CHAPTER 427

An act to add Section 115061 to the Health and Safety Code, relating to radiation technology.

[Approved by Governor September 30, 2005. Filed with
Secretary of State September 30, 2005.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) (A) More than 300,000,000 medical and dental imaging examinations and radiation therapy treatments are administered annually in the United States. Proper use of ionizing radiation is an extremely important life-saving therapy for many cancer patients. Seven out of every 10 Americans undergo a medical or dental imaging examination or radiation therapy treatment every year in the United States.

(B) These procedures are useful in the diagnosis of medical conditions. However, the administration of medical and dental imaging examinations and the effect of these procedures on individuals have a substantial and direct effect upon public health and safety.

(C) It is in the interest of public health and safety to minimize unnecessary or inappropriate exposure to radiation from medical and dental radiological procedures.

(2) In 2005, about 135,000 Californians will be diagnosed with cancer and about 54,000 will die of the disease. Cancer incidence is rising throughout the United States. In the United States, one in three women and one in two men will face cancer during their lifetime. Exposure to radiation such as through X-rays, CT scans, fluoroscopy, and other medical and dental radiological procedures is contributing to the high rates in the United States.

(3) In January 2005, the National Toxicology Program classified x-radiation and gamma radiation as known human carcinogens. The report stated that "exposure to these kinds of radiation cause many types of cancer including leukemia and cancers of the thyroid, breast and lung . . . Exposure to x-radiation and gamma radiation has also been shown to cause cancer of the salivary glands, stomach, colon, bladder, ovaries, central nervous system and skin." Diagnostic radiation is valuable in the practice of medicine and dentistry today. However, patients have a right to know that procedures involving exposure to radiation entail risks as well as benefits.

(4) According to a leading scientist with the National Cancer Institute, “More is known about the relationship between radiation dose and cancer risk than any other human carcinogen, and female breast cancer is the best quantified radiation-related cancer.” Breast cancer is the most commonly diagnosed cancer among women in California and in the United States. Each year in California approximately 21,000 women will be diagnosed with the disease and 4,000 will die from it.

(5) To reduce the risk of radiation-related cancer, physicians, dentists, other health care providers, technologists, equipment manufacturers, and the government share the responsibility to minimize radiation exposure of patients. Exposures should be as low as reasonably achievable without sacrificing image quality. Studies have shown that often patients are not provided with sufficient information on the merits and potential adverse effects of diagnostic imaging procedures. In addition, the popularity of self-referred whole body CT scans has increased concern among radiologists and cancer specialists. The United States Food and Drug Administration has never approved CT scans for screening any part of the body for any specific disease, let alone for screening the whole body when there are no specific symptoms of a disease. The American College of Radiology states that “there is no evidence that total body CT screening is cost efficient or effective in prolonging life.” Scientists at Columbia University found that a single full-body CT scan exposes a person to a radiation dose nearly 100 times that of a typical mammogram. Improving patient awareness and protection during radiologic imaging is a critical step toward reducing a preventable cause of cancer.

(6) According to the National Cancer Institute, children are uniquely vulnerable to harm from radiation exposure because they are more sensitive to radiation than adults. Children have a longer life expectancy after exposure, creating a larger window of opportunity for expressing radiation damage. For example, CT scans deliver a much higher radiation dose than conventional X-rays. Approximately 2 to 3 million CT scan examinations are performed annually on children in the United States. The use of CT scans has increased seven-fold in the past 10 years.

(7) In 2001, the State of New Jersey developed and implemented a “Quality Assurance Program” that has led to a reduction in ionizing radiation exposure.

(b) It is the intent of the Legislature in enacting this act to promote best practices as a proven means to reduce the exposure to ionizing radiation, and increase and maintain diagnostic image quality.

SEC. 2. Section 115061 is added to the Health and Safety Code, to read:

115061. (a) In order to better protect the public and radiation workers from unnecessary exposure to radiation and to reduce the occurrence of misdiagnosis, the Radiologic Health Branch within the State Department of Health Services shall adopt regulations that require personnel and facilities using radiation-producing equipment for medical and dental purposes to maintain and implement medical and dental quality assurance standards that protect the public health and safety by reducing unnecessary exposure to ionizing radiation while ensuring that images are of diagnostic quality. The standards shall require quality assurance tests to be performed on all radiation-producing equipment used for medical and dental purposes.

(b) The Radiological Health Branch shall adopt the regulations described in subdivision (a) and provide the regulations to the health committees of the Assembly and the Senate on or before January 1, 2008.

(c) For purposes of this section “medical and dental quality assurance” means the detection of a change in X-ray and ancillary equipment that adversely affects the quality of films or images and the radiation dose to the patients, and the correction of this change.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 428

An act to amend Section 11751.71 of the Insurance Code, and to add Section 19529 to the Revenue and Taxation Code, relating to criminal investigations.

[Approved by Governor September 30, 2005. Filed with
Secretary of State September 30, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 11751.7 of the Insurance Code is amended to read:

11751.7. (a) The rating organization designated the statistical agent pursuant to Section 11751.5 shall provide to the Director of Industrial Relations, upon request, any information in the possession of, or reasonably attainable by the rating organization, that would assist the Director of Industrial Relations to identify employers who fail to secure adequate insurance in violation of Section 3700 of the Labor Code. The information requested pursuant to this section shall be provided by the rating organization in a form and manner prescribed by the Director of Industrial Relations.

(b) The rating organization designated the statistical agent pursuant to Section 11751.5 shall provide to the Registrar of Contractors of the Contractor's State License Board, upon request, any information in the possession of, or reasonably attainable by, the rating organization that would assist in identifying licensed contractors who fail to secure adequate insurance in violation of Section 3700 of the Labor Code. The information requested pursuant to this section shall be provided by the rating organization in a form and manner prescribed by the Registrar of Contractors.

SEC. 2. Section 19529 is added to the Revenue and Taxation Code, to read:

19529. The Franchise Tax Board shall notify the Registrar of Contractors of the Contractors State License Board, the Director of Employment Development, the Economic and Employment Enforcement Coalition, and the Joint Enforcement Strike Force on the Underground Economy upon the arraignment of or the filing of criminal charges against any individual for a violation of Chapter 9 (commencing with Section 19701) of this Part if that individual engages in the business or acts in the capacity of a contractor within this state pursuant to a license issued by the Contractors State License Board or if that individual unlawfully engages in the business or acts in the capacity of a contractor within this state without having a license therefor.

CHAPTER 429

An act to amend Section 53088.2 of the Government Code, relating to video providers.

[Approved by Governor September 30, 2005. Filed with
Secretary of State September 30, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 53088.2 of the Government Code is amended to read:

53088.2. (a) Every video provider shall render reasonably efficient service, make repairs promptly, and interrupt service only as necessary.

(b) All video provider personnel contacting subscribers or potential subscribers outside the office of the provider shall be clearly identified as associated with the video provider.

(c) At the time of installation, and annually thereafter, all video providers shall provide to all customers a written notice of the programming offered, the prices for that programming, the provider's installation and customer service policies, and the name, address, and telephone number of the local franchising authority.

(d) All video providers shall have knowledgeable, qualified company representatives available to respond to customer telephone inquiries Monday to Friday, inclusive, excluding holidays, during normal business hours.

(e) All video providers shall provide to customers a toll-free or local telephone number for installation, and service, and complaint calls. These calls shall be answered promptly by the video providers. The city, county, or city and county may establish standards for what constitutes promptness.

(f) All video providers shall render bills that are accurate and understandable.

(g) All video providers shall respond to a complete outage in a customer's service promptly. The response shall occur within 24 hours of the reporting of the outage to the provider, except in those situations beyond the reasonable control of the video provider. A video provider shall be deemed to respond to a complete outage when a company representative arrives at the outage location within 24 hours and begins to resolve the problem.

(h) All video providers shall provide a minimum of 30 days' written notice before increasing rates or deleting channels. All video providers shall make every reasonable effort to submit the notice to the city, county, or city and county in advance of the distribution to customers. The 30-day notice is waived if the increases in rates or deletion of channels were outside the control of the video provider. In those cases the video provider shall make reasonable efforts to provide customers with as much notice as possible.

(i) Every video provider shall allow every residential customer who pays his or her bill directly to the video provider at least 15 days from the date the bill for services is mailed to the customer, to pay the listed

charges unless otherwise agreed to pursuant to a residential rental agreement establishing tenancy. Customer payments shall be posted promptly. No video provider may terminate residential service for nonpayment of a delinquent account unless the video provider furnishes notice of the delinquency and impending termination at least 15 days prior to the proposed termination. The notice shall be mailed, postage prepaid, to the customer to whom the service is billed. Notice shall not be mailed until the 16th day after the date the bill for services was mailed to the customer. The notice of delinquency and impending termination may be part of a billing statement. No video provider may assess a late fee any earlier than the 22nd day after the bill for service has been mailed.

(j) Every notice of termination of service pursuant to subdivision (i) shall include all of the following information:

(1) The name and address of the customer whose account is delinquent.

(2) The amount of the delinquency.

(3) The date by which payment is required in order to avoid termination of service.

(4) The telephone number of a representative of the video provider who can provide additional information and handle complaints or initiate an investigation concerning the service and charges in question.

Service may only be terminated on days in which the customer can reach a representative of the video provider either in person or by telephone.

(k) Any service terminated without good cause shall be restored without charge for the service restoration. Good cause includes, but is not limited to, failure to pay, payment by check for which there are insufficient funds, theft of service, abuse of equipment or system personnel, or other similar subscriber actions.

(l) A video provider shall cease charging a customer for services within seven business days of receiving a request to terminate service. If the customer requests that service be terminated and provides seven or more business day's notice before the date for termination of service, the video provider shall cease charging the customer for additional services as of midnight of the last day of service. Nothing in this subdivision shall prohibit a video provider from billing for charges incurred by the customer prior to the date for termination of service.

(m) All video providers shall issue requested refund checks promptly, but no later than 45 days following the resolution of any dispute, and following the return of the equipment supplied by the video provider, if service is terminated.

(n) All video providers shall issue security or customer deposit refund checks promptly, but no later than 45 days following the termination of service, less any deductions permitted by law.

(o) Video providers shall not disclose the name and address of a subscriber for commercial gain to be used in mailing lists or for other commercial purposes not reasonably related to the conduct of the businesses of the video providers or their affiliates, unless the video providers have provided to the subscriber a notice, separate or included in any other customer notice, that clearly and conspicuously describes the subscriber's ability to prohibit the disclosure. Video providers shall provide an address and telephone number for a local subscriber to use without toll charge to prevent disclosure of the subscriber's name and address.

(p) Disputes concerning the provisions of this article shall be resolved by the city, county, or city and county in which the customer resides. For video providers under Section 53066, the franchising authority shall resolve disputes. All other video providers shall register with the city in which they provide service or, where the customers reside in an unincorporated area, in the county in which they provide service. The registration shall include the name of the company, its address, its officers, telephone numbers, and customer service and complaint procedures. Counties and cities may charge these other video providers operating in the state a fee to cover the reasonable cost of administering this division.

(q) Nothing in this division limits any power of a city, county, or city and county or video provider to adopt and enforce service standards and consumer protection standards that exceed those established in this division.

(r) The legislative body of the city, county, or city and county, may, by ordinance, provide a schedule of penalties for the material breach by a video provider of subdivisions (a) to (p), inclusive. No monetary penalties shall be assessed for a material breach if the breach is out of the reasonable control of the video provider. Further, no monetary penalties may be imposed prior to the effective date of this section. Any schedule of monetary penalties adopted pursuant to this section shall in no event exceed two hundred dollars (\$200) for each day of each material breach, not to exceed six hundred dollars (\$600) for each occurrence of material breach. However, if a material breach of any of subdivisions (a) to (p), inclusive, has occurred and the city, county, or city and county has provided notice and a fine or penalty has been assessed, in a subsequent material breach of the same nature occurring within 12 months, the penalties may be increased by the city, county, or city and county to a maximum of four hundred dollars (\$400) for each day of

each material breach, not to exceed one thousand two hundred dollars (\$1,200) for each occurrence of the material breach. If a third or further material breach of the same nature occurs within those same 12 months, and the city, county, or city and county has provided notice and a fine or penalty has been assessed, the penalties may be increased to a maximum of one thousand dollars (\$1,000) for each day of each material breach, not to exceed three thousand dollars (\$3,000) for each occurrence of the material breach. With respect to video providers subject to a franchise or license, any monetary penalties assessed under this section shall be reduced dollar for dollar to the extent any liquidated damage or penalty provision of a current cable television ordinance, franchise contract, or license agreement imposes a monetary obligation upon a video provider for the same customer service failures, and no other monetary damages may be assessed. However, this section shall in no way affect the right of franchising authorities concerning assessment or renewal of a cable television franchise under the provisions of the Cable Communications Policy Act of 1984 (47 U.S.C. Sec. 521 et seq.).

(s) If the legislative body of a city, county, or city and county adopts a schedule of monetary penalties pursuant to subdivision (q), the following procedures shall be followed:

(1) The city, county, or city and county shall give the video provider written notice of any alleged material breaches of the consumer service standards of this division and allow the video provider at least 30 days from receipt of the notice to remedy the specified breach.

(2) A material breach for the purposes of assessing penalties shall be deemed to have occurred for each day, following the expiration of the period specified in paragraph (1), that any material breach has not been remedied by the video provider, irrespective of the number of customers affected.

(t) Notwithstanding subdivision (o), or any other provision of law, this section shall not preclude a party affected by this section from utilizing any judicial remedy available to that party without regard to this section. Actions taken by a local legislative body, including a franchising authority, pursuant to this section shall not be binding upon a court of law. For this purpose, a court of law may conduct de novo review of any issues presented.

- (d) Any person who asks the agent or employee of a funeral establishment to request a death certificate on his or her behalf warrants the truthfulness of his or her relationship to the decedent, and is

personally liable for all damages occasioned by, or resulting from, a breach of that warranty.

(e) Notwithstanding any other provision of law:

(1) Any member of a law enforcement agency or a representative of a state or local government agency, as provided by law, who orders a copy of a record to which subdivision (a) applies in conducting official business may not be required to provide the notarized statement required by subdivision (a).

(2) An agent or employee of a funeral establishment who acts within the course and scope of his or her employment and who orders death certificates on behalf of individuals specified in paragraphs (1) to (5), inclusive, of subdivision (a) of Section 7100 shall not be required to provide the notarized statement required by subdivision (a).

(f) Informational certified copies of birth and death certificates issued pursuant to subdivision (b) shall only be printed from the single statewide database prepared by the State Registrar and shall be electronically redacted to remove any signatures for purposes of compliance with this section. Local registrars and county recorders shall not issue informational certified copies of birth and death certificates from any source other than the statewide database prepared by the State Registrar. This subdivision shall become operative on July 1, 2007.

(g) This section shall become operative on July 1, 2003.

“California Residential Property Insurance Bill of Rights

The largest single investment most consumers make is their home and related property. In order to best protect these assets, it is wise for consumers to understand the homeowner’s insurance market. Consumers should consider the following:

Read your policy carefully and understand the coverage and limits provided. Homeowner’s insurance policies contain sublimits for

various coverages such as personal property, debris removal, additional living expense, detached fences, garages, etc.

Keep accurate records of renovations and improvements to the structure of your home, as it could affect your need to increase your coverage.

Maintaining a list of all personal property, pictures, and video equipment may help in the case of a loss. The list should be stored away from your home.

Comparison shop for insurance, as not all policies are the same and coverage and prices vary.

Take time to determine the cost to rebuild or replace your property in today's market. You can seek an independent evaluation of this cost.

You may select a licensed contractor or vendor to repair, replace, or rebuild damaged property covered by the insurance policy.

An agent or insurance company may help you establish policy limits that are adequate to rebuild your home.

Once the policy is in force, contact your agent or insurance company immediately if you believe your policy limits may be inadequate.

A consumer is entitled to receive information regarding homeowner's insurance. The following is a limited overview of information that your insurance company can provide:

- The California Residential Property Insurance Disclosure.

- An explanation of how your policy limits were established.

- The insurance company's customer service telephone number for underwriting, rating, and claims inquiries.

- An explanation for any cancellation or nonrenewal of your policy.

- A copy of your policy.

- The toll-free telephone number and Internet address for reporting complaints and concerns about homeowner's insurance issues to the department's consumer services unit.

- In the event of a claim, an itemized, written scope of loss report prepared by the insurer or its adjuster within a reasonable time period.

- In the event of a claim, notification of a consumer's rights with respect to the appraisal process for resolving claims disputes.

- In the event of a claim, a copy of the Unfair Practices Act and a copy of the Fair Claims Practices Regulations.

The information provided herein is not all inclusive and does not negate or preempt existing California law. If you have any concerns or questions, the officers at our Consumer Hotline are there to help you. Please call them at 1-800-927-HELP (4357) or contact us at www.insurance.ca.gov."

(c) (1) The bill of rights shall be distributed by all insurers licensed to sell residential property insurance in this state.

(2) (A) If the insurer under a personal lines residential property insurance policy reports claims history or loss experience of insureds under those policies to an insurance-support organization, the insurer shall include the following disclosure in the California Residential Property Insurance Bill of Rights:

“This insurer reports claim information to one or more claims information databases. The claim information is used to furnish loss history reports to insurers. If you are interested in obtaining a report from a claims information database, you may do so by contacting:

(Insert the name, toll-free telephone number, and, if applicable, Internet Web site address of each claims information database to which the insurer reports the information covered by this section)”

(B) This paragraph shall become operative on July 1, 2006.

SECTION 1. The heading of Article 5.5 (commencing with Section 11629.7) of Chapter 1 of Part 3 of Division 2 of the Insurance Code is amended to read:

Article 5.5. California Low-Cost Automobile Insurance Program

SEC. 2. Section 11629.7 of the Insurance Code is amended to read:
11629.7. (a) There is established, within the California Automobile Assigned Risk Plan established under Section 11620, a low-cost automobile insurance program for all counties in California.

(b) For the purpose of making the low-cost automobile insurance program operational in all counties of California, pursuant to subdivision (a), a low-cost automobile insurance program shall commence operations in the Counties of Alameda, Fresno, Orange, Riverside, San Bernardino, and San Diego, effective April 1, 2006, and shall be made operational in all other counties of California based upon a determination of need made by the commissioner. Program outreach shall focus primarily on those counties which have the highest number of uninsured drivers or the highest percentage of uninsured drivers or the highest percentage of low-income individuals. In making the determination of need for each county, the commissioner shall consider each of the following:

(1) The number or percentage of motorists within the county who are uninsured.

(2) The number or percentage of residents within the county who are low income.

(3) The availability of affordable automobile insurance options for the county's low-income residents within the private automobile insurance marketplace.

(c) (1) After making the initial determination of need, the commissioner shall, as soon as is practicable, hold a public meeting in that county.

(2) The public meeting required by paragraph (1) shall be held not for the consideration of rates, but for the public discussion of the need and desirability of the program for the consumers of the county. Within 30 days after the public meeting, the commissioner shall make public his or her final determination of whether a need for the program exists within the county. A separate hearing shall be held for the consideration of rates pursuant to Section 11629.72.

(d) The commissioner, after a public hearing, shall approve or issue a reasonable plan for the equitable apportionment, among insurers required to participate in the California Automobile Assigned Risk Plan established under Section 11620, of persons residing in the counties or cities and counties set forth in subdivisions (a) and (b) who are eligible to purchase through the program established in each county or city and county a low-cost automobile insurance policy, as described in Section 11629.71. The program shall be conducted in conjunction with the California Automobile Assigned Risk Plan established under Section 11620.

SEC. 3. Section 11629.71 of the Insurance Code is amended to read:

11629.71. A low-cost automobile insurance policy for purposes of the program established under this article shall have all of the following attributes:

(a) The policy shall offer coverage in the amount of ten thousand dollars (\$10,000) for bodily injury to, or death of, each person as a result of any one accident and, subject to that limit as to one person, the amount of twenty thousand dollars (\$20,000) for bodily injury to, or death of all persons as a result of any one accident, and the amount of three thousand dollars (\$3,000) for damage to property of others as a result of any one accident.

(b) The coverage required by Section 11580.2 shall be made available to the consumer. However, an insurer may charge a premium for that coverage in addition to the premium set forth in Section 11629.72. Notwithstanding the coverage amounts required by Section 11580.2 and Section 16056 of the Vehicle Code, uninsured motorist coverage issued

in conjunction with a low-cost automobile policy under the program, with coverage limits at least equal to the limits of liability in the underlying low-cost automobile policy, shall satisfy the requirements of Section 11580.2 and the financial responsibility requirements of Sections 4000.37, 16021, and 16431 of the Vehicle Code.

(c) Medical payments coverage shall be made available to the consumer. However, an insurer may charge a premium for that coverage in addition to the premium set forth in Section 11629.72.

(d) The policy shall have an initial term of one year, renewable on an annual basis thereafter.

(e) The policy shall cover the person named in the policy, and to the same extent that insurance is provided to the named insured, any other person using the automobile, provided the use is with his or her permission, express or implied, and within the scope of that permission, except that the policy shall not cover members of the named insured's household who do not satisfy the requirements of subdivisions (b) to (e), inclusive, of Section 11629.73.

(f) The policy shall provide coverage for an automobile with a value, at the time of purchase by the insured, of twenty thousand dollars (\$20,000) or less, as evidenced by the value given to the automobile by the Department of Motor Vehicles in assessing vehicle license fees.

SEC. 4. Section 11629.72 of the Insurance Code is amended to read:

11629.72. (a) Effective March 1, 2003, the annual rate offered under the program for the low-cost automobile policy, unless and until the time that the rate is adjusted, shall be three hundred forty-seven dollars (\$347) per covered vehicle for the County of Los Angeles and three hundred fourteen dollars (\$314) per covered vehicle for the City and County of San Francisco, unless the commissioner establishes that rate or a different rate prior to that time. The annual rate offered initially under the program for each of the Counties of Alameda, Fresno, Orange, Riverside, San Bernardino, and San Diego shall be established by the commissioner no later than April 1, 2006. The annual rate offered initially under the program for each of the other counties in California shall be established at a date according to the discretion of the commissioner. A surcharge, as a percentage of the base rate, shall be added to the base rate and that percentage shall be set at the discretion of the commissioner, if the named insured is an unmarried male between the ages of 19 and 24, inclusive, or if an unmarried male between the ages of 19 and 24, inclusive, resides in the household of the named insured and will be a driver of the automobile covered under the low-cost policy.

(b) In addition to existing premium installment options offered by the California Automobile Assigned Risk Plan under Article 4 (commencing with Section 11620), the plan shall also make available

to an insured under the program a premium installment option pursuant to which an insured is required to pay not more than 15 percent of the total policy cost upon issuance of the low-cost policy, followed thereafter by six other payments. No other premium financing arrangement shall be permitted.

(c) Rates for policies issued under the program in each county or city and county shall be reviewed and revised as follows:

(1) Rates shall be sufficient to cover (A) losses incurred under policies issued under the program, and (B) expenses, including, but not limited to, all reasonable and necessary expenses such as the costs of administration, underwriting, taxes, commissions, and claims adjusting, that are incurred due to participation in the program. For purposes of this paragraph, "losses incurred" means claims paid, claims incurred and reported, and claims incurred but not yet reported. In assessing loss reserves, the commissioner shall only allow loss reserves that are estimated from actual losses in the program or comparable data by a licensed statistical agent, as adjusted to reflect coverage provided under the program.

(2) Rates shall be set so as to result in no projected subsidy of the program by those policyholders of insurers issuing policies under the program who are not participants in the program.

(3) Rates shall be set with respect to the program so as to result in no projected subsidy by policyholders in one county of policyholders in any of the other counties.

(4) Commencing on January 1, 2001, and annually thereafter, the California Automobile Assigned Risk Plan shall submit the loss and expense data, together with a proposed rate and the surcharge authorized by subdivision (a) for the low-cost automobile policy for the program, to the commissioner for approval in accordance with this chapter. The commissioner shall act on the recommendation within 90 days.

(e) The person shall not have a felony or misdemeanor conviction for a violation of the Vehicle Code on his or her motor vehicle record.

(f) The person shall not be a college student claimed as a dependent of another person for federal or state income tax purposes.

SEC. 6. Section 11629.731 of the Insurance Code is amended to read:

11629.731. A person who meets the requirements of subdivision (a) of Section 11629.73, and who claims that he or she meets the requirements of subdivisions (b) to (e), inclusive, of Section 11629.73 based entirely or partially on a driver's license and driving experience obtained other than in the United States or Canada, shall be entitled to a rebuttable presumption that he or she is qualified to purchase a low-cost automobile insurance policy under the program if he or she has been licensed to drive pursuant to a license obtained in the United States or Canada for at least the previous 18 months and meets the criteria of subdivisions (b) to (e), inclusive, for that period.

(2) A transferee who is either the registered domestic partner of the beneficiary, or is related by blood, marriage, or adoption to the beneficiary or the decedent.

(d) A written agreement is effective only if all of the following conditions are met:

(1) The executed written agreement is filed with the court not later than 30 days following the date of its execution or, if administration of the decedent's estate has not commenced, then within 30 days of issuance of the letters of administration or letters testamentary, but in no event later than 15 days prior to the hearing on the petition for final distribution. Prior to filing or serving that written agreement, the transferee for value shall redact any personally identifying information about the beneficiary, other than the name and address of the beneficiary, and any financial information provided by the beneficiary to the transferee for value on the application for cash or other consideration, from the agreement.

(2) If the negotiation or discussion between the beneficiary and the transferee for value leading to the execution of the written agreement by the beneficiary was conducted in a language other than English, the beneficiary shall receive the written agreement in English, together with a copy of the agreement translated into the language in which it was negotiated or discussed. The written agreement and the translated copy, if any, shall be provided to the beneficiary.

(3) The documents signed by, or provided to, the beneficiary are printed in at least 10-point type.

(4) The transferee for value executes a declaration or affidavit attesting that the requirements of this section have been satisfied, and the declaration or affidavit is filed with the court within 30 days of execution of the written agreement or, if administration of the decedent's estate has not commenced, then within 30 days of issuance of the letters of administration or letters testamentary, but in no event later than 15 days prior to the hearing on the petition for final distribution.

This subdivision shall not apply to costs, fees, or damages arising out of a material breach of the agreement or fraud by or on the part of the beneficiary.

(f) A written agreement shall not contain any of the following provisions and, if any such provision is included, that provision shall be null and void:

(1) A provision holding harmless the transferee for value, other than for liability arising out of fraud by the beneficiary.

(2) A provision granting to the transferee for value agency powers to represent the beneficiary's interest in the decedent's estate beyond the interest transferred.

(3) A provision requiring payment by the beneficiary to the transferee for value for services not related to the written agreement or services other than the transfer of interest under the written agreement.

(4) A provision permitting the transferee for value to have recourse against the beneficiary if the distribution from the estate in satisfaction of the beneficial interest is less than the beneficial interest assigned to the transferee for value, other than recourse for any expense or damage arising out of the material breach of the agreement or fraud by the beneficiary.

(g) The court on its own motion, or on the motion of the personal representative or other interested person, may inquire into the circumstances surrounding the execution of, and the consideration for, the written agreement to determine that the requirements of this section have been satisfied.

(h) The court may refuse to order distribution under the written agreement, or may order distribution on any terms that the court considers equitable, if the court finds that the transferee for value did not substantially comply with the requirements of this section, or if the court finds that any of the following conditions existed at the time of transfer:

(1) The fees, charges, or consideration paid or agreed to be paid by the beneficiary were grossly unreasonable.

(2) The transfer of the beneficial interest was obtained by duress, fraud, or undue influence.

(i) In addition to any remedy specified in this section, for any willful violation of the requirements of this section found to be committed in bad faith, the court may require the transferee for value to pay to the beneficiary up to twice the value paid for the assignment.

(j) Notice of the hearing on any motion brought under this section shall be served on the beneficiary and on the transferee for value at least 15 days before the hearing in the manner provided in Section 415.10 or 415.30 of the Code of Civil Procedure.

(k) If the decedent's estate is not subject to a pending court proceeding under the Probate Code in California, but is the subject of a probate proceeding in another state, the transferee for value shall not be required to submit to the court a copy of the written agreement as required under paragraph (1) of subdivision (d). If the written agreement is entered into in California or if the beneficiary is domiciled in California, that written agreement shall otherwise conform to the provisions of subdivisions (d), (e), and (f) in order to be effective.

CHAPTER 439

An act to amend Sections 1812.80, 1812.84, 1812.85, and 1812.86 of, and to add Sections 1812.96 and 1812.97 to, the Civil Code, relating to health studios.

[Approved by Governor September 30, 2005. Filed with
Secretary of State September 30, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1812.80 of the Civil Code is amended to read:

1812.80. (a) The Legislature finds that the health studio industry has a significant impact upon the economy and well-being of this state and its local communities; and that the provisions of this title relating to contracts for health studio services are necessary for the public welfare.

(b) The Legislature declares that the purpose of this title is to safeguard the public against fraud, deceit, imposition and financial hardship, and to foster and encourage competition, fair dealing, and prosperity in the field of health studio services by prohibiting or restricting false or misleading advertising, onerous contract terms, harmful financial practices, and other unfair, dishonest, deceptive, destructive, unscrupulous, fraudulent, and discriminatory practices by which the

public has been injured in connection with contracts for health studio services.

SEC. 2. Section 1812.84 of the Civil Code is amended to read:

1812.84. (a) A contract for health studio services may not require payments or financing by the buyer to exceed the term of the contract, nor may the term of the contract exceed three years. This subdivision does not apply to a member's obligation to pay valid, outstanding moneys due under the contract, including moneys to be paid pursuant to a termination notice period in the contract in which the termination notice period does not exceed 30 days.

(b) A contract for health studio services shall include a statement printed in a size at least 14-point type that discloses the length of the term of the contract. This statement shall be placed above the space reserved for the signature of the buyer.

SEC. 3. Section 1812.85 of the Civil Code is amended to read:

1812.85. (a) Every contract for health studio services shall provide that performance of the agreed upon services will begin within six months after the date the contract is entered into. The consumer may cancel the contract and receive a pro rata refund if the health studio fails to provide the specific facilities advertised or offered in writing by the time indicated. If no time is indicated in the contract, the consumer may cancel the contract within six months after the execution of the contract and shall receive a pro rata refund. If a health studio fails to meet a timeline set forth in this section, the consumer may cancel the contract at any time after the expiration of the timeline, provided that if, following the expiration of the timeline, the health studio does provide the advertised or agreed upon services, the consumer may cancel the contract up to 10 days after those services are provided.

(b) (1) Every contract for health studio services shall, in addition, contain on its face, and in close proximity to the space reserved for the signature of the buyer, a conspicuous statement in a size equal to at least 10-point boldface type, as follows:

“You, the buyer, may cancel this agreement at any time prior to midnight of the fifth business day of the health studio after the date of this agreement, excluding Sundays and holidays. To cancel this agreement, mail or deliver a signed and dated notice, or send a telegram which states that you, the buyer, are canceling this agreement, or words of similar effect. The notice shall be sent to,

(Name of health studio operator)

at _____

(Address of health studio operator).”

(2) The contract for health studio services shall contain on the first page, in a type size no smaller than that generally used in the body of the document, the following: (A) the name and address of the health studio operator to which the notice of cancellation is to be mailed, and (B) the date the buyer signed the contract.

(3) The contract shall provide a description of the services, facilities, and hours of access to which the consumer is entitled. Any services, facilities, and hours of access that are not described in the contract shall be considered optional services, and these optional services shall be considered as separate contracts for the purposes of this title and Section 1812.83.

(4) Until the health studio operator has complied with this section, the buyer may cancel the contract for health studio services.

(5) All moneys paid pursuant to a contract for health studio services shall be refunded within 10 days after receipt of the notice of cancellation, except that payment shall be made for any health studio services received prior to cancellation.

(c) If at any time during the term of the contract, including a transfer of the contractual obligation, the health studio eliminates or substantially reduces the scope of the facilities, such as swimming pools or tennis courts, that were described in the contract, in an advertisement relating to the specific location, or in a written offer, and available to the consumer upon execution of the contract, the consumer may cancel the contract and receive a pro rata refund. The consumer may not cancel the contract pursuant to this subdivision if the health studio, after giving reasonable notice to its members, temporarily takes facilities out of operation for reasonable repairs, modifications, substitutions, or improvements. This subdivision shall not be interpreted to give the consumer the right to cancel a contract because of changes to the type or quantity of classes or equipment offered, provided the consumer is informed in the contract that the health studio reserves the right to make changes to the type or quantity of classes or equipment offered and the changes to the type or quantity of classes or equipment offered is reasonable under the circumstances.

(d) (1) If a contract for health studio services requires payment of one thousand five hundred dollars (\$1,500) to two thousand dollars (\$2,000), inclusive, including initiation fees or initial membership fees, by the person receiving the services or the use of the facility, the person shall have the right to cancel the contract within 20 days after the contract is executed.

(2) If a contract for health studio services requires payment of two thousand one dollars (\$2,001) to two thousand five hundred dollars (\$2,500), inclusive, including initiation fees or initial membership fees, by the person receiving the services or the use of the facility, the person shall have the right to cancel the contract within 30 days after the contract is executed.

(3) If a contract for health studio services requires payment of two thousand five hundred and one dollars (\$2501) or more, including initiation fees or initial membership fees, by the person receiving the services or the use of the facility, the person shall have the right to cancel the contract within 45 days after the contract is executed.

(4) The right of cancellation provided in this subdivision shall be set out in the membership contract.

(5) The rights and remedies under this paragraph are cumulative to any rights and remedies under other law.

(6) A health studio entering into a contract for health studio services that does not require payment in excess of one thousand dollars (\$1000), including initiation or initial membership fees and exclusive of interest or finance charges, by the person receiving the services or the use of the facilities, is not required to comply with the provisions of this subdivision that are added by the act adding this paragraph.

(e) Upon cancellation, the consumer shall be liable only for that portion of the total contract payment, including initiation fees and other charges however denominated, that has been available for use by the consumer, based upon a pro rata calculation over the term of the contract. The remaining portion of the contract payment shall be returned to the consumer by the health studio.

SEC. 4. Section 1812.86 of the Civil Code is amended to read:

1812.86. (a) No contract for health studio services shall require payment by the person receiving the services or the use of the facilities of a total amount in excess of the amount specified in subdivision (b) or (c).

(b) The limit specified in subdivision (a) shall, on and after January 1, 2006, be three thousand dollars (\$3,000), inclusive of initiation or initial membership fees and exclusive of interest or finance charges.

(c) The limit in subdivision (a) shall, on and after January 1, 2010, be four thousand four hundred dollars (\$4,400), inclusive of initiation or initial membership fees and exclusive of interest or finance charges.

SEC. 5. Section 1812.96 is added to the Civil Code, to read:

1812.96. (a) Except as provided in subdivision (c) or (d), all money received by the seller of health studio services from a consumer for a health studio facility that has not yet opened for business shall be held in trust and shall be deposited in a trust account established in a state or

federally chartered bank or savings association. The seller shall not draw, transfer, or encumber any of the money held in trust until five business days after the health studio facility has opened and the seller has fully paid refunds to consumers who canceled their contracts as provided in subdivision (b) or in Section 1812.85.

(b) In addition to any other cancellation rights, a consumer who pays any money under a contract for health studio services for a health studio facility that has not yet opened for business has the right to cancel the contract and receive a full refund at any time prior to midnight of the fifth business day after the date the health studio opens for business. The cancellation right shall be set forth in the contract. The refund shall be paid within 10 days of receipt of notice of cancellation.

(c) Notwithstanding subdivision (a), a seller of health studio services may draw on money held in trust to pay refunds or may draw, transfer, or encumber funds to the extent that the amount is offset by a bond of equal or greater amount that satisfies this subdivision. The bond shall be issued by a surety insurer admitted to do business in this state and shall be filed with the Secretary of State. The bond shall be in favor of the State of California for the benefit of consumers harmed by a violation of this title.

(d) Subdivision (a) does not apply to a seller of health studio services that is, at the time money is received from the consumer, operating at least five health studio facilities in this state that have been in operation for a period of at least five years, and that has an excess of current assets over current liabilities of at least one million dollars (\$1,000,000).

SEC. 6. Section 1812.97 is added to the Civil Code, to read:

1812.97. Nothing in this title is intended to prohibit month-to-month contracts. This section is declaratory of existing law.

CHAPTER 440

An act to amend Sections 309.5 and 321 of, and to repeal Section 321.5 of, the Public Utilities Code, relating to the Public Utilities Commission.

[Approved by Governor September 30, 2005. Filed with
Secretary of State September 30, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) It is the intent of the Legislature to ensure the protection and advancement of ratepayer interests with respect to public utility matters.

(b) The Office of Ratepayer Advocates is an independent division of the Public Utilities Commission that advocates solely on behalf of public utility ratepayers.

(c) The goal of the Office of Ratepayer Advocates is to advocate on behalf of ratepayers to obtain the lowest possible rates for public utility service consistent with safe and reliable service levels, and to ensure that utility customers have access to the best possible information about their options and choices.

(d) In order to support this goal, it is necessary to clarify the role of the Office of Ratepayer Advocates and to provide it with the necessary tools to accomplish its goal.

SEC. 2. Section 309.5 of the Public Utilities Code is amended to read:

309.5. (a) There is within the commission a Division of Ratepayer Advocates to represent and advocate on behalf of the interests of public utility customers and subscribers within the jurisdiction of the commission. The goal of the division shall be to obtain the lowest possible rate for service consistent with reliable and safe service levels. For revenue allocation and rate design matters, the division shall primarily consider the interests of residential and small commercial customers.

(b) The director of the division shall be appointed by, and serve at the pleasure of, the Governor, subject to confirmation by the Senate.

The director shall annually appear before the appropriate policy committees of the Assembly and the Senate to report on the activities of the division.

(c) The director shall develop a budget for the division which shall be subject to final approval of the commission. In accordance with the approved budget, the commission shall, by rule or order, provide for the assignment of personnel to, and the functioning of, the division. Personnel and resources, including attorneys and other legal support, shall be provided by the commission to the division at a level sufficient to ensure that customer and subscriber interests are effectively represented in all significant proceedings. The director may appoint a lead attorney who shall represent the division, and shall report to and serve at the pleasure of the director. All attorneys assigned by the commission to perform services for the division shall report to and be directed by the lead attorney appointed by the director.

(d) The commission shall develop appropriate procedures to ensure that the existence of the division does not create a conflict of roles for

any employee. The procedures shall include, but shall not be limited to, the development of a code of conduct and procedures for ensuring that advocates and their representatives on a particular case or proceeding are not advising decisionmakers on the same case or proceeding.

(e) The division may compel the production or disclosure of any information it deems necessary to perform its duties from any entity regulated by the commission, provided that any objections to any request for information shall be decided in writing by the assigned commissioner or by the president of the commission, if there is no assigned commissioner.

(f) There is hereby created the Public Utilities Commission Ratepayer Advocate Account in the General Fund. Moneys from the Public Utilities Commission Utilities Reimbursement Account in the General Fund shall be transferred in the annual Budget Act to the Public Utilities Commission Ratepayer Advocate Account. The funds in the Public Utilities Commission Ratepayer Advocate Account shall be utilized exclusively by the division in the performance of its duties as determined by the director. The director shall annually submit a staffing report containing a comparison of the staffing levels for each five-year period.

(g) On or before January 10 of each year, the commission shall provide to the chairperson of the fiscal committee of each house of the Legislature and to the Joint Legislative Budget Committee all of the following information:

(1) The number of personnel years assigned to the Division of Ratepayer Advocates.

(h) The division shall meet and confer in an informal setting with a regulated entity prior to issuing a report or pleading to the commission regarding alleged misconduct, or a violation of a law or a commission rule or order, raised by the division in a complaint. The meet and confer process shall be utilized in good faith to reach agreement on issues raised by the division regarding any regulated entity in the complaint proceeding.

SEC. 3. Section 321 of the Public Utilities Code is amended to read:

321. (a) The commission shall establish an office of the public advisor and shall appoint a public advisor, including a separate office in the Los Angeles office of the commission. The commission may employ staff as necessary to carry out the duties of the office of the

public advisor. The office of the public advisor shall assist members of the public and ratepayers who desire to testify before or present information to the commission in any hearing or proceeding of the commission. The public advisor shall advise the commission on procedural matters relating to public participation in proceedings of the commission.

(b) The public advisor and executive director shall publicize the commission's programs for encouraging and supporting participation in the commission's proceedings.

SEC. 4. Section 321.5 of the Public Utilities Code is repealed.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 441

An act to add Section 511.4 to the Business and Professions Code, and to amend Section 10123.12 of, and to add Section 10133.66 to, the Insurance Code, relating to health insurance.

[Approved by Governor September 30, 2005. Filed with
Secretary of State September 30, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The billing by providers and the handling of claims by insurers are essential components of the health care delivery process.

(b) Health maintenance organizations and preferred provider organizations regulated by the Department of Managed Health Care are subject to regulations to prevent unfair payment practices against health care providers. Preferred provider organizations and other entities regulated by the Department of Insurance are not subject to many of these regulations, leaving providers and their patients without similar protections.

(c) To ensure the appropriate payment of claims and consistent regulation of overpayment of health care services by third-party payors,

this act extends many of the current protections afforded by the Legislature to providers who deliver care to health care service plan enrollees to those who deliver care to insureds.

SEC. 2. Section 511.4 is added to the Business and Professions Code, to read:

511.4. (a) A contracting agent, as defined in paragraph (2) of subdivision (d) of Section 511.1, shall beginning July 1, 2006, prior to contracting, annually thereafter on or before the contract anniversary date, and, in addition, upon the contracted provider's written request, disclose to contracting providers all of the following information in an electronic format:

(1) The amount of payment for each service to be provided under the contract, including any fee schedules or other factors or units used in determining the fees for each service. To the extent that reimbursement is made pursuant to a specified fee schedule, the contract shall incorporate that fee schedule by reference, including the year of the schedule. For any proprietary fee schedule, the contract shall include sufficient detail that payment amounts related to that fee schedule can be accurately predicted.

(2) The detailed payment policies and rules and nonstandard coding methodologies used to adjudicate claims, which shall, unless otherwise prohibited by state law, do all of the following:

(A) When available, be consistent with Current Procedural Terminology (CPT), and standards accepted by nationally recognized medical societies and organizations, federal regulatory bodies, and major credentialing organizations.

(B) Clearly and accurately state what is covered by any global payment provisions for both professional and institutional services, any global payment provisions for all services necessary as part of a course of treatment in an institutional setting, and any other global arrangements, such as per diem hospital payments.

(C) At a minimum, clearly and accurately state the policies regarding all of the following:

(i) Consolidation of multiple services or charges and payment adjustments due to coding changes.

(ii) Reimbursement for multiple procedures.

(iii) Reimbursement for assistant surgeons.

(iv) Reimbursement for the administration of immunizations and injectable medications.

(v) Recognition of CPT modifiers.

(b) The information disclosures required by this section shall be in sufficient detail and in an understandable format that does not disclose proprietary trade secret information or violate copyright law or patented

processes, so that a reasonable person with sufficient training, experience, and competence in claims processing can determine the payment to be made according to the terms of the contract.

(c) A contracting agent may disclose the fee schedules mandated by this section through the use of a Web site, so long as it provides written notice to the contracted provider at least 45 days prior to implementing a Web site transmission format or posting any changes to the information on the Web site.

SEC. 3. Section 10123.12 of the Insurance Code is amended to read:

10123.12. Every health insurer, including those insurers that contract for alternative rates of payment pursuant to Section 10133, and every self-insured employee welfare benefit plan that will affect the choice of physician, hospital, or other health care providers shall include within its disclosure form and within its evidence or certificate of coverage a statement clearly describing how participation in the policy or plan may affect the choice of physician, hospital, or other health care providers, and describing the nature and extent of the financial liability that is, or that may be, incurred by the insured, enrollee, or covered dependents if care is furnished by a provider that does not have a contract with the insurer or plan to provide service at alternative rates of payment pursuant to Section 10133. The form shall clearly inform prospective insureds or plan enrollees that participation in the policy or plan will affect the person's choice in this regard by placing the following statement in a conspicuous place on all material required to be given to prospective insureds or plan enrollees including promotional and descriptive material, disclosure forms, and certificates and evidences of coverage:

**PLEASE READ THE FOLLOWING INFORMATION SO YOU
WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS
HEALTH CARE MAY BE OBTAINED**

It is not the intent of this section to require that the names of individual health care providers be enumerated to prospective insureds or enrollees.

If a health insurer providing coverage for hospital, medical, or surgical expenses provides a list of facilities to patients or contracting providers, the insurer shall include within the provider listing a notification that insureds or enrollees may contact the insurer in order to obtain a list of the facilities with which the health insurer is contracting for subacute care and/or transitional inpatient care.

SEC. 4. Section 10133.66 is added to the Insurance Code, to read:

10133.66. A health insurer shall comply with all the following:

(a) Deadlines shall not be imposed for the receipt of a claim from a professional provider who submits a claim on behalf of an insured or pursuant to a professional provider's contract with a health insurer that is less than 90 days for contracted providers and 180 days for

noncontracted providers after the date of service, except as required by any state or federal law or regulation. If a health insurer is not the primary payor under coordination of benefits, the insurer shall not impose a deadline for submitting supplemental or coordination of benefits claims to any secondary payor that is less than 90 days from the date of payment or date of contest, denial, or notice from the primary payor. A health insurer that denies a claim because it was filed beyond the claim filing deadline shall, upon provider's demonstration of good cause for the delay, accept and adjudicate the claim according to Section 10123.13 or 10123.147, whichever is applicable. This subdivision shall not alter or affect any rights providers may have under any applicable statute of limitations or ant forfeiture provisions available under the laws of the State of California.

(b) Reimbursement requests for the overpayment of a claim shall not be made, including requests made pursuant to Section 10123.145, unless a written request for reimbursement is sent to the provider within 365 days of the date of payment on the overpaid claim. The written notice shall clearly identify the claim, the name of the patient, and the date of service, and shall include a clear explanation of the basis upon which it is believed the amount paid on the claim was in excess of the amount due, including interest and penalties on the claim. The 365-day time limit shall not apply if the overpayment was caused in whole or in part by fraud or misrepresentation on the part of the provider.

(c) The receipt of each claim shall be identified and acknowledged, whether or not complete, and the recorded date of receipt shall be disclosed in the same manner as the claim was submitted or provided through an electronic means, by telephone, Web site, or another mutually agreeable accessible method of notification, by which the provider may readily confirm the insurer's receipt of the claim and the recorded date of receipt within 15 working days of the date of receipt of the claim by the office designated to receive the claim.

If a claimant submits a claim to a health insurer using a claims clearinghouse, its identification and acknowledgment to the clearinghouse within the timeframes set forth above shall constitute compliance with this section.

(d) Beginning July 1, 2006, prior to contracting, annually thereafter on or before the contract anniversary date, and in addition, upon the contracted provider's written request, the health insurer shall disclose to contracting providers all of the following information in an electronic format:

(1) The amount of payment for each service to be provided under the contract, including any fee schedules or other factors or units used in determining the fees for each service. To the extent that reimbursement

is made pursuant to a specified fee schedule, the contract shall incorporate that fee schedule by reference, including the year of the schedule. For any proprietary fee schedule, the contract shall include sufficient detail that payment amounts related to that fee schedule can be accurately predicted.

(2) The detailed payment policies and rules and nonstandard coding methodologies used to adjudicate claims, that shall, unless otherwise prohibited by state law do all of the following:

(A) When available, be consistent with Current Procedural Terminology (CPT), and standards accepted by nationally recognized medical societies and organizations, federal regulatory bodies, and major credentialing organizations.

(B) Clearly and accurately state what is covered by any global payment provisions for both professional and institutional services, any global payment provisions for all services necessary as part of a course of treatment in an institutional setting, and any other global arrangements such as per diem hospital payments.

(C) At a minimum, clearly and accurately state the policies regarding all of the following:

(i) Consolidation of multiple services or charges, and payment adjustments due to coding changes.

(ii) Reimbursement for multiple procedures.

(iii) Reimbursement for assistant surgeons.

(iv) Reimbursement for the administration of immunizations and injectable medications.

(v) Recognition of CPT modifiers.

The information disclosures required by this section shall be in sufficient detail and in an understandable format that does not disclose proprietary trade secret information or violate copyright law or patented processes, so that a reasonable person with sufficient training, experience, and competence in claims processing can determine the payment to be made according to the terms of the contract.

A health insurer may disclose the fee schedules mandated by this section through the use of a Web site so long as it provides written notice to the contracted provider at least 45 days prior to implementing a Web site transmission format or posting any changes to the information on the Web site.

(4) It is the intent of the Legislature to support the prostate cancer treatment program provided for pursuant to this section, and that the program be cost-effective and maximize the number of men served for the amount of funds appropriated. It is further the intent of the Legislature to ensure that the program has an adequate health care provider network to facilitate reasonable access to treatment.

(b) Treatment provided under this chapter shall be provided to uninsured and underinsured men with incomes at or below 200 percent

(6) The number of employees and contractors that are employed by or contracting with the University of California that are funded through the program, including the amount of funding allocated for direct patient care, indirect patient care, and administrative functions.

(b) Subdivision (a) shall be contingent upon the timely submission by the program contractors of the needed data as outlined in the 2004-05 IMPACT Program contract.

SEC. 3. The sum of two million four hundred four thousand dollars (\$2,404,000) is hereby appropriated from the General Fund to the State Department of Health Services, for the 2005-06 fiscal year, for purposes of prostate cancer treatment services pursuant to Section 104322 of the Health and Safety Code.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

An act to amend Section 1250 of the Health and Safety Code, relating to health facilities.

[Approved by Governor September 30, 2005. Filed with
Secretary of State September 30, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1250 of the Health and Safety Code is amended to read:

1250. As used in this chapter, “health facility” means any facility, place, or building that is organized, maintained, and operated for the diagnosis, care, prevention, and treatment of human illness, physical or mental, including convalescence and rehabilitation and including care during and after pregnancy, or for any one or more of these purposes, for one or more persons, to which the persons are admitted for a 24-hour stay or longer, and includes the following types:

(a) “General acute care hospital” means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff that provides 24-hour inpatient care, including the following basic services: medical, nursing, surgical, anesthesia, laboratory, radiology, pharmacy, and dietary services. A general acute care hospital may include more than one physical plant maintained and operated on separate premises as provided in Section 1250.8. A general acute care hospital that exclusively provides acute medical rehabilitation center services, including at least physical therapy, occupational therapy, and speech therapy, may provide for the required surgical and anesthesia services through a contract with another acute care hospital. In addition, a general acute care hospital that, on July 1, 1983, provided required surgical and anesthesia services through a contract or agreement with another acute care hospital may continue

to provide these surgical and anesthesia services through a contract or agreement with an acute care hospital.

A “general acute care hospital” includes a “rural general acute care hospital.” However, a “rural general acute care hospital” shall not be required by the department to provide surgery and anesthesia services. A “rural general acute care hospital” shall meet either of the following conditions:

(1) The hospital meets criteria for designation within peer group six or eight, as defined in the report entitled Hospital Peer Grouping for Efficiency Comparison, dated December 20, 1982.

(2) The hospital meets the criteria for designation within peer group five or seven, as defined in the report entitled Hospital Peer Grouping for Efficiency Comparison, dated December 20, 1982, and has no more than 76 acute care beds and is located in a census dwelling place of 15,000 or less population according to the 1980 federal census.

(b) “Acute psychiatric hospital” means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff that provides 24-hour inpatient care for mentally disordered, incompetent, or other patients referred to in Division 5 (commencing with Section 5000) or Division 6 (commencing with Section 6000) of the Welfare and Institutions Code, including the following basic services: medical, nursing, rehabilitative, pharmacy, and dietary services.

(c) “Skilled nursing facility” means a health facility that provides skilled nursing care and supportive care to patients whose primary need is for availability of skilled nursing care on an extended basis.

(d) “Intermediate care facility” means a health facility that provides inpatient care to ambulatory or nonambulatory patients who have recurring need for skilled nursing supervision and need supportive care, but who do not require availability of continuous skilled nursing care.

(e) “Intermediate care facility/developmentally disabled habilitative” means a facility with a capacity of 4 to 15 beds that provides 24-hour personal care, habilitation, developmental, and supportive health services to 15 or fewer developmentally disabled persons who have intermittent recurring needs for nursing services, but have been certified by a physician and surgeon as not requiring availability of continuous skilled nursing care.

(f) “Special hospital” means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical or dental staff that provides inpatient or outpatient care in dentistry or maternity.

(g) “Intermediate care facility/developmentally disabled” means a facility that provides 24-hour personal care, habilitation, developmental,

and supportive health services to developmentally disabled clients whose primary need is for developmental services and who have a recurring but intermittent need for skilled nursing services.

(h) “Intermediate care facility/developmentally disabled—nursing” means a facility with a capacity of 4 to 15 beds that provides 24-hour personal care, developmental services, and nursing supervision for developmentally disabled persons who have intermittent recurring needs for skilled nursing care but have been certified by a physician and surgeon as not requiring continuous skilled nursing care. The facility shall serve medically fragile persons who have developmental disabilities or demonstrate significant developmental delay that may lead to a developmental disability if not treated.

(i) (1) “Congregate living health facility” means a residential home with a capacity, except as provided in paragraph (4), of no more than 12 beds, that provides inpatient care, including the following basic services: medical supervision, 24-hour skilled nursing and supportive care, pharmacy, dietary, social, recreational, and at least one type of service specified in paragraph (2). The primary need of congregate living health facility residents shall be for availability of skilled nursing care on a recurring, intermittent, extended, or continuous basis. This care is generally less intense than that provided in general acute care hospitals but more intense than that provided in skilled nursing facilities.

(2) Congregate living health facilities shall provide one of the following services:

(A) Services for persons who are mentally alert, physically disabled persons, who may be ventilator dependent.

(B) Services for persons who have a diagnosis of terminal illness, a diagnosis of a life-threatening illness, or both. Terminal illness means the individual has a life expectancy of six months or less as stated in writing by his or her attending physician and surgeon. A “life-threatening illness” means the individual has an illness that can lead to a possibility of a termination of life within five years or less as stated in writing by his or her attending physician and surgeon.

(C) Services for persons who are catastrophically and severely disabled. A catastrophically and severely disabled person means a person whose origin of disability was acquired through trauma or nondegenerative neurologic illness, for whom it has been determined that active rehabilitation would be beneficial and to whom these services are being provided. Services offered by a congregate living health facility to a catastrophically disabled person shall include, but not be limited to, speech, physical, and occupational therapy.

(3) A congregate living health facility license shall specify which of the types of persons described in paragraph (2) to whom a facility is licensed to provide services.

(4) (A) A facility operated by a city and county for the purposes of delivering services under this section may have a capacity of 59 beds.

(B) A congregate living health facility not operated by a city and county servicing persons who are terminally ill, persons who have been diagnosed with a life-threatening illness, or both, that is located in a county with a population of 500,000 or more persons may have not more than 25 beds for the purpose of serving terminally ill persons.

(C) A congregate living health facility not operated by a city and county serving persons who are catastrophically and severely disabled, as defined in subparagraph (C) of paragraph (2) that is located in a county of 500,000 or more persons may have not more than 12 beds for the purpose of serving catastrophically and severely disabled persons.

(5) A congregate living health facility shall have a noninstitutional, homelike environment.

(j) (1) "Correctional treatment center" means a health facility operated by the Department of Corrections, the Department of the Youth Authority, or a county, city, or city and county law enforcement agency that, as determined by the state department, provides inpatient health services to that portion of the inmate population who do not require a general acute care level of basic services. This definition shall not apply to those areas of a law enforcement facility that houses inmates or wards that may be receiving outpatient services and are housed separately for reasons of improved access to health care, security, and protection. The health services provided by a correctional treatment center shall include, but are not limited to, all of the following basic services: physician and surgeon, psychiatrist, psychologist, nursing, pharmacy, and dietary. A correctional treatment center may provide the following services: laboratory, radiology, perinatal, and any other services approved by the state department.

(2) Outpatient surgical care with anesthesia may be provided, if the correctional treatment center meets the same requirements as a surgical clinic licensed pursuant to Section 1204, with the exception of the requirement that patients remain less than 24 hours.

(3) Correctional treatment centers shall maintain written service agreements with general acute care hospitals to provide for those inmate physical health needs that cannot be met by the correctional treatment center.

(4) Physician and surgeon services shall be readily available in a correctional treatment center on a 24-hour basis.

(5) It is not the intent of the Legislature to have a correctional treatment center supplant the general acute care hospitals at the California Medical Facility, the California Men's Colony, and the California Institution for Men. This subdivision shall not be construed to prohibit the California Department of Corrections from obtaining a correctional treatment center license at these sites.

(k) "Nursing facility" means a health facility licensed pursuant to this chapter that is certified to participate as a provider of care either as a skilled nursing facility in the federal Medicare program under Title XVIII of the federal Social Security Act or as a nursing facility in the federal medicaid program under Title XIX of the federal Social Security Act, or as both.

(l) Regulations defining a correctional treatment center described in subdivision (j) that is operated by a county, city, or city and county, the Department of Corrections, or the Department of the Youth Authority, shall not become effective prior to, or if effective, shall be inoperative until January 1, 1996, and until that time these correctional facilities are exempt from any licensing requirements.

SEC. 2. Section 1250 of the Health and Safety Code is amended to read:

1250. As used in this chapter, "health facility" means any facility, place, or building that is organized, maintained, and operated for the diagnosis, care, prevention, and treatment of human illness, physical or mental, including convalescence and rehabilitation and including care during and after pregnancy, or for any one or more of these purposes, for one or more persons, to which the persons are admitted for a 24-hour stay or longer, and includes the following types:

(a) "General acute care hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff that provides 24-hour inpatient care, including the following basic services: medical, nursing, surgical, anesthesia, laboratory, radiology, pharmacy, and dietary services. A general acute care hospital may include more than one physical plant maintained and operated on separate premises as provided in Section 1250.8. A general acute care hospital that exclusively provides acute medical rehabilitation center services, including at least physical therapy, occupational therapy, and speech therapy, may provide for the required surgical and anesthesia services through a contract with another acute care hospital. In addition, a general acute care hospital that, on July 1, 1983, provided required surgical and anesthesia services through a contract or agreement with another acute care hospital may continue to provide these surgical and anesthesia services through a contract or agreement with an acute care hospital. The general acute care hospital

operated by the State Department of Developmental Services at Agnews Developmental Center may, until June 30, 2007, provide surgery and anesthesia services through a contract or agreement with another acute care hospital. Notwithstanding the requirements of this subdivision, a general acute care hospital operated by the Department of Corrections and Rehabilitation or the Department of Veterans Affairs may provide surgery and anesthesia services during normal weekday working hours, and not provide these services during other hours of the weekday or on weekends or holidays, if the general acute care hospital otherwise meets the requirements of this section

A “general acute care hospital” includes a “rural general acute care hospital.” However, a “rural general acute care hospital” shall not be required by the department to provide surgery and anesthesia services. A “rural general acute care hospital” shall meet either of the following conditions:

(1) The hospital meets criteria for designation within peer group six or eight, as defined in the report entitled Hospital Peer Grouping for Efficiency Comparison, dated December 20, 1982.

(2) The hospital meets the criteria for designation within peer group five or seven, as defined in the report entitled Hospital Peer Grouping for Efficiency Comparison, dated December 20, 1982, and has no more than 76 acute care beds and is located in a census dwelling place of 15,000 or less population according to the 1980 federal census.

(b) “Acute psychiatric hospital” means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff that provides 24-hour inpatient care for mentally disordered, incompetent, or other patients referred to in Division 5 (commencing with Section 5000) or Division 6 (commencing with Section 6000) of the Welfare and Institutions Code, including the following basic services: medical, nursing, rehabilitative, pharmacy, and dietary services.

(c) “Skilled nursing facility” means a health facility that provides skilled nursing care and supportive care to patients whose primary need is for availability of skilled nursing care on an extended basis.

(d) “Intermediate care facility” means a health facility that provides inpatient care to ambulatory or nonambulatory patients who have recurring need for skilled nursing supervision and need supportive care, but who do not require availability of continuous skilled nursing care.

(e) “Intermediate care facility/developmentally disabled habilitative” means a facility with a capacity of 4 to 15 beds that provides 24-hour personal care, habilitation, developmental, and supportive health services to 15 or fewer developmentally disabled persons who have intermittent recurring needs for nursing services, but have been certified by a

physician and surgeon as not requiring availability of continuous skilled nursing care.

(f) “Special hospital” means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical or dental staff that provides inpatient or outpatient care in dentistry or maternity.

(g) “Intermediate care facility/developmentally disabled” means a facility that provides 24-hour personal care, habilitation, developmental, and supportive health services to developmentally disabled clients whose primary need is for developmental services and who have a recurring but intermittent need for skilled nursing services.

(h) “Intermediate care facility/developmentally disabled—nursing” means a facility with a capacity of 4 to 15 beds that provides 24-hour personal care, developmental services, and nursing supervision for developmentally disabled persons who have intermittent recurring needs for skilled nursing care but have been certified by a physician and surgeon as not requiring continuous skilled nursing care. The facility shall serve medically fragile persons who have developmental disabilities or demonstrate significant developmental delay that may lead to a developmental disability if not treated.

(i) (1) “Congregate living health facility” means a residential home with a capacity, except as provided in paragraph (4), of no more than 12 beds, that provides inpatient care, including the following basic services: medical supervision, 24-hour skilled nursing and supportive care, pharmacy, dietary, social, recreational, and at least one type of service specified in paragraph (2). The primary need of congregate living health facility residents shall be for availability of skilled nursing care on a recurring, intermittent, extended, or continuous basis. This care is generally less intense than that provided in general acute care hospitals but more intense than that provided in skilled nursing facilities.

(2) Congregate living health facilities shall provide one of the following services:

(A) Services for persons who are mentally alert, physically disabled persons, who may be ventilator dependent.

(B) Services for persons who have a diagnosis of terminal illness, a diagnosis of a life-threatening illness, or both. Terminal illness means the individual has a life expectancy of six months or less as stated in writing by his or her attending physician and surgeon. A “life-threatening illness” means the individual has an illness that can lead to a possibility of a termination of life within five years or less as stated in writing by his or her attending physician and surgeon.

(C) Services for persons who are catastrophically and severely disabled. A catastrophically and severely disabled person means a person

whose origin of disability was acquired through trauma or nondegenerative neurologic illness, for whom it has been determined that active rehabilitation would be beneficial and to whom these services are being provided. Services offered by a congregate living health facility to a catastrophically disabled person shall include, but not be limited to, speech, physical, and occupational therapy.

(3) A congregate living health facility license shall specify which of the types of persons described in paragraph (2) to whom a facility is licensed to provide services.

(4) (A) A facility operated by a city and county for the purposes of delivering services under this section may have a capacity of 59 beds.

(B) A congregate living health facility not operated by a city and county servicing persons who are terminally ill, persons who have been diagnosed with a life-threatening illness, or both, that is located in a county with a population of 500,000 or more persons may have not more than 25 beds for the purpose of serving terminally ill persons.

(C) A congregate living health facility not operated by a city and county serving persons who are catastrophically and severely disabled, as defined in subparagraph (C) of paragraph (2) that is located in a county of 500,000 or more persons may have not more than 12 beds for the purpose of serving catastrophically and severely disabled persons.

(5) A congregate living health facility shall have a noninstitutional, homelike environment.

(j) (1) "Correctional treatment center" means a health facility operated by the Department of Corrections, the Department of the Youth Authority, or a county, city, or city and county law enforcement agency that, as determined by the state department, provides inpatient health services to that portion of the inmate population who do not require a general acute care level of basic services. This definition shall not apply to those areas of a law enforcement facility that houses inmates or wards that may be receiving outpatient services and are housed separately for reasons of improved access to health care, security, and protection. The health services provided by a correctional treatment center shall include, but are not limited to, all of the following basic services: physician and surgeon, psychiatrist, psychologist, nursing, pharmacy, and dietary. A correctional treatment center may provide the following services: laboratory, radiology, perinatal, and any other services approved by the state department.

(2) Outpatient surgical care with anesthesia may be provided, if the correctional treatment center meets the same requirements as a surgical clinic licensed pursuant to Section 1204, with the exception of the requirement that patients remain less than 24 hours.

(3) Correctional treatment centers shall maintain written service agreements with general acute care hospitals to provide for those inmate physical health needs that cannot be met by the correctional treatment center.

(4) Physician and surgeon services shall be readily available in a correctional treatment center on a 24-hour basis.

(5) It is not the intent of the Legislature to have a correctional treatment center supplant the general acute care hospitals at the California Medical Facility, the California Men's Colony, and the California Institution for Men. This subdivision shall not be construed to prohibit the Department of Corrections from obtaining a correctional treatment center license at these sites.

(k) "Nursing facility" means a health facility licensed pursuant to this chapter that is certified to participate as a provider of care either as a skilled nursing facility in the federal Medicare Program under Title XVIII of the federal Social Security Act or as a nursing facility in the federal Medicaid Program under Title XIX of the federal Social Security Act, or as both.

(l) Regulations defining a correctional treatment center described in subdivision (j) that is operated by a county, city, or city and county, the Department of Corrections, or the Department of the Youth Authority, shall not become effective prior to, or if effective, shall be inoperative until January 1, 1996, and until that time these correctional facilities are exempt from any licensing requirements.

SEC. 3. Section 2 of this bill incorporates amendments to Section 1250 of the Health and Safety Code proposed by both this bill and AB 1346. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2006, (2) each bill amends Section 1250 of the Health and Safety Code, and (3) this bill is enacted after AB 1346, in which case Section 1 of this bill shall not become operative.

CHAPTER 444

[Approved by Governor September 30, 2005. Filed with
Secretary of State September 30, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Division 116 (commencing with Section 150200) is added to the Health and Safety Code, to read:

DIVISION 116. SURPLUS MEDICATION COLLECTION AND
DISTRIBUTION

150200. It is the intent of the Legislature in enacting this division to authorize the establishment of a voluntary drug repository and distribution program for the purpose of distributing surplus medications to persons in need of financial assistance to ensure access to necessary pharmaceutical therapies.

150201. For purposes of this division, “medication” or “medications” means a dangerous drug, as defined in Section 4022 of the Business and Professions Code.

150202. Notwithstanding any other provision of law, a licensed skilled nursing facility, as defined in Section 1250, including a skilled nursing facility designated as an institution for mental disease, may donate unused medications under a program established pursuant to this division.

150203. Notwithstanding any other provision of law, a wholesaler licensed pursuant to Article 11 (commencing with Section 4160) of Chapter 9 of Division 2 of the Business and Professions Code and a drug manufacturer that is legally authorized under federal law to manufacture and sell pharmaceutical drugs may donate unused medications under the voluntary drug repository and distribution program established by a county pursuant to this division.

150204. (a) A county may establish, by ordinance, a repository and distribution program for purposes of this division. Only pharmacies that are county-owned or that contract with the county pursuant to this division may participate in this program to dispense medication donated to the drug repository and distribution program.

(b) A county that elects to establish a repository and distribution program pursuant to this division shall establish procedures for, at a minimum, all of the following:

- (1) Establishing eligibility for medically indigent patients who may participate in the program.
- (2) Ensuring that patients eligible for the program shall not be charged for any medications provided under the program.
- (3) Developing a formulary of medications appropriate for the repository and distribution program.

(4) Ensuring proper safety and management of any medications collected by and maintained under the authority of a county-owned or county-contracted, licensed pharmacy.

(5) Ensuring the privacy of individuals for whom the medication was originally prescribed.

(c) Any medication donated to the repository and distribution program shall comply with the requirements specified in this division. Medication donated to the repository and distribution program shall meet all of the following criteria:

(1) The medication shall not be a controlled substance.

(2) The medication shall not have been adulterated, misbranded, or stored under conditions contrary to standards set by the United States Pharmacopoeia (USP) or the product manufacturer.

(3) The medication shall not have been in the possession of a patient or any individual member of the public, and in the case of medications donated by a skilled nursing facility, shall have been under the control of staff of the skilled nursing facility.

(d) Only medication that is donated in unopened, tamper-evident packaging or modified unit dose containers that meet USP standards is eligible for donation to the repository and distribution program, provided lot numbers and expiration dates are affixed. Medication donated in opened containers shall not be dispensed by the repository and distribution program.

(e) A pharmacist shall use his or her professional judgment in determining whether donated medication meets the standards of this division before accepting or dispensing any medication under the repository and distribution program.

(f) A pharmacist shall adhere to standard pharmacy practices, as required by state and federal law, when dispensing all medications.

(g) Medication that is donated to the repository and distribution program shall be handled in any of the following ways:

(1) Dispensed to an eligible patient.

(2) Destroyed.

(3) Returned to a reverse distributor.

(h) Medication that is donated to the repository and distribution program that does not meet the requirements of this division shall not be distributed under this program and shall be either destroyed or returned to a reverse distributor. This medication shall not be sold, dispensed, or otherwise transferred to any other entity.

(i) Medication donated to the repository and distribution program shall be maintained in the donated packaging units until dispensed to an eligible patient under this program, who presents a valid prescription. When dispensed to an eligible patient under this program, the medication

shall be in a new and properly labeled container, specific to the eligible patient and ensuring the privacy of the individuals for whom the medication was initially dispensed. Expired medication shall not be dispensed.

(j) Medication donated to the repository and distribution program shall be segregated from the pharmacy's other drug stock by physical means, for purposes including, but not limited to, inventory, accounting, and inspection.

(k) The pharmacy shall keep complete records of the acquisition and disposition of medication donated to and dispensed under the repository and distribution program. These records shall be kept separate from the pharmacy's other acquisition and disposition records and shall conform to the Pharmacy Law (Chapter 9 (commencing with Section 4000), of Division 2 of the Business and Professions Code), including being readily retrievable.

(l) Local and county protocols established pursuant to this act shall conform to the Pharmacy Law regarding packaging, transporting, storing, and dispensing all medications.

(m) County protocols established for packaging, transporting, storing, and dispensing medications that require refrigeration, including, but not limited to, any biological product as defined in Section 351 of the Public Health and Service Act (42 U.S.C. Sec. 262), an intravenously injected drug, or an infused drug, include specific procedures to ensure that these medications are packaged, transported, stored, and dispensed at their appropriate temperatures and in accordance with USP standards and the Pharmacy Law.

(n) Notwithstanding any other provision of law, a participating county-owned or county-contracted pharmacy shall follow the same procedural drug pedigree requirements for donated drugs as it would follow for drugs purchased from a wholesaler or directly from a drug manufacturer.

150205. The following persons and entities shall not be subject to criminal or civil liability for injury caused when donating, accepting, or dispensing prescription drugs in compliance with this division:

(a) A prescription drug manufacturer, wholesaler, governmental entity, county-owned or county-contracted licensed pharmacy, or skilled nursing facility.

(b) A pharmacist or health care professional who accepts or dispenses prescription drugs.

150206. The immunities provided in Section 150205 shall not apply in cases of noncompliance with this division, bad faith, or gross negligence.

150207. Nothing in this division shall affect disciplinary actions taken by licensing and regulatory agencies.

The people of the State of California do enact as follows:

SECTION 1. Section 1747.09 of the Civil Code is amended to read:
1747.09. (a) Except as provided in this section, no person, firm, partnership, association, corporation, or limited liability company that accepts credit or debit cards for the transaction of business shall print more than the last five digits of the credit or debit card account number or the expiration date upon any receipt provided to the cardholder.

(b) This section shall apply only to receipts that are electronically printed and shall not apply to transactions in which the sole means of recording the person's credit or debit card number is by handwriting or by an imprint or copy of the credit or debit card.

CHAPTER 446

An act to add Section 10111.7 to the Insurance Code, relating to life insurance.

[Approved by Governor September 30, 2005. Filed with
Secretary of State September 30, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 10111.7 is added to the Insurance Code, to read:

10111.7. (a) An insurer shall not deny or refuse to accept an application for life insurance, or refuse to insure, refuse to renew, cancel, restrict, or otherwise terminate a policy of life insurance, or charge a different rate for the same life insurance coverage, based solely upon the applicant's or insured's past or future lawful travel destinations.

(b) Nothing in this section shall prohibit an insurer from excluding or limiting coverage under a life insurance policy, or refusing to offer life insurance, based upon lawful travel, or from charging a different rate for that coverage, when that action is based upon sound actuarial principles or is related to actual and reasonably expected experience.

CHAPTER 447

An act to amend Sections 2051.5, 10089.70, 10089.79, 10089.80, and 10089.82 of, and to add Sections 124.5, 1749.85, and 2060 to, and to repeal Section 10089.84 of, the Insurance Code, relating to homeowners' insurance.

[Approved by Governor September 30, 2005. Filed with
Secretary of State September 30, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 124.5 is added to the Insurance Code, to read:
124.5. "Homeowners' insurance" means insurance covering the risks described in subdivision (a) of Section 675.

SEC. 2. Section 1749.85 is added to the Insurance Code, to read:

1749.85. (a) The curriculum committee shall, in 2006, make recommendations to the commissioner to instruct fire and casualty broker-agents and personal lines broker-agents and applicants for fire and casualty broker-agent and personal lines broker-agent licenses in proper methods of estimating the replacement value of structures, and of explaining various levels of coverage under a homeowners' insurance policy. Each provider of courses based upon this curriculum shall submit its course content to the commissioner for approval.

(b) A person who is not an insurer underwriter or actuary or other person identified by the insurer, or a licensed fire and casualty broker-agent, personal lines broker-agent, contractor, or architect shall not estimate the replacement value of a structure, or explain various levels of coverage under a homeowners' insurance policy.

SEC. 3. Section 2051.5 of the Insurance Code is amended to read:

2051.5. (a) Under an open policy that requires payment of the replacement cost for a loss, the measure of indemnity is the amount that it would cost the insured to repair, rebuild, or replace the thing lost or injured, without a deduction for physical depreciation, or the policy limit, whichever is less.

If the policy requires the insured to repair, rebuild, or replace the damaged property in order to collect the full replacement cost, the insurer shall pay the actual cash value of the damaged property, as defined in Section 2051, until the damaged property is repaired, rebuilt, or replaced. Once the property is repaired, rebuilt, or replaced, the insurer shall pay the difference between the actual cash value payment made and the full replacement cost reasonably paid to replace the damaged property, up to the limits stated in the policy.

(b) (1) No time limit of less than 12 months from the date that the first payment toward the actual cash value is made shall be placed upon an insured in order to collect the full replacement cost of the loss, subject to the policy limit. Additional extensions of six months shall be provided to policyholders for good cause. In the event of a covered loss relating to a “state of emergency,” as defined in Section 8558 of the Government Code, no time limit of less than 24 months from the date that the first payment toward the actual cash value is made shall be placed upon the insured in order to collect the full replacement cost of the loss, subject to the policy limit. Nothing in this section shall prohibit the insurer from allowing the insured additional time to collect the full replacement cost.

(2) In the event of a covered loss relating to a “state of emergency,” as defined in Section 8558 of the Government Code, coverage for additional living expenses shall be for a period of 24 months, but shall be subject to other policy provisions, provided that any extension of time required by this paragraph beyond the period provided in the policy shall not act to increase the additional living expense policy limit in force at the time of the loss. This paragraph shall become operative on January 1, 2007.

(c) In the event of a total loss of the insured structure, no policy issued or delivered in this state may contain a provision that limits or denies payment of the replacement cost in the event the insured decides to rebuild or replace the property at a location other than the insured premises. However, the measure of indemnity shall be based upon the replacement cost of the insured property and shall not be based upon the cost to repair, rebuild, or replace at a location other than the insured premises.

(d) Nothing in this section shall prohibit an insurer from restricting payment in cases of suspected fraud.

(e) The changes made to this section by the act that added this subdivision shall be implemented by an insurer on and after the effective date of that act, except that an insurer shall not be required to modify policy forms to be consistent with those changes until July 1, 2005. On and after July 1, 2005, all policy forms used by an insurer shall reflect those changes.

SEC. 4. Section 2060 is added to the Insurance Code, to read:

2060. In the event of a loss under a homeowners' insurance policy for which the insured has made a claim for additional living expenses, the insurer shall provide the insured with a list of items that the insurer believes may be covered under the policy as additional living expenses. The list may include a statement that the list is not intended to include all items covered under the policy, but only those that are commonly claimed, if this is the case. If the department develops a list for use by insurers, the insurer may use that list.

SEC. 5. Section 10089.70 of the Insurance Code is amended to read:

10089.70. (a) The department shall establish a program for the mediation of the disputes between insured complainants and insurers arising pursuant to any of the following:

(1) A claim that arises under a homeowners' insurance policy and that involves loss due to a fire for which the Governor has declared a state of emergency pursuant to Section 8558 of the Government Code. The department may refer to mediation any dispute covered by this paragraph in which the parties to the contract wish to discuss possible payments beyond policy limits.

(2) A claim that arises under a policy covering earthquake damage and that involves loss due to an earthquake for which the Governor has declared a state of emergency pursuant to Section 8558 of the Government Code. With respect to disputes arising under this paragraph, the program shall apply only to personal lines of insurance related to residential coverage.

(3) A claim that arises under automobile collision coverage or automobile physical damage coverage, in a policy as defined in Section 660.

(b) The goal of the program shall be to favorably resolve a statistically significant number of disputes sent to mediation under the program. This section shall not apply to any dispute that turns on a question of major insurance coverage or a purely legal interpretation, or any dispute involving the actions of an agent or broker in which the insurer is not alleged to have been responsible for the conduct, or any complaint the commissioner finds to be frivolous, or any dispute in which a party is alleged to have committed fraud.

SEC. 6. Section 10089.79 of the Insurance Code is amended to read:

10089.79. (a) The costs of mediation shall be reasonable, and shall be borne by the insurer, except as provided in Section 10089.81. The commissioner may set a fee not to exceed one thousand five hundred dollars (\$1,500) for each homeowners' or earthquake coverage dispute mediated pursuant to this chapter, and seven hundred dollars (\$700) for each automobile coverage dispute mediated pursuant to this chapter.

(b) The administrative expenses for the mediation program shall be paid from existing resources available to the department. If additional resources are required by the department, those resources shall be made available by an annual appropriation in the Budget Act.

SEC. 7. Section 10089.80 of the Insurance Code is amended to read:

10089.80. (a) The representatives of the insurer shall know the facts of the case and be familiar with the allegations of the complainant. The insurer or the insurer's representative shall produce at the settlement conference a copy of the policy and all documents from the claims file relevant to the degree of loss, value of the claim, and the fact or extent of damage. For disputes mediated pursuant to paragraph (1) of subdivision (a) of Section 10089.70, the department shall refer to mediation issues related to the settlement of the claim. The insured and insurer shall produce, to the extent available, documents relevant to the successful mediation of the claim, including documents related to the degree of loss, the value of the claim, and the fact or extent of damage.

The mediator may also order production of other documents that the mediator determines to be relevant to the issues under mediation. If a party declines to comply with that order, the mediator may appeal to the commissioner for a determination of whether the documents requested should be produced. The commissioner shall make a determination within 21 days. However, the party ordered to produce the documents shall not be required to produce while the issue is before the commissioner in this 21-day period. If the ruling is in favor of production, any insurer that is subject to an order to participate in mediation issued under subdivision (a) of Section 10089.75 shall comply with the order to produce. Insureds, and those insurers that are not subject to an order to participate in mediation, shall produce the documents or decline to participate further in the mediation after a ruling by the commissioner requiring the production of those other documents. Declination of mediation by the insurer under this section may be considered by the commissioner in exercising authority under subdivision (a) of Section 10089.75.

The mediator shall have the authority to protect from disclosure information that the mediator determines to be privileged, including, but not limited to, information protected by the attorney-client or work-product privileges, or to be otherwise confidential.

(b) The mediator shall determine prior to the mediation conference whether the insured will be represented by counsel at the mediation. The mediator shall inform the insurer whether the insured will be represented by counsel at the mediation conference. If the insured is represented by counsel at the mediation conference, the insurer's counsel may be present. If the insured is not represented by counsel at the mediation conference, then no counsel may be present.

(c) Section 703.5 and Chapter 2 (commencing with Section 1115) of Division 9 of the Evidence Code apply to a mediation conducted under this chapter.

(d) The statements made by the parties, negotiations between the parties, and documents produced at the mediation are confidential. However, this confidentiality shall not restrict the access of the department to documents or other information the department seeks in order to evaluate the mediation program or to comply with reporting requirements. This subdivision does not affect the discoverability or admissibility of documents that are otherwise discoverable or admissible.

SEC. 8. Section 10089.82 of the Insurance Code is amended to read:

10089.82. (a) An insured may not be required to use the department's mediation process. An insurer may not be required to use the department's mediation process, except as provided in Section 10089.75.

(b) Neither the insurer nor the insured is required to accept an agreement proposed during the mediation.

(c) If the parties agree to a settlement agreement, the insured will have three business days to rescind the agreement. Notwithstanding Chapter 2 (commencing with Section 1115) of Division 9 of the Evidence Code, if the insured rescinds the agreement, it may not be admitted in evidence or disclosed unless the insured and all other parties to the agreement expressly agree to its disclosure. If the agreement is not rescinded by the insured, it is binding on the insured and the insurer, and acts as a release of all specific claims for damages known at the time of the mediation presented and agreed upon in the mediation conference. If counsel for the insured is present at the mediation conference and a settlement is agreed upon that is signed by the insured's counsel, the agreement is immediately binding on the insured and may not be rescinded.

(d) This section does not affect rights under existing law for claims for damage that were undetected at the time of the settlement conference.

(e) All settlements reached as a result of department-referred mediation shall address only those issues raised for the purpose of resolution. Settlements and any accompanying releases are not effective to settle or resolve any claim or dispute not addressed by the mediator for the purpose of resolution, nor any claim that the insured may have related to the insurer's conduct in handling the claim. However, for mediations conducted pursuant to paragraph (1) of subdivision (a) of Section 10089.70, the insurer and insured may agree to a complete settlement and release of all disputes related to the claim, including any claim the insured may have related to the insurer's conduct in handling the claim, provided the legal effect of the release is disclosed and fully explained to the claimant by the mediator.

Referral to mediation or the pendency of a mediation under this article is not a basis to prevent or stay the filing of civil litigation arising in whole or in part out of the same facts. Any applicable statute of limitations is tolled for the number of days beginning from the notification date to the insurer pursuant to Section 10089.72, until the date on which the mediation is either completed or declined, or the date on which the insured fails to appear for a scheduled mediation for the second time, or, in the event that a settlement is completed, the expiration of any applicable three business day cooling off period.

SEC. 8.5. Section 10089.82 of the Insurance Code is amended to read:

10089.82. (a) An insured may not be required to use the department's mediation process. An insurer may not be required to use the department's mediation process, except as provided in Section 10089.75.

(b) Neither the insurer nor the insured is required to accept an agreement proposed during the mediation.

(c) If the parties agree to a settlement agreement, the insured will have three business days to rescind the agreement. Notwithstanding Chapter 2 (commencing with Section 1115) of Division 9 of the Evidence Code, if the insured rescinds the agreement, it may not be admitted in evidence or disclosed unless the insured and all other parties to the agreement expressly agree to its disclosure. If the agreement is not rescinded by the insured, it is binding on the insured and the insurer, and acts as a release of all specific claims for damages known at the time of the mediation presented and agreed upon in the mediation conference. If counsel for the insured is present at the mediation conference and a settlement is agreed upon that is signed by the insured's counsel, the agreement is immediately binding on the insured and may not be rescinded.

(d) This section does not affect rights under existing law for claims for damage that were undetected at the time of the settlement conference.

(e) All settlements reached as a result of department-referred mediation shall address only those issues raised for the purpose of resolution. Settlements and any accompanying releases are not effective to settle or resolve any claim or dispute not addressed by the mediator for the purpose of resolution, nor any claim that the insured may have related to the insurer's conduct in handling the claim. However, for mediations conducted pursuant to paragraph (1) of subdivision (a) of Section 10089.70, the insurer and insured may agree to a complete settlement and release of all disputes related to the claim, including any claim the insured may have related to the insurer's conduct in handling the claim, provided the legal effect of the release is disclosed and fully explained to the claimant by the mediator.

Referral to mediation or the pendency of a mediation under this article is not a basis to prevent or stay the filing of civil litigation arising in whole or in part out of the same facts. Any applicable statute of limitations or limitation on the insured's right to sue as set forth in Section 2071 is tolled for the number of days beginning from the notification date to the insurer pursuant to Section 10089.72, until the date on which the mediation is either completed or declined, or the date on which the insured fails to appear for a scheduled mediation for the second time, or, in the event that a settlement is completed, the expiration of any applicable three business day cooling off period.

SEC. 9. Section 10089.84 of the Insurance Code is repealed.

SEC. 10. Section 8.5 of this bill incorporates amendments to Section 10089.82 of the Insurance Code proposed by both this bill and SB 518. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2006, (2) each bill amends Section 10089.82 of the Insurance Code, and (3) this bill is enacted after SB 518, in which case Section 8 of this bill shall not become operative.

CHAPTER 448

An act to amend Sections 2051.5, 10089.82, 10106, 14028, 14029, 14035, 14062, 15011, 15027, 15027.1, 15033, 15036, 15040, 15056, and 15059 of, and to add Sections 395, 14028.5, 14061.5, 15018.5, 15027.5, 15028.7, and 15039.5 to, and to repeal Section 15014 of, the Insurance Code, relating to homeowners' insurance.

[Approved by Governor September 30, 2005. Filed with
Secretary of State September 30, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 395 is added to the Insurance Code, to read:

395. After a covered loss, an insurer shall provide, free of charge, a complete copy of the insured's current insurance policy or certificate within 30 calendar days of receipt of a request from the insured. The time period for providing the insurance policy or certificate may be extended by the commissioner. An insured who does not experience a covered loss shall, upon request, be entitled to one free copy of his or her current insurance policy or certificate annually. The insurance policy or certificate provided to the insured shall include, where applicable, the policy declarations page. This section shall not apply to commercial

policies issued pursuant to Sections 675.5 and 675.6, and policies of workers' compensation insurance, as defined in Section 109.

SEC. 2. Section 2051.5 of the Insurance Code is amended to read:

2051.5. (a) Under an open policy that requires payment of the replacement cost for a loss, the measure of indemnity is the amount that it would cost the insured to repair, rebuild, or replace the thing lost or injured, without a deduction for physical depreciation, or the policy limit, whichever is less.

If the policy requires the insured to repair, rebuild, or replace the damaged property in order to collect the full replacement cost, the insurer shall pay the actual cash value of the damaged property, as defined in Section 2051, until the damaged property is repaired, rebuilt, or replaced. Once the property is repaired, rebuilt, or replaced, the insurer shall pay the difference between the actual cash value payment made and the full replacement cost reasonably paid to replace the damaged property, up to the limits stated in the policy.

(b) (1) Except as provided in paragraph (2), no time limit of less than 12 months from the date that the first payment toward the actual cash value is made shall be placed upon an insured in order to collect the full replacement cost of the loss, subject to the policy limit. Additional extensions of six months shall be provided to policyholders for good cause. In the event of a loss relating to a "state of emergency," as defined in Section 8558 of the Government Code, no time limit of less than 24 months from the date that the first payment toward the actual cash value is made shall be placed upon the insured in order to collect the full replacement cost of the loss, subject to the policy limit. Nothing in this section shall prohibit the insurer from allowing the insured additional time to collect the full replacement cost.

(2) In the event of a covered loss relating to a state of emergency, as defined in Section 8558 of the Government Code, coverage for additional living expenses shall be for a period of 24 months, but shall be subject to other policy provisions, provided that any extension of time required by this paragraph beyond the period provided in the policy shall not act to increase the additional living expense policy limit in force at the time of the loss. This paragraph shall become operative on January 1, 2007.

(c) In the event of a total loss of the insured structure, no policy issued or delivered in this state may contain a provision that limits or denies payment of the replacement cost in the event the insured decides to rebuild or replace the property at a location other than the insured premises. However, the measure of indemnity shall be based upon the replacement cost of the insured property and shall not be based upon the cost to repair, rebuild, or replace at a location other than the insured premises.

(d) Nothing in this section shall prohibit an insurer from restricting payment in cases of suspected fraud.

(e) The changes made to this section by the act that added this subdivision shall be implemented by an insurer on and after the effective date of that act, except that an insurer shall not be required to modify policy forms to be consistent with those changes until July 1, 2005. On and after July 1, 2005, all policy forms used by an insurer shall reflect those changes.

SEC. 3. Section 10089.82 of the Insurance Code is amended to read:

10089.82. (a) An insured may not be required to use the department's mediation process. An insurer may not be required to use the department's mediation process, except as provided in Section 10089.75.

(b) Neither the insurer nor the insured is required to accept an agreement proposed during the mediation.

(c) If the parties agree to a settlement agreement, the insured will have three business days to rescind the agreement. Notwithstanding Chapter 2 (commencing with Section 1115) of Division 9 of the Evidence Code, if the insured rescinds the agreement, it may not be admitted in evidence or disclosed unless the insured and all other parties to the agreement expressly agree to its disclosure. If the agreement is not rescinded by the insured, it is binding on the insured and the insurer, and acts as a release of all specific claims for damages known at the time of the mediation presented and agreed upon in the mediation conference. If counsel for the insured is present at the mediation conference and a settlement is agreed upon that is signed by the insured's counsel, the agreement is immediately binding on the insured and may not be rescinded.

(d) This section does not affect rights under existing law for claims for damage that were undetected at the time of the settlement conference.

(e) All settlements reached as a result of department-referred mediation shall address only those issues raised for the purpose of resolution. Settlements and any accompanying releases are not effective to settle or resolve any claim or dispute not addressed by the mediator for the purpose of resolution, nor any claim that the insured may have related to the insurer's conduct in handling the claim. However, for mediations conducted pursuant to subdivision (b) of Section 10089.70, the insurer and insured may agree to a complete settlement and release of all disputes related to the claim, including any claim the insured may have related to the insurer's conduct in handling the claim, provided the legal effect of the release is disclosed and fully explained to the claimant by the mediator.

Referral to mediation or the pendency of a mediation under this article is not a basis to prevent or stay the filing of civil litigation arising in

whole or in part out of the same facts. Any applicable statute of limitations or limitation on the insured's right to sue as set forth in Section 2071 is tolled for the number of days beginning from the notification date to the insurer pursuant to Section 10089.72, until the date on which the mediation is either completed or declined, or the date on which the insured fails to appear for a scheduled mediation for the second time, or, in the event that a settlement is completed, the expiration of any applicable three-business-day cooling off period.

SEC. 3.5. Section 10089.82 of the Insurance Code is amended to read:

10089.82. (a) An insured may not be required to use the department's mediation process. An insurer may not be required to use the department's mediation process, except as provided in Section 10089.75.

(b) Neither the insurer nor the insured is required to accept an agreement proposed during the mediation.

(c) If the parties agree to a settlement agreement, the insured will have three business days to rescind the agreement. Notwithstanding Chapter 2 (commencing with Section 1115) of Division 9 of the Evidence Code, if the insured rescinds the agreement, it may not be admitted in evidence or disclosed unless the insured and all other parties to the agreement expressly agree to its disclosure. If the agreement is not rescinded by the insured, it is binding on the insured and the insurer, and acts as a release of all specific claims for damages known at the time of the mediation presented and agreed upon in the mediation conference. If counsel for the insured is present at the mediation conference and a settlement is agreed upon that is signed by the insured's counsel, the agreement is immediately binding on the insured and may not be rescinded.

(d) This section does not affect rights under existing law for claims for damage that were undetected at the time of the settlement conference.

(e) All settlements reached as a result of department-referred mediation shall address only those issues raised for the purpose of resolution. Settlements and any accompanying releases are not effective to settle or resolve any claim or dispute not addressed by the mediator for the purpose of resolution, nor any claim that the insured may have related to the insurer's conduct in handling the claim. However, for mediations conducted pursuant to paragraph (1) of subdivision (a) of Section 10089.70, the insurer and insured may agree to a complete settlement and release of all disputes related to the claim, including any claim the insured may have related to the insurer's conduct in handling the claim, provided the legal effect of the release is disclosed and fully explained to the claimant by the mediator.

Referral to mediation or the pendency of a mediation under this article is not a basis to prevent or stay the filing of civil litigation arising in whole or in part out of the same facts. Any applicable statute of limitations or limitation on the insured's right to sue as set forth in Section 2071 is tolled for the number of days beginning from the notification date to the insurer pursuant to Section 10089.72, until the date on which the mediation is either completed or declined, or the date on which the insured fails to appear for a scheduled mediation for the second time, or, in the event that a settlement is completed, the expiration of any applicable three-business-day cooling off period.

SEC. 4. Section 10106 of the Insurance Code is amended to read:

10106. The Insurance Commissioner may modify a disclosure statement as contained in Section 10102, 10103, or 10103.5 only upon request of an insurer. The modification shall only be for the purpose of adding new or clarifying existing language describing any form of dwelling coverage offered by an insurer. The commissioner's authority to modify the disclosure statement shall be limited solely to determining the clarity and accuracy of the information provided in the disclosure to ensure that the disclosure accurately reflects a new or existing product. It is the intent of the Legislature that the disclosure form be kept as brief as clarity and accuracy permit. Any modification to the disclosure statement shall be approved in writing by the commissioner.

SEC. 5. Section 14028 of the Insurance Code is amended to read:

14028. After a hearing the commissioner may deny a license unless the application makes a showing satisfactory to the commissioner that the applicant, if an individual, has not, or if the applicant is a person other than an individual, that its manager and each of its officers and partners have not:

(a) Committed any acts or crimes constituting grounds for denial of licensure under Section 480 of the Business and Professions Code.

(b) Been refused a license under this chapter or had a license revoked.

(c) Been an officer, partner, or manager of any person who has been refused a license under this chapter or whose license has been revoked.

SEC. 7. Section 14029 of the Insurance Code is amended to read:

14029. (a) The business of each licensee shall be operated under the active direction, control, charge, or management, in this state, of the licensee, if the licensee is qualified, or the person who has qualified to act as the licensee's manager, if the licensee is not qualified.

(b) No person shall act as a manager of a licensee until he or she has complied with each of the following:

(1) Demonstrated his or her qualifications by a written or oral examination, or a combination of both, if required by the commissioner.

(2) Made a satisfactory showing to the commissioner that he or she has the qualifications prescribed by Section 14025 and that none of the facts stated in Section 14028 or 14028.5 exist as to him or her.

(c) If the manager, who has qualified as provided in this section, ceases for any reason whatsoever to be connected with the licensee to whom the license is issued, the licensee shall notify the commissioner in writing 30 days from the cessation. If notice is given, the license shall remain in force for a reasonable length of time to be determined by the rules of the commissioner pending the qualifications, as provided in this chapter, of another manager. If the licensee fails to notify the commissioner within the 30-day period, his or her license shall be subject to suspension or revocation and may be reinstated only upon the filing of an application for reinstatement, payment of the reinstatement fee, if any is due, and the qualification of a manager as provided herein.

(d) Every manager shall renew his or her authority by satisfying the requirements of Article 8 (commencing with Section 14090).

SEC. 8. Section 14035 of the Insurance Code is amended to read:

Applications, on forms prescribed by the commissioner, shall be submitted by all new officers or partners. The commissioner may suspend or revoke a license issued under this chapter if he or she determines that at the time the person became an officer or partner of a licensee, any of the facts stated in Section 14028 or 14028.5 existed as to such person.

