#### SEC. 12.200. HEALTH SERVICE BOARD.

There shall be a Health Service Board which shall consist of seven members as follows: one member of the Board of Supervisors, to be appointed by the President of the Board of Supervisors; the City Attorney or designated deputy city attorney, except that on May 15, 2005, the City Attorney's tenure on the Health Service Board shall expire and that seat shall be filled by a member elected from the active and retired members of the System from among their number; two members appointed by the Mayor pursuant to Section 3.100, one of whom shall be an individual who regularly consults in the health care field, and the other a doctor of medicine; and three members (in addition to the elected member assuming the seat vacated by the City Attorney) elected from the active and retired members of the System from among their number. Elections shall be conducted by the Director of Elections in a manner prescribed by ordinance. Elected members need not reside within the City and County. The terms of members, other than the ex officio members, shall be five years, and shall expire on May 15 of each year.

A vacancy on the Board appointed by the Mayor shall be filled by the Mayor. A vacancy in an elective office on the Board shall be filled by a special election within 90 days after the vacancy occurs unless a regular election is to be held within six months after such vacancy shall have occurred.

The Health Service Board shall:

1. Establish and maintain detailed historical costs for medical and hospital care and conduct an annual review of such costs;
2. Apply benefits without special favor or privilege;
3. Put such plans as provided for in Section A8.422 into effect and conduct and administer the same and contract therefor and use the funds of the System;
4. Make rules and regulations for the administration of business of the Health Service System, the granting of exemptions and the admission to the System of persons who are hereby made members, and such other officers and employees as may voluntarily become members with the approval of the Board; and
5. Receive, consider and, within 60 days after receipt, act upon any matter pertaining to the policies of, or appeals from, the Health Service System submitted to it in writing by any member or any person who has contracted to render medical care to the members.

Except as otherwise specifically provided, the Health Service Board shall have the powers and duties and shall be subject to the limitations of Charter Sections 4.102, 4.103 and 4.104.

#### SEC. 12.201. MEDICAL DIRECTOR AND HEALTH SERVICES ADMINISTRATOR.

The Health Service Board may appoint a full-time or part-time medical director. He or she shall hold office at its pleasure. The medical director shall be responsible to the Board as a board, but not to any individual member or committee thereof. The Health Service Board shall appoint a full-time administrator with experience in administering health plans or in comparable work, who shall hold office at the Health Service Board's pleasure. The Health Services administrator shall administer the Health Service System in accordance with the provisions of this Charter and the rules, regulations and policies of the Health Service Board. The Board and each committee of the Board shall confine its activities to policy matters and to matters coming before it as an appeals board. The Board shall prepare its rules, regulations and policies so that they are clear, definite and complete and so that they can be readily administered by the Health Services administrator.

#### A8.423 REVISION OF SCHEDULES AND COMPENSATION.

In January of each year, at a public hearing, the Health Service Board shall review and determine the adequacy of medical care provided for members of the system and the adequacy of fee schedules and the compensation paid for all services rendered and it may make such revisions therein as it deems equitable but such revisions shall not become effective until approved by ordinance of the board of supervisors adopted by three-fourths of its members.

Commencing in 1973, the Health Service Board shall, prior to the second Monday in January in each year, conduct a survey of the 10 counties in the State of California, other than the City and County of San Francisco, having the largest populations to determine the average contribution made by each such county

toward the providing of health care plans, exclusive of dental care, for each employee of such county. The Health Service Board may promulgate rules and regulations for the survey to allow for unavoidable gaps in survey data and to insure a consistent methodology from year to year. In accordance with said survey, the Health Service Board shall determine the average contribution made with respect to each employee by said 10 counties toward the health care plans provided for their employees and on or before the second Monday in January of each year, the Health Service Board shall certify to the board of supervisors the amount of such average contribution. For the purposes of Section A8.428, the amount of such average contribution shall be “the average contribution.”

The Health Service Board shall have the responsibility to obtain and disseminate information to its members with regard to plan benefits and costs thereof. All expenses in connection with obtaining and disseminating said information and the investment of such fund or funds as may be established, including travel and transportation costs, shall be borne by the system from reserves in the health service fund but only upon adoption of a resolution by the Health Service Board approving such expenses.

#### A8.427 EFFECT OF OTHER CHARTER PROVISIONS.

Except as otherwise specifically provided herein, all provisions of the charter shall be fully applicable to the Health Service Board, the health service system and its administrator, medical director and employees in the same manner that they apply to other boards, commissions, and departments of the city and county.

#### A8.428 HEALTH SERVICE SYSTEM TRUST FUND.

There is hereby created a health service system trust fund. The costs of the health service system shall be borne by the members of the system and retired persons, the City and County of San Francisco because of its members and retired persons and because of the members and retired persons of the Parking Authority of the City and County of San Francisco, the San Francisco Unified School District because of its members and retired persons and the San Francisco Community College District because of its members and retired persons. A retired person as used in this section means a former member of the health service system retired under the San Francisco City and County Employees’ Retirement System, and the surviving spouse or surviving domestic partner of an active employee and the surviving spouse or surviving domestic partner of a retired employee, provided that the surviving spouse or surviving domestic partner and the active or retired employee have been married or registered as domestic partners for a period of at least one year prior to the death of the active or retired employee.

The city and county, the school district and the community college district shall each contribute to the health service fund amounts sufficient for the following purposes, and subject to the following limitations:

- (a) All funds necessary to efficiently administer the health service system.
- (b) The city and county, the school district and the community college district shall contribute to the health service system fund with respect to each of their

members an amount equal to “the average contribution,” as certified by the Health Service Board in accordance with the provisions of Section A8.423.

(c) Monthly contributions required from retired persons and the surviving spouses and surviving domestic partners of active employees and retired persons participating in the system shall be equal to the monthly contributions required from members in the system for health coverage—excluding health coverage or subsidies for health coverage paid for active employees as a result of collective bargaining, with the following modifications:

(1) the total contributions required from retired persons who are also covered under Medicare shall be reduced by an amount equal to the amount contributed monthly by such persons to Medicare;

(2) because the monthly cost of health coverage for retired persons may be higher than the monthly cost of health coverage for active employees, the city and county, the school district and the community college district shall contribute funds sufficient to defray the difference in cost to the system in providing the same health coverage to retired persons and the surviving spouses and surviving domestic partners of active employees and retired persons as is provided for active employee members excluding health coverage or subsidies for health coverage paid for active employees as a result of collective bargaining;

(3) after application of Section (c) and subsections (c)(1) and (c)(2), the city and county, the school district and the community college district shall contribute 50% of retired persons’ remaining monthly contributions.

(d) The city and county, the San Francisco Unified School District and the San Francisco Community College District shall contribute to the health service system fund 50% of the monthly contributions required for the first dependent of retired persons in the system. Except as hereinbefore set forth, the city and county, the San Francisco Unified School District and the San Francisco Community College District shall not contribute to the health service system fund any sums on account of participation in the benefits of the system by members’ dependents, except surviving spouses and surviving domestic partners, retired persons’ dependents, except surviving spouses and surviving domestic partners, persons who retired and elected not to receive benefits from San Francisco City and County Employees’ Retirement System; resigned employees and teachers defined in Section A8.425, and any employee whose compensation is fixed in accordance with Section A8.401, A8.403, or A8.404 of this charter and whose compensation therein includes an additional amount for health and welfare benefits or whose health service costs are reimbursed through any fund established for said purpose by ordinance of the board of supervisors.

It shall be the duty of the board of supervisors, the board of education and the governing board of the community college district annually to appropriate to the health service system fund such amounts as are necessary to cover the respective obligations of the city and county, the San Francisco Unified School District and the San Francisco Community College District hereby imposed. Contributions to

the health service system fund of the city and county, of the school district and of the community college district shall be charged against the general fund or the school, utility, bond or other special fund concerned.

The amendments of this section contained in the proposition therefor submitted to the electorate on November 7, 2000, shall be effective July 1, 2001.

Charter Chapter 3—City and County of San Francisco

***Amendments to the Charter of the City and  
County of San Francisco***

[Filed with the Secretary of State January 11, 2005.]

