(e) The plaintiff in the small claims action shall not be required to pay to the clerk of the transferee court any transmittal, appearance, or filing fee unless the plaintiff appears in the transferee court, in which event the plaintiff shall be required to pay the filing fee and any other fee required of a defendant in the transferee court. However, if the transferee court rules against the plaintiff in the action filed in that court, the court may award to the defendant in that action the costs incurred as a consequence of the transfer, including attorney's fees and filing fees.

(b) The court may, at its discretion or on request of any party, continue the matter to a later date in order to permit and encourage the parties to attempt resolution by informal or alternative means.

(c) The judgment shall include a determination whether the judgment resulted from a motor vehicle accident on a California highway caused by the defendant's operation of a motor vehicle, or by the operation by

(b) On or before January 1, 2002, the commission shall provide on its Internet Web site the means by which consumers may submit informal complaints through electronic means.

(c) It is the intent of the Legislature that, commencing one year from the date that the procedures described in subdivision (a) are implemented, the commission annually review the procedures and the technology involved to ensure the continued effectiveness of the program, and report any findings to the Legislature.

(d) For the purpose of this section, "electronic means" includes, but shall not be limited to, e-mail or the Internet, or both.

(e) Upon the receipt of an informal complaint submitted by electronic means, the commission shall immediately forward the complaint to the entity named in the complaint.

(f) The commission shall permit the submission of informal complaints through electronic means, if, as determined by the commission, both of the following conditions are met:

(1) The dollar amount in the complaint does not exceed the jurisdictional limit of a small claims court specified in subdivision (a) of Section 116.220 or Section 116.221 of the Code of Civil Procedure.

(2) The commission has addressed any impediments in the electronic systems employed by the commission that would prevent or substantially adversely affect the ability of the commission to receive informal complaints by electronic means.

(g) The commission shall include a notice on its Internet Web site of the availability of the procedures described in subdivision (a).

(h) For the purposes of implementing this section, the commission shall make available to the public an industry specific online complaint form that allows a customer to specify information that the commission determines to be relevant for purposes of resolving a dispute, including the account number, the type of dispute, and the opportunity to make general comments.

(i) This act may not be implemented, and no information technology-related preparatory work may be undertaken in connection with this act prior to July 1, 2001, without the concurrence of the commission and the authorization of the Department of Information Technology pursuant to Executive Order D-3-99.

SEC. 9. Section 1702.1 of the Public Utilities Code is amended to read:

1702.1. However, when the public interest so requires, the commission or presiding officer may, at any time prior to the filing of a decision, terminate the expedited complaint procedure and recalendar the matter for hearing under the commission's regular procedure.

(b) No attorney at law shall represent any party other than himself or herself under the expedited complaint procedure.

(c) No pleading other than the complaint and answer is necessary. A hearing without a reporter shall be held within 30 days after the answer is filed.

(d) The parties may file applications for rehearing pursuant to Section 1731. If the commission grants an application for rehearing, the rehearing shall be conducted under the commission's regular hearing procedure.

SEC. 10. Section 742.16 of the Welfare and Institutions Code is amended to read:

742.16. (a) If a minor is found to be a person described in Section 602 by reason of the commission of an act prohibited by Section 594, 594.3, 594.4, 640.5, 640.6, or 640.7 of the Penal Code, and the court does not remove the minor from the physical custody of the parent or guardian, the court as a condition of probation, except in any case in which the court makes a finding and states on the record its reasons why that condition would be inappropriate, shall require the minor to wash, paint, repair, or replace the property defaced, damaged, or destroyed by the minor or otherwise pay restitution to the probation officer of the county for disbursement to the owner or possessor of the property or both. In any case in which the minor is not granted probation or in which the minor's cleanup, repair, or replacement of the property will not return the property to its condition before it was defaced, damaged, or destroyed, the court shall make a finding of the amount of restitution that would be required to fully compensate the owner and possessor of the property for their damages. The court shall order the minor or the minor's estate to pay that restitution to the probation officer of the county for disbursement to the owner or possessor of the property or both, to the extent the court determines that the minor or the minor's estate have the ability to do so, except in any case in which the court makes a finding and states on the record its reasons why full restitution would be inappropriate. If full restitution is found to be inappropriate, the court shall require the minor to perform specified community service, except in any case in which the court makes a finding and states on the record its reasons why that condition would be inappropriate.

(b) If a minor is found to be a person described in Section 602 by reason of the commission of an act prohibited by Section 594, 594.3, 594.4, 640.5, 640.6, or 640.7 of the Penal Code, and the graffiti or other material inscribed by the minor has been removed, or the property defaced by the minor has been repaired or replaced by a public entity that has elected, pursuant to Section 742.14, to have the probation officer of the county recoup its costs through proceedings in accordance with this section and has made cost findings in accordance with subdivisions (c) or (d) of Section 742.14, the court shall determine the total cost incurred by the public entity for said removal, repair, or replacement,

using, if applicable, the cost findings most recently adopted by the public entity pursuant to subdivision (c) or (d) of Section 742.14. The court shall order the minor or the minor's estate to pay those costs to the probation officer of the county to the extent the court determines that the minor or the minor's estate have the ability to do so.

(c) If the minor is found to be a person described in Section 602 by reason of the commission of an act prohibited by Section 594, 594.3, 594.4, 640.5, 640.6, or 640.7 of the Penal Code, and the minor was identified or apprehended by the law enforcement agency of a city or county that has elected, pursuant to Section 742.14, to have the probation officer of the county recoup its costs through proceedings in accordance with this section, the court shall determine the cost of identifying or apprehending the minor, or both, using, if applicable, the cost findings adopted by the city or county pursuant to subdivision (b) of Section 742.14. The court shall order the minor or the minor's estate to pay those costs to the probation officer of the county to the extent the court determines that the minor or the minor's estate has the ability to do so.

(d) If the court determines that the minor or the minor's estate is unable to pay in full the costs and damages determined pursuant to subdivisions (a), (b), and (c), and if the minor's parent or parents have been cited into court pursuant to Section 742.18, the court shall hold a hearing to determine the liability of the minor's parent or parents pursuant to Section 1714.1 of the Civil Code for those costs and damages. Except when the court makes a finding setting forth unusual circumstances in which parental liability would not serve the interests of justice, the court shall order the minor's parent or parents to pay those costs and damages to the probation officer of the county to the extent the court determines that the parent or parents have the ability to pay, if the minor was in the custody or control of the parent or parents at the time he or she committed the act that forms the basis for the finding that the minor is a person described in Section 602. In evaluating the parent's or parents' ability to pay, the court shall take into consideration the family income, the necessary obligations of the family, and the number of persons dependent upon this income.

(e) The hearing described in subdivision (d) may be held immediately following the disposition hearing or at a later date, at the option of the court.

(f) If the amount of costs and damages sought to be recovered in the hearing pursuant to subdivision (d) is five thousand dollars ($5,000) or less, the parent or parents may not be represented by counsel and the probation officer of the county shall be represented by his or her nonattorney designee. The court shall conduct that hearing in accordance with Sections 116.510 and 116.520 of the Code of Civil Procedure.

Notwithstanding the foregoing, if the court determines that a parent cannot properly present his or her defense, the court may, in its discretion, allow another individual to assist that parent. In addition, a husband or wife may appear and participate in the hearing on behalf of his or her spouse if the representative's spouse has given his or her consent and the court determines that the interest of justice would be served thereby.

(g) If the amount of costs and damages sought to be recovered in the hearing pursuant to subdivision (d) exceeds five thousand dollars ($5,000), the parent or parents may be represented by counsel of his or her or their own choosing, and the probation officer of the county shall be represented by the district attorney or an attorney or nonattorney designee of the probation officer. The parent or parents shall not be entitled to court-appointed counsel or to counsel compensated at public expense.

(h) At the hearing conducted pursuant to subdivision (d), there shall be a presumption affecting the burden of proof that the findings of the court made pursuant to subdivisions (a), (b), and (c) represent the actual damages and costs attributable to the act of the minor that forms the basis of the finding that the minor is a person described in Section 602.

(i) If the parent or parents, after having been cited to appear pursuant to Section 742.18, fail to appear as ordered, the court shall order the parent or parents to pay the full amount of the costs and damages determined by the court pursuant to subdivisions (a), (b), and (c).

(j) Execution may be issued on an order issued by the court pursuant to this section in the same manner as on a judgment in a civil action, including any balance unpaid at the termination of the court's jurisdiction over the minor.

(k) At any time prior to the satisfaction of a judgment entered pursuant to this section, a person against whom the judgment was entered may petition the rendering court to modify or vacate the judgment on the showing of a change in circumstances relating to his or her ability to pay the judgment.

(*l*) For purposes of a hearing conducted pursuant to subdivision (d), the judge of the juvenile court shall have the jurisdiction of a judge of the superior court in a limited civil case, and if the amount of the demand is within the jurisdictional limits stated in Sections 116.220 and 116.221 of the Code of Civil Procedure, the judge of the juvenile court shall have the powers of a judge presiding over the small claims court.

(m) Nothing in this section shall be construed to limit the authority of a juvenile court to provide conditions of probation.

(n) The options available to the court pursuant to subdivisions (a), (b), (c), (d), and (k), to order payment by the minor and his or her parent or parents of less than the full costs described in subdivisions (a), (b),

and (c), on grounds of financial inability or for reasons of justice, shall not be available to a superior court in an ordinary civil proceeding pursuant to subdivision (b) of Section 1714.1 of the Civil Code, except that in any proceeding pursuant to either subdivision (b) of Section 1714.1 of the Civil Code or this section, the maximum amount that a parent or a minor may be ordered to pay shall not exceed twenty thousand dollars ($20,000) for each tort of the minor.

CHAPTER 168

An act to add Sections 17558.7, 17558.8, and 17602 to the Government Code, relating to state mandates.

[Approved by Governor August 28, 2006. Filed with Secretary of State August 28, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 17558.7 is added to the Government Code, to read:

17558.7. (a) If the Controller reduces a claim approved by the commission, the claimant may file with the commission an incorrect reduction claim pursuant to regulations adopted by the commission.

(b) A claimant eligible to file an incorrect reduction claim may file a consolidated incorrect reduction claim on behalf of other claimants whose claims for reimbursement under the same mandate are alleged to have been incorrectly reduced if all of the following apply:

(1) The method, act, or practice that the claimant alleges led to the reduction has led to similar reductions of other parties' claims, and all of the claims involve common questions of law or fact.

(2) The common questions of law or fact among the claims predominate over any matter affecting only an individual claim.

(3) The consolidation of similar claims by individual claimants would result in consistent decisionmaking by the commission.

(4) The claimant filing the consolidated claim would fairly and adequately protect the interests of the other claimants.

(c) A claimant that seeks to file a consolidated incorrect reduction claim shall, at the time it files an incorrect reduction claim, on a form provided by the commission, notify the commission of its intent to file a consolidated incorrect reduction claim.

(d) Within 10 days after receipt of an incorrect reduction claim and notice of intent to consolidate, the commission shall request that the

Controller provide the commission and the claimant with a list of claimants for whom the Controller has reduced similar claims under the same mandate. Upon receipt of this list from the Controller, the claimant may notify the claimants on the list and other interested parties of its intent to file a consolidated incorrect reduction claim.

(e) Within 30 days of receipt of the notice of intent to consolidate from the original claimant, on a form provided by the commission, any other eligible claimant shall file with the commission its notice of intent to join the consolidated incorrect reduction claim, which shall include a copy of the remittance advice or other notice from the Controller of the claim reduction, and one copy of the reimbursement claims for which an incorrect reduction is alleged.

(f) The commission shall notify each claimant that files an intent to join the consolidated incorrect reduction claim that it may opt out of the consolidated claim and not be bound by any determination made on that consolidated claim. A claimant may opt out of a consolidated claim no later than 15 days after the state agency files comments on the consolidated claim. A claimant that opts out of the consolidated claim, in order to preserve its right to challenge a reduction made by the Controller on that same mandate, shall file an individual incorrect reduction claim pursuant to commission requirements, no later than one year after opting out or within the statute of limitations under the commission's regulations.

(g) The commission shall adopt regulations establishing procedures for receiving a consolidated incorrect reduction claim pursuant to this section and for providing a hearing on a consolidated claim.

SEC. 2. Section 17558.8 is added to the Government Code, to read:

17558.8. (a) The commission may, on its own initiative, consolidate incorrect reduction claims filed with the commission by different claimants under the same mandate if all of the following apply:

(1) The same method, act, or practice is alleged to have led to the reduction in each claim, and all of the claims involve common questions of law or fact.

(2) The common questions of law or fact among the claims predominate over any matter affecting only an individual claim.

(3) The consolidation of similar claims by individual claimants would result in consistent decisionmaking by the commission.

(b) The commission shall adopt regulations establishing procedures for consolidation of incorrect reduction claim pursuant to this section and for providing a hearing on a consolidated claim.

SEC. 3. Section 17602 is added to the Government Code, to read:

17602. On or before January 15, 2007, and on or before each January 15 thereafter, the commission shall report to the Legislature the number

of individual and consolidated incorrect reduction claims decided during the preceding calendar year and whether and why the reduction was upheld or overturned.

CHAPTER 169

An act to amend Sections 1651.5 and 4601.5 of, and to add Section 9559.5 to, and to add Article 5 (commencing with Section 8100) to Chapter 4 of Division 3 of, the Vehicle Code, relating to vehicles.

[Approved by Governor August 28, 2006. Filed with Secretary of State August 28, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 1651.5 of the Vehicle Code is amended to read:

1651.5. (a) The director may assign or reassign dates for the expiration of registration for a vehicle registered pursuant to this code. The director may establish a registration year for any vehicle consisting of any period from seven months to 18 months, inclusive, with subsequent renewals being required at yearly intervals thereafter. The director shall assign an expiration date of the last day of the calendar month to all trailers and to all motor vehicles subject to additional fees under the provisions of Section 9400. Any vehicle being registered on a quarterly basis shall be assigned or reassigned an expiration date of December 31 for the registration year. The director shall have the authority to exclude from year-round registration any type of vehicle that the director deems appropriate for exclusion.

(b) In order to implement a year-round registration for vehicles registered pursuant to the International Registration Plan as described in Article 4 (commencing with Section 8050) of Chapter 4 of Division 3, the director, on or before January 1, 2009, shall assign or reassign a date for the expiration of registration of those vehicles described in this subdivision and may utilize the applicable practices and procedures set forth under subdivision (a) in order to implement this subdivision.

SEC. 2. Section 4601.5 of the Vehicle Code is amended to read:

4601.5. Notwithstanding Section 4601, the registration for vehicles registered pursuant to the Partial Year Registration Program as described in Article 5 (commencing with Section 9700) of Chapter 6 of Division 3, expires at midnight of December 31 of the registration year. However, for the purposes of applying any future reductions or increases in the vehicle license fee, the vehicle registrations subject to this section shall

be deemed to have a final expiration date in the succeeding calendar year.

SEC. 3. Article 5 (commencing with Section 8100) is added to Chapter 4 of Division 3 of the Vehicle Code, to read:

Article 5. Federal Motor Vehicle Safety Program

8100. An application for apportioned registration received on and after January 1, 2008, and filed pursuant to Article 4 (commencing with Section 8050) shall contain the following information:

(a) The United States Department of Transportation Number issued to the person responsible for the safe operation of each vehicle being registered.

(b) The taxpayer identification number corresponding to the United States Department of Transportation number provided in the apportioned registration application. The taxpayer identification number may consist of the federal employer identification number or the social security number, as applicable.

(c) Notwithstanding any other provision of law, the taxpayer identification number provided pursuant to this section is confidential and shall not be disclosed by the department except to law enforcement or a federal agency, or as required by law.

8101. In addition to the reasons specified in Section 4750 or 4751, the department shall refuse an application for apportioned registration for the following grounds:

(a) The applicant has failed to furnish the department with information required in the application under Section 8100.

(b) The person responsible for the safety of the vehicle or fleet is prohibited from operating in interstate commerce by a federal agency.

8102. (a) In addition to the reasons specified in Section 8800, the department may suspend the apportioned registration of a vehicle or a fleet, when the person responsible for the safety of the vehicle or a fleet of vehicles is prohibited from operating in interstate commerce by a federal agency.

(b) Whenever the department suspends the apportioned registration of a vehicle or a fleet pursuant to subdivision (a), the department may refuse the issuance of vehicle registration as authorized pursuant to Section 4751.

(c) Whenever the department suspends the apportioned registration under subdivision (a), the department shall furnish the person responsible for the vehicle or fleet with written notice of the suspension.

(d) When an apportioned registration is suspended pursuant to this section, and that suspension is based wholly or in part on the failure of

the person to maintain a vehicle or a fleet in safe operating condition, the person to whom the registration was issued shall not lease, or otherwise allow, another person to operate a vehicle that is subject to the suspension during the period of the suspension.

(e) A person shall not knowingly lease, operate, dispatch, or otherwise utilize a vehicle from another person whose apportioned registration is suspended, when that suspension is based wholly or in part on the failure of the person to maintain a vehicle or a fleet in safe operating condition.

(f) The apportioned registration of a vehicle or a fleet, that was suspended because the vehicle or fleet is prohibited from operating in interstate commerce by a federal agency may be reinstated upon notification from the federal agency that the prohibition has been lifted.

(g) Notwithstanding any other provision of this code, before an apportioned registration may be reissued after a suspension is terminated, there shall, in addition to other fees required by this code, be paid to the department a fee of one hundred fifty dollars ($150). This fee shall be deposited in the Motor Vehicle Account to cover the department's cost of administering this program.

8103. Notwithstanding any other provision of this code, a hearing shall not be provided when the suspension is based solely on notification by a federal agency that interstate operation is prohibited.

8104. Except as provided in subdivision (e), a vehicle or a fleet for which the apportioned registration has been suspended pursuant to this article shall not be operated in interstate or intrastate commerce unless evidence is provided to the department that the vehicle or the fleet is to be operated by a person whose apportioned registration is not subject to a suspension pursuant to this article and who has a valid apportioned registration pursuant to Article 4 (commencing with Section 8050) or Division 14.85.

SEC. 4. Section 9559.5 is added to the Vehicle Code, to read:

9559.5. When, by reason of the assignment or reassignment of a renewal registration date by the director, the registration year is less than, or more than, 12 months, the fee due for that renewal shall be decreased or increased by one-twelfth of the annual fee for each month of the period less than, or in excess of, 12 months.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the

definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 170

(B) If the person subject to this chapter did not have specimens, samples, and print impressions taken immediately following arrest or during booking or intake procedures or is released on bail or pending trial or is not confined or incarcerated at the time of sentencing or otherwise bypasses a prison inmate reception center maintained by the Department of Corrections and Rehabilitation, the court shall order the person to report within five calendar days to a county jail facility or to a city, state, local, private, or other designated facility to provide the required specimens, samples, and print impressions in accordance with subdivision (i) of Section 295.

(2) Collection from persons confined or in custody after conviction or adjudication:

(b) Paragraphs (2), (3), (4), (5), and (6) of subdivision (a) shall have retroactive application. Collection shall occur pursuant to paragraphs (2), (3), (4), (5), and (6) of subdivision (a) regardless of when the crime charged or committed became a qualifying offense pursuant to this chapter, and regardless of when the person was convicted of the qualifying offense described in subdivision (a) of Section 296 or a similar crime under the laws of the United States or any other state, or pursuant to the United States Code of Military Justice, 10 U.S.C., Sections 801 and following, or when a juvenile petition is sustained for commission of a qualifying offense described in subdivision (a) of Section 296 or a similar crime under the laws of the United States or any other state.

SEC. 2. Section 297 of the Penal Code is amended to read:

297. (a) Subject to the limitations in paragraph (3) of this subdivision, only the following laboratories are authorized to analyze crime scene samples and other forensic identification samples of known and unknown origin and to upload and compare those profiles against available state and national DNA and forensic identification databanks and databases in order to establish identity and origin of samples for forensic identification purposes pursuant to this chapter:

(1) The DNA laboratories of the Department of Justice that meet state and federal requirements, including the Federal Bureau of Investigation (FBI) Quality Assurance Standards, and that are accredited by an organization approved by the National DNA Index System (NDIS) Procedures Board.

(2) Public law enforcement crime laboratories designated by the Department of Justice that meet state and federal requirements, including the FBI Quality Assurance Standards, and that are accredited by an organization approved by the NDIS Procedures Board.

(3) Only the laboratories of the Department of Justice that meet the requirements of paragraph (1) of subdivision (a) are authorized to upload DNA profiles from arrestees and other qualifying offender samples collected pursuant to this section, Section 296, and Section 296.2.

(b) The laboratories of the Department of Justice and public law enforcement crime laboratories that meet the requirements of subdivision (a) may, subject to the laboratory's discretion, and the limitations of paragraph (3) of subdivision (a), upload to available state and national DNA and forensic identification databanks and databases qualifying DNA profiles from forensic identification samples of known and unknown origin that are generated by private forensic laboratories that meet state and federal requirements, including the FBI Quality Assurance Standards, and that are accredited by an organization approved by the NDIS Procedures Board. Prior to uploading DNA profiles generated by

a private laboratory, the public laboratory shall conduct the quality assessment and review required by the FBI Quality Assurance Standards.

(c) (1) A biological sample obtained from a suspect in a criminal investigation for the commission of any crime may be analyzed for forensic identification profiles, including DNA profiles, by the DNA Laboratory of the Department of Justice or any law enforcement crime laboratory or private forensic laboratory that meets all of the FBI Quality Assurance Standards and accreditation requirements in paragraphs (1) and (2) of subdivision (a) and then compared by the Department of Justice in and between as many cases and investigations as necessary, and searched against the forensic identification profiles, including DNA profiles, stored in the files of the Department of Justice DNA databank or database or any available databanks or databases as part of the Department of Justice DNA Database and databank Program.

(2) The law enforcement investigating agency submitting a specimen, sample, or print impression to the DNA Laboratory of the Department of Justice or law enforcement crime laboratory pursuant to this section shall inform the Department of Justice DNA Laboratory within two years whether the person remains a suspect in a criminal investigation. Upon written notification from a law enforcement agency that a person is no longer a suspect in a criminal investigation, the Department of Justice DNA Laboratory shall remove the suspect sample from its databank files and databases. However, any identification, warrant, arrest, or prosecution based upon a databank or database match shall not be invalidated or dismissed due to a failure to purge or delay in purging records.

(d) All laboratories, including the Department of Justice DNA laboratories, contributing DNA profiles for inclusion in California's DNA databank shall meet state and federal requirements, including the FBI Quality Assurance Standards and accreditation requirements, and shall be accredited by an organization approved by the National DNA Index System (NDIS) Procedures Board. Additionally, each laboratory shall submit to the Department of Justice for review the annual report required by the submitting laboratory's accrediting organization that documents the laboratory's adherence to FBI Quality Assurance Standards and the standards of the accrediting organization. The requirements of this subdivision do not preclude DNA profiles developed in California from being searched in the NDIS.

(e) Nothing in this section precludes local law enforcement DNA laboratories from maintaining local forensic databases and databanks or performing forensic identification analyses, including DNA profiling, independently from the Department of Justice DNA laboratories and Forensic Identification Data Base and databank Program.

(f) The limitation on the types of offenses set forth in subdivision (a) of Section 296 as subject to the collection and testing procedures of this chapter is for the purpose of facilitating the administration of this chapter by the Department of Justice, and shall not be considered cause for dismissing an investigation or prosecution or reversing a verdict or disposition.

(g) The detention, arrest, wardship, adjudication, or conviction of a person based upon a databank match or database information is not invalidated if it is determined that the specimens, samples, or print impressions were obtained or placed or retained in a databank or database by mistake.

(D) If the use of reasonable force includes a cell extraction, the extraction shall be videotaped.

(3) The Department of Corrections and Rehabilitation, the Division of Juvenile Justice, and the Corrections Standards Authority shall report to the Legislature not later than January 1, 2005, on the use of reasonable force pursuant to this section. The report shall include, but is not limited to, the number of refusals, the number of incidents of the use of reasonable force under this section, the type of force used, the efforts undertaken to obtain voluntary compliance, if any, and whether any medical attention was needed by the prisoner or personnel as a result of force being used.

CHAPTER 176

An act to amend Sections 124900, 124910, 124920, and 124930 of, and to repeal Sections 124906 and 124927 of, the Health and Safety Code, relating to health care.

[Approved by Governor August 28, 2006. Filed with Secretary of State August 28, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 124900 of the Health and Safety Code is amended to read:

124900. (a) (1) The State Department of Health Services shall select primary care clinics that are licensed under paragraph (1) or (2) of subdivision (a) of Section 1204, or are exempt from licensure under subdivision (c) of Section 1206, to be reimbursed for delivering medical services, including preventive health care, and smoking prevention and cessation health education, to program beneficiaries.

(2) In order to be eligible to receive funds under this article a clinic shall meet all of the following conditions, at a minimum:

(A) Provide medical diagnosis and treatment.

(B) Provide medical support services of patients in all stages of illness.

(C) Provide communication of information about diagnosis, treatment, prevention, and prognosis.

(D) Provide maintenance of patients with chronic illness.

(E) Provide prevention of disability and disease through detection, education, persuasion, and preventive treatment.

(F) Meet one or both of the following conditions:

(i) Are located in an area or a facility federally designated as a health professional shortage area, medically underserved area, or medically underserved population.

(ii) Are clinics that are able to demonstrate that at least 50 percent of the patients served are persons with incomes at or below 200 percent of the federal poverty level.

(3) Notwithstanding the requirements of paragraph (2), all clinics that received funds under this article in the 1997–98 fiscal year shall continue to be eligible to receive funds under this article.

(b) As a part of the award process for funding pursuant to this article, the department shall take into account the availability of primary care services in the various geographic areas of the state. The department shall determine which areas within the state have populations which have clear and compelling difficulty in obtaining access to primary care. The department shall consider proposals from new and existing eligible providers to extend clinic services to these populations.

(c) Each primary care clinic applying for funds pursuant to this article shall demonstrate that the funds shall be used to expand medical services, including preventive health care, and smoking prevention and cessation health education, for program beneficiaries above the level of services provided in the 1988 calendar year or in the year prior to the first year a clinic receives funds under this article if the clinic did not receive funds in the 1989 calendar year.

(d) (1) The department, in consultation with clinics funded under this article, shall develop a formula for allocation of funds available. It is the intent of the Legislature that the funds allocated pursuant to this article promote stability for those clinics participating in programs under this article as part of the state's health care safety net and at the same time be distributed in a manner that best promotes access to health care to uninsured populations.

(2) The formula shall be based on both of the following:

(A) A hold harmless for clinics funded in the 1997–98 fiscal year to continue to reimburse them for some portion of their uncompensated care.

(B) Demonstrated unmet need by both new and existing clinics, as reflected in their levels of uncompensated care reported to the department. For purposes of this article, "uncompensated care" means clinic patient visits for persons with incomes at or below 200 percent of the federal poverty level for which there is no encounter-based third-party reimbursement which includes, but is not limited to, unpaid expanded access to primary care claims.

(3) The department shall allocate available funds, for a three-year period, as follows:

(A) Clinics that received funding in the prior fiscal year shall receive 90 percent of their prior fiscal year allocation, subject to available funds, provided that the funding award is substantiated by the clinics' reported levels of uncompensated care.

(B) The remaining funds beyond 90 percent shall be awarded to new and existing applicants based on the clinics' reported levels of uncompensated care as verified by the department according to subparagraph (B) of paragraph (4). The department shall seek input from stakeholders to discuss any adjustments to award levels that the department deems reasonable, such as including base amounts for new applicant clinics.

(C) New applicants shall be awarded funds pursuant to this subdivision if they meet the minimum requirements for funding under this article based on the clinics' reported levels of uncompensated care as verified by the department according to subparagraph (A) of paragraph (4). New applicants include applicants for any new site expansions by existing applicants.

(4) In assessing reported levels of uncompensated care, the department shall utilize the data available from the Office of Statewide Health Planning and Development's (OSHPD) completed analysis of the "Annual Report of Primary Care Clinics" for the prior fiscal year, or if more recent data is available, then the most recent data. If this data is unavailable for an existing applicant to assess reported levels of

uncompensated care, the existing applicant shall receive an allocation pursuant to subparagraph (A) of paragraph (3).

(A) The department shall utilize the most recent data available from OSHPD's completed analysis of the "Annual Report of Primary Care Clinics" for the prior fiscal year, or if more recent data is available, then the most recent data.

(B) If the funds allocated to the program are less than the prior year, the department shall allocate available funds to existing program providers only.

(5) The department shall establish a base funding level, subject to available funds, of no less than thirty-five thousand dollars ($35,000) for frontier clinics and Native American reservation-based clinics. For purposes of this article, "frontier clinics" means clinics located in a medical services study area with a population of fewer than 11 persons per square mile.

(6) The department shall develop, in consultation with clinics funded pursuant to this article, a formula for reallocation of unused funds to other participating clinics to reimburse for uncompensated care. The department shall allocate the unused funds remaining on October 30, for the prior fiscal year to other participating clinics to reimburse for uncompensated care.

(e) In applying for funds, eligible clinics shall submit a single application per clinic corporation. Applicants with multiple sites shall apply for all eligible clinics, and shall report to the department the allocation of funds among their corporate sites in the prior year. A corporation may only claim reimbursement for services provided at a program-eligible clinic site identified in the corporate entity's application for funds, and approved for funding by the department. A corporation may increase or decrease the number of its program-eligible clinic sites on an annual basis, at the time of the annual application update for the subsequent fiscal years of any multiple-year application period.

(f) Grant allocations pursuant to this article shall be based on the formula developed by the department, notwithstanding a merger of one of more licensed primary care clinics participating in the program.

(g) A clinic that is eligible for the program in every other respect, but that provides dental services only, rather than the full range of primary care medical services, shall only be eligible to receive funds under this article on an exception basis. A dental-only provider's application shall include a memorandum of understanding (MOU) with a primary care clinic funded under this article. The MOU shall include medical protocols for making referrals by the primary care clinic to the dental clinic and from the dental clinic to the primary care clinic, and ensure that case

management services are provided and that the patient is being provided comprehensive primary care as defined in subdivision (a).

(h) (1) For purposes of this article, an outpatient visit shall include diagnosis and medical treatment services, including the associated pharmacy, X-ray, and laboratory services, and prevention health and case management services that are needed as a result of the outpatient visit. For a new patient, an outpatient visit shall also include a health assessment encompassing an assessment of smoking behavior and the patient's need for appropriate health education specific to related tobacco use and exposure.

(2) "Case management" includes, for this purpose, the management of all physician services, both primary and specialty, and arrangements for hospitalization, postdischarge care, and followup care.

(i) (1) Payment shall be on a per-visit basis at a rate that is determined by the department to be appropriate for an outpatient visit as defined in this section, and shall be not less than seventy-one dollars and fifty cents ($71.50).

(2) In developing a statewide uniform rate for an outpatient visit as defined in this article, the department shall consider existing rates of payments for comparable outpatient visits. The department shall review the outpatient visit rate on an annual basis.

(j) Not later than June 1 of each year, the department shall adopt and provide each licensed primary care clinic with a schedule for programs under this article, including the date for notification of availability of funds, the deadline for the submission of a completed application, and an anticipated contract award date for successful applicants.

(k) In administering the program created pursuant to this article, the department shall utilize the Medi-Cal program statutes and regulations pertaining to program participation standards, medical and administrative recordkeeping, the ability of the department to monitor and audit clinic records pertaining to program services rendered to program beneficiaries and take recoupments or recovery actions consistent with monitoring and audit findings, and the provider's appeal rights. Each primary care clinic applying for program participation shall certify that it will abide by these statutes and regulations and other program requirements set forth in this article.

SEC. 2. Section 124906 of the Health and Safety Code is repealed.

SEC. 3. Section 124910 of the Health and Safety Code is amended to read:

124910. (a) (1) Each licensed primary care clinic, as specified in subdivision (a) of Section 124900, applying for funds under this article, shall demonstrate in its application that it meets all of the following conditions, at a minimum:

(A) Provides medical diagnosis and treatment.

(B) Provides medical support services of patients in all stages of illness.

(C) Provides communication of information about diagnosis, treatment, prevention, and prognosis.

(D) Provides maintenance of patients with chronic illness.

(E) Provides prevention of disability and disease through detection, education, persuasion, and preventive treatment.

(F) Meets one or both of the following conditions:

(i) Is located in an area or a facility federally designated as a health professional shortage area, medically underserved area, or medically underserved population.

(ii) Is a clinic in which at least 50 percent of the patients served are persons with incomes at or below 200 percent of the federal poverty level.

(2) Any applicant who has applied for and received a federal or state designation for serving a health professional shortage area, medically underserved area, or population shall be deemed to meet the requirements of subdivision (a) of Section 124900.

(b) Each applicant shall also demonstrate to the satisfaction of the department that the proposed services supplement, and do not supplant, those primary care services to program beneficiaries that are funded by any county, state, or federal program.

(c) Each applicant shall demonstrate that it is an active Medi-Cal provider by having a Medi-Cal provider number and diligently billing the Medi-Cal program for services rendered to Medi-Cal eligible patients during the past three months prior to the application due date. This subdivision shall not apply to clinics that are not currently Medi-Cal providers, and were funded participants pursuant to this article during the 1993–94 fiscal year.

(d) Each application shall be evaluated by the state department prior to funding to determine all of the following:

(1) The applicant shall provide its most recently audited financial statement to verify budget information.

(2) The applicant's ability to deliver basic primary care to program beneficiaries.

(3) A description of the applicant's operational quality assurance program.

(4) The applicant's use of protocols for the most common diseases in the population served under this article.

SEC. 4. Section 124920 of the Health and Safety Code is amended to read:

124920. (a) The department shall utilize existing contractual claims processing services in order to promote efficiency and to maximize use of funds.

(b) The department shall certify which primary care clinics are selected to participate in the program for each specific fiscal year, and how much in program funds each selected primary care clinic will be allocated each fiscal year.

(c) The department shall pay claims from selected primary care clinics up to each clinic's annual allocation. Once a clinic has exhausted its annual allocation, the state shall stop paying its program claims.

(d) The department may adjust any selected primary care clinic's allocation to take into account:

(1) An increase in program funds appropriated for the fiscal year.

(2) A decrease in program funds appropriated for the fiscal year.

(3) A clinic's projected inability to fully spend its allocation within the fiscal year.

(4) Surplus funds reallocated from other selected primary care clinics.

(e) The department shall notify all affected primary care clinics in writing prior to adjusting selected primary care clinics' allocations.

(f) Cessation of program payments under subdivision (e) or adjustment of selected primary care clinic's allocations under subdivision (d) shall not be subject to the Medi-Cal appeals process referenced in subdivision (g) of Section 124900.

(g) A clinic's allocation under this article shall not be reduced solely because the clinic has engaged in supplemental fundraising drives and activities, the proceeds of which have been used to defray the costs of services to the uninsured.

SEC. 5. Section 124927 of the Health and Safety Code is repealed.

SEC. 6. Section 124930 of the Health and Safety Code is amended to read:

124930. (a) For any condition detected as part of a child health and disability prevention screen for any child eligible for services under Section 104395, if the child was screened by the clinic or upon referral by a child health and disability prevention program provider, unless the child is eligible to receive care with no share of cost under the Medi-Cal program, is covered under another publicly funded program, or the services are payable under private coverage, a clinic shall, as a condition of receiving funds under this article, do all of the following:

(1) Insofar as the clinic directly provides these services for other patients, provide medically necessary followup treatment, including prescription drugs.

(2) Insofar as the clinic does not provide treatment for the condition, arrange for the treatment to be provided.

(b) (1) If any child requires treatment the clinic does not provide, the clinic shall arrange for the treatment to be provided, and the name of that provider shall be noted in the patient's medical record.

(2) The clinic shall contact the provider or the patient or his or her guardian, or both, within 30 days after the arrangement for the provision of treatment is made, and shall determine if the provider has provided appropriate care, and shall note the results in the patient's medical record.

(3) If the clinic is not able to determine, within 30 days after the arrangement for the provision of treatment is made, whether the needed treatment was provided, the clinic shall provide written notice to the county child health and disability prevention program director, and shall also provide a copy to the state director of the program.

(a) The beach bicycle path in the County of Los Angeles, which runs 22.3 miles from its northern end at the Will Rogers State Beach to its southern end in the City of Torrance, shall be named the "Marvin Braude Bikeway" in honor of Marvin Braude, a former member of the City Council of the City of Los Angeles.

(b) Signage for the Marvin Braude Bikeway shall be placed at appropriate locations to commemorate the many conservation accomplishments of Marvin Braude, who tirelessly led efforts on behalf of the Santa Monica Mountains Conservancy, helped create the Venice Beach bikeway, and championed many other efforts to create and preserve open space and parks. Costs for the signage shall be funded by agreements made by the managing local governments and private sources.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act provides for offsetting savings to local agencies or school districts that result in

The people of the State of California do enact as follows:

SECTION 1. Section 97 is added to the Streets and Highways Code, to read:

experienced a significant number of traffic accidents, injuries, and fatalities within the prior three-year period, and other traffic safety measures that have been undertaken shall have not appreciably reduced the level of those incidents.

(b) The concurrence in the designation of the Department of the California Highway Patrol or local agency having traffic enforcement jurisdiction, as the case may be, shall be required prior to designation of the zone pursuant to statute, along with a resolution supporting the designation from the city, or county with respect to an unincorporated area, in which the segment is located.

(c) Each local governing body where a double fine zone is designated by statute in its jurisdiction shall, prior to the establishment of a double fine zone, do the following:

(1) Undertake a public awareness campaign to inform the public of the double fine zone designation, where it is located, its purpose, and its consequences.

(d) A Safety Enhancement-Double Fine Zone is subject to the rules and regulations adopted by the department prescribing uniform standards for warning signs to notify motorists that, pursuant to Section 42010 of the Vehicle Code, increased penalties apply for traffic violations that are committed within a Safety Enhancement-Double Fine Zone.

(e) The department or the local authority having jurisdiction over these highway and road segments shall place and maintain the warning signs identifying these segments by stating that a "Special Safety Zone Region Begins Here" and a "Special Safety Zone Ends Here." The department shall adopt rules and regulations for the administration of a Safety Enhancement-Double Fine Zone under this section.

(f) Safety Enhancement-Double Fine Zones do not increase the civil liability of the state or local authority having jurisdiction over the highway segment under Division 3.6 (commencing with Section 810) of Title 1 of the Government Code or any other provision of law relating to civil liability.

(1) Only the base fine shall be enhanced pursuant to this section.

(2) Notwithstanding any other provision of law, any additional penalty, forfeiture, or assessment imposed by any other statute shall be based on the amount of the base fine before enhancement or doubling and shall not be based on the amount of the enhanced fine imposed pursuant to this section.

(g) The projects specified as a Safety Enhancement-Double Fine Zone shall not be elevated in priority for state funding purposes.

(h) The term for a Safety Enhancement-Double Fine Zone shall be limited to four years.

(1) The Department of Transportation shall conduct an evaluation of the effectiveness of all double fine zones that will terminate the same calendar year and submit its findings in one report to the Assembly Committee on Transportation and the Senate Committee on Transportation and Housing one year prior to the termination of the double fine zones. The report shall include a recommendation on whether the zones should be reauthorized by the Legislature.

(b) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

SEC. 3. Section 42010 is added to the Vehicle Code, to read:

(a) For any offense specified in subdivision (b) that is committed by the driver of a vehicle within an area that has been designated as a Safety Enhancement-Double Fine Zone pursuant to Section 97 and following of the Streets and Highways Code, the fine, in a misdemeanor case, shall be double the amount otherwise prescribed, and, in an infraction case, the fine shall be one category higher than the penalty otherwise prescribed by the uniform traffic penalty schedule established pursuant to Section 40310.

(b) A violation of any of the following provisions is an offense that is subject to subdivision (a):

(1) Chapter 3 (commencing with Section 21650) of Division 11, relating to driving, overtaking, and passing.

(2) Chapter 7 (commencing with Section 22348) of Division 11, relating to speed limits.

(5) Section 23109, relating to speed contests.

(6) Section 23152, relating to driving under the influence of alcohol or a controlled substance, or a violation of Section 23103, as specified in Section 23103.5, relating to alcohol-related reckless driving.

(7) Section 23153, relating to driving under the influence of alcohol or a controlled substance, which results in bodily injury to another.

(8) Section 23220, relating to drinking while driving.

(9) Section 23221, relating to drinking in a motor vehicle while on the highway.

(10) Section 23222, relating to driving while possessing an open alcoholic beverage container.

(11) Section 23223, relating to being in a vehicle on the highway while possessing an open alcoholic beverage container.

(12) Section 23224, relating to being a driver or passenger under 21 years of age possessing an open alcoholic beverage container.

(13) Section 23225, relating to being the owner or driver of a vehicle in which there is an open alcoholic beverage container.

(14) Section 23226, relating to being a passenger in a vehicle in which there is an open alcoholic beverage container.

(c) This section applies only when traffic controls or warning signs have been placed pursuant to Section 97 or 97.1 of the Streets and Highways Code.

(d) (1) Notwithstanding any other provision of law, the enhanced fine imposed pursuant to this section shall be based only on the base fine imposed for the underlying offense and shall not include any other enhancements imposed pursuant to law.

(2) Notwithstanding any other provision of law, any additional penalty, forfeiture, or assessment imposed by any other statute shall be based on the amount of the base fine before enhancement or doubling and shall not be based on the amount of the enhanced fine imposed pursuant to this section.

CHAPTER 180

An act to amend Section 246.3 of the Penal Code, relating to BB devices.

[Approved by Governor August 28, 2006. Filed with Secretary of State August 28, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 246.3 of the Penal Code is amended to read:

246.3. (a) Except as otherwise authorized by law, any person who willfully discharges a firearm in a grossly negligent manner which could result in injury or death to a person is guilty of a public offense and shall

be punished by imprisonment in a county jail not exceeding one year, or by imprisonment in the state prison.

(b) Except as otherwise authorized by law, any person who willfully discharges a BB device in a grossly negligent manner which could result in injury or death to a person is guilty of a public offense and shall be punished by imprisonment in a county jail not exceeding one year.

(c) As used in this section, "BB device" means any instrument that expels a projectile, such as a BB or a pellet, through the force of air pressure, gas pressure, or spring action.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 181

An act to amend Sections 19961 and 19962 of the Business and Professions Code, relating to gambling.

[Approved by Governor August 28, 2006. Filed with Secretary of State August 28, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 19961 of the Business and Professions Code is amended to read:

19961. (a) (1) Except as provided in paragraph (2), on or after the effective date of this chapter, any amendment to any ordinance that would result in an expansion of gambling in the city, county, or city and county, shall not be valid unless the amendment is submitted for approval to the voters of the city, county, or city and county, and is approved by a majority of the electors voting thereon.

(2) Notwithstanding paragraph (1) and Section 19962, an ordinance may be amended without the approval of the electors after the effective date of this chapter to expand gambling by a change that results in an increase of less than 25 percent with respect to any of the matters set forth in paragraphs (1), (2), (3), and (5) of subdivision (b). Thereafter,

any additional expansion shall be approved by a majority of the electors voting thereon.

(b) For the purposes of this article, "expansion of gambling" means, when compared to that authorized on January 1, 1996, or under an ordinance adopted pursuant to subdivision (a) of Section 19960, whichever is the lesser number, a change that results in any of the following:

(1) An increase of 25 percent or more in the number of gambling tables in the city, county, or city and county.

(2) An increase of 25 percent or more in the number of licensed card rooms in the city, county, or city and county.

(3) An increase of 25 percent or more in the number of gambling tables that may be operated in a gambling establishment in the city, county, or city and county.

(4) The authorization of any additional form of gambling, other than card games, that may be legally played in this state, to be played at a gambling establishment in the city, county, or city and county.

(5) An increase of 25 percent or more in the hours of operation of a gambling establishment in the city, county, or city and county.

(c) The measure to expand gambling shall appear on the ballot in substantially the following form: "Shall gambling be expanded in ____ beyond that operated or authorized on January 1, 1996, by ____ (describe expansion) Yes ____ No ____."

(d) The authorization of subdivision (c) is subject to Sections 19962 and 19963 until those sections are repealed.

(e) Increasing the number of games offered in a gambling establishment does not constitute an expansion of gambling pursuant to this section.

(f) No city, county, or city and county shall amend its ordinance in a cumulative manner to increase gambling by more than 25 percent for the factors listed in subdivision (b), when compared to that authorized on January 1, 1996, without conducting an election pursuant to this section.

SEC. 2. Section 19962 of the Business and Professions Code is amended to read:

19962. (a) On and after the effective date of this chapter, neither the governing body nor the electors of a county, city, or city and county that has not authorized legal gaming within its boundaries prior to January 1, 1996, shall authorize legal gaming.

(b) An ordinance in effect on January 1, 1996, that authorizes legal gaming within a city, county, or city and county may not be amended to provide for an expansion of gambling, as defined in Section 19961, in that jurisdiction beyond that permitted on January 1, 1996.

(c) Notwithstanding any other provision of law, a city, county, or city and county may amend its ordinance regarding wagering limits.

(d) This section shall remain operative only until January 1, 2010, and as of that date is repealed.

CHAPTER 182

An act to amend Section 11135 of the Government Code, relating to discrimination.

[Approved by Governor August 28, 2006. Filed with Secretary of State August 28, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 11135 of the Government Code is amended to read:

11135. (a) No person in the State of California shall, on the basis of race, national origin, ethnic group identification, religion, age, sex, sexual orientation, color, or disability, be unlawfully denied full and equal access to the benefits of, or be unlawfully subjected to discrimination under, any program or activity that is conducted, operated, or administered by the state or by any state agency, is funded directly by the state, or receives any financial assistance from the state. Notwithstanding Section 11000, this section applies to the California State University.

(b) With respect to discrimination on the basis of disability, programs and activities subject to subdivision (a) shall meet the protections and prohibitions contained in Section 202 of the Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12132), and the federal rules and regulations adopted in implementation thereof, except that if the laws of this state prescribe stronger protections and prohibitions, the programs and activities subject to subdivision (a) shall be subject to the stronger protections and prohibitions.

(c) (1) As used in this section, "disability" means any mental or physical disability, as defined in Section 12926.

(2) The Legislature finds and declares that the amendments made to this act are declarative of existing law. The Legislature further finds and declares that in enacting Senate Bill 105 of the 2001–02 Regular Session (Chapter 1102 of the Statutes of 2002), it was the intention of the Legislature to apply subdivision (d) to the California State University in the same manner that subdivisions (a), (b), and (c) of this section

already applied to the California State University, notwithstanding Section 11000. In clarifying that the California State University is subject to paragraph (2) of subdivision (d), it is not the intention of the Legislature to increase the cost of developing or procuring electronic and information technology. The California State University shall, however, in determining the cost of developing or procuring electronic or information technology, consider whether technology that meets the standards applicable pursuant to paragraph (2) of subdivision (d) will reduce the long-term cost incurred by the California State University in providing access or accommodations to future users of this technology who are persons with disabilities, as required by existing law, including this section, Title II of the Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12101 and following), and Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. Sec. 794).

(d) (1) The Legislature finds and declares that the ability to utilize electronic or information technology is often an essential function for successful employment in the current work world.

(2) In order to improve accessibility of existing technology, and therefore increase the successful employment of individuals with disabilities, particularly blind and visually impaired and deaf and hard-of-hearing persons, state governmental entities, in developing, procuring, maintaining, or using electronic or information technology, either indirectly or through the use of state funds by other entities, shall comply with the accessibility requirements of Section 508 of the Rehabilitation Act of 1973, as amended (29 U.S.C. Sec. 794d), and regulations implementing that act as set forth in Part 1194 of Title 36 of the Federal Code of Regulations.

(3) Any entity that contracts with a state or local entity subject to this section for the provision of electronic or information technology or for the provision of related services shall agree to respond to, and resolve any complaint regarding accessibility of its products or services that is brought to the attention of the entity.

(e) As used in this section, "sex" and "sexual orientation" have the same meanings as those terms are defined in subdivisions (p) and (q) of Section 12926.

(f) As used in this section, "race, national origin, ethnic group identification, religion, age, sex, sexual orientation, color, or disability" includes a perception that a person has any of those characteristics or that the person is associated with a person who has, or is perceived to have, any of those characteristics.

CHAPTER 183

An act to amend Section 7104 of the Public Contract Code, relating to public works.

[Approved by Governor August 28, 2006. Filed with Secretary of State August 28, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 7104 of the Public Contract Code is amended to read:

7104. Any public works contract of a local public entity which involves digging trenches or other excavations that extend deeper than four feet below the surface shall contain a clause which provides the following:

(a) That the contractor shall promptly, and before the following conditions are disturbed, notify the local public entity, in writing, of any:

(1) Material that the contractor believes may be material that is hazardous waste, as defined in Section 25117 of the Health and Safety Code, that is required to be removed to a Class I, Class II, or Class III disposal site in accordance with provisions of existing law.

(2) Subsurface or latent physical conditions at the site differing from those indicated by information about the site made available to bidders prior to the deadline for submitting bids.

(3) Unknown physical conditions at the site of any unusual nature, different materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in the contract.

(b) That the local public entity shall promptly investigate the conditions, and if it finds that the conditions do materially so differ, or do involve hazardous waste, and cause a decrease or increase in the contractor's cost of, or the time required for, performance of any part of the work shall issue a change order under the procedures described in the contract.

(c) That, in the event that a dispute arises between the local public entity and the contractor whether the conditions materially differ, or involve hazardous waste, or cause a decrease or increase in the contractor's cost of, or time required for, performance of any part of the work, the contractor shall not be excused from any scheduled completion date provided for by the contract, but shall proceed with all work to be performed under the contract. The contractor shall retain any and all

rights provided either by contract or by law which pertain to the resolution of disputes and protests between the contracting parties.

CHAPTER 184

An act relating to local government.

[Approved by Governor August 28, 2006. Filed with Secretary of State August 28, 2006.]

The people of the State of California do enact as follows:

SECTION 1. (a) This act shall be known and may be cited as the "Sports Stadium Project Validation Procedure."

(b) As used in this section, the following definitions apply:

(1) "Sports stadium" means a stadium, arena, pavilion, or other structures or buildings designed and intended primarily for holding professional athletic events, including, but not limited to, football, soccer, baseball, and basketball.

(2) "Sports stadium project" means a project that meets all of the following:

(A) The project is proposed to be built in whole, or in part, on real property that the City and County of San Francisco owns.

(B) The project was the subject of a voter-approved measure.

(C) The project involves the proposed development, entitlement, site assembly, operation, maintenance, repair, use, management, and financing of a sports stadium and any related uses, including, without limitation, any residential, commercial, parking, open space, and other mixed-use improvements and infrastructure proposed to be developed in connection with a sports stadium.

(3) "Sports stadium project matter" means any interpretation or construction of, or findings or determination of authority, concerning the consistency of a sports stadium project with the provisions of any charter, ordinance, or declaration of policy adopted by the voters of the City and County of San Francisco and any related provisions of local law, that is made by its legislative body or any other agency, commission, or officer of the City and County of San Francisco, even if the interpretation, construction, finding, or determination is conditional or has not been given effect in any final authorization relating to the proposed sports stadium project. The interpretation, construction, finding, or determination may be set forth in a resolution of the legislative body, agency, board, or commission, or any other action provided for under

any charter, ordinance, regulation, or other law of the City and County of San Francisco or by other applicable law.

(c) (1) Notwithstanding Sections 863 and 869 of the Code of Civil Procedure, the City and County of San Francisco may, before final authorization of the proposed sports stadium project, bring an action pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure to determine the validity of any sports stadium project matter if the Board of Supervisors of the City and County of San Francisco first adopts a resolution endorsing the filing of a validation action to be brought before the final authorization of the proposed sports stadium project.

(2) The provisions of this act that permit an action to determine the validity of any sports stadium project before final authorization of the proposed sports stadium project shall not apply to a validation action of the lease revenue bonds approved by San Francisco voters on June 3, 1997, by adopting Proposition D.

(3) If final authorization of the proposed sports stadium project is obtained, nothing in this act shall prohibit an action pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure regarding either the lease revenue bonds authorized by Proposition D or the validity of any sports stadium project matter..

(4) While the City and County of San Francisco may bring an action authorized by this act before final authorization of the proposed sports stadium project, any discretionary authorization by the City and County of San Francisco of the proposed sports stadium project, including the construction of the sports stadium, shall remain subject to any applicable requirements of the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code), and the action shall not include any determination as to the compliance of the sports stadium project with the requirements of the California Environmental Quality Act, or any other matter that is not a sports stadium project matter as defined above, including, but not limited to, the Planning and Zoning Law (Title 7 (commencing with Section 65000) of the Government Code) and the Community Redevelopment Law (Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code).

(d) The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances of the City and County of San Francisco. The facts constituting the special circumstances are:

The voters in the City and County of San Francisco approved measures for the development of a new sports stadium and complementary uses

at Candlestick Point. Before undertaking this major investment of money and resources as part of a public-private development partnership, the City and County of San Francisco needs to ensure that a proposed project at this site is viable and consistent with the voter-adopted measures. Because Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure does not permit a validation action until final authorization of a project, it is necessary for the Legislature to enact special legislation that allows for the City and County of San Francisco to bring an action before the final authorization of the proposed sports stadium project, to determine the validity of any sports stadium project matter.

CHAPTER 185

An act to add Section 11093.4 to the Government Code, relating to statistical districts.

[Approved by Governor August 28, 2006. Filed with Secretary of State August 28, 2006.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) World famous Hollywood attracts about 10 million tourists each year. It has turned a corner from the crime and dilapidation that plagued the area for decades and today has attracted billions of dollars in new development.

(b) Hollywood now ranks as having one of the highest hotel occupancy rates, gathering one of the highest room rates in all of Los Angeles County.

(c) Last year, Hollywood also experienced the largest year-over-year increase in hotel occupancy rates and had the highest room rate jump of all submarkets in Los Angeles County.

(d) Because of the recent spur of development, the Hollywood community now receives numerous requests each month for information on the area. Developers and entrepreneurs interested in opening businesses, civic and education leaders, and residents are continually requesting specific data on Hollywood's population, median income, employment, housing stock, general land use, tourism, and infrastructure.

(e) This critical data is either inaccessible or not collected at all. It is also often scattered among multiple city agencies and departments or not reported on a regular basis.

(f) The difficulty, or sometimes impossibility, of gathering the information in a timely manner jeopardizes bringing major development to the area, and it poses significant barriers to planning and promoting the economic and social growth of the community of Hollywood.

SEC. 2. Section 11093.4 is added to the Government Code, to read:

11093.4. (a) (1) The State Board of Equalization, Employment Development Department, Department of Industrial Relations, Department of Finance, and the Department of Transportation, shall, in the preparation and maintenance of any statistical analyses and data, by city, either by population, fiscal, or other bases, make a separate breakdown of the community of Hollywood, and shall require the City of Los Angeles to provide all necessary data at the sole expense of the City of Los Angeles.

(2) If the use of a tax area code is required in order to comply with paragraph (1), an alternate method may be used to determine the separate breakdown of the community of Hollywood.

(3) The state entities specified in paragraph (1) are required to implement the data reporting and analysis requirements of this subdivision only to the extent that data is available from federal, state, or local sources that provide data for other jurisdictions or is provided by the City of Los Angeles. Those state entities are not required to develop or collect data. No data shall be reported that would violate data confidentiality agreements or rules. The state entities are not required to report data that would not meet the statistical accuracy standards for the publication or data series to which they relate. The state entities may report special analyses or data compilations for the community of Hollywood, if reimbursement or other funding is provided.

(b) For purposes of this section, the community of Hollywood is all the portion of Los Angeles City that is described as follows:

(1) The City of Los Angeles Hollywood Community Plan Area, which was established in 1974 (Council File 72–1629). For statistical reporting purposes, the City of Los Angeles' Hollywood Community Plan Area is comprised of selected United States Census Tracts. Per the tracts established by the 2000 United States Census, the area's selected tract numbers are: 188200, 189100, 189200, 189300, 189400, 189500, 189600, 189701, 189702, 189800, 189901, 189902, 190100, 190200, 190301, 190400, 190510, 190520, 190700, 190800, 190901, 190902, 191000, 191110, 191120, 191201, 191203, 191204, 191300, 191410, 191420, 191500, 191610, 191620, 191710, 191720, 191810, 191820, 191900, 192000, 192610 (partial), 194100, 194200, 194300, 194400, 195200, 195300.

(2) At the northeastern corner, from a point commencing where the Ventura Freeway intersects with the Golden State Freeway at the Los

Angeles River and then following the Los Angeles River in an easterly and then southerly direction to its intersection with the northernmost traffic lanes of the westbound Ventura Freeway; thence west on the Ventura Freeway to its intersection with the easternmost right-of-way of the Golden State Freeway and following the easternmost right-of-way of the Golden State Freeway in a southerly direction to the point where it intersects Glendale Boulevard; thence continuing southerly on Glendale Boulevard to its intersection with Rowena Avenue; thence continuing westerly on Rowena Avenue to its intersection with Hyperion Avenue; thence continuing southwesterly on Hyperion Avenue to its intersection with Fountain Avenue; thence continuing westerly on Fountain Avenue to its intersection with Sunset Boulevard; thence continuing southeasterly on Sunset Boulevard to its intersection with Santa Monica Boulevard; thence continuing westerly on Santa Monica Boulevard to its intersection with Hoover Street; thence continuing southerly on Hoover Street to its intersection with Melrose Avenue; thence continuing westerly on Melrose Avenue to its intersection with Seward Street; thence continuing southerly on Seward Street to its intersection with Rosewood Avenue; thence continuing westerly on Rosewood Avenue to its intersection with Sweetzer Avenue; thence continuing northerly on Sweetzer Avenue to a point south of Melrose Avenue; following the common boundaries of the City of Los Angeles and the City of West Hollywood thence continuing westerly along that point to its intersection with a point west of La Cienega Boulevard; thence continuing northerly along the cities' boundaries (west of La Cienega Boulevard) to Romaine Street; thence continuing easterly on Romaine Street to its intersection with Orlando Avenue; thence continuing southerly on Orlando Avenue to its intersection with Waring Avenue; thence continuing easterly on Waring Avenue to its intersection with Sweetzer Avenue; thence continuing northerly on Sweetzer Avenue to its intersection with Willoughby Avenue; thence continuing easterly on Willoughby Avenue to just west of Crescent Heights Boulevard; thence following the City of Los Angeles and City of West Hollywood boundaries northerly to Romaine Street; thence following the cities' boundaries easterly along Romaine Street to its intersection with Hayworth Avenue; thence following the cities' boundaries southerly to their intersection with Willoughby Avenue; thence continuing easterly on Willoughby Avenue to its intersection with Gardner Street; thence following the cities' boundaries northerly to their intersection with Romaine Street; thence continuing easterly along Romaine Street and following the cities' boundaries to their intersection with La Brea Avenue; thence continuing northerly along the cities' boundaries to their intersection with Fountain Avenue; thence continuing westerly along Fountain Avenue to its intersection with

Fairfax Avenue; thence continuing northerly on Fairfax Avenue to the cities' boundaries just north of De Longpre Avenue; thence continuing westerly along the cities' boundaries to their intersection with Havenhurst Avenue; thence, at a point where Havenhurst Avenue intersects Sunset Boulevard, following the cities' boundaries westerly to just west of the point where Shoreham Drive intersects La Collina Drive and at the point where the City of Los Angeles, City of West Hollywood, and City of Beverly Hills meet; thence continuing northerly along the boundaries of the City of Los Angeles and the City of Beverly Hills to the point where Crescent Drive intersects with Wonderland Avenue; thence continuing northeasterly on Wonderland Avenue to its intersection with Laurel Pass Avenue; thence continuing easterly on Wonderland Avenue to its intersection with Laurel Canyon Boulevard; thence continuing northerly on Laurel Canyon Boulevard to its intersection with Mulholland Drive; thence continuing easterly on Mulholland Drive to its intersection with Cahuenga Boulevard; thence continuing northeasterly on Cahuenga Boulevard to its intersection with Barham Boulevard; thence continuing northerly on Barham Boulevard to its intersection with the boundary of the City of Burbank at the point where Barham Boulevard intersects the Los Angeles River; thence continuing northeasterly along the boundaries of the City of Los Angeles and the City of Burbank to the point where the City of Los Angeles, the City of Burbank, and the City of Glendale meet; thence continuing easterly along the boundaries of the City of Los Angeles and the City of Glendale until they intersect with the starting point at the Golden State Freeway.

(c) The state entities specified in paragraph (1) of subdivision (a) shall request authority to use data and analysis tools developed for federal programs, as needed, to provide the analyses described in subdivision (a). The state entities shall not be required to use federal funds or federally controlled resources for the purposes of this section unless that use is allowed under federal statute, regulation, or rule.

CHAPTER 186

An act to add Section 374.5 to the Penal Code, and to add Division 12.4 (commencing with Section 16050) to the Public Resources Code, relating to grease waste haulers.

[Approved by Governor August 28, 2006. Filed with Secretary of State August 28, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 374.5 is added to the Penal Code, to read:

374.5. (a) It is unlawful for any grease waste hauler to do either of the following:

(1) Reinsert, deposit, dump, place, release, or discharge into a grease trap, grease interceptor, manhole, cleanout, or other sanitary sewer appurtenance any materials that the hauler has removed from the grease trap or grease interceptor, or to cause those materials to be so handled.

(2) Cause or permit to be discharged in or on any waters of the state, or discharged in or deposited where it is, or probably will be, discharged in or on any waters of the state, any materials that the hauler has removed from the grease trap or grease interceptor, or to cause those materials to be so handled.

(b) The prohibition in subdivision (a), as it pertains to reinsertion of material removed from a grease trap or grease interceptor, shall not apply to a grease waste hauler if all of the following conditions are met:

(1) The local sewer authority having jurisdiction over the pumping and disposal of the material specifically allows a registered grease waste hauler to obtain written approval for the reinsertion of decanted liquid.

(2) The local sewer authority has determined that, if reinsertion is allowed, it is feasible to enforce local discharge limits for fats, oil, and grease, if any, and other local requirements for best management or operating practices, if any.

(3) The grease waste hauler is registered pursuant to Section 19310 of the Food and Agricultural Code.

(4) The registered grease waste hauler demonstrates to the satisfaction of the local sewer authority all of the following:

(A) It will use equipment that will adequately separate the water from the grease waste and solids in the material so as to comply with applicable regulations.

(B) Its employees are adequately trained in the use of that equipment.

(5) The registered grease waste hauler demonstrates both of the following:

(A) It has informed the managerial personnel of the owner or operator of the grease trap or interceptor, in writing, that the grease waste hauler may reinsert the decanted materials, unless the owner or operator objects to the reinsertion.

(B) The owner or operator has not objected to the reinsertion of the decanted materials. If the owner or operator of the grease trap or interceptor objects to the reinsertion, no decanted material may be inserted in that grease trap or interceptor.

(c) A grease waste hauler shall not transport grease removed from a grease trap or grease interceptor in the same vehicle used for transporting other waste, including, but not limited to, yellow grease, cooking grease, recyclable cooking oil, septic waste, or fluids collected at car washes.

(d) For purposes of this section, a "grease waste hauler" is a transporter of inedible kitchen grease subject to registration requirements pursuant to Section 19310 of the Food and Agricultural Code.

CHAPTER 188

An act to amend Sections 1365, 1365.2.5, and 1365.5 of, and to add Section 1365.6 to, the Civil Code, relating to common interest developments.

[Approved by Governor August 28, 2006. Filed with
Secretary of State August 28, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 1365 of the Civil Code is amended to read:

1365. Unless the governing documents impose more stringent standards, the association shall prepare and distribute to all of its members the following documents:

(a) A pro forma operating budget, which shall include all of the following:

(1) The estimated revenue and expenses on an accrual basis.

(2) A summary of the association's reserves based upon the most recent review or study conducted pursuant to Section 1365.5, based only on assets held in cash or cash equivalents, which shall be printed in boldface type and include all of the following:

(A) The current estimated replacement cost, estimated remaining life, and estimated useful life of each major component.

(B) As of the end of the fiscal year for which the study is prepared:

(i) The current estimate of the amount of cash reserves necessary to repair, replace, restore, or maintain the major components.

(ii) The current amount of accumulated cash reserves actually set aside to repair, replace, restore, or maintain major components.

(iii) If applicable, the amount of funds received from either a compensatory damage award or settlement to an association from any person or entity for injuries to property, real or personal, arising out of any construction or design defects, and the expenditure or disposition of funds, including the amounts expended for the direct and indirect costs of repair of construction or design defects. These amounts shall be reported at the end of the fiscal year for which the study is prepared as separate line items under cash reserves pursuant to clause (ii). Instead of complying with the requirements set forth in this clause, an association that is obligated to issue a review of their financial statement pursuant to subdivision (b) may include in the review a statement containing all of the information required by this clause.

(C) The percentage that the amount determined for purposes of clause (ii) of subparagraph (B) equals the amount determined for purposes of clause (i) of subparagraph (B).

(D) The current deficiency in reserve funding expressed on a per unit basis. The figure shall be calculated by subtracting the amount determined for purposes of clause (ii) of subparagraph (B) from the amount determined for purposes of clause (i) of subparagraph (B) and then dividing the result by the number of separate interests within the

association, except that if assessments vary by the size or type of ownership interest, then the association shall calculate the current deficiency in a manner that reflects the variation.

(3) A statement as to all of the following:

(A) Whether the board of directors of the association has determined to defer or not undertake repairs or replacement of any major component with a remaining life of 30 years or less, including a justification for the deferral or decision not to undertake the repairs or replacement.

(B) Whether the board of directors of the association, consistent with the reserve funding plan adopted pursuant to subdivision (e) of Section 1365.5, has determined or anticipates that the levy of one or more special assessments will be required to repair, replace, or restore any major component or to provide adequate reserves therefor. If so, the statement shall also set out the estimated amount, commencement date, and duration of the assessment.

(C) The mechanism or mechanisms by which the board of directors will fund reserves to repair or replace major components, including assessments, borrowing, use of other assets, deferral of selected replacements or repairs, or alternative mechanisms.

(D) Whether the association has any outstanding loans with an original term of more than one year, including the payee, interest rate, amount outstanding, annual payment, and when the loan is scheduled to be retired.

(4) A general statement addressing the procedures used for the calculation and establishment of those reserves to defray the future repair, replacement, or additions to those major components that the association is obligated to maintain. The report shall include, but need not be limited to, reserve calculations made using the formula described in paragraph (4) of subdivision (b) of Section 1365.2.5, and may not assume a rate of return on cash reserves in excess of 2 percent above the discount rate published by the Federal Reserve Bank of San Francisco at the time the calculation was made.

The summary of the association's reserves disclosed pursuant to paragraph (2) shall not be admissible in evidence to show improper financial management of an association, provided that other relevant and competent evidence of the financial condition of the association is not made inadmissible by this provision.

Notwithstanding a contrary provision in the governing documents, a copy of the operating budget shall be annually distributed not less than 30 days nor more than 90 days prior to the beginning of the association's fiscal year.

(b) Commencing January 1, 2009, a summary of the reserve funding plan adopted by the board of directors of the association, as specified in

paragraph (4) of subdivision (e) of Section 1365.5. The summary shall include notice to members that the full reserve study plan is available upon request, and the association shall provide the full reserve plan to any member upon request.

(c) A review of the financial statement of the association shall be prepared in accordance with generally accepted accounting principles by a licensee of the California Board of Accountancy for any fiscal year in which the gross income to the association exceeds seventy-five thousand dollars ($75,000). A copy of the review of the financial statement shall be distributed within 120 days after the close of each fiscal year.

(d) Instead of the distribution of the pro forma operating budget required by subdivision (a), the board of directors may elect to distribute a summary of the pro forma operating budget to all of its members with a written notice that the pro forma operating budget is available at the business office of the association or at another suitable location within the boundaries of the development, and that copies will be provided upon request and at the expense of the association. If any member requests that a copy of the pro forma operating budget required by subdivision (a) be mailed to the member, the association shall provide the copy to the member by first-class United States mail at the expense of the association and delivered within five days. The written notice that is distributed to each of the association members shall be in at least 10-point boldface type on the front page of the summary of the budget.

(e) A statement describing the association's policies and practices in enforcing lien rights or other legal remedies for default in payment of its assessments against its members shall be annually delivered to the members not less than 30 days nor more than 90 days immediately preceding the beginning of the association's fiscal year.

(f) (1) A summary of the association's property, general liability, earthquake, flood, and fidelity insurance policies, which shall be distributed not less than 30 days nor more than 90 days preceding the beginning of the association's fiscal year, that includes all of the following information about each policy:

(A) The name of the insurer.

(B) The type of insurance.

(C) The policy limits of the insurance.

(D) The amount of deductibles, if any.

(2) The association shall, as soon as reasonably practicable, notify its members by first-class mail if any of the policies described in paragraph (1) have lapsed, been canceled, and are not immediately renewed, restored, or replaced, or if there is a significant change, such as a reduction in coverage or limits or an increase in the deductible, as to any

of those policies. If the association receives any notice of nonrenewal of a policy described in paragraph (1), the association shall immediately notify its members if replacement coverage will not be in effect by the date the existing coverage will lapse.

(3) To the extent that any of the information required to be disclosed pursuant to paragraph (1) is specified in the insurance policy declaration page, the association may meet its obligation to disclose that information by making copies of that page and distributing it to all of its members.

(4) The summary distributed pursuant to paragraph (1) shall contain, in at least 10-point boldface type, the following statement: "This summary of the association's policies of insurance provides only certain information, as required by subdivision (f) of Section 1365 of the Civil Code, and should not be considered a substitute for the complete policy terms and conditions contained in the actual policies of insurance. Any association member may, upon request and provision of reasonable notice, review the association's insurance policies and, upon request and payment of reasonable duplication charges, obtain copies of those policies. Although the association maintains the policies of insurance specified in this summary, the association's policies of insurance may not cover your property, including personal property or, real property improvements to or around your dwelling, or personal injuries or other losses that occur within or around your dwelling. Even if a loss is covered, you may nevertheless be responsible for paying all or a portion of any deductible that applies. Association members should consult with their individual insurance broker or agent for appropriate additional coverage."

SEC. 2. Section 1365.2.5 of the Civil Code is amended to read:

1365.2.5. (a) The disclosures required by this article with regard to an association or a property shall be summarized on the following form:

Assessment and Reserve Funding Disclosure Summary

(1) The current regular assessment per ownership interest is $_____ per ____. Note: If assessments vary by the size or type of ownership interest, the assessment applicable to this ownership interest may be found on page _____ of the attached summary.

(2) Additional regular or special assessments that have already been scheduled to be imposed or charged, regardless of the purpose, if they have been approved by the board and/or members:

Date assessment will be due:	Amount per ownership interest per month or year (If assessments are variable, see note immediately below):	Purpose of the assessment:
	Total:	

Note: If assessments vary by the size or type of ownership interest, the assessment applicable to this ownership interest may be found on page ____ of the attached report.

(3) Based upon the most recent reserve study and other information available to the board of directors, will currently projected reserve account balances be sufficient at the end of each year to meet the association's obligation for repair and/or replacement of major components during the next 30 years?

Yes _____ No _____

(4) If the answer to (3) is no, what additional assessments or other contributions to reserves would be necessary to ensure that sufficient reserve funds will be available each year during the next 30 years that have not yet been approved by the board or the members?

Approximate date assessment will be due:	Amount per ownership interest per month or year:
	Total:

(5) All major components are included in the reserve study and are included in its calculations.

(6) Based on the method of calculation in paragraph (4) of subdivision (b) of Section 1365.2.5, the estimated amount required in the reserve fund at the end of the current fiscal year is $____, based in whole or in part on the last reserve study or update prepared by ____ as of ____ (month), ____

(year). The projected reserve fund cash balance at the end of the current fiscal year is $____, resulting in reserves being ____ percent funded at this date. If an alternate, but generally accepted, method of calculation is also used, the required reserve amount is $____. (See attached explanation)

(7) Based on the method of calculation in paragraph (4) of subdivision (b) of Section 1365.2.5 of the Civil Code, the estimated amount required in the reserve fund at the end of each of the next five budget years is $_____, and the projected reserve fund cash balance in each of those years, taking into account only assessments already approved and other known revenues, is $_____, leaving the reserve at _____ percent funding. If the reserve funding plan approved by the association is implemented, the projected reserve fund cash balance in each of those years will be $_____, leaving the reserve at _____ percent funding.

Note: The financial representations set forth in this summary are based on the best estimates of the preparer at that time. The estimates are subject to change.

(b) For the purposes of preparing a summary pursuant to this section:

(1) "Estimated remaining useful life" means the time reasonably calculated to remain before a major component will require replacement.

(2) "Major component" has the meaning used in Section 1365.5. Components with an estimated remaining useful life of more than 30 years may be included in a study as a capital asset or disregarded from the reserve calculation, so long as the decision is revealed in the reserve study report and reported in the Assessment and Reserve Funding Disclosure Summary.

(3) The form set out in subdivision (a) shall accompany each pro forma operating budget or summary thereof that is delivered pursuant to this article. The form may be supplemented or modified to clarify the information delivered, so long as the minimum information set out in subdivision (a) is provided.

(4) For the purpose of the report and summary, the amount of reserves needed to be accumulated for a component at a given time shall be computed as the current cost of replacement or repair multiplied by the number of years the component has been in service divided by the useful life of the component. This shall not be construed to require the board to fund reserves in accordance with this calculation.

SEC. 3. Section 1365.5 of the Civil Code is amended to read:

1365.5. (a) Unless the governing documents impose more stringent standards, the board of directors of the association shall do all of the following:

(1) Review a current reconciliation of the association's operating accounts on at least a quarterly basis.

(2) Review a current reconciliation of the association's reserve accounts on at least a quarterly basis.

(3) Review, on at least a quarterly basis, the current year's actual reserve revenues and expenses compared to the current year's budget.

(4) Review the latest account statements prepared by the financial institutions where the association has its operating and reserve accounts.

(5) Review an income and expense statement for the association's operating and reserve accounts on at least a quarterly basis.

