) For filing an application for a duplicate of an escrow agent's license lost, stolen, or destroyed, or for replacement, upon a satisfactory showing of the loss, theft, destruction, or surrender of certificate for replacement, two dollars ($2).

(c) For investigation services in connection with each application, one hundred dollars ($100), and for investigation services in connection with each additional office application, one hundred dollars ($100).

(d) For holding a hearing in connection with the application, as set forth under Section 17209.2, the actual costs experienced in each particular instance.

(e) (1) Each escrow agent shall pay to the commissioner its pro rata share of all costs and expenses reasonably incurred in the administration of this division, as estimated by the commissioner for the ensuing year, and of any deficit actually incurred or anticipated in the administration of this division in the year in which the assessment is made. Commencing with the assessment for fiscal year 2010-11, the assessment shall not increase by more than 25 percent over the amount assessed in the prior year. The pro rata share shall be the proportion which a licensee's gross income from escrow operations bears to the aggregate gross income from escrow operations of all licensees as compiled by the commissioner. The pro rata share shall not include the costs of any examinations provided for in Section 17405.1, unless they cannot be collected from the company examined. If the pro rata assessment collected pursuant to this paragraph exceeds the actual costs and expenses incurred in the administration of this division and any deficit incurred, the excess shall be credited to each escrow agent on a pro rata basis.

(2) On or before May 30 in each year, the commissioner shall notify each escrow agent by mail of the amount assessed and levied against it, and that the payment of any invoice for assessments of the commissioner is payable by the escrow agent in three installments with the first installment payable within 20 days after receipt of notification by the commissioner and the second and third installments payable within 20 days of August 31 and November 30, respectively, in each year. The first installment payment shall be 50 percent of the amount assessed, and the second and third installment payments shall each be 25 percent of the amount assessed.

(A) If the first installment payment is not made within 20 days, the commissioner may assess and collect a penalty, in addition to the assessment, of 10 percent of the assessment for each month or part of a month that the payment is delayed or withheld.

(B) If the second installment payment is not made within 20 days of August 31 in each year, the commissioner may assess and collect a penalty, in addition to the assessment, of 10 percent of the assessment for each month or part of a month that the payment is delayed or withheld.

(C) If the third installment payment is not made within 20 days of November 30 in each year, the commissioner may assess and collect a penalty, in addition to the assessment, of 10 percent of the assessment for each month or part of a month that the payment is delayed or withheld.

(3) In the levying and collection of the assessment, an escrow agent shall not be assessed for, nor be permitted to pay less than, three hundred fifty dollars ($350) per year, per location.

(4) (A) If an escrow agent fails to pay the first assessment on or before the June 30 following the day upon which payment is due, the commissioner may by order summarily suspend or revoke the certificate issued to the company.

(B) If an escrow agent fails to pay the second installment payment on or before September 30 in each year, the commissioner may by order summarily suspend or revoke the certificate issued to the company.

(C) If an escrow agent fails to pay the third installment payment on or before December 31 in each year, the commissioner may by order summarily suspend or revoke the certificate issued to the company.

(D) If, after this order is made, a request for a hearing is filed in writing and a hearing is not held within 60 days thereafter, the order is deemed rescinded as of its effective date. During any period when its certificate is revoked or suspended, a company shall not conduct business pursuant to this division, except as may be permitted by order of the commissioner. However, the revocation, suspension, or surrender of a certificate shall not affect the powers of the commissioner as provided in this division.

(f) Fifty dollars ($50) for investigation services in connection with each application for qualification of any person under Section 17200.8, other than investigation services under subdivision (c) of this section.

(g) A fee not to exceed twenty-five dollars ($25) for the filing of a notice or report required by rules adopted pursuant to subdivision (a) or Section 17203.1.

(h) This section shall become operative January 1, 2010.

SEC. 2. Section 17408 of the Financial Code is amended to read:

17408. (a) If any person subject to this division fails to make any report required by law or by the commissioner, the commissioner may immediately cause the books, records, papers, and affairs of said person to be thoroughly examined.

(b) The commissioner may impose, by order, a penalty on any person who fails, within the time specified in any written demand of the commissioner, (1) to make and file with the commissioner any report required by law or requested by the commissioner, or (2) to furnish any material information required by the commissioner to be included in the report. The amount of the penalty may not exceed one hundred dollars ($100) for each day for the first five days the report or information is overdue, and thereafter may not exceed five hundred dollars ($500) for each day the report or information is overdue.

(c) If, after an order has been made under subdivision (b), a request for hearing is filed in writing within 30 days of the date of service of the order by the person to whom the order was directed, a hearing shall be held in accordance with the Administrative Procedure Act, Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the commissioner shall have all the powers granted under that chapter.

(d) If the person fails to file a written request for a hearing within 30 days of the date of service of the order, the order imposing the penalty shall be deemed a final order of the commissioner, and the penalty shall be paid within five business days.

(e) If a hearing is requested, the penalty shall be paid within five business days after the effective date of any decision in the case ordering payment to be made.

SEC. 3. Section 17419 of the Financial Code is amended to read:

17419. On and after January 1, 1992, any person seeking employment with an escrow agent shall complete an employment application on or before the first day of employment which includes, at least, the following information. A copy of the employment application shall be forwarded to the commissioner on or before the first day of the applicant's employment. Persons required to file a statement of identity and questionnaire pursuant to subdivision (f) of Section 17209 or Section 17212.1 are not required to file the employment application set forth in this section. Each person completing the employment application shall be given the notice required by the Information Practices Act (Section 1798.17 of the Civil Code), copies of which may be obtained from the commissioner. CHAPTER 258

An act to add Section 6254.26 to the Government Code, relating to public records.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that Section 2 of this act, which adds Section 6254.26 of the Government Code, imposes a limitation on the public's right of access to the meetings of public bodies or the writings of public officials and agencies within the meaning of Section 3 of Article I of the California Constitution. Pursuant to that constitutional provision, the Legislature makes the following findings to demonstrate the interest protected by this limitation and the need for protecting that interest:

(a) Access to information concerning the conduct of the people's business is a fundamental and necessary right of every person in this state pursuant to subdivision (b) of Section 3 of Article I of the California Constitution and Section 6250 of the Government Code. The public has a paramount interest in knowing how public money is spent and invested.

(b) Public pension and retirement systems and public endowments and foundations have a fiduciary duty to invest the assets of these funds with care, skill, prudence, and diligence. This fiduciary duty includes diversifying the investment of assets in a manner so as to minimize the risk of loss and maximize the rate of return. Investment in high performing alternative investments is a component of diversifying the pension assets and maximizing the rate of return.

(c) At the same time, a certain narrow class of public investments, alternative investments, involves some information that historically has been kept confidential because confidentiality is essential to their success. The disclosure of certain information pertaining to alternative investments could be harmful to generating sustainable and profitable rates of return for the investments of the pension or retirement system and of the public

endowment or foundation. Public pension systems desire to invest a portion of their portfolio in alternative investments to boost return.

(d) Following recent litigation seeking to require public pension funds and retirement systems and public endowments or foundations to disclose certain information about alternative investments, the funds risk being excluded from participation in certain alternative investments. Exclusion from investing pension or retirement system assets in alternative investments may impose substantial costs on state public pension funds and the public employees who are their beneficiaries.

(e) It is the intent of this legislation to balance the public's right of access to information and the ability of public pension funds to continue to invest in alternative investment funds. It is also the intent of this legislation to allow the public to monitor the performance of public investments; for public bodies to avoid payment of excessive fees to private individuals or companies; and for the public to be able to know the principals involved in management of alternative investment funds in which public investment funds have invested so that conflicts of interest on the part of public officials can be avoided. This legislation is not intended to reverse the general presumption of access and openness of the California Public Records Act and subdivision (b) of Section 3 of Article I of the California Constitution.

(f) It is not the intent of this legislation to overrule or invalidate any court orders in or stipulated resolutions of prior litigation relating to any public entity's obligation to disclose information about its alternative investments to narrow the information disclosed as a result of those decisions, or in any other way to apply retroactively. It is, rather, the intent of this legislation to establish predictability about what should and should not be disclosed regarding private equity funds so that public pension funds will be able to continue to invest in private equity funds.

SEC. 2. Section 6254.26 is added to the Government Code, to read:

6254.26. (a) Notwithstanding any provision of this chapter or other law, the following records regarding alternative investments in which public investment funds invest shall not be subject to disclosure pursuant to this chapter, unless the information has already been publicly released by the keeper of the information:

(1) Due diligence materials that are proprietary to the public investment fund or the alternative investment vehicle.

(2) Quarterly and annual financial statements of alternative investment vehicles.

(3) Meeting materials of alternative investment vehicles.

(4) Records containing information regarding the portfolio positions in which alternative investment funds invest.

(5) Capital call and distribution notices.

(6) Alternative investment agreements and all related documents.

(b) Notwithstanding subdivision (a), the following information contained in records described in subdivision (a) regarding alternative investments in which public investment funds invest shall be subject to disclosure pursuant to this chapter and shall not be considered a trade secret exempt from disclosure:

(1) The name, address, and vintage year of each alternative investment vehicle.

(2) The dollar amount of the commitment made to each alternative investment vehicle by the public investment fund since inception.

(3) The dollar amount of cash contributions made by the public investment fund to each alternative investment vehicle since inception.

(4) The dollar amount, on a fiscal yearend basis, of cash distributions received by the public investment fund from each alternative investment vehicle.

(5) The dollar amount, on a fiscal yearend basis, of cash distributions received by the public investment fund plus remaining value of partnership assets attributable to the public investment fund's investment in each alternative investment vehicle.

(6) The net internal rate of return of each alternative investment vehicle since inception.

(7) The investment multiple of each alternative investment vehicle since inception.

(8) The dollar amount of the total management fees and costs paid on an annual fiscal yearend basis, by the public investment fund to each alternative investment vehicle.

(9) The dollar amount of cash profit received by public investment funds from each alternative investment vehicle on a fiscal yearend basis.

(c) For purposes of this section, the following definitions shall apply:

(1) "Alternative investment" means an investment in a private equity fund, venture fund, hedge fund, or absolute return fund.

(2) "Alternative investment vehicle" means the limited partnership, limited liability company, or similar legal structure through which the public investment fund invests in portfolio companies.

(3) "Portfolio positions" means individual portfolio investments made by the alternative investment vehicles.

(4) "Public investment fund" means any public pension or retirement system, and any public endowment or foundation.

However, no person assigned to work furlough shall be placed in any position that may require the deposit of a credit card or driver's license as insurance or surety.

(b) Any person confined in a county jail, industrial farm, road camp, or city jail who has access to any personal information shall disclose that he or she is confined before taking any personal information from anyone.

(c) This section shall not apply to inmates in employment programs or public service facilities where incidental contact with personal information may occur.

SEC. 2. Section 5071 of the Penal Code is amended to read:

5071. (a) The Secretary of the Department of Corrections and Rehabilitation shall not assign any prison inmate to employment that provides that inmate with access to personal information of private individuals, including, but not limited to: addresses; telephone numbers; health insurance, taxpayer, school, or employee identification numbers; mothers' maiden names; demand deposit account, debit card, credit card, savings, or checking account numbers, PINs, or passwords; social security numbers; places of employment; dates of birth; state or government issued driver's license or identification numbers; alien registration numbers; government passport numbers; unique biometric data, such as fingerprints, facial scan identifiers, voice prints, retina or iris images, or other similar identifiers; unique electronic identification numbers; address or routing codes; and telecommunication identifying information or access devices.

CHAPTER 260

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 51182 of the Government Code is amended to read:

51182. (a) Any person who owns, leases, controls, operates, or maintains any occupied dwelling or occupied structure in, upon, or adjoining any mountainous area, forest-covered land, brush-covered

land, grass-covered land, or any land that is covered with flammable material, which area or land is within a very high fire hazard severity zone designated by the local agency pursuant to Section 51179, shall at all times do all of the following:

(1) Maintain around and adjacent to the occupied dwelling or occupied structure a firebreak made by removing and clearing away, for a distance of not less than 30 feet on each side thereof or to the property line, whichever is nearer, all flammable vegetation or other combustible growth. This paragraph does not apply to single specimens of trees or other vegetation that is well-pruned and maintained so as to effectively manage fuels and not form a means of rapidly transmitting fire from other nearby vegetation to any dwelling or structure.

(2) Maintain around and adjacent to the occupied dwelling or occupied structure additional fire protection or firebreaks made by removing all brush, flammable vegetation, or combustible growth that is located within 100 feet from the occupied dwelling or occupied structure or to the property line, or at a greater distance if required by state law, or local ordinance, rule, or regulation. This section does not prevent an insurance company that insures an occupied dwelling or occupied structure from requiring the owner of the dwelling or structure to maintain a firebreak of more than 100 feet around the dwelling or structure if a hazardous condition warrants such a firebreak of a greater distance. Grass and other vegetation located more than 30 feet from the dwelling or structure and less than 18 inches in height above the ground may be maintained where necessary to stabilize the soil and prevent erosion. This paragraph does not apply to single specimens of trees or other vegetation that is well-pruned and maintained so as to effectively manage fuels and not form a means of rapidly transmitting fire from other nearby vegetation to a dwelling or structure.

(3) Remove that portion of any tree that extends within 10 feet of the outlet of any chimney or stovepipe.

(4) Maintain any tree adjacent to or overhanging any building free of dead or dying wood.

(5) Maintain the roof of any structure free of leaves, needles, or other dead vegetative growth.

(6) Provide and maintain at all times a screen over the outlet of every chimney or stovepipe that is attached to any fireplace, stove, or other device that burns any solid or liquid fuel. The screen shall be constructed and installed in accordance with the California Building Standards Code.

(7) Prior to constructing a new dwelling or structure that will be occupied or rebuilding an occupied dwelling or occupied structure damaged by a fire in such zone, the construction or rebuilding of which requires a building permit, the owner shall obtain a certification from

the local building official that the dwelling or structure, as proposed to be built, complies with all applicable state and local building standards, including those described in subdivision (b) of Section 51189, and shall provide a copy of the certification, upon request, to the insurer providing course of construction insurance coverage for the building or structure. Upon completion of the construction or rebuilding, the owner shall obtain from the local building official, a copy of the final inspection report that demonstrates that the dwelling or structure was constructed in compliance with all applicable state and local building standards, including those described in subdivision (b) of Section 51189, and shall provide a copy of the report, upon request, to the property insurance carrier that insures the dwelling or structure.

(b) A person is not required under this section to maintain any clearing on any land if that person does not have the legal right to maintain the clearing, nor is any person required to enter upon or to damage property that is owned by any other person without the consent of the owner of the property.

SEC. 1.5. Section 51182 of the Government Code is amended to read:

51182. (a) Any person who owns, leases, controls, operates, or maintains any occupied dwelling or occupied structure in, upon, or adjoining any mountainous area, forest-covered land, brush-covered land, grass-covered land, or any land that is covered with flammable material, which area or land is within a very high fire hazard severity zone designated by the local agency pursuant to Section 51179, shall at all times do all of the following:

(1) Maintain around and adjacent to the occupied dwelling or occupied structure a firebreak made by removing and clearing away, for a distance of not less than 30 feet on each side thereof or to the property line, whichever is nearer, all flammable vegetation or other combustible growth. This paragraph does not apply to single specimens of trees or other vegetation that is well-pruned and maintained so as to effectively manage fuels and not form a means of rapidly transmitting fire from other nearby vegetation to any dwelling or structure.

(2) Maintain around and adjacent to the occupied dwelling or occupied structure additional fire protection or firebreaks made by removing all brush, flammable vegetation, or combustible growth that is located within 100 feet from the occupied dwelling or occupied structure or to the property line, or at a greater distance if required by state law, or local ordinance, rule, or regulation. This section does not prevent an insurance company that insures an occupied dwelling or occupied structure from requiring the owner of the dwelling or structure to maintain a firebreak of more than 100 feet around the dwelling or structure if a hazardous

condition warrants such a firebreak of a greater distance. Grass and other vegetation located more than 30 feet from the dwelling or structure and less than 18 inches in height above the ground may be maintained where necessary to stabilize the soil and prevent erosion. This paragraph does not apply to single specimens of trees or other vegetation that is well-pruned and maintained so as to effectively manage fuels and not form a means of rapidly transmitting fire from other nearby vegetation to a dwelling or structure.

(3) Remove that portion of any tree that extends within 10 feet of the outlet of any chimney or stovepipe.

(4) Maintain any tree adjacent to or overhanging any building free of dead or dying wood.

(5) Maintain the roof of any structure free of leaves, needles, or other dead vegetative growth.

(6) Prior to constructing a new dwelling or structure that will be occupied or rebuilding an occupied dwelling or occupied structure damaged by a fire in that zone, the construction or rebuilding of which requires a building permit, the owner shall obtain a certification from the local building official that the dwelling or structure, as proposed to be built, complies with all applicable state and local building standards, including those described in subdivision (b) of Section 51189, and shall provide a copy of the certification, upon request, to the insurer providing course of construction insurance coverage for the building or structure. Upon completion of the construction or rebuilding, the owner shall obtain from the local building official, a copy of the final inspection report that demonstrates that the dwelling or structure was constructed in compliance with all applicable state and local building standards, including those described in subdivision (b) of Section 51189, and shall provide a copy of the report, upon request, to the property insurance carrier that insures the dwelling or structure.

(b) A person is not required under this section to maintain any clearing on any land if that person does not have the legal right to maintain the clearing, nor is any person required to enter upon or to damage property that is owned by any other person without the consent of the owner of the property.

SEC. 2. Section 14875 of the Health and Safety Code is amended to read:

14875. "Weeds," as used in this part, means vegetation growing upon streets, sidewalks, or private property in any county, including any fire protection district and may include any of the following:

(a) Vegetation that bears seeds of a downy or wingy nature.

(b) Vegetation that is not pruned or is otherwise neglected so as to attain such large growth as to become, when dry, a fire menace to adjacent improved property.

(c) Vegetation that is otherwise noxious or dangerous.

(d) Poison oak and poison ivy when the conditions of growth are such as to constitute a menace to the public health.

(e) Dry grass, stubble, brush, litter, or other flammable material which endangers the public safety by creating a fire hazard in an urbanized portion of an unincorporated area which has been zoned for single and multiple residence purposes.

SEC. 3. Section 4291 of the Public Resources Code is amended to read:

4291. A person that owns, leases, controls, operates, or maintains a building or structure in, upon, or adjoining any mountainous area, forest-covered lands, brush-covered lands, grass-covered lands, or any land that is covered with flammable material, shall at all times do all of the following:

(a) Maintain around and adjacent to the building or structure a firebreak made by removing and clearing away, for a distance of not less than 30 feet on each side of the building or structure or to the property line, whichever is nearer, all flammable vegetation or other combustible growth. This subdivision does not apply to single specimens of trees or other vegetation that is well-pruned and maintained so as to effectively manage fuels and not form a means of rapidly transmitting fire from other nearby vegetation to any building or structure.

(b) Maintain around and adjacent to the building or structure additional fire protection or firebreak made by removing all brush, flammable vegetation, or combustible growth that is located within 100 feet from the building or structure or to the property line or at a greater distance if required by state law, or local ordinance, rule, or regulation. This section does not prevent an insurance company that insures a building or structure from requiring the owner of the building or structure to maintain a firebreak of more than 100 feet around the building or structure. Grass and other vegetation located more than 30 feet from the building or structure and less than 18 inches in height above the ground may be maintained where necessary to stabilize the soil and prevent erosion. This subdivision does not apply to single specimens of trees or other vegetation that is well-pruned and maintained so as to effectively manage fuels and not form a means of rapidly transmitting fire from other nearby vegetation to a dwelling or structure.

(c) Remove that portion of any tree that extends within 10 feet of the outlet of a chimney or stovepipe.

(d) Maintain any tree adjacent to or overhanging a building free of dead or dying wood.

(e) Maintain the roof of a structure free of leaves, needles, or other dead vegetative growth.

(f) Provide and maintain at all times a screen over the outlet of every chimney or stovepipe that is attached to a fireplace, stove, or other device that burns any solid or liquid fuel. The screen shall be constructed of nonflammable material with openings of not more than one-half inch in size.

(g) Prior to constructing a new building or structure or rebuilding a building or structure damaged by a fire in such an area, the construction or rebuilding of which requires a building permit, the owner shall obtain a certification from the local building official that the dwelling or structure, as proposed to be built, complies with all applicable state and local building standards, including those described in subdivision (b) of Section 51189 of the Government Code, and shall provide a copy of the certification, upon request, to the insurer providing course of construction insurance coverage for the building or structure. Upon completion of the construction or rebuilding, the owner shall obtain from the local building official, a copy of the final inspection report that demonstrates that the dwelling or structure was constructed in compliance with all applicable state and local building standards, including those described in subdivision (b) of Section 51189 of the Government Code, and shall provide a copy of the report, upon request, to the property insurance carrier that insures the dwelling or structure.

(h) Except as provided in Section 18930 of the Health and Safety Code, the director may adopt regulations exempting structures with exteriors constructed entirely of nonflammable materials, or conditioned upon the contents and composition of same, he or she may vary the requirements respecting the removing or clearing away of flammable vegetation or other combustible growth with respect to the area surrounding those structures.

No exemption or variance shall apply unless and until the occupant thereof, or if there is not an occupant, the owner thereof, files with the department, in a form as the director shall prescribe, a written consent to the inspection of the interior and contents of the structure to ascertain whether this section and the regulations adopted under this section are complied with at all times.

(i) The director may authorize the removal of vegetation that is not consistent with the standards of this section. The director may prescribe a procedure for the removal of that vegetation and make the expense a lien upon the building, structure, or grounds, in the same manner that is

applicable to a legislative body under Section 51186 of the Government Code.

(j) As used in this section, "person" means a private individual, organization, partnership, limited liability company, or corporation.

SEC. 3.5. Section 4291 of the Public Resources Code is amended to read:

4291. A person that owns, leases, controls, operates, or maintains a building or structure in, upon, or adjoining any mountainous area, forest-covered lands, brush-covered lands, grass-covered lands, or any land that is covered with flammable material, shall at all times do all of the following:

(a) Maintain around and adjacent to the building or structure a firebreak made by removing and clearing away, for a distance of not less than 30 feet on each side of the building or structure or to the property line, whichever is nearer, all flammable vegetation or other combustible growth. This subdivision does not apply to single specimens of trees or other vegetation that is well-pruned and maintained so as to effectively manage fuels and not form a means of rapidly transmitting fire from other nearby vegetation to any building or structure.

(b) Maintain around and adjacent to the building or structure additional fire protection or firebreak made by removing all brush, flammable vegetation, or combustible growth that is located within 100 feet from the building or structure or to the property line or at a greater distance if required by state law, or local ordinance, rule, or regulation. This section does not prevent an insurance company that insures a building or structure from requiring the owner of the building or structure to maintain a firebreak of more than 100 feet around the building or structure. Grass and other vegetation located more than 30 feet from the building or structure and less than 18 inches in height above the ground may be maintained where necessary to stabilize the soil and prevent erosion. This paragraph does not apply to single specimens of trees or other vegetation that is well-pruned and maintained so as to effectively manage fuels and not form a means of rapidly transmitting fire from other nearby vegetation to a dwelling or structure.

(c) Remove that portion of any tree that extends within 10 feet of the outlet of a chimney or stovepipe.

Upon completion of the construction or rebuilding, the owner shall obtain from the local building official, a copy of the final inspection report that demonstrates that the dwelling or structure was constructed in compliance with all applicable state and local building standards, including those described in subdivision (b) of Section 51189 of the Government Code, and shall provide a copy of the report, upon request, to the property insurance carrier that insures the dwelling or structure.

(g) Except as provided in Section 18930 of the Health and Safety Code, the director may adopt regulations exempting structures with exteriors constructed entirely of nonflammable materials, or conditioned upon the contents and composition of same, he or she may vary the requirements respecting the removing or clearing away of flammable vegetation or other combustible growth with respect to the area surrounding those structures.

No exemption or variance shall apply unless and until the occupant thereof, or if there is not an occupant, the owner thereof, files with the department, in a form as the director shall prescribe, a written consent to the inspection of the interior and contents of the structure to ascertain whether this section and the regulations adopted under this section are complied with at all times.

(h) The director may authorize the removal of vegetation that is not consistent with the standards of this section. The director may prescribe a procedure for the removal of that vegetation and make the expense a lien upon the building, structure, or grounds, in the same manner that is applicable to a legislative body under Section 51186 of the Government Code.

(i) As used in this section, "person" means a private individual, organization, partnership, limited liability company, or corporation.

SECTION 1. Section 409.13 is added to the Military and Veterans Code, to read:

409.13. (a) To the extent permitted by federal law and the California Constitution, any principal and interest on any financial obligation or liability bearing interest and incurred by a member of the California National Guard or his or her surviving spouse, or any principal and interest on any financial obligation or liability bearing interest incurred by a member of the California National Guard for which the beneficiary of that member is liable, shall be deferred for a period of six months after the death of the member without penalty or accrual of any additional interest.

CHAPTER 262

An act to amend Section 33334.4 of the Health and Safety Code, relating to redevelopment.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 33334.4 of the Health and Safety Code is amended to read:

33334.4. (a) Except as specified in subdivision (d), each agency shall expend over each 10-year period of the implementation plan, as specified in clause (iii) of subparagraph (A) of paragraph (2) of subdivision (a) of Section 33490, the moneys in the Low and Moderate Income Housing Fund to assist housing for persons of low income and housing for persons of very low income in at least the same proportion as the total number of housing units needed for each of those income groups bears to the total number of units needed for persons of moderate, low, and very low income within the community, as those needs have been determined for the community pursuant to Section 65584 of the Government Code. In determining compliance with this obligation, the agency may adjust the proportion by subtracting from the need identified for each income category, the number of units for persons of that income category that are newly constructed over the duration of the

implementation plan with other locally controlled government assistance and without agency assistance and that are required to be affordable to, and occupied by, persons of the income category for at least 55 years for rental housing and 45 years for ownership housing, except that in making an adjustment the agency may not subtract units developed pursuant to a replacement housing obligation under state or federal law.

(b) Each agency shall expend over the duration of each redevelopment implementation plan, the moneys in the Low and Moderate Income Housing Fund to assist housing that is available to all persons regardless of age in at least the same proportion as the number of low-income households with a member under age 65 years bears to the total number of low-income households of the community as reported in the most recent census of the United States Census Bureau.

(c) An agency that has deposited in the Low and Moderate Income Housing Fund over the first five years of the period of an implementation plan an aggregate that is less than two million dollars ($2,000,000) shall have an extra five years to meet the requirements of this section.

(d) For the purposes of this section, "locally controlled" means government assistance where the community or other local government entity has the discretion and the authority to determine the recipient and the amount of the assistance, whether or not the source of the funds or other assistance is from the state or federal government. Examples of locally controlled government assistance include, but are not limited to, Community Development Block Grant Program (42 U.S.C. Sec. 5301 and following) funds allocated to a city or county, Home Investment Partnership Program (42 U.S.C. Sec. 12721 and following) funds allocated to a city or county, fees or funds received by a city or county pursuant to a city or county authorized program, and the waiver or deferral of city or other charges.

CHAPTER 263

An act to amend Section 14666.8 of the Government Code, and to add Chapter 6.5 (commencing with Section 12899) to Part 6 of Division 6 of the Water Code, relating to water.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The State Water Resources Development System serves a critical public infrastructure function by providing water to California's residents, businesses, farms, environment, and other users.

(b) It is vital for the Department of Water Resources to be able to protect this infrastructure from encroachments that may threaten the integrity, or interfere with the operation and maintenance, of this system.

(c) The Department of Water Resources needs the authority to control encroachments while respecting the property rights of others. However, certain encroachments that are located within the department's right-of-way may need to be removed because those encroachments threaten the integrity of the State Water Resources Development System or interfere with its operation and maintenance.

SEC. 2. Section 14666.8 of the Government Code is amended to read:

14666.8. (a) The director shall, within 120 days of the operative date of this section, compile and maintain an inventory of state-owned real property that may be available for lease to providers of wireless telecommunications services for location of wireless telecommunications facilities. This inventory shall be the state's sole inventory of state-owned real property available for this purpose. The term "state-owned real property," as used in this section, excludes property owned or managed by the Department of Transportation and property subject to Section 7901 of the Public Utilities Code.

(b) The director shall provide, in a cost-effective manner, upon payment of any applicable fee, a requesting party a copy of the inventory.

(c) On behalf of the state, the director may negotiate and enter into an agreement to lease department-managed and state-owned real property to any provider of wireless telecommunications services for location of its facilities. A lease for this purpose shall do all of the following:

(1) Provide for fair market value to be paid by the provider of wireless telecommunications service to the state to the extent permitted under existing state law.

(2) Designate a lease term that is acceptable to the director and the state agency that has control over the property. The duration of the initial lease term for any wireless facility may not exceed 10 years, and the lease may provide for a negotiated number of renewal terms, not to exceed five years for each term.

(3) Provide for the use of the wireless provider's facilities located on the state-owned real property by any appropriate state agency if technically, legally, aesthetically, and economically feasible.

(4) Facilitate, to the greatest extent possible, agreements among providers of wireless telecommunications services for colocation of their facilities on state-owned real property.

(d) Nothing in this section alters any existing rights of telegraph or telephone corporations pursuant to Section 7901 of the Public Utilities Code.

(e) Notwithstanding any other provision of law, any revenue collected from a lease entered into pursuant to this section to use property that was acquired with money from a fund other than the General Fund shall be deposited into the fund from which the money was obtained. Money received and deposited into a fund pursuant to this section shall be available upon appropriation by the Legislature, notwithstanding any other provision of law.

(f) Before making any state-owned real property that is part of the State Water Resources Development System, as described in Section 12931 of the Water Code, available for leasing under this section, the director shall consult with the Department of Water Resources as to whether the proposed location of a wireless telecommunication facility is technically, legally, environmentally, and economically feasible for wireless telecommunication purposes.

SEC. 3. Chapter 6.5 (commencing with Section 12899) is added to Part 6 of Division 6 of the Water Code, to read:

Chapter 6.5. State Water Resources Development System Rights-Of-Way

12899. The following definitions govern the construction of this chapter:

(a) "State Water Resources Development System" means the State Water Resources Development System as described in Section 12931, including, but not limited to, all portions of the project authorized pursuant to the Central Valley Project Act (Part 3 (commencing with Section 11100)) and additions thereto.

(b) "Encroachment" means any installation of any tower, pole, pipe, fence, building, structure, object, or improvement of any kind or character that is placed in, on, under, or over any portion of the State Water Resources Development System or other use of the department's right-of-way, including the alteration of the ground surface elevation by more than one foot, or the planting of trees, vines, or other vegetation on the department's right-of-way that may pose a threat to the physical integrity of any facility of the State Water Resources Development System or that could interfere with the department's rights with regard to access, inspection, repair, or the operation and maintenance of any State Water Resources Development System facility.

(c) "Person" means any person, firm, partnership, association, corporation, other business entity, nonprofit organization, or governmental entity.

(d) "Right-of-way" means any property interest acquired by the department for State Water Resources Development System purposes, including but not limited to, an easement, license, permit, joint use agreement, or fee ownership.

12899.1. (a) Except as provided by Section 12899.8, no person shall make any alteration, improvement, encroachment, or excavation within the right-of-way acquired for the State Water Resources Development System, without first obtaining the written permission of the department.

(b) Any person proposing to make an alteration, improvement, encroachment, or excavation within the right-of-way acquired for the State Water Resources Development System shall submit an application to the department on a form prescribed by the department, along with other reports, studies, and analyses as required by the department.

(c) The department may issue a written permit, in accordance with this chapter, authorizing the permittee to do any act that is not inconsistent with the functioning, operation, maintenance, enlargement, and rehabilitation of any portion of the facilities of the State Water Resources Development System.

(d) By issuing the permits, the department is not responsible for the competence or reliability of the permittee or the encroachment.

(e) The department shall approve or deny an application for an encroachment permit not later than 60 days from the date of receipt of the complete application, as determined by the department. An application for a permit is complete when all application requirements and other statutory requirements, including, but not limited to, the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code), have been met. Not later than 30 days from the date on which the application is received, the department shall determine whether an application is complete. The department shall not unreasonably deny an application for a permit. If the department denies an application for a permit, it shall provide an explanation of the reason for the denial at the time of notifying the applicant of the denial.

(f) Except as provided by Section 12899.8, any person who makes an alteration, improvement, encroachment, or excavation within the right-of-way acquired for the State Water Resources Development System, without a permit, is guilty of a misdemeanor.

12899.2. (a) Any act performed under the authority of a permit issued pursuant to this chapter shall be in accordance with the applicable provisions of this chapter and the terms and conditions of the permit.

(b) The department may prescribe requirements in the permit, including a requirement that the permittee pay the entire expense of restoring the affected State Water Resources Development System facilities to a condition equivalent to that before the work was performed, and requirements relating to the location and manner in which the work shall be performed, as determined by the department to be necessary for the protection of the department's facilities.

(c) Any permit issued to a permittee shall include a provision that requires the permittee to relocate or remove the encroachment in the event the future repair, rehabilitation, or improvement of the State Water Resources Development System requires the relocation or removal of the encroachment at the sole expense of the permittee.

(d) The department shall charge an application processing and review fee for a permit to use the right-of-way.

(e) The department may inspect and supervise the work performed under any permit issued under this chapter, in which event the permittee shall pay the reasonable cost of that inspection and supervision to the department, not to exceed the amount estimated by the department at the time of issuing the permit or commencement of work. If the actual costs exceed the estimated costs, an additional fee shall be required by the department before final permit approval or at the end of the inspection. If the actual costs are less than the estimated costs, the department shall refund the difference.

(f) Before granting a permit under this chapter, the department may require any applicant to provide proof of insurance naming the department as an additional insured in an amount reasonably necessary to protect the state's interest.

(g) Before granting a permit under this chapter, the department may require any applicant, other than a county, city, city and county, or public agency that is authorized by law to establish and maintain any works or facilities within the department's right-of-way, to file with the department a satisfactory bond payable to the department in an amount that the department determines to be sufficient, conditioned on the proper compliance by the permittee with this chapter. The department may require a bond from a county, city, city and county, or public agency that, prior to submitting an application, failed to comply with this chapter or with the conditions of a previous permit.

12899.3. No corporation has any franchise rights within the department's right-of-way, and no county, city, or city and county has any right to grant a franchise within that right-of-way. This section does not apply to a State Water Resources Development System right-of-way located within city, county, or city and county public roadways.

12899.4. The department may delegate, to any entity that has a contract with the department pursuant to Section 11625, any of the department's powers, duties and authority, other than approval, under this chapter as to any facility of the State Water Resources Development System that primarily benefits that entity, and may withdraw that delegation of authority.

12899.5. (a) Except as provided by Section 12899.8, if any encroachment exists within the department's right-of-way, the department may require the removal of the encroachment in the manner provided in this section.

(b) Except as provided in subdivision (e), notice shall be given to the owner, occupant, or person in possession of the encroachment, or to any other person causing or permitting the encroachment to exist, by serving a notice including a demand for the immediate removal of the encroachment from within the right-of-way. The notice shall describe the encroachment with reasonable certainty as to its character and location. In lieu of service upon the person, service of the notice may also be made by registered mail and posting for a period of five days, a copy of the notice on the encroachment described in the notice. In the case of an owner, occupant or person in possession, who is not present in the county, the notice may be given to an agent in lieu of service by mailing and posting.

(c) The department may remove from the State Water Resources Development System any right-of-way encroachment that meets both of the following criteria:

(1) Not later than 60 days from the date on which a notice was given pursuant to subdivision (b), the owner, occupant, or person in possession of the encroachment has not asserted a right to be in possession consistent with Section 12899.8 and has not removed, or commenced to remove in a diligent manner, the encroachment.

(2) The encroachment obstructs, threatens, or prevents the proper operation, maintenance, or rehabilitation of the State Water Resources Development System.

(d) The department may immediately remove from the State Water Resources Development System any right-of-way encroachment that meets both of the following criteria:

(1) Not later than five days from the date on which a notice is given pursuant to subdivision (b), the owner, occupant, or person in possession of the encroachment has not asserted a right to be in possession consistent with Section 12899.8 and has not removed, or commenced to remove in a diligent manner, the encroachment.

(2) The encroachment poses an imminent threat to the integrity of one or more features of the State Water Resources Development System.

(e) In the case of an emergency, the department has the authority to take any action necessary to avert, alleviate, repair, or mitigate any threat to the State Water Resources Development System. For the purposes of this chapter, "emergency" means a sudden, unexpected occurrence that poses a clear and imminent danger, requiring immediate action to prevent or mitigate the loss or impairment of life, health, property, or essential public services.

(f) If the department removes any encroachment upon the failure of the owner to comply with the notice pursuant to this section, the department may recover the expense of the removal, costs and expenses of suit, including attorneys fees, and, in addition, the sum of one thousand dollars ($1,000) for each day the encroachment remains after the expiration of the applicable response period described in subdivision (c) or (d).

(g) If the owner, occupant, or person in possession of the encroachment, or person causing or suffering the encroachment to exist, or the agent of any of these parties, disputes or denies the existence of the encroachment, asserts a right to be in possession consistent with Section 12899.8, or refuses to remove or permit the removal of the encroachment, the department may commence, in any court of competent jurisdiction, an action to abate the encroachment as a public nuisance. If judgment is recovered by the department, it may, in addition to having the encroachment adjudged a nuisance and abated, recover one thousand dollars ($1,000) for each day the encroachment remains after the expiration of the applicable response period described in subdivision (c) or (d), and may also recover the expense of that removal, and costs and expenses of the suit, including attorney's fees.

12899.6. (a) Unless a person is otherwise authorized, by permit or agreement, to do so, it is unlawful for any person to do any of the following acts:

(1) Drain water, or permit water to be drained, from the person's lands onto the State Water Resources Development System right-of-way by any means, which results in damage to the system or the department's right-of-way, except where the water naturally drains onto the department's right-of-way.

(2) Obstruct any natural watercourse in a manner that does any of the following:

(A) Prevents, impedes, or restricts the natural flow of waters from any portion of the department's right-of-way into and through the watercourse or State Water Resources Development System cross drainage structures, unless other adequate and proper drainage is provided.

(B) Causes waters to be impounded within the department's right-of-way that damages the State Water Resources Development System or the department's right-of-way, except where the water naturally drains onto the department's right-of-way.

(C) Causes interference with, or damages or makes hazardous the operation, maintenance, and rehabilitation of the State Water Resources Development System.

(3) Stores or distributes water for any purpose so as to permit the water to overflow onto, causing damage to, or to obstruct or damage any portion of, the State Water Resources Development System or the department's right-of-way.

(b) When notice is given by the department, in the manner provided in Section 12899.5, to any person permitting a condition to exist, as described in subdivision (a) the person shall immediately cease and discontinue the diversion of waters or shall discontinue and prevent the drainage, seepage, or overflow and shall repair, or pay for the repair, of any damage to the State Water Resources Development System or the department's right-of-way. The person to whom the notice is provided may challenge, administratively in accordance with regulations adopted pursuant to Section 12899.9, or in a court of competent jurisdiction, the propriety of the determination by the department.

(c) If any person is notified pursuant to subdivision (d) and fails, neglects, or refuses to cease and discontinue the diversion, drainage, seepage, or overflow of the waters or to make or pay for the repairs, the department may make repairs and perform work as it determines necessary to prevent the further drainage, diversion, overflow, or seepage of the waters.

(d) The department may recover in an action at law, in any court of competent jurisdiction, the amount expended for those repairs and work, and in addition, the sum of one thousand dollars ($1,000) for each day the drainage, diversion, overflow, or seepage of the waters is permitted to continue, after the service of the notice in the manner specified in this chapter, together with the costs and expenses, including attorneys fees, incurred in the action.

12899.7. Any person who by any means willfully or negligently injures or damages any feature of the State Water Resources Development System or the department's right-of-way is liable for necessary repairs, and the department may recover in an action at law the amount expended for the repairs, together with the costs and expenses, including attorneys fees, incurred in that action.

12899.8. (a) Notwithstanding any other provision of this chapter, and except as otherwise provided in an agreement between the department and landowner or predecessor-in-interest, any person owning a legal real

property interest over a portion of the State Water Resources Development System right-of-way, or who has an agreement with the department for the construction, operation, and maintenance of an encroachment, is not required to obtain a permit from the department for exercising their property or other rights, but shall submit their plans to the department for review and comment before undertaking any additional work within the department's right-of-way. A person's legal real property or other interests shall be determined by the department upon the review of the appropriate document, agreement, or reservation of rights. The department shall respond not later than 30 days from the date of the receipt of the plans.

(b) Notwithstanding any other provision of this chapter, any holder of a current State Water Resources Development System encroachment permit on January 1, 2007, or a person who has an agreement with the department for the construction, operation, and maintenance of an encroachment as of that date, may continue the authorized encroachment pursuant to the terms, conditions, and limitations of that permit or agreement.

12899.9. The department may adopt regulations to implement this chapter, including regulations that provide for the filing of an application for a permit, related administrative review and inspection, the imposition of permit fees and permit terms and conditions, an administrative appeal process, and a process for administrative review and regulation of existing encroachments in accordance with this chapter.

12899.10. This chapter does not apply to the activities of a public agency that operates facilities of the State Water Resources Development System that are jointly owned by the state and the United States, including facilities of the San Luis Unit of the Central Valley Project, if the activities are conducted pursuant to, and consistent with, an agreement with the United States for the operation and maintenance of those facilities.

12899.11. (a) The department, not later than 60 days from the date on which it receives a complete application, shall issue a general encroachment permit, for a period not to exceed 10 years, for routine operation and maintenance activities of public agencies with a contract with the department for delivery of water pursuant to subdivision (b) of Section 12937.

(b) For the purposes of this section, "operation and maintenance" means inspection, equipment testing and maintenance, water quality monitoring and testing, weed and pest abatement, and other activities that the department determines are consistent with existing agreements between the department and its water contractors.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 264

An act to amend Sections 63.1, 69.5, 75.12, 408.2, 469, 534, 755, 756, 3693.1, 3706.1, 11316, 11336, 18633.5, and 20583 of, to add Sections 75.23 and 1641.5 to, and to repeal Section 24348.5 of, the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 63.1 of the Revenue and Taxation Code is amended to read:

63.1. (a) Notwithstanding any other provision of this chapter, a change in ownership shall not include the following purchases or transfers for which a claim is filed pursuant to this section:

(1) The purchase or transfer of real property which is the principal residence of an eligible transferor in the case of a purchase or transfer between parents and their children.

(2) The purchase or transfer of the first one million dollars ($1,000,000) of full cash value of all other real property of an eligible transferor in the case of a purchase or transfer between parents and their children.

(3) (A) Subject to subparagraph (B), the purchase or transfer of real property described in paragraphs (1) and (2) of subdivision (a) occurring on or after March 27, 1996, between grandparents and their grandchild or grandchildren, if all of the parents of that grandchild or those grandchildren, who qualify as the children of the grandparents, are deceased as of the date of purchase or transfer. Notwithstanding any other provision of law, for the lien date for the 2006-07 fiscal year and each fiscal year thereafter, in determining whether "all of the parents of that grandchild or those grandchildren, who qualify as the children of

the grandparents, are deceased as of the date of purchase or transfer," a son-in-law or daughter-in-law of the grandparent that is a stepparent to the grandchild need not be deceased on the date of the transfer.

(B) A purchase or transfer of a principal residence shall not be excluded pursuant to subparagraph (A) if the transferee grandchild or grandchildren also received a principal residence, or interest therein, through another purchase or transfer that was excludable pursuant to paragraph (1) of subdivision (a). The full cash value of any real property, other than a principal residence, that was transferred to the grandchild or grandchildren pursuant to a purchase or transfer that was excludable pursuant to paragraph (2) of subdivision (a) and the full cash value of a principal residence that fails to qualify for exclusion as a result of the preceding sentence shall be included in applying, for purposes of paragraph (2) of subdivision (a), the one-million-dollar ($1,000,000) full cash value limit specified in paragraph (2) of subdivision (a).

(b) (1) For purposes of paragraph (1) of subdivision (a), "principal residence" means a dwelling for which a homeowners' exemption or a disabled veterans' residence exemption has been granted in the name of the eligible transferor. "Principal residence" includes only that portion of the land underlying the principal residence that consists of an area of reasonable size that is used as a site for the residence.

(2) For purposes of paragraph (2) of subdivision (a), the one-million-dollar ($1,000,000) exclusion shall apply separately to each eligible transferor with respect to all purchases by and transfers to eligible transferees on and after November 6, 1986, of real property, other than the principal residence, of that eligible transferor. The exclusion shall not apply to any property in which the eligible transferor's interest was received through a transfer, or transfers, excluded from change in ownership by the provisions of either subdivision (f) of Section 62 or subdivision (b) of Section 65, unless the transferor qualifies as an original transferor under subdivision (b) of Section 65. In the case of any purchase or transfer subject to this paragraph involving two or more eligible transferors, the transferors may elect to combine their separate one-million-dollar ($1,000,000) exclusions and, upon making that election, the combined amount of their separate exclusions shall apply to any property jointly sold or transferred by the electing transferors, provided that in no case shall the amount of full cash value of real property of any one eligible transferor excluded under this election exceed the amount of the transferor's separate unused exclusion on the date of the joint sale or transfer.

(c) As used in this section:

(1) "Purchase or transfer between parents and their children" means either a transfer from a parent or parents to a child or children of the

parent or parents or a transfer from a child or children to a parent or parents of the child or children. For purposes of this section, the date of any transfer between parents and their children under a will or intestate succession shall be the date of the decedent's death, if the decedent died on or after November 6, 1986.

(2) "Purchase or transfer of real property between grandparents and their grandchild or grandchildren" means a purchase or transfer on or after March 27, 1996, from a grandparent or grandparents to a grandchild or grandchildren if all of the parents of that grandchild or those grandchildren who qualify as the children of the grandparents are deceased as of the date of the transfer. For purposes of this section, the date of any transfer between grandparents and their grandchildren under a will or by intestate succession shall be the date of the decedent's death. Notwithstanding any other provision of law, for the lien date for the 2006-07 fiscal year and each fiscal year thereafter, in determining whether "all of the parents of that grandchild or those grandchildren, who qualify as the children of the grandparents, are deceased as of the date of purchase or transfer," a son-in-law or daughter-in-law of the grandparent that is a stepparent to the grandchild need not be deceased on the date of the transfer.

(3) "Children" means any of the following:

(A) Any child born of the parent or parents, except a child, as defined in subparagraph (D), who has been adopted by another person or persons.

(B) Any stepchild of the parent or parents and the spouse of that stepchild while the relationship of stepparent and stepchild exists. For purposes of this paragraph, the relationship of stepparent and stepchild shall be deemed to exist until the marriage on which the relationship is based is terminated by divorce, or, if the relationship is terminated by death, until the remarriage of the surviving stepparent.

(C) Any son-in-law or daughter-in-law of the parent or parents. For the purposes of this paragraph, the relationship of parent and son-in-law or daughter-in-law shall be deemed to exist until the marriage on which the relationship is based is terminated by divorce, or, if the relationship is terminated by death, until the remarriage of the surviving son-in-law or daughter-in-law.

(D) Any child adopted by the parent or parents pursuant to statute, other than an individual adopted after reaching the age of 18 years.

(4) "Grandchild" or "grandchildren" means any child or children of the child or children of the grandparent or grandparents.

(5) "Full cash value" means full cash value, as defined in Section 2 of Article XIII A of the California Constitution and Section 110.1, with any adjustments authorized by those sections, and the full value of any new construction in progress, determined as of the date immediately

prior to the date of a purchase by or transfer to an eligible transferee of real property subject to this section.

(6) "Eligible transferor" means a grandparent, parent, or child of an eligible transferee.

(7) "Eligible transferee" means a parent, child, or grandchild of an eligible transferor.

(8) "Real property" means real property as defined in Section 104. Real property does not include any interest in a legal entity.

(9) "Transfer" includes, and is not limited to, any transfer of the present beneficial ownership of property from an eligible transferor to an eligible transferee through the medium of an inter vivos or testamentary trust.

(10) "Social security number" also includes a taxpayer identification number issued by the Internal Revenue Service in the case in which the taxpayer is a foreign national who cannot obtain a social security number.

(d) (1) The exclusions provided for in subdivision (a) shall not be allowed unless the eligible transferee, the transferee's legal representative, or the executor or administrator of the transferee's estate files a claim with the assessor for the exclusion sought and furnishes to the assessor each of the following:

(A) A written certification by the transferee, the transferee's legal representative, or the executor or administrator of the transferee's estate, signed and made under penalty of perjury that the transferee is a grandparent, parent, child, or grandchild of the transferor and that the transferor is his or her parent, child, or grandparent. In the case of a grandparent-grandchild transfer, the written certification shall also include a certification that all the parents of the grandchild or grandchildren who qualify as children of the grandparents were deceased as of the date of the purchase or transfer and that the grandchild or grandchildren did or did not receive a principal residence excludable under paragraph (1) of subdivision (a) from the deceased parents, and that the grandchild or grandchildren did or did not receive real property other than a principal residence excludable under paragraph (2) of subdivision (a) from the deceased parents. The claimant shall provide legal substantiation of any matter certified pursuant to this subparagraph at the request of the county assessor.

(B) A written certification by the transferor, the transferor's legal representative, or the executor or administrator of the transferor's estate, signed and made under penalty of perjury that the transferor is a grandparent, parent, or child of the transferee and that the transferor is seeking the exclusion under this section and will not file a claim to transfer the base year value of the property under Section 69.5.

(C) A written certification shall also include either or both of the following:

(i) If the purchase or transfer of real property includes the purchase or transfer of residential real property, a certification that the residential real property is or is not the transferor's principal residence.

(ii) If the purchase or transfer of real property includes the purchase or transfer of real property other than the transferor's principal residence, a certification that other real property of the transferor that is subject to this section has or has not been previously sold or transferred to an eligible transferee, the total amount of full cash value, as defined in subdivision (c), of any real property subject to this section that has been previously sold or transferred by that transferor to eligible transferees, the location of that real property, the social security number of each eligible transferor, and the names of the eligible transferees of that property.

(D) If there are multiple transferees, the certification and signature may be made by any one of the transferees, if both of the following conditions are met:

(i) The transferee has actual knowledge that, and the certification signed by the transferee states that, all of the transferees are eligible transferees within the meaning of this section.

(ii) The certification is signed by the transferee as a true statement made under penalty of perjury.

(2) If the full cash value of the real property purchased by or transferred to the transferee exceeds the permissible exclusion of the transferor or the combined permissible exclusion of the transferors, in the case of a purchase or transfer from two or more joint transferors, taking into account any previous purchases by or transfers to an eligible transferee from the same transferor or transferors, the transferee shall specify in his or her claim the amount and the allocation of the exclusion he or she is seeking. Within any appraisal unit, as determined in accordance with subdivision (d) of Section 51 by the assessor of the county in which the real property is located, the exclusion shall be applied only on a pro rata basis, however, and shall not be applied to a selected portion or portions of the appraisal unit.

(e) (1) The State Board of Equalization shall design the form for claiming eligibility. Except as provided in paragraph (2), any claim under this section shall be filed:

(A) For transfers of real property between parents and their children occurring prior to September 30, 1990, within three years after the date of the purchase or transfer of real property for which the claim is filed.

(B) For transfers of real property between parents and their children occurring on or after September 30, 1990, and for the purchase or transfer

of real property between grandparents and their grandchildren occurring on or after March 27, 1996, within three years after the date of the purchase or transfer of real property for which the claim is filed, or prior to transfer of the real property to a third party, whichever is earlier.

(C) Notwithstanding subparagraphs (A) and (B), a claim shall be deemed to be timely filed if it is filed within six months after the date of mailing of a notice of supplemental or escape assessment, issued as a result of the purchase or transfer of real property for which the claim is filed.

(2) In the case in which the real property subject to purchase or transfer has not been transferred to a third party, a claim for exclusion under this section that is filed subsequent to the expiration of the filing periods set forth in paragraph (1) shall be considered by the assessor, subject to all of the following conditions:

(A) Any exclusion granted pursuant to that claim shall apply commencing with the lien date of the assessment year in which the claim is filed.

(B) Under any exclusion granted pursuant to that claim, the adjusted full cash value of the subject real property in the assessment year described in subparagraph (A) shall be the adjusted base year value of the subject real property in the assessment year in which the excluded purchase or transfer took place, factored to the assessment year described in subparagraph (A) for both of the following:

(i) Inflation as annually determined in accordance with paragraph (1) of subdivision (a) of Section 51.

(ii) Any subsequent new construction occurring with respect to the subject real property.

(3) (A) Unless otherwise expressly provided, the provisions of this subdivision shall apply to any purchase or transfer of real property that occurred on or after November 6, 1986.

(B) Paragraph (2) shall apply to purchases or transfers between parents and their children that occurred on or after November 6, 1986, and to purchases or transfers between grandparents and their grandchildren that occurred on or after March 27, 1996.

(4) For purposes of this subdivision, a transfer of real property to a parent or child of the transferor shall not be considered a transfer to a third party.

(f) The assessor may report quarterly to the State Board of Equalization all purchases or transfers, other than purchases or transfers involving a principal residence, for which a claim for exclusion is made pursuant to subdivision (d). Each report shall contain the assessor's parcel number for each parcel for which the exclusion is claimed, the amount of each exclusion claimed, the social security number of each

eligible transferor, and any other information the board may require in order to monitor the one-million-dollar ($1,000,000) limitation in paragraph (2) of subdivision (a). In recognition of the state and local interests served by the action made optional in this subdivision, the Legislature encourages the assessor to continue taking the action formerly mandated by this subdivision.

(g) This section shall apply to both voluntary transfers and transfers resulting from a court order or judicial decree. Nothing in this subdivision shall be construed as conflicting with paragraph (1) of subdivision (c) or the general principle that transfers by reason of death occur at the time of death.

(h) (1) Except as provided in paragraph (2), this section shall apply to purchases and transfers of real property completed on or after November 6, 1986, and shall not be effective for any change in ownership, including a change in ownership arising on the date of a decedent's death, that occurred prior to that date.

(2) This section shall apply to purchases or transfers of real property between grandparents and their grandchildren occurring on or after March 27, 1996, and, with respect to purchases or transfers of real property between grandparents and their grandchildren, shall not be effective for any change in ownership, including a change in ownership arising on the date of a decedent's death, that occurred prior to that date.

(i) A claim filed under this section is not a public document and is not subject to public inspection, except that a claim shall be available for inspection by the transferee and the transferor or their respective spouse, the transferee's legal representative, the transferor's legal representative, and the executor or administrator of the transferee's or transferor's estate.

SEC. 2. Section 69.5 of the Revenue and Taxation Code is amended to read:

69.5. (a) (1) Notwithstanding any other provision of law, pursuant to subdivision (a) of Section 2 of Article XIII A of the California Constitution, any person over the age of 55 years, or any severely and permanently disabled person, who resides in property that is eligible for the homeowners' exemption under subdivision (k) of Section 3 of Article XIII of the California Constitution and Section 218 may transfer, subject to the conditions and limitations provided in this section, the base year value of that property to any replacement dwelling of equal or lesser value that is located within the same county and is purchased or newly constructed by that person as his or her principal residence within two years of the sale by that person of the original property, provided that the base year value of the original property shall not be transferred to the replacement dwelling until the original property is sold.

(2) Notwithstanding the limitation in paragraph (1) requiring that the original property and the replacement dwelling be located in the same county, this limitation shall not apply in any county in which the county board of supervisors, after consultation with local affected agencies within the boundaries of the county, adopts an ordinance making the provisions of paragraph (1) also applicable to situations in which replacement dwellings are located in that county and the original properties are located in another county within this state. The authorization contained in this paragraph shall be applicable in a county only if the ordinance adopted by the board of supervisors complies with all of the following requirements:

(A) It is adopted only after consultation between the board of supervisors and all other local affected agencies within the county's boundaries.

(B) It requires that all claims for transfers of base year value from original property located in another county be granted if the claims meet the applicable requirements of both subdivision (a) of Section 2 of Article XIII A of the California Constitution and this section.

(C) It requires that all base year valuations of original property located in another county and determined by its assessor be accepted in connection with the granting of claims for transfers of base year value.

(D) It provides that its provisions are operative for a period of not less than five years.

(E) The ordinance specifies the date on and after which its provisions shall be applicable. However, the date specified shall not be earlier than November 9, 1988. The specified applicable date may be a date earlier than the date the county adopts the ordinance.

(b) In addition to meeting the requirements of subdivision (a), any person claiming the property tax relief provided by this section shall be eligible for that relief only if the following conditions are met:

(1) The claimant is an owner and a resident of the original property either at the time of its sale, or at the time when the original property was substantially damaged or destroyed by misfortune or calamity, or within two years of the purchase or new construction of the replacement dwelling.

(2) The original property is eligible for the homeowners' exemption, as the result of the claimant's ownership and occupation of the property as his or her principal residence, either at the time of its sale, or at the time when the original property was substantially damaged or destroyed by misfortune or calamity, or within two years of the purchase or new construction of the replacement dwelling.

(3) At the time of the sale of the original property, the claimant or the claimant's spouse who resides with the claimant is at least 55 years of age, or is severely and permanently disabled.

(4) At the time of claiming the property tax relief provided by subdivision (a), the claimant is an owner of a replacement dwelling and occupies it as his or her principal place of residence and, as a result thereof, the property is currently eligible for the homeowners' exemption or would be eligible for the exemption except that the property is already receiving the exemption because of an exemption claim filed by the previous owner.

(5) The original property of the claimant is sold by him or her within two years of the purchase or new construction of the replacement dwelling. For purposes of this paragraph, the purchase or new construction of the replacement dwelling includes the purchase of that portion of land on which the replacement building, structure, or other shelter constituting a place of abode of the claimant will be situated and that, pursuant to paragraph (3) of subdivision (g), constitutes a part of the replacement dwelling.

(6) The replacement dwelling, including that portion of land on which it is situated that is specified in paragraph (5), is located entirely within the same county as the claimant's original property.

(7) The claimant has not previously been granted, as a claimant, the property tax relief provided by this section, except that this paragraph shall not apply to any person who becomes severely and permanently disabled subsequent to being granted, as a claimant, the property tax relief provided by this section for any person over the age of 55 years. In order to prevent duplication of claims under this section within this state, county assessors shall report quarterly to the State Board of Equalization that information from claims filed in accordance with subdivision (f) and from county records as is specified by the board necessary to identify fully all claims under this section allowed by assessors and all claimants who have thereby received relief. The board may specify that the information include all or a part of the names and social security numbers of claimants and their spouses and the identity and location of the replacement dwelling to which the claim applies. The information may be required in the form of data processing media or other media and in a format that is compatible with the recordkeeping processes of the counties and the auditing procedures of the state.

(c) The property tax relief provided by this section shall be available if the original property or the replacement dwelling, or both, of the claimant includes, but is not limited to, either of the following:

(1) A unit or lot within a cooperative housing corporation, a community apartment project, a condominium project, or a planned unit

development. If the unit or lot constitutes the original property of the claimant, the assessor shall transfer to the claimant's replacement dwelling only the base year value of the claimant's unit or lot and his or her share in any common area reserved as an appurtenance of that unit or lot. If the unit or lot constitutes the replacement dwelling of the claimant, the assessor shall transfer the base year value of the claimant's original property only to the unit or lot of the claimant and any share of the claimant in any common area reserved as an appurtenance of that unit or lot.

(2) A manufactured home or a manufactured home and any land owned by the claimant on which the manufactured home is situated. For purposes of this paragraph, "land owned by the claimant" includes a pro rata interest in a resident-owned mobilehome park that is assessed pursuant to subdivision (b) of Section 62.1.

(A) If the manufactured home or the manufactured home and the land on which it is situated constitutes the claimant's original property, the assessor shall transfer to the claimant's replacement dwelling either the base year value of the manufactured home or the base year value of the manufactured home and the land on which it is situated, as appropriate. If the manufactured home dwelling that constitutes the original property of the claimant includes an interest in a resident-owned mobilehome park, the assessor shall transfer to the claimant's replacement dwelling the base year value of the claimant's manufactured home and his or her pro rata portion of the real property of the park. No transfer of base year value shall be made by the assessor of that portion of land that does not constitute a part of the original property, as provided in paragraph (4) of subdivision (g).

(B) If the manufactured home or the manufactured home and the land on which it is situated constitutes the claimant's replacement dwelling, the assessor shall transfer the base year value of the claimant's original property either to the manufactured home or the manufactured home and the land on which it is situated, as appropriate. If the manufactured home dwelling that constitutes the replacement dwelling of the claimant includes an interest in a resident-owned mobilehome park, the assessor shall transfer the base year value of the claimant's original property to the manufactured home of the claimant and his or her pro rata portion of the park. No transfer of base year value shall be made by the assessor to that portion of land that does not constitute a part of the replacement dwelling, as provided in paragraph (3) of subdivision (g).

This subdivision shall be subject to the limitations specified in subdivision (d).

(d) The property tax relief provided by this section shall be available to a claimant who is the coowner of the original property, as a joint

tenant, a tenant in common, or a community property owner, subject to the following limitations:

(1) If a single replacement dwelling is purchased or newly constructed by all of the coowners and each coowner retains an interest in the replacement dwelling, the claimant shall be eligible under this section whether or not any or all of the remaining coowners would otherwise be eligible claimants.

(2) If two or more replacement dwellings are separately purchased or newly constructed by two or more coowners and more than one coowner would otherwise be an eligible claimant, only one coowner shall be eligible under this section. These coowners shall determine by mutual agreement which one of them shall be deemed eligible.

(3) If two or more replacement dwellings are separately purchased or newly constructed by two coowners who held the original property as community property, only the coowner who has attained the age of 55 years, or is severely and permanently disabled, shall be eligible under this section. If both spouses are over 55 years of age, they shall determine by mutual agreement which one of them is eligible.

In the case of coowners whose original property is a multiunit dwelling, the limitations imposed by paragraphs (2) and (3) shall only apply to coowners who occupied the same dwelling unit within the original property at the time specified in paragraph (2) of subdivision (b).

(e) Upon the sale of original property, the assessor shall determine a new base year value for that property in accordance with subdivision (a) of Section 2 of Article XIII A of the California Constitution and Section 110.1, whether or not a replacement dwelling is subsequently purchased or newly constructed by the former owner or owners of the original property.

This section shall not apply unless the transfer of the original property is a change in ownership that either (1) subjects that property to reappraisal at its current fair market value in accordance with Section 110.1 or 5803 or (2) results in a base year value determined in accordance with this section, Section 69, or Section 69.3 because the property qualifies under this section, Section 69, or Section 69.3 as a replacement dwelling or property.

(f) A claimant shall not be eligible for the property tax relief provided by this section unless the claimant provides to the assessor, on a form that the assessor shall make available upon request, the following information:

(1) The name and social security number of each claimant and of any spouse of the claimant who is a record owner of the replacement dwelling.

(2) Proof that the claimant or the claimant's spouse who resided on the original property with the claimant was, at the time of its sale, at least 55 years of age, or severely and permanently disabled. Proof of severe and permanent disability shall be considered a certification, signed by a licensed physician and surgeon of appropriate specialty, attesting to the claimant's severely and permanently disabled condition. In the absence of available proof that a person is over 55 years of age, the claimant shall certify under penalty of perjury that the age requirement is met. In the case of a severely and permanently disabled claimant either of the following shall be submitted:

(A) A certification, signed by a licensed physician or surgeon of appropriate specialty that identifies specific reasons why the disability necessitates a move to the replacement dwelling and the disability-related requirements, including any locational requirements, of a replacement dwelling. The claimant shall substantiate that the replacement dwelling meets disability-related requirements so identified and that the primary reason for the move to the replacement dwelling is to satisfy those requirements. If the claimant, or the claimant's spouse or guardian, so declares under penalty of perjury, it shall be rebuttably presumed that the primary purpose of the move to the replacement dwelling is to satisfy identified disability-related requirements.

(B) The claimant's substantiation that the primary purpose of the move to the replacement dwelling is to alleviate financial burdens caused by the disability. If the claimant, or the claimant's spouse or guardian, so declares under penalty of perjury, it shall be rebuttably presumed that the primary purpose of the move is to alleviate the financial burdens caused by the disability.

(3) The address and, if known, the assessor's parcel number of the original property.

(4) The date of the claimant's sale of the original property and the date of the claimant's purchase or new construction of a replacement dwelling.

(5) A statement by the claimant that he or she occupied the replacement dwelling as his or her principal place of residence on the date of the filing of his or her claim.

The State Board of Equalization shall design the form for claiming eligibility.

Any claim under this section shall be filed within three years of the date the replacement dwelling was purchased or the new construction of the replacement dwelling was completed subject to subdivision (k) or (m).

(g) For purposes of this section:

(1) "Person over the age of 55 years" means any person or the spouse of any person who has attained the age of 55 years or older at the time of the sale of the original property.

(2) "Base year value of the original property" means its base year value, as determined in accordance with Section 110.1, with the adjustments permitted by subdivision (b) of Section 2 of Article XIII A of the California Constitution and subdivision (f) of Section 110.1, determined as of the date immediately prior to the date that the original property is sold by the claimant, or in the case where the original property has been substantially damaged or destroyed by misfortune or calamity and the owner does not rebuild on the original property, determined as of the date immediately prior to the misfortune or calamity.

If the replacement dwelling is purchased or newly constructed after the transfer of the original property, "base year value of the original property" also includes any inflation factor adjustments permitted by subdivision (f) of Section 110.1 for the period subsequent to the sale of the original property. The base year or years used to compute the "base year value of the original property" shall be deemed to be the base year or years of any property to which that base year value is transferred pursuant to this section.

(3) "Replacement dwelling" means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, that is owned and occupied by a claimant as his or her principal place of residence, and any land owned by the claimant on which the building, structure, or other shelter is situated. For purposes of this paragraph, land constituting a part of a replacement dwelling includes only that area of reasonable size that is used as a site for a residence, and "land owned by the claimant" includes land for which the claimant either holds a leasehold interest described in subdivision (c) of Section 61 or a land purchase contract. Each unit of a multiunit dwelling shall be considered a separate replacement dwelling. For purposes of this paragraph, "area of reasonable size that is used as a site for a residence" includes all land if any nonresidential uses of the property are only incidental to the use of the property as a residential site. For purposes of this paragraph, "land owned by the claimant" includes an ownership interest in a resident-owned mobilehome park that is assessed pursuant to subdivision (b) of Section 62.1.

(4) "Original property" means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, that is owned and occupied by a claimant as his or her principal place of residence, and any land owned by the claimant on which the building, structure, or other shelter is situated. For purposes of this paragraph, land constituting a part of the original property includes only that area

of reasonable size that is used as a site for a residence, and "land owned by the claimant" includes land for which the claimant either holds a leasehold interest described in subdivision (c) of Section 61 or a land purchase contract. Each unit of a multiunit dwelling shall be considered a separate original property. For purposes of this paragraph, "area of reasonable size that is used as a site for a residence" includes all land if any nonresidential uses of the property are only incidental to the use of the property as a residential site. For purposes of this paragraph, "land owned by the claimant" includes an ownership interest in a resident-owned mobilehome park that is assessed pursuant to subdivision (b) of Section 62.1.

(5) "Equal or lesser value" means that the amount of the full cash value of a replacement dwelling does not exceed one of the following:

(A) One hundred percent of the amount of the full cash value of the original property if the replacement dwelling is purchased or newly constructed prior to the date of the sale of the original property.

(B) One hundred and five percent of the amount of the full cash value of the original property if the replacement dwelling is purchased or newly constructed within the first year following the date of the sale of the original property.

(C) One hundred and ten percent of the amount of the full cash value of the original property if the replacement dwelling is purchased or newly constructed within the second year following the date of the sale of the original property.

For the purposes of this paragraph, except as otherwise provided in paragraph (4) of subdivision (h), if the replacement dwelling is, in part, purchased and, in part, newly constructed, the date the "replacement dwelling is purchased or newly constructed" is the date of purchase or the date of completion of construction, whichever is later.

(6) "Full cash value of the replacement dwelling" means its full cash value, determined in accordance with Section 110.1, as of the date on which it was purchased or new construction was completed, and after the purchase or the completion of new construction.

(7) "Full cash value of the original property" means, either:

(A) Its new base year value, determined in accordance with subdivision (e), without the application of subdivision (h) of Section 2 of Article XIII A of the California Constitution, plus the adjustments permitted by subdivision (b) of Section 2 of Article XIII A and subdivision (f) of Section 110.1 for the period from the date of its sale by the claimant to the date on which the replacement property was purchased or new construction was completed.

(B) In the case where the original property has been substantially damaged or destroyed by misfortune or calamity and the owner does not

rebuild on the original property, its full cash value, as determined in accordance with Section 110, immediately prior to its substantial damage or destruction by misfortune or calamity, as determined by the county assessor of the county in which the property is located, without the application of subdivision (h) of Section 2 of Article XIII A of the California Constitution, plus the adjustments permitted by subdivision (b) of Section 2 of Article XIII A and subdivision (f) of Section 110.1, for the period from the date of its sale by the claimant to the date on which the replacement property was purchased or new construction was completed.

(8) "Sale" means any change in ownership of the original property for consideration.

(9) "Claimant" means any person claiming the property tax relief provided by this section. If a spouse of that person is a record owner of the replacement dwelling, the spouse is also a claimant for purposes of determining whether in any future claim filed by the spouse under this section the condition of eligibility specified in paragraph (7) of subdivision (b) has been met.

(10) "Property that is eligible for the homeowners' exemption" includes property that is the principal place of residence of its owner and is entitled to exemption pursuant to Section 205.5.

(11) "Person" means any individual, but does not include any firm, partnership, association, corporation, company, or other legal entity or organization of any kind.

(12) "Severely and permanently disabled" means any person described in subdivision (b) of Section 74.3.

(13) For the purposes of this section property is "substantially damaged or destroyed by misfortune or calamity" if it sustains physical damage amounting to more than 50 percent of its full cash value immediately prior to the misfortune or calamity. Damage includes a diminution in the value of property as a result of restricted access to the property where the restricted access was caused by the misfortune or calamity and is permanent in nature.

(h) (1) Upon the timely filing of a claim, the assessor shall adjust the new base year value of the replacement dwelling in conformity with this section. This adjustment shall be made as of the latest of the following dates:

(A) The date the original property is sold.

(B) The date the replacement dwelling is purchased.

(C) The date the new construction of the replacement dwelling is completed.

(2) Any taxes that were levied on the replacement dwelling prior to the filing of the claim on the basis of the replacement dwelling's new

base year value, and any allowable annual adjustments thereto, shall be canceled or refunded to the claimant to the extent that the taxes exceed the amount that would be due when determined on the basis of the adjusted new base year value.

(3) Notwithstanding Section 75.10, Chapter 3.5 (commencing with Section 75) shall be utilized for purposes of implementing this subdivision, including adjustments of the new base year value of replacement dwellings acquired prior to the sale of the original property.

(4) In the case where a claim under this section has been timely filed and granted, and new construction is performed upon the replacement dwelling subsequent to the transfer of base year value, the property tax relief provided by this section also shall apply to the replacement dwelling, as improved, and thus there shall be no reassessment upon completion of the new construction if both of the following conditions are met:

(A) The new construction is completed within two years of the date of the sale of the original property and the owner notifies the assessor in writing of completion of the new construction within 30 days after completion.

(B) The fair market value of the new construction on the date of completion, plus the full cash value of the replacement dwelling on the date of acquisition, is not more than the full cash value of the original property as determined pursuant to paragraph (7) of subdivision (g) for purposes of granting the original claim.

(i) Any claimant may rescind a claim for the property tax relief provided by this section and shall not be considered to have received that relief for purposes of paragraph (7) of subdivision (b), and the assessor shall grant the rescission, if a written notice of rescission is delivered to the office of the assessor as follows:

(1) A written notice of rescission signed by the original filing claimant or claimants is delivered to the office of the assessor in which the original claim was filed.

(2) (A) Except as otherwise provided in this paragraph, the notice of rescission is delivered to the office of the assessor before the date that the county first issues, as a result of relief granted under this section, a refund check for property taxes imposed upon the replacement dwelling. If granting relief will not result in a refund of property taxes, then the notice shall be delivered before payment is first made of any property taxes, or any portion thereof, imposed upon the replacement dwelling consistent with relief granted under this section. If payment of the taxes is not made, then notice shall be delivered before the first date that those property taxes, or any portion thereof, imposed upon the replacement dwelling, consistent with relief granted under this section, are delinquent.

(B) Notwithstanding any other provision in this division, any time the notice of rescission is delivered to the office of the assessor within six years after relief was granted, provided that the replacement property has been vacated as the claimant's principal place of residence within 90 days after the original claim was filed, regardless of whether the property continues to receive the homeowners' exemption. If the rescission increases the base year value of a property, or the homeowners' exemption has been incorrectly allowed, appropriate escape assessments or supplemental assessments, including interest as provided in Section 506, shall be imposed. The limitations periods for any escape assessments or supplemental assessments shall not commence until July 1 of the assessment year in which the notice of rescission is delivered to the office of the assessor.

(3) The notice is accompanied by the payment of a fee as the assessor may require, provided that the fee shall not exceed an amount reasonably related to the estimated cost of processing a rescission claim, including both direct costs and developmental and indirect costs, such as costs for overhead, personnel, supplies, materials, office space, and computers.

(j) (1) With respect to the transfer of base year value of original properties to replacement dwellings located in the same county, this section, except as provided in paragraph (3) or (4), shall apply to any replacement dwelling that is purchased or newly constructed on or after November 6, 1986.

(2) With respect to the transfer of base year value of original properties to replacement dwellings located in different counties, except as provided in paragraph (4), this section shall apply to any replacement dwelling that is purchased or newly constructed on or after the date specified in accordance with subparagraph (E) of paragraph (2) of subdivision (a) in the ordinance of the county in which the replacement dwelling is located, but shall not apply to any replacement dwelling which was purchased or newly constructed before November 9, 1988.

(3) With respect to the transfer of base year value by a severely and permanently disabled person, this section shall apply only to replacement dwellings that are purchased or newly constructed on or after June 6, 1990.

(4) The amendments made to subdivision (e) by the act adding this paragraph shall apply only to replacement dwellings under Section 69 that are acquired or newly constructed on or after October 20, 1991, and shall apply commencing with the 1991-92 fiscal year.

(k) (1) In the case in which a county adopts an ordinance pursuant to paragraph (2) of subdivision (a) that establishes an applicable date which is more than three years prior to the date of adoption of the ordinance, those potential claimants who purchased or constructed

replacement dwellings more than three years prior to the date of adoption of the ordinance and who would, therefore, be precluded from filing a timely claim, shall be deemed to have timely filed a claim if the claim is filed within three years after the date that the ordinance is adopted. This paragraph may not be construed as a waiver of any other requirement of this section.

(2) In the case in which a county assessor corrects a base year value to reflect a pro rata change in ownership of a resident-owned mobilehome park that occurred between January 1, 1989, and January 1, 2002, pursuant to paragraph (4) of subdivision (b) of Section 62.1, those claimants who purchased or constructed replacement dwellings more than three years prior to the correction and who would, therefore, be precluded from filing a timely claim, shall be deemed to have timely filed a claim if the claim is filed within three years of the date of notice of the correction of the base year value to reflect the pro rata change in ownership. This paragraph may not be construed as a waiver of any other requirement of this section.

(3) This subdivision does not apply to a claimant who has transferred his or her replacement dwelling prior to filing a claim.

(4) The property tax relief provided by this section, but filed under this subdivision, shall apply prospectively only, commencing with the lien date of the assessment year in which the claim is filed. There shall be no refund or cancellation of taxes prior to the date that the claim is filed.

(*l*) No escape assessment may be levied if a transfer of base year value under this section has been erroneously granted by the assessor pursuant to an expired ordinance authorizing intercounty transfers of base year value.

(m) (1) The amendments made to subdivisions (b) and (g) of this section by Chapter 613 of the Statutes of 2001 shall apply:

(A) With respect to the transfer of base year value of original properties to replacement dwellings located in the same county, to any replacement dwelling that is purchased or newly constructed on or after November 6, 1986.

(B) With respect to the transfer of base year value of original properties to replacement dwellings located in different counties, to any replacement dwelling that is purchased or newly constructed on or after the date specified in accordance with subparagraph (E) of paragraph (2) of subdivision (a) in the ordinance of the county in which the replacement dwelling is located, but not to any replacement dwelling that was purchased or newly constructed before November 9, 1988.

(C) With respect to the transfer of base year value by a severely and permanently disabled person, to replacement dwellings that are purchased or newly constructed on or after June 6, 1990.

(2) The property tax relief provided by this section in accordance with this subdivision shall apply prospectively only commencing with the lien date of the assessment year in which the claim is filed. There shall be no refund or cancellation of taxes prior to the date that the claim is filed. Notwithstanding subdivision (f), a claim shall be deemed to be timely filed if it is filed within four years after the operative date of the act adding this paragraph.

(n) A claim filed under this section is not a public document and is not subject to public inspection, except that a claim shall be available for inspection by the transferee and the transferor or their respective spouse, the transferee's legal representative, the transferor's legal representative, and the executor or administrator of the transferee's or transferor's estate.

SEC. 3. Section 75.12 of the Revenue and Taxation Code is amended to read:

75.12. (a) For the purposes of this chapter, new construction shall be deemed completed on the earliest of the following dates:

(1) (A) The date upon which the new construction is available for use by the owner, unless the owner does not intend to occupy or use the property. The owner shall notify the assessor prior to, or within 30 days of, the date of commencement of construction that he or she does not intend to occupy or use the property. If the owner does not notify the assessor as provided in this subdivision, the date shall be conclusively presumed to be the date of completion.

(B) Notwithstanding subparagraph (A), an owner is not required to provide the notice described in subparagraph (A) and it is rebuttably presumed that a supplemental assessment is not required on property described in clauses (i) to (iii), inclusive, if the owner's property meets all of the following conditions:

(i) The property is subdivided into five or more parcels in accordance with the Subdivision Map Act (Division 2 (commencing with Section 66410) of Title 7 of the Government Code), or any successor to that law.

(ii) A map describing the parcels has been recorded.

(iii) Zoning regulations that are applicable to the parcels or building permits for the parcels require that, except for parcels dedicated for public use, single-family residences will be constructed on the parcels.

(2) If the owner does not intend to occupy or use the property, the date the property is occupied or used with the owner's consent.

(3) If the property cannot be functionally used or occupied on the date it is available for use considering the type of property and any special

facts and circumstances affecting use or occupancy, the date the property can be functionally used or occupied.

(b) For the purposes of this section:

(1) "Occupy or use" means the occupancy or use by the owner, including the rental or lease of the property, except as provided in paragraph (2).

(2) Property shall not be considered occupied or used by the owner or with the owner's consent if the occupancy or use is incidental to an offer for a change of ownership, including, but not limited to, use of the property as a model home.

(c) The board, after consultation with the California Assessors Association, shall adopt rules and regulations defining the date of completion of new construction in accordance with this section. The rules and regulations shall not define the date of completion in a manner that the date of completion of all new construction is postponed until the following lien date.

(d) Nothing in this section shall preclude the reassessment of that property on the assessment roll for January 1 following the date of completion.

(e) The owner of any property who notifies the assessor pursuant to subdivision (a) that he or she does not intend to occupy or use the property shall notify the assessor within 45 days of the earliest date that any of the following occur:

(1) The property changes ownership pursuant to an unrecorded contract of sale.

(2) The property is leased or rented.

(3) The property is occupied or used by the owner for any purpose other than provided in subdivision (b).

(4) The property is occupied or used with the owner's consent for any purpose other than provided in subdivision (b).

(f) The failure to provide the assessor the notice required by subdivision (e), whether requested or not, shall result in a penalty in the amount specified in Section 482.

SEC. 4. Section 75.23 is added to the Revenue and Taxation Code, to read:

75.23. (a) Notwithstanding any other provision of law, in the case of a supplemental assessment on property that has undergone a change in ownership, an exemption that was granted to that property on the current roll or the roll being prepared shall not apply to that property as of the date of the change in ownership if the transferee did not otherwise qualify for that exemption on the date of the change in ownership. This subdivision shall not be construed to preclude a transferee from

qualifying, on and after the date of a change in ownership, for an exemption for that property that is otherwise provided by law.

(b) Subdivision (a) does not apply to property that was granted the homeowners' exemption on the current roll or the roll being prepared.

SEC. 5. Section 408.2 of the Revenue and Taxation Code is amended to read:

408.2. (a) Except as otherwise provided in Sections 63.1, 69.5, 451, and 481 of this code and in Section 6254 of the Government Code, any information and records in the assessor's office which are required by law to be kept or prepared by the assessor, other than homeowners' exemption claims, are public records and shall be open to public inspection. Property receiving the homeowners' exemption shall be clearly identified on the assessment roll. The assessor shall maintain records which shall be open to public inspection to identify those claimants who have been granted the homeowners' exemption.

(b) The assessor may provide any appraisal data in his or her possession to the assessor of any county and shall provide any market data in his or her possession to an assessee of property or his or her designated representative upon request. The assessor shall permit an assessee of property or his or her designated representative to inspect at the assessor's office any information and records, whether or not required to be kept or prepared by the assessor, relating to the appraisal and the assessment of his or her property. Except as provided in Section 408.1, an assessee or his or her designated representative, however, shall not be provided or permitted to inspect information and records, other than market data, which also relate to the property or business affairs of another person, unless that disclosure is ordered by a competent court in a proceeding initiated by a taxpayer seeking to challenge the legality of his or her assessment.

(c) The assessor shall disclose information, furnish abstracts, or permit access to all records in his or her office to law enforcement agencies, the county grand jury, the board of supervisors or their duly authorized agents, employees or representatives when conducting an investigation of the assessor's office pursuant to Section 25303 of the Government Code, the Controller, probate referees, employees of the Franchise Tax Board for tax administration purposes only, the State Board of Equalization, and other duly authorized legislative or administrative bodies of the state pursuant to their authorization to examine the records.

(d) For purposes of this section, "market data" means any information in the assessor's possession, whether or not required to be prepared or kept by him or her, relating to the sale of any property comparable to the property of the assessee, if the assessor bases his or her assessment of the assessee's property, in whole or in part, on that comparable sale

or sales. The assessor shall provide the names of the seller and buyer of each property on which the comparison is based, the location of that property, the date of the sale, and the consideration paid for the property, whether paid in money or otherwise, but for purposes of providing market data, the assessor shall not display any document relating to the business affairs or property of another.

(e) This section applies only to a county with a population that exceeds 4,000,000.

SEC. 6. Section 469 of the Revenue and Taxation Code is amended to read:

469. (a) In any case in which locally assessable trade fixtures and business tangible personal property owned, claimed, possessed, or controlled by a taxpayer that is not fully exempt from property taxation under other provisions of law and that is engaged in a profession, trade, or business has a full value of four hundred thousand dollars ($400,000) or more, the assessor shall audit the books and records of that profession, trade, or business at least once each four years. If the board determines the value of property pursuant to Section 15640 of the Government Code, that determination may be deemed an audit by the assessor for purposes of this section.

(b) With respect to any audit of the books of a profession, trade, or business, regardless of the full value of the trade fixtures and business tangible personal property owned, claimed, possessed, or controlled by the taxpayer, the following shall apply:

(1) Upon completion of an audit of the taxpayer's books and records, the taxpayer shall be given the assessor's findings in writing with respect to data that would alter any previously enrolled assessment.

(2) Equalization of the property by a county board of equalization or assessment appeals board pursuant to Chapter 1 (commencing with Section 1601) of Part 3 of this division shall not preclude a subsequent audit and shall not preclude the assessor from levying an escape assessment in appropriate instances, but shall preclude an escape assessment being levied on that portion of the assessment that was the subject of the equalization hearing.

(3) If the result of an audit for any year discloses property subject to an escape assessment, then the original assessment of all property of the assessee at the location of the profession, trade, or business for that year shall be subject to review, equalization and adjustment by the county board of equalization or assessment appeals board pursuant to Chapter 1 (commencing with Section 1601) of Part 3 of this division, except in those instances when the property had previously been equalized for the year in question.

(4) If the audit for any particular tax year discloses that the property of the taxpayer was incorrectly valued or misclassified for any cause, to the extent that this error caused the property to be assessed at a higher value than the assessor would have entered on the roll had the incorrect valuation or misclassification not occurred, then the assessor shall notify the taxpayer of the amount of the excess valuation or misclassification, and the fact that a claim for cancellation or refund may be filed with the county as provided by Sections 4986 and 5096.

SEC. 7. Section 534 of the Revenue and Taxation Code is amended to read:

534. (a) Assessments made pursuant to Article 3 (commencing with Section 501) or this article shall be treated like, and taxed at the same rate applicable to, property regularly assessed on the roll on which it is entered, unless the assessment relates to a prior year and then the tax rate of the prior year shall be applied, except that the tax rate for years prior to the 1981-82 fiscal year shall be divided by four.

(b) No assessment described in subdivision (a) shall be effective for any purpose, including its review, equalization and adjustment by the Board of Equalization, until the assessee has been notified thereof personally or by United States mail at his or her address as contained in the official records of the county assessor. For purposes of Section 532, the assessment shall be deemed made on the date on which it is entered on the roll pursuant to Section 533, if the assessee is notified of the assessment within 60 days after the statute of limitations or the placing of the escape assessment on the assessment roll. Otherwise the assessment shall be deemed made only on the date the assessee is so notified.

(c) The notice given by the assessor pursuant to this section shall include all of the following:

(1) The date the notice was mailed.

(2) Information regarding the assessee's right to an informal review and the right to appeal the assessment, and except in a case in which paragraph (3) applies, that the appeal shall be filed within 60 days of the date of mailing printed on the notice or the postmarked date therefor, whichever is later. For the purposes of equalization proceedings, the assessment shall be considered an assessment made outside of the regular assessment period as provided in Section 1605.

(3) For counties in which the board of supervisors has adopted a resolution in accordance with subdivision (c) of Section 1605, and the County of Los Angeles, receipt by the assessee of a tax bill based on that assessment shall suffice as notice under this section if the tax bill advises the assessee of the right to appeal the assessment, and that the appeal shall be filed within 60 days of the date of mailing printed on the tax bill or the postmark therefor, whichever is later. For the purposes of

equalization proceedings, the assessment shall be considered an assessment made outside of the regular assessment period as provided in Section 1605.

(4) A description of the requirements, procedures, and deadlines with respect to an application for the reduction of an assessment pursuant to Section 1605.

(d) (1) The notice given by the assessor under this section shall be on a form approved by the board.

(2) Giving of the notice required by Section 531.8 shall not satisfy the requirements of this section.

SEC. 8. Section 755 of the Revenue and Taxation Code is amended to read:

755. (a) On or before July 15, the board shall transmit to each county auditor an estimate of the total unitary value and operating nonunitary value of state-assessed property in the county and of nonunitary state-assessed property in each revenue district in the county. An estimate need not be made for a revenue district that did not levy a tax or assessment during the preceding year unless the board receives on or before January 1 preceding the fiscal year for which the levy is to be made a notice in writing of the proposed levy. The estimate shall be regarded as establishing the total assessed value of state-assessed property in the county and each revenue district in the county for the purpose of determining tax rates, subject only to those changes as may be transmitted on or prior to July 31. All information furnished pursuant to this section is at all times during office hours open to inspection by any interested person or entity.

(b) Notwithstanding subdivision (a), in making the estimate referred to in subdivision (a), the unitary value and nonunitary value of the property of regulated railway companies, property subject to subdivisions (i), (j), and (k) of Section 100, and property subject to Section 100.9 shall be allocated by revenue district.

SEC. 9. Section 756 of the Revenue and Taxation Code is amended to read:

756. (a) On or before July 31, the board shall transmit to each county auditor a roll showing the unitary and operating nonunitary assessments made by the board in the county and the nonoperating nonunitary assessments made by the board in each city and revenue district in the county; provided, however, that the roll need not show the assessments made by the board in a revenue district which did not levy a tax or assessment during the preceding year. The roll is at all times, during office hours, open to the inspection of any person representing any taxing agency or revenue district, or any district described in Section 2131. If the roll does not show the assessments in a revenue district as herein

provided and a notice of a proposed levy is furnished the board in writing, on or before January 1 preceding the fiscal year for which the levy is to be made, the board shall furnish an estimate of the total assessed value of nonoperating nonunitary state-assessed property in the district and shall transmit thereafter to the county auditor a statement of roll change showing the nonoperating nonunitary assessments made by the board in the district.

(b) Notwithstanding subdivision (a), in making the roll referred to in subdivision (a), the unitary value and nonunitary value of the property of regulated railway companies, property subject to subdivisions (i), (j), and (k) of Section 100, and property subject to Section 100.9 shall be enrolled by revenue district.

SEC. 10. Section 1641.5 is added to the Revenue and Taxation Code, to read:

1641.5. (a) Notwithstanding any other provision of law, the board of supervisors of a county in which a hearing officer exercises jurisdiction pursuant to subdivision (a) of Section 1637 may, by a resolution enacted by a majority of the entire membership of that board, provide that the decision of a hearing officer on an assessment appeal application constitutes the final administrative decision of the county board of equalization or county assessment appeals board on that application without any further action by the county board of equalization or county assessment appeals board.

(b) In a county that adopts the resolution described in subdivision (a), that resolution supersedes Sections 1640 and 1641.

SEC. 11. Section 3693.1 of the Revenue and Taxation Code is amended to read:

3693.1. Notwithstanding Section 3693, the tax collector may make the sale of any property sold under this chapter a cash or deferred-payment transaction. If the tax collector approves the sale as a deferred-payment transaction, the tax collector may require a deposit in the amount of five thousand dollars ($5,000) or 10 percent of the minimum bid price, whichever is greater. The balance of the purchase price shall be paid by any method of payment authorized by Section 2502, 2503.2, or 2504, as specified by the tax collector and within a period specified by the tax collector not to exceed 90 days from the date of the close of auction as a condition precedent to the transfer of title to the purchaser. If the purchaser was required to pay a deposit prior to the date of the sale, the deposit shall be applied toward the purchase price of the property. Failure on the part of the successful bidder to consummate the sale within the period specified by the tax collector shall result in the forfeiture of the deposit and all rights he or she may have with respect to that property. Any forfeiture of deposit shall be

distributed to the county general fund and shall not apply to outstanding delinquent taxes. Upon forfeiture the right of redemption shall revive.

SEC. 12. Section 3706.1 of the Revenue and Taxation Code is amended to read:

3706.1. The tax collector may postpone the tax sale or any portion thereof under the following conditions:

(a) Notice of any postponement of a public auction tax sale shall be made by the tax collector who, by public declaration at the time and place originally fixed for the public auction, may postpone the sale to a new time, date, and place. No other notice of the postponed public auction need be given if the date for the new time, date, and place is within seven days of the time originally fixed for the sale.

(b) Notice of any postponed sealed-bid sale or postponed public auction sale that is scheduled to be held not less than eight days nor more than 90 days from the time originally fixed for the sale shall be made pursuant to the same provisions followed in providing notice of the original sale to parties of interest, as defined in Section 4675.

SEC. 13. Section 11316 of the Revenue and Taxation Code is amended to read:

11316. If the board makes an assessment pursuant to Section 11311, 11314, or 11315 due to the negligence of the taxpayer, a penalty of 10 percent of the value of the estimated or escape assessment shall be added to the assessment. If the estimated or escape assessment is due to a fraudulent or willful attempt to evade the tax, a penalty of 25 percent of the value of the estimated or escape assessment shall be added to the assessment. A willful failure to file a report as required by Article 2 (commencing with Section 11271) of this chapter shall be deemed to be a willful attempt to evade the tax.

If the assessee establishes to the satisfaction of the board that the failure to file an accurate property statement was due to reasonable cause and occurred notwithstanding the exercise of ordinary care and the absence of willful neglect, the board shall order the penalty abated, provided the assessee has filed with the board written application for abatement of the penalty within the time prescribed by law for filing a petition for reassessment.

SEC. 14. Section 11336 of the Revenue and Taxation Code is amended to read:

11336. On or before August 1 the board shall complete the assessment of all property required to be assessed and shall notify the assessees thereof. This notice shall include an announcement of the statutory period during which, and the place at which, a petition for reassessment may be filed.

SEC. 15. Section 18633.5 of the Revenue and Taxation Code is amended to read:

18633.5. (a) Every limited liability company which is classified as a partnership for California tax purposes that is doing business in this state, organized in this state, or registered with the Secretary of State shall file its return on or before the fifteenth day of the fourth month following the close of its taxable year, stating specifically the items of gross income and the deductions allowed by Part 10 (commencing with Section 17001). The return shall include the names, addresses, and taxpayer identification numbers of the persons, whether residents or nonresidents, who would be entitled to share in the net income if distributed and the amount of the distributive share of each person. The return shall contain or be verified by a written declaration that it is made under penalty of perjury, signed by one of the limited liability company members. In the case of a limited liability company not doing business in this state, and subject to the tax imposed by subdivision (b) of Section 17941, the Franchise Tax Board shall, for returns required to be filed on or after January 1, 1998, prescribe the manner and extent to which the information identified in this subdivision shall be included with the return required by this subdivision.

(b) Each limited liability company required to file a return under subdivision (a) for any limited liability company taxable year shall, on or before the day on which the return for that taxable year was required to be filed, furnish to each person who holds an interest in that limited liability company at any time during that taxable year a copy of that information required to be shown on that return as may be required by forms and instructions prescribed by the Franchise Tax Board.

(c) Any person who holds an interest in a limited liability company as a nominee for another person shall do both of the following:

(1) Furnish to the limited liability company, in the manner prescribed by the Franchise Tax Board, the name, address, and taxpayer identification number of that person, and any other information for that taxable year as the Franchise Tax Board may prescribe by forms and instructions.

(2) Furnish to that other person, in the manner prescribed by the Franchise Tax Board, the information provided by that limited liability company under subdivision (b).

(d) The provisions of Section 6031(d) of the Internal Revenue Code, relating to the separate statement of items of unrelated business taxable income, shall apply.

(e) (1) A limited liability company shall file with its return required under subdivision (a), in the form required by the Franchise Tax Board, the agreement of each nonresident member to file a return pursuant to

Section 18501, to make timely payment of all taxes imposed on the member by this state with respect to the income of the limited liability company, and to be subject to personal jurisdiction in this state for purposes of the collection of income taxes, together with related interest and penalties, imposed on the member by this state with respect to the income of the limited liability company. If the limited liability company fails to timely file the agreements on behalf of each of its nonresident members, then the limited liability company shall, at the time set forth in subdivision (f), pay to this state on behalf of each nonresident member of whom an agreement has not been timely filed an amount equal to the highest marginal tax rate in effect under Section 17041, in the case of members which are individuals, estates, or trusts, and Section 23151, in the case of members that are corporations, multiplied by the amount of the member's distributive share of the income source to the state reflected on the limited liability company's return for the taxable period, reduced by the amount of tax previously withheld and paid by the limited liability company pursuant to Section 18662 and the regulations thereunder with respect to each nonresident member. A limited liability company shall be entitled to recover the payment made from the member on whose behalf the payment was made.

(2) If a limited liability company fails to attach the agreement or to timely pay the payment required by paragraph (1), the payment shall be considered the tax of the limited liability company for purposes of the penalty prescribed by Section 19132 and interest prescribed by Section 19101 for failure to timely pay the tax. Payment of the penalty and interest imposed on the limited liability company for failure to timely pay the amount required by this subdivision shall extinguish the liability of a nonresident member for the penalty and interest for failure to make timely payment of all taxes imposed on that member by this state with respect to the income of the limited liability company.

(3) No penalty or interest shall be imposed on the limited liability company under paragraph (2) if the nonresident member timely files and pays all taxes imposed on the member by this state with respect to the income of the limited liability company.

(f) Any agreement of a nonresident member required to be filed pursuant to subdivision (e) shall be filed at either of the following times:

(1) The time the annual return is required to be filed pursuant to this section for the first taxable period for which the limited liability company became subject to tax pursuant to Chapter 10.6 (commencing with Section 17941).

(2) The time the annual return is required to be filed pursuant to this section for any taxable period in which the limited liability company

had a nonresident member on whose behalf an agreement described in subdivision (e) has not been previously filed.

(g) Any amount paid by the limited liability company to this state pursuant to paragraph (1) of subdivision (e) shall be considered to be a payment by the member on account of the income tax imposed by this state on the member for the taxable period.

(h) Every limited liability company that is classified as a corporation for California tax purposes shall be subject to the requirement to file a tax return under the provisions of Part 10.2 (commencing with Section 18401) and the applicable taxes imposed by Part 11 (commencing with Section 23001).

(i) (1) Every limited liability company doing business in this state, organized in this state, or registered with the Secretary of State, that is disregarded pursuant to Section 23038 shall file a return that includes information necessary to verify its liability under Sections 17941 and 17942, provides its sole owner's name and taxpayer identification number, includes the consent of the owner to California tax jurisdiction, and includes other information necessary for the administration of this part, Part 10 (commencing with Section 17001), or Part 11 (commencing with Section 23001).

(2) If the owner's consent required under paragraph (1) is not included, the limited liability company shall pay on behalf of its owner an amount consistent with, and treated the same as, the amount to be paid under subdivision (e) by a limited liability company on behalf of a nonresident member for whom an agreement required by subdivision (e) is not attached to the return of the limited liability company.

(3) The return required under paragraph (1) shall be filed on or before the fifteenth day of the fourth month after the close of the taxable year of the owner subject to tax under Part 10 (commencing with Section 17001) of Division 2 or on or before the fifteenth day of the third month after the close of the taxable year of the owner subject to tax under Chapter 2 (commencing with Section 23101) of Part 11 of Division 2, whichever is applicable.

(4) For limited liability companies disregarded pursuant to Section 23038, "taxable year of the owner" shall be substituted for "taxable year" in Sections 17941 and 17942.

(j) The amendments made by the act adding this subdivision apply to taxable years beginning on or after January 1, 2005.

SEC. 16. Section 20583 of the Revenue and Taxation Code, as amended by Section 188 of Chapter 22 of the Statutes of 2005, is amended to read:

20583. (a) "Residential dwelling" means a dwelling occupied as the principal place of residence of the claimant, and so much of the land

surrounding it as is reasonably necessary for use of the dwelling as a home, owned by the claimant, the claimant and spouse, or by the claimant and either another individual eligible for postponement under this chapter or an individual described in subdivision (a), (b), or (c) of Section 20511 and located in this state. It shall include condominiums and mobilehomes that are assessed as realty for local property tax purposes. It also includes part of a multidwelling or multipurpose building and a part of the land upon which it is built. In the case of a mobilehome not assessed as real property that is located on land owned by the claimant, "residential dwelling" includes the land on which the mobilehome is situated and so much of the land surrounding it as reasonably necessary for use of the mobilehome as a home.

(b) As used in this chapter in reference to ownership interests in residential dwellings, "owned" includes (1) the interest of a vendee in possession under a land sale contract provided that the contract or memorandum thereof is recorded and only from the date of recordation of the contract or memorandum thereof in the office of the county recorder where the residential dwelling is located, (2) the interest of the holder of a life estate provided that the instrument creating the life estate is recorded and only from the date of recordation of the instrument creating the life estate in the office of the county recorder where the residential dwelling is located, but "owned" does not include the interest of the holder of any remainder interest or the holder of a reversionary interest in the residential dwelling, (3) the interest of a joint tenant or a tenant in common in the residential dwelling or the interest of a tenant where title is held in tenancy by the entirety or a community property interest where title is held as community property, and (4) the interest in the residential dwelling in which the title is held in trust, as described in subdivision (d) of Section 62, provided that the Controller determines that the state's interest is adequately protected.

(c) For purposes of this chapter, the registered owner of a mobilehome shall be deemed to be the owner of the mobilehome.

(d) Except as provided in subdivision (c), and Chapter 3 (commencing with Section 20625), ownership must be evidenced by an instrument duly recorded in the office of the county where the residential dwelling is located.

(e) "Residential dwelling" does not include any of the following:

(1) Any residential dwelling in which the owners do not have an equity of at least 20 percent of the full value of the property as determined for purposes of property taxation or at least 20 percent of the fair market value as determined by the Controller and where the Controller determines that the state's interest is adequately protected. The 20-percent equity requirement shall be met at the time the claimant or authorized

agent files an initial postponement claim and tenders to the tax collector the initial certificate of eligibility described in Sections 20602, 20639.6, and 20640.6.

(2) Any residential dwelling in which the claimant's interest is held pursuant to a contract of sale or under a life estate, unless the claimant obtains the written consent of the vendor under the contract of sale, or the holder of the reversionary interest upon termination of the life estate, for the postponement of taxes and the creation of a lien on the real property in favor of the state for amounts postponed pursuant to this act.

(3) Any residential dwelling on which the claimant does not receive a secured tax bill.

(4) Any residential dwelling in which the claimant's interest is held as a possessory interest, except as provided in Chapter 3.5 (commencing with Section 20640).

(f) Notwithstanding subdivision (c) of Section 20584, houseboats and floating homes, as defined by Section 20583.1, on which property taxes are delinquent at the time the application for postponement under this chapter is made, shall not be eligible for postponement.

SEC. 17. Section 24348.5 of the Revenue and Taxation Code is repealed.

SEC. 18. The Legislature finds and declares that Sections 1 and 2 of this act, which amend Sections 63.1 and 69.5 of the Revenue and Taxation Code, impose limitations on the public's right of access to the meetings of public bodies or the writings of public officials and agencies within the meaning of Section 3 of Article I of the California Constitution. Pursuant to that constitutional provision, the Legislature makes the following findings to demonstrate the interest protected by this limitation and the need for protecting that interest:

(a) Claims filed under Section 63.1 or Section 69.5 contain taxpayer sensitive personal information, including social security numbers, dates of birth, home addresses, home telephone numbers, marital status, adoption status, financial matters, and medical information. Notwithstanding Section 3 of Article I of the California Constitution, county assessors have a responsibility and an obligation to safeguard from public access a taxpayer's personal information with which it has been entrusted.

(b) The right to privacy is a personal and fundamental right protected by Section 1 of Article I of the California Constitution and by the United States Constitution. All individuals have a right of privacy in information pertaining to them.

(c) This state has previously recognized, in Section 408.2 of the Revenue and Taxation Code, the importance of protecting the confidentiality and privacy of an individual's personal and financial

information contained in homeowners' exemption claims, property statements, and change of ownership statements filed with county assessors for property tax purposes.

(d) In addition to the right of privacy, there is a need to protect from public disclosure personal information due to the growing prevalence and debilitating nature of identity theft.

(e) It is not the intent of this act to make confidential that a particular property has received a property tax benefit pursuant to Section 63.1 or Section 69.5 of the Revenue and Taxation Code, or the amount of the benefit, but only to protect the personal information contained in the claim form. In addition, the Legislature further finds that in determining the fiscal impact resulting from either of these provisions, county assessors may provide aggregated data on property in their counties that have been extended these property tax benefits.

SEC. 19. Notwithstanding Section 2229 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any property tax revenues lost by it pursuant to this act.

SEC. 20. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 265

An act to add Section 68553.5 to the Government Code, and to add Sections 710, 711, 712, 713, and 714 to the Welfare and Institutions Code, relating to minors.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) Many of the minors in our state's juvenile justice system have severe emotional disturbances or developmental disabilities.

(2) There are many different statutes under which a court is authorized to order evaluation of these minors, and different funding sources from which payment for an evaluation may be made.

(3) There is no uniform statewide standard or procedure for evaluation of these minors. Under the current law, it is difficult to ensure that these minors' needs are being met.

(b) It is the intent of the Legislature to enact legislation that will create a unified statutory scheme for the evaluation of minors in the juvenile justice system who have severe emotional disturbances or developmental disabilities, so that these minors may be evaluated prior to disposition and, if the minors are identified as having a disability, placed where they may receive integrated services and treatment whenever possible.

SEC. 2. Section 68553.5 is added to the Government Code, to read:

68553.5. To the extent resources are available, the Judicial Council shall provide education on mental health and developmental disability issues affecting juveniles in delinquency proceedings pursuant to Section 602 of the Welfare and Institutions Code to judicial officers and, as appropriate, to other public officers and entities that may be involved in the arrest, evaluation, prosecution, defense, disposition, and postdisposition or placement phases of delinquency proceedings. The education shall include, to the extent possible, using available resources, information on the early identification of mental illness or developmental disability in delinquency proceedings, on statutory and case law providing for the assessment or evaluation of minors with mental health problems or developmental disabilities, on specialized adjudication or disposition procedures, such as mental health courts, that may apply to these minors, and on appropriate programs, services, and placements for minors with mental health problems or developmental disabilities, including information on the benefits and detriments of placing minors with mental health problems or developmental disabilities in secure juvenile justice facilities, such as the Department of the Youth Authority.

SEC. 3. Section 710 is added to the Welfare and Institutions Code, to read:

710. (a) Sections 711, 712, and 713 shall not be applicable in a county unless the application of those sections in the county has been approved by a resolution adopted by the board of supervisors. A county may establish a program pursuant to Section 711, 712, or 713, or pursuant to two or all three of those sections, on a permanent basis, or it may establish the program on a limited duration basis for a specific number of years. Moneys from a grant from the Mental Health Services Act used to fund a program pursuant to Section 711, 712, or 713 may be used only for services related to mental health assessment, treatment, and evaluation.

(b) It is the intent of the Legislature that in a county where funding exists through the Mental Health Services Act, and the board of supervisors has adopted a resolution pursuant to subdivision (a), the

courts may, under the guidelines established in Section 711, make available the evaluation described in Section 712, and receive treatment and placement recommendations from the multidisciplinary assessment team as described in Section 713.

SEC. 4. Section 711 is added to the Welfare and Institutions Code, to read:

711. (a) When it appears to the court, or upon request of the prosecutor or counsel for the minor, at any time, that a minor who is alleged to come within the jurisdiction of the court under Section 602, may have a serious mental disorder, is seriously emotionally disturbed, or has a developmental disability, the court may order that the minor be referred for evaluation, as described in Section 712.

(b) A minor, with the approval of his or her counsel, may decline the referral for mental health evaluation described in Section 712 or the multidisciplinary team review described in Section 713, in which case the matter shall proceed without the application of Sections 712 and 713, and in accordance with all other applicable provisions of law.

SEC. 5. Section 712 is added to the Welfare and Institutions Code, to read:

712. (a) The evaluation ordered by the court under Section 711 shall be made, in accordance with the provisions of Section 741, by an appropriate and licensed mental health professional who meets one or more of the following criteria:

(1) The person is licensed to practice medicine in the State of California and is trained and actively engaged in the practice of psychiatry.

(2) The person is licensed as a psychologist under Chapter 6.6 (commencing with Section 2900) of Division 2 of the Business and Professions Code.

(b) The evaluator selected by the court shall personally examine the minor, conduct appropriate psychological or mental health screening, assessment, or testing, according to a uniform protocol developed by the county mental health department and prepare and submit to the court a written report indicating his or her findings and recommendations to guide the court in determining whether the minor has a serious mental disorder or is seriously emotionally disturbed, as described in Section 5600.3, or has a developmental disability, as defined in Section 4512. If the minor is detained, the examination shall occur within three court days of the court's order of referral for evaluation, and the evaluator's report shall be submitted to the court not later than five court days after the evaluator has personally examined the minor, unless the submission date is extended by the court for good cause shown.

(c) Based on the evaluator's written report, the court shall determine whether the minor has a serious mental disorder or is seriously emotionally disturbed, as described in Section 5600.3, or has a developmental disability, as defined in Section 4512. If the court determines that the minor has a serious mental disorder, is seriously emotionally disturbed, or has a developmental disability, the case shall proceed as described in Section 713. If the court determines that the minor does not have a serious mental disorder, is not seriously emotionally disturbed, or does not have a developmental disability, the matter shall proceed without the application of Section 713 and in accordance with all other applicable provisions of law.

(d) This section shall not be construed to interfere with the legal authority of the juvenile court or of any other public or private agency or individual to refer a minor for mental health evaluation or treatment as provided in Section 370, 635.1, 704, 741, 5150, 5694.7, 5699.2, 5867.5, or 6551 of this code, or in Section 4011.6 of the Penal Code.

SEC. 6. Section 713 is added to the Welfare and Institutions Code, to read:

713. (a) For any minor described in Section 711 who is determined by the court under Section 712 to be seriously emotionally disturbed, have a serious mental disorder, or have a developmental disability, and who is adjudicated a ward of the court under Section 602, the dispositional procedures set forth in this section shall apply.

(b) Prior to the preparation of the social study required under Section 706, 706.5, or 706.6, the minor shall be referred to a multidisciplinary team for dispositional review and recommendation. The multidisciplinary team shall consist of qualified persons who are collectively able to evaluate the minor's full range of treatment needs and may include representatives from local probation, mental health, regional centers, regional resource development projects, child welfare, education, community-based youth services, and other agencies or service providers. The multidisciplinary team shall include at least one licensed mental health professional as described in subdivision (a) of Section 712. If the minor has been determined to have both a mental disorder and a developmental disorder, the multidisciplinary team may include both an appropriate mental health agency and a regional center.

(c) The multidisciplinary team shall review the nature and circumstances of the case, including the minor's family circumstances, as well as the minor's relevant tests, evaluations, records, medical and psychiatric history, and any existing individual education plan or individual program plans. The multidisciplinary team shall provide for the involvement of the minor's available parent, guardian, or primary caretaker in its review, including any direct participation in

multidisciplinary team proceedings as may be helpful or appropriate for development of a treatment plan in the case. The team shall identify the mental health or other treatment services, including in-home and community-based services that are available and appropriate for the minor, including services that may be available to the minor under federal and state programs and initiatives, such as wraparound service programs. At the conclusion of its review, the team shall then produce a recommended disposition and written treatment plan for the minor, to be appended to, or incorporated into, the probation social study presented to the court.

(d) The court shall review the treatment plan and the dispositional recommendations prepared by the multidisciplinary team and shall take them into account when making the dispositional order in the case. The dispositional order in the case shall be consistent with the protection of the public and the primary treatment needs of the minor as identified in the report of the multidisciplinary team. The minor's disposition order shall incorporate, to the extent feasible, the treatment plan submitted by the multidisciplinary team, with any adjustments deemed appropriate by the court.

(e) The dispositional order in the case shall authorize placement of the minor in the least restrictive setting that is consistent with the protection of the public and the minor's treatment needs, and with the treatment plan approved by the court. The court shall, in making the dispositional order, give preferential consideration to the return of the minor to the home of his or her family, guardian, or responsible relative with appropriate in-home, outpatient, or wraparound services, unless that action would be, in the reasonable judgment of the court, inconsistent with the need to protect the public or the minor, or with the minor's treatment needs.

(f) Whenever a minor is recommended for placement at a state developmental center, the regional center director or designee shall submit a report to the Director of the Department of Developmental Services or his or her designee. The regional center report shall include the assessments, individual program plan, and a statement describing the necessity for a developmental center placement. The Director of Developmental Services or his or her designee may, within 60 days of receiving the regional center report, submit to the court a written report evaluating the ability of an alternative community option or a developmental center to achieve the purposes of treatment for the minor and whether a developmental center placement can adequately provide the security measures or systems required to protect the public health and safety from the potential dangers posed by the minor's known behaviors.

SEC. 7. Section 714 is added to the Welfare and Institutions Code, to read:

714. A regional center, as described in Chapter 5 (commencing with Section 4620) of Division 4.5, shall not be required to provide assessments or services to minors pursuant to Section 711, 712, or 713 solely on the basis of a finding by the court under subdivision (c) of Section 712 that the minor is developmentally disabled. Regional center representatives may, at their option and on a case-by-case basis, participate in the multidisciplinary teams described in Section 713. However, any assessment provided by or through a regional center to a minor determined by the court to be developmentally disabled under subdivision (c) of Section 712 shall be provided in accordance with the provisions and procedures in Chapter 5 (commencing with Section 4620) of Division 4.5 that relate to regional centers.

CHAPTER 266

An act to amend Section 2746.51 of the Business and Professions Code, relating to nursing.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 2746.51 of the Business and Professions Code is amended to read:

2746.51. (a) Neither this chapter nor any other provision of law shall be construed to prohibit a certified nurse-midwife from furnishing or ordering drugs or devices, including controlled substances classified in Schedule II, III, IV, or V under the California Uniform Controlled Substances Act (Division 10 (commencing with Section 11000) of the Health and Safety Code), when all of the following apply:

(1) The drugs or devices are furnished or ordered incidentally to the provision of any of the following:

(A) Family planning services, as defined in Section 14503 of the Welfare and Institutions Code.

(B) Routine health care or perinatal care, as defined in subdivision (d) of Section 123485 of the Health and Safety Code.

(C) Care rendered, consistent with the certified nurse-midwife's educational preparation or for which clinical competency has been established and maintained, to persons within a facility specified in

subdivision (a), (b), (c), (d), (i), or (j) of Section 1206 of the Health and Safety Code, a clinic as specified in Section 1204 of the Health and Safety Code, a general acute care hospital as defined in subdivision (a) of Section 1250 of the Health and Safety Code, a licensed birth center as defined in Section 1204.3 of the Health and Safety Code, or a special hospital specified as a maternity hospital in subdivision (f) of Section 1250 of the Health and Safety Code.

(2) The drugs or devices are furnished or ordered by a certified nurse-midwife in accordance with standardized procedures or protocols. For purposes of this section, standardized procedure means a document, including protocols, developed and approved by the supervising physician and surgeon, the certified nurse-midwife, and the facility administrator or his or her designee. The standardized procedure covering the furnishing or ordering of drugs or devices shall specify all of the following:

(A) Which certified nurse-midwife may furnish or order drugs or devices.

(B) Which drugs or devices may be furnished or ordered and under what circumstances.

(C) The extent of physician and surgeon supervision.

(D) The method of periodic review of the certified nurse-midwife's competence, including peer review, and review of the provisions of the standardized procedure.

(3) If Schedule II or III controlled substances, as defined in Sections 11055 and 11056 of the Health and Safety Code, are furnished or ordered by a certified nurse-midwife, the controlled substances shall be furnished or ordered in accordance with a patient-specific protocol approved by the treating or supervising physician and surgeon. For Schedule II controlled substance protocols, the provision for furnishing the Schedule II controlled substance shall address the diagnosis of the illness, injury, or condition for which the Schedule II controlled substance is to be furnished.

(4) The furnishing or ordering of drugs or devices by a certified nurse-midwife occurs under physician and surgeon supervision. For purposes of this section, no physician and surgeon shall supervise more than four certified nurse-midwives at one time. Physician and surgeon supervision shall not be construed to require the physical presence of the physician, but does include all of the following:

(A) Collaboration on the development of the standardized procedure or protocol.

(B) Approval of the standardized procedure or protocol.

(C) Availability by telephonic contact at the time of patient examination by the certified nurse-midwife.

(b) (1) The furnishing or ordering of drugs or devices by a certified nurse-midwife is conditional on the issuance by the board of a number to the applicant who has successfully completed the requirements of paragraph (2). The number shall be included on all transmittals of orders for drugs or devices by the certified nurse-midwife. The board shall maintain a list of the certified nurse-midwives that it has certified pursuant to this paragraph and the number it has issued to each one. The board shall make the list available to the California State Board of Pharmacy upon its request. SECTION 1. Section 21091 of the Public Resources Code is amended to read:

21091. (a) The public review period for a draft environmental impact report may not be less than 30 days. (b) The public review period for a proposed negative declaration or proposed mitigated negative declaration may not be less than 20 days.

If the proposed negative declaration or proposed mitigated negative declaration is submitted to the State Clearinghouse for review, the review period shall be at least 30 days, and the lead agency shall provide a sufficient number of copies of the document to the State Clearinghouse for review and comment by state agencies.

(c) (1) Notwithstanding subdivisions (a) and (b), if a draft environmental impact report, proposed negative declaration, or proposed mitigated negative declaration is submitted to the State Clearinghouse for review and the period of review by the State Clearinghouse is longer than the public review period established pursuant to subdivision (a) or (b), whichever is applicable, the public review period shall be at least as long as the period of review and comment by state agencies as established by the State Clearinghouse.

(2) The public review period and the state agency review period may, but are not required to, begin and end at the same time. Day one of the state agency review period shall be the date that the State Clearinghouse distributes the document to state agencies.

(3) If the submittal of a CEQA document is determined by the State Clearinghouse to be complete, the State Clearinghouse shall distribute the document within three working days from the date of receipt. The State Clearinghouse shall specify the information that will be required in order to determine the completeness of the submittal of a CEQA document.

(d) (1) The lead agency shall consider comments it receives on a draft environmental impact report, proposed negative declaration, or proposed mitigated negative declaration if those comments are received within the public review period.

(2) (A) With respect to the consideration of comments received on a draft environmental impact report, the lead agency shall evaluate comments on environmental issues that are received from persons who have reviewed the draft and shall prepare a written response pursuant to subparagraph (B). The lead agency may also respond to comments that are received after the close of the public review period.

(B) The written response shall describe the disposition of each significant environmental issue that is raised by commenters. The responses shall be prepared consistent with Section 15088 of Title 14 of the California Code of Regulations, as those regulations existed on June 1, 1993.

(3) (A) With respect to the consideration of comments received on a draft environmental impact report, proposed negative declaration, proposed mitigated negative declaration, or notice pursuant to Section 21080.4, the lead agency shall accept comments via e-mail and shall treat e-mail comments as equivalent to written comments.

(B) Any law or regulation relating to written comments received on a draft environmental impact report, proposed negative declaration, proposed mitigated negative declaration, or notice received pursuant to Section 21080.4, shall also apply to e-mail comments received for those reasons.

(e) (1) Criteria for shorter review periods by the State Clearinghouse for documents that must be submitted to the State Clearinghouse shall be set forth in the written guidelines issued by the Office of Planning and Research and made available to the public.

(2) Those shortened review periods may not be less than 30 days for a draft environmental impact report and 20 days for a negative declaration.

(3) A request for a shortened review period shall only be made in writing by the decisionmaking body of the lead agency to the Office of Planning and Research. The decisionmaking body may designate by resolution or ordinance a person authorized to request a shortened review period. A designated person shall notify the decisionmaking body of this request.

(4) A request approved by the State Clearinghouse shall be consistent with the criteria set forth in the written guidelines of the Office of Planning and Research.

(5) A shortened review period may not be approved by the Office of Planning and Research for a proposed project of statewide, regional, or areawide environmental significance as determined pursuant to Section 21083.

(6) An approval of a shortened review period shall be given prior to, and reflected in, the public notice required pursuant to Section 21092.

(f) Prior to carrying out or approving a project for which a negative declaration has been adopted, the lead agency shall consider the negative declaration together with comments that were received and considered pursuant to paragraph (1) of subdivision (d).

SEC. 2. Section 21165 of the Public Resources Code is amended to read:

21165. (a) When a project is to be carried out or approved by two or more public agencies, the determination of whether the project may have a significant effect on the environment shall be made by the lead agency, and that agency shall prepare, or cause to be prepared by contract, the environmental impact report for the project, if a report is required by this division. In the event that a dispute arises as to which is the lead agency, any of the disputing public agencies, or in the case of a project described in subdivision (c) of Section 21065 the applicant for such project, may submit the question to the Office of Planning and Research, and the Office of Planning and Research shall designate, within 21 days

of receiving the request, the lead agency, giving due consideration to the capacity of that agency to adequately fulfill the requirements of this division.

(b) For the purposes of this section, a "dispute" means a contested, active difference of opinion between two or more public agencies as to which of those agencies shall prepare any necessary environmental document. A dispute exists where each of those agencies claims that it either has or does not have the obligation to prepare that environmental document. The Office of Planning and Research shall not designate a lead agency in the absence of such a dispute.

CHAPTER 269

An act to add Article 4.5 (commencing with Section 66040) to Chapter 2 of Part 40 of the Education Code, relating to public postsecondary education.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Article 4.5 (commencing with Section 66040) is added to Chapter 2 of Part 40 of the Education Code, to read:

Article 4.5. Doctoral Programs in Education

66040. The Legislature finds and declares both of the following:

(a) Since its adoption in 1960, the Master Plan for Higher Education has served the state exceedingly well, allowing California to create the largest and most distinguished higher education system in the nation. A key component of the Master Plan is the differentiation of mission and function, whereby doctoral and identified professional programs are limited to the University of California, with the provision that the California State University can provide doctoral education in joint doctoral degree programs with the University of California and

independent California colleges and universities. This differentiation of function has allowed California to provide universal access to postsecondary education while preserving quality.

