CHAPTER 647

An act to add Section 67385.7 to the Education Code, relating to public postsecondary education.

[Approved by Governor October 7, 2005. Filed with
Secretary of State October 7, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Women on American college campuses who are from 18 to 24 years of age are at greater risk for becoming victims of sexual assault, domestic violence, and stalking than women in the general population or women in a comparable age group. Research over the past 20 years has consistently estimated the rate of sexual assault among women who are in the age group traditionally considered to be college-aged as one in four.

(b) Studies have consistently shown that sexual assault primarily affects women and youth, and that most perpetrators are friends, acquaintances, or someone else who is known by the victim:

(1) In 1994, the Ms. Report on Recognizing, Fighting and Surviving Date and Acquaintance Rape demonstrated that one in four college women had been the victim of a completed or attempted rape, and that, in 84 percent of the attacks, the victim knew the perpetrator.

(2) The National Violence Against Women Survey of 1998 demonstrated that 83 percent of rape victims were less than 25 years old when they were assaulted.

(3) In 2000, the Sexual Victimization of College Women survey estimated that a college with 10,000 students could expect more than 350 rapes per year to occur on that campus.

(4) Additionally, half of all stalking victims are between the ages of 18 and 29, and women between the ages of 16 and 24 experience the highest rate of domestic violence victimization.

(c) While sexual assault primarily affects young women, they are not the only targets. Men, individuals with disabilities, members of cultural and religious minority groups, and lesbian/gay/transgendered individuals also experience sexual assault.

(d) Sexual assault is a critical issue for all college and university campuses. Even though many campuses officially report zero sexual assault, it is known to be an historically underreported crime. Thus, crime reports alone cannot provide the basis for determining the extent of the problem on any given campus.

(e) Given the prevalence of the perpetration of sexual violence against college women, it is essential that institutions of higher education establish comprehensive victim services programs and preventive education programs.

(f) Institutions of higher education can best serve members of their communities by ensuring access to appropriate services and creating an environment that is intolerant of sexual assault.

SEC. 2. Section 67385.7 is added to the Education Code, to read:

67385.7. (a) (1) The governing board of each community college district and the Trustees of the California State University shall, and the Regents of the University of California are requested to, in collaboration with campus-based and community-based victim advocacy organizations, provide, as part of established campus orientations, educational and preventive information about sexual violence to students at all campuses of their respective segments. For a campus with an existing on-campus orientation program, this information shall be provided, in addition to the sexual harassment information required to be provided pursuant to subdivision (e) of Section 66281.5, during the regular orientation for incoming students.

(2) Each campus of the California Community Colleges and the California State University shall, and each campus of the University of California is requested to, post sexual violence prevention and education information on its campus Internet Web site.

(b) The educational and preventive information provided pursuant to this section shall include, but not necessarily be limited to, all of the following:

- (1) Common facts and myths about the causes of sexual violence.
- (2) Dating violence, rape, sexual assault, domestic violence, and stalking crimes, including information on how to file internal administrative complaints with the institution of higher education and how to file criminal charges with local law enforcement officials.
- (3) The availability of, and contact information for, campus and community resources for students who are victims of sexual violence.
- (4) Methods of encouraging peer support for victims and the imposition of sanctions on offenders.
- (5) Information regarding campus, criminal, and civil consequences of committing acts of sexual violence.

(c) Campuses of the California Community Colleges and the California State University shall, and campuses of the University of California are requested to, develop policies to encourage students to report any campus crimes involving sexual violence to the appropriate campus authorities.

(d) Campuses are urged to adopt policies to eliminate barriers for victims who come forward to report sexual assaults, and to advise students regarding these policies. These policies may include, but are not necessarily limited to, exempting the victim from campus sanctions for being in violation of any campus policies, including alcohol or substance abuse policies or other policies of the campus, at the time of the incident.

(e) The Board of Governors of the California Community Colleges and the Trustees of the California State University shall, and the Regents of the University of California are requested to, develop and adopt regulations setting forth procedures for the implementation of this section by campuses in their respective segments.

SEC. 3. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 648

An act to amend Section 4945 of the Business and Professions Code, relating to acupuncture.

[Approved by Governor October 7, 2005. Filed with
Secretary of State October 7, 2005.]

4945. (a) The board shall establish standards for continuing education for acupuncturists.

(b) The board shall require each acupuncturist to complete 50 hours of continuing education every two years as a condition for renewal of his or her license. No more than five hours of continuing education in each two-year period may be spent on issues unrelated to clinical matters or the actual provision of health care to patients. A provider of continuing education shall apply to the board for approval to offer continuing education courses for credit toward this requirement on a form developed by the board, shall pay a fee covering the cost of approval and for the monitoring of the provider by the board and shall set forth the following information on the application:

- (1) Course content.
- (2) Test criteria.
- (3) Hours of continuing education credit requested for the course.
- (4) Experience and training of instructors.
- (5) Other information as required by the board.
- (6) That interpreters or bilingual instruction will be made available, when necessary.

(c) Licensees residing out of state or out of the country shall comply with the continuing education requirements.

(d) Providers of continuing education shall be monitored by the board as determined by the board.

(e) If the board determines that any acupuncturist has not obtained the required number of hours of continuing education, it may renew the acupuncturist's license and require that the deficient hours of continuing education be made up during the following renewal period in addition to the current continuing education required for that period. If any acupuncturist fails to make up the deficient hours and complete the current requirement of hours of continuing education during the subsequent renewal period, then his or her license to practice acupuncture shall not be renewed until all the required hours are completed and documented to the board.

CHAPTER 649

An act to amend Sections 2075, 3642, 4926, 4935, 4937, and 4939 of the Business and Professions Code, relating to medicine.

[Approved by Governor October 7, 2005. Filed with
Secretary of State October 7, 2005.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature that the provisions of this act changing the word “oriental” to “Asian” shall not affect any previous interpretations or judicial decisions insofar as they analyze or use the term “oriental.”

SEC. 2. Section 2075 of the Business and Professions Code is amended to read:

2075. The performance of acupuncture by a certified acupuncturist or other licensee legally authorized to practice acupuncture within his or her scope of practice or a person licensed or certified in another state to perform acupuncture or other forms of traditional Asian medicine, alone or in conjunction with other forms of traditional Asian medicine, when carried on in a program affiliated with and under the jurisdiction of an approved medical school or approved acupuncture school, for the primary purpose of scientific investigation of acupuncture, shall not be in violation of this chapter, but those procedures shall be carried on only under the supervision of a licensed physician and surgeon.

Any medical school or approved acupuncture school conducting research into acupuncture under this section shall report to the Legislature annually on the fifth legislative day of the regular session of the Legislature concerning the results of that research, the suitability of acupuncture as a therapeutic technique, and performance standards for persons who perform acupuncture.

4926. In its concern with the need to eliminate the fundamental causes of illness, not simply to remove symptoms, and with the need to treat the whole person, the Legislature intends to establish in this article, a framework for the practice of the art and science of Asian medicine through acupuncture.

The purpose of this article is to encourage the more effective utilization of the skills of acupuncturists by California citizens desiring a holistic approach to health and to remove the existing legal constraints which are an unnecessary hindrance to the more effective provision of health care services. Also, as it effects the public health, safety, and welfare, there is a necessity that individuals practicing acupuncture be subject to regulation and control as a primary health care profession.

SEC. 5. Section 4935 of the Business and Professions Code is amended to read:

4935. (a) (1) It is a misdemeanor, punishable by a fine of not less than one hundred dollars (\$100) and not more than two thousand five hundred dollars (\$2,500), or by imprisonment in a county jail not exceeding one year, or by both that fine and imprisonment, for any person who does not hold a current and valid license to practice acupuncture under this chapter or to hold himself or herself out as practicing or engaging in the practice of acupuncture.

An act to amend Section 8279.7 of the Education Code, relating to child care, and making an appropriation therefor.

[Approved by Governor October 7, 2005. Filed with
Secretary of State October 7, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 8279.7 of the Education Code is amended to read:

8279.7. (a) The Legislature recognizes the importance of providing quality child care services. It is, therefore, the intent of the Legislature to assist counties in improving the retention of qualified child care employees who work directly with children who receive state-subsidized child care services.

(b) It is further the intent of the Legislature, in amending this section during the 2005–06 Regular Session, to address the unique challenges of the County of Los Angeles, in which an estimated 60,000 low-income children receive subsidized child care in nonstate funded child care

settings and an additional 50,000 eligible children are waiting for subsidized services.

(c) (1) Except as provided in paragraph (2), the funds appropriated for the purposes of this section by paragraph (11) of Schedule (b) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 2000 (Ch. 52, Stats. 2000), and that are described in subdivision (i) of Provision 7 of that item, and any other funds appropriated for purposes of this section, shall be allocated to local child care and development planning councils based on the percentage of state-subsidized, center-based child care funds received in that county, and shall be used to address the retention of qualified child care employees in state-subsidized child care centers.

(2) Of the funds identified in paragraph (1), funds qualified pursuant to subparagraphs (A) to (C), inclusive, may also be used to address the retention of qualified persons working in licensed child care programs that serve a majority of children who receive subsidized child care services pursuant to this chapter, including, but not limited to, family day care homes as defined in Section 1596.78 of the Health and Safety Code. To qualify for use pursuant to this paragraph, the funds shall meet all of the following requirements:

(A) The funds are allocated for use in the County of Los Angeles.

(B) The funds are appropriated either in paragraph (11) of Schedule (b) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 2000 (Ch. 52, Stats. 2000) and are described in subdivision (i) of Provision 7 of that item, in paragraph (1) of Schedule (1.5) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 2004 (Ch. 208, Stats. 2004) and are described in subdivision (i) of Provision 7 of that item, and in paragraph (1) of Schedule (1.5) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 2005 (Ch. 38, Stats. 2005).

(C) The funds are unexpended after addressing the retention of qualified child care employees in state-subsidized child care centers and family child care home education networks.

(d) The department shall develop guidelines for use by local child care and development planning councils in developing county plans for the expenditure of funds allocated pursuant to this section. These guidelines shall be consistent with the department's assessment of the current needs of the subsidized child care workforce, and shall be subject to the approval of the Secretary for Education and the Department of Finance. Any county plan developed pursuant to these guidelines shall be approved by the department prior to the allocation of funds to the local child care and development planning council.

(e) Funds provided to a county for the purposes of this section shall be used in accordance with the plan approved pursuant to subdivision (d). A county with an approved plan may retain up to 1 percent of the

county's total allocation made pursuant to this section for reimbursement of administrative expenses associated with the planning process.

(f) The Superintendent of Public Instruction shall provide an annual report, no later than April 10 of each year, to the Legislature, the Secretary for Education, the Department of Finance, and the Governor that includes, but is not limited to, a summary of the distribution of the funds by county and a description of the use of the funds.

SEC. 2. Due to the unique circumstances concerning the County of Los Angeles, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution. Therefore, this act is necessarily applicable only to the County of Los Angeles.

CHAPTER 651

(e) Pursuant to subparagraph (B) of paragraph (2) of subsection (b) of Section 1414 of Title 20 of the United States Code, no single measure or assessment is used as the sole criterion for determining whether a pupil is an individual with exceptional needs or determining an appropriate educational program for the pupil.

(f) The pupil is assessed in all areas related to the suspected disability including, if appropriate, health and development, vision, including low vision, hearing, motor abilities, language function, general intelligence, academic performance, communicative status, self-help, orientation and mobility skills, career and vocational abilities and interests, and social and emotional status. A developmental history shall be obtained, when appropriate. For pupils with residual vision, a low vision assessment shall be provided in accordance with guidelines established pursuant to Section 56136. In assessing each pupil under this article, the assessment shall be conducted in accordance with subsections (h), (i), and (j) of Section 300.532 of Title 34 of the Code of Federal Regulations.

However, in any event, the assessment plan shall be developed within 10 days after the commencement of the subsequent regular school year or the pupil's regular school term as determined by each district's school calendar for each pupil for whom a referral has been made 10 days or less prior to the end of the regular school year. In the case of pupil school vacations, the 15-day time shall recommence on the date that the pupil's regular schooldays reconvene. A copy of the notice of a parent's or guardian's rights shall be attached to the assessment plan. A written explanation of all the procedural safeguards under the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.), and the rights and procedures contained in Chapter 5 (commencing with Section 56500), shall be included in the notice of a parent's or guardian's rights, including information on the procedures for requesting an informal meeting, prehearing mediation conference, mediation conference, or due process hearing; the timelines for completing each process; whether the process is optional; and the type of representative who may be invited to participate.

(b) The proposed assessment plan given to parents or guardians shall meet all the following requirements:

- (1) Be in language easily understood by the general public.
- (2) Be provided in the native language of the parent or guardian or other mode of communication used by the parent or guardian, unless to do so is clearly not feasible.
- (3) Explain the types of assessments to be conducted.
- (4) State that no individualized education program will result from the assessment without the consent of the parent.

(c) The local educational agency proposing to conduct an initial assessment to determine if the child qualifies as an individual with exceptional needs shall obtain informed consent from the parent of the child before conducting the assessment, in accordance with subparagraph (D) of paragraph (1) of subsection (a) of Section 1414 of Title 20 of the United States Code. If the parent of the child does not provide consent for an initial assessment, or the parent fails to respond to a request to provide the consent, the local educational agency may pursue the initial assessment utilizing the procedures described in Section 1415 of Title 20 of the United States Code and in accordance with paragraph (3) of subdivision (a) of Section 56501 and subdivision (e) of Section 56506. The parent or guardian shall have at least 15 days from the receipt of the proposed assessment plan to arrive at a decision. The assessment may begin immediately upon receipt of the consent.

(1) Despite reasonable efforts to do so, the local educational agency cannot discover the whereabouts of the parent of the child.

(2) The rights of the parent of the child have been terminated in accordance with state law.

(3) The rights of the parent to make educational decisions have been subrogated by a judge in accordance with state law and consent for an initial assessment has been given by an individual appointed by the judge to represent the child.

(e) Consent for initial assessment may not be construed as consent for initial placement or initial provision of special education and related services to an individual with exceptional needs, pursuant to subclause (I) of clause (i) of subparagraph (D) of paragraph (1) of subsection (a) of Section 1414 of Title 20 of the United States Code.

(g) Pursuant to subparagraph (E) of paragraph (1) of subsection (a) of Section 1414 of Title 20 of the United States Code, the screening of a pupil by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation shall not be considered to be an assessment for eligibility for special education and related services.

(2) The previous school in which the individual with exceptional needs was enrolled shall take reasonable steps to promptly respond to the request from the new school.

(c) If whenever a pupil described in subdivision (a) was placed and residing in a residential nonpublic, nonsectarian school, prior to transferring to a district in another special education local plan area, and this placement is not eligible for funding pursuant to Section 56836.16, the special education local plan area that contains the district that made the residential nonpublic, nonsectarian school placement is responsible for the funding of the placement, including related services, for the remainder of the school year. An extended year session is included in the school year in which the session ends. This subdivision also applies to special education and related services required under Section 7573 of the Government Code for an individual with exceptional needs who was placed in a residential placement by an expanded individualized education program team, pursuant to Section 7572.5 of the Government Code, if the parent of the individual moves during the course of the year to a district in another special education local plan area.

SEC. 22. Section 56329 of the Education Code is amended to read: 56329. As part of the assessment plan given to parents or guardians pursuant to Section 56321, the parent or guardian of the pupil shall be provided with a written notice that shall include all of the following information:

(a) (1) Upon completion of the administration of tests and other assessment materials, an individualized education program team meeting, including the parent or guardian and his or her representatives, shall be scheduled, pursuant to Section 56341, to determine whether the pupil is an individual with exceptional needs as defined in Section 56026, and to discuss the assessment, the educational recommendations, and the reasons for these recommendations.

(2) In making a determination of eligibility under paragraph (1), a pupil shall not, pursuant to paragraph (5) of subsection (b) of Section 1414 of Title 20 of the United States Code, be determined to be an individual with exceptional needs if the determinant factor for the determination is any of the following:

If the final decision resulting from the due process hearing is that the assessment is appropriate, the parent or guardian maintains the right for an independent educational assessment, but not at public expense.

If the parent or guardian obtains an independent educational assessment at private expense, the results of the assessment shall be considered by the public education agency with respect to the provision of free appropriate public education to the child, and may be presented as evidence at a due process hearing pursuant to Chapter 5 (commencing with Section 56500) regarding the child. If a public education agency observed the pupil in conducting its assessment, or if its assessment procedures make it permissible to have in-class observation of a pupil, an equivalent opportunity shall apply to an independent educational assessment of the pupil in the pupil's current educational placement and setting, and observation of an educational placement and setting, if any, proposed by the public education agency, regardless of whether the independent educational assessment is initiated before or after the filing of a due process hearing proceeding.

(d) If a parent or guardian proposes a publicly financed placement of the pupil in a nonpublic school, the public education agency shall have an opportunity to observe the proposed placement and the pupil in the proposed placement, if the pupil has already been unilaterally placed in the nonpublic school by the parent or guardian. Any observation conducted pursuant to this subdivision shall only be of the pupil who is

the subject of the observation and may not include the observation or assessment of any other pupil in the proposed placement. The observation or assessment by a public education agency of a pupil other than the pupil who is the subject of the observation pursuant to this subdivision may be conducted, if at all, only with the consent of the parent or guardian pursuant to this article. The results of any observation or assessment of any other pupil in violation of this subdivision shall be inadmissible in any due process or judicial proceeding regarding the free appropriate public education of that other pupil.

(e) If the parent of the child consents in writing to the receipt of special education and related services for the child but does not consent to all of the components of the individualized education program, those components of the program to which the parent has consented shall be implemented so as not to delay providing instruction and services to the child.

(f) If the local educational agency determines that the proposed special education program component to which the parent does not consent is necessary to provide a free appropriate public education to the child, a due process hearing shall be initiated in accordance with subsection (f) of Section 1415 of Title 20 of the United States Code. If a due process hearing is held, the hearing decision shall be the final administrative determination and shall be binding upon the parties. While a resolution

56380. (a) Pursuant to subparagraphs (A) and (B) of paragraph (4) of subsection (d) of Section 1414 of Title 20 of the United States Code, the local educational agency shall maintain procedures to ensure that the individualized education program team does both of the following:

(1) Reviews the pupil’s individualized education program periodically, but not less frequently than annually, to determine whether the annual goals for the pupil are being achieved.

(2) Revises the individualized education program as appropriate to address, among other matters, the provisions specified in subdivision (d) of Section 56341.1.

(b) The annual review of an individualized education program shall be conducted in accordance with the notice and scheduling requirements for the initial assessment.

(c) This section does not preclude other meetings of the individualized education program team from occurring as provided in Section 56343.

SEC. 35. Section 56380.1 is added to the Education Code, to read:

56380.1. (a) In making changes to a pupil’s individualized education program after the annual individualized education program meeting for a school year, the parent of the individual with exceptional needs and the local educational agency may agree, pursuant to subparagraph (D) of paragraph (3) of subsection (d) of Section 1414 of the United States Code, not to convene an individualized education program meeting for the purposes of making those changes, and instead may develop a written document, signed by the parent and by a representative of the local educational agency, to amend or modify the pupil’s existing individualized education program.

(b) Changes to the individualized education program may be made, in accordance with subparagraph (F) of paragraph (3) of subsection (d) of Section 1414 of the United States Code, either by the entire individualized education program team, as provided in subdivision (a), or by amending the individualized education program rather than by redrafting the entire individualized education program. Upon request, a parent shall be provided with a revised copy of the individualized education program with the amendments incorporated.

SEC. 36. Section 56381 of the Education Code is amended to read:

56381. (a) (1) A reassessment of the pupil, based upon procedures specified in Section 56302.1 and in Article 2 (commencing with Section 56320), and in accordance with subsections (a), (b), and (c) of Section 1414 of Title 20 of the United States Code, shall be conducted if the local educational agency determines that the educational or related services needs, including improved academic achievement and functional performance, of the pupil warrant a reassessment, or if the pupil's parents or teacher requests a reassessment.

(2) A reassessment shall occur not more frequently than once a year, unless the parent and the local educational agency agree otherwise, and shall occur at least once every three years, unless the parent and the local educational agency agree, in writing, that a reassessment is unnecessary.

If the reassessment so indicates, a new individualized education program shall be developed.

(b) As part of any reassessment, the individualized education program team and other qualified professionals, as appropriate, shall do the following:

(1) Review existing assessment data on the pupil, including assessments and information provided by the parents of the pupil, as specified in clause (i) of paragraph (1) of subsection (a) of Section 300.533 of Title 34 of the Code of Federal Regulations, current classroom-based assessments and observations, and teacher and related services providers' observations.

(2) On the basis of the review conducted pursuant to paragraph (1), and input from the pupil's parents, identify what additional data, if any, is needed to determine:

(A) Whether the pupil continues to have a disability described in paragraph (3) of Section 1401 of Title 20 of the United States Code.

(B) The present levels of performance and educational needs of the pupil.

(C) Whether the pupil continues to need special education and related services.

(D) Whether any additions or modifications to the special education and related services are needed to enable the pupil to meet the measurable annual goals set out in the individualized education program of the pupil and to participate, as appropriate, in the general curriculum.

(c) The local educational agency shall administer tests and other assessment materials needed to produce the data identified by the individualized education program team.

(d) If the individualized education program team and other qualified professionals, as appropriate, determine that no additional data is needed to determine whether the pupil continues to be an individual with

exceptional needs, and to determine the educational needs of the pupil, the local educational agency shall notify the pupil's parents of that determination and the reasons for it, and the right of the parents to request an assessment to determine whether the pupil continues to be an individual with exceptional needs, and to determine the educational needs of the pupil. The local educational agency is not required to conduct an assessment, unless requested by the pupil's parents.

(e) A local educational agency shall assess an individual with exceptional needs in accordance with this section and procedures specified in Article 2 (commencing with Section 56320), as provided in paragraph (2) of subsection (c) of Section 300.534 of Title 34 of the Code of Federal Regulations.

(f) A reassessment may not be conducted, unless the written consent of the parent is obtained prior to reassessment, except pursuant to subdivision (e) of Section 56506. Pursuant to paragraphs (1) and (2) of subsection (c) of Section 300.505 of Title 34 of the Code of Federal Regulations, informed parental consent need not be obtained for the reassessment of an individual with exceptional needs if the local educational agency can demonstrate that it has taken reasonable measures to obtain that consent and the child's parent has failed to respond. To meet the reasonable measure requirements of this subdivision, the local educational agency shall use procedures consistent with those set forth in subsection (d) of Section 300.345 of Title 34 of the Code of Federal Regulations.

(g) The individualized education program team and other qualified professionals referenced in subdivision (b) may conduct the review without a meeting, as provided in subsection (b) of Section 300.533 of Title 34 of the Code of Federal Regulations.

(h) Before determining that the individual is no longer an individual with exceptional needs, a local educational agency shall assess the individual in accordance with Section 56320 and this section, as appropriate, and in accordance with Section 1414 of Title 20 of the United States Code.

(i) (1) The assessment described in subdivision (h) shall not be required before the termination of a pupil's eligibility under this part due to graduation from secondary school with a regular diploma, or due to exceeding the age eligibility for a free appropriate public education under Section 56026.

(2) For a pupil whose eligibility under this part terminates under circumstances described in paragraph (1), a local educational agency shall provide the pupil with a summary of the pupil's academic achievement and functional performance, which shall include recommendations on the manner in which to assist the pupil in meeting

his or her postsecondary educational goals as required in clause (ii) of subparagraph (B) of paragraph (5) of subsection (c) of Section 1414 of Title 20 of the United States Code.

(j) To the extent possible, the local educational agency shall encourage the consolidation of reassessment meetings for the individual with exceptional needs and other individualized education program team meetings for the individual.

SEC. 37. Section 56385 of the Education Code is amended to read:

56385. (a) As provided in paragraph (16) of subsection (a) of Section 1412 of Title 20 of the United States Code, individuals with exceptional needs shall be included in general statewide and districtwide assessment programs, including assessments described under Section 1111 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. Sec. 6301 et seq.), with appropriate accommodations and alternate assessments where necessary and as indicated in their respective individualized education programs.

(b) The Superintendent, or in the case of a districtwide assessment, the local educational agency, shall develop and implement guidelines for the participation of individuals with exceptional needs in alternate assessments for those pupils who cannot participate in regular assessments described in subdivision (a) with accommodations as indicated by their respective individualized education programs. The guidelines shall provide for alternate assessments that meet the following requirements:

(1) Are aligned with the state's challenging academic content standards and challenging pupil academic achievement standards.

(2) If the state has adopted alternate academic achievement standards permitted under the regulations promulgated to carry out paragraph (1) of subsection (b) of Section 1111 of the Elementary and Secondary Education Act of 1965, measure the achievement of individuals with exceptional needs against those standards.

(c) The department, or in the case of a districtwide assessment, the local educational agency, shall make available to the public reports regarding the assessment of pupils that have been identified as individuals with exceptional needs with the same frequency and in the same detail as it reports on the assessment of pupils that have not been so identified, in accordance with subparagraph (D) of paragraph (16) of subsection (a) of Section 1412 of Title 20 of the United States Code.

(d) The Superintendent, or, in the case of a districtwide assessment, the local educational agency, shall, to the extent feasible, pursuant to subparagraph (E) of paragraph (16) of subsection (a) of Section 1412 of Title 20 of the United States Code, use universal design principles in developing and administering any assessments under this section.

SEC. 37.5. Section 56435 of the Education Code is repealed.

SEC. 38. Section 56449 of the Education Code is repealed.

SEC. 38.5. Section 56500.2 of the Education Code is amended to read:

56500.2. (a) A complaint filed with the department regarding any alleged violations of the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.) or a provision of this part shall be investigated in an expeditious and effective manner pursuant to Chapter 5.1 (commencing with Section 4600) of Title 5 of the California Code of Regulations and Sections 300.660 to 300.662, inclusive, of Title 34 of the Code of Federal Regulations.

(b) Pursuant to subsection (c) of Section 300.662 of Title 34 of the Code of Federal Regulations, a complaint filed under subdivision (a) shall allege a violation that occurred not more than one year prior to the date that the complaint is received by the department.

SEC. 39. Section 56500.3 of the Education Code is amended to read:

56500.3. (a) It is the intent of the Legislature that parties to special education disputes be encouraged to seek resolution through mediation prior to filing a request for a due process hearing. It is also the intent of the Legislature that these voluntary prehearing request mediation conferences be an informal process conducted in a nonadversarial atmosphere to resolve issues relating to the identification, assessment, or educational placement of the child, or the provision of a free appropriate public education to the child, to the satisfaction of both parties. Therefore, attorneys or other independent contractors used to provide legal advocacy services may not attend or otherwise participate in the prehearing request mediation conferences.

(b) This part does not preclude the parent or the public education agency from being accompanied and advised by nonattorney representatives in the mediation conferences and consulting with an attorney prior to or following a mediation conference. For purposes of this section, "attorney" means an active, practicing member of the State Bar of California or another independent contractor used to provide legal advocacy services, but does not mean a parent of the pupil who is also an attorney.

(c) Requesting or participating in a mediation conference is not a prerequisite to requesting a due process hearing.

(d) All requests for a mediation conference shall be filed with the Superintendent. The party initiating a mediation conference by filing a written request with the Superintendent shall provide the other party to the mediation with a copy of the request at the same time the request is filed with the Superintendent. The mediation conference shall be conducted by a person knowledgeable in the process of reconciling

differences in a nonadversarial manner and under contract with the department pursuant to Section 56504.5. The mediator shall be knowledgeable in the laws and regulations governing special education.

(e) The prehearing mediation conference shall be scheduled within 15 days of receipt by the Superintendent of the request for mediation. The mediation conference shall be completed within 30 days after receipt of the request for mediation unless both parties to the prehearing mediation conference agree to extend the time for completing the mediation. Pursuant to paragraph (3) of subsection (b) of Section 300.506 of Title 34 of the Code of Federal Regulations, and to encourage the use of mediation, the state shall bear the cost of the mediation process, including any meetings described in subsection (d) of Section 300.506 of Title 34 of the Code of Federal Regulations. The costs of mediation shall be included in the contract described in Section 56504.5.

(f) In accordance with subparagraph (F) of paragraph (2) of subsection (e) of Section 1415 of Title 20 of the United States Code, if a resolution is reached that resolves the due process issue through the mediation process, the parties shall execute a legally binding written agreement that sets forth the resolution and that does the following:

(1) States that all discussions that occurred during the mediation process shall be confidential and may not be used as evidence in any subsequent due process hearing or civil proceeding.

(2) Is signed by both the parent and the representative of the public education agency who has the authority to bind the agency.

(3) Is enforceable in any state court of competent jurisdiction or in a federal district court of the United States.

(g) If the mediation conference fails to resolve the issues to the satisfaction of all parties, the party who requested the mediation conference has the option of filing for a state-level hearing pursuant to Section 56505. The mediator may assist the parties in specifying any unresolved issues to be included in the hearing request.

(h) Any mediation conference held pursuant to this section shall be scheduled in a timely manner and shall be held at a time and place reasonably convenient to the parties to the dispute in accordance with paragraph (4) of subsection (b) of Section 300.506 of Title 34 of the Code of Federal Regulations.

(i) The mediation conference shall be conducted in accordance with regulations adopted by the board.

(j) Notwithstanding any procedure set forth in this chapter, a public education agency and a parent may, if the party initiating the mediation conference so chooses, meet informally to resolve any issue or issues to the satisfaction of both parties prior to the mediation conference.

(k) The procedures and rights contained in this section shall be included in the notice of parent rights attached to the pupil's assessment plan pursuant to Section 56321.

SEC. 40. Section 56500.4 of the Education Code is amended to read:

56500.4. Pursuant to paragraphs (3) and (4) of subsection (b) and paragraph (1) of subsection (c) of Section 1415 of Title 20 of the United States Code, and in accordance with Section 300.503 of Title 34 of the Code of Federal Regulations, prior written notice shall be given by the public education agency to the parents or guardians of an individual with exceptional needs, or to the parents or guardians of a child upon initial referral for assessment, and when the public education agency proposes to initiate or change, or refuses to initiate or change, the identification, assessment, or educational placement of the child, or the provision of a free appropriate public education to the child.

SEC. 41. Section 56501.5 is added to the Education Code, to read:

56501.5. (a) Notwithstanding any other provision of law, prior to a party invoking his or her right to an impartial due process hearing under this chapter, the local educational agency shall convene a resolution session, which is a meeting between the parents and the relevant member or members of the individualized education program team who have specific knowledge of the facts identified in the due process hearing request, in accordance with subparagraph (B) of paragraph (1) of subsection (f) of Section 1415 of Title 20 of the United States Code.

(1) The meeting shall be convened within 15 days of receiving notice of the parents' due process hearing request.

(2) The meeting shall include a representative of the local educational agency who has decisionmaking authority on behalf of the agency.

(3) The meeting shall not include an attorney of the local educational agency, unless the parent is accompanied by an attorney.

(4) At the meeting, the parents of the child may discuss their due process hearing issue, and the facts that form the basis of the due process hearing request, and the local educational agency shall be provided the opportunity to resolve the matter.

(b) The resolution session described in subdivision (a) is not required if the parents and the local educational agency agree in writing to waive the meeting, or agree to use mediation as provided for in this chapter.

(c) If the local educational agency has not resolved the due process hearing issue to the satisfaction of the parents within 30 days of the receipt of the due process hearing request notice, the due process hearing may occur, and all of the applicable timelines for a due process hearing under this chapter shall commence.

(d) In the case that a resolution is reached to resolve the due process hearing issue at a meeting described in subdivision (a), the parties shall execute a legally binding agreement that is both of the following:

(1) Signed by both the parent and a representative of the local educational agency who has the authority to bind the agency.

(2) Enforceable in any state court of competent jurisdiction or in a federal district court of the United States.

(e) If the parties execute an agreement pursuant to subdivision (d), a party may void the agreement within three business days of the agreement's execution.

SEC. 42. Section 56502 of the Education Code is amended to read:

56502. (a) All requests for a due process hearing shall be filed with the Superintendent in accordance with paragraphs (1) and (2) of subsection (c) of Section 300.507 of Title 34 of the Code of Federal Regulations.

(b) The Superintendent shall develop a model form to assist parents and guardians in filing a request for due process that is in accordance with paragraph (3) of subsection (c) of Section 300.507 of Title 34 of the Code of Federal Regulations.

(c) (1) The party, or the attorney representing the party, initiating a due process hearing by filing a written request with the Superintendent shall provide the other party to the hearing with a copy of the request at the same time as the request is filed with the Superintendent. The due process hearing request notice shall remain confidential. In accordance with subparagraph (A) of paragraph (7) of subsection (b) of Section 1415 of Title 20 of the United States Code, the request shall include the following:

(A) The name of the child, the address of the residence of the child, or available contact information in the case of a homeless child, and the name of the school the child is attending.

(B) In the case of a homeless child or youth within the meaning of paragraph (2) of Section 725 of the federal McKinney-Vento Homeless Assistance Act (42 U.S.C. Sec. 11434a(2)), available contact information for the child and the name of the school the child is attending.

(C) A description of the nature of the problem of the child relating to the proposed initiation or change, including facts relating to the problem.

(D) A proposed resolution of the problem to the extent known and available to the party at the time.

(2) A party may not have a due process hearing until the party, or the attorney representing the party, files a request that meets the requirements listed in this subdivision.

(d) (1) The due process hearing request notice required by subparagraph (A) of paragraph (7) of subsection (b) of Section 1415 of

Title 20 of the United States Code shall be deemed to be sufficient unless the party receiving the notice notifies the due process hearing officer and the other party in writing that the receiving party believes the due process hearing request notice has not met the notice requirements. The party providing a hearing officer notification shall provide the notification within 15 days of receiving the due process hearing request notice. Within five days of receipt of the notification, the hearing officer shall make a determination on the face of the notice of whether the notification meets the requirements of subparagraph (A) of paragraph (7) of subsection (b) of Section 1415 of Title 20 of the United States Code, and shall immediately notify the parties in writing of the determination.

(2) The response to the due process hearing request notice shall be made within 10 days of receiving the request notice in accordance with subparagraph (B) of paragraph (2) of subsection (c) of Section 1415 of Title 20 of the United States Code.

(e) A party may amend a due process hearing request notice only if the other party consents in writing to the amendment and is given the opportunity to resolve the hearing issue through a meeting held pursuant to subparagraph (B) of paragraph (1) of subsection (f) of Section 1415 of Title 20 of the United States Code, or the due process hearing officer grants permission, except that the hearing officer may only grant permission at any time not later than five days before a due process hearing occurs. The applicable timeline for a due process hearing under this chapter shall recommence at the time the party files an amended notice, including the timeline under subparagraph (B) of paragraph (1) of subsection (f) of Section 1415 of Title 20 of the United States Code.

(f) The Superintendent shall take steps to ensure that within 45 days after receipt of the written hearing request the hearing is immediately commenced and completed, including, any mediation requested at any point during the hearing process pursuant to paragraph (2) of subdivision (b) of Section 56501, and a final administrative decision is rendered, unless a continuance has been granted pursuant to Section 56505.

(g) Notwithstanding any procedure set forth in this chapter, a public education agency and a parent or guardian may, if the party initiating the hearing so chooses, meet informally to resolve any issue or issues relating to the identification, assessment, or education and placement of the child, or the provision of a free appropriate public education to the child, to the satisfaction of both parties prior to the hearing. The informal meeting shall be conducted by the district superintendent, county superintendent, or director of the public education agency or his or her designee. Any designee appointed pursuant to this subdivision shall have the authority to resolve the issue or issues.

(h) Upon receipt by the Superintendent of a written request by the parent or guardian or public education agency, the Superintendent or his or her designee or designees shall immediately notify, in writing, all parties of the request for the hearing and the scheduled date for the hearing. The notice shall advise all parties of all their rights relating to procedural safeguards. The Superintendent or his or her designee shall provide both parties with a list of persons and organizations within the geographical area that can provide free or reduced cost representation or other assistance in preparing for the due process hearing. This list shall include a brief description of the requirement to qualify for the services. The Superintendent or his or her designee shall have complete discretion in determining which individuals or groups shall be included on the list.

(i) In accordance with subparagraph (B) of paragraph (3) of subsection (f) of Section 1415 of Title 20 of the United States Code, the party requesting the due process hearing shall not be allowed to raise issues at the due process hearing that were not raised in the notice filed under this section, unless the other party agrees otherwise.

SEC. 43. Section 56505 of the Education Code is amended to read:

56505. (a) The state hearing shall be conducted in accordance with regulations adopted by the board.

(b) The hearing shall be held at a time and place reasonably convenient to the parent or guardian and the pupil.

(c) (1) The hearing shall be conducted by a person who shall, at a minimum possess knowledge of, and the ability to understand, the provisions of this part and related state statutes and implementing regulations, the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.), federal regulations pertaining to the act, and legal interpretations of this part and the federal law by federal and state courts, and who has satisfactorily completed training pursuant to this subdivision. The Superintendent shall establish standards for the training of hearing officers, the degree of specialization of the hearing officers, and the quality control mechanisms to be used to ensure that the hearings are fair and the decisions are accurate.

(2) The hearing officer shall possess the knowledge and ability to conduct hearings in accordance with appropriate, standard legal practice.