(b) The signatures of at least two persons, who shall be members of the association's board of directors, or one officer who is not a member of the board of directors and a member of the board of directors, shall be required for the withdrawal of moneys from the association's reserve accounts.

(c) (1) The board of directors shall not expend funds designated as reserve funds for any purpose other than the repair, restoration, replacement, or maintenance of, or litigation involving the repair, restoration, replacement, or maintenance of, major components that the association is obligated to repair, restore, replace, or maintain and for which the reserve fund was established.

(2) However, the board may authorize the temporary transfer of moneys from a reserve fund to the association's general operating fund to meet short-term cashflow requirements or other expenses, if the board has provided notice of the intent to consider the transfer in a notice of meeting, which shall be provided as specified in Section 1363.05. The notice shall include the reasons the transfer is needed, some of the options for repayment, and whether a special assessment may be considered. If the board authorizes the transfer, the board shall issue a written finding, recorded in the board's minutes, explaining the reasons that the transfer is needed, and describing when and how the moneys will be repaid to the reserve fund. The transferred funds shall be restored to the reserve fund within one year of the date of the initial transfer, except that the board may, after giving the same notice required for considering a transfer, and, upon making a finding supported by documentation that a temporary delay would be in the best interests of the common interest development, temporarily delay the restoration. The board shall exercise prudent fiscal management in maintaining the integrity of the reserve account, and shall, if necessary, levy a special assessment to recover the full amount of the expended funds within the time limits required by this section. This special assessment is subject to the limitation imposed by Section 1366. The board may, at its discretion, extend the date the payment on the special assessment is due. Any extension shall not prevent

the board from pursuing any legal remedy to enforce the collection of an unpaid special assessment.

(d) When the decision is made to use reserve funds or to temporarily transfer moneys from the reserve fund to pay for litigation, the association shall notify the members of the association of that decision in the next available mailing to all members pursuant to Section 5016 of the Corporations Code, and of the availability of an accounting of those expenses. Unless the governing documents impose more stringent standards, the association shall make an accounting of expenses related to the litigation on at least a quarterly basis. The accounting shall be made available for inspection by members of the association at the association's office.

(e) At least once every three years, the board of directors shall cause to be conducted a reasonably competent and diligent visual inspection of the accessible areas of the major components that the association is obligated to repair, replace, restore, or maintain as part of a study of the reserve account requirements of the common interest development, if the current replacement value of the major components is equal to or greater than one-half of the gross budget of the association, excluding the association's reserve account for that period. The board shall review this study, or cause it to be reviewed, annually and shall consider and implement necessary adjustments to the board's analysis of the reserve account requirements as a result of that review.

The study required by this subdivision shall at a minimum include:

(1) Identification of the major components that the association is obligated to repair, replace, restore, or maintain that, as of the date of the study, have a remaining useful life of less than 30 years.

(2) Identification of the probable remaining useful life of the components identified in paragraph (1) as of the date of the study.

(3) An estimate of the cost of repair, replacement, restoration, or maintenance of the components identified in paragraph (1).

(4) An estimate of the total annual contribution necessary to defray the cost to repair, replace, restore, or maintain the components identified in paragraph (1) during and at the end of their useful life, after subtracting total reserve funds as of the date of the study.

(5) A reserve funding plan that indicates how the association plans to fund the contribution identified in paragraph (4) to meet the association's obligation for the repair and replacement of all major components with an expected remaining life of 30 years or less, not including those components that the board has determined will not be replaced or repaired. The plan shall include a schedule of the date and amount of any change in regular or special assessments that would be needed to sufficiently fund the reserve funding plan. The plan shall be

adopted by the board of directors at an open meeting before the membership of the association as described in Section 1363.05. If the board of directors determines that an assessment increase is necessary to fund the reserve funding plan, any increase shall be approved in a separate action of the board that is consistent with the procedure described in Section 1366.

(f) As used in this section, "reserve accounts" means both of the following:

(1) Moneys that the association's board of directors has identified for use to defray the future repair or replacement of, or additions to, those major components that the association is obligated to maintain.

(2) The funds received, and not yet expended or disposed of, from either a compensatory damage award or settlement to an association from any person or entity for injuries to property, real or personal, arising from any construction or design defects. These funds shall be separately itemized from funds described in paragraph (1).

(g) As used in this section, "reserve account requirements" means the estimated funds that the association's board of directors has determined are required to be available at a specified point in time to repair, replace, or restore those major components that the association is obligated to maintain.

(h) This section does not apply to an association that does not have a "common area" as defined in Section 1351.

SEC. 4. Section 1365.6 is added to the Civil Code, to read:

1365.6. Notwithstanding any other law, and regardless of whether an association is a corporation, as defined in Section 162 of the Corporations Code, the provisions of Section 310 of the Corporations Code shall apply to any contract or other transaction authorized, approved, or ratified by the board or a committee of the board.

(4) Determine how there is a reasonable relationship between the need for the public facility and the type of development project on which the fee is imposed.

(b) In any action imposing a fee as a condition of approval of a development project by a local agency, the local agency shall determine how there is a reasonable relationship between the amount of the fee and the cost of the public facility or portion of the public facility attributable to the development on which the fee is imposed.

(c) Upon receipt of a fee subject to this section, the local agency shall deposit, invest, account for, and expend the fees pursuant to Section 66006.

(d) (1) For the fifth fiscal year following the first deposit into the account or fund, and every five years thereafter, the local agency shall make all of the following findings with respect to that portion of the account or fund remaining unexpended, whether committed or uncommitted:

(A) Identify the purpose to which the fee is to be put.

(B) Demonstrate a reasonable relationship between the fee and the purpose for which it is charged.

(C) Identify all sources and amounts of funding anticipated to complete financing in incomplete improvements identified in paragraph (2) of subdivision (a).

(D) Designate the approximate dates on which the funding referred to in subparagraph (C) is expected to be deposited into the appropriate account or fund.

(2) When findings are required by this subdivision, they shall be made in connection with the public information required by subdivision (b) of Section 66006. The findings required by this subdivision need only be made for moneys in possession of the local agency, and need not be made with respect to letters of credit, bonds, or other instruments taken to secure payment of the fee at a future date. If the findings are not made as required by this subdivision, the local agency shall refund the moneys in the account or fund as provided in subdivision (e).

(e) Except as provided in subdivision (f), when sufficient funds have been collected, as determined pursuant to subparagraph (F) of paragraph (1) of subdivision (b) of Section 66006, to complete financing on incomplete public improvements identified in paragraph (2) of subdivision (a), and the public improvements remain incomplete, the local agency shall identify, within 180 days of the determination that sufficient funds have been collected, an approximate date by which the construction of the public improvement will be commenced, or shall refund to the then current record owner or owners of the lots or units, as identified on the last equalized assessment roll, of the development project or projects on a prorated basis, the unexpended portion of the fee, and any interest accrued thereon. By means consistent with the intent of this section, a local agency may refund the unexpended revenues by direct payment, by providing a temporary suspension of fees, or by any other reasonable means. The determination by the governing body of the local agency of the means by which those revenues are to be refunded is a legislative act.

(f) If the administrative costs of refunding unexpended revenues pursuant to subdivision (e) exceed the amount to be refunded, the local agency, after a public hearing, notice of which has been published pursuant to Section 6061 and posted in three prominent places within the area of the development project, may determine that the revenues shall be allocated for some other purpose for which fees are collected subject to this chapter and which serves the project on which the fee was originally imposed.

(g) A fee shall not include the costs attributable to existing deficiencies in public facilities, but may include the costs attributable to the increased demand for public facilities reasonably related to the development project in order to (1) refurbish existing facilities to maintain the existing level of service or (2) achieve an adopted level of service that is consistent with the general plan.

SEC. 2. It is the intent of the Legislature in adding subdivision (g) to Section 66001 of the Government Code to codify the holdings of Bixel Associates v. City of Los Angeles (1989) 216 Cal.App.3d 1208; Rohn v. City of Visalia (1989) 214 Cal.App.3d 1463; and Shapell Industries, Inc. v. Governing Board (1991) 1 Cal.App.4th 218. It is further the intent of the Legislature in adding subdivision (g) to Section 66001 of the Government Code to reiterate the requirement that there must be a reasonable relationship between the amount of the fee and the cost of the public facility or portion of the public facility attributable to the development project upon which the fee is imposed. Subdivision (g) of Section 66001 of the Government Code shall not be interpreted as changing or in any way affecting the requirements of either subdivision (a) or (b) of that section.

CHAPTER 195

The people of the State of California do enact as follows:

SECTION 1. Section 38504.1 is added to the Vehicle Code, to read:

38504.1. (a) Neither a parent or guardian of a child who is under 14 years of age, nor an adult who is authorized by the parent or guardian to supervise that child shall grant permission to, or knowingly allow,

that child to operate an all-terrain vehicle in a manner that violates Section 38504.

(b) A person convicted of a violation of subdivision (a) is punishable as follows:

(1) For a first conviction, the court shall either impose a fine of one hundred twenty-five dollars ($125) or order the person to take or retake and complete an all-terrain vehicle safety training course pursuant to Section 38501. If ordered to take or retake and complete the safety training course, the person shall provide the court a copy of the all-terrain vehicles safety certificate issued as a result of that completion.

SEC. 2. Section 38504.2 is added to the Vehicle Code, to read:

38504.2. If a person under 14 years of age was not properly supervised or accompanied in accordance with Section 38504, and the parent or guardian of that child or the adult who was authorized by the parent or guardian to supervise or accompany that child is in violation of Section 38504.1, upon a conviction pursuant to Section 38504, the court may order that child to attend and complete the all-terrain vehicle safety training course accompanied by the person who violated Section 38504.1. If so ordered, the child under 14 years of age shall provide the court a copy of the all-terrain vehicles safety certificate issued as a result of that completion.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 196

An act to amend Sections 116.5, 12800, and 12830 of the Insurance Code, relating to service contracts.

[Approved by Governor August 28, 2006. Filed with Secretary of State August 28, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 116.5 of the Insurance Code is amended to read:

116.5. An express warranty warranting a motor vehicle lubricant, treatment, fluid, or additive that covers incidental or consequential damage resulting from a failure of the lubricant, treatment, fluid, or additive, shall constitute automobile insurance, unless all of the following requirements are met:

(a) The obligor is the primary manufacturer of the product. For the purpose of this section, "manufacturer" means a person who can prove clearly and convincingly that the per unit cost of owned or leased capital goods, including the factory, used to produce the product, plus the per unit cost of nonsubcontracted labor used to produce the product, exceeds twice the per unit cost of raw materials used to produce the product. "Manufacturer" also means a person who has formulated or produced, and continuously offered in this state for more than nine years, a motor vehicle lubricant, treatment, fluid, or additive.

(b) The commissioner has issued a written determination that the obligor is a manufacturer as defined in subdivision (a). An obligor shall provide the commissioner with all information, documents, and affidavits reasonably necessary for this determination to be made. Approval by the commissioner shall be obtained prior to January 1, 2004, or prior to the issuance of a warranty subject to this section, whichever is later. If the commissioner determines that the obligor is not a manufacturer, the obligor may obtain a hearing in accordance with Chapter 4.5 (commencing with Section 11400) of Part 1 of Division 3 of Title 2 of the Government Code.

(c) The agreement covers only damage incurred while the product was in the vehicle.

(d) The agreement is provided automatically with the product at no extra charge.

SEC. 2. Section 12800 of the Insurance Code is amended to read:

12800. The following definitions apply for purposes of this part:

(a) "Motor vehicle" means a self-propelled device operated solely or primarily upon land and may include both self-propelled motor homes or recreational vehicles, non-self-propelled camping and recreational trailers, off-road vehicles, and trailers designed to transport off-road vehicles. However, "motor vehicle" shall not include a self-propelled vehicle, or a component part of such a vehicle, that has any of the following characteristics:

(1) Has a gross vehicle weight rating of 30,000 pounds or more, and is not a recreational vehicle as defined by Section 18010 of the Health and Safety Code.

(2) Is designed to transport more than 15 passengers, including the driver.

(3) Is used in the transportation of materials considered hazardous pursuant to the Hazardous Materials Transportation Act (49 U.S.C. Sec. 5101 et seq.), as amended.

(b) "Watercraft" means a vessel, as defined in Section 21 of the Harbors and Navigation Code, and may include any non-self-propelled trailer used to transport such watercraft upon land.

(c) "Vehicle service contract" means a contract or agreement for a separately stated consideration and for a specific duration to repair, replace, or maintain a motor vehicle or watercraft, or to indemnify for the repair, replacement, or maintenance of a motor vehicle or watercraft, necessitated by an operational or structural failure due to a defect in materials or workmanship, or due to normal wear and tear. A vehicle service contract may also provide for the incidental payment of indemnity under limited circumstances only in the form of the following additional benefits: coverage for towing, substitute transportation, emergency road service, rental car reimbursement, road hazard protection, reimbursement of deductible amounts under a manufacturer's warranty, and reimbursement for travel, lodging, or meals. "Vehicle service contract" also includes an agreement, for separately stated consideration, that promises repairs at a discount to the purchaser for any combination of parts and labor in excess of 20 percent.

(d) "Service contract administrator" or "administrator" means any person, other than an obligor, who performs or arranges, directly or indirectly, the collection, maintenance, or disbursement of moneys to compensate any party for claims or repairs pursuant to a vehicle service contract, and who also performs or arranges, directly or indirectly, any of the following activities with respect to vehicle service contracts in which a seller located within this state is the obligor:

(1) Providing sellers with service contract forms.

(2) Participating in the adjustment of claims arising from service contracts.

(e) "Purchaser" means any person who purchases a vehicle service contract from a seller.

(f) "Seller" means either of the following:

(1) With respect to motor vehicles, a dealer or lessor-retailer licensed in one of those capacities by the Department of Motor Vehicles and who sells vehicle service contracts incidental to his or her business of selling or leasing motor vehicles.

(2) With respect to watercraft, a person who sells vehicle service contracts incidental to that person's business of selling or leasing watercraft vehicles.

(g) "Obligor" means the entity legally obligated under the terms of a service contract.

SEC. 3. Section 12830 of the Insurance Code is amended to read:

12830. (a) Prior to incurring an obligation under a vehicle service contract, an obligor shall file with the commissioner, to the attention of the legal division, and receive the commissioner's approval to use, a copy of an insurance policy covering 100 percent of the obligor's vehicle service contract obligations. The policy must be issued by an insurer admitted in this state and authorized by the commissioner to issue that insurance in this state. The policy may also be issued by a risk retention group, as that term is defined in 15 U.S.C. Sec. 3901(a)(4), as long as that risk retention group is in full compliance with the federal Liability Risk Retention Act of 1986 (15 U.S.C. Sec. 3901 and following), is in good standing in its domiciliary jurisdiction, and has registered with the commissioner pursuant to Chapter 1.5 (commencing with Section 125) of Part 1 of Division 1. The insurance required by this subdivision shall be subject to the following:

(1) The insurer or risk retention group shall, at the time the policy is filed with the commissioner, and continuously thereafter, be rated "B++" or better by A. M. Best Company, Inc., maintain surplus as to policyholders and paid-in capital of at least fifteen million dollars ($15,000,000), and annually file audited financial statements with the commissioner.

(2) The commissioner may authorize an insurer or risk retention group that has surplus as to policyholders and paid-in capital of less than fifteen million dollars ($15,000,000) but at least equal to ten million dollars ($10,000,000) to issue the insurance required by this paragraph if the insurer or risk retention group demonstrates to the satisfaction of the commissioner that the company maintains a ratio of direct written premiums, wherever written, to surplus as to policyholders and paid-in capital of not more than 3 to 1.

(3) An obligor required to maintain insurance pursuant to this paragraph who is an affiliate of a distributor of new motor vehicles licensed as such in any state prior to January 1, 2003, and continuously thereafter, is exempt from the requirement that its insurer or risk retention group satisfy the rating, surplus, and paid-in capital requirements of paragraph (1). This exemption shall apply only if the distributor sold or distributed at least 25,000 new motor vehicles to licensed dealers in the preceding five years. For the purpose of this paragraph, "affiliate" has the meaning set forth in subdivision (a) of Section 1215.

(b) An insurance policy filed with the commissioner pursuant to subdivision (a) shall state the name of the obligor. The policy shall provide that all purchasers of vehicle service contracts shall be entitled to satisfaction by the insurer of any and all obligations arising under vehicle service contracts of the named obligor, upon the existence of all of the following conditions and no others:

(1) The service contract obligor refuses or fails to satisfy an obligation arising under the vehicle service contract within 60 days of the date the purchaser submits proof of loss to the obligor.

(2) The purchaser provides written notice to the insurer that the obligor has failed to comply with an obligation under the vehicle service contract.

(3) The purchaser possesses a vehicle service contract sold after the inception and prior to any cancellation of the insurance policy required by subdivision (a), and the vehicle service contract recites the name of the obligor that is insured by the policy as the obligor of the service contract.

(c) An insurer's liability under a policy filed pursuant to subdivision (a) shall not be negated by any failure of the seller, an administrator, the obligor, or agents of any of these persons, to report the issuance of a vehicle service contract or to remit moneys to another person pursuant to a contractual agreement. The policy must state that the insurer is deemed to have received the premium for the policy upon payment by the purchaser for a vehicle service contract insured by that policy.

(d) An obligor may have on file with the commissioner only one active policy from one insurer at any time.

(e) No policy cancellation by an insurer shall be valid unless a notice of the intent to cancel the policy was filed with the commissioner 30 days prior to the effective date of the cancellation, or 10 days prior in the event that the cancellation is due to fraud, material misrepresentation, or defalcation by the obligor or its administrator, if any.

CHAPTER 197

[Approved by Governor August 28, 2006. Filed with Secretary of State August 28, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 53395.85 is added to the Government Code, to read:

53395.85. If a city that is a member of the Orangeline Development Authority establishes an infrastructure financing district pursuant to this chapter for the purpose of providing funding for public transit facilities, that city may provide some or all of this funding to the Orangeline Development Authority for the purposes of furthering public transit facilities within the jurisdiction of the authority, including facilities related to magnetic levitation.

SEC. 2. Due to the unique circumstances concerning funding for the Orangeline Development Authority, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution. Therefore, the special legislation contained within Section 1 of this act is necessarily applicable only to the Orangeline Development Authority.

A satellite or cable television corporation may conduct electronic sweeps of subscriber households to monitor for signal quality.

(2) Provide any person with any individually identifiable information regarding any of its subscribers, including, but not limited to, the subscriber's television viewing habits, shopping choices, interests, opinions, energy uses, medical information, banking data or information,

or any other personal or private information, without the subscriber's express written consent.

(b) Individual subscriber viewing responses or other individually identifiable information derived from subscribers may be retained and used by a satellite or cable television corporation only to the extent reasonably necessary for billing purposes and internal business practices, and to monitor for unauthorized reception of services. 247.1. (a) The Mobile Telecommunications Sourcing Act (P.L. 106-252) was enacted for the purpose of establishing nationwide uniform sourcing rules for the imposition of state and local taxes, fees, and surcharges on mobile telecommunications services. In order to establish a single, uniform sourcing rule, the federal act partially preempted state and local law imposing taxes, fees, and surcharges on a mobile telecommunications services customer whose place of primary use is

outside of the state in which the state and local taxes, fees, or surcharges are imposed.

(b) In accordance with the Mobile Telecommunications Sourcing Act, which is incorporated herein by reference, and notwithstanding Sections 280, 431, 739.3, 879, and 2881, the surcharges or fees under these sections do not apply to any charges for mobile telecommunications services billed to a customer where those services are provided, or deemed provided, to a customer whose place of primary use is outside this state. Mobile telecommunications services shall be deemed provided by a customer's home service provider to the customer if those services are provided in a taxing jurisdiction to the customer, and the charges for those services are billed by or for the customer's home service provider.

(c) For purposes of this section:

(1) "Charges for mobile telecommunications services" means any charge for, or associated with, the provision of commercial mobile radio service, as defined in Section 216.8, or any charge for, or associated with, a service provided as an adjunct to a commercial mobile radio service, that is billed to the customer by or for the customer's home service provider, regardless of whether individual transmissions originate or terminate within the licensed service area of a home service provider.

(2) "Customer" means either (A) the person or entity that contracts with the home service provider for mobile telecommunications services, or (B) if the end user of mobile telecommunications services is not the contracting party, the end user of the mobile telecommunications service. This paragraph applies only for the purpose of determining the place of primary use. The term "customer" does not include either (A) a reseller of mobile telecommunications service, or (B) a serving carrier under an arrangement to serve the customer outside the home service provider's licensed service area.

(3) "Home service provider" means the facilities-based carrier or reseller with which the customer contracts for the provision of mobile telecommunications services.

(4) "Licensed service area" means the geographic area in which the home service provider is authorized by law or contract to provide commercial mobile radio service to the customer.

(5) "Mobile telecommunications service" means commercial mobile radio service, as defined in Section 216.8.

(6) "Place of primary use" means the street address representative of where the customer's use of the mobile telecommunications service primarily occurs, that must be:

(A) The residential street address or the primary business street address of the customer.

(B) Within the licensed area of the home service provider.

(7) (A) "Reseller" means a provider who purchases telecommunications services from another telecommunications service provider and then resells the services, or uses the services as a component part of, or integrates the purchased services into a mobile telecommunications service.

(B) "Reseller" does not include a serving carrier with which a home service provider arranges for the services to its customers outside the home service provider's licensed service area.

(8) "Serving carrier" means a facilities-based carrier providing mobile telecommunications service to a customer outside a home service provider's or reseller's licensed area.

(9) "Taxing jurisdiction" means any of the several states, the District of Columbia, or any territory or possession of the United States, any municipality, city, county, township, parish, transportation district, or assessment jurisdiction, or any other political subdivision within the territorial limits of the United States with the authority to impose a tax, charge, or fee.

SEC. 14. Section 490 of the Public Utilities Code is amended to read:

490. (a) The commission may from time to time determine and prescribe by order changes in the form of the schedules referred to in this article as it finds expedient, and may modify the requirements of any of its orders or rules in respect to any matter referred to in this article.

(b) If the rates for any commercial mobile radio service are not subject to regulation by the commission as a result of federal law, then the commission may exempt the service from any tariff-filing requirement.

SEC. 15. Section 1013 of the Public Utilities Code is amended to read:

1013. (a) The commission may by rule or order, partially or completely exempt certain telecommunications services offered by telephone and telegraph corporations from the certification requirements of Section 1001 and instead subject them to registration as the commission may determine. Telephone corporations that the commission determines have monopoly power or market power in a relevant market or markets shall have a certificate of public convenience and necessity and shall not be eligible for designation as registered telephone corporations. A telephone corporation that has been found not to have monopoly power or market power in a relevant market or markets by the commission shall be eligible for registration subject to the approval of the commission. A telephone corporation operating in this state shall either have a certificate of public convenience and necessity or be registered under this section or be a telephone corporation authorized to operate in California without a certificate of public convenience and necessity.

(b) Registered telephone corporations qualifying under this section shall maintain an active registration with the commission at all times and comply with commission rules and regulations established for registered telephone corporations qualifying under this section.

(c) The registration of registered telephone corporations qualifying under this section shall be on a form prescribed by the commission and shall contain any information the commission may by rule or order require, but shall include as a minimum the name and address of the telephone corporation's registered agent, if any, the name, address, and title of each officer or director, and a description of the telecommunications services it offers or intends to offer.

(d) Prior to designating any telephone corporation for registration status, the commission shall adopt rules to do both of the following:

(1) Verify the financial viability of the corporation.

(2) Verify that the officers of the corporation have no prior history of committing fraud on the public.

(e) The commission shall require as a precondition to registration the procurement of a performance bond sufficient to cover taxes or fees, or both, collected from customers and held for remittance and advances or deposits the telecommunications company may collect from its customers, or order that those advances or deposits be held in escrow or trust.

(f) The commission may, with or without a hearing, grant a telephone corporation registration status and an exemption from the certification requirements of Section 1001. However, upon timely application, any person entitled to be heard may file a protest on whether a telephone corporation should be eligible for registration status and the granting of an exemption from the certification requirement of Section 1001. Upon a determination that the protest has presented a prima facie case that a telephone corporation should not be granted registration status and an exemption from Section 1001, a hearing shall be held.

(g) The commission, after notice and a hearing if requested, may cancel, revoke, or suspend the registration of any telephone corporation upon any of the following grounds:

(1) The corporation does not provide the information required by this article.

(2) The corporation fails to provide or maintain a performance bond.

(3) The corporation conducts any illegal telephone operations.

(4) The corporation violates any of the applicable provisions of this code or of any regulations issued thereunder.

(5) The corporation violates any order, decision, rule, regulation, direction, demand, or requirement established by the commission under this code.

(6) The corporation fails to pay any fee or fine imposed upon the utility under this code.

(7) The corporation files a false statement to the commission.

(8) The corporation knowingly defrauds a customer.

(h) As an alternative to the cancellation, revocation, or suspension of a registration, the commission, after notice and a hearing, may impose upon the holder of the registration a fine in an amount not to exceed twenty thousand dollars ($20,000) for each offense, and order reparations and restitution to customers for each offense.

(i) Every violation of this section or any part of any order, decision, decree, rule, direction, demand, or requirement of the commission, by any telephone corporation or person is a separate and distinct offense, and in case of a continuing violation each day's continuance thereof shall be a separate and distinct offense.

(j) In construing and enforcing this section relating to penalties, the act, omission, or failure of any officer, agent, or employee of any registered telephone corporation qualifying under this section acting within the scope of his or her official duties or employment, shall in every case be the act, omission, or failure of the corporation. The commission may assess interest to commence upon the day the payment is delinquent. All fines, assessments, and interest collected shall be deposited at least once each month in the General Fund.

(k) Actions to enforce the decision of the commission ordering the payment of fines, reparations, or restitution under this section shall be brought in the name of the people of the State of California, in the superior court of the county, or city and county, in which the corporation complained of, if any, has its principal place of business, or in which the person, if any, complained of, resides or in which the commission has offices. The enforcement of a commission decision or order under this section shall be commenced and prosecuted to final judgment by the attorney of the commission.

(*l*) The provisions of this section do not apply to commercial mobile radio service.

SEC. 16. Section 2883 of the Public Utilities Code is amended to read:

(a) All local telephone corporations, excluding providers of mobile telephony service and mobile satellite telephone service, as defined in Section 224.4, shall, to the extent permitted by existing technology or facilities, provide every existing and newly installed residential telephone connection with access to "911" emergency service regardless of whether an account has been established.

(b) The commission shall prohibit any corporation from terminating access to the services described in subdivision (a) for nonpayment of

any delinquent account or indebtedness owed by the subscriber to the telephone corporation. A subscriber and a telephone corporation may arrange payment schedules to regain full service.

(c) The commission shall require telephone corporations to inform subscribers of the availability of the services described in subdivision (a) in a manner determined by the commission.

(d) This section shall not be construed to relieve any person of an obligation to pay a debt owed to a telephone corporation.

(e) Nothing in this section shall require a local telephone corporation to provide "911" access pursuant to this section if doing so would preclude providing service to subscribers of residential telephone service.

SEC. 17. Section 2885.6 of the Public Utilities Code is amended to read:

2885.6. (a) The commission shall require mobile telephony service, as defined in Section 224.4, carriers to provide the commission, within six months of the effective date of the act that adds this section, and thereafter as requested by the commission, with information, as specified by the commission, concerning service quality and customer complaints.

(b) In addition to any other sanctions available, the commission shall have the authority to assess any and all of the following specific penalties for mobile telephony carrier noncompliance with commission rules, practices, and procedures respecting the filing of required periodic information and reports to the commission:

(1) The revocation or suspension, on an expedited basis, of temporary tariffing authority granted the carrier.

(2) The revocation or suspension, on an expedited basis, of other rate flexibility or promotional program authority granted the carrier.

(b) The commission shall require that those calls which are not completed shall not be charged more than 50 percent of the charge established for completed subscriber initiated calls.

(c) For purposes of this section, a call is not completed when it originates from the mobile telephony service handset and any of the following occurs:

(1) The terminating line is busy and the originator receives a busy signal.

(2) The terminating line does not answer and the originator receives an audible ring.

(3) No radios are available and the originator receives a reorder signal.

(4) The mobile telephony switching office cannot connect the call to the public network and the originator receives a reorder signal.

(5) The public network cannot complete the call to the terminating number and the originator receives a reorder signal.

SEC. 19. Section 2890.2 of the Public Utilities Code is amended to read:

2890.2. (a) A provider of mobile telephony services, as defined in Section 224.4, shall provide subscribers with a means by which a subscriber can obtain reasonably current and available information, as determined by the provider, on the subscriber's calling plan or plans and service usage, including roaming usage and charges.

(b) On or before January 1, 2007, a provider of mobile telephony services shall provide subscribers with a means by which a subscriber can obtain reasonably current and available information, as determined by the provider, on the subscriber's text messaging and Internet usage and charges.

(c) Each provider of mobile telephony services shall inform subscribers at the time service is established of the availability of the information described in subdivisions (a) and (b) and how it may be obtained.

SEC. 20. Section 2892 of the Public Utilities Code is amended to read:

"911" shall be the primary access number for those emergency systems. A provider of commercial mobile radio service, in accordance with all applicable Federal Communication Commission orders, shall transmit all "911" calls from technologically compatible commercial mobile radio service communication devices without requiring user validation or any similar procedure. A provider of commercial mobile radio service may not charge any airtime, access, or similar usage charge for any "911" call placed from a commercial mobile radio service telecommunications device to a local emergency telephone system.

(b) A "911" call from a commercial mobile radio service telecommunications device may be routed to a public safety answering

point other than the Department of the California Highway Patrol only if the alternate routing meets all of the following requirements:

(1) The "911" call originates from a location other than from a freeway, as defined in Section 23.5 of the Streets and Highways Code, under the jurisdiction of the Department of the California Highway Patrol.

(2) The alternate routing is economically and technologically feasible.

(3) The alternate routing will benefit public safety and reduce burdens on dispatchers for the Department of the California Highway Patrol.

(4) The Department of the California Highway Patrol, the Department of General Services, and the proposed alternate public safety answering point, in consultation with the wireless industry, providers of "911" selective routing service, and local law enforcement officials, determine that it is in the best interest of the public and will provide more effective emergency service to the public to route "911" calls that do not originate from a freeway, as defined in Section 23.5 of the Streets and Highways Code, under the jurisdiction of the Department of the California Highway Patrol to another public safety answering point.

SEC. 21. Section 2892.3 of the Public Utilities Code is amended to read:

(b) The commission shall request that the Federal Communications Commission grant authority for the commission to order telephone corporations to assign telephone numbers dedicated to mobile telephony service and mobile data service, as defined in Section 224.4, to a separate area code and to permit seven digit dialing within that technology-specific area code and the underlying preexisting area code or codes.

(c) Before approving any new area code, the commission shall first perform a telephone utilization study and implement all reasonable telephone number conservation measures.

(d) If the commission receives the grant of authority set forth in subdivision (b) and determines that further area code relief is needed, the commission shall exercise the authority granted to it in subdivision (b) unless it finds at least one of the following:

grounds for the suspension or revocation of a California real estate license, if the action of denial, revocation, or suspension by the other agency or entity was taken only after giving the licensee or applicant fair notice of the charges, an opportunity for a hearing, and other due process protections comparable to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340), Chapter 4 (commencing with Section 11370), and Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code), and only upon an express finding of a violation of law by the agency or entity.

(d) Persons suspended or barred under this section are prohibited from participating in any business activity of a licensed finance lender and from engaging in any business activity on the premises where a licensed finance lender is conducting its business. CHAPTER 202

An act to amend Sections 1632, 1923.2, and 1923.5 of the Civil Code, relating to reverse mortgages.

[Approved by Governor September 5, 2006. Filed with Secretary of State September 5, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 1632 of the Civil Code is amended to read:

1632. (a) The Legislature hereby finds and declares all of the following:

(1) This section was enacted in 1976 to increase consumer information and protections for the state's sizeable and growing Spanish-speaking population.

(2) Since 1976, the state's population has become increasingly diverse and the number of Californians who speak languages other than English as their primary language at home has increased dramatically.

(3) According to data from the United States Census of 2000, of the more than 12 million Californians who speak a language other than English in the home, approximately 4.3 million speak an Asian dialect or another language other than Spanish. The top five languages other than English most widely spoken by Californians in their homes are Spanish, Chinese, Tagalog, Vietnamese, and Korean. Together, these languages are spoken by approximately 83 percent of all Californians who speak a language other than English in their homes.

(b) Any person engaged in a trade or business who negotiates primarily in Spanish, Chinese, Tagalog, Vietnamese, or Korean, orally or in writing, in the course of entering into any of the following, shall deliver to the other party to the contract or agreement and prior to the execution thereof, a translation of the contract or agreement in the language in which the contract or agreement was negotiated, which includes a translation of every term and condition in that contract or agreement:

(1) A contract or agreement subject to the provisions of Title 2 (commencing with Section 1801) of, and Chapter 2b (commencing with Section 2981) and Chapter 2d (commencing with Section 2985.7) of Title 14 of, Part 4 of Division 3.

(2) A loan or extension of credit secured other than by real property, or unsecured, for use primarily for personal, family or household purposes.

(3) A lease, sublease, rental contract or agreement, or other term of tenancy contract or agreement, for a period of longer than one month, covering a dwelling, an apartment, or mobilehome, or other dwelling unit normally occupied as a residence.

(4) Notwithstanding paragraph (2), a loan or extension of credit for use primarily for personal, family or household purposes where the loan or extension of credit is subject to the provisions of Article 7 (commencing with Section 10240) of Chapter 3 of Part 1 of Division 4 of the Business and Professions Code, or Division 7 (commencing with

Section 18000), or Division 9 (commencing with Section 22000) of the Financial Code.

(5) Notwithstanding paragraph (2), a reverse mortgage as described in Chapter 8 (commencing with Section 1923) of Title 4 of Part 4 of Division 3.

(6) A contract or agreement, containing a statement of fees or charges, entered into for the purpose of obtaining legal services, when the person who is engaged in business is currently licensed to practice law pursuant to Chapter 4 (commencing with Section 6000) of Division 3 of the Business and Professions Code.

(c) Notwithstanding subdivision (b), for a loan subject to this part and to Article 7 (commencing with Section 10240) of Chapter 3 of Part 1 of Division 4 of the Business and Professions Code, the delivery of a translation of the statement to the borrower required by Section 10240 of the Business and Professions Code in any of the languages specified in subdivision (b) in which the contract or agreement was negotiated, is in compliance with subdivision (b).

(d) At the time and place where a lease, sublease, or rental contract or agreement described in subdivision (b) is executed, notice in any of the languages specified in subdivision (b) in which the contract or agreement was negotiated shall be provided to the lessee or tenant.

(e) Provision by a supervised financial organization of a translation of the disclosures required by Regulation M or Regulation Z, and, if applicable, Division 7 (commencing with Section 18000) or Division 9 (commencing with Section 22000) of the Financial Code in any of the languages specified in subdivision (b) in which the contract or agreement was negotiated, prior to the execution of the contract or agreement, shall also be deemed in compliance with the requirements of subdivision (b) with regard to the original contract or agreement.

(1) "Regulation M" and "Regulation Z" mean any rule, regulation, or interpretation promulgated by the Board of Governors of the Federal Reserve System and any interpretation or approval issued by an official or employee duly authorized by the board to issue interpretations or approvals dealing with, respectively, consumer leasing or consumer lending, pursuant to the Federal Truth in Lending Act, as amended (15 U.S.C. Sec. 1601 et seq.).

(2) As used in this section, "supervised financial organization" means a bank, savings association as defined in Section 5102 of the Financial Code, credit union, or holding company, affiliate, or subsidiary thereof, or any person subject to Article 7 (commencing with Section 10240) of Chapter 3 of Part 1 of Division 4 of the Business and Professions Code, or Division 7 (commencing with Section 18000) or Division 9 (commencing with Section 22000) of the Financial Code.

(f) At the time and place where a contract or agreement described in paragraph (1) or (2) of subdivision (b) is executed, a notice in any of the languages specified in subdivision (b) in which the contract or agreement was negotiated shall be conspicuously displayed to the effect that the person described in subdivision (b) is required to provide a contract or agreement in the language in which the contract or agreement was negotiated, or a translation of the disclosures required by law in the language in which the contract or agreement was negotiated, as the case may be. If a person described in subdivision (b) does business at more than one location or branch, the requirements of this section shall apply only with respect to the location or branch at which the language in which the contract or agreement was negotiated is used.

(g) The term "contract" or "agreement," as used in this section, means the document creating the rights and obligations of the parties and includes any subsequent document making substantial changes in the rights and obligations of the parties. The term "contract" or "agreement" does not include any subsequent documents authorized or contemplated by the original document such as periodic statements, sales slips or invoices representing purchases made pursuant to a credit card agreement, a retail installment contract or account or other revolving sales or loan account, memoranda of purchases in an add-on sale, or refinancing of a purchase as provided by, or pursuant to, the original document.

The term "contract" or "agreement" does not include a home improvement contract as defined in Sections 7151.2 and 7159 of the Business and Professions Code, nor does it include plans, specifications, description of work to be done and materials to be used, or collateral security taken or to be taken for the retail buyer's obligation contained in a contract for the installation of goods by a contractor licensed pursuant to Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, if the home improvement contract or installation contract is otherwise a part of a contract described in subdivision (b).

Matters ordinarily incorporated by reference in contracts or agreements as described in paragraph (3) of subdivision (b), including, but not limited to, rules and regulations governing a tenancy and inventories of furnishings to be provided by the person described in subdivision (b), are not included in the term "contract" or "agreement."

(h) This section does not apply to any person engaged in a trade or business who negotiates primarily in a language other than English, as described by subdivision (b), if the party with whom he or she is negotiating is a buyer of goods or services, or receives a loan or extension of credit, or enters an agreement obligating himself or herself as a tenant, lessee, or sublessee, or similarly obligates himself or herself by contract

or lease, and the party negotiates the terms of the contract, lease, or other obligation through his or her own interpreter.

As used in this subdivision, "his or her own interpreter" means a person, not a minor, able to speak fluently and read with full understanding both the English language and any of the languages specified in subdivision (b) in which the contract or agreement was negotiated, and who is not employed by, or whose service is made available through, the person engaged in the trade or business.

(i) Notwithstanding subdivision (b), a translation may retain the following elements of the executed English-language contract or agreement without translation: names and titles of individuals and other persons, addresses, brand names, trade names, trademarks, registered service marks, full or abbreviated designations of the make and model of goods or services, alphanumeric codes, numerals, dollar amounts expressed in numerals, dates, and individual words or expressions having no generally accepted non-English translation. It is permissible, but not required, that this translation be signed.

(j) The terms of the contract or agreement which is executed in the English language shall determine the rights and obligations of the parties. However, the translation of the contract or the disclosures required by subdivision (e) in any of the languages specified in subdivision (b) in which the contract or agreement was negotiated shall be admissible in evidence only to show that no contract was entered into because of a substantial difference in the material terms and conditions of the contract and the translation.

(k) Upon a failure to comply with the provisions of this section, the person aggrieved may rescind the contract or agreement in the manner provided by this chapter. When the contract for a consumer credit sale or consumer lease which has been sold and assigned to a financial institution is rescinded pursuant to this subdivision, the consumer shall make restitution to and have restitution made by the person with whom he or she made the contract, and shall give notice of rescission to the assignee. Notwithstanding that the contract was assigned without recourse, the assignment shall be deemed rescinded and the assignor shall promptly repurchase the contract from the assignee.

SEC. 2. Section 1923.2 of the Civil Code is amended to read:

1923.2. A reverse mortgage loan shall comply with all of the following requirements:

(a) Prepayment, in whole or in part, shall be permitted without penalty at any time during the term of the reverse mortgage loan. For the purposes of this section, penalty does not include any fees, payments, or other charges that would have otherwise been due upon the reverse mortgage being due and payable.

(b) A reverse mortgage loan may provide for a fixed or adjustable interest rate or combination thereof, including compound interest, and may also provide for interest that is contingent on the value of the property upon execution of the loan or at maturity, or on changes in value between closing and maturity.

(c) A reverse mortgage may include costs and fees that are charged by the lender, or the lender's designee, originator, or servicer, including costs and fees charged upon execution of the loan, on a periodic basis, or upon maturity.

(d) If a reverse mortgage loan provides for periodic advances to a borrower, these advances shall not be reduced in amount or number based on any adjustment in the interest rate.

(e) A lender who fails to make loan advances as required in the loan documents, and fails to cure an actual default after notice as specified in the loan documents, shall forfeit to the borrower treble the amount wrongfully withheld plus interest at the legal rate.

(f) The reverse mortgage loan may become due and payable upon the occurrence of any one of the following events:

(1) The home securing the loan is sold or title to the home is otherwise transferred.

(2) All borrowers cease occupying the home as a principal residence, except as provided in subdivision (h).

(3) Any fixed maturity date agreed to by the lender and the borrower occurs.

(4) An event occurs which is specified in the loan documents and which jeopardizes the lender's security.

(g) Repayment of the reverse mortgage loan shall be subject to the following additional conditions:

(1) Temporary absences from the home not exceeding 60 consecutive days shall not cause the mortgage to become due and payable.

(2) Extended absences from the home exceeding 60 consecutive days, but less than one year, shall not cause the mortgage to become due and payable if the borrower has taken prior action which secures and protects the home in a manner satisfactory to the lender, as specified in the loan documents.

(3) The lender's right to collect reverse mortgage loan proceeds shall be subject to the applicable statute of limitations for written loan contracts. Notwithstanding any other provision of law, the statute of limitations shall commence on the date that the reverse mortgage loan becomes due and payable as provided in the loan agreement.

(4) The lender shall prominently disclose in the loan agreement any interest rate or other fees to be charged during the period that commences

on the date that the reverse mortgage loan becomes due and payable, and that ends when repayment in full is made.

(h) The first page of any deed of trust securing a reverse mortgage loan shall contain the following statement in 10-point boldface type: "This deed of trust secures a reverse mortgage loan."

(i) A lender shall not require an applicant for a reverse mortgage to purchase an annuity as a condition of obtaining a reverse mortgage loan. A reverse mortgage lender or a broker arranging a reverse mortgage loan shall not:

(1) Offer an annuity to the borrower prior to the closing of the reverse mortgage or before the expiration of the right of the borrower to rescind the reverse mortgage agreement.

(2) Refer the borrower to anyone for the purchase of an annuity prior to the closing of the reverse mortgage or before the expiration of the right of the borrower to rescind the reverse mortgage agreement.

(j) Prior to accepting a final and complete application for a reverse mortgage loan or assessing any fees, a lender shall refer the prospective borrower to a housing counseling agency approved by the United States Department of Housing and Urban Development for counseling. The counseling shall meet the standards and requirements established by the United States Department of Housing and Urban Development for reverse mortgage counseling. The lender shall provide the borrower with a list of at least five housing counseling agencies approved by the United States Department of Housing and Urban Development, including at least two agencies that can provide counseling by telephone.

(k) A lender shall not accept a final and complete application for a reverse mortgage loan from a prospective applicant or assess any fees upon a prospective applicant without first receiving a certification from the applicant or the applicant's authorized representative that the applicant has received counseling from an agency as described in subdivision (j). The certification shall be signed by the borrower and the agency counselor, and shall include the date of the counseling and the name, address, and telephone number of both the counselor and the borrower. Electronic facsimile copy of the housing counseling certification satisfies the requirements of this subdivision. The lender shall maintain the certification in an accurate, reproducible, and accessible format for the term of the reverse mortgage.

(*l*) A lender shall not make a reverse mortgage loan without first complying with, or in the case of brokered loans ensuring compliance with, the requirements of Section 1632, if applicable.

SEC. 3. Section 1923.5 of the Civil Code is amended to read:

1923.5. No reverse mortgage loan application shall be taken by a lender unless the loan applicant has received from the lender the

following plain language statement in conspicuous 16-point type or larger, advising the prospective borrower about counseling prior to obtaining the reverse mortgage loan:

SEC. 2. Section 22511.56 of the Vehicle Code is amended to read:

22511.56. (a) A person using a distinguishing placard issued under Section 22511.55 or 22511.59, or a special license plate issued under Section 5007, for parking as permitted by Section 22511.5 shall, upon request of a peace officer or person authorized to enforce parking laws, ordinances, or regulations, present identification and evidence of the issuance of that placard or plate to that person, or that vehicle if the plate was issued pursuant to paragraph (3) of subdivision (a) of Section 5007.

(b) Failure to present the requested identification and evidence of the issuance of that placard or plate shall be a rebuttable presumption that the placard or plate is being misused and that the associated vehicle has been parked in violation of Section 22507.8, or has exercised a disabled person's parking privilege pursuant to Section 22511.5.

(c) In addition to any other applicable penalty for the misuse of a placard, the officer or parking enforcement person may confiscate a placard being used for parking purposes that benefit a person other than the person to whom the placard was issued by the Department of Motor Vehicles. A placard lawfully used by a person transporting a disabled person pursuant to subdivision (b) of Section 4461 may not be confiscated.

(d) In addition to any other applicable penalty for the misuse of a special license plate issued under Section 5007, a peace officer may confiscate the plate being used for parking purposes that benefit a person

other than the person to whom the plate was issued by the Department of Motor Vehicles.

(e) After verification with the Department of Motor Vehicles that the user of the placard or plate is not the registered owner of the placard or plate, the appropriate agency that confiscated the placard or plate shall notify the department of the placard or plate number and the department shall cancel the placard or plate. A placard or plate canceled by the department pursuant to this subdivision may be destroyed by the agency that confiscated the placard or plate.

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 5007 of the Vehicle Code proposed by both this bill and AB 2120. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2007, (2) each bill amends Section 5007 of the Vehicle Code, and (3) this bill is enacted after AB 2120, in which case Section 1 of this bill shall not become operative.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 4. CHAPTER 207

An act to amend Section 3030 of the Family Code, relating to sex offenders.

[Approved by Governor September 6, 2006. Filed with Secretary of State September 6, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 3030 of the Family Code is amended to read:

3030. (a) (1) No person shall be granted physical or legal custody of, or unsupervised visitation with, a child if the person is required to be registered as a sex offender under Section 290 of the Penal Code where the victim was a minor, or if the person has been convicted under Section 273a, 273d, or 647.6 of the Penal Code, unless the court finds that there is no significant risk to the child and states its reasons in writing or on the record. The child may not be placed in a home in which that person resides, nor permitted to have unsupervised visitation with that person, unless the court states the reasons for its findings in writing or on the record.

(2) No person shall be granted physical or legal custody of, or unsupervised visitation with, a child if anyone residing in the person's household is required, as a result of a felony conviction in which the victim was a minor, to register as a sex offender under Section 290 of the Penal Code, unless the court finds there is no significant risk to the child and states its reasons in writing or on the record. The child may not be placed in a home in which that person resides, nor permitted to have unsupervised visitation with that person, unless the court states the reasons for its findings in writing or on the record.

(3) The fact that a child is permitted unsupervised contact with a person who is required, as a result of a felony conviction in which the victim was a minor, to be registered as a sex offender under Section 290 of the Penal Code, shall be prima facie evidence that the child is at significant risk. When making a determination regarding significant risk to the child, the prima facie evidence shall constitute a presumption affecting the burden of producing evidence. However, this presumption shall not apply if there are factors mitigating against its application, including whether the party seeking custody or visitation is also required, as the result of a felony conviction in which the victim was a minor, to register as a sex offender under Section 290 of the Penal Code.

(b) No person shall be granted custody of, or visitation with, a child if the person has been convicted under Section 261 of the Penal Code and the child was conceived as a result of that violation.

(c) No person shall be granted custody of, or unsupervised visitation with, a child if the person has been convicted of murder in the first degree, as defined in Section 189 of the Penal Code, and the victim of the murder was the other parent of the child who is the subject of the order, unless the court finds that there is no risk to the child's health, safety, and welfare, and states the reasons for its finding in writing or on the record. In making its finding, the court may consider, among other things, the following:

(1) The wishes of the child, if the child is of sufficient age and capacity to reason so as to form an intelligent preference.

(2) Credible evidence that the convicted parent was a victim of abuse, as defined in Section 6203, committed by the deceased parent. That evidence may include, but is not limited to, written reports by law enforcement agencies, child protective services or other social welfare agencies, courts, medical facilities, or other public agencies or private nonprofit organizations providing services to victims of domestic abuse.

(3) Testimony of an expert witness, qualified under Section 1107 of the Evidence Code, that the convicted parent experiences intimate partner battering.

Unless and until a custody or visitation order is issued pursuant to this subdivision, no person shall permit or cause the child to visit or remain in the custody of the convicted parent without the consent of the child's custodian or legal guardian.

(d) The court may order child support that is to be paid by a person subject to subdivision (a), (b), or (c) to be paid through the local child support agency, as authorized by Section 4573 of the Family Code and Division 17 (commencing with Section 17000) of this code.

(e) The court shall not disclose, or cause to be disclosed, the custodial parent's place of residence, place of employment, or the child's school, unless the court finds that the disclosure would be in the best interest of the child.

CHAPTER 208

An act to amend Section 1596.857 of the Health and Safety Code, relating to child day care.

[Approved by Governor September 6, 2006. Filed with Secretary of State September 6, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 1596.857 of the Health and Safety Code is amended to read:

1596.857. (a) Upon presentation of identification, the responsible parent or guardian of a child receiving services in a child day care facility has the right to enter and inspect the facility without advance notice during the normal operating hours of the facility or at any time that the child is receiving services in the facility. Parents or guardians when inspecting shall be respectful of the children's routines and programmed activities. The facility shall inform parents and guardians of children

receiving services in the facility of the right of the parents and guardians to inspect the facility pursuant to this section.

(b) No child day care facility shall discriminate or retaliate against any child or parent or guardian on the basis or for the reason that the parent or guardian has exercised his or her right under this section to inspect the facility or has lodged a complaint with the department against a facility.

(c) If any child day care facility denies a parent or legal guardian the right to enter and inspect a facility or retaliates, the department shall issue the facility a warning citation. For any subsequent violation of this right, the department may impose a civil penalty upon the facility of fifty dollars ($50) per violation. The department may take any appropriate action, including license revocation.

(d) Each child day care facility shall permanently post in a facility location accessible to parents and guardians a written notice, available from the department, of the right to make an inspection pursuant to this section and the prohibition against retaliation and the right to file a complaint. In addition, this notice shall include information stating that the specified registered sex offender database is available to the public via an Internet Web site maintained by the Department of Justice as www.meganslaw.ca.gov. The department shall make this written notice available to child day care facility licensees, and shall include on this notice a statement of the right of the parents and guardians to review licensing reports of facility visits and substantiated complaints against the facility on the site of the facility, pursuant to Section 1596.859.

(e) At the time of acceptance of each child into a child day care facility after January 1, 2007, the licensee shall provide the child's parent or guardian with a copy of the Family Child Care Home Notification of Parents' Rights provided by the State Department of Social Services, which shall include information stating that the specified registered sex offender database is available to the public via an Internet Web site maintained by the Department of Justice as www.meganslaw.ca.gov.

(f) Upon delivery of the Family Child Care Home Notification of Parents' Rights required pursuant to subdivision (e) to a parent or guardian, a provider is not required to provide any additional information regarding the location and proximity of registered sex offenders who reside in the community where the child care facility or family day care home is located. The provision of the information required by this section to parents and guardians of a child in their care shall not subject the provider to any liability or cause of action against the provider by a registered sex offender identified in the database.

(g) Notwithstanding any other provision of this section, the person present who is in charge of a child day care facility may deny access to

an adult whose behavior presents a risk to children present in the facility and may deny access to noncustodial parents or guardians if so requested by the responsible parent or legal guardian.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 211

An act to add Sections 8238, 8238.1, 8238.2, 8238.3, 8238.4, 8238.5, 8238.6, and 8239 to the Education Code, relating to child care, and making an appropriation therefor.

[Approved by Governor September 7, 2006. Filed with Secretary of State September 7, 2006.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) A compelling body of respected research demonstrates that quality preschool programs benefit children and their families, the public school system, public safety, the economy, and society as a whole.

(b) California has an enormous opportunity to reach children at a time when they are eager and ready to learn. 90 percent of brain development takes place before age five, making early childhood the best time to invest in preschool programs that boost learning, creativity, and social skills. Preschool programs lay a strong foundation that helps children succeed in school and in life.

(c) Quality preschool experiences boost academic achievement in school, decrease grade retention, decrease special education placements, and increase graduation rates. Quality preschool further reduces the likelihood of later arrest and incarceration, and increases college attendance and earnings in adulthood. A recent Rand Corporation report states that every dollar invested in quality preschool in California would return as much as two to four dollars to the public.

(d) Quality preschool experiences decrease special education placements, in part because they have the potential to provide early identification and intervention for young children with exceptional needs, which can reduce the need for ongoing special education services. Providing access to quality preschool for children with exceptional needs can help support their development and prepare them for a successful transition to kindergarten and beyond.

(e) Research confirms the many benefits that children, parents, and preschool programs gain when parents are involved in their child's preschool learning both inside the classroom and at home.

(f) The Council of Chief State School Officers has found that efforts to reform and strengthen public education cannot succeed without a concerted effort to support and improve programs that provide care and education for our youngest children.

SEC. 2. Section 8238 is added to the Education Code, to read:

8238. As a condition of receipt of funds pursuant to Section 8238.4, a participating program shall include, but not be limited to, both of the following:

(a) Age and developmentally appropriate activities for children in participating classrooms that are designed to facilitate their transition to kindergarten.

(A) Compensation and support costs for program coordinators as described in Section 8238.2.

(B) Staff development pursuant to Section 8238.3.

(C) Family literacy services.

(D) Instructional materials, including consumables.

(2) In the event that the total amount described in paragraph (1) is insufficient to fund all of the participating classrooms at the per classroom rate described in that paragraph, the classroom rate shall be prorated accordingly.

(c) The appropriation of funds for purposes of this section beyond the amounts described in this section shall be in the annual Budget Act or other statute.

SEC. 7. Section 8238.5 is added to the Education Code, to read:

CHAPTER 212

An act to amend Section 275 of the Public Utilities Code, relating to telecommunications.

[Approved by Governor September 7, 2006. Filed with Secretary of State September 7, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 275 of the Public Utilities Code, as amended by Section 1 of Chapter 767 of the Statutes of 2004, is amended to read:

275. (a) There is hereby created the California High-Cost Fund-A Administrative Committee, which is an advisory board to advise the commission regarding the development, implementation, and administration of a program to provide for transfer payments to small

independent telephone corporations providing local exchange services in high-cost rural and small metropolitan areas in the state to create fair and equitable local rate structures, as provided for in Section 739.3, the development of a grant program for the construction of telecommunications infrastructure as set forth in Section 276.5, and to carry out the program pursuant to the commission's direction, control, and approval.

(b) All revenues collected by telephone corporations in rates authorized by the commission to fund the program specified in subdivision (a) shall be submitted to the commission pursuant to a schedule established by the commission. The commission shall transfer the moneys received to the Controller for deposit in the California High-Cost Fund-A Administrative Committee Fund. All interest earned by moneys in the fund shall be deposited in the fund. Any unexpended revenues collected prior to the operative date of this section shall be submitted to the commission, and the commission shall transfer those moneys to the Controller for deposit in the California High-Cost Fund-A Administrative Committee Fund.

(d) The Legislature finds and declares that, because maintenance of universal public switched telephone network service throughout the state and maintenance of public safety answering points in high-cost areas of the state rely on appropriations from the California High-Cost Fund-A Administrative Committee Fund, maintaining adequate funding levels for the fund is critical to public health and safety.

CHAPTER 213

[Approved by Governor September 7, 2006. Filed with Secretary of State September 7, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 114 of the Corporations Code is amended to read:

114. All references in this division to financial statements, balance sheets, income statements, and statements of cashflows, and all references to assets, liabilities, earnings, retained earnings, and similar accounting items of a corporation mean those financial statements or comparable

Unless otherwise expressly stated, all references in this division to financial statements mean, in the case of a corporation that has subsidiaries, consolidated statements of the corporation and each of its subsidiaries as are required to be included in the consolidated statements under generally accepted accounting principles then applicable and all references to accounting items mean the items determined on a consolidated basis in accordance with the consolidated financial statements. Financial statements other than annual statements may be condensed or otherwise presented as permitted by authoritative accounting pronouncements.

SEC. 2. Section 600 of the Corporations Code is amended to read:

600. (a) Meetings of shareholders may be held at any place within or without this state as may be stated in or fixed in accordance with the bylaws. If no other place is stated or so fixed, shareholder meetings shall be held at the principal executive office of the corporation. Unless prohibited by the bylaws of the corporation, if authorized by the board of directors in its sole discretion, and subject to the requirement of consent in clause (b) of Section 20 and those guidelines and procedures as the board of directors may adopt, shareholders not physically present in person or by proxy at a meeting of shareholders may, by electronic transmission by and to the corporation (Sections 20 and 21) or by electronic video screen communication, participate in a meeting of shareholders, be deemed present in person or by proxy, and vote at a meeting of shareholders whether that meeting is to be held at a designated place or in whole or in part by means of electronic transmission by and to the corporation or by electronic video screen communication, in accordance with subdivision (e).

(b) An annual meeting of shareholders shall be held for the election of directors on a date and at a time stated in or fixed in accordance with the bylaws. However, if the corporation is a regulated management company, a meeting of shareholders shall be held as required by the Federal Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1, et seq.). Any other proper business may be transacted at the annual meeting. For purposes of this subdivision, "regulated management company" means a regulated investment company as defined in Section 851 of the federal Internal Revenue Code.

(c) If there is a failure to hold the annual meeting for a period of 60 days after the date designated therefor or, if no date has been designated, for a period of 15 months after the organization of the corporation or

after its last annual meeting, the superior court of the proper county may summarily order a meeting to be held upon the application of any shareholder after notice to the corporation giving it an opportunity to be heard. The shares represented at the meeting, either in person or by proxy, and entitled to vote thereat shall constitute a quorum for the purpose of the meeting, notwithstanding any provision of the articles or bylaws or in this division to the contrary. The court may issue any orders as may be appropriate, including, without limitation, orders designating the time and place of the meeting, the record date for determination of shareholders entitled to vote, and the form of notice of the meeting.

(d) Special meetings of the shareholders may be called by the board, the chairperson of the board, the president, the holders of shares entitled to cast not less than 10 percent of the votes at the meeting, or any additional persons as may be provided in the articles or bylaws.

(e) A meeting of the shareholders may be conducted, in whole or in part, by electronic transmission by and to the corporation or by electronic video screen communication (1) if the corporation implements reasonable measures to provide shareholders (in person or by proxy) a reasonable opportunity to participate in the meeting and to vote on matters submitted to the shareholders, including an opportunity to read or hear the proceedings of the meeting concurrently with those proceedings, and (2) if any shareholder votes or takes other action at the meeting by means of electronic transmission to the corporation or electronic video screen communication, a record of that vote or action is maintained by the corporation. Any request by a corporation to a shareholder pursuant to clause (b) of Section 20 for consent to conduct a meeting of shareholders by electronic transmission by and to the corporation shall include a notice that, absent consent of the shareholder pursuant to clause (b) of Section 20, the meeting shall be held at a physical location in accordance with subdivision (a).

SEC. 3. Section 603 of the Corporations Code is amended to read:

603. (a) Unless otherwise provided in the articles, any action that may be taken at any annual or special meeting of shareholders may be taken without a meeting and without prior notice, if a consent in writing, as specified in Section 195, setting forth the action so taken, shall be provided by the holders of outstanding shares having not less than the minimum number of votes that would be necessary to authorize or take that action at a meeting at which all shares entitled to vote thereon were present and voted.

(b) Unless the consents of all shareholders entitled to vote have been solicited in writing, both of the following shall apply:

(1) Notice of any shareholder approval pursuant to Section 310, 317, 1152, 1201 or 2007 without a meeting by less than unanimous written

consent shall be given at least 10 days before the consummation of the action authorized by that approval. Notice shall be given as provided in subdivision (b) of Section 601.

(2) Prompt notice shall be given of the taking of any other corporate action approved by shareholders without a meeting by less than unanimous written consent, to those shareholders entitled to vote who have not consented in writing. Notice shall be given as provided in subdivision (b) of Section 601.

(c) Any shareholder giving a written consent, or the shareholder's proxyholders, or a transferee of the shares or a personal representative of the shareholder or their respective proxyholders, may revoke the consent personally or by proxy by a writing received by the corporation prior to the time that written consents of the number of shares required to authorize the proposed action have been filed with the secretary of the corporation, but may not do so thereafter. The revocation is effective upon its receipt by the secretary of the corporation.

(d) Notwithstanding subdivision (a), directors may not be elected by written consent except by unanimous written consent of all shares entitled to vote for the election of directors; provided that the shareholders may elect a director to fill a vacancy, other than a vacancy created by removal, by the written consent of a majority of the outstanding shares entitled to vote.

SEC. 4. Section 1301 of the Corporations Code is amended to read:

1301. (a) If, in the case of a reorganization, any shareholders of a corporation have a right under Section 1300, subject to compliance with paragraphs (3) and (4) of subdivision (b) thereof, to require the corporation to purchase their shares for cash, that corporation shall mail to each such shareholder a notice of the approval of the reorganization by its outstanding shares (Section 152) within 10 days after the date of that approval, accompanied by a copy of Sections 1300, 1302, 1303, and 1304 and this section, a statement of the price determined by the corporation to represent the fair market value of the dissenting shares, and a brief description of the procedure to be followed if the shareholder desires to exercise the shareholder's right under those sections. The statement of price constitutes an offer by the corporation to purchase at the price stated any dissenting shares as defined in subdivision (b) of Section 1300, unless they lose their status as dissenting shares under Section 1309.

(b) Any shareholder who has a right to require the corporation to purchase the shareholder's shares for cash under Section 1300, subject to compliance with paragraphs (3) and (4) of subdivision (b) thereof, and who desires the corporation to purchase shares shall make written demand upon the corporation for the purchase of those shares and

payment to the shareholder in cash of their fair market value. The demand is not effective for any purpose unless it is received by the corporation or any transfer agent thereof (1) in the case of shares described in clause(A) or (B) of paragraph (1) of subdivision (b) of Section 1300 (without regard to the provisos in that paragraph), not later than the date of the shareholders' meeting to vote upon the reorganization, or (2) in any other case within 30 days after the date on which the notice of the approval by the outstanding shares pursuant to subdivision (a) or the notice pursuant to subdivision (i) of Section 1110 was mailed to the shareholder.

(c) The demand shall state the number and class of the shares held of record by the shareholder which the shareholder demands that the corporation purchase and shall contain a statement of what that shareholder claims to be the fair market value of those shares as of the day before the announcement of the proposed reorganization or short-form merger. The statement of fair market value constitutes an offer by the shareholder to sell the shares at that price.

SEC. 5. Section 1501 of the Corporations Code is amended to read:

1501. (a) The board shall cause an annual report to be sent to the shareholders not later than 120 days after the close of the fiscal year, unless in the case of a corporation with less than 100 holders of record of its shares (determined as provided in Section 605) this requirement is expressly waived in the bylaws. Unless otherwise provided by the articles or bylaws and if approved by the board of directors, that report and any accompanying material sent pursuant to this section may be sent by electronic transmission by the corporation (Section 20). This report shall contain a balance sheet as of the end of that fiscal year and an income statement and a statement of cashflows for that fiscal year, accompanied by any report thereon of independent accountants or, if there is no report, the certificate of an authorized officer of the corporation that the statements were prepared without audit from the books and records of the corporation.

Unless so waived, the report shall be sent to the shareholders at least 15 (or, if sent by third-class mail, 35) days prior to the annual meeting of shareholders to be held during the next fiscal year, but this requirement shall not limit the requirement for holding an annual meeting as required by Section 600.

Notwithstanding Section 114, the financial statements of any corporation with fewer than 100 holders of record of its shares (determined as provided in Section 605) required to be furnished by this subdivision and subdivision (c) are not required to be prepared in conformity with generally accepted accounting principles if they reasonably set forth the assets and liabilities and the income and expense

of the corporation and disclose the accounting basis used in their preparation.

(b) In addition to the financial statements required by subdivision (a), the annual report of any corporation having 100 or more holders of record of its shares (determined as provided in Section 605) either not subject to the reporting requirements of Section 13 of the Securities Exchange Act of 1934, or exempted from those reporting requirements by Section 12(g)(2) of that act, shall also describe briefly both of the following:

(1) Any transaction (excluding compensation of officers and directors) during the previous fiscal year involving an amount in excess of forty thousand dollars ($40,000) (other than contracts let at competitive bid or services rendered at prices regulated by law) to which the corporation or its parent or subsidiary was a party and in which any director or officer of the corporation or of a subsidiary or (if known to the corporation or its parent or subsidiary) any holder of more than 10 percent of the outstanding voting shares of the corporation had a direct or indirect material interest, naming the person and stating the person's relationship to the corporation, the nature of the person's interest in the transaction and, where practicable, the amount of the interest; provided that in the case of a transaction with a partnership of which the person is a partner, only the interest of the partnership need be stated; and provided further that no report need be made in the case of any transaction approved by the shareholders (Section 153).

(2) The amount and circumstances of any indemnification or advances aggregating more than ten thousand dollars ($10,000) paid during the fiscal year to any officer or director of the corporation pursuant to Section 317; provided that no report need be made in the case of indemnification approved by the shareholders (Section 153) under paragraph (2) of subdivision (e) of Section 317.

(c) If no annual report for the last fiscal year has been sent to shareholders, the corporation shall, upon the written request of any shareholder made more than 120 days after the close of that fiscal year, deliver or mail to the person making the request within 30 days thereafter the financial statements required by subdivision (a) for that year. A shareholder or shareholders holding at least 5 percent of the outstanding shares of any class of a corporation may make a written request to the corporation for an income statement of the corporation for the three-month, six-month or nine-month period of the current fiscal year ended more than 30 days prior to the date of the request and a balance sheet of the corporation as of the end of the period and, in addition, if no annual report for the last fiscal year has been sent to shareholders, the statements referred to in subdivision (a) for the last fiscal year. The statements shall be delivered or mailed to the person making the request

within 30 days thereafter. A copy of the statements shall be kept on file in the principal office of the corporation for 12 months and it shall be exhibited at all reasonable times to any shareholder demanding an examination of the statements or a copy shall be mailed to the shareholder.

(d) The quarterly income statements and balance sheets referred to in this section shall be accompanied by the report thereon, if any, of any independent accountants engaged by the corporation or the certificate of an authorized officer of the corporation that the financial statements were prepared without audit from the books and records of the corporation.

(e) In addition to the penalties provided for in Section 2200, the superior court of the proper county shall enforce the duty of making and mailing or delivering the information and financial statements required by this section and, for good cause shown, may extend the time therefor.

(f) In any action or proceeding under this section, if the court finds the failure of the corporation to comply with the requirements of this section to have been without justification, the court may award an amount sufficient to reimburse the shareholder for the reasonable expenses incurred by the shareholder, including attorneys' fees, in connection with the action or proceeding.

(g) This section applies to any domestic corporation and also to a foreign corporation having its principal executive office in this state or customarily holding meetings of its board in this state.

SEC. 6. Section 8321 of the Corporations Code is amended to read:

8321. (a) A corporation shall notify each member yearly of the member's right to receive a financial report pursuant to this subdivision. CHAPTER 215

An act relating to donative transfers.

[Approved by Governor September 7, 2006. Filed with Secretary of State September 7, 2006.]

The people of the State of California do enact as follows:

SECTION 1. (a) The California Law Revision Commission shall study the operation and effectiveness of the provisions of the Probate Code restricting donative transfers to certain classes of individuals, and shall recommend revisions and improvements to those provisions. The commission shall report all of its findings to the Legislature on or before January 1, 2009.

(b) In considering the overall effectiveness of the current statutory scheme in protecting prospective transferors from fraud, menace, or undue influence, while still ensuring the freedom of transferors to dispose of their estates as they desire and reward true "good Samaritans," the commission shall address the following specific issues:

(1) Whether the potential for abuse by care custodians militates in favor of creating a separate, more restrictive, regulatory scheme for donative transfers to that class and how the common law presumption of undue influence that arises when a person having a confidential relationship with a transferor, who actively participates in the transfer and unduly benefits from it, bears on this.

(2) Whether the provisions concerning gifts to care custodians should be moved to a separate section of the Probate Code.

(3) Whether the definition of "care custodian" contained in subdivision (c) of Section 21350 of the Probate Code should be changed and whether it should include long time family friends, nonprofessional caregivers who have a preexisting relationship with the transferor, or other "good Samaritans."

(4) Whether it should be necessary to have a second attorney, rather than the drafting attorney, sign a certificate of independent review in cases in which the drafting attorney is independent of the transferee.

(5) Whether the potential for fraud, menace, or undue influence by a drafting attorney in cases where the drafting attorney, his or her employees, or family, relatives, or any person with a close relationship

to the drafting attorney is a transferee, should be addressed in the statute. Also, whether the uses of the drafting attorney's testimony is or should be limited pursuant to subdivision (d) of Section 21351 of the Probate Code, in cases in which that attorney is independent, and if so, whether the statute should be changed accordingly.

(6) What is or should be the meaning of the phrase "not based solely upon the testimony of any person described in subdivision (a) of Section 21350" contained in subdivision (d) of Section 21351 of the Probate Code, and to what extent there is an actual need for a limitation on testimony.

(7) Whether donative transfers to care custodians should be invalid if the transferor executes the instrument making the donative transfer within a given period after the relationship between the donor and the care custodian begins.

CHAPTER 216

An act to add Section 18900.6 to the Government Code, relating to state civil service.

SECTION 1. Section 18900.6 is added to the Government Code, to read:

18900.6. (a) The board may authorize the use of skills-based certification for information technology classifications if all of the following conditions are satisfied:

(1) There is a job analysis that meets the standards outlined in the State Personnel Board selection manual.

(2) The class is used on a service wide basis.

(3) The class is broad and includes a number of distinct assignments.

(4) It is in the best interest of the state to use skills-based certification.

(b) For purposes of this section, "skills-based certification" means the creation of a unique certification list for each vacancy within a class. Skills-based certification is created by weighting the scores attained by competitors of all measured knowledge, skills, and abilities to reflect their relative importance to the job, as identified by a job analysis for each vacancy. Skills-based certification shall replace the single eligible list for a classification with an unique list of eligible individuals for each

vacancy. Skills-based certification shall determine the order of individuals on a certification list; it shall not affect the rules for using certification lists.

(c) The board shall also promulgate regulations specifying how skills-based certification shall be implemented. Among other things, these regulations shall include provisions to ensure fairness to all candidates and prevent improper manipulation.

The commission shall post the plan under the Official Documents area of its Internet Web site and shall develop a program to disseminate the information in the plan utilizing computer mailing lists to provide regular updates on the information to those members of the public and organizations which request that information.

(b) Produce a complete accounting of its transactions and proceedings for the preceding year, together with other facts, suggestions, and recommendations that it deems of value to the people of the state and a statement that specifies the activities and achievements of the commission in reducing the costs of, and rates for, energy, including electricity, for state agriculture and other rural energy consumers.

(b) The petition for review shall be served upon the executive director and the general counsel of the commission either personally or by service at the office of the commission.

(c) For purposes of this section, the issuance of a decision or the granting of an application shall be construed to have occurred on the date of issuance, as defined in paragraph (4) of subdivision (b) of Section 1731.

(d) The venue of a petition filed in the court of appeal pursuant to this section shall be in the judicial district in which the petitioner resides. If the petitioner is a business, venue shall be in the judicial district in which the petitioner has its principal place of business in California.

(e) Any party may seek from the Supreme Court, pursuant to California Rules of Court, an order transferring related actions to a single appellate district.

(g) No order or decision arising out of a commission proceeding under Section 854 shall be reviewable in the court of appeal pursuant to subdivision (a) if the application for commission authority to complete the merger or acquisition was filed on or before December 31, 1998, by two telecommunications-related corporations including at least one which provides local telecommunications service to over one million California customers. These orders or decisions shall be reviewed pursuant to the Public Utilities Code in existence on December 31, 1998.

SEC. 8. Section 1768 of the Public Utilities Code is amended to read:

1768. The following procedures shall apply to judicial review of an order or decision of the commission interpreting, implementing, or applying the provisions of Chapter 4 of the Statutes of the 2001–02 First Extraordinary Session that (1) relates to the determination or implementation of the revenue requirements of the Department of Water

Resources or the establishment or implementation of bond or power charges necessary to recover those revenue requirements, or (2) in the sole determination of the department, the expedited review of an order or decision of the commission is necessary or desirable, for the maintenance of any credit ratings on any bonds or notes of the department issued pursuant to Division 27 (commencing with Section 80000) of the Water Code or for the department to meet its obligations with respect to any bonds or notes pursuant to that division:

(a) Within 30 days after the commission issues its order or decision denying the application for a rehearing, or, if the application is granted, then within 30 days after the commission issues its decision on rehearing, any aggrieved party may petition for a writ of review in the California Supreme Court for the purpose of determining the lawfulness of the original order or decision or of the order or decision on rehearing. If the writ issues, it shall be made returnable at a time and place specified by court order and shall direct the commission to certify its record in the case to the court within the time specified. No order of the commission interpreting, implementing, or applying the provisions of Chapter 4 of the Statutes of the 2001–02 First Extraordinary Session shall be subject to review in the courts of appeal.

(b) The petition for review shall be served upon the executive director and the general counsel of the commission either personally or by service at the office of the commission.

(c) For purposes of this section, the issuance of a decision or the granting of an application shall be construed to have occurred on the date of issuance, as defined in paragraph (4) of subdivision (b) of Section 1731.

(d) All actions and proceedings under this section and all actions or proceedings to which the commission or the people of the State of California are parties in which any question arises under this section, or under or concerning any order or decision of the commission under this section, shall be preferred over, and shall be heard and determined in preference to, all other civil business except election causes, irrespective of position on the calendar.

then within 10 days after the commission issues its decision on rehearing, any aggrieved party may petition for a writ of review in the California Supreme Court for the purpose of determining the lawfulness of the original order or decision or of the order or decision on rehearing. If the writ issues, it shall be made returnable at a time and place specified by court order and shall direct the commission to certify its record in the case to the court within the time specified. No order of the commission interpreting, implementing, or applying the provisions of Article 5.6 (commencing with Section 848) of Chapter 4 shall be subject to review in the courts of appeal.