(b) Because of the urgent need for well-prepared administrators to lead public school and community college reform efforts, the State of California is hereby making an exception to the differentiation of function in graduate education that assigns sole authority among the California public higher education segments to the University of California for awarding doctoral degrees independently. This exception to the Master Plan for Higher Education recognizes the urgency of meeting critical public school and community college leadership needs and the distinctive strengths and respective missions of the California State University and the University of California.

66040.3. (a) Pursuant to Section 66040, and notwithstanding Section 66010.4, in order to meet specific educational leadership needs in the California public schools and community colleges, the California State University is authorized to award the Doctor of Education (Ed.D.) degree as defined in this section. The authority to award degrees granted by this article is limited to the discipline of education. The Doctor of Education degree offered by the California State University shall be distinguished from doctoral degree programs at the University of California.

(b) The Doctor of Education degree offered by the California State University shall be focused on preparing administrative leaders for California public elementary and secondary schools and community colleges and on the knowledge and skills needed by administrators to be effective leaders in California public schools and community colleges. The Doctor of Education degree offered by the California State University shall be offered through partnerships through which the California public elementary and secondary schools and community colleges shall participate substantively in program design, candidate recruitment and admissions, teaching, and program assessment and evaluation. This degree shall enable professionals to earn the degree while working full time.

(c) Nothing in this article shall be construed to limit or preclude the California Postsecondary Education Commission from exercising its authority under Chapter 11 (commencing with Section 66900) to review, evaluate, and make recommendations relating to, any and all programs established under this article.

66040.5. With regard to funding the degree programs authorized in Section 66040.3, the California State University shall follow all of the following requirements:

(a) Funding on a per full-time equivalent student (FTES) basis for each new student in these degree programs shall be funded from within

the California State University's enrollment growth levels as agreed to in the annual Budget Act. Enrollments in these programs shall not alter the California State University's ratio of graduate instruction to total enrollment, and shall not come at the expense of enrollment growth in university undergraduate programs. Funding provided from the state for each FTES shall be at the agreed-upon marginal cost calculation that the California State University receives.

(b) Each student in the programs authorized by this article shall be charged fees no higher than the rate charged for students in state-supported doctoral degree programs in education at the University of California, including joint Ed.D. programs of the California State University and the University of California.

(c) The California State University shall provide any startup funding needed for the programs authorized by this article from within existing budgets for academic programs support, without diminishing the quality of program support offered to California State University undergraduate programs. Funding of these programs shall not result in reduced undergraduate enrollments at the California State University.

66040.7. The California State University, the Department of Finance, and the Legislative Analyst's Office shall jointly conduct a statewide evaluation of the new programs implemented under this article. The results of the evaluation shall be reported, in writing, to the Legislature and Governor on or before January 1, 2011. The evaluation required by this section shall consider all of the following:

(a) The number of new doctoral programs in education implemented, including information identifying the number of new programs, applicants, admissions, enrollments, degree recipients, time-to-degree, attrition, and public school and community college program partners.

(b) The extent to which the programs established under this article are fulfilling identified state needs for training in educational leadership, including statewide supply and demand data that considers capacity at the University of California and in California's independent colleges and universities.

(c) Information on the place of employment of students and the subsequent job placement of graduates.

(d) Any available evidence on the effects that the graduates of the programs are having on elementary and secondary school and community college reform efforts and on student achievement.

(e) Program costs and the fund sources that were used to finance these programs, including a calculation of cost per degree awarded.

(f) The costs of the programs to students, the amount of financial aid offered, and student debt levels of graduates of the programs.

(g) The extent to which the programs established under this article are in compliance with the requirements of this article.

CHAPTER 270

An act to amend Section 44015 of the Health and Safety Code, to amend Section 5103 of the Public Contract Code, to amend Sections 5090.02, 5090.09, and 5090.35 of the Public Resources Code, to amend Section 21706 of the Public Utilities Code, to amend Section 140.3 of the Streets and Highways Code, and to amend Sections 285, 2250, 4601, and 24602 of the Vehicle Code, relating to state and local government.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 44015 of the Health and Safety Code is amended to read:

44015. (a) A licensed smog check station shall not issue a certificate of compliance, except as authorized by this chapter, to any vehicle that meets the following criteria:

(1) A vehicle that has been tampered with.

(2) A vehicle that, prior to repairs, has been initially identified by the smog check station as a gross polluter. Certification of a gross polluting vehicle shall be conducted by a designated test-only facility, or a test-and-repair station that is both licensed and certified pursuant to Sections 44014 and 44014.2.

(3) A vehicle described in subdivision (c).

(b) If a vehicle meets the requirements of Section 44012, a smog check station licensed to issue certificates shall issue a certificate of compliance or a certificate of noncompliance.

(c) (1) A repair cost waiver shall be issued, upon request of the vehicle owner, by an entity authorized to perform referee functions for a vehicle that has been properly tested but does not meet the applicable emission standards when it is determined that no adjustment or repair can be made that will reduce emissions from the inspected motor vehicle without exceeding the applicable repair cost limit established under Section 44017 and that every defect specified by paragraph (2) of subdivision (a) of Section 43204, and by paragraphs (2) and (3) of subdivision (a) of Section 43205, has been corrected. A repair cost waiver issued pursuant to this paragraph shall be accepted in lieu of a certificate of

compliance for the purposes of compliance with Section 4000.3 of the Vehicle Code. No repair cost waiver shall exceed two years' duration. No repair cost waiver shall be issued until the vehicle owner has expended an amount equal to the applicable repair cost limit specified in Section 44017.

(2) An economic hardship extension shall be issued, upon request of a qualified low-income motor vehicle owner, by an entity authorized to perform referee functions, for a motor vehicle that has been properly tested but does not meet the applicable emission standards when it is determined that no adjustment or repair can be made that will reduce emissions from the inspected motor vehicle without exceeding the applicable repair cost limit, as established pursuant to Section 44017.1, that every defect specified in paragraph (2) of subdivision (a) of Section 43204, and in paragraphs (2) and (3) of subdivision (a) of Section 43205, has been corrected, that the low-income vehicle owner would suffer an economic hardship if the extension is not issued, and that all appropriate emissions-related repairs up to the amount of the applicable repair cost limit in Section 44017.1 have been performed.

(d) No repair cost waiver or economic hardship extension shall be issued under any of the following circumstances:

(1) If a motor vehicle was issued a repair cost waiver or economic hardship extension in the previous biennial inspection of that vehicle. A repair cost waiver or economic hardship extension may be issued to a motor vehicle owner only once for a particular motor vehicle belonging to that owner. However, a repair cost waiver or economic hardship extension may be issued for a motor vehicle that participated in a previous waiver or extension program prior to January 1, 1998, as determined by the department. For waivers or extensions issued in the program operative on or after January 1, 1998, a waiver or extension may be issued for a motor vehicle only once per owner.

(2) Upon initial registration of all of the following:

(A) A direct import motor vehicle.

(B) A motor vehicle previously registered outside this state.

(C) A dismantled motor vehicle pursuant to Section 11519 of the Vehicle Code.

(D) A motor vehicle that has had an engine change.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 6126.3 is added to the Business and Professions Code, to read:

6126.3. (a) In addition to any criminal penalties pursuant to Section 6126 or to any contempt proceedings pursuant to Section 6127, the courts of the state shall have the jurisdiction provided in this section when a

person advertises or holds himself or herself out as practicing or entitled to practice law, or otherwise practices law, without being an active member of the State Bar or otherwise authorized pursuant to statute or court rule to practice law in this state at the time of doing so.

(b) The State Bar, or the superior court on its own motion, may make application to the superior court for the county where the person described in subdivision (a) maintains or more recently has maintained his or her principal office for the practice of law or where he or she resides, for assumption by the court of jurisdiction over the practice to the extent provided in this section. In any proceeding under this section, the State Bar shall be permitted to intervene and to assume primary responsibility for conducting the action.

(c) An application made pursuant to subdivision (b) shall be verified, and shall state facts showing all of the following:

(1) Probable cause to believe that the facts set forth in subdivision (a) of Section 6126 have occurred.

(2) The interest of the applicant.

(3) Probable cause to believe that the interests of a client or of an interested person or entity will be prejudiced if the proceeding is not maintained.

(d) The application shall be set for hearing, and an order to show cause shall be issued directing the person to show cause why the court should not assume jurisdiction over the practice as provided in this section. A copy of the application and order to show cause shall be served upon the person by personal delivery or, as an alternate method of service, by certified or registered mail, return receipt requested, addressed to the person either at the address at which he or she maintains, or more recently has maintained, his or her principal office or at the address where he or she resides. Service is complete at the time of mailing, but any prescribed period of notice and any right or duty to do any act or make any response within that prescribed period or on a date certain after notice is served by mail shall be extended five days if the place of address is within the State of California, 10 days if the place of address is outside the State of California but within the United States, and 20 days if the place of address is outside the United States. If the State Bar is not the applicant, copies shall also be served upon the Office of the Chief Trial Counsel of the State Bar in similar manner at the time of service on the person who is the subject of the application. The court may prescribe additional or alternative methods of service of the application and order to show cause, and may prescribe methods of notifying and serving notices and process upon other persons and entities in cases not specifically provided herein.

(e) If the court finds that the facts set forth in subdivision (a) of Section 6126 have occurred and that the interests of a client or an interested person or entity will be prejudiced if the proceeding provided herein is not maintained, the court may make an order assuming jurisdiction over the person's practice pursuant to this section. If the person to whom the order to show cause is directed does not appear, the court may make its order upon the verified application or upon such proof as it may require. Thereupon, the court shall appoint one or more active members of the State Bar to act under its direction to mail a notice of cessation of practice, pursuant to subdivision (g), and may order those appointed attorneys to do one or more of the following:

(1) Examine the files and records of the practice and obtain information as to any pending matters that may require attention.

(2) Notify persons and entities who appear to be clients of the person of the occurrence of the event or events stated in subdivision (a) of Section 6126, and inform them that it may be in their best interest to obtain other legal counsel.

(3) Apply for an extension of time pending employment of legal counsel by the client.

(4) With the consent of the client, file notices, motions, and pleadings on behalf of the client where jurisdictional time limits are involved and other legal counsel has not yet been obtained.

(5) Give notice to the depositor and appropriate persons and entities who may be affected, other than clients, of the occurrence of the event or events.

(6) Arrange for the surrender or delivery of clients' papers or property.

(7) Arrange for the appointment of a receiver, where applicable, to take possession and control of any and all bank accounts relating to the affected person's practice.

(8) Do any other acts that the court may direct to carry out the purposes of this section.

The court shall have jurisdiction over the files and records and over the practice of the affected person for the limited purposes of this section, and may make all orders necessary or appropriate to exercise this jurisdiction. The court shall provide a copy of any order issued pursuant to this section to the Office of the Chief Trial Counsel of the State Bar.

(f) Anyone examining the files and records of the practice of the person described in subdivision (a) shall observe any lawyer-client privilege under Sections 950 and 952 of the Evidence Code and shall make disclosure only to the extent necessary to carry out the purposes of this section. That disclosure shall be a disclosure that is reasonably necessary for the accomplishment of the purpose for which the person described in subdivision (a) was consulted. The appointment of a member

of the State Bar pursuant to this section shall not affect the lawyer-client privilege, which privilege shall apply to communications by or to the appointed members to the same extent as it would have applied to communications by or to the person described in subdivision (a).

(g) The notice of cessation of law practice shall contain any information that may be required by the court, including, but not limited to, the finding by the court that the facts set forth in subdivision (a) of Section 6126 have occurred and that the court has assumed jurisdiction of the practice. The notice shall be mailed to all clients, to opposing counsel, to courts and agencies in which the person has pending matters with an identification of the matter, to the Office of the Chief Trial Counsel of the State Bar, and to any other person or entity having reason to be informed of the court's assumption of the practice.

(h) Nothing in this section shall authorize the court or an attorney appointed by it pursuant to this section to approve or disapprove of the employment of legal counsel, to fix terms of legal employment, or to supervise or in any way undertake the conduct of the practice, except to the limited extent provided by paragraphs (3) and (4) of subdivision (e).

(i) Unless court approval is first obtained, neither the attorney appointed pursuant to this section, nor his or her corporation, nor any partner or associates of the attorney shall accept employment as an attorney by any client of the affected person on any matter pending at the time of the appointment. Action taken pursuant to paragraphs (3) and (4) of subdivision (e) shall not be deemed employment for purposes of this subdivision.

(j) Upon a finding by the court that it is more likely than not that the application will be granted and that delay in making the orders described in subdivision (e) will result in substantial injury to clients or to others, the court, without notice or upon notice as it shall prescribe, may make interim orders containing any provisions that the court deems appropriate under the circumstances. Such an interim order shall be served in the manner provided in subdivision (d) and, if the application and order to show cause have not yet been served, the application and order to show cause shall be served at the time of serving the interim order.

(k) No person or entity shall incur any liability by reason of the institution or maintenance of a proceeding brought under this section. No person or entity shall incur any liability for an act done or omitted to be done pursuant to order of the court under this section. No person or entity shall be liable for failure to apply for court jurisdiction under this section. Nothing in this section shall affect any obligation otherwise existing between the affected person and any other person or entity.

(*l*) An order pursuant to this section is not appealable and shall not be stayed by petition for a writ, except as ordered by the superior court or by the appellate court.

(m) A member of the State Bar appointed pursuant to this section shall serve without compensation. However, the member may be paid reasonable compensation by the State Bar in cases where the State Bar has determined that the member has devoted extraordinary time and services that were necessary to the performance of the member's duties under this article. All payments of compensation for time and services shall be at the discretion of the State Bar. Any member shall be entitled to reimbursement from the State Bar for necessary expenses incurred in the performance of the member's duties under this article. Upon court approval of expenses or compensation for time and services, the State Bar shall be entitled to reimbursement therefor from the person described in subdivision (a) or his or her estate.

SEC. 2. Section 6233 of the Business and Professions Code is amended to read:

6233. Upon the successful completion of the program, attorney participants who were placed on inactive status by the State Bar Court as a condition of program participation and who have complied with any and all conditions of probation may receive credit for the period of inactive enrollment towards any period of actual suspension imposed by the Supreme Court, and shall be eligible for reinstatement to active status and a dismissal of the underlying allegations or a reduction in the recommended discipline. Those attorneys who participated in the program with practice restrictions shall be eligible to have those restrictions removed and to a dismissal of the underlying allegations or a reduction in the recommended discipline.

CHAPTER 275

An act to amend Section 41027 of, and to repeal and add Section 41026 of, the Water Code, relating to water.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 41026 of the Water Code is repealed.

SEC. 2. Section 41026 is added to the Water Code, to read:

41026. (a) The board shall have a preliminary election roll prepared pursuant to subdivision (b) by a registered civil engineer. The engineer shall prepare the preliminary election roll by division unless all district elections are at large.

(b) The preliminary election roll shall include each parcel of land listed on the most recent county assessment roll, any federal and state land, and any other unvalued lands within the district. For each parcel, the preliminary election roll shall list the name of the holder of title to land and the area of that parcel. The preliminary election roll shall assign each voter one of the following:

(1) One vote for each acre of land owned by that voter within the district. If the voter owns less than one acre, the voter shall be entitled to one vote. Any fraction of an acre shall be rounded to the next full acre.

(2) A number of votes based on the benefits derived by each parcel from being within the boundaries of the district, or from receiving services from the district, or both. The engineer shall consider, among other factors, the nature of the use or allowed uses of the parcel, whether the parcel is developed or undeveloped, and the nature of the district's services provided to or available to the parcel.

(c) The secretary shall publish a notice of preparation of the preliminary election roll pursuant to Section 39057, indicating the date, time, and place of the board's hearing to consider the preliminary election roll. The notice shall also provide information concerning the availability of the preliminary election roll.

(d) A copy of the preliminary election roll shall be available at the district's offices during regular business hours and at any other convenient location, as determined by the district.

SEC. 3. Section 41027 of the Water Code is amended to read:

41027. (a) The board shall hold a public hearing to receive any testimony regarding the preliminary election roll. The hearing may be continued from time to time. Following the hearing and deliberations, the board shall make any changes to the preliminary election roll and shall adopt the election roll.

(b) If the preliminary election roll was prepared pursuant to paragraph (1) of subdivision (b) of Section 41026, the adopted election roll shall be deemed the final election roll.

(c) If the preliminary election roll was prepared pursuant to paragraph (2) of subdivision (b) of Section 41026, the secretary shall send the

adopted election roll to the board of supervisors of the principal county. Upon receiving the adopted election roll, the board of supervisors of the principal county shall set the date, time, and place for a public hearing to receive any testimony regarding the adopted election roll. The board of supervisors shall publish a notice of its public hearing pursuant to Section 39057. At the hearing, the board of supervisors shall receive any testimony regarding the adopted election roll. The hearing may be continued from time to time. Following the hearing and deliberations, the board of supervisors shall either approve or disapprove the adopted election roll. If the board of supervisors approves the adopted election roll, it shall send the final election roll to the board. If the board of supervisors disapproves the adopted election roll, the board of supervisors shall notify the board of its disapproval and may recommend changes to the adopted election roll for the board to consider. The district shall compensate the principal county for any costs incurred by the board of supervisors pursuant to this article.

(d) The secretary shall certify and file the final election roll not later than the date of the first publication of the notice provided pursuant to Section 41308.

CHAPTER 276

An act to add and repeal Chapter 10 (commencing with Section 58950) to Part 31 of the Education Code, relating to schoolsite funding.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 10 (commencing with Section 58950) is added to Part 31 of the Education Code, to read:

CHAPTER 10. LOCAL IMPROVEMENT PROGRAM

58950. (a) The Local Improvement Program is hereby established as a pilot program. The State Board of Education may select school districts, applying on behalf of public schools that provide instruction in kindergarten or any of grades 1 to 12, inclusive, to voluntarily participate in the Local Improvement Program in accordance with criteria that the state board may adopt. The number of schools participating in the program for all school districts approved by the state board may not

exceed 5 percent of the total number of public schools, in no more than 15 school districts, that provide instruction in kindergarten or any of grades 1 to 12, inclusive. Participating school districts shall allocate instructional program funding to participating schools with maximum flexibility in the development and implementation of schoolsite funding in order to support and improve pupil learning.

(b) As a condition of voluntary participation, the governing board of a participating school district shall develop and implement policies and procedures pursuant to this chapter that support the schoolsite goals and objectives of the participating schools.

58951. The governing board of each participating school district shall develop and implement policies and procedures to increase site-level decisionmaking at participating schools to enable all of the following:

(a) Parents, community members representing the diverse racial, ethnic, gender, and socioeconomic backgrounds, the school pupil population, teachers and secondary school pupils, schoolsite administrators, the various categories of school employees, and other school staff to set goals, objectives, and expenditure priorities for improving instruction at that school, and to participate in decisionmaking regarding policies and procedures. It is the intent of the Legislature to ensure meaningful access by, and participation of, parents in the design and governance of a schoolsite, and, to enable the participation of parents who traditionally have not participated in school governance.

(b) Schoolsite teachers and school level administrators to design and implement policies and procedures consistent with the goals and objectives established pursuant to subdivision (a), including, but not limited to, all of the following:

(1) Selection and assignment of certificated and noncertificated school personnel in accordance with Chapter 5 (commencing with Section 45100) of Part 25.

(2) Development and enrichment of instructional courses that build upon state-adopted content and performance standards in order to provide rigorous instruction for all pupils, including the implementation of diverse instructional approaches to respond to the variety of pupil learning needs.

(3) Expenditure of funds for instruction, including, but not limited to, instructional materials, staff training, and personnel.

58952. Participating school districts may, on behalf of one or more participating schools, request to waive any provision of the Education Code, or any regulation enacted pursuant to authority granted by the Education Code, if the waiver is requested in accordance with Article 3 (commencing with Section 33050) of Chapter 1 of Part 20. A waiver may be approved only if it is necessary to facilitate the pilot program established by this chapter.

58953. (a) The application of a school district, on behalf of one or more schools within the district, to participate shall demonstrate the manner in which parent education, information, and support will be provided for parents of all racial, ethnic, gender, or socioeconomic backgrounds to encourage their involvement in the development and implementation of the program and so that parents may be involved in decisionmaking and support for the instructional program of their child or children.

(b) A school principal, acting with the consent of the schoolsite council, or any other representative body constituted pursuant to the requirements of Section 58951, may apply on behalf of his or her school to the governing board of the school district to participate in the Local Improvement Program. A school district may only apply to participate in the Local Improvement Program on behalf of schools or consortia of schools that apply to take part in the program.

(c) A participating school district shall provide information that is required by the Superintendent to conduct the evaluation required by Section 58954.

58954. (a) Subject to the availability of funds specifically appropriated for this section, the Superintendent shall evaluate, or contract for the evaluation of, the effectiveness of the Local Improvement Program and annually report that evaluation to the state board, the Secretary for Education, the Department of Finance, the Legislative Analyst, the Assembly Committee on Education, and the Senate Committee on Education. The evaluation shall include a determination whether pupils and school communities have benefited from the provision of instructional program funding to participating schools with maximum flexibility. The Superintendent shall make recommendations concerning whether a local improvement program should be continued.

(b) It is the intent of the Legislature that the evaluation include all of the following:

(1) An assessment of the nature, scope, and quality of the implementation of a local improvement program.

(2) A recommendation regarding needed modifications in statutes, policy, or procedure, in order to support and assist implementation of a local improvement program.

(3) An assessment of the effectiveness of a local improvement program in supporting and improving pupil learning as measured by both pupil performance, and pupil, parent, and school employee satisfaction, with pupil learning, school organization, governance, and management.

(4) Information regarding changes in roles or responsibilities among participating individuals, including teachers, administrators, other school

staff, parents, pupils, and participating entities including businesses, postsecondary educational institutions, and educational organizations.

58955. The department shall provide staff assistance to the state board as necessary for the purpose of establishing, monitoring, and evaluating a local improvement program.

58956. This chapter shall become inoperative on June 30, 2010, and is repealed as of January 1, 2011, unless a later enacted statute, that becomes operative before January 1, 2011, deletes or extends these dates.

CHAPTER 277

An act to amend Section 33333.6 of the Health and Safety Code, relating to redevelopment.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 33333.6 of the Health and Safety Code is amended to read:

33333.6. The limitations of this section shall apply to every redevelopment plan adopted on or before December 31, 1993.

(a) The effectiveness of every redevelopment plan to which this section applies shall terminate at a date that shall not exceed 40 years from the adoption of the redevelopment plan or January 1, 2009, whichever is later. After the time limit on the effectiveness of the redevelopment plan, the agency shall have no authority to act pursuant to the redevelopment plan except to pay previously incurred indebtedness, to comply with Section 33333.8 and to enforce existing covenants, contracts, or other obligations.

(b) Except as provided in subdivisions (f) and (g), a redevelopment agency may not pay indebtedness or receive property taxes pursuant to Section 33670 after 10 years from the termination of the effectiveness of the redevelopment plan pursuant to subdivision (b).

(c) (1) If plans that had different dates of adoption were merged on or before December 31, 1993, the time limitations required by this section shall be counted individually for each merged plan from the date of the adoption of each plan. If an amendment to a redevelopment plan added territory to the project area on or before December 31, 1993, the time limitations required by this section shall commence, with respect to the redevelopment plan, from the date of the adoption of the redevelopment

plan, and, with respect to the added territory, from the date of the adoption of the amendment.

(2) If plans that had different dates of adoption are merged on or after January 1, 1994, the time limitations required by this section shall be counted individually for each merged plan from the date of the adoption of each plan.

(d) (1) Unless a redevelopment plan adopted prior to January 1, 1994, contains all of the limitations required by this section and each of these limitations does not exceed the applicable time limits established by this section, the legislative body, acting by ordinance on or before December 31, 1994, shall amend every redevelopment plan adopted prior to January 1, 1994, either to amend an existing time limit that exceeds the applicable time limit established by this section or to establish time limits that do not exceed the provisions of subdivision (b) or (c).

(2) The limitations established in the ordinance adopted pursuant to this section shall apply to the redevelopment plan as if the redevelopment plan had been amended to include those limitations. However, in adopting the ordinance required by this section, neither the legislative body nor the agency is required to comply with Article 12 (commencing with Section 33450) or any other provision of this part relating to the amendment of redevelopment plans.

(e) (1) If a redevelopment plan adopted prior to January 1, 1994, contains one or more limitations required by this section, and the limitation does not exceed the applicable time limit required by this section, this section shall not be construed to require an amendment of this limitation.

(2) (A) A redevelopment plan adopted prior to January 1, 1994, that has a limitation shorter than the terms provided in this section may be amended by a legislative body by adoption of an ordinance on or after January 1, 1999, but on or before December 31, 1999, to extend the limitation, provided that the plan as so amended does not exceed the terms provided in this section. In adopting an ordinance pursuant to this subparagraph, neither the legislative body nor the agency is required to comply with Section 33354.6, Article 12 (commencing with Section 33450), or any other provision of this part relating to the amendment of redevelopment plans.

(B) On or after January 1, 2002, a redevelopment plan may be amended by a legislative body by adoption of an ordinance to eliminate the time limit on the establishment of loans, advances, and indebtedness required by this section prior to January 1, 2002. In adopting an ordinance pursuant to this subparagraph, neither the legislative body nor the agency is required to comply with Section 33354.6, Article 12 (commencing with Section 33450), or any other provision of this part relating to the

amendment of redevelopment plans, except that the agency shall make the payment to affected taxing entities required by Section 33607.7.

(C) When an agency is required to make a payment pursuant to Section 33681.9, the legislative body may amend the redevelopment plan to extend the time limits required pursuant to subdivisions (a) and (b) by one year by adoption of an ordinance. In adopting an ordinance pursuant to this subparagraph, neither the legislative body nor the agency is required to comply with Section 33354.6 or Article 12 (commencing with Section 33450) or any other provision of this part relating to the amendment of redevelopment plans, including, but not limited to, the requirement to make the payment to affected taxing entities required by Section 33607.7.

(D) When an agency is required pursuant to Section 33681.12 to make a payment to the county auditor for deposit in the county's Educational Revenue Augmentation Fund created pursuant to Article 3 (commencing with Section 97) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code, the legislative body may amend the redevelopment plan to extend the time limits required pursuant to subdivisions (a) and (b) by the following:

(i) One year for each year in which a payment is made, if the time limit for the effectiveness of the redevelopment plan established pursuant to subdivision (a) is 10 years or less from the last day of the fiscal year in which a payment is made.

(ii) One year for each year in which such a payment is made, if both of the following apply:

(I) The time limit for the effectiveness of the redevelopment plan established pursuant to subdivision (a) is more than 10 years but less than 20 years from the last day of the fiscal year in which a payment is made.

(II) The legislative body determines in the ordinance adopting the amendment that, with respect to the project, the following:

(IIa) The agency is in compliance with the requirements of Section 33334.2 or 33334.6, as applicable.

(IIb) The agency has adopted an implementation plan in accordance with the requirements of Section 33490.

(IIc) The agency is in compliance with subdivisions (a) and (b) of Section 33413, to the extent applicable.

(IId) The agency is not subject to sanctions pursuant to subdivision (e) of Section 33334.12 for failure to expend, encumber, or disburse an excess surplus.

(iii) This subparagraph shall not apply to any redevelopment plan if the time limit for the effectiveness of the redevelopment plan established

pursuant to subdivision (a) is more than 20 years after the last day of the fiscal year in which such a payment is made.

(3) (A) The legislative body by ordinance may adopt the amendments provided for under this paragraph following a public hearing. Notice of the public hearing shall be mailed to the governing body of each affected taxing entity at least 30 days prior to the public hearing and published in a newspaper of general circulation in the community at least once, not less than 10 days prior to the date of the public hearing. The ordinance shall contain a finding of the legislative body that funds used to make a payment to the county's Educational Revenue Augmentation Fund pursuant to Section 33681.12 would otherwise have been used to pay the costs of projects and activities necessary to carry out the goals and objectives of the redevelopment plan. In adopting an ordinance pursuant to this paragraph, neither the legislative body nor the agency is required to comply with Section 33354.6, Article 12 (commencing with Section 33450), or any other provision of this part relating to the amendment of redevelopment plans.

(B) The time limit on the establishment of loans, advances, and indebtedness shall be deemed suspended and of no force or effect but only for the purpose of issuing bonds or other indebtedness the proceeds of which are used to make the payments required by Section 33681.12 if the following apply:

(i) The time limit on the establishment of loans, advances, and indebtedness required by this section prior to January 1, 2002, has expired and has not been eliminated pursuant to subparagraph (B).

(ii) The agency is required to make a payment pursuant to Section 33681.12.

(iii) The agency determines that in order to make the payment required by Section 33681.12, it is necessary to issue bonds or incur other indebtedness.

(iv) The proceeds of the bonds issued or indebtedness incurred are used solely for the purpose of making the payments required by Section 33681.12 and related costs.

The suspension of the time limit on the establishment of loans, advances, and indebtedness pursuant to this subparagraph shall not require the agency to make the payment to affected taxing entities required by Section 33607.7.

(4) (A) A time limit on the establishing of loans, advances, and indebtedness to be paid with the proceeds of property taxes received pursuant to Section 33670 to finance in whole or in part the redevelopment project shall not prevent an agency from incurring debt to be paid from the agency's Low and Moderate Income Housing Fund or establishing more debt in order to fulfill the agency's affordable

housing obligations, as defined in paragraph (1) of subdivision (a) of Section 33333.8.

(B) A redevelopment plan may be amended by a legislative body to provide that there shall be no time limit on the establishment of loans, advances, and indebtedness paid from the agency's Low and Moderate Income Housing Fund or establishing more debt in order to fulfill the agency's affordable housing obligations, as defined in paragraph (1) of subdivision (a) of Section 33333.8. In adopting such an ordinance, neither the legislative body nor the agency is required to comply with Section 33345.6, Article 12 (commencing with Section 33450), or any other provision of this part relating to the amendment of redevelopment plans, and the agency shall not make the payment to affected taxing entities required by Section 33607.7.

(f) The limitations established in the ordinance adopted pursuant to this section shall not be applied to limit the allocation of taxes to an agency to the extent required to comply with Section 33333.8. In the event of a conflict between these limitations and the obligations under Section 33333.8, the limitations established in the ordinance shall be suspended pursuant to Section 33333.8.

(g) (1)This section does not effect the validity of any bond, indebtedness, or other obligation, including any mitigation agreement entered into pursuant to Section 33401, authorized by the legislative body, or the agency pursuant to this part, prior to January 1, 1994.

(2) This section does not affect the right of an agency to receive property taxes, pursuant to Section 33670, to pay the bond, indebtedness, or other obligation.

(3) This section does not affect the right of an agency to receive property taxes pursuant to Section 33670 to pay refunding bonds issued to refinance, refund, or restructure indebtedness authorized prior to January 1, 1994, if the last maturity date of these refunding bonds is not later than the last maturity date of the refunded indebtedness and the sum of the total net interest cost to maturity on the refunding bonds plus the principal amount of the refunding bonds is less than the sum of the total net interest cost to maturity on the refunded indebtedness plus the principal amount of the refunded indebtedness.

(h) A redevelopment agency shall not pay indebtedness or receive property taxes pursuant to Section 33670, with respect to a redevelopment plan adopted prior to January 1, 1994, after the date identified in subdivision (b) or the date identified in the redevelopment plan, whichever is earlier, except as provided in paragraph (2) of subdivision (e), in subdivision (g), or in Section 33333.8.

(i) The Legislature finds and declares that the amendments made to this section by the act that adds this subdivision are intended to add

limitations to the law on and after January 1, 1994, and are not intended to change or express legislative intent with respect to the law prior to that date. It is not the intent of the Legislature to affect the merits of any litigation regarding the ability of a redevelopment agency to sell bonds for a term that exceeds the limit of a redevelopment plan pursuant to law that existed prior to January 1, 1994.

(j) If a redevelopment plan is amended to add territory, the amendment shall contain the time limits required by Section 33333.2.

CHAPTER 278

An act to amend Sections 4464, 4475, 4475.1, 4475.5, 4476, and 4480 of, and to add Section 4442.6 to, the Public Resources Code, relating to forest practices.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 4442.6 is added to the Public Resources Code, to read:

4442.6. (a) A person shall not sell, offer for sale, lease, or rent to a person any equipment that is powered by an internal combustion engine subject to Section 4442 or 4443, and not subject to Section 13005 of the Health and Safety Code, unless that equipment has a permanent warning label attached that is in plain view to the operator that states, "WARNING—Operation of This Equipment May Create Sparks That Can Start Fires Around Dry Vegetation. A Spark Arrestor May be Required. The Operator Should Contact Local Fire Agencies For Laws or Regulations Relating to Fire Prevention Requirements."

(b) A person who manufacturers equipment that is powered by an internal combustion engine described in subdivision (a) shall attach to that equipment a permanent warning label that is in plain view to the operator and that complies with subdivision (a).

(c) Notwithstanding Section 4021, a violation of subdivision (a) or (b) is an infraction punishable by a fine of not more than one hundred dollars ($100).

SEC. 2. Section 4464 of the Public Resources Code is amended to read:

4464. Unless the context clearly requires otherwise, the following definitions govern the construction of this chapter:

(a) "Wild land" means any land that is classified as a state responsibility area pursuant to Article 3 (commencing with Section 4125) of Chapter 1 and includes any land having a flammable plant cover. "Wild land" also means any land not classified as a state responsibility area where the geographic location of these lands and accumulation of wild land fuel is such that a wild land fire occurring on these lands would pose a threat to a state responsibility area.

(b) "Wild land fuel" means any timber, brush, grass, or other flammable vegetation, living or dead, standing or down.

(c) "Wild land fire" means any uncontrolled fire burning on wild land.

(d) "Prescribed burning" or "prescribed burning operation" means the planned application and confinement of fire to wild land fuels on lands selected in advance of that application to achieve any of the following objectives:

(1) Prevention of high-intensity wild land fires through reduction of the volume and continuity of wild land fuels.

(2) Watershed management.

(3) Range improvement.

(4) Vegetation management.

(5) Forest improvement.

(6) Wildlife habitat improvement.

(7) Air quality maintenance.

(e) "Prescribed burn crew" means personnel and firefighting equipment of the department that are prepared to contain fire set in a prescribed burning operation and to suppress any fire that escapes during a prescribed burning operation.

(f) "Person" means any natural person, firm, association, partnership, business trust, corporation, limited liability company, company, or combination thereof, or any public agency other than an agency of the federal government.

(g) "Hazardous fuel reduction" means the application of practices to wild lands, the primary impact of which to the vegetation is generally limited to the reduction of surface and ladder wild land fuels. These practices include, but are not limited, to prescribed fire, piling by machine or by hand in preparation for burning, thinning, pruning, or grazing. Treatments that reduce crown densities shall be prescribed only for the purpose of impacting fire behavior, and where it can be reasonably concluded based on the proposed treatment that the likelihood for the formation of crown fires is reduced.

SEC. 3. Section 4475 of the Public Resources Code is amended to read:

4475. The director, with the approval of the Director of General Services, may enter into a contract for prescribed burning or other

hazardous fuel reduction that is consistent with this chapter and the regulations of the board with (1) the owner or any other person who has legal control of any property or (2) any public agency with regulatory or natural resource management authority over any property that is included within any wild land for any of the following purposes, or any combination thereof:

(a) Prevention of high-intensity wild land fires through reduction of the volume and continuity of wild land fuels.

(b) Watershed management.

(c) Range improvement.

(d) Vegetation management.

(e) Forest improvement.

(f) Wildlife habitat improvement.

(g) Air quality maintenance.

No contract may be entered into pursuant to this section unless the director determines that the public benefits estimated to be derived from the prescribed burning or other hazardous fuel reduction pursuant to the contract will be equal to or greater than the foreseeable damage that could result from the prescribed burning or other hazardous fuel reduction.

SEC. 4. Section 4475.1 of the Public Resources Code is amended to read:

4475.1. The director, with the approval of the Director of General Services, may enter into a master agreement with federal land management agencies to conduct joint prescribed burning operations on wild lands and federal lands where these operations serve the public interest and are beneficial to the state. This master agreement shall be known as the Multiagency Agreement for Cooperative Use of Prescribed Fire and shall establish guidelines for the cooperative management of joint prescribed burning operations. The master agreement shall require the completion of a project agreement for each individual prescribed burn which shall include the following:

(a) A list of all participants.

(b) A joint prescribed burn plan.

(c) A display of the project costs to be assumed by each participant.

(d) A summary of the benefits to be received by each participant.

(e) An apportionment of suppression cost to each participant in the event a wildfire escapes from the project.

Project costs to be assumed by each agency or cooperator shall be based on the benefits received by each participant. The apportionment of suppression cost shall be based on the following:

(1) The benefits received by each participant.

(2) The amount at risk of each participant.

(3) The cost to produce the desired benefits received by each participant.

(4) The total acreage included by each participant.

SEC. 5. Section 4475.5 of the Public Resources Code is amended to read:

4475.5. (a) The state may assume a proportionate share of the costs of site preparation and prescribed burning or other hazardous fuel reduction conducted pursuant to this article on wild lands other than wild lands under the jurisdiction of the federal government. The state's share of those costs shall bear the same ratio to the total costs of the operation as the public benefits bear to all public and private benefits to be derived from the prescribed burning operation or other hazardous fuel reduction, as estimated and determined by the director. The state's share of the costs may exceed 90 percent of the total costs of the operation only if the director determines that no direct private economic benefits will accrue or will be utilized by a person that owns or controls any property under contract pursuant to Section 4475.

(b) The board shall adopt regulations establishing standards to be used by the director in determining the state's share of these costs and in determining whether, pursuant to Section 4475, the public benefits of a prescribed burning operation or other hazardous fuel reduction will equal or exceed the foreseeable damage therefrom.

(c) The determination of public and private benefits pursuant to this section shall reflect any substantial benefit to be derived from accomplishing any of the purposes specified in Section 4475 and the prevention of degradation of air quality.

(d) All or part of these costs to be borne by the person contracting with the department may be met by the value of materials, services, or equipment furnished by that person directly, or furnished by that person pursuant to an agreement with a private consultant or contractor, or furnished by a combination of both means, that are determined by the department to be suitable for the preparation for, and the conduct of, the prescribed burning operation or other hazardous fuel reduction.

SEC. 6. Section 4476 of the Public Resources Code is amended to read:

4476. Any contract which is entered into pursuant to this article shall do all of the following:

(a) Vest in the director the final authority to determine the time during which wild land fuel and structural fire hazards may be burned to minimize the risk of escape of a fire set in a prescribed burning operation and to facilitate maintenance of air quality.

(b) Clearly state the obligation of each party to the contract to provide, maintain, and repair equipment and indicate the number of each type of equipment to be provided and the duration of its availability.

(c) Designate an officer of the department as the fire boss with final authority to approve and amend the plan and formula applicable to a prescribed burning operation, to determine that the site has been prepared and the crew and equipment are ready to commence the operation, and to supervise the work assignments of departmental employees and all personnel furnished by the person contracting with the department until the prescribed burning is completed and all fire is declared to be out.

(d) Specify the duties of, and the precautions taken by, the person contracting with the department and any personnel furnished by that person.

(e) Provide that any personnel furnished by a person contracting with the department to assist in any aspect of site preparation or prescribed burning or other hazardous fuel reduction shall be an agent of that person for all purposes of workers' compensation. However, any volunteer recruited or used by the department to suppress a wild land fire originating or spreading from a prescribed burning operation is an employee of the department for all purposes of workers' compensation.

(f) Specify the value assigned to the materials, services, or equipment furnished by the person contracting with the department in lieu of payment of all or part of that person's share of the actual costs.

(g) Specify the total costs of the prescribed burning operation or other hazardous fuel reduction and the pro rata share thereof for each party to the contract. Any person contracting with the department shall, prior to the commencement of any work by the department, place on deposit in an interest-bearing escrow or trust account with a California-licensed financial institution an amount equal to that person's pro rata share of the costs, less the value of materials, services, or equipment specified pursuant to subdivision (e). Interest earned on the account shall accrue to the depositor and may be separately disbursed from the principal amount upon request of the depositor. Disbursement of funds on deposit in the trust or escrow account shall be authorized by the depositor within 15 days after completion, to the depositor's satisfaction, of all work specified in the contract to be done by the department.

(h) Provide that the department may, in its discretion, purchase a third-party liability policy of insurance that provides coverage against loss resulting from a wild land fire sustained by any person or public agency, including the federal government. The amount of the policy, if purchased, shall be determined by the director. The policy shall name the person contracting with the department and the department as joint policyholders. The premium shall be included as a cost prorated as

provided in subdivision (g). A certificate of insurance, if purchased, covering each policy shall be attached to or become a part of the contract. If the department elects not to purchase insurance, the department shall agree to indemnify and hold harmless the person or public agency contracting with the department with respect to liability arising out of performance of the contract.

SEC. 7. Section 4480 of the Public Resources Code is amended to read:

4480. In any area of the state where there are substantially more requests for prescribed burning operations or other hazardous fuel reduction pursuant to this article than can be conducted directly by the department in a single fiscal year, the director may, with the approval of the Director of Finance, enter into an agreement with private consultants or contractors or with other public agencies for furnishing all or a part of the state's share of the responsibility for planning the operation, preparing the site, and conducting the prescribed burning or other hazardous fuel reduction. The private consultant or contractor or other public agency, and the work assignments of its employees, shall be supervised by the fire boss when conducting prescribed burning operations, or designated officer of the department when conducting other hazardous fuel reduction, as provided in subdivision (c) of Section 4476. No agreement may be entered into pursuant to this section unless the director determines that it will enable the prescribed burning operation to be conducted at a cost equal to, or less than, the cost that would otherwise be incurred by the state.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

If the officer has a reasonable belief that the minor would be endangered by a disclosure of the place where the minor is being held, or that the disclosure would cause the custody of the minor to be disturbed, the officer may refuse to disclose the place where the minor is being held for a period not to exceed 24 hours. The officer shall, however, inform the parent, guardian, or responsible relative whether the child requires and is receiving medical or other treatment. by the public in accordance with the following: The agency may require that a person applying to view the CD-ROM or other electronic medium express an articulable purpose in order to have access thereto. The applicant shall provide identification in the form of a California driver's license, California identification card, or military identification card and orders with proof of permanent assignment or attachment to a military command or vessel in California, showing the applicant to be at least 18 years of age. The signed statement shall be maintained in a file in the designated law enforcement agency's office. A person under 18 years of age may accompany an applicant who is that person's parent or legal guardian for the purpose of viewing the CD-ROM or other electronic medium.

(B) The records of persons requesting to view the CD-ROM or other electronic medium are confidential, except that a copy of the applications requesting to view the CD-ROM or other electronic medium may be disclosed to law enforcement agencies for law enforcement purposes.

(3) The warrant shall, whenever practicable, be served during normal business hours. In addition, the warrant shall be served upon a party who appears to have possession or control of the items sought. If, after reasonable efforts, the party serving the warrant is unable to locate the person, the special master shall seal and return to the court, for determination by the court, any item that appears to be privileged as provided by law.

(d) As used in this section, a "special master" is an attorney who is a member in good standing of the California State Bar and who has been selected from a list of qualified attorneys that is maintained by the State Bar particularly for the purposes of conducting the searches described in this section. These attorneys shall serve without compensation. A special master shall be considered a public employee, and the governmental entity that caused the search warrant to be issued shall be considered the employer of the special master and the applicable public entity, for purposes of Division 3.6 (commencing with Section 810) of Title 1 of the Government Code, relating to claims and actions against public entities and public employees. In selecting the special master, the court shall make every reasonable effort to ensure that the person selected has no relationship with any of the parties involved in the pending matter. Any information obtained by the special master shall be confidential and may not be divulged except in direct response to inquiry by the court.

In any case in which the magistrate determines that, after reasonable efforts have been made to obtain a special master, a special master is not available and would not be available within a reasonable period of time, the magistrate may direct the party seeking the order to conduct

the search in the manner described in this section in lieu of the special master.

(e) Any search conducted pursuant to this section by a special master may be conducted in a manner that permits the party serving the warrant or his or her designee to accompany the special master as he or she conducts his or her search. However, that party or his or her designee may not participate in the search nor shall he or she examine any of the items being searched by the special master except upon agreement of the party upon whom the warrant has been served.

(f) As used in this section, "documentary evidence" includes, but is not limited to, writings, documents, blueprints, drawings, photographs, computer printouts, microfilms, X-rays, files, diagrams, ledgers, books, tapes, audio and video recordings, films or papers of any type or description.

(g) No warrant shall issue for any item or items described in Section 1070 of the Evidence Code.

(h) Notwithstanding any other law, no claim of attorney work product as described in Chapter 4 (commencing with Section 2018.010) of Title 4 of Part 4 of the Code of Civil Procedure shall be sustained where there is probable cause to believe that the lawyer is engaging or has engaged in criminal activity related to the documentary evidence for which a warrant is requested unless it is established at the hearing with respect to the documentary evidence seized under the warrant that the services of the lawyer were not sought or obtained to enable or aid anyone to commit or plan to commit a crime or a fraud.

(i) Nothing in this section is intended to limit an attorney's ability to request an in camera hearing pursuant to the holding of the Supreme Court of California in People v. Superior Court (Laff) (2001) 25 Cal.4th 703.

(j) In addition to any other circumstance permitting a magistrate to issue a warrant for a person or property in another county, when the property or things to be seized consist of any item or constitute any evidence that tends to show a violation of Section 530.5, the magistrate may issue a warrant to search a person or property located in another county if the person whose identifying information was taken or used resides in the same county as the issuing court.

It is the duty of the alienists so selected and appointed to examine such defendant and investigate his or her sanity, and to report their opinions and conclusions thereon, in writing, to the Governor, to the warden of the prison at which the execution is to take place, or, if the defendant is female, the warden of the Central California Women's Facility, at least 20 days prior to the day appointed for the execution of the judgment of death upon the defendant. Notwithstanding any other law, any person or entity required to pay a fee to the department for information received under this section may charge the applicant a fee sufficient to reimburse the person or entity for this expense. All moneys received by the department pursuant to this section, Sections 11105.3 and 12054 of the Penal Code, and Section 13588 of the Education Code shall be deposited in a special account in the General Fund to be available for expenditure by the department to offset costs incurred pursuant to those sections and for maintenance and improvements to the systems from which the information is obtained upon appropriation by the Legislature.

an arrest shall not be disclosed if the records of the Department of Justice indicate or if the genuine effort reveals that the subject was exonerated, successfully completed a diversion or deferred entry of judgment program, or the arrest was deemed a detention.

(3) Notwithstanding the requirements of the sections referenced in paragraph (1) of this subdivision, the Department of Justice shall not disseminate information about an arrest subsequently deemed a detention or an arrest that resulted in either the successful completion of a diversion program or exoneration.

(n) (1) This subdivision shall apply whenever state or federal summary criminal history information, to be used for employment, licensing, or certification purposes, is furnished by the Department of Justice as the result of an application by an authorized agency, organization, or individual pursuant to any of the following:

No person shall serve as a member of the board for more than two consecutive terms.

Vacancies occurring prior to the expiration of the term shall be filled by appointment for the unexpired term.

Each appointment shall expire on June 30 of the fourth year following the year in which the previous term expired.

The Governor shall appoint three of the public members and the five licensed members qualified as provided in Section 5514. The Senate Rules Committee and the Speaker of the Assembly shall each appoint a public member.

The application, which shall include a certified copy of the final order of the registrar, shall constitute a sufficient showing to warrant the issuance of the judgment and order. If the cited person

did not appeal the citation, a certified copy of the citation and proof of service, and a certification that the person cited is not or was not a licensed contractor or applicant for a license at the time of issuance of the citation, shall constitute a sufficient showing to warrant the issuance of the judgment and order.

(b) Notwithstanding any other provision of law, the registrar may delegate the collection of the civil penalty for any citation issued to any person or entity legally authorized to engage in collections. Costs of collection shall be borne by the person cited. The registrar shall not delegate the authority to enforce the order of abatement.

The assignee and the registrar shall have all the rights afforded under the ordinary laws of assignment of rights and delegation of duties. The registrar shall not assign the order of abatement. SEC. 4. Section 7071.6 of the Business and Professions Code is amended to read:

7071.6. (a) The board shall require as a condition precedent to the issuance, reinstatement, reactivation, renewal, or continued maintenance of a license, that the applicant or licensee file or have on file a contractor's bond in the sum of ten thousand dollars ($10,000), regardless of the classification. However, on and after January 1, 2007, the sum of the bond that an applicant or licensee is required to have on file shall be twelve thousand five hundred dollars ($12,500).

(b) Excluding the claims brought by the beneficiaries specified in subdivision (a) of Section 7071.5, the aggregate liability of a surety on claims brought against a bond required by this section shall not exceed the sum of seven thousand five hundred dollars ($7,500). The bond proceeds in excess of seven thousand five hundred dollars ($7,500) shall be reserved exclusively for the claims of the beneficiaries specified in subdivision (a) of Section 7071.5. However, nothing in this section shall be construed so as to prevent any beneficiary specified in subdivision (a) of Section 7071.5 from claiming or recovering the full measure of the bond required by this section.

(c) No bond shall be required of a holder of a license that has been inactivated on the official records of the board during the period the license is inactive.

(d) Notwithstanding any other provision of law, as a condition precedent to licensure, the board may require an applicant to post a contractor's bond in twice the amount required pursuant to subdivision (a) until the time that the license is renewed, under the following conditions:

(1) The applicant has either been convicted of a violation of Section 7028 or has been cited pursuant to Section 7028.7.

(2) If the applicant has been cited pursuant to Section 7028.7, the citation has been reduced to a final order of the registrar.

(3) The violation of Section 7028, or the basis for the citation issued pursuant to Section 7028.7, constituted a substantial injury to the public.

SEC. 5. Section 7071.11 of the Business and Professions Code is amended to read:

7071.11. (a) The aggregate liability of a surety on a claim for wages and fringe benefits brought against any bond required by this article, other than a bond required by Section 7071.8, shall not exceed the sum of four thousand dollars ($4,000). If any bond required by this article is insufficient to pay all claims in full, the sum of the bond shall be distributed to all claimants in proportion to the amount of their respective claims.

(b) No license may be renewed, reissued, or reinstated while any judgment or admitted claim in excess of the amount of the bond remains unsatisfied. The following limitations periods apply to bonds required by this article:

(1) Any action, other than an action to recover wages or fringe benefits, against a contractor's bond or a bond of a qualifying individual filed by an active licensee shall be brought within two years after the expiration of the license period during which the act or omission occurred, or within two years of the date the license of the active licensee

was inactivated, canceled, or revoked by the board, whichever first occurs.

(2) Any action, other than an action to recover wages or fringe benefits, against a disciplinary bond filed by an active licensee pursuant to Section 7071.8 shall be brought within two years after the expiration of the license period during which the act or omission occurred, or within two years of the date the license of the active licensee was inactivated, canceled, or revoked by the board, or within two years after the last date for which a disciplinary bond filed pursuant to Section 7071.8 was required, whichever date is first.

(3) A claim to recover wages or fringe benefits shall be brought within six months from the date that the wage or fringe benefit delinquencies were discovered, but in no event shall a civil action thereon be brought later than two years from the date the wage or fringe benefit contributions were due.

(c) Whenever the surety makes payment on any claim against a bond required by this article, whether or not payment is made through a court action or otherwise, the surety shall, within 30 days of the payment, provide notice to the registrar. The notice required by this subdivision shall provide the following information by declaration on a form prescribed by the registrar:

(1) The name and license number of the contractor.

(2) The surety bond number.

(3) The amount of payment.

(4) The statutory basis upon which the claim is made.

(5) The names of the person or persons to whom payments have been made.

(6) Whether or not the payments were the result of a good faith action by the surety.

The notice shall also clearly indicate whether or not the licensee filed a protest in accordance with this section.

(d) Prior to the settlement of a claim through a good faith payment by the surety, a licensee shall have not less than 15 days in which to provide a written protest. This protest shall instruct the surety not to make payment from the bond on the licensee's account upon the specific grounds that the claim is opposed by the licensee, and provide the surety a specific and reasonable basis for the licensee's opposition to payment.

(1) Whenever a licensee files a protest in accordance with this subdivision, the board shall investigate the matter and file disciplinary action as set forth under this chapter if there is evidence that the surety has sustained a loss as the result of a good faith payment made for the purpose of mitigating any damages incurred by any person or entity covered under Section 7071.5.

(2) Any licensee that fails to file a protest as specified in this subdivision shall have 90 days from the date of notification by the board to submit proof of payment of the actual amount owed to the surety and, if applicable, proof of payment of any judgment or admitted claim in excess of the amount of the bond or, by operation of law, the license shall be suspended at the end of the 90 days. A license suspension pursuant to this subdivision shall be disclosed indefinitely as a failure to settle outstanding final liabilities in violation of this chapter. The disclosure specified by this subdivision shall also be applicable to all licenses covered by the provisions of subdivision (d).

(e) No license may be renewed, reissued, or reinstated while any surety remains unreimbursed for any loss or expense sustained on any bond issued for the licensee or for any entity of which any officer, director, member, partner, or qualifying person was an officer, director, member, partner, or qualifying person of the licensee while the licensee was subject to suspension or disciplinary action under this section.

(f) The licensee may provide the board with a notarized copy of an accord, reached with the surety to satisfy the debt in lieu of full payment. By operation of law, failure to abide by the accord shall result in the automatic suspension of any license to which this section applies. A license that is suspended for failure to abide by the accord may only be renewed or reinstated when proof of satisfaction of all debts is made.

(g) Legal fees may not be charged against the bond by the board.

SEC. 6. Section 7071.12 of the Business and Professions Code is amended to read:

7071.12. (a) Instead of the bond provided by this article a deposit may be given pursuant to Article 7 (commencing with Section 995.710) of Chapter 2 of Title 14 of Part 2 of the Code of Civil Procedure.

(b) If the board is notified, in writing, of a civil action against the deposit authorized under this section, the deposit or any portion thereof shall not be released for any purpose, except as determined by the court.

(c) If any deposit authorized under this section is insufficient to pay, in full, all claims that have been adjudicated under any action filed in accordance with this section, the sum of the deposit shall be distributed to all claimants in proportion to the amount of their respective claims.

(d) The following limitations periods apply to deposits in lieu of the bond required by this article:

(1) Any action, other than an action to recover wages or fringe benefits, against a deposit given in lieu of a contractor's bond or bond of a qualifying individual filed by an active licensee shall be brought within three years after the expiration of the license period during which the act or omission occurred, or within three years of the date the license

of the active licensee was inactivated, canceled, or revoked by the board, whichever occurs first.

(2) Any action, other than an action to recover wages or fringe benefits, against a deposit given in lieu of a disciplinary bond filed by an active licensee pursuant to Section 7071.8 shall be brought within three years after the expiration of the license period during which the act or omission occurred, or within three years of the date the license of the active licensee was inactivated, canceled, or revoked by the board, or within three years after the last date for which a deposit given in lieu of a disciplinary bond filed pursuant to Section 7071.8 was required, whichever date is first.

(3) A claim to recover wages or fringe benefits shall be brought within six months from the date that the wage or fringe benefit delinquencies were discovered, but in no event shall a civil action thereon be brought later than two years from the date the wage or fringe benefit contributions were due.

(e) In any case in which a claim is filed against a deposit given in lieu of a bond by any employee or by an employee organization on behalf of an employee, concerning wages or fringe benefits based upon the employee's employment, claims for the nonpayment shall be filed with the Labor Commissioner. The Labor Commissioner shall, pursuant to the authority vested by Section 96.5 of the Labor Code, conduct hearings to determine whether or not the wages or fringe benefits should be paid to the complainant. Upon a finding by the commissioner that the wages or fringe benefits should be paid to the complainant, the commissioner shall notify the register of the findings. The registrar shall not make payment from the deposit on the basis of findings by the commissioner for a period of 10 days following determination of the findings. If, within the period, the complainant or the contractor files written notice with the registrar and the commissioner of an intention to seek judicial review of the findings pursuant to Section 11523 of the Government Code, the registrar shall not make payment if an action is actually filed, except as determined by the court. If, thereafter, no action is filed within 60 days following determination of findings by the commissioner, the registrar shall make payment from the deposit to the complainant.

(f) Legal fees may not be charged by the board against any deposit posted pursuant to this section.

SEC. 7. Section 7073 of the Business and Professions Code is amended to read:

7073. (a) The registrar may deny any application for a license or supplemental classification where the applicant has failed to comply with any rule or regulation adopted pursuant to this chapter or where

there are grounds for denial under Section 480. Procedures for denial of an application shall be conducted in accordance with Section 485.

(b) When the board has denied an application for a license on grounds that the applicant has committed a crime substantially related to qualifications, functions, or duties of a contractor, it shall, in its decision or in its notice under subdivision (b) of Section 485, inform the applicant of the earliest date on which the applicant may reapply for a license. The board shall develop criteria, similar to the criteria developed to evaluate rehabilitation, to establish the earliest date on which the applicant may reapply. The date set by the registrar shall not be more than five years from the effective date of the decision or service of notice under subdivision (b) of Section 485.

(c) The board shall inform an applicant that all competent evidence of rehabilitation shall be considered upon reapplication.

(d) Along with the decision or notice under subdivision (b) of Section 485, the board shall serve a copy of the criteria for rehabilitation formulated under Section 482.

(e) In lieu of denying licensure as authorized under this section, the registrar may issue an applicant a probationary license with terms and conditions. During the probationary period, if information is brought to the attention of the registrar regarding any act or omission of the licensee constituting grounds for discipline or denial of licensure for which the registrar determines that revocation of the probationary license would be proper, the registrar shall notify the applicant to show cause within 30 days why the probationary license should not be revoked. The proceedings shall be conducted in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the registrar shall have all the powers granted therein. A probationary license shall not be renewed during any period in which any proceeding brought pursuant to this section is pending.

SEC. 8. Section 7085 of the Business and Professions Code is amended to read:

7085. (a) After investigating any verified complaint alleging a violation of Section 7107, 7109, 7110, 7113, 7119, or 7120, and any complaint arising from a contract involving works of improvement and finding a possible violation, the registrar may, with the concurrence of both the licensee and the complainant, refer the alleged violation, and any dispute between the licensee and the complainant arising thereunder, to arbitration pursuant to this article, provided the registrar finds that:

(1) There is evidence that the complainant has suffered or is likely to suffer material damages as a result of a violation of Section 7107, 7109,

7110, 7113, 7119, or 7120, and any complaint arising from a contract involving works of improvement.

(2) There are reasonable grounds for the registrar to believe that the public interest would be better served by arbitration than by disciplinary action.

(3) The licensee does not have a history of repeated or similar violations.

(4) The licensee was in good standing at the time of the alleged violation.

(5) The licensee does not have any outstanding disciplinary actions filed against him or her.

(6) The parties have not previously agreed to private arbitration of the dispute pursuant to contract or otherwise.

(7) The parties have been advised of the provisions of Section 2855 of the Civil Code.

For the purposes of paragraph (1), "material damages" means damages greater than the amount of the bond required under subdivision (a) of Section 7071.6, but less than fifty thousand dollars ($50,000).

(b) In all cases in which a possible violation of the sections set forth in paragraph (1) of subdivision (a) exists and the contract price, or the demand for damages is equal to or less than the amount of the bond required under Section 7071.6, but, regardless of the contract price, the complaint shall be referred to arbitration, utilizing the criteria set forth in paragraphs (2) to (6), inclusive, of subdivision (a).

SEC. 9. Section 7110.5 of the Business and Professions Code is amended to read:

7110.5. Upon receipt of a certified copy of the Labor Commissioner's finding of a willful or deliberate violation of the Labor Code by a licensee, pursuant to Section 98.9 of the Labor Code, the registrar shall initiate disciplinary action against the licensee within 30 days of notification.

SEC. 10. Section 19830 of the Health and Safety Code is amended to read:

19830. Every city or county, whether general law or chartered, which requires the issuance of a permit as a condition precedent to the construction, alteration, improvement, demolition, or repair of any building or structure, shall, in addition to any other requirements, prepare and give notice to the owner of the building or structure whenever an application for a building permit is submitted in the owner's name as builder of the improvements. The notice shall be given by mail; or the notice may be given to the applicant at the time the application for the permit is made, provided that the applicant presents identification

sufficient to identify himself or herself as the owner. The notice shall be in substantially the following form:

"OWNER-BUILDER INFORMATION

"Dear Property Owner:

"An application for a building permit has been submitted in your name listing yourself as the builder of the property improvements specified.

"For your protection you should be aware that as 'owner-builder' you are the responsible party of record on the permit. Building permits are not required to be signed by property owners unless they are personally performing their own work. If your work is being performed by someone other than yourself, you may protect yourself from possible liability if that person applies for the proper permit in his or her name.

"Contractors are required by law to be licensed and bonded by the State of California and to have a business license from the city or county. They are also required by law to put their license number on all permits for which they apply.

"If you plan to do your own work, with the exception of various trades that you plan to subcontract, you should be aware of the following information for your benefit and protection:

"If you employ or otherwise engage any persons other than your immediate family, and the work (including materials and other costs) is $500 or more for the entire project, and the persons are not licensed as contractors or subcontractors, then you may be an employer.

"If you are an employer, you must register with the state and federal government as an employer and you are subject to several obligations including state and federal income tax withholding, federal social security taxes, workers' compensation insurance, disability insurance costs, and unemployment compensation contributions.

"There may be financial risks for you if you do not carry out these obligations, and these risks are especially serious with respect to workers' compensation insurance.

"For more specific information about your obligations under federal law, contact the Internal Revenue Service (and, if you wish, the U.S. Small Business Administration). For more specific information about your obligations under state law, contact the Department of Benefit Payments and the Division of Industrial Accidents.

"If the structure is intended for sale, property owners who are not licensed contractors are allowed to perform their work personally or through their own employees, without a licensed contractor or subcontractor, only under limited conditions.

"A frequent practice of unlicensed persons professing to be contractors is to secure an 'owner-builder' building permit, erroneously implying that the property owner is providing his or her own labor and material personally. Building permits are not required to be signed by property owners unless they are performing their own work personally.

"Information about licensed contractors may be obtained by contacting the Contractors' State License Board's automated telephone information system at 1-800-321-CSLB (2752) or by accessing their Web site at www.CSLB.ca.gov.

"Please complete and return the enclosed owner-builder verification form so that we can confirm that you are aware of these matters. The building permit will not be issued until the verification is returned.

Very truly yours,

"(Name of permitting agency)".

CHAPTER 281

An act to amend Sections 2188.7 and 2823 of, and to add Section 327.5 to, the Revenue and Taxation Code, relating to property taxation.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 327.5 is added to the Revenue and Taxation Code, to read:

327.5. Notwithstanding any other provision of law, the assessor shall not assign any parcel numbers or prepare a separate assessment or separate valuation to divide any existing residential structure into a subdivision, as defined in Section 66424 of the Government Code, until a subdivision final map or parcel map, as described in Sections 66434 and 66445, respectively, of the Government Code has been recorded as required by law. If the requirement for a parcel map is waived pursuant to subdivision (b) of Section 66428 of the Government Code, then the assessor shall not assign any parcel numbers or prepare a separate assessment or separate valuation, unless the applicant provides a copy of the finding made by the legislative body or advisory agency, as required by that subdivision.

SEC. 2. Section 2188.7 of the Revenue and Taxation Code is amended to read:

2188.7. (a) Whenever the assessor receives a written request for separate assessment of a community apartment project, a stock cooperative, or a limited equity housing cooperative as defined in Section 11003.2, 11003.4, or 11004 of the Business and Professions Code, or any other similarly organized housing cooperative, the assessor shall, on the first lien date which occurs more than 60 days following the request, and on each lien date thereafter, separately assess the individual interests described in subdivision (b) held by the owners of the project or shareholders of the corporation if the conditions specified in subdivision (c) have been met. Whenever a community apartment project or cooperative housing corporation is separately assessed, it shall continue to be separately assessed in subsequent fiscal years and once a request for separate assessment is made, it is binding on all future owners and occupants of the project or corporation.

(b) For community apartment projects, and similarly organized projects, the interest that is to be separately assessed pursuant to subdivision (a) is the value of the right of exclusive occupancy in a portion of the real property coupled with an undivided interest in the land. For cooperative housing corporations, limited equity housing cooperatives and similarly organized cooperatives, the interest that is to be separately assessed is the value of the right of exclusive occupancy which is transferable only concurrently with the transfer of the share or shares of stock in the corporation held by the person having such right of occupancy, together with an interest in appurtenant common areas.

(c) Except as provided in subdivision (a), a separate assessment of any interest described in subdivision (b) may not be made by the assessor unless:

(1) The person making the request certifies that the owners or shareholders have been notified and the request for separate assessment has been approved in the manner provided in the organizational documents of the organization involved for approval of matters affecting the affairs of the organization generally; and

(2) A diagrammatic floor plan of the improvements and a survey plot map of the land showing the location of the improvements on the land, prepared in the form required by Chapter 2 (commencing with Section 66425) of Division 2 of Title 7 of the Government Code, has been recorded with the county recorder and filed with the assessor.

(3) Notwithstanding any other provision of law, a separate valuation to divide any existing residential structure into a subdivision, as defined in Section 66424 of the Government Code, shall not be made until a subdivision final map or parcel map, as described in Sections 66434 and 66445, respectively, of the Government Code has been recorded as required by law. If the requirement for a parcel map is waived pursuant

to subdivision (b) of Section 66428 of the Government Code, then the assessor shall not assign any parcel numbers or prepare a separate assessment or separate valuation, unless the applicant provides a copy of the finding made by the legislative body or advisory agency, as required by that subdivision.

(d) Notwithstanding the provisions of Section 2605 and regardless of whether the board of supervisors has adopted a resolution in accordance with Section 2700, the tax on interests in a cooperative housing corporation or a limited-equity housing corporation separately assessed pursuant to subdivision (a) shall be entered on the secured roll and may be paid in two installments as provided in Chapter 2.1 (commencing with Section 2700) of Part 5. However, if:

(1) The tax on the separately assessed interest is unpaid when any installment of taxes on the secured roll becomes delinquent, the tax collector may use the procedures applicable to the collection of delinquent taxes on the unsecured roll; and

(2) The tax on the separately assessed interest remains unpaid at the time set for the declaration of default for delinquent taxes, the tax on the separately assessed interest, together with any penalties and costs which may have accrued thereon while on the secured roll, shall be transferred to the unsecured roll.

(e) The tax on an individual interest in a community apartment project, separately assessed pursuant to subdivision (a), shall be a lien solely on that interest and shall be entered on and be subject to all provisions of law applicable to taxes on the secured roll.

(f) The assessor shall provide to the principal office of each community apartment project and cooperative housing corporation within the taxing jurisdiction, at the time and in the manner as he or she deems appropriate, adequate notice of the provisions of this section and other pertinent information relative to the implementation thereof.

(g) The assessor may charge a fee for the initial cost of separately assessing a project or corporation which may be collected on the tax bill.

SEC. 3. Section 2823 of the Revenue and Taxation Code is amended to read:

2823. (a) The county assessor shall determine a separate valuation on the parcel, and shall determine the valuation of the remaining parcel. The sum of the valuations of the parcels shall equal their total valuation before separation.

(b) A separate valuation shall not be made of any parcel covered by a subdivision map filed for record after the lien date immediately preceding the current fiscal year. In connection with the recording of a final subdivision map a segregation may nevertheless be made so as to include all of the land within the subdivision in a single parcel.

(c) A separate valuation shall not be made dividing any piece of property separately assessed in the original assessment into more than four parcels. However, this prohibition shall not apply in any county in which the board of supervisors so provides in an ordinance adopted by a majority vote of the board.

(d) Notwithstanding any other provision of law, a separate valuation to divide any existing residential structure into a subdivision, as defined in Section 66424 of the Government Code, shall not be made until a subdivision final map or parcel map, as described in Sections 66434 and 66445, respectively, of the Government Code has been recorded as required by law. If the requirement for a parcel map is waived pursuant to subdivision (b) of Section 66428 of the Government Code, then the assessor shall not assign any parcel numbers or prepare a separate assessment or separate valuation, unless the applicant provides a copy of the finding made by the legislative body or advisory agency, as required by that subdivision.

(e) With respect to nonresidential subdivisions, without regard to the number of parcels involved, which are covered by special assessment liens the bonds for which are owned by a county, the board of supervisors of that county may authorize the county assessor, auditor, and tax collector to prorate the amounts for past due property taxes and assessment liens, plus any interest and penalties that may have accrued thereon, among the various parcels in the subdivision. Notwithstanding any other provision of law, the tax collector may then enter into an installment payment agreement with respect to the pending subdivision map and thereupon the agreement shall be deemed the equivalent of a certificate pursuant to Section 66492 of the Government Code for purposes of permitting the filing of the final map and shall be recorded together with the final map, provided that the past due property taxes, assessment liens, and the special assessment lien shall not be discharged of record by the agreement, but shall be prorated among the parcels created by the final map.

(f) If the application requested that the tax created by the assessment of personal property, or leasehold improvements, or possessory interests be allowed to remain as a lien on the parcel sought to be separately valued, and the assessor determines that the value of the parcel is sufficient to secure the payment of the tax, the assessor shall set forth the value of such personal property, or leasehold improvements, or possessory interests opposite the assessor's determination of the value of the parcel.

CHAPTER 282

An act to amend Section 1037 of, and to add Sections 1037.1 and 1037.2 to, the Penal Code, relating to trial costs.

The people of the State of California do enact as follows:

SECTION 1. Section 1037 of the Penal Code is amended to read:

1037. Those costs may include, but are not limited to, the expenses for the following:

(3) Any appeal or other proceeding relating to the action.

(4) Execution of the sentence.

(b) The term "all costs" means all reasonable and necessary costs incurred by the receiving court or county as a result of the change of venue that would not have been incurred but for the change of venue. "All costs" does not include normal salaries, overhead, and other expenses that would have been incurred by the receiving court or county if it did not receive the trial.

SEC. 2. Section 1037.1 is added to the Penal Code, to read:

1037.1. (a) Change of venue costs, as defined in Section 1037, that are court operations, as defined in Section 77003 of the Government Code and Rule 810 of the California Rules of Court, shall be considered court costs to be charged against and paid by the transferring court to the receiving court.

(b) The Judicial Council shall adopt financial policies and procedures to ensure the timely payment of court costs pursuant to this section. The policies and procedures shall include, but are not limited to, the following:

(1) The requirement that courts approve a budget and a timeline for reimbursement before the beginning of the trial.

(2) A process for the Administrative Office of the Courts to mediate any disputes regarding costs between transferring and receiving courts.

(c) (1) The presiding judge of the transferring court, or his or her designee, shall authorize the payment for the reimbursement of court costs out of the court operations fund of the transferring court.

(a) Change of venue costs, as defined in Section 1037, that are incurred by the receiving county and not defined as court operations under Section 77003 of the Government Code or Rule 810 of the California Rules of Court shall be considered to be county costs to be paid by the transferring county to the receiving county.

(b) Transferring counties shall approve a budget and a timeline for the payment of county costs before the beginning of trial.

(c) Claims for the costs described in subdivision (a) shall be forwarded to the treasurer and auditor of the transferring county on a monthly basis. The treasurer shall pay the amount of county costs out of the general funds of the transferring county within 30 days of receiving the claim for costs from the receiving county.

(d) (1) The transferring court may, in its sound discretion, determine the reasonable and necessary costs under this section.

(2) The transferring court's approval of costs shall become effective 10 days after the court has given written notice of the costs to the auditor of the transferring county.

(3) During the 10-day period specified in paragraph (2), the auditor of the transferring county may contest the costs approved by the transferring court.

(4) If the auditor of the transferring county fails to contest the costs within the 10-day period specified in paragraph (2), the transferring county shall be deemed to have waived the right to contest the imposition of these costs.

CHAPTER 283

(f) This section shall remain in effect only until January 1, 2008, and as of that date is repealed unless a later enacted statute that is enacted before that date deletes or extends that date.

SECTION 1. Section 130140 of the Health and Safety Code is amended to read:

CHAPTER 285

An act to amend Sections 249.5, 249.6, and 249.8 of the Probate Code, relating to decedents' estates.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 249.5 of the Probate Code is amended to read:

249.5. For purposes of determining rights to property to be distributed upon the death of a decedent, a child of the decedent conceived and born after the death of the decedent shall be deemed to have been born in the lifetime of the decedent, and after the execution of all of the decedent's testamentary instruments, if the child or his or her representative proves by clear and convincing evidence that all of the following conditions are satisfied:

(a) The decedent, in writing, specifies that his or her genetic material shall be used for the posthumous conception of a child of the decedent, subject to the following:

(1) The specification shall be signed by the decedent and dated.

(2) The specification may be revoked or amended only by a writing, signed by the decedent and dated.

(3) A person is designated by the decedent to control the use of the genetic material.

(b) The person designated by the decedent to control the use of the genetic material has given written notice by certified mail, return receipt requested, that the decedent's genetic material was available for the purpose of posthumous conception. The notice shall have been given to a person who has the power to control the distribution of either the decedent's property or death benefits payable by reason of the decedent's death, within four months of the date of issuance of a certificate of the decedent's death or entry of a judgment determining the fact of the decedent's death, whichever event occurs first.

(c) The child was in utero using the decedent's genetic material and was in utero within two years of the date of issuance of a certificate of the decedent's death or entry of a judgment determining the fact of the decedent's death, whichever event occurs first. This subdivision does not apply to a child who shares all of his or her nuclear genes with the person donating the implanted nucleus as a result of the application of somatic nuclear transfer technology commonly known as human cloning.

SEC. 2. Section 249.6 of the Probate Code is amended to read:

249.6. (a) Upon timely receipt of the notice required by Section 249.5 or actual knowledge by a person who has the power to control the distribution of either the decedent's property or death benefits payable by reason of the decedent's death, that person may not make a distribution of property or pay death benefits payable by reason of the decedent's death before two years following the date of issuance of a certificate of the decedent's death or entry of a judgment determining the fact of decedent's death, whichever event occurs first.

(b) Subdivision (a) does not apply to, and the distribution of property or the payment of benefits may proceed in a timely manner as provided by law with respect to, any property if the birth of a child or children of the decedent conceived after the death of the decedent will not have an effect on any of the following:

(1) The proposed distribution of the decedent's property.

(2) The payment of death benefits payable by reason of the decedent's death.

(3) The determination of rights to property to be distributed upon the death of the decedent.

(4) The right of any person to claim a probate homestead or probate family allowance.

(c) Subdivision (a) does not apply to, and the distribution of property or the payment of benefits may proceed in a timely manner as provided by law with respect to, any property if the person named in subdivision (a) of Section 249.5 sends written notice by certified mail, return receipt requested, that the person does not intend to use the genetic material for the posthumous conception of a child of a decedent. This notice shall be signed by the person named in paragraph (3) of subdivision (a) of Section 249.5 and at least one competent witness, and dated.

(d) A person who has the power to control the distribution of either the decedent's property or death benefits payable by reason of the decedent's death, shall incur no liability for making a distribution of property or paying death benefits if that person made a distribution of property or paid death benefits prior to receiving notice or acquiring actual knowledge of the existence of genetic material available for posthumous conception purposes or the written notice required by subdivision (b) of Section 249.5.

(e) Each person to whom payment, delivery, or transfer of the decedent's property is made is personally liable to a person who, pursuant to Section 249.5, has a superior right to the payment, delivery, or transfer of the decedent's property. The aggregate of the personal liability of a person shall not exceed the fair market value, valued as of the time of the transfer, of the property paid, delivered, or transferred to the person under this section, less the amount of any liens and encumbrances on that property at that time.

(f) In addition to any other liability a person may have pursuant to this section, any person who fraudulently secures the payment, delivery, or transfer of the decedent's property pursuant to this section shall be liable to the person having a superior right for three times the fair market value of the property.

(g) An action to impose liability under this section shall be barred three years after the distribution to the holder of the decedent's property,

or three years after the discovery of fraud, whichever is later. The three-year period specified in this subdivision may not be tolled for any reason.

SEC. 3. Section 249.8 of the Probate Code is amended to read:

249.8. Notwithstanding Section 249.6, any interested person may file a petition in the manner prescribed in Section 248 or 17200 requesting a distribution of property of the decedent or death benefits payable by reason of decedent's death that are subject to the delayed distribution provisions of Section 249.6. The court may order distribution of all, or a portion of, the property or death benefits, if at the hearing it appears that distribution can be made without any loss to any interested person, including any loss, either actual or contingent, to a decedent's child who is conceived after the death of the decedent. The order for distribution shall be stayed until any bond required by the court is filed.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 19775.18 of the Government Code is amended to read:

19775.18. (a) In addition to the benefits provided pursuant to Sections 19775 and 19775.1, a state employee who, as a member of the California National Guard or a United States military reserve organization, is ordered to active duty on and after September 11, 2001, as a result of the War on Terrorism, shall have the benefits provided for in subdivision (b).

(b) Any state employee to which subdivision (a) applies, while on active duty, shall receive from the state, for the duration of the event known as the War on Terrorism, as authorized pursuant to Sections 12302 and 12304 of Title 10 of the United States Code, but not for more than 365 calendar days, as part of his or her compensation both of the following:

(1) The difference between the amount of his or her military pay and allowances and the amount the employee would have received as a state employee, including any merit raises that would otherwise have been granted during the time the individual was on active duty. The amount an employee, as defined in Section 18526, would have received as a state employee, including any merit raises that would otherwise have been granted during the time the individual was on active duty, shall be determined by the Department of Personnel Administration.

(2) All benefits that he or she would have received had he or she not served on active duty unless the benefits are prohibited or limited by vendor contracts.

(c) Any individual receiving compensation pursuant to subdivision (b) who does not reinstate to state service following active duty, shall have that compensation treated as a loan payable with interest at the rate earned on the Pooled Money Investment Account. This subdivision does not apply to compensation received pursuant to Section 19775.

(d) Benefits provided under paragraph (1) of subdivision (b) shall only be provided to a state employee who was not eligible to participate in a federally sponsored income protection program for National Guard personnel or military reserve personnel, or both, called into active duty, as determined by the Department of Personnel Administration. For a state employee eligible to participate in a federally sponsored income protection program, and whose monthly salary as a state employee was higher than the sum of his or her military pay and allowances and the maximum allowable benefit under the federally sponsored income protection program, the state employee shall receive the amount payable under paragraph (1) of subdivision (b), but that amount shall be reduced by the maximum allowable benefit under the federally sponsored income protection program. For individuals who elected the federally sponsored income protection program, the state shall reimburse for the cost of the insurance premium for the period of time on active duty, not to exceed 365 calendar days. The Governor may, by executive order, extend this period of time by no more than an additional 365 calendar days.

(e) (1) "Military pay and allowances" for the purposes of this section does not include hazardous duty pay, hostile fire pay, or imminent danger pay. A state employee is entitled to retain these and any other special and incentive pay provided by the federal government.

(2) "State employee" for the purposes of this section means an employee as defined in Section 18526 or an officer or employee of the legislative, executive, or judicial department of the state.

(f) This section does not apply to any state employee entitled to additional compensation or benefits pursuant to Section 19775.16 or 19775.17 of this code, or Section 395.08 of the Military and Veterans Code.

(g) This section does not apply to any active duty served after the close of the War on Terrorism.

CHAPTER 288

An act to amend and repeal Section 11126 of the Government Code, relating to open meetings.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 11126 of the Government Code, as amended by Section 1 of Chapter 1113 of the Statutes of 2002, is amended to read:

11126. (a) (1) Nothing in this article shall be construed to prevent a state body from holding closed sessions during a regular or special meeting to consider the appointment, employment, evaluation of performance, or dismissal of a public employee or to hear complaints or charges brought against that employee by another person or employee unless the employee requests a public hearing.

(2) As a condition to holding a closed session on the complaints or charges to consider disciplinary action or to consider dismissal, the employee shall be given written notice of his or her right to have a public hearing, rather than a closed session, and that notice shall be delivered to the employee personally or by mail at least 24 hours before the time for holding a regular or special meeting. If notice is not given, any disciplinary or other action taken against any employee at the closed session shall be null and void.

(3) The state body also may exclude from any public or closed session, during the examination of a witness, any or all other witnesses in the matter being investigated by the state body.

(4) Following the public hearing or closed session, the body may deliberate on the decision to be reached in a closed session.

(b) For the purposes of this section, "employee" does not include any person who is elected to, or appointed to a public office by, any state body. However, officers of the California State University who receive compensation for their services, other than per diem and ordinary and necessary expenses, shall, when engaged in that capacity, be considered employees. Furthermore, for purposes of this section, the term employee includes a person exempt from civil service pursuant to subdivision (e) of Section 4 of Article VII of the California Constitution.

(c) Nothing in this article shall be construed to do any of the following:

(1) Prevent state bodies that administer the licensing of persons engaging in businesses or professions from holding closed sessions to prepare, approve, grade, or administer examinations.

(2) Prevent an advisory body of a state body that administers the licensing of persons engaged in businesses or professions from conducting a closed session to discuss matters that the advisory body has found would constitute an unwarranted invasion of the privacy of an individual licensee or applicant if discussed in an open meeting, provided the advisory body does not include a quorum of the members of the state body it advises. Those matters may include review of an applicant's qualifications for licensure and an inquiry specifically related to the state body's enforcement program concerning an individual licensee or applicant where the inquiry occurs prior to the filing of a civil, criminal, or administrative disciplinary action against the licensee or applicant by the state body.

(3) Prohibit a state body from holding a closed session to deliberate on a decision to be reached in a proceeding required to be conducted pursuant to Chapter 5 (commencing with Section 11500) or similar provisions of law.

(4) Grant a right to enter any correctional institution or the grounds of a correctional institution where that right is not otherwise granted by law, nor shall anything in this article be construed to prevent a state body from holding a closed session when considering and acting upon the determination of a term, parole, or release of any individual or other disposition of an individual case, or if public disclosure of the subjects under discussion or consideration is expressly prohibited by statute.

(5) Prevent any closed session to consider the conferring of honorary degrees, or gifts, donations, and bequests that the donor or proposed donor has requested in writing to be kept confidential.

(6) Prevent the Alcoholic Beverage Control Appeals Board from holding a closed session for the purpose of holding a deliberative conference as provided in Section 11125.

(7) (A) Prevent a state body from holding closed sessions with its negotiator prior to the purchase, sale, exchange, or lease of real property by or for the state body to give instructions to its negotiator regarding the price and terms of payment for the purchase, sale, exchange, or lease.

(B) However, prior to the closed session, the state body shall hold an open and public session in which it identifies the real property or real properties that the negotiations may concern and the person or persons with whom its negotiator may negotiate.

(C) For purposes of this paragraph, the negotiator may be a member of the state body.

(D) For purposes of this paragraph, "lease" includes renewal or renegotiation of a lease.

(E) Nothing in this paragraph shall preclude a state body from holding a closed session for discussions regarding eminent domain proceedings pursuant to subdivision (e).

(8) Prevent the California Postsecondary Education Commission from holding closed sessions to consider matters pertaining to the appointment or termination of the Director of the California Postsecondary Education Commission.

(9) Prevent the Council for Private Postsecondary and Vocational Education from holding closed sessions to consider matters pertaining to the appointment or termination of the Executive Director of the Council for Private Postsecondary and Vocational Education.

(10) Prevent the Franchise Tax Board from holding closed sessions for the purpose of discussion of confidential tax returns or information the public disclosure of which is prohibited by law, or from considering matters pertaining to the appointment or removal of the Executive Officer of the Franchise Tax Board.

(11) Require the Franchise Tax Board to notice or disclose any confidential tax information considered in closed sessions, or documents executed in connection therewith, the public disclosure of which is prohibited pursuant to Article 2 (commencing with Section 19542) of Chapter 7 of Part 10.2 of the Revenue and Taxation Code.

(12) Prevent the Board of Corrections from holding closed sessions when considering reports of crime conditions under Section 6027 of the Penal Code.

(13) Prevent the State Air Resources Board from holding closed sessions when considering the proprietary specifications and performance data of manufacturers.

(14) Prevent the State Board of Education or the Superintendent of Public Instruction, or any committee advising the board or the superintendent, from holding closed sessions on those portions of its review of assessment instruments pursuant to Chapter 5 (commencing with Section 60600) of, or pursuant to Chapter 8 (commencing with Section 60850) of, Part 33 of the Education Code during which actual test content is reviewed and discussed. The purpose of this provision is to maintain the confidentiality of the assessments under review.

(15) Prevent the California Integrated Waste Management Board or its auxiliary committees from holding closed sessions for the purpose of discussing confidential tax returns, discussing trade secrets or confidential or proprietary information in its possession, or discussing other data, the public disclosure of which is prohibited by law.

(16) Prevent a state body that invests retirement, pension, or endowment funds from holding closed sessions when considering investment decisions. For purposes of consideration of shareholder voting

on corporate stocks held by the state body, closed sessions for the purposes of voting may be held only with respect to election of corporate directors, election of independent auditors, and other financial issues that could have a material effect on the net income of the corporation. For the purpose of real property investment decisions that may be considered in a closed session pursuant to this paragraph, a state body shall also be exempt from the provisions of paragraph (7) relating to the identification of real properties prior to the closed session.

(17) Prevent a state body, or boards, commissions, administrative officers, or other representatives that may properly be designated by law or by a state body, from holding closed sessions with its representatives in discharging its responsibilities under Chapter 10 (commencing with Section 3500), Chapter 10.3 (commencing with Section 3512), Chapter 10.5 (commencing with Section 3525), or Chapter 10.7 (commencing of Section 3540) of Division 4 of Title 1 as the sessions relate to salaries, salary schedules, or compensation paid in the form of fringe benefits. For the purposes enumerated in the preceding sentence, a state body may also meet with a state conciliator who has intervened in the proceedings.

(18) (A) Prevent a state body from holding closed sessions to consider matters posing a threat or potential threat of criminal or terrorist activity against the personnel, property, buildings, facilities, or equipment, including electronic data, owned, leased, or controlled by the state body, where disclosure of these considerations could compromise or impede the safety or security of the personnel, property, buildings, facilities, or equipment, including electronic data, owned, leased, or controlled by the state body.

(B) Notwithstanding any other provision of law, a state body, at any regular or special meeting, may meet in a closed session pursuant to subparagraph (A) upon a two-thirds vote of the members present at the meeting.

(C) After meeting in closed session pursuant to subparagraph (A), the state body shall reconvene in open session prior to adjournment and report that a closed session was held pursuant to subparagraph (A), the general nature of the matters considered, and whether any action was taken in closed session.

(D) After meeting in closed session pursuant to subparagraph (A), the state body shall submit to the Legislative Analyst written notification stating that it held this closed session, the general reason or reasons for the closed session, the general nature of the matters considered, and whether any action was taken in closed session. The Legislative Analyst shall retain for no less than four years any written notification received from a state body pursuant to this subparagraph.

(d) (1) Notwithstanding any other provision of law, any meeting of the Public Utilities Commission at which the rates of entities under the commission's jurisdiction are changed shall be open and public.

(2) Nothing in this article shall be construed to prevent the Public Utilities Commission from holding closed sessions to deliberate on the institution of proceedings, or disciplinary actions against any person or entity under the jurisdiction of the commission.

(e) (1) Nothing in this article shall be construed to prevent a state body, based on the advice of its legal counsel, from holding a closed session to confer with, or receive advice from, its legal counsel regarding pending litigation when discussion in open session concerning those matters would prejudice the position of the state body in the litigation.

(2) For purposes of this article, all expressions of the lawyer-client privilege other than those provided in this subdivision are hereby abrogated. This subdivision is the exclusive expression of the lawyer-client privilege for purposes of conducting closed session meetings pursuant to this article. For purposes of this subdivision, litigation shall be considered pending when any of the following circumstances exist:

(A) An adjudicatory proceeding before a court, an administrative body exercising its adjudicatory authority, a hearing officer, or an arbitrator, to which the state body is a party, has been initiated formally.

(B) (i) A point has been reached where, in the opinion of the state body on the advice of its legal counsel, based on existing facts and circumstances, there is a significant exposure to litigation against the state body.

(ii) Based on existing facts and circumstances, the state body is meeting only to decide whether a closed session is authorized pursuant to clause (i).

CHAPTER 290

An act to add Article 4.5 (commencing with Section 4147) to Chapter 1 of Part 2 of Division 4 of the Public Resources Code, relating to disaster response.

[Approved by Governor September 22, 2005. Filed with
Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) In the aftermath of the firestorms that devastated southern California in the fall of 2003, a bipartisan 34-member Blue Ribbon Fire Commission was established to examine the devastating effects of the fires in an effort to prevent similar devastation of life and property in the future.

(b) The commission's final report called on the state to, among other things, examine alternatives for the replacement and diversification of the aging helicopter fleet of the Department of Forestry and Fire Protection and begin a helicopter replacement planning cycle.

(c) Since 1981, the Department of Forestry and Fire Protection has effectively and efficiently utilized the Federal Excess Personal Property Program to cost-effectively acquire and refurbish surplus federal military aircraft, including UH-1 helicopters, for use in its aerial firefighting and rescue operations.

(d) The Department of Forestry and Fire Protection's ability to continue to acquire surplus military UH-1 aircraft and parts is in doubt, because the military no longer purchases these aircraft.

(e) In light of the commission's findings, it is imperative that the state have the resources necessary to meet the future needs of the Department of Forestry and Fire Protection, and to ensure that in the event of a major disaster, such as the 2003 southern California fire siege, adequate resources are available and can be quickly and efficiently deployed.

SEC. 2. Article 4.5 (commencing with Section 4147) is added to Chapter 1 of Part 2 of Division 4 of the Public Resources Code, to read:

Article 4.5. Rapid Disaster Response Act of 2005

4147. This article shall be known, and may be cited, as the Rapid Disaster Response Act of 2005.

4148. The director shall draw upon eligible federal funds to augment any state funds appropriated by the Legislature for the purpose of replacing the department's aging helicopter fleet.

CHAPTER 291

An act to repeal and add Chapter 3 (commencing with Section 800) of Division 4 of the Military and Veterans Code, relating to military benefits.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3 (commencing with Section 800) of Division 4 of the Military and Veterans Code is repealed.

SEC. 2. Chapter 3 (commencing with Section 800) is added to Division 4 of the Military and Veterans Code, to read:

Chapter 3. The California Military Families Financial Relief Act

800. (a) Subject to subdivision (b), in addition to any other benefits provided by law and to the extent permitted by federal law, any member of the United States Military Reserve or the National Guard of this state who is called to active duty after the enactment of this chapter as a part of the Iraq and Afghanistan conflicts may defer payments on any of the following obligations while serving on active duty:

(1) An obligation secured by a mortgage or deed of trust.

(2) Credit card as defined in Section 1747.02 of the Civil Code.

(3) Retail installment contract as defined in Section 1802.6 of the Civil Code.

(4) Retail installment account, installment account, or revolving account as defined in Section 1802.7 of the Civil Code.

(5) Up to two loans subject to the Automobile Sales Finance Act (Chapter 2b (commencing with Section 2981) of Part 4 of Division 3 of Title 14 of the Civil Code).

(6) Any payment of property tax or any special assessment of in-lieu property tax imposed on real property which is assessed on residential property owned by the reservist and used as that reservist's primary place of residence on the date the reservist was ordered to active duty.

(b) In order for an obligation or liability of a reservist to be subject to the provisions of this chapter, the reservist or the reservist's designee shall deliver to the lender:

(1) A letter signed by the reservist, under penalty of perjury, requesting a deferment of financial obligations.

(2) If required by a financial institution, proof that the reservist's employer does not provide continuing income to the reservist while the reservist is on active military duty, including the reservist's military pay, of more than 90 percent of the reservist's monthly salary and wage income earned before the call to active duty.

(c) Upon request of the reservist or the reservist's dependent or designee and within five working days of that request, if applicable, the employer of a reservist shall furnish the letter or other comparable evidence showing that the employer's compensation policy does not provide continuing income to the reservist, including the reservist's military pay, of more than 90 percent of the reservist's monthly salary and wage income earned before the call to active duty.

(d) The deferral period on financial obligations shall be the lesser of 180 days or the period of active duty plus 60 calendar days and shall apply only to those payments due subsequent to the notice provided to a lender as provided in subdivision (b).

(e) If a lender defers payments on a closed end credit obligation or an open-end credit obligation with a maturity date, pursuant to this chapter, the lender shall extend the term of the obligation by the amount of months the obligation was deferred.

(f) If a lender defers payments on an open-end credit obligation pursuant to this chapter, the lender may restrict the availability of additional credit with respect to that obligation during the term of the deferral.

801. For purposes of this chapter, "mortgage" means an obligation secured by a mortgage or deed of trust, and is limited to an obligation secured by a mortgage or deed of trust for residential property owned by the reservist and used as that reservist's primary place of residence on the date the reservist was ordered into active duty.

802. (a) Notwithstanding subdivisions (e) and (f) of Section 800, any mortgage payments delayed pursuant to Section 800 are due and payable upon the earlier of the following:

(1) The sale of the property or other event specified in the documents creating the obligation permitting the lender to accelerate the loan, other than a deferral of payments authorized by Section 800.

(2) Further encumbrance of the property.

(3) The maturity of the obligation as defined under the terms of the documents creating the obligation or, if applicable, as extended pursuant to subdivision (e) of Section 800.

(b) Nothing in this section relieves a reservist with a mortgage subject to an impound account for the payment of property taxes, special assessments, mortgage insurance, and hazard insurance from making

monthly payments of an amount which is at least sufficient to pay these amounts, unless the borrower and lender agree to a lesser amount.

(c) Nothing in this chapter shall preclude a reservist from making payments toward the mortgage payments deferred prior to the occurrence of any of the events in subdivision (a).

803. For purposes of this chapter, "reservist" means a member of the United States Military Reserve or National Guard of this state called to active duty as a result of the Iraq conflict pursuant to the Authorization for Use of Military Force Against Iraq Resolution of 2002 (Public Law 107-243) or the Afghanistan conflict pursuant to Presidential Order No. 13239.

804. During the period specified in Section 800, the reservist may defer the payment of principal and interest on the specified obligations. No penalties shall be imposed on the nonpayment of principal or interest during this period. No interest shall be charged or accumulated on the principal or interest on which the payment was delayed. No foreclosure or repossession of property on which payment has been deferred shall take place during the period specified in Section 800.

805. Subject to subdivisions (e) and (f) of Section 800, a stay, postponement, or suspension under this chapter of the payment of any tax, fine, penalty, insurance premium, or other civil obligation or liability of a person in military service shall not provide the basis for affecting credit ratings, denial or revocation of credit, or a change by the lender in the terms of an existing credit arrangement.

806. Any insurer, which was providing health or medical insurance to a reservist at the time the reservist was ordered to active duty, shall reinstate the health or medical insurance without waiting periods or exclusion of coverage for preexisting conditions.

807. (a) The holder of a loan or retail installment sales contract with respect to which the debtor has purchased prepaid credit disability insurance shall give notice to the debtor not less than 30 days before the expiration date of the insurance that the debtor will not be protected during the period between that expiration date and the deferred maturity date of the loan or contract unless the insurance is extended. The debtor may, at his or her option, direct the holder to add the amount of the additional premium to the unpaid balance of the loan or contract.

(b) The holder of an open-ended loan or retail installment account with respect to which the debtor has purchased credit disability insurance with premiums payable monthly together with the installment payments on the loan or the account shall give notice to the debtor that the debtor will not be protected by the insurance during the period specified in Section 800 unless the debtor elects to continue payment of premiums during that period. The debtor may, at his or her option, direct the holder

to add the amount of those premiums to the unpaid balance of the account.

808. (a) During the period specified in Section 800, the reservist may defer payments for leased vehicles without breach of the lease or the foreclosure or repossession of the vehicle. If a lender defers payments pursuant to this section, the lender shall extend the term of the lease by the amount of months the lease was deferred.

(b) For the purposes of this chapter, "vehicle" means a vehicle as defined in Section 670 of the Vehicle Code.

809. This chapter shall not apply to any active duty voluntarily served after the close of the Iraq or Afghanistan conflicts or to any reservist on active duty as part of the Iraq or Afghanistan conflicts prior to the effective date of this measure.

810. In those instances where a financial obligation covered by this chapter is sold, any requirement to defer payments as specified in this chapter transfers to the purchaser of the obligation.

811. This chapter applies only to an obligation specified in this chapter that was incurred prior to the date that a member of the United States Military Reserve or National Guard of this state was called to active duty as part of the Iraq and Afghanistan conflicts.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 4. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 292

An act relating to inmates.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that some inmates in jails and other local detention facilities benefit from participation in faith- and morals-based programs, as well as education and rehabilitation programs and other secular volunteer programs.

(b) Chaplains, faith- and morals-based groups, and other spiritual advisers can play an important role in causing inmates to reevaluate their lives, develop empathy for their victims, and abandon antisocial attitudes and criminal lifestyles.

(c) Access to clergy members and spiritual advisers is an important element in permitting inmates to change their lives for the better.

(d) Faith- and morals-based programs, including the participation of volunteer religious organizations, are an important component of an overall strategy, along with volunteer secular programs, to reduce inmate recidivism through improved treatment programs.

(e) Education and rehabilitation programs as well as other secular volunteer programs equip the inmates with the tools necessary to function as they move back into our communities. If they can read and write and overcome drug and alcohol dependency, their chances of reentering our correctional institutions are greatly reduced.

(f) To the extent that the expanded use of faith- and morals-based programs reduce inmate recidivism and violations of detention facility rules, they will greatly reduce property loss, harm to victims, and costs associated with incarceration and other aspects of the criminal justice system.

(g) Inmates who wish to turn their lives around through participation in faith- and morals-based programs should be given reasonable opportunities to do so.

(h) Inmates should have access to a number of programs which may include faith- and morals-based programs; secular programs should always be available in addition to any alternative programs. No inmate should be forced to participate in faith- and morals-based programs, and no inmate should be denied privileges, programs, or benefits generally available to all inmates because he or she did not participate in faith- and morals-based programs.

(i) Cities, counties, and other local entities that operate detention facilities are encouraged to allow faith- and morals-based programs, educational and rehabilitation programs, and other secular volunteer programs that will benefit both the prisoners and our communities upon the inmates' releases in those facilities consistent with the safety and security of the facilities and other legitimate penological interests, and, as provided in Section 4027 of the Penal Code, should provide inmates

with reasonable access to clergy members and spiritual advisers, volunteer religious organizations, faith- and morals-based programs, and other secular volunteer programs that also provide beneficial services.

SEC. 2. (a) The Legislature finds and declares that some prisoners benefit from participation in faith- and morals-based programs, as well as education and rehabilitation programs and other secular volunteer programs.

(b) Chaplains, faith- and morals-based groups, and other spiritual advisers can play an important role in causing prisoners to reevaluate their lives, develop empathy for their victims, and abandon antisocial attitudes and criminal lifestyles.

(c) Access to clergy members and spiritual advisers is an important element in permitting inmates to change their lives for the better.

(d) Faith- and morals-based programs, including the participation of volunteer religious organizations, are an important component of an overall strategy, along with volunteer secular programs, to reduce inmate recidivism through improved treatment programs.

(e) Education and rehabilitation programs as well as other secular volunteer programs equip the inmates with the tools necessary to function as they move back into our communities. If they can read and write and overcome drug and alcohol dependency, their chances of reentering our correctional institutions are greatly reduced.

(f) To the extent that the expanded use of faith- and morals-based programs reduce inmate recidivism and violations of prison rules, they will greatly reduce prison costs, property loss, and harm to victims.

(g) Prison inmates who wish to turn their lives around through participation in faith- and morals-based programs should be given reasonable opportunities to do so.

(h) Inmates should have access to a number of programs which may include faith- and morals-based programs; secular programs should always be available in addition to any alternative programs. No inmate should be forced to participate in faith- and morals-based programs, and no inmate should be denied privileges, programs, or benefits generally available to all inmates because he or she did not participate in faith- and morals-based programs.

(i) The Department of Corrections is encouraged to allow faith- and morals-based programs, educational and rehabilitation programs, and other secular volunteer programs that will benefit both the prisoners and our communities upon the inmates' releases in the California prison system consistent with the safety and security of each correctional institution and other legitimate penological interests, and, as provided in Section 5009 of the Penal Code, should provide inmates with reasonable access to clergy members and spiritual advisers, volunteer

religious organizations, faith- and morals-based programs and other secular volunteer programs that also provide beneficial services.

CHAPTER 293

The people of the State of California do enact as follows:

SECTION 1. Section 2435.2 is added to the Business and Professions Code, to read:

2435.2. (a) In addition to the fees charged for the initial issuance or biennial renewal of a physician and surgeon's certificate pursuant to Section 2435, and at the time those fees are charged, the board shall charge each applicant or renewing licensee an additional fifty-dollar ($50) fee for the purposes of this section.

(b) Payment of this fifty-dollar ($50) fee shall be voluntary, and shall be paid at the time of application for initial licensure or biennial renewal. The fifty-dollar ($50) fee shall be due and payable along with the fee for the initial certificate or biennial renewal.

1283. On application of a party to the arbitration, the neutral arbitrator may order the deposition of a witness to be taken for use as evidence and not for discovery if the witness cannot be compelled to attend the hearing or if exceptional circumstances exist as to make it desirable, in the interest of justice and with due regard to the importance of presenting the testimony of witnesses orally at the hearing, to allow the deposition to be taken. The deposition shall be taken in the manner prescribed by law for the taking of depositions in civil actions. If the neutral arbitrator orders the taking of the deposition of a witness who resides outside the state, the party who applied for the taking of the deposition shall obtain a commission, letters rogatory, or a letter of request therefor from the superior court in accordance with Chapter 10 (commencing with Section 2026.010) of Title 4 of Part 4.

SEC. 5. Section 1985.6 of the Code of Civil Procedure is amended to read:

1985.6. (a) For purposes of this section, the following terms have the following meanings:

(1) "Deposition officer" means a person who meets the qualifications specified in Section 2020.420.

(2) "Employee" means any individual who is or has been employed by a witness subject to a subpoena duces tecum. "Employee" also means any individual who is or has been represented by a labor organization that is a witness subject to a subpoena duces tecum.

(3) "Employment records" means the original or any copy of books, documents, other writings, or electronic data pertaining to the employment of any employee maintained by the current or former employer of the employee, or by any labor organization that has represented or currently represents the employee.

(4) "Labor organization" has the meaning set forth in Section 1117 of the Labor Code.

(5) "Subpoenaing party" means the person or persons causing a subpoena duces tecum to be issued or served in connection with any civil action or proceeding, but does not include the state or local agencies described in Section 7465 of the Government Code, or any entity provided for under Article VI of the California Constitution in any proceeding maintained before an adjudicative body of that entity pursuant to Chapter 4 (commencing with Section 6000) of Division 3 of the Business and Professions Code.

(b) Prior to the date called for in the subpoena duces tecum of the production of employment records, the subpoenaing party shall serve or cause to be served on the employee whose records are being sought a copy of: the subpoena duces tecum; the affidavit supporting the issuance of the subpoena, if any; the notice described in subdivision (e); and proof of service as provided in paragraph (1) of subdivision (c). This service shall be made as follows:

(1) To the employee personally, or at his or her last known address, or in accordance with Chapter 5 (commencing with Section 1010) of Title 14 of Part 2, or, if he or she is a party, to his or her attorney of record. If the employee is a minor, service shall be made on the minor's parent, guardian, conservator, or similar fiduciary, or if one of them cannot be located with reasonable diligence, then service shall be made on any person having the care or control of the minor, or with whom the minor resides, and on the minor if the minor is at least 12 years of age.

(2) Not less than 10 days prior to the date for production specified in the subpoena duces tecum, plus the additional time provided by Section 1013 if service is by mail.

(3) At least five days prior to service upon the custodian of the employment records, plus the additional time provided by Section 1013 if service is by mail.

(c) Prior to the production of the records, the subpoenaing party shall either:

(1) Serve or cause to be served upon the witness a proof of personal service or of service by mail attesting to compliance with subdivision (b).

(2) Furnish the witness a written authorization to release the records signed by the employee or by his or her attorney of record. The witness may presume that the attorney purporting to sign the authorization on behalf of the employee acted with the consent of the employee, and that any objection to the release of records is waived.

(d) A subpoena duces tecum for the production of employment records shall be served in sufficient time to allow the witness a reasonable time, as provided in Section 2020.410, to locate and produce the records or copies thereof.

(e) Every copy of the subpoena duces tecum and affidavit served on an employee or his or her attorney in accordance with subdivision (b) shall be accompanied by a notice, in a typeface designed to call attention to the notice, indicating that (1) employment records about the employee are being sought from the witness named on the subpoena; (2) the employment records may be protected by a right of privacy; (3) if the employee objects to the witness furnishing the records to the party seeking the records, the employee shall file papers with the court prior to the date specified for production on the subpoena; and (4) if the subpoenaing party does not agree in writing to cancel or limit the subpoena, an attorney should be consulted about the employee's interest in protecting his or her rights of privacy. If a notice of taking of deposition is also served, that other notice may be set forth in a single document with the notice required by this subdivision.

(f) Any employee whose employment records are sought by a subpoena duces tecum may, prior to the date for production, bring a motion under Section 1987.1 to quash or modify the subpoena duces tecum. Notice of the bringing of that motion shall be given to the witness and the deposition officer at least five days prior to production. The failure to provide notice to the deposition officer does not invalidate the motion to quash or modify the subpoena duces tecum but may be raised by the deposition officer as an affirmative defense in any action for liability for improper release of records.

Any nonparty employee whose employment records are sought by a subpoena duces tecum may, prior to the date of production, serve on the subpoenaing party, the deposition officer, and the witness a written objection that cites the specific grounds on which production of the employment records should be prohibited.

No witness or deposition officer shall be required to produce employment records after receipt of notice that the motion has been brought by an employee, or after receipt of a written objection from a

nonparty employee, except upon order of the court in which the action is pending or by agreement of the parties, witnesses, and employees affected.

The party requesting an employee's employment records may bring a motion under subdivision (c) of Section 1987 to enforce the subpoena within 20 days of service of the written objection. The motion shall be accompanied by a declaration showing a reasonable and good faith attempt at informal resolution of the dispute between the party requesting the employment records and the employee or the employee's attorney.

(g) Upon good cause shown and provided that the rights of witnesses and employees are preserved, a subpoenaing party shall be entitled to obtain an order shortening the time for service of a subpoena duces tecum or waiving the requirements of subdivision (b) where due diligence by the subpoenaing party has been shown.

(h) This section may not be construed to apply to any subpoena duces tecum that does not request the records of any particular employee or employees and that requires a custodian of records to delete all information which would in any way identify any employee whose records are to be produced.

(i) This section does not apply to proceedings conducted under Division 1 (commencing with Section 50), Division 4 (commencing with Section 3200), Division 4.5 (commencing with Section 6100), or Division 4.7 (commencing with Section 6200) of the Labor Code.

(j) Failure to comply with this section shall be sufficient basis for the witness to refuse to produce the employment records sought by subpoena duces tecum.

SEC. 5.5. Section 1985.6 of the Code of Civil Procedure is amended to read:

1985.6. (a) For purposes of this section, the following terms have the following meanings:

(4) "Labor organization" has the meaning set forth in Section 1117 of the Labor Code.

(5) "Subpoenaing party" means the person or persons causing a subpoena duces tecum to be issued or served in connection with any civil action or proceeding, but does not include the state or local agencies described in Section 7465 of the Government Code, or any entity provided for under Article VI of the California Constitution in any proceeding maintained before an adjudicative body of that entity pursuant to Chapter 4 (commencing with Section 6000) of Division 3 of the Business and Professions Code.

(b) Prior to the date called for in the subpoena duces tecum of the production of employment records, the subpoenaing party shall serve or cause to be served on the employee whose records are being sought a copy of: the subpoena duces tecum; the affidavit supporting the issuance of the subpoena, if any; the notice described in subdivision (e); and proof of service as provided in paragraph (1) of subdivision (c). This service shall be made as follows:

(1) To the employee personally, or at his or her last known address, or in accordance with Chapter 5 (commencing with Section 1010) of Title 14 of Part 2, or, if he or she is a party, to his or her attorney of record. If the employee is a minor, service shall be made on the minor's parent, guardian, conservator, or similar fiduciary, or if one of them cannot be located with reasonable diligence, then service shall be made on any person having the care or control of the minor, or with whom the minor resides, and on the minor if the minor is at least 12 years of age.

(c) Prior to the production of the records, the subpoenaing party shall either:

(1) Serve or cause to be served upon the witness a proof of personal service or of service by mail attesting to compliance with subdivision (b).

(2) Furnish the witness a written authorization to release the records signed by the employee or by his or her attorney of record. The witness may presume that the attorney purporting to sign the authorization on behalf of the employee acted with the consent of the employee, and that any objection to the release of records is waived.

(d) A subpoena duces tecum for the production of employment records shall be served in sufficient time to allow the witness a reasonable time, as provided in Section 2020.410, to locate and produce the records or copies thereof.

(e) Every copy of the subpoena duces tecum and affidavit served on an employee or his or her attorney in accordance with subdivision (b) shall be accompanied by a notice, in a typeface designed to call attention to the notice, indicating that (1) employment records about the employee are being sought from the witness named on the subpoena; (2) the employment records may be protected by a right of privacy; (3) if the employee objects to the witness furnishing the records to the party seeking the records, the employee shall file papers with the court prior to the date specified for production on the subpoena; and (4) if the subpoenaing party does not agree in writing to cancel or limit the subpoena, an attorney should be consulted about the employee's interest in protecting his or her rights of privacy. If a notice of taking of deposition is also served, that other notice may be set forth in a single document with the notice required by this subdivision.

(f) Any employee whose employment records are sought by a subpoena duces tecum may, prior to the date for production, bring a motion under Section 1987.1 to quash or modify the subpoena duces tecum. Notice of the bringing of that motion shall be given to the witness and the deposition officer at least five days prior to production. The failure to provide notice to the deposition officer does not invalidate the motion to quash or modify the subpoena duces tecum but may be raised by the deposition officer as an affirmative defense in any action for liability for improper release of records.

Any nonparty employee whose employment records are sought by a subpoena duces tecum may, prior to the date of production, serve on the subpoenaing party, the deposition officer, and the witness a written objection that cites the specific grounds on which production of the employment records should be prohibited.

No witness or deposition officer shall be required to produce employment records after receipt of notice that the motion has been brought by an employee, or after receipt of a written objection from a nonparty employee, except upon order of the court in which the action is pending or by agreement of the parties, witnesses, and employees affected.

The party requesting an employee's employment records may bring a motion under subdivision (c) of Section 1987 to enforce the subpoena within 20 days of service of the written objection. The motion shall be accompanied by a declaration showing a reasonable and good faith attempt at informal resolution of the dispute between the party requesting the employment records and the employee or the employee's attorney.

(g) Upon good cause shown and provided that the rights of witnesses and employees are preserved, a subpoenaing party shall be entitled to obtain an order shortening the time for service of a subpoena duces tecum

or waiving the requirements of subdivision (b) where due diligence by the subpoenaing party has been shown.

(h) This section may not be construed to apply to any subpoena duces tecum that does not request the records of any particular employee or employees and that requires a custodian of records to delete all information which would in any way identify any employee whose records are to be produced.

(i) This section does not apply to proceedings conducted under Division 1 (commencing with Section 50), Division 4 (commencing with Section 3200), Division 4.5 (commencing with Section 6100), or Division 4.7 (commencing with Section 6200), of the Labor Code.

(j) Failure to comply with this section shall be sufficient basis for the witness to refuse to produce the employment records sought by subpoena duces tecum.

(k) If the subpoenaing party is the employee, and the employee is the only subject of the subpoenaed records, notice to the employee, and delivery of the other documents specified in subdivision (b) to the employee, is not required under this section.

2032.510. (a) The attorney for the examinee or for a party producing the examinee, or that attorney's representative, shall be permitted to

attend and observe any physical examination conducted for discovery purposes, and to record stenographically or by audio technology any words spoken to or by the examinee during any phase of the examination.

(b) The observer under subdivision (a) may monitor the examination, but shall not participate in or disrupt it.

(c) If an attorney's representative is to serve as the observer, the representative shall be authorized to so act by a writing subscribed by the attorney which identifies the representative.

(d) If in the judgment of the observer the examiner becomes abusive to the examinee or undertakes to engage in unauthorized diagnostic tests and procedures, the observer may suspend it to enable the party being examined or producing the examinee to make a motion for a protective order.

(e) If the observer begins to participate in or disrupt the examination, the person conducting the physical examination may suspend the examination to enable the party at whose instance it is being conducted to move for a protective order.

(f) The court shall impose a monetary sanction under Chapter 7 (commencing with Section 2023.010) against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order under this section, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

SEC. 11. Section 2032.530 of the Code of Civil Procedure is amended to read:

2032.530. (a) The examiner and examinee shall have the right to record a mental examination by audio technology.

(b) Nothing in this title shall be construed to alter, amend, or affect existing case law with respect to the presence of the attorney for the examinee or other persons during the examination by agreement or court order.

SEC. 12. Section 2033.280 of the Code of Civil Procedure is amended to read:

2033.280. If a party to whom requests for admission are directed fails to serve a timely response, the following rules apply:

(a) The party to whom the requests for admission are directed waives any objection to the requests, including one based on privilege or on the protection for work product under Chapter 4 (commencing with Section 2018.010). The court, on motion, may relieve that party from this waiver on its determination that both of the following conditions are satisfied:

(1) The party has subsequently served a response that is in substantial compliance with Sections 2033.210, 2033.220, and 2033.230.

(2) The party's failure to serve a timely response was the result of mistake, inadvertence, or excusable neglect.

(b) The requesting party may move for an order that the genuineness of any documents and the truth of any matters specified in the requests be deemed admitted, as well as for a monetary sanction under Chapter 7 (commencing with Section 2023.010).

(c) The court shall make this order, unless it finds that the party to whom the requests for admission have been directed has served, before the hearing on the motion, a proposed response to the requests for admission that is in substantial compliance with Section 2033.220. It is mandatory that the court impose a monetary sanction under Chapter 7 (commencing with Section 2023.010) on the party or attorney, or both, whose failure to serve a timely response to requests for admission necessitated this motion.

SEC. 13. Section 2035.010 of the Code of Civil Procedure is amended to read:

2035.010. (a) One who expects to be a party or expects a successor in interest to be a party to any action that may be cognizable in any court of the State of California, whether as a plaintiff, or as a defendant, or in any other capacity, may obtain discovery within the scope delimited by Chapters 2 (commencing with Section 2017.010) and 3 (commencing with Section 2017.710), and subject to the restrictions set forth in Chapter 5 (commencing with Section 2019.010), for the purpose of perpetuating that person's own testimony or that of another natural person or organization, or of preserving evidence for use in the event an action is subsequently filed.

(b) One shall not employ the procedures of this chapter for the purpose either of ascertaining the possible existence of a cause of action or a defense to it, or of identifying those who might be made parties to an action not yet filed.

SEC. 14. Section 2035.030 of the Code of Civil Procedure is amended to read:

2035.030. (a) One who desires to perpetuate testimony or preserve evidence for the purposes set forth in Section 2035.010 shall file a verified petition in the superior court of the county of the residence of at least one expected adverse party, or, if no expected adverse party is a resident of the State of California, in the superior court of a county where the action or proceeding may be filed.

(b) The petition shall be titled in the name of the one who desires the perpetuation of testimony or the preservation of evidence. The petition shall set forth all of the following:

(1) The expectation that the petitioner or the petitioner's successor in interest will be a party to an action cognizable in a court of the State of California.

(2) The present inability of the petitioner and, if applicable, the petitioner's successor in interest either to bring that action or to cause it to be brought.

(3) The subject matter of the expected action and the petitioner's involvement. A copy of any written instrument the validity or construction of which may be called into question, or which is connected with the subject matter of the proposed discovery, shall be attached to the petition.

(4) The particular discovery methods described in Section 2035.020 that the petitioner desires to employ.

(5) The facts that the petitioner desires to establish by the proposed discovery.

(6) The reasons for desiring to perpetuate or preserve these facts before an action has been filed.

(7) The name or a description of those whom the petitioner expects to be adverse parties so far as known.

(8) The name and address of those from whom the discovery is to be sought.

(9) The substance of the information expected to be elicited from each of those from whom discovery is being sought.

(c) The petition shall request the court to enter an order authorizing the petitioner to engage in discovery by the described methods for the purpose of perpetuating the described testimony or preserving the described evidence.

SEC. 15. Section 2035.050 of the Code of Civil Procedure is amended to read:

2035.050. (a) If the court determines that all or part of the discovery requested under this chapter may prevent a failure or delay of justice, it shall make an order authorizing that discovery. In determining whether to authorize discovery by a petitioner who expects a successor in interest to be a party to an action, the court shall consider, in addition to other appropriate factors, whether the requested discovery could be conducted by the petitioner's successor in interest, instead of by the petitioner.

(b) The order shall identify any witness whose deposition may be taken, and any documents, things, or places that may be inspected, and any person whose physical or mental condition may be examined.

(c) Any authorized depositions, inspections, and physical or mental examinations shall then be conducted in accordance with the provisions of this title relating to those methods of discovery in actions that have been filed.

SEC. 16. Section 2035.060 of the Code of Civil Procedure is amended to read:

2035.060. If a deposition to perpetuate testimony has been taken either under the provisions of this chapter, or under comparable provisions of the laws of the state in which it was taken, or the federal courts, or a foreign nation in which it was taken, that deposition may be used, in any action involving the same subject matter that is brought in a court of the State of California, in accordance with Section 2025.620 against any party, or the successor in interest of any party, named in the petition as an expected adverse party.

SEC. 17. Section 44944 of the Education Code is amended to read:

44944. (a) In a dismissal or suspension proceeding initiated pursuant to Section 44934, if a hearing is requested by the employee, the hearing shall be commenced within 60 days from the date of the employee's demand for a hearing. The hearing shall be initiated, conducted, and a decision made in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. However, the hearing date shall be established after consultation with the employee and the governing board, or their representatives, and the Commission on Professional Competence shall have all the power granted to an agency in that chapter, except that the right of discovery of the parties shall not be limited to those matters set forth in Section 11507.6 of the Government Code but shall include the rights and duties of any party in a civil action brought in a superior court under Title 4 (commencing with Section 2016.010) of Part 4 of the Code of Civil Procedure. Notwithstanding any provision to the contrary, and except for the taking of oral depositions, no discovery shall occur later than 30 calendar days after the employee is served with a copy of the accusation pursuant to Section 11505 of the Government Code. In all cases, discovery shall be completed prior to seven calendar days before the date upon which the hearing commences. If any continuance is granted pursuant to Section 11524 of the Government Code, the time limitation for commencement of the hearing as provided in this subdivision shall be extended for a period of time equal to the continuance. However, the extension shall not include that period of time attributable to an unlawful refusal by either party to allow the discovery provided for in this section.

If the right of discovery granted under the preceding paragraph is denied by either the employee or the governing board, all the remedies in Chapter 7 (commencing with Section 2023.010) of Title 4 of Part 4 of the Code of Civil Procedure shall be available to the party seeking discovery and the court of proper jurisdiction, to entertain his or her motion, shall be the superior court of the county in which the hearing will be held.

The time periods in this section and of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code and of Title 4 (commencing with Section 2016.010) of Part 4 of the Code of Civil Procedure shall not be applied so as to deny discovery in a hearing conducted pursuant to this section.

The superior court of the county in which the hearing will be held may, upon motion of the party seeking discovery, suspend the hearing so as to comply with the requirement of the preceding paragraph.

No witness shall be permitted to testify at the hearing except upon oath or affirmation. No testimony shall be given or evidence introduced relating to matters which occurred more than four years prior to the date of the filing of the notice. Evidence of records regularly kept by the governing board concerning the employee may be introduced, but no decision relating to the dismissal or suspension of any employee shall be made based on charges or evidence of any nature relating to matters occurring more than four years prior to the filing of the notice.

(b) The hearing provided for in this section shall be conducted by a Commission on Professional Competence. One member of the commission shall be selected by the employee, one member shall be selected by the governing board, and one member shall be an administrative law judge of the Office of Administrative Hearings who shall be chairperson and a voting member of the commission and shall be responsible for assuring that the legal rights of the parties are protected at the hearing. If either the governing board or the employee for any reason fails to select a commission member at least seven calendar days prior to the date of the hearing, the failure shall constitute a waiver of the right to selection, and the county board of education or its specific designee shall immediately make the selection. When the county board of education is also the governing board of the school district or has by statute been granted the powers of a governing board, the selection shall be made by the Superintendent of Public Instruction, who shall be reimbursed by the school district for all costs incident to the selection.