SEC. 9. Section 14061.5 is added to the Insurance Code, to read:

14061.5. The commissioner may, without hearing, suspend or revoke a license issued under this chapter, or may issue a restricted license, if he or she determines that the licensee has committed any act or crime constituting grounds for denial of license under Section 14028.5.

SEC. 10. Section 14062 of the Insurance Code is amended to read:

14062. The record of conviction, or a certified copy thereof, shall be conclusive evidence of the conviction, as that term is used in this article or in Section 14028 or 14028.5.

A plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this article or of Section 14028 or 14028.5. The commissioner may order the license suspended or revoked, or may decline to issue a license, when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing such person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment.

See the notice of cancellation form at the end of this contract for an explanation of this right."

(g) No licensee shall knowingly make any false report to his or her employer or divulge to any other person, except as he or she may be required by law to do so, any information acquired by him or her except at the direction of the employer or a client for whom the information is obtained.

(h) No licensee shall use a badge in connection with the official activities of the licensee's business.

(i) No licensee shall permit an employee or agent in his or her own name to advertise, engage clients, furnish reports, or present bills to clients, or in any manner whatever to conduct business for which a license is required under this chapter.

(j) Pursuant to subdivisions (a) and (c) of Section 15006, the commissioner shall have the authority to enforce the provisions of this chapter and prosecute violations thereunder committed by unlicensed persons or entities that hold themselves out or act as public insurance adjusters.

(k) For purposes of this section, "business day" shall have the same meaning given to that term in subdivision (e) of Section 1689.5 of the Civil Code, as in effect on the operative date of this statute.

(l) The contract and the notice of cancellation set forth in paragraph (1) of subdivision (f) shall be written in the same language, e.g., Spanish, as principally used in the negotiation of the contract.

(m) Within five business days after a contract has been canceled, the licensee shall tender to the client any payments made by the client and any note or other evidence of indebtedness, including an itemized statement of all amounts tendered to the client.

(n) The licensee is not entitled to compensation for services performed prior to cancellation, other than for reimbursement of moneys paid by the licensee for out-of-pocket emergency expenses for the client or on behalf of the client. If the licensee seeks reimbursement from the client for out-of-pocket emergency expenses, and if the cancellation is made within the first three business days after the contract was initiated, the licensee shall provide the client with an itemized statement of those emergency expenses advanced to the client or on behalf of the client by the licensee. (t) The licensee shall provide the client with an original contract and notice of cancellation at the time the client signs the contract.

(u) Any confession of judgment or waiver of the provisions of this chapter shall be deemed contrary to public policy and shall be void and unenforceable.

(v) Prior to the signing of the contract, the licensee shall provide the insured with a separate printed disclosure document in the following form that bears the name and license number of the licensee:

“DISCLOSURE

There are three types of insurance adjusters that could be involved in the processing of your insurance claim. The definitions of the three types are as follows:

(1) Public adjusters means the insurance adjusters who do not work for your insurance company. They work for you, the insured, to assist in the preparation, presentation, and settlement of your claim. You hire them by signing a contract and agreeing to pay them a fee or commission based on a percentage of the settlement, or other method of compensation. Public adjusters are required to be licensed, bonded, and tested by the State of California to represent your interest only.

(2) Company adjusters means the insurance adjusters who are employees of your insurance company. They represent your insurance company and are paid by your insurance company. They will not charge you a fee and are not individually licensed or tested by the State of California.

(3) Independent adjusters means the insurance adjusters who are hired on a contract basis by your insurance company to represent the company in the settlement of the claim. They are paid by your insurance company. They will not charge you a fee.

You have the right, but are not required, to use the services of a public adjuster in the preparation and handling of your insurance claim.

Public adjusters cannot solicit your business while the loss is underway, or between the hours of 6 p.m. and 8 a.m.

Your “Public Adjuster Contract,” with a public adjuster representing you, should clearly indicate the amount of the fee you will be paying to your public adjuster. Your contract, with this fee percentage, should be acknowledged by your initials on the “Public Adjuster Contract.” The salary, fee, commission, or other consideration is to be paid by you (the insured), not the insurance company (insurer).

You have the right to cancel the contract with your public adjuster, without any penalty or obligation, within three business days from the date the contract is signed.

If you cancel the contract with your public adjuster, any money or other consideration paid by you will be returned within five business days following the receipt of your cancellation notice, and any security interest arising out of the transaction will be canceled.

To cancel the contract with your public adjuster, mail or deliver by certified mail, return receipt requested, or other form of mailing which provides proof of mailing, a signed and dated copy of the cancellation

notice, or any other written notice, or send a telegram to the public adjuster at the address in the contract.

You have the right to, and may, communicate with your insurance company at any time if you feel the need during the claims process.

If you have any concerns or questions, the officers at the California Department of Insurance Consumer Hotline are there to help you. Please call them at 1-800-927-HELP (4357), or www.insurance.ca.gov.”

(w) No later than three business days after the cancellation has expired, the public adjuster shall notify the insurer, its adjuster, or its attorney, that he or she has entered into a written contract with the insured.

(x) If the licensee misrepresents or conceals a material fact from the insured prior to execution of the contract, the insured is entitled to rescind the contract without time limit.

SEC. 15. Section 15027.1 of the Insurance Code is amended to read:

15027.1. (a) Notwithstanding subdivision (e) of Section 15027, a licensee shall not solicit a contract of engagement for residential properties under this chapter until seven calendar days have elapsed after the occurrence of a disaster.

(b) Subdivision (a) shall not apply if the licensee is contacted directly by the insured or the insured’s representative.

(c) For the purposes of this section, “disaster” means a loss-producing event that damages or destroys more than 25 dwellings, or a “disaster” as that term is defined in subdivision (b) of Section 1689.14 of the Civil Code.

SEC. 16. Section 15027.5 is added to the Insurance Code, to read:

15027.5. Any person acting as a public adjuster who has executed a contract as described in Section 15027 is the agent of the insured. While acting under the authority of such a contract, a public adjuster may not receive any fees or other consideration, monetary or otherwise, from either the insured or any other source, in excess of the amount or percentage provided in the contract. Any compensation received by the public adjuster from any party or any other source connected to the claim adjustment, including any contractor, insurer, or vendor, shall be disclosed by the public adjuster to the insured. The insured may rescind the contract if the adjuster fails to make the required disclosure or if the public adjuster’s receipt of any compensation from a third party conflicts with the interests of the insured.

SEC. 17. Section 15028.7 is added to the Insurance Code, to read:

15028.7. (a) A public adjuster who receives, accepts, or holds any funds on behalf of an insured towards the settlement of a claim for loss or damage shall deposit the funds in a non-interest-bearing escrow or trust account in a financial institution that is insured by an agency of the

federal government in the adjuster's home state or the state where the loss occurred.

(b) All funds held in an escrow or trust account shall be the property of the insured and shall be held pursuant to a written contract signed by the insured and the public adjuster.

(c) A public adjuster who receives any fiduciary funds shall, within 15 business days of receipt, deposit the funds in the escrow account and provide a written statement to the insured showing the amount of funds received and deposited in escrow.

(d) A public adjuster who, after reasonable diligence, is unable to obtain the endorsements of all payees designated on any bank draft representing fiduciary funds, or who receives a written statement from the insured indicating that he or she does not wish to establish an escrow or trust account, shall be exempt from the requirements of subdivisions (a) to (c), inclusive.

(e) The endorsement by a payee designated on any bank draft representing fiduciary funds shall not be construed as a waiver of any potential right of the payee to dispute the public adjuster's entitlement to those funds or any portion thereof.

SEC. 18. Section 15033 of the Insurance Code is amended to read:

15033. No license shall be issued under this chapter unless the applicant files with the commissioner a surety bond executed by a surety company authorized to do business in the state in the sum of twenty thousand dollars (\$20,000) conditioned for the faithful and honest conduct of business by the applicant. The bond, as to its form, execution, and sufficiency of the surety shall be approved by the commissioner.

SEC. 19. Section 15036 of the Insurance Code is amended to read:

15036. In lieu of the surety bond required by this chapter there may be deposited with the State of California the sum of twenty thousand dollars (\$20,000) in cash, or evidence of deposit of the sum of twenty thousand dollars (\$20,000) in banks authorized to do business in this state and insured by the Federal Deposit Insurance Corporation, or investment certificates or share accounts in the amount of twenty thousand dollars (\$20,000) issued by a savings association doing business in this state and insured by the Federal Deposit Insurance Corporation, or evidence of a certificate of funds or share account of the sum of twenty thousand dollars (\$20,000) in a credit union as defined in Section 14000 of the Financial Code whose share deposits are guaranteed by the National Credit Union Administration or guaranteed by any other agency approved by the Department of Financial Institutions.

SEC. 20. Section 15039.5 is added to the Insurance Code, to read:

15039.5. The commissioner may, without hearing, suspend or revoke a license issued under this chapter if he or she determines that the licensee

has committed any act or crime constituting grounds for denial of license under Section 15018.5.

SEC. 21. Section 15040 of the Insurance Code is amended to read:

15040. The record or conviction, or a certified copy thereof, shall be conclusive evidence of the conviction as that term is used in this article or in Section 15018 or 15018.5.

A plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this article or of Section 15018 or 15018.5. The commissioner may order the license suspended or revoked, or may decline to issue a license, when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing that person to withdraw his or her plea of guilty and enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment.

SEC. 22. Section 15056 of the Insurance Code is amended to read:

15056. Except as otherwise provided in this article, an expired license or branch office certificate may be renewed at any time within one year after its expiration on the filing of an application for renewal on a form prescribed by the commissioner, and the payment of a renewal fee in effect on the last preceding regular renewal date. If the license or certificate is renewed more than 30 days after its expiration, the licensee, as a condition precedent to renewal, shall also pay the delinquency fee prescribed by this chapter. Renewal under this section shall be effective on the date on which the application is filed, on the date on which the renewal fee is paid, or on the date on which the delinquency fee, if any, is paid, whichever last occurs. If so renewed, the license or certificate shall continue in effect through the date provided in Section 15044 which next occurs after the effective date of the renewal, when it shall expire if it is not again renewed.

Renewal of a license or certificate shall not prohibit the bringing of disciplinary proceedings for an act committed before the effective date of the renewal.

SEC. 23. Section 15059 of the Insurance Code is amended to read:

15059. A license or branch office certificate which is not renewed within one year after its expiration may not be renewed, restored, reinstated, or reissued thereafter.

The holder of the license or certificate may obtain a new license or certificate only on compliance with all of the provisions of this chapter relating to the issuance of an original license or certificate.

SEC. 24. Section 3.5 of this bill incorporates amendments to Section 10089.82 of the Insurance Code proposed by both this bill and SB 2. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2006, (2) each bill amends Section 10089.82 of the Insurance Code, and (3) this bill is enacted after SB 2, in which case Section 3 of this bill shall not become operative.

The association shall not edit or redact any content from these communications, but may include a statement specifying that the candidate or member, and not the association, is responsible for that content.

(2) Ensure access to the common area meeting space, if any exists, during a campaign, at no cost, to all candidates, including those who are not incumbents, and to all members advocating a point of view, including those not endorsed by the board, for purposes reasonably related to the election.

The proxy holder shall cast the member's vote by secret ballot.

(e) Ballots and two preaddressed envelopes with instructions on how to return ballots shall be mailed by first-class mail or delivered by the association to every member not less than 30 days prior to the deadline for voting. In the event of a recount or other challenge to the election process, the association shall, upon written request, make the ballots available for inspection and review by association members or their authorized representatives. Any recount shall be conducted in a manner that shall preserve the confidentiality of the vote.

Upon a finding that the election procedures of this article, or the adoption of and adherence to rules provided by Article 4 (commencing with Section 1357.100) of Chapter 2, were not followed, a court may void any results of the election.

(b) A member who prevails in a civil action to enforce his or her rights pursuant to this article shall be entitled to reasonable attorney's fees and court costs, and the court may impose a civil penalty of up to five hundred dollars (\$500) for each violation, except that each identical violation shall be subject to only one penalty if the violation affects each member of the association equally. A prevailing association shall not recover any costs, unless the court finds the action to be frivolous, unreasonable, or without foundation.

(c) A cause of action under Section 1363.03 with respect to access to association resources by a candidate or member advocating a point of view, the receipt of a ballot by a member, or the counting, tabulation, or reporting of, or access to, ballots for inspection and review after tabulation may be brought in small claims court if the amount of the demand does not exceed the jurisdiction of that court.

CHAPTER 452

An act to amend Sections 1365.1 and 1367.1 of, to add Sections 1363.001, 1367.4, and 1367.5 to, and to repeal Section 1366.3 of, the Civil Code, and to amend Section 116.540 of, and to add Section 729.035 to, the Code of Civil Procedure, relating to common interest developments.

The people of the State of California do enact as follows:

SECTION 1. Section 1363.001 is added to the Civil Code, to read:

1363.001. To the extent existing funds are available, the Department of Consumer Affairs and the Department of Real Estate shall develop an on-line education course for the board of directors of an association regarding the role, duties, laws, and responsibilities of board members and prospective board members, and the nonjudicial foreclosure process.

SEC. 2. Section 1365.1 of the Civil Code is amended to read:

1365.1. (a) The association shall distribute the written notice described in subdivision (b) to each member of the association during the 60-day period immediately preceding the beginning of the association's fiscal year. The notice shall be printed in at least 12-point type. An association distributing the notice to an owner of an interest that is described in Section 11212 of the Business and Professions Code that is not otherwise exempt from this section pursuant to subdivision (a) of Section 11211.7, may delete from the notice described in subdivision (b) the portion regarding meetings and payment plans.

(b) The notice required by this section shall read as follows:

“NOTICE ASSESSMENTS AND FORECLOSURE

This notice outlines some of the rights and responsibilities of owners of property in common interest developments and the associations that manage them. Please refer to the sections of the Civil Code indicated for further information. A portion of the information in this notice applies only to liens recorded on or after January 1, 2003. You may wish to consult a lawyer if you dispute an assessment.

ASSESSMENTS AND FORECLOSURE

Assessments become delinquent 15 days after they are due, unless the governing documents provide for a longer time. The failure to pay association assessments may result in the loss of an owner's property through foreclosure. Foreclosure may occur either as a result of a court action, known as judicial foreclosure or without court action, often referred to as nonjudicial foreclosure. For liens recorded on and after January 1, 2006, an association may not use judicial or nonjudicial foreclosure to enforce that lien if the amount of the delinquent assessments or dues, exclusive of any accelerated assessments, late charges, fees, attorney's fees, interest, and costs of collection, is less than one thousand eight hundred dollars (\$1,800). For delinquent assessments or dues in excess of one thousand eight hundred dollars

(\$1,800) or more than 12 months delinquent, an association may use judicial or nonjudicial foreclosure subject to the conditions set forth in Section 1367.4 of the Civil Code. When using judicial or nonjudicial foreclosure, the association records a lien on the owner's property. The owner's property may be sold to satisfy the lien if the amounts secured by the lien are not paid. (Sections 1366, 1367.1, and 1367.4 of the Civil Code)

In a judicial or nonjudicial foreclosure, the association may recover assessments, reasonable costs of collection, reasonable attorney's fees, late charges, and interest. The association may not use nonjudicial foreclosure to collect fines or penalties, except for costs to repair common areas damaged by a member or a member's guests, if the governing documents provide for this. (Sections 1366 and 1367.1 of the Civil Code)

The association must comply with the requirements of Section 1367.1 of the Civil Code when collecting delinquent assessments. If the association fails to follow these requirements, it may not record a lien on the owner's property until it has satisfied those requirements. Any additional costs that result from satisfying the requirements are the responsibility of the association. (Section 1367.1 of the Civil Code)

At least 30 days prior to recording a lien on an owner's separate interest, the association must provide the owner of record with certain documents by certified mail, including a description of its collection and lien enforcement procedures and the method of calculating the amount. It must also provide an itemized statement of the charges owed by the owner. An owner has a right to review the association's records to verify the debt. (Section 1367.1 of the Civil Code)

If a lien is recorded against an owner's property in error, the person who recorded the lien is required to record a lien release within 21 days, and to provide an owner certain documents in this regard. (Section 1367.1 of the Civil Code)

The collection practices of the association may be governed by state and federal laws regarding fair debt collection. Penalties can be imposed for debt collection practices that violate these laws.

PAYMENTS

When an owner makes a payment, he or she may request a receipt, and the association is required to provide it. On the receipt, the association must indicate the date of payment and the person who received it. The association must inform owners of a mailing address for overnight payments. (Section 1367.1 of the Civil Code)

An owner may dispute an assessment debt by submitting a written request for dispute resolution to the association as set forth in Article 5

(commencing with Section 1368.810) of Chapter 4 of Title 6 of Division 2 of the Civil Code. In addition, an association may not initiate a foreclosure without participating in alternative dispute resolution with a neutral third party as set forth in Article 2 (commencing with Section 1369.510) of Chapter 7 of Title 6 of Division 2 of the Civil Code, if so requested by the owner. Binding arbitration shall not be available if the association intends to initiate a judicial foreclosure.

An owner is not liable for charges, interest, and costs of collection, if it is established that the assessment was paid properly on time. (Section 1367.1 of the Civil Code)

MEETINGS AND PAYMENT PLANS

An owner of a separate interest that is not a timeshare may request the association to consider a payment plan to satisfy a delinquent assessment. The association must inform owners of the standards for payment plans, if any exist. (Section 1367.1 of the Civil Code)

The board of directors must meet with an owner who makes a proper written request for a meeting to discuss a payment plan when the owner has received a notice of a delinquent assessment. These payment plans must conform with the payment plan standards of the association, if they exist. (Section 1367.1 of the Civil Code)”

(c) A member of an association may provide written notice by facsimile transmission or United States mail to the association of a secondary address. If a secondary address is provided, the association shall send any and all correspondence and legal notices required pursuant to this article to both the primary and the secondary address.

SEC. 3. Section 1366.3 of the Civil Code is repealed.

SEC. 4. Section 1367.1 of the Civil Code is amended to read:

1367.1. (a) A regular or special assessment and any late charges, reasonable fees and costs of collection, reasonable attorney’s fees, if any, and interest, if any, as determined in accordance with Section 1366, shall be a debt of the owner of the separate interest at the time the assessment or other sums are levied. At least 30 days prior to recording a lien upon the separate interest of the owner of record to collect a debt that is past due under this subdivision, the association shall notify the owner of record in writing by certified mail of the following:

(1) A general description of the collection and lien enforcement procedures of the association and the method of calculation of the amount, a statement that the owner of the separate interest has the right to inspect the association records, pursuant to Section 8333 of the Corporations Code, and the following statement in 14-point boldface type, if printed, or in capital letters, if typed: “IMPORTANT NOTICE:

IF YOUR SEPARATE INTEREST IS PLACED IN FORECLOSURE BECAUSE YOU ARE BEHIND IN YOUR ASSESSMENTS, IT MAY BE SOLD WITHOUT COURT ACTION.”

(2) An itemized statement of the charges owed by the owner, including items on the statement which indicate the amount of any delinquent assessments, the fees and reasonable costs of collection, reasonable attorney’s fees, any late charges, and interest, if any.

(3) A statement that the owner shall not be liable to pay the charges, interest, and costs of collection, if it is determined the assessment was paid on time to the association.

(4) The right to request a meeting with the board as provided by paragraph (3) of subdivision (c).

(5) The right to dispute the assessment debt by submitting a written request for dispute resolution to the association pursuant to the association’s “meet and confer” program required in Article 5 (commencing with Section 1363.810) of Chapter 4.

(6) The right to request alternative dispute resolution with a neutral third party pursuant to Article 2 (commencing with Section 1369.510) of Chapter 7 before the association may initiate foreclosure against the owner’s separate interest, except that binding arbitration shall not be available if the association intends to initiate a judicial foreclosure.

(b) Any payments made by the owner of a separate interest toward the debt set forth, as required in subdivision (a), shall first be applied to the assessments owed, and, only after the assessments owed are paid in full shall the payments be applied to the fees and costs of collection, attorney’s fees, late charges, or interest. When an owner makes a payment, the owner may request a receipt and the association shall provide it. The receipt shall indicate the date of payment and the person who received it. The association shall provide a mailing address for overnight payment of assessments.

(c) (1) (A) Prior to recording a lien for delinquent assessments, an association shall offer the owner and, if so requested by the owner, participate in dispute resolution pursuant to the association’s “meet and confer” program required in Article 5 (commencing with Section 1363.810) of Chapter 4.

(B) Prior to initiating a foreclosure for delinquent assessments, an association shall offer the owner and, if so requested by the owner, shall participate in dispute resolution pursuant to the association’s “meet and confer” program required in Article 5 (commencing with Section 1363.810) of Chapter 4 or alternative dispute resolution with a neutral third party pursuant to Article 2 (commencing with Section 1369.510) of Chapter 7. The decision to pursue dispute resolution or a particular type of alternative dispute resolution shall be the choice of the owner,

except that binding arbitration shall not be available if the association intends to initiate a judicial foreclosure.

(2) For liens recorded on or after January 1, 2006, the decision to record a lien for delinquent assessments shall be made only by the board of directors of the association and may not be delegated to an agent of the association. The board shall approve the decision by a majority vote of the board members in an open meeting. The board shall record the vote in the minutes of that meeting.

(3) An owner, other than an owner of any interest that is described in Section 11212 of the Business and Professions Code that is not otherwise exempt from this section pursuant to subdivision (a) of Section 11211.7, may submit a written request to meet with the board to discuss a payment plan for the debt noticed pursuant to subdivision (a). The association shall provide the owners the standards for payment plans, if any exist. The board shall meet with the owner in executive session within 45 days of the postmark of the request, if the request is mailed within 15 days of the date of the postmark of the notice, unless there is no regularly scheduled board meeting within that period, in which case the board may designate a committee of one or more members to meet with the owner. Payment plans may incorporate any assessments that accrue during the payment plan period. Payment plans shall not impede an association's ability to record a lien on the owner's separate interest to secure payment of delinquent assessments. Additional late fees shall not accrue during the payment plan period if the owner is in compliance with the terms of the payment plan. In the event of a default on any payment plan, the association may resume its efforts to collect the delinquent assessments from the time prior to entering into the payment plan.

(d) The amount of the assessment, plus any costs of collection, late charges, and interest assessed in accordance with Section 1366, shall be a lien on the owner's separate interest in the common interest development from and after the time the association causes to be recorded with the county recorder of the county in which the separate interest is located, a notice of delinquent assessment, which shall state the amount of the assessment and other sums imposed in accordance with Section 1366, a legal description of the owner's separate interest in the common interest development against which the assessment and other sums are levied, and the name of the record owner of the separate interest in the common interest development against which the lien is imposed. The itemized statement of the charges owed by the owner described in paragraph (2) of subdivision (a) shall be recorded together with the notice of delinquent assessment. In order for the lien to be enforced by nonjudicial foreclosure as provided in subdivision (g), the notice of

delinquent assessment shall state the name and address of the trustee authorized by the association to enforce the lien by sale. The notice of delinquent assessment shall be signed by the person designated in the declaration or by the association for that purpose, or if no one is designated, by the president of the association. A copy of the recorded notice of delinquent assessment shall be mailed by certified mail to every person whose name is shown as an owner of the separate interest in the association's records, and the notice shall be mailed no later than 10 calendar days after recordation. Within 21 days of the payment of the sums specified in the notice of delinquent assessment, the association shall record or cause to be recorded in the office of the county recorder in which the notice of delinquent assessment is recorded a lien release or notice of rescission and provide the owner of the separate interest a copy of the lien release or notice that the delinquent assessment has been satisfied. A monetary charge imposed by the association as a means of reimbursing the association for costs incurred by the association in the repair of damage to common areas and facilities for which the member or the member's guests or tenants were responsible may become a lien against the member's separate interest enforceable by the sale of the interest under Sections 2924, 2924b, and 2924c, provided the authority to impose a lien is set forth in the governing documents. It is the intent of the Legislature not to contravene Section 2792.26 of Title 10 of the California Code of Regulations, as that section appeared on January 1, 1996, for associations of subdivisions that are being sold under authority of a subdivision public report, pursuant to Part 2 (commencing with Section 11000) of Division 4 of the Business and Professions Code.

(e) Except as indicated in subdivision (d), a monetary penalty imposed by the association as a disciplinary measure for failure of a member to comply with the governing instruments, except for the late payments, may not be characterized nor treated in the governing instruments as an assessment that may become a lien against the member's subdivision separate interest enforceable by the sale of the interest under Sections 2924, 2924b, and 2924c.

(f) A lien created pursuant to subdivision (d) shall be prior to all other liens recorded subsequent to the notice of assessment, except that the declaration may provide for the subordination thereof to any other liens and encumbrances.

(g) An association may not voluntarily assign or pledge the association's right to collect payments or assessments, or to enforce or foreclose a lien to a third party, except when the assignment or pledge is made to a financial institution or lender chartered or licensed under federal or state law, when acting within the scope of that charter or license, as security for a loan obtained by the association; however, the

foregoing provision may not restrict the right or ability of an association to assign any unpaid obligations of a former member to a third party for purposes of collection. Subject to the limitations of this subdivision, after the expiration of 30 days following the recording of a lien created pursuant to subdivision (d), the lien may be enforced in any manner permitted by law, including sale by the court, sale by the trustee designated in the notice of delinquent assessment, or sale by a trustee substituted pursuant to Section 2934a. Any sale by the trustee shall be conducted in accordance with Sections 2924, 2924b, and 2924c applicable to the exercise of powers of sale in mortgages and deeds of trust. The fees of a trustee may not exceed the amounts prescribed in Sections 2924c and 2924d.

(h) Nothing in this section or in subdivision (a) of Section 726 of the Code of Civil Procedure prohibits actions against the owner of a separate interest to recover sums for which a lien is created pursuant to this section or prohibits an association from taking a deed in lieu of foreclosure.

(i) If it is determined that a lien previously recorded against the separate interest was recorded in error, the party who recorded the lien shall, within 21 calendar days, record or cause to be recorded in the office of the county recorder in which the notice of delinquent assessment is recorded a lien release or notice of rescission and provide the owner of the separate interest with a declaration that the lien filing or recording was in error and a copy of the lien release or notice of rescission.

(j) In addition to the requirements of Section 2924, a notice of default shall be served by the association on the owner's legal representative in accordance with the manner of service of summons in Article 3 (commencing with Section 415.10) of Chapter 4 of Title 5 of Part 2 of the Code of Civil Procedure.

(k) Upon receipt of a written request by an owner identifying a secondary address for purposes of collection notices, the association shall send additional copies of any notices required by this section to the secondary address provided. The association shall notify owners of their right to submit secondary addresses to the association, at the time the association issues the pro forma operating budget pursuant to Section 1365. The owner's request shall be in writing and shall be mailed to the association in a manner that shall indicate the association has received it. The owner may identify or change a secondary address at any time, provided that, if a secondary address is identified or changed during the collection process, the association shall only be required to send notices to the indicated secondary address from the point the association receives the request.

(l) (1) An association that fails to comply with the procedures set forth in this section shall, prior to recording a lien, recommence the required notice process.

(2) Any costs associated with recommencing the notice process shall be borne by the association and not by the owner of a separate interest.

(m) This section only applies to liens recorded on or after January 1, 2003.

(n) This section is subordinate to, and shall be interpreted in conformity with, Section 1367.4.

SEC. 5. Section 1367.4 is added to the Civil Code, to read:

1367.4. (a) Notwithstanding any law or any provisions of the governing documents to the contrary, this section shall apply to debts for assessments that arise on and after January 1, 2006.

(b) An association that seeks to collect delinquent regular or special assessments of an amount less than one thousand eight hundred dollars (\$1,800), not including any accelerated assessments, late charges, fees and costs of collection, attorney's fees, or interest, may not collect that debt through judicial or nonjudicial foreclosure, but may attempt to collect or secure that debt in any of the following ways:

(1) By a civil action in small claims court, pursuant to Chapter 5.5 (commencing with Section 116.110) of Title 1 of the Code of Civil Procedure. An association that chooses to proceed by an action in small claims court, and prevails, may enforce the judgment as permitted under Article 8 (commencing with Section 116.810) of Title 1 of the Code of Civil Procedure. The amount that may be recovered in small claims court to collect upon a debt for delinquent assessments may not exceed the jurisdictional limits of the small claims court and shall be the sum of the following:

(A) The amount owed as of the date of filing the complaint in the small claims court proceeding.

(B) In the discretion of the court, an additional amount to that described in subparagraph (A) equal to the amount owed for the period from the date the complaint is filed until satisfaction of the judgment, which total amount may include accruing unpaid assessments and any reasonable late charges, fees and costs of collection, attorney's fees, and interest, up to the jurisdictional limits of the small claims court.

(2) By recording a lien on the owner's separate interest upon which the association may not foreclose until the amount of the delinquent assessments secured by the lien, exclusive of any accelerated assessments, late charges, fees and costs of collection, attorney's fees, or interest, equals or exceeds one thousand eight hundred dollars (\$1,800) or the assessments are more than 12 months delinquent. An association that chooses to record a lien under these provisions, prior to recording the

lien, shall offer the owner and, if so requested by the owner, participate in dispute resolution as set forth in Article 5 (commencing with Section 1368.810) of Chapter 4.

(3) Any other manner provided by law, except for judicial or nonjudicial foreclosure.

(c) An association that seeks to collect delinquent regular or special assessments of an amount of one thousand eight hundred dollars (\$1,800) or more, not including any accelerated assessments, late charges, fees and costs of collection, attorney's fees, or interest, or any assessments that are more than 12 months delinquent, may use judicial or nonjudicial foreclosure subject to the following conditions:

(1) Prior to initiating a foreclosure on an owner's separate interest, the association shall offer the owner and, if so requested by the owner, participate in dispute resolution pursuant to the association's "meet and confer" program required in Article 5 (commencing with Section 1363.810) of Chapter 4 or alternative dispute resolution as set forth in Article 2 (commencing with Section 1369.510) of Chapter 7. The decision to pursue dispute resolution or a particular type of alternative dispute resolution shall be the choice of the owner, except that binding arbitration shall not be available if the association intends to initiate a judicial foreclosure.

(2) The decision to initiate foreclosure of a lien for delinquent assessments that has been validly recorded shall be made only by the board of directors of the association and may not be delegated to an agent of the association. The board shall approve the decision by a majority vote of the board members in an executive session. The board shall record the vote in the minutes of the next meeting of the board open to all members. The board shall maintain the confidentiality of the owner or owners of the separate interest by identifying the matter in the minutes by the parcel number of the property, rather than the name of the owner or owners. A board vote to approve foreclosure of a lien shall take place at least 30 days prior to any public sale.

(3) The board shall provide notice by personal service to an owner of a separate interest who occupies the separate interest or to the owner's legal representative, if the board votes to foreclose upon the separate interest. The board shall provide written notice to an owner of a separate interest who does not occupy the separate interest by first-class mail, postage prepaid, at the most current address shown on the books of the association. In the absence of written notification by the owner to the association, the address of the owner's separate interest may be treated as the owner's mailing address.

(4) A nonjudicial foreclosure by an association to collect upon a debt for delinquent assessments shall be subject to a right of redemption. The

redemption period within which the separate interest may be redeemed from a foreclosure sale under this paragraph ends 90 days after the sale.

(d) The limitation on foreclosure of assessment liens for amounts under the stated minimum in this section does not apply to assessments owed by owners of separate interests in timeshare estates, as defined in subdivision (x) of Section 11112 of the Business and Professions Code, or to assessments owed by developers.

SEC. 6. Section 1367.5 is added to the Civil Code, to read:

1367.5. (2) The representative is a regular employee of the party for purposes other than solely representing the party in small claims actions and is

qualified to testify to the identity and mode of preparation of the business record.

The defendant may file a claim in the same action in an amount not to exceed the jurisdictional limits stated in Sections 116.220 and 116.231.

(f) A party incarcerated in a county jail, a Department of Corrections facility, or a Youth Authority facility is not required to personally appear, and may submit declarations to serve as evidence supporting his or her claim, or may authorize another individual to appear and participate on his or her behalf if that individual is serving without compensation and has appeared in small claims actions on behalf of others no more than four times during the calendar year.

(i) A party that is an association created to manage a common interest development, as defined in Section 1351 of the Civil Code, may appear and participate in a small claims action through an agent, a management company representative, or bookkeeper who appears on behalf of that association.

(j) At the hearing of a small claims action, the court shall require any individual who is appearing as a representative of a party under subdivisions (b) to (i), inclusive, to file a declaration stating (1) that the individual is authorized to appear for the party, and (2) the basis for that

CHAPTER 453

An act to amend Section 2881 of the Public Utilities Code, relating to telecommunications.

[Approved by Governor October 3, 2005. Filed with
Secretary of State October 3, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 2881 of the Public Utilities Code is amended to read:

2881. (a) The commission shall design and implement a program to provide a telecommunications device capable of serving the needs of individuals who are deaf or hearing impaired, together with a single party line, at no charge additional to the basic exchange rate, to any

subscriber who is certified as an individual who is deaf or hearing impaired by a licensed physician and surgeon, audiologist, or a qualified state or federal agency, as determined by the commission, and to any subscriber that is an organization representing individuals who are deaf or hearing impaired, as determined and specified by the commission pursuant to subdivision (e). A licensed hearing aid dispenser may certify the need of an individual to participate in the program if that individual has been previously fitted with an amplified device by the dispenser and the dispenser has the individual's hearing records on file prior to certification.

(b) The commission shall also design and implement a program to provide a dual-party relay system, using third-party intervention to connect individuals who are deaf or hearing impaired and offices of organizations representing individuals who are deaf or hearing impaired, as determined and specified by the commission pursuant to subdivision (e), with persons of normal hearing by way of intercommunications devices for individuals who are deaf or hearing impaired and the telephone system, making available reasonable access of all phases of public telephone service to telephone subscribers who are deaf or hearing impaired. In order to make a dual-party relay system that will meet the requirements of individuals who are deaf or hearing impaired available at a reasonable cost, the commission shall initiate an investigation, conduct public hearings to determine the most cost-effective method of providing dual-party relay service to the deaf or hearing impaired when using a telecommunications device, and solicit the advice, counsel, and physical assistance of statewide nonprofit consumer organizations of the deaf, during the development and implementation of the system. The commission shall phase in this program, on a geographical basis, over a three-year period ending on January 1, 1987. The commission shall apply for certification of this program under rules adopted by the Federal Communications Commission pursuant to Section 401 of the federal Americans with Disabilities Act of 1990 (Public Law 101-336).

(c) The commission shall also design and implement a program whereby specialized or supplemental telephone communications equipment may be provided to subscribers who are certified to be disabled at no charge additional to the basic exchange rate. The certification, including a statement of visual or medical need for specialized telecommunications equipment, shall be provided by a licensed optometrist or physician and surgeon, acting within the scope of practice of his or her license, or by a qualified state or federal agency as determined by the commission. The commission shall, in this connection, study the feasibility of, and implement, if determined to be

feasible, personal income criteria, in addition to the certification of disability, for determining a subscriber's eligibility under this subdivision.

(d) The commission shall establish a rate recovery mechanism through a surcharge not to exceed one-half of 1 percent uniformly applied to a subscriber's intrastate telephone service, other than one-way radio paging service and universal telephone service, both within a service area and between service areas, to allow providers of the equipment and service specified in subdivisions (a), (b), and (c), to recover costs as they are incurred under this section. The surcharge shall be in effect until January 1, 2010. The commission shall require that the programs implemented under this section be identified on subscribers' bills, and shall establish a fund and require separate accounting for each of the programs implemented under this section.

(e) The commission shall determine and specify those statewide organizations representing the deaf or hearing impaired that shall receive a telecommunications device pursuant to subdivision (a) or a dual-party relay system pursuant to subdivision (b), or both, and in which offices the equipment shall be installed in the case of an organization having more than one office.

(f) The commission may direct any telephone corporation subject to its jurisdiction to comply with its determinations and specifications pursuant to this section.

(g) The commission shall annually review the surcharge level and the balances in the funds established pursuant to subdivision (d). Until January 1, 2010, the commission shall be authorized to make, within the limits set by subdivision (d), any necessary adjustments to the surcharge to ensure that the programs supported thereby are adequately funded and that the fund balances are not excessive. A fund balance which is projected to exceed six months' worth of projected expenses at the end of the fiscal year is excessive.

(h) The commission shall prepare and submit to the Legislature, on or before December 31, 1988, and annually thereafter, a report on the fiscal status of the programs established and funded pursuant to this section and Sections 2881.1 and 2881.2. The report shall include a statement of the surcharge level established pursuant to subdivision (d) and revenues produced by the surcharge, an accounting of program expenses, and an evaluation of options for controlling those expenses and increasing program efficiency, including, but not limited to, all of the following proposals:

(1) The establishment of a means test for persons to qualify for program equipment or free or reduced charges for the use of telecommunication services.

(2) If and to the extent not prohibited under Section 401 of the federal Americans with Disabilities Act of 1990 (Public Law 101-336), the imposition of limits or other restrictions on maximum usage levels for the relay service, which shall include the development of a program to provide basic communications requirements to all relay users at discounted rates, including discounted toll-call rates, and, for usage in excess of those basic requirements, at rates which recover the full costs of service.

(3) More efficient means for obtaining and distributing equipment to qualified subscribers.

(4) The establishment of quality standards for increasing the efficiency of the relay system.

(i) In order to continue to meet the access needs of individuals with functional limitations of hearing, vision, movement, manipulation, speech and interpretation of information, the commission shall perform ongoing assessment of, and if appropriate, expand the scope of the program to allow for additional access capability consistent with evolving telecommunications technology.

(j) The commission shall structure the programs required by this section so that any charge imposed to promote the goals of universal service reasonably equals the value of the benefits of universal service to contributing entities and their subscribers.

CHAPTER 454

An act to amend Sections 1771.7 and 1788 of the Health and Safety Code, relating to continuing care retirement communities.

[Approved by Governor October 3, 2005. Filed with
Secretary of State October 3, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1771.7 of the Health and Safety Code is amended to read:

1771.7. (a) No resident of a continuing care retirement community shall be deprived of any civil or legal right, benefit, or privilege guaranteed by law, by the California Constitution, or by the United States Constitution solely by reason of status as a resident of a community. In addition, because of the discretely different character of residential living unit programs that are a part of continuing care retirement communities, this section shall augment Chapter 3.9 (commencing with Section 1599),

Sections 73523 and 87572 of Title 22 of the California Code of Regulations, and other applicable state and federal law and regulations.

(b) A prospective resident shall have the right to visit each of the different care levels and to inspect assisted living and skilled nursing home licensing reports including, but not limited to, the most recent inspection reports and findings of complaint investigations covering a period of no less than two years, prior to signing a continuing care contract.

(c) All residents in residential living units shall have all of the following rights:

(1) To live in an attractive, safe, and well maintained physical environment.

(2) To live in an environment that enhances personal dignity, maintains independence, and encourages self-determination.

(3) To participate in activities that meet individual physical, intellectual, social, and spiritual needs.

(4) To expect effective channels of communication between residents and staff, and between residents and the administration or provider's governing body.

(5) To receive a clear and complete written contract that establishes the mutual rights and obligations of the resident and the continuing care retirement community.

(6) To manage his or her financial affairs.

(7) To be assured that all donations, contributions, gifts, or purchases of provider-sponsored financial products shall be voluntary, and may not be a condition of acceptance or of ongoing eligibility for services.

(8) To maintain and establish ties to the local community.

(9) To organize and participate freely in the operation of independent resident organizations and associations.

(d) A continuing care retirement community shall maintain an environment that enhances the residents' self-determination and independence. The provider shall do both of the following:

(1) Encourage the formation of a resident association by interested residents who may elect a governing body. The provider shall provide space and post notices for meetings, and provide assistance in attending meetings for those residents who request it. In order to promote a free exchange of ideas, at least part of each meeting shall be conducted without the presence of any continuing care retirement community personnel. The association may, among other things, make recommendations to management regarding resident issues that impact the residents' quality of life, quality of care, exercise of rights, safety and quality of the physical environment, concerns about the contract, fiscal matters, or other issues of concern to residents. The management

shall respond, in writing, to a written request or concern of the resident association within 20 working days of receiving the written request or concern. Meetings shall be open to all residents to attend as well as to present issues. Executive sessions of the governing body shall be attended only by the governing body.

(2) Establish policies and procedures that promote the sharing of information, dialogue between residents and management, and access to the provider's governing body. The provider shall biennially conduct a resident satisfaction survey that shall be made available to the resident association or its governing body, or, if neither exists, to a committee of residents at least 14 days prior to the next semiannual meeting of residents and the governing board of the provider required by subdivision (c) of Section 1771.8. A copy of the survey shall be posted in a conspicuous location at each facility.

(e) In addition to any statutory or regulatory bill of rights required to be provided to residents of residential care facilities for the elderly or skilled nursing facilities, the provider shall provide a copy of the bill of rights prescribed by this section to each resident at the time or before the resident signs a continuing care contract, and at any time when the resident is proposed to be moved to a different level of care.

(f) Each continuing care retirement community shall prominently post in areas accessible to the residents and visitors a notice that a copy of rights applicable to residents pursuant to this section and any governing regulation issued by the Continuing Care Contracts Branch of the State Department of Social Services is available upon request from the provider. The notice shall also state that the residents have a right to file a complaint with the Continuing Care Contracts Branch for any violation of those rights and shall contain information explaining how a complaint may be filed, including the telephone number and address of the Continuing Care Contracts Branch.

(g) The resident has the right to freely exercise all rights pursuant to this section, in addition to political rights, without retaliation by the provider.

(h) The department may, upon receiving a complaint of a violation of this section, request a copy of the policies and procedures along with documentation on the conduct and findings of any self-evaluations and consult with the Continuing Care Advisory Committee for determination of compliance.

(i) Failure to comply with this section shall be grounds for the imposition of conditions on, suspension of, or revocation of the provisional certificate of authority or certificate of authority pursuant to Section 1793.21.

(j) Failure to comply with this section constitutes a violation of residents' rights. Pursuant to Section 1569.49 of the Health and Safety Code, the department shall impose and collect a civil penalty of not more than one hundred fifty dollars (\$150) per violation upon a continuing care retirement community that violates a right guaranteed by this section.

SEC. 2. Section 1788 of the Health and Safety Code is amended to read:

1788. (a) A continuing care contract shall contain all of the following:

- (1) The legal name and address of each provider.
- (2) The name and address of the continuing care retirement community.
- (3) The resident's name and the identity of the unit the resident will occupy.
- (4) If there is a transferor other than the resident, the transferor shall be a party to the contract and the transferor's name and address shall be specified.
- (5) If the provider has used the name of any charitable or religious or nonprofit organization in its title before January 1, 1979, and continues to use that name, and that organization is not responsible for the financial and contractual obligations of the provider or the obligations specified in the continuing care contract, the provider shall include in every continuing care contract a conspicuous statement which clearly informs the resident that the organization is not financially responsible.
- (6) The date the continuing care contract is signed by the resident and, where applicable, any other transferor.
- (7) The duration of the continuing care contract.
- (8) A list of the services that will be made available to the resident as required to provide the appropriate level of care. The list of services shall include the services required as a condition for licensure as a residential care facility for the elderly, including all of the following:
 - (A) Regular observation of the resident's health status to ensure that his or her dietary needs, social needs, and needs for special services are satisfied.
 - (B) Safe and healthful living accommodations, including housekeeping services and utilities.
 - (C) Maintenance of house rules for the protection of residents.
 - (D) A planned activities program, which includes social and recreational activities appropriate to the interests and capabilities of the resident.
 - (E) Three balanced, nutritious meals and snacks made available daily, including special diets prescribed by a physician as a medical necessity.
 - (F) Assisted living services.

(G) Assistance with taking medications.

(H) Central storing and distribution of medications.

(I) Arrangements to meet health needs, including arranging transportation.

(9) An itemization of the services that are included in the monthly fee and the services that are available at an extra charge. The provider shall attach a current fee schedule to the continuing care contract.

(10) The procedures and conditions under which a resident may be voluntarily and involuntarily transferred from a designated living unit. The transfer procedures, at a minimum, shall include provisions addressing all of the following circumstances under which a transfer may be authorized:

(A) A continuing care retirement community shall transfer a resident under the following conditions, taking into consideration the appropriateness and necessity of the transfer and the goal of promoting resident independence:

(i) The resident is nonambulatory. The definition of “nonambulatory,” as provided in Section 13131, shall either be stated in full in the continuing care contract or be cited. If Section 13131 is cited, a copy of the statute shall be made available to the resident, either as an attachment to the continuing care contract or by specifying that it will be provided upon request. If a nonambulatory resident occupies a room that has a fire clearance for nonambulatory residence, transfer shall not be necessary.

(ii) The resident develops a physical or mental condition that endangers the health, safety, or well-being of the resident or another person.

(iii) The resident’s condition or needs require the resident’s transfer to an assisted living care unit or skilled nursing facility, because the level of care required by the resident exceeds that which may be lawfully provided in the living unit.

(iv) The resident’s condition or needs require the resident’s transfer to a nursing facility, hospital, or other facility, and the provider has no facilities available to provide that level of care.

(B) Before the continuing care retirement community transfers a resident under any of the conditions set forth in subparagraph (A), the community shall satisfy all of the following requirements:

(i) Involve the resident and the resident’s responsible person, as defined in paragraph (6) of subdivision (r) of Section 87101 of Title 22 of the California Code of Regulations, and upon the resident’s or responsible person’s request, family members, or the resident’s physician or other appropriate health professional, in the assessment process that forms the basis for the level of care transfer decision by the provider.

The provider shall offer an explanation of the assessment process. If an assessment tool or tools, including scoring and evaluating criteria, are used in the determination of the appropriateness of the transfer, the provider shall make copies of the completed assessment available upon the request of the resident or the resident's responsible person.

(ii) Prior to sending a formal notification of transfer, the provider shall conduct a care conference with the resident and the resident's responsible person, and upon the resident's or responsible person's request, family members, and the resident's health care professionals, to explain the reasons for transfer.

(iii) Notify the resident and the resident's responsible person the reasons for the transfer in writing.

(iv) Notwithstanding any other provision of this subparagraph, if the resident does not have impairment of cognitive abilities, the resident may request that his or her responsible person not be involved in the transfer process.

(v) The notice of transfer shall be made at least 30 days before the transfer is expected to occur, except when the health or safety of the resident or other residents is in danger, or the transfer is required by the resident's urgent medical needs. Under those circumstances, the written notice shall be made as soon as practicable before the transfer.

(vi) The written notice shall contain the reasons for the transfer, the effective date, the designated level of care or location to which the resident will be transferred, a statement of the resident's right to a review of the transfer decision at a care conference, as provided for in subparagraph (C), and for disputed transfer decisions, the right to review by the Continuing Care Contracts Branch of the State Department of Social Services, as provided for in subparagraph (D). The notice shall also contain the name, address, and telephone number of the department's Continuing Care Contracts Branch.

(vii) The continuing care community shall provide sufficient preparation and orientation to the resident to ensure a safe and orderly transfer and to minimize trauma.

(C) The resident has the right to review the transfer decision at a subsequent care conference that shall include the resident, the resident's responsible person, and upon the resident's or responsible person's request, family members, the resident's physician or other appropriate health care professional, and members of the provider's interdisciplinary team. The local ombudsperson may also be included in the care conference, upon the request of the resident, the resident's responsible person, or the provider.

(D) For disputed transfer decisions, the resident or the resident's responsible person has the right to a prompt and timely review of the

transfer process by the Continuing Care Contracts Branch of the State Department of Social Services.

(E) The decision of the department's Continuing Care Contracts Branch shall be in writing and shall determine whether the provider failed to comply with the transfer process pursuant to subparagraphs (A) to (C), inclusive. Pending the decision of the Continuing Care Contracts Branch, the provider shall specify any additional care the provider believes is necessary in order for the resident to remain in his or her unit. The resident may be required to pay for the extra care, as provided in the contract.

(F) Transfer of a second resident when a shared accommodation arrangement is terminated.

(11) Provisions describing any changes in the resident's monthly fee and any changes in the entrance fee refund payable to the resident that will occur if the resident transfers from any unit.

(12) The provider's continuing obligations if any, in the event a resident is transferred from the continuing care retirement community to another facility.

(13) The provider's obligations, if any, to resume care upon the resident's return after a transfer from the continuing care retirement community.

(14) The provider's obligations to provide services to the resident while the resident is absent from the continuing care retirement community.

(15) The conditions under which the resident must permanently release his or her living unit.

(16) If real or personal properties are transferred in lieu of cash, a statement specifying each item's value at the time of transfer, and how the value was ascertained.

(A) An itemized receipt which includes the information described above is acceptable if incorporated as a part of the continuing care contract.

(B) When real property is or will be transferred, the continuing care contract shall include a statement that the deed or other instrument of conveyance shall specify that the real property is conveyed pursuant to a continuing care contract and may be subject to rescission by the transferor within 90 days from the date that the resident first occupies the residential unit.

(C) The failure to comply with paragraph (16) shall not affect the validity of title to real property transferred pursuant to this chapter.

(17) The amount of the entrance fee.

(18) In the event two parties have jointly paid the entrance fee or other payment which allows them to occupy the unit, the continuing care contract shall describe how any refund of entrance fees is allocated.

(19) The amount of any processing fee.

(20) The amount of any monthly care fee.

(21) For continuing care contracts that require a monthly care fee or other periodic payment, the continuing care contract shall include the following:

(A) A statement that the occupancy and use of the accommodations by the resident is contingent upon the regular payment of the fee.

(B) The regular rate of payment agreed upon (per day, week, or month).

(C) A provision specifying whether payment will be made in advance or after services have been provided.

(D) A provision specifying the provider will adjust monthly care fees for the resident's support, maintenance, board, or lodging, when a resident requires medical attention while away from the continuing care retirement community.

(E) A provision specifying whether a credit or allowance will be given to a resident who is absent from the continuing care retirement community or from meals. This provision shall also state, when applicable, that the credit may be permitted at the discretion or by special permission of the provider.

(F) A statement of billing practices, procedures, and timelines. A provider shall allow a minimum of 14 days between the date a bill is sent and the date payment is due. A charge for a late payment may only be assessed if the amount and any condition for the penalty is stated on the bill.

(22) All continuing care contracts that include monthly care fees shall address changes in monthly care fees by including either of the following provisions:

(A) For prepaid continuing care contracts, which include monthly care fees, one of the following methods:

(i) Fees shall not be subject to change during the lifetime of the agreement.

(ii) Fees shall not be increased by more than a specified number of dollars in any one year and not more than a specified number of dollars during the lifetime of the agreement.

(iii) Fees shall not be increased in excess of a specified percentage over the preceding year and not more than a specified percentage during the lifetime of the agreement.

(B) For monthly fee continuing care contracts, except prepaid contracts, changes in monthly care fees shall be based on projected costs, prior year per capita costs, and economic indicators.

(23) A provision requiring that the provider give written notice to the resident at least 30 days in advance of any change in the resident's monthly care fees or in the price or scope of any component of care or other services.

(24) A provision indicating whether the resident's rights under the continuing care contract include any proprietary interests in the assets of the provider or in the continuing care retirement community, or both.

(25) If the continuing care retirement community property is encumbered by a security interest that is senior to any claims the residents may have to enforce continuing care contracts, a provision shall advise the residents that any claims they may have under the continuing care contract are subordinate to the rights of the secured lender. For equity projects, the continuing care contract shall specify the type and extent of the equity interest and whether any entity holds a security interest.

(26) Notice that the living units are part of a continuing care retirement community that is licensed as a residential care facility for the elderly and, as a result, any duly authorized agent of the department may, upon proper identification and upon stating the purpose of his or her visit, enter and inspect the entire premises at any time, without advance notice.

(27) A conspicuous statement, in at least 10-point boldface type in immediate proximity to the space reserved for the signatures of the resident and, if applicable, the transferor, that provides as follows: "You, the resident or transferor, may cancel the transaction without cause at any time within 90 days from the date you first occupy your living unit. See the attached notice of cancellation form for an explanation of this right."

(28) Notice that during the cancellation period, the continuing care contract may be canceled upon 30 days' written notice by the provider without cause, or that the provider waives this right.

(29) The terms and conditions under which the continuing care contract may be terminated after the cancellation period by either party, including any health or financial conditions.

(30) A statement that, after the cancellation period, a provider may unilaterally terminate the continuing care contract only if the provider has good and sufficient cause.

(A) Any continuing care contract containing a clause that provides for a continuing care contract to be terminated for "just cause," "good cause," or other similar provision, shall also include a provision that none of the following activities by the resident, or on behalf of the

resident, constitutes “just cause,” “good cause,” or otherwise activates the termination provision:

(i) Filing or lodging a formal complaint with the department or other appropriate authority.

(ii) Participation in an organization or affiliation of residents, or other similar lawful activity.

(B) The provision required by this paragraph shall also state that the provider shall not discriminate or retaliate in any manner against any resident of a continuing care retirement community for contacting the department, or any other state, county, or city agency, or any elected or appointed government official to file a complaint or for any other reason, or for participation in a residents’ organization or association.

(C) Nothing in this paragraph diminishes the provider’s ability to terminate the continuing care contract for good and sufficient cause.

(31) A statement that at least 90 days’ written notice to the resident is required for a unilateral termination of the continuing care contract by the provider.

(32) A statement concerning the length of notice that a resident is required to give the provider to voluntarily terminate the continuing care contract after the cancellation period.

(33) The policy or terms for refunding any portion of the entrance fee, in the event of cancellation, termination, or death. Every continuing care contract that provides for a refund of all or a part of the entrance fee shall also do all of the following:

(A) Specify the amount, if any, the resident has paid or will pay for upgrades, special features, or modifications to the resident’s unit.

(B) State that if the continuing care contract is cancelled or terminated by the provider, the provider shall do both of the following:

(i) Amortize the specified amount at the same rate as the resident’s entrance fee.

(ii) Refund the unamortized balance to the resident at the same time the provider pays the resident’s entrance fee refund.

(34) The following notice at the bottom of the signatory page:

“NOTICE”

(date)

This is a continuing care contract as defined by paragraph (8) of subdivision (c), or subdivision (l) of Section 1771 of the California Health and Safety Code. This continuing care contract form has been approved by the State Department of Social Services as required by subdivision (b) of Section 1787 of the California Health and Safety Code. The basis for this approval was a determination that (provider name) has submitted a contract that complies with the minimum statutory

requirements applicable to continuing care contracts. The department does not approve or disapprove any of the financial or health care coverage provisions in this contract. Approval by the department is NOT a guaranty of performance or an endorsement of any continuing care contract provisions. Prospective transferors and residents are strongly encouraged to carefully consider the benefits and risks of this continuing care contract and to seek financial and legal advice before signing.

(35) The provider may not attempt to absolve itself in the continuing care contract from liability for its negligence by any statement to that effect, and shall include the following statement in the contract: "Nothing in this continuing care contract limits either the provider's obligation to provide adequate care and supervision for the resident or any liability on the part of the provider which may result from the provider's failure to provide this care and supervision."

(b) A life care contract shall also provide that:

(1) All levels of care, including acute care and physicians' and surgeons' services will be provided to a resident.

(2) Care will be provided for the duration of the resident's life unless the life care contract is canceled or terminated by the provider during the cancellation period or after the cancellation period for good cause.

(3) A comprehensive continuum of care will be provided to the resident, including skilled nursing, in a facility under the ownership and supervision of the provider on, or adjacent to, the continuing care retirement community premises.

(4) Monthly care fees will not be changed based on the resident's level of care or service.

(5) A resident who becomes financially unable to pay his or her monthly care fees shall be subsidized provided the resident's financial need does not arise from action by the resident to divest the resident of his or her assets.

(c) Continuing care contracts may include provisions that do any of the following:

(1) Subsidize a resident who becomes financially unable to pay for his or her monthly care fees at some future date. If a continuing care contract provides for subsidizing a resident, it may also provide for any of the following:

(A) The resident shall apply for any public assistance or other aid for which he or she is eligible and that the provider may apply for assistance on behalf of the resident.

(B) The provider's decision shall be final and conclusive regarding any adjustments to be made or any action to be taken regarding any charitable consideration extended to any of its residents.

(C) The provider is entitled to payment for the actual costs of care out of any property acquired by the resident subsequent to any adjustment extended to the resident under paragraph (1), or from any other property of the resident which the resident failed to disclose.

(D) The provider may pay the monthly premium of the resident's health insurance coverage under Medicare to ensure that those payments will be made.

(E) The provider may receive an assignment from the resident of the right to apply for and to receive the benefits, for and on behalf of the resident.

(F) The provider is not responsible for the costs of furnishing the resident with any services, supplies, and medication, when reimbursement is reasonably available from any governmental agency, or any private insurance.

(G) Any refund due to the resident at the termination of the continuing care contract may be offset by any prior subsidy to the resident by the provider.

(2) Limit responsibility for costs associated with the treatment or medication of an ailment or illness existing prior to the date of admission. In these cases, the medical or surgical exceptions, as disclosed by the medical entrance examination, shall be listed in the continuing care contract or in a medical report attached to and made a part of the continuing care contract.

(3) Identify legal remedies which may be available to the provider if the resident makes any material misrepresentation or omission pertaining to the resident's assets or health.

(4) Restrict transfer or assignments of the resident's rights and privileges under a continuing care contract due to the personal nature of the continuing care contract.

(5) Protect the provider's ability to waive a resident's breach of the terms or provisions of the continuing care contract in specific instances without relinquishing its right to insist upon full compliance by the resident with all terms or provisions in the contract.

(6) Provide that the resident shall reimburse the provider for any uninsured loss or damage to the resident's unit, beyond normal wear and tear, resulting from the resident's carelessness or negligence.

(7) Provide that the resident agrees to observe the off-limit areas of the continuing care retirement community designated by the provider for safety reasons. The provider may not include any provision in a continuing care contract that absolves the provider from liability for its negligence.

(8) Provide for the subrogation to the provider of the resident's rights in the case of injury to a resident caused by the acts or omissions of a

third party, or for the assignment of the resident's recovery or benefits in this case to the provider, to the extent of the value of the goods and services furnished by the provider to or on behalf of the resident as a result of the injury.

(9) Provide for a lien on any judgment, settlement, or recovery for any additional expense incurred by the provider in caring for the resident as a result of injury.

(10) Require the resident's cooperation and assistance in the diligent prosecution of any claim or action against any third party.

(11) Provide for the appointment of a conservator or guardian by a court with jurisdiction in the event a resident becomes unable to handle his or her personal or financial affairs.

(12) Allow a provider, whose property is tax exempt, to charge the resident on a pro rata basis property taxes, or in-lieu taxes, that the provider is required to pay.

(13) Make any other provision approved by the department.

(d) A copy of the resident's rights as described in Section 1771.7 shall be attached to every continuing care contract.

(e) A copy of the current audited financial statement of the provider shall be attached to every continuing care contract. For a provider whose current audited financial statement does not accurately reflect the financial ability of the provider to fulfill the continuing care contract obligations, the financial statement attached to the continuing care contract shall include all of the following:

(1) A disclosure that the reserve requirement has not yet been determined or met, and that entrance fees will not be held in escrow.

(2) A disclosure that the ability to provide the services promised in the continuing care contract will depend on successful compliance with the approved financial plan.

(3) A copy of the approved financial plan for meeting the reserve requirements.

(4) Any other supplemental statements or attachments necessary to accurately represent the provider's financial ability to fulfill its continuing care contract obligations.

(f) A schedule of the average monthly care fees charged to residents for each type of residential living unit for each of the five years preceding execution of the continuing care contract shall be attached to every continuing care contract. The provider shall update this schedule annually at the end of each fiscal year. If the continuing care retirement community has not been in existence for five years, the information shall be provided for each of the years the continuing care retirement community has been in existence.

(g) If any continuing care contract provides for a health insurance policy for the benefit of the resident, the provider shall attach to the continuing care contract a binder complying with Sections 382 and 382.5 of the Insurance Code.

(h) The provider shall attach to every continuing care contract a completed form in duplicate, captioned "Notice of Cancellation." The notice shall be easily detachable, and shall contain, in at least 10-point boldface type, the following statement:

An association may bring an action against any person who violates this section for injunctive relief and for actual damages to the association caused by the violation.

(2) This section may not be construed to limit the right of an association to damages for misuse of information obtained from the association records pursuant to this section or to limit the right of an association to injunctive relief to stop the misuse of this information.

(3) An association shall be entitled to recover reasonable costs and expenses, including reasonable attorney's fees, in a successful action to enforce its rights under this section.

A cause of action under this section may be brought in small claims court if the amount of the demand does not exceed the jurisdiction of that court. A prevailing association may recover any costs if the court finds the action to be frivolous, unreasonable, or without foundation.

(b) The sentencing court shall, upon petition by the prosecuting attorney, at any time following sentencing, or by agreement of all parties,

at the time of sentencing, conduct a hearing to determine whether any property or property interest is subject to forfeiture under this section. At the forfeiture hearing, the prosecuting attorney shall have the burden of establishing, by a preponderance of the evidence, that the property or property interests are subject to forfeiture. The prosecuting attorney may retain seized property that may be subject to forfeiture until the sentencing hearing.

(c) Prior to the commencement of a forfeiture proceeding, the law enforcement agency seizing the property subject to forfeiture shall make an investigation as to any person other than the defendant who may have an interest in it. At least 30 days before the hearing to determine whether the property should be forfeited, the prosecuting agency shall send notice of the hearing to any person who may have an interest in the property that arose before the seizure.

A person claiming an interest in the property shall file a motion for the redemption of that interest at least 10 days before the hearing on forfeiture, and shall send a copy of the motion to the prosecuting agency and to the probation department.

No person shall hold a valid interest in the property if, by a preponderance of the evidence, the prosecuting agency shows that the person knew or should have known that the property was being used in violation of, or conspiracy to commit a violation of, subdivision (b) of Section 272, Section 288, 288.2, 311.1, 311.2, 311.3, 311.4, 311.5, 311.10, 311.11, 470, 470a, 472, 475, 476, 480, 483.5, 484g, or subdivision (a), (b), or (d) of Section 484e, subdivision (a) of Section 484f, subdivision (b) or (c) of Section 484i, subdivision (c) of Section 502, or Section 502.7, 502.8, 529, 529a, 530.5, 537e, 593d, 593e, or 646.9, and that the person did not take reasonable steps to prevent that use, or if the interest is a security interest, the person knew or should have known at the time that the security interest was created that the property would be used for a violation.

(d) If the sentencing court finds that a person holds a valid interest in the property, the following provisions shall apply:

- (1) The court shall determine the value of the property.
- (2) The court shall determine the value of each valid interest in the property.

- (3) If the value of the property is greater than the value of the interest, the holder of the interest shall be entitled to ownership of the property upon paying the court the difference between the value of the property and the value of the valid interest.

If the holder of the interest declines to pay the amount determined under paragraph (2), the court may order the property sold and designate the prosecutor or any other agency to sell the property. The designated agency shall be entitled to seize the property and the holder of the interest shall forward any documentation underlying the interest, including any ownership certificates for that property, to the designated agency. The designated agency shall sell the property and pay the owner of the interest the proceeds, up to the value of that interest.

(4) If the value of the property is less than the value of the interest, the designated agency shall sell the property and pay the owner of the interest the proceeds, up to the value of that interest.

(e) If the defendant was a minor at the time of the offense, this subdivision shall apply to property subject to forfeiture that is the property of the parent or guardian of the minor.

(1) The prosecuting agency shall notify the parent or guardian of the forfeiture hearing at least 30 days before the date set for the hearing.

(2) The computer or telecommunications device shall not be subject to forfeiture if the parent or guardian files a signed statement with the court at least 10 days before the date set for the hearing that the minor shall not have access to any computer or telecommunications device owned by the parent or guardian for two years after the date on which the minor is sentenced.

(3) If the minor is convicted of a violation of Section 288, 288.2, 311.1, 311.2, 311.3, 311.4, 311.5, 311.10, 311.11, 470, 470a, 472, 476, 480, or subdivision (b) of Section 484e, subdivision (d) of Section 484e, subdivision (a) of Section 484f, subdivision (b) of Section 484i, subdivision (c) of Section 502, or Section 502.7, 502.8, 529, 529a, or 530.5, within two years after the date on which the minor is sentenced, and the violation involves a computer or telecommunications device owned by the parent or guardian, the original property subject to forfeiture, and the property involved in the new offense, shall be subject to forfeiture notwithstanding paragraph (2).

(4) Notwithstanding paragraph (1), (2), or (3), or any other provision of this chapter, if a minor's parent or guardian makes full restitution to the victim of a crime enumerated in this chapter in an amount or manner determined by the court, the forfeiture provisions of this chapter do not apply to the property of that parent or guardian if the property was located in the family's primary residence during the commission of the crime.

(f) Notwithstanding any other provision of this chapter, the court may exercise its discretion to deny forfeiture where the court finds that the convicted defendant, or minor adjudicated to come within the jurisdiction of the juvenile court, is not likely to use the property otherwise subject to forfeiture for future illegal acts.

(g) If the defendant is found to have the only valid interest in the property subject to forfeiture, it shall be distributed as follows:

(1) First, to the victim, if the victim elects to take the property as full or partial restitution for injury, victim expenditures, or compensatory damages, as defined in paragraph (1) of subdivision (e) of Section 502. If the victim elects to receive the property under this paragraph, the value of the property shall be determined by the court and that amount shall be credited against the restitution owed by the defendant. The victim shall not be penalized for electing not to accept the forfeited property in lieu of full or partial restitution.

(2) Second, at the discretion of the court, to one or more of the following agencies or entities:

(A) The prosecuting agency.

(B) The public entity of which the prosecuting agency is a part.

(C) The public entity whose officers or employees conducted the investigation resulting in forfeiture.

(D) Other state and local public entities, including school districts.

(E) Nonprofit charitable organizations.

(h) If the property is to be sold, the court may designate the prosecuting agency or any other agency to sell the property at auction. The proceeds of the sale shall be distributed by the court as follows:

(1) To the bona fide or innocent purchaser or encumbrancer, conditional sales vendor, or mortgagee of the property up to the amount of his or her interest in the property, if the court orders a distribution to that person.

(2) The balance, if any, to be retained by the court, subject to the provisions for distribution under subdivision (g).

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(4) The unauthorized release or receipt of the information described in this subdivision is a violation of Section 11143.

(f) Notwithstanding any other provision of law, an inmate who is released on parole shall not be returned to a location within 35 miles of the actual residence of a victim of, or a witness to, a violent felony as defined in paragraphs (1) to (7), inclusive, of subdivision (c) of Section 667.5 or a felony in which the defendant inflicts great bodily injury on any person other than an accomplice that has been charged and proved as provided for in Section 12022.53, 12022.7, or 12022.9, if the victim or witness has requested additional distance in the placement of the inmate on parole, and if the Board of Prison Terms or the Department of Corrections finds that there is a need to protect the life, safety, or well-being of a victim or witness.

(h) Notwithstanding any other law, an inmate who is released on parole for an offense involving stalking shall not be returned to a location within 35 miles of the victim's actual residence or place of employment if the victim or witness has requested additional distance in the placement of the inmate on parole, and if the Board of Prison Terms or the Department of Corrections finds that there is a need to protect the life, safety, or well-being of the victim.

For purposes of this subdivision, “last legal residence” shall not be construed to mean the county wherein the inmate committed an offense while confined in a state prison or local jail facility or while confined for treatment in a state hospital.

(b) Notwithstanding subdivision (a), an inmate may be returned to another county if that would be in the best interests of the public. If the Board of Prison Terms setting the conditions of parole for inmates sentenced pursuant to subdivision (b) of Section 1168, as determined by the parole consideration panel, or the Department of Corrections setting the conditions of parole for inmates sentenced pursuant to Section 1170, decides on a return to another county, it shall place its reasons in writing in the parolee’s permanent record and include these reasons in the notice to the sheriff or chief of police pursuant to Section 3058.6. In making its decision, the paroling authority shall consider, among others, the following factors, giving the greatest weight to the protection of the victim and the safety of the community:

(1) The need to protect the life or safety of a victim, the parolee, a witness, or any other person.

(2) Public concern that would reduce the chance that the inmate’s parole would be successfully completed.

(3) The verified existence of a work offer, or an educational or vocational training program.

(4) The existence of family in another county with whom the inmate has maintained strong ties and whose support would increase the chance that the inmate’s parole would be successfully completed.

(c) The Department of Corrections, in determining an out-of-county commitment, shall give priority to the safety of the community and any witnesses and victims.

(d) In making its decision about an inmate who participated in a joint venture program pursuant to Article 1.5 (commencing with Section 2717.1) of Chapter 5, the paroling authority shall give serious consideration to releasing him or her to the county where the joint venture program employer is located if that employer states to the paroling authority that he or she intends to employ the inmate upon release.

 - (iii) Date that the address provided pursuant to this subparagraph was proposed to be effective.
- (K) Contact officer and unit, including all of the following information:
 - (i) Name and telephone number of each contact officer.
 - (ii) Contact unit type of each contact officer such as units responsible for parole, registration, or county probation.
- (L) A digitized image of the photograph and at least a single digit fingerprint of the parolee.
- (M) A geographic coordinate for the parolee's residence location for use with a Geographical Information System (GIS) or comparable computer program.

(2) The information required by this subdivision shall come from the statewide parolee database. The information obtained from each source shall be based on the same timeframe.

(3) All of the information required by this subdivision shall be provided utilizing a computer-to-computer transfer in a format usable by a desktop computer system. The transfer of this information shall be continually available to local law enforcement agencies upon request.

(4) The unauthorized release or receipt of the information described in this subdivision is a violation of Section 11143.

(f) Notwithstanding any other provision of law, an inmate who is released on parole shall not be returned to a location within 35 miles of the actual residence of a victim of, or a witness to, a violent felony as defined in paragraphs (1) to (7), inclusive, of subdivision (c) of Section 667.5 or a felony in which the defendant inflicts great bodily injury on any person other than an accomplice that has been charged and proved as provided for in Section 12022.53, 12022.7, or 12022.9, if the victim or witness has requested additional distance in the placement of the inmate on parole, and if the Board of Prison Terms or the Department of Corrections finds that there is a need to protect the life, safety, or well-being of a victim or witness.

(g) (1) Notwithstanding any other law, an inmate who is released on parole for any violation of Section 288 or 288.5 shall not be placed or reside, for the duration of his or her period of parole, within one-quarter mile of any public or private school including any or all of kindergarten and grades 1 to 8, inclusive.

(2) In addition to the prohibition contained in paragraph (1) and not in lieu of it, and notwithstanding any other law, effective July 1, 2006, an inmate who is released on parole for a violation of subdivision (c) of Section 288 shall not be placed or reside, for the duration of his or her period of parole, within one-quarter mile of any public or private school including any or all of grades 9 to 12, inclusive.

(3) Notwithstanding any other law, an inmate who is released on parole for a violation of Section 288 or 288.5 whom the Department of Corrections and Rehabilitation determines poses a high risk to the public shall not be placed or reside, for the duration of his or her parole, within one-half mile of any public or private school including any or all of kindergarten and grades 1 to 12, inclusive.

(h) Notwithstanding any other law, an inmate who is released on parole for an offense involving stalking shall not be returned to a location within 35 miles of the victim's actual residence or place of employment if the victim or witness has requested additional distance in the placement of the inmate on parole, and if the Board of Prison Terms or the Department of Corrections finds that there is a need to protect the life, safety, or well-being of the victim.

(i) The authority shall give consideration to the equitable distribution of parolees and the proportion of out-of-county commitments from a

CHAPTER 464

An act to amend Section 1109 of the Evidence Code, relating to child abuse.

[Approved by Governor October 4, 2005. Filed with
Secretary of State October 4, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1109 of the Evidence Code is amended to read:

1109. (a) (1) Except as provided in subdivision (e) or (f), in a criminal action in which the defendant is accused of an offense involving domestic violence, evidence of the defendant's commission of other domestic violence is not made inadmissible by Section 1101 if the evidence is not inadmissible pursuant to Section 352.

(2) Except as provided in subdivision (e) or (f), in a criminal action in which the defendant is accused of an offense involving abuse of an elder or dependent person, evidence of the defendant's commission of other abuse of an elder or dependent person is not made inadmissible

by Section 1101 if the evidence is not inadmissible pursuant to Section 352.

(3) Except as provided in subdivision (e) or (f) and subject to a hearing conducted pursuant to Section 352, which shall include consideration of any corroboration and remoteness in time, in a criminal action in which the defendant is accused of an offense involving child abuse, evidence of the defendant's commission of child abuse is not made inadmissible by Section 1101 if the evidence is not inadmissible pursuant to Section 352. Nothing in this paragraph prohibits or limits the admission of evidence pursuant to subdivision (b) of Section 1101.

(b) In an action in which evidence is to be offered under this section, the people shall disclose the evidence to the defendant, including statements of witnesses or a summary of the substance of any testimony that is expected to be offered, in compliance with the provisions of Section 1054.7 of the Penal Code.

(c) This section shall not be construed to limit or preclude the admission or consideration of evidence under any other statute or case law.

(d) As used in this section:

(1) "Abuse of an elder or dependent person" means physical or sexual abuse, neglect, financial abuse, abandonment, isolation, abduction, or other treatment that results in physical harm, pain, or mental suffering, the deprivation of care by a caregiver, or other deprivation by a custodian or provider of goods or services that are necessary to avoid physical harm or mental suffering.

(2) "Child abuse" means an act proscribed by Section 273d of the Penal Code.

(3) "Domestic violence" has the meaning set forth in Section 13700 of the Penal Code. Subject to a hearing conducted pursuant to Section 352, which shall include consideration of any corroboration and remoteness in time, "domestic violence" has the further meaning as set forth in Section 6211 of the Family Code, if the act occurred no more than five years before the charged offense.

(e) Evidence of acts occurring more than 10 years before the charged offense is inadmissible under this section, unless the court determines that the admission of this evidence is in the interest of justice.

(f) Evidence of the findings and determinations of administrative agencies regulating the conduct of health facilities licensed under Section 1250 of the Health and Safety Code is inadmissible under this section.

CHAPTER 465

An act to amend Section 3100 of the Family Code, and to amend Section 136.2 of the Penal Code, relating to protective orders.

[Approved by Governor October 4, 2005. Filed with
Secretary of State October 4, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 3100 of the Family Code is amended to read:
3100. (a) In making an order pursuant to Chapter 4 (commencing with Section 3080), the court shall grant reasonable visitation rights to a parent unless it is shown that the visitation would be detrimental to the best interest of the child. In the discretion of the court, reasonable visitation rights may be granted to any other person having an interest in the welfare of the child.

(b) If a protective order, as defined in Section 6218, has been directed to a parent, the court shall consider whether the best interest of the child requires that any visitation by that parent shall be limited to situations in which a third person, specified by the court, is present, or whether visitation shall be suspended or denied. The court shall include in its deliberations a consideration of the nature of the acts from which the parent was enjoined and the period of time that has elapsed since that order. A parent may submit to the court the name of a person that the parent deems suitable to be present during visitation.

(c) If visitation is ordered in a case in which domestic violence is alleged and an emergency protective order, protective order, or other restraining order has been issued, the visitation order shall specify the time, day, place, and manner of transfer of the child, so as to limit the child's exposure to potential domestic conflict or violence and to ensure the safety of all family members. If a criminal protective order has been issued pursuant to Section 136.2 of the Penal Code, the visitation order shall make reference to, and acknowledge the precedence of enforcement of, any appropriate criminal protective order.

(d) If the court finds a party is staying in a place designated as a shelter for victims of domestic violence or other confidential location, the court's order for time, day, place, and manner of transfer of the child for visitation shall be designed to prevent disclosure of the location of the shelter or other confidential location.

SEC. 2 Section 136.2 of the Penal Code is amended to read:

136.2. (a) Upon a good cause belief that harm to, or intimidation or dissuasion of, a victim or witness has occurred or is reasonably likely

to occur, any court with jurisdiction over a criminal matter may issue orders including, but not limited to, the following:

(1) Any order issued pursuant to Section 6320 of the Family Code.
(2) An order that a defendant shall not violate any provision of Section 136.1.

(3) An order that a person before the court other than a defendant, including, but not limited to, a subpoenaed witness or other person entering the courtroom of the court, shall not violate any provisions of Section 136.1.

(4) An order that any person described in this section shall have no communication whatsoever with any specified witness or any victim, except through an attorney under any reasonable restrictions that the court may impose.

(5) An order calling for a hearing to determine if an order as described in paragraphs (1) to (4), inclusive, should be issued.

(6) An order that a particular law enforcement agency within the jurisdiction of the court provide protection for a victim or a witness, or both, or for immediate family members of a victim or a witness who reside in the same household as the victim or witness or within reasonable proximity of the victim's or witness' household, as determined by the court. The order shall not be made without the consent of the law enforcement agency except for limited and specified periods of time and upon an express finding by the court of a clear and present danger of harm to the victim or witness or immediate family members of the victim or witness.

For purposes of this paragraph, "immediate family members" include the spouse, children, or parents of the victim or witness.

(7) Any order protecting victims of violent crime from contact, with the intent to annoy, harass, threaten, or commit acts of violence, by the defendant. The court or its designee shall transmit orders made under this paragraph to law enforcement personnel within one business day of the issuance, modification, extension, or termination of the order, pursuant to subdivision (a) of Section 6380 of the Family Code. It is the responsibility of the court to transmit the modification, extension, or termination orders made under this paragraph to the same agency that entered the original protective order into the Domestic Violence Restraining Order System.

Any order issued, modified, extended, or terminated by a court pursuant to this paragraph shall be issued on forms adopted by the Judicial Council of California and that have been approved by the Department of Justice pursuant to subdivision (i) of Section 6380 of the Family Code. However, the fact that an order issued by a court pursuant to this section was not issued on forms adopted by the Judicial Council

and approved by the Department of Justice shall not, in and of itself, make the order unenforceable.

(b) Any person violating any order made pursuant to subdivision (a) may be punished for any substantive offense described in Section 136.1, or for a contempt of the court making the order. A finding of contempt shall not be a bar to prosecution for a violation of Section 136.1. However, any person so held in contempt shall be entitled to credit for any punishment imposed therein against any sentence imposed upon conviction of an offense described in Section 136.1. Any conviction or acquittal for any substantive offense under Section 136.1 shall be a bar to a subsequent punishment for contempt arising out of the same act.

(c) (1) A person subject to a protective order issued under this section shall not own, possess, purchase, receive, or attempt to purchase or receive a firearm while the protective order is in effect.

(2) The court shall order a person subject to a protective order issued under this section to relinquish any firearms he or she owns or possesses pursuant to Section 527.9 of the Code of Civil Procedure.

(3) Every person who owns, possesses, purchases or receives, or attempts to purchase or receive a firearm while the protective order is in effect is punishable pursuant to subdivision (g) of Section 12021 of the Penal Code.

(d) (1) In all cases where the defendant is charged with a crime of domestic violence, as defined in Section 13700, the court shall consider issuing the above-described orders on its own motion. All interested parties shall receive a copy of those orders. In order to facilitate this, the court's records of all criminal cases involving domestic violence shall be marked to clearly alert the court to this issue.

(2) In those cases in which a complaint, information, or indictment charging a crime of domestic violence, as defined in Section 13700, has been issued, a restraining order or protective order against the defendant issued by the criminal court in that case has precedence in enforcement over any civil court order against the defendant.

(3) Custody and visitation with respect to the defendant and his or her minor children may be ordered by a family or juvenile court consistent with the protocol established pursuant to subdivision (e), but if ordered after a criminal protective order has been issued pursuant to this section, the custody and visitation order shall make reference to, and acknowledge the precedence of enforcement of, any appropriate criminal protective order. On or before July 1, 2006, the Judicial Council shall modify the criminal and civil court forms consistent with this subdivision.

(e) On or before January 1, 2003, the Judicial Council shall promulgate a protocol, for adoption by each local court in substantially similar terms,

to provide for the timely coordination of all orders against the same defendant and in favor of the same named victim or victims. The protocol shall include, but shall not be limited to, mechanisms for assuring appropriate communication and information sharing between criminal, family, and juvenile courts concerning orders and cases that involve the same parties, and shall permit a family or juvenile court order to coexist with a criminal court protective order subject to the following conditions:

(1) Any order that permits contact between the restrained person and his or her children shall provide for the safe exchange of the children and shall not contain language either printed or handwritten that violates a “no contact order” issued by a criminal court.

(2) Safety of all parties shall be the courts’ paramount concern. The family or juvenile court shall specify the time, day, place, and manner of transfer of the child, as provided in Section 3100 of the Family Code.

(f) On or before January 1, 2003, the Judicial Council shall modify the criminal and civil court protective order forms consistent with this section.

SEC. 2.1. Section 136.2 of the Penal Code is amended to read:

136.2. (a) Except as provided in subdivision (c), upon a good cause belief that harm to, or intimidation or dissuasion of, a victim or witness has occurred or is reasonably likely to occur, any court with jurisdiction over a criminal matter may issue orders including, but not limited to, the following:

(1) Any order issued pursuant to Section 6320 of the Family Code.

(2) An order that a defendant shall not violate any provision of Section 136.1.

(3) An order that a person before the court other than a defendant, including, but not limited to, a subpoenaed witness or other person entering the courtroom of the court, shall not violate any provisions of Section 136.1.

(4) An order that any person described in this section shall have no communication whatsoever with any specified witness or any victim, except through an attorney under any reasonable restrictions that the court may impose.

(5) An order calling for a hearing to determine if an order as described in paragraphs (1) to (4), inclusive, should be issued.

(6) An order that a particular law enforcement agency within the jurisdiction of the court provide protection for a victim or a witness, or both, or for immediate family members of a victim or a witness who reside in the same household as the victim or witness or within reasonable proximity of the victim’s or witness’ household, as determined by the court. The order shall not be made without the consent of the law enforcement agency except for limited and specified periods of time and

upon an express finding by the court of a clear and present danger of harm to the victim or witness or immediate family members of the victim or witness.

For purposes of this paragraph, "immediate family members" include the spouse, children, or parents of the victim or witness.

(7) (A) Any order protecting victims of violent crime from contact, with the intent to annoy, harass, threaten, or commit acts of violence, by the defendant. The court or its designee shall transmit orders made under this paragraph to law enforcement personnel within one business day of the issuance, modification, extension, or termination of the order, pursuant to subdivision (a) of Section 6380 of the Family Code. It is the responsibility of the court to transmit the modification, extension, or termination orders made under this paragraph to the same agency that entered the original protective order into the Domestic Violence Restraining Order System.

(B) Any order issued, modified, extended, or terminated by a court pursuant to this paragraph shall be issued on forms adopted by the Judicial Council of California and that have been approved by the Department of Justice pursuant to subdivision (i) of Section 6380 of the Family Code. However, the fact that an order issued by a court pursuant to this section was not issued on forms adopted by the Judicial Council and approved by the Department of Justice shall not, in and of itself, make the order unenforceable.

(b) Any person violating any order made pursuant to paragraphs (1) to (7), inclusive, of subdivision (a) may be punished for any substantive offense described in Section 136.1, or for a contempt of the court making the order. A finding of contempt shall not be a bar to prosecution for a violation of Section 136.1. However, any person so held in contempt shall be entitled to credit for any punishment imposed therein against any sentence imposed upon conviction of an offense described in Section 136.1. Any conviction or acquittal for any substantive offense under Section 136.1 shall be a bar to a subsequent punishment for contempt arising out of the same act.

(c) (1) Notwithstanding subdivisions (a) and (e), an emergency protective order issued pursuant to Chapter 2 (commencing with Section 6250) of Part 3 of Division 10 of the Family Code or Section 646.91 of the Penal Code shall have precedence in enforcement over any other restraining or protective order, provided the emergency protective order meets all of the following requirements:

(A) The emergency protective order is issued to protect one or more individuals who are already protected persons under another restraining or protective order.

(B) The emergency protective order restrains the individual who is the restrained person in the other restraining or protective order specified in subparagraph (A).

(C) The provisions of the emergency protective order are more restrictive in relation to the restrained person than are the provisions of the other restraining or protective order specified in subparagraph (A).

(2) An emergency protective order that meets the requirements of paragraph (1) shall have precedence in enforcement over the provisions of any other restraining or protective order only with respect to those provisions of the emergency protective order that are more restrictive in relation to the restrained person.

(d) (1) A person subject to a protective order issued under this section shall not own, possess, purchase, receive, or attempt to purchase or receive a firearm while the protective order is in effect.

(2) The court shall order a person subject to a protective order issued under this section to relinquish any firearms he or she owns or possesses pursuant to Section 527.9 of the Code of Civil Procedure.

(3) Every person who owns, possesses, purchases or receives, or attempts to purchase or receive a firearm while the protective order is in effect is punishable pursuant to subdivision (g) of Section 12021 of the Penal Code.

(e) (1) In all cases where the defendant is charged with a crime of domestic violence, as defined in Section 13700, the court shall consider issuing the above-described orders on its own motion. All interested parties shall receive a copy of those orders. In order to facilitate this, the court's records of all criminal cases involving domestic violence shall be marked to clearly alert the court to this issue.

(2) In those cases in which a complaint, information, or indictment charging a crime of domestic violence, as defined in Section 13700, has been issued, a restraining order or protective order against the defendant issued by the criminal court in that case has precedence in enforcement over any civil court order against the defendant, unless a court issues an emergency protective order pursuant to Chapter 2 (commencing with Section 6250) of Part 3 of Division 10 of the Family Code or Section 646.91 of the Penal Code, in which case the emergency protective order shall have precedence in enforcement over any other restraining or protective order, provided the emergency protective order meets the following requirements:

(A) The emergency protective order is issued to protect one or more individuals who are already protected persons under another restraining or protective order.

(B) The emergency protective order restrains the individual who is the restrained person in the other restraining or protective order specified in subparagraph (A).

(C) The provisions of the emergency protective order are more restrictive in relation to the restrained person than are the provisions of the other restraining or protective order specified in subparagraph (A).

(3) Custody and visitation with respect to the defendant and his or her minor children may be ordered by a family or juvenile court consistent with the protocol established pursuant to subdivision (f), but if ordered after a criminal protective order has been issued pursuant to this section, the custody and visitation order shall make reference to, and acknowledge the precedence of enforcement of, any appropriate criminal protective order. On or before July 1, 2006, the Judicial Council shall modify the criminal and civil court forms consistent with this subdivision.

(f) On or before January 1, 2003, the Judicial Council shall promulgate a protocol, for adoption by each local court in substantially similar terms, to provide for the timely coordination of all orders against the same defendant and in favor of the same named victim or victims. The protocol shall include, but shall not be limited to, mechanisms for assuring appropriate communication and information sharing between criminal, family, and juvenile courts concerning orders and cases that involve the same parties, and shall permit a family or juvenile court order to coexist with a criminal court protective order subject to the following conditions:

(1) Any order that permits contact between the restrained person and his or her children shall provide for the safe exchange of the children and shall not contain language either printed or handwritten that violates a “no contact order” issued by a criminal court.

(2) Safety of all parties shall be the courts’ paramount concern. The family or juvenile court shall specify the time, day, place, and manner of transfer of the child, as provided in Section 3100 of the Family Code.

(g) On or before January 1, 2003, the Judicial Council shall modify the criminal and civil court protective order forms consistent with this section.

SEC. 2.2. Section 136.2 of the Penal Code is amended to read:

136.2. (a) Upon a good cause belief that harm to, or intimidation or dissuasion of, a victim or witness has occurred or is reasonably likely to occur, any court with jurisdiction over a criminal matter may issue orders including, but not limited to, the following:

(1) Any order issued pursuant to Section 6320 of the Family Code.

(2) An order that a defendant shall not violate any provision of Section 136.1.

(3) An order that a person before the court other than a defendant, including, but not limited to, a subpoenaed witness or other person entering the courtroom of the court, shall not violate any provisions of Section 136.1.

(4) An order that any person described in this section shall have no communication whatsoever with any specified witness or any victim, except through an attorney under any reasonable restrictions that the court may impose.

(5) An order calling for a hearing to determine if an order as described in paragraphs (1) to (4), inclusive, should be issued.

(6) An order that a particular law enforcement agency within the jurisdiction of the court provide protection for a victim or a witness, or both, or for immediate family members of a victim or a witness who reside in the same household as the victim or witness or within reasonable proximity of the victim's or witness' household, as determined by the court. The order shall not be made without the consent of the law enforcement agency except for limited and specified periods of time and upon an express finding by the court of a clear and present danger of harm to the victim or witness or immediate family members of the victim or witness.

For purposes of this paragraph, "immediate family members" include the spouse, children, or parents of the victim or witness.

(7) (A) Any order protecting victims of violent crime from contact, with the intent to annoy, harass, threaten, or commit acts of violence, by the defendant. The court or its designee shall transmit orders made under this paragraph to law enforcement personnel within one business day of the issuance, modification, extension, or termination of the order, pursuant to subdivision (a) of Section 6380 of the Family Code. It is the responsibility of the court to transmit the modification, extension, or termination orders made under this paragraph to the same agency that entered the original protective order into the Domestic Violence Restraining Order System.

(B) (i) If a court does not issue an order pursuant to subparagraph (A) in a case in which the defendant is charged with a crime of domestic violence as defined in Section 13700, the court on its own motion shall consider issuing a protective order upon a good cause belief that harm to, or intimidation or dissuasion of, a victim or witness has occurred or is reasonably likely to occur, that provides as follows:

(I) The defendant shall not own, possess, purchase, receive, or attempt to purchase or receive, a firearm while the protective order is in effect.

(II) The defendant shall relinquish any firearms that he or she owns or possesses pursuant to Section 527.9 of the Code of Civil Procedure.

(ii) Every person who owns, possesses, purchases, or receives, or attempts to purchase or receive, a firearm while this protective order is in effect is punishable pursuant to subdivision (g) of Section 12021.

(C) Any order issued, modified, extended, or terminated by a court pursuant to this paragraph shall be issued on forms adopted by the Judicial Council of California and that have been approved by the Department of Justice pursuant to subdivision (i) of Section 6380 of the Family Code. However, the fact that an order issued by a court pursuant to this section was not issued on forms adopted by the Judicial Council and approved by the Department of Justice shall not, in and of itself, make the order unenforceable.

(b) Any person violating any order made pursuant to subdivision (a), may be punished for any substantive offense described in Section 136.1, or for a contempt of the court making the order. A finding of contempt shall not be a bar to prosecution for a violation of Section 136.1. However, any person so held in contempt shall be entitled to credit for any punishment imposed therein against any sentence imposed upon conviction of an offense described in Section 136.1. All interested parties shall receive a copy of those orders. In order to facilitate this, the court's records of all criminal cases involving domestic violence shall be marked to clearly alert the court to this issue.

(2) In those cases in which a complaint, information, or indictment charging a crime of domestic violence, as defined in Section 13700, has been issued, a restraining order or protective order against the defendant issued by the criminal court in that case has precedence in enforcement over any civil court order against the defendant.

(3) Custody and visitation with respect to the defendant and his or her minor children may be ordered by a family or juvenile court

consistent with the protocol established pursuant to subdivision (e), but if ordered after a criminal protective order has been issued pursuant to this section, the custody and visitation order shall make reference to, and acknowledge the precedence of enforcement of, any appropriate criminal protective order. On or before July 1, 2006, the Judicial Council shall modify the criminal and civil court forms consistent with this subdivision.

(e) On or before January 1, 2003, the Judicial Council shall promulgate a protocol, for adoption by each local court in substantially similar terms, to provide for the timely coordination of all orders against the same defendant and in favor of the same named victim or victims. SEC. 2.3. Section 136.2 of the Penal Code is amended to read:

136.2. (a) Upon a good cause belief that harm to, or intimidation or dissuasion of, a victim or witness has occurred or is reasonably likely to occur, any court with jurisdiction over a criminal matter may issue orders including, but not limited to, the following:

(1) Any order issued pursuant to Section 6320 of the Family Code.

(2) An order that a defendant shall not violate any provision of Section 136.1.

(3) An order that a person before the court other than a defendant, including, but not limited to, a subpoenaed witness or other person entering the courtroom of the court, shall not violate any provisions of Section 136.1.

(4) An order that any person described in this section shall have no communication whatsoever with any specified witness or any victim, except through an attorney under any reasonable restrictions that the court may impose.

(5) An order calling for a hearing to determine if an order as described in paragraphs (1) to (4), inclusive, should be issued.

(6) An order that a particular law enforcement agency within the jurisdiction of the court provide protection for a victim or a witness, or both, or for immediate family members of a victim or a witness who reside in the same household as the victim or witness or within reasonable proximity of the victim's or witness' household, as determined by the court. The order shall not be made without the consent of the law enforcement agency except for limited and specified periods of time and upon an express finding by the court of a clear and present danger of harm to the victim or witness or immediate family members of the victim or witness.

For purposes of this paragraph, "immediate family members" include the spouse, children, or parents of the victim or witness.

(7) (A) Any order protecting victims of violent crime from all contact by the defendant, or contact, with the intent to annoy, harass, threaten, or commit acts of violence, by the defendant. The court or its designee shall transmit orders made under this paragraph to law enforcement personnel within one business day of the issuance, modification, extension, or termination of the order, pursuant to subdivision (a) of Section 6380 of the Family Code. It is the responsibility of the court to transmit the modification, extension, or termination orders made under this paragraph to the same agency that entered the original protective order into the Domestic Violence Restraining Order System.

(B) Any order issued, modified, extended, or terminated by a court pursuant to this paragraph shall be issued on forms adopted by the Judicial Council of California and that have been approved by the Department of Justice pursuant to subdivision (i) of Section 6380 of the Family Code. However, the fact that an order issued by a court pursuant to this section was not issued on forms adopted by the Judicial Council and approved by the Department of Justice shall not, in and of itself, make the order unenforceable.

(b) Any person violating any order made pursuant to subdivision (a) may be punished for any substantive offense described in Section 136.1, or for a contempt of the court making the order. A finding of contempt shall not be a bar to prosecution for a violation of Section 136.1. However, any person so held in contempt shall be entitled to credit for any punishment imposed therein against any sentence imposed upon conviction of an offense described in Section 136.1. Any conviction or acquittal for any substantive offense under Section 136.1 shall be a bar to a subsequent punishment for contempt arising out of the same act.

(c) (1) A person subject to a protective order issued under this section shall not own, possess, purchase, receive, or attempt to purchase or receive a firearm while the protective order is in effect.

(2) The court shall order a person subject to a protective order issued under this section to relinquish any firearms he or she owns or possesses pursuant to Section 527.9 of the Code of Civil Procedure.

(3) Every person who owns, possesses, purchases or receives, or attempts to purchase or receive a firearm while the protective order is in effect is punishable pursuant to subdivision (g) of Section 12021 of the Penal Code.

(d) (1) In all cases where the defendant is charged with a crime of domestic violence, as defined in Section 13700, the court shall consider issuing the above-described orders on its own motion. All interested parties shall receive a copy of those orders. In order to facilitate this, the court's records of all criminal cases involving domestic violence shall be marked to clearly alert the court to this issue.

(2) In those cases in which a complaint, information, or indictment charging a crime of domestic violence, as defined in Section 13700, has been issued, a restraining order or protective order against the defendant issued by the criminal court in that case has precedence in enforcement over any civil court order against the defendant.