(b) The petition for review shall be served upon the executive director and the general counsel of the commission either personally or by service at the office of the commission.

(c) For purposes of this section, the issuance of a decision or the granting of an application shall be construed to have occurred on the date of issuance, as defined in paragraph (4) of subdivision (b) of Section 1731.

(d) The Legislature hereby declares that if a writ issues in an action under this section, delay in the determination of the writ will delay implementation of a securitized financing, thereby diminishing approximately $1 billion of total savings to Pacific Gas and Electric Company's ratepayers that might be achieved if a securitized financing were implemented immediately. Therefore, to maximize ratepayer benefits, review under this section should be expedited.

(e) The provisions of this article apply to actions under this section to the extent that those provisions are not in conflict with this section.

(f) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date.

SEC. 10. Section 13 of Chapter 856 of the Statutes of 1996 is repealed.

(b) For the purpose of ascertaining the feasibility, necessity, and general benefit of any purpose or project and the amount of money

necessary to be raised, the board of directors shall cause engineering investigations, surveys, examinations, drawings, plans, and reports to be made as shall furnish the proper basis for the purpose or project and its estimated cost.

(c) The engineering investigations, surveys, examinations, drawings, plans, and reports, and estimated cost, may reflect that the works necessary for a completed purpose or project shall be constructed progressively during a period of years. All engineering investigations, surveys, examinations, drawings, plans, and reports shall be made under the direction of a licensed engineer or geologist, and shall be certified by him or her. All data obtained by Orange County Flood Control District and all other available engineering data may be considered in all of the engineering investigations. The engineering investigations, surveys, examinations, drawings, plans, and reports, as applicable, shall be included in a report of a licensed engineer or geologist, to be approved by the board of directors prior to the beginning of work on the purpose or project.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district are the result of a program for which legislative authority was requested by that local agency or school district, within the meaning of Section 17556 of the Government Code and Section 6 of Article XIII B of the California Constitution.

CHAPTER 219

An act to amend Sections 1812.84 and 1812.85 of the Civil Code, relating to contracts.

[Approved by Governor September 7, 2006. Filed with Secretary of State September 7, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 1812.84 of the Civil Code is amended to read:

1812.84. (a) A contract for health studio services may not require payments or financing by the buyer to exceed the term of the contract, nor may the term of the contract exceed three years. This subdivision does not apply to a member's obligation to pay valid, outstanding moneys due under the contract, including moneys to be paid pursuant to a

termination notice period in the contract in which the termination notice period does not exceed 30 days.

(b) A contract for health studio services shall include a statement printed in a size at least 14-point type that discloses the length of the term of the contract. This statement shall be placed above the space reserved for the signature of the buyer.

SEC. 2. Section 1812.85 of the Civil Code is amended to read:

1812.85. (a) Every contract for health studio services shall provide that performance of the agreed-upon services will begin within six months after the date the contract is entered into. The consumer may cancel the contract and receive a pro rata refund if the health studio fails to provide the specific facilities advertised or offered in writing by the time indicated. If no time is indicated in the contract, the consumer may cancel the contract within six months after the execution of the contract and shall receive a pro rata refund. If a health studio fails to meet a timeline set forth in this section, the consumer may cancel the contract at any time after the expiration of the timeline. However, if following the expiration of the timeline, the health studio provides the advertised or agreed-upon services, the consumer may cancel the contract up to 10 days after those services are provided.

(b) (1) Every contract for health studio services shall, in addition, contain on its face, and in close proximity to the space reserved for the signature of the buyer, a conspicuous statement in a size equal to at least 10-point boldface type, as follows:

"You, the buyer, may cancel this agreement at any time prior to midnight of the fifth business day of the health studio after the date of this agreement, excluding Sundays and holidays. To cancel this agreement, mail or deliver a signed and dated notice, or send a telegram which states that you, the buyer, are canceling this agreement, or words of similar effect. The notice shall be sent to,

_____

(Name of health studio operator)

at_____

(Address of health studio operator)."

(2) The contract for health studio services shall contain on the first page, in a type size no smaller than that generally used in the body of the document, the following: (A) the name and address of the health studio operator to which the notice of cancellation is to be mailed, and (B) the date the buyer signed the contract.

(3) The contract shall provide a description of the services, facilities, and hours of access to which the consumer is entitled. Any services,

facilities, and hours of access that are not described in the contract shall be considered optional services, and these optional services shall be considered as separate contracts for the purposes of this title and Section 1812.83.

(4) Until the health studio operator has complied with this section, the buyer may cancel the contract for health studio services.

(5) All moneys paid pursuant to a contract for health studio services shall be refunded within 10 days after receipt of the notice of cancellation, except that payment shall be made for any health studio services received prior to cancellation.

(c) If at any time during the term of the contract, including a transfer of the contractual obligation, the health studio eliminates or substantially reduces the scope of the facilities, such as swimming pools or tennis courts, that were described in the contract, in an advertisement relating to the specific location, or in a written offer, and available to the consumer upon execution of the contract, the consumer may cancel the contract and receive a pro rata refund. The consumer may not cancel the contract pursuant to this subdivision if the health studio, after giving reasonable notice to its members, temporarily takes facilities out of operation for reasonable repairs, modifications, substitutions, or improvements. This subdivision shall not be interpreted to give the consumer the right to cancel a contract because of changes to the type or quantity of classes or equipment offered, provided the consumer is informed in the contract that the health studio reserves the right to make changes to the type or quantity of classes or equipment offered and the changes to the type or quantity of classes or equipment offered are reasonable under the circumstances.

(d) (1) If a contract for health studio services requires payment of one thousand five hundred dollars ($1,500) to two thousand dollars ($2,000), inclusive, including initiation fees or initial membership fees, by the person receiving the services or the use of the facility, the person shall have the right to cancel the contract within 20 days after the contract is executed.

(2) If a contract for health studio services requires payment of two thousand one dollars ($2,001) to two thousand five hundred dollars ($2,500), inclusive, including initiation fees or initial membership fees, by the person receiving the services or the use of the facility, the person shall have the right to cancel the contract within 30 days after the contract is executed.

(3) If a contract for health studio services requires payment of two thousand five hundred one dollars ($2,501) or more, including initiation fees or initial membership fees, by the person receiving the services or

the use of the facility, the person shall have the right to cancel the contract within 45 days after the contract is executed.

(4) The right of cancellation provided in this subdivision shall be set out in the membership contract.

(5) The rights and remedies under this paragraph are cumulative to any rights and remedies under other law.

(6) A health studio entering into a contract for health studio services that requires a payment of less than one thousand five hundred dollars ($1,500), including initiation or initial membership fees and exclusive of interest or finance charges, by the person receiving the services or the use of the facilities, is not required to comply with paragraph (1), (2), or (3).

(e) Upon cancellation, the consumer shall be liable only for that portion of the total contract payment, including initiation fees and other charges however denominated, that has been available for use by the consumer, based upon a pro rata calculation over the term of the contract. The remaining portion of the contract payment shall be returned to the consumer by the health studio.

[Approved by Governor September 7, 2006. Filed with Secretary of State September 7, 2006.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature, through a request in 2008 to the Joint Legislative Audit Committee, and thereafter every two

years prior to the inoperative date set forth in Section 2020 of the Business and Professions Code, that the Bureau of State Audits conduct a thorough performance audit of the Medical Board of California to evaluate the effectiveness and efficiency of the programs, and make recommendations regarding the continuation of its programs and any changes or reforms required to assure consumer protection through effective licensing and discipline of physicians and surgeons. The audits shall be completed in time to allow for the recommendations to be addressed in the legislation to extend or delete the repeal date of that section, if that legislation is introduced. The board and its staff shall cooperate with the audit, and the board shall provide data, information, and case files as requested by the auditor to perform all of its duties. The provision of confidential data, information, and case files by the board to the auditor shall not constitute a waiver of any exemption from disclosure or discovery or of any confidentiality protection or privilege otherwise provided by law that is applicable to the data, information, or case files.

SEC. 2. Section 125.3 of the Business and Professions Code, as amended by Section 2 of Chapter 674 of the Statutes of 2005, is amended to read:

125.3. (a) Except as otherwise provided by law, in any order issued in resolution of a disciplinary proceeding before any board within the department or before the Osteopathic Medical Board, upon request of the entity bringing the proceeding, the administrative law judge may direct a licentiate found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case.

(b) In the case of a disciplined licentiate that is a corporation or a partnership, the order may be made against the licensed corporate entity or licensed partnership.

(c) A certified copy of the actual costs, or a good faith estimate of costs where actual costs are not available, signed by the entity bringing the proceeding or its designated representative shall be prima facie evidence of reasonable costs of investigation and prosecution of the case. The costs shall include the amount of investigative and enforcement costs up to the date of the hearing, including, but not limited to, charges imposed by the Attorney General.

(d) The administrative law judge shall make a proposed finding of the amount of reasonable costs of investigation and prosecution of the case when requested pursuant to subdivision (a). The finding of the administrative law judge with regard to costs shall not be reviewable by the board to increase the cost award. The board may reduce or eliminate the cost award, or remand to the administrative law judge if the proposed

decision fails to make a finding on costs requested pursuant to subdivision (a).

(e) If an order for recovery of costs is made and timely payment is not made as directed in the board's decision, the board may enforce the order for repayment in any appropriate court. This right of enforcement shall be in addition to any other rights the board may have as to any licentiate to pay costs.

(f) In any action for recovery of costs, proof of the board's decision shall be conclusive proof of the validity of the order of payment and the terms for payment.

(g) (1) Except as provided in paragraph (2), the board shall not renew or reinstate the license of any licentiate who has failed to pay all of the costs ordered under this section.

(2) Notwithstanding paragraph (1), the board may, in its discretion, conditionally renew or reinstate for a maximum of one year the license of any licentiate who demonstrates financial hardship and who enters into a formal agreement with the board to reimburse the board within that one-year period for the unpaid costs.

(h) All costs recovered under this section shall be considered a reimbursement for costs incurred and shall be deposited in the fund of the board recovering the costs to be available upon appropriation by the Legislature.

(i) Nothing in this section shall preclude a board from including the recovery of the costs of investigation and enforcement of a case in any stipulated settlement.

(j) This section does not apply to any board if a specific statutory provision in that board's licensing act provides for recovery of costs in an administrative disciplinary proceeding.

(k) Notwithstanding the provisions of this section, the Medical Board of California shall not request nor obtain from a physician and surgeon, investigation and prosecution costs for a disciplinary proceeding against the licentiate. The board shall ensure that this subdivision is revenue neutral with regard to it and that any loss of revenue or increase in costs resulting from this subdivision is offset by an increase in the amount of the initial license fee and the biennial renewal fee, as provided in subdivision (e) of Section 2435.

SEC. 3. Section 801 of the Business and Professions Code is amended to read:

801. (a) Except as provided in Section 801.01 and subdivisions (b), (c), and (d) of this section, every insurer providing professional liability insurance to a person who holds a license, certificate, or similar authority from or under any agency mentioned in subdivision (a) of Section 800 shall send a complete report to that agency as to any settlement or

The requirement of written consent shall only be waived by both the insured and the insurer. This section shall only apply to a settlement on a policy of insurance executed or renewed on or after January 1, 1971.

SEC. 4. Section 801.01 is added to the Business and Professions Code, to read:

The applicable board may, upon prior notification of the parties to the action, petition the appropriate court for modification of any protective order to permit disclosure to the board. A professional liability insurer, self-insured governmental agency, or licensee or his or her counsel shall maintain the records and depositions referred to in this paragraph for at least one year from the date of filing of the report required by this section.

(i) If the board, within 60 days of its receipt of a report filed under this section, notifies a person named in the report, that person shall maintain for the period of three years from the date of filing of the report any records he or she has as to the matter in question and shall make those records available upon request to the board to which the report was sent.

(j) Notwithstanding any other provision of law, no insurer shall enter into a settlement without the written consent of the insured, except that this prohibition shall not void any settlement entered into without that written consent. The requirement of written consent shall only be waived by both the insured and the insurer.

SEC. 5. Section 801.1 of the Business and Professions Code is amended to read:

801.1. (a) Every state or local governmental agency that self insures a person who holds a license, certificate or similar authority from or under any agency mentioned in subdivision (a) of Section 800 (except a person licensed pursuant to Chapter 3 (commencing with Section 1200) or Chapter 5 (commencing with Section 2000) or the Osteopathic Initiative Act) shall send a complete report to that agency as to any settlement or arbitration award over three thousand dollars ($3,000) of a claim or action for damages for death or personal injury caused by that person's negligence, error or omission in practice, or rendering of unauthorized professional services. The report shall be sent within 30 days after the written settlement agreement has been reduced to writing and signed by all parties thereto or within 30 days after service of the arbitration award on the parties.

(b) Every state or local governmental agency that self-insures a person licensed pursuant to Chapter 13 (commencing with Section 4980) or Chapter 14 (commencing with Section 4990) shall send a complete report to the Board of Behavioral Science Examiners as to any settlement or arbitration award over ten thousand dollars ($10,000) of a claim or action for damages for death or personal injury caused by that person's negligence, error, or omission in practice, or rendering of unauthorized professional services. The report shall be sent within 30 days after the

written settlement agreement has been reduced to writing and signed by all parties thereto or within 30 days after service of the arbitration award on the parties.

SEC. 6. Section 802 of the Business and Professions Code is amended to read:

802. (a) Every settlement, judgment, or arbitration award over three thousand dollars ($3,000) of a claim or action for damages for death or personal injury caused by negligence, error or omission in practice, or by the unauthorized rendering of professional services, by a person who holds a license, certificate, or other similar authority from an agency mentioned in subdivision (a) of Section 800 (except a person licensed pursuant to Chapter 3 (commencing with Section 1200) or Chapter 5 (commencing with Section 2000) or the Osteopathic Initiative Act) who does not possess professional liability insurance as to that claim shall, within 30 days after the written settlement agreement has been reduced to writing and signed by all the parties thereto or 30 days after service of the judgment or arbitration award on the parties, be reported to the agency that issued the license, certificate, or similar authority. A complete report shall be made by appropriate means by the person or his or her counsel, with a copy of the communication to be sent to the claimant through his or her counsel if the person is so represented, or directly if he or she is not. If, within 45 days of the conclusion of the written settlement agreement or service of the judgment or arbitration award on the parties, counsel for the claimant (or if the claimant is not represented by counsel, the claimant himself or herself) has not received a copy of the report, he or she shall himself or herself make the complete report. Failure of the licensee or claimant (or, if represented by counsel, their counsel) to comply with this section is a public offense punishable by a fine of not less than fifty dollars ($50) or more than five hundred dollars ($500). Knowing and intentional failure to comply with this section or conspiracy or collusion not to comply with this section, or to hinder or impede any other person in the compliance, is a public offense punishable by a fine of not less than five thousand dollars ($5,000) nor more than fifty thousand dollars ($50,000).

(b) Every settlement, judgment, or arbitration award over ten thousand dollars ($10,000) of a claim or action for damages for death or personal injury caused by negligence, error, or omission in practice, or by the unauthorized rendering of professional services, by a marriage and family therapist or clinical social worker licensed pursuant to Chapter 13 (commencing with Section 4980) or Chapter 14 (commencing with Section 4990) who does not possess professional liability insurance as to that claim shall within 30 days after the written settlement agreement has been reduced to writing and signed by all the parties thereto or 30

days after service of the judgment or arbitration award on the parties be reported to the agency that issued the license, certificate, or similar authority. A complete report shall be made by appropriate means by the person or his or her counsel, with a copy of the communication to be sent to the claimant through his or her counsel if he or she is so represented, or directly if he or she is not. If, within 45 days of the conclusion of the written settlement agreement or service of the judgment or arbitration award on the parties, counsel for the claimant (or if he or she is not represented by counsel, the claimant himself or herself) has not received a copy of the report, he or she shall himself or herself make a complete report. Failure of the marriage and family therapist or clinical social worker or claimant (or, if represented by counsel, their counsel) to comply with this section is a public offense punishable by a fine of not less than fifty dollars ($50) nor more than five hundred dollars ($500). Knowing and intentional failure to comply with this section, or conspiracy or collusion not to comply with this section or to hinder or impede any other person in that compliance, is a public offense punishable by a fine of not less than five thousand dollars ($5,000) nor more than fifty thousand dollars ($50,000).

SEC. 7. Section 802.1 of the Business and Professions Code is amended to read:

802.1. (a) (1) A physician and surgeon, osteopathic physician and surgeon, and a doctor of podiatric medicine shall report either of the following to the entity that issued his or her license:

(A) The bringing of an indictment or information charging a felony against the licensee.

(B) The conviction of the licensee, including any verdict of guilty, or plea of guilty or no contest, of any felony or misdemeanor.

(2) The report required by this subdivision shall be made in writing within 30 days of the date of the bringing of the indictment or information or of the conviction.

(b) Failure to make a report required by this section shall be a public offense punishable by a fine not to exceed five thousand dollars ($5,000).

SEC. 8. Section 802.3 of the Business and Professions Code is repealed.

SEC. 9. Section 803 of the Business and Professions Code is amended to read:

803. (a) Except as provided in subdivision (b), within 10 days after a judgment by a court of this state that a person who holds a license, certificate, or other similar authority from the Board of Behavioral Science Examiners or from an agency mentioned in subdivision (a) of Section 800 (except a person licensed pursuant to Chapter 3 (commencing with Section 1200)) has committed a crime, or is liable for any death or

personal injury resulting in a judgment for an amount in excess of thirty thousand dollars ($30,000) caused by his or her negligence, error or omission in practice, or his or her rendering unauthorized professional services, the clerk of the court that rendered the judgment shall report that fact to the agency that issued the license, certificate, or other similar authority.

(b) For purposes of a physician and surgeon, osteopathic physician and surgeon, or doctor of podiatric medicine, who is liable for any death or personal injury resulting in a judgment of any amount caused by his or her negligence, error or omission in practice, or his or her rendering unauthorized professional services, the clerk of the court that rendered the judgment shall report that fact to the agency that issued the license.

SEC. 10. Section 803.1 of the Business and Professions Code is amended to read:

803.1. (a) Notwithstanding any other provision of law, the Medical Board of California, the Osteopathic Medical Board of California, and the California Board of Podiatric Medicine shall disclose to an inquiring member of the public information regarding any enforcement actions taken against a licensee by either board or by another state or jurisdiction, including all of the following:

(1) Temporary restraining orders issued.

(2) Interim suspension orders issued.

(3) Revocations, suspensions, probations, or limitations on practice ordered by the board, including those made part of a probationary order or stipulated agreement.

(4) Public letters of reprimand issued.

(5) Infractions, citations, or fines imposed.

(b) Notwithstanding any other provision of law, in addition to the information provided in subdivision (a), the Medical Board of California, the Osteopathic Medical Board of California, and the California Board of Podiatric Medicine shall disclose to an inquiring member of the public all of the following:

(1) Civil judgments in any amount, whether or not vacated by a settlement after entry of the judgment, that were not reversed on appeal and arbitration awards in any amount of a claim or action for damages for death or personal injury caused by the physician and surgeon's negligence, error, or omission in practice, or by his or her rendering of unauthorized professional services.

(2) (A) All settlements in the possession, custody, or control of the board shall be disclosed for a licensee in the low-risk category if there are three or more settlements for that licensee within the last 10 years, except for settlements by a licensee regardless of the amount paid where (i) the settlement is made as a part of the settlement of a class claim, (ii)

the licensee paid in settlement of the class claim the same amount as the other licensees in the same class or similarly situated licensees in the same class, and (iii) the settlement was paid in the context of a case where the complaint that alleged class liability on behalf of the licensee also alleged a products liability class action cause of action. All settlements in the possession, custody, or control of the board shall be disclosed for a licensee in the high-risk category if there are four or more settlements for that licensee within the last 10 years except for settlements by a licensee regardless of the amount paid where (i) the settlement is made as a part of the settlement of a class claim, (ii) the licensee paid in settlement of the class claim the same amount as the other licensees in the same class or similarly situated licensees in the same class, and (iii) the settlement was paid in the context of a case where the complaint that alleged class liability on behalf of the licensee also alleged a products liability class action cause of action. Classification of a licensee in either a "high-risk category" or a "low-risk category" depends upon the specialty or subspecialty practiced by the licensee and the designation assigned to that specialty or subspecialty by the Medical Board of California, as described in subdivision (f). For the purposes of this paragraph, "settlement" means a settlement of an action described in paragraph (1) entered into by the licensee on or after January 1, 2003, in an amount of thirty thousand dollars ($30,000) or more.

(B) The board shall not disclose the actual dollar amount of a settlement but shall put the number and amount of the settlement in context by doing the following:

(i) Comparing the settlement amount to the experience of other licensees within the same specialty or subspecialty, indicating if it is below average, average, or above average for the most recent 10-year period.

(ii) Reporting the number of years the licensee has been in practice.

(iii) Reporting the total number of licensees in that specialty or subspecialty, the number of those who have entered into a settlement agreement, and the percentage that number represents of the total number of licensees in the specialty or subspecialty.

(3) Current American Board of Medical Specialty certification or board equivalent as certified by the Medical Board of California, the Osteopathic Medical Board of California, or the California Board of Podiatric Medicine.

(4) Approved postgraduate training.

(5) Status of the license of a licensee. By January 1, 2004, the Medical Board of California, the Osteopathic Medical Board of California, and the California Board of Podiatric Medicine shall adopt regulations

defining the status of a licensee. The board shall employ this definition when disclosing the status of a licensee pursuant to Section 2027.

(6) Any summaries of hospital disciplinary actions that result in the termination or revocation of a licensee's staff privileges for medical disciplinary cause or reason.

(c) Notwithstanding any other provision of law, the Medical Board of California, the Osteopathic Medical Board of California, and the California Board of Podiatric Medicine shall disclose to an inquiring member of the public information received regarding felony convictions of a physician and surgeon or doctor of podiatric medicine.

(d) The Medical Board of California, the Osteopathic Medical Board of California, and the California Board of Podiatric Medicine may formulate appropriate disclaimers or explanatory statements to be included with any information released, and may by regulation establish categories of information that need not be disclosed to an inquiring member of the public because that information is unreliable or not sufficiently related to the licensee's professional practice. The Medical Board of California, the Osteopathic Medical Board of California, and the California Board of Podiatric Medicine shall include the following statement when disclosing information concerning a settlement:

"Some studies have shown that there is no significant correlation between malpractice history and a doctor's competence. At the same time, the State of California believes that consumers should have access to malpractice information. In these profiles, the State of California has given you information about both the malpractice settlement history for the doctor's specialty and the doctor's history of settlement payments only if in the last 10 years, the doctor, if in a low-risk specialty, has three or more settlements or the doctor, if in a high-risk specialty, has four or more settlements. The State of California has excluded some class action lawsuits because those cases are commonly related to systems issues such as product liability, rather than questions of individual professional competence and because they are brought on a class basis where the economic incentive for settlement is great. The State of California has placed payment amounts into three statistical categories: below average, average, and above average compared to others in the doctor's specialty. To make the best health care decisions, you should view this information in perspective. You could miss an opportunity for high-quality care by selecting a doctor based solely on malpractice history.

When considering malpractice data, please keep in mind:

Malpractice histories tend to vary by specialty. Some specialties are more likely than others to be the subject of litigation. This report compares doctors only to the members of their specialty, not to all doctors, in order to make an individual doctor's history more meaningful.

This report reflects data only for settlements made on or after January 1, 2003. Moreover, it includes information concerning those settlements for a 10-year period only. Therefore, you should know that a doctor may have made settlements in the 10 years immediately preceding January 1, 2003, that are not included in this report. After January 1, 2013, for doctors practicing less than 10 years, the data covers their total years of practice. You should take into account the effective date of settlement disclosure as well as how long the doctor has been in practice when considering malpractice averages.

The incident causing the malpractice claim may have happened years before a payment is finally made. Sometimes, it takes a long time for a malpractice lawsuit to settle. Some doctors work primarily with high-risk patients. These doctors may have malpractice settlement histories that are higher than average because they specialize in cases or patients who are at very high risk for problems.

Settlement of a claim may occur for a variety of reasons that do not necessarily reflect negatively on the professional competence or conduct of the doctor. A payment in settlement of a medical malpractice action or claim should not be construed as creating a presumption that medical malpractice has occurred.

You may wish to discuss information in this report and the general issue of malpractice with your doctor."

(e) The Medical Board of California, the Osteopathic Medical Board of California, and the California Board of Podiatric Medicine shall, by regulation, develop standard terminology that accurately describes the different types of disciplinary filings and actions to take against a licensee as described in paragraphs (1) to (5), inclusive, of subdivision (a). In providing the public with information about a licensee via the Internet pursuant to Section 2027, the Medical Board of California, the Osteopathic Medical Board of California, and the California Board of Podiatric Medicine shall not use the terms "enforcement," "discipline," or similar language implying a sanction unless the physician and surgeon has been the subject of one of the actions described in paragraphs (1) to (5), inclusive, of subdivision (a).

(f) The Medical Board of California shall adopt regulations no later than July 1, 2003, designating each specialty and subspecialty practice area as either high risk or low risk. In promulgating these regulations, the board shall consult with commercial underwriters of medical malpractice insurance companies, health care systems that self-insure physicians and surgeons, and representatives of the California medical specialty societies. The board shall utilize the carriers' statewide data to establish the two risk categories and the averages required by subparagraph (B) of paragraph (2) of subdivision (b). Prior to issuing

regulations, the board shall convene public meetings with the medical malpractice carriers, self-insurers, and specialty representatives.

(g) The Medical Board of California, the Osteopathic Medical Board of California, and the California Board of Podiatric Medicine shall provide each licensee with a copy of the text of any proposed public disclosure authorized by this section prior to release of the disclosure to the public. The licensee shall have 10 working days from the date the board provides the copy of the proposed public disclosure to propose corrections of factual inaccuracies. Nothing in this section shall prevent the board from disclosing information to the public prior to the expiration of the 10-day period.

(h) Pursuant to subparagraph (A) of paragraph (2) of subdivision (b), the specialty or subspecialty information required by this section shall group physicians by specialty board recognized pursuant to paragraph (5) of subdivision (h) of Section 651 unless a different grouping would be more valid and the board, in its statement of reasons for its regulations, explains why the validity of the grouping would be more valid.

SEC. 11. Section 803.2 of the Business and Professions Code is repealed.

SEC. 12. Section 803.3 of the Business and Professions Code is repealed.

SEC. 13. Section 803.5 of the Business and Professions Code is amended to read:

803.5. (a) The district attorney, city attorney, or other prosecuting agency shall notify the Medical Board of California, the Osteopathic Medical Board of California, the California Board of Podiatric Medicine, the State Board of Chiropractic Examiners, or other appropriate allied health board, and the clerk of the court in which the charges have been filed, of any filings against a licensee of that board charging a felony immediately upon obtaining information that the defendant is a licensee of the board. The notice shall identify the licensee and describe the crimes charged and the facts alleged. The prosecuting agency shall also notify the clerk of the court in which the action is pending that the defendant is a licensee, and the clerk shall record prominently in the file that the defendant holds a license from one of the boards described above.

(b) The clerk of the court in which a licensee of one of the boards is convicted of a crime shall, within 48 hours after the conviction, transmit a certified copy of the record of conviction to the applicable board.

SEC. 14. Section 804 of the Business and Professions Code is amended to read:

804. (a) Any agency to whom reports are to be sent under Section 801, 801.1, 802, or 803, may develop a prescribed form for the making

of the reports, usage of which it may, but need not, by regulation, require in all cases.

(b) A report required to be made by Sections 801, 801.1, or 802 shall be deemed complete only if it includes the following information: (1) the name and last known business and residential addresses of every plaintiff or claimant involved in the matter, whether or not each plaintiff or claimant recovered anything; (2) the name and last known business and residential addresses of every physician or provider of health care services who was claimed or alleged to have acted improperly, whether or not that person was a named defendant and whether or not any recovery or judgment was had against that person; (3) the name, address, and principal place of business of every insurer providing professional liability insurance as to any person named in (2), and the insured's policy number; (4) the name of the court in which the action or any part of the action was filed along with the date of filing and docket number of each action; (5) a brief description or summary of the facts upon which each claim, charge or judgment rested including the date of occurrence; (6) the names and last known business and residential addresses of every person who acted as counsel for any party in the litigation or negotiations, along with an identification of the party whom said person represented; (7) the date and amount of final judgment or settlement; and (8) any other information the agency to whom the reports are to be sent may, by regulation, require.

(c) Every person named in the report, who is notified by the board within 60 days of the filing of the report, shall maintain for the period of three years from the filing of the report any records he or she has as to the matter in question and shall make those available upon request to the agency with which the report was filed.

SEC. 15. Section 804.5 of the Business and Professions Code is repealed.

SEC. 16. Section 805 of the Business and Professions Code is amended to read:

805. (a) As used in this section, the following terms have the following definitions:

(1) "Peer review body" includes:

(A) A medical or professional staff of any health care facility or clinic licensed under Division 2 (commencing with Section 1200) of the Health and Safety Code or of a facility certified to participate in the federal Medicare Program as an ambulatory surgical center.

(B) A health care service plan registered under Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code or a disability insurer that contracts with licentiates to provide

services at alternative rates of payment pursuant to Section 10133 of the Insurance Code.

(C) Any medical, psychological, marriage and family therapy, social work, dental, or podiatric professional society having as members at least 25 percent of the eligible licentiates in the area in which it functions (which must include at least one county), which is not organized for profit and which has been determined to be exempt from taxes pursuant to Section 23701 of the Revenue and Taxation Code.

(D) A committee organized by any entity consisting of or employing more than 25 licentiates of the same class that functions for the purpose of reviewing the quality of professional care provided by members or employees of that entity.

(2) "Licentiate" means a physician and surgeon, doctor of podiatric medicine, clinical psychologist, marriage and family therapist, clinical social worker, or dentist. "Licentiate" also includes a person authorized to practice medicine pursuant to Section 2113.

(3) "Agency" means the relevant state licensing agency having regulatory jurisdiction over the licentiates listed in paragraph (2).

(4) "Staff privileges" means any arrangement under which a licentiate is allowed to practice in or provide care for patients in a health facility. Those arrangements shall include, but are not limited to, full staff privileges, active staff privileges, limited staff privileges, auxiliary staff privileges, provisional staff privileges, temporary staff privileges, courtesy staff privileges, locum tenens arrangements, and contractual arrangements to provide professional services, including, but not limited to, arrangements to provide outpatient services.

(5) "Denial or termination of staff privileges, membership, or employment" includes failure or refusal to renew a contract or to renew, extend, or reestablish any staff privileges, if the action is based on medical disciplinary cause or reason.

(6) "Medical disciplinary cause or reason" means that aspect of a licentiate's competence or professional conduct that is reasonably likely to be detrimental to patient safety or to the delivery of patient care.

(7) "805 report" means the written report required under subdivision (b).

(b) The chief of staff of a medical or professional staff or other chief executive officer, medical director, or administrator of any peer review body and the chief executive officer or administrator of any licensed health care facility or clinic shall file an 805 report with the relevant agency within 15 days after the effective date of any of the following that occur as a result of an action of a peer review body:

(1) A licentiate's application for staff privileges or membership is denied or rejected for a medical disciplinary cause or reason.

(2) A licentiate's membership, staff privileges, or employment is terminated or revoked for a medical disciplinary cause or reason.

(3) Restrictions are imposed, or voluntarily accepted, on staff privileges, membership, or employment for a cumulative total of 30 days or more for any 12-month period, for a medical disciplinary cause or reason.

(c) The chief of staff of a medical or professional staff or other chief executive officer, medical director, or administrator of any peer review body and the chief executive officer or administrator of any licensed health care facility or clinic shall file an 805 report with the relevant agency within 15 days after any of the following occur after notice of either an impending investigation or the denial or rejection of the application for a medical disciplinary cause or reason:

(1) Resignation or leave of absence from membership, staff, or employment.

(2) The withdrawal or abandonment of a licentiate's application for staff privileges or membership.

(3) The request for renewal of those privileges or membership is withdrawn or abandoned.

(d) For purposes of filing an 805 report, the signature of at least one of the individuals indicated in subdivision (b) or (c) on the completed form shall constitute compliance with the requirement to file the report.

(e) An 805 report shall also be filed within 15 days following the imposition of summary suspension of staff privileges, membership, or employment, if the summary suspension remains in effect for a period in excess of 14 days.

(f) A copy of the 805 report, and a notice advising the licentiate of his or her right to submit additional statements or other information pursuant to Section 800, shall be sent by the peer review body to the licentiate named in the report.

The information to be reported in an 805 report shall include the name and license number of the licentiate involved, a description of the facts and circumstances of the medical disciplinary cause or reason, and any other relevant information deemed appropriate by the reporter.

A supplemental report shall also be made within 30 days following the date the licentiate is deemed to have satisfied any terms, conditions, or sanctions imposed as disciplinary action by the reporting peer review body. In performing its dissemination functions required by Section 805.5, the agency shall include a copy of a supplemental report, if any, whenever it furnishes a copy of the original 805 report.

If another peer review body is required to file an 805 report, a health care service plan is not required to file a separate report with respect to action attributable to the same medical disciplinary cause or reason. If

the Medical Board of California or a licensing agency of another state revokes or suspends, without a stay, the license of a physician and surgeon, a peer review body is not required to file an 805 report when it takes an action as a result of the revocation or suspension.

(g) The reporting required by this section shall not act as a waiver of confidentiality of medical records and committee reports. The information reported or disclosed shall be kept confidential except as provided in subdivision (c) of Section 800 and Sections 803.1 and 2027, provided that a copy of the report containing the information required by this section may be disclosed as required by Section 805.5 with respect to reports received on or after January 1, 1976.

(h) The Medical Board of California, the Osteopathic Medical Board of California, and the Dental Board of California shall disclose reports as required by Section 805.5.

(i) An 805 report shall be maintained by an agency for dissemination purposes for a period of three years after receipt.

(j) No person shall incur any civil or criminal liability as the result of making any report required by this section.

(k) A willful failure to file an 805 report by any person who is designated or otherwise required by law to file an 805 report is punishable by a fine not to exceed one hundred thousand dollars ($100,000) per violation. The fine may be imposed in any civil or administrative action or proceeding brought by or on behalf of any agency having regulatory jurisdiction over the person regarding whom the report was or should have been filed. If the person who is designated or otherwise required to file an 805 report is a licensed physician and surgeon, the action or proceeding shall be brought by the Medical Board of California. The fine shall be paid to that agency but not expended until appropriated by the Legislature. A violation of this subdivision may constitute unprofessional conduct by the licentiate. A person who is alleged to have violated this subdivision may assert any defense available at law. As used in this subdivision, "willful" means a voluntary and intentional violation of a known legal duty.

(*l*) Except as otherwise provided in subdivision (k), any failure by the administrator of any peer review body, the chief executive officer or administrator of any health care facility, or any person who is designated or otherwise required by law to file an 805 report, shall be punishable by a fine that under no circumstances shall exceed fifty thousand dollars ($50,000) per violation. The fine may be imposed in any civil or administrative action or proceeding brought by or on behalf of any agency having regulatory jurisdiction over the person regarding whom the report was or should have been filed. If the person who is designated or otherwise required to file an 805 report is a licensed

physician and surgeon, the action or proceeding shall be brought by the Medical Board of California. The fine shall be paid to that agency but not expended until appropriated by the Legislature. The amount of the fine imposed, not exceeding fifty thousand dollars ($50,000) per violation, shall be proportional to the severity of the failure to report and shall differ based upon written findings, including whether the failure to file caused harm to a patient or created a risk to patient safety; whether the administrator of any peer review body, the chief executive officer or administrator of any health care facility, or any person who is designated or otherwise required by law to file an 805 report exercised due diligence despite the failure to file or whether they knew or should have known that an 805 report would not be filed; and whether there has been a prior failure to file an 805 report. The amount of the fine imposed may also differ based on whether a health care facility is a small or rural hospital as defined in Section 124840 of the Health and Safety Code.

(m) A health care service plan registered under Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code or a disability insurer that negotiates and enters into a contract with licentiates to provide services at alternative rates of payment pursuant to Section 10133 of the Insurance Code, when determining participation with the plan or insurer, shall evaluate, on a case-by-case basis, licentiates who are the subject of an 805 report, and not automatically exclude or deselect these licentiates.

SEC. 17. Section 805.2 of the Business and Professions Code is amended to read:

805.2. (a) It is the intent of the Legislature to provide for a comprehensive study of the peer review process as it is conducted by peer review bodies defined in paragraph (1) of subdivision (a) of Section 805, in order to evaluate the continuing validity of Section 805 and Sections 809 to 809.8, inclusive, and their relevance to the conduct of peer review in California.

(b) The Medical Board of California shall contract with an independent entity to conduct this study that is fair, objective, and free from bias that is directly familiar with the peer review process and does not advocate regularly before the board on peer review matters or on physician and surgeon disciplinary matters.

(c) The study by the independent entity shall include, but not be limited to, the following components:

(1) A comprehensive description of the various steps of and decisionmakers in the peer review process as it is conducted by peer review bodies throughout the state, including the role of other related committees of acute care health facilities and clinics involved in the peer review process.

(2) A survey of peer review cases to determine the incidence of peer review by peer review bodies, and whether they are complying with the reporting requirement in Section 805.

(3) A description and evaluation of the roles and performance of various state agencies, including the State Department of Health Services and occupational licensing agencies that regulate healing arts professionals, in receiving, reviewing, investigating, and disclosing peer review actions, and in sanctioning peer review bodies for failure to comply with Section 805.

(4) An assessment of the cost of peer review to licentiates and the facilities which employ them.

(5) An assessment of the time consumed by the average peer review proceeding, including the hearing provided pursuant to Section 809.2, and a description of any difficulties encountered by either licentiates or facilities in assembling peer review bodies or panels to participate in peer review decisionmaking.

(6) An assessment of the need to amend Section 805 and Sections 809 to 809.8, inclusive, to ensure that they continue to be relevant to the actual conduct of peer review as described in paragraph (1), and to evaluate whether the current reporting requirement is yielding timely and accurate information to aid licensing boards in their responsibility to regulate and discipline healing arts practitioners when necessary, and to assure that peer review bodies function in the best interest of patient care.

(7) Recommendations of additional mechanisms to stimulate the appropriate reporting of peer review actions under Section 805.

(8) Recommendations regarding the Section 809 hearing process to improve its overall effectiveness and efficiency.

(9) An assessment of the role of medical professionals, using professionals who are experts and are actively practicing medicine in this state, to review and investigate for the protection of consumers, allegations of substandard practice or professional misconduct.

(10) An assessment of the process to identify and retain a medical professional with sufficient expertise to review allegations of substandard practice or professional misconduct by a physician and surgeon, if the peer review process is discontinued.

(d) The independent entity shall exercise no authority over the peer review processes of peer review bodies. However, peer review bodies, health care facilities, health care clinics, and health care service plans shall cooperate with the independent entity in providing raw data, information, and case files as requested in a mutually agreeable timeframe.

(e) The case files and other information obtained by the independent entity shall be confidential. The independent entity shall not release the case files or other information it obtains to any individual, agency, or entity, including the board, except as aggregate data, examples, or in the final report submitted to the board and the Legislature, but in no case shall information released under these exemptions be identifiable in any way or associated with, or related to, a specific facility, individual, or peer review body.

(f) Notwithstanding any other provision of law, information obtained by the independent entity from a peer review body or from any other person or entity and information otherwise generated by the independent entity, including, but not limited to, raw data, patient information, case files or records, interviews and records of interviews, proceedings of a peer review body, and analyses or conclusions of the independent entity, shall not be subject to discovery or to a subpoena or a subpoena duces tecum and shall not be admissible as evidence in any court of law in this state. The information described in this subdivision shall be subject to all other confidentiality protections and privileges otherwise provided by law. The independent entity and its employees and contractors shall assert all of the protections for the information described in this subdivision that may apply in order to protect the information from disclosure. However, nothing in this section shall affect provisions of law relating to otherwise admissible material obtainable from sources other than the independent entity.

(g) The independent entity shall report to the peer review body any information it obtains from the peer review body that the independent entity determines should have been reported pursuant to Section 805. The independent entity shall include with the report a clear explanation of the reasons it determined that the information warrants a report under Section 805. If the peer review body agrees with the independent entity's determination, the peer review body shall report the information pursuant to Section 805 without being subject to penalties under subdivision (k) or (*l*) of Section 805, if the peer review body makes the report to the board within 30 days of the date the independent entity reported its determination to the peer review body, unless additional time is required to afford due process or fair hearing rights to the subject of the report as required by Section 805 and Sections 809.1 and following.

(h) The independent entity shall work in cooperation with and under the general oversight of the Executive Director of the Medical Board of California and shall submit a written report with its findings and recommendations to the board and the Legislature no later than July 31, 2008.

(i) Completion of the peer review study pursuant to this section shall be among the highest priorities of the Medical Board of California, and the board shall ensure that it is completed no later than July 31, 2008.

SEC. 18. Section 2026 of the Business and Professions Code is repealed.

SEC. 19. Section 2026 is added to the Business and Professions Code, to read:

2026. The California Research Bureau (CRB) of the California State Library shall study the role of public disclosure in the public protection mandate of the board. The ensuing CRB report shall include, but not be limited to, considering whether the public is adequately informed about physician misconduct by the current laws and regulations providing for disclosure. The study shall present policy options for improving public access. The board shall work cooperatively with the CRB, providing cost-free access and reproduction assistance to the board's records while protecting the identity and privacy of all persons involved in any complaint. The provision of confidential data, information, and case files by the board to the CRB shall not constitute a waiver of any exemption from disclosure or discovery or of any confidentiality protection or privilege otherwise provided by law that is applicable to the data, information, or case files. Data will be presented in aggregate categories. This study shall be commenced as soon as possible and a report to the Legislature completed no later than July 1, 2008.

SEC. 20. Section 2027 of the Business and Professions Code is amended to read:

2027. (a) On or after July 1, 2001, the board shall post on the Internet the following information in its possession, custody, or control regarding licensed physicians and surgeons:

(1) With regard to the status of the license, whether or not the licensee is in good standing, subject to a temporary restraining order (TRO), subject to an interim suspension order (ISO), or subject to any of the enforcement actions set forth in Section 803.1.

(2) With regard to prior discipline, whether or not the licensee has been subject to discipline by the board or by the board of another state or jurisdiction, as described in Section 803.1.

(3) Any felony convictions reported to the board after January 3, 1991.

(4) All current accusations filed by the Attorney General, including those accusations that are on appeal. For purposes of this paragraph, "current accusation" shall mean an accusation that has not been dismissed, withdrawn, or settled, and has not been finally decided upon by an administrative law judge and the Medical Board of California unless an appeal of that decision is pending.

(5) Any malpractice judgment or arbitration award reported to the board after January 1, 1993.

(6) Any hospital disciplinary actions that resulted in the termination or revocation of a licensee's hospital staff privileges for a medical disciplinary cause or reason.

(7) Any misdemeanor conviction that results in a disciplinary action or an accusation that is not subsequently withdrawn or dismissed.

(8) Appropriate disclaimers and explanatory statements to accompany the above information, including an explanation of what types of information are not disclosed. These disclaimers and statements shall be developed by the board and shall be adopted by regulation.

(9) Any information required to be disclosed pursuant to Section 803.1.

(b) (1) From January 1, 2003, the information described in paragraphs (1) (other than whether or not the licensee is in good standing), (2), (4), (5), (7), and (9) of subdivision (a) shall remain posted for a period of 10 years from the date the board obtains possession, custody, or control of the information, and after the end of that period shall be removed from being posted on the board's Internet Web site. Information in the possession, custody, or control of the board prior to January 1, 2003, shall be posted for a period of 10 years from January 1, 2003. Settlement information shall be posted as described in paragraph (2) of subdivision (b) of Section 803.1.

(2) The information described in paragraphs (3) and (6) of subdivision (a) shall not be removed from being posted on the board's Internet Web site. Notwithstanding the provisions of this paragraph, if a licensee's hospital staff privileges are restored and the licensee notifies the board of the restoration, the information pertaining to the termination or revocation of those privileges, as described in paragraph (6) of subdivision (a), shall remain posted for a period of 10 years from the restoration date of the privileges, and at the end of that period shall be removed from being posted on the board's Internet Web site.

(c) The board shall provide links to other Web sites on the Internet that provide information on board certifications that meet the requirements of subdivision (b) of Section 651. The board may provide links to other Web sites on the Internet that provide information on health care service plans, health insurers, hospitals, or other facilities. The board may also provide links to any other sites that would provide information on the affiliations of licensed physicians and surgeons.

SEC. 21. Section 2435 of the Business and Professions Code is amended to read:

2435. The following fees apply to the licensure of physicians and surgeons:

(a) Each applicant for a certificate based upon a national board diplomate certificate, each applicant for a certificate based on reciprocity, and each applicant for a certificate based upon written examination, shall pay a nonrefundable application and processing fee, as set forth in subdivision (b), at the time the application is filed.

(b) The application and processing fee shall be fixed by the Division of Licensing by May 1 of each year, to become effective on July 1 of that year. The fee shall be fixed at an amount necessary to recover the actual costs of the licensing program as projected for the fiscal year commencing on the date the fees become effective.

(c) Each applicant who qualifies for a certificate, as a condition precedent to its issuance, in addition to other fees required herein, shall pay an initial license fee, if any. The initial license fee shall be seven hundred ninety dollars ($790). An applicant enrolled in an approved postgraduate training program shall be required to pay only 50 percent of the initial license fee.

(d) The biennial renewal fee shall be seven hundred ninety dollars ($790).

(e) Notwithstanding subdivisions (c) and (d) and to ensure that subdivision (k) of Section 125.3 is revenue neutral with regard to the board, the board may, by regulation, increase the amount of the initial license fee and the biennial renewal fee by an amount required to recover both of the following:

(1) The average amount received by the board during the three fiscal years immediately preceding July 1, 2006, as reimbursement for the reasonable costs of investigation and enforcement proceedings pursuant to Section 125.3.

(2) Any increase in the amount of investigation and enforcement costs incurred by the board after January 1, 2006, that exceeds the average costs expended for investigation and enforcement costs during the three fiscal years immediately preceding July 1, 2006. When calculating the amount of costs for services for which the board paid an hourly rate, the board shall use the average number of hours for which the board paid for those costs over these prior three fiscal years, multiplied by the hourly rate paid by the board for those costs as of July 1, 2005. Beginning January 1, 2009, the board shall instead use the average number of hours for which it paid for those costs over the three-year period of fiscal years 2005–06, 2006–07, and 2007–08, multiplied by the hourly rate paid by the board for those costs as of July 1, 2005. In calculating the increase in the amount of investigation and enforcement costs, the board shall include only those costs for which it was eligible to obtain reimbursement under Section 125.3 and shall not include probation monitoring costs and disciplinary costs, including those associated with the citation and

fine process and those required to implement subdivision (b) of Section 12529 of the Government Code.

(f) Notwithstanding Section 163.5, the delinquency fee shall be 10 percent of the biennial renewal fee.

(g) The duplicate certificate and endorsement fees shall each be fifty dollars ($50), and the certification and letter of good standing fees shall each be ten dollars ($10).

(h) It is the intent of the Legislature that, in setting fees pursuant to this section, the board shall seek to maintain a reserve in the Contingent Fund of the Medical Board of California equal to approximately two months' operating expenditures.

(i) Not later than July 1, 2007, the Bureau of State Audits (BSA) shall conduct a review of the board's financial status, its financial projections and historical projections, including, but not limited to, its projections related to expenses, revenues, and reserves. The BSA shall, on the basis of the review, report to the Joint Legislative Audit Committee before January 1, 2008, on any adjustment to the amount of the licensure fee that is required to maintain the reserve amount in the Contingent Fund of the Medical Board of California pursuant to subdivision (h) of Section 2435, and whether a refund of any excess revenue should be made to licentiates.

SEC. 22. Section 12529.6 of the Government Code is amended to read:

12529.6. (a) The Legislature finds and declares that the Medical Board of California, by ensuring the quality and safety of medical care, performs one of the most critical functions of state government. Because of the critical importance of the board's public health and safety function, the complexity of cases involving alleged misconduct by physicians and surgeons, and the evidentiary burden in the board's disciplinary cases, the Legislature finds and declares that using a vertical prosecution model for those investigations is in the best interests of the people of California.

(b) Notwithstanding any other provision of law, as of January 1, 2006, each complaint that is referred to a district office of the board for investigation shall be simultaneously and jointly assigned to an investigator and to the deputy attorney general in the Health Quality Enforcement Section responsible for prosecuting the case if the investigation results in the filing of an accusation. The joint assignment of the investigator and the deputy attorney general shall exist for the duration of the disciplinary matter. During the assignment, the investigator so assigned shall, under the direction of the deputy attorney general, be responsible for obtaining the evidence required to permit the Attorney General to advise the board on legal matters such as whether the board should file a formal accusation, dismiss the complaint for a

lack of evidence required to meet the applicable burden of proof, or take other appropriate legal action.

(c) The Medical Board of California, the Department of Consumer Affairs, and the Office of the Attorney General shall, if necessary, enter into an interagency agreement to implement this section.

(d) This section does not affect the requirements of Section 12529.5 as applied to the Medical Board of California where complaints that have not been assigned to a field office for investigation are concerned.

(e) This section shall become inoperative on July 1, 2008, and, as of January 1, 2009, is repealed, unless a later enacted statute, that is enacted before January 1, 2009, deletes or extends the dates on which it becomes inoperative and is repealed.

CHAPTER 224

An act to amend Sections 214, 214.8, 254.5, 254.6, and 1840 of the Revenue and Taxation Code, and to amend Section 2 of Chapter 48 of the Statutes of 1987, relating to taxation.

[Approved by Governor September 7, 2006. Filed with Secretary of State September 7, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 214 of the Revenue and Taxation Code is amended to read:

214. (a) Property used exclusively for religious, hospital, scientific, or charitable purposes owned and operated by community chests, funds, foundations, limited liability companies, or corporations organized and operated for religious, hospital, scientific, or charitable purposes is exempt from taxation, including ad valorem taxes to pay the interest and redemption charges on any indebtedness approved by the voters prior to July 1, 1978, or any bonded indebtedness for the acquisition or improvement of real property approved on or after July 1, 1978, by two-thirds of the votes cast by the voters voting on the proposition, if:

(1) The owner is not organized or operated for profit. However, in the case of hospitals, the organization shall not be deemed to be organized or operated for profit if, during the immediately preceding fiscal year, operating revenues, exclusive of gifts, endowments and grants-in-aid, did not exceed operating expenses by an amount equivalent to 10 percent of those operating expenses. As used herein, operating expenses include

depreciation based on cost of replacement and amortization of, and interest on, indebtedness.

(2) No part of the net earnings of the owner inures to the benefit of any private shareholder or individual.

(3) The property is used for the actual operation of the exempt activity, and does not exceed an amount of property reasonably necessary to the accomplishment of the exempt purpose.

(A) For the purposes of determining whether the property is used for the actual operation of the exempt activity, consideration shall not be given to use of the property for either or both of the following described activities if that use is occasional:

(i) The owner conducts fundraising activities on the property and the proceeds derived from those activities are not unrelated business taxable income, as defined in Section 512 of the Internal Revenue Code, of the owner and are used to further the exempt activity of the owner.

(ii) The owner permits any other organization that meets all of the requirements of this subdivision, other than ownership of the property, to conduct fundraising activities on the property and the proceeds derived from those activities are not unrelated business taxable income, as defined in Section 512 of the Internal Revenue Code, of the organization, are not subject to the tax on unrelated business taxable income that is imposed by Section 511 of the Internal Revenue Code, and are used to further the exempt activity of the organization.

(B) For purposes of subparagraph (A):

(i) "Occasional use" means use of the property on an irregular or intermittent basis by the qualifying owner or any other qualifying organization described in clause (ii) of subparagraph (A) that is incidental to the primary activities of the owner or the other organization.

(ii) "Fundraising activities" means both activities involving the direct solicitation of money or other property and the anticipated exchange of goods or services for money between the soliciting organization and the organization or person solicited.

(C) Subparagraph (A) shall have no application in determining whether paragraph (3) has been satisfied unless the owner of the property and any other organization using the property as provided in subparagraph (A) have filed with the assessor a valid organizational clearance certificate issued pursuant to Section 254.6.

(D) For the purposes of determining whether the property is used for the actual operation of the exempt activity, consideration shall not be given to the use of the property for meetings conducted by any other organization if the meetings are incidental to the other organization's primary activities, are not fundraising meetings or activities as defined in subparagraph (B), are held no more than once per week, and the other

organization and its use of the property meet all other requirements of paragraphs (1) to (5), inclusive, of this subdivision. The owner or the other organization also shall file with the assessor a copy of a valid, unrevoked letter or ruling from the Internal Revenue Service or the Franchise Tax Board stating that the other organization, or the national organization of which it is a local chapter or affiliate, qualifies as an exempt organization under Section 501(c)(3) or 501(c)(4) of the Internal Revenue Code or Section 23701d, 23701f, or 23701w.

(E) Nothing in subparagraph (A), (B), (C), or (D) shall be construed to either enlarge or restrict the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the California Constitution and this section.

(4) The property is not used or operated by the owner or by any other person so as to benefit any officer, trustee, director, shareholder, member, employee, contributor, or bondholder of the owner or operator, or any other person, through the distribution of profits, payment of excessive charges or compensations, or the more advantageous pursuit of their business or profession.

(5) The property is not used by the owner or members thereof for fraternal or lodge purposes, or for social club purposes except where that use is clearly incidental to a primary religious, hospital, scientific, or charitable purpose.

(6) The property is irrevocably dedicated to religious, charitable, scientific, or hospital purposes and upon the liquidation, dissolution, or abandonment of the owner will not inure to the benefit of any private person except a fund, foundation, or corporation organized and operated for religious, hospital, scientific, or charitable purposes.

(7) The property, if used exclusively for scientific purposes, is used by a foundation or institution that, in addition to complying with the foregoing requirements for the exemption of charitable organizations in general, has been chartered by the Congress of the United States (except that this requirement shall not apply when the scientific purposes are medical research), and whose objects are the encouragement or conduct of scientific investigation, research, and discovery for the benefit of the community at large.

The exemption provided for herein shall be known as the "welfare exemption." This exemption shall be in addition to any other exemption now provided by law, and the existence of the exemption provision in paragraph (2) of subdivision (a) of Section 202 shall not preclude the exemption under this section for museum or library property. Except as provided in subdivision (e), this section shall not be construed to enlarge the college exemption.

(b) Property used exclusively for school purposes of less than collegiate grade and owned and operated by religious, hospital, or charitable funds, foundations, limited liability companies, or corporations, which property and funds, foundations, limited liability companies, or corporations meet all of the requirements of subdivision (a), shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the California Constitution and this section.

(c) Property used exclusively for nursery school purposes and owned and operated by religious, hospital, or charitable funds, foundations, limited liability companies, or corporations, which property and funds, foundations, limited liability companies, or corporations meet all the requirements of subdivision (a), shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the California Constitution and this section.

(d) Property used exclusively for a noncommercial educational FM broadcast station or an educational television station, and owned and operated by religious, hospital, scientific, or charitable funds, foundations, limited liability companies, or corporations meeting all of the requirements of subdivision (a), shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the California Constitution and this section.

(e) Property used exclusively for religious, charitable, scientific, or hospital purposes and owned and operated by religious, hospital, scientific, or charitable funds, foundations, limited liability companies, or corporations or educational institutions of collegiate grade, as defined in Section 203, which property and funds, foundations, limited liability companies, corporations, or educational institutions meet all of the requirements of subdivision (a), shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the California Constitution and this section. As to educational institutions of collegiate grade, as defined in Section 203, the requirements of paragraph (6) of subdivision (a) shall be deemed to be met if both of the following are met:

(1) The property of the educational institution is irrevocably dedicated in its articles of incorporation to charitable and educational purposes, to religious and educational purposes, or to educational purposes.

(2) The articles of incorporation of the educational institution provide for distribution of its property upon its liquidation, dissolution, or abandonment to a fund, foundation, or corporation organized and operated for religious, hospital, scientific, charitable, or educational purposes meeting the requirements for exemption provided by Section 203 or this section.

(f) Property used exclusively for housing and related facilities for elderly or handicapped families and financed by, including, but not limited to, the federal government pursuant to Section 202 of Public Law 86-372 (12 U.S.C. Sec. 1701q), as amended, Section 231 of Public Law 73-479 (12 U.S.C. Sec. 1715v), Section 236 of Public Law 90-448 (12 U.S.C. Sec. 1715z), or Section 811 of Public Law 101-625 (42 U.S.C. Sec. 8013), and owned and operated by religious, hospital, scientific, or charitable funds, foundations, limited liability companies, or corporations meeting all of the requirements of this section shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the California Constitution and this section.

The amendment of this paragraph made by Chapter 1102 of the Statutes of 1984 does not constitute a change in, but is declaratory of, existing law. However, no refund of property taxes shall be required as a result of this amendment for any fiscal year prior to the fiscal year in which the amendment takes effect.

Property used exclusively for housing and related facilities for elderly or handicapped families at which supplemental care or services designed to meet the special needs of elderly or handicapped residents are not provided, or that is not financed by the federal government pursuant to Section 202 of Public Law 86-372 (12 U.S.C. Sec. 1701q), as amended, Section 231 of Public Law 73-479 (12 U.S.C. Sec. 1715v), Section 236 of Public Law 90-448 (12 U.S.C. Sec. 1715z), or Section 811 of Public Law 101-625 (42 U.S.C. Sec. 8013), shall not be entitled to exemption pursuant to this subdivision unless the property is used for housing and related facilities for low- and moderate-income elderly or handicapped families. Property that would otherwise be exempt pursuant to this subdivision, except that it includes some housing and related facilities for other than low- or moderate-income elderly or handicapped families, shall be entitled to a partial exemption. The partial exemption shall be equal to that percentage of the value of the property that is equal to the percentage that the number of low- and moderate-income elderly and handicapped families occupying the property represents of the total number of families occupying the property.

As used in this subdivision, "low and moderate income" has the same meaning as the term "persons and families of low or moderate income" as defined by Section 50093 of the Health and Safety Code.

(g) (1) Property used exclusively for rental housing and related facilities and owned and operated by religious, hospital, scientific, or charitable funds, foundations, limited liability companies, or corporations, including limited partnerships in which the managing general partner is an eligible nonprofit corporation or eligible limited liability company, meeting all of the requirements of this section, or by veterans'

organizations, as described in Section 215.1, meeting all the requirements of paragraphs (1) to (7), inclusive, of subdivision (a), shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the California Constitution and this section and shall be entitled to a partial exemption equal to that percentage of the value of the property that the portion of the property serving lower income households represents of the total property in any year in which either of the following criteria applies:

(A) The acquisition, rehabilitation, development, or operation of the property, or any combination of these factors, is financed with tax-exempt mortgage revenue bonds or general obligation bonds, or is financed by local, state, or federal loans or grants and the rents of the occupants who are lower income households do not exceed those prescribed by deed restrictions or regulatory agreements pursuant to the terms of the financing or financial assistance.

(B) The owner of the property is eligible for and receives low-income housing tax credits pursuant to Section 42 of the Internal Revenue Code of 1986, as added by Public Law 99-514.

(C) In the case of a claim, other than a claim with respect to property owned by a limited partnership in which the managing general partner is an eligible nonprofit corporation, that is filed for the 2000–01 fiscal year or any fiscal year thereafter, 90 percent or more of the occupants of the property are lower income households whose rent does not exceed the rent prescribed by Section 50053 of the Health and Safety Code. The total exemption amount allowed under this subdivision to a taxpayer, with respect to a single property or multiple properties for any fiscal year on the sole basis of the application of this subparagraph, may not exceed twenty thousand dollars ($20,000) of tax.

(2) In order to be eligible for the exemption provided by this subdivision, the owner of the property shall do both of the following:

(A) (i) For any claim filed for the 2000–01 fiscal year or any fiscal year thereafter, certify and ensure, subject to the limitation in clause (ii), that there is an enforceable and verifiable agreement with a public agency, a recorded deed restriction, or other legal document that restricts the project's usage and that provides that the units designated for use by lower income households are continuously available to or occupied by lower income households at rents that do not exceed those prescribed by Section 50053 of the Health and Safety Code, or, to the extent that the terms of federal, state, or local financing or financial assistance conflicts with Section 50053, rents that do not exceed those prescribed by the terms of the financing or financial assistance.

(ii) In the case of a limited partnership in which the managing general partner is an eligible nonprofit corporation, the restriction and provision

specified in clause (i) shall be contained in an enforceable and verifiable agreement with a public agency, or in a recorded deed restriction to which the limited partnership certifies.

(B) Certify that the funds that would have been necessary to pay property taxes are used to maintain the affordability of, or reduce rents otherwise necessary for, the units occupied by lower income households.

(3) As used in this subdivision, "lower income households" has the same meaning as the term "lower income households" as defined by Section 50079.5 of the Health and Safety Code.

(h) Property used exclusively for an emergency or temporary shelter and related facilities for homeless persons and families and owned and operated by religious, hospital, scientific, or charitable funds, foundations, limited liability companies, or corporations meeting all of the requirements of this section shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the California Constitution and this section. Property that otherwise would be exempt pursuant to this subdivision, except that it includes housing and related facilities for other than an emergency or temporary shelter, shall be entitled to a partial exemption.

As used in this subdivision, "emergency or temporary shelter" means a facility that would be eligible for funding pursuant to Chapter 11 (commencing with Section 50800) of Part 2 of Division 31 of the Health and Safety Code.

(i) Property used exclusively for housing and related facilities for employees of religious, charitable, scientific, or hospital organizations that meet all the requirements of subdivision (a) and owned and operated by funds, foundations, limited liability companies, or corporations that meet all the requirements of subdivision (a) shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the California Constitution and this section to the extent the residential use of the property is institutionally necessary for the operation of the organization.

(j) For purposes of this section, charitable purposes include educational purposes. For purposes of this subdivision, "educational purposes" means those educational purposes and activities for the benefit of the community as a whole or an unascertainable and indefinite portion thereof, and do not include those educational purposes and activities that are primarily for the benefit of an organization's shareholders. Educational activities include the study of relevant information, the dissemination of that information to interested members of the general public, and the participation of interested members of the general public.

(k) In the case of property used exclusively for the exempt purposes specified in this section, owned and operated by limited liability

companies that are organized and operated for those purposes, the State Board of Equalization shall adopt regulations to specify the ownership, organizational, and operational requirements for those companies to qualify for the exemption provided by this section.

(*l*) The amendments made by Chapter 354 of the Statutes of 2004 shall apply with respect to lien dates occurring on and after January 1, 2005.

SEC. 2. Section 214.8 of the Revenue and Taxation Code is amended to read:

214.8. (a) Except as provided in Sections 213.7 and 231, and as provided in subdivision (g) of Section 214 with respect to veterans' organizations, the "welfare exemption" shall not be granted to any organization unless it is qualified as an exempt organization under either Section 23701d of this code or Section 501(c)(3) of the Internal Revenue Code. This section shall not be construed to enlarge the "welfare exemption" to apply to organizations qualified under Section 501(c)(3) of the Internal Revenue Code of 1954 but not otherwise qualified for the "welfare exemption" under other provisions of this code.

The exemption for veterans' organizations shall not be granted to any organization unless it is qualified as an exempt organization under either Section 23701f or 23701w of this code or under Section 501(c)(4) or 501(c)(19) of the Internal Revenue Code. This section shall not be construed to enlarge the "veterans' organization exemption" to apply to organizations qualified under Section 501(c)(4) or 501(c)(19) of the Internal Revenue Code but not otherwise qualified for the "veterans' organization exemption" under other provisions of this code.

(b) For purposes of subdivision (a), an organization shall not be deemed to be qualified as an exempt organization unless the organization files with the assessor a valid organizational clearance certificate issued pursuant to Section 254.6.

(c) (1) For purposes of subdivision (a), a limited liability company wholly owned by one or more qualifying organizations, which may include governmental entities and nonprofit organizations, that are exempt under Section 23701d or under Section 501(c)(3) of the Internal Revenue Code shall qualify as an exempt organization.

(2) In the case of a limited liability company that does not have a valid unrevoked letter from the Franchise Tax Board or the Internal Revenue Service, the limited liability company may not be deemed to be qualified as an exempt organization unless each nonprofit tax-exempt member of the limited liability company files with the board a copy of a valid, unrevoked letter or ruling from either the Franchise Tax Board or the Internal Revenue Service that states that the organization qualifies

as an exempt organization under the appropriate provisions of the Revenue and Taxation Code or the Internal Revenue Code.

(d) The amendments made by the act adding this subdivision shall apply with respect to lien dates occurring on and after January 1, 2005.

SEC. 3. Section 254.5 of the Revenue and Taxation Code is amended to read:

254.5. (a) Claims for the welfare exemption and the veterans' organization exemption shall be filed on or before February 15 of each year with the assessor.

The assessor may not approve a property tax exemption claim until the claimant has been issued a valid organizational clearance certificate pursuant to Section 254.6. Financial statements shall be submitted only if requested in writing by the assessor.

(b) (1) The assessor shall review all claims for the welfare exemption to ascertain whether the property on which the exemption is claimed meets the requirements of Section 214. The assessor shall also review all claims for the veterans' organization exemption to ascertain whether the property on which the exemption is claimed meets the requirements of Section 215.1. In this connection, the assessor shall consider, among other matters, whether:

(A) Any capital investment of the owner or operator for expansion of a physical plant is justified by the contemplated return thereon, and required to serve the interests of the community.

(B) The property on which the exemption is claimed is used for the actual operation of an exempt activity and does not exceed an amount of property reasonably necessary to the accomplishment of the exempt purpose.

(2) The assessor may institute an audit or verification of the operations of the owner or operator of the applicant's property to ascertain whether both the owner and operator meet the requirements of Section 214.

(c) (1) The assessor may deny a claim for the welfare exemption on a property, notwithstanding that the claimant has been granted an organizational clearance certificate by the board.

(2) If the assessor finds that the claimant's property is ineligible for the welfare exemption or the veterans' organization exemption, the assessor shall notify the claimant in writing of all of the following:

(A) That the property is ineligible for the exemption.

(B) That the claimant may seek a refund of property taxes paid by filing a refund claim with the county.

(C) That if the claimant's refund claim with the county is denied, the claimant may file a refund action in superior court.

(d) Notwithstanding subdivision (a), an applicant, granted a welfare exemption and owning any property exempted pursuant to Section 214.15

or Section 231, shall not be required to reapply for the welfare exemption in any subsequent year in which there has been no transfer of, or other change in title to, the exempted property and the property is used exclusively by a governmental entity or by a nonprofit corporation described in Section 214.15 for its interest and benefit. The applicant shall notify the assessor on or before February 15 if, on or before the preceding lien date, the applicant became ineligible for the welfare exemption or if, on or before that lien date, the property was no longer owned by the applicant or otherwise failed to meet all requirements for the welfare exemption.

Prior to the lien date, the assessor shall annually mail a notice to every applicant relieved of the requirement of filing an annual application by this subdivision.

The notice shall be in a form and contain that information that the board may prescribe, and shall set forth the circumstances under which the property may no longer be eligible for exemption, and advise the applicant of the duty to inform the assessor if the property is no longer eligible for exemption.

The notice shall include a card that is to be returned to the assessor by any applicant desiring to maintain eligibility for the welfare exemption under Section 214.15 or Section 231. The card shall be in the following form:

To all persons who have received a welfare exemption under Section 214.15 or Section 231 of the Revenue and Taxation Code for the ____ fiscal year.

YES ___ NO ___

Signature: _____

Title: _____

Failure to return this card does not of itself constitute a waiver of exemption as called for by the California Constitution, but may result in onsite inspection to verify exempt activity.

(e) Upon any indication that a welfare exemption or veterans' organization exemption on the property has been incorrectly granted, the assessor shall redetermine eligibility for the exemption. If the assessor determines that the property, or any portion thereof, is no longer eligible

for the exemption, he or she shall immediately cancel the exemption on so much of the property as is no longer eligible for the exemption.

(f) If a welfare exemption or veterans' organization exemption on the property has been incorrectly allowed, an escape assessment as provided by Article 4 (commencing with Section 531) of Chapter 3 in the amount of the exemption, with interest as provided in Section 506, shall be made, and a penalty shall be assessed for any failure to notify the assessor as required by this section in an amount equaling 10 percent of the escape assessment, but may not exceed two hundred fifty dollars ($250).

(g) Pursuant to Section 15640 of the Government Code, the board shall review the assessor's administration of the welfare exemption and the veterans' organization exemption as part of the board's survey of the county assessment roll to ensure the proper administration of the exemption.

SEC. 4. Section 254.6 of the Revenue and Taxation Code is amended to read:

254.6. (a) An organization that intends to claim the welfare exemption or veterans' organization exemption shall file with the State Board of Equalization a claim for an organizational clearance certificate.

(b) The board staff shall review each claim for an organizational clearance certificate for the welfare exemption to ascertain whether the organization meets the requirements of Section 214 and shall issue a certificate to a claimant that meets these requirements. The board staff shall also review each claim for an organizational clearance certificate for the veterans' organization exemption to ascertain whether the organization meets the requirements of Section 215.1 and shall issue a certificate to a claimant that meets these requirements. In this connection, the board staff shall consider, among other matters, whether:

(1) The services and expenses of the owner or operator (including salaries) are excessive, based upon like services and salaries in comparable public or private institutions.

(2) The operations of the owner or operator, either directly or indirectly, materially enhance the private gain of any individual or individuals.

(c) Any claim of any organization that files for an organizational clearance certificate for the first time shall be accompanied by the claimant's corporate identification number, mailing address, and all of the following documents:

(1) A certified copy of the financial statements of the organization.

(2) A certified copy of the articles of incorporation and any amendments thereto, or in the case of any noncorporate fund or foundation, its bylaws, articles of association, constitution, or regulations and any amendments thereto.

(3) A copy of a valid, unrevoked letter or ruling from either the Franchise Tax Board or, in the alternative, the Internal Revenue Service, that states that the organization qualifies as an exempt organization under the appropriate provisions of the Bank and Corporation Tax Law or the Internal Revenue Code.

(d) (1) If the board staff determines that a claimant is not eligible for an organizational clearance certificate, the board shall notify the claimant of the ineligibility.

(2) The claimant may file an appeal of the board staff's finding of ineligibility with the board within 60 days of the date of mailing of the notice of ineligibility. The appeal of the board staff's finding shall be in writing and shall state the specific grounds upon which the appeal is founded.

(3) The board shall conduct a hearing on the appeal in accordance with any rules of notice, procedure, and briefing as the board shall prescribe. The parties to the hearing or proceeding shall be the board staff and the claimant appealing the finding of ineligibility. The board staff and the claimant may agree in writing to submit the matter to the board for a decision without a hearing. The board shall provide written findings and conclusions or a written decision to support its decision.

(e) (1) Once granted, an organizational clearance certificate for the welfare exemption remains valid until the board staff determines that the organization no longer meets the requirements of Section 214. Once granted, an organizational clearance certificate for the veterans' organization exemption remains valid until the board staff determines that the organization no longer meets the requirements of Section 215.1.

(2) If the board staff determines that the organization no longer meets the requirements for an organizational clearance certificate, the board staff shall revoke the certificate and notify the claimant and each county assessor of the revocation.

(3) The organization may file an appeal of the board staff's revocation with the board within 60 days of the date of mailing of the notice revocation. The appeal of the revocation shall be in writing and shall state the specific grounds upon which the appeal is founded.

(4) The board shall conduct a hearing on the appeal in accordance with any rules of notice, procedure, and briefing as the board shall prescribe. The parties to the hearing or proceeding shall be the board staff and the claimant appealing the finding of ineligibility. The board staff and the claimant may agree in writing to submit the matter to the board for decision without hearing. The board shall provide written findings and conclusions or a written decision to support its decision.

(f) Pursuant to Section 15618 of the Government Code, the board may institute an audit or verification of an organization to ascertain whether the organization meets the requirements of Section 214.

SEC. 5. Section 1840 of the Revenue and Taxation Code is amended to read:

1840. If any county, city and county, or municipal corporation desires to secure a review, equalization, or adjustment of the assessment of its property by the board pursuant to subdivision (g) of Section 11 of Article XIII of the California Constitution, it shall apply to the board therefor in writing on or before July 20, or within two weeks after the completion and delivery by the assessor of the local roll containing the assessment to the auditor as provided in Section 617, whichever is the later. If the assessment objected to is one made outside the regular period for such assessments, the application for review shall be filed with the board within 60 days from the date the tax bill is mailed to the assessee.

Every application shall show the facts claimed to require action of the board, and a copy thereof shall be filed with the assessor whose assessment is questioned. Upon receipt of a timely application, the board shall afford the applicant notice and a hearing in accordance with such rules and regulations as the board may prescribe. The failure to file a timely application shall bar the applicant from relief under subdivision (g) of Section 11 of Article XIII or this section.

SEC. 6. Section 2 of Chapter 48 of the Statutes of 1987 is amended to read:

Sec. 2. (a) It is the intent of the Legislature that the provisions of Section 63.1 of the Revenue and Taxation Code shall be liberally construed in order to carry out the intent of both of the following:

(1) Proposition 58 on the November 4, 1986, general election ballot to exclude from change in ownership purchases or transfers between parents and their children described therein.

(2) Proposition 193 on the March 26, 1996, primary election ballot to exclude from change in ownership purchases or transfers between grandparents and their grandchildren described therein.