The member selected by the governing board and the member selected by the employee shall not be related to the employee and shall not be employees of the district initiating the dismissal or suspension and shall hold a currently valid credential and have at least five years' experience within the past 10 years in the discipline of the employee.

(c) The decision of the Commission on Professional Competence shall be made by a majority vote, and the commission shall prepare a written decision containing findings of fact, determinations of issues, and a disposition which shall be, solely:

(1) That the employee should be dismissed.

(2) That the employee should be suspended for a specific period of time without pay.

(3) That the employee should not be dismissed or suspended.

The decision of the Commission on Professional Competence that the employee should not be dismissed or suspended shall not be based on nonsubstantive procedural errors committed by the school district or governing board unless the errors are prejudicial errors.

The commission shall not have the power to dispose of the charge of dismissal by imposing probation or other alternative sanctions. The imposition of suspension pursuant to paragraph (2) shall be available only in a suspension proceeding authorized pursuant to subdivision (b) of Section 44932 or Section 44933.

The decision of the Commission on Professional Competence shall be deemed to be the final decision of the governing board.

The board may adopt from time to time rules and procedures not inconsistent with provisions of this section as may be necessary to effectuate this section.

The governing board and the employee shall have the right to be represented by counsel.

(d) (1) If the member selected by the governing board or the member selected by the employee is employed by any school district in this state the member shall, during any service on a Commission on Professional Competence, continue to receive salary, fringe benefits, accumulated sick leave, and other leaves and benefits from the district in which the member is employed, but shall receive no additional compensation or honorariums for service on the commission.

(2) If service on a Commission on Professional Competence occurs during summer recess or vacation periods, the member shall receive compensation proportionate to that received during the current or immediately preceding contract period from the member's employing district, whichever amount is greater.

(e) If the Commission on Professional Competence determines that the employee should be dismissed or suspended, the governing board and the employee shall share equally the expenses of the hearing, including the cost of the administrative law judge. The state shall pay any costs incurred under paragraph (2) of subdivision (d), the reasonable expenses, as determined by the administrative law judge, of the member selected by the governing board and the member selected by the employee, including, but not limited to, payments or obligations incurred for travel, meals, and lodging, and the cost of the substitute or substitutes, if any, for the member selected by the governing board and the member selected by the employee. The Controller shall pay all claims submitted pursuant to this paragraph from the General Fund, and may prescribe

reasonable rules, regulations, and forms for the submission of the claims. The employee and the governing board shall pay their own attorney fees.

If the Commission on Professional Competence determines that the employee should not be dismissed or suspended, the governing board shall pay the expenses of the hearing, including the cost of the administrative law judge, any costs incurred under paragraph (2) of subdivision (d), the reasonable expenses, as determined by the administrative law judge, of the member selected by the governing board and the member selected by the employee, including, but not limited to, payments or obligations incurred for travel, meals, and lodging, the cost of the substitute or substitutes, if any, for the member selected by the governing board and the member selected by the employee, and reasonable attorney fees incurred by the employee.

As used in this section, "reasonable expenses" shall not be deemed "compensation" within the meaning of subdivision (d).

If either the governing board or the employee petitions a court of competent jurisdiction for review of the decision of the commission, the payment of expenses to members of the commission required by this subdivision shall not be stayed.

If the decision of the commission is finally reversed or vacated by a court of competent jurisdiction, then either the state, having paid the commission members' expenses, shall be entitled to reimbursement from the governing board for those expenses, or the governing board, having paid the expenses, shall be entitled to reimbursement from the state.

Additionally, either the employee, having paid a portion of the expenses of the hearing, including the cost of the administrative law judge, shall be entitled to reimbursement from the governing board for the expenses, or the governing board, having paid its portion and the employee's portion of the expenses of the hearing, including the cost of the administrative law judge, shall be entitled to reimbursement from the employee for that portion of the expenses.

(f) The hearing provided for in this section shall be conducted in a place selected by agreement among the members of the commission. In the absence of agreement, the place shall be selected by the administrative law judge.

SEC. 18. Section 1560 of the Evidence Code is amended to read:

1560. (a) As used in this article:

(1) "Business" includes every kind of business described in Section 1270.

(2) "Record" includes every kind of record maintained by a business.

(b) Except as provided in Section 1564, when a subpoena duces tecum is served upon the custodian of records or other qualified witness of a business in an action in which the business is neither a party nor the

place where any cause of action is alleged to have arisen, and the subpoena requires the production of all or any part of the records of the business, it is sufficient compliance therewith if the custodian or other qualified witness, within five days after the receipt of the subpoena in any criminal action or within the time agreed upon by the party who served the subpoena and the custodian or other qualified witness, or within 15 days after the receipt of the subpoena in any civil action or within the time agreed upon by the party who served the subpoena and the custodian or other qualified witness, delivers by mail or otherwise a true, legible, and durable copy of all the records described in the subpoena to the clerk of the court or to another person described in subdivision (d) of Section 2026.010 of the Code of Civil Procedure, together with the affidavit described in Section 1561.

(c) The copy of the records shall be separately enclosed in an inner envelope or wrapper, sealed, with the title and number of the action, name of witness, and date of subpoena clearly inscribed thereon; the sealed envelope or wrapper shall then be enclosed in an outer envelope or wrapper, sealed, and directed as follows:

(1) If the subpoena directs attendance in court, to the clerk of the court.

(2) If the subpoena directs attendance at a deposition, to the officer before whom the deposition is to be taken, at the place designated in the subpoena for the taking of the deposition or at the officer's place of business.

(3) In other cases, to the officer, body, or tribunal conducting the hearing, at a like address.

(d) Unless the parties to the proceeding otherwise agree, or unless the sealed envelope or wrapper is returned to a witness who is to appear personally, the copy of the records shall remain sealed and shall be opened only at the time of trial, deposition, or other hearing, upon the direction of the judge, officer, body, or tribunal conducting the proceeding, in the presence of all parties who have appeared in person or by counsel at the trial, deposition, or hearing. Records which are original documents and which are not introduced in evidence or required as part of the record shall be returned to the person or entity from whom received. Records which are copies may be destroyed.

(e) As an alternative to the procedures described in subdivisions (b), (c), and (d), the subpoenaing party in a civil action may direct the witness to make the records available for inspection or copying by the party's attorney, the attorney's representative, or deposition officer as described in Section 2020.420 of the Code of Civil Procedure, at the witness' business address under reasonable conditions during normal business hours. Normal business hours, as used in this subdivision, means those

hours that the business of the witness is normally open for business to the public. When provided with at least five business days' advance notice by the party's attorney, attorney's representative, or deposition officer, the witness shall designate a time period of not less than six continuous hours on a date certain for copying of records subject to the subpoena by the party's attorney, attorney's representative or deposition officer. It shall be the responsibility of the attorney's representative to deliver any copy of the records as directed in the subpoena. Disobedience to the deposition subpoena issued pursuant to this subdivision is punishable as provided in Section 2020.240 of the Code of Civil Procedure.

SEC. 19. Section 12963.3 of the Government Code is amended to read:

12963.3. (a) Depositions taken by the department shall be noticed by issuance and service of a subpoena pursuant to Section 12963.1. If, in the course of the investigation of a complaint, a subpoena is issued and served on an individual or organization not alleged in the complaint to have committed an unlawful practice, written notice of the deposition shall also be mailed by the department to each individual or organization alleged in the complaint to have committed an unlawful practice.

(b) A deposition may be taken before any officer of the department who has been authorized by the director to administer oaths and take testimony, or before any other person before whom a deposition may be taken in a civil action pursuant to Section 2025.320 or subdivision (d) of Section 2026.010 of the Code of Civil Procedure. The person before whom the deposition is to be taken shall put the witness on oath and shall personally, or by someone acting under the person's direction and in the person's presence, record the testimony of the witness. The testimony shall be taken stenographically and transcribed unless the parties agree otherwise. All objections made at the time of the examination shall be noted on the deposition by the person before whom the deposition is taken, and evidence objected to shall be taken subject to the objections.

SEC. 20. Section 12972 of the Government Code is amended to read:

12972. (a) The commission shall conduct all actions and procedures in accordance with its procedural regulations.

(b) (1) If the commission does not have a procedural regulation on a particular issue, the commission shall rely upon pertinent provisions of the Administrative Procedure Act (Chapter 4 (commencing with Section 11370) of Part 1).

(2) Notwithstanding paragraph (1), the Administrative Adjudication Bill of Rights set forth in Article 6 (commencing with Section 11425.10)

of Chapter 4.5 of Part 1, and the rules for judicial review set forth in Section 11523, shall apply to the commission.

(c) In addition to the discovery available to each party pursuant to subdivision (a), the department and the respondent may each cause a single deposition to be taken in the manner prescribed by law for depositions in civil actions in the superior courts of this state under Title 4 (commencing with Section 2016.010) of Part 4 of the Code of Civil Procedure.

SEC. 21. Section 68097.6 of the Government Code is amended to read:

68097.6. Sections 68097.1, 68097.2, 68097.3, 68097.4, and 68097.5 apply to subpoenas issued for the taking of depositions of employees of the Department of Justice who are peace officers or analysts in technical fields, peace officers of the Department of the California Highway Patrol, peace officer members of the State Fire Marshal's office, sheriffs, deputy sheriffs, marshals, deputy marshals, firefighters, or city police officers pursuant to Chapter 9 (commencing with Section 2025.010) of Title 4 of Part 4 of the Code of Civil Procedure.

SEC. 22. Section 1424.1 of the Health and Safety Code is amended to read:

1424.1. (a) On and after the effective date of this section, no citation shall be issued or sustained under this chapter for a violation of any regulation discovered and recorded by a facility if all of the following conditions have been met:

(1) The facility maintains an ongoing quality assurance and patient care audit program, which includes maintenance of a quality assurance log which is made available to the state department at the commencement of each inspection and investigation. The facility shall retain this log for the current year and the preceding three years.

(2) The violation was not willful and resulted in no actual harm to any patient or guest.

(3) The violation was first discovered by the licensee and was promptly and accurately recorded in the quality assurance log prior to discovery by the state department.

(4) Promptly upon discovery, the facility implemented remedial action satisfactory to the state department to correct the violation and prevent a recurrence. If the state department determines that remedial action voluntarily undertaken by the facility is unsatisfactory, the state department shall allow the facility reasonable time to augment the remedial action before the condition shall be deemed to be a violation.

(b) Except as otherwise provided in this section, a quality assurance log which meets the criteria of this section shall not be discoverable or admissible in any action against the licensee. The quality assurance log

shall be discoverable pursuant to a motion to produce under Chapter 14 (commencing with Section 2031.010) of Title 4 of Part 4 of the Code of Civil Procedure and admissible only for purposes of impeachment. However, the court, in a motion pursuant to Section 2025.420 of the Code of Civil Procedure, or at trial or other proceeding, may limit access to those entries which would be admissible for impeachment purposes.

(c) The quality assurance log shall be made available upon request to any of the following:

(1) Full-time state employees of the Office of the State Long-Term Care Ombudsman.

(2) Ombudsman coordinators, as defined in Section 9701 of the Welfare and Institutions Code.

(3) Ombudsmen qualified by medical training as defined in Section 9701 of the Welfare and Institutions Code, with the approval of either the State Long-Term Care Ombudsman or ombudsman coordinator.

The licensee may make the quality assurance log available, in the licensee's discretion, to any representative of the Office of the State Long-Term Care Ombudsman, as defined in Section 9701 of the Welfare and Institutions Code, without liability for the disclosure. Each representative of the Office of the State Long-Term Care Ombudsman who has been provided access to a facility's quality assurance log pursuant to this section shall maintain all disclosures in confidence.

SEC. 23. Section 11580.2 of the Insurance Code is amended to read:

11580.2. (a) (1) No policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle, except for policies that provide insurance in the Republic of Mexico issued or delivered in this state by nonadmitted Mexican insurers, shall be issued or delivered in this state to the owner or operator of a motor vehicle, or shall be issued or delivered by any insurer licensed in this state upon any motor vehicle then principally used or principally garaged in this state, unless the policy contains, or has added to it by endorsement, a provision with coverage limits at least equal to the limits specified in subdivision (m) and in no case less than the financial responsibility requirements specified in Section 16056 of the Vehicle Code insuring the insured, the insured's heirs or legal representative for all sums within the limits that he, she, or they, as the case may be, shall be legally entitled to recover as damages for bodily injury or wrongful death from the owner or operator of an uninsured motor vehicle. The insurer and any named insured, prior to or subsequent to the issuance or renewal of a policy, may, by agreement in writing, in the form specified in paragraph (2) or paragraph (3), (1) delete the provision covering damage caused by an uninsured motor vehicle completely, or (2) delete the coverage when a motor vehicle is operated

by a natural person or persons designated by name, or (3) agree to provide the coverage in an amount less than that required by subdivision (m) but not less than the financial responsibility requirements specified in Section 16056 of the Vehicle Code. Any of these agreements by any named insured or agreement for the amount of coverage shall be binding upon every insured to whom the policy or endorsement provisions apply while the policy is in force, and shall continue to be so binding with respect to any continuation or renewal of the policy or with respect to any other policy that extends, changes, supersedes, or replaces the policy issued to the named insured by the same insurer, or with respect to reinstatement of the policy within 30 days of any lapse thereof. A policy shall be excluded from the application of this section if the automobile liability coverage is provided only on an excess or umbrella basis. Nothing in this section shall require that uninsured motorist coverage be offered or provided in any homeowner policy, personal and residents' liability policy, comprehensive personal liability policy, manufacturers' and contractors' policy, premises liability policy, special multiperil policy, or any other policy or endorsement where automobile liability coverage is offered as incidental to some other basic coverage, notwithstanding that the policy may provide automobile or motor vehicle liability coverage on insured premises or the ways immediately adjoining.

(2) The agreement specified in paragraph (1) to delete the provision covering damage caused by an uninsured motor vehicle completely or delete the coverage when a motor vehicle is operated by a natural person or persons designated by name shall be in the following form:

"The California Insurance Code requires an insurer to provide uninsured motorists coverage in each bodily injury liability insurance policy it issues covering liability arising out of the ownership, maintenance, or use of a motor vehicle. Those provisions also permit the insurer and the applicant to delete the coverage completely or to delete the coverage when a motor vehicle is operated by a natural person or persons designated by name. Uninsured motorists coverage insures the insured, his or her heirs, or legal representatives for all sums within the limits established by law, that the person or persons are legally entitled to recover as damages for bodily injury, including any resulting sickness, disease, or death, to the insured from the owner or operator of an uninsured motor vehicle not owned or operated by the insured or a resident of the same household. An uninsured motor vehicle includes an underinsured motor vehicle as defined in subdivision (p) of Section 11580.2 of the Insurance Code."

The agreement may contain additional statements not in derogation of or in conflict with the foregoing. The execution of the agreement shall

relieve the insurer of liability under this section while the agreement remains in effect.

(3) The agreement specified in paragraph (1) to provide coverage in an amount less than that required by subdivision (m) shall be in the following form:

"The California Insurance Code requires an insurer to provide uninsured motorists coverage in each bodily injury liability insurance policy it issues covering liability arising out of the ownership, maintenance, or use of a motor vehicle. Those provisions also permit the insurer and the applicant to agree to provide the coverage in an amount less than that required by subdivision (m) of Section 11580.2 of the Insurance Code but not less than the financial responsibility requirements. Uninsured motorists coverage insures the insured, his or her heirs, or legal representatives for all sums within the limits established by law, that the person or persons are legally entitled to recover as damages for bodily injury, including any resulting sickness, disease, or death, to the insured from the owner or operator of an uninsured motor vehicle not owned or operated by the insured or a resident of the same household. An uninsured motor vehicle includes an underinsured motor vehicle as defined in subdivision (p) of Section 11580.2 of the Insurance Code."

The agreement may contain additional statements not in derogation of or in conflict with this paragraph. However, it shall be presumed that an application for a policy of bodily injury liability insurance containing uninsured motorist coverage in an amount less than that required by subdivision (m), signed by the named insured and approved by the insurer, with a policy effective date after January 1, 1985, shall be a valid agreement as to the amount of uninsured motorist coverage to be provided.

(b) As used in subdivision (a), "bodily injury" includes sickness or disease, including death, resulting therefrom; "named insured" means only the individual or organization named in the declarations of the policy of motor vehicle bodily injury liability insurance referred to in subdivision (a); as used in subdivision (a) if the named insured is an individual "insured" means the named insured and the spouse of the named insured and, while residents of the same household, relatives of either while occupants of a motor vehicle or otherwise, heirs and any other person while in or upon or entering into or alighting from an insured motor vehicle and any person with respect to damages he or she is entitled to recover for care or loss of services because of bodily injury to which the policy provisions or endorsement apply; as used in subdivision (a), if the named insured is an entity other than an individual, "insured" means any person while in or upon or entering into or alighting from an

insured motor vehicle and any person with respect to damages he or she is entitled to recover for care or loss of services because of bodily injury to which the policy provisions or endorsement apply. As used in this subdivision, "individual" shall not include persons doing business as corporations, partnerships, or associations. As used in this subdivision, "insured motor vehicle" means the motor vehicle described in the underlying insurance policy of which the uninsured motorist endorsement or coverage is a part, a temporary substitute automobile for which liability coverage is provided in the policy or a newly acquired automobile for which liability coverage is provided in the policy if the motor vehicle is used by the named insured or with his or her permission or consent, express or implied, and any other automobile not owned by or furnished for the regular use of the named insured or any resident of the same household, or by a natural person or persons for whom coverage has been deleted in accordance with subdivision (a) while being operated by the named insured or his or her spouse if a resident of the same household, but "insured motor vehicle" shall not include any automobile while used as a public or livery conveyance. As used in this section, "uninsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance or use of which there is no bodily injury liability insurance or bond applicable at the time of the accident, or there is the applicable insurance or bond but the company writing the insurance or bond denies coverage thereunder or refuses to admit coverage thereunder except conditionally or with reservation, or an "underinsured motor vehicle" as defined in subdivision (p), or a motor vehicle used without the permission of the owner thereof if there is no bodily injury liability insurance or bond applicable at the time of the accident with respect to the owner or operator thereof, or the owner or operator thereof be unknown, provided that, with respect to an "uninsured motor vehicle" whose owner or operator is unknown:

(1) The bodily injury has arisen out of physical contact of the automobile with the insured or with an automobile that the insured is occupying.

(2) The insured or someone on his or her behalf has reported the accident within 24 hours to the police department of the city where the accident occurred or, if the accident occurred in unincorporated territory then either to the sheriff of the county where the accident occurred or to the local headquarters of the California Highway Patrol, and has filed with the insurer within 30 days thereafter a statement under oath that the insured or his or her legal representative has or the insured's heirs have a cause of action arising out of the accident for damages against a person or persons whose identity is unascertainable and set forth facts in support thereof. As used in this section, "uninsured motor vehicle"

shall not include a motor vehicle owned or operated by the named insured or any resident of the same household or self-insured within the meaning of the Financial Responsibility Law of the state in which the motor vehicle is registered or that is owned by the United States of America, Canada, a state or political subdivision of any of those governments or an agency of any of the foregoing, or a land motor vehicle or trailer while located for use as a residence or premises and not as a vehicle, or any equipment or vehicle designed or modified for use primarily off public roads, except while actually upon public roads.

As used in this section, "uninsured motor vehicle" also means an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency. An insurer's solvency protection shall be applicable only to accidents occurring during a policy period in which its insured's motor vehicle coverage is in effect where the liability insurer of the tortfeasor becomes insolvent within one year of the accident. In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of the coverage, the insurer making the payment, shall to the extent thereof, be entitled to any proceeds that may be recoverable from the assets of the insolvent insurer through any settlement or judgment of the person against the insolvent insurer.

Nothing in this section is intended to exclude from the definition of an uninsured motor vehicle any motorcycle or private passenger-type four-wheel drive motor vehicle if that vehicle was subject to and failed to comply with the Financial Responsibility Law of this state.

(c) The insurance coverage provided for in this section does not apply either as primary or as excess coverage:

(1) To property damage sustained by the insured.

(2) To bodily injury of the insured while in or upon or while entering into or alighting from a motor vehicle other than the described motor vehicle if the owner thereof has insurance similar to that provided in this section.

(3) To bodily injury of the insured with respect to which the insured or his or her representative shall, without the written consent of the insurer, make any settlement with or prosecute to judgment any action against any person who may be legally liable therefor.

(4) In any instance where it would inure directly or indirectly to the benefit of any workers' compensation carrier or to any person qualified as a self-insurer under any workers' compensation law, or directly to the benefit of the United States, or any state or any political subdivision thereof.

(5) To establish proof of financial responsibility as provided in Section 16054 of the Vehicle Code.

(6) To bodily injury of the insured while occupying a motor vehicle owned by an insured or leased to an insured under a written contract for a period of six months or longer, unless the occupied vehicle is an insured motor vehicle. "Motor vehicle" as used in this paragraph means any self-propelled vehicle.

(7) To bodily injury of the insured when struck by a vehicle owned by an insured, except when the injured insured's vehicle is being operated, or caused to be operated, by a person without the injured insured's consent in connection with criminal activity that has been documented in a police report and that the injured insured is not a party to.

(8) To bodily injury of the insured while occupying a motor vehicle rented or leased to the insured for public or livery purposes.

(d) Subject to paragraph (2) of subdivision (c), the policy or endorsement may provide that if the insured has insurance available to the insured under more than one uninsured motorist coverage provision, any damages shall not be deemed to exceed the higher of the applicable limits of the respective coverages, and the damages shall be prorated between the applicable coverages as the limits of each coverage bear to the total of the limits.

(e) The policy or endorsement added thereto may provide that if the insured has valid and collectible automobile medical payment insurance available to him or her, the damages that the insured shall be entitled to recover from the owner or operator of an uninsured motor vehicle shall be reduced for purposes of uninsured motorist coverage by the amounts paid or due to be paid under the automobile medical payment insurance.

(f) The policy or an endorsement added thereto shall provide that the determination as to whether the insured shall be legally entitled to recover damages, and if so entitled, the amount thereof, shall be made by agreement between the insured and the insurer or, in the event of disagreement, by arbitration. The arbitration shall be conducted by a single neutral arbitrator. An award or a judgment confirming an award shall not be conclusive on any party in any action or proceeding between (i) the insured, his or her insurer, his or her legal representative, or his or her heirs and (ii) the uninsured motorist to recover damages arising out of the accident upon which the award is based. If the insured has or may have rights to benefits, other than nonoccupational disability benefits, under any workers' compensation law, the arbitrator shall not proceed with the arbitration until the insured's physical condition is stationary and ratable. In those cases in which the insured claims a permanent disability, the claims shall, unless good cause be shown, be

adjudicated by award or settled by compromise and release before the arbitration may proceed. Any demand or petition for arbitration shall contain a declaration, under penalty of perjury, stating whether (i) the insured has a workers' compensation claim; (ii) the claim has proceeded to findings and award or settlement on all issues reasonably contemplated to be determined in that claim; and (iii) if not, what reasons amounting to good cause are grounds for the arbitration to proceed immediately. The arbitration shall be deemed to be a proceeding and the hearing before the arbitrator shall be deemed to be the trial of an issue therein for purposes of issuance of a subpoena by an attorney of a party to the arbitration under Section 1985 of the Code of Civil Procedure. Title 4 (commencing with Section 2016.010) of Part 4 of the Code of Civil Procedure shall be applicable to these determinations, and all rights, remedies, obligations, liabilities and procedures set forth in Title 4 (commencing with Section 2016.010) of Part 4 of the Code of Civil Procedure shall be available to both the insured and the insurer at any time after the accident, both before and after the commencement of arbitration, if any, with the following limitations:

(1) Whenever in Title 4 (commencing with Section 2016.010) of Part 4 of the Code of Civil Procedure, reference is made to the court in which the action is pending, or provision is made for application to the court or obtaining leave of court or approval by the court, the court that shall have jurisdiction for the purposes of this section shall be the superior court of the State of California, in and for any county that is a proper county for the filing of a suit for bodily injury arising out of the accident, against the uninsured motorist, or any county specified in the policy or an endorsement added thereto as a proper county for arbitration or action thereon.

(2) Any proper court to which application is first made by either the insured or the insurer under Title 4 (commencing with Section 2016.010) of Part 4 of the Code of Civil Procedure for any discovery or other relief or remedy, shall thereafter be the only court to which either of the parties shall make any applications under Title 4 (commencing with Section 2016.010) of Part 4 of the Code of Civil Procedure with respect to the same accident, subject, however, to the right of the court to grant a change of venue after a hearing upon notice, upon any of the grounds upon which change of venue might be granted in an action filed in the superior court.

(3) A deposition pursuant to Chapter 9 (commencing with Section 2025.010) of Title 4 of Part 4 of the Code of Civil Procedure may be taken without leave of court, except that leave of court, granted with or without notice and for good cause shown, must be obtained if the notice

of the taking of the deposition is served by either party within 20 days after the accident.

(4) Subdivision (a) of Section 2025.280 of the Code of Civil Procedure is not applicable to discovery under this section.

(5) For the purposes of discovery under this section, the insured and the insurer shall each be deemed to be "a party to the action," where that phrase is used in Section 2025.260 of the Code of Civil Procedure.

(6) Interrogatories under Chapter 13 (commencing with Section 2030.010) of Title 4 of Part 4 of the Code of Civil Procedure and requests for admission under Chapter 16 (commencing with Section 2033.010) of Title 4 of Part 4 of the Code of Civil Procedure may be served by either the insured or the insurer upon the other at any time more than 20 days after the accident without leave of court.

(7) Nothing in this section limits the rights of any party to discovery in any action pending or that may hereafter be pending in any court.

(g) The insurer paying a claim under an uninsured motorist endorsement or coverage shall be entitled to be subrogated to the rights of the insured to whom the claim was paid against any person legally liable for the injury or death to the extent that payment was made. The action may be brought within three years from the date that payment was made hereunder.

(h) An insured entitled to recovery under the uninsured motorist endorsement or coverage shall be reimbursed within the conditions stated herein without being required to sign any release or waiver of rights to which he or she may be entitled under any other insurance coverage applicable; nor shall payment under this section to the insured be delayed or made contingent upon the decisions as to liability or distribution of loss costs under other bodily injury liability insurance or any bond applicable to the accident. Any loss payable under the terms of the uninsured motorist endorsement or coverage to or for any person may be reduced:

(1) By the amount paid and the present value of all amounts payable to him or her, his or her executor, administrator, heirs, or legal representative under any workers' compensation law, exclusive of nonoccupational disability benefits.

(2) By the amount the insured is entitled to recover from any other person insured under the underlying liability insurance policy of which the uninsured motorist endorsement or coverage is a part, including any amounts tendered to the insured as advance payment on behalf of the other person by the insurer providing the underlying liability insurance.

(i) (1) No cause of action shall accrue to the insured under any policy or endorsement provision issued pursuant to this section unless one of

the following actions have been taken within two years from the date of the accident:

(A) Suit for bodily injury has been filed against the uninsured motorist, in a court of competent jurisdiction.

(B) Agreement as to the amount due under the policy has been concluded.

(C) The insured has formally instituted arbitration proceedings by notifying the insurer in writing sent by certified mail, return receipt requested. Notice shall be sent to the insurer or to the agent for process designated by the insurer filed with the department.

(2) Any arbitration instituted pursuant to this section shall be concluded either:

(A) Within five years from the institution of the arbitration proceeding.

(B) If the insured has a workers' compensation claim arising from the same accident, within three years of the date the claim is concluded, or within the five-year period set forth in subparagraph (A), whichever occurs later.

(3) The doctrines of estoppel, waiver, impossibility, impracticality, and futility apply to excuse a party's noncompliance with the statutory timeframe, as determined by the court.

(4) Parties to the insurance contract may stipulate in writing to extending the time to conclude arbitration.

(j) Notwithstanding subdivisions (b) and (i), in the event the accident occurs in any other state or foreign jurisdiction to which coverage is extended under the policy and the insurer of the tortfeasor becomes insolvent, any action authorized pursuant to this section may be maintained within three months of the insolvency of the tortfeasor's insurer, but in no event later than the pertinent period of limitation of the jurisdiction in which the accident occurred.

(k) Notwithstanding subdivision (i), any insurer whose insured has made a claim under his or her uninsured motorist coverage, and the claim is pending, shall, at least 30 days before the expiration of the applicable statute of limitation, notify its insured in writing of the statute of limitation applicable to the injury or death. Failure of the insurer to provide the written notice shall operate to toll any applicable statute of limitation or other time limitation for a period of 30 days from the date the written notice is actually given. The notice shall not be required if the insurer has received notice that the insured is represented by an attorney.

(*l*) As used in subdivision (b), "public or livery conveyance," or terms of similar import, shall not include the operation or use of a motor vehicle by the named insured in the performance of volunteer services for a nonprofit charitable organization or governmental agency by providing

social service transportation as defined in subdivision (f) of Section 11580.1. This subdivision shall apply only to policies of insurance issued, amended, or renewed on or after January 1, 1976.

(m) Coverage provided under an uninsured motorist endorsement or coverage shall be offered with coverage limits equal to the limits of liability for bodily injury in the underlying policy of insurance, but shall not be required to be offered with limits in excess of the following amounts:

(1) A limit of thirty thousand dollars ($30,000) because of bodily injury to or death of one person in any one accident.

(2) Subject to the limit for one person set forth in paragraph (1), a limit of sixty thousand dollars ($60,000) because of bodily injury to or death of two or more persons in any one accident.

(n) Underinsured motorist coverage shall be offered with limits equal to the limits of liability for the insured's uninsured motorist limits in the underlying policy, and may be offered with limits in excess of the uninsured motorist coverage. For the purposes of this section, uninsured and underinsured motorist coverage shall be offered as a single coverage. However, an insurer may offer coverage for damages for bodily injury or wrongful death from the owner or operator of an underinsured motor vehicle at greater limits than an uninsured motor vehicle.

(o) If an insured has failed to provide an insurer with wage loss information or medical treatment record releases within 15 days of the insurer's request or has failed to submit to a medical examination arranged by the insurer within 20 days of the insurer's request, the insurer may, at any time prior to 30 days before the actual arbitration proceedings commence, request, and the insured shall furnish, wage loss information or medical treatment record releases, and the insurer may require the insured, except during periods of hospitalization, to make himself or herself available for a medical examination. The wage loss information or medical treatment record releases shall be submitted by the insured within 10 days of request and the medical examination shall be arranged by the insurer no sooner than 10 days after request, unless the insured agrees to an earlier examination date, and not later than 20 days after the request. If the insured fails to comply with the requirements of this subdivision, the actual arbitration proceedings shall be stayed for at least 30 days following compliance by the insured. The proceedings shall be scheduled as soon as practicable following expiration of the 30-day period.

(p) This subdivision applies only when bodily injury, as defined in subdivision (b), is caused by an underinsured motor vehicle. If the provisions of this subdivision conflict with subdivisions (a) through (o), the provisions of this subdivision shall prevail.

(1) As used in this subdivision, "an insured motor vehicle" is one that is insured under a motor vehicle liability policy, or automobile liability insurance policy, self-insured, or for which a cash deposit or bond has been posted to satisfy a financial responsibility law.

(2) "Underinsured motor vehicle" means a motor vehicle that is an insured motor vehicle but insured for an amount that is less than the uninsured motorist limits carried on the motor vehicle of the injured person.

(3) This coverage does not apply to any bodily injury until the limits of bodily injury liability policies applicable to all insured motor vehicles causing the injury have been exhausted by payment of judgments or settlements, and proof of the payment is submitted to the insurer providing the underinsured motorist coverage.

(4) When bodily injury is caused by one or more motor vehicles, whether insured, underinsured, or uninsured, the maximum liability of the insurer providing the underinsured motorist coverage shall not exceed the insured's underinsured motorist coverage limits, less the amount paid to the insured by or for any person or organization that may be held legally liable for the injury.

(5) The insurer paying a claim under this subdivision shall, to the extent of the payment, be entitled to reimbursement or credit in the amount received by the insured from the owner or operator of the underinsured motor vehicle or the insurer of the owner or operator.

(6) If the insured brings an action against the owner or operator of an underinsured motor vehicle, he or she shall forthwith give to the insurer providing the underinsured motorist coverage a copy of the complaint by personal service or certified mail. All pleadings and depositions shall be made available for copying or copies furnished the insurer, at the insurer's expense, within a reasonable time.

(7) Underinsured motorist coverage shall be included in all policies of bodily injury liability insurance providing uninsured motorist coverage issued or renewed on or after July 1, 1985. Notwithstanding this section, an agreement to delete uninsured motorist coverage completely, or with respect to a person or persons designated by name, executed prior to July 1, 1985, shall remain in full force and effect.

(q) Regardless of the number of vehicles involved whether insured or not, persons covered, claims made, premiums paid or the number of premiums shown on the policy, in no event shall the limit of liability for two or more motor vehicles or two or more policies be added together, combined, or stacked to determine the limit of insurance coverage available to injured persons.

SEC. 24. Section 1524 of the Penal Code is amended to read:

1524. (a) A search warrant may be issued upon any of the following grounds:

(1) When the property was stolen or embezzled.

(2) When the property or things were used as the means of committing a felony.

(3) When the property or things are in the possession of any person with the intent to use them as a means of committing a public offense, or in the possession of another to whom he or she may have delivered them for the purpose of concealing them or preventing their being discovered.

(4) When the property or things to be seized consist of any item or constitute any evidence that tends to show a felony has been committed, or tends to show that a particular person has committed a felony.

(5) When the property or things to be seized consist of evidence that tends to show that sexual exploitation of a child, in violation of Section 311.3, or possession of matter depicting sexual conduct of a person under the age of 18 years, in violation of Section 311.11, has occurred or is occurring.

(6) When there is a warrant to arrest a person.

(7) When a provider of electronic communication service or remote computing service has records or evidence, as specified in Section 1524.3, showing that property was stolen or embezzled constituting a misdemeanor, or that property or things are in the possession of any person with the intent to use them as a means of committing a misdemeanor public offense, or in the possession of another to whom he or she may have delivered them for the purpose of concealing them or preventing their discovery.

(8) When the property or things to be seized include an item or any evidence that tends to show a violation of Section 3700.5 of the Labor Code, or tends to show that a particular person has violated Section 3700.5 of the Labor Code.

(b) The property or things or person or persons described in subdivision (a) may be taken on the warrant from any place, or from any person in whose possession the property or things may be.

(c) Notwithstanding subdivision (a) or (b), no search warrant shall issue for any documentary evidence in the possession or under the control of any person, who is a lawyer as defined in Section 950 of the Evidence Code, a physician as defined in Section 990 of the Evidence Code, a psychotherapist as defined in Section 1010 of the Evidence Code, or a member of the clergy as defined in Section 1030 of the Evidence Code, and who is not reasonably suspected of engaging or having engaged in criminal activity related to the documentary evidence for which a warrant is requested unless the following procedure has been complied with:

(1) At the time of the issuance of the warrant the court shall appoint a special master in accordance with subdivision (d) to accompany the person who will serve the warrant. Upon service of the warrant, the special master shall inform the party served of the specific items being sought and that the party shall have the opportunity to provide the items requested. If the party, in the judgment of the special master, fails to provide the items requested, the special master shall conduct a search for the items in the areas indicated in the search warrant.

(2) If the party who has been served states that an item or items should not be disclosed, they shall be sealed by the special master and taken to court for a hearing.

At the hearing, the party searched shall be entitled to raise any issues that may be raised pursuant to Section 1538.5 as well as a claim that the item or items are privileged, as provided by law. The hearing shall be held in the superior court. The court shall provide sufficient time for the parties to obtain counsel and make any motions or present any evidence. The hearing shall be held within three days of the service of the warrant unless the court makes a finding that the expedited hearing is impracticable. In that case the matter shall be heard at the earliest possible time.

If an item or items are taken to court for a hearing, any limitations of time prescribed in Chapter 2 (commencing with Section 799) of Title 3 of Part 2 shall be tolled from the time of the seizure until the final conclusion of the hearing, including any associated writ or appellate proceedings.

(3) The warrant shall, whenever practicable, be served during normal business hours. In addition, the warrant shall be served upon a party who appears to have possession or control of the items sought. If, after reasonable efforts, the party serving the warrant is unable to locate the person, the special master shall seal and return to the court, for determination by the court, any item that appears to be privileged as provided by law.

(d) As used in this section, a "special master" is an attorney who is a member in good standing of the California State Bar and who has been selected from a list of qualified attorneys that is maintained by the State Bar particularly for the purposes of conducting the searches described in this section. These attorneys shall serve without compensation. A special master shall be considered a public employee, and the governmental entity that caused the search warrant to be issued shall be considered the employer of the special master and the applicable public entity, for purposes of Division 3.6 (commencing with Section 810) of Title 1 of the Government Code, relating to claims and actions against public entities and public employees. In selecting the special master, the

court shall make every reasonable effort to ensure that the person selected has no relationship with any of the parties involved in the pending matter. Any information obtained by the special master shall be confidential and may not be divulged except in direct response to inquiry by the court.

In any case in which the magistrate determines that, after reasonable efforts have been made to obtain a special master, a special master is not available and would not be available within a reasonable period of time, the magistrate may direct the party seeking the order to conduct the search in the manner described in this section in lieu of the special master.

(e) Any search conducted pursuant to this section by a special master may be conducted in a manner that permits the party serving the warrant or his or her designee to accompany the special master as he or she conducts his or her search. However, that party or his or her designee may not participate in the search nor shall he or she examine any of the items being searched by the special master except upon agreement of the party upon whom the warrant has been served.

(f) As used in this section, "documentary evidence" includes, but is not limited to, writings, documents, blueprints, drawings, photographs, computer printouts, microfilms, X-rays, files, diagrams, ledgers, books, tapes, audio and video recordings, films or papers of any type or description.

(g) No warrant shall issue for any item or items described in Section 1070 of the Evidence Code.

(h) Notwithstanding any other law, no claim of attorney work product as described in Chapter 4 (commencing with Section 2018.010) of Title 4 of Part 4 of the Code of Civil Procedure shall be sustained where there is probable cause to believe that the lawyer is engaging or has engaged in criminal activity related to the documentary evidence for which a warrant is requested unless it is established at the hearing with respect to the documentary evidence seized under the warrant that the services of the lawyer were not sought or obtained to enable or aid anyone to commit or plan to commit a crime or a fraud.

(i) Nothing in this section is intended to limit an attorney's ability to request an in camera hearing pursuant to the holding of the Supreme Court of California in People v. Superior Court (Laff) (2001) 25 Cal.4th 703.

(j) In addition to any other circumstance permitting a magistrate to issue a warrant for a person or property in another county, when the property or things to be seized consist of any item or constitute any evidence that tends to show a violation of Section 530.5, the magistrate may issue a warrant to search a person or property located in another

county if the person whose identifying information was taken or used resides in the same county as the issuing court.

SEC. 25. Section 5.5 of this bill incorporates amendments to Section 1985.6 of the Code of Civil Procedure proposed by both this bill and AB 496. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2006, (2) each bill amends Section 1985.6 of the Code of Civil Procedure, and (3) this bill is enacted after AB 496, in which case Section 5 of this bill shall not become operative.

CHAPTER 296

An act to amend Section 10601.2 of the Welfare and Institutions Code, relating to public social services.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 10601.2 of the Welfare and Institutions Code is amended to read:

10601.2. (a) The State Department of Social Services shall establish, by April 1, 2003, the California Child and Family Service Review System, in order to review all county child welfare systems. These reviews shall cover child protective services, foster care, adoption, family preservation, family support, and independent living.

(b) Child and family service reviews shall maximize compliance with the federal regulations for the receipt of money from Subtitle E (commencing with Section 470) of Title IV of the federal Social Security Act (42 U.S.C. Sec. 670 and following) and ensure compliance with state plan requirements set forth in Subtitle B (commencing with Section 421) of Title IV of the federal Social Security Act (42 U.S.C. Sec. 621 and following).

(c) (1) By October 1, 2002, the California Health and Human Services Agency shall convene a workgroup comprised of representatives of the Judicial Council, the State Department of Social Services, the State Department of Health Services, the State Department of Mental Health, the State Department of Education, the Department of Child Support Services, the State Department of Justice, any other state departments or agencies the California Health and Human Services Agency deems

necessary, the County Welfare Directors Association, the California State Association of Counties, the Chief Probation Officers of California, the California Youth Connection, and representatives of California tribes, interested child advocacy organizations, researchers, and foster parent organizations. The workgroup shall establish a workplan by which child and family service reviews shall be conducted pursuant to this section, including a process for qualitative peer reviews of case information.

(2) At a minimum, in establishing the workplan, the workgroup shall consider any existing federal program improvement plans entered into by the state pursuant to federal regulations, the outcome indicators to be measured, compliance thresholds for each indicator, timelines for implementation, county review cycles, uniform processes, procedures and review instruments to be used, a corrective action process, and any funding or staffing increases needed to implement the requirements of this section. The agency shall broadly consider collaboration with all entities to allow the adequate exchange of information and coordination of efforts to improve outcomes for foster youth and families.

(d) (1) The California Child and Family Service Review System outcome indicators shall be consistent with the federal child and family service review measures and standards for child and family outcomes and system factors authorized by Subtitle B (commencing with Section 421) and Subtitle E (commencing with Section 470) of Title IV of the federal Social Security Act and the regulations adopted pursuant to those provisions (Parts 1355 to 1357, inclusive, of Title 45 of the Code of Federal Regulations).

(2) During the first review cycle pursuant to this section, each county shall be reviewed according to the outcome indicators established for the California Child and Family Service Review System.

(3) For subsequent reviews, the workgroup shall consider whether to establish additional outcome indicators that support the federal outcomes and any program improvement plan, and promote good health, mental health, behavioral, educational, and other relevant outcomes for children and families in California's child welfare services system.

(e) The State Department of Social Services shall identify and promote the replication of best practices in child welfare service delivery to achieve the measurable outcomes established pursuant to subdivision (d).

(f) The State Department of Social Services shall provide information to the Assembly and Senate Budget Committees and appropriate legislative policy committees annually, beginning with the 2002–03 fiscal year, on all of the following:

(1) The department's progress in planning for the federal child and family service review to be conducted by the United States Department

of Health and Human Services and, upon completion of the federal review, the findings of that review, the state's response to the findings, and the details of any program improvement plan entered into by the state.

(2) The department's progress in implementing the California child and family service reviews, including, but not limited to, the timelines for implementation, the process to be used, and any funding or staffing increases needed at the state or local level to implement the requirements of this section.

(3) The findings and recommendations for child welfare system improvements identified in county self-assessments and county system improvement plans, including information on common statutory, regulatory, or fiscal barriers identified as inhibiting system improvements, any recommendations to overcome those barriers, and, as applicable, information regarding the allocation and use of the moneys provided to counties pursuant to subdivision (i).

(g) Effective April 1, 2003, the existing county compliance review system shall be suspended to provide to the State Department of Social Services sufficient lead time to provide training and technical assistance to counties for the preparation necessary to transition to the new child and family service review system.

(h) Beginning January 1, 2004, the department shall commence individual child and family service reviews of California counties. County child welfare systems that do not meet the established compliance thresholds for the outcome measures that are reviewed shall receive technical assistance from teams made up of state and peer-county administrators to assist with implementing best practices to improve their performance and make progress toward meeting established levels of compliance.

(i) (1) To the extent that funds are appropriated in the annual Budget Act to enable counties to implement approaches to improving their performance on the outcome indicators under this section, the department, in consultation with counties, shall establish a process for allocating the funds to counties.

(2) The allocation process shall take into account, at a minimum, the extent to which the proposed funding would be used for activities that are reasonably expected to help the county make progress toward the outcome indicators established pursuant to this section, and the extent to which county funding for the Child Abuse, Prevention and Treatment program is aligned with the outcome indicators.

(3) To the extent possible, a county shall use funds allocated pursuant to this subdivision in a manner that enables the county to access additional federal, state, and local funds from other available sources.

However, a county's ability to receive additional matching funds from these sources shall not be a determining factor in the allocation process established pursuant to this subdivision.

(4) The department shall provide information to the appropriate committees of the Legislature on the process established pursuant to this subdivision for allocating funds to counties.

CHAPTER 297

An act to amend Section 12956.1 of, and to add Section 12956.2 to, the Government Code, relating to housing.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 12956.1 of the Government Code is amended to read:

12956.1. (a) As used in this section, "association," "governing documents," and "declaration" have the same meanings as set forth in Section 1351 of the Civil Code.

(b) (1) A county recorder, title insurance company, escrow company, real estate broker, real estate agent, or association that provides a copy of a declaration, governing document, or deed to any person shall place a cover page or stamp on the first page of the previously recorded document or documents stating, in at least 14-point boldface type, the following:

"If this document contains any restriction based on race, color, religion, sex, sexual orientation, familial status, marital status, disability, national origin, source of income as defined in subdivision (p) of Section 12955, or ancestry, that restriction violates state and federal fair housing laws and is void, and may be removed pursuant to Section 12956.2 of the Government Code. Lawful restrictions under state and federal law on the age of occupants in senior housing or housing for older persons shall not be construed as restrictions based on familial status."

(2) The requirements set forth in paragraph (1) shall not apply to documents being submitted for recordation to a county recorder.

(c) Any person who records a document for the express purpose of adding a racially restrictive covenant is guilty of a misdemeanor. The county recorder shall not incur any liability for recording the document. Notwithstanding any other provision of law, a prosecution for a violation

of this subdivision shall commence within three years after the discovery of the recording of the document.

SEC. 2. Section 12956.2 is added to the Government Code, to read:

12956.2. (a) A person who holds an ownership interest of record in property that he or she believes is the subject of an unlawfully restrictive covenant in violation of subdivision (*l*) of Section 12955 may record a document titled Restrictive Covenant Modification. The county recorder may choose to waive the fee prescribed for recording and indexing instruments pursuant to Section 27361 in the case of the modification document provided for in this section. The modification document shall include a complete copy of the original document containing the unlawfully restrictive language with the unlawfully restrictive language stricken.

(b) Before recording the modification document, the county recorder shall submit the modification document and the original document to the county counsel who shall determine whether the original document contains an unlawful restriction based on race, color, religion, sex, sexual orientation, familial status, marital status, disability, national origin, source of income as defined in subdivision (p) of Section 12955, or ancestry. The county counsel shall return the documents and inform the county recorder of its determination. The county recorder shall refuse to record the modification document if the county counsel finds that the original document does not contain an unlawful restriction as specified in this paragraph.

(c) The modification document shall be indexed in the same manner as the original document being modified. It shall contain a recording reference to the original document in the form of a book and page or instrument number, and date of the recording.

(d) Subject to covenants, conditions, and restrictions that were recorded after the recording of the original document that contains the unlawfully restrictive language and subject to covenants, conditions, and restrictions that will be recorded after the Restrictive Covenant Modification, the restrictions in the Restrictive Covenant Modification, once recorded, are the only restrictions having effect on the property. The effective date of the terms and conditions of the modification document shall be the same as the effective date of the original document.

(e) The county recorder shall make available to the public Restrictive Covenant Modification forms.

(f) If the holder of an ownership interest of record in property causes to be recorded a modified document pursuant to this section that contains modifications not authorized by this section, the county recorder shall not incur liability for recording the document. The liability that may result from the unauthorized recordation is the sole responsibility of the

holder of the ownership interest of record who caused the modified recordation.

(g) This section does not apply to persons holding an ownership interest in property that is part of a common interest development as defined in subdivision (c) of Section 1351 of the Civil Code if the board of directors of that common interest development is subject to the requirements of subdivision (b) of Section 1352.5 of the Civil Code.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because the local agency or school district has the authority to levy services charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

However, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 298

An act to amend Sections 2456 and 2458 of the Streets and Highways Code, relating to transportation.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 2456 of the Streets and Highways Code is amended to read:

2456. An allocation for construction costs, including preconstruction costs if not already allocated, shall be made to a local agency only if it furnishes evidence satisfactory to the department that all necessary orders of the Public Utilities Commission have been executed, that sufficient local funds will be made available as the work of the project progresses, that all necessary agreements with affected railroad or railroads have been executed that, if required, all environmental impact reports have been prepared and approvals obtained, and that all other matters prerequisite to the award of the construction contract can be accomplished within two years after the allocation. Local funds shall be deemed

available to the amount of any general obligation bonds authorized but unsold if it is determined that those bonds may be issued and sold by the local agency at any time.

SEC. 2. Section 2458 of the Streets and Highways Code is amended to read:

2458. Except as provided in this section, allocations shall remain available until expended. If a construction contract has not been awarded within two years after an allocation for construction costs, the commission may order the allocation canceled and such funds shall revert to the fund set aside for purposes of this chapter. All or any part of an allocation for preconstruction costs may be canceled and such funds shall revert to the fund set aside for purposes of this chapter upon a finding that insufficient progress is being made to complete the project. Where an allocation is canceled pursuant to this section, the local agency shall reimburse the fund set aside for purposes of this chapter the portion of the allocation which is not reverted as set forth in this section. The department shall determine, with the local agency, as to the time of repayment.

CHAPTER 299

An act to amend Section 4454 of the Government Code, relating to disability access, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 4454 of the Government Code is amended to read:

4454. (a) Where state funds are utilized for any building or facility subject to this chapter, or where funds of counties, municipalities, or other political subdivisions are utilized for the construction of elementary school, secondary school, or community college buildings and facilities subject to this chapter, no contract shall be awarded until the Department of General Services has issued written approval stating that the plans and specifications comply with the intent of this chapter.

(b) Notwithstanding subdivision (a), for all transportation facilities, other than rail or transit stations, located within state highway rights-of-way, the Department of Transportation is authorized to issue

the required written approval stating that the plans and specifications comply with intent of this chapter. If the Department of General Services, Division of the State Architect, establishes a certified access specialist program, as described in Section 4459.5, specific to standards governing access to transportation facilities, the Department of Transportation shall within 180 days of establishment of the program begin using engineers certified through that program to verify that the Department of Transportation's standards, guidelines, and design exceptions comply with the intent of this chapter.

(c) In each case the application for approval shall be accompanied by the plans and full, complete, and accurate specifications, which shall comply in every respect with any and all requirements prescribed by the Department of General Services.

(d) Except for facilities located within state highway rights-of-way, other than rail or transit stations, the application shall be accompanied by a filing fee in amounts as determined by the Department of General Services. All fees shall be deposited into the Access for Handicapped Account, which is hereby renamed the Disability Access Account as of July 1, 2001, and established in the General Fund. Notwithstanding Section 13340, the account is continuously appropriated for expenditures for the use of the Department of General Services, in carrying out the department's responsibilities under this chapter.

(e) The Department of General Services shall consult with the Department of Rehabilitation in identifying the requirements necessary to comply with this chapter.

(f) The Department of General Services, Division of the State Architect, shall include the cost of carrying out the responsibilities identified in this chapter as part of the plan review costs in determining fees.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the provisions of this act to take effect as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 300

[Approved by Governor September 22, 2005. Filed with
Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 22350 of the Business and Professions Code is amended to read:

22350. (a) Any natural person who makes more than 10 services of process within this state during one calendar year, for specific compensation or in expectation of specific compensation, where that compensation is directly attributable to the service of process, shall file and maintain a verified certificate of registration as a process server with the county clerk of the county in which he or she resides or has his or her principal place of business. Any corporation or partnership that derives or expects to derive compensation from service of process within this state shall also file and maintain a verified certificate of registration as a process server with the county clerk of the county in which the corporation or partnership has its principal place of business.

(b) This chapter shall not apply to any of the following:

(1) Any sheriff, marshal, or government employee who is acting within the course and scope of his or her employment.

(2) An attorney or his or her employees, when serving process related to cases for which the attorney is providing legal services.

(3) Any person who is specially appointed by a court to serve its process.

(4) A licensed private investigator or his or her employees.

(5) A professional photocopier registered under Section 22450, or an employee thereof, whose only service of process relates to subpoenas for the production of records, which subpoenas specify that the records be copied by that registered professional photocopier.

SEC. 2. Section 412.10 of the Code of Civil Procedure is amended to read:

412.10. After payment of all applicable fees, the plaintiff may have the clerk issue one or more summons for any defendant. The clerk shall keep each original summons in the court records and provide a copy of each summons issued to the plaintiff who requested issuance of the summons.

SEC. 3. Section 417.30 of the Code of Civil Procedure is amended to read:

417.30. After a summons has been served on a person, proof of service of the summons as provided in Section 417.10 or 417.20 shall be filed, unless the defendant has previously made a general appearance.

SEC. 4. Section 583.210 of the Code of Civil Procedure is amended to read:

583.210. (a) The summons and complaint shall be served upon a defendant within three years after the action is commenced against the defendant. For the purpose of this subdivision, an action is commenced at the time the complaint is filed.

(b) Proof of service of the summons shall be filed within 60 days after the time the summons and complaint must be served upon a defendant.

SEC. 5. Section 1010.6 of the Code of Civil Procedure is amended to read:

1010.6. (a) A trial court may adopt local rules permitting electronic filing and service of documents, subject to rules adopted pursuant to subdivision (b) and the following conditions:

(1) A document that is filed electronically shall have the same legal effect as an original paper document.

(2) (A) When a document to be filed requires the signature, not under penalty of perjury, of an attorney or a person filing in propia persona, the document shall be deemed to have been signed by that attorney or person if filed electronically.

(B) When a document to be filed requires the signature, under penalty of perjury, of any person, the document shall be deemed to have been signed by that person if filed electronically and if a printed form of the document has been signed by that person prior to, or on the same day as, the date of filing. The attorney or person filing the document represents, by the act of filing, that the declarant has complied with this section. The attorney or person filing the document shall maintain the printed form of the document bearing the original signature and make it available for review and copying upon the request of the court or any party to the action or proceeding in which it is filed.

(3) Any document that is electronically filed with the court after the close of business on any day shall be deemed to have been filed on the next court day. "Close of business," as used in this paragraph, shall mean 5 p.m. or the time at which the court would not accept filing at the court's filing counter, whichever is earlier.

(4) The court receiving a document filed electronically shall issue a confirmation that the document has been received and filed. The confirmation shall serve as proof that the document has been filed.

(5) Upon electronic filing of a complaint, petition, or other document that must be served with a summons, a trial court, upon request of the party filing the action, shall issue a summons with the court seal and the case number. The court shall keep the summons in its records and may electronically transmit a copy of the summons to the requesting party. Personal service of a printed form of the electronic summons shall have

the same legal effect as personal service of an original summons. If a trial court plans to electronically transmit a summons to the party filing a complaint, the court shall immediately upon receipt of the complaint notify the attorney or party that a summons will be electronically transmitted to the electronic address given by the person filing the complaint.

(6) Where notice may be served by mail, express mail, overnight delivery, or facsimile transmission, electronic service of the notice and any accompanying documents may be authorized when a party has agreed to accept service electronically in that action. Electronic service is complete at the time of transmission, but any period of notice or any right or duty to do any act or make any response within any period or on a date certain after the service of the document, which time period or date is prescribed by statute or rule of court, shall be extended after service by electronic transmission by two court days, but the extension shall not apply to extend the time for filing notice of intention to move for new trial, notice of intention to move to vacate judgment pursuant to Section 663a, or notice of appeal. This extension applies in the absence of a specific exception provided for by any other statute or rule of court.

(7) The court shall permit a party or attorney to file an application for waiver of court fees and costs, in lieu of requiring the payment of the filing fee, as part of the process involving the electronic filing of a document. The court shall consider and determine the application in accordance with Section 68511.3 of the Government Code and shall not require the party or attorney to submit any documentation other than that set forth in Section 68511.3 of the Government Code. Nothing in this section shall require the court to waive a filing fee that is not otherwise waivable.

(8) If a trial court adopts rules conforming to paragraphs (1) to (7), inclusive, it may provide by order that all parties to an action file documents electronically in a class action, a consolidated action, or a group of actions, a coordinated action, or an action that is deemed complex under Judicial Council rules, provided that the trial court's order does not cause undue hardship or significant prejudice to any party in the action.

(b) By January 1, 2003, the Judicial Council shall adopt uniform rules for the electronic filing and service of documents in the trial courts of the state, which shall include statewide policies on vendor contracts, privacy, and access to public records. These rules shall conform to the conditions set forth in this section, as amended from time to time.

SEC. 6. Section 1985.3 of the Code of Civil Procedure is amended to read:

1985.3. (a) For purposes of this section, the following definitions apply:

(1) "Personal records" means the original, any copy of books, documents, other writings, or electronic data pertaining to a consumer and which are maintained by any "witness" which is a physician, dentist, ophthalmologist, optometrist, chiropractor, physical therapist, acupuncturist, podiatrist, veterinarian, veterinary hospital, veterinary clinic, pharmacist, pharmacy, hospital, medical center, clinic, radiology or MRI center, clinical or diagnostic laboratory, state or national bank, state or federal association (as defined in Section 5102 of the Financial Code), state or federal credit union, trust company, anyone authorized by this state to make or arrange loans that are secured by real property, security brokerage firm, insurance company, title insurance company, underwritten title company, escrow agent licensed pursuant to Division 6 (commencing with Section 17000) of the Financial Code or exempt from licensure pursuant to Section 17006 of the Financial Code, attorney, accountant, institution of the Farm Credit System, as specified in Section 2002 of Title 12 of the United States Code, or telephone corporation which is a public utility, as defined in Section 216 of the Public Utilities Code, or psychotherapist, as defined in Section 1010 of the Evidence Code, or a private or public preschool, elementary school, secondary school, or postsecondary school as described in Section 76244 of the Education Code.

(2) "Consumer" means any individual, partnership of five or fewer persons, association, or trust which has transacted business with, or has used the services of, the witness or for whom the witness has acted as agent or fiduciary.

(3) "Subpoenaing party" means the person or persons causing a subpoena duces tecum to be issued or served in connection with any civil action or proceeding pursuant to this code, but shall not include the state or local agencies described in Section 7465 of the Government Code, or any entity provided for under Article VI of the California Constitution in any proceeding maintained before an adjudicative body of that entity pursuant to Chapter 4 (commencing with Section 6000) of Division 3 of the Business and Professions Code.

(4) "Deposition officer" means a person who meets the qualifications specified in Section 2020.420.

(b) Prior to the date called for in the subpoena duces tecum for the production of personal records, the subpoenaing party shall serve or cause to be served on the consumer whose records are being sought a copy of the subpoena duces tecum, of the affidavit supporting the issuance of the subpoena, if any, and of the notice described in

subdivision (e), and proof of service as indicated in paragraph (1) of subdivision (c). This service shall be made as follows:

(1) To the consumer personally, or at his or her last known address, or in accordance with Chapter 5 (commencing with Section 1010) of Title 14 of Part 3, or, if he or she is a party, to his or her attorney of record. If the consumer is a minor, service shall be made on the minor's parent, guardian, conservator, or similar fiduciary, or if one of them cannot be located with reasonable diligence, then service shall be made on any person having the care or control of the minor or with whom the minor resides or by whom the minor is employed, and on the minor if the minor is at least 12 years of age.

(2) Not less than 10 days prior to the date for production specified in the subpoena duces tecum, plus the additional time provided by Section 1013 if service is by mail.

(3) At least five days prior to service upon the custodian of the records, plus the additional time provided by Section 1013 if service is by mail.

(c) Prior to the production of the records, the subpoenaing party shall do either of the following:

(1) Serve or cause to be served upon the witness a proof of personal service or of service by mail attesting to compliance with subdivision (b).

(2) Furnish the witness a written authorization to release the records signed by the consumer or by his or her attorney of record. The witness may presume that any attorney purporting to sign the authorization on behalf of the consumer acted with the consent of the consumer, and that any objection to release of records is waived.

(d) A subpoena duces tecum for the production of personal records shall be served in sufficient time to allow the witness a reasonable time, as provided in Section 2020.410, to locate and produce the records or copies thereof.

(e) Every copy of the subpoena duces tecum and affidavit, if any, served on a consumer or his or her attorney in accordance with subdivision (b) shall be accompanied by a notice, in a typeface designed to call attention to the notice, indicating that (1) records about the consumer are being sought from the witness named on the subpoena; (2) if the consumer objects to the witness furnishing the records to the party seeking the records, the consumer must file papers with the court or serve a written objection as provided in subdivision (g) prior to the date specified for production on the subpoena; and (3) if the party who is seeking the records will not agree in writing to cancel or limit the subpoena, an attorney should be consulted about the consumer's interest in protecting his or her rights of privacy. If a notice of taking of

deposition is also served, that other notice may be set forth in a single document with the notice required by this subdivision.

(f) A subpoena duces tecum for personal records maintained by a telephone corporation which is a public utility, as defined in Section 216 of the Public Utilities Code, shall not be valid or effective unless it includes a consent to release, signed by the consumer whose records are requested, as required by Section 2891 of the Public Utilities Code.

(g) Any consumer whose personal records are sought by a subpoena duces tecum and who is a party to the civil action in which this subpoena duces tecum is served may, prior to the date for production, bring a motion under Section 1987.1 to quash or modify the subpoena duces tecum. Notice of the bringing of that motion shall be given to the witness and deposition officer at least five days prior to production. The failure to provide notice to the deposition officer shall not invalidate the motion to quash or modify the subpoena duces tecum but may be raised by the deposition officer as an affirmative defense in any action for liability for improper release of records.

Any other consumer or nonparty whose personal records are sought by a subpoena duces tecum may, prior to the date of production, serve on the subpoenaing party, the witness, and the deposition officer, a written objection that cites the specific grounds on which production of the personal records should be prohibited.

No witness or deposition officer shall be required to produce personal records after receipt of notice that the motion has been brought by a consumer, or after receipt of a written objection from a nonparty consumer, except upon order of the court in which the action is pending or by agreement of the parties, witnesses, and consumers affected.

The party requesting a consumer's personal records may bring a motion under Section 1987.1 to enforce the subpoena within 20 days of service of the written objection. The motion shall be accompanied by a declaration showing a reasonable and good faith attempt at informal resolution of the dispute between the party requesting the personal records and the consumer or the consumer's attorney.

(h) Upon good cause shown and provided that the rights of witnesses and consumers are preserved, a subpoenaing party shall be entitled to obtain an order shortening the time for service of a subpoena duces tecum or waiving the requirements of subdivision (b) where due diligence by the subpoenaing party has been shown.

(i) Nothing contained in this section shall be construed to apply to any subpoena duces tecum which does not request the records of any particular consumer or consumers and which requires a custodian of records to delete all information which would in any way identify any consumer whose records are to be produced.

(j) This section shall not apply to proceedings conducted under Division 1 (commencing with Section 50), Division 4 (commencing with Section 3200), Division 4.5 (commencing with Section 6100), or Division 4.7 (commencing with Section 6200), of the Labor Code.

(k) Failure to comply with this section shall be sufficient basis for the witness to refuse to produce the personal records sought by a subpoena duces tecum.

(*l*) If the subpoenaing party is the consumer, and the consumer is the only subject of the subpoenaed records, notice to the consumer, and delivery of the other documents specified in subdivision (b) to the consumer, is not required under this section.

SEC. 7. Section 1985.6 of the Code of Civil Procedure is amended to read:

(1) "Deposition officer" means a person who meets the qualifications specified in paragraph (3) of subdivision (d) of Section 2020.

(2) "Employee" means any individual who is or has been employed by a witness subject to a subpoena duces tecum. "Employee" also means any individual who is or has been represented by a labor organization that is a witness subject to a subpoena duces tecum.

(b) Prior to the date called for in the subpoena duces tecum of the production of employment records, the subpoenaing party shall serve or cause to be served on the employee whose records are being sought a copy of: the subpoena duces tecum; the affidavit supporting the issuance of the subpoena, if any; the notice described in subdivision (e); and proof of service as provided in paragraph (1) of subdivision (c). This service shall be made as follows:

(1) To the employee personally, or at his or her last known address, or in accordance with Chapter 5 (commencing with Section 1010) of Title 14 of Part 3, or, if he or she is a party, to his or her attorney of record. If the employee is a minor, service shall be made on the minor's parent, guardian, conservator, or similar fiduciary, or if one of them cannot be located with reasonable diligence, then service shall be made on any person having the care or control of the minor, or with whom the minor resides, and on the minor if the minor is at least 12 years of age.

(2) Not less than 10 days prior to the date for production specified in the subpoena duces tecum, plus the additional time provided by Section 1013 if service is by mail.

(3) At least five days prior to service upon the custodian of the employment records, plus the additional time provided by Section 1013 if service is by mail.

(c) Prior to the production of the records, the subpoenaing party shall either:

(1) Serve or cause to be served upon the witness a proof of personal service or of service by mail attesting to compliance with subdivision (b).

(2) Furnish the witness a written authorization to release the records signed by the employee or by his or her attorney of record. The witness may presume that the attorney purporting to sign the authorization on behalf of the employee acted with the consent of the employee, and that any objection to the release of records is waived.

(d) A subpoena duces tecum for the production of employment records shall be served in sufficient time to allow the witness a reasonable time, as provided in paragraph (1) of subdivision (d) of Section 2020, to locate and produce the records or copies thereof.

(e) Every copy of the subpoena duces tecum and affidavit served on an employee or his or her attorney in accordance with subdivision (b) shall be accompanied by a notice, in a typeface designed to call attention to the notice, indicating that (1) employment records about the employee are being sought from the witness named on the subpoena; (2) the employment records may be protected by a right of privacy; (3) if the employee objects to the witness furnishing the records to the party seeking the records, the employee shall file papers with the court prior to the date specified for production on the subpoena; and (4) if the subpoenaing party does not agree in writing to cancel or limit the subpoena, an attorney should be consulted about the employee's interest in protecting his or her rights of privacy. If a notice of taking of deposition is also served, that other notice may be set forth in a single document with the notice required by this subdivision.

(f) Any employee whose employment records are sought by a subpoena duces tecum may, prior to the date for production, bring a motion under Section 1987.1 to quash or modify the subpoena duces tecum. Notice of the bringing of that motion shall be given to the witness and the deposition officer at least five days prior to production. The failure to provide notice to the deposition officer does not invalidate the motion to quash or modify the subpoena duces tecum but may be raised by the deposition officer as an affirmative defense in any action for liability for improper release of records.

Any nonparty employee whose employment records are sought by a subpoena duces tecum may, prior to the date of production, serve on the subpoenaing party, the deposition officer, and the witness a written objection that cites the specific grounds on which production of the employment records should be prohibited.

No witness or deposition officer shall be required to produce employment records after receipt of notice that the motion has been brought by an employee, or after receipt of a written objection from a nonparty employee, except upon order of the court in which the action is pending or by agreement of the parties, witnesses, and employees affected.

The party requesting an employee's employment records may bring a motion under subdivision (c) of Section 1987 to enforce the subpoena within 20 days of service of the written objection. The motion shall be accompanied by a declaration showing a reasonable and good faith attempt at informal resolution of the dispute between the party requesting the employment records and the employee or the employee's attorney.

(g) Upon good cause shown and provided that the rights of witnesses and employees are preserved, a subpoenaing party shall be entitled to obtain an order shortening the time for service of a subpoena duces tecum or waiving the requirements of subdivision (b) where due diligence by the subpoenaing party has been shown.

(h) This section may not be construed to apply to any subpoena duces tecum that does not request the records of any particular employee or employees and that requires a custodian of records to delete all information which would in any way identify any employee whose records are to be produced.

(i) This section does not apply to proceedings conducted under Division 1 (commencing with Section 50), Division 4 (commencing with Section 3200), Division 4.5 (commencing with Section 6100), or Division 4.7 (commencing with Section 6200), of the Labor Code.

(j) Failure to comply with this section shall be sufficient basis for the witness to refuse to produce the employment records sought by subpoena duces tecum.

(k) If the subpoenaing party is the employee, and the employee is the only subject of the subpoenaed records, notice to the employee, and delivery of the other documents specified in subdivision (b) to the employee, is not required under this section.

Any nonparty employee whose employment records are sought by a subpoena duces tecum may, prior to the date of production, serve on the subpoenaing party, the deposition officer, and the witness a written objection that cites the specific grounds on which production of the employment records should be prohibited.

The party requesting an employee's employment records may bring a motion under subdivision (c) of Section 1987 to enforce the subpoena within 20 days of service of the written objection. The motion shall be accompanied by a declaration showing a reasonable and good faith attempt at informal resolution of the dispute between the party requesting the employment records and the employee or the employee's attorney.

(g) Upon good cause shown and provided that the rights of witnesses and employees are preserved, a subpoenaing party shall be entitled to obtain an order shortening the time for service of a subpoena duces tecum or waiving the requirements of subdivision (b) where due diligence by the subpoenaing party has been shown.

(h) This section may not be construed to apply to any subpoena duces tecum that does not request the records of any particular employee or employees and that requires a custodian of records to delete all information which would in any way identify any employee whose records are to be produced.

CHAPTER 302

An act to amend Section 3041.5 of the Family Code, and to amend Sections 2341 and 2854 of the Probate Code, relating to guardians.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 3041.5 of the Family Code is amended to read:

3041.5. (a) In any custody or visitation proceeding brought under this part, as described in Section 3021, or any guardianship proceeding brought under the Probate Code, the court may order any person who is seeking custody of, or visitation with, a child who is the subject of the proceeding to undergo testing for the illegal use of controlled substances and the use of alcohol if there is a judicial determination based upon a preponderance of evidence that there is the habitual, frequent, or continual illegal use of controlled substances or the habitual or continual abuse of alcohol by the parent, legal custodian, person seeking guardianship, or person seeking visitation in a guardianship. This evidence may include, but may not be limited to, a conviction within the last five years for the illegal use or possession of a controlled substance. The court shall order the least intrusive method of testing for the illegal use of controlled substances or the habitual or continual abuse of alcohol by either or both parents, the legal custodian, person seeking guardianship, or person seeking visitation in a guardianship. If substance abuse testing is ordered by the court, the testing shall be performed in conformance with procedures and standards established by the United States Department of Health and Human Services for drug testing of federal employees. The parent, legal custodian, person seeking guardianship, or person seeking visitation in a guardianship who has undergone drug testing shall have the right to a hearing, if requested, to challenge a positive test result. A positive test result, even if challenged and upheld, shall not, by itself, constitute grounds for an adverse custody or guardianship decision. Determining the best interests of the child requires weighing all relevant factors. The court shall also consider any reports provided to the court pursuant to the Probate Code. The results of this testing shall be confidential, shall be maintained as a sealed record in the court file, and may not be released to any person except the court, the parties, their attorneys, the Judicial Council (until completion of its authorized study of the testing process) and any person to whom the court expressly grants access by written order made with prior notice to all parties. Any person who has access to the test results may not disseminate copies or disclose information about the test results to any person other than a person who is authorized to receive the test results pursuant to this section. Any breach of the confidentiality of the test results shall be punishable by civil sanctions not to exceed two thousand five hundred dollars ($2,500). The results of the testing may not be used for any purpose, including any criminal, civil, or administrative proceeding, except to assist the court in determining, for purposes of the proceeding, the best interest of

the child pursuant to Section 3011, and the content of the order or judgment determining custody or visitation. The court may order either party, or both parties, to pay the costs of the drug or alcohol testing ordered pursuant to this section. As used in this section, "controlled substances" has the same meaning as defined in the California Uniform Controlled Substances Act, Division 10 (commencing with Section 11000) of the Health and Safety Code.

(b) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date.

SEC. 2. Section 2341 of the Probate Code is amended to read:

2341. (a) As used in this article, "private professional conservator" means a person or entity appointed as conservator of the person or estate, or both, of two or more conservatees at the same time who are not related to the conservator by blood or marriage, except a bank or other entity authorized to conduct the business of a trust company, or any public officer or public agency including the public guardian, public conservator, or other agency of the State of California. In the case of an entity, all natural persons who are authorized by the entity to perform the functions of a conservator shall comply with this article. The court may, at its discretion, require any person who is the conservator for only one conservatee not related to the conservator by blood or marriage to comply with this article, and in that case, references in this article to a "private professional conservator" include those persons.

(b) As used in this article, "private professional guardian" means a person or entity appointed as guardian of the estate of two or more wards at the same time who are not related to the guardian by blood or marriage, except a bank or other entity authorized to conduct the business of a trust company, or any public officer or public agency including the public guardian, public conservator, or other agency of the State of California. In the case of an entity, all natural persons who are authorized by the entity to perform the functions of a guardian shall comply with this article. The court may, at its discretion, require any person who is the guardian for only one ward not related to the guardian by blood or marriage to comply with this article, and in that case, references in this article to a "private professional guardian" include those persons. The court may also, at its discretion, require any person who is a guardian of the person not related to the ward by blood or marriage and who receives compensation for acting as guardian of the person to comply with this article, and in that case, references in this article to a "private professional guardian" include those persons. However, as used in this article, "private professional guardian" does not include an unrelated guardian of the person of a minor appointed by the court, if the

appointment results from the selection of a permanency plan for a dependent child or ward pursuant to Section 366.26 of the Welfare and Institutions Code. It also does not include an unrelated guardian of the person of a minor appointed by the court pursuant to Section 1514 if that child is in receipt of AFDC-FC payments and case management services from the county welfare department, as evidenced by a Notice of Action of AFDC-FC eligibility.

(c) As used in this article, "private professional trustee" means a nonprofit charitable corporation appointed as trustee pursuant to Section 15604.

SEC. 3. Section 2854 of the Probate Code is amended to read:

2854. (a) This chapter does not apply to any public conservator or public guardian with regard to his or her official acts in that capacity.

(b) This chapter does not apply to any conservator, guardian, or trustee when the person is related to the conservatee, ward, or trustor by blood, marriage, adoption, registered domestic partnership, or a relationship that satisfies the requirements of subdivision (a) and paragraphs (1) to (4), inclusive, and paragraph (6) of subdivision (b) of Section 297 of the Family Code.

(c) This chapter does not apply to any trustee who is serving for the benefit of not more than three people or not more than three families, or a combination of people or families that does not total more than three. The number of trust beneficiaries does not count for the purposes of calculating if a trustee falls within this exclusion. A trust excluded under subdivision (a) or (b) does not count for the purpose of calculating if a trustee falls within this exclusion. For the purposes of this subdivision, family means people who are related by blood, marriage, adoption, registered domestic partnership, or a relationship that satisfies the requirements of subdivision (a) and paragraphs (1) to (4), inclusive, and paragraph (6) of subdivision (b) of Section 297 of the Family Code.

(d) This chapter does not apply to any conservator or guardian who is not required to file information with the clerk of the court pursuant to Section 2340, to any person or entity subject to the oversight of a local government, including an employee of a city, county, or city and county, or to any person or entity subject to the oversight of the state or federal government, including an attorney licensed to practice law in the State of California who acts as trustee of only attorney client trust accounts, as defined in Section 6211 of the Business and Professions Code.

(e) This chapter does not apply to any conservator who resided in the same home with the conservatee immediately prior to the condition or event that gave rise to the necessity of a conservatorship. This subdivision does not create any order or preference of appointment, but simply exempts a conservator described by this subdivision from registration.

(f) This chapter does not apply to a trustee who is any of the following:

(1) Trust companies, as defined in Section 83.

(2) FDIC-insured institutions, their holding companies, subsidiaries, or affiliates. For the purposes of this paragraph, "affiliate" means any entity that shares an ownership interest with or that is under the common control of, the FDIC-insured institution.

(3) Employees of any entity listed in paragraph (1) or (2) while serving as trustees in the scope of their duties.

CHAPTER 303

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Sexual Abuse in Detention Elimination Act.

SEC. 2. The Legislature hereby finds and declares that the purposes of the Sexual Abuse in Detention Elimination Act include, but are not limited to, all of the following:

(j) To ensure compliance with the federal Prison Rape Elimination Act of 2003, Public Law 108-79.

SEC. 3. Article 3 (commencing with Section 2635) is added to Chapter 3 of Title 1 of Part 3 of the Penal Code, to read:

Article 3. Sexual Abuse in Detention

2635.

2635. The Department of Corrections and Rehabilitation shall review informational handbooks regarding sexual abuse in detention published by outside organizations. Upon approving the content thereof, handbooks provided by one or more outside organizations shall be made available to inmates and wards.

2636. For the purposes of this section, all references to classification of wards shall take effect upon the adoption of a classification system for wards developed by the Department of Corrections and Rehabilitation in compliance with Farrell v. Allen, Alameda County Superior Court Case No. RG 03079344.

The following practices shall be instituted to prevent sexual violence and promote inmate and ward safety in the Department of Corrections and Rehabilitation:

(a) The Department of Corrections and Rehabilitation inmate classification and housing assignment procedures shall take into account risk factors that can lead to inmates and wards becoming the target of sexual victimization or of being sexually aggressive toward others. Relevant considerations include:

(1) Age of the inmate or ward.

(2) Whether the offender is a violent or nonviolent offender.

(3) Whether the inmate or ward has served a prior term of commitment.

(4) Whether the inmate or ward has a history of mental illness.

(b) The Department of Corrections and Rehabilitation shall ensure that staff members intervene when an inmate or ward appears to be the target of sexual harassment or intimidation.

2637. The Department of Corrections and Rehabilitation shall ensure that its protocols for responding to sexual abuse include all of the following:

(a) The safety of an inmate or ward who alleges that he or she has been the victim of sexual abuse shall be immediately and discreetly ensured. Staff shall provide the safest possible housing options to inmates and wards who have experienced repeated abuse. Housing options may include discreet institution transfers.

(b) Inmates and wards who file complaints of sexual abuse shall not be punished, either directly or indirectly, for doing so. If a person is segregated for his or her own protection, segregation must be nondisciplinary.

(c) Any person who knowingly or willfully submits inaccurate or untruthful information in regards to sexual abuse is punishable pursuant to department regulations.

(d) Under no circumstances is it appropriate to suggest that an inmate should fight to avoid sexual violence or to suggest that the reported sexual abuse is not significant enough to be addressed by staff.

(e) Staff shall not discriminate in their response to inmates and wards who are gay, bisexual, or transgender who experience sexual aggression, or report that they have experienced sexual abuse.

(f) Retaliation against an inmate or ward for making an allegation of sexual abuse shall be strictly prohibited.

2638. Thoughtful, confidential standards of physical and mental health care shall be implemented to reduce the impact of sexual abuse on inmates and wards in the Department of Corrections and Rehabilitation that include all of the following:

(a) Victims shall receive appropriate acute-trauma care for rape victims, including, but not limited to, treatment of injuries, HIV/AIDS prophylactic measures, and, later, testing for sexually transmittable diseases.

(b) Health practitioners who conduct or encounter an inmate or ward suffering from problems that might indicate sexual abuse, such as trauma, sexually transmissible diseases, pregnancy, or chronic pain symptoms, shall ask whether the patient has experienced sexual abuse.

(c) Practitioners should strive to ask frank, straightforward questions about sexual incidents without shaming inmates or displaying embarrassment about the subject matter.

(d) Confidential mental health counseling intended to help the victim to cope with the aftermath of abuse shall be offered to those who report

sexual abuse. Victims shall be monitored for suicidal impulses, posttraumatic stress disorder, depression, and other mental health consequences.

(e) Any adult inmate in mental health counseling for any reason shall be entitled to speak confidentially about sexual abuse.

2639. The Department of Corrections and Rehabilitation shall ensure that the following procedures are performed in the investigation and prosecution of sexual abuse incidents:

(a) The provision of safe housing options, medical care, and the like shall not be contingent upon the victim's willingness to press charges.

(b) Investigations into allegations of sexual abuse shall include, when deemed appropriate by the investigating agency, the use of forensic rape kits, questioning of suspects and witnesses, and gathering of other relevant evidence.

(c) Physical and testimonial evidence shall be carefully preserved for use in any future proceedings.

(d) Staff attitudes that inmates and wards cannot provide reliable information shall be discouraged.

(e) If an investigation confirms that any employee has sexually abused an inmate or ward, that employee shall be terminated. Administrators shall report criminal sexual abuse by staff to law enforcement authorities.

(f) Consensual sodomy and oral copulation among inmates is prohibited by subdivision (e) of Section 286 and subdivision (e) of Section 288a, respectively. Without repealing those provisions, the increased scrutiny provided by this article shall apply only to nonconsensual sexual contact among inmates and custodial sexual misconduct.

2640. The Department of Corrections and Rehabilitation shall collect data as follows:

(a) The Department of Corrections and Rehabilitation shall keep statistics on the sexual abuse of inmates and wards. Sexual abuse incidents shall not be classified as "other" nor simply included in a broader category of general assaults.

(b) Statistics shall include whether the abuse was perpetrated by a staff member or other inmate, the results of the investigation and any resolution of the complaint by department officials and prosecution authorities.

The data shall be made available to the Office of the Sexual Abuse in Detention Elimination Ombudsperson.

2641. (a) The Office of the Sexual Abuse in Detention Elimination Ombudsperson is hereby created in state government to ensure the impartial resolution of inmate and ward sexual abuse complaints. The office shall be based within the Office of the Inspector General. The

duties of this office may be contracted to outside nongovernmental experts.

(b) The ombudsperson shall have the authority to inspect all of the Department of Corrections and Rehabilitation institutions and to interview all inmates and wards.

(c) The Department of Corrections and Rehabilitation shall allow all inmates and wards to write confidential letters regarding sexual abuse to the ombudsperson.

(d) Information about how to confidentially contact the ombudsperson shall be clearly posted in all of the Department of Corrections and Rehabilitation institutions.

(e) The Office of the Inspector General shall investigate reports of the mishandling of incidents of sexual abuse, while maintaining the confidentiality of the victims of sexual abuse, if requested by the victim.

2642. The Department of Corrections and Rehabilitation shall:

Develop guidelines for allowing outside organizations and service agencies to offer resources to inmates and wards, including, but not limited to, the following:

(1) Rape crisis agencies.
(2) Hospitals.
(3) Gay rights organizations.
(4) HIV/AIDS service providers.
(5) Civil rights organizations.
(6) Human rights organizations.

2643. The provisions of this act are severable. If any provision of this act or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

CHAPTER 304

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 2234.1 of the Business and Professions Code is amended to read:

2234.1. (a) A physician and surgeon shall not be subject to discipline pursuant to subdivision (b), (c), or (d) of Section 2234 solely on the basis that the treatment or advice he or she rendered to a patient is alternative or complementary medicine, including the treatment of persistent Lyme Disease, if that treatment or advice meets all of the following requirements:

(1) It is provided after informed consent and a good-faith prior examination of the patient, and medical indication exists for the treatment or advice, or it is provided for health or well-being.

(2) It is provided after the physician and surgeon has given the patient information concerning conventional treatment and describing the education, experience, and credentials of the physician and surgeon related to the alternative or complementary medicine that he or she practices.

(3) In the case of alternative or complementary medicine it does not cause a delay in, or discourage traditional diagnosis of, a condition of the patient.

(4) It does not cause death or serious bodily injury to the patient.

(b) For purposes of this section, "alternative or complementary medicine," means those health care methods of diagnosis, treatment, or healing that are not generally used but that provide a reasonable potential for therapeutic gain in a patient's medical condition that is not outweighed by the risk of the health care method.

(c) Since the National Institute of Medicine has reported that it can take up to 17 years for a new best practice to reach the average physician and surgeon, it is prudent to give attention to new developments not only in general medical care but in the actual treatment of specific diseases, particularly those that are not yet broadly recognized in California.

CHAPTER 305

An act to amend Sections 1335, 1336, 1337, and 1341 of the Penal Code, relating to criminal proceedings.

The people of the State of California do enact as follows:

SECTION 1. Section 1335 of the Penal Code is amended to read:

1335. (a) When a defendant has been charged with a public offense triable in any court, he or she in all cases, and the people in cases other

(b) When a defendant has been charged with a serious felony, the people or the defendant may, if the defendant has been fully informed of his or her right to counsel as provided by law, have a witness examined conditionally as prescribed in this chapter, if there is evidence that the life of the witness is in jeopardy.

(c) As used in this section, "serious felony" means any of the felonies listed in subdivision (c) of Section 1192.7 or any violation of Section 11351, 11352, 11378, or 11379 of the Health and Safety Code.

SEC. 2. Section 1336 of the Penal Code is amended to read:

1336. (a) When a material witness for the defendant, or for the people, is about to leave the state, or is so sick or infirm as to afford reasonable grounds for apprehension that he or she will be unable to attend the trial, or is a person 65 years of age or older, or a dependent adult, the defendant or the people may apply for an order that the witness be examined conditionally.

(b) When there is evidence that the life of a witness is in jeopardy, the defendant or the people may apply for an order that the witness be examined conditionally.

(c) As used in this section, "dependent adult" means any person who is between the ages of 18 and 65, who has physical or mental limitations which restrict his or her ability to carry out normal activities or to protect his or her rights, including, but not limited to, persons who have physical or developmental disabilities or whose physical or mental abilities have diminished because of age. "Dependent adult" includes any person between the ages of 18 and 65, who is admitted as an inpatient to a 24-hour facility, as defined in Sections 1250, 1250.2, and 1250.3 of the Health and Safety Code.

SEC. 3. Section 1337 of the Penal Code is amended to read:

(4) That the witness is about to leave the state, or is so sick or infirm as to afford reasonable grounds for apprehending that he or she will not be able to attend the trial, or is a person 65 years of age or older, or a dependent adult, or that the life of the witness is in jeopardy.

SEC. 4. Section 1341 of the Penal Code is amended to read:

1341. If, at the time and place so designated, it is shown to the satisfaction of the magistrate that the witness is not about to leave the state, or is not sick or infirm, or is not a person 65 years of age or older, or a dependent adult, or that the life of the witness is not in jeopardy, or that the application was made to avoid the examination of the witness at the trial, the examination cannot take place.

CHAPTER 306

An act to amend Section 5009 of the Penal Code, relating to parolees.

(2) Visitations by members of the clergy or spiritual advisers shall be subject to the same rules, regulations, and policies relating to general visitations applicable at the institution to which the inmate is transferred.

(3) A departmental or volunteer chaplain who has ministered to or advised an inmate incarcerated in state prison may, voluntarily and without compensation, continue to minister to or advise the inmate while he or she is on parole, provided that the departmental or volunteer chaplain so notifies the warden and the parolee's parole agent in writing.

(c) Nothing in this section limits the department's ability to prohibit a departmental chaplain from ministering to a parolee, or to exclude a volunteer chaplain from department facilities, if either is found to be in violation of any law or regulation and that violation would ordinarily be grounds for adverse action or denial of access to a facility or person under the department's custody.

CHAPTER 307

An act to amend Section 19.8 of, and to add Section 652 to, the Penal Code, relating to body piercing.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

Except where a lesser maximum fine is expressly provided for a violation of any of those sections, any violation which is an infraction is punishable by a fine not exceeding two hundred fifty dollars ($250).

Except for the violations enumerated in subdivision (d) of Section 13202.5 of the Vehicle Code, and Section 14601.1 of the Vehicle Code based upon failure to appear, a conviction for any offense made an infraction under subdivision (d) of Section 17 is not grounds for the suspension, revocation, or denial of any license, or for the revocation of probation or parole of the person convicted.

This section shall become operative on January 1, 2005.

SEC. 2. Section 652 is added to the Penal Code, to read:

652. (a) It shall be an infraction for any person to perform or offer to perform body piercing upon a person under the age of 18 years, unless the body piercing is performed in the presence of, or as directed by a notarized writing by, the person's parent or guardian.

(b) This section does not apply to the body piercing of an emancipated minor.

(c) As used in this section, "body piercing" means the creation of an opening in the body of a human being for the purpose of inserting jewelry or other decoration, including, but not limited to, the piercing of a, lip, tongue, nose, or eyebrow. (d) Neither the minor upon whom the body piercing was performed, nor the parent or guardian of that minor, nor any other minor is liable for punishment under this section.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 308

An act to amend Section 6487.06 of, and to add and repeal Section 18511 of, the Revenue and Taxation Code, relating to taxation.

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares the following:

(1) California has not collected over $1.35 billion in use tax revenue that is legally owed to this state.

(2) Of this total amount of uncollected use tax revenue, approximately $500 million is attributable to business-to-consumer transactions and the remainder is attributable to business-to-business transactions.

(3) If California is able to collect those outstanding use taxes that are owed to this state, the Legislature will be able to, among other things, provide quality education to California's children, affordable health care to California's residents, repair California's aging infrastructure, and plan for California's future.

(b) It is the intent of the Legislature to inform taxpayers of their obligation to report and pay use taxes on their purchases, and to encourage taxpayers to come forward to report and pay their use tax liability that is currently owed to this state.

SEC. 2. Section 6487.06 of the Revenue and Taxation Code is amended to read:

6487.06. (a) Notwithstanding Section 6487, the period during which a deficiency determination may be mailed to a qualifying purchaser is limited to the three-year period beginning after the last day of the calendar

month following the quarterly period for which the amount is proposed to be determined.

(b) For purposes of this section, a "qualifying purchaser" is a person that voluntarily files an Individual Use Tax Return for tangible personal property that is purchased from a retailer outside of this state for storage, use, or other consumption in this state, and that meets all of the following conditions:

(2) The purchaser is not engaged in business in this state as a retailer, as defined in Section 6015.

(3) The purchaser has not been contacted by the State Board of Equalization regarding failure to report the use tax imposed by Section 6202.

(4) The State Board of Equalization has made a determination that the purchaser's failure to file an Individual Use Tax Return or to otherwise report, or pay the use tax imposed by Section 6202 was due to reasonable cause and was not caused by reason of negligence, intentional disregard of the law, or by an intent to evade the taxes imposed by this part.

(c) If the State Board of Equalization makes a determination that the purchaser's failure to timely report or remit the taxes imposed by this part is due to reasonable cause or due to circumstances beyond the purchaser's control, the purchaser may be relieved of any penalties imposed by this part. Any purchaser seeking relief from penalties imposed by this part shall file a statement, signed under penalty of perjury, setting forth the facts that form the basis for the claim for relief.

(d) This section shall not apply to purchases of vehicles, vessels, or aircraft as defined in Article 1 (commencing with Section 6271) of Chapter 3.5 of this part.

(e) The State Board of Equalization shall submit to the Legislature before January 1, 2008, a report that includes the following information:

(1) The number of qualifying purchasers who received the benefits afforded by this section.

(2) The amount of use tax revenue received by the state from the qualifying purchasers described in paragraph (1).

(b) This section shall remain in effect only until January 1, 2008, and as of that date is repealed.

CHAPTER 309

An act to amend Section 65460.7 of, and to add Section 65460.11 to, the Government Code, relating to transit village plans.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 65460.7 of the Government Code is amended to read:

65460.7. (a) A transit village plan shall be prepared, adopted, and amended in the same manner as a general plan, except for plans qualified as transit village plans pursuant to Section 65460.11.

The notice shall state

the entity's intent to declare a portion of the existing plan as a transit village plan, describe the general location of the proposed transit village plan, and state the date, time, and place of the public meeting.

(b) Takes action prior to December 31, 2006, to declare that the conforming plan constitutes its transit village plan.

CHAPTER 310

An act to add Article 4 (commencing with Section 89570) to Chapter 5 of Part 55 of the Education Code, relating to the California State University.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Article 4 (commencing with Section 89570) is added to Chapter 5 of Part 55 of the Education Code, to read:

Article 4. Investigation of Reported Improper Governmental Activities

89570. This article shall be known and may be referred to as the California State University Investigation of Reported Improper Governmental Activities Act.

89571. It is the intent of the Legislature that employees of, and applicants for employment at, the California State University should be free to report improper governmental activities and significant threats to health or safety and that their identities and the privacy rights of those affected by investigations of the protected disclosures be properly safeguarded.

89572. For the purposes of this article:

(a) "Applicant for employment" means an individual who has completed and submitted an application form for a specific, available position at a campus of the California State University or at the Office of the Chancellor of the California State University.

(b) "Complainant" means an employee or applicant for employment who files a report and makes a protected disclosure in accordance with established procedures of the California State University.

(c) "Employee" means any person employed by the California State University.

(d) "Improper governmental activity" has the same meaning as set forth in subdivision (b) of Section 8547.2 of the Government Code.

(e) "Protected disclosure" means any good faith communication, as defined by subdivision (d) of Section 8547.2 of the Government Code, that is made in accordance with established procedures of the California State University.

89573. (a) Upon receiving a protected disclosure in writing, the administrator designated in accordance with established procedures of the California State University shall acknowledge receipt of the written disclosure to the complainant. The administrator may conduct or cause to be conducted an investigative audit of the matter, and determine what action, if any, is necessary.

(b) The administrator shall issue a formal response to the complainant that contains a summary of the allegations, a summary of the investigation, whether the allegations were substantiated, and what actions, if any, were taken in response to the complaint. This response shall be issued in a timely fashion and in a manner that is consistent with the privacy interests of each person who is involved in the situation addressed by the response. This response shall be subject to disclosure in accordance with Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code.

(c) The identity of the person providing the protected disclosure shall not be disclosed without the written permission of that person unless the disclosure is to a law enforcement agency that is conducting a criminal investigation or to the State Auditor.

89574. (a) Notwithstanding Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code, every investigative audit undertaken under this article shall be kept confidential, except that the California State University may issue any report of an investigation that has substantiated an allegation made by the complainant, keeping confidential the identity of the individual or individuals involved, or release any findings resulting from an investigation conducted pursuant to Section 89045 that the trustees deem necessary to serve the interests of the state.

(b) This article shall not be construed to limit any authority conferred by law upon the Attorney General or any other department or agency of government to investigate any matter.

SEC. 2. The Legislature finds and declares all of the following:

(a) Section 1 of this act, which adds Article 4 (commencing with Section 89570) to Chapter 5 of Part 55 of the Education Code, imposes a limitation on the public's right of access to the writings of public officials and a public agency within the meaning of Section 3 of Article I of the California Constitution. Pursuant to paragraph (2) of subdivision

(b) The Legislature has endeavored to protect the privacy interests of individuals who have provided protected disclosures of alleged improper governmental activities as well as the privacy interests of those affected by investigative audits of alleged improper governmental activities with prior legislation such as Section 8547.2 of, and subdivision (c) of Section 8547.7 of, the Government Code. Section 1 of this act will provide the same protections as that prior legislation.

(c) In order to protect the identities and other privacy interests of those who make protected disclosures and those affected by the investigations, this information should be kept confidential, while providing summaries of allegations and investigations that are undertaken.

CHAPTER 311

An act to amend Sections 518, 523, 525, and 526 of the Harbors and Navigation Code, relating to vessels.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 518 of the Harbors and Navigation Code is amended to read:

518. If, within 60 days after saving wrecked property, no claimant of the property appears, or, if within 60 days after a claim, the salvage and expenses are not paid, or a suit for the recovery of the property is not commenced, the officer who has custody of the property may sell it at public auction and transmit the proceeds of the sale, after deducting salvage, storage, property tax liens, other liens, and other expenses, to the Treasurer for deposit in the General Fund. Deduction of salvage, storage, and other expenses shall not be made, unless the amount has been determined by the superior court of the county. A copy of the order, and the evidence in its support, shall be transmitted by the judge to the Controller.

SEC. 2. Section 523 of the Harbors and Navigation Code is amended to read:

523. (a) Any peace officer, as described in Section 663, any employee or officer of the State Lands Commission designated by the State Lands Commission, or any lifeguard or marine safety officer employed by a county, city, or district while engaged in the performance of official duties, may remove, and, if necessary, store a vessel removed from a public waterway under any of the following circumstances:

(1) When the vessel is left unattended and is moored, docked, beached, or made fast to land in a position that obstructs the normal movement of traffic or in a condition that creates a hazard to other vessels using the waterway, to public safety, or to the property of another.

(2) When the vessel is found upon a waterway and a report has previously been made that the vessel has been stolen or a complaint has been filed and a warrant thereon issued charging that the vessel has been embezzled.

(3) When the person or persons in charge of the vessel are by reason of physical injuries or illness incapacitated to an extent as to be unable to provide for its custody or removal.

(4) When an officer arrests any person operating or in control of the vessel for an alleged offense, and the officer is, by any provision of this code or other statute, required or permitted to take, and does take, the person arrested before a magistrate without unnecessary delay.

(5) When the vessel interferes with, or otherwise poses a danger to, navigation or to the public health, safety, or welfare.

(6) When the vessel poses a threat to adjacent wetlands, levies, sensitive habitat, any protected wildlife species, or water quality.

(7) When a vessel is found or operated upon a waterway with a registration expiration date in excess of one year before the date on which it is found or operated on the waterway.

(b) Costs incurred by a public entity pursuant to removal of vessels under subdivision (a) may be recovered through appropriate action in the courts of this state.

SEC. 3. Section 525 of the Harbors and Navigation Code is amended to read:

525. (a) Except for urgent and immediate concern for the safety of those aboard a vessel, no person shall abandon a vessel upon a public waterway or public or private property without the express or implied consent of the owner or person in lawful possession or control of the property.

(b) The abandonment of any vessel in a manner as provided in subdivision (a) is prima facie evidence that the last registered owner of record, not having notified the appropriate registration or documenting agency of any relinquishment of title or interest therein, is responsible

for the abandonment and is thereby liable for the cost of removal and disposition of the vessel.

(c) Violation of this section is an infraction and shall be punished by a fine of not less than five hundred dollars ($500), nor more than three thousand dollars ($3,000). In addition, the court may order the defendant to pay to the agency that removes and disposes of the vessel the actual costs incurred by the agency for that removal and disposition.

(d) All fines imposed and collected pursuant to this section shall be allocated as follows:

(1) (A) Eighty percent of the moneys shall be deposited in the Abandoned Watercraft Abatement Fund, which is hereby created as a special fund. Moneys in the fund shall be used exclusively, upon appropriation by the Legislature, for grants to be awarded by the department to local agencies for the abatement, removal, storage, and disposal as public nuisances of any abandoned, wrecked, or dismantled vessels, or parts thereof, or any other partially submerged objects which pose a substantial hazard to navigation, from navigable waterways or adjacent public property, or private property with the landowner's consent. These grants shall not be utilized for abatement, removal, storage, or disposal of commercial vessels.

(B) In evaluating a grant request submitted by a local agency pursuant to subparagraph (A), the department shall place great weight on the following two factors:

(i) The existence of an active local enforcement program to control and prevent the abandonment of watercraft within the local agency's jurisdiction.

(ii) The existence of a submerged navigational hazard abatement plan at the local level which provides for the control or abatement of water hazards, including, but not limited to, abandoned watercraft, wrecked watercraft, hazardous floating debris, submerged vessels and objects, and abandoned piers and pilings.

(C) A grant awarded by the department pursuant to subparagraph (A) shall be matched by a 10-percent contribution from the local agency receiving the grant.

(2) Twenty percent shall be allocated as set forth in Section 1463.001 of the Penal Code.

SEC. 4. Section 526 of the Harbors and Navigation Code is amended to read:

526. (1) The property has been appraised by disinterested persons, and has an estimated value of less than two thousand dollars ($2,000).

(2) There is no discernable registration, license, hull identification number, or other identifying insignia on the property, or the Department of Motor Vehicles is unable to produce any record of the registered or legal owners or lienholders.

(3) Not less than 72 hours before the property was removed, the peace officer or authorized public employee securely attached to the property a distinctive notice stating that the property would be removed by the public agency.

(4) Within 48 hours after the removal, excluding weekends and holidays, the public agency that removed or caused the removal of the property sent notice of the removal to the registered and legal owners, if known or discovered subsequent to the removal, at their addresses of record with the Department of Motor Vehicles, and to any other person known to have an interest in the property. A notice sent by the public agency shall be sent by certified or first-class mail.

(5) If the public agency is unable to locate the registered and legal owners of the property or persons known to have an interest in the property as provided in paragraph (4), the public agency published, or caused to be published, the notice of removal for at least two weeks in succession in one or more daily newspapers circulated in the county.

(b) The notice of removal required by paragraphs (3) to (5), inclusive, of subdivision (a) shall state all of the following:

(1) The name, address, and telephone number of the public agency providing the notice.

(7) A statement that the registered or legal owners or any other person known to have an interest in the property have the opportunity for a poststorage hearing before the public agency that removed, or caused the removal of, the property to determine the validity of the removal and storage if a request for a hearing is made in person or in writing to that

public agency within 10 days from the date of notice; that if the registered or legal owners or any other person known to have an interest in the property disagree with the decision of the public agency, the decision may be reviewed pursuant to Section 11523 of the Government Code; and that during the time of the initial hearing, or during the time the decision is being reviewed pursuant to Section 11523 of the Government Code, the vessel in question shall not be sold or otherwise disposed of.

(c) (1) Any requested hearing shall be conducted within 48 hours of the time the request for a hearing is received by the public agency, excluding weekends and holidays. The public agency that removed the vehicle may authorize its own officers or employees to conduct the hearing but the hearing officer shall not be the same person who directed the removal and storage of the property.

(2) The failure of either the registered or legal owners or any other person known to have an interest in the property to request or attend a scheduled hearing shall not affect the validity of the hearing.

(d) The property may be claimed and recovered by its registered and legal owners, or by any other person known to have an interest in the property, within 15 days of the date the notice of removal was issued pursuant to paragraph (4) or (5) of subdivision (a), whichever is later, after payment of any costs incurred by the public agency related to salvage and storage of the property.

(e) The property may be sold or otherwise disposed of by the public agency not less than 15 days from the date the notice of removal was issued pursuant to paragraph (4) or (5) of subdivision (a), whichever is later, or the date of actual removal, whichever is later.

(g) It is the intent of the Legislature that this section shall not be construed to authorize the lien sale or destruction of any seaworthy vessel that is currently registered and operated in accordance with local, state, and federal law.

[Approved by Governor September 22, 2005. Filed with
Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 510 of the Insurance Code is amended to read:

510. Whenever a policy of insurance specified in Section 660 or 675, a policy of life insurance as defined in Section 101, a policy of disability insurance as defined in Section 106, or a certificate of coverage as defined in Section 10270.6, is first issued to or delivered to a new insured or a new policyholder in this state, the insurer shall include a written disclosure containing the name, address, and toll-free telephone number of the unit within the Department of Insurance that deals with consumer affairs. The telephone number shall be the same as that provided to consumers under Section 12921.1. The disclosure shall be printed in large, boldface type.

The disclosure shall also contain the address and customer service telephone number of the insurer, or the address and customer service telephone number of the agent or broker of record, or all of those addresses and telephone numbers. All addresses and telephone numbers for the insurer or the agent or broker of record shall be prominently displayed, in boldfaced type. The disclosure shall also contain a statement that the Department of Insurance should be contacted only after discussions with the insurer, or its agent or other representative, or both, have failed to produce a satisfactory resolution to the problem. If the policy or certificate was issued or delivered by an agent or broker, the disclosure shall specifically advise the insured to contact his or her agent or broker for assistance.

SEC. 2. Section 1647.5 of the Insurance Code is amended to read:

1647.5. (a) Each limited liability company, at the time of licensing pursuant to this chapter and, with respect to surplus line brokers, Chapter 6 (commencing with Section 1760), and at all times during which the company holds an active license, is required to provide security for claims against it as follows:

(1) For claims based upon acts, errors, or omissions arising out of the practice of insurance agency, brokerage, or surplus line brokerage, a licensed limited liability company providing insurance agency, brokerage, or surplus line brokerage services shall comply with the requirements of subparagraph (A) or (B), or pursuant to subdivision (b), some combination of those requirements.

(A) (i) Maintain a policy or policies of insurance against liability imposed on or against it by law for damages arising out of claims in an amount for each claim of at least one hundred thousand dollars

($100,000) multiplied by the number of licensees rendering professional services on behalf of the company, with a minimum required amount of five hundred thousand dollars ($500,000); however, the maximum amount of insurance is not required to exceed five million dollars ($5,000,000) for claims initially asserted in any one calendar year, less amounts paid in defending, settling, or discharging those claims. In addition, the policy shall contain, at a minimum, a provision that the policy cannot be nonrenewed, canceled, or terminated, without providing written notice to the commissioner within 10 days.

(ii) An applicant who wishes to satisfy the requirements of this section wholly, or in part, by maintaining a policy or policies of insurance as set forth in clause (i) shall submit to the commissioner a certification of coverage pursuant to subdivision (d). If a license is automatically issued or renewed without providing this certification, the license may be inactivated by the commissioner upon discovery of the lack of compliance with this paragraph.

(iii) If the policy specified in clause (i) contains a deductible or self-insured retention and the policy provides that the insurer is ultimately responsible for payment of the total amount of the claim up to the policy limits, including the deductible or retention, the policyholder shall not be required to maintain security for payment of its deductible limit or self-insured retention liability under the terms set forth in subparagraph (B).

(iv) If the policy specified in clause (i) contains a deductible limit or self-insured retention and does not provide that the insurer is responsible for payment of the total amount of the claim up to the policy limits, the policyholder shall maintain security for payment of its deductible limit or self-insured retention under the terms set forth in subparagraph (B).

(B) Maintain in trust or bank escrow, cash, bank certificates of deposit, United States Treasury obligations, bank letters of credit, or bonds of insurance companies as security for payment of liabilities imposed by law for damages arising out of all claims in an amount of at least one hundred thousand dollars ($100,000) multiplied by the number of licensees rendering professional services on behalf of the company, with a minimum required amount of five hundred thousand dollars ($500,000); however, the maximum amount of security is not required to exceed five million dollars ($5,000,000) for claims initially asserted in any one calendar year, less amounts paid in defending, settling, or discharging those claims.

(b) For purposes of satisfying the security requirements of this section, a limited liability company may aggregate the security provided by it pursuant to subparagraphs (A) and (B) of paragraph (1) of subdivision (a).

(c) At the time of licensing pursuant to this article, limited liability companies shall file with the commissioner information, in the manner prescribed by the commissioner, and accompanied by all documentation requested by the commissioner, demonstrating compliance with the financial security requirements of this section. Limited liability companies shall also file an annual confirmation with the commissioner, at a time and in a manner, and with documentation, prescribed by the commissioner, demonstrating continuing compliance with the financial security requirements of this section.

(d) If the security requirements of this section are satisfied wholly, or in part, with an insurance policy, then a certification of coverage shall be submitted to the commissioner by the licensee or applicant, and signed by an authorized agent or employee of the insurer. The certification of coverage shall be in the following form:

Department of Insurance

(e) The commissioner may summarily deny or decline to act upon an application for the issuance or renewal of a license, or may summarily inactivate an existing license, for failure to comply with the requirements of this section.

(1) If the commissioner inactivates a license for failure to comply with the requirements of subparagraph (A) of paragraph (1) of subdivision (a), the effective date of the inactivation shall be the date on which the insurance policy or policies used to satisfy that requirement expire or are canceled, as indicated by the expiration date specified on the certification of coverage filed pursuant to subdivision (d) or by a notification received from the insurer of termination, cancellation, or nonrenewal of coverage.

(2) If the commissioner inactivates a license for failure to comply with the requirements of subparagraph (B) of paragraph (1) of subdivision (a), or with the requirements of subdivision (b), the effective date of the inactivation shall be the date set by the commissioner as the deadline for demonstrating compliance with those provisions.

(3) Within 10 working days of the date of inactivation under this section, the commissioner shall send by certified mail to the licensee's address, as reflected in the commissioner's records, a notice to the licensee of the inactivation of the license.

(4) A license that has been inactivated pursuant to this section shall be reactivated if, within 30 days of the date of inactivation, the licensee demonstrates, in the manner prescribed by the commissioner, satisfaction of the requirements of subparagraph (A) or (B) of paragraph (1) of subdivision (a), or the requirements of subdivision (b), and includes any fees, penalties, and any other required licensing documents necessary to reactivate the license, including new company appointment forms, bonds, and any new business entity endorsements as required. If a certification of coverage is provided to demonstrate compliance with these requirements, and the certification indicates that the insurance policy or policies have been in effect continuously from the date of the inactivation, the license shall be reactivated retroactive to and including the date of inactivation. If the certification of coverage shows an effective date for the insurance policy or policies later than the date of inactivation, the license shall be reactivated as of the effective date of the policy or policies.

(f) Any licensee who, acting alone or in concert with others, willfully or knowingly causes or allows to be filed with the commissioner for the purpose of demonstrating compliance with this section a certification of coverage described in subdivision (d), or any other document required by this section, that is false, fraudulent, or misleading, shall be subject to administrative penalty, including suspension or revocation of the licensee's license, after notice and hearing as provided for in the Administrative Procedure Act. However, nothing in this section shall entitle a licensee to notice or hearing on the summary denial of an application or the summary inactivation of a license pursuant to subdivision (e).

(g) The commissioner may disclose on the department's Internet Web site the names and license numbers of those licensees whose licenses have been inactivated or who have been penalized due to noncompliance with this section. The commissioner may also report that information to the National Association of Insurance Commissioners (NAIC).

(h) The commissioner may adopt regulations as necessary to implement this section.

SEC. 3. Section 1681.5 is added to the Insurance Code, to read:

1681.5. (a) No person shall cheat on, subvert, or attempt to subvert, any licensing examination given by the department, including, but not limited to, engaging in, soliciting, or procuring any of the following:

(1) Any communication between one or more examinees and any other person, other than a proctor or examination official, while the examination is in progress.

(2) The taking of all or a part of the examination by a person other than the applicant.

(3) Possession or use at any time during the examination or while the examinee is on the examination premises of any device, material, or document that is not expressly authorized for use by examinees during the examination, including, but not limited to, notes, crib sheets, textbooks, and electronic devices.

(4) Failure to follow any examination instruction or rule related to examination security.

(5) The provision of false, fraudulent, or materially misleading information concerning education, experience, or other qualifications as part of, or in support of, any application for admission to any examination.

(b) Any person who willfully violates this section is guilty of a misdemeanor punishable by a fine not exceeding ten thousand dollars ($10,000) or by imprisonment in a county jail not exceeding one year.

(c) The commissioner shall bar any candidate caught willfully cheating under this section from taking any license examination and from holding

an active license under any provision of this code for a period of five years.

SEC. 4. Section 1720 of the Insurance Code is amended to read:

1720. (a) A licensee who has applied to renew a license under this chapter shall be entitled to continue operating under the existing license for 60 days after its specified expiration date, or until notified by the department that the renewal application is deficient, whichever comes first, if the applicant has satisfied all license renewal requirements, including, but not limited to, the following:

(1) The submission of the applicable renewal application and fee on or before the expiration date of the license.

(2) The satisfaction of all required continuing education or training requirements.

(b) This section shall not apply to any license that is suspended or revoked.

SEC. 5. Section 1736.5 is added to the Insurance Code, to read:

1736.5. (a) Every licensee and applicant shall promptly reply in writing to an inquiry from the commissioner relative to an application for, or the retention or renewal of, a license, or an investigation relating to a consumer complaint or a matter relating to a producer licensing background change reporting requirement under Section 1729.2. The commissioner may revoke, suspend, or refuse to issue or renew a license if the licensee or applicant does not promptly reply in writing to an inquiry from the commissioner.

(b) For purposes of this section, "promptly reply" means to provide a written response to the inquiry that is received by the commissioner no later than 21 days after the date the inquiry was mailed or otherwise communicated to the applicant or licensee.

(c) For purposes of this section, the term "licensee" and "applicant" have the same definitions as those contained in paragraph (3) of subdivision (c) of Section 1729.2, and the licenses covered by this section are the same as those covered by paragraph (1) of subdivision (c) of Section 1729.2.

SEC. 6. Section 1775.2 of the Insurance Code is amended to read:

1775.2. On or before February 1 of each year, the commissioner shall post on the department's Internet Web site the installment payment forms prescribed by the commissioner to accompany surplus line tax remittances if monthly installment payments are required by Section 1775.1. Failure to secure those forms shall not relieve any broker from making or paying monthly installment payments.

SEC. 7. Section 1775.4 of the Insurance Code is amended to read:

1775.4. (a) The amount of the payment shall be 3 percent of the gross premiums less return premiums upon business done by the surplus

line broker under the authority of his or her license during the calendar month ending two calendar months immediately preceding the due date of the payment, as specified in Section 1775.3, excluding gross premiums and return premiums paid by him or her upon business governed by the provisions of Section 1760.5. If during any calendar month those return premiums upon business done by a surplus line broker exceed the gross premiums upon the business done by him or her in that calendar month, then no payment shall be payable by him or her in respect to that calendar month, and he or she may carry forward that excess to the next succeeding calendar month or months and apply it in reduction of the taxable premiums on business done by him or her in that succeeding calendar month or months. Even though no payment shall be payable by the broker, he or she shall file a return showing that his or her return premiums exceeded his or her gross premiums.

(b) In determining the applicability of subdivision (a) of Section 1775.1 to a surplus line broker who has acquired the business of another surplus line broker, the amount of tax liability of the acquired broker for the immediately preceding calendar year shall be added to the amount of the tax liability of the acquiring broker for the immediately preceding calendar year.

(c) All amounts paid, other than penalties and interest, shall be allowed as a credit on the annual tax imposed by Section 1775.5.

(d) If the total amount of monthly installment payments for any calendar year exceeds the amount of annual tax for that year, the excess shall be treated as an overpayment of annual tax and be allowed as a credit or refund.

(e) A penalty of 10 percent of the amount of the monthly payment due shall be levied upon and paid by any surplus line broker who fails to make the necessary payment within the time required, plus interest at the rate of 1 percent per calendar month or fraction thereof from the due date of the payment until the date payment is received by the commissioner, but not for any period after the due date of the annual tax. The penalty and interest shall be applied as prescribed in Section 12636.5 of the Revenue and Taxation Code. The commissioner may remit the penalty in a case where he or she finds, as a result of examination or otherwise, that the failure of, or delay in, payment arose out of excusable mistake or excusable inadvertence.

(f) For any part of a payment required that was not made within the time required by law, when the nonpayment or late payment was due to fraud on the part of the taxpayer, a penalty of 25 percent of the amount unpaid shall be added thereto, in addition to all other penalties otherwise imposed.

(g) The commissioner, upon a showing of good cause, may extend for not to exceed 10 days the time for making a monthly payment. The extension may be granted at any time, provided that a request therefor is filed with the commissioner within or prior to the period for which the extension may be granted. No interest shall be paid for the period of time for which the extension is granted.

SEC. 8. Section 1775.5 of the Insurance Code is amended to read:

1775.5. Every surplus line broker shall annually, on or before the first day of March of each year pay to the Insurance Commissioner for the use of the State of California a tax of 3 percent of the gross premiums less return premiums upon business done by him or her under authority of his or her license during the preceding calendar year, excluding premiums upon business done by the provisions of Section 1760.5. If during any calendar year 3 percent of such return premiums upon business done by a surplus line broker exceed 3 percent of the gross premiums upon such business done by him or her in that year, then he or she may either carry forward such excess to the next succeeding year and apply it as a credit against 3 percent of gross premiums on such business done by him or her in such succeeding year, or he or she may elect to receive, and thereupon be paid a refund equal to the amount of taxes theretofore paid by him or her on such excess of return premiums paid over gross premiums received.

For the purpose of determining such tax, the total premium charged for all such nonadmitted insurance placed in a single transaction with one underwriter or group of underwriters, whether in one or more policies, shall be allocated to this state in such proportion as the total premium on the insured properties or operations in this state, as computed on the exposure in this state on the basis of any single standard rating method in use in all states or countries where such insurance applies, bears to the total premium so computed in all states or countries in which such nonadmitted insurance may apply. This provision shall not apply to interstate motor transit operations conducted between this and other states. With respect to such operations surplus line tax shall be payable on the entire premium charged on all nonadmitted insurance, less the following:

(a) Such portion of the premium as is determined, as herein provided, to have been charged for operations in other states taxing such premium on operations in such states of an insured maintaining its headquarters office in this state.

(b) The premium for any operations outside of this state of an insured who maintains a headquarters operating office outside of this state and a branch office in this state.

A penalty of 10 percent of the amount of the payment due shall be levied upon and paid by any surplus line broker who fails to make the necessary payment within the time required, plus interest at the rate of 1 percent per calendar month or fraction thereof, from March 1, the due date of the annual tax, until the date the payment is received by the commissioner. The penalty and interest shall be applied as prescribed in Section 12636.5 of the Revenue and Taxation Code. The commissioner, upon a showing of good cause, may extend for not to exceed 30 days, the time for filing a tax return or paying any amount required to be paid with the return. The extension may be granted at any time, provided that a request therefor is filed with the commissioner within, or prior to, the period for which the extension may be granted.

Any surplus line broker to whom an extension is granted shall, in addition to the tax, pay interest at the rate of 1 percent per month or fraction thereof from March 1, until the date of payment. The commissioner may remit the penalty in a case where the commissioner finds, as a result of examination or otherwise, that the failure of or delay in payment arose out of excusable mistake or excusable inadvertence.

For any part of a payment required by this section or by Section 1775.4 which was not made within the time required by law, when such nonpayment or late payment was due to fraud on the part of the broker, a penalty of 25 percent of the amount unpaid shall be added thereto, in addition to all other penalties otherwise imposed.

SEC. 9. Section 12921.1 of the Insurance Code is amended to read:

12921.1. (a) The commissioner shall establish a program on or before July 1, 1991, to investigate complaints and respond to inquiries received pursuant to Section 12921.3, to comply with Section 12921.4, and, when warranted, to bring enforcement actions against insurers or production agencies, as those terms are defined in subdivision (a) of Section 1748.5. The program shall include, but not be limited to, the following:

(1) A toll-free number published in telephone books throughout the state, dedicated to the handling of complaints and inquiries.

(2) Public service announcements to inform consumers of the toll-free telephone number and how to register a complaint or make an inquiry to the department.

(3) A simple, standardized complaint form designed to assure that complaints will be properly registered and tracked.

(4) Retention of records on complaints for at least three years after the complaint has been closed.

(5) Guidelines to disseminate complaint and enforcement information on individual insurers to the public, that shall include, but not be limited to, the following:

(A) License status.

(B) Number and type of complaints closed within the last full calendar year, with analogous statistics from the prior two years for comparison. The proportion of those complaints determined by the department to require that corrective action be taken against the insurer, or leading to insurer compromise, or other remedy for the complainant, as compared to those that are found to be without merit. This information shall be disseminated in a fashion that will facilitate identification of meritless complaints and discourage their consideration by consumers and others interested in the records of insurers.

(C) Number and type of violations found, by reference to the line of insurance and the law violated.

(D) Number and type of enforcement actions taken.

(E) Ratio of complaints received to total policies in force, or premium dollars paid in a given line, or both. Private passenger automobile insurance ratios shall be calculated as the number of complaints received to total car years earned in the period studied.

(F) Any other information the department deems is appropriate public information regarding the complaint record of the insurer that will assist the public in selecting an insurer. However, nothing in this section shall be construed to permit disclosure of information or documents in the possession of the department to the extent that the information and those documents are protected from disclosure under any other provision of law.

(6) Procedures and average processing times for each step of complaint mediation, investigation, and enforcement. These procedures shall be consistent with those in Article 6.5 (commencing with Section 790) of Chapter 1 of Part 2 of Division 1 for complaints within the purview of that article, consistent with those in Article 7 (commencing with Section 1858) of Chapter 9 of Part 2 of Division 1 for complaints within the purview of that article, and consistent with any other provisions of law requiring certain procedures to be followed by the department in investigating or prosecuting complaints against insurers or production agencies.

(7) A list of criteria to determine which violations should be pursued through enforcement action, and enforcement guidelines that set forth appropriate penalties for violations based on the nature, severity, and frequency of the violations.

(8) Referral of complaints not within the department's jurisdiction to appropriate public and private agencies.

(9) Complaint handling goals that can be tested against surveys carried out pursuant to subdivision (a) of Section 12921.4.

(10) Inclusion in its annual report to the Governor, required by Section 12922, detailed information regarding the program required by this

section, that shall include, but not be limited to: a description of the operation of the complaint handling process, listing civil, criminal, and administrative actions taken pursuant to complaints received; the percentage of the department's personnel years devoted to the handling and resolution of complaints; and suggestions for legislation to improve the complaint handling apparatus and to increase the amount of enforcement action undertaken by the department pursuant to complaints if further enforcement is deemed necessary to insure proper compliance by insurers or production agencies with the law.

(b) The commissioner shall promulgate a regulation that sets forth the criteria that the department shall apply to determine if a complaint is deemed to be justified prior to the public release of a complaint against a specifically named insurer or production agency.