Section 1. The San Francisco Charter is hereby amended by amending Section A8.586-4 to read as follows:

**A8.586-4 DEATH ALLOWANCE**

If a member of the police department shall die before or after retirement by reason of an injury received in, or illness caused by the performance of his or her duty, a death allowance, in lieu of any allowance, payable under any other section of the charter or by ordinance, on account of death resulting from injury received in or illness caused by the performance of duty, shall be paid, beginning on the date next following the date of death, to his or her surviving spouse throughout his or her life or until his or her remarriage. If the member, at the time of death, was qualified for service retirement, but he or she had not retired, the allowance payable shall be equal to the retirement allowance which the member would have received if he or she had been retired for service on the date of death, but such allowance shall not be less than 50 percent of the final compensation earnable by said member immediately preceding death. If death occurs prior to qualification for service retirement, the allowance payable shall be equal to the compensation of said member at the date of death, until the date upon which said member would have completed at least twenty-five (25) years of service in the aggregate and attained the age of fifty (50) years, had he or she lived and rendered service without interruption in the rank held by him or her at death, and after said date the allowance payable shall be equal to the retirement allowance said member would have received if retired for service on said date, based on the final compensation he or she would have received prior to said date, had he or she lived and rendered service as assumed, but such allowance shall not be less than 50 percent of such final compensation. If he or she had retired prior to death, for service or for disability resulting from injury received in, or illness caused by the performance of duty, the allowance payable shall be equal to the retirement allowance of the

member, except that if he or she was a member under Section A8.586 and retirement was for such disability, and if death occurred prior to qualification for the service retirement allowance, the allowance continued shall be adjusted upon the date at which said member would have completed at least twenty-five (25) years of service in the aggregate and attained the age of fifty (50) years, in the same manner as it would have been adjusted had the member not died.

If there be no surviving spouse entitled to an allowance hereunder, or if he or she dies or remarries before every child of such deceased member attains the age of 18 years, then the allowance which the surviving spouse would have received had he or she lived and not remarried shall be paid to his or her child or children under said age, collectively, until every such child dies or attains said age, provided that no child shall receive any allowance after marrying or attaining the age of 18 years. Should said member leave no surviving spouse and no children under the age of 18 years, but leave a parent or parents dependent upon him or her for support, the parents so dependent shall collectively receive a monthly allowance equal to that which a surviving spouse otherwise would have received, during such dependency. No allowance, however, shall be paid under this section to a surviving spouse following the death of a member unless he or she was married to the member prior to the date of the injury or onset of the illness which results in death.

The amendments to this Section A8.586-4, approved by the electorate on November 2, 2004, shall apply to any work-related death that occurs on or after November 2, 2004, and to any qualified survivor who, on November 2, 2004, is receiving a continuation allowance under this section due to the work-related death of a member on or after January 1, 1989. Any increase in the continuation allowance payable to such a qualified survivor by virtue of the amendments to this section approved by the electorate on November 2, 2004, shall be prospective only, beginning November 2, 2004.

Section 2. The San Francisco Charter is hereby amended by amending Section A8.588-4 to read as follows:

#### A8.588-4 DEATH ALLOWANCE

If a member of the fire department shall die before or after retirement by reason of an injury received in, or illness caused by the performance of his or her duty, a death allowance, in lieu of any allowance, payable under any other section of the charter or by ordinance, on account of death resulting from injury received in or illness caused by the performance of duty, shall be paid, beginning on the date next following the date of death, to his or her surviving spouse throughout his or her life or until his or her remarriage. If the member, at the time of death, was qualified for service retirement, but he or she had not retired, the allowance payable shall be equal to the retirement allowance which the member would have received if he or she had been retired for service on the date of death, but such allowance shall not be less than 50 percent of the final compensation earnable by said member immediately preceding death. If death occurs prior to qualification

for service retirement, the allowance payable shall be equal to the compensation of said member at the date of death, until the date upon which said member would have completed at least twenty-five (25) years of service in the aggregate and attained the age of fifty (50) years, had he or she lived and rendered service without interruption in the rank held by him or her at death, and after said date the allowance payable shall be equal to the retirement allowance said member would have received if retired for service on said date, based on the final compensation he or she would have received prior to said date, had he or she lived and rendered service as assumed, but such allowance shall not be less than 50 percent of such final compensation. If he or she had retired prior to death, for service or for disability resulting from injury received in, or illness caused by the performance of duty, the allowance payable shall be equal to the retirement allowance of the member, except that if he or she was a member under Section A8.588 and retirement was for such disability, and if death occurred prior to qualification for the service retirement allowance, the allowance continued shall be adjusted upon the date at which said member would have completed at least twenty-five (25) years of service in the aggregate and attained the age of fifty (50) years, in the same manner as it would have been adjusted had the member not died.

If there be no surviving spouse entitled to an allowance hereunder, or if he or she dies or remarries before every child of such deceased member attains the age of 18 years, then the allowance which the surviving spouse would have received had he or she lived and not remarried shall be paid to his or her child or children under said age, collectively, until every such child dies or attains said age, provided that no child shall receive any allowance after marrying or attaining the age of 18 years. Should said member leave no surviving spouse and no children under the age of 18 years, but leave a parent or parents dependent upon him or her for support, the parents so dependent shall collectively receive a monthly allowance equal to that which a surviving spouse otherwise would have received, during such dependency. No allowance, however, shall be paid under this section to a surviving spouse following the death of a member unless he or she was married to the member prior to the date of the injury or onset of the illness which results in death.

The amendments to this Section A8.588-4, approved by the electorate on November 2, 2004, shall apply to any work-related death that occurs on or after November 2, 2004, and to any qualified survivor who, on November 2, 2004, is receiving a continuation allowance under this section due to the work-related death of a member on or after January 1, 1989. Any increase in the continuation allowance payable to such a qualified survivor by virtue of the amendments to this section approved by the electorate on November 2, 2004, shall be prospective only, beginning November 2, 2004.

Section 3. The San Francisco Charter is hereby amended by amending Section A8.597-4 to read as follows:

#### A8.597-4 DEATH ALLOWANCE

If a member of the police department shall die before or after retirement by reason of an injury received in, or illness caused by the performance of his or her duty, a death allowance, in lieu of any allowance, payable under any other section of the charter or by ordinance, on account of death resulting from injury received in or illness caused by the performance of duty, shall be paid, beginning on the date next following the date of death, to his or her surviving spouse throughout his or her life or until his or her remarriage. If the member, at the time of death, was qualified for service retirement, but he or she had not retired, the allowance payable shall be equal to the retirement allowance which the member would have received if he or she had been retired for service on the date of death, but such allowance shall not be less than 50 percent of the final compensation earnable by said member immediately preceding death. If death occurs prior to qualification for service retirement, the allowance payable shall be equal to the compensation of said member at the date of death, until the date upon which said member would have completed at least twenty-five (25) years of service in the aggregate and attained the age of fifty (50) years, had he or she lived and rendered service without interruption in the rank held by him or her at death, and after said date the allowance payable shall be equal to the retirement allowance said member would have received if retired for service on said date, based on the final compensation he or she would have received prior to said date, had he or she lived and rendered service as assumed, but such allowance shall not be less than 50 percent of such final compensation. If he or she had retired prior to death, for service or for disability resulting from injury received in, or illness caused by the performance of duty, the allowance payable shall be equal to the retirement allowance of the member, except that if he or she was a member under Section A8.597 and retirement was for such disability, and if death occurred prior to qualification for the service retirement allowance, the allowance continued shall be adjusted upon the date at which said member would have completed at least twenty-five (25) years of service in the aggregate and attained the age of fifty (50) years, in the same manner as it would have been adjusted had the member not died.

If there is no surviving spouse entitled to an allowance hereunder, or if he or she dies or remarries before every child of such deceased member attains the age of 18 years, then the allowance which the surviving spouse would have received had he or she lived and not remarried shall be paid to his or her child or children under said age, collectively, until every such child dies or attains said age, provided that no child shall receive any allowance after marrying or attaining the age of 18 years. Should said member leave no surviving spouse and no children under the age of 18 years, but leave a child or children, regardless of age, dependent upon him or her for support because partially or totally disabled and unable to earn a livelihood or a parent or parents dependent upon him or her for support, the child or children and the parents so dependent shall collectively receive a monthly allowance equal to that which a surviving spouse otherwise would have received,

during such dependency. No allowance, however, shall be paid under this section to a surviving spouse following the death of a member unless he or she was married to the member prior to the date of the injury or onset of the illness which results in death.

The amendments to this Section A8.597-4, approved by the electorate on November 2, 2004, shall apply to any work-related death that occurs on or after November 2, 2004, and to any qualified survivor who, on November 2, 2004, is receiving a continuation allowance under this section due to the work-related death of a member on or after January 1, 1989. Any increase in the continuation allowance payable to such a qualified survivor by virtue of the amendments to this section approved by the electorate on November 2, 2004, shall be prospective only, beginning November 2, 2004.

 Charter Chapter 8—City of Riverside
***Amendments to the Charter of the City of Riverside***

[Filed with the Secretary of State January 18, 2005.]

Article II is hereby amended by adding the following new Section 201:

Sec. 201. Access to public meetings and public records.

City agencies, boards, commissions, committees, officials, staff and officers, including the Mayor and members of the City Council, exist to conduct the peo-

ple's business. It is fundamental that the people have full access to information, not to just what decisions have been made in their name but how those decisions were reached and how they were deliberated. The people insist on remaining informed so that they may retain control over the instruments they have created. The people do not give their agencies or public servants the right to decide what is good for the people to know and what is not good for them to know.