(b) Specifically, transfers of real property from a corporation, partnership, trust, or other legal entity to an eligible transferor or transferors, where the latter are the sole owner or owners of the entity or are the sole beneficial owner or owners of the property, shall be fully recognized and shall not be ignored or given less than full recognition under a substance-over-form or step-transaction doctrine, where the sole purpose of the transfer is to permit an immediate retransfer from an eligible transferor or transferors to an eligible transferee or transferees which qualifies for the exclusion from change in ownership provided by Section 63.1. Further, transfers of real property between eligible

transferors and eligible transferees shall also be fully recognized when the transfers are immediately followed by a transfer from the eligible transferee or eligible transferees to a corporation, partnership, trust, or other legal entity where the transferee or transferees are the sole owner or owners of the entity or are the sole beneficial owner or owners of the property, if the transfer between eligible transferors and eligible transferees satisfies the requirements of Section 63.1.

(c) Except as provided herein, this section shall not be construed as an expression of intent on the part of the Legislature disapproving in principle the appropriate application of the substance-over-form or step-transaction doctrine.

SEC. 7. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 225

An act to amend Section 782 of the Evidence Code, relating to testimony.

[Approved by Governor September 8, 2006. Filed with Secretary of State September 8, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 782 of the Evidence Code is amended to read:

782. (a) In any of the circumstances described in subdivision (c), if evidence of sexual conduct of the complaining witness is offered to attack the credibility of the complaining witness under Section 780, the following procedure shall be followed:

(1) A written motion shall be made by the defendant to the court and prosecutor stating that the defense has an offer of proof of the relevancy of evidence of the sexual conduct of the complaining witness proposed to be presented and its relevancy in attacking the credibility of the complaining witness.

(2) The written motion shall be accompanied by an affidavit in which the offer of proof shall be stated. The affidavit shall be filed under seal and only unsealed by the court to determine if the offer of proof is sufficient to order a hearing pursuant to paragraph (3). After that determination, the affidavit shall be resealed by the court.

(3) If the court finds that the offer of proof is sufficient, the court shall order a hearing out of the presence of the jury, if any, and at the hearing allow the questioning of the complaining witness regarding the offer of proof made by the defendant.

(4) At the conclusion of the hearing, if the court finds that evidence proposed to be offered by the defendant regarding the sexual conduct of the complaining witness is relevant pursuant to Section 780, and is not inadmissible pursuant to Section 352 of this code, the court may make an order stating what evidence may be introduced by the defendant, and the nature of the questions to be permitted. The defendant may then offer evidence pursuant to the order of the court.

(5) An affidavit resealed by the court pursuant to paragraph (2) shall remain sealed, unless the defendant raises an issue on appeal or collateral review relating to the offer of proof contained in the sealed document. If the defendant raises that issue on appeal, the court shall allow the Attorney General and appellate counsel for the defendant access to the sealed affidavit. If the issue is raised on collateral review, the court shall allow the district attorney and defendant's counsel access to the sealed affidavit. The use of the information contained in the affidavit shall be limited solely to the pending proceeding.

(b) As used in this section, "complaining witness" means:

(1) The alleged victim of the crime charged, the prosecution of which is subject to this section, pursuant to paragraph (1) of subdivision (c).

(2) An alleged victim offering testimony pursuant to paragraph (2) or paragraph (3) of subdivision (c).

(1) In a prosecution under Section 261, 262, 264.1, 286, 288, 288a, 288.5, or 289 of the Penal Code, or for assault with intent to commit, attempt to commit, or conspiracy to commit any crime defined in any of those sections, except if the crime is alleged to have occurred in a local detention facility, as defined in Section 6031.4, or in a state prison, as defined in Section 4504.

(2) When an alleged victim testifies pursuant to subdivision (b) of Section 1101 as a victim of a crime listed in Section 243.4, 261, 261.5, 269, 285, 286, 288, 288a, 288.5, 289, 314, or 647.6 of the Penal Code, except if the crime is alleged to have occurred in a local detention facility, as defined in Section 6031.4 of the Penal Code, or in a state prison, as defined in Section 4504 of the Penal Code.

(3) When an alleged victim of a sexual offense testifies pursuant to Section 1108, except if the crime is alleged to have occurred in a local

detention facility, as defined in Section 6031.4 of the Penal Code, or in a state prison, as defined in Section 4504 of the Penal Code.

53153.5. (a) Any person 18 years of age or older who is convicted of making a false police report, in violation of Section 148.3 of the Penal Code, and that false police report proximately causes an appropriate emergency response by a public agency, is liable for the expense of the emergency response made by the responding public agency to the incident.

(b) A public agency shall be entitled to satisfaction of any judgment for expenses pursuant to this article after any victims or other persons injured by the incident are compensated for their injuries and any liens held by a medical provider are satisfied.

CHAPTER 227

An act to amend Section 148.3 of the Penal Code, relating to crime.

[Approved by Governor September 9, 2006. Filed with Secretary of State September 9, 2006.]

An activation or possible activation of the Emergency Alert System pursuant to Section 8594 of the Government Code shall not constitute an "emergency" for purposes of this section if it occurs as the result of a report made or caused to be made by a parent, guardian, or lawful custodian of a child that is based on a good faith belief that the child is missing.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 228

An act to amend Section 19.8 of, and to add Section 490.7 to, the Penal Code, relating to crime.

[Approved by Governor September 10, 2006. Filed with Secretary of State September 10, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 19.8 of the Penal Code is amended to read:

19.8. The following offenses are subject to subdivision (d) of Section 17: Sections 193.8, 330, 415, 485, 490.7, 555, 652, and 853.7 of this code; subdivision (n) of Section 602 of this code; subdivision (b) of Section 25658 and Sections 21672, 25658.5, 25661, and 25662 of the Business and Professions Code; Section 27204 of the Government Code; subdivision (c) of Section 23109 and Sections 12500, 14601.1, 27150.1, 40508, and 42005 of the Vehicle Code, and any other offense which the Legislature makes subject to subdivision (d) of Section 17. Except where a lesser maximum fine is expressly provided for a violation of any of those sections, any violation which is an infraction is punishable by a fine not exceeding two hundred fifty dollars ($250).

Except for the violations enumerated in subdivision (d) of Section 13202.5 of the Vehicle Code, and Section 14601.1 of the Vehicle Code based upon failure to appear, a conviction for any offense made an infraction under subdivision (d) of Section 17 is not grounds for the suspension, revocation, or denial of any license, or for the revocation of probation or parole of the person convicted.

SEC. 2. Section 490.7 is added to the Penal Code, to read:

490.7. (a) The Legislature finds that free newspapers provide a key source of information to the public, in many cases providing an important alternative to the news and ideas expressed in other local media sources. The Legislature further finds that the unauthorized taking of multiple copies of free newspapers, whether done to sell them to recycling centers, to injure a business competitor, to deprive others of the opportunity to read them, or for any other reason, injures the rights of readers, writers, publishers, and advertisers, and impoverishes the marketplace of ideas in California.

(b) No person shall take more than twenty-five (25) copies of the current issue of a free or complimentary newspaper if done with the intent to do one or more of the following:

(1) Recycle the newspapers for cash or other payment.

(2) Sell or barter the newspaper.

(3) Deprive others of the opportunity to read or enjoy the newspaper.

(4) Harm a business competitor.

(c) This section does not apply to the owner or operator of the newsrack in which the copies are placed, the owner or operator of the property on which the newsrack is placed, the publisher, the printer, the distributor, the deliverer of the newspaper, or to any advertiser in that issue, or to any other person who has the express permission to do so from any of these entities.

(d) Any newspaper publisher may provide express permission to take more than twenty-five (25) copies of the current issue of a free or complimentary newspaper by indicating on the newsrack or in the newspaper itself, that people may take a greater number of copies if they wish.

(e) A first violation of subdivision (b) shall be an infraction punishable by a fine not exceeding two hundred fifty dollars ($250). A second or subsequent violation shall be punishable as an infraction or a misdemeanor. A misdemeanor conviction under this section is punishable by a fine not exceeding five hundred dollars ($500), imprisonment of up to 10 days in a county jail, or by both that fine and imprisonment. The court may order community service in lieu of the punishment otherwise provided for an infraction or misdemeanor in the amount of 20 hours for an infraction, and 40 hours for a misdemeanor. A misdemeanor conviction under this section shall not constitute a conviction for petty theft.

(f) This section shall not be construed to repeal, modify, or weaken any existing legal prohibitions against the taking of private property.

(g) For purposes of this section, an issue is current if no more than half of the period of time until the distribution of the next issue has passed.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 232

An act relating to small business, and making an appropriation therefor.

[Approved by Governor September 12, 2006. Filed with Secretary of State September 12, 2006.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares:

(a) Small business remains the backbone of the state's economy. Regulatory burdens and costs continue to be one of the major complaints of small businesses.

(b) The federal Small Business Administration began analyzing the cost and burdens of federal regulations on small businesses in 1995. The most recent update issued September 19, 2005, found that "small businesses continue to bear a disproportionate share of the federal regulatory burden." The report found that the annual cost of federal regulations in the United States totaled $1.1 trillion in 2004. It also found the costs of federal regulations on firms with fewer than 20 employees is $7,647. For small manufacturers this figure is at least double the compliance cost for medium-sized and large firms.

(c) There is no similar analysis done on state regulatory costs. Understanding the cost impact of state regulations would help policymakers reduce or design more cost-effective regulatory approaches that achieve desired policy objectives while placing the least burden on the regulated industry.

SEC. 2. The Office of Small Business Advocate shall do all of the following:

(a) Commission a study of the costs of state regulations on small businesses, which shall, among other things, do all of the following:

(1) Parallel, to the extent feasible and practical, the scope and study on the impact of regulatory costs on small firms conducted by the federal Small Business Administration.

(2) Examine successful models from other states on identifying regulatory costs and developing potential alternative approaches that meet the same regulatory objectives, but are less burdensome on small businesses.

(3) Make recommendations on how California's regulatory process can more effectively assess a regulation's impact on small businesses, including its cumulative impact, and methods for developing policy-appropriate alternatives.

(4) Avoid recommendations that could diminish wage and hour, social insurance, or health and safety protections for California workers.

(b) Convene a small business advisory committee to provide advice on the study required pursuant to subdivision (a). The committee shall include, but not be limited to, representatives from small business associations representing a cross section of the small business community.

CHAPTER 235

An act to add Section 49452.7 to the Education Code, relating to diabetes screening.

[Approved by Governor September 13, 2006. Filed with Secretary of State September 13, 2006.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) The State of California has the second highest rate of overweight and low-income children in the nation.

(2) Since the early 1970s the childhood obesity rate has more than doubled for preschool children, aged two to five years, inclusive, and for adolescents, aged 12 to 19 years, inclusive, and it has more than tripled for children aged 6 to 11 years, inclusive.

(3) The average weight for a 10-year-old boy in 1963 was 74.2 pounds, and by 2002, it was nearly 85 pounds. The average weight for a 10-year-old girl in 1963 was 77.4 pounds, and by 2002, it was nearly 88 pounds.

(4) African-American, Hispanic, and Native American adolescents have higher rates of obesity than the rest of the population. Up to 24 percent of African-American and Hispanic children are above the 95th percentile in weight.

(5) Fifty percent of overweight children and teens remain overweight as adults.

(6) Childhood obesity has been linked to diabetes, hypertension, and heart disease. Type 2 diabetes, which until recently affected only adults, now affects a growing number of children and accounts for almost 50 percent of new diabetes cases among children in some communities in the nation.

(7) Diabetes is the sixth leading cause of death in the United States and is associated with several health risks. These health risks include heart disease and stroke, high blood pressure, kidney disease, nervous system damage, gum disease, and blindness.

(8) Early detection and proper diagnosis of type 2 diabetes among adolescents enables teens to be treated at a stage where long-term health damage has not yet occurred.

(9) With early detection, these risks can be subverted for people affected by prediabetes, and for those already diagnosed with diabetes, these risks can be reduced through proper exercise, nutrition, and weight management.

(10) In 2005, 176,500 people aged 20 years or younger were diagnosed with diabetes. This accounts for 0.22 percent of all people aged 20 years or younger.

(11) In addition, 2,000,000 adolescents aged 12–19 have prediabetes and with early detection and proper management of glucose levels, people can delay or even prevent type 2 diabetes from ever developing.

(12) The prevalence of diabetes is 1.7 times higher in Latinos than non-Latino whites.

(13) Two and one-half million or 9.5 percent of all Latino Americans aged 20 or older have diabetes.

(14) Approximately 24 percent of Mexican-Americans in the United States and 26 percent of Puerto Ricans between the ages of 45 and 74 have diabetes.

(15) An estimated 44 percent of Latinos over 65 will have diabetes by 2020.

SEC. 2. Section 49452.7 is added to the Education Code, to read:

49452.7. (a) On and after July 1, 2010, the school district shall provide an information sheet regarding type 2 diabetes to the parent or guardian of incoming 7th grade pupils. The information sheet may be provided to the parent or guardian of incoming 7th graders with the information provided pursuant to Section 48980. The information sheet shall include, but shall not be limited to, all of the following:

(1) A description of type 2 diabetes.

(2) A description of the risk factors and warning signs associated with type 2 diabetes.

(3) A recommendation that pupils displaying or possibly suffering from risk factors or warning signs associated with type 2 diabetes should be screened for type 2 diabetes.

(4) A description of treatments and prevention methods of type 2 diabetes.

(5) A description of the different types of diabetes screening tests available.

(b) The information sheet shall be developed by the State Department of Education in coordination with any other entity the department deems appropriate. The information sheet shall be made available to each school district through the State Department of Education's Web site and any other Web site the department deems appropriate, as well as by providing written copies of the information sheet to the school district upon written request to the department.

(c) It is the intent of the Legislature that school districts, to the extent that resources or funds, or both, are available, provide information to parents regarding locations at which parents may receive diabetes screening and education services at free or reduced costs from public or private sources.

SEC. 3. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7

(commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 236

An act to add and repeal Article 1.5 (commencing with Section 104601) of Chapter 2 of Part 3 of Division 103 of the Health and Safety Code, relating to nutrition.

[Approved by Governor September 13, 2006. Filed with Secretary of State September 13, 2006.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The new federal Dietary Guidelines for Americans encourage all Americans to eat more fruits and vegetables, and for most people, the new recommended amount is double that in the previous guidelines.

(b) Clear and overwhelming evidence indicates that eating more fruits and vegetables can help reduce the risk of diet-related chronic diseases, such as type 2 diabetes, heart disease, stroke, and many cancers, as well as help to maintain a healthy body weight.

(c) Recent research in California confirms that, healthier foods, including fresh fruits and vegetables, are less available and more costly in low-income communities, and that the higher cost and lower availability inhibit their purchase by food stamp recipients and other low-income individuals.

(d) The State Department of Health Services is currently required by state law to establish and implement the California 5 a Day—for Better Health (5 a Day) program to increase consumption of fruits and vegetables in order to improve health and prevent major chronic diseases, including diet-related cancers.

(e) Current funding restrictions prohibit the 5 a Day program from implementing important marketing and promotion activities in retail and grocery stores where consumers make their food choices.

(f) The pilot program established pursuant to this act is aimed at improving the health and nutrition of low-income Californians by responding to the problem of limited local and affordable access to fresh fruits and vegetables. The primary strategies tested in the pilot program will be aimed at increasing the availability of fresh fruits and vegetables at small neighborhood grocery stores, and making fresh produce

purchases a smart economic choice for those with very limited food budgets.

SEC. 2. Article 1.5 (commencing with Section 104601) is added to Chapter 2 of Part 3 of Division 103 of the Health and Safety Code, to read:

Article 1.5. Healthy Food Purchase Pilot Program

104601. (a) The department, in consultation with the Department of Food and Agriculture, shall develop a "Healthy Food Purchase" pilot program to increase the sale and purchase of fresh fruits and vegetables in low-income communities.

(b) The total number of counties included in the pilot program shall not exceed seven.

(c) The department, in consultation with the Department of Food and Agriculture, shall design the program to include the following two components:

(1) Strategies aimed at small grocers in targeted low-income neighborhoods to increase the offerings of fresh fruits and vegetables in those communities. In selected pilot program communities, the department shall provide targeted food retailers with support or assistance to obtain refrigerated produce display cases through the assessment of the feasibility of a variety of financing methods including, but not limited to, leasing, lending, small business and economic development support, and other time-limited strategies. The department shall also provide technical assistance to targeted retailers on the purchase, storage, marketing, and display of fresh produce. The department shall use available federal funds for this technical assistance, where appropriate.

(2) Strategies aimed at food stamp recipients to increase their purchase of fresh fruits and vegetables by making those products more affordable, including the development and implementation of financial incentives. The department, in consultation with the State Department of Social Services, shall seek any necessary federal government approvals to allow use of the Food Stamp Electronic Benefits Card, as provided in Chapter 3 (commencing with Section 10065) of Part 1 of Division 9 of the Welfare and Institutions Code, to provide those incentives, and to implement the pilot program.

(d) In developing the pilot program, the department shall include all of the following:

(1) At least one county that is above the food stamp average county participation.

(2) At least one county that is below the food stamp average county participation.

(3) At least one county with high above-average rates of poverty, food insecurity, or obesity.

(4) At least one urban county.

(5) At least one rural county.

(e) The department shall consider all of the following in choosing counties to participate in the program.

(1) The level of need in the community.

(2) The size of the food stamp population.

(3) The need for geographic diversity.

(4) The availability of technology in targeted food retailers to collect the data necessary to evaluate the pilot program.

(f) The department shall seek all necessary approvals to establish the pilot program, and shall apply for available federal matching funds to support the work of the pilot program.

(g) The department shall develop, in consultation with the United States Department of Agriculture's Economic Research Service, a process for evaluating the effectiveness of the pilot program. The evaluation shall examine the impact of the various strategies employed in the pilot program on the purchase of fresh produce and on any increase in retailer space devoted to the sale of fresh fruits and vegetables, and the effect this has on retailer profitability. The evaluation also shall test alternatives to the reliance on uniform product codes for identification of fresh produce deemed eligible for financial incentives. The department shall contract with an independent external evaluator to conduct this evaluation. The department shall make recommendations to the Legislature regarding the continuation of the pilot program, and any state and federal policy changes needed to support the goals of the pilot program.

(h) The department shall not implement this article in any fiscal year unless an appropriation by the Legislature of federal or other funds has been made, in the annual Budget Act or another statute, to the department expressly for the purposes of implementing this article for that fiscal year.

(i) This article shall remain in effect until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

6254.18. (a) Nothing in this chapter shall be construed to require disclosure of any personal information received, collected, or compiled by a public agency regarding the employees, volunteers, board members, owners, partners, officers, or contractors of a reproductive health services facility who have notified the public agency pursuant to subdivision (d) if the personal information is contained in a document that relates to the facility.

If the court finds, based on the facts of a particular case, that the public interest served by disclosure of employment history information clearly outweighs the public interest served by not disclosing the information, the court shall order the officer or person charged with withholding the information to disclose employment history information or show cause why he or she should not do so pursuant to Section 6259.

(d) In order for this section to apply to an individual who is an employee, volunteer, board member, officer, or contractor of a reproductive health services facility, the individual shall notify the public agency to which his or her personal information is being submitted or has been submitted that he or she falls within the application of this section. (g) Nothing in this section shall prevent the disclosure by a government agency of data regarding age, race, ethnicity, national origin, or gender of individuals whose personal information is protected pursuant to this section, so long as the data contains no individually identifiable information.

SEC. 4. Section 8169.5 of the Government Code is amended to read:

8169.5. (a) In furtherance of the Capitol Area Plan, the objectives of Resolution Chapter 131 of the Statutes of 1991, and the legislative findings and declarations contained in Chapter 193 of the Statutes of 1996, relative to the findings by the Urban Land Institute, the director may purchase, exchange, or otherwise acquire real property and construct facilities, including any improvements, betterments, and related facilities, within the jurisdiction of the Capitol Area Plan in the City of Sacramento pursuant to this section. The total authorized scope of the project shall consist of up to approximately 1,470,200 gross square feet of office space and approximately 742,625 gross square feet of parking structures for use by the State Department of Education, the State Department of Health Care Services, the State Department of Public Health, and the Department of General Services as anchor tenants on blocks 171, 172, 173, 174, and 225, along with related additional parking on block 224, within the Capitol area. The acquisition and construction authorized pursuant to this section may not cause the displacement of any state or legislative employee parking spaces in the blocks specified in this subdivision unless the Department of General Services makes available existing state-owned parking spaces, acquires parking spaces, or constructs replacement parking that results in the affected employees' parking spaces being located at a reasonable distance from their place of employment.

(b) Subject to paragraphs (2) and (3) of subdivision (c), the department may contract for the lease, lease-purchase, lease with an option to

purchase, acquisition, design, design-build, construction, construction management, and other services related to the design and construction of the office and parking facilities authorized to be acquired pursuant to subdivision (a).

(c) (1) The State Public Works Board may issue revenue bonds, negotiable notes, or negotiable bond anticipation notes pursuant to Chapter 5 (commencing with Section 15830) of Part 10b of Division 3 to finance all costs associated with acquisition, design, and construction of office and parking facilities for the purposes of this section. The State Public Works Board and the department may borrow funds for project costs from the Pooled Money Investment Account pursuant to Sections 16312 and 16313. In the event the bonds authorized by the project are not sold, the State Department of Education, the State Department of Health Care Services, the State Department of Public Health, and the Department of General Services, as determined by the Department of Finance, shall commit a sufficient amount of their support appropriations to repay any loans made for the project from the Pooled Money Investment Account. It is the intent of the Legislature that this commitment shall be included in future Budget Acts until all outstanding loans from the Pooled Money Investment Account are repaid either through the proceeds from the sale of bonds or from an appropriation.

(2) (A) If the department proposes to acquire the facilities on a design-build basis, prior to the department entering into an agreement pursuant to subdivision (b) to design and build the facilities on blocks 171, 172, 173, 174, and 225, as specified in subdivision (a), the department shall submit to the Legislature a copy of all documents that shall be the basis upon which bids will be solicited and awarded to design and build the facilities. The documents shall include the following:

(i) The request for qualifications.

(ii) Site development guidelines.

(iii) Architectural and all system design requirements for the facilities.

(iv) Notwithstanding any other provision of law, the recommended specific criteria and process by which the contractor shall be selected.

(v) The performance criteria and standards for the architecture and all components and systems of the facilities.

(B) The information in the documents shall be provided in at least as much detail as was prepared for the San Francisco Civic Center Complex project and shall cover the quality of materials, equipment, and workmanship to be used in the facilities. These documents shall also include a detailed and specific space program for the facilities that identifies the specific spatial needs of the state agencies.

(C) If the department proceeds to acquire the facilities on a design-build basis, in addition to any other requirements imposed

pursuant to this section, notwithstanding Section 7550.5, the department shall provide the Legislature, beginning on July 1, 1999, and every three months thereafter until the facilities are completed, with a status report that includes information regarding any benefits that the state may have realized from use of the design-build approach, any problems that have been encountered from the use of a design-build approach, and lessons learned that may be applied to a future project. The department shall issue a final report when the facilities are completed.

(D) If the department proposes to contract for construction separate from design, the department shall, prior to commencing work on working drawings for the facilities on blocks 171, 172, 173, 174, and 225, submit to the Legislature a copy of the preliminary plans for the facilities and a detailed and specific space program for the facilities that identifies the specific spatial needs of the state agencies.

(E) Regardless of how the department proposes to acquire the facilities, the department also shall submit all of the following information, which may be included in the bid documents:

(i) A final estimated cost for design, construction, and other costs.

(ii) How the department would manage the contracts entered into for this project to ensure compliance with contract requirements and to ensure that the state receives the highest level of quality workmanship and materials for the funds spent on the project.

(3) Except for the reports specified in subparagraph (C) of paragraph (2), the department shall submit to the Legislature the information required to be submitted pursuant to paragraphs (2) and (6) on or before December 1, 1998. Except for those contracts and agreements necessary to prepare the information required by paragraphs (2) and (6), the department shall not solicit bids to enter into any agreement to design and build or otherwise acquire the facilities or commence work on working drawings on block 171, 172, 173, 174, or 225 sooner than the later of April 1, 1999, or 120 days after the department submits to the Legislature the information required to be submitted pursuant to paragraphs (2) and (6). The Legislative Analyst shall evaluate the information submitted to the Legislature and shall prepare a report to the Joint Committee on Rules within 60 days of receiving the documents submitted to the Legislature. It is the intent of the Legislature that the Joint Committee on Rules meet prior to the date the department is authorized to solicit bids to design and build or otherwise acquire the facilities or commence work on working drawings for the purposes of discussing the report from the Legislative Analyst and adopting a report with any recommendations to the department on changes to the site design criteria, performance criteria, and specifications and specific criteria for determining the winning bidder. If the Joint Committee on

Rules adopts a report prior to the date the department is authorized to solicit bids to design and build or otherwise acquire the facilities or commence work on working drawings, the department may solicit the bids or commence the work when the report is adopted by the Joint Committee on Rules. The Senate Committee on Rules and the Speaker of the Assembly may designate members of their respective houses to monitor the progress of the preparation of the documents to be submitted pursuant to paragraph (2). The department shall prepare periodic progress reports and meet with the designated members or their representatives, as necessary, while preparing the documents.

(4) The amount of revenue bonds, negotiable notes, or negotiable bond anticipation notes to be sold may equal, but shall not exceed, the cost of planning, preliminary plans, working drawings, construction, construction management and supervision, other costs relating to the design and construction of the facilities, and any additional sums necessary to pay interim and permanent financing costs. The additional amount may include interest and a reasonable required reserve fund.

(5) Authorized costs of the facilities for preliminary plans, working drawings, construction, and other costs shall not exceed three hundred ninety-two million dollars ($392,000,000). Notwithstanding Section 13332.11, the State Public Works Board may authorize the augmentation of the amount authorized under this paragraph by up to 10 percent of the amount authorized.

(6) The net present value of the cost to acquire and operate the facilities authorized by subdivision (a) may not exceed the net present value of the cost to lease and operate an equivalent amount of comparable office space over the same time period. The department shall perform this analysis and shall obtain interest rates, discount rates, and Consumer Price Index figures from the Treasurer and submit its analysis with the documents submitted pursuant to paragraph (2) of subdivision (c). For purposes of this analysis, the department shall compare the cost of acquiring and operating the proposed facilities with the avoided cost of leasing and operating an equivalent amount of comparable office space that will no longer need to be leased because either (A) agencies will no longer occupy currently leased facilities when they occupy the proposed facilities, or (B) agencies will no longer occupy currently leased facilities when they occupy state-owned space being vacated by state agencies occupying the proposed facilities. The analysis shall also include the cost of any unique improvement associated with the moving of an agency into any state-owned space that would be vacated by agencies moving into the proposed facilities. However, these costs shall not include the cost of renovating or modernizing vacated state-owned space that is necessary to accommodate state agencies in general purpose office space.

131220. Notwithstanding any other provision of law, but to the extent consistent with applicable federal law or regulation, the director may, after a request by a board of supervisors of an affected county and after a public hearing held in accordance with Section 11346 of the Government Code, waive regulations pertaining to the provision of hospital services in a hospital operated by a county or under contract to a county for a county with a population of 200,000 or less on January 1, 1980, if the director makes a finding that the waiver would not affect adversely the health and safety of persons in the county. The authority contained in this section shall be in addition to, and shall not supersede or limit, any other provision of law authorizing the waiver by the department of requirements contained in regulations adopted by the department relating to health facilities.

131225. (a) Notwithstanding any other provision of law, the department by regulation may provide for the issuance and renewal on a two-year basis of licenses, certificates of registration, or other indicia of authority issued pursuant to this code by the department.

(b) The department may by regulation set the fee for the two-year license, certificate of registration, or other indicia, not to exceed twice the annual fee for issuance or renewal set by statute.

CHAPTER 3. PUBLIC HEALTH ADVISORY COMMITTEE

(f) The committee shall be under the direction of the director and shall be advisory in character and shall not be delegated any administrative authority or responsibility.

(g) The advisory committee shall convene twice per year, and may convene more often, if necessary, to provide expert advice to the department. Meetings of the committee shall be open to the public and shall comply with applicable open meeting laws.

(h) The director or his or her designee shall serve as chair of the public health advisory committee. Nothing in this section shall be construed as preventing or restricting the State Public Health Officer from creating other advisory committees to advise the director with regard to other issues and problems.

(i) This chapter shall remain in effect only until June 30, 2011, and as of that date is repealed, unless a later enacted statute extends or deletes that date.

SEC. 35. (a) No contract, lease, license, bond, or any other agreement to which the former State Department of Health Services or any of its predecessors are a party shall be void or voidable by reason of this act, but shall continue in full force and effect, with the renamed State Department of Health Care Services and the newly formed State

Department of Public Health assuming all of the rights, obligations, liabilities, and duties of the former State Department of Health Services and any of its predecessors as relates to the duties, powers, purposes, responsibilities, and jurisdiction vested by this act in each of the resulting departments. The assumption by each department shall not in any way affect the rights of the parties to the contract, lease, license, or agreement. Bonds issued by the former State Department of Health Services or any of its predecessors on or before the operative date of this section related to the duties, powers, purposes, responsibilities, and jurisdiction vested by this act in the renamed State Department of Health Care Services or in the newly formed State Department of Public Health, shall become the indebtedness of the State Department of Health Care Services or of the State Department of Public Health, as they relate to responsibilities assigned to each resulting department. Any ongoing obligations or responsibilities of the former State Department of Health Services for managing and maintaining these bond issuances shall be transferred to the newly formed State Department of Public Health or retained by the renamed State Department of Health Care Services, as appropriate, without impairment to any security contained in the bond instrument.

(b) The renamed State Department of Health Care Services retains and is vested with, all the duties, powers, purposes, responsibilities, and jurisdiction of the former State Department of Health Services with respect to all duties, powers, purposes, responsibilities, and jurisdiction not transferred to the State Department of Public Health.

(c) All officers and employees of the former State Department of Health Services who are serving in the state civil service, other than as temporary employees assigned to programs, not transferred to the State Department of Public Health shall be retained by the renamed State Department of Health Care Services. The status, positions, and rights of those persons shall not be affected by the renaming and shall be retained by those persons as officers and employees of the renamed department, pursuant to the State Civil Service Act (Part 2 (commencing with Section 18500) of Division 5 of Title 2 of the Government Code), except as to positions exempt from the civil service.

(d) The State Department of Health Care Services shall have possession and control of all records, papers, offices, equipment, supplies, moneys, funds, appropriations, licenses, permits, agreements, contracts, claims, judgments, land, and other property, real or personal, connected with the administration of, or held for, the benefit or use of the former State Department of Health Services, with respect to the functions that were not transferred to the State Department of Public Health pursuant to this act.

(e) Any regulation or other action, adopted, prescribed, taken, or performed by an agency or officer in the administration of a program or the performance of a duty, responsibility, or authorization transferred by the act adding this section shall remain in effect and shall be deemed to be a regulation or action of the agency or officer to whom the program, duty, responsibility, or authorization is assigned pursuant to this act.

(f) No suit, action, or other proceeding lawfully commenced by or against any agency or other officer of the state, in relation to the administration of any program or the discharge of any duty, responsibility, or authorization transferred or reassigned by this act, shall abate by reason of the transfer or assigning of the program, duty, responsibility, or authorization under this act.

SEC. 36. (a) The reorganization of the former State Department of Health Services pursuant to Sections 1 to 35, inclusive, shall be budget neutral; that is, it is the intent of the Legislature not to provide state funding for the State Department of Public Health and the State Department of Health Care Services in excess of the total state funding previously appropriated to the former State Department of Health Services, with possible caseload and inflation adjustments.

(b) The reorganization shall be implemented without the additional appropriation of state funds. However, the Legislature finds and declares that to implement this act, funding adjustments may be required to align appropriation authority and to provide for anticipated expenditures to the appropriate funding sources.

(c) The annual budget for the State Department of Public Health and State Department of Health Care Services shall be proposed and considered in the process for review of the annual Budget Act.

SEC. 37. Sections 1 to 35, inclusive, of this act shall become operative on July 1, 2007.

SEC. 38. (a) The Office of Change Management is hereby established within the State Department of Health Services.

(b) In order to implement this act, the State Department of Health Services may redirect the positions and resources necessary to operate the Office of Change Management. Prior to July 1, 2007, the Office of Change Management shall be responsible for planning and guiding the implementation of transition activities associated with reorganizing the functions of the State Department of Health Services pursuant to this act.

(c) This section shall be operative only until July 1, 2007, and as of that date is repealed.

SEC. 39. Any section of any act, other than the act for the maintenance of the codes, enacted by the Legislature during the 2006 calendar year that takes effect on or before January 1, 2007, and that

amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, added, repealed and added, or repealed by this act, shall prevail over the amendment, amendment and renumbering, addition, repeal and addition, or repeal of that section by this act whether that act is enacted prior to, or subsequent to, the enactment of this act.

CHAPTER 242

An act to amend Section 35795 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 14, 2006. Filed with Secretary of State September 14, 2006.]

(2) The fee established by the Department of Transportation pursuant to this section shall be established by a regulation adopted pursuant to Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code, and shall be calculated to produce a total estimated revenue that is not more than the estimated total cost to that department for administering this article.

(3) Special services necessitated by unusually large or heavy loads requiring engineering investigations, or other services, may be billed separately for each permit.

(4) The funds collected by the Department of Transportation pursuant to this subdivision shall be deposited in the State Highway Account in the State Transportation Fund.

(b) (1) Local authorities may charge a fee for the issuance of permits pursuant to this article. However, the fee established by a local authority pursuant to this section shall be established by ordinance or resolution adopted after notice and hearing. The fee shall be calculated to produce a total estimated revenue that is not more than the estimated total cost incurred by the local authority in administering its authority under this article and shall not exceed the fee developed by the Department of Transportation pursuant to subdivision (a). The fee for the issuance of permits shall be developed in consultation with representatives of local government and the commercial trucking industry. Notice of the hearing

shall be by publication as provided in Section 6064 of the Government Code. The hearing shall be held before the legislative body of the local authority. All objections shall be considered and interested parties shall be afforded an adequate opportunity to be heard in respect to their objections.

(2) Special services necessitated by unusually large or heavy loads requiring engineering investigations, escorts, tree trimming, or other services, excluding services necessary to provide the notification required under this section and services that are within the scope of the local authority's ordinary duty to provide, shall be billed separately for each permit.

(3) For purposes of determining whether, under paragraph (2), special services are necessitated by an unusually large or heavy load, a local authority shall be governed by the criteria set forth in subdivision (b) of Section 1411.3 of Title 21 of the California Code of Regulations.

(c) Nothing in this section shall limit or restrict the application of Section 35782.

CHAPTER 243

An act to add Section 13.5 to the County Water Authority Act (Chapter 545 of the Statutes of 1943), relating to water.

[Approved by Governor September 14, 2006. Filed with Secretary of State September 14, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 13.5 is added to the County Water Authority Act (Chapter 545 of the Statutes of 1943), to read:

SEC. 13.5. An authority formed pursuant to this act shall prepare and submit, at its own expense, a report to the Legislature, not before January 1, 2008, and not later than January 1, 2009, regarding the implementation of the procedures governing the meetings and actions of the standing committees of the board of directors that were adopted by the board of directors in 2004 or 2005.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district are the result of a program for which legislative authority was requested by that local agency or school district, within the meaning of Section 17556 of the

Government Code and Section 6 of Article XIII B of the California Constitution.

CHAPTER 244

An act to amend Section 20175.2 of the Public Contract Code, relating to public contracts.

[Approved by Governor September 14, 2006. Filed with Secretary of State September 14, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 20175.2 of the Public Contract Code is amended to read:

20175.2. (a) (1) This section provides an alternative procedure for bidding on building construction projects applicable in cities in the Counties of Solano and Yolo and the City of Victorville upon approval of the appropriate city council.

(2) These cities may award the project using either the lowest responsible bidder or by best value.

(b) (1) It is the intent of the Legislature to enable cities to utilize cost-effective options for building and modernizing public facilities. The Legislature also recognizes the national trend, including authorization in California, to allow public entities to utilize design-build contracts as a project delivery method. It is not the intent of the Legislature to authorize this procedure for transportation facilities, including, but not limited to, roads and bridges.

(2) The Legislature also finds and declares that utilizing a design-build contract requires a clear understanding of the roles and responsibilities of each participant in the design-build process. The Legislature also finds that the cost-effective benefits to cities are achieved by shifting the liability and risk for cost containment and project completion to the design-build entity.

(3) It is the intent of the Legislature to provide an alternative and optional procedure for bidding and building construction projects for cities.

(4) The design-build approach may be used, but is not limited to use, when it is anticipated that it will: reduce project cost, expedite project completion, or provide design features not achievable through the design-bid-build method.

(5) If a city council elects to proceed under this section, the city council shall establish and enforce, for design-build projects, a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code, or it shall contract with a third party to operate a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code. This requirement shall not apply to any project where the city or the design-build entity has entered into any collective bargaining agreement or agreements that bind all of the contractors performing work on the projects.

(c) As used in this section:

(1) "Best value" means a value determined by objectives relative to price, features, functions, and life cycle costs.

(2) "Design-build" means a procurement process in which both the design and construction of a project are procured from a single entity.

(3) "Design-build entity" means a partnership, corporation, or other legal entity that is able to provide appropriately licensed contracting, architectural, and engineering services, as needed, pursuant to a design-build contract.

(4) "Project" means the construction of a building and improvements directly related to the construction of a building, but does not include streets and highways, public rail transit, or water resources facilities and infrastructure.

(d) Design-build projects shall progress in a four-step process, as follows:

(1) (A) The city shall prepare a set of documents setting forth the scope of the project. The documents may include, but are not limited to, the size, type, and desired design character of the buildings and site, performance specifications covering the quality of materials, equipment, and workmanship, preliminary plans or building layouts, or any other information deemed necessary to describe adequately the city's needs. The performance specifications and any plans shall be prepared by a design professional who is duly licensed and registered in California.

(B) Any architect or engineer retained by the city to assist in the development of the project-specific documents shall not be eligible to participate in the preparation of a bid with any design-build entity for that project.

(2) (A) Based on the documents prepared in paragraph (1), the city shall prepare a request for proposals that invites interested parties to submit competitive sealed proposals in the manner prescribed by the city. The request for proposals shall include, but is not limited to, the following elements:

(i) Identification of the basic scope and needs of the project or contract, the expected cost range, and other information deemed necessary by the

city to inform interested parties of the contracting opportunity, to include the methodology that will be used by the city to evaluate proposals, and specifically if the contract will be awarded to the lowest responsible bidder.

(ii) Significant factors which the city reasonably expects to consider in evaluating proposals, including cost or price and all nonprice related factors.

(iii) The relative importance of weight assigned to each of the factors identified in the request for proposals.

(B) With respect to clause (iii) of subparagraph (A), if a nonweighted system is used, the agency shall specifically disclose whether all evaluation factors, other than cost or price, when combined are:

(i) Significantly more important than cost or price.

(ii) Approximately equal in importance to cost or price.

(iii) Significantly less important than cost or price.

(C) If the city chooses to reserve the right to hold discussions or negotiations with responsive bidders, it shall so specify in the request for proposal and shall publish separately, or incorporate into the request for proposal, applicable rules and procedures to be observed by the city to ensure that any discussions or negotiations are conducted in good faith.

(3) (A) The city shall establish a procedure to prequalify design-build entities using a standard questionnaire developed by the city. In preparing the questionnaire, the city shall consult with the construction industry, including representatives of the building trades and surety industry. This questionnaire shall require information including, but not limited to, all of the following:

(i) If the design-build entity is a partnership, limited partnership, or other association, a listing of all of the partners, general partners, or association members known at the time of bid submission who will participate in the design-build contract, including, but not limited to, mechanical subcontractors.

(ii) Evidence that the members of the design-build entity have completed, or demonstrated the experience, competency, capability, and capacity to complete projects of similar size, scope, or complexity, and that proposed key personnel have sufficient experience and training to competently manage and complete the design and construction of the project, as well as a financial statement that assures the city that the design-build entity has the capacity to complete the project.

(iii) The licenses, registration, and credentials required to design and construct the project, including information on the revocation or suspension of any license, credential, or registration.

(iv) Evidence that establishes that the design-build entity has the capacity to obtain all required payment and performance bonding, liability insurance, and errors and omissions insurance.

(v) Any prior serious or willful violation of the California Occupational Safety and Health Act of 1973, contained in Part 1 (commencing with Section 6300) of Division 5 of the Labor Code or the federal Occupational Safety and Health Act of 1970 (Public Law 91–596) settled against any member of the design-build entity, and information concerning workers' compensation experience history and worker safety program.

(vi) Information concerning any debarment, disqualification, or removal from a federal, state, or local government public works project. Any instance where an entity, its owners, officers, or managing employees submitted a bid on a public works project and were found to be nonresponsive, or were found by an awarding body not to be a responsible bidder.

(vii) Any instance where the entity, its owners, officers, or managing employees defaulted on a construction contract.

(viii) Any violations of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code), excluding alleged violations of federal or state law including the payment of wages, benefits, apprenticeship requirements, or personal income tax withholding, or of Federal Insurance Contribution Act (FICA) withholding requirements settled against any member of the design-build entity.

(ix) Information concerning the bankruptcy or receivership of any member of the design-build entity, including information concerning any work completed by a surety.

(x) Information concerning all settled adverse claims, disputes, or lawsuits between the owner of a public works project and any member of the design-build entity during the five years preceding submission of a bid pursuant to this section, in which the claim, settlement, or judgment exceeds fifty thousand dollars ($50,000). Information shall also be provided concerning any work completed by a surety during this period.

(xi) In the case of a partnership or other association that is not a legal entity, a copy of the agreement creating the partnership or association and specifying that all partners or association members agree to be fully liable for the performance under the design-build contract.

(B) The information required pursuant to this subdivision shall be verified under oath by the entity and its members in the manner in which civil pleadings in civil actions are verified. Information that is not a public record pursuant to the California Public Records Act (Chapter

3.5 of Division 7 of Title 1 of the Government Code) shall not be open to public inspection.

(4) The city shall establish a procedure for final selection of the design-build entity. Selection shall be based on either of the following criteria:

(A) A competitive bidding process resulting in lump-sum bids by the prequalified design-build entities. Awards shall be made to the lowest responsible bidder.

(B) The city may use a design-build competition based upon best value and other criteria set forth in paragraph (2) of subdivision (d). The design-build competition shall include the following elements:

(i) Competitive proposals shall be evaluated by using only the criteria and selection procedures specifically identified in the request for proposal. However, the following minimum factors shall each represent at least 10 percent of the total weight of consideration given to all criteria factors: price, technical design and construction expertise, life cycle costs over 15 years or more, skilled labor force availability, and acceptable safety record. Each of these factors shall be weighted equally.

(ii) Once the evaluation is complete, the top three responsive bidders shall be ranked sequentially from the most advantageous to the least.

(iii) The award of the contract shall be made to the responsible bidder whose proposal is determined, in writing, to be the most advantageous.

(iv) Notwithstanding any provision of this code, upon issuance of a contract award, the city shall publicly announce its award, identifying the contractor to whom the award is made, along with a written decision supporting its contract award and stating the basis of the award. The notice of award shall also include the city's second and third ranked design-build entities.

(v) For the purposes of this paragraph, "skilled labor force availability" shall be determined by the existence of an agreement with a registered apprenticeship program, approved by the California Apprenticeship Council, which has graduated apprentices in each of the preceding five years. This graduation requirement shall not apply to programs providing apprenticeship training for any craft that has been deemed by the Department of Labor and the Department of Industrial Relations to be an apprenticeable craft in the five years prior to enactment of this act.

(vi) For the purposes of this paragraph, a bidder's "safety record" shall be deemed "acceptable" if their experience modification rate for the most recent three-year period is an average of 1.00 or less, and their average Total Recordable Injury/Illness rate and average lost work rate for the most recent three-year period does not exceed the applicable statistical standards for its business category, or if the bidder is a party

to an alternative dispute resolution system, as provided for in Section 3201.5 of the Labor Code.

(e) (1) Any design-build entity that is selected to design and build a project pursuant to this section shall possess or obtain sufficient bonding to cover the contract amount for nondesign services and errors and omissions insurance coverage sufficient to cover all design and architectural services provided in the contract. This section does not prohibit a general or engineering contractor from being designated the lead entity on a design-build entity for the purposes of purchasing necessary bonding to cover the activities of the design-build entity.

(2) Any payment or performance bond written for the purposes of this section shall be written using a bond form developed by the city.

(f) All subcontractors that were not listed by the design-build entity in accordance with clause (i) of subparagraph (A) of paragraph (3) of subdivision (d) shall be awarded by the design-build entity in accordance with the design-build process set forth by the city in the design-build package. All subcontractors bidding on contracts pursuant to this section shall be afforded the protections contained in Chapter 4 (commencing with Section 4100) of Part 1. The design-build entity shall do both of the following:

(1) Provide public notice of the availability of work to be subcontracted in accordance with the publication requirements applicable to the competitive bidding process of the city.

(2) Provide a fixed date and time on which the subcontracted work will be awarded in accordance with the procedure established pursuant to this section.

(g) The minimum performance criteria and design standards established pursuant to paragraph (1) of subdivision (d) shall be adhered to by the design-build entity. Any deviations from those standards may only be allowed by written consent of the city.

(h) The city may retain the services of a design professional or construction project manager, or both, throughout the course of the project in order to ensure compliance with this section.

(i) Contracts awarded pursuant to this section shall be valid until the project is completed.

(j) Nothing in this section is intended to affect, expand, alter, or limit any rights or remedies otherwise available at law.

(k) (1) If the city elects to award a project pursuant to this section, retention proceeds withheld by the city from the design-build entity shall not exceed 5 percent if a performance and payment bond, issued by an admitted surety insurer, is required in the solicitation of bids.

(2) In a contract between the design-build entity and the subcontractor, and in a contract between a subcontractor and any subcontractor

thereunder, the percentage of the retention proceeds withheld may not exceed the percentage specified in the contract between the city and the design-build entity. If the design-build entity provides written notice to any subcontractor who is not a member of the design-build entity, prior to or at the time the bid is requested, that a bond may be required and the subcontractor subsequently is unable or refuses to furnish a bond to the design-build entity, then the design-build entity may withhold retention proceeds in excess of the percentage specified in the contract between the city and the design-build entity from any payment made by the design-build entity to the subcontractor.

(*l*) Each city that elects to proceed under this section and uses the design-build method on a public works project shall submit to the Legislative Analyst's Office before December 1, 2009, a report containing a description of each public works project procured through the design-build process that is completed after January 1, 2006, and before November 1, 2009. The report shall include, but shall not be limited to, all of the following information:

(1) The type of project.

(2) The gross square footage of the project.

(3) The design-build entity that was awarded the project.

(4) The estimated and actual project costs.

(5) A description of any written protests concerning any aspect of the solicitation, bid, proposal, or award of the design-build project, including the resolution of the protests.

(6) An assessment of the prequalification process and criteria.

(7) An assessment of the effect of retaining 5 percent retention on the project.

(8) A description of the Labor Force Compliance Program and an assessment of the project impact, where required.

(9) A description of the method used to award the contract. If the best value method was used, the report shall describe the factors used to evaluate the bid, including the weighting of each factor and an assessment of the effectiveness of the methodology.

(10) An assessment of the project impact of "skilled labor force availability."

(11) An assessment of the most appropriate uses for the design-build approach.

(m) Any city that elects not to use the authority granted by this section may submit a report to the Legislative Analyst's Office explaining why the city elected not to use the design-build method.

(n) On or before January 1, 2010, the Legislative Analyst's Office shall report to the Legislature on the use of the design-build method by cities pursuant to this section, including the information listed in

subdivision (*l*). The report may include recommendations for modifying or extending this section.

(o) This section shall remain in effect only until January 1, 2011, and of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique need to build public facilities in a cost-effective manner in the City of Victorville.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 245

An act to amend Sections 54236 and 54237 of the Government Code, relating to surplus residential property.

[Approved by Governor September 14, 2006. Filed with Secretary of State September 14, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 54236 of the Government Code is amended to read:

54236. (a) As used in this article, the term "offer" means to solicit proposals prior to sale in a manner calculated to achieve a sale under the conditions specified, and to hold the offer open for a reasonable period of time, which shall be no more than one year, unless the time is extended by the selling agency at its discretion, for a period to be specified by the selling agency.

(b) As used in this article, the term "affordable price" means, in the case of a purchaser, other than a lower income household, the price for residential property for which the purchaser's monthly payments will not exceed that portion of the purchasing household's adjusted income as determined in accordance with the regulations of the United States

Department of Housing and Urban Development, issued pursuant to Section 235 of the National Housing Act; and, in the case of a purchaser that is a lower income household, the price for residential property for which the purchaser's monthly payments will not exceed that portion of the purchasing household's adjusted income as determined in accordance with the regulations of the United States Department of Housing and Urban Development issued pursuant to Section 8 of the United States Housing Act of 1937.

(c) As used in this article, the term "single-family residence" means a real property improvement used, or intended to be used, as a dwelling unit for one family.

(d) As used in this article, the term "surplus residential property" means land and structures owned by any agency of the state that is determined to be no longer necessary for the agency's use, and that is developed as single-family or multifamily housing, except property being held by the agency for the purpose of exchange.

Surplus residential properties shall only include land and structures that, at the time of purchase by the state, the state had intended to remove the residences thereon and to use the land for state purposes.

(e) As used in this article, the term "displacement" includes, but is not limited to, persons who will have to move from surplus residential property that they occupy when it is sold by a state agency because they are unable to afford to pay the price that the state agency is asking for the residential property.

(f) As used in this article, the term "fair market value" shall mean fair market value as of the date the offer of sale is made by the selling agency pursuant to the provisions of this article. This definition shall not apply to terms of sale that are described as mitigation measures in an environmental study prepared pursuant to the Public Resources Code if the study was initiated before this measure was enacted.

(g) As used in this article, the term "affordable rent" means, in the case of an occupant person or family, other than a person or family of low or moderate income, rent for residential property that is not more than 25 percent of the occupant household's gross monthly income, and in the case of an occupant person or family of low or moderate income, rent for residential property that is not more than the percentage of the adjusted income of the occupant person or family as permitted under regulations of the United States Department of Housing and Urban Development issued pursuant to Section 8 of the United States Housing Act of 1937, but not in excess of the market rental value for comparable property.

(h) As used in this article, the term "area median income" means median household income, adjusted for family size as determined in

accordance with the regulations of the United States Department of Housing and Urban Development issued pursuant to Section 235 of the National Housing Act, as amended (P.L. 90-448), for the Standard Metropolitan Statistical Area (S.M.S.A.), in which surplus residential property to be disposed of pursuant to this article is located, or the county in which the property is located, if it is outside an S.M.S.A.

(i) As used in this article, the term "persons and families of low or moderate income" means persons and families who meet both of the following conditions:

(1) Meet the definition of persons and families of low or moderate income set forth in Section 50093 of the Health and Safety Code.

(2) Have not had an ownership interest in real property in the last three years.

(j) As used in this article, the term "lower income households" means lower income households as defined in Section 50079.5 of the Health and Safety Code.

SEC. 2. Section 54237 of the Government Code is amended to read:

54237. (a) Notwithstanding Section 11011.1, any agency of the state disposing of surplus residential property shall do so in accordance with the following priorities and procedures:

(1) First, all single family residences presently occupied by their former owners shall be offered to those former owners at the appraised fair market value.

(2) Second, all single-family residences shall be offered, pursuant to this article, to their present occupants who have occupied the property two years or more and who are persons and families of low or moderate income.

(3) Third, all single-family residences shall be offered, pursuant to this article, to their present occupants who have occupied the property five years or more and whose household income does not exceed 150 percent of the area median income.

(4) Fourth, a single-family residence shall not be offered, pursuant to this article, to present occupants who are not the former owners of the property if the present occupants have had an ownership interest in real property in the last three years.

(b) Single-family residences offered to their present occupants pursuant to paragraphs (2) and (3) of subdivision (a) shall be offered to those present occupants at an affordable price, which price shall not be less than the price paid by the agency for original acquisition, unless the acquisition price was greater than the current fair market value, and shall not be greater than fair market value. When single-family residences are offered to present occupants at a price that is less than fair market value, the selling agency shall impose terms, conditions, and restrictions to

assure that the housing will remain available to persons and families of low or moderate income and households with incomes no greater than the incomes of the present occupants in proportion to the area median income. The Department of Housing and Community Development shall provide to the selling agency recommendations of standards and criteria for these prices, terms, conditions and restrictions. The selling agency shall provide repairs required by lenders and government housing assistance programs, or, at the option of the agency, provide the present occupants with a replacement dwelling pursuant to Section 54237.5.

(c) If single-family residences are offered to their present occupants pursuant to paragraphs (2) and (3) of subdivision (a), the occupants shall certify their income and assets to the selling agency. When single-family residences are offered to present occupants at a price that is less than fair market value, the selling agency may verify the certifications, in accordance with procedures utilized for verification of incomes of purchasers and occupants of housing financed by the California Housing Finance Agency and with regulations adopted for the verification of assets by the United States Department of Housing and Urban Development. The income and asset limitations and term of residency requirements of paragraphs (2) and (3) of subdivision (a) shall not apply to sales that are described as mitigation measures in an environmental study prepared pursuant to the Public Resources Code, if the study was initiated before this measure was enacted.

(d) All other surplus residential properties and all properties described in paragraphs (1), (2), and (3) of subdivision (a) that are not purchased by the former owners or the present occupants shall be then offered to housing-related private and public entities at a reasonable price, which is best suited to economically feasible use of the property as decent, safe, and sanitary housing at affordable rents and affordable prices for persons and families of low or moderate income, on the condition that the purchasing entity shall cause the property to be rehabilitated and developed as limited equity cooperative housing with first right of occupancy to present occupants, except that where the development of cooperative or cooperatives is not feasible, the purchasing agency shall cause the property to be used for low and moderate income rental or owner-occupied housing, with first right of occupancy to the present tenants. The price of the property in no case shall be less than the price paid by the agency for original acquisition unless the acquisition price was greater than current fair market value and shall not be greater than fair market value. Subject to the foregoing, it shall be set at the level necessary to provide housing at affordable rents and affordable prices for present tenants and persons and families of low or moderate income. When residential property is offered at a price that is less than fair market

value, the selling agency shall impose terms, conditions, and restrictions as will assure that the housing will remain available to persons and families of low or moderate income. The Department of Housing and Community Development shall provide to the selling agency recommendations of standards and criteria for prices, terms, conditions, and restrictions.

(e) Any surplus residential properties not sold pursuant to subdivisions (a) to (d), inclusive, shall then be sold at fair market value, with priority given first to purchasers who are present occupants and then to purchasers who will be owner occupants.

CHAPTER 246

An act to amend Section 4050 of the Water Code, relating to water.

[Approved by Governor September 14, 2006. Filed with Secretary of State September 14, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 4050 of the Water Code is amended to read:

4050. (a) Upon written request submitted to the department by the owners or governing bodies of at least 15 percent of the conduits lawfully entitled to directly divert water from the streams or other sources of water supply in any service area, the department may, if it determines that it is necessary, appoint a watermaster and if necessary, in its discretion, one or more deputy watermasters for the service area.

(b) Upon petition, made to a court in which a relevant judicial decree has been entered, by the owners or governing bodies of at least 15 percent of the conduits lawfully entitled to directly divert water from the streams or other sources of water supply in any service area, the court may appoint a public agency as watermaster under this part to replace the watermaster appointed by the department.

(c) (1) A watermaster appointed pursuant to subdivision (b) shall have the powers and duties prescribed by the court pursuant to the exercise of its judicial authority, which may include any powers and duties prescribed by this part.

(2) This part shall apply to the service area for which a watermaster is appointed pursuant to subdivision (b) only to the extent determined by the court.

(d) (1) If in response to a petition made to a court, the court appoints a watermaster in a service area in which the department previously

appointed a watermaster, upon the appointment of the new watermaster becoming effective, the department shall not be responsible for carrying out any of the duties and obligations of this part, including any responsibility for the funding of the expenses of administration or distribution pursuant to Chapter 7 (commencing with Section 4200).

(2) If in response to a petition made to a court, the court appoints a watermaster in a service area in which the department previously appointed a watermaster, upon the appointment of the new watermaster becoming effective and in the discretion of the department, any fixed waterflow measuring device and fixed distribution structure installed by the department shall either be removed from the service area by the department, or transferred at no charge to the new watermaster appointed by the court. With respect to any waterflow measuring device or fixed distribution structure transferred to the new watermaster, all rights, duties, and obligations of the department shall accompany the transfer and shall be assumed by the new watermaster, and the new watermaster shall hold the department harmless for any and all claims or causes of action relative to the items transferred that arise subsequent to the transfer.

CHAPTER 247

An act to amend Section 66452.5 of the Government Code, relating to subdivisions.

[Approved by Governor September 14, 2006. Filed with Secretary of State September 14, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 66452.5 of the Government Code is amended to read:

66452.5. (a) (1) The subdivider, or any tenant of the subject property, in the case of a proposed conversion of residential real property to a condominium project, community apartment project, or stock cooperative project, may appeal from any action of the advisory agency with respect to a tentative map to the appeal board established by local ordinance or, if none, to the legislative body.

(2) The appeal shall be filed with the clerk of the appeal board, or if there is none, with the clerk of the legislative body within 10 days after the action of the advisory agency from which the appeal is being taken.

(3) Upon the filing of an appeal, the appeal board or legislative body shall set the matter for hearing. The hearing shall be held within 30 days

after the date of a request filed by the subdivider or the appellant. If there is no regular meeting of the legislative body within the next 30 days for which notice can be given pursuant to Section 66451.3, the appeal may be heard at the next regular meeting for which notice can be given, or within 60 days from the date of the receipt of the request, whichever period is shorter. Within 10 days following the conclusion of the hearing, the appeal board or legislative body shall render its decision on the appeal.

(b) (1) The subdivider, any tenant of the subject property, in the case of a conversion of residential real property to a condominium project, community apartment project, or stock cooperative project, or the advisory agency may appeal from the action of the appeal board to the legislative body. The appeal shall be filed in writing with the clerk of the legislative body within 10 days after the action of the appeal board from which the appeal is being taken.

(2) After the filing of an appeal, the legislative body shall set the matter for hearing. The hearing shall be held within 30 days after the date of the request filed by the subdivider or the appellant. If there is no regular meeting of the legislative body within the next 30 days for which notice can be given pursuant to Section 66451.3, the appeal may be heard at the next regular meeting for which notice can be given, or within 60 days from the date of the receipt of the request, whichever period is shorter. Within 10 days following the conclusion of the hearing, the legislative body shall render its decision on the appeal.

(c) (1) If there is an appeal board and it fails to act upon an appeal within the time limit specified in this chapter, the decision from which the appeal was taken shall be deemed affirmed and an appeal therefrom may thereupon be taken to the legislative body as provided in subdivision (b) of this section. If no further appeal is taken, the tentative map, insofar as it complies with applicable requirements of this division and any local ordinance, shall be deemed approved or conditionally approved as last approved or conditionally approved by the advisory agency, and it shall be the duty of the clerk of the legislative body to certify or state that approval, or if the advisory agency is one which is not authorized by local ordinance to approve, conditionally approve, or disapprove the tentative map, the advisory agency shall submit its report to the legislative body as if no appeal had been taken.

(2) If the legislative body fails to act upon an appeal within the time limit specified in this chapter, the tentative map, insofar as it complies with applicable requirements of this division and any local ordinance, shall be deemed to be approved or conditionally approved as last approved or conditionally approved, and it shall be the duty of the clerk of the legislative body to certify or state that approval.

(d) (1) Any interested person adversely affected by a decision of the advisory agency or appeal board may file an appeal with the legislative body concerning any decision of the advisory agency or appeal board. The appeal shall be filed with the clerk of the legislative body within 10 days after the action of the advisory agency or appeal board that is the subject of the appeal. Upon the filing of the appeal, the legislative body shall set the matter for hearing. The hearing shall be held within 30 days after the date of a request filed by the subdivider or the appellant. If there is no regular meeting of the legislative body within the next 30 days for which notice can be given pursuant to Section 66451.3, the appeal may be heard at the next regular meeting for which notice can be given, or within 60 days from the date of the receipt of the request, whichever period is shorter. The hearing may be a public hearing for which notice shall be given in the time and manner provided.

(2) Upon conclusion of the hearing, the legislative body shall, within 10 days, declare its findings based upon the testimony and documents produced before it or before the advisory board or the appeal board. The legislative body may sustain, modify, reject, or overrule any recommendations or rulings of the advisory board or the appeal board and may make any findings that are not inconsistent with the provisions of this chapter or any local ordinance adopted pursuant to this chapter.

(e) Each decision made pursuant to this section shall be supported by findings that are consistent with the provisions of this division and any local ordinance adopted pursuant to this division.

(f) Notice of each hearing provided for in this section shall be sent by United States mail to each tenant of the subject property, in the case of a conversion of residential real property to a condominium project, community apartment project, or stock cooperative project, at least three days prior to the hearing. The notice requirement of this subdivision shall be deemed satisfied if the notice complies with the legal requirements for service by mail. Pursuant to Section 66451.2, fees may be collected from the subdivider or from persons appealing or filing an appeal for expenses incurred pursuant to this section.

CHAPTER 248

An act to amend Section 12751.3 of the Public Utilities Code, relating to public utilities.

[Approved by Governor September 14, 2006. Filed with Secretary of State September 14, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 12751.3 of the Public Utilities Code is amended to read:

12751.3. (a) The purpose of this section is to provide affected districts with an alternative acquisition process that will result in reduced costs to ratepayers. Notwithstanding Section 12751, when the expenditure for the purchase of supplies and materials exceeds fifty thousand dollars ($50,000) and the district determines that ratepayers reasonably can expect a net benefit in the cost of district services, the district may provide for the purchase of the supplies and materials by contract let in accordance with best value at the lowest cost acquisition policies adopted by the board pursuant to this section.

(b) The best value at the lowest cost acquisition policies adopted pursuant to subdivision (a) shall include the following:

(1) Price and service level proposals that reduce the district's overall operating costs.

(2) Supplies and materials standards that support the district's strategic supplies and materials acquisition and management program direction.

(3) A procedure for protest and resolution.

(c) For purposes of this section, "best value at the lowest cost acquisition" means a competitive procurement process whereby the award of a contract for supplies and materials may take into consideration any of the following factors:

(1) The total cost to the district of its use or consumption of supplies and materials.

(2) The operational cost or benefit incurred by the district as a result of the contract award.

(3) The value to the district of vendor-added services.

(4) The quality, effectiveness, and innovation of supplies, materials, and services.

(5) The reliability of delivery or installation schedules.

(6) The terms and conditions of product warranties and vendor guarantees.

(7) The financial stability of the vendor.

(8) The vendor's quality assurance program.

(9) The vendor's experience with the provision of supplies, materials, and services.

(10) The consistency of the vendor's proposed supplies, materials, and services with the district's overall supplies and materials procurement program.

(11) The economic benefits to the general community related to job creation or retention.

(d) If a district that did not purchase supplies and materials by contract let pursuant to this section before January 1, 2006, elects to purchase supplies and materials by contract, let in accordance with best value acquisition policies adopted by the board pursuant to this section, the district shall submit a report to the Legislative Analyst on or before January 1, 2011. The district shall include in the report a summary of the costs and benefits of best value acquisition compared to traditional low bid procurement practices. The report shall also include statistics showing the number of contracts awarded to small businesses, minority-owned businesses, and new businesses and the number of years each contract awardee had been in business. The report shall also include an analysis of the effects of best value procurement practices on these businesses, the nature of any disputes arising from the use of best value procurement practices, and the status of those disputes. On or before April 1, 2011, the Legislative Analyst shall report to the Legislature on the use of "best value at lowest cost acquisition" procurement practices used by municipal utility districts, and recommend whether to modify this section and extend the authority of additional districts to elect to purchase supplies and materials by contract let in accordance with best value acquisition policies, beyond January 1, 2012.

(e) The district shall ensure that all businesses have a fair and equitable opportunity to compete for, and participate in, district contracts and shall also ensure that discrimination in the award and performance of contracts does not occur on the basis of race, color, sex, national origin, marital status, sexual preference, creed, ancestry, medical condition, or retaliation for having filed a discrimination complaint in the performance of district contractual obligations.

(f) A district that did not purchase supplies and materials by contract let pursuant to this section before January 1, 2006, shall not purchase supplies and materials by contract let pursuant to this section after January 1, 2012.

CHAPTER 249

An act to amend Section 123105 of the Health and Safety Code, and to amend Sections 4683 and 4690 of the Probate Code, relating to medical information.

[Approved by Governor September 14, 2006. Filed with Secretary of State September 14, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 123105 of the Health and Safety Code is amended to read:

123105. As used in this chapter:

(a) "Health care provider" means any of the following:

SEC. 11. Section 1106 of the Commercial Code is amended and renumbered to read:

SEC. 15. Section 1108 is added to the Commercial Code, to read:

1108. This chapter modifies, limits, and supersedes the federal Electronic Signatures in Global and National Commerce Act, 15 U.S.C. Section 7001 et seq., except that nothing in this chapter modifies, limits, or supersedes Section 7001(c) of that act or authorizes electronic delivery of any of the notices described in Section 7003(b) of that act.

SEC. 16. Section 1201 of the Commercial Code is amended to read:

1201. (a) Unless the context otherwise requires, words or phrases defined in this section, or in the additional definitions contained in other divisions of this code that apply to particular divisions or chapters thereof, have the meanings stated.

(b) Subject to definitions contained in other divisions of this code that apply to particular divisions or chapters thereof:

A person buys goods in the ordinary course if the sale to the person comports with the usual or customary practices in the kind of business in which the seller is engaged or with the seller's own usual or customary practices. A person that sells oil, gas, or other minerals at the wellhead or minehead is a person in the business of selling goods of that kind. A buyer in ordinary course of business may buy for cash, by exchange of other property, or on secured or unsecured credit, and may acquire goods or documents of title under a preexisting contract for sale. Only a buyer that takes possession of the goods or has a right to recover the goods from the seller under Division 2 (commencing with Section 2101) may be a buyer in ordinary course of business. "Buyer in ordinary course of business" does not include a person that acquires goods in a transfer in bulk or as security for or in total or partial satisfaction of a money debt.

(10) "Conspicuous," with reference to a term, means so written, displayed, or presented that a reasonable person against whom it is to operate ought to have noticed it. Whether a term is "conspicuous" or not is a decision for the court. Conspicuous terms include the following:

(A) a heading in capitals equal to or greater in size than the surrounding text, or in contrasting type, font, or color to the surrounding text of the same or lesser size; and

(B) language in the body of a record or display in larger type than the surrounding text, or in contrasting type, font, or color to the surrounding text of the same size, or set off from surrounding text of the same size by symbols or other marks that call attention to the language.

To be a document of title, a document must purport to be issued by or addressed to a bailee and purport to cover goods in the bailee's possession which are either identified or are fungible portions of an identified mass.

(17) "Fault" means a default, breach, or wrongful act or omission.

(18) "Fungible goods" means:

(B) being unable to pay debts as they become due; or

(C) being insolvent within the meaning of federal bankruptcy law.

(24) "Money" means a medium of exchange currently authorized or adopted by a domestic or foreign government. The term includes a monetary unit of account established by an intergovernmental organization or by agreement between two or more countries.

(27) "Person" means an individual, corporation, business trust, estate, trust, partnership, limited liability company, association, joint venture, government, governmental subdivision, agency, or instrumentality, public corporation, or any other legal or commercial entity.

(28) "Present value" means the amount as of a date certain of one or more sums payable in the future, discounted to the date certain by use of either an interest rate specified by the parties if that rate is not manifestly unreasonable at the time the transaction is entered into or, if an interest rate is not so specified, a commercially reasonable rate that takes into account the facts and circumstances at the time the transaction is entered into.

(29) "Purchase" means taking by sale, lease, discount, negotiation, mortgage, pledge, lien, security interest, issue or reissue, gift, or any other voluntary transaction creating an interest in property.

transaction that is subject to Division 9 (commencing with Section 9101). "Security interest" does not include the special property interest of a buyer of goods on identification of those goods to a contract for sale under Section 2401, but a buyer may also acquire a "security interest" by complying with Division 9 (commencing with Section 9101). Except as otherwise provided in Section 2505, the right of a seller or lessor of goods under Division 2 (commencing with Section 2101) or Division 10 (commencing with Section 10101) to retain or acquire possession of the goods is not a "security interest," but a seller or lessor may also acquire a "security interest" by complying with Division 9 (commencing with Section 9101). The retention or reservation of title by a seller of goods notwithstanding shipment or delivery to the buyer under Section 2401 is limited in effect to a reservation of a "security interest."

Whether a transaction in the form of a lease creates a "security interest" is determined pursuant to Section 1203.

(36) "Send," in connection with a writing, record, or notice means:

(A) to deposit in the mail or deliver for transmission by any other usual means of communication with postage or cost of transmission provided for and properly addressed and, in the case of an instrument, to an address specified thereon or otherwise agreed or, if there is none, to any address reasonable under the circumstances; or

SEC. 17. Section 1202 of the Commercial Code is amended and renumbered to read:

1307. (1) A bill of lading, policy or certificate of insurance, official weigher's or inspector's certificate, consular invoice, or any other document authorized or required by the contract to be issued by a third party is admissible as evidence of the facts stated in the document by

the third party in any action arising out of the contract that authorized or required the document.

(2) In any action arising out of the contract that authorized or required the document referred to in subdivision (1):

(a) A document in due form purporting to be the document referred to in subdivision (1) is presumed to be authentic and genuine. The presumption is a presumption affecting the burden of producing evidence.

(b) If the document is found to be authentic and genuine, the facts stated in the document by the third party are presumed to be true. The presumption is a presumption affecting the burden of proof.

SEC. 18. Section 1202 is added to the Commercial Code, to read:

1202. (a) Subject to subdivision (f), a person has "notice" of a fact if the person:

(1) has actual knowledge of it;

(2) has received a notice or notification of it; or

(3) from all the facts and circumstances known to the person at the time in question, has reason to know that it exists.

(b) "Knowledge" means actual knowledge. "Knows" has a corresponding meaning.

(c) "Discover," "learn," or words of similar import refer to knowledge rather than to reason to know.

(d) A person "notifies" or "gives" a notice or notification to another person by taking such steps as may be reasonably required to inform the other person in ordinary course, whether or not the other person actually comes to know of it.

(e) Subject to subdivision (f), a person "receives" a notice or notification when:

(1) it comes to that person's attention; or

(2) it is duly delivered in a form reasonable under the circumstances at the place of business through which the contract was made or at another location held out by that person as the place for receipt of such communications.

(f) Notice, knowledge, or a notice or notification received by an organization is effective for a particular transaction from the time it is brought to the attention of the individual conducting that transaction and, in any event, from the time it would have been brought to the individual's attention if the organization had exercised due diligence. An organization exercises due diligence if it maintains reasonable routines for communicating significant information to the person conducting the transaction and there is reasonable compliance with the routines. Due diligence does not require an individual acting for the organization to communicate information unless the communication is part of the individual's regular duties or the individual has reason to

know of the transaction and that the transaction would be materially affected by the information.

SEC. 19. Section 1203 of the Commercial Code is amended and renumbered to read:

1304. Every contract or duty within this code imposes an obligation of good faith in its performance and enforcement.

SEC. 20. Section 1203 is added to the Commercial Code, to read:

1203. (a) Whether a transaction in the form of a lease creates a lease or security interest is determined by the facts of each case.

(b) A transaction in the form of a lease creates a security interest if the consideration that the lessee is to pay the lessor for the right to possession and use of the goods is an obligation for the term of the lease and is not subject to termination by the lessee, and:

(1) the original term of the lease is equal to or greater than the remaining economic life of the goods;

(2) the lessee is bound to renew the lease for the remaining economic life of the goods or is bound to become the owner of the goods;

(3) the lessee has an option to renew the lease for the remaining economic life of the goods for no additional consideration or for nominal additional consideration upon compliance with the lease agreement; or

(4) the lessee has an option to become the owner of the goods for no additional consideration or for nominal additional consideration upon compliance with the lease agreement.

(c) A transaction in the form of a lease does not create a security interest merely because:

(1) the present value of the consideration the lessee is obligated to pay the lessor for the right to possession and use of the goods is substantially equal to or is greater than the fair market value of the goods at the time the lease is entered into;

(2) the lessee assumes risk of loss of the goods;

(3) the lessee agrees to pay, with respect to the goods, taxes, insurance, filing, recording, or registration fees, or service or maintenance costs;

(4) the lessee has an option to renew the lease or to become the owner of the goods;

(5) the lessee has an option to renew the lease for a fixed rent that is equal to or greater than the reasonably predictable fair market rent for the use of the goods for the term of the renewal at the time the option is to be performed; or

(6) the lessee has an option to become the owner of the goods for a fixed price that is equal to or greater than the reasonably predictable fair market value of the goods at the time the option is to be performed.

(7) in the case of a motor vehicle, as defined in Section 415 of the Vehicle Code, or a trailer, as defined in Section 630 of that code, that is

not to be used primarily for personal, family, or household purposes, that the amount of rental payments may be increased or decreased by reference to the amount realized by the lessor upon sale or disposition of the vehicle or trailer. Nothing in this paragraph affects the application or administration of the Sales and Use Tax Law (Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code).

(d) Additional consideration is nominal if it is less than the lessee's reasonably predictable cost of performing under the lease agreement if the option is not exercised. Additional consideration is not nominal if:

(1) when the option to renew the lease is granted to the lessee, the rent is stated to be the fair market rent for the use of the goods for the term of the renewal determined at the time the option is to be performed; or

(2) when the option to become the owner of the goods is granted to the lessee, the price is stated to be the fair market value of the goods determined at the time the option is to be performed.

(e) The "remaining economic life of the goods" and "reasonably predictable" fair market rent, fair market value, or cost of performing under the lease agreement must be determined with reference to the facts and circumstances at the time the transaction is entered into.

SEC. 21. Section 1204 of the Commercial Code is amended and renumbered to read:

1205. (a) Whether a time for taking an action required by this code is reasonable depends on the nature, purpose, and circumstances of the action.

(b) An action is taken "seasonably" if it is taken at or within the time agreed or, if no time is agreed, at or within a reasonable time.