(c) The commissioner shall provide to the insurer or production agency a description of any complaint against the insurer or production agency that the commissioner has received and has deemed to be justified at least 30 days prior to public release of a report summarizing the information required by this section. This description shall include all of the following:

(1) The name of the complainant.

(2) The date the complaint was filed.

(3) A succinct description of the facts of the complaint.

(4) A statement of the department's rationale for determining that the complaint was justified that applies the department's criteria to the facts of the complaint.

(d) An insurer shall provide to the department the name, mailing address, telephone number, and facsimile number of a person whom the insurer designates as the recipient of all notices, correspondence, and other contacts from the department concerning complaints described in this section. The insurer may change the designation at any time by providing written notice to the Consumer Services Division of the department.

(e) For the purposes of this section, notices, correspondence, and other contacts with the designated person shall be deemed contact with the insurer.

SEC. 9.5. Section 12921.1 of the Insurance Code is amended to read:

12921.1. (a) The commissioner shall establish a program on or before July 1, 1991, to investigate complaints and respond to inquiries received pursuant to Section 12921.3, to comply with Section 12921.4, and, when warranted, to bring enforcement actions against insurers or production agencies, as those terms are defined in subdivision (a) of Section 1748.5. The program shall include, but not be limited to, the following:

(1) A toll-free telephone number published in telephone books throughout the state, dedicated to the handling of complaints and inquiries.

(2) Public service announcements to inform consumers of the toll-free telephone number and how to register a complaint or make an inquiry to the department.

(3) A simple, standardized complaint form designed to assure that complaints will be properly registered and tracked.

(4) Retention of records on complaints for at least three years after the complaint has been closed.

(5) Guidelines to disseminate complaint and enforcement information on individual insurers to the public, that shall include, but not be limited to, the following:

(A) License status.

(B) Number and type of complaints closed within the last full calendar year, with analogous statistics from the prior two years for comparison. The proportion of those complaints determined by the department to require that corrective action be taken against the insurer, or leading to insurer compromise, or other remedy for the complainant, as compared to those that are found to be without merit. This information shall be disseminated in a fashion that will facilitate identification of meritless complaints and discourage their consideration by consumers and others interested in the records of insurers.

(C) Number and type of violations found, by reference to the line of insurance and the law violated. For the purposes of this subparagraph, the department shall separately report this information for health insurers.

(D) Number and type of enforcement actions taken.

(F) Any other information the department deems is appropriate public information regarding the complaint record of the insurer that will assist the public in selecting an insurer. However, nothing in this section shall be construed to permit disclosure of information or documents in the possession of the department to the extent that the information and those documents are protected from disclosure under any other provision of law.

(6) Procedures and average processing times for each step of complaint mediation, investigation, and enforcement. These procedures shall be consistent with those in Article 6.5 (commencing with Section 790) of Chapter 1 of Part 2 of Division 1 for complaints within the purview of that article, consistent with those in Article 7 (commencing with Section

1858) of Chapter 9 of Part 2 of Division 1 for complaints within the purview of that article, and consistent with any other provisions of law requiring certain procedures to be followed by the department in investigating or prosecuting complaints against insurers or production agencies.

(7) A list of criteria to determine which violations should be pursued through enforcement action, and enforcement guidelines that set forth appropriate penalties for violations based on the nature, severity, and frequency of the violations.

(c) PACE organizations are required by federal law and regulation to provide comprehensive medical, health, and social services at PACE centers, inpatient facilities, participant homes, and other locations, under the direction and supervision of an interdisciplinary team of physicians, nurses, and other health professionals who assess participant needs,

develop care plans, and deliver all services, which are integrated into a complete health care plan. PACE organizations offer and manage all of the medical, social, and rehabilitative services their participants need to preserve or restore their independence, to remain in their homes and communities, and to maintain their quality of life.

(d) In order to provide the range of services required by federal and state laws, PACE organizations are subject to regulations of multiple state departments and agencies, including Medi-Cal managed care as well as licensing for clinic services, home health services, and adult day health care services. PACE organizations deliver services in participants' home environments, which may include independent living arrangements, congregate housing, and board and care or residential care facilities.

(e) The state regulations that are applicable to PACE organizations are in some instances conflicting and inappropriate for PACE organizations or are inconsistent with federal or other state requirements that are specially adapted to the PACE model for providing health and care services.

In determining whether to grant exemptions under this section, the departments shall consult with each other.

(b) A written request and substantiating evidence supporting the request for an exemption under subdivision (a) shall be submitted by the PACE program to the department. A PACE program may submit a single request for an exemption from the licensing requirements applicable to two or more licenses held by that organization, so long as the request lists the locations and license numbers held by that organization and the requested exemption is the same and appropriate for all licensed locations. The written request shall include, but shall not be limited to, all of the following:

(1) A description of how the applicable state requirement conflicts with or is inconsistent with state or federal requirements related to the PACE model.

(2) An analysis demonstrating why the conflict or inconsistency cannot be resolved without an exemption.

(3) A description of how the PACE program plans to comply with the intent of the requirements described in paragraph (1).

A denial shall be in writing and shall specify the basis therefor. Any decision to deny a request shall be a final administrative decision.

(d) If, after investigation, the department determines that a PACE program that has been granted an exemption under this section is operating in a manner contrary to the terms and conditions of the exemption, the department shall immediately suspend or revoke the exemption. If the exemption is applicable to more than one location or more than one category of licensure, or both, the department may suspend or revoke an exemption as to one or more license categories or locations as deemed appropriate by the department.

(2) In 1997, prior to the development of a new California State University campus on the Lemon Orchard Parcel, the Legislature expressed its intent, pursuant to Senate Bill 623 (Chapter 914) that the land and improvements comprising the Camarillo State Hospital be transferred to the trustees to be developed and improved as a campus of the California State University.

(3) The trustees officially opened the new California State University, Channel Islands (CSUCI) campus on August 16, 2002, and developed a master plan for a projected enrollment of 15,000 full-time equivalent students by 2025.

(4) In developing the master plan for CSUCI, the trustees have approved an environmental impact report (EIR) in accordance with the California Environmental Quality Act that provides for a more direct new entry road across land proposed to be acquired in order to provide a needed second route for access to the campus and to address safety issues related to the existing long, narrow, and winding entry road.

(5) The County of Ventura has commenced construction of an off-ramp grade separated intersection at the location of the proposed new entry road's intersection with county owned Lewis Road. CSUCI must construct its entry road in that location in order to connect to the county off-ramp and intersection with Lewis Road.

(6) As the original purchase of the Lemon Orchard Parcel was intended by the Legislature to be used for the establishment of a campus of the California State University, and as the Lemon Orchard Parcel must be sold or exchanged and the proceeds used to carry out the intent of the Legislature and to protect the health and safety of the people, the Lemon Orchard Parcel is not surplus to the needs of the California State University and is therefore not surplus state property.

(b) Notwithstanding any other provision of law, the Trustees of the California State University may exchange or sell all or a portion of the 262-acre parcel of property known as the Lemon Orchard Parcel under the jurisdiction of and maintained by California State University, Channel Islands, and that is located approximately eight miles northwest of the campus of California State University, Channel Islands. The trustees may use the proceeds of a sale made pursuant to this subdivision to acquire a parcel bounded by Lewis Road on the northwest, California State University, Channel Islands, and the Camrosa Water District on the south, and farmlands on the northeast and east, or to meet the commitments made in the EIR.

(c) Any exchange or sale of properties carried out pursuant to this section shall be for no less than fair market value for the Lemon Orchard Parcel, and for no more than fair market value for any land acquired, as determined by an independent appraisal. Compensation for the Lemon Orchard Parcel may include land, or a combination of land and money.

(d) Notwithstanding any other provision of law, any exchange, acquisition, or sale of properties carried out pursuant to this section shall be subject to the Property Acquisition Law (Part 11 (commencing with Section 15850) of Division 3 of Title 2 of the Government Code).

(e) Notwithstanding Section 13340 of the Government Code or any other provision of law, any funds received from the transaction authorized by this section shall be held in trust and used either for the acquisition of the parcel bounded by Lewis Road on the northwest, by CSUCI and Camrosa Water District on the south, and farmlands on the north and northeast, or to meet the commitments made in the EIR, and are hereby appropriated to the trustees for expenditure, without regard to fiscal years, for acquisition of land and construction and capital development of projects that meet the commitments made in the EIR and are eligible for state support, following review and approval by the Department of Finance. The expenditure of funds received under this section shall be for projects that are consistent with the master plan of the campus for which the project is proposed. Any funds received under this subdivision that are not encumbered prior to January 1, 2012, shall revert to the General Fund.

CHAPTER 319

An act to add Article 4 (commencing with Section 345) to Chapter 5 of Part 1 of Division 2 of the Military and Veterans Code, relating to the state militia.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to ensure that all California National Guard reservists and military personnel, when called into federal active status, receive the same military combat disability compensation that is provided to regular active military service personnel that are injured in combat.

SEC. 2. Article 4 (commencing with Section 345) is added to Chapter 5 of Part 1 of Division 2 of the Military and Veterans Code, to read:

Article 4. State Militia Disability Equality Act

345. This article shall be known and may be cited as the State Militia Disability Equality Act.

346. (a) When any officer, warrant officer, or enlisted member of the California National Guard or the organized militia who is not in active service in this state is wounded, injured, or disabled in the line of duty when performing military duty of any nature under Title 10 or Title 32 of the United States Code, the Military Department shall determine both of the following amounts:

(1) The amount of disability benefits to which a member of the United States Armed Forces of the same or equivalent rank would be entitled from the federal government as a result of a comparable wound, injury, or disability.

(2) The amount of disability benefits to which the officer, warrant officer, or enlisted member is entitled from the federal government as a result of the wound, injury, or disability.

(b) If the Military Department determines that the amount described in paragraph (1) of subdivision (a) is greater than the amount described in paragraph (2) of subdivision (a), that department shall, upon an appropriation of funds to the department by the Legislature for this purpose, provide to the officer, warrant officer, or enlisted member an amount equal to the difference between those two amounts.

CHAPTER 320

An act to amend Section 76355 of the Education Code, relating to community colleges.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Student health promotes student success. Colleges and universities in California appropriately provide student health services as part of their overall student service programs. These services help to protect both the students' and the state's investment in higher education.

(b) The California Community Colleges system does not have sufficient funds to provide adequate student health services. One source of funding is a student health fee of approximately thirteen dollars ($13) per term. The available funding is declining due to a rapid increase in the number of students who are not required to pay any enrollment fees or the modest health fee.

(c) Allowing districts to charge a health fee for students who do not pay enrollment fees will provide greater stability for community college health services at this critical time.

SEC. 2. Section 76355 of the Education Code is amended to read:

76355. (a) (1) The governing board of a district maintaining a community college may require community college students to pay a fee in the total amount of not more than ten dollars ($10) for each semester, seven dollars ($7) for summer school, seven dollars ($7) for each intersession of at least four weeks, or seven dollars ($7) for each quarter for health supervision and services, including direct or indirect medical and hospitalization services, or the operation of a student health center or centers, or both.

(2) The governing board of each community college district may increase this fee by the same percentage increase as the Implicit Price Deflator for State and Local Government Purchase of Goods and Services. Whenever that calculation produces an increase of one dollar ($1) above the existing fee, the fee may be increased by one dollar ($1).

(b) If, pursuant to this section, a fee is required, the governing board of the district shall decide the amount of the fee, if any, that a part-time student is required to pay. The governing board may decide whether the fee shall be mandatory or optional.

(c) The governing board of a district maintaining a community college shall adopt rules and regulations that exempt the following students from any fee required pursuant to subdivision (a):

(1) Students who depend exclusively upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination, or organization.

(2) Students who are attending a community college under an approved apprenticeship training program.

(d) (1) All fees collected pursuant to this section shall be deposited in the fund of the district designated by the California Community Colleges Budget and Accounting Manual. These fees shall be expended only to provide health services as specified in regulations adopted by the board of governors.

(2) Authorized expenditures shall not include, among other things, athletic trainers' salaries, athletic insurance, medical supplies for athletics, physical examinations for intercollegiate athletics, ambulance services,

the salaries of health professionals for athletic events, any deductible portion of accident claims filed for athletic team members, or any other expense that is not available to all students. No student shall be denied a service supported by student health fees on account of participation in athletic programs.

(e) Any community college district that provided health services in the 1986–87 fiscal year shall maintain health services, at the level provided during the 1986–87 fiscal year, and each fiscal year thereafter. If the cost to maintain that level of service exceeds the limits specified in subdivision (a), the excess cost shall be borne by the district.

(f) A district that begins charging a health fee may use funds for startup costs from other district funds, and may recover all or part of those funds from health fees collected within the first five years following the commencement of charging the fee.

(g) The board of governors shall adopt regulations that generally describe the types of health services included in the health service program.

CHAPTER 321

An act to amend Section 481.5 of, and to repeal Section 393 of, the Insurance Code, relating to insurance premiums.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 393 of the Insurance Code is repealed.

SEC. 2. Section 481.5 of the Insurance Code is amended to read:

481.5. (a) Whenever a policy of personal lines insurance terminates for any reason, or there is a reduction in coverage, the insurer shall tender the gross unearned premium resulting from the termination, or the amount of the unearned premium generated by the reduction in coverage, resulting from the termination, or the amount of the unearned premium generated by the reduction in coverage, to the insured or, pursuant to Section 673, to the insured's premium finance company. The gross unearned premium shall be tendered within 25 business days after the insurer either receives notice of the event that generated the gross unearned premium, or receives notice from a premium finance company of a cancellation.

(b) (1) Whenever a policy other than a policy of personal lines insurance terminates for any reason, or there is a reduction in coverage, the gross unearned premium shall be tendered to the insured or, pursuant to Section 673, to the insured's premium finance company. If the policy is not auditable, the gross unearned premium shall be tendered within 80 business days after the insurer either receives notice of the event that generated the gross unearned premium, or receives notice from a premium finance company of a cancellation. If the policy is auditable, the gross unearned premium shall be tendered within 80 business days after the insured provides all requested audit information to the insurer or the insurer's designee.

(2) Notwithstanding paragraph (1), an insurer shall not be required to tender the unearned premium within 80 business days if the final unearned premium amount cannot be determined due to the insured's failure, in breach of a policy requirement, to cooperate with the insurer in a premium audit, or if the amount of the unearned premium determined by a premium audit remains in dispute.

(c) An insurer may tender gross or net unearned premium to an agent or broker, or net unearned premium to a finance company, but shall remain liable to the insured or finance company for payment of any portion of the gross unearned premium that the agent or broker fails to remit to the insured or premium finance company.

(d) Any unearned premium that an insurer fails to tender within the time periods specified in subdivisions (a) and (b) shall bear interest at the rate of 10 percent per annum from and after the date on which the unearned premium was required to be tendered. For the purposes of this section, the tender of any unearned premium to the insured or premium finance company shall be deemed complete upon the deposit of the unearned premium in the United States mail, prepaid, addressed to the named insured or premium finance company at the last known address, or to an agent or broker with an assignment pursuant to paragraph (1) of subdivision (g).

(e) For the purpose of this section, the following definitions apply:

(1) "Gross unearned premium" means the unearned portion of the full amount of the premium charged to the insured, including the unearned portion of any amount of the premium the insurer allocated to an agent or broker as commission.

(2) "Net unearned premium" means the gross unearned premium minus the unearned commission.

(3) "Policy of personal lines insurance" means an insurance policy that is designed for and bought by individuals, and includes, but is not limited to, homeowners' and automobile policies.

(f) The interest penalty required by this section shall not apply to any insurer in conservatorship or liquidation, nor shall such an insurer be subject to any other penalty for failure to remit unearned premium in accordance with the time periods required by this section.

(g) (1) An assignment by an insured to an agent or broker of the insured's right to receive unearned premium shall be valid only for the purpose set forth in Section 1735.5.

(2) If the insured notifies the insurer, 25 or more days after the insurer's tender of unearned premium to an agent or broker with an assignment pursuant to paragraph (1), that the agent or broker has failed to issue to the insured an accounting of an offset permitted by Section 1735.5, the insurer shall, within an additional 15 days, either tender the unearned premium directly to the insured or provide the insured with the agent's or broker's accounting of the offset permitted by Section 1735.5.

(3) Whenever an insurer tenders the net rather than gross unearned premium to an agent or broker or premium finance company, the insurer shall contemporaneously notify the agent or broker of the amount of the unearned commission.

(4) If an insurer elects to tender the net rather than the gross unearned premium to a premium finance company, the insurer shall document that the agent or broker tendered unearned commission to the premium finance company within the period required under subdivision (a) or (b) after the insurer either receives notice of the event that generated the unearned premium, or receives notice from a premium finance company of a cancellation.

(h) Whenever an agent or broker receives a refund from a premium finance company, the agent or broker shall tender that money to the insured within 25 days. Whenever an agent or broker with an assignment from the insured receives unearned premium from an insurer, the agent or broker shall account to the insured for any offset permitted by Section 1735.5 within 25 days. If the agent or broker fails to tender payment of any remaining unearned premium after the offset within 25 days, the agent or broker shall pay the insured interest at the rate of 10 percent per annum from and after the 26th day after the agent or broker receives the refund.

(i) In addition to the required unearned premium refund, an insurer shall provide both the insured and the agent or broker, upon the request of either, with an accounting and explanation of how the amount of the refund was calculated. The explanation shall be clear, concise, and easy to comprehend. The commissioner may adopt regulations setting forth standards to govern this subdivision.

(j) For purposes of subdivisions (a) to (c), inclusive, if the unearned premium is not assigned as security to a premium finance agency pursuant to a premium finance agreement and the amount of unearned premium is less than twenty-five dollars ($25), tender of unearned premium shall include applying the amount of unearned premium either to the renewal premium at the next renewal date or to other premiums due, provided written notice of either application is given to the insured within 30 days after the endorsement, rejection, declination, cancellation, or surrender of a policy of insurance. At the time of endorsement or surrender of a policy of insurance or, within 15 days after the mailing of the written notice required by this subdivision, the insured may request in writing that the unearned premium be tendered as provided in subdivisions (a) to (c), inclusive. Whenever the amount of unearned premium is less than five dollars ($5), tender shall be effective and the written notice required by this subdivision shall not be required if the unearned premium is applied either to the renewal premium at the next renewal date or to other premiums due.

(k) Notwithstanding subdivisions (a) to (c), inclusive, an insurer may at any time solicit the insured's consent, or may in its policy reserve the right, to apply the unearned premium generated by an amendment or endorsement removing or reducing coverage for an insured person or property to the balance owed on the policy as a whole, rather than tendering a refund of the unearned premium. This subdivision shall not apply if the unearned premium is assigned as security to a premium finance company.

(*l*) The amount of unearned premium required to be refunded by an insurer pursuant to this section shall not exceed the amount paid to the insurer by the insured or by a premium finance company.

CHAPTER 322

An act to add Sections 1243, 20343, 31563, and 45310.3 to the Government Code, relating to elected public officers.

The people of the State of California do enact as follows:

(c) The elected public officer described in subdivision (b) shall forfeit only that portion of his or her rights and benefits that accrued on or after January 1, 2006, on account of his or her service in the elected public office held when the felony occurred.

(d) Any contributions made by the elected public officer described in subdivision (b) to the public retirement system that arose directly from or accrued solely as a result of his or her forfeited service as an elected public officer shall be returned, without interest, to the public officer.

(e) The public agency that employs an elected public officer described in subdivision (b) shall notify the public retirement system in which the officer is a member of the officer's conviction.

(f) An elected public officer shall not forfeit his or her rights and benefits pursuant to subdivision (b) if the governing body of the elected public officer's employer, including, but not limited to, the governing body of a city, county, or city and county, authorizes the public officer to receive those rights and benefits.

(g) For purposes of this section, "public officer" means an officer of the state, or an officer of a county, city, city and county, district, or authority, or any department, division, bureau, board, commission, agency, or instrumentality of any of these entities.

SECTION 1. Section 473 is added to the Vehicle Code, to read:

473. (a) A "pocket bike" is a two-wheeled motorized device that has a seat or saddle for the use of the rider, and that is not designed or manufactured for highway use. "Pocket bike" does not include an off-highway motorcycle, as defined in Section 436.

(b) For purposes of this section, a vehicle is designed for highway use if it meets the applicable Federal Motor Vehicle Safety Standards, as contained in Title 49 of the Code of Federal Regulations, and is equipped in accordance with the requirements of this code.

SEC. 2. Section 9955 is added to the Vehicle Code, to read:

9955. (a) A manufacturer of a pocket bike shall affix on the pocket bike a sticker with a disclosure stating that the device is prohibited from being operated on a sidewalk, roadway, or any part of a highway, or on a bikeway, bicycle path or trail, equestrian trail, hiking or recreational trail, or on public lands open to off-highway motor vehicle use.

(b) The disclosure required under subdivision (a) shall meet both of the following requirements:

(1) Be printed in not less than 14-point boldface type on a sticker that contains only the disclosure.

(2) Include the following statement:

"THE POCKET BIKE YOU HAVE PURCHASED OR OBTAINED IS STRICTLY PROHIBITED FROM BEING OPERATED ON A SIDEWALK, ROADWAY, OR ANY OTHER PART OF A HIGHWAY, OR ON A BIKEWAY, BICYCLE PATH OR TRAIL, EQUESTRIAN TRAIL, HIKING OR RECREATIONAL TRAIL, OR ON PUBLIC LANDS OPEN TO OFF-HIGHWAY VEHICLE USE. SEC. 3. Section 21720 is added to the Vehicle Code, to read:

21720. A pocket bike shall not be operated on a sidewalk, roadway, or any other part of a highway, or on a bikeway, bicycle path or trail, equestrian trail, hiking or recreational trail, or on public lands open to off-highway motor vehicle use.

A pocket bike so seized shall be held for a minimum of 48 hours.

(b) A violator of this section shall be responsible for all costs associated with the removal, seizure, and storage of the pocket bike.

(c) A city, county, or city and county may adopt a regulation, ordinance, or resolution imposing charges equal to its administrative costs relating to the removal, seizure, and storage costs of a pocket bike. The charges shall not exceed the actual costs incurred for the expenses directly related to removing, seizing, and storing a pocket bike.

(d) An agency shall release a seized pocket bike to the owner, violator, or the violator's agent after 48 hours, if all of the following conditions are met:

(1) The violator or authorized agent's request is made during normal business hours.

CHAPTER 324

An act to add Section 34520.3 to the Vehicle Code, relating to vehicles.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

34520.3. (a) For the purposes of this section, a "school transportation vehicle" is a vehicle that is not a schoolbus, school pupil activity bus, or youth bus, and is used by a school district or county office of education for the primary purpose of transporting children.

(b) A school district or county office of education that employs drivers to drive a school transportation vehicle, and the driver of those vehicles,

who are not otherwise required to participate in a testing program of the United States Secretary of Transportation, shall participate in a program that is consistent with the controlled substances and alcohol use and testing requirements of the United States Secretary of Transportation that apply to schoolbus drivers and are set forth in Part 382 (commencing with Section 382.101) of, and Sections 392.5(a)(1) and (3) of, Title 49 of the Code of Federal Regulations.

(c) It is the intent of the Legislature that this section be implemented in a manner that does not require a school district or county office of education to administer a program for drivers of school transportation vehicles that imposes controlled substance and alcohol use and testing requirements greater than those applicable to school bus drivers under existing law.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because, in that regard, this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 325

An act to amend and repeal Section 18552 of the Health and Safety Code, relating to mobilehome parks.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 18552 of the Health and Safety Code, as amended by Section 3 of Chapter 622 of the Statutes of 2004, is amended to read:

18552. (a) The department shall adopt and submit building standards for approval pursuant to Chapter 4 (commencing with Section 18935)

of Part 2.5, and the department shall adopt other regulations for manufactured home or mobilehome accessory buildings or structures. The regulations adopted by the department shall provide for the construction, location, and use of manufactured home or mobilehome accessory buildings or structures to protect the health and safety of the occupants and the public, and shall be enforced by the appropriate enforcement agency.

(b) Notwithstanding Section 1338 of Title 25 of the California Code of Regulations, a manufactured home may be installed above 5,000 feet in elevation at the option of the owner of the home and after approval by the park operator only if the installation is consistent with one of the following:

(1) If the manufactured home does not have the capacity to resist the minimum snow loads as established for residential buildings by local ordinance, the home must have the capacity to resist a roof live load of at least 60 pounds per square foot and may only be installed in a mobilehome park that has and is operating an approved snow load maintenance program. The installation shall comply with all other applicable requirements of this part and the regulations adopted pursuant to this part and shall be approved by the enforcement agency. The approval of the snow load maintenance program shall be identified on the permit to operate.

(2) If the manufactured home does not have the capacity to resist the minimum snow loads established by local ordinance for residential buildings, the home may only be installed if it is protected by a ramada designed to resist the minimum snow loads established by local ordinance and constructed pursuant to this part and regulations adopted pursuant to this part. The plans and specifications for the construction of the ramada and the installation of the home shall be approved by the enforcement agency.

(3) If a manufactured home has the capacity to resist the minimum snow loads established by local ordinance for residential buildings, an approved snow load maintenance program or ramada is not required for that home.

(c) Before installing a manufactured home pursuant to paragraph (1) of subdivision (b), the operator of a park shall request and obtain approval from the enforcement agency of its existing or proposed snow roof load maintenance program. The enforcement agency's approval shall be based on relevant factors identified in the regulations of the department and shall include, but not be limited to, the types of maintenance to be used to control or remove snow accumulation and the capacity and capability of personnel and equipment proposed to satisfactorily perform the snow roof load program. The request for approval shall specify the type of

maintenance to be used to control snow accumulation and shall demonstrate the capacity and capability of necessary personnel or its equivalent to satisfactorily perform the snow roof load maintenance program.

(d) Notwithstanding Section 1433 of Title 25 of the California Code of Regulations, a cabana may be installed in a park above 5,000 feet in elevation only if it has the capacity to resist the minimum snow load requirements established by local ordinance for residential buildings.

SEC. 2. Section 18552 of the Health and Safety Code, as added by Section 4 of Chapter 622 of the Statutes of 2004, is repealed.

SEC. 3. (a) It is the intent of the Legislature in enacting Section 1 of this act to require the revision of changes that relate to minimum roof live load requirements for manufactured homes installed at elevations above 5,000 feet in Sections 1338 and 1433 of Title 25 of the California Code of Regulations, and for which a certificate of compliance was filed on July 7, 2004, in order to conform with this act.

(b) It is the intent of the Legislature that the regulations adopted by the Department of Housing and Community Development to implement and interpret the changes enacted in Section 1 of this act be deemed to be editorial changes pursuant to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of the Government Code), if they are amendments, repeals, or adoptions that are substantially the same in content as the provisions of Section 1 of this act.

CHAPTER 326

An act to amend Section 483.5 of the Penal Code, relating to identification documents.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 483.5 of the Penal Code is amended to read:

483.5. (a) No deceptive identification document shall be manufactured, sold, offered for sale, furnished, offered to be furnished, transported, offered to be transported, or imported or offered to be imported into this state unless there is diagonally across the face of the document, in not less than 14-point type and printed conspicuously on the document in permanent ink, the following statement:

NOT A GOVERNMENT DOCUMENT

and, also printed conspicuously on the document, the name of the manufacturer.

(b) No document-making device may be possessed with the intent that the device will be used to manufacture, alter, or authenticate a deceptive identification document.

(c) As used in this section, "deceptive identification document" means any document not issued by a governmental agency of this state, another state, the federal government, a foreign government, a political subdivision of a foreign government, an international government, or an international quasi-governmental organization, which purports to be, or which might deceive an ordinary reasonable person into believing that it is, a document issued by such an agency, including, but not limited to, a driver's license, identification card, birth certificate, passport, or social security card.

(d) As used in this section, "document-making device" includes, but is not limited to, an implement, tool, equipment, impression, laminate, card, template, computer file, computer disk, electronic device, hologram, laminate machine or computer hardware or software.

(e) Any person who violates or proposes to violate this section may be enjoined by any court of competent jurisdiction. Actions for injunction under this section may be prosecuted by the Attorney General, any district attorney, or any city attorney prosecuting on behalf of the people of the State of California under Section 41803.5 of the Government Code in this state in the name of the people of the State of California upon their own complaint or upon the complaint of any person.

(f) Any person who violates the provisions of subdivision (a) who knows or reasonably should know that the deceptive identification document will be used for fraudulent purposes is guilty of a crime, and upon conviction therefor, shall be punished by imprisonment in the county jail not to exceed one year, or by imprisonment in the state prison. Any person who violates the provisions of subdivision (b) is guilty of a misdemeanor punishable by imprisonment in a county jail not exceeding one year, or by a fine not exceeding one thousand dollars ($1,000), or by both imprisonment and a fine. Any document-making device may be seized by law enforcement and shall be forfeited to law enforcement or destroyed by order of the court upon a finding that the device was intended to be used to manufacture, alter, or authenticate a deceptive identification document. The court may make such a finding in the absence of a defendant for whom a bench warrant has been issued by the court.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs

that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 327

An act to add and repeal Section 678.3 to the Insurance Code, relating to insurer liability.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 678.3 is added to the Insurance Code, to read:

678.3. (a) There shall be no liability on the part of, and no cause of action of any nature shall arise against, any insurer which issues professional liability insurance policies to health care providers or its authorized representatives, agents, or employees, or any licensed insurance agent or broker, for any statement made, unless shown to have been made in bad faith, by any of them in any of the following:

21492, 21540.5, 21582, 22009.1, 22150, 22155, 22202, 22203, 22208, 22302, 22308, 22560, 22873, 22874, 22875, 22876, 22892, 22958, and 75071 of, and to add Sections 21690, 21691, 21692, 22009.03, and 22156 to, the Government Code, relating to public employees' benefits, and making an appropriation therefor.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 20098 of the Government Code is amended to read:

20098. (a) The board shall appoint and, notwithstanding Sections 19816, 19825, 19826, 19829, and 19832 shall fix the compensation of an executive officer, a chief actuary, a chief investment officer, and other investment officers and portfolio managers whose positions are designated managerial pursuant to Section 18801.1.

(b) The executive officer, deputy executive officers, and the assistant executive officers may administer oaths.

(c) When fixing the compensation for the positions specified in subdivision (a), the board shall be guided by the principles contained in Sections 19826 and 19829, consistent with its fiduciary responsibility to its members to recruit and retain highly qualified and effective employees for these positions.

(d) When a position specified in subdivision (a) is filled through a general civil service appointment, it shall be filled from an eligible list based on an examination that was held on an open basis, and tenure in the position shall be subject to the provisions of Article 2 (commencing with Section 19590) of Chapter 7 of Part 2 of Division 5 of Title 2. In addition to the causes for action specified in that article, the board may take action under the article for causes related to its fiduciary responsibility to its members, including the employee's failure to meet specified performance objectives.

(e) An individual who held a position designated in subdivision (a) for less than five years may not, for a period of two years after leaving that position, for compensation, act as agent or attorney for, or otherwise represent, any other person, except the state, by making any formal or informal appearance before or any oral or written communication to the Public Employees' Retirement System, or any officer or employee thereof, if the appearance or communication is made for the purpose of influencing administrative or legislative action or any action or proceeding involving the issuance, amendment, awarding, or revocation

of a permit, license, grant, contract, or sale or purchase of goods or property.

SEC. 2. Section 20163 of the Government Code is amended to read:

20163. If more or less than the correct amount of contribution required of members, the state, or any contracting agency, is paid, proper adjustment shall be made in connection with subsequent payments, or the adjustments may be made by direct cash payments between the member, state, or contracting agency concerned and the board or by adjustment of the employer's rate of contribution. Adjustments to correct any other errors in payments to or by the board, including adjustments of contributions, with interest, that are found to be erroneous as the result of corrections of dates of birth, may be made in the same manner. Adjustments to correct overpayment of a retirement allowance may also be made by adjusting the allowance so that the retired person or the retired person and his or her beneficiary, as the case may be, will receive the actuarial equivalent of the allowance to which the member is entitled. Losses or gains resulting from error in amounts within the limits set by the Victim Compensation and Government Claims Board for automatic writeoff, and losses or gains in greater amounts specifically approved for writeoff by the Victim Compensation and Government Claims Board, shall be debited or credited, as the case may be, to the reserve against deficiencies in interest earned in other years, losses under investments, and other contingencies.

No adjustment shall be made because less than the correct amount of normal contributions was paid by a member if the board finds that the error was not known to the member and was not the result of erroneous information provided by him or her to this system or to his or her employer and the failure to adjust shall not preclude action under Section 20160 correcting the date upon which the person became a member.

The actuarial equivalent under this section shall be computed on the basis of the mortality tables and actuarial interest rate in effect under this system on December 1, 1970, for retirements effective through December 31, 1979. Commencing with retirements effective January 1, 1980, and at corresponding 10-year intervals thereafter, or more frequently at the board's discretion, the board shall change the basis for calculating actuarial equivalents under this article to agree with the interest rate and mortality tables in effect at the commencement of each 10-year or succeeding interval.

SEC. 3. Section 20281.5 of the Government Code is amended to read:

20281.5. (a) Notwithstanding Section 20281, a person who becomes a state miscellaneous or state industrial member of the system on or after the effective date of this section because the person is first employed by

the state and qualifies for membership shall be subject to the provisions of this section.

(b) Members subject to this section shall not accrue credit for service in the system and shall not make employee contributions to the system, including the contributions set forth in Section 20677.4, for employment with the state until the first day of the first pay period commencing 24 months after becoming a member of the system.

(c) Notwithstanding subdivision (a), this section shall not apply to any of the following:

A member who separates from state employment shall remain subject to this section if he or she returns to state employment as a state miscellaneous or state industrial member within that 24-month period.

(e) Any regulations adopted by the board to implement the requirements of this section shall not be subject to the review and approval of the Office of Administrative Law, pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3. The regulations shall become effective immediately upon filing with the Secretary of State.

SEC. 4. Section 20340 of the Government Code is amended to read:

20340. A person ceases to be a member:

(a) Upon retirement, except while participating in reduced worktime for partial service retirement.

(b) If he or she is paid his or her normal contributions, unless payment of contributions is the result of an election pursuant to paragraph (1) of

subdivision (b) of Section 21070, or unless, after reducing the member's credited service by the service applicable to the contributions being withdrawn, the member meets the requirements of Section 21075 or if he or she is paid a portion of his or her normal contributions where more than one payment is made, or these contributions are held pursuant to Section 21500. For the purposes of this subdivision, deposit in the United States mail of a warrant drawn in favor of a member, addressed to the latest address of the member on file in the office of this system, electronic fund transfer to the person's bank, savings and loan association, or credit union account, constitutes payment to the person of the amount for which the warrant is drawn or electronically transferred.

(c) If the member has less than five years of service credit and no accumulated contributions in the retirement fund at the time of termination of service, unless the member establishes membership in the Judges' Retirement System, the Judges' Retirement System II, the Legislators' Retirement System, the State Teachers' Retirement System, or the University of California Retirement Plan, or establishes reciprocity with a reciprocal retirement system.

SEC. 5. Section 20752 of the Government Code is amended to read:

20752. (a) A member of the Judges' Retirement System, the Judges' Retirement System II, the Legislators' Retirement System, the State Teachers' Retirement Plan, the University of California Retirement Plan, or a county retirement system, who has withdrawn accumulated contributions from this system shall have the right to redeposit those contributions, subject to the same conditions as imposed for redeposits of accumulated contributions by Section 20750, including the rights that he or she would have had under Section 20638 had he or she not withdrawn his or her contributions.

(b) Provisions of this section extending a right to redeposit accumulated contributions withdrawn from this system shall also apply to members of any retirement system established under Chapter 2 (commencing with Section 45300) of Division 5 of Title 4 with respect to which an ordinance complying with Section 45310.5 has been filed with, and accepted by, the board or any retirement system established by, or pursuant to, the charter of a city or city and county or by any other public agency of this state which system, in the opinion of the board, provides a similar modification of rights and benefits because of membership in this system and with respect to which the governing body of the city, city and county or public agency and the board have entered into agreement pursuant to Section 20351.

(c) A member who elects to redeposit under this section shall have the same rights as a member who has elected pursuant to Section 20731 to leave his or her accumulated contributions on deposit in the fund.

SEC. 6. Section 20908 of the Government Code is amended to read:

20908. (a) A member who, pursuant to Section 20281.5, did not accrue service credit with respect to his or her service to the state may elect to receive credit for that service within the period of time beginning on the first day of the 47th month and ending on the last day of the 49th month after the date on which the member became a member of the system.

(c) This section also applies to all of the following:

21220. (a) A person who has been retired under this system, for service or for disability, may not be employed in any capacity thereafter by the state, the university, a school employer, or a contracting agency, unless the employment qualifies for service credit in the University of California Retirement Plan or the State Teachers' Retirement Plan, unless he or she has first been reinstated from retirement pursuant to this chapter, or unless the employment, without reinstatement, is authorized by this article. A retired person whose employment without reinstatement is authorized by this article shall acquire no service credit or retirement rights under this part with respect to the employment.

If the judge had no designated beneficiary in effect on the date of death, payment shall be made to the judge's estate.

CHAPTER 329

An act to amend Section 19582.5 of, to add Section 19481.3 to, and to add Article 4.5 (commencing with Section 19500) to Chapter 4 of Division 8 of, the Business and Professions Code, relating to horse racing.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 19481.3 is added to the Business and Professions Code, to read:

19481.3. (a) Every racing association and racing fair licensed pursuant to this article shall maintain, staff, and supply an on-track first aid facility, that may be either permanent or mobile, and which shall be staffed and equipped as directed by the board. A qualified and licensed physician shall be on duty at all times during live racing, except that this provision shall not apply to any quarter horse racing at the racetrack if there is a hospital situated no more than 1.5 miles from the racetrack and the racetrack has an agreement with the hospital to provide emergency medical services to jockeys and riders. An ambulance licensed to operate on public highways provided by the track shall be available at all times during live racing and shall be staffed by two emergency medical technicians licensed in accordance with Division 2.5 (commencing with Section 1797) of the Health and Safety Code, one of whom may be an Emergency Medical Technician Paramedic, as defined in Section 1797.84 of the Health and Safety Code.

(b) Each racing association and racing fair shall adopt and maintain an emergency medical plan detailing the procedures that shall be used in the event of an on-track injury. The plan shall be posted in each jockey room in English and Spanish.

(c) Prior to every race meeting, the racing association or racing fair shall contact area hospitals to coordinate procedures for the rapid admittance and treatment of emergency injuries.

(d) Each racing association or racing fair shall designate a health and safety manager and assistant manager, who shall be responsible for compliance with the provisions of this section and one of whom shall be on duty at all times when live racing is conducted. The health and safety manager may, at the discretion of the racing association, be the person designated to perform risk management duties on behalf of the association.

(e) The stewards shall investigate and prepare a report with respect to all on-track accidents involving jockeys that occur during the performance of their duties. The report shall, at a minimum, identify the circumstances of the accident, the likely causes, and the extent of any injuries. The investigation shall be commenced no later than the next live racing day and shall be completed expeditiously. Upon completion of the report, it shall immediately be sent by facsimile or electronic mail to the entity certified to provide health and welfare for jockeys pursuant to Section 19612.9, to the jockey or his or her representative, the racing

association, and the owner and trainer of the horse the jockey was riding at the time of the accident.

(f) The board shall adopt regulations to implement the provisions of this section no later than July 1, 2007.

SEC. 2. Article 4.5 (commencing with Section 19500) is added to Chapter 4 of Division 8 of the Business and Professions Code, to read:

Article 4.5. Jockeys

19500. (a) A jockey who agrees to exercise a racehorse shall be paid no less than the standard rate that is paid to exercise riders unless the jockey has been employed to ride that racehorse in a parimutuel race or the jockey is engaged in an official timed and recorded workout. If there is a dispute over the standard rate for exercising a horse, the steward shall determine the rate.

(b) The board shall adopt regulations no later than July 1, 2007, consistent with existing practice of the stewards, that provide both of the following:

(1) Establish the circumstances under which a jockey is entitled to receive a mount fee when he or she is removed from a mount prior to scratch time.

(2) Establish the circumstances under which a jockey is entitled to receive both a mount fee and the riding fee when he or she is removed from a mount after scratch time.

(c) The paymaster of a racing association or racing fair shall not disburse any sum from a jockey's compensation to any person other than the jockey except with the written permission of the jockey, upon order of the board, or pursuant to a court or administrative order.

(d) For the purposes of this section the following definitions apply:

(1) "Scratch time" means the time designated by the purse agreement when final changes in racing programs must be made.

(2) "Riding fee" means the amount of money, whether calculated as a percentage of the purse or by any other means, that is due to a jockey in addition to the jockey mount fee as a result of the performance of a racehorse in a race.

(3) "Mount fee" is the fee that is paid a jockey who accepts a mount on a racehorse.

19504. (a) No racehorse shall be ridden at a racetrack unless the rider is equipped with a safety helmet and safety vest.

(b) No later than July 1, 2006, the board shall conduct an investigation, including at least one public hearing, to determine whether the use of safety reins would provide jockeys and exercise riders greater protection from accidents and injuries than conventional reins. Should the board

determine that the use of safety reins would provide greater protection for jockeys and exercise riders than conventional reins, it shall adopt a regulation no later than July 1, 2007, mandating the use of approved safety reins whenever a racehorse is ridden at a racetrack. The regulation adopted by the board may phase in the use of safety reins, but in the event safety reins are mandated, the board shall not permit the use of conventional reins in a parimutuel race for longer than 18 months following the adoption of the regulation.

(c) The board shall approve any model of safety helmet, safety vest, and mandatory safety rein, if required, in use at a racetrack.

(d) For the purposes of this section, a "safety rein" is a type of rein that is reinforced with a wire cable, nylon strap, or other safety device or material that is attached to the bit and designed to maintain control of the horse should the rein break.

(e) For the purposes of this section, a "conventional rein" is any rein other than a safety rein.

19506. No later than July 1, 2006, the board shall approve and participate in a health assessment study of jockeys that will provide information relevant to the determination of an appropriate jockey scale of weights and weight control practices that will maximize jockey health and safety.

(a) The study shall be conducted under accepted scientific principles, shall be peer reviewed, and shall be performed under the auspices of a university based director with expertise in sports medicine, nutrition, or occupational safety and health. The study director shall be independent of the horse racing industry.

(b) The board shall form a committee to provide input and advice on the design of the study. The committee shall include members of the board, and representatives of the Thoroughbred Owners of California, the Jockey's Guild, the California Thoroughbred Trainers, the Pacific Coast Quarter Horse Racing Association, the California Authority of Racing Fairs and of the racetracks. However, the board shall insure that no member of the committee nor any other person shall attempt to improperly interfere with study design or execution or compromise its integrity.

(c) The study shall be funded by private sources. Nothing in this section shall prevent the participation of racing regulatory bodies outside of California in the study.

(d) Upon completion of the study the board shall review the findings at a public hearing. If the board determines, upon review of the study, that the current scale of weights for jockeys is detrimental to jockey health and safety, it shall adopt regulations to establish weight or body

composition requirements appropriate to maintain jockeys in a healthy and safe physical condition.

SEC. 3. Section 19582.5 of the Business and Professions Code is amended to read:

19582.5. The board may adopt regulations that prohibit the entry in a race of a horse that tests positive for a drug substance in violation of Section 19581. Upon a finding of a prohibited drug substance in an official test sample, a horse may be summarily disqualified from the race in connection with which the drug sample was taken. Upon the disqualification of a horse pursuant to these regulations, any purse, prize, award, or record for that race shall be forfeited. However, the board, including its hearing officers and stewards, shall have the authority to order, in the interests of justice, that a jockey be permitted to keep his or her share of the purse, prize, or award for that race upon a finding that a person, other than the jockey, willfully, and with flagrant disregard for recommended veterinary practice and the regulations of the board, administered the prohibited substance. Such an order may provide that the jockey's share of the purse, prize, or award shall be paid by the person or persons determined to be responsible for willfully administering the prohibited substance.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(e) For any military base that is closed and not listed in subdivision (d), the United States Department of Defense's Office of Economic Adjustment will follow its established procedures in recognizing a single local reuse entity.

(f) If, after 60 days from the effective date of the base closure decision, a single local reuse entity cannot be recognized by the United States Department of Defense's Office of Economic Adjustment, the Director of the Office of Planning and Research, in consultation with the federal Office of Economic Adjustment, shall select a mediator, from a list submitted by the Office of Military and Aerospace Support containing no fewer than seven recommendations, to affect an agreement among the effected jurisdictions on a single local reuse entity acceptable to the

federal Office of Economic Adjustment for recognition. In selecting a mediator, the director shall appoint a neutral person or persons, with experience in local land use issues, to facilitate communication between the disputants and assist them in reaching a mutually acceptable agreement prior to 120 days from the effective date of the base closure decision.

(g) As a last resort, and only if no recognition is made pursuant to the procedure specified in subdivisions (e) and (f) within 120 days after a base closure decision has become final or within 120 days after the date on which this section becomes operative, whichever date is later, the Office of Military and Aerospace Support shall hold public hearings, in consultation with the federal Office of Economic Adjustment, and recognize a single local base reuse entity for each closing base for which agreement is reached among the local jurisdictions with responsibility for complying with Chapter 3 (commencing with Section 65100) and Chapter 4 (commencing with Section 65800) on the base, or recommend legislation or action by the local agency formation commission if necessary to identify a single reuse entity that would be recognized by the federal Office of Economic Adjustment.

(h) In recognizing a single local reuse entity pursuant to subdivision (g), preference shall be given to existing entities and entities with responsibility for complying with Chapter 3 (commencing with Section 65100) and Chapter 4 (commencing with Section 65800).

(i) Any recognition of a single local reuse entity made pursuant to subdivision (f) or (g) shall be submitted by the Director of the Office of Planning and Research to the Governor, the Legislature, and the United States Department of Defense.

CHAPTER 331

An act to add Chapter 7 (commencing with Section 66690) to Title 7.2 of the Government Code, and to amend Sections 31161, 31162, and 31163 of the Public Resources Code, relating to resource conservation.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7 (commencing with Section 66690) is added to Title 7.2 of the Government Code, to read:

Chapter 7. San Francisco Bay Area Water Trail

66690. This chapter shall be known, and may be cited as, the San Francisco Bay Area Water Trail Act.

66691. The Legislature finds and declares the following:

(a) The public has an interest in the San Francisco Bay and the surrounding watershed lands as one of the most valuable natural resources of the state, a resource that gives special character to the San Francisco Bay Area. San Francisco Bay is the central feature in an interconnected open-space system of watersheds, natural habitats, waterways, scenic areas, agricultural lands, and regional trails.

(b) Water-oriented recreational uses of the San Francisco Bay, including kayaking, canoeing, sailboarding, sculling, rowing, car-top sailing, and the like, are of great benefit to the public welfare of the San Francisco Bay Area. With loss of public open space, the public increasingly looks to the bay, the region's largest open space, for recreational opportunities. Water-oriented recreational uses are an integral element of the recreational opportunities that span the San Francisco Bay Area and add to the community vitality and quality of life that the citizens of the region enjoy.

(c) Water trails have been designated throughout the United States and have proven to be an important vehicle for promoting water-oriented recreation for citizens of all economic means. Water trails can inform the public about natural, cultural, and historic features and foster public stewardship of these resources. Water trails aid in urban renewal of industrial waterfronts. In combination with hiking, biking, and horse trails, water trails are an important element in the development of multiuse and multiday recreational opportunities that in turn have a positive regional economic benefit.

(d) Bay Access, Incorporated, a nonprofit organization dedicated to the creation of the San Francisco Bay Area Water Trail, has identified a series of existing and potential access points to the San Francisco Bay that encircle the bay. The designation of a water trail linking these existing and any future access sites that is designed and implemented consistent with this chapter, would advance the regional goals and state mandate of the commission to foster public access and recreational use of the bay.

(e) San Francisco Bay is an aquatic habitat of international importance. It provides critical habitat for 70 percent of the shore birds and 50 percent of the diving ducks on the Pacific Flyway, as well as for many other waterbird species. It also provides habitat for marine mammals, other aquatic species, and colonial nesting birds, including many federal- and

state-listed endangered or threatened species, such as the endangered California clapper rail.

(f) The San Francisco Bay Area Water Trail, established pursuant to this chapter, shall be implemented consistent with the goals of improving access to, within, and around the bay, coast, ridgetops, and urban open spaces while respecting the rights of private property owners, considering navigation safety and homeland security concerns in establishing the access points around the bay and the siting of overnight accommodations, minimizing the adverse impacts on agricultural operations, and protecting endangered and threatened species, and species of special concern.

(g) It is not the intent of the Legislature, in enacting this chapter, to modify any provision of this title except as otherwise expressly provided in this chapter.

66692. (a) For the purposes of this chapter, the area referred to as the San Francisco Bay Area includes the nine Bay Area counties and navigable waters and tributaries under tidal influence that are part of or feed into San Francisco Bay.

(b) The San Francisco Bay Area Water Trail primary project area shall be the area within the commission's jurisdiction as defined in Section 66610 of this code, and the area described in Section 29101 of the Public Resources Code.

66693. (a) The San Francisco Bay Area Water Trail is hereby established.

(b) The San Francisco Bay Area Water Trail shall be developed in a timely manner.

(c) The San Francisco Bay Area Water Trail, to the extent feasible, shall link access to the waters of the San Francisco Bay that are available for navigation by human-powered boats and beachable sail craft, and shall provide for diverse water-accessible overnight accommodations, including camping.

(d) The San Francisco Bay Area Water Trail shall be developed in a manner consistent with the right to access navigable waters of the state contained in Section 4 of Article X of the California Constitution.

(e) The San Francisco Bay Area Water Trail shall be developed in a manner consistent with all federal laws and regulations pertaining to navigation safety and homeland security.

66694. (a) The commission shall conduct a public process to develop a San Francisco Bay Area Water Trail Plan for the San Francisco Bay Area. The plan shall make recommendations on all of the following:

(1) Policies, criteria, and guidelines for the appropriate location, design, operation, and maintenance of access to the bay.

(2) Locations where the water trail can coordinate with landside trails and other recreational facilities to accommodate opportunities for multiday, overnight travel.

(3) Organizational structure and procedures for the management and operation of the water trail and the education of end users in ways that will advance navigational safety, protect wildlife, and foster stewardship of natural resources.

(4) Identification of sensitive wildlife areas where access should be managed or prohibited.

(5) Identification of areas where access should be limited or prohibited due to considerations related to navigation safety and homeland security.

(b) In developing the San Francisco Bay Area Water Trail, the commission, in collaboration with the State Coastal Conservancy and the Association of Bay Area Governments, shall establish and coordinate a collaborative partnership with other interested persons, organizations, and agencies, including, but not limited to, interested state, county, and district departments and commissions, parks and park districts, ports, regional governmental bodies, nonprofit groups, user groups, and businesses.

(c) On or before January 1, 2008, the commission shall submit the plan to the Legislature.

SEC. 2. Section 31161 of the Public Resources Code is amended to read:

31161. The Legislature hereby finds and declares that the nine counties that bound San Francisco Bay constitute a region with unique natural resource and outdoor recreational needs. San Francisco Bay is the central feature in an interconnected open-space system of watersheds, natural habitats, waterways, scenic areas, agricultural lands, and regional trails.

SEC. 3. Section 31162 of the Public Resources Code is amended to read:

31162. The conservancy may undertake projects and award grants in the nine-county San Francisco Bay Area that will help achieve the following goals of the San Francisco Bay Area Conservancy Program:

(a) To improve public access to, within, and around the bay, coast, ridgetops, and urban open spaces, consistent with the rights of private property owners, and without having a significant adverse impact on agricultural operations and environmentally sensitive areas and wildlife, including wetlands and other wildlife habitats through completion and operation of regional bay, coast, water, and ridge trail systems, and local trails connecting to population centers and public facilities, which are part of a regional trail system and are consistent with locally and regionally adopted master plans and general plans, and through the

provision and preservation of related facilities, such as interpretive centers, picnic areas, staging areas, and campgrounds.

(b) To protect, restore, and enhance natural habitats and connecting corridors, watersheds, scenic areas, and other open-space resources of regional importance.

(c) To assist in the implementation of the policies and programs of the California Coastal Act of 1976 (Division 20 (commencing with Section 30000)), the San Francisco Bay Plan, and the adopted plans of local governments and special districts.

(d) To promote, assist, and enhance projects that provide open space and natural areas that are accessible to urban populations for recreational and educational purposes.

SEC. 4. Section 31163 of the Public Resources Code is amended to read:

31163. (a) The conservancy shall cooperate with cities, counties, and districts, the bay commission, other regional governmental bodies, nonprofit land trusts, nonprofit landowner organizations, and other interested parties in identifying and adopting long-term resource and outdoor recreational goals for the San Francisco Bay Area, which shall guide the ongoing activities of the San Francisco Bay Area Conservancy Program. The conservancy shall utilize the list of priority areas and concerns established by the bay commission pursuant to subdivision (b) of Section 31056 as guidance in the selection of those San Francisco area projects that are within the jurisdiction of the bay commission. However, the guidance provided by the bay commission is advisory and the conservancy shall have the responsibility for making program decisions. Any acquisition of real property using funds authorized pursuant to this chapter shall be from willing sellers if the land is actively farmed or ranched. Any acquisition of real property by the conservancy pursuant to this chapter shall be from willing sellers.

(b) The conservancy shall participate in and support interagency actions and public/private partnerships in the San Francisco Bay Area for the purpose of implementing subdivision (a), and providing for broad-based local involvement in, and support for, the San Francisco Bay Area Conservancy Program.

(c) The conservancy shall utilize the criteria specified in this subdivision to develop project priorities for the San Francisco Bay Area Conservancy Program that provide for development and acquisition projects, urban and rural projects, and open space and outdoor recreational projects. The conservancy shall give priority to projects that, to the greatest extent, meet the following criteria:

(1) Are supported by adopted local or regional plans.

(2) Are multijurisdictional or serve a regional constituency.

(3) Can be implemented in a timely way.

(4) Provide opportunities for benefits that could be lost if the project is not quickly implemented.

(5) Include matching funds from other sources of funding or assistance.

(d) (1) The conservancy shall be the lead agency in the funding and development of projects implementing the San Francisco Bay Area Water Trail Plan prepared pursuant to Section 66694 of the Government Code.

(2) During the period when the plan is being prepared and after the completion of the plan, the conservancy may undertake projects and award grants that are generally consistent with and advance the preparation of the plan or achieve the implementation of the plan.

(3) To advance the preparation of the plan, the conservancy shall help coordinate a collaborative partnership with the San Francisco Bay Conservation and Development Commission, the Association of Bay Area Governments, and other interested persons, organizations and agencies, including, but not limited to, interested state, county, and district departments and commissions, parks and park districts, ports, regional governmental bodies, nonprofit groups, user groups, and businesses.

(4) In developing the plan and undertaking projects to implement the plan, areas for which access is to be managed or prohibited shall be determined in consultation with resource protection agencies, the United States Coast Guard, the Water Transit Authority, the State Lands Commission, local law enforcement agencies, and through the environmental review process required by the California Environmental Quality Act (Division 13 (commencing with Section 21000)).

(5) Upon the completion of the plan, the conservancy shall consider the plan's adoption and inclusion of the appropriate elements of the plan in the conservancy's strategic plan.

(6) The conservancy shall not award a grant or undertake a project for the San Francisco Bay Area Water Trail that would have a significant adverse impact on a sensitive wildlife area or is in conflict with the goals of subdivision (a) of Section 31162.

CHAPTER 332

CHAPTER 333

An act to amend Section 1250 of the Health and Safety Code, relating to health facilities.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature by this act amending Section 1250 of the Health and Safety Code to allow state hospitals that provide surgery and anesthesia services on less than a 24-hour basis on January 1, 2006, to be licensed if they otherwise meet all other applicable requirements for licensure under this section. Any personal services contract for surgical or anesthesia services in a general acute care hospital operated by the Department of Corrections and Rehabilitation or the Department of Veterans Affairs, or the State Department of Developmental Services shall comply with Section 19130 of the Government Code.

SEC. 2. Section 1250 of the Health and Safety Code is amended to read:

1250. As used in this chapter, "health facility" means any facility, place, or building that is organized, maintained, and operated for the diagnosis, care, prevention, and treatment of human illness, physical or mental, including convalescence and rehabilitation and including care during and after pregnancy, or for any one or more of these purposes, for one or more persons, to which the persons are admitted for a 24-hour stay or longer, and includes the following types:

(a) "General acute care hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff that provides 24-hour inpatient care, including the following basic services: medical, nursing, surgical, anesthesia, laboratory, radiology, pharmacy, and dietary services. A general acute care hospital may include more than one physical plant maintained and operated on separate premises as provided in Section 1250.8. A general acute care hospital that exclusively provides acute medical rehabilitation center services, including at least physical therapy, occupational therapy, and speech therapy, may provide for the required surgical and anesthesia services through a contract with another acute care hospital. In addition, a general acute care hospital that, on July 1, 1983, provided required surgical and anesthesia services through a contract or agreement with another acute care hospital may continue

to provide these surgical and anesthesia services through a contract or agreement with an acute care hospital. The general acute care hospital operated by the State Department of Developmental Services at Agnews Developmental Center may, until June 30, 2007, provide surgery and anesthesia services through a contract or agreement with another acute care hospital. Notwithstanding the requirements of this subdivision, a general acute care hospital operated by the Department of Corrections and Rehabilitation or the Department of Veterans Affairs may provide surgery and anesthesia services during normal weekday working hours, and not provide these services during other hours of the weekday or on weekends or holidays, if the general acute care hospital otherwise meets the requirements of this section.

A "general acute care hospital" includes a "rural general acute care hospital." However, a "rural general acute care hospital" shall not be required by the department to provide surgery and anesthesia services. A "rural general acute care hospital" shall meet either of the following conditions:

(1) The hospital meets criteria for designation within peer group six or eight, as defined in the report entitled Hospital Peer Grouping for Efficiency Comparison, dated December 20, 1982.

(2) The hospital meets the criteria for designation within peer group five or seven, as defined in the report entitled Hospital Peer Grouping for Efficiency Comparison, dated December 20, 1982, and has no more than 76 acute care beds and is located in a census dwelling place of 15,000 or less population according to the 1980 federal census.

(b) "Acute psychiatric hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff that provides 24-hour inpatient care for mentally disordered, incompetent, or other patients referred to in Division 5 (commencing with Section 5000) or Division 6 (commencing with Section 6000) of the Welfare and Institutions Code, including the following basic services: medical, nursing, rehabilitative, pharmacy, and dietary services.

(c) "Skilled nursing facility" means a health facility that provides skilled nursing care and supportive care to patients whose primary need is for availability of skilled nursing care on an extended basis.

(d) "Intermediate care facility" means a health facility that provides inpatient care to ambulatory or nonambulatory patients who have recurring need for skilled nursing supervision and need supportive care, but who do not require availability of continuous skilled nursing care.

(e) "Intermediate care facility/developmentally disabled habilitative" means a facility with a capacity of 4 to 15 beds that provides 24-hour personal care, habilitation, developmental, and supportive health services

to 15 or fewer developmentally disabled persons who have intermittent recurring needs for nursing services, but have been certified by a physician and surgeon as not requiring availability of continuous skilled nursing care.

(f) "Special hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical or dental staff that provides inpatient or outpatient care in dentistry or maternity.

(g) "Intermediate care facility/developmentally disabled" means a facility that provides 24-hour personal care, habilitation, developmental, and supportive health services to developmentally disabled clients whose primary need is for developmental services and who have a recurring but intermittent need for skilled nursing services.

(h) "Intermediate care facility/developmentally disabled—nursing" means a facility with a capacity of 4 to 15 beds that provides 24-hour personal care, developmental services, and nursing supervision for developmentally disabled persons who have intermittent recurring needs for skilled nursing care but have been certified by a physician and surgeon as not requiring continuous skilled nursing care. The facility shall serve medically fragile persons who have developmental disabilities or demonstrate significant developmental delay that may lead to a developmental disability if not treated.

(i) (1) "Congregate living health facility" means a residential home with a capacity, except as provided in paragraph (4), of no more than six beds, that provides inpatient care, including the following basic services: medical supervision, 24-hour skilled nursing and supportive care, pharmacy, dietary, social, recreational, and at least one type of service specified in paragraph (2). The primary need of congregate living health facility residents shall be for availability of skilled nursing care on a recurring, intermittent, extended, or continuous basis. This care is generally less intense than that provided in general acute care hospitals but more intense than that provided in skilled nursing facilities.

(2) Congregate living health facilities shall provide one of the following services:

(A) Services for persons who are mentally alert, physically disabled persons, who may be ventilator dependent.

(B) Services for persons who have a diagnosis of terminal illness, a diagnosis of a life-threatening illness, or both. Terminal illness means the individual has a life expectancy of six months or less as stated in writing by his or her attending physician and surgeon. A "life-threatening illness" means the individual has an illness that can lead to a possibility of a termination of life within five years or less as stated in writing by his or her attending physician and surgeon.

(C) Services for persons who are catastrophically and severely disabled. A catastrophically and severely disabled person means a person whose origin of disability was acquired through trauma or nondegenerative neurologic illness, for whom it has been determined that active rehabilitation would be beneficial and to whom these services are being provided. Services offered by a congregate living health facility to a catastrophically disabled person shall include, but not be limited to, speech, physical, and occupational therapy.

(3) A congregate living health facility license shall specify which of the types of persons described in paragraph (2) to whom a facility is licensed to provide services.

(4) (A) A facility operated by a city and county for the purposes of delivering services under this section may have a capacity of 59 beds.

(B) A congregate living health facility not operated by a city and county servicing persons who are terminally ill, persons who have been diagnosed with a life-threatening illness, or both, that is located in a county with a population of 500,000 or more persons may have not more than 25 beds for the purpose of serving terminally ill persons.

(C) A congregate living health facility not operated by a city and county serving persons who are catastrophically and severely disabled, as defined in subparagraph (C) of paragraph (2) that is located in a county of 500,000 or more persons may have not more than 12 beds for the purpose of serving catastrophically and severely disabled persons.

(5) A congregate living health facility shall have a noninstitutional, homelike environment.

(j) (1) "Correctional treatment center" means a health facility operated by the Department of Corrections, the Department of the Youth Authority, or a county, city, or city and county law enforcement agency that, as determined by the state department, provides inpatient health services to that portion of the inmate population who do not require a general acute care level of basic services. This definition shall not apply to those areas of a law enforcement facility that houses inmates or wards that may be receiving outpatient services and are housed separately for reasons of improved access to health care, security, and protection. The health services provided by a correctional treatment center shall include, but are not limited to, all of the following basic services: physician and surgeon, psychiatrist, psychologist, nursing, pharmacy, and dietary. A correctional treatment center may provide the following services: laboratory, radiology, perinatal, and any other services approved by the state department.

(2) Outpatient surgical care with anesthesia may be provided, if the correctional treatment center meets the same requirements as a surgical

clinic licensed pursuant to Section 1204, with the exception of the requirement that patients remain less than 24 hours.

(3) Correctional treatment centers shall maintain written service agreements with general acute care hospitals to provide for those inmate physical health needs that cannot be met by the correctional treatment center.

(4) Physician and surgeon services shall be readily available in a correctional treatment center on a 24-hour basis.

(5) It is not the intent of the Legislature to have a correctional treatment center supplant the general acute care hospitals at the California Medical Facility, the California Men's Colony, and the California Institution for Men. This subdivision shall not be construed to prohibit the Department of Corrections from obtaining a correctional treatment center license at these sites.

(k) "Nursing facility" means a health facility licensed pursuant to this chapter that is certified to participate as a provider of care either as a skilled nursing facility in the federal Medicare Program under Title XVIII of the federal Social Security Act or as a nursing facility in the federal Medicaid program under Title XIX of the federal Social Security Act, or as both.

(*l*) Regulations defining a correctional treatment center described in subdivision (j) that is operated by a county, city, or city and county, the Department of Corrections, or the Department of the Youth Authority, shall not become effective prior to, or if effective, shall be inoperative until January 1, 1996, and until that time these correctional facilities are exempt from any licensing requirements.

CHAPTER 334

An act to amend Sections 8494, 8495, and 8841 of the Fish and Game Code, relating to fishing.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 8494 of the Fish and Game Code is amended to read:

8494. (a) Commencing April 1, 2006, any vessel using bottom trawl gear in state-managed halibut fisheries, as described in subdivision (a) of Section 8841, shall possess a valid California halibut bottom trawl

permit that has not been suspended or revoked and that is issued by the department authorizing the use of trawl gear by that vessel for the take of California halibut.

(b) A California halibut bottom trawl vessel permit shall be issued annually, commencing with the 2006 permit year. Commencing with the 2007–08 season, in order to be eligible for that permit, an applicant shall have been issued a California halibut bottom trawl vessel permit in the immediately preceding permit year.

(c) The department shall not issue a California halibut bottom trawl vessel permit pursuant to this section for use in the California halibut fishery unless that vessel has landed a minimum of 200 pounds of California halibut and reported that landing on fish landing receipts as being caught with bottom trawl gear in at least one of the following:

(1) At least two of the calendar years 1995 to 2003, inclusive.

(2) At least one of the calendar years 1995 to 2003, inclusive, and from January 1, 2004, to February 19, 2004, inclusive.

(d) Permits issued pursuant this section may be transferred only if at least one of the following occur:

(1) The commission adopts a restricted access program for the fishery that is consistent with the commission's policies regarding restricted access to commercial fisheries.

(2) Prior to the implementation of a restricted access program, the permit is transferred to another vessel owned by the same permitholder of equal or less capacity, as determined by the department, and if the originally permitted vessel was lost, stolen, destroyed, or suffered a major irreparable mechanical breakdown. The department may not issue a permit for a replacement vessel if the department determines that the originally permitted vessel was fraudulently reported as lost, stolen, destroyed, or damaged. Only the permitholder at the time of the loss, theft, destruction, or irreparable mechanical breakdown of a vessel may apply to transfer the vessel permit. Evidence that a vessel is lost, stolen, or destroyed shall be in the form of a copy of the report filed with the United States Coast Guard, or any other law enforcement agency or fire department that conducted an investigation of the loss.

(3) Prior to the implementation of a halibut trawl restricted access program, the commission may consider requests from a vessel permitholder or his or her conservator or estate representative to transfer a permit with the vessel if both of the following conditions are met:

(A) The permitholder has died, is permanently disabled, or the permitholder is at least 65 years of age and has decided to retire from commercial fishing.

(B) California halibut landings contributed significantly to the record and economic income derived from the vessel, as determined by

regulations adopted by the commission. The commission may request information that it determines is reasonably necessary from the permitholder or his or her heirs or estate for the purpose of verifying statements in the request prior to authorizing the transfer of the permit.

(e) The commission shall establish California halibut bottom trawl vessel permit fees based on the recommendations of the department and utilizing the guidelines outlined in subdivision (b) of Section 711 to cover the costs of administering this section. Prior to the adoption of a restricted access program pursuant to subdivision (d), fees may not exceed one thousand dollars ($1,000) per permit.

(f) Individuals holding a federal groundfish trawl permit may retain and land up to 150 pounds of California halibut per trip without a California halibut trawl permit in accordance with federal and state regulations, including, but not limited to, regulations developed under a halibut fishery management plan.

(g) This section shall become inoperative upon the adoption by the commission of a halibut fishery management plan in accordance with the requirements of Part 1.7 (commencing with Section 7050).

(h) The commission may adopt regulations to implement this section.

SEC. 2. Section 8495 of the Fish and Game Code is amended to read:

8495. (a) The following area is designated as the California halibut trawl grounds:

The ocean waters lying between one and three nautical miles from the mainland shore lying south and east of a line running due west (270° true) from Point Arguello and north and west of a line running due south (180° true) from Point Mugu.

(b) Notwithstanding the provisions of subdivision (a), the use of trawl gear for the take of fish is prohibited in the following areas of the California halibut trawl grounds:

(1) Around Point Arguello. The area from a line extending from Point Arguello true west (270°) and out three miles, to a line extending from Rocky Point true south (180°) and out three miles.

(2) Around Point Conception. From a point on land approximately one-half mile north of Point Conception at latitude 34° 27.5´ extending seaward true west (270°) from one to three miles, to a point on land approximately ½ mile east of Point Conception at longitude 120° 27.5´ extending seaward true south (180°) from one to three miles.

(3) In the Hueneme Canyon in that portion demarked by the IMO Vessel Traffic safety zone on NOAA/NOS Chart 18725 and from one mile to the three mile limit of state waters.

(4) In Mugu Canyon, from Laguna point, a line extending true south (180°) and out three miles, to Point Mugu, a line extending true south (180°) and from one to three miles.

(c) (1) Notwithstanding the provisions of subdivision (a), commencing April 1, 2008, the following areas in the California halibut trawl grounds shall be closed to trawling, unless the commission finds that a bottom trawl fishery for halibut minimizes bycatch, is likely not damaging sea floor habitat, is not adversely affecting ecosystem health, and is not impeding reasonable restoration of kelp, coral, or other biogenic habitats:

(A) The ocean waters lying between one and three nautical miles from the mainland shore from a point east of a line extending seaward true south (180°) from a point on land approximately ½ mile east of Point Conception at longitude 120° 27.5´ to a line extending due south from Gaviota.

(B) The ocean waters lying between one and two nautical miles from the mainland shore lying east of a line extending due south from Santa Barbara Point (180°) and west of a line extending due south from Pitas Point (180°).

(C) Except as provided in subdivision (b), the ocean waters lying between one and three nautical miles from the mainland shore lying south and east of a line running due west (270° true) from Point Arguello to a line extending seaward true south (180°) from a point on land approximately ½ mile east of Point Conception at longitude 120° 27.5´, and from the western border of the IMO Vessel Traffic safety zone on NOAA/NOS Chart 18725 in Hueneme Canyon running south and east to a line running due south (180° true) from Point Mugu.

(2) In making the finding described in paragraph (1), the commission shall pay special attention to areas where kelp and other biogenic habitats existed and where restoring those habitats is reasonably feasible, and to hard bottom areas and other substrate that may be particularly sensitive to bottom trawl impacts.

(d) Commencing January 1, 2008, the commission shall review information every three years from the federal groundfish observer program and other available research and monitoring information it determines relevant, and shall close any areas in the California halibut trawl grounds where it finds that the use of trawl gear does not minimize bycatch, is likely damaging sea floor habitat, is adversely affecting ecosystem health, or impedes reasonable restoration of kelp, coral, or other biogenic habitats. The commission shall pay special attention to areas where kelp and other biogenic habitats existed and where restoring those habitats is reasonably feasible, and to hard bottom areas and other substrate that may be particularly sensitive to bottom trawl impacts in making that finding.

(e) Notwithstanding any other provision of law, the commission shall determine the size, weight, and configuration of all parts of the trawl gear, including, but not limited to, net, mesh, doors, appurtenances, and

towing equipment as it determines is necessary to ensure trawl gear is used in a sustainable manner within the California halibut trawl grounds.

SEC. 3. Section 8841 of the Fish and Game Code is amended to read:

8841. (a) The commission is hereby granted authority over all state-managed bottom trawl fisheries not managed under a federal fishery management plan pursuant to the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. Sec. 1801 et seq.) or a state fishery management plan pursuant to Part 1.7 (commencing with Section 7050), to ensure that resources are sustainably managed, to protect the health of ecosystems, and to provide for an orderly transition to sustainable gear types in situations where bottom trawling may not be compatible with these goals.

(b) The commission is hereby granted authority to manage all of the following fisheries in a manner that is consistent with the requirements of this section and Part 1.7 (commencing with Section 7050):

(1) California halibut.

(2) Sea cucumber.

(3) Ridge-back, spot, and golden prawn.

(4) Pink shrimp.

(c) The commission is also granted authority over other types of gear targeting the same species as the bottom trawl fisheries referenced in subdivision (a) to manage in a manner that is consistent with the requirements of Part 1.7 (commencing with Section 7050).

(d) Every commercial bottom trawl vessel issued a state permit is subject to the requirements and policies of the federal groundfish observer program (50 C.F.R. 660.360).

(e) The commission may only authorize additional fishing areas for bottom trawls after it determines, based on the best available scientific information, that bottom trawling in those areas is sustainable, does not harm bottom habitat, and does not unreasonably conflict with other users.

(f) It is unlawful to use roller gear more than eight inches in diameter.

(g) Commencing April 1, 2006, it is unlawful to fish commercially for prawns or pink shrimp, unless an approved bycatch reduction device is used with each net. On or before April 1, 2006, the commission shall approve one or more bycatch reduction devices for use in the bottom trawl fishery. For purposes of this subdivision a rigid grate fish excluder device is the approved type of bycatch reduction device unless the commission, the Pacific Marine Fishery Management Council, or the National Marine Fisheries Service determines that a different type of fish excluder device has an equal or greater effectiveness at reducing bycatch. If the commission does not approve a bycatch reduction device prior to April 1, 2006, then a device that is approved by the Pacific

Marine Fishery Management Council or the National Marine Fisheries Service shall be deemed approved by the commission.

(h) Except as provided in Section 8495 or 8842, it is unlawful to engage in bottom trawling in ocean waters of the state.

(i) This section does not apply to the use of trawl nets pursuant to a scientific research permit.

(j) The commission shall facilitate the conversion of bottom trawlers to gear that is more sustainable if the commission determines that conversion will not contribute to overcapacity or overfishing. The commission may participate in, and encourage programs that support, conversion to low-impact gear or capacity reduction by trawl fleets. The department may not issue new permits to bottom trawlers to replace those retired through a conversion program.

(k) As soon as practicable, but not later than May 1, 2005, the commission and the department shall submit to the Pacific Fishery Management Council and the National Marine Fisheries Service a request for federal management measures for the pink shrimp fishery that the commission and the department determine are needed to reduce bycatch or protect habitat, to account for uncertainty, or to otherwise ensure consistency with federal groundfish management.

(*l*) No vessel may utilize bottom trawling gear without a state or federal permit.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 335

An act to amend Sections 1725 and 1726 of the Health and Safety Code, relating to home health agencies.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1725 of the Health and Safety Code is amended to read:

1725. (a) The purpose of this chapter is to require licensure of home health agencies in order to protect the health and safety of the people of California.

(b) All organizations that provide skilled nursing services to patients in the home shall obtain a home health agency license issued by the department.

(c) The department shall establish high standards of quality for home health agencies and ensure that unlicensed entities are not providing skilled nursing services in the home, except as set forth in Section 1726.

(d) The department shall require that the appropriate field staff be informed of the proper protocols and procedures to document, report, and investigate reported incidents of unlicensed facilities providing skilled nursing services in the home in order to protect public health and to facilitate statewide consistency in documenting and investigating those entities.

SEC. 2. Section 1726 of the Health and Safety Code is amended to read:

1726. (a) No private or public organization, including, but not limited to, any partnership, corporation, political subdivision of the state, or other governmental agency within the state, shall provide, or arrange for the provision of, skilled nursing services in the home in this state without first obtaining a home health agency license.

(b) No private or public organization, including, but not limited to, any partnership, corporation, or political subdivision of the state, or other governmental agency within the state, shall do any of the following unless it is licensed under this chapter:

(1) Represent itself to be a home health agency by its name or advertisement, soliciting, or any other presentments to the public, or in the context of services within the scope of this chapter imply that it is licensed to provide those services or to make any reference to employee bonding in relation to those services.

(2) Use the words "home health agency," "home health," "home-health," "homehealth," or "in-home health," or any combination of those terms, within its name.

(3) Use the words "skilled" or "nursing," or any combination of those terms within its name, to imply that it is licensed as a home health agency to provide those services.

(c) In implementing the system of licensing for home health agencies, the department shall distinguish between the functions of a home health

agency and the functions of an employment agency or a licensed nurses' registry pursuant to Title 2.91 (commencing with Section 1812.500) of Part 4 of Division 3 of the Civil Code. An employment agency or a licensed nurses' registry performing its functions as specified in Title 2.91 (commencing with Section 1812.500) of Part 4 of Division 3 of the Civil Code is not required to secure a home health agency license under subdivision (a), unless it is performing the functions of a home health agency, as defined in this chapter. However, subdivision (b) shall apply to an employment agency or a licensed nurses' registry that is not licensed under this chapter.

(d) A hospice is not required to secure a home health agency license under subdivision (a). However, subdivision (b) shall apply to a hospice that is not licensed under this chapter.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 336

An act to add Article 4.3 (commencing with Section 3260) to Chapter 1 of Division 3 of the Public Resources Code, relating to oil and gas, and making an appropriation therefor.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Article 4.3 (commencing with Section 3260) is added to Chapter 1 of Division 3 of the Public Resources Code, to read:

Article 4.3. Acute Orphan Wells

3260. For purposes of this article, the following definitions apply:

(a) "Account" means the Acute Orphan Well Account established under Section 3261.

(b) "Acute orphan well" means a well that the supervisor determines could pose an immediate danger to life, health, or natural resources and there is no operator determined by the supervisor to be responsible for plugging and abandoning the well pursuant to subdivision (c) of Section 3237 or who is able to respond.

3261. (a) Notwithstanding any other provision of this chapter, including the expenditure limitations of Section 3258, the division shall administer and manage the Acute Orphan Well Account, which is hereby established in the Oil, Gas, and Geothermal Administrative Fund.

(b) Except as expressly provided in Section 3264, the account shall only be used, upon appropriation, to plug, abandon, and further secure an acute orphan well. Use of the account is limited to the minimum work necessary to eliminate any immediate risk to life, health, or natural resources.

3262. (a) The Conservation Committee of the California Oil and Gas Producers shall act as an advisory committee, for the purposes of this article only, to assist the division in adopting criteria for determining whether a well is acute, and the level of surface or subsurface work necessary to plug and abandon and secure the well to eliminate the immediate risk to life, health, or natural resources. The division shall give substantial deference to these recommendations.

(b) If a recommendation of the committee is not followed, the division shall provide a written justification, approved by the supervisor, for not following the recommendation.

(c) The supervisor shall periodically consult with the Conservation Committee of the California Oil and Gas Producers to determine if the criteria developed pursuant to this section are being applied consistently, or if the criteria require revision to reflect changing circumstances.

3263. (a) The division shall establish the following fees, up to a maximum of one million dollars ($1,000,000) annually, and payable to the division, for the sole purpose of carrying out the activities described in Section 3261:

(1) There shall be imposed annually upon the person operating each oil and gas well in this state, or owning royalty or other interests in respect to the production from the well, a charge that shall be payable to the division and that shall be computed at a uniform rate per barrel of oil and at a uniform rate per 10,000 cubic feet of natural gas produced from the well for the preceding calendar year, other than gas that is used for recycling or otherwise in oil-producing operations, not to exceed an aggregate total of up to five hundred thousand dollars ($500,000) annually from all operating wells in the state. The fees to be paid shall be apportioned among all of those persons in fractional amounts proportionate to their respective fractional interests in respect to the

production of the well, but the whole of the discharge shall be payable by the operator, who shall withhold their respective proportionate shares of the charge from the amounts otherwise payable or deliverable to the owners of royalty or other interests.

(2) There shall be imposed annually upon the person operating each idle well in this state, as defined in subdivision (d) of Section 3008, a charge that shall be payable to the division. The maximum aggregate charge to be collected by the division shall not exceed five hundred thousand dollars ($500,000) annually. The amount of the charge to be assessed shall be determined by equally dividing the maximum aggregate annual charge to be collected by the total number of idle wells as of December 31 of the preceding year.

(b) The fee collections shall commence on March 1, 2006, based on production and idle well statistics as of December 31, 2005. The fee collections for 2007 shall be calculated based on production and idle well statistics as of December 31, 2006.

(c) Unless authorized by the Legislature, on or after January 1, 2008, the division shall not collect the fees established pursuant to subdivision (a).

3264. Notwithstanding the limitations contained in Section 3261 upon appropriation, a maximum of 5 percent of the total annual fees deposited in the account may be used by the division to administer the account, and to reimburse the division for any costs associated with developing the criteria required under Section 3262 and any costs incurred for the development of regulations authorized under Section 3266.

3265. If the balance in the account exceeds one million five hundred thousand dollars ($1,500,000) at the start of the fiscal year, the collection of all fees set forth in Section 3263 shall be suspended for that year.

3266. The division may adopt regulations to implement this article.

SEC. 2. The sum of one million five hundred thousand dollars ($1,500,000) is hereby appropriated from the Acute Orphan Well Account in the Oil, Gas, and Geothermal Administrative Fund to the Division of Oil, Gas, and Geothermal Resources in the Department of Conservation for the purpose of carrying out Article 4.3 (commencing with Section 3260) of Chapter 1 of Division 1 of the Public Resources Code. The division shall not expend any of the funds appropriated under this section until it has received notice from the Controller that there are sufficient funds in the account to cover all proposed expenditures for the purposes described in this section.

CHAPTER 337

An act to amend Section 12814.6 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 12814.6 of the Vehicle Code is amended to read:

12814.6. (a) Except as provided in Section 12814.7, a driver's license issued to a person at least 16 years of age but under 18 years of age shall be issued pursuant to the provisional licensing program contained in this section. The program shall consist of all of the following components:

(1) Upon application for an original license, the applicant shall be issued an instruction permit pursuant to Section 12509. A person who has in his or her immediate possession a valid permit issued pursuant to Section 12509 may operate a motor vehicle, other than a motorcycle or motorized bicycle, only when the person is either taking the driver training instruction referred to in paragraph (3) or practicing that instruction, provided the person is accompanied by, and is under the immediate supervision of, a California licensed driver 25 years of age or older whose driving privilege is not on probation. The age requirement of this paragraph does not apply if the licensed driver is the parent, spouse, or guardian of the permitholder or is a licensed or certified driving instructor.

(2) The person shall hold an instruction permit for not less than six months prior to applying for a provisional driver's license.

(3) The person shall have complied with one of the following:

(A) Satisfactory completion of approved courses in automobile driver education and driver training maintained pursuant to provisions of the Education Code in any secondary school of California, or equivalent instruction in a secondary school of another state.

(B) Satisfactory completion of an integrated driver education and training program that is approved by the department and conducted by a driving instructor licensed under Chapter 1 (commencing with Section 11100) of Division 5. The program shall utilize segmented modules, whereby a portion of the educational instruction is provided by, and then reinforced through, specific behind-the-wheel training before moving to the next phase of driver education and training. The program shall

contain a minimum of 30 hours of classroom instruction and six hours of behind-the-wheel training.

(C) Satisfactory completion of six hours or more of behind-the-wheel instruction by a driving school or an independent driving instructor licensed under Chapter 1 (commencing with Section 11100) of Division 5 and either an accredited course in automobile driver education in any secondary school of California pursuant to provisions of the Education Code or satisfactory completion of equivalent professional instruction acceptable to the department. To be acceptable to the department, the professional instruction shall meet minimum standards to be prescribed by the department, and the standards shall be at least equal to the requirements for driver education and driver training contained in the rules and regulations adopted by the State Board of Education pursuant to the Education Code. A person who has complied with this subdivision shall not be required by the governing board of a school district to comply with subparagraph (A) in order to graduate from high school.

(D) Except as provided under subparagraph (B), a student may not take driver training instruction, unless he or she has successfully completed driver education.

(4) The person shall complete 50 hours of supervised driving practice prior to the issuance of a provisional license, which is in addition to any other driver training instruction required by law. Not less than 10 of the required practice hours shall include driving during darkness, as defined in Section 280. Upon application for a provisional license, the person shall submit to the department the certification of a parent, spouse, guardian, or licensed or certified driving instructor that the applicant has completed the required amount of driving practice and is prepared to take the department's driving test. A person without a parent, spouse, guardian, or who is an emancipated minor, may have a licensed driver 25 years of age or older or a licensed or certified driving instructor complete the certification. This requirement does not apply to motorcycle practice.

(5) The person shall successfully complete an examination required by the department. Before retaking a test, the person shall wait for not less than one week after failure of the written test and for not less than two weeks after failure of the driving test.

(b) Except as provided in Section 12814.7, the provisional driver's license shall be subject to all of the following restrictions:

(1) Except as specified in paragraph (2), during the first 12 months after issuance of a provisional license the licensee may not do any of the following unless accompanied and supervised by a licensed driver who is the licensee's parent or guardian, a licensed driver who is 25 years of age or older, or a licensed or certified driving instructor:

(A) Drive between the hours of 11 p.m. and 5 a.m.

(B) Transport passengers who are under 20 years of age.

(2) A licensee may drive between the hours of 11 p.m. and 5 a.m. or transport an immediate family member without being accompanied and supervised by a licensed driver who is the licensee's parent or guardian, a licensed driver who is 25 years of age or older, or a licensed or certified driving instructor, in the following circumstances:

(A) Medical necessity of the licensee when reasonable transportation facilities are inadequate and operation of a vehicle by a minor is necessary. The licensee shall keep in his or her possession a signed statement from a physician familiar with the condition, containing a diagnosis and probable date when sufficient recovery will have been made to terminate the necessity.

(B) Schooling or school-authorized activities of the licensee when reasonable transportation facilities are inadequate and operation of a vehicle by a minor is necessary. The licensee shall keep in his or her possession a signed statement from the school principal, dean, or school staff member designated by the principal or dean, containing a probable date that the schooling or school-authorized activity will have been completed.

(C) Employment necessity of the licensee when reasonable transportation facilities are inadequate and operation of a vehicle by a minor is necessary. The licensee shall keep in his or her possession a signed statement from the employer, verifying employment and containing a probable date that the employment will have been completed.

(D) Necessity of the licensee or the licensee's immediate family member when reasonable transportation facilities are inadequate and operation of a vehicle by a minor is necessary to transport the licensee or the licensee's immediate family member. The licensee shall keep in his or her possession a signed statement from a parent or legal guardian verifying the reason and containing a probable date that the necessity will have ceased.

(E) The licensee is an emancipated minor.

(c) A law enforcement officer may not stop a vehicle for the sole purpose of determining whether the driver is in violation of the restrictions imposed under subdivision (b).

(d) (1) Upon a finding that any licensee has violated paragraph (1) of subdivision (b), the court shall impose one of the following:

(A) Not less than eight hours nor more than 16 hours of community service for a first offense and not less than 16 hours nor more than 24 hours of community service for a second or subsequent offense.

(B) A fine of not more than thirty-five dollars ($35) for a first offense and a fine of not more than fifty dollars ($50) for a second or subsequent offense.

(2) If the court orders community service, the court shall retain jurisdiction until the hours of community service have been completed.

(3) If the hours of community service have not been completed within 90 days, the court shall impose a fine of not more than thirty-five dollars ($35) for a first offense and not more than fifty dollars ($50) for a second or subsequent offense.

(e) A conviction of paragraph (1)of subdivision (b), when reported to the department, may not be disclosed as otherwise specified in Section 1808 or constitute a violation point count value pursuant to Section 12810.

(f) Any term of restriction or suspension of the driving privilege imposed on a person pursuant to this subdivision shall remain in effect until the end of the term even though the person becomes 18 years of age before the term ends.

(1) The driving privilege shall be suspended when the record of the person shows one or more notifications issued pursuant to Section 40509 or 40509.5. The suspension shall continue until any notification issued pursuant to Section 40509 or 40509.5 has been cleared.

(2) A 30-day restriction shall be imposed when a driver's record shows a violation point count of two or more points in 12 months, as determined in accordance with Section 12810. The restriction shall require the licensee to be accompanied by a licensed parent, spouse, guardian, or other licensed driver 25 years of age or older, except when operating a class M vehicle, or so licensed, with no passengers aboard.

(3) A six-month suspension of the driving privilege and a one-year term of probation shall be imposed whenever a licensee's record shows a violation point count of three or more points in 12 months, as determined in accordance with Section 12810. The terms and conditions of probation shall include, but not be limited to, both of the following:

(A) The person shall violate no law which, if resulting in conviction, is reportable to the department under Section 1803.

(B) The person shall remain free from accident responsibility.

(g) Whenever action by the department under subdivision (f) arises as a result of a motor vehicle accident, the person may, in writing and within 10 days, demand a hearing to present evidence that he or she was not responsible for the accident upon which the action is based. Whenever action by the department is based upon a conviction reportable to the department under Section 1803, the person has no right to a hearing pursuant to Article 3 (commencing with Section 14100) of Chapter 3.

(h) The department shall require a person whose driving privilege is suspended or revoked pursuant to subdivision (f) to submit proof of financial responsibility as defined in Section 16430. The proof of financial responsibility shall be filed on or before the date of reinstatement following the suspension or revocation. The proof of financial responsibility shall be maintained with the department for three years following the date of reinstatement.

(i) (1) Notwithstanding any other provision of this code, the department may issue a distinctive driver's license, that displays a distinctive color or a distinctively colored stripe or other distinguishing characteristic, to persons at least 16 years of age and older but under 18 years of age, and to persons 18 years of age and older but under 21 years of age, so that the distinctive license feature is immediately recognizable. The features shall clearly differentiate between drivers' licenses issued to persons at least 16 years of age or older but under 18 years of age and to persons 18 years of age or older but under 21 years of age.

(2) If changes in the format or appearance of drivers' licenses are adopted pursuant to this subdivision, those changes may be implemented under any new contract for the production of drivers' licenses entered into after the adoption of those changes.

(j) The department shall include, on the face of the provisional driver's license, the original issuance date of the provisional driver's license in addition to any other issuance date.

(k) This section shall be known and may be cited as the Brady-Jared Teen Driver Safety Act of 1997.

SEC. 2. Section 12814.6 of the Vehicle Code is amended to read:

12814.6. (a) Except as provided in Section 12814.7, a driver's license issued to a person at least 16 years of age but under 18 years of age shall be issued pursuant to the provisional licensing program contained in this section. The program shall consist of all of the following components:

(1) Upon application for an original license, the applicant shall be issued an instruction permit pursuant to Section 12509. A person who has in his or her immediate possession a valid permit issued pursuant to Section 12509 may operate a motor vehicle, other than a motorcycle or motorized bicycle, only when the person is either taking the driver training instruction referred to in paragraph (3) or practicing that instruction, provided the person is accompanied by, and is under the immediate supervision of, a California licensed driver 25 years of age or older whose driving privilege is not on probation. The age requirement of this paragraph does not apply if the licensed driver is the parent, spouse, or guardian of the permitholder or is a licensed or certified driving instructor.

(2) The person shall hold an instruction permit for not less than six months prior to applying for a provisional driver's license.

(3) The person shall have complied with one of the following:

(A) Satisfactory completion of approved courses in automobile driver education and driver training maintained pursuant to provisions of the Education Code in any secondary school of California, or equivalent instruction in a secondary school of another state.

(B) Satisfactory completion of an integrated driver education and training program that is approved by the department and conducted by a driving instructor licensed under Chapter 1 (commencing with Section 11100) of Division 5. The program shall utilize segmented modules, whereby a portion of the educational instruction is provided by, and then reinforced through, specific behind-the-wheel training before moving to the next phase of driver education and training. The program shall contain a minimum of 30 hours of classroom instruction and six hours of behind-the-wheel training.

(C) Satisfactory completion of six hours or more of behind-the-wheel instruction by a driving school or an independent driving instructor licensed under Chapter 1 (commencing with Section 11100) of Division 5 and either an accredited course in automobile driver education in any secondary school of California pursuant to provisions of the Education Code or satisfactory completion of equivalent professional instruction acceptable to the department. To be acceptable to the department, the professional instruction shall meet minimum standards to be prescribed by the department, and the standards shall be at least equal to the requirements for driver education and driver training contained in the rules and regulations adopted by the State Board of Education pursuant to the Education Code. A person who has complied with this subdivision shall not be required by the governing board of a school district to comply with subparagraph (A) in order to graduate from high school.

(D) Except as provided under subparagraph (B), a student may not take driver training instruction, unless he or she has successfully completed driver education.

(4) The person shall complete 50 hours of supervised driving practice prior to the issuance of a provisional license, which is in addition to any other driver training instruction required by law. Not less than 10 of the required practice hours shall include driving during darkness, as defined in Section 280. Upon application for a provisional license, the person shall submit to the department the certification of a parent, spouse, guardian, or licensed or certified driving instructor that the applicant has completed the required amount of driving practice and is prepared to take the department's driving test. A person without a parent, spouse, guardian, or who is an emancipated minor, may have a licensed driver

25 years of age or older or a licensed or certified driving instructor complete the certification. This requirement does not apply to motorcycle practice.

(5) The person shall successfully complete an examination required by the department. Before retaking a test, the person shall wait for not less than one week after failure of the written test and for not less than two weeks after failure of the driving test.

(b) Except as provided in Section 12814.7, the provisional driver's license shall be subject to all of the following restrictions:

(2) (A) Except as provided in subparagraph (B) or (C), the amount of downpayment assistance shall not exceed 3 percent of the home sales price.

(B) The amount of downpayment assistance for a new home within an infill opportunity zone, as defined in Section 65088.1 of the Government Code, a transit village development district, as defined in Section 65460.4 of the Government Code, or a transit-oriented development specific plan area, as defined in paragraph (6), shall not exceed 5 percent of the purchase price or the appraised value, whichever amount is less, of the new home. On or after July 1, 2006, a supervised financial institution shall not issue a consumer deposit account number to a customer, if that account number was previously held by another customer of the institution, until at least three years have passed since the account of the other customer was closed. For purposes of this section, "consumer deposit account number" means an account number that the financial institution uses to identify a natural person's checking account or share draft account established primarily for personal, family, or household purposes and that includes the routing number of that institution that is used to identify the institution responsible for the payment of negotiable instruments.

CHAPTER 341

An act to amend Sections 6036, 6140, 6140.5, 6140.55, 6140.6, 6140.9, 6141, and 6141.1 of the Business and Professions Code, relating to attorneys.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 6036 of the Business and Professions Code is amended to read:

6036. (a) Any member of the board of governors must disqualify himself or herself from making, participating in the making of, or attempting to influence any decisions of the board or a committee of the board in which he or she has a financial interest, as that term is defined in Section 87103 of the Government Code, that it is reasonably foreseeable may be affected materially by the decision.

(b) Any member of the board of governors must likewise disqualify himself or herself when there exists a personal nonfinancial interest which will prevent the member from applying disinterested skill and undivided loyalty to the State Bar in making or participating in the making of decisions.

(c) Notwithstanding subdivisions (a) and (b), no member shall be prevented from making or participating in the making of any decision to the extent his or her participation is legally required for the action or decision to be made. The fact that a member's vote is needed to break a tie does not make his or her participation legally required for the purposes of this section.

(d) A member required to disqualify himself or herself because of a conflict of interest shall (1) immediately disclose the interest, (2) withdraw from any participation in the matter, (3) refrain from attempting to influence another member, and (4) refrain from voting. It is sufficient for the purpose of this section that the member indicate only that he or she has a disqualifying financial or personal interest.

(e) For purposes of this article and unless otherwise specified, "member" means any appointed or elected member of the board of governors.

SEC. 2. Section 6140 of the Business and Professions Code is amended to read:

6140. (a) The board shall fix the annual membership fee for active members for 2006 at a sum not exceeding three hundred ten dollars ($310).

(b) The board shall fix the annual membership fee for active members for 2007 and thereafter at a sum not exceeding three hundred fifteen dollars ($315).

(c) The annual membership fee for active members is payable on or before the first day of February of each year. If the board finds it appropriate and feasible, it may provide by rule for payment of fees on an installment basis with interest, by credit card, or other means, and

may charge members choosing any alternative method of payment an additional fee to defray costs incurred by that election.

(d) This section shall remain in effect only until January 1, 2008, and, as of that date, is repealed, unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date.

SEC. 3. Section 6140.5 of the Business and Professions Code is amended to read:

6140.5. (a) The board shall establish and administer a Client Security Fund to relieve or mitigate pecuniary losses caused by the dishonest conduct of active members of the State Bar, Foreign Legal Consultants registered with the State Bar, and attorneys registered with the State Bar under the Multijurisdictional Practice Program, arising from or connected with the practice of law. Any payments from the fund shall be discretionary and shall be subject to regulation and conditions as the board shall prescribe. The board may delegate the administration of the fund to the State Bar Court, or to any board or committee created by the board of governors.

(b) Upon making a payment to a person who has applied to the fund for payment to relieve or mitigate pecuniary losses caused by the dishonest conduct of an active member of the State Bar, the State Bar is subrogated, to the extent of that payment, to the rights of the applicant against any person or persons who, or entity that, caused the pecuniary loss. The State Bar may bring an action to enforce those rights within three years from the date of payment to the applicant.

(c) Any attorney whose actions have caused the payment of funds to a claimant from the Client Security Fund shall reimburse the fund for all moneys paid out as a result of his or her conduct with interest, in addition to payment of the assessment for the procedural costs of processing the claim, as a condition of continued practice. The reimbursed amount, plus applicable interest and costs, shall be added to and become a part of the membership fee of a publicly reproved or suspended member for the next calendar year. For a member who resigns with disciplinary charges pending or a member who is suspended or disbarred, the reimbursed amount, plus applicable interest and costs, shall be paid as a condition of reinstatement of membership.

(d) Any assessment against an attorney pursuant to subdivision (c) that is part of an order imposing a public reproval on a member or is part of an order imposing discipline or accepting a resignation with a disciplinary matter pending, may also be enforced as a money judgment. This subdivision does not limit the power of the Supreme Court to alter the amount owed or to authorize the State Bar Court, in the enforcement of a judgment under this subdivision, to approve an agreement for the compromise of that judgment.

SEC. 4. Section 6140.55 of the Business and Professions Code is amended to read:

6140.55. The board may increase the annual membership fees fixed by it pursuant to Section 6140 by an additional amount per active member not to exceed forty dollars ($40), and the annual membership fees fixed by it pursuant to Section 6141 by an additional amount per inactive member not to exceed ten dollars ($10), in any year, the additional amount to be applied only for the purposes of the Client Security Fund and the costs of its administration, including, but not limited to, the costs of processing, determining, defending, or insuring claims against the fund.

SEC. 5. Section 6140.6 of the Business and Professions Code is amended to read:

6140.6. The board may increase the annual membership fees fixed by Sections 6140 and 6141 by an additional amount not to exceed twenty-five dollars ($25) to be applied to the costs of the disciplinary system.

SEC. 6. Section 6140.9 of the Business and Professions Code is amended to read:

6140.9. Moneys for the support of the program established pursuant to Article 15 (commencing with Section 6230) and related programs approved by the committee established pursuant to Section 6231 shall be paid in whole or part by a fee of ten dollars ($10) per active member per year, and by a fee of five dollars ($5) per inactive member per year.

The board may seek alternative sources for funding the program. To the extent that funds from alternative sources are obtained and used for the support of the program, and provided that at least ten dollars ($10) per active member and five dollars ($5) per inactive member is available for support of the program each year, funds provided by the fee established by this section may be applied to the costs of State Bar general fund programs.

SEC. 7. Section 6141 of the Business and Professions Code is amended to read:

6141. (a) Until December 31, 2006, the board shall fix the annual membership fee for inactive members at a sum not exceeding sixty-five dollars ($65). On January 1, 2007, and thereafter, the board shall fix the annual membership fee for inactive members at a sum not exceeding seventy-five dollars ($75). The annual membership fee for inactive members is payable on or before the first day of February of each year.

(b) An inactive member shall not be required to pay the annual membership fee for inactive members for any calendar year following the calendar year in which the member attains the age of 70 years.

SEC. 8. Section 6141.1 of the Business and Professions Code is amended to read:

6141.1. (a) The payment by any member of the annual membership fee, any portion thereof, or any penalty thereon, may be waived by the board as it may provide by rule. The board may require submission of recent federal and state income tax returns and other proof of financial condition as to those members seeking waiver of all or a portion of their fee or penalties on the ground of financial hardship.

(b) The board shall adopt a rule or rules providing that an active member who can demonstrate total gross annual individual income from all sources of less than forty thousand dollars ($40,000) shall presumptively qualify for a waiver of 25 percent of the annual membership fee.

CHAPTER 342

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

For this purpose, the number of qualified registered voters in the district shall be determined pursuant to the most recent report submitted by the county

The petition for an election shall be submitted to the elections official within 60 days of the proposal's adoption by the county committee. If the qualified registered voters approve pursuant to subdivision (b) or subdivision (c) the rearrangement of the boundaries to the trustee areas for a particular district, the rearrangement of the trustee areas shall be effective for the next district election occurring at least 120 days after its approval by the voters.

When the proposal is made, the county committee shall call and conduct at least one hearing in the district on the matter. At the conclusion of the hearing, the county committee shall approve or disapprove the proposal.

(d) If the county committee approves pursuant to subdivision (a) the rearrangement of the boundaries of trustee areas for a particular district, then the rearrangement of the trustee areas shall be effectuated for the next district election occurring at least 120 days after its approval, unless at least 5 percent of the registered voters of the district sign a petition requesting an election on the proposed rearrangement of trustee area boundaries. The petition for an election shall be submitted to the elections official within 60 days of the proposal's adoption by the county committee. If the qualified registered voters approve pursuant to subdivision (b) or subdivision (c) the rearrangement of the boundaries to the trustee areas for a particular district, the rearrangement of the trustee areas shall be effective for the next district election occurring at least 120 days after its approval by the voters.

5020. (a) The resolution of the county committee approving a proposal to establish or abolish trustee areas or to increase or decrease the number of members of the governing board shall constitute an order of election, and the proposal shall be presented to the electors of the district not later than the next succeeding election for members of the governing board.

(b) If a petition requesting an election on a proposal to rearrange trustee area boundaries is filed, containing at least 5 percent of the signatures of the district's registered voters as determined by the elections official, the proposal shall be presented to the electors of the district, at the next succeeding election for the members of the governing board, at the next succeeding statewide primary or general election, or at the next succeeding regularly scheduled election at which the electors of the district are otherwise entitled to vote, provided that there is sufficient time to place the issue on the ballot.

(c) If a petition requesting an election on a proposal to establish or abolish trustee areas, to increase or decrease the number of members of the board, or to adopt one of the alternative methods of electing governing board members specified in Section 5030 is filed, containing at least 10

percent of the signatures of the district's registered voters as determined by the elections official, the proposal shall be presented to the electors of the district, at the next succeeding election for the members of the governing board, at the next succeeding statewide primary or general election, or at the next succeeding regularly scheduled election at which the electors of the district are otherwise entitled to vote, provided that there is sufficient time to place the issue on the ballot. Before the proposal is presented to the electors, the county committee on school district organization may call and conduct one or more public hearings on the proposal.

(d) The resolution of the county committee approving a proposal to establish or abolish a common governing board for a high school and an elementary school district within the boundaries of the high school district shall constitute an order of election. The proposal shall be presented to the electors of the district at the next succeeding statewide primary or general election, or at the next succeeding regularly scheduled election at which the electors of the district are otherwise entitled to vote, provided that there is sufficient time to place the issue on the ballot.

(e) For each proposal there shall be a separate proposition on the ballot. The ballot shall contain the following words:

"For the establishment (or abolition or rearrangement) of trustee areas in ____ (insert name) School District—Yes" and "For the establishment (or abolition or rearrangement) of trustee areas in ____ (insert name) School District—No."

"For increasing the number of members of the governing board of ____ (insert name) School District from five to seven—Yes" and "For increasing the number of members of the governing board of ____ (insert name) School District from five to seven—No."

If more than one proposal appears on the ballot, all must carry in order for any to become effective, except that a proposal to adopt one of the methods of election of board members specified in Section 5030 which is approved by the voters shall become effective unless a proposal which is inconsistent with that proposal has been approved by a greater number of voters. An inconsistent proposal approved by a lesser number of voters than the number which have approved a proposal to adopt one of the methods of election of board members specified in Section 5030 shall not be effective.

SEC. 3. Section 35517 is added to the Education Code, to read:

35517. "Uninhabited territory" means territory in which fewer than 12 persons are registered to vote at least 54 days before the time of filing of a petition or adoption of a resolution for a school district boundary change.

SEC. 4. Section 35555 of the Education Code is amended to read:

35555. The reorganization of any school district or districts shall not affect the classification of certificated employees already employed by any school district affected. Those employees have the same status with respect to their classification by the district, including time served as probationary employees of the district, after the reorganization as they had prior to it. If the reorganization results in the school or other place in which the employee is employed being maintained by another district, the employee, if a permanent employee of the district that formerly maintained the school or other place of employment, shall be employed as a permanent employee of the district which thereafter maintains the school or other place of employment, unless the employee elects prior to February 1 of the year in which the action will become effective for all purposes to continue in the employ of the first district.

If the employee is a probationary employee of the district which formerly maintained the school or other place of employment, he or she shall be employed by the district that thereafter maintains the school or other place of employment, unless the probationary employee is terminated by the district pursuant to Section 44929.21, 44948, 44948.3, 44949, or 44955, and, if not so terminated, his or her status with respect to classification by the district shall be the same as it would have been had the school or other place of employment continued to be maintained by the district which formerly maintained it. As used in this paragraph, "the school or other place in which the employee is employed" and all references thereto, includes, but is not limited to, the school services or school program which, as a result of any reorganization of a school district, will be provided by another district, regardless of whether any particular building or buildings in which the schoolwork or school program was conducted is physically located in the new district and regardless of whether any new district resulting from the reorganization elects to provide for the education of its pupils by contracting with another school district until the new district constructs its own facilities.

SEC. 5. Section 35566 of the Education Code is amended to read:

35566. Notwithstanding any provisions of this article, exchanges of property tax revenues between school districts as a result of reorganization shall be determined pursuant to subdivision (i) of Section 99 of the Revenue and Taxation Code if one or more affected school districts receiving only basic aid apportionments required by Section 6 of Article IX of the California Constitution.

35710. For all other petitions to transfer territory, if the county committee finds that the conditions enumerated in paragraphs (1) to (10), inclusive, of subdivision (a) of Section 35753 are substantially met, the county committee may approve the petition and, if approved, shall notify the county superintendent of schools who shall call an election in the territory of the districts as determined by the county committee, to be conducted at the next regular election in accordance with either of the following:

(a) Part 4 (commencing with Section 5000).

(b) Division 4 (commencing with Section 4000) of the Elections Code.

SEC. 7. Section 35710.1 is added to the Education Code, to read:

35710.1. Notwithstanding any other provision of law, an election may not be called to vote on a petition to transfer territory if the election area for that petition, as determined pursuant to Section 35732, is uninhabited territory as described in Section 35517. The county committee, if it approves that petition, shall order that the petition be granted and shall notify the county board of supervisors.

SEC. 8. Section 35710.5 of the Education Code is amended to read:

35710.5. (a) An action by the county committee approving or disapproving a petition pursuant to Section 35709, 35710, or 35710.1 may be appealed to the State Board of Education by the chief petitioners or one or more affected school districts. The appeal shall be limited to issues of noncompliance with the provisions of Section 35705, 35706, 35709, or 35710. If an appeal is made as to the issue of whether the proposed transfer will adversely affect the racial or ethnic integration of the schools of the districts affected, it shall be made pursuant to Section 35711.

(b) Within five days after the final action of the county committee, the appellant shall file with the county committee a notice of appeal and shall provide a copy to the county superintendent of schools, except that if the appellant is one of the affected school districts it shall have 30 days to file the notice of appeal with the county committee and provide a copy to the county superintendent. Upon the filing of the notice of appeal, the action of the county committee shall be stayed, pending the outcome of the appeal. Within 15 days after the filing of the notice of appeal, the appellant shall file with the county committee a statement of reasons and factual evidence. The county committee shall then, within 15 days of receipt of the statement, send to the State Board of Education the statement and the complete administrative record of the county committee proceedings, including minutes of the oral proceedings.

(c) Upon receipt of the appeal, the State Board of Education may elect either to review the appeal, or to ratify the county committee's decision by summarily denying review of the appeal. The board may review the appeal either solely on the administrative record or in conjunction with a public hearing. Following the review, the board shall affirm or reverse the action of the county committee, and if the petition will be sent to election, shall determine the territory in which the election is to be held. The board may reverse or modify the action of the county committee in any manner consistent with law.

(d) The decision of the board shall be sent to the county committee which shall notify the county board of supervisors or the county superintendent of schools pursuant to Section 35709, 35710, or 35710.1, as appropriate.

to the State Board of Education for hearing as provided in Article 4 (commencing with Section 35750); or shall transmit the petition to the State Board of Education and order the reorganization granted if the requirements of Section 35709 are satisfied; or shall transmit the petition to the State Board of Education and order that an election be held if the requirements of Section 35710 are satisfied.

SEC. 10. Section 35753 of the Education Code is amended to read:

35753. (a) The State Board of Education may approve proposals for the reorganization of districts, if the board has determined, with respect to the proposal and the resulting districts, that all of the following conditions are substantially met:

(1) The reorganized districts will be adequate in terms of number of pupils enrolled.

(2) The districts are each organized on the basis of a substantial community identity.

(3) The proposal will result in an equitable division of property and facilities of the original district or districts.

(4) The reorganization of the districts will preserve each affected district's ability to educate students in an integrated environment and will not promote racial or ethnic discrimination or segregation.

(5) Any increase in costs to the state as a result of the proposed reorganization will be insignificant and otherwise incidental to the reorganization.

(6) The proposed reorganization will continue to promote sound education performance and will not significantly disrupt the educational programs in the districts affected by the proposed reorganization.

(7) Any increase in school facilities costs as a result of the proposed reorganization will be insignificant and otherwise incidental to the reorganization.

(8) The proposed reorganization is primarily designed for purposes other than to significantly increase property values.

(9) The proposed reorganization will continue to promote sound fiscal management and not cause a substantial negative effect on the fiscal status of the proposed district or any existing district affected by the proposed reorganization.

(10) Any other criteria as the board may, by regulation, prescribe.

(b) The State Board of Education may approve a proposal for the reorganization of school districts if the board determines that it is not practical or possible to apply the criteria of this section literally, and that the circumstances with respect to the proposals provide an exceptional situation sufficient to justify approval of the proposals.

SEC. 11. Section 35756 of the Education Code is amended to read:

35756. The county superintendent of schools, within 35 days after receiving the notification provided by Section 35755, shall call an election, to be conducted at the next available regular election, in the territory of districts as determined by the State Board of Education, in accordance with either of the following:

SEC. 12. Section 1.5 of this bill incorporates amendments to Section 5019 of the Education Code proposed by both this bill and AB 835. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2006, (2) each bill amends Section 5019 of the Education Code, and (3) this bill is enacted after AB 835, in which case Section 1 of this bill shall not become operative.

SEC. 13. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 345

An act to add Chapter 3.3 (commencing with Section 820) to Division 4 of the Military and Veterans Code, relating to military service.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.3 (commencing with Section 820) is added to Division 4 of the Military and Veterans Code, to read:

CHAPTER 3.3. CALIFORNIA MILITARY FAMILIES FINANCIAL RELIEF ACT OF 2005

820. This chapter shall be known and may be cited as the "California Military Families Financial Relief Act of 2005."

821. For purposes of this chapter, the following definitions apply:

(a) "Service member" means both of the following:

(1) Members of the militia called or ordered into active state service by the Governor pursuant to Section 143 or 146 or into active federal

service by the President of the United States pursuant to Title 10 or 32 of the United States Code.

(2) Reservists of the United States Military Reserve who have been called to full-time active duty.

(b) "Military service" means full-time active state service or full-time active federal service, as defined in paragraph (1) of subdivision (a), or full-time active duty of a reservist, as defined in paragraph (2) of subdivision (a), for a period of 30 consecutive days.

822. No county recorder in this state may impose a fee for the recordation of a power of attorney to act as the agent for a service member for the period the service member is in military service.

823. (a) Any service member who is in military service, or any spouse or legal dependent of that service member, may terminate, without penalty, a mobile telephony services contract that meets both of the following requirements:

(1) It is entered into on or after the effective date of this section.

(2) It is executed by or on behalf of the service member who is in military service, or by any spouse or legal dependent of that service member.

(b) Termination of the mobile telephony services contract shall not be effective until both of the following occur:

(1) Thirty days after the service member who is in military service or the spouse or legal dependent gives notice by certified mail, return receipt requested, of the intention to terminate the mobile telephony services contract, and provides a copy of the service member's activation or deployment order and any other information that substantiates the duration of the service member's military service.

(2) Unless the service member who is in military service, or any spouse or legal dependent of that service member, owns the mobile communication device, the mobile communication device is returned to the custody or control of the mobile telephony services company, or the service member who is in military service or the service member's spouse or legal dependent agrees in writing to return the mobile communication device as soon as practicable after the military service is completed.

824. (a) If requested by a student granted an academic leave of absence for military service, not later than one year after the student's release from military service, other than a dishonorable release, the institution in which the student is enrolled shall do either of the following, as elected by the student:

(1) Credit tuition and fee charges toward a subsequent academic term in an amount that is equal to 100 percent of what the student paid the institution for the academic term in which the student withdraws.

(2) Refund tuition and fees paid for the academic term, provided the student withdraws before the withdraw date established by the institution. The refund shall equal 100 percent of the tuition and fee charges the student paid the institution for the academic term. If the student withdraws after the withdraw date established by the institution, the student is ineligible for a refund of tuition and fee charges. For the purposes of this section, the "withdraw date" shall be the same as the date set by the institution for its general student population to withdraw from the institution or a course or class without academic penalty.

(b) If requested by a student granted an academic leave of absence for military service, not later than one year after the student's release from military service, other than a dishonorable release, the institution shall restore the student to the educational status the student had attained prior to being called to military service without loss of academic credits earned, scholarships or grants awarded, or tuition and other fees paid prior to the commencement of military service, except as provided in subdivision (a).

(c) If an institution fails to comply with this section, the student may bring an action against the institution to enforce its provisions in any court of competent jurisdiction of the county in which the student resides. If the student resides outside of this state, the action shall be brought in the court of the county in which the campus of the institution previously attended by the student is located. The court may award reasonable attorney's fees and expenses if the student prevails in the action.

(d) The Legislature hereby requests that the University of California adopt policies similar to those set forth in this section.

825. The State Bar of California shall waive the membership fees of any member who is a service member if all of the following requirements are met:

(a) The member was in good standing with the State Bar of California at the time the member enters into military service.

(b) The membership fees are for the period for which the service member is in military service.

(c) The service member, or the service member's spouse, provides written notice to the State Bar of California that substantiates the service member's military service.

826. On or after the effective date of the act adding this chapter, any service member who terminates a motor vehicle lease pursuant to the federal Servicemembers Civil Relief Act shall be allowed by the lessor to make payment of any arrearages and other obligations that are due and unpaid at the time of termination of the lease in equal installments over a period equal to at least the period of military service.

827. (a) A qualified customer may apply for and shall receive shutoff protection from a service provider for a period of 180 days. The service provider may grant extensions after the initial 180-day period.

(b) A qualified customer may apply for shutoff protection for utility service by notifying the service provider that he or she is in need of assistance because of a reduction in household income as the result of a member of a qualified household being called to active duty status in the military.

(c) Notification of the need for assistance shall be submitted in writing and accompanied by a copy of the activation or deployment order of a service member that specifies the duration of the active duty status. The written notification shall also include self-certification that the qualified household of the qualified customer will be occupied by the qualified customer's legal dependent or dependents during the duration of the shutoff protection period.

(d) A qualified customer receiving assistance under this section shall notify the service provider if the active duty status of the service member will be extended.

(e) If the qualified customer moves out of the residence that is receiving shutoff protection, he or she shall provide the service provider a written notice that includes the date of service termination and a forwarding address.

(f) Unless waived by the service provider, the shutoff protection provided under this section shall not void or limit the obligation of the qualified customer to pay for utility services received during the time of assistance.

(g) All service providers shall do the following:

(1) Establish a repayment plan requiring minimum monthly payments that allows the qualified customer to pay any past due amounts over a reasonable time period not to exceed one year after the service member's release from active military duty.

(2) Not charge late payment fees or interest to the qualified customer during the period of military service or the repayment period.

(h) This section shall not affect or amend any rules or orders of the Public Utilities Commission pertaining to billing standards.

(i) If terms and conditions under this section are not followed by the qualified customer, the service provider may follow its procedures and rules on customer standards and billing practices for providing electric, water, and gas residential services.

(j) For public utilities regulated by the Public Utilities Commission, the commission shall allow recovery of reasonable costs incurred to implement this section.

(k) For purposes of this section:

(1) "Service provider" means a provider of utility services, including, but not limited to, public utilities that are subject to the jurisdiction of the Public Utilities Commission, local publicly owned electric utilities, as defined by Section 9604 of the Public Utilities Code, and public water, sewer, or solid waste collection services, or any combination thereof. "Service provider" does not include any corporation described in subdivision (a) of Section 234 of the Public Utilities Code.

(2) "Qualified customer" means the customer of record of a qualified household.

(3) A "qualified household" is a residential household for which the income is reduced because the customer of record, the spouse of the customer of record, or the registered domestic partner of the customer of record, as defined by Section 297.5 of the Family Code, is a service member called to full-time active military service by the President of the United States or the Governor of this state during a time of declared national or state emergency or war.

828. The Military Department shall, to the extent reasonable and feasible, inform all members of the militia of the benefits and protections provided by this act, and of similar benefits and protections provided by any other law.

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 346

An act to amend Section 51182 of the Government Code, and to amend Section 4291 of the Public Resources Code, relating to forestry and fire protection.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 51182 of the Government Code is amended to read:

51182. (a) A person who owns, leases, controls, operates, or maintains any occupied dwelling or occupied structure in, upon, or adjoining any mountainous area, forest-covered land, brush-covered

land, grass-covered land, or any land that is covered with flammable material, which area or land is within a very high fire hazard severity zone designated by the local agency pursuant to Section 51179, shall at all times do all of the following:

(1) Maintain around and adjacent to the occupied dwelling or occupied structure a firebreak made by removing and clearing away, for a distance of not less than 30 feet on each side thereof or to the property line, whichever is nearer, all flammable vegetation or other combustible growth. This paragraph does not apply to single specimens of trees, ornamental shrubbery, or similar plants that are used as ground cover, if they do not form a means of rapidly transmitting fire from the native growth to any dwelling or structure.

(2) Maintain around and adjacent to the occupied dwelling or occupied structure additional fire protection or firebreaks made by removing all brush, flammable vegetation, or combustible growth that is located within 100 feet from the occupied dwelling or occupied structure or to the property line, or at a greater distance if required by state law, or local ordinance, rule, or regulation. This section does not prevent an insurance company that insures an occupied dwelling or occupied structure from requiring the owner of the dwelling or structure to maintain a firebreak of more than 100 feet around the dwelling or structure if a hazardous condition warrants such a firebreak of a greater distance. Grass and other vegetation located more than 30 feet from the dwelling or structure and less than 18 inches in height above the ground may be maintained where necessary to stabilize the soil and prevent erosion.

(3) Remove that portion of any tree that extends within 10 feet of the outlet of any chimney or stovepipe.

(4) Maintain any tree adjacent to or overhanging any building free of dead or dying wood.

(5) Maintain the roof of any structure free of leaves, needles, or other dead vegetative growth.

(6) Prior to constructing a new dwelling or structure that will be occupied or rebuilding an occupied dwelling or occupied structure damaged by a fire in that zone, the construction or rebuilding of which requires a building permit, the owner shall obtain a certification from the local building official that the dwelling or structure, as proposed to be built, complies with all applicable state and local building standards, including those described in subdivision (b) of Section 51189, and shall provide a copy of the certification, upon request, to the insurer providing course of construction insurance coverage for the building or structure. Upon completion of the construction or rebuilding, the owner shall obtain from the local building official, a copy of the final inspection report that demonstrates that the dwelling or structure was constructed in compliance

with all applicable state and local building standards, including those described in subdivision (b) of Section 51189, and shall provide a copy of the report, upon request, to the property insurance carrier that insures the dwelling or structure.

(b) A person is not required under this section to maintain any clearing on any land if that person does not have the legal right to maintain the clearing, nor is any person required to enter upon or to damage property that is owned by any other person without the consent of the owner of the property.

SEC. 1.5. Section 51182 of the Government Code is amended to read:

51182. (a) A person who owns, leases, controls, operates, or maintains any occupied dwelling or occupied structure in, upon, or adjoining any mountainous area, forest-covered land, brush-covered land, grass-covered land, or any land that is covered with flammable material, which area or land is within a very high fire hazard severity zone designated by the local agency pursuant to Section 51179, shall at all times do all of the following:

(1) Maintain around and adjacent to the occupied dwelling or occupied structure a firebreak made by removing and clearing away, for a distance of not less than 30 feet on each side thereof or to the property line, whichever is nearer, all flammable vegetation or other combustible growth. This paragraph does not apply to single specimens of trees or other vegetation that is well-pruned and maintained so as to effectively manage fuels and not form a means of rapidly transmitting fire from other nearby vegetation to any dwelling or structure.