Our values lie in a government that helps its citizens in a timely way to obtain information. Our values lie in a broadening base of public participation, involvement and interest, providing new ideas and energy.

Our values lie not in hiding embarrassment and unpleasant occurrences. Our values lie not in preventing dissent.

To carry out the purposes set forth in this section, the provisions of the Ralph M. Brown Act (California Government Code Section 54950 et seq.) and the Public Records Act (California Government Code Section 6250 et seq.) shall apply to the City Council, and any commission, committee, board or other body created by Charter, ordinance, resolution or formal action of the City Council, or the Mayor.

Special circumstances dictate that there must be exceptions to access. But those exceptions should be narrowly drawn and narrowly exercised. Public employees must be protected from unwarranted invasions of privacy while the public's right to fundamental information must be protected. Citizen right to privacy must be protected with the knowledge that involvement in government matters necessarily reduces an expectation of privacy.

In general, the value of access should be given a strong presumption of public benefit.

Sec. 1109. Public works contracts.

Every project for the construction and/or improvement of public buildings, works, streets, drains, sewers, utilities, parks or playgrounds, and every purchase of supplies or materials for any such project, when the total expenditures required for the same exceed \$50,000 shall be let by the City Council or by the board of public utilities pursuant to Section 1202(b), by contract to the lowest responsible bidder after notice by publication in a newspaper of general circulation within the City by one or more insertions, the first of which shall be at least ten days before the time for opening bids. Projects for the maintenance or repair of streets, drains or sewers are excepted from the requirements of this section if the City Council determines that such work can be performed more economically by a City department than by contracting for the doing of such work.

The City Council or board of public utilities pursuant to Section 1202(b) may reject any and all bids presented and may readvertise in its discretion.

The City Council, without advertising for bids, or after rejecting bids, or if no bids are received, may declare and determine that, in its opinion, based on estimates approved by the City Manager, the work in question may be performed better or more economically by the City with its own employees or the supplies or materials may be purchased more economically on the open market, and after the

adoption of a resolution to that effect by at least five affirmative votes of the City Council may proceed to have said work done or said supplies or materials purchased in the manner stated, without further observance of the provisions of this section. Such contracts likewise may be let without advertising for bids if such work or supplies or materials shall be deemed by the City Council to be of urgent necessity for the preservation of life, health or property, and shall be authorized by resolution passed by at least five affirmative votes of the City Council and containing a declaration of the facts constituting such urgency.

Projects for the construction and/or improvement of any public utility operated by the City or for the purchase of supplies or equipment for any such utility may be excepted from the requirements of this section, provided the so determines by at least five affirmative votes.

The City Attorney shall appoint such deputies, assistants, and employees to serve him or her, as may be provided by ordinance of the Council, but all appoint-

It shall be the City Attorney's duty, either personally or by such assistants as he or she may designate, to perform all services incident to the legal department; to give advice in writing when so requested, to the Council, its Committees, the Manager, the Commissions, or Directors of any department, but all such advice shall be in writing with the citation of authorities in support of the conclusions expressed in said written opinions; to prosecute or defend, as the case may be, all suits or cases to which the City may be a party; to prosecute for all offenses against the ordinances of the City and for such offenses against the laws of the State as may be required of the City Attorney by law; to prepare in writing all ordinances, resolutions, contracts, bonds, or other instruments in which the City is concerned, and to endorse on each approval of the form or correctness thereof; to preserve in the City Attorney's office a docket of all cases in which the City is interested in any of the courts and keep a record of all proceedings of said cases; to preserve in the City Attorney's office copies of all written opinions he or she has furnished to the Council, Manager, Commission, or any officer. Such docket, copies and papers shall be the property of the City, and the City Attorney shall, on retiring from office, deliver the same, together with all books, accounts, vouchers, and necessary information, to his or her successor in office.

The City Attorney shall have charge and custody of all legal papers, books, and dockets belonging to the City pertaining to his office, and, upon a receipt therefor, may demand and receive from any officer of the City any book, paper, documents, or evidence necessary to be used in any suit, or required for the purpose of the office.

The City Attorney shall apply, upon order of the Council, in the name of the City, to a court of competent jurisdiction for an order or injunction to restrain the misapplication of funds of the City or the abuse of corporate powers, or the execution or performance of any contract made in behalf of the City which may be in contravention of the law or ordinances governing it, or which was procured by fraud or corruption. The City Attorney shall apply, upon order of the Council, to a court of competent jurisdiction for a writ of mandamus to compel the performance of duties of any officer or commission which fails to perform any duty expressly enjoined by law or ordinance.

The City Attorney shall perform such other duties of a legal nature as the Council may by ordinance require or as are provided by the Constitution and general laws of the State.

The Council shall have authority to employ additional competent technical legal attorneys to investigate or prosecute matters connected with the departments of the City when such assistance or advice is necessary in connection therewith. The Council shall provide sufficient funds in the annual appropriation ordinance for such purposes and shall charge such additional legal service against the appropriation of the respective Departments.

The salary of the City Attorney shall be fixed by the Council and set forth in the annual appropriation ordinance, provided that the salary of the City Attorney may not be decreased during a term of office, but in no event shall said salary be less than \$15,000.00 per year.

In the event of a vacancy occurring in the office of the City Attorney by reason of any cause, the Council shall have authority to fill such vacancy, which said authority shall be exercised within thirty (30) days after the vacancy occurs. The Commission may, in accordance with complaint and investigation procedures approved by ordinance of the Council, subpoena witnesses, compel their attendance and testimony, administer oaths and affirmations, take evidence and require by subpoena the production of any books, papers, records, or other items material to the performance of the Commission's duties or exercise of its powers. The Ethics Commission shall be authorized to retain its own legal counsel, independent of the City Attorney, for legal support and guidance in carrying out its responsibilities and duties.

Article XV of the Charter of The City of San Diego is added to read as follows:

### ARTICLE XV Strong Mayor Trial Form of Governance

#### Section 250: Purpose and Intent

The City of San Diego has operated under a governance structure known as the City Manager form of government since its current Charter was adopted in 1931. Under the City Manager form of government, the City is governed by a Council consisting of eight members elected by district and a Mayor who is elected citywide. Also under this form of government, the policies, rules, and decisions of the Council are implemented by a city manager. The purpose of this Article is to modify the existing form of governance for a trial period of time to test implementation of a new form of governance commonly known as a Strong Mayor form of government.

Any such appeal must be filed with the City Clerk within 10 calendar days of receiving the notice of dismissal or termination from the Mayor. The City Clerk shall thereafter cause the appeal to be docketed at a regular open meeting of the City Council no later than 30 days after the appeal is filed with the Clerk;

(12) As provided for in Charter sections 41 and 43, the authority to appoint members of City boards, commissions, and committees, subject to Council confirmation;

In time of public danger or emergency, the Mayor shall take command of the police, maintain order, and enforce the law.

(d) No person shall serve more than two consecutive four-year terms as Mayor. If for any reason a person serves a partial term as Mayor in excess of two years,

that partial term shall be considered a full term for purposes of this term limit provision.

(e) If a vacancy occurs in the Office of Mayor for any reason other than a successful recall election, and,

(1) If the vacancy occurs with one year or less remaining in the term, the Council shall appoint a person to fill the vacancy.

(A) If one candidate receives the majority of votes cast for all candidates in the special election, the candidate receiving the majority of votes cast shall be deemed to be and declared by the Council to be elected to the Office of Mayor.

(B) If no candidate receives a majority of votes cast in the special election, a special run-off election shall be held within forty-nine days of the first special election, unless there is a regular municipal or statewide election scheduled to be held within ninety days of the proposed special run-off election date, at which time the City Council may consolidate the special run-off election with that regular election. This limited authority would include circumstances where the expeditious approval of a legislative action is necessary to meet a legal requirement imposed by a court or another governmental agency. Such limited authority would not include the exercise of the power of veto or any other discretionary privilege which is enjoyed by a person appointed or elected to the Office of Mayor. The presiding officer, while acting under this section pending the

filling of a mayoral vacancy, shall not lose his or her rights as a member of the Council.

(j) For purposes of this section, a vacancy may result from death, resignation, or recall. Section 270: The Council

(a) The Council shall be composed of eight councilmembers elected by district, and shall be the legislative body of the City.

(b) Each councilmember shall have the right to vote upon all questions before the Council.

All substantive actions of the Council shall be passed by adoption of an ordinance or resolution.

(d) The Council shall have the right to determine its own rules and order of business as provided for in Charter section 14, including a process for the selection of a presiding officer who shall have responsibility for chairing meetings of the Council and managing the docket process. Any such rules shall provide a process for the Mayor and independent department heads to propose matters for consideration by the Council in open session and a process for the City Attorney, Mayor, and Presiding Officer to coordinate the docketing of matters for consideration by the Council in any closed session of the Council.