(3) Custody and visitation with respect to the defendant and his or her minor children may be ordered by a family or juvenile court consistent with the protocol established pursuant to subdivision (e), but if ordered after a criminal protective order has been issued pursuant to this section, the custody and visitation order shall make reference to, and acknowledge the precedence of enforcement of, any appropriate criminal protective order. On or before July 1, 2006, the Judicial Council shall modify the criminal and civil court forms consistent with this subdivision.

(e) On or before January 1, 2003, the Judicial Council shall promulgate a protocol, for adoption by each local court in substantially similar terms, to provide for the timely coordination of all orders against the same defendant and in favor of the same named victim or victims. The protocol shall include, but shall not be limited to, mechanisms for assuring appropriate communication and information sharing between criminal, family, and juvenile courts concerning orders and cases that involve the same parties, and shall permit a family or juvenile court order to coexist with a criminal court protective order subject to the following conditions:

(1) Any order that permits contact between the restrained person and his or her children shall provide for the safe exchange of the children and shall not contain language either printed or handwritten that violates a "no contact order" issued by a criminal court.

(2) Safety of all parties shall be the courts' paramount concern. The family or juvenile court shall specify the time, day, place, and manner of transfer of the child, as provided in Section 3100 of the Family Code.

(f) On or before January 1, 2003, the Judicial Council shall modify the criminal and civil court protective order forms consistent with this section.

SEC. 2.4. Section 136.2 of the Penal Code is amended to read:

- (1) Any order issued pursuant to Section 6320 of the Family Code.
- (2) An order that a defendant shall not violate any provision of Section 136.1.

- (4) An order that any person described in this section shall have no communication whatsoever with any specified witness or any victim, except through an attorney under any reasonable restrictions that the court may impose.
- (5) An order calling for a hearing to determine if an order as described in paragraphs (1) to (4), inclusive, should be issued.
- (6) An order that a particular law enforcement agency within the jurisdiction of the court provide protection for a victim or a witness, or both, or for immediate family members of a victim or a witness who reside in the same household as the victim or witness or within reasonable proximity of the victim's or witness' household, as determined by the court. The order shall not be made without the consent of the law enforcement agency except for limited and specified periods of time and upon an express finding by the court of a clear and present danger of harm to the victim or witness or immediate family members of the victim or witness.

For purposes of this paragraph, "immediate family members" include the spouse, children, or parents of the victim or witness.

(7) (A) Any order protecting victims of violent crime from contact, with the intent to annoy, harass, threaten, or commit acts of violence, by the defendant. The court or its designee shall transmit orders made under this paragraph to law enforcement personnel within one business day of the issuance, modification, extension, or termination of the order, pursuant to subdivision (a) of Section 6380 of the Family Code. It is the

responsibility of the court to transmit the modification, extension, or termination orders made under this paragraph to the same agency that entered the original protective order into the Domestic Violence Restraining Order System.

(B) (i) If a court does not issue an order pursuant to subparagraph (A) in a case in which the defendant is charged with a crime of domestic violence as defined in Section 13700, the court on its own motion shall consider issuing a protective order upon a good cause belief that harm to, or intimidation or dissuasion of, a victim or witness has occurred or is reasonably likely to occur, that provides as follows:

(I) The defendant shall not own, possess, purchase, receive, or attempt to purchase or receive, a firearm while the protective order is in effect.

(II) The defendant shall relinquish any firearms that he or she owns or possesses pursuant to Section 527.9 of the Code of Civil Procedure.

(ii) Every person who owns, possesses, purchases, or receives, or attempts to purchase or receive, a firearm while this protective order is in effect is punishable pursuant to subdivision (g) of Section 12021.

(C) Any order issued, modified, extended, or terminated by a court pursuant to this paragraph shall be issued on forms adopted by the Judicial Council of California and that have been approved by the Department of Justice pursuant to subdivision (i) of Section 6380 of the Family Code. However, the fact that an order issued by a court pursuant to this section was not issued on forms adopted by the Judicial Council and approved by the Department of Justice shall not, in and of itself, make the order unenforceable.

(b) Any person violating any order made pursuant to paragraphs (1) to (7), inclusive, of subdivision (a) may be punished for any substantive offense described in Section 136.1, or for a contempt of the court making the order. A finding of contempt shall not be a bar to prosecution for a violation of Section 136.1. However, any person so held in contempt shall be entitled to credit for any punishment imposed therein against any sentence imposed upon conviction of an offense described in Section 136.1. Any conviction or acquittal for any substantive offense under Section 136.1 shall be a bar to a subsequent punishment for contempt arising out of the same act.

(c) (1) Notwithstanding subdivisions (a) and (e), an emergency protective order issued pursuant to Chapter 2 (commencing with Section 6250) of Part 3 of Division 10 of the Family Code or Section 646.91 of the Penal Code shall have precedence in enforcement over any other restraining or protective order, provided the emergency protective order meets all of the following requirements:

(A) The emergency protective order is issued to protect one or more individuals who are already protected persons under another restraining or protective order.

(B) The emergency protective order restrains the individual who is the restrained person in the other restraining or protective order specified in subparagraph (A).

(C) The provisions of the emergency protective order are more restrictive in relation to the restrained person than are the provisions of the other restraining or protective order specified in subparagraph (A).

(2) An emergency protective order that meets the requirements of paragraph (1) shall have precedence in enforcement over the provisions of any other restraining or protective order only with respect to those provisions of the emergency protective order that are more restrictive in relation to the restrained person.

(d) (1) A person subject to a protective order issued under this section shall not own, possess, purchase, receive, or attempt to purchase or receive a firearm while the protective order is in effect.

(2) The court shall order a person subject to a protective order issued under this section to relinquish any firearms he or she owns or possesses pursuant to Section 527.9 of the Code of Civil Procedure.

(3) Every person who owns, possesses, purchases or receives, or attempts to purchase or receive a firearm while the protective order is in effect is punishable pursuant to subdivision (g) of Section 12021 of the Penal Code.

(e) (1) In all cases where the defendant is charged with a crime of domestic violence, as defined in Section 13700, the court shall consider issuing the above-described orders on its own motion. All interested parties shall receive a copy of those orders. In order to facilitate this, the court's records of all criminal cases involving domestic violence shall be marked to clearly alert the court to this issue.

(2) In those cases in which a complaint, information, or indictment charging a crime of domestic violence, as defined in Section 13700, has been issued, a restraining order or protective order against the defendant issued by the criminal court in that case has precedence in enforcement over any civil court order against the defendant, unless a court issues an emergency protective order pursuant to Chapter 2 (commencing with Section 6250) of Part 3 of Division 10 of the Family Code or Section 646.91 of the Penal Code, in which case the emergency protective order shall have precedence in enforcement over any other restraining or protective order, provided the emergency protective order meets the following requirements:

(C) The provisions of the emergency protective order are more restrictive in relation to the restrained person than are the provisions of the other restraining or protective order specified in subparagraph (A).

(3) Custody and visitation with respect to the defendant and his or her minor children may be ordered by a family or juvenile court consistent with the protocol established pursuant to subdivision (f), but if ordered after a criminal protective order has been issued pursuant to this section, the custody and visitation order shall make reference to, and acknowledge the precedence of enforcement of, any appropriate criminal protective order. On or before July 1, 2006, the Judicial Council shall modify the criminal and civil court forms consistent with this subdivision.

(f) On or before January 1, 2003, the Judicial Council shall promulgate a protocol, for adoption by each local court in substantially similar terms, to provide for the timely coordination of all orders against the same defendant and in favor of the same named victim or victims. The protocol shall include, but shall not be limited to, mechanisms for assuring appropriate communication and information sharing between criminal, family, and juvenile courts concerning orders and cases that involve the same parties, and shall permit a family or juvenile court order to coexist with a criminal court protective order subject to the following conditions:

(C) Any order issued, modified, extended, or terminated by a court pursuant to this paragraph shall be issued on forms adopted by the Judicial Council of California and that have been approved by the Department of Justice pursuant to subdivision (i) of Section 6380 of the Family Code. However, the fact that an order issued by a court pursuant to this section was not issued on forms adopted by the Judicial Council and approved by the Department of Justice shall not, in and of itself, make the order unenforceable.

(b) Any person violating any order made pursuant to paragraphs (1) to (7), inclusive, of subdivision (a) may be punished for any substantive offense described in Section 136.1, or for a contempt of the court making the order. A finding of contempt shall not be a bar to prosecution for a violation of Section 136.1. However, any person so held in contempt shall be entitled to credit for any punishment imposed therein against any sentence imposed upon conviction of an offense described in Section 136.1. Any conviction or acquittal for any substantive offense under Section 136.1 shall be a bar to a subsequent punishment for contempt arising out of the same act.

(c) (1) Notwithstanding subdivisions (a) and (e), an emergency protective order issued pursuant to Chapter 2 (commencing with Section 6250) of Part 3 of Division 10 of the Family Code or Section 646.91 of the Penal Code shall have precedence in enforcement over any other restraining or protective order, provided the emergency protective order meets all of the following requirements:

(A) The emergency protective order is issued to protect one or more individuals who are already protected persons under another restraining or protective order.

(B) The emergency protective order restrains the individual who is the restrained person in the other restraining or protective order specified in subparagraph (A).

(C) The provisions of the emergency protective order are more restrictive in relation to the restrained person than are the provisions of the other restraining or protective order specified in subparagraph (A).

(2) An emergency protective order that meets the requirements of paragraph (1) shall have precedence in enforcement over the provisions of any other restraining or protective order only with respect to those provisions of the emergency protective order that are more restrictive in relation to the restrained person.

(d) (1) A person subject to a protective order issued under this section shall not own, possess, purchase, receive, or attempt to purchase or receive a firearm while the protective order is in effect.

(2) The court shall order a person subject to a protective order issued under this section to relinquish any firearms he or she owns or possesses pursuant to Section 527.9 of the Code of Civil Procedure.

(3) Every person who owns, possesses, purchases or receives, or attempts to purchase or receive a firearm while the protective order is in effect is punishable pursuant to subdivision (g) of Section 12021 of the Penal Code.

(e) (1) In all cases where the defendant is charged with a crime of domestic violence, as defined in Section 13700, the court shall consider issuing the above-described orders on its own motion. All interested parties shall receive a copy of those orders. In order to facilitate this, the court's records of all criminal cases involving domestic violence shall be marked to clearly alert the court to this issue.

(2) In those cases in which a complaint, information, or indictment charging a crime of domestic violence, as defined in Section 13700, has been issued, a restraining order or protective order against the defendant issued by the criminal court in that case has precedence in enforcement over any civil court order against the defendant, unless a court issues an emergency protective order pursuant to Chapter 2 (commencing with Section 6250) of Part 3 of Division 10 of the Family Code or Section 646.91 of the Penal Code, in which case the emergency protective order shall have precedence in enforcement over any other restraining or protective order, provided the emergency protective order meets the following requirements:

(A) The emergency protective order is issued to protect one or more individuals who are already protected persons under another restraining or protective order.

(B) The emergency protective order restrains the individual who is the restrained person in the other restraining or protective order specified in subparagraph (A).

(C) The provisions of the emergency protective order are more restrictive in relation to the restrained person than are the provisions of the other restraining or protective order specified in subparagraph (A).

(3) Custody and visitation with respect to the defendant and his or her minor children may be ordered by a family or juvenile court

consistent with the protocol established pursuant to subdivision (f), but if ordered after a criminal protective order has been issued pursuant to this section, the custody and visitation order shall make reference to, and acknowledge the precedence of enforcement of, any appropriate criminal protective order. On or before July 1, 2006, the Judicial Council shall modify the criminal and civil court forms consistent with this subdivision.

(f) On or before January 1, 2003, the Judicial Council shall promulgate a protocol, for adoption by each local court in substantially similar terms, to provide for the timely coordination of all orders against the same defendant and in favor of the same named victim or victims. The protocol shall include, but shall not be limited to, mechanisms for assuring appropriate communication and information sharing between criminal, family, and juvenile courts concerning orders and cases that involve the same parties, and shall permit a family or juvenile court order to coexist with a criminal court protective order subject to the following conditions:

(1) Any order that permits contact between the restrained person and his or her children shall provide for the safe exchange of the children and shall not contain language either printed or handwritten that violates a “no contact order” issued by a criminal court.

(2) Safety of all parties shall be the courts’ paramount concern. The family or juvenile court shall specify the time, day, place, and manner of transfer of the child, as provided in Section 3100 of the Family Code.

(g) On or before January 1, 2003, the Judicial Council shall modify the criminal and civil court protective order forms consistent with this section.

SEC. 3. (a) Section 2.1 of this bill incorporates amendments to Section 136.2 of the Penal Code proposed by both this bill and AB 112. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2006, (2) each bill amends Section 136.2 of the Penal Code, (3) AB 1288 and SB 720 are not enacted or as enacted do not amend that section, and (4) this bill is enacted after AB 112, in which case Sections 2, 2.2, 2.3, 2.4, 2.5, 2.6, and 2.7 of this bill shall not become operative.

The people of the State of California do enact as follows:

SECTION 1. Article 6.5 (commencing with Section 1312) is added to Chapter 2 of Division 2 of the Health and Safety Code, to read:

Article 6.5. Release of Sex Offender to Long-Term Health Care

1312. Before a person who is required to register as a sex offender under Section 290 of the Penal Code is released into a long-term health care facility, as defined in Section 1418, the Department of Corrections and Rehabilitation, the State Department of Mental Health, any or other official in charge of the place of confinement, shall notify the facility, in writing, that the sex offender is being released to reside at the facility.

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 467

An act to amend Section 527.8 of the Code of Civil Procedure, to amend Section 6383 of the Family Code, and to amend Section 15657.03 of the Welfare and Institutions Code, relating to temporary restraining orders and protective orders.

[Approved by Governor October 4, 2005. Filed with
Secretary of State October 4, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 527.8 of the Code of Civil Procedure is amended to read:

527.8. (a) Any employer, whose employee has suffered unlawful violence or a credible threat of violence from any individual, that can reasonably be construed to be carried out or to have been carried out at the workplace, may seek a temporary restraining order and an injunction on behalf of the employee prohibiting further unlawful violence or threats of violence by that individual.

(b) For the purposes of this section:

(1) “Unlawful violence” is any assault or battery, or stalking as prohibited in Section 646.9 of the Penal Code, but shall not include lawful acts of self-defense or defense of others.

(2) “Credible threat of violence” is a knowing and willful statement or course of conduct that would place a reasonable person in fear for his or her safety, or the safety of his or her immediate family, and that serves no legitimate purpose.

(3) “Course of conduct” is a pattern of conduct composed of a series of acts over a period of time, however short, evidencing a continuity of purpose, including following or stalking an employee to or from the place of work; entering the workplace; following an employee during hours of employment; making telephone calls to an employee; or sending correspondence to an employee by any means, including, but not limited to, the use of the public or private mails, interoffice mail, fax, or computer e-mail.

(c) This section does not permit a court to issue a temporary restraining order or injunction prohibiting speech or other activities that are constitutionally protected, or otherwise protected by Section 527.3 or any other provision of law.

(d) For purposes of this section, the terms “employer” and “employee” mean persons defined in Section 350 of the Labor Code. “Employer” also includes a federal agency, the state, a state agency, a city, county, or district, and a private, public, or quasi-public corporation, or any public agency thereof or therein. “Employee” also includes the members of boards of directors of private, public, and quasi-public corporations and elected and appointed public officers. For purposes of this section only, “employee” also includes a volunteer or independent contractor who performs services for the employer at the employer’s worksite.

(e) Upon filing a petition for an injunction under this section, the plaintiff may obtain a temporary restraining order in accordance with subdivision (a) of Section 527, if the plaintiff also files an affidavit that, to the satisfaction of the court, shows reasonable proof that an employee has suffered unlawful violence or a credible threat of violence by the defendant, and that great or irreparable harm would result to an employee. In the discretion of the court, and on a showing of good cause, a temporary restraining order or injunction issued under this section may

include other named family or household members who reside with the employee.

A temporary restraining order granted under this section shall remain in effect, at the court's discretion, for a period not to exceed 15 days, unless otherwise modified or terminated by the court.

(f) Within 15 days of the filing of the petition, a hearing shall be held on the petition for the injunction. The defendant may file a response that explains, excuses, justifies, or denies the alleged unlawful violence or credible threats of violence or may file a cross-complaint under this section. At the hearing, the judge shall receive any testimony that is relevant and may make an independent inquiry. Moreover, if the defendant is a current employee of the entity requesting the injunction, the judge shall receive evidence concerning the employer's decision to retain, terminate, or otherwise discipline the defendant. If the judge finds by clear and convincing evidence that the defendant engaged in unlawful violence or made a credible threat of violence, an injunction shall issue prohibiting further unlawful violence or threats of violence. An injunction issued pursuant to this section shall have a duration of not more than three years. At any time within the three months before the expiration of the injunction, the plaintiff may apply for a renewal of the injunction by filing a new petition for an injunction under this section.

(g) This section does not preclude either party from representation by private counsel or from appearing on his or her own behalf.

(h) Upon filing of a petition for an injunction under this section, the defendant shall be personally served with a copy of the petition, temporary restraining order, if any, and notice of hearing of the petition. Service shall be made at least five days before the hearing. The court may, for good cause, on motion of the plaintiff or on its own motion, shorten the time for service on the defendant.

(i) (1) The court shall order the plaintiff or the attorney for the plaintiff to deliver a copy of each temporary restraining order or injunction, or modification or termination thereof, granted under this section, by the close of the business day on which the order was granted, to the law enforcement agencies within the court's discretion as are requested by the plaintiff. Each appropriate law enforcement agency shall make available information as to the existence and current status of these orders to law enforcement officers responding to the scene of reported unlawful violence or a credible threat of violence.

(2) At the request of the plaintiff, an order issued under this section shall be served on the defendant, regardless of whether the defendant has been taken into custody, by any law enforcement officer who is present at the scene of reported unlawful violence or a credible threat of violence involving the parties to the proceedings. The plaintiff shall

provide the officer with an endorsed copy of the order and proof of service that the officer shall complete and send to the issuing court.

(3) Upon receiving information at the scene of an incident of unlawful violence or a credible threat of violence that a protective order has been issued under this section, or that a person who has been taken into custody is the subject of an order, if the plaintiff or the protected person cannot produce an endorsed copy of the order, a law enforcement officer shall immediately attempt to verify the existence of the order.

(4) If the law enforcement officer determines that a protective order has been issued, but not served, the officer shall immediately notify the defendant of the terms of the order and obtain the defendant's address. The law enforcement officer shall at that time also enforce the order, but may not arrest or take the defendant into custody for acts in violation of the order that were committed prior to the verbal notice of the terms and conditions of the order. The law enforcement officer's verbal notice of the terms of the order shall constitute service of the order and constitutes sufficient notice for the purposes of this section and for the purposes of Section 273.6 and subdivision (g) of Section 12021 of the Penal Code. The plaintiff shall mail an endorsed copy of the order to the defendant's mailing address provided to the law enforcement officer within one business day of the reported incident of unlawful violence or a credible threat of violence at which a verbal notice of the terms of the order was provided by a law enforcement officer.

(j) (1) A person subject to a protective order issued under this section shall not own, possess, purchase, receive, or attempt to purchase or receive a firearm while the protective order is in effect.

(2) The court shall order a person subject to a protective order issued under this section to relinquish any firearms he or she owns or possesses pursuant to Section 527.9.

(3) Every person who owns, possesses, purchases or receives, or attempts to purchase or receive a firearm while the protective order is in effect is punishable pursuant to subdivision (g) of Section 12021 of the Penal Code.

(k) Any intentional disobedience of any temporary restraining order or injunction granted under this section is punishable pursuant to Section 273.6 of the Penal Code.

(l) Nothing in this section may be construed as expanding, diminishing, altering, or modifying the duty, if any, of an employer to provide a safe workplace for employees and other persons.

(m) The Judicial Council shall develop forms, instructions, and rules for scheduling of hearings and other procedures established pursuant to this section. The forms for the petition and response shall be simple and

concise, and their use by parties in actions brought pursuant to this section shall be mandatory.

(n) A temporary restraining order or injunction relating to harassment or domestic violence issued by a court pursuant to this section shall be issued on forms adopted by the Judicial Council of California and that have been approved by the Department of Justice pursuant to subdivision (i) of Section 6380 of the Family Code. However, the fact that an order issued by a court pursuant to this section was not issued on forms adopted by the Judicial Council and approved by the Department of Justice shall not, in and of itself, make the order unenforceable.

(o) Information on any temporary restraining order or injunction relating to harassment or domestic violence issued by a court pursuant to this section shall be transmitted to the Department of Justice in accordance with subdivision (b) of Section 6380 of the Family Code.

(p) There is no filing fee for a petition that alleges that a person has inflicted or threatened violence against an employee of the petitioner, or stalked the employee, or acted or spoke in any other manner that has placed the employee in reasonable fear of violence, and that seeks protective or restraining orders or injunctions restraining stalking or future violence or threats of violence, in any action brought pursuant to this section. No fee shall be paid for filing a response to a petition alleging these acts.

SEC. 2. Section 6383 of the Family Code is amended to read:

6383. (a) A temporary restraining order or emergency protective order issued under this part shall, on request of the petitioner, be served on the respondent, whether or not the respondent has been taken into custody, by any law enforcement officer who is present at the scene of reported domestic violence involving the parties to the proceeding.

(b) The petitioner shall provide the officer with an endorsed copy of the order and a proof of service that the officer shall complete and transmit to the issuing court.

(c) It is a rebuttable presumption that the proof of service was signed on the date of service.

(d) Upon receiving information at the scene of a domestic violence incident that a protective order has been issued under this part, or that a person who has been taken into custody is the respondent to that order, if the protected person cannot produce an endorsed copy of the order, a law enforcement officer shall immediately inquire of the Department of Justice Domestic Violence Restraining Order System to verify the existence of the order.

(e) If the law enforcement officer determines that a protective order has been issued, but not served, the officer shall immediately notify the respondent of the terms of the order and where a written copy of the

order can be obtained and the officer shall, at that time, also enforce the order. The law enforcement officer's verbal notice of the terms of the order shall constitute service of the order and is sufficient notice for the purposes of this section and for the purposes of Section 273.6 and subdivision (g) of Section 12021 of the Penal Code.

(f) If a report is required under Section 13730 of the Penal Code, or if no report is required, then in the daily incident log, the officer shall provide the name and assignment of the officer notifying the respondent pursuant to subdivision (e) and the case number of the order.

(g) Upon service of the order outside of the court, a law enforcement officer shall advise the respondent to go to the local court to obtain a copy of the order containing the full terms and conditions of the order.

(h) There shall be no civil liability on the part of, and no cause of action for, false arrest or false imprisonment against any peace officer who makes an arrest pursuant to a protective or restraining order that is regular upon its face, if the peace officer in making the arrest acts in good faith and has reasonable cause to believe that the person against whom the order is issued has notice of the order and has committed an act in violation of the order. If there is more than one civil order regarding the same parties, the peace officer shall enforce the order that was issued last. If there are both civil and criminal orders regarding the same parties, the peace officer shall enforce the criminal order issued last, subject to the provisions of subdivisions (h) and (i) of Section 136.2 of the Penal Code. Nothing in this section shall be deemed to exonerate a peace officer from liability for the unreasonable use of force in the enforcement of the order. The immunities afforded by this section shall not affect the availability of any other immunity which may apply, including, but not limited to, Sections 820.2 and 820.4 of the Government Code.

SEC. 3. Section 15657.03 of the Welfare and Institutions Code is amended to read:

15657.03. (a) An elder or dependent adult who has suffered abuse as defined in Section 15610.07 may seek protective orders as provided in this section.

(b) For the purposes of this section, "protective order" means an order that includes any of the following restraining orders, whether issued ex parte, after notice and hearing, or in a judgment:

(1) An order enjoining a party from abusing, intimidating, molesting, attacking, striking, stalking, threatening, sexually assaulting, battering, harassing, telephoning, including, but not limited to, annoying telephone calls as described in Section 653m of the Penal Code, destroying personal property, contacting, either directly or indirectly, by mail or otherwise, or coming within a specified distance of, or disturbing the peace of the petitioner.

(2) An order excluding a party from the petitioner's residence or dwelling, except that this order shall not be issued if legal or equitable title to, or lease of, the residence or dwelling is in the sole name of the party to be excluded or is in the name of the party to be excluded and any other party besides the petitioner.

(3) An order enjoining a party from specified behavior that the court determines is necessary to effectuate orders described in paragraph (1) or (2).

(c) An order may be issued under this section, with or without notice, to restrain any person for the purpose of preventing a recurrence of abuse, if an affidavit shows, to the satisfaction of the court, reasonable proof of a past act or acts of abuse of the petitioning elder or dependent adult.

(d) (1) Upon filing a petition for protective orders under this section, the petitioner may obtain a temporary restraining order in accordance with Section 527 of the Code of Civil Procedure, except to the extent this section provides a rule that is inconsistent. The temporary restraining order may include any of the protective orders described in subdivision (b). However, the court may issue an ex parte order excluding a party from the petitioner's residence or dwelling only on a showing of all of the following:

(A) Facts sufficient for the court to ascertain that the party who will stay in the dwelling has a right under color of law to possession of the premises.

(B) That the party to be excluded has assaulted or threatens to assault the petitioner.

(C) That physical or emotional harm would otherwise result to the petitioner.

(2) If a temporary restraining order is granted without notice, the matter shall be made returnable on an order requiring cause to be shown why a permanent order should not be granted, on the earliest day that the business of the court will permit, but not later than 20 days or, if good cause appears to the court, 25 days from the date the temporary restraining order is granted, unless the order is otherwise modified or terminated by the court.

(e) The court may issue, upon notice and a hearing, any of the orders set forth in subdivision (b). The court may issue, after notice and hearing, an order excluding a person from a residence or dwelling if the court finds that physical or emotional harm would otherwise result to the other party.

(f) In the discretion of the court, an order issued after notice and a hearing under this section may have a duration of not more than three years, subject to termination or modification by further order of the court either on written stipulation filed with the court or on the motion of a

party. These orders may be renewed upon the request of a party, either for three years or permanently, without a showing of any further abuse since the issuance of the original order, subject to termination or modification by further order of the court either on written stipulation filed with the court or on the motion of a party. The failure to state the expiration date on the face of the form creates an order with a duration of three years from the date of issuance.

(g) Upon the filing of a petition for protective orders under this section, the respondent shall be personally served with a copy of the petition, notice of the hearing or order to show cause, temporary restraining order, if any, and any affidavits in support of the petition. Service shall be made at least two days before the hearing. The court may, on motion of the petitioner or on its own motion, shorten the time for service on the respondent.

(h) The court may, upon the filing of an affidavit by the applicant that the respondent could not be served within the time required by statute, reissue an order previously issued and dissolved by the court for failure to serve the respondent. The reissued order shall be made returnable on the earliest day that the business of the court will permit, but not later than 20 days or, if good cause appears to the court, 25 days from the date of reissuance. The reissued order shall state on its face the date of expiration of the order.

(i) (1) If the person named in a temporary restraining order is personally served with the order and notice of hearing with respect to a restraining order or protective order based thereon, but the person does not appear at the hearing, either personally or by counsel, and the terms and conditions of the restraining order or protective order, are identical to the temporary restraining order, except for the duration of the order, then the restraining order or protective order may be served on the person by first-class mail sent to that person at the most current address for the person available to the court.

(2) The judicial form for orders issued pursuant to this subdivision shall contain a statement in substantially the following form:

“NO ADDITIONAL PROOF OF SERVICE IS REQUIRED IF THE FACE OF THIS FORM INDICATES THAT BOTH PARTIES WERE PERSONALLY PRESENT AT THE HEARING WHERE THE ORDER WAS ISSUED. IF YOU HAVE BEEN PERSONALLY SERVED WITH A TEMPORARY RESTRAINING ORDER OR EMERGENCY PROTECTIVE ORDER AND NOTICE OF HEARING, BUT YOU DO NOT APPEAR AT THE HEARING EITHER IN PERSON OR BY COUNSEL, AND A RESTRAINING ORDER OR PROTECTIVE ORDER IS ISSUED AT THE HEARING THAT DOES NOT DIFFER

FROM THE PRIOR TEMPORARY RESTRAINING ORDER OR EMERGENCY PROTECTIVE ORDER, A COPY OF THE ORDER WILL BE SERVED UPON YOU BY MAIL AT THE FOLLOWING ADDRESS _____. IF THAT ADDRESS IS NOT CORRECT OR YOU WISH TO VERIFY THAT THE TEMPORARY OR EMERGENCY ORDER WAS MADE PERMANENT WITHOUT SUBSTANTIVE CHANGE, CALL THE CLERK OF THE COURT AT _____."

(j) (1) The court shall order the petitioner or the attorney for the petitioner to deliver, or the clerk of the court to mail, a copy of an order issued under this section, or a reissuance, extension, modification, or termination of the order, and any subsequent proof of service, by the close of the business day on which the order, reissuance, extension, modification, or termination was made, to each local law enforcement agency designated by the petitioner or the attorney for the petitioner having jurisdiction over the residence of the petitioner, and to any additional law enforcement agencies within the court's discretion as are requested by the petitioner. Each appropriate law enforcement agency shall make available information as to the existence and current status of these orders to law enforcement officers responding to the scene of reported abuse.

(2) An order issued under this section shall, on request of the petitioner, be served on the respondent, whether or not the respondent has been taken into custody, by any law enforcement officer who is present at the scene of reported abuse involving the parties to the proceeding. The petitioner shall provide the officer with an endorsed copy of the order and a proof of service which the officer shall complete and send to the issuing court.

(3) Upon receiving information at the scene of an incident of abuse that a protective order has been issued under this section, or that a person who has been taken into custody is the respondent to that order, if the protected person cannot produce an endorsed copy of the order, a law enforcement officer shall immediately attempt to verify the existence of the order.

(4) If the law enforcement officer determines that a protective order has been issued, but not served, the officer shall immediately notify the respondent of the terms of the order and where a written copy of the order can be obtained and the officer shall at that time also enforce the order. The law enforcement officer's verbal notice of the terms of the order shall constitute service of the order and is sufficient notice for the purposes of this section and for the purposes of Section 273.6 of the Penal Code.

(k) Nothing in this section shall preclude either party from representation by private counsel or from appearing on the party's own behalf.

(l) There is no filing fee for a petition, response, or paper seeking the reissuance, modification, or enforcement of a protective order filed in a proceeding brought pursuant to this section.

(m) (1) Fees otherwise payable by a petitioner to a law enforcement agency for serving an order issued under this section may be waived in any case in which the petitioner has requested a fee waiver on the initiating petition and has filed a declaration that demonstrates, to the satisfaction of the court, the financial need of the petitioner for the fee waiver. The declaration required by this subdivision shall be on one of the following forms:

(A) The form formulated and adopted by the Judicial Council for litigants proceeding in forma pauperis pursuant to Section 68511.3 of the Government Code, but the petitioner is not subject to any other requirements of litigants proceeding in forma pauperis.

(B) Any other form that the Judicial Council may adopt for this purpose pursuant to subdivision (r).

(2) In conjunction with a hearing pursuant to this section, the court may make an order for the waiver of fees otherwise payable by the petitioner to a law enforcement agency for serving an order issued under this section.

(n) The prevailing party in any action brought under this section may be awarded court costs and attorney's fees, if any.

(o) (1) An order issued pursuant to this section shall prohibit the person subject to it from owning, possessing, purchasing, receiving, or attempting to purchase or receive, a firearm.

(2) Paragraph (1) shall not apply to a case consisting solely of financial abuse unaccompanied by force, threat, harassment, intimidation, or any other form of abuse.

(3) The court shall order a person subject to a protective order issued under this section to relinquish any firearms he or she owns or possesses pursuant to Section 527.9 of the Code of Civil Procedure.

1 of Division 3 of Title 2 of the Government Code that add substances to subdivision (a) if the substance is a precursor to a controlled substance and delete substances from subdivision (a). However, no regulation adding or deleting a substance shall have any effect beyond March 1 of the year following the calendar year during which the regulation was adopted.

(c) (1) (A) Any manufacturer, wholesaler, retailer, or other person or entity in this state, prior to selling, transferring, or otherwise furnishing any substance specified in subdivision (a) to any person or business entity in this state or any other state, shall require (A) a letter of authorization from that person or business entity that includes the currently valid business license number or federal Drug Enforcement Administration (DEA) registration number, the address of the business, and a full description of how the substance is to be used, and (B) proper identification from the purchaser. The manufacturer, wholesaler, retailer, or other person or entity in this state shall retain this information in a readily available manner for three years. The requirement for a full description of how the substance is to be used does not require the person or business entity to reveal their chemical processes that are typically considered trade secrets and proprietary information.

(B) For the purposes of this paragraph, "proper identification" for in-state or out-of-state purchasers includes two or more of the following: federal tax identification number; seller's permit identification number; city or county business license number; license issued by the California Department of Health Services; registration number issued by the Federal Drug Enforcement Administration; precursor business permit number issued by the Bureau of Narcotic Enforcement of the California Department of Justice; driver's license; or other identification issued by a state.

(2) (A) Any manufacturer, wholesaler, retailer, or other person or entity in this state that exports a substance specified in subdivision (a) to any person or business entity located in a foreign country shall, on or before the date of exportation, submit to the Department of Justice a notification of that transaction, which notification shall include the name and quantity of the substance to be exported and the name, address, and, if assigned by the foreign country or subdivision thereof, business identification number of the person or business entity located in a foreign country importing the substance.

(B) The department may authorize the submission of the notification on a monthly basis with respect to repeated, regular transactions between an exporter and an importer involving a substance specified in subdivision (a), if the department determines that a pattern of regular supply of the substance exists between the exporter and importer and that the importer

has established a record of utilization of the substance for lawful purposes.

(d) (1) Any manufacturer, wholesaler, retailer, or other person or entity in this state that sells, transfers, or otherwise furnishes a substance specified in subdivision (a) to a person or business entity in this state or any other state shall, not less than 21 days prior to delivery of the substance, submit a report of the transaction, which includes the identification information specified in subdivision (c), to the Department of Justice. The Department of Justice may authorize the submission of the reports on a monthly basis with respect to repeated, regular transactions between the furnisher and the recipient involving the substance or substances if the Department of Justice determines that a pattern of regular supply of the substance or substances exists between the manufacturer, wholesaler, retailer, or other person or entity that sells, transfers, or otherwise furnishes the substance or substances and the recipient of the substance or substances, and the recipient has established a record of utilization of the substance or substances for lawful purposes.

(2) The person selling, transferring, or otherwise furnishing any substance specified in subdivision (a) shall affix his or her signature or otherwise identify himself or herself as a witness to the identification of the purchaser or purchasing individual, and shall, if a common carrier is used, maintain a manifest of the delivery to the purchaser for three years.

(e) This section shall not apply to any of the following:

(1) Any pharmacist or other authorized person who sells or furnishes a substance upon the prescription of a physician, dentist, podiatrist, or veterinarian.

over the counter without a prescription pursuant to the federal Food, Drug, and Cosmetic Act (21 U.S.C. Sec. 301 et seq.) or regulations adopted thereunder. However, this section shall apply to preparations in solid or liquid dosage form, except pediatric liquid forms, as defined, containing ephedrine, pseudoephedrine, norpseudoephedrine, or phenylpropanolamine where the individual transaction involves more than three packages or nine grams of ephedrine, pseudoephedrine, norpseudoephedrine, or phenylpropanolamine.

(B) Any ephedrine, pseudoephedrine, norpseudoephedrine, or phenylpropanolamine product subsequently removed from exemption pursuant to Section 814 of Title 21 of the United States Code shall similarly no longer be exempt from any state reporting or permitting requirement, unless otherwise reinstated pursuant to subdivision (d) or (e) of Section 814 of Title 21 of the United States Code as an exempt product.

(2) Any person specified in subdivision (a) or (d) who has previously been convicted of a violation of paragraph (1) shall, upon a subsequent conviction thereof, be punished by imprisonment in the state prison, or by imprisonment in a county jail not exceeding one year, by a fine not exceeding one hundred thousand dollars (\$100,000), or by both the fine and imprisonment.

(g) (1) Except as otherwise provided in subparagraph (A) of paragraph (6) of subdivision (e), it is unlawful for any manufacturer, wholesaler, retailer, or other person to sell, transfer, or otherwise furnish a substance specified in subdivision (a) to a person under 18 years of age.

(2) Except as otherwise provided in subparagraph (A) of paragraph (6) of subdivision (e), it is unlawful for any person under 18 years of age to possess a substance specified in subdivision (a).

(3) Notwithstanding any other law, it is unlawful for any retail distributor to (i) sell in a single transaction more than three packages of a product that he or she knows to contain ephedrine, pseudoephedrine,

norpseudoephedrine, or phenylpropanolamine, or (ii) knowingly sell more than nine grams of ephedrine, pseudoephedrine, norpseudoephedrine, or phenylpropanolamine, other than pediatric liquids as defined. Except as otherwise provided in this section, the three package per transaction limitation or nine gram per transaction limitation imposed by this paragraph shall apply to any product that is lawfully sold, transferred, or furnished over the counter without a prescription pursuant to the federal Food, Drug, and Cosmetic Act (21 U.S.C. Sec. 301 et seq.), or regulations adopted thereunder, unless exempted from the requirements of the federal Controlled Substances Act by the federal Drug Enforcement Administration pursuant to Section 814 of Title 21 of the United States Code.

(4) (A) A first violation of this subdivision is a misdemeanor.

(B) Any person who has previously been convicted of a violation of this subdivision shall, upon a subsequent conviction thereof, be punished by imprisonment in a county jail not exceeding one year, by a fine not exceeding ten thousand dollars (\$10,000), or by both the fine and imprisonment.

(h) For the purposes of this article, the following terms have the following meanings:

(1) "Drug store" is any entity described in Code 5912 of the Standard Industrial Classification (SIC) Manual published by the United States Office of Management and Budget, 1987 edition.

(2) "General merchandise store" is any entity described in Codes 5311 to 5399, inclusive, and Code 5499 of the Standard Industrial Classification (SIC) Manual published by the United States Office of Management and Budget, 1987 edition.

(3) "Grocery store" is any entity described in Code 5411 of the Standard Industrial Classification (SIC) Manual published by the United States Office of Management and Budget, 1987 edition.

(4) "Pediatric liquid" means a nonencapsulated liquid whose unit measure according to product labeling is stated in milligrams, ounces, or other similar measure. In no instance shall the dosage units exceed 15 milligrams of phenylpropanolamine or pseudoephedrine per five milliliters of liquid product, except for liquid products primarily intended for administration to children under two years of age for which the recommended dosage unit does not exceed two milliliters and the total package content does not exceed one fluid ounce.

(5) "Retail distributor" means a grocery store, general merchandise store, drugstore, or other related entity, the activities of which, as a distributor of ephedrine, pseudoephedrine, norpseudoephedrine, or phenylpropanolamine products, are limited exclusively to the sale of ephedrine, pseudoephedrine, norpseudoephedrine, or

phenylpropanolamine products for personal use both in number of sales and volume of sales, either directly to walk-in customers or in face-to-face transactions by direct sales. "Retail distributor" includes an entity that makes a direct sale, but does not include the parent company of that entity if the company is not involved in direct sales regulated by this article.

(6) "Sale for personal use" means the sale in a single transaction to an individual customer for a legitimate medical use of a product containing ephedrine, pseudoephedrine, norpseudoephedrine, or phenylpropanolamine in dosages at or below that specified in paragraph (3) of subdivision (g). (a) Any manufacturer, wholesaler, retailer, or other person or entity in this state that obtains from a source outside of this state any substance specified in subdivision (a) of Section 11100 shall submit a report of that transaction to the Department of Justice 21 days in advance of obtaining the substance. However, the Department of Justice may authorize the submission of reports within 72 hours, or within a timeframe and in a manner acceptable to the Department of Justice, after the actual physical obtaining of a specified substance with respect to repeated

transactions between a furnisher and an obtainer involving the substances, if the Department of Justice determines that the obtainer has established a record of utilization of the substances for lawful purposes. This section does not apply to any person whose prescribing or dispensing activities are subject to the reporting requirements set forth in Section 11164; any manufacturer or wholesaler who is licensed by the California State Board of Pharmacy and also registered with the federal Drug Enforcement Administration of the United States Department of Justice; any analytical research facility that is registered with the federal Drug Enforcement Administration of the United States Department of Justice; or any state-licensed health care facility.

(b) (1) Any person specified in subdivision (a) who does not submit a report as required by that subdivision shall be punished by imprisonment in a county jail not exceeding six months, by a fine not exceeding five thousand dollars (\$5,000), or by both that fine and imprisonment.

Sec. 301 et seq.) or regulations adopted thereunder.

(3) A permit shall be required for the sale, transfer, furnishing, or obtaining of preparations in solid or liquid dosage form containing ephedrine, pseudoephedrine, norpseudoephedrine, or phenylpropanolamine, unless (A) the transaction involves the sale of ephedrine, pseudoephedrine, norpseudoephedrine, or phenylpropanolamine products by retail distributors as defined by this article over the counter and without a prescription, or (B) the transaction is made by a person or business entity exempted from the permitting requirements of this subdivision under paragraph (1).

and 13300 of the Penal Code, including, but not limited to, records of convictions, regardless of whether those convictions have been expunged pursuant to Section 1203.4 of the Penal Code, and any arrests pending adjudication.

(f) The department may retain jurisdiction of a canceled or expired permit in order to proceed with any investigation or disciplinary action relating to a permittee.

(g) The department may grant permits on forms prescribed by it, which shall be effective for not more than one year from the date of issuance and which shall not be transferable. Applications and permits shall be uniform throughout the state, on forms prescribed by the department.

These exemptions may only be obtained upon the written request of the applicant.

[Approved by Governor October 4, 2005. Filed with
Secretary of State October 4, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1261.6 of the Health and Safety Code is amended to read:

(2) For purposes of this section, “facility” means a health facility licensed pursuant to subdivision (c), (d), or both, of Section 1250 that has an automated drug delivery system provided by a pharmacy.

(3) For purposes of this section, “pharmacy services” means the provision of both routine and emergency drugs and biologicals to meet the needs of the patient as prescribed by a physician.

(b) Transaction information shall be made readily available in a written format for review and inspection by individuals authorized by law. These records shall be maintained in the facility for a minimum of three years.

(c) Individualized and specific access to automated drug delivery systems shall be limited to facility and contract personnel authorized by law to administer drugs.

(d) (1) The facility and the pharmacy shall develop and implement written policies and procedures to ensure safety, accuracy, accountability, security, patient confidentiality, and maintenance of the quality, potency, and purity of stored drugs. Policies and procedures shall define access to the automated drug delivery system and limits to access to equipment and drugs.

(2) All policies and procedures shall be maintained at the pharmacy operating the automated drug delivery system and the location where the automated drug delivery system is being used.

(e) When used as an emergency pharmaceutical supplies container, drugs removed from the automated drug delivery system shall be limited to the following:

(1) A new drug order given by a prescriber for a patient of the facility for administration prior to the next scheduled delivery from the pharmacy, or 72 hours, whichever is less. The drugs shall be retrieved only upon authorization by a pharmacist and after the pharmacist has reviewed the prescriber's order and the patient's profile for potential contraindications and adverse drug reactions.

(2) Drugs that a prescriber has ordered for a patient on an as-needed basis, if the utilization and retrieval of those drugs are subject to ongoing review by a pharmacist.

(3) Drugs designed by the patient care policy committee or pharmaceutical service committee of the facility as emergency drugs or acute onset drugs. These drugs may be retrieved from an automated drug delivery system pursuant to the order of a prescriber for emergency or immediate administration to a patient of the facility. Within 48 hours after retrieval under this paragraph, the case shall be reviewed by a pharmacist.

(f) When used to provide pharmacy services pursuant to Section 4119.1 of the Business and Professions Code, the automated drug delivery system shall be subject to all of the following requirements:

(1) Drugs removed from the automated drug delivery system for administration to a patient shall be in properly labeled units of administration containers or packages.

(2) A pharmacist shall review and approve all orders prior to a drug being removed from the automated drug delivery system for administration to a patient. The pharmacist shall review the prescriber's order and the patient's profile for potential contraindications and adverse drug reactions.

(3) The pharmacy providing services to the facility pursuant to Section 4119.1 of the Business and Professions Code shall control access to the drugs stored in the automated drug delivery system.

(4) Access to the automated drug delivery system shall be controlled and tracked using an identification or password system or biosensor.

(5) The automated drug delivery system shall make a complete and accurate record of all transactions which will include all users accessing the system and all drugs added to or removed from the system.

(6) After the pharmacist reviews the prescriber's order, access by licensed personnel to the automated drug delivery system shall be limited

only to the drug as ordered by the prescriber and reviewed by the pharmacist and that is specific to the patient. When the prescriber's order requires a dosage variation of the same drug, licensed personnel shall only have access to the drug ordered for that scheduled time of administration.

(g) The stocking of an automated drug delivery system shall be performed by a pharmacist. If the automated drug delivery system utilizes removable pockets or drawers, or similar technology, the stocking system may be done outside of the facility and be delivered to the facility if all of the following conditions are met:

(1) The task of placing drugs into the removable pockets or drawers is performed by a pharmacist or by an intern pharmacist or a pharmacy technician working under the direct supervision of a pharmacist.

(2) The removable pockets or drawers are transported between the pharmacy and the facility in a secure tamper-evident container.

(3) The facility, in conjunction with the pharmacy, has developed policies and procedures to ensure that the pockets or drawers are properly placed into the automated drug delivery system.

(h) Review of the drugs contained within, and the operation and maintenance of, the automated drug delivery system shall be done in accordance with law and shall be the responsibility of the pharmacy. The review shall be conducted on a monthly basis by a pharmacist and shall include a physical inspection of the drugs in the automated drug delivery system, an inspection of the automated drug delivery system machine for cleanliness, and a review of all transaction records in order to verify the security and accountability of the system.

(i) Drugs dispensed from an automated drug delivery system that meets the requirements of this section shall not be subject to the labeling requirements of Section 4076 of the Business and Professions Code or Section 111480 of this code if the drugs to be placed into the automated drug delivery system are in unit dose packaging or unit of use and if the information required by Section 4076 of the Business and Professions Code and Section 111480 of this code is readily available at the time of drug administration.

The department may require from the Department of Justice the information necessary to implement this section.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to prevent funding of drugs or other therapies prescribed for erectile dysfunction for use by high-risk sex offenders and to make statutory changes related to automated drug delivery systems, as soon as possible, it is necessary that this act take effect immediately.

The fees, after deduction of the administrative costs incurred by the department in carrying out this section, shall be paid quarterly to the Controller.

(2) In addition to the one-dollar (\$1) service fee, and upon the implementation of the permanent trailer identification plate program, and as part of the Commercial Vehicle Registration Act of 2001, all commercial motor vehicles subject to Section 9400.1 registered to an owner with an address in the county that established a service authority under this section, shall pay an additional service fee of two dollars (\$2).

(c) Money allocated to a county pursuant to subdivision (b) shall be expended exclusively to fund programs that enhance the capacity of local law enforcement to provide automated mobile and fixed location fingerprint identification of individuals who may be involved in driving under the influence of alcohol or drugs in violation of Section 23152 or 23153, or vehicular manslaughter in violation of Section 191.5 of the Penal Code or subdivision (c) of Section 192 of the Penal Code, or any combination of those and other vehicle-related crimes, and other crimes committed while operating a motor vehicle.

public agency. A local law enforcement agency that provides the data may charge a fee to cover its actual costs in providing that data.

(e) (1) No money collected pursuant to this section shall be used to offset a reduction in any other source of funds for the purposes authorized under this section.

(2) Funds collected pursuant to this section, upon recommendation of local or regional Remote Access Network Boards to the board of supervisors, shall be used exclusively for the purchase, by competitive bidding procedures, and the operation of equipment which is compatible with the Department of Justice's Cal-ID master plan, as described in Section 11112.2 of the Penal Code, and the equipment shall interface in a manner that is in compliance with the requirement described in the Criminal Justice Information Services, Electronic Fingerprint Transmission Specification, prepared by the Federal Bureau of Investigation and dated August 24, 1995.

The listing shall detail the make and model number of the equipment, and include a succinct description of the related infrastructure items, law enforcement enhancement programs, and the classification or title of any personnel.

(5) How the use of the funds benefits the motoring public.

(g) For each county that fails to submit the report required pursuant to subdivision (f) by November 1 of each year, the Controller shall notify the Department of Motor Vehicles to suspend the fee for that county imposed pursuant to subdivision (a) for one year.

(h) If any funds received by a county pursuant to subdivision (a) are not expended or encumbered in accordance with this section by the close of the fiscal year in which the funds were received, the Controller shall notify the Department of Motor Vehicles to suspend the fee for that

county imposed pursuant to subdivision (a) for one year. For purposes of this subdivision, “encumbered funds” means funding that is scheduled to be spent pursuant to a determined schedule and for an identified purchase consistent with this section.

The Controller shall attach to the revenue and expenditure summary the documents provided by each county pursuant to paragraphs (4) and (5) of subdivision (f).

(j) This section shall remain in effect only until January 1, 2012, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2012, deletes or extends that date. No fee imposed pursuant to this section may be collected beyond that date.

The court, upon proof of the service of the subpoena or order, may issue a warrant to the sheriff of the county in which the witness or person may be located and shall, upon payment of fees as provided for in Section 26744 of the Government Code, arrest the witness or person and bring him or her before the court.

(2) Before issuing a warrant for a failure to appear pursuant to a subpoena pursuant to this section, the court shall issue a "failure to appear" notice informing the person subject to the subpoena that a failure to appear in response to the notice may result in the issuance of a warrant. This notice requirement may be omitted only upon a showing that the appearance of the person subject to the subpoena is material to the case and that urgency dictates the person's immediate appearance.

Any person so arrested shall be released from custody if he or she cannot be brought before the court within 12 hours of arrest, and the person shall not be arrested if the court will not be in session during the 12-hour period following the arrest.
 - (8) A statement indicating the expiration date of the warrant as determined by the court.

In addition, the notice shall advise the person arrested of the provisions of Section 1992.

Except for law enforcement purposes relating to the identity of the arrestee, no person or entity may sell, give away, allow the distribution of, include in a database, or create a database with, this print. Upon the signing of the duplicate notice, the arresting officer shall immediately release the person arrested from custody.

(e) The sheriff shall, as soon as practicable, file the original notice with the issuing court. The notice may be electronically transmitted to the court.

(f) The person arrested shall be released unless one of the following is a reason for nonrelease, in which case the arresting officer either may release the person or shall indicate, on a form to be established by his or her employing law enforcement agency, which of the following was a reason for the nonrelease:

(1) The person arrested was so intoxicated that he or she could have been a danger to himself or herself or to others.

(a) The assessment shall not become effective until at least 10 calendar days after the court mails a warning notice to the person by first-class mail to the address shown on the promise to appear or to the person's last known address. If the person appears within the time specified in the notice and shows good cause for the failure to appear or for the failure to pay a fine, the court shall vacate the assessment.

(b) The assessment imposed under subdivision (a) may be enforced in the same manner as a money judgment in a limited civil case, and

shall be subject to the due process requirements governing defense of actions and collection of civil money judgments generally.

SEC. 6. Section 1994 of the Code of Civil Procedure is amended to read:

1994. Every warrant of commitment, issued by a court or officer pursuant to this chapter, shall specify therein, particularly, the cause of the commitment, and if it be for refusing to answer a question, that question shall be stated in the warrant.

CHAPTER 475

An act to amend Section 23109 of the Vehicle Code, relating to vehicles.

[Approved by Governor October 4, 2005. Filed with
Secretary of State October 4, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 23109 of the Vehicle Code is amended to read:

23109. (a) A person shall not engage in a motor vehicle speed contest on a highway. As used in this section, a motor vehicle speed contest includes a motor vehicle race against another vehicle, a clock, or other timing device. For purposes of this section, an event in which the time to cover a prescribed route of more than 20 miles is measured, but where the vehicle does not exceed the speed limits, is not a speed contest.

(b) A person shall not aid or abet in any motor vehicle speed contest on any highway.

(c) A person shall not engage in any motor vehicle exhibition of speed on a highway, and no person shall aid or abet in a motor vehicle exhibition of speed on any highway.

(d) A person shall not for the purpose of facilitating or aiding or as an incident to any motor vehicle speed contest or exhibition upon a highway in any manner obstruct or place a barricade or obstruction or assist or participate in placing a barricade or obstruction upon any highway.

(e) (1) A person convicted of a violation of subdivision (a) shall be punished by imprisonment in a county jail for not less than 24 hours nor more than 90 days or by a fine of not less than three hundred fifty-five dollars (\$355) nor more than one thousand dollars (\$1,000), or by both that fine and imprisonment. That person shall also be required to perform 40 hours of community service. The court may order the privilege to operate a motor vehicle suspended for 90 days to six months, as provided in paragraph (8) of subdivision (a) of Section 13352. The person's privilege to operate a motor vehicle may be restricted for 90 days to six months to necessary travel to and from that person's place of employment and, if driving a motor vehicle is necessary to perform the duties of the person's employment, restricted to driving in that person's scope of employment. This subdivision does not interfere with the court's power to grant probation in a suitable case.

(2) If a person is convicted of a violation of subdivision (a) and that violation proximately causes bodily injury to a person other than the driver, the person convicted is punishable by imprisonment in a county jail for not less than 30 days nor more than six months or by a fine of not less than five hundred dollars (\$500) nor more than one thousand dollars (\$1,000), or by both the fine and imprisonment.

(f) (1) If a person is convicted of a violation of subdivision (a) for an offense that occurred within five years of the date of a prior offense that resulted in a conviction of a violation of subdivision (a), that person shall be punished by imprisonment in a county jail for not less than four

days nor more than six months, and by a fine of not less than five hundred dollars (\$500) nor more than one thousand dollars (\$1,000).

(2) If the perpetration of the most recent offense within the five-year period described in paragraph (1) proximately causes bodily injury to a person other than the driver, a person convicted of that second violation shall be imprisoned in a county jail for not less than 30 days nor more than six months and by a fine of not less than five hundred dollars (\$500) nor more than one thousand dollars (\$1,000).

(3) If the perpetration of the most recent offense within the five-year period described in paragraph (1) proximately causes serious bodily injury, as defined in paragraph (4) of subdivision (f) of Section 243 of the Penal Code, to a person other than the driver, a person convicted of that second violation shall be imprisoned in the state prison, or in a county jail for not less than 30 days nor more than one year, and by a fine of not less than five hundred dollars (\$500) nor more than one thousand dollars (\$1,000).

(4) The court shall order the privilege of a person convicted under paragraph (1), (2), or (3), to operate a motor vehicle suspended for a period of six months, as provided in paragraph (9) of subdivision (a) of Section 13352. In lieu of the suspension, the person's privilege to operate a motor vehicle may be restricted for six months to necessary travel to and from that person's place of employment and, if driving a motor vehicle is necessary to perform the duties of the person's employment, restricted to driving in that person's scope of employment. This subdivision does not interfere with the court's power to grant probation in a suitable case.

(g) If the court grants probation to any person punishable under subdivision (f), in addition to the provisions of subdivision (f) and any other terms and conditions imposed by the court, which may include a fine, the court shall impose as a condition of probation that the person be confined in a county jail for not less than 48 hours nor more than six months. The court shall order the person's privilege to operate a motor vehicle to be suspended for a period of six months, as provided in paragraph (9) of subdivision (a) of Section 13352 or restricted pursuant to subdivision (f).

(h) If a person is convicted of a violation of subdivision (a) and the vehicle used in the violation is registered to that person, the vehicle may be impounded at the registered owner's expense for not less than one day nor more than 30 days.

(i) Any person who violates subdivision (b), (c), or (d) of this section shall upon conviction thereof be punished by imprisonment in a county jail for not more than 90 days or by a fine of not more than five hundred dollars (\$500) or by both that fine and imprisonment.

(j) If a person's privilege to operate a motor vehicle is restricted by a court pursuant to this section, the court shall clearly mark the restriction and the dates of the restriction on that person's driver's license and promptly notify the Department of Motor Vehicles of the terms of the restriction in a manner prescribed by the department. The Department of Motor Vehicles shall place that restriction in the person's records in the Department of Motor Vehicles and enter the restriction on any license subsequently issued by the Department of Motor Vehicles to that person during the period of the restriction.

(k) The court may order that any person convicted under this section, who is to be punished by imprisonment in a county jail, be imprisoned on days other than days of regular employment of the person, as determined by the court.

(l) This section shall be known and may be cited as the Louis Friend Memorial Act.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 476

[Approved by Governor October 4, 2005. Filed with
Secretary of State October 4, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 6254 of the Government Code is amended to read:

6254. Except as provided in Sections 6254.7 and 6254.13, nothing in this chapter shall be construed to require disclosure of records that are any of the following:

(a) Preliminary drafts, notes, or interagency or intra-agency memoranda that are not retained by the public agency in the ordinary

course of business, provided that the public interest in withholding those records clearly outweighs the public interest in disclosure.

(b) Records pertaining to pending litigation to which the public agency is a party, or to claims made pursuant to Division 3.6 (commencing with Section 810), until the pending litigation or claim has been finally adjudicated or otherwise settled.

(c) Personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy.

(d) Contained in or related to any of the following:

(1) Applications filed with any state agency responsible for the regulation or supervision of the issuance of securities or of financial institutions, including, but not limited to, banks, savings and loan associations, industrial loan companies, credit unions, and insurance companies.

(f) Records of complaints to, or investigations conducted by, or records of intelligence information or security procedures of, the office of the Attorney General and the Department of Justice, and any state or local police agency, or any investigatory or security files compiled by any other state or local police agency, or any investigatory or security files compiled by any other state or local agency for correctional, law enforcement, or licensing purposes, except that state and local law enforcement agencies shall disclose the names and addresses of persons involved in, or witnesses other than confidential informants to, the incident, the description of any property involved, the date, time, and location of the incident, all diagrams, statements of the parties involved in the incident, the statements of all witnesses, other than confidential informants, to the victims of an incident, or an authorized representative thereof, an insurance carrier against which a claim has been or might be made, and any person suffering bodily injury or property damage or loss, as the result of the incident caused by arson, burglary, fire, explosion, larceny, robbery, carjacking, vandalism, vehicle theft, or a crime as defined by subdivision (b) of Section 13951, unless the disclosure would endanger the safety of a witness or other person involved in the

investigation, or unless disclosure would endanger the successful completion of the investigation or a related investigation. However, nothing in this division shall require the disclosure of that portion of those investigative files that reflect the analysis or conclusions of the investigating officer.

Customer lists provided to a state or local police agency by an alarm or security company at the request of the agency shall be construed to be records subject to this subdivision.

Notwithstanding any other provision of this subdivision, state and local law enforcement agencies shall make public the following information, except to the extent that disclosure of a particular item of information would endanger the safety of a person involved in an investigation or would endanger the successful completion of the investigation or a related investigation:

(1) The full name and occupation of every individual arrested by the agency, the individual's physical description including date of birth, color of eyes and hair, sex, height and weight, the time and date of arrest, the time and date of booking, the location of the arrest, the factual circumstances surrounding the arrest, the amount of bail set, the time and manner of release or the location where the individual is currently being held, and all charges the individual is being held upon, including any outstanding warrants from other jurisdictions and parole or probation holds.

(2) Subject to the restrictions imposed by Section 841.5 of the Penal Code, the time, substance, and location of all complaints or requests for assistance received by the agency and the time and nature of the response thereto, including, to the extent the information regarding crimes alleged or committed or any other incident investigated is recorded, the time, date, and location of occurrence, the time and date of the report, the name and age of the victim, the factual circumstances surrounding the crime or incident, and a general description of any injuries, property, or weapons involved. The name of a victim of any crime defined by Section 220, 261, 261.5, 262, 264, 264.1, 273a, 273d, 273.5, 286, 288, 288a, 289, 422.6, 422.7, 422.75, or 646.9 of the Penal Code may be withheld at the victim's request, or at the request of the victim's parent or guardian if the victim is a minor. When a person is the victim of more than one crime, information disclosing that the person is a victim of a crime defined by Section 220, 261, 261.5, 262, 264, 264.1, 273a, 273d, 286, 288, 288a, 289, 422.6, 422.7, 422.75, or 646.9 of the Penal Code may be deleted at the request of the victim, or the victim's parent or guardian if the victim is a minor, in making the report of the crime, or of any crime or incident accompanying the crime, available to the public in compliance with the requirements of this paragraph.

(3) Subject to the restrictions of Section 841.5 of the Penal Code and this subdivision, the current address of every individual arrested by the agency and the current address of the victim of a crime, where the requester declares under penalty of perjury that the request is made for a scholarly, journalistic, political, or governmental purpose, or that the request is made for investigation purposes by a licensed private investigator as described in Chapter 11.3 (commencing with Section 7512) of Division 3 of the Business and Professions Code, except that the address of the victim of any crime defined by Section 220, 261, 261.5, 262, 264, 264.1, 273a, 273d, 273.5, 286, 288, 288a, 289, 422.6, 422.7, 422.75, or 646.9 of the Penal Code shall remain confidential. Address information obtained pursuant to this paragraph may not be used directly or indirectly, or furnished to another, to sell a product or service to any individual or group of individuals, and the requester shall execute a declaration to that effect under penalty of perjury. Nothing in this paragraph shall be construed to prohibit or limit a scholarly, journalistic, political, or government use of address information obtained pursuant to this paragraph.

(g) Test questions, scoring keys, and other examination data used to administer a licensing examination, examination for employment, or academic examination, except as provided for in Chapter 3 (commencing with Section 99150) of Part 65 of the Education Code.

However, the law of eminent domain shall not be affected by this provision.

(i) Information required from any taxpayer in connection with the collection of local taxes that is received in confidence and the disclosure of the information to other persons would result in unfair competitive disadvantage to the person supplying the information.

(j) Library circulation records kept for the purpose of identifying the borrower of items available in libraries, and library and museum materials made or acquired and presented solely for reference or exhibition purposes. The exemption in this subdivision shall not apply to records of fines imposed on the borrowers.

(l) Correspondence of and to the Governor or employees of the Governor's office or in the custody of or maintained by the Governor's Legal Affairs Secretary, provided that public records shall not be

transferred to the custody of the Governor's Legal Affairs Secretary to evade the disclosure provisions of this chapter.

(m) In the custody of or maintained by the Legislative Counsel, except those records in the public database maintained by the Legislative Counsel that are described in Section 10248.

(n) Statements of personal worth or personal financial data required by a licensing agency and filed by an applicant with the licensing agency to establish his or her personal qualification for the license, certificate, or permit applied for.

(o) Financial data contained in applications for financing under Division 27 (commencing with Section 44500) of the Health and Safety Code, where an authorized officer of the California Pollution Control Financing Authority determines that disclosure of the financial data would be competitively injurious to the applicant and the data is required in order to obtain guarantees from the United States Small Business Administration. The California Pollution Control Financing Authority shall adopt rules for review of individual requests for confidentiality under this section and for making available to the public those portions of an application that are subject to disclosure under this chapter.

Except for the portion of a contract containing the rates of payment, contracts for inpatient services entered into pursuant to these articles, on or after April 1, 1984, shall be open to inspection one year after they are fully executed. In the event that a contract for inpatient services that

is entered into prior to April 1, 1984, is amended on or after April 1, 1984, the amendment, except for any portion containing the rates of payment, shall be open to inspection one year after it is fully executed. to demonstrate the interest protected by this limitation and the need for protecting that interest:

In order to ensure that important economic infrastructure, including, but not limited to, the manufacturing, transportation, refining, and processing industries, is protected from terrorist attack, it is necessary that critical infrastructure information, as defined in Section 131(3) of Title 6 of the United States Code, that is voluntarily submitted to the California Office of Homeland Security for use by that office, be exempt from disclosure under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

In order to ensure that important economic infrastructure is protected from terrorist attack, it is necessary for this act to take effect immediately.

(b) No time during which prosecution of the same person for the same conduct is pending in a court of this state is a part of a limitation of time prescribed in this chapter.

(c) A limitation of time prescribed in this chapter does not commence to run until the discovery of an offense described in this subdivision. This subdivision applies to an offense punishable by imprisonment in the state prison, a material element of which is fraud or breach of a fiduciary obligation, the commission of the crimes of theft or embezzlement upon an elder or dependent adult, or the basis of which is misconduct in office by a public officer, employee, or appointee, including, but not limited to, the following offenses:

(1) Grand theft of any type, forgery, falsification of public records, or acceptance of a bribe by a public official or a public employee.

(2) A violation of Section 72, 118, 118a, 132, 134, or 186.10.

(7) A violation of Section 580, 581, 582, 583, or 584 of the Business and Professions Code.

(8) A violation of Section 22430 of the Business and Professions Code.

(9) A violation of Section 10690 of the Health and Safety Code.

(10) A violation of Section 529a.

(11) A violation of subdivision (d) or (e) of Section 368.

(d) If the defendant is out of the state when or after the offense is committed, the prosecution may be commenced as provided in Section 804 within the limitations of time prescribed by this chapter, and no time up to a maximum of three years during which the defendant is not within the state shall be a part of those limitations.

(e) A limitation of time prescribed in this chapter does not commence to run until the offense has been discovered, or could have reasonably been discovered, with regard to offenses under Division 7 (commencing with Section 13000) of the Water Code, under Chapter 6.5 (commencing with Section 25100) of, Chapter 6.7 (commencing with Section 25280) of, or Chapter 6.8 (commencing with Section 25300) of, Division 20 of, or Part 4 (commencing with Section 41500) of Division 26 of, the Health and Safety Code, or under Section 386, or offenses under Chapter 5 (commencing with Section 2000) of Division 2 of, Chapter 9 (commencing with Section 4000) of Division 2 of, Section 6126 of, Chapter 10 (commencing with Section 7301) of Division 3 of, or Chapter 19.5 (commencing with Section 22440) of Division 8 of, the Business and Professions Code.

(f) (1) Notwithstanding any other limitation of time described in this chapter, a criminal complaint may be filed within one year of the date of a report to a California law enforcement agency by a person of any age alleging that he or she, while under the age of 18 years, was the victim of a crime described in Section 261, 286, 288, 288a, 288.5, or 289, or Section 289.5, as enacted by Chapter 293 of the Statutes of 1991 relating to penetration by an unknown object.

(2) This subdivision applies only if all of the following occur:

(A) The limitation period specified in Section 800, 801, or 801.1, whichever is later, has expired.

(B) The crime involved substantial sexual conduct, as described in subdivision (b) of Section 1203.066, excluding masturbation that is not mutual.

(C) There is independent evidence that corroborates the victim's allegation. If the victim was 21 years of age or older at the time of the report, the independent evidence shall clearly and convincingly corroborate the victim's allegation.

(3) No evidence may be used to corroborate the victim's allegation that otherwise would be inadmissible during trial. Independent evidence does not include the opinions of mental health professionals.

(4) (A) In a criminal investigation involving any of the crimes listed in paragraph (1) committed against a child, when the applicable limitations period has not expired, that period shall be tolled from the time a party initiates litigation challenging a grand jury subpoena until

the end of the litigation, including any associated writ or appellate proceeding, or until the final disclosure of evidence to the investigating or prosecuting agency, if that disclosure is ordered pursuant to the subpoena after the litigation.

(B) Nothing in this subdivision affects the definition or applicability of any evidentiary privilege.

(C) This subdivision shall not apply where a court finds that the grand jury subpoena was issued or caused to be issued in bad faith.

(g) (1) Notwithstanding any other limitation of time described in this chapter, a criminal complaint may be filed within one year of the date on which the identity of the suspect is conclusively established by DNA testing, if both of the following conditions are met:

(A) The crime is one that is described in subparagraph (A) of paragraph (2) of subdivision (a) of Section 290.

(B) The offense was committed prior to January 1, 2001, and biological evidence collected in connection with the offense is analyzed for DNA type no later than January 1, 2004, or the offense was committed on or after January 1, 2001, and biological evidence collected in connection with the offense is analyzed for DNA type no later than two years from the date of the offense.

(2) For purposes of this section, "DNA" means deoxyribonucleic acid.

(h) For any crime, the proof of which depends substantially upon evidence that was seized under a warrant, but which is unavailable to the prosecuting authority under the procedures described in *People v. Superior Court (Laff)* (2001) 25 Cal.4th 703, *People v. Superior Court (Bauman & Rose)* (1995) 37 Cal.App.4th 1757, or subdivision (c) of Section 1524, relating to claims of evidentiary privilege or attorney work product, the limitation of time prescribed in this chapter shall be tolled from the time of the seizure until final disclosure of the evidence to the prosecuting authority. Nothing in this section otherwise affects the definition or applicability of any evidentiary privilege or attorney work product.

CHAPTER 480

An act to amend Section 1347 of the Penal Code, relating to criminal procedure.

[Approved by Governor October 4, 2005. Filed with
Secretary of State October 4, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1347 of the Penal Code is amended to read:

1347. (a) It is the intent of the Legislature in enacting this section to provide the court with discretion to employ alternative court procedures to protect the rights of a child witness, the rights of the defendant, and the integrity of the judicial process. In exercising its discretion, the court necessarily will be required to balance the rights of the defendant or defendants against the need to protect a child witness and to preserve the integrity of the court's truthfinding function. This discretion is intended to be used selectively when the facts and circumstances in the individual case present compelling evidence of the need to use these alternative procedures.

(b) Notwithstanding any other law, the court in any criminal proceeding, upon written notice by the prosecutor made at least three days prior to the date of the preliminary hearing or trial date on which the testimony of the minor is scheduled, or during the course of the proceeding on the court's own motion, may order that the testimony of a minor 13 years of age or younger at the time of the motion be taken by contemporaneous examination and cross-examination in another place and out of the presence of the judge, jury, defendant or defendants, and attorneys, and communicated to the courtroom by means of closed-circuit television, if the court makes all of the following findings:

(1) The minor's testimony will involve a recitation of the facts of any of the following:

(A) An alleged sexual offense committed on or with the minor.

(B) An alleged violent felony, as defined in subdivision (c) of Section 667.5, of which the minor is a victim.

(C) An alleged felony offense specified in Section 273a or 273d of which the minor is a victim.

(2) The impact on the minor of one or more of the factors enumerated in subparagraphs (A) to (E), inclusive, is shown by clear and convincing evidence to be so substantial as to make the minor unavailable as a witness unless closed-circuit testimony is used.

(A) Testimony by the minor in the presence of the defendant would result in the child suffering serious emotional distress so that the child would be unavailable as a witness.

(B) The defendant used a deadly weapon in the commission of the offense.

(C) The defendant threatened serious bodily injury to the child or the child's family, threatened incarceration or deportation of the child or a member of the child's family, threatened removal of the child from the child's family, or threatened the dissolution of the child's family in order

to prevent or dissuade the minor from attending or giving testimony at any trial or court proceeding, or to prevent the minor from reporting the alleged sexual offense, or from assisting in criminal prosecution.

(D) The defendant inflicted great bodily injury upon the child in the commission of the offense.

(E) The defendant or his or her counsel behaved during the hearing or trial in a way that caused the minor to be unable to continue his or her testimony.

In making the determination required by this section, the court shall consider the age of the minor, the relationship between the minor and the defendant or defendants, any handicap or disability of the minor, and the nature of the acts charged. The minor's refusal to testify shall not alone constitute sufficient evidence that the special procedure described in this section is necessary to obtain the minor's testimony.

(3) The equipment available for use of closed-circuit television would accurately communicate the image and demeanor of the minor to the judge, jury, defendant or defendants, and attorneys.

(c) If the court orders the use of closed-circuit television, two-way closed-circuit television shall be used, except that if the impact on the minor of one or more of the factors enumerated in subparagraphs (A) to (E), inclusive, of paragraph (2) of subdivision (b), is shown by clear and convincing evidence to be so substantial as to make the minor unavailable as a witness even if two-way closed-circuit television is used, one-way closed-circuit television may be used. The prosecution shall give the defendant or defendants at least 30 days' written notice of the prosecution's intent to seek the use of one-way closed-circuit television, unless good cause is shown to the court why this 30-day notice requirement should not apply.

(d) (1) The hearing on a motion brought pursuant to this section shall be conducted out of the presence of the jury.

(2) Notwithstanding Section 804 of the Evidence Code or any other law, the court, in determining the merits of the motion, shall not compel the minor to testify at the hearing; nor shall the court deny the motion on the ground that the minor has not testified.

(3) In determining whether the impact on an individual child of one or more of the five factors enumerated in paragraph (2) of subdivision (b) is so substantial that the minor is unavailable as a witness unless two-way or one-way closed-circuit television is used, the court may question the minor in chambers, or at some other comfortable place other than the courtroom, on the record for a reasonable period of time with the support person, the prosecutor, and defense counsel present. The defendant or defendants shall not be present. The court shall conduct the questioning of the minor and shall not permit the prosecutor or

defense counsel to examine the minor. The prosecutor and defense counsel shall be permitted to submit proposed questions to the court prior to the session in chambers. Defense counsel shall be afforded a reasonable opportunity to consult with the defendant or defendants prior to the conclusion of the session in chambers.

(e) When the court orders the testimony of a minor to be taken in another place outside of the courtroom, the court shall do all of the following:

(1) Make a brief statement on the record, outside of the presence of the jury, of the reasons in support of its order. While the statement need not include traditional findings of fact, the reasons shall be set forth with sufficient specificity to permit meaningful review and to demonstrate that discretion was exercised in a careful, reasonable, and equitable manner.

(2) Instruct the members of the jury that they are to draw no inferences from the use of closed-circuit television as a means of facilitating the testimony of the minor.

(3) Instruct respective counsel, outside of the presence of the jury, that they are to make no comment during the course of the trial on the use of closed-circuit television procedures.

(4) Instruct the support witness, outside of the presence of the jury, that he or she is not to coach, cue, or in any way influence or attempt to influence the testimony of the minor.

(5) Order that a complete record of the examination of the minor, including the images and voices of all persons who in any way participate in the examination, be made and preserved on videotape in addition to being stenographically recorded. The videotape shall be transmitted to the clerk of the court in which the action is pending and shall be made available for viewing to the prosecuting attorney, the defendant or defendants, and his or her attorney during ordinary business hours. The videotape shall be destroyed after five years have elapsed from the date of entry of judgment. If an appeal is filed, the tape shall not be destroyed until a final judgment on appeal has been ordered. Any videotape that is taken pursuant to this section is subject to a protective order of the court for the purpose of protecting the privacy of the witness. This subdivision does not affect the provisions of subdivision (b) of Section 868.7.

(f) When the court orders the testimony of a minor to be taken in another place outside the courtroom, only the minor, a support person designated pursuant to Section 868.5, a nonuniformed bailiff any technicians necessary to operate the closed-circuit equipment, and, after consultation with the prosecution and the defense, a representative appointed by the court, shall be physically present for the testimony. A

videotape shall record the image of the minor and his or her testimony, and a separate videotape shall record the image of the support person.

(g) When the court orders the testimony of a minor to be taken in another place outside the courtroom, the minor shall be brought into the judge's chambers prior to the taking of his or her testimony to meet for a reasonable period of time with the judge, the prosecutor, and defense counsel. A support person for the minor shall also be present. This meeting shall be for the purpose of explaining the court process to the child and to allow the attorneys an opportunity to establish rapport with the child to facilitate later questioning by closed-circuit television. No participant shall discuss the defendant or defendants or any of the facts of the case with the minor during this meeting.

(h) When the court orders the testimony of a minor to be taken in another place outside the courtroom, nothing in this section prohibits the court from ordering the minor to be brought into the courtroom for a limited purpose, including the identification of the defendant or defendants as the court deems necessary.

(i) The examination shall be under oath, and the defendant or defendants shall be able to see and hear the minor witness, and if two-way closed-circuit television is used, the defendant's image shall be transmitted live to the witness.

(j) Nothing in this section affects the disqualification of witnesses pursuant to Section 701 of the Evidence Code.

(k) The cost of examination by contemporaneous closed-circuit television ordered pursuant to this section shall be borne by the court out of its existing budget.

(l) Nothing in this section shall be construed to prohibit a defendant from being represented by counsel during any closed-circuit testimony.

CHAPTER 481

An act to add and repeal Section 4011.10 of the Penal Code, relating to health care.

[Approved by Governor October 4, 2005. Filed with
Secretary of State October 4, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 4011.10 is added to the Penal Code, to read:
4011.10. (a) It is the intent of the Legislature in enacting this section to provide county sheriffs, chiefs of police, and directors or administrators

of local detention facilities with an incentive to not engage in practices designed to avoid payment of legitimate emergency health care costs for the treatment or examination of persons lawfully in their custody, and to promptly pay those costs as requested by the provider of services. Further, it is the intent of the Legislature to encourage county sheriffs, chiefs of police, and directors or administrators of local detention facilities to bargain in good faith when negotiating a service contract with hospitals providing emergency health care services. The Legislature has set a date of January 1, 2009, for this section to be repealed, and does not intend to delete or extend that date if county sheriffs, chiefs of police, and directors or administrators have not complied with the intent of the Legislature, as expressed in this subdivision.

(b) Notwithstanding any other provision of law, a county sheriff or police chief may contract with providers of emergency health care services. Hospitals that do not contract with the sheriff or police chief for emergency health care services shall provide these services to their departments at a rate equal to 110 percent of the hospital's actual costs according to the most recent Hospital Annual Financial Data report issued by the Office of Statewide Health Planning and Development, as calculated using a cost-to-charge ratio.

(c) A county sheriff or police chief shall not request the release of an inmate from custody for the purpose of allowing the inmate to seek medical care at a hospital, and then immediately rearrest the same individual upon discharge from the hospital, unless the hospital determines this action would enable it to bill and collect from a third-party payment source.

(d) The California Hospital Association, the University of California, the California State Sheriffs' Association and the California Police Chiefs' Association shall, immediately upon enactment of this section, convene the Inmate Health Care and Medical Provider Fair Pricing Working Group. The working group shall consist of at least six members from the California Hospital Association and the University of California, and six members from the California State Sheriffs' Association and the California Police Chiefs' Association. Each organization should give great weight and consideration to appointing members of the working group with diverse geographic and demographic interests. The working group shall meet at least three times annually to identify and resolve industry issues that create fiscal barriers to timely and affordable emergency inmate health care. In addition, the working group shall address issues including, but not limited to, inmates being admitted for care and later rearrested and any other fiscal barriers to hospitals being able to enter into fair market contracts with public agencies. No reimbursement is required under this provision.

(e) Nothing in this section shall require or encourage a hospital or public agency to replace any existing arrangements that any city police chief, county sheriff, or other public agency that contracts for health services for those departments, has with his or her health care providers.

(f) An entity that provides ambulance or any other emergency or nonemergency response service to a sheriff or police chief, and that does not contract with their departments for that service, shall be reimbursed for the service at the rate established by Medicare. Neither the sheriff nor the police chief shall reimburse a provider of any of these services that their department has not contracted with at a rate that exceeds the provider's reasonable and allowable costs, regardless of whether the provider is located within or outside of California.

(g) For the purposes of this section, "reasonable and allowable costs" shall be defined in accordance with Part 413 of Title 42 of the Code of Federal Regulations and federal Centers for Medicare and Medicaid Services Publication Numbers 15.1 and 15.2.

(h) For purposes of this section, in those counties in which the sheriff does not administer a jail facility, a director or administrator of a local department of corrections established pursuant to Section 23013 of the Government Code is the person who may contract for services provided to jail inmates in the facilities he or she administers in those counties.

(i) This section is repealed as of January 1, 2009.

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 482

An act to amend Section 186.22 of the Penal Code, relating to crime.

[Approved by Governor October 4, 2005. Filed with
Secretary of State October 4, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 186.22 of the Penal Code is amended to read:
186.22. (a) Any person who actively participates in any criminal street gang with knowledge that its members engage in or have engaged in a pattern of criminal gang activity, and who willfully promotes, furthers, or assists in any felonious criminal conduct by members of that

gang, shall be punished by imprisonment in a county jail for a period not to exceed one year, or by imprisonment in the state prison for 16 months, or two or three years.

(b) (1) Except as provided in paragraphs (4) and (5), any person who is convicted of a felony committed for the benefit of, at the direction of, or in association with any criminal street gang, with the specific intent to promote, further, or assist in any criminal conduct by gang members, shall, upon conviction of that felony, in addition and consecutive to the punishment prescribed for the felony or attempted felony of which he or she has been convicted, be punished as follows:

(A) Except as provided in subparagraphs (B) and (C), the person shall be punished by an additional term of two, three, or four years at the court's discretion.

(B) If the felony is a serious felony, as defined in subdivision (c) of Section 1192.7, the person shall be punished by an additional term of five years.

(C) If the felony is a violent felony, as defined in subdivision (c) of Section 667.5, the person shall be punished by an additional term of 10 years.

(2) If the underlying felony described in paragraph (1) is committed on the grounds of, or within 1,000 feet of, a public or private elementary, vocational, junior high, or high school, during hours in which the facility is open for classes or school-related programs or when minors are using the facility that fact shall be a circumstance in aggravation of the crime in imposing a term under paragraph (1).

(3) The court shall order the imposition of the middle term of the sentence enhancement, unless there are circumstances in aggravation or mitigation. The court shall state the reasons for its choice of sentencing enhancements on the record at the time of the sentencing.

(4) Any person who is convicted of a felony enumerated in this paragraph committed for the benefit of, at the direction of, or in association with any criminal street gang, with the specific intent to promote, further, or assist in any criminal conduct by gang members, shall, upon conviction of that felony, be sentenced to an indeterminate term of life imprisonment with a minimum term of the indeterminate sentence calculated as the greater of:

(A) The term determined by the court pursuant to Section 1170 for the underlying conviction, including any enhancement applicable under Chapter 4.5 (commencing with Section 1170) of Title 7 of Part 2, or any period prescribed by Section 3046, if the felony is any of the offenses enumerated in subparagraph (B) or (C) of this paragraph.

(B) Imprisonment in the state prison for 15 years, if the felony is a home invasion robbery, in violation of subparagraph (A) of paragraph

(1) of subdivision (a) of Section 213; carjacking, as defined in Section 215; a felony violation of Section 246; or a violation of Section 12022.55.

(C) Imprisonment in the state prison for seven years, if the felony is extortion, as defined in Section 519; or threats to victims and witnesses, as defined in Section 136.1.

(5) Except as provided in paragraph (4), any person who violates this subdivision in the commission of a felony punishable by imprisonment in the state prison for life, shall not be paroled until a minimum of 15 calendar years have been served.

(c) If the court grants probation or suspends the execution of sentence imposed upon the defendant for a violation of subdivision (a), or in cases involving a true finding of the enhancement enumerated in subdivision (b), the court shall require that the defendant serve a minimum of 180 days in a county jail as a condition thereof.

(d) Any person who is convicted of a public offense punishable as a felony or a misdemeanor, which is committed for the benefit of, at the direction of or in association with, any criminal street gang with the specific intent to promote, further, or assist in any criminal conduct by gang members, shall be punished by imprisonment in the county jail not to exceed one year, or by imprisonment in the state prison for one, two, or three years, provided that any person sentenced to imprisonment in the county jail shall be imprisoned for a period not to exceed one year, but not less than 180 days, and shall not be eligible for release upon completion of sentence, parole, or any other basis, until he or she has served 180 days. If the court grants probation or suspends the execution of sentence imposed upon the defendant, it shall require as a condition thereof that the defendant serve 180 days in a county jail.

(e) As used in this chapter, “pattern of criminal gang activity” means the commission of, attempted commission of, conspiracy to commit, or solicitation of, sustained juvenile petition for, or conviction of two or more of the following offenses, provided at least one of these offenses occurred after the effective date of this chapter and the last of those offenses occurred within three years after a prior offense, and the offenses were committed on separate occasions, or by two or more persons:

(1) Assault with a deadly weapon or by means of force likely to produce great bodily injury, as defined in Section 245.

(2) Robbery, as defined in Chapter 4 (commencing with Section 211) of Title 8 of Part 1.

(3) Unlawful homicide or manslaughter, as defined in Chapter 1 (commencing with Section 187) of Title 8 of Part 1.

(4) The sale, possession for sale, transportation, manufacture, offer for sale, or offer to manufacture controlled substances as defined in

Sections 11054, 11055, 11056, 11057, and 11058 of the Health and Safety Code.

(5) Shooting at an inhabited dwelling or occupied motor vehicle, as defined in Section 246.

(6) Discharging or permitting the discharge of a firearm from a motor vehicle, as defined in subdivisions (a) and (b) of Section 12034.

(7) Arson, as defined in Chapter 1 (commencing with Section 450) of Title 13.

(8) The intimidation of witnesses and victims, as defined in Section 136.1.

(9) Grand theft, as defined in subdivision (a) or (c) of Section 487.

(10) Grand theft of any firearm, vehicle, trailer, or vessel.

(11) Burglary, as defined in Section 459.

(12) Rape, as defined in Section 261.

(13) Looting, as defined in Section 463.

(14) Money laundering, as defined in Section 186.10.

(15) Kidnapping, as defined in Section 207.

(16) Mayhem, as defined in Section 203.

(17) Aggravated mayhem, as defined in Section 205.

(18) Torture, as defined in Section 206.

(19) Felony extortion, as defined in Sections 518 and 520.

(20) Felony vandalism, as defined in paragraph (1) of subdivision (b) of Section 594.

(21) Carjacking, as defined in Section 215.

(22) The sale, delivery, or transfer of a firearm, as defined in Section 12072.

(23) Possession of a pistol, revolver, or other firearm capable of being concealed upon the person in violation of paragraph (1) of subdivision (a) of Section 12101.

(24) Threats to commit crimes resulting in death or great bodily injury, as defined in Section 422.

(25) Theft and unlawful taking or driving of a vehicle, as defined in Section 10851 of the Vehicle Code.

(26) Felony theft of an access card or account information, as defined in Section 484e.

(27) Counterfeiting, designing, using, attempting to use an access card, as defined in Section 484f.

(28) Felony fraudulent use of an access card or account information, as defined in Section 484g.

(29) Unlawful use of personal identifying information to obtain credit, goods, services, or medical information, as defined in Section 530.5.

(30) Wrongfully obtaining Department of Motor Vehicles documentation, as defined in Section 529.7.

(f) As used in this chapter, “criminal street gang” means any ongoing organization, association, or group of three or more persons, whether formal or informal, having as one of its primary activities the commission of one or more of the criminal acts enumerated in paragraphs (1) to (25), inclusive, of subdivision (e), having a common name or common identifying sign or symbol, and whose members individually or collectively engage in or have engaged in a pattern of criminal gang activity.

(g) Notwithstanding any other law, the court may strike the additional punishment for the enhancements provided in this section or refuse to impose the minimum jail sentence for misdemeanors in an unusual case where the interests of justice would best be served, if the court specifies on the record and enters into the minutes the circumstances indicating that the interests of justice would best be served by that disposition.

(h) Notwithstanding any other provision of law, for each person committed to the Division of Juvenile Facilities for a conviction pursuant to subdivision (a) or (b) of this section, the offense shall be deemed one for which the state shall pay the rate of 100 percent of the per capita institutional cost of the Division of Juvenile Facilities, pursuant to Section 912.5 of the Welfare and Institutions Code.

(i) In order to secure a conviction, or sustain a juvenile petition, pursuant to subdivision (a), it is not necessary for the prosecution to prove that the person devotes all, or a substantial part of his or her time or efforts to the criminal street gang, nor is it necessary to prove that the person is a member of the criminal street gang. Active participation in the criminal street gang is all that is required.

(j) A pattern of gang activity may be shown by the commission of one or more of the offenses enumerated in paragraphs (26) to (30), inclusive, of subdivision (e), and the commission of one or more of the offenses enumerated in paragraphs (1) to (25), inclusive of subdivision (e). A pattern of gang activity cannot be established solely by proof of commission of offenses enumerated in paragraphs (26) to (30), inclusive, of subdivision (e), alone.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 483

An act to amend Section 3030 of, and to add Section 3030.5 to, the Family Code, relating to support obligations.

[Approved by Governor October 4, 2005. Filed with
Secretary of State October 4, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The children of the State of California are placed at risk when permitted to remain in contact with a parent or caretaker who has committed a sex crime.

(b) It is the policy of the State of California that the health, safety, and welfare of children shall be the court's primary concern in determining the best interest of children when making orders regarding custody or visitation.

(c) The perpetration of child abuse or domestic violence in a household in which a child resides is detrimental to the child.

(d) Custody and visitation orders shall be made in a manner that ensures the health, safety, and welfare of the child and the safety of all family members.

(e) The purpose of this legislation is to ensure that information regarding sex crimes is appropriately considered by the court in child custody matters and children are protected from an at-risk environment.

(f) With regard to juvenile court proceedings in which child protective services seeks to remove the child from the home and declare the child a dependant of the State of California, subdivision (d) of Section 355.1 of the Welfare and Institutions Code establishes a presumption that a child is placed at "substantial risk of abuse or neglect" if a "parent guardian, or any other person who resides with, or has the care or custody of, a minor who is currently the subject of the petition ... is required, as the result of a felony conviction, to register as a sex offender pursuant to Section 290 of the Penal Code..."

SEC. 2. Section 3030 of the Family Code is amended to read:

3030. (a) (1) No person shall be granted physical or legal custody of, or unsupervised visitation with, a child if the person is required to be registered as a sex offender under Section 290 of the Penal Code where the victim was a minor, or if the person has been convicted under Section 273a, 273d, or 647.6 of the Penal Code, unless the court finds that there is no significant risk to the child and states its reasons in writing or on the record.

(2) No person shall be granted physical or legal custody of, or unsupervised visitation with, a child if anyone residing in the person's household is required, as a result of a felony conviction in which the victim was a minor, to register as a sex offender under Section 290 of the Penal Code, unless the court finds there is no significant risk to the child and states its reasons in writing or on the record.

(3) The fact that a child is permitted unsupervised contact with a person who is required, as a result of a felony conviction in which the victim was a minor, to be registered as a sex offender under Section 290 of the Penal Code, shall be prima facie evidence that the child is at significant risk. When making a determination regarding significant risk to the child, the prima facie evidence shall constitute a presumption affecting the burden of producing evidence. However, this presumption shall not apply if there are factors mitigating against its application, including whether the party seeking custody or visitation is also required, as the result of a felony conviction in which the victim was a minor, to register as a sex offender under Section 290 of the Penal Code.

(b) No person shall be granted custody of, or visitation with, a child if the person has been convicted under Section 261 of the Penal Code and the child was conceived as a result of that violation.

(c) No person shall be granted custody of, or unsupervised visitation with, a child if the person has been convicted of murder in the first degree, as defined in Section 189 of the Penal Code, and the victim of the murder was the other parent of the child who is the subject of the order, unless the court finds that there is no risk to the child's health, safety, and welfare, and states the reasons for its finding in writing or on the record. In making its finding, the court may consider, among other things, the following:

(1) The wishes of the child, if the child is of sufficient age and capacity to reason so as to form an intelligent preference.

(2) Credible evidence that the convicted parent was a victim of abuse, as defined in Section 6203, committed by the deceased parent. That evidence may include, but is not limited to, written reports by law enforcement agencies, child protective services or other social welfare agencies, courts, medical facilities, or other public agencies or private nonprofit organizations providing services to victims of domestic abuse.

(3) Testimony of an expert witness, qualified under Section 1107 of the Evidence Code, that the convicted parent suffers from the effects of battered women's syndrome.

Unless and until a custody or visitation order is issued pursuant to this subdivision, no person shall permit or cause the child to visit or remain in the custody of the convicted parent without the consent of the child's custodian or legal guardian.

(d) The court may order child support that is to be paid by a person subject to subdivision (a), (b), or (c) to be paid through the local child support agency, as authorized by Section 4573 of the Family Code and Division 17 (commencing with Section 17000) of this code.

(e) The court shall not disclose, or cause to be disclosed, the custodial parent's place of residence, place of employment, or the child's school, unless the court finds that the disclosure would be in the best interest of the child.

SEC. 2.5. Section 3030 of the Family Code is amended to read:

3030. (a) (1) No person shall be granted physical or legal custody of, or unsupervised visitation with, a child if the person is required to be registered as a sex offender under Section 290 of the Penal Code where the victim was a minor, or if the person has been convicted under Section 273a, 273d, or 647.6 of the Penal Code, unless the court finds that there is no significant risk to the child and states its reasons in writing or on the record.

(2) No person shall be granted physical or legal custody of, or unsupervised visitation with, a child if anyone residing in the person's household is required, as a result of a felony conviction in which the victim was a minor, to register as a sex offender under Section 290 of the Penal Code, unless the court finds there is no significant risk to the child and states its reasons in writing or on the record.

(3) The fact that a child is permitted unsupervised contact with a person who is required, as a result of a felony conviction in which the victim was a minor, to be registered as a sex offender under Section 290 of the Penal Code, shall be prima facie evidence that the child is at significant risk. When making a determination regarding significant risk to the child, the prima facie evidence shall constitute a presumption affecting the burden of producing evidence. However, this presumption shall not apply if there are factors mitigating against its application, including whether the party seeking custody or visitation is also required, as the result of a felony conviction in which the victim was a minor, to register as a sex offender under Section 290 of the Penal Code.

(b) No person shall be granted custody of, or visitation with, a child if the person has been convicted under Section 261 of the Penal Code and the child was conceived as a result of that violation.

(c) No person shall be granted custody of, or unsupervised visitation with, a child if the person has been convicted of murder in the first degree, as defined in Section 189 of the Penal Code, and the victim of the murder was the other parent of the child who is the subject of the order, unless the court finds that there is no risk to the child's health, safety, and welfare, and states the reasons for its finding in writing or

on the record. In making its finding, the court may consider, among other things, the following:

(1) The wishes of the child, if the child is of sufficient age and capacity to reason so as to form an intelligent preference.

(2) Credible evidence that the convicted parent was a victim of abuse, as defined in Section 6203, committed by the deceased parent. That evidence may include, but is not limited to, written reports by law enforcement agencies, child protective services or other social welfare agencies, courts, medical facilities, or other public agencies or private nonprofit organizations providing services to victims of domestic abuse.

(3) Testimony of an expert witness, qualified under Section 1107 of the Evidence Code, that the convicted parent experiences intimate partner battering.

Unless and until a custody or visitation order is issued pursuant to this subdivision, no person shall permit or cause the child to visit or remain in the custody of the convicted parent without the consent of the child's custodian or legal guardian.

(d) The court may order child support that is to be paid by a person subject to subdivision (a), (b), or (c) to be paid through the local child support agency, as authorized by Section 4573 of the Family Code and Division 17 (commencing with Section 17000) of this code.

(e) The court shall not disclose, or cause to be disclosed, the custodial parent's place of residence, place of employment, or the child's school, unless the court finds that the disclosure would be in the best interest of the child.

SEC. 3. Section 3030.5 is added to the Family Code, to read:

3030.5. (a) Upon the motion of one or both parents, or the legal guardian or custodian, or upon the court's own motion, an order granting physical or legal custody of, or unsupervised visitation with, a child may be modified or terminated if either of the following circumstances has occurred since the order was entered, unless the court finds that there is no significant risk to the child and states its reasons in writing or on the record:

(1) The person who has been granted physical or legal custody of, or unsupervised visitation with the child is required, as a result of a felony conviction in which the victim was a minor, to be registered as a sex offender under Section 290 of the Penal Code.

(2) The person who has been granted physical or legal custody of, or unsupervised visitation with, the child resides with another person who is required, as a result of a felony conviction in which the victim was a minor, to be registered as a sex offender under Section 290 of the Penal Code.