(2) Maintain around and adjacent to the occupied dwelling or occupied structure additional fire protection or firebreaks made by removing all brush, flammable vegetation, or combustible growth that is located within 100 feet from the occupied dwelling or occupied structure or to the property line, or at a greater distance if required by state law, or local ordinance, rule, or regulation. This section does not prevent an insurance company that insures an occupied dwelling or occupied structure from requiring the owner of the dwelling or structure to maintain a firebreak of more than 100 feet around the dwelling or structure if a hazardous condition warrants such a firebreak of a greater distance. Grass and other vegetation located more than 30 feet from the dwelling or structure and less than 18 inches in height above the ground may be maintained where necessary to stabilize the soil and prevent erosion. This paragraph does not apply to single specimens of trees or other vegetation that is well-pruned and maintained so as to effectively manage fuels and not form a means of rapidly transmitting fire from other nearby vegetation to a dwelling or structure.

(3) Remove that portion of any tree that extends within 10 feet of the outlet of any chimney or stovepipe.

(4) Maintain any tree adjacent to or overhanging any building free of dead or dying wood.

(5) Maintain the roof of any structure free of leaves, needles, or other dead vegetative growth.

(6) Prior to constructing a new dwelling or structure that will be occupied or rebuilding an occupied dwelling or occupied structure damaged by a fire in that zone, the construction or rebuilding of which requires a building permit, the owner shall obtain a certification from the local building official that the dwelling or structure, as proposed to be built, complies with all applicable state and local building standards, including those described in subdivision (b) of Section 51189, and shall provide a copy of the certification, upon request, to the insurer providing course of construction insurance coverage for the building or structure. Upon completion of the construction or rebuilding, the owner shall obtain from the local building official, a copy of the final inspection report that demonstrates that the dwelling or structure was constructed in compliance with all applicable state and local building standards, including those described in subdivision (b) of Section 51189, and shall provide a copy of the report, upon request, to the property insurance carrier that insures the dwelling or structure.

(b) A person is not required under this section to maintain any clearing on any land if that person does not have the legal right to maintain the clearing, nor is any person required to enter upon or to damage property that is owned by any other person without the consent of the owner of the property.

SEC. 2. Section 4291 of the Public Resources Code is amended to read:

4291. A person that owns, leases, controls, operates, or maintains a building or structure in, upon, or adjoining any mountainous area, forest-covered lands, brush-covered lands, grass-covered lands, or any land that is covered with flammable material, shall at all times do all of the following:

(a) Maintain around and adjacent to the building or structure a firebreak made by removing and clearing away, for a distance of not less than 30 feet on each side of the building or structure or to the property line, whichever is nearer, all flammable vegetation or other combustible growth. This subdivision does not apply to single specimens of trees, ornamental shrubbery, or similar plants that are used as ground cover, if they do not form a means of rapidly transmitting fire from the native growth to any building or structure.

(b) Maintain around and adjacent to the building or structure additional fire protection or firebreak made by removing all brush, flammable vegetation, or combustible growth that is located within 100 feet from the building or structure or to the property line or at a greater distance if required by state law, or local ordinance, rule, or regulation. This section does not prevent an insurance company that insures a building or structure from requiring the owner of the building or structure to maintain a firebreak of more than 100 feet around the building or structure. Grass and other vegetation located more than 30 feet from the building or structure and less than 18 inches in height above the ground may be maintained where necessary to stabilize the soil and prevent erosion.

(c) Remove that portion of any tree that extends within 10 feet of the outlet of a chimney or stovepipe.

(d) Maintain any tree adjacent to or overhanging a building free of dead or dying wood.

(e) Maintain the roof of a structure free of leaves, needles, or other dead vegetative growth.

(f) Prior to constructing a new building or structure or rebuilding a building or structure damaged by a fire in such an area, the construction or rebuilding of which requires a building permit, the owner shall obtain a certification from the local building official that the dwelling or structure, as proposed to be built, complies with all applicable state and local building standards, including those described in subdivision (b) of Section 51189 of the Government Code, and shall provide a copy of the certification, upon request, to the insurer providing course of construction insurance coverage for the building or structure. Upon completion of the construction or rebuilding, the owner shall obtain from the local building official, a copy of the final inspection report that demonstrates that the dwelling or structure was constructed in compliance with all applicable state and local building standards, including those described in subdivision (b) of Section 51189 of the Government Code, and shall provide a copy of the report, upon request, to the property insurance carrier that insures the dwelling or structure.

(g) Except as provided in Section 18930 of the Health and Safety Code, the director may adopt regulations exempting structures with exteriors constructed entirely of nonflammable materials, or conditioned upon the contents and composition of same, he or she may vary the requirements respecting the removing or clearing away of flammable vegetation or other combustible growth with respect to the area surrounding those structures.

No exemption or variance shall apply unless and until the occupant thereof, or if there is not an occupant, the owner thereof, files with the

department, in a form as the director shall prescribe, a written consent to the inspection of the interior and contents of the structure to ascertain whether this section and the regulations adopted under this section are complied with at all times.

(h) The director may authorize the removal of vegetation that is not consistent with the standards of this section. The director may prescribe a procedure for the removal of that vegetation and make the expense a lien upon the building, structure, or grounds, in the same manner that is applicable to a legislative body under Section 51186 of the Government Code.

(i) As used in this section, "person" means a private individual, organization, partnership, limited liability company, or corporation.

SEC. 2.5. Section 4291 of the Public Resources Code is amended to read:

4291. A person that owns, leases, controls, operates, or maintains a building or structure in, upon, or adjoining any mountainous area, forest-covered lands, brush-covered lands, grass-covered lands, or any land that is covered with flammable material, shall at all times do all of the following:

(a) Maintain around and adjacent to the building or structure a firebreak made by removing and clearing away, for a distance of not less than 30 feet on each side of the building or structure or to the property line, whichever is nearer, all flammable vegetation or other combustible growth. This subdivision does not apply to single specimens of trees or other vegetation that is well-pruned and maintained so as to effectively manage fuels and not form a means of rapidly transmitting fire from other nearby vegetation to any building or structure.

(b) Maintain around and adjacent to the building or structure additional fire protection or firebreak made by removing all brush, flammable vegetation, or combustible growth that is located within 100 feet from the building or structure or to the property line or at a greater distance if required by state law, or local ordinance, rule, or regulation. This section does not prevent an insurance company that insures a building or structure from requiring the owner of the building or structure to maintain a firebreak of more than 100 feet around the building or structure. Grass and other vegetation located more than 30 feet from the building or structure and less than 18 inches in height above the ground may be maintained where necessary to stabilize the soil and prevent erosion. This subdivision does not apply to single specimens of trees or other vegetation that is well-pruned and maintained so as to effectively manage fuels and not form a means of rapidly transmitting fire from other nearby vegetation to a dwelling or structure.

(c) Remove that portion of any tree that extends within 10 feet of the outlet of a chimney or stovepipe.

(d) Maintain any tree adjacent to or overhanging a building free of dead or dying wood.

(e) Maintain the roof of a structure free of leaves, needles, or other dead vegetative growth.

(f) Prior to constructing a new building or structure or rebuilding a building or structure damaged by a fire in such an area, the construction or rebuilding of which requires a building permit, the owner shall obtain a certification from the local building official that the dwelling or structure, as proposed to be built, complies with all applicable state and local building standards, including those described in subdivision (b) of Section 51189 of the Government Code, and shall provide a copy of the certification, upon request, to the insurer providing course of construction insurance coverage for the building or structure. Upon completion of the construction or rebuilding, the owner shall obtain from the local building official, a copy of the final inspection report that demonstrates that the dwelling or structure was constructed in compliance with all applicable state and local building standards, including those described in subdivision (b) of Section 51189 of the Government Code, and shall provide a copy of the report, upon request, to the property insurance carrier that insures the dwelling or structure.

(g) Except as provided in Section 18930 of the Health and Safety Code, the director may adopt regulations exempting structures with exteriors constructed entirely of nonflammable materials, or conditioned upon the contents and composition of same, he or she may vary the requirements respecting the removing or clearing away of flammable vegetation or other combustible growth with respect to the area surrounding those structures.

No exemption or variance shall apply unless and until the occupant thereof, or if there is not an occupant, the owner thereof, files with the department, in a form as the director shall prescribe, a written consent to the inspection of the interior and contents of the structure to ascertain whether this section and the regulations adopted under this section are complied with at all times.

(h) The director may authorize the removal of vegetation that is not consistent with the standards of this section. The director may prescribe a procedure for the removal of that vegetation and make the expense a lien upon the building, structure, or grounds, in the same manner that is applicable to a legislative body under Section 51186 of the Government Code.

(i) As used in this section, "person" means a private individual, organization, partnership, limited liability company, or corporation.

SEC. 3. The proposed regulations shall be accompanied the analysis required pursuant to subdivision (a) of Section 18930 of the Health and Safety Code justifying the approval of those regulations.

SEC. 4. (a) Section 1.5 of this bill incorporates amendments to Section 51182 of the Government Code proposed by both this bill and SB 502. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2006, (2) each bill amends Section 51182 of the Government Code, and (3) this bill is enacted after SB 502, in which case Section 1 of this bill shall not become operative.

(b) Section 2.5 of this bill incorporates amendments to Section 4291 of the Public Resources Code proposed by both this bill and SB 502. It shall only become operative if (1) both bills are enacted and become effective on January 1, 2006, (2) each bill amends Section 4291 of the Public Resources Code, and (3) this bill is enacted after SB 502, in which case Section 2 of this bill shall not become operative.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 54975 of the Government Code is repealed.

SEC. 2. Section 56157 of the Government Code is amended to read:

56157. When mailed notice is required to be given to:

(a) A county, city, or district, it shall be addressed to the clerk of the county, city, or district.

(b) A commission, it shall be addressed to the executive officer.

(c) Proponents, it shall be addressed to the persons so designated in the petition at the address specified in the petition.

(d) Landowners, it shall be addressed to each person to whom land is assessed, as shown upon the most recent assessment roll being prepared by the county at the time the proponent adopts a resolution of application pursuant to Section 56654 or files a notice of intention to circulate a petition with the executive officer pursuant to subdivision (a) of Section 56700.4, at the address shown upon the assessment roll and to all landowners within 300 feet of the exterior boundary of the property that is the subject of the hearing at least 21 days prior to the hearing. This requirement may be waived if proof satisfactory to the commission is presented that shows that individual notices to landowners have already been provided by the initiating agency. Notice also shall be either posted or published in accordance with Section 56153 in a newspaper of general circulation that is circulated within the affected territory 21 days prior to the hearing.

(e) Persons requesting special notice, it shall be addressed to each person who has filed a written request for special notice with the executive officer or clerk at the mailing address specified in the request.

(f) To all registered voters within the affected territory, to the address as shown on the most recent index of affidavits prepared by the county elections official at the time the proponent adopts a resolution of application pursuant to Section 56654 or files a notice of intention to circulate a petition with the executive officer pursuant to subdivision (a) of Section 56700.4 and to all registered voters within 300 feet of the exterior boundary of the property that is the subject of the hearing at least 21 days prior to the hearing. This requirement may be waived if proof satisfactory to the commission is presented that shows that individual notices to registered voters have already been provided by the initiating agency. Notice shall also either be posted or published in accordance with Section 56153 in a newspaper of general circulation that is circulated within the affected territory 21 days prior to the hearing.

(g) If the total number of notices required to be mailed in accordance with subdivisions (d) and (f) exceeds 1,000, then notice may instead be provided pursuant to paragraph (3) of subdivision (a) of Section 65091.

SEC. 3. Section 56325 of the Government Code is amended to read:

56325. There is hereby continued in existence in each county a local agency formation commission. Except as otherwise provided in this chapter, the commission shall consist of members selected as follows:

(a) Two appointed by the board of supervisors from their own membership. The board of supervisors shall appoint a third supervisor who shall be an alternate member of the commission. The alternate member may serve and vote in place of any supervisor on the commission who is absent or who disqualifies himself or herself from participating in a meeting of the commission.

If the office of a regular county member becomes vacant, the alternate member may serve and vote in place of the former regular county member until the appointment and qualification of a regular county member to fill the vacancy.

(b) Two selected by the cities in the county, each of whom shall be a mayor or council member, appointed by the city selection committee. The city selection committee shall also designate one alternate member who shall be appointed and serve pursuant to Section 56335. The alternate shall also be a mayor or council member. The city selection committee is encouraged to select members to fairly represent the diversity of the cities in the county, with respect to population and geography.

(c) Two presiding officers or members of legislative bodies of independent special districts selected by the independent special district selection committee pursuant to Section 56332. The independent special district selection committee shall also designate a presiding officer or member of the legislative body of an independent special district as an alternative member who shall be appointed and serve pursuant to Section 56332. The independent special district selection committee is encouraged to make selections that fairly represent the diversity of the independent special districts in the county, with respect to population and geography.

(d) One representing the general public appointed by the other members of the commission. The other members of the commission may also designate one alternate member who shall be appointed and serve pursuant to Section 56331. Selection of the public member and alternate public member shall be subject to the affirmative vote of at least one of the members selected by each of the other appointing authorities. Whenever a vacancy occurs in the public member or alternate public member position, the commission shall cause a notice of vacancy to be posted as provided in Section 56158. A copy of this notice shall be sent to the clerk or secretary of the legislative body of each local agency within the county. Final appointment to fill the vacancy may not be made for at least 21 days after the posting of the notice.

SEC. 4. Section 56381 of the Government Code is amended to read:

56381. (a) The commission shall adopt annually, following noticed public hearings, a proposed budget by May 1 and final budget by June 15. At a minimum, the proposed and final budget shall be equal to the budget adopted for the previous fiscal year unless the commission finds that reduced staffing or program costs will nevertheless allow the commission to fulfill the purposes and programs of this chapter. The commission shall transmit its proposed and final budgets to the board of supervisors; to each city; to the clerk and chair of the city selection committee, if any, established in each county pursuant to Article 11

(commencing with Section 50270) of Chapter 1 of Part 1 of Division 1; to each independent special district; and to the clerk and chair of the independent special district selection committee, if any, established pursuant to Section 56332.

(b) After public hearings, consideration of comments, and adoption of a final budget by the commission pursuant to subdivision (a), the auditor shall apportion the net operating expenses of a commission in the following manner:

(1) (A) In counties in which there is city and independent special district representation on the commission, the county, cities, and independent special districts shall each provide a one-third share of the commission's operational costs.

(B) The cities' share shall be apportioned in proportion to each city's total revenues, as reported in the most recent edition of the Cities Annual Report published by the Controller, as a percentage of the combined city revenues within a county, or by an alternative method approved by a majority of cities representing the majority of the combined cities' populations.

(C) The independent special districts' share shall be apportioned in proportion to each district's total revenues as a percentage of the combined total district revenues within a county. Except as provided in subparagraph (D), an independent special district's total revenue shall be calculated for nonenterprise activities as total revenues for general purpose transactions less revenue category aid from other governmental agencies and for enterprise activities as total operating and nonoperating revenues less revenue category other governmental agencies, as reported in the most recent edition of the "Special Districts Annual Report" published by the Controller, or by an alternative method approved by a majority of the agencies, representing a majority of their combined populations. For the purposes of fulfilling the requirement of this section, a multicounty independent special district shall be required to pay its apportionment in its principal county. It is the intent of the Legislature that no single district or class or type of district shall bear a disproportionate amount of the district share of costs.

(D) (i) For purposes of apportioning costs to a health care district formed pursuant to Division 23 (commencing with Section 32000) of the Health and Safety Code that operates a hospital, a health care district's share, except as provided in clauses (ii) and (iii), shall be apportioned in proportion to each district's net from operations as reported in the most recent edition of the hospital financial disclosure report form published by the Office of Statewide Health Planning and Development, as a percentage of the combined independent special districts' net operating revenues within a county.

(ii) A health care district for which net from operations is a negative number may not be apportioned any share of the commission's operational costs until the fiscal year following positive net from operations, as reported in the most recent edition of the hospital financial disclosure report form published by the Office of Statewide Health Planning and Development.

(iii) A health care district that has filed and is operating under public entity bankruptcy pursuant to federal bankruptcy law, shall not be apportioned any share of the commission's operational costs until the fiscal year following its discharge from bankruptcy.

(iv) As used in this subparagraph "net from operations" means total operating revenue less total operating expenses.

(E) Notwithstanding the requirements of subparagraph (C), the independent special districts' share may be apportioned by an alternative method approved by a majority of the districts, representing a majority of the combined populations. However, in no event shall an individual district's apportionment exceed the amount that would be calculated pursuant to subparagraphs (C) and (D), or in excess of 50 percent of the total independent special districts' share, without the consent of that district.

(F) Notwithstanding the requirements of subparagraph (C), no independent special district shall be apportioned a share of more than 50 percent of the total independent special districts' share of the commission's operational costs, without the consent of the district as otherwise provided in this section. In those counties in which a district's share is limited to 50 percent of the total independent special districts' share of the commission's operational costs, the share of the remaining districts shall be increased on a proportional basis so that the total amount for all districts equals the share apportioned by the auditor to independent special districts.

(2) In counties in which there is no independent special district representation on the commission, the county and its cities shall each provide a one-half share of the commission's operational costs. The cities' share shall be apportioned in the manner described in paragraph (1).

(3) In counties in which there are no cities, the county and its special districts shall each provide a one-half share of the commission's operational costs. The independent special districts' share shall be apportioned in the manner described for cities' apportionment in paragraph (1). If there is no independent special district representation on the commission, the county shall pay all of the commission's operational costs.

(4) Instead of determining apportionment pursuant to paragraph (1), (2), or (3), any alternative method of apportionment of the net operating expenses of the commission may be used if approved by a majority vote of each of the following: the board of supervisors; a majority of the cities representing a majority of the total population of cities in the county; and the independent special districts representing a majority of the combined total population of independent special districts in the county. However, in no event shall an individual district's apportionment exceed the amount that would be calculated pursuant to subparagraphs (C) and (D) of paragraph (1), or in excess of 50 percent of the total independent special districts' share, without the consent of that district.

(c) After apportioning the costs as required in subdivision (b), the auditor shall request payment from the board of supervisors and from each city and each independent special district no later than July 1 of each year for the amount that entity owes and the actual administrative costs incurred by the auditor in apportioning costs and requesting payment from each entity. If the county, a city, or an independent special district does not remit its required payment within 60 days, the commission may determine an appropriate method of collecting the required payment, including a request to the auditor to collect an equivalent amount from the property tax, or any fee or eligible revenue owed to the county, city, or district. The auditor shall provide written notice to the county, city, or district prior to appropriating a share of the property tax or other revenue to the commission for the payment due the commission pursuant to this section. Any expenses incurred by the commission or the auditor in collecting late payments or successfully challenging nonpayment shall be added to the payment owed to the commission. Between the beginning of the fiscal year and the time the auditor receives payment from each affected city and district, the board of supervisors shall transmit funds to the commission sufficient to cover the first two months of the commission's operating expenses as specified by the commission. When the city and district payments are received by the commission, the county's portion of the commission's annual operating expenses shall be credited with funds already received from the county. If, at the end of the fiscal year, the commission has funds in excess of what it needs, the commission may retain those funds and calculate them into the following fiscal year's budget. If, during the fiscal year, the commission is without adequate funds to operate, the board of supervisors may loan the commission funds. The commission shall appropriate sufficient funds in its budget for the subsequent fiscal year to repay the loan.

SEC. 5. Section 56425 of the Government Code is amended to read:

56425. (a) In order to carry out its purposes and responsibilities for planning and shaping the logical and orderly development and coordination of local governmental agencies so as to advantageously provide for the present and future needs of the county and its communities, the commission shall develop and determine the sphere of influence of each local governmental agency within the county and enact policies designed to promote the logical and orderly development of areas within the sphere.

(b) At least 30 days prior to submitting an application to the commission for a determination of a new sphere of influence, or to update an existing sphere of influence for a city, representatives from the city shall meet with county representatives to discuss the proposed sphere, and its boundaries, and explore methods to reach agreement on the boundaries, development standards, and zoning requirements within the sphere to ensure that development within the sphere occurs in a manner that reflects the concerns of the affected city and is accomplished in a manner that promotes the logical and orderly development of areas within the sphere. If no agreement is reached between the city and county within 30 days, then the parties may, by mutual agreement, extend discussions for an additional period of 30 days. If an agreement is reached between the city and county regarding the boundaries, development standards, and zoning requirements within the proposed sphere, the agreement shall be forwarded to the commission, and the commission shall consider and adopt a sphere of influence for the city consistent with the policies adopted by the commission pursuant to this section, and the commission shall give great weight to the agreement in the commission's final determination of the city sphere.

(c) If the commission's final determination is consistent with the agreement reached between the city and county pursuant to subdivision (b), the agreement shall be adopted by both the city and county after a noticed public hearing. Once the agreement has been adopted by the affected local agencies and their respective general plans reflect that agreement, then any development approved by the county within the sphere shall be consistent with the terms of that agreement.

(d) If no agreement is reached pursuant to subdivision (b), the application may be submitted to the commission and the commission shall consider a sphere of influence for the city consistent with the policies adopted by the commission pursuant to this section.

(e) In determining the sphere of influence of each local agency, the commission shall consider and prepare a written statement of its determinations with respect to each of the following:

(1) The present and planned land uses in the area, including agricultural and open-space lands.

(2) The present and probable need for public facilities and services in the area.

(3) The present capacity of public facilities and adequacy of public services that the agency provides or is authorized to provide.

(4) The existence of any social or economic communities of interest in the area if the commission determines that they are relevant to the agency.

(f) Upon determination of a sphere of influence, the commission shall adopt that sphere.

(g) On or before January 1, 2008, and every five years thereafter, the commission shall, as necessary, review and update each sphere of influence.

(h) The commission may recommend governmental reorganizations to particular agencies in the county, using the spheres of influence as the basis for those recommendations. Those recommendations shall be made available, upon request, to other agencies or to the public. The commission shall make all reasonable efforts to ensure wide public dissemination of the recommendations.

(i) When adopting, amending, or updating a sphere of influence for a special district, the commission shall do all of the following:

(1) Require existing districts to file written statements with the commission specifying the functions or classes of services provided by those districts.

(2) Establish the nature, location, and extent of any functions or classes of services provided by existing districts.

(j) Subdivisions (b), (c), and (d) shall become inoperative as of January 1, 2007, unless a later enacted statute, that becomes operative on or before January 1, 2007, deletes or extends that date.

SEC. 6. Section 56663 of the Government Code is amended to read:

56663. (a) If a petition for an annexation, a detachment, or a reorganization consisting solely of annexations or detachments, or both, or the formation of a county service area is signed by all of the owners of land within the affected territory of the proposed change of organization or reorganization, or if a resolution of application by a legislative body of an affected district, affected county, or affected city making a proposal for an annexation or detachment, or for a reorganization consisting solely of annexations or detachments, or both, or the formation of a county service area is accompanied by proof, satisfactory to the commission, that all the owners of land within the affected territory have given their written consent to that change of organization or reorganization, the commission may approve or disapprove the change of organization or reorganization, without notice and hearing by the commission. In those cases, the commission may

also approve and conduct proceedings for the change of organization or reorganization under any of the following conditions:

(1) Without notice and hearing.

(2) Without an election.

(3) Without notice, hearing, or an election.

(b) The executive officer shall give any affected agency mailed notice of the filing of the petition or resolution of application initiating proceedings by the commission. The commission shall not, without the written consent of the subject agency, take any further action on the petition or resolution of application for 10 days following that mailing. Upon written demand by an affected local agency, filed with the executive officer during that 10-day period, the commission shall make determinations upon the petition or resolution of application only after notice and hearing on the petition or resolution of application. If no written demand is filed, the commission may make those determinations without notice and hearing. By written consent, which may be filed with the executive officer at any time, a subject agency may do any of the following:

(1) Waive the requirement of mailed notice.

(2) Consent to the commission making determinations without notice and hearing.

(3) Waive the requirement of mailed notice and consent to the commission making determinations without notice and hearing.

(c) In the case of uninhabited territory, the commission may waive protest proceedings pursuant to Part 4 (commencing with Section 57000) entirely if both of the following apply:

(2) All subject agencies have not submitted written opposition to a waiver of protest proceedings.

(d) In the case of inhabited city and district annexations or detachments, or both, the commission may waive protest proceedings pursuant to Part 4 (commencing with Section 57000) entirely if both of the following conditions apply:

The written notice shall disclose to the registered voters and landowners that unless written opposition is received regarding the proposal or the commission's intention to waive protest proceedings, that there will be no subsequent protest and election proceedings.

(2) All subject agencies have not submitted written opposition to a waiver of protest proceedings.

SEC. 7. Section 56743 of the Government Code is amended to read:

56743. (a) Notwithstanding Section 56741, upon approval of the commission a city may annex noncontiguous territory not exceeding 3,100 acres in area, which is located in the same county as that in which the city is situated, and which is owned by the city and is being used for municipal water purposes, wildlife habitat, or sustainable forestry that is subject to an adopted city forest management plan at the time preliminary proceedings are initiated pursuant to this part. If, after the completion of the annexation, the city sells that territory or any part thereof, all of that territory that is no longer owned by the city shall cease to be a part of the city.

(b) If territory is annexed pursuant to this section, the annexing city may not annex any territory not owned by it and not contiguous to it although that territory is contiguous to the territory annexed pursuant to this section.

(c) When territory ceases to be part of a city pursuant to this section, the legislative body of the city shall adopt a resolution confirming the detachment of that territory from the city. The resolution shall describe the detached territory and shall be accompanied by a map indicating the territory. Immediately upon adoption of the resolution, the city clerk shall make any filing provided for by Chapter 8 (commencing with Section 57200) of Part 4.

(d) If territory annexed to a city pursuant to this section becomes contiguous to the city, the limitations imposed by this section shall cease to apply.

(e) If territory is annexed pursuant to this section, it shall be used only for municipal water purposes, wildlife habitat, or sustainable forestry that is subject to an adopted city forest management plan. The city may, however, enter into agreements to lease the land for timber production or grazing by animals. If the territory is used by the city for any other purpose at any time, it shall cease to be a part of the city.

(f) This section applies only to the City of Willits and the City of Arcata.

SEC. 8. Section 57000 of the Government Code is amended to read:

57000. (a) After adoption of a resolution making determinations by the commission pursuant to Part 3 (commencing with Section 56650), protest proceedings for a change of organization or reorganization not described in Section 57077 shall be taken pursuant to this part.

(b) If a proposal is approved by the commission, with or without amendment, wholly, partially, or conditionally, the commission shall conduct proceedings in accordance with this part. The proceedings shall

be conducted and completed pursuant to those provisions that are applicable to the proposal and the territory contained in the proposal as it is approved by the commission. CHAPTER 348

An act to amend Section 1365 of the Civil Code, to amend Section 1091.5 of the Government Code, and to amend Sections 50404, 50905, and 51350 of the Health and Safety Code, relating to housing.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1365 of the Civil Code is amended to read:

1365. Unless the governing documents impose more stringent standards, the association shall prepare and distribute to all of its members the following documents:

(a) A pro forma operating budget, which shall include all of the following:

(1) The estimated revenue and expenses on an accrual basis.

(2) A summary of the association's reserves based upon the most recent review or study conducted pursuant to Section 1365.5, based only on assets held in cash or cash equivalents, which shall be printed in boldface type and include all of the following:

(A) The current estimated replacement cost, estimated remaining life, and estimated useful life of each major component.

(B) As of the end of the fiscal year for which the study is prepared:

(i) The current estimate of the amount of cash reserves necessary to repair, replace, restore, or maintain the major components.

(ii) The current amount of accumulated cash reserves actually set aside to repair, replace, restore, or maintain major components.

(iii) If applicable, the amount of funds received from either a compensatory damage award or settlement to an association from any

person or entity for injuries to property, real or personal, arising out of any construction or design defects, and the expenditure or disposition of funds, including the amounts expended for the direct and indirect costs of repair of construction or design defects. These amounts shall be reported at the end of the fiscal year for which the study is prepared as separate line items under cash reserves pursuant to clause (ii). Instead of complying with the requirements set forth in this clause, an association that is obligated to issue a review of their financial statement pursuant to subdivision (b) may include in the review a statement containing all of the information required by this clause.

(C) The percentage that the amount determined for purposes of clause (ii) of subparagraph (B) equals the amount determined for purposes of clause (i) of subparagraph (B).

(3) A statement as to both of the following:

(A) Whether the board of directors of the association has determined or anticipates that the levy of one or more special assessments will be required to repair, replace, or restore any major component or to provide adequate reserves therefor. If so, the statement shall also set out the estimated amount, commencement date, and duration of the assessment.

(B) The mechanism or mechanisms by which the board of directors will fund reserves to repair or replace major components, including assessments, borrowing, use of other assets, deferral of selected replacement or repairs, or alternative mechanisms.

(4) A general statement addressing the procedures used for the calculation and establishment of those reserves to defray the future repair, replacement, or additions to those major components that the association is obligated to maintain. The report shall include, but need not be limited to, reserve calculations made using the formula described in paragraph (4) of subdivision (b) of Section 1365.2.5, and may not assume a rate of return on cash reserves in excess of 2 percent above the discount rate published by the Federal Reserve Bank of San Francisco at the time the calculation was made.

The summary of the association's reserves disclosed pursuant to paragraph (2) shall not be admissible in evidence to show improper financial management of an association, provided that other relevant and competent evidence of the financial condition of the association is not made inadmissible by this provision.

Notwithstanding a contrary provision in the governing documents, a copy of the operating budget shall be annually distributed not less than 30 days nor more than 90 days prior to the beginning of the association's fiscal year.

(b) A review of the financial statement of the association shall be prepared in accordance with generally accepted accounting principles

by a licensee of the California Board of Accountancy for any fiscal year in which the gross income to the association exceeds seventy-five thousand dollars ($75,000). A copy of the review of the financial statement shall be distributed within 120 days after the close of each fiscal year.

(c) Instead of the distribution of the pro forma operating budget required by subdivision (a), the board of directors may elect to distribute a summary of the pro forma operating budget to all of its members with a written notice that the pro forma operating budget is available at the business office of the association or at another suitable location within the boundaries of the development, and that copies will be provided upon request and at the expense of the association. If any member requests that a copy of the pro forma operating budget required by subdivision (a) be mailed to the member, the association shall provide the copy to the member by first-class United States mail at the expense of the association and delivered within five days. The written notice that is distributed to each of the association members shall be in at least 10-point boldface type on the front page of the summary of the budget.

(d) A statement describing the association's policies and practices in enforcing lien rights or other legal remedies for default in payment of its assessments against its members shall be annually delivered to the members not less than 30 days nor more than 90 days immediately preceding the beginning of the association's fiscal year.

(e) (1) A summary of the association's property, general liability, earthquake, flood, and fidelity insurance policies, which shall be distributed not less than 30 days nor more than 90 days preceding the beginning of the association's fiscal year, that includes all of the following information about each policy:

(A) The name of the insurer.

(B) The type of insurance.

(C) The policy limits of the insurance.

(D) The amount of deductibles, if any.

(2) The association shall, as soon as reasonably practicable, notify its members by first-class mail if any of the policies described in paragraph (1) have lapsed, been canceled, and are not immediately renewed, restored, or replaced, or if there is a significant change, such as a reduction in coverage or limits or an increase in the deductible, as to any of those policies. If the association receives any notice of nonrenewal of a policy described in paragraph (1), the association shall immediately notify its members if replacement coverage will not be in effect by the date the existing coverage will lapse.

(3) To the extent that any of the information required to be disclosed pursuant to paragraph (1) is specified in the insurance policy declaration

page, the association may meet its obligation to disclose that information by making copies of that page and distributing it to all of its members.

(4) The summary distributed pursuant to paragraph (1) shall contain, in at least 10-point boldface type, the following statement: "This summary of the association's policies of insurance provides only certain information, as required by subdivision (e) of Section 1365 of the Civil Code, and should not be considered a substitute for the complete policy terms and conditions contained in the actual policies of insurance. Any association member may, upon request and provision of reasonable notice, review the association's insurance policies and, upon request and payment of reasonable duplication charges, obtain copies of those policies. Although the association maintains the policies of insurance specified in this summary, the association's policies of insurance may not cover your property, including personal property or, real property improvements to or around your dwelling, or personal injuries or other losses that occur within or around your dwelling. Even if a loss is covered, you may nevertheless be responsible for paying all or a portion of any deductible that applies. Association members should consult with their individual insurance broker or agent for appropriate additional coverage."

SEC. 2. Section 1091.5 of the Government Code is amended to read:

1091.5. (a) An officer or employee shall not be deemed to be interested in a contract if his or her interest is any of the following:

(1) The ownership of less than 3 percent of the shares of a corporation for profit, provided that the total annual income to him or her from dividends, including the value of stock dividends, from the corporation does not exceed 5 percent of his or her total annual income, and any other payments made to him or her by the corporation do not exceed 5 percent of his or her total annual income.

(2) That of an officer in being reimbursed for his or her actual and necessary expenses incurred in the performance of official duties.

(3) That of a recipient of public services generally provided by the public body or board of which he or she is a member, on the same terms and conditions as if he or she were not a member of the body or board.

(4) That of a landlord or tenant of the contracting party if the contracting party is the federal government or any federal department or agency, this state or an adjoining state, any department or agency of this state or an adjoining state, any county or city of this state or an adjoining state, or any public corporation or special, judicial, or other public district of this state or an adjoining state unless the subject matter of the contract is the property in which the officer or employee has the interest as landlord or tenant in which event his or her interest shall be

deemed a remote interest within the meaning of, and subject to, the provisions of Section 1091.

(5) That of a tenant in a public housing authority created pursuant to Part 2 (commencing with Section 34200) of Division 24 of the Health and Safety Code in which he or she serves as a member of the board of commissioners of the authority or of a community development commission created pursuant to Part 1.7 (commencing with Section 34100) of Division 24 of the Health and Safety Code.

(6) That of a spouse of an officer or employee of a public agency in his or her spouse's employment or officeholding if his or her spouse's employment or officeholding has existed for at least one year prior to his or her election or appointment.

For purposes of this paragraph, an officer is "noncompensated" even though he or she receives reimbursement from the nonprofit, tax-exempt corporation for necessary travel and other actual expenses incurred in performing the duties of his or her office.

(9) That of a person receiving salary, per diem, or reimbursement for expenses from a government entity, unless the contract directly involves the department of the government entity that employs the officer or employee, provided that the interest is disclosed to the body or board at the time of consideration of the contract, and provided further that the interest is noted in its official record.

(10) That of an attorney of the contracting party or that of an owner, officer, employee, or agent of a firm which renders, or has rendered, service to the contracting party in the capacity of stockbroker, insurance agent, insurance broker, real estate agent, or real estate broker, if these individuals have not received and will not receive remuneration, consideration, or a commission as a result of the contract and if these individuals have an ownership interest of less than 10 percent in the law practice or firm, stock brokerage firm, insurance firm, or real estate firm.

(11) Except as provided in subdivision (b), that of an officer or employee of, or a person having less than a 10-percent ownership interest in, a bank, bank holding company, or savings and loan association with

For purposes of this paragraph, "agreement" includes contracts and grants, and "park," "natural lands," and "historical resources" shall have the meanings set forth in subdivisions (d), (g), and (i) of Section 5902 of the Public Resources Code. Services to be provided to the public agency may include those studies and related services, acquisitions of property and property interests, and any activities related to those studies and acquisitions necessary for the conservation, preservation, improvement, or restoration of park and natural lands or historical resources.

(13) That of an officer, employee, or member of the Board of Directors of the California Housing Finance Agency with respect to a loan product or programs if the officer, employee, or member participated in the planning, discussions, development, or approval of the loan product or program and both of the following two conditions exist:

(A) The loan product or program is or may be originated by any lender approved by the agency.

(B) The loan product or program is generally available to qualifying borrowers on terms and conditions that are substantially the same for all qualifying borrowers at the time the loan is made.

(b) An officer or employee shall not be deemed to be interested in a contract made pursuant to competitive bidding under a procedure established by law if his or her sole interest is that of an officer, director, or employee of a bank or savings and loan association with which a party to the contract has the relationship of borrower or depositor, debtor or creditor.

CHAPTER 349

An act to amend Sections 17049, 18670, 19950, and 21018 of, and to add Section 19136.7 to, the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 17049 of the Revenue and Taxation Code is amended to read:

17049. (a) If an item of income was included in the gross income of an individual for a preceding taxable year or years because it appeared that the individual had an unrestricted right to that item, a deduction is allowable for the taxable year based on the repayment of the item by the

individual during the taxable year, and the amount of that deduction exceeds three thousand dollars ($3,000), then the tax imposed by this part for the taxable year on that individual shall be the lesser of the following:

(1) The tax for the taxable year computed with that deduction.

(2) An amount equal to (A) the tax for the taxable year computed without that deduction, minus (B) the decrease in tax under this part for the preceding taxable year or years which would result solely from the exclusion of the item or portion thereof from the gross income required to be shown on the California return of that individual for the preceding taxable year or years.

(b) If the decrease in tax determined under subparagraph (B) of paragraph (2) of subdivision (a) for the preceding taxable year or years exceeds the tax imposed for the taxable year, computed without the deduction, that excess shall be considered to be a payment of tax on the last day prescribed for the payment of tax for the taxable year, and shall be refunded or credited in the same manner as if it were an overpayment for the taxable year.

(c) Subdivision (a) does not apply to any deduction allowable with respect to an item which was included in gross income by reason of the sale or other disposition of stock in trade of the taxpayer, or other property of a kind which would properly have been included in the inventory of the taxpayer if on hand at the close of the prior taxable year, or property held by the taxpayer primarily for sale to customers in the ordinary course of his or her trade or business.

(d) If the tax imposed by this part for the taxable year is the amount determined under paragraph (2) of subdivision (a), then the deduction referred to in subdivision (a) shall not be taken into account for any purpose of this part, or Part 10.2 (commencing with Section 18401), other than this section.

(e) For purposes of determining whether paragraph (1) or paragraph (2) of subdivision (a) applies, in any case where the exclusion referred to in subparagraph (B) of paragraph (2) of subdivision (a) results in a net operating loss or capital loss for the prior taxable year, or years, that loss shall, for purposes of computing the decrease in tax for the prior taxable year, or years, under subparagraph (B) of paragraph (2) of subdivision (a), be carried over to the same extent and in the same manner as is provided under Section 17276, 17276.1, 17276.2, 17276.4, 17276.5, or 17276.7, or Section 1212 of the Internal Revenue Code, as applicable for California purposes, except that no carryover beyond the taxable year shall be taken into account.

(f) For purposes of this part, the net operating loss or capital loss described in subdivision (e) shall, after the application of paragraph (1)

or (2) of subdivision (a) for the taxable year, be taken into account under Section 17276, 17276.1, 17276.2, 17276.4, 17276.5, or 17276.7, or Section 1212 of the Internal Revenue Code, as applicable for California purposes, for taxable years after the taxable year to the same extent and in the same manner as either of the following:

(A) A net operating loss sustained for the taxable year, if paragraph (1) of subdivision (a) applied.

(B) A net operating loss or capital loss sustained for the prior taxable year, or years, if paragraph (2) of subdivision (a) applied.

(g) Regulations promulgated by the Secretary of the Treasury under Section 1341 of the Internal Revenue Code shall apply, except to the extent that those regulations conflict with this section, provisions of this part, or with regulations promulgated by the Franchise Tax Board.

SEC. 2. Section 18670 of the Revenue and Taxation Code is amended to read:

18670. (a) The Franchise Tax Board may by notice, served personally or by first-class mail, require any employer, person, officer or department of the state, political subdivision or agency of the state, including the Regents of the University of California, a city organized under a freeholders' charter, or a political body not a subdivision or agency of the state, having in their possession, or under their control, any credits or other personal property or other things of value, belonging to a taxpayer or to an employer or person who has failed to withhold and transmit amounts due pursuant to this article, to withhold, from the credits or other personal property or other things of value, the amount of any tax, interest, or penalties due from the taxpayer or the amount of any liability incurred by that employer or person for failure to withhold and transmit amounts due from a taxpayer under this part and to transmit the amount withheld to the Franchise Tax Board at the times that it may designate. However, in the case of a depository institution, as defined in Section 19(b) of the Federal Reserve Act (12 U.S.C.A. Sec. 461(b)(1)(A)), amounts due from a taxpayer under this part shall be transmitted to the Franchise Tax Board not less than 10 business days from receipt of the notice. To be effective, the notice shall state the amount due from the taxpayer and shall be delivered or mailed to the branch or office reported in information returns filed with the Franchise Tax Board, or the branch or office where the credits or other property is held, unless another branch or office is designated by the employer, person, officer or department of the state, political subdivision or agency of the state, including the Regents of the University of California, a city organized under a freeholders' charter or a political body not a subdivision or agency of the state.

(b) (1) At least 45 days before sending a notice to withhold to the address indicated on the information return, the Franchise Tax Board shall request a depository institution to do either of the following:

(A) Verify that the address on its information return is its designated address for receiving notices to withhold.

(B) Provide the Franchise Tax Board with a designated address for receiving notices to withhold.

(2) Once the depository institution has specified a designated address pursuant to paragraph (1), the Franchise Tax Board shall send all notices to that address unless the depository institution provides notification of another address. The Franchise Tax Board shall send all notices to withhold to a new designated address 30 days after notification.

(3) Failure to verify or provide a designated address within 30 days of receiving the request shall be deemed verification of the address on the information return as the depository institution's designated address.

(c) (1) Notwithstanding Section 8112 of the Commercial Code and Section 700.130 of the Code of Civil Procedure, when the Franchise Tax Board, pursuant to this section or Section 18670.5, issues a levy upon, or requires by notice, any person, financial institution, or securities intermediary, as applicable, to withhold all, or a portion of, a financial asset for the purpose of collecting a delinquent tax liability, the person, financial institution, or securities intermediary, as defined in Section 8102 of the Commercial Code, that maintains, administers, or manages that asset on behalf of the taxpayer, or has the legal authority to accept instructions from the taxpayer as to the disposition of that asset, shall liquidate the financial asset in a commercially reasonable manner within 90 days of the issuance of the order to withhold. Within five days of liquidation, the person, financial institution, or securities intermediary, as applicable, shall remit to the Franchise Tax Board the proceeds of the liquidation, less any reasonable commissions or fees, or both, which are charged in the normal course of business.

(2) If the value of the financial assets to be liquidated exceeds the tax liability, the taxpayer may, within 60 days after the service of the order to withhold upon the person, financial institution, or securities intermediary, instruct the person, financial institution, or securities intermediary as to which financial assets are to be sold to satisfy the tax liability. If the taxpayer does not provide instructions for liquidation, the person, financial institution, or securities intermediary shall liquidate the financial assets in a commercially reasonable manner and in an amount sufficient to cover the tax liability, and any reasonable commissions or fees, or both, which are charged in the normal course of business, beginning with the financial assets purchased most recently.

(3) For purposes of this section, a financial asset shall include, but not be limited to, an uncertificated security, certificated security, or security entitlement as defined in Section 8102 of the Commercial Code, a security as defined in Section 8103 of the Commercial Code, or a securities account as defined in Section 8501 of the Commercial Code.

(d) Any corporation or person failing to withhold the amounts due from any taxpayer and transmit them to the Franchise Tax Board after service of the notice shall be liable for those amounts. However, in the case of a depository institution, if a notice to withhold is mailed to the branch where the account is located or principal banking office, the depository institution shall be liable for a failure to withhold only to the extent that the accounts can be identified in information normally maintained at that location in the ordinary course of business.

SEC. 3. Section 19136.7 is added to the Revenue and Taxation Code, to read:

19136.7. (a) No additions to tax shall be made under Section 19136 or 19142 with respect to any underpayment of an installment for a taxable year, to the extent that the underpayment was created or increased as the direct result of an erroneous levy, erroneous processing action, or erroneous collection action by the Franchise Tax Board.

(b) The Franchise Tax Board shall implement this section in a reasonable manner.

SEC. 4. Section 19550 of the Revenue and Taxation Code is amended to read:

19550. (a) Pursuant to Section 817.5 of the Penal Code, the Franchise Tax Board, upon request from the Department of Justice, a court, or any California law enforcement agency and in a form and manner prescribed by the Franchise Tax Board, shall provide to the Department of Justice, the court, or the law enforcement agency the address of any person represented to be a person for whom there is an outstanding arrest warrant.

(b) (1) Pursuant to Section 290.9 of the Penal Code, the Franchise Tax Board shall, upon request from the Department of Justice, provide to the Department of Justice the address of any person represented to be a person who is in violation of his or her duty to register under Section 290 of the Penal Code.

(2) This subdivision shall be operative with respect to requests made on or after January 1, 2005, pursuant to Section 290.9 of the Penal Code, as added by Section 1 of Chapter 127 of the Statutes of 2004.

SEC. 5. Section 21018 of the Revenue and Taxation Code is amended to read:

21018. (a) A person may file a claim with the board for reimbursement of charges or fees imposed on the person by an unrelated

business entity as the direct result of an erroneous levy, erroneous processing action, or erroneous collection action by the board. Charges that may be reimbursed include an unrelated business entity's usual and customary charge for complying with the levy instructions and reasonable charges for overdrafts that are a direct consequence of the erroneous levy, erroneous processing action, or erroneous collection action and are paid by the person and not waived by the unrelated business entity or otherwise reimbursed. Each claimant applying for reimbursement shall file a claim with the board which shall be in such form as may be prescribed by the board. In order for the board to grant a claim, the board shall determine that all of the following conditions have been satisfied:

(1) The erroneous levy, erroneous processing action, or erroneous collection action was caused by an error made by the board.

(2) Prior to the erroneous levy, erroneous processing action, or erroneous collection action, the person responded to all contacts by the board and provided the board with any requested information or documentation sufficient to establish the person's position. This provision may be waived by the board for reasonable cause.

(3) The charge or fee has not been waived by the unrelated business entity or otherwise reimbursed.

(b) Claims pursuant to this section shall be filed within 90 days from the date of the erroneous levy, erroneous processing action, or erroneous collection action. Within 30 days from the date the claim is received, the board shall respond to the claim. If the board denies a claim, the claimant shall be notified in writing of the reason or reasons for the denial of the claim. The board may extend the period for filing a claim under this section.

(c) Charges and fees that may be reimbursed under the authority of this section are limited to the usual and customary charges and fees imposed by a business entity in the ordinary course of business.

CHAPTER 350

An act to amend Section 20133 of the Public Contract Code, relating to public contracts.

[Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 20133 of the Public Contract Code is amended to read:

20133. (a) (1) This section provides for an alternative procedure on bidding on building construction projects in excess of two million five hundred thousand dollars ($2,500,000) applicable only in the Counties of Alameda, Contra Costa, Del Norte, Humboldt, Los Angeles, Mendocino, Napa, Santa Clara, Solano, Sonoma, and Yolo, upon the approval of the appropriate board of supervisors.

(2) These counties may award the project using either the lowest responsible bidder or by best value.

(b) (1) It is the intent of the Legislature to enable these counties to utilize cost-effective options for building and modernizing public facilities. It is not the intent of the Legislature to authorize this procedure for transportation facilities, including, but not limited to, roads and bridges.

(2) The Legislature also finds and declares that utilizing a design-build contract requires a clear understanding of the roles and responsibilities of each participant in the design-build process. The Legislature also finds that the cost-effective benefits to the counties are achieved by shifting the liability and risk for cost containment and project completion to the design-build entity.

(3) It is the intent of the Legislature to provide an alternative and optional procedure for bidding and building construction projects for these counties.

(4) The design-build approach may be used, but is not limited to use when it is anticipated that it will: reduce project cost, expedite project completion, or provide design features not achievable through the design-bid-build method.

(5) If the board of supervisors elects to proceed under this section, the board of supervisors shall establish and enforce for design-build projects a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code, or it shall contract with a third party to operate a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code. This requirement shall not apply to any project where the county or the design-build entity has entered into any collective bargaining agreement or agreements that bind all of the contractors performing work on the projects.

(c) As used in this section:

(1) "Best value" means a value determined by objective criteria related to price, features, functions, and life cycle costs.

(2) "Design-build" means a procurement process in which both the design and construction of a project are procured from a single entity.

(3) "Design-build entity" means a partnership, corporation, or other legal entity that is able to provide appropriately licensed contracting, architectural, and engineering services as needed pursuant to a design-build contract.

(4) "Project" means the construction of a building and improvements directly related and necessary to the construction of a building, but does not include the construction of other infrastructure, including, but not limited to, streets and highways, public rail transit, and water resources facilities and infrastructure.

(d) Design-build projects shall progress in a four-step process, as follows:

(1) (A) The county shall prepare a set of documents setting forth the scope of the project. The documents may include, but are not limited to, the size, type and desired design character of the buildings and site, performance specifications covering the quality of materials, equipment, and workmanship, preliminary plans or building layouts, or any other information deemed necessary to describe adequately the county's needs. The performance specifications and any plans shall be prepared by a design professional who is duly licensed and registered in California.

(B) Any architect or engineer retained by the county to assist in the development of the project specific documents shall not be eligible to participate in the preparation of a bid with any design-build entity for that project.

(2) (A) Based on the documents prepared in paragraph (1), the county shall prepare a request for proposals that invites interested parties to submit competitive sealed proposals in the manner prescribed by the county. The request for proposals shall include, but is not limited to, the following elements:

(i) Identification of the basic scope and needs of the project or contract, the expected cost range, and other information deemed necessary by the county to inform interested parties of the contracting opportunity, to include the methodology that will be used by the county to evaluate proposals and specifically if the contract will be awarded to the lowest responsible bidder.

(ii) Significant factors which the county reasonably expects to consider in evaluating proposals, including cost or price and all nonprice-related factors.

(iii) The relative importance of weight assigned to each of the factors identified in the request for proposals.

(B) With respect to clause (iii) of subparagraph (A), if a nonweighted system is used, the agency shall specifically disclose whether all evaluation factors other than cost or price when combined are:

(i) Significantly more important than cost or price.

(ii) Approximately equal in importance to cost or price.

(iii) Significantly less important than cost or price.

(C) If the county chooses to reserve the right to hold discussions or negotiations with responsive bidders, it shall so specify in the request for proposal and shall publish separately or incorporate into the request for proposal applicable rules and procedures to be observed by the county to ensure that any discussions or negotiations are conducted in good faith.

(3) (A) The county shall establish a procedure to prequalify design-build entities using a standard questionnaire developed by the county. In preparing the questionnaire, the county shall consult with the construction industry, including representatives of the building trades and surety industry. This questionnaire shall require information including, but not limited to, all of the following:

(i) If the design-build entity is a partnership, limited partnership, or other association, a listing of all of the partners, general partners, or association members known at the time of bid submission who will participate in the design-build contract, including, but not limited to, mechanical subcontractors.

(ii) Evidence that the members of the design-build entity have completed, or demonstrated the experience, competency, capability, and capacity to complete projects of similar size, scope, or complexity, and that proposed key personnel have sufficient experience and training to competently manage and complete the design and construction of the project, as well as a financial statement that assures the county that the design-build entity has the capacity to complete the project.

(iii) The licenses, registration, and credentials required to design and construct the project, including information on the revocation or suspension of any license, credential, or registration.

(iv) Evidence that establishes that the design-build entity has the capacity to obtain all required payment and performance bonding, liability insurance, and errors and omissions insurance.

(v) Any prior serious or willful violation of the California Occupational Safety and Health Act of 1973, contained in Part 1 (commencing with Section 6300) of Division 5 of the Labor Code or the federal Occupational Safety and Health Act of 1970 (Public Law 91-596), settled against any member of the design-build entity, and information concerning workers' compensation experience history and worker safety program.

(vi) Information concerning any debarment, disqualification, or removal from a federal, state, or local government public works project. Any instance where an entity, its owners, officers, or managing employees submitted a bid on a public works project and were found to be nonresponsive, or were found by an awarding body not to be a responsible bidder.

(vii) Any instance where the entity, its owner, officers, or managing employees defaulted on a construction contract.

(viii) Any violations of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code), excluding alleged violations of federal or state law including the payment of wages, benefits, apprenticeship requirements, or personal income tax withholding, or of Federal Insurance Contribution Act (FICA) withholding requirements settled against any member of the design-build entity.

(ix) Information concerning the bankruptcy or receivership of any member of the design-build entity, including information concerning any work completed by a surety.

(x) Information concerning all settled adverse claims, disputes, or lawsuits between the owner of a public works project and any member of the design-build entity during the five years preceding submission of a bid pursuant to this section, in which the claim, settlement, or judgment exceeds fifty thousand dollars ($50,000). Information shall also be provided concerning any work completed by a surety during this period.

(xi) In the case of a partnership or other association, that is not a legal entity, a copy of the agreement creating the partnership or association and specifying that all partners or association members agree to be fully liable for the performance under the design-build contract.

(B) The information required pursuant to this subdivision shall be verified under oath by the entity and its members in the manner in which civil pleadings in civil actions are verified. Information that is not a public record pursuant to the California Public Records Act (Chapter 3.5, Division 7, Title 1 of the Government Code) shall not be open to public inspection.

(4) The county shall establish a procedure for final selection of the design-build entity. Selection shall be based on either of the following criteria:

(A) A competitive bidding process resulting in lump-sum bids by the prequalified design-build entities. Awards shall be made to the lowest responsible bidder.

(B) A county may use a design-build competition based upon best value and other criteria set forth in paragraph (2) of subdivision (d). The design-build competition shall include the following elements:

(i) Competitive proposals shall be evaluated by using only the criteria and selection procedures specifically identified in the request for proposal. However, the following minimum factors shall each represent at least 10 percent of the total weight of consideration given to all criteria factors; price, technical design and construction expertise, life-cycle costs over 15 years or more, skilled labor force availability, and acceptable safety record.

(ii) Once the evaluation is complete, the top three responsive bidders shall be ranked sequentially from the most advantageous to the least.

(iii) The award of the contract shall be made to the responsible bidder whose proposal is determined, in writing, to be the most advantageous.

(iv) Notwithstanding any provision of this code, upon issuance of a contract award, the county shall publicly announce its award, identifying the contractor to whom the award is made, along with a written decision supporting its contract award and stating the basis of the award. The notice of award shall also include the county's second and third ranked design-build entities.

(v) For the purposes of this paragraph, "skilled labor force availability" shall be determined by the existence of an agreement with a registered apprenticeship program, approved by the California Apprenticeship Council, which has graduated apprentices in each of the preceding five years. This graduation requirement shall not apply to programs providing apprenticeship training for any craft that has been deemed by the Department of Labor and the Department of Industrial Relations to be an apprenticeable craft in the five years prior to enactment of this act.

(vi) For the purposes of this paragraph, a bidder's "safety record" shall be deemed "acceptable" if their experience modification rate for the most recent three-year period is an average of 1.00 or less, and their average Total Recordable Injury/Illness rate and average lost work rate for the most recent three-year period does not exceed the applicable statistical standards for its business category or if the bidder is a party to an alternative dispute resolution system as provided for in Section 3201.5 of the Labor Code.

(e) (1) Any design-build entity that is selected to design and build a project pursuant to this section shall possess or obtain sufficient bonding to cover the contract amount for nondesign services, and errors and omission insurance coverage sufficient to cover all design and architectural services provided in the contract. This section does not prohibit a general or engineering contractor from being designated the lead entity on a design-build entity for the purposes of purchasing necessary bonding to cover the activities of the design-build entity.

(2) Any payment or performance bond written for the purposes of this section shall be written using a bond form developed by the county.

(f) All subcontractors that were not listed by the design-build entity in accordance with clause (i) of subparagraph (A) of paragraph (3) of subdivision (d) shall be awarded by the design-build entity in accordance with the design-build process set forth by the county in the design-build package. All subcontractors bidding on contracts pursuant to this section shall be afforded the protections contained in Chapter 4 (commencing with Section 4100) of Part 1. The design-build entity shall do both of the following:

(1) Provide public notice of the availability of work to be subcontracted in accordance with the publication requirements applicable to the competitive bidding process of the county.

(2) Provide a fixed date and time on which the subcontracted work will be awarded in accordance with the procedure established pursuant to this section.

(g) The minimum performance criteria and design standards established pursuant to paragraph (1) of subdivision (d) shall be adhered to by the design-build entity. Any deviations from those standards may only be allowed by written consent of the county.

(h) The county may retain the services of a design professional or construction project manager, or both, throughout the course of the project in order to ensure compliance with this section.

(i) Contracts awarded pursuant to this section shall be valid until the project is completed.

(j) Nothing in this section is intended to affect, expand, alter, or limit any rights or remedies otherwise available at law.

(k) (1) If the county elects to award a project pursuant to this section retention proceeds withheld by the county from the design-build entity shall not exceed 5 percent if a performance and payment bond, issued by an admitted surety insurer, is required in the solicitation of bids.

(2) In a contract between the design-build entity and the subcontractor, and in a contract between a subcontractor and any subcontractor thereunder, the percentage of the retention proceeds withheld may not exceed the percentage specified in the contract between the county and the design-build entity. If the design-build entity provides written notice to any subcontractor who is not a member of the design-build entity, prior to or at the time the bid is requested, that a bond may be required and the subcontractor subsequently is unable or refuses to furnish a bond to the design-build entity, then the design-build entity may withhold retention proceeds in excess of the percentage specified in the contract between the county and the design-build entity from any payment made by the design-build entity to the subcontractor.

(*l*) Each county that elects to proceed under this section and uses the design-build method on a public works project shall submit to the

Legislative Analyst's Office, before December 1, 2009, a report containing a description of each public works project procured through the design-build process and completed after November 1, 2004, and before November 1, 2009. The report shall include, but shall not be limited to, all of the following information:

(1) The type of project.

(2) The gross square footage of the project.

(3) The design-build entity that was awarded the project.

(4) The estimated and actual length of time to complete the project.

(5) The estimated and actual project costs.

(6) A description of any written protests concerning any aspect of the solicitation, bid, proposal, or award of the design-build project, including the resolution of the protests.

(7) An assessment of the prequalification process and criteria.

(8) An assessment of the effect of retaining 5-percent retention on the project.

(9) A description of the Labor Force Compliance Program and an assessment of the project impact, where required.

(10) A description of the method used to award the contract. If best value was the method, the report shall describe the factors used to evaluate the bid, including the weighting of each factor and an assessment of the effectiveness of the methodology.

(11) An assessment of the project impact of "skilled labor force availability."

(12) An assessment of the design-build dollar limits on county projects. This assessment shall include projects where the county wanted to use design-build and was precluded by the dollar limitation. This assessment shall also include projects where the best value method of awarding contracts was not used due to dollar limitations.

(13) An assessment of the most appropriate uses for the design-build approach.

(m) Any county named in subdivision (a) that elects to not use the authority granted by this section may submit a report to the Legislative Analyst's Office explaining why the county elected to not use the design-build method.

(n) On or before January 1, 2010, the Legislative Analyst shall report to the Legislature on the use of the design-build method by counties pursuant to this section, including the information listed in subdivision (*l*). The report may include recommendations for modifying or extending this section.

(o) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

SEC. 1.5. Section 20133 of the Public Contract Code is amended to read:

20133. (a) (1) This section provides for an alternative procedure on bidding on building construction projects in excess of two million five hundred thousand dollars ($2,500,000) applicable only in the Counties of Alameda, Butte, Contra Costa, Del Norte, El Dorado, Fresno, Humboldt, Kings, Los Angeles, Madera, Mariposa, Mendocino, Merced, Monterey, Napa, Orange, Placer, Sacramento, San Diego, San Joaquin, San Luis Obispo, Santa Clara, Shasta, Siskiyou, Solano, Sonoma, Stanislaus, Tulare, Yolo, and Yuba, upon approval of the appropriate board of supervisors.

(2) These counties may award the project using either the lowest responsible bidder or by best value.

(b) (1) It is the intent of the Legislature to enable these counties to utilize cost-effective options for building and modernizing public facilities. It is not the intent of the Legislature to authorize this procedure for transportation facilities, including, but not limited to, roads and bridges.

(2) The Legislature also finds and declares that utilizing a design-build contract requires a clear understanding of the roles and responsibilities of each participant in the design-build process. Any instance where an entity, its owners, officers, or managing employees submitted a bid on a public works project and were found to be nonresponsive, or were found by an awarding body not to be a responsible bidder.

(vii) Any instance where the entity, its owner, officers, or managing employees defaulted on a construction contract.

(viii) Any violations of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code), excluding alleged violations of federal or state law including the payment of wages, benefits, apprenticeship requirements, or personal income tax withholding, or of Federal Insurance Contribution Act (FICA) withholding requirements settled against any member of the design-build entity.

(ix) Information concerning the bankruptcy or receivership of any member of the design-build entity, including information concerning any work completed by a surety.

(x) Information concerning all settled adverse claims, disputes, or lawsuits between the owner of a public works project and any member of the design-build entity during the five years preceding submission of a bid pursuant to this section, in which the claim, settlement, or judgment exceeds fifty thousand dollars ($50,000). Information shall also be provided concerning any work completed by a surety during this period.

(xi) In the case of a partnership or other association, that is not a legal entity, a copy of the agreement creating the partnership or association and specifying that all partners or association members agree to be fully liable for the performance under the design-build contract.

(B) The information required pursuant to this subdivision shall be verified under oath by the entity and its members in the manner in which civil pleadings in civil actions are verified. Information that is not a public record pursuant to the California Public Records Act (Chapter 3.5, Division 7, Title 1 of the Government Code) shall not be open to public inspection.

(4) The county shall establish a procedure for final selection of the design-build entity. Selection shall be based on either of the following criteria:

(A) A competitive bidding process resulting in lump-sum bids by the prequalified design-build entities. Awards shall be made to the lowest responsible bidder.

(B) A county may use a design-build competition based upon best value and other criteria set forth in paragraph (2) of subdivision (d). The design-build competition shall include the following elements:

(i) Competitive proposals shall be evaluated by using only the criteria and selection procedures specifically identified in the request for proposal. However, the following minimum factors shall each represent at least 10 percent of the total weight of consideration given to all criteria factors; price, technical design and construction expertise, life-cycle costs over 15 years or more, skilled labor force availability, and acceptable safety record.

(ii) Once the evaluation is complete, the top three responsive bidders shall be ranked sequentially from the most advantageous to the least.

(iii) The award of the contract shall be made to the responsible bidder whose proposal is determined, in writing, to be the most advantageous.

(iv) Notwithstanding any provision of this code, upon issuance of a contract award, the county shall publicly announce its award, identifying the contractor to whom the award is made, along with a written decision supporting its contract award and stating the basis of the award. The notice of award shall also include the county's second and third ranked design-build entities.

(v) For the purposes of this paragraph, "skilled labor force availability" shall be determined by the existence of an agreement with a registered apprenticeship program, approved by the California Apprenticeship Council, which has graduated apprentices in each of the preceding five years. This graduation requirement shall not apply to programs providing apprenticeship training for any craft that has been deemed by the Department of Labor and the Department of Industrial Relations to be an apprenticeable craft in the five years prior to enactment of this act.

(vi) For the purposes of this paragraph, a bidder's "safety record" shall be deemed "acceptable" if their experience modification rate for the most recent three-year period is an average of 1.00 or less, and their average Total Recordable Injury/Illness rate and average lost work rate for the most recent three-year period does not exceed the applicable statistical standards for its business category or if the bidder is a party to an alternative dispute resolution system as provided for in Section 3201.5 of the Labor Code.

(e) (1) Any design-build entity that is selected to design and build a project pursuant to this section shall possess or obtain sufficient bonding to cover the contract amount for nondesign services, and errors and omission insurance coverage sufficient to cover all design and architectural services provided in the contract. This section does not prohibit a general or engineering contractor from being designated the lead entity on a design-build entity for the purposes of purchasing necessary bonding to cover the activities of the design-build entity.

(2) Any payment or performance bond written for the purposes of this section shall be written using a bond form developed by the county.

(f) All subcontractors that were not listed by the design-build entity in accordance with clause (i) of subparagraph (A) of paragraph (3) of subdivision (d) shall be awarded by the design-build entity in accordance with the design-build process set forth by the county in the design-build package. All subcontractors bidding on contracts pursuant to this section shall be afforded the protections contained in Chapter 4 (commencing with Section 4100) of Part 1. The design-build entity shall do both of the following:

(1) Provide public notice of the availability of work to be subcontracted in accordance with the publication requirements applicable to the competitive bidding process of the county.

(2) Provide a fixed date and time on which the subcontracted work will be awarded in accordance with the procedure established pursuant to this section.

(g) The minimum performance criteria and design standards established pursuant to paragraph (1) of subdivision (d) shall be adhered to by the design-build entity. Any deviations from those standards may only be allowed by written consent of the county.

(h) The county may retain the services of a design professional or construction project manager, or both, throughout the course of the project in order to ensure compliance with this section.

(i) Contracts awarded pursuant to this section shall be valid until the project is completed.

(j) Nothing in this section is intended to affect, expand, alter, or limit any rights or remedies otherwise available at law.

(k) (1) If the county elects to award a project pursuant to this section retention proceeds withheld by the county from the design-build entity shall not exceed 5 percent if a performance and payment bond, issued by an admitted surety insurer, is required in the solicitation of bids.

(2) In a contract between the design-build entity and the subcontractor, and in a contract between a subcontractor and any subcontractor thereunder, the percentage of the retention proceeds withheld may not exceed the percentage specified in the contract between the county and the design-build entity. If the design-build entity provides written notice to any subcontractor who is not a member of the design-build entity, prior to or at the time the bid is requested, that a bond may be required and the subcontractor subsequently is unable or refuses to furnish a bond to the design-build entity, then the design-build entity may withhold retention proceeds in excess of the percentage specified in the contract between the county and the design-build entity from any payment made by the design-build entity to the subcontractor.

(*l*) Each county that elects to proceed under this section and uses the design-build method on a public works project shall submit to the

Legislative Analyst's Office before December 1, 2009, a report containing a description of each public works project procured through the design-build process and completed after November 1, 2004, and before November 1, 2009. The report shall include, but shall not be limited to, all of the following information:

(1) The type of project.

(2) The gross square footage of the project.

(3) The design-build entity that was awarded the project.

(4) The estimated and actual length of time to complete the project.

(5) The estimated and actual project costs.

(6) A description of any written protests concerning any aspect of the solicitation, bid, proposal, or award of the design-build project, including the resolution of the protests.

(7) An assessment of the prequalification process and criteria.

(8) An assessment of the effect of retaining 5-percent retention on the project.

(9) A description of the Labor Force Compliance Program and an assessment of the project impact, where required.

(10) A description of the method used to award the contract. If best value was the method, the report shall describe the factors used to evaluate the bid, including the weighting of each factor and an assessment of the effectiveness of the methodology.

(11) An assessment of the project impact of "skilled labor force availability."

(12) An assessment of the design-build dollar limits on county projects. This assessment shall include projects where the county wanted to use design-build and was precluded by the dollar limitation. This assessment shall also include projects where the best value method was not used due to dollar limitations.

(13) An assessment of the most appropriate uses for the design-build approach.

(m) Any county named in subdivision (a) that elects to not use the authority granted by this section may submit a report to the Legislative Analyst's Office explaining why the county elected to not use the design-build method.

(n) On or before January 1, 2010, the Legislative Analyst shall report to the Legislature on the use of the design-build method by counties pursuant to this section, including the information listed in subdivision (*l*). The report may include recommendations for modifying or extending this section.

(o) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 20133 of the Public Contract Code proposed by both this bill and SB 287. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2006, (2) each bill amends Section 20133 of the Public Contract Code, and (3) this bill is enacted after SB 287, in which case Sections 1 and 2 of this bill shall not become operative and Sections 1.5 and 2.5 of this bill shall become operative.

SEC. 4. It is the intent of the Legislature that this bill shall not become operative unless both this bill and Senate Bill 287 are both chaptered and become effective January 1, 2006. [Approved by Governor September 22, 2005. Filed with Secretary of State September 22, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 22115.2 of the Education Code is amended to read:

22115.2. "Concurrent membership" means membership in the Defined Benefit Program by an individual who is credited with service that is not used as a basis for benefits under any other public retirement system and is also a member of the California Public Employees' Retirement System, the Legislators' Retirement System, the University of California Retirement System, county retirement systems established under Chapter 3 (commencing with Section 31450) of Part 3 of Division 4 of Title 3 of the Government Code, or the San Francisco Employees' Retirement System. A member with concurrent membership shall have the right to the following:

(a) Have final compensation determined pursuant to subdivision (c) of Section 22134.

(b) Redeposit accumulated retirement contributions pursuant to Section 23201.

(c) Apply for retirement pursuant to paragraph (2) of subdivision (a) of Section 24201.

SEC. 2. Section 22134 of the Education Code is amended to read:

22134. (a) "Final compensation" means the highest average annual compensation earnable by a member during any period of three consecutive school years while an active member of the Defined Benefit Program or time during which he or she was not a member but for which the member has received credit under the Defined Benefit Program, except time that was so credited for service performed outside this state prior to July 1, 1944.

(b) For purposes of this section, periods of service separated by breaks in service may be aggregated to constitute a period of three consecutive years, if the periods of service are consecutive except for the breaks.

(c) The determination of final compensation of a member who has concurrent membership in another retirement system pursuant to Section 22115.2 shall take into consideration the compensation earnable while a member of the other system, provided that all of the following exist:

(1) The member was in state service or in the employment of a local school district or a county superintendent of schools.

(2) Service under the other system was not performed during the same pay period with service under the Defined Benefit Program.

(3) Retirement under the Defined Benefit Program is concurrent with the member's retirement under the other system.

(d) The compensation earnable for the first position in which California service was credited shall be used when additional

compensation earnable is required to accumulate three consecutive years for the purpose of determining final compensation under Section 23805.

(e) If a member has received service credit for part-time service performed prior to July 1, 1956, the member's final compensation shall be adjusted for that service in excess of one year by the ratio that part-time service bears to full-time service.

(f) The board may specify a different final compensation with respect to disability allowances, disability retirement allowances, family allowances, and children's portions of survivor benefit allowances payable on and after January 1, 1978. The compensation earnable for periods of part-time service shall be adjusted by the ratio that part-time service bears to full-time service.

(g) The amendment of former Section 22127 made by Chapter 782 of the Statutes of 1982 does not constitute a change in, but is declaratory of, the existing law.

SEC. 3. Section 22134.5 of the Education Code is amended to read:

22134.5. (a) Notwithstanding Section 22134, "final compensation" means the highest average annual compensation earnable by a member during any period of 12 consecutive months while an active member of the Defined Benefit Program or time during which he or she was not a member but for which the member has received credit under the Defined Benefit Program, except time that was so credited for service performed outside this state prior to July 1, 1944.

(b) For purposes of this section, periods of service separated by breaks in service may be aggregated to constitute a period of 12 consecutive months, if the periods of service are consecutive except for the breaks.

(c) The determination of final compensation of a member who has concurrent membership in another retirement system pursuant to Section 22115.2 shall take into consideration the compensation earnable while a member of the other system, provided that all of the following exist:

(1) The member was in state service or in the employment of a local school district or a county superintendent of schools.

(2) Service under the other system was not performed during the same pay period with service under the Defined Benefit Program.

(3) Retirement under the Defined Benefit Program is concurrent with the member's retirement under the other system.

(d) If a member has received service credit for part-time service performed prior to July 1, 1956, the member's final compensation shall be adjusted for that service in excess of one year by the ratio that part-time service bears to full-time service.

(e) The board may specify a different final compensation with respect to disability allowances, disability retirement allowances, family allowances, and children's portions of survivor benefit allowances

payable on and after January 1, 1978. The compensation earnable for periods of part-time service shall be adjusted by the ratio that part-time service bears to full-time service.

(f) This section shall apply to the following:

(1) A member who has 25 or more years of credited service, excluding service credited pursuant to the following:

(A) Section 22714.

(B) Section 22714.5.

(C) Section 22715.

(D) Section 22717, except as provided in subdivision (b) of Section 22121.

(E) Section 22826.

(2) A nonmember spouse, if the member had 25 or more years of credited service, as calculated in paragraph (1), on the date the parties separated, as established in the judgment or court order pursuant to Section 22652.

SEC. 4. Section 22135 of the Education Code is amended to read:

22135. (a) Notwithstanding subdivisions (a) and (b) of Section 22134, "final compensation" means the highest average annual compensation earnable by an active member who is a classroom teacher who retires, becomes disabled, or dies, after June 30, 1990, during any period of 12 consecutive months during his or her membership in the plan's Defined Benefit Program.

(b) Section 22134, except subdivision (a) of that section, shall apply to classroom teachers who retire after June 30, 1990, and any statutory reference to Section 22134 or "final compensation" with respect to a classroom teacher who retires, becomes disabled, or dies, after June 30, 1990, shall be deemed to be a reference to this section.

(c) As used in this section, "classroom teacher" means any of the following:

(1) All teachers and substitute teachers in positions requiring certification qualifications who spend, during the last 10 years of their employment with the same employer which immediately precedes their retirement, 60 percent or more of their contract time each year providing direct instruction. For the purpose of determining continuity of employment within the meaning of this subdivision, an authorized leave of absence for sabbatical or illness or other collectively bargained or employer-approved leaves shall not constitute a break in service.

(2) Other certificated personnel who spend, during the last 10 years of their employment with the same employer that immediately precedes their retirement, 60 percent or more of their contract time each year providing direct services to pupils, including, but not limited to, librarians, counselors, nurses, speech therapists, resource specialists,

audiologists, audiometrists, hygienists, optometrists, psychologists, driver safety instructors, and personnel on special assignment to perform school attendance and adjustment services.

(d) As used in this section, "classroom teacher" does not include any of the following:

(1) Certificated employees whose job descriptions require an administrative credential.

(2) Certificated employees whose job descriptions include responsibility for supervision of certificated staff.

(3) Certificated employees who serve as advisers, coordinators, consultants, or developers or planners of curricula, instructional materials, or programs, who spend, during the last 10 years of their employment with the same employer that immediately precedes their retirement, less than 60 percent of their contract time in direct instruction.

(4) Certificated employees whose job descriptions require provision of direct instruction or services, but who are functioning in nonteaching assignments.

(5) Classified employees.

(e) This section shall apply only to teachers employed by an employer that has, pursuant to Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code, entered into a written agreement with an exclusive representative, that makes this section applicable to all of its classroom teachers, as defined in subdivision (c).

(f) The written agreement shall include a mechanism to pay for all increases in allowances provided for by this section through employer contributions or employee contributions or both, which shall be collected and retained by the employer in a trust fund to be used solely and exclusively to pay the system for all increases in allowances provided by this section and related administrative costs; and a mechanism for disposition of the employee's contributions if employment is terminated before retirement, and for the establishment of a trust fund board. The trust fund board shall administer the trust fund and shall be composed of an equal number of members representing classroom teachers chosen by the bargaining agent and the employer. If the employer agrees to pay the total cost of increases in allowances, the establishment of a trust fund and a trust fund board shall be optional to the employer. The employer, within 30 days of receiving an invoice from the system, shall reimburse the retirement fund the amount determined by the Teachers' Retirement Board to be the actuarial equivalent of the difference between the allowance the member or beneficiary receives pursuant to this section and the allowance the member or beneficiary would have received if the member's final compensation had been computed under Section 22134 and the proportionate share of the cost to the plan's Defined Benefit

Program, as determined by the Teachers' Retirement Board, of administering this section. The payment shall include the cost of all increases in allowances provided for by this section for all years of service credited to the member as of the benefit effective date. Interest shall be charged at the regular interest rate for any payment not received within 30 days of receipt of the invoice. Payments not received within 30 days after receipt of the invoice may be collected pursuant to Section 23007.

(g) Upon the execution of the agreement, the employer shall notify all certificated employees of the agreement and any certificated employee of the employer, who is a member of the Public Employees' Retirement System pursuant to Section 22508, that he or she may, within 60 days following the date of notification, elect to terminate his or her membership in the Public Employees' Retirement System and become a member of this plan's Defined Benefit Program. However, only service credited under the Defined Benefit Program subsequent to the date of that election shall be subject to this section.

(h) An employer that agrees to become subject to this section, shall, on a form and within the timeframes prescribed by the system, certify the applicability of this section to a member pursuant to the criteria set forth in this section when a retirement, disability, or family allowance becomes payable.

(i) For a nonmember spouse, final compensation shall be determined pursuant to paragraph (2) of subdivision (c) of Section 22664. The employer, within 30 days of receiving an invoice from the system, shall reimburse the retirement fund pursuant to subdivision (f). Interest shall be charged at the regular interest rate for payments not received within the prescribed timeframe. Payments not received within 30 days of invoicing may be collected pursuant to Section 23007.

SEC. 5. Section 22212.5 of the Education Code is amended to read:

22212.5. (a) This section shall apply to the following positions in the system: chief executive officer, system actuary, chief investment officer, and other investment officers and portfolio managers whose positions are designated managerial pursuant to Section 18801.1 of the Government Code.

(b) Notwithstanding Sections 19816, 19825, 19826, 19829, and 19832 of the Government Code, the board shall fix the compensation for the positions specified in subdivision (a). In so doing, the board shall be guided by the principles contained in Sections 19826 and 19829 of the Government Code, consistent with its fiduciary responsibility to its members to recruit and retain highly qualified and effective employees for these positions.

(c) When a position specified in subdivision (a) is filled through a general civil service appointment, it shall be filled from an eligible list based on an examination that was held on an open basis, and tenure in those positions shall be subject to the provisions of Article 2 (commencing with Section 19590) of Chapter 7 of Part 2 of Division 5 of Title 2 of the Government Code. In addition to the causes for action specified in that article, the board may take action under the article for causes related to its fiduciary responsibility to its members, including the employee's failure to meet specified performance objectives.

(d) An individual who held a position designated in subdivision (a) for less than five years may not, for a period of two years after leaving that position, for compensation, act as agent or attorney for, or otherwise represent, any other person, except the state, by making any formal or informal appearance before or by making any oral or written communication to the board, or any officer or employee thereof, if the appearance or communication is made for the purpose of influencing administrative or legislative action or any action or proceeding involving the issuance, amendment, awarding, or revocation of a permit, license, grant, contract, or sale or purchase of goods or property.

SEC. 6. Section 22223 of the Education Code is amended to read:

22223. The members of the board who are not active members of the Defined Benefit Program or active participants of the Cash Balance Benefit Program and who are appointed by the Governor pursuant to Section 22200 shall receive one hundred dollars ($100) for every day of actual attendance at meetings of the board or any meeting of any committee of the board of which the person is a member, and that is conducted for the purpose of carrying out the powers and duties of the board, together with their necessary traveling expenses incurred in connection with performance of their official duties.

SEC. 7. Section 22662 of the Education Code is amended to read:

22662. The nonmember spouse who is awarded a separate account under the Defined Benefit Program may redeposit accumulated retirement contributions previously refunded to the member in accordance with the determination of the court pursuant to Section 22652.

(a) The nonmember spouse may redeposit under the Defined Benefit Program only those accumulated retirement contributions that were previously refunded to the member and in which the court has determined the nonmember spouse has a community property interest.

(b) The nonmember spouse shall inform the system in writing of his or her intent to redeposit within 180 days after the judgment or court order that specifies the redeposit rights of the nonmember spouse is entered. The nonmember spouses' election to redeposit shall be made

on a form provided by the system within 30 days after the system mails an election form and the billing.

(c) If the nonmember spouse elects to redeposit under the Defined Benefit Program, he or she shall repay all or a portion of the member's refunded accumulated retirement contributions that were awarded to the nonmember spouse and shall pay regular interest from the date of the refund to the date payment of the redeposit is completed.

(d) All payments shall be received by the system before the effective date of the nonmember spouse's retirement under this part. If any payment due because of the election is not received at the system's headquarters office, as established pursuant to Section 22375, within 120 days of its due date, the election shall be canceled and any payments made under the election shall be returned to the nonmember spouse.

(e) The right of the nonmember spouse to redeposit shall be subject to Section 23203.

(f) The member shall not have a right to redeposit the share of the nonmember spouse in the previously refunded accumulated retirement contributions under this part whether or not the nonmember spouse elects to redeposit. However, any accumulated retirement contributions previously refunded under this part and not explicitly awarded to the nonmember spouse under this part by the judgment or court order shall be deemed the exclusive property of the member.

SEC. 8. Section 22663 of the Education Code is amended to read:

22663. The nonmember spouse who is awarded a separate account under this part has the right to purchase additional service credit in accordance with the determination of the court pursuant to Section 22652.

(a) The nonmember spouse may purchase only the service credit that the court, pursuant to Section 22652, has determined to be the community property interest of the nonmember spouse.

(b) The nonmember spouse shall inform the system in writing of his or her intent to purchase additional service credit within 180 days after the date the judgment or court order addressing the right of the nonmember spouse to purchase additional service credit is entered. The nonmember spouse shall elect to purchase additional service credit on a form provided by the system within 30 days after the system mails an election form and billing.

(c) If the nonmember spouse elects to purchase additional service credit, he or she shall pay, prior to retirement under this part, all contributions with respect to the additional service at the contribution rate for additional service credit in effect at the time of election and regular interest from July 1 of the year following the year upon which contributions are based.

(1) (A) The nonmember spouse shall purchase additional service credit by paying the required contributions and interest in one lump sum, or in not more than 120 monthly installments, provided that no installment, except the final installment, is less than twenty-five dollars ($25). Regular interest shall be charged on the monthly, unpaid balance if the nonmember spouse pays in installments.

(B) If any payment due, because of the election, is not received at the system's headquarters office, as established pursuant to Section 22375, within 120 days of its due date, the election shall be canceled and any payments made under the election shall be returned to the nonmember spouse.

(2) The contributions shall be based on the member's compensation earnable in the most recent school year during which the member was employed, preceding the date of separation established by the court pursuant to Section 22652.

(3) All payments of contributions and interest shall be received by the system before the effective date of the retirement of the nonmember spouse.

(d) The nonmember spouse does not have a right to purchase additional service credit under this part after the effective date of a refund of the accumulated retirement contributions in the separate account of the nonmember spouse.

(e) The member does not have a right to purchase the community property interest of the nonmember spouse of additional service credit under this part whether or not the nonmember spouse elects to purchase the additional service credit. However, any additional service credit eligible for purchase that is not explicitly awarded to the nonmember spouse by the judgment or court order shall be deemed the exclusive property of the member.

SEC. 9. Section 22703 of the Education Code is amended to read:

22703. (a) Service shall be credited to the Defined Benefit Program, except as provided in subdivision (b).

(b) A member's creditable service that exceeds 1.000 in a school year shall not be credited to the Defined Benefit Program. Commencing July 1, 2002, contributions by the employer that are deposited in the Teachers' Retirement Fund and the member on creditable compensation paid to the member for that service, exclusive of contributions pursuant to Section 22951, shall be credited to the Defined Benefit Supplement Program.

(c) In lieu of any other benefits provided by this part, any member who performed service prior to July 1, 1956, shall receive retirement benefits for that service at least equal to the benefits that the member would have received for that service under the provisions of this part as

they existed on June 30, 1956. This subdivision shall not apply to service that is credited in the San Francisco Employees' Retirement System.

(d) The amendments to this section made during the second year of the 1999–2000 Regular Session shall become operative on July 1, 2002, if the revenue limit cost-of-living adjustment computed by the Superintendent of Public Instruction for the 2001–02 fiscal year is equal to or greater than 3.5 percent. Otherwise the amendments to this section made during the second year of the 1999–2000 Regular Session shall become operative on July 1, 2003.

SEC. 10. Section 22705 of the Education Code is amended to read:

22705. No service shall be included under this part for which a member of the Defined Benefit Program is entitled to receive a retirement benefit in a lump sum or installment payments, for other than military service, from any public retirement system other than this system, or under the American Gratuity Act No. 4151 relating to service in the Philippine Islands under which 15 or more years of creditable service has accrued, or the San Francisco Employees' Retirement System. If a retired member under this part becomes entitled to that retirement benefit, his or her retirement allowance shall be reduced thereafter to exclude the service upon which the retirement benefit is based, without other change in his or her retirement status. This section shall not apply to any retirement benefit received from a defined contribution plan that is qualified under Section 401(a), Section 403(b), or Section 457 of the Internal Revenue Code.

SEC. 11. Section 22705.5 of the Education Code is amended to read:

the member would have been entitled to if the member had been employed on a full-time basis.

(f) The employer shall maintain the necessary records to separately identify each member who participates in the reduced workload program pursuant to this section.

SEC. 2. Section 47660 of the Education Code is amended to read:

47660. (a) For purposes of computing eligibility for, and entitlements to, general purpose funding and operational funding for categorical programs, the enrollment and average daily attendance reported by a sponsoring local educational agency shall exclude the enrollment and attendance of pupils in its charter schools funded pursuant to this chapter.

(1) Notwithstanding subdivision (a), and commencing with the 2005-06 fiscal year, for purposes of computing eligibility for, and entitlements to, revenue limit funding, the average daily attendance of a unified school district, other than a unified school district that has converted all of its schools to charter status pursuant to Section 47606, shall include all attendance of pupils who reside in the unified school district and who would otherwise have been eligible to attend a

noncharter school of the school district, if the school district was a basic aid school district in the prior fiscal year, or if the pupils reside in the unified school district and attended a charter school of a school district that converted to charter status on or after to July 1, 2005. Only the attendance of the pupils described by this paragraph shall be included in the calculation made pursuant to paragraph (7) of subdivision (h) of Section 42238.

(2) Notwithstanding subdivision (a), for the 2005-06 fiscal year only, for purposes of computing eligibility for, and entitlements to, revenue limit funding, the average daily attendance of a unified school district, other than a unified school district that has converted all of its schools to charter status pursuant to Section 47606 and is operating them as charter schools, shall include all attendance of pupils who reside in the unified school district and who would otherwise have been eligible to attend a noncharter school of the unified school district if the pupils attended a charter school established in the unified school district prior to July 1, 2005. Only the attendance of pupils described by this paragraph shall be included in the calculation made pursuant to Section 42241.3.

(d) Commencing with the 2005-06 fiscal year, the general-purpose funding per unit of average daily attendance specified for a unified school

district for purposes of paragraph (7) of subdivision (h) of Section 42238 shall be deemed to be the amount computed pursuant to subdivision (c).

(e) A unified school district that is the chartering authority of a charter school that is subject to the provisions of subdivision (c) shall certify to the Superintendent the amount specified in paragraph (1) of subdivision (c) prior to the approval of the charter petition by the governing board of the school district. This amount may be based on estimates of the unrestricted revenues expended in the fiscal year prior to the school's conversion to charter status and the school's operation as a charter school, provided that the amount is recertified when the actual data becomes available.

(f) For the purposes of this section, "basic aid school district" means a school district that does not receive from the state an apportionment of state funds pursuant to subdivision (h) of Section 42238.

(g) A school district may use the existing Standardized Account Code Structure and cost allocation methods, if appropriate, for an accounting of the actual unrestricted revenues expended in support of a school pursuant to subdivision (c).

[Approved by Governor September 28, 2005. Filed with Secretary of State September 28, 2005.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares the following:

(1) This act establishes a categorical block grant for charter schools for the purpose of providing charter schools with operational funding in addition to the charter school general-purpose entitlement.

(2) The categorical block grant established by this act, when added to other funding received by charter schools or for which charter schools are eligible, is intended to substantially equalize total funding for charter schools that would otherwise be available to similar school districts serving similar pupil populations, and, therefore, is consistent with the intent of Section 47630 of the Education Code.

(3) It may be appropriate for charter schools to receive other resources made available to meet the special needs of pupils, schools, or school districts.

(4) The act revises the existing categorical block grant for charter schools by simplifying the calculation of the block grant, which provides in-lieu funding for a broad array of uses that are supported by categorical programs available to noncharter schools.

(b) It is the intent of the Legislature in enacting this act to do all of the following:

(1) Annually increase Budget Act appropriations so that the increased categorical block grant amount resulting from the provisions of this act is phased-in over a two-year period.

(2) Annually adjust the categorical block grant appropriation for inflation and changes in the average daily attendance and counts of educationally disadvantaged pupils in charter schools.

(3) Triennially review, commencing with appropriations proposed for the 2008–09 fiscal year, the appropriateness of the level of funding provided by the categorical block grant established by this act and

consider the addition of new programs established after the effective date of this act.

(4) Review the allocation of in-lieu funding to charter schools serving pupils who are English learners or from low-income families, or both, to simplify the annual computation and allocation of funding on behalf of those pupils, assure comparability with resources available to noncharter schools, and allow charter schools to effectively provide for the needs of those pupils.

SEC. 2. Section 41540 of the Education Code is amended to read:

41540. (a) There is hereby established the targeted instructional improvement block grant. Commencing with the 2005–06 fiscal year, the Superintendent shall apportion block grant funds to a school district in the same relative statewide proportion that the school district received in the 2003–04 fiscal year for the programs listed in Section 41541.

(b) If a school district is not in violation of a court order regarding desegregation, the school district may expend funds received pursuant to this article for any purpose authorized by the programs listed in Section 41541 as the statutes governing those programs read on January 1, 2004.

(c) For purposes of this article, "school district" includes a county office of education if county offices of education are eligible to receive funds for the programs that are listed in Section 41541. The block grant of a county office of education shall be based only on those programs for which it was eligible to receive funds in the 2003–04 fiscal year.

(d) A school that received funding in the 2000–01 fiscal year, or any fiscal year thereafter, from a desegregation program or a targeted instructional improvement grant program pursuant to Chapter 2.5 (commencing with Section 54200) of Part 29, that was allocated by a school district as part of a court-ordered desegregation program before the school converted to a charter school, shall continue to receive its proportionate share of funding from the school district through the block grant established pursuant to this section if all of the following conditions are met:

(1) The charter school continues to serve the same general population.

(2) The charter school implements the intended goals of the court order.

(3) The court order remains in effect.

Notwithstanding any other provision of law, charter schools that have received a block grant pursuant to this section are not eligible to receive separate funding for programs enumerated in this subdivision or any other state categorical aid programs established on or after July 1, 1999, that are included in the calculation made pursuant to this subdivision and for which charter schools are not required to apply separately.

(b) For purposes of the computation prescribed by subdivision (a), other state categorical aid does not include any of the following:

(1) Programs for which a charter school is required to apply separately.

(2) Programs that support, or are provided in lieu of, capital expenses.

(3) Funding for court-ordered or voluntary desegregation programs.

(4) Special education programs.

(5) Economic Impact Aid.

(6) Lottery funds.

(c) The Superintendent shall annually adjust each of the amounts computed pursuant to subdivision (a) to reflect programs that existed on or after July 1, 1999, or their successors, that are subsequently included in or deleted from the categorical block grant. The Director of Finance shall annually recalculate the cumulative percentage change required pursuant to subdivision (c) of Section 47634.5 by adjusting the base year and the budget year figures to reflect those program shifts.

(d) The Superintendent shall annually adjust each of the resulting four amounts computed pursuant to subdivision (a) by the cumulative percentage change from the 1998–99 fiscal year, as annually calculated by the Director of Finance pursuant to Section 47634.5, in the total amount of state funding per unit of average daily attendance received by local educational agencies maintaining kindergarten or any of grades 1 to 12, inclusive, for purposes that apply toward meeting the requirements of Section 8 of Article XVI of the California Constitution, exclusive of funding for adult education, child development programs, special education, Economic Impact Aid, revenue limits for school districts and county offices of education, and programs for which a charter school is required to apply separately. Programs for which charter schools are required to apply separately are programs that expressly authorize or require a charter school to apply for funding.

(e) The Superintendent shall multiply each of the four amounts computed in subdivision (d) by the charter school's average daily attendance in the corresponding grade level ranges.

(f) The Superintendent shall compute the statewide average amount of funding per identified educationally disadvantaged pupil received by school districts in the current fiscal year pursuant to Article 2 (commencing with Section 54020) of Chapter 1 of Part 29. This amount shall be multiplied by the number of educationally disadvantaged pupils enrolled in the charter school. The resulting amount, if greater than zero, may not be less than the minimum amount of Economic Impact Aid funding to which a school district of similar size would be entitled pursuant to Section 54031. For purposes of this subdivision, a pupil who is eligible for subsidized meals pursuant to Section 49552 and is identified as an English language learner pursuant to subdivision (a) of Section 306 shall count as two pupils.

(g) The Superintendent shall add the amounts computed in subdivisions (e) and (f). The resulting amount shall be the charter school's categorical block grant that the Superintendent shall apportion to each charter school from funds appropriated for this purpose in the annual Budget Act or another statute.

(h) Notwithstanding any other provision of law, a charter school is not eligible to apply for funding under any of the programs the funding of which is included in the computation of the categorical block grant. The Superintendent shall annually provide each charter school with a list of these programs and shall ensure that a charter school receives timely notification of the opportunity to apply for programs administered by the department that are excluded from the categorical block grant.

(i) It is the intent of the Legislature to fully fund the categorical block grant and to appropriate additional funding that may be needed in order to compensate for unanticipated increases in average daily attendance in charter schools. In any fiscal year in which the department identifies a deficiency in the Charter School Categorical Block Grant, the department shall identify programs that are funded toward meeting the requirements of Section 8 of Article XVI of the California Constitution that will have unobligated funds for the year and the associated balances available. At the second principal apportionment, the department shall provide the Department of Finance with a list of those programs and their available balances, and the amount of the deficiency in the Charter School Categorical Block Grant. The Director of Finance shall verify the amount of the deficiency in the Charter School Categorical Block Grant and direct the Controller to transfer from those programs to the Charter School Categorical Block Grant an amount equal to the lesser of the amount available or the amount needed to fully fund the Charter School Categorical Block Grant. The Department of Finance shall request the transfer on or before July 1 and notify the Joint Legislative Budget Committee within 45 days of the transfer.

(j) Categorical block grant funding may be used for any purpose determined by the governing body of the charter school.

(k) This section shall remain in effect only until July 1, 2006, and as of that date is repealed, unless a later enacted statute, which is enacted before July 1, 2006, deletes or extends that date.

SEC. 4. Section 47634.1 is added to the Education Code, to read:

47634.1. (a) Notwithstanding subdivision (a) of Section 47634, a categorical block grant for charter schools for the 2005–06 fiscal year shall be calculated as follows:

(1) The Superintendent shall divide the total amount of funding appropriated for the purpose of this block grant in the annual Budget Act or another statute, less the total amount calculated in paragraph (2), by the statewide total of charter school average daily attendance, as determined at the second principal apportionment for the 2005–06 fiscal year.

(2) The statewide average amount, as computed by the Superintendent, of funding per identified educationally disadvantaged pupil received by school districts in the current fiscal year pursuant to Article 2 (commencing with Section 54020) of Chapter 1 of Part 29. This amount shall be multiplied by the number of educationally disadvantaged pupils enrolled in the charter school. The resulting amount, if greater than zero, may not be less than the minimum amount of Economic Impact Aid funding to which a school district of similar size would be entitled pursuant to Section 54031. For purposes of this subdivision, a pupil who is eligible for subsidized meals pursuant to Section 49552 and is identified as an English learner pursuant to subdivision (a) of Section 306 shall count as two pupils.

(3) For each charter school, the Superintendent shall multiply the amount calculated in paragraph (1) by the school's average daily attendance as determined at the second principal apportionment for the 2005–06 fiscal year.

(4) The Superintendent shall add the amounts computed in paragraphs (2) and (3). The resulting amount shall be the charter school categorical block grant that the Superintendent shall apportion to each charter school from funds appropriated for this purpose in the annual Budget Act or another statute. The Superintendent shall allocate an advance payment of this grant as early as possible, but no later than October 31, 2005, based on prior year average daily attendance as determined at the second principal apportionment or, for a charter school in its first year of operation that commences instruction on or before September 30, 2005, on estimates of average daily attendance for the current fiscal year determined pursuant to Section 47652.

(b) (1) For the 2006–07 fiscal year, the categorical block grant allocated by the Superintendent for charter schools shall be four hundred dollars ($400) per unit of charter school average daily attendance as determined at the second principal apportionment for the 2006–07 fiscal year. This amount shall be supplemented by the amount calculated in paragraph (2).

(2) The statewide average amount, as computed by the Superintendent, of funding per identified educationally disadvantaged pupil received by school districts in the current fiscal year, pursuant to Article 2 (commencing with Section 54020) of Chapter 1 of Part 29, shall be multiplied by the number of educationally disadvantaged pupils enrolled in the charter school. The resulting amount, if greater than zero, may not be less than the minimum amount of Economic Impact Aid funding to which a school district of similar size would be entitled pursuant to Section 54031. For purposes of this subdivision, a pupil who is eligible for subsidized meals pursuant to Section 49552 and is identified as an English learner pursuant to subdivision (a) of Section 306 shall count as two pupils.

(c) (1) For the 2007–08 fiscal year, the categorical block grant allocated by the Superintendent for charter schools shall be five hundred dollars ($500) per unit of charter school average daily attendance as determined at the second principal apportionment for the 2007–08 fiscal year. For each fiscal year thereafter, this per unit amount shall be adjusted for the cost-of-living adjustment, as determined pursuant to Section 42238.1, for that fiscal year. This amount shall be supplemented in the 2007–08 fiscal year and each fiscal year thereafter by the amount calculated in paragraph (2).

(2) The statewide average amount, as computed by the Superintendent, of funding per identified educationally disadvantaged pupil received by school districts in the current year, pursuant to Article 2 (commencing with Section 54020) of Chapter 1 of Part 29, shall be multiplied by the number of educationally disadvantaged pupils enrolled in the charter school. The resulting amount, if greater than zero, may not be less than the minimum amount of Economic Impact Aid funding to which a school district of similar size would be entitled pursuant to Section 54031. For purposes of this subdivision, a pupil who is eligible for subsidized meals pursuant to Section 49552 and is identified as an English learner pursuant to subdivision (a) of Section 306 shall count as two pupils.

(d) It is the intent of the Legislature to fully fund the categorical block grant for charter schools as specified in this section and to appropriate additional funding that may be needed in order to compensate for unanticipated increases in average daily attendance and counts of educationally disadvantaged pupils, pursuant to Article 2 (commencing

with Section 54020) of Chapter 1 of Part 29, in charter schools. In any fiscal year in which the department identifies a deficiency in the categorical block grant, the department shall identify the available balance for programs that count towards meeting the requirements of Section 8 of Article XVI of the California Constitution and have unobligated funds for the year. On or before July 1, the department shall provide the Department of Finance with a list of those programs and their available balances, and the amount of the deficiency, if any, in the categorical block grant. Within 45 days of the receipt of a notification of deficiency, the Director of Finance shall verify the amount of the deficiency in the categorical block grant and direct the Controller to transfer an amount, equal to the lesser of the amount available or the amount needed to fully fund the categorical block grant, from those programs to the categorical block grant. The Department of Finance shall notify the Joint Legislative Budget Committee within 30 days of any transfer made pursuant to this section.

(e) Commencing October 1, 2007, the Legislative Analyst's Office shall triennially convene a work group to review, commencing with appropriations proposed for the 2008–09 fiscal year, the appropriateness of the funding level provided by the categorical block grant established in this section.

(f) Categorical block grant funding may be used for any purpose determined by the governing body of the charter school.

Each school district or county office of education receiving that assistance shall be required to pay the onsite personnel costs and travel costs incurred by the unit for that purpose, pursuant to rates determined by the governing board established under subdivision (b). The governing board annually shall distribute rate information to each school district and county office of education.

(f) The governing board established under subdivision (b) may levy an annual assessment against each county office of education that elects to participate under this section in an amount not to exceed twenty cents ($0.20) per unit of total average daily attendance for all school districts within the county. The revenues collected pursuant to that assessment shall be applied to the expenses of the unit.

(g) The governing board established under subdivision (b) may pay to the department, from any available funds, a reasonable amount to reimburse the department for actual administrative expenses incurred in the review of the budgets and fiscal conditions of school districts and county superintendents of schools.

(h) When employed as a fiscal adviser by the department pursuant to Section 1630, employees of the unit established pursuant to subdivision (a) shall be considered employees of the department for purposes of errors and omissions liability insurance.

(i) (1) The unit shall request and review applications to establish regional teams of education finance experts throughout the state.

(2) To the extent that funding is provided for purposes of this subdivision in the annual Budget Act or through another appropriation, regional teams selected by the Superintendent, in consultation with the unit, shall provide training and technical expertise to school districts and county offices of education facing fiscal difficulties.

(3) The regional teams shall follow the standards and guidelines of and remain under the general supervision of the governing board established under subdivision (b).

(4) It is the intent of the Legislature that, to the extent possible, the regional teams be distributed geographically throughout the various regions of the state in order to provide timely, cost-effective expertise to school districts, county offices of education, and community college districts throughout the state.

SEC. 1.5. Section 42127.8 of the Education Code is amended to read:

42127.8. (a) The governing board provided for in subdivision (b) shall establish a unit to be known as the County Office Fiscal Crisis and Management Assistance Team. The team shall consist of persons having extensive experience in school district budgeting, accounting, data processing, telecommunications, risk management, food services, pupil transportation, purchasing and warehousing, facilities maintenance and operation, and personnel administration, organization, and staffing. The

Each school district, charter school, or county office of education receiving that assistance shall be required to pay the onsite personnel costs and travel costs incurred by the unit for that purpose, pursuant to rates determined by the governing board established under subdivision (b). The governing board annually shall distribute rate information to each school district, charter school, and county office of education.

(2) Facilitate training for members of the governing board of the school district, district and county superintendents, chief financial officers within the district, and schoolsite personnel whose primary responsibility

is to address fiscal issues. Training services shall emphasize efforts to improve fiscal accountability and expand the fiscal competency of local agencies. The unit shall use state professional associations, private organizations, and public agencies to provide guidance, support, and the delivery of any training services.

(3) Facilitate fiscal management training through the 11 county service regions to county office of education staff to ensure that they develop the technical skills necessary to perform their fiduciary duties. The governing board established pursuant to subdivision (b) shall determine the extent of the training that is necessary to comply with this paragraph.

(4) Produce a training calendar, to be disseminated semiannually to each county service region, that publicizes all of the fiscal training services that are being offered at the local, regional, and state levels.

(e) The governing board shall reserve not less than 25 percent, nor more than 50 percent, of its revenues each year for expenditure for the costs of contracts and professional services as management assistance to school districts or county superintendents of schools in which the board determines that a fiscal emergency exists.

(f) The governing board established under subdivision (b) may levy an annual assessment against each county office of education that elects to participate under this section in an amount not to exceed twenty cents ($0.20) per unit of total average daily attendance for all school districts within the county. The revenues collected pursuant to that assessment shall be applied to the expenses of the unit.

(g) The governing board established under subdivision (b) may pay to the department, from any available funds, a reasonable amount to reimburse the department for actual administrative expenses incurred in the review of the budgets and fiscal conditions of school districts, charter schools, and county superintendents of schools.

(b) The board of governors may recommend additional persons with expertise in community college fiscal accountability to serve as part of a FCMAT operation for the purposes of this section.

(c) The board of governors may request FCMAT to assist a community college district as follows:

(1) Whenever regulations adopted by the board of governors authorize contracting for a management review of the district and its educational programs or an audit of the financial conditions of the district.

(2) To provide management or fiscal crisis intervention, or both, for a community college district where a crisis presents an imminent threat to the fiscal integrity and security of that district. In these cases, the FCMAT shall have the authority, subject to regulations adopted by the board of governors, to stay or rescind any action of the district's governing board that is inconsistent with the district's fiscal integrity and security.

(d) The FCMAT shall submit a progress report to the affected district, to the board of governors, and to the chancellor at least every six months, or more frequently if that is required by the chancellor.

(e) Each community college district that receives assistance at the request of the board of governors under subdivision (a), (b), (c), or (d) shall be required to pay the full cost incurred by the unit for these purposes.

(f) If the board of governors requests the assistance of the FCMAT pursuant to paragraph (2) of subdivision (c), the chancellor shall provide the board of governors with a report that includes all of the following:

(2) An action plan for addressing the deficiencies of the district.

(3) A process for assessing district progress in correcting deficiencies.

(4) Benchmarks that indicate the presence of local capacity to manage the fiscal responsibilities of the district.

(g) (1) Irrespective of whether the FCMAT has been requested by the board of governors to assist a district under this section, a district

may request the FCMAT to do either or both of the following at district expense, in accordance with paragraph (2):

(B) Facilitate training for members of the district governing board and for any district employees whose responsibilities include addressing fiscal issues. Training services shall emphasize efforts to improve fiscal accountability and to expand the fiscal competency of the trainees.

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 42127.8 of the Education Code proposed by both this bill and SB 430. CHAPTER 361

An act to add Section 49561 to the Education Code, relating to pupil nutrition.

[Approved by Governor September 28, 2005. Filed with Secretary of State September 28, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Studies have shown that schoolchildren who receive nutritious meals are more likely to have higher achievement scores and fewer disciplinary problems, and less likely to be absent or tardy to class.

(b) Schoolchildren who are considered low income or receive public assistance qualify for free or reduced-priced school meals. The State Department of Education and the State Department of Health Services maintain various databases to ascertain which schoolchildren are eligible for these programs.

(c) Schoolchildren who receive free or reduced-priced meals at school must be certified as enrolled in a school meal program.

(d) The Child Nutrition and WIC Reauthorization Act of 2004 (P.L. 108-265) requires that any child receiving benefits under the federal

Food Stamp Act be certified as eligible for free lunches under the Richard B. Russell National School Lunch Act (42 U.S.C. 1751 et seq.) and free breakfasts under the Child Nutrition Act of 1966 (42 U.S.C. 1771 et seq.), without further application.

(e) Federal law requires the use of direct certification by school districts to be phased in over time with full implementation being realized by July 2008. Specifically, the Child Nutrition and WIC Reauthorization Act of 2004 (P.L. 108-265) requires state education agencies to enter into an agreement with appropriate state agencies conducting eligibility determinations for the Food Stamp Program established pursuant to the Food Stamp Act of 1977 (7 U.S.C. 2011 et seq.).

(f) Research has shown that direct certification increases the participation of low-income schoolchildren in free school meals. Research has also shown direct certification improves the integrity of the meal programs because it ensures that the children receiving the meals are truly needy.

(g) The federal No Child Left Behind Act of 2001 (P.L. 107-110) requires states to establish a database to track pupils' achievement.

(h) Chapter 1002 of the Statutes of 2002 requires the California Department of Education, consistent with the requirements of the No Child Left Behind Act of 2001, to establish the California Longitudinal Pupil Achievement Data System (CalPADS) to track student achievement.

(i) The State Department of Health Services possesses a statewide Medical Eligibility Data System (MEDS), which stores data regarding recipients of food stamps and the California Work Opportunity and Responsibility to Kids Act program (the CalWORKs program) (Ch. 2 (commencing with Sec. 11200), Pt. 3, Div. 9, W.&I.C.).

(j) Both the CalPADS and the MEDS databases will include information that may facilitate a data-matching process.

(k) Although direct certification will increase access to the school meal program by eligible schoolchildren, there is likewise an obligation to protect the privacy and confidentiality of these individuals. For example, the Family Educational Rights and Privacy Act of 1974 (20 U.S.C. 1232g) prohibits entities that receive federal education funds from releasing educational records without the prior consent of the pupil's parent or guardian.

(*l*) It is the intent of the Legislature to seek available federal funds appropriated by the federal Child Nutrition and WIC Reauthorization Act of 2004 (P.L. 108-265) to offset the cost of developing a computerized data-matching system for direct certification.

SEC. 2. Section 49561 is added to the Education Code, to read:

49561. (a) The department shall create a computerized data-matching system using existing databases from the department and the State Department of Health Services to directly certify recipients of the Food Stamp Program, the California Work Opportunity and Responsibility to Kids Act program (the CalWORKs program) (Ch. 2 (commencing with Sec. 11200), Pt. 3, Div. 9, W.& I.C.), and other programs authorized for direct certification under federal law, for enrollment in the National School Lunch and School Breakfast Programs. This subdivision does not include Medi-Cal benefits within the criteria for direct certification specified in the Child Nutrition and WIC Reauthorization Act of 2004 (P.L. 108-265).

(b) The department shall design a process using an existing agency database that will conform with data from the State Department of Health Services to meet the direct certification requirements of the National School Lunch Act, as amended, pursuant to Chapter 13 (commencing with Section 1751) of Title 42 of the United States Code, and the Child Nutrition Act of 1966, as amended, pursuant to Chapter 13A (commencing with Section 1771) of Title 42 of the United States Code.

(c) The department shall design a process using computerized data pursuant to subdivision (a) that will maximize enrollment in school meal programs and improve program integrity while ensuring that pupil privacy safeguards remain in place.

(d) Each state agency identified in subdivision (a) is responsible for the maintenance and protection of data received by their respective agency. The state agency that possesses the data shall follow privacy and confidentiality procedures consistent with all applicable state and federal law.

(e) The department shall determine the availability of and request or apply for, as appropriate, federal funds to assist the state in implementing new direct certification requirements mandated by federal law.

(f) This section shall become operative upon receipt of federal funds to assist the state in implementing new direct certification requirements mandated by federal law.

CHAPTER 362

An act to add Article 1.3 (commencing with Section 78017) to Chapter 1 of Part 48 of the Education Code, relating to agricultural education.

[Approved by Governor September 28, 2005. Filed with Secretary of State September 28, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Article 1.3 (commencing with Section 78017) is added to Chapter 1 of Part 48 of the Education Code, to read:

Article 1.3. Agricultural Education Program Quality Criteria

78017. The Legislature finds and declares all of the following:

(a) Agriculture is one of the most important industries in California, contributing over sixty-five billion dollars ($65,000,000,000) annually to the state's economic activity.

(b) Agricultural education programs within the California Community Colleges system can, and do, play an important role in providing relevant workforce training as well as college and university transfer options for students.

(c) Among the purposes of the California Community Colleges Agriculture and Natural Resources Advisory Committee is the development of recommendations for improving and enhancing community college agricultural education programs on a statewide basis.

(d) It is in the best interests of the public that programs in agricultural education that exist within the California Community Colleges system be measured annually against uniform, objective quality criteria indicators.

78017.3. (a) The California Community Colleges Agriculture and Natural Resources Advisory Committee shall identify and develop quality program criteria that may be used to uniformly evaluate the effectiveness of the agricultural education programs in community colleges throughout California. These criteria shall be developed in consultation with instructors, administrators, students, industry representatives, and other interested parties, and shall build upon the local program evaluation document previously developed by the advisory committee. These criteria shall be submitted, no later than June 30, 2007, in a written report to the Chancellor of the California Community Colleges and the Legislature.

(b) The California Community Colleges Agriculture and Natural Resources Advisory Committee shall perform all of the activities specified in subdivision (a) within the allotment of funding provided to the advisory committee under the federal Carl D. Perkins Vocational and Technical Education Act (VTEA). Under no circumstances shall these activities result in a state operations request for General Fund support or displace any other VTEA-funded state operations activities within the office of the Chancellor of the California Community Colleges.

CHAPTER 363

An act to add Sections 81383 and 81384 to the Education Code, relating to community college district property.

[Approved by Governor September 28, 2005. Filed with Secretary of State September 28, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 81383 is added to the Education Code, to read:

81383. Notwithstanding Section 81360, the sale by the governing board of any community college district of any real property belonging to the community college district, or the lease by that governing board, for a term not exceeding 99 years, of any real property, together with any personal property located thereon, belonging to the community college district shall not be subject to Part 49 (commencing with Section 81000) or to Article 8 (commencing with Section 54220) of Chapter 5 of Part 1 of Division 2 of Title 5 of the Government Code, if all of the following conditions are met:

(a) The property is sold or leased to another local governmental agency, or to a nonprofit corporation that is organized for the purpose of assisting one or more local governmental agencies in obtaining financing for a qualified community college facility.

(b) (1) In the case of the sale of community college district property pursuant to this section, the community college district, as part of that same sale transaction, simultaneously repurchases the same property that is the subject of the transaction.

(2) In the case of the lease of community college district property pursuant to this section, the community college district, as part of that same lease transaction, simultaneously leases back, for a term that is not substantially less than the term of that lease, the same property that is the subject of the transaction.

(c) The financing proceeds obtained by the community college district pursuant to any transaction described in this section are expended solely for capital outlay purposes relating to a qualified community college facility, including the acquisition of real property for intended use as a site for a qualified community college facility and the design, planning, acquisition, construction, reconstruction, and renovation of qualified community college facilities.

(d) For purposes of this section and Section 81384, the term "qualified community college facility" means real and personal property, improvements, and related facilities that are determined in a resolution

of the governing board of the community college district to satisfy each of the following requirements:

(1) The facilities will (A) assist the community college district in reducing energy and resource consumption while creating a safer and healthier learning environment and (B) operate as energy and resource efficient buildings by taking cost-effective measures similar to those described in the Green Building Action Plan promulgated by the Governor for facilities owned, funded or leased by the state.

(2) The facilities are affordable for the community college district as set forth in estimated annual summary budgets of the community college district that include the estimated costs of financing the facilities during the estimated duration of the financing demonstrating that the reasonably anticipated expenditures during each fiscal year shall not exceed the reasonably anticipated revenues for that fiscal year.

SEC. 2. Section 81384 is added to the Education Code, to read:

81384. When a community college district enters into a sale or lease of community college district property pursuant to Section 81383, the community college district shall, as a part of the sale contract or lease, authorize the chancellor and Controller to withhold from its annual apportionment the amount of funds necessary to satisfy its annual payment obligation under the sale contract or lease. The agreement shall include authorization to withhold this amount and specify the amount to be withheld. The authorization shall have precedence over other expenditure obligations of the community college district. The chancellor, directly or through his or her agent, shall certify the amounts, by district, to the Controller. The Controller shall withhold the amount so reported for each community college district and shall, acting on behalf of each community college district, transfer the appropriate amount from Section B of the State School Fund to or upon the order of the issuer of bonds (or the lender on short-term loans) for the purpose of payment of the debt service obligation for the bonds (or short-term loan) sold for capital outlay purposes relating to a qualified community college facility pursuant to Section 81383. Only the annual apportionments of those community college districts that have authorized the chancellor and the Controller to act pursuant to this section shall be affected by this section, and the annual apportionments of all other community college districts in the state shall remain unchanged. For purposes of this section, short-term loans shall include, but are not limited to, loans made by the Pooled Money Investment Board pursuant to Section 16312 of the Government Code in connection with the financing of a qualified community college facility.

(c) This article shall remain in effect until January 1, 2008, and on that date is repealed unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date.

CHAPTER 366

An act to amend and repeal Section 454.5 of, and to add Sections 454.55, 454.56, 1002.3, and 9615 to, the Public Utilities Code, relating to public utilities.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 454.5 of the Public Utilities Code, as added by Section 2 of Chapter 835 of the Statutes of 2002, is repealed.

SEC. 2. Section 454.5 of the Public Utilities Code, as added by Section 3 of Chapter 850 of the Statutes of 2002, is amended to read:

454.5. (a) The commission shall specify the allocation of electricity, including quantity, characteristics, and duration of electricity delivery, that the Department of Water Resources shall provide under its power purchase agreements to the customers of each electrical corporation, which shall be reflected in the electrical corporation's proposed procurement plan. Each electrical corporation shall file a proposed procurement plan with the commission not later than 60 days after the commission specifies the allocation of electricity. The proposed procurement plan shall specify the date that the electrical corporation intends to resume procurement of electricity for its retail customers, consistent with its obligation to serve. After the commission's adoption of a procurement plan, the commission shall allow not less than 60 days before the electrical corporation resumes procurement pursuant to this section.

(b) An electrical corporation's proposed procurement plan shall include, but not be limited to, all of the following:

(1) An assessment of the price risk associated with the electrical corporation's portfolio, including any utility-retained generation, existing power purchase and exchange contracts, and proposed contracts or purchases under which an electrical corporation will procure electricity, electricity demand reductions, and electricity-related products and the remaining open position to be served by spot market transactions.

(2) A definition of each electricity product, electricity-related product, and procurement related financial product, including support and justification for the product type and amount to be procured under the plan.

(3) The duration of the plan.

(4) The duration, timing, and range of quantities of each product to be procured.

(5) A competitive procurement process under which the electrical corporation may request bids for procurement-related services, including the format and criteria of that procurement process.

(6) An incentive mechanism, if any incentive mechanism is proposed, including the type of transactions to be covered by that mechanism, their respective procurement benchmarks, and other parameters needed to determine the sharing of risks and benefits.

(7) The upfront standards and criteria by which the acceptability and eligibility for rate recovery of a proposed procurement transaction will be known by the electrical corporation prior to execution of the transaction. This shall include an expedited approval process for the commission's review of proposed contracts and subsequent approval or rejection thereof. The electrical corporation shall propose alternative procurement choices in the event a contract is rejected.

(8) Procedures for updating the procurement plan.

(9) A showing that the procurement plan will achieve the following:

(A) The electrical corporation will, in order to fulfill its unmet resource needs and in furtherance of Section 701.3, until a 20 percent renewable resources portfolio is achieved, procure renewable energy resources with the goal of ensuring that at least an additional 1 percent per year of the electricity sold by the electrical corporation is generated from renewable energy resources, provided sufficient funds are made available pursuant to Section 399.6, to cover the above-market costs for new renewable energy resources.

(B) The electrical corporation will create or maintain a diversified procurement portfolio consisting of both short-term and long-term electricity and electricity-related and demand reductions products.

(C) The electrical corporation will first meet its unmet resource needs through all available energy efficiency and demand reduction resources that are cost effective, reliable, and feasible.

(10) The electrical corporation's risk management policy, strategy, and practices, including specific measures of price stability.

(11) A plan to achieve appropriate increases in diversity of ownership and diversity of fuel supply of nonutility electrical generation.

(12) A mechanism for recovery of reasonable administrative costs related to procurement in the generation component of rates.

(c) The commission shall review and accept, modify, or reject each electrical corporation's procurement plan. The commission's review shall consider each electrical corporation's individual procurement situation, and shall give strong consideration to that situation in determining which one or more of the features set forth in this subdivision

shall apply to that electrical corporation. A procurement plan approved by the commission shall contain one or more of the following features, provided that the commission may not approve a feature or mechanism for an electrical corporation if it finds that the feature or mechanism would impair the restoration of an electrical corporation's creditworthiness or would lead to a deterioration of an electrical corporation's creditworthiness:

(1) A competitive procurement process under which the electrical corporation may request bids for procurement-related services. The commission shall specify the format of that procurement process, as well as criteria to ensure that the auction process is open and adequately subscribed. Any purchases made in compliance with the commission-authorized process shall be recovered in the generation component of rates.

(2) An incentive mechanism that establishes a procurement benchmark or benchmarks and authorizes the electrical corporation to procure from the market, subject to comparing the electrical corporation's performance to the commission-authorized benchmark or benchmarks. The incentive mechanism shall be clear, achievable, and contain quantifiable objectives and standards. The incentive mechanism shall contain balanced risk and reward incentives that limit the risk and reward of an electrical corporation.

(3) Upfront achievable standards and criteria by which the acceptability and eligibility for rate recovery of a proposed procurement transaction will be known by the electrical corporation prior to the execution of the bilateral contract for the transaction. The commission shall provide for expedited review and either approve or reject the individual contracts submitted by the electrical corporation to ensure compliance with its procurement plan. To the extent the commission rejects a proposed contract pursuant to this criteria, the commission shall designate alternative procurement choices obtained in the procurement plan that will be recoverable for ratemaking purposes.

(d) A procurement plan approved by the commission shall accomplish each of the following objectives:

(1) Enable the electrical corporation to fulfill its obligation to serve its customers at just and reasonable rates.

(2) Eliminate the need for after-the-fact reasonableness reviews of an electrical corporation's actions in compliance with an approved procurement plan, including resulting electricity procurement contracts, practices, and related expenses. However, the commission may establish a regulatory process to verify and assure that each contract was administered in accordance with the terms of the contract, and contract disputes which may arise are reasonably resolved.

(3) Ensure timely recovery of prospective procurement costs incurred pursuant to an approved procurement plan. The commission shall establish rates based on forecasts of procurement costs adopted by the commission, actual procurement costs incurred, or combination thereof, as determined by the commission. The commission shall establish power procurement balancing accounts to track the differences between recorded revenues and costs incurred pursuant to an approved procurement plan. The commission shall review the power procurement balancing accounts, not less than semiannually, and shall adjust rates or order refunds, as necessary, to promptly amortize a balancing account, according to a schedule determined by the commission. Until January 1, 2006, the commission shall ensure that any overcollection or undercollection in the power procurement balancing account does not exceed 5 percent of the electrical corporation's actual recorded generation revenues for the prior calendar year excluding revenues collected for the Department of Water Resources. The commission shall determine the schedule for amortizing the overcollection or undercollection in the balancing account to ensure that the 5 percent threshold is not exceeded. After January 1, 2006, this adjustment shall occur when deemed appropriate by the commission consistent with the objectives of this section.