(3) The hearing officer shall possess the knowledge and ability to render and write decisions in accordance with appropriate, standard legal practice.

(4) A due process hearing may not be conducted by any individual listed in clause (i) of subparagraph (A) of paragraph (3) of subsection (f) of Section 1415 of Title 20 of the United States Code. Pursuant to subsection (b) of Section 300.508 of Title 34 of the Code of Federal

Regulations, a person who is qualified to conduct a hearing is not an employee of the agency solely because he or she is paid by the agency to serve as a hearing officer. The hearing officer shall encourage the parties to a hearing to consider the option of mediation as an alternative to a hearing.

(d) Pursuant to subsection (a) of Section 300.514 of Title 34 of the Code of Federal Regulations, during the pendency of the hearing proceedings, including the actual state-level hearing, or judicial proceeding regarding a due process hearing, the pupil shall remain in his or her present placement, except as provided in Section 300.526 of Title 34 of the Code of Federal Regulations, unless the public education agency and the parent or guardian agree otherwise. A pupil applying for initial admission to a public school shall, with the consent of his or her parent or guardian, be placed in the public school program until all proceedings have been completed. As provided in subsection (c) of Section 300.514 of Title 34 of the Code of Federal Regulations, if the decision of a hearing officer in a due process hearing or a state review official in an administrative appeal agrees with the parent or guardian of the pupil that a change of placement is appropriate, that placement shall be treated as an agreement between the state or local agency and the parent or guardian.

(e) Any party to the hearing held pursuant to this section shall be afforded the following rights consistent with state and federal statutes and regulations:

(1) The right to be accompanied and advised by counsel and by individuals with special knowledge or training relating to the problems of individuals with exceptional needs.

(2) The right to present evidence, written arguments, and oral arguments.

(3) The right to confront, cross-examine, and compel the attendance of, witnesses.

(4) The right to a written, or, at the option of the parents or guardians, electronic verbatim record of the hearing.

(5) The right to written, or, at the option of the parent or guardian, electronic findings of fact and decisions. The record of the hearing and the findings of fact and decisions shall be provided at no cost to parents or guardians in accordance with paragraph (2) of subsection (c) of Section 300.509 of Title 34 of the Code of Federal Regulations. The findings and decisions shall be made available to the public after any personally identifiable information has been deleted consistent with the confidentiality requirements of subsection (c) of Section 1417 of Title 20 of the United States Code and shall also be transmitted to the Advisory

Commission on Special Education pursuant to paragraph (4) of subsection (h) of Section 1415 of Title 20 of the United States Code.

(6) The right to be informed by the other parties to the hearing, at least 10 days prior to the hearing, as to what those parties believe are the issues to be decided at the hearing and their proposed resolution of those issues. Upon the request of a parent who is not represented by an attorney, the agency responsible for conducting hearings shall provide a mediator to assist the parent in identifying the issues and the proposed resolution of the issues.

(7) The right to receive from other parties to the hearing, at least five business days prior to the hearing, a copy of all documents and a list of all witnesses and their general area of testimony that the parties intend to present at the hearing. Included in the material to be disclosed to all parties at least five business days prior to a hearing shall be all assessments completed by that date and recommendations based on the assessments that the parties intend to use at the hearing.

(8) The right, pursuant to paragraph (3) of subsection (a) of Section 300.509 of Title 34 of the Code of Federal Regulations, to prohibit the introduction of any evidence at the hearing that has not been disclosed to that party at least five business days before the hearing.

(f) (1) In accordance with subparagraph (E) of paragraph (3) of subsection (f) of Section 1415 of Title 20 of the United States Code, the decision of a due process hearing officer shall be made on substantive grounds based on a determination of whether the child received a free appropriate public education.

(2) In matters alleging a procedural violation, a due process hearing officer may find that a child did not receive a free appropriate public education only if the procedural violation did any of the following:

(A) Impeded the child's right to a free appropriate public education.

(B) Significantly impeded the parents' opportunity to participate in the decisionmaking process regarding the provision of a free appropriate public education to the parents' child.

(C) Caused a deprivation of educational benefits.

(3) The hearing conducted pursuant to this section shall be completed and a written, reasoned decision, including the reasons for any nonpublic, nonsectarian school placement, the provision of nonpublic, nonsectarian agency services, or the reimbursement for the placement or services, taking into account the requirements of subdivision (a) of Section 56365, shall be mailed to all parties to the hearing within 45 days from the receipt by the Superintendent of the request for a hearing. Either party to the hearing may request the hearing officer to grant an extension. The extension shall be granted upon a showing of good cause. Any extension

shall extend the time for rendering a final administrative decision for a period only equal to the length of the extension.

(4) This subdivision does not preclude a due process hearing officer from ordering a local educational agency to comply with procedural requirements under this chapter.

(g) Subdivision (f) does not alter the burden of proof required in a due process hearing, or prevent a hearing officer from ordering a compensatory remedy for an individual with exceptional needs.

(h) The hearing conducted pursuant to this section shall be the final administrative determination and binding on all parties.

(i) In decisions relating to the placement of individuals with exceptional needs, the person conducting the state hearing shall consider cost, in addition to all other factors that are considered.

(j) In a hearing conducted pursuant to this section, the hearing officer may not base a decision solely on nonsubstantive procedural errors, unless the hearing officer finds that the nonsubstantive procedural errors resulted in the loss of an educational opportunity to the pupil or interfered with the opportunity of the parent or guardian of the pupil to participate in the formulation process of the individualized education program.

(k) This chapter does not preclude a party aggrieved by the findings and decisions in a hearing under this section from exercising the right to appeal the decision to a state court of competent jurisdiction. An aggrieved party may also exercise the right to bring a civil action in a district court of the United States without regard to the amount in controversy, pursuant to Section 300.512 of Title 34 of the Code of Federal Regulations. An appeal shall be made within 90 days of receipt of the hearing decision. During the pendency of any administrative or judicial proceeding conducted pursuant to Chapter 5 (commencing with Section 56500), the child involved in the hearing shall remain in his or her present educational placement, unless the public education agency and the parent or guardian of the child agree otherwise. Any action brought under this subdivision shall adhere to the provisions of subsection (b) of Section 300.512 of Title 34 of the Code of Federal Regulations.

(l) Any request for a due process hearing arising under subdivision (a) of Section 56501 shall be filed within three years from the date the party initiating the request knew or had reason to know of the facts underlying the basis for the request. A party initiating a request for a due process hearing on and after the effective date of the act that amends this subdivision in the 2005-06 Regular Session, may file the request within the two-year statute of limitations provision in subparagraph (B) of paragraph (6) of subsection (b) of Section 1415 of the United States Code. A party may file a request within the three-year statute of limitations provision of this subdivision until October 9, 2006, but shall,

in accordance with Section 56501.5, participate in a mediation conference which shall be conducted pursuant to this chapter in an effort to resolve the due process hearing issue. In accordance with subparagraph (D) of paragraph (3) of subsection (f) of Section 1415 of Title 20 of the United States Code, the time periods described in this subdivision shall not apply to a parent if the parent was prevented from requesting the due process hearing due to either of the following:

(1) Specific misrepresentations by the local educational agency that it had solved the problem forming the basis of the due process hearing request.

(2) The local educational agency's withholding of information from the parent that was required under this part to be provided to the parent.

(m) Pursuant to subsection (c) of Section 300.508 of Title 34 of the Code of Federal Regulations, each public education agency shall keep a list of the persons who serve as due process hearing officers, in accordance with Section 56504.5, and the list shall include a statement of the qualifications of each of those persons. The list of hearing officers shall be provided to the public education agencies by the organization or entity under contract with the department to conduct due process hearings.

(n) This section shall remain in effect only until October 9, 2006, and as of that date is repealed.

SEC. 43.5. Section 56505 is added to the Education Code, to read:

56505. (a) The state hearing shall be conducted in accordance with regulations adopted by the board.

(b) The hearing shall be held at a time and place reasonably convenient to the parent or guardian and the pupil.

(c) (1) The hearing shall be conducted by a person who shall, at a minimum, possess knowledge of, and the ability to understand, the provisions of this part and related state statutes and implementing regulations, the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.), federal regulations pertaining to the act, and legal interpretations of this part and the federal law by federal and state courts, and who has satisfactorily completed training pursuant to this subdivision. The Superintendent shall establish standards for the training of hearing officers, the degree of specialization of the hearing officers, and the quality control mechanisms to be used to ensure that the hearings are fair and the decisions are accurate.

(2) The hearing officer shall possess the knowledge and ability to conduct hearings in accordance with appropriate, standard legal practice.

(3) The hearing officer shall possess the knowledge and ability to render and write decisions in accordance with appropriate, standard legal practice.

(4) A due process hearing may not be conducted by any individual listed in clause (i) of subparagraph (A) of paragraph (3) of subsection (f) of Section 1415 of Title 20 of the United States Code. Pursuant to subsection (b) of Section 300.508 of Title 34 of the Code of Federal Regulations, a person who is qualified to conduct a hearing is not an employee of the agency solely because he or she is paid by the agency to serve as a hearing officer. The hearing officer shall encourage the parties to a hearing to consider the option of mediation as an alternative to a hearing.

(d) Pursuant to subsection (a) of Section 300.514 of Title 34 of the Code of Federal Regulations, during the pendency of the hearing proceedings, including the actual state-level hearing, or judicial proceeding regarding a due process hearing, the pupil shall remain in his or her present placement, except as provided in Section 300.526 of Title 34 of the Code of Federal Regulations, unless the public education agency and the parent or guardian agree otherwise. A pupil applying for initial admission to a public school shall, with the consent of his or her parent or guardian, be placed in the public school program until all proceedings have been completed. As provided in subsection (c) of Section 300.514 of Title 34 of the Code of Federal Regulations, if the decision of a hearing officer in a due process hearing or a state review official in an administrative appeal agrees with the parent or guardian of the pupil that a change of placement is appropriate, that placement shall be treated as an agreement between the state or local agency and the parent or guardian.

(e) Any party to the hearing held pursuant to this section shall be afforded the following rights consistent with state and federal statutes and regulations:

(1) The right to be accompanied and advised by counsel and by individuals with special knowledge or training relating to the problems of individuals with exceptional needs.

(2) The right to present evidence, written arguments, and oral arguments.

(3) The right to confront, cross-examine, and compel the attendance of, witnesses.

(4) The right to a written, or, at the option of the parents or guardians, electronic verbatim record of the hearing.

(5) The right to written, or, at the option of the parent or guardian, electronic findings of fact and decisions. The record of the hearing and the findings of fact and decisions shall be provided at no cost to parents or guardians in accordance with paragraph (2) of subsection (c) of Section 300.509 of Title 34 of the Code of Federal Regulations. The findings and decisions shall be made available to the public after any personally

identifiable information has been deleted consistent with the confidentiality requirements of subsection (c) of Section 1417 of Title 20 of the United States Code and shall also be transmitted to the Advisory Commission on Special Education pursuant to paragraph (4) of subsection (h) of Section 1415 of Title 20 of the United States Code.

(6) The right to be informed by the other parties to the hearing, at least 10 days prior to the hearing, as to what those parties believe are the issues to be decided at the hearing and their proposed resolution of those issues. Upon the request of a parent who is not represented by an attorney, the agency responsible for conducting hearings shall provide a mediator to assist the parent in identifying the issues and the proposed resolution of the issues.

(7) The right to receive from other parties to the hearing, at least five business days prior to the hearing, a copy of all documents and a list of all witnesses and their general area of testimony that the parties intend to present at the hearing. Included in the material to be disclosed to all parties at least five business days prior to a hearing shall be all assessments completed by that date and recommendations based on the assessments that the parties intend to use at the hearing.

(8) The right, pursuant to paragraph (3) of subsection (a) of Section 300.509 of Title 34 of the Code of Federal Regulations, to prohibit the introduction of any evidence at the hearing that has not been disclosed to that party at least five business days before the hearing.

(f) (1) In accordance with subparagraph (E) of paragraph (3) of subsection (f) of Section 1415 of Title 20 of the United States Code, the decision of a due process hearing officer shall be made on substantive grounds based on a determination of whether the child received a free appropriate public education.

(2) In matters alleging a procedural violation, a due process hearing officer may find that a child did not receive a free appropriate public education only if the procedural violation did any of the following:

(A) Impeded the child's right to a free appropriate public education.

(B) Significantly impeded the parents' opportunity to participate in the decisionmaking process regarding the provision of a free appropriate public education to the parents' child.

(C) Caused a deprivation of educational benefits.

(3) The hearing conducted pursuant to this section shall be completed and a written, reasoned decision, including the reasons for any nonpublic, nonsectarian school placement, the provision of nonpublic, nonsectarian agency services, or the reimbursement for the placement or services, taking into account the requirements of subdivision (a) of Section 56365, shall be mailed to all parties to the hearing within 45 days from the receipt by the Superintendent of the request for a hearing. Either party

to the hearing may request the hearing officer to grant an extension. The extension shall be granted upon a showing of good cause. Any extension shall extend the time for rendering a final administrative decision for a period only equal to the length of the extension.

(4) This subdivision does not preclude a due process hearing officer from ordering a local educational agency to comply with procedural requirements under this chapter.

(g) Subdivision (f) does not alter the burden of proof required in a due process hearing, or prevent a hearing officer from ordering a compensatory remedy for an individual with exceptional needs.

(h) The hearing conducted pursuant to this section shall be the final administrative determination and binding on all parties.

(i) In decisions relating to the placement of individuals with exceptional needs, the person conducting the state hearing shall consider cost, in addition to all other factors that are considered.

(j) In a hearing conducted pursuant to this section, the hearing officer may not base a decision solely on nonsubstantive procedural errors, unless the hearing officer finds that the nonsubstantive procedural errors resulted in the loss of an educational opportunity to the pupil or interfered with the opportunity of the parent or guardian of the pupil to participate in the formulation process of the individualized education program.

(k) This chapter does not preclude a party aggrieved by the findings and decisions in a hearing under this section from exercising the right to appeal the decision to a state court of competent jurisdiction. An aggrieved party may also exercise the right to bring a civil action in a district court of the United States without regard to the amount in controversy, pursuant to Section 300.512 of Title 34 of the Code of Federal Regulations. An appeal shall be made within 90 days of receipt of the hearing decision. During the pendency of any administrative or judicial proceeding conducted pursuant to Chapter 5 (commencing with Section 56500), the child involved in the hearing shall remain in his or her present educational placement, unless the public education agency and the parent or guardian of the child agree otherwise. Any action brought under this subdivision shall adhere to the provisions of subsection (b) of Section 300.512 of Title 34 of the Code of Federal Regulations.

(l) Any request for a due process hearing arising under subdivision (a) of Section 56501 shall be filed within two years from the date the party initiating the request knew or had reason to know of the facts underlying the basis for the request. In accordance with subparagraph (D) of paragraph (3) of subsection (f) of Section 1415 of Title 20 of the United States Code, the time period specified in this subdivision does not apply to a parent if the parent was prevented from requesting the due process hearing due to either of the following:

(1) Specific misrepresentations by the local educational agency that it had solved the problem forming the basis of the due process hearing request.

(2) The local educational agency's withholding of information from the parent that was required under this part to be provided to the parent.

(m) Pursuant to subsection (c) of Section 300.508 of Title 34 of the Code of Federal Regulations, each public education agency shall keep a list of the persons who serve as due process hearing officers, in accordance with Section 56504.5, and the list shall include a statement of the qualifications of each of those persons. The list of hearing officers shall be provided to the public education agencies by the organization or entity under contract with the department to conduct due process hearings.

(n) A party who filed for a due process hearing prior to the effective date of this section is not bound by the two-year statute of limitations time period in subdivision (l) if the party filed a request within the three-year statute of limitations provision pursuant to subdivision (l) as it read prior to October 9, 2006.

(o) This section shall become operative October 9, 2006.

SEC. 44. Section 56506 of the Education Code is amended to read: 56506. In addition to the due process hearing rights enumerated in subdivision (b) of Section 56501, the following due process rights extend to the pupil and the parent:

(a) Written notice to the parent of his or her rights in language easily understood by the general public and in the native language of the parent, as defined in Section 300.19 of Title 34 of the Code of Federal Regulations, or other mode of communication used by the parent, unless to do so is clearly not feasible. The written notice of rights shall include, but not be limited to, those prescribed by Section 56341.

(b) The right to initiate a referral of a child for special education services pursuant to Section 56303.

(c) The right to obtain an independent educational assessment pursuant to subdivision (b) or (c) of Section 56329.

(d) The right to participate in the development of the individualized education program and to be informed of the availability under state and federal law of free appropriate public education and of all available alternative programs, both public and nonpublic.

(e) Written parental consent pursuant to Section 56321 shall be obtained before any assessment of the pupil is conducted, unless the public education agency prevails in a due process hearing relating to the assessment. In accordance with subsection (c) of Section 300.505 of Title 34 of the Code of Federal Regulations, informed parental consent need not be obtained in the case of a reassessment of the pupil if the

local educational agency can demonstrate that it has taken reasonable measures to obtain consent and the pupil's parent has failed to respond.

(f) Written parental consent pursuant to Section 56346 shall be obtained before the pupil is placed in a special education program.

(g) A parent of an individual with exceptional needs may elect to receive notices required under this chapter by an electronic mail communication, if the local educational agency makes that option available, in accordance with subsection (n) of Section 1415 of Title 20 of the United States Code.

SEC. 45. Section 56507 of the Education Code is amended to read:

56507. (a) If either party to a due process hearing intends to be represented by an attorney in the state hearing, notice of that intent shall be given to the other party at least 10 days prior to the hearing. The failure to provide that notice shall constitute good cause for a continuance.

(b) (1) An award of reasonable attorneys' fees to the prevailing parent, guardian, or pupil, as the case may be, may only be made either with the agreement of the parties following the conclusion of the administrative hearing process or by a court of competent jurisdiction pursuant to paragraph (3) of subsection (i) of Section 1415 of Title 20 of the United States Code.

(2) In accordance with paragraph (3) of subsection (i) of Section 1415 of Title 20 of the United States Code, the court, in its discretion, may award reasonable attorneys' fees as part of the costs to a prevailing party who is a state educational agency or local educational agency in the following circumstances:

(A) Against the attorney of a parent who files a due process hearing request or subsequent cause of action that is frivolous, unreasonable, or without foundation, or against the attorney of a parent who continued to litigate after the litigation clearly became frivolous, unreasonable, or without foundation.

(B) Against the attorney of a parent, or against the parent, if the parent's due process hearing request or subsequent cause of action was presented for any improper purpose, such as to harass, to cause unnecessary delay, or to needlessly increase the cost of litigation.

(c) Public education agencies shall not use federal funds distributed under Part B of the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.), or other federal special education funds, for the agency's own legal counsel or other advocacy costs, that may include, but are not limited to, a private attorney or employee of an attorney, legal paraprofessional, or other paid advocate, related to a due process hearing or the appeal of a hearing decision to the courts. Nor shall the funds be used to reimburse parents who prevail and are awarded

attorneys' fees, pursuant to subdivision (b), as part of the judgment. Nothing in this subdivision shall preclude public education agencies from using these funds for attorney services related to the establishment of policy and programs, or responsibilities, under Part B of the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.) and the program administration of these programs. This subdivision does not apply to attorneys and others hired under contract to conduct administrative hearings pursuant to subdivision (a) of Section 56505.

(d) The hearing decision shall indicate the extent to which each party has prevailed on each issue heard and decided, including issues involving other public agencies named as parties to the hearing.

SEC. 46. Section 56509 is added to the Education Code, to read:

56509. This chapter, in accordance with subsection (o) of Section 1415 of Title 20 of the United States Code, does not preclude a parent from filing a separate due process hearing request on an issue separate from a due process hearing request already filed.

SEC. 47. Section 56515 of the Education Code is amended to read:

56515. (a) In addition to the provisions of Chapter 6.5 (commencing with Section 49060) of Part 27, the confidentiality of personally identifiable information about individuals with exceptional needs shall be governed and protected in accordance with the provisions of Sections 300.560 to 300.577, inclusive, of Title 34 of the Code of Federal Regulations, including, notice to parents, access rights, records on more than one child, lists and types of locations of information, parental consent regarding the disclosure of personally identifiable information, fees for copies of records, amendment of records at parent's request, opportunity for a hearing, safeguards, destruction of information, children's privacy rights, enforcement, and disciplinary information about an individual with exceptional needs.

(b) Pursuant to paragraph (3) of subsection (b) of Section 300.500 of Title 34 of the Code of Federal Regulations, "personally identifiable," as used in this part, includes all of the following information:

- (1) The name of the child, the child's parent, or other family member.
- (2) The address of the child.
- (3) A personal identifier, including, but not limited to, the child's social security number, a pupil number, a list of personal characteristics, or other information that would make it possible to identify the child with reasonable certainty.

(c) In accordance with subsection (b) of Section 300.571 of Title 34 of the Code of Federal Regulations, an agency or institution subject to Section 99.1 of Title 34 of the Code of Federal Regulations shall not release information from the education records of an individual with exceptional needs to participating agencies without the consent of the

parent or guardian, unless authorized to do so under Section 99.1 of Title 34 of the Code of Federal Regulations.

SEC. 48. Section 56837 of the Education Code is repealed.

SEC. 49. Section 56837 is added to the Education Code, to read:

56837. For each fiscal year for which federal funds under Part B of the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 set seq.) are allocated to the state pursuant to subsection (d) of Section 1411 of Title 20 of the United States Code, the federal funding for local entitlements shall be allocated through the annual Budget Act in the following manner:

(a) The state shall first award each local educational agency, including public charter schools that operate as local educational agencies, the amount the local educational agency would have received under Section 1411 for the 1999 fiscal year.

(b) After calculating the allocations under subdivision (a), the state shall do both of the following:

(1) Allocate 85 percent of any remaining funds to the local educational agencies described in subdivision (a) on the basis of the relative numbers of pupils enrolled in public and private elementary schools and secondary schools within each local educational agency's territorial jurisdiction.

(2) Allocate 15 percent of the remaining funds to those local educational agencies described in subdivision (a) in accordance with the relative numbers of children living in poverty within each local educational agency's jurisdiction, as determined by the Superintendent.

SEC. 50. Section 56838 of the Education Code is amended to read:

56838. In each fiscal year for which federal funds are received by the state pursuant to Section 1419 of Title 20 of the United States Code for individuals with exceptional needs between the ages of 3 and 5, inclusive, the portion of funds available for local entitlements that are not reserved for state activities pursuant to subsection (d) of Section 1419 of Title 20 of the United States Code shall be allocated through the annual Budget Act in the following manner:

(a) The state shall first award to each local educational agency, including public charter schools that operate as local educational agencies, the amount the local educational agency would have received under Section 1419 of Title 20 of the United States Code for the 1997 federal fiscal year.

(b) After calculating the allocations under subdivision (a), the state shall do both of the following:

(1) Allocate 85 percent of any remaining funds to those local educational agencies described in subdivision (a) on the basis of the relative numbers of pupils enrolled in public and private elementary

schools and secondary schools within each local educational agency's territorial jurisdiction.

(2) Allocate 15 percent of those remaining funds to the local educational agencies in accordance with the relative number of children within each local educational agency living in poverty, as determined by the Superintendent.

SEC. 51. Section 56841 of the Education Code is amended to read:

56841. (a) Federal funds available through Part B of the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.) and appropriated through the annual Budget Act shall only be used as follows:

(1) For the excess costs of providing special education and related services to individuals with exceptional needs.

(2) To supplement state, local, and other federal funds and not to supplant those funds.

(b) Except as provided in subdivisions (c) and (d), the funds shall not be used to reduce the level of expenditures for the education of individuals with exceptional needs made by the local educational agency from local funds below the level of those expenditures for the preceding fiscal year.

(c) Notwithstanding subdivision (b), a local educational agency may reduce the level of expenditures from local funds where the reduction is attributable to the following:

(1) The voluntary departure, by retirement or otherwise, or departure for just cause, of special education personnel.

(2) A decrease in the enrollment of individuals with exceptional needs.

(3) The termination of the obligation of the local educational agency, consistent with this part, to provide a program of special education to an individual or individuals with exceptional needs that is an exceptionally costly program, as determined by the Superintendent, because any of the following is applicable:

(A) The child has left the jurisdiction of the local educational agency.

(B) The child has reached the age at which the obligation of the local educational agency to provide a free appropriate public education to the child has terminated.

(C) The child no longer needs the program of special education.

(4) The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of facilities.

(d) Notwithstanding the provisions of paragraph (2) of subdivision (a) and subdivision (b), for any fiscal year in which the allocation received by a local educational agency under subsection (f) of Section 1411 of Title 20 of the United States Code exceeds the amount the local educational agency received for the previous fiscal year, the local

educational agency may reduce the level of expenditures otherwise required by clause (iii) of subparagraph (A) of paragraph (2) of subsection (a) of Section 1413 of Title 20 of the United States Code by not more than 50 percent of the amount of the excess. If a local educational agency exercises the authority under this subdivision, the local educational agency shall use an amount of local funds equal to the reduction in expenditures under this subdivision to carry out activities authorized under the federal Elementary and Secondary Education Act of 1965 (20 U.S.C. Sec. 6301 et seq.).

(e) Notwithstanding subdivision (d), if the Superintendent determines that a local educational agency is unable to establish and maintain programs of free appropriate public education that meet the requirements of subsection (a) of Section 1413 of Title 20 of the United States Code, or if the Superintendent has taken action against the local educational agency under Section 1416 of Title 20 of the United States Code, the Superintendent shall prohibit the local educational agency from reducing the level of expenditures under subdivision (d) for that fiscal year.

(f) The amount of funds expended by a local educational agency under subsection (f) of Section 1413 of the United States Code for early intervention services shall count toward the maximum amount of expenditures the local educational agency may reduce under subdivision (d) of this section.

(g) Notwithstanding subparagraph (A) of paragraph (2) of subsection (a) of Section 1413 of Title 20 of the United States Code or any other provision of the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.), a local educational agency may use federal special education funds for any fiscal year to carry out a schoolwide program under Section 1114 of the federal Elementary and Secondary Education Act of 1965 (20 U.S.C. Sec. 6301 et seq.), except that the amount so used in any such program shall not exceed the number of individuals with exceptional needs participating in the schoolwide program, multiplied by the amount received by the local educational agency under this article for that fiscal year, and divided by the number of individuals with exceptional needs in the jurisdiction of that local educational agency.

(h) Notwithstanding subdivisions (a) to (g), inclusive, a local educational agency may also use federal special education funds for other purposes specified in subsection (a) of Section 1413 of Title 20 of the United States Code.

SEC. 52. Section 56842 of the Education Code is repealed.

SEC. 53. Section 56842 is added to the Education Code, to read:

56842. (a) A local educational agency may not use more than 15 percent of the amount the agency receives under Part B of the federal

Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.) for any fiscal year, less any amount reduced by the local educational agency pursuant to subparagraph (C) of paragraph (2) of subsection (a) of Section 1413 of Title 20 of the United States Code, if any, in combination with other amounts, which may include amounts other than education funds, to develop and implement, coordinated, early intervening services, which may include interagency financing structures, for pupils in kindergarten and in grades 1 to 12, inclusive, with a particular emphasis on pupils in kindergarten and in grades 1 to 3, inclusive, who have not been identified as needing special education or related services but who need additional academic and behavioral support to succeed in a general education environment.

(b) The implementation of the coordinated, early intervening services under this section, including activities, reporting, and coordination with the federal Elementary and Secondary Education Act of 1965 (20 U.S.C. Sec. 6301 et seq.), shall be carried out by a local educational agency as specified in subsection (f) of Section 1413 of Title 20 of the United States Code.

(c) This section does not limit or create a right to a free appropriate public education under this part.

SEC. 54. Section 56844 is added to the Education Code, to read:

56844. In complying with paragraph (17), regarding the prohibition against supplantation of federal funds, and paragraph (18), regarding maintenance of state financial support for special education and related services, of subsection (a) of Section 1412 of Title 20 of the United States Code, the state may not use funds paid to it under Part B of the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.) to satisfy state-mandated funding obligations to local educational agencies, including funding based on pupil attendance or enrollment, or on inflation.

SEC. 55. Section 7579.5 of the Government Code is amended to read:

7579.5. (a) In accordance with subparagraph (B) of paragraph (2) of subsection (b) of Section 1415 of Title 20 of the United States Code, a local educational agency shall make reasonable efforts to ensure the appointment of a surrogate parent not more than 30 days after there is a determination by the local educational agency that a child needs a surrogate parent. A local educational agency shall appoint a surrogate parent for a child in accordance with Section 300.515 of Title 34 of the Code of Federal Regulations under one or more of the following circumstances:

(1) (A) The child is adjudicated a dependent or ward of the court pursuant to Section 300, 601, or 602 of the Welfare and Institutions Code

upon referral of the child to the local educational agency for special education and related services, or if the child already has a valid individualized education program, (B) the court has specifically limited the right of the parent or guardian to make educational decisions for the child, and (C) the child has no responsible adult to represent him or her pursuant to Section 361 or 726 of the Welfare and Institutions Code or Section 56055 of the Education Code.

(2) No parent for the child can be identified.

(3) The local educational agency, after reasonable efforts, cannot discover the location of a parent.

(b) When appointing a surrogate parent, the local educational agency shall, as a first preference, select a relative caretaker, foster parent, or court-appointed special advocate, if any of these individuals exists and is willing and able to serve. If none of these individuals is willing or able to act as a surrogate parent, the local educational agency shall select the surrogate parent of its choice. If the child is moved from the home of the relative caretaker or foster parent who has been appointed as a surrogate parent, the local educational agency shall appoint another surrogate parent if a new appointment is necessary to ensure adequate representation of the child.

(c) For the purposes of this section, the surrogate parent shall serve as the child's parent and shall have the rights relative to the child's education that a parent has under Title 20 (commencing with Section 1400) of the United States Code and pursuant to Part 300 of Title 34 (commencing with Section 300.1) of the Code of Federal Regulations. The surrogate parent may represent the child in matters relating to special education and related services, including the identification, assessment, instructional planning and development, educational placement, reviewing and revising the individualized education program, and in all other matters relating to the provision of a free appropriate public education of the child. Notwithstanding any other provision of law, this representation shall include the provision of written consent to the individualized education program including nonemergency medical services, mental health treatment services, and occupational or physical therapy services pursuant to this chapter.

(d) The surrogate parent is required to meet with the child at least one time. He or she may also meet with the child on additional occasions, attend the child's individualized education program meetings, review the child's educational records, consult with persons involved in the child's education, and sign any consent relating to individualized education program purposes.

(e) As far as practical, a surrogate parent should be culturally sensitive to his or her assigned child.

(f) The surrogate parent shall comply with federal and state law pertaining to the confidentiality of student records and information and shall use discretion in the necessary sharing of the information with appropriate persons for the purpose of furthering the interests of the child.

(g) The surrogate parent may resign from his or her appointment only after he or she gives notice to the local educational agency.

(h) The local educational agency shall terminate the appointment of a surrogate parent if (1) the person is not properly performing the duties of a surrogate parent or (2) the person has an interest that conflicts with interests of the child entrusted to his or her care.

(i) Individuals who would have a conflict of interest in representing the child, as specified under federal regulations, may not be appointed as a surrogate parent. "An individual who would have a conflict of interest," for purposes of this section, means a person having any interests that might restrict or bias his or her ability to advocate for all of the services required to ensure that the child has a free appropriate public education.

(j) Except for individuals who have a conflict of interest in representing the child, and notwithstanding any other law or regulation, individuals who may serve as surrogate parents include, but are not limited to, foster care providers, retired teachers, social workers, and probation officers who are not employees of the State Department of Education, the local educational agency, or any other agency that is involved in the education or care of the child.

(1) A public agency authorized to appoint a surrogate parent under this section may select a person who is an employee of a nonpublic agency that only provides noneducational care for the child and who meets the other standards of this section.

(2) A person who otherwise qualifies to be a surrogate parent under this section is not an employee of the local educational agency solely because he or she is paid by the local educational agency to serve as a surrogate parent.

(k) The surrogate parent may represent the child until (1) the child is no longer in need of special education, (2) the minor reaches 18 years of age, unless the child chooses not to make educational decisions for himself or herself, or is deemed by a court to be incompetent, (3) another responsible adult is appointed to make educational decisions for the minor, or (4) the right of the parent or guardian to make educational decisions for the minor is fully restored.

(l) The surrogate parent and the local educational agency appointing the surrogate parent shall be held harmless by the State of California

when acting in their official capacity except for acts or omissions that are found to have been wanton, reckless, or malicious.

(m) The State Department of Education shall develop a model surrogate parent training module and manual that shall be made available to local educational agencies.

(n) Nothing in this section may be interpreted to prevent a parent or guardian of an individual with exceptional needs from designating another adult individual to represent the interests of the child for educational and related services.

(o) If funding for implementation of this section is provided, it may only be provided from Item 6110-161-0890 of Section 2.00 of the annual Budget Act.

SEC. 56. Section 7579.6 is added to the Government Code, to read:

7579.6. (a) In accordance with subparagraph (A) of paragraph (2) of subsection (b) of Section 1415 of Title 20 of the United States Code, in the case of a child who is a ward of the state, the surrogate parent described in Section 7579.5 may alternatively be appointed by the judge overseeing the child's care provided that the surrogate meets the requirements of Section 7579.5.

(b) In the case of an unaccompanied homeless youth as defined in paragraph (6) of Section 725 of the federal McKinney-Vento Homeless Assistance Act (42 U.S.C. Sec. 11434a(6)), the local educational agency shall appoint a surrogate in accordance with Section 7579.5.

SEC. 57. The Legislature finds and declares that this act, while protecting the rights of individuals with exceptional needs to receive a free appropriate public education in the least restrictive environment, does not set a higher standard of educating individuals with exceptional needs than that established by federal law under the Individuals with Disabilities Education Improvement Act of 2004 (P.L. 108-446).

SEC. 58. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act implements a federal law or regulation and results only in costs mandated by the federal government, within the meaning of Section 17556 of the Government Code.

SEC. 59. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that pupils with disabilities receive services, to ensure that state law is in conformity with the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.), and to ensure that California continues to receive federal funding to pay for services

provided to pupils with disabilities at the earliest possible time, it is necessary that this act take effect immediately.

71040. The board of governors may allow actual and necessary travel expenses to community college students, faculty, staff, or other community college officials or employees who serve on study teams, task forces, or similar groups formed by the board of governors or by the chancellor's office and who, in these capacities, attend meetings of any association, organization, or agency that has as its principal purpose the study of matters pertinent to education or to a particular field or fields of education relevant to community colleges.

SEC. 3. Section 72104 of the Education Code is amended to read:

A nonteaching volunteer aide shall not be an employee of the district, and shall serve without compensation of any type or other benefits accorded to employees of the district, except as provided in Section 3364.5 of the Labor Code.

(b) No district may abolish any of its classified positions and utilize volunteer aides, as authorized herein, in lieu of classified employees who are laid off as a result of the abolition of a position. A district shall not refuse to employ a person in a vacant classified position and use volunteer aides in lieu thereof.

(c) Volunteer aides may be used to enhance a district's educational program, but not to displace classified employees, nor to allow districts to utilize volunteers in lieu of normal employee requirements.

SEC. 5. Section 72425 of the Education Code is amended and renumbered to read:

72024. (a) (1) In any community college district that is not located in a city and county, and in which the full-time equivalent students (FTES) for the prior college year exceeded 60,000, the governing board may prescribe, as compensation for the services of each member of the board who actually attends all meetings held by the board, a sum not to exceed one thousand five hundred dollars (\$1,500) in any month.

(2) In any community college district in which the FTES for the prior college year was 60,000 or less, but more than 25,000, each member of the governing board of the district who actually attends all meetings held by the board may receive as compensation for his or her services a sum not to exceed seven hundred fifty dollars (\$750) in any month.

(4) In any community college district in which the FTES for the prior college year was 10,000 or less, but more than 1,000, each member of the governing board of the district who actually attends all meetings held by the board may receive as compensation for his or her services a sum not to exceed two hundred forty dollars (\$240) in any month.

(b) Any member of a governing board who does not attend all meetings held by the board in any month may receive, as compensation for his or her services, an amount not greater than a pro rata share of the number of meetings actually attended based upon the maximum compensation authorized by this subdivision.

(c) The compensation of members of the governing board of a community college district newly organized or reorganized shall be governed by subdivision (a). For this purpose, the total FTES in all of the community colleges of the district in the college year in which the organization or reorganization became effective shall be deemed to be the FTES in the district for the prior college year.

(d) A member may be paid for any meeting when absent if the board, by resolution duly adopted and included in its minutes, finds that, at the time of the meeting, he or she is performing services outside the meeting for the community college district, he or she was ill or on jury duty, or the absence was due to a hardship deemed acceptable by the board. The compensation shall be a charge against the funds of the district.

(e) On an annual basis, the governing board may increase the compensation of individual board members beyond the limits delineated in this section, in an amount not to exceed 5 percent based on the present monthly rate of compensation. Any increase made pursuant to this section shall be effective upon approval by the governing board. The action may be rejected by a majority of the voters in that district voting in a referendum established for that purpose, as prescribed by Chapter 3 (commencing with Section 17200) of Division 17 of the Elections Code.