SEC. 22. Section 1204 is added to the Commercial Code, to read:

1204. Except as otherwise provided in Divisions 3, 4, 5, and 6, a person gives value for rights if the person acquires them:

(1) in return for a binding commitment to extend credit or for the extension of immediately available credit, whether or not drawn upon and whether or not a chargeback is provided for in the event of difficulties in collection;

(2) as security for, or in total or partial satisfaction of, a preexisting claim;

(3) by accepting delivery under a preexisting contract for purchase; or

(4) in return for any consideration sufficient to support a simple contract.

SEC. 23. Section 1205 of the Commercial Code is amended and renumbered to read:

1303. (a) A "course of performance" is a sequence of conduct between the parties to a particular transaction that exists if:

(1) the agreement of the parties with respect to the transaction involves repeated occasions for performance by a party; and

(2) the other party, with knowledge of the nature of the performance and opportunity for objection to it, accepts the performance or acquiesces in it without objection.

(b) A "course of dealing" is a sequence of conduct concerning previous transactions between the parties to a particular transaction that is fairly to be regarded as establishing a common basis of understanding for interpreting their expressions and other conduct.

(c) A "usage of trade" is any practice or method of dealing having such regularity of observance in a place, vocation, or trade as to justify an expectation that it will be observed with respect to the transaction in question. The existence and scope of such a usage must be proved as facts. If it is established that such a usage is embodied in a trade code or similar record, the interpretation of the record is a question of law.

(d) A course of performance or course of dealing between the parties or usage of trade in the vocation or trade in which they are engaged or of which they are or should be aware is relevant in ascertaining the meaning of the parties' agreement, may give particular meaning to specific terms of the agreement, and may supplement or qualify the terms of the agreement. A usage of trade applicable in the place in which part of the performance under the agreement is to occur may be so utilized as to that part of the performance.

(e) Except as otherwise provided in subdivision (f), the express terms of an agreement and any applicable course of performance, course of dealing, or usage of trade must be construed whenever reasonable as consistent with each other. If such a construction is unreasonable:

(1) express terms prevail over course of performance, course of dealing, and usage of trade;

(2) course of performance prevails over course of dealing and usage of trade;

(3) course of dealing prevails over usage of trade.

(f) Subject to Section 2209, a course of performance is relevant to show a waiver or modification of any term inconsistent with the course of performance.

(g) Evidence of a relevant usage of trade offered by one party is not admissible unless that party has given the other party notice that the court finds sufficient to prevent unfair surprise to the other party.

SEC. 24. Section 1206 of the Commercial Code is repealed.

SEC. 25. Section 1206 is added to the Commercial Code, to read:

1206. Whenever this code creates a "presumption" with respect to a fact, or provides that a fact is "presumed," the trier of fact must find the existence of the fact unless and until evidence is introduced that supports a finding of its nonexistence.

SEC. 26. Section 1207 of the Commercial Code is amended and renumbered to read:

1308. (a) A party that with explicit reservation of rights performs or promises performance or assents to performance in a manner demanded or offered by the other party does not thereby prejudice the rights reserved. Such words as "without prejudice," "under protest" or the like are sufficient.

(b) Subdivision (a) does not apply to an accord and satisfaction.

SEC. 27. Section 1208 of the Commercial Code is amended and renumbered to read:

1309. A term providing that one party or that party's successor in interest may accelerate payment or performance or require collateral or additional collateral "at will" or when the party "deems itself insecure," or words of similar import, means that the party has power to do so only if that party in good faith believes that the prospect of payment or performance is impaired. The burden of establishing lack of good faith is on the party against which the power has been exercised.

SEC. 28. Section 1209 of the Commercial Code is amended and renumbered to read:

1310. An obligation may be issued as subordinated to performance of another obligation of the person obligated, or a creditor may subordinate its right to performance of an obligation by agreement with either the person obligated or another creditor of the person obligated. Subordination does not create a security interest as against either the common debtor or a subordinated creditor.

SEC. 29. Section 1210 of the Commercial Code is repealed.

SEC. 30. Chapter 3 (commencing with Section 1301) is added to Division 1 of the Commercial Code, to read:

Chapter 3. Territorial Applicability and General Rules

1301. (a) Except as otherwise provided in this section, when a transaction bears a reasonable relation to this state and also to another state or nation, the parties may agree that the law either of this state or of the other state or nation shall govern their rights and duties.

(b) In the absence of an agreement effective under subdivision (a), and except as provided in subdivision (c), this code applies to transactions bearing an appropriate relation to this state.

(c) If one of the following provisions specifies the applicable law, that provision governs and a contrary agreement is effective only to the extent permitted by the law so specified:

(1) Section 2402.
(2) Section 4102.
(3) Section 5116.
(4) Section 6103.
(5) Section 8110.

(8) Section 11507.

1302. (a) Except as otherwise provided in subdivision (b) or elsewhere in this code, the effect of provisions of this code may be varied by agreement.

(b) The obligations of good faith, diligence, reasonableness, and care prescribed by this code may not be disclaimed by agreement. The parties, by agreement, may determine the standards by which the performance of those obligations is to be measured if those standards are not manifestly unreasonable. Whenever this code requires an action to be taken within a reasonable time, a time that is not manifestly unreasonable may be fixed by agreement.

(c) The presence of certain provisions of this code of the phrase "unless otherwise agreed," or words of similar import, does not imply that the effect of other provisions may not be varied by agreement under this section.

SEC. 31. Section 2103 of the Commercial Code is amended to read:

2104. (1) "Merchant" means a person who deals in goods of the kind or otherwise by his occupation holds himself out as having knowledge or skill peculiar to the practices or goods involved in the transaction or to whom such knowledge or skill may be attributed by his employment of an agent or broker or other intermediary who by his occupation holds himself out as having such knowledge or skill.

(2) "Financing agency" means a bank, finance company or other person who in the ordinary course of business makes advances against goods or documents of title or who by arrangement with either the seller or the buyer intervenes in ordinary course to make or collect payment due or claimed under the contract for sale, as by purchasing or paying the seller's draft or making advances against it or by merely taking it for collection whether or not documents of title accompany or are associated with the draft. SEC. 33. Section 2202 of the Commercial Code is amended to read:

2202. Terms with respect to which the confirmatory memoranda of the parties agree or which are otherwise set forth in a writing intended by the parties as a final expression of their agreement with respect to such terms as are included therein may not be contradicted by evidence of any prior agreement or of a contemporaneous oral agreement but may be explained or supplemented

(a) By course of dealing, course of performance, or usage of trade (Section 1303); and

(b) By evidence of consistent additional terms unless the court finds the writing to have been intended also as a complete and exclusive statement of the terms of the agreement.

SEC. 34. Section 2208 of the Commercial Code is repealed.

SEC. 35. Section 2310 of the Commercial Code is amended to read:

2310. Unless otherwise agreed:

(a) Payment is due at the time and place at which the buyer is to receive the goods even though the place of shipment is the place of delivery; and

(b) If the seller is authorized to send the goods he may ship them under reservation, and may tender the documents of title, but the buyer may inspect the goods after their arrival before payment is due unless such inspection is inconsistent with the terms of the contract (Section 2513); and

(c) If delivery is authorized and made by way of documents of title otherwise than by subdivision (b) then payment is due regardless of where the goods are to be received (i) at the time and place at which the buyer is to receive delivery of the tangible documents or (ii) at the time the buyer is to receive delivery of the electronic documents and at the seller's place of business or if none, the seller's residence; and

(d) Where the seller is required or authorized to ship the goods on credit the credit period runs from the time of shipment but postdating the invoice or delaying its dispatch will correspondingly delay the starting of the credit period.

SEC. 36. Section 2323 of the Commercial Code is amended to read:

2323. (1) Where the contract contemplates overseas shipment and contains a term C.I.F. or C. & F. or F.O.B. vessel, the seller unless otherwise agreed must obtain a negotiable bill of lading stating that the goods have been loaded on board or, in the case of a term C.I.F. or C. & F., received for shipment.

(2) Where in a case within subdivision (1) a tangible bill of lading has been issued in a set of parts, unless otherwise agreed if the documents are not to be sent from abroad the buyer may demand tender of the full set; otherwise only one part of the bill of lading need be tendered. Even if the agreement expressly requires a full set

(a) Due tender of a single part is acceptable within the provisions of this division on cure of improper delivery (subdivision (1) of Section 2508); and

(b) Even though the full set is demanded, if the documents are sent from abroad the person tendering an incomplete set may nevertheless require payment upon furnishing an indemnity which the buyer in good faith deems adequate.

(3) A shipment by water or by air or a contract contemplating such shipment is "overseas" insofar as by usage of trade or agreement it is subject to the commercial, financing or shipping practices characteristic of international deepwater commerce.

SEC. 37. Section 2401 of the Commercial Code is amended to read:

2401. Each provision of this division with regard to the rights, obligations and remedies of the seller, the buyer, purchasers or other third parties applies irrespective of title to the goods except where the provision refers to such title. Insofar as situations are not covered by the other provisions of this division and matters concerning title become material the following rules apply:

(1) Title to goods cannot pass under a contract for sale prior to their identification to the contract (Section 2501), and unless otherwise explicitly agreed the buyer acquires by their identification a special property as limited by this code. Any retention or reservation by the seller of the title (property) in goods shipped or delivered to the buyer is limited in effect to a reservation of a security interest. Subject to these provisions and to the provisions of the division on secured transactions (Division 9), title to goods passes from the seller to the buyer in any manner and on any conditions explicitly agreed on by the parties.

(2) Unless otherwise explicitly agreed title passes to the buyer at the time and place at which the seller completes his performance with reference to the physical delivery of the goods, despite any reservation of a security interest and even though a document of title is to be delivered at a different time or place; and in particular and despite any reservation of a security interest by the bill of lading

(a) If the contract requires or authorizes the seller to send the goods to the buyer but does not require him to deliver them at destination, title passes to the buyer at the time and place of shipment; but

(b) If the contract requires delivery at destination, title passes on tender there.

(3) Unless otherwise explicitly agreed where delivery is to be made without moving the goods,

(a) If the seller is to deliver a tangible document of title, title passes at the time when and the place where he delivers such documents and if the seller is to deliver an electronic document of title, title passes when the seller delivers the document; or

(b) If the goods are at the time of contracting already identified and no documents of title are to be delivered, title passes at the time and place of contracting.

(4) A rejection or other refusal by the buyer to receive or retain the goods, whether or not justified, or a justified revocation of acceptance revests title to the goods in the seller. Such revesting occurs by operation of law and is not a "sale."

SEC. 38. Section 2503 of the Commercial Code is amended to read:

2503. (1) Tender of delivery requires that the seller put and hold conforming goods at the buyer's disposition and give the buyer any notification reasonably necessary to enable him to take delivery. The manner, time and place for tender are determined by the agreement and this division, and in particular

(a) Tender must be at a reasonable hour, and if it is of goods they must be kept available for the period reasonably necessary to enable the buyer to take possession; but

(b) Unless otherwise agreed, the buyer must furnish facilities reasonably suited to the receipt of the goods.

(2) Where the case is within the next section respecting shipment tender requires that the seller comply with its provisions.

(3) Where the seller is required to deliver at a particular destination tender requires that he comply with subdivision (1) and also in any appropriate case tender documents as described in subdivisions (4) and (5) of this section.

(4) Where goods are in the possession of a bailee and are to be delivered without being moved

(a) Tender requires that the seller either tender a negotiable document of title covering such goods or procure acknowledgment by the bailee of the buyer's right to possession of the goods; but

(b) Tender to the buyer of a nonnegotiable document of title or of a record directing the bailee to deliver is sufficient tender unless the buyer seasonably objects, and except as otherwise provided in Division 9 (commencing with Section 9101), receipt by the bailee of notification of the buyer's rights fixes those rights as against the bailee and all third persons; but risk of loss of the goods and of any failure by the bailee to honor the nonnegotiable document of title or to obey the direction remains on the seller until the buyer has had a reasonable time to present

the document or direction, and a refusal by the bailee to honor the document or to obey the direction defeats the tender.

(5) Where the contract requires the seller to deliver documents

(a) He must tender all such documents in correct form, except as provided in this division with respect to bills of lading in a set (subdivision (2) of Section 2323); and

(b) Tender through customary banking channels is sufficient and dishonor of a draft accompanying or associated with the documents constitutes nonacceptance or rejection.

SEC. 39. Section 2505 of the Commercial Code is amended to read:

2505. (1) Where the seller has identified goods to the contract by or before shipment:

(a) His procurement of a negotiable bill of lading to his own order or otherwise reserves in him a security interest in the goods. His procurement of the bill to the order of a financing agency or of the buyer indicates in addition only the seller's expectation of transferring that interest to the person named.

(b) A nonnegotiable bill of lading to himself or his nominee reserves possession of the goods as security but except in a case of conditional delivery (subdivision (2) of Section 2507) a nonnegotiable bill of lading naming the buyer as consignee reserves no security interest even though the seller retains possession or control of the bill of lading.

(2) When shipment by the seller with reservation of a security interest is in violation of the contract for sale it constitutes an improper contract for transportation within the preceding section but impairs neither the rights given to the buyer by shipment and identification of the goods to the contract nor the seller's powers as a holder of a negotiable document of title.

SEC. 40. Section 2506 of the Commercial Code is amended to read:

2506. (1) A financing agency by paying or purchasing for value a draft which relates to a shipment of goods acquires to the extent of the payment or purchase and in addition to its own rights under the draft and any document of title securing it any rights of the shipper in the goods including the right to stop delivery and the shipper's right to have the draft honored by the buyer.

(2) The right to reimbursement of a financing agency which has in good faith honored or purchased the draft under commitment to or authority from the buyer is not impaired by subsequent discovery of defects with reference to any relevant document which was apparently regular.

SEC. 41. Section 2509 of the Commercial Code is amended to read:

2509. (1) Where the contract requires or authorizes the seller to ship the goods by carrier

(a) If it does not require him to deliver them at a particular destination, the risk of loss passes to the buyer when the goods are duly delivered to the carrier even though the shipment is under reservation (Section 2505); but

(b) If it does require him to deliver them at a particular destination and the goods are there duly tendered while in the possession of the carrier, the risk of loss passes to the buyer when the goods are there duly so tendered as to enable the buyer to take delivery.

(2) Where the goods are held by a bailee to be delivered without being moved, the risk of loss passes to the buyer

(a) On his receipt of possession or control of a negotiable document of title covering the goods; or

(b) On acknowledgment by the bailee of the buyer's right to possession of the goods; or

(c) After his receipt of possession or control of a nonnegotiable document of title or other direction to deliver in a record, as provided in subdivision (4)(b) of Section 2503.

(3) In any case not within subdivision (1) or (2), the risk of loss passes to the buyer on his receipt of the goods if the seller is a merchant; otherwise the risk passes to the buyer on tender of delivery.

(4) The provisions of this section are subject to contrary agreement of the parties and to the provisions of this division on sale on approval (Section 2327) and on effect of breach on risk of loss (Section 2510).

SEC. 42. Section 2605 of the Commercial Code is amended to read:

2605. (1) The buyer's failure to state in connection with rejection a particular defect which is ascertainable by reasonable inspection precludes him from relying on the unstated defect to justify rejection or to establish breach

(a) Where the seller could have cured it if stated seasonably; or

(b) Between merchants when the seller has after rejection made a request in writing for a full and final written statement of all defects on which the buyer proposes to rely.

(2) Payment against documents made without reservation of rights precludes recovery of the payment for defects apparent in the documents.

SEC. 43. Section 2705 of the Commercial Code is amended to read:

2705. (1) The seller may stop delivery of goods in the possession of a carrier or other bailee when he discovers the buyer to be insolvent (Section 2702) and may stop delivery of carload, truckload, planeload or larger shipments of express or freight when the buyer repudiates or fails to make a payment due before delivery or if for any other reason the seller has a right to withhold or reclaim the goods.

(2) As against such buyer the seller may stop delivery until

(a) Receipt of the goods by the buyer; or

(b) Acknowledgment to the buyer by any bailee of the goods except a carrier that the bailee holds the goods for the buyer; or

(c) Such acknowledgment to the buyer by a carrier by reshipment or as a warehouse; or

(d) Negotiation to the buyer of any negotiable document of title covering the goods.

(3) (a) To stop delivery the seller must so notify as to enable the bailee by reasonable diligence to prevent delivery of the goods.

(b) After such notification the bailee must hold and deliver the goods according to the directions of the seller but the seller is liable to the bailee for any ensuing charges or damages.

(c) If a negotiable document of title has been issued for goods the bailee is not obliged to obey a notification to stop until surrender of possession or control of the document.

(d) A carrier who has issued a nonnegotiable bill of lading is not obliged to obey a notification to stop received from a person other than the consignor.

SEC. 44. Section 3103 of the Commercial Code is amended to read:

3103. (a) In this division:

(1) "Acceptor" means a drawee who has accepted a draft.

(2) "Drawee" means a person ordered in a draft to make payment.

(3) "Drawer" means a person who signs or is identified in a draft as a person ordering payment.

(4) [Reserved]

(5) "Maker" means a person who signs or is identified in a note as a person undertaking to pay.

(6) "Order" means a written instruction to pay money signed by the person giving the instruction. The instruction may be addressed to any person, including the person giving the instruction, or to one or more persons jointly or in the alternative but not in succession. An authorization to pay is not an order unless the person authorized to pay is also instructed to pay.

(7) "Ordinary care" in the case of a person engaged in business means observance of reasonable commercial standards, prevailing in the area in which the person is located, with respect to the business in which the person is engaged. In the case of a bank that takes an instrument for processing for collection or payment by automated means, reasonable commercial standards do not require the bank to examine the instrument if the failure to examine does not violate the bank's prescribed procedures and the bank's procedures do not vary unreasonably from general banking usage not disapproved by this division or Division 4 (commencing with Section 4101).

(8) "Party" means a party to an instrument.

(9) "Promise" means a written undertaking to pay money signed by the person undertaking to pay. An acknowledgment of an obligation by the obligor is not a promise unless the obligor also undertakes to pay the obligation.

(10) "Prove" with respect to a fact means to meet the burden of establishing the fact (paragraph (8) of subdivision (b) of Section 1201).

(11) "Remitter" means a person who purchases an instrument from its issuer if the instrument is payable to an identified person other than the purchaser.

(10) "Midnight deadline" with respect to a bank is midnight on its next banking day following the banking day on which it receives the relevant item or notice or from which the time for taking action commences to run, whichever is later.

(11) "Settle" means to pay in cash, by clearinghouse settlement, in a charge or credit or by remittance, or otherwise as agreed. A settlement may be either provisional or final.

(12) "Suspends payments" with respect to a bank means that it has been closed by order of the supervisory authorities, that a public officer has been appointed to take it over or that it ceases or refuses to make payments in the ordinary course of business.

SEC. 46. Section 4210 of the Commercial Code is amended to read:

4210. (a) A collecting bank has a security interest in an item and any accompanying documents or the proceeds of either:

(1) In case of an item deposited in an account to the extent to which credit given for the item has been withdrawn or applied.

(2) In case of an item for which it has given credit available for withdrawal as of right, to the extent of the credit given, whether or not the credit is drawn upon or there is a right of chargeback.

(3) If it makes an advance on or against the item.

(b) If credit given for several items received at one time or pursuant to a single agreement is withdrawn or applied in part, the security interest remains upon all the items, any accompanying documents or the proceeds of either. For the purpose of this section, credits first given are first withdrawn.

(c) Receipt by a collecting bank of a final settlement for an item is a realization on its security interest in the item, accompanying documents, and proceeds. So long as the bank does not receive final settlement for the item or give up possession of the item or possession or control of the accompanying documents for purposes other than collection, the security interest continues to that extent and is subject to Division 9 (commencing with Section 9101), but all of the following are applicable:

(1) No security agreement is necessary to make the security interest enforceable (subparagraph (A) of paragraph (3) of subdivision (b) of Section 9203).

(2) No filing is required to perfect the security interest.

(3) The security interest has priority over conflicting perfected security interests in the item, accompanying documents, or proceeds.

SEC. 47. Section 5103 of the Commercial Code is amended to read:

5103. (a) This division applies to letters of credit and to certain rights and obligations arising out of transactions involving letters of credit.

(b) The statement of a rule in this division does not by itself require, imply, or negate application of the same or a different rule to a situation not provided for, or to a person not specified, in this division.

(c) With the exception of this subdivision, subdivisions (a) and (d), paragraphs 9 and 10 of subdivision (a) of Section 5102, subdivision (d) of Section 5106, and subdivision (d) of Section 5114, and except to the extent prohibited in Section 1302 and subdivision (d) of Section 5117, the effect of this division may be varied by agreement or by a provision stated or incorporated by reference in an undertaking. A term in an agreement or undertaking generally excusing liability or generally limiting remedies for failure to perform obligations is not sufficient to vary obligations prescribed by this division.

(d) Rights and obligations of an issuer to a beneficiary or a nominated person under a letter of credit are independent of the existence, performance, or nonperformance of a contract or arrangement out of which the letter of credit arises or which underlies it, including contracts or arrangements between the issuer and the applicant and between the applicant and the beneficiary.

SEC. 48. Division 7 (commencing with Section 7101) of the Commercial Code is repealed.

SEC. 49. Division 7 (commencing with Section 7101) is added to the Commercial Code, to read:

DIVISION 7. DOCUMENTS OF TITLE

Chapter 1. General

7101. This division may be cited as the Uniform Commercial Code—Documents of Title.

7102. (a) In this division, unless the context otherwise requires:

(1) "Bailee" means a person that by a warehouse receipt, bill of lading, or other document of title acknowledges possession of goods and contracts to deliver them.

(2) "Carrier" means a person that issues a bill of lading.

(3) "Consignee" means a person named in a bill of lading to which or to whose order the bill promises delivery.

(4) "Consignor" means a person named in a bill of lading as the person from which the goods have been received for shipment.

(5) "Delivery order" means a record that contains an order to deliver goods directed to a warehouse, carrier, or other person that in the ordinary course of business issues warehouse receipts or bills of lading.

(6) "Good faith" means honesty in fact and the observance of reasonable commercial standards of fair dealing.

(7) "Goods" means all things that are treated as movable for the purposes of a contract for storage or transportation.

(8) "Issuer" means a bailee that issues a document of title or, in the case of an unaccepted delivery order, the person that orders the possessor of goods to deliver. The term includes a person for which an agent or employee purports to act in issuing a document if the agent or employee has real or apparent authority to issue documents, even if the issuer did not receive any goods, the goods were misdescribed, or in any other respect the agent or employee violated the issuer's instructions.

(9) "Person entitled under the document" means the holder, in the case of a negotiable document of title, or the person to which delivery of the goods is to be made by the terms of, or pursuant to instructions in a record under, a nonnegotiable document of title.

(10) "Record" means information that is inscribed on a tangible medium or that is stored in an electronic or other medium and is retrievable in perceivable form.

(11) "Sign" means, with present intent to authenticate or adopt a record:

(A) to execute or adopt a tangible symbol; or

(B) to attach to or logically associate with the record an electronic sound, symbol, or process.

(12) "Shipper" means a person that enters into a contract of transportation with a carrier.

(13) "Warehouse" means a person engaged in the business of storing goods for hire.

(b) Definitions in other divisions applying to this division and the sections in which they appear are:

(1) "Contract for sale," Section 2106.

(2) "Lessee in the ordinary course of business," Section 10103.

(3) "Receipt of goods," Section 2103.

(c) In addition, Division 1 (commencing with Section 1101) contains general definitions and principles of construction and interpretation applicable throughout this division.

7103. (a) This division is subject to any treaty or statute of the United States or regulatory statute of this state to the extent the treaty, statute, or regulatory statute is applicable.

(b) This division does not modify or repeal any law prescribing the form or content of a document of title or the services or facilities to be afforded by a bailee, or otherwise regulating a bailee's business in respects not specifically treated in this division. However, violation of such a law does not affect the status of a document of title that otherwise is within the definition of a document of title.

(c) This division modifies, limits, and supersedes the federal Electronic Signatures in Global and National Commerce Act (15 U.S.C. Sec. 7001, et seq.) but does not modify, limit, or supersede Section 101(c) of that

act (15 U.S.C. Sec. 7001(c)) or authorize electronic delivery of any of the notices described in Section 103(b) of that act (15 U.S.C. Sec. 7003(b)).

(d) To the extent there is a conflict between the Uniform Electronic Transactions Act (Title 2.5 (commencing with Section 1633.1) of Part 2 of Division 3 of the Civil Code) and this division, this division governs.

7104. (a) Except as otherwise provided in subdivision (c), a document of title is negotiable if by its terms the goods are to be delivered to bearer or to the order of a named person.

(b) A document of title other than one described in subdivision (a) is nonnegotiable. A bill of lading that states that the goods are consigned to a named person is not made negotiable by a provision that the goods are to be delivered only against an order in a record signed by the same or another named person.

(c) A document of title is nonnegotiable if, at the time it is issued, the document has a conspicuous legend, however expressed, that it is nonnegotiable.

7105. (a) Upon request of a person entitled under an electronic document of title, the issuer of the electronic document may issue a tangible document of title as a substitute for the electronic document if:

(1) the person entitled under the electronic document surrenders control of the document to the issuer; and

(2) the tangible document when issued contains a statement that it is issued in substitution for the electronic document.

(b) Upon issuance of a tangible document of title in substitution for an electronic document of title in accordance with subdivision (a):

(1) the electronic document ceases to have any effect or validity; and

(2) the person that procured issuance of the tangible document warrants to all subsequent persons entitled under the tangible document that the warrantor was a person entitled under the electronic document when the warrantor surrendered control of the electronic document to the issuer.

(c) Upon request of a person entitled under a tangible document of title, the issuer of the tangible document may issue an electronic document of title as a substitute for the tangible document if:

(1) the person entitled under the tangible document surrenders possession of the document to the issuer; and

(2) the electronic document when issued contains a statement that it is issued in substitution for the tangible document.

(d) Upon issuance of an electronic document of title in substitution for a tangible document of title in accordance with subdivision (c):

(1) the tangible document ceases to have any effect or validity; and

(2) the person that procured issuance of the electronic document warrants to all subsequent persons entitled under the electronic document that the warrantor was a person entitled under the tangible document when the warrantor surrendered possession of the tangible document to the issuer.

7106. (a) A person has control of an electronic document of title if a system employed for evidencing the transfer of interests in the electronic document reliably establishes that person as the person to which the electronic document was issued or transferred.

(b) A system satisfies subdivision (a), and a person is deemed to have control of an electronic document of title, if the document is created, stored, and assigned in such a manner that:

(1) a single authoritative copy of the document exists which is unique, identifiable, and, except as otherwise provided in paragraphs (4), (5), and (6), unalterable;

(2) the authoritative copy identifies the person asserting control as:

(A) the person to which the document was issued; or

(B) if the authoritative copy indicates that the document has been transferred, the person to which the document was most recently transferred;

(3) the authoritative copy is communicated to and maintained by the person asserting control or its designated custodian;

(4) copies or amendments that add or change an identified assignee of the authoritative copy can be made only with the consent of the person asserting control;

(5) each copy of the authoritative copy and any copy of a copy is readily identifiable as a copy that is not the authoritative copy; and

(6) any amendment of the authoritative copy is readily identifiable as authorized or unauthorized.

Chapter 2. Warehouse Receipts: Special Provisions

7201. (a) A warehouse receipt may be issued by any warehouse.

(b) If goods, including distilled spirits and agricultural commodities, are stored under a statute requiring a bond against withdrawal or a license for the issuance of receipts in the nature of warehouse receipts, a receipt issued for the goods is deemed to be a warehouse receipt even if issued by a person that is the owner of the goods and is not a warehouse.

7202. (a) A warehouse receipt need not be in any particular form.

(b) Unless a warehouse receipt provides for each of the following, the warehouse is liable for damages caused to a person injured by its omission:

(1) a statement of the location of the warehouse facility where the goods are stored;

(2) the date of issue of the receipt;

(3) the unique identification code of the receipt;

(4) a statement whether the goods received will be delivered to the bearer, to a named person, or to a named person or its order;

(5) the rate of storage and handling charges, unless goods are stored under a field warehousing arrangement, in which case a statement of that fact is sufficient on a nonnegotiable receipt;

(6) a description of the goods or the packages containing them;

(7) the signature of the warehouse or its agent;

(8) if the receipt is issued for goods that the warehouse owns, either solely, jointly, or in common with others, a statement of the fact of that ownership; and

(9) a statement of the amount of advances made and of liabilities incurred for which the warehouse claims a lien or security interest, unless the precise amount of advances made or liabilities incurred, at the time of the issue of the receipt, is unknown to the warehouse or to its agent that issued the receipt, in which case a statement of the fact that advances have been made or liabilities incurred and the purpose of the advances or liabilities is sufficient.

(c) A warehouse may insert in its receipt any terms that are not contrary to the provisions of this code and do not impair its obligation of delivery under Section 7403 or its duty of care under Section 7204. Any contrary provision is ineffective.

7203. A party to or purchaser for value in good faith of a document of title, other than a bill of lading, that relies upon the description of the goods in the document may recover from the issuer damages caused by the nonreceipt or misdescription of the goods, except to the extent that:

(1) the document conspicuously indicates that the issuer does not know whether all or part of the goods in fact were received or conform to the description, such as a case in which the description is in terms of marks or labels or kind, quantity, or condition, or the receipt or description is qualified by "contents, condition, and quality unknown," "said to contain," or words of similar import, if the indication is true; or

(2) the party or purchaser otherwise has notice of the nonreceipt or misdescription.

7204. (a) A warehouse is liable for damages for loss of or injury to the goods caused by its failure to exercise care with regard to the goods that a reasonably careful person would exercise under similar circumstances. Unless otherwise agreed, the warehouse is not liable for damages that could not have been avoided by the exercise of that care.

(b) Damages may be limited by a term in the warehouse receipt or storage agreement limiting the amount of liability in case of loss or damage beyond which the warehouse is not liable. Such a limitation is not effective with respect to the warehouse's liability for conversion to its own use. On request of the bailor in a record at the time of signing the storage agreement or within a reasonable time after receipt of the warehouse receipt, the warehouse's liability may be increased on part or all of the goods covered by the storage agreement or the warehouse receipt. In this event, increased rates may be charged based on an increased valuation of the goods.

(c) Reasonable provisions as to the time and manner of presenting claims and commencing actions based on the bailment may be included in the warehouse receipt or storage agreement.

(d) This section does not modify or repeal Section 1630 of the Civil Code nor any of the provisions of the Public Utilities Code or the Food and Agricultural Code or any lawful regulations issued thereunder.

7205. A buyer in ordinary course of business of fungible goods sold and delivered by a warehouse that is also in the business of buying and selling such goods takes the goods free of any claim under a warehouse receipt even if the receipt is negotiable and has been duly negotiated.

7206. (a) A warehouse, by giving notice to the person on whose account the goods are held and any other person known to claim an interest in the goods, may require payment of any charges and removal of the goods from the warehouse at the termination of the period of storage fixed by the document of title or, if a period is not fixed, within a stated period not less than 30 days after the warehouse gives notice. If the goods are not removed before the date specified in the notice, the warehouse may sell them pursuant to Section 7210.

(b) If a warehouse in good faith believes that goods are about to deteriorate or decline in value to less than the amount of its lien within the time provided in subdivision (a) and Section 7210, the warehouse may specify in the notice given under subdivision (a) any reasonable shorter time for removal of the goods and, if the goods are not removed, may sell them at public sale held not less than one week after a single advertisement or posting.

(c) If, as a result of a quality or condition of the goods of which the warehouse did not have notice at the time of deposit, the goods are a hazard to other property, the warehouse facilities, or other persons, the warehouse may sell the goods at public or private sale without advertisement or posting on reasonable notification to all persons known to claim an interest in the goods. If the warehouse, after a reasonable effort, is unable to sell the goods, it may dispose of them in any lawful manner and does not incur liability by reason of that disposition.

(d) A warehouse shall deliver the goods to any person entitled to them under this division upon due demand made at any time before sale or other disposition under this section.

(e) A warehouse may satisfy its lien from the proceeds of any sale or disposition under this section but shall hold the balance for delivery on the demand of any person to which the warehouse would have been bound to deliver the goods.

7207. (a) Unless the warehouse receipt provides otherwise, a warehouse shall keep separate the goods covered by each receipt so as to permit at all times identification and delivery of those goods. However, different lots of fungible goods may be commingled.

(b) If different lots of fungible goods are commingled, the goods are owned in common by the persons entitled thereto and the warehouse is severally liable to each owner for that owner's share. If, because of overissue, a mass of fungible goods is insufficient to meet all the receipts the warehouse has issued against it, the persons entitled include all holders to which overissued receipts have been duly negotiated.

7208. If a blank in a negotiable tangible warehouse receipt has been filled in without authority, a good-faith purchaser for value and without notice of the lack of authority may treat the insertion as authorized. Any other unauthorized alteration leaves any tangible or electronic warehouse receipt enforceable against the issuer according to its original tenor.

7209. (a) A warehouse has a lien against the bailor on the goods covered by a warehouse receipt or storage agreement or on the proceeds thereof in its possession for charges for storage or transportation, including demurrage and terminal charges, insurance, labor, or other charges, present or future, in relation to the goods, and for expenses necessary for preservation of the goods or reasonably incurred in their sale pursuant to law. If the person on whose account the goods are held is liable for similar charges or expenses in relation to other goods whenever deposited and it is stated in the warehouse receipt or storage agreement that a lien is claimed for charges and expenses in relation to other goods, the warehouse also has a lien against the goods covered by the warehouse receipt or storage agreement or on the proceeds thereof in its possession for those charges and expenses, whether or not the other goods have been delivered by the warehouse. However, as against a person to which a negotiable warehouse receipt is duly negotiated, a warehouse's lien is limited to charges in an amount or at a rate specified in the warehouse receipt or, if no charges are so specified, to a reasonable charge for storage of the specific goods covered by the receipt subsequent to the date of the receipt.

(b) A warehouse may also reserve a security interest against the bailor for the maximum amount specified on the receipt for charges other than

those specified in subdivision (a), such as for money advanced and interest. The security interest is governed by Division 9 (commencing with Section 9101).

(c) A warehouse's lien for charges and expenses under subdivision (a) or a security interest under subdivision (b) is also effective against any person that so entrusted the bailor with possession of the goods that a pledge of them by the bailor to a good-faith purchaser for value would have been valid. However, the lien or security interest is not effective against a person that before issuance of a document of title had a legal interest or a perfected security interest in the goods and that did not:

(1) deliver or entrust the goods or any document of title covering the goods to the bailor or the bailor's nominee with:

(A) actual or apparent authority to ship, store, or sell;

(B) power to obtain delivery under Section 7403; or

(C) power of disposition under Section 2403 or 9320 or subdivision (c) of Section 9321 or subdivision (b) of Section 10304 or subdivision (b) of Section 10305 or other statute or rule of law; or

(2) acquiesce in the procurement by the bailor or its nominee of any document.

(d) A warehouse's lien on household goods for charges and expenses in relation to the goods under subdivision (a) is also effective against all persons if the depositor was the legal possessor of the goods at the time of deposit. In this subdivision, "household goods" means furniture, furnishings, or personal effects used by the depositor in a dwelling.

(e) A warehouse loses its lien on any goods that it voluntarily delivers or unjustifiably refuses to deliver.

7210. (a) Except as otherwise provided in subdivision (b), a warehouse's lien may be enforced by public or private sale of the goods, in bulk or in packages, at any time or place and on any terms that are commercially reasonable, after notifying all persons known to claim an interest in the goods. Notification may be made by mail, personal service, or verifiable electronic mail. The notification must include a statement of the amount due, the nature of the proposed sale, and the time and place of any public sale. The fact that a better price could have been obtained by a sale at a different time or in a method different from that selected by the warehouse is not of itself sufficient to establish that the sale was not made in a commercially reasonable manner. The warehouse sells in a commercially reasonable manner if the warehouse sells the goods in the usual manner in any recognized market therefor, sells at the price current in that market at the time of the sale, or otherwise sells in conformity with commercially reasonable practices among dealers in the type of goods sold. A sale of more goods than apparently necessary

to be offered to ensure satisfaction of the obligation is not commercially reasonable, except in cases covered by the preceding sentence.

(b) A warehouse may enforce its lien on goods, other than goods stored by a merchant in the course of its business, only if the following requirements are satisfied:

(1) All persons known to claim an interest in the goods must be notified.

(2) The notification must include an itemized statement of the claim, a description of the goods subject to the lien, a demand for payment within a specified time not less than 10 days after receipt of the notification, and a conspicuous statement that unless the claim is paid within that time the goods will be advertised for sale and sold by auction at a specified time and place.

(3) The sale must conform to the terms of the notification.

(4) The sale must be held at the nearest suitable place to where the goods are held or stored.

(5) After the expiration of the time given in the notification, an advertisement of the sale must be published once a week for two weeks consecutively in a newspaper of general circulation where the sale is to be held. The advertisement must include a description of the goods, the name of the person on whose account the goods are being held, and the time and place of the sale. The sale must take place at least 15 days after the first publication. If there is no newspaper of general circulation where the sale is to be held, the advertisement must be posted at least 10 days before the sale in not fewer than six conspicuous places in the neighborhood of the proposed sale.

(c) Before any sale pursuant to this section, any person claiming a right in the goods may pay the amount necessary to satisfy the lien and the reasonable expenses incurred in complying with this section. In that event, the goods may not be sold but must be retained by the warehouse subject to the terms of the receipt and this division.

(d) A warehouse may buy at any public sale held pursuant to this section.

(e) A purchaser in good faith of goods sold to enforce a warehouse's lien takes the goods free of any rights of persons against which the lien was valid, despite the warehouse's noncompliance with this section.

(f) A warehouse may satisfy its lien from the proceeds of any sale pursuant to this section but shall hold the balance, if any, for delivery on demand to any person to which the warehouse would have been bound to deliver the goods.

(g) The rights provided by this section are in addition to all other rights allowed by law to a creditor against a debtor.

(h) If a lien is on goods stored by a merchant in the course of its business, the lien may be enforced in accordance with subdivision (a) or (b).

(i) A warehouse is liable for damages caused by failure to comply with the requirements for sale under this section and, in case of willful violation, is liable for conversion.

Chapter 3. Bills of Lading: Special Provisions

7301. (a) A consignee of a nonnegotiable bill of lading which has given value in good faith, or a holder to which a negotiable bill has been duly negotiated, relying upon the description of the goods in the bill or upon the date shown in the bill, may recover from the issuer damages caused by the misdating of the bill or the nonreceipt or misdescription of the goods, except to the extent that the bill indicates that the issuer does not know whether any part or all of the goods in fact were received or conform to the description, such as in a case in which the description is in terms of marks or labels or kind, quantity, or condition or the receipt or description is qualified by "contents or condition of contents of packages unknown," "said to contain," "shipper's weight, load, and count," or words of similar import, if that indication is true.

(b) If goods are loaded by the issuer of a bill of lading:

(1) the issuer shall count the packages of goods if shipped in packages and ascertain the kind and quantity if shipped in bulk; and

(2) words such as "shipper's weight, load, and count," or words of similar import indicating that the description was made by the shipper are ineffective except as to goods concealed in packages.

(c) If bulk goods are loaded by a shipper that makes available to the issuer of a bill of lading adequate facilities for weighing those goods, the issuer shall ascertain the kind and quantity within a reasonable time after receiving the shipper's request in a record to do so. In that case, "shipper's weight" or words of similar import are ineffective.

(d) The issuer of a bill of lading, by including in the bill the words "shipper's weight, load, and count," or words of similar import, may indicate that the goods were loaded by the shipper, and, if that statement is true, the issuer is not liable for damages caused by the improper loading. However, omission of such words does not imply liability for damages caused by improper loading.

(e) A shipper guarantees to an issuer the accuracy at the time of shipment of the description, marks, labels, number, kind, quantity, condition, and weight, as furnished by the shipper, and the shipper shall indemnify the issuer against damage caused by inaccuracies in those particulars. This right of indemnity does not limit the issuer's

responsibility or liability under the contract of carriage to any person other than the shipper.

7302. (a) The issuer of a through bill of lading, or other document of title embodying an undertaking to be performed in part by a person acting as its agent or by a performing carrier, is liable to any person entitled to recover on the bill or other document for any breach by the other person or the performing carrier of its obligation under the bill or other document. However, to the extent that the bill or other document covers an undertaking to be performed overseas or in territory not contiguous to the continental United States or an undertaking including matters other than transportation, this liability for breach by the other person or the performing carrier may be varied by agreement of the parties.

(b) If goods covered by a through bill of lading or other document of title embodying an undertaking to be performed in part by a person other than the issuer are received by that person, the person is subject, with respect to its own performance while the goods are in its possession, to the obligation of the issuer. The person's obligation is discharged by delivery of the goods to another person pursuant to the bill or other document and does not include liability for breach by any other person or by the issuer.

(c) The issuer of a through bill of lading or other document of title described in subdivision (a) is entitled to recover from the performing carrier, or other person in possession of the goods when the breach of the obligation under the bill or other document occurred:

(1) the amount it may be required to pay to any person entitled to recover on the bill or other document for the breach, as may be evidenced by any receipt, judgment, or transcript of judgment; and

(2) the amount of any expense reasonably incurred by the issuer in defending any action commenced by any person entitled to recover on the bill or other document for the breach.

7303. (a) Unless the bill of lading otherwise provides, a carrier may deliver the goods to a person or destination other than that stated in the bill or may otherwise dispose of the goods, without liability for misdelivery, on instructions from:

(1) the holder of a negotiable bill;

(2) the consignor on a nonnegotiable bill, even if the consignee has given contrary instructions;

(3) the consignee on a nonnegotiable bill in the absence of contrary instructions from the consignor, if the goods have arrived at the billed destination or if the consignee is in possession of the tangible bill or in control of the electronic bill; or

(4) the consignee on a nonnegotiable bill, if the consignee is entitled as against the consignor to dispose of the goods.

(b) Unless instructions described in subdivision (a) are included in a negotiable bill of lading, a person to which the bill is duly negotiated may hold the bailee according to the original terms.

7304. (a) Except as customary in international transportation, a tangible bill of lading may not be issued in a set of parts. The issuer is liable for damages caused by violation of this subdivision.

(b) If a tangible bill of lading is lawfully issued in a set of parts, each of which contains an identification code and is expressed to be valid only if the goods have not been delivered against any other part, the whole of the parts constitutes one bill.

(c) If a tangible negotiable bill of lading is lawfully issued in a set of parts and different parts are negotiated to different persons, the title of the holder to which the first due negotiation is made prevails as to both the document of title and the goods even if any later holder may have received the goods from the carrier in good faith and discharged the carrier's obligation by surrendering its part.

(d) A person that negotiates or transfers a single part of a tangible bill of lading issued in a set is liable to holders of that part as if it were the whole set.

(e) The bailee shall deliver in accordance with Chapter 4 (commencing with Section 7401) against the first presented part of a tangible bill of lading lawfully issued in a set. Delivery in this manner discharges the bailee's obligation on the whole bill.

7305. (a) Instead of issuing a bill of lading to the consignor at the place of shipment, a carrier, at the request of the consignor, may procure the bill to be issued at destination or at any other place designated in the request.

(b) Upon request of any person entitled as against a carrier to control the goods while in transit and on surrender of possession or control of any outstanding bill of lading or other receipt covering the goods, the issuer, subject to Section 7105, may procure a substitute bill to be issued at any place designated in the request.

7306. An unauthorized alteration or filling in of a blank in a bill of lading leaves the bill enforceable according to its original tenor.

7307. (a) A carrier has a lien on the goods covered by a bill of lading or on the proceeds thereof in its possession for charges after the date of the carrier's receipt of the goods for storage or transportation, including demurrage and terminal charges, and for expenses necessary for preservation of the goods incident to their transportation or reasonably incurred in their sale pursuant to law. However, against a purchaser for value of a negotiable bill of lading, a carrier's lien is limited to charges

stated in the bill or the applicable tariffs or, if no charges are stated, a reasonable charge.

(b) A lien for charges and expenses under subdivision (a) on goods that the carrier was required by law to receive for transportation is effective against the consignor or any person entitled to the goods unless the carrier had notice that the consignor lacked authority to subject the goods to those charges and expenses. Any other lien under subdivision (a) is effective against the consignor and any person that permitted the bailor to have control or possession of the goods unless the carrier had notice that the bailor lacked authority.

(c) A carrier loses its lien on any goods that it voluntarily delivers or unjustifiably refuses to deliver.

7308. (a) A carrier's lien on goods may be enforced by public or private sale of the goods, in bulk or in packages, at any time or place and on any terms that are commercially reasonable, after notifying all persons known to claim an interest in the goods. The notification must include a statement of the amount due, the nature of the proposed sale, and the time and place of any public sale. The fact that a better price could have been obtained by a sale at a different time or in a method different from that selected by the carrier is not of itself sufficient to establish that the sale was not made in a commercially reasonable manner. The carrier sells goods in a commercially reasonable manner if the carrier sells the goods in the usual manner in any recognized market therefor, sells at the price current in that market at the time of the sale, or otherwise sells in conformity with commercially reasonable practices among dealers in the type of goods sold. A sale of more goods than apparently necessary to be offered to ensure satisfaction of the obligation is not commercially reasonable, except in cases covered by the preceding sentence.

(b) Before any sale pursuant to this section, any person claiming a right in the goods may pay the amount necessary to satisfy the lien and the reasonable expenses incurred in complying with this section. In that event, the goods may not be sold but must be retained by the carrier, subject to the terms of the bill of lading and this division.

(c) A carrier may buy at any public sale pursuant to this section.

(d) A purchaser in good faith of goods sold to enforce a carrier's lien takes the goods free of any rights of persons against which the lien was valid, despite the carrier's noncompliance with this section.

(e) A carrier may satisfy its lien from the proceeds of any sale pursuant to this section but shall hold the balance, if any, for delivery on demand to any person to which the carrier would have been bound to deliver the goods.

(f) The rights provided by this section are in addition to all other rights allowed by law to a creditor against a debtor.

(g) A carrier's lien may be enforced pursuant to either subdivision (a) or the procedure set forth in subdivision (b) of Section 7210.

(h) A carrier is liable for damages caused by failure to comply with the requirements for sale under this section and, in case of willful violation, is liable for conversion.

7309. (a) A carrier that issues a bill of lading, whether negotiable or nonnegotiable, shall exercise the degree of care in relation to the goods which a reasonably careful person would exercise under similar circumstances. This subdivision does not affect any statute, regulation, or rule of law that imposes liability upon a common carrier for damages not caused by its negligence.

(b) Damages may be limited by a term in the bill of lading or in a transportation agreement that the carrier's liability may not exceed a value stated in the bill or transportation agreement if the carrier's rates are dependent upon value and the consignor is afforded an opportunity to declare a higher value and the consignor is advised of the opportunity. However, such a limitation is not effective with respect to the carrier's liability for conversion to its own use.

(c) Reasonable provisions as to the time and manner of presenting claims and commencing actions based on the shipment may be included in a bill of lading or a transportation agreement.

Chapter 4. Warehouse Receipts and Bills of Lading: General Obligations

7401. The obligations imposed by this division on an issuer apply to a document of title even if:

(1) the document does not comply with the requirements of this division or of any other statute, rule, or regulation regarding its issuance, form, or content;

(2) the issuer violated laws regulating the conduct of its business;

(3) the goods covered by the document were owned by the bailee when the document was issued; or

(4) the person issuing the document is not a warehouse but the document purports to be a warehouse receipt.

7402. A duplicate or any other document of title purporting to cover goods already represented by an outstanding document of the same issuer does not confer any right in the goods, except as provided in the case of tangible bills of lading in a set of parts, overissue of documents for fungible goods, substitutes for lost, stolen, or destroyed documents, or substitute documents issued pursuant to Section 7105. The issuer is liable for damages caused by its overissue or failure to identify a duplicate document by a conspicuous notation.

7403. (a) A bailee shall deliver the goods to a person entitled under a document of title if the person complies with subdivisions (b) and (c), unless and to the extent that the bailee establishes any of the following:

(1) delivery of the goods to a person whose receipt was rightful as against the claimant;

(2) damage to or delay, loss, or destruction of the goods for which the bailee is not liable;

(3) previous sale or other disposition of the goods in lawful enforcement of a lien or on a warehouse's lawful termination of storage;

(4) the exercise by a seller of its right to stop delivery pursuant to Section 2705 or by a lessor of its right to stop delivery pursuant to Section 10526;

(5) a diversion, reconsignment, or other disposition pursuant to Section 7303;

(6) release, satisfaction, or any other personal defense against the claimant; or

(7) any other lawful excuse.

(b) A person claiming goods covered by a document of title shall satisfy the bailee's lien if the bailee so requests or if the bailee is prohibited by law from delivering the goods until the charges are paid.

(c) Unless a person claiming the goods is a person against which the document of title does not confer a right under subdivision (a) of Section 7503:

(1) the person claiming under a document shall surrender possession or control of any outstanding negotiable document covering the goods for cancellation or indication of partial deliveries; and

(2) the bailee shall cancel the document or conspicuously indicate in the document the partial delivery or the bailee is liable to any person to which the document is duly negotiated.

7404. A bailee that in good faith has received goods and delivered or otherwise disposed of the goods according to the terms of a document of title or pursuant to this division is not liable for the goods even if:

(1) the person from which the bailee received the goods did not have authority to procure the document or to dispose of the goods; or

(2) the person to which the bailee delivered the goods did not have authority to receive the goods.

Chapter 5. Warehouse Receipts and Bills of Lading: Negotiation and Transfer

7501. (a) The following rules apply to a negotiable tangible document of title:

(1) If the document's original terms run to the order of a named person, the document is negotiated by the named person's indorsement and delivery. After the named person's indorsement in blank or to bearer, any person may negotiate the document by delivery alone.

(2) If the document's original terms run to bearer, it is negotiated by delivery alone.

(3) If the document's original terms run to the order of a named person and it is delivered to the named person, the effect is the same as if the document had been negotiated.

(4) Negotiation of the document after it has been indorsed to a named person requires indorsement by the named person and delivery.

(5) A document is duly negotiated if it is negotiated in the manner stated in this subdivision to a holder that purchases it in good faith, without notice of any defense against or claim to it on the part of any person, and for value, unless it is established that the negotiation is not in the regular course of business or financing or involves receiving the document in settlement or payment of a monetary obligation.

(b) The following rules apply to a negotiable electronic document of title:

(1) If the document's original terms run to the order of a named person or to bearer, the document is negotiated by delivery of the document to another person. Indorsement by the named person is not required to negotiate the document.

(2) If the document's original terms run to the order of a named person and the named person has control of the document, the effect is the same as if the document had been negotiated.

(3) A document is duly negotiated if it is negotiated in the manner stated in this subdivision to a holder that purchases it in good faith, without notice of any defense against or claim to it on the part of any person, and for value, unless it is established that the negotiation is not in the regular course of business or financing or involves taking delivery of the document in settlement or payment of a monetary obligation.

(c) Indorsement of a nonnegotiable document of title neither makes it negotiable nor adds to the transferee's rights.

(d) The naming in a negotiable bill of lading of a person to be notified of the arrival of the goods does not limit the negotiability of the bill or constitute notice to a purchaser of the bill of any interest of that person in the goods.

7502. (a) Subject to Sections 7205 and 7503, a holder to which a negotiable document of title has been duly negotiated acquires thereby:

(1) title to the document;

(2) title to the goods;

(3) all rights accruing under the law of agency or estoppel, including rights to goods delivered to the bailee after the document was issued; and

(4) the direct obligation of the issuer to hold or deliver the goods according to the terms of the document free of any defense or claim by the issuer except those arising under the terms of the document or under this division, but in the case of a delivery order, the bailee's obligation accrues only upon the bailee's acceptance of the delivery order and the obligation acquired by the holder is that the issuer and any indorser will procure the acceptance of the bailee.

(b) Subject to Section 7503, title and rights acquired by due negotiation are not defeated by any stoppage of the goods represented by the document of title or by surrender of the goods by the bailee and are not impaired even if:

(1) the due negotiation or any prior due negotiation constituted a breach of duty;

(2) any person has been deprived of possession of a negotiable tangible document or control of a negotiable electronic document by misrepresentation, fraud, accident, mistake, duress, loss, theft, or conversion; or

(3) a previous sale or other transfer of the goods or document has been made to a third person.

7503. (a) A document of title confers no right in goods against a person that before issuance of the document had a legal interest or a perfected security interest in the goods and that did not:

(1) deliver or entrust the goods or any document of title covering the goods to the bailor or the bailor's nominee with:

(A) actual or apparent authority to ship, store, or sell;

(B) power to obtain delivery under Section 7403; or

(C) power of disposition under Section 2403 or 9320 or subdivision (c) of Section 9321 or subdivision (b) of Section 10304 or subdivision (b) of Section 10305 or other statute or rule of law; or

(2) acquiesce in the procurement by the bailor or its nominee of any document.

(b) Title to goods based upon an unaccepted delivery order is subject to the rights of any person to which a negotiable warehouse receipt or bill of lading covering the goods has been duly negotiated. That title may be defeated under Section 7504 to the same extent as the rights of the issuer or a transferee from the issuer.

(c) Title to goods based upon a bill of lading issued to a freight forwarder is subject to the rights of any person to which a bill issued by the freight forwarder is duly negotiated. However, delivery by the carrier

in accordance with Chapter 4 (commencing with Section 7401) pursuant to its own bill of lading discharges the carrier's obligation to deliver.

7504. (a) A transferee of a document of title, whether negotiable or nonnegotiable, to which the document has been delivered but not duly negotiated, acquires the title and rights that its transferor had or had actual authority to convey.

(b) In the case of a transfer of a nonnegotiable document of title, until but not after the bailee receives notice of the transfer, the rights of the transferee may be defeated:

(1) by those creditors of the transferor which could treat the transfer as void under Section 2402 or 10308;

(2) by a buyer from the transferor in ordinary course of business if the bailee has delivered the goods to the buyer or received notification of the buyer's rights;

(3) by a lessee from the transferor in ordinary course of business if the bailee has delivered the goods to the lessee or received notification of the lessee's rights; or

(4) as against the bailee, by good-faith dealings of the bailee with the transferor.

(c) A diversion or other change of shipping instructions by the consignor in a nonnegotiable bill of lading which causes the bailee not to deliver the goods to the consignee defeats the consignee's title to the goods if the goods have been delivered to a buyer in ordinary course of business or a lessee in ordinary course of business and, in any event, defeats the consignee's rights against the bailee.

(d) Delivery of the goods pursuant to a nonnegotiable document of title may be stopped by a seller under Section 2705 or a lessor under Section 10526, subject to the requirements of due notification in those sections. A bailee that honors the seller's or lessor's instructions is entitled to be indemnified by the seller or lessor against any resulting loss or expense.

7505. The indorsement of a tangible document of title issued by a bailee does not make the indorser liable for any default by the bailee or previous endorsers.

7506. The transferee of a negotiable tangible document of title has a specifically enforceable right to have its transferor supply any necessary indorsement, but the transfer becomes a negotiation only as of the time the indorsement is supplied.

7507. If a person negotiates or delivers a document of title for value, otherwise than as a mere intermediary under Section 7508, unless otherwise agreed, the transferor, in addition to any warranty made in selling or leasing the goods, warrants to its immediate purchaser only that:

(1) the document is genuine;

(2) the transferor does not have knowledge of any fact that would impair the document's validity or worth; and

(3) the negotiation or delivery is rightful and fully effective with respect to the title to the document and the goods it represents.

7508. A collecting bank or other intermediary known to be entrusted with documents of title on behalf of another or with collection of a draft or other claim against delivery of documents warrants by the delivery of the documents only its own good faith and authority even if the collecting bank or other intermediary has purchased or made advances against the claim or draft to be collected.

7509. Whether a document of title is adequate to fulfill the obligations of a contract for sale, a contract for lease, or the conditions of a letter of credit is determined by Division 2 (commencing with Section 2101), Division 5 (commencing with Section 5101), or Division 10 (commencing with Section 10101).

Chapter 6. Warehouse Receipts and Bills Of Lading: Miscellaneous Provisions

7601. (a) If a document of title is lost, stolen, or destroyed, a court may order delivery of the goods or issuance of a substitute document and the bailee may without liability to any person comply with the order. If the document was negotiable, a court may not order delivery of the goods or issuance of a substitute document without the claimant's posting security unless it finds that any person that may suffer loss as a result of nonsurrender of possession or control of the document is adequately protected against the loss. If the document was nonnegotiable, the court may require security. The court may also order payment of the bailee's reasonable costs and attorney's fees in any action under this subdivision.

(b) A bailee that, without a court order, delivers goods to a person claiming under a missing negotiable document of title is liable to any person injured thereby. If the delivery is not in good faith, the bailee is liable for conversion. Delivery in good faith is not conversion if the claimant posts security with the bailee in an amount at least double the value of the goods at the time of posting to indemnify any person injured by the delivery which files a notice of claim within one year after the delivery.

7602. Unless a document of title was originally issued upon delivery of the goods by a person that did not have power to dispose of them, a lien does not attach by virtue of any judicial process to goods in the possession of a bailee for which a negotiable document of title is outstanding unless possession or control of the document is first

surrendered to the bailee or the document's negotiation is enjoined. The bailee may not be compelled to deliver the goods pursuant to process until possession or control of the document is surrendered to the bailee or to the court. A purchaser of the document for value without notice of the process or injunction takes free of the lien imposed by judicial process.

7603. If more than one person claims title to or possession of the goods, the bailee is excused from delivery until the bailee has a reasonable time to ascertain the validity of the adverse claims or to commence an action for interpleader. The bailee may assert an interpleader either in defending an action for nondelivery of the goods or by original action.

(11) "Lease agreement" means the bargain, with respect to the lease, of the lessor and the lessee in fact as found in their language or by implication from other circumstances including course of dealing or usage of trade or course of performance as provided in this division. Unless the context clearly indicates otherwise, the term includes a sublease agreement.

SEC. 66. Section 10501 of the Commercial Code is amended to read:

10501. (a) Whether the lessor or the lessee is in default under a lease contract is determined by the lease agreement and this division.

(b) If the lessor or the lessee is in default under the lease contract, the party seeking enforcement has rights and remedies as provided in this division and, except as limited by this division, as provided in the lease agreement.

(c) If the lessor or the lessee is in default under the lease contract, the party seeking enforcement may reduce the party's claim to judgment, or otherwise enforce the lease contract by self-help or any available judicial procedure or nonjudicial procedure, including administrative proceeding, arbitration, or the like, in accordance with this division.

(d) Except as otherwise provided in subdivision (a) of Section 1305 or this division or the lease agreement, the rights and remedies referred to in subdivisions (b) and (c) are cumulative.

(e) If the lease agreement covers both real property and goods, the party seeking enforcement may proceed under this chapter as to the goods, or under other applicable law as to both the real property and the goods in accordance with that party's rights and remedies in respect of the real property, in which case this chapter does not apply.

SEC. 67. Section 10514 of the Commercial Code is amended to read:

10514. (a) In rejecting goods, a lessee's failure to state a particular defect that is ascertainable by reasonable inspection precludes the lessee from relying on the defect to justify rejection or to establish default:

(1) If, stated seasonably, the lessor or the supplier could have cured it (Section 10513); or

(2) Between merchants if the lessor or the supplier after rejection has made a request in writing for a full and final written statement of all defects on which the lessee proposes to rely.

(b) A lessee's failure to reserve rights when paying rent or other consideration against documents precludes recovery of the payment for defects apparent in the documents.

SEC. 68. Section 10518 of the Commercial Code is amended to read:

10518. (a) After a default by a lessor under the lease contract of the type described in subdivision (a) of Section 10508, or, if agreed, after other default by the lessor, the lessee may cover by making any purchase

or lease of or contract to purchase or lease goods in substitution for those due from the lessor.

(b) Except as otherwise provided with respect to damages liquidated in the lease agreement (Section 10504) or otherwise determined pursuant to agreement of the parties (Sections 1302 and 10503), if a lessee's cover is by a lease agreement substantially similar to the original lease agreement and the new lease agreement is made in good faith and in a commercially reasonable manner, the lessee may recover from the lessor as damages (1) the present value, as of the date of the commencement of the term of the new lease agreement, of the rent under the new lease agreement applicable to that period of the new lease term which is comparable to the then remaining term of the original lease agreement minus the present value as of the same date of the total rent for the then remaining lease term of the original lease agreement, and (2) any incidental or consequential damages, less expenses saved in consequence of the lessor's default.

(c) If a lessee's cover is by lease agreement that for any reason does not qualify for treatment under subdivision (b), or is by purchase or otherwise, the lessee may recover from the lessor as if the lessee had elected not to cover and Section 10519 governs.

SEC. 69. Section 10519 of the Commercial Code is amended to read:

10519. (a) Except as otherwise provided with respect to damages liquidated in the lease agreement (Section 10504) or otherwise determined pursuant to agreement of the parties (Sections 1302 and 10503), if a lessee elects not to cover or a lessee elects to cover and the cover is by lease agreement that for any reason does not qualify for treatment under subdivision (b) of Section 10518, or is by purchase or otherwise, the measure of damages for nondelivery or repudiation by the lessor or for rejection or revocation of acceptance by the lessee is the present value, as of the date of the default, of the then market rent minus the present value as of the same date of the original rent, computed for the remaining lease term of the original lease agreement, together with incidental and consequential damages, less expenses saved in consequence of the lessor's default.

(b) Market rent is to be determined as of the place for tender or, in cases of rejection after arrival or revocation of acceptance, as of the place of arrival.

(c) Except as otherwise agreed, if the lessee has accepted goods and given notification (subdivision (c) of Section 10516), the measure of damages for nonconforming tender or delivery or other default by a lessor is the loss resulting in the ordinary course of events from the lessor's default as determined in any manner that is reasonable together

with incidental and consequential damages, less expenses saved in consequence of the lessor's default.

(d) Except as otherwise agreed, the measure of damages for breach of warranty is the present value at the time and place of acceptance of the difference between the value of the use of the goods accepted and the value if they had been as warranted for the lease term, unless special circumstances show proximate damages of a different amount, together with incidental and consequential damages, less expenses saved in consequence of the lessor's default or breach of warranty.

SEC. 70. Section 10526 of the Commercial Code is amended to read:

10526. (a) A lessor may stop delivery of goods in the possession of a carrier or other bailee if the lessor discovers the lessee to be insolvent and may stop delivery of carload, truckload, planeload, or larger shipments of express or freight if the lessee repudiates or fails to make a payment due before delivery, whether for rent, security, or otherwise under the lease contract, or for any other reason the lessor has a right to withhold or take possession of the goods.

(b) In pursuing its remedies under subdivision (a), the lessor may stop delivery until:

(1) Receipt of the goods by the lessee;

(2) Acknowledgment to the lessee by any bailee of the goods, except a carrier, that the bailee holds the goods for the lessee; or

(3) Such an acknowledgment to the lessee by a carrier via reshipment or as a warehouse.

(c) (1) To stop delivery, a lessor shall so notify as to enable the bailee by reasonable diligence to prevent delivery of the goods.

(2) After notification, the bailee shall hold and deliver the goods according to the directions of the lessor, but the lessor is liable to the bailee for any ensuing charges or damages.

(3) A carrier who has issued a nonnegotiable bill of lading is not obliged to obey a notification to stop received from a person other than the consignor.

SEC. 71. Section 10527 of the Commercial Code is amended to read:

10527. (a) After a default by a lessee under the lease contract of the type described in subdivision (a) of, or paragraph (1) of subdivision (c) of, Section 10523 or after the lessor refuses to deliver or takes possession of goods (Section 10525 or 10526), or, if agreed, after other default by a lessee, the lessor may dispose of the goods concerned or the undelivered balance thereof by lease, sale, or otherwise.

(b) Except as otherwise provided with respect to damages liquidated in the lease agreement (Section 10504) or otherwise determined pursuant to agreement of the parties (Sections 1302 and 10503), if the disposition is by lease agreement substantially similar to the original lease agreement

and the new lease agreement is made in good faith and in a commercially reasonable manner, the lessor may recover from the lessee as damages (1) accrued and unpaid rent as of the date of the commencement of the term of the new lease agreement, (2) the present value, as of the same date, of the total rent for the then remaining lease term of the original lease agreement minus the present value, as of the same date, of the rent under the new lease agreement applicable to that period of the new lease term which is comparable to the then remaining term of the original lease agreement, and (3) any incidental damages allowed under Section 10530, less expenses saved in consequence of the lessee's default.

(c) If the lessor's disposition is by lease agreement that for any reason does not qualify for treatment under subdivision (b), or is by sale or otherwise, the lessor may recover from the lessee as if the lessor had elected not to dispose of the goods and Section 10528 governs.

(d) A subsequent buyer or lessee who buys or leases from the lessor in good faith for value as a result of a disposition under this section takes the goods free of the original lease contract and any rights of the original lessee even though the lessor fails to comply with one or more of the requirements of this division.

(e) The lessor is not accountable to the lessee for any profit made on any disposition. A lessee who has rightfully rejected or justifiably revoked acceptance shall account to the lessor for any excess over the amount of the lessee's security interest (subdivision (e) of Section 10508).

SEC. 72. Section 10528 of the Commercial Code is amended to read:

10528. (a) Except as otherwise provided with respect to damages liquidated in the lease agreement (Section 10504) or otherwise determined pursuant to agreement of the parties (Sections 1302 and 10503), if a lessor elects to retain the goods or a lessor elects to dispose of the goods and the disposition is by lease agreement that for any reason does not qualify for treatment under subdivision (b) of Section 10527, or is by sale or otherwise, the lessor may recover from the lessee as damages for a default of the type described in subdivision (a) of, or paragraph (1) of subdivision (c) of, Section 10523, or, if agreed, for other default of the lessee, (1) accrued and unpaid rent as of the date of default if the lessee has never taken possession of the goods, or, if the lessee has taken possession of the goods, as of the date the lessor repossesses the goods or an earlier date on which the lessee makes a tender of the goods to the lessor, (2) the present value as of the date determined under paragraph (1) of the total rent for the then remaining lease term of the original lease agreement minus the present value as of the same date of the market rent at the place where the goods are located computed for the same lease term, and (3) any incidental damages allowed under Section 10530, less expenses saved in consequence of the lessee's default.

(b) If the measure of damages provided in subdivision (a) is inadequate to put a lessor in as good a position as performance would have, the measure of damages is the present value of the profit, including reasonable overhead, the lessor would have made from full performance by the lessee, together with any incidental damages allowed under Section 10530, due allowance for costs reasonably incurred and due credit for payments or proceeds of disposition.

SEC. 74. Section 11106 of the Commercial Code is amended to read:

11106. (a) The time of receipt of a payment order or communication canceling or amending a payment order is determined by the rules applicable to receipt of a notice stated in Section 1202. A receiving bank may fix a cutoff time or times on a funds-transfer business day for the receipt and processing of payment orders and communications canceling or amending payment orders. Different cutoff times may apply to payment orders, cancellations, or amendments, or to different categories of payment orders, cancellations, or amendments. A cutoff time may apply to senders generally or different cutoff times may apply to different senders or categories of payment orders. If a payment order or communication canceling or amending a payment order is received after the close of a funds-transfer business day or after the appropriate cutoff time on a funds-transfer business day, the receiving bank may treat the payment order or communication as received at the opening of the next funds-transfer business day.

(b) If this division refers to an execution date or payment date or states a day on which a receiving bank is required to take action, and the date or day does not fall on a funds-transfer business day, the next day that is a funds-transfer business day is treated as the date or day stated, unless the contrary is stated in this division.

SEC. 75. Section 11204 of the Commercial Code is amended to read:

11204. (a) If a receiving bank accepts a payment order issued in the name of its customer as sender which is (i) not authorized and not effective as the order of the customer under Section 11202, or (ii) not enforceable, in whole or in part, against the customer under Section

11203, the bank shall refund any payment of the payment order received from the customer to the extent the bank is not entitled to enforce payment and shall pay interest on the refundable amount calculated from the date the bank received payment to the date of the refund. However, the customer is not entitled to interest from the bank on the amount to be refunded if the customer fails to exercise ordinary care to determine that the order was not authorized by the customer and to notify the bank of the relevant facts within a reasonable time not exceeding 90 days after the date the customer received notification from the bank that the order was accepted or that the customer's account was debited with respect to the order. The bank is not entitled to any recovery from the customer on account of a failure by the customer to give notification as stated in this section.

(b) Reasonable time under subdivision (a) may be fixed by agreement as stated in subdivision (b) of Section 1302, but the obligation of a receiving bank to refund payment as stated in subdivision (a) may not otherwise be varied by agreement.

The lien shall commence on the date of the transfer of possession of the livestock to the meatpacker and shall have priority over all other liens upon, and security interests in, the livestock and the identifiable proceeds and products thereof, without regard to the time of attachment or perfection of such other liens or security interests and shall remain a lien upon the livestock and the identifiable proceeds and products thereof notwithstanding sale, exchange, or other disposition thereof.

(b) Notwithstanding the provisions of subdivision (a), a buyer in the ordinary course of business, as that term is defined in paragraph (9) of subdivision (b) of Section 1201 of the Commercial Code, shall take free of such lien even though the buyer knows of the existence of the lien.

(c) Notwithstanding the provisions of subdivision (a), the lien shall cease to be of any force or effect after the expiration of 21 days from the date of delivery of the livestock unless a notice of lien is filed pursuant to subdivision (e), in which case the lien shall remain effective as long as such notice shall remain effective.

(d) No person shall have a lien pursuant to subdivision (a) to the extent that the person shall have made the livestock available to the meatpacker on credit terms.

(e) Any person selling or delivering livestock who claims a lien under this article shall file a statement with the Secretary of State and a copy thereof with the director, both within 21 days after delivery of the livestock to the meatpacker. The statement shall be in writing, verified by the oath of the person filing, and shall contain all of the following:

An act relating to state property, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 14, 2006. Filed with Secretary of State September 14, 2006.]

The people of the State of California do enact as follows:

SECTION 1. (a) (1) Except as provided in subdivision (b), the Director of General Services shall sell, lease, convey, or exchange at current fair market value to the City of Folsom, upon those terms and conditions and subject to those reservations and exceptions as the Director of General Services determines are in the best interests of the state, all or any part of the following real property:

(2) No more than 13 acres of the facility known as the California Department of Corrections, Correctional Facility, Folsom, Sacramento County Assessor Parcel Number 071-0010-010, and no more than one acre of the facility known as the California Department of Parks and Recreation, Folsom Lake State Park, Sacramento County Assessor Parcel Number 227-0222-008.

(b) In no event may the director sell, lease, convey, or exchange the property identified in subdivision (a) at a value less than fair market value.

SEC. 2. Any sale, lease, conveyance, or exchange of the parcels described in this act is exempt from Chapter 3 (commencing with Section 21100) to Chapter 6 (commencing with Section 21165), inclusive, of Division 13 of the Public Resources Code.

SEC. 3. The Department of General Services shall be reimbursed for any cost or expense incurred in the disposition of the property described in subdivision (a) of Section 1 of this act from the net proceeds of the disposition. The net proceeds of any moneys received from the disposition of the parcels described in this act shall be paid into the Deficit Recovery Bond Retirement Sinking Fund Subaccount, as created by subdivision (f) of Section 20 of Article XVI of the California Constitution.

SEC. 4. In implementing this act, the Director of General Services shall except and reserve to the state all mineral deposits, as defined in Section 6407 of the Public Resources Code, together with the right to prospect for, mine, and remove the deposits. The rights to prospect for, mine, and remove the deposits shall be limited to those areas of the property conveyed that the director, after consultation with the State Lands Commission, determines to be reasonably necessary for the removal of the deposits.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the City of Folsom to complete the Folsom Dam Bridge project in an expedited and timely manner, it is necessary that this act take effect immediately.

CHAPTER 256

An act to add Chapter 7 (commencing with Section 12500) to Part 2 of Division 2 of the Public Contract Code, relating to state contracts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 14, 2006. Filed with Secretary of State September 14, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7 (commencing with Section 12500) is added to Part 2 of Division 2 of the Public Contract Code, to read:

Chapter 7. The Federal Laboratory Contracting Act

12500. This chapter shall be known and may be cited as the Federal Laboratory Contracting Act.

12501. The Legislature finds and declares all of the following:

(a) Technological advances are an important part of California's economy and, therefore, it would be wise for state agencies to contract, in a facile and efficient manner, with federally funded Department of Energy (DOE) and National Aeronautics and Space Administration (NASA) research and development centers and NASA field centers located in California that are often at the forefront of science and technology.

(b) As the major funding agency and owner of several research and development centers located in California, DOE allows outside parties to contract with the centers but requires the centers, when initiating and finalizing any contracts with outside parties, to adhere to rigorous policies and procedures specified by federal laws and regulations. NASA adheres to similar federal laws and regulations when initiating and finalizing contracts between its research and development centers or field centers in California and outside parties. The State of California has its own laws, regulations, and procedures governing state contracts. The research and development centers and field centers owned or owned and operated by DOE and NASA have attempted to contract with state agencies and departments in California but have had minimal success. Conflicting

provisions in federal and state laws, regulations, and policies, and seemingly unachievable compromises appear to be the major limiting factors in the successful negotiation of contracts between the federally funded centers and California state agencies and departments.

12501.5. (a) The Governor shall designate the Secretary of State and Consumer Services as the state's representative for purposes of communicating and negotiating with representatives of the United States Department of Energy, National Aeronautics and Space Administration, federally funded DOE and NASA research and development centers in California, and NASA field centers in California regarding any issue that may affect a contractual relationship between the state and these federal entities. The Secretary of State and Consumer Services may delegate this responsibility to the Director of the Department of General Services if the secretary views such delegation as necessary to advance the successful negotiation of contracts between the state and one or more of those federal entities.

(b) The Secretary of State and Consumer Services or his or her designee shall develop policies and procedures to encourage and enable the contracting process with federally funded DOE and NASA research and development centers and NASA field centers and shall develop model contract language that is available for use by any state agency or department in negotiating a contract with one of these centers. The Regents of the University of California shall not be considered a state agency for the purposes of this chapter, and specifically shall not be covered as prime contractor with the DOE for management of DOE laboratories.