(e) The Council shall have the right to establish committees of the Council and to establish advisory boards and citizen committees as provided for in Charter section 43.

(f) The Council shall have the right to establish an Office of Independent Budget Analyst to be managed and controlled by the Independent Budget Analyst. The Council shall appoint this independent officer who shall serve at the pleasure of the Council and may be removed from Office by the Council at any time. (g) No member of the Council shall directly or indirectly by suggestion or otherwise attempt to influence or coerce the City Manager or other officer appointed or confirmed by the Council in the making of any appointment to, or removal from, any City office or employment, or the purchase of any supplies, or discuss directly or indirectly with any candidate for City Manager the matter of appointments to City Offices or employment, or attempt to exact any promises from such candidate relative to any such appointments.

(h) Except for the purpose of inquiry or communications in furtherance of implementing policies and decisions approved by resolution or ordinance of the Council, individual members of Council shall deal with the administrative service

for which the Mayor is responsible only through the Mayor, the City Manager, or the Mayor's designees.

(i) Any City official or department head in the administrative service may be summoned to appear before the Council or any committee of the Council to provide information or answer any question.

**Section 275: Introduction and Passage of Ordinances and Resolutions**

(a) Ordinances shall be introduced in the Council only in written form. An alteration necessary only to correct a typographical or clerical error or omission may be performed by the City Clerk with the written approval and concurrence of the City Attorney, so long as the alteration does not materially or substantially alter the contents, requirements, rights, responsibilities, conditions, or prescriptions contained in the original text of the ordinance. A typographical or clerical error shall include, but is not limited to, incorrect spelling, grammar, numbering, punctuation, transposed words or numbers, and duplicate words or numbers.

(b) All ordinances except annual appropriation ordinances and ordinances codifying or rearranging existing ordinances, shall be confined to one subject, and the subject or subjects of all ordinances shall be clearly expressed in the title.

(c) The following ordinances may be passed by the Council on the day of their introduction: ordinances making the annual tax levy; the annual appropriation ordinance; ordinances calling or relating to elections; ordinances recommended by the Mayor or independent department heads transferring or appropriating moneys already appropriated by the annual appropriation ordinance; ordinances establishing or changing the grade of a public highway; and emergency ordinances as defined by section 295 of this Charter. Other ordinances, however, shall be passed by the Council only after twelve calendar days have elapsed from the day of their introduction.

(d) Each ordinance shall be read in full prior to passage unless such reading is dispensed with by a vote of five members of the Council, and a written copy of the ordinance was made available to each member of the Council and the public prior to the day of its passage.

(e) The yeas and nays shall be taken upon the Council's passage of all resolutions and ordinances and entered upon the journal of the proceedings of the Council.

(f) The enacting clause of ordinances passed by the Council shall be "Be it ordained by the Council of the City of San Diego." The enacting clause of ordinances submitted by initiative shall be "Be it ordained by the People of the City of San Diego."

**Section 280: Approval or Veto of Council Actions by Mayor**

(a) The Mayor shall have veto power over all resolutions and ordinances passed by Council with the following exceptions:

(1) The Mayor's veto power shall not extend to matters that are exclusively within the purview of Council, such as selection of the Independent Budget Analyst, the selection of a presiding officer, or the establishment of other rules or

policies of governance exclusive to the Council and not affecting the administrative service of the City under the control of the Mayor.

(2) The Mayor's veto power shall not extend to those matters where the Council has acted as a quasi-judicial body and where a public hearing was required by law implicating due process rights of individuals affected by the decision and where the Council was required by law to consider evidence at the hearing and to make legal findings based on the evidence presented.

(3) Emergency Ordinances.

(4) The Annual Appropriation Ordinance.

(5) The Salary Ordinance, which instead shall be subject to veto in accordance with the process described in section 290.

(b) Matters that are not subject to the Mayor's veto power shall be clearly indicated as such on the Council's agenda and within the body of the resolution or ordinance, which, pursuant to section 40, shall be signed as to form and legality by the City Attorney.

(c) The following shall apply to each resolution and ordinance that has been passed by the Council and is subject to the Mayor's veto:

(1) Each such resolution or ordinance shall, within forty-eight hours of passage, be transmitted to the Mayor by the City Clerk with appropriate notations of the action taken by the Council.

(2) The Mayor shall act upon each resolution or ordinance within ten business days of receiving the City Clerk's transmittal.

(3) The Mayor shall either approve the resolution or ordinance by signing and returning it to the City Clerk within the specified time limit, or shall veto any resolution or ordinance and return it to the City Clerk with his or her written objections within the specified time limit.

(4) Failure to return the resolution or ordinance within the specified time limit shall constitute approval and such resolution or ordinance shall take effect without the Mayor's signed approval. The City Clerk shall note this fact on the official copy of such resolution or ordinance.

#### Section 285: Enactment Over Veto

The Council shall reconsider any resolution or ordinance vetoed by the Mayor. If, after such reconsideration, at least five members of the Council vote in favor of passage, that resolution or ordinance shall become effective notwithstanding the Mayor's veto. If more than five votes are required for the passage of any resolution or ordinance by the provisions of this Charter or other superseding law, such larger vote shall be required to override the veto of the Mayor. If a vetoed resolution or ordinance does not receive sufficient votes to override the Mayor's veto within thirty calendar days of such veto, that resolution or ordinance shall be deemed disapproved and have no legal effect.

#### Section 290: Council Consideration of Salary Ordinance and Budget; Special Veto Power

(a) No later than April 15 of each year, the Council shall introduce a Salary Ordinance fixing the salaries of all officers and employees of the City in accordance with Charter section 70. The Salary Ordinance shall be proposed by the Mayor for Council introduction in a form consistent with any existing Memorandum of Understandings with recognized labor organizations, or otherwise in conformance with procedures governed by the Meyers-Milias-Brown Act or any other legal requirements governing labor relations that are binding upon the City. Upon introduction, the Salary Ordinance shall be transmitted to the Mayor.

(1) The Mayor shall, within five business days of receipt of the Salary Ordinance introduced by Council, either approve the ordinance as introduced or veto all or any specific provision within the ordinance.

(2) The Salary Ordinance shall be returned to the Council within the five-business day period either approved by the Mayor or accompanied by a statement explaining any reasons for the veto. The Council shall thereafter have ten business days within which to override the veto and pass the Salary Ordinance as introduced or otherwise accept the changes proposed by the Mayor in the veto statement and pass the ordinance at second reading with the changes proposed by the Mayor.

(3) The Salary Ordinance passed by Council shall become a controlling document for preparation of the Annual Appropriation Ordinance for the ensuing fiscal year.

(b) Prior to June 15 of each year, the Council shall satisfy its obligations under Charter section 71 by holding a minimum of two public hearings to consider the budget submitted by the Mayor. Prior to the June 15 deadline, and after at least two such public hearings have been held, the Council shall pass a resolution that either approves the budget as submitted by the Mayor or modifies the budget in whole or in part. The Council's modifications may call for adding new items or for increasing or decreasing any item.

(1) If approved by the Council as proposed by the Mayor, the budget shall become a controlling document for preparation of the Annual Appropriation Ordinance for the ensuing fiscal year.

(2) If modified by the Council, the budget shall be returned to the Mayor as soon as practicable.

(A) The Mayor shall, within five business days of receipt either approve, veto, or modify any line item approved by the Council.

(B) The Council shall thereafter have five business days within which to override any vetoes or modifications made by the Mayor pursuant to section 290(b)(2)(A). Any item in the proposed budget that was vetoed or otherwise modified by the Mayor shall remain as vetoed or modified unless overridden by the vote of at least five members of the Council. In voting to override the actions of the Mayor, the Council may adopt either an amount it had previously approved or an amount in between the amount originally approved by the Council and the

amount approved by the Mayor, subject to the balanced budget requirements set forth in section 71.

(C) Upon the expiration of the Council's five business day period, or sooner if the Council by five votes so directs, the budget as returned by the Mayor, and to the extent modified thereafter by the Council, shall become a controlling document for preparation of the Annual Appropriation Ordinance for the ensuing fiscal year.

(c) As required by section 71, the Council shall adopt the Annual Appropriation Ordinance during the month of July.

(d) The Mayor shall have no power of veto over the Annual Appropriation Ordinance.

Section 295: When Resolutions and Ordinances Take Effect; Emergency Measures

(a) In the case of a resolution or ordinance for which the Mayor has veto power:

(1) The date of approval by the Mayor pursuant to section 280(c) shall be deemed the date of its final passage.

(2) If the time for approval or veto by the Mayor has expired and no action has been taken by the Mayor, the date of expiration of that time shall be deemed the date of its final passage.