SEC. 6. Section 72675 of the Education Code is amended to read:

72675. (a) The board of directors of an auxiliary organization shall approve all expenditures and fund appropriations. Appropriations of funds for use outside of the normal business operations of the auxiliary organization shall be approved in accordance with district policy and regulations by an officer designated by the district governing board.

(b) The district governing board, in accordance with regulations of the Board of Governors of the California Community Colleges, shall do all of the following:

(1) Institute a standard systemwide accounting and reporting system for businesslike management of the operation of these auxiliary organizations.

(2) Implement financial standards that will ensure the fiscal viability of these various auxiliary organizations. The standards shall include proper provision for professional management, adequate working capital, adequate reserve funds for current operations and capital replacements, and adequate provisions for new business requirements.

(3) Institute procedures to ensure that transactions of the auxiliary organizations are within the educational mission of the district.

(4) Develop policies for the appropriation of funds derived from indirect cost payments not required to implement paragraph (2). Uses of these funds shall be regularly reported to the district governing board.

SEC. 7. Section 72682 of the Education Code is amended to read:

72682. An auxiliary organization that was in existence on August 31, 1980, shall continue to operate under Article 6 (commencing with Section 72670) of Chapter 6 of Part 45, as it read immediately prior to August 30, 1980, until the time, if any, that the organization is recognized pursuant to this article.

SEC. 8. Section 76067 of the Education Code is amended to read:

76067. Any student political organization that is affiliated with the official youth division of any political party that is on the ballot of the State of California may hold meetings on a community college campus, and may distribute bulletins and circulars concerning its meetings, provided that there is no endorsement of that organization by the school authorities and no interference with the regular educational program of the district.

SEC. 9. Section 76140 of the Education Code is amended to read:

76140. (a) A community college district may admit and shall charge a tuition fee to nonresident students. The district may exempt from all or parts of the fee any person described in paragraph (1), (2), or (3):

(1) All nonresidents who enroll for six or fewer units. Exemptions made pursuant to this paragraph shall not be made on an individual basis.

(2) Any nonresident who is both a citizen and resident of a foreign country, if the nonresident has demonstrated a financial need for the exemption. Not more than 10 percent of the nonresident foreign students attending any community college district may be so exempted. Exemptions made pursuant to this paragraph may be made on an individual basis.

(3) (A) A student who, as of August 29, 2005, was enrolled, or admitted with an intention to enroll, in the fall term of the 2005–06 academic year in a regionally accredited institution of higher education in Alabama, Louisiana, or Mississippi, and who could not continue his or her attendance at that institution as a direct consequence of damage sustained by that institution as a result of Hurricane Katrina.

(B) The chancellor shall develop guidelines for the implementation of this paragraph. These guidelines shall include standards for appropriate documentation of student eligibility to the extent feasible.

(C) This paragraph shall apply only to the 2005–06 academic year.

(b) A district may contract with a state, a county contiguous to California, the federal government, or a foreign country, or an agency thereof, for payment of all or a part of a nonresident student's tuition fee.

(c) Nonresident students shall not be reported as full-time equivalent students (FTES) for state apportionment purposes, except as provided by subdivision (k) or another statute, in which case a nonresident tuition fee may not be charged.

(d) The nonresident tuition fee shall be set by the governing board of each community college district not later than February 1 of each year for the succeeding fiscal year. The governing board of each community college district shall provide nonresident students with notice of nonresident tuition fee changes during the spring term before the fall term in which the change will take effect. Nonresident tuition fee increases shall be gradual, moderate, and predictable. The fee may be paid in installments, as determined by the governing board of the district.

(e) The fee established by the governing board pursuant to subdivision (d) shall represent for nonresident students enrolled in 30 semester units or 45 quarter units of credit per fiscal year (1) the amount that was expended by the district for the expense of education as defined by the California Community College Budget and Accounting Manual in the preceding fiscal year increased by the projected percent increase in the United States Consumer Price Index as determined by the Department of Finance for the current fiscal year and succeeding fiscal year and divided by the FTES (including nonresident students) attending in the district in the preceding fiscal year, (2) the expense of education in the preceding fiscal year of all districts increased by the projected percent increase in the United States Consumer Price Index as determined by the Department of Finance for the fiscal year and succeeding fiscal year and divided by the FTES (including nonresident students) attending all districts during the preceding fiscal year, (3) an amount not to exceed the fee established by the governing board of any contiguous district, or (4) an amount not to exceed the amount that was expended by the district for the expense of education, but in no case less than the statewide average as set forth in paragraph (2). However, if for the district's preceding fiscal year FTES of all students attending in the district in noncredit courses is equal to, or greater than, 10 percent of the district's total FTES attending in the district, the district, in calculating the amount in paragraph (1), may substitute, instead, the data for expense of

education in grades 13 and 14 and FTES in grades 13 and 14 attending in the district.

(f) The governing board of each community college district also shall adopt a tuition fee per unit of credit for nonresident students enrolled in more or less than 15 units of credit per term by dividing the fee determined in subdivision (e) by 30 for colleges operating on the semester system and 45 for colleges operating on the quarter system and rounding to the nearest whole dollar. The same rate shall be uniformly charged nonresident students attending any terms or sessions maintained by the community college. The rate charged shall be the rate established for the fiscal year in which the term or session ends.

(g) In adopting a tuition fee for nonresident students, the governing board of each community college district shall consider nonresident tuition fees of public community colleges in other states.

(h) Any loss in district revenue generated by the nonresident tuition fee shall not be offset by additional state funding.

(i) Any district that has fewer than 1,500 FTES and whose boundary is within 10 miles of another state that has a reciprocity agreement with California governing student attendance and fees may exempt students from that state from the mandatory fee requirement described in subdivision (a) for nonresident students.

(j) Any district that has more than 1,500, but less than 3,001, FTES and whose boundary is within 10 miles of another state that has a reciprocity agreement with California governing student attendance and fees may, in any one fiscal year, exempt up to 100 FTES from that state from the mandatory fee requirement described in subdivision (a) for nonresident students.

(k) The attendance of nonresident students who are exempted pursuant to subdivision (i) or (j), or pursuant to paragraph (3) of subdivision (a), from the mandatory fee requirement described in subdivision (a) for nonresident students may be reported as resident FTES for state apportionment purposes. Any nonresident student reported as resident FTES for state apportionment purposes pursuant to subdivision (i) or (j) shall pay a fee of forty-two dollars (\$42) per course unit. That fee is to be included in the FTES adjustments described in Section 76330 for purposes of computing apportionments.

SEC. 10. Section 76141 of the Education Code is amended to read:

76141. (a) In addition to the nonresident tuition fee established pursuant to Section 76140, a community college district may charge to nonresident students who are both citizens and residents of a foreign country an amount not to exceed the amount that was expended by the district for capital outlay in the preceding fiscal year divided by the total full-time equivalent students of the district in the preceding fiscal year.

(b) Any fee charged pursuant to this section shall not exceed 50 percent of the nonresident tuition fee established pursuant to Section 76140.

(c) (1) Any student who can demonstrate economic hardship, or who is a victim of persecution or discrimination in the country in which the student is a citizen and resident, is exempt from this fee.

(2) For purposes of this section, the governing board of each community college district that chooses to impose the fee authorized by this section shall adopt a definition of economic hardship that encompasses the financial circumstances of a person who is a recipient of benefits under the Temporary Assistance for Needy Families program described in Parts A and F of Title IV of the Social Security Act (42 U.S.C. Secs. 601 et seq.), the Supplemental Income/State Supplementary Program, or a general assistance program.

(d) Revenue from any fee charged pursuant to this section shall be expended only for purposes of capital outlay, maintenance, and equipment.

SEC. 11. Section 76142 of the Education Code is amended to read:

76142. (a) A community college district may charge nonresident applicants who are both citizens and residents of a foreign country a processing fee not to exceed the lesser of: (1) the actual cost of processing an application and other documentation required by the federal government, or (2) one hundred dollars (\$100), which may be deducted from the tuition fee at the time of enrollment.

(b) No processing fee shall be charged to an applicant who would be eligible for an exemption from nonresident tuition pursuant to Section 76140 or who can demonstrate economic hardship. For purposes of this section, the governing board of each community college district that chooses to impose the fee authorized by this section shall adopt a definition of economic hardship that includes the financial circumstances of a person who is a victim of persecution or discrimination in the foreign country in which the applicant is a citizen and resident, or who is a recipient of benefits under the Temporary Assistance for Needy Families program described in Parts A and F of Title IV of the Social Security Act (42 U.S.C. Secs. 601 et seq.), the Supplemental Income/State Supplementary Program, or a general assistance program.

SEC. 12. Section 76240 of the Education Code is amended to read:

76240. (a) (1) Community college districts shall adopt a policy identifying those categories of directory information, as defined under Section 1232g of Title 20 of the United States Code as it exists on January 1, 2006, that may be released. The names and addresses of students may be provided to a private school or college operating under Sections 8080 to 8093, inclusive, Sections 33190 and 33191, or Sections 94000 to

94409, inclusive, or its authorized representative. However, no private school or college shall use this information for other than purposes directly related to the academic or professional goals of the institution.

(2) Any violation of this subdivision is a misdemeanor, punishable by a fine not to exceed two thousand five hundred dollars (\$2,500), and, in addition, the privilege of the school or college to receive this information shall be suspended for a period of two years from the time of discovery of the misuse of the information.

(b) Any community college district may limit or deny the release of specific categories of directory information based upon a determination of the best interests of students.

(c) Directory information may be released according to local policy as to any former student or any student currently attending the community college. However, public notice shall be given at least annually of the categories of information that the district plans to release and of the recipients. No directory information shall be released regarding any student or former student when the student or former student has notified the institution that the information shall not be released.

SEC. 13. Section 76300 of the Education Code is amended to read:

76300. (a) The governing board of each community college district shall charge each student a fee pursuant to this section.

(b) (1) The fee prescribed by this section shall be twenty-six dollars (\$26) per unit per semester, effective with the fall term of the 2004–05 academic year.

(2) The board of governors shall proportionately adjust the amount of the fee for term lengths based upon a quarter system, and also shall proportionately adjust the amount of the fee for summer sessions, intersessions, and other short-term courses. In making these adjustments, the board of governors may round the per unit fee and the per term or per session fee to the nearest dollar.

(c) For the purposes of computing apportionments to community college districts pursuant to Section 84750, the board of governors shall subtract, from the total revenue owed to each district, 98 percent of the revenues received by districts from charging a fee pursuant to this section.

(d) The board of governors shall reduce apportionments by up to 10 percent to any district that does not collect the fees prescribed by this section.

(e) The fee requirement does not apply to any of the following:

(1) Students enrolled in the noncredit courses designated by Section 84757.

(2) California State University or University of California students enrolled in remedial classes provided by a community college district on a campus of the University of California or a campus of the California

State University, for whom the district claims an attendance apportionment pursuant to an agreement between the district and the California State University or the University of California.

(3) Students enrolled in credit contract education courses pursuant to Section 78021, if the entire cost of the course, including administrative costs, is paid by the public or private agency, corporation, or association with which the district is contracting and if these students are not included in the calculation of the full-time equivalent students (FTES) of that district.

(f) The governing board of a community college district may exempt special part-time students admitted pursuant to Section 76001 from the fee requirement.

(g) (1) The fee requirements of this section shall be waived for any student who, at the time of enrollment, is a recipient of benefits under the Temporary Assistance to Needy Families program, the Supplemental Security Income/State Supplementary Program, or a general assistance program or has demonstrated financial need in accordance with the methodology set forth in federal law or regulation for determining the expected family contribution of students seeking financial aid.

(2) The governing board of a community college district also shall waive the fee requirements of this section for any student who demonstrates eligibility according to income standards established by regulations of the board of governors.

(3) Paragraphs (1) and (2) may be applied to a student enrolled in the 2005–06 academic year if the student is exempted from nonresident tuition under paragraph (3) of subdivision (a) of Section 76140.

(h) The fee requirements of this section shall be waived for any student who, at the time of enrollment, is a dependent, or surviving spouse who has not remarried, of any member of the California National Guard who, in the line of duty and while in the active service of the state, was killed, died of a disability resulting from an event that occurred while in the active service of the state, or is permanently disabled as a result of an event that occurred while in the active service of the state. “Active service of the state,” for the purposes of this subdivision, refers to a member of the California National Guard activated pursuant to Section 146 of the Military and Veterans Code.

(i) The fee requirements of this section shall be waived for any student who is the surviving spouse or the child, natural or adopted, of a deceased person who met all of the requirements of Section 68120.

(j) The fee requirements of this section shall be waived for any student in an undergraduate program, including a student who has previously graduated from another undergraduate or graduate program, who is the dependent of any individual killed in the September 11, 2001, terrorist

attacks on the World Trade Center and the Pentagon or the crash of United Airlines Flight 93 in southwestern Pennsylvania, if that dependent meets the financial need requirements set forth in Section 69432.7 for the Cal Grant A Program and either of the following applies:

(1) The dependent was a resident of California on September 11, 2001.

(2) The individual killed in the attacks was a resident of California on September 11, 2001.

(k) A determination of whether a person is a resident of California on September 11, 2001, for purposes of subdivision (j) shall be based on the criteria set forth in Chapter 1 (commencing with Section 68000) of Part 41 for determining nonresident and resident tuition.

(l) (1) "Dependent," for purposes of subdivision (j), is a person who, because of his or her relationship to an individual killed as a result of injuries sustained during the terrorist attacks of September 11, 2001, qualifies for compensation under the federal September 11th Victim Compensation Fund of 2001 (Title IV (commencing with Section 401) of Public Law 107-42).

(2) A dependent who is the surviving spouse of an individual killed in the terrorist attacks of September 11, 2001, is entitled to the waivers provided in this section until January 1, 2013.

(3) A dependent who is the surviving child, natural or adopted, of an individual killed in the terrorist attacks of September 11, 2001, is entitled to the waivers under subdivision (j) until that person attains the age of 30 years.

(4) A dependent of an individual killed in the terrorist attacks of September 11, 2001, who is determined to be eligible by the California Victim Compensation and Government Claims Board, is also entitled to the waivers provided in this section until January 1, 2013.

(m) (1) It is the intent of the Legislature that sufficient funds be provided to support the provision of a fee waiver for every student who demonstrates eligibility pursuant to subdivisions (g) to (j), inclusive.

(2) From funds provided in the annual Budget Act, the board of governors shall allocate to community college districts, pursuant to this subdivision, an amount equal to 2 percent of the fees waived pursuant to subdivisions (g) to (j), inclusive. From funds provided in the annual Budget Act, the board of governors shall allocate to community college districts, pursuant to this subdivision, an amount equal to ninety-one cents (\$0.91) per credit unit waived pursuant to subdivisions (g) to (j), inclusive, for determination of financial need and delivery of student financial aid services, on the basis of the number of students for whom fees are waived. Funds allocated to a community college district for determination of financial need and delivery of student financial aid

services shall supplement, and shall not supplant, the level of funds allocated for the administration of student financial aid programs during the 1992–93 fiscal year.

(n) The board of governors shall adopt regulations implementing this section.

SEC. 14. Section 76360 of the Education Code is amended to read:

76360. (a) (1) The governing board of a community college district may require students in attendance and employees of the district to pay a fee, in an amount, not to exceed forty dollars (\$40) per semester and twenty dollars (\$20) per intersession, to be established by the board, for parking services. The fee shall only be required of students and employees using parking services and shall not exceed the actual cost of providing parking services.

(2) To encourage ridesharing and carpooling, for a student who certifies, in accordance with procedures established by the board, that he or she regularly has two or more passengers commuting to the community college with him or her in the vehicle parked at the community college, the fee shall not exceed thirty dollars (\$30) per semester and ten dollars (\$10) per intersession.

(b) (1) The governing board may require payment of a parking fee at a campus in excess of the limits set forth in subdivision (a) for the purpose of funding the construction of on-campus parking facilities if both of the following conditions exist at the campus:

(A) The full-time equivalent (FTES) per parking space on the campus exceeds the statewide average FTES per parking space on community college campuses.

(B) The market price per square foot of land adjacent to the campus exceeds the statewide average market price per square foot of land adjacent to community college campuses.

(2) If the governing board requires payment of a parking fee in excess of the limits set forth in subdivision (a), the fee may not exceed the actual cost of constructing a parking structure.

(c) Students who receive financial assistance pursuant to any programs described in subdivision (g) of Section 76300 shall be exempt from parking fees imposed pursuant to this section that exceed twenty dollars (\$20) per semester.

(d) The governing board of a community college district may also require the payment of a fee, to be established by the governing board, for the use of parking services by persons other than students and employees.

(e) All parking fees collected shall be deposited in the designated fund of the district in accordance with the California Community Colleges Budget and Accounting Manual, and shall be expended only for parking

services or for purposes of reducing the costs to students and employees of the college of using public transportation to and from the college.

(f) Fees collected for use of parking services provided for by investment of student body funds under the authority of Section 76064 shall be deposited in a designated fund in accordance with the California Community Colleges Budget and Accounting Manual for repayment to the student organization.

76375. (a) (1) The governing board of a community college district may establish an annual building and operating fee for the purpose of financing, constructing, enlarging, remodeling, refurbishing, and operating a student body center, which fee shall be required of all students attending a community college where the student body center is to be located.

(2) The fee shall be imposed by the governing board, at its option, only after a favorable vote of two-thirds of the students voting in an election held for that purpose at a community college, in the manner prescribed by the Board of Governors of the California Community Colleges, and open to all regular students enrolled in credit classes at the community college. The election shall occur on a regularly scheduled college day and at least 20 percent of the students enrolled in credit classes as of October 1 of the college year during which the election is held must cast a ballot for the election to be declared valid.

(3) The annual building and operating fee shall not exceed one dollar (\$1) per credit hour, up to a maximum of ten dollars (\$10) per student per fiscal year. The fee requirement shall not apply to students enrolled in the noncredit courses designated by Section 84757. The fee requirement shall not apply to a student who is a recipient of the benefits under the Temporary Assistance for Needy Families program, the Supplemental Security Income/State Supplementary Program, or the General Assistance program.

(4) The fee authorized by this section shall be supplemental to all other fees charged to community college students.

(5) If fee income is used to retire obligations the district incurs when it uses a revenue bond to construct a student center, the fee shall remain in effect at least until the bond obligation is retired.

(b) Each community college district shall be responsible for the custody of the moneys collected pursuant to this section, and shall provide the necessary accounting records and controls thereof. The district shall

be reimbursed from these funds in an amount to cover the cost of custodial and accounting services provided by the district in connection with these funds. These funds may be expended by the district only upon submission and approval of the appropriate claim schedule by the student government or its designee.

(c) All unexpended funds and money collected by any community college district pursuant to this section shall be available for financing, constructing, enlarging, remodeling, refurbishing, and operating a student body center, and until so used, shall, subject to the approval of the student government, be deposited or invested in trust by the appropriate district official in any one or more of the following ways:

(1) Deposits in trust accounts of a bank or banks whose accounts are insured by the Federal Deposit Insurance Corporation.

(2) Investment certificates or withdrawable shares in state chartered savings and loan associations and savings accounts of federal savings and loan associations, if the associations are doing business in this state and have their accounts insured by the Federal Savings and Loan Insurance Corporation.

(3) Purchase of any of the securities authorized for investment by Section 16430 of the Government Code.

(4) Participation funds that are exempt from federal income tax pursuant to Section 501(c)(3) of Title 26 of the United States Code and that are open exclusively to nonprofit colleges, universities, and independent schools.

(5) Investment certificates or withdrawable shares in federal or state credit unions, if the credit unions are doing business in this state and have their accounts insured by the National Credit Union Administration, and if any money so invested or deposited is invested or deposited in certificates, shares, or accounts fully recovered by that insurance.

(6) Deposits with the county treasurer of the county in which the district is located.

(d) The student government of a community college with an annual building and operating fee pursuant to this section shall determine the appropriate uses of the fee income and the student body center facility itself.

(B) The person driving the vehicle refused to submit to or complete a chemical test requested by the peace officer.

(2) A vehicle impounded pursuant to paragraph (1) shall be impounded for the following period of time:

(A) Five days, if the person has been convicted once of violating Section 23140, 23152, or 23153, and the violation occurred within the preceding 10 years.

(B) Fifteen days, if the person has been convicted two or more times of violating Section 23140, 23152, or 23153, or any combination thereof, and the violations occurred within the preceding 10 years.

(3) Within two working days after impoundment, the impounding agency shall send a notice by certified mail, return receipt requested, to the legal owner of the vehicle, at the address obtained from the department, informing the owner that the vehicle has been impounded. Failure to notify the legal owner within two working days shall prohibit the impounding agency from charging for more than five days' impoundment when the legal owner redeems the impounded vehicle. The impounding agency shall maintain a published telephone number that provides information 24 hours a day regarding the impoundment of vehicles and the rights of a registered owner to request a hearing.

(b) The registered and legal owner of a vehicle that is removed and seized under subdivision (a) or his or her agent shall be provided the opportunity for a storage hearing to determine the validity of, or consider any mitigating circumstances attendant to, the storage, in accordance with Section 22852.

(c) Any period during which a vehicle is subjected to storage under this section shall be included as part of the period of impoundment ordered by the court under Section 23594.

(d) (1) The impounding agency shall release the vehicle to the registered owner or his or her agent prior to the end of the impoundment period under any of the following circumstances:

(A) When the vehicle is a stolen vehicle.

(B) When the vehicle is subject to bailment and is driven by an unlicensed employee of a business establishment, including a parking service or repair garage.

(C) When the driver of the vehicle is not the sole registered owner of the vehicle and the vehicle is being released to another registered owner of the vehicle who agrees not to allow the driver to use the vehicle until after the end of the impoundment period.

(2) A vehicle shall not be released pursuant to this subdivision without presentation of the registered owner's or agent's currently valid driver's license to operate the vehicle and proof of current vehicle registration, or upon order of a court.

(e) The registered owner or his or her agent is responsible for all towing and storage charges related to the impoundment, and any administrative charges authorized under Section 22850.5.

(f) A vehicle removed and seized under subdivision (a) shall be released to the legal owner of the vehicle or the legal owner's agent prior to the end of the impoundment period if all of the following conditions are met:

(1) The legal owner is a motor vehicle dealer, bank, credit union, acceptance corporation, or other licensed financial institution legally operating in this state, or is another person who is not the registered owner and holds a security interest in the vehicle.

(2) The legal owner or the legal owner's agent pays all towing and storage fees related to the seizure of the vehicle. A lien sale processing fee shall not be charged to the legal owner who redeems the vehicle prior to the 10th day of impoundment. The impounding authority or any person having possession of the vehicle shall not collect from the legal owner of the type specified in paragraph (1), or the legal owner's agent any administrative charges imposed pursuant to Section 22850.5 unless the legal owner voluntarily requested a poststorage hearing.

(3) (A) The legal owner or the legal owner's agent presents either lawful foreclosure documents or an affidavit of repossession for the vehicle, and a security agreement or title showing proof of legal ownership for the vehicle. All presented documents may be originals, photocopies, or facsimile copies, or may be transmitted electronically. The impounding agency shall not require a document to be notarized. The impounding agency may require the agent of the legal owner to produce a photocopy or facsimile copy of its repossession agency license or registration issued pursuant to Chapter 11 (commencing with Section 7500) of Division 3 of the Business and Professions Code, or to demonstrate, to the satisfaction of the impounding agency, that the agent is exempt from licensure pursuant to Section 7500.2 or 7500.3 of the Business and Professions Code.

(B) Administrative costs authorized under subdivision (a) of Section 22850.5 shall not be charged to the legal owner of the type specified in paragraph (1), who redeems the vehicle unless the legal owner voluntarily

requests a poststorage hearing. A city, county, city or county, or state agency shall not require a legal owner or a legal owner's agent to request a poststorage hearing as a requirement for release of the vehicle to the legal owner or the legal owner's agent. The impounding agency shall not require any documents other than those specified in this paragraph. The impounding agency shall not require any documents to be notarized.

(C) As used in this paragraph, "foreclosure documents" means an "assignment" as that term is defined in subdivision (o) of Section 7500.1 of the Business and Professions Code.

(g) (1) A legal owner or the legal owner's agent who obtains release of the vehicle pursuant to subdivision (f) may not release the vehicle to the registered owner of the vehicle or any agents of the registered owner, unless the registered owner is a rental car agency, until after the termination of the impoundment period.

(2) The legal owner or the legal owner's agent shall not relinquish the vehicle to the registered owner until the registered owner or that owner's agent presents his or her valid driver's license or valid temporary driver's license to the legal owner or the legal owner's agent. The legal owner or the legal owner's agent shall make every reasonable effort to ensure that the license presented is valid.

(3) Prior to relinquishing the vehicle, the legal owner may require the registered owner to pay all towing and storage charges related to the impoundment and any administrative charges authorized under Section 22850.5 that were incurred by the legal owner in connection with obtaining custody of the vehicle.

(h) (1) A vehicle removed and seized under subdivision (a) shall be released to a rental car agency prior to the end of the impoundment period if the agency is either the legal owner or registered owner of the vehicle and the agency pays all towing and storage fees related to the seizure of the vehicle.

(2) The owner of a rental vehicle that was seized under this section may continue to rent the vehicle upon recovery of the vehicle. However, the rental car agency shall not rent another vehicle to the driver of the vehicle that was seized until the impoundment period has expired.

(3) The rental car agency may require the person to whom the vehicle was rented to pay all towing and storage charges related to the impoundment and any administrative charges authorized under Section 22850.5 that were incurred by the rental car agency in connection with obtaining custody of the vehicle.

(i) Notwithstanding any other provision of this section, the registered owner, and not the legal owner, shall remain responsible for any towing and storage charges related to the impoundment, any administrative

charges authorized under Section 22850.5, and any parking fines, penalties, and administrative fees incurred by the registered owner.

(j) The impounding agency is not liable to the registered owner for the improper release of the vehicle to the legal owner or the legal owner's agent provided the release complies with this section.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

[Approved by Governor October 7, 2005. Filed with
Secretary of State October 7, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 6710 of the Business and Professions Code is amended to read:

6710. (a) There is in the Department of Consumer Affairs a Board for Professional Engineers and Land Surveyors, which consists of 13 members.

(b) Any reference in any law or regulation to the Board of Registration for Professional Engineers and Land Surveyors is deemed to refer to the Board for Professional Engineers and Land Surveyors.

(c) This section shall become inoperative on July 1, 2008, and, as of January 1, 2009, is repealed, unless a later enacted statute, that becomes effective on or before January 1, 2009, deletes or extends the dates on which it becomes inoperative and is repealed. The repeal of this section renders the board subject to the review required by Division 1.2 (commencing with Section 473).

SEC. 2. Section 6714 of the Business and Professions Code, as amended by Section 2 of Chapter 48 of the Statutes of 2005, is amended to read:

6714. The board shall appoint an executive officer at a salary to be fixed and determined by the board with the approval of the Director of Finance.

This section shall become inoperative on July 1, 2008, and, as of January 1, 2009, is repealed, unless a later enacted statute, that becomes effective on or before January 1, 2009, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. Section 6715 of the Business and Professions Code is amended to read:

6715. The board shall compile and maintain, or may have compiled and maintained on its behalf, a register of all licensees that contains information showing the name, address of record, type of branch license, license number, the date the license was issued, and the date the license will expire.

SEC. 4. Section 6736 of the Business and Professions Code is amended to read:

6736. No person shall use the title, "structural engineer," or any combination of these words or abbreviations thereof, unless he or she is a licensed civil engineer in this state and unless he or she has been found qualified as a structural engineer according to the rules and regulations established for structural engineers by the board.

SEC. 5. Section 6736.1 of the Business and Professions Code is amended to read:

6736.1. (a) No person shall use the title, "soil engineer," "soils engineer," or "geotechnical engineer," or any combination of these words or abbreviations thereof, unless he or she is a licensed civil engineer in this state and files an application to use the appropriate title with the board and the board determines the applicant is qualified to use the requested title.

(b) The board shall establish qualifications and standards to use the title "soil engineer," "soils engineer," or "geotechnical engineer." However, each applicant shall demonstrate a minimum of four years qualifying experience beyond that required for licensure as a civil engineer, and shall pass the examination specified by the board.

(c) For purposes of this section, "qualifying experience" means proof of responsible charge of soil engineering projects in at least 50 percent of the major areas of soil engineering, as determined by the board.

(d) Nothing contained in this chapter requires existing references to "soil engineering," "soils engineering," "geotechnical engineering," "soil engineer," "soils engineer," or "geotechnical engineer," in local agency

ordinances, building codes, regulations, or policies, to mean that those activities or persons must be registered or authorized to use the relevant title or authority.

SEC. 6. Section 6755.1 of the Business and Professions Code is amended to read:

6755.1. (a) The second division of the examination for registration as a professional engineer shall include questions to test the applicant's knowledge of state laws and the board's rules and regulations regulating the practice of professional engineering. The board shall administer the test on state laws and board rules regulating the practice of engineering in this state as a separate part of the second division of the examination for registration as a professional engineer.

(b) On and after April 1, 1988, the second division of the examination for registration as a civil engineer shall also include questions to test the applicant's knowledge of seismic principles and engineering surveying principles as defined in Section 6731.1. No registration for a civil engineer shall be issued by the board on or after January 1, 1988, to any applicant unless he or she has successfully completed questions to test his or her knowledge of seismic principles and engineering surveying principles.

The board shall administer the questions to test the applicant's knowledge of seismic principles and engineering surveying principles as a separate part of the second division of the examination for registration as a civil engineer.

It is the intent of the Legislature that this section confirm the authority of the board to issue registrations prior to April 1, 1988, to applicants based on examinations not testing the applicant's knowledge of seismic principles and engineering surveying principles as defined in Section 6731.1.

SEC. 7. Section 6780 of the Business and Professions Code is amended to read:

6780. (a) A petitioner may petition the board for reinstatement or modification of penalty, including reduction, modification, or termination of probation, after the following minimum periods have elapsed from the effective date of the decision ordering the disciplinary action, or if the order of the board or any portion of it is stayed by a court of law, from the date the disciplinary action is actually implemented in its entirety:

(1) Except as otherwise provided in this section, at least three years for reinstatement of a certificate that was revoked or surrendered. However, the board may, in its sole discretion, specify in its order of revocation or surrender a lesser period of time that shall be at minimum one year.

(2) At least two years for early termination of a probation period of three years or more.

(3) At least one year for early termination of a probation period of less than three years.

(4) At least one year for reduction or modification of a condition of probation.

(b) The board shall notify the Attorney General of the filing of the petition. The petitioner and the Attorney General shall be given timely notice by letter of the time and place of the hearing on the petition, and the petitioner and the Attorney General shall be given the opportunity to present both oral and documentary evidence and argument to the board. The petitioner shall at all times have the burden of proof to establish by clear and convincing evidence that he or she is entitled to the relief sought in the petition.

(c) The board itself or an administrative law judge, if one is designated by the board, shall hear the petition and shall prepare a written decision setting forth the reasons supporting the decision.

(d) The board may grant or deny the petition or may impose any terms and conditions that it reasonably deems appropriate as a condition of reinstatement or reduction or modification of the penalty.

(e) No petition shall be considered while the petitioner is under sentence for any criminal offense, including any period during which the petitioner is on court-imposed probation or parole. No petition shall be considered while there is an accusation or petition to revoke probation pending against the petitioner.

(f) The board may, in its discretion, deny without hearing or argument any petition that is filed pursuant to this section within a period of two years from the effective date of a prior decision following a hearing under this section.

(g) Judicial review of the board's decision following a hearing under this section may be sought by way of a petition for writ of administrative mandamus pursuant to Section 1094.5 of the Code of Civil Procedure. The party seeking to overturn the board's decision shall have the burden of proof in any mandamus proceeding. In the mandamus proceeding, if it is alleged that there has been an abuse of discretion because the board's findings are not supported by the evidence, abuse of discretion is established if the court determines that the findings are not supported by substantial evidence in light of the whole record.

(h) The following definitions apply for purposes of this section:

(1) "Certificate" includes certificate of registration or license as a professional engineer; certificates of authority to use the titles "structural engineer," "geotechnical engineer," "soil engineer," "soils engineer," or "consulting engineer;" and certification as an engineer-in-training.

(2) "Petitioner" means a professional engineer or an engineer-in-training whose certificate has been revoked, suspended, or surrendered or placed on probation.

SEC. 8. Section 7804.1 of the Business and Professions Code is amended to read:

7804.1. Only a person registered as a geophysicist under the provisions of this chapter shall be entitled to take and use the title "professional geophysicist." Only a person registered as a geophysicist and certified under the provisions of this chapter shall be entitled to take and use the title of a registered certified specialty geophysicist.

SEC. 9. Section 7806 of the Business and Professions Code is amended to read:

7806. A subordinate is any person who assists a professional geologist or professional geophysicist in the practice of geology or geophysics without assuming the responsible charge of work.

SEC. 10. Section 7810 of the Business and Professions Code is amended to read:

7810. The Board for Geologists and Geophysicists is within the department and is subject to the jurisdiction of the department. Except as provided in this section, the board shall consist of eight members, five of whom shall be public members, two of whom shall be geologists, and one of whom shall be a geophysicist.

Each member shall hold office until the appointment and qualification of the member's successor or until one year has elapsed from the expiration of the term for which the member was appointed, whichever occurs first. Vacancies occurring prior to the expiration of the term shall be filled by appointment for the remainder of the unexpired term.

Each appointment shall be for a four-year term expiring June 1 of the fourth year following the year in which the previous term expired. No person shall serve as a member of the board for more than two consecutive terms.

The Governor shall appoint three of the public members and the three members qualified as provided in Section 7811. The Senate Committee on Rules and the Speaker of the Assembly shall each appoint a public member, and their initial appointment shall be made to fill, respectively, the first and second public member vacancies that occurred on or after January 1, 1983.

At the time the first vacancy is created by the expiration of the term of a public member appointed by the Governor, the board shall be reduced to consist of seven members, four of whom shall be public members, two of whom shall be geologists, and one of whom shall be a geophysicist. Notwithstanding any other provision of law, the term of

that member shall not be extended for any reason, except as provided in this section.

This section shall become inoperative on July 1, 2008, and, as of January 1, 2009, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2009, deletes or extends the dates on which it becomes inoperative and is repealed. The repeal of this section renders the board subject to the review required by Division 1.2 (commencing with Section 473).

SEC. 11. Section 7815.5 of the Business and Professions Code is amended to read:

7815.5. The board may appoint a person exempt from civil service who shall be designated as an executive officer and who shall exercise the powers and perform the duties delegated by the board and vested in him or her by this chapter.

This section shall become inoperative on July 1, 2008, and, as of January 1, 2009, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 2009, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 12. Section 7830.1 of the Business and Professions Code is amended to read:

7830.1. After one year following the effective date of this section, it shall be unlawful for anyone other than a geophysicist registered under this chapter to stamp or seal any plans, specifications, plats, reports, or other documents with the seal or stamp of a registered geophysicist, professional geophysicist, or registered certified specialty geophysicist, or to use in any manner the title "registered geophysicist," "professional geophysicist," or the title of any registered certified specialty geophysicist unless registered, or registered and certified, under this chapter.

SEC. 13. Section 7833 of the Business and Professions Code is amended to read:

7833. This chapter does not prohibit one or more geologists or geophysicists from practicing through the entity of a sole proprietorship, partnership, or corporation. In a partnership or corporation whose primary activity consists of geological services, at least one partner or officer shall be a professional geologist. In a partnership or corporation whose primary activity consists of geophysical services, at least one partner or officer shall be a professional geophysicist.

SEC. 14. Section 7835.1 of the Business and Professions Code is amended to read:

7835.1. All geophysical plans, specifications, reports, or documents shall be prepared by a professional geophysicist, registered certified specialty geophysicist, professional geologist, registered certified specialty geologist, or by a subordinate employee under his or her

direction. In addition, they shall be signed by the professional geophysicist, registered certified specialty geophysicist, professional geologist, or registered certified specialty geologist, or stamped with his or her seal, either of which shall indicate his or her responsibility for them.

SEC. 15. Section 7837 of the Business and Professions Code is amended to read:

7837. A subordinate to a geologist or geophysicist registered under this chapter, insofar as he or she acts solely in that capacity, is exempt from registration under the provisions of this chapter. This exemption, however, does not permit any subordinate to practice geology or geophysics for others in his or her own right or to use the title "professional geologist" or "professional geophysicist."

SEC. 16. Section 7841.1 of the Business and Professions Code is amended to read:

7841.1. An applicant for registration as a geophysicist shall have all of the following qualifications. This section shall not apply to applicants for registration as geologists.

(b) Meet one of the following educational requirements fulfilled at a school or university whose curricula meet criteria established by rules of the board.

(1) Graduation with a major in a geophysical science or any other discipline which in the opinion of the board is relevant to geophysics.

(2) Completion of a combination of at least 30 semester hours, in courses which in the opinion of the board are relevant to geophysics. At least 24 semester hours, or the equivalent, shall be in the third or fourth year, or graduate courses.