(b) The fact that a child is permitted unsupervised contact with a person who is required, as a result of a felony conviction in which the victim was a minor, to be registered as a sex offender under Section 290 of the Penal Code, shall be prima facie evidence that the child is at significant risk. When making a determination regarding significant risk to the child, the prima facie evidence shall constitute a presumption affecting the burden of producing evidence. However, this presumption shall not apply if there are factors mitigating against its application, including whether the party seeking custody or visitation is also required, as the result of a felony conviction in which the victim was a minor, to register as a sex offender under Section 290 of the Penal Code.

(c) The court shall not modify an existing custody or visitation order upon the ex parte petition of one party pursuant to this section without providing notice to the other party and an opportunity to be heard. This notice provision applies only when the motion for custody or visitation change is based solely on the fact that the child is allowed unsupervised contact with a person required, as a result of a felony conviction in which the victim was a minor, to register as a sex offender under Section 290 of the Penal Code and does not affect the court's ability to remove a child upon an ex parte motion when there is a showing of immediate harm to the child.

SEC. 4. Section 2.5 of this bill incorporates amendments to Section 3030 of the Family Code proposed by both this bill and Assembly Bill 220. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2006, (2) each bill amends Section 3030 of the Family Code, and (3) this bill is enacted after Assembly Bill 220, in which case Section 2 of this bill shall not become operative.

CHAPTER 484

An act to add Chapter 1.4 (commencing with Section 1210.7) to Title 8 of Part 2 of, and to add Article 2 (commencing with Section 3010) to Title 1 of Part 3 of, the Penal Code, relating to electronic monitoring of offenders, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 4, 2005. Filed with
Secretary of State October 4, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 1.4 (commencing with Section 1210.7) is added to Title 8 of Part 2 of the Penal Code, to read:

CHAPTER 1.4. ELECTRONIC MONITORING

1210.7. (a) Notwithstanding any other provisions of law, a county probation department may utilize continuous electronic monitoring to electronically monitor the whereabouts of persons on probation, as provided by this chapter.

(b) Any use of continuous electronic monitoring pursuant to this chapter shall have as its primary objective the enhancement of public safety through the reduction in the number of people being victimized by crimes committed by persons on probation.

(c) It is the intent of the Legislature in enacting this chapter to specifically encourage a county probation department acting pursuant to this chapter to utilize a system of continuous electronic monitoring that conforms with the requirements of this chapter.

(d) For purposes of this chapter, "continuous electronic monitoring" may include the use of worldwide radio navigation system technology, known as the Global Positioning System, or GPS. The Legislature finds that because of its capability for continuous surveillance, continuous electronic monitoring has been used in other parts of the country to monitor persons on formal probation who are identified as requiring a high level of supervision.

(e) The Legislature finds that continuous electronic monitoring has proven to be an effective risk management tool for supervising high-risk persons on probation who are likely to reoffend where prevention and knowledge of their whereabouts is a high priority for maintaining public safety.

1210.8. A county probation department may utilize a continuous electronic monitoring device pursuant to this section that has all of the following attributes:

(a) A device designed to be worn by a human being.

(b) A device that emits a signal as a person is moving or is stationary. The signal shall be capable of being received and tracked across large urban or rural areas, statewide, and being received from within structures, vehicles, and other objects to the degree technically feasible in light of the associated costs, design, and other considerations as are determined relevant by the county probation department.

(c) A device that functions 24 hours a day.

(d) A device that is resistant or impervious to unintentional or willful damage.

1210.9. (a) A continuous electronic monitoring system may have the capacity to immediately notify a county probation department of violations, actual or suspected, of the terms of probation that have been identified by the monitoring system if the requirement is deemed necessary by the county probation officer with respect to an individual person.

(b) The information described in subdivision (a), including geographic location and tampering, may be used as evidence to prove a violation of the terms of probation.

1210.10. A county probation department shall establish the following standards as are necessary to enhance public safety:

(a) Standards for the minimum time interval between transmissions of information about the location of the person under supervision. The standards shall be established after an evaluation of, at a minimum, all of the following:

- (1) The resources of the county probation department.
- (2) The criminal history of the person under supervision.
- (3) The safety of the victim of the persons under supervision.

(b) Standards for the accuracy of the information identifying the location of the person under supervision. The standards shall be established after consideration of, at a minimum, all of the following:

- (1) The need to identify the location of a person proximate to the location of a crime, including a violation of probation.
- (2) Resources of the probation department.
- (3) The need to avoid false indications of proximity to crimes.

1210.11. (a) A county probation department operating a system of continuous electronic monitoring pursuant to this section shall establish prohibitions against unauthorized access to, and use of, information by private or public entities as may be deemed appropriate. Unauthorized access to, and use of, electronic signals includes signals transmitted in any fashion by equipment utilized for continuous electronic monitoring.

(b) Devices used pursuant to this section shall not be used to eavesdrop or record any conversation, except a conversation between the participant and the person supervising the participant that is to be used solely for the purposes of voice identification.

1210.12. (a) A county chief probation officer shall have the sole discretion, consistent with the terms and conditions of probation, to decide which persons shall be supervised using continuous electronic monitoring administered by the county probation department. No individual shall be required to participate in continuous electronic

monitoring authorized by this chapter for any period of time longer than the term of probation.

(b) The county chief probation officer shall establish written guidelines that identify those persons on probation subject to continuous electronic monitoring authorized by this chapter. These guidelines shall include the need for enhancing monitoring in comparison to other persons not subject to the enhanced monitoring and the public safety needs that will be served by the enhanced monitoring.

1210.13. A county chief probation officer may revoke, in his or her discretion, the continuous monitoring of any individual.

1210.14. Whenever a probation officer supervising an individual has reasonable cause to believe that the individual is not complying with the rules or conditions set forth for the use of continuous electronic monitoring as a supervision tool, the probation officer supervising the individual may, without a warrant of arrest, take the individual into custody for a violation of probation.

1210.15. (a) A chief probation officer may charge persons on probation for the costs of any form of supervision that utilizes continuous electronic monitoring devices that monitor the whereabouts of the person pursuant to this chapter, upon a finding of the ability to pay those costs. However, the department shall waive any or all of that payment upon a finding of an inability to pay. Inability to pay all or a portion of the costs of continuous electronic monitoring authorized by this chapter shall not preclude use of continuous electronic monitoring, and eligibility for probation shall not be enhanced by reason of ability to pay.

(b) A chief probation officer may charge a person on probation pursuant to subdivision (a) for the cost of continuous electronic monitoring in accordance with Section 1203.1b provided the person has first satisfied all other outstanding base fines, state and local penalties, restitution fines, and restitution orders imposed by a court.

1210.16. It is the intent of the Legislature that continuous electronic monitoring established pursuant to this chapter maintain the highest public confidence, credibility, and public safety. In the furtherance of these standards, the following shall apply:

(a) The chief probation officer may administer continuous electronic monitoring pursuant to written contracts and appropriate public or private agencies or entities to provide specified supervision services. No public or private agency or entity may operate a continuous electronic monitoring system as authorized by this section in any county without a written contract with the county's probation department. No public or private agency or entity entering into a contract may itself employ any person who is a participant in continuous electronic monitoring surveillance.

(b) The county board of supervisors, the chief probation officer, and designees of the chief probation officer shall comply with Section 1090 of the Government Code in the consideration, making, and execution of contracts pursuant to this section.

SEC. 2. Article 2 (commencing with Section 3010) is added to Chapter 8 of Title 1 of Part 3 of the Penal Code, to read:

Article 2. Electronic Monitoring

3010. (a) Notwithstanding any other provisions of law, the Department of Corrections and Rehabilitation may utilize continuous electronic monitoring to electronically monitor the whereabouts of persons on parole, as provided by this article.

(a) A device designed to be worn by a human being.

(b) A device that emits a signal as a person is moving or is stationary. The signal shall be capable of being received and tracked across large urban or rural areas, statewide, and being received from within structures,

vehicles, and other objects to the degree technically feasible in light of the associated costs, design, and other considerations as are determined relevant by the department.

(c) A device that functions 24 hours a day.

(d) A device that is resistant or impervious to unintentional or willful damage.

3010.2. (a) A continuous electronic monitoring system may have the capacity to immediately notify the department of violations, actual or suspected, of the terms of parole that have been identified by the monitoring system if the requirement is deemed necessary by the parole officer with respect to an individual person.

(b) This information, including geographic location and tampering, may be used as evidence to prove a violation of the terms of parole.

3010.3. The department shall establish the following standards as are necessary to enhance public safety:

3010.7. Whenever a parole officer supervising an individual has reasonable cause to believe that the individual is not complying with the rules or conditions set forth for the use of continuous electronic monitoring as a supervision tool, the officer supervising the individual may, without a warrant of arrest, take the individual into custody for a violation of parole.

3010.8. (a) The department may charge persons on parole for the costs of any form of supervision that utilizes continuous electronic monitoring devices that monitor the whereabouts of the person pursuant to this article. (b) Any person released on parole pursuant to subdivision (a) may be required to pay for that monitoring upon a finding of the ability to pay those costs. However, the department shall waive any or all of that payment upon a finding of an inability to pay. The department shall consider any remaining amounts the person has been ordered to pay in fines, assessments and restitution fines, fees, and orders, and shall give priority to the payment of those items before requiring that the person pay for the continuous electronic monitoring.

CHAPTER 485

An act to amend Section 13955 of the Government Code, to amend Section 13519.8 of the Penal Code, and to amend Sections 2800.1, 2800.3, and 14602.1 of, to add Sections 1666.1 and 2911 to, and to amend, repeal, and add Section 17004.7 of, the Vehicle Code, relating to vehicles, and making an appropriation therefor.

[Approved by Governor October 4, 2005. Filed with
Secretary of State October 4, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) Thousands of crime suspects flee each year often resulting in law enforcement officers in California engaging in motor vehicle pursuits. Many pursuits result in accidents, property damage, serious injuries, and death to innocent third parties, peace officers, and fleeing suspects.

(b) Motor vehicle pursuits of fleeing suspects present inescapable and inherent risks that sometimes offend public sensibilities.

(c) According to statistics from the National Highway Safety Administration, California has consistently led the nation in the past 20 years in fatalities from crashes involving these pursuits.

(d) California leads the nation in the number of innocent bystanders killed in these pursuits. A study by the National Highway Traffic Safety Administration indicates that in 2003 there were 46 deaths in California that resulted from high speed police pursuits of fleeing suspects. Twelve of the 46 deaths were innocent bystanders. Eighteen were passengers in the pursued vehicle, 15 were fleeing suspects, and one was a peace officer.

(e) Pursuit driving is a dangerous activity that must be undertaken with due care and with the understanding of specific risks as well as the need for a realistic proportionate response to apprehend a fleeing suspect who poses a danger to the public.

(f) Current law provides that a person operating a motor vehicle who is negligent in its operation may be liable for civil damages pursuant to Section 17150 of the Vehicle Code.

(g) The primary function of all law enforcement agencies is to protect the public against personal injury, death, or property damage.

(h) It is, therefore, the intent of the Legislature to enact legislation that guides instances where law enforcement pursuits are warranted so as to protect the public safety, lives, and property of the people of the State of California.

(i) It is also the intent of the Legislature to decrease peace officer motor vehicle pursuits through public education, enforcement, and regular and periodic training of peace officers.

(j) It is also the intent of the Legislature in enacting this act to eliminate any unnecessary risks that evolve from peace officer motor vehicle pursuits, and to ensure that law enforcement pursuits are conducted in the safest and most effective approach throughout California.

(b) (1) A public agency employing peace officers that adopts and promulgates a written policy on, and provides regular and periodic training on an annual basis for, vehicular pursuits complying with subdivisions (c) and (d) is immune from liability for civil damages for personal injury to or death of any person or damage to property resulting from the collision of a vehicle being operated by an actual or suspected violator of the law who is being, has been, or believes he or she is being or has been, pursued in a motor vehicle by a peace officer employed by the public entity.

(2) Promulgation of the written policy under paragraph (1) shall include, but is not limited to, a requirement that all peace officers of the public agency certify in writing that they have received, read, and understand the policy. The failure of an individual officer to sign a certification shall not be used to impose liability on an individual officer or a public entity.

(c) A policy for the safe conduct of motor vehicle pursuits by peace officers shall meet all of the following minimum standards:

(1) Determine under what circumstances to initiate a pursuit. The policy shall define a "pursuit," articulate the reasons for which a pursuit is authorized, and identify the issues that should be considered in reaching the decision to pursue. It should also address the importance of protecting the public and balancing the known or reasonably suspected offense, and the apparent need for immediate capture against the risks to peace officers, innocent motorists, and others to protect the public.

(2) Determine the total number of law enforcement vehicles authorized to participate in a pursuit. Establish the authorized number of law enforcement units and supervisors who may be involved in a pursuit, describe the responsibility of each authorized unit and the role of each

(5) Determine driving tactics and the circumstances under which the tactics may be appropriate.

(6) Determine authorized pursuit intervention tactics. Pursuit intervention tactics include, but are not limited to, blocking, ramming, boxing, and roadblock procedures. The policy shall specify under what circumstances and conditions each approved tactic is authorized to be used.

(7) Determine the factors to be considered by a peace officer and supervisor in determining speeds throughout a pursuit. Evaluation shall take into consideration public safety, peace officer safety, and safety of the occupants in a fleeing vehicle.

(8) Determine the role of air support, where available. Air support shall include coordinating the activities of resources on the ground, reporting on the progress of a pursuit, and providing peace officers and supervisors with information to evaluate whether or not to continue the pursuit.

(9) Determine when to terminate or discontinue a pursuit. Factors to be considered include, but are not limited to, all of the following:

(A) Ongoing evaluation of risk to the public or pursuing peace officer.

(F) Speeds.

(G) Availability of air support.

(H) Procedures when an offender is identified and may be apprehended at a later time or when the location of the pursuit vehicle is no longer known.

(10) Determine procedures for apprehending an offender following a pursuit. Safety of the public and peace officers during the law enforcement effort to capture an offender shall be an important factor.

(11) Determine effective coordination, management, and control of interjurisdictional pursuits. The policy shall include, but shall not be limited to, all of the following:

(A) Supervisory control and management of a pursuit that enters another jurisdiction.

(B) Communications and notifications among the agencies involved.

(C) Involvement in another jurisdiction's pursuit.

(e) The requirements of subdivision (c) represent minimum policy standards and do not limit an agency from adopting additional policy requirements. The requirements in subdivision (c) are consistent with the 1995 California Law Enforcement Vehicle Pursuit Guidelines developed by the Commission on Peace Officer Standards and Training pursuant to Section 13519.8 of the Penal Code that will assist agencies in the development of their pursuit policies. Nothing in this section precludes the adoption of a policy that limits or restricts pursuits.

(f) A determination of whether a public agency has complied with subdivisions (c) and (d) is a question of law for the court.

(g) This section shall become operative on July 1, 2007.

SEC. 12. Section 3 of this bill incorporates amendments to Section 13955 of the Government Code proposed by both this bill and AB 22. However, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

(b) (1) For the purposes of this section, "county of domicile" means the county where the person has his or her true, fixed, and permanent home and principal residence and to which he or she has manifested the intention of returning whenever he or she is absent. For the purposes of determining the county of domicile, the court may consider information found on a California driver's license, California identification card, recent rent or utility receipt, printed personalized checks or other recent banking documents showing that person's name and address, or information contained in an arrest record, probation officer's report, trial transcript, or other court document. If no information can be identified or verified, the county of domicile of the individual shall be considered to be the county in which the person was arrested for the crime for which he or she was last incarcerated in the state prison or from which he or she was last returned from parole.

(2) In a case where the person committed a crime while being held for treatment in a state hospital, or while being confined in a state prison or local jail facility, the county wherein that facility was located shall not be considered the county of domicile unless the person resided in that county prior to being housed in the hospital, prison, or jail.

(c) For the purposes of this section, “extraordinary circumstances” means circumstances that would inordinately limit the department’s ability to effect conditional release of the person in the county of domicile in accordance with Section 6608 or any other provision of this article, and the procedures described in Sections 1605 to 1610, inclusive, of the Penal Code.

(d) The county of domicile shall designate a county agency or program that will provide assistance and consultation in the process of locating and securing housing within the county for persons committed as sexually violent predators who are about to be conditionally released under Section 6608. For the purposes of determining the county of domicile, the court may consider information found on a California driver’s license, California identification card, recent rent or utility receipt, printed personalized checks or other recent banking documents showing that person’s name and address, or information contained in an arrest record, probation officer’s report, trial transcript, or other court document. If no information can be identified

or verified, the county of domicile of the individual shall be considered to be the county in which the person was arrested for the crime for which he or she was last incarcerated in the state prison or from which he or she was last returned from parole.

(2) In a case where the person committed a crime while being held for treatment in a state hospital, or while being confined in a state prison or local jail facility, the county wherein that facility was located shall not be considered the county of domicile unless the person resided in that county prior to being housed in the hospital, prison, or jail.

(c) For the purposes of this section, “extraordinary circumstances” means circumstances that would inordinately limit the department’s ability to effect conditional release of the person in the county of domicile in accordance with Section 6608 or any other provision of this article, and the procedures described in Sections 1605 to 1610, inclusive, of the Penal Code.

(d) The county of domicile shall designate a county agency or program that will provide assistance and consultation in the process of locating and securing housing within the county for persons committed as sexually violent predators who are about to be conditionally released under Section 6608. Upon notification by the department of a person’s potential or expected conditional release under Section 6608, the county of domicile shall notify the department of the name of the designated agency or program, at least 60 days before the date of the potential or expected release.

(e) In recommending a specific placement for community outpatient treatment, the department or its designee shall consider all of the following:

SECTION 1. Section 11159.2 of the Health and Safety Code is amended to read:

11159.2. (a) Notwithstanding any other provision of law, a prescription for a controlled substance for use by a patient who has a terminal illness may be written on a prescription form that does not meet the requirements of Section 11162.1 if the prescription meets the following requirements:

(3) The patient's treatment by the physician prescribing a controlled substance pursuant to this section primarily is for the control of pain, symptom management, or both, rather than for cure of the illness.

(d) This section shall become operative on July 1, 2004.

SEC. 2. Section 11161 of the Health and Safety Code is amended to read:

11161. (a) When a practitioner is named in a warrant of arrest or is charged in an accusatory pleading with a felony violation of Section 11153, 11154, 11156, 11157, 11170, 11173, 11350, 11351, 11352, 11353, 11353.5, 11377, 11378, 11378.5, 11379, 11379.5, or 11379.6, the court in which the accusatory pleading is filed or the magistrate who issued the warrant of arrest shall, upon the motion of a law enforcement agency which is supported by reasonable cause, issue an order which requires the practitioner to surrender to the clerk of the court all controlled substance prescription forms in the practitioner's possession at a time set in the order and which prohibits the practitioner from obtaining, ordering, or using any additional prescription forms. The law enforcement agency obtaining the order shall notify the Department of Justice of this order. Except as provided in subdivisions (b) and (e) of this section, the order shall remain in effect until further order of the court. Any practitioner possessing prescription forms in violation of the order is guilty of a misdemeanor.

(b) The order provided by subdivision (a) shall be vacated if the court or magistrate finds that the underlying violation or violations are not supported by reasonable cause at a hearing held within two court days after the practitioner files and personally serves upon the prosecuting attorney and the law enforcement agency that obtained the order, a notice of motion to vacate the order with any affidavits on which the practitioner relies. At the hearing, the burden of proof, by a preponderance of the evidence, is on the prosecution. Evidence presented at the hearing shall be limited to the warrant of arrest with supporting affidavits, the motion to require the defendant to surrender controlled substance prescription forms and to prohibit the defendant from obtaining, ordering, or using controlled substance prescription forms, with supporting affidavits, the sworn complaint together with any documents or reports incorporated by reference thereto which, if based on information and belief, state the basis for the information, or any other documents of similar reliability as well as affidavits and counter affidavits submitted by the prosecution and defense. Granting of the motion to vacate the order is no bar to prosecution of the alleged violation or violations.

(c) The defendant may elect to challenge the order issued under subdivision (a) at the preliminary examination. At that hearing, the evidence shall be limited to that set forth in subdivision (b) and any other evidence otherwise admissible at the preliminary examination.

(d) If the practitioner has not moved to vacate the order issued under subdivision (a) by the time of the preliminary examination and he or she is held to answer on the underlying violation or violations, the practitioner shall be precluded from afterwards moving to vacate the order. If the defendant is not held to answer on the underlying charge or charges at the conclusion of the preliminary examination, the order issued under subdivision (a) shall be vacated.

(e) Notwithstanding subdivision (d), any practitioner who is diverted pursuant to Chapter 2.5 (commencing with Section 1000) of Title 7 of Part 2 of the Penal Code may file a motion to vacate the order issued under subdivision (a).

(f) This section shall become operative on November 1, 2004.

(e) An approved applicant shall submit an exemplar of a controlled substance prescription form, with all security features, to the Department of Justice within 30 days of initial production.

(f) The department shall maintain a list of approved security printers and the department shall make this information available to prescribers and other appropriate government agencies, including the Board of Pharmacy.

(g) Before printing any controlled substance prescription forms, a security printer shall verify with the appropriate licensing board that the prescriber possesses a license and current prescribing privileges which permits the prescribing of controlled substances.

(h) Controlled substance prescription forms shall be provided directly to the prescriber either in person, by certified mail, or by a means that requires a signature signifying receipt of the package and provision of that signature to the security printer.

(j) Security printers shall produce ordering and delivery records upon request by an authorized officer of the law as defined in Section 4017 of the Business and Professions Code.

(k) (1) The department may revoke its approval of a security printer for a violation of this division or action that would permit a denial pursuant to subdivision (d) of this section.

(2) When the department revokes its approval, it shall notify the appropriate licensing boards and remove the security printer from the list of approved security printers.

(b) (1) Notwithstanding paragraph (1) of subdivision (a) of Section 11162.1, any controlled substance classified in Schedule III, IV, or V may be dispensed upon an oral or electronically transmitted prescription, which shall be produced in hard copy form and signed and dated by the pharmacist filling the prescription or by any other person expressly authorized by provisions of the Business and Professions Code. (c) This section shall be implemented to the extent that sufficient nonstate funds are received to cover the costs to the Board of Pharmacy of providing staff, and for the preparation of the report. The costs incurred by the Board of Pharmacy implementing this section shall be solicited and funded from nongovernmental entities. It is not the responsibility of the Board of Pharmacy to solicit the funds for this study. The costs for the feasibility study report and the staff to support the preparation of the report shall be no more than two hundred fifty thousand dollars (\$250,000). Any nonstate funds donated for that purpose are appropriated to the Board of Pharmacy for that purpose.

(d) The board shall submit the feasibility study report to the Legislature on or before July 1, 2007, or within 18 months of receipt of sufficient funding, whichever date is later.

(e) This section shall remain in effect until January 1, 2008, and as of that date is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2008, deletes or extends that date.

SEC. 7. Section 11190 of the Health and Safety Code is amended to read:

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because, in that regard, this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 488

An act to amend Section 1203.016 of the Penal Code, relating to home detention, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 4, 2005. Filed with
Secretary of State October 4, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1203.016 of the Penal Code is amended to read:

1203.016. (a) Notwithstanding any other provision of law, the board of supervisors of any county may authorize the correctional administrator, as defined in subdivision (h), to offer a program under which minimum security inmates and low-risk offenders committed to a county jail or

other county correctional facility or granted probation, or inmates participating in a work furlough program, may voluntarily participate in a home detention program during their sentence in lieu of confinement in the county jail or other county correctional facility or program under the auspices of the probation officer.

(b) The board of supervisors may prescribe reasonable rules and regulations under which a home detention program may operate. As a condition of participation in the home detention program, the inmate shall give his or her consent in writing to participate in the home detention program and shall in writing agree to comply with the rules and regulations of the program, including, but not limited to, the following rules:

(1) The participant shall remain within the interior premises of his or her residence during the hours designated by the correctional administrator.

(2) The participant shall admit any person or agent designated by the correctional administrator into his or her residence at any time for purposes of verifying the participant's compliance with the conditions of his or her detention.

(3) The participant shall agree to the use of electronic monitoring, which may include global positioning system devices or other supervising devices for the purpose of helping to verify his or her compliance with the rules and regulations of the home detention program. The devices shall not be used to eavesdrop or record any conversation, except a conversation between the participant and the person supervising the participant which is to be used solely for the purposes of voice identification.

(4) The participant shall agree that the correctional administrator in charge of the county correctional facility from which the participant was released may, without further order of the court, immediately retake the person into custody to serve the balance of his or her sentence if the electronic monitoring or supervising devices are unable for any reason to properly perform their function at the designated place of home detention, if the person fails to remain within the place of home detention as stipulated in the agreement, if the person willfully fails to pay fees to the provider of electronic home detention services, as stipulated in the agreement, subsequent to the written notification of the participant that the payment has not been received and that return to custody may result, or if the person for any other reason no longer meets the established criteria under this section. A copy of the agreement shall be delivered to the participant and a copy retained by the correctional administrator.

(c) Whenever the peace officer supervising a participant has reasonable cause to believe that the participant is not complying with the rules or

conditions of the program, or that the electronic monitoring devices are unable to function properly in the designated place of confinement, the peace officer may, under general or specific authorization of the correctional administrator, and without a warrant of arrest, retake the person into custody to complete the remainder of the original sentence.

(d) Nothing in this section shall be construed to require the correctional administrator to allow a person to participate in this program if it appears from the record that the person has not satisfactorily complied with reasonable rules and regulations while in custody. A person shall be eligible for participation in a home detention program only if the correctional administrator concludes that the person meets the criteria for release established under this section and that the person's participation is consistent with any reasonable rules and regulations prescribed by the board of supervisors or the administrative policy of the correctional administrator.

(1) The rules and regulations and administrative policy of the program shall be written and reviewed on an annual basis by the county board of supervisors and the correctional administrator. The rules and regulations shall be given to or made available to any participant upon request.

(2) The correctional administrator, or his or her designee, shall have the sole discretionary authority to permit program participation as an alternative to physical custody. All persons referred or recommended by the court to participate in the home detention program pursuant to subdivision (e) who are denied participation or all persons removed from program participation shall be notified in writing of the specific reasons for the denial or removal. The notice of denial or removal shall include the participant's appeal rights, as established by program administrative policy.

(e) The court may recommend or refer a person to the correctional administrator for consideration for placement in the home detention program. The recommendation or referral of the court shall be given great weight in the determination of acceptance or denial. At the time of sentencing or at any time that the court deems it necessary, the court may restrict or deny the defendant's participation in a home detention program.

(f) The correctional administrator may permit home detention program participants to seek and retain employment in the community, attend psychological counseling sessions or educational or vocational training classes, or seek medical and dental assistance. Willful failure of the program participant to return to the place of home detention not later than the expiration of any period of time during which he or she is authorized to be away from the place of home detention pursuant to this

section and unauthorized departures from the place of home detention are punishable as provided in Section 4532.

(g) The board of supervisors may prescribe a program administrative fee to be paid by each home detention participant that shall be determined according to his or her ability to pay. Inability to pay all or a portion of the program fees shall not preclude participation in the program, and eligibility shall not be enhanced by reason of ability to pay. All program administration and supervision fees shall be administered in compliance with Section 1208.2.

(h) As used in this section, the following words have the following meanings:

(1) "Correctional administrator" means the sheriff, probation officer, or director of the county department of corrections.

(2) "Minimum security inmate" means an inmate who, by established local classification criteria, would be eligible for placement in a Type IV local detention facility, as described in Title 15 of the California Code of Regulations, or for placement into the community for work or school activities, or who is determined to be a minimum security risk under a classification plan developed pursuant to Section 1050 of Title 15 of the California Code of Regulations.

(3) "Low-risk offender" means a probationer, as defined by the National Institute of Corrections model probation system.

(i) Notwithstanding any other law, the police department of a city where an office is located to which persons on an electronic monitoring program report may require the county correctional administrator to provide information concerning those persons. This information shall be limited to the name, address, date of birth, and offense committed by the home detainee. Any information received by a police department pursuant to this paragraph shall be used only for the purpose of monitoring the impact of home detention programs on the community.

(j) It is the intent of the Legislature that home detention programs established under this section maintain the highest public confidence, credibility, and public safety. In the furtherance of these standards, the following shall apply:

(1) The correctional administrator, with the approval of the board of supervisors, may administer a home detention program pursuant to written contracts with appropriate public or private agencies or entities to provide specified program services. No public or private agency or entity may operate a home detention program in any county without a written contract with that county's correctional administrator. However, this does not apply to the use of electronic monitoring by the California Department of Corrections or the Department of the Youth Authority as established in Section 3004. No public or private agency or entity entering

into a contract may itself employ any person who is in the home detention program.

(2) Program acceptance shall not circumvent the normal booking process for sentenced offenders. All home detention program participants shall be supervised.

(3) (A) All privately operated home detention programs shall be under the jurisdiction of, and subject to the terms and conditions of the contract entered into with, the correctional administrator.

(B) Each contract shall include, but not be limited to, all of the following:

(i) A provision whereby the private agency or entity agrees to operate in compliance with any available standards promulgated by state correctional agencies and bodies, including the Board of Corrections, and all statutory provisions and mandates, state and county, as appropriate and applicable to the operation of home detention programs and the supervision of sentenced offenders in a home detention program.

(ii) A provision that clearly defines areas of respective responsibility and liability of the county and the private agency or entity.

(iii) A provision that requires the private agency or entity to demonstrate evidence of financial responsibility, submitted and approved by the board of supervisors, in amounts and under conditions sufficient to fully indemnify the county for reasonably foreseeable public liability, including legal defense costs, that may arise from, or be proximately caused by, acts or omissions of the contractor. The contract shall provide for annual review by the correctional administrator to ensure compliance with requirements set by the board of supervisors and for adjustment of the financial responsibility requirements if warranted by caseload changes or other factors.

(iv) A provision that requires the private agency or entity to provide evidence of financial responsibility, such as certificates of insurance or copies of insurance policies, prior to commencing any operations pursuant to the contract or at any time requested by the board of supervisors or correctional administrator.

(v) A provision that permits the correctional administrator to immediately terminate the contract with a private agency or entity at any time that the contractor fails to demonstrate evidence of financial responsibility.

(C) All privately operated home detention programs shall comply with all appropriate, applicable ordinances and regulations specified in subdivision (a) of Section 1208.

(D) The board of supervisors, the correctional administrator, and the designee of the correctional administrator shall comply with Section

1090 of the Government Code in the consideration, making, and execution of contracts pursuant to this section.

(E) The failure of the private agency or entity to comply with statutory provisions and requirements or with the standards established by the contract and with the correctional administrator may be sufficient cause to terminate the contract.

(F) Upon the discovery that a private agency or entity with whom there is a contract is not in compliance pursuant to this paragraph, the correctional administrator shall give 60 days' notice to the director of the private agency or entity that the contract may be canceled if the specified deficiencies are not corrected.

(G) Shorter notice may be given or the contract may be canceled without notice whenever a serious threat to public safety is present because the private agency or entity has failed to comply with this section.

(k) For purposes of this section, "evidence of financial responsibility" may include, but is not limited to, certified copies of any of the following:

- (1) A current liability insurance policy.
- (2) A current errors and omissions insurance policy.
- (3) A surety bond.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure uniformity among counties in how laws related to the use of global positioning systems are implemented, it is necessary that this act take effect immediately.

(3) If the mediator or evaluator determines that ex parte communication is needed to inform the court of his or her belief that a restraining order is necessary to prevent an imminent risk to the physical safety of the child or the party.

(d) Nothing in this section shall be construed to limit the responsibilities a mediator or evaluator may have as a mandated reporter pursuant to Section 11165.9 of the Penal Code or the responsibilities a mediator or evaluator may have to warn under *Tarasoff v. Regents of the University of California* (1976) 17 Cal.3d 425, *Hedlund v. Superior Court* (1983) 34 Cal.3d 695, and Section 43.92 of the Civil Code.

As evidence of proof, the secretary may rely on experimental data, evaluations, or advice furnished by scientists, including scientists affiliated with the University of California, and may accept or reject additional sources of proof in the evaluation of any fertilizing material. In all cases, experimental proof shall relate to conditions in California under which the product is intended for use.

The secretary, after hearing, may cancel the registration of, or refuse to register, any specialty fertilizer, packaged agricultural mineral, packaged soil amendment, or auxiliary soil and plant substance, which the secretary determines is detrimental or injurious to plants, animals, public safety, or the environment when it is applied as directed, which is known to be of little or no value for the purpose for which it is intended, or for which any false or misleading claim is made or implied. CHAPTER 492

An act to amend Section 13276 of the Welfare and Institutions Code, relating to public social services.

[Approved by Governor October 4, 2005. Filed with
Secretary of State October 4, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 13276 of the Welfare and Institutions Code is amended to read:

13276. (a) After setting aside the necessary state administrative funds, the department shall allocate all social services funds derived from the federal Refugee Act of 1980 (Public Law 96-212), as amended, that are required to be used for employment-related and English language training to each eligible county, in the same proportion that refugees on aid in each eligible county bears to the total refugees on aid in all eligible counties. The department shall assign differential weights for refugees based on the length of time that they have resided in the United States, as follows:

(1) For refugees who have resided in this country one year or less, the department shall use a weight of 1.50 for the purposes of calculating the allocation in this subdivision.

(2) For refugees who have resided in this country two years or less, but more than one year, the department shall use a weight of 1.25 for the purposes of calculating the allocation in this subdivision.

(3) For refugees who have resided in this country five years or less, but more than two years, the department shall use a weight of 1.00 for the purposes of calculating the allocation in this subdivision.

(b) After setting aside the necessary state administrative funds, the department shall allocate all federal targeted assistance received by the

department to the counties designated by the federal government as eligible in the same way funds are allocated by the federal government in the final targeted assistance formula allocations to states.

(c) For the purposes of this section, “eligible county” means a county or city and county designated as impacted using a formula to be developed by the department based upon the refugee arrivals in the county during the preceding 60-month period for which the department has data.

CHAPTER 493

An act to amend Section 15438.6 of the Government Code, relating to public health, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 4, 2005. Filed with
Secretary of State October 4, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 15438.6 of the Government Code is amended to read:

15438.6. (a) This section shall be known, and may be cited, as the Cedillo-Alarcon Community Clinic Investment Act of 2000.

(b) The Legislature finds and declares all of the following:

(1) Primary care clinics require capital improvements in order to continuously perform their vital role. Many primary care clinics are currently at capacity and in order to increase access to their services and allow them to expand to cover the growing need for health care for the vulnerable populations in California, these capital funds are necessary.

(2) Primary care clinics are the health care safety net for the most vulnerable populations in California: uninsured, underinsured, indigent, and those in shortage designation areas. Primary care clinics provide health care regardless of the ability to pay for services.

(3) Approximately 6.6 million Californians lack health insurance, a number that increases by 50,000 per month.

(4) Primary care clinics have been historically and woefully underfunded.

(5) Primary care clinics are the most cost-effective means of serving California’s vulnerable populations.

(6) The failure to adequately fund primary care clinics has resulted in significant costs to the state in the form of unnecessary emergency

room visits. Also, the lack of preventive care results in significant costs when patients become severely ill.

(c) The authority may award grants to any eligible clinic, as defined in subdivision (a) of Section 1204 and subdivision (c) of Section 1206 of the Health and Safety Code, for purposes of financing capital outlay projects, as defined in subdivision (f) of Section 15432.

(d) The authority, in consultation with representatives of primary care clinics and other appropriate parties, shall develop selection criteria and a process for awarding grants under this section. The authority may take into account at least the following factors when selecting recipients and determining amount of grants:

(1) The percentage of total expenditures attributable to uncompensated care provided by an applicant.

(2) The extent to which the grant will contribute toward expansion of health care access by indigent, underserved, and uninsured populations.

(3) The need for the grant based on an applicant's total net assets, relative to net assets of other applicants. For purposes of this section, "total net assets" means the amount of total assets minus total liabilities, as disclosed in an audited financial statement prepared according to United States Generally Accepted Accounting Principles, and shall include unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

(4) The geographic location of the applicant, in order to maximize broad geographic distribution of funding.

(5) Demonstration by the applicant of project readiness and feasibility to the authority's satisfaction.

(6) The total amount of funds appropriated and available for purposes of this section.

(e) No grant to any clinic facility shall exceed two hundred fifty thousand dollars (\$250,000).

(f) In no event shall a grant to finance a project exceed the total cost of the project, as determined by the clinic and approved by the authority. Grants shall be awarded only to clinics that have certified to the authority that all requirements established by the authority for grantees have been met.

(g) All projects that are awarded grants shall be completed within a reasonable period of time, to be determined by the authority. No funds shall be released by the authority until the applicant demonstrates project readiness to the authority's satisfaction. If the authority determines that the clinic has failed to complete the project under the terms specified in awarding the grant, the authority may require remedies, including the return of all or a portion of the grant. Certification of project completion

shall be submitted to the authority by any clinic receiving a grant under this section.

(h) Any clinic receiving a grant under this section shall commit to using the health facility for the purposes for which the grant was awarded for the duration of the expected life of the project.

(i) Upon disbursement of all grant funds, the authority shall report to the Joint Legislative Budget Committee on the recipients of grants, the total amount of each grant, and the purpose for which each grant was awarded.

(j) It is the intent of the Legislature that the California Health Facilities Financing Authority be reimbursed for the costs of the administration of the implementation of this section from funds appropriated for the purposes of this section.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that critically needed primary health care services may be provided to all Californians, it is necessary that this act take effect immediately.

CHAPTER 494

An act to amend Section 129885 of, and to add and repeal Section 129875.2 of, the Health and Safety Code, relating to health facilities.

[Approved by Governor October 4, 2005. Filed with
Secretary of State October 4, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 129875.2 is added to the Health and Safety Code, to read:

129875.2. (a) The office shall establish a plan review project for multistory hospital buildings. The purpose of the plan review project shall be to simplify the office's review and inspection process and to expedite completion of repair and maintenance.

(b) Under a plan review project, construction or alteration projects for multistory hospital buildings shall be exempt from plan review and inspection by the office prior to construction if the facility demonstrates to the office, by written description of the project, that all of the following conditions are met:

(1) The construction or alteration is limited to repairing existing systems or keeping up the course of normal or routine maintenance.

(2) The repair to existing systems or normal or routine maintenance either restores the facility to the same operational status or improves operational status from the facility's operating condition immediately prior to the event, occurrence, or condition that necessitated the alteration.

(3) The repair to existing systems or normal or routine maintenance is not ordinarily within the standard of practice of a licensed architect or registered engineer.

(4) The repair to existing systems or normal or routine maintenance does not degrade the status or condition of the fire and life safety system from the status of the system immediately prior to the event, occurrence, or condition that necessitated the alteration.

(c) Upon completion of construction or alteration of any building subject to this section, and prior to use of the repaired system or other subject of the construction or alteration, the office shall inspect and approve the work. The office may require an interim inspection for code compliance when walls, ceilings, or other materials or finishes will cover the final work.

(d) Upon compliance with subdivision (b), the office shall approve the written description of the project and issue a building permit.

(e) The office shall prepare a comprehensive report of the plan review project by March 1, 2008. The report shall include a comprehensive review of the plan review project and shall assess whether the purpose of the plan review project has been achieved and whether the construction or alteration projects submitted under this section have resulted in any significant potential danger to the safety of hospital patients and workers or the public. The report shall be submitted to the health policy committees of the Senate and Assembly.

(f) This section shall remain in effect only until January 1, 2009, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2009, deletes or extends that date.

SEC. 2. Section 129885 of the Health and Safety Code is amended to read:

129885. (a) A city or county, as applicable, shall have plan review and building inspection responsibilities for the construction or alteration of buildings described in paragraph (1) of subdivision (b) of Section 129725. The building standards for the construction or alteration of buildings specified in paragraph (1) of subdivision (b) of Section 129725 established or applied by a city or county, shall not be more restrictive or comprehensive than comparable building standards established, or otherwise applied, to clinics licensed pursuant to Chapter 1 (commencing with Section 1200) of Division 2. For chronic dialysis and surgical

services buildings, construction or alteration shall include conversion of a building to a purpose specified in paragraph (1) of subdivision (b) of Section 129725.

(b) Upon the initial submittal to a city or county by the governing authority or owner of a hospital for plan review and building inspection services for buildings described in paragraph (1) of subdivision (b) of Section 129725 for chronic dialysis and surgical services, the city or county shall reply in writing to the hospital as to whether or not the plan review by the city or county will include a certification as to whether or not the clinic project submitted for plan review meets the clinic standards propounded by the office in the California Building Standards Code.

If the city or county indicates that its review will include this certification, it shall do all of the following:

(1) Apply the applicable clinic provisions of the latest edition of the California Building Standards Code.

(2) Certify in writing to the applicant within 30 days of completion of construction whether or not the standards have been met.

(c) If, upon initial submittal, the city or county indicates that its plan review will not include this certification, the governing authority or owner shall submit the plans to the Office of Statewide Health Planning and Development and the office shall review the plans for certification to determine whether or not the clinic project meets the standards propounded by the office in the California Building Standards Code.

(d) When the office performs the certification review, the office shall charge a fee in an amount not to exceed its actual cost.

(e) Notwithstanding subdivision (a), the governing authority of a hospital may request the Office of Statewide Health Planning and Development to perform plan review and building inspection services for buildings described in paragraph (1) of subdivision (b) of Section 129725 and Section 129730. The office shall perform these services upon request and shall charge an amount equal to its standard fee for the construction and alteration of hospital buildings. The construction or alteration of these buildings shall conform to the applicable provisions of the latest edition of the California Building Standards Code for purposes of the plan review and building inspection of the office pursuant to this subdivision. The office shall issue the building permit and certificate of occupancy for these facilities.

(f) A building described in paragraph (1) of subdivision (b) of Section 129725 that is subject to the plan review and building inspection of the office pursuant to subdivision (e), may be designated by the governing authority or owner of the hospital as a "hospital building" as long as the building remains under the jurisdiction of the office. This hospital building shall be reviewed and inspected according to the standards and

requirements of the Alfred E. Alquist Hospital Facilities Seismic Safety Act of 1983 (Chapter 1 (commencing with Section 129675)).

(g) When a building is accepted for review by the office pursuant to subdivision (e), the governing authority of the hospital shall not request the city or county, as applicable, to conduct plan review and building inspection for any subsequent alteration of the same building, unless written notification is submitted to the office by the governing authority or owner of the hospital.

CHAPTER 495

An act to amend Section 2891.1 of the Public Utilities Code, relating to telecommunications.

[Approved by Governor October 4, 2005. Filed with
Secretary of State October 4, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 2891.1 of the Public Utilities Code is amended to read:

2891.1. (a) Notwithstanding Section 2891, a telephone corporation selling or licensing lists of residential subscribers shall not include the telephone number of any subscriber assigned an unlisted or unpublished access number. A subscriber may waive all or part of the protection provided by this subdivision through written notice to the telephone corporation.

(b) Notwithstanding Section 2891, a provider of mobile telephony services, or any direct or indirect affiliate or agent of a provider, providing the name and dialing number of a subscriber for inclusion in any directory of any form, or selling the contents of any directory database, or any portion or segment thereof, shall not include the dialing number of any subscriber without first obtaining the express consent of that subscriber. The express consent shall meet all of the following requirements:

(1) It shall be one of the following:

(A) A separate document that is signed and dated by the subscriber, and that is not attached to any other document.

(B) An affirmative response made on a separate field on an Internet Web site where there is no default. The provider of mobile telephony services shall send a confirmation notice to the subscriber's electronic

mail address, or to a subscriber's postal mail address if the subscriber does not have an electronic mail account.

(2) It shall be unambiguous, legible, and conspicuously disclose that, by opting in, the subscriber is consenting to have the subscriber's dialing number sold or licensed as part of a list of subscribers and the subscriber's dialing number may be included in a publicly available directory.

(3) If, under the subscriber's calling plan, the subscriber may be billed for receiving unsolicited calls or text messaging from a telemarketer, the provider's form shall include an unambiguous and legible disclosure statement that, by consenting to have the subscriber's dialing number sold or licensed as part of a list of subscribers or included in a publicly available directory, the subscriber may incur additional charges for receiving unsolicited calls or text messages.

(c) Nothing in this section prohibits a subscriber of mobile telephony services from voluntarily entering into an agreement for the placement of his or her name and mobile telephony dialing number in any advertising program if the agreement satisfies the express consent requirements of this section.

(d) A subscriber who provides express prior consent pursuant to subdivision (b) may revoke that consent at any time. A provider of mobile telephony services shall comply with the subscriber's request to opt out within a reasonable period of time, not to exceed 60 days.

(e) A subscriber shall not be charged for making the choice to not have their name and mobile telephony dialing number be listed in a publicly available directory assistance database.

(f) This section does not apply to the provision of telephone numbers to the following parties for the purposes indicated:

(1) To a collection agency, to the extent disclosures made by the agency are supervised by the commission, exclusively for the collection of unpaid debts.

(2) (A) To any law enforcement agency, fire protection agency, public health agency, public environmental health agency, city or county emergency services planning agency, or private for-profit agency operating under contract with, and at the direction of, one or more of these agencies, for the exclusive purpose of responding to a 911 call or communicating an imminent threat to life or property.

(B) Any information or records provided to a private for-profit agency pursuant to this subdivision shall be held in confidence by that agency and by any individual employed by or associated with that agency. This information or these records shall not be open to examination for any purpose not directly connected with the administration of the services specified in subdivision (e) of Section 2872 or this paragraph.

(3) To a lawful process issued under state or federal law.

(4) To a telephone corporation providing service between service areas for the provision to the subscriber of telephone service between service areas, or to third parties for the limited purpose of providing billing services.

(5) To a telephone corporation to effectuate a customer's request to transfer the customer's assigned telephone number from the customer's existing provider of telecommunications services to a new provider of telecommunications services.

(6) To the commission pursuant to its jurisdiction and control over telephone and telegraph corporations.

(g) Every deliberate violation of this section is grounds for a civil suit by the aggrieved subscriber against the organization or corporation and its employees responsible for the violation.

(h) For purposes of this section, "unpublished or unlisted access number" means a telephone, telex, teletex, facsimile, computer modem, or any other code number that is assigned to a subscriber by a telephone or telegraph corporation for the receipt of communications initiated by other telephone or telegraph customers and that the subscriber has requested that the telephone or telegraph corporation keep in confidence.

(i) No telephone corporation, nor any official or employee thereof, shall be subject to criminal or civil liability for the release of customer information as authorized by this section.

CHAPTER 496

An act to amend Section 65915 of the Government Code, relating to housing.

[Approved by Governor October 4, 2005. Filed with
Secretary of State October 4, 2005.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature that local governments encourage, to the maximum extent practicable, the location of housing developed pursuant to Section 65915 of the Government Code in urban areas with adequate infrastructure to serve the housing.

SEC. 2. Section 65915 of the Government Code is amended to read:
65915. (a) When an applicant seeks a density bonus for a housing development within, or for the donation of land for housing within, the jurisdiction of a city, county, or city and county, that local government

shall provide the applicant incentives or concessions for the production of housing units and child care facilities as prescribed in this section. All cities, counties, or cities and counties shall adopt an ordinance that specifies how compliance with this section will be implemented.

(b) (1) A city, county, or city and county shall grant one density bonus, the amount of which shall be as specified in subdivision (g), and incentives or concessions, as described in subdivision (d), when an applicant for a housing development seeks and agrees to construct a housing development, excluding any units permitted by the density bonus awarded pursuant to this section, that will contain at least any one of the following:

(A) Ten percent of the total units of a housing development for lower income households, as defined in Section 50079.5 of the Health and Safety Code.

(B) Five percent of the total units of a housing development for very low income households, as defined in Section 50105 of the Health and Safety Code.

(C) A senior citizen housing development as defined in Sections 51.3 and 51.12 of the Civil Code, or mobilehome park that limits residency based on age requirements for housing for older persons pursuant to Section 798.76 or 799.5 of the Civil Code.

(D) Ten percent of the total dwelling units in a common interest development as defined in Section 1351 of the Civil Code for persons and families of moderate income, as defined in Section 50093 of the Health and Safety Code, provided that all units in the development are offered to the public for purchase.

(2) For purposes of calculating the amount of the density bonus pursuant to subdivision (f), the applicant who requests a density bonus pursuant to this subdivision shall elect whether the bonus shall be awarded on the basis of subparagraph (A), (B), (C), or (D) of paragraph (1).

(c) (1) An applicant shall agree to, and the city, county, or city and county shall ensure, continued affordability of all low- and very low income units that qualified the applicant for the award of the density bonus for 30 years or a longer period of time if required by the construction or mortgage financing assistance program, mortgage insurance program, or rental subsidy program. Rents for the lower income density bonus units shall be set at an affordable rent as defined in Section 50053 of the Health and Safety Code. Owner-occupied units shall be available at an affordable housing cost as defined in Section 50052.5 of the Health and Safety Code.

(2) An applicant shall agree to, and the city, county, or city and county shall ensure that, the initial occupant of the moderate-income units that

are directly related to the receipt of the density bonus in the common interest development, as defined in Section 1351 of the Civil Code, are persons and families of moderate income, as defined in Section 50093 of the Health and Safety Code, and that the units are offered at an affordable housing cost, as that cost is defined in Section 50052.5 of the Health and Safety Code. The local government shall enforce an equity-sharing agreement, unless it is in conflict with the requirements of another public funding source or law. The following apply to the equity-sharing agreement:

(A) Upon resale, the seller of the unit shall retain the value of any improvements, the downpayment, and the seller's proportionate share of appreciation. The local government shall recapture any initial subsidy and its proportionate share of appreciation, which shall then be used within three years for any of the purposes described in subdivision (e) of Section 33334.2 of the Health and Safety Code that promote homeownership.

(B) For purposes of this subdivision, the local government's initial subsidy shall be equal to the fair market value of the home at the time of initial sale minus the initial sale price to the moderate-income household, plus the amount of any downpayment assistance or mortgage assistance. If upon resale the market value is lower than the initial market value, then the value at the time of the resale shall be used as the initial market value.

(C) For purposes of this subdivision, the local government's proportionate share of appreciation shall be equal to the ratio of the initial subsidy to the fair market value of the home at the time of initial sale.

(d) (1) An applicant for a density bonus pursuant to subdivision (b) may submit to a city, county, or city and county a proposal for the specific incentives or concessions that the applicant requests pursuant to this section, and may request a meeting with the city, county, or city and county. The city, county, or city and county shall grant the concession or incentive requested by the applicant unless the city, county, or city and county makes a written finding, based upon substantial evidence, of either of the following:

(A) The concession or incentive is not required in order to provide for affordable housing costs, as defined in Section 50052.5 of the Health and Safety Code, or for rents for the targeted units to be set as specified in subdivision (c).

(B) The concession or incentive would have a specific adverse impact, as defined in paragraph (2) of subdivision (d) of Section 65589.5, upon public health and safety or the physical environment or on any real property that is listed in the California Register of Historical Resources and for which there is no feasible method to satisfactorily mitigate or

avoid the specific adverse impact without rendering the development unaffordable to low- and moderate-income households.

(2) The applicant shall receive the following number of incentives or concessions:

(A) One incentive or concession for projects that include at least 10 percent of the total units for lower income households, at least 5 percent for very low income households, or at least 10 percent for persons and families of moderate income in a common interest development.

(B) Two incentives or concessions for projects that include at least 20 percent of the total units for lower income households, at least 10 percent for very low income households, or at least 20 percent for persons and families of moderate income in a common interest development.

(C) Three incentives or concessions for projects that include at least 30 percent of the total units for lower income households, at least 15 percent for very low income households, or at least 30 percent for persons and families of moderate income in a common interest development.

(3) The applicant may initiate judicial proceedings if the city, county, or city and county refuses to grant a requested density bonus, incentive, or concession. If a court finds that the refusal to grant a requested density bonus, incentive, or concession is in violation of this section, the court shall award the plaintiff reasonable attorney's fees and costs of suit. Nothing in this subdivision shall be interpreted to require a local government to grant an incentive or concession that has a specific, adverse impact, as defined in paragraph (2) of subdivision (d) of Section 65589.5, upon health, safety, or the physical environment, and for which there is no feasible method to satisfactorily mitigate or avoid the specific adverse impact. Nothing in this subdivision shall be interpreted to require a local government to grant an incentive or concession that would have an adverse impact on any real property that is listed in the California Register of Historical Resources. The city, county, or city and county shall establish procedures for carrying out this section, that shall include legislative body approval of the means of compliance with this section. The city, county, or city and county shall also establish procedures for waiving or modifying development and zoning standards that would otherwise inhibit the utilization of the density bonus on specific sites. These procedures shall include, but not be limited to, such items as minimum lot size, side yard setbacks, and placement of public works improvements.

(e) In no case may a city, county, or city and county apply any development standard that will have the effect of precluding the construction of a development meeting the criteria of subdivision (b) at the densities or with the concessions or incentives permitted by this section. An applicant may submit to a city, county, or city and county a

proposal for the waiver or reduction of development standards and may request a meeting with the city, county, or city and county. If a court finds that the refusal to grant a waiver or reduction of development standards is in violation of this section, the court shall award the plaintiff reasonable attorney’s fees and costs of suit. Nothing in this subdivision shall be interpreted to require a local government to waive or reduce development standards if the waiver or reduction would have a specific, adverse impact, as defined in paragraph (2) of subdivision (d) of Section 65589.5, upon health, safety, or the physical environment, and for which there is no feasible method to satisfactorily mitigate or avoid the specific adverse impact. Nothing in this subdivision shall be interpreted to require a local government to waive or reduce development standards that would have an adverse impact on any real property that is listed in the California Register of Historical Resources.

(f) The applicant shall show that the waiver or modification is necessary to make the housing units economically feasible.

(g) For the purposes of this chapter, “density bonus” means a density increase over the otherwise maximum allowable residential density under the applicable zoning ordinance and land use element of the general plan as of the date of application by the applicant to the city, county, or city and county. The applicant may elect to accept a lesser percentage of density bonus. The amount of density bonus to which the applicant is entitled shall vary according to the amount by which the percentage of affordable housing units exceeds the percentage established in subdivision (b).

(1) For housing developments meeting the criteria of subparagraph (A) of paragraph (1) of subdivision (b), the density bonus shall be calculated as follows:

Percentage Low-Income Units	Percentage Density Bonus
10	20
11	21.5
12	23
13	24.5
14	26
15	27.5
17	30.5
18	32
19	33.5
20	35

(2) For housing developments meeting the criteria of subparagraph (B) of paragraph (1) of subdivision (b), the density bonus shall be calculated as follows:

5	20
6	22.5
7	25
8	27.5
9	30
10	32.5
11	35

(3) For housing developments meeting the criteria of subparagraph (C) of paragraph (1) of subdivision (b), the density bonus shall be 20 percent.

(4) For housing developments meeting the criteria of subparagraph (D) of paragraph (1) of subdivision (b), the density bonus shall be calculated as follows:

Percentage Moderate-Income Units	Percentage Density Bonus
10	5
11	6
12	7

(5) All density calculations resulting in fractional units shall be rounded up to the next whole number. The granting of a density bonus shall not be interpreted, in and of itself, to require a general plan amendment, local coastal plan amendment, zoning change, or other discretionary approval. As used in subdivision (b), “total units” or “total dwelling units” does not include units permitted by a density bonus awarded pursuant to this section or any local law granting a greater density bonus. The density bonus provided by this section shall apply to housing developments consisting of five or more dwelling units.

(h) (1) When an applicant for a tentative subdivision map, parcel map, or other residential development approval donates land to a city, county, or city and county as provided for in this subdivision, the applicant shall be entitled to a 15-percent increase above the otherwise maximum allowable residential density under the applicable zoning ordinance and land use element of the general plan for the entire development, as follows:

Percentage Very Low Income	Percentage Density Bonus
10	15
11	16

(2) This increase shall be in addition to any increase in density mandated by subdivision (b), up to a maximum combined mandated density increase of 35 percent if an applicant seeks both the increase required pursuant to this subdivision and subdivision (b). All density calculations resulting in fractional units shall be rounded up to the next whole number. Nothing in this subdivision shall be construed to enlarge or diminish the authority of a city, county, or city and county to require a developer to donate land as a condition of development. An applicant shall be eligible for the increased density bonus described in this subdivision if all of the following conditions are met:

(A) The applicant donates and transfers the land no later than the date of approval of the final subdivision map, parcel map, or residential development application.

(B) The developable acreage and zoning classification of the land being transferred are sufficient to permit construction of units affordable to very low income households in an amount not less than 10 percent of the number of residential units of the proposed development.

(C) The transferred land is at least one acre in size or of sufficient size to permit development of at least 40 units, has the appropriate general plan designation, is appropriately zoned for development as affordable housing, and is or will be served by adequate public facilities and infrastructure. The land shall have appropriate zoning and development standards to make the development of the affordable units feasible. No later than the date of approval of the final subdivision map, parcel map, or of the residential development, the transferred land shall have all of the permits and approvals, other than building permits, necessary for the development of the very low income housing units on the transferred land, except that the local government may subject the proposed development to subsequent design review to the extent authorized by subdivision (i) of Section 65583.2 if the design is not reviewed by the local government prior to the time of transfer.

(D) The transferred land and the affordable units shall be subject to a deed restriction ensuring continued affordability of the units consistent

with paragraphs (1) and (2) of subdivision (c), which shall be recorded on the property at the time of dedication.

(E) The land is transferred to the local agency or to a housing developer approved by the local agency. The local agency may require the applicant to identify and transfer the land to the developer.

(F) The transferred land shall be within the boundary of the proposed development or, if the local agency agrees, within one-quarter mile of the boundary of the proposed development.

(i) (1) When an applicant proposes to construct a housing development that conforms to the requirements of subdivision (b) and includes a child care facility that will be located on the premises of, as part of, or adjacent to, the project, the city, county, or city and county shall grant either of the following:

(A) An additional density bonus that is an amount of square feet of residential space that is equal to or greater than the amount of square feet in the child care facility.

(B) An additional concession or incentive that contributes significantly to the economic feasibility of the construction of the child care facility.

(2) The city, county, or city and county shall require, as a condition of approving the housing development, that the following occur:

(A) The child care facility shall remain in operation for a period of time that is as long as or longer than the period of time during which the density bonus units are required to remain affordable pursuant to subdivision (c).

(B) Of the children who attend the child care facility, the children of very low income households, lower income households, or families of moderate income shall equal a percentage that is equal to or greater than the percentage of dwelling units that are required for very low income households, lower income households, or families of moderate income pursuant to subdivision (b).

(3) Notwithstanding any requirement of this subdivision, a city, county, or a city and county shall not be required to provide a density bonus or concession for a child care facility if it finds, based upon substantial evidence, that the community has adequate child care facilities.

(4) "Child care facility," as used in this section, means a child day care facility other than a family day care home, including, but not limited to, infant centers, preschools, extended day care facilities, and schoolage child care centers.

(j) "Housing development," as used in this section, means one or more groups of projects for residential units constructed in the planned development of a city, county, or city and county. For the purposes of this section, "housing development" also includes a subdivision or

common interest development, as defined in Section 1351 of the Civil Code, approved by a city, county, or city and county and consists of residential units or unimproved residential lots and either a project to substantially rehabilitate and convert an existing commercial building to residential use or the substantial rehabilitation of an existing multifamily dwelling, as defined in subdivision (d) of Section 65863.4, where the result of the rehabilitation would be a net increase in available residential units. For the purpose of calculating a density bonus, the residential units do not have to be based upon individual subdivision maps or parcels. The density bonus shall be permitted in geographic areas of the housing development other than the areas where the units for the lower income households are located.

(k) The granting of a concession or incentive shall not be interpreted, in and of itself, to require a general plan amendment, local coastal plan amendment, zoning change, or other discretionary approval. This provision is declaratory of existing law.

(l) For the purposes of this chapter, concession or incentive means any of the following:

(1) A reduction in site development standards or a modification of zoning code requirements or architectural design requirements that exceed the minimum building standards approved by the California Building Standards Commission as provided in Part 2.5 (commencing with Section 18901) of Division 13 of the Health and Safety Code, including, but not limited to, a reduction in setback and square footage requirements and in the ratio of vehicular parking spaces that would otherwise be required that results in identifiable, financially sufficient, and actual cost reductions.

(2) Approval of mixed use zoning in conjunction with the housing project if commercial, office, industrial, or other land uses will reduce the cost of the housing development and if the commercial, office, industrial, or other land uses are compatible with the housing project and the existing or planned development in the area where the proposed housing project will be located.

(3) Other regulatory incentives or concessions proposed by the developer or the city, county, or city and county that result in identifiable, financially sufficient, and actual cost reductions.

This subdivision does not limit or require the provision of direct financial incentives for the housing development, including the provision of publicly owned land, by the city, county, or city and county, or the waiver of fees or dedication requirements.

(m) Nothing in this section shall be construed to supersede or in any way alter or lessen the effect or application of the California Coastal Act

(Division 20 (commencing with Section 30000) of the Public Resources Code.

(n) Nothing in this section shall be construed to prohibit a city, county, or city and county from granting a density bonus greater than what is described in this section for a development that meets the requirements of this section or from granting a proportionately lower density bonus than what is required by this section for developments that do not meet the requirements of this section.

(o) For purposes of this section, the following definitions shall apply:

(1) "Development standard" includes site or construction conditions that apply to a residential development pursuant to any ordinance, general plan element, specific plan, charter amendment, or other local condition, law, policy, resolution, or regulation.

(2) "Maximum allowable residential density" means the density allowed under the zoning ordinance, or if a range of density is permitted, means the maximum allowable density for the specific zoning range applicable to the project.

(p) (1) Upon the request of the developer, no city, county, or city and county shall require a vehicular parking ratio, inclusive of handicapped and guest parking, of a development meeting the criteria of subdivision (b), that exceeds the following ratios:

(A) Zero to one bedrooms: one onsite parking space.

(B) Two to three bedrooms: two onsite parking spaces.

(C) Four and more bedrooms: two and one-half parking spaces.

(2) If the total number of parking spaces required for a development is other than a whole number, the number shall be rounded up to the next whole number. For purposes of this subdivision, a development may provide "onsite parking" through tandem parking or uncovered parking, but not through onstreet parking.

(3) This subdivision shall apply to a development that meets the requirements of subdivision (b) but only at the request of the applicant. An applicant may request additional parking incentives or concessions beyond those provided in this section, subject to subdivision (d).

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

(a) Each of the Counties of Fresno, Kern, Kings, Madera, Merced, San Joaquin, Stanislaus, and Tulare may develop within its respective jurisdiction a Central Valley Rural Crime Prevention Program, which shall be administered by the county district attorney's office of each respective county under a joint powers agreement with the corresponding county sheriff's office entered into pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code.

(3) The Central Valley Rural Crime Task Force shall develop a uniform procedure for all participating counties to collect, and each participating county shall collect, data on agricultural crimes. The task force shall also establish a central database for the collection and maintenance of data on agricultural crimes and designate one participating county to maintain the database. (5) (A) An alumnus may direct at any time that his or her name, address, and electronic mail address not be disclosed. The regents, the board of directors, or the affected alumni association shall comply with the direction of an alumnus concerning the sharing of his or her name, address, and electronic mail address within 45 days of receipt by the regents, the board of directors, or the alumni association. When an alumnus directs that his or her name, address, or electronic mail address not be disclosed, that direction is in effect until otherwise stated by the alumnus.

(B) Nothing in this subdivision shall prohibit the disclosure of the name, address, or electronic mail address of an alumnus as allowed by other applicable provisions of state law.

(6) The regents, the board of directors, or the affected alumni association may provide a joint notice from the regents, from the board of directors, or from one or more alumni associations, as identified in the notice, so long as the notice is accurate with respect to the regents or the board of directors and the alumni association or associations participating in the joint notice.

(d) This section shall not be construed to authorize the release of any social security numbers.

92630.5. This article shall apply to the University of California only to the extent that the regents act, by resolution, to make it applicable. This article shall apply to the Hastings College of the Law only to the extent that the Board of Directors of the Hastings College of the Law acts, by resolution, to make it applicable.

92630.9. This article shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

CHAPTER 499

An act to add Sections 3517.63, 19829.5, and 19829.6 to the Government Code, relating to employment relations.

[Approved by Governor October 4, 2005. Filed with
Secretary of State October 4, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 3517.63 is added to the Government Code, to read:

3517.63. (a) Any side letter, appendix, or other addendum to a properly ratified memorandum of understanding that requires the expenditure of two hundred fifty thousand dollars (\$250,000) or more related to salary and benefits and that is not already contained in the original memorandum of understanding or the Budget Act, shall be provided by the Department of Personnel Administration to the Joint Legislative Budget Committee. The Joint Legislative Budget Committee shall determine within 30 days after receiving the side letter, appendix, or other addendum if it presents substantial additions that are not reasonably within the parameters of the original memorandum of understanding and thereby requires legislative action to ratify the side letter, appendix, or other addendum.

(b) A side letter, appendix, or other addendum to a properly ratified memorandum of understanding that does not require the expenditure of funds shall be expressly identified by the Department of Personnel Administration if that side letter, appendix, or other addendum is to be incorporated in a subsequent memorandum of understanding submitted to the Legislature for approval.

SEC. 2. Section 19829.5 is added to the Government Code, to read:

19829.5. (a) The Department of Personnel Administration shall provide a memorandum of understanding pursuant to Section 3517.5 to the Legislative Analyst who shall have 10 calendar days from the date the tentative agreement is received to issue a fiscal analysis to the Legislature. The Legislative Analyst may prioritize the preparation of a fiscal analysis or report under this subdivision among other workload, including the submission of multiple memoranda of understanding. The memorandum of understanding shall not be subject to legislative determination until either the Legislative Analyst has presented a fiscal analysis of the memorandum of understanding or until 10 calendar days has elapsed since the memorandum was received by the Legislative Analyst.

(b) Each memorandum of understanding submitted by the department to the Legislative Analyst shall include the department's analysis of costs and savings.

SEC. 3. Section 19829.6 is added to the Government Code, to read:

19829.6. The Department of Personnel Administration shall post, in a clear and conspicuous manner on the department's Web site, each memorandum of understanding that has been submitted to the Legislature for determination pursuant to Section 3517.5 and that has been ratified

by the affected union membership. The memorandum of understanding of the agreement reached between the Governor and the recognized employee organization shall be posted on the department's Web site in its entirety, with a declaration that the memorandum has been submitted to the office of the Legislative Analyst and the Legislature, including the date of that submission. The department shall include on its Web site posting a summary of the memorandum of understanding that is the same summary provided to the Legislature by the department.

CHAPTER 500

An act to amend Section 1776 of the Labor Code, relating to public works.

[Approved by Governor October 4, 2005. Filed with
Secretary of State October 4, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1776 of the Labor Code is amended to read:

1776. (a) Each contractor and subcontractor shall keep accurate payroll records, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by him or her in connection with the public work. Each payroll record shall contain or be verified by a written declaration that it is made under penalty of perjury, stating both of the following:

(1) The information contained in the payroll record is true and correct.
(2) The employer has complied with the requirements of Sections 1771, 1811, and 1815 for any work performed by his or her employees on the public works project.

(b) The payroll records enumerated under subdivision (a) shall be certified and shall be available for inspection at all reasonable hours at the principal office of the contractor on the following basis:

(1) A certified copy of an employee's payroll record shall be made available for inspection or furnished to the employee or his or her authorized representative on request.

(2) A certified copy of all payroll records enumerated in subdivision (a) shall be made available for inspection or furnished upon request to a representative of the body awarding the contract, the Division of Labor

Standards Enforcement, and the Division of Apprenticeship Standards of the Department of Industrial Relations.

(3) A certified copy of all payroll records enumerated in subdivision (a) shall be made available upon request by the public for inspection or for copies thereof. However, a request by the public shall be made through either the body awarding the contract, the Division of Apprenticeship Standards, or the Division of Labor Standards Enforcement. If the requested payroll records have not been provided pursuant to paragraph (2), the requesting party shall, prior to being provided the records, reimburse the costs of preparation by the contractor, subcontractors, and the entity through which the request was made. The public may not be given access to the records at the principal office of the contractor.

(c) The certified payroll records shall be on forms provided by the Division of Labor Standards Enforcement or shall contain the same information as the forms provided by the division. The payroll records may consist of printouts of payroll data that are maintained as computer records, if the printouts contain the same information as the forms provided by the division and the printouts are verified in the manner specified in subdivision (a).

(d) A contractor or subcontractor shall file a certified copy of the records enumerated in subdivision (a) with the entity that requested the records within 10 days after receipt of a written request.

(e) Any copy of records made available for inspection as copies and furnished upon request to the public or any public agency by the awarding body, the Division of Apprenticeship Standards, or the Division of Labor Standards Enforcement shall be marked or obliterated to prevent disclosure of an individual's name, address, and social security number. The name and address of the contractor awarded the contract or the subcontractor performing the contract shall not be marked or obliterated. Any copy of records made available for inspection by, or furnished to, a joint labor-management committee established pursuant to the federal Labor Management Cooperation Act of 1978 (29 U.S.C. Sec. 175a) shall be marked or obliterated only to prevent disclosure of an individual's name and social security number. A joint labor management committee may maintain an action in a court of competent jurisdiction against an employer who fails to comply with Section 1774. The court may award restitution to an employee for unpaid wages and may award the joint labor management committee reasonable attorney's fees and costs incurred in maintaining the action. An action under this subdivision may not be based on the employer's misclassification of the craft of a worker on its certified payroll records. Nothing in this subdivision limits any other available remedies for a violation of this chapter.

(f) The contractor shall inform the body awarding the contract of the location of the records enumerated under subdivision (a), including the street address, city, and county, and shall, within five working days, provide a notice of a change of location and address.

(g) The contractor or subcontractor has 10 days in which to comply subsequent to receipt of a written notice requesting the records enumerated in subdivision (a). In the event that the contractor or subcontractor fails to comply within the 10-day period, he or she shall, as a penalty to the state or political subdivision on whose behalf the contract is made or awarded, forfeit twenty-five dollars (\$25) for each calendar day, or portion thereof, for each worker, until strict compliance is effectuated. Upon the request of the Division of Apprenticeship Standards or the Division of Labor Standards Enforcement, these penalties shall be withheld from progress payments then due. A contractor is not subject to a penalty assessment pursuant to this section due to the failure of a subcontractor to comply with this section.

(h) The body awarding the contract shall cause to be inserted in the contract stipulations to effectuate this section.

(i) The director shall adopt rules consistent with the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code) and the Information Practices Act of 1977 (Title 1.8 (commencing with Section 1798) of Part 4 of Division 3 of the Civil Code) governing the release of these records, including the establishment of reasonable fees to be charged for reproducing copies of records required by this section.

CHAPTER 501

An act to amend Sections 65863.11 and 65863.13 of the Government Code, to amend Sections 33760 and 34312 of the Health and Safety Code, and to amend Sections 12206, 17058, and 23610.5 of the Revenue and Taxation Code, relating to housing.

[Approved by Governor October 4, 2005. Filed with

(12) "Profit-motivated organizations and individuals" means individuals or two or more persons organized pursuant to Division 1 (commencing with Section 100) of Title 1 of, Division 3 (commencing with Section 1200) of Title 1 of, or Division 1 (commencing with Section 15001) of Title 2 of, the Corporations Code, that carry on as a business for profit.

(b) An owner of an assisted housing development shall not terminate a subsidy contract or prepay the mortgage pursuant to Section 65863.10, unless the owner or its agent shall first have provided each of the entities listed in subdivision (d) an opportunity to submit an offer to purchase the development, in compliance with subdivisions (g) and (h). An owner of an assisted housing development in which there will be the expiration of rental restrictions must also provide each of the entities listed in subdivision (d) an opportunity to submit an offer to purchase the development, in compliance with subdivisions (g) and (h). An owner who meets the requirements of Section 65863.13 shall be exempt from this requirement.

(c) An owner of an assisted housing development shall not sell, or otherwise dispose of, the development at any time within the five years prior to the expiration of rental restrictions or at any time if the owner is eligible for prepayment or termination within five years unless the owner or its agent shall first have provided each of the entities listed in subdivision (d) an opportunity to submit an offer to purchase the development, in compliance with subdivisions (g) and (h). An owner who meets the requirements of Section 65863.13 shall be exempt from this requirement.

(d) The entities to whom an opportunity to purchase shall be provided include only the following:

(1) The tenant association of the development.

- (2) Local nonprofit organizations and public agencies.
- (3) Regional or national nonprofit organizations and regional or national public agencies.

(4) Profit-motivated organizations or individuals.

(e) For the purposes of this section, to qualify as a purchaser of an assisted housing development, an entity listed in subdivision (d) shall do all of the following:

(1) Be capable of managing the housing and related facilities for its remaining useful life, either by itself or through a management agent.

(2) Agree to obligate itself and any successors in interest to maintain the affordability of the assisted housing development for households of very low, low, or moderate income for either a 30-year period from the date that the purchaser took legal possession of the housing or the remaining term of the existing federal government assistance specified in subdivision (a) of Section 65863.10, whichever is greater. The development shall be continuously occupied in the approximate percentages that those households who have occupied that development on the date the owner gave notice of intent or the approximate percentages specified in existing use restrictions, whichever is higher. This obligation shall be recorded prior to the close of escrow in the office of the county recorder of the county in which the development is located and shall contain a legal description of the property, indexed to the name of the owner as grantor. An owner that obligates itself to an enforceable regulatory agreement that will ensure for a period of not less than 30 years that rents for units occupied by low- and very low income households or that are vacant at the time of executing a purchase agreement will conform with restrictions imposed by Section 42(f) of the Internal Revenue Code shall be deemed in compliance with this paragraph. In addition, the regulatory agreement shall contain provisions requiring the renewal of rental subsidies, should they be available, provided that assistance is at a level to maintain the project's fiscal viability.

(3) Local nonprofit organizations and public agencies shall have no member among their officers or directorate with a financial interest in assisted housing developments that have terminated a subsidy contract or prepaid a mortgage on the development without continuing the low-income restrictions.

(f) If an assisted housing development is not economically feasible, as defined in paragraph (3) of subdivision (h) of Section 17058 of the Revenue and Taxation Code, a purchaser shall be entitled to remove one or more units from the rent and occupancy requirements as is necessary for the development to become economically feasible, provided that once the development is again economically feasible, the purchaser shall

designate the next available units as low-income units up to the original number of those units.

(g) (1) If an owner decides to terminate a subsidy contract, or prepay the mortgage pursuant to Section 65863.10, or sell or otherwise dispose of the assisted housing development pursuant to subdivision (b) or (c), or if the owner has an assisted housing development in which there will be the expiration of rental restrictions, the owner shall first give notice of the opportunity to offer to purchase to each qualified entity on the list provided to the owner by the department, in accordance with subdivision (o), as well as to those qualified entities that directly contact the owner. The notice of the opportunity to offer to purchase must be given prior to or concurrently with the notice required pursuant to Section 65863.10 for a period of at least 12 months. The owner shall contact the department to obtain the list of qualified entities. The notice shall conform to the requirements of subdivision (h) and shall be sent to the entities by registered or certified mail, return receipt requested. The owner shall also post a copy of the notice in a conspicuous place in the common area of the development.

(2) If the owner already has a bona fide offer to purchase from an entity prior to January 1, 2001, at the time the owner decides to sell or otherwise dispose of the development, the owner shall not be required to comply with this subdivision. However, the owner shall notify the department of this exemption and provide the department a copy of the offer.

(h) The initial notice of a bona fide opportunity to submit an offer to purchase shall contain all of the following:

(1) A statement that the owner will make available to each of the type of entities listed in subdivision (d), within 15 business days of receiving a request therefor, the terms of assumable financing, if any; the terms of the subsidy contract, if any; and proposed improvements to the property to be made by the owner in connection with the sale, if any.

(2) A statement that each of the type of entities listed in subdivision (d) has the right to purchase the development under this section.

(3) A statement that the owner will make available to each of the type of entities listed in subdivision (d), within 15 business days of receiving a request therefor, itemized lists of monthly operating expenses, capital improvements as determined by the owner made within each of the two preceding calendar years, the amount of project reserves, and copies of the two most recent financial and physical inspection reports on the development, if any, filed with the federal, state, or local agencies.

(4) A statement that the owner will make available to each of the entities listed in subdivision (d), within 15 business days of a request therefor, the most recent rent roll listing the rent paid for each unit and

the subsidy, if any, paid by a governmental agency as of the date the notice of intent was made pursuant to Section 65863.10, and a statement of the vacancy rate at the development for each of the two preceding calendar years.

(5) A statement that the owner has satisfied all notice requirements pursuant to subdivision (b) of Section 65863.10, unless the notice of opportunity to submit an offer to purchase is delivered more than 12 months prior to the anticipated date of termination, prepayment, or expiration of rental restrictions.

(i) If a qualified entity elects to purchase an assisted housing development, it shall make a bona fide offer to purchase the development. A qualified entity's bona fide offer to purchase shall identify whether it is a tenant association, nonprofit organization, public agency, or profit-motivated organizations or individuals and shall certify, under penalty of perjury, that it is qualified pursuant to subdivision (e). During the first 180 days from the date of an owner's bona fide notice of the opportunity to submit an offer to purchase, an owner shall accept a bona fide offer to purchase only from a qualified entity. During this 180-day period, the owner shall not accept offers from any other entity.

(j) When a bona fide offer to purchase has been made to an owner, and the offer is accepted, a purchase agreement shall be executed.

(k) Either the owner or the qualified entity may request that the fair market value of the property, as a development, be determined by an independent appraiser qualified to perform multifamily housing appraisals, who shall be selected and paid by the requesting party. All appraisers shall possess qualifications equivalent to those required by the members of the Appraisers Institute. This appraisal shall be nonbinding on either party with respect to the sales price of the development offered in the bona fide offer to purchase, or the acceptance or rejection of the offer.

(l) During the 180-day period following the initial 180-day period required pursuant to subdivision (i), an owner may accept an offer from a person or an entity that does not qualify under subdivision (e). This acceptance shall be made subject to the owner providing each qualified entity that made a bona fide offer to purchase the first opportunity to purchase the development at the same terms and conditions as the pending offer to purchase, unless these terms and conditions are modified by mutual consent. The owner shall notify in writing those qualified entities of the terms and conditions of the pending offer to purchase, sent by registered or certified mail, return receipt requested. The qualified entity shall have 30 days from the date the notice is mailed to submit a bona fide offer to purchase and that offer shall be accepted by the owner. The owner shall not be required to comply with the provisions of this

subdivision if the person or the entity making the offer during this time period agrees to maintain the development for persons and families of very low, low, and moderate income in accordance with paragraph (2) of subdivision (e). The owner shall notify the department regarding how the buyer is meeting the requirements of paragraph (2) of subdivision (e).

(m) This section shall not apply to any of the following: a government taking by eminent domain or negotiated purchase; a forced sale pursuant to a foreclosure; a transfer by gift, devise, or operation of law; a sale to a person who would be included within the table of descent and distribution if there were to be a death intestate of an owner; or an owner who certifies, under penalty of perjury, the existence of a financial emergency during the period covered by the first right of refusal requiring immediate access to the proceeds of the sale of the development. The certification shall be made pursuant to subdivision (p).

(n) Prior to the close of escrow, an owner selling, leasing, or otherwise disposing of a development to a purchaser who does not qualify under subdivision (e) shall certify under penalty of perjury that the owner has complied with all provisions of this section and Section 65863.10. This certification shall be recorded and shall contain a legal description of the property, shall be indexed to the name of the owner as grantor, and may be relied upon by good faith purchasers and encumbrances for value and without notice of a failure to comply with the provisions of this section.

Any person or entity acting solely in the capacity of an escrow agent for the transfer of real property subject to this section shall not be liable for any failure to comply with this section unless the escrow agent either had actual knowledge of the requirements of this section or acted contrary to written escrow instructions concerning the provisions of this section.

(o) The department shall undertake the following responsibilities and duties:

(1) Maintain a form containing a summary of rights and obligations under this section and make that information available to owners of assisted housing developments as well as to tenant associations, local nonprofit organizations, regional or national nonprofit organizations, public agencies, and other entities with an interest in preserving the state's subsidized housing.

(2) Compile, maintain, and update a list of entities in subdivision (d) that have either contacted the department with an expressed interest in purchasing a development in the subject area or have been identified by the department as potentially having an interest in participating in a right-of-first-refusal program. The department shall publicize the existence of the list statewide. Upon receipt of a notice of intent under

Section 65863.10, the department shall make the list available to the owner proposing the termination, prepayment, or removal of government assistance or to the owner of an assisted housing development in which there will be the expiration of rental restrictions. If the department does not make the list available at any time, the owner shall only be required to send a written copy of the opportunity to submit an offer to purchase notice to the qualified entities which directly contact the owner and to post a copy of the notice in the common area pursuant to subdivision (g).

(p) (1) The provisions of this section may be enforced either in law or in equity by any qualified entity entitled to exercise the opportunity to purchase and right of first refusal under this section, that has been adversely affected by an owner's failure to comply with this section.

(2) An owner may rely on the statements, claims, or representations of any person or entity that the person or entity is a qualified entity as specified in subdivision (d), unless the owner has actual knowledge that the purchaser is not a qualified entity.

(3) If the person or entity is not an entity as specified in subdivision (d), that fact, in the absence of actual knowledge as described in paragraph (2), shall not give rise to any claim against the owner for a violation of this section.

(q) It is the intent of the Legislature that the provisions of this section are in addition to, but not preemptive of, applicable federal laws governing the sale, or other disposition of a development that would result in either (1) a discontinuance of its use as an assisted housing development or (2) the termination or expiration of any low-income use restrictions that apply to the development.

(r) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 2011, deletes or extends that date.

SEC. 2. Section 65863.13 of the Government Code, as amended by Chapter 110 of the Statutes of 2004, is amended to read:

65863.13. (a) An owner shall not be required to provide a notice as required by Section 65863.10 or 65863.11 if all of the following conditions are contained in a regulatory agreement that has been recorded against the property:

(1) No low-income tenant whose rent was restricted and or subsidized and who resides in the development within 12 months of the date that the rent restrictions are, or subsidy is, scheduled to expire or terminate shall be involuntarily displaced on a permanent basis as a result of the action by the owner unless the tenant has breached the terms of the lease.

(2) The owner shall accept and fully utilize all renewals of project-based assistance under Section 8 of the United States Housing

Act of 1937, if available, and if that assistance is at a level to maintain the project's fiscal viability. The property shall be deemed fiscally viable if the rents permitted under the terms of the assistance are not less than the regulated rent levels established pursuant to paragraph (7).

(3) The owner shall accept all enhanced Section 8 vouchers, if the tenants receive them, and all other Section 8 vouchers for future vacancies.

(4) The owner shall not terminate a tenancy of a low-income household at the end of a lease term without demonstrating a breach of the lease.

(5) The owner may, in selecting eligible applicants for admission, utilize criteria that permit consideration of the amount of income, as long as the owner adequately considers other factors relevant to an applicant's ability to pay rent.

(6) For assisted housing developments described in paragraph (3) of subdivision (a) of Section 65863.10, a new regulatory agreement, consistent with this section, is recorded that restricts the rents and incomes of the previously restricted units, except as provided in paragraph (7), (8), or (9), to an equal or greater level of affordability than previously required so that the units are affordable to households at the same or a lower percentage of area median income.

(7) For housing developments that have units with project-based rental assistance upon the effective date of prepayment and subsequently become unassisted by any form of rental assistance, rents shall not exceed 30 percent of 60 percent of the area median income. If any form of rental assistance is or becomes available, the owner shall apply for and accept, if awarded, the rental assistance. Rent and occupancy levels shall then be set in accordance with federal regulations for the rental assistance program.

(8) For units that do not have project-based rental assistance upon the effective date of prepayment of a federally insured, federally held, or formerly federally insured or held mortgage and subsequently remain unassisted or become unassisted by any form of rental assistance, rents shall not exceed the greater of (i) 30 percent of 50 percent of the area median income, or (ii) for projects insured under Section 241(f) of the National Housing Act, the regulated rents, expressed as a percentage of area median income. If any form of rental assistance is or becomes available, the owner shall apply for and accept, if awarded, the rental assistance. Rent and occupancy levels shall then be set in accordance with federal regulations governing the rental assistance program.

(9) If, upon the recordation of the new regulatory agreement, any unit governed by regulatory agreement is occupied by a household whose income exceeds the applicable limit, the rent for that household shall

not exceed 30 percent of that household's adjusted income, provided that household's rent shall not be increased by more than 10 percent annually.

(b) As used in this section, "regulatory agreement" means an agreement with a governmental agency for the purposes of any governmental program, which agreement applies to the development that would be subject to the notice requirement in Section 65863.10 and which obligates the owner and any successors in interest to maintain the affordability of the assisted housing development for households of very low, low, or moderate income for the greater of the term of the existing federal, state, or local government assistance specified in subdivision (a) of Section 65863.10 or 30 years.

(c) Section 65863.11 shall not apply to any development for which the owner is exempt from the notice requirements of Section 65863.10 pursuant to this section.

(d) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

SEC. 3. Section 33760 of the Health and Safety Code is amended to read:

33760. (a) Within its territorial jurisdiction, an agency may determine the location and character of any residential construction to be financed under this chapter and may make mortgage or construction loans to participating parties through qualified mortgage lenders, or purchase mortgage or construction loans without premium made by qualified mortgage lenders to participating parties, or make loans to qualified mortgage lenders, for financing any of the following:

- (1) Residential construction within a redevelopment project area.
- (2) Residential construction of residences in which the dwelling units are committed, for the period during which the loan is outstanding, for occupancy by persons or families who are eligible for financial assistance specifically provided by a governmental agency for the benefit of occupants of the residence.

- (3) To the extent required by Section 103A of Title 26 of the United States Code, as amended, to maintain the exemption from federal income taxes of interest on bonds or notes issued by the agency under this chapter, residences located within targeted areas, as defined by Section 103(b)(12)(A) of Title 26 of the United States Code. Any loans to qualified mortgage lenders shall be made under terms and conditions which, in addition to other provisions as determined by the agency, shall require the qualified mortgage lender to use all of the net proceeds thereof, directly or indirectly, for the making of mortgage loans or

construction loans in an appropriate principal amount equal to the amount of the net proceeds. Those mortgage loans may, but need not, be insured.

(b) (1) Not less than 20 percent (15 percent in target areas) of the units in any residential project financed pursuant to this section on or after January 1, 1986, shall be occupied by, or made available to, individuals of low and moderate income, as defined by Section 103(b)(12)(C) of Title 26 of the United States Code. If the sponsor elects to establish a base rent for units reserved for lower income households, the base rents shall be adjusted for household size, as determined pursuant to Section 8 of the United States Housing Act of 1937 (42 U.S.C. (ii) Twenty percent of the adjusted basis of the building as of the close of the first taxable year of the credit period.

(B) The amount of the cashflow from those units in the building that are not low-income units. For purposes of computing cashflow under this subparagraph, operating costs shall be allocated to the low-income

units using the “floor space fraction,” as defined in Section 42 of the Internal Revenue Code.

(C) Any amount allowed to be distributed under subparagraph (A) that is not available for distribution during the first five years of the compliance period may accumulate and be distributed any time during the first 15 years of the compliance period but not thereafter.

(3) The housing sponsor shall apply any cash available for distribution in excess of the amount eligible to be distributed under paragraph (1) to reduce the rent on rent-restricted units or to increase the number of rent-restricted units subject to the tests of Section 42(g)(1) of the Internal Revenue Code.

(e) The provisions of Section 42(f) of the Internal Revenue Code shall be modified as follows:

The total amount for the four-year credit period of the housing credit dollars allocated in a calendar year to any building shall reduce the aggregate housing credit dollar amount of the California Tax Credit Allocation Committee for the calendar year in which the allocation is made.

(2) Paragraphs (3), (4), (5), (6)(E)(i)(II), (6)(F), (6)(G), (6)(I), (7), and (8) of Section 42(h) of the Internal Revenue Code shall not be applicable.

(2) The unused housing credit ceiling, if any, for the preceding calendar years.

(h) The term "compliance period" as defined in Section 42(i)(1) of the Internal Revenue Code is modified to mean, with respect to any building, the period of 30 consecutive taxable years beginning with the first taxable year of the credit period with respect thereto.

(2) The requirements of this section shall be set forth in a regulatory agreement between the California Tax Credit Allocation Committee and the housing sponsor, which agreement shall be subordinated, when required, to any lien or encumbrance of any banks or other institutional lenders to the project. The regulatory agreement entered into pursuant to subdivision (f) of Section 50199.14 of the Health and Safety Code, shall apply, providing the agreement includes all of the following provisions:

(E) A provision incorporating the requirements of Section 42 of the Internal Revenue Code as modified by this section.

(F) A requirement that the housing sponsor notify the California Tax Credit Allocation Committee or its designee and the local agency that can enforce the regulatory agreement if there is a determination by the Internal Revenue Service that the project is not in compliance with Section 42(g) of the Internal Revenue Code.

(G) A requirement that the housing sponsor, as security for the performance of the housing sponsor's obligations under the regulatory agreement, assign the housing sponsor's interest in rents that it receives from the project, provided that until there is a default under the regulatory agreement, the housing sponsor is entitled to collect and retain the rents.

(H) The remedies available in the event of a default under the regulatory agreement that is not cured within a reasonable cure period, include, but are not limited to, allowing any of the parties designated to enforce the regulatory agreement to collect all rents with respect to the project; taking possession of the project and operating the project in accordance with the regulatory agreement until the enforcer determines the housing sponsor is in a position to operate the project in accordance with the regulatory agreement; applying to any court for specific performance; securing the appointment of a receiver to operate the project; or any other relief as may be appropriate.

(j) (1) The committee shall allocate the housing credit on a regular basis consisting of two or more periods in each calendar year during which applications may be filed and considered. The committee shall establish application filing deadlines, the maximum percentage of federal and state low-income housing tax credit ceiling which may be allocated by the committee in that period, and the approximate date on which allocations shall be made. If the enactment of federal or state law, the adoption of rules or regulations, or other similar events prevent the use of two allocation periods, the committee may reduce the number of periods and adjust the filing deadlines, maximum percentage of credit allocated, and the allocation dates.

(2) The committee shall adopt a qualified allocation plan, as provided in Section 42(m)(1) of the Internal Revenue Code. In adopting this plan, the committee shall comply with the provisions of Sections 42(m)(1)(B) and 42(m)(1)(C) of the Internal Revenue Code.

(iv) The housing sponsor shall have and maintain control of the site for the project.

(v) The housing sponsor shall demonstrate that the project complies with all applicable local land use and zoning ordinances.

(vi) The housing sponsor shall demonstrate that the project development team has the experience and the financial capacity to ensure project completion and operation for the extended use period.

(vii) The housing sponsor shall demonstrate the amount of tax credit that is necessary for the financial feasibility of the project and its viability as a qualified low-income housing project throughout the extended use period, taking into account operating expenses, a supportable debt service, reserves, funds set aside for rental subsidies, and required equity, and a development fee that does not exceed a specified percentage of the eligible basis of the project prior to inclusion of the development fee in the eligible basis, as determined by the committee.

(B) The committee shall give a preference to those projects satisfying all of the threshold requirements of subparagraph (A) if both of the following apply:

(i) The project serves the lowest income tenants at rents affordable to those tenants.

(ii) The project is obligated to serve qualified tenants for the longest period.

(C) In addition to the provisions of subparagraphs (A) and (B), the committee shall use the following criteria in allocating housing credits:

(ii) Projects providing single room occupancy units serving very low income tenants.

(iii) Existing projects that are “at risk of conversion,” as defined by paragraph (3) of subdivision (c).

(iv) Projects for which a public agency provides direct or indirect long-term financial support for at least 15 percent of the total project development costs or projects for which the owner’s equity constitutes at least 30 percent of the total project development costs.

(4) For purposes of allocating credits pursuant to this section, the committee shall not give preference to any project by virtue of the date of submission of its application except to break a tie when two or more of the projects have an equal rating.

(k) Section 42(l) of the Internal Revenue Code shall be modified as follows:

The term “secretary” shall be replaced by the term “California Franchise Tax Board.”

(l) In the case where the state credit allowed under this section exceeds the “tax,” the excess may be carried over to reduce the “tax” in the following year, and succeeding years if necessary, until the credit has been exhausted.

(m) The provisions of Section 11407(a) of Public Law 101-508, relating to the effective date of the extension of the low-income housing credit, shall apply to calendar years after 1993.

(B) The amount of the cashflow from those units in the building that are not low-income units. For purposes of computing cashflow under this subparagraph, operating costs shall be allocated to the low-income units using the “floor space fraction,” as defined in Section 42 of the Internal Revenue Code.

(C) Any amount allowed to be distributed under subparagraph (A) that is not available for distribution during the first five years of the compliance period may be accumulated and distributed any time during the first 15 years of the compliance period but not thereafter.

(2) The limitation on return shall apply in the aggregate to the partners if the housing sponsor is a partnership and in the aggregate to the shareholders if the housing sponsor is an “S” corporation.

(3) The housing sponsor shall apply any cash available for distribution in excess of the amount eligible to be distributed under paragraph (1) to

reduce the rent on rent-restricted units or to increase the number of rent-restricted units subject to the tests of Section 42(g)(1) of the Internal Revenue Code.

(e) The provisions of Section 42(f) of the Internal Revenue Code shall be modified as follows:

(1) The term “credit period” as defined in Section 42(f)(1) of the Internal Revenue Code is modified by substituting “four taxable years” for “10 taxable years.”

(2) The special rule for the first taxable year of the credit period under Section 42(f)(2) of the Internal Revenue Code shall not apply to the tax credit under this section.

(3) Section 42(f)(3) of the Internal Revenue Code is modified to read:

If, as of the close of any taxable year in the compliance period, after the first year of the credit period, the qualified basis of any building exceeds the qualified basis of that building as of the close of the first year of the credit period, the housing sponsor, to the extent of its tax credit allocation, shall be eligible for a credit on the excess in an amount equal to the applicable percentage determined pursuant to subdivision (c) for the four-year period beginning with the taxable year in which the increase in qualified basis occurs.

(f) The provisions of Section 42(h) of the Internal Revenue Code shall be modified as follows:

(1) Section 42(h)(2) of the Internal Revenue Code shall not be applicable and instead the following provisions shall be applicable:

The total amount for the four-year period of the housing credit dollars allocated in a calendar year to any building shall reduce the aggregate housing credit dollar amount of the California Tax Credit Allocation Committee for the calendar year in which the allocation is made.

(2) Paragraphs (3), (4), (5), (6)(E)(i)(II), (6)(F), (6)(G), (6)(I), (7), and (8) of Section 42(h) of the Internal Revenue Code shall not be applicable to this section.

(g) The aggregate housing credit dollar amount which may be allocated annually by the California Tax Credit Allocation Committee pursuant to this section, Section 12206, and Section 23610.5 shall be an amount equal to the sum of all the following:

(1) Seventy million dollars (\$70,000,000) for the 2001 calendar year, and, for the 2002 calendar year and each calendar year thereafter, seventy million dollars (\$70,000,000) increased by the percentage, if any, by which the Consumer Price Index for the preceding calendar year exceeds the Consumer Price Index for the 2001 calendar year. For the purposes of this paragraph, the term “Consumer Price Index” means the last Consumer Price Index for all urban consumers published by the federal Department of Labor.