(3) If a resolution or ordinance is adopted by Council overriding the Mayor's veto, then the date of Council's override vote shall be deemed the date of final passage.

(b) In the case of a resolution or ordinance for which the Mayor has no veto power, the date of passage by the Council shall be deemed the date of its final passage.

(c) Resolutions shall become effective immediately upon their final passage, unless otherwise stated therein.

(d) Ordinances making the annual tax levy, the annual appropriation ordinances, ordinances calling or relating to elections, and emergency measures, shall take effect at the time indicated therein. All other ordinances passed by the Council shall take effect at the time indicated therein, but not less than thirty calendar days from the date of their final passage. Ordinances adopted by vote of the electors shall take effect at the time indicated therein or the date the final canvass is issued by the County Registrar of Voters, whichever occurs later.

(e) An emergency measure is an ordinance to provide for the immediate preservation of the public peace, property, health, or safety, in which the emergency claimed is set forth and defined in the preamble thereto. The affirmative vote of at least six members elected to the Council shall be required to pass any ordinance as an emergency measure. No measure making or amending a grant, renewal, or extension of a franchise or other special privilege shall ever be passed as an emergency measure. No situation shall be declared an emergency by the Council except

as defined in this section, and it is the intention of this Charter that the courts shall strictly construe compliance with such definition.

Section 143 of the Charter of The City of San Diego is amended to read as follows:

**Section 143: Contributions**

The retirement system herein provided for shall be conducted on the contributory plan, the City contributing jointly with the employees affected thereunder. Employees shall contribute according to the actuarial tables adopted by the Board of Administration for normal retirement allowances, except that employees shall, with the approval of the Board, have the option to contribute more than required for normal allowances, and thereby be entitled to receive the proportionate amount of increased allowances paid for by such additional contributions. The City shall contribute annually an amount substantially equal to that required of the employees for normal retirement allowances, as certified by the actuary, but shall not be required to contribute in excess of that amount, except in the case of financial liabilities accruing under any new retirement plan or revised retirement plan because of past service of the employees. The mortality, service, experience or other table calculated by the actuary and the valuation determined by him and approved by the Board shall be conclusive and final, and any retirement system established under this article shall be based thereon. Funding obligations of the City shall be determined by the Board on an annual basis and in no circumstances, except for court approved settlement agreements, shall the City and the Board enter into multi-year contracts or agreements delaying full funding of City obligations to the system. When setting and establishing amortization schedules for the funding of the unfunded accrued actuarial liability, the Board shall place the cost of the past service liability associated with a new retirement benefit increase on no greater than a fixed, straight-line, five year amortization schedule. Effective July 1, 2008, the Board shall place the cost associated with net accumulated actuarial losses on no greater than a fifteen year amortization schedule and the Board shall place the benefit associated with net accumulated actuarial gains on no less than a five year amortization schedule. Notwithstanding the above, the Board shall retain plenary authority and fiduciary responsibility for investment of moneys and administration of the system as provided for in article XVI, section 17 of the California Constitution. The setting and establishing of amortization schedules by the Board pursuant this section is not intended and shall not be interpreted to preclude the City from issuing pension obligation bonds or other similar instruments containing repayment terms exceeding fifteen years.

Section 144 and Article X of the Charter of The City of San Diego are amended to read as follows:

**Section 144: Board of Administration**

Effective April 1, 2005, the system shall be managed by a newly constituted Board of Administration which shall consist of 13 members. Seven members shall constitute a quorum of the Board and the concurring vote of seven members shall

be required for the Board to take any action. Prior to April 1, 2005, in anticipation of the effective date, and thereafter, members shall be selected to serve as follows:

(a) Seven (7) members shall be appointed by the Mayor and confirmed by the Council. No person who is a City employee, participant in the Retirement System, or City union representative may be eligible for appointment in this category. Such appointees shall have the professional qualifications of a college degree in finance, economics, law, business, or other relevant field of study or a relevant professional certification. In addition, such appointees shall have a minimum of fifteen (15) years experience in pension administration, pension actuarial practice, investment management, real estate, banking, or accounting. Members of the Board serving in this category shall serve staggered terms of four (4) years each (inaugural appointments shall have three (3) members serving two year terms) and members in this category shall be limited to a maximum of eight (8) consecutive years in office and an interval of four (4) years must pass before such persons can be reappointed. Such appointees shall not have any other personal interests which would create a conflict of interest with the duties of a Board member and trustee.

(b) One (1) police safety member of the Retirement System elected by the active police safety members to serve a four (4) year term, except that the inaugural member elected in 2005 to fill the seat in this category shall serve a two (2) year term.

(c) One (1) fire safety member of the Retirement System elected by the active fire safety members to serve a four (4) year term.

(d) Two (2) general members of the Retirement System elected by active general members of the Retirement System to serve a four (4) year term.

(e) One (1) retired member of the Retirement System elected by the retired members of the Retirement System to serve a four (4) year term, except that the inaugural member elected in 2005 to fill the seat in this category shall serve a two (2) year term.

(f) One (1) City management employee in the administrative service appointed by the City Manager to serve at the pleasure of the City Manager selected from the following: City Manager, City Treasurer, Deputy or Assistant City Manager, or person in a similar position who reports to the City Manager.

The Board of Administration may establish such rules and regulations as it may deem proper; shall elect one of its members president and appoint a secretary and may appoint such other employees as may be necessary. Such appointments, except the actuary, shall be made under the provisions of Article VIII of this Charter.

The Board of Administration shall be the sole authority and judge under such general ordinances as may be adopted by the Council as to the conditions under which persons may be admitted to benefits of any sort under the Retirement System; and shall have exclusive control of the administration and investment of

such fund or funds as may be established; and shall be permitted to invest in any bonds or securities which are authorized by General Law for savings banks; and, further, shall be permitted to invest in such additional classes or types of investments as are approved by resolution of the Council of the City of San Diego; provided, however, that individual investments within the classes or types approved by the Council must be approved by independent investment counsel; and, provided, further, the Board may place such funds in the hands of the Funds Commission for investment. Provided, however, that the Auditor and Comptroller shall refuse to allow any warrant drawn for payment of a retirement allowance if, in the opinion of the Auditor and Comptroller, such retirement allowance has been granted in contravention of this Article or any ordinances passed under the authority granted herein.

Article X: Transfer Of Police And Fire Department  
Employees Into The Retirement System

Notwithstanding any language in Article IX of this Charter to the contrary the City Council shall, upon the taking effect of this amendment, by ordinance provide for the transfer into the City Employees' Retirement System of all members of the Police and Fire Departments of the City of San Diego who were regularly employed and members of their respective Pension systems on June 30, 1946; provided, however, that in any such ordinance said Council shall provide as follows:

(1) A minimum retirement allowance of \$200.00 per month when a member has completed the required number of years of service as provided in this Charter, and who at the effective date of the ordinance is receiving a monthly salary of at least \$400.00.

(2) For retirement of members of the Police Department who entered the service of the department on or prior to the 8th day of May, 1941, and who have served for 20 years or more in the aggregate as a member or employee in any rank or capacity in said department, regardless of age, and for the retirement of members of the Police Department who entered the service of the department subsequent to the 8th day of May, 1941, after completion of 25 years of service in the aggregate.

(3) For retirement of members of the Fire Department who entered the service of the department on or prior to January 1, 1936, and who have served for 20 years or more in the aggregate as a member or employee in any rank or capacity in said department, regardless of age, and for the retirement of members of the Fire Department who entered the service of the department subsequent to the 1st day of January, 1936, after completion of 25 years of service in the aggregate.

Notwithstanding any other section of this Charter, whenever a County-wide election is scheduled to be held within sixty (60) days after the date which a City general election would otherwise be held pursuant to this Charter, the City shall consolidate the City general election with the County-wide election. In the event said consolidated general election causes the successful candidate to be qualified to take office after the expiration of the term of the incumbent, the term of said incumbent shall be extended until said successor qualifies and takes office, or until the incumbent qualifies and takes office in the event of re-election. Any such successful candidate elected in said consolidated general election shall take office at the first Council meeting of the month following the month in which the consolidated general election is held.

But the Mayor and Common Council may require the Treasurer to give a Surety Company Bond in which case the expense of such bond shall be borne by the City, and may accept and approve of a Surety Company Bond for any officer without other surety.

Section 23. Additional bond—Vacancy. When an Official Bond is required of an officer, the Mayor and Common Council may require an additional bond if, in their opinion, the original bond or any surety becomes insufficient. If such additional bond be not given in thirty (30) days, the Mayor and Common Council must declare the office vacant and thereupon it shall become vacant.

Section 24. Salary of Mayor. The Office of Mayor shall be a full time position and the incumbent shall not engage in any business, professional or occupational activities which interfere with the discharge of the duties of such office. Ordinances and codes may be adopted by reference in accordance with general law.