(c) Have at least seven years of professional geophysical work which shall include either a minimum of three years of professional geophysical work under the supervision of a professional geophysicist, except that prior to July 1, 1973, professional geophysical work shall qualify under this subdivision if it is under the supervision of a qualified geophysicist, or a minimum of five years' experience in responsible charge of professional geophysical work. Professional geophysical work does not include the routine maintenance or operation of geophysical instruments, or, even if carried out under the responsible supervision of a professional geophysicist, the routine reduction or plotting of geophysical observations.

Each year of undergraduate study in the geophysical sciences referred to in this section shall count as one-half year of training up to a maximum

of two years, and each year of graduate study or research counts as a year of training.

Teaching in the geophysical sciences referred to in this section at a college level shall be credited year for year toward meeting the requirement in this category, provided that the total teaching experience includes six semester units per semester, or equivalent if on the quarter system, of third or fourth year or graduate courses.

Credit for undergraduate study, graduate study, and teaching, individually, or in any combination thereof, shall in no case exceed a total of four years towards meeting the requirements for at least seven years of professional geophysical work as set forth above.

The ability of the applicant shall have been demonstrated by his or her having performed the work in a responsible position, as the term "responsible position" is defined in regulations adopted by the board. The adequacy of the required supervision and experience shall be determined by the board in accordance with standards set forth in regulations adopted by it.

(d) Successfully pass a written examination.

SEC. 17. Section 7850 of the Business and Professions Code is amended to read:

7850. Any applicant who has passed the examination and has otherwise qualified hereunder as a geologist, upon payment of the registration fee fixed by this chapter shall have a certificate of registration issued to him or her as a professional geologist.

(b) Each specialty geophysicist certified under this chapter may, upon certification, obtain a seal of the design authorized by the board bearing the registrant's name, number of his or her certificate and the legend "certified specialty geophysicist."

SEC. 20. Section 7872 of the Business and Professions Code is amended to read:

7872. Every person is guilty of a misdemeanor and for each offense of which he or she is convicted is punishable by a fine of not more than one thousand dollars (\$1,000) or by imprisonment not to exceed three months, or by both fine and imprisonment:

(a) Who, unless he or she is exempt from registration under this chapter, practices or offers to practice geology or geophysics for others in this state according to the provisions of this chapter without legal authorization.

(b) Who presents or attempts to file as his or her own the certificate of registration of another.

(c) Who gives false evidence of any kind to the board, or to any member thereof, in obtaining a certificate of registration.

(d) Who impersonates or uses the seal of any other practitioner.

(e) Who uses an expired or revoked certificate of registration.

(f) Who shall represent himself or herself as, or use the title of, professional geologist, or any other title whereby the person could be considered as practicing or offering to practice geology for others, unless he or she is qualified by registration as a geologist under this chapter, or who shall represent himself or herself as, or use the title of, professional geophysicist, or any other title whereby the person could be considered as practicing or offering to practice geophysics for others, unless he or she is qualified by registration as a geophysicist under this chapter.

(g) Who manages, or conducts as manager, proprietor, or agent, any place of business from which geological or geophysical work is solicited, performed or practiced for others, unless the geological work is supervised or performed by a professional geologist, or unless the geophysical work is supervised or performed by a professional geophysicist or geologist.

(h) Who violates any provision of this chapter.

SEC. 21. Section 8710 of the Business and Professions Code is amended to read:

8710. (a) The Board for Professional Engineers and Land Surveyors is vested with power to administer the provisions and requirements of this chapter, and may make and enforce rules and regulations that are reasonably necessary to carry out its provisions.

(b) The board may adopt rules and regulations of professional conduct that are not inconsistent with state and federal law. The rules and regulations may include definitions of incompetence and negligence. Every person who holds a license or certificate issued by the board pursuant to this chapter, or a license or certificate issued to a civil engineer pursuant to Chapter 7 (commencing with Section 6700), shall be governed by these rules and regulations.

(c) This section shall become inoperative on July 1, 2008, and, as of January 1, 2009, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 2009, deletes or extends the dates on which it becomes inoperative and is repealed. SEC. 22. Section 8741 of the Business and Professions Code is amended to read:

8741. (a) The first division of the examination shall test the applicant's fundamental knowledge of surveying, mathematics, and basic science. The board may prescribe by regulation reasonable educational or experience requirements including two years of postsecondary education in land surveying, two years of experience in land surveying, or a combination of postsecondary education and experience in land surveying totaling two years for admission to the first division of the examination. Applicants who have passed the engineer-in-training examination, or who hold professional engineer registration, are exempt from this division of the examination.

The second division of the examination shall test the applicant's ability to apply his or her knowledge and experience and to assume responsible charge in the professional practice of land surveying.

(b) The applicant for the second division examination shall have successfully passed the first division examination, or shall be exempt therefrom. The applicant shall be thoroughly familiar with (1) the procedure and rules governing the survey of public lands as set forth in "Manual of Surveying Instructions," published by the Bureau of Land Management, Department of the Interior, Washington, D.C. and (2) the principles of real property relating to boundaries and conveyancing.

(c) The board may by rule provide for a waiver of the first division of the examination for applicants whose education and experience qualifications substantially exceed the requirements of Section 8742.

(d) The board may by rule provide for a waiver of the second division of the examination and the assignment to a special examination for those applicants whose educational qualifications are equal to, and whose experience qualifications substantially exceed, those qualifications established under subdivision (c). The special examination may be either written or oral, or a combination of both.

SEC. 23. Section 8741.1 of the Business and Professions Code is amended to read:

8741.1. The second division of the examination for licensure as a land surveyor shall include an examination that incorporates a national examination for land surveying by a nationally recognized entity approved by the board, and a supplemental California specific

examination. The California specific examination shall test the applicant's knowledge of the provisions of this chapter and the board's rules and regulations regulating the practice of professional land surveying in this state.

The board shall use the national examination on or before June 1, 2003. In the meantime, the board may continue to provide the current state-only second division examination and administer the test on the provisions of this chapter and board rules as a separate part of the second division examination for licensure as a land surveyor.

SEC. 24. Section 8753 of the Business and Professions Code is repealed.

SEC. 25. Section 8761 of the Business and Professions Code is amended to read:

All maps, plats, reports, descriptions, or other documents shall be prepared by, or under the responsible charge of a licensed land surveyor or civil engineer authorized to practice land surveying and shall include his or her name and license number. If the document has multiple pages or sheets, the signature, the seal or stamp, date of signing and sealing or stamping, and expiration date of the license shall appear, at a minimum, on the title sheet, cover sheet or page, or signature sheet.

(b) Interim maps, plats, reports, descriptions, or other documents shall include a notation as to the intended purpose of the map, plat, report, description, or other document, such as "preliminary" or "for examination only."

(c) All final maps, plats, reports, descriptions, or other documents issued by a licensed land surveyor or civil engineer authorized to practice land surveying shall bear the signature and seal or stamp of the licensee, the date of signing and sealing or stamping, and the expiration date of the license.

SEC. 26. Section 8764 of the Business and Professions Code is amended to read:

8764. The record of survey shall show the applicable provisions of the following consistent with the purpose of the survey:

(a) All monuments found, set, reset, replaced, or removed, describing their kind, size, and location, and giving other data relating thereto.

(b) Bearing or witness monuments, basis of bearings, bearing and length of lines, scale of map, and north arrow.

(c) Name and legal designation of the property in which the survey is located, and the date or time period of the survey.

The rate of per diem for depositions shall not exceed seventy-five dollars (\$75) for a half day, or one hundred twenty-five dollars (\$125) for a full day. In the event that a transcript is ordered within one year of the date of the deposition, but subsequent to the per diem having been reimbursed by the Transcript Reimbursement Fund, the amount of the per diem shall be deducted from the amount of transcript. The commission shall ensure that a customer consents prior to enrollment. (e) The commission's program of assistance to low-income electric and gas customers shall, as soon as practicable, include nonprofit group living facilities specified by the commission, if the commission finds that the residents in these facilities substantially meet the commission's low-income eligibility requirements and there is a feasible process for certifying that the assistance shall be used for the direct benefit, such as improved quality of care or improved food service, of the low-income residents in the facilities. The commission shall authorize utilities to offer discounts to eligible facilities licensed or permitted by appropriate state or local agencies, and to facilities, including women's shelters, hospices, and homeless shelters, that may not have a license or permit but provide other proof satisfactory to the utility that they are eligible to participate in the program.

(f) It is the intent of the Legislature that the commission ensure CARE program participants are afforded the lowest possible electric and gas rates and, to the extent possible, are exempt from additional surcharges attributable to the current energy crisis.

CHAPTER 663

An act to add Chapter 8.5 (commencing with Section 8720) to Division 1 of Title 2 of the Government Code, relating to Mexican repatriation.

[Approved by Governor October 7, 2005. Filed with
Secretary of State October 7, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 8.5 (commencing with Section 8720) is added to Division 1 of Title 2 of the Government Code, to read:

CHAPTER 8.5. MEXICAN REPATRIATION

8720. This chapter may be cited as the "Apology Act for the 1930s Mexican Repatriation Program."

8721. The Legislature finds and declares all of the following:

(a) Beginning in 1929, government authorities and certain private sector entities in California and throughout the United States undertook an aggressive program to forcibly remove persons of Mexican ancestry from the United States.

(b) In California alone, approximately 400,000 American citizens and legal residents of Mexican ancestry were forced to go to Mexico.

(c) In total, it is estimated that two million people of Mexican ancestry were forcibly relocated to Mexico, approximately 1.2 million of whom had been born in the United States, including the State of California.

(d) Throughout California, massive raids were conducted on Mexican-American communities, resulting in the clandestine removal of thousands of people, many of whom were never able to return to the United States, their country of birth.

(e) These raids also had the effect of coercing thousands of people to leave the country in the face of threats and acts of violence.

(f) These raids targeted persons of Mexican ancestry, with authorities and others indiscriminately characterizing these persons as “illegal aliens” even when they were United States citizens or permanent legal residents.

(g) Authorities in California and other states instituted programs to wrongfully remove persons of Mexican ancestry and secure transportation arrangements with railroads, automobiles, ships, and airlines to effectuate the wholesale removal of persons out of the United States to Mexico.

(h) As a result of these illegal activities, families were forced to abandon, or were defrauded of, personal and real property, which often was sold by local authorities as “payment” for the transportation expenses incurred in their removal from the United States to Mexico.

(i) As a further result of these illegal activities, United States citizens and legal residents were separated from their families and country and were deprived of their livelihood and United States constitutional rights.

(j) As a further result of these illegal activities, United States citizens were deprived of the right to participate in the political process guaranteed to all citizens, thereby resulting in the tragic denial of due process and equal protection of the laws.

8722. The State of California apologizes to those individuals described in Section 8721 for the fundamental violations of their basic civil liberties and constitutional rights committed during the period of illegal deportation and coerced emigration. The State of California regrets the suffering and hardship those individuals and their families endured as a direct result of the government sponsored Repatriation Program of the 1930s.

8723. A plaque commemorating the individuals described in Section 8721 shall be installed and maintained by the Department of Parks and Recreation at an appropriate public place in Los Angeles. If the plaque is not located on state property, the department shall consult with the appropriate local jurisdiction to determine a site owned by the City or County of Los Angeles for location of the plaque.

(y) "Reuse plan" means the document entitled "Oakland Base Reuse Authority - Gateway to the East Bay: Final Reuse Plan for the Oakland Army Base adopted July 31, 2002."

(z) "Tidelands" means lands waterward of the ordinary high water mark, and includes submerged lands.

(aa) "Town grant" means Chapter 107 of the Statutes of 1852.

(bb) "Trustee" or "trustees" means OBRA, ORA, the city, and the port, to the extent these entities are authorized by this act or the 1911 grant to administer OARB trust lands.

SEC. 3. The Legislature finds and declares all of the following:

(a) The purpose of this act is to resolve public trust title uncertainties in the lands comprising the Oakland Army Base redevelopment property, and to facilitate the productive reuse of those lands in a manner that will further the purposes of the trust. To effectuate this purpose, this act approves and authorizes the commission to carry out a boundary settlement and trust exchange under which those lands having the greatest value to the trust will be exchanged into the trust, and those lands that are not needed for trust purposes will be exchanged out of the trust.

(b) The OARB redevelopment property includes lands that, at the time California became a state, were tidelands. By virtue of its sovereignty, the state acquired title to these lands in trust for the people of the state for purposes of commerce, navigation, and fisheries.

(c) The lands comprising that portion of the OARB redevelopment property north of the 1862 Oakland city charter line, established by Section 2 of Chapter 294 of the Statutes of 1862, were conveyed by the state into private ownership pursuant to Chapter 388 of the Statutes of 1869-1870. These lands were filled prior to 1980 and were freed of the trust by application of the holding and decision of the California Supreme Court in *City of Berkeley v. Superior Court* (1980) 26 Cal. 3d 515.

(d) The remaining tidelands within the OARB redevelopment property were granted to the Town of Oakland and later the City of Oakland by the Legislature. Through a series of grants, including in particular the town grant and the 1911 grant, the State of California granted to the Town of Oakland and later the City of Oakland, subject to certain reservations, all the right, title, and interest of the State of California held by the state by virtue of its sovereignty in and to certain tidelands therein described to be forever held by the city and by its successors in trust.

(e) The location of tidelands within OARB redevelopment property is subject to uncertainty that could result in lengthy land title litigation. The factors bearing on the uncertainty as to the extent of tidelands within the OARB redevelopment property include, but are not limited to, legal questions concerning an 1852 transfer of tidelands along the Oakland waterfront to a private party by the Town of Oakland; the effect of subsequent litigation and court decisions concerning that transfer; and the basis and validity of a 1910 boundary line agreement entered into by the City of Oakland and a private party within the OARB redevelopment property purporting to establish the waterward boundary of lands transferred by the Town of Oakland to a private party in 1852 at what is now the eastern line of Maritime Street.

(f) Through a series of acquisitions and condemnation actions beginning in 1941, the United States Army obtained title to what came to be known as the Oakland Army Base. The United States acquired the entirety of the EDC property west of the eastern line of Maritime Street through several condemnation actions, which culminated in a stipulated final judgment in 1952 in *United States v. 72 Acres of Land*, N.D. Cal. Nos. 21758-L, 21930-L and 22084-L.

(g) The former Oakland Army Base was used by the United States from 1941 until it was closed in 1999, primarily as an Army cargo and distribution facility. Pursuant to the Defense Base Closure and Realignment Act of 1990 (Part A of Title XXIX of P.L. 101-510), the

base was designated for closure in 1995. OBRA was created in 1995 and is the legally recognized local reuse authority for the base under the base closure process. In 1999, the base was closed and OBRA assumed management and control of most of the base. In August 2003, the Army transferred the EDC property to OBRA as a no-cost economic development conveyance. Under federal base closure law, OBRA is required to reinvest proceeds generated at or received from the base for employment generation and economic development of the base for a period of seven years following conveyance.

(h) To address hazardous substances on the EDC property, OBRA commissioned, and DTSC approved in 2002, the RAP/RMP, which set forth cleanup obligations and standards and established risk management protocols for the EDC property. In 2003, OBRA, ORA, and DTSC entered into the consent agreement, providing a schedule for implementing the RAP/RMP, and the Covenant to Restrict Use of Property, establishing use limitations to ensure that future use and development of the EDC property is consistent with the protection of human health and the environment. Prior to the transfer of the EDC property from the Army to OBRA, the Army issued a Finding of Suitability for Early Transfer (FOSET) pursuant to Section 120(h)(3)(C) of the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (42 U.S.C. Section 9620(h)(3)(C)) and U.S. Department of Defense guidance (1998). In the FOSET, the Army determined that: (1) use restrictions placed on the EDC property through the Covenant to Restrict Use of Property assured protection of human health and the environment; (2) the response actions and risk management protocols identified in the RAP/RMP will assure remediation of the EDC property; (3) the schedule for undertaking those actions is adequately set forth in the consent agreement; and (4) there are adequate funds available to ensure completion of the remediation. Based on the findings in the FOSET and additional financial assurances from the city, OBRA, ORA, and the port to ensure completion of the remediation, the Governor, in accordance with Section 120(h)(3)(C) of CERCLA, concurred with the Army that the EDC property was suitable for early transfer and deferred the covenant required by Section 120(h)(3)(B) of CERCLA.

(i) In anticipation of the transfer of the EDC property to OBRA, the city and the port worked together on a reuse and redevelopment vision for the base, culminating in OBRA's adoption of a final reuse plan for the OARB redevelopment property in 2002. The reuse plan was designed to maximize trust benefits by identifying the optimal configuration of trust lands given current and anticipated port needs, potential waterfront recreational opportunities, and the desire to minimize bay fill.

(j) The reuse plan contemplates a port development area of approximately 235 acres adjacent to the port's existing Oakland Outer Harbor terminals. OBRA has transferred to the port approximately 20 acres of land that is presently filled and 50 acres of land that is presently submerged within the port development area west of the eastern line of Maritime Street. Most of the lands in the proposed port development area are located in the portion of the OARB redevelopment property east of Maritime Street, and will later be transferred by OBRA to the port. The port is also seeking to acquire certain interests in the OARB adjacent parcels, which are essential for the port to acquire in order for the port to meet the year 2020 cargo throughput demand forecasts in BCD's San Francisco Bay Area Seaport Plan. The acquisition of the port development area lands will allow the port to consolidate and reconfigure its existing terminals, expand its cargo capacity, create a new larger and more productive Joint Intermodal Rail Terminal, and construct its proposed Berth 21 project. The port development program was designed to allow the port to achieve the year 2020 cargo throughput demand forecasts set forth in the BCD's San Francisco Bay Area Seaport Plan. The port has estimated that, as a result of the increased capacity and more efficient design of port facilities made possible by the development of the port development area, overall cargo throughput at the port's maritime facilities could be increased by approximately 500,000 metric tons, exceeding the throughput demand forecasts contained in the seaport plan and conferring a substantial benefit on the region and the state.

(k) The Gateway development area is situated adjacent to the Bay Bridge touchdown in Oakland at the point of entry to Oakland and the East Bay. The reuse plan proposes a mixed-use development plan to revitalize this area and to satisfy OBRA's federal job-creation and redevelopment obligations. OBRA has proposed the development of a high-quality destination open-space park that would encompass the entire existing waterfront within the proposed Gateway development area. Development of this park would open almost a mile of previously inaccessible waterfront to the public for recreational purposes, and would directly connect with lands currently held by the federal government to the west of the OARB redevelopment property anticipated for use in the future as a shoreline regional park. The remaining lands in the Gateway development area would be developed for a variety of commercial or light industrial uses which would create significant economic and employment benefits for Oakland.

(l) Over the past several decades, the community of west Oakland has experienced a sharp decline in economic vitality as a result of a decline in Oakland's industrial base. In 2000, the city approved and adopted the Oakland Army Base Area Redevelopment Plan for the

Oakland Army Base Area Redevelopment Project, pursuant to the Community Redevelopment Law (Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code). The redevelopment project area includes the OARB redevelopment property. The redevelopment project is intended to mitigate the economic and social degradation faced by the city due to the closure of the Army base by redesigning and redeveloping portions of the project area which are improperly utilized, improving pedestrian and vehicular circulation, and constructing and installing infrastructure and other improvements to stimulate new development, employment, and social and economic growth. The city and OBRA anticipate that ORA will succeed to OBRA's interest in the Gateway development area portion of the OARB redevelopment property.

(m) In recognition of the improved efficiencies and increased maritime cargo capability that the reconfigured port marine terminals and Joint Intermodal Rail Terminal would provide, and to ensure the availability of adequate land for port ancillary uses, including trucking uses, BCDC amended the San Francisco Bay plan and the San Francisco Bay Area seaport plan in 2001 to add certain lands to its designated port priority use area, retain the port priority use designation over the port development area and a portion of the Gateway development area, and remove the designation from the remainder of the Gateway development area. BCDC determined that the additional port priority use acreage for port ancillary uses is sufficient to meet the need for directly related port ancillary uses at the Port of Oakland.

(n) The historical circumstances surrounding the grants and conveyances of tidelands within the OARB redevelopment property, the 1910 boundary line agreement, the fact and manner of the federal government's acquisition of tidelands for OARB, and other factors relating to the state's public trust claims have all created uncertainties as to the nature and extent of the state's sovereign interest in the OARB redevelopment property. These legal uncertainties, including trial litigation and possible appeals from trial court rulings, would delay development of the OARB redevelopment property for years, to the detriment of its use for both public trust and nonpublic trust purposes. It is in the best interests of the people of the state to resolve these uncertainties in a manner that furthers trust purposes.

(o) A configuration of trust lands that is based on the 1910 boundary line agreement would not reflect current and anticipated trust needs. The lands east of Maritime Street within the port development area are needed to expand the port's terminal and transportation capacity and meet BCDC's 2020 cargo throughput demand forecasts. The lands west of the eastern line of Maritime Street within the Gateway development area

are not needed to meet these forecasts. The waterfront portion of these lands is better suited for park and recreational purposes, and the landward portion is no longer needed for trust purposes.

(p) (1) A trust exchange is needed to confirm the state's sovereign interest in lands within the OARB redevelopment property and to place the trust on the lands of greatest value to the trust. A trust exchange that substantially reflects the proposed trust land configuration illustrated in Section 16 and that complies with the requirements of this act will further trust purposes and substantially benefit the trust while allowing OBRA to achieve redevelopment goals set forth in the reuse plan and state redevelopment law and to satisfy federal reinvestment obligations.

(2) The diagram in Section 16 reflects the configuration of trust lands that is most advantageous to the public trust in light of all relevant considerations, including, but not limited to, port improvement plans, public access, and other present and anticipated future trust needs; legal and factual uncertainties in existing trust title; port ancillary uses; current and anticipated future transportation needs; and the city's redevelopment and reinvestment obligations.

(q) Following the exchange, all lands within the OARB redevelopment property immediately adjacent to the waterfront, as well as certain interior lands that have high trust values, will be subject to the public trust. The lands on which the trust will be terminated pursuant to the exchange have been or will be cut off from navigable waters, are no longer needed or required for the promotion of the public trust, and constitute a relatively small portion of the lands originally granted to the city. The port's Berth 21 project is part of a highly beneficial program of harbor development that will require the filling with solid earth of approximately 28 acres of land below the present line of mean high tide, including a strip of approximately 0.84 acres that is located in the Gateway development area. The findings required by this act will ensure that the trust is not terminated on this strip of land pursuant to an exchange until it has been filled and cut off from the waterfront. With the exception of this strip, all lands on which the trust will be terminated have already been filled and cut off from navigable waters as the result of a highly beneficial program of harbor development. This act requires that the commission ensure that the lands added to the trust pursuant to the exchange are of equal or greater value than the lands taken out of the trust.

(r) The OARB adjacent parcels are not part of the EDC property that was transferred to OBRA, but are located within the OARB redevelopment property, and are included in the port development area or the Gateway development area. The city, OBRA, ORA, and the port are seeking to acquire title or certain other rights and interests in these

lands. This act authorizes the commission to incorporate the OARB adjacent parcels into the trust exchange as necessary and appropriate to further trust purposes.

(s) This legislation advances the purposes of the Defense Base Closure and Realignment Act of 1990 (Part A of Title XXIX of P.L. 101-510), the Community Redevelopment Law (Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code), and the public trust, and is in the best interests of the people of this state.

SEC. 4. Except for the portions of the EDC property in which OBRA has previously transferred to the port all of OBRA's right, title, and interest, which shall be held by the port subject to the public trust and the requirements and reservations set forth in the 1911 grant and this act, all of the state's right, title, and interest in the lands within the EDC property, including any right, title, and interest in such lands currently held by the city by virtue of a prior grant from the state, are granted to and vested in OBRA, subject to the public trust and the requirements and reservations set forth in the 1911 grant and this act, and subject to agreements among OBRA, ORA, the city, and the port providing for the transfer to the port of other portions of the EDC property included within the port development area, to the extent that those agreements and any of their terms, conditions, and covenants are consistent with applicable law related to the public trust.

SEC. 5. Nothing in this act shall be construed as granting, conveying, extinguishing, or limiting any property interest in the OARB redevelopment property held by the California Department of Transportation in its proprietary capacity.

SEC. 6. (a) Notwithstanding the restrictions on alienation in the 1911 grant, OARB trust lands may be conveyed by and among OBRA, ORA, the city, and the port in accordance with applicable requirements, of the Charter of the City of Oakland, other applicable legal requirements, and any applicable contractual requirements, provided that any contractual requirements are consistent with applicable law related to the public trust. Any such conveyance for which conveyance documents are executed after the recordation of an exchange agreement authorized by this act shall require the prior approval of the commission, which shall not be unreasonably withheld. Upon acquiring fee title in any OARB trust lands pursuant to such conveyance or pursuant to an exchange, OBRA, ORA, the city, or the port shall succeed to all of the state's sovereign right, title, and interest in those lands, subject to the requirements of this act and the 1911 grant, and shall become the trustee for those lands.

(b) Notwithstanding subdivision (a) of this section, at such time that the Oakland Army Base Area Redevelopment Plan terminates, or on

January 1, 2045, whichever is earlier, the city (including the port) shall become the sole grantee of OARB trust lands, unless an extension is approved by the commission. This subdivision shall not apply to any OARB trust lands for which fee title is held by a state agency.

SEC. 7. Each trustee may use, conduct, operate, maintain, manage, administer, regulate, improve, lease, and control the OARB trust lands it owns and may do all things necessary in connection with that authority that conform with the terms of this act, the 1911 grant, and the public trust, including the development of public open space and recreational facilities.

SEC. 8. Monetary contributions by the port to a community trust fund established or funded by the city, OBRA, or ORA in connection with redevelopment of the EDC property shall be used only for uses and purposes consistent with the trust and the requirements of this act. Contributions by the port to this community trust fund shall not exceed a total of two million dollars (\$2,000,000). The trustee with control or supervisory authority over the community trust fund (hereinafter "supervisory trustee") shall separately account for, and provide the commission an annual statement of, all moneys received from the port and expenditures of those moneys. Prior to expending any community trust fund moneys received from the port, the supervisory trustee shall provide commission staff with a list and description of potential projects that would be funded in whole or in part with those moneys. Within 90 days of the submittal of the list to the commission staff, the executive officer of the commission shall either approve the list or notify the supervisory trustee which projects on the list are not consistent with the public trust. The supervisory trustee may appeal to the commission any decision by the executive officer to disapprove some or all of the projects on the list. No port moneys shall be spent on community trust fund projects unless both of the following conditions are met:

(a) The executive officer or the commission has approved one or more of the potential projects on the list.

(b) The expenditures are for one or more of the approved projects that are on the list.

SEC. 9. The Legislature hereby approves an exchange of public trust lands within the OARB redevelopment property, whereby certain lands that meet the criteria set forth in this act and are not now useful for public trust purposes will be freed from the public trust and may be conveyed free of any trust interest, and certain other lands that are useful for public trust purposes will be made subject to the public trust, provided that the exchange results in a configuration of trust lands substantially similar to that shown on the diagram in Section 16 of this act and otherwise complies with the requirements of this act.

SEC. 10. All lands exchanged into the trust under this act shall be held by the appropriate trustee or trustees subject to the public trust, and the requirements of this act and the 1911 grant, and all lands exchanged out of the trust under this act shall be free of the public trust, the requirements of this act, the town grant, and the 1911 grant.

SEC. 11. The precise boundaries of the lands to be exchanged shall be determined by the trustees with trustee authority over the lands to be exchanged, subject to the approval of the commission. The commission is authorized to settle by agreement with the appropriate trustees any disputes as to the location of the mean high water line in its last natural state, the boundaries of tidelands conveyed into private ownership pursuant to various statutes, and any other boundary lines which the commission deems necessary to effectuate the exchange. The commission may include any of the OARB adjacent parcels in the exchange if it determines that the inclusion of these lands would be substantially consistent with the configuration of trust lands shown in the diagram in Section 16 of this act and would otherwise satisfy the requirements of this act. Nothing in this act shall be construed as limiting the authority of the commission to approve additional trust land exchanges or to enter into boundary settlements involving the OARB redevelopment property pursuant to any other provision of law.

SEC. 12. (a) The commission is authorized to approve an exchange of public trust lands within the OARB redevelopment property that meets the requirements of this act. Pursuant to this authority, the commission shall establish appropriate procedures for effectuating the exchange. The procedures shall include provisions for ensuring that the requirements specified in either paragraph (1) or (2) have occurred:

(1) Property to be received or confirmed in public trust ownership has been remediated consistent with the requirements of the RAP/RMP and Consent Agreement, and there are no land use covenants or restrictions on the property, other than the existing Covenant to Restrict Use of Property, that impede its use for public trust purposes, unless approved by the commission.

(2) Sufficient protections are in place to ensure that the remedial actions for property to be received or confirmed in public trust ownership will be completed consistent with the timeframe and standards set forth in the RAP/RMP and Consent Agreement, and there are no land use covenants or restrictions on the property, other than the existing Covenant to Restrict Use of Property, that impede its use for public trust purposes, unless approved by the commission. Protections may be demonstrated by a showing of sufficient financial assurances consistent with Oakland Base Reuse Authority Resolution No. 2003-13, Port of Oakland Resolution No. 03150, Oakland City Council Resolution No. 77857, and

Oakland Redevelopment Agency Resolution No. 2003-29, as those resolutions read on January 1, 2004, and may include insurance, third-party indemnifications, and sufficient funds to complete remediation.

(3) The commission may consult with DTSC regarding the factors stated in paragraphs (1) and (2).

(b) The commission shall not approve the exchange of any OARB trust lands unless it finds all of the following:

(1) The configuration of OARB trust lands upon completion of the exchange will not differ significantly from the configuration shown on the diagram in Section 16 of this act, includes all lands within the OARB redevelopment property that are below mean high tide at the time of the exchange, with the exception of the strip of submerged land within the Gateway development area that will be filled and cut off from the waterfront by the Berth 21 project described in subdivision (q) of Section 3 of this act, and consists of lands suitable to be impressed with the public trust.

(2) The final layout of streets in the Gateway development area and the port development area will provide public vehicular, pedestrian, and bicycle access to the public trust lands within those respective areas, and through those areas to the lands adjoining the Gateway development area on its westerly side, and will be consistent with the beneficial use of those lands.

(3) The value of the lands to be exchanged into the trust is equal to or greater than the value of the lands to be exchanged out of the trust. The commission may take into consideration the degree of uncertainty, if any, as to whether the lands are presently subject to the trust.

(4) The lands to be taken out of the trust have been filled and reclaimed as the result of a highly beneficial program of harbor development, are cut off from access to navigable waters, are no longer needed or required for the promotion of the public trust, and constitute a relatively small portion of the lands originally granted to the city, and that the exchange will not result in substantial interference with trust uses and purposes.

(5) The OARB MOA has been amended to eliminate the concept of the "City Cash-Out Remedy" as defined in Section 1.1(a)(17) and as referenced in Sections 2.2(d), 3.3(c)(1), 4.1, 5.1(b)(2), 5.1(c)(2), 5.1(e), 6.2(b)(3), 6.5, 8.4, 11.17, and elsewhere in the OARB MOA, or in any amendment to the OARB MOA.

(6) Each trustee, and any state agency, which owns fee title in any of the lands to be exchanged has approved the exchange.

(c) The commission shall impose additional conditions on the exchange authorized by this act if the commission determines that these conditions are necessary for the protection of the public trust.

(d) For purposes of effectuating the exchange authorized by this section, the commission is authorized to do all of the following:

(1) Receive and accept on behalf of the state any lands or interest in lands conveyed to the state by the trustees, including lands that are now and that will remain subject to the public trust.

(2) Convey to the trustees by patent all of the right, title, and interest of the state in lands that are to be free of the public trust upon completion of an exchange of lands as authorized by this act and as approved by the commission.

(3) Convey to the trustees by patent all of the right, title, and interest of the state in lands that are to be subject to the public trust and the terms of this act and the 1911 grant upon completion of an exchange of lands as authorized by this act and as approved by the commission, subject to the terms, conditions, and reservations as the commission may determine are necessary to meet the requirements of this act.

(4) This subdivision shall not be construed as authorizing the commission to convey to the trustees any property interest in the OARB redevelopment property held by the California Department of Transportation in its proprietary capacity as of the date of the conveyance.

SEC. 13. Any agreement for the exchange of, or trust termination over, granted lands, or to establish boundary lines, entered into pursuant to this act, shall be conclusively presumed to be valid unless held to be invalid in an appropriate proceeding in a court of competent jurisdiction to determine the validity of the agreement commenced within 60 days after the recording of the agreement.

SEC. 14. (a) An action may be brought under Chapter 4 (commencing with Section 760.010) of Title 10 of Part 2 of the Code of Civil Procedure by the parties to any agreement entered into pursuant to this act to confirm the validity of the agreement. Notwithstanding any provision of Section 764.080 of the Code of Civil Procedure, the statement of decision in the action shall include a recitation of the underlying facts and a determination whether the agreement meets the requirements of this act, Sections 3 and 4 of Article X of the California Constitution, and any other law applicable to the validity of the agreement.

(b) For purposes of Section 764.080 of the Code of Civil Procedure and unless otherwise agreed in writing, any settlement or exchange agreement entered into pursuant to this act shall be deemed to be entered into on the date it is executed by the executive officer of the commission, who shall be the last of the parties to sign prior to the signature of the

Governor. The effective date of the agreement shall be deemed to be the date on which it is executed by the Governor pursuant to Section 6107 of the Public Resources Code.

SEC. 15. Notwithstanding Section 6359 of the Public Resources Code or any other provision of law, the grant of trust lands authorized herein shall be deemed effective as of the effective date of this act.

SEC. 16. The following diagram is a part of this act:

OAKLAND ARMY BASE
PUBLIC TRUST EXCHANGE ACT

SEC. 17. The Legislature finds and declares that, because of the unique circumstances applicable only to the trust lands described in this act, relating to the Oakland Army Base redevelopment property, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution. Therefore, this special statute is necessary.

SEC. 18. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The public benefits of improving the trust land configuration, resolving title disputes, and redeveloping the lands within the OARB redevelopment property, cannot be obtained until a trust exchange is completed. To prevent interference with the purposes of the public trust and to avoid prolonged delays in realizing the fullest use of those lands for the maximum benefit of the statutory trust purposes, immediate implementation of the trust exchange process is required. It is necessary, therefore, that this act take effect immediately.

CHAPTER 665

An act to amend Section 12811 of the Vehicle Code, relating to vehicles, and making an appropriation therefor.

[Approved by Governor October 7, 2005. Filed with
Secretary of State October 7, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 12811 of the Vehicle Code is amended to read:

12811. (a) (1) (A) When the department determines that the applicant is lawfully entitled to a license, it shall issue to the person a driver's license as applied for. The license shall state the class of license for which the licensee has qualified and shall contain the distinguishing number assigned to the applicant, the date of expiration, the true full name, age, and mailing address of the licensee, a brief description and engraved picture or photograph of the licensee for the purpose of identification, and space for the signature of the licensee.

(B) Each license shall also contain a space for the endorsement of a record of each suspension or revocation thereof.

(C) The department shall use whatever process or processes, in the issuance of engraved or colored licenses, that prohibit, as near as possible,

the ability to alter or reproduce the license, or prohibit the ability to superimpose a picture or photograph on the license without ready detection.

(2) In addition to the requirements of paragraph (1), a license issued to a person under 18 years of age shall display the words “provisional until age 18.”

(b) (1) The front of an application for an original or renewal of a driver’s license or identification card shall contain a space for any applicant, age 16 or older, to give his or her consent to be an organ and tissue donor upon death. An applicant who gives consent shall be directed to read a statement on the back of the application that shall contain the following statement:

“If you marked on the front of the application that you want to be an organ and tissue donor upon death, your consent shall serve as a legally binding document as outlined under the California Uniform Anatomical Gift Act. Except in the case where the donor is under the age of 18, the donation does not require the consent of any other person. For donors under the age of 18, the legal guardian of the donee shall make the final decision regarding the donation. If you want to change your decision to consent in the future, or if you want to limit the donation to specific organs or tissues, you must contact Donate Life California by mail at 1760 Creekside Oaks Drive, #160, Sacramento, CA 95833, or through the World Wide Web at www.donateLIFeCalifornia.org, or www.doneVIDACalifornia.org.”

(2) Notwithstanding any other provision of law, a person under age 18 may register as a donor. However, the legal guardian of that person shall make the final decision regarding the donation.

(3) The department shall collect donor designation information on all applications for an original or renewal driver’s license or identification card.

(4) The department shall print the word “DONOR” or another appropriate designation on the face of a driver’s license or identification card to a person who registered as a donor on a form issued under this section.

(5) On a weekly basis, the department shall electronically transmit to Donate Life California, a nonprofit organization established and designated as the California Organ and Tissue Donor Registrar pursuant to Section 7152.7 of the Health and Safety Code, all of the following information on every applicant that has indicated his or her willingness to participate in the organ donation program:

- (A) His or her true full name.
- (B) His or her residence or mailing address.
- (C) His or her date of birth.

(D) His or her California driver's license number or identification card number.

(6) (A) A person who applies for an original or renewal driver's license or identification card may designate a voluntary contribution of two dollars (\$2) for the purpose of promoting and supporting organ and tissue donation. This contribution shall be collected by the department, and treated as a voluntary contribution to Donate Life California and not as a fee for the issuance of a driver's license or identification card.