(2) The unused housing credit ceiling, if any, for the preceding calendar years.

(3) The amount of housing credit ceiling returned in the calendar year. For purposes of this paragraph, the amount of housing credit dollar amount returned in the calendar year equals the housing credit dollar amount previously allocated to any project that does not become a qualified low-income housing project within the period required by this section or to any project with respect to which an allocation is canceled by mutual consent of the California Tax Credit Allocation Committee and the allocation recipient.

(h) The term "compliance period" as defined in Section 42(i)(1) of the Internal Revenue Code is modified to mean, with respect to any building, the period of 30 consecutive taxable years beginning with the first taxable year of the credit period with respect thereto.

(i) Section 42(j) of the Internal Revenue Code shall not be applicable and the following requirements of this section shall be set forth in a regulatory agreement between the California Tax Credit Allocation Committee and the housing sponsor, which agreement shall be subordinated, when required, to any lien or encumbrance of any banks or other institutional lenders to the project. The regulatory agreement entered into pursuant to subdivision (f) of Section 50199.14 of the Health and Safety Code shall apply, providing the agreement includes all of the following provisions:

(1) A term not less than the compliance period.

(2) A requirement that the agreement be filed in the official records of the county in which the qualified low-income housing project is located.

(3) A provision stating which state and local agencies can enforce the regulatory agreement in the event the housing sponsor fails to satisfy any of the requirements of this section.

(4) A provision that the regulatory agreement shall be deemed a contract enforceable by tenants as third-party beneficiaries thereto and which allows individuals, whether prospective, present, or former occupants of the building, who meet the income limitation applicable to the building, the right to enforce the regulatory agreement in any state court.

(5) A provision incorporating the requirements of Section 42 of the Internal Revenue Code as modified by this section.

(6) A requirement that the housing sponsor notify the California Tax Credit Allocation Committee or its designee if there is a determination by the Internal Revenue Service that the project is not in compliance with Section 42(g) of the Internal Revenue Code.

(7) A requirement that the housing sponsor, as security for the performance of the housing sponsor's obligations under the regulatory agreement, assign the housing sponsor's interest in rents that it receives from the project, provided that until there is a default under the regulatory agreement, the housing sponsor is entitled to collect and retain the rents.

(8) The remedies available in the event of a default under the regulatory agreement that is not cured within a reasonable cure period, include, but are not limited to, allowing any of the parties designated to enforce the regulatory agreement to collect all rents with respect to the project; taking possession of the project and operating the project in accordance with the regulatory agreement until the enforcer determines the housing sponsor is in a position to operate the project in accordance with the regulatory agreement; applying to any court for specific performance; securing the appointment of a receiver to operate the project; or any other relief as may be appropriate.

(j) (1) The committee shall allocate the housing credit on a regular basis consisting of two or more periods in each calendar year during which applications may be filed and considered. The committee shall establish application filing deadlines, the maximum percentage of federal and state low-income housing tax credit ceiling that may be allocated by the committee in that period, and the approximate date on which allocations shall be made. If the enactment of federal or state law, the adoption of rules or regulations or other similar events prevent the use of two allocation periods, the committee may reduce the number of periods and adjust the filing deadlines, maximum percentage of credit allocated, and the allocation dates.

(2) The committee shall adopt a qualified allocation plan, as provided in Section 42(m)(1) of the Internal Revenue Code. In adopting this plan, the committee shall comply with the provisions of Sections 42(m)(1)(B) and 42(m)(1)(C) of the Internal Revenue Code.

(3) Notwithstanding Section 42(m) of the Internal Revenue Code, the California Tax Credit Allocation Committee shall allocate housing credits in accordance with the qualified allocation plan and regulations, which shall include the following provisions:

(A) All housing sponsors, as defined by paragraph (3) of subdivision (a), shall demonstrate at the time the application is filed with the committee that the project meets the following threshold requirements:

(i) The housing sponsor shall demonstrate there is a need and demand for low-income housing in the community or region for which it is proposed.

(ii) The project's proposed financing, including tax credit proceeds, shall be sufficient to complete the project and that the proposed operating

income shall be adequate to operate the project for the extended use period.

(iii) The project shall have enforceable financing commitments, either construction or permanent financing, for at least 50 percent of the total estimated financing of the project.

(iv) The housing sponsor shall have and maintain control of the site for the project.

(v) The housing sponsor shall demonstrate that the project complies with all applicable local land use and zoning ordinances.

(vi) The housing sponsor shall demonstrate that the project development team has the experience and the financial capacity to ensure project completion and operation for the extended use period.

(vii) The housing sponsor shall demonstrate the amount of tax credit that is necessary for the financial feasibility of the project and its viability as a qualified low-income housing project throughout the extended use period, taking into account operating expenses, a supportable debt service, reserves, funds set aside for rental subsidies, and required equity, and a development fee that does not exceed a specified percentage of the eligible basis of the project prior to inclusion of the development fee in the eligible basis, as determined by the committee.

(B) The committee shall give a preference to those projects satisfying all of the threshold requirements of subparagraph (A) if both of the following apply:

(i) The project serves the lowest income tenants at rents affordable to those tenants.

(ii) The project is obligated to serve qualified tenants for the longest period.

(C) In addition to the provisions of subparagraphs (A) and (B), the committee shall use the following criteria in allocating housing credits:

(i) Projects serving large families in which a substantial number, as defined by the committee of all residential units is comprised of low-income units with three and more bedrooms.

(ii) Projects providing single room occupancy units serving very low income tenants.

(iii) Existing projects that are “at risk of conversion,” as defined by paragraph (4) of subdivision (c).

(iv) Projects for which a public agency provides direct or indirect long-term financial support for at least 15 percent of the total project development costs or projects for which the owner’s equity constitutes at least 30 percent of the total project development costs.

(v) Projects that provide tenant amenities not generally available to residents of low-income housing projects.

(4) For purposes of allocating credits pursuant to this section, the committee shall not give preference to any project by virtue of the date of submission of its application.

(k) Section 42(l) of the Internal Revenue Code shall be modified as follows:

The term “secretary” shall be replaced by the term “California Franchise Tax Board.”

(l) In the case where the credit allowed under this section exceeds the net tax, the excess credit may be carried over to reduce the net tax in the following year, and succeeding taxable years, if necessary, until the credit has been exhausted.

(m) A project that received an allocation of a 1989 federal housing credit dollar amount shall be eligible to receive an allocation of a 1990 state housing credit dollar amount, subject to all of the following conditions:

(1) The project was not placed in service prior to 1990.

(2) To the extent the amendments made to this section by the Statutes of 1990 conflict with any provisions existing in this section prior to those amendments, the prior provisions of law shall prevail.

(3) Notwithstanding paragraph (2), a project applying for an allocation under this subdivision shall be subject to the requirements of paragraph (3) of subdivision (j).

(n) The credit period with respect to an allocation of credit in 1989 by the California Tax Credit Allocation Committee of which any amount is attributable to unallocated credit from 1987 or 1988 shall not begin until after December 31, 1989.

(o) The provisions of Section 11407(a) of Public Law 101-508, relating to the effective date of the extension of the low-income housing credit, shall apply to calendar years after 1989.

(p) The provisions of Section 11407(c) of Public Law 101-508, relating to election to accelerate credit, shall not apply.

(q) Any unused credit may continue to be carried forward, as provided in subdivision (l), until the credit has been exhausted.

This section shall remain in effect on and after December 1, 1990, for as long as Section 42 of the Internal Revenue Code, relating to low-income housing credits, remains in effect.

(r) The amendments to this section by the act adding this subdivision shall apply only to taxable years beginning on or after January 1, 1994.

SEC. 7. Section 23610.5 of the Revenue and Taxation Code is amended to read:

23610.5. (a) (1) There shall be allowed as a credit against the “tax” (as defined by Section 23036) a state low-income housing tax credit in an amount equal to the amount determined in subdivision (c), computed

in accordance with Section 42 of the Internal Revenue Code of 1986, except as otherwise provided in this section.

(2) "Taxpayer," for purposes of this section, means the sole owner in the case of a "C" corporation, the partners in the case of a partnership, and the shareholders in the case of an "S" corporation.

(3) "Housing sponsor," for purposes of this section, means the sole owner in the case of a "C" corporation, the partnership in the case of a partnership, and the "S" corporation in the case of an "S" corporation.

(b) (1) The amount of the credit allocated to any housing sponsor shall be authorized by the California Tax Credit Allocation Committee, or any successor thereof, based on a project's need for the credit for economic feasibility in accordance with the requirements of this section.

(A) The low-income housing project shall be located in California and shall meet either of the following requirements:

(i) The project's housing sponsor has been allocated by the California Tax Credit Allocation Committee a credit for federal income tax purposes under Section 42 of the Internal Revenue Code.

(ii) It qualifies for a credit under Section 42(h)(4)(B) of the Internal Revenue Code.

(B) The California Tax Credit Allocation Committee shall not require fees for the credit under this section in addition to those fees required for applications for the tax credit pursuant to Section 42 of the Internal Revenue Code. The committee may require a fee if the application for the credit under this section is submitted in a calendar year after the year the application is submitted for the federal tax credit.

(2) (A) The California Tax Credit Allocation Committee shall certify to the housing sponsor the amount of tax credit under this section allocated to the housing sponsor for each credit period.

(B) In the case of a partnership or an "S" corporation, the housing sponsor shall provide a copy of the California Tax Credit Allocation Committee certification to the taxpayer.

(C) The taxpayer shall, upon request, provide a copy of the certification to the Franchise Tax Board.

(D) All elections made by the taxpayer pursuant to Section 42 of the Internal Revenue Code shall apply to this section.

(E) For buildings located in designated difficult development areas or qualified census tracts as defined in Section 42(d)(5)(C) of the Internal Revenue Code, credits may be allocated under this section in the amounts prescribed in subdivision (c), provided that the amount of credit allocated under Section 42 of the Internal Revenue Code is computed on 100 percent of the qualified basis of the building.

(c) Section 42(b) of the Internal Revenue Code shall be modified as follows:

(1) In the case of any qualified low-income building placed in service by the housing sponsor during 1987, the term “applicable percentage” means 9 percent for each of the first three years and 3 percent for the fourth year for new buildings (whether or not the building is federally subsidized) and for existing buildings.

(2) In the case of any qualified low-income building that receives an allocation after 1989 and is a new building not federally subsidized, the term “applicable percentage” means the following:

(A) For each of the first three years, the percentage prescribed by the Secretary of the Treasury for new buildings that are not federally subsidized for the taxable year, determined in accordance with the requirements of Section 42(b)(2) of the Internal Revenue Code, in lieu of the percentage prescribed in Section 42(b)(1)(A).

(B) For the fourth year, the difference between 30 percent and the sum of the applicable percentages for the first three years.

(3) In the case of any qualified low-income building that receives an allocation after 1989 and that is a new building that is federally subsidized or that is an existing building that is “at risk of conversion,” the term “applicable percentage” means the following:

(A) For each of the first three years, the percentage prescribed by the Secretary of the Treasury for new buildings that are federally subsidized for the taxable year.

(B) For the fourth year, the difference between 13 percent and the sum of the applicable percentages for the first three years.

(4) For purposes of this section, the term “at risk of conversion,” with respect to an existing property means a property that satisfies all of the following criteria:

(A) The property is a multifamily rental housing development in which at least 50 percent of the units receive governmental assistance pursuant to any of the following:

(i) New construction, substantial rehabilitation, moderate rehabilitation, property disposition, and loan management set-aside programs, or any other program providing project-based assistance pursuant to Section 8 of the United States Housing Act of 1937, Section 1437f of Title 42 of the United States Code, as amended.

(ii) The Below-Market-Interest-Rate Program pursuant to Section 221(d)(3) of the National Housing Act, Sections 1715l(d)(3) and (5) of Title 12 of the United States Code.

(iii) Section 236 of the National Housing Act, Section 1715z-1 of Title 12 of the United States Code.

(iv) Programs for rent supplement assistance pursuant to Section 101 of the Housing and Urban Development Act of 1965, Section 1701s of Title 12 of the United States Code, as amended.

(v) Programs pursuant to Section 515 of the Housing Act of 1949, Section 1485 of Title 42 of the United States Code, as amended.

(vi) The low-income housing credit program set forth in Section 42 of the Internal Revenue Code, provided that the property is not eligible to receive an allocation of tax exempt private activity mortgage revenue bonds from the California Debt Limit Allocation Committee.

(B) The restrictions on rent and income levels will terminate or the federally insured mortgage on the property is eligible for prepayment anytime in the five calendar years after the year of application to the California Tax Credit Allocation Committee.

(C) The entity acquiring the property enters into a regulatory agreement that requires the property to be operated in accordance with the requirements of this section for a period equal to the greater of 55 years or the life of the property.

(D) The property satisfies the requirements of Section 42(e) of the Internal Revenue Code regarding rehabilitation expenditures, except that the provisions of Section 42(e)(3)(A)(ii)(I) shall not apply.

(d) The term “qualified low-income housing project” as defined in Section 42(c)(2) of the Internal Revenue Code is modified by adding the following requirements:

(1) The taxpayer shall be entitled to receive a cash distribution from the operations of the project, after funding required reserves, which, at the election of the taxpayer, shall be equal to:

(A) An amount not to exceed 8 percent of the lesser of:

(i) The owner equity, which shall include the amount of the capital contributions actually paid to the housing sponsor and shall not include any amounts until they are paid on an investor note.

(ii) Twenty percent of the adjusted basis of the building as of the close of the first taxable year of the credit period.

(B) The amount of the cashflow from those units in the building that are not low-income units. For purposes of computing cashflow under this subparagraph, operating costs shall be allocated to the low-income units using the “floor space fraction,” as defined in Section 42 of the Internal Revenue Code.

(C) Any amount allowed to be distributed under subparagraph (A) that is not available for distribution during the first five years of the compliance period may accumulate and be distributed at any time during the first 15 years of the compliance period but not thereafter.

(2) The limitation on return shall apply in the aggregate to the partners if the housing sponsor is a partnership and in the aggregate to the shareholders if the housing sponsor is an “S” corporation.

(3) The housing sponsor shall apply any cash available for distribution in excess of the amount eligible to be distributed under paragraph (1) to

reduce the rent on rent-restricted units or to increase the number of rent-restricted units subject to the tests of Section 42(g)(1) of the Internal Revenue Code.

(e) The provisions of Section 42(f) of the Internal Revenue Code shall be modified as follows:

(1) The term “credit period” as defined in Section 42(f)(1) of the Internal Revenue Code is modified by substituting “four taxable years” for “10 taxable years.”

(2) The special rule for the first taxable year of the credit period under Section 42(f)(2) of the Internal Revenue Code shall not apply to the tax credit under this section.

(3) Section 42(f)(3) of the Internal Revenue Code is modified to read:

If, as of the close of any taxable year in the compliance period, after the first year of the credit period, the qualified basis of any building exceeds the qualified basis of that building as of the close of the first year of the credit period, the housing sponsor, to the extent of its tax credit allocation, shall be eligible for a credit on the excess in an amount equal to the applicable percentage determined pursuant to subdivision (c) for the four-year period beginning with the later of the taxable years in which the increase in qualified basis occurs.

(f) The provisions of Section 42(h) of the Internal Revenue Code shall be modified as follows:

(1) Section 42(h)(2) of the Internal Revenue Code shall not be applicable and instead the following provisions shall be applicable:

The total amount for the four-year credit period of the housing credit dollars allocated in a calendar year to any building shall reduce the aggregate housing credit dollar amount of the California Tax Credit Allocation Committee for the calendar year in which the allocation is made.

(2) Paragraphs (3), (4), (5), (6)(E)(i)(II), (6)(F), (6)(G), (6)(I), (7), and (8) of Section 42(h) of the Internal Revenue Code shall not be applicable.

(g) The aggregate housing credit dollar amount that may be allocated annually by the California Tax Credit Allocation Committee pursuant to this section, Section 12206, and Section 17058 shall be an amount equal to the sum of all the following:

(1) Seventy million dollars (\$70,000,000) for the 2001 calendar year, and, for the 2002 calendar year and each calendar year thereafter, seventy million dollars (\$70,000,000) increased by the percentage, if any, by which the Consumer Price Index for the preceding calendar year exceeds the Consumer Price Index for the 2001 calendar year. For the purposes of this paragraph, the term “Consumer Price Index” means the last

Consumer Price Index for all urban consumers published by the federal Department of Labor.

(2) The unused housing credit ceiling, if any, for the preceding calendar years.

(3) The amount of housing credit ceiling returned in the calendar year. For purposes of this paragraph, the amount of housing credit dollar amount returned in the calendar year equals the housing credit dollar amount previously allocated to any project that does not become a qualified low-income housing project within the period required by this section or to any project with respect to which an allocation is canceled by mutual consent of the California Tax Credit Allocation Committee and the allocation recipient.

(h) The term "compliance period" as defined in Section 42(i)(1) of the Internal Revenue Code is modified to mean, with respect to any building, the period of 30 consecutive taxable years beginning with the first taxable year of the credit period with respect thereto.

(i) Section 42(j) of the Internal Revenue Code shall not be applicable and the following shall be substituted in its place:

The requirements of this section shall be set forth in a regulatory agreement between the California Tax Credit Allocation Committee and the housing sponsor, and this agreement shall be subordinated, when required, to any lien or encumbrance of any banks or other institutional lenders to the project. The regulatory agreement entered into pursuant to subdivision (f) of Section 50199.14 of the Health and Safety Code shall apply, provided that the agreement includes all of the following provisions:

(1) A term not less than the compliance period.

(2) A requirement that the agreement be filed in the official records of the county in which the qualified low-income housing project is located.

(3) A provision stating which state and local agencies can enforce the regulatory agreement in the event the housing sponsor fails to satisfy any of the requirements of this section.

(4) A provision that the regulatory agreement shall be deemed a contract enforceable by tenants as third-party beneficiaries thereto, and that allows individuals, whether prospective, present, or former occupants of the building, who meet the income limitation applicable to the building the right to enforce the regulatory agreement in any state court.

(5) A provision incorporating the requirements of Section 42 of the Internal Revenue Code as modified by this section.

(6) A requirement that the housing sponsor notify the California Tax Credit Allocation Committee or its designee if there is a determination

by the Internal Revenue Service that the project is not in compliance with Section 42(g) of the Internal Revenue Code.

(7) A requirement that the housing sponsor, as security for the performance of the housing sponsor's obligations under the regulatory agreement, assign the housing sponsor's interest in rents that it receives from the project, provided that until there is a default under the regulatory agreement, the housing sponsor is entitled to collect and retain the rents.

(8) A provision that the remedies available in the event of a default under the regulatory agreement that is not cured within a reasonable cure period include, but are not limited to, allowing any of the parties designated to enforce the regulatory agreement to collect all rents with respect to the project; taking possession of the project and operating the project in accordance with the regulatory agreement until the enforcer determines the housing sponsor is in a position to operate the project in accordance with the regulatory agreement; applying to any court for specific performance; securing the appointment of a receiver to operate the project; or any other relief as may be appropriate.

(j) (1) The committee shall allocate the housing credit on a regular basis consisting of two or more periods in each calendar year during which applications may be filed and considered. The committee shall establish application filing deadlines, the maximum percentage of federal and state low-income housing tax credit ceiling that may be allocated by the committee in that period, and the approximate date on which allocations shall be made. If the enactment of federal or state law, the adoption of rules or regulations, or other similar events prevent the use of two allocation periods, the committee may reduce the number of periods and adjust the filing deadlines, maximum percentage of credit allocated, and allocation dates.

(2) The committee shall adopt a qualified allocation plan, as provided in Section 42(m)(1) of the Internal Revenue Code. In adopting this plan, the committee shall comply with the provisions of Sections 42(m)(1)(B) and 42(m)(1)(C) of the Internal Revenue Code.

(3) Notwithstanding Section 42(m) of the Internal Revenue Code, the California Tax Credit Allocation Committee shall allocate housing credits in accordance with the qualified allocation plan and regulations, which shall include the following provisions:

(A) All housing sponsors, as defined by paragraph (3) of subdivision (a), shall demonstrate at the time the application is filed with the committee that the project meets the following threshold requirements:

(i) The housing sponsor shall demonstrate that there is a need for low-income housing in the community or region for which it is proposed.

(ii) The project's proposed financing, including tax credit proceeds, shall be sufficient to complete the project and shall be adequate to operate the project for the extended use period.

(iii) The project shall have enforceable financing commitments, either construction or permanent financing, for at least 50 percent of the total estimated financing of the project.

(iv) The housing sponsor shall have and maintain control of the site for the project.

(v) The housing sponsor shall demonstrate that the project complies with all applicable local land use and zoning ordinances.

(vi) The housing sponsor shall demonstrate that the project development team has the experience and the financial capacity to ensure project completion and operation for the extended use period.

(vii) The housing sponsor shall demonstrate the amount of tax credit that is necessary for the financial feasibility of the project and its viability as a qualified low-income housing project throughout the extended use period, taking into account operating expenses, a supportable debt service, reserves, funds set aside for rental subsidies, and required equity, and a development fee that does not exceed a specified percentage of the eligible basis of the project prior to inclusion of the development fee in the eligible basis, as determined by the committee.

(B) The committee shall give a preference to those projects satisfying all of the threshold requirements of subparagraph (A) if both of the following apply:

(i) The project serves the lowest income tenants at rents affordable to those tenants.

(ii) The project is obligated to serve qualified tenants for the longest period.

(C) In addition to the provisions of subparagraphs (A) and (B), the committee shall use the following criteria in allocating housing credits:

(i) Projects serving large families in which a substantial number, as defined by the committee, of all residential units are low-income units with three and more bedrooms.

(ii) Projects providing single-room occupancy units serving very low income tenants.

(iii) Existing projects that are "at risk of conversion," as defined by paragraph (4) of subdivision (c).

(iv) Projects for which a public agency provides direct or indirect long-term financial support for at least 15 percent of the total project development costs or projects for which the owner's equity constitutes at least 30 percent of the total project development costs.

(v) Projects that provide tenant amenities not generally available to residents of low-income housing projects.

(4) For purposes of allocating credits pursuant to this section, the committee shall not give preference to any project by virtue of the date of submission of its application except to break a tie when two or more of the projects have an equal rating.

(5) Not less than 20 percent of the low-income housing tax credits available annually under this section, Section 12206, and Section 17058 shall be set aside for allocation to rural areas as defined in Section 50199.21 of the Health and Safety Code. Any amount of credit set aside for rural areas remaining on or after October 31 of any calendar year shall be available for allocation to any eligible project. No amount of credit set aside for rural areas shall be considered available for any eligible project so long as there are eligible rural applications pending on October 31.

(k) Section 42(l) of the Internal Revenue Code shall be modified as follows:

The term "secretary" shall be replaced by the term "California Franchise Tax Board."

(l) In the case where the state credit allowed under this section exceeds the "tax," the excess may be carried over to reduce the "tax" in the following year, and succeeding years if necessary, until the credit has been exhausted.

(m) A project that received an allocation of a 1989 federal housing credit dollar amount shall be eligible to receive an allocation of a 1990 state housing credit dollar amount, subject to all of the following conditions:

(1) The project was not placed in service prior to 1990.

(2) To the extent the amendments made to this section by the Statutes of 1990 conflict with any provisions existing in this section prior to those amendments, the prior provisions of law shall prevail.

(3) Notwithstanding paragraph (2), a project applying for an allocation under this subdivision shall be subject to the requirements of paragraph (3) of subdivision (j).

(n) The credit period with respect to an allocation of credit in 1989 by the California Tax Credit Allocation Committee of which any amount is attributable to unallocated credit from 1987 or 1988 shall not begin until after December 31, 1989.

(o) The provisions of Section 11407(a) of Public Law 101-508, relating to the effective date of the extension of the low-income housing credit, shall apply to calendar years after 1989.

(p) The provisions of Section 11407(c) of Public Law 101-508, relating to election to accelerate credit, shall not apply.

(q) (1) A corporation may elect to assign any portion of any credit allowed under this section to one or more affiliated corporations for each

taxable year in which the credit is allowed. For purposes of this subdivision, “affiliated corporation” has the meaning provided in subdivision (b) of Section 25110, as that section was amended by Chapter 881 of the Statutes of 1993, as of the last day of the taxable year in which the credit is allowed, except that “100 percent” is substituted for “more than 50 percent” wherever it appears in the section, as that section was amended by Chapter 881 of the Statutes of 1993, and “voting common stock” is substituted for “voting stock” wherever it appears in the section, as that section was amended by Chapter 881 of the Statutes of 1993.

(2) The election provided in paragraph (1):

(A) May be based on any method selected by the corporation that originally receives the credit.

(B) Shall be irrevocable for the taxable year the credit is allowed, once made.

(C) May be changed for any subsequent taxable year if the election to make the assignment is expressly shown on each of the returns of the affiliated corporations that assign and receive the credits.

(r) Any unused credit may continue to be carried forward, as provided in subdivision (k), until the credit has been exhausted.

This section shall remain in effect on or after December 1, 1990, for as long as Section 42 of the Internal Revenue Code, relating to low-income housing credits, remains in effect.

(s) The amendments to this section made by the act adding this subdivision shall apply only to taxable years beginning on or after January 1, 1994, except that paragraph (1) of subdivision (q), as amended, shall apply to taxable years beginning on or after January 1, 1993.

CHAPTER 502

[Approved by Governor October 4, 2005. Filed with
Secretary of State October 4, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 52616.19 of the Education Code is amended to read:

52616.19. (a) Commencing with the 1993–94 fiscal year, and each fiscal year thereafter, the only funding available for purposes of Sections 52616, 52616.16, 52616.17, and 52616.18 shall be the following:

(1) Funds that would have been apportioned for purposes of Section 52616, as that section read on June 30, 1993.

(2) Funds that would have been apportioned for purposes of concurrently enrolled average daily attendance pursuant to Section 42238.5, as that section read on June 30, 1993.

(3) Funds that would have been available for purposes of adult elementary and secondary independent study average daily attendance pursuant to Section 46300.1, as that section read on June 30, 1993.

(b) In the 1993–94 fiscal year, up to four million two hundred fifty thousand dollars (\$4,250,000) shall be available for the start up of new adult education programs pursuant to Section 52616.18. In the 1994–95 fiscal year, up to eight million five hundred thousand dollars (\$8,500,000) shall be available for the startup of new adult education programs and the continuation of programs started and funded in the 1993–94 fiscal year. Four million two hundred fifty thousand dollars (\$4,250,000) of that amount shall only be available for new adult education programs if there is no deficit applied pursuant to subdivision (c). It is the intent of the Legislature that, commencing in the 1995–96 fiscal year, those adult education programs started and funded in the 1993–94 and 1994–95 fiscal years shall continue to be funded.

(c) If the funds available pursuant to subdivision (a) are not sufficient to fully fund Sections 52616, 52616.16, 52616.17, and 52616.18, the Superintendent of Public Instruction shall reduce the adult education apportionment for each district that received funding pursuant to Section 52616.16.

(d) If the funds available pursuant to subdivision (a) exceed the amount needed to fund the purposes specified in Sections 52616, 52616.16, 52616.17, 52616.18, and 52617, the Superintendent shall allocate those excess funds on a one-time basis to a school district operating adult education programs that have exceeded its number of units of authorized adult education average daily attendance in proportion to the excess units of average daily attendance served by each school district for that fiscal year. The Superintendent may not allocate an amount of funds to a school district pursuant to this subdivision that exceeds the total number of units of authorized adult education average daily attendance served by the school district multiplied by the appropriate funding rate per unit of average daily attendance.

SEC. 2. Section 52616.23 of the Education Code is repealed.

SEC. 3. Section 52617 is added to the Education Code, to read:

52617. (a) (1) Commencing in the 2006–07 fiscal year, and in each fiscal year thereafter, the Superintendent shall, after making adjustments pursuant to subdivision (d) of Section 52616.17, and based on data reported to the department by local educational agencies on or before July 15 of each fiscal year, adjust the allocation of apportionments for adult education average daily attendance as follows:

(A) For a school district operating an adult education program with fewer than 100 units of authorized adult education average daily attendance, as determined pursuant to Section 52616.17, in the two prior fiscal years, and which served or exceeded its adult education average daily attendance authorized limit in the two prior fiscal years, the Superintendent shall grant to the school district up to 30 additional units of authorized adult education average daily attendance made available after he or she performs the adjustments pursuant to subparagraph (C) upon the request of the district. A school district that receives additional units may not exceed 100 total units. If available units are insufficient to provide for this adjustment, the school district shall receive a prorated amount, relative to the units of authorized adult education average daily attendance of the school district.

(B) For a school district operating an adult education program with 100 or more units of authorized adult education average daily attendance, as determined pursuant to Section 52616.17, in the two prior fiscal years, and which served or exceeded its units of authorized adult education average daily attendance for the school district in the two prior fiscal years, the school district shall receive a prorated amount of units available, as specified in paragraph (2), after the Superintendent performs the adjustment required by subparagraphs (A) and (C), relative to the adult education average daily attendance authorized limit of the school district.

(C) For a school district operating an adult education program that failed to serve its units of authorized adult education average daily attendance for the school district in the two prior fiscal years, the units of authorized adult education average daily attendance of the school district shall be reduced by an amount equal to one-half of the lowest level of unearned adult education average daily attendance in either of the two prior fiscal years. The Superintendent shall notify a school district that its units of authorized adult education average daily attendance for the school district are reduced pursuant to this paragraph.

(2) The Superintendent may not perform adjustments pursuant to paragraph (1) that result in a total statewide apportionment of units of authorized adult education average daily attendance that exceeds the amount funded in the annual Budget Act.

(3) (A) A school district that receives additional units of authorized adult education average daily attendance pursuant to paragraph (1) shall provide a number of career technical education courses that is equal to the percentage of average daily attendance of adults attending those courses in the prior three fiscal years without regard to units of authorized adult education average daily attendance added pursuant to paragraph (1).

(B) A school district shall use funds derived from an adjustment performed pursuant to paragraph (1) for the purpose of providing access to, or direct instruction in, career technical education courses.

(C) "Career technical education courses" means those included within the career and technical education curriculum framework developed pursuant to Section 51226.1.

(B) A school district that receives an increase pursuant to subparagraph (A) shall maintain at least the amount of nursing preparation average daily attendance that is equal to the average daily attendance generated by the school district in nursing preparation programs for the prior three fiscal years to be eligible for the increase specified in subparagraph (A).

(4) It is the intent of the Legislature that this subdivision resolves disputed claims for adult education average daily attendance made for the 1990–91 and 1991–92 fiscal years.

(d) In the event of a final judicial determination by any court of appellate jurisdiction or a final determination by the Administrator of the federal Centers for Medicare and Medicaid Services that supplemental payments to medically needy persons not receiving services pursuant to subdivision (p) of Section 14132.95 or Section 14132.951 must be made,

Wagering instructions concerning funds held in an advance deposit wagering account shall be deemed to be issued within the licensee's enclosure.

This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date.

SEC. 5 Section 19602 of the Business and Professions Code is amended to read:

19602. (a) Notwithstanding any other provision of law, any racing association located in this state may authorize betting systems located outside of this state to accept wagers on a race or races conducted or disseminated by that association and may transmit live audiovisual signals of the race or races and their results to those betting systems, except that any authorization is subject to the consent of the host association and applicable federal laws, including, but not limited to, Chapter 57 (commencing with Section 3001) of Title 15 of the United States Code.

(b) (1) Except as provided in paragraph (2), any racing association described in subdivision (a), when it authorizes betting systems located outside of this state to accept wagers on a race, shall pay a license fee to the state in an amount equal to 8 percent of the total amount received by the association from the out-of-state betting system. In addition, with respect to thoroughbred racing only, 3 percent of the amount remaining after the payment of the license fee shall be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2, and shall thereafter be distributed in accordance with subdivisions (b), (c), and (d) of Section 19617.2. The remaining amount received by the association shall be distributed to the association that conducts the racing meeting and to horsemen participating in that racing meeting as follows: 50 percent to the association as commissions, and 50 percent to the horsemen as purses. All rents, costs, and fees shall be deducted pursuant to a contract between the association that conducts the racing meeting and the horsemen participating in the racing meeting. Notwithstanding any other provision of law, racing associations may form a partnership,

joint venture, or any other affiliation in order to negotiate terms and conditions of agreements with out-of-state betting systems.

(2) A thoroughbred association that hosts the series of races known as the "Breeder's Cup" shall not be required to pay to the state the license fees required pursuant to paragraph (1). Amounts received by the association from out-of-state betting systems as wagers on Breeder's Cup races shall be distributed as follows: 50 percent as commissions to the association that conducts the racing meeting, and 50 percent as purses to the horsemen participating in the meeting.

(c) With the permission of the board, wagers accepted by betting systems located outside of this state may be, but are not required to be, included in the parimutuel pool of the association that conducts the racing meeting in this state. If the wagers accepted by betting systems located outside of this state are included in the parimutuel pool of the association that conducts the racing meeting in this state, the betting system located outside of this state shall, if permissible under applicable law, deduct from the total amount handled in each conventional and exotic parimutuel pool the same total percentages deducted pursuant to Article 9.5 (commencing with Section 19610) by the association that conducts the racing meeting in this state. If the laws of the jurisdiction in which the betting system is located do not permit the betting system to deduct the same percentages as are deducted by the association that conducts the racing meeting, the board may, nonetheless, permit the inclusion of those out-of-state wagers in the association's parimutuel pool if the board determines it to be in the public interest of this state to do so.

(d) If wagers accepted by an association conducting a racing meeting within the state and wagers accepted by a betting system located outside of the state are combined in one parimutuel pool and the association and the betting system both deduct the same total percentages as set forth in subdivision (c), the breakage shall be allocated between the association and the betting system on the basis of a calculation for distribution approved by the board.

(e) If wagers accepted by an association conducting a racing meeting within the state are combined in one parimutuel pool with wagers accepted by a betting system located outside the state and the association and the betting system deduct different percentages from the amount handled in the parimutuel pool, the precise calculation and distribution of payments on winning tickets and breakage between the association and the betting system shall be on the basis of a calculation for distribution approved by the board.

(f) Breakage allocated pursuant to this section to an association conducting a racing meeting within this state shall be distributed in the same manner as would be breakage arising from wagers at the association

in the absence of a combined parimutuel pool. This section does not apply to the disposition of breakage allocated to the betting system located outside of the state.

(g) If wagers accepted by a betting system located outside of this state are included in the parimutuel pool of an association conducting a racing meeting in this state, funds in the parimutuel pool attributable to unclaimed tickets relating to wagers accepted by the association conducting a racing meeting within the state shall be distributed in the same manner as unclaimed tickets relating to wagers accepted by that association in the absence of a combined parimutuel pool. Funds in the parimutuel pool attributable to unclaimed tickets related to wagers accepted by the betting system located outside of this state shall be allocated to that betting system, and this section does not otherwise apply to the disposition of those funds at that location outside of the state.

SEC. 6. Section 19618.2 is added to the Business and Professions Code, to read:

19618.2. Subdivisions (a) and (b) of Section 19618 shall not apply to any payment by a licensed quarter horse racing association in the southern zone, to horsemen participating in its race meeting.

Any deduction shall be made only after written notice to the facility and may be taken over a period of time taking into account the financial condition of the facility.

(f) Should all or any part of the quality assurance fee remain unpaid, the department may take either or both of the following actions:

- (1) Assess a penalty equal to 50 percent of the unpaid fee amount.
- (2) Delay license renewal.

The Director of Health Services may apply a zero fee to one or more exempt categories of facilities, if necessary to obtain federal approval.

(3) If after seeking federal approval, federal approval is not obtained, this article shall not be implemented.

(b) The department shall make retrospective adjustments, as necessary, to the amounts calculated pursuant to Section 1324.21 in order to assure that the aggregate quality assurance fee for any particular state fiscal year does not exceed 6 percent of the aggregate annual net revenue of facilities subject to the fee.

SEC. 4. Section 1324.28 of the Health and Safety Code is amended to read:

(3) The state has continued its maintenance of effort for the level of state funding of nursing facility reimbursement for rate year 2005–06, and for every subsequent rate year continuing through the 2007–08 rate year, in an amount not less than the amount that specific facilities would

have received under the rate methodology in effect on July 31, 2004, plus Medi-Cal's projected proportional costs for new state or federal mandates, not including the quality assurance fee.

(4) The full amount of the quality assurance fee assessed and collected pursuant to this article remains available for the purposes specified in Section 1324.25 and for related purposes.

(c) If all of the conditions in subdivision (a) are met, this article is implemented, and subsequently, any one of the conditions in subdivision (b) is not met, on and after the date that the department makes that determination, this article shall not be implemented, notwithstanding that the condition or conditions subsequently may be met.

(d) Notwithstanding subdivisions (a), (b), and (c), in the event of a final judicial determination made by any state or federal court that is not appealed, or by a court of appellate jurisdiction that is not further appealed, in any action by any party, or a final determination by the administrator of the federal Centers for Medicare and Medicaid Services, that federal financial participation is not available with respect to any payment made under the methodology implemented pursuant to this article because the methodology is invalid, unlawful, or contrary to any provision of federal law or regulations, or of state law, this section shall become inoperative.

SEC. 5. Section 5902 of the Welfare and Institutions Code is amended to read:

5902. (a) In the 1991–92 fiscal year, funding sufficient to cover the cost of the basic level of care in institutions for mental disease at the rate established by the State Department of Health Services shall be made available to the department for skilled nursing facilities, plus the rate established for special treatment programs. The department may authorize a county to administer institutions for mental disease services if the county with the consent of the affected providers makes a request to administer services and an allocation is made to the county for these services. The department shall continue to contract with these providers for the services necessary for the operation of the institutions for mental disease.

(b) In the 1992–93 fiscal year, the department shall consider county-specific requests to continue to provide administrative services relative to institutions for mental disease facilities when no viable alternatives are found to exist.

(c) (1) By October 1, 1991, the department, in consultation with the California Conference of Local Mental Health Directors and the California Association of Health Facilities, shall develop and publish a county-specific allocation of institutions for mental disease funds which will take effect on July 1, 1992.

(2) By November 1, 1991, counties shall notify the providers of any intended change in service levels to be effective on July 1, 1992.

(3) By April 1, 1992, counties and providers shall have entered into contracts for basic institutions for mental disease services at the rate described in subdivision (e) for the 1992–93 fiscal year at the level expressed on or before November 1, 1991, except that a county shall be permitted additional time, until June 1, 1992, to complete the processing of the contract, when any of the following conditions are met:

(A) The county and the affected provider have agreed on all substantive institutions for mental disease contract issues by April 1, 1992.

(B) Negotiations are in process with the county on April 1, 1992, and the affected provider has agreed in writing to the extension.

(C) The service level committed to on November 1, 1991, exceeds the affected provider's bed capacity.

(D) The county can document that the affected provider has refused to enter into negotiations by April 1, 1992, or has substantially delayed negotiations.

(4) If a county and a provider are unable to reach agreement on substantive contract issues by June 1, 1992, the department may, upon request of either the affected county or the provider, mediate the disputed issues.

(5) Where contracts for service at the level committed to on November 1, 1991, have not been completed by April 1, 1992, and additional time is not permitted pursuant to the exceptions specified in paragraph (3) the funds allocated to those counties shall revert for reallocation in a manner that shall promote equity of funding among counties. With respect to counties with exceptions permitted pursuant to paragraph (3), funds shall not revert unless contracts are not completed by June 1, 1992. In no event shall funds revert under this section if there is no harm to the provider as a result of the county contract not being completed. During the 1992–93 fiscal year, funds reverted under this paragraph shall be used to purchase institution for mental disease/skilled nursing/special treatment program services in existing facilities.

(6) Nothing in this section shall apply to negotiations regarding supplemental payments beyond the rate specified in subdivision (e).

(d) On or before April 1, 1992, counties may complete contracts with facilities for the direct purchase of services in the 1992–93 fiscal year. Those counties for which facility contracts have not been completed by that date shall be deemed to continue to accept financial responsibility for those patients during the subsequent fiscal year at the rate specified in subdivision (a).

(e) As long as contracts with institutions for mental disease providers require the facilities to maintain skilled nursing facility licensure and certification, reimbursement for basic services shall be at the rate established by the State Department of Health Services. Except as provided in this section, reimbursement rates for services in institutions for mental diseases shall be the same as the rates in effect on July 31, 2004. Effective July 1, 2005, through June 30, 2008, the reimbursement rate for institutions for mental disease shall increase by 6.5 percent annually. Effective July 1, 2008, the reimbursement rate for institutions for mental disease shall increase by 4.7 percent annually.

(f) (1) Providers that agree to contract with the county for services under an alternative mental health program pursuant to Section 5768 that does not require skilled nursing facility licensure shall retain return rights to licensure as skilled nursing facilities.

(2) Providers participating in an alternative program that elect to return to skilled nursing facility licensure shall only be required to meet those requirements under which they previously operated as a skilled nursing facility.

(g) In the 1993–94 fiscal year and thereafter, the department shall consider requests to continue administrative services related to institutions for mental disease facilities from counties with a population of 150,000 or less based on the most recent available estimates of population data as determined by the Population Research Unit of the Department of Finance.

SEC. 6. Section 5912 of the Welfare and Institutions Code is amended to read:

5912. As long as contracts require institutions for mental disease to continue to be licensed and certified as skilled nursing facilities by the State Department of Health Services, they shall be reimbursed for basic services at the rate established by the State Department of Health Services. Except as provided in this section, reimbursement rates for services in institutions for mental diseases shall be the same as the rates in effect on July 31, 2004. Effective July 1, 2005, through June 30, 2008, the reimbursement rate for institutions for mental disease shall increase by 6.5 percent annually. For purposes of this section, the adoption of regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health, and safety or general welfare.

(2) As an alternative to paragraph (1), and Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the director may implement this article by means of a provider bulletin, or similar instructions, without taking regulatory action.

(c) The director shall implement subdivision (a) in a manner that is consistent with federal medicaid law and regulations. The director shall seek any necessary federal approvals for the implementation of this section. This section shall be implemented only to the extent that federal approval is obtained.

(7) If award is not made to the bidder whose proposal contains the lowest price, the school district shall make a finding setting forth the basis for the award.

(e) The school district, at its discretion, may reject all proposals and request new proposals.

(f) Provisions in any contract concerning utilization of small business enterprises, that are in accordance with the request for proposals, shall not be subject to negotiation with the successful proposer.

CHAPTER 513

An act to amend Sections 52055.51, 52055.55, 52055.57, and 52059 of the Education Code, relating to public school accountability, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 4, 2005. Filed with
Secretary of State October 4, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 52055.51 of the Education Code is amended to read:

52055.51. (a) Instead of the actions specified in subdivision (b) of Section 52055.5, and notwithstanding any other law, the Superintendent, with the approval of the state board, may require the school district to enter into a contract with a school assistance and intervention team no later than 30 days after the public release of the school's growth in API results or the next regularly scheduled meeting of the State Board of Education following the expiration of the 30 days if meeting the 30-day time limit would not provide the State Board of Education with sufficient time to comply with the requirements of the Bagley-Keene Open Meeting Act (Article 9 (commencing with Section 11120) of Chapter 1 of Division 3 of Title 2 of the Government Code). If the State Board of Education approves, the governing board of the school district may retain its legal rights, duties, and responsibilities with respect to that school.

(b) School assistance and intervention team members should possess a high degree of knowledge and skills in the areas of school leadership, curriculum, and instruction aligned to state academic content and performance standards, classroom management and discipline, academic assessment, parent-school relations, and evaluation and research based reform strategies and have proven successful expertise specific to the challenges inherent in state-monitored schools.

(c) The Superintendent shall, once every two years, establish a list of approved school assistance and intervention teams with which a school district may contract. The list shall be based on criteria recommended by the Superintendent and adopted by the state board. After the two-year approval period expires, a team may reapply for approval by demonstrating the effectiveness of the work of the team in state-monitored schools.

(d) A school assistance and intervention team shall provide intensive support and expertise to implement the school reform initiatives in the plan. Decisions about interventions shall be data driven. A school

assistance and intervention team shall work with school staff, site planning teams, administrators, and school district staff to improve pupil literacy and achievement by assessing the degree of implementation of the current action plan, refining and revising the action plan, and making recommendations to maximize the use of fiscal resources and personnel in achieving the goals of the plan. The school district shall provide support and assistance to enhance the work of the team at the targeted schoolsites.

(e) Not later than 60 days after the assignment of a school assistance and intervention team, the team shall complete a report. The report shall include recommendations for corrective actions chosen from a range of interventions, including the reallocation of school district fiscal resources to ensure that appropriate resources are targeted to those specific interventions identified in the recommendations of the team for the targeted schools and other changes deemed appropriate to make progress toward meeting the growth target of the school.

(f) Not later than 90 days after assignment of the school assistance and intervention team, the governing board of the school district shall adopt the initial recommendations of the team at a regularly scheduled meeting of the governing board. A subsequent recommendation proposed by the school assistance and intervention team shall be submitted to the governing board and shall be adopted by the governing board within 30 days of the submission. The governing board may not place the adoption on the consent calendar. A recommendation adopted by the governing board shall be submitted to the Superintendent and the state board.

(g) Following the adoption of the recommendation by the governing board, the governing board may submit an appeal to the Superintendent for relief from one or more of the recommendations. The Superintendent, with approval of the state board, may grant relief from compliance with a recommendation of the school assistance and intervention team.

(h) If a school assistance and intervention team does not fulfill its legal obligations under this section, the governing board of the school district may seek permission from the Superintendent, with the approval of the state board, to contract with a different school assistance and intervention team. Upon a finding that the school assistance and intervention team has not fulfilled its legal obligations under this section, the Superintendent, with the approval of the state board, may remove the school assistance and intervention team from the state list of eligible providers.

(i) No less than three times during the year, the school district and schoolsite shall present the team with data regarding progress toward the goals established by the initial assessment of the team. The data shall be presented to the governing board of the school district at a regularly

scheduled meeting. The team shall, to the extent possible, utilize existing site data. The data shall also be provided to the Superintendent and the state board. Every effort shall be made to report this data in a manner that minimizes the length and complexity of the reporting requirement in order to maximize the focus on improving pupil literacy and achievement.

(j) An action taken pursuant to this section may not increase local costs or require reimbursement as determined by the Commission on State Mandates.

SEC. 2. Section 52055.55 of the Education Code is amended to read:

52055.55. (a) Thirty-six months after the Superintendent assigns a management team, trustee, or a school assistance and intervention team to a schoolsite, if the school makes significant growth on the Academic Performance Index, as determined by the State Board of Education, in two consecutive years, the school shall exit the Immediate Intervention/Underperforming Schools Program and is no longer subject to the requirements of the program.

(b) Thirty-six months after the Superintendent assigns a management team, trustee, or a school assistance and intervention team to a schoolsite, if the management team, trustee, or school assistance and intervention team fails to assist the school in making significant growth on the Academic Performance Index, as determined by the State Board of Education, the Superintendent shall remove the management team, trustee, or school assistance and intervention team from providing services at the schoolsite. Additionally, the Superintendent shall do at least one of the following:

(1) Require the school district to ensure, using available federal funds, that 100 percent of the teachers at the schoolsite are highly qualified, as defined by the state for the purposes of the federal No Child Left Behind Act of 2001 (20 U.S.C. Sec. 6301 et seq.).

(3) Allow parents of pupils enrolled at the school to apply directly to the state board to establish a charter school at the existing schoolsite.

(4) Close the school.

SEC. 3. Section 52055.57 of the Education Code is amended to read:

these criteria by local educational agencies that choose to participate under this article shall be a condition of receiving funds pursuant to this section.

(2) The department shall identify local educational agencies that are in danger of being identified within two years as program improvement local educational agencies under the federal No Child Left Behind Act of 2001 (20 U.S.C. Sec. 6301 et seq.), and shall notify those local educational agencies, in writing, of this status and provide those local educational agencies with research-based criteria to conduct a voluntary self-assessment.

(3) The self-assessment shall identify deficiencies within the operations of the local educational agency, and the programs and services of the local educational agency.

(4) A local educational agency identified pursuant to paragraph (2) is encouraged to revise its local educational agency plan based on the results of the self-assessment.

(5) The program described in this subdivision shall be referred to as the "Early Warning Program."

(i) Verifying the fundamental teaching and learning needs in the schools of that local educational agency as determined by the local educational agency self-analysis, and identifying the specific academic problems of low-achieving pupils, including a determination of why the prior plan of the local educational agency failed to bring about increased pupil academic achievement.

(ii) Ensuring that the local educational agency receives intensive support and expertise to implement local educational agency reform initiatives in the revised local educational agency plan as required by the federal No Child Left Behind Act of 2001 (20 U.S.C. Sec. 6301 et seq.).

(C) Revise and expeditiously implement the local educational agency plan of the local educational agency to reflect the findings of the verified self-assessment.

(D) After working with the county superintendent of schools or an external verifier, contract with an external provider to provide support and implement recommendations to assist the local educational agency in resolving shortcomings identified in the verified self-assessment.

(2) (A) Subject to the availability of funds in the annual Budget Act for this purpose, a local educational agency described in paragraph (1) may annually receive fifty thousand dollars (\$50,000), and ten thousand dollars (\$10,000) for each school that is supported by federal funds pursuant to Title I of the federal No Child Left Behind Act of 2001 (20 U.S.C. Sec. 6301 et seq.) within the local educational agency for the purpose of fulfilling the requirements of this subdivision.

(B) Subject to the availability of funds appropriated in the annual Budget Act for this purpose, a local educational agency identified as a program improvement local educational agency during the 2005–06 fiscal year, shall receive priority for funding based upon the performance of the socioeconomically disadvantaged subgroup of the local educational agency on the Academic Performance Index. Priority for funding shall be provided to the lowest performing local educational agencies that are identified as program improvement local educational agencies. Up to one million dollars (\$1,000,000) of the funds described in this paragraph shall be made available for the Water Transit Authority to study accelerating development and other milestones that would potentially increase ridership at the City of Richmond ferry terminal.

(29) Regional Express Bus Service for San Mateo, Dumbarton, and Bay Bridge Corridors. Expand park and ride lots, improve HOV access, construct ramp improvements, and purchase rolling stock. Twenty-two million dollars (\$22,000,000). The project sponsors are AC Transit and Alameda County Congestion Management Agency.

(30) I-880 North Safety Improvements. Reconfigure various ramps on I-880 and provide appropriate mitigations between 29th Avenue and 16th Avenue. Ten million dollars (\$10,000,000). The project sponsors are Alameda County Congestion Management Agency, City of Oakland, and the Department of Transportation.

(31) BART Warm Springs Extension. Extension of the existing BART system from Fremont to Warm Springs in southern Alameda County. Ninety-five million dollars (\$95,000,000). Up to ten million dollars (\$10,000,000) shall be used for grade separation work in the City of Fremont necessary to extend BART. The project would facilitate a future rail service extension to the Silicon Valley. The project sponsor is BART.

(35) Transit Commuter Benefits Promotion. Marketing program to promote tax-saving opportunities for employers and employees as specified in Section 132(f)(3) or 162(a) of the Internal Revenue Code. Goal is to increase the participation rate of employers offering employees a tax-free benefit to commute to work by transit. The project sponsor is the Metropolitan Transportation Commission. Five million dollars (\$5,000,000).

(36) Caldecott Tunnel Improvements. Provide funds to plan and construct a fourth bore at the Caldecott Tunnel between Contra Costa and Alameda Counties. The fourth bore will be a two-lane bore with a shoulder or shoulders north of the current three bores. The County Connection shall study all feasible alternatives to increase transit capacity in the westbound corridor of State Highway Route 24 between State Highway Route 680 and the Caldecott Tunnel, including the study of the use of an express lane, high-occupancy vehicle lane, and an auxiliary lane. The cost of the study shall not exceed five hundred thousand dollars (\$500,000) and shall be completed not later than January 15, 2006. Fifty million five hundred thousand dollars (\$50,500,000). The project sponsor is the Contra Costa Transportation Authority.

(d) Not more than 38 percent of the revenues generated from the toll increase shall be made available annually for the purpose of providing operating assistance for transit services as set forth in the authority's annual budget resolution. The funds shall be made available to the provider of the transit services subject to the performance measures described in Section 30914.5. If the funds cannot be obligated for operating assistance consistent with the performance measures, these funds shall be obligated for other operations consistent with this chapter.

Except for operating programs that do not have planned funding increases and subject to the 38-percent limit on total operating cost funding in any single year, following the first year of scheduled operations, an escalation factor, not to exceed 1.5 percent per year, shall be added to the operating cost funding through fiscal year 2015–16, to partially offset increased operating costs. The escalation factors shall be

contained in the operating agreements described in Section 30914.5. Subject to the limitations of this paragraph, the Metropolitan Transportation Commission may annually fund the following operating programs as another component of the Regional Traffic Relief Plan:

(1) Golden Gate Express Bus Service over the Richmond Bridge (Route 40). Two million one hundred thousand dollars (\$2,100,000).

(14) Water Transit Authority, regional planning and operations. Three million dollars (\$3,000,000) without escalation.

(e) For all projects authorized under subdivision (c), the project sponsor shall submit an initial project report to the Metropolitan Transportation Commission before July 1, 2004. This report shall include all information required to describe the project in detail, including the status of any environmental documents relevant to the project, additional

funds required to fully fund the project, the amount, if any, of funds expended to date, and a summary of any impediments to the completion of the project. This report, or an updated report, shall include a detailed financial plan and shall notify the commission if the project sponsor will request toll revenue within the subsequent 12 months. The project sponsor shall update this report as needed or requested by the commission. No funds shall be allocated by the commission for any project authorized by subdivision (c) until the project sponsor submits the initial project report, and the report is reviewed and approved by the commission.

If multiple project sponsors are listed for projects listed in subdivision (c), the commission shall identify a lead sponsor in coordination with all identified sponsors, for purposes of allocating funds. For any projects authorized under subdivision (c), the commission shall have the option of requiring a memorandum of understanding between itself and the project sponsor or sponsors that shall include any specific requirements that must be met prior to the allocation of funds provided under subdivision (c).

(f) The Metropolitan Transportation Commission shall annually assess the status of programs and projects and shall allocate a portion of funding made available under Section 30921 or 30958 for public information and advertising to support the services and projects identified in subdivisions (c) and (d). If an operating program or project cannot achieve its performance objectives described in subdivision (a) of Section 30914.5 or if a program or project cannot be completed or cannot continue due to delivery or financing obstacles making the completion or continuation of the program or project unrealistic, the commission shall consult with the program or the project sponsor. After consulting with the sponsor, the commission shall hold a public hearing concerning the project. After the hearing, the commission may vote to modify the program or the project's scope, decrease its level of funding, or to reassign all of the funds to another or an additional regional transit program or project within the same corridor. If a program or project does not meet the required performance measures, the commission shall give the sponsor a time certain to achieve the performance measures or have its funding reassigned.

(g) If the voters approve a toll increase pursuant to Section 30921, the authority shall within 24 months of the election date, include the projects in a long-range plan that are consistent with the commission's findings required by this section and Section 30914.5. The authority shall update its long-range plan as required to maintain its viability as a strategic plan for funding projects authorized by this section. The authority shall by January 1, 2007, submit its updated long-range plan

to the transportation policy committee of each house of the Legislature for review.

(h) If the voters approve a toll increase pursuant to Section 30921, and if additional funds from this toll increase are available following the funding obligations of subdivisions (c) and (d), the authority may set aside a reserve to fund future rolling stock replacement to enhance the sustainability of the services enumerated in subdivision (d). The authority shall, by January 1, 2020, submit a 20-year toll bridge expenditure plan to the Legislature for adoption. This expenditure plan shall have, as its highest priority, replacement of transit vehicles purchased pursuant to subdivision (c).

SEC. 3. Section 30914.5 of the Streets and Highways Code is amended to read:

30914.5. (a) Prior to the allocation of revenue for transit operating assistance under subdivision (d) of Section 30914, the Metropolitan Transportation Commission shall adopt performance measures related to fare-box recovery, ridership, and other performance measures as needed. The performance measures shall be developed in consultation with the affected transit operators and the commission's advisory council.

(b) The Metropolitan Transportation Commission shall execute an operating agreement with the sponsors of the projects described in subdivision (d) of Section 30914. This agreement shall include, at a minimum, a fully funded operating plan that conforms to and is consistent with the adopted performance measures. The agreement shall also include a schedule of projected fare revenues or other operating revenues to indicate that the service is viable in the near-term and is expected to meet the adopted performance measures in future years. For any individual project sponsor, this operating agreement may include additional requirements, as determined by the commission, to be met prior to the allocation of transit assistance under subdivision (d) of Section 30914.

(c) Prior to the annual allocation of transit operating assistance funds by the Metropolitan Transportation Commission pursuant to subdivision (d) of Section 30914, the Metropolitan Transportation Commission shall conduct, or shall require the sponsoring agency to conduct, an independent audit that contains audited financial information, including an opinion on the status and cost of the project and its compliance with the approved performance measures. Notwithstanding this requirement, each operator shall be given a one-year trial period to operate new service. In the first year of new service, the sponsor shall develop a reporting and accounting structure for the performance measures. Commencing with the third operating year, sponsors shall be subject to the approved performance measures.

(d) The Metropolitan Transportation Commission shall adopt a regional transit connectivity plan by May 1, 2006. The connectivity plan shall be incorporated into the commission's Transit Coordination Implementation Plan pursuant to Section 66516.5 of the Government Code. The connectivity plan shall require operators to comply with the plan utilizing commission authority pursuant to Section 66516.5 of the Government Code. The commission shall consult with the Partnership Transit Coordination Council in developing a plan that identifies and evaluates opportunities for improving transit connectivity and shall include, but not be limited to, the following components:

(1) A network of key transit hubs connecting regional rapid transit services to one another, and to feeder transit services. "Regional rapid transit" means long-haul transit service that crosses county lines, and operates mostly in dedicated rights-of-way, including freeway high-occupancy vehicle lanes, crossing a bridge, or on the bay. The identified transit hubs shall operate either as a timed transfer network or as pulsed hub connections, providing regularly scheduled connections between two or more transit lines.

(2) Physical infrastructure and right-of-way improvements necessary to improve system reliability and connections at transit hubs. Physical infrastructure improvements may include, but are not limited to, improved rail-to-rail transfer facilities, including cross-platform transfers, and intermodal transit improvements that facilitate rail-to-bus, rail-to-ferry, ferry-to-ferry, ferry-to-bus, and bus-to-bus transfers. Capital improvements identified in the plan shall be eligible for funding in the commission's regional transportation plan.

(3) Regional standards and procedures to ensure maximum coordination of schedule connections to minimize transfer times between transit lines at key transit hubs, including, but not limited to, the following:

(A) Policies and procedures for improved fare collection.

(B) Enhanced trip-planning services, including Internet-based programs, telephone information systems, and printed schedules.

(C) Enhanced schedule coordination through the implementation of real-time transit-vehicle location systems that facilitate communication between systems and result in improved timed transfers between routes.

(D) Performance measures and data collection to monitor the performance of the connectivity plan.

The connectivity plan shall focus on, but not be limited to, feeder transit lines connecting to regional rapid transit services, and the connection of regional rapid transit services to one another. The connectivity plan shall be adopted following a Metropolitan Transportation Commission public hearing at least 60 days prior to

adoption. The commission shall adopt performance measures and collect appropriate data to monitor the performance of the connectivity plan. The plan shall be evaluated every three years by the commission as part of the update to its regional transportation plan. No agency shall be eligible to receive funds under this section unless the agency is a participant operator in the commission's regional transit connectivity plan.

The provisions of this subdivision shall only be effective if the voters approve the toll increase as set forth in Section 30921, and the expenditures incurred by the Metropolitan Transportation Commission up to five hundred thousand dollars (\$500,000) that are related to the requirements of this subdivision, including any study, shall be reimbursed from toll revenues identified in paragraph (33) of subdivision (c) of Section 30914.

(e) The TransLink Consortium, per the TransLink Interagency Participation Agreement, shall by July 1, 2007, develop a plan for an integrated fare program covering all regional rapid transit trips funded in full or in part by this section. "Regional rapid transit" means long-haul transit services that cross county lines, and operate mostly in dedicated rights-of-way, including freeway high-occupancy vehicle lanes, crossing a bridge, or on the bay. Interregional rail services, originating or terminating from outside the Bay Area, shall not be considered regional rapid transit. The purpose of the integrated fare program is to encourage greater use of the region's transit network by making it easier and less costly for transit riders whose regular commute involves multizonal travel and may involve the transfer between two or more transit agencies, including regional-to-regional and regional-to-local transfers. The integrated fare program shall include a zonal fare system for the sole purpose of creating a monthly zonal pass (monthly pass), allowing for unlimited or discounted fares for transit riders making a minimum number of monthly transit trips between two or more zones. The number of minimum trips shall be established by the plan. The integrated fare program shall not apply to fare structures that are not purchased on a monthly basis. For the purposes of these zonal fares, geographic zones shall be created in the Bay Area. To the extent practical, zone boundaries for overlapping systems shall be in the same places and shall correspond to the boundaries of the local transit service areas. A regional rapid transit zone may cover more than one local service area, or may subdivide an existing local service area. The monthly pass shall be created in at least the following two forms:

(1) For the use of interzonal regional rapid transit trips without local transit discounts.

(2) For the use of interzonal regional rapid transit trips with local transit discounts. The plan may recommend the elimination of existing transit pass arrangements to simplify the marketing of the monthly pass. The integrated fare program shall establish a monitoring program to evaluate the impact of the integrated fare program on the operating finances of the participating agencies. The integrated fare program shall be adjusted as necessary to ensure that the program does not jeopardize the viability of local or regional rapid transit routes impacted by the program, and to the extent feasible, provide an equitable revenue-sharing arrangement among the participating agencies. This subdivision shall only be effective if the voters approve the toll increase as set forth in Section 30921, and any expenditures related to the implementation of this subdivision incurred by the TransLink Consortium shall be reimbursed by toll revenues designated in paragraph (34) of subdivision (c) of Section 30914.

(f) The Metropolitan Transportation Commission (MTC) shall, by July 1, 2007, adopt a Bay Area Regional Rail Plan (plan) for the development of passenger rail services in the San Francisco Bay Area over the short, medium, and long term. The plan shall formulate strategies to integrate passenger rail systems, improve interfaces with connecting services, expand the regional rapid transit network, and coordinate investments with transit-supportive land use. The plan shall be governed by a steering committee consisting of appointees from the Department of Transportation (Caltrans), the San Francisco Bay Area Rapid Transit District (BART), Caltrain, the National Railroad Passenger Corporation (Amtrak), the Capitol Corridor Joint Powers Authority, the Altamont Commuter Express, the High-Speed Rail Authority, the Metropolitan Transportation Commission (MTC), the Sonoma-Marín Area Rail Transit District (SMART), the Santa Clara Valley Transportation Authority, the Solano Transportation Authority, and the owners of standard gauge rail. Congestion management agencies and other agencies as determined by the steering committee shall be invited as nonvoting members. Under policy guidance from the steering committee and with input from Bay Area transit agencies, Caltrain, and BART shall provide day-to-day management and technical support for the development of this plan. The plan proposals shall be evaluated using performance criteria, including, but not limited to, transit-supportive land use and access, ridership, cost-effectiveness, regional network connectivity, and capital and operating financial stability. Additional performance criteria shall be developed as necessary. The plan shall include, but not be limited to, all of the following:

(1) Identification of issues in connectivity, access, capacity, operations and cost-effectiveness.

(2) Identification of opportunities to enhance rail connectivity and to maximize passenger convenience when transferring between systems.

(3) Recommendation of improvements to the interface with shuttles, buses, other rail systems, and other feeder modes.

(4) Identification of potential impacts on capacity constraints and operations on existing passenger and freight carriers.

(5) Identification of bottlenecks where added capacity could cost-effectively increase performance.

(6) Recommendation of potential efficiency improvements through economies of scale, such as through joint vehicle procurement and maintenance facilities.

(7) Recommendation of strategies to acquire right-of-way and station property to preserve future service options.

(8) Identification of potential capital and operating funding sources for proposed actions.

(9) Identification of locations where the presence of passenger rail could stimulate redevelopment and thereby direct growth to the urban core.

(10) Recommendation of technology appropriate service expansion in specific corridors. Technologies to be considered include conventional rail transit modes, bus rapid transit, and emerging rail technologies. Identify phasing strategies for the implementation of rail services where appropriate.

(11) Examination of how recommendations would integrate with proposed high-speed rail to the Central Valley and southern California. Up to two million five hundred thousand dollars (\$2,500,000) of the funds described in paragraph (33) of subdivision (c) of Section 30914 may be expended by the Metropolitan Transportation Commission and the High-Speed Rail Authority to study Bay Area access to the high-speed rail system. Up to five hundred thousand dollars (\$500,000) of the funds described in paragraph (33) of subdivision (c) of Section 30914 may be expended by the Metropolitan Transportation Commission and the High-Speed Rail Authority to study the feasibility and construction of an intermodal transfer hub at Niles (Shinn Street) Junction. The Metropolitan Transportation Commission and the High-Speed Rail Authority, or its successor, shall collaborate with a steering committee in conducting these studies.

(12) Recommendation of a governance strategy to implement and operate future regional rapid transit services.

This subdivision shall only be effective if the voters approve the toll increase as set forth in Section 30921. Any expenditures incurred by the Metropolitan Transportation Commission or the project sponsors identified in paragraph (33) of subdivision (c) of Section 30914 related

to the requirements of this subdivision, including any study and administration, shall be appropriate charges against toll revenue to be reimbursed from toll revenues.

CHAPTER 523

An act to add Section 14105.485 to the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 14105.485 is added to the Welfare and Institutions Code, to read:

14105.485. (a) Commencing July 1, 2006, any provider of custom rehabilitation equipment and custom rehabilitation technology services to a Medi-Cal beneficiary shall have on staff, either as an employee or independent contractor, or have a contractual relationship with, a qualified rehabilitation professional who was directly involved in determining the specific custom rehabilitation equipment needs of the patient and was directly involved with, or closely supervised, the final fitting and delivery of the custom rehabilitation equipment.

(b) Commencing January 1, 2006, a medical provider shall conduct a physical examination of an individual before prescribing a motorized wheelchair or scooter for a Medi-Cal beneficiary. The medical provider shall complete a certificate of medical necessity, developed by the department, that documents the medical condition that necessitates the motorized wheelchair or scooter, and verifies that the patient is capable of using the wheelchair or scooter safely.

(c) For purposes of this section, the following definitions apply:

(1) "Custom rehabilitation equipment" means any item, piece of equipment, or product system, whether modified or customized, that is used to increase, maintain, or improve functional capabilities with respect to mobility and reduce anatomical degradation and complications of individuals with disabilities. Custom rehabilitation equipment includes, but is not limited to, nonstandard manual wheelchairs, power wheelchairs and seating systems, power scooters that are specially configured, ordered, and measured based on patient height, weight, and disability, specialized wheelchair electronics and cushions, custom bath equipment, standers, gait trainers, and specialized strollers.

(2) “Custom rehabilitation technology services” means the application of enabling technology systems designed and assembled to meet the needs of a specific person experiencing any permanent or long-term loss or abnormality of physical or anatomical structure or function with respect to mobility. These services include, but are not limited to, the evaluation of the needs of a patient with a disability, including an assessment of the patient for the purpose of ensuring that the proposed equipment is appropriate, the documentation of medical necessity, the selection, fit, customization, maintenance, assembly, repair, replacement, pick up and delivery, and testing of equipment and parts, and the training of an assistant caregiver and of a patient who will use the equipment or individuals who will assist the client in using the equipment.

(3) “Qualified rehabilitation professional” means an individual to whom any one of the following applies:

(A) The individual is a physical therapist licensed pursuant to the Business and Professions Code, occupational therapist licensed pursuant to the Business and Professions Code, or other qualified health care professional approved by the department.

(B) The individual is a registered member in good standing of the National Registry of Rehabilitation Technology Suppliers (NRRTS), or other credentialing organization recognized by the department.

(C) The individual has successfully passed one of the following credentialing examinations administered by the Rehabilitation Engineering and Assistive Technology Society of North America (RESNA):

- (i) The Assistive Technology Supplier examination.
- (ii) The Assistive Technology Practitioner examination.
- (iii) The Rehabilitation Engineering Technologist examination.

CHAPTER 524

An act to add Section 5008.2 to the Penal Code, relating to hepatitis C.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 5008.2 is added to the Penal Code, to read:
5008.2. (a) During the intake medical examination or intake health screening, or while providing general information during intake, the

department shall provide all inmates with information on hepatitis C, including, but not limited to, methods of hepatitis C transmission and prevention, and information on opportunities for screening and treatment while incarcerated. This subdivision shall be implemented only to the extent that brochures, other printed information, or other media is provided at no charge to the department by public health agencies or any other organization promoting hepatitis C education.

(b) The department shall also provide hepatitis C screening to all inmates who request it, and offer it to inmates that have a history of intravenous drug use or other risk factors for hepatitis C. This testing shall be confidential. The medical copayment authorized in Section 5007.5 shall not be charged for hepatitis C testing, treatment, or any followup testing.

CHAPTER 525

An act to amend Sections 19160, 19161, 19162, 19163, 19163.5, 19165, and 19166 of the Health and Safety Code, relating to building standards.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 19160 of the Health and Safety Code is amended to read:

19160. The Legislature finds and declares that:

(a) Because of the generally acknowledged fact that California will experience moderate to severe earthquakes in the foreseeable future, increased efforts to reduce earthquake hazards should be encouraged and supported.

(b) Tens of thousands of buildings subject to severe earthquake hazards continue to be a serious danger to the life and safety of hundreds of thousands of Californians who live and work in them in the event of an earthquake.

(c) Improvement of safety to life is the primary goal of building reconstruction to reduce earthquake hazards.

(d) In order to make building reconstruction economically feasible for, and to provide improvement of the safety of life in, seismically hazardous buildings, building standards enacted by local government

for building reconstruction may differ from building standards which govern new building construction.

(e) "Soft story" residential buildings are a subset of multistory woodframe structures that may have inadequately braced lower stories that may not be able to resist earthquake motion.

(f) Soft story residential buildings are an important component of the state's housing stock and are in jeopardy of being lost in the event of a major earthquake.

(g) Soft story residential buildings were responsible for 7,700 of the 16,000 housing units rendered uninhabitable by the Loma Prieta earthquake and over 34,000 of the housing units rendered uninhabitable by the Northridge earthquake.

(h) During an earthquake, soft story residential buildings may create dangerous conditions as illustrated in the Northridge Meadows apartment failure that claimed the lives of 16 residents.

(i) The collapse of soft story residential buildings can ignite fires that threaten trapped occupants and neighboring buildings and complicates emergency response.

(j) The Association of Bay Area Governments (ABAG) estimates that soft story residential buildings will be responsible for 66 percent of the uninhabitable housing following an event on the Hayward fault.

(k) The failure of soft story residential buildings is estimated by ABAG to be the source of a disproportionate share of the public shelter population because they tend to be occupied by the very poor, the very old, and the very young.

(l) The Seismic Safety Commission has recommended that legislation be enacted to require state and local building code enforcement agencies to identify potentially hazardous buildings and to adopt mandatory mitigation programs that will significantly reduce unacceptable hazards in buildings by 2020.

(m) The current nationally recognized model code relating to the retrofit of existing buildings is Appendix Chapter A4 of the International Existing Building Code. However, it is not the intent of the Legislature, if other model codes relating to the retrofit of existing buildings are developed, to limit the California Building Standards Commission or a local government, pursuant to Section 19162, to adopting a particular model code.

(n) Therefore, it is the intent of the Legislature to encourage cities and counties to address the seismic safety of soft story residential buildings and encourage local governments to initiate efforts to reduce the seismic risk in vulnerable soft story residential buildings.

SEC. 2. Section 19161 of the Health and Safety Code is amended to read:

19161. (a) Each city, city and county, or county, may assess the earthquake hazard in its jurisdiction and identify buildings subject to its jurisdiction as being potentially hazardous to life in the event of an earthquake. Potentially hazardous buildings include the following:

(1) Unreinforced masonry buildings constructed prior to the adoption of local building codes requiring earthquake resistant design of buildings, are constructed of unreinforced masonry wall construction, and exhibit any of the following characteristics:

- (A) Exterior parapets or ornamentation that may fall.
- (B) Exterior walls that are not anchored to the floors or roof.
- (C) Lacks an effective system to resist seismic forces.

(2) Woodframe, multiunit residential buildings constructed before January 1, 1978, where the ground floor portion of the structure contains parking or other similar open floor space that causes soft, weak, or open-front wall lines, as provided in a nationally recognized model code relating to the retrofit of existing buildings or substantially equivalent standards.

(b) Structural evaluations made pursuant to this section shall be made by an architect as defined in Section 5500 of the Business and Professions Code, or a civil or structural engineer registered pursuant to the provisions of Chapter 7 (commencing with Section 6700) of Division 3 of the Business and Professions Code, or staff of the enforcing agency, as described in Section 17960, supervised by an architect or civil or structural engineer authorized by this subdivision to make the structural evaluations.

SEC. 3. Section 19162 of the Health and Safety Code is amended to read:

19162. (a) Notwithstanding the provisions of Section 19100 or 19150 or any other provision of law, the governing body of any city, city and county, or county may, by ordinance, establish building seismic retrofit standards applicable to the seismic retrofit of any buildings identified pursuant to paragraph (1) of subdivision (a) of Section 19161 by the city, city and county, or county as being potentially hazardous to life in the event of an earthquake.

(b) (1) Notwithstanding the provisions of Section 19100, 19150, or any other provision of law, the governing body of any city, city and county, or county may, by ordinance, establish building seismic retrofit standards applicable to the seismic retrofit of any buildings identified pursuant to paragraph (2) of subdivision (a) of Section 19161 by the city, city and county, or county as being potentially hazardous to life in the event of an earthquake. Any standards established pursuant to this section shall apply until the effective date of building standards adopted by the California Building Standards Commission relating to the retrofit

of existing buildings, if any, at which time the standards adopted by the commission as amended by the city, county, or city and county pursuant to Section 17958.5 shall apply.

(2) A local ordinance establishing building seismic retrofit standards applicable to soft story residential structures adopted before January 1, 2006, shall remain in full force and effect until the effective date of building standards adopted by the California Building Standards Commission relating to the retrofit of existing buildings unless the city, county, or city and county after January 1, 2006, adopts an ordinance pursuant to paragraph (1).

(c) Building seismic retrofit standards adopted pursuant to this section may be applied uniformly throughout the city, city and county, or county, or may be applied in specific areas designated by the city, city and county, or county.

(d) For purposes of this chapter, "seismic retrofit" means either structural strengthening or providing the means necessary to modify the seismic response that would otherwise be expected by an existing building during an earthquake, to significantly reduce hazards to life and safety while also providing for the substantial safe ingress and egress of the building occupants immediately after an earthquake.

SEC. 4. Section 19163 of the Health and Safety Code is amended to read:

19163. Any local ordinance adopted pursuant to Section 19162 shall require the following:

(a) Any seismic retrofit of any building identified pursuant to paragraph (1) of subdivision (a) of Section 19161 as being hazardous to life in the event of an earthquake shall provide for the reasonable adequacy of all of the following:

(1) Unreinforced masonry walls to resist normal and inplane seismic forces.

(2) The anchorage and stability of exterior parapets and ornamentation.

(3) The anchorage of unreinforced masonry walls to the floors and roof.

(4) Floor and roof diaphragms.

(5) The development of a complete bracing system to resist earthquake forces.

(b) Any seismic retrofit of any building identified pursuant to paragraph (2) of subdivision (a) of Section 19161 as potentially hazardous shall comply with a nationally recognized model code relating to the retrofit of existing buildings or substantially equivalent standards. If the city, county, or city and county adopts local amendments to those provisions, it shall determine that the amendments are consistent with Section 17958.5.

(c) Seismic retrofit of any building or portions of any building shall be designed to resist and withstand the seismic forces from any direction as set forth in the building seismic retrofit standards using the allowable working stresses adopted pursuant to this article.

(d) The governing board of any city, city and county, or county may establish, by ordinance, standards and procedures to fulfill the intent of paragraph (2) of subdivision (a) without regard to the remainder of the requirements specified above.

CHAPTER 526

An act to amend Section 1366.24 of, and to add Sections 1389.25 and 1389.3 to, the Health and Safety Code, to amend Section 10128.54 of,

to add Sections 10113.9 and 10113.95 to, the Insurance Code, and to amend Section 2800.2 of the Labor Code, relating to health care coverage.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares the following:

(1) Private individual health coverage is generally the only option for most individuals who do not have employment-based health coverage or who are not eligible for government-sponsored health coverage programs.

(2) Individuals seeking to purchase individual coverage face a complex marketplace. It can be difficult to assess the coverage options and products available and to obtain coverage, especially for people who are in less than perfect health. Access to individual coverage and the cost of coverage are dependent on a person's health status, age, place of residence, and other factors.

(3) The complexity of the individual health insurance market means that individuals who are seeking and trying to maintain coverage need good information about what they can expect in terms of coverage and rates.

(4) Most consumers generally do not know all of the health conditions or risk factors that carriers use in making coverage decisions for individuals. This information could help consumers make more informed choices about their health coverage.

(5) If an individual is denied coverage, or charged a rate that is higher than the standard rate, he or she has a right to know the reasons and to have the opportunity to verify, and potentially to supplement if inaccurate, any health status, health history, medical information, or any other information that may have led to the denial or higher rate.

(b) It is the intent of the Legislature to improve the information and guidance available to consumers about individual health care coverage, including those purchasing or attempting to purchase individual health care coverage.

SEC. 2. Section 1366.24 of the Health and Safety Code is amended to read:

1366.24. (a) Every health care service plan evidence of coverage, provided for group benefit plans subject to this article, that is issued, amended, or renewed on or after January 1, 1999, shall disclose to covered employees of group benefit plans subject to this article the ability to continue coverage pursuant to this article, as required by this section.

(b) This disclosure shall state that all enrollees who are eligible to be qualified beneficiaries, as defined in subdivision (c) of Section 1366.21, shall be required, as a condition of receiving benefits pursuant to this article, to notify, in writing, the health care service plan, or the employer if the employer contracts to perform the administrative services as provided for in Section 1366.25, of all qualifying events as specified in paragraphs (1), (3), (4), and (5) of subdivision (d) of Section 1366.21 within 60 days of the date of the qualifying event. This disclosure shall inform enrollees that failure to make the notification to the health care service plan, or to the employer when under contract to provide the administrative services, within the required 60 days will disqualify the qualified beneficiary from receiving continuation coverage pursuant to this article. The disclosure shall further state that a qualified beneficiary who wishes to continue coverage under the group benefit plan pursuant to this article must request the continuation in writing and deliver the written request, by first-class mail, or other reliable means of delivery, including personal delivery, express mail, or private courier company, to the health care service plan, or to the employer if the plan has contracted with the employer for administrative services pursuant to subdivision (d) of Section 1366.25, within the 60-day period following the later of (1) the date that the enrollee's coverage under the group benefit plan terminated or will terminate by reason of a qualifying event, or (2) the date the enrollee was sent notice pursuant to subdivision (e) of Section 1366.25 of the ability to continue coverage under the group benefit plan. The disclosure required by this section shall also state that a qualified beneficiary electing continuation shall pay to the health care service plan, in accordance with the terms and conditions of the plan contract, which shall be set forth in the notice to the qualified beneficiary pursuant to subdivision (d) of Section 1366.25, the amount of the required premium payment, as set forth in Section 1366.26. The disclosure shall further require that the qualified beneficiary's first premium payment required to establish premium payment be delivered by first-class mail, certified mail, or other reliable means of delivery, including personal delivery, express mail, or private courier company, to the health care service plan, or to the employer if the employer has contracted with the plan to perform the administrative services pursuant to subdivision (d) of Section 1366.25, within 45 days of the date the qualified beneficiary provided written notice to the health care service plan or the employer, if the employer has contracted to perform the administrative services, of the election to continue coverage in order for coverage to be continued under this article. This disclosure shall also state that the first premium payment must equal an amount sufficient to pay any required premiums and all premiums due, and that failure to submit the correct premium

amount within the 45-day period will disqualify the qualified beneficiary from receiving continuation coverage pursuant to this article.

(c) The disclosure required by this section shall also describe separately how qualified beneficiaries whose continuation coverage terminates under a prior group benefit plan pursuant to subdivision (b) of Section 1366.27 may continue their coverage for the balance of the period that the qualified beneficiary would have remained covered under the prior group benefit plan, including the requirements for election and payment. The disclosure shall clearly state that continuation coverage shall terminate if the qualified beneficiary fails to comply with the requirements pertaining to enrollment in, and payment of premiums to, the new group benefit plan within 30 days of receiving notice of the termination of the prior group benefit plan.

(d) Prior to August 1, 1998, every health care service plan shall provide to all covered employees of employers subject to this article a written notice containing the disclosures required by this section, or shall provide to all covered employees of employers subject to this section a new or amended evidence of coverage that includes the disclosures required by this section. Any specialized health care service plan that, in the ordinary course of business, maintains only the addresses of employer group purchasers of benefits and does not maintain addresses of covered employees, may comply with the notice requirements of this section through the provision of the notices to its employer group purchasers of benefits.

(e) Every plan disclosure form issued, amended, or renewed on and after January 1, 1999, for a group benefit plan subject to this article shall provide a notice that, under state law, an enrollee may be entitled to continuation of group coverage and that additional information regarding eligibility for this coverage may be found in the plan's evidence of coverage.

(f) Every disclosure issued, amended, or renewed on and after July 1, 2006, for a group benefit plan subject to this article shall include the following notice:

"Please examine your options carefully before declining this coverage. You should be aware that companies selling individual health insurance typically require a review of your medical history that could result in a higher premium or you could be denied coverage entirely."

SEC. 3. Section 1389.25 is added to the Health and Safety Code, to read:

1389.25. (a) (1) This section shall apply only to a full service health care service plan offering health coverage in the individual market in California and shall not apply to a specialized health care service plan, a health care service plan contract in the Medi-Cal program (Chapter 7

(commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code), a health care service plan conversion contract offered pursuant to Section 1373.6, a health care service plan contract in the Healthy Families Program (Part 6.2 (commencing with Section 12693) of Division 2 of the Insurance Code), or a health care service plan contract offered to a federally eligible defined individual under Article 4.6 (commencing with Section 1366.35).

(2) A local initiative, as defined in subdivision (v) of Section 53810 of Title 22 of the California Code of Regulations, that is awarded a contract by the State Department of Health Services pursuant to subdivision (b) of Section 53800 of Title 22 of the California Code of Regulations, shall not be subject to this section unless the plan offers coverage in the individual market to persons not covered by Medi-Cal or the Healthy Families Program.

(b) (1) A health care service plan that declines to offer coverage or denies enrollment for an individual or his or her dependents applying for individual coverage or that offers individual coverage at a rate that is higher than the standard rate, shall provide the individual applicant with the specific reason or reasons for the decision in writing at the time of the denial or offer of coverage.

(2) No change in the premium rate or coverage for an individual plan contract shall become effective unless the plan has delivered a written notice of the change at least 30 days prior to the effective date of the contract renewal or the date on which the rate or coverage changes. A notice of an increase in the premium rate shall include the reasons for the rate increase.

(3) The written notice required pursuant to paragraph (2) shall be delivered to the individual contractholder at his or her last address known to the plan, at least 30 days prior to the effective date of the change. The notice shall state in italics either the actual dollar amount of the premium rate increase or the specific percentage by which the current premium will be increased. The notice shall describe in plain, understandable English any changes in the plan design or any changes in benefits, including a reduction in benefits or changes to waivers, exclusions, or conditions, and highlight this information by printing it in italics. The notice shall specify in a minimum of 10-point bold typeface, the reason for a premium rate change or a change to the plan design or benefits.

(4) If a plan rejects an applicant or the dependents of an applicant for coverage or offers individual coverage at a rate that is higher than the standard rate, the plan shall inform the applicant about the state's high-risk health insurance pool, the California Major Risk Medical Insurance Program (Part 6.5 (commencing with Section 12700) of Division 2 of the Insurance Code). The information provided to the

applicant by the plan shall specifically include the program's toll-free telephone number and its Internet Web site address. The requirement to notify applicants of the availability of the California Major Risk Medical Insurance Program shall not apply when a health plan rejects an applicant for Medicare supplement coverage.

(c) A notice provided pursuant to this section is a private and confidential communication and at the time of application, the plan shall give the individual applicant the opportunity to designate the address for receipt of the written notice in order to protect the confidentiality of any personal or privileged information.

SEC. 4. Section 1389.3 is added to the Health and Safety Code, to read:

1389.3. (a) A full service health care service plan that markets and sells individual health plan contracts shall be subject to this section.

(b) A health care service plan subject to this section shall have written policies, procedures, or underwriting guidelines establishing the criteria and process whereby the plan makes its decision to provide or to deny coverage to individuals applying for coverage and sets the rate for that coverage. These guidelines, policies, or procedures shall assure that the plan rating and underwriting criteria comply with Sections 1365.5 and 1389.1 and all other applicable provisions of state and federal law.

(c) On or before June 1, 2006, and annually thereafter, every health care service plan shall file with the department a general description of the criteria, policies, procedures, or guidelines the plan uses for rating and underwriting decisions related to individual health plan contracts, which means automatic declinable health conditions, health conditions that may lead to a coverage decline, height and weight standards, health history, health care utilization, lifestyle, or behavior that might result in a decline for coverage or severely limit the plan products for which they would be eligible. A plan may comply with this section by submitting to the department underwriting materials or resource guides provided to plan solicitors or solicitor firms, provided that those materials include the information required to be submitted by this section.

(d) Commencing September 1, 2006, the director shall post on the department's Web site, in a manner accessible and understandable to consumers, general, noncompany specific information about rating and underwriting criteria and practices in the individual market and information about the Major Risk Medical Insurance Program. The director shall develop the information for the Web site in consultation with the Department of Insurance to enhance the consistency of information provided to consumers. Information about individual health coverage shall also include the following notification:

“Please examine your options carefully before declining group coverage or continuation coverage, such as COBRA, that may be available to you. You should be aware that companies selling individual health insurance typically require a review of your medical history that could result in a higher premium or you could be denied coverage entirely.”

(e) Nothing in this section shall authorize public disclosure of company-specific rating and underwriting criteria and practices submitted to the director.

SEC. 5. Section 10113.9 is added to the Insurance Code, to read:

10113.9. (a) This section shall not apply to short-term limited duration health insurance, vision-only, dental-only, or Champus-supplement insurance, or to hospital indemnity, hospital-only, accident-only, or specified disease insurance that does not pay benefits on a fixed benefit, cash payment only basis.

(b) No change in the premium rate or coverage for an individual health insurance policy shall become effective unless the insurer has delivered a written notice of the change at least 30 days prior to the effective date of the contract renewal or the date on which the rate or coverage changes. A notice of an increase in the premium rate shall include the reasons for the rate increase.

(c) The written notice required pursuant to subdivision (b) shall be delivered to the individual policyholder at his or her last address known to the insurer, at least 30 days prior to the effective date of the change. The notice shall state in italics either the actual dollar amount of the premium increase or the specific percentage by which the current premium will be increased. The notice shall describe in plain, understandable English any changes in the policy or any changes in benefits, including a reduction in benefits or changes to waivers, exclusions, or conditions, and highlight this information by printing it in italics. The notice shall specify in a minimum of 10-point bold typeface, the reason for a premium rate change or a change in coverage or benefits.

(d) If an insurer rejects an applicant or the dependents of an applicant for coverage or offers individual coverage at a rate that is higher than the standard rate, the insurer shall inform the applicant about the state's high-risk health insurance pool, the California Major Risk Medical Insurance Program (Part 6.5 (commencing with Section 12700)). The information provided to the applicant by the insurer shall specifically include the program's toll-free telephone number and its Internet Web site address. The requirement to notify applicants of the availability of the California Major Risk Medical Insurance Program shall not apply

when a health plan rejects an applicant for Medicare supplement coverage.

SEC. 6. Section 10113.95 is added to the Insurance Code, to read:

10113.95. (a) A health insurer that markets and sells individual health insurance policies shall be subject to this section.

(b) An insurer subject to this section shall have written policies, procedures, or underwriting guidelines establishing the criteria and process whereby the insurer makes its decision to provide or to deny coverage to individuals applying for coverage and sets the rate for that coverage. These guidelines, policies, or procedures shall assure that the plan rating and underwriting criteria comply with Sections 10140 and 10291.5 and all other applicable provisions.

(c) On or before June 1, 2006, and annually thereafter, every insurer shall file with the commissioner a general description of the criteria, policies, procedures, or guidelines that the insurer uses for rating and underwriting decisions related to individual health insurance policies, which means automatic declinable health conditions, health conditions that may lead to a coverage decline, height and weight standards, health history, health care utilization, lifestyle, or behavior that might result in a decline for coverage or severely limit the health insurance products for which they would be eligible. An insurer may comply with this section by submitting to the department underwriting materials or resource guides provided to agents and brokers, provided that those materials include the information required to be submitted by this section.

(d) Commencing September 1, 2006, the commissioner shall post on the department's Web site, in a manner accessible and understandable to consumers, general, noncompany specific information about rating and underwriting criteria and practices in the individual market and information about the Major Risk Medical Insurance Program. The commissioner shall develop the information for the Web site in consultation with the Department of Managed Health Care to enhance the consistency of information provided to consumers. Information about individual health insurance shall also include the following notification:

"Please examine your options carefully before declining group coverage or continuation coverage, such as COBRA, that may be available to you. You should be aware that companies selling individual health insurance typically require a review of your medical history that could result in a higher premium or you could be denied coverage entirely."

(e) Nothing in this section shall authorize public disclosure of company-specific rating and underwriting criteria and practices submitted to the commissioner.

SEC. 7. Section 10128.54 of the Insurance Code is amended to read:

10128.54. (a) Every insurer's evidence of coverage for group benefit plans subject to this article, that is issued, amended, or renewed on or after January 1, 1999, shall disclose to covered employees of group benefit plans subject to this article the ability to continue coverage pursuant to this article, as required by this section.

(b) This disclosure shall state that all insureds who are eligible to be qualified beneficiaries, as defined in subdivision (c) of Section 10128.51, shall be required, as a condition of receiving benefits pursuant to this article, to notify, in writing, the insurer, or the employer if the employer contracts to perform the administrative services as provided for in Section 10128.55, of all qualifying events as specified in paragraphs (1), (3), (4), and (5) of subdivision (d) of Section 10128.51 within 60 days of the date of the qualifying event. This disclosure shall inform insureds that failure to make the notification to the insurer, or to the employer when under contract to provide the administrative services, within the required 60 days will disqualify the qualified beneficiary from receiving continuation coverage pursuant to this article. The disclosure shall further state that a qualified beneficiary who wishes to continue coverage under the group benefit plan pursuant to this article must request the continuation in writing and deliver the written request, by first-class mail, or other reliable means of delivery, including personal delivery, express mail, or private courier company, to the disability insurer, or to the employer if the plan has contracted with the employer for administrative services pursuant to subdivision (d) of Section 10128.55, within the 60-day period following the later of (1) the date that the insured's coverage under the group benefit plan terminated or will terminate by reason of a qualifying event, or (2) the date the insured was sent notice pursuant to subdivision (e) of Section 10128.55 of the ability to continue coverage under the group benefit plan. The disclosure required by this section shall also state that a qualified beneficiary electing continuation shall pay to the disability insurer, in accordance with the terms and conditions of the policy or contract, which shall be set forth in the notice to the qualified beneficiary pursuant to subdivision (d) of Section 10128.55, the amount of the required premium payment, as set forth in Section 10128.56. The disclosure shall further require that the qualified beneficiary's first premium payment required to establish premium payment be delivered by first-class mail, certified mail, or other reliable means of delivery, including personal delivery, express mail, or private courier company, to the disability insurer, or to the employer if the employer has contracted with the insurer to perform the administrative services pursuant to subdivision (d) of Section 10128.55, within 45 days of the date the qualified beneficiary provided written notice to the insurer or the employer, if the employer has contracted to perform the

administrative services, of the election to continue coverage in order for coverage to be continued under this article. This disclosure shall also state that the first premium payment must equal an amount sufficient to pay all required premiums and all premiums due, and that failure to submit the correct premium amount within the 45-day period will disqualify the qualified beneficiary from receiving continuation coverage pursuant to this article.

(c) The disclosure required by this section shall also describe separately how qualified beneficiaries whose continuation coverage terminates under a prior group benefit plan pursuant to Section 10128.57 may continue their coverage for the balance of the period that the qualified beneficiary would have remained covered under the prior group benefit plan, including the requirements for election and payment. The disclosure shall clearly state that continuation coverage shall terminate if the qualified beneficiary fails to comply with the requirements pertaining to enrollment in, and payment of premiums to, the new group benefit plan within 30 days of receiving notice of the termination of the prior group benefit plan.

(d) Prior to August 1, 1998, every insurer shall provide to all covered employees of employers subject to this article written notice containing the disclosures required by this section, or shall provide to all covered employees of employers subject to this article a new or amended evidence of coverage that includes the disclosures required by this section. Any insurer that, in the ordinary course of business, maintains only the addresses of employer group purchasers of benefits, and does not maintain addresses of covered employees, may comply with the notice requirements of this section through the provision of the notices to its employer group purchases of benefits.

(e) Every disclosure form issued, amended, or renewed on and after January 1, 1999, for a group benefit plan subject to this article shall provide a notice that, under state law, an insured may be entitled to continuation of group coverage and that additional information regarding eligibility for this coverage may be found in the evidence of coverage.

(f) Every disclosure form issued, amended, or renewed on and after July 1, 2006, for a group benefit plan subject to this article shall include the following notice:

“Please examine your options carefully before declining this coverage. You should be aware that companies selling individual health insurance typically require a review of your medical history that could result in a higher premium or you could be denied coverage entirely.”

SEC. 8. Section 2800.2 of the Labor Code is amended to read:

2800.2. (a) Any employer, employee association, or other entity otherwise providing hospital, surgical, or major medical benefits to its

employees or members is solely responsible for notification of its employees or members of the conversion coverage made available pursuant to Part 6.1 (commencing with Section 12670) of Division 2 of the Insurance Code or Section 1373.6 of the Health and Safety Code.

(b) Any employer, employee association, or other entity, whether private or public, that provides hospital, medical, or surgical expense coverage that a former employee may continue under Section 4980B of Title 26 of the United States Code, Section 1161 et seq. of Title 29 of the United States Code, or Section 300bb of Title 42 of the United States Code, as added by the Consolidated Omnibus Budget Reconciliation Act of 1985 (Public Law 99-272), and as may be later amended (hereafter "COBRA"), shall, in conjunction with the notification required by COBRA that COBRA continuation coverage will cease and conversion coverage is available, and as a part of the notification required by subdivision (a), also notify the former employee, spouse, or former spouse of the availability of the continuation coverage under Section 1373.621 of the Health and Safety Code, and Sections 10116.5 and 11512.03 of the Insurance Code.

(c) On or after July 1, 2006, notification provided to employees, members, former employees, spouses, or former spouses under subdivisions (a) and (b) shall also include the following notification:

"Please examine your options carefully before declining this coverage. You should be aware that companies selling individual health insurance typically require a review of your medical history that could result in a higher premium or you could be denied coverage entirely."