Emergency or urgency ordinances and each resolution may be adopted on the day of introduction and may take effect upon adoption; provided, however, that this section is not intended, nor shall it be deemed to affect the method of adopting special ordinances and resolutions as required by municipal improvement act, laws relating to elections, taxation, and annexations, or other provisions of law prescribing the time, form and manner for the adoption of ordinances and resolutions of special cases.

No order, resolution or ordinance shall have effect without approval of the Mayor, except when five (5) members of the Common Council concur in its adoption. Section 36. Mayor to Preside—Temporary Absence of Mayor; Mayor Temporarily Unable to Perform Duties. The Mayor shall preside at all meetings of the Common Council, but shall not be entitled to vote except in the event of a tie. In the absence of the Mayor from any Council meeting, the Common Council may choose one of their own number to preside over that meeting who shall retain the right to vote upon all questions under consideration, and shall have the same power to disapprove any order made by the Common Council, and with like effect as the Mayor would have had if present at this meeting, however, that member shall not have the ability to cast an additional vote in the event of a tie.

##### Initiative, Referendum and Recall

Section 120. The Initiative. Any proposed ordinance may be submitted to the Common Council by a petition signed by qualified and registered electors of the City equal in number to the percentage hereinafter required. The signatures to the petition need not all be appended to one paper, but each signer shall add to his/her signature his/her place of residence, giving the street and such other identification as may be required by the registration law. One of the signers of each such paper shall make oath before an officer qualified to administer oaths, that the statements therein made are true, and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed. Within ten days from the date of filing such petition, the City Clerk shall examine and from the great register ascertain whether, or not, said petition is signed by the requisite number of qualified electors and if necessary, the Council shall allow him/her extra help for that purpose, and he/she shall attach to said petition his/her certificate showing the results of said examination. If, by the Clerk's certificate, the number of signatures on the petition is shown to be insufficient, it shall be returned forthwith by the Clerk to the filer(s) thereof who shall have an additional ten (10) days from the date the petition is returned to them by the Clerk, to obtain the required number of signatures. The Clerk shall, within ten (10) days after such additional ten (10) day period to obtain additional signatures, make like examination of said petition, and if his/her certificate shall show the same to be insufficient, it shall be returned to the person filing same, without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found to be sufficient the Clerk shall submit the same to the Council without delay.

If the petition accompanying the proposed ordinance be signed by electors equal in number to thirty percent (30%) of the entire vote cast for all candidates for Mayor at the last preceding City election at which a Mayor was elected, and contains a request that said ordinance be submitted forthwith to a vote of the people at a special, or general municipal election, then the Council shall either:

(a) Pass such ordinance without alteration within twenty (20) days after the attachment of the Clerk's certificate of sufficiency to the accompanying petition (subject to referendary vote), and if the ordinance shall be passed by the Council, but shall be vetoed by the Mayor, and on reconsideration shall fail of passage by the Council, then, within five (5) days after determination that said ordinance shall have so failed of final adoption, the Council shall proceed to call a special election at which said ordinance without alteration, shall be submitted to a vote of the people; or,

(b) Forthwith after the Clerk shall attach to the petition accompanying such Ordinance his/her certificate of sufficiency, the Council shall proceed to call a special election at which said ordinance, without alteration, shall be submitted to a vote of the people.

The ballots used when voting upon said proposed ordinance shall contain the words, "For the Ordinance," (stating the general nature of the proposed ordinance) and "Against the Ordinance," (stating the general nature of the proposed ordinance). If a majority of the qualified electors voting on said proposed ordinance shall vote in favor thereof, such ordinance shall thereupon become a valid and binding ordinance of the City; and any ordinance proposed by petition, or which shall be adopted by a vote of the people, cannot be repealed or amended except by a vote of the people obtained in like manner.

Any number of proposed ordinances may be voted upon at the same election. In accordance with the provisions of this section; provided that there shall not be held under this section of the Charter more than one special election in any period of twelve months.

Section 121. The Referendum. No ordinance passed by the Common Council (except when otherwise required by the general laws of the State, or by the provisions of this Charter, respecting street improvements and except an ordinance for the immediate preservation of the public peace, health, or safety, which contains a statement of its urgency, and is passed by a two-thirds (2/3) vote of the Council, but no grant of any franchise shall be construed to be an urgency matter, but all franchises shall be subject to the referendary vote herein provided) shall go into effect before thirty (30) days from the time of its final passage and its approval by the Mayor; and if during said thirty days a petition signed by electors of the City equal in number to at least thirty percent (30%) of the entire vote cast for all candidates for Mayor at the last preceding City election at which time a Mayor was elected, protesting against the passage of such ordinance, be presented to the Council, the same shall thereupon be suspended from going into operation, and it shall be the duty of the Council to reconsider such ordinance, and if the same is not entirely repealed, the Council shall submit the ordinance proposed to the vote of the electors of the City either at the next general municipal election or at a special municipal election to be called for that purpose, and such ordinance shall not go into effect or become operative unless a majority of the qualified electors voting on the same, shall vote in favor thereof. Said petition shall be in all respects

in accordance with the provisions of the first section of this article (The Initiative) and shall be examined and certified by the Clerk in all respects as therein provided.

Section 122. The Recall. Proceedings may be commenced for recall of the holder of any elective office of this City and the election of a successor of the holder sought to be removed by the service, filing and publication of a notice of intention to circulate a recall petition. Such proceedings may not be commenced against the holder of an office unless, at the time of commencement, the holder has held office for at least ninety days and no recall petition has been filed against such holder within the preceding six months. A petition demanding the recall of the officer sought to be recalled shall be submitted to the City Clerk. The petition shall be signed by not less than fifteen percent (15%) of the voters of the City, or in the case of a City Council Member elected by ward twenty-five percent (25%) of the voters of that ward, according to the County Clerk's last official report of registration to the Secretary of State. No signature may be affixed to the petition until the proponents have served, filed and published a notice of intention to circulate a recall petition, containing the name of the officer sought to be recalled and the title of his/her office, a statement in not more than 500 words of the grounds on which the recall is sought, and the name and address of at least one, but not more than five proponents. The notice of intention shall be served, personally or by certified mail, on the officer sought to be recalled, and a copy thereof with a certificate of the time and manner of service shall be filed with the clerk of the legislative body. Within seven (7) days after the filing of the notice of intention, the officer sought to be recalled may file with the City Clerk an answer in not more than 500 words to the statement of the proponents and if an answer is filed, shall serve a copy thereof, personally or by certified mail, on one of the proponents named in the notice of intention. At the time the proponents publish the notice and statement referred to above, the officer sought to be recalled may have the answer published at his/her expense. If the answer is to be published the officer shall file with the City Clerk at the time the answer is filed a statement declaring his/her intent that the answer be published. The statement and answer are intended solely for the information of the voters and no insufficiency in the form or substance thereof shall affect the validity of the election or proceedings. The notice and statement as referred to above, and the answer, if it is to be published shall be published at least once in a newspaper of general circulation, as described in Sections 6000 to 6066 of the Government Code, adjudicated as such.

Seven (7) days after the publication of the notice, statement and answer, if it is to be published, the recall petition may be circulated and signed. The petition shall bear a copy of the notice of intention, statement and answer, if any. If the officer has not answered, the petition shall so state. Signatures shall be secured and the petition filed within ninety (90) days from the filing of the notice of intention. If such petition is not filed within the time permitted by this section, the same shall be void for all purposes. The signatures to the petition need not all be appended to

one paper; but each signer shall add to his/her signature his/her place of residence, giving the street and such other identification as may be required by the registration law. One of the signers of each such paper shall make oath before an officer qualified to administer oaths, that the statements therein made are true, and that each signature to the paper appended, is the genuine signature of the person whose name purports to be thereunto subscribed. Within thirty (30) days after the date of filing such petition the City Clerk shall examine and ascertain whether or not said petition is signed by the requisite number of qualified electors and, if necessary, the Council shall allow extra help for that purpose, and the City Clerk shall attach to said petition a certificate showing the result of said examination. If, by the City Clerk's certificate, the number of signatures on the petition is shown to be insufficient, it shall be returned forthwith by the Clerk to the filer(s) thereof who shall have an additional thirty (30) days from the date the petition is returned to them by the Clerk to obtain the required number of signatures. The City Clerk shall, within thirty (30) days after such additional thirty (30) day period to obtain additional signatures, make like examination of said petition, and, if his/her certificate shall show the same to be insufficient it shall be void for all purposes. If the petition shall be found to be sufficient, the City Clerk shall submit the same to the Council without delay and the Council shall thereupon order and fix a date for holding said election, not less than fifty (50) days, nor more than seventy (70) days from the date of the City Clerk's certificate to the Council that a sufficient petition is filed.