(B) The department may use the donations collected under this paragraph to cover its actual administrative costs incurred under paragraphs (3) to (5), inclusive. The department shall deposit all revenue derived under this paragraph and remaining after the department's deduction for administrative costs in the Donate Life California Trust Subaccount, which is hereby created in the Motor Vehicle Account in the State Transportation Fund. Notwithstanding Section 13340 of the Government Code, all revenue in this subaccount is continuously appropriated, without regard to fiscal years, to the Controller for allocation to Donate Life California and shall be expended for the purpose of increasing participation in organ donation programs.

(7) The enrollment form shall be posted on the Internet Web sites for the department and the California Health and Human Services Agency.

(8) The enrollment shall constitute a legal document under the Uniform Anatomical Gift Act (Chapter 3.5 (commencing with Section 7150) of Part 1 of Division 7 of the Health and Safety Code) and shall remain binding after the donor's death despite any express desires of next of kin opposed to the donation. Except as provided in paragraph (2) of subdivision (b), the donation does not require the consent of any other person.

(9) Donate Life California shall ensure that all additions and deletions to the California Organ and Tissue Donor Registry, established pursuant to Section 7152.7 of the Health and Safety Code, shall occur within 30 days of receipt.

(10) Information obtained by Donate Life California for the purposes of this subdivision shall be used for these purposes only and shall not be disseminated further by Donate Life California.

(c) A public entity or employee shall not be liable for any loss, detriment, or injury resulting directly or indirectly from false or inaccurate information contained in the form provided pursuant to subdivision (b).

(d) A contract shall not be awarded to any nongovernmental entity for the processing of driver's licenses, unless the contract conforms to all applicable state contracting laws and all applicable procedures set forth in the State Contracting Manual.

- (e) This section shall become operative on July 1, 2006.

CHAPTER 666

An act to amend Sections 42301 and 42310 of, and to add Sections 42310.3 and 42321.5 to, the Public Resources Code, relating to recycling.

[Approved by Governor October 7, 2005. Filed with
Secretary of State October 7, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 42301 of the Public Resources Code is amended to read:

42301. For purposes of this chapter, the following definitions apply:

(a) "Container manufacturer" means a company or a successor company that sells any rigid plastic packaging container subject to this chapter to a manufacturer that sells or offers for sale in this state any product packaged in that container.

(b) "Curbside collection program" means a recycling program that collects materials set out by households for collection at the curb at intervals not less than every two weeks. "Curbside collection program" does not include redemption centers, buyback locations, drop-off programs, material recovery facilities, or plastic recovery facilities.

(c) "Refillable package" means a rigid plastic packaging container that the board determines is routinely returned to and refilled by the product manufacturer at least five times with the original product contained by the package.

(d) "Reusable package" means a rigid plastic packaging container that the board determines is routinely reused by consumers at least five times to store the original product contained by the package.

(e) "Manufacturer" means the producer or generator of a product that is sold or offered for sale in the state and that is stored inside of a rigid plastic packaging container.

(f) "Rigid plastic packaging container" means any plastic package having a relatively inflexible finite shape or form, with a minimum capacity of eight fluid ounces or its equivalent volume and a maximum capacity of five fluid gallons or its equivalent volume, that is capable of maintaining its shape while holding other products, including, but not limited to, bottles, cartons, and other receptacles, for sale or distribution in the state.

(g) "Postconsumer material" means a material that would otherwise be destined for solid waste disposal, having completed its intended end use and product lifecycle. Postconsumer material does not include materials and byproducts generated from, and commonly reused within, an original manufacturing and fabrication process.

(h) "Recycled" means a product or material that has been reused in the production of another product and has been diverted from disposal in a landfill.

(i) "Recycling rate" means the proportion, as measured by weight, volume, or number, of a rigid plastic packaging container sold or offered for sale in the state that is being recycled in a given calendar year, that is one of the following:

(1) A particular type of rigid plastic packaging container, such as a milk jug, soft drink container, or detergent bottle.

(2) A product-associated rigid plastic packaging container.

(3) A single resin type, as specified in Section 18015, of rigid plastic packaging container, notwithstanding the exemption of that container from this chapter pursuant to subdivision (b), (c), or (d) of Section 42340.

(j) (1) "Source reduced container" means either of the following:

(A) A rigid plastic packaging container for which the manufacturer seeks compliance as of January 1, 1995, whose package weight per unit or use of product has been reduced by 10 percent when compared with the packaging used for that product by the manufacturer from January 1, 1990, to December 31, 1994.

(B) A rigid plastic container for which the manufacturer seeks compliance after January 1, 1995, whose package weight per unit or use of product has been reduced by 10 percent when compared with one of the following:

(i) The packaging used for the product by the manufacturer on January 1, 1995.

(ii) The packaging used for that product by the manufacturer over the course of the first full year of commerce in this state.

(iii) The packaging used in commerce that same year for similar products whose containers have not been considered source reduced.

(2) A rigid plastic packaging container is not a source reduced container for the purposes of this chapter if the packaging reduction was achieved by any of the following:

(A) Substituting a different material type for a material that previously constituted the principal material of the container.

(B) Increasing a container's weight per unit or use of product after January 1, 1991.

(C) Packaging changes that adversely affect the potential for the rigid plastic packaging container to be recycled or to be made of postconsumer material.

(k) “Product-associated rigid plastic packaging container” means a brand-specific, rigid plastic packaging line that may have one or more sizes, shapes, or designs and that is used in conjunction with a particular generic product line.

(l) “PETE” means polyethylene terephthalate as specified in subdivision (a) of Section 18015.

(m) “HDPE” means high-density polyethylene.

SEC. 2. Section 42310 of the Public Resources Code is amended to read:

42310. Except as otherwise provided in this chapter, every rigid plastic packaging container sold or offered for sale in this state shall, on average, meet one of the following criteria:

(a) Be made from 25 percent postconsumer material.

(b) Have a recycling rate of 45 percent if it is a product-associated rigid plastic packaging container or a single resin type of rigid plastic packaging container, as demonstrated to the board by the product maker, container manufacturer, or other entity. The board may take appropriate action to verify the demonstration, but the board is not required to expend state funds to conduct a survey or calculate the rate.

(c) Be a reusable package or a refillable package.

(d) Be a source reduced container.

(e) Is a container containing floral preservative that is subsequently reused by the floral industry for at least two years.

SEC. 3. Section 42310.3 is added to the Public Resources Code, to read:

42310.3. (a) Notwithstanding Section 42310, a manufacturer is in compliance with the requirements of this chapter if the manufacturer demonstrates through its own actions, or the actions of another company under the same corporate ownership, that one of the following actions were taken during the same period for which the manufacturer is subject to this chapter, with regard to a rigid plastic packaging container that stores the manufacturer’s product that is sold or intended for sale in this state:

(1) The manufacturer, or another company under the same corporate ownership, consumed a volume of postconsumer material generated in the state in the manufacture of a rigid plastic packaging container subject to Section 42310, or a rigid plastic packaging container that is not subject to that section, that resulted in the consumption of an equivalent amount of postconsumer material that the rigid plastic packaging container is

otherwise required to contain, as specified in subdivision (a) of Section 42310.

(2) The manufacturer, or any company under the same corporate ownership, arranged by contractual agreement for the purchase and consumption of postconsumer material generated in the state and exported to another state or country for the manufacture of rigid plastic packaging containers that is equivalent to, or exceeds the volume of, the postconsumer material that the rigid plastic packaging container is otherwise required to contain, as specified in subdivision (a) of Section 42310.

(b) The board shall determine the manner of demonstrating compliance with the requirements of this section.

SEC. 4. Section 42321.5 is added to the Public Resources Code, to read:

42321.5. (a) A container manufacturer who sells a rigid plastic packaging container to a manufacturer and who submits a certification to the manufacturer, for purposes of this chapter, shall not provide any false or misleading information. A container manufacturer who submits to a manufacturer a certification with false or misleading information is subject to the same penalties and fines that are imposed upon a manufacturer that does not comply with Sections 42321 and 42322.

(b) Notwithstanding Sections 42321 and 42322, a manufacturer is not subject to any fine or penalty for not complying with this chapter as a result of the submittal of false or misleading information by a container manufacturer to the manufacturer with regard to a container sold to that manufacturer.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 667

An act to add Section 17538.43 to the Business and Professions Code, relating to advertising.

The people of the State of California do enact as follows:

SECTION 1. Section 17538.43 is added to the Business and Professions Code, to read:

Prior express invitation or permission may be obtained for a specific or unlimited number of advertisements and may be obtained for a specific or unlimited period of time.

(b) (1) It is unlawful for a person or entity, if either the person or entity or the recipient is located within California, to use any telephone facsimile machine, computer, or other device to send, or cause another person or entity to use such a device to send, an unsolicited advertisement to a telephone facsimile machine.

(2) In addition to any other remedy provided by law, including a remedy provided by the Telephone Consumer Act (47 U.S.C. Sec. 227 and following), a person or entity may bring an action for a violation of this subdivision seeking the following relief:

(A) Injunctive relief against further violations.

(B) Actual damages or statutory damages of five hundred dollars (\$500) per violation, whichever amount is greater.

(C) Both injunctive relief and damages as set forth in subparagraphs (A) and (B).

(c) It is unlawful for a person or entity, if either the person or entity or the recipient is located in California, to do either of the following:

(1) Initiate any communication using a telephone facsimile machine that does not clearly mark, in a margin at the top or bottom of each transmitted page or on the first page of each transmission, the date and time sent, an identification of the business, other entity, or individual

sending the message, and the telephone number of the sending machine or of the business, other entity, or individual.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 668

An act to amend Section 31683 of the Food and Agricultural Code, and to add Chapter 7 (commencing with Section 122330) to Part 6 of Division 105 of the Health and Safety Code, relating to dogs.

[Approved by Governor October 7, 2005. Filed with
Secretary of State October 7, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 31683 of the Food and Agricultural Code is amended to read:

31683. Nothing in this chapter shall be construed to prevent a city or county from adopting or enforcing its own program for the control of potentially dangerous or vicious dogs that may incorporate all, part, or none of this chapter, or that may punish a violation of this chapter as a misdemeanor or may impose a more restrictive program to control potentially dangerous or vicious dogs. Except as provided in Section 122331 of the Health and Safety Code, no program regulating any dog shall be specific as to breed.

SEC. 2. Chapter 7 (commencing with Section 122330) is added to Part 6 of Division 105 of the Health and Safety Code, to read:

CHAPTER 7. SPAY/NEUTER AND BREEDING PROGRAMS FOR ANIMALS

122330. The Legislature finds and declares all of the following:

(a) Uncontrolled and irresponsible breeding of animals contributes to pet overpopulation, inhumane treatment of animals, mass euthanasia at local shelters, and escalating costs for animal care and control; this irresponsible breeding also contributes to the production of defective animals that present a public safety risk.

(b) Though no specific breed of dog is inherently dangerous or vicious, the growing pet overpopulation and lack of regulation of animal breeding practices necessitates a repeal of the ban on breed-specific solutions and a more immediate alternative to existing laws.

(c) It is therefore the intent of the Legislature in enacting this chapter to permit cities and counties to take appropriate action aimed at eliminating uncontrolled and irresponsible breeding of animals

122331. (a) Cities and counties may enact dog breed-specific ordinances pertaining only to mandatory spay or neuter programs and breeding requirements, provided that no specific dog breed, or mixed dog breed, shall be declared potentially dangerous or vicious under those ordinances.

(b) Jurisdictions that implement programs described in subdivision (a) shall measure the effect of those programs by compiling statistical information on dog bites. The information shall, at a minimum, identify dog bites by severity, the breed of the dog involved, whether the dog was altered, and whether the breed of dog was subject to a program

established pursuant to subdivision (a). These statistics shall be submitted quarterly to the State Public Health Veterinarian.

CHAPTER 669

An act to add Section 597z to the Penal Code, relating to animals.

[Approved by Governor October 7, 2005. Filed with
Secretary of State October 7, 2005.]

The people of the State of California do enact as follows:

597z. (a) (1) Except as otherwise authorized under any other provision of law, it shall be a crime, punishable as specified in subdivision (b), for any person to sell one or more dogs under eight weeks of age, unless, prior to any physical transfer of the dog or dogs from the seller to the purchaser, the dog or dogs are approved for sale, as evidenced by written documentation from a veterinarian licensed to practice in California.

(2) For the purposes of this section, the sale of a dog or dogs shall not be considered complete, and thereby subject to the requirements and penalties of this section, unless and until the seller physically transfers the dog or dogs to the purchaser.

(b) (1) Any person who violates this section shall be guilty of an infraction or a misdemeanor.

(2) An infraction under this section shall be punishable by a fine not to exceed two hundred fifty dollars (\$250).

(3) With respect to the sale of two or more dogs in violation of this section, each dog unlawfully sold shall represent a separate offense under this section.

(c) This section shall not apply to any of the following:

(2) A pet dealer as defined under Article 2 (commencing with Section 122125) of Chapter 5 of Part 6 of Division 105 of the Health and Safety Code.

(3) A public animal control agency or shelter, society for the prevention of cruelty to animals shelter, humane society shelter, or rescue group regulated under Division 14 (commencing with Section 30501) of the Food and Agricultural Code.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

The people of the State of California do enact as follows:

SECTION 1. Section 6254 of the Government Code is amended to read:

(b) Records pertaining to pending litigation to which the public agency is a party, or to claims made pursuant to Division 3.6 (commencing with Section 810), until the pending litigation or claim has been finally adjudicated or otherwise settled.

(c) Personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy.

However, nothing in this division shall require the disclosure of that portion of those investigative files that reflect the analysis or conclusions of the investigating officer.

Customer lists provided to a state or local police agency by an alarm or security company at the request of the agency shall be construed to be records subject to this subdivision.

Notwithstanding any other provision of this subdivision, state and local law enforcement agencies shall make public the following information, except to the extent that disclosure of a particular item of information would endanger the safety of a person involved in an investigation or would endanger the successful completion of the investigation or a related investigation:

The name of a victim of any crime defined by Section 220, 261, 261.5, 262, 264, 264.1, 273a, 273d, 273.5, 286, 288, 288a, 289, 422.6, 422.7, 422.75, or 646.9 of the Penal Code may be withheld at the victim's request, or at the request of the victim's parent or guardian if the victim is a minor. Address information obtained pursuant to this paragraph may not be used directly or indirectly, or furnished to another, to sell a product or service to any individual or group of individuals, and the requester shall

execute a declaration to that effect under penalty of perjury. Nothing in this paragraph shall be construed to prohibit or limit a scholarly, journalistic, political, or government use of address information obtained pursuant to this paragraph.

However, the law of eminent domain shall not be affected by this provision.

(i) Information required from any taxpayer in connection with the collection of local taxes that is received in confidence and the disclosure of the information to other persons would result in unfair competitive disadvantage to the person supplying the information.

Address information obtained pursuant to this paragraph may not be used directly or indirectly, or furnished to another, to sell a product or service to any individual or group of individuals, and the requester shall execute a declaration to that effect under penalty of perjury. Nothing in this paragraph shall be construed to prohibit or limit a scholarly, journalistic, political, or government use of address information obtained pursuant to this paragraph.

this section, shall be known as Richie's Fund. This subdivision shall remain in effect only until January 1, 2009, and shall have no force or effect on or after that date, unless a later enacted statute, that is chaptered before January 1, 2009, deletes or extends that date.

(f) Costs of administering money deposited into the fund pursuant to Section 76000.5 of the Government Code shall be reimbursed from the money collected, not to exceed 10 percent. This subdivision shall remain in effect only until January 1, 2009, and shall have no force or effect on or after that date, unless a later enacted statute, that is chaptered before January 1, 2009, deletes or extends that date.

SEC. 3. Section 1797.98c of the Health and Safety Code is amended to read:

1797.98c. (a) Physicians and surgeons wishing to be reimbursed shall submit their claims for emergency services provided to patients who do not make any payment for services and for whom no responsible third party makes any payment.

(b) If, after receiving payment from the fund, a physician and surgeon is reimbursed by a patient or a responsible third party, the physician and surgeon shall do one of the following:

(1) Notify the administering agency, and, after notification, the administering agency shall reduce the physician and surgeon's future payment of claims from the fund. In the event there is not a subsequent submission of a claim for reimbursement within one year, the physician and surgeon shall reimburse the fund in an amount equal to the amount collected from the patient or third-party payer, but not more than the amount of reimbursement received from the fund.

(2) Notify the administering agency of the payment and reimburse the fund in an amount equal to the amount collected from the patient or third-party payer, but not more than the amount of the reimbursement received from the fund for that patient's care.

(c) Reimbursement of claims for emergency services provided to patients by any physician and surgeon shall be limited to services provided to a patient who does not have health insurance coverage for emergency services and care, cannot afford to pay for those services, and for whom payment will not be made through any private coverage or by any program funded in whole or in part by the federal government, with the exception of claims submitted for reimbursement through Section 1011 of the federal Medicare Prescription Drug, Improvement and Modernization Act of 2003, and where all of the following conditions have been met:

(1) The physician and surgeon has inquired if there is a responsible third-party source of payment.

(2) The physician and surgeon has billed for payment of services.

(3) Either of the following:

(A) At least three months have passed from the date the physician and surgeon billed the patient or responsible third party, during which time the physician and surgeon has made two attempts to obtain reimbursement and has not received reimbursement for any portion of the amount billed.

(B) The physician and surgeon has received actual notification from the patient or responsible third party that no payment will be made for the services rendered by the physician and surgeon.

(4) The physician and surgeon has stopped any current, and waives any future, collection efforts to obtain reimbursement from the patient, upon receipt of moneys from the fund.

(d) A listing of patient names shall accompany a physician and surgeon's submission, and those names shall be given full confidentiality protections by the administering agency.

(e) Notwithstanding any other restriction on reimbursement, a county shall adopt a fee schedule and reimbursement methodology to establish a uniform reasonable level of reimbursement from the county's emergency medical services fund for reimbursable services.

(f) For the purposes of submission and reimbursement of physician and surgeon claims, the administering agency shall adopt and use the current version of the Physicians' Current Procedural Terminology, published by the American Medical Association, or a similar procedural terminology reference.

(g) Each administering agency of a fund under this chapter shall make all reasonable efforts to notify physicians and surgeons who provide, or are likely to provide, emergency services in the county as to the availability of the fund and the process by which to submit a claim against the fund. The administering agency may satisfy this requirement by sending materials that provide information about the fund and the process to submit a claim against the fund to local medical societies, hospitals, emergency rooms, or other organizations, including materials that are prepared to be posted in visible locations.

SEC. 4. Section 1797.98e of the Health and Safety Code, as amended by Section 2 of Chapter 524 of the Statutes of 2004, is amended to read:

1797.98e. (a) It is the intent of the Legislature that a simplified, cost-efficient system of administration of this chapter be developed so that the maximum amount of funds may be utilized to reimburse physicians and surgeons and for other emergency medical services purposes. The administering agency shall select an administering officer and shall establish procedures and time schedules for the submission and processing of proposed reimbursement requests submitted by physicians and surgeons. The schedule shall provide for disbursements

of moneys in the Emergency Medical Services Fund on at least a quarterly basis to applicants who have submitted accurate and complete data for payment. When the administering agency determines that claims for payment for physician and surgeon services are of sufficient numbers and amounts that, if paid, the claims would exceed the total amount of funds available for payment, the administering agency shall fairly prorate, without preference, payments to each claimant at a level less than the maximum payment level. Each administering agency may encumber sufficient funds during one fiscal year to reimburse claimants for losses incurred during that fiscal year for which claims will not be received until after the fiscal year. The administering agency may, as necessary, request records and documentation to support the amounts of reimbursement requested by physicians and surgeons and the administering agency may review and audit the records for accuracy. Reimbursements requested and reimbursements made that are not supported by records may be denied to, and recouped from, physicians and surgeons. Physicians and surgeons found to submit requests for reimbursement that are inaccurate or unsupported by records may be excluded from submitting future requests for reimbursement. The administering officer shall not give preferential treatment to any facility, physician and surgeon, or category of physician and surgeon and shall not engage in practices that constitute a conflict of interest by favoring a facility or physician and surgeon with which the administering officer has an operational or financial relationship. A hospital administrator of a hospital owned or operated by a county of a population of 250,000 or more as of January 1, 1991, or a person under the direct supervision of that person, shall not be the administering officer. The board of supervisors of a county or any other county agency may serve as the administering officer. The administering officer shall solicit input from physicians and surgeons and hospitals to review payment distribution methodologies to ensure fair and timely payments. This requirement may be fulfilled through the establishment of an advisory committee with representatives comprised of local physicians and surgeons and hospital administrators. In order to reduce the county's administrative burden, the administering officer may instead request an existing board, commission, or local medical society, or physicians and surgeons and hospital administrators, representative of the local community, to provide input and make recommendations on payment distribution methodologies.

(b) Each provider of health services that receives payment under this chapter shall keep and maintain records of the services rendered, the person to whom rendered, the date, and any additional information the administering agency may, by regulation, require, for a period of three years from the date the service was provided. The administering agency

shall not require any additional information from a physician and surgeon providing emergency medical services that is not available in the patient record maintained by the entity listed in subdivision (f) where the emergency medical services are provided, nor shall the administering agency require a physician and surgeon to make eligibility determinations.

(c) During normal working hours, the administering agency may make any inspection and examination of a hospital's or physician and surgeon's books and records needed to carry out this chapter. A provider who has knowingly submitted a false request for reimbursement shall be guilty of civil fraud.

(d) Nothing in this chapter shall prevent a physician and surgeon from utilizing an agent who furnishes billing and collection services to the physician and surgeon to submit claims or receive payment for claims.

(e) All payments from the fund pursuant to Section 1797.98c to physicians and surgeons shall be limited to physicians and surgeons who, in person, provide onsite services in a clinical setting, including, but not limited to, radiology and pathology settings.

(f) All payments from the fund shall be limited to claims for care rendered by physicians and surgeons to patients who are initially medically screened, evaluated, treated, or stabilized in any of the following:

(1) A basic or comprehensive emergency department of a licensed general acute care hospital.

(2) A site that was approved by a county prior to January 1, 1990, as a paramedic receiving station for the treatment of emergency patients.

(3) A standby emergency department that was in existence on January 1, 1989, in a hospital specified in Section 124840.

(4) For the 1991-92 fiscal year and each fiscal year thereafter, a facility which contracted prior to January 1, 1990, with the National Park Service to provide emergency medical services.

(g) Payments shall be made only for emergency medical services provided on the calendar day on which emergency medical services are first provided and on the immediately following two calendar days.

(h) Notwithstanding subdivision (g), if it is necessary to transfer the patient to a second facility providing a higher level of care for the treatment of the emergency condition, reimbursement shall be available for services provided at the facility to which the patient was transferred on the calendar day of transfer and on the immediately following two calendar days.

(i) Payment shall be made for medical screening examinations required by law to determine whether an emergency condition exists, notwithstanding the determination after the examination that a medical

emergency does not exist. Payment shall not be denied solely because a patient was not admitted to an acute care facility. Payment shall be made for services to an inpatient only when the inpatient has been admitted to a hospital from an entity specified in subdivision (f).

(j) The administering agency shall compile a quarterly and yearend summary of reimbursements paid to facilities and physicians and surgeons. The summary shall include, but shall not be limited to, the total number of claims submitted by physicians and surgeons in aggregate from each facility and the amount paid to each physician and surgeon. The administering agency shall provide copies of the summary and forms and instructions relating to making claims for reimbursement to the public, and may charge a fee not to exceed the reasonable costs of duplication.

(k) Each county shall establish an equitable and efficient mechanism for resolving disputes relating to claims for reimbursements from the fund. The mechanism shall include a requirement that disputes be submitted either to binding arbitration conducted pursuant to arbitration procedures set forth in Chapter 3 (commencing with Section 1282) and Chapter 4 (commencing with Section 1285) of Part 3 of Title 9 of the Code of Civil Procedure, or to a local medical society for resolution by neutral parties.

(l) Physicians and surgeons shall be eligible to receive payment for patient care services provided by, or in conjunction with, a properly credentialed nurse practitioner or physician's assistant for care rendered under the direct supervision of a physician and surgeon who is present in the facility where the patient is being treated and who is available for immediate consultation. Payment shall be limited to those claims that are substantiated by a medical record and that have been reviewed and countersigned by the supervising physician and surgeon in accordance with regulations established for the supervision of nurse practitioners and physician assistants in California.

SEC. 5. Section 1797.98e of the Health and Safety Code, as added by Section 3 of Chapter 524 of the Statutes of 2004, is repealed.

SEC. 6. Section 16952 of the Welfare and Institutions Code is amended to read:

16952. (a) (1) Each county shall establish within its emergency medical services fund a Physician Services Account. Each county shall deposit in the Physician Services Account those funds appropriated by the Legislature for the purposes of the Physician Services Account of the fund.

(2) (A) Each county may encumber sufficient funds to reimburse physician losses incurred during the fiscal year for which bills will not be received until after the fiscal year.

(B) Each county shall provide a reasonable basis for its estimate of the necessary amount encumbered.

(C) All funds that are encumbered for a fiscal year shall be expended or disencumbered prior to the submission of the report of actual expenditures required by Sections 16938 and 16980.

(b) (1) Funds deposited in the Physician Services Account in the county emergency medical services fund shall be exempt from the percentage allocations set forth in subdivision (a) of Section 1797.98. However, funds in the county Physician Services Account shall not be used to reimburse for physician services provided by physicians employed by county hospitals.

(2) No physician who provides physician services in a primary care clinic which receives funds from this act shall be eligible for reimbursement from the Physician Services Account for any losses incurred in the provision of those services.

(c) The county physician services account shall be administered by each county, except that a county electing to have the state administer its medically indigent adult program as authorized by Section 16809, may also elect to have its county physician services account administered by the state in accordance with Section 16954.

(d) Costs of administering the account, whether by the county or by the department through the emergency medical services contract-back program, shall be reimbursed by the account based on actual administrative costs, not to exceed 10 percent of the amount of the account.

(e) For purposes of this article “administering agency” means the agency designated by the board of supervisors to administer this article, or the department, in the case of those CMSP counties electing to have the state administer this article on their behalf.

(f) The county Physician Services Account shall be used to reimburse physicians for losses incurred for services provided during the fiscal year of allocation due to patients who do not have health insurance coverage for emergency services and care, who cannot afford to pay for those services, and for whom payment will not be made through any private coverage or by any program funded in whole or in part by the federal government with the exception of claims submitted for reimbursement through Section 1011 of the federal Medicare Prescription Drug, Improvement and Modernization Act of 2003.

(g) Physicians shall be eligible to receive payment for patient care services provided by, or in conjunction with, a properly credentialed nurse practitioner or physician’s assistant for care rendered under the direct supervision of a physician and surgeon who is present in the facility where the patient is being treated and who is available for immediate

consultation. Payment shall be limited to those claims that are substantiated by a medical record and that have been reviewed and countersigned by the supervising physician and surgeon in accordance with regulations established for the supervision of nurse practitioners and physician assistants in California.

(h) (1) Reimbursement for losses shall be limited to emergency services as defined in Section 16953, obstetric, and pediatric services as defined in Sections 16905.5 and 16907.5, respectively.

(2) It is the intent of this subdivision to allow reimbursement for all of the following:

(A) All inpatient and outpatient obstetric services which are medically necessary, as determined by the attending physician.

(B) All inpatient and outpatient pediatric services which are medically necessary, as determined by the attending physician.

(i) Any physician may be reimbursed for up to 50 percent of the amount claimed pursuant to Section 16955 for the initial cycle of reimbursements made by the administering agency in a given year. All funds remaining at the end of the fiscal year shall be distributed proportionally, based on the dollar amount of claims submitted and paid to all physicians who submitted qualifying claims during that year. The administering agency shall not disburse funds in excess of the total amount of a qualified claim.

SEC. 7. Section 16952.1 is added to the Welfare and Institutions Code, to read:

16952.1. (a) Each county that elects to establish a Physicians Services Account in the county emergency medical services fund shall annually, on April 15, report to the Legislature on the implementation and status of the Physicians Services Account. The report shall cover the preceding fiscal year, and shall include, but not be limited to, all of the following:

(1) The total amount of moneys deposited in the Physicians Services Account.

(2) The account balance and the amount of moneys disbursed to physicians and surgeons.

(3) The number of claims paid to physicians, and the percentage of claims paid, based on the uniform fee schedule, as adopted by the county.

(4) The amount of moneys available to be disbursed to physicians, descriptions of the physician claims payment methodologies, the dollar amount of the total allowable claims submitted, and the percentage at which those claims are reimbursed.

(5) A statement of the policies, procedures, and regulatory action taken to implement and run the program under this chapter.

(6) The name of the physician and hospital administrator organization, or names of specified physicians and hospital administrators, contracted to review claims payment methodologies.

(b) Each county shall make available to any member of the public, upon request, the report required under subdivision (a).

SEC. 8. Section 16953.3 of the Welfare and Institutions Code is amended to read:

16953.3. Notwithstanding any other restrictions on reimbursement, a county shall adopt a fee schedule to establish a uniform, reasonable level of reimbursement from the physician services account for reimbursable services.

SEC. 9. Section 16955 of the Welfare and Institutions Code is amended to read:

16955. Reimbursement for losses incurred by any physician shall be limited to services provided to a patient as established by subdivisions (f) and (g) of Section 16952, and where all of the following conditions have been met:

(a) The physician has inquired if there is a responsible third-party source of payment.

(b) The physician has billed for payment of services.

(c) Either of the following:

(1) A period of not less than three months has passed from the date the physician billed the patient or responsible third party, during which time the physician has made reasonable efforts to obtain reimbursement and has not received reimbursement for any portion of the amount billed.

(2) The physician has received actual notification from the patient or responsible third party that no payment will be made for the services rendered by the physician.

(d) The physician has stopped any current, and waives any future, collection efforts to obtain reimbursement from the patient, upon receipt of funds from the county physician services account in the county emergency medical services fund.

SEC. 10. Section 16956 of the Welfare and Institutions Code is amended to read:

16956. (a) The administering agency shall establish procedures and time schedules for submission and processing of reimbursement claims submitted by physicians in accordance with this chapter.

(b) Schedules for payment established in accordance with this section shall provide for disbursement of the funds available in the account periodically and at least quarterly, if funds remain available for disbursement, to all physicians who have submitted claims containing accurate and complete data for payment by the dates established by the administering agency.

(c) Claims which are not supported by records may be denied by the administering agency, and any reimbursement paid in accordance with this chapter to any physician which is not supported by records shall be repaid to the administering agency, and shall be a claim against the physician.

(d) Any physician who submits any claim for reimbursement under this chapter which is inaccurate or which is not supported by records may be excluded from reimbursement of future claims under this chapter.

(e) A listing of patient names shall accompany a physician's claim, and those names shall be given full confidentiality protections by the administering agency.

(f) The administering agency shall not give preferential treatment to any facility, physician, or category of physician and shall not engage in practices that constitute a conflict of interest by favoring a facility or physician with which the administering officer has an operational or financial relationship.

(g) Payments shall be made only for emergency medical services provided on the calendar day on which emergency medical services are first provided and on the immediately following two calendar days.

(h) Notwithstanding subdivision (g), if it is necessary to transfer the patient to a second facility that provides for a higher level of care for the treatment of the emergency condition, reimbursement shall be available for services provided to the facility to which the patient was transferred on the calendar day of transfer and on the immediately following two calendar days.

SEC. 11. Section 16956.5 is added to the Welfare and Institutions Code, to read:

16956.5. (a) The administering agency may establish an EMS Fund advisory committee. The committee shall include emergency physicians and emergency department oncall backup panel physicians. The committee shall advise the administering agency regarding distribution of funds pursuant to this section.

(b) If the administering agency establishes a committee pursuant to subdivision (a) and the committee, upon an affirmative vote by every member of the committee, recommends that the administering agency adopt a special fee schedule and claims submission criteria for reimbursement for services rendered to uninsured trauma patients, the administering agency may adopt the special fee schedule and claims submission criteria.

(c) Notwithstanding any provision of law to the contrary, in addition to reimbursement for trauma service rendered in the initial day and the following two calendar days, the administering agency may reimburse pursuant to this section for services rendered to uninsured trauma patients

beyond the calendar day on which emergency medical services are first provided and the immediately following two calendar days.

(d) Only up to 15 percent of the tobacco tax revenues allocated to the county's EMS Fund may be distributed through this special fee schedule.

(e) All providers who render services to uninsured trauma patients may submit claims for reimbursement under this section. No provider's claim shall be initially reimbursed pursuant to this section at greater than 50 percent of losses.

SEC. 12. Section 2.5 of this bill incorporates amendments to Section 1797.98a of the Health and Safety Code proposed by both this bill and SB 57. It shall become operative only if (1) both bills are enacted and become effective on or before January 1, 2006, (2) each bill amends Section 1797.98a of the Health and Safety Code, and (3) this bill is enacted after SB 57, in which case Section 2 of this bill shall not become operative.

CHAPTER 672

An act to add Section 3003 to the Fish and Game Code, relating to hunting.

[Approved by Governor October 7, 2005. Filed with
Secretary of State October 7, 2005.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) California hunting licenses are valid only within the State of California, and may not be used to take animals located in other states.

(2) Any person issued a California hunting license must comply with the laws and regulations of California.

(3) A violation of the laws and regulations relating to hunting in the State of California may constitute a crime.

(b) It is the intent of the Legislature to make unlawful the taking of birds or mammals located both in state and out of state, if technology is used to aim and discharge a weapon used in the taking without the person discharging the weapon being physically present.

SEC. 2. Section 3003 is added to the Fish and Game Code, to read:

3003. (a) It is unlawful for any person to shoot, shoot at, or kill any bird or mammal with any gun or other device accessed via an Internet connection in this state.

(b) It is further unlawful for any person, firm, corporation, partnership, limited liability company, association, or other business entity to do either of the following:

(1) Own or operate a shooting range, site, or gallery located in the state for purposes of the online shooting or spearing of any bird or mammal.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 673

An act to amend Section 35179.1 of, and to add Article 6.5 (commencing with Section 49030) to Chapter 6 of Part 27 of, the Education Code, relating to pupils.

[Approved by Governor October 7, 2005. Filed with
Secretary of State October 7, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 35179.1 of the Education Code is amended to read:

35179.1. (a) This section shall be known and may be cited as the 1998 California High School Coaching Education and Training Program.

(b) The Legislature finds and declares all of the following:

(1) The exploding demand in girls athletics, and an increase in the number of pupils participating in both boys and girls athletics, are causing an increase in the number of coaches needed statewide.

(2) Well-trained coaches are vital to the success of the experience of a pupil in sports and interscholastic athletic activities.

(3) Improvement in coaching is a primary need identified by hundreds of principals, superintendents, and school board members who participated in the development of a strategic plan for the California Interscholastic Federation (CIF) in 1993 and 1994.

(4) There are many concerns about safety, training, organization, philosophy, communications, and general management in coaching that need to be addressed.

(5) It is a conservative estimate that at least 25,000 coaches annually need training and an orientation just to meet current coaching regulations contained in Title 5 of the California Code of Regulations, including basic safety and CPR requirements.

(6) School districts, in conjunction with the California Interscholastic Federation, have taken the initial first steps toward building a statewide coaching education program by assembling a faculty of statewide trainers composed of school district administrators, coaches, and athletic directors using a national program being used in several states.

(c) It is, therefore, the intent of the Legislature to establish a California High School Coaching Education and Training Program. It is the intent of the Legislature that the program be administered by local school districts and emphasize the following components:

(1) Development of coaching philosophies consistent with school, school district, and school board goals.

(2) Sport psychology: emphasizing communication, reinforcement of the efforts of young people, effective delivery of coaching regarding technique and motivation of the pupil athlete.

(3) Sport pedagogy: how young athletes learn, and how to teach sport skills.

(4) Sport physiology: principles of training, fitness for sport, development of a training program, nutrition for athletes, and the harmful effects associated with the use of steroids and performance-enhancing dietary supplements by adolescents.

(5) Sport management: team management, risk management, and working within the context of an entire school program.

(6) Training: certification in CPR and first aid.

(7) Knowledge of, and adherence to, statewide rules and regulations, as well as school regulations including, but not necessarily limited to, eligibility, gender equity and discrimination.

(8) Sound planning and goal setting.

(d) This section does not endorse a particular coaching education or training program.

SEC. 2. Article 6.5 (commencing with Section 49030) is added to Chapter 6 of Part 27 of the Education Code, to read:

Article 6.5. Performance-Enhancing Substances

49030. (a) Sixty days after the posting of the United States Guide to Prohibited Substances and Prohibited Methods of Doping on the Web site of the department pursuant to subdivision (b), dietary supplements, as defined by subsection (ff) of Section 321 of Title 21 of the United States Code, that include any of the following substances, are prohibited from being used by a pupil participating in interscholastic high school sports:

(1) Synephrine.

(2) A prohibited substance enumerated by the United States Anti-Doping Agency Guide to Prohibited Substances and Prohibited Methods of Doping.