(4) Moderate the price risk associated with serving its retail customers, including the price risk embedded in its long-term supply contracts, by authorizing an electrical corporation to enter into financial and other electricity-related product contracts.

(5) Provide for just and reasonable rates, with an appropriate balancing of price stability and price level in the electrical corporation's procurement plan.

(e) The commission shall provide for the periodic review and prospective modification of an electrical corporation's procurement plan.

(f) The commission may engage an independent consultant or advisory service to evaluate risk management and strategy. The reasonable costs of any consultant or advisory service is a reimbursable expense and eligible for funding pursuant to Section 631.

(g) The commission shall adopt appropriate procedures to ensure the confidentiality of any market sensitive information submitted in an electrical corporation's proposed procurement plan or resulting from or related to its approved procurement plan, including, but not limited to, proposed or executed power purchase agreements, data request responses, or consultant reports, or any combination, provided that the Office of Ratepayer Advocates and other consumer groups that are nonmarket participants shall be provided access to this information under confidentiality procedures authorized by the commission.

(h) Nothing in this section alters, modifies, or amends the commission's oversight of affiliate transactions under its rules and decisions or the commission's existing authority to investigate and penalize an electrical corporation's alleged fraudulent activities, or to disallow costs incurred as a result of gross incompetence, fraud, abuse, or similar grounds. Nothing in this section expands, modifies, or limits the State Energy Resources Conservation and Development Commission's existing authority and responsibilities as set forth in Sections 25216, 25216.5, and 25323 of the Public Resources Code.

(i) An electrical corporation that serves less than 500,000 electric retail customers within the state may file with the commission a request for exemption from this section, which the commission shall grant upon a showing of good cause.

(j) (1) Prior to its approval pursuant to Section 851 of any divestiture of generation assets owned by an electrical corporation on or after the date of enactment of the act adding this section, the commission shall determine the impact of the proposed divestiture on the electrical corporation's procurement rates and shall approve a divestiture only to the extent it finds, taking into account the effect of the divestiture on procurement rates, that the divestiture is in the public interest and will result in net ratepayer benefits.

(2) Any electrical corporation's procurement necessitated as a result of the divestiture of generation assets on or after the effective date of the act adding this subdivision shall be subject to the mechanisms and procedures set forth in this section only if its actual cost is less than the recent historical cost of the divested generation assets.

(3) Notwithstanding paragraph (2), the commission may deem proposed procurement eligible to use the procedures in this section upon its approval of asset divestiture pursuant to Section 851.

SEC. 3. Section 454.55 is added to the Public Utilities Code, immediately following Section 454.5, to read:

454.55. The commission, in consultation with the State Energy Resources Conservation and Development Commission, shall identify all potentially achievable cost-effective electricity efficiency savings and establish efficiency targets for an electrical corporation to achieve pursuant to Section 454.5.

SEC. 4. Section 454.56 is added to the Public Utilities Code, to read:

454.56. (a) The commission, in consultation with the State Energy Resources Conservation and Development Commission, shall identify all potentially achievable cost-effective natural gas efficiency savings and establish efficiency targets for the gas corporation to achieve.

(b) A gas corporation shall first meet its unmet resource needs through all available natural gas efficiency and demand reduction resources that are cost effective, reliable, and feasible.

SEC. 5. Section 1002.3 is added to the Public Utilities Code, to read:

1002.3. In considering an application for a certificate for an electric transmission facility pursuant to Section 1001, the commission shall consider cost-effective alternatives to transmission facilities that meet the need for an efficient, reliable, and affordable supply of electricity, including, but not limited to, demand-side alternatives such as targeted energy efficiency, ultraclean distributed generation, as defined in Section 353.2, and other demand reduction resources.

SEC. 6. Section 9615 is added to the Public Utilities Code, to read:

9615. (a) Each local publicly owned electric utility, in procuring energy, shall first acquire all available energy efficiency and demand reduction resources that are cost effective, reliable, and feasible.

(b) Each local publicly owned electric utility shall report annually to its customers and to the State Energy Resources Conservation and Development Commission, its investment in energy efficiency and demand reduction programs. A report shall contain a description of programs, expenditures, and expected and actual energy savings results.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because, in that regard, this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 367

An act to add Sections 380 and 9620 to the Public Utilities Code, relating to electricity.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 380 is added to the Public Utilities Code, to read:

380. (a) The commission, in consultation with the Independent System Operator, shall establish resource adequacy requirements for all load-serving entities.

(b) In establishing resource adequacy requirements, the commission shall achieve all of the following objectives:

(1) Facilitate development of new generating capacity and retention of existing generating capacity that is economic and needed.

(2) Equitably allocate the cost of generating capacity and prevent shifting of costs between customer classes.

(3) Minimize enforcement requirements and costs.

(c) Each load-serving entity shall maintain physical generating capacity adequate to meet its load requirements, including, but not limited to, peak demand and planning and operating reserves. The generating capacity shall be deliverable to locations and at times as may be necessary to provide reliable electric service.

(d) Each load-serving entity shall, at a minimum, meet the most recent minimum planning reserve and reliability criteria approved by the Board of Trustees of the Western Systems Coordinating Council or the Western Electricity Coordinating Council.

(e) The commission shall implement and enforce the resource adequacy requirements established in accordance with this section in a nondiscriminatory manner. Each load-serving entity shall be subject to the same requirements for resource adequacy and the renewables portfolio standard program that are applicable to electrical corporations pursuant to this section, or otherwise required by law, or by order or decision of the commission. The commission shall exercise its enforcement powers to ensure compliance by all load-serving entities.

(f) The commission shall require sufficient information, including, but not limited to, anticipated load, actual load, and measures undertaken by a load-serving entity to ensure resource adequacy, to be reported to enable the commission to determine compliance with the resource adequacy requirements established by the commission.

(g) An electrical corporation's costs of meeting resource adequacy requirements, including, but not limited to, the costs associated with system reliability and local area reliability, that are determined to be reasonable by the commission, or are otherwise recoverable under a procurement plan approved by the commission pursuant to Section 454.5, shall be fully recoverable from those customers on whose behalf the costs are incurred, as determined by the commission, at the time the

commitment to incur the cost is made or thereafter, on a fully nonbypassable basis, as determined by the commission. The commission shall exclude any amounts authorized to be recovered pursuant to Section 366.2 when authorizing the amount of costs to be recovered from customers of a community choice aggregator or from customers that purchase electricity through a direct transaction pursuant to this subdivision.

(h) The commission shall determine and authorize the most efficient and equitable means for achieving all of the following:

(1) Meeting the objectives of this section.

(2) Ensuring that investment is made in new generating capacity.

(3) Ensuring that existing generating capacity that is economic is retained.

(4) Ensuring that the cost of generating capacity is allocated equitably.

(i) In making the determination pursuant to subdivision (h), the commission may consider a centralized resource adequacy mechanism among other options.

(j) For purposes of this section, "load-serving entity" means an electrical corporation, electric service provider, or community choice aggregator. "Load-serving entity" does not include any of the following:

(1) A local publicly owned electric utility as defined in Section 9604.

(2) The State Water Resources Development System commonly known as the State Water Project.

(3) Customer generation located on the customer's site or providing electric service through arrangements authorized by Section 218, if the customer generation, or the load it serves, meets one of the following criteria:

(A) It takes standby service from the electrical corporation on a commission-approved rate schedule that provides for adequate backup planning and operating reserves for the standby customer class.

(B) It is not physically interconnected to the electric transmission or distribution grid, so that, if the customer generation fails, backup electricity is not supplied from the electricity grid.

(C) There is physical assurance that the load served by the customer generation will be curtailed concurrently and commensurately with an outage of the customer generation.

SEC. 2. Section 9620 is added to the Public Utilities Code, to read:

9620. (a) Each local publicly owned electric utility serving end-use customers, shall prudently plan for and procure resources that are adequate to meet its planning reserve margin and peak demand and operating reserves, sufficient to provide reliable electric service to its customers. Customer generation located on the customer's site or providing electric service through arrangements authorized by Section

218, shall not be subject to these requirements if the customer generation, or the load it serves, meets one of the following criteria:

(1) It takes standby service from the local publicly owned electric utility on a rate schedule that provides for adequate backup planning and operating reserves for the standby customer class.

(2) It is not physically interconnected to the electric transmission or distribution grid, so that, if the customer generation fails, backup power is not supplied from the electricity grid.

(3) There is physical assurance that the load served by the customer generation will be curtailed concurrently and commensurately with an outage of the customer generation.

(b) Each local publicly owned electric utility serving end-use customers shall, at a minimum, meet the most recent minimum planning reserve and reliability criteria approved by the Board of Trustees of the Western Systems Coordinating Council or the Western Electricity Coordinating Council.

(c) A local publicly owned electric utility serving end-use customers shall, upon request, provide the State Energy Resources Conservation and Development Commission with any information the State Energy Resources Conservation and Development Commission determines is necessary to evaluate the progress made by the local publicly owned electric utility in meeting the requirements of this section.

(d) The State Energy Resources Conservation and Development Commission shall report to the Legislature, to be included in each integrated energy policy report prepared pursuant to Section 25302 of the Public Resources Code, regarding the progress made by each local publicly owned electric utility serving end-use customers in meeting the requirements of this section.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because certain costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

As to certain other costs, no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level

of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 368

An act to add Section 141 to the Water Code, relating to the State Water Project.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that it is in the interest of the state to conserve resources and to promote projects that further that interest.

SEC. 2. Section 141 is added to the Water Code, to read:

141. (a) The department may establish a program to authorize private entities to lease space above or adjacent to appropriate conveyance facilities of the State Water Project for the purpose of installing solar photovoltaic panels and systems for generating electricity from those panels and transferring electricity through the related systems. Upon request, the department shall evaluate proposals for installing solar photovoltaic panels and related systems for the generation and transfer of electricity. A proposal submitted to the department for evaluation shall include, but need not be limited to, an engineering study of the proposed solar photovoltaic panels and related systems and an evaluation of the effect the solar photovoltaic panels and related systems may have on water supply, water quality, worker safety, and liability considerations. The costs of the engineering study and the department's evaluation shall be paid by the person or entity making the request.

(b) After approval of a proposal as described in subdivision (a), the department may negotiate any level of compensation for an agreement for the installation of solar photovoltaic panels and related systems that is equal to, or greater than, the cost to the department of meeting its obligations under the agreement. These costs shall include, but are not limited to, the costs of operating and maintaining State Water Project facilities and lease administration that are directly related to the lease and use of the conveyance facilities.

CHAPTER 369

An act to amend Section 2827.9 of the Public Utilities Code, relating to electricity.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 2827.9 of the Public Utilities Code is amended to read:

2827.9. (a) (1) The Legislature finds and declares that a pilot program to provide net energy metering for eligible biogas digester customer-generators would enhance the continued diversification of California's energy resource mix and would encourage the installation of livestock air emission controls that the State Air Resources Board believes may produce multiple environmental benefits.

(2) The Legislature further finds and declares that the net energy metering pilot program authorized pursuant to this section for eligible biogas digester customer-generators, which nets out generation charges against generation charges on a time-of-use basis, furthers the intent of Chapter 7 of the Statutes of 2001, First Extraordinary Session, by facilitating the implementation of energy efficiency programs in order to reduce consumption of energy, reduce the costs associated with energy demand, and achieve a reduction in peak electricity demand.

(b) As used in this section, the following definitions apply:

(1) "Electrical corporation" means an electrical corporation, as defined in Section 218.

(2) (A) "Eligible biogas digester customer-generator" means a customer of an electrical corporation that meets both of the following criteria:

(i) Uses a biogas digester electrical generating facility with a capacity of not more than one megawatt that is located on or adjacent to the customer's owned, leased, or rented premises, is interconnected and operates in parallel with the electric grid, and is sized to offset part or all of the eligible biogas digester customer-generator's own electrical requirements.

(ii) Is the recipient of local, state, or federal funds, or who self-finances pilot projects designed to encourage the development of eligible biogas digester electrical generating facilities.

(B) Notwithstanding subparagraph (A), up to three large biogas digester electrical generating facilities with a generating capacity of

more than one megawatt and not more than 10 megawatts, otherwise meeting the criteria of this section, shall be eligible for participation in the pilot program.

(3) "Eligible biogas digester electrical generating facility" means a generating facility used to produce electricity by either a manure methane production project or as a byproduct of the anaerobic digestion of biosolids and animal waste.

(4) "Net energy metering" means measuring the difference between the electricity supplied through the electric grid and the difference between the electricity generated by an eligible biogas digester customer-generator and fed back to the electric grid over a 12-month period as described in subdivision (e). Net energy metering shall be accomplished using a time-of-use meter capable of registering the flow of electricity in two directions. If the existing electrical meter of an eligible biogas digester customer-generator is not capable of measuring the flow of electricity in two directions, the eligible biogas digester customer-generator shall be responsible for all expenses involved in purchasing and installing a meter that is able to measure electricity flow in two directions. If an additional meter or meters are installed, the net energy metering calculation shall yield a result identical to that of a time-of-use meter.

(c) Every electrical corporation shall file with the commission a standard tariff providing for net energy metering for eligible biogas digester customer-generators, consistent with this section. Every electrical corporation shall make this tariff available to eligible biogas digester customer-generators upon request, on a first-come-first-served basis, until the combined statewide cumulative rated generating capacity used by the eligible biogas digester customer-generators in the service territories of the three largest electrical corporations in the state reaches 50 megawatts. An eligible biogas digester customer-generator shall be eligible for the tariff for the life of the eligible biogas digester electrical generating facility.

(d) Each net energy metering contract or tariff shall be identical, with respect to rate structure, all retail rate components, and any monthly charges, to the contract or tariff to which the same customer would be assigned if the customer was not an eligible biogas digester customer-generator, except as set forth in subdivision (e). Any new or additional demand charge, standby charge, customer charge, minimum monthly charge, interconnection charge, or other charge that would increase an eligible biogas digester customer-generator's costs beyond those of other customers in the rate class to which the eligible biogas digester customer-generator would otherwise be assigned are contrary

to the intent of this legislation, and shall not form a part of net energy metering tariffs.

(e) The net energy metering calculation shall be made by measuring the difference between the electricity supplied to the eligible customer-generator and the electricity generated by the eligible customer-generator and fed back to the electric grid over a 12-month period. The following rules shall apply to the annualized metering calculation:

(1) The eligible biogas digester customer-generator shall, at the end of each 12-month period following the date of final interconnection of the eligible biogas digester customer-generator's system with an electrical corporation, and at each anniversary date thereafter, be billed for electricity used during that period. The electrical corporation shall determine if the eligible biogas digester customer-generator was a net consumer or a net producer of electricity during that period. For purposes of determining if the biogas digester customer-generator was a net consumer or a net producer of electricity during that period, the electrical corporation shall aggregate the electrical load of a dairy operation under the same ownership, including, but not limited to, the electrical load attributable to milking operations, milk refrigeration, and water pumping located on property adjacent or contiguous to the dairy. Each aggregated account shall be billed and measured according to a time-of-use rate schedule.

(2) At the end of each 12-month period, where the electricity supplied during the period by the electrical corporation exceeds the electricity generated by the eligible biogas digester customer-generator during that same period, the eligible biogas digester customer-generator is a net electricity consumer and the electrical corporation shall be owed compensation for the eligible biogas digester customer-generator's net kilowatthour consumption over that same period. The compensation owed for the eligible biogas digester customer-generator's consumption shall be calculated as follows:

(A) The generation charges for any net monthly consumption of electricity shall be calculated according to the terms of the tariff to which the same customer would be assigned to or be eligible for if the customer was not an eligible biogas digester customer-generator. When those eligible biogas digester customer-generators are net generators during any discrete time-of-use period, the net kilowatthours produced shall be valued at the same price per kilowatthour as the electrical corporation would charge for retail kilowatthour sales for generation, exclusive of any surcharges, during that same time-of-use period. If the eligible biogas digester customer-generator's time-of-use electrical meter is unable to measure the flow of electricity in two directions, paragraph (4) of

subdivision (b) shall apply. All other charges, other than generation charges, shall be calculated in accordance with the eligible biogas digester customer-generator's applicable tariff and based on the total killowatthours delivered by the electrical corporation to the eligible biogas digester customer-generator. To the extent that charges for transmission and distribution services are recovered through demand charges in any particular month, no standby reservation charges shall apply in that monthly billing cycle.

(B) The net balance of moneys owed shall be paid in accordance with the electrical corporation's normal billing cycle.

(3) At the end of each 12-month period, where the electricity generated by the eligible biogas digester customer-generator during the 12-month period exceeds the electricity supplied by the electrical corporation during that same period, the eligible biogas digester customer-generator is a net electricity producer and the electrical corporation shall retain any excess kilowatthours generated during the prior 12-month period. The eligible biogas digester customer-generator shall not be owed any compensation for those excess kilowatthours.

(4) If an eligible biogas digester customer-generator terminates service with the electrical corporation, the electrical corporation shall reconcile the eligible biogas digester customer-generator's consumption and production of electricity during any 12-month period.

(f) No biogas digester electrical generating facility shall be eligible for participation in the tariff established pursuant to this section, that has not commenced operation by December 31, 2009. A biogas digester customer-generator shall be eligible for the tariff established pursuant to this section, only for the operating life of the eligible biogas digester electrical generating facility.

(g) No biogas digester electrical generating facility that is subject to the best available control technology (BACT) requirements shall be eligible for participation in the tariff pursuant to this section unless the biogas digester electrical generating facility has installed the best available control technology as required by the regional air pollution control district at the time of installation to ensure the maximum feasible reductions in toxic and criteria pollutants.

(h) On or before December 31, 2008, the commission, in collaboration with the State Air Resources Board, shall report to the Legislature all of the following information:

(1) The impact of the pilot program on emissions of air pollutants.

(2) The impact of the pilot program on the reliability of the transmission and distribution grid.

(3) The impact of the pilot program on ratepayers.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 370

An act to amend Sections 851 and 853 of the Public Utilities Code, relating to the regulation of public utilities.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 851 of the Public Utilities Code is amended to read:

851. No public utility other than a common carrier by railroad subject to Part I of the Interstate Commerce Act (49 U.S.C. Sec. 10101 et seq.) shall sell, lease, assign, mortgage, or otherwise dispose of or encumber the whole or any part of its railroad, street railroad, line, plant, system, or other property necessary or useful in the performance of its duties to the public, or any franchise or permit or any right thereunder, nor by any means whatsoever, directly or indirectly, merge or consolidate its railroad, street railroad, line, plant, system, or other property, or franchises or permits or any part thereof, with any other public utility, without first having either secured an order from the commission authorizing it to do so for qualified transactions valued above five million dollars ($5,000,000), or for qualified transactions valued at five million dollars ($5,000,000) or less, filed an advice letter and obtained a resolution from the commission authorizing it to do so. The commission shall determine the types of transactions valued at five million dollars ($5,000,000) or less, that qualify for advice letter handling. For a qualified transaction valued at five million dollars ($5,000,000) or less, the commission may designate a procedure different than the advice letter procedure if it determines that the transaction warrants a more comprehensive review. Absent protest or incomplete documentation, the commission shall approve or deny the advice letter within 120 days of its filing by the

applicant public utility. The commission shall reject any advice letter that seeks to circumvent the five million dollars ($5,000,000) threshold by dividing what is a single asset with a value of more than five million dollars ($5,000,000), into component parts, each valued at less than five million dollars ($5,000,000). Every sale, lease, assignment, mortgage, disposition, encumbrance, merger, or consolidation made other than in accordance with the advice letter and resolution from the commission authorizing it is void. The permission and approval of the commission to the exercise of a franchise or permit under Article 1 (commencing with Section 1001) of Chapter 5 of this part, or the sale, lease, assignment, mortgage, or other disposition or encumbrance of a franchise or permit under this article shall not revive or validate any lapsed or invalid franchise or permit, or enlarge or add to the powers or privileges contained in the grant of any franchise or permit, or waive any forfeiture.

Nothing in this section shall prevent the sale, lease, encumbrance or other disposition by any public utility of property that is not necessary or useful in the performance of its duties to the public, and any disposition of property by a public utility shall be conclusively presumed to be of property that is not useful or necessary in the performance of its duties to the public, as to any purchaser, lessee or encumbrancer dealing with that property in good faith for value, provided that nothing in this section shall apply to the interchange of equipment in the regular course of transportation between connecting common carriers.

SEC. 2. Section 853 of the Public Utilities Code is amended to read:

853. (a) This article does not apply to any person or corporation which transacts no business subject to regulation under this part, except performing services or delivering commodities for or to public utilities or municipal corporations or other public agencies primarily for resale or use in serving the public or any portion thereof, but shall apply to any public utility, and any subsidiary or affiliate of, or corporation holding a controlling interest in, a public utility, if the commission finds, in a proceeding to which the public utility is or may become a party, that the application of this article is required by the public interest.

(b) The commission may from time to time by order or rule, and subject to those terms and conditions as may be prescribed therein, exempt any public utility or class of public utility from this article if it finds that the application thereof with respect to the public utility or class of public utility is not necessary in the public interest. The commission may establish rules or impose requirements deemed necessary to protect the interest of the customers or subscribers of the public utility or class of public utility exempted under this subdivision. These rules or requirements may include, but are not limited to, notification of a

proposed sale or transfer of assets or stock and provision for refunds or credits to customers or subscribers.

(c) The provisions of Sections 851 and 854 that prohibit any assignment, acquisition, or change of control without advance authorization from the commission, do not apply to the transfer of the ownership interest in a water utility, with 10,000 or fewer service connections, from a decedent to a member of the decedent's family in the manner provided in Section 240 of the Probate Code or by a will, trust, or other instrument.

(d) It is the intent of the Legislature that transactions with monetary values that materially impact a public utility's rate base should not qualify for expedited advice letter treatment pursuant to this article. It is the further intent of the Legislature that the commission maintain all of its oversight and review responsibilities subject to the California Environmental Quality Act, and that public utility transactions that jurisdictionally trigger a review under the act should not qualify for expedited advice letter treatment pursuant to this article.

CHAPTER 371

An act to add Article 6.5 (commencing with Section 43865) to Chapter 4 of Part 5 of Division 26 of the Health and Safety Code, relating to air pollution.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Article 6.5 (commencing with Section 43865) is added to Chapter 4 of Part 5 of Division 26 of the Health and Safety Code, to read:

Article 6.5. Alternative Fuels

43865. The Legislature finds and declares all of the following:

(a) The production, marketing, and use of petroleum fuels in California causes significant degradation of public health and environmental quality due to releases of air and water pollutants.

(b) Clean alternative fuels have the potential to considerably reduce these impacts and are important strategies for the state to attain its air and water quality goals.

(c) Research, development, and commercialization of alternative fuels in California have the potential to strengthen California's economy by providing job growth and helping to reduce the state's vulnerability to petroleum price volatility.

(d) The State Energy Resources Conservation and Development Commission and the State Air Resources Board have previously recommended in their report to the Legislature, "Reducing California's Petroleum Dependency" in August 2003, that the state adopt a goal of 20 percent nonpetroleum fuel use in the year 2020 and 30 percent in the year 2030.

43866. Not later than June 30, 2007, the State Energy Resources Conservation and Development Commission, in partnership with the state board, and in consultation with the State Water Resources Control Board, the Department of Food and Agriculture, and other relevant state agencies, shall develop and adopt a state plan to increase the use of alternative transportation fuels.

(a) The plan shall include an evaluation of alternative fuels on a full fuel-cycle assessment of emissions of criteria air pollutants, air toxics, greenhouse gases, water pollutants, and other substances that are known to damage human health, impacts on petroleum consumption, and other matters the state board deems necessary.

(b) The plan shall set goals for the years 2012, 2017, and 2022 for increased alternative fuel use in the state that accomplishes all of the following:

(1) Optimizes the environmental and public health benefits of alternative fuels, including, but not limited to, reductions in criteria air pollutants, greenhouse gases, and water pollutants consistent with existing or future state board regulations in the most cost-effective manner possible.

(2) Ensures that there is no net material increase in air pollution, water pollution, or any other substances that are known to damage human health.

(3) Minimizes the economic costs to the state, if any.

(4) Maximizes the economic benefits of producing alternative fuels in the state.

(5) Considers issues related to consumer acceptance and costs and identifies methods to overcome any barriers to alternative fuel use.

(c) The plan shall recommend policies to ensure alternative fuel goals are attained, including, but not limited to:

(1) Standards on transportation fuels and vehicles.

(2) Requirements, financial incentives, and other policy mechanisms to ensure that vehicles capable of operating on alternative fuels use those fuels to the maximum extent feasible.

(3) Requirements, financial incentives, and other policy mechanisms to ensure that alternative fuel fueling stations are available to drivers of alternative fuel vehicles.

(4) Incentives, requirements, programs, or other mechanisms to encourage the research, development, demonstration, commercialization, manufacturing, or production of vehicles that use alternative fuels.

43867. For the purposes of this article, the following terms have the following meanings:

(a) "Alternative fuel" means a nonpetroleum fuel, including electricity, ethanol, biodiesel, hydrogen, methanol, or natural gas that, when used in vehicles, has demonstrated, to the satisfaction of the state board, to have the ability to meet applicable vehicular emission standards. For the purpose of this section, alternative fuel may also include petroleum fuel blended with nonpetroleum constituents, such as E85 or B20.

(b) "Full fuel-cycle assessment" means evaluating and comparing the full environmental and health impacts of each step in the life cycle of a fuel, including, but not limited to, all of the following:

(1) Feedstock extraction, transport, and storage.

(2) Fuel production, distribution, transport, and storage.

(3) Vehicle operation, including refueling, combustion or conversion, and evaporation.

CHAPTER 372

An act to amend Section 321.6 of, and to add Section 322.5 to, the Public Utilities Code, relating to public utilities.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) It is in the interest of the people of the state of California that the Public Utilities Commission refrain from requiring public utilities to deliver paper copies of information supplied to the commission when that information can be made available to the commission electronically.

(b) Allowing public utilities to make information requested by the commission available electronically will help decrease the costs of regulation by reducing the need to reproduce, on paper, one or more copies of reports and other information for use by the commission.

(c) It is in the interest of the state's economy that the businesses that fuel that economy be allowed to interact with government in the most efficient manner. Authorizing businesses to supply information requested by regulatory agencies via the Internet promotes that goal.

SEC. 2. Section 321.6 of the Public Utilities Code is amended to read:

321.6. The commission shall develop, publish, and annually update an annual work plan that describes in clear detail the scheduled ratemaking proceedings and other decisions that may be considered by the commission during the calendar year. The plan shall include, but is not limited to, information on how members of the public and ratepayers can gain access to the commission's ratemaking process and information regarding the specific matters to be decided. The plan shall also include information on the operation of the office of the public advisor and identify the names and telephone numbers of those contact persons responsible for specific cases and matters to be decided. The commission shall post the plan under the Official Documents area of its Internet Web site and shall develop a program to disseminate the information in the plan utilizing computer mailing lists to provide regular updates on the information to those members of the public and organizations which request that information. The annual work plan shall be transmitted to the Legislature between January 15 and February 1 of each year.

SEC. 3. Section 322.5 is added to the Public Utilities Code, to read:

322.5. The commission shall determine, as part of the proceeding in Rulemaking 98-07-038 (Rulemaking for purposes of Revising General Order 96-A Regarding Informal Filings at the Commission) or any other appropriate proceeding, as determined by the commission, the feasibility of submitting advice letters to the commission through electronic means. If determined to be feasible, the commission shall, within six months, propose a plan for submitting advice letters by electronic means. For purposes of this section, "electronic means" include electronic mail and electronic forms developed or approved by the commission and submitted through the commission's Internet Web site.

CHAPTER 373

An act to add and repeal Section 379.7 of the Public Utilities Code, relating to electricity.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 379.7 is added to the Public Utilities Code, to read:

379.7. (a) The Legislature finds and declares that the demonstration project authorized pursuant to this section, at the Antelope Valley Fairgrounds, to determine actual energy and cost savings that may be achieved when investments are made onsite to both reduce overall electricity demand and to offset peak electricity demand through the installation of (1) cost-effective energy efficient equipment and fixtures, and (2) a photovoltaic solar energy system, will provide valuable empirical data upon which to optimize future ratepayer investments in cost-effective energy efficiency and photovoltaic solar systems.

(b) (1) The demonstration project authorized pursuant to this section shall be referred to as the Antelope Valley Fairgrounds EE and PV Synergy Demonstration Project.

(2) To ensure that potential energy and cost savings from cost-effective energy efficient equipment and fixtures are achieved, the Antelope Valley Fairgrounds shall do both of the following:

(A) Implement the recommendations of the energy audit performed on July 27, 2004.

(B) Include cost-effective energy efficient equipment and fixtures in all future expansions of the fairgrounds.

(3) To ensure that potential energy and cost savings are achieved from a photovoltaic solar energy system of up to 630 kilowatts installed at the Antelope Valley Fairgrounds, the photovoltaic solar energy system shall meet both of the following criteria:

(A) Be installed in a manner that optimizes operating efficiency, including appropriate siting.

(B) Consist of components that are new and unused and have a warranty of not less than 10 years to protect against defects and undue degradation of electrical generation output.

(c) An electrical corporation providing electrical service to the Antelope Valley Fairgrounds shall, by February 1, 2006, file with the commission a tariff providing for an incentive rate consistent with this section. The incentive rate shall provide stability and certainty over a 10-year period in an amount and in a manner to support investment in, and to test the durability of, the photovoltaic solar energy system installed at the fairgrounds. The incentive rate, together with an incentive from the self-generation incentive program that recognizes the energy efficiency investments made at the fairgrounds as authorized pursuant to Section 379.6, shall provide for a 10-year payback period for the

photovoltaic solar energy system. The incentive rate shall not result in any cost shifting among customer classes of the electrical corporation.

(d) Actual energy and cost savings shall be determined through annual energy audits and ongoing metering of electricity used and electricity produced on a time-of-use basis.

(e) The demonstration project will be complete 10 years from the date the Antelope Valley Fairgrounds first takes electrical service pursuant to the incentive rate required by this section.

(f) Biennial reports shall be submitted to the commission and to the Legislature by the Antelope Valley Fairgrounds. The reports shall include actual recorded electricity usage by the fairgrounds and electricity produced by the photovoltaic solar energy system at the fairgrounds, on a time-of-use basis. A final report shall be submitted to the commission and to the Legislature within six months of the conclusion of the demonstration project. The final report shall include an analysis of the energy and cost savings achieved at the fairgrounds, the effectiveness of combining investment in energy efficiency and a photovoltaic solar energy system on the same site, the performance and durability of the photovoltaic solar energy system over the life of the demonstration project, and recommendations for optimizing ratepayer investment in energy efficiency and photovoltaic solar energy systems.

(g) This section shall remain in effect only until January 1, 2017, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2017, deletes or extends that date.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 374

An act to add Section 454.6 to the Public Utilities Code, relating to public utilities.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) It is in the public interest for the state's electricity generating facilities to provide clean, reliable, efficient, and affordable electricity to the state's electricity consumers.

(b) Certain existing electric generating facilities are strategically located and interconnected to gas transmission pipelines and the electric transmission system in a manner that optimizes their reliability, deliverability, their cost-effectiveness, and their ability to deliver electricity to load centers.

(c) Many of these existing electric generating facilities exhibit less than optimal environmental performance, reliability, and efficiency compared to facilities that have been more recently permitted to operate.

(d) According to the State Energy Resources Conservation and Development Commission, a number of these older, less efficient electric generating facilities are at a high risk of being retired in the next several years. As a result, their generating capacity, which establishes a valuable reserve margin for the state, helps to provide local reliability and voltage support, and alleviates transmission congestion, may no longer be available.

(e) Because of their strategic location and existing infrastructure, it is in the best interest of the state to encourage the replacement or repowering of these facilities.

(f) Investment in replacement or repowered electric generating facilities replaces our aging facilities with more efficient and cost-effective facilities that enhance environmental quality and provide economic benefits to the communities in which they are located.

(g) Therefore, it is in the public interest for the state to facilitate investment in the replacement or repowering of older, less-efficient electric generating facilities in order to improve local area reliability and enhance the environmental performance, reliability, efficiency, and cost-effectiveness of these facilities.

(h) An effective means for facilitating that investment, while ensuring adequate ratepayer protection, is to authorize electrical corporations to enter into long-term contracts for the electricity generated from these facilities on a cost-of-service basis.

(i) Contracts approved by the Public Utilities Commission and certificates approved by the Energy Commission for the replacement or repowering of older, less-efficient electric generating facilities should achieve improvements in environmental performance to the maximum extent practicable, including reductions in air emissions and water use and discharge, compared to the replaced or repowered facility.

SEC. 2. Section 454.6 is added to the Public Utilities Code, to read:

454.6. (a) A contract entered into pursuant to Section 454.5 by an electrical corporation for the electricity generated by a replacement or repowering project that meets the criteria specified in subdivision (b) shall be recoverable in rates, taking into account any collateral requirements and debt equivalence associated with the contract, in a manner determined by the commission to provide the best value to ratepayers.

(b) To be eligible for rate treatment in accordance with subdivision (a), a contract shall be for a project which meets all of the following criteria:

(1) The project is a replacement or repowering of an existing generation unit of a thermal powerplant.

(2) The project complies with all applicable requirements of federal, state, and local laws.

(3) The project will not require significant additional rights-of-way for electrical or fuel-related transmission facilities.

(4) The project will result in significant and substantial increases in the efficiency of the production of electricity.

(5) The Independent System Operator or local system operator certifies that the project is needed for local area reliability.

(6) The project provides electricity to consumers of this state at the cost of generating that electricity, including a reasonable return on the investment and the costs of financing the project.

SEC. 3. The State Energy Resources Conservation and Development Commission, in consultation with the State Water Resources Control Board, in the integrated energy policy report to be adopted November 1, 2007, pursuant to Section 25302 of the Public Resources Code, shall include a review of the progress made toward implementing the performance standards adopted by the Administrator of the Environmental Protection Agency pursuant to Section 316 of the federal Water Pollution Control Act (33 U.S.C. Secs. 13161 and 1326) for electrical generating facilities requiring certificates pursuant to Chapter 6 (commencing with Section 25500) of Division 15 of the Public Resources Code.

CHAPTER 375

An act to amend Section 14556.33 of the Government Code, and to add Sections 188.6, 30952.1, 30952.2, 30952.3, and 30961.1 to the Streets and Highways Code, relating to transportation, making an

appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 14556.33 of the Government Code is amended to read:

14556.33. (a) A regional or local entity that is a lead applicant agency under Article 5 (commencing with Section 14556.40), may apply to the commission for a letter of no prejudice for the project. If approved by the commission, the letter of no prejudice allows the regional or local entity to expend its own funds for any component of the transportation project.

(b) The amount expended under subdivision (a) shall be reimbursed by the state if all of the following conditions are met:

(1) The project is included in an adopted regional transportation plan.

(2) The department makes an allocation for the project pursuant to Section 14556.20.

(3) The expenditures made by the regional or local entity are eligible for reimbursement in accordance with state and federal laws and procedures. In the event expenditures made by the regional or local entity are determined to be ineligible, the state has no obligation to reimburse those expenditures.

(4) The regional or local entity complies with all legal requirements for the project, including the requirements of the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code).

(c) Upon execution of an agreement with the department to transfer reimbursement funds for a project described in subdivision (a), the commission may delay reimbursement pursuant to this section only if cash-management issues prevent immediate repayment.

(d) The commission, in consultation with regional and local entities, and the department, may develop guidelines to implement this section.

(e) Commencing with the 2006-07 fiscal year, the commission shall review and revise its guidelines to assure that lead applicant agencies which have received letters of no prejudice as of June 30, 2005, are reimbursed on an equitable basis that serves the interest of the entire state transportation program, taking into account various factors, including, but not limited to, all of the following:

(1) The impact on allocations for other projects funded under Article 5.

(2) The cash flow requirements necessary for projects in Article 5.

(3) The extent to which the agencies have had to defer other high priority STIP or TCRP projects because of advancing their own funds.

(4) The extent to which reimbursements would be spent on the construction phase of other STIP or TCRP projects.

(5) Any adverse impact on the agency's other high priority projects of postponing reimbursement until project completion as opposed to allowing payment to be made based upon the amount of funds expended on eligible costs for a project, payment to be made upon the documentation of those eligible costs.

(6) The level of commitment made by the agency in expending its own funds for any component of a transportation project under Article 5.

(f) In revising its guidelines pursuant to subdivision (e), the commission shall not increase the maximum percentage of funding allocated for reimbursement under this section beyond the maximum percentage in effect in its guidelines as of June 30, 2005.

SEC. 1.5. Section 188.6 is added to the Streets and Highways Code, to read:

188.6. (a) (1) The Legislature finds and declares that on August 16, 2004, the department reported to the Legislature that the funds identified in Section 188.5 are insufficient to complete the state toll bridge seismic retrofit program, including the replacement of the east span of the San Francisco-Oakland Bay Bridge, due to cost overruns for the program now estimated at three billion six hundred million dollars ($3,600,000,000).

(2) By enacting this section, it is the intent of the Legislature to identify additional funds from various sources, as described in subdivision (b), in order to fund this shortfall and so that the toll bridge seismic retrofit and replacement program, as described in Section 188.5, as that section read on January 1, 2005, may proceed to completion without further costly delay.

(b) The following amounts from the following funds shall be allocated until expended in order to eliminate the shortfall identified in subdivision (a) and to complete the seismic retrofit or replacement of state-owned toll bridges as expeditiously as possible:

(1) Not less than two billion one hundred fifty million dollars ($2,150,000,000) from the Bay Area Toll Account, derived from an additional one dollar ($1) surcharge on the state-owned toll bridges within the geographic jurisdiction of the Metropolitan Transportation Commission to be effective no sooner than January 1, 2007.

(2) Not less than eight hundred twenty million dollars ($820,000,000) for the seismic retrofit or replacement of the state-owned toll bridges in the geographic jurisdiction of the Metropolitan Transportation Commission made available through the consolidation of all toll revenues under the management of the Bay Area Toll Authority and from the authorization for the authority to refinance debt secured by toll revenues.

(3) The amount of three hundred million dollars ($300,000,000) to fund the cost of demolition of the existing east span of the San Francisco-Oakland Bay Bridge from funding sources supporting the state highway operations and protection program, from available state resources from transportation project savings, or from the federal Highway Bridge Replacement and Rehabilitation Program.

(4) The amount of three hundred thirty million dollars ($330,000,000) from the following accounts:

(A) One hundred thirty million dollars ($130,000,000) from the State Highway Account from accumulated savings by the department achieved from better efficiency, operational savings, and lower costs.

(B) One hundred twenty-five million dollars ($125,000,000) of any excess funds that would otherwise have been transferred in the 2006-07 fiscal year pursuant to subparagraph (F) of paragraph (1) of subdivision (a) of Section 7102 of the Revenue and Taxation Code, as amended by Senate Bill 62 or Assembly Bill 127 of the 2005-06 Regular Session, shall instead be transferred to the Bay Area Toll Account and are hereby appropriated to the department for the purposes of this section. If sufficient funds are not available from this source for this purpose during the 2006-07 fiscal year, the funding required under this paragraph shall be made available from additional accumulated savings by the department achieved from better efficiency, operational savings, or lower costs pursuant to subparagraph (A), or from the federal Highway Bridge Replacement and Rehabilitation Program or the State Highway Account, as determined by the department in consultation with, and with approval of, the California Transportation Commission.

(C) Seventy-five million dollars ($75,000,000) from the fund reserve in the Motor Vehicle Account for the 2005-06 fiscal year which is hereby appropriated.

(c) If the amount of the overruns estimated by the department, as described in subdivision (a), is less than three billion six hundred million dollars ($3,600,000,000), the savings shall be shared between the state and the authority in the same proportion as their proportional contribution to the estimated cost overruns, as provided in paragraphs (1), (3), and (4) of subdivision (b).

(d) If the actual amount of the overruns exceeds the amount estimated by the department, as described in subdivision (a), the authority shall

utilize funds generated under the powers granted to it in Sections 30886, 30950.2, 30954, 30961, and 31011 by the act adding this section in the 2005-06 Regular Session to provide additional financial resources to complete the state toll bridge seismic retrofit program.

(e) Funds made available under this section and Section 188.5 for the replacement of the east span of the San Francisco-Oakland Bay Bridge shall only be expended for the structure described in paragraph (9) of subdivision (b) of Section 188.5 as that section read on January 1, 2005.

SEC. 2. Section 30952.1 is added to the Streets and Highways Code, to read:

30952.1. (a) The authority and the department shall establish a Toll Bridge Program Oversight Committee, which shall consist of the director, the authority's executive director, and the Executive Director of the California Transportation Commission. The committee may establish a project management team to assist it in performing the duties required of it under this section and Section 30952.05.

(b) The Toll Bridge Program Oversight Committee shall review project status, program costs, and schedules; resolve project issues; evaluate project changes; develop and regularly update cost estimates, risk assessments, and cashflow requirements for all phases of the toll bridge projects; and provide program direction.

(c) In addition to the duties described in subdivision (b), the committee shall review project staffing levels and structures, and consultant and contractor services related to the Benicia-Martinez Bridge construction project, as described in Section 30917, and the state toll bridge seismic retrofit program, as described in Section 188.5.

(d) Expenses incurred by the department, the authority, and the California Transportation Commission for costs directly related to duties required by this section, Section 30952, and Section 30952.05 shall be reimbursed by toll revenue collected pursuant to Section 30916, 31010, or 31011.

(e) The Toll Bridge Program Oversight Committee is not a state body as that term is defined in Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code or a local agency as that term is defined in the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

SEC. 3. Section 30952.2 is added to the Streets and Highways Code, to read:

30952.2. (a) The department shall provide monthly reports to the Toll Bridge Program Oversight Committee, including, but not limited to, the construction status, actual expenditures, and forecasted costs and

schedules for the Benicia-Martinez Bridge construction project and the state toll bridge seismic retrofit program projects.

(b) (1) Commencing August 15, 2005, and quarterly thereafter until completion of all applicable projects, the Toll Bridge Program Oversight Committee shall provide quarterly reports within 45 days of the end of each quarter to the transportation and fiscal committees of both houses of the Legislature and the California Transportation Commission for the toll bridge seismic retrofit program in subdivision (a) of Section 188.5.

(2) The report shall include details of each toll bridge seismic retrofit project and all information necessary to clearly describe the status of the project, including, but not limited to, all of the following:

(A) A progress report.

(B) The baseline budget for capital and capital outlay support costs for the revised program cost estimate, as described in Section 188.6.

(C) The current or projected budget for capital and capital outlay support costs.

(D) Expenditures to date for capital and capital outlay support costs.

(E) A comparison of the current or projected schedule and the baseline schedule that was assumed.

(F) A summary of milestones achieved during the quarterly period and any issues identified and actions taken to address those issues.

(G) A summary of the expenses incurred by the Toll Bridge Program Oversight Committee to perform the duties required by Sections 30952.05 and 30952.1.

(H) A summary of the incentives, disincentives, and criteria for each utilized by the department, and the expenses incurred by the department, pursuant to Section 30952.3.

(3) The report described in paragraph (1) shall also include a programwide summary of the program's budget status for capital and capital outlay support costs.

SEC. 4. Section 30952.3 is added to the Streets and Highways Code, to read:

30952.3. Notwithstanding any other provision of law, the department may, from the resources provided in, and for the purpose of, Sections 188.5 and 188.6, include incentives or disincentives, or both, to maximize the number of bidders participating in a bid process relative to toll bridge seismic retrofit and replacement projects, and to encourage the timely and thorough completion of contracts awarded for those projects.

SEC. 5. Section 30961.1 is added to the Streets and Highways Code, to read:

30961.1. Not later than December 31, 2005, the California Transportation Commission, in consultation with the department and the authority, shall adopt a schedule for the payment of the remaining

state contributions identified in Sections 188.5 and 188.6 for the toll bridge seismic retrofit and replacement projects identified in Section 188.5. The schedule shall include the timing and sources of the state contributions to the state toll bridge seismic retrofit and replacement program. The schedule shall provide for the state contributions to be made available for expenditure commencing in the fiscal year 2005-06, and in a manner that distributes the state contributions over the years during which construction of the toll bridge seismic retrofit and replacement program occurs, ensures that the state contributions provide a timely balance between those sources and the contribution from toll revenues, and, to the extent possible, minimizes the impact on state transportation programs. The schedule shall include and make available for expenditure, the state contribution identified in subparagraph (B) of paragraph (8) of subdivision (b) of Section 188.5 commencing in fiscal year 2008-09, and shall distribute it over that fiscal year and each of the fiscal years during which construction of the state toll bridge seismic retrofit and replacement program occurs. The California Transportation Commission, in consultation with the department and the authority, may update and revise the schedule as it determines is necessary.

SEC. 6. If Assembly Bill No. 144 of the 2005-06 Regular Session is also enacted and becomes operative, Sections 3, 8, 9, 10, and 14 of that act shall become inoperative upon the enactment of this act.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide financing necessary to complete the state-owned toll bridge seismic retrofit and replacement program as quickly as possible, it is necessary that this act take effect immediately.

CHAPTER 376

An act to amend and repeal Section 20133 of the Public Contract Code, relating to public contracts.

[Approved by Governor September 29, 2005. Filed with
Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 20133 of the Public Contract Code is amended to read:

20133. (a) (1) This section provides for an alternative procedure on bidding on building construction projects with costs over two million five hundred thousand dollars ($2,500,000) applicable only in the Counties of Alameda, Butte, Contra Costa, El Dorado, Fresno, Kings, Madera, Mariposa, Merced, Monterey, Orange, Placer, Sacramento, San Diego, San Joaquin, San Luis Obispo, Santa Clara, Shasta, Siskiyou, Solano, Sonoma, Stanislaus, Tulare, and Yuba, upon approval of the appropriate board of supervisors.

(2) These counties may award the project using either the lowest responsible bidder or by best value.

(b) (1) It is the intent of the Legislature to enable these counties to utilize cost-effective options for building and modernizing public facilities. It is not the intent of the Legislature to authorize this procedure for transportation facilities, including, but not limited to, roads and bridges.

(2) The Legislature also finds and declares that utilizing a design-build contract requires a clear understanding of the roles and responsibilities of each participant in the design-build process. The Legislature also finds that the cost-effective benefits to the counties are achieved by shifting the liability and risk for cost containment and project completion to the design-build entity.

(3) It is the intent of the Legislature to provide an alternative and optional procedure for bidding and building construction projects for these counties.

(4) The design-build approach may be used, but is not limited to use when it is anticipated that it will: reduce project cost, expedite project completion, or provide design features not achievable through the design-bid-build method.

(5) If the board of supervisors elects to proceed under this section, the board of supervisors shall establish and enforce for design-build projects a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code, or it shall contract with a third party to operate a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code. This requirement shall not apply to any project where the county or the design-build entity has

entered into any collective bargaining agreement or agreements that bind all of the contractors performing work on the projects.

(c) As used in this section:

(1) "Best value" means a value determined by objective criteria related to price, features, functions, and life-cycle costs.

(2) "Design-build" means a procurement process in which both the design and construction of a project are procured from a single entity.

(3) "Design-build entity" means a partnership, corporation, or other legal entity that is able to provide appropriately licensed contracting, architectural, and engineering services as needed pursuant to a design-build contract.

(4) "Project" means the construction of a building and improvements directly related to the construction of a building, but does not include the construction of other infrastructure, including, but not limited to, streets and highways, public rail transit, or water resources facilities and infrastructure.

(d) Design-build projects shall progress in a four-step process, as follows:

(1) (A) The county shall prepare a set of documents setting forth the scope of the project. The documents may include, but are not limited to, the size, type and desired design character of the buildings and site, performance specifications covering the quality of materials, equipment, and workmanship, preliminary plans or building layouts, or any other information deemed necessary to describe adequately the county's needs. The performance specifications and any plans shall be prepared by a design professional who is duly licensed and registered in California.

(B) Any architect or engineer retained by the county to assist in the development of the project specific documents shall not be eligible to participate in the preparation of a bid with any design-build entity for that project.

(2) (A) Based on the documents prepared in paragraph (1), the county shall prepare a request for proposals that invites interested parties to submit competitive sealed proposals in the manner prescribed by the county. The request for proposals shall include, but is not limited to, the following elements:

(i) Identification of the basic scope and needs of the project or contract, the expected cost range, and other information deemed necessary by the county to inform interested parties of the contracting opportunity, to include the methodology that will be used by the county to evaluate proposals and specifically if the contract will be awarded to the lowest responsible bidder.

(ii) Significant factors which the county reasonably expects to consider in evaluating proposals, including cost or price and all nonprice related factors.

(iii) The relative importance of weight assigned to each of the factors identified in the request for proposals.

(B) With respect to clause (iii) of subparagraph (A), if a nonweighted system is used, the agency shall specifically disclose whether all evaluation factors other than cost or price when combined are:

(i) Significantly more important than cost or price.

(ii) Approximately equal in importance to cost or price.

(iii) Significantly less important than cost or price.

(C) If the county chooses to reserve the right to hold discussions or negotiations with responsive bidders, it shall so specify in the request for proposal and shall publish separately or incorporate into the request for proposal applicable rules and procedures to be observed by the county to ensure that any discussions or negotiations are conducted in good faith.

(3) (A) The county shall establish a procedure to prequalify design-build entities using a standard questionnaire developed by the county. In preparing the questionnaire, the county shall consult with the construction industry, including representatives of the building trades and surety industry. This questionnaire shall require information including, but not limited to, all of the following:

(i) If the design-build entity is a partnership, limited partnership, or other association, a listing of all of the partners, general partners, or association members known at the time of bid submission who will participate in the design-build contract, including, but not limited to, mechanical subcontractors.

(ii) Evidence that the members of the design-build entity have completed, or demonstrated the experience, competency, capability, and capacity to complete projects of similar size, scope, or complexity, and that proposed key personnel have sufficient experience and training to competently manage and complete the design and construction of the project, as well as a financial statement that assures the county that the design-build entity has the capacity to complete the project.

(iii) The licenses, registration, and credentials required to design and construct the project, including information on the revocation or suspension of any license, credential, or registration.

(iv) Evidence that establishes that the design-build entity has the capacity to obtain all required payment and performance bonding, liability insurance, and errors and omissions insurance.

(v) Any prior serious or willful violation of the California Occupational Safety and Health Act of 1973, contained in Part 1

(commencing with Section 6300) of Division 5 of the Labor Code or the federal Occupational Safety and Health Act of 1970 (Public Law 91-596), settled against any member of the design-build entity, and information concerning workers' compensation experience history and worker safety program.

(vi) Information concerning any debarment, disqualification, or removal from a federal, state, or local government public works project. Any instance where an entity, its owners, officers, or managing employees submitted a bid on a public works project and were found to be nonresponsive, or were found by an awarding body not to be a responsible bidder.

(vii) Any instance where the entity, its owner, officers, or managing employees defaulted on a construction contract.

(viii) Any violations of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code), excluding alleged violations of federal or state law including the payment of wages, benefits, apprenticeship requirements, or personal income tax withholding, or of Federal Insurance Contribution Act (FICA) withholding requirements settled against any member of the design-build entity.

(ix) Information concerning the bankruptcy or receivership of any member of the design-build entity, including information concerning any work completed by a surety.

(x) Information concerning all settled adverse claims, disputes, or lawsuits between the owner of a public works project and any member of the design-build entity during the five years preceding submission of a bid pursuant to this section, in which the claim, settlement, or judgment exceeds fifty thousand dollars ($50,000). Information shall also be provided concerning any work completed by a surety during this period.

(xi) In the case of a partnership or other association, that is not a legal entity, a copy of the agreement creating the partnership or association and specifying that all partners or association members agree to be fully liable for the performance under the design-build contract.

(B) The information required pursuant to this subdivision shall be verified under oath by the entity and its members in the manner in which civil pleadings in civil actions are verified. Information that is not a public record pursuant to the California Public Records Act (Chapter 3.5, Division 7, Title 1 of the Government Code) shall not be open to public inspection.

(4) The county shall establish a procedure for final selection of the design-build entity. Selection shall be based on either of the following criteria:

(A) A competitive bidding process resulting in lump-sum bids by the prequalified design-build entities. Awards shall be made to the lowest responsible bidder.

(B) A county may use a design-build competition based upon best value and other criteria set forth in paragraph (2) of subdivision (d). The design-build competition shall include the following elements:

(i) Competitive proposals shall be evaluated by using only the criteria and selection procedures specifically identified in the request for proposal. However, the following minimum factors shall each represent at least 10 percent of the total weight of consideration given to all criteria factors; price, technical design and construction expertise, life cycle costs over 15 years or more, skilled labor force availability, and acceptable safety record.

(ii) Once the evaluation is complete, the top three responsive bidders shall be ranked sequentially from the most advantageous to the least.

(iii) The award of the contract shall be made to the responsible bidder whose proposal is determined, in writing, to be the most advantageous.

(iv) Notwithstanding any provision of this code, upon issuance of a contract award, the county shall publicly announce its award, identifying the contractor to whom the award is made, along with a written decision supporting its contract award and stating the basis of the award. The notice of award shall also include the county's second and third ranked design-build entities.

(v) For the purposes of this paragraph, "skilled labor force availability" shall be determined by the existence of an agreement with a registered apprenticeship program, approved by the California Apprenticeship Council, which has graduated apprentices in each of the preceding five years. This graduation requirement shall not apply to programs providing apprenticeship training for any craft that has been deemed by the Department of Labor and the Department of Industrial Relations to be an apprenticeable craft in the five years prior to enactment of this act.

(vi) For the purposes of this paragraph, a bidder's "safety record" shall be deemed "acceptable" if their experience modification rate for the most recent three-year period is an average of 1.00 or less, and their average Total Recordable Injury/Illness rate and average lost work rate for the most recent three-year period does not exceed the applicable statistical standards for its business category or if the bidder is a party to an alternative dispute resolution system as provided for in Section 3201.5 of the Labor Code.

(e) (1) Any design-build entity that is selected to design and build a project pursuant to this section shall possess or obtain sufficient bonding to cover the contract amount for nondesign services, and errors and omission insurance coverage sufficient to cover all design and

architectural services provided in the contract. This section does not prohibit a general or engineering contractor from being designated the lead entity on a design-build entity for the purposes of purchasing necessary bonding to cover the activities of the design-build entity.

(2) Any payment or performance bond written for the purposes of this section shall be written using a bond form developed by the county.

(f) All subcontractors that were not listed by the design-build entity in accordance with clause (i) of subparagraph (A) of paragraph (3) of subdivision (d) shall be awarded by the design-build entity in accordance with the design-build process set forth by the county in the design-build package. All subcontractors bidding on contracts pursuant to this section shall be afforded the protections contained in Chapter 4 (commencing with Section 4100) of Part 1. The design-build entity shall do both of the following:

(1) Provide public notice of the availability of work to be subcontracted in accordance with the publication requirements applicable to the competitive bidding process of the county.

(2) Provide a fixed date and time on which the subcontracted work will be awarded in accordance with the procedure established pursuant to this section.

(g) The minimum performance criteria and design standards established pursuant to paragraph (1) of subdivision (d) shall be adhered to by the design-build entity. Any deviations from those standards may only be allowed by written consent of the county.

(h) The county may retain the services of a design professional or construction project manager, or both, throughout the course of the project in order to ensure compliance with this section.

(i) Contracts awarded pursuant to this section shall be valid until the project is completed.

(j) Nothing in this section is intended to affect, expand, alter, or limit any rights or remedies otherwise available at law.

(k) (1) If the county elects to award a project pursuant to this section retention proceeds withheld by the county from the design-build entity shall not exceed 5 percent if a performance and payment bond, issued by an admitted surety insurer, is required in the solicitation of bids.

(2) In a contract between the design-build entity and the subcontractor, and in a contract between a subcontractor and any subcontractor thereunder, the percentage of the retention proceeds withheld may not exceed the percentage specified in the contract between the county and the design-build entity. If the design-build entity provides written notice to any subcontractor who is not a member of the design-build entity, prior to or at the time the bid is requested, that a bond may be required and the subcontractor subsequently is unable or refuses to furnish a bond

to the design-build entity, then the design-build entity may withhold retention proceeds in excess of the percentage specified in the contract between the county and the design-build entity from any payment made by the design-build entity to the subcontractor.

(*l*) Each county that elects to proceed under this section and uses the design-build method on a public works project shall submit to the Legislative Analyst's Office before December 1, 2009, a report containing a description of each public works project procured through the design-build process and completed after November 1, 2004, and before November 1, 2009. The report shall include, but shall not be limited to, all of the following information:

(1) The type of project.

(2) The gross square footage of the project.

(3) The design-build entity that was awarded the project.

(4) The estimated and actual length of time to complete the project.

(5) The estimated and actual project costs.

(6) A description of any written protests concerning any aspect of the solicitation, bid, proposal, or award of the design-build project, including the resolution of the protests.

(7) An assessment of the prequalification process and criteria.

(8) An assessment of the effect of retaining 5-percent retention on the project.

(9) A description of the Labor Force Compliance Program and an assessment of the project impact, where required.

(10) A description of the method used to award the contract. If best value was the method, the report shall describe the factors used to evaluate the bid, including the weighting of each factor and an assessment of the effectiveness of the methodology.

(11) An assessment of the project impact of "skilled labor force availability."

(12) An assessment of the design-build dollar limits on county projects. This assessment shall include projects where the county wanted to use design-build and was precluded by the dollar limitation. This assessment shall also include projects where the best value method was not used due to dollar limitations.

(13) An assessment of the most appropriate uses for the design-build approach.

(m) Any county named in subdivision (a) that elects to not use the authority granted by this section may submit a report to the Legislative Analyst's Office explaining why the county elected to not use the design-build method.

(n) On or before January 1, 2010, the Legislative Analyst shall report to the Legislature on the use of the design-build method by counties

pursuant to this section, including the information listed in subdivision (*l*). The report may include recommendations for modifying or extending this section.

(o) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

SEC. 1.5. Section 20133 of the Public Contract Code is amended to read:

20133. (a) (1) This section provides for an alternative procedure on bidding on building construction projects in excess of two million five hundred thousand dollars ($2,500,000) applicable only in the Counties of Alameda, Butte, Contra Costa, Del Norte, El Dorado, Fresno, Humboldt, Kings, Los Angeles, Madera, Mariposa, Mendocino, Merced, Monterey, Napa, Orange, Placer, Sacramento, San Diego, San Joaquin, San Luis Obispo, Santa Clara, Shasta, Siskiyou, Solano, Sonoma, Stanislaus, Tulare, Yolo, and Yuba, upon approval of the appropriate board of supervisors.

(11) An assessment of the project impact of "skilled labor force availability."

(12) An assessment of the design-build dollar limits on county projects. This assessment shall include projects where the county wanted to use design-build and was precluded by the dollar limitation. This assessment shall also include projects where the best value method was not used due to dollar limitations.

(13) An assessment of the most appropriate uses for the design-build approach.

(m) Any county named in subdivision (a) that elects to not use the authority granted by this section may submit a report to the Legislative Analyst's Office explaining why the county elected to not use the design-build method.

(n) On or before January 1, 2010, the Legislative Analyst shall report to the Legislature on the use of the design-build method by counties

pursuant to this section, including the information listed in subdivision (*l*). The report may include recommendations for modifying or extending this section.

(o) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(2) A large number of children receive child care through licensed family day care, child care centers, and in license-exempt care.

(3) Training and technical assistance enhances the ability of a child care provider to identify and accommodate the needs of young children with disabilities.

(4) Child care resource and referral programs are uniquely suited to provide training and technical assistance to assist child care providers to increase their ability to serve children with disabilities.

(5) As the single state-funded entity that serves all parents regardless of income, child care resource and referral programs are uniquely suited to assist the families of children with disabilities to become aware of their rights to access child care services and to connect families with the services available in their community.

(b) It is therefore the intent of the Legislature that children with disabilities be fully included in child care programs.

SEC. 2. (a) The sum of five million dollars ($5,000,000) is hereby appropriated from the funds identified in Provision 5(c) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 2005 to the State Department of Education for the purpose of funding, beginning in the 2005-06 fiscal year, until the funds are exhausted, state-funded child

care resource and referral programs, except that in Orange, Sutter, and Yuba Counties the funding shall be allocated to the local planning council to continue existing services, for the purposes of increasing the capacity of state subsidized and nonstate subsidized child care providers to serve children with disabilities in child care settings that meet their developmental needs, consistent with the intent of the Child Care and Development Services Act pursuant to Chapter 2 (commencing with Section 8200) of Part 6 of the Education Code. A child care resource and referral agency may expend funds granted to it pursuant to this subdivision for any of the following:

(1) To provide enhanced child care referrals to parents seeking child care for their children with disabilities, or at high risk of being identified as having a disability, and parental support as necessary.

(2) To provide or contract for various purposes that may include, but are not limited to, providing training and technical assistance to child care and development providers to increase their capacity to care for children with disabilities, or at high risk of being identified as having a disability.

(3) To conduct awareness and outreach to child care and development providers to increase their knowledge and understanding of the Americans with Disabilities Act (ADA) and the Individuals with Disabilities Education Act (IDEA) to accommodate children with disabilities, or at high risk of being identified as having a disability, and to increase their awareness of available support services to assist them in meeting the needs of all children.

(4) To conduct awareness and outreach to parents of children with disabilities, or at high risk of being identified as having a disability, to increase their understanding of their rights to accessible child care and to increase their awareness of available services, provided that the activities contracted for further the purposes of this subdivision.

(b) The State Department of Education shall develop an allocation plan to distribute funds appropriated pursuant to this section. The allocation plan shall be developed using the ratio of the number of children ages birth to 13 years, inclusive, in each county to the total number of children ages birth to 13 years, inclusive, in the state. The county allocation shall be developed by applying the county ratio to the five million dollars ($5,000,000) after a minimum allocation of three thousand dollars ($3,000) is set aside for each of the smallest counties, and after three thousand dollars ($3,000) is set aside for the smallest counties that would otherwise receive less than three thousand dollars ($3,000), based on the allocation plan.

(c) A state-funded child care resource and referral program, or the local planning council in Orange, Sutter, or Yuba County, that is

interested in applying for the available funds appropriated pursuant to this section shall submit a proposal for approval to the State Department of Education for the use of the funds, based on identified community needs and include a plan of how the approved activities will be implemented at the local level.

(d) The State Department of Education, in coordination with the California Child Care Resource and Referral Network, shall develop a uniform reporting process for a state-funded child care resource and referral program or local planning council that receives funds pursuant to this section to submit a one-time report on the use and effectiveness of those funds.

CHAPTER 380

An act to amend Sections 1871.7, 1879.3, and 12921.8 of the Insurance Code, relating to the Insurance Commissioner.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1871.7 of the Insurance Code is amended to read:

1871.7. (a) It is unlawful to knowingly employ runners, cappers, steerers, or other persons to procure clients or patients to perform or obtain services or benefits pursuant to Division 4 (commencing with Section 3200) of the Labor Code or to procure clients or patients to perform or obtain services or benefits under a contract of insurance or that will be the basis for a claim against an insured individual or his or her insurer.

(b) Every person who violates any provision of this section or Section 549, 550, or 551 of the Penal Code shall be subject, in addition to any other penalties that may be prescribed by law, to a civil penalty of not less than five thousand dollars ($5,000) nor more than ten thousand dollars ($10,000), plus an assessment of not more than three times the amount of each claim for compensation, as defined in Section 3207 of the Labor Code or pursuant to a contract of insurance. The court shall have the power to grant other equitable relief, including temporary injunctive relief, as is necessary to prevent the transfer, concealment, or dissipation of illegal proceeds, or to protect the public. The penalty prescribed in this paragraph shall be assessed for each fraudulent claim

presented to an insurance company by a defendant and not for each violation.

(c) The penalties set forth in subdivision (b) are intended to be remedial rather than punitive, and shall not preclude, nor be precluded by, a criminal prosecution for the same conduct. If the court finds, after considering the goals of disgorging unlawful profit, restitution, compensating the state for the costs of investigation and prosecution, and alleviating the social costs of increased insurance rates due to fraud, that such a penalty would be punitive and would preclude, or be precluded by, a criminal prosecution, the court shall reduce that penalty appropriately.

(d) The district attorney or commissioner may bring a civil action under this section. Before the commissioner may bring that action, the commissioner shall be required to present the evidence obtained to the appropriate local district attorney for possible criminal or civil filing. If the district attorney elects not to pursue the matter due to insufficient resources, then the commissioner may proceed with the action.

(e) (1) Any interested persons, including an insurer, may bring a civil action for a violation of this section for the person and for the State of California. The action shall be brought in the name of the state. The action may be dismissed only if the court and the district attorney or the commissioner, whichever is participating, give written consent to the dismissal and their reasons for consenting.

(2) A copy of the complaint and written disclosure of substantially all material evidence and information the person possesses shall be served on the district attorney and commissioner. The complaint shall be filed in camera, shall remain under seal for at least 60 days, and shall not be served on the defendant until the court so orders. The local district attorney or commissioner may elect to intervene and proceed with the action within 60 days after he or she receives both the complaint and the material evidence and information. If more than one governmental entity elects to intervene, the district attorney shall have precedence.

(3) The district attorney or commissioner may, for good cause shown, move the court for extensions of the time during which the complaint remains under seal under paragraph (2). The motions may be supported by affidavits or other submissions in camera. The defendant shall not be required to respond to any complaint filed under this section until 20 days after the complaint is unsealed and served upon the defendant.

(4) Before the expiration of the 60-day period or any extensions obtained under paragraph (3), the district attorney or commissioner shall either:

(A) Proceed with the action, in which case the action shall be conducted by the district attorney or commissioner.

(B) Notify the court that it declines to take over the action, in which case the person bringing the action shall have the right to conduct the action.

(5) When a person or governmental agency brings an action under this section, no person other than the district attorney or commissioner may intervene or bring a related action based on the facts underlying the pending action unless that action is authorized by another statute or common law.

(f) (1) If the district attorney or commissioner proceeds with the action, he or she shall have the primary responsibility for prosecuting the action, and shall not be bound by an act of the person bringing the action. That person shall have the right to continue as a party to the action, subject to the limitations set forth in paragraph (2).

(2) (A) The district attorney or commissioner may dismiss the action notwithstanding the objections of the person initiating the action if the person has been notified by the district attorney or commissioner of the filing of the motion, and the court has provided the person with an opportunity for a hearing on the motion.

(B) The district attorney or commissioner may settle the action with the defendant notwithstanding the objections of the person initiating the action if the court determines, after a hearing, that the proposed settlement is fair, adequate, and reasonable under all the circumstances. Upon a showing of good cause, the hearing may be held in camera.

(C) Upon a showing by the district attorney or commissioner that unrestricted participation during the course of the litigation by the person initiating the action would interfere with or unduly delay the district attorney's or commissioner's prosecution of the case, or would be repetitious, irrelevant, or for purposes of harassment, the court may, in its discretion, impose limitations on the person's participation, including, but not limited to, the following:

(i) Limiting the number of witnesses the person may call.

(ii) Limiting the length of the testimony of those witnesses.

(iii) Limiting the person's cross-examination of witnesses.

(iv) Otherwise limiting the participation by the person in the litigation.

(D) Upon a showing by the defendant that unrestricted participation during the course of the litigation by the person initiating the action would be for purposes of harassment or would cause the defendant undue burden or unnecessary expense, the court may limit the participation by the person in the litigation.

(3) If the district attorney or commissioner elects not to proceed with the action, the person who initiated the action shall have the right to conduct the action. If the district attorney or commissioner so requests, he or she shall be served with copies of all pleadings filed in the action

and shall be supplied with copies of all deposition transcripts, at the district attorney's or commissioner's expense. When a person proceeds with the action, the court, without limiting the status and rights of the person initiating the action, may nevertheless permit the district attorney or commissioner to intervene at a later date upon a showing of good cause.

(4) If at any time both a civil action for penalties and equitable relief pursuant to this section and a criminal action are pending against a defendant for substantially the same conduct, whether brought by the government or a private party, the civil action shall be stayed until the criminal action has been concluded at the trial court level. The stay shall not preclude the court from granting or enforcing temporary equitable relief during the pendency of the actions. Whether or not the district attorney or commissioner proceeds with the action, upon a showing by the district attorney or commissioner that certain actions of discovery by the person initiating the action would interfere with a law enforcement or governmental agency investigation or prosecution of a criminal or civil matter arising out of the same facts, the court may stay discovery for a period of not more than 180 days. A hearing on a request for the stay shall be conducted in camera. The court may extend the 180-day period upon a further showing in camera that the agency has pursued the criminal or civil investigation or proceedings with reasonable diligence and any proposed discovery in the civil action will interfere with the ongoing criminal or civil investigation or proceedings.

(5) Notwithstanding subdivision (e), the district attorney or commissioner may elect to pursue its claim through any alternate remedy available to the district attorney or commissioner.

(g) (1) (A) (i) If the district attorney proceeds with an action brought by a person under subdivision (e), that person shall, subject to subparagraph (B), receive at least 30 percent but not more than 40 percent of the proceeds of the action or settlement of the claim, depending upon the extent to which the person substantially contributed to the prosecution of the action.

(ii) If the commissioner has brought an action or has proceeded with an action brought by another person under this section on or after January 1, 2006, and prior to January 1, 2011, the commissioner shall be entitled to attorney's fees and costs in addition to any judgment, regardless of the date that judgment is entered. The court shall determine and award the commissioner the amount of reasonable attorney's fees, including, but not limited to, reasonable fees for time expended by attorneys employed by the department and for costs incurred. Any attorney's fees or costs awarded to the commissioner and collected shall be deposited in the Insurance Fund. In cases in which the commissioner has intervened,

the commissioner and the person bringing the claim may stipulate to an allocation. The court may allocate the funds pursuant to the stipulation if, after the court's ruling on objection by the district attorney, if any, the court finds it is in the interests of justice to follow the stipulation.

(iii) If the commissioner has proceeded with an action, if there is no stipulation regarding allocation, and if a judgment has been obtained or a settlement has been reached with the defendants, the court shall determine the allocation, upon motion of the commissioner or the person bringing the action, according to the following priority:

(I) The person bringing the action, regardless of whether that person paid money to the defendants as part of the acts alleged in the complaint, shall first receive the amount the court determines is reasonable for attorney's fees, costs, and expenses that the court determines to have been necessarily incurred.

(II) The commissioner shall receive the amount the court determines for reasonable attorney's fees and costs.

(III) If the person bringing the suit has paid moneys to the defendants as part of the acts alleged in the complaint, that person shall receive the amount paid to the defendants.

(IV) At least 30 percent, but not more than 40 percent, of the remaining assets or moneys, shall be allocated to the person bringing the action, depending upon the extent to which the person substantially contributed to the prosecution of the action.

(iv) Those portions of a judgment or settlement not distributed pursuant to this subdivision shall be paid to the General Fund of the state and, upon appropriation by the Legislature, shall be apportioned between the Department of Justice and the Department of Insurance for enhanced fraud investigation and prevention efforts.

(B) Where the action is one that the court finds to be based primarily on disclosures of specific information, other than information provided by the person bringing the action, relating to allegations or transactions in a criminal, civil, or administrative hearing, in a legislative or administrative report, hearing, audit, or investigation, or from the news media, the court may award those sums that it considers appropriate, but in no case more than 10 percent of the proceeds, taking into account the significance of the information and the role of the person bringing the action in advancing the case to litigation.

(C) Any payment to a person under subparagraph (A) or under subparagraph (B) shall be made from the proceeds. The person shall also receive an amount for reasonable expenses that the court finds to have been necessarily incurred, plus reasonable attorney's fees and costs. All of those expenses, fees, and costs shall be awarded against the defendant.

(2) (A) If the district attorney or commissioner does not proceed with an action under this section, the person bringing the action or settling the claim shall receive an amount that the court decides is reasonable for collecting the civil penalty and damages. Except as provided in subparagraph (B), the amount shall not be less than 40 percent and not more than 50 percent of the proceeds of the action or settlement and shall be paid out of the proceeds. That person shall also receive an amount for reasonable expenses that the court finds to have been necessarily incurred, plus reasonable attorney's fees and costs. All of those attorney's fees and costs shall be imposed against the defendant. The parties shall serve the commissioner and the local district attorney with complete copies of any and all settlement agreements, and terms and conditions, for actions brought under this article at least 10 days prior to filing any motion for allocation with the court under this paragraph. The court may allocate the funds pursuant to the settlement agreement if, after the court's ruling on objection by the commissioner or the local district attorney, if any, the court finds it is in the interests of justice to follow the settlement agreement.

(B) If the person bringing the action, as a result of a violation of this section has paid money to the defendant or to an attorney acting on behalf of the defendant in the underlying claim, then he or she shall be entitled to up to double the amount paid to the defendant or the attorney if that amount is greater than 50 percent of the proceeds. That person shall also receive an amount for reasonable expenses that the court finds to have been necessarily incurred, plus reasonable attorney's fees and costs. All of those expenses, fees, and costs shall be awarded against the defendant.

(3) If a local district attorney has proceeded with an action under this section, one-half of the penalties not awarded to a private party, as well as any costs awarded shall go to the treasurer of the appropriate county. Those funds shall be used to investigate and prosecute fraud, augmenting existing budgets rather than replacing them. All remaining funds shall go to the state and be deposited in the General Fund and, when appropriated by the Legislature, shall be apportioned between the Department of Justice and the Department of Insurance for enhanced fraud investigation and prevention efforts.

(4) Whether or not the district attorney or commissioner proceeds with the action, if the court finds that the action was brought by a person who planned and initiated the violation of this section, that person shall be dismissed from the civil action and shall not receive any share of the proceeds of the action. The dismissal shall not prejudice the right of the district attorney or commissioner to continue the action on behalf of the state.

(5) If the district attorney or commissioner does not proceed with the action, and the person bringing the action conducts the action, the court may award to the defendant its reasonable attorney's fees and expenses if the defendant prevails in the action and the court finds that the claim of the person bringing the action was clearly frivolous, clearly vexatious, or brought primarily for purposes of harassment.

(h) (1) In no event may a person bring an action under subdivision (e) that is based upon allegations or transactions that are the subject of a civil suit or an administrative civil money penalty proceeding in which the Attorney General, district attorney, or commissioner is already a party.

(2) (A) No court shall have jurisdiction over an action under this section based upon the public disclosure of allegations or transactions in a criminal, civil, or administrative hearing in a legislative or administrative report, hearing, audit, or investigation, or from the news media, unless the action is brought by the Attorney General or the person bringing the action is an original source of the information.

(B) For purposes of this paragraph, "original source" means an individual who has direct and independent knowledge of the information on which the allegations are based and has voluntarily provided the information to the district attorney or commissioner before filing an action under this section which is based on the information.

(i) Except as provided in subdivision (j), the district attorney or commissioner is not liable for expenses that a person incurs in bringing an action under this section.

(j) In civil actions brought under this section in which the commissioner or a district attorney is a party, the court shall retain discretion to impose sanctions otherwise allowed by law, including the ability to order a party to pay expenses as provided in Sections 128.5 and 1028.5 of the Code of Civil Procedure.

(k) Any employee who is discharged, demoted, suspended, threatened, harassed, or in any other manner discriminated against in the terms and conditions of employment by his or her employer because of lawful acts done by the employee on behalf of the employee or others in furtherance of an action under this section, including investigation for, initiation of, testimony for, or assistance in an action filed or to be filed under this section, shall be entitled to all relief necessary to make the employee whole. That relief shall include reinstatement with the same seniority status the employee would have had but for the discrimination, two times the amount of backpay, interest on the backpay, and compensation for any special damages sustained as a result of the discrimination, including litigation costs and reasonable attorney's fees. An employee may bring an action in the appropriate superior court for the relief provided in this

subdivision. The remedies under this section are in addition to any other remedies provided by existing law.

(*l*) (1) An action pursuant to this section may not be filed more than three years after the discovery of the facts constituting the grounds for commencing the action.

(2) Notwithstanding paragraph (1) no action may be filed pursuant to this section more than eight years after the commission of the act constituting a violation of this section or a violation of Section 549, 550, or 551 of the Penal Code.

SEC. 2. Section 1879.3 of the Insurance Code is amended to read:

1879.3. The commissioner shall appoint supervisory and investigatory personnel within the bureau. In addition, the commissioner shall assign staff counsel who are employed by the department and are under the supervision of the department's general counsel to advise the department's fraud division, and to further the purposes of this article and Article 1 (commencing with Section 1871). The attorneys' duties may include representing the commissioner and the department in civil lawsuits pursuant to Article 1 (commencing with Section 1871). Those persons shall be qualified by training and experience to perform the duties of their position.

When so requested by the commissioner, the Attorney General may assign one or more deputy attorneys general to assist the commissioner in the performance of these duties.

SEC. 3. Section 12921.8 of the Insurance Code is amended to read:

12921.8. (a) The commissioner may do the following:

(1) Issue a cease and desist order to a person who has acted in a capacity for which a license, registration, or certificate of authority from the commissioner was required but not possessed.

(2) Issue a cease and desist order to a person who has aided or abetted a person described in paragraph (1).

(3) Impose a monetary penalty, pursuant to an order to show cause, on a person described in paragraph (1) or (2). The monetary penalty shall be the greater of the following:

(A) Five times the amount of money received by the person for acting in the capacity for which the license, registration, or certificate of authority was required but not possessed.

(B) Five thousand dollars ($5,000) for each day the person acted in the capacity for which the license, registration, or certificate of authority was required but not possessed. In the absence of contrary evidence, it shall be presumed that a person continuously acted in a capacity for which a license, registration, or certificate of authority was required on each day from the date of the earliest such act until the date those acts were discontinued, as proven by the person at a hearing.

(b) Notwithstanding paragraph (3) of subdivision (a), the commissioner shall not impose a monetary penalty under this section on a person who has held a license or registration within the prior five years pursuant to Chapter 5 (commencing with Section 1621), Chapter 6 (commencing with Section 1760), Chapter 7 (commencing with Section 1800), or Chapter 8 (commencing with Section 1831) of Part 2 of Division 1.

(c) A person to whom a cease and desist order or order to show cause has been issued, may, within seven days after service of the order, if a hearing has not already been scheduled by the commissioner, request a hearing by filing a request for the hearing with the commissioner. The hearing shall be conducted in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340), Chapter 4 (commencing with Section 11370), Chapter 4.5 (commencing with Section 11400), and Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code), and the commissioner shall have all the powers granted therein.

(d) A person who has a hearing pursuant to subdivision (c) shall be entitled to have the proceedings and the order of the commissioner reviewed by means of any remedy provided by the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340), Chapter 4 (commencing with Section 11370), Chapter 4.5 (commencing with Section 11400), and Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code).

CHAPTER 381

An act to amend Sections 8355 and 12990 of, and to amend and repeal Section 14851 of, the Government Code, to amend Sections 6108, 10286.1, 10295.1, and 10296 of the Public Contract Code, and to amend Sections 42480 and 42498 of the Public Resources Code, relating to public contracts.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 8355 of the Government Code is amended to read:

8355. (a) Every person or organization awarded a contract or a grant for the procurement of any property or services from any state agency

shall certify to the contracting or granting agency that it will provide a drug-free workplace by doing all of the following:

(1) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited in the person's or organization's workplace and specifying the actions that will be taken against employees for violations of the prohibition.

(2) Establishing a drug-free awareness program to inform employees about all of the following:

(A) The dangers of drug abuse in the workplace.

(B) The person's or organization's policy of maintaining a drug-free workplace.

(C) Any available drug counseling, rehabilitation, and employee assistance programs.

(D) The penalties that may be imposed upon employees for drug abuse violations.

(3) Requiring that each employee engaged in the performance of the contract or grant be given a copy of the statement required by subdivision (a) and that, as a condition of employment on the contract or grant, the employee agrees to abide by the terms of the statement.

(b) (1) The certification requirement set forth in subdivision (a) does not apply to a credit card purchase of goods of two thousand five hundred dollars ($2,500) or less.

(2) The total amount of exemption authorized herein shall not exceed seven thousand five hundred dollars ($7,500) per year for each company from which a state agency is purchasing goods by credit card. It shall be the responsibility of each state agency to monitor the use of this exemption and adhere to these restrictions on these purchases.

SEC. 2. Section 12990 of the Government Code is amended to read:

12990. (a) Any employer who is, or wishes to become, a contractor with the state for public works or for goods or services is subject to the provisions of this part relating to discrimination in employment and to the nondiscrimination requirements of this section and any rules and regulations that implement it.

(b) Prior to becoming a contractor or subcontractor with the state, an employer may be required to submit a nondiscrimination program to the department for approval and certification and may be required to submit periodic reports of its compliance with that program.

(c) Every state contract and subcontract for public works or for goods or services shall contain a nondiscrimination clause prohibiting discrimination on the bases enumerated in this part by contractors or subcontractors. The nondiscrimination clause shall contain a provision requiring contractors and subcontractors to give written notice of their

obligations under that clause to labor organizations with which they have a collective bargaining or other agreement. These contractual provisions shall be fully and effectively enforced. This subdivision does not apply to a credit card purchase of goods of two thousand five hundred dollars ($2,500) or less. The total amount of exemption authorized herein shall not exceed seven thousand five hundred dollars ($7,500) per year for each company from which a state agency is purchasing goods by credit card. It shall be the responsibility of each state agency to monitor the use of this exemption and adhere to these restrictions on these purchases.

(d) The department shall periodically develop rules and regulations for the application and implementation of this section, and submit them to the commission for consideration and adoption in accordance with the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1. Those rules and regulations shall describe and include, but not be limited to, all of the following:

(1) Procedures for the investigation, approval, certification, decertification, monitoring, and enforcement of nondiscrimination programs.

(2) The size of contracts or subcontracts below which any particular provision of this section shall not apply.

(3) The circumstances, if any, under which a contractor or subcontractor is not subject to this section.

(4) Criteria for determining the appropriate plant, region, division, or other unit of a contractor's or subcontractor's operation for which a nondiscrimination program is required.

(5) Procedures for coordinating the nondiscrimination requirements of this section and its implementing rules and regulations with the California Plan for Equal Opportunity in Apprenticeship, with the provisions and implementing regulations of Article 9.5 (commencing with Section 11135) of Chapter 1 of Part 1, and with comparable federal laws and regulations concerning nondiscrimination, equal employment opportunity, and affirmative action by those who contract with the United States.

(6) The basic principles and standards to guide the department in administering and implementing this section.

(e) Where a contractor or subcontractor is required to prepare an affirmative action, equal employment, or nondiscrimination program subject to review and approval by a federal compliance agency, that program may be filed with the department, instead of any nondiscrimination program regularly required by this section or its implementing rules and regulations. Such a program shall constitute a prima facie demonstration of compliance with this section. Where the department or a federal compliance agency has required the preparation

of an affirmative action, equal employment, or nondiscrimination program subject to review and approval by the department or a federal compliance agency, evidence of such a program shall also constitute prima facie compliance with an ordinance or regulation of any city, city and county, or county that requires an employer to submit such a program to a local awarding agency for its approval prior to becoming a contractor or subcontractor with that agency.

(f) Where the department determines and certifies that the provisions of this section or its implementing rules and regulations are violated or where the commission, after hearing an accusation pursuant to Section 12967, determines a contractor or subcontractor is engaging in practices made unlawful under this part, the department or the commission may recommend appropriate sanctions to the awarding agency. Any such recommendation shall take into account the severity of the violation or violations and any other penalties, sanctions, or remedies previously imposed.

SEC. 3. Section 14851 of the Government Code, as amended by Section 1 of Chapter 220 of the Statutes of 2002, is amended to read:

14851. (a) The Office of State Publishing may accept paid advertisements in materials printed or published by the state, except that the department shall not print or publish paid political advertising.

(b) The Office of State Publishing may print checks and other printed matter necessary for the operation of any industry board or state agricultural district board at the expense of the state.

(c) To reduce duplication of staff resources and to provide consistency in the review for appropriateness of advertisements, an agency of the state that was not authorized to accept paid advertising in its publications before January 1, 2006, shall use the services of the Office of State Publishing for all paid advertising in its publications.

SEC. 4. Section 14851 of the Government Code, as added by Section 2 of Chapter 220 of the Statutes of 2002, is repealed.

SEC. 5. Section 6108 of the Public Contract Code is amended to read:

6108. (a) (1) Every contract entered into by any state agency for the procurement or laundering of apparel, garments or corresponding accessories, or the procurement of equipment, materials, or supplies, other than procurement related to a public works contract, shall require that a contractor certify that no apparel, garments or corresponding accessories, equipment, materials, or supplies furnished to the state pursuant to the contract have been laundered or produced in whole or in part by sweatshop labor, forced labor, convict labor, indentured labor under penal sanction, abusive forms of child labor or exploitation of children in sweatshop labor, or with the benefit of sweatshop labor,

forced labor, convict labor, indentured labor under penal sanction, abusive forms of child labor or exploitation of children in sweatshop labor. The contractor shall agree to comply with this provision of the contract.

(2) The contract shall specify that the contractor is required to cooperate fully in providing reasonable access to the contractor's records, documents, agents or employees, or premises if reasonably required by authorized officials of the contracting agency, the Department of Industrial Relations, or the Department of Justice determine the contractor's compliance with the requirements under paragraph (1).

(b) (1) Any contractor contracting with the state who knew or should have known that the apparel, garments or corresponding accessories, equipment, materials, or supplies furnished to the state were laundered or produced in violation of the conditions specified in subdivision (a) when entering into a contract pursuant to subdivision (a), may, subject to subdivision (c), have any or all of the following sanctions imposed:

(A) The contract under which the prohibited apparel, garments or corresponding accessories, equipment, materials, or supplies were laundered or provided may be voided at the option of the state agency to which the equipment, materials, or supplies were provided.

(B) The contractor may be assessed a penalty which shall be the greater of one thousand dollars ($1,000) or an amount equaling 20 percent of the value of the apparel, garments or corresponding accessories, equipment, materials, or supplies that the state agency demonstrates were produced in violation of the conditions specified in paragraph (1) of subdivision (a) and that were supplied to the state agency under the contract.

(C) The contractor may be removed from the bidder's list for a period not to exceed 360 days.

(2) Any moneys collected pursuant to this subdivision shall be deposited into the General Fund.

(c) (1) When imposing the sanctions described in subdivision (b), the contracting agency shall notify the contractor of the right to a hearing, if requested, within 15 days of the date of the notice. The hearing shall be before an administrative law judge of the Office of Administrative Hearings in accordance with the procedures specified in Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. The administrative law judge shall take into consideration any measures the contractor has taken to ensure compliance with this section, and may waive any or all of the sanctions if it is determined that the contractor has acted in good faith.

(2) The agency shall be assessed the cost of the administrative hearing, unless the agency has prevailed in the hearing, in which case the contractor shall be assessed the cost of the hearing.

(d) (1) Any state agency that investigates a complaint against a contractor for violation of this section may limit its investigation to evaluating the information provided by the person or entity submitting the complaint and the information provided by the contractor.

(2) Whenever a contracting officer of the contracting agency has reason to believe that the contractor failed to comply with the requirements under paragraph (1) of subdivision (a), the agency shall refer the matter for investigation to the head of the agency and, as the head of the agency determines appropriate, to either the Director of Industrial Relations or the Department of Justice.

(e) (1) For purposes of this section, the term "forced labor" shall have the same meaning as in Section 1307 of Title 19 of the United States Code.

(2) "Abusive forms of child labor" means any of the following:

(A) All forms of slavery or practices similar to slavery, such as the sale and trafficking of children, debt bondage, and serfdom and forced or compulsory labor, including forced or compulsory recruitment of children for use in armed conflict.

(B) The use, procuring, or offering of a child for prostitution, for the production of pornography, or for pornographic performances.

(C) The use, procuring, or offering of a child for illicit activities, in particular for the production and trafficking of illicit drugs.

(D) All work or service exacted from or performed by any person under the age of 18 either under the menace of any penalty for its nonperformance and for which the worker does not offer oneself voluntarily, or under a contract, the enforcement of which can be accomplished by process or penalties.

(E) All work or service exacted from or performed by a child in violation of all applicable laws of the country of manufacture governing the minimum age of employment, compulsory education, and occupational health and safety.

(3) "Exploitation of children in sweatshop labor" means all work or service exacted from or performed by any person under the age of 18 years in violation of more than one law of the country of manufacture governing wage and benefits, occupational health and safety, nondiscrimination, and freedom of association.

(4) "Sweatshop labor" means all work or service extracted from or performed by any person in violation of more than one law of the country of manufacture governing wages, employee benefits, occupational health, occupational safety, nondiscrimination, or freedom of association.

(5) "Apparel, garments or corresponding accessories" includes, but is not limited to, uniforms.

(6) Notwithstanding any other provision of this section, "forced labor" and "convict labor" do not include work or services performed by an inmate or a person employed by the Prison Industry Authority.

(7) "State agency" means any state agency in this state.

(f) (1) On or before February 1, 2004, the Department of Industrial Relations shall establish a contractor responsibility program, including a Sweatfree Code of Conduct, to be signed by all bidders on state contracts and subcontracts. Any state agency responsible for procurement shall ensure that the Sweatfree Code of Conduct is available for public review at least 30 calendar days between the dates of receipt and the final award of the contract. The Sweatfree Code of Conduct shall list the requirements that contractors are required to meet, as set forth in subdivision (g).

(2) Upon implementation in the manner described in paragraph (4), every contract entered into by any state agency for the procurement or laundering of apparel, garments or corresponding accessories, or for the procurement of equipment or supplies, shall require that the contractor certify in accordance with the Sweatfree Code of Conduct that no apparel, garments or corresponding accessories, or equipment, materials, or supplies, furnished to the state pursuant to the contract have been laundered or produced, in whole or in part, by sweatshop labor.

(3) The appropriate procurement agency, in consultation with the Director of Industrial Relations, shall employ a phased and targeted approach to implementing the Sweatfree Code of Conduct. Sweatfree Code of Conduct procurement policies involving apparel, garments and corresponding accessories may be permitted a phasein period of up to one year for purposes of feasibility and providing sufficient notice to contractors and the general public. The appropriate procurement agency, in consultation with the Director of Industrial Relations, shall target other procurement categories based on the magnitude of verified sweatshop conditions and the feasibility of implementation, and may set phasein goals and timetables of up to three years to achieve compliance with the principles of the Sweatfree Code of Conduct.

(4) In order to facilitate compliance with the Sweatfree Code of Conduct, the Department of Industrial Relations shall explore mechanisms employed by other governmental entities, including, but not limited to, New Jersey Executive Order 20, of 2002, to ensure that businesses that contract with this state are in compliance with this section and any regulations or requirements promulgated in conformance with this section, as amended by the act adding this paragraph. The mechanisms explored may include, but not be limited to, authorization to contract with a competent nonprofit organization that is neither funded nor controlled, in whole or in part, by a corporation that is engaged in

the procurement or laundering of apparel, garments, or corresponding accessories, or the procurement of equipment, materials, or supplies. The Department of Industrial Relations, in complying with this paragraph, shall also consider any feasible and cost-effective monitoring measures that will encourage compliance with the Sweatfree Code of Conduct.

(5) To ensure public access and confidence, the Department of Industrial Relations shall ensure public awareness and access to proposed contracts by postings on the Internet and through communication to advocates for garment workers, unions, and other interested parties. The appropriate agencies shall establish a mechanism for soliciting and reviewing any information indicating violations of the Sweatfree Code of Conduct by prospective or current bidders, contractors, or subcontractors. The agencies shall make their findings public when they reject allegations against bidding or contracting parties.

(6) Contractors shall ensure that their subcontractors comply in writing with the Sweatfree Code of Conduct, under penalty of perjury. Contractors shall attach a copy of the Sweatfree Code of Conduct to the certification required by subdivision (a).

(g) No state agency may enter into a contract with any contractor unless the contractor meets the following requirements:

(1) Contractors and subcontractors in California shall comply with all appropriate state laws concerning wages, workplace safety, rights to association and assembly, and nondiscrimination standards as well as appropriate federal laws. Contractors based in other states in the United States shall comply with all appropriate laws of their states and appropriate federal laws. For contractors whose locations for manufacture or assembly are outside the United States, those contractors shall ensure that their subcontractors comply with the appropriate laws of countries where the facilities are located.

(2) Contractors and subcontractors shall maintain a policy of not terminating any employee except for just cause, and employees shall have access to a mediator or to a mediation process to resolve certain workplace disputes that are not regulated by the National Labor Relations Board.

(3) Contractors and subcontractors shall ensure that workers are paid, at a minimum, wages and benefits in compliance with applicable local, state, and national laws of the jurisdiction in which the labor, on behalf of the contractor or subcontractor, is performed. Whenever a state agency expends funds for the procurement or laundering of apparel, garments, or corresponding accessories, or the procurement of equipment, materials, or supplies, other than procurement related to a public works contract, the applicable labor standards established by the local jurisdiction through the exercise of either local police powers or local spending powers in

which the labor, in compliance with the contract or purchase order for which the expenditure is made, is performed shall apply with regard to the contract or purchase order for which the expenditure is made, unless the applicable local standards are in conflict with, or are explicitly preempted by, state law. A state agency may not require, as a condition for the receipt of state funds or assistance, that a local jurisdiction refrain from applying the labor standards that are otherwise applicable to that local jurisdiction. The Department of Industrial Relations may, without incurring additional expenses, access information from any nonprofit organization, including, but not limited to, the World Bank, that gathers and disseminates data with respect to wages paid throughout the world, to allow the Department of Industrial Relations to determine whether contractors and subcontractors are compensating their employees at a level that enables those employees to live above the applicable poverty level.

(4) All contractors and subcontractors shall comply with the overtime laws and regulations of the country in which their employees are working.

(5) All overtime hours shall be worked voluntarily. Workers shall be compensated for overtime at either (A) the rate of compensation for regular hours of work, or (B) as legally required in the country of manufacture, whichever is greater.

(6) No person may be employed who is younger than the legal age for children to work in the country in which the facility is located. In no case may children under the age of 15 years be employed in the manufacturing process. Where the age for completing compulsory education is higher than the standard for the minimum age of employment, the age for completing education shall apply to this section.

(7) There may be no form of forced labor of any kind, including slave labor, prison labor, indentured labor, or bonded labor, including forced overtime hours.

(8) The work environment shall be safe and healthy and, at a minimum, be in compliance with relevant local, state, and national laws. If residential facilities are provided to workers, those facilities shall be safe and healthy as well.

(9) There may be no discrimination in hiring, salary, benefits, performance evaluation, discipline, promotion, retirement or dismissal on the basis of age, sex, pregnancy, maternity leave status, marital status, race, nationality, country of origin, ethnic origin, disability, sexual orientation, gender identity, religion, or political opinion.

(10) No worker may be subjected to any physical, sexual, psychological, or verbal harassment or abuse, including corporal punishment, under any circumstances, including, but not limited to, retaliation for exercising his or her right to free speech and assembly.

(11) No worker may be forced to use contraceptives or take pregnancy tests. No worker may be exposed to chemicals, including glues and solvents, that endanger reproductive health.

(12) Contractors and bidders shall list the names and addresses of each subcontractor to be utilized in the performance of the contract, and list each manufacturing or other facility or operation of the contractor or subcontractor for performance of the contract. The list, which shall be maintained and updated to show any changes in subcontractors during the term of the contract, shall provide company names, owners or officers, addresses, telephone numbers, e-mail addresses, and the nature of the business association.

(h) Any person who certifies as true any material matter pursuant to this section that he or she knows to be false is guilty of a misdemeanor.

(i) The provisions of this section, as amended by the act adding this subdivision, shall be in addition to any other provisions that authorize the prosecution and enforcement of local labor laws and may not be interpreted to prohibit a local prosecutor from bringing a criminal or civil action against an individual or business that violates the provisions of this section.

(j) (1) The certification requirements set forth in subdivisions (a) and (f) do not apply to a credit card purchase of goods of two thousand five hundred dollars ($2,500) or less.

(2) The total amount of exemption authorized herein shall not exceed seven thousand five hundred dollars ($7,500) per year for each company from which a state agency is purchasing goods by credit card. It shall be the responsibility of each state agency to monitor the use of this exemption and adhere to these restrictions on these purchases.

SEC. 6. Section 10286.1 of the Public Contract Code is amended to read:

For purposes of subclause (II), any stock sold in a public offering related to the transaction or a series of transactions is disregarded.

(A) The foreign entity provides, by operation of law, by provisions of its governing documents, by resolution of its board of directors, or in any other manner, at least the following shareholders' rights:

(i) Shareholders of the entity have the right to inspect, at a principal place of business in the United States, copies of the entity's books and records, including, but not limited to, shareholder names, addresses, and shareholdings in accordance with the corporation law, as amended from time to time and as that law is interpreted by the courts, of the United States jurisdiction in which the entity was previously incorporated, or, if the entity was not previously incorporated, in accordance with the terms set forth in the Model Business Corporation Act, as that act may be amended from time to time, provided that, if the corporate law of the United States jurisdiction in which the entity was previously incorporated or the Model Business Corporation Act does not provide access to the shareholder names, addresses, and shareholdings, these books and records are available for inspection by shareholders for purposes properly related to their status as shareholders of the entity.

(ii) The entity permits its shareholders to bring derivative proceedings on behalf of the entity, provided that these derivative proceedings are brought on a basis and under the terms applicable under the law, as amended from time to time and as interpreted by, or required by, the courts of the United States jurisdiction in which the entity was previously

(viii) The directors and officers of the entity occupy a fiduciary relationship with the entity and its shareholders and these directors and officers, in performing their duties, act in good faith in a manner that a director or officer believes to be in the best interests of the entity and its shareholders, as that standard of care is interpreted by the courts.

(ix) The entity agrees to hold no more than one of every four annual shareholder meetings in a location outside the United States and, in the event that the entity holds an annual meeting outside the United States, the entity agrees to provide access to that meeting through a Web cast or other technology that allows the entity's shareholders to do both of the following:

(B) The entity uses worldwide combined reporting to calculate the income on which it pays taxes to the state.

seven thousand five hundred dollars ($7,500) per year for each company from which a state agency is purchasing goods by credit card. It shall be the responsibility of each state agency to monitor the use of this exemption and adhere to these restrictions on these purchases.

(c) A state department or state agency is exempted from the provisions of subdivision (a) if the executive director, or his or her designee, of that state department or agency makes a written finding that the contract is necessary to meet a compelling state interest.

(d) For the purposes of this section:

(1) "Affiliate of the vendor or contractor" means any person or entity that is controlled by, or is under common control of, a vendor or contractor through stock ownership or any other affiliation.

10296. (a) Every contract entered into by any state agency for any purpose specified in subdivisions (a) to (d), inclusive, of Section 10295 shall contain a statement by which the contractor swears under penalty of perjury that no more than one final, unappealable finding of contempt of court by a federal court has been issued against the contractor within the immediately preceding two-year period because of the contractor's failure to comply with an order of a federal court which orders the contractor to comply with an order of the National Labor Relations Board. For purposes of this section, a finding of contempt does not include any finding that has been vacated, dismissed, or otherwise removed by the court because the contractor has complied with the order which was the basis for the finding. The state may rescind any contract in which the contractor falsely swears to the truth of the statement required by this section.

(b) (1) This section does not apply to a credit card purchase of goods of two thousand five hundred dollars ($2,500) or less.

42480. (a) (1) A state agency that purchases or leases covered electronic devices shall require each prospective bidder, to certify that it, and its agents, subsidiaries, partners, joint venturers, and subcontractors for the procurement, have complied with this chapter and any regulations adopted pursuant to this chapter, or to demonstrate that this chapter is inapplicable to all lines of business engaged in by the bidder, its agents, subsidiaries, partners, joint venturers, or subcontractors.

It shall be the responsibility of each state agency to monitor the use of this exemption and adhere to these restrictions on these purchases.

(b) Failure to provide certification pursuant to this section shall render the prospective bidder and its agents, subsidiaries, partners, joint venturers, and subcontractors ineligible to bid on the procurement of covered electronic devices.

(c) The bid solicitation documents shall specify that the prospective bidder is required to cooperate fully in providing reasonable access to its records and documents that evidence compliance with this chapter.

(d) Any person awarded a contract by a state agency that is found to be in violation of this section is subject to the following sanctions:

(1) The contract shall be voided by the state agency to which the equipment, materials, or supplies were provided.

(2) The contractor is ineligible to bid on any state contract for a period of three years.

(3) If the Attorney General establishes in the name of the people of the State of California that any money, property, or benefit was obtained by a contractor as a result of violating this section, the court may, in addition to any other remedy, order the disgorgement of the unlawfully obtained money, property, or benefit in the interest of justice.

SEC. 10. Section 42498 of the Public Resources Code is amended to read:

42498. (a) (1) A state agency that purchases or leases cell phones shall require each prospective bidder, to certify that it, and its agents, subsidiaries, partners, joint venturers, and subcontractors for the procurement, have complied with this chapter and any regulations

It shall be the responsibility of each state agency to monitor the use of this exemption and adhere to these restrictions on these purchases.

(b) Failure to provide certification pursuant to this section shall render the prospective bidder and its agents, subsidiaries, partners, joint venturers, and subcontractors ineligible to bid on the procurement of cell phones.

(c) The bid solicitation documents shall specify that the prospective bidder is required to cooperate fully in providing reasonable access to its records and documents that evidence compliance with this chapter.

(d) Any person awarded a contract by a state agency that is found to be in violation of this section is subject to the following sanctions:

(1) The contract shall be voided by the state agency to which the equipment, materials, or supplies were provided.

(2) The contractor is ineligible to bid on any state contract for a period of three years.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 71 of Chapter 67 of the Statutes of 1962, First Extraordinary Session, is amended to read:

SEC. 71. (a) Upon the establishment of the district, all persons then occupying the several offices of or under the government, of the county and each of the cities included therein, except as otherwise provided, whose several powers and duties are within the powers of the district or within the powers or duties of the several officers thereof, shall immediately quit and surrender the occupancy or possession of those offices, which shall thereupon cease and determine, except as to any persons who have powers and perform duties for the county and the cities other than those mentioned, whose offices shall not cease and determine as to those other powers and duties, but shall continue with respect thereto the same as if the district had not been established.

(b) Notwithstanding subdivision (a), all employees of the county and any city performing duties in connection with the Port of San Diego or the respective harbor departments shall be blanketed in as employees of the district.

(c) The district may do all of the following with respect to retirement and disability benefits for its employees:

(1) Contract with the State Employees' Retirement System and provide retirement and disability benefits for employees under the State Employees' Retirement System pursuant to its rules and regulations.

(2) Contract with any city included within the district that has a retirement system for retirement and disability benefits for district employees.

(3) Contract with any other employee retirement and disability system.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Because of the financial uncertainty of the City of San Diego and because the city is currently under contract with the San Diego Unified Port District to provide that district's retirement and disability benefits, it is critical that the district be granted the power provided by this act to

make decisions to ensure the long-term stability of the district's retirement and disability benefit systems at the earliest possible time.

The director shall notify the person submitting the report and the owner's designated agent in writing that the report and the fee required pursuant to subdivision (d) have been received, specify the mining operation's mine number if one has not been issued by the Bureau of Mines, and notify the person and agent of any deficiencies in the report within 90 days of receipt. That person or agent shall have 30 days from receipt of the notification to correct the noted deficiencies and forward the revised reports to the director and the lead agency. (2) (A) The board shall adopt, by regulation, a schedule of fees authorized under paragraph (1) to cover the department's cost in carrying out this section and Chapter 9 (commencing with Section 2710), as reflected in the Governor's Budget, and may adopt those regulations as emergency regulations. In establishing the schedule of fees to be paid by each active and idle mining operation, the fees shall be calculated on an equitable basis reflecting the size and type of operation. The board shall also consider the total assessed value of the mining operation, the acreage disturbed by mining activities, and the acreage subject to the reclamation plan.

(B) Regulations adopted pursuant to this subdivision shall be adopted by the board in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The adoption of any emergency regulations pursuant to this subdivision shall be considered necessary to address an emergency and shall be considered by the Office of Administrative Law to be necessary for the immediate preservation of the public peace, health, safety, and general welfare.

(3) The total revenue generated by the reporting fees may not exceed, and may be less than, the amount of three million five hundred thousand dollars ($3,500,000), as adjusted for the cost of living as measured by the California Consumer Price Index for all urban consumers, calendar year averages, using the percentage change in the previous year, beginning with the 2005-06 fiscal year and annually thereafter. If the director determines that the revenue collected during the preceding fiscal year was greater or less than the cost to operate the program, the board shall adjust the fees to compensate for the overcollection or undercollection of revenues.

(4) (A) The reporting fees established pursuant to this subdivision shall be deposited in the Mine Reclamation Account, which is hereby created. Any fees, penalties, interest, fines, or charges collected by the director or board pursuant to this chapter or Chapter 9 (commencing with Section 2710) shall be deposited in the Mine Reclamation Account. The money in the account shall be available to the department and board, upon appropriation by the Legislature, for the purpose of carrying out

(B) (i) In addition to reporting fees, the board shall collect five dollars ($5) per ounce of gold and ten cents ($0.10) per ounce of silver mined within the state and shall deposit the fees collected in the Abandoned Mine Reclamation and Minerals Fund Subaccount, which is hereby created in the Mine Reclamation Account. The department may expend the moneys in the subaccount, upon appropriation by the Legislature, for only the purposes of Sections 2796.5 and 2797.

(ii) Notwithstanding subdivision (j) of Section 2796.5, fees collected pursuant to clause (i) may also be used to remediate features of historic abandoned mines and lands that they impact. For the purposes of this section, historic abandoned mines are mines for which operations have been conducted before January 1, 1976, and include, but are not limited to, historic gold and silver mines.

(5) In case of late payment of the reporting fee, a penalty of not less than one hundred dollars ($100) or 10 percent of the amount due, whichever is greater, plus interest at the rate of 1 ½ percent per month, computed from the delinquent date of the assessment until and including the date of payment, shall be assessed. New mining operations that have not submitted a report shall submit a report prior to commencement of operations. The new operation shall submit its fee according to the reasonable fee schedule adopted by the board, and the month that the report is received shall become that operation's anniversary month.

(e) The lead agency, or the board when acting as the lead agency, may impose a fee upon each mining operation to cover the reasonable costs incurred in implementing this chapter and Chapter 9 (commencing with Section 2710).

(f) For purposes of this section, "mining operation" has the same meaning as "surface mining operation" as defined in Section 2735, unless excepted by Section 2714. For the purposes of fee collections only, "mining operation" may include one or more mines operated by a single operator or mining company on one or more sites, if the total annual combined mineral production for all sites is less than 100 troy ounces for precious metals, if precious metals are the primary mineral commodity produced, or less than 100,000 short tons if the primary mineral commodity produced is not precious metals.

(g) Any information in reports submitted pursuant to subdivision (a) that includes or otherwise indicates the total mineral production, reserves, or rate of depletion of any mining operation may not be disclosed to any

member of the public, as defined in subdivision (b) of Section 6252 of the Government Code. Other portions of the reports are public records unless excepted by statute. Statistical bulletins based on these reports and published under Section 2205 shall be compiled to show, for the state as a whole and separately for each lead agency, the total of each mineral produced therein. In order not to disclose the production, reserves, or rate of depletion from any identifiable mining operation, no production figure shall be published or otherwise disclosed unless that figure is the aggregated production of not less than three mining operations. If the production figure for any lead agency would disclose the production, reserves, or rate of depletion of less than three mining operations or otherwise permit the reasonable inference of the production, reserves, or rate of depletion of any identifiable mining operation, that figure shall be combined with the same figure of not less than two other lead agencies without regard to the location of the lead agencies. The bulletin shall be published annually by June 30 or as soon thereafter as practicable.

Any obligation to repay loans shall be expressly limited to revenues of the system improved by the proceeds of the contract.

No application for such federal funds pursuant to the authority of this section shall be made on or after March 1, 1978.

Notwithstanding the provisions of this section, a public agency shall not be exempt from any provision of law which requires the submission of such proposal to an election if a petition requesting such an election signed by 10 percent of the registered voters within the public agency is presented to the governing board within 30 days following the submission of an application for such federal funds.

Notwithstanding the provisions of this section, a public water agency which applied for federal funds for a project prior to January 1, 1978, may make application to the Director of the Drought Emergency Task Force for extension of the required completion date specified in subdivision (e). Following receipt of an application for extension, the Director of the Drought Emergency Task Force may extend the required completion date specified in subdivision (e) to a date not later than September 30, 1978, if the director finds that the project has been delayed by factors not controllable by the public water agency. If the Drought Emergency Task Force is dissolved, the Director of Water Resources

shall exercise the authority vested in the Director of the Drought Emergency Task Force pursuant to this section.

For the purposes of this section, "public water agency" means a city, district, agency, authority, or any other political subdivision of the state, except the state, which distributes water to the inhabitants thereof, which is otherwise authorized by law to enter into contracts or agreements with the federal government for a water supply or for financing facilities for a water supply, and which is otherwise required by law to submit such agreements or contracts or any other project involving long-term debt to an election within such public water agency.

SEC. 29. (a) If the City of Exeter or the City of Porterville contracts with an unincorporated disadvantaged community to provide water services to that community, the provision of water services, by itself, shall not cause the City of Exeter or the City of Porterville to lose any applicable exemptions to general law for projects related to the provision of water services conducted within the city's boundaries.

(b) For the purpose of this section, "disadvantaged community" means a community, as defined in Section 79505.5 of the Water Code, that is unable to meet the health and safety standards for water services pursuant to Article 1 (commencing with Section 116270) of Chapter 4 of Part 12 of Division 104 of the Health and Safety Code.

(c) For the purposes of this section, "applicable exemption" means an exemption that the City of Exeter or the City of Porterville has before the provision of water services pursuant to subdivision (a).

SEC. 30. The Legislature finds and declares that, because of the unique and special circumstances associated with the impoverished rural communities near the City of Exeter and the City of Porterville, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution. Therefore, the enactment of a special law is necessary for the provision of water services to residents of those rural communities.

SEC. 31. Section 1.5 of this bill incorporates amendments to Section 338 of the Code of Civil Procedure proposed by both this bill and AB 378. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2006, (2) each bill amends Section 338 of the Code of Civil Procedure, and (3) this bill is enacted after AB 378, in which case Section 1 of this bill shall not become operative.

SEC. 32. Section 4 of this bill, amending Section 65352.3 of the Government Code, shall not become operative if SB 922 is enacted and also amends Section 65352.3 of the Government Code.

SEC. 33. Section 5 of this bill, amending Section 65560 of the Government Code, shall not become operative if SB 922 is enacted and also amends Section 65560 of the Government Code.

SEC. 34. Section 6 of this bill, amending Section 65562.5 of the Government Code, shall not become operative if SB 922 is enacted and also amends Section 65562.5 of the Government Code.

SEC. 35. The provisions of this act are severable. If any provision of this act or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provisions or applications.

(4) A notice with the heading "Mechanics' Lien Warning" written as follows:

"MECHANICS LIEN WARNING:

Anyone who helps improve your property, but who is not paid, may record what is called a mechanics' lien on your property. A mechanics' lien is a claim, like a mortgage or home equity loan, made against your property and recorded with the county recorder.

Even if you pay your contractor in full, unpaid subcontractors, suppliers, and laborers who helped to improve your property may record mechanics' liens and sue you in court to foreclose the lien. If a court finds the lien is valid, you could be forced to pay twice or have a court officer sell your home to pay the lien. Liens can also affect your credit.

To preserve their right to record a lien, each subcontractor and material supplier must provide you with a document called a '20-day Preliminary Notice.' This notice is not a lien. The purpose of the notice is to let you know that the person who sends you the notice has the right to record a lien on your property if he or she is not paid.

BE CAREFUL. The Preliminary Notice can be sent up to 20 days after the subcontractor starts work or the supplier provides material. This can be a big problem if you pay your contractor before you have received the Preliminary Notices.

You will not get Preliminary Notices from your prime contractor or from laborers who work on your project. The law assumes that you already know they are improving your property.

PROTECT YOURSELF FROM LIENS. You can protect yourself from liens by getting a list from your contractor of all the subcontractors and material suppliers that work on your project. Find out from your contractor when these subcontractors started work and when these suppliers delivered goods or materials. Then wait 20 days, paying attention to the Preliminary Notices you receive.

PAY WITH JOINT CHECKS. One way to protect yourself is to pay with a joint check. When your contractor tells you it is time to pay for the work of a subcontractor or supplier who has provided you with a Preliminary Notice, write a joint check payable to both the contractor and the subcontractor or material supplier.

For other ways to prevent liens, visit CSLB's Web site at www.cslb.ca.gov or call CSLB at 800-321-CSLB (2752).

REMEMBER, IF YOU DO NOTHING, YOU RISK HAVING A LIEN PLACED ON YOUR HOME. This can mean that you may have to pay twice, or face the forced sale of your home to pay what you owe."

(5) The following notice shall be provided in at least 12-point typeface: "Information about the Contractors' State License Board (CSLB): CSLB is the state consumer protection agency that licenses and regulates construction contractors.

Contact CSLB for information about the licensed contractor you are considering, including information about disclosable complaints, disciplinary actions and civil judgments that are reported to CSLB.

Use only licensed contractors. If you file a complaint against a licensed contractor within the legal deadline (usually four years), CSLB has authority to investigate the complaint. If you use an unlicensed contractor, CSLB may not be able to help you resolve your complaint. Your only remedy may be in civil court, and you may be liable for damages arising out of any injuries to the unlicensed contractor or the unlicensed contractor's employees.

SEC. 3. Section 7159.3 of the Business and Professions Code, as amended by Section 9 of Chapter 48 of the Statutes of 2005, is repealed.

SEC. 4. Section 7159.4 of the Business and Professions Code, as amended by Section 10 of Chapter 48 of the Statutes of 2005, is repealed.

SEC. 5. Section 7159.5 of the Business and Professions Code, as amended by Section 11 of Chapter 48 of the Statutes of 2005, is amended to read:

7159.5. This section applies to all home improvement contracts, as defined in Section 7151.2, between an owner or tenant and a contractor, whether a general contractor or a specialty contractor, who is licensed or subject to be licensed pursuant to this chapter with regard to the transaction.

(a) Failure by the licensee or a person subject to be licensed under this chapter, or by his or her agent or salesperson to comply with the following provisions is cause for discipline:

(1) The contract shall include the agreed contract amount in dollars and cents. The contract amount shall include the entire cost of the contract, including profit, labor, and materials, but excluding finance charges.

(2) If there is a separate finance charge between the contractor and the person contracting for home improvement, the finance charge shall be set out separately from the contract amount.

(3) If a downpayment will be charged, the downpayment may not exceed one thousand dollars ($1,000) or 10 percent of the contract amount, whichever is less.

(4) If, in addition to a down payment, the contract provides for payments to be made prior to completion of the work, the contract shall include a schedule of payments in dollars and cents specifically referencing the amount of work or services to be performed and any materials and equipment to be supplied.

(5) Except for a downpayment, the contractor may neither request nor accept payment that exceeds the value of the work performed or material delivered.

(6) Upon any payment by the person contracting for home improvement, and prior to any further payment being made, the contractor shall, if requested, obtain and furnish to the person a full and unconditional release from any potential lien claimant claim or mechanic's lien pursuant to Section 3114 of the Civil Code for any portion of the work for which payment has been made. The person contracting for home improvement may withhold all further payments until these releases are furnished.

(7) If the contract provides for a payment of a salesperson's commission out of the contract price, that payment shall be made on a pro rata basis in proportion to the schedule of payments made to the contractor by the disbursing party in accordance with paragraph (4).

(8) A contractor furnishing a performance and payment bond, lien and completion bond, or a bond equivalent or joint control approved by the registrar covering full performance and payment is exempt from paragraphs (3), (4), and (5), and need not include, as part of the contract, the Mechanics' Lien Warning which is a requirement specified in Section 7159. A contractor furnishing these bonds, bond equivalents, or a joint control approved by the registrar may accept payment prior to completion. If the contract provides for a contractor to furnish joint control, the contractor shall not have any financial or other interest in the joint control.

(b) A violation of paragraph (1), (3), or (5) of subdivision (a) by a licensee or a person subject to be licensed under this chapter, or by his or her agent or salesperson, is a misdemeanor punishable by a fine of not less than one hundred dollars ($100) nor more than five thousand dollars ($5,000), or by imprisonment in a county jail not exceeding one year, or by both fine and imprisonment.

(1) An indictment or information against a person who is not licensed but who is required to be licensed under this chapter shall be brought, or a criminal complaint filed, for a violation of this section within four years from the date the buyer signs the contract.

(2) An indictment or information against a person who is licensed under this chapter shall be brought, or a criminal complaint filed, for a violation of this section within two years from the date the buyer signs the contract.

If any of these reasons occur, you may cancel the contract within three business days of signing the contract for normal service and repairs, or within seven business days of signing a contract to repair or correct conditions resulting from any sudden or catastrophic event for which a state of emergency has been declared by the President of the United States or the Governor, or for which a local emergency has been declared by the executive officer or governing body of any city, county, or city and county:

(C) If any of these reasons for canceling occurred, you may cancel the contract as specified under paragraph (B) above by e-mailing, mailing, faxing, or delivering a written notice to the contractor at the contractor's place of business within three business days or, if applicable, seven business days of the date you received a signed and dated copy of this contract. Or, you may, if you wish, comply with the contractor's instructions on how to return the goods at the contractor's expense and risk. If you make the goods available to the contractor and the contractor does not pick them up within 20 days of the date of your notice of cancellation, you may keep them without any further obligation. If you fail to make the goods available to the contractor, or if you agree to return the goods to the contractor and fail to do so, then you remain liable for performance of all obligations under the contract."

CHAPTER 386

An act to add Article 10 (commencing with Section 270) to Chapter 2 of Part 1 of the Education Code, relating to education equity.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares both of the following:

(1) Thirty years after the adoption of Title IX of the Education Amendments of 1972 (20 U.S.C. Sec. 1681 et seq.), there is still serious need for improvement in gender equity in athletics. Because of the lack of training at the high school level there is a prevalent and severe lack of Title IX awareness making it difficult for California to achieve full gender equity in athletics.

(2) Reports have indicated that at the community college and university levels athletic administrators and coaches have more awareness of Title IX compliance issues than at the high school level. Some of this awareness is the result of discrimination complaints or lawsuits that have forced colleges and universities to make changes in the number of athletic teams offered, to expend funds to improve facilities, or to make other changes that improve equity in athletics for women and men. However,

even though the overall picture has improved, there are still several areas of inequity that need to be addressed.

(b) The Athletes' Bill of Rights set forth in this act aims to educate high school pupils and parents of their Title IX rights.

SEC. 2. Article 10 (commencing with Section 270) is added to Chapter 2 of Part 1 of the Education Code, to read:

Article 10. Athletes' Bill of Rights

270. By July 1, 2006, the department shall post on its Web site, in both English and Spanish and at a reading level that may be comprehended by pupils in high school, the information set forth in the federal regulations implementing Title IX of the Education Amendments of 1972 (20 U.S.C. Sec. 1681 et seq.).

271. The following list of rights, which are based on the relevant provisions of the federal regulations implementing Title IX of the Education Amendments of 1972 (20 U.S.C. Sec. 1681 et seq.), may be used by the department for purposes of Section 270:

(a) You have the right to fair and equitable treatment and you shall not be discriminated against based on your sex.

(b) You have the right to be provided with an equitable opportunity to participate in all academic extracurricular activities, including athletics.

(c) You have the right to inquire of the athletic director of your school as to the athletic opportunities offered by the school.

(d) You have the right to apply for athletic scholarships.

(e) You have the right to receive equitable treatment and benefits in the provision of all of the following:

(1) Equipment and supplies.

(2) Scheduling of games and practices.

(3) Transportation and daily allowances.

(4) Access to tutoring.

(5) Coaching.

(6) Locker rooms.

(7) Practice and competitive facilities.

(8) Medical and training facilities and services.

(9) Publicity.

(f) You have the right to have access to a gender equity coordinator to answer questions regarding gender equity laws.

(g) You have the right to contact the State Department of Education and the California Interscholastic Federation to access information on gender equity laws.