The ballots used when voting upon said proposed recall shall contain the words "shall (title of office and the name of the person against whom the recall is filed) be recalled?" and the words "yes" and "no."

The Council and the City Clerk shall make, or cause to be made, publication of notice and all arrangements for conducting, returning and declaring the results of such election in the same manner as other City elections.

Qualified candidates to succeed the person against whom the recall is filed, shall be listed on the ballot, except that the incumbent shall not be eligible to succeed himself/herself in any such recall election.

In any such removal election, if a majority of the votes cast is for "yes" on the question of whether or not the incumbent should be recalled, the candidate receiving the highest number of votes shall be declared elected. The incumbent shall thereupon be deemed removed from the office upon qualification of his/her successor. In case the party who received the highest number of votes should fail to qualify within ten (10) days after receiving notification of election, the office shall be deemed vacant. The successor of any officer so removed shall hold office during the unexpired term of his/her predecessor.

The City shall not incur any indebtedness evidenced by general obligation bonds which shall in the aggregate exceed fifteen percent (15%) of the total assessed value for purposes of City taxation of all the taxable real and personal property in the City. The City shall not incur any bonded indebtedness constituting a general obligation of the City unless such indebtedness is authorized by the affirmative votes of not less than two-thirds (2/3) of those electors voting on the question of incurring such indebtedness at any election at which such question is submitted to the electors of the City. [Filed with the Secretary of State March 24, 2005.]

Article VII, Section 704 of the Cypress City Charter is amended to read:

Section 704. Director of Community Development. There shall be a Director of Community Development who shall:

(a) Advise the City Manager on any matter affecting the physical development of the City.

(b) Formulate and recommend to the City Manager modifications of the City's general plan.

(c) Review and make recommendations regarding proposed Council action implementing the general plan.

(d) Participate in the preparation and revision of the Capital Program.

(e) Advise the City Planning Commission or City Planning Agency in the exercise of its responsibilities and in connection therewith provide necessary staff assistance.

(f) Perform such other duties as may be prescribed by the Council.

Article X, Section 1012 of the Cypress City Charter is amended to read:

Section 1012. Contracts on Public Works. Unless subject to an exception set forth in another subparagraph of Section 1012, every project involving an expenditure of more than Three Thousand Five Hundred Dollars (or such other amount as may be prescribed by ordinance) for the construction, improvement, repair or maintenance of public works shall be let by the Council by contract to the lowest responsible bidder after notice by publication in the official newspaper by one or more insertions, the first of which shall be at least ten days before the time for opening bids.

Projects for the maintenance or repair of public works are excepted from the requirements of this paragraph if the Council determines that such work can be performed more economically by a City department than by contracting for the doing of such work.

The Council may reject any and all bids presented and may readvertise in its discretion.

The Council, after rejecting bids, or if no bids are received, may declare and determine that, in its opinion, based on estimates approved by the City Manager, the work in question may be performed better or more economically by the City with its own employees and after the adoption of a resolution to this effect by at least four affirmative votes of the Council may proceed to have said work done, without further observance of the provisions of this section.

Such contracts may be let and such purchases made without advertising for bids, if such work shall be deemed by the Council to be of urgent necessity for the preservation of life, health, or property, and shall be authorized by resolution

passed by at least four affirmative votes of the Council and containing a declaration of the facts constituting such urgency.

At its election, the Council may authorize the use of a design-build construction procurement process for capital improvement projects.

For capital improvement project maintenance contracts, the Council may award the contract to the most qualified bidder instead of to the lowest responsible bidder.

**Severability:** If any part of this charter amendment is held to be invalid for any reason, such decision shall not affect the validity of the remaining provisions of the amendment, and we hereby declare that we would have voted for the amendment if such invalid portion thereof had been deleted.

Charter Chapter 28—City of Los Angeles

***Amendments to the Charter of the City of Los Angeles***

[Filed with the Secretary of State April 6, 2005.]

Section 1. The title of Part 3, Article XI of the Charter is hereby amended to read:

**INCLUSION OF PORT POLICE IN THE  
FIRE AND POLICE PENSION PLAN**

Section 2. Section 1232 of the Charter is hereby added to read:

Section 1232. Authority of City Council to Amend Tier 5 of the Fire and Police Pension Plan to Include Sworn Port Police Officers.

(a) **Council Authority.** The Council may, by ordinance adopted in accordance with the provisions of this section, provide for mandatory Tier 5 membership in the Fire and Police Pension Plan (Plan) for sworn Port Police employees with Peace Officer status under Penal Code Section 830.1 (Sworn Port Police Officers) appointed on or after the operative date of the ordinance, and provide Sworn Port Police Officers who were appointed prior to the operative date of the ordinance the right to irrevocably elect Tier 5 Plan membership. The authority granted in this section shall include the authority to make necessary modifications by ordinance to Tier 5 of the Plan, to the Deferred Retirement Option Plan (DROP), to the Pension Savings Plan for Part-Time, Seasonal and Temporary Employees, and to the Los Angeles City Employees' Retirement System (LACERS) in order to implement this membership change. Such ordinance shall be adopted by the Council no later than December 31, 2005 and shall specify an operative date that is the first day of a payroll period.

(b) Limitations on Council Authority. The authority given to the Council to implement this membership change is specifically limited as follows:

(1) Sworn Port Police Officers includes only employees serving in Port Police civil service classifications with the Harbor Department requiring Peace Officer status under Penal Code Section 830.1.

(2) Each person regularly appointed as a Sworn Port Police Officer on or after the operative date of the ordinance shall become a member of Tier 5 upon appointment, provided that person has previously completed academy training required by the Harbor Department. The Council retains the authority to determine if, and on what terms and conditions, such persons may be allowed to transfer prior sworn service in the Harbor Department from LACERS to Tier 5.

(3) Each Sworn Port Police Officer who was regularly appointed and completed the required academy training prior to the operative date of the ordinance and who was employed in that capacity on such date may elect to become a member of Tier 5. The election to transfer to Tier 5 membership must be made no later than one year after the operative date of the ordinance and shall be conditioned upon the person agreeing to pay an amount as determined by a labor-management Memorandum of Understanding as the employee contributions for all periods of service transferred to Tier 5 from LACERS. Employees who elect to change retirement plans shall have all sworn service with the Harbor Department in classifications included in subsection (1) above transferred to Tier 5 from LACERS. Only actual service with the Harbor Department shall be transferred; prior service with other City departments transferred for purposes of Charter Section 1014 to the Harbor Department shall not be transferred. Further, all funds on deposit in LACERS attributable to service transferred to Tier 5 on behalf of these employees shall be transferred to the Plan. The amount of funds due to the Plan from LACERS shall be mutually agreed upon between the Plan and LACERS and is to include, but not necessarily be limited to: employee contributions, City contributions, and earnings to cover all funded accrued liability. All transferring employees shall pay the full amount of contributions required under Tier 5 retroactive to the operative date of the ordinance, provided that the City shall pay 1% as provided in Charter Section 1222, if applicable. An employee who is eligible to become a Tier 5 member, but chooses to remain in LACERS, will continue as a LACERS member even if subsequently appointed to a different Sworn Port Police Officer civil service classification.

(4) Sworn Port Police Officers who become members of Tier 5 of the Plan shall not be eligible to retire from LACERS while remaining employed as Sworn Port Police Officers. Charter Section 1164 prohibits retired members of LACERS from thereafter being paid for any services rendered as an officer or employee of the City, except as expressly provided therein.

(5) The Harbor Department shall pay the Plan for all costs and expenses incurred by the Plan as a result of amending Tier 5 of the Plan to include Sworn Port Police Officers, including any unfunded liability incurred by the Plan. The

Harbor Department shall also pay LACERS for all costs and expenses incurred by LACERS in connection with transfers between LACERS and Tier 5 related to these Sworn Port Police Officers.

(6) Inclusion of Sworn Port Police Officers in Tier 5 of the Plan shall not trigger the elimination of the 1% payment by the City of Tier 5 employee contributions as provided in Charter Section 1222 and Los Angeles Administrative Code Section 4.2014. The determination of 100% funded status required by Charter Section 1222 and Los Angeles Administrative Code Section 4.2014 shall be made without regard to any impact resulting from the inclusion of this group of employees in Tier 5 of the Plan and any other group of employees from other Outside Agencies included in Tier 5 in the future.

(c) Technical Corrections. The Council is hereby authorized to make conforming and technical changes to Tier 5 that do not result in any additional costs to the Plan.

(d) Operability of the Section. This section shall become inoperative in the event that a demand is made by a bargaining unit representing employees affected by this section that an impasse over a proposed ordinance authorized by this section be resolved by binding arbitration if such arbitration is authorized by law. In such event, pension benefits shall again be determined by Charter provisions in effect at the time this section was adopted. Courts of law shall have the exclusive authority to resolve disputes over whether an ordinance authorized by this section satisfies any legal requirement.