(b) The State Department of Health Services shall provide the State Department of Education with the United States Anti-Doping Agency Guide to Prohibited Substances and Prohibited Methods of Doping, on or before March 30, 2006. Upon receipt of the guide, the State Department of Education shall notify each school district that serves pupils in grades 9 to 12, inclusive, that the guide has been completed and shall post the guide on its Web site. The State Department of Health Services shall annually notify the State Department of Education of any amendments to the guide for the following school year. For an amendment to be applicable for the ensuing school year, the State Department of Health Services shall notify the State Department of Education as to that amendment no later than the March 30 immediately preceding the school year to which the amendment is to be applicable. Upon receipt of this notice, the State Department of Education shall notify each school district that serves pupils in grades 9 to 12, inclusive, that the guide has been amended and shall post the amended guide on its Web site. An amendment become effective until 60 days after the department posts the amended guide on its Web site.

49031. (a) A school may not accept a sponsorship from a manufacturer of a dietary supplement described in subdivision (a) of Section 49030, or from the distributor of a dietary supplement described in subdivision (a) of Section 49030 whose name appears on the labeling of the dietary supplement.

(b) A dietary supplement prohibited by Section 49030 may not be marketed on a schoolsite or at a school-related event.

(c) A dietary supplement prohibited by Section 49030 may not be sold or distributed on a schoolsite or at a school-related event.

(d) (1) For purposes of subdivision (b), "market" includes, but is not limited to, all of the following:

(A) Direct product advertising.

(B) Provision of educational materials.

(C) Product promotion by a school district employee or school district volunteer.

(D) Product placement.

(E) Clothing or equipment giveaways.

(F) Scholarships.

(2) For purposes of subdivision (b), "market" does not include the inadvertent display of a product name or product advertising by a person who is not a manufacturer or distributor of a dietary supplement described in subdivision (a) of Section 49030.

(e) Subdivision (a) does not apply to either of the following:

(1) An affiliate of a manufacturer or distributor of a dietary supplement described in subdivision (a) of Section 49030 if the affiliate does not manufacture or distribute a dietary supplement described in subdivision (a).

(2) A manufacturer or distributor of a dietary supplement described in subdivision (a) if no more than 50 percent of its annual gross sales are derived from the manufacture or distribution of dietary supplements as defined in subsection (ff) of Section 321 of Title 21 of the United States Code.

49032. (a) (1) Effective December 31, 2008, each high school sports coach shall have completed a coaching education program developed by his or her school district or the California Interscholastic Federation that meets the guidelines set forth in Section 35179.1.

(2) The coaching education program described by paragraph (1) may be taught by an athletic director or high school sports coach who is deemed to be qualified by the California Interscholastic Federation.

(b) Upon completion of the program, a high school sports coach shall be deemed to have completed the education requirement for the remainder of his or her time coaching at the high school level in any school district in the state.

(c) Each high school sports coach shall be responsible for the costs of taking the course.

(d) The training requirements of this section shall count toward the continuing education required for the renewal of the teaching credential of a coach who is also a certificated employee.

(e) Notwithstanding subdivision (a), a high school sports coach who does not meet the requirements of subdivision (a) may be used for no longer than one season of interscholastic competition.

(f) For the purposes of this section, "high school sports coach" means an employee or a volunteer who is authorized by a high school to be responsible for leading a school sports team of pupil athletes.

49033. The California Interscholastic Federation shall amend its constitution and bylaws to require, as a condition of participation in interscholastic sports, that school districts effective July 1, 2006, upon the notification provided pursuant to subdivision (b) of Section 49030, shall prohibit a pupil from participating in interscholastic high school sports, unless that pupil signs a pledge not to use anabolic steroids, as defined in Section 802 of Title 21 of the United States Code, without a prescription from a licensed health care practitioner or a dietary supplement prohibited by Section 49030 and the parent and guardian of that pupil signs a notification form regarding those restrictions.

49034. (a) The State Treasurer may accept voluntary contributions for the purpose of offsetting costs of training coaches pursuant to Sections 35179.2 and 35179.3. Contributions received by the State Treasurer shall be deposited in the California Coaching Education Fund, which is hereby created in the State Treasury.

(b) Funds deposited in the California Coaching Education Fund are available upon appropriation by the Legislature and may only be expended for purposes of Sections 35179.2 and 35179.3, and for administration of the California Coaching Education Fund.

CHAPTER 674

[Approved by Governor October 7, 2005. Filed with
Secretary of State October 7, 2005.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature, through a request in 2006 to the Joint Legislative Audit Committee, that the Bureau of State Audits conduct a thorough performance audit of the diversion program of the Medical Board of California to evaluate the effectiveness and efficiency of the program, and make recommendations regarding the continuation of the program and any changes or reforms required to assure that physicians and surgeons participating in the program are appropriately monitored, and the public is protected from physicians and surgeons who are impaired due to alcohol or drug abuse or mental or physical illness. The audit shall be completed by June 30, 2007. The board and its staff shall cooperate with the audit, and the Medical Board of California shall provide data, information, and case files as requested by the auditor to perform all of its duties. The provision of confidential data, information, and case files by the Medical Board of California to the auditor shall not constitute a waiver of any exemption from disclosure or discovery or of any confidentiality protection or privilege otherwise provided by law that is applicable to the data, information, or case files.

SEC. 2. Section 125.3 of the Business and Professions Code, is amended to read:

125.3. (a) Except as otherwise provided by law, in any order issued in resolution of a disciplinary proceeding before any board within the department or before the Osteopathic Medical Board, upon request of the entity bringing the proceeding may request the administrative law judge to direct a licentiate found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case.

(b) In the case of a disciplined licentiate that is a corporation or a partnership, the order may be made against the licensed corporate entity or licensed partnership.

(c) A certified copy of the actual costs, or a good faith estimate of costs where actual costs are not available, signed by the entity bringing the proceeding or its designated representative shall be prima facie evidence of reasonable costs of investigation and prosecution of the case. The costs shall include the amount of investigative and enforcement

costs up to the date of the hearing, including, but not limited to, charges imposed by the Attorney General.

(d) The administrative law judge shall make a proposed finding of the amount of reasonable costs of investigation and prosecution of the case when requested pursuant to subdivision (a). The finding of the administrative law judge with regard to costs shall not be reviewable by the board to increase the cost award. The board may reduce or eliminate the cost award, or remand to the administrative law judge where the proposed decision fails to make a finding on costs requested pursuant to subdivision (a).

(e) Where an order for recovery of costs is made and timely payment is not made as directed in the board's decision, the board may enforce the order for repayment in any appropriate court. This right of enforcement shall be in addition to any other rights the board may have as to any licensee to pay costs.

(f) In any action for recovery of costs, proof of the board's decision shall be conclusive proof of the validity of the order of payment and the terms for payment.

(g) (1) Except as provided in paragraph (2), the board shall not renew or reinstate the license of any licensee who has failed to pay all of the costs ordered under this section.

(2) Notwithstanding paragraph (1), the board may, in its discretion, conditionally renew or reinstate for a maximum of one year the license of any licensee who demonstrates financial hardship and who enters into a formal agreement with the board to reimburse the board within that one-year period for the unpaid costs.

(h) All costs recovered under this section shall be considered a reimbursement for costs incurred and shall be deposited in the fund of the board recovering the costs to be available upon appropriation by the Legislature.

(i) Nothing in this section shall preclude a board from including the recovery of the costs of investigation and enforcement of a case in any stipulated settlement.

(j) This section does not apply to any board if a specific statutory provision in that board's licensing act provides for recovery of costs in an administrative disciplinary proceeding.

(k) Notwithstanding the provisions of this section, the Medical Board of California shall not request nor obtain from a licensee, investigation and prosecution costs for a disciplinary proceeding against the licensee. The board shall ensure that this subdivision is revenue neutral with regard to it and that any loss of revenue or increase in costs resulting from this subdivision is offset by an increase in the amount of the initial license

fee and the biennial renewal fee, as provided in subdivision (e) of Section 2435.

SEC. 3. Section 473.16 is added to the Business and Professions Code, to read:

473.16. The Joint Committee on Boards, Commissions, and Consumer Protection shall examine the composition of the Medical Board of California and its initial and biennial fees and report to the Governor and the Legislature its findings no later than July 1, 2008.

A complete report shall be made by appropriate means by the person or his or her counsel, with a copy of the communication to be sent to the claimant through his or her counsel if the person is so represented, or directly if he or she is not. If, within 45 days of the conclusion of the written settlement agreement or service of the judgment or arbitration award on the parties, counsel for the claimant (or if the claimant is not represented by counsel, the claimant himself or herself) has not received a copy of the report, he or she shall himself or herself make the complete report. Failure of the licensee or claimant (or, if represented by counsel, their counsel) to comply with this section is a public offense punishable by a fine of not less than fifty dollars (\$50) or more than five hundred dollars (\$500). Knowing and intentional failure to comply with this section or conspiracy or collusion not to comply with this section, or to hinder or impede any other person in the compliance, is a public offense punishable by a fine of not less than five thousand dollars (\$5,000) nor more than fifty thousand dollars (\$50,000).

(b) Every settlement over thirty thousand dollars (\$30,000), or judgment or arbitration award of any amount, of a claim or action for damages for death or personal injury caused by negligence, error or omission in practice, or by the unauthorized rendering of professional

A settlement over thirty thousand dollars (\$30,000) shall also be reported if the settlement is based on the licensee's negligence, error, or omission in practice or his or her rendering of unauthorized professional services, and a party to the settlement is a corporation, medical group, partnership, or other corporate entity in which the licensee has an ownership interest or that employs or contracts with the licensee. A complete report including the name and license number of the physician and surgeon shall be made by appropriate means by the person or his or her counsel, with a copy of the communication to be sent to the claimant through his or her counsel if he or she is so represented, or directly if he or she is not. If, within 45 days of the conclusion of the written settlement agreement or service of the judgment or arbitration award on the parties, counsel for the claimant (or if the claimant is not represented by counsel, the claimant himself or herself) has not received a copy of the report, he or she shall himself or herself make the complete report. Failure of the physician and surgeon or claimant (or, if represented by counsel, their counsel) to comply with this section is a public offense punishable by a fine of not less than fifty dollars (\$50) nor more than five hundred dollars (\$500). Knowing and intentional failure to comply with this section or conspiracy or collusion not to comply with this section, or to hinder or impede any other person in the compliance, is a public offense punishable by a fine of not less than five thousand dollars (\$5,000) nor more than fifty thousand dollars (\$50,000).

(c) Every settlement, judgment, or arbitration award over ten thousand dollars (\$10,000) of a claim or action for damages for death or personal injury caused by negligence, error, or omission in practice, or by the unauthorized rendering of professional services, by a marriage and family therapist or clinical social worker licensed pursuant to Chapter 13 (commencing with Section 4980) or Chapter 14 (commencing with Section 4990) who does not possess professional liability insurance as to that claim shall within 30 days after the written settlement agreement has been reduced to writing and signed by all the parties thereto or 30 days after service of the judgment or arbitration award on the parties be reported to the agency that issued the license, certificate, or similar authority. A complete report shall be made by appropriate means by the person or his or her counsel, with a copy of the communication to be

sent to the claimant through his or her counsel if he or she is so represented, or directly if he or she is not. If, within 45 days of the conclusion of the written settlement agreement or service of the judgment or arbitration award on the parties, counsel for the claimant (or if he or she is not represented by counsel, the claimant himself or herself) has not received a copy of the report, he or she shall himself or herself make a complete report. Failure of the marriage and family therapist or clinical social worker or claimant (or, if represented by counsel, their counsel) to comply with this section is a public offense punishable by a fine of not less than fifty dollars (\$50) nor more than five hundred dollars (\$500). Knowing and intentional failure to comply with this section, or conspiracy or collusion not to comply with this section or to hinder or impede any other person in that compliance, is a public offense punishable by a fine of not less than five thousand dollars (\$5,000) nor more than fifty thousand dollars (\$50,000).

SEC. 6. Section 805.2 of the Business and Professions Code is amended to read:

805.2. (a) It is the intent of the Legislature to provide for a comprehensive study of the peer review process as it is conducted by peer review bodies defined in paragraph (1) of subdivision (a) of Section 805, in order to evaluate the continuing validity of Section 805 and Sections 809 to 809.8, inclusive, and their relevance to the conduct of peer review in California.

(b) The Medical Board of California shall contract with an independent entity to conduct this study that is fair, objective, and free from bias that is directly familiar with the peer review process and does not advocate regularly before the board on peer review matters or on physician and surgeon disciplinary matters.

(c) The study by the independent entity shall include, but not be limited to, the following components:

(1) A comprehensive description of the various steps of and decisionmakers in the peer review process as it is conducted by peer review bodies throughout the state, including the role of other related committees of acute care health facilities and clinics involved in the peer review process.

(2) A survey of peer review cases to determine the incidence of peer review by peer review bodies, and whether they are complying with the reporting requirement in Section 805.

(3) A description and evaluation of the roles and performance of various state agencies, including the State Department of Health Services and occupational licensing agencies that regulate healing arts professionals, in receiving, reviewing, investigating, and disclosing peer review actions, and in sanctioning peer review bodies for failure to comply with Section 805.

(4) An assessment of the cost of peer review to licentiates and the facilities which employ them.

(5) An assessment of the time consumed by the average peer review proceeding, including the hearing provided pursuant to Section 809.2, and a description of any difficulties encountered by either licentiates or facilities in assembling peer review bodies or panels to participate in peer review decisionmaking.

(6) An assessment of the need to amend Section 805 and Sections 809 to 809.8, inclusive, to ensure that they continue to be relevant to the actual conduct of peer review as described in paragraph (1), and to evaluate whether the current reporting requirement is yielding timely and accurate information to aid licensing boards in their responsibility to regulate and discipline healing arts practitioners when necessary, and to assure that peer review bodies function in the best interest of patient care.

(7) Recommendations of additional mechanisms to stimulate the appropriate reporting of peer review actions under Section 805.

(8) Recommendations regarding the Section 809 hearing process to improve its overall effectiveness and efficiency.

(9) An assessment of the role of medical professionals, using professionals who are experts and are actively practicing medicine in this state, to review and investigate for the protection of consumers, allegations of substandard practice or professional misconduct.

(10) An assessment of the process to identify and retain a medical professional with sufficient expertise to review allegations of substandard practice or professional misconduct by a physician and surgeon, if the peer review process is discontinued.

(d) The independent entity shall exercise no authority over the peer review processes of peer review bodies. However, peer review bodies, health care facilities, health care clinics, and health care service plans shall cooperate with the independent entity and provide data, information, and case files as requested in the timeframes specified by the independent entity.

(e) The independent entity shall work in cooperation with and under the general oversight of the Executive Director of the Medical Board of California and shall submit a written report with its findings and recommendations to the board and the Legislature no later than July 31, 2007.

SEC. 8. Section 2006 is added to the Business and Professions Code, to read:

2006. (a) On and after January 1, 2006, any reference in this chapter to an investigation by the board, or one of its divisions, shall be deemed to refer to an investigation conducted by employees of the Department of Justice.

The board may fix the compensation to be paid for services subject to the provisions of applicable state laws and regulations and may incur other expenses as it may deem necessary. Investigators employed by the board shall be provided special training in investigating medical practice activities.

The Attorney General shall act as legal counsel for the board for any judicial and administrative proceedings and his or her services shall be a charge against it.

This section shall become inoperative on July 1, 2010, and, as of January 1, 2011, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 2011, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 10. Section 2026 is added to the Business and Professions Code, to read:

2026. To the extent funds are available to reimburse the Little Hoover Commission, that commission shall study and make recommendations on the role of public disclosure in the public protection mandate of the board. This study shall include, but not be limited to, whether the public is adequately informed about physician misconduct by the current laws and regulations providing for disclosure. This study shall be commenced as soon as possible and completed no later than July 1, 2008.

(4) All current accusations filed by the Attorney General, including those accusations that are on appeal. For purposes of this paragraph, "current accusation" shall mean an accusation that has not been dismissed, withdrawn, or settled, and has not been finally decided upon

by an administrative law judge and the Medical Board of California unless an appeal of that decision is pending.

(5) Any malpractice judgment or arbitration award reported to the board after January 1, 1993.

(6) Any hospital disciplinary actions that resulted in the termination or revocation of a licensee's hospital staff privileges for a medical disciplinary cause or reason.

(7) Any misdemeanor conviction that is substantially related to the qualifications, functions, or duties of a physician and surgeon.

(8) Appropriate disclaimers and explanatory statements to accompany the above information, including an explanation of what types of information are not disclosed. These disclaimers and statements shall be developed by the board and shall be adopted by regulation.

(9) Any information required to be disclosed pursuant to Section 803.1.

(b) (1) From January 1, 2003, the information described in paragraphs (1) (other than whether or not the licensee is in good standing), (2), (4), (5), (7), and (9) of subdivision (a) shall remain posted for a period of 10 years from the date the board obtains possession, custody, or control of the information, and after the end of that period shall be removed from being posted on the board's Internet Web site. Settlement information shall be posted as described in paragraph (2) of subdivision (b) of Section 803.1.

(2) The information described in paragraphs (3) and (6) of subdivision (a) shall not be removed from being posted on the board's Internet Web site. Notwithstanding the provisions of this paragraph, if a licensee's hospital staff privileges are restored and the licensee notifies the board of the restoration, the information pertaining to the termination or revocation of those privileges, as described in paragraph (6) of subdivision (a), shall remain posted for a period of 10 years from the restoration date of the privileges, and at the end of that period shall be removed from being posted on the board's Internet Web site.

(c) The board shall provide links to other Web sites on the Internet that provide information on board certifications that meet the requirements of subdivision (b) of Section 651. The board may provide links to other Web sites on the Internet that provide information on health care service plans, health insurers, hospitals, or other facilities. The board may also provide links to any other sites that would provide information on the affiliations of licensed physicians and surgeons.

(d) The disclosure requirement imposed by paragraph (7) of subdivision (a) shall not become operative unless and until the Legislature

enacts legislation that defines or identifies those misdemeanor convictions that are substantially related to the qualifications, functions, or duties of a physician and surgeon. The board shall develop a proposal, in consultation with consumer groups, patient advocacy groups, the Attorney General, and the medical profession, for that legislation and submit it to the Legislature.

SEC. 12. Section 2220.08 of the Business and Professions Code is amended to read:

2220.08. (a) Except for reports received by the board pursuant to Section 805 that may be treated as complaints by the board and new complaints relating to a physician and surgeon who is the subject of a pending accusation or investigation or who is on probation, any complaint determined to involve quality of care, before referral to a field office for further investigation, shall meet the following criteria:

(1) It shall be reviewed by one or more medical experts with the pertinent education, training, and expertise to evaluate the specific standard of care issues raised by the complaint to determine if further field investigation is required.

(2) It shall include the review of the following, which shall be requested by the board:

(A) Relevant patient records.

(B) The statement or explanation of the care and treatment provided by the physician and surgeon.

(C) Any additional expert testimony or literature provided by the physician and surgeon.

(D) Any additional facts or information requested by the medical expert reviewers that may assist them in determining whether the care rendered constitutes a departure from the standard of care.

(b) If the board does not receive the information requested pursuant to paragraph (2) of subdivision (a) within 10 working days of requesting that information, the complaint may be reviewed by the medical experts and referred to a field office for investigation without the information.

(c) Nothing in this section shall impede the board's ability to seek and obtain an interim suspension order or other emergency relief.

SEC. 13. Section 2225 of the Business and Professions Code is amended to read:

2225. (a) Notwithstanding Section 2263 and any other provision of law making a communication between a physician and surgeon or a podiatrist and his or her patients a privileged communication, those provisions shall not apply to investigations or proceedings conducted under this chapter. Members of the board, the Senior Assistant Attorney General of the Health Quality Enforcement Section, members of the California Board of Podiatric Medicine, and deputies, employees, agents,

and representatives of the board or the Board of Podiatric Medicine and the Senior Assistant Attorney General of the Health Quality Enforcement Section shall keep in confidence during the course of investigations, the names of any patients whose records are reviewed and may not disclose or reveal those names, except as is necessary during the course of an investigation, unless and until proceedings are instituted. The authority of the board or the Board of Podiatric Medicine and the Health Quality Enforcement Section to examine records of patients in the office of a physician and surgeon or a podiatrist is limited to records of patients who have complained to the board or the Board of Podiatric Medicine about that licensee.

(b) Notwithstanding any other provision of law, the Attorney General and his or her investigative agents, and investigators and representatives of the board or the Board of Podiatric Medicine, may inquire into any alleged violation of the Medical Practice Act or any other federal or state law, regulation, or rule relevant to the practice of medicine or podiatric medicine, whichever is applicable, and may inspect documents relevant to those investigations in accordance with the following procedures:

(1) Any document relevant to an investigation may be inspected, and copies may be obtained, where patient consent is given.

(2) Any document relevant to the business operations of a licensee, and not involving medical records attributable to identifiable patients, may be inspected and copied where relevant to an investigation of a licensee.

(c) In all cases where documents are inspected or copies of those documents are received, their acquisition or review shall be arranged so as not to unnecessarily disrupt the medical and business operations of the licensee or of the facility where the records are kept or used.

(d) Where documents are lawfully requested from licensees in accordance with this section by the Attorney General or his or her agents or deputies, or investigators of the board or the Board of Podiatric Medicine, they shall be provided within 15 business days of receipt of the request, unless the licensee is unable to provide the documents within this time period for good cause, including, but not limited to, physical inability to access the records in the time allowed due to illness or travel. Failure to produce requested documents or copies thereof, after being informed of the required deadline, shall constitute unprofessional conduct. The board may use its authority to cite and fine a physician and surgeon for any violation of this section. This remedy is in addition to any other authority of the board to sanction a licensee for a delay in producing requested records.

(e) Searches conducted of the office or medical facility of any licensee shall not interfere with the recordkeeping format or preservation needs of any licensee necessary for the lawful care of patients.

SEC. 14. Section 2334 is added to the Business and Professions Code, to read:

2334. (a) Notwithstanding any other provision of law, with respect to the use of expert testimony in matters brought by the Medical Board of California, no expert testimony shall be permitted by any party unless the following information is exchanged in written form with counsel for the other party, as ordered by the Office of Administrative Hearings:

- (1) A curriculum vitae setting forth the qualifications of the expert.
- (2) A brief narrative statement of the general substance of the testimony that the expert is expected to give, including any opinion testimony and its basis.
- (3) A representation that the expert has agreed to testify at the hearing.
- (4) A statement of the expert's hourly and daily fee for providing testimony and for consulting with the party who retained his or her services.

(b) The exchange of the information described in subdivision (a) shall be completed at least 30 calendar days prior to the commencement date of the hearing.

(c) The Office of Administrative Hearings may adopt regulations governing the required exchange of the information described in this section.

SEC. 15. Section 2343 of the Business and Professions Code is amended to read:

2343. (a) Each member of a committee shall receive per diem and expenses as provided in Section 103.

(b) The program manager shall account for all expenses and revenues of the diversion program and separately report this information to the board on a quarterly basis.

SEC. 16. Section 2358 is added to the Business and Professions Code, to read:

2358. This article shall become inoperative on July 1, 2008, and, as of January 1, 2009, is repealed, unless a later enacted statute that is enacted before January 1, 2009, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 17. Section 2435 of the Business and Professions Code is amended to read:

2435. The following fees apply to the licensure of physicians and surgeons:

(a) Each applicant for a certificate based upon a national board diplomate certificate, each applicant for a certificate based on reciprocity,

and each applicant for a certificate based upon written examination, shall pay a nonrefundable application and processing fee, as set forth in subdivision (b), at the time the application is filed.

(b) The application and processing fee shall be fixed by the Division of Licensing by May 1 of each year, to become effective on July 1 of that year. The fee shall be fixed at an amount necessary to recover the actual costs of the licensing program as projected for the fiscal year commencing on the date the fees become effective.

(c) Each applicant who qualifies for a certificate, as a condition precedent to its issuance, in addition to other fees required herein, shall pay an initial license fee, if any. The initial license fee shall be seven hundred ninety dollars (\$790). An applicant enrolled in an approved postgraduate training program shall be required to pay only 50 percent of the initial license fee.

(d) The biennial renewal fee shall be seven hundred ninety dollars (\$790).

(e) Notwithstanding subdivisions (c) and (d) and to ensure that subdivision (k) of Section 125.3 is revenue neutral with regard to the board, the board may, by regulation, increase the amount of the initial license fee and the biennial renewal fee by an amount required to recover both of the following:

(1) The average amount received by the board during the three fiscal years immediately preceding July 1, 2006, as reimbursement for the reasonable costs of investigation and enforcement proceedings pursuant to Section 125.3.

(2) Any increase in the amount of investigation and enforcement costs incurred by the board after January 1, 2006, that exceeds the average costs expended for investigation and enforcement costs during the three fiscal years immediately preceding July 1, 2006. When calculating the amount of costs for services for which the board paid an hourly rate, the board shall use the average number of hours for which the board paid for those costs over these prior three fiscal years, multiplied by the hourly rate paid by the board for those costs as of July 1, 2005. Beginning January 1, 2009, the board shall instead use the average number of hours for which it paid for those costs over the three year period of fiscal years 2005-06, 2006-07, and 2007-08, multiplied by the hourly rate paid by the board for those costs as of July 1, 2005. In calculating the increase in the amount of investigation and enforcement costs, the board shall include only those costs for which it was eligible to obtain reimbursement under Section 125.3 and shall not include probation monitoring costs and disciplinary costs, including those associated with the citation and fine process and those required to implement subdivision (b) of Section 12529 of the Government Code.

(f) Notwithstanding Section 163.5, the delinquency fee shall be 10 percent of the biennial renewal fee.

(g) The duplicate certificate and endorsement fees shall each be fifty dollars (\$50), and the certification and letter of good standing fees shall each be ten dollars (\$10).

(h) It is the intent of the Legislature that, in setting fees pursuant to this section, the board shall maintain a reserve in the Contingent Fund of the Medical Board of California equal to approximately two months' operating expenditures.

(i) Not later than January 1, 2007, the Joint Legislative Audit Committee shall select an independent entity that is fair, objective, and free from bias and that does not regularly advocate before the board on licensure fee or on physician and surgeon disciplinary matters, to conduct a review of the board's financial status, its financial projections and historical projections, including, but not limited to, its projections related to expenses, revenues, and reserves. The independent entity shall, on the basis of the review, report to the Joint Legislative Audit Committee before January 1, 2008, on any adjustment to the amount of the licensure fee that is required to maintain the reserve amount in the Contingent Fund of the Medical Board of California pursuant to subdivision (h) of Section 2435, and whether a refund of any excess revenue should be made to licentiates.

The joint assignment of the investigator and the deputy attorney general shall exist for the duration of the disciplinary matter. During the assignment, the investigator so assigned shall, under the direction of the deputy attorney general, be responsible for obtaining the evidence required to permit the Attorney General to advise the board on legal matters such as whether the board should file a formal accusation, dismiss the complaint for a lack of evidence required to meet the applicable burden of proof, or take other appropriate legal action.

(c) The Medical Board of California, the Department of Consumer Affairs, and the Office of the Attorney General shall, if necessary, enter into an interagency agreement to implement this section.

(d) This section does not effect the requirements of section 12529.5 as applied to the Medical Board of California where complaints that have not been assigned to a field office for investigation are concerned.

(e) This section shall become inoperative on July 1, 2008, and, as of January 1, 2009, is repealed, unless a later enacted statute, that is enacted before January 1, 2009, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 30. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

[Approved by Governor October 7, 2005. Filed with

The people of the State of California do enact as follows:

SECTION 1. Section 8669 of the Education Code is amended to read:

8669. (a) It is the intent of the Legislature that at least 50 percent, but not more than 75 percent, of the actual costs of the California State Summer School for Mathematics and Science for each fiscal year would be financed by state funds beginning in the 1999–2000 fiscal year. Any public announcement regarding the summer school program should include notification that need-based scholarships are available, and information regarding the procedure for applying for a scholarship award.

(c) For pupils who are not California residents, it is the intent of the Legislature that the Regents of the University of California set a tuition fee that is not less than the total actual costs to the summer school of services per pupil.

(d) The foundation authorized to be established pursuant to subdivision (f) of Section 8664 may raise funds from the private sector that may be used by the summer school for general program operating costs, scholarships, program augmentation, public relations, recruitment activity, or special projects. Private support may include, but not necessarily be limited to, direct grants to the summer school from private corporations or foundations, individual contributions, in-kind contributions, or fundraising benefits conducted by any entity.

(e) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date.

8669. (a) It is the intent of the Legislature that at least 50 percent, but not more than 75 percent, of the actual costs of the California State Summer School for Mathematics and Science for each fiscal year would be financed by state funds beginning in the 1999-2000 fiscal year. The balance of the operating costs would be financed with fees and private support.

(b) Except as provided in subdivision (c), the Regents of the University of California shall set a tuition fee within a range that corresponds to actual program costs, up to but not exceeding one thousand dollars (\$1,000) per session in the year 2000, and may increase this fee by an amount up to 5 percent each year thereafter. It is the intent of the Legislature that the University of California award full or partial scholarships on the basis of need and that pupils who are unable to pay all or part of the fee may petition the University of California for a fee reduction or waiver to ensure that a qualified applicant is not denied admission solely because of an ability to pay part or all of the fee. Any public announcement regarding the summer school program should include notification that need-based scholarships are available, and information regarding the procedure for applying for a scholarship award.

(c) For pupils who are not California residents, it is the intent of the Legislature that the Regents of the University of California set a tuition fee that is not less than the total actual costs to the summer school of services per pupil.

(d) The foundation authorized to be established pursuant to subdivision (f) of Section 8664 may raise funds from the private sector that may be used by the summer school for general program operating costs, scholarships, program augmentation, public relations, recruitment activity, or special projects. Private support may include, but not necessarily be limited to, direct grants to the summer school from private corporations or foundations, individual contributions, in-kind contributions, or fundraising benefits conducted by any entity.

(2) Use the data currently filed with the state as part of the process of applying for and obtaining modernization or construction funds for school facilities, or information that is available in the California Basic Education Data System for the element required in subparagraphs (D), (E), (F), and (G) of paragraph (1).

(3) Use the assessment as the baseline for the facilities inspection system required pursuant to subdivision (e) of Section 17070.75.

(4) Provide the results of the assessment to the Office of Public School Construction, including a report on the expenditures made in performing the assessment. It is the intent of the Legislature that the assessments be completed as soon as possible, but not later than January 1, 2006.

(5) If a school district does not need the full amount of the allocation it receives pursuant to this section, the school district shall expend the remaining funds for making facilities repairs identified in its needs assessment. The school district shall report to the Office of Public School Construction on the repairs completed pursuant to this paragraph and the cost of the repairs.

(6) Submit to the Office of Public School Construction an interim report regarding the progress made by the school district in completing the assessments of all eligible schools.

SEC. 8.7. Section 35186 of the Education Code is amended to read:

35186. (a) A school district shall use the uniform complaint process it has adopted as required by Chapter 5.1 (commencing with Section 4600) of Title 5 of the California Code of Regulations, with modifications, as necessary, to help identify and resolve any deficiencies related to instructional materials, emergency or urgent facilities conditions that pose a threat to the health and safety of pupils or staff, and teacher vacancy or misassignment.

(1) A complaint may be filed anonymously. A complainant who identifies himself or herself is entitled to a response if he or she indicates that a response is requested. A complaint form shall include a space to mark to indicate whether a response is requested. All complaints and responses are public records.

(2) The complaint form shall specify the location for filing a complaint. A complainant may add as much text to explain the complaint as he or she wishes.

(3) A complaint shall be filed with the principal of the school or his or her designee. A complaint about problems beyond the authority of the school principal shall be forwarded in a timely manner but not to exceed 10 working days to the appropriate school district official for resolution.

(b) The principal or the designee of the district superintendent, as applicable, shall make all reasonable efforts to investigate any problem within his or her authority. The principal or designee of the district superintendent shall remedy a valid complaint within a reasonable time period but not to exceed 30 working days from the date the complaint was received. The principal or designee of the district superintendent shall report to the complainant the resolution of the complaint within 45 working days of the initial filing. If the principal makes this report, the principal shall also report the same information in the same timeframe to the designee of the district superintendent.

(c) A complainant not satisfied with the resolution of the principal or the designee of the district superintendent has the right to describe the complaint to the governing board of the school district at a regularly scheduled hearing of the governing board. As to complaints involving a condition of a facility that poses an emergency or urgent threat, as defined in paragraph (1) of subdivision (c) of Section 17592.72, a complainant who is not satisfied with the resolution proffered by the principal or the designee of the district superintendent has the right to file an appeal to the Superintendent, who shall provide a written report

to the State Board of Education describing the basis for the complaint and, as appropriate, a proposed remedy for the issue described in the complaint.

(d) A school district shall report summarized data on the nature and resolution of all complaints on a quarterly basis to the county superintendent of schools and the governing board of the school district. The summaries shall be publicly reported on a quarterly basis at a regularly scheduled meeting of the governing board of the school district. The report shall include the number of complaints by general subject area with the number of resolved and unresolved complaints. The complaints and written responses shall be available as public records.

(e) The procedure required pursuant to this section is intended to address all of the following:

(1) A complaint related to instructional materials as follows:

(A) A pupil, including an English learner, does not have standards-aligned textbooks or instructional materials or state-adopted or district-adopted textbooks or other required instructional material to use in class.

(B) A pupil does not have access to instructional materials to use at home or after school.

(C) Textbooks or instructional materials are in poor or unusable condition, have missing pages, or are unreadable due to damage.

(2) A complaint related to teacher vacancy or misassignment as follows:

(A) A semester begins and a teacher vacancy exists.

(B) A teacher who lacks credentials or training to teach English learners is assigned to teach a class with more than 20-percent English learner pupils in the class. This subparagraph does not relieve a school district from complying with state or federal law regarding teachers of English learners.

(C) A teacher is assigned to teach a class for which the teacher lacks subject matter competency.

(3) A complaint related to the condition of facilities that pose an emergency or urgent threat to the health or safety of pupils or staff as defined in paragraph (1) of subdivision (c) of Section 17592.72 and any other emergency conditions the school district determines appropriate.

(f) In order to identify appropriate subjects of complaint, a notice shall be posted in each classroom in each school in the school district notifying parents, guardians, pupils, and teachers of the following:

(1) There should be sufficient textbooks and instructional materials. For there to be sufficient textbooks and instructional materials each pupil, including English learners, must have a textbook or instructional materials, or both, to use in class and to take home.

(2) School facilities must be clean, safe, and maintained in good repair.
(3) There should be no teacher vacancies or misassignments as defined in paragraphs (2) and (3) of subdivision (h).

(4) The location at which to obtain a form to file a complaint in case of a shortage. Posting a notice downloadable from the Web site of the department shall satisfy this requirement.

(g) A local educational agency shall establish local policies and procedures, post notices, and implement this section on or before January 1, 2005.

(h) For purposes of this section, the following definitions apply:

(1) "Good repair" has the same meaning as specified in subdivision (d) of Section 17002.

(2) "Misassignment" means the placement of a certificated employee in a teaching or services position for which the employee does not hold a legally recognized certificate or credential or the placement of a certificated employee in a teaching or services position that the employee is not otherwise authorized by statute to hold.

(3) "Teacher vacancy" means a position to which a single designated certificated employee has not been assigned at the beginning of the year for an entire year or, if the position is for a one-semester course, a position to which a single designated certificated employee has not been assigned at the beginning of a semester for an entire semester.

SEC. 9. Section 38101 of the Education Code is amended to read:

38101. (a) The governing board of a school district may authorize expenditures from the cafeteria fund or cafeteria account only for those charges from that fund or account that are defined in the California School Accounting Manual.

(b) A food service program shall not be charged more than once for expenditures for the same service. If a food service program is being charged for a service as a direct cost, the school district shall not also allocate that cost as a direct support cost or indirect cost.

(c) For purposes of this section, an "indirect cost" shall be limited to the lesser of the school district's prior year indirect cost rate as approved by the department or the statewide average approved indirect cost for the second prior fiscal year.

(d) Charges to, or transfers from, a food service program shall indicate when the charge or transfer was made and shall be accompanied by a written explanation of the purpose of, and basis for, the expenditure.

(e) This section does not authorize a school district to charge a food service program any charges prohibited by state or federal law or regulation.

(f) If the department and the Department of Finance concur that a school district has violated this section, the Superintendent shall direct

that school district to transfer double the amount improperly transferred to the general fund of the school district from that fund to the cafeteria fund of the school district or cafeteria account for the subsequent fiscal year which is then to be used for the improvement of the food service program of the school district. If the school district fails to make that transfer as directed, the Superintendent shall reduce the regular apportionment of the school district determined pursuant to Section 42238 and increase the child nutrition allowance of the school district determined pursuant to Section 41350 by double the amount improperly transferred to the general fund of the school district and that amount is then to be used for improvement of the food service program.

(g) It is the intent of the Legislature in enacting this section that responsible school district officials be held fully accountable for the accounting and reporting of food service programs and that minor and inadvertent instances of noncompliance be resolved in a fair and equitable manner to the satisfaction of the Superintendent and the Department of Finance.

(h) The Superintendent, with the approval of the Department of Finance, may waive up to the full transfer amount in subdivision (f) if he or she determines that the noncompliance involved is minor or inadvertent, or both.

SEC. 9.5. Section 41020 of the Education Code is amended to read:

41020. (a) It is the intent of the Legislature to encourage sound fiscal management practices among local educational agencies for the most efficient and effective use of public funds for the education of children in California by strengthening fiscal accountability at the district, county, and state levels.