12502. This paragraph does not apply to an activity that is necessary for utilization of a system facility by a bicyclist, including, but not limited to, an activity that is necessary for parking a bicycle or transporting a bicycle aboard a system vehicle, if that activity is conducted with the permission of the agency of the system in a manner that does not interfere with the safety of the bicyclist or other patrons of the system facility.

(11) (A) Unauthorized use of a discount ticket or failure to present, upon request from a system representative, acceptable proof of eligibility to use a discount ticket, in accordance with Section 99155, and posted system identification policies when entering or exiting a system station or vehicle. Acceptable proof of eligibility must be clearly defined in the posting.

(B) In the event that an eligible discount ticket user is not in possession of acceptable proof at the time of request, an issued notice of fare evasion or passenger conduct violation shall be held for a period of 72 hours to allow the user to produce acceptable proof. (c) (1) The City and County of San Francisco and the Los Angeles County Metropolitan Transportation Authority may contract with a private vendor for the processing of notices of fare evasion or passenger conduct violation, and notices of delinquent fare evasion or passenger conduct violation pursuant to Section 99581.

(2) For the purpose of this chapter, "processing agency" means either of the following:

(A) The agency issuing the notice of fare evasion or passenger conduct violation and the notice of delinquent fare evasion or passenger conduct violation.

The notice shall include a printed statement indicating the date payment is required to be made, and the procedure for contesting the notice. The notice shall be served

by personal service upon the violator. The notice, or copy of the notice, shall be considered a record kept in the ordinary course of business of the issuing agency and the processing agency, and shall be prima facie evidence of the facts contained in the notice establishing a rebuttable presumption affecting the burden of producing evidence.

(2) When a notice of fare evasion or passenger conduct violation has been served, the person issuing the notice shall file the notice with the processing agency.

(3) If a person contests a notice of fare evasion or passenger conduct violation, the issuing agency shall proceed in accordance with Section 99581.

99581. (a) For a period of 21 calendar days from the issuance to a person of the notice of fare evasion or passenger conduct violation, the person may request an initial review of the violation by the issuing agency. The request may be made by telephone, in writing, or in person. There shall be no charge for this review. If, following the initial review, the issuing agency is satisfied that the violation did not occur or that extenuating circumstances make dismissal of the administrative penalty appropriate in the interest of justice, the issuing agency shall cancel the notice. The issuing agency shall advise the processing agency, if any, of the cancellation. The issuing agency or the processing agency shall mail the results of the initial review to the person contesting the notice.

(b) If the person is dissatisfied with the results of the initial review, the person may request an administrative hearing of the violation no later than 21 calendar days following the mailing of the results of the issuing agency's initial review. The request may be made by telephone, in writing, or in person. The person requesting an administrative hearing shall deposit with the processing agency the amount due under the notice for which the administrative hearing is requested. The issuing agency shall provide a written procedure to allow a person to request an administrative hearing without payment of the amount due upon satisfactory proof of an inability to pay the amount due. Notice of this procedure shall be provided to all persons requesting an administrative hearing. An administrative hearing shall be held within 90 calendar days following the receipt of a request for an administrative hearing, excluding time tolled pursuant to this chapter. The person requesting the hearing may request one continuance, not to exceed 21 calendar days.

(c) The administrative hearing process shall include all of the following:

(1) The person requesting a hearing shall have the choice of a hearing by mail or in person. An in-person hearing shall be conducted within the jurisdiction of the issuing agency. If an issuing agency contracts with

a private vendor pursuant to paragraph (1) of subdivision (c) of Section 99580, hearings shall be held within the jurisdiction of the issuing agency.

(2) The administrative hearing shall be conducted in accordance with written procedures established by the issuing agency and approved by the governing body or chief executive officer of the issuing agency. The hearing shall provide an independent, objective, fair, and impartial review of contested violations.

(3) The administrative review shall be conducted before a hearing officer designated to conduct the review by the issuing agency's governing body or chief executive officer. In addition to any other requirements of employment, a hearing officer shall demonstrate those qualifications, training, and objectivity prescribed by the issuing agency's governing body or chief executive as are necessary and which are consistent with the duties and responsibilities set forth in this chapter. The hearing officer's continued employment, performance evaluation, compensation, and benefits shall not be directly or indirectly linked to the amount of fare evasion or passenger conduct violation penalties imposed by the hearing officer.

(4) The person who issued the notice of fare evasion or passenger conduct violation shall not be required to participate in an administrative hearing. The issuing agency shall not be required to produce any evidence other than the notice of fare evasion or passenger conduct violation. The documentation in proper form shall be prima facie evidence of the violation pursuant to paragraph (1) of subdivision (d) of Section 99580.

(5) The hearing officer's decision following the administrative hearing may be personally delivered to the person by the hearing officer or sent by first-class mail.

(6) Following a determination by the hearing officer that a person committed the violation, the hearing officer may allow payment of the fare evasion or passenger conduct penalty in installments or deferred payment if the person provides satisfactory evidence of an inability to pay the fare evasion or passenger conduct penalty in full. If authorized by the issuing agency, the hearing officer may permit the performance of community service in lieu of payment of the fare evasion or passenger conduct penalty.

99582. (a) Within 30 calendar days after the mailing or personal delivery of the decision described in subdivision (c) of Section 99581, the person may seek review by filing an appeal to be heard by the superior court where the same shall be heard de novo, except that the contents of the processing agency's file in the case shall be received in evidence. A copy of the notice of fare evasion or passenger conduct violation shall be admitted into evidence as prima facie evidence of the facts stated therein establishing a rebuttable presumption affecting the burden of

producing evidence. A copy of the notice of appeal shall be served in person or by first-class mail upon the processing agency by the person filing the appeal. For purposes of computing the 30-calendar-day period, Section 1013 of the Code of Civil Procedure shall be applicable. A proceeding under this subdivision is a limited civil case.

(b) Notwithstanding any other provision of law, the fee for filing the notice of appeal shall be pursuant to paragraph (2) of subdivision (b) of Section 53069.4 of the Government Code. The court shall request that the processing agency's file on the case be forwarded to the court, to be received within 15 calendar days of the request. The court shall notify the appellant of the appearance date by mail or personal delivery. The court shall retain the fee regardless of the outcome of the appeal. If the court finds in favor of the appellant, the amount of the filing fee shall be reimbursed to the appellant by the processing agency. Any deposit of fare evasion or passenger conduct penalty shall be refunded by the processing agency in accordance with the judgment of the court.

(c) The conduct of the appeal under this section is a subordinate judicial duty that may be performed by a commissioner and other subordinate judicial officials at the direction of the presiding judge of the court.

(d) If a notice of appeal of the processing agency's decision described in subdivision (c) of Section 99581 is not filed within the period set forth in subdivision (a), that decision shall be deemed final.

SEC. 3. The Legislature finds and declares that because of the unique and special problems associated with fare evasion and passenger misconduct in a public transportation system in the City and County of San Francisco and the County of Los Angeles, it is necessary that minor transit violations, such as fare evasion and passenger misconduct, now punishable as an infraction, be adjudicated in that jurisdiction through a civil administrative process, and a statute of general applicability cannot be enacted within the meaning of Section 16 of Article IV of the California Constitution.

CHAPTER 259

An act to amend Sections 127931, 128125, 128135, 128198, 128200, 128260, 128385, 128485, 128730, 128737, 128765, 128770, and 128775 of, to amend the heading of Chapter 4 (commencing with Section 128200) of, to amend the heading of Article 1 (commencing with Section 128200) of Chapter 4 of, Part 3 of Division 107 of the Health and Safety Code, relating to health care.

[Approved by Governor September 14, 2006. Filed with
Secretary of State September 14, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 127931 of the Health and Safety Code is amended to read:

127931. (a) The office shall distribute student applications to participate in the program to postsecondary institutions eligible to participate in the state and federal financial aid programs and that have a program of professional preparation that has been approved by the Medical Board of California or the Dental Board of California. Each eligible institution shall receive at least one application.

(b) Each participating institution shall sign an institutional agreement with the office, certifying its intent to administer the program according to all applicable published rules, regulations, and guidelines, and shall make special efforts to notify students regarding the availability of the program, particularly to economically disadvantaged students.

(c) To the extent feasible, the office and each participating institution shall coordinate this program with other existing programs designed to recruit or encourage students to enter the medical and dental professions. These programs shall include, but not be limited to, the following:

(1) The Song-Brown Health Care Workforce Training Act.

(2) The Health Education and Academic Loan Act.

(3) The National Health Service Corp.

SEC. 2. Section 128125 of the Health and Safety Code is amended to read:

128125. The Legislature finds that there is a need to improve the effectiveness of health care delivery systems. One way of accomplishing that objective is to utilize health care personnel in new roles and to reallocate health tasks to better meet the health needs of the citizenry.

The Legislature finds that experimentation with new kinds and combinations of health care delivery systems is desirable, and that, for purposes of this experimentation, a select number of publicly evaluated health workforce pilot projects should be exempt from the healing arts practices acts. The Legislature also finds that large sums of public and private funds are being spent to finance health workforce innovation projects, and that the activities of some of these projects exceed the limitations of state law. These projects may jeopardize the public safety and the careers of persons who are trained in them. It is the intent of the Legislature to establish the accountability of health workforce innovation projects to the requirements of the public health, safety, and welfare, and the career viability of persons trained in these programs. Further, it

is the intent of this legislation that existing healing arts licensure laws incorporate innovations developed in approved projects that are likely to improve the effectiveness of health care delivery systems.

SEC. 3. Section 128135 of the Health and Safety Code is amended to read:

128135. The office may designate experimental health workforce projects as approved projects where the projects are sponsored by community hospitals or clinics, nonprofit educational institutions, or government agencies engaged in health or education activities. Nothing in this section shall preclude approved projects from utilizing the offices of physicians, dentists, pharmacists, and other clinical settings as training sites.

SEC. 4. Section 128198 of the Health and Safety Code is amended to read:

128198. (a) (1) There is hereby established in the Office of Statewide Health Planning and Development the California Pharmacist Scholarship and Loan Repayment Program.

(2) The program shall provide scholarships to pay for the educational expenses of pharmacy school students and repay qualifying educational loans of pharmacists who agree to participate in designated medically underserved areas as provided in this section.

(b) The Office of Statewide Health Planning and Development shall administer the California Pharmacist Scholarship and Loan Repayment Program utilizing the same general guidelines applicable to the federal National Health Service Corps Scholarship Program established pursuant to Section 254 *l* of Title 42 of the United States Code and the National Health Service Corps Loan Repayment Program established pursuant to Section 254 *l*-1 of Title 42 of the United States Code, except as follows:

(1) A pharmacist or pharmacy school student shall be eligible to participate in the program if he or she agrees to provide pharmacy services in a practice site located in areas of the state where unmet priority needs for primary care family physicians exist as determined by the Health Workforce Policy Commission.

(2) No matching funds shall be required from any entity in the practice site area.

(c) This section shall be implemented only to the extent that sufficient moneys are available in the California Pharmacist Scholarship and Loan Repayment Program Fund to administer the program.

SEC. 5. The heading of Chapter 4 (commencing with Section 128200) of Part 3 of Division 107 of the Health and Safety Code, as added by Section 360 of Chapter 1023 of the Statutes of 1996, is amended to read:

CHAPTER 4. HEALTH CARE WORKFORCE TRAINING PROGRAMS

SEC. 6. The heading of Article 1 (commencing with Section 128200) of Chapter 4 of Part 3 of Division 107 of the Health and Safety Code, as added by Section 360 of Chapter 1023 of the Statutes of 1996, is amended to read:

Article 1. Song-Brown Health Care Workforce Training Act

SEC. 7. Section 128200 of the Health and Safety Code is amended to read:

128200. (a) This article shall be known and may be cited as the Song-Brown Health Care Workforce Training Act.

(b) The Legislature hereby finds and declares that physicians engaged in family practice are in very short supply in California. The current emphasis placed on specialization in medical education has resulted in a shortage of physicians trained to provide comprehensive primary health care to families. The Legislature hereby declares that it regards the furtherance of a greater supply of competent family physicians to be a public purpose of great importance and further declares the establishment of the program pursuant to this article to be a desirable, necessary and economical method of increasing the number of family physicians to provide needed medical services to the people of California. The Legislature further declares that it is to the benefit of the state to assist in increasing the number of competent family physicians graduated by colleges and universities of this state to provide primary health care services to families within the state.

The Legislature finds that the shortage of family physicians can be improved by the placing of a higher priority by public and private medical schools, hospitals, and other health care delivery systems in this state, on the recruitment and improved training of medical students and residents to meet the need for family physicians. To help accomplish this goal, each medical school in California is encouraged to organize a strong family practice program or department. It is the intent of the Legislature that the programs or departments be headed by a physician who possesses specialty certification in the field of family practice, and has broad clinical experience in the field of family practice.

The Legislature further finds that encouraging the training of primary care physician's assistants and primary care nurse practitioners will assist in making primary health care services more accessible to the citizenry, and will, in conjunction with the training of family physicians, lead to an improved health care delivery system in California.

Community hospitals in general and rural community hospitals in particular, as well as other health care delivery systems, are encouraged to develop family practice residencies in affiliation or association with accredited medical schools, to help meet the need for family physicians in geographical areas of the state with recognized family primary health care needs. Utilization of expanded resources beyond university-based teaching hospitals should be emphasized, including facilities in rural areas wherever possible.

The Legislature also finds and declares that nurses are in very short supply in California. The Legislature hereby declares that it regards the furtherance of a greater supply of nurses to be a public purpose of great importance and further declares the expansion of the program pursuant to this article to include nurses to be a desirable, necessary, and economical method of increasing the number of nurses to provide needed nursing services to the people of California.

It is the intent of the Legislature to provide for a program designed primarily to increase the number of students and residents receiving quality education and training in the specialty of family practice and as primary care physician's assistants, primary care nurse practitioners, and registered nurses and to maximize the delivery of primary care family physician services to specific areas of California where there is a recognized unmet priority need. This program is intended to be implemented through contracts with accredited medical schools, programs that train primary care physician's assistants, programs that train primary care nurse practitioners, programs that train registered nurses, hospitals, and other health care delivery systems based on per-student or per-resident capitation formulas. It is further intended by the Legislature that the programs will be professionally and administratively accountable so that the maximum cost-effectiveness will be achieved in meeting the professional training standards and criteria set forth in this article and Article 2 (commencing with Section 128250).

SEC. 8. Section 128260 of the Health and Safety Code is amended to read:

128260. As used in this article, unless the context otherwise requires, the following definitions shall apply:

(a) "Commission" means the California Healthcare Workforce Policy Commission.

A primary care physician shall be a board-certified or board-eligible general internist, general pediatrician, general obstetrician-gynecologist, or family physician.

SEC. 9. Section 128385 of the Health and Safety Code is amended to read:

128385. (a) There is hereby created the Registered Nurse Education Program within the Health Professions Education Foundation. Persons participating in this program shall be persons who agree in writing prior to graduation to serve in an eligible county health facility, an eligible state-operated health facility, a health workforce shortage area, or a California nursing school, as designated by the director of the office. Persons agreeing to serve in eligible county health facilities, eligible state-operated health facilities, or health workforce shortage areas, and master's or doctoral students agreeing to serve in a California nursing school may apply for scholarship or loan repayment. The Registered Nurse Education Program shall be administered in accordance with Article 1 (commencing with Section 128330), except that all funds in the Registered Nurse Education Fund shall be used only for the purpose of promoting the education of registered nurses and related administrative costs. The Health Professions Education Foundation shall make recommendations to the director of the office concerning both of the following:

(1) A standard contractual agreement to be signed by the director and any student who has received an award to work in an eligible county health facility, an eligible state-operated health facility, or in a health workforce shortage area that would require a period of obligated professional service in the areas of California designated by the California Healthcare Workforce Policy Commission as deficient in primary care services. The obligated professional service shall be in direct patient care. The agreement shall include a clause entitling the state to recover the funds awarded plus the maximum allowable interest for failure to begin or complete the service obligation.

(2) Maximum allowable amounts for scholarships, educational loans, and loan repayment programs in order to assure the most effective use of these funds.

(b) Applicants may be persons licensed as registered nurses, graduates of associate degree nursing programs prior to entering a program granting a baccalaureate of science degree in nursing, or students entering an entry-level master's degree program in registered nursing or other registered nurse master's or doctoral degree program approved by the Board of Registered Nursing. (d) Not more than 5 percent of the funds available under the Registered Nurse Education Program shall be available for a pilot project designed to test whether it is possible to encourage articulation from associate degree nursing programs to baccalaureate of science degree nursing programs. Persons who otherwise meet the standards of subdivision (a) shall be eligible for educational loans when they are enrolled in associate degree nursing programs. If these persons complete a baccalaureate of science degree nursing program in California within five years of obtaining an associate degree in nursing and meet the standards of this article, these loans shall be completely forgiven.

(e) As used in this section, "eligible county health facility" means a county health facility that has been determined by the office to have a nursing vacancy rate greater than noncounty health facilities located in the same health facility planning area.

(f) As used in this section, "eligible state-operated health facility" means a state-operated health facility that has been determined by the office to have a nursing vacancy rate greater than noncounty health facilities located in the same health facility planning area.

SEC. 10. Section 128485 of the Health and Safety Code is amended to read:

128485. There is hereby created the Vocational Nurse Education Program within the Health Professions Education Foundation. Persons participating in this program shall be persons who agree in writing prior to completion of vocational nursing school to serve in an eligible county health facility, an eligible state-operated health facility, or a health workforce shortage area, as designated by the director of the office. Persons agreeing to serve in eligible county health facilities, eligible state-operated health facilities, or health workforce shortage areas may apply for scholarship or loan repayment. The Vocational Nurse Education Program shall be administered in accordance with Article 1 (commencing with Section 128330), except that all funds in the Vocational Nurse Education Fund shall be used only for the purpose of promoting the education of vocational nurses and related administrative costs. The

Health Professions Education Foundation shall make recommendations to the director of the office concerning both of the following:

(a) A standard contractual agreement to be signed by the director and any student who has received an award to work in an eligible county health facility, an eligible state-operated health facility, or in a health workforce shortage area that would require a period of obligated professional service in the areas of California designated by the Health Workforce Policy Commission as deficient in primary care services. The obligated professional service shall be in direct patient care. The agreement shall include a clause entitling the state to recover the funds awarded plus the maximum allowable interest for failure to begin or complete the service obligation.

(b) Maximum allowable amounts for scholarships, educational loans, and loan repayment programs in order to assure the most effective use of these funds.

(c) A person who qualifies for admission to a vocational nursing program that is accredited by the board of Vocational Nursing and Psychiatric Technicians may apply for funding under the Vocational Nurse Education Program by establishing a contractual agreement in accordance with subdivision (a).

CHAPTER 262

An act to amend Sections 20209.5, 20209.7, and 20209.14 of the Public Contract Code, relating to public contracts.

[Approved by Governor September 14, 2006. Filed with Secretary of State September 14, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 20209.5 of the Public Contract Code is amended to read:

20209.5. As used in this article, the following terms have the following meanings:

(a) "Best value" means a value determined by objective criteria and may include, but is not limited to, price, features, functions, life-cycle costs, and other criteria deemed appropriate by the transit district.

(b) "Design-build" means a procurement process in which both the design and construction of a project are procured from a single entity.

(c) "Design-build entity" means a partnership, corporation, or other legal entity that is able to provide appropriately licensed contracting, architectural, and engineering services as needed pursuant to a design-build contract.

(d) "RFP" means request for proposal.

(e) "Transit operator" means any transit district, included transit district, municipal operator, included municipal operator, or transit development board, as defined in Section 99210 of the Public Utilities Code, or a consolidated agency as defined in Section 132353.1 of the Public Utilities Code, or any joint powers authority formed to provide transit service.

SEC. 2. Section 20209.7 of the Public Contract Code is amended to read:

20209.7. Design-build projects shall progress in a three-step process, as follows:

(a) The transit operator shall prepare a set of documents setting forth the scope of the project. The documents shall include, but are not limited to, the size, type, and desired design character of the buildings, transit facilities, and site, performance specifications covering the quality of materials, equipment, and workmanship, preliminary plans or building layouts, or any other information deemed necessary to describe adequately the transit operator's needs. The performance specifications and any plans shall be prepared by a design professional duly licensed or registered in California.

(b) Any architectural or engineering firm or individual retained by the transit operator to assist in the development criteria or preparation of the request for proposal (RFP) is not eligible to participate in the competition for the design-build entity.

(c) If the transit operator does not already have a labor compliance program, as defined in Section 1771.5 of the Labor Code, the transit operator shall establish and enforce a labor compliance program for the design-build contract containing the requirements outlined in Section 1771.5 of the Labor Code or shall contract with a third party to operate this labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code. This requirement applies only to the design-build contract and does not apply to projects where the transit operator or the design-build entity has entered into a collective bargaining agreement that binds all of the contractors performing work on the project, or to any other project of the transit operator that is not design-build.

(d) (1) Each RFP shall identify the basic scope and needs of the project or contract, the expected cost range, and other information deemed necessary by the contracting agency to inform interested parties of the contracting opportunity.

(2) Each RFP shall invite interested parties to submit competitive sealed proposals in the manner prescribed by the contracting agency.

(3) Each RFP shall include a section identifying and describing:

(A) All significant factors that the agency reasonably expects to consider in evaluating proposals, including cost or price and all nonprice-related factors.

(B) The methodology and rating or weighting process that will be used by the agency in evaluating competitive proposals and specifically whether proposals will be rated according to numeric or qualitative values.

(C) The relative importance or weight assigned to each of the factors identified in the RFP. If a nonweighted system is used, the agency shall specifically disclose whether all evaluation factors other than cost or price, when combined, are any of the following:

(i) Significantly more important than cost or price.

(ii) Approximately equal in importance to cost or price.

(iii) Significantly less important than cost or price.

(D) If the contracting agency wishes to reserve the right to hold discussions or negotiations with offerors, it shall specify the same in the RFP and shall publish separately or incorporate into the RFP applicable rules and procedures to be observed by the agency to ensure that any discussions or negotiations are conducted in a fair and impartial manner.

(e) (1) The transit operator shall establish a procedure to prequalify design-build entities using a standard questionnaire developed by the Director of Industrial Relations. The standardized questionnaire may not require prospective bidders to disclose any violations of Chapter 1 (commencing with Section 1720) of Part 7 of Division 2 of the Labor Code committed prior to January 1, 1998, if the violation was based on a subcontractor's failure to comply with these provisions and the bidder had no knowledge of the subcontractor's violations and the bidder complied with the conditions set forth in subdivision (b) of Section 1775 of the Labor Code. In preparing the questionnaire, the director shall consult with the construction industry, transit operators, and other affected parties. This questionnaire shall require information relevant to the architecture or engineering firm that will be the lead on the design-build project. The questionnaire shall include, but is not limited to, all of the following:

(A) A listing of all the contractors that are part of the design-build entity.

(B) Evidence that the members of the design-build entity have completed, or demonstrated the experience, competency, capability, and capacity to complete, projects of similar size, scope, or complexity, and that proposed key personnel have sufficient experience and training to competently manage and complete the design and construction of the project.

(C) The licenses, registrations, and credentials required to design and construct the project, including information on the revocation or suspension of any license, credential, or registration.

(D) Evidence that establishes that the design-build entity has the capacity to obtain all required payment and performance bonding, liability insurance, and errors and omissions insurance, as well as a financial statement that assures the transit operator that the design-build entity has the capacity to complete the project.

(E) Any prior serious or willful violation of the California Occupational Safety and Health Act of 1973, contained in Part 1 (commencing with Section 6300) of Division 5 of the Labor Code or the federal Occupational Safety and Health Act of 1970 (P.L. 91-596), settled against any member of the design-build entity, and information concerning a contractor member's workers' compensation experience history and worker safety program.

(F) Information concerning any debarment, disqualification, or removal from a federal, state, or local government public works project. Any instance where an entity, its owners, officers, or managing employees submitted a bid on a public works project and were found by an awarding body not to be a responsible bidder.

(G) Any instance where the entity, its owner, officers, or managing employees defaulted on a construction contract.

(H) Any violations of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code), excluding alleged violations of federal or state law, including the payment of wages, benefits, apprenticeship requirements, or personal income tax withholding, or of Federal Insurance Contribution Act (FICA) withholding requirements settled against any member of the design-build entity.

(I) Information concerning the bankruptcy or receivership of any member of the entity, and information concerning all legal claims, disputes, or lawsuits arising from any construction project of any member of the entity during the past three years, including information concerning any work completed by a surety.

(J) If the design-build entity is a partnership, limited partnership, or other association, a listing of all of the partners, general partners, or association members who will participate as subcontractors in the design-build contract.

(K) Information concerning all settled adverse claims, disputes, or lawsuits between the owner of a public works project and any member of the design-build entity during the five-year period immediately preceding submission of a bid pursuant to this section, in which the claim, settlement, or judgment exceeds fifty thousand dollars ($50,000). Information shall also be provided concerning any work completed by a surety during this period.

(L) In the case of a partnership or other association that is not a legal entity, a copy of the agreement creating the partnership or association and specifying that all partners or association members agree to be liable for full performance under the design-build contract.

(2) The information required pursuant to this subdivision shall be verified under oath by the entity and its members in the manner in which civil pleadings in civil actions are verified. Information that is not a public record pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code) shall not be open to public inspection.

(f) The transit operator shall establish a procedure for final selection of the design-build entity. Selection shall be subject to the following conditions:

(1) In no case shall the transit operator award a contract to a design-build entity pursuant to this article for a capital maintenance or capacity-enhancing rail project unless that project exceeds twenty-five million dollars ($25,000,000) in cost.

(2) For nonrail transit projects that exceed two million five hundred thousand dollars ($2,500,000), the transit operator may award the project to the lowest responsible bidder or by using the best value method.

SEC. 3. Section 20209.14 of the Public Contract Code is amended to read:

20209.14. This article shall remain in effect only until January 1, 2011, and as of that date is repealed.

SEC. 4. This act shall only apply to transit projects as specified in Section 20209.13 of the Public Contract Code.

CHAPTER 263

An act to amend Section 4216.4 of the Government Code, relating to subsurface installations, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 14, 2006. Filed with Secretary of State September 14, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 4216.4 of the Government Code is amended to read:

4216.4. (a) The excavator shall determine the exact location of subsurface installations in conflict with the excavation by excavating with handtools within the area of the approximate location of subsurface installations as determined by the field marking provided in accordance with Section 4216.3 before using any power-operated or power-driven excavating or boring equipment within the approximate location of the subsurface installation, except that power-operated or power-driven excavating or boring equipment may be used for the removal of any existing pavement if there are no subsurface installations contained in the pavement. If documented notice of the intent to use vacuum excavation devices, or power-operated or power-driven excavating or boring equipment, has been provided to the subsurface installation operator or operators and it is mutually agreeable with the operator or operators and the excavator, the excavator may utilize vacuum excavation devices, or power-operated or power-driven excavating or boring equipment within the approximate location of a subsurface installation and to any depth.

(b) If the exact location of the subsurface installation cannot be determined by hand excavating in accordance with subdivision (a), the

excavator shall request the operator to provide additional information to the excavator, to the extent that information is available to the operator, to enable the excavator to determine the exact location of the installation.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to prevent potentially damaging stalls or stoppage of construction within the state, it is necessary that this act take effect immediately.

CHAPTER 264

An act to add Chapter 7.5 (commencing with Section 10700) to Part 7 of the Education Code, relating to adult education.

[Approved by Governor September 14, 2006. Filed with Secretary of State September 14, 2006.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Existing law assigns responsibility for adult education in California to the high school and unified school districts, except where, by mutual agreement, responsibility is assigned to or shared with community college districts.

(b) The adult education system plays a critical role in providing adult learners with the necessary education and skills to earn a high school diploma or its equivalent, obtain jobs, and become self-sufficient, active, and productive members of society.

(c) Adult education is essential to the needs of society in an era of rapid technological, economic, and social change, and the adult education system must meet the needs of a growing and knowledge-based workforce and economy.

(d) There is a substantial need for adult education service. The state's large immigrant and English-language learner population, the large number of persons with less than a high school education, and the growing demand for a more skilled workforce have generated an increased need for access to high-quality adult education and literacy programs.

(e) The current adult education and community college noncredit data systems function independently and are not coordinated, making it

difficult to assess the extent to which these programs are meeting the critical workforce and social needs of the state. A more coordinated and unified data set would benefit the state as it grapples with growing adult education needs and limited resources.

SEC. 2. Chapter 7.5 (commencing with Section 10700) is added to Part 7 of the Education Code, to read:

CHAPTER 7.5. JOINT DATA SYSTEMS

10700. It is the intent of the Legislature to enact legislation that will develop a coordinated adult education data system that accomplishes all of the following:

(a) Uses standardized procedures to collect data.

(b) Complies with relevant federal statutes in elementary, secondary, and postsecondary education.

(c) Makes efficient use of existing data systems in the California Community College system and the department.

(d) Is based upon individual pupil and student records that, preferably, can be linked through the use of a common student identifier.

(e) Contains a common data dictionary that can be used to provide valid, comparable data regarding enrollment, demographics, outcomes, and other educational or economic policy issues.

(f) Complies with all relevant state and federal privacy laws and regulations.

10701. The Chancellor of the California Community Colleges and the superintendent, using existing resources, shall convene a working group of adult education and data experts to review the separate, existing adult education and noncredit instruction data systems, and report to the Legislature and the Governor by July 1, 2007, on the feasibility, design, and cost of a common data set in adult education.

CHAPTER 265

An act to add Section 701.6 to the Public Resources Code, relating to the Department of Forestry and Fire Protection.

[Approved by Governor September 14, 2006. Filed with Secretary of State September 14, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 701.6 is added to the Public Resources Code, to read:

701.6. (a) Notwithstanding any other provision of law, on and after January 1, 2007, the Department of Forestry and Fire Protection may be referred to, where appropriate and as determined by the director, as CAL-FIRE.

(b) No existing supplies, forms, insignias, signs, or logos shall be destroyed or changed as a result of the authorization to use CAL-FIRE where appropriate to refer to the department, and they shall continue to be used until exhausted or unserviceable.

CHAPTER 266

An act to add Section 1281.12 to the Code of Civil Procedure, relating to arbitration.

[Approved by Governor September 14, 2006. Filed with Secretary of State September 14, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 1281.12 is added to the Code of Civil Procedure, immediately following Section 1281.1, to read:

1281.12. Secretary of State September 14, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 17463.8 is added to the Education Code, to read:

17463.8. (a) Notwithstanding any other provision of law, the Oak Grove Elementary School District may sell surplus real property, together with any personal property located thereon, purchased entirely with local funds, and may deposit the proceeds thereof into the general fund of the school district or county office of education, and may use the proceeds from the sale for any one-time general fund purpose. If the purchase of the property was made using the proceeds of a local general obligation bond act or revenue derived from developer fees, the amount of the proceeds of the transaction that may be deposited into the general fund of the school district or county office of education may not exceed the percentage computed by the difference between the purchase price of the property and the proceeds from the transaction, divided by the amount of the proceeds of the transaction. For the purposes of this section, "proceeds of the transaction" means either of the following, as appropriate:

(1) The amount realized from the sale of property after reasonable expenses related to the sale.

(2) For any transaction that does not result in a lump-sum payment of the proceeds of the transaction, the proceeds of the transaction shall be calculated as the net present value of the future cashflow generated by the transaction.

(b) The State Allocation Board shall reduce the amount of hardship assistance awarded pursuant to Article 8 (commencing with Section 17075.10) to a school district that exercises the authority granted pursuant to this section by an amount equal to the amount of the proceeds of the sale of surplus real property used for a one-time expenditure of the school district pursuant to this section.

(c) If a school district exercises the authority granted pursuant to this section, the school district is ineligible for hardship funding from the State School Deferred Maintenance Fund under Section 17587 for five years after the date of sale.

(d) Before a school district exercises the authority granted pursuant to this section, the governing board of the school district shall first certify all of the following to the State Allocation Board:

(1) The school district has no major deferred maintenance requirements not covered by existing capital outlay resources.

(2) The sale of real property pursuant to this section does not violate any provisions of a local general obligation bond act.

(3) The real property is not suitable to meet any projected school construction need for the next 10 years.

(e) Before a school district exercises the authority granted pursuant to this section, the governing board of the school district shall at a regularly scheduled meeting present a plan for expending one-time resources pursuant to this section. The plan shall identify the source and use of the funds and describe the reasons why the expenditure will not result in ongoing fiscal obligations for the school district.

(f) For purposes of this section, "one-time general fund purpose" means a nonrecurring cost payable from the general or special funds of a local educational agency, not including ongoing expenditures for the purposes of funding employee salaries and benefits or ongoing and sustained program operations and services.

(g) This section shall become inoperative on January 1, 2010, and as of that date is repealed, unless a later enacted statute that is enacted before January 1, 2010, deletes or extends the dates on which it becomes inoperative and is repealed.

(c) Except as otherwise provided in this section, and notwithstanding any other provision of law, all official acts of the board shall require the affirmative vote of members casting a majority of the 100 votes. Any statute, including this part, that requires a vote of the board shall be interpreted to require a tally of the votes, rather than a tally of the members of the board. A statute requiring the affirmative vote of the majority or a greater number of members of the board, including, but not limited to, Section 1245.240 of the Code of Civil Procedure, shall be interpreted as requiring a tally of the votes cast by members, rather than a tally of members.

(d) Each board member shall have the number of votes determined by the following formula; however, each voting entity represented on the board shall have at least one vote, and providing that there shall be no fractional votes:

(1) Each member entity is entitled to five votes as a membership incentive; however, the total number of incentive votes shall not exceed

30. If the number of member entities exceeds six, the 30 incentive votes shall be divided equally among the member entities.

(2) The remaining votes shall be divided among all voting entities in proportion to each entity's financial contribution to the district. The calculation of each voting entity's financial contribution shall include all of the following:

(A) Funds allocated to the district pursuant to the Mills-Alquist-Deddeh Act, also known as the Transportation Development Act (Chapter 4 (commencing with Section 99200) of Part 11 of Division 10), or any successor thereto, as computed by the applicable transportation planning agency for the voting entity.

(B) Funds provided to the district by the voting entity pursuant to an agreement of the type described in subdivision (b) of Section 102100.3.

(C) Other local funds made available to the district by the voting entity for the operation of public transit service.

(D) The federal formula grant funds attributable to the voting entity shall be determined by multiplying the amount described in paragraph (8) of subdivision (b) of Section 102205 by the voting entity's proportionate share of the total population of all voting entities, which shall be determined by using the population statistics described in paragraph (10) of subdivision (b) of Section 102205.

(E) Any adjustment expressly provided for in an agreement entered into between the district and any voting entity whereby the district receives or disburses any of the funds described in subparagraphs (A) to (D), inclusive, including, but not limited to, fund exchange or fund swap agreements.

(3) The total number of votes for each voting entity shall be the sum of the votes allocated in paragraphs (1) and (2).

(4) If the division set forth in paragraphs (1) to (3), inclusive, results in fractional votes, the number of votes allocated shall be rounded in the following manner:

(A) Each fractional vote that is 0.6 or greater shall be rounded up to the nearest whole number, and each fractional vote that is less than 0.6 shall be rounded down to the nearest whole number.

(B) If the sum total of the votes so rounded is greater than 100, the excess vote or votes shall be taken one each from the voting entity or entities with the greatest number of total votes, in descending order of the number of votes, until the sum total is 100. If two or more voting entities have the same number of votes, the vote reduction among those entities shall be done by lot.

(C) If the sum total of the votes so rounded is less than 100, one vote shall be added to the total of the voting entity or entities with the greatest number of total votes, in descending order of the number of votes, until

the sum total is 100. If two or more voting entities have the same number of votes, the extra votes shall be allocated by lot among those entities.

(5) The determination of financial contribution and the apportionment of votes shall be approved by the board at the board meeting at which the budget is adopted. The new voting apportionment shall be effective on July 1 of each year or as soon thereafter as the budget is adopted.

(6) At the time the apportionment is approved, the following calculation shall be done for each voting entity: the total number of votes allocated to the voting entity shall be divided by the total number of appointments the voting entity is entitled to make under Sections 102100.2 and 102100.3, regardless of whether those appointments have been made. If the result is greater than 15 votes per appointment, the voting entity shall be entitled to appoint an additional member to the board, effective July 1. Notwithstanding Section 102100.5, the legislative body of the voting entity making its appointment under this provision shall give written notification to the secretary of the board within 30 days of approval of the allocation. A member so appointed shall be subject to the same restrictions and shall have the same powers, when serving on the board, as any other member.

(7) For any voting entity that has appointed more than one member to the board, the total votes allocated to that voting entity shall be divided equally among the board members or alternates representing that entity who are present and voting. Where an equal division would result in fractional votes, the votes shall be divided to the nearest whole number among all members representing the voting entity who are present and voting, with the remaining votes being allocated, one vote each, to the members representing the voting entity in order of seniority, as measured by years of consecutive service on the board. If two or more members have served for the same length of time, the extra vote or votes shall be allocated between those members by lot.

(8) If a city or county becomes a voting entity or ceases to be a voting entity after the annual allocation called for in this subdivision has taken place, the board shall approve a new allocation, applying the financial contribution data used for the most recent allocation and considering what the new voting entity would have contributed, had it been part of the district when the preceding allocation took place. If necessary, the financial contribution of a newly incorporated entity may be estimated using population figures from the applicable local agency formation commission.

(9) If, during the course of the fiscal year, the financial data used to calculate the financial contribution of any voting entity differs by more than 10 percent from the amount that will actually be provided during the fiscal year by that entity, the board may call for a new allocation to

be conducted and any allocation so called for shall be approved by the board. The allocation shall proceed in the manner described in paragraphs (1) to (4), inclusive, but the calculation in paragraph (2) shall be done with reference to the financial contribution actually provided to the district during the fiscal year (except as otherwise provided in paragraph (8)), to the extent that contribution is known.

In the event, however, that the prior writ was returned or made returnable before a court of appeal or any judge thereof, no writ can be issued upon a second or other application except by the Supreme Court or some judge thereof, and the writ must be made returnable before said Supreme Court or some judge thereof.

Every application for a writ of habeas corpus must be verified, and shall state whether any prior application or applications have been made for a writ in regard to the same detention or restraint complained of in the application, and if any prior application or applications have been made the later application must contain a brief statement of all proceedings had therein, or in any of them, to and including the final order or orders made therein, or in any of them, on appeal or otherwise.

Whenever the person applying for a writ of habeas corpus is held in custody or restraint by any officer of any court of this state or any political subdivision thereof, or by any peace officer of this state, or any political subdivision thereof, a copy of the application for the writ must in all cases be served upon the district attorney of the county wherein the person is held in custody or restraint at least 24 hours before the time at which said writ is made returnable and no application for the writ can be heard without proof of service in cases where the service is required.

If the person is in custody for violation of an ordinance of a city which has a city attorney, a copy of the application for the writ must also be served on the city attorney of the city whose ordinance is the basis for the charge at least 24 hours before the time at which the writ is made returnable, provided that failure to serve the city attorney shall not deprive the court of jurisdiction to hear the application. If a writ challenging a denial of parole or the applicant's suitability for parole is then made returnable, a copy of the application for the writ and the related order to show cause shall in all cases be served by the superior court upon the office of the Attorney General and the district attorney of the county in which the underlying judgment was rendered at least three business days

before the time at which the writ is made returnable and no application for the writ can be heard without proof of such service.

CHAPTER 275

An act to add Article 4 (commencing with Section 6361) of Chapter 4 of Part 1 of Division 6 of the Public Resources Code, and to repeal Chapter 214 of the Statutes of 1937, Chapter 1835 of the Statutes of 1961, and Chapter 1828 of the Statutes of 1963, relating to tidelands and submerged lands and to convey certain tidelands and submerged lands to the City of Pittsburg.

[Approved by Governor September 14, 2006. Filed with Secretary of State September 14, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Article 4 (commencing with Section 6361) is added to Chapter 4 of Part 1 of Division 6 of the Public Resources Code, to read:

Article 4. Conveyance of Tidelands and Submerged Lands to the City of Pittsburg

6361. As used in this article, the following definitions apply:

(a) "Plan" means trust lands use plan as described in Section 6364.

(b) "Public trust purposes" means purposes related to commerce, navigation, and fisheries, and other public trust purposes, including, but not limited to, preservation of the lands in their natural state for scientific study, open space, wildlife habitat, and recreational and visitor-oriented uses.

(c) "State" means the State of California.

(d) "Trustee" means the City of Pittsburg, a municipal corporation of the State of California, in Contra Costa County.

(e) "Trust lands" means all tidelands and submerged lands, whether filled or unfilled, situated within the boundaries of the City of Pittsburg as those boundaries exist on January 1, 2007.

(f) "Trust revenues" means all revenues received from trust lands and trust assets.

6362. (a) There is hereby granted in trust to the City of Pittsburg all of the right, title, and interest of the state held by the state by virtue of its sovereignty in and to all tidelands and submerged lands, whether

filled or unfilled, situated within the boundaries of the City of Pittsburg as such boundaries exist on January 1, 2007.

(b) The trust lands shall be held by the trustee and its successors in trust for the benefit of all the people of the state for public trust purposes, as more particularly provided in this article.

(c) This trust grant is subject to the following express conditions:

(1) The use of the trust lands shall be in conformity with the public trust and the plan, and shall be without cost to the state.

(2) The trustee or its successors shall not at any time grant, convey, give, or otherwise alienate the trust lands, or any part thereof, to any person, firm, entity, or corporation for any purposes whatsoever. The trustee may lease the trust lands, or any part thereof, for limited periods, not exceeding 66 years, for purposes consistent with the public trust and the plan. The trustee may collect and retain rents and other trust revenues from those leases, under rules and regulations adopted by the trustee.

(3) In the management, conduct, operation, and control of the trust lands, or any improvement, betterments, or structures thereon, the trustee or its successors shall make no illegal discrimination in rates, tolls, or charges for any use or service in connection herewith, nor shall the trustee discriminate against or unlawfully segregate any person or group of persons on account of sex, race, color, creed, national origin, ancestry, or physical handicap for any use or service in connection herewith.

(4) The state shall have the right to use, without charge, any transportation, landing, or storage improvements, betterments, or structures constructed upon the trust lands for any vessel or other watercraft or railroad owned or operated by or under contract to the state.

(5) The state shall have the right, at any time in the future, to use the trust lands or any portion thereof for any authorized public use without compensation to the trustee, its successors or assigns, or any person, firm, or public or private corporation claiming under it, except that in the event improvements have been placed with legal authority upon the property taken by the state, compensation shall be made to the person entitled thereto for the value of the interest in the improvements taken or the damages to that interest.

(6) There is reserved to the people of the state the right to fish in the waters over the trust lands, with the right to convenient access to those waters over the trust lands for that purpose.

(7) There is excepted and reserved to the state all remains or artifacts of archaeological and historical significance and all deposit of minerals, including, but not limited to, all substances specified in Section 6407, in the trust lands, and the right to prospect for, mine, and remove those deposits from the lands.

(8) This grant is made subject to the rights of any and all persons under any title derived from the state or any of its agencies in or to any part of the trust lands.

(9) A survey of the trust lands pursuant to Sections 6358 and 6359 shall not be required, provided that the grantee has otherwise established a metes and bounds description of the trustee's corporate water boundaries.

6363. Revenue from lands, that are currently leased by the state and designated as state lease numbers PRC 2757.1, PRC 7643.1, PRC 7872.1, and Chapter Lease 18.1, shall remain revenue of the state and be transmitted to the state by the trustee.

6364. (a) On or before July 1, 2008, the trustee shall submit to the commission a plan indicating details of intended development, preservation, or other use of the trust lands. The trustee shall thereafter submit to the commission for approval all changes of, amendments to, or extensions of the plan. Any use of the trust lands shall be consistent with the plan as approved by the commission.

(b) The commission shall review with reasonable promptness the plan submitted by the trustee and any changes of or amendments to the plan to determine that they are consistent with the public trust and the requirements of this article. Based upon its review, the commission shall either approve or disapprove the plan. If the commission disapproves the plan, the commission shall furnish the trustee with its formal recommendations, and the trustee shall submit a revised plan to the commission within 180 days. If that revised plan is determined by the commission to be inconsistent with the public trust and the requirements of this article, all right, title, and interest of the trustee in and to the trust lands and improvements thereon shall revert to the state.

(c) The plan shall include all of the following:

(1) A general description of the type of uses planned or proposed for the trust lands. The location of these land uses shall be shown on a map or aerial photograph.

(2) The projected statewide benefits to be derived from the planned or proposed uses of the trust lands, including, but not limited to, the financial and environmental benefits and the furtherance of those purposes set forth in subdivision (b) of Section 6362.

(3) The proposed method of financing the planned or proposed uses of the trust lands, including estimated capital costs, annual operating costs, and anticipated annual trust revenues.

(4) An estimated timetable for implementation of the plan or any phase thereof.

(5) A description of how the trustee proposes to protect and preserve natural and manmade resources in connection with the use of the trust lands.

(d) All leases or agreements proposed, or entered into by any trustee after July 1, 2008, shall be consistent with the plan submitted by the trustee and approved by the commission.

(e) Upon request, the trustee shall submit to the commission a copy of all leases and agreements entered into, renewed, or renegotiated with respect to the trust lands.

6365. The trustee shall demonstrate good faith in carrying out the plan and amending it when necessary in accordance with subdivisions (a) and (b) of Section 6364. If the commission determines that the trustee has substantially failed to improve, restore, preserve, or maintain the trust lands, as required by the plan, in the time period set forth in paragraph (4) of subdivision (c) of Section 6364, or has unreasonably delayed adopting that proposal, all right, title, and interest of the trustee in and to the trust lands and improvements thereon shall revert to the state.

6366. (a) The trustee shall establish and maintain accounting procedures, in accordance with generally accepted accounting principles, providing accurate records of all revenues received from the trust lands and trust assets and of all expenditures of those revenues. If the trustee has several trust grants of adjacent lands and operates the granted lands as a single integrated entity, separation of accounting records for each trust grant is not required. All trust revenues shall be expended only for those uses and purposes set forth in subdivision (b) of Section 6362. The purpose of this subdivision is to provide for the segregation of funds derived from the use of the trust lands in order to ensure that they are only expended to enhance the trust lands in accordance with the trust uses and purposes upon which the trust lands are held.

(b) Trust revenues may be used to acquire appropriate uplands to benefit and enhance the trust with the prior written consent of the commission. Property acquired with these trust revenues shall be considered an asset of the trust and subject to the terms and conditions of this article.

6367. On or before October 1 of each year, the trustee shall file with the commission a detailed statement of all trust revenues and expenditures relating to its trust lands and trust assets, including obligations incurred but not yet paid, covering the fiscal year preceding submission of the statement. This statement shall be prepared according to generally accepted accounting principles and may take the form of an annual audit prepared by or for the trustee.

6368. (a) To expend trust revenues for any single capital improvement on the trust lands involving an amount in excess of two hundred fifty thousand dollars ($250,000) in the aggregate, the trustee shall file with the commission a detailed description of the capital improvement not less than 90 days prior to the time of any disbursement therefor or in connection therewith.

(b) Within 90 days after the time of that filing, the commission shall determine whether the capital improvement is in the statewide interest and benefit and is consistent with the conditions of this article. The commission may request the opinion of the Attorney General on the matter; and, if it does so, a copy of that opinion shall be delivered to the trustee with the notice of its determination.

(c) If the commission notifies the trustee that the capital improvement is not authorized, the trustee shall not disburse any trust revenues for, or in connection with, the capital improvement, unless and until it is determined to be authorized by a final order or judgment of a court of competent jurisdiction. The trustee may bring suit against the state for the purpose of securing an order or judgment, which suit shall have priority over all other civil matters.

(d) Service shall be made upon the executive officer of the commission and the Attorney General, and the Attorney General shall defend the state in that suit. If judgment is given against the state in the suit, costs may not be recovered.

6369. (a) On June 30, 2007, and at the end of every third fiscal year thereafter, that portion of the trustee's trust revenues in excess of two hundred fifty thousand dollars ($250,000) remaining after current and accrued operating costs and expenditures directly related to the operation or maintenance of trust activities shall be deemed excess revenues.

(b) Any funds deposited in a reserve fund for future capital expenditures or any funds used to retire bond issues for the improvement or operation of the granted lands shall not be deemed excess revenues. To be deemed nonexcess revenues, any reserve funds for future capital expenditure shall be for projects that are consistent with the plan and have prior commission approval under Section 6368. Capital improvements of the trust lands made for purposes authorized by this article may be considered as expenditures for the purpose of determining excess revenues.

(c) The excess revenues, as determined pursuant to this section, shall be allocated 85 percent to the State Treasurer for deposit into the Kapiloff Land Bank Fund (Division 7 (commencing with Section 8600)) and 15 percent to the trustee for expenditures consistent with this article.

6369.1. The commission may, from time to time, institute a formal inquiry to determine that the terms and conditions of this article have

been complied with and that all other applicable provisions of law concerning the trust lands are being complied with in good faith.

6369.2. Reimbursement for the expenditure of nontrust revenues for management, maintenance, and improvements made to the trust shall be approved by the commission in advance of the expenditure, or the expenditure shall be deemed a gift to the trust.

6369.3. Whenever the commission finds that the trustee has violated, or is about to violate, the terms of its trust grant or any other principle of law relating to its obligation in connection with the lands granted pursuant to this article, the commission shall notify the trustee of the violations before the commission pursues other legal remedies.

SEC. 2. Chapter 214 of the Statutes of 1937 is repealed.

SEC. 3. Chapter 1835 of the Statutes of 1961 is repealed.

SEC. 4. Chapter 1828 of the Statutes of 1963 is repealed.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district are the result of a program for which legislative authority was requested by that local agency or school district, within the meaning of Section 17556 of the Government Code and Section 6 of Article XIII B of the California Constitution.

CHAPTER 277

An act to amend Sections 491.160, 708.170, and 1993 of the Code of Civil Procedure, and to amend Section 26744 of the Government Code, relating to civil warrants.

The people of the State of California do enact as follows:

SECTION 1. Section 491.160 of the Code of Civil Procedure is amended to read:

491.160. (a) If an order requiring a person to appear for an examination was served by a sheriff, marshal, a person specially appointed by the court in the order, or a registered process server, and the person fails to appear:

(A) Pursuant to a warrant, have the person brought before the court to answer for the failure to appear and may punish the person for contempt.

(B) Issue a warrant for the arrest of the person who failed to appear as required by the court order, pursuant to Section 1993.

(2) If the person's failure to appear is without good cause, the plaintiff shall be awarded reasonable attorney's fees incurred in the examination proceeding.

(b) A person who willfully makes an improper service of an order for an examination which subsequently results in the arrest pursuant to

subdivision (a) of the person who fails to appear is guilty of a misdemeanor.

SEC. 2. Section 708.170 of the Code of Civil Procedure is amended to read:

708.170. (a) If an order requiring a person to appear for an examination was served by a sheriff, marshal, a person specially appointed by the court in the order, or a registered process server, and the person fails to appear:

(1) The court may do either of the following:

(A) Pursuant to a warrant, have the person brought before the court to answer for the failure to appear and may punish the person for contempt.

(B) Issue a warrant for the arrest of the person who failed to appear as required by the court order, pursuant to Section 1993.

(2) If the person's failure to appear is without good cause, the judgment creditor shall be awarded reasonable attorney's fees incurred in the examination proceeding. Attorney's fees awarded against the judgment debtor shall be added to and become part of the principal amount of the judgment.

(b) A person who willfully makes an improper service of an order for an examination which subsequently results in the arrest pursuant to subdivision (a) of the person who fails to appear is guilty of a misdemeanor.

SEC. 3. Section 1993 of the Code of Civil Procedure is amended to read:

1993. (a) (1) As an alternative to issuing a warrant for contempt pursuant to paragraph (5) or (9) of subdivision (a) of Section 1209, the court may issue a warrant for the arrest of a witness who failed to appear pursuant to a subpoena or a person who failed to appear pursuant to a court order. The court, upon proof of the service of the subpoena or order, may issue a warrant to the sheriff of the county in which the witness or person may be located and the sheriff shall, upon payment of fees as provided for in Section 26744.5 of the Government Code, arrest the witness or person and bring him or her before the court.

(2) Before issuing a warrant for a failure to appear pursuant to a subpoena pursuant to this section, the court shall issue a "failure to appear" notice informing the person subject to the subpoena that a failure to appear in response to the notice may result in the issuance of a warrant. This notice requirement may be omitted only upon a showing that the appearance of the person subject to the subpoena is material to the case and that urgency dictates the person's immediate appearance.

(b) The warrant shall contain all of the following:

(1) The title and case number of the action.

(2) The name and physical description of the person to be arrested.

(3) The last known address of the person to be arrested.

Any person so arrested shall be released from custody if he or she cannot be brought before the court within 12 hours of arrest, and the person shall not be arrested if the court will not be in session during the 12-hour period following the arrest.

(8) A statement indicating the expiration date of the warrant as determined by the court.

(10) An endorsement for nighttime service if good cause is shown as provided in Section 840 of the Penal Code.

(11) A statement indicating whether the person may be released upon a promise to appear as provided by Section 1993.1. The court shall permit release upon a promise to appear, unless it makes a written finding that the urgency and materiality of the person's appearance in court precludes use of the promise to appear process.

(12) The date and time to appear in court if arrested and released pursuant to paragraph (11).

SEC. 4. Section 26744 of the Government Code is amended to read:

26744. SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

(g) The original license issued to a salesperson shall clearly set forth the conditions of the license and shall be accompanied by a notice of the provisions of this section and of any regulations adopted by the commissioner to implement this section.

(h) The commissioner shall waive the requirements of this section for any person who presents evidence of admission to the State Bar of California, and the commissioner shall waive the requirement for any course for which an applicant has completed an equivalent course of study as determined under Section 10153.5.

(3) (A) The charge shall be computed at a fixed and uniform rate or rates per acre-foot for agricultural water, and at a fixed and uniform rate or rates per acre-foot for all water other than agricultural water.

(C) The rate or rates, as applied to operators who produce groundwater above a specified annual amount, may, except in the case of any person extracting groundwater in compliance with a government-ordered program of cleanup of hazardous waste contamination, be subject to prescribed, fixed, and uniform increases in proportion to increases by that operator in groundwater production over the production of that operator for a prior base period to be specified by the board, upon a finding by the board that conditions of drought and water shortage require the increases. The increases shall be related directly to the reduction in the affected zone groundwater levels in the same base period.

(D) The rates shall be established each year in accordance with a budget for that year approved by the board pursuant to this act, or amendments or adjustments to that budget, and shall be fixed and uniform rates for agricultural water and for all water other than agricultural water, respectively, except that each rate for agricultural water shall not exceed one-fourth of the rate for all water other than agricultural water.

(B) Any operator of a water-producing facility within the district may, in person or by means of a representative, present evidence at the hearing concerning the imposition or adjustment of the groundwater charge.

(c) Any groundwater charge levied pursuant to this section shall be in addition to any general tax or assessment levied within the district or any zone or zones thereof.

(d) Clerical errors occurring or appearing in the name of any person or in the description of the water-producing facility from which the production of water is otherwise properly charged, or in the making or extension of any charge upon the records that do not affect the substantial rights of the assessee or assessees, shall not invalidate the groundwater charge.

SEC. 11. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district are the result of a program for which legislative authority was requested by that local agency or school district, within the meaning of Section 17556

CHAPTER 280

An act to add Section 6132 to the Probate Code, relating to probate matters.

[Approved by Governor September 14, 2006. Filed with Secretary of State September 14, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 6132 is added to the Probate Code, to read:

6132. (a) Notwithstanding any other provision, a will may refer to a writing that directs disposition of tangible personal property not otherwise specifically disposed of by the will, except for money that is common coin or currency and property used primarily in a trade or business. A writing directing disposition of a testator's tangible personal property is effective if all of the following conditions are satisfied:

(1) An unrevoked will refers to the writing.

(2) The writing is dated and is either in the handwriting of, or signed by, the testator.

(3) The writing describes the items and the recipients of the property with reasonable certainty.

(b) The failure of a writing to conform to the conditions described in paragraph (2) of subdivision (a) does not preclude the introduction of evidence of the existence of the testator's intent regarding the disposition of tangible personal property as authorized by this section.

(c) The writing may be written or signed before or after the execution of the will and need not have significance apart from its effect upon the dispositions of property made by the will. A writing that meets the requirements of this section shall be given effect as if it were actually contained in the will itself, except that if any person designated to receive property in the writing dies before the testator, the property shall pass as further directed in the writing and, in the absence of any further directions, the disposition shall lapse.

(d) The testator may make subsequent handwritten or signed changes to any writing. If there is an inconsistent disposition of tangible personal property as between writings, the most recent writing controls.

(e) (1) If the writing directing disposition of tangible personal property omits a statement as to the date of its execution, and if the

omission results in doubt whether its provisions or the provisions of another writing inconsistent with it are controlling, then the writing omitting the statement is invalid to the extent of its inconsistency unless the time of its execution is established to be after the date of execution of the other writing.

(2) If the writing directing disposition of tangible personal property omits a statement as to the date of its execution, and it is established that the testator lacked testamentary capacity at any time during which the writing may have been executed, the writing is invalid unless it is established that it was executed at a time when the testator had testamentary capacity.

(f) (1) Concurrent with the filing of the inventory and appraisal required by Section 8800, the personal representative shall also file the writing that directs disposition of the testator's tangible personal property.

(2) Notwithstanding paragraph (1), if the writing has not been found or is not available at the time of the filing of the inventory and appraisal, the personal representative shall file the writing no later than 60 days prior to filing the petition for final distribution pursuant to Section 11640.

(g) The total value of tangible personal property identified and disposed of in the writing shall not exceed twenty-five thousand dollars ($25,000). If the value of an item of tangible personal property described in the writing exceeds five thousand dollars ($5,000), that item shall not be subject to this section and that item shall be disposed of pursuant to the remainder clause of the will. The value of an item of tangible personal property that is disposed of pursuant to the remainder clause of the will shall not be counted towards the twenty-five thousand dollar ($25,000) limit described in this subdivision.

(h) As used in this section, the following definitions shall apply:

(1) "Tangible personal property" means articles of personal or household use or ornament, including, but not limited to, furniture, furnishings, automobiles, boats, and jewelry, as well as precious metals in any tangible form, such as bullion or coins and articles held for investment purposes. The term "tangible personal property" does not mean real property, a mobilehome as defined in Section 798.3 of the Civil Code, intangible property, such as evidences of indebtedness, bank accounts and other monetary deposits, documents of title, or securities.

(2) "Common coin or currency" means the coins and currency of the United States that are legal tender for the payment of public and private debts, but does not include coins or currency kept or acquired for their historical, artistic, collectable, or investment value apart from their normal use as legal tender for payment.

CHAPTER 281

(1) A museum which has a significant portion of its space open to the public without charge;

(2) A museum open to the public without charge for not less than six hours during any month the museum is open to the public; or

(3) A museum which is open to a segment of the student or adult population without charge.

(e) For the purposes of this section, "permanent collection" as it applies to leases of original works of art, means a collection with a lease term of 35 years or more.

(f) Any public entity or nonprofit organization claiming an exemption pursuant to this section shall maintain records, in such forms as prescribed by the board, sufficient to substantiate its claim. Such records shall include, but not be limited to, the date of purchase, the purchase price, the date the property was first brought into this state, and the dates and locations the work of art was on display at a museum.

SEC. 2. Notwithstanding Section 2230 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any sales and use tax revenues lost by it under this act.

SEC. 3. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, the provisions of this act shall become operative on the first day of the first

calendar quarter commencing more than 90 days after the effective date of this act.

CHAPTER 282

Except for law enforcement purposes relating to the identity of the arrestee, a person or entity shall not sell, give away, allow the distribution of, include in a database, or create a database with, this print.

(b) Subdivision (a) applies to the following offenses:

(1) Section 10852 or 10853, relating to injuring or tampering with a vehicle.

(17) Section 21221.5, relating to operating a motorized scooter while under the influence of an alcoholic beverage or a drug.

(c) (1) A person contesting a charge by claiming under penalty of perjury not to be the person issued the notice to appear may choose to submit a right thumbprint, or a left thumbprint if the person has a missing or disfigured right thumb, to the issuing court through his or her local law enforcement agency for comparison with the one placed on the notice to appear. A local law enforcement agency providing this service may charge the requester no more than the actual costs. The issuing court may refer the thumbprint submitted and the notice to appear to the prosecuting attorney for comparison of the thumbprints. When there is no thumbprint or fingerprint on the notice to appear, or when the comparison of thumbprints is inconclusive, the court shall refer the notice to appear or copy thereof back to the issuing agency for further investigation, unless the court finds that referral is not in the interest of justice.

(2) Upon initiation of the investigation or comparison process by referral of the court, the court shall continue the case and the speedy trial period shall be tolled for 45 days.

(3) Upon receipt of the issuing agency's or prosecuting attorney's response, the court may make a finding of factual innocence pursuant to Section 530.6 of the Penal Code if the court determines that there is insufficient evidence that the person cited is the person charged and shall immediately notify the Department of Motor Vehicles of its

determination. If the Department of Motor Vehicles determines the citation or citations in question formed the basis of a suspension or revocation of the person's driving privilege, the department shall immediately set aside the action.

(4) If the prosecuting attorney or issuing agency fails to respond to a court referral within 45 days, the court shall make a finding of factual innocence pursuant to Section 530.6 of the Penal Code, unless the court finds that a finding of factual innocence is not in the interest of justice.

(5) The citation or notice to appear may be held by the prosecuting attorney or issuing agency for future adjudication should the arrestee who received the citation or notice to appear be found.

SEC. 20. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

15266. (a) As an alternative to authorizing and issuing bonds pursuant to Chapter 1 (commencing with Section 15100) or Chapter 2 (commencing with Section 15300), the governing board of a school district, community college district, or a school facilities improvement district may decide, pursuant to a two-thirds vote and subject to Section 15100 or 15302, as appropriate, to pursue the authorization and issuance of bonds pursuant to paragraph (3) of subdivision (b) of Section 1 of Article XIII A of the California Constitution and subdivision (b) of Section 18 of Article XVI of the California Constitution. An election may only be ordered on the question of whether bonds of a school district, community college district, or a school facilities improvement district shall be issued and sold pursuant to subdivision (b) of Section 18 of Article XVI of the California Constitution at a primary or general election, a regularly scheduled local election at which all of the electors of the school district, community college district, or school facilities improvement district, as appropriate, are entitled to vote, or a statewide special election.

(b) Upon adopting a resolution to incur bonded indebtedness pursuant to subdivision (b) of Section 18 of Article XVI of the California Constitution and after the question has been submitted to the voters, if approved at the election, the bonds shall be issued pursuant to paragraph (3) of subdivision (b) of Section 1 of Article XIII A of the California Constitution and this chapter, and the governing board may not, regardless of the number of votes cast in favor of the bond, subsequently proceed exclusively under Chapter 1 (commencing with Section 15100) or under Chapter 2 (commencing with Section 15300), as appropriate. Where not inconsistent, the provisions of Chapter 1 (commencing with Section 15100) or Chapter 2 (commencing with Section 15300), as appropriate, shall apply to this chapter.

All official materials, including any ballot pamphlet prepared, sponsored, or distributed by the jurisdiction that has proposed the bond issue or that is financed in whole or part by funds furnished by that jurisdiction, directed at or including a bond issue proposal, but excluding a notice of election required by law to be posted or published, shall contain a statement of the tax rate data specified in Section 9401.

SEC. 9. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7

CHAPTER 290

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the California Wireless Telephone Automobile Safety Act of 2006.

SEC. 2. The Legislature finds and declares all of the following:

(b) On a daily basis, California drivers make thousands of wireless telephone emergency 911 calls.

(c) The availability of wireless telephones in motor vehicles allows motorists to report accidents, fires, naturally occurring life-threatening situations, including, but not limited to, rock slides and fallen trees, other dangerous road conditions, road rage, dangerous driving, criminal behavior, including drunk driving, and stranded motorist situations.

(d) There is growing public concern regarding the safety implications of the widespread practice of using hand-held wireless telephones while operating motor vehicles.

(e) It is in the best interests of the health and welfare of the citizens of the state to enact one uniform motor vehicle wireless telephone use law that establishes statewide safety guidelines for use of wireless telephones while operating a motor vehicle.

SEC. 3. Section 12810.3 is added to the Vehicle Code, to read:

12810.3. (a) Notwithstanding subdivision (f) of Section 12810, a violation point shall not be given for a conviction of a violation of subdivision (a) of Section 23123.

(d) This section does not apply to an emergency services professional using a wireless telephone while operating an authorized emergency vehicle, as defined in Section 165, in the course and scope of his or her duties.

(e) This section does not apply to a person when using a digital two-way radio that utilizes a wireless telephone that operates by depressing a push-to-talk feature and does not require immediate proximity to the ear of the user, and the person is driving one of the following vehicles:

(1) (A) A motor truck, as defined in Section 410, or a truck tractor, as defined in Section 655, that requires either a commercial class A or class B driver's license to operate.

(f) This section does not apply to a person driving a schoolbus or transit vehicle that is subject to Section 23125.

(g) This section does not apply to a person while driving a motor vehicle on private property.

(h) This section shall become operative on July 1, 2008, and shall remain in effect only until July 1, 2011, and, as of July 1, 2011, is repealed.

SEC. 5. Section 23123 is added to the Vehicle Code, to read:

CHAPTER 291

An act to add Sections 1452, 1453, 1454, 1455, 1456, and 1457 to, and to repeal and add Sections 1450 and 1451 of, the Military and Veterans Code, relating to veterans' cemeteries.

[Approved by Governor September 15, 2006. Filed with Secretary of State September 15, 2006.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) In 1917, the United States Military established Fort Ord as a cavalry post when it purchased 15,000 acres of land in the northwestern portion of Monterey County.

(b) Fort Ord was declared a permanent Army post in 1940, and became a valued military training facility as its geography and proximity to the coast proved useful in helping to prepare the United States military for its involvement in World War II. Throughout its history, Fort Ord post was home to a succession of infantry divisions and served as a center for basic and advanced training.

(c) Since its inception, Fort Ord became an integral part of the Monterey Bay area's local and regional economy and contributed greatly to its cultural identity. In 1991, however, Fort Ord was announced for closure by the United States Base Realignment and Closure Commission. Due to its prominence in the Monterey Bay area, the scheduled closure had a significant impact on the Monterey Bay area.

(d) Prior to its closure on September 30, 1994, the Legislature established the Fort Ord Reuse Authority (FORA) to facilitate Fort Ord's conversion from military to civilian use. As a part of the Monterey Bay area's efforts to honor the lasting impact of Fort Ord and the legacy of the men and women who served there, FORA set aside 204 acres for the development of a Central Coast Veterans' Cemetery at Fort Ord.

(e) Since 1994, local and statewide veterans, community groups, local agencies, and elected officials attempted to get the United States Department of Veterans Affairs to develop a Central Coast Veterans' Cemetery at Fort Ord. Current federal regulations, however, preclude the development of a national veterans' cemetery within 75 miles of another national veterans' cemetery, and require that there be at least 170,000 veterans within that area. Since the former Fort Ord is within 75 miles of the San Joaquin Valley National Cemetery in Gustine, and the veterans' population of the Monterey Bay region is currently estimated to be approximately 120,000, a national veterans' cemetery at Fort Ord is not possible.

(f) A viable alternative to a national cemetery for veterans in the Fort Ord area would be the establishment of a state veterans' cemetery. Under the federal Veterans Affairs State Cemetery Grants Program, the federal government will fund up to 100 percent of the cost of establishing, expanding, or improving state veterans' cemeteries, including the acquisition of initial operating equipment, if the state agrees to cover the administrative and oversight costs in perpetuity.

(g) In 2000, the state began efforts to consider the creation of a state Central Coast Veterans' Cemetery at Fort Ord when, then, Governor Davis signed Senate Bill 1815, which required the Department of

Veterans Affairs, in coordination with Monterey County, to develop a master plan for a state Central Coast Veterans' Cemetery at Fort Ord.

(h) Subsequent legislative efforts to use the master development plan to apply to the State Cemetery Grants Program have not been successful due to the ongoing administrative and oversight fiscal impact a state veterans' cemetery at Fort Ord would have on the state's General Fund.

(i) Recognizing that a national veterans' cemetery at Fort Ord has proven to be difficult under current federal regulations, the possibility of creating a state-operated veterans' cemetery at Fort Ord is enhanced if it does not present an ongoing cost impact to the state.

(j) In order to recognize the lasting impact and legacy of the former Fort Ord and the service men and women who served there, establishing a financing mechanism, independent of the state's General Fund, to fund the ongoing administrative and oversight costs of a state veterans' cemetery would greatly increase the ability for the Department of Veterans Affairs to apply to the federal Veterans Affairs State Cemetery Grants Program.

SEC. 2. Section 1450 of the Military and Veterans Code is repealed.

SEC. 3. Section 1450 is added to the Military and Veterans Code, to read:

1450. For purposes of this chapter, the following definitions apply:

(a) "Administrative and oversight costs" means costs incurred by the department for the maintenance of the California Central Coast State Veterans' Cemetery at Fort Ord including, but not limited to, personnel costs, the opening and closing of graves, the interment of remains, committal service coordination, groundskeeping, landscaping, general maintenance, and janitorial services.

(b) "Department" means the Department of Veterans Affairs.

(c) "Endowment Fund" means the California Central Coast State Veterans' Cemetery at Fort Ord Endowment Fund.

(d) "Operations Fund" means the California Central Coast State Veterans' Cemetery at Fort Ord Operations Fund.

(e) "Veterans' cemetery" means the California Central Coast State Veterans' Cemetery at Fort Ord.

SEC. 4. Section 1451 of the Military and Veterans Code is repealed.

SEC. 5. Section 1451 is added to the Military and Veterans Code, to read:

1451. (a) The California Central Coast State Veterans' Cemetery at Fort Ord Endowment Fund is hereby created in the State Treasury. Moneys in the Endowment Fund shall be allocated, upon appropriation by the Legislature, to the department for the annual administrative and oversight costs of the veterans' cemetery, pursuant to Sections 1453 and 1454, and to generate funding through interest for that cemetery.

(b) (1) Moneys in the fund shall first be invested with the goal of achieving capital appreciation to create a balance sufficient to generate ongoing earnings to cover the estimated annual oversight and maintenance costs associated with the veterans' cemetery pursuant to Section 1453.

(2) Upon the determination of the Controller that the Endowment Fund balance has attained the goal established in paragraph (1), moneys in the fund shall be invested to generate earnings to fund annual oversight and maintenance costs associated with the veterans' cemetery.

(c) The Endowment Fund may consist of donations from public and private entities, partnerships between public and private entities, fees, and transfers from the state General Fund as may be specified by law.

(d) To the extent possible, donations made in-kind to the Endowment Fund shall be monetized so as to offset the ongoing administrative and oversight costs under Sections 1452 and 1453.

(e) Earnings generated by the Endowment Fund shall be retained by the fund.

(f) Moneys deposited in the Endowment Fund are exempt from the requirements of Sections 11270 through 111277 of the Government Code.

(g) Moneys in the Endowment Fund shall be invested by the Treasurer, after consultation with the department, in a manner that best meets the goals of the fund.

SEC. 6. Section 1452 is added to the Military and Veterans Code, to read:

1452. (a) On or before July 1, 2007, and annually thereafter, the Controller, after consultation with the department, shall report to the Assembly and Senate Committees on Veterans Affairs, Monterey County, the City of Seaside, and the Fort Ord Reuse Authority on the status of the Endowment Fund, the amount of interest and investment earnings generated by the Endowment Fund, and the estimated amount of additional principal needed to generate annual interest revenue that will sufficiently cover the estimated annual administrative and oversight costs.

(b) The estimated annual administrative and oversight costs shall be developed annually by the department and provided to the Controller for purposes of the report required by subdivision (a) by no later than June 15 of each year.

SEC. 7. Section 1453 is added to the Military and Veterans Code, to read:

1453. (a) (1) Upon the determination of the Controller, after consultation with the Secretary of Veterans Affairs, that the Endowment Fund has adequate principal to annually yield sufficient investment

earnings, from the date of the determination, to cover the annual administrative and oversight costs over the next 10 years and to fund the estimated costs of developing and submitting the State Veterans' Cemetery Grant Program application, the department shall develop and submit a State Veterans' Cemetery Grant Program application to the United States Department of Veterans Affairs for the establishment of a veterans' cemetery.

(2) The Controller, upon appropriation by the Legislature, shall transfer moneys from the Endowment Fund to the Operations Fund in an amount equal to the estimated costs of developing and submitting the State Veterans' Cemetery Grant Program application to the United States Department of Veterans Affairs.

(b) The Secretary of Veterans Affairs shall submit the State Veterans' Grant Program application to the United States Department of Veterans Affairs within six months of the Controller's determination pursuant to subdivision (a). The Secretary of Veterans Affairs is authorized to act as the official representative of the state in connection with the State Veterans' Cemetery Grant Program application, including providing the United States Department of Veterans Affairs throughout the application process with all necessary assurances that additional information shall be provided when required. The Secretary of Veterans Affairs shall have final approval of all aspects of the cemetery design and operation.

(c) If awarded, the moneys received from the State Veterans' Cemetery Grant Program shall be used to reimburse the Endowment Fund for the costs of developing and submitting the State Veterans' Cemetery Grant Program application to the United States Department of Veterans Affairs and to fund 100 percent of the design, development, construction, and equipping of the veterans' cemetery.

SEC. 8. Section 1454 is added to the Military and Veterans Code, to read:

1454. (a) The Central Coast Veterans' Cemetery Master Development Fund is hereby renamed the California Central Coast State Veterans' Cemetery at Fort Ord Operations Fund. Moneys in the Operations Fund may be transferred, upon appropriation by the Legislature, from the Endowment Fund to the Operations Fund for expenditure by the department, solely for the annual administrative and oversight costs of the veterans' cemetery.

(b) (1) The Controller shall reserve an amount, not to exceed 20 percent of the amount allocated pursuant to subdivision (a), in the Operations Fund, which shall be used solely as a reserve for unforeseen administrative and oversight costs.