(e) Mode of Adoption. Ordinances adopted pursuant to this section shall be adopted in the same manner as provided in Section 1618(b) of this Charter, but the City Council shall be advised in writing by an enrolled actuary as to the cost of the proposed changes.

Section 3. Subsection (e) of Section 1202 of the Charter is amended to read:

Existing law establishes the Youth and Adult Correctional Agency, which consists of the Department of Corrections, the Department of the Youth Authority, the Board of Prison Terms, the Board of Corrections, the Youth Authority Board, and the Narcotic Addict Evaluation Authority.

This measure would, as of July 1, 2005, abolish those departments and boards, and instead create the Department of Corrections and Rehabilitation, which would consist of the Division of Adult Operations, the Division of Youth Operations, the Corrections Standards Authority, and the Board of Parole Hearings. The department would be headed by the Secretary of the Department of Corrections and Rehabilitation, who would be appointed by, and hold office at the pleasure of, the Governor, subject to confirmation by the Senate. The measure would authorize the Governor to appoint 2 subordinate officers for the secretary. The measure would also require the Governor to appoint 2 additional subordinate officers, who would be known as the Chief Administrative Officer of the Department of Corrections and Rehabilitation, Division of Adult Operations, and the Chief Administrative Officer of the Department of Corrections and Rehabilitation, Division of Youth Operations.

The measure would vest the new department with all the powers, duties, responsibilities, obligations, liabilities, and jurisdiction of the Youth and Adult Correctional Agency, the Department of Corrections, the Department of the Youth Authority, the Commission on Correctional Peace Officer Standards and Training, the Board of Corrections, and the State Commission on Juvenile Justice, Crime and Delinquency Prevention. The measure would maintain the existing functions, powers, responsibilities, and jurisdiction of the Council on Mentally Ill Offenders, Prison Industry Authority, Prison Industry Authority Board, California Council for Interstate Adult Offender Supervision, and the Joint Venture Policy Advisory Board under the new department.

Under existing law, the Board of Prison Terms is comprised of 9 members, appointed by the Governor, with the advice and consent of the Senate, each for a term of 4 years and until the appointment of a successor.

Under this measure, the Board of Parole Hearings would be comprised of 17 commissioners, appointed by the Governor, subject to Senate confirmation, for 3-year terms. The board would be vested with all of the powers, duties, responsibilities, obligations, liabilities, and jurisdiction of the Board of Prison Terms, the Narcotic Addict Evaluation Authority, and the Youth Authority Board. This measure would revise provisions relating to hearings by the board.

Under existing law, the Board of Corrections is comprised of 15 members.

Under this measure, the Corrections Standards Authority would be comprised of 17 members. The measure would vest the new authority with all of the duties, functions, and responsibilities of the Board of Corrections and the Commission on Correctional Peace Officer Standards and Training.

10 ~~the Board of Prison Terms~~ *of two or more commissioners or*

15 *one member of the panel shall be a deputy commissioner. In the*  
16 *event of a tie vote, the matter shall be referred for an en banc*  
17 *hearing by the board.* The release date shall be set in a manner  
18 that will provide uniform terms for offenses of similar gravity  
19 and magnitude in respect to their threat to the public, and that  
20 will comply with the sentencing rules that the Judicial Council  
21 may issue and any sentencing information relevant to the setting  
22 of parole release dates. The board shall establish criteria for the  
23 setting of parole release dates and in doing so shall consider the  
24 number of victims of the crime for which the prisoner was  
25 sentenced and other factors in mitigation or aggravation of the  
26 crime. At least one commissioner of the panel shall have been  
27 present at the last preceding meeting, unless it is not feasible to  
28 do so or where the last preceding meeting was the initial meeting.  
29 Any person on the hearing panel may request review of any  
30 decision regarding parole ~~to the full board~~ for an en banc hearing  
31 *by the board.* In case of a review, a majority vote ~~of the full~~  
32 ~~Board of Prison Terms in favor of parole is in favor of parole by~~  
33 *the board members participating in an en banc hearing is*  
34 required to grant parole to any prisoner.

35 (b) The panel or *the board, sitting en banc,* shall set a release  
36 date unless it determines that the gravity of the current convicted  
37 offense or offenses, or the timing and gravity of current or past  
38 convicted offense or offenses, is such that consideration of the  
39 public safety requires a more lengthy period of incarceration for  
40 this individual, and that a parole date, therefore, cannot be fixed

1 at this meeting. After the effective date of this subdivision, any  
2 decision of the parole panel finding an inmate suitable for parole  
3 shall become final within 120 days of the date of the hearing.  
4 During that period, the board may review the panel's decision.  
5 The panel's decision shall become final pursuant to this  
6 subdivision unless the board finds that the panel made an error of  
7 law, or that the panel's decision was based on an error of fact, or  
8 that new information should be presented to the board, any of  
9 which when corrected or considered by the board has a  
10 substantial likelihood of resulting in a substantially different  
11 decision upon a rehearing. In making this determination, the  
12 board shall consult with the commissioners who conducted the  
13 parole consideration hearing. No decision of the parole panel  
14 shall be disapproved and referred for rehearing except by a  
15 majority vote of the board, *sitting en banc*, following a public  
16 hearing.

17 (c) For the purpose of reviewing the suitability for parole of  
18 those prisoners eligible for parole under prior law at a date earlier  
19 than that calculated under Section 1170.2, the board shall appoint  
20 panels of at least two persons to meet annually with each prisoner  
21 until the time the person is released pursuant to proceedings or  
22 reaches the expiration of his or her term as calculated under  
23 Section 1170.2.

24 ~~(d) Notwithstanding subdivision (a) and Section 5076.1, on an~~  
25 ~~emergency basis, and only until December 31, 2005, life parole~~  
26 ~~consideration hearings or life rescission hearings may be~~  
27 ~~conducted by two-person panels consisting of at least one~~  
28 ~~commissioner. In the event of a tie vote, the matter shall be~~  
29 ~~referred to the full board for a decision. It is the intent of the~~  
30 ~~Legislature in enacting this subdivision to allow the board to~~  
31 ~~increase the number of hearings conducted each month to~~  
32 ~~eliminate the backlog of inmates awaiting a parole consideration~~  
33 ~~hearing. The board shall report monthly on the number of~~  
34 ~~hearings conducted in the previous month, the number scheduled~~  
35 ~~in the current and subsequent months, the backlog of cases~~  
36 ~~awaiting a hearing, and progress toward eliminating the backlog,~~  
37 ~~if any. The report shall be made public at a regularly scheduled~~  
38 ~~meeting of the board and a written report shall be made available~~  
39 ~~to the public and transmitted to the Legislature quarterly. For~~  
40 ~~purposes of this section, an en banc hearing by the board means~~

1 *a hearing conducted by a committee of commissioners selected*  
2 *by the chairperson. The committee shall be comprised of a*

LEGISLATIVE COUNSEL’S DIGEST

Governor’s Reorganization Plan No.2 of 2005

Technology reorganization: Department of Technology Services.

Existing law generally sets forth the requirements for the acquisition of information technology goods and services by the state, and for the operation of various information technology services by state agencies.

Existing law establishes the California Health and Human Services Agency Data Center in the California Health Services Agency and the Stephen P. Teale Data Center in the Business, Transportation and Housing Agency for the purpose of providing electronic data processing services to state agencies and for allocating moneys to projects that demonstrate or develop advanced information technologies as solutions to information processing problems.

The California Health and Human Services Agency Data Center Revolving Fund and the Stephen P. Teale Data Center Revolving Fund are established in the State Treasury and continuously appropriated for the payment of expenses incurred by the data centers. Under existing law, these funds cease to exist if the data centers are consolidated with other state information technology centers, and any remaining moneys in the funds are required to be distributed according to specified provisions of law.

Existing law also authorizes the Department of General Services to acquire, install, equip, maintain, and operate new or existing communications systems and facilities.

This reorganization plan would create the Department of Technology Services in state government, under the Director of Technology Services, within the State and Consumer Services Agency. The plan would create the Technology Services Board, with a specified membership, within the department.

The reorganization plan would authorize the department to acquire, install, equip, maintain, and operate new or existing business telecommunications systems and services and require it to coordinate all matters affecting statewide business telecommunications policy and planning. The reorganization plan would limit the authority of the Department of General Services to acquire, install, equip, maintain, and operate communications systems and facilities to public safety agencies.

The reorganization plan would also consolidate and transfer the functions of the Stephen P. Teale Data Center, the California Health and Human Services Agency Data Center, and the Telecommunications Division of the Department of General Services to the department. The Director would be required to administer the department pursuant to a written plan of operations developed with the advice of the Board. The reorganization plan would create the Department of Technology Services Revolving Fund within the State Treasury, which would be continuously appropriated and available for encumbrance without regard to fiscal years.