(h) You have the right to file a confidential discrimination complaint with the United States Office of Civil Rights or the State Department of

Education if you believe you have been discriminated against or if you believe you have received unequal treatment on the basis of your sex.

(i) You have the right to pursue civil remedies if you have been discriminated against.

(j) You have the right to be protected against retaliation if you file a discrimination complaint.

CHAPTER 387

An act to repeal Section 91521.3 of the Government Code, relating to industrial development financing.

(C) "Unified Program Agency" or "UPA" means the CUPA, or its participating agencies to the extent each PA has been designated by the CUPA, pursuant to a written agreement, to implement or enforce a particular unified program element specified in subdivision (c). The UPAs have the responsibility and authority to implement and enforce the requirements listed in subdivision (c), and the regulations adopted to implement the requirements listed in subdivision (c), to the extent provided by Chapter 6.5 (commencing with Section 25100), Chapter 6.67 (commencing with Section 25270), Chapter 6.7 (commencing with Section 25280), Chapter 6.95 (commencing with Section 25500), and Sections 25404.1 and 25404.2. (2) "Department" means the Department of Toxic Substances Control.

(3) "Minor violation" means the failure of a person to comply with any requirement or condition of any applicable law, regulation, permit, information request, order, variance, or other requirement, whether procedural or substantive, of the unified program that the UPA is authorized to implement or enforce pursuant to this chapter, and that does not otherwise include any of the following:

(B) A knowing, willful, or intentional violation.

(C) A violation that is a chronic violation, or that is committed by a recalcitrant violator. In determining whether a violation is chronic or a violator is recalcitrant, the UPA shall consider whether there is evidence indicating that the violator has engaged in a pattern of neglect or disregard with respect to applicable regulatory requirements.

(D) A violation that results in an emergency response from a public safety agency.

(E) A violation that enables the violator to benefit economically from the noncompliance, either by reduced costs or competitive advantage.

(F) A class I violation as provided in Section 25117.6.

(G) A class II violation committed by a chronic or a recalcitrant violator, as provided in Section 25117.6.

For the purposes of this chapter, a unified program facility permit encompasses the permitting requirements of Section 25284, and any permit or authorization requirements under any local ordinance or regulation relating to the generation or handling of hazardous waste or hazardous materials, but does not encompass the permitting requirements of a local ordinance that incorporates provisions of the Uniform Fire Code or the Uniform Building Code.

(b) The secretary shall adopt implementing regulations and implement a unified hazardous waste and hazardous materials management regulatory program, which shall be known as the unified program, after holding an appropriate number of public hearings throughout the state. The unified program shall be developed in close consultation with the director, the Director of the Office of Emergency Services, the State Fire Marshal, the executive officers and chairpersons of the State Water Resources Control Board and the California regional water quality control boards, the local health officers, local fire services, and other appropriate officers of interested local agencies, and affected businesses and interested members of the public, including environmental organizations.

(2) The requirement of subdivision (c) of Section 25270.5 for owners and operators of aboveground storage tanks to prepare a spill prevention control and countermeasure plan.

(3) (A) Except as provided in subparagraphs (B) and (C), the requirements of Chapter 6.7 (commencing with Section 25280) concerning underground storage tanks and the requirements of any underground storage tank ordinance adopted by a city or county.

(B) The unified program may not include the responsibilities assigned to the State Water Resources Control Board pursuant to Section 25297.1.

(C) The unified program may not include the corrective action requirements of Sections 25296.10 to 25296.40, inclusive.

(4) The requirements of Article 1 (commencing with Section 25500) of Chapter 6.95 concerning hazardous material release response plans and inventories.

(6) The requirements of subdivisions (b) and (c) of Section 80.103 of the Uniform Fire Code, as adopted by the State Fire Marshal pursuant

to Section 13143.9 concerning hazardous material management plans and inventories.

(d) To the maximum extent feasible within statutory constraints, the secretary shall consolidate, coordinate, and make consistent these requirements of the unified program with other requirements imposed by other federal, state, regional, or local agencies upon facilities regulated by the unified program.

(e) (1) The secretary shall establish standards applicable to CUPAs, participating agencies, state agencies, and businesses specifying the data to be collected and submitted by unified program agencies in administering the programs listed in subdivision (c). Those standards shall incorporate any standard developed under Section 25503.3.

(2) The secretary shall establish an electronic geographic information management system capable of receiving all data collected by the unified program agencies pursuant to this subdivision and Section 25504.1. The secretary shall make all nonconfidential data available on the Internet.

(3) (A) As funding becomes available, the secretary shall establish, consistent with paragraph (2), and thereafter maintain, a statewide database.

(B) The secretary, or one or more of the boards, departments, or offices within the California Environmental Protection Agency, shall seek available federal funding for purposes of implementing this subdivision.

(4) Once the statewide database is established, the secretary shall work with the CUPAs to develop a phased-in schedule for the electronic collection and submittal of information to be included in the statewide database, giving first priority to information relating to those chemicals determined by the secretary to be of greatest concern. The secretary, in making this determination shall consult with the CUPAs, the Office of Emergency Services, the State Fire Marshal, and the boards, departments, and offices within the California Environmental Protection Agency. The information initially included in the statewide database shall include, but is not limited to, the hazardous materials inventory information required to be submitted pursuant to Section 25504.1 for perchlorate materials.

SEC. 2. Section 25404 of the Health and Safety Code, as amended by Section 10 of Chapter 880 of the Statutes of 2004, is repealed.

SEC. 3. Section 25404.1.2 of the Health and Safety Code is amended to read:

25404.1.2. (a) (1) An authorized representative of the UPA, who in the course of conducting an inspection, detects a minor violation, shall take an enforcement action as to the minor violation only in accordance with this section.

(2) In any proceeding concerning an enforcement action taken pursuant to this section, there shall be a rebuttable presumption upholding the determination made by the UPA regarding whether the violation is a minor violation.

(b) A notice to comply shall be the only means by which a UPA may cite a minor violation, unless the person cited fails to correct the violation or fails to submit the certification of correction within the time period prescribed in the notice, in which case the UPA may take any enforcement action, including imposing a penalty, as authorized by this chapter.

(c) (1) A person who receives a notice to comply detailing a minor violation shall have not more than 30 days from the date of the notice to comply in which to correct any violation cited in the notice to comply. Within five working days of correcting the violation, the person cited or an authorized representative shall sign the notice to comply, certifying that any violation has been corrected, and return the notice to the UPA.

(2) A false certification that a violation has been corrected is punishable as a misdemeanor.

(3) The effective date of the certification that any violation has been corrected shall be the date that it is postmarked.

(d) If a notice to comply is issued, a single notice to comply shall be issued for all minor violations noted during the inspection, and the notice to comply shall list all of the minor violations and the manner in which each of the minor violations may be brought into compliance.

(e) If a person who receives a notice to comply pursuant to subdivision (a) disagrees with one or more of the alleged violations listed on the notice to comply, the person shall provide the UPA a written notice of disagreement along with the returned signed notice to comply. If the person disagrees with all of the alleged violations, the written notice of disagreement shall be returned in lieu of the signed certification of correction within 30 days of the date of issuance of the notice to comply. If the issuing agency takes administrative enforcement action on the basis of the disputed violation, that action may be appealed in the same manner as any other alleged violation under Section 25404.1.1.

(f) This section may not be construed as doing any of the following:

(1) Preventing the reinspection of a facility to ensure compliance with this chapter or to ensure that minor violations cited in a notice to comply have been corrected and that the facility is in compliance with those laws and regulations within the jurisdiction of the UPA.

(2) Preventing the UPA from requiring a person to submit necessary documentation needed to support the person's claim of compliance pursuant to subdivision (c).

(3) Restricting the power of a city attorney, district attorney, county counsel, or the Attorney General to bring, in the name of the people of California, any criminal proceeding otherwise authorized by law.

(4) Preventing the UPA from cooperating with, or participating in, a proceeding specified in paragraph (3).

SEC. 4. Section 25503.5 of the Health and Safety Code is amended to read:

25503.5. (a) (1) A business, except as provided in subdivisions (b), (c), and (d), shall establish and implement a business plan for emergency response to a release or threatened release of a hazardous material in accordance with the standards prescribed in the regulations adopted pursuant to Section 25503, if the business handles a hazardous material or a mixture containing a hazardous material that has a quantity at any one time during the reporting year that is any of the following:

(A) Equal to, or greater than, a total weight of 500 pounds or a total volume of 55 gallons.

(B) Equal to, or greater than, 200 cubic feet at standard temperature and pressure, if the substance is compressed gas.

(C) If the substance is a radioactive material, it is handled in quantities for which an emergency plan is required to be adopted pursuant to Part 30 (commencing with Section 30.1), Part 40 (commencing with Section 40.1), or Part 70 (commencing with Section 70.1), of Chapter 1 of Title 10 of the Code of Federal Regulations, or pursuant to any regulations adopted by the state in accordance with those regulations.

(2) In meeting the requirements of this subdivision, a business may, if it elects to do so, use the format adopted pursuant to Section 25503.4.

(b) (1) Oxygen, nitrogen, and nitrous oxide, ordinarily maintained by a physician, dentist, podiatrist, veterinarian, or pharmacist, at his or her office or place of business, stored at each office or place of business in quantities of not more than 1,000 cubic feet of each material at any one time, are exempt from this section and from Section 25505. The administering agency may require a one-time inventory of these materials for a fee not to exceed fifty dollars ($50) to pay for the costs incurred by the agency in processing the inventory forms.

(2) (A) Lubricating oil is exempt from this section and Sections 25505 and 25509, for a single business facility, if the total volume of each type of lubricating oil handled at that facility does not exceed 55 gallons and the total volume of all types of lubricating oil handled at that facility does not exceed 275 gallons, at any one time.

(B) For purposes of this paragraph, "lubricating oil" means any oil intended for use in an internal combustion crankcase, or the transmission, gearbox, differential, or hydraulic system of an automobile, bus, truck, vessel, plane, heavy equipment, or other machinery powered by an

internal combustion or electric powered engine. "Lubricating oil" does not include used oil, as defined in subdivision (a) of Section 25250.1.

(c) (1) Hazardous material contained solely in a consumer product for direct distribution to, and use by, the general public is exempt from the business plan requirements of this chapter unless the administering agency has found, and has provided notice to the business handling the product, that the handling of certain quantities of the product requires the submission of a business plan, or any portion thereof, in response to public health, safety, or environmental concerns.

(2) In addition to the authority specified in paragraph (4), the administering agency may, in exceptional circumstances, following notice and public hearing, exempt from the inventory provisions of this chapter any hazardous substance specified in subdivision (p) of Section 25501 if the administering agency finds that the hazardous substance would not pose a present or potential danger to the environment or to human health and safety if the hazardous substance was released into the environment. The administering agency shall specify in writing the basis for granting any exemption under this paragraph. The administering agency shall send a notice to the office within five days from the effective date of any exemption granted pursuant to this paragraph.

(3) The administering agency, upon application by a handler, may exempt the handler, under conditions that the administering agency determines to be proper, from any portion of the business plan, upon a written finding that the exemption would not pose a significant present or potential hazard to human health or safety or to the environment or affect the ability of the administering agency and emergency rescue personnel to effectively respond to the release of a hazardous material, and that there are unusual circumstances justifying the exemption. The administering agency shall specify in writing the basis for any exemption under this paragraph.

(4) The administering agency, upon application by a handler, may exempt a hazardous material from the inventory provisions of this chapter upon proof that the material does not pose a significant present or potential hazard to human health and safety or to the environment if released into the workplace or environment. The administering agency shall specify in writing the basis for any exemption under this paragraph.

(5) An administering agency shall exempt a business operating a farm for purposes of cultivating the soil or raising or harvesting any agricultural or horticultural commodity from filing the information in the business plan required by subdivisions (b) and (c) of Section 25504 if all of the following requirements are met:

(A) The handler annually provides the inventory of information required by Section 25509 to the county agricultural commissioner before January 1 of each year.

(B) Each building in which hazardous materials subject to this chapter are stored is posted with signs, in accordance with regulations that the office shall adopt, that provide notice of the storage of any of the following:

(i) Pesticides.

(ii) Petroleum fuels and oil.

(iii) Types of fertilizers.

(C) Each county agricultural commissioner forwards the inventory to the administering agency within 30 days from the date of receipt of the inventory.

(6) The administering agency shall exempt a business operating an unstaffed remote facility located in an isolated sparsely populated area from the hazardous materials business plan and inventory requirements of this article if the facility is not otherwise subject to the requirements of applicable federal law, and all of the following requirements are met:

(A) The types and quantities of materials onsite are limited to one or more of the following:

(i) Five hundred standard cubic feet of compressed inert gases (asphyxiation and pressure hazards only).

(ii) Five hundred gallons of combustible liquid used as a fuel source.

(iii) Two hundred gallons of corrosive liquids used as electrolytes in closed containers.

(iv) Five hundred gallons of lubricating and hydraulic fluids.

(v) Twelve hundred gallons of flammable gas used as a fuel source.

(B) The facility is secured and not accessible to the public.

(C) Warning signs are posted and maintained for hazardous materials pursuant to the California Fire Code.

(D) A one-time notification and inventory is provided to the administering agency along with a processing fee in lieu of the existing fee. The fee shall not exceed the actual cost of processing the notification and inventory, including a verification inspection if necessary.

(E) If the information contained in the initial notification or inventory changes and the time period of the change is longer than 30 days, the notification or inventory shall be resubmitted within 30 days to the administering agency to reflect the change, along with a processing fee, in lieu of the existing fee, that does not exceed the actual cost of processing the amended notification or inventory, including a verification inspection, if necessary.

(F) The administering agency shall forward a copy of the notification and inventory to those agencies that share responsibility for emergency response.

(G) The administering agency may require an unstaffed remote facility to submit a hazardous materials business plan and inventory in accordance with this article if the agency finds that special circumstances exist such that development and maintenance of the business plan and inventory is necessary to protect public health and safety and the environment.

(d) Onpremise use, storage, or both, of propane in an amount not to exceed 300 gallons that is for the sole purpose of heating the employee working areas with that business is exempt from this section, unless the administering agency finds, and provides notice to the business handling the propane, that the handling of the onpremise propane requires the submission of a business plan, or any portion thereof, in response to public health, safety, or environmental concerns.

(e) The administering agency shall provide all information obtained from completed inventory forms, upon request, to emergency rescue personnel on a 24-hour basis.

(f) The administering agency shall adopt procedures to provide for public input when approving any applications submitted pursuant to paragraph (3) or (4) of subdivision (c).

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution, or because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 389

An act to amend Section 1810.7 of the Insurance Code, relating to bail licenses.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1810.7 of the Insurance Code is amended to read:

1810.7. (a) In order to be eligible to take the examination required to be licensed under this chapter, the applicant shall have completed not less than 12 hours of classroom education in subjects pertinent to the duties and responsibilities of a bail licensee, including, but not limited to, all laws and regulations related thereto, rights of the accused, ethics, and apprehension of bail fugitives. Additionally, a licensee shall complete annually not less than six hours of continuing education in these subjects prior to renewal of his or her license.

(b) The commissioner shall approve or disapprove an applicant to provide education for licensure as required by this section within 90 days of receipt of the applicant's full and complete application. However, this 90-day period shall be tolled during the pendency of any investigation of the applicant by the commissioner for an alleged violation that would, if proven, result in the suspension, revocation, or denial of the provider's approval to provide continuing education to bail agents as prescribed in Section 1813. Failure to disapprove an applicant within this period shall result in the automatic approval of the application. Approval shall be valid for two years. The commissioner may, at any time, disapprove any provider who is not qualified or whose course outlines are not approved, who is not of good business reputation, or who is lacking in integrity, honesty, or competency. A provider shall not provide education for licensure following the expiration of the two-year approval period unless the commissioner has renewed the provider's approval. The commissioner shall, at the time of renewal, approve or disapprove the course outlines and schedule of classes to be provided.

(c) Providers responsible for providing education for licensure under this chapter shall consult with the California State Sheriffs' Association, the California District Attorneys Association, and the County Counsels Association of California prior to submission of the course outlines for approval by the commissioner, and these entities may respond within 30 days of receipt of a request for consultation from a provider. Providers shall maintain records of their requests for consultation and any responses from these entities, and make these records available to the department for review as requested. The bail license fee shall be increased, the amount of which shall be determined by the commissioner, which shall be deposited in the Insurance Fund for the purposes of recovering the administrative costs for meeting the conditions and purposes of this section. Providers of education or continuing education shall offer courses to all applicants at the same course fees.

(d) Any person who falsely represents to the commissioner that compliance with this section has been met shall be subject, after notice and hearing, to the penalties and fines set out in Section 1814.

(e) A licensee shall not be required to comply with the continuing education requirements of this section if the licensee submits proof satisfactory to the commissioner that he or she has been a licensee in good standing for 30 continuous years in this state and is 70 years of age or older.

(f) The commissioner may make reasonable rules and regulations necessary, advisable, and convenient for the administration and enforcement of this chapter. The rules and regulations may include a schedule establishing fees to be paid by an applicant seeking approval to act as a provider and to deliver courses under this section. Those fees shall be in an amount no greater than fees paid by applicants providing similar courses to other insurance agents licensed by the department, as specified in Section 1751.1.

(g) Nothing in this chapter shall preclude completion of the bail agent continuing education requirements of this section through a course of instruction offered via the Internet or correspondence. However, this subdivision shall not be construed to allow completion of the prelicensing education requirements of this section through such a course of instruction.

(h) Successful completion of the continuing education requirements by means of an Internet or correspondence course shall require obtaining a passing grade of at least 70 percent on a written final examination. The final examination shall be open book and shall be graded by the approved provider. The provider shall issue certificates of completion only to those students who have passed the final examination.

(i) No Internet or correspondence continuing education course shall be provided pursuant to this section prior to April 1, 2006. However, this subdivision shall not prohibit an approved provider from advertising or promoting a course prior to that date.

CHAPTER 390

The people of the State of California do enact as follows:

SECTION 1. Section 44280 of the Education Code is amended to read:

44280. The adequacy of subject matter preparation and the basis for assignment of certified personnel shall be determined by the successful passage of a subject matter examination as certified by the commission, except as specifically waived as set forth in Article 6 (commencing with Section 44310) of this chapter. For the purpose of determining the adequacy of subject matter knowledge of languages for which there are no adequate examinations, the commission may establish guidelines for accepting alternative assessments performed by organizations that are expert in the language and culture assessed. The commission shall submit an expenditure plan for the development of a subject matter examination in the Filipino language to the Department of Finance no later than January 8, 2006. Upon approval of the expenditure plan by the Department of Finance and the Secretary for Education, and subject to an appropriation in the Budget Act of 2006 for this purpose, the commission shall contract with another entity for that entity to develop, for certification by the commission, a subject matter examination in the Filipino language, to be administered no later than September 1, 2008.

For purposes of this section, a "multijurisdictional airport" is an airport that is owned or operated by a city, county, or city and county that meets both of the following conditions:

(1) The owning or operating city, county, or city and county imposes a local sales tax pursuant to an ordinance adopted pursuant to this part.

(2) The owning or operating city, county, or city or county is different from the city, county, or city and county in which the airport is located.

(A) One-half to the county or city and county in which the point of delivery to the aircraft is located, less the amount transmitted to a city pursuant to subparagraph (B), if any; and one-half to the county or city and county that owns or operates the airport or to the county in which the city that owns or operates the airport is located, less the amount transmitted to a city pursuant to subparagraph (C), if any.

(B) If the multijurisdictional airport is located in a city imposing a local sales tax pursuant to an ordinance adopted pursuant to this part, the board shall transmit to that city that amount of sales taxes collected by the board with respect to retail sales of fuel described in subdivision (a) that is based on 50 percent of the rate set by that city's ordinance.

(C) If the multijurisdictional airport is owned or operated by a city imposing a local sales tax pursuant to an ordinance adopted pursuant to this part, the board shall transmit to that city that amount of sales taxes collected by the board with respect to retail sales of fuel described in subdivision (a) that is based on 50 percent of the rate set by that city's ordinance.

The gross receipts from those sales shall include delivery charges, when those charges are subject to the state sales and use tax, regardless of the place to which delivery is made.

(b) (1) In the event a retailer has no permanent place of business in the state or has more than one place of business, the place or places at which the retail sales are consummated for the purpose of a sales tax imposed by an ordinance adopted pursuant to this part shall, subject to paragraph (2), be determined under rules and regulations to be prescribed and adopted by the board.

(2) In the case of a sale of jet fuel, the place at which the retail sale of that jet fuel is consummated for the purpose of a sales tax imposed by an ordinance adopted pursuant to this part is the point of the delivery of that jet fuel to the aircraft.

SEC. 3. Sections 1 and 2 of this act shall become operative on January 1, 2008.

A license issued under this chapter expires at midnight on the last day of the licenseholder's birth month following its original issuance and thereafter at midnight on the last day of the licenseholder's birth month every two years if not renewed. To renew an unexpired license, the licenseholder shall apply for renewal on a form prescribed by the board and pay the renewal fee prescribed by this chapter.

SEC. 41. Section 3147 of the Business and Professions Code is amended to read:

3147. Except as otherwise provided by Section 114, an expired license may be renewed at any time within three years after its expiration on filing of an application for renewal on a form prescribed by the board, and payment of all accrued and unpaid renewal fees. If an expired license is renewed, the licenseholder shall pay the delinquency fee prescribed by the board. Renewal under this section shall be effective on the date on which the application is filed, on the date on which the accrued renewal fees are paid, or on the date on which the delinquency fee, if any, is paid, whichever last occurs. If so renewed, the license shall continue as provided in Section 3146 and 3147.5.

SEC. 42. Section 3147.5 of the Business and Professions Code is amended to read:

3147.5. A license that has been suspended is subject to expiration and shall be renewed as provided in this article, but renewal does not entitle the holder of a suspended license to engage in the practice of optometry, or in any other activity or conduct in violation of the order or judgment by which the license was suspended.

A license that has been revoked is subject to expiration, but it may not be renewed. If a revoked license is reinstated after it has expired, a reinstatement fee of 150 percent of the renewal fee shall be assessed.

SEC. 43. Section 3147.6 of the Business and Professions Code is amended to read:

3147.6. Except as otherwise provided by Section 114, a license that is not renewed within three years after its expiration may be restored thereafter, if no fact, circumstance, or condition exists that, if the license were restored, would justify its revocation or suspension, provided all of the following conditions are met:

(a) The holder of the expired license is not subject to denial of a license under Section 480.

(b) The holder of the expired license applies in writing for its restoration on a form prescribed by the board.

(c) He or she pays the fee or fees as would be required of him or her if he or she were then applying for a license for the first time and had not previously taken the examination for a license.

(d) He or she takes and satisfactorily passes the clinical portion of the regular examination of applicants, or other clinical examination approved by the board, and takes and satisfactorily passes the California law and regulations examination.

(e) After having taken and satisfactorily passed the clinical portion of the regular examination of applicants, or other clinical examination approved by the board, he or she pays a restoration fee equal to the renewal fee in effect on the last regular renewal date for licenses.

SEC. 44. Section 3147.7 of the Business and Professions Code is amended to read:

3147.7. The provisions of Section 3147.6 shall not apply to a person holding a license that has not been renewed within three years of expiration, if the person provides satisfactory proof that he or she holds an active license from another state. In this event, the person may renew his or her license in the manner provided for under Section 3147.

SEC. 45. Section 3148 of the Business and Professions Code is amended to read:

3148. From each fee for the renewal of a license for the biennial renewal of a license, there shall be paid the sum of sixteen dollars ($16) by the Director of Consumer Affairs to the University of California.

This sum shall be used at and by the University of California solely for the advancement of optometrical research and the maintenance and support of the department at the university in which the science of optometry is taught.

The balance of each renewal fee shall be paid into the Optometry Fund.

SEC. 46. Section 3150 of the Business and Professions Code is amended to read:

3150. The department may make all necessary disbursements to carry out the provisions of this chapter.

SEC. 47. Section 3152 of the Business and Professions Code is amended to read:

(g) The delinquency fee for renewal of an optometric license shall not exceed twenty-five dollars ($25).

SEC. 48. Section 3152.5 of the Business and Professions Code is amended to read:

3152.5. The board may require each applicant for a certificate to use therapeutic pharmaceutical agents, pursuant to Section 3041.3, to pay an application fee, and may require each licenseholder to pay a renewal fee. The application fee and the renewal fee shall not exceed the actual costs to the board of the reviewing and processing of the application for a license or renewal of a license, monitoring the practice by licenseholders, and enforcing the provisions of law governing the use of therapeutic pharmaceutical agents, the diagnosis and treatment of certain conditions, and the performance of certain procedures by persons certified to use therapeutic pharmaceutical agents.

SEC. 49. Section 3153 of the Business and Professions Code is repealed.

CHAPTER 394

An act to amend Section 2782 of the Civil Code, relating to construction contracts.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 2782 of the Civil Code is amended to read:

2782. (a) Except as provided in Sections 2782.1, 2782.2, 2782.5, and 2782.6, provisions, clauses, covenants, or agreements contained in, collateral to, or affecting any construction contract and that purport to indemnify the promisee against liability for damages for death or bodily injury to persons, injury to property, or any other loss, damage or expense

arising from the sole negligence or willful misconduct of the promisee or the promisee's agents, servants, or independent contractors who are directly responsible to the promisee, or for defects in design furnished by those persons, are against public policy and are void and unenforceable; provided, however, that this section shall not affect the validity of any insurance contract, workers' compensation, or agreement issued by an admitted insurer as defined by the Insurance Code.

(b) Except as provided in Sections 2782.1, 2782.2, and 2782.5, provisions, clauses, covenants, or agreements contained in, collateral to, or affecting any construction contract with a public agency that purport to impose on the contractor, or relieve the public agency from, liability for the active negligence of the public agency are void and unenforceable.

(c) For all construction contracts, and amendments thereto, entered into after January 1, 2006, for residential construction, as used in Title 7 (commencing with Section 895) of Part 2 of Division 2, all provisions, clauses, covenants, and agreements contained in, collateral to, or affecting any such construction contract, and amendments thereto, that purport to indemnify, including the cost to defend, the builder, as defined in Section 911, by a subcontractor against liability for claims of construction defects are unenforceable to the extent the claims arise out of, pertain to, or relate to the negligence of the builder or the builder's other agents, other servants, or other independent contractors who are directly responsible to the builder, or for defects in design furnished by those persons, or to the extent the claims do not arise out of, pertain to, or relate to the scope of work in the written agreement between the parties. This section shall not be waived or modified by contractual agreement, act, or omission of the parties. Contractual provisions, clauses, covenants, or agreements not expressly prohibited herein are reserved to the agreement of the parties.

(d) Subdivision (c) does not prohibit a subcontractor and builder from mutually agreeing to the timing or immediacy of the defense and provisions for reimbursement of defense fees and costs, so long as that agreement, upon final resolution of the claims, does not waive or modify the provisions of subdivision (c). Subdivision (c) shall not affect the obligations of an insurance carrier under the holding of Presley Homes, Inc. v. American States Insurance Company (2001) 90 Cal.App.4th 571. Subdivision (c) shall not affect the builder's or subcontractor's obligations pursuant to Chapter 4 (commencing with Section 910) of Title 7 of Part 2 of Division 2.

CHAPTER 395

An act to amend Sections 1063.1 and 1063.3 of the Insurance Code, relating to insurance.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1063.1 of the Insurance Code is amended to read:

1063.1. As used in this article:

(a) "Member insurer" means an insurer required to be a member of the association in accordance with subdivision (a) of Section 1063, except and to the extent that the insurer is participating in an insolvency program adopted by the United States government.

(b) "Insolvent insurer" means a member insurer against which an order of liquidation or receivership with a finding of insolvency has been entered by a court of competent jurisdiction.

(c) (1) "Covered claims" means the obligations of an insolvent insurer, including the obligation for unearned premiums, (i) imposed by law and within the coverage of an insurance policy of the insolvent insurer; (ii) which were unpaid by the insolvent insurer; (iii) which are presented as a claim to the liquidator in this state or to the association on or before the last date fixed for the filing of claims in the domiciliary liquidating proceedings; (iv) which were incurred prior to the date coverage under the policy terminated and prior to, on, or within 30 days after the date the liquidator was appointed; (v) for which the assets of the insolvent insurer are insufficient to discharge in full; (vi) in the case of a policy of workers' compensation insurance, to provide workers' compensation benefits under the workers' compensation law of this state; and (vii) in the case of other classes of insurance if the claimant or insured is a resident of this state at the time of the insured occurrence, or the property from which the claim arises is permanently located in this state.

(2) "Covered claims" also include the obligations assumed by an assuming insurer from a ceding insurer where the assuming insurer subsequently becomes an insolvent insurer if, at the time of the insolvency of the assuming insurer, the ceding insurer is no longer admitted to transact business in this state. Both the assuming insurer and the ceding insurer shall have been member insurers at the time the assumption was made. "Covered claims" under this paragraph shall be required to satisfy the requirements of subparagraphs (i) to (vii),

inclusive, of paragraph (1), except for the requirement that the claims be against policies of the insolvent insurer. The association shall have a right to recover any deposit, bond, or other assets that may have been required to be posted by the ceding company to the extent of covered claim payments and shall be subrogated to any rights the policyholders may have against the ceding insurer.

(3) "Covered claims" does not include obligations arising from the following:

(i) Life, annuity, health, or disability insurance.

(ii) Mortgage guaranty, financial guaranty, or other forms of insurance offering protection against investment risks.

(iii) Fidelity or surety insurance including fidelity or surety bonds, or any other bonding obligations.

(iv) Credit insurance.

(v) Title insurance.

(vi) Ocean marine insurance or ocean marine coverage under any insurance policy including claims arising from the following: the Jones Act (46 U.S.C.A. Sec. 688), the Longshore and Harbor Workers' Compensation Act (33 U.S.C.A. Sec. 901 et seq.), or any other similar federal statutory enactment, or any endorsement or policy affording protection and indemnity coverage.

(vii) Any claims servicing agreement or insurance policy providing retroactive insurance of a known loss or losses, except a special excess workers' compensation policy issued pursuant to subdivision (c) of Section 3702.8 of the Labor Code that covers all or any part of workers' compensation liabilities of an employer that is issued, or was previously issued, a certificate of consent to self-insure pursuant to subdivision (b) of Section 3700 of the Labor Code.

(4) "Covered claims" does not include any obligations of the insolvent insurer arising out of any reinsurance contracts, nor any obligations incurred after the expiration date of the insurance policy or after the insurance policy has been replaced by the insured or canceled at the insured's request, or after the insurance policy has been canceled by the association as provided in this chapter, or after the insurance policy has been canceled by the liquidator, nor any obligations to any state or to the federal government.

(5) "Covered claims" does not include any obligations to insurers, insurance pools, or underwriting associations, nor their claims for contribution, indemnity, or subrogation, equitable or otherwise, except as otherwise provided in this chapter.

An insurer, insurance pool, or underwriting association may not maintain, in its own name or in the name of its insured, any claim or legal action against the insured of the insolvent insurer for contribution,

indemnity or by way of subrogation, except insofar as, and to the extent only, that the claim exceeds the policy limits of the insolvent insurer's policy. In those claims or legal actions, the insured of the insolvent insurer is entitled to a credit or setoff in the amount of the policy limits of the insolvent insurer's policy, or in the amount of the limits remaining, where those limits have been diminished by the payment of other claims.

(6) "Covered claims," except in cases involving a claim for workers' compensation benefits or for unearned premiums, does not include any claim in an amount of one hundred dollars ($100) or less, nor that portion of any claim that is in excess of any applicable limits provided in the insurance policy issued by the insolvent insurer.

(7) "Covered claims" does not include that portion of any claim, other than a claim for workers' compensation benefits, that is in excess of five hundred thousand dollars ($500,000).

(8) "Covered claims" does not include any amount awarded as punitive or exemplary damages, nor any amount awarded by the Workers' Compensation Appeals Board pursuant to Section 5814 or 5814.5 because payment of compensation was unreasonably delayed or refused by the insolvent insurer.

(9) "Covered claims" does not include (i) any claim to the extent it is covered by any other insurance of a class covered by this article available to the claimant or insured nor (ii) any claim by any person other than the original claimant under the insurance policy in his or her own name, his or her assignee as the person entitled thereto under a premium finance agreement as defined in Section 673 and entered into prior to insolvency, his or her executor, administrator, guardian or other personal representative or trustee in bankruptcy and does not include any claim asserted by an assignee or one claiming by right of subrogation, except as otherwise provided in this chapter.

(10) "Covered claims" does not include any obligations arising out of the issuance of an insurance policy written by the separate division of the State Compensation Insurance Fund pursuant to Sections 11802 and 11803.

(11) "Covered claims" does not include any obligations of the insolvent insurer arising from any policy or contract of insurance issued or renewed prior to the insolvent insurer's admission to transact insurance in the State of California.

(12) "Covered claims" does not include surplus deposits of subscribers as defined in Section 1374.1.

(13) "Covered Claims" shall also include obigations arising under an insurance policy written to indemnify a permissibly self-insured employer pursuant to subdivision (b) or (c) of Section 3700 of the Labor Code for its liability to pay workers' compensation benefits in excess of a specific

or aggregate retention, provided, however, that for purposes of this article, those claims shall not be considered workers' compensation claims and therefore are subject to the per claim limit in paragraph (7) and any payments and expenses related thereto shall be allocated to category (c) for claims other than workers' compensation, homeowners, and automobile, as provided in Section 1063.5.

These provisions shall apply to obligations arising under any policy as described herein issued to a permissibly self-insured employer or group of self-insured employers pursuant to Section 3700 of the Labor Code and notwithstanding any other provision of the Insurance Code, those obligations shall be governed by this provision in the event that the Self-Insurers' Security Fund is ordered to assume the liabilities of a permissibly self-insured employer or group of self-insured employers pursuant to Section 3701.5 of the Labor Code. The provisions of this paragraph apply only to insurance policies written to indemnify a permissibly self-insured employer or group of self-insured employers under subdivision (b) or (c) of Section 3700, for its liability to pay workers' compensation benefits in excess of a specific or aggregate retention, and this paragraph does not apply to special excess workers' compensation insurance policies unless issued pursuant to authority granted in subdivision (c) of Section 3702.8 of the Labor Code, and as provided for in clause (vii) of paragraph (3) of subdivision (c). In addition, this paragraph does not apply to any claims servicing agreement or insurance policy providing retroactive insurance of a known loss or losses as are excluded in clause (vii) of paragraph (3) of subdivision (c).

Each permissibility self-insured employer or group of self-insured employers, or the Self-Insurers' Security Fund, shall, to the extent required by the Labor Code, be responsible for paying, adjusting, and defending each claim arising under policies of insurance covered under this section, unless the benefits paid on a claim exceed the specific or aggregate retention, in which case.

(A) If the benefits paid on the claim exceed the specific or aggregate retention, and the policy requires the insurer to defend and adjust the claim, the California Insurance Guarantee Association (CIGA) shall be solely responsible for adjusting and defending the claim, and shall make all payments due under the claim, subject to the limitations and exclusions of this article with regards to covered claims. As to each claim subject to this paragraph, notwithstanding any other provisions of the Insurance Code or the Labor Code, and regardless of whether the amount paid by CIGA is adequate to discharge a claim obligation, neither the self-insured employer, group of employers, nor the Self-Insurers' Security Fund, shall have any obligation to pay benefits over and above the specific or aggregate retention, except as provided in subdivision (c).

(B) If the benefits paid on the claim exceed the specific or aggregate retention, and the policy does not require the insurer to defend and adjust the claim, the permissibility self-insured employer or group of self-insured employers, or the Self-Insurers' Security Fund, shall not have any further payment obligations with respect to the claim, but shall continue defending and adjusting the claim, and shall have the right, but not the obligation, in any proceeding to assert all applicable statutory limitations and exclusions as contained in this article with regard to the covered claim. CIGA shall have the right, but not the obligation, to intervene in any proceeding where the self-insured employer, group of self-insured employers, or the Self-Insurers' Security Fund is defending any such claim and shall be permitted to raise the appropriate statutory limitations and exclusions as contained in this article with respect to covered claims. Regardless of whether the self-insured employer or group of employers, or the Self-Insurers' Security Fund, asserts the applicable statutory limitations and exclusions, or whether CIGA intervenes in any such proceeding, CIGA shall be solely responsible for paying all benefits due on the claim, subject to the exclusions and limitations of this article with respect to covered claims. As to each claim subject to this paragraph, notwithstanding any other provision of the Insurance Code or the Labor Code and regardless of whether the amount paid by CIGA is adequate to discharge a claim obligation, neither the self-insured employer, group of employers, nor the Self-Insurers' Security Fund, shall have any obligation to pay benefits over and above the specific or aggregate retention, except as provided in this subdivision.

(c) In the event that the benefits paid on the covered claim exceed the per claim limit in paragraph (7) of subdivision (c), the responsibility for paying, adjusting, and defending the claim shall be returned to the permissibly self-insured employer or group of employers, or the Self-Insurers' Security Fund.

These provisions shall apply to all pending and future insolvencies. For purposes of this paragraph, a pending insolvency is one involving a company that is currently receiving benefits from the guaranty association.

(d) "Admitted to transact insurance in this state" means an insurer possessing a valid certificate of authority issued by the department.

(e) "Affiliate" means a person who directly or indirectly, through one or more intermediaries, controls, is controlled by, or is under common control with an insolvent insurer on December 31 of the year next preceding the date the insurer becomes an insolvent insurer.

(f) "Control" means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract

other than a commercial contract for goods or nonmanagement services, or otherwise, unless the power is the result of an official position with or corporate office held by the person. Control is presumed to exist if any person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing, 10 percent or more of the voting securities of any other person. This presumption may be rebutted by showing that control does not in fact exist.

(g) "Claimant" means any insured making a first party claim or any person instituting a liability claim; provided that no person who is an affiliate of the insolvent insurer may be a claimant.

(h) "Ocean marine insurance" includes marine insurance as defined in Section 103, except for inland marine insurance, as well as any other form of insurance, regardless of the name, label, or marketing designation of the insurance policy, that insures against maritime perils or risks and other related perils or risks, which are usually insured against by traditional marine insurance such as hull and machinery, marine builders' risks, and marine protection and indemnity. Those perils and risks insured against include, without limitation, loss, damage, or expense or legal liability of the insured arising out of or incident to ownership, operation, chartering, maintenance, use, repair, or construction of any vessel, craft or instrumentality in use in ocean or inland waterways, including liability of the insured for personal injury, illness, or death for loss or damage to the property of the insured or another person.

(i) "Unearned premium" means that portion of a premium that had not been earned because of the cancellation of the insolvent insurer's policy and is that premium remaining for the unexpired term of the insolvent insurer's policy. "Unearned premium" does not include any amount sought as return of a premium under any policy providing retroactive insurance of a known loss or return of a premium under any retrospectively rated policy or a policy subject to a contingent surcharge or any policy in which the final determination of the premium cost is computed after expiration of the policy and is calculated on the basis of actual loss experience during the policy period.

SEC. 2. Section 1063.3 of the Insurance Code is amended to read:

1063.3. To aid in the detection and prevention of member insurer insolvencies:

(a) The board may, upon majority vote, make recommendations to the commissioner on matters pertaining to regulation for solvency.

(b) The board may prepare a report on the history and causes of any member insurer insolvency in which the association was obligated to pay covered claims, based on the information available to the association, and submit that report along with any recommendations resulting therefrom to the commissioner.

(c) The board may request the Self-Insurers' Security Fund to prepare, and the Self-Insurers' Security Fund may provide to the board, a report identifying the aggregate amount of liability, including the estimated exposure for every insurance carrier admitted to transact workers' compensation insurance in this state, under all specific excess workers' compensation policies in existence for a given period in this state as reported by the private self-insured employers to the Director of Industrial Relations in the annual reports submitted pursuant to Section 3702.2 of the Labor Code.

CHAPTER 396

An act to amend Section 22251 of, and to add Section 22253.1 to, the Business and Professions Code, relating to tax preparers.

The council shall establish a process by which two individuals who are tax preparers pursuant to Section 22255 are appointed to the council with full voting privileges to serve terms as determined by the council, with their initial terms being served on a staggered basis. The advertisement shall also disclose the name of the lending institution.

(b) Every tax preparer who offers to facilitate, or who facilitates, a refund anticipation loan to a client shall display a refund anticipation loan schedule showing the current fees for refund anticipation loans facilitated at the office, for the electronic filing of the client's tax return, for setting up a refund account, and any other related activities necessary to receive a refund anticipation loan. SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Uninsurable and excepted property

This policy shall not cover accounts, bills, currency, deeds, evidences of debt, money or securities; nor, unless specifically named hereon in writing, bullion or manuscripts.

Perils not included

This company shall not be liable for loss by fire or other perils insured against in this policy caused, directly or indirectly, by: (a) enemy attack by armed forces, including action taken by military, naval or air forces in resisting an actual or an immediately impending enemy attack; (b) invasion; (c) insurrection; (d) rebellion; (e) revolution; (f) civil war; (g) usurped power; (h) order of any civil authority except acts of destruction at the time of and for the purpose of preventing the spread of fire, provided that the fire did not originate from any of the perils excluded by this policy; (i) neglect of the insured to use all reasonable means to save and preserve the property at and after a loss, or when the property is endangered by fire in neighboring premises; (j) nor shall this company be liable for loss by theft.

Other insurance

Other insurance may be prohibited or the amount of insurance may be limited by endorsement attached hereto.

Conditions suspending or restricting insurance

Unless otherwise provided in writing added hereto this company shall not be liable for loss occurring (a) while the hazard is increased by any means within the control or knowledge of the insured; or (b) while a described building, whether intended for occupancy by owner or tenant, is vacant or unoccupied beyond a period of 60 consecutive days; or (c) as a result of explosion or riot, unless fire ensues, and in that event for loss by fire only.

Other perils or subjects

Any other peril to be insured against or subject of insurance to be covered in this policy shall be by endorsement in writing hereon or added hereto.

Added provisions

The extent of the application of insurance under this policy and of the contribution to be made by this company in case of loss, and any other provision or agreement not inconsistent with the provisions of this policy, may be provided for in writing added hereto, but no provision may be waived except such as by the terms of this policy or by statute is subject to change.

Waiver provisions

No permission affecting this insurance shall exist, or waiver of any provision be valid, unless granted herein or expressed in writing added hereto. No provision, stipulation or forfeiture shall be held to be waived by any requirement or proceeding on the part of this company relating to appraisal or to any examination provided for herein.

Cancellation of policy

This policy shall be canceled at any time at the request of the insured, in which case this company shall, upon demand and surrender of this policy, refund the excess of paid premium above the customary short rates for the expired time. This policy may be canceled at any time by this company by giving to the insured a 20 days' written notice of cancellation with or without tender of the excess of paid premium above the pro rata premium for the expired time, which excess, if not tendered, shall be refunded on demand. Notice of cancellation shall state that said excess premium (if not tendered) will be refunded on demand. If the

reason for cancellation is nonpayment of premium, this policy may be canceled by this company by giving to the insured a 10 days' written notice of cancellation.

Mortgagee interests and obligations

If loss hereunder is made payable, in whole or in part, to a designated mortgagee not named herein as the insured, the interest in this policy may be canceled by giving to the mortgagee a 10 days' written notice of cancellation.

If the insured fails to render proof of loss the mortgagee, upon notice, shall render proof of loss in the form herein specified within 60 days thereafter and shall be subject to the provisions hereof relating to appraisal and time of payment and of bringing suit. If this company shall claim that no liability existed as to the mortgagor or owner, it shall, to the extent of payment of loss to the mortgagee, be subrogated to all the mortgagee's rights of recovery, but without impairing mortgagee's right to sue; or it may pay off the mortgage debt and require an assignment thereof and of the mortgage. Other provisions relating to the interests and obligations of the mortgagee may be added hereto by agreement in writing.

Pro rata liability

This company shall not be liable for a greater proportion of any loss than the amount hereby insured shall bear to the whole insurance covering the property against the peril involved, whether collectible or not.

Requirements in case loss occurs

The insured shall give written notice to this company of any loss without unnecessary delay, protect the property from further damage, forthwith separate the damaged and undamaged personal property, put it in the best possible order, furnish a complete inventory of the destroyed, damaged and undamaged property, showing in detail quantities, costs, actual cash value and amount of loss claimed; and within 60 days after the loss, unless the time is extended in writing by this company, the insured shall render to this company a proof of loss, signed and sworn to by the insured, stating the knowledge and belief of the insured as to the following: the time and origin of the loss, the interest of the insured and of all others in the property, the actual cash value of each item thereof and the amount of loss thereto, all encumbrances thereon, all other contracts of insurance, whether valid or not, covering any of said property, any changes in the title, use, occupation, location, possession or exposures of said property since the issuing of this policy, by whom and for what purpose any building herein described and the several parts

thereof were occupied at the time of loss and whether or not it then stood on leased ground, and shall furnish a copy of all the descriptions and schedules in all policies and, if required and obtainable, verified plans and specifications of any building, fixtures or machinery destroyed or damaged.

The insured, as often as may be reasonably required and subject to the provisions of Section 2071.1, shall exhibit to any person designated by this company all that remains of any property herein described, and submit to examinations under oath by any person named by this company, and subscribe the same; and, as often as may be reasonably required, shall produce for examinations all books of account, bills, invoices, and other vouchers, or certified copies thereof if the originals be lost, at any reasonable time and place as may be designated by this company or its representative, and shall permit extracts and copies thereof to be made. The insurer shall inform the insured that tax returns are privileged against disclosure under applicable law but may be necessary to process or determine the claim.

The insurer shall notify every claimant that they may obtain, upon request, copies of claim-related documents. For purposes of this section, "claim-related documents" means all documents that relate to the evaluation of damages, including, but not limited to, repair and replacement estimates and bids, appraisals, scopes of loss, drawings, plans, reports, third-party findings on the amount of loss, covered damages, and cost of repairs, and all other valuation, measurement, and loss adjustment calculations of the amount of loss, covered damage, and cost of repairs. However, attorney work product and attorney-client privileged documents, and documents that indicate fraud by the insured or that contain medically privileged information, are excluded from the documents an insurer is required to provide pursuant to this section to a claimant. Within 15 calendar days after receiving a request from an insured for claim-related documents, the insurer shall provide the insured with copies of all claim-related documents, except those excluded by this section. Nothing in this section shall be construed to affect existing litigation discovery rights.

After a covered loss, the insurer shall provide, free of charge, a complete, current copy of this policy within 30 calendar days of receipt of a request from the insured. The time period for providing this policy may be extended by the Insurance Commissioner.

An insured who does not experience a covered loss shall, upon request, be entitled to one free copy of this policy annually. The policy provided to the insured shall include, where applicable, the policy declarations page.

Appraisal

In case the insured and this company shall fail to agree as to the actual cash value or the amount of loss, then, on the written request of either, each shall select a competent and disinterested appraiser and notify the other of the appraiser selected within 20 days of the request. Where the request is accepted, the appraisers shall first select a competent and disinterested umpire; and failing for 15 days to agree upon the umpire, then, on request of the insured or this company, the umpire shall be selected by a judge of a court of record in the state in which the property covered is located. Appraisal proceedings are informal unless the insured and this company mutually agree otherwise. For purposes of this section, "informal" means that no formal discovery shall be conducted, including depositions, interrogatories, requests for admission, or other forms of formal civil discovery, no formal rules of evidence shall be applied, and no court reporter shall be used for the proceedings. The appraisers shall then appraise the loss, stating separately actual cash value and loss to each item; and, failing to agree, shall submit their differences, only, to the umpire. An award in writing, so itemized, of any two when filed with this company shall determine the amount of actual cash value and loss. Each appraiser shall be paid by the party selecting him or her and the expenses of appraisal and umpire shall be paid by the parties equally. In the event of a government-declared disaster, as defined in the Government Code, appraisal may be requested by either the insured or this company but shall not be compelled.

Adjusters

If, within a six-month period, the company assigns a third or subsequent adjuster to be primarily responsible for a claim, the insurer, in a timely manner, shall provide the insured with a written status report. For purposes of this section, a written status report shall include a summary of any decisions or actions that are substantially related to the disposition of a claim, including, but not limited to, the amount of losses to structures or contents, the retention or consultation of design or construction professionals, the amount of coverage for losses to structures or contents and all items of dispute.

Company's options

It shall be optional with this company to take all, or any part, of the property at the agreed or appraised value, and also to repair, rebuild or replace the property destroyed or damaged with other of like kind and quality within a reasonable time, on giving notice of its intention so to do within 30 days after the receipt of the proof of loss herein required.

Abandonment

There can be no abandonment to this company of any property.

When loss payable

The amount of loss for which this company may be liable shall be payable 60 days after proof of loss, as herein provided, is received by this company and ascertainment of the loss is made either by agreement between the insured and this company expressed in writing or by the filing with this company of an award as herein provided.

Suit

No suit or action on this policy for the recovery of any claim shall be sustainable in any court of law or equity unless all the requirements of this policy shall have been complied with, and unless commenced within 12 months next after inception of the loss.

Subrogation

This company may require from the insured an assignment of all right of recovery against any party for loss to the extent that payment therefor is made by this company.

(b) Any amendments to this section by the enactment of Senate Bill 658 of the 2001–02 Regular Session shall govern a policy utilizing the form provided in subdivision (a) when that policy is originated or renewed on and after January 1, 2002.

(c) The amendments to this section made by the act adding this subdivision shall govern a policy utilizing the form provided in subdivision (a) when that policy is originated or renewed on and after January 1, 2004.

SEC. 2. Section 2084 is added to the Insurance Code, to read:

2084. (a) After a covered loss under a policy covered by Section 2071, an insurer shall provide to the insured, free of charge, a complete, current copy of his or her policy within 30 calendar days of receipt of a request from the insured. The time period for providing the policy may be extended by the Insurance Commissioner.

(b) An insured under a policy covered by Section 2071 who does not experience a covered loss shall, upon request, be entitled to one free copy of his or her policy annually. The policy provided to the insured shall include, where applicable, the policy declarations page.

CHAPTER 398

An act to amend Section 13943.1 of the Government Code, and to amend Sections 7074, 19732, 19733, 19738, and 19777.5 of, to add Section 19255 to, and to repeal Section 19737 of, the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 13943.1 of the Government Code is amended to read:

13943.1. (a) Except as provided in subdivision (b), a discharge granted pursuant to this chapter to a state agency or employee does not release any person from the payment of any tax, license, fee, or other money that is due and owing to the state.

(b) A discharge granted pursuant to this chapter to the Franchise Tax Board shall release a person from a liability for the payment of any tax, fee, or other liability deemed uncollectible that is due and owing to the state and extinguish that liability, if at least one of the following conditions is met:

(1) The liability is for an amount less than two hundred and fifty dollars ($250).

(2) The liable person has been deceased for more than four years and there is no active probate with respect to that person.

(3) The Franchise Tax Board has determined that the liable person has a permanent financial hardship.

(4) The liability has been unpaid for more than 30 years.

SEC. 2. Section 7074 of the Revenue and Taxation Code is amended to read:

7074. (a) Except for taxpayers who have entered into an installment payment agreement pursuant to subdivision (b) of Section 7073, there shall be added to the tax for each period for which amnesty could have been requested:

(1) For amounts that are due and payable on the last date of the amnesty period, an amount equal to 50 percent of the accrued interest payable under Section 6591 for the period beginning on the date in which the tax was due and ending on the last day of the amnesty period specified in Section 7071.

(2) An amount equal to 50 percent of the interest computed under Section 6591 on any final amount, including final deficiencies and self-assessed amounts, for the period beginning on the date in which the tax was due and ending on the last day of the amnesty period specified in Section 7071.

(b) The penalty imposed by this section is in addition to any other penalty imposed under this part.

(c) Article 2 (commencing with Section 6481) does not apply with respect to the assessment or collection of any penalty imposed by subdivision (a).

SEC. 3. Section 19255 is added to the Revenue and Taxation Code, to read:

19255. (a) Except as otherwise provided in subdivisions (b) and (e), after 20 years have lapsed from the date the latest tax liability for a taxable year or the date any other liability that is not associated with a taxable year becomes "due and payable" within the meaning of Section 19221, the Franchise Tax Board may not collect that amount and the taxpayer's liability to the state for that liability is abated by reason of lapse of time. Any actions taken by the Franchise Tax Board to collect an uncollectible liability shall be released, withdrawn, or otherwise terminated by the Franchise Tax Board, and no subsequent administrative or civil action shall be taken or brought to collect all or part of that uncollectible amount. Any amounts received in contravention of this section shall be considered an overpayment pursuant to Section 19306 that may be credited and refunded in accordance with Section 19301.

(b) If a timely civil action filed pursuant to Article 2 of Chapter 6 of this part is commenced, or a claim is filed in a probate action, the period for which the liability is collectable shall be extended and shall not expire until that liability, probate claim, or judgment against the taxpayer arising from that liability is satisfied or becomes unenforceable under the laws applicable to the enforcement of civil judgments.

(c) For purposes of this section, both of the following apply:

(1) "Tax liability" means a liability imposed under Part 10 (commencing with Section 17001), Part 11 (commencing with Section 23001), or this part, and includes any additions to tax, interest, penalties, fees and any other amounts relating to the imposed liability.

(2) If more than one liability is "due and payable" for a particular taxable year, with the exception of a liability resulting from a penalty imposed under Section 19777.5, the "due and payable" date that is later in time shall be the date upon which the 20-year limitation of subdivision (a) commences.

(d) This section shall not apply to amounts subject to collection by the Franchise Tax Board pursuant to Article 5, 5.5, or 6 of this chapter,

or any other amount that is not a tax imposed under Part 10 or Part 11, but which the Franchise Tax Board is collecting as though it were a final personal income tax delinquency.

(e) (1) The expiration of the period of limitation on collection under this section shall be suspended for the following periods:

(A) The period that the Franchise Tax Board is prohibited from involuntary collection under subparagraph (B) of paragraph (1) of subdivision (b) of Section 19271 relating to collection of child support delinquencies, plus 60 days thereafter.

(B) The period during which the Franchise Tax Board is prohibited by reason of a bankruptcy case from collecting, plus six months thereafter.

(C) The period described under subdivision (d) of Section 19008 relating to installment payment agreements.

(D) The period during which collection is postponed by operation of law under Section 18571, related to postponement by reason of service in a combat zone, or under Section 18572, related to postponement by reason of presidentially declared disaster or terroristic or military action.

(E) During any other period during which collection of a tax is suspended, postponed, or extended by operation of law.

(2) A suspension of the period of limitation under this subdivision shall apply with respect to both parties of any liability that is joint and several.

(f) This section shall be applied on and after July 1, 2006, to any liability "due and payable" before, on, or after that date.

SEC. 4. Section 19732 of the Revenue and Taxation Code is amended to read:

19732. (a) For any taxpayer who meets each of the requirements of Section 19733 both of the following apply:

(1) The Franchise Tax Board shall waive all unpaid penalties and fees imposed by this part for each taxable year for which tax amnesty is allowed, but only to the extent of the amount of any penalty or fee that is owed as a result of previous nonreporting or underreporting of tax liabilities or prior nonpayment of any taxes previously assessed or proposed to be assessed for that taxable year.

(2) Except as provided in subdivision (b), no criminal action shall be brought against the taxpayer for the taxable years for which tax amnesty is allowed for the nonreporting or underreporting of tax liabilities or the nonpayment of any taxes previously assessed or proposed to be assessed.

(b) This chapter shall not apply to violations of this part, for which, as of February 1, 2005, any of the following applies:

(1) The taxpayer is on notice of a criminal investigation by a complaint having been filed against the taxpayer.

(2) The taxpayer is under criminal investigation.

(3) A court proceeding has already been initiated.

(c) This section shall not apply to any nonreported or underreported tax liability amounts attributable to tax shelter items that could have been reported under either the voluntary compliance initiative under Chapter 9.5 (commencing with Section 19751) or the Internal Revenue Service's Offshore Voluntary Compliance Initiative described in Revenue Procedure 2003–11.

(d) No refund or credit shall be granted with respect to any penalty or fee paid with respect to a taxable year prior to the time the taxpayer makes a request for tax amnesty for that taxable year pursuant to Section 19733.

(e) Notwithstanding Chapter 6 (commencing with Section 19301), a taxpayer may not file a claim for refund or credit for any amounts paid in connection with the tax amnesty program under this chapter.

SEC. 5. Section 19733 of the Revenue and Taxation Code is amended to read:

19733. (a) This chapter shall apply to any taxpayer who satisfiesall of the following requirements:

(1) During the tax amnesty program period specified in Section 19731, is eligible to participate in the tax amnesty program.

(2) During the tax amnesty program period specified in Section 19731, files a completed amnesty application with the Franchise Tax Board, signed under penalty of perjury, electing to participate in the tax amnesty program.

(3) Within 60 days after the conclusion of the tax amnesty period, does the following:

(A) (i) For any taxable year eligible for the tax amnesty program where the taxpayer has not filed any required return, files a completed original tax return for that year, or

(ii) For any taxable year eligible for the tax amnesty program where the taxpayer filed a return but underreported tax liability on that return, files an amended return for that year.

(B) Pays in full any taxes and interest due for each taxable year described in clauses (i) and (ii) of subparagraph (A), as applicable, for which amnesty is requested, or applies for an installment payment agreement under subdivision (b). For taxpayers who have not paid in full any taxes previously proposed to be assessed, pays in full the taxes and interest due for that portion of the proposed assessment for each taxable year for which amnesty is requested or applies for an installment payment agreement under subdivision (b).

(4) For purposes of complying with the full payment provisions of paragraph (3) of subdivision (a), if the full amount due is paid within

the period set forth in paragraph (3) of subdivision (c) of Section 19101 after the date the Franchise Tax Board mails a notice resulting from the filing of an amnesty application or the full amount is paid within 60 days after the conclusion of the tax amnesty period, the full amount due shall be treated as paid during the amnesty period.

(5) In the case of any taxpayer that has filed for bankruptcy protection under Title 11 of the United States Code, submits an order from a Federal Bankruptcy Court allowing the taxpayer to participate in the amnesty program.

(b) (1) For purposes of complying with the full payment provisions of subparagraph (B) of paragraph (3) of subdivision (a), the Franchise Tax Board may enter into an installment payment agreement, but only if final payment under the terms of that installment payment agreement is due and is paid no later than June 30, 2006.

(2) Any installment payment agreement authorized by this subdivision shall include interest on the outstanding amount due at the rate prescribed in Section 19521.

(3) Failure by the taxpayer to fully comply with the terms of an installment payment agreement under this subdivision shall render the waiver of penalties and fees under Section 19732 null and void, unless the Franchise Tax Board determines that the failure was due to reasonable cause and not due to willful neglect.

(4) In the case of any failure described under paragraph (3), the total amount of tax, interest, fees, and all penalties shall become immediately due and payable.

(c) (1) The application required under paragraph (2) of subdivision (a) shall be in the form and manner specified by the Franchise Tax Board, but in no case shall a mere payment of any taxes and interest due, in whole or in part, for any taxable year otherwise eligible for amnesty under this part, be deemed to constitute an acceptable amnesty application under this part. For purposes of the prior sentence, the application of a refund from one taxable year to offset a tax liability from another taxable year otherwise eligible for amnesty shall not, without the filing of an amnesty application, be deemed to constitute an acceptable amnesty application under this part.

(2) The Legislature specifically intends that the Franchise Tax Board, in administering the amnesty application requirement under this part, make the amnesty application process as streamlined as possible to ensure participation in the amnesty program will be available to as many taxpayers as possible without otherwise compromising the Franchise Tax Board's ability to enforce and collect the taxes imposed under Part 10 (commencing with Section 17001) and Part 11 (commencing with Section 23001).

(d) Upon the conclusion of the tax amnesty program period, the Franchise Tax Board may propose a deficiency upon any return filed pursuant to subparagraph (A) of paragraph (3) of subdivision (a), impose penalties and fees, or initiate criminal action under this part with respect to the difference between the amount shown on that return and the correct amount of tax. This action shall not invalidate any waivers previously granted under Section 19732.

(e) All revenues derived pursuant to subdivision (c) shall be subject to Sections 19602 and 19604.

SEC. 6. Section 19737 of the Revenue and Taxation Code is repealed.

SEC. 7. Section 19738 of the Revenue and Taxation Code is amended to read:

19738. Any taxpayer who has an existing installment payment agreement under Section 19008 as of the start of the amnesty program, and who does not participate in the amnesty program, may not be subject to the penalty imposed under Section 19777.5 with respect to amounts payable under that agreement.

SEC. 8. Section 19777.5 of the Revenue and Taxation Code is amended to read:

19777.5. (a) There shall be added to the tax for each taxable year for which amnesty could have been requested:

(1) For amounts that are due and payable on the last day of the amnesty period, an amount equal to 50 percent of the accrued interest payable under Section 19101 for the period beginning on the last date prescribed by law for the payment of that tax (determined without regard to extensions) and ending on the last day of the amnesty period specified in Section 19731.

(2) For amounts that become due and payable after the last date of the amnesty period, an amount equal to 50 percent of the interest computed under Section 19101 on any final amount, including final deficiencies and self-assessed amounts, for the period beginning on the last date prescribed by law for the payment of the tax for the year of the deficiency (determined without regard to extensions) and ending on the last day of the amnesty period specified in Section 19731.

(3) For purposes of paragraph (2), Sections 19107, 19108, 19110, and 19113 shall apply in determining the amount computed under Section 19101.

(b) The penalty imposed by this section is in addition to any other penalty imposed under Part 10 (commencing with Section 17001), Part 11 (commencing with Section 23001), or this part.

(c) This section does not apply to any amounts that are treated as paid during the amnesty program period under paragraph (4) of subdivision (a) of Section 19733 or paragraph (1) of subdivision (b) of Section 19733.

(d) Article 3 (commencing with Section 19031), (relating to deficiency assessments) shall not apply with respect to the assessment or collection of any penalty imposed by subdivision (a).

(e) (1) Notwithstanding Chapter 6 (commencing with Section 19301), a taxpayer may not file a claim for refund or credit for any amounts paid in connection with the penalty imposed in subdivision (a), except as provided in paragraph (2).

(2) A taxpayer may file a claim for refund for any amounts paid to satisfy a penalty imposed under subdivision (a) on the grounds that the amount of the penalty was not properly computed by the Franchise Tax Board.

(f) Notwithstanding Section 18415, the amendments made to this section by the act adding this subdivision shall apply to penalties imposed under paragraph (2) of subdivision (a) after March 31, 2005.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to remove ambiguity from the provisions of the amnesty legislation and to provide relief to certain taxpayers that otherwise would be unreasonably penalized, it is necessary that this act take effect immediately.

SEC. 10. The amendments made by Sections 5 and 7 of this act shall be operative to the same extent as if they were included in the provisions of Chapter 226 of the Statutes of 2004.

CHAPTER 399

An act to amend Sections 48800 and 76001 of the Education Code, relating to public schools.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 48800 of the Education Code is amended to read:

48800. (a) The governing board of a school district may determine which pupils would benefit from advanced scholastic or vocational work. The intent of this section is to provide educational enrichment opportunities for a limited number of eligible pupils, rather than to reduce

current course requirements of elementary and secondary schools, and also to help ensure a smoother transition from high school to college for pupils by providing them with greater exposure to the collegiate atmosphere. The governing board may authorize those pupils, upon recommendation of the principal of the pupil's school of attendance, and with parental consent, to attend a community college during any session or term as special part-time or full-time students and to undertake one or more courses of instruction offered at the community college level.

(b) If the governing board denies a request for a special part-time or full-time enrollment at a community college for any session or term for a pupil who is identified as highly gifted, the board shall issue its written recommendation and the reasons for the denial within 60 days. The written recommendation and denial shall be issued at the next regularly scheduled board meeting that falls at least 30 days after the request has been submitted.

(c) The students shall receive credit for community college courses that they complete at the level determined appropriate by the school district and community college district governing boards.

(d) (1) The principal of a school may recommend a pupil for community college summer session only if that pupil meets all of the following criteria:

(A) Demonstrates adequate preparation in the discipline to be studied.

(B) Exhausts all opportunities to enroll in an equivalent course, if any, at his or her school of attendance.

(2) For any particular grade level, a principal may not recommend for community college summer session attendance more than 5 percent of the total number of pupils who completed that grade immediately prior to the time of recommendation.

(3) A pupil recommended by his or her principal for enrollment in a college-level advanced scholastic summer session course or in a vocational community college summer session course shall not be included in determining the 5 percent of pupils recommended if if all of the following criteria are met:

(A) The course is offered by a middle college high school or an early college high school, as defined by paragraph (4).

(B) The high school principal who makes the recommendation provides data to the Chancellor of the California Community Colleges at the request of that office for purposes of preparing the annual report pursuant to paragraph (5).

(C) The course meets one of the following criteria:

(i) It is a for credit, lower division, college-level course that is designated as part of the Intersegmental General Education Transfer

Curriculum or applies toward the general education breadth requirements of the California State University.

(ii) The course is a for credit, college-level, occupational course assigned a Priority code of "A," "B," or "C," pursuant to the Student Accountability Model, as defined by the Chancellor of the California Community Colleges and reported in the management information system, and the course is part of a sequence of vocational or career technical education courses leading to a degree or certificate in the subject area covered by the sequence.

(4) For purposes of this section, a "middle college high school" or an "early college high school" means a high school that meets all of the following criteria:

(A) The school has an enrollment of 400 or fewer pupils, and is recognized by the department and by the Chancellor of the California Community Colleges as a district school that has been assigned a County-District-School code by the department.

(B) The school's program is sponsored by a legally binding memorandum of understanding or similar formal agreement between a sponsoring local educational agency and a community college district that establishes cogovernance and resource allocation policies and procedures for the cosponsored school.

(C) The school serves cohorts of pupils in a coherent high school and community college program of study that includes, as a clearly identified outcome for each pupil, a high school diploma and achievement of, or preparation for, completion of an associate degree, eligibility for transfer to a four-year college or university, or completion of a community college certificate program in a vocational, technical, or business occupation.

(5) On or before January 1, 2007, and on or before January 1 of each year thereafter, the Chancellor of the California Community Colleges shall report to the Department of Finance the number of pupils recommended pursuant to paragraph (3) who enroll in community college summer session courses.

(6) The Board of Governors of the California Community Colleges may not include enrollment growth attributable to paragraph (3) as part of its annual budget request for the California Community Colleges.

(7) Notwithstanding Article 3 (commencing with Section 33050) of Chapter 1 of Part 20, compliance with this subdivision may not be waived.

(e) Paragraphs (3), (4), (5), and (6) of subdivision (d) shall become inoperative on January 1, 2011.

SEC. 2. Section 76001 of the Education Code is amended to read:

76001. (a) The governing board of a community college district may admit to any community college under its jurisdiction as a special

part-time or full-time student in any session or term any student who is eligible to attend community college pursuant to Section 48800 or 48800.5.

(b) If the governing board denies a request for a special part-time or full-time enrollment at a community college for a pupil who is identified as highly gifted, the board shall record its findings and the reasons for denial of the request in writing within 60 days. The written recommendation and denial shall be issued at the next regularly scheduled board meeting that falls at least 30 days after the request has been submitted.

(c) The attendance of a pupil at a community college as a special part-time or full-time student pursuant to this section is authorized attendance, for which the community college shall be credited or reimbursed pursuant to Sections 48802 and 76002. Credit for courses completed shall be at the level determined to be appropriate by the school district and community college district governing boards.

(d) For purposes of this section, a special part-time student may enroll in up to, and including, 11 units per semester, or the equivalent thereof, at the community college.

(e) The governing board of a community college district shall assign a low enrollment priority to special part-time or full-time students described in subdivision (a) in order to ensure that these students do not displace regularly admitted students.

CHAPTER 400

An act to amend Section 34501.12 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 34501.12 of the Vehicle Code is amended to read:

34501.12. (a) Notwithstanding Section 408, as used in this section and Sections 34505.5 and 34505.6, "motor carrier" means the registered owner of any vehicle described in subdivision (a), (b), (e), (f), or (g) of Section 34500, except in the following circumstances:

(1) The registered owner leases the vehicle to another person for a term of more than four months. If the lease is for more than four months, the lessee is the motor carrier.

(2) The registered owner operates the vehicle exclusively under the authority and direction of another person. If the operation is exclusively under the authority and direction of another person, that other person may assume the responsibilities as the motor carrier. If not so assumed, the registered owner is the motor carrier. A person who assumes the motor carrier responsibilities of another pursuant to subdivision (b) shall provide to that other person whose motor carrier responsibility is so assumed, a completed copy of a departmental form documenting that assumption, stating the period for which responsibility is assumed, and signed by an agent of the assuming person. A legible copy shall be carried in each vehicle or combination of vehicles operated on the highway during the period for which responsibility is assumed. That copy shall be presented upon request by any authorized employee of the department. The original completed departmental form documenting the assumption shall be provided to the department within 30 days of the assumption. If the assumption of responsibility is terminated, the person who had assumed responsibility shall so notify the department in writing within 30 days of the termination.

(b) (1) A motor carrier may combine two or more terminals that are not subject to an unsatisfactory compliance rating within the last 36 months for purposes of the inspection required by subdivision (d) subject to all of the following conditions:

(A) The carrier identifies to the department, in writing, each terminal proposed to be included in the combination of terminals for purposes of this subdivision prior to an inspection of the designated terminal pursuant to subdivision (d).

(B) The carrier provides the department, prior to the inspection of the designated terminal pursuant to subdivision (d), a written listing of all its vehicles of a type subject to subdivision (a), (b), (e), (f), or (g) of Section 34500 that are based at each of the terminals combined for purposes of this subdivision. The listing shall specify the number of vehicles of each type at each terminal.

(C) The carrier provides to the department at the designated terminal during the inspection all maintenance records and driver records and a representative sample of vehicles based at each of the terminals included within the combination of terminals.

(2) If the carrier fails to provide the maintenance records, driver records, and representative sample of vehicles pursuant to subparagraph (C) of paragraph (1), the department shall assign the carrier an

unsatisfactory terminal rating and require a reinspection to be conducted pursuant to subdivision (h).

(3) For purposes of this subdivision, the following terms have the meanings given:

(A) "Driver records" includes pull notice system records, driver proficiency records, and driver timekeeping records.

(B) "Maintenance records" includes all required maintenance, lubrication, and repair records and drivers' daily vehicle condition reports.

(C) "Representative sample" means the following, applied separately to the carrier's fleet of motortrucks and truck tractors and its fleet of trailers:

Fleet Size	Representative Sample
1 or 2	All
3 to 8	3
9 to 15	4
16 to 25	6
26 to 50	9
51 to 90	14
91 or more	20

(c) Each motor carrier who, in this state, directs the operation of, or maintains, any vehicle of a type described in subdivision (a) shall designate one or more terminals, as defined in Section 34515, in this state where vehicles can be inspected by the department pursuant to paragraph (4) of subdivision (a) of Section 34501 and where vehicle inspection and maintenance records and driver records will be made available for inspection.

(d) (1) The department shall inspect, at least every 25 months, every terminal, as defined in Section 34515, of any motor carrier who, at any time, operates any vehicle described in subdivision (a).

(2) The department shall place an inspection priority on those terminals operating vehicles listed in subdivision (g) of Section 34500.

(3) As used in this section and in Sections 34505.5 and 34505.6, subdivision (f) of Section 34500 includes only those combinations where the gross vehicle weight rating (GVWR) of the towing vehicle exceeds 10,000 pounds, but does not include a pickup truck, and subdivision (g) of Section 34500 includes only those vehicles transporting hazardous material for which the display of placards is required pursuant to Section 27903, a license is required pursuant to Section 32000.5, or for which hazardous waste transporter registration is required pursuant to Section

25163 of the Health and Safety Code. Historical vehicles, as described in Section 5004, vehicles that display special identification plates in accordance with Section 5011, implements of husbandry and farm vehicles, as defined in Chapter 1 (commencing with Section 36000) of Division 16, and vehicles owned or operated by an agency of the federal government are not subject to this section or to Sections 34505.5 and 34505.6.

(e) (1) It is the responsibility of the motor carrier to schedule with the department the inspection required by subdivision (d). The motor carrier shall submit an application form supplied by the department, accompanied by the required fee. The initial fee, which is nonrefundable, for a carrier that initially enrolls into the program, is six hundred fifty dollars ($650) per terminal. The initial fee is four hundred dollars ($400) for a motor carrier that owns, leases, or otherwise operates not more than one heavy power unit and not more than three towed vehicles subject to this section. The renewal fee, which is nonrefundable, is four hundred dollars ($400) per terminal, except in the case of a motor carrier who owns, leases, or otherwise operates not more than one heavy power unit and not more than three towed vehicles subject to this section, for which the fee shall be one hundred dollars ($100). Federal, state, and local public entities are exempt from the fee requirements of this section.

(2) Except as provided in paragraph (4), the inspection term for each inspected terminal of a motor carrier shall expire 25 months from the date the terminal receives a satisfactory compliance rating, as specified in subdivision (h). Applications and fees for subsequent inspections shall be submitted not earlier than nine months and not later than seven months before the expiration of the motor carrier's then current inspection term. If the motor carrier has submitted the inspection application and the required accompanying fees, but the department is unable to complete the inspection within the 25-month inspection period, then no additional fee shall be required for the inspection requested in the original application.

(3) All fees collected pursuant to this subdivision shall be deposited in the Motor Vehicle Account in the State Transportation Fund. An amount equal to the fees collected shall be available for appropriation by the Legislature from the Motor Vehicle Account to the department for the purpose of conducting truck terminal inspections and for the additional roadside safety inspections required by Section 34514.

(4) To avoid the scheduling of a renewal terminal inspection pursuant to this section during a carrier's seasonal peak business periods, the current inspection term of a terminal that has paid all required fees and has been rated satisfactory in its last inspection may be reduced by not more than nine months if a written request is submitted by the carrier to

the department at least four months prior to the desired inspection month, or at the time of payment of renewal inspection fees in compliance with paragraph (2), whichever date is earlier. A motor carrier may request this adjustment of the inspection term during any inspection cycle. A request made pursuant to this paragraph shall not result in a fee proration and does not relieve the carrier from the requirements of paragraph (2).

(f) It is unlawful for a motor carrier to operate a vehicle subject to this section without having submitted an inspection application and the required fees to the department as required by subdivision (e) or (h).

(g) (1) It is unlawful for a motor carrier to operate a vehicle subject to this section after submitting an inspection application to the department, without the inspection described in subdivision (d) having been performed and a safety compliance report having been issued to the motor carrier within the 25-month inspection period or within 60 days immediately preceding the inspection period.

(2) It is unlawful for a motor carrier to contract or subcontract with, or otherwise engage the services of, another motor carrier, subject to this section, unless the contracted motor carrier has complied with this section. A motor carrier shall not contract or subcontract with, or otherwise engage the services of, another motor carrier until the contracted motor carrier provides certification of compliance with this section. This certification shall be completed in writing by the contracted motor carrier. The certification, or a copy thereof, shall be maintained by each involved party for the duration of the contract or the period of service plus two years, and shall be presented for inspection immediately upon the request of an authorized employee of the department.

(h) (1) Any inspected terminal that receives an unsatisfactory compliance rating shall be reinspected within 120 days after the issuance of the unsatisfactory compliance rating.

(2) A terminal's first required reinspection under this subdivision shall be without charge unless one or more of the following is established:

(A) The motor carrier's operation presented an imminent danger to public safety.

(B) The motor carrier was not in compliance with the requirement to enroll all drivers in the pull notice program pursuant to Section 1808.1.

(C) The motor carrier failed to provide all required records and vehicles for a consolidated inspection pursuant to subdivision (b).

(3) If the unsatisfactory rating was assigned for any of the reasons set forth in paragraph (2), the carrier shall submit the required fee as provided in paragraph (4).

(4) Applications for reinspection pursuant to paragraph (3) or for second and subsequent consecutive reinspections under this subdivision shall be accompanied by the fee specified in paragraph (1) of subdivision

(e) and shall be filed within 60 days of issuance of the unsatisfactory compliance rating. The reinspection fee is nonrefundable.

(5) When a motor carrier's Motor Carrier of Property Permit or Public Utilities Commission operating authority is suspended as a result of an unsatisfactory compliance rating, the department shall conduct no reinspection until requested to do so by the Department of Motor Vehicles or the Public Utilities Commission, as appropriate.

(i) It is the intent of the Legislature that the department make its best efforts to inspect terminals within the resources provided. In the interest of the state, the Commissioner of the California Highway Patrol may extend for a period, not to exceed six months, the inspection terms beginning prior to July 1, 1990.

(j) To encourage motor carriers to attain continuous satisfactory compliance ratings, the department may establish and implement an incentive program consisting of the following:

(1) After the second consecutive satisfactory compliance rating assigned to a motor carrier terminal as a result of an inspection conducted pursuant to subdivision (d), and after each consecutive satisfactory compliance rating thereafter, an appropriate certificate, denoting the number of consecutive satisfactory ratings, shall be awarded to the terminal, unless the terminal has received an unsatisfactory compliance rating as a result of any inspection conducted in the interim between the consecutive inspections conducted under subdivision (d), or the motor carrier is rated unsatisfactory by the department following a controlled substances and alcohol testing program inspection. The certificate authorized under this paragraph shall not be awarded for performance in the administrative review authorized under paragraph (2). However, the certificate shall include a reference to any administrative reviews conducted during the period of consecutive satisfactory compliance ratings.

(2) Unless the department's evaluation of the motor carrier's safety record indicates a declining level of compliance, a terminal that has attained two consecutive satisfactory compliance ratings assigned following inspections conducted pursuant to subdivision (d) is eligible for an administrative review in lieu of the next required inspection, unless the terminal has received an unsatisfactory compliance rating as a result of any inspection conducted in the interim between the consecutive inspections conducted under subdivision (d). An administrative review shall consist of all of the following:

(A) A signed request by a terminal management representative requesting the administrative review in lieu of the required inspection containing a promise to continue to maintain a satisfactory level of compliance for the next 25-month inspection term.

(B) A review with a terminal management representative of the carrier's record as contained in the department's files. If a terminal has been authorized a second consecutive administrative review, the review required under this subparagraph is optional, and may be omitted at the carrier's request.

(C) Absent any cogent reasons to the contrary, upon completion of the requirements of subparagraphs (A) and (B), the safety compliance rating assigned during the last required inspection shall be extended for 25 months.

(3) Not more than two administrative reviews may be conducted consecutively. At the completion of the 25-month inspection term following a second administrative review, a terminal inspection shall be conducted pursuant to subdivision (d). If this inspection results in a satisfactory compliance rating, the terminal shall again be eligible for an administrative review in lieu of the next required inspection. If the succession of satisfactory ratings is interrupted by any rating of other than satisfactory, irrespective of the reason for the inspection, the terminal shall again attain two consecutive satisfactory ratings to become eligible for an administrative review.

(4) As a condition for receiving the administrative reviews authorized under this subdivision in lieu of inspections, and in order to ensure that compliance levels remain satisfactory, the motor carrier shall agree to accept random, unannounced inspections by the department.

(k) This section shall be known and may be cited as the Biennial Inspection of Terminals Program or BIT.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 401

An act to amend Sections 110050, 110466, 110485, 111825, and 111855 of, and to add Section 110471 to, the Health and Safety Code, relating to public health.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 110050 of the Health and Safety Code is amended to read:

110050. The Food Safety Fund is hereby created as a special fund in the State Treasury. All moneys collected by the department under subdivision (c) of Section 110466 and Sections 110470, 110471, 110485, and 111130, and under Article 7 (commencing with Section 110810) of Chapter 5 shall be deposited in the fund, for use by the department, upon appropriation by the Legislature, for the purposes of providing funds necessary to carry out and implement the inspection provisions of this part relating to food, licensing, inspection, enforcement, and other provisions of Article 12 (commencing with Section 111070) relating to water, the provisions relating to education and training in the prevention of microbial contamination pursuant to Section 110485, and the registration provisions of Article 7 (commencing with Section 110810) of Chapter 5.

SEC. 2. Section 110466 of the Health and Safety Code is amended to read:

110466. (a) Commencing January 1, 2000, the department shall use the resources provided by the registration fees assessed by this article to inspect new and registered food processing facilities to determine compliance with this part. The department shall target the inspections and adjust their scope, depth, and frequency based on the department's statewide assessment of public health risk potential. In assessing public health risk potential, the department shall consider, at a minimum, the potential and actual health risks associated with processed foods manufactured, packed, or held in this state, and the food safety practices and compliance histories of persons who manufacture, pack, or hold processed foods in this state.

(b) Commencing January 1, 2001, the department, pursuant to this chapter, shall conduct an annual inspection of each registered food processing facility and inspect each new food processing facility prior to issuing a new registration pursuant to Section 110460. This annual inspection requirement may be adjusted or waived based on an assessment of the food processing facility pursuant to subdivision (a).

(c) The department may perform one or more reinspections of each new and registered food processing facility as necessary to prevent repeated or continuing violations of this part and for the purposes of approving the issuance of a new registration. The department shall charge a fee of one hundred dollars ($100) per hour to cover the costs of performing the reinspections of the same food processing facility within any 12-month period.

SEC. 3. Section 110471 is added to the Health and Safety Code, to read:

110471. (a) Commencing January 1, 2006, the department shall make a one-time 15 percent cost-of-living adjustment to the registration fees established in Section 110470.

(b) Commencing January 1, 2006, every person engaged in the manufacture, packing, or holding of processed food in this state that is subject to the requirements of Part 120 or 123 of Title 21 of the Code of Federal Regulations shall pay two hundred fifty dollars ($250) in addition to their annual registration fee paid pursuant to Section 110470.

(c) Revenue received pursuant to this section shall be deposited into the Food Safety Fund created by Section 110050.

(d) Upon appropriation, the additional fee deposited in the Food Safety Fund shall be used by the department to conduct inspections and reviews of those facilities required to have Hazard Analysis Critical Control Point (HACCP) plans or Standard Sanitation Operating Procedures (SSOPs).

SEC. 4. Section 110485 of the Health and Safety Code is amended to read:

110485. (a) Every person who is engaged in the manufacture, packing, or holding of processed food in this state shall pay a food safety fee of one hundred dollars ($100) to the department in addition to any fees paid pursuant to Section 110470.

(b) Revenue received pursuant to this section shall be deposited in the Food Safety Fund created pursuant to Section 110050. A penalty of 10 percent per month shall be added to any food safety fee not paid when due.

(c) Upon appropriation, the food safety fees deposited in the Food Safety Fund shall be used by the department to assist in developing and implementing education and training programs related to food safety. These programs shall be developed in consultation with representatives of the food processing industry. Implementation shall include education and training in the prevention of microbial contamination.

(d) This section does not apply to companies exclusively involved in flour milling, dried bean processing, or in the drying or milling of rice, or to those individual registrants the director determines should not be assessed because substantial economic hardship would result to those registrants. For the purposes of this subdivision, the substantial hardship exemption shall be extended only to registrants whose wholesale gross annual income from the registered business is twenty thousand dollars ($20,000) or less.

(e) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted on or before January 1, 2011, deletes or extends that date.

SEC. 5. Section 111825 of the Health and Safety Code is amended to read:

111825. (a) Any person who violates any provision of this part or any regulation adopted pursuant to this part shall, if convicted, be subject to imprisonment for not more than one year in the county jail or a fine of not more than one thousand dollars ($1,000), or both the imprisonment and fine.

(b) Notwithstanding subdivision (a), any person who violates Section 111865 by removing, selling, or disposing of an embargoed food, drug, device, or cosmetic without the permission of an authorized agent of the department or court shall, if convicted, be subject to imprisonment for not more than one year in the county jail or a fine of not more than ten thousand dollars ($10,000), or both the fine and imprisonment.

(c) If the violation is committed after a previous conviction under this section that has become final, or if the violation is committed with intent to defraud or mislead, or if the person committed a violation of Section 110625 or 111300 that was intentional or that was intended to cause injury, the person shall be subject to imprisonment for not more than one year in the county jail, imprisonment in state prison, or a fine of not more than ten thousand dollars ($10,000), or both the imprisonment and fine.

SEC. 6. Section 111855 of the Health and Safety Code is amended to read:

111855. (a) If any person violates any provision of this part, or any regulation adopted pursuant to this part, the department may assess a civil penalty against that person as provided by this section.

(b) The penalty may be in an amount not to exceed one thousand dollars ($1,000) per day unless the penalty is for a violation of Section 111825, in which case the penalty may be in an amount not to exceed ten thousand dollars ($10,000) per day. Each day a violation continues shall be considered a separate violation.

(c) If, after examination of a possible violation and the facts surrounding that possible violation, the department concludes that a violation has occurred, the department may issue a complaint to the person charged with the violation. The complaint shall allege the acts or failures to act that constitute the basis for the violation and the amount of the penalty. The complaint shall be served by personal service or by certified mail and shall inform the person so served of the right to a hearing.

(d) Any person served with a complaint pursuant to subdivision (c) of this section may, within 20 days after service of the complaint, request a hearing by filing with the department a notice of defense. A notice of defense is deemed to have been filed within the 20-day period if it is postmarked within the 20-day period. If a hearing is requested by the person, it shall be conducted within 90 days after the receipt by the department of the notice of defense. If no notice of defense is filed within 20 days after service of the complaint, the department shall issue an order setting the penalty as proposed in the complaint unless the department and the person have entered into a settlement agreement, in which case the department shall issue an order setting the penalty in the amount specified in the settlement agreement. When the person has not filed a notice of defense or where the department and the person have entered into a settlement agreement, the order shall not be subject to review by any court or agency.

(e) Any hearing required under this section shall be conducted pursuant to the procedures specified in Section 100171, except to the extent they are inconsistent with the specific requirements of this section.

(f) Orders setting civil penalties under this section shall become effective and final upon issuance thereof, and payment shall be made within 30 days of issuance. A copy of the order shall be served by personal service or by certified mail upon the person served with the complaint.

(g) Within 30 days after service of a copy of a decision issued by the director after a hearing, any person so served may file with the superior court a petition for writ of mandate for review of the decision. Any person who fails to file the petition within this 30-day period may not challenge the reasonableness or validity of the decision or order of the director in any judicial proceeding brought to enforce the decision or order or for other remedies. Section 1094.5 of the Code of Civil Procedure shall govern any proceedings conducted pursuant to this subdivision. In all proceedings pursuant to this subdivision, the court shall uphold the decision of the director if the decision is based upon substantial evidence in the whole record. The filing of a petition for writ of mandate shall not stay any corrective action required pursuant to this part or the accrual of any penalties assessed pursuant to this section. This subdivision does not prohibit the court from granting any appropriate relief within its jurisdiction.

(h) The remedies under this section are in addition to, and do not supersede, or limit, any and all other remedies, civil or criminal.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred

because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 402

An act to amend Sections 37252.8, 37253, 41505, 41506, 42239, and 52890 of, and to repeal Sections 41505.5, 42239, 42239.15, and 52891 of, the Education Code, relating to instruction, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 37252.8 of the Education Code is amended to read:

37252.8. (a) The governing board of a school district and a charter school maintaining any of grades 2 to 6, inclusive, may offer programs of direct, systematic, and intensive supplemental instruction to a pupil enrolled in grades 2 to 6, inclusive, who meets either of the following criteria:

(1) The pupil has been identified as having a deficiency in mathematics, reading, or written expression based on the results of a test administered under the Standardized Testing and Reporting Program established pursuant to Article 4 (commencing with Section 60640) of Chapter 5 of Part 33.

(2) The pupil has been identified as being at risk of retention pursuant to Section 48070.5.

(b) Supplemental educational services offered pursuant to this section may be offered during the summer, before school, after school, on Saturdays, or during intersession, or in a combination of summer school, before school, after school, Saturday, or intersession instruction. Services shall not be provided during the regular instructional day of the pupil. A minor pupil whose parent or guardian informs the school district that the pupil is unable to attend a Saturday school program for religious reasons, or a pupil 18 years of age or older who states that he or she is unable to attend a Saturday school program for religious reasons, shall be given priority for enrollment in supplemental instruction offered at

a time other than Saturday, over a pupil who is not unable to attend a Saturday school program for religious reasons.

(c) For purposes of this section, a pupil shall be considered to be enrolled in a grade immediately upon completion of the preceding grade. Summer school instruction may also be offered to a pupil who was enrolled in grade 6 during the prior school year.

(d) An intensive remedial program in reading or written expression offered pursuant to this section shall, as needed, include instruction in phoneme awareness, systematic explicit phonics and decoding, word attack skills, spelling and vocabulary, explicit instruction of reading comprehension, writing, and study skills.

(e) A school district or charter school shall seek the active involvement of parents and classroom teachers in the development and implementation of supplemental instructional programs provided pursuant to this section.

(f) It is the intent of the Legislature that a pupil who is at risk of failing to meet state-adopted standards, or who is at risk of retention, be identified as early in the school year, and as early in his or her school careers as possible and be provided the opportunity for supplemental instruction sufficient to assist him or her in attaining expected levels of academic achievement.

(g) (1) A school district or charter school that offers instruction pursuant to this section shall be entitled to receive reimbursement in an amount up to 5 percent of the total enrollment of the school district or charter school in grades 2 to 6, inclusive, for the prior fiscal year multiplied by 120 hours, multiplied by the hourly rate for the current fiscal year determined pursuant to subdivision (b) of Section 42239.

(2) The balance of the appropriation made for the purposes of funding programs offered pursuant to this section to serve pupils in grades 2 to 6, inclusive, shall be allocated for reimbursement of pupil attendance in instruction pursuant to subdivision (a) that is in excess of 5 percent, but not in excess of 7 percent, of the enrollment of the school district or charter school for the prior year in grades 2 to 6, inclusive, multiplied by 120 hours, multiplied by the hourly rate for the current fiscal year determined pursuant to subdivision (b) of Section 42239.

(h) Notwithstanding any other provision of law, neither the State Board of Education nor the Superintendent may waive any provision of this section.

SEC. 2. Section 37253 of the Education Code is amended to read:

37253. (a) The governing board of any school district and a charter school may offer supplemental instructional programs in mathematics, science, or other core academic areas designated by the Superintendent of Public Instruction.

(b) The Superintendent of Public Instruction shall adopt rules and regulations necessary to implement this section, including, but not limited to, the designation of academic areas other than mathematics and science as core academic areas.

(c) (1) The maximum entitlement of a school district or charter school for reimbursement for pupil hours of attendance in supplemental instructional programs offered pursuant to this section shall be an amount equal to 5 percent of the total enrollment of the school district or charter school for the prior fiscal year multiplied by 120 hours, multiplied by the hourly rate for the current fiscal year, as determined pursuant to paragraph (2).

(2) Pupil hours of attendance in supplemental instructional programs offered pursuant to this section shall be reimbursed at a rate of three dollars and fifty-three cents ($3.53) per pupil hour, adjusted in the 2005–06 fiscal year and subsequent fiscal years as specified in this paragraph, provided that a different reimbursement rate may be specified for each fiscal year in the annual Budget Act that appropriates funding for that fiscal year. This amount shall be increased annually by the percentage increase pursuant to subdivision (b) of Section 42238.1 granted to school districts or charter schools for base revenue limit cost-of-living increases.

(d) To the extent appropriated funding allows, a school district or charter school may enroll more than 5 percent of its pupils, or may enroll pupils for more than 120 hours per year, in supplemental instructional programs offered pursuant to this section, if the total state apportionment to the district or charter school for these programs does not exceed an amount computed equal to 10 percent of the total enrollment of the school district or charter school for the prior fiscal year multiplied by 120 hours, multiplied by the hourly rate for the current fiscal year, as determined pursuant to paragraph (2) of subdivision (c).

SECTION 1. Section 98 of the Labor Code is amended to read:

98. (a) The Labor Commissioner shall have the authority to investigate employee complaints. The Labor Commissioner may provide for a hearing in any action to recover wages, penalties, and other demands for compensation properly before the division or the Labor Commissioner including orders of the Industrial Welfare Commission, and shall determine all matters arising under his or her jurisdiction. It shall be within the jurisdiction of the Labor Commissioner to accept and determine claims from holders of payroll checks or payroll drafts returned unpaid because of insufficient funds, if, after a diligent search, the holder is unable to return the dishonored check or draft to the payee and recover the sums paid out. Within 30 days of filing of the complaint, the Labor Commissioner shall notify the parties as to whether a hearing will be held, or whether action will be taken in accordance with Section 98.3, or whether no further action will be taken on the complaint. If the determination is made by the Labor Commissioner to hold a hearing, the hearing shall be held within 90 days of the date of that determination. However, the Labor Commissioner may postpone or grant additional time before setting a hearing if the Labor Commissioner finds that it would lead to an equitable and just resolution of the dispute.

It is the intent of the Legislature that hearings held pursuant to this section be conducted in an informal setting preserving the right of the parties.

(b) When a hearing is set, a copy of the complaint, which shall include the amount of compensation requested, together with a notice of time and place of the hearing, shall be served on all parties, personally or by certified mail, or in the manner specified in Section 415.20 of the Code of Civil Procedure.

(e) Evidence on matters not pleaded in the answer shall be allowed only on terms and conditions the Labor Commissioner shall impose. In all these cases, the claimant shall be entitled to a continuance for purposes of review of the new evidence.

(f) If the defendant fails to appear or answer within the time allowed under this chapter, no default shall be taken against him or her, but the Labor Commissioner shall hear the evidence offered and shall issue an order, decision, or award in accordance with the evidence. A defendant failing to appear or answer, or subsequently contending to be aggrieved in any manner by want of notice of the pendency of the proceedings, may apply to the Labor Commissioner for relief in accordance with Section 473 of the Code of Civil Procedure. The Labor Commissioner may afford this relief. No right to relief, including the claim that the findings or award of the Labor Commissioner or judgment entered thereon are void upon their face, shall accrue to the defendant in any court unless prior application is made to the Labor Commissioner in accordance with this chapter.

The division may amend an order, decision, or award to conform to the legal name of the business or the person who is the defendant to a wage claim, provided it can be shown that proper service was made on the defendant or his or her agent, unless a judgment had been entered on the order, decision, or award pursuant to subdivision (d) of Section 98.2. The Labor Commissioner may apply to the clerk of the superior court to amend a judgment that has been issued pursuant to a final order,

decision, or award to conform to the legal name of the defendant, provided it can be shown that proper service was made on the defendant or his or her agent.

(d) No pleading other than the complaint and answer of the defendant or defendants shall be required. Both shall be in writing and shall conform to the form and the rules of practice and procedure adopted by the Labor Commissioner.

(e) Evidence on matters not pleaded in the answer shall be allowed only on terms and conditions the Labor Commissioner shall impose. In

all these cases, the claimant shall be entitled to a continuance for purposes of review of the new evidence.

(f) If the defendant fails to appear or answer within the time allowed under this chapter, no default shall be taken against him or her, but the Labor Commissioner shall hear the evidence offered and shall issue an order, decision, or award in accordance with the evidence. A defendant failing to appear or answer, or subsequently contending to be aggrieved in any manner by want of notice of the pendency of the proceedings, may apply to the Labor Commissioner for relief in accordance with Section 473 of the Code of Civil Procedure. The Labor Commissioner may afford this relief. No right to relief, including the claim that the findings or award of the Labor Commissioner or judgment entered thereon is void upon its face, shall accrue to the defendant in any court unless prior application is made to the Labor Commissioner in accordance with this chapter.

(g) All hearings conducted pursuant to this chapter are governed by the division and by the rules of practice and procedure adopted by the Labor Commissioner.

(h) Whenever a claim is filed under this chapter against a person operating or doing business under a fictitious business name, as defined in Section 17900 of the Business and Professions Code, which relates to the person's business, the division shall inquire at the time of the hearing whether the name of the person is the legal name under which the business or person has been licensed, registered, incorporated, or otherwise authorized to do business.

The division may amend an order, decision, or award to conform to the legal name of the business or the person who is the defendant to a wage claim, provided it can be shown that proper service was made on the defendant or his or her agent, unless a judgment had been entered on the order, decision, or award pursuant to subdivision (e) of Section 98.2. The Labor Commissioner may apply to the clerk of the superior court to amend a judgment that has been issued pursuant to a final order, decision, or award to conform to the legal name of the defendant, provided it can be shown that proper service was made on the defendant or his or her agent.

The order, decision, or award shall include a summary of the hearing and the reasons for the decision. Upon filing of the order, decision, or award, the Labor Commissioner shall serve a copy of the decision personally, by first-class mail, or in the manner specified in Section 415.20 of the Code of Civil Procedure on the parties. The notice

shall also advise the parties of their right to appeal the decision or award and further advise the parties that failure to do so within the period prescribed by this chapter shall result in the decision or award becoming final and enforceable as a judgment by the superior court.

(b) For the purpose of this section, an award shall include any sums found owing, damages proved, and any penalties awarded pursuant to this code.

(c) All awards granted pursuant to a hearing under this chapter shall accrue interest on all due and unpaid wages at the same rate as prescribed by subdivision (b) of Section 3289 of the Civil Code. CHAPTER 408

An act to amend Sections 4143 and 4144 of the Public Resources Code, relating to forestry and fire protection.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 4143 of the Public Resources Code is amended to read:

4143. The Legislature hereby finds and declares that the maintenance of the economic well-being of the state and the public health and safety require that the state, through the department, obtain full utilization of all equipment, personnel, and buildings under the jurisdiction of the director. In order to obtain these benefits, the director, in accordance with policy determined by the board, may provide personnel for and operate those fire stations, statewide, as the director deems necessary to

provide the best possible fire prevention and suppression. Personnel or equipment shall not be assigned to any location or assigned pursuant to Section 4144 if that assignment would not meet policy and standards established by the board. The policy and standards shall be designed to ensure all of the following:

(a) The striking force and efficiency of the department in its primary mission of wild land fire protection, as well as response to major fires or other natural disasters will not be reduced or impaired.

(b) The department will not need any additional funds to operate its program.

(c) Personnel and equipment assigned pursuant to Section 4144 will not replicate services provided under an agreement made pursuant to Section 4142.

The normal assignment of fire resources of the department throughout California during periods of critical fire weather conditions or during major wild land fires shall not be impaired and shall receive priority over agreements made with counties pursuant to Section 4144.

SEC. 3. Section 4144 of the Public Resources Code is amended to read:

4144. (a) Notwithstanding Section 4142, the director may, with the approval of the Department of General Services, enter into a cooperative agreement with a city, county, special district, or other political subdivision of the state, or person, firm, association, or corporation for the purpose of preventing and suppressing fires that requests an agreement, under those terms and conditions that the director deems wise.

(b) The director shall not enter into or renew a cooperative agreement pursuant to this section under any of the following circumstances:

(1) With any county that has assumed responsibility pursuant to Section 4129.

(2) If the land to be protected is not in proximity to, nor within lands classified by the board pursuant to Section 4125 as, a state responsibility area. For the purposes of this paragraph, "proximity" means within a distance from an existing facility that results in a response time established by the board that is not longer than that used by the department in meeting its state wild land fire protection mission.

(3) The director determines that the agreement would significantly reduce existing fire prevention and suppression service levels.

(4) The director determines, pursuant to the policy and standards adopted by the board under Section 4143, that the agreement would replicate services provided under an agreement made pursuant to Section 4142.

(5) The director determines that the service area of a particular station under the agreement is more appropriately served under an agreement made pursuant to Section 4142.

(c) The cooperative agreement shall provide all of the following:

(1) The department shall ensure that a staffing level, mutually agreeable to the parties to the agreement, is maintained on all fire prevention and suppression vehicles.

(2) The personnel, equipment, and buildings utilized shall be limited to those used to protect state responsibility areas. Whenever the cooperative agreement provides for the employment of personnel during the "nonfire season" who would be in addition to the personnel required for the necessary operation and maintenance of equipment and buildings under the jurisdiction of the director, the full salaries and all benefits of the additional personnel shall be apportioned, as costs to the city, county, special district, or other political subdivision of the state, or person, firm, association, or corporation that contracts with the department pursuant to the cooperative agreement for fire protection.

(3) A cost apportionment between the state and the city, county, special district, or other political subdivision of the state, or person, firm, association, or corporation that contracts with the state for fire protection that reasonably reflects cost apportionments made pursuant to Section 4141 or 4142, except that the contracting city, county, special district, other political subdivision of the state, or contracting person, firm, association, or corporation shall be apportioned the additional cost for extended staff availability for 24-hour emergency response, for state personnel assigned to staff fire engines at a rate determined annually by the director, plus staff benefit costs attributable to the apportionment, and total unplanned overtime pay. The department shall recover its actual additional costs.

CHAPTER 409

An act to amend Section 33334.2 of, and to amend and repeal Section 33413 of, the Health and Safety Code, relating to housing.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 33334.2 of the Health and Safety Code is amended to read:

33334.2. (a) Not less than 20 percent of all taxes that are allocated to the agency pursuant to Section 33670 shall be used by the agency for the purposes of increasing, improving, and preserving the community's supply of low- and moderate-income housing available at affordable housing cost, as defined by Section 50052.5, to persons and families of low or moderate income, as defined in Section 50093, lower income households, as defined by Section 50079.5, very low income households, as defined in Section 50105, and extremely low income households, as defined by Section 50106, that is occupied by these persons and families, unless one of the following findings is made annually by resolution:

(1) (A) That no need exists in the community to improve, increase, or preserve the supply of low- and moderate-income housing, including housing for very low income households in a manner that would benefit the project area and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, including its share of the regional housing needs of very low income households and persons and families of low or moderate income.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that the community does not have a need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(2) (A) That some stated percentage less than 20 percent of the taxes that are allocated to the agency pursuant to Section 33670 is sufficient to meet the housing needs of the community, including its share of the regional housing needs of persons and families of low- or moderate-income and very low income households, and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that a percentage of less than 20 percent will be sufficient to meet the community's need to improve,

increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(C) For purposes of making the findings specified in this paragraph and paragraph (1), the housing element of the general plan of a city, county, or city and county shall be current, and shall have been determined by the department pursuant to Section 65585 to be in substantial compliance with Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(3) (A) That the community is making a substantial effort to meet its existing and projected housing needs, including its share of the regional housing needs, with respect to persons and families of low and moderate income, particularly very low income households, as identified in the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, and that this effort, consisting of direct financial contributions of local funds used to increase and improve the supply of housing affordable to, and occupied by, persons and families of low or moderate income and very low income households is equivalent in impact to the funds otherwise required to be set aside pursuant to this section. In addition to any other local funds, these direct financial contributions may include federal or state grants paid directly to a community and which the community has the discretion of using for the purposes for which moneys in the Low and Moderate Income Housing Fund may be used. The legislative body shall consider the need that can be reasonably foreseen because of displacement of persons and families of low or moderate income or very low income households from within, or adjacent to, the project area, because of increased employment opportunities, or because of any other direct or indirect result of implementation of the redevelopment plan. No finding under this subdivision may be made until the community has provided or ensured the availability of replacement dwelling units as defined in Section 33411.2 and until it has complied with Article 9 (commencing with Section 33410).

(B) In making the determination that other financial contributions are equivalent in impact pursuant to this subdivision, the agency shall include

only those financial contributions that are directly related to programs or activities authorized under subdivision (e).

(C) The authority for making the finding specified in this paragraph shall expire on June 30, 1993, except that the expiration shall not be deemed to impair contractual obligations to bondholders or private entities incurred prior to May 1, 1991, and made in reliance on the provisions of this paragraph. Agencies that make this finding after June 30, 1993, shall show evidence that the agency entered into the specific contractual obligation with the specific intention of making a finding under this paragraph in order to provide sufficient revenues to pay off the indebtedness.

(b) Within 10 days following the making of a finding under either paragraph (1) or (2) of subdivision (a), the agency shall send the Department of Housing and Community Development a copy of the finding, including the factual information supporting the finding and other factual information in the housing element that demonstrates that either (1) the community does not need to increase, improve, or preserve the supply of housing for low- and moderate-income households, including very low income households, or (2) a percentage less than 20 percent will be sufficient to meet the community's need to improve, increase, and preserve the supply of housing for low- and moderate-income households, including very low income households. Within 10 days following the making of a finding under paragraph (3) of subdivision (a), the agency shall send the Department of Housing and Community Development a copy of the finding, including the factual information supporting the finding that the community is making a substantial effort to meet its existing and projected housing needs. Agencies that make this finding after June 30, 1993, shall also submit evidence to the department of its contractual obligations with bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this finding.

(c) In any litigation to challenge or attack a finding made under paragraph (1), (2), or (3) of subdivision (a), the burden shall be upon the agency to establish that the finding is supported by substantial evidence in light of the entire record before the agency. If an agency is determined by a court to have knowingly misrepresented any material facts regarding the community's share of its regional housing need for low- and moderate-income housing, including very low income households, or the community's production record in meeting its share of the regional housing need pursuant to the report required by subdivision (b) of Section 65400 of the Government Code, the agency shall be liable for all court costs and plaintiff's attorney's fees, and shall be required to allocate not

less than 25 percent of the agency's tax increment revenues to its Low and Moderate Income Housing Fund in each year thereafter.

(d) Nothing in this section shall be construed as relieving any other public entity or entity with the power of eminent domain of any legal obligations for replacement or relocation housing arising out of its activities.

(e) In carrying out the purposes of this section, the agency may exercise any or all of its powers for the construction, rehabilitation, or preservation of affordable housing for extremely low, very low, low- and moderate-income persons or families, including the following:

(1) Acquire real property or building sites subject to Section 33334.16.

(2) Improve real property or building sites with onsite or offsite improvements, but only if both (A) the improvements are part of the new construction or rehabilitation of affordable housing units for low- or moderate-income persons that are directly benefited by the improvements, and are a reasonable and fundamental component of the housing units, and (B) the agency requires that the units remain available at affordable housing cost to, and occupied by, persons and families of extremely low, very low, low, or moderate income for the same time period and in the same manner as provided in subdivision (c) and paragraph (2) of subdivision (f) of Section 33334.3.

If the newly constructed or rehabilitated housing units are part of a larger project and the agency improves or pays for onsite or offsite improvements pursuant to the authority in this subdivision, the agency shall pay only a portion of the total cost of the onsite or offsite improvement. The maximum percentage of the total cost of the improvement paid for by the agency shall be determined by dividing the number of housing units that are affordable to low- or moderate-income persons by the total number of housing units, if the project is a housing project, or by dividing the cost of the affordable housing units by the total cost of the project, if the project is not a housing project.

(3) Donate real property to private or public persons or entities.

(4) Finance insurance premiums pursuant to Section 33136.

(5) Construct buildings or structures.

(6) Acquire buildings or structures.

(7) Rehabilitate buildings or structures.

(8) Provide subsidies to, or for the benefit of, extremely low income households, as defined by Section 50106, very low income households, as defined by Section 50105, lower income households, as defined by Section 50079.5, or persons and families of low or moderate income, as defined by Section 50093, to the extent those households cannot obtain housing at affordable costs on the open market. Housing units available

on the open market are those units developed without direct government subsidies.

(9) Develop plans, pay principal and interest on bonds, loans, advances, or other indebtedness, or pay financing or carrying charges.

(10) Maintain the community's supply of mobilehomes.

(11) Preserve the availability to lower income households of affordable housing units in housing developments that are assisted or subsidized by public entities and that are threatened with imminent conversion to market rates.

(f) The agency may use these funds to meet, in whole or in part, the replacement housing provisions in Section 33413. However, nothing in this section shall be construed as limiting in any way the requirements of that section.

(g) (1) The agency may use these funds inside or outside the project area. The agency may only use these funds outside the project area upon a resolution of the agency and the legislative body that the use will be of benefit to the project. The determination by the agency and the legislative body shall be final and conclusive as to the issue of benefit to the project area. The Legislature finds and declares that the provision of replacement housing pursuant to Section 33413 is always of benefit to a project. Unless the legislative body finds, before the redevelopment plan is adopted, that the provision of low- and moderate-income housing outside the project area will be of benefit to the project, the project area shall include property suitable for low- and moderate-income housing.

(2) (A) The Contra Costa County Redevelopment Agency may use these funds anywhere within the unincorporated territory, or within the incorporated limits of the City of Walnut Creek on sites contiguous to the Pleasant Hill BART Station Area Redevelopment Project area. The agency may only use these funds outside the project area upon a resolution of the agency and board of supervisors determining that the use will be of benefit to the project area. In addition, the agency may use these funds within the incorporated limits of the City of Walnut Creek only if the agency and the board of supervisors find all of the following:

(i) Both the County of Contra Costa and the City of Walnut Creek have adopted and are implementing complete and current housing elements of their general plans that the Department of Housing and Community Development has determined to be in compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(ii) The development to be funded shall not result in any residential displacement from the site where the development is to be built.

(iii) The development to be funded shall not be constructed in an area that currently has more than 50 percent of its population comprised of racial minorities or low-income families.

(iv) The development to be funded shall allow construction of affordable housing closer to a rapid transit station than could be constructed in the unincorporated territory outside the Pleasant Hill BART Station Area Redevelopment Project.

(B) If the agency uses these funds within the incorporated limits of the City of Walnut Creek, all of the following requirements shall apply:

(i) The funds shall be used only for the acquisition of land for, and the design and construction of, the development of housing containing units affordable to, and occupied by, low- and moderate-income persons.

(ii) If less than all the units in the development are affordable to, and occupied by, low- or moderate-income persons, any agency assistance shall not exceed the amount needed to make the housing affordable to, and occupied by, low- or moderate-income persons.

(iii) The units in the development that are affordable to, and occupied by, low- or moderate-income persons shall remain affordable for a period of at least 55 years.

(iv) The agency and the City of Walnut Creek shall determine, if applicable, whether Article XXXIV of the California Constitution permits the development.

(h) The Legislature finds and declares that expenditures or obligations incurred by the agency pursuant to this section shall constitute an indebtedness of the project.

(i) The requirements of this section shall only apply to taxes allocated to a redevelopment agency for which a final redevelopment plan is adopted on or after January 1, 1977, or for any area that is added to a project by an amendment to a redevelopment plan, which amendment is adopted on or after the effective date of this section. An agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project for which a redevelopment plan was adopted prior to January 1, 1977, subject to any indebtedness incurred prior to the election.

(j) (1) (A) An action to compel compliance with the requirement of Section 33334.3 to deposit not less than 20 percent of all taxes that are allocated to the agency pursuant to Section 33670 in a Low and Moderate Income Housing Fund shall be commenced within 10 years of the alleged violation. A cause of action for a violation accrues on the last day of the fiscal year in which the funds were required to be deposited in the Low and Moderate Income Housing Fund.

(B) An action to compel compliance with the requirement of this section or Section 33334.6 that money deposited in the Low and

Moderate Income Housing Fund be used by the agency for purposes of increasing, improving, and preserving the community's supply of low- and moderate-income housing available at affordable housing cost shall be commenced within 10 years of the alleged violation. A cause of action for a violation accrues on the date of the actual expenditure of the funds.

(C) An agency found to have deposited less into the Low and Moderate Income Housing Fund than mandated by Section 33334.3 or to have spent money from the Low and Moderate Income Housing Fund for purposes other than increasing, improving, and preserving the community's supply of low- and moderate-income housing, as mandated, by this section or Section 33334.6 shall repay the funds with interest in one lump sum pursuant to Section 970.4 or 970.5 of the Government Code or may do either of the following:

(i) Petition the court under Section 970.6 for repayment in installments.

(ii) Repay the portion of the judgment due to the Low and Moderate Income Housing Fund in equal installments over a period of five years following the judgment.

(2) Repayment shall not be made from the funds required to be set aside or used for low- and moderate-income housing pursuant to this section.

(3) Notwithstanding clauses (i) and (ii) of subparagraph (C) of paragraph (1), all costs, including reasonable attorney fees if included in the judgment, are due and shall be paid upon entry of judgment or order.

(4) Except as otherwise provided in this subdivision, Chapter 2 (commencing with Section 970) of Part 5 of Division 3.6 of Title 1 of the Government Code for the enforcement of a judgment against a local public entity applies to a judgment against a local public entity that violates this section.

(5) This subdivision applies to actions filed on and after January 1, 2006.

(6) The limitations period specified in subparagraphs (A) and (B) of paragraph (1) does not apply to a cause of action brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure.

SEC. 2. Section 33413 of the Health and Safety Code, as amended by Section 15 of Chapter 782 of the Statutes of 2002, is amended to read:

33413. (a) Whenever dwelling units housing persons and families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project that is subject to a written agreement with the agency or where financial assistance has been provided by the agency, the agency shall, within

four years of the destruction or removal, rehabilitate, develop, or construct, or cause to be rehabilitated, developed, or constructed, for rental or sale to persons and families of low or moderate income, an equal number of replacement dwelling units that have an equal or greater number of bedrooms as those destroyed or removed units at affordable housing costs within the territorial jurisdiction of the agency. When dwelling units are destroyed or removed after September 1, 1989, 75 percent of the replacement dwelling units shall replace dwelling units available at affordable housing cost in the same or a lower income level of very low income households, lower income households, and persons and families of low and moderate income, as the persons displaced from those destroyed or removed units. When dwelling units are destroyed or removed on or after January 1, 2002, 100 percent of the replacement dwelling units shall be available at affordable housing cost to persons in the same or a lower income category (low, very low, or moderate), as the persons displaced from those destroyed or removed units.

(b) (1) Prior to the time limit on the effectiveness of the redevelopment plan established pursuant to Sections 33333.2, 33333.6, and 33333.10 at least 30 percent of all new and substantially rehabilitated dwelling units developed by an agency shall be available at affordable housing cost to, and occupied by, persons and families of low or moderate income. Not less than 50 percent of the dwelling units required to be available at affordable housing cost to, and occupied by, persons and families of low or moderate income shall be available at affordable housing cost to, and occupied by, very low income households.

(2) (A) (i) Prior to the time limit on the effectiveness of the redevelopment plan established pursuant to Sections 33333.2, 33333.6, and 33333.10 at least 15 percent of all new and substantially rehabilitated dwelling units developed within a project area under the jurisdiction of an agency by public or private entities or persons other than the agency shall be available at affordable housing cost to, and occupied by, persons and families of low or moderate income. Not less than 40 percent of the dwelling units required to be available at affordable housing cost to, and occupied by, persons and families of low or moderate income shall be available at affordable housing cost to, and occupied by, very low income households.

(ii) To satisfy this paragraph, in whole or in part, the agency may cause, by regulation or agreement, to be available, at affordable housing cost, to, and occupied by, persons and families of low or moderate income or to very low income households, as applicable, two units outside a project area for each unit that otherwise would have been required to be available inside a project area.

(iii) On or after January 1, 2002, as used in this paragraph and in paragraph (1), "substantially rehabilitated dwelling units" means all units substantially rehabilitated, with agency assistance. Prior to January 1, 2002, "substantially rehabilitated dwelling units" shall mean substantially rehabilitated multifamily rented dwelling units with three or more units regardless of whether there is agency assistance, or substantially rehabilitated, with agency assistance, single-family dwelling units with one or two units.

(iv) As used in this paragraph and in paragraph (1), "substantial rehabilitation" means rehabilitation, the value of which constitutes 25 percent of the after rehabilitation value of the dwelling, inclusive of the land value.

(v) To satisfy this paragraph, the agency may aggregate new or substantially rehabilitated dwelling units in one or more project areas, if the agency finds, based on substantial evidence, after a public hearing, that the aggregation will not cause or exacerbate racial, ethnic, or economic segregation.

(B) To satisfy the requirements of paragraph (1) and subparagraph (A), the agency may purchase, or otherwise acquire or cause by regulation or agreement the purchase or other acquisition of, long-term affordability covenants on multifamily units that restrict the cost of renting or purchasing those units that either: (i) are not presently available at affordable housing cost to persons and families of low or very low income households, as applicable; or (ii) are units that are presently available at affordable housing cost to this same group of persons or families, but are units that the agency finds, based upon substantial evidence, after a public hearing, cannot reasonably be expected to remain affordable to this same group of persons or families.

(C) To satisfy the requirements of paragraph (1) and subparagraph (A), the long-term affordability covenants purchased or otherwise acquired pursuant to subparagraph (B) shall be required to be maintained on dwelling units at affordable housing cost to, and occupied by, persons and families of low or very low income, for the longest feasible time but not less than 55 years for rental units and 45 years for owner-occupied units. Not more than 50 percent of the units made available pursuant to paragraph (1) and subparagraph (A) may be assisted through the purchase or acquisition of long-term affordability covenants pursuant to subparagraph (B). Not less than 50 percent of the units made available through the purchase or acquisition of long-term affordability covenants pursuant to subparagraph (B) shall be available at affordable housing cost to, and occupied by, very low income households.

(3) The requirements of this subdivision shall apply independently of the requirements of subdivision (a). The requirements of this

subdivision shall apply, in the aggregate, to housing made available pursuant to paragraphs (1) and (2), respectively, and not to each individual case of rehabilitation, development, or construction of dwelling units, unless an agency determines otherwise.

(4) Each redevelopment agency, as part of the implementation plan required by Section 33490, shall adopt a plan to comply with the requirements of this subdivision for each project area. The plan shall be consistent with, and may be included within, the community's housing element. The plan shall be reviewed and, if necessary, amended at least every five years in conjunction with either the housing element cycle or the plan implementation cycle. The plan shall ensure that the requirements of this subdivision are met every 10 years. If the requirements of this subdivision are not met by the end of each 10-year period, the agency shall meet these goals on an annual basis until the requirements for the 10-year period are met. If the agency has exceeded the requirements within the 10-year period, the agency may count the units that exceed the requirement in order to meet the requirements during the next 10-year period. The plan shall contain the contents required by paragraphs (2), (3), and (4) of subdivision (a) of Section 33490.

(c) (1) The agency shall require that the aggregate number of replacement dwelling units and other dwelling units rehabilitated, developed, constructed, or price-restricted pursuant to subdivision (a) or (b) remain available at affordable housing cost to, and occupied by, persons and families of low-income, moderate-income, and very low income households, respectively, for the longest feasible time, but for not less than 55 years for rental units and 45 years for home ownership units, except as set forth in paragraph (2).

(2) Notwithstanding paragraph (1), the agency may permit sales of owner-occupied units prior to the expiration of the 45-year period established by the agency for a price in excess of that otherwise permitted under this subdivision pursuant to an adopted program that protects the agency's investment of moneys from the Low and Moderate Income Housing Fund, including, but not limited to, an equity sharing program that establishes a schedule of equity sharing that permits retention by the seller of a portion of those excess proceeds, based on the length of occupancy. The remainder of the excess proceeds of the sale shall be allocated to the agency, and deposited into the Low and Moderate Income Housing Fund. The agency shall, within three years from the date of sale of units pursuant to this paragraph, expend funds to make affordable an equal number of units at the same income level as units sold pursuant to this paragraph. Only the units originally assisted by the agency shall be counted towards the agency's obligations under Section 33413.

(3) The requirements of this section shall be made enforceable in the same manner as provided in paragraph (2) of subdivision (f) of Section 33334.3.

(4) If land on which the dwelling units required by this section are located is deleted from the project area, the agency shall continue to require that those units remain affordable as specified in this subdivision.

(d) (1) This section applies only to redevelopment projects for which a final redevelopment plan is adopted pursuant to Article 5 (commencing with Section 33360) on or after January 1, 1976, and to areas that are added to a project area by amendment to a final redevelopment plan adopted on or after January 1, 1976. In addition, subdivision (a) shall apply to any other redevelopment project with respect to dwelling units destroyed or removed from the low- and moderate-income housing market on or after January 1, 1996, irrespective of the date of adoption of a final redevelopment plan or an amendment to a final redevelopment plan adding areas to a project area. Additionally, any agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project of the agency for which the final redevelopment plan was adopted prior to January 1, 1976. In addition, subdivision (b) shall apply to redevelopment plans adopted prior to January 1, 1976, for which an amendment is adopted pursuant to Section 33333.10, except that subdivision (b) shall apply to those redevelopment plans prospectively only so that the requirements of subdivision (b) shall apply only to new and substantially rehabilitated dwelling units for which the building permits are issued on or after the date that the ordinance adopting the amendment pursuant to Section 33333.10 becomes effective.

(2) An agency may, by resolution, elect to require that whenever dwelling units housing persons or families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project, the agency shall replace each dwelling unit with up to three replacement dwelling units pursuant to subdivision (a).

(e) Except as otherwise authorized by law, this section does not authorize an agency to operate a rental housing development beyond the period reasonably necessary to sell or lease the housing development.