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 528

An act to add Section 19991.13 to the Government Code, relating to public employment.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 19991.13 is added to the Government Code, to read:

19991.13. (a) At the discretion of the appointing power, excluded employees as defined in subdivision (b) of Section 3527, may transfer eligible leave credits to an excluded employee when a catastrophic illness or injury occurs.

(b) For the purposes of this section, the following terms are defined as follows:

(1) Catastrophic illness or injury means an illness or injury that is expected to incapacitate the employee and that creates a financial hardship because the employee has exhausted all of his or her sick leave and other paid time off. Catastrophic illness or injury may also include an incapacitated family member if this results in the employee being required to take time off from work for an extended period of time to

care for the family member and the employee has exhausted all of his or her sick leave and other paid time off.

(2) Eligible leave credits include annual leave, vacation, compensating time off (CTO), and holiday leave credits, but do not include sick leave.

(c) Eligible leave credits may be donated for a catastrophic illness or injury if all of the following requirements are met:

(1) Upon the request of an employee.

(2) Upon determination by the department director that the employee in the department is unable to work due to the employee's or family member's catastrophic illness or injury.

(3) The employee has exhausted all paid leave credit.

(d) If catastrophic leave is approved by the department's director or his or her designee, any excluded employee, upon written notice, may donate eligible leave credits with a minimum donation of one hour. Donations thereafter must be in whole hour increments. Donations will be reflected as an hour-for-hour deduction from the leave balance of the donating employee. When transferring eligible leave credits, the state agency should ensure that only credits that may be needed are transferred. An excluded employee may donate eligible leave credits to a represented employee and may be the recipient of eligible leave credits donated by a represented employee.

(e) In order to receive donated leave credits, an excluded employee must provide appropriate verification of illness or injury as determined by the state agency. An excluded employee eligible for this program shall have any time that is donated credited to his or her account in one-hour increments. Donated credits shall be reflected as an hour-for-hour addition to the vacation or annual leave balance of the receiving employee. Use of donated credits may not exceed a maximum of 12 continuous months for any one catastrophic illness. The total amount of leave credits donated may not exceed an amount sufficient to ensure the continuance of regular compensation. All transfers of leave credits are irrevocable. An excluded employee who receives time through this program shall use any leave credits he or she continues to accrue on a monthly basis prior to receiving time from this program.

CHAPTER 529

An act to amend Sections 12015.3, 12015.5, 12240, and 12246 of, to repeal Section 12028 of, and to add and repeal Chapter 13.5 (commencing with Section 13350) of Division 5 of, the Business and Professions Code, relating to weights and measures.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 12015.3 of the Business and Professions Code is amended to read:

12015.3. (a) The sealer may levy a civil penalty against a person violating any provision of this division or a regulation adopted pursuant to any of these provisions, of not more than one thousand dollars (\$1,000) for each violation. It is a complete defense to a criminal prosecution for a violation of any provision of this division or a regulation adopted pursuant to any provision of this division that the defendant has been assessed and has paid a civil penalty under this section for the same act or acts constituting the violation. Any civil penalty under this section shall be cumulative to civil remedies or penalties imposed under any other law.

(b) Before a civil penalty is levied, the person charged with the violation shall be given a written notice of the proposed action including the nature of the violation and the amount of the proposed penalty, and shall have the right to request a hearing. The request shall be made within 20 days after receiving notice of the proposed action. A notice of the proposed action that is sent by certified mail to the last known address of the person charged shall be considered received even if delivery is refused or the notice is not accepted at that address. If a hearing is requested, notice of the time and place of the hearing shall be given at least 10 days before the date set for the hearing. At the hearing, the person shall be given an opportunity to review the sealer's evidence and to present evidence on his or her own behalf. If a hearing is not timely requested, the sealer may take the action proposed without a hearing.

(c) If the person upon whom the sealer levied a civil penalty requested and appeared at a hearing, the person may appeal the sealer's decision to the secretary within 30 days of the date of receiving a copy of the sealer's decision. The following procedures apply to the appeal:

(1) The appeal shall be in writing and signed by the appellant or his or her authorized agent, state the grounds for the appeal, and include a copy of the sealer's decision. The appellant shall file a copy of the appeal with the sealer at the same time it is filed with the secretary.

(2) The appellant and the sealer may, at the time of filing the appeal or within 10 days thereafter or at a later time prescribed by the secretary, present the record of the hearing including written evidence that was submitted at the hearing and a written argument to the secretary stating grounds for affirming, modifying, or reversing the sealer's decision.

(3) The secretary may grant oral arguments upon application made at the time written arguments are filed.

(4) If an application to present an oral argument is granted, written notice of the time and place for the oral argument shall be given at least 10 days before the date set therefor. The times may be altered by mutual agreement of the appellant, the sealer, and the secretary.

(5) The secretary shall decide the appeal on the record of the hearing, including the written evidence and the written argument described in paragraph (2), that he or she has received. If the secretary finds substantial evidence in the record to support the sealer's decision, the secretary shall affirm the decision.

Judgment shall be entered immediately by the clerk in conformity with the decision or order. SEC. 6. Chapter 13.5 (commencing with Section 13350) is added to Division 5 of the Business and Professions Code, to read:

CHAPTER 13.5. POINT-OF-SALE SYSTEM PRICE ACCURACY VERIFICATION METHODOLOGIES

13350. (a) The board of supervisors of any county or city and county that has adopted or that adopts an ordinance for the purposes of determining the pricing accuracy of a retail establishment using a point-of-sale (POS) system, shall base the initial standard inspection of the POS system on the following criteria:

(1) The initial standard inspection shall be performed by collecting a random sample of items that shall include a maximum of 50 percent sale items from either:

- (i) One department of a retail store.
- (ii) Multiple areas of a retail store.
- (iii) The entire store.

(2) The initial standard inspection shall be performed by testing a minimum random sample of 25 items for a retail establishment with three or fewer POS checkout registers.

(3) The initial standard inspection shall be performed by testing a minimum random sample of 50 items for all other retail establishments.

(4) The sealer shall verify that the lowest advertised, posted, marked, displayed, or quoted price is the same as the price displayed or computed by the point-of-sale equipment or printed receipt. Only items computed at a higher price than the lowest advertised, posted, marked, displayed, or quoted price shall be considered not in compliance.

(5) The compliance rate percentage of a retail establishment shall be determined by dividing the number of items in compliance by the sample size multiplied by 100.

(b) Enforcement action may be taken for any item not in compliance.

(c) The sealer may reinspect any retail facility that has a compliance rate of less than 98 percent.

(d) The board of supervisors, by ordinance, may charge a point-of-sale system inspection fee or an annual registration fee, not to exceed the county's total cost of inspecting or testing the accuracy of prices accessed or generated by the system pursuant to this section.

(e) The board of supervisors, by ordinance, may charge a reinspection fee for reinspections of a retail establishment that fails a standard inspection, not to exceed the county's total cost of reinspecting or testing the accuracy of prices accessed or generated by the system pursuant to this section.

13351. For purposes of this chapter, "random sample" of items means that the selection process shall be modeled after the National Institute of Standards and Technology Handbook 130, 2005 Edition (HB 130) – Examination Procedures for Price Verification, randomized sample collection; stratified sample collection.

13352. For purposes of this chapter, "point-of-sale" system means any system used by a retail establishment such as, but not limited to, Universal Product Code (UPC) scanners, price-look-up codes, or an electronic price look-up system as a means for determining the price of the item being purchased by a consumer.

13353. For the purposes of this chapter, "sale items" include any item that is represented or advertised to be lower in price from that which the item is normally offered for sale. A "sale item" includes but is not limited to, an item that is represented as "promotional," "limited time offer," a "manager special," "discount taken at register," or displayed with any other advertisements that offers or suggests a reduced price.

13354. For purposes of this chapter, "area" means an "entire store," a "department," "grouping of shelves or displays," or other "section" of

a store as defined by the sealer from which samples are selected for verification. "Nonpublic" areas of a store, such as the area in a pharmacy in which controlled drugs are kept or product storage rooms, shall not be included.

13355. For the purposes of this chapter, "initial standard inspection" means an inspection made at the customary time interval used by an enforcement agency.

13356. All other inspections of the point-of-sale system are considered "special inspections," including, but not limited to, inspections pertaining to investigations, consumer complaints, complaints from competing businesses or a reinspection of a retail establishment at which one or more price accuracy violations have occurred within the previous three months.

13357. This chapter shall remain in effect only until January 1, 2009, and as of that date is repealed, unless a later enacted statute that is enacted before January 1, 2009, deletes or extends that date.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 531

An act to amend Section 4970 of the Financial Code, and to amend Section 27388 of the Government Code, relating to loans.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 4970 of the Financial Code is amended to read: 4970. For purposes of this division:

(a) "Annual percentage rate" means the annual percentage rate for the loan calculated according to the provisions of the federal Truth in Lending Act and the regulations adopted thereunder by the Federal Reserve Board.

(b) "Covered loan" means a consumer loan in which the original principal balance of the loan does not exceed the most current conforming loan limit for a single-family first mortgage loan established by the Federal National Mortgage Association in the case of a mortgage or deed of trust, and where one of the following conditions are met:

(1) For a mortgage or deed of trust, the annual percentage rate at consummation of the transaction will exceed by more than eight

percentage points the yield on Treasury securities having comparable periods of maturity on the 15th day of the month immediately preceding the month in which the application for the extension of credit is received by the creditor.

(2) The total points and fees payable by the consumer at or before closing for a mortgage or deed of trust will exceed 6 percent of the total loan amount.

(c) "Points and fees" shall include the following:

(1) All items required to be disclosed as finance charges under Sections 226.4(a) and 226.4(b) of Title 12 of the Code of Federal Regulations, including the Official Staff Commentary, as amended from time to time, except interest.

(2) All compensation and fees paid to mortgage brokers in connection with the loan transaction.

(3) All items listed in Section 226.4(c)(7) of Title 12 of the Code of Federal Regulations, only if the person originating the covered loan receives direct compensation in connection with the charge.

(d) "Consumer loan" means a consumer credit transaction that is secured by real property located in this state used, or intended to be used or occupied, as the principal dwelling of the consumer that is improved by a one-to-four residential unit. "Consumer loan" does not include a reverse mortgage, an open line of credit as defined in Part 226 of Title 12 of the Code of Federal Regulations (Regulation Z), or a consumer credit transaction that is secured by rental property or second homes. "Consumer loan" does not include a bridge loan. For purposes of this division, a bridge loan is any temporary loan, having a maturity of one year or less, for the purpose of acquisition or construction of a dwelling intended to become the consumer's principal dwelling.

(e) "Original principal balance" means the total initial amount the consumer is obligated to repay on the loan.

organized under the Banking Law (Division 1 (commencing with Section 99)), a savings association organized under the Savings Association Law (Division 2 (commencing with Section 5000)), and a credit union organized under the California Credit Union Law (Division 5 (commencing with Section 14000)). Nothing in this division shall be construed to prevent any enforcement by a governmental entity against any person who originates a loan and who is exempt or excluded from licensure by all of the licensing agencies, based on a violation of any provision of this division. Nothing in this division shall be construed to prevent the Department of Real Estate from enforcing this division against a licensed salesperson employed by a licensed real estate broker as if that salesperson were a licensed person under this division. A licensed person includes any person engaged in the practice of consumer lending, as defined in this division, for which a license is required under any other provision of law, but whose license is invalid, suspended or revoked, or where no license has been obtained.

(h) "Originate" means to arrange, negotiate, or make a consumer loan.

(i) "Servicer" has the same meaning provided in Section 6 (i)(2) of the Real Estate Settlement Procedures Act of 1974.

SEC. 2. Section 27388 of the Government Code is amended to read:

27388. (a) In addition to any other recording fees specified in this code, upon the adoption of a resolution by the county board of supervisors, a fee of up to two dollars (\$2) shall be paid at the time of recording of every real estate instrument, paper, or notice required or permitted by law to be recorded within that county, except those expressly exempted from payment of recording fees. "Real estate instrument" is defined for the purpose of this section as a deed of trust, an assignment of deed of trust, a reconveyance, a request for notice, and a notice of default. "Real estate instrument" does not include any deed, instrument, or writing subject to the imposition of a documentary transfer tax as defined in Section 11911 of the Revenue and Taxation Code, nor any document required to facilitate the transfer subject to the documentary transfer tax. The fees, after deduction of any actual and necessary administrative costs incurred by the county in carrying out this section, shall be paid quarterly to the county auditor or director of finance, to be placed in the Real Estate Fraud Prosecution Trust Fund. The amount deducted for administrative costs shall not exceed 10 percent of the fees paid pursuant to this section.

(b) Money placed in the Real Estate Fraud Prosecution Trust Fund shall be expended to fund programs to enhance the capacity of local police and prosecutors to deter, investigate, and prosecute real estate fraud crimes. After deduction of the actual and necessary administrative costs referred to in subdivision (a), 60 percent of the funds shall be

distributed to district attorneys subject to review pursuant to subdivision (d), and 40 percent of the funds shall be distributed to local law enforcement agencies within the county in accordance with subdivision (c). In those counties where the investigation of real estate fraud is done exclusively by the district attorney, after deduction of the actual and necessary administrative costs referred to in subdivision (a), 100 percent of the funds shall be distributed to the district attorney, subject to review pursuant to subdivision (d). The funds so distributed shall be expended for the exclusive purpose of deterring, investigating, and prosecuting real estate fraud crimes.

(c) The county auditor or director of finance shall distribute funds in the Real Estate Fraud Prosecution Trust Fund to eligible law enforcement agencies within the county pursuant to subdivision (b), as determined by a Real Estate Fraud Prosecution Trust Fund Committee composed of the district attorney, the county chief administrative officer, the chief officer responsible for consumer protection within the county, and the chief law enforcement officer of one law enforcement agency receiving funding from the Real Estate Fraud Prosecution Trust Fund, the latter being selected by a majority of the other three members of the committee. The chief law enforcement officer shall be a nonvoting member of the committee and shall serve a one-year term, which may be renewed. Members may appoint representatives of their offices to serve on the committee. If a county lacks a chief officer responsible for consumer protection, the county board of supervisors may appoint an appropriate representative to serve on the committee. The committee shall establish and publish deadlines and written procedures for local law enforcement agencies within the county to apply for the use of funds and shall review applications and make determinations by majority vote as to the award of funds using the following criteria:

(1) Each law enforcement agency that seeks funds shall submit a written application to the committee setting forth in detail the agency's proposed use of the funds.

(2) In order to qualify for receipt of funds, each law enforcement agency submitting an application shall provide written evidence that the agency either:

(A) Has a unit, division, or section devoted to the investigation or prosecution of real estate fraud, or both, and the unit, division, or section has been in existence for at least one year prior to the application date.

(B) Has on a regular basis, during the three years immediately preceding the application date, accepted for investigation or prosecution, or both, and assigned to specific persons employed by the agency, cases of suspected real estate fraud, and actively investigated and prosecuted those cases.

(3) The committee's determination to award funds to a law enforcement agency shall be based on, but not be limited to, (A) the number of real estate fraud cases filed in the prior year; (B) the number of real estate fraud cases investigated in the prior year; (C) the number of victims involved in the cases filed; and (D) the total aggregated monetary loss suffered by victims, including individuals, associations, institutions, or corporations, as a result of the real estate fraud cases filed, and those under active investigation by that law enforcement agency.

(4) Each law enforcement agency that, pursuant to this section, has been awarded funds in the previous year, upon reapplication for funds to the committee in each successive year, in addition to any information the committee may require in paragraph (3), shall be required to submit a detailed accounting of funds received and expended in the prior year. The accounting shall include (A) the amount of funds received and expended; (B) the uses to which those funds were put, including payment of salaries and expenses, purchase of equipment and supplies, and other expenditures by type; (C) the number of filed complaints, investigations, arrests, and convictions that resulted from the expenditure of the funds; and (D) other relevant information the committee may reasonably require.

(d) The county board of supervisors shall annually review the effectiveness of the district attorney in deterring, investigating, and prosecuting real estate fraud crimes based upon information provided by the district attorney in an annual report submitted to the board and to the Legislative Analyst's Office, which shall compile the results and report to the Legislature, detailing both:

(1) Facts, based upon, but not limited to, (A) the number of real estate fraud cases filed in the prior year; (B) the number of real estate fraud cases investigated in the prior year; (C) the number of victims involved in the cases filed; (D) the number of convictions obtained in the prior year; and (E) the total aggregated monetary loss suffered by victims, including individuals, associations, institutions, corporations, and other relevant public entities, according to the number of cases filed, investigations, prosecutions, and convictions obtained.

(2) An accounting of funds received and expended in the prior year, which shall include (A) the amount of funds received and expended; (B) the uses to which those funds were put, including payment of salaries and expenses, purchase of equipment and supplies, and other expenditures by type; (C) the number of filed complaints, investigations, prosecutions, and convictions that resulted from the expenditure of funds; and (D) other relevant information provided at the discretion of the district attorney.

(e) The intent of the Legislature in enacting this section is to have an impact on real estate fraud involving the largest number of victims. To the extent possible, an emphasis should be placed on fraud against individuals whose residences are in danger of, or are in, foreclosure as defined under subdivision (b) of Section 1695.1 of the Civil Code. Case filing decisions continue to be in the discretion of the prosecutor.

(f) A district attorney's office or a local enforcement agency that has undertaken investigations and prosecutions that will continue into a subsequent program year may receive nonexpended funds from the previous fiscal year subsequent to the annual submission of information detailing the accounting of funds received and expended in the prior year.

(g) No money collected pursuant to this section shall be expended to offset a reduction in any other source of funds. Funds from the Real Estate Fraud Prosecution Trust Fund shall be used only in connection with criminal investigations or prosecutions involving recorded real estate documents.

CHAPTER 532

An act to amend Sections 1339.56 and 1339.59 of, to add Section 1339.585 to, and to repeal Section 1339.57 of, the Health and Safety Code, relating to the Payers' Bill of Rights.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1339.56 of the Health and Safety Code is amended to read:

1339.56. (a) Each hospital shall compile a list of 25 common outpatient procedures and shall submit annually to the office a list of its average charges for those procedures, in a method determined by the office. The office may develop a uniform reporting form for the purposes of this subdivision and may require hospitals to file this completed form with the office. The office shall publish this information on its Internet Web site.

(b) The office shall establish a list of the 25 most commonly performed inpatient procedures in California hospitals, as grouped by Medicare diagnostic-related group. The office shall develop a list of each hospital's average charges for those procedures, if applicable, and shall update the

list at least annually. The office shall publish this information on its Internet Web site.

(c) Each hospital shall provide a copy of the lists described in subdivisions (a) and (b) to any person upon request.

SEC. 2. Section 1339.57 of the Health and Safety Code is repealed.

SEC. 3. Section 1339.585 is added to the Health and Safety Code, to read:

1339.585. Upon the request of a person without health coverage, a hospital shall provide the person with a written estimate of the amount the hospital will require the person to pay for the health care services, procedures, and supplies that are reasonably expected to be provided to the person by the hospital, based upon an average length of stay and services provided for the person's diagnosis. The hospital may provide this estimate during normal business office hours. In addition to the estimate, the hospital shall provide information about its financial assistance and charity care policies and contact information for a hospital employee or office from which the person may obtain further information about these policies. If requested, the hospital shall also provide the person with an application form for financial assistance or charity care. This section shall not apply to emergency services provided to a person pursuant to Section 1317.

SEC. 4. Section 1339.59 of the Health and Safety Code is amended to read:

(b) A hospital that does not file with the office the information required by this article may be liable for civil penalties as specified in Section 128770.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 535

An act to amend Section 425.16 of, and to add Section 425.18 to, the Code of Civil Procedure, relating to civil actions, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 425.16 of the Code of Civil Procedure is amended to read:

425.16. (a) The Legislature finds and declares that there has been a disturbing increase in lawsuits brought primarily to chill the valid exercise of the constitutional rights of freedom of speech and petition for the redress of grievances. The Legislature finds and declares that it is in the public interest to encourage continued participation in matters of public significance, and that this participation should not be chilled through abuse of the judicial process. To this end, this section shall be construed broadly.

(b) (1) A cause of action against a person arising from any act of that person in furtherance of the person's right of petition or free speech under the United States or California Constitution in connection with a public issue shall be subject to a special motion to strike, unless the court determines that the plaintiff has established that there is a probability that the plaintiff will prevail on the claim.

(2) In making its determination, the court shall consider the pleadings, and supporting and opposing affidavits stating the facts upon which the liability or defense is based.

(3) If the court determines that the plaintiff has established a probability that he or she will prevail on the claim, neither that determination nor the fact of that determination shall be admissible in evidence at any later stage of the case, or in any subsequent action, and no burden of proof or degree of proof otherwise applicable shall be affected by that determination in any later stage of the case or in any subsequent proceeding.

(c) In any action subject to subdivision (b), a prevailing defendant on a special motion to strike shall be entitled to recover his or her attorney's fees and costs. If the court finds that a special motion to strike is frivolous or is solely intended to cause unnecessary delay, the court shall award costs and reasonable attorney's fees to a plaintiff prevailing on the motion, pursuant to Section 128.5.

(d) This section shall not apply to any enforcement action brought in the name of the people of the State of California by the Attorney General, district attorney, or city attorney, acting as a public prosecutor.

(e) As used in this section, "act in furtherance of a person's right of petition or free speech under the United States or California Constitution in connection with a public issue" includes: (1) any written or oral statement or writing made before a legislative, executive, or judicial proceeding, or any other official proceeding authorized by law; (2) any written or oral statement or writing made in connection with an issue under consideration or review by a legislative, executive, or judicial body, or any other official proceeding authorized by law; (3) any written or oral statement or writing made in a place open to the public or a public forum in connection with an issue of public interest; (4) or any other conduct in furtherance of the exercise of the constitutional right of petition or the constitutional right of free speech in connection with a public issue or an issue of public interest.

(f) The special motion may be filed within 60 days of the service of the complaint or, in the court's discretion, at any later time upon terms it deems proper. The motion shall be scheduled by the clerk of the court for a hearing not more than 30 days after the service of the motion unless the docket conditions of the court require a later hearing.

(g) All discovery proceedings in the action shall be stayed upon the filing of a notice of motion made pursuant to this section. The stay of discovery shall remain in effect until notice of entry of the order ruling on the motion. The court, on noticed motion and for good cause shown, may order that specified discovery be conducted notwithstanding this subdivision.

(h) For purposes of this section, "complaint" includes "cross-complaint" and "petition," "plaintiff" includes

“cross-complainant” and “petitioner,” and “defendant” includes “cross-defendant” and “respondent.”

(i) An order granting or denying a special motion to strike shall be appealable under Section 904.1.

(j) (1) Any party who files a special motion to strike pursuant to this section, and any party who files an opposition to a special motion to strike, shall, promptly upon so filing, transmit to the Judicial Council, by e-mail or facsimile, a copy of the endorsed, filed caption page of the motion or opposition, a copy of any related notice of appeal or petition for a writ, and a conformed copy of any order issued pursuant to this section, including any order granting or denying a special motion to strike, discovery, or fees.

(2) The Judicial Council shall maintain a public record of information transmitted pursuant to this subdivision for at least three years, and may store the information on microfilm or other appropriate electronic media.

SEC. 2. Section 425.18 is added to the Code of Civil Procedure, to read:

425.18. (a) The Legislature finds and declares that a SLAPPback is distinguishable in character and origin from the ordinary malicious prosecution action. The Legislature further finds and declares that a SLAPPback cause of action should be treated differently, as provided in this section, from an ordinary malicious prosecution action because a SLAPPback is consistent with the Legislature’s intent to protect the valid exercise of the constitutional rights of free speech and petition by its deterrent effect on SLAPP (strategic lawsuit against public participation) litigation and by its restoration of public confidence in participatory democracy.

(b) For purposes of this section, the following terms have the following meanings:

(1) “SLAPPback” means any cause of action for malicious prosecution or abuse of process arising from the filing or maintenance of a prior cause of action that has been dismissed pursuant to a special motion to strike under Section 425.16.

(2) “Special motion to strike” means a motion made pursuant to Section 425.16.

(c) The provisions of subdivisions (c), (f), (g), and (i) of Section 425.16, and paragraph (13) of subdivision (a) of Section 904.1, shall not apply to a special motion to strike a SLAPPback.

(d) (1) A special motion to strike a SLAPPback shall be filed within any one of the following periods of time, as follows:

(A) Within 120 days of the service of the complaint.

(B) At the court’s discretion, within six months of the service of the complaint.

(C) At the court's discretion, at any later time in extraordinary cases due to no fault of the defendant and upon written findings of the court stating the extraordinary case and circumstance.

(2) The motion shall be scheduled by the clerk of the court for a hearing not more than 30 days after the service of the motion unless the docket conditions of the court require a later hearing.

(e) A party opposing a special motion to strike a SLAPPback may file an ex parte application for a continuance to obtain necessary discovery. If it appears that facts essential to justify opposition to that motion may exist, but cannot then be presented, the court shall grant a reasonable continuance to permit the party to obtain affidavits or conduct discovery or may make any other order as may be just.

(f) If the court finds that a special motion to strike a SLAPPback is frivolous or solely intended to cause unnecessary delay, the court shall award costs and reasonable attorney's fees to a plaintiff prevailing on the motion, pursuant to Section 128.5.

(g) Upon entry of an order denying a special motion to strike a SLAPPback claim, or granting the special motion to strike as to some but less than all causes of action alleged in a complaint containing a SLAPPback claim, an aggrieved party may, within 20 days after service of a written notice of the entry of the order, petition an appropriate reviewing court for a peremptory writ.

(h) A special motion to strike may not be filed against a SLAPPback by a party whose filing or maintenance of the prior cause of action from which the SLAPPback arises was illegal as a matter of law.

(i) This section does not apply to a SLAPPback filed by a public entity.

SEC. 3. It is the intent of the Legislature, in amending subdivision (f) of Section 425.16 of the Code of Civil Procedure, to overrule the decisions in *Decker v. U.D. Registry, Inc.* (2003) 105 Cal.App.4th 1382, 1387-1390, and *Fair Political Practices Commission v. American Civil Rights Coalition, Inc.* (2004) 121 Cal.App.4th 1171, 1174-1178.

In order to clarify the law to protect SLAPP targets and avoid chilling petition and speech rights at the earliest time, it is necessary for this act to take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 1646.4 of the Business and Professions Code is amended to read:

1646.4. (a) Prior to the issuance or renewal of a permit for the use of general anesthesia, the board may, at its discretion, require an onsite inspection and evaluation of the licensee and the facility, equipment, personnel, and procedures utilized by the licensee. The permit of any

dentist who has failed an onsite inspection and evaluation shall be automatically suspended 30 days after the date on which the board notifies the dentist of the failure, unless within that time period the dentist has retaken and passed an onsite inspection and evaluation. Every dentist issued a permit under this article shall have an onsite inspection and evaluation at least once every five years. Refusal to submit to an inspection shall result in automatic denial or revocation of the permit.

(b) The board may contract with public or private organizations or individuals expert in dental outpatient general anesthesia to perform onsite inspections and evaluations. The board may not, however, delegate its authority to issue permits or to determine the persons or facilities to be inspected.

SEC. 2. Section 1646.5 of the Business and Professions Code is amended to read:

1646.5. A permittee shall be required to complete 24 hours of approved courses of study related to general anesthesia as a condition of renewal of a permit. Those courses of study shall be credited toward any continuing education required by the board pursuant to Section 1645.

SEC. 3. Section 1647 of the Business and Professions Code is amended to read:

1647. (a) The Legislature finds and declares that a commendable patient safety record has been maintained in the past by dentists and those other qualified providers of anesthesia services who, pursuant to a dentist's authorization, administer patient sedation, and that the increasing number of pharmaceuticals and techniques used to administer them for patient sedation require additional regulation to maintain patient safety in the future.

(b) The Legislature further finds and declares all of the following:

(1) That previous laws enacted in 1980 contained separate and distinct definitions for general anesthesia and the state of consciousness.

(2) That in dental practice, there is a continuum of sedation used which cannot be adequately defined in terms of consciousness and general anesthesia.

(3) That the administration of sedation through this continuum results in different states of consciousness that may or may not be predictable in every instance.

(4) That in most instances, the level of sedation will result in a predictable level of consciousness during the entire time of sedation.

(c) The Legislature further finds and declares that the educational standards presently required for general anesthesia should be required when the degree of sedation in the continuum of sedation is such that there is a reasonable possibility that loss of consciousness may result, even if unintended. These degrees of sedation have been referred to as

“deep sedation” and “light general anesthesia” in dental literature. However, achieving the degree of sedation commonly referred to as “light conscious sedation,” where a margin of safety exists wide enough to render unintended loss of consciousness unlikely, requires educational standards appropriate to the administration of the resulting predictable level of consciousness.

SEC. 4. Section 1647.1 of the Business and Professions Code is amended to read:

1647.1. (a) As used in this article, “conscious sedation” means a minimally depressed level of consciousness produced by a pharmacologic or nonpharmacologic method, or a combination thereof, that retains the patient’s ability to maintain independently and continuously an airway, and respond appropriately to physical stimulation or verbal command.

“Conscious sedation” does not include the administration of oral medications or the administration of a mixture of nitrous oxide and oxygen, whether administered alone or in combination with each other.

(b) The drugs and techniques used in conscious sedation shall have a margin of safety wide enough to render unintended loss of consciousness unlikely. Further, patients whose only response is reflex withdrawal from painful stimuli shall not be considered to be in a state of conscious sedation.

(c) For the very young or handicapped individual, incapable of the usually expected verbal response, a minimally depressed level of consciousness for that individual should be maintained.

SEC. 5. Section 1647.2 of the Business and Professions Code is amended to read:

1647.2. (a) No dentist shall administer or order the administration of, conscious sedation on an outpatient basis for dental patients unless one of the following conditions is met:

(1) The dentist possesses a current license in good standing to practice dentistry in California and either holds a valid general anesthesia permit or obtains a permit issued by the board authorizing the dentist to administer conscious sedation.

(2) The dentist possesses a current permit under Section 1638 or 1640 and either holds a valid anesthesia permit or obtains a permit issued by the board authorizing the dentist to administer conscious sedation.

(b) A conscious sedation permit shall expire on the date specified in Section 1715 which next occurs after its issuance, unless it is renewed as provided in this article.

(c) This article shall not apply to the administration of local anesthesia or to general anesthesia.

(d) A dentist who orders the administration of conscious sedation shall be physically present in the treatment facility while the patient is sedated.

SEC. 6. Section 1647.3 of the Business and Professions Code is amended to read:

1647.3. (a) A dentist who desires to administer or order the administration of conscious sedation, shall apply to the board on an application form prescribed by the board. The dentist shall submit an application fee and produce evidence showing that he or she has successfully completed a course of training in conscious sedation that meets the requirements of subdivision (c).

(b) The application for a permit shall include documentation that equipment and drugs required by the board are on the premises.

(c) A course in the administration of conscious sedation shall be acceptable if it meets all of the following as approved by the board:

- (1) Consists of at least 60 hours of instruction.
- (2) Requires satisfactory completion of at least 20 cases of administration of conscious sedation for a variety of dental procedures.
- (3) Complies with the requirements of the Guidelines for Teaching the Comprehensive Control of Anxiety and Pain in Dentistry of the American Dental Association.

SEC. 7. Section 1647.4 of the Business and Professions Code is repealed.

SEC. 8. Section 1647.10 of the Business and Professions Code is amended to read:

1647.10. As used in this article:

(a) "Oral conscious sedation" means a minimally depressed level of consciousness produced by oral medication that retains the patient's ability to maintain independently and continuously an airway, and respond appropriately to physical stimulation or verbal command.

(1) The drugs and techniques used in oral conscious sedation shall have a margin of safety wide enough to render unintended loss of consciousness unlikely. Further, patients whose only response is reflex withdrawal from painful stimuli would not be considered to be in a state of oral conscious sedation.

(2) For very young or handicapped individuals, incapable of the usually expected verbal response, a minimally depressed level of consciousness should be maintained.

(b) "Minor patient" means a dental patient under the age of 13 years.

(c) "Certification" means the issuance of a certificate to a dentist licensed by the board who provides the board with his or her name, and the location where the administration of oral conscious sedation will

occur, and fulfills the requirements specified in Sections 1647.12 and 1647.13.

SEC. 9. Section 1647.11 of the Business and Professions Code is amended to read:

1647.11. (a) Notwithstanding subdivision (a) of Section 1647.2, a dentist may not administer oral conscious sedation on an outpatient basis to a minor patient unless one of the following conditions is met:

(1) The dentist possesses a current license in good standing to practice dentistry in California and either holds a valid general anesthesia permit, conscious sedation permit, or has been certified by the board, pursuant to Section 1647.12, to administer oral sedation to minor patients.

(2) The dentist possesses a current permit issued under Section 1638 or 1640 and either holds a valid general anesthesia permit, or conscious sedation permit, or possesses a certificate as a provider of oral conscious sedation to minor patients in compliance with, and pursuant to, this article.

(b) Certification as a provider of oral conscious sedation to minor patients expires at the same time the license or permit of the dentist expires unless renewed at the same time the dentist's license or permit is renewed after its issuance, unless certification is renewed as provided in this article.

(c) This article shall not apply to the administration of local anesthesia or a mixture of nitrous oxide and oxygen or to the administration, dispensing, or prescription of postoperative medications.

SEC. 10. Section 1647.12 of the Business and Professions Code is amended to read:

1647.12. A dentist who desires to administer, or order the administration of, oral conscious sedation for minor patients, who does not hold a general anesthesia permit, as provided in Sections 1646.1 and 1646.2, or a conscious sedation permit, as provided in Sections 1647.2 and 1647.3, shall register his or her name with the board on a board-prescribed registration form. The dentist shall submit the registration fee and evidence showing that he or she satisfies any of the following requirements:

(a) Satisfactory completion of a postgraduate program in oral and maxillofacial surgery or pediatric dentistry approved by either the Commission on Dental Accreditation or a comparable organization approved by the board.

(b) Satisfactory completion of a periodontics or general practice residency or other advanced education in a general dentistry program approved by the board.

(c) Satisfactory completion of a board-approved educational program on oral medications and sedation.

SEC. 11. Section 1647.14 of the Business and Professions Code is amended to read:

1647.14. (a) A physical evaluation and medical history shall be taken before the administration of, oral conscious sedation to a minor. Any dentist who administers, or orders the administration of, oral conscious sedation to a minor shall maintain records of the physical evaluation, medical history, and oral conscious sedation procedures used as required by the board regulations.

(b) A dentist who administers, or who orders the administration of, oral conscious sedation for a minor patient shall be physically present in the treatment facility while the patient is sedated and shall be present until discharge of the patient from the facility.

(c) The drugs and techniques used in oral conscious sedation to minors shall have a margin of safety wide enough to render unintended loss of consciousness unlikely.

SEC. 12. Article 2.86 (commencing with Section 1647.18) is added to Chapter 4 of Division 2 of the Business and Professions Code, to read:

Article 2.86. Use of Oral Conscious Sedation for Adult Patients

1647.18. As used in this article, the following terms have the following meanings:

(a) "Adult patient" means a dental patient 13 years of age or older.

(b) "Certification" means the issuance of a certificate to a dentist licensed by the board who provides the board with his or her name and the location at which the administration of oral conscious sedation will occur, and fulfills the requirements specified in Sections 1647.12 and 1647.13.

(c) "Oral conscious sedation" means a minimally depressed level of consciousness produced by oral medication that retains the patient's ability to maintain independently and continuously an airway, and respond appropriately to physical stimulation or verbal command. "Oral conscious sedation" does not include dosages less than or equal to the single maximum recommended dose that can be prescribed for home use.

(1) The drugs and techniques used in oral conscious sedation shall have a margin of safety wide enough to render unintended loss of consciousness unlikely. Further, patients whose only response is reflex withdrawal from painful stimuli would not be considered to be in a state of oral conscious sedation.

(2) For the handicapped individual, incapable of the usually expected verbal response, a minimally depressed level of consciousness for that individual should be maintained.

1647.19. (a) Notwithstanding subdivision (a) of Section 1647.2, a dentist may not administer oral conscious sedation on an outpatient basis to an adult patient unless the dentist possesses a current license in good standing to practice dentistry in California, and one of the following conditions is met:

(1) The dentist holds a valid general anesthesia permit, holds a conscious sedation permit, has been certified by the board, pursuant to Section 1647.20, to administer oral sedation to adult patients, or has been certified by the board, pursuant to Section 1647.12, to administer oral conscious sedation to minor patients.

(2) The dentist possesses a current permit issued under Section 1638 or 1640 and either holds a valid general anesthesia permit, or conscious sedation permit, or possesses a certificate as a provider of oral conscious sedation to adult patients in compliance with, and pursuant to, this article.

(b) Certification as a provider of oral conscious sedation to adult patients expires at the same time the license or permit of the dentist expires unless renewed at the same time the dentist's license or permit is renewed after its issuance, unless certification is renewed as provided in this article.

(c) This article shall not apply to the administration of local anesthesia or a mixture of nitrous oxide and oxygen, or to the administration, dispensing, or prescription of postoperative medications.

1647.20. A dentist who desires to administer, or order the administration of, oral conscious sedation for adult patients, who does not hold a general anesthesia permit, as provided in Sections 1646.1 and 1646.2, does not hold a conscious sedation permit, as provided in Sections 1647.2 and 1647.3, and has not been certified by the board, pursuant to Section 1647.12, to administer oral conscious sedation to minor patients, shall register his or her name with the board on a registration form prescribed by the board. The dentist shall submit the registration fee and evidence showing that he or she satisfies any of the following requirements:

(c) Satisfactory completion of a board-approved educational program on oral medications and sedation.

(d) For an applicant who has been using oral conscious sedation in connection with the treatment of adult patients, submission of documentation as required by the board of 10 cases of oral conscious

sedation satisfactorily performed by the applicant on adult patients in any three-year period ending no later than December 31, 2005.

1647.21. A certificate holder shall be required to complete a minimum of seven hours of approved courses of study related to oral conscious sedation of adult patients as a condition of certification renewal as an oral conscious sedation provider. Those courses of study shall be accredited toward any continuing education required by the board pursuant to Section 1645.

1647.22. (a) A physical evaluation and medical history shall be taken before the administration of oral conscious sedation to an adult. Any dentist who administers, or orders the administration of, oral conscious sedation to an adult shall maintain records of the physical evaluation, medical history, and oral conscious sedation procedures used as required by the board regulations.

(b) A dentist who administers, or who orders the administration of, oral conscious sedation for an adult patient shall be physically present in the treatment facility while the patient is sedated, and shall be present until discharge of the patient from the facility.

(c) The drugs and techniques used in oral conscious sedation to adults shall have a margin of safety wide enough to render unintended loss of consciousness unlikely.

1647.23. The fee for an application for initial certification or renewal under this article shall not exceed the amount necessary to cover administration and enforcement costs incurred by the board in carrying out this article. The listed fee may be prorated based upon the date of the renewal of the dentist's license or permit.

1647.24. Any office in which oral conscious sedation of adult patients is conducted pursuant to this article shall, unless otherwise provided by law, meet the facilities and equipment standards set forth by the board in regulation.

1647.25. A violation of any provision of this article constitutes unprofessional conduct and is grounds for the revocation or suspension of the dentist's permit, certificate, license, or all three, or the dentist may be reprimanded or placed on probation. The proceedings under this section shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part I of Division 3 of Title 2 of the Government Code, and the board shall have all the powers granted therein.

1647.26. The sum of forty-seven thousand dollars (\$47,000) is hereby appropriated for the 2005–06 fiscal year from the State Dentistry Fund to the Department of Consumer Affairs for the purpose of processing

applications for adult conscious sedation certificates pursuant to this article.

CHAPTER 540

An act to amend Section 54953 of the Government Code, relating to local agencies.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 54953 of the Government Code is amended to read:

54953. (a) All meetings of the legislative body of a local agency shall be open and public, and all persons shall be permitted to attend any meeting of the legislative body of a local agency, except as otherwise provided in this chapter.

(b) (1) Notwithstanding any other provision of law, the legislative body of a local agency may use teleconferencing for the benefit of the public and the legislative body of a local agency in connection with any meeting or proceeding authorized by law. The teleconferenced meeting or proceeding shall comply with all requirements of this chapter and all otherwise applicable provisions of law relating to a specific type of meeting or proceeding.

(2) Teleconferencing, as authorized by this section, may be used for all purposes in connection with any meeting within the subject matter jurisdiction of the legislative body. All votes taken during a teleconferenced meeting shall be by rollcall.

(3) If the legislative body of a local agency elects to use teleconferencing, it shall post agendas at all teleconference locations and conduct teleconference meetings in a manner that protects the statutory and constitutional rights of the parties or the public appearing before the legislative body of a local agency. Each teleconference location shall be identified in the notice and agenda of the meeting or proceeding, and each teleconference location shall be accessible to the public. During the teleconference, at least a quorum of the members of the legislative body shall participate from locations within the boundaries of the territory over which the local agency exercises jurisdiction, except as provided in subdivision (d). The agenda shall provide an opportunity for members

of the public to address the legislative body directly pursuant to Section 54954.3 at each teleconference location.

(4) For the purposes of this section, “teleconference” means a meeting of a legislative body, the members of which are in different locations, connected by electronic means, through either audio or video, or both. Nothing in this section shall prohibit a local agency from providing the public with additional teleconference locations.

(c) No legislative body shall take action by secret ballot, whether preliminary or final.

(d) (1) Notwithstanding the provisions relating to a quorum in paragraph (3) of subdivision (b), when a health authority conducts a teleconference meeting, members who are outside the jurisdiction of the authority may be counted toward the establishment of a quorum when participating in the teleconference if at least 50 percent of the number of members that would establish a quorum are present within the boundaries of the territory over which the authority exercises jurisdiction, and the health authority provides a teleconference number, and associated access codes, if any, that allows any person to call in to participate in the meeting and that number and access codes are identified in the notice and agenda of the meeting.

(2) Nothing in this subdivision shall be construed as discouraging health authority members from regularly meeting at a common physical site within the jurisdiction of the authority or from using teleconference locations within or near the jurisdiction of the authority. A teleconference meeting for which a quorum is established pursuant to this subdivision shall be subject to all other requirements of this section.

(3) For purposes of this subdivision, a health authority means any entity created pursuant to Sections 14018.7, 14087.31, 14087.35, 14087.36, 14087.38, and 14087.9605 of the Welfare and Institutions Code, any joint powers authority created pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 for the purpose of contracting pursuant to Section 14087.3 of the Welfare and Institutions Code, and any advisory committee to a county sponsored health plan licensed pursuant to Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code if the advisory committee has 12 or more members.

(4) This subdivision shall remain in effect only until January 1, 2009.

SEC. 2. The Legislature finds and declares that Section 1 of this act, which amends Section 54953 of the Government Code, imposes a limitation on the public’s right of access to the meetings of public bodies or the writings of public officials and agencies within the meaning of Section 3 of Article I of the California Constitution. Pursuant to that constitutional provision, the Legislature makes the following findings

to demonstrate the interest protected by this limitation and the need for protecting that interest:

Local health initiatives are an essential component of California's health care delivery system, and their ability to meet regularly to address the health care concerns of Medi-Cal beneficiaries is vital. The membership of local health initiative boards of directors is required by statute to represent a diverse group of health care professionals, and, as a result, these boards frequently are large and comprised of persons working and residing outside of the board's jurisdiction. Accordingly, these boards have a demonstrated difficulty in obtaining a quorum of members located within the board's jurisdiction as required by the teleconference provisions of the Ralph M. Brown Act.

CHAPTER 541

An act relating to government real property, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. (a) Under the quitclaim deed No. 84-272201 recorded in San Bernardino County on November 13, 1984, the real property was transferred to the Redevelopment Agency of the City of San Bernardino on the condition that it only be used for park and recreational purposes for a period of 25 years from the date of the quitclaim deed with the right of the state to reenter and take possession of the real property and to cause the title to the property to revert to the state if this use restriction is violated.

(b) The Legislature recognizes that the Redevelopment Agency of the City of San Bernardino transferred title to the property referred to in subdivision (a) to the San Bernardino City Unified School District for use as recreational fields that will be accessible to the public in furtherance of the construction of new educational school facilities of the school district on the property previously transferred to the Redevelopment Agency of the City of San Bernardino subject to the use restriction being imposed upon the property.

(c) The Legislature acknowledges that the use of the property by the San Bernardino City Unified School District is in compliance with the

purposes and intent of the restrictions contained in the quitclaim deed referred to in subdivision (a).

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the people of the state may have the benefit of government real property transfers at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 542

An act to amend Sections 1357 and 1357.50 of the Health and Safety Code, and to amend Sections 10198.6 and 10700 of the Insurance Code, relating to health care coverage.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature that this act allow an employer to add to the employer's sponsored coverage an employee or an employee's dependent if that employee or employee's dependent has become ineligible for Healthy Families Program coverage due to income or age ineligibility. The eligibility to enroll in the employer sponsored coverage is intended to be extended only to the individual losing eligibility for coverage under the Healthy Families Program.

SEC. 2. Section 1357 of the Health and Safety Code is amended to read:

1357. As used in this article:

(a) "Dependent" means the spouse or child of an eligible employee, subject to applicable terms of the health care plan contract covering the employee, and includes dependents of guaranteed association members if the association elects to include dependents under its health coverage at the same time it determines its membership composition pursuant to subdivision (o).

(b) "Eligible employee" means either of the following:

(1) Any permanent employee who is actively engaged on a full-time basis in the conduct of the business of the small employer with a normal workweek of at least 30 hours, at the small employer's regular places of business, who has met any statutorily authorized applicable waiting

period requirements. The term includes sole proprietors or partners of a partnership, if they are actively engaged on a full-time basis in the small employer's business and included as employees under a health care plan contract of a small employer, but does not include employees who work on a part-time, temporary, or substitute basis. It includes any eligible employee, as defined in this paragraph, who obtains coverage through a guaranteed association. Employees of employers purchasing through a guaranteed association shall be deemed to be eligible employees if they would otherwise meet the definition except for the number of persons employed by the employer. Permanent employees who work at least 20 hours but not more than 29 hours are deemed to be eligible employees if all four of the following apply:

(A) They otherwise meet the definition of an eligible employee except for the number of hours worked.

(B) The employer offers the employees health coverage under a health benefit plan.

(C) All similarly situated individuals are offered coverage under the health benefit plan.

(D) The employee must have worked at least 20 hours per normal workweek for at least 50 percent of the weeks in the previous calendar quarter. The health care service plan may request any necessary information to document the hours and time period in question, including, but not limited to, payroll records and employee wage and tax filings.

(2) Any member of a guaranteed association as defined in subdivision (o).

(c) "In force business" means an existing health benefit plan contract issued by the plan to a small employer.

(d) "Late enrollee" means an eligible employee or dependent who has declined enrollment in a health benefit plan offered by a small employer at the time of the initial enrollment period provided under the terms of the health benefit plan and who subsequently requests enrollment in a health benefit plan of that small employer, provided that the initial enrollment period shall be a period of at least 30 days. It also means any member of an association that is a guaranteed association as well as any other person eligible to purchase through the guaranteed association when that person has failed to purchase coverage during the initial enrollment period provided under the terms of the guaranteed association's plan contract and who subsequently requests enrollment in the plan, provided that the initial enrollment period shall be a period of at least 30 days. However, an eligible employee, any other person eligible for coverage through a guaranteed association pursuant to subdivision (o), or an eligible dependent shall not be considered a late enrollee if any of the following is applicable:

(1) The individual meets all of the following requirements:

(A) He or she was covered under another employer health benefit plan, the Healthy Families Program, or no share-of-cost Medi-Cal coverage at the time the individual was eligible to enroll.

(B) He or she certified at the time of the initial enrollment that coverage under another employer health benefit plan, the Healthy Families Program, or no share-of-cost Medi-Cal coverage was the reason for declining enrollment, provided that, if the individual was covered under another employer health plan, the individual was given the opportunity to make the certification required by this subdivision and was notified that failure to do so could result in later treatment as a late enrollee.

(C) He or she has lost or will lose coverage under another employer health benefit plan as a result of termination of employment of the individual or of a person through whom the individual was covered as a dependent, change in employment status of the individual or of a person through whom the individual was covered as a dependent, termination of the other plan's coverage, cessation of an employer's contribution toward an employee or dependent's coverage, death of the person through whom the individual was covered as a dependent, legal separation, divorce, loss of coverage under the Healthy Families Program as a result of exceeding the program's income or age limits, or loss of no share-of-cost Medi-Cal coverage.

(D) He or she requests enrollment within 30 days after termination of coverage or employer contribution toward coverage provided under another employer health benefit plan.

(2) The employer offers multiple health benefit plans and the employee elects a different plan during an open enrollment period.

(3) A court has ordered that coverage be provided for a spouse or minor child under a covered employee's health benefit plan.

(4) (A) In the case of an eligible employee, as defined in paragraph (1) of subdivision (b), the plan cannot produce a written statement from the employer stating that the individual or the person through whom the individual was eligible to be covered as a dependent, prior to declining coverage, was provided with, and signed, acknowledgment of an explicit written notice in boldface type specifying that failure to elect coverage during the initial enrollment period permits the plan to impose, at the time of the individual's later decision to elect coverage, an exclusion from coverage for a period of 12 months as well as a six-month preexisting condition exclusion, unless the individual meets the criteria specified in paragraph (1), (2), or (3).

(B) In the case of an association member who did not purchase coverage through a guaranteed association, the plan cannot produce a

written statement from the association stating that the association sent a written notice in boldface type to all potentially eligible association members at their last known address prior to the initial enrollment period informing members that failure to elect coverage during the initial enrollment period permits the plan to impose, at the time of the member's later decision to elect coverage, an exclusion from coverage for a period of 12 months as well as a six-month preexisting condition exclusion unless the member can demonstrate that he or she meets the requirements of subparagraphs (A), (C), and (D) of paragraph (1) or meets the requirements of paragraph (2) or (3).

(C) In the case of an employer or person who is not a member of an association, was eligible to purchase coverage through a guaranteed association, and did not do so, and would not be eligible to purchase guaranteed coverage unless purchased through a guaranteed association, the employer or person can demonstrate that he or she meets the requirements of subparagraphs (A), (C), and (D) of paragraph (1), or meets the requirements of paragraph (2) or (3), or that he or she recently had a change in status that would make him or her eligible and that application for enrollment was made within 30 days of the change.

(5) The individual is an employee or dependent who meets the criteria described in paragraph (1) and was under a COBRA continuation provision and the coverage under that provision has been exhausted. For purposes of this section, the definition of "COBRA" set forth in subdivision (e) of Section 1373.621 shall apply.

(6) The individual is a dependent of an enrolled eligible employee who has lost or will lose his or her coverage under the Healthy Families Program as a result of exceeding the program's income or age limits or no share-of-cost Medi-Cal coverage and requests enrollment within 30 days after notification of this loss of coverage.

(7) The individual is an eligible employee who previously declined coverage under an employer health benefit plan and who has subsequently acquired a dependent who would be eligible for coverage as a dependent of the employee through marriage, birth, adoption, or placement for adoption, and who enrolls for coverage under that employer health benefit plan on his or her behalf and on behalf of his or her dependent within 30 days following the date of marriage, birth, adoption, or placement for adoption, in which case the effective date of coverage shall be the first day of the month following the date the completed request for enrollment is received in the case of marriage, or the date of birth, or the date of adoption or placement for adoption, whichever applies. Notice of the special enrollment rights contained in this paragraph shall be provided by the employer to an employee at or before the time the employee is offered an opportunity to enroll in plan coverage.

(8) The individual is an eligible employee who has declined coverage for himself or herself or his or her dependents during a previous enrollment period because his or her dependents were covered by another employer health benefit plan at the time of the previous enrollment period. That individual may enroll himself or herself or his or her dependents for plan coverage during a special open enrollment opportunity if his or her dependents have lost or will lose coverage under that other employer health benefit plan. The special open enrollment opportunity shall be requested by the employee not more than 30 days after the date that the other health coverage is exhausted or terminated. Upon enrollment, coverage shall be effective not later than the first day of the first calendar month beginning after the date the request for enrollment is received. Notice of the special enrollment rights contained in this paragraph shall be provided by the employer to an employee at or before the time the employee is offered an opportunity to enroll in plan coverage.

(e) "New business" means a health care service plan contract issued to a small employer that is not the plan's in force business.

(f) "Preexisting condition provision" means a contract provision that excludes coverage for charges or expenses incurred during a specified period following the employee's effective date of coverage, as to a condition for which medical advice, diagnosis, care, or treatment was recommended or received during a specified period immediately preceding the effective date of coverage.

(g) "Creditable coverage" means:

(1) Any individual or group policy, contract, or program that is written or administered by a disability insurer, health care service plan, fraternal benefits society, self-insured employer plan, or any other entity, in this state or elsewhere, and that arranges or provides medical, hospital, and surgical coverage not designed to supplement other private or governmental plans. The term includes continuation or conversion coverage but does not include accident only, credit, coverage for onsite medical clinics, disability income, Medicare supplement, long-term care, dental, vision, coverage issued as a supplement to liability insurance, insurance arising out of a workers' compensation or similar law, automobile medical payment insurance, or insurance under which benefits are payable with or without regard to fault and that is statutorily required to be contained in any liability insurance policy or equivalent self-insurance.

(i) "Risk adjusted employee risk rate" means the rate determined for an eligible employee of a small employer in a particular risk category after applying the risk adjustment factor.

(j) "Risk adjustment factor" means the percentage adjustment to be applied equally to each standard employee risk rate for a particular small employer, based upon any expected deviations from standard cost of services. This factor may not be more than 120 percent or less than 80 percent until July 1, 1996. Effective July 1, 1996, this factor may not be more than 110 percent or less than 90 percent.

(k) "Risk category" means the following characteristics of an eligible employee: age, geographic region, and family composition of the employee, plus the health benefit plan selected by the small employer.

40-49

Plans shall be deemed to be operating statewide if their coverage area includes 90 percent or more of the state's population. Geographic regions established pursuant to this section shall, as a group, cover the entire state, and the area encompassed in a geographic region shall be separate and distinct from areas encompassed in other geographic regions. Geographic regions may be noncontiguous.

(B) (i) In determining rates for small employers, a plan that does not operate statewide shall use no more than the number of geographic regions in the state that is determined by the following formula: the population, as determined in the last federal census, of all counties that are included in their entirety in a plan's service area divided by the total population of the state, as determined in the last federal census, multiplied by nine. The resulting number shall be rounded to the nearest whole integer. No region may be smaller than an area in which the first three digits of all its ZIP Codes are in common within a county and no county may be divided into more than two regions. The area encompassed in a geographic region shall be separate and distinct from areas encompassed in other geographic regions. Geographic regions may be noncontiguous. No plan shall have less than one geographic area.

(ii) If the formula in clause (i) results in a plan that operates in more than one county having only one geographic region, then the formula in clause (i) shall not apply and the plan may have two geographic regions, provided that no county is divided into more than one region.

Nothing in this section shall be construed to require a plan to establish a new service area or to offer health coverage on a statewide basis, outside of the plan's existing service area.

(l) "Small employer" means either of the following:

(1) Any person, firm, proprietary or nonprofit corporation, partnership, public agency, or association that is actively engaged in business or service, that, on at least 50 percent of its working days during the preceding calendar quarter or preceding calendar year, employed at least two, but no more than 50, eligible employees, the majority of whom were employed within this state, that was not formed primarily for purposes of buying health care service plan contracts, and in which a bona fide employer-employee relationship exists. In determining whether to apply the calendar quarter or calendar year test, a health care service plan shall use the test that ensures eligibility if only one test would establish eligibility. However, for purposes of subdivisions (a), (b), and (c) of Section 1357.03, the definition shall include employers with at least three eligible employees until July 1, 1997, and two eligible employees thereafter. In determining the number of eligible employees, companies that are affiliated companies and that are eligible to file a combined tax return for purposes of state taxation shall be considered one employer. Subsequent to the issuance of a health care service plan contract to a small employer pursuant to this article, and for the purpose of determining eligibility, the size of a small employer shall be determined annually. Except as otherwise specifically provided in this article, provisions of this article that apply to a small employer shall continue to apply until the plan contract anniversary following the date the employer no longer meets the requirements of this definition. It includes any small employer as defined in this paragraph who purchases coverage through a guaranteed association, and any employer purchasing coverage for employees through a guaranteed association.

included health insurance as a membership benefit for at least five years prior to January 1, 1992, (7) has a constitution and bylaws, or other analogous governing documents that provide for election of the governing board of the association by its members, (8) offers any plan contract that is purchased to all individual members and employer members in this state, (9) includes any member choosing to enroll in the plan contracts offered to the association provided that the member has agreed to make the required premium payments, and (10) covers at least 1,000 persons with the health care service plan with which it contracts. The requirement of 1,000 persons may be met if component chapters of a statewide association contracting separately with the same carrier cover at least 1,000 persons in the aggregate.

This subdivision applies regardless of whether a contract issued by a plan is with an association or a trust formed for, or sponsored by, an association to administer benefits for association members.

For purposes of this subdivision, an association formed by a merger of two or more associations after January 1, 1992, and otherwise meeting the criteria of this subdivision shall be deemed to have been in active existence on January 1, 1992, if its predecessor organizations had been in active existence on January 1, 1992, and for at least five years prior to that date and otherwise met the criteria of this subdivision.

(o) "Members of a guaranteed association" means any individual or employer meeting the association's membership criteria if that person is a member of the association and chooses to purchase health coverage through the association. At the association's discretion, it also may include employees of association members, association staff, retired members, retired employees of members, and surviving spouses and dependents of deceased members. However, if an association chooses to include these persons as members of the guaranteed association, the association shall make that election in advance of purchasing a plan contract. Health care service plans may require an association to adhere to the membership composition it selects for up to 12 months.

(B) The individual certified, at the time of the initial enrollment, that coverage under another employer health benefit plan, the Healthy Families Program, or no share-of-cost Medi-Cal coverage was the reason for declining enrollment provided that, if the individual was covered under another employer health benefit plan, the individual was given the opportunity to make the certification required by this subdivision and was notified that failure to do so could result in later treatment as a late enrollee.

(C) The individual has lost or will lose coverage under another employer health benefit plan as a result of termination of employment of the individual or of a person through whom the individual was covered as a dependent, change in employment status of the individual or of a person through whom the individual was covered as a dependent, termination of the other plan's coverage, cessation of an employer's contribution toward an employee or dependent's coverage, death of a person through whom the individual was covered as a dependent, legal separation, divorce, loss of coverage under the Healthy Families Program as a result of exceeding the program's income or age limits, or loss of no share-of-cost Medi-Cal coverage.

(5) The individual is an employee or dependent who meets the criteria described in paragraph (1) and was under a COBRA continuation provision, and the coverage under that provision has been exhausted. Notice of the special enrollment rights contained in this paragraph shall be provided by the employer to an employee at or before the time the employee is offered an opportunity to enroll in plan coverage.

(8) The individual is an eligible employee who has declined coverage for himself or herself or his or her dependents during a previous enrollment period because his or her dependents were covered by another employer health benefit plan at the time of the previous enrollment period. That individual may enroll himself or herself or his or her dependents for plan coverage during a special open enrollment opportunity if his or her dependents have lost or will lose coverage under that other employer health benefit plan. The special open enrollment opportunity shall be requested by the employee not more than 30 days after the date that the other health coverage is exhausted or terminated. Upon enrollment, coverage shall be effective not later than the first day of the first calendar month beginning after the date the request for enrollment is received. (4) (A) In the case of an eligible employee as defined in paragraph (1) of subdivision (f), the carrier cannot produce a written statement from the employer stating that the individual or the person through whom an individual was eligible to be covered as a dependent, prior to declining coverage, was provided with, and signed acknowledgment of, an explicit written notice in boldface type specifying that failure to elect coverage during the initial enrollment period permits the carrier to impose, at the time of the individual's later decision to elect coverage, an exclusion from coverage for a period of 12 months as well as a six-month preexisting condition exclusion unless the individual meets the criteria specified in paragraph (1), (2), or (3).

(B) In the case of an eligible employee who is a guaranteed association member, the plan cannot produce a written statement from the guaranteed association stating that the association sent a written notice in boldface type to all potentially eligible association members at their last known address prior to the initial enrollment period informing members that failure to elect coverage during the initial enrollment period permits the plan to impose, at the time of the member's later decision to elect coverage, an exclusion from coverage for a period of 12 months as well as a six-month preexisting condition exclusion unless the member can demonstrate that he or she meets the requirements of subparagraphs (A), (C), and (D) of paragraph (1) or meets the requirements of paragraph (2) or (3).

(C) In the case of an employer or person who is not a member of an association, was eligible to purchase coverage through a guaranteed association, and did not do so, and would not be eligible to purchase guaranteed coverage unless purchased through a guaranteed association, the employer or person can demonstrate that he or she meets the requirements of subparagraphs (A), (C), and (D) of paragraph (1), or meets the requirements of paragraph (2) or (3), or that he or she recently

had a change in status that would make him or her eligible and that application for coverage was made within 30 days of the change.

(5) The individual is an employee or dependent who meets the criteria described in paragraph (1) and was under a COBRA continuation provision and the coverage under that provision has been exhausted. For purposes of this section, the definition of "COBRA" set forth in subdivision (e) of Section 1373.62 shall apply.

(6) The individual is a dependent of an enrolled eligible employee who has lost or will lose his or her coverage under the Healthy Families Program as a result of exceeding the program's income or age limits or no share-of-cost Medi-Cal coverage and requests enrollment within 30 days after notification of this loss of coverage.

(7) The individual is an eligible employee who previously declined coverage under an employer health benefit plan and who has subsequently acquired a dependent who would be eligible for coverage as a dependent of the employee through marriage, birth, adoption, or placement for adoption, and who enrolls for coverage under that employer health benefit plan on his or her behalf, and on behalf of his or her dependent within 30 days following the date of marriage, birth, adoption, or placement for adoption, in which case the effective date of coverage shall be the first day of the month following the date the completed request for enrollment is received in the case of marriage, or the date of birth, or the date of adoption or placement for adoption, whichever applies. Notice of the special enrollment rights contained in this paragraph shall be provided by the employer to an employee at or before the time the employee is offered an opportunity to enroll in plan coverage.

(8) The individual is an eligible employee who has declined coverage for himself or herself or his or her dependents during a previous enrollment period because his or her dependents were covered by another employer health benefit plan at the time of the previous enrollment period. That individual may enroll himself or herself or his or her dependents for plan coverage during a special open enrollment opportunity if his or her dependents have lost or will lose coverage under that other employer health benefit plan. The special open enrollment opportunity shall be requested by the employee not more than 30 days after the date that the other health coverage is exhausted or terminated. Upon enrollment, coverage shall be effective not later than the first day of the first calendar month beginning after the date the request for enrollment is received. Notice of the special enrollment rights contained in this paragraph shall be provided by the employer to an employee at or before the time the employee is offered an opportunity to enroll in plan coverage.

(t) "Risk adjusted employee risk rate" means the rate determined for an eligible employee of a small employer in a particular risk category after applying the risk adjustment factor.

(u) "Risk adjustment factor" means the percent adjustment to be applied equally to each standard employee risk rate for a particular small employer, based upon any expected deviations from standard claims. This factor may not be more than 120 percent or less than 80 percent until July 1, 1996. Effective July 1, 1996, this factor may not be more than 110 percent or less than 90 percent.

Carriers shall be deemed to be operating statewide if their coverage area includes 90 percent or more of the state's population. Geographic regions established pursuant to this section shall, as a group, cover the entire state, and the area encompassed in a geographic region shall be separate and distinct from areas encompassed in other geographic regions. Geographic regions may be noncontiguous.

(B) In determining rates for small employers, a carrier that does not operate statewide shall use no more than the number of geographic regions in the state than is determined by the following formula: the population, as determined in the last federal census, of all counties which are included in their entirety in a carrier's service area divided by the total population of the state, as determined in the last federal census, multiplied by nine. The resulting number shall be rounded to the nearest whole integer. No region may be smaller than an area in which the first three digits of all its ZIP Codes are in common within a county and no county may be divided into more than two regions. The area encompassed in a geographic region shall be separate and distinct from areas encompassed in other geographic regions. Geographic regions may be noncontiguous. No carrier shall have less than one geographic area.

(w) "Small employer" means either of the following:

(1) Any person, proprietary or nonprofit firm, corporation, partnership, public agency, or association that is actively engaged in business or service that, on at least 50 percent of its working days during the preceding calendar quarter, or preceding calendar year, employed at least two, but not more than 50, eligible employees, the majority of whom were employed within this state, that was not formed primarily for purposes of buying health insurance and in which a bona fide employer-employee relationship exists. In determining whether to apply the calendar quarter or calendar year test, the insurer shall use the test that ensures eligibility if only one test would establish eligibility. However, for purposes of subdivisions (b) and (h) of Section 10705, the definition shall include employers with at least three eligible employees until July 1, 1997, and two eligible employees thereafter. In determining the number of eligible employees, companies that are affiliated companies and that are eligible to file a combined income tax return for purposes

of state taxation shall be considered one employer. Subsequent to the issuance of a health benefit plan to a small employer pursuant to this chapter, and for the purpose of determining eligibility, the size of a small employer shall be determined annually. Except as otherwise specifically provided, provisions of this chapter that apply to a small employer shall continue to apply until the health benefit plan anniversary following the date the employer no longer meets the requirements of this definition. It includes any small employer as defined in this paragraph who purchases coverage through a guaranteed association, and any employer purchasing coverage for employees through a guaranteed association.

The requirement of 1,000 persons may be met if component chapters of a statewide association contracting separately with the same carrier cover at least 1,000 persons in the aggregate.

This subdivision applies regardless of whether a master policy by an admitted insurer is delivered directly to the association or a trust formed for or sponsored by an association to administer benefits for association members.

For purposes of this subdivision, an association formed by a merger of two or more associations after January 1, 1992, and otherwise meeting the criteria of this subdivision shall be deemed to have been in active existence on January 1, 1992, if its predecessor organizations had been in active existence on January 1, 1992, and for at least five years prior to that date and otherwise met the criteria of this subdivision.

(z) "Members of a guaranteed association" means any individual or employer meeting the association's membership criteria if that person is a member of the association and chooses to purchase health coverage through the association. At the association's discretion, it may also include employees of association members, association staff, retired members, retired employees of members, and surviving spouses and dependents of deceased members. However, if an association chooses to include those persons as members of the guaranteed association, the association must so elect in advance of purchasing coverage from a plan. Health plans may require an association to adhere to the membership composition it selects for up to 12 months.

(aa) "Affiliation period" means a period that, under the terms of the health benefit plan, must expire before health care services under the plan become effective.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 543

An act to amend Sections 33054, 47605, 47605.6, 47607, 47612.5, and 51745.6 of, and to add Section 47612.6 to, the Education Code, relating to charter schools.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 33054 of the Education Code is amended to read:

33054. (a) The governing board of a charter school may request, and the State Board of Education may approve, a waiver of any otherwise applicable provisions of this code pursuant to this article. To be eligible to request a waiver, a charter school shall submit its application for a waiver to its chartering authority. The governing board of the chartering authority shall hold the public hearing on the waiver request no later than 90 days following receipt of the request. If the chartering authority fails to hold the public hearing within the 90 days, the charter school shall hold a public hearing prior to submitting the waiver request directly to the State Board of Education. If the chartering authority is a school district or county board of education, it shall prepare a summary of the public hearing to be forwarded with the waiver request to the State Board of Education. If the school district or county board of education recommends against approval of the waiver request, it shall set forth the reasons for its disapproval in written documentation that shall be forwarded to the state board.

(b) For purposes of this article, a charter school shall be deemed to be a “school district” that is eligible to submit a waiver application pursuant to this section.

(c) A charter school shall meet the same criteria that a school district is required to meet when it requests a waiver, except that the chartering authority shall conduct the public hearing, as required pursuant to subdivision (a).

(d) This section shall become inoperative on January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 2. Section 47605 of the Education Code is amended to read:

47605. (a) (1) Except as set forth in paragraph (2), a petition for the establishment of a charter school within any school district may be circulated by any one or more persons seeking to establish the charter school. A petition for the establishment of a charter school shall identify a single charter school that will operate within the geographic boundaries of that school district. A charter school may propose to operate at multiple sites within the school district, as long as each location is identified in the charter school petition. The petition may be submitted to the governing board of the school district for review after either of the following conditions are met:

(A) The petition has been signed by a number of parents or guardians of pupils that is equivalent to at least one-half of the number of pupils that the charter school estimates will enroll in the school for its first year of operation.

(B) The petition has been signed by a number of teachers that is equivalent to at least one-half of the number of teachers that the charter

school estimates will be employed at the school during its first year of operation.

(2) A petition that proposes to convert an existing public school to a charter school that would not be eligible for a loan pursuant to subdivision (b) of Section 41365 may be circulated by any one or more persons seeking to establish the charter school. The petition may be submitted to the governing board of the school district for review after the petition has been signed by not less than 50 percent of the permanent status teachers currently employed at the public school to be converted.

(3) A petition shall include a prominent statement that a signature on the petition means that the parent or guardian is meaningfully interested in having his or her child, or ward, attend the charter school, or in the case of a teacher's signature, means that the teacher is meaningfully interested in teaching at the charter school. The proposed charter shall be attached to the petition.

(4) After receiving approval of its petition, a charter school that proposes to establish operations at one or more additional sites shall request a material revision to its charter and shall notify the authority that granted its charter of those additional locations. The authority that granted its charter shall consider whether to approve those additional locations at an open, public meeting. If the additional locations are approved, they shall be a material revision to the charter school's charter.

(5) Notwithstanding subdivision (a), a charter school that is unable to locate within the jurisdiction of the chartering school district may establish one site outside the boundaries of the school district, but within the county within which that school district is located, if the school district within whose jurisdiction the charter school proposes to operate is notified in advance of the charter petition approval, the county superintendent of schools and the Superintendent are notified of the location of the charter school before it commences operations, and either of the following circumstances exist:

(A) The school has attempted to locate a single site or facility to house the entire program, but a site or facility is unavailable in the area in which the school chooses to locate.

(B) The site is needed for temporary use during a construction or expansion project.

(6) Commencing January 1, 2003, a petition to establish a charter school may not be approved to serve pupils in a grade level that is not served by the school district of the governing board considering the petition, unless the petition proposes to serve pupils in all of the grade levels served by that school district.

(b) No later than 30 days after receiving a petition, in accordance with subdivision (a), the governing board of the school district shall hold a

public hearing on the provisions of the charter, at which time the governing board of the school district shall consider the level of support for the petition by teachers employed by the district, other employees of the district, and parents. Following review of the petition and the public hearing, the governing board of the school district shall either grant or deny the charter within 60 days of receipt of the petition, provided, however, that the date may be extended by an additional 30 days if both parties agree to the extension. In reviewing petitions for the establishment of charter schools pursuant to this section, the chartering authority shall be guided by the intent of the Legislature that charter schools are and should become an integral part of the California educational system and that establishment of charter schools should be encouraged. A school district governing board shall grant a charter for the operation of a school under this part if it is satisfied that granting the charter is consistent with sound educational practice. The governing board of the school district shall not deny a petition for the establishment of a charter school unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the following findings:

(1) The charter school presents an unsound educational program for the pupils to be enrolled in the charter school.

(2) The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.

(3) The petition does not contain the number of signatures required by subdivision (a).

(4) The petition does not contain an affirmation of each of the conditions described in subdivision (d).

(5) The petition does not contain reasonably comprehensive descriptions of all of the following:

(A) (i) A description of the educational program of the school, designed, among other things, to identify those whom the school is attempting to educate, what it means to be an “educated person” in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.

(ii) If the proposed school will serve high school pupils, a description of the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State

University as creditable under the “A” to “G” admissions criteria may be considered to meet college entrance requirements.

(B) The measurable pupil outcomes identified for use by the charter school. “Pupil outcomes,” for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school’s educational program.

(C) The method by which pupil progress in meeting those pupil outcomes is to be measured.

(D) The governance structure of the school, including, but not limited to, the process to be followed by the school to ensure parental involvement.

(E) The qualifications to be met by individuals to be employed by the school.

(F) The procedures that the school will follow to ensure the health and safety of pupils and staff. These procedures shall include the requirement that each employee of the school furnish the school with a criminal record summary as described in Section 44237.

(G) The means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted.

(H) Admission requirements, if applicable.

(I) The manner in which annual, independent, financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.

(J) The procedures by which pupils can be suspended or expelled.

(K) The manner by which staff members of the charter schools will be covered by the State Teachers’ Retirement System, the Public Employees’ Retirement System, or federal social security.

(L) The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools.

(M) A description of the rights of any employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.

(N) The procedures to be followed by the charter school and the entity granting the charter to resolve disputes relating to provisions of the charter.

(O) A declaration whether or not the charter school shall be deemed the exclusive public school employer of the employees of the charter school for the purposes of the Educational Employment Relations Act

(Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code).

(P) A description of the procedures to be used if the charter school closes. The procedures shall ensure a final audit of the school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records.

(c) (1) Charter schools shall meet all statewide standards and conduct the pupil assessments required pursuant to Sections 60605 and 60851 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in noncharter public schools.

(2) Charter schools shall, on a regular basis, consult with their parents, guardians, and teachers regarding the school's educational programs.

(d) (1) In addition to any other requirement imposed under this part, a charter school shall be nonsectarian in its programs, admission policies, employment practices, and all other operations, shall not charge tuition, and shall not discriminate against any pupil on the basis of ethnicity, national origin, gender, or disability. Except as provided in paragraph (2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of his or her parent or guardian, within this state, except that any existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that public school.

(2) (A) A charter school shall admit all pupils who wish to attend the school.

(B) However, if the number of pupils who wish to attend the charter school exceeds the school's capacity, attendance, except for existing pupils of the charter school, shall be determined by a public random drawing. Preference shall be extended to pupils currently attending the charter school and pupils who reside in the district except as provided for in Section 47614.5. Other preferences may be permitted by the chartering authority on an individual school basis and only if consistent with the law.

(C) In the event of a drawing, the chartering authority shall make reasonable efforts to accommodate the growth of the charter school and, in no event, shall take any action to impede the charter school from expanding enrollment to meet pupil demand.

(3) If a pupil is expelled or leaves the charter school without graduating or completing the school year for any reason, the charter school shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including

a transcript of grades or report card, and health information. This paragraph applies only to pupils subject to compulsory full-time education pursuant to Section 48200.

(e) The governing board of a school district shall not require any employee of the school district to be employed in a charter school.

(f) The governing board of a school district shall not require any pupil enrolled in the school district to attend a charter school.

(g) The governing board of a school district shall require that the petitioner or petitioners provide information regarding the proposed operation and potential effects of the school, including, but not limited to, the facilities to be utilized by the school, the manner in which administrative services of the school are to be provided, and potential civil liability effects, if any, upon the school and upon the school district. The description of the facilities to be used by the charter school shall specify where the school intends to locate. The petitioner or petitioners shall also be required to provide financial statements that include a proposed first-year operational budget, including startup costs, and cashflow and financial projections for the first three years of operation.

(h) In reviewing petitions for the establishment of charter schools within the school district, the school district governing board shall give preference to petitions that demonstrate the capability to provide comprehensive learning experiences to pupils identified by the petitioner or petitioners as academically low achieving pursuant to the standards established by the department under Section 54032.

(i) Upon the approval of the petition by the governing board of the school district, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition, to the applicable county superintendent of schools, the department, and the State Board of Education.

(j) (1) If the governing board of a school district denies a petition, the petitioner may elect to submit the petition for the establishment of a charter school to the county board of education. The county board of education shall review the petition pursuant to subdivision (b). If the petitioner elects to submit a petition for establishment of a charter school to the county board of education and the county board of education denies the petition, the petitioner may file a petition for establishment of a charter school with the State Board of Education, and the state board may approve the petition, in accordance with subdivision (b). Any charter school that receives approval of its petition from a county board of education or from the State Board of Education on appeal shall be subject to the same requirements concerning geographic location that it would otherwise be subject to if it receives approval from the entity to whom it originally submits its petition. A charter petition that is submitted to

either a county board of education or to the State Board of Education shall meet all otherwise applicable petition requirements, including the identification of the proposed site or sites where the charter school will operate.

(2) In assuming its role as a chartering agency, the State Board of Education shall develop criteria to be used for the review and approval of charter school petitions presented to the State Board of Education. The criteria shall address all elements required for charter approval, as identified in subdivision (b) and shall define “reasonably comprehensive” as used in paragraph (5) of subdivision (b) in a way that is consistent with the intent of this part. Upon satisfactory completion of the criteria, the State Board of Education shall adopt the criteria on or before June 30, 2001.

(3) A charter school for which a charter is granted by either the county board of education or the State Board of Education based on an appeal pursuant to this subdivision shall qualify fully as a charter school for all funding and other purposes of this part.

(4) If either the county board of education or the State Board of Education fails to act on a petition within 120 days of receipt, the decision of the governing board of the school district, to deny a petition shall, thereafter, be subject to judicial review.

(5) The State Board of Education shall adopt regulations implementing this subdivision.

(6) Upon the approval of the petition by the county board of education, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition to the department and the State Board of Education.

(k) (1) The State Board of Education may, by mutual agreement, designate its supervisory and oversight responsibilities for a charter school approved by the State Board of Education to any local education agency in the county in which the charter school is located or to the governing board of the school district that first denied the petition.

(2) The designated local education agency shall have all monitoring and supervising authority of a chartering agency, including, but not limited to, powers and duties set forth in Section 47607, except the power of revocation, which shall remain with the State Board of Education.

(3) A charter school that has been granted its charter through an appeal to the State Board of Education and elects to seek renewal of its charter shall, prior to expiration of the charter, submit its petition for renewal to the governing board of the school district that initially denied the charter. If the governing board of the school district denies the school’s petition for renewal, the school may petition the State Board of Education for renewal of its charter.

(l) Teachers in charter schools shall hold a Commission on Teacher Credentialing certificate, permit, or other document equivalent to that which a teacher in other public schools would be required to hold. These documents shall be maintained on file at the charter school and are subject to periodic inspection by the chartering authority. It is the intent of the Legislature that charter schools be given flexibility with regard to noncore, noncollege preparatory courses.

(m) A charter school shall transmit a copy of its annual, independent, financial audit report for the preceding fiscal year, as described in subparagraph (I) of paragraph (5) of subdivision (b), to its chartering entity, the Controller, the county superintendent of schools of the county in which the charter school is sited, unless the county board of education of the county in which the charter school is sited is the chartering entity, and the department by December 15 of each year. This subdivision does not apply if the audit of the charter school is encompassed in the audit of the chartering entity pursuant to Section 41020.

SEC. 3. Section 47605.6 of the Education Code is amended to read:

47605.6. (a) (1) In addition to the authority provided by Section 47605.5, a county board of education may also approve a petition for the operation of a charter school that operates at one or more sites within the geographic boundaries of the county and that provides instructional services that are not generally provided by a county office of education. A county board of education may only approve a countywide charter if it finds, in addition to the other requirements of this section, that the educational services to be provided by the charter school will offer services to a pupil population that will benefit from those services and that cannot be served as well by a charter school that operates in only one school district in the county. A petition for the establishment of a countywide charter school pursuant to this subdivision may be circulated throughout the county by any one or more persons seeking to establish the charter school. The petition may be submitted to the county board of education for review after either of the following conditions are met:

(A) The petition has been signed by a number of parents or guardians of pupils residing within the county that is equivalent to at least one-half of the number of pupils that the charter school estimates will enroll in the school for its first year of operation and each of the school districts where the charter school petitioner proposes to operate a facility has received at least 30 days notice of the petitioner's intent to operate a school pursuant to this section.

(B) The petition has been signed by a number of teachers that is equivalent to at least one-half of the number of teachers that the charter school estimates will be employed at the school during its first year of operation and each of the school districts where the charter school

petitioner proposes to operate a facility has received at least 30 days notice of the petitioner's intent to operate a school pursuant to this section.

(2) An existing public school may not be converted to a charter school in accordance with this section.

(3) After receiving approval of its petition, a charter school that proposes to establish operations at additional sites within the geographic boundaries of the county board of education shall notify the school districts where those sites will be located. The charter school shall also request a material revision of its charter by the county board of education that approved its charter and the county board shall consider whether to approve those additional locations at an open, public meeting, held no sooner than 30 days following notification of the school districts where the sites will be located. If approved, the location of the approved sites shall be a material revision of the school's approved charter.

(4) A petition shall include a prominent statement indicating that a signature on the petition means that the parent or guardian is meaningfully interested in having his or her child or ward attend the charter school, or in the case of a teacher's signature, means that the teacher is meaningfully interested in teaching at the charter school. The proposed charter shall be attached to the petition.

(b) No later than 60 days after receiving a petition, in accordance with subdivision (a), the county board of education shall hold a public hearing on the provisions of the charter, at which time the county board of education shall consider the level of support for the petition by teachers, parents or guardians, and the school districts where the charter school petitioner proposes to place school facilities. Following review of the petition and the public hearing, the county board of education shall either grant or deny the charter within 90 days of receipt of the petition. However, this date may be extended by an additional 30 days if both parties agree to the extension. A county board of education may impose any additional requirements beyond those required by this section that it considers necessary for the sound operation of a countywide charter school. A county board of education may grant a charter for the operation of a school under this part only if the board is satisfied that granting the charter is consistent with sound educational practice and that the charter school has reasonable justification for why it could not be established by petition to a school district pursuant to Section 47605. The county board of education shall deny a petition for the establishment of a charter school if the board finds, one or more of the following:

(1) The charter school presents an unsound educational program for the pupils to be enrolled in the charter school.

(2) The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.

(3) The petition does not contain the number of signatures required by subdivision (a).

(4) The petition does not contain an affirmation of each of the conditions described in subdivision (d).

(5) The petition does not contain reasonably comprehensive descriptions of all of the following:

(A) (i) A description of the educational program of the school, designed, among other things, to identify those pupils whom the school is attempting to educate, what it means to be an “educated person” in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.

(ii) If the proposed charter school will enroll high school pupils, a description of the manner in which the charter school will inform parents regarding the transferability of courses to other public high schools. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered to be transferable to other public high schools.

(iii) If the proposed charter school will enroll high school pupils, information as to the manner in which the charter school will inform parents as to whether each individual course offered by the charter school meets college entrance requirements. Courses approved by the University of California or the California State University as satisfying their prerequisites for admission may be considered as meeting college entrance requirements for purposes of this clause.

(B) The measurable pupil outcomes identified for use by the charter school. “Pupil outcomes,” for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school’s educational program.

(C) The method by which pupil progress in meeting those pupil outcomes is to be measured.

(D) The location of each charter school facility that the petitioner proposes to operate.

(E) The governance structure of the school, including, but not limited to, the process to be followed by the school to ensure parental involvement.

(F) The qualifications to be met by individuals to be employed by the school.

(G) The procedures that the school will follow to ensure the health and safety of pupils and staff. These procedures shall include the

requirement that each employee of the school furnish the school with a criminal record summary as described in Section 44237.

(H) The means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted.

(I) The manner in which annual, independent, financial audits shall be conducted, in accordance with regulations established by the State Board of Education, and the manner in which audit exceptions and deficiencies shall be resolved.

(J) The procedures by which pupils can be suspended or expelled.

(K) The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security.

(L) The procedures to be followed by the charter school and the county board of education to resolve disputes relating to provisions of the charter.

(M) A declaration whether or not the charter school shall be deemed the exclusive public school employer of the employees of the charter school for the purposes of the Educational Employment Relations Act (Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code).

(N) Admission requirements, of the charter school, if applicable.

(O) The public school attendance alternatives for pupils residing within the county who choose not to attend the charter school.

(P) A description of the rights of an employee of the county office of education, upon leaving the employment of the county office of education, to be employed by the charter school, and a description of any rights of return to the county office of education that an employee may have upon leaving the employ of the charter school.

(Q) A description of the procedures to be used if the charter school closes. The procedures shall ensure a final audit of the school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of public records.

(6) Any other basis that the board finds justifies the denial of the petition.

(c) A county board of education that approves a petition for the operation of a countywide charter may, as a condition of charter approval, enter into an agreement with a third party, at the expense of the charter school, to oversee, monitor, and report to the county board of education on the operations of the charter school. The county board of education may prescribe the aspects of the charter school's operations to be monitored by the third party and may prescribe appropriate requirements

regarding the reporting of information concerning the operations of the charter school to the county board of education.

(d) (1) Charter schools shall meet all statewide standards and conduct the pupil assessments required pursuant to Section 60605 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in noncharter public schools.

(2) Charter schools shall on a regular basis consult with their parents and teachers regarding the school's educational programs.

(e) (1) In addition to any other requirement imposed under this part, a charter school shall be nonsectarian in its programs, admission policies, employment practices, and all other operations, shall not charge tuition, and shall not discriminate against any pupil on the basis of ethnicity, national origin, gender, or disability. Except as provided in paragraph (2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of his or her parent or guardian, within this state.

(2) (A) A charter school shall admit all pupils who wish to attend the school.

(B) However, if the number of pupils who wish to attend the charter school exceeds the school's capacity, attendance, except for existing pupils of the charter school, shall be determined by a public random drawing. Preference shall be extended to pupils currently attending the charter school and pupils who reside in the county except as provided for in Section 47614.5. Other preferences may be permitted by the chartering authority on an individual school basis and only if consistent with the law.

(C) In the event of a drawing, the county board of education shall make reasonable efforts to accommodate the growth of the charter school and, in no event, shall take any action to impede the charter school from expanding enrollment to meet pupil demand.

(f) No county board of education shall require any employee of the county or a school district to be employed in a charter school.

(g) No county board of education shall require any pupil enrolled in a county program to attend a charter school.

(h) The county board of education shall require that the petitioner or petitioners provide information regarding the proposed operation and potential effects of the school, including, but not limited to, the facilities to be utilized by the school, the manner in which administrative services of the school are to be provided, and potential civil liability effects, if any, upon the school, any school district where the charter school may operate and upon the county board of education. The petitioner or petitioners shall also be required to provide financial statements that include a proposed first-year operational budget, including startup costs,

and cashflow and financial projections for the first three years of operation.

(i) In reviewing petitions for the establishment of charter schools within the county, the county board of education shall give preference to petitions that demonstrate the capability to provide comprehensive learning experiences to pupils identified by the petitioner or petitioners as academically low-achieving pursuant to the standards established by the State Department of Education under Section 54032.

(j) Upon the approval of the petition by the county board of education, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition, to the school districts within the county, the Superintendent of Public Instruction and to the State Board of Education.

(k) If a county board of education denies a petition, the petitioner may not elect to submit the petition for the establishment of the charter school to the State Board of Education.

(l) Teachers in charter schools shall be required to hold a Commission on Teacher Credentialing certificate, permit, or other document equivalent to that which a teacher in other public schools would be required to hold. These documents shall be maintained on file at the charter school and shall be subject to periodic inspection by the chartering authority.

(m) A charter school shall transmit a copy of its annual, independent, financial audit report for the preceding fiscal year, as described in subparagraph (I) of paragraph (5) of subdivision (b), to the County Office of Education, State Controller and the State Department of Education by December 15 of each year. This subdivision shall not apply if the audit of the charter school is encompassed in the audit of the chartering entity pursuant to Section 41020.

SEC. 4. Section 47607 of the Education Code is amended to read:

47607. (a) (1) A charter may be granted pursuant to Sections 47605, 47605.5, and 47606 for a period not to exceed five years. A charter granted by a school district governing board, a county board of education or the State Board of Education, may be granted one or more subsequent renewals by that entity. Each renewal shall be for a period of five years. A material revision of the provisions of a charter petition may be made only with the approval of the authority that granted the charter. The authority that granted the charter may inspect or observe any part of the charter school at any time.

(2) Renewals and material revisions of charters shall be governed by the standards and criteria in Section 47605, and shall include, but not be limited to, a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed.

(b) Commencing on January 1, 2005, or after a charter school has been in operation for four years, whichever is later, a charter school shall meet at least one of the following criteria prior to receiving a charter renewal pursuant to paragraph (1) of subdivision (a):

(1) Attained its Academic Performance Index (API) growth target in the prior year or in two of the last three years, or in the aggregate for the prior three years.

(2) Ranked in deciles 4 to 10, inclusive, on the API in the prior year or in two of the last three years.

(3) Ranked in deciles 4 to 10, inclusive, on the API for a demographically comparable school in the prior year or in two of the last three years.

(4) (A) The entity that granted the charter determines that the academic performance of the charter school is at least equal to the academic performance of the public schools that the charter school pupils would otherwise have been required to attend, as well as the academic performance of the schools in the school district in which the charter school is located, taking into account the composition of the pupil population that is served at the charter school.

(B) The determination made pursuant to this paragraph shall be based upon all of the following:

(i) Documented and clear and convincing data.

(ii) Pupil achievement data from assessments, including, but not limited to, the Standardized Testing and Reporting Program established by Article 4 (commencing with Section 60640) for demographically similar pupil populations in the comparison schools.

(iii) Information submitted by the charter school.

(C) A chartering authority shall submit to the Superintendent of Public Instruction copies of supporting documentation and a written summary of the basis for any determination made pursuant to this paragraph. The Superintendent of Public Instruction shall review the materials and make recommendations to the chartering authority based on that review. The review may be the basis for a recommendation made pursuant to Section 47604.5.

(D) A charter renewal may not be granted to a charter school prior to 30 days after that charter school submits materials pursuant to this paragraph.

(5) Has qualified for an alternative accountability system pursuant to subdivision (h) of Section 52052.

(c) A charter may be revoked by the authority that granted the charter under this chapter if the authority finds that the charter school did any of the following:

(1) Committed a material violation of any of the conditions, standards, or procedures set forth in the charter.

(2) Failed to meet or pursue any of the pupil outcomes identified in the charter.

(3) Failed to meet generally accepted accounting principles, or engaged in fiscal mismanagement.

(4) Violated any provision of law.

(d) Prior to revocation, the authority that granted the charter shall notify the charter public school of any violation of this section and give the school a reasonable opportunity to cure the violation, unless the authority determines, in writing, that the violation constitutes a severe and imminent threat to the health or safety of the pupils.

SEC. 5. Section 47612.5 of the Education Code is amended to read:

47612.5. (a) Notwithstanding any other provision of law and as a condition of apportionment, a charter school shall do all of the following:

(1) For each fiscal year, offer, at a minimum, the following number of minutes of instruction:

(A) To pupils in kindergarten, 36,000 minutes.

(B) To pupils in grades 1 to 3, inclusive, 50,400 minutes.

(C) To pupils in grades 4 to 8, inclusive, 54,000 minutes.

(D) To pupils in grades 9 to 12, inclusive, 64,800 minutes.

(2) Maintain written contemporaneous records that document all pupil attendance and make these records available for audit and inspection.

(3) Certify that its pupils have participated in the state testing programs specified in Chapter 5 (commencing with Section 60600) of Part 33 in the same manner as other pupils attending public schools as a condition of apportionment of state funding.

(b) Notwithstanding any other provision of law and except to the extent inconsistent with this section and Section 47634.2, a charter school that provides independent study shall comply with Article 5.5 (commencing with Section 51745) of Chapter 5 of Part 28 and implementing regulations adopted thereunder. The State Board of Education shall adopt regulations that apply this article to charter schools. To the extent that these regulations concern the qualifications of instructional personnel, the State Board of Education shall be guided by subdivision (l) of Section 47605.

(c) A reduction in apportionment made pursuant to subdivision (a) shall be proportional to the magnitude of the exception that causes the reduction. For purposes of paragraph (1) of subdivision (a), for each charter school that fails to offer pupils the minimum number of minutes of instruction specified in that paragraph, the Superintendent shall withhold from the charter school's apportionment for average daily attendance of the affected pupils, by grade level, the sum of that

apportionment multiplied by the percentage of the minimum number of minutes of instruction at each grade level that the charter school failed to offer.

(d) (1) Notwithstanding any other provision of law and except as provided in paragraph (1) of subdivision (e), a charter school that has an approved charter may receive funding for nonclassroom-based instruction only if a determination for funding is made pursuant to Section 47634.2 by the State Board of Education. The determination for funding shall be subject to any conditions or limitations the State Board of Education may prescribe. The State Board of Education shall adopt regulations on or before February 1, 2002, that define and establish general rules governing nonclassroom-based instruction that apply to all charter schools and to the process for determining funding of nonclassroom-based instruction by charter schools offering nonclassroom-based instruction other than the nonclassroom-based instruction allowed by paragraph (1) of subdivision (e). Nonclassroom-based instruction includes, but is not limited to, independent study, home study, work study, and distance and computer-based education. In prescribing any conditions or limitations relating to the qualifications of instructional personnel, the State Board of Education shall be guided by subdivision (l) of Section 47605.

(2) Except as provided in paragraph (2) of subdivision (b) of Section 47634.2, a charter school that receives a determination pursuant to subdivision (b) of Section 47634.2 is not required to reapply annually for a funding determination of its nonclassroom-based instruction program if an update of the information the State Board of Education reviewed when initially determining funding would not require material revision, as that term is defined in regulations adopted by the board. A charter school that has achieved a rank of 6 or greater on the Academic Performance Index for the two years immediately prior to receiving a funding determination pursuant to subdivision (b) of Section 47634.2 shall receive a five-year determination and is not required to annually reapply for a funding determination of its nonclassroom-based instruction program if an update of the information the State Board of Education reviewed when initially determining funding would not require material revision, as that term is defined in regulations adopted by the board. Notwithstanding any provision of law, the State Board of Education may require a charter school to provide updated information at any time it determines that a review of that information is necessary. The State Board of Education may terminate a determination for funding if updated or additional information requested by the board is not made available to the board by the charter school within a reasonable amount of time

or if the information otherwise supports termination. A determination for funding pursuant to Section 47634.2 may not exceed five years.

(3) A charter school that offers nonclassroom-based instruction in excess of the amount authorized by paragraph (1) of subdivision (e) is subject to the determination for funding requirement of Section 47634.2 to receive funding each time its charter is renewed or materially revised pursuant to Section 47607. A charter school that materially revises its charter to offer nonclassroom-based instruction in excess of the amount authorized by paragraph (1) of subdivision (e) is subject to the determination for funding requirement of Section 47634.2.

(e) (1) Notwithstanding any other provision of law, and as a condition of apportionment, “classroom-based instruction” in a charter school, for the purposes of this part, occurs only when charter school pupils are engaged in educational activities required of those pupils and are under the immediate supervision and control of an employee of the charter school who possesses a valid teaching certification in accordance with subdivision (l) of Section 47605. For purposes of calculating average daily attendance for classroom-based instruction apportionments, at least 80 percent of the instructional time offered by the charter school shall be at the schoolsite, and the charter school shall require the attendance of all pupils for whom a classroom-based apportionment is claimed at the schoolsite for at least 80 percent of the minimum instructional time required to be offered pursuant to paragraph (1) of subdivision (a) of Section 47612.5.

(2) For the purposes of this part, “nonclassroom instruction” or “nonclassroom-based instruction” means instruction that does not meet the requirements specified in paragraph (1). The State Board of Education may adopt regulations pursuant to paragraph (1) of subdivision (d) specifying other conditions or limitations on what constitutes nonclassroom-based instruction, as it deems appropriate and consistent with this part.

(3) For purposes of this part, a schoolsite is a facility that is used principally for classroom instruction.

(4) Notwithstanding any other provision of law, neither the State Board of Education, nor the Superintendent may waive the requirements of paragraph (1) of subdivision (a).