(b) (1) Not later than the first day of May of each fiscal year, each county superintendent of schools shall provide for an audit of all funds under his or her jurisdiction and control and the governing board of each local educational agency shall either provide for an audit of the books and accounts of the local educational agency, including an audit of income and expenditures by source of funds, or make arrangements with the county superintendent of schools having jurisdiction over the local educational agency to provide for that auditing.

(2) A contract to perform the audit of a local educational agency that has a disapproved budget or has received a negative certification on any budget or interim financial report during the current fiscal year or either of the two preceding fiscal years, or for which the county superintendent of schools has otherwise determined that a lack of going concern exists, is not valid unless approved by the responsible county superintendent of schools and the governing board.

(3) If the governing board of a local educational agency has not provided for an audit of the books and accounts of the local educational agency by April 1, the county superintendent of schools having jurisdiction over the local educational agency shall provide for the audit of each local educational agency.

(4) An audit conducted pursuant to this section shall fully comply with the Government Auditing Standards issued by the Comptroller General of the United States.

(5) For purposes of this section, "local educational agency" does not include community colleges.

(c) Each audit conducted in accordance with this section shall include all funds of the local educational agency, including the student body and cafeteria funds and accounts and any other funds under the control or jurisdiction of the local educational agency. Each audit shall also include an audit of pupil attendance procedures.

(d) All audit reports for each fiscal year shall be developed and reported using a format established by the Controller after consultation with the Superintendent and the Director of Finance.

(e) (1) The cost of the audits provided for by the county superintendent of schools shall be paid from the county school service fund and the county superintendent of schools shall transfer the pro rata share of the cost chargeable to each district from district funds.

(2) The cost of the audit provided for by a governing board shall be paid from local educational agency funds. The audit of the funds under the jurisdiction and control of the county superintendent of schools shall be paid from the county school service fund.

(f) (1) The audits shall be made by a certified public accountant or a public accountant, licensed by the California Board of Accountancy, and selected by the local educational agency, as applicable, from a directory of certified public accountants and public accountants deemed by the Controller as qualified to conduct audits of local educational agencies, which shall be published by the Controller not later than December 31 of each year.

(2) Commencing with the 2003-04 fiscal year and except as provided in subdivision (d) of Section 41320.1, it is unlawful for a public accounting firm to provide audit services to a local educational agency if the lead audit partner, or coordinating audit partner, having primary responsibility for the audit, or the audit partner responsible for reviewing the audit, has performed audit services for that local educational agency in each of the six previous fiscal years. The Education Audits Appeal Panel may waive this requirement if the panel finds that no otherwise eligible auditor is available to perform the audit.

(3) It is the intent of the Legislature that, notwithstanding paragraph (2) of this subdivision, the rotation within public accounting firms conform to provisions of the federal Sarbanes-Oxley Act of 2002 (P.L. 107-204; 15 U.S.C. Sec. 7201 et seq.), and upon release of the report required by the act of the Comptroller General of the United States addressing the mandatory rotation of registered public accounting firms, the Legislature intends to reconsider the provisions of paragraph (2). In determining which certified public accountants and public accountants shall be included in the directory, the Controller shall use the following criteria:

(A) The certified public accountants or public accountants shall be in good standing as certified by the Board of Accountancy.

(B) The certified public accountants or public accountants, as a result of a quality control review conducted by the Controller pursuant to Section 14504.2, shall not have been found to have conducted an audit in a manner constituting noncompliance with subdivision (a) of Section 14503.

(g) (1) The auditor's report shall include each of the following:

(A) A statement that the audit was conducted pursuant to standards and procedures developed in accordance with Chapter 3 (commencing with Section 14500) of Part 9 of Division 1 of Title 1.

(B) A summary of audit exceptions and management improvement recommendations.

(C) Each audit of a local educational agency shall include an evaluation by the auditor on whether there is substantial doubt about the ability of the local educational agency to continue as a going concern for a reasonable period of time. This evaluation shall be based on the Statement of Auditing Standards (SAS) No. 59, as issued by the AICPA regarding disclosure requirements relating to the ability of the entity to continue as a going concern.

(2) To the extent possible, a description of correction or plan of correction shall be incorporated in the audit report, describing the specific actions that are planned to be taken, or that have been taken, to correct the problem identified by the auditor. The descriptions of specific actions to be taken or that have been taken shall not solely consist of general comments such as "will implement," "accepted the recommendation," or "will discuss at a later date."

(h) Not later than December 15, a report of each local educational agency audit for the preceding fiscal year shall be filed with the county superintendent of schools of the county in which the local educational agency is located, the department, and the Controller. The Superintendent shall make any adjustments necessary in future apportionments of all

state funds, to correct any audit exceptions revealed by those audit reports.

(i) (1) Commencing with the 2002-03 audit of local educational agencies pursuant to this section, each county superintendent of schools shall be responsible for reviewing the audit exceptions contained in an audit of a local educational agency under his or her jurisdiction related to attendance, inventory of equipment, internal control, and any miscellaneous items, and determining whether the exceptions have been either corrected or an acceptable plan of correction has been developed.

(2) Commencing with the 2004-05 audit of local educational agencies pursuant to this section, each county superintendent of schools shall include in the review of audit exceptions performed pursuant to this subdivision those audit exceptions related to use of instructional materials program funds, teacher misassignments pursuant to Section 44258.9, information reported on the school accountability report card required pursuant to Section 33126 and shall determine whether the exceptions are either corrected or an acceptable plan of correction has been developed.

(j) Upon submission of the final audit report to the governing board of each local educational agency and subsequent receipt of the audit by the county superintendent of schools having jurisdiction over the local educational agency, the county office of education shall do all of the following:

(1) Review audit exceptions related to attendance, inventory of equipment, internal control, and other miscellaneous exceptions. Attendance exceptions or issues shall include, but not be limited to, those related to revenue limits, adult education, and independent study.

(2) If a description of the correction or plan of correction has not been provided as part of the audit required by this section, then the county superintendent of schools shall notify the local educational agency and request the governing board of the local educational agency to provide to the county superintendent of schools a description of the corrections or plan of correction by March 15.

(3) Review the description of correction or plan of correction and determine its adequacy. If the description of the correction or plan of correction is not adequate, the county superintendent of schools shall require the local educational agency to resubmit that portion of its response that is inadequate.

(k) Each county superintendent of schools shall certify to the Superintendent and the Controller, not later than May 15, that his or her staff has reviewed all audits of local educational agencies under his or her jurisdiction for the prior fiscal year, that all exceptions that the county superintendent was required to review were reviewed, and that all of

those exceptions, except as otherwise noted in the certification, have been corrected by the local educational agency or that an acceptable plan of correction has been submitted to the county superintendent of schools. In addition, the county superintendent shall identify, by local educational agency, any attendance-related audit exception or exceptions involving state funds, and require the local educational agency to which the audit exceptions were directed to submit appropriate reporting forms for processing by the Superintendent.

(l) In the audit of a local educational agency for a subsequent year, the auditor shall review the correction or plan or plans of correction submitted by the local educational agency to determine if the exceptions have been resolved. If not, the auditor shall immediately notify the appropriate county office of education and the department and restate the exception in the audit report. After receiving that notification, the department shall either consult with the local educational agency to resolve the exception or require the county superintendent of schools to follow up with the local educational agency.

(m) (1) The Superintendent shall be responsible for ensuring that local educational agencies have either corrected or developed plans of correction for any one or more of the following:

(A) All federal and state compliance audit exceptions identified in the audit.

(B) Any exceptions that the county superintendent certifies as of May 15 have not been corrected.

(C) Any repeat audit exceptions that are not assigned to a county superintendent to correct.

(2) In addition, the Superintendent shall be responsible for ensuring that county superintendents of schools and each county board of education that serves as the governing board of a local educational agency either correct all audit exceptions identified in the audits of county superintendents of schools and of the local educational agencies for which the county boards of education serve as the governing boards or develop acceptable plans of correction for those exceptions.

(3) The Superintendent shall report annually to the Controller on his or her actions to ensure that school districts, county superintendents of schools, and each county board of education that serves as the governing board of a school district have either corrected or developed plans of correction for any of the exceptions noted pursuant to paragraph (1).

(n) To facilitate correction of the exceptions identified by the audits issued pursuant to this section, commencing with 2002-03 audits pursuant to this section, the Controller shall require auditors to categorize audit exceptions in each audit report in a manner that will make it clear to both the county superintendent of schools and the Superintendent which

exceptions they are responsible for ensuring the correction of by a local educational agency. In addition, the Controller annually shall select a sampling of county superintendents of schools and perform a followup of the audit resolution process of those county superintendents of schools and report the results of that followup to the Superintendent and the county superintendents of schools that were reviewed.

(o) County superintendents of schools shall adjust subsequent local property tax requirements to correct audit exceptions relating to local educational agency tax rates and tax revenues.

(p) If a governing board or county superintendent of schools fails or is unable to make satisfactory arrangements for the audit pursuant to this section, the Controller shall make arrangements for the audit and the cost of the audit shall be paid from local educational agency funds or the county school service fund, as the case may be.

(q) Audits of regional occupational centers and programs are subject to the provisions of this section.

(r) This section does not authorize examination of, or reports on, the curriculum used or provided for in any local educational agency.

(s) Notwithstanding any other provision of law, a nonauditing, management, or other consulting service to be provided to a local educational agency by a certified public accounting firm while the certified public accounting firm is performing an audit of the agency pursuant to this section must be in accord with Government Accounting Standards, Amendment No. 3, as published by the United States General Accounting Office.

SEC. 10. Section 41327.2 of the Education Code is amended to read:

41327.2. (a) The appointment of an administrator pursuant to Section 41326 does not remove any statutory rights, duties, or obligations from the county superintendent of schools. The county superintendent of schools retains the responsibility to superintend school districts under his or her jurisdiction.

(b) The county superintendent of schools shall submit reports to the Superintendent, the appropriate fiscal and policy committees of the Legislature, the Director of Finance, and the Secretary for Education subsequent to review by the county superintendent of schools of the district's budget and interim reports in accordance with subdivisions (d) and (g) of, and paragraph (3) of subdivision (i) of, Section 42127, and paragraph (2) of subdivision (a) of, and subdivision (e) of, Section 42131. These reports shall document the fiscal and administrative status of the qualifying district, particularly in regard to the implementation of fiscal and management recovery plans. Each report shall also include a determination of whether the revenue streams to the district appear to be consistent with its expenditure plan, according to the most recent data

available at the time of the report. These reports are required until six months after all rights, duties, and powers are returned to the school district pursuant to this article.

SEC. 11. Section 41344 of the Education Code is amended to read:

41344. (a) If, as the result of an audit or review, a local educational agency is required to repay an apportionment significant audit exception or to pay a penalty arising from an audit exception, the Superintendent and the Director of Finance, or their designees, shall jointly establish a plan for repayment of state school funds that the local educational agency received on the basis of average daily attendance, or other data, that did not comply with statutory or regulatory requirements that were conditions of the apportionments, or for payment of a penalty arising from an audit exception. A local educational agency shall request a plan within 90 days of receiving the final audit report or review, within 30 days of withdrawing or receiving a final determination regarding an appeal pursuant to subdivision (d), or, in the absence of an appeal pursuant to subdivision (d), within 30 days of withdrawing or receiving a determination of a summary review pursuant to subdivision (d) of Section 41344.1. At the time the local educational agency is notified, the Controller shall also be notified of the plan. The plan shall be established in accordance with the following:

(1) The Controller shall withhold the disallowed or penalty amount at the next principal apportionment or pursuant to paragraph (2), unless subdivision (d) of this section or subdivision (d) of Section 41344.1 applies, in which case the disallowed or penalty amount shall be withheld, at the next principal apportionment or pursuant to paragraph (2) following the determination regarding the appeal or summary appeal. In calculating a disallowed amount, the Controller shall determine the total amount of overpayment received by the local educational agency on the basis of average daily attendance, or other data, reported by the local educational agency that did not comply with one or more statutory or regulatory requirements that are conditions of apportionment.

(2) If the Superintendent and the Director of the Department of Finance concur that repayment of the full liability or payment of the penalty in the current fiscal year would constitute a severe financial hardship for the local agency, they may approve a plan of equal annual payments over a period of up to eight years. The plan shall include interest on each year's outstanding balance at the rate earned on the state's Pooled Money Investment Account during that year. The Superintendent and the Director of the Department of Finance shall jointly establish this plan. The Controller shall withhold amounts pursuant to the plan.

(3) If the Superintendent and the Director of the Department of Finance do not jointly establish a plan, the Controller shall withhold the entire disallowed amount determined pursuant to paragraph (1), or the penalty amount, at the next principal apportionment.

(b) (1) For purposes of computing average daily attendance pursuant to Section 42238.5, a local educational agency's prior fiscal year average daily attendance shall be reduced by an amount equal to any average daily attendance disallowed in the current year, by an audit or review, as defined in subdivision (e).

(2) Commencing with the 1999-2000 fiscal year, this subdivision may not result in a local educational agency repaying more than the value of the average daily attendance disallowed in the audit exception plus interest and other penalties or reductions in apportionments as provided by existing law.

(c) Notwithstanding any other provision of law, this section may not be waived under any authority set forth in this code except as provided in this section or Section 41344.1.

(d) Within 60 days of the date on which a local educational agency receives a final audit report resulting from an audit or review of all or any part of the operations of the local educational agency, or within 30 days of receiving a determination of a summary review pursuant to subdivision (d) of Section 41344.1, a local educational agency may appeal a finding contained in the final report, pursuant to Section 41344.1. Within 90 days of the date on which the appeal is received by the panel, a hearing shall be held at which the local educational agency may present evidence or arguments if the local educational agency believes that the final report contains any finding that was based on errors of fact or interpretation of law, or if the local educational agency believes in good faith that it was in substantial compliance with all legal requirements. A repayment schedule may not commence until the panel reaches a determination regarding the appeal. If the panel determines that the local educational agency is correct in its assertion, in whole or in part, the allowable portion of any apportionment payment that was withheld shall be paid at the next principal apportionment.

(e) As used in this section, "audit or review" means an audit conducted by the Controller's office, an annual audit conducted by a certified public accountant or a public accounting firm pursuant to Section 41020, and an audit or review conducted by a governmental agency that provided the local educational agency with an opportunity to provide a written response.

SEC. 12. Section 41344.1 of the Education Code is amended to read:
41344.1. (a) The Education Audit Appeals Panel is hereby established as a separate state agency. Its membership shall consist of

the Superintendent, the Director of the Department of Finance, and the Chief Executive Officer of the Fiscal Crisis and Management Assistance Team established pursuant to Section 42127.8 or their designees. The panel shall have the authority to expend funds, hire staff, make contracts, sue and be sued, and issue regulations in furtherance of its duties.

(b) The panel shall hear appeals filed pursuant to subdivision (d) of Section 41344. The Controller shall be a party to all appeals. The department and the Department of Finance may, at their election, timely intervene as a party in any appeal. The panel shall consider audit appeals pursuant to the administrative adjudication provisions of the Administrative Procedure Act (Chapter 4.5 (commencing with Section 11400) and Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code), except that it may adopt regulations specifying special pleadings that shall govern audit appeals. The panel may approve settlements and make findings of fact and interpretations of law.

(c) Compliance with all legal requirements is a condition to the state's obligation to make apportionments. A condition may be deemed satisfied if the panel finds there has been compliance or substantial compliance with all legal requirements. "Substantial compliance" means nearly complete satisfaction of all material requirements of a funding program that provide an educational benefit substantially consistent with the program's purpose. A minor or inadvertent noncompliance may be grounds for a finding of substantial compliance provided that the local educational agency can demonstrate it acted in good faith to comply with the conditions established in law or regulation necessary for apportionment of funding. The panel may further define "substantial compliance" by issuing regulations or through adjudicative opinions, or both. If the panel finds there has been substantial compliance, the panel may waive or reduce the reimbursement or penalty amount and may also order other remedial measures sufficient to induce full compliance in the future. Other remedial measures may include restoration of a reduction or penalty amount if full compliance is not rendered in the future, ordering special audits, and requiring special training.

(d) In addition to the normal appeal process specified above, there is hereby created a voluntary, informal, summary appeals process for noncompliant audit exceptions that clearly constitute substantial compliance as that term is defined in subdivision (c). Requests for summary review shall be made to the executive officer of the panel who may seek comment from the Department of Finance or Superintendent. Summary review shall be sought within 30 days of the date on which a local educational agency receives a final audit report resulting from an audit or review.

(1) If the executive officer concludes the conditions for finding substantial compliance are not clearly met or involve substantial questions of fact, the executive officer may deny the request for summary review and the appellant may pursue its claim through the normal appeal process.

(2) For appeals in which the total audit exceptions for full repayment or penalty constitute less than 150 units of average daily attendance or seven hundred fifty thousand dollars (\$750,000), whichever is less, the executive officer may waive or reduce the reimbursement or penalty upon a finding of substantial compliance and that other remedial measures are sufficient to induce full compliance in the future.

(3) For appeals in which the total audit exceptions for full repayment or penalty meet or exceed 150 units of average daily attendance or seven hundred fifty thousand dollars (\$750,000), whichever is greater, the executive officer may waive or reduce the reimbursement or penalty upon a finding of substantial compliance and order other remedial measures that are sufficient to induce full compliance in the future, if he or she has the written approval of the Department of Finance and the Superintendent. The executive officer shall provide the details of the proposed settlement and the rationale in writing to the Department of Finance and Superintendent and allow at least 30 days for their review.

(4) The right to appeal pursuant to subdivision (d) of Section 41344 is independent of this subdivision and an appellant may pursue his or her appeal under subdivision (b) regardless of the result under this subdivision. A local educational agency that has unresolved audit appeals pursuant to subdivision (d) of Section 41344 pending on January 1, 2003, may file a request for summary review under this subdivision for a period of 60 days after January 1, 2003.

SEC. 13. Section 41402 of the Education Code is amended to read:
41402. The maximum ratios of administrative employees to each 100 teachers in the various types of school districts shall be as follows:

- (a) In elementary school districts—9.
- (b) In unified school districts—8.
- (c) In high school districts—7.

This section shall not apply to a school district that has one or fewer administrators.

SEC. 14. Section 41511 of the Education Code is amended to read:
41511. Funding for the school safety consolidated competitive grant shall include the funding previously apportioned to school districts for carrying out the purposes of the following programs:

(a) Safe school planning and partnership minigrants, as funded pursuant to Item 6110-226-0001 of Section 2.00 of the annual Budget Act.

(b) School community policing as set forth in Article 6 (commencing with Section 32296) of Chapter 2.5 of Part 19.

(c) Gang-risk intervention as set forth in Chapter 5.5 (commencing with Section 58730) of Part 31.

(d) Safety plans for new schools, as funded pursuant to Item 6110-228-0001 of Section 2.00 of the annual Budget Act. Grant funds distributed to a school district in order to carry out the purpose of this subdivision are offsetting revenues within the meaning of subdivision (e) of Section 17556 of the Government Code for any reimbursable mandated cost claim for the development of school safety plans as required by Section 32281 of the Education Code. A school district that accepts funds in order to carry out the purpose of this subdivision shall reduce its estimated and actual mandate reimbursement claim by the amount of funding provided to it in order to carry out the purposes of this subdivision.

(e) School community violence prevention, as funded pursuant to Item 6110-228-0001 of Section 2.00 of the annual Budget Act.

(f) Conflict resolution, as funded pursuant to Item 6110-228-0001 of Section 2.00 of the annual Budget Act.

SEC. 15. Section 41521 of the Education Code is amended to read:

41521. (a) The teacher credentialing block grant shall include funding previously apportioned to school districts for purposes of beginning teacher support and assessment as set forth in Article 4.5 (commencing with Section 44279.1) of Chapter 2 of Part 25.

(b) For purposes of issuing teaching credentials, certificates, or other authorizations, the Commission on Teacher Credentialing shall approve the programs described by subdivision (a). To ensure the Superintendent has the requisite information to allocate funding based on the number of participating credential candidates pursuant to this article, the commission shall inform the Superintendent on an ongoing basis of the approval status of these programs and numbers of participating candidates in each approved program.

SEC. 16. Section 41530 of the Education Code is amended to read:

41530. (a) There is hereby established the professional development block grant. Commencing with the 2005-06 fiscal year, the Superintendent shall apportion block grant funds to a school district based on the number of certificated teachers employed by the school district in the immediately prior fiscal year.

(b) A school district may expend funds received pursuant to this article for any purpose authorized by the programs listed in Section 41531, as the statutes governing those programs read on January 1, 2004.

(c) For purposes of this article, "school district" includes a county office of education if county offices of education are eligible to receive

(3) Adult education programs in English as a second language.

(4) Adult education programs for immigrants eligible for educational services in citizenship, English as a second language, and workforce preparation classes in the basic skills of speaking, listening, reading, writing, mathematics, decisionmaking and problem solving skills, and other classes required for preparation to participate in job specific technical training.

(10) Adult programs in health and safety education.

(b) No state apportionment shall be made for any course or class which is not set forth in subdivision (a).

41976.5. (a) Each school district or county superintendent of schools providing services in summer school programs for adults with disabilities in the 1977-78 school year shall continue in the 1980-81 fiscal year and each fiscal year thereafter to offer these programs.

(b) A school district or county superintendent of schools receiving apportionments from Section A of the State School Fund shall offer summer programs for graduating high school seniors in need of courses for graduation.

SEC. 19. Section 42127 of the Education Code is amended to read:
42127. (a) On or before July 1 of each year, the governing board of each school district shall accomplish the following:

(1) Hold a public hearing on the budget to be adopted for the subsequent fiscal year. The budget to be adopted shall be prepared in accordance with Section 42126. The agenda for that hearing shall be posted at least 72 hours prior to the public hearing and shall include the location where the budget will be available for public inspection.

(2) Adopt a budget. Not later than five days after that adoption or by July 1, whichever occurs first, the governing board shall file that budget with the county superintendent of schools. That budget and supporting data shall be maintained and made available for public review. If the governing board of the district does not want all or a portion of the property tax requirement levied for the purpose of making payments for the interest and redemption charges on indebtedness as described in paragraph (1) or (2) of subdivision (b) of Section 1 of Article XIII A of the California Constitution, the budget shall include a statement of the amount or portion for which a levy shall not be made.

(b) The county superintendent of schools may accept changes in any statement included in the budget, pursuant to subdivision (a), of the amount or portion for which a property tax levy shall not be made. The county superintendent or the county auditor shall compute the actual amounts to be levied on the property tax rolls of the district for purposes that exceed apportionments to the district pursuant to Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code. Each school district shall provide all data needed by the county superintendent or the county auditor to compute the amounts. On or before August 15, the county superintendent shall transmit the amounts computed to the county auditor who shall compute the tax rates necessary to produce the amounts. On or before September 1, the county auditor shall submit the rate computed to the board of supervisors for adoption.

(c) The county superintendent of schools shall do all of the following:

(1) Examine the adopted budget to determine whether it complies with the standards and criteria adopted by the State Board of Education pursuant to Section 33127 for application to final local educational agency budgets. The county superintendent shall identify, if necessary, any technical corrections that are required to be made to bring the budget into compliance with those standards and criteria.

(2) Determine whether the adopted budget will allow the district to meet its financial obligations during the fiscal year and is consistent with a financial plan that will enable the district to satisfy its multiyear financial commitments. In addition to his or her own analysis of the

budget of each school district, the county superintendent of schools shall review and consider studies, reports, evaluations, or audits of the school district that were commissioned by the district, the county superintendent, the Superintendent, and state control agencies and that contain evidence that the school district is showing fiscal distress under the standards and criteria adopted in Section 33127 or that contain a finding by an external reviewer that more than three of the 15 most common predictors of a school district needing intervention, as determined by the County Office Fiscal Crisis and Management Assistance Team, are present. The county superintendent of schools shall either conditionally approve or disapprove a budget that does not provide adequate assurance that the district will meet its current and future obligations and resolve any problems identified in studies, reports, evaluations, or audits described in this paragraph.

(d) On or before August 15, the county superintendent of schools shall approve, conditionally approve, or disapprove the adopted budget for each school district. If a school district does not submit a budget to the county superintendent of schools, the county superintendent of schools shall, at district expense, develop a budget for that school district by September 15 and transmit that budget to the governing board of the school district. The budget prepared by the county superintendent of schools shall be deemed adopted, unless the county superintendent of schools approves any modifications made by the governing board of the school district. The approved budget shall be used as a guide for the district's priorities. The Superintendent shall review and certify the budget approved by the county. If, pursuant to the review conducted pursuant to subdivision (c), the county superintendent of schools determines that the adopted budget for a school district does not satisfy paragraph (1) or (2) of that subdivision, he or she shall conditionally approve or disapprove the budget and, not later than August 15, transmit to the governing board of the school district, in writing, his or her recommendations regarding revision of the budget and the reasons for those recommendations, including, but not limited to, the amounts of any budget adjustments needed before he or she can conditionally approve that budget. The county superintendent of schools may assign a fiscal adviser to assist the district to develop a budget in compliance with those revisions. In addition, the county superintendent of schools may appoint a committee to examine and comment on the superintendent's review and recommendations, subject to the requirement that the committee report its findings to the superintendent no later than August 20.

(e) On or before September 8, the governing board of the school district shall revise the adopted budget to reflect changes in projected

income or expenditures subsequent to July 1, and to include any response to the recommendations of the county superintendent of schools, shall adopt the revised budget, and shall file the revised budget with the county superintendent of schools. Prior to revising the budget, the governing board shall hold a public hearing regarding the proposed revisions, to be conducted in accordance with Section 42103. In addition, if the adopted budget is disapproved pursuant to subdivision (d), the governing board and the county superintendent of schools shall review the disapproval and the recommendations of the county superintendent of schools regarding revision of the budget at the public hearing. The revised budget and supporting data shall be maintained and made available for public review.

(f) On or before September 22, the county superintendent of schools shall provide a list to the Superintendent identifying all school districts for which budgets may be disapproved.

(g) The county superintendent of schools shall examine the revised budget to determine whether it (1) complies with the standards and criteria adopted by the State Board of Education pursuant to Section 33127 for application to final local educational agency budgets, (2) allows the district to meet its financial obligations during the fiscal year, (3) satisfies all conditions established by the county superintendent of schools in the case of a conditionally approved budget, and (4) is consistent with a financial plan that will enable the district to satisfy its multiyear financial commitments, and, not later than October 8, shall approve or disapprove the revised budget. If the county superintendent of schools disapproves the budget, he or she shall call for the formation of a budget review committee pursuant to Section 42127.1, unless the governing board of the school district and the county superintendent of schools agree to waive the requirement that a budget review committee be formed and the department approves the waiver after determining that a budget review committee is not necessary. Upon the grant of a waiver, the county superintendent has the authority and responsibility provided to a budget review committee in Section 42127.3. Upon approving a waiver of the budget review committee, the department shall ensure that a balanced budget is adopted for the school district by November 30. If no budget is adopted by November 30, the Superintendent may adopt a budget for the school district. The Superintendent shall report to the Legislature and the Director of Finance by December 10 if any district, including a district that has received a waiver of the budget review committee process, does not have an adopted budget by November 30. This report shall include the reasons why a budget has not been adopted by the deadline, the steps being taken to finalize budget adoption, the date the adopted budget is anticipated, and

whether the Superintendent has or will exercise his or her authority to adopt a budget for the school district.

(h) Not later than October 8, the county superintendent of schools shall submit a report to the Superintendent identifying all school districts for which budgets have been disapproved or budget review committees waived. The report shall include a copy of the written response transmitted to each of those districts pursuant to subdivision (d).

(i) Notwithstanding any other provision of this section, the budget review for a school district shall be governed by paragraphs (1), (2), and (3) of this subdivision, rather than by subdivisions (e) and (g), if the governing board of the school district so elects and notifies the county superintendent in writing of that decision, not later than October 31 of the immediately preceding calendar year. On or before July 1, the governing board of a school district for which the budget review is governed by this subdivision, rather than by subdivisions (e) and (g), shall conduct a public hearing regarding its proposed budget in accordance with Section 42103.

(1) If the adopted budget of a school district is disapproved pursuant to subdivision (d), on or before September 8, the governing board of the school district, in conjunction with the county superintendent of schools, shall review the superintendent's recommendations at a regular meeting of the governing board and respond to those recommendations. The response shall include any revisions to the adopted budget and other proposed actions to be taken, if any, as a result of those recommendations.

(2) On or before September 22, the county superintendent of schools will provide a list to the Superintendent identifying all school districts for which a budget may be tentatively disapproved.

(3) Not later than October 8, after receiving the response required under paragraph (1), the county superintendent of schools shall review that response and either approve or disapprove the budget. If the county superintendent of schools disapproves the budget, he or she shall call for the formation of a budget review committee pursuant to Section 42127.1, unless the governing board of the school district and the county superintendent of schools agree to waive the requirement that a budget review committee be formed and the department approves the waiver after determining that a budget review committee is not necessary. Upon the grant of a waiver, the county superintendent has the authority and responsibility provided to a budget review committee in Section 42127.3. Upon approving a waiver of the budget review committee, the department shall ensure that a balanced budget is adopted for the school district by November 30. The Superintendent shall report to the Legislature and the Director of Finance by December 10 if any district, including a district that has received a waiver of the budget review committee process, does

not have an adopted budget by November 30. This report shall include the reasons why a budget has not been adopted by the deadline, the steps being taken to finalize budget adoption, and the date the adopted budget is anticipated.

(4) Not later than 45 days after the Governor signs the annual Budget Act, the school district shall make available for public review any revisions in revenues and expenditures that it has made to its budget to reflect the funding made available by that Budget Act.

(j) Any school district for which the county board of education serves as the governing board is not subject to subdivisions (c) to (h), inclusive, but is governed instead by the budget procedures set forth in Section 1622.

SEC. 20. Section 42132 of the Education Code is amended to read:

42132. On or before September 15 of each year, the governing board of each school district shall adopt a resolution to identify, pursuant to Division 9 (commencing with Section 7900) of Title 1 of the Government Code, the estimated appropriations limit for the district for the current fiscal year and the actual appropriations limit for the district for the preceding fiscal year. That resolution shall be adopted at a regular or special meeting of the governing board. Notwithstanding Section 7910 of the Government Code, documentation used in the identification of the appropriations limits shall be made available to the public on the date of the meeting.

SEC. 21. Section 42282 of the Education Code is amended to read:

42282. For each district with fewer than 2,501 units of second principal apportionment average daily attendance, on account of each necessary small school, the county superintendent shall make the following computations:

(a) For each necessary small school which has an average daily attendance during the fiscal year of less than 26, exclusive of pupils attending the 7th and 8th grades of a junior high school, and for which school at least one teacher was hired full time, the county superintendent shall compute for the district fifty-two thousand nine hundred twenty-five dollars (\$52,925).

(b) For each necessary small school which has an average daily attendance during the fiscal year of 26 or more and less than 51, exclusive of pupils attending the 7th and 8th grades of a junior high school, and for which school at least two teachers were hired full time for more than one-half of the days schools were maintained, the county superintendent shall compute for the district one hundred five thousand eight hundred fifty dollars (\$105,850).

(c) For each necessary small school which has an average daily attendance during the fiscal year of 51 or more but less than 76, exclusive

of pupils attending the 7th and 8th grades of a junior high school, and for which school three teachers were hired full time for more than one-half of the days schools were maintained, the county superintendent shall compute for the district one hundred fifty-eight thousand seven hundred seventy-five dollars (\$158,775).

These school districts may use this funding calculation until the revenue limit per unit of average daily attendance multiplied by the average daily attendance produces state aid equal to the small school funding formula.

(e) For the 1998-99 fiscal year and each fiscal year thereafter, the ranges of average daily attendance specified in subdivisions (a) to (d), inclusive, shall be reduced by the statewide average rate of excused absence reported for elementary school districts for the 1996-97 fiscal year pursuant to Section 42238.7, with the resultant figures and ranges rounded to the nearest integer.

SEC. 22. Section 42282.1 of the Education Code is amended to read:

SEC. 23. Section 42285 of the Education Code is amended to read:

42285. (a) A necessary small high school for the purposes of Section 42284, is a high school with an average daily attendance of less than 301, excluding continuation schools, which comes within any of the following conditions (except that a single high school maintained by a unified district, or a high school maintained by any district for the exclusive purpose of educating juvenile hall pupils or pupils with exceptional needs, shall be considered a necessary small high school):

(2) Any one of the following combinations of distance and units of average daily attendance applies:

(A) The high school had an average daily attendance of less than 100 in grades 9 to 12, inclusive, during the preceding fiscal year and is more than 15 miles by well-traveled road from the nearest other public high school and either 90 percent of the pupils would be required to travel 20 miles or 25 percent of the pupils would be required to travel 30 miles one way from a point on a well-traveled road nearest their homes to the nearest other public high school.

If the department determines that either the Sea View Elementary School or the West Shores High School, or both, qualifies for continued funding as described in subdivision (a), the Coachella Valley Unified School District shall remain eligible to receive apportionments, as described in subdivision (a), for the school that remains entitled to receive apportionments, or for both schools if both remain entitled to receive apportionments. Further, to ensure that all candidates for a credential receive reasonable information and advice as they proceed through their program, the Legislature finds and declares that it is incumbent upon credential preparation programs to inform candidates of new requirements and extension provisions available to eligible candidates.

(b) For the purposes of this section, the following terms shall have the following meanings:

- (1) "Enrolled" refers to an individual who, on or after January 1, 2002, continuously participates in and is working toward completing the requirements for a program that meets the minimum requirements for a

California preliminary multiple or single subject teaching credential as specified in Section 44259. Whether an individual is enrolled shall be subject to verification by the Commission on Teacher Credentialing.

(2) "Continuously enrolled" refers to an individual who has begun a teacher preparation program and does not have a break in that participation that exceeds a period of 18 months.

(c) The commission shall adopt regulations to provide a credential candidate enrolled in a commission-accredited preparation program, including, but not limited to, an internship program as defined in Article 7.5 (commencing with Section 44325) and Article 3 (commencing with Section 44450), a professional preparation program as defined in Article 7 (commencing with Section 44320), or an integrated program of professional preparation as defined in Section 44259.1 with a grace period to complete the program without meeting new requirements, including, but not limited to, requirements added by statutes, regulations, or commission standards, after the candidate's enrollment in the program. The commission shall also ensure through standards and accreditation procedures that credential preparation programs provide credential candidates with information about new requirements and extension provisions as outlined in this subdivision and subdivisions (d) and (e).

(1) The commission shall adopt regulations that provide a credential candidate enrolled in a commission-accredited preparation program time of not less than 24 months after enrollment in the program, during which time new or amended statutes, regulations, and commission standards that become effective and are imposed on credential candidates after the candidate's enrollment date shall not apply to that candidate.

(2) The commission shall allow a credential candidate an extension of time in addition to the time specified pursuant to paragraph (1) to complete a credential program under the statutes, regulations, and commission standards in place at the time of the candidate's enrollment if the candidate can demonstrate extenuating circumstances, including, but not limited to, personal or family illness, bereavement, or financial hardship and develops a plan, in consultation with the credential preparation program, for continued progress toward completion of the preparation program.

(d) The commission shall maintain a list of candidates who are allowed an extended time period to complete the program under the statutes, regulations, and commission standards in place at the time of the candidates' enrollment prior to the effective date of a new or amended statute, regulation, or standard. This list shall include the projected date of program completion for each candidate.

(e) (1) A credential candidate enrolled in an integrated program of professional preparation pursuant to subdivision (a) of Section 44259.1

(4) By June 30, 2004, the commission shall report to the education policy committees in each house of the Legislature on the success of the integrated program of professional development pursuant to Section 44259.1 toward preparing teacher candidates, including, but not limited to, the number of students admitted to the teacher education component in each program, the number of students who have completed all course requirements, including student teaching, and who have applied for a credential, the number of students applying for and receiving an extension pursuant to subdivision (e), and the information collected pursuant to subdivision (d).

(f) This section does not supersede subdivision (h) of Section 44259.

(g) A modification of a credentialing examination by the commission that is made as the result of a validity study or a passing standard study shall not be considered a new requirement for purposes of this section.

(h) If credential preparation coursework that a credential candidate has not yet taken is modified, the candidate shall take the modified coursework instead of the previously required coursework unless the modified coursework is not readily available, the modified coursework would result in an increased cost to the candidate, or completion of the modified coursework would delay the candidate's completion of the credential preparation program.

(i) Once a candidate has received a preliminary California teaching credential pursuant to Section 44259 and is employed as the teacher of record in a California public school, the candidate shall not be subject to any new requirements for completing the induction phase required to

obtain the professional clear teaching credential pursuant to Section 44279.4, for a period not to exceed the length of time provided for the preliminary teaching credential pursuant to Section 44251.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(2) The ordinance includes an expenditure plan describing the purposes for which the revenues from the tax may be expended, consistent with the purposes described in paragraph (4). Secretary of State October 7, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares each of the following:

(a) The transportation of hazardous materials by railroads through urban areas in California poses a potential danger that warrants heightened care by railroads and by the state, to prevent accidents and spills.

(b) Recent accidents in other states involving the release of toxic substances in lethal amounts, resulting in widespread injury and death, illustrate the need for reassessment by both state and federal authorities of equipment and facility standards, inspection and maintenance programs, and enforcement procedures.