(f) Notwithstanding subdivision (a), the agency may replace destroyed or removed dwelling units with a fewer number of replacement dwelling units if the replacement dwelling units meet both of the following criteria:

(1) The total number of bedrooms in the replacement dwelling units equals or exceeds the number of bedrooms in the destroyed or removed units. Destroyed or removed units having one or no bedroom are deemed for this purpose to have one bedroom.

(2) The replacement units are affordable to and occupied by the same income level of households as the destroyed or removed units.

(g) "Longest feasible time," as used in this section, includes, but is not limited to, unlimited duration.

SEC. 3. Section 33413 of the Health and Safety Code, as amended by Section 16 of Chapter 782 of the Statutes of 2002, is repealed.

CHAPTER 410

An act to amend Sections 70063, 70312, 70325, 70375, 70391, 70403, and 76100 of the Government Code, relating to courts.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 70063 of the Government Code is amended to read:

70063. In Mendocino County, the official phonographic reporters shall perform the following duties:

(a) Report all proceedings before the superior court.

(b) Report the proceedings of the grand jury.

(c) Act as the secretary of, and render stenographic and clerical assistance to, the judge of the department to which they are assigned by the presiding judge.

SEC. 2. Section 70312 of the Government Code is amended to read:

70312. If responsibility for court facilities is transferred from the county to the Judicial Council pursuant to this chapter, the county is relieved of any responsibility under Section 70311 for providing those facilities. The county is also relieved of any responsibility for deferred or ongoing maintenance for the facility transferred, except for the county facilities payment required by Section 70353. Except as otherwise provided by this chapter, or by the agreement between the Judicial Council and the county under this chapter, the Judicial Council shall have ongoing responsibility for providing trial court facilities. If responsibility for all court facilities within a county has been transferred pursuant to this chapter, that county shall have no responsibility for providing court facilities. This section does not relieve a county of its obligation under Article 5 (commencing with Section 70351) or its obligations under any agreement entered into pursuant to this chapter.

SEC. 3. Section 70325 of the Government Code is amended to read:

70325. (a) (1) If title to a building proposed to be transferred pursuant to this chapter is subject to a bonded indebtedness, the county shall retain the revenue sources used to pay the bonded indebtedness in which case the county shall be required to continue to make the payments on the bonded indebtedness.

(2) As an alternative to paragraph (1), the county and the state may agree that the county shall transfer the revenue sources to the state, in which case, the state shall be required to make the payments on the bonded indebtedness in the amount of the revenue received. If the amount payable on the bonded indebtedness exceeds the amount of the revenue transferred to the state, the county shall be responsible for paying the remaining amount. If a revenue source is used to pay the bonded indebtedness on several buildings and not all of those buildings are being transferred to the state, the county shall transfer the proportion of the revenue used to pay the bonded indebtedness on the buildings transferred to the state. Except for revenue sources subject to Section 70375, any revenue source transferred by the county to the state under this paragraph shall be transferred back to the county by the state when the bonded indebtedness on the building is retired.

(b) Except in the case of a shared use building or historical building whose title is not being transferred from the county, the agreement concerning transfer of responsibility for court facilities contained in a building subject to bonded indebtedness shall specify when title to the building will transfer, which shall not be later than the date of final payment of the bonded indebtedness on the building. A county shall not extend the term of the final maturity date of, or increase the amount of, any bonded indebtedness on a building containing court facilities whose responsibility has been transferred to the state without the consent of the Administrative Director of the Courts. For the purposes of this subdivision, the amount of the bonded indebtedness shall not be deemed to be increased if the amount is refunded for an amount not greater than the original principal amount of the indebtedness plus any costs relating to the refunding of the bonded indebtedness.

(c) Notwithstanding any provision to the contrary in this chapter, during the period and to the extent which bonded indebtedness is outstanding with respect to any court facility, the state shall not have any equity or other ownership rights in, to, or with respect to, the court facility. A county may not sell, assign, or transfer any rights or interests in that facility, or otherwise further encumber the facility, other than those rights, interests, or encumbrances required by legal documents establishing the bonded indebtedness. If, during the period of bonded indebtedness outstanding with respect to a court facility, the state is required to vacate the facility through the operation or enforcement of

the legal documents establishing the bonded indebtedness, the county shall be responsible for providing the state with suitable and necessary court facilities at least equal to those occupied by the state immediately prior to the date on which the state was compelled to vacate the facility.

SEC. 4. Section 70375 of the Government Code, as amended by Section 119 of Chapter 75 of the Statutes of 2005, is amended to read:

70375. (a) This article shall take effect on January 1, 2003, and the fund, penalty, and fee assessment established by this article shall become operative on January 1, 2003, except as otherwise provided in this article.

(b) In each county, the amount authorized by Section 70372 shall be reduced by the following:

(1) The amount collected for deposit into the local courthouse construction fund established pursuant to Section 76100.

(2) The amount collected for transmission to the state for inclusion in the Transitional State Court Facilities Construction Fund established pursuant to Section 70401 to the extent it is funded by money from the local courthouse construction fund.

(c) The authority for all of the following shall expire proportionally on the June 30th following the date of transfer of responsibility for facilities from the county to the Judicial Council, except so long as money is needed to pay for construction provided for in those sections and undertaken prior to the transfer of responsibility for facilities from the county to the Judicial Council:

(1) An additional penalty for a local courthouse construction fund established pursuant to Section 76100.

(2) A filing fee surcharge in the County of Riverside established pursuant to Section 70622.

(3) A filing fee surcharge in the County of San Bernardino established pursuant to Section 70624.

(4) A filing fee surcharge in the City and County of San Francisco established pursuant to Section 70625.

(d) For purposes of subdivision (c), the term "proportionally" means that proportion of the fee or surcharge that shall expire upon the transfer of responsibility for a facility that is the same proportion as the square footage that facility bears to the total square footage of court facilities in that county.

SEC. 5. Section 70391 of the Government Code is amended to read:

70391. The Judicial Council, as the policymaking body for the judicial branch, shall have the following responsibilities and authorities with regard to court facilities, in addition to any other responsibilities or authorities established by law:

(a) Exercise full responsibility, jurisdiction, control, and authority as an owner would have over trial court facilities whose title is held by the

state, including, but not limited to, the acquisition and development of facilities.

(b) Exercise the full range of policymaking authority over trial court facilities, including, but not limited to, planning, construction, acquisition, and operation, to the extent not expressly otherwise limited by law.

(c) Dispose of surplus court facilities following the transfer of responsibility under Article 3 (commencing with Section 70321), subject to all of the following:

(1) If the property was a court facility previously the responsibility of the county, the Judicial Council shall comply with the requirements of Section 11011, and as follows, except that, notwithstanding any other provision of law, the proportion of the net proceeds that represents the proportion of other state funds used on the property other than for operation and maintenance shall be returned to the fund from which it came and the remainder of the proceeds shall be deposited in the State Court Facilities Construction Fund.

(2) The Judicial Council shall consult with the county concerning the disposition of the facility. Notwithstanding any other law, including Section 11011, when requested by the transferring county, a surplus facility shall be offered to that county at fair market value prior to being offered to any other state agency or other local government agency.

(3) The Judicial Council shall consider whether the potential new or planned use of the facility:

(A) Is compatible with the use of other adjacent public buildings.

(B) Unreasonably departs from the historic or local character of the surrounding property or local community.

(C) Has a negative impact on the local community.

(D) Unreasonably interferes with other governmental agencies that use or are located in or adjacent to the building containing the court facility.

(E) Is of sufficient benefit to outweigh the public good in maintaining it as a court facility or building.

(4) All funds received for disposal of surplus court facilities shall be deposited by the Judicial Council in the State Court Facilities Construction Fund.

(5) If the facility was acquired, rehabilitated, or constructed, in whole or in part, with money in the State Court Facilities Construction Fund that was deposited in that fund from the state fund, any funds received for disposal of that facility shall be apportioned to the state fund and the State Court Facilities Construction Fund in the same proportion that the original cost of the building was paid from the state fund and other sources of the State Court Facilities Construction Fund.

(d) Conduct audits of all of the following:

(1) The collection of fees by the local courts.

(2) The money in local courthouse construction funds established pursuant to Section 76100.

(e) Establish policies, procedures, and guidelines for ensuring that the courts have adequate and sufficient facilities, including, but not limited to, facilities planning, acquisition, construction, design, operation, and maintenance.

(f) Establish and consult with local project advisory groups on the construction of new trial court facilities, including the trial court, the county, state agencies, bar groups, and members of the community.

(g) Manage court facilities in consultation with the trial courts.

(h) Allocate appropriated funds for court facilities maintenance and construction, subject to the other provisions of this chapter.

(i) Manage shared-use facilities to the extent required by the agreement under Section 70343.

(j) Prepare funding requests for court facility construction, repair, and maintenance.

(k) Implement the design, bid, award, and construction of all court construction projects, except as delegated to others.

(*l*) Provide for capital outlay projects that may be built with funds appropriated or otherwise available for these purposes as follows:

(1) Approve five-year and master plans for each district.

(2) Establish priorities for construction.

(3) Recommend to the Governor and the Legislature the projects to be funded by the State Court Facilities Construction Fund.

(4) Submit the cost of projects proposed to be funded to the Department of Finance for inclusion in the Governor's Budget.

(m) In carrying out its responsibilities and authority under this section, the Judicial Council shall consult with the local court for:

(1) Selecting and contracting with facility consultants.

(2) Preparing and reviewing architectural programs and designs for court facilities.

(3) Preparing strategic master and five-year capital facilities plans.

(4) Major maintenance of any facility.

SEC. 6. Section 70403 of the Government Code is amended to read:

70403. (a) Each county shall submit a report to the Administrative Director of the Courts and the Director of Finance accounting for all receipts and expenditures from the local courthouse construction fund established pursuant to Section 76100 for the period from January 1, 1998, to the date of transfer of the fund pursuant to subdivision (a) of Section 70402 or December 31, 2005, whichever is earlier.

(b) If the county retains the fund under subdivision (a) of Section 70325 for payment on existing bonded indebtedness of a courthouse

facility, the county shall submit annual updates on all receipts and expenditures from the local courthouse construction fund, within 90 days of the end of each fiscal year, to the Administrative Director of the Courts and the Director of Finance.

(c) Any expenditures made from the fund for a purpose other than those specified in Section 76100 must be repaid to the state for deposit in the State Court Facilities Construction Fund pursuant to Section 70402. Either the Administrative Director of the Courts or the Director of the Department of Finance may provide the county with notice that an expenditure made from the fund was for a purpose other than as specified in Section 76100. If the county disagrees with the determination, it may appeal the determination to the Court Facilities Dispute Resolution Committee pursuant to Section 70303.

(d) On or before January 1, 2007, and on or before each January 1, thereafter, the Judicial Council shall submit a report to the budget and fiscal committees of the Legislature based on the information received from counties pursuant to this section, including any amounts required to be repaid by counties.

SEC. 7. Section 76100 of the Government Code is amended to read:

76100. (a) Except as provided in Article 3 (commencing with Section 76200), for the purpose of assisting any county in the acquisition, rehabilitation, construction, and financing of courtrooms, a courtroom building or buildings containing facilities necessary or incidental to the operation of the justice system, or court facilities, the board of supervisors may establish in the county treasury a Courthouse Construction Fund into which shall be deposited the amounts specified in the resolutions adopted by the board of supervisors in accordance with this chapter. The moneys of the Courthouse Construction Fund shall be payable only for the purposes set forth in this subdivision and in subdivision (b) and at the time necessary therefor, subject to the requirements set forth in Chapter 5.7 (commencing with Section 70301).

(b) In conjunction with the acquisition, rehabilitation, construction, or financing of court buildings referred to in subdivision (a), the county may use the moneys of the Courthouse Construction Fund for either of the following:

(1) To rehabilitate existing courtrooms, an existing courtroom building or buildings, or court facilities, for other uses if a new courtroom, a courtroom building or buildings, or court facilities are acquired, constructed, or financed.

(2) To acquire, rehabilitate, construct, or finance excess courtrooms, an excess courtroom building or buildings, or excess court facilities, if that excess is anticipated to be needed at a later time.

(c) Any excess courtroom, excess courtroom building or buildings, or excess court facilities, that are acquired, rehabilitated, constructed, or financed pursuant to subdivision (b) may be leased or rented for uses other than the operation of the justice system until the excess courtrooms, excess courtroom building or buildings, or excess court facilities, are needed for the operation of the justice system. Any amount received as lease or rental payments pursuant to this subdivision shall be deposited in the Courthouse Construction Fund.

(d) The fund moneys shall be held by the county treasurer separate from any funds subject to transfer or division pursuant to Section 1463 of the Penal Code.

(e) The amendments made to subdivision (a) by the act adding this subdivision are declarative of existing law and shall be used for determinations made pursuant to subdivision (c) of Section 70403.

CHAPTER 411

An act to amend and repeal Section 66499.7 of the Government Code, relating to subdivided lands.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 66499.7 of the Government Code is amended to read:

66499.7. The security furnished by the subdivider shall be released in whole or in part in the following manner:

(a) Security given for faithful performance of any act or agreement shall be released upon the performance of the act or final completion and acceptance of the required work. The legislative body may provide for the partial release of the security upon the partial performance of the act or the acceptance of the work as it progresses, consistent with the provisions of this section. The security may be a surety bond, a cash deposit, a letter of credit, escrow account, or other form of performance guarantee required as security by the legislative body that meets the requirements as acceptable security pursuant to law. If the security furnished by the subdivider is a documentary evidence of security such as a surety bond or a letter of credit, the legislative body shall release the documentary evidence and return the original to the issuer upon performance of the act or final completion and acceptance of the required

work. In the event that the legislative body is unable to return the original documentary evidence to the issuer, the security shall be released by written notice sent by certified mail to the subdivider and issuer of the documentary evidence within 30 days of the acceptance of the work. The written notice shall contain a statement that the work for which the security was furnished has been performed or completed and accepted by the legislative body, a description of the project subject to the documentary evidence and the notarized signature of the authorized representative of the legislative body.

(b) At such time that the subdivider believes that the obligation to perform the work for which security was required is complete, the subdivider may notify the public entity in writing of the completed work, including a list of work completed. Upon receipt of the written notice, the public entity shall have 45 days to review and comment or approve the completion of the required work. If the public entity does not agree that all work has been completed in accordance with the plans and specifications for the improvements, it shall supply a list of all remaining work to be completed.

(c) Within 45 days of receipt of the list of remaining work from the public entity, the subdivider may then provide cost estimates for all remaining work for review and approval by the public entity. Upon receipt of the cost estimates, the public entity shall then have 45 days to review, comment, and approve, modify, or disapprove those cost estimates. No public entity shall be required to engage in this process of partial release more than once between the start of work and completion and acceptance of all work; however, nothing in this section prohibits a public entity from allowing for a partial release as it otherwise deems appropriate.

(d) If the public entity approves the cost estimate, the public entity shall release all performance security except for security in an amount up to 200 percent of the cost estimate of the remaining work. The process allowing for a partial release of performance security shall occur when the cost estimate of the remaining work does not exceed 20 percent of the total original performance security unless the public entity allows for a release at an earlier time. Substitute bonds or other security may be used as a replacement for the performance security, subject to the approval of the public entity. If substitute bonds or other security is used as a replacement for the performance security released, the release shall not be effective unless and until the public entity receives and approves that form of replacement security. A reduction in the performance security, authorized under this section, is not, and shall not be deemed to be, an acceptance by the public entity of the completed improvements, and the risk of loss or damage to the improvements and the obligation

to maintain the improvements shall remain the sole responsibility of the subdivider until all required public improvements have been accepted by the public entity and all other required improvements have been fully completed in accordance with the plans and specifications for the improvements.

(e) The subdivider shall complete the works of improvement until all remaining items are accepted by the public entity.

(f) Upon the completion of the improvements, the subdivider, or his or her assigns, shall be notified in writing by the public entity within 45 days.

(g) Within 45 days of the issuance of the notification by the public entity, the release of any remaining performance security shall be placed upon the agenda of the legislative body of the public entity for approval of the release of any remaining performance security. If the public entity delegates authority for the release of performance security to a public official or other employee, any remaining performance security shall be released within 60 days of the issuance of the written statement of completion.

(h) Security securing the payment to the contractor, his or her subcontractors and to persons furnishing labor, materials or equipment shall, after passage of the time within which claims of lien are required to be recorded pursuant to Article 3 (commencing with Section 3114) of Chapter 2 of Title 15 of Part 4 of Division 3 of the Civil Code and after acceptance of the work, be reduced to an amount equal to the total claimed by all claimants for whom claims of lien have been recorded and notice thereof given in writing to the legislative body, and if no claims have been recorded, the security shall be released in full.

(i) The release shall not apply to any required guarantee and warranty period required by Section 66499.9 for the guarantee or warranty nor to the amount of the security deemed necessary by the local agency for the guarantee and warranty period nor to costs and reasonable expenses and fees, including reasonable attorneys' fees.

(j) The legislative body may authorize any of its public officers or employees to authorize release or reduction of the security in accordance with the conditions hereinabove set forth and in accordance with any rules that it may prescribe.

(k) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7

(commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 412

An act to amend Sections 12100, 12106, 12108, 12110, 12111, 12112, 12114, 12115, 12116, 12119, and 12121 of, and to add Sections 12115.5 and 12116.5 to, the Insurance Code, relating to financial guaranty insurance.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 12100 of the Insurance Code is amended to read:

12100. As used in this article:

(a) (1) "Financial guaranty insurance" means a surety bond, an insurance policy or, when issued by an insurer, an indemnity contract and any guaranty similar to the foregoing types, under which loss is payable upon proof of occurrence of financial loss to an insured claimant, obligee, or indemnitee as a result of any of the following events:

(A) Failure of any obligor on or issuer of any debt instrument or other monetary obligation (including equity securities guarantied under a surety bond, insurance policy, or indemnity contract) to pay, when due to be paid by the obligor or scheduled at the time insured to be received by the holder of the obligation, principal, interest, premium, dividend, purchase price of or on the instrument or obligation, or other monetary payment when the failure is the result of financial default or insolvency, or, provided that the payment source is investment grade, any other failure of that payment source to make payment, regardless of whether the obligation is incurred directly or as guarantor by or on behalf of another obligor that has also defaulted.

(B) Changes in the levels of interest rates, whether short or long term, or the differential in interest rates between various markets or products.

(C) Changes in the rate of exchange of currency.

(D) Changes in the value of financial or commodity indices, or price levels in general.

(E) Other events that the commissioner determines by order, regulation, or written consent are substantially similar to any of the foregoing.

(2) Notwithstanding paragraph (1), "financial guaranty insurance" shall not include any of the following:

(A) Insurance of any loss resulting from any event described in paragraph (1), if the loss is payable only upon the occurrence of any of the following, as specified in a surety bond, insurance policy, or indemnity contract:

(i) A fortuitous physical event.

(ii) A failure of or deficiency in the operation of equipment.

(iii) An inability to extract or recover a natural resource.

(B) Title insurance authorized by Section 104 and as permitted to be written by title insurers pursuant to Chapter 1 (commencing with Section 12340) of Part 6 of this division.

(C) Surety insurance as authorized by Section 105.

(D) Credit unemployment insurance, meaning insurance on a debtor in connection with a specific loan or other credit transaction, to provide payments to a creditor in the event of unemployment of the debtor for the installments or other periodic payments becoming due while a debtor is unemployed.

commissioner shall not disapprove the country if it is demonstrated that there is no undue risk associated with insuring the timely payment of the instruments or obligations. In making such a determination, the commissioner shall take into consideration the corporation's outstanding liabilities on noninvestment grade instruments and obligations in relation to its outstanding liabilities on all instruments and obligations and in relation to the amount of surplus to policyholders.

(B) Reserves required pursuant to Sections 12108, 12109, and 12110 in regard to the obligations are established and adjusted quarterly based upon the then current foreign exchange rates.

(C) The obligations do not exceed 25 percent of an insurer's aggregate net liability.

(D) The aggregate and single risk limitations prescribed by Section 12106 and 12115 are determined by applying the then current foreign exchange rates.

SEC. 7. Section 12114 of the Insurance Code is amended to read:

12114. (a) An insurer may insure obligations enumerated in subparagraphs (A), (B), and (C) of paragraph (1) of subdivision (b) of Section 12112 that are not investment grade so long as at least 95 percent of the insurer's total net liability on the kinds of obligations enumerated in those subparagraphs is investment grade.

(b) The financial guaranty insurance corporation shall at all times maintain capital, surplus, and contingency reserve in the aggregate no less than the sum of the following:

(1) 0.3333 percent of the total net liability under guaranties of municipal bonds and utility first mortgage obligations.

(2) 0.6666 percent of the total net liability under guaranties of investment grade asset-backed securities.

(3) 1.0 percent of the total net liability under guaranties, secured by collateral or having a term of seven years or less of:

(A) Investment grade industrial development bonds, and

(B) Other investment grade obligations.

(4) 1.5 percent of the total net liability under guaranties of other investment grade obligations.

(5) 2.0 percent of the total net liability under guaranties of:

(A) Noninvestment grade consumer debt obligations, and

(B) Noninvestment grade asset-backed securities.

(6) 3.0 percent of the total net liability under guaranties of noninvestment grade obligations secured by first mortgages on commercial real estate and having loan-to-value ratios of 80 percent or less.

(7) 5.0 percent of the total net liability under guaranties of other noninvestment grade obligations.

(8) If the amount of collateral required by paragraph (3) of subdivision (b) is no longer maintained, that proportion of the obligation insured which is not so collateralized shall be subject to the aggregate limits specified in paragraph (4) of subdivision (b).

(9) Additional surplus determined by the commissioner to be adequate to support the writing of surety insurance and credit insurance if the financial guaranty insurance corporation has been authorized to transact surety insurance and credit insurance as authorized by Section 12102.

(c) Whenever the reserves for outstanding credit insurance losses or loss expenses or any insurer licensed in this state to transact financial guaranty insurance are determined by the commissioner to be inadequate, he or she shall require the insurer to maintain additional reserves.

SEC. 8. Section 12115 of the Insurance Code is amended to read:

12115. A financial guaranty insurance corporation admitted to transact financial guaranty insurance in this state shall limit its exposure to loss, net of collateral and reinsurance, as follows:

(a) For municipal obligation bonds and special revenue bonds:

(1) The insured average annual debt service with respect to any one entity and backed by a single revenue source may not exceed 10 percent of the aggregate of the financial guaranty insurance corporation's capital, surplus, and contingency reserve.

(2) The insured unpaid principal issued by a single entity and backed by a single revenue source may not exceed 75 percent of the aggregate of the financial guaranty insurance corporation's capital, surplus, and contingency reserve.

(b) For each issue of asset-backed securities issued by a single entity, and for each pool of consumer debt obligations, the lesser of:

(1) Insured average annual debt service; or

(2) Insured unpaid principal (reduced by the extent to which the unpaid principal of the supporting assets and, provided the insured risk is investment grade, excess spread, exceed the insured unpaid principal) divided by nine; shall not exceed 10 percent of the aggregate of the financial guaranty insurance corporation's capital, surplus, and contingency reserve, provided that no asset in the pool supporting the asset-backed securities exceeds the single risk limits prescribed in subdivision (e) of Section 12115 if directly guarantied; and provided further that, if the issuer of such insured asset-backed securities is a special purpose corporation, trust or other entity and that issuer shall have indebtedness outstanding with respect to any other pool of assets, either such other indebtedness shall be entitled to the benefits of a financial guaranty policy of the same financial guaranty insurance corporation, or such other indebtedness shall (A) be fully subordinated to the insured obligation, with respect to, or be nonrecourse with respect

to, the pool of assets that supports the insured obligation, (B) be nonrecourse to the issuer other than with respect to the asset pool securing such other indebtedness and proceeds in excess of the proceeds necessary to pay the insured obligation ("excess proceeds") and (C) not constitute a claim against the issuer to the extent that the asset pool securing such other indebtedness or excess proceeds are insufficient to pay such other indebtedness.

(c) For obligations issued by a single entity and secured by commercial real estate, and not meeting the definition of asset-backed securities, the insured unpaid principal less 50 percent of the appraised value of the underlying real estate shall not exceed 10 percent of the aggregate of the financial guaranty insurance corporation's capital, surplus, and contingency reserve.

(d) For utility first mortgage obligations, the insured average annual debt service shall not exceed 10 percent of the aggregate of the financial guaranty insurance corporation's capital, surplus, and contingency reserve.

(e) For all other financial guaranties, the insured unpaid principal for any one entity and backed by a single revenue source may not exceed 10 percent of the aggregate of the financial guaranty insurance corporation's capital, surplus, and contingency reserve.

SEC. 9. Section 12115.5 is added to the Insurance Code, to read:

12115.5. (a) If an admitted financial guaranty insurance corporation fails to maintain a rating in any of the top three generic rating classifications by any securities rating agency acceptable to the commissioner, it shall immediately send written notification of this failure to both the commissioner and the insurance regulatory authority in its state of domicile.

(b) (1) If an admitted financial guaranty insurance corporation fails to maintain a rating at least equal to the highest notch in the fourth generic rating classification by any securities rating agency acceptable to the commissioner, the insurer shall prepare and file with the commissioner a two-year business plan, in reasonable detail, together with other information that the commissioner requires. The plan shall be filed within 45 days of the date when the insurer fails to maintain that rating.

(2) In response to that failure, the commissioner may conduct any examination or analysis of the insurer's assets, liabilities, and operations, including its pricing, that he or she deems necessary.

(3) After reviewing the business plan and conducting any examination or analysis, the commissioner may issue a corrective order specifying the corrective measures that he or she determines to be required, and the insurer shall implement those measures. In determining corrective measures, the commissioner may take into account the factors that he

or she deems relevant with respect to the insurer, including the results of the examination or analysis.

(c) If an admitted financial guaranty insurance corporation fails to maintain an investment grade rating by any securities rating agency acceptable to the commissioner, it shall not do either of the following without the commissioner's specific prior written approval:

(1) If domiciled in this state, accept additional risks or issue new policies anywhere.

(2) If domiciled in another state, accept additional risks in this state or issue new policies insuring risks in this state.

SEC. 10. Section 12116 of the Insurance Code is amended to read:

12116. (a) If an admitted financial guaranty insurance corporation at any time exceeds any limitation prescribed by subdivision (a) or (b) of Section 12114 or Section 12115, the corporation shall immediately notify the commissioner in writing. Upon receipt of the written notification, or independent of its receipt, the commissioner may issue an order to show cause why the financial guaranty insurance corporation should not cease transacting financial guaranty insurance business. If the commissioner issues such an order, the commissioner shall serve notice of hearing with the order to the financial guaranty insurance corporation stating the time and place therefor, and the conduct, condition or grounds upon which the commissioner has made the order. The hearing shall occur not less than 20 nor more than 30 days after notice is served. At the hearing, the burden to show cause why the financial guaranty insurance corporation should not cease transacting new financial guaranty insurance shall be borne solely by the financial guaranty insurance corporation.

(b) If the commissioner does not issue an order pursuant to subdivision (a) upon receiving written notice, the financial guaranty insurance corporation shall, within 30 days after the limitations are breached, submit a written plan to the commissioner detailing the steps that it will take or has taken to reduce its exposure to loss to no more than the amounts permitted by subdivisions (a) and (b) of Section 12114 and Section 12115. If, after review of the written plan, the commissioner determines that the corporation has not presented reasonable steps to reduce its exposure to loss to not more than the permitted amounts, the commissioner may issue an order to show cause following the same procedures as prescribed in subdivision (a).

(c) If, after notice and hearing pursuant to subdivision (a) or (b), the commissioner determines that the financial guaranty insurance corporation has exceeded any limitation prescribed by subdivision (a) or (b) of Section 12114 or Section 12115, the commissioner may order

the corporation to cease transacting any new financial guaranty insurance business until its exposure to loss no longer exceeds these limitations.

(d) The provisions of this section and Section 12115.5 shall in no way limit the stop order power of the commissioner under any other section.

SEC. 11. Section 12116.5 is added to the Insurance Code, to read:

12116.5. (a) The commissioner may, for good cause, implement by regulation, order, or written consent, reasonable conditions or limitations under which any or all admitted financial guaranty insurance corporations may insure the type of business described in paragraph (2) of subdivision (c) of Section 12100 or subdivision (a) of Section 12119, reduce reserves in respect of collateral described in paragraph (2) or (5) of subdivision (e) of Section 12100, or engage in the transactions described in subdivision (b) of Section 12106, when, in the judgment of the commissioner, those conditions or limitations are necessary and appropriate to safeguard insurer solvency.

(b) Whenever the reserves for outstanding liabilities for obligations insured under subdivision (c) of Section 12100 are determined by the commissioner to be inadequate, he or she shall require the insurer to maintain additional reserves.

(c) The commissioner may disallow, for purposes of any financial statements or reports required or permitted to be filed under this code, the recognition of collateral authorized by paragraph (2) or (5) of subdivision (e) of Section 12100 if the commissioner finds after inquiry and review that the collateral fails to legally secure the obligations to which it relates, the collateral is inaccurately valued, the value of the collateral is insufficient in relation to the obligations secured, or the legality or value of the collateral cannot readily be ascertained based on information provided.

(d) The commissioner may require restatement or other relevant revision of any admitted financial guaranty insurer's annual or other financial statement or report required or permitted to be filed under this code if the commissioner finds after inquiry and review that any transaction entered into under subdivision (b) of Section 12106 has the effect of distorting, misrepresenting, or otherwise rendering inaccurate, misleading, or incomplete the financial condition of the insurer in any material respect.

(e) No credit default swap authorized or permitted to be insured, acquired, or otherwise used for any purpose by any admitted financial guaranty insurance corporation under any provision of this code shall be used in any manner for more than one purpose, or under more than one statutory authorization, unless authorized by this code.

SEC. 12. Section 12119 of the Insurance Code is amended to read:

12119. Policy forms and any amendments thereto shall be filed with the commissioner within 30 days after their use in this state by the financial guaranty insurance corporation.

(a) (1) Every policy shall provide that, in the event of a payment default or insolvency of the obligor, there shall be no acceleration of the payments required to be made under the policy with respect to guarantied obligations except at the option of the financial guaranty insurance corporation.

(2) Notwithstanding paragraph (1), the following provisions apply:

(A) A policy may insure amounts payable under a credit default swap or interest rate, currency, or other swap upon a credit event or termination event if the expected amount payable on an accelerated basis in respect of any individual obligation referenced by a credit default swap or in the aggregate under an interest rate, currency, or other swap does not exceed the single risk limits prescribed in subdivision (e) of Section 12115.

(B) A policy insuring a credit default swap referencing an obligation shall be treated as if the insurer had directly insured the referenced obligation for all other purposes of this article, including, without limitation, contingency reserve requirements, except that the currency of amounts owed under the credit default swap, rather than the currency of the obligations referenced by the credit default swap, shall apply for purposes of determining whether the obligation is a permissible guaranty under subdivision (b) of Section 12112.

(b) Every policy shall contain a statement that in the event the insurer were to become insolvent, any claims arising under a policy of financial guaranty insurance are excluded from coverage by the California Insurance Guaranty Association, established pursuant to Article 15.2 (commencing with Section 1063) of Chapter 1 of Part 2 of Division 1.

(c) The commissioner may prescribe additional minimum policy provisions determined by the commissioner to be necessary or appropriate to protect policyholders, claimants, obligees, or indemnitees.

SEC. 13. Section 12121 of the Insurance Code is amended to read:

12121. (a) For financial guaranty insurance that takes effect on or after January 1, 1991, an insurer authorized to transact financial guaranty insurance shall receive credit for reinsurance as an asset or as a reduction from liabilities only if the reinsurance is placed with a reinsurer as provided in subdivision (b), and if the reinsurance agreement may be terminated or amended only if one or more of the following applies:

(1) At the option of the reinsurer or the ceding insurer if the reinsurance agreement provides that the liability of the reinsurer with respect to policies in effect at the date of termination shall continue until the expiration or cancellation of each such policy.

(2) With the consent of the ceding company, if the reinsurance agreement provides for a cutoff of the reinsurance in force as of the date of termination.

(3) At the discretion of the commissioner acting as rehabilitator, liquidator, or receiver of the ceding or assuming insurer.

(b) Reinsurance may be placed with one of the following:

(1) Another financial guaranty insurance corporation admitted pursuant to this article to transact financial guaranty insurance which may be under common control with the ceding financial guaranty insurer or financial guaranty corporation, but which does not own, and is not owned by, in whole or in part, directly or indirectly, the ceding financial guaranty insurer or financial guaranty insurance corporation.

(2) Another financial guaranty insurance corporation admitted pursuant to this article which does own, or is owned by, in whole or in part, directly or indirectly, the ceding financial guaranty insurer or financial guaranty insurance corporation provided that (A) the value of the ownership interest in either case does not exceed the greater of (i) 35 percent of its combined capital and surplus or (ii) 50 percent of the excess of its surplus over its liabilities and capital, and (B) the financial guaranty insurance corporation providing the reinsurance is rated at the time of cession and thereafter in one of the two top generic rating classifications by a securities rating agency acceptable to the commissioner.

(3) An insurer admitted to transact surety insurance but not financial guaranty insurance pursuant to this article, if the insurer meets all of the following criteria:

(A) Has and maintains combined capital and surplus of at least fifty million dollars ($50,000,000).

(B) Establishes and maintains the reserves required in Sections 12108, 12109, and 12110, except that if the reinsurance agreement is not pro rata the contribution to the contingency reserve shall be equal to 50 percent of the quarterly earned insurance premium.

(C) Complies with the provisions of subdivision (b) of Section 12114, except that its maximum aggregate assumed total net liability shall be one-half that permitted for a financial guaranty insurance corporation. For the purpose of determining compliance with this clause, the assuming reinsurer, unless at the time of cession and thereafter it is rated in one of the two top generic rating classifications by a securities rating agency acceptable to the commissioner, shall be limited to using 10 percent of its capital and surplus in making this calculation.

(D) Complies with the provisions of Section 12115.

(E) If the insurer is an affiliate, parent, or subsidiary of the financial guaranty insurance corporation, the affiliate, parent, or subsidiary shall

not assume a percentage of the corporation's total liability in excess of its percentage of equity interest in the corporation.

(F) Assumes from the financial guaranty insurance corporation and any affiliate, parent, or subsidiary that is a financial guaranty insurance corporation or an insurer writing only financial guaranty insurance as is or would be permitted by this article, and any other kinds of insurance that a financial guaranty insurance corporation may write in this state, together with all other reinsurers subject to this paragraph, less than 50 percent of the total exposures insured by the financial guaranty insurance corporation and such affiliates, parent, or subsidiaries after deducting any reinsurance placed with another financial guaranty insurance corporation that is not an affiliate, parent, or subsidiary or an insurer writing only financial guaranty insurance as is or would be permitted by this article that is not an affiliate, parent, or subsidiary.

(4) A nonadmitted insurer transacting only financial guaranty insurance as is or would be permitted by this article and that otherwise complies with the provisions of subparagraphs (A), (E), and (F) of paragraph (3), and otherwise complies with paragraph (1) or (2), and in compliance with the requirements of subdivision (b) of Section 922.4 or subdivision (a) of Section 922.5, as applicable.

(5) A nonadmitted insurer not transacting only financial guaranty insurance as is or would be permitted by this article and that complies with the provisions of subparagraphs (A), (C), (E), and (F) of paragraph (3) in an amount not exceeding the liabilities carried by the ceding financial guaranty insurance corporation and in compliance with the requirements of subdivision (b) or (c) of Section 922.4 or subdivision (a) or (c) of Section 922.5, as applicable.

(c) In determining whether the financial guaranty insurance corporation meets the limitations imposed by Section 12115, in addition to credit for other types of qualifying reinsurance, the financial guaranty insurance corporation's aggregate risk may be reduced to the extent of the limit for aggregate reinsurance but, in no event, in an amount greater than the amount of the aggregate risk that will become due during the unexpired term of the reinsurance agreement in excess of the financial guaranty insurance corporation's retention pursuant to the reinsurance agreement.

CHAPTER 413

An act to amend Section 8169.6 of the Government Code, relating to state building construction.

[Approved by Governor September 29, 2005. Filed with
Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to enact legislation to identify innovative methods of financing the various components of the West End Project within the Capitol Area Plan, as described in Section 8169.6 of the Government Code.

SEC. 2. Section 8169.6 of the Government Code is amended to read:

8169.6. (a) (1) In furtherance of the Capitol Area Plan, the objectives of Resolution Chapter 131 of the Statutes of 1991, and the legislative findings and declarations contained in Chapter 193 of the Statutes of 1996, relative to the findings by the Urban Land Institute, the director may purchase, exchange, or otherwise acquire real property and construct facilities, including any improvements, betterments, and related facilities, within the jurisdiction of the Capitol Area Plan in the City of Sacramento pursuant to this section. The total authorized scope of the project shall consist of approximately 1,400,000 gross square feet of office space on state-owned land in the Capitol area in downtown Sacramento on Block 204 (bounded by 7th, 8th, O, and P Streets) or Block 203 (bounded by 7th, 8th, N, and O Streets), or both of those blocks. The project shall include associated parking onsite and in a parking garage to be constructed on Block 266 (bounded by 8th, 9th, Q, and R Streets). The project cost shall include the cost of rehabilitation of the Heilbron House currently located on Block 204, and the project cost may include the cost of relocation of the Heilbron House.

(2) The project may include residential development and additional commercial space, subject to all of the following conditions:

(A) The inclusion of the residential development and additional commercial space shall not reduce the scope of the approximately 1,400,000 gross square feet of office space described in paragraph (1).

(B) The inclusion of the residential development and additional commercial space shall not expand the state's cost beyond that authorized in paragraph (3) of subdivision (b).

(C) Any cost associated with the residential space shall not be funded by any lease-revenue bonds authorized for the project.

(D) Notwithstanding subdivision (b) of Section 8169, the department may sell, lease, or otherwise transfer a portion of the parcel not used to develop the approximately 1,400,000 gross square feet of office space described in paragraph (1) to the Capitol Area Development Authority created by the joint powers agreement executed pursuant to Section

8169.4, a private developer, or both, for the residential or additional commercial development.

(E) The residential and additional commercial development may be funded and constructed by the Capitol Area Development Authority, a private developer, or both.

(F) In order to address security concerns, no part of the residential development may be included in the same structure as the approximately 1,400,000 gross square feet of office space described in paragraph (1). This restriction applies to residential living quarters, residential parking, and any utilities necessary for the residential development.

(b) (1) The department may contract for the lease, lease-purchase, lease with an option to purchase, acquisition, design, design-build, construction, deconstruction, construction management, and other services related to the design and construction of the office and parking facilities. If the director selects design-build as the method of delivery, the department shall use the method of design-build authorized by clause (i) of subparagraph (A) of paragraph (3) of subdivision (d) of Section 14661. The State Public Works Board may issue revenue bonds, negotiable notes, or negotiable bond anticipation notes pursuant to the State Building Construction Act of 1955 (Part 10b (commencing with Section 15800) of Division 3) to finance all costs associated with the acquisition, design, and construction of office and parking facilities for the purposes of this section. The State Public Works Board and the department may borrow funds for project costs from the Pooled Money Investment Account pursuant to Sections 16312 and 16313. In the event the bonds authorized by the project are not sold, the Department of General Services shall commit a sufficient amount of its support budget to repay any outstanding loans. It is the intent of the Legislature that this commitment shall be included in future Budget Acts until all outstanding loans are repaid either through the proceeds from the sale of bonds or from an appropriation.

(2) The amount of revenue bonds, negotiable notes, or negotiable bond anticipation notes to be sold may equal, but shall not exceed, the cost of land, planning, preliminary plans, working drawings or concept drawings, performance criteria, construction, deconstruction, furnishings, equipment, construction management and supervision, other costs relating to the design and construction of the facilities, exercising any purchase option, and any additional sums necessary to pay interim and permanent financing costs. The additional amount may include interest and the establishment of a reasonable construction reserve fund to ensure that the funds are available in the event future augmentations are needed to complete the facilities authorized by this section. If the construction

reserve funds are not needed to complete construction, they shall be used to repay the future debt payments.

(3) Authorized costs of the facilities for planning, concept drawings or preliminary plans, working drawings, demolition, construction, and other costs shall not exceed three hundred ninety-one million dollars ($391,000,000). Notwithstanding Section 13332.11, the State Public Works Board may authorize the augmentation of the amount authorized under this paragraph by up to 10 percent of the amount authorized.

(4) The net present value of the cost to acquire and operate the facilities authorized by subdivision (a) may not exceed the net present value of the cost to lease and operate an equivalent amount of comparable consolidated office space over the same time period. The department shall perform this analysis and shall obtain interest rates, discount rates, and Consumer Price Index figures from the Treasurer. For purposes of this analysis, the department shall compare the cost of acquiring and operating the proposed facilities with the amount saved from not having to pay the cost of leasing and operating an equivalent amount of comparable consolidated office space that would no longer need to be leased.

(5) The department is authorized and directed to execute and deliver any and all leases, contracts, agreements, or other documents necessary or advisable to consummate the sale of bonds or otherwise effectuate the financing of the project described in this section.

(6) The State Public Works Board shall not itself be deemed a lead or responsible agency for purposes of the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) for any activities under the State Building Construction Act of 1955 (Part 10b (commencing with Section 15800) of Division 3). This paragraph does not exempt the department from the requirements of the California Environmental Quality Act. This paragraph is declarative of existing law.

CHAPTER 414

An employer may not employ an employee for a work period of more than 10 hours per day without providing the employee with a second meal period of not less than 30 minutes, except that if the total hours worked is no more than 12 hours, the second meal period may be waived by mutual consent of the employer and the employee only if the first meal period was not waived.

(b) Notwithstanding subdivision (a), the Industrial Welfare Commission may adopt a working condition order permitting a meal period to commence after six hours of work if the commission determines that the order is consistent with the health and welfare of the affected employees.

(c) Subdivision (a) does not apply to an employee in the wholesale baking industry who is subject to an Industrial Welfare Commission wage order and who is covered by a valid collective bargaining agreement that provides for a 35-hour workweek consisting of five seven-hour days, payment of 1 and ½ the regular rate of pay for time worked in excess of seven hours per day, and a rest period of not less than 10 minutes every two hours.

(d) If an employee in the motion picture industry or the broadcasting industry, as those industries are defined in Industrial Welfare Commission Wage Orders 11 and 12, is covered by a valid collective bargaining agreement that provides for meal periods and includes a monetary remedy if the employee does not receive a meal period required by the agreement, then the terms, conditions, and remedies of the agreement pertaining to meal periods apply in lieu of the applicable provisions pertaining to meal periods of subdivision (a) of this section, Section 226.7, and Industrial Welfare Commission Wage Orders 11 and 12.

If an insurer does not offer a policy for sale that fits the criteria set forth in the sample premium portion of the policy comparison section of the rate guide, the department shall include in that section of the form for that policy a statement explaining that a policy fitting that criteria is not offered by the insurer and that the consumer may seek, from an agent, sample premium information for the insurer's policy that most closely resembles the policy in the sample.

The department shall use the format set forth in this section for the policy comparison portion of the rate guide, unless the working group convened pursuant to subdivision (a) designs an alternative format and agrees that it should be used instead.

In compiling the policy comparison portion of the rate guide, the department shall separate the group policies from the individual policies available for sale so that group policies for all insurers appear together in the guide and individual policies for all insurers appear together in the guide.

The policy comparison portion of the rate guide shall contain a cross-reference for each policy form listed indicating the page in the rate guide where rate information on the policy form can be found.

(c) The department shall publish, on the department's Internet Web site, a premium history of each insurer that writes long-term care policies for all the types of long-term care insurance and coverages issued by the insurer in each state. Each insurer shall provide to the department all of the information listed in paragraph (1) of subdivision (b) for each long-term care policy, including all policies, whether issued by the insurer or purchased or acquired from another insurer, issued in the United States for the current year and for nine preceding years.

(d) Insurers shall provide the information required pursuant to subdivisions (b) and (c) no later than July 31 of each year, commencing in 2000.

(e) The consumer rate guide shall be published no later than December 1st of each year commencing in 2000, and shall be distributed using all of the following methods:

(1) Through Health Insurance Counseling and Advocacy Program (HICAP) offices.

(2) By telephone using the department's consumer toll-free telephone number.

(3) On the department's Internet Web site.

(4) A notice in the Long-Term Care Insurance Personal Worksheet required by Section 10234.95.

(f) Notwithstanding any other provision of law, the data submitted by insurers to the department pursuant to this section are public records, and shall be open to inspection by members of the public pursuant to

the procedures of the California Public Records Act. However, a trade secret, as defined in subdivision (d) of Section 3426.1 of the Civil Code, is not subject to this subdivision.

SEC. 6. Section 11691 of the Insurance Code is amended to read:

11691. (a) In order to provide protection to the workers of this state in the event that the insurers issuing workers' compensation insurance to employers fail to pay compensable workers' compensation claims, when due, except in the case of the State Compensation Insurance Fund, every insurer desiring admission to transact workers' compensation insurance, or workers' compensation reinsurance business, or desiring to reinsure the injury, disablement, or death portions of policies of workers' compensation insurance under the class of disability insurance shall, as a prerequisite to admission, or ability to reinsure the injury, disablement, or death portion of policies of workers' compensation insurance under the class of disability insurance, deposit cash instruments or approved interest-bearing securities or approved stocks readily convertible into cash, investment certificates, or share accounts issued by a savings and loan association doing business in this state and insured by the Federal Deposit Insurance Corporation, certificates of deposit or savings deposits in a bank licensed to do business in this state, or approved letters of credit that perform in material respects as any other security allowable as a form of deposit for purposes of a workers' compensation deposit and that meet the standard set forth in Section 922.5, or approved securities registered with a qualified depository located in a reciprocal state as defined in Section 1104.9, with that deposit to be in an amount and subject to any exceptions as set forth in this article. The deposit shall be made from time to time as demanded by the commissioner and may be made with the Treasurer, or a bank or savings and loan association authorized to engage in the trust business pursuant to Division 1 (commencing with Section 99) or Division 2 (commencing with Section 5000) of the Financial Code, or a trust company. A deposit of securities registered with a qualified depository located in a reciprocal state as defined in Section 1104.9 may only be made in a bank or savings and loan association authorized to engage in the trust business pursuant to Division 1 (commencing with Section 99) or Division 2 (commencing with Section 5000) of the Financial Code, or a trust company, licensed to do business and located in this state that is a qualified custodian as defined in paragraph (1) of subdivision (a) of Section 1104.9 and that maintains deposits of at least seven hundred fifty million dollars ($750,000,000). The deposit shall be made subject to the approval of the commissioner under those rules and regulations that he or she shall promulgate. The deposit shall be maintained at a deposit value specified by the commissioner, but in any event no less than one hundred thousand

dollars ($100,000), nor less than the reserves required of the insurer to be maintained under any of the provisions of Article 1 (commencing with Section 11550) of Chapter 1 of Part 3 of Division 2, relating to loss reserves on workers' compensation business of the insurer in this state, nor less than the sum of the amounts specified in subdivision (a) of Section 11693, whichever is greater. The deposit shall be for the purpose of paying compensable workers' compensation claims under policies issued by the insurer or reinsured by the admitted reinsurer and expenses as provided in Section 11698.02, in the event the insurer or reinsurer fails to pay those claims when they come due.

(b) Each insurer or reinsurer desiring to have the ability to reinsure the injury, disablement, or death portions of policies of workers' compensation under the class of disability insurance shall provide prior notice to the commissioner, in the manner and form prescribed by the commissioner of its intent to reinsure that insurance. In the event of late notice, a late filing fee shall be imposed on the reinsurer pursuant to Section 924 for failure to notify the commissioner of its intent to reinsure workers' compensation insurance.

(c) If the deposit required by this section is not made with the Treasurer, then the depositor shall execute a trust agreement in a form approved by the commissioner between the insurer, the institution in which the deposit is made or, where applicable, the qualified custodian of the deposit, and the commissioner, that grants to the commissioner the authority to withdraw the deposit as set forth in Sections 11691.2, 11696, 11698, and 11698.3. The insurer shall also execute and deliver in duplicate to the commissioner a power of attorney in favor of the commissioner for the purposes specified herein, supported by a resolution of the depositor's board of directors. The power of attorney and director's resolution shall be on forms approved by the commissioner, shall provide that the power of attorney cannot be revoked or withdrawn without the consent of the commissioner, and shall be acknowledged as required by law.

(d) (1) The commissioner shall require payment in advance of fees for the initial filing of a trust agreement with a bank, savings and loan association, or trust company on deposits made pursuant to subdivision (a); for each amendment, supplement, or other change to the deposit agreement; for receiving and processing deposit schedules pursuant to this section; and for each withdrawal, substitution, or any other change in the deposit. The fees shall be set forth in the department's Schedule of Fees and Charges.

(2) The commissioner shall require payment in advance of a fee for the initial filing of each letter of credit utilized pursuant to subdivision (a). In addition, the commissioner shall require payment in advance of

a fee for each amendment of a letter of credit. The fees shall be set forth in the department's Schedule of Fees and Charges.

(e) Any workers' compensation insurer that deposits cash or cash equivalents pursuant to this section shall be entitled to a prompt refund of those deposits in excess of the amount determined by the commissioner pursuant to subdivision (a). The commissioner shall cause to be refunded any deposits determined by the commissioner to be in excess of the amount required by subdivision (a) within 30 days of that determination. In the alternative, an insurer may use any excess deposit funds to offset a demand by the commissioner to increase its deposit due to the failure of a reinsurer to make a deposit pursuant to this section.

(f) (1) As of January 1, 2003, an admitted insurer reinsuring business covered in this article (hereafter referred to as reinsurer) shall identify to the commissioner, in a form prescribed by the commissioner, amounts deposited for credit in the name of each ceding insurer.

(2) Beginning January 1, 2005, all reinsurance agreements covering claims and obligations under business covered by this article, and allowable for purposes of granting a ceding carrier a deposit credit, shall include a provision granting the commissioner, in the event of a delinquency proceeding, receivership, or insolvency of a ceding insurer, any sums from a reinsurer's deposit that are necessary for the commissioner to pay those reinsured claims and obligations, or to ensure their payment by the California Insurance Guarantee Association, deemed by the commissioner due under the reinsurance agreement, upon failure of the reinsurer for any reason to make payments under the policy of reinsurance. The commissioner shall give 30 days' notice prior to drawing upon these funds of an intent to do so. Notwithstanding the commissioner's right to draw on these funds, the reinsurer shall otherwise retain its right to determine the validity of those claims and obligations and to contest their payment under the reinsurance agreement. Prior to a reinsurer's deposit being drawn upon, in whole or in part, by the department, the department shall provide a reinsurer with an explanation of procedures that a reinsurer may use to explain to the department why the use of the reinsurer's deposit may not be appropriate under the reinsurance agreement.

(3) No reinsurer entering into a contract identified in paragraph (2), beginning on or after January 1, 2005, may cede claims or obligations assumed from a ceding insurer unless the deposit securing the ceded claims or obligations is governed by paragraph (2) or, upon approval of the commissioner, would secure the ceded claims or obligations in all material respects and in the same manner as a deposit identified in paragraph (2) above.

(4) All sums received from the reinsurer by the commissioner for those claims paid by the California Insurance Guarantee Association shall be held separate and apart from and not included in the general assets of the insolvent insurer, and shall be transferred to the California Insurance Guarantee Association upon receipt by the commissioner. In the event of a final judgment or settlement adverse to the drawing of funds by the commissioner pursuant to paragraph (2) or (3), the California Insurance Guarantee Association shall repay funds it obtained to pay covered claims and shall, if necessary, either levy a surcharge as needed or seek legislative approval to levy the surcharge if the California Insurance Guarantee Association is already levying the maximum surcharge permissible under law.

(g) If a reinsurer has not maintained deposits as required by subdivision (a) in amounts equal to the amounts of deposit credits claimed by its ceding insurers, the commissioner, after notifying the reinsurer and its ceding insurers of the deposit shortfall and allowing 15 days from the date of the notice for the deposit shortfall to be corrected, may disallow all or a portion of the reserve credits claimed by the ceding insurers. A ceding insurer disallowed a reserve credit pursuant to this provision shall immediately make the deposit required by this section.

(h) For interest-bearing securities that are debt securities and include principal payment features prior to maturity that are utilized pursuant to subdivision (a), all principal payments received must be retained as part of the deposit.

(i) Withdrawal of any amount of the deposit required under subdivision (a) that results in a reduction of the required amount of the deposit may only occur with the prior written consent of the commissioner.

SEC. 7. Section 11692 of the Insurance Code is amended to read:

11692. A certificate of authority to transact workers' compensation insurance in this state shall not be issued nor renewed to any insurer until the deposit required pursuant to Section 11691 is approved by the commissioner.

SEC. 8. Section 11692.5 of the Insurance Code is amended to read:

11692.5. On and after the effective date of this article, the commissioner shall collect a late filing fee from any admitted insurer or reinsurer that fails to deposit the securities when required by this code in the following amount:

(a) If the deposit shortfall is outstanding for less than 31 days, 0.5 percent of the deposit shortfall, but in no event not less than six hundred dollars ($600).

(b) If the deposit shortfall is outstanding for more than 30 days but less than 61 days, an additional late filing fee in the amount of 1 percent

of the deposit shortfall, but in no event not less than one thousand two hundred dollars ($1,200) shall be due.

(c) If the deposit shortfall is outstanding for 61 days or greater, an additional late filing fee of 1.5 percent of the deposit shortfall for every 30-day period thereafter, or fraction thereof, but in no event shall this portion of the late filing fee for each additional 30-day period or fraction thereof be less than three thousand dollars ($3,000). The late filing fees provided herein are in addition to all other rights and remedies granted the commissioner by this article.

SEC. 9. Section 11693 of the Insurance Code is amended to read:

11693. The deposit required pursuant to Section 11691 shall be adjusted on or prior to March 31 of each year in an amount as follows:

(a) Not less than the sum of the following amounts computed, less credits and deductions allowable with respect to reinsurance in admitted insurers, as provided under Section 11691, as of the close of the last preceding December 31 or as of any calendar quarter end as directed by the commissioner pursuant to Section 11694 in respect to workers' compensation insurance written subject to the workers' compensation laws of this state:

(1) The aggregate of the present values at 6 percent interest, or at the rate of the company's investment yield as determined by the NAIC Insurance Regulatory Information System Ratio Number 5 for Property and Casualty Companies, whichever is lower, of the determined and estimated future payments upon compensation claims not included in paragraph (2), including in those claims both benefits and loss expenses.

(2) The aggregate of the amounts computed as follows:

For each of the preceding three years, 65 percent of the earned compensation premiums for that year less all loss and loss expense payments made upon claims incurred in the corresponding year from that 65 percent; except that the amount for each year shall not be less than the present value at 6 percent interest of the determined and the estimated unpaid claims incurred in that year, including both benefits and loss expenses.

(b) Not less than one hundred thousand dollars ($100,000).

(c) If the aggregate amount computed under subdivision (a) exceeds fifty thousand dollars ($50,000), not more than double the aggregate amount.

(d) The commissioner may utilize securities valuation software programs or services to validate the value of securities held in workers' compensation deposits of insurers authorized to transact workers' compensation insurance in California as direct writers or reinsurers, or reinsurers of workers' compensation under the class of disability.

SEC. 10. Section 11694 of the Insurance Code is amended to read:

11694. After the first annual statement to the commissioner covering business of the insurer for a full year in this state, the deposit required pursuant to Section 11691 shall be computed from the figures shown in the last preceding report of business as of December 31, filed with the commissioner, and shall be reported to the commissioner on or before March 1 of each year in a form and manner prescribed by the commissioner. Notwithstanding anything to the contrary in this article, should the commissioner determine that there has been a material change in the insurer's ultimate liability for future payments upon compensable workers' compensation claims in this state, at the commissioner's discretion, the amount of the deposit shall then be fixed by the commissioner at the amount that he or she deems sufficient to secure the payment of the insurer's ultimate obligations on its workers' compensation insurance transacted in this state, and upon notification from the commissioner the insurer shall immediately, but in no event less than 30 days after notification, increase the deposit as directed.

SEC. 11. Section 11694.5 is added to the Insurance Code, to read:

11694.5. On or before March 1 and May 15 of each year, the insurers or reinsurers subject to Section 11694 shall file a report in the form and manner prescribed by the commissioner that valuates and details the deposit as of December 31 of the preceding year and March 31 of the current year. The commissioner may require additional reporting by any insurer or reinsurer when it is deemed necessary.

SEC. 12. Notwithstanding any other provision of law, information disclosed by insurers pursuant to the study conducted by the Insurance Commissioner required by Chapter 771 of the Statutes of 2004 shall be confidential and shall not be made public by the Department of Insurance, except that the commissioner may publish an analysis of the data in aggregate form or in a manner that does not disclose confidential information about identified insurers or insureds.

CHAPTER 416

An act to amend Section 62 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) It is the intent of the Legislature in enacting this act to guarantee equality for all Californians, regardless of gender or sexual orientation, and to further the state's interests in protecting Californians from the potentially severe economic and social consequences of abandonment, separation, the death of a partner, and other life crises.

(b) To this end, the Legislature has enacted various statutes in an attempt to move California closer to fulfilling the promises of inalienable rights, liberty, and equality contained in Sections 1 and 7 of Article I of the California Constitution.

(c) For example, in 2002, the Legislature enacted Chapter 447 of the Statutes of 2002, effective July 1, 2003, which granted registered domestic partners the same intestate succession rights with respect to separate property as spouses. A liberal reading of Chapter 447 was intended by the Legislature and this act builds upon that framework.

(d) Many lesbian, gay, and bisexual Californians continue to face economic discrimination, despite forming lasting, committed, and caring relationships with persons of the same sex according to the laws of this state. These couples build lives together, as do spouses, by purchasing property and creating and operating family businesses. Expanding the rights of registered domestic partners with respect to property ownership would further California's interests in promoting family relationships and protecting family members during life crises, and would reduce discrimination on the bases of sex and sexual orientation in a manner consistent with the California Constitution.

SEC. 2. Section 62 of the Revenue and Taxation Code is amended to read:

62. Change in ownership shall not include:

(a) (1) Any transfer between coowners that results in a change in the method of holding title to the real property transferred without changing the proportional interests of the coowners in that real property, such as a partition of a tenancy in common.

(2) Any transfer between an individual or individuals and a legal entity or between legal entities, such as a cotenancy to a partnership, a partnership to a corporation, or a trust to a cotenancy, that results solely in a change in the method of holding title to the real property and in which proportional ownership interests of the transferors and transferees, whether represented by stock, partnership interest, or otherwise, in each and every piece of real property transferred, remain the same after the transfer. The provisions of this paragraph shall not apply to transfers also excluded from change in ownership under the provisions of subdivision (b) of Section 64.

(b) Any transfer for the purpose of perfecting title to the property.

(c) (1) The creation, assignment, termination, or reconveyance of a security interest; or (2) the substitution of a trustee under a security instrument.

(d) Any transfer by the trustor, or by the trustor's spouse, or by both, into a trust for so long as (1) the transferor is the present beneficiary of the trust, or (2) the trust is revocable; or any transfer by a trustee of such a trust described in either clause (1) or (2) back to the trustor; or, any creation or termination of a trust in which the trustor retains the reversion and in which the interest of others does not exceed 12 years duration.

(e) Any transfer by an instrument whose terms reserve to the transferor an estate for years or an estate for life. However, the termination of such an estate for years or estate for life shall constitute a change in ownership, except as provided in subdivision (d) and in Section 63.

(f) The creation or transfer of a joint tenancy interest if the transferor, after the creation or transfer, is one of the joint tenants as provided in subdivision (b) of Section 65.

(g) Any transfer of a lessor's interest in taxable real property subject to a lease with a remaining term (including renewal options) of 35 years or more. For the purpose of this subdivision, for 1979-80 and each year thereafter, it shall be conclusively presumed that all homes eligible for the homeowners' exemption, other than manufactured homes located on rented or leased land and subject to taxation pursuant to Part 13 (commencing with Section 5800), that are on leased land have a renewal option of at least 35 years on the lease of that land, whether or not in fact that renewal option exists in any contract or agreement.

(h) Any purchase, redemption, or other transfer of the shares or units of participation of a group trust, pooled fund, common trust fund, or other collective investment fund established by a financial institution.

(i) Any transfer of stock or membership certificate in a housing cooperative that was financed under one mortgage, provided that mortgage was insured under Section 213, 221(d)(3), 221(d)(4), or 236 of the National Housing Act, as amended, or that housing cooperative was financed or assisted pursuant to Section 514, 515, or 516 of the Housing Act of 1949 or Section 202 of the Housing Act of 1959, or the housing cooperative was financed by a direct loan from the California Housing Finance Agency, and provided that the regulatory and occupancy agreements were approved by the governmental lender or insurer, and provided that the transfer is to the housing cooperative or to a person or family qualifying for purchase by reason of limited income. Any subsequent transfer from the housing cooperative to a person or family not eligible for state or federal assistance in reduction of monthly carrying charges or interest reduction assistance by reason of the income level of that person or family shall constitute a change of ownership.

(j) Any transfer during the period March 1, 1975, to March 1, 1981, between coowners in any property that was held by them as coowners for all or part of that period, and which was eligible for a homeowner's exemption during the period of the coownership, notwithstanding any other provision of this chapter. Any transferee whose interest was revalued in contravention of the provisions of this subdivision shall obtain a reversal of that revaluation with respect to the 1980-81 assessment year and thereafter, upon application to the county assessor of the county in which the property is located filed on or before March 26, 1982. No refunds shall be made under this subdivision for any assessment year prior to the 1980-81 fiscal year.

(k) Any transfer of property or an interest therein between a corporation sole, a religious corporation, a public benefit corporation, and a holding corporation as defined in Section 23701h holding title for the benefit of any of these corporations, or any combination thereof (including any transfer from one entity to the same type of entity), provided that both the transferee and transferor are regulated by laws, rules, regulations, or canons of the same religious denomination.

(*l*) Any transfer, that would otherwise be a transfer subject to reappraisal under this chapter, between or among the same parties for the purpose of correcting or reforming a deed to express the true intentions of the parties, provided that the original relationship between the grantor and grantee is not changed.

(m) Any intrafamily transfer of an eligible dwelling unit from a parent or parents or legal guardian or guardians to a minor child or children or between or among minor siblings as a result of a court order or judicial decree due to the death of the parent or parents. As used in this subdivision, "eligible dwelling unit" means the dwelling unit that was the principal place of residence of the minor child or children prior to the transfer and remains the principal place of residence of the minor child or children after the transfer.

(n) Any transfer of an eligible dwelling unit, whether by will, devise, or inheritance, from a parent or parents to a child or children, or from a guardian or guardians to a ward or wards, if the child, children, ward, or wards have been disabled, as provided in subdivision (e) of Section 12304 of the Welfare and Institutions Code, for at least five years preceding the transfer and if the child, children, ward, or wards have adjusted gross income that, when combined with the adjusted gross income of a spouse or spouses, parent or parents, and child or children, does not exceed twenty thousand dollars ($20,000) in the year in which the transfer occurs. As used in this subdivision, "child" or "ward" includes a minor or an adult. As used in this subdivision, "eligible dwelling unit" means the dwelling unit that was the principal place of

residence of the child or children, or ward or wards for at least five years preceding the transfer and remains the principal place of residence of the child or children, or ward or wards after the transfer. Any transferee whose property was reassessed in contravention of the provisions of this subdivision for the 1984-85 assessment year shall obtain a reversal of that reassessment upon application to the county assessor of the county in which the property is located. Application by the transferee shall be made to the assessor no later than 30 days after the later of either the transferee's receipt of notice of reassessment pursuant to Section 75.31 or the end of the 1984-85 fiscal year.

(o) Any transfer of a possessory interest in tax-exempt real property subject to a sublease with a remaining term, including renewal options, that exceeds half the length of the remaining term of the leasehold, including renewal options.

(p) Commencing with the lien date for the 2006-07 fiscal year, any transfer between registered domestic partners, as defined in Section 297 of the Family Code, including, but not limited to:

(1) Transfers to a trustee for the beneficial use of a registered domestic partner, or the surviving registered domestic partner of a deceased transferor, or by a trustee of such a trust to the registered domestic partner of the trustor.

(2) Transfers that take effect upon the death of a registered domestic partner.

(3) Transfers to a registered domestic partner or former registered domestic partner in connection with a property settlement agreement or decree of dissolution of a registered domestic partnership or legal separation.

(4) The creation, transfer, or termination, solely between registered domestic partners, of any coowner's interest.

(5) The distribution of a legal entity's property to a registered domestic partner or former registered domestic partner in exchange for the interest of the registered domestic partner in the legal entity in connection with a property settlement agreement or a decree of dissolution of a registered domestic partnership or legal separation.

SEC. 3. Notwithstanding Section 2229 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any property tax revenues lost by it pursuant to this act.

SEC. 4. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 417

An act to amend Sections 4314 and 4315 of, and to add Section 733 to, the Business and Professions Code, relating to healing arts.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature that health care professionals dispense prescription drugs and devices in a timely way or provide appropriate referrals for patients to obtain the necessary prescription drugs and devices, despite the health care professional's objection to dispensing the drugs or devices on ethical, moral, or religious grounds.

SEC. 2 Section 733 is added to the Business and Professions Code, to read:

733. (a) No licentiate shall obstruct a patient in obtaining a prescription drug or device that has been legally prescribed or ordered for that patient. A violation of this section constitutes unprofessional conduct by the licentiate and shall subject the licentiate to disciplinary or administrative action by his or her licensing agency.

(b) Notwithstanding any other provision of law, a licentiate shall dispense drugs and devices, as described in subdivision (a) of Section 4024, pursuant to a lawful order or prescription unless one of the following circumstances exists:

(1) Based solely on the licentiate's professional training and judgment, dispensing pursuant to the order or the prescription is contrary to law, or the licentiate determines that the prescribed drug or device would cause a harmful drug interaction or would otherwise adversely affect the patient's medical condition.

(2) The prescription drug or device is not in stock. If an order, other than an order described in Section 4019, or prescription cannot be dispensed because the drug or device is not in stock, the licentiate shall take one of the following actions:

(A) Immediately notify the patient and arrange for the drug or device to be delivered to the site or directly to the patient in a timely manner.

(B) Promptly transfer the prescription to another pharmacy known to stock the prescription drug or device that is near enough to the site from which the prescription or order is transferred, to ensure the patient has timely access to the drug or device.

(C) Return the prescription to the patient and refer the patient . The licentiate shall make a reasonable effort to refer the patient to a pharmacy that stocks the prescription drug or device that is near enough to the referring site to ensure that the patient has timely access to the drug or device.

(3) The licentiate refuses on ethical, moral, or religious grounds to dispense a drug or device pursuant to an order or prescription. A licentiate may decline to dispense a prescription drug or device on this basis only if the licentiate has previously notified his or her employer, in writing, of the drug or class of drugs to which he or she objects, and the licentiate's employer can, without creating undue hardship, provide a reasonable accommodation of the licentiate's objection. The licentiate's employer shall establish protocols that ensure that the patient has timely access to the prescribed drug or device despite the licentiate's refusal to dispense the prescription or order. For purposes of this section, "reasonable accommodation" and "undue hardship" shall have the same meaning as applied to those terms pursuant to subdivision (*l*) of Section 12940 of the Government Code.

(c) For the purposes of this section, "prescription drug or device" has the same meaning as the definition in Section 4022.

(d) The provisions of this section shall apply to the drug therapy described in paragraph (8) of subdivision (a) of Section 4052.

(e) This section imposes no duty on a licentiate to dispense a drug or device pursuant to a prescription or order without payment for the drug or device, including payment directly by the patient or through a third party payer accepted by the licentiate or payment of any required copayment by the patient.

SEC. 3. Section 4314 of the Business and Professions Code is amended to read:

4314. (a) The board may issue citations containing fines and orders of abatement for any violation of Section 733 or for any violation of this chapter or regulations adopted pursuant to this chapter, in accordance with Sections 125.9, 148, and 4005 and the regulations adopted pursuant to those sections.

(b) Where appropriate, a citation issued by the board, as specified in this section, may subject the person or entity to whom the citation is issued to an administrative fine.

(c) Notwithstanding any other provision of law, where appropriate, a citation issued by the board may contain an order of abatement. The order of abatement shall fix a reasonable time for abatement of the violation. It may also require the person or entity to whom the citation is issued to demonstrate how future compliance with the Pharmacy Law, and the regulations adopted pursuant thereto, will be accomplished. A

demonstration may include, but is not limited to, submission of a corrective action plan, and requiring completion of up to six hours of continuing education courses in the subject matter specified in the order of abatement. Any continuing education courses required by the order of abatement shall be in addition to those required for license renewal.

(d) Nothing in this section shall in any way limit the board from issuing a citation, fine, and order of abatement pursuant to Section 4067 or Section 56.36 of the Civil Code, and the regulations adopted pursuant to those sections.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to ensure the proper implementation by California's public pension systems of Assembly Bill 205 (Chapter 421 of the Statutes of 2003), which provided domestic partners with many of the same rights and responsibilities as those currently held by spouses. Because of the gradual expansion of domestic partner rights under California law, some clarification is necessary in order to implement Assembly Bill 205 as it was intended and so as not to conflict with other statutes governing the administration of complex public employee benefit programs.

SEC. 2. Section 22007.5 of the Education Code is amended to read:

22007.5. Except as excluded by Sections 22661 and 23812, a person who is the registered domestic partner of a member, as established pursuant to Section 297 or 299.2 of the Family Code, shall be treated in the same manner as a "spouse," as defined in Section 22171.

SEC. 3. Section 22171 of the Education Code is amended to read:

22171. (a) "Spouse" means a person who was continuously married to the member for the period beginning at least 12 months prior to the

death of the member, unless a child is born to the member and his or her spouse within the 12-month period or unless the spouse is carrying the member's unborn child.

(b) "Spouse" also means a person who was married to the member for less than 12 months, if the member's death was either accidental, or due to an illness, and the marriage took place prior to the occurrence of the injury or diagnosis of the illness that resulted in death.

(1) A member's death is defined as accidental only if he or she received bodily injuries through violent, external, or accidental means and died as a direct result of the bodily injuries and independent of all other causes.

(2) This subdivision does not apply if, at the time of the marriage, the member could not have reasonably been expected to live for 12 months.

(c) Except as excluded by Sections 22661 and 23812, a person who is the registered domestic partner of a member, as established pursuant to Section 297 or 299.2 of the Family Code, shall be treated in the same manner as a spouse.

SEC. 4. Section 22650 of the Education Code is amended to read:

22650. (a) This chapter establishes the power of a court in a dissolution of marriage or legal separation action with respect to community property rights in accounts with the plan under this part and establishes and defines the rights of nonmember spouses and nonmember registered domestic partners in the plan under this part.

(b) For purposes of this chapter, the termination, dissolution, or nullity of a registered domestic partnership, or the legal separation of partners in a registered domestic partnership, as provided in Section 299 of the Family Code, shall be treated in the same manner as a dissolution of marriage or legal separation of a member and his or her spouse.

SEC. 5. Section 22651 of the Education Code is amended to read:

22651. (a) For purposes of this chapter and Section 23300, "nonmember spouse" means a member's spouse or former spouse, and also includes a member's registered domestic partner or former registered domestic partner, who is being or has been awarded a community property interest in the service credit, accumulated retirement contributions, accumulated Defined Benefit Supplement account balance, or benefits of the member under this part.

(b) For purposes of this chapter and Section 23300, a member's registered domestic partner or former registered domestic partner who is being or has been awarded a community property interest in the service credit, accumulated retirement contributions, accumulated Defined Benefit Supplement account balance, or benefits of the member under this part shall be treated in the same manner as a nonmember spouse.

(c) A nonmember spouse shall not be considered a member based upon his or her receipt of any of the following being awarded to the nonmember spouse as a result of legal separation or dissolution of marriage:

(1) A separate account of service credit and accumulated retirement contributions, a retirement allowance, or an interest in the member's retirement allowance under the Defined Benefit Program.

(2) A separate account based on the member's Defined Benefit Supplement account balance, a retirement benefit, or an interest in the member's retirement benefit under the Defined Benefit Supplement Program.

SEC. 6. Section 24300.6 of the Education Code is amended to read:

24300.6. (a) Any retired member who was unmarried and not in a registered domestic partnership on the effective date of retirement who did not elect an option pursuant to Section 24300, and who thereafter marries or registers in a domestic partnership, may, after the effective date of the member's retirement under this part, elect an option described in paragraphs (1) to (6), inclusive, of subdivision (a) of Section 24300, naming his or her new spouse or registered domestic partner as the option beneficiary, subject to all of the following:

(1) The retired member shall have been married or registered in a domestic partnership for at least one year prior to making the election of the option.

(2) The retired member shall notify the board, in writing on a form provided by the system, of the election of the option and the designation of the member's new spouse or registered domestic partner as the option beneficiary.

(3) The election of an option under this section is subject to approval by the board. A retired member may not elect a joint and survivor option that would result in any additional liability to the retirement fund. A retired member may not elect Option 8.

(4) The election shall be effective six months after the date the notification is received by the board, provided that both the retired member and the retired member's designated spouse or registered domestic partner are then living.

(b) The election of the option and designation of the option beneficiary under this section shall result in an actuarial modification of the member's retirement allowance that shall be payable through the life of the member and the member's new spouse or registered domestic partner. Modification of the member's retirement allowance pursuant to this section shall be based on the ages of the retired member and the retired member's new spouse or registered domestic partner as of the effective date of the election.

(c) This section shall be operative July 1, 2001.

SEC. 7. Section 24307 of the Education Code is amended to read:

24307. (a) A member who qualifies to apply for retirement under Section 24201 or 24203 may make a preretirement election of an option, as provided in Section 24300 without right of revocation or change after the effective date of retirement, except as provided in this part. The preretirement election of an option shall become effective as of the date of the member's signature on a properly executed form prescribed by the system, subject to the following requirements:

(1) The form includes the signature of the member's spouse or registered domestic partner, if applicable, the signature is dated, and the date of the signature is within 30 days of the member's signature.

(2) The date the form is received at the system's headquarters office, as established pursuant to Section 22375, is within 30 days of the date of the member's signature and within 30 days of the date of the spouse or registered domestic partner's signature, if applicable.

(b) A member who makes a preretirement election of an Option 2, Option 3, Option 4, Option 5, Option 6, or Option 7 may subsequently make a preretirement election of Option 8. The member may retain the same option and the same option beneficiary as named in the prior preretirement election, as an option under Option 8.

(c) Upon the member's death prior to the effective date of retirement, the beneficiary who was designated under the option elected and who survives shall receive an allowance calculated under the option, under the assumption that the member retired for service pursuant to Chapter 27 (commencing with Section 24201) on the date of death. The payment of the allowance to the option beneficiary shall be in lieu of the family allowance provided in Section 23804, the payment provided in paragraph (1) of subdivision (a) of Section 23802, the survivor benefit allowance provided in Section 23854, and the payment provided in subdivisions (a) and (b) of Section 23852, except that if the beneficiary dies before all of the member's accumulated retirement contributions are paid, the balance, if any, shall be paid to the estate of the person last receiving or entitled to receive the allowance. The accumulated annuity deposit contributions and the death payment provided in Sections 23801 and 23851 shall be paid to the beneficiary in a lump sum.

(d) If the member subsequently retires for service, and the elected option has not been canceled pursuant to Section 24309, a modified service retirement allowance computed under Section 24300 and the option elected shall be paid.

(e) The amount of the service retirement allowance prior to applying the option factor shall be calculated as of the earlier of the member's age at death before retirement or age on the last day of the month in

which the member requested service retirement be effective. The modification of the service retirement allowance under the option elected shall be based on the ages of the member and the beneficiary designated under the option, as of the date the election was signed.

(f) A member who terminates the service retirement allowance pursuant to Section 24208 shall not be eligible to file a preretirement election of an option until one calendar year elapses from the date the allowance is terminated.

(g) The system shall inform members who are qualified to make a preretirement election of an option, through the annual statements of account, that the election of an option can be made.

(h) This section shall become operative on January 1, 2000.

(c) A nonmember spouse may not be considered a member based upon his or her receipt of any of the following being awarded to the nonmember spouse as a result of legal separation, dissolution of marriage, or dissolution of domestic partnership:

If any of the powers which must be specifically granted to the limited conservator pursuant to subdivision (b) are granted or eliminated, new letters of limited conservatorship shall be issued reflecting the change in the limited conservator's powers.

SEC. 29. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will

be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 419

An act to add Section 1374.17 to the Health and Safety Code, and to add Section 10123.21 to the Insurance Code, relating to health care coverage.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1374.17 is added to the Health and Safety Code, to read:

1374.17. (a) A health care service plan shall not deny coverage that is otherwise available under the plan contract for the costs of solid organ or other tissue transplantation services based upon the enrollee or subscriber being infected with the human immunodeficiency virus.

(b) Notwithstanding any other provision of law, in the provision of benefits required by this section, a health care service plan may utilize case management, network providers, utilization review techniques, prior authorization, copayments, or other cost sharing, subject to the terms and conditions of the plan contract and consistent with sound clinical processes and guidelines.

SEC. 2. Section 10123.21 is added to the Insurance Code, to read:

10123.21. (a) A health insurer shall not deny coverage that is otherwise available under the health insurance policy for the costs of solid organ or other tissue transplantation services based upon the insured or policyholder being infected with the human immunodeficiency virus.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred

because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 420

An act to amend Sections 51, 51.5, 51.7, 51.8, and 53 of the Civil Code, relating to civil rights.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as "The Civil Rights Act of 2005."

SEC. 2. The Legislature finds and declares as follows:

(a) Even prior to passage of the Unruh Civil Rights Act, California law afforded broad protection against arbitrary discrimination by business establishments. The Unruh Civil Rights Act was enacted to provide broader, more effective protection against arbitrary discrimination. California's interest in preventing that discrimination is longstanding and compelling.

(b) In keeping with that history and the legislative history of the Unruh Civil Rights Act, California courts have interpreted the categories enumerated in the act to be illustrative rather than restrictive. It is the intent of the Legislature that these enumerated bases shall continue to be construed as illustrative rather than restrictive.

(c) The Legislature affirms that the bases of discrimination prohibited by the Unruh Civil Rights Act include, but are not limited to, marital status and sexual orientation, as defined herein. By specifically enumerating these bases in the Unruh Civil Rights Act, the Legislature intends to clarify the existing law, rather than to change the law, as well as the principle that the bases enumerated in the act are illustrative rather than restrictive.

(d) It is the intent of the Legislature that the amendments made to the Unruh Civil Rights Act by this act do not affect the California Supreme Court's rulings in Marina Point, Ltd. v. Wolfson (1982) 30 Cal.3d 721 and O'Connor v. Village Green Owners Association (1983) 33 Cal.3d 790.

SEC. 3. Section 51 of the Civil Code is amended to read:

51. (a) This section shall be known, and may be cited, as the Unruh Civil Rights Act.

(b) All persons within the jurisdiction of this state are free and equal, and no matter what their sex, race, color, religion, ancestry, national origin, disability, medical condition, marital status, or sexual orientation are entitled to the full and equal accommodations, advantages, facilities, privileges, or services in all business establishments of every kind whatsoever.

(c) This section shall not be construed to confer any right or privilege on a person that is conditioned or limited by law or that is applicable alike to persons of every sex, color, race, religion, ancestry, national origin, disability, medical condition, marital status, or sexual orientation.

(d) Nothing in this section shall be construed to require any construction, alteration, repair, structural or otherwise, or modification of any sort whatsoever, beyond that construction, alteration, repair, or modification that is otherwise required by other provisions of law, to any new or existing establishment, facility, building, improvement, or any other structure, nor shall anything in this section be construed to augment, restrict, or alter in any way the authority of the State Architect to require construction, alteration, repair, or modifications that the State Architect otherwise possesses pursuant to other laws.

(e) For purposes of this section:

(1) "Disability" means any mental or physical disability as defined in Sections 12926 and 12926.1 of the Government Code.

(2) "Medical condition" has the same meaning as defined in subdivision (h) of Section 12926 of the Government Code.

(3) "Religion" includes all aspects of religious belief, observance, and practice.

(4) "Sex" has the same meaning as defined in subdivision (p) of Section 12926 of the Government Code.

(5) "Sex, race, color, religion, ancestry, national origin, disability, medical condition, marital status, or sexual orientation" includes a perception that the person has any particular characteristic or characteristics within the listed categories or that the person is associated with a person who has, or is perceived to have, any particular characteristic or characteristics within the listed categories.

(6) "Sexual orientation" has the same meaning as defined in subdivision (q) of Section 12926 of the Government Code.

(f) A violation of the right of any individual under the Americans with Disabilities Act of 1990 (Public Law 101-336) shall also constitute a violation of this section.

SEC. 4. Section 51.5 of the Civil Code is amended to read:

51.5. (a) No business establishment of any kind whatsoever shall discriminate against, boycott or blacklist, or refuse to buy from, contract with, sell to, or trade with any person in this state on account of any characteristic listed or defined in subdivision (b) or (e) of Section 51, or of the person's partners, members, stockholders, directors, officers, managers, superintendents, agents, employees, business associates, suppliers, or customers, because the person is perceived to have one or more of those characteristics, or because the person is associated with a person who has, or is perceived to have, any of those characteristics.

(b) As used in this section, "person" includes any person, firm, association, organization, partnership, business trust, corporation, limited liability company, or company.

(c) This section shall not be construed to require any construction, alteration, repair, structural or otherwise, or modification of any sort whatsoever, beyond that construction, alteration, repair, or modification that is otherwise required by other provisions of law, to any new or existing establishment, facility, building, improvement, or any other structure, nor shall this section be construed to augment, restrict, or alter in any way the authority of the State Architect to require construction, alteration, repair, or modifications that the State Architect otherwise possesses pursuant to other laws.

SEC. 5. Section 51.7 of the Civil Code is amended to read:

51.7. (a) All persons within the jurisdiction of this state have the right to be free from any violence, or intimidation by threat of violence, committed against their persons or property because of political affiliation, or on account of any characteristic listed or defined in subdivision (b) or (e) of Section 51, or position in a labor dispute, or because another person perceives them to have one or more of those characteristics. The identification in this subdivision of particular bases of discrimination is illustrative rather than restrictive.

(b) This section does not apply to statements concerning positions in a labor dispute which are made during otherwise lawful labor picketing.

SEC. 6. Section 51.8 of the Civil Code is amended to read:

51.8. (a) No franchisor shall discriminate in the granting of franchises solely on account of any characteristic listed or defined in subdivision (b) or (e) of Section 51 of the franchisee and the composition of a neighborhood or geographic area reflecting any characteristic listed or defined in subdivision (b) or (e) of Section 51 in which the franchise is located. Nothing in this section shall be interpreted to prohibit a franchisor from granting a franchise to prospective franchisees as part of a program or programs to make franchises available to persons lacking the capital, training, business experience, or other qualifications ordinarily

required of franchisees, or any other affirmative action program adopted by the franchisor.

(b) Nothing in this section shall be construed to require any construction, alteration, repair, structural or otherwise, or modification of any sort whatsoever, beyond that construction, alteration, repair, or modification that is otherwise required by other provisions of law, to any new or existing establishment, facility, building, improvement, or any other structure, nor shall anything in this section be construed to augment, restrict, or alter in any way the authority of the State Architect to require construction, alteration, repair, or modifications that the State Architect otherwise possesses pursuant to other laws.

SEC. 7. Section 53 of the Civil Code is amended to read:

53. (a) Every provision in a written instrument relating to real property that purports to forbid or restrict the conveyance, encumbrance, leasing, or mortgaging of that real property to any person because of any characteristic listed or defined in subdivision (b) or (e) of Section 51 is void, and every restriction or prohibition as to the use or occupation of real property because of any characteristic listed or defined in subdivision (b) or (e) of Section 51 is void.

(b) Every restriction or prohibition, whether by way of covenant, condition upon use or occupation, or upon transfer of title to real property, which restriction or prohibition directly or indirectly limits the acquisition, use or occupation of that property because of any characteristic listed or defined in subdivision (b) or (e) of Section 51 is void.

(c) In any action to declare that a restriction or prohibition specified in subdivision (a) or (b) is void, the court shall take judicial notice of the recorded instrument or instruments containing the prohibitions or restrictions in the same manner that it takes judicial notice of the matters listed in Section 452 of the Evidence Code.

CHAPTER 421

An act to amend Section 1365.5 of the Health and Safety Code, and to amend Section 10140 of the Insurance Code, relating to insurance.

[Approved by Governor September 29, 2005. Filed with Secretary of State September 29, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1365.5 of the Health and Safety Code is amended to read:

1365.5. (a) No health care service plan or specialized health care service plan shall refuse to enter into any contract or shall cancel or decline to renew or reinstate any contract because of the race, color, national origin, ancestry, religion, sex, marital status, sexual orientation, or age of any contracting party, prospective contracting party, or person reasonably expected to benefit from that contract as a subscriber, enrollee, member, or otherwise.

(b) The terms of any contract shall not be modified, and the benefits or coverage of any contract shall not be subject to any limitations, exceptions, exclusions, reductions, copayments, coinsurance, deductibles, reservations, or premium, price, or charge differentials, or other modifications because of the race, color, national origin, ancestry, religion, sex, marital status, sexual orientation, or age of any contracting party, potential contracting party, or person reasonably expected to benefit from that contract as a subscriber, enrollee, member, or otherwise; except that premium, price, or charge differentials because of the sex or age of any individual when based on objective, valid, and up-to-date statistical and actuarial data are not prohibited. Nothing in this section shall be construed to permit a health care service plan to charge different premium rates to individual enrollees within the same group solely on the basis of the enrollee's sex.

(c) It shall be deemed a violation of subdivision (a) for any health care service plan to utilize marital status, living arrangements, occupation, sex, beneficiary designation, ZIP Codes or other territorial classification, or any combination thereof for the purpose of establishing sexual orientation. Nothing in this section shall be construed to alter in any manner the existing law prohibiting health care service plans from conducting tests for the presence of human immunodeficiency virus or evidence thereof.

(d) This section shall not be construed to limit the authority of the director to adopt or enforce regulations prohibiting discrimination because of sex, marital status, or sexual orientation.

(e) "Sex" as used in this section shall have the same meaning as "gender," as defined in Section 422.56 of the Penal Code.

SEC. 2. Section 10140 of the Insurance Code is amended to read:

10140. (a) No admitted insurer, licensed to issue life or disability insurance, shall fail or refuse to accept an application for that insurance, to issue that insurance to an applicant therefor, or issue or cancel that insurance, under conditions less favorable to the insured than in other

comparable cases, except for reasons applicable alike to persons of every race, color, religion, sex, national origin, ancestry, or sexual orientation. Race, color, religion, national origin, ancestry, or sexual orientation shall not, of itself, constitute a condition or risk for which a higher rate, premium, or charge may be required of the insured for that insurance. Unless otherwise prohibited by law, premium, price, or charge differentials because of the sex of any individual when based on objective, valid, and up-to-date statistical and actuarial data or sound underwriting practices are not prohibited.

(b) Except as otherwise permitted by law, no admitted insurer, licensed to issue disability insurance policies for hospital, medical, and surgical expenses, shall fail or refuse to accept an application for that insurance, fail or refuse to issue that insurance to an applicant therefor, cancel that insurance, refuse to renew that insurance, charge a higher rate or premium for that insurance, or offer or provide different terms, conditions, or benefits, or place a limitation on coverage under that insurance, on the basis of a person's genetic characteristics that may, under some circumstances, be associated with disability in that person or that person's offspring.

(c) No admitted insurer, licensed to issue disability insurance for hospital, medical, and surgical expenses, shall seek information about a person's genetic characteristics for any nontherapeutic purpose.

(d) No discrimination shall be made in the fees or commissions of agents or brokers for writing or renewing a policy of disability insurance, other than disability income, on the basis of a person's genetic characteristics that may, under some circumstances, be associated with disability in that person or that person's offspring.

(e) It shall be deemed a violation of subdivision (a) for any insurer to consider sexual orientation in its underwriting criteria or to utilize marital status, living arrangements, occupation, sex, beneficiary designation, ZIP Codes or other territorial classification within this state, or any combination thereof for the purpose of establishing sexual orientation or determining whether to require a test for the presence of the human immunodeficiency virus or antibodies to that virus, where that testing is otherwise permitted by law. Nothing in this section shall be construed to alter, expand, or limit in any manner the existing law respecting the authority of insurers to conduct tests for the presence of human immunodeficiency virus or evidence thereof.

(f) This section shall not be construed to limit the authority of the commissioner to adopt regulations prohibiting discrimination because of sex, marital status, or sexual orientation or to enforce these regulations, whether adopted before or on or after January 1, 1991.

(g) "Genetic characteristics" as used in this section shall have the same meaning as defined in Section 10123.3.

(h) "Sex" as used in this section shall have the same meaning as "gender," as defined in Section 422.56 of the Penal Code.

SEC. 3. This act is not intended to mandate that health care service plans or insurers must provide coverage for any particular benefit, nor is it intended to prohibit sound underwriting practices or criteria based on objective, valid, and up-to-date statistical and actuarial data. Rather, the purpose of this act is to prohibit plans and insurers from denying an individual a plan contract or policy, or coverage for a benefit included in the contract or policy, based on the person's sex, as defined.

CHAPTER 422

An act relating to nonprobate transfers.

[Approved by Governor September 30, 2005. Filed with Secretary of State September 30, 2005.]

The people of the State of California do enact as follows:

SECTION 1. (a) The California Law Revision Commission shall study the effect of California's nonprobate transfer provisions and shall study statutes in other states that establish beneficiary deeds as a means of conveying real property through nonprobate transfers. The objective of the study shall be to determine whether legislation establishing beneficiary deeds should be enacted in California. The commission shall report all of its findings to the Legislature on or before January 1, 2007. If the commission recommends that the Legislature adopt a statutory scheme establishing beneficiary deeds as a means of conveying real property, the commission shall recommend the content of the proposed statute.

(b) The commission shall address all of the following in the study described in subdivision (a):

(1) Whether and when a beneficiary deed would be the most appropriate nonprobate transfer mechanism to use, if a beneficiary deed should be recorded or held by the grantor or grantee until the time of death, and, if not recorded, whether a potential for fraud is created.

(2) What effect the recordation of a beneficiary deed would have on the transferor's property rights after recordation.

(3) How a transferor may exert his or her property rights in the event of a dispute with the beneficiary.

(4) Whether it would be more difficult for a person who has transferred a potential interest in the property by beneficiary deed to change his or her mind than if the property were devised by will to the transferee or transferred through a trust or other instrument.

(5) The tax implications of a beneficiary deed for the transferor, the transferee, and the general public as a result of the nonprobate transfer, including whether the property would be reassessed and if tax burdens would shift or decrease.

CHAPTER 423

An act to amend Sections 1522.41, 1569.3, and 1569.616 of, and to add Section 1562.35 to, the Health and Safety Code, relating to residential care facilities.

[Approved by Governor September 30, 2005. Filed with Secretary of State September 30, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1522.41 of the Health and Safety Code is amended to read:

1522.41. (a) The director, in consultation and collaboration with county placement officials, group home provider organizations, the Director of Mental Health, and the Director of Developmental Services, shall develop and establish a certification program to ensure that administrators of group home facilities have appropriate training to provide the care and services for which a license or certificate is issued.

(b) (1) In addition to any other requirements or qualifications required by the department, an administrator of a group home facility shall successfully complete a department-approved certification program pursuant to subdivision (c) prior to employment. An administrator employed in a group home on the effective date of this section shall meet the requirements of paragraph (2) of subdivision (c).

(2) In those cases where the individual is both the licensee and the administrator of a facility, the individual shall comply with all of the licensee and administrator requirements of this section.

(3) Failure to comply with this section shall constitute cause for revocation of the license of the facility.

(4) The licensee shall notify the department within 10 days of any change in administrators.

(c) (1) The administrator certification programs shall require a minimum of 40 hours of classroom instruction that provides training on a uniform core of knowledge in each of the following areas:

(A) Laws, regulations, and policies and procedural standards that impact the operations of the type of facility for which the applicant will be an administrator.

(B) Business operations.

(C) Management and supervision of staff.

(D) Psychosocial and educational needs of the facility residents.

(E) Community and support services.

(F) Physical needs for facility residents.

(G) Administration, storage, misuse, and interaction of medication used by facility residents.

(H) Resident admission, retention, and assessment procedures, including the right of a foster child to have fair and equal access to all available services, placement, care, treatment, and benefits, and to not be subjected to discrimination or harassment on the basis of actual or perceived race, ethnic group identification, ancestry, national origin, color, religion, sex, sexual orientation, gender identity, mental or physical disability, or HIV status.

(I) Nonviolent emergency intervention and reporting requirements.

(2) The department shall adopt separate program requirements for initial certification for persons who are employed as group home administrators on the effective date of this section. A person employed as an administrator of a group home facility on the effective date of this section, shall obtain a certificate by completing the training and testing requirements imposed by the department within 12 months of the effective date of the regulations implementing this section. After the effective date of this section, these administrators shall meet the requirements imposed by the department on all other group home administrators for certificate renewal.

(3) Individuals applying for certification under this section shall successfully complete an approved certification program, pass a written test administered by the department within 60 days of completing the program, and submit to the department the documentation required by subdivision (d) within 30 days after being notified of having passed the test. The department may extend these time deadlines for good cause. The department shall notify the applicant of his or her test results within 30 days of administering the test.

(d) The department shall not begin the process of issuing a certificate until receipt of all of the following:

(1) A certificate of completion of the administrator training required pursuant to this chapter.

(2) The fee required for issuance of the certificate. A fee of one hundred dollars ($100) shall be charged by the department to cover the costs of processing the application for certification.

(3) Documentation from the applicant that he or she has passed the written test.

(4) Submission of fingerprints pursuant to Section 1522. The department may waive the submission for those persons who have a current clearance on file.

(5) That person is at least 21 years of age.

(e) It shall be unlawful for any person not certified under this section to hold himself or herself out as a certified administrator of a group home facility. Any person willfully making any false representation as being a certified administrator or facility manager is guilty of a misdemeanor.

(f) (1) Certificates issued under this section shall be renewed every two years and renewal shall be conditional upon the certificate holder submitting documentation of completion of 40 classroom hours of continuing education related to the core of knowledge specified in subdivision (c). For purposes of this section, an individual who is a group home facility administrator and who is required to complete the continuing education hours required by the regulations of the State Department of Developmental Services, and approved by the regional center, may have up to 24 of the required continuing education course hours credited toward the 40-hour continuing education requirement of this section. Community college course hours approved by the regional centers shall be accepted by the department for certification.

(2) Every administrator of a group home facility shall complete the continuing education requirements of this subdivision.

(3) Certificates issued under this section shall expire every two years on the anniversary date of the initial issuance of the certificate, except that any administrator receiving his or her initial certification on or after July 1, 1999, shall make an irrevocable election to have his or her recertification date for any subsequent recertification either on the date two years from the date of issuance of the certificate or on the individual's birthday during the second calendar year following certification. The department shall send a renewal notice to the certificate holder 90 days prior to the expiration date of the certificate. If the certificate is not renewed prior to its expiration date, reinstatement shall only be permitted after the certificate holder has paid a delinquency fee equal to three times the renewal fee and has provided evidence of completion of the continuing education required.

(4) To renew a certificate, the certificate holder shall, on or before the certificate expiration date, request renewal by submitting to the department documentation of completion of the required continuing

education courses and pay the renewal fee of one hundred dollars ($100), irrespective of receipt of the department's notification of the renewal. A renewal request postmarked on or before the expiration of the certificate shall be proof of compliance with this paragraph.

(5) A suspended or revoked certificate shall be subject to expiration as provided for in this section. If reinstatement of the certificate is approved by the department, the certificate holder, as a condition precedent to reinstatement, shall submit proof of compliance with paragraphs (1) and (2) of subdivision (f), and shall pay a fee in an amount equal to the renewal fee, plus the delinquency fee, if any, accrued at the time of its revocation or suspension. Delinquency fees, if any, accrued subsequent to the time of its revocation or suspension and prior to an order for reinstatement, shall be waived for a period of 12 months to allow the individual sufficient time to complete the required continuing education units and to submit the required documentation. Individuals whose certificates will expire within 90 days after the order for reinstatement may be granted a three-month extension to renew their certificates during which time the delinquency fees shall not accrue.

(6) A certificate that is not renewed within four years after its expiration shall not be renewed, restored, reissued, or reinstated except upon completion of a certification training program, passing any test that may be required of an applicant for a new certificate at that time, and paying the appropriate fees provided for in this section.

(7) A fee of twenty-five dollars ($25) shall be charged for the reissuance of a lost certificate.

(8) A certificate holder shall inform the department of his or her employment status and change of mailing address within 30 days of any change.

(g) Unless otherwise ordered by the department, the certificate shall be considered forfeited under either of the following conditions:

(1) The department has revoked any license held by the administrator after the department issued the certificate.

(2) The department has issued an exclusion order against the administrator pursuant to Section 1558, 1568.092, 1569.58, or 1596.8897, after the department issued the certificate, and the administrator did not appeal the exclusion order or, after the appeal, the department issued a decision and order that upheld the exclusion order.

(h) (1) The department, in consultation and collaboration with county placement officials, provider organizations, the State Department of Mental Health, and the State Department of Developmental Services, shall establish, by regulation, the program content, the testing instrument, the process for approving certification training programs, and criteria to be used in authorizing individuals, organizations, or educational

institutions to conduct certification training programs and continuing education courses. The department may also grant continuing education hours for continuing courses offered by accredited educational institutions that are consistent with the requirements in this section. The department may deny vendor approval to any agency or person in any of the following circumstances:

(A) The applicant has not provided the department with evidence satisfactory to the department of the ability of the applicant to satisfy the requirements of vendorization set out in the regulations adopted by the department pursuant to subdivision (j).

(B) The applicant person or agency has a conflict of interest in that the person or agency places its clients in group home facilities.

(C) The applicant public or private agency has a conflict of interest in that the agency is mandated to place clients in group homes and to pay directly for the services. The department may deny vendorization to this type of agency only as long as there are other vendor programs available to conduct the certification training programs and conduct education courses.

(2) The department may authorize vendors to conduct the administrator's certification training program pursuant to this section. The department shall conduct the written test pursuant to regulations adopted by the department.

(3) The department shall prepare and maintain an updated list of approved training vendors.

(4) The department may inspect certification training programs and continuing education courses to determine if content and teaching methods comply with regulations. If the department determines that any vendor is not complying with the requirements of this section, the department shall take appropriate action to bring the program into compliance, which may include removing the vendor from the approved list.

(5) The department shall establish reasonable procedures and timeframes not to exceed 30 days for the approval of vendor training programs.

(6) The department may charge a reasonable fee, not to exceed one hundred fifty dollars ($150) every two years, to certification program vendors for review and approval of the initial 40-hour training program pursuant to subdivision (c). The department may also charge the vendor a fee, not to exceed one hundred dollars ($100) every two years, for the review and approval of the continuing education courses needed for recertification pursuant to this subdivision.

(i) The department shall establish a registry for holders of certificates that shall include, at a minimum, information on employment status and criminal record clearance.

(j) Subdivisions (b) to (i), inclusive, shall be implemented upon regulations being adopted by the department, by January 1, 2000.

(k) Notwithstanding any provision of law to the contrary, vendors approved by the department who exclusively provide either initial or continuing education courses for certification of administrators of a group home facility as defined by regulations of the department, an adult residential facility as defined by regulations of the department, or a residential care facility for the elderly as defined in subdivision (k) of Section 1569.2, shall be regulated solely by the department pursuant to this chapter. No other state or local governmental entity shall be responsible for regulating the activity of those vendors.

SEC. 2. Section 1562.35 is added to the Health and Safety Code, immediately following Section 1562.3, to read:

1562.35. Notwithstanding any provision of law to the contrary, including, but not limited to Section 1562.3, vendors approved by the department who exclusively provide either initial or continuing education courses for certification of administrators of an adult residential facility as defined by regulations of the department, a group home facility as defined by regulations of the department, or a residential care facility for the elderly as defined in subdivision (k) of Section 1569.2, shall be regulated solely by the department pursuant to this chapter. No other state or local governmental entity shall be responsible for regulating the activity of those vendors.

SEC. 3. Section 1569.3 of the Health and Safety Code is amended to read:

1569.3. The license of any facility licensed as a residential facility for the elderly under the California Community Care Facilities Act provided for in Chapter 3 (commencing with Section 1500) on January 1, 1986, shall automatically be transferred for the unexpired term of the license to licensure as a residential care facility for the elderly under this chapter.

SEC. 4. Section 1569.616 of the Health and Safety Code is amended to read:

1569.616. (a) (1) An administrator of a residential care facility for the elderly shall be required to successfully complete a department approved certification program prior to employment.

(2) In those cases where the individual is both the licensee and the administrator of a facility, or a licensed nursing home administrator, the individual shall comply with the requirements of this section unless he

or she qualifies for one of the exemptions provided for in subdivision (b).

(3) Failure to comply with this section shall constitute cause for revocation of the license of the facility where an individual is functioning as the administrator.

(4) The licensee shall notify the department within 30 days of any change in administrators.

(b) Individuals seeking exemptions under paragraph (2) of subdivision (a) shall meet the following criteria and fulfill the required portions of the certification program, as the case may be:

(1) An individual designated as the administrator of a residential care facility for the elderly who holds a valid license as a nursing home administrator issued in accordance with Chapter 2.35 (commencing with Section 1416) of Division 2 of the Health and Safety Code shall be required to complete the areas in the uniform core of knowledge required by this section that pertain to the law, regulations, policies, and procedural standards that impact the operations of residential care facilities for the elderly, the use, misuse, and interaction of medication commonly used by the elderly in a residential setting, and resident admission, retention, and assessment procedures, equal to 12 hours of classroom instruction. An individual meeting the requirements of this paragraph shall not be required to take a written test.

(2) In those cases where the individual was both the licensee and administrator on or before July 1, 1991, the individual shall be required to complete all the areas specified for the certification program, but shall not be required to take the written test required by this section. Those individuals exempted from the written test shall be issued a conditional certification that is valid only for the administrator of the facility for which the exemption was granted.

(A) As a condition to becoming an administrator of another facility, the individual shall be required to pass the written test provided for in this section.

(B) As a condition to applying for a new facility license, the individual shall be required to pass the written test provided for in Section 1569.23.

(c) (1) The administrator certification program shall require a minimum of 40 hours of classroom instruction that provides training on a uniform core of knowledge in each of the following areas:

(A) Laws, regulations, and policies and procedural standards that impact the operations of residential care facilities for the elderly.

(B) Business operations.

(C) Management and supervision of staff.

(D) Psychosocial needs of the elderly.

(E) Community and support services.

(F) Physical needs for elderly persons.

(G) Use, misuse, and interaction of medication commonly used by the elderly.

(H) Resident admission, retention, and assessment procedures.

(I) Training focused specifically on serving clients with dementia. This training shall be for at least four hours.

(2) Individuals applying for certification under this section shall successfully complete an approved certification program, pass a written test administered by the department within 60 days of completing the program, and submit the documentation required by subdivision (d) to the department within 30 days of being notified of having passed the test. The department may extend these time deadlines for good cause. The department shall notify the applicant of his or her test results within 30 days of administering the test.

(d) The department shall not begin the process of issuing a certificate until receipt of all of the following:

(1) A certificate of completion of the administrator training required pursuant to this chapter.

(2) The fee required for issuance of the certificate. A fee of one hundred dollars ($100) shall be charged by the department to cover the costs of processing the application for certification.

(3) Documentation of passing the written test or of qualifying for an exemption pursuant to subdivision (b).

(4) Submission of fingerprints. The department and the Department of Justice shall expedite the criminal record clearance for holders of certificates of completion. The department may waive the submission for those persons who have a current criminal record clearance on file.

(e) It shall be unlawful for any person not certified under this section to hold himself or herself out as a certified administrator of a residential care facility for the elderly. Any person willfully making any false representation as being a certified administrator is guilty of a misdemeanor.

(f) (1) Certificates issued under this section shall be renewed every two years and renewal shall be conditional upon the certificate holder submitting documentation of completion of 40 hours of continuing education related to the core of knowledge specified in paragraph (1) of subdivision (c). No more than one-half of the required 40 hours of continuing education necessary to renew the certificate may be satisfied through online courses. For purposes of this section, individuals who hold a valid license as a nursing home administrator issued in accordance with Chapter 2.35 (commencing with Section 1416) of Division 2 of the Health and Safety Code and meet the requirements of paragraph (1) of

subdivision (b) shall only be required to complete 20 hours of continuing education.

(2) Every certified administrator of a residential care facility for the elderly is required to renew his or her certificate and shall complete the continuing education requirements of this subdivision whether he or she is certified according to subdivision (a) or (b). At least eight hours of the 40-hour continuing education requirement for a certified administrator of a residential care facility for the elderly shall include instruction on serving clients with dementia, including, but not limited to, instruction related to direct care, physical environment, and admissions procedures and assessment.

(3) Certificates issued under this section shall expire every two years, on the anniversary date of the initial issuance of the certificate, except that any administrator receiving his or her initial certification on or after January 1, 1999, shall make an irrevocable election to have his or her recertification date for any subsequent recertification either on the date two years from the date of issuance of the certificate or on the individual's birthday during the second calendar year following certification. The department shall send a renewal notice to the certificate holder 90 days prior to the expiration date of the certificate. If the certificate is not renewed prior to its expiration date, reinstatement shall only be permitted after the certificate holder has paid a delinquency fee equal to three times the renewal fee and has provided evidence of completion of the continuing education required.

(4) To renew a certificate, the certificate holder shall, on or before the certificate expiration date, request renewal by submitting to the department documentation of completion of the required continuing education courses and pay the renewal fee of one hundred dollars ($100), irrespective of receipt of the department's notification of the renewal. A renewal request postmarked on or before the expiration of the certificate is proof of compliance with this paragraph.

(5) A suspended or revoked certificate is subject to expiration as provided for in this section. If reinstatement of the certificate is approved by the department, the certificate holder, as a condition precedent to reinstatement, shall pay a fee in an amount equal to the renewal fee, plus the delinquency fee, if any, accrued at the time of its revocation or suspension.

(6) A certificate that is not renewed within four years after its expiration shall not be renewed, restored, reissued, or reinstated except upon completion of a certification program, passing any test that may be required of an applicant for a new certificate at that time, and paying the appropriate fees provided for in this section.

(7) A fee of twenty-five dollars ($25) shall be charged for the reissuance of a lost certificate.

(8) A certificate holder shall inform the department of his or her employment status within 30 days of any change.

(g) The department may revoke a certificate issued under this section for any of the following:

(1) Procuring a certificate by fraud or misrepresentation.

(2) Knowingly making or giving any false statement or information in conjunction with the application for issuance of a certificate.

(3) Criminal conviction unless an exemption is granted pursuant to Section 1569.17.

(h) The certificate shall be considered forfeited under either of the following conditions:

(1) The administrator has had a license revoked, suspended, or denied as authorized under Section 1569.50.

(2) The administrator has been denied employment, residence, or presence in a facility based on action resulting from an administrative hearing pursuant to Section 1569.58.

(i) (1) The department shall establish, by regulation, the program content, the testing instrument, the process for approving certification programs, and criteria to be used in authorizing individuals, organizations, or educational institutions to conduct certification programs and continuing education courses. These regulations shall be developed in consultation with provider and consumer organizations, and shall be made available at least six months prior to the deadline required for certification. The department may deny vendor approval to any agency or person that has not provided satisfactory evidence of their ability to meet the requirements of vendorization set out in the regulations adopted pursuant to subdivision (j).

(2) (A) A vendor of online programs for continuing education shall ensure that each online course contains all of the following:

(i) An interactive portion where the participant receives feedback, through online communication, based on input from the participant.

(ii) Required use of a personal identification number or personal identification information to confirm the identity of the participant.

(iii) A final screen displaying a printable statement, to be signed by the participant, certifying that the identified participant completed the course. The vendor shall obtain a copy of the final screen statement with the original signature of the participant prior to the issuance of a certificate of completion. The signed statement of completion shall be maintained by the vendor for a period of three years and be available to the department upon demand. Any person who certifies as true any

material matter pursuant to this section that he or she knows to be false is guilty of a misdemeanor.

(B) Nothing in this subdivision shall prohibit the department from approving online programs for continuing education that do not meet the requirements of subparagraph (A) if the vendor demonstrates to the department's satisfaction that, through advanced technology, the course and the course delivery meet the requirements of this section.

(3) The department may authorize vendors to conduct the administrator certification training program pursuant to provisions set forth in this section. The department shall conduct the written test pursuant to regulations adopted by the department.

(4) The department shall prepare and maintain an updated list of approved training vendors.

(5) The department may inspect training programs, continuing education courses, and online courses, at no charge to the department, in order to determine if content and teaching methods comply with paragraphs (1) and (2), if applicable, and with regulations. If the department determines that any vendor is not complying with the intent of this section, the department shall take appropriate action to bring the program into compliance, which may include removing the vendor from the approved list.

(6) The department shall establish reasonable procedures and timeframes, not to exceed 30 days, for the approval of vendor training programs.

(7) The department may charge a reasonable fee, not to exceed one hundred fifty dollars ($150) every two years, to certification program vendors for review and approval of the initial 40-hour training program pursuant to subdivision (c). The department may also charge the vendor a fee, not to exceed one hundred dollars ($100) every two years, for the review and approval of the continuing education courses needed for recertification pursuant to this subdivision.

(j) This section shall be operative upon regulations being adopted by the department to implement the administrator certification program as provided for in this section.

(k) The department shall establish a registry for holders of certificates that shall include, at a minimum, information on employment status and criminal record clearance.

(*l*) Notwithstanding any provision of law to the contrary, vendors approved by the department who exclusively provide either initial or continuing education courses for certification of administrators of a residential care facility for the elderly, as defined in subdivision (k) of Section 1569.2, a group home facility, as defined by regulations of the department, or an adult residential care facility, as defined by regulations

of the department, shall be regulated solely by the department pursuant to this chapter. No other state or local governmental entity shall be responsible for regulating the activity of those vendors.

CHAPTER 424

An act to amend Section 1708.8 of the Civil Code, relating to legal obligations.

[Approved by Governor September 30, 2005. Filed with Secretary of State September 30, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1708.8 of the Civil Code is amended to read:

1708.8. (a) A person is liable for physical invasion of privacy when the defendant knowingly enters onto the land of another person without permission or otherwise committed a trespass in order to physically invade the privacy of the plaintiff with the intent to capture any type of visual image, sound recording, or other physical impression of the plaintiff engaging in a personal or familial activity and the physical invasion occurs in a manner that is offensive to a reasonable person.

(b) A person is liable for constructive invasion of privacy when the defendant attempts to capture, in a manner that is offensive to a reasonable person, any type of visual image, sound recording, or other physical impression of the plaintiff engaging in a personal or familial activity under circumstances in which the plaintiff had a reasonable expectation of privacy, through the use of a visual or auditory enhancing device, regardless of whether there is a physical trespass, if this image, sound recording, or other physical impression could not have been achieved without a trespass unless the visual or auditory enhancing device was used.

(c) An assault committed with the intent to capture any type of visual image, sound recording, or other physical impression of the plaintiff is subject to subdivisions (d), (e), and (h).

(d) A person who commits any act described in subdivision (a), (b), or (c) is liable for up to three times the amount of any general and special damages that are proximately caused by the violation of this section. This person may also be liable for punitive damages, subject to proof according to Section 3294. If the plaintiff proves that the invasion of privacy was committed for a commercial purpose, the defendant shall

also be subject to disgorgement to the plaintiff of any proceeds or other consideration obtained as a result of the violation of this section.

(e) A person who directs, solicits, actually induces, or actually causes another person, regardless of whether there is an employer-employee relationship, to violate any provision of subdivision (a), (b), or (c) is liable for any general, special, and consequential damages resulting from each said violation. In addition, the person that directs, solicits, instigates, induces, or otherwise causes another person, regardless of whether there is an employer-employee relationship, to violate this section shall be liable for punitive damages to the extent that an employer would be subject to punitive damages pursuant to subdivision (b) of Section 3294.

(f) Sale, transmission, publication, broadcast, or use of any image or recording of the type, or under the circumstances, described in this section shall not itself constitute a violation of this section, nor shall this section be construed to limit all other rights or remedies of plaintiff in law or equity, including, but not limited to, the publication of private facts.

(g) This section shall not be construed to impair or limit any otherwise lawful activities of law enforcement personnel or employees of governmental agencies or other entities, either public or private who, in the course and scope of their employment, and supported by an articulable suspicion, attempt to capture any type of visual image, sound recording, or other physical impression of a person during an investigation, surveillance, or monitoring of any conduct to obtain evidence of suspected illegal activity, the suspected violation of any administrative rule or regulation, a suspected fraudulent insurance claim, or any other suspected fraudulent conduct or activity involving a violation of law or pattern of business practices adversely affecting the public health or safety.

(h) In any action pursuant to this section, the court may grant equitable relief, including, but not limited to, an injunction and restraining order against further violations of subdivision (a) or (b).

(i) The rights and remedies provided in this section are cumulative and in addition to any other rights and remedies provided by law.

(j) It is not a defense to a violation of this section that no image, recording, or physical impression was captured or sold.

(k) For the purposes of this section, "for a commercial purpose" means any act done with the expectation of a sale, financial gain, or other consideration. A visual image, sound recording, or other physical impression shall not be found to have been, or intended to have been captured for a commercial purpose unless it is intended to be, or was in fact, sold, published, or transmitted.

(*l*) For the purposes of this section, "personal and familial activity" includes, but is not limited to, intimate details of the plaintiff's personal

life, interactions with the plaintiff's family or significant others, or other aspects of plaintiff's private affairs or concerns. Personal and familial activity does not include illegal or otherwise criminal activity as delineated in subdivision (f). However, "personal and familial activity" shall include the activities of victims of crime in circumstances where either subdivision (a) or (b), or both, would apply.

(m) The provisions of this section are severable. If any provision of this section or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

CHAPTER 425

An act to amend Sections 22101 and 22103 of, and to add Section 22101.5 to, the Financial Code, relating to finance lenders.

[Approved by Governor September 30, 2005. Filed with Secretary of State September 30, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 22101 of the Financial Code is amended to read:

22101. (a) An application for a license under this division shall be in the form and contain the information that the commissioner may by rule require and shall be filed upon payment of the fee specified in Section 22103.

(b) Notwithstanding any other provision of law, an applicant who does not currently hold a license under this division shall furnish with his or her application, a full set of fingerprints and related information for purposes of the commissioner conducting a criminal history record check. The commissioner shall obtain and receive criminal history information from the Department of Justice and the Federal Bureau of Investigation pursuant to Section 22101.5.

(c) Nothing in this section shall be construed to prevent a licensee from engaging in the business of a finance lender through a subsidiary corporation if the subsidiary corporation is licensed pursuant to this division.

(d) For purposes of this section, "subsidiary corporation" means a corporation that is wholly owned by a licensee.

(e) A new application shall not be required for a change in the address of an existing location previously licensed under this division. However, the licensee shall comply with the requirements of Section 22153.

SEC. 2. Section 22101.5 is added to the Financial Code, to read:

22101.5. (a) The commissioner shall submit to the Department of Justice fingerprint images and related information required by the Department of Justice of all license candidates, as defined by subdivision (a) of Section 22101, for purposes of obtaining information as to the existence and content of a record of state or federal convictions, state or federal arrests, and information as to the existence and content of a record of state or federal arrests for which the Department of Justice establishes that the person is free on bail or on his or her own recognizance pending trial or appeal.

(b) When received, the Department of Justice shall forward to the Federal Bureau of Investigation requests for federal summary criminal history information received pursuant to this section. The Department of Justice shall review the information returned from the Federal Bureau of Investigation and compile and disseminate a response to the commissioner.

(c) The Department of Justice shall provide a response to the commissioner pursuant to paragraph (1) of subdivision (p) of Section 11105 of the Penal Code.

(d) The commissioner shall request from the Department of Justice subsequent arrest notification service, as provided pursuant to Section 11105.2 of the Penal Code, for license candidates described in subdivision (a).

(e) The Department of Justice shall charge a fee sufficient to cover the costs of processing the requests pursuant to this section.

(f) This section shall become operative on July 1, 2006.

SEC. 3. Section 22103 of the Financial Code is amended to read:

22103. At the time of filing the application, the applicant shall pay to the commissioner the sum of one hundred dollars ($100) as a fee for investigating the application, plus the cost of fingerprint processing and the criminal history record check under Section 22101.5, and two hundred dollars ($200) as an application fee. The investigation fee, including the amount for the criminal history record check, and the application fee are not refundable if an application is denied or withdrawn.

CHAPTER 426

An act to amend Section 1748.1 of the Civil Code, and to add Section 755 to the Public Utilities Code, relating to public utilities.

[Approved by Governor September 30, 2005. Filed with
Secretary of State September 30, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1748.1 of the Civil Code is amended to read:

1748.1. (a) No retailer in any sales, service, or lease transaction with a consumer may impose a surcharge on a cardholder who elects to use a credit card in lieu of payment by cash, check, or similar means. A retailer may, however, offer discounts for the purpose of inducing payment by cash, check, or other means not involving the use of a credit card, provided that the discount is offered to all prospective buyers.

(b) Any retailer who willfully violates this section by imposing a surcharge on a cardholder who elects to use a credit card and who fails to pay that amount to the cardholder within 30 days of a written demand by the cardholder to the retailer by certified mail, shall be liable to the cardholder for three times the amount at which actual damages are assessed. The cardholder shall also be entitled to recover reasonable attorney's fees and costs incurred in the action.

A cause of action under this section may be brought in small claims court, if it does not exceed the jurisdiction of that court, or in any other appropriate court.

(c) A consumer shall not be deemed to have elected to use a credit card in lieu of another means of payment for purposes of this section in a transaction with a retailer if only credit cards are accepted by that retailer in payment for an order made by a consumer over a telephone, and only cash is accepted at a public store or other facility of the same retailer.

(d) Charges for third-party credit card guarantee services, when added to the price charged by the retailer if cash were to be paid, shall be deemed surcharges for purposes of this section even if they are payable directly to the third party or are charged separately.

(e) It is the intent of the Legislature to promote the effective operation of the free market and protect consumers from deceptive price increases for goods and services by prohibiting credit card surcharges and encouraging the availability of discounts by those retailers who wish to offer a lower price for goods and services purchased by some form of payment other than credit card.

(f) This section does not apply to charges for payment by credit card or debit card that are made by an electrical, gas, or water corporation and approved by the Public Utilities Commission pursuant to Section 755 of the Public Utilities Code.

SEC. 2. Section 755 is added to the Public Utilities Code, to read:

755. (a) It is the intent of the Legislature that:

(1) An electrical, gas, or water corporation that offers customers credit card or debit card payment options, may recover the reasonable expenses incurred by the electrical, gas, or water corporation for providing the customers the option of paying their bills by credit card or debit card.

(2) Only the customers that choose to use these payment options incur the additional charge and that no portion of the expense is shifted to customers that do not choose to pay a bill by credit card or debit card, unless and until the commission determines that the savings to ratepayers exceeds the net cost of accepting those cards.

(3) The acceptance of credit cards or debit cards neither increases nor decreases the profitability of the electrical, gas, or water corporation.

(b) An electrical, gas, or water corporation may offer credit card and debit card bill payment options, if approved by the commission. The electrical, gas, or water corporation may recover reasonable transaction costs incurred by the electrical, gas, or water corporation only from those customers that choose to pay by those payment options.

(c) The commission shall determine through existing regulatory mechanisms the reasonableness of transaction costs charged to customers that choose to pay an electrical, gas, or water corporation by a credit card or debit card bill payment option pursuant to this section. The commission shall determine how any associated costs or potential savings as a result of those customers paying by the credit card or debit card payment option shall be passed on to electrical, gas, or water corporation customers. In determining how these savings or costs are passed on to customers, the commission shall do the following:

(1) The transaction costs that are passed on to customers pursuant to subdivision (b) shall be offset by any savings in transaction costs the electrical, gas, or water corporation derives as a result of those customers paying by credit card and debit card.

(2) If the commission determines that the use of credit cards and debit cards results in no net cost to the electrical, gas, or water corporation, there shall be no individual customer transaction fee as provided for in subdivision (b).

(3) If the commission determines that the savings to the electrical, gas, or water corporation exceeds the costs to the electrical, gas, or water corporation, the net savings shall be passed on to electrical, gas, or water corporation customers.