SEC. 6. Section 47612.6 is added to the Education Code, to read:

47612.6. (a) The State Board of Education may waive fiscal penalties calculated pursuant to subdivision (c) of Section 47612.5 for a charter school that fails to offer the minimum number of instructional minutes required pursuant to subdivision (a) of Section 47612.5 for the fiscal year.

(b) For fiscal penalties incurred as a result of providing insufficient instructional minutes in the 2002–03 fiscal year, or any fiscal year thereafter, the State Board of Education may grant a waiver only upon the condition that the charter school agrees to maintain minutes of instruction equal to those minutes of instruction it failed to offer and the minimum number of instructional minutes required pursuant to subdivision (a) of Section 47612.5 for twice the number of years that it failed to maintain the required minimum number of instructional minutes for the fiscal year. Compliance with the condition shall commence no later than the school year following the fiscal year that the waiver was granted and shall continue for each subsequent school year until the condition is satisfied.

(c) Compliance with the condition set forth in subdivision (b) shall be verified in the report of the annual audit of the charter school for each fiscal year in which it is required to maintain additional time pursuant to subdivision (b). If the audit report for a year in which the additional time is required to be maintained does not verify that the additional time was provided, the waiver granted pursuant to subdivision (b) shall be revoked and the charter school shall repay the fiscal penalty calculated pursuant to subdivision (c) of Section 47612.5, in accordance with subdivision (a) of Section 41344.

(d) It is the intent of the Legislature that charter schools make every effort to make up any instructional minutes lost during the fiscal year in which the loss occurred rather than seek a waiver pursuant to this section.

SEC. 7. Section 51745.6 of the Education Code is amended to read:

51745.6. (a) The ratio of average daily attendance for independent study pupils 18 years of age or less to school district full-time equivalent certificated employees responsible for independent study, calculated as specified by the State Department of Education, shall not exceed the equivalent ratio of pupils to full-time certificated employees for all other educational programs operated by the school district. The ratio of average daily attendance for independent study pupils 18 years of age or less to county office of education full-time equivalent certificated employees responsible for independent study, to be calculated in a manner prescribed by the State Department of Education, shall not exceed the equivalent ratio of pupils to full-time certificated employees for all other educational programs operated by the high school or unified school district with the largest average daily attendance of pupils in that county. The computation of those ratios shall be performed annually by the reporting agency at the time of, and in connection with, the second principal apportionment report to the Superintendent of Public Instruction.

(b) Only those units of average daily attendance for independent study that reflect a pupil-teacher ratio that does not exceed the ratio described

in subdivision (a) shall be eligible for apportionment pursuant to Section 42238.5, for school districts, and Section 2558, for county offices of education. Nothing in this section shall prevent a school district or county office of education from serving additional units of average daily attendance greater than the ratio described in subdivision (a), except that those additional units shall not be funded pursuant to Section 42238.5 or Section 2558.

(c) The calculations performed for purposes of this section shall not include either of the following:

(1) The average daily attendance generated by special education pupils enrolled in special day classes on a full-time basis, or the teachers of those classes.

(2) The average daily attendance or teachers in necessary small schools that are eligible to receive funding pursuant to Article 4 (commencing with Section 42280) of Chapter 7 of Part 24.

(d) The pupil-teacher ratio described in subdivision (a) in a unified school district participating in the class size reduction program pursuant to Chapter 6.10 (commencing with Section 52120) may, at the school district's option, be calculated separately for kindergarten and grades 1 to 6, inclusive, and for grades 7 to 12, inclusive.

(e) The pupils-to-certificated-employee ratio described in subdivision (a) may, in a charter school, be calculated by using a fixed pupils-to-certificated-employee ratio of 25 to one, or by being a ratio of less than 25 pupils per certificated employee. All charter school pupils, regardless of age, shall be included in pupil-to-certificated-employee ratio calculations.

SEC. 8. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 545

An act to amend Section 103627 of, and to add and repeal Section 103627.5 of, the Health and Safety Code, and to amend Section 18309 of the Welfare and Institutions Code, relating to domestic violence.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 103627 of the Health and Safety Code is amended to read:

103627. (a) (1) The Alameda County Board of Supervisors , upon making findings and declarations supporting the need for governmental oversight and coordination of the multiple agencies dealing with domestic violence, may authorize an increase in the fees for certified copies of marriage certificates, birth certificates, fetal death records, and death records, up to a maximum increase of two dollars (\$2).

(2) The City Council of the City of Berkeley, upon making findings and declarations supporting the need for governmental oversight and coordination of the multiple agencies dealing with domestic violence, may authorize an increase in the fees for certified copies of birth certificates, fetal death records, and death records, up to a maximum increase of two dollars (\$2).

(b) Effective July 1 of each year, the Alameda County Board of Supervisors and the City Council of the City of Berkeley may authorize

an increase in these fees by an amount equal to the increase in the Consumer Price Index for the San Francisco metropolitan area for the preceding calendar year, rounded to the nearest half-dollar (\$0.50). The fees shall be disposed of pursuant to the provisions of Section 18309 of the Welfare and Institutions Code.

(c) In addition to the fees prescribed by subdivisions (a) and (b), any applicant for a certified copy of a birth certificate, a fetal death record, or death record in Alameda County or in the City of Berkeley shall pay an additional fee to the local registrar, county recorder, or county clerk, as applicable, as established by the Alameda County Board of Supervisors or the City Council of the City of Berkeley.

(d) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute deletes or extends that date.

SEC. 2. Section 103627.5 is added to the Health and Safety Code, to read:

103627.5. If it elects to increase fees pursuant to Section 103627, the City Council of the City of Berkeley shall submit a report to the Assembly Committee on Judiciary and the Senate Committee on Judiciary, by no later than July 1, 2009, that contains the following information:

The county may retain up to 4 percent of the funds for administrative costs associated with the collection and segregation of the additional fees and the deposit of these fees into the special fund. Proceeds from the fund shall be used for governmental oversight and coordination of domestic violence and family violence prevention, intervention, and prosecution efforts among the court system, the district attorney's office, the public defender's office, law enforcement, the probation department, mental

health, substance abuse, child welfare services, adult protective services, and community-based organizations and other agencies working in Alameda County in order to increase the effectiveness of prevention, early intervention, and prosecution of domestic and family violence.

(b) The City Council of the City of Berkeley shall direct the local registrar to deposit fees collected pursuant to Section 103627 of the Health and Safety Code into a special fund. The city may retain up to 4 percent of the funds for administrative costs associated with the collection and segregation of the additional fees and the deposit of these fees into the special fund. Proceeds from the fund shall be used for governmental oversight and coordination of domestic violence and family violence prevention and intervention efforts, including law enforcement, mental health, public health, substance abuse, victim advocacy, community education, and housing, in order to increase the effectiveness of prevention, early intervention, and prosecution of domestic and family violence.

(c) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute deletes or extends that date.

SEC. 4. Due to the unique circumstances of the City of Berkeley with respect to domestic violence, the Legislature hereby finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution. Therefore, the special legislation contained in this act is necessarily applicable only in the City of Berkeley.

(b) In any accusatory pleading charging a violation of this section, if the defendant has been once previously convicted of a violation of any subdivision of this section, the previous conviction shall be charged in the accusatory pleading, and, if the previous conviction is found to be true by the jury, upon a jury trial, or by the court, upon a court trial, or is admitted by the defendant, the defendant shall, if he or she is not imprisoned in the state prison, be imprisoned in the county jail for a period of not more than one year and pay a fine of not less than one thousand dollars (\$1,000) and not to exceed ten thousand dollars (\$10,000). Nothing in this paragraph shall prohibit a court from placing a person subject to this subdivision on probation. However, that person shall be required to pay a fine of not less than one thousand dollars (\$1,000) nor more than ten thousand dollars (\$10,000) or be imprisoned in the county jail for a period of not more than one year, as a condition thereof. In no event does the court have the power to absolve a person convicted pursuant to this subdivision from either being imprisoned or from paying a fine of not less than one thousand dollars (\$1,000) and not more than ten thousand dollars (\$10,000).

(c) In any accusatory pleading charging a violation of this section, if the defendant has been previously convicted two or more times of a violation of any subdivision of this section, each previous conviction shall be charged in the accusatory pleadings. (e) This section applies not only to persons who commit any of the acts designated in paragraphs (1) to (6), inclusive, of subdivision (a), as a business or occupation, but also applies to every person who in a single instance engages in any one of the acts specified in paragraphs (1) to (6), inclusive, of subdivision (a).

SEC. 5. Section 337d of the Penal Code is amended to read:

A second offense of this section is a felony and shall be punished by imprisonment in the state prison or by a fine of not more than fifteen thousand dollars (\$15,000), or by both imprisonment and fine.

SEC. 6. Section 337j of the Penal Code is amended to read:

337j. (a) It is unlawful for any person, as owner, lessee, or employee, whether for hire or not, either solely or in conjunction with others, to do any of the following without having first procured and thereafter maintained in effect all federal, state, and local licenses required by law:

(1) To deal, operate, carry on, conduct, maintain, or expose for play in this state any controlled game.

(2) To receive, directly or indirectly, any compensation or reward or any percentage or share of the revenue, for keeping, running, or carrying on any controlled game.

(3) To manufacture, distribute, or repair any gambling equipment within the boundaries of this state, or to receive, directly or indirectly, any compensation or reward for the manufacture, distribution, or repair of any gambling equipment within the boundaries of this state.

(b) It is unlawful for any person to knowingly permit any controlled game to be conducted, operated, dealt, or carried on in any house or building or other premises that he or she owns or leases, in whole or in part, if that activity is undertaken by a person who is not licensed as required by state law, or by an employee of that person.

(c) It is unlawful for any person to knowingly permit any gambling equipment to be manufactured, stored, or repaired in any house or building or other premises that the person owns or leases, in whole or in part, if that activity is undertaken by a person who is not licensed as required by state law, or by an employee of that person.

(d) Any person who violates, attempts to violate, or conspires to violate this section shall be punished by imprisonment in a county jail for not more than one year or by a fine of not more than ten thousand dollars (\$10,000), or by both imprisonment and fine. A second offense of this section is punishable by imprisonment in a county jail for a period of not more than one year or in the state prison or by a fine of not more than ten thousand dollars (\$10,000), or by both imprisonment and fine.

(e) (1) As used in this section, "controlled game" means any poker or Pai Gow game, and any other game played with cards or tiles, or both, and approved by the Division of Gambling Control, and any game of chance, including any gambling device, played for currency, check, credit, or any other thing of value that is not prohibited and made unlawful by statute or local ordinance.

(2) As used in this section, "controlled game" does not include any of the following:

(A) The game of bingo conducted pursuant to Section 326.5.

(B) Parimutuel racing on horse races regulated by the California Horse Racing Board.

(C) Any lottery game conducted by the California State Lottery.

(D) Games played with cards in private homes or residences, in which no person makes money for operating the game, except as a player.

(f) This subdivision is intended to be dispositive of the law relating to the collection of player fees in gambling establishments. A fee may not be calculated as a fraction or percentage of wagers made or winnings earned. The amount of fees charged for all wagers shall be determined prior to the start of play of any hand or round. However, the gambling establishment may waive collection of the fee or portion of the fee in any hand or round of play after the hand or round has begun pursuant to the published rules of the game and the notice provided to the public.

The actual collection of the fee may occur before or after the start of play. Ample notice shall be provided to the patrons of gambling establishments relating to the assessment of fees. Flat fees on each wager may be assessed at different collection rates, but no more than three collection rates may be established per table. However, if the gambling establishment waives its collection fee, this fee does not constitute one of the three collection rates.

SEC. 7. Section 337z of the Penal Code is amended to read:

337z. (a) Any person who violates Section 337u, 337v, 337w, 337x, or 337y shall be punished as follows:

(b) A person who attempts to violate Section 337u, 337v, 337w, 337x, or 337y shall be punished in the same manner as the underlying crime.

(c) This section does not preclude prosecution under Section 332 or any other provision of law.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 547

An act to amend Sections 45240, 45262, 45272.5, 45277.5, 45278, and 45387 of the Education Code, relating to classified school employees.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 45240 of the Education Code is amended to read:

45240. A school district that adopts the provisions of this article in accordance with Section 45222 or 45224.5 shall appoint a personnel commission in the manner prescribed in Sections 45245, 45246 and 45247. The personnel commission shall appoint a director in the manner provided in Section 45264 after appointment of at least two members.

SEC. 2. Section 45262 of the Education Code is amended to read:

45262. (a) The rules of the commission and copies of this article shall be printed and made available or electronically transmitted to each school, office, and permanent worksite where employees report, and shall be distributed to school libraries for loan to employees.

(b) Within one year of the adoption of the merit system, the commission shall adopt rules pursuant to Section 45260 and shall give to each new regular employee a handbook that summarizes the basic rules and working conditions for classified employees and provides information regarding access to copies of the complete rules and the merit system.

SEC. 3. Section 45272.5 of the Education Code is amended to read:

45272.5. (a) Notwithstanding subdivision (a) of Section 45272, in a school district with a pupil population over 400,000, an appointment for an open, entry-level, school-based position, may be made from any rank on the eligibility list. However, in making appointments pursuant to this section, at least three eligible candidates from the list, if available, shall be considered and appointing authorities shall consider job-related background and training that are related to successful job performance, placement on the eligibility lists, and seniority, prior to making a job offer.

(b) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 4. Section 45277.5 of the Education Code is amended to read:

45277.5. Notwithstanding Section 45277, in a school district with a pupil population of over 400,000 the following shall apply:

(a) An appointment may be made from other than the first three ranks of eligible applicants on the eligibility list if one or more of the following are required for successful job performance of a position to be filled:

(1) The ability to speak, read, or write a language in addition to English.

(2) A valid driver's license.

(3) Specialized licenses, certifications, knowledge, or ability, as determined by the school district personnel commission, that cannot reasonably be acquired during the probationary period.

(4) A specific gender if it is a bona fide occupational qualification.

(b) The recruitment bulletin announcing the examination shall indicate the special requirements that may be necessary for filling one or more of the positions in the classification. If a position is to be filled using the authority of this section, the appointment shall be made from among the highest three ranks of eligible candidates on the appropriate eligibility list who meet the special requirements of the position and who are ready and willing to accept the position.

(c) If there are insufficient applicants who meet the special requirements, an employee who meets the special requirements may receive provisional appointments which may accumulate to a total of 90 working days. Successive provisional appointments of 90 working days or less each may be made in the absence of an appropriate eligibility list containing applicants who meet the special requirements if the personnel commission finds that the requirements of subdivisions (a) and (b) of Section 45288 have been met. These appointments may continue for the period of the provisional appointment, but may not be additionally extended if certification can later be made from an appropriate eligibility list.

(d) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 5. Section 45278 of the Education Code is amended to read:

45278. (a) Written notices concerning tests, vacancies, transfer opportunities, and other selections of shifts, positions, assignments, classifications, or locations shall be posted at all work locations of employees who may be affected, not later than 15 working days prior to the closing date of filing appropriate applications, together with the normal use of newspapers and bulletins for public notice for open or promotional vacancies. If the subject of those notices affects a probationary or permanent classified employee who will not be reporting at his or her work location during periods when that employee is not normally required to work, including Christmas, Easter, summer recesses, and other paid or unpaid leaves of absences, including vacations, and who has previously requested notification, those notices shall be mailed to the employee. However, the failure of an employee to receive that notice shall not invalidate any procedure, if in fact the notice was placed in the U.S. mail and postage paid.

(b) (1) Subdivision (a) does not apply to a school district that publishes and distributes to all work locations examination bulletins at least once each month, provided that records of employee requests for transfer and change of location are maintained and that the names of all candidates for transfer and change of location to a vacancy are certified

to the appointing authority along with names of appropriate applicants from employment lists.

(2) A school district may publish and distribute pursuant to paragraph (1) by electronic means.

(c) The personnel commission shall establish procedures for the maintenance of employee requests for transfer, change of location, change of shift, and notification of forthcoming examinations.

SEC. 6. Section 45387 of the Education Code is amended to read:

45387. (a) The governing board of a school district may grant reimbursement of the costs, including tuition fees, to a permanent classified employee who satisfactorily completes approved training to improve his or her job knowledge, ability, or skill. Programs eligible for that reimbursement shall include courses of study at approved academic institutions, seminars and training institutes conducted by recognized professional associations, and conferences, meetings and other training programs that are designed to upgrade the classified service and to encourage retraining of employees who may otherwise be subject to layoff as the result of technological changes. Eligibility for reimbursement shall be in accordance with rules established by the personnel commission in those districts that have adopted a merit system. This section does not apply to an employee who is receiving training and is eligible for reimbursement by another governmental agency, organization, or association.

(b) The governing board of a school district may permit a permanent classified employee to attend a minimum of one schoolday each year, during working hours, for job-related in-service training, with pay.

SEC. 7. It is the intent of the Legislature that because of the unique size of the Los Angeles Unified School District, and to maintain consistency with the merit system provisions of the Education Code, Sections 45272.5 and 45277.5 of the Education Code shall not be expanded to include school districts with a pupil population of 400,000 or less.

CHAPTER 548

An act to add Sections 14132.101 and 14132.102 to the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 14132.101 is added to the Welfare and Institutions Code, to read:

14132.101. (a) Notwithstanding paragraphs (4) and (5) of subdivision (e) of Section 14132.100, a scope-of-service change request, whether mandatory or permissive, shall be timely when filed within 150 days following the beginning of the federally qualified health center's or rural health clinic's fiscal year following the year in which the change occurred.

(b) Notwithstanding subdivision (a), and notwithstanding subdivision (e) of Section 14132.100, a federally qualified health center described in Section 14132.102 shall be deemed to have filed a scope-of-service change in a timely manner upon compliance with the requirements set forth in subdivision (c) of Section 14132.102.

SEC. 2. Section 14132.102 is added to the Welfare and Institutions Code, to read:

14132.102. (a) With the exception of clinics and hospital outpatient departments that are subject to Section 14105.24, federally qualified health centers (FQHCs) that are receiving cost-based reimbursement under the terms of the Los Angeles County 1115 Waiver Demonstration Project on June 30, 2005, shall be required to transition to a prospective payment system (PPS) rate upon expiration of that waiver. These FQHCs shall be referred to in this section as "Los Angeles cost-based FQHCs."

(b) For visits occurring on or after July 1, 2005, Los Angeles cost-based FQHCs shall receive a PPS rate equivalent to the following:

(1) FQHC sites that were in existence during the FQHC's 2000 fiscal year shall be permitted to elect their 2000 per-visit rates or the average of the 1999 and 2000 per-visit rates as reported on the cost reports submitted for those fiscal years adjusted as described in subdivision (c).

(2) FQHC sites that were first qualified as an FQHC after the site's 2000 fiscal year shall receive a base rate equivalent to the first full fiscal year rate, as audited on the cost report submitted for that fiscal year and adjusted as described in subdivision (c).

(3) Sites that were first qualified as an FQHC after the site's 2000 fiscal year, and that have not yet filed a cost report for their first full fiscal year shall have a rate set in accordance with subdivision (i) of Section 14132.100 and adjusted as described in subdivision (c).

(c) The base rates described in this section shall be adjusted in the manner described in subdivision (d), paragraphs (1), (2), (3), and (7) of subdivision (e), and subdivision (f) of Section 14132.100.

(d) For Los Angeles cost-based FQHCs, as defined in subdivision (a), no new cost reports shall be required in order to claim

scope-of-service changes occurring in fiscal years prior to July 1, 2005. Only the following information shall be required by the department:

(1) A description of the events triggering any applicable rate changes in the form of Worksheet 1 of the Change in Scope-of-Service Request form developed for fiscal years 2004 and thereafter, modified to identify the applicable fiscal year in which the scope change occurred.

(2) The two worksheets to the Change in Scope-of-Service Request form summarizing the health center's health care practitioners and services for the applicable fiscal year or years.

(e) Change in Scope-of-Service Request forms for changes occurring prior to July 1, 2005, shall be filed with the department no later than July 1, 2006, and shall be deemed to have been filed only when both the Medi-Cal cost report for the applicable period and the referenced Change in Scope-of-Service Request form worksheets have been filed with the department. The date of filing shall be the date on which either the Medi-Cal cost report or the referenced Change in Scope-of-Service Request forms are received by the department, whichever is later.

(f) Notwithstanding Section 14132.107, the department shall calculate a tentative scope-of-service rate adjustment based on 80 percent of the difference in the "as reported" scope-of-service per visit cost. This adjustment shall occur no later than 150 days after receipt of the Medi-Cal cost report and the referenced Change in Scope-of-Service Request forms. Within 12 months after receipt of request forms, the department shall complete its FQHC fiscal year audit of the Medi-Cal cost report and associated Change in Scope-of-Service Request and final rate adjustment pursuant to that audit. The final rate adjustment will be retroactive to July 1, 2005. Nothing in this subdivision shall be construed to extend the time period for review and finalization of cost reports as set forth in Section 14170.

(g) The department shall, by no later than March 30, 2006, promptly seek all necessary federal approvals in order to implement this section, including any amendments to the state plan. To the extent that any element or requirement of this section is not approved, the department shall submit a request to the federal Centers for Medicare and Medicaid Services for any waivers that would be necessary to implement this section.

(h) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and only to the extent that all necessary federal approvals are obtained and there is an appropriation for the purposes of implementing this section, the

department may implement this section without taking any regulatory action and by means of a provider bulletin or similar instructions.

SEC. 3. Section 19462 of the Welfare and Institutions Code is amended to read:

The department shall guarantee any loan made pursuant to this article at 100 percent of the total amount of principal and interest of the loan in default. The department shall establish the ratio of reserve funds to loans outstanding. The effective interest rate to the borrower shall be a percent per annum, which is less than the fair market interest rate at the time the loan guarantee request is considered by the department, and which is based upon the ability of the borrower to pay, as determined by the department. When an application for a loan guarantee is approved by the department, the differential interest between the percent per annum approved by the department and the rate charged by the participating lender shall be prepaid by the department to the participating lender out of the Rehabilitation Revolving Loan Guarantee Fund. 19471. (a) The department may apply for a federal grant award through the federal alternative financing program established pursuant to subparagraph (D) of paragraph (2) of subsection (b) of Section 3003 of Title 29 of the United States Code and may use funds in the Rehabilitation Revolving Loan Guarantee Fund, established pursuant to Section 19460, as the match for these federal grant funds. The department may comply with applicable federal grant requirements, including, to the extent required, contracting with a community-based, nonprofit organization that has individuals with disabilities involved in the

organization decisionmaking at all organizational levels, to administer the alternative financing program.

(b) The department may do all of the following:

(1) Select a community-based organization with which to contract based upon consideration of criteria, including, but not limited to, the organization's sound fiscal condition and internal controls.

(2) Monitor and audit performance by the organization under the contract to minimize the risk of loss to the loan guarantee program of loan defaults.

(3) Terminate the contract in the event the department determines that the organization has not complied with the contract terms or has not prudently administered the loan guarantee funds.

(c) Moneys received from a federal alternative financing grant shall be deposited in the Rehabilitation Revolving Loan Guarantee Fund established pursuant to Section 19460, and the federal funds and state matching funds shall be administered by the department and, as set forth in subdivision (a), by a community-based organization through a contract with the department, for the purpose of providing loan guarantees consistent with this article and applicable federal grant requirements.

(d) To the extent that state funds in the Rehabilitation Revolving Loan Guarantee Fund are not used to fund the alternative financing program, the department shall administer any remaining money in the fund consistent with the provisions of this article, and may enter into contracts with any public or private entity for the provision of services relating to the administration of the loan guarantee program.

(e) No more than 10 percent of the fund, excluding funds held in reserve pursuant to Section 19462, per fiscal year, may be used for costs of administration of the loan guarantee program, including administrative costs incurred by the department and any contractor.

CHAPTER 550

An act to amend and repeal Section 104200 of the Health and Safety Code, relating to cancer.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Cervical cancer is highly preventable and is the only cancer with one known cause—the human papillomavirus (HPV).

(b) Even with this knowledge, the American Cancer Society estimates that in the United States 10,520 cases of invasive cervical cancer were diagnosed in 2004, and 3,900 women died of the disease. In 2004, an estimated 1,735 California women were diagnosed with invasive cervical cancer and 470 California women died from the disease.

(c) Approximately one-half of the women who are diagnosed with cervical cancer are between the ages of 35 and 55 years.

(d) Ethnic patterns of cervical cancer in the United States are quite different from those of any other cancer of the female reproductive system. The highest age-adjusted incidence rate occurs among Vietnamese women, at 43 incidents per 100,000 women. An incidence rate of 15 incidents per 100,000 women or higher occurs among Alaska Native, Korean, and Hispanic women. Black women have the highest age-adjusted mortality rate from cervical cancer and are followed by Hispanic women.

(e) In California, 800,000 women 18 years of age and older who need to be routinely screened have never had a Pap test and most Californians have not heard of HPV or its association with cervical cancer.

(f) Direct annual medical costs for treating symptoms of HPV infection in the United States are estimated at \$1.6 billion, and the cost of cervical cancer screening programs (Pap smears) is \$5 billion to \$6 billion every year.

(g) The Legislature commends the existing educational efforts of the State Department of Health Services and finds that the Cervical Cancer Community Awareness Campaign should be expanded to address the link between human papillomavirus and cervical cancer.

SEC. 2. Section 104200 of the Health and Safety Code is amended to read:

104200. (a) Subject to subdivision (f), the department shall conduct the Cervical Cancer Community Awareness Campaign to do all of the following:

(1) To provide awareness, assistance, and information regarding cervical cancer and the human papillomavirus (HPV). These efforts shall include provider education aimed at promoting the awareness of HPV and its link to cervical cancer. Information regarding prevention, early detection, options for testing, and treatment costs shall be included.

(2) To promote the availability of preventive treatment for cervical cancer for women in California.

(3) To perform other activities related to cervical cancer.

(b) (1) For purposes of the Cervical Cancer Community Awareness Campaign, the department shall establish a study of and research regarding cervical cancer.

(2) The study and research shall contain, but not be limited to, statistical information in order to target appropriate regions of the state with the Cervical Cancer Community Awareness Campaign. The statistical information shall include, but not be limited to, age, ethnicity, region, and socioeconomic status of the women in the state in relation to cervical cancer. The research shall provide studies of current treatment evolutions, possible cures, and the availability of preventive care for women in the state in relation to cervical cancer.

(c) To the extent feasible and appropriate, the Cervical Cancer Community Awareness Campaign shall be incorporated into existing cancer awareness programs operated by the department.

(d) On or before January 1, 2007, the department shall report to the chairs and vice chairs of the health committees of both houses of the Legislature on the progress of the campaign. The report shall do all of the following:

(1) Provide an overview of progress being made in fulfilling the duties of the Cervical Cancer Community Awareness Campaign.

(2) Recommend strategies or actions to reduce the occurrence of cervical cancer among, and the burden caused by cervical cancer on, women in the state.

(3) Review statistical and qualitative data on the prevalence and burden of cervical cancer and HPV in California.

(e) There is hereby established in the State Treasury the Cervical Cancer Fund to be expended by the State Department of Health Services, upon appropriation of nonstate funds by the Legislature, solely for the Cervical Cancer Community Awareness Campaign.

(f) (1) The department shall conduct the Cervical Cancer Community Awareness Campaign only if voluntary contributions are received to support its activities pursuant to this section. The continued implementation of this section shall be contingent upon the receipt of voluntary contributions for that purpose.

(2) Voluntary contributions received for purposes of this subdivision shall be deposited into the Cervical Cancer Fund.

(g) This section shall be implemented only after the Department of Finance determines that nonstate funds in an amount sufficient to fully support the activities of this section have been deposited with the state. Thereafter, this section shall continue to be implemented only to the extent that the Department of Finance determines that sufficient nonstate funds to fully support the activities of this section have been deposited

with the state for purposes of this section. If the Department of Finance determines that insufficient voluntary contributions for purposes of implementing this section have been deposited with the state by January 1, 2007, the Department of Finance shall notify either the Chief Clerk of the Assembly or the Secretary of the Senate of this fact, and this section shall be repealed on January 1, 2007, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

CHAPTER 551

An act to amend Sections 4688.5 and 14043.26 of, and to add Section 14132.99 to, the Welfare and Institutions Code, relating to health care.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 4688.5 of the Welfare and Institutions Code is amended to read:

4688.5. (a) Notwithstanding any other provision of law to the contrary, the department may approve a proposal or proposals by Golden Gate Regional Center, Regional Center of the East Bay, and San Andreas Regional Center to provide for, secure, and assure the full payment of a lease or leases on housing, developed pursuant to this section, based on the availability for occupancy in each home, if all of the following conditions are met:

(1) The acquired or developed real property is available for occupancy by individuals eligible for regional center services and is integrated with housing for people without disabilities.

(2) The regional center has approved the proposed ownership entity, management entity, and developer or development entity for each project, and, prior to granting the approval, has consulted with the department and has provided to the department a proposal that includes the credentials of the proposed entities.

(3) The costs associated with the proposal are reasonable.

(4) The proposal includes a plan for a transfer at a time certain of the real property's ownership to a nonprofit entity to be approved by the regional center.

(b) Prior to approving a regional center proposal pursuant to subdivision (a), the department, in consultation with the California

Housing Finance Agency and the Department of Housing and Community Development shall review all of the following:

(1) The terms and conditions of the financing structure for acquisition and/or development of the real property.

(2) Any and all agreements that govern the real property's ownership, occupancy, maintenance, management, and operation, to ensure that the use of the property is maintained for the benefit of persons with developmental disabilities.

(c) No sale encumbrance, hypothecation, assignment, refinancing, pledge, conveyance, exchange or transfer in any other form of the real property, or of any of its interest therein, shall occur without the prior written approval of the department and the Health and Human Services Agency.

(d) Notice of the restrictions pursuant to this section shall be recorded against the acquired or developed real property subject to this section.

(e) At least 45 days prior to granting approval under subdivision (c), the department shall provide notice to the chairs and vice chairs of the fiscal committees of the Assembly and the Senate, the Secretary of the Health and Human Services Agency, and the Director of Finance.

(f) The regional center shall not be eligible to acquire or develop real property for the purpose of residential housing.

SEC. 2. Section 14043.26 of the Welfare and Institutions Code is amended to read:

14043.26. (a) (1) On and after January 1, 2004, an applicant that is not currently enrolled in the Medi-Cal program, or a provider applying for continued enrollment, upon written notification from the department that enrollment for continued participation of all providers in a specific provider of service category or subgroup of that category to which the provider belongs will occur, or a provider not currently enrolled at a location where the provider intends to provide services, goods, supplies, or merchandise to a Medi-Cal beneficiary, shall submit a complete application package for enrollment, continuing enrollment, or enrollment at a new location or a change in location.

(2) Clinics licensed by the department pursuant to Chapter 1 (commencing with Section 1200) of Division 2 of the Health and Safety Code and certified by the department to participate in the Medi-Cal program shall not be subject to this section.

(3) Health facilities licensed by the department pursuant to Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code and certified by the department to participate in the Medi-Cal program shall not be subject to this section.

(4) Adult day health care providers licensed pursuant to Chapter 3.3 (commencing with Section 1570) of Division 2 of the Health and Safety

Code and certified by the department to participate in the Medi-Cal program shall not be subject to this section.

(5) Home health agencies licensed pursuant to Chapter 8 (commencing with Section 1725) of Division 2 of the Health and Safety Code and certified by the department to participate in the Medi-Cal program shall not be subject to this section.

(6) Hospices licensed pursuant to Chapter 8.5 (commencing with Section 1745) of Division 2 of the Health and Safety Code and certified by the department to participate in the Medi-Cal program shall not be subject to this section.

(b) Within 30 days after receiving an application package submitted pursuant to subdivision (a), the department shall provide written notice that the application package has been received and, if applicable, that there is a moratorium on the enrollment of providers in the specific provider of service category or subgroup of the category to which the applicant or provider belongs. This moratorium shall bar further processing of the application package.

(c) (1) If the applicant package submitted pursuant to subdivision (a) is from an applicant or provider who meets the criteria listed in paragraph (2), the applicant or provider shall be considered a preferred provider and shall be granted preferred provisional provider status pursuant to this section and for a period of no longer than 18 months, effective from the date on the notice from the department. The ability to request consideration as a preferred provider and the criteria necessary for the consideration shall be publicized to all applicants and providers. An applicant or provider who desires consideration as a preferred provider pursuant to this subdivision shall request consideration from the department by making a notation to that effect on the application package, by cover letter, or by other means identified by the department in a provider bulletin. Request for consideration as a preferred provider shall be made with each application package submitted in order for the department to grant the consideration. An applicant or provider who requests consideration as a preferred provider shall be notified within 90 days whether the applicant or provider meets or does not meet the criteria listed in paragraph (2). If an applicant or provider is notified that the applicant or provider does not meet the criteria for a preferred provider, the application package submitted shall be processed in accordance with the remainder of this section.

(2) To be considered a preferred provider, the applicant or provider shall meet all of the following criteria:

(A) Hold a current license as a physician and surgeon issued by the Medical Board of California or the Osteopathic Medical Board of

California, which license shall not have been revoked, whether stayed or not, suspended, placed on probation, or subject to other limitation.

(B) Be a current faculty member of a teaching hospital or a children's hospital, as defined in Section 10727, accredited by the Joint Commission for Accreditation of Healthcare Organizations or the American Osteopathic Association, or be credentialed by a health care service plan that is licensed under the Knox-Keene Health Care Service Plan Act of 1975 (Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code; the Knox-Keene Act) or county organized health system, or be a current member in good standing of a group that is credentialed by a health care service plan that is licensed under the Knox-Keene Act.

(C) Have full, current, unrevoked, and unsuspended privileges at a Joint Commission for Accreditation of Healthcare Organizations or American Osteopathic Association accredited general acute care hospital.

(D) Not have any adverse entries in the Healthcare Integrity and Protection Databank.

(3) The department may recognize other providers as qualifying as preferred providers if criteria similar to those set forth in paragraph (2) are identified for the other providers. The department shall consult with interested parties and appropriate stakeholders to identify similar criteria for other providers so that they may be considered as preferred providers.

(d) Within 180 days after receiving an application package submitted pursuant to subdivision (a), or from the date of the notice to an applicant or provider that the applicant or provider does not qualify as a preferred provider under subdivision (c), the department shall give written notice to the applicant or provider that any of the following applies, or shall on the 181st day grant the applicant or provider provisional provider status pursuant to this section for a period no longer than 12 months, effective from the 181st day:

(1) The applicant or provider is being granted provisional provider status for a period of 12 months, effective from the date on the notice.

(2) The application package is incomplete. The notice shall identify any additional information or documentation that is needed to complete the application package.

(3) The department is exercising its authority under Section 14043.37, 14043.4, or 14043.7, and is conducting background checks, preenrollment inspections, or unannounced visits.

(4) The application package is denied for any of the following reasons:

(A) Pursuant to Section 14043.2 or 14043.36.

(B) For lack of a license necessary to perform the health care services or to provide the goods, supplies, or merchandise directly or indirectly

to a Medi-Cal beneficiary, within the applicable provider of service category or subgroup of that category.

(C) The period of time during which an applicant or provider has been barred from reapplying has not passed.

(D) For other stated reasons authorized by law.

(e) (1) If the application package that was noticed as incomplete under subdivision (d) is resubmitted with all requested information and documentation, and received by the department within 35 days of the date on the notice, the department shall, within 60 days of the resubmission, send a notice that any of the following applies:

(A) The applicant or provider is being granted provisional provider status for a period of 12 months, effective from the date on the notice.

(B) The application package is denied for any other reasons provided for in paragraph (4) of subdivision (d).

(C) The department is exercising its authority under Section 14043.37, 14043.4, or 14043.7 to conduct background checks, preenrollment inspections, or unannounced visits.

(2) (A) If the application package that was noticed as incomplete under paragraph (2) of subdivision (d) is not resubmitted with all requested information and documentation and received by the department within 35 days of the date on the notice, the application package shall be denied by operation of law. The applicant or provider may reapply by submitting a new application package that shall be reviewed de novo.

(B) If the failure to resubmit is by a provider applying for continued enrollment, the failure shall make the provider also subject to deactivation of all provider numbers used by the provider to obtain reimbursement from the Medi-Cal program.

(C) Notwithstanding subparagraph (A), if the notice of an incomplete application package included a request for information or documentation related to grounds for denial under Section 14043.2 or 14043.36, the applicant or provider may not reapply for enrollment or continued enrollment in the Medi-Cal program or for participation in any health care program administered by the department or its agents or contractors for a period of three years.

(f) (1) If the department exercises its authority under Section 14043.37, 14043.4, or 14043.7 to conduct background checks, preenrollment inspections, or unannounced visits, the applicant or provider shall receive notice, from the department, after the conclusion of the background check, preenrollment inspections, or unannounced visit of either of the following:

(A) The applicant or provider is granted provisional provider status for a period of 12 months, effective from the date on the notice.

(B) Discrepancies or failure to meet program requirements, as prescribed by the department, have been found to exist during the preenrollment period.

(2) (A) The notice shall identify the discrepancies or failures, and whether remediation can be made or not, and if so, the time period within which remediation must be accomplished. Failure to remediate discrepancies and failures as prescribed by the department, or notification that remediation is not available, shall result in denial of the application by operation of law. The applicant or provider may reapply by submitting a new application package that shall be reviewed de novo.

(B) If the failure to remediate is by a provider applying for continued enrollment, the failure shall make the provider also subject to deactivation of all provider numbers used by the provider to obtain reimbursement from the Medi-Cal program.

(C) Notwithstanding subparagraph (A), if the discrepancies or failure to meet program requirements, as prescribed by the director, included in the notice were related to grounds for denial under Section 14043.2 or 14043.36, the applicant or provider may not reapply for three years.

(g) If provisional provider status or preferred provisional provider status is granted pursuant to this section, a separate provider number shall be issued for each location for which an application package has been approved. This separate provider number shall be used exclusively for the location for which it is issued, unless the practice of the provider's profession or delivery of services, goods, supplies, or merchandise is such that services, goods, supplies, or merchandise are rendered or delivered at locations other than the provider's business address and this practice or delivery of services, goods, supplies, or merchandise has been disclosed in the application package approved by the department when the provisional provider status or preferred provisional provider status was granted.

(h) Except for providers subject to subdivision (c) of Section 14043.47, a provider currently enrolled in the Medi-Cal program at one or more locations who has submitted an application package for enrollment at a new location or a change in location pursuant to subdivision (a) may continue to submit claims under an existing provider number for services rendered at the new location until the application package is approved or denied under this section, and shall not be subject, during that period, to deactivation of the provider's provider number, or be subject to any delay or nonpayment of claims as a result of the use of the existing provider number for services rendered at the new location as herein authorized. However, the provider shall be considered during that period to have been granted provisional provider status or preferred provisional provider status and be subject to termination of that status pursuant to

Section 14043.27. A provider that is subject to subdivision (c) of Section 14043.47 may come within the scope of this subdivision upon submitting documentation in the application package that identifies the physician providing supervision for every three locations.

(i) An applicant or a provider whose application for enrollment, continued enrollment, or a new location or change in location has been denied pursuant to this section, may appeal the denial in accordance with Section 14043.65.

(j) (1) Upon receipt of a complete and accurate claim for an individual nurse provider, the department shall adjudicate the claim within an average of 30 days.

(2) During the budget proceedings of the 2006-07 fiscal year, and each fiscal year thereafter, the department shall provide data to the Legislature specifying the timeframe under which it has processed and approved the provider applications submitted by individual nurse providers.

(3) For purposes of this subdivision, "individual nurse providers" are providers authorized under certain home- and community-based waivers and under the state plan to provide nursing services to Medi-Cal recipients in the recipients' own homes rather than in institutional settings.

SEC. 3. Section 14132.99 is added to the Welfare and Institutions Code, to read:

14132.99. (a) For the purposes of this section, "facility residents" means individuals who are currently residing in a nursing facility and whose care is paid for by Medi-Cal either with or without a share of cost. The term "facility residents" also includes individuals who are hospitalized and who are or will be waiting for transfer to a nursing facility.

(b) An additional 500 slots beyond those currently authorized for the home- and community-based Level A/B nursing facility waiver shall be added and 250 of these slots shall be reserved for residents residing in facilities and transitioning out of facilities.

(c) For those patients who are in acute care hospitals and who are pending placement in a nursing facility, the department shall expedite the processing of waiver applications in order to divert hospital discharges from nursing facilities into the community.

(d) The nursing facility Level A/B waivers shall be amended to add the following services:

(1) One-time community transition services as defined and allowed by the federal Centers for Medicare and Medicaid Services, including, but not limited to, security deposits that are required to obtain a lease on an apartment or home, essential furnishings, and moving expenses

required to occupy and use a community domicile, set-up fees, or deposits for utility or service access, including, but not limited to, telephone, electricity, and heating, and health and safety assurances, including, but not limited to, pest eradication, allergen control, or one-time cleaning prior to occupancy. These costs shall not exceed five thousand dollars (\$5,000).

(2) Habilitation services, as defined in Section 1915(c)(5) of the federal Social Security Act (42 U.S.C. Sec. 1396n(c)(5)), and in attachment 3-d to the July 25, 2003, State Medicaid Directors Letter re Olmstead Update No. 3, to mean services designed to assist individuals in acquiring, retaining, and improving the self-help, socialization, and adaptive skills necessary to reside successfully in home- and community-based settings.

(e) When requesting the renewal of the waiver, the department shall consider expanding the number of waiver slots. Prior to submission of the waiver renewal request, the department shall notify the appropriate fiscal and policy committees of the Legislature of the number of waiver slots included in the waiver renewal request along with supportive data for those slots.

(f) The department shall implement this section only to the extent it can demonstrate fiscal neutrality within the overall department budget, and federal fiscal neutrality as required under the terms of the federal waiver, and only if the department has obtained the necessary approvals and receives federal financial participation from the federal Centers for Medicare and Medicaid Services. Contingent upon federal approval of the waiver expansion, implementation shall commence within six months of the department receiving authorization for the necessary resources to provide the services to additional waiver participants.

CHAPTER 552

An act to add Section 89241 to the Education Code, relating to public postsecondary education.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The graduation rates and academic progress rates of student athletes are lower than those of the general student body at several

California State University campuses and among specific athletic teams at California State University campuses.

(b) Student athletes at the California State University face significant challenges in their attempt to be successful in their academic pursuits while meeting the demands of their sports obligations.

(c) The California State University exercises its statutory discretion related to admissions policies to admit and enroll some students who are otherwise ineligible, solely because these students have athletic ability that will contribute to the sports enterprise of the campus.

(d) Summer academic support is a valuable tool in helping student athletes reach their academic goals.

SEC. 2. Section 89241 is added to the Education Code, to read:

89241. (a) This section shall be known and may be cited as the California Student Athlete Fair Opportunity Act of 2005.

(b) It is the intent of the Legislature to ensure that the Trustees of the California State University provide appropriate academic support services for student athletes and that those athletes are given a fair opportunity to earn a baccalaureate degree.

(c) The trustees shall ensure, through executive order or regulation, that all California State University campuses that provide athletic scholarships for student athletes also provide summer athletic scholarships commencing with the 2006 summer term. The provision of these summer athletic scholarships shall be consistent with both of the following:

(1) The requirements of Title IX of the federal Education Amendments of 1972, as amended from time to time.

(2) The bylaws of the National Collegiate Athletic Association, as amended from time to time.

(d) Students who are otherwise ineligible for admission to the specific campus of the California State University, but who are admitted under policies that permit those students to be admitted if they have athletic ability that will contribute to the campus, shall be given first priority for summer athletic scholarship assistance.

(e) (1) Summer athletic scholarships awarded pursuant to this section shall, at a minimum, be sufficient to cover the cost of tuition, fees, books, and supplies as calculated for purposes of the summer cost of attendance under the provisions of Title IV of the federal Education Act of 1965, as it is amended from time to time.

(2) Nothing in this part shall be construed to limit a summer athletic scholarship awarded pursuant to this section to any amount less than that which is allowed under the bylaws of the National Collegiate Athletic Association.

(3) A summer athletic scholarship awarded pursuant to this section shall be of sufficient amount and duration with regard to the number of summer sessions and the number of units covered, to provide a student athlete a fair opportunity to correct academic progress problems through attendance in a summer session.

(f) A summer athletic scholarship awarded pursuant to this section may be funded through any revenue source available to, or procured by, the campuses of the California State University, including, but not necessarily limited to, gate receipts, donations from alumni and others, corporate sponsorships, associated student contributions, campus-based student fees that may be legally used for this purpose. In accordance with subdivision (i), the California State University shall not use state General Fund moneys or state university fee revenue to fund summer athletic scholarships. The California State University shall not set aside, for the purposes of summer athletic scholarships, any institutional financial aid funds for which any financially needy students are eligible. A student athlete may only receive summer financial aid assistance if that student athlete otherwise qualifies for that assistance irrespective of his or her status as a student athlete.

(g) (1) The trustees shall ensure, through executive order or regulation, that all California State University campuses that are members of the National Collegiate Athletic Association have a comprehensive plan for the academic support of student athletes.

(2) The plan adopted pursuant to this subdivision shall be consistent with the requirements of Title IX of the federal Education Amendments of 1972, as amended from time to time, and the bylaws of the National Collegiate Athletic Association, as amended from time to time. This plan shall include, but not necessarily be limited to, coordination with existing academic and financial support services at the campus, evaluation of the academic needs of student athletes, a set of academic support initiatives, a financing plan for these initiatives and a fund-raising strategy for the augmentation of these initiatives, and a regular evaluation mechanism to monitor the academic progress of athletes and the effectiveness of academic support programs.

(3) Services provided under this subdivision may include any of the following:

(A) Additional athletic financial assistance, which covers an amount up to the cost of attendance under the provisions of Title IV of the federal Education Act of 1965, as it is amended from time to time, for additional periods of attendance necessary for an athlete to complete the requirements for a baccalaureate degree after the student's period of athletic eligibility has ended.

(B) Employment assistance, including work study programs.

(C) Tutoring.

(D) Mentoring.

(E) Accommodations in the scheduling of class sections to provide a fair opportunity for student athletes to attend required courses in a manner that allows them to participate in the requirements of their sports.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 8482.8 of the Education Code is amended to read:

8482.8. (a) If there is a significant barrier to pupil participation in a program established pursuant to this article at the school of attendance for either the before school or the after school component, an applicant may request approval from the Superintendent, prior to or during the grant application process, to provide services at another school site for that component. An applicant that requests approval shall describe the manner in which the applicant intends to provide safe, supervised transportation between school sites; ensure communication among teachers in the regular school program, staff in the before school and after school components of the program, and parents of pupils; and align the educational and literacy component of the before and after school components of the program with the regular school programs of participating pupils.

(b) For purposes of this article, a significant barrier to pupil participation in the before or after school component of a program established pursuant to this chapter means either of the following:

(1) Fewer than 20 pupils participating in the component of the program.

(2) Extreme transportation constraints, including, but not limited to, desegregation bussing, bussing for magnet or open enrollment schools, or pupil dependence on public transportation.

(c) In addition to the authority to transfer funds among school programs pursuant to Sections 8483.7 and 8483.75, and in addition to the flexibility provided by subdivisions (a) and (b), a program grantee that is temporarily prevented from operating a program established pursuant to this article at the program site due to natural disaster, civil unrest, or imminent danger to pupils or staff may shift program funds to the sites of other programs established pursuant to this article to meet attendance targets during that time period.

(d) If a program grantee is temporarily prevented from operating its entire program due to natural disaster, civil unrest, or imminent danger to pupils or staff, the department may recommend, and the state board may approve, a request by the grantee for payment equal to the amount of funding the grantee would have received if it had been able to operate its entire program during that time period.

(e) Upon the request of a program grantee, the state board may approve other unforeseen events as qualifying a program grantee to use the authority provided by subdivisions (c) and (d).

SEC. 2. Section 8483 of the Education Code is amended to read:

8483. (a) (1) Every after school component of a program established pursuant to this article shall commence immediately upon the conclusion of the regular schoolday, and operate a minimum of 15 hours per week, and at least until 6 p.m. on every regular schoolday. Every after school component of the program shall establish a policy regarding reasonable early daily release of pupils from the program. For those programs or schoolsites operating in a community where the early release policy does not meet the unique needs of that community or school, or both, documented evidence may be submitted to the department for an exception and a request for approval of an alternative plan.

(2) It is the intent of the Legislature that elementary school pupils participate in the full day of the program every day during which pupils participate and that pupils in middle school or junior high school attend a minimum of nine hours a week and three days a week to accomplish program goals.

(3) In order to develop an age-appropriate after school program for pupils in middle school or junior high school, programs established pursuant to this article may implement a flexible attendance schedule for those pupils. Priority for enrollment of pupils in middle school or junior high school shall be given to pupils who attend daily.

(b) The administrators of a program established pursuant to this article have the option of operating during any combination of summer, intersession, or vacation periods for a minimum of three hours per day at the approved rate for the regular school year pursuant to Section 8483.7.

SEC. 3. Section 8483.1 of the Education Code is amended to read:

8483.1. (a) (1) Every before school program component established pursuant to this article shall commence operation at or before 6 a.m. on every regular schoolday or two hours before the commencement of the regular schoolday. A program may operate less than two hours per regular schoolday, but in no instance shall a program operate for less than one and one-half hours per regular schoolday. Every program shall establish a policy regarding reasonable late daily arrival of pupils to the program.

(2) (A) It is the intent of the Legislature that elementary school pupils participate in the full day of the program every day during which pupils participate and that pupils in middle school or junior high school attend a minimum of six hours a week and three days a week to accomplish program goals, except when arriving late in accordance with the late arrival policy described in paragraph (1) or as reasonably necessary.

(B) A school is not eligible to receive funds provided pursuant to this article for a pupil who attends less than one-half of the daily program hours.

(3) In order to develop an age-appropriate before school program for pupils in middle school or junior high school, programs established pursuant to this article may implement a flexible attendance schedule for those pupils. Priority for enrollment of pupils in middle school or junior high school shall be given to pupils who attend daily.

(b) The administrators of a before school program established pursuant to this article shall have the option of operating during any combination of summer, intersession, or vacation periods for a minimum of two hours per day at the approved rate for the regular school year pursuant to Section 8483.75.

(i) Up to five dollars (\$5) per day per pupil, if the program serves pupils in elementary, middle, or junior high school.

(ii) Five dollars (\$5) per pupil for each three hours of pupil attendance, with a maximum total reimbursement of twenty-five dollars (\$25) per pupil per week, if the program serves pupils in middle or junior high school. To receive reimbursement pursuant to this subparagraph, the program administrator shall apply to and receive approval annually from the Superintendent. Approval by the Superintendent shall be based on program results.

(B) The maximum total grant amount awarded annually pursuant to this paragraph shall be seventy-five thousand dollars (\$75,000) for each regular school year for each elementary school and one hundred thousand dollars (\$100,000) for each regular school year for each middle or junior high school.

(2) For large schools, the maximum total grant amounts described in paragraph (1) may be increased based on the following formulas, up to a maximum amount of twice the respective limits specified in paragraph (1):

(A) For elementary schools, multiply seventy-five dollars (\$75) by the number of pupils enrolled at the schoolsite for the normal schoolday program that exceeds 600.

(B) For middle schools, multiply seventy-five dollars (\$75) by the number of pupils enrolled at the schoolsite for the normal schoolday program that exceeds 900.

(3) The maximum total grant amounts set forth in subparagraph (B) of paragraph (1) and in paragraph (2) may be increased from any funds made available for this purpose in the annual Budget Act for participating schools that have pupils on waiting lists for the program. Grants may be increased by the lesser of an amount that is either 25 percent of the current maximum total grant amount or equal to the proportion of pupils unserved by the program as measured by documented waiting lists as of January 1, 2001, compared to the actual after school enrollment on the same date. Matching fund requirements shall be increased accordingly.

(4) A school that establishes a program pursuant to this article is eligible to receive a supplemental grant to operate the program during any combination of summer, intersession, or vacation periods for a maximum of the lesser of the following amounts:

(A) Five dollars (\$5) per day per pupil.

(B) Thirty percent of the total grant amount awarded to the school per school year pursuant to this subdivision.

(5) Each program shall provide at least 50 percent cash or in-kind local matching funds from the school district, governmental agencies, community organizations, or the private sector for each dollar received in grant funds. Neither facilities nor space usage may fulfill the match requirement.

(6) (A) The department may reimburse a program grantee for up to 125 percent of the maximum total grant amount for an individual school, so long as the maximum total grant amount for all school programs administered by the program grantee is not exceeded.

(B) In order to be eligible for reimbursement, a program grantee that transfers funds for purposes of administering a program established pursuant to this article shall have an established waiting list for enrollment, and may transfer only from another school program that has met a minimum of 70 percent of its attendance goal.

(b) The administrator of a program established pursuant to this article may supplement, but not supplant, existing funding for after school programs with grant funds awarded pursuant to this article. State categorical funds for remedial education activities shall not be eligible as matching funds for those after school programs.

(c) Up to 15 percent of the initial year's grant amount for each grant recipient may be utilized for startup costs. Under no circumstance shall funding for startup costs result in an increase in the grant recipient's total funding above the approved grant amount.

SEC. 5. Section 8483.75 of the Education Code is amended to read:

8483.75. (a) (1) (A) Every school that establishes a before school program component pursuant to Section 8483.1 of this article is eligible to receive a three year renewable incentive grant, that shall be awarded in three one-year increments and is subject to annual reporting and recertification as required by the department, for either of the following, as selected by the school:

(i) Up to three dollars and thirty-three cents (\$3.33) per day per pupil for a two hour program, if the program serves pupils in elementary, middle, or junior high school. Per pupil reimbursement rates shall be reduced on a prorated basis for those programs which operate for less than two hours per regular schoolday. The rate shall be determined by multiplying 3.33 by the fraction represented by dividing the minutes of operation per day by 120.

(ii) Three dollars and thirty-three cents (\$3.33) per pupil for each two hours of pupil attendance, with a maximum total reimbursement of sixteen dollars and sixty-five cents (\$16.65) per pupil per week, if the program serves pupils in middle or junior high school. To receive reimbursement pursuant to this subparagraph, the program administrator shall apply to and receive approval annually from the Superintendent. Approval by the Superintendent shall be based on program results.

(B) The maximum total grant amount awarded annually pursuant to this paragraph shall be twenty-five thousand dollars (\$25,000) for each regular school year for each elementary school and thirty-three thousand dollars (\$33,000) for each regular school year for each middle or junior high school.

(2) For large schools, the maximum total grant amounts described in paragraph (1) may be increased based on the following formulas, up to a maximum amount of twice the respective limits specified in paragraph (1):

(A) For elementary schools, multiply fifty dollars (\$50) by the number of pupils enrolled at the schoolsite for the normal schoolday program that exceeds 600.

(B) For middle schools, multiply fifty dollars (\$50) by the number of pupils enrolled at the schoolsite for the normal schoolday program that exceeds 900.

(3) A school that establishes a program pursuant to this article is eligible to receive a supplemental grant to operate the program during

any combination of summer, intersession, or vacation periods for a maximum of the lesser of the following amounts:

(A) Three dollars and thirty-three cents (\$3.33) per day per pupil.

(B) Thirty percent of the total grant amount awarded to the school per school year pursuant to this subdivision.

(4) Each program shall provide at least 50 percent cash or in-kind local matching funds from the school district, governmental agencies, community organizations, or the private sector for each dollar received in grant funds. Neither facilities nor space usage may fulfill the match requirement.

(5) (A) The department may reimburse a program grantee for up to 125 percent of the maximum total grant amount for an individual school, so long as the maximum total grant amount for all school programs administered by the program grantee is not exceeded.

(B) In order to be eligible for reimbursement, a program grantee that transfers funds for purposes of administering a program established pursuant to this article shall have an established waiting list for enrollment, and may transfer only from another school program that has met a minimum of 70 percent of its attendance goal.

(b) The administrator of a program established pursuant to this article may supplement, but not supplant, existing funding for before school programs with grant funds awarded pursuant to this article. State categorical funds for remedial education activities shall not be eligible as matching funds for those before school programs.

(c) Up to 15 percent of the initial year's grant amount for each grant recipient may be utilized for startup costs. Under no circumstance shall funding for startup costs result in an increase in the grant recipient's total funding above the approved grant amount.

SEC. 6. Section 8483.9 of the Education Code is amended to read:

8483.9. (a) A program participant receiving funding pursuant to this article may expend on indirect costs no more than the lesser of the following:

(1) The school district's indirect cost rate, as approved by the department for the appropriate fiscal year.

(2) Five percent of the state program funding received pursuant to this article.

(b) A program participant receiving state funding pursuant to this article may expend no more than 15 percent of that funding on administrative costs, which funding need not be earned through pupil attendance. For purposes of this section, administrative costs shall include indirect costs, as described in subdivision (a).

(c) A program participant receiving state funding pursuant to this program shall ensure that no less than 85 percent of that funding is allocated to schoolsites for direct services to pupils.

CHAPTER 554

An act to amend Section 32127.3 of, and to add Section 32130.6 to the Health and Safety Code, relating to health care districts.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature intends to provide California's public hospitals owned and operated by health care districts with access to loans insured by the United States Department of Housing and Urban Development to ensure that they are able to finance essential modernization and seismic safety retrofit and reconstruction projects. It is the intent of the Legislature that federally insured hospital loans be utilized on a priority basis to finance essential retrofit and construction projects.

SEC. 2. Section 32127.3 of the Health and Safety Code is amended to read:

32127.3. (a) Exclusively for the purpose of securing federal mortgage insurance, federal loans, or federally insured loans issued pursuant to the National Housing Act (12 U.S.C. Secs. 1715w and 1715z-7) for financing or refinancing the construction of new health facilities, the expansion, modernization, renovation, remodeling, or alteration of existing health facilities, and the initial equipping of those health facilities under the federal mortgage insurance programs as are now or may hereafter become available to a local hospital district, and notwithstanding any provision of this division, or any other provision or holding of law, the board of directors of any district may do either or both of the following:

(1) Borrow money or issue bonds, in addition to other financing methods authorized under this division.

(2) Execute, in favor of the United States, appropriate federal agency, or federally designated mortgagor, first mortgages, first deeds of trust, or other necessary security interests as the federal government may reasonably require with respect to a health facility project property as security for that insurance.

(b) No payments of principal, interest, insurance premiums and inspection fees, and all other costs of financing obtained as authorized by this section shall be made from funds derived from the district's power to tax.

(c) The Legislature hereby determines and declares that the authorizations for executing the mortgages, deeds of trust, or other necessary security agreements by the board and for the enforcement of the federal government's rights thereunder are in the public interest in order to preserve and promote the health, welfare, and safety of the people of the state by providing, without cost to the state, a federal mortgage insurance program for health facility construction loans in order to stimulate the flow of private capital into health facilities construction to enable the critical need for new, expanded, and modernized public health facilities to be met.

(d) The Legislature further determines and declares that the United States, appropriate federal agency, or federally designated mortgagor named as beneficiary of any first mortgage or other security interest delivered as authorized by this section is not a private person or body within the meaning of Section 11 of Article XI of the California Constitution.

SEC. 3. Section 32130.6 is added to the Health and Safety Code, to read:

32130.6. Notwithstanding any other provision of law, a district may do any of the following by resolution adopted by a majority of the district board:

(a) Enter into a line of credit with a commercial lender that is secured, in whole or in part, by the accounts receivable or other intangible assets of the district, including anticipated tax revenues, and thereafter borrow funds against the line of credit to be used for any district purpose.

(1) Any money borrowed under this line of credit shall be repaid within five years from each separate borrowing or draw upon the line of credit.

(2) The district may enter into a new and separate line of credit to repay a previous line of credit, provided that the district complies with this section in entering into a new line of credit.

(b) Enter into capital leases for the purchase by the district of equipment to be used for any district purpose.

(1) The term of any capital lease shall not be longer than 10 years.

(2) The district may secure the purchase of equipment by a capital lease by giving the lender a security interest in the equipment leased under the capital lease.

(c) Enter into lease-purchase agreements for the purchase by the district of real property, buildings, and facilities to be used for any district

purpose. The term of any lease-purchase agreement shall not exceed 10 years.

(d) Nothing in this section shall provide the district with the authority to increase taxes in order to repay a line of credit established pursuant to subdivision (a) unless the tax is passed pursuant to Article 4.6 (commencing with Section 53750) of Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code.

CHAPTER 555

An act to amend Section 8484.8 of, and to add Sections 8484.75 and 8484.9 to, the Education Code, relating to afterschool programs, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 8484.75 is added to the Education Code, to read:

8484.75. The requirements of the After School Education and Safety Program described in Article 22.5 (commencing with Section 8482), apply to the program established by this article, with the following exceptions as applicable:

(a) Sections 8482.5, 8482.55, 8483.5, 8483.55, 8483.6, 8483.7, 8483.75, and 8484.5, do not apply to this article.

(b) Any provision of Article 22.5 (commencing with Section 8482) that is in conflict with, or duplicative of, any provision of this article.

(c) Any provision that is in conflict with applicable federal law or regulations.

SEC. 2. Section 8484.8 of the Education Code is amended to read:

8484.8. In accordance with Part B of Title IV of the federal No Child Left Behind Act of 2001 (P.L. 107-110), funds appropriated in Item 6110-197-0890 of Section 2.00 of the Budget Act of 2002 are available for expenditure as follows, with any subsequent allocations for these purposes to be determined in the annual Budget Act:

(a) The amount of one million dollars (\$1,000,000) shall be available to the department for purposes of providing technical assistance, evaluation and training services, for carrying out programs related to 21st Century Community Learning Center programs.

(b) (1) An amount of up to three million five hundred thousand dollars (\$3,500,000) shall be available for direct grants, in an amount not to exceed twenty-five thousand dollars (\$25,000) per site, per year, for community learning center programs that serve middle and elementary school pupils for providing equitable access to, and participation in, community learning center programs, according to needs determined by the local community.

(2) The department shall determine the requirements for eligibility for a grant under this subdivision, consistent with the following:

(A) Consistent with the local partnership approach inherent in Article 22.5 (commencing with Section 8482), grants awarded under this subdivision shall provide supplemental assistance to programs. It is not intended that a grant fund the full anticipated costs of the services provided by a community learning center program.

(B) In determining the need for a grant pursuant to this subdivision, the department shall base its determination on a needs assessment and a determination that existing resources are not available to meet these needs, including, but not limited to, a description of how the needs, strengths, and resources of the community have been assessed, currently available resources, and the justification for additional resources for that purpose.

(C) The department shall award grants for a specific purpose, as justified by the applicant.

(3) To be eligible to receive a grant under this subdivision, the designated public agency representative for the applicant shall certify that an annual fiscal audit will be conducted and that adequate, accurate records will be kept. In addition, each applicant shall provide the department with the assurance that funds received under this subdivision are expended only for those services and supports for which they are granted. The department shall require grant recipients to submit annual budget reports, and the department may withhold funds in subsequent years if direct grant funds are expended for purposes other than as awarded.

(c) Up to one million dollars (\$1,000,000) shall be available for direct grants of up to twenty thousand dollars (\$20,000) per site, per year, for providing family literacy services only to those schoolsites that identify such a need for families of 21st Century Community Learning Center program pupils, and that demonstrate a fiscal hardship by certifying that existing resources including, but not limited to, funding for Title III of the No Child Left Behind Act of 2001, Chapter 3 (commencing with Section 300) of Part 1, adult education, community college, and the federal Even Start Program are not available or are insufficient to serve these families. An assurance that the funds received under this

subdivision are expended only for those services and supports for which they were granted shall be required.

(d) Of the remaining funds in Item 6110-197-0890 of Section 2.00 of the Budget Act of 2002, two million five hundred thousand dollars (\$2,500,000) shall be allocated on a priority basis for grants to community learning center programs serving high school pupils, and the remainder of this amount shall be allocated on a priority basis for programs for middle and elementary school pupils.

(e) Grant awards under this section shall be restricted to those applications that propose primarily to serve pupils that attend schoolwide programs, as described in Title I of the No Child Left Behind Act of 2001. Competitive priority shall be given to applications that propose to serve children and youth in schools designated as being in need of improvement under subsection (b) of Section 6316 of Title 20 of the United States Code, and that are jointly submitted by school districts and community-based organizations. Applications to serve pupils in programs that have received grants under Article 22.5 (commencing with Section 8482) shall be funded only when proposing to expand in additional sites or to add pupils to a currently funded site.

(f) (1) Core funding grants for programs serving middle and elementary school pupils in before and after school programs shall be allocated as follows:

(A) For after school programs, seven dollars and fifty cents (\$7.50) per pupil, per day, up to a maximum grant of one hundred twelve thousand five hundred dollars (\$112,500) for each regular school year for each elementary school, and one hundred fifty thousand dollars (\$150,000) for each regular school year for each middle or junior high school.

(B) For before school programs, five dollars (\$5) per pupil, per day, up to a maximum grant of thirty-seven thousand five hundred dollars (\$37,500) for each regular school year for each elementary school, and forty-nine thousand dollars (\$49,000) for each regular school year for each middle or junior high school.

(2) For an after school component of a program, the maximum total grant amount described in subparagraph (A) of paragraph (1) may be increased up to a maximum amount of twice the respective limits specified in that subparagraph, in accordance with the following:

(A) For elementary schools, one hundred thirteen dollars (\$113) per pupil, only for each pupil that exceeds 600 pupils enrolled at the schoolsite for the normal schoolday program.

(B) For middle schools, one hundred thirteen dollars (\$113) per pupil, only for each pupil that exceeds 900 pupils enrolled at the schoolsite for the normal schoolday program.

(3) For a before school component of a program, the maximum total grant amount described in subparagraph (B) of paragraph (1) may be increased up to a maximum amount of twice the respective limits specified in that subparagraph, in accordance with the following:

(A) For elementary schools, seventy-five dollars (\$75) per pupil, only for each pupil that exceeds 600 pupils enrolled at the schoolsite for the normal schoolday program.

(B) For middle schools, seventy-five dollars (\$75) per pupil, only for each pupil that exceeds 900 pupils enrolled at the schoolsite for the normal schoolday program.

(4) A school that establishes an after school component of a program pursuant to this article is eligible to receive a supplemental grant to operate the program during any combination of summer, intersession, or vacation periods for a maximum of the lesser of the following amounts:

(A) Seven dollars and fifty cents (\$7.50) per day per pupil.

(B) Thirty percent of the total grant amount awarded to the school per school year pursuant to this subdivision.

(5) A school that establishes a before school component of a program pursuant to this article is eligible to receive a supplemental grant to operate the program during any combination of summer, intersession, or vacation periods for a maximum of the lesser of the following amounts:

(A) Five dollars (\$5) per day per pupil.

(B) Thirty percent of the total grant amount awarded to the school per school year pursuant to this subdivision.

(6) (A) The department may reimburse a program grantee for up to 125 percent of the maximum total grant amount for an individual school, so long as the maximum total grant amount for all school programs administered by the program grantee is not exceeded.

(B) In order to be eligible for reimbursement, a program grantee that borrows funds for purposes of administering a program established pursuant to this article shall have an established waiting list for enrollment and may borrow only from another program grantee that has met a minimum of 70 percent of its attendance goal.

(7) (A) Funding for a grant shall be allocated in annual increments for a period not to exceed five years. The department shall notify new grantees, whose grant awards are contingent upon the appropriation of funds for those grants, in writing no later than June 15 of each year in which new grants are awarded. A first year grant award shall be made no later than 60 days after enactment of the annual Budget Act and any authorizing legislation. A grant award for the second and subsequent fiscal years shall be made no later than 30 days after enactment of the annual Budget Act and any authorizing legislation. The grantee shall notify the department in writing of its acceptance of the grant.

(B) For the first year of a grant, the department shall allocate 15 percent of the grant for that year no later than 30 days after the grantee accepts the grant. For the second and subsequent years of the grant, the department shall allocate 15-percent of the grant for that year no later than 30 days after the annual Budget Act becomes effective. This 15 percent amount is to be used by a grantee for administrative costs and need not be earned through pupil attendance.

(C) In addition to the funding allocated pursuant to subparagraph (B), up to 15 percent of the initial annual grant award for each core grant recipient may be utilized for startup costs, which funding need not be earned through pupil attendance.

(D) Under no circumstance shall funding made available pursuant to subparagraphs (B) and (C) result in an increase in the total funding of a grantee above the approved grant amount.

(E) Payments to a grantee shall be based on quarterly pupil attendance and expenditure reports, as required by the department. If a report is submitted to the department in a timely manner, payments to a grantee based on that report shall be issued within 30 days if its receipt.

(8) A grantee shall identify the federal, state, and local programs that will be combined or coordinated with the proposed program for the most effective use of public resources, and shall prepare a plan for continuing the program beyond federal grant funding.

(9) A grantee shall submit annual attendance data and results to facilitate evaluation and compliance in accordance with provisions established by the department.

(10) A program receiving a grant under this subdivision is not assured of grant renewal from future state or federal funding at the conclusion of the grant period.

(g) A total annual grant award for core funding and direct grants for a site serving elementary or middle school pupils shall be fifty thousand dollars (\$50,000) per year or more, consistent with federal requirements.

(h) Grants for programs serving high school pupils at schoolsites or sites of other organizations, as determined to be eligible by the department and consistent with the provisions of the 21st Century Community Learning Centers program, shall be available as an annual minimum grant of fifty thousand dollars (\$50,000) per year. Grant funding above the minimum shall be determined in proportion to the average daily attendance of the high school program site or sites to be served and other factors including, but not limited to, proposed attendance and effective use of resources as determined by the department up to two hundred fifty thousand dollars (\$250,000) per year for five years. A grantee that establishes a high school program pursuant to this subdivision shall be subject to annual reporting and recertification as

required by the department. After the second year, the department shall reduce funding of programs in which actual attendance is significantly below proposed attendance levels. An evaluation of the program funded pursuant to this subdivision shall be submitted no later than 180 days after the completion of the second year of the program. The department shall provide the results of that evaluation and work with the Legislature, the Department of Finance, program providers, and other interested parties to adopt or restructure a high school after school program for California that is both programmatically and fiscally sound. Grantees shall be eligible for fourth and fifth year funding consistent with the restructured requirements. Each grantee shall be required to identify the federal, state, and local programs that will be combined or coordinated with the proposed program for the most effective use of public resources and to describe a plan for continuing the program beyond federal grant funding. Grantees shall be required to submit annual attendance data results to facilitate evaluation and compliance with provisions established by the department. Programs receiving grants under this subdivision are not assured of grant renewal from future state or federal funding at the conclusion of the grant period.

CHAPTER 556

An act to add Sections 12103.5, 12104, and 12104.5 to the Public Contract Code, relating to public contracts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The State of California depends on information technology goods and services to accomplish its legally mandated core business functions and public services and it is in the best interest of the state to procure these services according to best practices, thereby rationalizing the process and providing a consistent basis for communication and decisionmaking.

(b) Information technology improves the functioning of government by providing increased public access and enhanced customer service.

(c) Conducting business with technology industry vendors in a professional manner with an attitude of cooperative, direct, and straightforward communication serves the best interests of the State of California and its citizens for the following reasons:

(1) Vendors can better respond to the state if published business and technical requirements are clear.

(2) An efficient and effective procurement process saves the state valuable dollars and time, mitigating overall project risk long term.

(d) Information technology goods and services are complex and multidimensional. The implementation of new technology invariably impacts existing technology, dependent and independent information technology systems, governmental business processes, operational expectations and outcomes, and future technical and operations choices for the functions of a governmental entity. Purchases, therefore, should be considered in the appropriate context with a total cost of ownership for the state.

(e) New information systems that require information technology goods and services for their implementation should be conceived in terms of a "solution." Thinking and planning according to an information technology "solution" mindset appropriately considers the complete set of information technology goods and services required to complete an objective or set of objectives in the context of the actual business needs of the purchasing state agency. This also provides a means with which to consider the overall purchasing decision and weigh the benefits of different information technology options according to the total cost of ownership for the state.

SEC. 2. Section 12103.5 is added to the Public Contract Code, to read:

12103.5. Beginning January 1, 2007, for those information technology purchases for which the department determines that a request for proposal (RFP) is appropriate, the department shall identify and document the following, with respect to information technology procurements, prior to releasing the RFP:

(a) Identify the legislative mandate, state business, or operational reason for the information technology procurement.

(b) Identify the existing business processes currently used to accomplish the legislative mandate, state business, or operational reason.

(c) Identify the most important priorities for the information technology project to accomplish.

(d) Identify what current technology is being used and how it is being used.

(e) If the data used in a proposed information technology system comes from multiple sources, identify the existing business processes

or technical systems that produce and maintain the source data to ensure interoperability.

(f) Identify how the new information technology project leverages existing technology investments while accomplishing its business objectives.

SEC. 3. Section 12104 is added to the Public Contract Code, to read:

12104. (a) (1) Commencing on or before January 1, 2007, the State Contracting Manual shall set forth all policies, procedures, and methods that shall be used by the department when seeking to obtain bids for the acquisition of information technology, including any policies contained in the State Administrative Manual.

(2) Revisions to the manual must be publicly announced, including, but not limited to, postings on the department's Internet homepage.

(b) On or before January 1, 2007, the department shall designate a single entity within the department that shall be solely responsible for the development, implementation, and maintenance of standardized methods for the development of information technology requests for proposals.

(c) Commencing on or before January 1, 2007, all information technology requests for proposals shall be reviewed by the Office of Legal Services prior to release to the public.

(d) (1) On or before January 1, 2007, the department, in consultation with a representative from the Department of Technology Services, the Department of Finance, the Senate, and the Assembly, along with representatives from the information technology industry, shall issue a management memorandum setting forth uniform standards for information technology procurement. The management memorandum shall prioritize how the technology will advance the public policy purpose of the state program that the information technology will serve over the department's or client's preference for a particular information product design. Prior to issuing the management memorandum, the department shall hold at least two public hearings on the standards that are proposed to be included in the management memorandum.

(2) The management memorandum issued pursuant to paragraph (1) shall not apply to procurements necessary to meet the requirements of the Department of Justice Hawkins Data Center.

SEC. 4. Section 12104.5 is added to the Public Contract Code, to read:

12104.5. (a) All rules and requirements governing an information technology acquisition, for which the department determines that a request for proposal (RFP) is appropriate, shall be communicated in writing to all vendors that have expressed an intent to bid and shall be posted in a public location. Any changes to the rules and requirements

governing that RFP shall be communicated in writing to all vendors that have expressed an intent to bid and shall be posted in a public location. No requirements other than those provided by law or outside of the published RFP and posted addendums shall be used by the department to score bids.

(b) The requirements of this section shall be in addition to any other requirement provided by law.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to protect the integrity of California's information technology procurement practices, and to ensure that the state is not wasting resources on poorly designed technology investments that may fail to perform in critical state health and safety programs, it is necessary that this act take effect immediately.

CHAPTER 557

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 1507.3 of the Health and Safety Code is amended to read:

1507.3. (a) A residential facility that provides care to adults may obtain a waiver from the department for the purpose of allowing a resident who has been diagnosed as terminally ill by his or her physician or surgeon to remain in the facility, or allowing a person who has been diagnosed as terminally ill by his or her physician and surgeon to become a resident of the facility if that person is already receiving hospice services and would continue to receive hospice services without disruption if he or she became a resident, when all of the following conditions are met:

(1) The facility agrees to retain the terminally ill resident, or accept as a resident the terminally ill person, and to seek a waiver on behalf of

the individual, provided the individual has requested the waiver and is capable of deciding to obtain hospice services.

(2) The terminally ill resident, or the terminally ill person to be accepted as a resident, has obtained the services of a hospice certified in accordance with federal medicare conditions of participation and licensed pursuant to Chapter 8 (commencing with Section 1725) or Chapter 8.5 (commencing with Section 1745).

(3) The facility, in the judgment of the department, has the ability to provide care and supervision appropriate to meet the needs of the terminally ill resident, or the terminally ill person to be accepted as a resident, and is in substantial compliance with regulations governing the operation of residential facilities that provide care to adults.

(4) The hospice has agreed to design and provide for care, services, and necessary medical intervention related to the terminal illness as necessary to supplement the care and supervision provided by the facility.

(5) An agreement has been executed between the facility and the hospice regarding the care plan for the terminally ill resident, or the terminally ill person to be accepted as a resident. The care plan shall designate the primary caregiver, identify other caregivers, and outline the tasks the facility is responsible for performing and the approximate frequency with which they shall be performed. The care plan shall specifically limit the facility's role for care and supervision to those tasks authorized for a residential facility under this chapter.

(6) The facility has obtained the agreement of those residents who share the same room with the terminally ill resident, or any resident who will share a room with the terminally ill person to be accepted as a resident, to allow the hospice caregivers into their residence.

(b) At any time that the licensed hospice, the facility, or the terminally ill resident determines that the resident's condition has changed so that continued residence in the facility will pose a threat to the health and safety of the terminally ill resident or any other resident, the facility may initiate procedures for a transfer.

(c) A facility that has obtained a hospice waiver from the department pursuant to this section, or an Adult Residential Facility for Persons with Special Health Care Needs (ARFPSHN) licensed pursuant to Article 9 (commencing with Section 1567.50), need not call emergency response services at the time of a life-threatening emergency if the hospice agency is notified instead and all of the following conditions are met:

(1) The resident is receiving hospice services from a licensed hospice agency.

(2) The resident has completed an advance directive, as defined in Section 4605 of the Probate Code, requesting to forego resuscitative measures.

(3) The facility has documented that facility staff have received training from the hospice agency on the expected course of the resident's illness and the symptoms of impending death.

(d) Nothing in this section is intended to expand the scope of care and supervision for a residential facility, as defined in this chapter, that provides care to adults nor shall a facility be required to alter or extend its license in order to retain a terminally ill resident, or allow a terminally ill person to become a resident of the facility, as authorized by this section.

(e) Nothing in this section shall require any care or supervision to be provided by the residential facility beyond that which is permitted in this chapter.

(f) Nothing in this section is intended to expand the scope of life care contracts or the contractual obligation of continuing care retirement communities as defined in Section 1771.

(g) The department shall not be responsible for the evaluation of medical services provided to the resident by the hospice and shall have no liability for the independent acts of the hospice.

(h) The department, in consultation with the State Fire Marshal, shall develop and expedite implementation of regulations related to residents who have been diagnosed as terminally ill who remain in the facility and who are nonambulatory that ensure resident safety but also provide flexibility to allow residents to remain in the least restrictive environment.

(i) Nothing in this section shall be construed to relieve a licensed residential facility that provides care to adults of its responsibility, for purposes of allowing a resident who has been diagnosed as terminally ill to remain in the facility, to do both of the following:

(1) With regard to any resident who is bedridden, as defined in subdivision (a) of Section 1566.45, to, within 48 hours of the resident's retention in the facility, notify the local fire authority with jurisdiction in the bedridden resident's location of the estimated length of time the resident will retain his or her bedridden status in the facility.

(2) Secure a fire clearance approval from the city or county fire department, fire district, or any other local agency providing fire protection services, or the State Fire Marshal, whichever has primary fire protection jurisdiction.

(j) The requirement in paragraph (1) of subdivision (a) to obtain a waiver, and the requirement in paragraph (1) of subdivision (i) to notify the local fire authority, shall not apply to a facility licensed as an ARFPSHN pursuant to Article 9 (commencing with Section 1567.50).

SEC. 1.5. Section 1524 of the Health and Safety Code is amended to read:

1524. A license shall be forfeited by operation of law when one of the following occurs:

(a) The licensee sells or otherwise transfers the facility or facility property, except when change of ownership applies to transferring of stock when the facility is owned by a corporation, and when the transfer of stock does not constitute a majority change of ownership.

(b) The licensee surrenders the license to the department.

(c) The licensee moves a facility from one location to another. The department shall develop regulations to ensure that the facilities are not charged a full licensing fee and do not have to complete the entire application process when applying for a license for the new location.

(d) The licensee is convicted of an offense specified in Section 220, 243.4, or 264.1, or paragraph (1) of Section 273a, Section 273d, 288, or 289 of the Penal Code, or is convicted of another crime specified in subdivision (c) of Section 667.5 of the Penal Code.

(e) The licensee dies. If an adult relative notifies the department of his or her desire to continue operation of the facility and submits an application, the department shall expedite the application. The department shall promulgate regulations for expediting applications submitted pursuant to this subdivision.

(f) The licensee abandons the facility.

(g) When the certification issued by the State Department of Developmental Services to a licensee of an Adult Residential Facility for Persons with Special Health Care Needs, licensed pursuant to Article 9 (commencing with Section 1567.50), is rescinded.

SEC. 2. Section 1538 of the Health and Safety Code is amended to read:

1538. (a) Any person may request an inspection of any community care facility or certified family home in accordance with this chapter by transmitting to the state department notice of an alleged violation of applicable requirements prescribed by statutes or regulations of this state, including, but not limited to, a denial of access of any person authorized to enter the facility pursuant to Section 9701 of the Welfare and Institutions Code. A complaint may be made either orally or in writing.

(b) The substance of the complaint shall be provided to the licensee or certified family home and foster family agency no earlier than at the time of the inspection. Unless the complainant specifically requests otherwise, neither the substance of the complaint provided the licensee or certified family home and foster family agency nor any copy of the complaint or any record published, released, or otherwise made available to the licensee or certified family home and foster family agency shall disclose the name of any person mentioned in the complaint except the name of any duly authorized officer, employee, or agent of the state

department conducting the investigation or inspection pursuant to this chapter.

(c) Upon receipt of a complaint, other than a complaint alleging denial of a statutory right of access to a community care facility or certified family home, the state department shall make a preliminary review and, unless the state department determines that the complaint is willfully intended to harass a licensee or is without any reasonable basis, it shall make an onsite inspection of the community care facility or certified family home within 10 days after receiving the complaint, except where a visit would adversely affect the licensing investigation or the investigation of other agencies. In either event, the complainant shall be promptly informed of the state department's proposed course of action.

If the department determines that the complaint is intended to harass, is without a reasonable basis, or, after a site inspection, is unfounded, then the complaint and any documents related to it shall be marked confidential and shall not be disclosed to the public. If the complaint investigation included a site visit, the licensee or certified family home and foster family agency shall be notified in writing within 30 days of the dismissal that the complaint has been dismissed.

(d) Upon receipt of a complaint alleging denial of a statutory right of access to a community care facility or certified family home, the state department shall review the complaint. The complainant shall be notified promptly of the state department's proposed course of action.

(e) The department shall commence performance of complaint inspections of certified family homes upon the employment of sufficient personnel to carry out this function, and by no later than June 30, 1999. Upon implementation, the department shall notify all licensed foster family agencies.

(f) Upon receipt of a complaint concerning the care of a client in an Adult Residential Facility for Persons with Special Health Care Needs licensed pursuant to Article 9 (commencing with Section 1567.50), the department shall notify the appropriate regional center and the State Department of Developmental Services for the purposes of investigating the complaint.

(g) Upon receipt of a complaint concerning the vendorization of an Adult Residential Facility for Persons with Special Health Care Needs, the department shall notify the State Department of Developmental Services for purposes of investigating the complaint.

1538.55. (a) The licensee of an Adult Residential Facility for Persons with Special Health Care Needs (ARFPSHN), licensed pursuant to Article 9 (commencing with Section 1567.50), shall report to the department's

(c) The department's Community Care Licensing Division shall notify the State Department of Developmental Services upon its findings of any deficiencies or of possible actions to exclude, pursuant to Section 1558, any individual from an ARFPSHN.

SEC. 4. Section 1562 of the Health and Safety Code is amended to read:

1562. The director shall ensure that operators and staffs of community care facilities have appropriate training to provide the care and services for which a license or certificate is issued. The section shall not apply to a facility licensed as an Adult Residential Facility for Persons with Special Health Care Needs pursuant to Article 9 (commencing with Section 1567.50).

SEC. 5. Section 1562.3 of the Health and Safety Code is amended to read:

1562.3. (a) The Director of Social Services, in consultation with the Director of Mental Health and the Director of Developmental Services, shall establish a training program to ensure that licensees, operators, and staffs of adult residential facilities, as defined in paragraph (1) of subdivision (a) of Section 1502, have appropriate training to provide the

care and services for which a license or certificate is issued. The training program shall be developed in consultation with provider organizations.

(b) (1) An administrator of an adult residential care facility, as defined in paragraph (1) of subdivision (a) of Section 1502, shall successfully complete a department approved certification program pursuant to subdivision (c) prior to employment.

(2) In those cases where the individual is both the licensee and the administrator of a facility, the individual shall comply with both the licensee and administrator requirements of this section.

(3) Failure to comply with this section shall constitute cause for revocation of the license of the facility.

(4) The licensee shall notify the department within 30 days of any change in administrators.

(c) (1) The administrator certification program shall require a minimum of 35 hours of classroom instruction that provides training on a uniform core of knowledge in each of the following areas:

(A) Laws, regulations, and policies and procedural standards that impact the operations of the type of facility for which the applicant will be an administrator.

(B) Business operations.

(C) Management and supervision of staff.

(D) Psychosocial needs of the facility residents.

(E) Community and support services.

(F) Physical needs for facility residents.

(G) Use, misuse, and interaction of medication commonly used by facility residents.

(H) Resident admission, retention, and assessment procedures.

(I) Nonviolent crisis intervention for administrators.

(2) The requirement for 35 hours of classroom instruction pursuant to this subdivision shall not apply to persons who were employed as administrators prior to July 1, 1996. A person holding the position of administrator of an adult residential facility on June 30, 1996, shall file a completed application for certification with the department on or before April 1, 1998. In order to be exempt from the 35-hour training program and the test component, the application shall include documentation showing proof of continuous employment as the administrator of an adult residential facility between, at a minimum, June 30, 1994, and June 30, 1996. An administrator of an adult residential facility who became certified as a result of passing the department-administered challenge test, that was offered between October 1, 1996, and December 23, 1996, shall be deemed to have fulfilled the requirements of this paragraph.

(3) Unless an extension is granted to the applicant by the department, an applicant for an administrator's certificate shall, within 60 days of

the applicant's completion of classroom instruction, pass the written test provided in this section.

(d) The department shall not begin the process of issuing a certificate until receipt of all of the following:

(1) A certificate of completion of the administrator training required pursuant to this chapter.

(2) The fee required for issuance of the certificate. A fee of one hundred dollars (\$100) shall be charged by the department to cover the costs of processing the application for certification.

(3) Documentation from the applicant that he or she has passed the written test.

(4) Submission of fingerprints. The department and the Department of Justice shall expedite the criminal record clearance for holders of certificates of completion. The department may waive the submission for those persons who have a current clearance on file.

(e) It shall be unlawful for any person not certified under this section to hold himself or herself out as a certified administrator of an adult residential facility. Any person willfully making any false representation as being a certified administrator is guilty of a misdemeanor.

(f) (1) Certificates issued under this section shall be renewed every two years and renewal shall be conditional upon the certificate holder submitting documentation of completion of 40 hours of continuing education related to the core of knowledge specified in subdivision (c). For purposes of this section, an individual who is an adult residential facility administrator and who is required to complete the continuing education hours required by the regulations of the State Department of Developmental Services, and approved by the regional center, shall be permitted to have up to 24 of the required continuing education course hours credited toward the 40-hour continuing education requirement of this section. Community college course hours approved by the regional centers shall be accepted by the department for certification.

(2) Every licensee and administrator of an adult residential facility is required to complete the continuing education requirements of this subdivision.

(3) Certificates issued under this section shall expire every two years, on the anniversary date of the initial issuance of the certificate, except that any administrator receiving his or her initial certification on or after January 1, 1999, shall make an irrevocable election to have his or her recertification date for any subsequent recertification either on the date two years from the date of issuance of the certificate or on the individual's birthday during the second calendar year following certification. The department shall send a renewal notice to the certificate holder 90 days prior to the expiration date of the certificate. If the

certificate is not renewed prior to its expiration date, reinstatement shall only be permitted after the certificate holder has paid a delinquency fee equal to three times the renewal fee and has provided evidence of completion of the continuing education required.

(4) To renew a certificate, the certificate holder shall, on or before the certificate expiration date, request renewal by submitting to the department documentation of completion of the required continuing education courses and pay the renewal fee of one hundred dollars (\$100), irrespective of receipt of the department's notification of the renewal. A renewal request postmarked on or before the expiration of the certificate is proof of compliance with this paragraph.

(5) A suspended or revoked certificate is subject to expiration as provided for in this section. If reinstatement of the certificate is approved by the department, the certificate holder, as a condition precedent to reinstatement, shall submit proof of compliance with paragraphs (1) and (2) of subdivision (f) and shall pay a fee in an amount equal to the renewal fee, plus the delinquency fee, if any, accrued at the time of its revocation or suspension. Delinquency fees, if any, accrued subsequent to the time of its revocation or suspension and prior to an order for reinstatement, shall be waived for one year to allow the individual sufficient time to complete the required continuing education units and to submit the required documentation. Individuals whose certificates will expire within 90 days after the order for reinstatement may be granted a three-month extension to renew their certificates during which time the delinquency fees shall not accrue.

(6) A certificate that is not renewed within four years after its expiration shall not be renewed, restored, reissued, or reinstated except upon completion of a certification training program, passing any test that may be required of an applicant for a new certificate at that time, and paying the appropriate fees provided for in this section.

(7) A fee of twenty-five dollars (\$25) shall be charged for the reissuance of a lost certificate.

(8) A certificate holder shall inform the department of his or her employment status within 30 days of any change.

(g) The certificate shall be considered forfeited under the following conditions:

(1) The administrator has had a license revoked, suspended, or denied as authorized under Section 1550.

(2) The administrator has been denied employment, residence, or presence in a facility based on action resulting from an administrative hearing pursuant to Section 1522 or Section 1558.

(h) (1) The department, in consultation with the State Department of Mental Health and the State Department of Developmental Services,

shall establish, by regulation, the program content, the testing instrument, the process for approving certification training programs, and criteria to be used in authorizing individuals, organizations, or educational institutions to conduct certification training programs and continuing education courses. These regulations shall be developed in consultation with provider organizations, and shall be made available at least six months prior to the deadline required for certification. The department may deny vendor approval to any agency or person in any of the following circumstances:

(A) The applicant has not provided the department with evidence satisfactory to the department of the ability of the applicant to satisfy the requirements of vendorization set out in the regulations adopted by the department pursuant to subdivision (i).

(B) The applicant person or agency has a conflict of interest in that the person or agency places its clients in adult residential facilities.

(C) The applicant public or private agency has a conflict of interest in that the agency is mandated to place clients in adult residential facilities and to pay directly for the services. The department may deny vendorization to this type of agency only as long as there are other vendor programs available to conduct the certification training programs and conduct education courses.

(2) The department may authorize vendors to conduct the administrator's certification training program pursuant to provisions set forth in this section. The department shall conduct the written test pursuant to regulations adopted by the department.

(3) The department shall prepare and maintain an updated list of approved training vendors.

(4) The department may inspect certification training programs and continuing education courses to determine if content and teaching methods comply with regulations. If the department determines that any vendor is not complying with the intent of this section, the department shall take appropriate action to bring the program into compliance, which may include removing the vendor from the approved list.

(5) The department shall establish reasonable procedures and timeframes not to exceed 30 days for the approval of vendor training programs.

(6) The department may charge a reasonable fee, not to exceed one hundred fifty dollars (\$150) every two years to certification program vendors for review and approval of the initial 35-hour training program pursuant to subdivision (c). The department may also charge the vendor a fee not to exceed one hundred dollars (\$100) every two years for the review and approval of the continuing education courses needed for recertification pursuant to this subdivision.

(i) This section shall be operative upon regulations being adopted by the department, no later than July 1, 1996, to implement the administrator certification program as provided for in this section. If regulations are not adopted by the department, or are adopted after July 1, 1996, this section shall not become operative.

(j) The department shall establish a registry for holders of certificates that shall include, at a minimum, information on employment status and criminal record clearance.

SEC. 6. Section 1562.4 of the Health and Safety Code is amended to read:

1562.4. Any person who becomes an administrator of an adult residential facility, as defined in paragraph (1) of subdivision (a) of Section 1502, on or after July 1, 1996, shall, at a minimum, fulfill all of the following requirements:

(a) Be at least 21 years of age.

(b) Provide documentation of having successfully completed a certification program approved by the department and successfully passing the state examination.

(1) The State Department of Developmental Services shall be responsible for granting the certificate of program approval for an Adult Residential Facility for Persons with Special Health Care Needs (ARFPSHN). The State Department of Social Services shall not issue a license unless the applicant has obtained a certification of program approval from the State Department of Developmental Services.

(2) The State Department of Social Services shall ensure that the ARFPSHN meets the administration requirements under Article 2 (commencing with Section 1520) including, but not limited to, requirements relating to fingerprinting and criminal records under Section 1522.

When the State Department of Developmental Services determines that urgent action is necessary to protect clients of the ARFPSHN from physical or mental abuse, abandonment, or any other substantial threat to their health and safety, the State Department of Developmental Services may request the regional center or centers to remove the clients from the ARFPSHN or direct the regional center or centers to obtain alternative services for the consumers within 24 hours.

(6) The State Department of Social Services may initiate proceedings for temporary suspension of the license pursuant to Section 1550.5.

(7) The State Department of Developmental Services, upon its decertification, shall inform the State Department of Social Services of the licensee's decertification, with its recommendation concerning revocation of the license, for which the State Department of Social Services may initiate proceedings pursuant to Section 1550.

(8) The State Department of Developmental Services and the regional centers shall provide the State Department of Social Services all available documentation and evidentiary support necessary for any enforcement proceedings to suspend the license pursuant to Section 1550.5, to revoke or deny a license pursuant to Section 1551, or to exclude an individual pursuant to Section 1558.

(9) The State Department of Social Services Community Care Licensing Division shall enter into a memorandum of understanding with the State Department of Developmental Services to outline a formal

protocol to address shared responsibilities, including monitoring responsibilities, complaint investigations, administrative actions, and closures.

(10) The licensee shall provide documentation that, in addition to the administrator requirements set forth under paragraph (4) of subdivision (a) of Section 4684.63 of the Welfare and Institutions Code, the administrator, prior to employment, has completed a minimum of 35 hours of initial training in the general laws, regulations and policies and procedural standards applicable to facilities licensed by the State Department of Social Services under Article 2 (commencing with Section 1520). (c) The article shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute extends or deletes that date.

(d) This article shall only be implemented to the extent that funds are made available through an appropriation in the annual Budget Act.

(e) For purposes of this article, a health facility licensed pursuant to subdivision (e) or (h) of Section 1250 may place its licensed bed capacity in voluntary suspension for the purpose of using the facility to operate an ARFPSHN if the facility is selected to participate in the pilot project pursuant to Section 4684.58. Consistent with subdivision (a) of Section 4684.50, any facility selected to participate in the program shall be licensed to serve up to five adults. A facility's bed capacity shall not be placed in voluntary suspension until all consumers residing in the facility under the license to be suspended have been relocated. (c) The established rate for a full month of service shall be made by the regional center when a consumer is temporarily absent from the ARFPSHN 14 days or less per month. When the consumer's temporary absence is due to the need for inpatient care in a health facility, as defined in subdivision (a), (b), or (c) of Section 1250 of the Health and Safety Code, the regional center shall continue to pay the established rate as long as no other consumer occupies the vacancy created by the consumer's temporary absence, or until the individual health care plan team has determined that the consumer will not return to the facility. SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 559

An act to add Section 56328.5 to the Government Code, relating to local agency formation commissions.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 56328.5 is added to the Government Code, to read:

56328.5. (a) In Kern County, the commission, which consists of seven members, augmented pursuant to Section 56332, shall be additionally augmented by the appointment of an eighth member and a ninth member.