(2) For purposes of this subdivision, "unforeseen administrative and oversight costs" means any costs that could not have been reasonably

anticipated by the department when preparing its estimate of annual administrative and oversight costs and that are needed to carry out the purposes of this chapter.

SEC. 9. Section 1455 is added to the Military and Veterans Code, to read:

1455. (a) Subsequent to the department's submission of the State Veterans' Cemetery Grant Program application, pursuant to Section 1453, the department shall adopt regulations to specify the eligibility requirements for interment and the appropriate fees to be charged for interment or burial of spouses and children of honorably discharged veterans in the veterans' cemetery.

(b) Those eligible for interment are all honorably discharged veterans and their spouses and children.

CHAPTER 292

An act to amend Sections 71204.7, 71207, 71211, 71216, 71271, 72421, 72423, and 72440 of, and to add Section 71205.3 to, the Public Resources Code, and to repeal Section 44008 of the Revenue and Taxation Code, relating to vessels.

[Approved by Governor September 18, 2006. Filed with Secretary of State September 18, 2006.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known, and may be cited, as the Coastal Ecosystems Protection Act.

SEC. 2. Section 71204.7 of the Public Resources Code is amended to read:

71204.7. (a) On or before July 1, 2005, the commission, in consultation with the United States Coast Guard, shall adopt regulations governing the evaluation and approval of shipboard experimental ballast water treatment systems.

(b) The regulations shall include criteria for the development of a formal application package to use those systems.

(c) (1) If an owner or operator of a vessel applies to install an experimental ballast water treatment system, and the commission approves that application on or before January 1, 2008, the commission shall deem the system to be in compliance with any future treatment standard adopted, for a period not to exceed five years from the date that the interim performance standards adopted pursuant to paragraphs (1) and (2) of subdivision (a) of Section 71205.3 would apply to that vessel.

(2) The commission may rescind its approval of the system at any time if the commission, in consultation with the board and the United States Coast Guard, and after an opportunity for administrative appeal with the executive officer of the commission, determines that the system has not been operated in accordance with conditions in the agreed upon application package, or that there exists a serious deficiency in performance, human safety, or environmental soundness relative to anticipated performance, or that the applicant has failed to provide the commission with required test results and evaluations.

(d) The commission shall not approve an experimental ballast water treatment system unless the owner or operator demonstrates that the system has significant potential to improve upon the ability of existing systems to kill, inactivate, or otherwise remove nonindigenous species from ballast water.

(e) The commission shall disseminate to the public the test results and evaluations regarding experimental ballast water treatment systems described in this section.

SEC. 3. Section 71205.3 is added to the Public Resources Code, to read:

71205.3. (a) On or before January 1, 2008, the commission shall adopt regulations that do all of the following:

(1) Except as provided otherwise in Section 71204.7, require an owner or operator of a vessel carrying, or capable of carrying, ballast water that operates in the waters of the state to implement the interim performance standards for the discharge of ballast water recommended in accordance with Table x-1 of the California State Lands Commission Report on Performance Standards for Ballast Water Discharges in California Waters, as approved by the commission on January 26, 2006.

(2) Except as provided otherwise in Section 71204.7, require an owner or operator of a vessel carrying, or capable of carrying, ballast water that operates in the waters of the state to comply with the implementation schedule for the interim performance standards for the discharge of ballast water in accordance with Table x-2 of the California State Lands Commission Report on Performance Standards for Ballast Water Discharges in California Waters, as approved by the commission on January 26, 2006.

(3) Notwithstanding Section 71204.7, require an owner or operator of a vessel carrying, or capable of carrying, ballast water that operates in the waters of the state to meet the final performance standard for the discharge of ballast water of zero detectable for all organism size classes by 2020, as approved by the commission on January 26, 2006.

(b) On or before January 1, 2008, for the interim performance standards specified in paragraph (1) of subdivision (a) that have to be complied with in 2009, as specified in paragraph (2) of subdivision (a), and not less than 18 months prior to the scheduled compliance date specified in paragraph (2) of subdivision (a) for each subsequent class and the date for implementation of the final performance standard, as specified in paragraph (3) of subdivision (a), the commission, in consultation with the State Water Resources Control Board, the United States Coast Guard, and the advisory panel described in subdivision (b) of Section 71204.9, shall prepare, or update, and submit to the Legislature a review of the efficacy, availability, and environmental impacts,

including the effect on water quality, of currently available technologies for ballast water treatment systems. If technologies to meet the performance standards are determined in a review to be unavailable, the commission shall include in that review an assessment of why the technologies are unavailable.

SEC. 4. Section 71207 of the Public Resources Code is amended to read:

71207. (a) This division describes the state program to regulate the discharge or release of ballast water and other vectors of nonindigenous species from vessels regulated pursuant to this division. Prior to January 1, 2010, a state agency, board, commission, or department shall not impose a requirement, pertaining to the discharge or release of ballast water and other vectors of nonindigenous species from a vessel regulated pursuant to this division, that is different from the requirements set forth in this division, unless that action is mandated by federal law.

(b) Nothing in this division restricts a state or local agency, board, commission, or department, or a subdivision of one of those entities, from enforcing this division, if the total fines imposed by those entities do not exceed the amount of the fines set forth in Section 71216.

(c) A person who violates this division is subject to civil and criminal liability in accordance with Chapter 5 (commencing with Section 71216).

(d) The commission may require a vessel operating in violation of this division to depart the waters of the state and exchange, treat, or otherwise manage the ballast water at a location determined by the commission, unless the master determines that the departure or exchange would threaten the safety or stability of the vessel, its crew, or its passengers.

SEC. 5. Section 71211 of the Public Resources Code is amended to read:

71211. (a) (1) The Department of Fish and Game, in consultation with the commission and the United States Coast Guard, shall collect data necessary to establish and maintain an inventory of the location and geographic range of nonindigenous species populations in the coastal and estuarine waters of the state that includes open coastal waters and bays and estuaries. In particular, data shall be collected that does both of the following:

(A) Supplements the existing baseline of nonindigenous species previously developed pursuant to this section, by adding data from investigations of intertidal and nearshore subtidal habitats along the open coast.

(B) Monitors the coastal and estuarine waters of the state, including, but not limited to, habitats along the open coast, for new introductions

of nonindigenous species or spread of existing nonindigenous species populations.

(2) Whenever possible, the study shall utilize appropriate, existing data, including data from previous studies made pursuant to this section. The Department of Fish and Game shall make the inventory and accompanying analysis available to the public through the Internet on or before January 1, 2007, and annually shall provide to the public an update of that inventory.

(b) (1) The Department of Fish and Game, in consultation with the commission and the United States Coast Guard, shall assess the effectiveness of the ballast water controls implemented pursuant to this division by comparing the status and establishment of nonindigenous species populations, as determined from the data collected pursuant to subdivision (a), with the baseline data collected pursuant to this division and submitted in a report to the Legislature in 2003.

(2) Whenever possible, this research shall utilize appropriate, existing data.

(3) The Department of Fish and Game shall submit a report presenting its assessment to the Legislature and the public on or before January 1, 2009, and every three years thereafter.

(c) Information generated by the research conducted pursuant to this section shall be of the type and in a format useful for subsequent studies and reports undertaken for any of the following purposes:

(1) The determination of alternative discharge zones.

(2) The identification of environmentally sensitive areas to be avoided for uptake or discharge of ballast water.

(3) The long-term effectiveness of discharge control measures.

(4) The determination of potential risk zones where uptake or discharge of ballast water shall be prohibited.

(5) The rate and risk of establishment of nonindigenous species in the coastal waters of the state, and resulting impacts.

SEC. 6. Section 71216 of the Public Resources Code is amended to read:

71216. (a) Except as provided in subdivision (b) or (c), a person who intentionally or negligently fails to comply with the requirements of this division may be liable for an administrative civil penalty in an amount that shall not exceed twenty-seven thousand five hundred dollars ($27,500) for each violation. Each day of a continuing violation constitutes a separate violation.

(b) A person who fails to comply with the reporting requirements set forth in Section 71205 may be liable for an administrative civil penalty in an amount that shall not exceed twenty-seven thousand five hundred

dollars ($27,500) per violation. Each day of a continuing violation constitutes a separate violation.

(c) A person who, knowingly and with intent to deceive, falsifies a ballast water control report form, or knowingly and with intent to deceive, tampers with or disables a system for controlling the release of nonindigenous species, required by this division, may be liable for an administrative civil penalty in an amount that shall not exceed twenty-seven thousand five hundred dollars ($27,500) per violation. Each day of a continuing violation constitutes a separate violation.

(d) The executive officer of the commission may issue a complaint to a person on whom civil liability may be imposed pursuant to this division. The complaint shall allege the facts or failures to act that constitute a basis for liability and the amount of the proposed civil liability. The complaint shall be served by personal service or certified mail and shall inform the person served of the right to a hearing. A person served with a complaint pursuant to this subdivision may, within 30 days after service of the complaint, request a hearing by filing with the executive officer a notice of defense, as described in Section 11506 of the Government Code. A notice of defense is deemed to be filed within the 30-day period if it is postmarked within the 30-day period. If a hearing is requested by the person, it shall be conducted within 30 days after the executive officer receives the notice of defense. If no notice of defense is filed within 30 days after service of the complaint, the executive officer shall issue an order setting liability in the amount proposed in the complaint unless the executive officer and the person have entered into a settlement agreement, in which case the executive officer shall issue an order setting liability in the amount specified in the settlement agreement. If the person has not filed a notice of defense or if the executive officer and the person have entered into a settlement agreement, the order shall not be subject to review by a court or agency.

(e) A hearing required pursuant to this section shall be conducted by an independent hearing officer, in accordance with the procedures specified in Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, except as otherwise specified in this section. In making a determination, the hearing officer shall take into consideration the nature, circumstances, extent, and gravity of the violation, the violator's past and present efforts to prevent, abate, or clean up conditions posing a threat to the public health and safety of the environment, and the violator's ability to pay the proposed civil penalty. After conducting a hearing required pursuant to this section, the hearing officer shall, within 30 days after the case is submitted, issue a decision, including an order setting the amount, if any, of the civil penalty to be imposed.

(f) An order setting civil liability and issued pursuant to this section is effective and final upon issuance. The violator shall pay any penalty within 30 days of service, unless he or she seeks judicial review pursuant to subdivision (g), in which case he or she shall pay any penalty within 30 days of service of the court's order setting civil liability. A copy of the order shall be served by personal service or by certified mail upon the person served with the complaint and upon other persons who appeared at the hearing and requested a copy.

(g) Within 30 days after service of a copy of a decision issued by the hearing officer that the person served is liable for a civil penalty, a person so served may file a petition for writ of mandate for review of the decision pursuant to Section 11523 of the Government Code. A person who fails to file the petition within the 30-day period shall not challenge the reasonableness or validity of a decision or order of the hearing officer in any judicial proceedings brought to enforce the decision or order or for other remedies. Except as otherwise provided in this section, Section 1094.5 of the Code of Civil Procedure shall govern a proceeding conducted pursuant to this subdivision. In a proceeding pursuant to this subdivision, the court shall uphold the decision of the hearing officer if the decision is based upon substantial evidence in the whole record. The filing of a petition for writ of mandate shall not stay any corrective action required pursuant to this act or the accrual of any penalties assessed pursuant to this act. This subdivision does not prohibit the court from granting any appropriate relief within its jurisdiction.

(h) An order for administrative penalties entered pursuant to this section shall be subject to interest at the legal rate from the filing date of the complaint as specified in subdivision (d).

(i) A provision of this chapter or a ruling of the executive officer shall not be construed to limit, abridge, or supersede the power of the Attorney General, at the request of the executive officer, or upon his or her own motion, to bring an action in the name of the people of the State of California to enjoin a violation of this division, seek necessary remedial action by a person who violates this division, or seek civil and criminal penalties against a person who violates this division.

(j) In lieu of a complaint pursuant to subdivision (d) to impose administrative civil penalties set forth in subdivisions (a), (b), and (c), the Attorney General, at the request of the commission, may bring an action in superior court, in the name of the people of the State of California, to enjoin a violation of this division, seek necessary remedial action by a person who violates this division, or seek civil penalties in the amounts set forth in subdivisions (a), (b), and (c).

SEC. 7. Section 71271 of the Public Resources Code is amended to read:

71271. If a federal program and regulations similar to the program and regulations developed pursuant to this division are established and implemented, the commission shall submit a report to the Legislature within eight months of the implementation of the federal program. The report shall compare the federal program with the program described in this division and make a finding as to the federal program's relative effectiveness in preventing the introduction of marine invasive species from vessels visiting California. The commission shall recommend repeal of the program described in this division only if it finds that the federal program is equally or more effective at implementing and funding effective controls on the release of aquatic invasive species into the waters of the state than the program described in this division.

SEC. 8. Section 72421 of the Public Resources Code is amended to read:

72421. (a) The owner or operator shall notify the Office of Emergency Services immediately, but not longer than 30 minutes, after discovery of any of the following:

(1) A large passenger vessel release of graywater into the marine waters of the state.

(2) Until January 1, 2010, a large passenger vessel release of sewage into the marine waters of the state or a marine sanctuary.

(3) A large passenger vessel or oceangoing ship release of hazardous waste, other waste, sewage sludge, or oily bilgewater into the marine waters of the state or a marine sanctuary.

(4) An oceangoing ship with sufficient holding tank capacity release of sewage or graywater into the marine waters of the state or a marine sanctuary.

(b) The owner or operator shall include all of the following in the notification required pursuant to subdivision (a):

(1) Date of the release.

(2) Time of the release.

(3) Location, by latitude and longitude, of the release.

(4) Volume of the release.

(5) Source of the release.

(6) Remedial action taken to prevent future releases.

(c) The Office of Emergency Services shall transmit the notification required by subdivision (a) to the board and the Department of Fish and Game immediately, but not longer than 30 minutes, after receiving the notification.

SEC. 9. Section 72423 of the Public Resources Code is amended to read:

72423. An oceangoing ship with sufficient holding tank capacity and capability for transfer shall either hold on board or shall transfer sewage

and graywater to a pumpout facility, if that facility is available and accessible for the oceangoing ship where the ship is docked, and shall not discharge sewage or graywater within the marine waters of the state.

SEC. 10. Section 72440 of the Public Resources Code, as amended by Section 21 of Chapter 588 of the Statutes of 2005, is amended to read:

72440. (a) (1) The board shall determine whether it is necessary to apply to the federal government for the state to prohibit the release of sewage or sewage sludge from large passenger vessels, sewage from oceangoing ships with sufficient holding tank capacity, and sewage sludge from oceangoing ships, into the marine waters of the state or to prohibit the release of sewage sludge from large passenger vessels and oceangoing ships into marine sanctuaries, as described in Section 72420 and subdivision (a) of Section 72420.1. If the board determines that application is necessary for either sewage or sewage sludge, or both, it shall apply to the appropriate federal agencies, as determined by the board, to authorize the state to prohibit the release of sewage or sewage sludge, or both, as necessary, from large passenger vessels, sewage from oceangoing ships with sufficient holding tank capacity, and sewage sludge from oceangoing ships, into the marine waters of the state and, if necessary, to authorize the state to prohibit the release of sewage sludge from large passenger vessels and oceangoing ships into marine sanctuaries.

(2) It is not the Legislature's intent to establish for the marine waters of the state a no discharge zone for sewage from all vessels, but only for a class of vessels.

(b) The board shall request the appropriate federal agencies, as determined by the board, to prohibit the release of sewage sludge and oily bilgewater, except under the circumstances specified in Section 72441, by large passenger vessels and oceangoing ships, in all of the waters that are in the Channel Islands National Marine Sanctuary, Cordell Bank National Marine Sanctuary, Gulf of the Farallones National Marine Sanctuary, and Monterey Bay National Marine Sanctuary, that are not in the state waters.

(c) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

SEC. 11. Section 44008 of the Revenue and Taxation Code is repealed.

SEC. 12. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction,

within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 293

An act to amend Sections 13225, 13267, 13268, and 13323 of the Water Code, relating to water.

[Approved by Governor September 18, 2006. Filed with Secretary of State September 18, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 13225 of the Water Code is amended to read:

13225. Each regional board, with respect to its region, shall do all of the following:

(a) Coordinate with the state board and other regional boards, as well as other state agencies with responsibility for water quality, with respect to water quality control matters, including the prevention and abatement of water pollution and nuisance.

(b) Encourage and assist in waste disposal programs, as needed and feasible, and upon application of any person, advise the applicant of the condition to be maintained in any disposal area or receiving waters into which the waste is being discharged.

(c) Require as necessary any state or local agency to investigate and report on any technical factors involved in water quality control or to obtain and submit analyses of water; provided that the burden, including costs, of such reports shall bear a reasonable relationship to the need for the report and the benefits to be obtained therefrom.

(d) Request enforcement by appropriate federal, state and local agencies of their respective water quality control laws.

(e) Report rates of compliance with the requirements of this division.

(f) Recommend to the state board projects which the regional board considers eligible for any financial assistance which may be available through the state board.

(g) Report to the state board and appropriate local health officer any case of suspected contamination in its region.

(h) File with the state board, at its request, copies of the record of any official action.

(i) Take into consideration the effect of its actions pursuant to this chapter on the California Water Plan adopted or revised pursuant to

Division 6 (commencing with Section 10000) and on any other general or coordinated governmental plan looking toward the development, utilization, or conservation of the water resources of the state.

(j) Encourage coordinated regional planning and action for water quality control.

(k) In consultation with the state board, identify and post on the Internet a summary list of all enforcement actions undertaken by that regional board and the dispositions of those actions, including any fines assessed. This list shall be updated at least quarterly.

SEC. 2. Section 13267 of the Water Code is amended to read:

13267. (a) A regional board, in establishing or reviewing any water quality control plan or waste discharge requirements, or in connection with any action relating to any plan or requirement authorized by this division, may investigate the quality of any waters of the state within its region.

(b) (1) In conducting an investigation specified in subdivision (a), the regional board may require that any person who has discharged, discharges, or is suspected of having discharged or discharging, or who proposes to discharge waste within its region, or any citizen or domiciliary, or political agency or entity of this state who has discharged, discharges, or is suspected of having discharged or discharging, or who proposes to discharge, waste outside of its region that could affect the quality of waters within its region shall furnish, under penalty of perjury, technical or monitoring program reports which the regional board requires. The burden, including costs, of these reports shall bear a reasonable relationship to the need for the report and the benefits to be obtained from the reports. In requiring those reports, the regional board shall provide the person with a written explanation with regard to the need for the reports, and shall identify the evidence that supports requiring that person to provide the reports.

(2) When requested by the person furnishing a report, the portions of a report that might disclose trade secrets or secret processes may not be made available for inspection by the public but shall be made available to governmental agencies for use in making studies. However, these portions of a report shall be available for use by the state or any state agency in judicial review or enforcement proceedings involving the person furnishing the report.

(c) In conducting an investigation pursuant to subdivision (a), the regional board may inspect the facilities of any person to ascertain whether the purposes of this division are being met and waste discharge requirements are being complied with. The inspection shall be made with the consent of the owner or possessor of the facilities or, if the consent is withheld, with a warrant duly issued pursuant to the procedure

set forth in Title 13 (commencing with Section 1822.50) of Part 3 of the Code of Civil Procedure. However, in the event of an emergency affecting the public health or safety, an inspection may be performed without consent or the issuance of a warrant.

(d) The state board or a regional board may require any person, including a person subject to a waste discharge requirement under Section 13263, who is discharging, or who proposes to discharge, wastes or fluid into an injection well, to furnish the state board or regional board with a complete report on the condition and operation of the facility or injection well, or any other information that may be reasonably required to determine whether the injection well could affect the quality of the waters of the state.

(e) As used in this section, "evidence" means any relevant evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule which might make improper the admission of the evidence over objection in a civil action.

(f) The state board may carry out the authority granted to a regional board pursuant to this section if, after consulting with the regional board, the state board determines that it will not duplicate the efforts of the regional board.

SEC. 3. Section 13268 of the Water Code is amended to read:

13268. (a) (1) Any person failing or refusing to furnish technical or monitoring program reports as required by subdivision (b) of Section 13267, or failing or refusing to furnish a statement of compliance as required by subdivision (b) of Section 13399.2, or falsifying any information provided therein, is guilty of a misdemeanor, and may be liable civilly in accordance with subdivision (b).

(2) Any person who knowingly commits any violation described in paragraph (1) is subject to criminal penalties pursuant to subdivision (e).

(2) Civil liability may be imposed by the superior court in accordance with Article 5 (commencing with Section 13350) and Article 6 (commencing with Section 13360) of Chapter 5 for a violation of subdivision (a) in an amount which shall not exceed five thousand dollars ($5,000) for each day in which the violation occurs.

(c) Any person discharging hazardous waste, as defined in Section 25117 of the Health and Safety Code, who knowingly fails or refuses to furnish technical or monitoring program reports as required by

subdivision (b) of Section 13267, or who knowingly falsifies any information provided in those technical or monitoring program reports, is guilty of a misdemeanor, may be civilly liable in accordance with subdivision (d), and is subject to criminal penalties pursuant to subdivision (e).

(d) (1) Civil liability may be administratively imposed by a regional board in accordance with Article 2.5 (commencing with Section 13323) of Chapter 5 for a violation of subdivision (c) in an amount which shall not exceed five thousand dollars ($5,000) for each day in which the violation occurs.

(2) Civil liability may be imposed by the superior court in accordance with Article 5 (commencing with Section 13350) and Article 6 (commencing with Section 13360) of Chapter 5 for a violation of subdivision (c) in an amount which shall not exceed twenty-five thousand dollars ($25,000) for each day in which the violation occurs.

(e) (1) Subject to paragraph (2), any person who knowingly commits any of the violations set forth in subdivision (a) or (c) shall be punished by a fine that does not exceed twenty-five thousand dollars ($25,000).

(2) Any person who knowingly commits any of the violations set forth in subdivision (a) or (c) after a prior conviction for a violation set forth in subdivision (a) or (c) shall be punished by a fine that does not exceed twenty-five thousand dollars ($25,000) for each day of the violation.

(f) (1) Notwithstanding any other provision of law, fines collected pursuant to subdivision (e) shall be deposited in the Waste Discharge Permit Fund and separately accounted for in that fund.

(2) The funds described in paragraph (1) shall be expended by the state board, upon appropriation by the Legislature, to assist regional boards, and other public agencies with authority to clean up waste, or abate the effects of the waste, in cleaning up or abating the effects of the waste on waters of the state or for the purposes authorized in Section 13443.

(g) The state board may carry out the authority granted to a regional board pursuant to this section if, after consulting with the regional board, the state board determines that it will not duplicate the efforts of the regional board.

SEC. 4. Section 13323 of the Water Code is amended to read:

13323. (a) Any executive officer of a regional board may issue a complaint to any person on whom administrative civil liability may be imposed pursuant to this article. The complaint shall allege the act or failure to act that constitutes a violation of law, the provision of law authorizing civil liability to be imposed pursuant to this article, and the proposed civil liability.

(b) The complaint shall be served by certified mail or in accordance with Article 3 (commencing with Section 415.10) of, and Article 4 (commencing with Section 416.10) of, Chapter 4 of Title 5 of Part 2 of the Code of Civil Procedure, and shall inform the party so served that a hearing before the regional board shall be conducted within 90 days after the party has been served. CHAPTER 294

An act to amend Sections 30233, 30265, 30333.1, 30333.2, 30340.5, 32604, and 32605 of, to add Section 30601.3 to, and to repeal Sections 30342, 30343, 30608.5, and 30713 of, the Public Resources Code, relating to natural resources.

[Approved by Governor September 18, 2006. Filed with Secretary of State September 18, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 30233 of the Public Resources Code is amended to read:

30233. (a) The diking, filling, or dredging of open coastal waters, wetlands, estuaries, and lakes shall be permitted in accordance with other applicable provisions of this division, where there is no feasible less environmentally damaging alternative, and where feasible mitigation measures have been provided to minimize adverse environmental effects, and shall be limited to the following:

(1) New or expanded port, energy, and coastal-dependent industrial facilities, including commercial fishing facilities.

(2) Maintaining existing, or restoring previously dredged, depths in existing navigational channels, turning basins, vessel berthing and mooring areas, and boat launching ramps.

(3) In open coastal waters, other than wetlands, including streams, estuaries, and lakes, new or expanded boating facilities and the placement of structural pilings for public recreational piers that provide public access and recreational opportunities.

(4) Incidental public service purposes, including, but not limited to, burying cables and pipes or inspection of piers and maintenance of existing intake and outfall lines.

(5) Mineral extraction, including sand for restoring beaches, except in environmentally sensitive areas.

(6) Restoration purposes.

(7) Nature study, aquaculture, or similar resource-dependent activities.

(b) Dredging and spoils disposal shall be planned and carried out to avoid significant disruption to marine and wildlife habitats and water circulation. Dredge spoils suitable for beach replenishment should be transported for these purposes to appropriate beaches or into suitable longshore current systems.

(c) In addition to the other provisions of this section, diking, filling, or dredging in existing estuaries and wetlands shall maintain or enhance the functional capacity of the wetland or estuary. Any alteration of coastal wetlands identified by the Department of Fish and Game, including, but not limited to, the 19 coastal wetlands identified in its report entitled, "Acquisition Priorities for the Coastal Wetlands of California", shall be limited to very minor incidental public facilities, restorative measures, nature study, commercial fishing facilities in Bodega Bay, and development in already developed parts of south San Diego Bay, if otherwise in accordance with this division.

For the purposes of this section, "commercial fishing facilities in Bodega Bay" means that not less than 80 percent of all boating facilities

proposed to be developed or improved, where the improvement would create additional berths in Bodega Bay, shall be designed and used for commercial fishing activities.

(d) Erosion control and flood control facilities constructed on watercourses can impede the movement of sediment and nutrients that would otherwise be carried by storm runoff into coastal waters. To facilitate the continued delivery of these sediments to the littoral zone, whenever feasible, the material removed from these facilities may be placed at appropriate points on the shoreline in accordance with other applicable provisions of this division, where feasible mitigation measures have been provided to minimize adverse environmental effects. Aspects that shall be considered before issuing a coastal development permit for these purposes are the method of placement, time of year of placement, and sensitivity of the placement area.

SEC. 2. Section 30265 of the Public Resources Code is amended to read:

30265. The Legislature finds and declares all of the following:

(a) Transportation studies have concluded that pipeline transport of oil is generally both economically feasible and environmentally preferable to other forms of crude oil transport.

(b) Oil companies have proposed to build a pipeline to transport offshore crude oil from central California to southern California refineries, and to transport offshore oil to out-of-state refiners.

(c) California refineries would need to be retrofitted if California offshore crude oil were to be used directly as a major feedstock. Refinery modifications may delay achievement of air quality goals in the southern California air basin and other regions of the state.

(d) The County of Santa Barbara has issued an Oil Transportation Plan that assesses the environmental and economic differences among various methods for transporting crude oil from offshore California to refineries.

(e) The Governor should help coordinate decisions concerning the transport and refining of offshore oil in a manner that considers state and local studies undertaken to date, that fully addresses the concerns of all affected regions, and that promotes the greatest benefits to the people of the state.

SEC. 3. Section 30333.1 of the Public Resources Code is amended to read:

30333.1. The commission shall periodically review its regulations and procedures and determine what revisions, if any, are necessary and appropriate to simplify and expedite the review of any matter that is before the commission for action pursuant to this division. The commission shall implement, within 60 days of the review, any revisions

it determines to be appropriate, so that its regulations and procedures may continue to be as simple and expeditious as practicable.

SEC. 4. Section 30333.2 of the Public Resources Code is amended to read:

30333.2. Notwithstanding any other provision of law and except as provided in the State Building Standards Law, Part 2.5 (commencing with Section 18900) of Division 13 of the Health and Safety Code, the commission shall not adopt nor publish a building standard, as defined in Section 18909 of the Health and Safety Code, unless the provisions of Sections 18930, 18933, 18938, 18940, 18943, 18944, and 18945 of the Health and Safety Code are expressly excepted in the statute under which the authority to adopt rules, regulations, or orders is delegated. A building standard adopted in violation of this section shall have no force or effect. A building standard expressly required by a provision of federal law, specifically requiring that building standard, shall be adopted and published in the State Building Standards Code within the time required by federal law.

SEC. 5. Section 30340.5 of the Public Resources Code is amended to read:

30340.5. (a) It is the policy of the state that no less than 50 percent of funds received by the state from the federal government pursuant to the Federal Coastal Zone Management Act of 1972 (16 U.S.C. Section 1451 et seq.) shall be used for the preparation, review, approval, certification, and implementation of local coastal programs.

(b) A local government subject to this division may claim reimbursement of costs incurred as a direct result of the operation of or any requirement promulgated pursuant to this division. Notwithstanding any other provision of law, a claim for reimbursement of mandated costs directly attributable to the operation of this division shall only be submitted, reviewed, and approved in the manner set forth in this section.

(c) A claim pursuant to this section shall be submitted to the executive director of the commission no later than September 30. The executive director shall review the claim in accordance with this section and shall submit the claim to the Controller within 60 days after receipt of a claim but in no event later than November 30.

(d) A claim submitted pursuant to this section shall be filed on forms approved and prepared by the commission in consultation with the Controller. The forms shall specify the information needed to enable the executive director of the commission and the Controller to make the determinations required by subdivision (e). The forms shall clearly set forth information requirements for the evaluation of the following categories of costs:

(1) Costs for work relating to the preparation, review, and approval of a local coastal program or a portion of a program.

(2) Costs for work that is not covered by paragraph (1).

The claim forms required by this section shall provide for claims of actual costs incurred during the fiscal year preceding submittal and for the costs the claimant local government estimates will be incurred during the then current fiscal year.

(e) The executive director shall review and evaluate each claim submitted pursuant to this section and shall determine whether:

(1) The costs claimed are not paid for or reimbursed from any other source of state or federal funding.

(2) The costs are for work which is the direct result of and is mandated by the operation of this division or by the commission or whether the work is optional.

(3) With respect to costs specified in paragraph (1) of subdivision (d), the work done or to be done is reasonable and necessary for the preparation and approval of a local coastal program pursuant to a local coastal program work program approved by the commission, or for work which is not part of an approved work program if the work can be shown to be necessary for the completion of a certifiable local coastal program or if new information or other circumstances cause the commission to require that the work be carried out.

(f) The executive director of the commission shall submit to the Controller, on behalf of each claimant local government, all claims submitted pursuant to this section together with his or her recommendation whether the Controller should allow or deny, in whole or in part, the claim. The executive director's recommendation shall be based on his or her determinations made pursuant to subdivision (e). If the executive director fails to make a recommendation by the time a claim is required to be submitted to the Controller as provided in subdivision (c), the executive director is deemed to have recommended approval of the claim.

(g) Section 17561 of the Government Code shall apply to a claim filed pursuant to this section. However, where a conflict between Section 17561 of the Government Code and this section occurs, the conflict shall be resolved in a manner that best carries out the purposes of this section. The Controller shall apply the criteria of subdivision (e) in determining whether to allow or deny, in whole or in part, a claim and shall consider the recommendations of the executive director of the commission.

SEC. 6. Section 30342 of the Public Resources Code is repealed.

SEC. 7. Section 30343 of the Public Resources Code is repealed.

SEC. 8. Section 30601.3 is added to the Public Resources Code, to read:

30601.3. (a) Notwithstanding Section 30519, the commission may process and act upon a consolidated coastal development permit application if both of the following criteria are satisfied:

(1) A proposed project requires a coastal development permit from both a local government with a certified local coastal program and the commission.

(2) The applicant, the appropriate local government, and the commission, which may agree through its executive director, consent to consolidate the permit action, provided that public participation is not substantially impaired by that review consolidation.

(b) The standard of review for a consolidated coastal development permit application submitted pursuant to subdivision (a) shall follow Chapter 3 (commencing with Section 30200), with the appropriate local coastal program used as guidance.

(c) The application fee for a consolidated coastal development permit shall be determined by reference to the commission's permit fee schedule.

(d) To implement this section, the commission may adopt guidelines, in the same manner as interpretive guidelines adopted pursuant to paragraph (3) of subdivision (a) of Section 30620.

SEC. 9. Section 30608.5 of the Public Resources Code is repealed.

SEC. 10. Section 30713 of the Public Resources Code is repealed.

SEC. 11. Section 32604 of the Public Resources Code is amended to read:

32604. The conservancy shall do all of the following:

(a) Establish policies and priorities for the conservancy regarding the San Gabriel River and the Lower Los Angeles River, and their watersheds, and conduct any necessary planning activities, in accordance with the purposes set forth in Section 32602.

(b) Give priority to river related projects that create expanded opportunities for recreation, greening, aesthetic improvement, and wildlife habitat along the corridor of the river, and in parts of the river channel that can be improved for the above purposes without infringing on water quality, water supply, and necessary flood control.

(c) Approve conservancy funded projects that advance the policies and priorities set forth in Section 32602.

(d) Prepare a San Gabriel and Lower Los Angeles Parkway and Open Space Plan to be approved by a majority of the cities representing a majority of the population, the Board of Supervisors of Los Angeles County, the Central Basin Water Association, and the San Gabriel Valley Water Association. The plan shall include, but not be limited to, all of the following elements:

(1) A determination of the policies and priorities for the conservation of the San Gabriel River and its watershed, the Lower Los Angeles River,

and the San Gabriel Mountains, in accordance with the purposes of the conservancy as set forth in Section 32602.

(2) A plan for incorporating, as relevant, the principles and planning work contained within the Los Angeles River Master Plan prepared by the County of Los Angeles.

(3) An identification of underused existing public open spaces and recommendations for providing better public use and enjoyment in areas identified in the plan.

(4) An identification of, and a priority program for implementing, those additional low-impact recreational and open space needs, including additional or upgraded facilities and parks that may be necessary or desirable.

[Approved by Governor September 18, 2006. Filed with Secretary of State September 18, 2006.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to establish a research program focused on reducing sea otter mortality from nonpoint source

pollution, and developing water and wastewater treatment technologies for pathogens or other causes affecting sea otter mortality.

SEC. 2. Section 4501 is added to the Fish and Game Code, to read:

4501. (a) The Legislature finds and declares that several types of nonpoint source pollution are harmful to sea otters, and that scientific studies point to links between cat feces, the pathogen T-gondii, and sea otter mortality. The Legislature further finds and declares that efforts to reduce the flushing of cat litter and cat feces are steps toward better water quality in the sea otters' natural habitat.

(b) Any cat litter offered for sale in this state shall contain one of the following statements:

(1) "Encouraging your cat to use an indoor litter box, or properly disposing of outdoor cat feces, is beneficial to overall water quality. Please do not flush cat litter in toilets or dispose of it outdoors in gutters or storm drains."

(2) A general statement that encourages the disposal of cat feces in trash and discourages flushing cat feces in toilets or disposing of them in drains.

SEC. 3. Section 5650 of the Fish and Game Code is amended to read:

(6) Any substance or material deleterious to fish, plant life, mammals, or bird life.

(b) This section does not apply to a discharge or a release that is expressly authorized pursuant to , and in compliance with, the terms and conditions of a waste discharge requirement pursuant to Section 13263 of the Water Code or a waiver issued pursuant to subdivision (a) of Section 13269 of the Water Code issued by the State Water Resources Control Board or a regional water quality control board after a public hearing, or that is expressly authorized pursuant to, and in compliance with, the terms conditions of a federal permit for which the State Water Resources Control Board or a regional water quality control board has, after a public hearing, issued a water quality certification pursuant to Section 13160 of the Water Code. This section does not confer additional

authority on the State Water Resources Control Board, a regional water quality control board, or any other entity.

(c) It shall be an affirmative defense to a violation of this section if the defendant proves, by a preponderance of the evidence, all of the following:

(1) The defendant complied with all applicable state and federal laws and regulations requiring that the discharge or release be reported to a government agency.

(2) The substance or material did not enter the waters of the state or a storm drain that discharges into the waters of the state.

SEC. 5. Article 5.5 (commencing with Section 18750) is added to Chapter 3 of Part 10.2 of Division 2 of the Revenue and Taxation Code, to read:

Article 5.5. California Sea Otter Fund

18750. (a) An individual may designate on the tax return that a contribution in excess of the tax liability, if any, be made to the California Sea Otter Fund, established by Section 18751. That designation is to be used as a voluntary checkoff on the tax return.

(b) The contributions shall be in full dollar amounts and may be made individually by each signatory on a joint return.

(c) A designation shall be made for any taxable year on the initial return for that taxable year, and once made is irrevocable. If payments and credits reported on the return, together with any other credits associated with the taxpayer's account, do not exceed the taxpayer's liability, the return shall be treated as though no designation has been made. If that no designee is specified, the contribution shall be transferred to the General Fund, after reimbursement of the direct actual costs of the Franchise Tax Board for the collection and administration of funds under this article.

(d) If an individual designates a contribution to more than one account or fund listed on the tax return, and the amount available for designation is insufficient to satisfy the total amount designated, the contribution shall be allocated among the designees on a pro rata basis.

(e) When another voluntary contribution designation is removed from the tax return, the Franchise Tax Board shall revise the form of the return to include a space labeled the "California Sea Otter Fund" to allow for the designation permitted. The forms shall include in the instruction information that the contribution may be in the amount of one dollar ($1) or more and that the contribution shall be used to support increased investigation, prevention, and enforcement actions to decrease sea otter mortality, and to provide for research and programs related to sea otters.

(f) A deduction shall be allowed under Article 6 (commencing with Section 17201) of Chapter 3 of Part 10 for any contribution made pursuant to subdivision (a).

18751. There is in the State Treasury the California Sea Otter Fund to receive contributions made pursuant to Section 18750. The Franchise Tax Board shall notify the Controller of both the amount of money paid by taxpayers in excess of their tax liability and the amount of refund money that taxpayers have designated pursuant to Section 18750 to be transferred to the California Sea Otter Fund. The Controller shall transfer from the Personal Income Tax Fund to the California Sea Otter Fund an amount not in excess of the sum of the amounts designated by individuals pursuant to Section 18750 for payment into that fund.

18752. All money transferred to the California Sea Otter Fund, upon appropriation by the Legislature, shall be allocated as follows:

(a) To the Franchise Tax Board and the Controller for reimbursement of all costs incurred by the Franchise Tax Board and the Controller in connection with their duties under this article.

(b) Fifty percent of the revenues remaining after allocation pursuant to subdivision (a), to the Department of Fish and Game for the purposes of establishing a sea otter fund to be used within the department's index

coding system for increased investigation, prevention, and enforcement actions.

(c) Fifty percent of the revenues remaining after allocation pursuant to subdivision (a), to the California Coastal Conservancy for research and programs related to improving the near-shore ocean ecosystem, including, but not limited to, program activities to reduce sea otter mortality. The programs may also address pathogens and water and wastewater treatment technologies.

18753. (a) This article shall remain in effect only until January 1 of the fifth taxable year following the first appearance of the California Sea Otter Fund on the tax return, and as of that date is repealed, unless a later enacted statute, that is enacted before the applicable date, deletes or extends that date.

(b) (1) By September 1 of the second calendar year beginning after the first taxable year the California Sea Otter Fund appears on a tax return and by September 1 of each subsequent calendar year that the California Sea Otter Fund appears on a tax return, the Franchise Tax Board shall do both of the following:

(A) Determine the minimum contribution amount required to be received during the next calendar year for the fund to appear on the tax return for the taxable year that includes that next calendar year.

(B) Determine whether the amount of contributions estimated to be received during the calendar year will equal or exceed the minimum contribution amount determined by the Franchise Tax Board for the calendar year pursuant to subparagraph (A). The Franchise Tax Board shall estimate the amount of contributions to be received by using the actual amounts received and an estimate of the contributions that will be received by the end of that calendar year.

(2) If the Franchise Tax Board determines the amount of contributions estimated to be received during a calendar year will not equal or exceed the minimum contribution amount for the calendar year, this article is repealed with respect to taxable years beginning on or after January 1 of that calendar year.

(3) For purposes of this section, "minimum contribution amount" for a calendar year means two hundred fifty thousand dollars ($250,000) for the second calendar year after the first taxable year for which the California Sea Otter Fund appears on the tax return, or the minimum contribution amount adjusted pursuant to subdivision (c).

(c) For each calendar year, beginning with the third calendar year that the California Sea Otter Fund appears on the tax return, the Franchise Tax Board shall adjust, on or before September 1 of that calendar year, the minimum contribution amount specified in subdivision (b) as follows:

(1) The minimum contribution amount for the calendar year shall be an amount equal to the product of the minimum contribution amount for the prior calendar year multiplied by the inflation factor adjustment as specified in paragraph (2) of subdivision (h) of Section 17041, rounded off to the nearest dollar.

(2) The inflation factor adjustment used for the calendar year shall be based on the figures for the percentage change in the California Consumer Price Index received on or before August 1 of the calendar year pursuant to paragraph (1) of subdivision (h) of Section 17041.

(d) Notwithstanding the repeal of this article, any contribution amounts designated pursuant to this article prior to its repeal shall continue to be transferred and disbursed in accordance with this article as in effect immediately prior to that repeal.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 297

An act to amend Sections 7380, 7381, and 7382 of, and to add Section 8280.9 to, the Fish and Game Code, relating to fishing, and making an appropriation therefor.

[Approved by Governor September 18, 2006. Filed with Secretary of State September 18, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 7380 of the Fish and Game Code is amended to read:

7380. (a) In addition to a valid California sport fishing license and any applicable sport license stamp issued pursuant to this code, after January 1, 1993, a person taking steelhead trout in inland waters shall have in his or her possession a valid nontransferable steelhead trout fishing report-restoration card issued by the department. The cardholder shall record certain fishing information on the card as designated by the department. The month, day, and location fished shall be recorded before

the cardholder begins fishing for the day and when the cardholder moves to another location listed on the back of the report-restoration card. The cardholder shall immediately record catch information upon keeping a steelhead trout and immediately record catch information regarding released steelhead trout whenever the cardholder finishes fishing for the day, or moves to another location listed on the back of the report-restoration card. The cardholder shall return the card to the department on a schedule or date established by the department.

(b) The base fee for the card shall be five dollars ($5) for the 2004 license year, which may be adjusted annually thereafter pursuant to Section 713. The funds received by the department from the sale of the card shall be deposited in the Fish and Game Preservation Fund and shall be available for expenditure upon appropriation by the Legislature. The department shall maintain the internal accountability necessary to ensure that all restrictions and requirements pertaining to the expenditure of these funds are met.

(c) The commission shall adopt regulations necessary to implement this section. These regulations shall include, but not be limited to, procedures necessary to obtain appropriate steelhead trout resources management information, a requirement that the card contain a statement explaining potential uses of the funds received as authorized by Section 7381, and a requirement that the cards be returned to the department.

SEC. 2. Section 7381 of the Fish and Game Code is amended to read:

7381. (a) Revenue received pursuant to Section 7380 may only be expended, upon appropriation by the Legislature, to monitor, restore, or enhance steelhead trout resources consistent with Sections 6901 and 6902, and to administer the fishing report-restoration card program. The department shall submit all proposed expenditures, including proposed expenditures for administrative purposes, to the Advisory Committee on Salmon and Steelhead Trout for review and comment prior to submitting a request for inclusion of the appropriation in the annual Budget Bill. The committee may recommend revisions in any proposed expenditure to the Legislature and the commission.

(b) The department shall report to the Legislature on or before July 1, 2007, regarding the steelhead trout fishing report-restoration card program's projects undertaken using revenues derived pursuant to that program, the benefits derived, and its recommendations for revising the fishing report-restoration card requirement, if any.

SEC. 3. Section 7382 of the Fish and Game Code is amended to read:

7382. This article shall become inoperative on July 1, 2012, and, as of January 1, 2013, is repealed, unless a later enacted statute that is enacted before January 1, 2013, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 4. Section 8280.9 is added to the Fish and Game Code, to read:

8280.9. Dungeness crab vessel permits are valid only in state waters and in the Pacific Ocean in federal waters south of the border with Oregon.

SEC. 5. The sum of eight hundred thousand dollars ($800,000) is hereby appropriated from the steelhead trout fishing report-restoration card revenues deposited in the Fish and Game Preservation Fund pursuant to subdivision (b) of Section 7380 of the Fish and Game Code to the Department of Fish and Game for the purposes authorized pursuant to Section 7381 of the Fish and Game Code. The money appropriated in this section shall be available for expenditure, in an amount not to exceed five hundred thousand dollars ($500,000) per year, by the Department of Fish and Game through June 30, 2009.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

The people of the State of California do enact as follows:

SECTION 1. Section 6872 is added to the Public Resources Code, to read:

6872. (a) If an application for oil and gas development in state waters that is determined to be incomplete by the commission continues to remain incomplete one year after the date of the first incomplete notice sent to the applicant by the commission, the application shall be considered withdrawn.

(b) If an application has been withdrawn pursuant to subdivision (a), the applicant may submit a new application.

CHAPTER 299

An act to amend Section 35400 of, and to add and repeal Chapter 5 (commencing with Section 35900) of Part 21 of, the Education Code, relating to school district governance.

[Approved by Governor September 18, 2006. Filed with Secretary of State September 18, 2006.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known, and may be cited, as the Gloria Romero Educational Reform Act of 2006.

SEC. 2. Section 35400 of the Education Code is amended to read:

35400. (a) The Los Angeles Unified School District Board of Education may appoint an inspector general and shall make employment decisions related to the inspector general, except to the extent that a decision violates the terms of the employment contract under which the inspector general is employed as of January 1, 2007. The inspector general may not be dismissed by the Los Angeles Unified School District Board of Education, except for good cause. The inspector general shall be appointed to serve for a term of three years.

(b) The Inspector General of the Los Angeles Unified School District is authorized to conduct audits and investigations. The inspector general may subpoena witnesses, administer oaths or affirmations, take testimony, and compel the production of all information, documents, reports, answers, records, accounts, papers, and other data and documentary evidence deemed material and relevant and that reasonably relate to the inquiry or investigation undertaken by the inspector general when he or she has a reasonable suspicion that a law, regulation, rule, or district policy has been violated or is being violated. For purposes of this section, "reasonable suspicion" means that the circumstances known or apparent to the inspector general include specific and articulable facts causing him or her to suspect that a material violation of law, regulation, rule, or district policy has occurred or is occurring, and that the facts would cause a reasonable officer in a like position to suspect that a material violation of a law, regulation, rule, or district policy has occurred or is occurring.

(c) Subpoenas shall be served in the manner provided by law for service of summons. Any subpoena issued pursuant to this section may be subject to challenge pursuant to Chapter 2 (commencing with Section 1985) of Title 3 of Part 4 of the Code of Civil Procedure.

(d) For purposes of this section, Sections 11184, 11185, 11186, 11187, 11188, 11189, 11190, and 11191 of the Government Code shall apply to the subpoenaing of witnesses and documents, reports, answers, records, accounts, papers, and other data and documentary evidence as if the investigation was being conducted by a state department head, except that the applicable court for resolving motions to compel or motions to quash shall be the Superior Court for the County of Los Angeles.

(e) Notwithstanding any other provision of the law, any person who, after the administration of an oath or affirmation pursuant to this section, states or affirms as true any material matter that he or she knows to be false is guilty of a misdemeanor punishable by imprisonment in a county jail not to exceed six months or by a fine not to exceed five thousand dollars ($5,000), or by both that fine and imprisonment for the first offense. Any subsequent violation shall be punishable by imprisonment in a county jail not to exceed one year or by a fine not to exceed ten thousand dollars ($10,000), or by both that fine and imprisonment.

(f) The inspector general shall have access to all contracts and contracting processes conducted pursuant to Section 35912 to enable review for violations of law or conflicts of interest. The inspector general shall report quarterly to the Los Angeles Unified School District Board of Education regarding any findings arising from the review of contracts and contracting processes. These reports shall also be provided to the council of mayors established pursuant to Section 35920 and are public records subject to disclosure under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

(g) The inspector general shall submit an interim report to the Legislature by July 1, 2000, annual interim reports by July 1 of each succeeding year, and a final cumulative report by December 1, 2014, on all of the following:

(1) The use and effectiveness of the subpoena power authorized by this section in the successful completion of the inspector general's duties.

(2) Any use of the subpoena power in which the issued subpoena was quashed, including the basis for the court's order.

(3) Any referral to the district attorney or the Attorney General if the district attorney or Attorney General declined to investigate the matter further or declined to prosecute.

(h) This article shall remain in effect only until January 1, 2015, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2015, deletes or extends that date.

SEC. 3. Chapter 5 (commencing with Section 35900) is added to Part 21 of the Education Code, to read:

Chapter 5. Los Angeles Unified School District Administration

Article 1. General Provisions

35900. (a) The Legislature finds and declares both of the following:

(1) As the largest school district in California and an urban district with high numbers of pupils from historically disadvantaged groups, the Los Angeles Unified School District has unique challenges and resources that require and deserve special attention to ensure that all pupils are given the opportunity to reach their full potential.

(2) The freedom to deviate from the strictures of generally applicable education statutes and regulations while maintaining the constant commitment to fairness and equity, and to increasing academic achievement among all pupils regardless of background, is central to the success of quality schools in California and is appropriate, as a concept, for the unique circumstances of the Los Angeles Unified School District.

(b) It is the intent of the Legislature that the Los Angeles Unified School District achieve the following pupil learning and academic achievement expectations through the enactment of this chapter:

(1) Significantly improved pupil learning and academic achievement based on the academic standards of the state, graduation requirements, and other standards for assessing the achievement of pupils, as measured by the California Standards Tests administered pursuant to Article 4 (commencing with Section 60640) of Chapter 5 of Part 33 and other valid and reliable assessments of academic achievement.

(2) Significantly improved graduation rates and significantly reduced dropout rates.

(3) A significant reduction in the academic achievement gap among racial and ethnic groups, between pupils with exceptional needs and pupils without those needs, and between English language learners and pupils who are fluent in English, so that all pupils are attaining similar, acceptable levels of academic achievement.

(4) Parent involvement and satisfaction with the schools that their children attend.

(5) The success of English language learner pupils in developing English language proficiency and increased redesignation as measured by the California English Language Development Test.

(c) It is the intent of the Legislature that the schools and administration of the Los Angeles Unified School District ensure that:

(1) All schools are clean and safe places for pupils and school staff.

(2) Each pupil has a qualified teacher who has had appropriate professional development for the one or more grades and subjects that he or she teaches.

(3) Each school has a principal who has had appropriate professional development to improve his or her ability as an educational leader to assist in improving teaching and learning at the school to which he or she is assigned, in building strong educational teams, and in promoting parental involvement and community relations.

(4) There is transparency in the fiscal affairs of the schools and the school district.

(5) Parents, teachers, and other school staff are full partners in the decisions that affect schools.

(6) The district is decentralized to reduce management bureaucracies and increase resources to schools and classrooms.

(7) Class sizes are at or below statewide averages for the corresponding grade levels.

(8) Every segment of the school community is held accountable for the achievement of the goals described in this section.

(d) Except as expressly and specifically stated in this chapter, it is the intent of the Legislature that the application of Part 25 (commencing with Section 44000) of this code and Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code to the Los Angeles Unified School District not be changed or altered.

(e) It is further the intent of the Legislature that, in performing the school-related duties set forth in this chapter, the council of mayors described in Section 35920 and the partnership described in Section 35931, which includes the Mayor of the City of Los Angeles, function as agencies authorized to maintain public schools, similar to a school district or county office of education. The council of mayors and the partnership are, therefore, a part of the public school system of the state in performing the duties established in this chapter within the meaning of Section 6 of Article IX of the California Constitution.

(f) Consistent with the council of mayors' status as part of the public school system, nothing in this chapter shall be construed to require any city to expend city resources on services to the school district or its pupils unless the expenditure is the result of a city's legislative act taken pursuant to the city's ordinary legislative decisionmaking process.

Similarly, any liability incurred by any member of the council of mayors or mayor's community partnership for education excellence in undertaking any of the functions described in this chapter shall be borne by the school district and not by the County of Los Angeles, or any of the cities within its boundaries.

35901. For purposes of this chapter, the following terms have the following meanings, unless the context in which they appear clearly requires otherwise:

(a) "Board" means the Los Angeles Unified School District Board of Education.

(b) "District superintendent" means the Superintendent of the Los Angeles Unified School District.

(c) "LAUSD" means the Los Angeles Unified School District.

Article 2. Operational Flexibility

35910. (a) Notwithstanding Section 33050, the district superintendent, on a districtwide basis or on behalf of one or more of the schools or programs of the LAUSD, after a public hearing on the matter, may request that the state board waive all or part of any section of this code or any regulation adopted by the state board that implements a provision of this code, except that a waiver of the provisions specified in subdivisions (a), (b), and (c) of Section 33050, Section 38103, 45103.1, or 45103.5, or of any law that cannot constitutionally be waived, shall not be requested or granted.

(b) A request for a waiver made pursuant to this section shall include the written statement required pursuant to subdivision (d) of Section 33050 if the exclusive representative of employees specified in that section responds with its position on any proposed waiver within 30 days of its receipt of a request from the district superintendent.

(c) If the state board does not approve or deny a waiver request submitted by the district superintendent pursuant to this section by the completion of the second regular meeting of the state board after, or within 60 days of, receiving the request, whichever date is sooner, the request shall be deemed approved for two years, commencing the first day of the following month.

35911. (a) The district superintendent shall have the authority to make employment decisions related to all certificated and classified management personnel in the Office of the Superintendent of the LAUSD. These personnel serve at the pleasure of the district superintendent.

(b) The district superintendent shall have the authority to assign and reassign a principal of a school within the LAUSD and may consult with

community leaders, schoolsite personnel, and parents of pupils enrolled at the school to which the principal is assigned. The consultation shall include the elected mayors and city council members representing territory within the attendance boundaries of the school.

(c) In assigning or reassigning a local district superintendent, the district superintendent shall consult the elected mayors and city council members representing territory within the boundaries of the local district, unless exigent circumstances exist. In addition, the Southeast Cities Schools Coalition, which is comprised of the cities of Bell, Cudahy, Huntington Park, Maywood, South Gate, and Vernon, shall have the right to ratify the selection of the local district superintendent serving the cities in the Southeast Cities Schools Coalition. If the Southeast Cities Schools Coalition fails to act within 30 days of the submission of the district superintendent of a choice for local district superintendent, the choice shall be deemed ratified. The council of mayors described in Section 35920 may recognize other coalitions of multiple cities and provide the same ratification authority with respect to the local district superintendent serving the cities in any coalition recognized in the future.

(d) The board, subject to Section 45112, may employ a pool of administrative staff to serve all members of the board, subject to budget approval. All of this staff shall report to the board as a whole, and no individual member of the board shall employ individual staff. The board shall have the authority to make employment decisions related to this staff, except to the extent that any decision would violate any applicable law, written agreement, or contract under which the staff are employed.

(e) The board shall retain the power to appoint and to make other employment decisions related to the inspector general of the LAUSD, pursuant to Section 35400, and related to staff directly reporting to the inspector general.

(f) The district superintendent shall make all employment decisions for all nonrepresented personnel of the LAUSD, subject to the applicable protections of the personnel commission.

(g) Except as expressly provided above, this section does not change or alter the application of Part 25 (commencing with Section 44000) of this code or Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code to the LAUSD.

(h) The authority of the district superintendent to assign and reassign principals, as set forth in subdivision (b), shall not supersede the process by which existing site-based agreements that provide for an alternative method of selecting a principal are extended or modified.

(i) As used in subdivisions (b) and (c), "consult" includes, at a minimum, the right to suggest qualifications to look for in the individual to receive the position, the right to recommend individuals for the

position, and the right to provide opinion and feedback regarding finalists being considered for the position.

(j) The district superintendent shall establish an Office of Parent Communication that may be staffed by an ombudsperson or similar employee. The office shall assure that the LAUSD complies with the processes for receiving and addressing parent complaints set forth in Section 35186 and shall assure that the LAUSD complies with the requirements regarding parent information and the rights of parents to participate in the education of their children set forth in Section 51101. The office shall report regularly on the compliance of the LAUSD with those sections.

35912. (a) (1) The district superintendent shall have the authority over the contracting operations of the LAUSD, including, but not limited to, the negotiation and execution of contracts, except those contracts governed by Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code. For purposes of negotiating and executing contracts, the district superintendent is subject to the otherwise applicable requirements of law, including statutory or regulatory competitive bidding procedures and best contracting practices. The district superintendent shall provide public notice of his or her intent to award any contract in excess of two hundred fifty thousand dollars ($250,000) at least 45 days before the execution of the contract, unless the district superintendent, in his or her discretion, determines and certifies that there is an urgency, in which case public notice shall occur at least 30 days before the execution of the contract. In addition, the district superintendent shall report to the board on all contracts at the next regularly scheduled public meeting of the board following the execution of the contract. The public notice shall, at a minimum, include electronic posting on the LAUSD Internet Web site, and physical posting at 10 geographically dispersed district offices or schools in an area that is accessible to the public for at least 12 hours each day.

(2) A decision by the district superintendent to contract with a private individual, other governmental agency, or business entity for personal services that, as of January 1, 2007, are currently or customarily performed by classified school employees or other district employees shall, notwithstanding paragraph (1), require approval of the board and be subject to, and comply in all respects with, Sections 38103, 45103.1, and 45103.5. With respect to the rebidding or renewal of any personal services contract entered into prior to January 1, 2003, and covered by subdivision (d) of Section 45103.1, and in addition to any other notice that may be required by law, the district superintendent shall give no less than 30 days written notice of the intent to renew or rebid to each exclusive representative of district employees.

(b) Except as indicated in this subdivision, nothing in this chapter removes or alters the obligation of the LAUSD to comply with all requirements for the expenditure of bond proceeds, including, but not limited to, those required by Section 15278, by subparagraphs (C) and (D) of paragraph (3) of subdivision (b) of Section 1 of Article XIII A of the California Constitution, and by the terms of bond measures approved by the district electorate. To the extent the district superintendent, in the course of exercising his or her authority under this chapter, acts to expend any bond proceeds, the district superintendent shall abide by all restrictions and fulfill all obligations that otherwise would have devolved upon the board in conjunction with the expenditure of those bond proceeds.

(c) The intent of the Legislature in enacting this section is to transfer the responsibility for contracting operations, including appropriation and payment, from the board to the district superintendent. This section does not alter the rights or requirements related to the employment of district employees pursuant to Part 25 (commencing with Section 44000) of this code or Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code, or any applicable collective bargaining agreement or contract. This section does not alter any other law regarding the procedures for school districts to execute or amend contracts.

35913. (a) The district superintendent shall annually prepare a proposed budget for the LAUSD for the succeeding fiscal year. The proposed budget shall be presented to the council of mayors established pursuant to Article 3 (commencing with Section 35920) for review and comment, and to the board for final approval. Any budget revisions during the fiscal year shall also be presented to the council of mayors for review and comment and to the board for final approval. The proposed budget and any budget revision shall be provided to the council of mayors at least 30 days before the consideration and adoption of the budget or budget revision by the board.

(b) The budget and any budget revisions prepared and presented by the district superintendent shall include budgetary information that is no more detailed than the fund, resource code, and major object code level, as defined in the California School Accounting Manual in effect as of January 1, 2007.

(c) The board shall approve the annual budget of the office of the inspector general, and the amount approved shall not be reduced during the year without the approval of the board.

(d) The council of mayors may hold a public hearing and review and comment on the proposed budget and any budget revision at least 15 days prior to the consideration and adoption of the budget or budget

revision by the board. After the opportunity for public comment, the board shall have final approval of the budget and any budget revisions.

(e) The district superintendent is responsible for compliance with fiscal reporting requirements to the county superintendent of schools, the department, and the Superintendent.

(f) The district superintendent annually shall provide, for review and comment, the budget to the member cities of the Southeast Cities Schools Coalition, which is described in subdivision (c) of Section 35911.

35914. (a) (1) The LAUSD, when selecting curriculum and instructional materials for the district, shall ensure that:

(A) Parents, teachers, and other certificated staff have an authentic and central role.

(B) A majority of the participants of each of the advisory curriculum and textbook and instructional materials selection committees of the district are classroom teachers selected by classroom teachers.

(C) Basic instructional materials for kindergarten and grades 1 to 8, inclusive, purchased with state categorical funds for instructional materials are state board-adopted materials.

(D) Basic instructional materials for grades 9 to 12, inclusive, are aligned to state content standards, if content standards exist for the applicable subjects.

(E) There is a wide selection of supplemental instructional materials that are consistent with the needs of pupils and available for use.

(F) Consistent with subparagraphs (A) to (E), inclusive, each schoolsite, with the participation of its principal, its classroom teachers, and parents of its pupils, are authorized to develop a plan for implementing curriculum that meets the individual needs of its pupils.

(2) This subdivision does not prevent the board from requiring that the same basic instructional materials be used in all schools of the LAUSD.

(b) The board shall retain its authority to establish the requirements for graduation from high school pursuant to paragraph (2) of subdivision (a) of Section 51225.3.

(c) In addition to the districtwide staff development, principals and teachers at individual schools, with the input of parents, are authorized to develop professional development programs supportive of the individual needs of pupils at their respective schoolsites.

35915. (a) (1) The district superintendent shall develop and manage the facilities program for the LAUSD. This program may include, but not be limited to, the development, management, and implementation of a strategic plan regarding facilities for the LAUSD and the management of all phases of construction, repair, upgrade, renovation, and maintenance of school facilities of the district.

(2) The council of mayors established pursuant to Section 35920 shall provide input to the district superintendent regarding the facilities program. However, notwithstanding that authority, and except as provided pursuant to subdivision (b), the district superintendent shall retain all decisionmaking power regarding any facilities program of the district.

(3) The LAUSD, through the district superintendent, is subject to all laws regarding the review and approval of decisions of the district by state agencies regarding school facilities of the district.

(b) Eminent domain proceedings related to school facilities of the district require the approval of the board. The board shall also retain decisionmaking power related to the placement of school facilities bond measures on the ballot and related to levying development fees for school facilities purposes pursuant to law.

(c) This chapter does not deprive the board of the power or authority to adopt or enter into project stabilization agreements or project labor agreements for district construction or facilities projects or affect the validity of existing project stabilization agreements and project labor agreements. The decision to adopt or enter into project stabilization agreements or project labor agreements for district construction or facilities projects is within the sole discretion of the board.

Article 3. Council of Mayors

35920. (a) The council of mayors is hereby established and shall be comprised of the directly elected mayor, or a city council member selected by the city council if there is no directly elected mayor, of each city any part of which is located within the attendance boundaries of the LAUSD and each member of the Los Angeles County Board of Supervisors whose supervisorial district includes any unincorporated portion of the county that is located within the attendance boundaries of the LAUSD.

(1) The mayor, or his or her designee, of each eligible city shall participate as a member of the council of mayors, unless the city elects not to participate by adopting a resolution to that effect.

(2) A member of the county board of supervisors who is eligible to participate as a member of the council of mayors may elect not to participate by providing written notification of that election to the council.

(b) In exercising any of the duties described in this chapter, the council of mayors shall act by 90 percent of the weighted vote of the total membership of the council. The weighted vote of each member of the council of mayors is equal to the proportion of the population of the LAUSD that are residents of the city of the individual member, or

unincorporated area of the county for any member of the county board of supervisors, to the total population of residents of the LAUSD, excluding those residents of a city council or supervisorial district whose representative has elected not to participate in the council of mayors under paragraph (1) or (2) of subdivision (a).

35921. (a) Notwithstanding any other provision of law, the council of mayors may select a representative to participate in all aspects of the selection and evaluation by the board of the district superintendent, including, but not limited to, the search for potential candidates and the setting of compensation. This right includes access, by the representative of the council of mayors, to closed session meetings of the board in which any of these matters regarding the selection and evaluation of the district superintendent are to be discussed. The representative does not have the right to vote with the board on any matter.

(b) The appointment, contract term, contract renewal, refusal to renew a contract, or removal of the district superintendent shall be ratified by the council of mayors. If the council of mayors fails to act within 30 days of the submission of one of these actions by the board, the action shall be deemed ratified. If the council of mayors refuses to ratify the appointment, contract term, contract renewal, or removal of the district superintendent, the council of mayors shall communicate through its representative in closed session the reasons for their refusal to the board.

(c) The council of mayors and its representative shall comply with all legal requirements applicable to the board and its members concerning the matters set forth in this subdivision, including, but not limited to, the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code), the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Division 2 of Title 5 of the Government Code), and the Political Reform Act of 1974 (Title 9 (commencing with Section 81000) of the Government Code).

35922. The district superintendent shall provide each School Accountability Report Card required by Section 35256 for each school of the LAUSD to the council of mayors on an annual basis for review and comment. Each School Accountability Report Card shall be provided to the council of mayors at least two weeks before the report card is released to the public.

35923. The council of mayors and the district superintendent shall negotiate and finalize memoranda of understanding by March 1, 2007, to establish each of the following:

(a) An efficient and effective process to ensure that the LAUSD and each city or the county have every opportunity to consult and agree upon joint-use projects between the district and each city or the county to

permit youth, children, and families to access and use school resources at times other than during the regular schoolday. The memorandum of understanding should establish a process that secures good faith participation by both sides in an effort to establish joint-use municipal and school district projects and programs.

(b) An efficient and effective process to ensure that each city or county supervisorial district in which a new school is proposed to be constructed by the LAUSD has the opportunity to provide feedback to the district superintendent and to propose alternative sites or modified construction options, and to follow whatever consultative process the city or supervisorial district may devise in arriving at that feedback, without unreasonably delaying the completion and opening of a newly constructed school.

(c) An efficient and effective process for the council of mayors and the LAUSD to jointly conduct and complete, by January 1, 2008, the first periodic comprehensive identification, mapping, and assessment of available services, including public safety services, for children and youth in each school community, and to jointly consult about creating and maintaining new community services for children and youth to fill gaps identified in the assessment, in order to support the education and increased achievement of pupils in each school community. The LAUSD and council of mayors shall cooperate to identify private resources to fund the assessment to the greatest extent possible.

(d) The Chief of the Los Angeles School Police Department and the chief or sheriff of a law enforcement agency serving each city and unincorporated county area within the LAUSD shall develop and coordinate efficient and effective protocols for mutual cooperation, timely sharing of information, ongoing communication, and memorandums of agreement related to the responsibility of each agency.

35924. The council of mayors, in the course of conducting its duties, may create a committee of parents of pupils in the LAUSD, to provide input on the selection of a superintendent and other education related matters considered by the council of mayors and on the effective delivery of services to children and youth by the district and municipalities, including, but not limited to, review of the budget, review of school accountability report cards, and consideration of joint use and school siting. The LAUSD shall assist the council of mayors in conducting outreach to parents in the creation of that committee.

Article 4. The Los Angeles Mayor's Community Partnership for School Excellence

35930. This article shall be known, and may be cited, as "The Los Angeles Mayor's Community Partnership for School Excellence."

35930.5. (a) The community partnership, directed by the Mayor of the City of Los Angeles and described in Section 35931, may request that the Los Angeles County Superintendent of Schools authorize the demonstration project described in this article. The demonstration project shall not proceed without that authorization.

(b) The county superintendent shall act upon a request received pursuant to subdivision (a) within 20 days of his or her receipt of the request. The county superintendent shall grant a request for authorization unless the county superintendent determines that one or more of the following conditions exist:

(1) The mayor and the partnership are demonstrably incapable, and not likely to gain the capability before the project begins, of implementing a sound educational program at the schools in the demonstration project.

(2) The mayor and the partnership have an irremediable and significant conflict of interest in undertaking the demonstration project involving the partners.

(3) The mayor and the partnership are demonstrably incapable, and not likely to gain the capability before the project begins, of providing sufficient financial oversight to ensure that the schools in the project are financially capable of sustaining a sound educational program and other operational services.

(c) After the completion of the progress report described in Section 35940, the county superintendent may withdraw authorization of the demonstration project by concluding and certifying that the progress report demonstrates that one or more of the following conditions exist:

(1) The mayor and the partnership are demonstrably incapable of implementing a sound educational program at the schools in the demonstration project.

(2) The mayor and the partnership have an irremediable and significant conflict of interest in undertaking the demonstration project involving the partners.

(3) The mayor and the partnership are demonstrably incapable of providing sufficient financial oversight to ensure that the schools in the project are financially capable of sustaining a sound educational program and other operational services.

35931. (a) (1) Upon authorization by the county superintendent of schools pursuant to Section 35930.5, the Mayor of the City of Los Angeles, in partnership with the LAUSD, parent and community leaders

and organizations, and school personnel and employee organizations, shall, as part of a demonstration project, exercise the powers set forth in Section 35932 regarding three clusters of the lowest performing schools in different geographic areas within the LAUSD that are located within the City of Los Angeles. Each cluster shall include a high school that is ranked in decile 1 or 2 on the Academic Performance Index, pursuant to Section 52056, and its feeder middle and elementary schools and other programs, including, but not limited to, early childhood programs and centers, continuation schools, and adult education programs.

(2) LAUSD participation in the partnership shall be through a full-time district employee appointed by the district superintendent for each of the three clusters. The mayor shall ensure that each of the clusters is represented in the partnership by at least two representatives from parent organizations who are not also employees of the district, at least two community leaders who are not from a parent or employee organization, and one classroom teacher, one classified employee, and one school administrator selected from those nominated by employee organizations of classroom teachers, classified employees, and school administrators, respectively, who are employed at a school within the cluster.

(3) The full-time district employee specified in paragraph (2) shall perform the functions of the Office of Parent Communication set forth in subdivision (j) of Section 35911 for the cluster of schools to which he or she is assigned.

(b) The high schools for each cluster shall be selected by the mayor and the district superintendent, in consultation with the other members of the partnership described in subdivision (a), and shall take into account the academic status of each school and the interests of the school community. If the mayor and the district superintendent do not agree on the high school for the first cluster on or before February 1, 2007, for the second cluster on or before March 1, 2007, and for the third cluster on or before September 1, 2007, the county superintendent of schools shall select the high school for the cluster within 30 days of the applicable deadline. These deadlines are maximum time periods, but all parties shall act with diligence to permit achievement of the objective of each cluster joining the demonstration project in the 2007–08 school year.

(c) The purpose of the demonstration project is as follows:

(1) To achieve all of the following pupil learning and academic achievement expectations:

(A) Significantly improved pupil learning and academic achievement based on the academic standards of the state, graduation requirements, and other standards that may be developed by the partnership described in subdivision (a), as measured by the California Standards Tests

administered pursuant to Article 4 (commencing with Section 60640) of Chapter 5 of Part 33 and other valid and reliable assessments of academic achievement.

(B) Significantly improved graduation rates and significantly reduced dropout rates.

(C) A significant reduction in the academic achievement gap among racial and ethnic groups, between pupils with exceptional needs and pupils without those needs, and between English language learners and pupils who are fluent in English, so that all pupils are attaining similar, acceptable levels of academic achievement.

(D) Parent involvement and satisfaction with the schools that their children attend.

(E) The success of English language learner pupils in developing English language proficiency and increased redesignation as measured by the California English Language Development Test.

(2) To achieve all of the following school expectations:

(A) All schools are clean and safe places for pupils and school staff.

(B) Each pupil has a qualified teacher who has had appropriate professional development for the grade or grades and subject or subjects that he or she teaches.

(D) Transparency in the fiscal affairs of the operations of each school.

(E) Parents, teachers, and other school staff are full partners in the decisions that affect the schools.

(F) Every segment of the school community is held accountable for the achievement of the goals described in this section.

35932. (a) Notwithstanding any other provisions of law, and except for the authority to negotiate and enforce collective bargaining agreements, all authority exercised by the board and the district superintendent with respect to the schools in the demonstration project shall be transferred to the partnership described in subdivision (a) of Section 35931, which is directed by the mayor. In a manner consistent with districtwide collective bargaining agreements, the partnership may seek waivers, pursuant to Section 35910, from the state board and authority to operate the schools in the demonstration project with maximum flexibility and efficiency.

(b) The schools in the demonstration project shall continue to exist as district schools, and employees at the schools shall be deemed to be district employees with all the rights of district employees.

(c) Schools in the demonstration project shall continue to be funded with district resources, including average daily attendance revenue and state or federal categorical or other targeted funding generated by, or granted based on, the pupils in the schools in each cluster. That funding may also be supplemented by private funds, recorded, and accounted for by the partnership. The LAUSD shall provide funds and may assess costs to partnership schools, provided that these schools shall receive the same benefit from any new or increased local, state, or federal funding that these schools would receive if they were not partnership schools.

(d) The partnership schools and the LAUSD shall develop a budget and cost system that carries out the provisions of this section.

(e) The LAUSD shall not take actions that have negative fiscal consequences for partnership schools due to their participation in the partnership.

35933. For purposes of Section 8 of Article XVI of the California Constitution, the schools included in the demonstration project pursuant to this article remain public schools and remain part of a school district. The establishment of the demonstration project pursuant to this article does not create an obligation of the state to provide additional funds to the LAUSD or to the schools in the demonstration project.

The evaluation shall include, but not be limited to, all of the following:

(1) Whether schools participating in the Los Angeles Mayor's Community Partnership for School Excellence, other schools in the LAUSD, and the LAUSD as a whole accomplished the following:

CHAPTER 303

An act to amend Section 4011.10 of the Penal Code, relating to inmates, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 18, 2006. Filed with Secretary of State September 18, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 4011.10 of the Penal Code is amended to read:

4011.10. (a) It is the intent of the Legislature in enacting this section to provide county sheriffs, chiefs of police, and directors or administrators of local detention facilities with an incentive to not engage in practices designed to avoid payment of legitimate emergency health care costs for the treatment or examination of persons lawfully in their custody, and to promptly pay those costs as requested by the provider of services. Further, it is the intent of the Legislature to encourage county sheriffs, chiefs of police, and directors or administrators of local detention facilities to bargain in good faith when negotiating a service contract with hospitals providing emergency health care services. The Legislature has set a date of January 1, 2009, for this section to be repealed, and does not intend to delete or extend that date if county sheriffs, chiefs of police, and directors or administrators have not complied with the intent of the Legislature, as expressed in this subdivision.