SEC. 2. Section 309.7 of the Public Utilities Code is amended to read:

309.7. (a) The division of the commission responsible for consumer protection and safety shall be responsible for inspection, surveillance, and investigation of the rights-of-way, facilities, equipment, and operations of railroads and public mass transit guideways, and for enforcing state and federal laws, regulations, orders, and directives relating to transportation of persons or commodities, or both, of any nature or description by rail. The consumer protection and safety division shall advise the commission on all matters relating to rail safety, and shall propose to the commission rules, regulations, orders, and other measures necessary to reduce the dangers caused by unsafe conditions on the railroads of the state. The delegation of enforcement responsibility to the consumer protection and safety division shall not diminish the power of other agencies of state government to enforce laws relating to employee or environmental safety, pollution prevention, or public health and safety.

(b) In performing its duties, the consumer protection and safety division shall exercise all powers of investigation granted to the commission, including rights to enter upon land or facilities, inspect books and records, and compel testimony. The commission shall employ sufficient federally certified inspectors to ensure at the time of inspection that railroad locomotives and equipment and facilities located in class I railroad yards in California are inspected not less frequently than every 180 days, and all main and branch line tracks are inspected not less frequently than every 12 months. In performing its duties, the safety division shall consult with representatives of railroad corporations, labor organizations representing railroad employees, and the Federal Railroad Administration.

(c) The general counsel shall assign to the consumer protection and safety division the personnel and attorneys necessary to fully utilize the powers granted to the commission by any state law, and by any federal law relating to rail transportation, including, but not limited to, the Federal Rail Safety Act (45 U.S.C. Sec. 421m, et seq.), to enforce safety laws, rules, regulations, and orders, and to collect fines and penalties resulting from the violation of any safety rule or regulation.

(d) The activities of the consumer protection and safety division that relate to safe operation of common carriers by rail, other than those relating to grade crossing protection, shall also be supported by the fees paid by railroad corporations, if any, pursuant to Sections 421 to 424, inclusive. The activities of the consumer protection and safety division that relate to grade crossing protection shall be supported by funds appropriated therefor from the State Highway Account in the State Transportation Fund. On or before November 30 of each year, the commission shall report to the Legislature on the activities of the safety division, and shall fully document in the report all expenditures of those funds in the audit report provided in subdivision (f) of Section 421.

SEC. 3. Section 7661 of the Public Utilities Code is amended to read:

(b) A railroad corporation shall promptly notify the Office of Emergency Services, the Department of the California Highway Patrol, and designated county public safety agencies, through a communication to the Warning Center of the Office of Emergency Services, if there is

a runaway train or any other uncontrolled train movement that threatens public health and safety, in accordance with the railroad corporation's communications protocol developed pursuant to subdivision (a).

(c) The notification required pursuant to subdivision (b) shall include the following information, whether or not an accident or spill occurs:

CHAPTER 685

An act to add Section 110827 to the Health and Safety Code, relating to organic products.

[Approved by Governor October 7, 2005. Filed with
Secretary of State October 7, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) It is the Legislature's intent in enacting this act to prevent consumers from being misled by the organic label on certain fish and seafood.

(b) There are currently no standards in place for what organic seafood must mean and, at this time, any seafood can be claimed as organic. This is a serious deviation from what consumers expect from other organic food that meets strict federal standards for organic production and is verified by an organic certifier. In fact, seafood contaminated with mercury and polychlorinated biphenyls and labeled with Proposition 65 warnings regarding chemicals known to the state to cause cancer or reproductive toxicity can also carry the organic label.

(c) While the United States Department of Agriculture is in the process of establishing organic standards for seafood, the federal department has refused to prohibit the organic label on fish.

(d) This act will protect organic farmers, certifiers, and consumers by prohibiting substandard organic food from being sold in the marketplace.

SEC. 2. Section 110827 is added to the Health and Safety Code, to read:

110827. No aquaculture, fish, or seafood product, including, but not limited to, farmed and wild caught species, shall be labeled or represented as “organic” until formal organic certification standards have been developed and implemented by the United States Department of Agriculture’s National Organic Program or the California Department of Food and Agriculture.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 686

An act to add and repeal Article 10 (commencing with Section 11364) of Chapter 3.5 of Division 3 of Title 2 of, and to add and repeal Chapter 22.5 (commencing with Section 7528) of Division 7 of Title 1 of, the Government Code, relating to state government operations.

7528.1. This chapter shall remain in effect only until January 1, 2012, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2012, deletes or extends that date.

SEC. 3. Article 10 (commencing with Section 11364) is added to Chapter 3.5 of Division 3 of Title 2 of the Government Code, to read:

Participation

11364. (a) In addition to any other requirement, every state agency, as defined in Section 11000, shall post on its homepage of its Web site, no later than January 1, 2007, a link entitled "Decisions Pending and Opportunities for Public Participation" where the link contains all of the following information:

(2) Nothing in this article shall affect the discretion of a state governmental entity to do either of the following:

(A) Post on its Web site or the Internet information in addition to what is required to be disclosed by this article.

(B) Post accurate, useful, and explanatory plain language information.

11365. This article shall remain in effect only until January 1, 2012, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2012, deletes or extends that date.

(b) Subject to subdivision (c), but notwithstanding any other provision of law, the board or the department is not required to proceed in accordance with subdivision (a) or with the formation of a maintenance area under this chapter if neither the board nor the department has given the nonfederal assurances to the United States required for the project. If neither the board nor the department has given the nonfederal assurances to the United States required for the project, the board or department may elect to proceed with the formation if it determines that the formation of a maintenance area is in the best interest of the state.

(c) (1) Subdivision (b) does not apply to any project for which an application for the formation of a maintenance area under this chapter has been submitted to the department by a local agency on or before July 1, 2003.

(2) Subject to paragraph (3), the department or the board shall proceed in accordance with subdivision (a) and with the formation of a maintenance area in accordance with this chapter for any project described in paragraph (1).

(3) Before the department or the board forms a maintenance area pursuant to this subdivision, the local agency shall enter into an agreement with the department pursuant to which the local agency agrees to indemnify and hold and save harmless the state, its officers, agents, and employees for any and all liability for damages that may arise out of the planning, design, construction, operation, maintenance, repair, or rehabilitation of the project, or the dissolution or modification of the maintenance area formed pursuant to this subdivision.

SECTION 1. Section 13007 is added to the Fish and Game Code, to read:

13007. (a) Notwithstanding Section 13001 and paragraph (1) of subdivision (a) of Section 13005, commencing July 1, 2006, 33 $\frac{1}{3}$ percent of all sport fishing license fees, except license fees collected pursuant to Section 7149.8 collected pursuant to Article 3 (commencing with Section 7145) of Chapter 1 of Part 2 of Division 6 shall be deposited into the Hatchery and Inland Fisheries Fund, which is hereby established in the State Treasury. Moneys in the fund may be expended, upon appropriation by the Legislature, to support programs of the Department of Fish and Game related to the management, maintenance, and capital improvement of California's fish hatcheries, the Heritage and Wild Trout Program, and enforcement activities related thereto, and to support other activities eligible to be funded from revenue generated by sport fishing license fees.

(A) By July 1, 2007, a minimum of 2.25 pounds of released trout per sport fishing license sold in 2006, 1.75 pounds of which must be of catchable size or larger.

(B) By July 1, 2008, a minimum of 2.5 pounds of released trout per sport fishing license sold in 2007, 2.0 pounds of which must be of catchable size or larger.

(D) The department shall attain these goals in compliance with Fish and Game Commission trout policies concerning catchable-sized trout stocking.

(2) To the Heritage and Wild Trout Program, two million dollars (\$2,000,000), which shall be used for permanent positions and seasonal aides in each region of the state as necessary, and other activities necessary to the program.

The department shall attain the 25 percent restoration goal of this paragraph according to the following schedule:

23662. (a) For each taxable year beginning on or after July 1, 2005, and before January 1, 2018, there shall be allowed as an environmental tax credit against the “tax,” as defined by Section 23036, an amount equal to five cents (\$0.05) for each gallon of ultra low sulfur diesel fuel produced during the taxable year by a small refiner at any facility located in this state.

(b) The aggregate credit determined under subdivision (a) for any taxable year with respect to any facility shall not exceed 25 percent of the qualified capital costs incurred by the small refiner with respect to

that facility, reduced by the aggregate credits determined under this section for all prior taxable years with respect to that facility.

(c) For purposes of this section:

(1) "Small refiner" means any refiner who owns or operates a refinery in California that:

(A) Has and at all times had since January 1, 1978, a crude oil capacity of not more than 55,000 barrels per stream day.

(B) Has not been at any time since September 1, 1988, owned or controlled by any refiner that at the same time owned or controlled refineries in California with a total combined crude oil capacity of more than 55,000 barrels per stream day.

(C) Has not been at any time since September 1, 1988, owned or controlled by any refiner that at the same time owned or controlled refineries in the United States with a total combined crude oil capacity of more than 137,500 barrels per stream day.

(2) (A) "Qualified capital costs" means, with respect to any facility, those costs paid or incurred during the applicable period for items certified by the California Air Resources Board (CARB) under subparagraph (B) for compliance with the applicable EPA or CARB regulations with respect to that facility, including, but not limited to, expenditures for the construction of new process operation units or the dismantling and reconstruction of existing process units to be used in the production of ultra low sulfur diesel fuel, associated adjacent or offsite equipment (including tankage, catalyst, and power supply), engineering, construction period interest, site work, and permitting.

(B) (i) Before claiming a credit under this section, a small refiner shall request from the California Air Resources Board a certification that both of the following are true:

(I) That the items for which qualified capital costs were paid or incurred are for compliance with the applicable EPA or CARB regulations described in subparagraph (A).

(II) That the items for which qualified capital costs were paid or incurred have been placed in service by the small refiner.

(ii) The request described in clause (i) shall be in a form and contain sufficient information to allow the California Air Resources Board to determine that the items that are requested to be certified were placed in service for compliance with applicable EPA and CARB regulations, which information shall include the date on which the items were placed in service.

(C) The California Air Resources Board shall make a determination regarding a request described in subparagraph (B) on or before 60 days after the request is submitted. If the board does not make a determination within this time period, the certification will be deemed to be granted.

(D) If certification from the Secretary of the Treasury of the United States, after consultation with the Administrator of the Environmental Protection Agency, that the taxpayer's qualified capital costs with respect to a facility are, or will result, in compliance with applicable EPA regulations, has been received, then the taxpayer shall be allowed the credit without obtaining certification from the CARB, unless CARB demonstrates that the fuel produced does not meet CARB regulations.

(3) "Facility" means a small refiner's petroleum refinery located in the State of California that has incurred qualified capital costs to produce ultra low sulfur diesel fuel.

(4) "Applicable EPA regulations" means the Highway Diesel Fuel Sulfur Control Requirements of the Environmental Protection Agency.

(5) "Applicable CARB regulations" means the Vehicular Diesel Fuel Sulfur Control Requirements of the California Air Resources Board (CARB) under Section 2281 of Article 2 of Chapter 5 of Division 3 of Title 13 of the California Code of Regulations.

(6) "Applicable period" means, with respect to any facility, the period beginning on January 1, 2004, and ending on May 31, 2007.

(A) Diesel fuel with a sulfur content of 15 parts per million or less.

(B) (i) Subject to clause (ii), either of the following:

(I) Vehicular diesel fuel produced and sold by a small refiner on or after June 1, 2006.

(II) Vehicular diesel fuel produced and sold by the small refiner before June 1, 2006, that the small refiner specifically identifies and supports through internal test reports as meeting applicable CARB regulations.

(ii) For purposes of this section, it is rebuttably presumed that the fuel described in clause (i) is ultra low sulfur diesel fuel. The California Air Resources Board may rebut this presumption by demonstrating that the fuel does not comply with applicable CARB regulations.

(8) "Barrels per stream day" means the maximum number of barrels of input that a distillation facility can process within a 24-hour period when running at full capacity under optimal crude and product slate conditions with no allowance for downtime.

(d) For purposes of this section, if a credit is determined under this section for any expenditure with respect to any property, the increase in basis of that property that would (but for this subdivision) result from that expenditure shall be reduced by the amount of the credit so determined.

(e) No deduction shall be allowed for that portion of the expenses otherwise allowable as a deduction for the taxable year which is equal to the amount of the credit determined for the taxable year under this section.

(f) In the case where the credit allowed by this section exceeds the “tax,” the excess may be carried over to reduce the “tax” in the following year, and the 10 succeeding years if necessary, until the credit is exhausted.

(g) If a small refiner that claims a credit under this section sells, transfers, or otherwise disposes of, either directly or indirectly, a facility within five years of the taxable year during which it first claimed the credit, there shall be added to the “tax” of the small refiner during the taxable year of sale, transfer, or disposition an amount equal to the total credit claimed multiplied by a fraction, the numerator of which is the remaining term of five years and the denominator of which is 5.

(h) This section shall remain in effect only until January 1, 2018, and as of that date is repealed.

(4) Section 179 of the Internal Revenue Code is modified to provide that the “aggregate amount disallowed” referred to in Section 179(b)(3)(B) of the Internal Revenue Code shall be computed under this part as that section read on the date the property generating the amount disallowed was placed in service.

(A) All members of an affiliated group shall be treated as one taxpayer, and

(B) The Franchise Tax Board shall apportion the dollar limitation contained in subdivision (a) or subdivision (b) among the members of the affiliated group in the manner as it shall by regulations prescribe.

(5) For purposes of paragraphs (2) and (4), the term “affiliated group” has the meaning assigned to it by Section 1504 of the Internal Revenue Code, except that, for those purposes, the phrase “more than 50 percent” shall be substituted for the phrase “at least 80 percent” each place it appears in Section 1504(a) of the Internal Revenue Code.

(6) In applying Section 24353, the adjustment under paragraph (1) of subdivision (b) of Section 24916, resulting by reason of an election made under this section with respect to any Section 24356 property, shall be made before any other deduction allowed by subdivision (a) of Section 24349 is computed.

(e) The Franchise Tax Board shall prescribe those regulations as may be necessary to carry out the purposes of this section.

CHAPTER 692

An act to amend Section 11364.7 of, and to add Chapter 18 (commencing with Section 121349) to Part 4 of Division 105 of, the Health and Safety Code, relating to clean needle and syringe exchange.

[Approved by Governor October 7, 2005. Filed with
Secretary of State October 7, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The rapidly spreading acquired immunodeficiency syndrome (AIDS) epidemic, and the more recent spread of blood-borne hepatitis, pose an unprecedented public health crisis in California, and threaten, in one way or another, the life and health of every Californian.

(b) Injection drug users are the second largest group at risk of becoming infected with the human immunodeficiency virus (HIV) and developing AIDS, and they are the primary source of heterosexual, female, and perinatal transmission in California, the United States, and Europe.

(c) According to the Office of AIDS, injection drug use has emerged as one of the most prevalent risk factors for new AIDS cases in California.

(d) Studies indicate that the lack of sterile needles available on the streets, and the existence of laws restricting needle availability promote needle sharing, and consequently the spread of HIV among injection drug users. The sharing of contaminated needles is the primary means of HIV transmission within the injection drug user population.

(e) Most injection drug users use a variety of drugs, mainly heroin, cocaine, and amphetamines. Because amphetamine- and cocaine-injecting drug users inject more frequently than heroin users, their risk for HIV infection is higher.

SEC. 2. Section 11364.7 of the Health and Safety Code is amended to read:

11364.7. (a) Except as authorized by law, any person who delivers, furnishes, or transfers, possesses with intent to deliver, furnish, or transfer, or manufactures with the intent to deliver, furnish, or transfer, drug paraphernalia, knowing, or under circumstances where one reasonably should know, that it will be used to plant, propagate, cultivate, grow, harvest, compound, convert, produce, process, prepare, test, analyze, pack, repack, store, contain, conceal, inject, ingest, inhale, or otherwise introduce into the human body a controlled substance, except as provided in subdivision (b), in violation of this division, is guilty of a misdemeanor.

No public entity, its agents, or employees shall be subject to criminal prosecution for distribution of hypodermic needles or syringes to participants in clean needle and syringe exchange projects authorized by the public entity pursuant to Chapter 18 (commencing with Section 121349) of Part 4 of Division 105.

(b) Except as authorized by law, any person who manufactures with intent to deliver, furnish, or transfer drug paraphernalia knowing, or under circumstances where one reasonably should know, that it will be used to plant, propagate, cultivate, grow, harvest, manufacture, compound, convert, produce, process, prepare, test, analyze, pack, repack, store, contain, conceal, inject, ingest, inhale, or otherwise introduce into the human body cocaine, cocaine base, heroin, phencyclidine, or methamphetamine in violation of this division shall be punished by

imprisonment in a county jail for not more than one year, or in the state prison.

(c) Except as authorized by law, any person, 18 years of age or over, who violates subdivision (a) by delivering, furnishing, or transferring drug paraphernalia to a person under 18 years of age who is at least three years his or her junior, or who, upon the grounds of a public or private elementary, vocational, junior high, or high school, possesses a hypodermic needle, as defined in paragraph (7) of subdivision (a) of Section 11014.5, with the intent to deliver, furnish, or transfer the hypodermic needle, knowing, or under circumstances where one reasonably should know, that it will be used by a person under 18 years of age to inject into the human body a controlled substance, is guilty of a misdemeanor and shall be punished by imprisonment in a county jail for not more than one year, by a fine of not more than one thousand dollars (\$1,000), or by both that imprisonment and fine.

(d) The violation, or the causing or the permitting of a violation, of subdivision (a), (b), or (c) by a holder of a business or liquor license issued by a city, county, or city and county, or by the State of California, and in the course of the licensee's business shall be grounds for the revocation of that license.

(e) All drug paraphernalia defined in Section 11014.5 is subject to forfeiture and may be seized by any peace officer pursuant to Section 11471.

(f) If any provision of this section or the application thereof to any person or circumstance is held invalid, it is the intent of the Legislature that the invalidity shall not affect other provisions or applications of this section which can be given effect without the invalid provision or application and to this end the provisions of this section are severable.

SEC. 3. Chapter 18 (commencing with Section 121349) is added to Part 4 of Division 105 of the Health and Safety Code, to read:

CHAPTER 18. CLEAN NEEDLE AND SYRINGE EXCHANGE PROGRAM

121349. (a) The Legislature finds and declares that scientific data from needle exchange programs in the United States and in Europe have shown that the exchange of used hypodermic needles and syringes for clean hypodermic needles and syringes does not increase drug use in the population, can serve as an important bridge to treatment and recovery from drug abuse, and can curtail the spread of human immunodeficiency virus (HIV) infection among the intravenous drug user population.

(b) In order to attempt to reduce the spread of HIV infection and blood-borne hepatitis among the intravenous drug user population within California, the Legislature hereby authorizes a clean needle and syringe

exchange project pursuant to this chapter in any city and county, county, or city upon the action of a county board of supervisors and the local health officer or health commission of that county, or upon the action of the city council, the mayor, and the local health officer of a city with a health department, or upon the action of the city council and the mayor of a city without a health department.

(c) The authorization provided under this section shall only be for a clean needle and syringe exchange project as described in Section 121349.1

121349.1. A city and county, or a county, or a city with or without a health department, that acts to authorize a clean needle and syringe exchange project pursuant to this chapter shall, in consultation with the State Department of Health Services, authorize the exchange of clean hypodermic needles and syringes, as recommended by the United States Secretary of Health and Human Services, subject to the availability of funding, as part of a network of comprehensive services, including treatment services, to combat the spread of HIV and blood-borne hepatitis infection among injection drug users. Providers participating in an exchange project authorized by the county, city, or city and county pursuant to this chapter shall not be subject to criminal prosecution for possession of needles or syringes during participation in an exchange project.

121349.2. Local government, local public health officials, and law enforcement shall be given the opportunity to comment on syringe exchange programs on an annual basis. The public shall be given the opportunity to provide input to local leaders to ensure that any potential adverse impacts on the public welfare of syringe exchange programs are addressed and mitigated.

121349.3. The health officer of the participating jurisdiction shall present annually at an open meeting of the board of supervisors or city council a report detailing the status of syringe exchange programs including, but not limited to, relevant statistics on blood-borne infections associated with needle sharing activity. Law enforcement, administrators of alcohol and drug treatment programs, other stakeholders, and the public shall be afforded ample opportunity to comment at this annual meeting. The notice to the public shall be sufficient to assure adequate participation in the meeting by the public. This meeting shall be noticed in accordance with all state and local open meeting laws and ordinances, and as local officials deem appropriate.

CHAPTER 693

An act to add Division 12.3 (commencing with Section 16000) to the Public Resources Code, relating to recycled concrete.

[Approved by Governor October 7, 2005. Filed with
Secretary of State October 7, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Division 12.3 (commencing with Section 16000) is added to the Public Resources Code, to read:

DIVISION 12.3. RECYCLED CONCRETE

16000. The Legislature finds and declares all of the following:

(a) Facilitating the recycling of natural resources is in the best interest of the state.

(b) This division is intended to encourage the use of recycled concrete as provided in this division.

16001. For the purposes of this division, “recycled concrete” means reclaimed concrete material used in concrete mixtures in accordance with the “Greenbook Standard Specifications for Public Works” 2003 edition, or the most current revision of those requirements. “Recycled concrete” includes mix designs or aggregate gradations that are in accordance with specifications of the American Concrete Institute (ACI), the American Society of Testing and Materials (ASTM), the International Building Code (IBC), the International Residential Code (IRC), the Uniform Building Code (UBC), or Caltrans Standard Specifications. However, reclaimed concrete material that is in compliance with ASTM-94 specifications is exempt from this division.

16002. (a) Recycled concrete materials may be used if a user has been fully informed that the concrete may contain recycled concrete materials.

(b) For the purposes of this section, “fully informed” means informed of the potential use of recycled materials in a concrete product prior to or at the time of ordering, either orally or in writing, and informed by the delivery receipt as to the recycled ingredients at delivery acceptance.

16003. No recycled concrete shall be offered, provided, or sold to the Department of Transportation or the Department of General Services for any use, including, but not limited to, any project under its affiliation, contract authority, or oversight responsibility unless specifically requested and approved by the department.

16004. Nothing in this division shall supersede the requirements of the Uniform Building Code or other provisions of law.

The people of the State of California do enact as follows:

SECTION 1. Section 19961 of the Business and Professions Code is amended to read:

19961. (a) (1) Except as provided in paragraph (2), on or after the effective date of this chapter, any amendment to any ordinance that would result in an expansion of gambling in the city, county, or city and county, shall not be valid unless the amendment is submitted for approval to the voters of the city, county, or city and county, and is approved by a majority of the electors voting thereon.

(2) Notwithstanding paragraph (1) and Section 19962, an ordinance may be amended without the approval of the electors after the effective date of this chapter to expand gambling by a change that results in an increase of less than 25 percent with respect to any of the matters set forth in paragraphs (1), (2), (3), (5), and (6) of subdivision (b). Thereafter, any additional expansion shall be approved by a majority of the electors voting thereon.

(b) For the purposes of this section, “expansion of gambling” means, when compared to that authorized on January 1, 1996, or under an ordinance adopted pursuant to subdivision (a) of Section 19960, whichever is the lesser number, a change that results in any of the following:

(1) An increase of 25 percent or more in the number of gambling tables in the city, county, or city and county.

(2) An increase of 25 percent or more in the number of licensed card rooms in the city, county, or city and county.

(3) An increase of 25 percent or more in the number of gambling tables that may be operated in a gambling establishment in the city, county, or city and county.

(4) The authorization of any additional form of gambling, other than card games, that may be legally played in this state, to be played at a gambling establishment in the city, county, or city and county.

(c) The measure to expand gambling shall appear on the ballot in substantially the following form:

“Shall gambling be expanded in ____ beyond that operated or authorized on January 1, 1996, by ____ (describe expansion)? Yes ____ No ____.”

(d) The authorization of subdivision (c) is subject to Sections 19962 and 19963 until those sections are repealed.

(e) Increasing the number of games offered in a gambling establishment does not constitute an expansion of gambling pursuant to this section.

(f) No city, county, or city and county shall amend its ordinance in a cumulative manner to increase gambling by more than 25 percent for the factors listed in subdivision (b), when compared to that authorized on January 1, 1996, without conducting an election pursuant to Section 19961.

SEC. 2. Section 19961.05 is added to the Business and Professions Code, to read:

19961.05. Notwithstanding Sections 19961 and 19962, a city, county, or city and county may amend an ordinance to increase the number of gambling tables by two, or 24.99 percent, whichever is greater, compared to the ordinance that was in effect on January 1, 1996.

CHAPTER 695

An act to add and repeal Chapter 2 (commencing with Section 42100) of Part 3 of Division 30 of the Public Resources Code, and to repeal Section 80 of Chapter 74 of the Statutes of 2005, relating to metal plating facilities, and making an appropriation therefor.

[Approved by Governor October 7, 2005. Filed with
Secretary of State October 7, 2005.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature hereby finds and declares all of the following:

(1) Metal plating facilities are primarily engaged in all types of electroplating, plating, anodizing, coloring, and finishing of metals and formed products. Facilities conducting metal plating activities include small, low-volume operations as well as large, high-volume production lines.

(2) The metal plating industry provides significant support to the manufacturing sector, particularly in the automotive, electronics, machine equipment, and defense areas.

(3) According to the Department of Toxic Substances Control, there are approximately 875 metal plating facilities in the State of California, 67 percent of which are located in the five-county Los Angeles area, the largest concentration of metal platers anywhere in the United States. There are also large numbers of metal platers located in the San Francisco Bay Area, San Diego County, and Central Valley regions of the state.

(4) The metal plating process impacts the environment in a very intensive manner. The process involves the use of toxic materials, and generates significant amounts of solid and hazardous waste that affect the air, water, and soil. In particular, hexavalent chromium, a chemical compound intrinsic to the chrome plating process, is a known human carcinogen and a potent toxic air contaminant.

(5) Metal plating operations are regulated by various federal, state, and local agencies, including the United States Environmental Protection Agency, the State Air Resources Board, the State Water Resources Control Board, the Department of Toxic Substances Control, California regional water quality control boards, local air quality management districts and air pollution control districts, as well as certified unified program agencies (CUPAs), and municipal waste water treatment agencies.

(6) A number of technical assistance programs have been developed to assist the industry in meeting new or exceeding existing environmental regulations, or both, including the Department of Toxic Substances Control's Metal Finishing Recognition and Compliance Assistance Program. Specifically, this "model shop" program will provide pollution prevention training and technical assistance to metal platers in southern California.

(7) New standards for the industry are under development by the State Air Resources Board and the federal Occupational Safety and Health Administration. These standards may require existing chrome plating facilities to purchase new environmental control equipment in order to maintain compliance status.

(8) The vast majority of metal platers in California are small businesses, and the metal plating industry's limited ability to access capital to invest in environmental improvements has been identified by

the United States Environmental Protection Agency as one of the industry's biggest obstacles in meeting and exceeding current environmental requirements.

(b) The Legislature hereby further declares that it is in the best interest of the people of California to address the environmental issues posed by the metal plating industry in order to preserve its economic vitality. Specifically, funds should be provided to support environmental compliance, pollution prevention, and emission reduction measures.

SEC. 2. Chapter 2 (commencing with Section 42100) is added to Part 3 of Division 30 of the Public Resources Code, to read:

(b) The money in the fund shall be expended by the agency, upon appropriation by the Legislature, to make loan guarantees, to support the Model Shop Program pursuant to this chapter, and to pay for administrative costs associated with the implementation of this chapter. No more than 5 percent of moneys deposited into the fund may be used for administrative purposes.

(c) Loan guarantees shall be secured by a reserve of at least 25 percent.

Those moneys are subject to all encumbrances on those moneys made prior to January 1, 2005, and to all legal restrictions on their use other than by state statute.

CHAPTER 696

An act to amend Section 14035.55 of the Government Code, relating to transportation.

[Approved by Governor October 7, 2005. Filed with
Secretary of State October 7, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) In 2005, the Monterey Peninsula experienced a drastic cut in public transit and intercity bus service to and from San Jose and Santa Clara County, as follows:

(1) Greyhound terminated intercity bus service to the Monterey Peninsula on April 3, 2005.

(2) Amtrak terminated Thruway bus service to the Monterey Peninsula on June 6, 2005.

(3) Monterey-Salinas Transit terminated its Line 25 transit service between Monterey and Gilroy on July 30, 2005.

(b) The termination of these services severely limits the ability of Monterey Peninsula residents to access the Capitol Corridor train service between San Jose, Sacramento, and other points.

(c) The Department of Transportation or its successor has the authority and is encouraged to coordinate Amtrak services and services of passenger motor carriers to the extent permitted by federal law.

(d) A contract between the department and Monterey-Salinas Transit to provide service along this corridor should only be sought if there is no other viable alternative to providing service within existing law.

SEC. 2. Section 14035.55 of the Government Code is amended to read:

14035.55. (a) The Legislature finds and declares all of the following:

(1) Intercity passenger bus service provided by intercity bus companies on a regular-route basis is the only public mass transportation service in the state to provide surface transportation without public subsidy.

(2) The long-term maintenance of private sector intercity passenger service is of vital importance to the state.

(3) Intercity bus companies serve many communities throughout California, providing a network of connection points without equal by any other mode of public or private transportation.

(b) To the extent permitted by federal law, the department shall encourage Amtrak and motor carriers of passengers to do both of the following:

(1) Combine or package their respective services and facilities to the public as a means of improving services to the public.

(2) Coordinate schedules, routes, rates, reservations, and ticketing to provide for enhanced intermodal surface transportation.

(c) Except as authorized under subdivisions (e) and (f), the department may provide funding to Amtrak for the purpose of entering into a contract with a motor carrier of passengers for the intercity transportation of

passengers by motor carrier over regular routes only if all of the following conditions are met:

(1) The motor carrier is not a public recipient of governmental assistance, as defined in Section 13902(b)(8)(A) of Title 49 of the United States Code, other than a recipient of funds under Section 5311(f) of that title and code. This paragraph does not apply if a local public motor carrier proposes to serve passengers only within its service area.

(2) Service is provided only for passengers on trips where the passengers have had prior movement by rail or will have subsequent movement by rail, evidenced by a combination rail and bus one-way or roundtrip ticket.

(3) Vehicles of the motor carrier, when used to transport passengers pursuant to paragraph (2), are used exclusively for that purpose.

(4) The motor carrier is registered with the United States Department of Transportation (DOT) and operates in compliance with the federal motor carrier safety regulations, and provides service that is accessible to persons with disabilities in compliance with applicable DOT regulations pertaining to Amtrak services, in accordance with the federal Americans with Disabilities Act of 1990 (Public Law 101-336).

(d) The department shall incorporate the conditions specified in subdivision (c) into state-supported passenger rail feeder bus service agreements between Amtrak and motor carriers of passengers. The bus service agreements shall also provide that a breach of those conditions shall be grounds for termination of the agreements.

(e) Notwithstanding subdivisions (c) and (d), the department may provide funding to Amtrak for the purpose of entering into a contract with a motor carrier of passengers to transport Amtrak passengers on buses operated on a route, if the buses are operated by the motor carrier as part of a regularly scheduled, daily bus service that has been operating consecutively without an Amtrak contract for 12 months immediately prior to contracting with Amtrak.

(f) Notwithstanding subdivisions (c) and (d), or any other provision of law, the department may enter into a contract, either directly with a public motor carrier in the County of Monterey, or indirectly with that carrier through a contract with Amtrak, to provide mixed-mode feeder bus service on the San Jose-Gilroy-Monterey route. The contract with a public motor carrier may only be entered into if the department determines that there is no private motor carrier providing scheduled bus service on the San Jose-Gilroy-Monterey route. However, the contract shall be terminated, within 120 days' notice to the public motor carrier, if a private motor carrier again operates a scheduled service on the San Jose-Gilroy-Monterey route.

(g) For purposes of this section, the following terms have the following meanings:

(1) “Amtrak” means the National Railroad Passenger Corporation.

(2) “Department” means the Department of Transportation or the department’s successor with respect to providing funds to subsidize Amtrak service.

(3) “Motor carrier of passengers” means a person or entity providing motor vehicle transportation of passengers for compensation.

(4) “Mixed-mode feeder bus service” means bus service carrying both passengers connecting to or from a rail service and passengers only using the bus service.

CHAPTER 697

An act to add and repeal Article 13.52 (commencing with Section 18847) of Chapter 3 of Part 10.2 of Division 2 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor October 7, 2005. Filed with
Secretary of State October 7, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Article 13.52 (commencing with Section 18847) is added to Chapter 3 of Part 10.2 of Division 2 of the Revenue and Taxation Code, to read:

Article 13.52. California Colorectal Cancer Prevention Fund

18847. (a) An individual may designate on the tax return that a contribution in excess of the tax liability, if any, be made to the California Colorectal Cancer Prevention Fund established by Section 18847.1. That designation is to be used as a voluntary contribution on the tax return.

(b) The contributions shall be in full dollar amounts and may be made individually by each signatory on a joint return.

(c) A designation shall be made for any taxable year on the initial return for that taxable year and once made is irrevocable. If payments and credits reported on the return, together with any other credits associated with the taxpayer’s account, do not exceed the taxpayer’s liability, the return shall be treated as though no designation has been made. If no designee is specified, the contribution shall be transferred to the General Fund after reimbursement of the direct actual costs of the

Franchise Tax Board for the collection and administration of funds under this article.

(d) If an individual designates a contribution to more than one account or fund listed on the tax return, and the amount available is insufficient to satisfy the total amount designated, the contribution shall be allocated among the designees on a pro rata basis.

(e) When another voluntary contribution designation is removed from the tax return, the Franchise Tax Board shall revise the form of the return to include a space labeled the "California Colorectal Cancer Prevention Fund" to allow for the designation permitted. The form shall also include in the instructions information that the contribution may be in the amount of one dollar (\$1) or more and that the contribution shall be used to prevent colorectal cancer.

(f) A deduction shall be allowed under Article 6 (commencing with Section 17201) of Chapter 3 of Part 10 for any contribution made pursuant to subdivision (a).

18847.1. There is hereby established in the State Treasury the California Colorectal Cancer Prevention Fund to receive contributions made pursuant to Section 18847. The Franchise Tax Board shall notify the Controller of both the amount of money paid by taxpayers in excess of their tax liability and the amount of refund money that taxpayers have designated pursuant to Section 18847 to be transferred to the California Colorectal Cancer Prevention Fund. The Controller shall transfer from the Personal Income Tax Fund to the California Colorectal Cancer Prevention Fund an amount not in excess of the sum of the amounts designated by individuals pursuant to Section 18847 for payment into that fund.

18847.2. All moneys transferred to the California Colorectal Cancer Prevention Fund, upon appropriation by the Legislature, shall be allocated as follows:

(a) To the Franchise Tax Board and the Controller for reimbursement of all costs incurred by the Franchise Tax Board and the Controller in connection with their duties under this article.

(b) (1) To the State Department of Health Services for making grants to foundations that qualify as exempt organizations under Section 501(c)(3) of the Internal Revenue Code and whose mission is the prevention and early detection of colorectal cancer.

(2) Grants shall contribute toward the expansion of community-based colorectal cancer education and culturally sensitive and appropriate prevention activities targeted toward communities that are disproportionately at risk or afflicted by colorectal cancer.

(3) No funds shall be released by the State Department of Health Services until a grantee demonstrates project readiness to the department's satisfaction.

18847.3. (a) Except as otherwise provided in subdivision (b), this article shall remain in effect only until January 1 of the fifth taxable year following the first appearance of the California Colorectal Cancer Prevention Fund on the tax return, and as of that date is repealed, unless a later enacted statute, that is enacted before the applicable date, deletes or extends that date.

(b) If, in the second calendar year after the first taxable year the California Colorectal Cancer Fund appears on the tax return, the Franchise Tax Board estimates by September 1, that contributions described in this article made on returns filed in that calendar year will be less than two hundred fifty thousand dollars (\$250,000), or the adjusted amount specified in subdivision (c) for subsequent taxable years, as may be applicable, then this article is repealed with respect to taxable years beginning on or after January 1 of that calendar year. The Franchise Tax Board shall estimate the annual contribution amount by September 1 of each year using the actual amounts known to be contributed and an estimate of the remaining year's contribution.

(c) For each calendar year, beginning with the third calendar year that the California Colorectal Cancer Prevention Fund appears on the tax return, the Franchise Tax Board shall adjust, on or before September 1 of that calendar year, the minimum estimated contribution amount specified in subdivision (b) as follows:

(1) The minimum estimated contribution amount for the calendar year shall be an amount equal to the product of the minimum estimated contribution amount for the prior September 1, multiplied by the inflation factor adjustment as specified in paragraph (2) of subdivision (h) of Section 17041, rounded off to the nearest dollar.

(2) The inflation factor adjustment used for the calendar year shall be based on the figures for the percentage change in the California Consumer Price Index received on or before August 1 of the calendar year pursuant to paragraph (1) of subdivision (h) of Section 17041.

(d) Notwithstanding the repeal of this article, any contribution amounts designated pursuant to this article prior to its repeal shall continue to be transferred and disbursed in accordance with this article as in effect immediately prior to that repeal.