(b) The eighth member shall, notwithstanding subdivision (b) of Section 56325, be a member of the legislative body of the city in the county having the largest population, appointed by the legislative body of that city.

The legislative body of the city shall appoint an alternate member at the same time and in the same manner as it appoints the eighth regular member. If the regular city member is absent from a commission meeting, or disqualifies himself or herself from participating in a meeting, the alternate member may serve and vote in place of the regular city member for that meeting. If the office of the regular city member becomes vacant, the alternate member may serve and vote in place of the former regular city member until the appointment and qualification of a regular city member to fill the vacancy.

(c) The ninth member shall represent the general public, but shall not be a member of the governing body of any local agency. The ninth

member shall be appointed by the four members of the commission appointed by the county supervisors and the independent special district selection committee. Those commission members may also appoint an alternate public member, who is not a member of the governing body of any local agency, who may serve and vote in the place of the regular public member appointed pursuant to this subdivision if that regular public member is absent or disqualifies himself or herself from participating in a meeting of the commission. If the office of the regular public member appointed pursuant to this subdivision becomes vacant, the alternate member may serve and vote in place of that former regular public member until the appointment and qualification of a regular public member pursuant to this subdivision to fill the vacancy.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 560

An act to add and repeal Article 5.2 (commencing with Section 14166) of Chapter 7 of Part 3 of Division 9 of the Welfare and Institutions Code, relating to hospitals, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Article 5.2 (commencing with Section 14166) is added to Chapter 7 of Part 3 of Division 9 of the Welfare and Institutions Code, to read:

Article 5.2. Medi-Cal Hospital Care/Uninsured Hospital Care Demonstration Project Act

14166. (a) This article shall be known and may be cited as the “Medi-Cal Hospital/Uninsured Care Demonstration Project Act.”

(b) The Legislature finds and declares all of the following:

(1) The preservation of the state's disproportionate share hospitals and the University of California hospitals is of critical importance to the health and welfare of the people of the state.

(2) These hospitals, as well as many nondisproportionate district hospitals, are facing unprecedented financial challenges. Many are facing significant budget deficits impeding their ability to continue serving their essential role in the health care delivery system, including providing care to Medi-Cal beneficiaries and uninsured patients.

(3) The financial viability of these hospitals has been sustained through funding that has been available for California's disproportionate share hospital program under Medi-Cal. Without these funds, many of these hospitals would be unable to keep their doors open and others would be forced to curtail services, thereby impacting service to Medi-Cal beneficiaries and other needy individuals.

(4) The federal Centers for Medicare and Medicaid Services has indicated in negotiations with the State Department of Health Services that it is changing its approach to federal funding of Medicaid in various respects. For instance, the methodology that many states, including California, have used to fund their disproportionate share hospital programs successfully for more than a decade has become the subject of negative attention by the federal Centers for Medicare and Medicaid Services, which is refusing to approve discretionary waivers and state plan amendments that rely on these funding methods. Accordingly, the State of California has proposed that the funding mechanism for inpatient hospital services under Medi-Cal be modified to secure federal approval and address continued and adequate funding to the University of California and disproportionate share hospitals. To this end, the state has negotiated a waiver from various federal Medicaid requirements that will allow it to implement a demonstration project using modified funding methodologies. The Medi-Cal Hospital/Uninsured Care Demonstration Project is intended to make up to \$3.3 billion in additional federal funds available to California safety net hospitals over a five-year period.

(5) The methodologies used to fund the Medi-Cal program should maximize the use of federal funds consistent with federal Medicaid law in an effort to access all of the increased federal funding available under the Medi-Cal Hospital/Uninsured Care Demonstration Project.

(6) The amount of Medi-Cal funding to the University of California hospitals and disproportionate share hospitals as a whole should not be less than the amount of funding for the 2004-05 fiscal year. Similarly, the amount of Medi-Cal funding for the public disproportionate share hospitals as a group and for the private disproportionate share hospitals as a group should not be less than the amount of funding for the 2004-05 fiscal year.

(7) The distributions of Medi-Cal funds should provide a predictable and stable amount of funding for these hospitals in order to allow them to engage in short-term and long-term planning. The distribution methodologies should be fair and equitable, and take into account utilization changes among hospitals.

(8) The payments of Medi-Cal funds to these hospitals should be made regularly and periodically throughout the year in order to provide hospitals with necessary cashflow.

14166.1. For purposes of this article, the following definitions shall apply:

(j) "Private hospital" means a nonpublic hospital, nonpublic converted hospital, or converted hospital, as those terms are defined in paragraphs (26) to (28), inclusive, respectively, of subdivision (a) of Section 14105.98.

(l) "Uninsured" shall have the same meaning as that term has in the Special Terms and Conditions issued by the federal Centers for Medicare and Medicaid Services for the demonstration project.

14166.2. (a) The demonstration project shall be implemented and administered pursuant to this article.

(b) The director may modify any process or methodology specified in this article to the extent necessary to comply with federal law or the terms of the demonstration project, but only if the modification results in the equitable distribution of funding, consistent with this article, among the hospitals affected by the modification. If the director, after consulting with affected hospitals, determines that an equitable distribution cannot be achieved, the director shall execute a declaration stating that this determination has been made. The director shall retain the declaration and provide a copy, within five working days of the execution of the declaration, to the fiscal and appropriate policy committees of the Legislature. This article shall become inoperative on the date that the director executes a declaration pursuant to this subdivision, and as of January 1 of the following year shall be repealed.

(c) The director shall administer the demonstration project and related Medi-Cal payment programs in a manner that attempts to maximize available payment of federal financial participation, consistent with federal law, the Special Terms and Conditions for the demonstration project issued by the federal Centers for Medicare and Medicaid Services, and this article.

(d) As permitted by the federal Centers for Medicare and Medicaid Services, this article shall be effective with regard to services rendered throughout the term of the demonstration project, and retroactively, with regard to services rendered on or after July 1, 2005, but prior to the implementation of the demonstration project.

(e) In the administration of this article, the state shall continue to make payments to hospitals that meet the eligibility requirements for participation in the supplemental reimbursement program for hospital facility construction, renovation, or replacement pursuant to Section 14085.5 and shall continue to make inpatient hospital payments not covered by the contract. These payments shall not duplicate any other payments made under this article.

(f) The department shall continue to operate the selective provider contracting program in accordance with Article 2.6 (commencing with Section 14081) in a manner consistent with this article. A designated public hospital participating in the certified public expenditure process shall maintain a selective provider contracting program contract. These contracts shall continue to be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

(g) In the event of a final judicial determination made by any state or federal court that is not appealed in any action by any party or a final determination by the administrator of the Centers for Medicare and Medicaid Services that federal financial participation is not available with respect to any payment made under any of the methodologies implemented pursuant to this article because the methodology is invalid, unlawful, or is contrary to any provision of federal law or regulation, the director may modify the process or methodology to comply with law, but only if the modification results in the equitable distribution of demonstration project funding, consistent with this article, among the hospitals affected by the modification. If the director, after consulting with affected hospitals, determines that an equitable distribution cannot be achieved, the director shall execute a declaration stating that this determination has been made. The director shall retain the declaration and provide a copy, within five working days of the execution of the declaration, to the fiscal and appropriate policy committees of the Legislature. This article shall become inoperative on the date that the director executes a declaration pursuant to this subdivision, and as of January 1 of the following year shall be repealed.

(h) (1) The department may adopt regulations to implement this article. These regulations may initially be adopted as emergency regulations in accordance with the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). For purposes of this article, the adoption of regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health, and safety or general welfare. Any emergency regulations adopted pursuant to this section shall not remain in effect subsequent to 24 months after the effective date of this article.

(2) As an alternative, and notwithstanding the rulemaking provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, or any other provision of law, the department may implement and administer this article by means of provider bulletins, manuals, or other similar instructions, without taking regulatory action. The department shall notify the fiscal and appropriate policy committees of the Legislature of its intent to issue a provider bulletin, manual, or other similar instruction, at least five days prior to issuance. In addition, the department shall provide a copy of any provider bulletin, manual, or other similar instruction issued under this paragraph to the fiscal and appropriate policy committees of the Legislature. The department shall consult with interested parties and appropriate stakeholders, regarding the implementation and ongoing administration of this article.

(i) To the extent necessary to implement this article, the department shall submit, by September 30, 2005, to the federal Centers for Medicare and Medicaid Services proposed amendments to the Medi-Cal state plan, including, but not limited to, proposals to modify inpatient hospital payments to designated public hospitals, modify the disproportionate share hospital payment program, and provide for supplemental Medi-Cal reimbursement for certain physician and nonphysician professional services. The department shall, subsequent to September 30, 2005, submit any additional proposed amendments to the Medi-Cal state plan that may be required by the federal Centers for Medicare and Medicaid Services, to the extent necessary to implement this article.

(j) Each designated public hospital shall implement a comprehensive process to offer individuals who receive services at the hospital the opportunity to apply for the Medi-Cal program, the Healthy Families Program, or any other public health coverage program for which the individual may be eligible, and shall refer the individual to those programs, as appropriate.

(k) In any judicial challenge of the provisions of this article, nothing shall create an obligation on the part of the state to fund any payment from state funds due to the absence or shortfall of federal funding.

14166.3. (a) During the demonstration project term, payment adjustments to disproportionate share hospitals shall not be made pursuant to Section 14105.98. Payment adjustments to disproportionate share hospitals shall be made solely in accordance with this article.

(b) Except as otherwise provided in this article, the department shall continue to make all eligibility determinations and perform all payment adjustment amount computations under the disproportionate share hospital payment adjustment program pursuant to Section 14105.98 and pursuant to the disproportionate share hospital provisions of the Medicaid state plan in effect as of the 2004-05 state fiscal year.

(c) (1) Notwithstanding Section 14105.98, the federal disproportionate share hospital allotment specified for California under Section 1396r-4(f) of Title 42 of the United States Code for each of federal fiscal years 2006 to 2010, inclusive, shall be distributed solely among the following hospitals:

(A) Eligible hospitals, as determined pursuant to Section 14105.98 for each project year in which the particular federal fiscal year commences, which meet the definition of a public hospital as specified in paragraph (25) of subdivision (a) of Section 14105.98.

(B) Hospitals that are licensed to the University of California, which meet the requirements set forth in Section 1396r-4(d) of Title 42 of the United States Code.

(2) The federal disproportionate share hospital allotment for each of the federal fiscal years 2006 to 2010, inclusive, shall be aligned with the project year in which the applicable federal fiscal year commences. The payment adjustment year, as used within the meaning of paragraph (6) of subdivision (a) of Section 14105.98, shall be the corresponding project year.

(3) Uncompensated Medi-Cal and uninsured costs as reported pursuant to Section 14166.8, shall be used by the department as the basis for determining the hospital-specific disproportionate share hospital payment limits required by Section 1396r-4(g) of Title 42 of the United States Code for the hospitals described in paragraph (1).

(4) The distribution of the federal disproportionate share hospital allotment to hospitals described in paragraph (1) shall satisfy the state's payment obligations, if any, with respect to those hospitals under Section 1396r-4 of Title 42 of the United States Code.

(d) Eligible hospitals, as determined pursuant to Section 14105.98 for each project year, which are nonpublic hospitals, nonpublic-converted hospitals, and converted hospitals, as those terms are defined in paragraphs (26), (27) and (28), respectively, of subdivision (a) of Section 14105.98, shall receive Medi-Cal disproportionate share hospital replacement payment adjustments pursuant to Section 14166.11. The payment adjustments so provided shall satisfy the state's payment obligations, if any, with respect to those hospitals under Section 1396r-4 of Title 42 of the United States Code. The federal share of these payments shall not be claimed from the federal disproportionate share hospital allotment described in subdivision (c).

(e) The nonfederal share of payments described in subdivisions (c) and (d) shall be derived from the following sources:

(1) With respect to the payments described in paragraph (1) of subdivision (c) that are made to designated public hospitals, the nonfederal share shall consist of certified public expenditures described in subparagraphs (A) and (C) of paragraph (2) of subdivision (a) of Section 14166.9, and intergovernmental transfer amounts described in paragraph (2) of subdivision (d) of Section 14166.6.

(2) With respect to the payments described in paragraph (1) of subdivision (c) that are made to nondesignated public hospitals, the nonfederal share shall consist solely of state General Fund appropriations.

(3) With respect to the payments described in subdivision (d), the nonfederal share shall consist of state General Fund appropriations.

(f) (1) During the term of the demonstration project, for the 2005-06 state fiscal year and any subsequent state fiscal years, no public entity shall be obligated to make any intergovernmental transfer pursuant to Section 14163, and all transfer amount determinations for those state

fiscal years shall be suspended. However, during the demonstration project term, intergovernmental transfers shall be made with respect to the disproportionate share hospital payment adjustments made in accordance with paragraph (2) of subdivision (d) of Section 14166.6.

(2) During the term of the demonstration project, for the 2005-06 state fiscal year and any subsequent state fiscal years, transfer amounts from the Medi-Cal Inpatient Payment Adjustment Fund to the Health Care Deposit Fund, as provided for pursuant to paragraph (2) of subdivision (d) of Section 14163, are hereby reduced to zero. Unless otherwise specified in this article, this paragraph shall be disregarded for purposes of the calculations made under Section 14105.98 during the demonstration project.

14166.35. (a) For each project year, designated public hospitals shall be eligible to receive the following:

(1) Payments for Medi-Cal inpatient hospital services and supplemental payments for physician and nonphysician practitioner services, as specified in Section 14166.4.

(2) Disproportionate share hospital payment adjustments, as specified in Section 14166.6.

(3) Safety net care pool funding, as specified in Section 14166.7.

(4) Stabilization funding, as specified in Section 14166.75.

(5) Grants to distressed hospitals as negotiated by the California Medical Assistance Commission pursuant to Section 14199.23.

(b) Payments under this section shall be in addition to other payments that may be made in accordance with law.

14166.4. (a) Notwithstanding Article 2.6 (commencing with Section 14081), and any other provision of law, fee-for-service payments to the designated public hospitals for inpatient services to Medi-Cal beneficiaries shall be governed by this section. Each of the designated public hospitals shall receive as payment for inpatient hospital services provided to Medi-Cal beneficiaries during any project year, the hospital's allowable costs incurred in providing those services, multiplied by the federal medical assistance percentage. These costs shall be determined, certified, and claimed in accordance with Sections 14166.8 and 14166.9. All Medicaid federal financial participation received by the state for the certified public expenditures of the hospital, or the governmental entity with which the hospital is affiliated, for inpatient hospital services rendered to Medi-Cal beneficiaries shall be paid to the hospital.

(b) With respect to each project year, each of the designated public hospitals shall receive an interim payment for each day of inpatient hospital services rendered to Medi-Cal beneficiaries based upon claims filed by the hospital in accordance with the claiming process set forth in Division 3 (commencing with Section 50000) of Title 22 of the

California Code of Regulations. The interim per diem payment amount shall be based on estimated costs, which shall be derived from statistical data from the following sources and which shall be multiplied by the federal medical assistance percentage:

(1) For allowable costs reflected in the Medicare cost report, the cost report most recently audited by the hospital's Medicare fiscal intermediary adjusted by a trend factor to reflect increased costs, as approved by the federal Centers for Medicare and Medicaid Services for the demonstration project.

(2) For allowable costs not reflected in the Medicare cost report, each hospital shall provide hospital-specific cost data requested by the department. The department shall adjust the data by a trend factor as necessary to reflect project year allowable costs.

(c) Until the department commences making payments pursuant to subdivision (b), the department may continue to make fee-for-service, per diem payments to the designated public hospitals, pursuant to the selective provider contracting program in accordance with Article 2.6 (commencing with Section 14081), for services rendered on and after July 1, 2005, for a period of 120 days following the award of this demonstration. Per diem payments shall be adjusted retroactively to the amounts determined under the payment methodology prescribed in this article.

(d) No later than April 1 following the end of the project year, the department shall undertake an interim reconciliation of payments made pursuant to subdivisions (a) to (c), inclusive, based on Medicare and other cost and statistical data submitted by the hospital for the project year and shall adjust payments to the hospital accordingly.

(e) (1) The designated public hospitals shall receive supplemental reimbursement for the costs incurred for physician and nonphysician practitioner services provided to Medi-Cal beneficiaries who are patients of the hospital, to the extent that those services are not claimed as inpatient hospital services under the hospital's Medi-Cal provider number and the costs of those services are not otherwise recognized under subdivision (a).

(2) Expenditures made by the designated public hospital, or a governmental entity with which it is affiliated, for the services identified in paragraph (1) shall be reduced by any payments received pursuant to Article 7 (commencing with Section 51501) of Title 22 of the California Code of Regulations. The remainder shall be certified by the appropriate public official and claimed by the department in accordance with Sections 14166.8 and 14166.9. These expenditures may include any of the following:

(A) Compensation to physicians or nonphysician practitioners pursuant to contracts with the designated public hospital.

(B) Salaries and related costs for employed physicians and nonphysician practitioners.

(C) The costs of interns, residents, and related teaching physician and supervision costs.

(D) Administrative costs associated with the services described in subparagraphs (A) to (C), inclusive, including billing costs.

(3) Designated public hospitals shall receive federal funding based on the expenditures identified and certified in paragraph (2). All federal financial participation received by the department for the certified public expenditures identified in paragraph (2) shall be paid to the designated public hospital, or a governmental entity with which it is affiliated.

(4) To the extent that the supplemental reimbursement received under this subdivision relates to services provided to hospital inpatients, the reimbursement shall be applied in determining whether the designated public hospital has received full baseline payments for purposes of paragraph (1) of subdivision (b) of Section 14166.21.

(5) Supplemental reimbursement under this subdivision may be distributed as part of the interim payments under subdivision (b), on a per-visit basis, on a per-procedure basis, or on any other federally permissible basis.

(6) The department shall submit for federal approval, by September 30, 2005, a proposed amendment to the Medi-Cal state plan to implement this subdivision, retroactive to July 1, 2005, to the extent permitted by the federal Centers for Medicare and Medicaid Services. If necessary to obtain federal approval, the department may limit the application of this subdivision to costs determined allowable by the federal Centers for Medicare and Medicaid Services. If federal approval is not obtained, this subdivision shall not be implemented.

14166.5. (a) With respect to each project year, the director shall determine a baseline funding amount for each designated public hospital. A hospital's baseline funding amount shall be an amount equal to the total amount paid to the hospital for inpatient hospital services rendered to Medi-Cal beneficiaries during the 2004-05 fiscal year, including the following Medi-Cal payments, but excluding payments received under the Medi-Cal Specialty Mental Health Services Consolidation Program:

(1) Base payments under the selective provider contracting program as provided for under Article 2.6 (commencing with Section 14081).

(2) Emergency Services and Supplemental Payments Fund payments as provided for under Section 14085.6.

(3) Medi-Cal Medical Education Supplemental Payment Fund payments and Large Teaching Emphasis Hospital and Children's Hospital

Medi-Cal Medical Education Supplemental Payment Fund payments as provided for under Sections 14085.7 and 14085.8, respectively.

(4) Disproportionate share hospital payment adjustments as provided for under Section 14105.98.

(5) Administrative day payments as provided for under Section 51542 of Title 22 of the California Code of Regulations.

(b) The baseline funding amount for each designated public hospital shall reflect a reduction for the total amount of intergovernmental transfers made pursuant to Sections 14085.6, 14085.7, 14085.8, 14085.9, and 14163 for the 2004-05 state fiscal year by the designated public hospital, or the governmental entity with which it is affiliated.

(c) With respect to each project year beginning after the 2005-06 project year, the department shall determine an adjusted baseline funding amount for each designated public hospital to reflect any increase or decrease in volume. The adjustment for designated public hospitals shall be calculated as follows:

(1) Applying the cost-finding methodology approved under the demonstration project, and applying accounting and reporting practices consistent with those applied in paragraph (2), the department shall determine the total allowable costs incurred by the hospital, or the governmental entity with which it is affiliated, in rendering hospital services that would be recognized under the demonstration project to Medi-Cal beneficiaries and the uninsured during the 2004-05 state fiscal year.

(2) Applying the cost-finding methodology approved under the demonstration project, and applying accounting and reporting practices consistent with those applied in paragraph (1), the department shall determine the total allowable costs incurred by the hospital, or the governmental entity with which it is affiliated, in rendering hospital services under the demonstration project to Medi-Cal beneficiaries and the uninsured during the state fiscal year preceding the project year for which the volume adjustment is being calculated.

(3) The department shall:

(A) Calculate the difference between the amount determined under paragraph (1) and the amount determined under paragraph (2).

(B) Determine the percentage increase or decrease by dividing the difference in subparagraph (A) by the amount in paragraph (1).

(C) Apply the percentage determined in subparagraph (B) to that amount that results from the hospital's baseline funding amount determined under subdivision (a) as adjusted by subdivision (b) minus the amount of disproportionate share hospital payments in paragraph (4) of subdivision (a).

(4) The designated public hospital's adjusted baseline for the project year is the amount determined for the hospital in subdivision (a) as adjusted by subdivision (b), plus the amount in subparagraph (C) of paragraph (3).

(5) Notwithstanding paragraphs (3) and (4), when, as determined by the department, in consultation with the designated public hospital, there has been a material reduction in patient services at the designated public hospital during the project year, and the reduction has resulted in a diminution of access for Medi-Cal and uninsured patients and a related reduction in total costs at the designated public hospital of at least 20 percent, the department may utilize current or adjusted data that are reflective of the diminution of access, even if the data are not annual data, to determine the hospital's adjusted baseline amount.

(d) The aggregate designated public hospital baseline funding amount for each project year shall be the sum of all baseline funding amounts determined under subdivisions (a) and (b), as adjusted in subdivision (c), as appropriate, for all designated public hospitals.

(e) (1) The adjustments set forth in subdivision (c) of Section 14166.13 and in subdivision (c) shall not apply if either of the following conditions exist:

(A) The difference between the percentage adjustment in subparagraph (B) of paragraph (3) of subdivision (c) of this section, computed in the aggregate for designated public hospitals, and subparagraph (B) of paragraph (3) of subdivision (c) of Section 14166.13 is greater than 3 percentage points.

(B) The stabilization funding amount from the Health Care Support Fund, established pursuant to Section 14166.21, as determined in Section 14166.20 for any project year is less than one hundred fifty-three million dollars (\$153,000,000).

(2) Notwithstanding paragraph (1), the department may apply the adjustments set forth in paragraph (5) of subdivision (c).

14166.6. (a) For the 2005-06 project year and subsequent project years, each designated public hospital described in subdivision (c) of Section 14166.3 shall be eligible to receive an allocation of federal Medicaid funding from the applicable federal disproportionate share hospital allotment pursuant to this section. The department shall establish the allocations in a manner that maximizes federal Medicaid funding to the state during the term of the demonstration project, and shall consider, at a minimum, all of the following factors, taking into account all other payments to each hospital under this article:

(1) The optimal use of intergovernmental transfer-funded payments described in subdivision (d).

(2) Each hospital's pro rata share of the applicable aggregate designated public hospital baseline funding amount described in subdivision (d) of Section 14166.5.

(3) That the allocation under this section, in combination with the federal share of certified public expenditures for Medicaid inpatient hospital services for the project year determined under subdivision (a) of Section 14166.4, any supplemental reimbursement for professional services rendered to hospital inpatients determined for the project year under subdivision (e) of Section 14166.4, and the distribution of safety net care pool funds from the Health Care Support Fund determined under subdivision (a) of Section 14166.7, shall not exceed the baseline funding amount or adjusted baseline funding amount, as appropriate, for the hospital.

(4) Minimizing the need to redistribute federal funds that are based on the certified public expenditures of designated public hospitals as described in subdivision (c).

(b) Each designated public hospital shall receive its allocation of federal disproportionate share hospital payments in one or both of the following forms:

(1) Distributions from the Demonstration Disproportionate Share Hospital Fund established pursuant to subdivision (d) of Section 14166.9, consisting of federal funds claimed and received by the department, pursuant to subparagraphs (A) and (C) of paragraph (2) of subdivision (a) of Section 14166.9 based on designated public hospitals' certified public expenditures up to 100 percent of uncompensated Medi-Cal and uninsured costs.

(2) Intergovernmental transfer-funded payments, as described in subdivision (d). For purposes of determining whether the hospital has received its allocation of federal disproportionate share hospital payments established under this section, only the federal share of intergovernmental transfer-funded payments shall be considered.

(c) The distributions described in paragraph (1) of subdivision (b) may be made to a designated public hospital independent of the amount of uncompensated Medi-Cal and uninsured costs certified as public expenditures by that hospital pursuant to Section 14166.8, provided that, in accordance with the Special Terms and Conditions for the demonstration project, the recipient hospital does not return any portion of the funds received to any unit of government, excluding amounts recovered by the state or federal government.

(d) Designated public hospitals that meet the requirement of Section 1396r-4(b)(1)(A) of Title 42 of the United States Code regarding the Medicaid inpatient utilization rate or Section 1396r-4(b)(1)(B) of Title 42 of the United States Code regarding the low-income utilization rate,

may receive intergovernmental transfer-funded disproportionate share hospital payments as follows:

(1) The department shall establish the amount of the hospital's intergovernmental transfer-funded disproportionate share hospital payment. The total amount of that payment, consisting of the federal and nonfederal components, shall in no case exceed that amount equal to 75 percent of the hospital's uncompensated Medi-Cal and uninsured costs of hospital services, determined in accordance with the Special Terms and Conditions for the demonstration project.

(2) A transfer amount shall be determined for each hospital that is subject to this subdivision, equal to the nonfederal share of the payment amount established for the hospital pursuant to paragraph (1). The transfer amount so determined shall be paid by the hospital, or the public entity with which the hospital is affiliated, and deposited into the Medi-Cal Inpatient Payment Adjustment Fund established pursuant to subdivision (b) of Section 14163. The sources of funds utilized for the transfer amount shall not include impermissible provider taxes or donations as defined under Section 1396b(w) of Title 42 of the United States Code or other federal funds. For this purpose, federal funds do not include patient care revenue received as payment for services rendered under programs such as Medicare or Medicaid.

(3) The department shall pay the amounts established pursuant to paragraph (1) to each hospital using the transfer amounts deposited pursuant to paragraph (2) as the nonfederal share of those payments. The total intergovernmental transfer-funded payment amount, consisting of the federal and nonfederal share, paid to a hospital shall be retained by the hospital in accordance with the Special Terms and Conditions for the demonstration project.

(e) The total federal disproportionate share hospital funds allocated under this section to designated public hospitals with respect to each project year, in combination with the federal share of disproportionate share hospital payment adjustments made to nondesignated public hospitals pursuant to Section 14166.16 for the same project year, shall not exceed the applicable federal disproportionate share hospital allotment.

(f) Each designated public hospital shall receive quarterly interim payments of its disproportionate share hospital allocation during the project year. The determinations set forth in subdivisions (a) to (e), inclusive, shall be made on an interim basis prior to the start of each project year, except that, with respect to the 2005-06 project year, the interim determinations shall be made prior to January 1, 2006. The department shall use the same cost and statistical data used in determining the interim payments for Medi-Cal inpatient hospital services under

Section 14166.4, and available payments and uncompensated and uninsured cost data, including data from the Medi-Cal paid claims file and the hospital's books and records, for the corresponding period.

(g) No later than April 1 following the end of the project year, the department shall undertake an interim reconciliation of payments based on Medicare and other cost, payment, and statistical data submitted by the hospital for the project year, and shall adjust payments to the hospital accordingly.

(h) Each designated public hospital shall receive its disproportionate share hospital allocation, as computed pursuant to subdivisions (a) to (e), inclusive, subject to final audits of all applicable Medicare and other cost, payment, and statistical data for the project year.

14166.7. (a) (1) With respect to each project year, designated public hospitals, or governmental entities with which they are affiliated, shall be eligible to receive safety net care pool payments from the Health Care Support Fund established pursuant to Section 14166.21. The total amount of these payments, in combination with the federal share of certified public expenditures for Medicaid inpatient hospital services determined for the project year under subdivision (a) of Section 14166.4, any supplemental reimbursement for physician and nonphysician practitioner services rendered to hospital inpatients determined for the project year under subdivision (e) of Section 14166.4, and the federal disproportionate share hospital allocation determined under Section 14166.6, shall not exceed the hospital's baseline funding amount or adjusted baseline funding amount, as appropriate.

(2) The department shall establish the amount of the safety net care pool payment described in paragraph (1) for each designated public hospital in a manner that maximizes federal Medicaid funding to the state during the term of the demonstration project.

(3) A safety net care pool payment amount may be paid to a designated public hospital, or governmental entity with which it is affiliated, pursuant to this section independent of the amount of uncompensated Medi-Cal and uninsured costs that is certified as public expenditures pursuant to Section 14166.8, provided that, in accordance with the Special Terms and Conditions for the demonstration project, the recipient hospital does not return any portion of the funds received to any unit of government, excluding amounts recovered by the state or federal government.

(4) In establishing the amount to be paid to each designated public hospital under this subdivision, the department shall minimize to the extent possible the redistribution of federal funds that are based on certified public expenditures as described in paragraph (3).

(b) Each designated public hospital, or governmental entity with which it is affiliated, shall receive the amount established pursuant to

subdivision (a) in quarterly interim payments during the project year. The determination of the interim payments shall be made on an interim basis prior to the start of each project year, except that, with respect to the 2005-06 project year, the determination of the interim payments shall be made prior to January 1, 2006. The department shall use the same cost and statistical data that is used in determining the interim payments for Medi-Cal inpatient hospital services under Section 14166.4 and for the disproportionate share hospital allocations under Section 14166.6, for the corresponding period.

(c) (1) No later than April 1 following the end of the project year, the department shall undertake an interim reconciliation of the payment amount established pursuant to subdivision (a) for each designated public hospital using Medicare and other cost, payment, and statistical data submitted by the hospital for the project year, and shall adjust payments to the hospital accordingly.

(2) The final payment to a designated public hospital for purposes of subdivision (b) and paragraph (1) of this subdivision, shall be subject to final audits of all applicable Medicare and other cost, payment, and statistical data for the project year, and the distribution priorities set forth in Section 14166.20.

(d) (1) Each designated public hospital, or governmental entity with which it is affiliated, shall be eligible to receive additional safety net care pool payments above the baseline funding amount or adjusted baseline funding amount, as appropriate, from the Health Care Support Fund, established pursuant to Section 14166.21, for the project year in accordance with the stabilization funding determination for the hospital made pursuant to Section 14166.75.

(2) Payment of the additional safety net care pool amounts shall be subject to the distribution priorities set forth in Section 14166.21.

14166.75. (a) For services provided during the 2005-06 project year, the amount allocated to designated public hospitals pursuant to subparagraph (A) of paragraph (2) and subparagraph (A) of paragraph (5) of subdivision (b) of Section 14166.20 shall be allocated, in accordance with this section, among the designated public hospitals and paid as direct grants, which shall not constitute Medi-Cal payments.

(b) The baseline funding amount, as determined under Section 14166.5, for San Mateo Medical Center shall be increased by eight million dollars (\$8,000,000) for purposes of this section.

(c) The following payments shall be made from the amount identified in subdivision (a), in addition to any other payments due to the University of California hospitals and health system and County of Los Angeles hospitals under this section:

(1) The lower of eleven million dollars (\$11,000,000) or 3.67 percent of the amount identified in subdivision (a) to the University of California hospitals and health system.

(2) In the event that the one hundred eighty million dollars (\$180,000,000) identified in paragraph 41 of the Special Terms and Conditions for the demonstration project is available in the safety net care pool for the project year, the lower of twenty-three million (\$23,000,000) or 7.67 percent of the amount identified in subdivision (a) to the County of Los Angeles, Department of Health Services, hospitals. If an amount less than the one hundred eighty million dollars (\$180,000,000) is available during the project year, the amount determined under this paragraph shall be reduced proportionately.

(d) The amount identified in subdivision (a), as reduced by the amounts identified in subdivision (c), shall be distributed among the designated public hospitals as follows:

(1) Designated public hospitals that are donor hospitals, and their associated donated certified public expenditures, shall be identified as follows:

(A) An initial pro rata allocation of the amount subject to this subdivision shall be made to each designated public hospital, based upon the hospital's baseline funding amount determined pursuant to Section 14166.5, and as further adjusted in subdivision (b). This initial allocation shall be used for purposes of the calculations under subparagraph (C) and paragraph (3).

(B) The federal financial participation amount arising from the certified public expenditures of each designated public hospital, including the expenditures of the governmental entity, nonhospital clinics, and other provider types to which it is affiliated, that were claimed by the department from the federal disproportionate share hospital allotment pursuant to subparagraphs (A) and (C) of paragraph (2) of subdivision (a) of Section 14166.9, and from the safety net care pool funds pursuant to paragraph (3) of subdivision (a) of Section 14166.9, shall be determined.

(C) The amount of federal financial participation received by each designated public hospital, and by the governmental entity, nonhospital clinics, and other provider types to which it is affiliated, based on certified public expenditures from the federal disproportionate share hospital allotment pursuant to paragraph (1) of subdivision (b) of Section 14166.6, and from the safety net care pool payments pursuant to subdivision (a) of Section 14166.7 shall be identified. The resulting amount shall be increased by amounts distributed to the hospital pursuant to subdivision (c) of this section, paragraph (1) of subdivision (b) of Section 14166.20,

and the initial allocation determined for the hospitals in subparagraph (A).

(D) If the amount in subparagraph (B) is greater than the amount determined in subparagraph (C), the hospital is a donor hospital, and the difference between the two amounts is deemed to be that donor hospital's associated donated certified public expenditures amount.

(2) Seventy percent of the total amount subject to this subdivision shall be allocated pro rata among the designated public hospitals based upon each hospital's baseline funding amount determined pursuant to Section 14166.5, and as further adjusted in subdivision (b).

(3) The lesser of the remaining 30 percent of the total amount subject to this subdivision or the total amounts of donated certified public expenditures for all donor hospitals, shall be distributed pro rata among the donor hospitals based upon the donated certified public expenditures amount determined for each donor hospital. Any amounts not distributed pursuant to this paragraph shall be distributed in accordance with paragraph (2).

(e) The department shall consult with designated public hospital representatives regarding the appropriate distribution of stabilization funding before stabilization funds are allocated and paid to hospitals. No later than 30 days after this consultation, the department shall issue a final allocation of stabilization funding under this section that shall not be modified for any reason other than mathematical errors or mathematical omissions on the part of the department.

14166.8. (a) Within five months after the end of each project year, each of the designated public hospitals shall submit to the department all of the following reports:

(1) The hospital's Medicare cost report for the project year.
(2) Other cost reporting and statistical data necessary for the determination of amounts due the hospital under the demonstration project, as requested by the department.

(b) For each project year, the reports shall identify all of the following:

(1) The costs incurred in providing inpatient hospital services to Medi-Cal beneficiaries on a fee-for-service basis and physician and nonphysician practitioner services costs, as identified in subdivision (e) of Section 14166.4.

(2) The amount of uncompensated costs incurred in providing hospital services to Medi-Cal beneficiaries, including managed care enrollees.

(3) The costs incurred in providing hospital services to uninsured individuals.

(c) Each designated public hospital, or governmental entity with which it is affiliated, that operates nonhospital clinics or provides physician, nonphysician practitioner, or other health care services that are not

identified as hospital services under the Special Terms and Conditions for the demonstration project, may report and certify all, or a portion, of the uncompensated Medi-Cal and uninsured costs of the services furnished. The amount of these uncompensated costs to be claimed by the department shall be determined by the department in consultation with the governmental entity so as to optimize the level of claimable federal Medicaid funding.

(d) Reports submitted under this section shall include all allowable costs.

(e) The appropriate public official shall certify to all of the following:

(1) The accuracy of the reports required under this section.

(2) That the expenditures to meet the reported costs comply with Section 433.51 of Title 42 of the Code of Federal Regulations.

(3) That the sources of funds used to make the expenditures certified under this section do not include impermissible provider taxes or donations as defined under Section 1396b(w) of Title 42 of the United States Code or other federal funds. For this purpose, federal funds do not include patient care revenue received as payment for services rendered under programs such as Medicare or Medicaid.

(f) The certification of public expenditures made pursuant to this section shall be based on a schedule established by the department. The director may require the designated public hospitals to submit quarterly estimates of anticipated expenditures, if these estimates are necessary to obtain interim payments of federal Medicaid funds. All reported expenditures shall be subject to reconciliation to allowable costs, as determined in accordance with applicable demonstration project implementing documents.

(g) Except as provided in subdivision (c), the director shall seek Medicaid federal financial participation for all certified public expenditures recognized under the demonstration project and reported by the designated public hospitals, to the extent consistent with Section 14166.9.

(h) Governmental or public entities other than those that operate a designated public hospital may, at the request of a governmental or public entity, certify uncompensated Medi-Cal and uninsured costs in accordance with this section, subject to the department's discretion and prior approval of the federal Centers for Medicare and Medicaid Services.

14166.9. (a) The department, in consultation with the designated public hospitals, shall determine the mix of sources of federal funds for payments to the designated public hospitals in a manner that provides baseline funding to hospitals and maximizes federal Medicaid funding to the state during the term of the demonstration project. Federal funds shall be claimed according to the following priorities:

(1) The certified public expenditures of the designated public hospitals for inpatient hospital services and physician and nonphysician practitioner services, as identified in subdivision (e) of Section 14166.4, rendered to Medi-Cal beneficiaries.

(2) Federal disproportionate share hospital allotment, subject to the federal-hospital specific limit, in the following order:

(A) Those hospital expenditures that are eligible for federal financial participation only from the federal disproportionate share hospital allotment.

(B) Payments funded with intergovernmental transfers, consistent with the requirements of the demonstration project, up to the hospital's baseline funding amount or adjusted baseline funding amount, as appropriate, for the project year.

(C) Any other certified public expenditures for hospital services that are eligible for federal financial participation from the federal disproportionate share hospital allotment.

(3) Safety net care pool funds, using the optimal combination of hospital certified public expenditures and certified public expenditures of a hospital that operates nonhospital clinics or provides physician, nonphysician practitioner, or other health care services that are identified as hospital services under the Special Terms and Conditions for the demonstration project.

(4) Health care expenditures of the state that represent alternate state funding mechanisms approved by the federal Centers for Medicare and Medicaid Services under the demonstration project as set forth in Section 14166.22.

(b) The department shall implement these priorities, to the extent possible, in a manner that minimizes the redistribution of federal funds that are based on the certified public expenditures of the designated public hospitals.

(c) The department may adjust the claiming priorities to the extent that these adjustments result in additional federal Medicaid funding during the term of the demonstration project or facilitate the objectives of subdivision (b).

(d) There is hereby established in the State Treasury the "Demonstration Disproportionate Share Hospital Fund," consisting of all federal funds received by the department with respect to the certified public expenditures claimed pursuant to subparagraphs (A) and (C) of paragraph (2) of subdivision (a). Notwithstanding Section 13340 of the Government Code, the fund shall be continuously appropriated to the department solely for the purposes specified in Section 14166.6.

(e) All federal safety net care pool funds claimed and received by the department based on health care expenditures incurred by the designated

public hospitals, or the governmental entities with which they are affiliated, shall be deposited in the Health Care Support Fund, established pursuant to Section 14166.21.

14166.10. (a) Payments to private hospitals under the demonstration project shall include, as applicable, all of the following:

(1) Payments under selective provider contracts with the department negotiated by the California Medical Assistance Commission in accordance with Article 2.6 (commencing with Section 14081).

(2) Disproportionate share replacement payments under Section 14166.11.

(3) Supplemental payments under Section 14166.12.

(4) Payments to distressed hospitals as negotiated by the California Medical Assistance Commission pursuant to Section 14166.23.

(b) Payments under subdivision (a) shall be in addition to other payments that may be made in accordance with law.

14166.11. (a) The department shall pay to each project year private DSH hospital the amounts that would have been paid under the disproportionate share hospital program using the formulas and methodology in effect for the 2004-05 fiscal year as more specifically set forth in this section.

(b) For each project year, the department shall develop and issue a tentative and final disproportionate share list in accordance with Section 14105.98.

(c) For each project year, the department shall perform the computations set forth in paragraphs (1) to (4), inclusive, and (6) to (8), inclusive, of subdivision (am) and paragraphs (1) to (3), inclusive, of subdivision (an) of Section 14105.98, subject to the following:

(1) For purposes of these computations, the maximum state disproportionate share hospital allotment for California for each project year shall be the allotment effective during the federal fiscal year beginning during the project year.

(2) All references to October 1 shall be deemed to be references to July 1.

(3) Notwithstanding any other provision of law, the transfer amounts for the Medi-Cal Inpatient Payment Adjustment Fund to the Health Care Deposit Fund, as provided for pursuant to paragraph (2) of subdivision (d) of Section 14163 shall be deemed to be eighty-five million dollars (\$85,000,000) for purposes of the computations under this subdivision.

(4) Notwithstanding any other provision of law, the payments made under this section shall be treated as payment adjustments made under Section 14105.98 for purposes of computing the OBRA 1993 payment limitation, as defined in paragraph (24) of subdivision (a) of Section 14105.98, the low-income utilization rate, and all related computations.

(5) Subdivision (m) of Section 14105.98 shall apply to payments made under this section.

(d) Interim payments shall be made for the first five months of each project year as follows:

(1) Interim payments shall be made to each private hospital identified on a tentative disproportionate share list for the project year that was also on the final disproportionate share list for the prior fiscal year. The interim payment amount per month for each of these hospitals shall equal one-twelfth of the total payments, excluding stabilization funds, made to the hospital for the prior fiscal year under this section or under Section 14105.98. The interim payment amount may be adjusted to reflect any changes in the total payment amounts, excluding stabilization funds, projected to be made under this section for the project year.

(2) The computation of interim payments described in this subdivision shall be made promptly after the department issues the tentative disproportionate share hospital list for the project year.

(3) The first interim payment for a project year shall be made to each hospital no later than 60 days after the issuance of the tentative disproportionate share hospital list for that project year and shall include the interim payment amounts for all prior months in the project year. Subsequent interim payments for a project year shall be made on the last checkwrite of each month made by the Controller until interim payments for the first five months of the project year have been made.

(4) The department may recover any interim payments for a project year made under this subdivision to a hospital that is not on the final disproportionate share hospital list for that project year. These interim payments shall be considered an overpayment. The department shall issue a demand for repayment to a hospital at least 30 days prior to taking action to recover the overpayment. After the 30-day period, the department may recover the overpayment using any of the methods set forth in Section 14115.5 or subdivision (c) of Section 14172.5. Any offset shall be subject to Section 14115.5 or subdivision (d) of Section 14172.5. No other provision of Section 14172.5 shall be applicable with respect to the recovery of overpayments under this subdivision. A hospital may appeal the department's determination of an overpayment under this subdivision pursuant to the appeal procedures set forth in Sections 51016 to 51047, inclusive, of Title 22 of the California Code of Regulations, and seek judicial review of the final administrative decision pursuant to Section 14171, provided that the only issues that may be raised in this appeal are whether the hospital, but for inadvertent error by the department, was on the final disproportionate share list for the project year and whether the department's computation of the overpayment amount is correct. If the hospital is reinstated on the final

disproportionate share list pursuant to Section 14105.98, the department shall promptly refund any amount recovered under this paragraph.

(e) Tentative adjusted monthly payments shall be made for the months of December through March of each project year to each private hospital identified on the final disproportionate share hospital list for the project year, computed and paid as follows:

(1) An adjusted payment amount shall be computed for each hospital equal to the sum of the total payment adjustment amount for the hospital computed pursuant to subdivision (am) of Section 14105.98, plus the supplemental lump-sum payment adjustment amount computed pursuant to subdivision (an) of Section 14105.98, each as most recently computed by the department, plus any applicable interim estimated stabilization funding pursuant to subdivision (b) of Section 14166.14.

(2) A tentative adjusted monthly payment amount shall be computed for each hospital equal to the adjusted payment amount for the hospital, minus the aggregate interim payments made to the hospital for the project year, divided by seven.

(3) The computation of tentative adjusted monthly payments described in this subdivision shall be made promptly after the department issues the final disproportionate share hospital list for the project year.

(4) The first tentative adjusted monthly payment for a project year shall be made to each hospital by January 15 or within 60 days after the issuance of the final disproportionate share hospital list for the project year, whichever is later, and shall include the tentative adjusted monthly payment amounts for all prior months in the project year for which those payments are due. Subsequent tentative adjusted monthly payments for a project year shall be made on the last checkwrite of each month made by the Controller until tentative adjusted monthly payments for December through March of the project year have been made.

(f) Three data corrected payments shall be made on the last checkwrite of the month made by the Controller for the months of April through June of each project year to each private hospital identified on the final disproportionate share hospital list for the project year, computed and paid as follows:

(1) An annual data corrected payment amount shall be computed for each hospital equal to the sum of the total payment adjustment amount for the hospital computed pursuant to subdivision (am) of Section 14105.98, plus the supplemental lump-sum payment adjustment amount computed pursuant to subdivision (an) of Section 14105.98, each as most recently computed by the department, plus any interim estimated stabilization funding. The annual data corrected payment amounts shall reflect data corrections, hospital closures, and other revisions made by

the department to the adjusted payment amounts computed under paragraph (1) of subdivision (e).

(2) A monthly data corrected payment amount shall be computed for each hospital equal to the annual data corrected payment amount for the hospital, minus both the aggregate interim payments made to the hospital for the project year and the aggregate tentative adjusted monthly payments made to the hospital, divided by three.

(g) Payment under subdivisions (d), (e), and (f) for a month shall be made only to private hospitals open for patient care through the 15th day of the month.

(h) The department shall compute a final adjusted payment amount for each private hospital on the final disproportionate share list for a project year after the completion of the project year and the determination of the amount of stabilization funding available to be paid under this section as follows:

(1) An amount shall be computed for each hospital equal to the sum of the total payment adjustment amount for the hospital computed pursuant to subdivision (am) of Section 14105.98, plus the supplemental lump-sum payment adjustment amount computed pursuant to subdivision (an) of Section 14105.98, each as most recently computed by the department. These amounts shall reflect data corrections, hospital closures, and other revisions made by the department to the annual data corrected payment amounts computed under paragraph (1) of subdivision (f) in a manner that ensures that any payments not payable or recouped are redistributed among hospitals eligible for a final adjusted payment amount in accordance with the calculations made pursuant to Section 14105.98.

(2) The department shall add to the amount computed for each hospital under paragraph (1) a pro rata share of any stabilization funding to be allocated and paid under this section, allocated based on the amounts computed under paragraph (1).

(3) The department shall for each hospital for each project year reconcile the total amount paid to the hospital for that project year under subdivisions (d), (e), and (f) with the amount determined under paragraph (2). The department shall issue a report to each hospital setting forth the result of the reconciliation that shall include the department's computation, data, and identification of data sources. The department shall pay to the hospital any underpayment determined as a result of this reconciliation and collect from the hospital any overpayment determined as a result of this reconciliation pursuant to paragraph (4) of subdivision (d) of Section 14166.11.

(4) A hospital may seek to correct the department's data and computations under this section in accordance with the processes

undertaken by the department to implement Section 14105.98 in effect during the 2004-05 state fiscal year.

(i) In accordance with the demonstration project, the following shall apply:

(1) Payments under this section shall satisfy the state's obligation to have a payment adjustment program for disproportionate share hospitals under Section 1923 of the Social Security Act (42 U.S.C. Sec. 1396r-4).

(2) Payments under this section and federal financial participation shall not be counted against the state's allotment of federal funding for Medicaid disproportionate share payment adjustments.

(j) (1) For purposes of this subdivision, "federal disproportionate share allotment" means the federal Medicaid disproportionate share hospital allotment specified for California under Section 1396r-4(f) of Title 42 of the United States Code.

(2) In the event any hospital, or any party on behalf of a hospital, shall initiate a case or proceeding in any state or federal court in which the hospital seeks any relief of any sort whatsoever, including, but not limited to, monetary relief, injunctive relief, declaratory relief, or a writ, based in whole or in part on a contention that the hospital is entitled to, or should receive any portion of, the federal disproportionate share hospital allotment for any or all of federal fiscal years 2006 to 2010, inclusive, all of the following shall apply:

(A) No payments shall be made to the hospital pursuant to this section until the case or proceeding is finally resolved, including the final disposition of all appeals.

(B) Any amount computed to be payable to the hospital pursuant to this section for a project year shall be withheld by the department and shall be paid to the hospital only after the case or proceeding is finally resolved, including the final disposition of all appeals, and only if the case or proceeding does not result in any amount being paid or payable to the hospital from the federal disproportionate share hospital allotment for any portion of the project year.

(C) The hospital shall become ineligible to receive any amount pursuant to this section for any project year for which it is determined that the hospital is entitled to be paid any portion of the federal disproportionate share hospital allotment.

(D) Any amount that would have been payable to the hospital pursuant to this section, but is not paid to the hospital because the hospital has become ineligible to receive payments pursuant to this section shall be returned to the state General Fund.

(E) In the event any portion of the federal disproportionate share hospital allotment is applied to payments to any private hospital, the department shall make any additional payments that may be necessary

from state funds so that the amount of the disproportionate share hospital payments that are made to designated public hospitals or nondesignated public hospitals is not less than the amount that would have been made if the allotment had not been applied to payments to any private hospital.

(F) A hospital's total project year payment amount determined under this section may be subject to reduction by offset pursuant to Section 14115.5 or 14172.5.

14166.12. (a) The California Medical Assistance Commission shall negotiate payment amounts, in accordance with the selective provider contracting program established pursuant to Article 2.6 (commencing with Section 14081), from the Private Hospital Supplemental Fund established pursuant to subdivision (b) for distribution to private hospitals that satisfy the criteria of Section 14085.6, 14085.7, 14085.8, or 14085.9.

(b) The Private Hospital Supplemental Fund is hereby established in the State Treasury. For purposes of this section, "fund" means the Private Hospital Supplemental Fund.

(c) Notwithstanding Section 13340 of the Government Code, the fund shall be continuously appropriated to the department for the purposes specified in this section.

(d) Except as otherwise limited by this section, the fund shall consist of all of the following:

(1) One hundred eighteen million four hundred thousand dollars (\$118,400,000), which shall be transferred annually from General Fund amounts appropriated in the annual Budget Act for the Medi-Cal program.

(2) Any additional moneys appropriated to the fund.

(3) All stabilization funding transferred to the fund pursuant to subdivision (b) of Section 14166.14.

(4) Any moneys that any county, other political subdivision of the state, or other governmental entity in the state may elect to transfer to the department for deposit into the fund, as permitted under Section 433.51 of Title 42 of the Code of Federal Regulations or any other applicable federal Medicaid laws.

(5) All private moneys donated by private individuals or entities to the department for deposit in the fund as permitted under applicable federal Medicaid laws.

(6) Any interest that accrues on amounts in the fund.

(e) Any public agency transferring moneys to the fund may, for that purpose, utilize any revenues, grants, or allocations received from the state for health care programs or purposes, unless otherwise prohibited by law. A public agency may also utilize its general funds or any other public moneys or revenues for purposes of transfers to the fund, unless otherwise prohibited by law.

(f) The department may accept or not accept moneys offered to the department for deposit in the fund. If the department accepts moneys pursuant to this section, the department shall obtain federal financial participation to the full extent permitted by law. With respect to funds transferred or donated from private individuals or entities, the department shall accept only those funds that are certified by the transferring or donating entity that qualify for federal financial participation under the terms of the Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991 (P.L. 102-234) or Section 433.51 of Title 42 of the Code of Federal Regulations, as applicable. The department may return any funds transferred or donated in error.

(g) Moneys in the fund shall be used as the source for the nonfederal share of payments to hospitals under this section.

(h) Any funds remaining in the fund at the end of a fiscal year shall be carried forward for use in the following fiscal year.

(i) Moneys shall be allocated from the fund by the department and shall be applied to obtain federal financial participation in accordance with customary Medi-Cal accounting procedures for purposes of payments under this section. Distributions from the fund shall be supplemental to any other Medi-Cal reimbursement received by the hospitals, including amounts that hospitals receive under the selective provider contracting program (Article 2.6 (commencing with Section 14081)), and shall not affect provider rates paid under the selective provider contracting program.

(j) Each private hospital that was a private hospital during the 2002-03 fiscal year, received payments for the 2002-03 fiscal year from any of the prior supplemental funds, and, during the project year, satisfies the criteria in Section 14085.6, 14085.7, 14085.8, or 14085.9 to be eligible to negotiate for distributions under any of those sections, shall receive no less from the Private Hospital Supplemental Fund for the project year than 100 percent of the amount the hospital received from the prior supplemental funds for the 2002-03 fiscal year. Each private hospital described in this subdivision shall be eligible for additional payments from the fund pursuant to subdivision (k).

(k) All amounts that are in the fund for a project year in excess of the amount necessary to make the payments under subdivision (j) shall be available for negotiation by the California Medical Assistance Commission, along with corresponding federal financial participation, for supplemental payments to private hospitals, which for the project year satisfy the criteria under Section 14085.6, 14085.7, 14085.8, or 14085.9 to be eligible to negotiate for distributions under any of those sections, and paid for services rendered during the project year pursuant

to the selective provider contracting program established under Article 2.6 (commencing with Section 14081).

(l) The amount of any stabilization funding transferred to the fund with respect to a project year may in the discretion of the California Medical Assistance Commission be paid for services furnished in the same project year regardless of when the stabilization funds become available, provided the payment is consistent with other applicable federal or state law requirements and does not result in a hospital exceeding any applicable reimbursement limitations.

(m) The department shall pay amounts due to a private hospital from the fund for a project year, with the exception of stabilization funding, in up to four installment payments, unless otherwise provided in the hospital's contract negotiated with the California Medical Assistance Commission, except that hospitals that are not described in subdivision (j) shall not receive the first installment payment. The first payment shall be made as soon as practicable after the issuance of the tentative disproportionate share hospital list for the project year, and in no event later than January 1 of the project year. The second and subsequent payments shall be made after the issuance of the final disproportionate share hospital list for the project year, and shall be made only to hospitals that are on the final disproportionate share hospital list for the project year. The second payment shall be made by February 1 of the project year or as soon as practicable after the issuance of the final disproportionate share hospital list for the project year. The third payment, if scheduled, shall be made by April 1 of the project year. The fourth payment, if scheduled, shall be made by June 30 of the project year. This subdivision does not apply to hospitals that are scheduled to receive payments from the fund because they meet the criteria under Section 14085.7 and do not meet the criteria under Section 14085.6, 14085.8, or 14085.9, which shall be paid in accordance with the applicable contract or contract amendment negotiated by the California Medical Assistance Commission.

(n) The department shall pay stabilization funding transferred to the fund in amounts negotiated by the California Medical Assistance Commission and shall pay the scheduled payments in accordance with the applicable contract or contract amendment.

(o) Payments to private hospitals may be made using funds transferred from governmental entities to the state, at the option of the governmental entity. Any payments funded by intergovernmental transfers shall remain with the private hospital and shall not be transferred back to any unit of government. An amount equal to 25 percent of the amount of any intergovernmental transfer made in the project year that results in a supplemental payment made during the same project year to a project year private DSH hospital located in the county that made the

intergovernmental transfer shall be deposited in the fund for distribution as determined by the California Medical Assistance Commission. An amount equal to 75 percent shall be deposited in the fund and distributed to the private hospitals designated by the counties.

14166.13. (a) With respect to each project year, the director shall determine a baseline funding amount for each base year private DSH hospital that is also a project year private DSH hospital. A private hospital's baseline funding amount shall be an amount equal to the total amount paid to the hospital for inpatient hospital services rendered to Medi-Cal beneficiaries during the 2004-05 state fiscal year, including the following Medi-Cal payments, but excluding payments received under the Medi-Cal Specialty Mental Health Services Consolidation Program:

(1) Base payments under the selective provider contracting program as provided for under Article 2.6 (commencing with Section 14081), or under the Medi-Cal state plan cost reimbursement system for inpatient hospital services for noncontracting hospitals.

(2) Emergency Services and Supplemental Payments Fund payments as provided for under Section 14085.6.

(3) Medi-Cal Medical Education Supplemental Payment Fund payments and Large Teaching Emphasis Hospital and Children's Hospital Medi-Cal Medical Education Supplemental Payment Fund payments as provided for under Sections 14085.7 and 14085.8, respectively.

(4) Small and Rural Hospital Supplemental Payments Fund payments as provided for under Section 14085.9.

(5) Disproportionate share hospital payment adjustments as provided for under Section 14105.98.

(6) Administrative day payments as provided for under Section 51542 of Title 22 of the California Code of Regulations.

(b) The aggregate project year private DSH hospital baseline funding amount shall be the sum of all baseline funding amounts determined under subdivision (a).

(c) With respect to each project year beginning after the 2005-06 project year, an aggregate project year private hospital adjusted baseline funding amount shall be determined as follows:

(1) The department shall determine the aggregate total Medi-Cal revenue, using amounts determined under subdivision (a), for inpatient hospital services rendered during the 2004-05 fiscal year for project year private hospitals, less the total amount of disproportionate share hospital payments identified in paragraph (5) of subdivision (a) for those hospitals.

(2) The department shall determine the aggregate total Medi-Cal revenue paid or payable under this article, excluding stabilization funding under Section 14166.14, using amounts determined under subdivision

(a) for inpatient hospital services rendered during the fiscal year preceding the project year for which the private hospital adjusted baseline funding amount is being calculated for project year private hospitals, less the total amount of disproportionate share hospital replacement payments in Section 14166.11 for those hospitals.

(3) The department shall:

(A) Calculate the difference between the amount determined under paragraph (1) and the amount determined under paragraph (2).

(B) Determine the percentage increase or decrease by dividing the difference in subparagraph (A) by the amount in paragraph (1).

(C) Apply the percentage in subparagraph (B) to the aggregate project year private DSH hospital baseline funding amount determined under subdivision (b), less the total amount of disproportionate share hospital replacement payments in Section 14166.11 for those hospitals.

(4) The aggregate private hospital adjusted baseline funding amount is the amount determined in paragraph (1), plus the amount determined in subparagraph (C), plus the amount in paragraph (5) of subdivision (a).

14166.14. The amount of any stabilization funding payable to the project year private DSH hospitals under Section 14166.20 for a project year, which amount shall not include the amount of stabilization funding paid or payable to hospitals prior to the computation of the stabilization funding under Section 14166.20 plus any amount payable to project year private DSH hospitals under paragraph (1) of subdivision (b) of Section 14166.21, shall be allocated as follows:

(a) (1) To fund any shortfall due under Section 14166.11.

(2) An amount shall be transferred to the Private Hospital Supplemental Fund established pursuant to Section 14166.20, as may be necessary so that the amount for the Private Hospital Supplemental Fund for the project year, including all funds previously transferred to, or deposited in, the Private Hospital Supplemental Fund for the project year, is not less than the Private Hospital Supplemental Fund base amount determined pursuant to subdivision (j) of Section 14166.12.

(3) The amounts paid or transferred under paragraphs (1) and (2) shall be reduced pro rata if there is not sufficient funding described under paragraphs (1) and (2).

(b) Of the stabilization funding remaining, after allocations pursuant to subdivision (a), that are payable to project year private DSH hospitals, 66.4 percent shall be allocated and distributed among those hospitals pro rata based on the amounts determined in accordance with Section 14166.11, and 33.6 percent shall be transferred to the Private Hospital Supplemental Fund.

14166.15. (a) Payments to nondesignated public hospitals under the demonstration project shall include, as applicable, the following:

(1) Payments under selective provider contracts with the department negotiated by the California Medical Assistance Commission in accordance with Article 2.6 (commencing with Section 14081).

(2) Disproportionate share hospital payments under Section 14166.16.

(3) Supplemental payments under Section 14166.17.

(4) Payments to distressed hospitals as negotiated by the California Medical Assistance Commission pursuant to Section 14166.23.

(5) Payment of amounts described in Section 14166.19.

(b) Payments under subdivision (a) shall be in addition to other payments that may be made in accordance with law.

14166.16. (a) The department shall compute for each nondesignated public hospital for a project year, that is an eligible hospital for the project year as determined under Section 14105.98, payment adjustment amounts as determined under subdivision (am) of Section 14105.98 and supplemental payment adjustment amounts as determined under subdivision (an) of Section 14105.98.

(b) Nondesignated public hospitals shall comply with subdivisions (a), (b), (d), (e), and (f) of Section 14166.8.

(c) Interim payments shall be made for the first five months of each project year as follows:

(1) Interim payments shall be made to each nondesignated public hospital identified on a tentative disproportionate share list for the project year that was also on the final disproportionate share list for the prior fiscal year. The interim payment amount per month for the hospital shall be equal to one-twelfth of the total payments, excluding stabilization funds, made to the hospital for the prior fiscal year under this section or under Section 14105.98. The interim payment amount may be adjusted to reflect any changes in the total amount payments, excluding stabilization funds, projected to be made under this section for the project year.

(2) The computation of interim payments described in this subdivision shall be made promptly after the department issues the tentative disproportionate share hospital list for the project year.

(3) The first interim payment to each hospital for a project year shall be made no later than 60 days after the issuance of the tentative disproportionate share hospital list for the project year and shall include the interim payment amounts for all prior months in the project year. Subsequent interim payments for a project year shall be made on the last checkwrite of each month made by the Controller until interim payments for the first five months of the project year have been made.

(4) The department may recover any interim payments made under this subdivision for a project year to a hospital that is not on the final disproportionate share hospital list for the project year. These interim payments shall be considered an overpayment. The department shall issue a demand for repayment to a hospital at least 30 days prior to taking action to recover the overpayment. After the 30-day period, the department may recover the overpayment using any of the methods set forth in Section 14115.5 or subdivision (c) of Section 14172.5. Any offset shall be subject to Section 14115.5 or subdivision (d) of Section 14172.5. No other provision of Section 14172.5 shall be applicable with respect to the recovery of overpayments under this subdivision. A hospital may appeal the department's determination of an overpayment under this subdivision pursuant to the appeal procedures set forth in Sections 51016 to 51047, inclusive, of Title 22 of the California Code of Regulations, and seek judicial review of the final administrative decision pursuant to Section 14171, provided that the only issues that may be raised in the appeal are whether the hospital, but for inadvertent error by the department, was on the final disproportionate share list for the project year and whether the department's computation of the overpayment amount is correct. If the hospital is reinstated on the final disproportionate share list pursuant to Section 14105.98, the department shall promptly refund any amount recovered under this paragraph.

(d) Tentative adjusted monthly payments shall be made for December through March of each project year to each nondesignated public hospital identified on the final disproportionate share hospital list for the project year, computed and paid as follows:

(1) An adjusted payment amount shall be computed for each hospital equal to the sum of the total payment adjustment amount for the hospital computed pursuant to subdivision (am) of Section 14105.98, plus the supplemental lump-sum payment adjustment amount computed pursuant to subdivision (an) of Section 14105.98, each as most recently computed by the department.

(2) A tentative adjusted monthly payment amount shall be computed for each hospital equal to the adjusted payment amount for the hospital, minus the aggregate interim payments made to the hospital for the project year, divided by seven.

(3) The computation of tentative adjusted monthly payments described in this subdivision shall be made promptly after the department issues the final disproportionate share hospital list for the project year.

(4) The first tentative adjusted monthly payment to each hospital for a project year shall be made by January 15 or within 60 days after the issuance of the final disproportionate share hospital list for the project year, whichever is later, and shall include the tentative adjusted monthly

payment amounts for all prior months in the project year for which those payments are due. Subsequent tentative adjusted monthly payments for a project year shall be made on the last checkwrite of each month made by the Controller until tentative adjusted monthly payments for December through March of the project year have been made.

(e) Three data corrected payments shall be made on the last checkwrite of the month made by the Controller for the months of April through June of each project year to each nondesignated public hospital identified on the final disproportionate share hospital list for the project year, computed and paid as follows:

(1) An annual data corrected payment amount shall be computed for each hospital equal to the sum of the total payment adjustment amount for the hospital computed pursuant to subdivision (am) of Section 14105.98, plus the supplemental lump-sum payment adjustment amount computed pursuant to subdivision (an) of Section 14105.98, each as most recently computed by the department. The annual data corrected payment amounts shall reflect data corrections, hospital closures, and other revisions made by the department to the adjusted payment amounts computed under paragraph (1) of subdivision (d).

(2) A monthly data corrected payment amount shall be computed for each hospital equal to the annual data corrected payment amount for the hospital, minus both the aggregate interim payments made to the hospital for the project year and the aggregate tentative adjusted monthly payments made to the hospital, divided by three.

(f) Payment under subdivisions (c), (d), and (e) for a month shall be made only to hospitals open for patient care through the 15th day of the month.

(g) The department shall compute a final adjusted payment amount for each nondesignated public hospital on the final disproportionate share list for a project year after the completion of the project year and the determination of the amount of stabilization funding available to be paid under this section as follows:

(1) An amount shall be computed for each hospital equal to the sum of the total payment adjustment amount for the hospital computed pursuant to subdivision (am) of Section 14105.98, plus the supplemental lump-sum payment adjustment amount computed pursuant to subdivision (an) of Section 14105.98, each as most recently computed by the department. These amounts shall reflect data corrections, hospital closures, and other revisions made by the department to the annual data corrected payment amounts computed under paragraph (1) of subdivision (e) in a manner that ensures that any payments not payable or recouped are redistributed among hospitals eligible for a final adjusted payment

amount in accordance with the calculations made pursuant to Section 14105.98.

(2) The department shall add to the amount computed for each hospital under paragraph (1) a pro rata share of any stabilization funding to be allocated and paid under this section allocated based on the amounts computed under paragraph (1).

(3) The department shall for each hospital for each project year reconcile the total amount computed for the hospital for the project year under subdivisions (c), (d), and (e) with the amount determined under paragraph (2). The department shall issue a report to each hospital setting forth the result of the reconciliation that shall include the department's computation, data, and identification of data sources. The department shall pay to the hospital any underpayment determined as a result of this reconciliation and collect from the hospital any overpayment determined as a result of this reconciliation.

(4) A hospital may seek to correct the department's data and computations under this section in accordance with the processes undertaken by the department to implement Section 14105.98 in effect during the 2004-05 fiscal year.

14166.17. (a) The California Medical Assistance Commission shall negotiate payment amounts in accordance with the selective provider contracting program established pursuant to Article 2.6 (commencing with Section 14081) from the Nondesignated Public Hospital Supplemental Fund established pursuant to subdivision (b) for distribution to nondesignated public hospitals that satisfy the criteria of Section 14085.6, 14085.7, 14085.8, or 14085.9.

(b) The Nondesignated Public Hospital Supplemental Fund is hereby established in the State Treasury. For purposes of this section, "fund" means the Nondesignated Public Hospital Supplemental Fund.

(c) Notwithstanding Section 13340 of the Government Code, the fund shall be continuously appropriated to the department for the purposes specified in this section.

(d) Except as otherwise limited by this section, the fund shall consist of all of the following:

(1) One million nine hundred thousand dollars (\$1,900,000), which shall be transferred annually from General Fund amounts appropriated in the annual Budget Act for the fund.

(2) Any additional moneys appropriated to the fund.

(3) All stabilization funding transferred to the fund.

(4) All private moneys donated by private individuals or entities to the department for deposit in the fund as permitted under applicable federal Medicaid laws.

(5) Any interest that accrues on amounts in the fund.

(e) The department may accept or not accept moneys offered to the department for deposit in the fund. If the department accepts moneys pursuant to this section, the department shall obtain federal financial participation to the full extent permitted by law. With respect to funds transferred or donated from private individuals or entities, the department shall accept only those funds that are certified by the transferring or donating entity as qualifying for federal financial participation under the terms of the Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991 (P.L. 102-234) or Section 433.51 of Title 42 of the Code of Federal Regulations, as applicable. The department may return any funds transferred or donated in error.

(f) Moneys in the funds shall be used as the source for the nonfederal share of payments to hospitals under this section.

(g) Any funds remaining in the fund at the end of a fiscal year shall be carried forward for use in the following fiscal year.

(h) Moneys shall be allocated from the fund by the department and shall be applied to obtain federal financial participation in accordance with customary Medi-Cal accounting procedures for purposes of payments under this section. Distributions from the fund shall be supplemental to any other Medi-Cal reimbursement received by the hospitals, including amounts that hospitals receive under the selective provider contracts negotiated under Article 2.6 (commencing with Section 14081), and shall not affect provider rates paid under the selective provider contracting program.

(i) Each nondesignated public hospital that was a nondesignated public hospital during the 2002-03 fiscal year, received payments for the 2002-03 fiscal year from any of the prior supplemental funds, and, during the project year satisfies the criteria in Section 14085.6, 14085.7, 14085.8, or 14085.9 to be eligible to negotiate for distributions under any of those sections shall receive no less from the Nondesignated Public Hospital Supplemental Fund for the project year than 100 percent of the amount the hospital received from the prior supplemental funds for the 2002-03 fiscal year. Each hospital described in this subdivision shall be eligible for additional payments from the fund pursuant to subdivision (j).

(j) All amounts that are in the fund for a project year in excess of the amount necessary to make the payments under subdivision (i) shall be available for negotiation by the California Medical Assistance Commission, along with corresponding federal financial participation, for supplemental payments to nondesignated public hospitals that for the project year satisfy the criteria under Section 14085.6, 14085.7, 14085.8, or 14085.9 to be eligible to negotiate for distributions under any of those sections, and paid for services rendered during the project

year pursuant to the selective provider contracting program under Article 2.6 (commencing with Section 14081).

(k) The amount of any stabilization funding transferred to the fund with respect to a project year may in the discretion of the California Medical Assistance Commission to be paid for services furnished in the same project year regardless of when the stabilization funds become available, provided the payment is consistent with other applicable federal or state legal requirements and does not result in a hospital exceeding any applicable reimbursement limitations.

(l) The department shall pay amounts due to a nondesignated hospital from the fund for a project year, with the exception of stabilization funding, in up to four installment payments, unless otherwise provided in the hospital's contract negotiated with the California Medical Assistance Commission, except that hospitals that are not described in subdivision (i) shall not receive the first installment payment. The first payment shall be made as soon as practicable after the issuance of the tentative disproportionate share hospital list for the project year, and in no event later than January 1 of the project year. The second and subsequent payments shall be made after the issuance of the final disproportionate hospital list for the project year, and shall be made only to hospitals that are on the final disproportionate share hospital list for the project year. The second payment shall be made by February 1 of the project year or as soon as practicable after the issuance of the final disproportionate share hospital list for the project year. The third payment, if scheduled, shall be made by April 1 of the project year. The fourth payment, if scheduled, shall be made by June 30 of the project year. This subdivision does not apply to hospitals that are scheduled to receive payments from the fund because they meet the criteria under Section 14085.7 but do not meet the criteria under Section 14085.6, 14085.8, or 14085.9.

(m) The department shall pay stabilization funding transferred to the fund in amounts negotiated by the California Medical Assistance Commission and paid in accordance with the applicable contract or contract amendment.

14166.18. (a) With respect to each project year, the director shall determine a baseline funding amount for each nondesignated public hospital that was an eligible hospital under paragraph (3) of subdivision (a) of Section 14105.98 for both the 2004-05 fiscal year and the project year. A hospital's baseline funding amount shall be an amount equal to the total amount paid to the hospital for inpatient hospital services rendered to Medi-Cal beneficiaries during 2004-05 fiscal year, including the following Medi-Cal payments, but excluding payments received

under the Medi-Cal Specialty Mental Health Services Consolidation Program:

(1) Base payments under the selective provider contracting program as provided for under Article 2.6 (commencing with Section 14081) or the Medi-Cal state plan cost reimbursement system for inpatient hospital services for noncontracting hospitals.

(2) Emergency Services and Supplemental Payments Fund payments as provided for under Section 14085.6.

(3) Medi-Cal Medical Education Supplemental Payment Fund payments and Large Teaching Emphasis Hospital and Children's Hospital Medi-Cal Medical Education Supplemental Payment Fund payments as provided for under Sections 14085.7 and 14085.8, respectively.

(4) Small and Rural Hospital Supplemental Payments Fund payments as provided for under Section 14085.9.

(5) Disproportionate share hospital payment adjustments as provided for under Section 14105.98.

(6) Administrative day payments as provided for under Section 51542 of Title 22 of the California Code of Regulations.

(b) The aggregate nondesignated public hospital baseline funding amount shall be the sum of all baseline funding amounts determined under subdivision (a).

(c) With respect to each project year beginning after the 2005-06 project year, an aggregate nondesignated public hospital adjusted baseline funding amount shall be determined as follows:

(1) The department shall determine the aggregate total Medi-Cal revenue, using amounts determined under subdivision (a), with respect to inpatient hospital services rendered during the 2004-05 fiscal year for nondesignated public hospitals that were eligible hospitals under paragraph (3) of subdivision (a) of Section 14105.98 on the last day of the project year less the total amount of disproportionate share hospital payments identified in paragraph (5) of subdivision (a) for those hospitals.

(2) The department shall determine the aggregate total Medi-Cal revenue, using amounts determined under subdivision (a), with respect to inpatient hospital services rendered during the fiscal year preceding the project year for which the nondesignated public hospital adjusted baseline funding amount is being calculated for the nondesignated public hospitals described in paragraph (1), less the total amount of disproportionate share hospital payments in paragraph (5) of subdivision (a) for those hospitals.

(3) The department shall:

(A) Calculate the difference between the amount determined under paragraph (1) and the amount determined under paragraph (2).

(B) Determine the percentage increase or decrease by dividing the difference in subparagraph (A) by the amount in paragraph (1).

(C) Apply the percentage in subparagraph (B) to the aggregate nondesignated public hospital baseline funding amount determined under subdivision (b) less the total amount of disproportionate share hospital payments in paragraph (5) of subdivision (a) for those hospitals.

(D) The aggregate nondesignated public hospital adjusted baseline funding amount is the amount determined in subdivision (b), plus the amount determined in subparagraph (C).

14166.19. The amount of any stabilization funding payable to the nondesignated public hospitals under paragraph (4) of subdivision (b) of Section 14166.20 for a project year, which amount shall not include the amount of stabilization funding paid or payable to hospitals prior to the computation of the stabilization funding under Section 14166.20, shall be allocated in the following priority:

(a) An amount shall be transferred to the Nondesignated Public Hospital Supplemental Fund, as may be necessary so that the amount for the Nondesignated Public Hospital Supplemental Fund for the project year, including all funds previously transferred to, or deposited in, the Nondesignated Public Hospital Supplemental Fund for the project year, is not less than one million nine hundred thousand dollars (\$1,900,000).

(b) Of the remaining stabilization funding payable to nondesignated public hospitals, 75 percent shall be allocated, distributed, and paid in accordance with Section 14166.16, and 25 percent shall be transferred to the Nondesignated Public Hospital Supplemental Fund.

14166.20. (a) With respect to each project year, the total amount of stabilization funding shall be the sum of the following:

(1) Federal Medicaid funds available in the Health Care Support Fund, established pursuant to Section 14166.21, reduced by the amount necessary to meet the baseline funding amount, or the adjusted baseline funding amount, as appropriate, for project years after the 2005-06 project year for each designated public hospital, project year private DSH hospitals in the aggregate, and nondesignated public hospitals in the aggregate as determined in Sections 14166.5, 14166.13, and 14166.18, respectively, taking into account all other payments to each hospital under this article. This amount shall be not less than zero.

(2) The state general funds that were made available due to the receipt of federal funding for previously state-funded programs through the safety net care pool and any federal Medicaid hospital reimbursements resulting from these expenditures, unless otherwise recognized under paragraph (1).

(3) To the extent not included in paragraph (1) or (2), the amount of the increase in state General Fund expenditures for Medi-Cal inpatient

hospital services for the project year for project year private DSH hospitals and nondesignated public hospitals, including amounts expended in accordance with paragraph (1) of subdivision (c) of Section 14166.23 that exceeds the expenditure amount for the same purpose and the same hospitals in the 2004-05 state fiscal year, and any direct grants to designated public hospitals for services under the demonstration project.

(4) To the extent not included in paragraph (2), federal Medicaid funds received by the state as a result of the General Fund expenditures described in paragraph (3).

(5) The federal Medicaid funds received by the state as a result of federal financial participation with respect to Medi-Cal payments for inpatient hospital services made to project year private DSH hospitals for services rendered during the project year, the state share of which was derived from intergovernmental transfers or certified public expenditures of any public entity that does not own or operate a public hospital.

(b) With respect to the 2005-06 and 2006-07 project years, the stabilization funding determined under subdivision (a) shall be allocated as follows:

(1) Eight million dollars (\$8,000,000) shall be paid to San Mateo Medical Center.

(2) (A) Ninety-six million five hundred thousand dollars (\$96,500,000) shall be allocated to designated public hospitals to be paid in accordance with Section 14166.75.

(B) Forty-two million five hundred thousand dollars (\$42,500,000) shall be allocated to private DSH hospitals to be paid in accordance with Section 14166.14.

(C) In the event that stabilization funding is less than one hundred forty-seven million dollars (\$147,000,000), the amounts allocated to designated public hospitals and private DSH hospitals under this paragraph shall be reduced proportionately.

(3) An amount equal to the lesser of 10 percent of the total amount determined under subdivision (a) of Section 14166.20 or twenty-three million five hundred thousand dollars (\$23,500,000) shall be made available for additional payments to distressed hospitals that participate in the selective provider contracting program under Article 2.6 (commencing with Section 14081), including designated public hospitals, in amounts to be determined by the California Medical Assistance Commission. The additional payments to designated public hospitals shall be negotiated by the California Medical Assistance Commission, but shall be paid by the department in the form of a direct grant rather than as Medi-Cal payments.

(4) An amount equal to 0.56 percent of the total amount determined under subdivision (a), to nondesignated public hospitals to be paid in accordance with Section 14166.19.

(5) The amount remaining after subtracting the amount determined in paragraphs (1) to (4), inclusive, shall be allocated as follows:

(A) Sixty percent to designated public hospitals to be paid in accordance with Section 14166.75.

(B) Forty percent to project year private DSH hospitals to be paid in accordance with Section 14166.14.

(c) By April 1 of the year following the project year for which the payment is made, and after taking into account final amounts otherwise paid or payable to hospitals under this article, the director shall calculate in accordance with subdivision (a), allocate in accordance with subdivision (b), and pay to hospitals in accordance with Sections 14166.75, 14166.14, and 14166.19, as applicable, the stabilization funding.

(d) For purposes of determining amounts paid or payable to hospitals under subdivision (c), the department shall apply the following:

(1) In determining amounts paid or payable to designated public hospitals that are based on allowable costs incurred by the hospital, or the governmental entity with which it is affiliated, the following shall apply:

(A) If the final payment amount is based on the hospital's Medicare cost report, the department shall rely on the cost report filed with the Medicare fiscal intermediary for the project year for which the calculation is made, reduced by a percentage that represents the average percentage change from total reported costs to final costs for the three most recent cost reporting periods for which final determinations have been made, taking into account all administrative and judicial appeals. Protested amounts shall not be considered in determining the average percentage change unless the same or similar costs are included in the project year cost report.

(B) If the final payment amount is based on costs not included in subparagraph (A), the reported costs as of the date the determination is made under subdivision (c), shall be reduced by 10 percent.

(C) In addition to adjustments required in subparagraphs (A) and (B), the department shall adjust amounts paid or payable to designated public hospitals by any applicable deferrals or disallowances identified by the federal Centers for Medicare and Medicaid Services as of the date the determination is made under subdivision (c) not otherwise reflected in subparagraphs (A) and (B).

(2) Amounts paid or payable to project year private DSH hospitals and nondesignated public hospitals shall be determined by the most

recently available Medi-Cal paid claims data increased by a percentage to reflect an estimate of amounts remaining unpaid.

(e) The department shall consult with hospital representatives regarding the appropriate calculation of stabilization funding before stabilization funds are paid to hospitals. No later than 30 days after this consultation, the department shall establish a final determination of stabilization funding that shall not be modified for any reason other than mathematical errors or mathematical omissions on the part of the department.

(f) The department shall distribute 75 percent of the estimated stabilization funding on an interim basis throughout the project year.

14166.21. (a) The Health Care Support Fund is hereby established in the State Treasury. Notwithstanding Section 13340 of the Government Code, the fund shall be continuously appropriated to the department for the purposes specified in this article.

(b) Amounts in the Health Care Support Fund shall be paid in the following order of priority:

(1) To hospitals for services rendered to Medi-Cal beneficiaries and the uninsured in an amount necessary to meet the aggregate baseline funding amount, or the adjusted aggregate baseline funding amount for project years after the 2005-06 project year, as specified in subdivision (d) of Section 14166.5, subdivision (b) of Section 14166.13, and Section 14166.18, taking into account all other payments to each hospital under this article. If the amount in the Health Care Support Fund is inadequate to provide full aggregate baseline funding, or adjusted aggregate baseline funding, to all designated public hospitals, project year private DSH hospitals, and nondesignated public hospitals, each group's payments shall be reduced pro rata.

(2) To the extent necessary to maximize federal funding under the demonstration project and consistent with Section 14166.22, the department may obtain safety net care pool funds based on health care expenditures incurred by the department for uncompensated medical care costs of medical services provided to uninsured individuals, as approved by the federal Centers for Medicare and Medicaid Services.

(3) Stabilization funding, allocated and paid in accordance with Sections 14166.75, 14166.14, and 14166.19.

(4) Any amounts remaining after final reconciliation of all amounts due at the end of a project year shall remain available for payments in accordance with this section in the next project year.

(5) The fund shall include any interest that accrues on amounts in the fund.

14166.22. (a) To the extent required to maximize available federal funds under the demonstration project and to the extent authorized by

the Special Terms and Conditions for the demonstration project, the department may claim federal reimbursement for expenditures, consistent with the equitable distribution established under this article, in the following priority order:

- (1) The medically indigent adults long-term care program.
- (2) The Genetically Handicapped Person's Program established pursuant to Article 1 (commencing with Section 125125) of Chapter 2 of Part 5 of Division 106 of the Health and Safety Code.
- (3) The Breast and Cervical Cancer Treatment Program established pursuant to Article 1.5 (commencing with Section 104160) of Chapter 2 of Part 1 of Division 103 of the Health and Safety Code.
- (4) The California Children's Services Program established pursuant to Article 5 (commencing with Section 123800) of Chapter 3 of Part 2 of Division 106 of the Health and Safety Code.

(b) Notwithstanding any other state law, the federal reimbursement received as a result of a claim made pursuant to subdivision (a) shall be used to create General Fund savings solely for the department for use in support of safety net hospitals under the demonstration project.

(c) The federal reimbursement received as a result of a claim made pursuant to subdivision (a) is hereby appropriated to the department for the program in which the claimed expenditures were made.

(d) An amount of General Fund moneys appropriated to the department for programs specified in subdivision (a) equal to the amount of federal reimbursement identified pursuant to subdivision (c) is hereby reappropriated to the Health Care Deposit Fund to be used for the purposes set forth in this article.

14166.23. (a) For purposes of this section, "distressed hospitals" are hospitals that participate in selective providers contracting under Article 2.6 (commencing with Section 14081) and that meet all of the following requirements, as determined by the California Medical Assistance Commission in its discretion:

(1) The hospital serves a substantial volume of Medi-Cal patients measured either as a percentage of the hospital's overall volume or by the total volume of Medi-Cal services furnished by the hospital.

(2) The hospital is a critical component of the Medi-Cal program's health care delivery system, such that the Medi-Cal health care delivery system would be significantly disrupted if the hospital reduced its Medi-Cal services or no longer participated in the Medi-Cal program.

(3) The hospital is facing a significant financial hardship that may impair its ability to continue its range of services for the Medi-Cal program.

(b) The Distressed Hospital Fund is hereby created in the State Treasury.

(c) Notwithstanding Section 13340 of the Government Code, the fund shall be continuously appropriated to the department for the purposes specified in this section.

(d) Except as otherwise limited by this section, the fund shall consist of all of the following:

(1) The amounts transferred to the fund pursuant to subdivision (e).

(2) Any additional amounts appropriated to the fund by the Legislature.

(3) Any interest that accrues on amounts in the fund.

(e) The following amounts shall be transferred to the fund from the prior supplemental funds at the beginning of each project year.

(1) Twenty percent of the amount in the prior supplemental funds on the effective date of this article, less any and all payments for services rendered prior to July 1, 2005, but paid after July 1, 2005.

(2) Interest that accrued on the prior supplemental funds during the prior project year.

(f) No distributions, payments, transfers, or disbursements shall be made from the prior supplemental funds except as set forth in this section.

(g) Moneys in the fund shall be used as the source for the nonfederal share of payments to hospitals under this section.

(h) Except as otherwise provided in subdivision (j), moneys shall be applied to obtain federal financial participation to the extent available in accordance with customary Medi-Cal accounting procedures for purposes of payments under this section. Distributions from the fund shall be supplemental to any other Medi-Cal reimbursement received by the hospitals, including amounts that hospitals receive under the selective provider contracting program, and shall not affect provider rates paid under the selective provider contracting program.

(i) Subject to subdivision (j), all amounts that are in the fund shall be available for negotiation by the California Medical Assistance Commission, along with corresponding federal financial participation, for additional payments to distressed hospitals. These amounts shall be paid under contracts entered into by the department and negotiated by the California Medical Assistance Commission pursuant to Article 2.6 (commencing with Section 14081), provided that any amounts payable to a designated public hospital shall be paid in the form of a direct grant of state general funds pursuant to a contract negotiated by the California Medical Assistance Commission.

(j) After April 1, 2007, in the event that funding under this article is insufficient to make payments to hospitals under Section 14166.5, 14166.13, or 14166.18, funds under this section shall first be available for use under contracts negotiated by the California Medical Assistance Commission for hospitals contracting under the selective provider

contracting program under Article 2.6 (commencing with Section 14081) that fall below their 2005-06 project year baseline to the extent funds are available.

(k) Any funds remaining in the fund at the end of a fiscal year shall be carried forward for use in the following fiscal year.

14166.24. (a) Any determination of the amount due a designated public hospital that is based in whole or in part on costs reported to or audited by a Medicare fiscal intermediary shall not be deemed final for purposes of this article unless the hospital has received a final determination of Medicare payment for the cost reporting for Medicare purposes. Designated public hospitals shall be entitled to pursue all administrative and judicial review available under the Medicare program and any final determination shall be incorporated into the department's final determination of payment due the hospital under this article.

(b) If as a result of an audit performed by the department or any state or federal agency, the department determines that any hospital participating in the demonstration project has been overpaid under the demonstration project, the department shall recoup the overpayment in accordance with Sections 14172.5 or 14115.5. The hospital may appeal the overpayment determinations and any related audit determination in accordance with the appeal procedures set forth in Sections 51016 to 51047, inclusive, of Title 22 of the California Code of Regulations. The hospital may seek judicial review of the final administrative decision as set forth in Section 14171.

(c) The department shall promptly consult with the affected governmental entity regarding a dispute between a designated public hospital and the department regarding the validity of the hospital's certified public expenditures. If the department determines that the hospital's certification is valid, the department shall submit the claim to obtain federal reimbursement for the certified expenditure in question.

(d) (1) Upon receipt of a notice of disallowance or deferral from the federal government related to the certified public expenditures or intergovernmental transfers of any governmental entity participating in the demonstration project, the department shall promptly notify the affected governmental entity. The governmental entity that certified the public expenditure shall be the entity responsible for the federal portion of that expenditure.

(2) The department and the affected governmental entity shall promptly consult regarding the proposed disallowance or deferral.

(3) After consulting with the governmental entity, the department shall determine whether the disallowance or response to a deferral should be filed with the federal government. If the department determines the appeal or response has merit, the department shall timely appeal. If

necessary, the department may request an extension of the deadline to file an appeal or response to a deferral. The affected governmental entity may provide the department with the legal and factual basis for the appeal or response.

14166.25. Unless this article is repealed pursuant to subdivision (b) or (g) of Section 14166.2, this article shall become inoperative on the date that the director executes a declaration, which shall be retained by the director and provided to the fiscal and appropriate policy committees of the Legislature, stating that the federal demonstration project provided for in this article has been terminated by the federal Centers for Medicare and Medicaid Services, and shall, six months after the date the declaration is executed, be repealed.

SEC. 2. CHAPTER 561

An act to amend Section 8690.6 of the Government Code, relating to emergencies, and making an appropriation therefor.

[Approved by Governor October 5, 2005. Filed with
Secretary of State October 5, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 8690.6 of the Government Code is amended to read:

8690.6. (a) The Disaster Response-Emergency Operations Account is hereby established in the Special Fund for Economic Uncertainties. Notwithstanding Section 13340, moneys in the account are continuously appropriated, subject to the limitations specified in subdivisions (c) and (d), without regard to fiscal years, for allocation by the Director of Finance to state agencies for disaster response operation costs incurred by state agencies as a result of a proclamation by the Governor of a state of emergency, as defined in subdivision (b) of Section 8558. These allocations may be for activities that occur within 120 days after a proclamation of emergency by the Governor.

(b) It is the intent of the Legislature that the Disaster Response-Emergency Operations Account have an unencumbered balance of one million dollars (\$1,000,000) at the beginning of each fiscal year. If this account requires additional moneys to meet claims against the account, the Director of Finance may transfer moneys from the Special Fund for Economic Uncertainties to the account in an amount sufficient to pay the amount of the claims that exceed the unencumbered balance in the account.

(c) Funds shall be allocated from the account subject to the conditions of this section and upon notification by the Director of Finance to the chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house.

(d) Notwithstanding any other provision of law, authorizations for acquisitions, relocations, and environmental mitigations related to activities, as described in subdivision (a), shall be authorized pursuant to this section. However, these funds may only be authorized for needs that are a direct consequence of the proclaimed emergency where failure to undertake the project may interrupt essential state services or jeopardize public health or safety. In addition, any acquisition accomplished under this subdivision shall comply with any otherwise applicable law, except as provided in the first sentence of this subdivision.

(e) No funds allocated under this section shall be used to supplant federal funds otherwise available in the absence of state financial relief.

(f) The amount of financial assistance provided to an individual, business, or governmental entity under this section, or pursuant to any other program of state-funded disaster assistance, shall be deducted from

sums received in payment of damage claims asserted against the state, its agents, or employees, for causing or contributing to the effects of the proclaimed disaster.

(g) No public entity administering disaster assistance to individuals shall receive funds under this section unless it administers that assistance pursuant to the following criteria:

(1) All applications, forms, and other written materials presented to persons seeking assistance shall be available in English and in the same language as that used by the major non-English-speaking group within the disaster area.

(2) Bilingual staff who reflect the demographics of the disaster area shall be available to applicants.

(h) This section shall remain in effect only until July 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before July 1, 2007, deletes or extends that date.

CHAPTER 562

An act to amend Section 2827.10 of, and to add Section 747 to, the Public Utilities Code, relating to energy.

[Approved by Governor October 6, 2005. Filed with
Secretary of State October 6, 2005.]

The people of the State of California do enact as follows:

SECTION 1. Section 747 is added to the Public Utilities Code, to read:

747. (a) It is the intent of the Legislature that the commission reduce rates for electricity and natural gas to the lowest amount possible.

(b) The president of the commission shall annually appear before the appropriate policy committees of the Senate and Assembly to report on the costs of programs and activities conducted by each electrical corporation and gas corporation that is subject to this section, including activities conducted to comply with their duty to serve. The report shall identify, clearly and concisely, all of the following:

(1) Each program mandated by statute and its annual cost to ratepayers.

(2) Each program mandated by the commission and its annual cost to ratepayers.

(3) Energy purchase contract costs and bond-related costs incurred pursuant to Division 27 (commencing with Section 80000) of the Water Code.

(4) All other aggregated categories of costs currently recovered in retail rates as determined by the commission.

(c) As used in this section, the reporting requirements apply to electrical corporations with at least 1,000,000 retail customers in California and gas corporations with at least 500,000 retail customers in California.

SEC. 2. Section 2827.10 of the Public Utilities Code, as added by Section 2 of Chapter 661 of the Statutes of 2003, is amended to read:

2827.10. (a) As used in this section, the following terms have the following meanings:

(1) "Electrical corporation" means an electrical corporation, as defined in Section 218.

(2) "Eligible fuel cell electrical generating facility" means a facility that includes the following:

(A) Integrated powerplant systems containing a stack, tubular array, or other functionally similar configuration used to electrochemically convert fuel to electric energy.

(B) An inverter and fuel processing system where necessary.

(C) Other plant equipment, including heat recovery equipment, necessary to support the plant's operation or its energy conversion.

(3) "Eligible fuel cell customer-generator" means a customer of an electrical corporation that meets all the following criteria:

(A) Uses a fuel cell electrical generating facility with a capacity of not more than one megawatt that is located on or adjacent to the customer's owned, leased, or rented premises, is interconnected and operates in parallel with the electric grid while the grid is operational or in a grid independent mode when the grid is nonoperational, and is sized to offset part or all of the eligible fuel cell customer-generator's own electrical requirements.

(B) Is the recipient of local, state, or federal funds, or who self-finances projects designed to encourage the development of eligible fuel cell electrical generating facilities.

(C) Uses technology that meets the definition of an "ultra-clean and low-emission distributed generation" in subdivision (a) of Section 353.2.

(4) "Net energy metering" has the same meaning as that term is defined in Section 2827.9.

(b) Every electrical corporation shall, not later than March 1, 2004, file with the commission a standard tariff providing for net energy metering for eligible fuel cell customer-generators, consistent with this section. Every electrical corporation shall make this tariff available to

eligible fuel cell customer-generators upon request, on a first-come-first-served basis, until the total cumulative rated generating capacity used by the eligible fuel cell customer-generators equals 45 megawatts within the service territory of the electrical corporation for an electrical corporation with a peak demand above 10,000 megawatts, or equals 22.5 megawatts within the service territory of the electrical corporation for an electrical corporation with a peak demand of 10,000 megawatts or below. The combined statewide cumulative rated generating capacity used by the eligible fuel cell customer-generators in the service territories of all electrical corporations in the state may not exceed 112.5 megawatts.

(c) In determining the eligibility for the cumulative rated generating capacity within an electrical service area, preference shall be given to facilities which, at the time of installation, are located in a community with significant exposure to air contaminants or localized air contaminants, or both, including, but not limited to, communities of minority populations or low-income populations, or both, based on the ambient air quality standards established pursuant to Section 39607 of the Health and Safety Code.

(d) Each net energy metering contract or tariff shall be identical, with respect to rate structure, all retail rate components, and any monthly charges, to the contract or tariff to which the customer would be assigned if the customer was not an eligible fuel cell customer-generator. Any new or additional demand charge, standby charge, customer charge, minimum monthly charge, interconnection charge, or other charge that would increase an eligible fuel cell customer-generator's costs beyond those of other customers in the rate class to which the eligible fuel cell customer-generator would otherwise be assigned are contrary to the intent of the Legislature in enacting the act adding this section, and may not form a part of net energy metering tariffs.

(e) The net metering calculation shall be carried out in accordance with Section 2827.9.

(f) A fuel cell electrical generating facility shall not be eligible for participation in the tariff established pursuant to this section unless it commenced operation before January 1, 2010. A fuel cell customer-generator shall be eligible for the tariff established pursuant to this section only for the operating life of the eligible fuel cell electrical generating facility.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the

meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.