(b) Notwithstanding any other provision of law, a county sheriff, police chief or other public agency that contracts for emergency health services, may contract with providers of emergency health care services for care to local law enforcement patients. Hospitals that do not contract with the county sheriff, police chief, or other public agency that contracts for emergency health care services shall provide emergency health care services to local law enforcement patients at a rate equal to 110 percent of the hospital's actual costs according to the most recent Hospital Annual Financial Data report issued by the Office of Statewide Health Planning and Development, as calculated using a cost-to-charge ratio.

(c) A county sheriff or police chief shall not request the release of an inmate from custody for the purpose of allowing the inmate to seek medical care at a hospital, and then immediately rearrest the same individual upon discharge from the hospital, unless the hospital determines this action would enable it to bill and collect from a third-party payment source.

(d) The California Hospital Association, the University of California, the California State Sheriffs' Association and the California Police Chiefs' Association shall, immediately upon enactment of this section, convene the Inmate Health Care and Medical Provider Fair Pricing Working Group. The working group shall consist of at least six members from the California Hospital Association and the University of California, and six members from the California State Sheriffs' Association and the California Police Chiefs' Association. Each organization should give great weight and consideration to appointing members of the working group with diverse geographic and demographic interests. The working group shall meet at least three times annually to identify and resolve industry issues that create fiscal barriers to timely and affordable emergency inmate health care. In addition, the working group shall address issues including, but not limited to, inmates being admitted for care and later rearrested and any other fiscal barriers to hospitals being able to enter into fair market contracts with public agencies. To the extent that the rate provisions of this statute result in a disproportionate share of local law enforcement patients being treated at any one hospital or system of hospitals, the working group shall address this issue. No reimbursement is required under this provision.

(e) Nothing in this section shall require or encourage a hospital or public agency to replace any existing arrangements that any city police chief, county sheriff, or other public agency that contracts for emergency health services for care to local law enforcement patients.

(f) An entity that provides ambulance or any other emergency or nonemergency response service to a sheriff or police chief, and that does not contract with their departments for that service, shall be reimbursed for the service at the rate established by Medicare. Neither the sheriff nor the police chief shall reimburse a provider of any of these services that their department has not contracted with at a rate that exceeds the provider's reasonable and allowable costs, regardless of whether the provider is located within or outside of California.

(g) For the purposes of this section, "reasonable and allowable costs" shall be defined in accordance with Part 413 of Title 42 of the Code of Federal Regulations and federal Centers for Medicare and Medicaid Services Publication Numbers 15.1 and 15.2.

(h) For purposes of this section, in those counties in which the sheriff does not administer a jail facility, a director or administrator of a local department of corrections established pursuant to Section 23013 of the Government Code is the person who may contract for services provided to jail inmates in the facilities he or she administers in those counties.

(i) This section is repealed as of January 1, 2009.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that existing arrangements for emergency health services for care to local law enforcement patients are maintained, it is necessary that this bill take effect immediately.

CHAPTER 304

to teach pupils with mild and moderate disabilities. Upon the recommendation of the school district, the commission may grant a one-year extension of the district intern credential.

(f) The commission shall ensure that each district internship program in California provides program elements to its interns as required by the federal No Child Left Behind Act of 2001 (20 U.S.C. Sec. 6301 et seq.) and its implementing regulations.

SEC. 2. Section 44329 of the Education Code is amended to read:

44329. On or before January 1, 2007, the commission shall prepare and submit a report to the Legislature that summarizes the regulations adopted by the commission to expand statewide the issuance of district intern certificates that authorize classroom instruction to pupils with mild and moderate disabilities. The report shall also analyze the effectiveness of persons who hold those certificates.

SEC. 3. Section 44329.5 is added to the Education Code, to read:

44329.5. On or before January 1, 2009, the commission shall prepare and submit a report to the Legislature on the effectiveness of the pilot program established by subdivision (e) of Section 44325.

SEC. 2. CHAPTER 309

An act to amend Sections 25209.11, 25209.12, 25209.13, 25209.14, and 25209.16 of, and to add Sections 25209.18 and 25209.19 to, the Health and Safety Code, relating to water.

[Approved by Governor September 18, 2006. Filed with Secretary of State September 18, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 25209.11 of the Health and Safety Code is amended to read:

25209.11. For purposes of this article, the following terms have the following meanings:

(a) "Agricultural drainage water" means surface drainage water or percolated irrigation water that is collected by subsurface drainage tiles placed beneath an agricultural field.

(b) "On-farm" means land within the boundaries of a property or geographically contiguous properties, owned or under the control of a

single owner or operator or a publicly organized land-based agency, that is used for the commercial production of agricultural commodities and that contains an integrated on-farm drainage management system and a solar evaporator.

(c) "Integrated on-farm drainage management system" means a facility for the on-farm management of agricultural drainage water that does all of the following:

(1) Reduces levels of salt and selenium in soil by the application of irrigation water to agricultural fields.

(2) Collects agricultural drainage water from irrigated fields and sequentially reuses that water to irrigate successive crops until the volume of residual agricultural drainage water is substantially decreased and its salt content significantly increased.

(3) Discharges the residual agricultural drainage water to an on-farm solar evaporator for evaporation and appropriate salt management.

(4) Eliminates discharge of agricultural drainage water to evaporation ponds and outside the boundaries of the property or properties that produces the agricultural drainage water and that is served by the integrated on-farm drainage management system and the solar evaporator.

(d) "Publicly organized land-based agency" means a resource conservation district, as described in Division 9 (commencing with Section 9001) of the Public Resources Code, an irrigation district, as described in Division 11 (commencing with Section 20500) of the Water Code, any other district established pursuant to the Water Code whose operations may include managing agricultural irrigation or drainage, or a joint powers authority formed for the purpose of managing agricultural drainage or salt.

(e) "Regional board" means a California regional water quality control board.

(f) "Solar evaporator" means an on-farm area of land and its associated equipment that meets all of the following conditions:

(1) It is designed and operated to manage agricultural drainage water discharged from the integrated on-farm drainage management system.

(2) The area of the land that makes up the solar evaporator is equal to, or less than, 2 percent of the area of the land that is managed by the integrated on-farm drainage management system.

(3) Agricultural drainage water from the integrated on-farm drainage management system is discharged to the solar evaporator by timed sprinklers or other equipment that allows the discharge rate to be set and adjusted as necessary to avoid standing water within the solar evaporator or, if a water catchment basin is part of the solar evaporator, within that portion of the solar evaporator that is outside the basin.

(4) The combination of the rate of discharge of agricultural drainage water to the solar evaporator and subsurface tile drainage under the solar evaporator provides adequate assurance that constituents in the agricultural drainage water will not migrate from the solar evaporator into the vadose zone or waters of the state in concentrations that pollute or threaten to pollute the waters of the state.

(g) "State board" means the State Water Resources Control Board.

(h) "Water catchment basin" means an area within the boundaries of a solar evaporator that is designated to receive and hold any water that might otherwise be standing water within the solar evaporator. The entire area of a water catchment basin shall be permanently and continuously covered with netting, or otherwise designed, constructed, and operated to prevent access by avian wildlife to standing water within the basin.

SEC. 2. Section 25209.12 of the Health and Safety Code is amended to read:

25209.12. The state board, in consultation, as necessary, with other appropriate state agencies, shall adopt or amend emergency regulations that establish minimum requirements for the design, construction, operation, and closure of a solar evaporator. The regulations shall include, but are not limited to, requirements to ensure all of the following:

(a) The operation of a solar evaporator does not result in a discharge of on-farm agricultural drainage water outside the boundaries of the area of land that makes up the solar evaporator.

(b) (1) The solar evaporator is designed, constructed, and operated so that, under reasonably forseeable operating conditions, the discharge of agricultural water to the solar evaporator does not result in standing water or drift of salt spray, mist, or particles outside the boundaries of the solar evaporator to the extent that drift constitutes a nuisance condition.

(2) Notwithstanding paragraph (1), a solar evaporator may be designed, constructed, and operated to accommodate standing water, if it includes a water catchment basin.

(3) The board may specify those conditions under which a solar evaporator is required to include a water catchment basin to prevent standing water that would otherwise occur within the solar evaporator.

(c) Avian wildlife is adequately protected. In adopting regulations pursuant to this subdivision, the state board shall do the following:

(1) Consider and, to the extent feasible, incorporate best management practices recommended or adopted by the United States Fish and Wildlife Service.

(2) Establish guidelines for the authorized inspection of a solar evaporator by the regional board pursuant to Section 25209.15. The guidelines shall include technical advice developed in consultation with

the Department of Fish and Game and the United States Fish and Wildlife Service that may be used by regional board personnel to identify observed conditions relating to the operation of a solar evaporator that indicate an unreasonable threat to avian wildlife.

(d) Constituents in agricultural drainage water discharged to the solar evaporator will not migrate from the solar evaporator into the vadose zone or the waters of the state in concentrations that pollute or threaten to pollute the waters of the state.

(e) Adequate groundwater monitoring and recordkeeping is performed to ensure compliance with this article.

(f) Salt isolated in a solar evaporator shall be managed in accordance with all applicable laws and shall eventually be harvested and sold for commercial purposes, used for beneficial purposes, or stored or disposed in a facility authorized to accept that waste pursuant to this chapter or Division 30 (commencing with Section 40000) of the Public Resources Code.

SEC. 3. Section 25209.13 of the Health and Safety Code is amended to read:

25209.13. (a) A person who intends to operate a solar evaporator shall, before installing the solar evaporator, file a notice of intent with the regional board, using a form prepared by the regional board. The form shall require the person to provide all of the following:

(1) The location of the solar evaporator.

(2) The design of the solar evaporator and the equipment that will be used to operate it.

(3) The maximum anticipated rate at which agricultural drainage water will be discharged to the solar evaporator.

(4) The anticipated rate of accumulation of evaporite salt in the solar evaporator and the anticipated period of time before the salt needs to be removed to ensure the continued effective operation of the evaporator.

(5) Plans for operating the solar evaporator in compliance with this article, including a plan to collect and remove evaporite salt to ensure the continued effective operation of the evaporator.

(6) Groundwater monitoring data that are adequate to establish baseline data for use in comparing subsequent data submitted by the operator pursuant to this article.

(7) Weather data and a water balance analysis sufficient to assess the likelihood of standing water occurring within the solar evaporator.

(8) A brief description of any documents or reports required pursuant to the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code), with the appropriate document or report, if required, included as an attachment to the form.

(9) Any other information required or authorized by regulation.

(b) The regional board shall, within 30 calendar days after receiving the notice submitted pursuant to subdivision (a), review the notice of intent for its completeness, inspect, if necessary, the site where the proposed solar evaporator will be located, and notify the operator of whether the notice of intent is complete. If the regional board determines that the notice of intent is not complete, the regional board shall issue a written response to the applicant identifying the reason why it is not complete. If the regional board determines that the notice of intent is complete, the regional board shall notify the operator in writing that the notice of intent is complete.

Within 30 days after receiving a request, the regional board shall inspect the solar evaporator to determine whether it complies with this article. If the regional board finds that the solar evaporator does not comply with this article, the regional board, within 140 days after the inspection, shall issue a written response to the applicant identifying the reasons for noncompliance. Except as provided in subdivision (e), if the regional board finds that the solar evaporator complies with the requirements of this article, the regional board, within 30 days after the inspection, shall issue a written notice of authority to operate to the operator of the solar evaporator. (b) Notwithstanding subdivision (a), the regional board may do either of the following regarding data collected pursuant to paragraphs (1) and (2) of subdivision (a):

(1) Reduce the data collection schedule two years after data is submitted pursuant to subdivision (a), if the regional board determines that discharge to the solar evaporator has been adequately characterized.

(2) Increase the data collection schedule, if the regional board determines that changes in monitoring results or other changes in the operation of the solar evaporator require more frequent data collection.

SEC. 5. Section 25209.16 of the Health and Safety Code is amended to read:

25209.16. (a) For the purposes of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, including Section 11349.6 of the Government Code, the adoption or amendment of the regulations required to be adopted pursuant to this article is an emergency and shall be considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health and safety, and general welfare.

(b) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, any emergency regulations adopted or amended by the state board pursuant to this article shall be filed with, but not be repealed by, the Office of Administrative Law and shall remain in effect until repealed by the state board.

(b) If the regional board subsequently determines that accumulated salt needs to be collected and removed from a solar evaporator at a time, or in a manner, that differs from the plan prepared pursuant to paragraph

(5) of subdivision (a) of Section 25209.13, the regional board shall notify the operator in writing and describe the reasons for its determination.

(c) An operator of a solar evaporator who receives a notice pursuant to subdivision (b) may appeal the determination of the regional board. CHAPTER 310

An act to amend Sections 1363.03 and 1365.2 of the Civil Code, relating to common interest developments, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 18, 2006. Filed with Secretary of State September 18, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 1363.03 of the Civil Code is amended to read:

1363.03. (a) An association shall adopt rules, in accordance with the procedures prescribed by Article 4 (commencing with Section 1357.100) of Chapter 2, that do all of the following:

(1) Ensure that if any candidate or member advocating a point of view is provided access to association media, newsletters, or Internet Web sites during a campaign, for purposes that are reasonably related to that election, equal access shall be provided to all candidates and members advocating a point of view, including those not endorsed by the board, for purposes that are reasonably related to the election. The association shall not edit or redact any content from these communications, but may include a statement specifying that the candidate or member, and not the association, is responsible for that content.

(2) Ensure access to the common area meeting space, if any exists, during a campaign, at no cost, to all candidates, including those who are not incumbents, and to all members advocating a point of view, including

those not endorsed by the board, for purposes reasonably related to the election.

(3) Specify the qualifications for candidates for the board of directors and any other elected position, and procedures for the nomination of candidates, consistent with the governing documents. A nomination or election procedure shall not be deemed reasonable if it disallows any member of the association from nominating himself or herself for election to the board of directors.

(4) Specify the qualifications for voting, the voting power of each membership, the authenticity, validity, and effect of proxies, and the voting period for elections, including the times at which polls will open and close, consistent with the governing documents.

(5) Specify a method of selecting one or three independent third parties as inspector, or inspectors, of election utilizing one of the following methods:

(A) Appointment of the inspector or inspectors by the board.

(B) Election of the inspector or inspectors by the members of the association.

(C) Any other method for selecting the inspector or inspectors.

(6) Allow the inspector, or inspectors, to appoint and oversee additional persons to verify signatures and to count and tabulate votes as the inspector or inspectors deem appropriate, provided that the persons are independent third parties.

(b) Notwithstanding any other law or provision of the governing documents, elections regarding assessments legally requiring a vote, election and removal of members of the association board of directors, amendments to the governing documents, or the grant of exclusive use of common area property pursuant to Section 1363.07 shall be held by secret ballot in accordance with the procedures set forth in this section. A quorum shall be required only if so stated in the governing documents of the association or other provisions of law. If a quorum is required by the governing documents, each ballot received by the inspector of elections shall be treated as a member present at a meeting for purposes of establishing a quorum. An association shall allow for cumulative voting using the secret ballot procedures provided in this section, if cumulative voting is provided for in the governing documents.

(c) (1) The association shall select an independent third party or parties as an inspector of election. The number of inspectors of election shall be one or three.

(2) For the purposes of this section, an independent third party includes, but is not limited to, a volunteer poll worker with the county registrar of voters, a licensee of the California Board of Accountancy, or a notary public. An independent third party may be a member of the

association, but may not be a member of the board of directors or a candidate for the board of directors or related to a member of the board of directors or a candidate for the board of directors. An independent third party may not be a person, business entity, or subdivision of a business entity who is currently employed or under contract to the association for any compensable services unless expressly authorized by rules of the association adopted pursuant to paragraph (5) of subdivision (a).

(3) The inspector or inspectors of election shall do all of the following:

(A) Determine the number of memberships entitled to vote and the voting power of each.

(B) Determine the authenticity, validity, and effect of proxies, if any.

(C) Receive ballots.

(D) Hear and determine all challenges and questions in any way arising out of or in connection with the right to vote.

(E) Count and tabulate all votes.

(F) Determine when the polls shall close, consistent with the governing documents.

(G) Determine the tabulated results of the election.

(H) Perform any acts as may be proper to conduct the election with fairness to all members in accordance with this section, the Corporations Code, and all applicable rules of the association regarding the conduct of the election that are not in conflict with this section.

(4) An inspector of election shall perform his or her duties impartially, in good faith, to the best of his or her ability, and as expeditiously as is practical. If there are three inspectors of election, the decision or act of a majority shall be effective in all respects as the decision or act of all. Any report made by the inspector or inspectors of election is prima facie evidence of the facts stated in the report.

(d) (1) For purposes of this section, the following definitions shall apply:

(A) "Proxy" means a written authorization signed by a member or the authorized representative of the member that gives another member or members the power to vote on behalf of that member.

(B) "Signed" means the placing of the member's name on the proxy (whether by manual signature, typewriting, telegraphic transmission, or otherwise) by the member or authorized representative of the member.

(2) Proxies shall not be construed or used in lieu of a ballot. An association may use proxies if permitted or required by the bylaws of the association and if those proxies meet the requirements of this article, other laws, and the association's governing documents, but the association shall not be required to prepare or distribute proxies pursuant to this section.

(3) Any instruction given in a proxy issued for an election that directs the manner in which the proxyholder is to cast the vote shall be set forth on a separate page of the proxy that can be detached and given to the proxyholder to retain. The proxyholder shall cast the member's vote by secret ballot. The proxy may be revoked by the member prior to the receipt of the ballot by the inspector of elections as described in Section 7613 of the Corporations Code.

(e) Ballots and two preaddressed envelopes with instructions on how to return ballots shall be mailed by first-class mail or delivered by the association to every member not less than 30 days prior to the deadline for voting. In order to preserve confidentiality, a voter may not be identified by name, address, or lot, parcel, or unit number on the ballot. The association shall use as a model those procedures used by California counties for ensuring confidentiality of voter absentee ballots, including all of the following:

(1) The ballot itself is not signed by the voter, but is inserted into an envelope that is sealed. This envelope is inserted into a second envelope that is sealed. In the upper left hand corner of the second envelope, the voter shall sign his or her name, indicate his or her name, and indicate the address or separate interest identifier that entitles him or her to vote.

(2) The second envelope is addressed to the inspector or inspectors of election, who will be tallying the votes. The envelope may be mailed or delivered by hand to a location specified by the inspector or inspectors of election. The member may request a receipt for delivery.

(f) All votes shall be counted and tabulated by the inspector or inspectors of election or his or her designee in public at a properly noticed open meeting of the board of directors or members. Any candidate or other member of the association may witness the counting and tabulation of the votes. No person, including a member of the association or an employee of the management company, shall open or otherwise review any ballot prior to the time and place at which the ballots are counted and tabulated. The inspector of election, or his or her designee, may verify the member's information and signature on the outer envelope prior to the meeting at which ballots are tabulated. Once a secret ballot is received by the inspector of elections, it shall be irrevocable.

(g) The tabulated results of the election shall be promptly reported to the board of directors of the association and shall be recorded in the minutes of the next meeting of the board of directors and shall be available for review by members of the association. Within 15 days of the election, the board shall publicize the tabulated results of the election in a communication directed to all members.

(h) The sealed ballots at all times shall be in the custody of the inspector or inspectors of election or at a location designated by the

inspector or inspectors until after the tabulation of the vote, and until the time allowed by Section 7527 of the Corporations Code for challenging the election has expired, at which time custody shall be transferred to the association. If there is a recount or other challenge to the election process, the inspector or inspectors of election shall, upon written request, make the ballots available for inspection and review by an association member or his or her authorized representative. Any recount shall be conducted in a manner that preserves the confidentiality of the vote.

(i) After the transfer of the ballots to the association, the ballots shall be stored by the association in a secure place for no less than one year after the date of the election.

(j) Notwithstanding any other provision of law, the rules adopted pursuant to this section may provide for the nomination of candidates from the floor of membership meetings or nomination by any other manner. Those rules may permit write-in candidates for ballots.

(k) Except for the meeting to count the votes required in subdivision (f), an election may be conducted entirely by mail unless otherwise specified in the governing documents.

(*l*) The provisions of this section apply to both incorporated and unincorporated associations, notwithstanding any contrary provision of the governing documents.

(m) The procedures set forth in this section shall apply to votes cast directly by the membership, but do not apply to votes cast by delegates or other elected representatives.

(n) In the event of a conflict between this section and the provisions of the Nonprofit Mutual Benefit Corporation Law (Part 3 (commencing with Section 7110) of Division 2 of Title 1 of the Corporations Code) relating to elections, the provisions of this section shall prevail.

(o) The amendments made to this section by the act adding this subdivision shall become operative on July 1, 2006.

If the association reasonably believes that the information in the list will be used for another purpose, it may deny the member access to the list. If the request is denied, in any subsequent action brought by the member under subdivision (f), the association shall have the burden to prove that the member would have allowed use of the information for purposes unrelated to his or her interest as a member.

(iii) A member of the association may opt out of the sharing of his or her name, property address, and mailing address by notifying the association in writing that he or she prefers to be contacted via the alternative process described in subdivision (c) of Section 8330 of the Corporations Code. (2) A member of the association may designate another person to inspect and copy the specified association records on the member's behalf. The member shall make this designation in writing.

(c) (1) The association shall make the specified association records available for inspection and copying in the association's business office within the common interest development.

(2) If the association does not have a business office within the development, the association shall make the specified association records available for inspection and copying at a place that the requesting member and the association agree upon.

(3) If the association and the requesting member cannot agree upon a place for inspection and copying pursuant to paragraph (2), or if the requesting member submits a written request directly to the association for copies of specifically identified records, the association may satisfy the requirement to make the association records available for inspection and copying by mailing copies of the specifically identified records to the member by first-class mail within the timeframes set forth in subdivision (j).

(4) The association may bill the requesting member for the direct and actual cost of copying and mailing requested documents. The association shall inform the member of the amount of the copying and mailing costs, and the member shall agree to pay those costs, before copying and sending the requested documents.

(5) In addition to the direct and actual costs of copying and mailing, the association may bill the requesting member an amount not in excess of ten dollars ($10) per hour, and not to exceed two hundred dollars ($200) total per written request, for the time actually and reasonably involved in redacting the enhanced association records as provided in paragraph (2) of subdivision (a). The association shall inform the member of the estimated costs, and the member shall agree to pay those costs, before retrieving the requested documents.

(d) (1) Except as provided in paragraph (2), the association may withhold or redact information from the association records for any of the following reasons:

(A) The release of the information is reasonably likely to lead to identity theft. For the purposes of this section, "identity theft" means the unauthorized use of another person's personal identifying information to obtain credit, goods, services, money, or property. Examples of information that may be withheld or redacted pursuant to this paragraph include bank account numbers of members or vendors, social security or tax identification numbers, and check, stock, and credit card numbers.

(B) The release of the information is reasonably likely to lead to fraud in connection with the association.

(C) The information is privileged under law. Examples include documents subject to attorney-client privilege or relating to litigation in which the association is or may become involved, and confidential settlement agreements.

(D) The release of the information is reasonably likely to compromise the privacy of an individual member of the association.

(E) The information contains any of the following:

(i) Records of a-la-carte goods or services provided to individual members of the association for which the association received monetary consideration other than assessments.

(ii) Records of disciplinary actions, collection activities, or payment plans of members other than the member requesting the records.

(iii) Any person's personal identification information, including, without limitation, social security number, tax identification number, driver's license number, credit card account numbers, bank account number, and bank routing number.

(3) No association, officer, director, employee, agent or volunteer of an association shall be liable for damages to a member of the association or any third party as the result of identity theft or other breach of privacy because of the failure to withhold or redact that member's information

(4) If requested by the requesting member, an association that denies or redacts records shall provide a written explanation specifying the legal basis for withholding or redacting the requested records.

(e) (1) The association records, and any information from them, may not be sold, used for a commercial purpose, or used for any other purpose not reasonably related to a member's interest as a member. An association may bring an action against any person who violates this section for injunctive relief and for actual damages to the association caused by the violation.

(2) This section may not be construed to limit the right of an association to damages for misuse of information obtained from the association records pursuant to this section or to limit the right of an association to injunctive relief to stop the misuse of this information.

(3) An association shall be entitled to recover reasonable costs and expenses, including reasonable attorney's fees, in a successful action to enforce its rights under this section.

(f) A member of an association may bring an action to enforce the member's right to inspect and copy the association records. A cause of action under this section may be brought in small claims court if the amount of the demand does not exceed the jurisdiction of that court. A prevailing association may recover any costs if the court finds the action to be frivolous, unreasonable, or without foundation.

(g) The provisions of this section apply to any community service organization or similar entity, as defined in paragraph (3) of subdivision (c) of Section 1368, that is related to the association, and this section shall operate to give a member of the community service organization or similar entity a right to inspect and copy the records of that organization or entity equivalent to that granted to association members by this section.

(h) Requesting parties shall have the option of receiving specifically identified records by electronic transmission or machine-readable storage media as long as those records can be transmitted in a redacted format that does not allow the records to be altered. The cost of duplication shall be limited to the direct cost of producing the copy of a record in that electronic format. (*l*) As applied to an association and its members, the provisions of this section are intended to supersede the provisions of Sections 8330 and 8333 of the Corporations Code to the extent those sections are inconsistent.

(m) The provisions of this section shall not apply to any common interest development in which separate interests are being offered for sale by a subdivider under the authority of a public report issued by the Department of Real Estate so long as the subdivider or all subdividers offering those separate interests for sale, or any employees of those subdividers or any other person who receives direct or indirect compensation from any of those subdividers, comprise a majority of the members of the board of directors of the association. The report shall be reviewed, signed, and dated by the employer and maintained at the employer's place of business until receipt of the pull-notice system report pursuant to subdivisions (b) and (c). These reports shall be presented upon request to an authorized representative of the Department of the California Highway Patrol during regular business hours.

(b) The employer of a driver who drives a vehicle specified in subdivision (k) shall participate in a pull-notice system, which is a process for the purpose of providing the employer with a report showing the driver's current public record as recorded by the department, and any subsequent convictions, failures to appear, accidents, driver's license suspensions, driver's license revocations, or any other actions taken against the driving privilege or certificate, added to the driver's record while the employer's notification request remains valid and uncancelled. As used in this section, participation in the pull-notice system means obtaining a requester code and enrolling all employed drivers who drive a vehicle specified in subdivision (k) under that requester code.

(c) The employer of a driver of a vehicle specified in subdivision (k) shall, additionally, obtain a periodic report from the department at least every 12 months. The employer shall verify that each employee's driver's license has not been suspended or revoked, the employee's traffic violation point count, and whether the employee has been convicted of a violation of Section 23152 or 23153. The report shall be signed and dated by the employer and maintained at the employer's principal place of business. The report shall be presented upon demand to an authorized

representative of the Department of the California Highway Patrol during regular business hours.

(d) Upon the termination of a driver's employment, the employer shall notify the department to discontinue the driver's enrollment in the pull-notice system.

(e) For the purposes of the pull-notice system and periodic report process required by subdivisions (b) and (c), an owner, other than an owner-operator as defined in Section 34624, and an employer who drives a vehicle described in subdivision (k) shall be enrolled as if he or she were an employee. A family member and a volunteer driver who drives a vehicle described in subdivision (k) shall also be enrolled as if he or she were an employee.

(f) An employer who, after receiving a driving record pursuant to this section, employs or continues to employ as a driver a person against whom a disqualifying action has been taken regarding his or her driving privilege or required driver's certificate, is guilty of a public offense, and upon conviction thereof, shall be punished by confinement in a county jail for not more than six months, by a fine of not more than one thousand dollars ($1,000), or by both that confinement and fine.

(g) As part of its inspection of bus maintenance facilities and terminals required at least once every 13 months pursuant to subdivision (c) of Section 34501, the Department of the California Highway Patrol shall determine whether each transit operator, as defined in Section 99210 of the Public Utilities Code, is then in compliance with this section and Section 12804.6, and shall certify each operator found to be in compliance. Funds shall not be allocated pursuant to Chapter 4 (commencing with Section 99200) of Part 11 of Division 10 of the Public Utilities Code to a transit operator that the Department of the California Highway Patrol has not certified pursuant to this section.

(h) A request to participate in the pull-notice system established by this section shall be accompanied by a fee determined by the department to be sufficient to defray the entire actual cost to the department for the notification service. For the receipt of subsequent reports, the employer shall also be charged a fee established by the department pursuant to Section 1811. An employer who qualifies pursuant to Section 1812 shall be exempt from any fee required pursuant to this section. Failure to pay the fee shall result in automatic cancellation of the employer's participation in the notification services.

(i) The department, as soon as feasible, may establish an automatic procedure to provide the periodic reports to an employer by mail or via an electronic delivery method, as required by subdivision (c), on a regular basis without the need for individual requests.

(j) (1) The employer of a driver who is employed as a casual driver is not required to enter that driver's name in the pull-notice system, as otherwise required by subdivision (a). However, the employer of a casual driver shall be in possession of a report of the driver's current public record as recorded by the department, prior to allowing a casual driver to drive a vehicle specified in subdivision (k). A report is current if it was issued less than six months prior to the date the employer employs the driver.

(2) For the purposes of this subdivision, a driver is employed as a casual driver when the employer has employed the driver less than 30 days during the preceding six months. "Casual driver" does not include a driver who operates a vehicle that requires a passenger transportation endorsement.

(k) This section applies to a vehicle for the operation of which the driver is required to have a class A or class B driver's license, a class C license with a hazardous materials endorsement, a class C license issued pursuant to Section 12814.7, or a certificate issued pursuant to Section 2512, 12517, 12519, 12520, 12523, or 12523.5, or a passenger vehicle having a seating capacity of not more than 10 persons, including the driver, operated for compensation by a charter-party carrier of passengers or passenger stage corporation pursuant to a certificate of public convenience and necessity or a permit issued by the Public Utilities Commission.

(*l*) This section shall not be construed to change the definition of "employer," "employee," or "independent contractor" for any purpose.

(m) A motor carrier who contracts with a person to drive a vehicle described in subdivision (k) that is owned by, or leased to, that motor carrier, shall be subject to subdivisions (a), (b), (c), (d), (f), (j), (k), and (*l*) and the employer obligations in those subdivisions.

(1) Public schools or educational institutions in which driving instruction is part of the curriculum.

(2) Nonprofit public service organizations offering instruction without a tuition fee.

(c) (1) Nothing in this chapter shall be construed to direct or restrict courses of instruction in driver education offered by private secondary schools or to require the use of credentialed or certified instructors in driver education courses offered by private secondary schools.

(2) For the purposes of this section, private secondary schools are those subject to Sections 33190 and 48222 of the Education Code.

SEC. 7. Section 12517.3 of the Vehicle Code is amended to read:

(2) An applicant fingerprint form shall be processed and returned to the office of the Department of the California Highway Patrol from which it originated not later than 15 working days from the date on which the fingerprint form was received by the Department of Justice, unless circumstances, other than the administrative duties of the Department of Justice, warrant further investigation.

(3) Applicant fingerprints that are submitted by utilizing an electronic fingerprinting system shall be processed and returned to the appropriate office of the Department of the California Highway Patrol within three working days.

(4) The commissioner may utilize the California Law Enforcement Telecommunications System to conduct a preliminary criminal and driver history check to determine an applicant's eligibility to hold an original or renewal certificate to drive a schoolbus, school pupil activity bus, youth bus, or general public paratransit vehicle.

(b) (1) Notwithstanding subdivision (a), an applicant for an original certificate to drive a schoolbus, school pupil activity bus, youth bus, or general public paratransit vehicle may be fingerprinted by a public law

enforcement agency, a school district, or a county office of education utilizing an electronic fingerprinting system with terminals managed by the Department of Justice.

(2) The Department of Justice shall provide the fingerprint information processed pursuant to this subdivision to the appropriate office of the Department of the California Highway Patrol within three working days of receipt of the information.

(3) An applicant for an original certificate to drive an ambulance shall submit a completed fingerprint card to the department.

SEC. 8. Section 12811 of the Vehicle Code, as amended by Section 1 of Chapter 665 of the Statutes of 2005, is amended to read:

12811. (a) (1) (A) When the department determines that the applicant is lawfully entitled to a license, it shall issue to the person a driver's license as applied for. The license shall state the class of license for which the licensee has qualified and shall contain the distinguishing number assigned to the applicant, the date of expiration, the true full name, age, and mailing address of the licensee, a brief description and engraved picture or photograph of the licensee for the purpose of identification, and space for the signature of the licensee.

(B) Each license shall also contain a space for the endorsement of a record of each suspension or revocation thereof.

(C) The department shall use whatever process or processes, in the issuance of engraved or colored licenses, that prohibit, as near as possible, the ability to alter or reproduce the license, or prohibit the ability to superimpose a picture or photograph on the license without ready detection.

(2) In addition to the requirements of paragraph (1), a license issued to a person under 18 years of age shall display the words "provisional until age 18."

(b) (1) The front of an application for an original or renewal of a driver's license or identification card shall contain a space for an applicant to give his or her consent to be an organ and tissue donor upon death. An applicant who gives consent shall be directed to read a statement on the back of the application that shall contain the following statement:

"If you marked on the front of the application that you want to be an organ and tissue donor upon death, your consent shall serve as a legally binding document as outlined under the California Uniform Anatomical Gift Act. Except in the case where the donor is under the age of 18, the donation does not require the consent of any other person. For donors under the age of 18, the legal guardian of the donor shall make the final decision regarding the donation. If you want to change your decision to consent in the future, or if you want to limit the donation to specific

organs or tissues, you must contact Donate Life California by mail at 1760 Creekside Oaks Drive, #160, Sacramento, CA 95833, or through the World Wide Web at www.donateLIFEcalifornia.org, or www.doneVIDAcalifornia.org."

(2) Notwithstanding any other provision of law, a person under age 18 may register as a donor. However, the legal guardian of that person shall make the final decision regarding the donation.

(3) The department shall collect donor designation information on all applications for an original or renewal driver's license or identification card.

(4) The department shall print the word "DONOR" or another appropriate designation on the face of a driver's license or identification card to a person who registered as a donor on a form issued pursuant to this section.

(5) On a weekly basis, the department shall electronically transmit to Donate Life California, a nonprofit organization established and designated as the California Organ and Tissue Donor Registrar pursuant to Section 7152.7 of the Health and Safety Code, all of the following information on every applicant that has indicated his or her willingness to participate in the organ donation program:

(A) His or her true full name.

(B) His or her residence or mailing address.

(C) His or her date of birth.

(D) His or her California driver's license number or identification card number.

(6) (A) A person who applies for an original or renewal driver's license or identification card may designate a voluntary contribution of two dollars ($2) for the purpose of promoting and supporting organ and tissue donation. This contribution shall be collected by the department, and treated as a voluntary contribution to Donate Life California and not as a fee for the issuance of a driver's license or identification card.

(B) The department may use the donations collected pursuant to this paragraph to cover its actual administrative costs incurred pursuant to paragraphs (3) to (5), inclusive. The department shall deposit all revenue derived pursuant to this paragraph and remaining after the department's deduction for administrative costs in the Donate Life California Trust Subaccount, that is hereby created in the Motor Vehicle Account in the State Transportation Fund. Notwithstanding Section 13340 of the Government Code, all revenue in this subaccount is continuously appropriated, without regard to fiscal years, to the Controller for allocation to Donate Life California and shall be expended for the purpose of increasing participation in organ donation programs.

(7) The enrollment form shall be posted on the Internet Web sites for the department and the California Health and Human Services Agency.

(8) The enrollment shall constitute a legal document pursuant to the Uniform Anatomical Gift Act (Chapter 3.5 (commencing with Section 7150) of Part 1 of Division 7 of the Health and Safety Code) and shall remain binding after the donor's death despite any express desires of next of kin opposed to the donation. Except as provided in paragraph (2) of subdivision (b), the donation does not require the consent of any other person.

(9) Donate Life California shall ensure that all additions and deletions to the California Organ and Tissue Donor Registry, established pursuant to Section 7152.7 of the Health and Safety Code, shall occur within 30 days of receipt.

(10) Information obtained by Donate Life California for the purposes of this subdivision shall be used for these purposes only and shall not be disseminated further by Donate Life California.

(c) A public entity or employee shall not be liable for loss, detriment, or injury resulting directly or indirectly from false or inaccurate information contained in the form provided pursuant to subdivision (b).

(d) A contract shall not be awarded to a nongovernmental entity for the processing of driver's licenses, unless the contract conforms to all applicable state contracting laws and all applicable procedures set forth in the State Contracting Manual.

(e) This section shall become operative on July 1, 2006.

SEC. 9. Section 24400 of the Vehicle Code is amended to read:

24400. (a) A motor vehicle, other than a motorcycle, shall be:

(1) Equipped with at least two headlamps, with at least one on each side of the front of the vehicle, and, except as to vehicles registered prior to January 1, 1930, they shall be located directly above or in advance of the front axle of the vehicle. The headlamps and every light source in any headlamp unit shall be located at a height of not more than 54 inches nor less than 22 inches.

(2) Operated during darkness, or inclement weather, or both, with at least two lighted headlamps that comply with paragraph (1).

(b) As used in paragraph (2) of subdivision (a), "inclement weather" is a weather condition that is either of the following:

(1) A condition that prevents a driver of a motor vehicle from clearly discerning a person or another motor vehicle on the highway from a distance of 1,000 feet.

(2) A condition requiring the windshield wipers to be in continuous use due to rain, mist, snow, fog, or other precipitation or atmospheric moisture.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 312

An act to amend and repeal Section 10236.14 of, and to add Section 10235.35 to, the Insurance Code, relating to long-term care insurance.

[Approved by Governor September 18, 2006. Filed with Secretary of State September 18, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 10235.35 is added to the Insurance Code, to read:

10235.35. (a) Notwithstanding any other provision of law, the commissioner may require the administration by an insurer of the contingent benefit upon lapse, as described in Section 26 (A), (D) (3), (E), (F), (G), and (J) of the Long-Term Care Insurance Model Regulation promulgated by the National Association of Insurance Commissioners, as adopted in October 2000, as a condition of approval or acknowledgment of a rate adjustment for a block of business for which the contingent benefit upon lapse is not otherwise available.

(b) The insurer shall notify policyholders and certificate holders of the contingent benefit upon lapse when required by the commissioner in conjunction with the implementation of a rate adjustment. The commissioner may require an insurer who files for such a rate adjustment to allow policyholders and certificate holders to reduce coverage pursuant to Section 10235.50 to avoid an increase in the policy's premium amount.

(c) The commissioner may also approve any other alternative mechanism filed by the insurer in lieu of the contingent benefit upon lapse.

SEC. 2. Section 10236.14 of the Insurance Code, as added by Section 9 of Chapter 812 of the Statutes of 2000, is amended to read:

10236.14. Approval of all premium rate schedule increases shall be subject to the following requirements:

(a) Premium rate schedule increases shall demonstrate that the sum of the accumulated value of incurred claims, without the inclusion of active life reserves, and the present value of future projected incurred claims, without the inclusion of active life reserves, will not be less than the sum of the following:

(1) The accumulated value of the initial earned premium times 58 percent.

(2) Eighty-five percent of the accumulated value of prior premium rate schedule increases on an earned basis.

(3) The present value of future projected initial earned premiums times 58 percent.

(4) Eighty-five percent of the present value of future projected premiums not in paragraph (3) on an earned basis.

(b) In the event the commissioner determines that a premium rate increase is justified due to changes in laws or regulations that are retroactively applicable to long-term care insurance previously sold in this state, a premium rate schedule increase may be approved if the increase provides that 70 percent of the present value of projected additional premiums shall be returned to policyholders in benefits and the other requirements applicable to other premium rate schedule increases are met.

(c) All present and accumulated values used to determine rate increases should use the maximum valuation interest rate for contract reserves. The actuary shall disclose as part of the actuarial memorandum the use of any appropriate averages.

(d) If the requested premium rate schedule increase on any new policy form approved under Section 10236.11 exceeds 15 percent or if the requested premium rate schedule increase on any policy form approved under Section 10236.11 plus all increases occurring after July 1, 2002, in the premium rate schedule for the same policy form exceed 15 percent, no request for a rate increase on any policy form shall be approved by the commissioner except as follows: all the insurer's individual experience on long-term care policy forms issued in this state that have been approved pursuant to Section 10236.11 are pooled together to project future claims experience and the combined experience satisfies the requirements in subdivision (a). An insurer is not precluded from filing requests for premium rate schedule increases on all of its policy forms if the combined experiences after pooling all applicable policy forms satisfies the requirements of subdivision (a).

(e) No approval for an increase in the premium schedule shall be granted unless the actuary performing the review for the commissioner certifies that if the requested premium rate schedule increase is implemented and the underlying assumptions, which reflect moderately

adverse conditions, are realized, no further premium rate schedule increases are anticipated. The certification may rely on supporting data in the filing.

(f) The provisions of this section are applicable to all individual and group policies issued in this state on or after July 1, 2002.

SEC. 3. Section 10236.14 of the Insurance Code, as added by Section 10 of Chapter 812 of the Statutes of 2000, is repealed.

CHAPTER 313

An act to amend Section 51871.5 of the Education Code, relating to education technology.

[Approved by Governor September 18, 2006. Filed with Secretary of State September 18, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 51871.5 of the Education Code is amended to read:

51871.5. (a) It is the intent of the Legislature that education technology planning be accomplished in the most comprehensive manner possible. To that end, the current practice of developing education technology plans for each funding program should be replaced with a comprehensive local planning process that will enable school districts to apply for grants on an ongoing basis and assist in utilizing available education technology programs.

(b) On or after January 1, 2005, as a precondition to receiving a technology grant administered by the department, a school district shall have a current three- to five-year education technology plan. The state board may waive this requirement if it determines that the applicant school district made a good faith effort to develop a plan, but for reasons beyond its control, the district cannot develop the plan before receipt of the technology grant.

(c) On or before July 1, 2007, the Superintendent shall develop guidelines and criteria for inclusion in the education technology plan required pursuant to subdivision (b). The guidelines and criteria shall include a component to educate pupils and teachers on the appropriate and ethical use of information technology in the classroom, Internet safety, the manner in which to avoid committing plagiarism, the concept, purpose, and significance of a copyright so that pupils are equipped with the skills necessary to distinguish lawful from unlawful online

downloading, and the implications of illegal peer-to-peer network file sharing.

A school district that, on July 1, 2008, has a current three-to-five year education technology plan that complies with subdivision (b) is not required to comply with this subdivision until after its plan expires or is voluntarily replaced.

(d) On or after January 1, 2005, the Superintendent shall ensure that each school district has access to technical assistance and an approved online technology plan builder that the department determines is in compliance with state and federal requirements.

(e) The department shall maintain a record of school districts that have a three- to five-year education technology plan and shall make that information available to interested public agencies.

CHAPTER 314

An act to amend Section 32128 of the Health and Safety Code, relating to health facilities.

[Approved by Governor September 18, 2006. Filed with Secretary of State September 18, 2006.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The participation of nonemployee members of hospital medical staff in the medical peer review activities of hospitals is critical to preserving the highest standards of hospital medical practice and patient care.

(b) Participation in medical peer review activities exposes nonemployee members of the health care district medical staff to the risk of involvement in civil actions arising out of those peer review activities.

(c) California hospitals have traditionally provided nonemployee physicians, serving as members of hospital peer review committees, with indemnification for damages and for costs associated with the legal defense of civil actions arising out of their peer review activities. However, a recent Attorney General's Opinion calls into question the specific authority of health care districts, pursuant to the local Health Care District Law (Division 23 (commencing with Section 32000) of the Health and Safety Code), to provide this indemnification.

(d) The risks and costs of involvement in litigation would make it extremely difficult for health care districts to obtain the participation of nonemployee members of their hospital medical staff in peer review activities. The loss of active peer review bodies would render district hospitals ineligible for certification by the Joint Commission on the Accreditation of Hospitals and Health Care Organizations, threaten district hospitals' contracts with liability insurance carriers, and their status as Medicare providers, and could potentially invalidate their contracts with numerous health plans.

(e) To ensure that nonemployee members of the medical staff will continue to participate in the medical peer review activities of health care districts, it is necessary for districts to provide conditional indemnification for damages and for costs associated with the legal defense of civil actions arising out of participation in those peer review activities.

SEC. 2. Section 32128 of the Health and Safety Code is amended to read:

32128. (a) The rules of the hospital, established by the board of directors pursuant to this article, shall include all of the following:

(1) Provision for the organization of physicians and surgeons, podiatrists, and dentists licensed to practice in this state who are permitted to practice in the hospital into a formal medical staff, with appropriate officers and bylaws and with staff appointments on an annual or biennial basis.

(2) Provision for a procedure for appointment and reappointment of medical staff as provided by the standards of the Joint Commission on Accreditation of Healthcare Organizations.

(3) Provisions that the medical staff shall be self-governing with respect to the professional work performed in the hospital; that the medical staff shall meet in accordance with the minimum requirements of the Joint Commission on Accreditation of Healthcare Organizations; and that the medical records of the patients shall be the basis for such review and analysis.

(4) Provision that accurate and complete medical records be prepared and maintained for all patients.

For purposes of this paragraph medical records include, but are not limited to, identification data, personal and family history, history of present illness, physical examination, special examinations, professional or working diagnoses, treatment, gross and microscopic pathological findings, progress notes, final diagnosis, condition on discharge, and other matters as the medical staff shall determine.

(5) Limitations with respect to the practice of medicine and surgery in the hospital as the board of directors may find to be in the best interests

of the public health and welfare, including appropriate provision for proof of ability to respond in damages by applicants for staff membership, as long as no duly licensed physician and surgeon is excluded from staff membership solely because he or she is licensed by the Osteopathic Medical Board of California.

(b) Notwithstanding any other provision of law, the board of directors may indemnify for damages and for costs associated with the legal defense of any nonemployee member of the medical staff when named as a defendant in a civil action directly arising out of opinions rendered, statements made, or actions taken as a necessary part of participation in the medical peer review activities of the district. This provision for indemnification for damages shall not include any award of punitive or exemplary damages against any nonemployee member of the medical staff. If the plaintiff prevails in a claim for punitive or exemplary damages against a nonemployee member of the medical staff, the defendant, at the option of the board of directors of the district, shall be liable to the district for all the costs incurred in providing representation to the defendant.

(c) Notwithstanding subdivision (b) or any other provision of law, a district is authorized to pay that part of a judgment that is for punitive or exemplary damages against a nonemployee member of the medical staff arising out of participation in peer review activities, if the board of directors of the district, in its discretion, finds all of the following:

(1) The judgment is based on opinions rendered, statements made, or actions taken as a necessary part of participation in the medical peer review activities of the district.

(2) At the time of rendering of the opinions, making the statements, or taking the actions giving rise to the liability, the nonemployee member of the medical staff was acting in good faith, without actual malice, and in the apparent best interests of the district.

(3) Payment of the claim or judgment against the nonemployee member staff would be in the best interests of the district.

(d) The rules of the hospital shall, insofar as consistent with this article, be in accord with and contain minimum standards not less than the rules and standards of private or voluntary hospitals. Unless specifically prohibited by law, the board of directors may adopt other rules which could be lawfully adopted by private or voluntary hospitals.

SEC. 3. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7

(commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 315

An act to amend Sections 358, 478, and 504 of the Streets and Highways Code, relating to highways.

(3) The portion of Route 58 relinquished under this subdivision shall be ineligible for future adoption under Section 81.

(4) For the portion of Route 58 that is relinquished under this subdivision, the City of Bakersfield or the County of Kern shall install and maintain within the jurisdiction of the city signs directing motorists to the continuation of Route 58.

SEC. 2. Section 478 of the Streets and Highways Code is amended to read:

478. (a) Route 178 is from:

(1) Bakersfield to Route 14 near Freeman via Walker Pass.

(2) Route 14 near Freeman to Route 127.

(3) Route 127 to the Nevada state line in Pahrump Valley.

(b) Upon a determination by the commission that it is in the best interests of the state to do so, the commission may, upon terms and conditions approved by it, relinquish to the City of Bakersfield the portion of Route 178 that is located within the city limits of that city if the city agrees to accept it. (4) For the portion of Route 178 that is relinquished under this subdivision, the City of Bakersfield shall install and maintain within its jurisdiction signs directing motorists to the continuation of Route 178.

SEC. 3. Section 504 of the Streets and Highways Code is amended to read:

504. (a) Route 204 is from Route 58 to Route 99 near Bakersfield via Union Avenue and Golden State Avenue.

(b) Upon a determination by the commission that it is in the best interests of the state to do so, the commission may, upon terms and conditions approved by it, relinquish to the City of Bakersfield the portion of Route 204 that is located within the city limits of that city if the city agrees to accept it. The following conditions shall apply upon relinquishment:

(1) The relinquishment shall become effective on the date following the county recorder's recordation of the relinquishment resolution containing the commission's approval of the terms and conditions of the relinquishment.

(2) On and after the effective date of the relinquishment, the relinquished portion of Route 204 shall cease to be a state highway.

(3) The portion of Route 204 relinquished under this subdivision shall be ineligible for future adoption under Section 81.

CHAPTER 316

An act to add and repeal Section 7202.5 of the Welfare and Institutions Code, relating to mental institutions.

[Approved by Governor September 18, 2006. Filed with
Secretary of State September 18, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 7202.5 is added to the Welfare and Institutions Code, to read:

7202.5. (a) The Atascadero State Hospital director shall develop a hospitalwide strategic plan that shall include, but not be limited to, a description of all of the following:

CHAPTER 317

An act to amend Section 69 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 18, 2006. Filed with Secretary of State September 18, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 69 of the Revenue and Taxation Code is amended to read:

69. (a) Notwithstanding any other provision of law, pursuant to Section 2 of Article XIII A of the Constitution, the base year value of property which is substantially damaged or destroyed by a disaster, as declared by the Governor, may be transferred to comparable property within the same county which is acquired or newly constructed within five years after the disaster, or five years in the case of the Northridge earthquake, as a replacement for the substantially damaged or destroyed property. At the time the base year value of the substantially damaged or destroyed property is transferred to the replacement property, the

substantially damaged or destroyed property shall be reassessed at its full cash value; however, the substantially damaged or destroyed property shall retain its base year value notwithstanding the transfer authorized by this section. If the owner or owners of substantially damaged or destroyed property receive property tax relief under this section, that property shall not be eligible for property tax relief under subdivision (c) of Section 70 in the event of its reconstruction.

(b) The replacement base year value of the replacement property acquired shall be determined in accordance with this section.

The assessor shall use the following procedure in determining the appropriate replacement base year value of comparable replacement property:

(1) If the full cash value of the comparable replacement property does not exceed 120 percent of the full cash value of the property substantially damaged or destroyed, then the adjusted base year value of the property substantially damaged or destroyed shall be transferred to the comparable replacement property as its replacement base year value.

(2) If the full cash value of the replacement property exceeds 120 percent of the full cash value of the property substantially damaged or destroyed, then the amount of the full cash value over 120 percent of the full cash value of the property substantially damaged or destroyed shall be added to the adjusted base year value of the property substantially damaged or destroyed. The sum of these amounts shall become the replacement property's replacement base year value.

(3) If the full cash value of the comparable replacement property is less than the adjusted base year value of the property substantially damaged or destroyed, then that lower value shall become the replacement property's base year value.

(4) The full cash value of the property substantially damaged or destroyed shall be the amount of its full cash value immediately prior to its substantial damage or destruction, as determined by the county assessor of the county in which the property is located.

(c) For purposes of this section:

(1) Property is substantially damaged or destroyed if it sustains physical damage amounting to more than 50 percent of its full cash value immediately prior to the disaster. Damage includes a diminution in the value of property as a result of restricted access to the property where the restricted access was caused by the disaster and is permanent in nature.

(2) Replacement property is comparable to the property substantially damaged or destroyed if it is similar in size, utility, and function to the property which it replaces.

(A) Property is similar in function if the replacement property is subject to similar governmental restrictions, such as zoning.

(B) Both the size and utility of property are interrelated and associated with value. Property is similar in size and utility only to the extent that the replacement property is, or is intended to be, used in the same manner as the property substantially damaged or destroyed and its full cash value does not exceed 120 percent of the full cash value of the property substantially damaged or destroyed.

(i) A replacement property or any portion thereof used or intended to be used for a purpose substantially different than the use made of the property substantially damaged or destroyed shall to the extent of the dissimilar use be considered not similar in utility.

(ii) A replacement property or portion thereof that satisfies the use requirement but has a full cash value that exceeds 120 percent of the full cash value of the property substantially damaged or destroyed shall be considered, to the extent of the excess, not similar in utility and size.

(C) To the extent that replacement property, or any portion thereof, is not similar in function, size, and utility, the property, or portion thereof, shall be considered to have undergone a change in ownership when the replacement property is acquired or newly constructed.

(3) "Disaster" means a major misfortune or calamity in an area subsequently proclaimed by the Governor to be in a state of disaster as a result of the misfortune or calamity.

(d) (1) This section applies to any comparable replacement property acquired or newly constructed on or after July 1, 1985.

(2) The amendments made by Chapter 1053 of the Statutes of 1993 apply to any comparable replacement property that is acquired or newly constructed as a replacement for property substantially damaged or destroyed by a disaster occurring on or after October 20, 1991, and to the determination of base year values for the 1991–92 fiscal year and fiscal years thereafter.

(3) The amendments made by the act adding this paragraph apply to any comparable replacement property that is acquired or newly constructed as a replacement for property substantially damaged or destroyed by a disaster occurring on or after July 1, 2003, and to the determination of base year values for the 2003–04 fiscal year and fiscal years thereafter.

(e) Only the owner or owners of the property substantially damaged or destroyed, whether one or more individuals, partnerships, corporations, other legal entities, or a combination thereof, shall receive property tax relief under this section. Relief under this section shall be granted to an owner or owners of substantially damaged or destroyed property obtaining title to replacement property. The acquisition of an ownership

interest in a legal entity which, directly or indirectly, owns real property is not an acquisition of comparable property.

SEC. 2. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

(2) A relinquishment under this subdivision shall become effective immediately following the county recorder's recordation of the relinquishment resolution containing the commission's approval of the terms and conditions of the relinquishment.

(3) On and after the effective date of the relinquishment, the relinquished portion of Route 79 shall cease to be a state highway.

(4) The portion of Route 79 relinquished under this subdivision shall be ineligible for future adoption under Section 81.

(5) For the portion of Route 79 that is relinquished under this subdivision, the City of San Jacinto shall maintain within its jurisdiction signs directing motorists to the continuation of Route 79.

An act to amend Sections 922.2, 922.5, 922.6, and 1781.10 of, and to add Section 1781.14, to the Insurance Code, relating to reinsurance.

[Approved by Governor September 18, 2006. Filed with Secretary of State September 18, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 922.2 of the Insurance Code is amended to read:

922.2. (a) Credit for reinsurance shall be allowed a domestic ceding insurer as either an asset or a deduction from liability in accordance with Sections 922.4 and 922.5 only if the reinsurance contract contains provisions that provide, in substance, as follows:

(1) The reinsurer shall indemnify the ceding insurer for the risk it has assumed according to the terms and conditions contained in the reinsurance contract.

(2) In the event of insolvency and the appointment of a conservator, liquidator, or statutory successor of the ceding company, the reinsurance shall be payable to the conservator, liquidator, or statutory successor on the basis of claims allowed against the insolvent company by any court of competent jurisdiction or by any conservator, liquidator, or statutory successor of the company having authority to allow such claims, without diminution because of that insolvency, or because the conservator, liquidator, or statutory successor has failed to pay all or a portion of any claims. Payments by the reinsurer as set forth in this subdivision shall be made directly to the ceding insurer or to its conservator, liquidator, or statutory successor, except where the contract of insurance or reinsurance specifically provides another payee of such reinsurance in the event of the insolvency of the ceding insurer.

The reinsurance contract may provide that the conservator, liquidator, or statutory successor of a ceding insurer shall give written notice of the pendency of a claim against the ceding insurer indicating the policy or bond reinsured, within a reasonable time after such claim is filed and the reinsurer may interpose, at its own expense, in the proceeding where such claim is to be adjudicated, any defense or defenses which it may deem available to the ceding insurer or its conservator, liquidator, or statutory successor. The expense thus incurred by the reinsurer shall be payable subject to court approval out of the estate of the insolvent ceding insurer as part of the expense of conservation or liquidation to the extent of a proportionate share of the benefit which may accrue to the ceding insurer in conservation or liquidation, solely as a result of the defense undertaken by the reinsurer.

(b) Payment pursuant to a reinsurance contract shall be made within a reasonable time with reasonable provision for verification in accordance with the terms of the reinsurance agreement. However, in no event shall the payments be beyond the period required by the National Association of Insurance Commissioners (NAIC) Accounting Practices and Procedures Manual.

(c) The original insured or policyholder shall not have any rights against the reinsurer which are not specifically set forth in the contract of reinsurance, or in a specific agreement between the reinsurer and the original insured or policyholder.

SEC. 2. Section 922.5 of the Insurance Code is amended to read:

922.5. (a) An asset or a deduction from liability for reinsurance ceded by a domestic insurer to an assuming insurer not meeting the requirements of Section 922.4 shall be allowed in an amount not exceeding the liabilities carried by the ceding insurer to the extent of either of the following:

(1) The asset or deduction is not greater than the amount of funds held by the ceding insurer under a reinsurance contract with that assuming insurer as security for the payment of obligations thereunder and such funds are held in the United States under the exclusive control of the ceding insurer.

(2) The asset or deduction is not greater than the amount of funds held in a trust, satisfactory to the commissioner, on behalf of the ceding insurer under a reinsurance contract with such assuming insurer as security for the payment of obligations thereunder and is held in a qualified United States financial institution, as defined in subdivision (b) of Section 922.7, subject to withdrawal solely by the ceding insurer.

The security under this subdivision may be in the form of cash or securities authorized as general investments under Article 3 (commencing with Section 1170) of Chapter 2, or securities listed by the Securities Valuation Office of the NAIC, qualifying as admitted assets under this code and with liquidity meeting the requirements of Section 706.5.

(b) An asset or a deduction from liability for reinsurance ceded by a domestic insurer to an assuming insurer not meeting the requirements of Section 922.4 shall be allowed in an amount not exceeding the liabilities carried by the ceding insurer to the extent that security is provided in the form of letters of credit, satisfactory to the commissioner, which shall be:

(1) Clean, irrevocable, unconditional letters of credit, issued or confirmed by qualified United States financial institutions, as defined in subdivision (a) of Section 922.7, effective no later than December 31st in respect of the year for which filing is being made, and in the possession of the ceding insurer on or before the filing date of its annual statement.

(2) Letters of credit meeting applicable standards of issuer acceptability as of the dates of their issuance or confirmation and shall, notwithstanding the issuing or confirming institutions' subsequent failure to meet applicable standards of issuer acceptability, continue to be acceptable as security until their expiration, extension, renewal, modification, or amendment, whichever first occurs.

SEC. 3. Section 922.6 of the Insurance Code is amended to read:

922.6. (a) Unless credit for reinsurance or deduction from liability is disallowed pursuant to Section 922.3 or 923, credit for reinsurance or

deduction from liability shall be allowed a foreign ceding insurer to the extent credit has been allowed by the ceding insurer's state of domicile if either:

(1) The state of domicile is accredited by the NAIC.

(2) Credit or deduction from liability would be allowed under this statute if the foreign ceding insurer were domiciled in this state.

(b) Notwithstanding subdivision (a), credit for reinsurance or deduction from liability may be disallowed upon a finding by the commissioner that either the financial condition of the reinsurer, or the collateral or other security provided by the reinsurer, does not, in substance, satisfy the credit for reinsurance requirements applicable to ceding insurers domiciled in this state.

SEC. 4. Section 1781.10 of the Insurance Code is amended to read:

1781.10. (a) A reinsurance intermediary shall be subject to examination by the commissioner. The commissioner shall have access to all books, bank accounts, and records of each reinsurance intermediary in a form usable to the commissioner.

(b) A reinsurance intermediary-manager may be examined as if it were the reinsurer.

(d) An examination shall be at the expense of the reinsurance intermediary. The commissioner may revoke the license of the reinsurance intermediary for a refusal to promptly pay the examination expense when due.

SEC. 5. Section 1781.14 is added to the Insurance Code, to read:

1781.14. (a) A reinsurance intermediary shall comply with any order of a court of competent jurisdiction or a duly constituted arbitration panel requiring the production of nonprivileged documents by the reinsurance intermediary, or the testimony of an employee or other individual otherwise under control of the reinsurance intermediary with respect to any reinsurance transaction for which it acted as a reinsurance intermediary.

(b) Compliance with subdivision (a) shall be subject to the right of the reinsurance intermediary and the parties to the transaction to object to the court or arbitration panel concerning the nature or scope of the documents or testimony or the time within which it must comply with

the order. Failure to comply with the order shall be deemed to be a material noncompliance with this chapter.

CHAPTER 323

An act to amend Section 7271 of the Food and Agricultural Code, relating to noxious and invasive weeds.

[Approved by Governor September 18, 2006. Filed with Secretary of State September 18, 2006.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares each of the following:

(a) The spread of certain harmful, nonnative species of plants causes enormous damage to the environment and economy of California.

(b) The destructive impact of invasive and often poisonous noxious weeds is profound, affecting California's cropland, rangeland, forests, parks, and wildlands.

(c) Enormous sums of private, state, and federal resources are lost through decreased land productivity, degradation of wildlife habitat, and outright destruction of crops, livestock, wetlands, waterways, watersheds, and recreational areas caused by noxious and invasive weeds.

(d) The estimated lost crop and forage productivity caused by invasive and noxious weeds is $33 billion nationwide, a large proportion of which is attributable to California.

(e) Noxious and invasive weeds have destroyed large portions of riparian habitat along creeks, streams, rivers, lakes, reservoirs, and other bodies of freshwater in California, damaging the integrity of riparian system by altering erosion, sedimentation, flooding, and fire.

(f) Proper noxious and invasive weed management in riparian habitats is critical to sustaining California's freshwater supply.

(g) The invasive weed Arundo donax (giant reed) has established large colonies across the state, most notably southern California, where one in 10,000 acre area of the weed has been estimated to have consumed more than 30,000 acre-feet of water each year, or enough water to meet the yearly freshwater needs of 150,000 persons. Over one million dollars ($1,000,000) is spent annually on controlling Arundo in southern California.

(h) The invasive weed yellow star thistle has infested more than 20,000,000 acres, roughly 22 percent of the state, and is quickly expanding in the Sierra and into the Coastal Range, making it the most common invasive plant in California, choking out native plants and killing horses who eat its poisonous early season growth. Yellow star thistle consumes extra groundwater estimated to cost sixteen million

dollars ($16,000,000) to seventy-five million dollars ($75,000,000) each year in the Sacramento River watershed alone.

(i) Tamarisk (saltcedar) trees, found along waterways throughout the arid west, including southern California, are estimated to cost between $133 billion and $292 billion nationally each year in lost water, flood control, hydropower, wildlife habitat, and recreation.

(j) California has a noxious weed management program for the purpose of managing and eradicating noxious weeds though specified local weed management areas. These programs to prevent, control, manage, and eradicate nonnative and noxious weeds have emphasized information sharing, education, and public awareness and participation as critical to the success of prevention, control, and eradication efforts.

(k) Local weed management groups have benefited greatly from the commitment of the state to fund weed eradication, and these weed management groups have been successful in identifying and eradicating invasive and noxious weed species in their regions.

(*l*) The California Noxious and Invasive Weed Action Plan, September 2005, calls for expanding funding for local weed management groups.

SEC. 2. Section 7271 of the Food and Agricultural Code is amended to read:

7271. (a) The Legislature designates the Department of Food and Agriculture as the lead department in noxious weed management and the department is responsible for the implementation of this article in cooperation with the Secretary for Resources.

(b) There is hereby created in the Department of Food and Agriculture Fund the Noxious Weed Management Account.

(c) Funds appropriated for expenditure by the secretary for purposes of this article may be spent without regard to fiscal year and shall be allocated as follows:

(1) Eighty percent of moneys in the account shall be made available to eligible weed management areas or county agricultural commissioners for the control and abatement of noxious weeds according to an approved integrated weed management plan.

(2) Ten percent shall be made available toward research on the biology, ecology, or management of noxious and invasive weeds.

These research moneys shall be made available to qualified researchers through a grant program administered by the department. Proposals shall be evaluated in consultation with the Range Management Advisory Committee, with emphasis placed on funding of needs-based, applied and practical research.

(3) Ten percent shall be made available to the department, and shall only be used for the following purposes:

(A) Carrying out the provisions of this article.

(B) Developing of noxious weed control strategies.

(C) Seeking new, effective biological control agents for the long-term control of noxious weeds.

(D) Conducting private and public workshops as needed to discuss and plan weed management strategies with all interested and affected local, state, and federal agencies, private landowners, educational institutions, interest groups, and county agricultural commissioners.

(E) Appointing a noxious weed coordinator and weed mapping specialist to assist in weed inventory, mapping, and control strategies.

CHAPTER 324

An act to add Article 6 (commencing with Section 12260) to Chapter 3 of Part 2 of Division 3 of Title 2 of the Government Code, relating to the Secretary of State.

[Approved by Governor September 18, 2006. Filed with Secretary of State September 18, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Article 6 (commencing with Section 12260) is added to Chapter 3 of Part 2 of Division 3 of Title 2 of the Government Code, to read:

(a) The factual representations by a shareholder, member, partner, or other person that are required for the termination document are materially false.

(b) The submission of the termination document to the Secretary of State for filing is fraudulent.

(c) Other grounds exist warranting reinstatement of the business entity.

12262. If the Secretary of State determines that the name of a business entity that has been ordered by a court to be reinstated creates a conflict

under subdivision (b) of Section 201, subdivision (b) of Section 5122, subdivision (c) of Section 7122, subdivision (b) of Section 9122, subdivision (b) of Section 12302, subdivision (c) of Section 15612, or subdivision (c) of Section 17052 of the Corporations Code or any related statute, the reinstatement shall be subject to the business entity filing an amendment to change its name to eliminate the conflict.

12263. Nothing in this article authorizes a court to order that any records of the Secretary of State be expunged. The Secretary of State shall file a certified copy of the order of the court reinstating the business entity with the records of the business entity, and the reinstatement shall be effective on the date the Secretary of State files the order. The Secretary of State shall notify the Franchise Tax Board of the reinstatement of the business entity.

SEC. 11. Section 17195 of the Education Code is amended to read:

17195. Whenever the principal and interest on bonds issued by the authority to finance the cost of a project or working capital, or to refinance the outstanding indebtedness of one or more participating parties, including any refunding bonds issued to refund and refinance those bonds, have been fully paid or retired, or whenever adequate provision has been made to fully pay and retire the bonds, and all other conditions of the resolution, lease, trust indenture and any security interest, or any other instrument or instruments authorizing and securing the bonds have been satisfied and the lien of security interest has been released in accordance with those provisions, the authority shall promptly provide for and execute any releases, release deeds, reassignments, deeds, and conveyances as are necessary and required to convey or release its rights, title, and interest in the project financed, to the participating parties.

SEC. 12. Section 17199.1 of the Education Code is amended to read:

17199.1. (a) Any participating party, exclusively for the purpose of securing financing or refinancing of projects or working capital pursuant to this chapter through the issuance, by the authority, of revenue bonds, certificates of participation, or other means, and notwithstanding any other provision of law, may: (1) sell to the authority all or part of any rights to or possibilities regarding the state's share of funding for school facilities approved by the State Allocation Board pursuant to Chapter 12.5 (commencing with Sec. 17070.10) including amounts apportioned and funded and amounts approved but not yet funded by the State Allocation Board from proceeds of state bonds already authorized by the electors but not yet issued; (2) issue bonds to the authority; or (3) borrow money or purchase or lease educational facilities from the authority, and in connection therewith, sell or lease property to the authority, in each case at any interest rate or rates, rental provisions, with any maturity date or dates or term, and with any other transfer, assignment, payment, security, default, remedy, and other terms or provisions as may be specified in the sale of rights agreement or the bonds of the participating party or a loan, loan purchase, installment

sale, lease, or other agreement between the authority and the participating party, subject to the following conditions:

(A) The sum of the amount borrowed to finance working capital and the interest payable thereon at the initial interest rate if interest is variable, shall not exceed 85 percent of the estimated amount of uncollected taxes, income, revenue, cash receipts, and other funds received by the participating party, which will be available in any fiscal year for the repayment of the loan and the interest thereon. For purposes of this paragraph, "revenue" includes, but is not limited to, federal and state funds received by the participating party.

(B) In computing the maximum amount that may be borrowed in any fiscal year pursuant to subparagraph (A), the participating party may exclude the amount of any principal or interest which is secured by a pledge of the amount in any inactive or term deposit of the participating party which has a term scheduled to terminate during that fiscal year.

(C) A participating party that borrows money to finance working capital pursuant to this subdivision shall be required to repay and discharge the loan, including interest, within 15 months of the loan date.

(D) In enacting this chapter, it is the intent of the Legislature to provide financing of working capital needed to cover temporary or cashflow deficits and needs for working capital and not long-term budget deficits or shortfalls in funding. The participating party must demonstrate to the satisfaction of the authority that, during the term of any working capital loan received pursuant to this chapter, the participating party will receive or otherwise have (without additional borrowing) sufficient funds to repay and discharge the loan. The participating party may take into account all funds received by the participating party and may base future projections upon historical experience or reasonable expectations, or a combination thereof.

(b) Notwithstanding Sections 700, 703, and 1045 of the Civil Code, the rights and possibilities that a participating party may have or obtain in the future to an approved state contribution to funding for school facilities pursuant to Chapter 12.5 (commencing with Sec. 17070.10) that remains unfunded pending the issuance of state bonds already authorized by the electors shall constitute property for all purposes and may be transferred as provided in subdivision (a). In the case of any transfer or assignment of rights or possibilities relating to funds for which bonds have been approved by the voters but are not yet available, the transfer or assignment shall be approved by resolution of the State Allocation Board prior to becoming effective.

(c) Any participating party may enter into any agreement for liquidity or credit enhancement, with any reimbursement, payment, interest, security, default, remedy, and other terms it may deem necessary or

appropriate in connection with the issuance of bonds, the borrowing of money or the lease or purchase of educational facilities, whichever is applicable. Any participating party or parties may also do all things and execute all documents as may be necessary or desirable in connection with the issuance of certificates of participation, or other interests, in any bond, loan, note, installment sale, lease, or other agreement of the participating party.

(d) A school district may by resolution authorize any county or city board of education or superintendent of schools, a community college district may by resolution authorize the Board of Governors of the California Community Colleges or the Chancellor of the California Community Colleges, and a charter school may by resolution authorize its chartering entity or educational management organization, to act as its agent in the performance of any of the matters permitted by this section or any other provision of this chapter. Notwithstanding any other provision of law, the agent shall have the powers granted by the resolution for purposes of this chapter. The resolution shall be deemed to bind the school district, charter school, or community college district, as the case may be, to any contract, agreement, instrument, or other document executed by the agent on behalf of the school district, charter school, or community college district, and all duties, obligations, or responsibilities contained therein on the part of the school district, charter school, or community college district, to the same extent as if duly authorized, executed, and delivered by the school district, charter school, or community college district.

(e) This section shall be deemed to provide a complete, additional, and alternative method for accomplishing the acts authorized by this section, and the sale or transfer of any rights to or possibilities regarding the state share of funding for school facilities approved by the State Allocation Board including amounts apportioned and funded and amounts approved but not yet funded from proceeds of state bonds already authorized by the electors but not yet issued, issuance of bonds to, borrowing of money from, or sale or purchase or lease of educational facilities from or to, the authority. Any agreement entered into in connection with the transfer of any rights to or possibilities regarding the state contribution for funding for school facilities pursuant to Chapter 12.5 (commencing with Section 17070.10), including amounts apportioned and funded and amounts approved but not yet funded by the State Allocation Board from proceeds of state bonds already authorized by the electors but not yet issued, or the issuance of bonds, the borrowing of money or the sale, purchase, or lease of educational facilities, including, without limitation, any agreement for liquidity or credit enhancement under this section, need not comply with the

requirements of any other law applicable to issuance of bonds, borrowing, selling, purchasing, leasing, pledge, encumbrance, or credit, as the case may be, by a school district, charter school, or community college district, or by a county or city board of education or superintendent of schools, or the Board of Governors of the California Community Colleges or Chancellor of the California Community Colleges, or the governing board of a charter school, chartering entity, or educational management organization.

SEC. 13. Section 17199.4 of the Education Code is amended to read:

17199.4. (a) Notwithstanding any other law, any participating party, in connection with securing financing or refinancing of projects, or working capital pursuant to this chapter, may elect to guarantee or provide for payment of the bonds in accordance with the following conditions:

(1) If a participating party adopts a resolution by a majority vote of its board to participate under this section, it shall provide notice to the Controller of that election. The notice shall include a schedule for the repayment of principal and interest on the bonds, and any other costs necessary or incidental to financing pursuant to this chapter, and identify a trustee appointed by the participating party or the authority for purposes of this section. The notice shall be provided not later than the date of issuance of the bonds or 60 days prior to the next payment, whichever date is later. The participating party shall update the notice at least annually if there is a change in the required payment for any reason, including, but not limited to, providing for new or increased costs necessary or incidental to the financing.

(2) If, for any reason, the participating party will not make a payment at the time the payment is required, the participating party shall notify the trustee of that fact and of the amount of the deficiency. If the trustee receives this notice from the participating party, or does not receive any payment by the date that payment becomes due, the trustee shall immediately communicate that information to the Controller.

(3) Upon receipt of the notice required by paragraph (2), the Controller shall make an apportionment to the trustee on the date shown in the schedule in the amount of the deficiency for the purpose of making the required payment. The Controller shall make that apportionment only from moneys in Section A of the State School Fund designated for apportionment to a school district pursuant to Section 42238 or to the county office of education pursuant to Section 2558, or in the case of a charter school, pursuant to Section 47633.

(4) As an alternative to the procedures set forth in paragraphs (2) and (3), the participating party may provide a transfer schedule in its notice to the Controller of its election to participate under this section. The transfer schedule shall set forth amounts to be transferred to the trustee

and the date for the transfers. The Controller shall, subject to the limitation in paragraph (3), make apportionments to the trustee of those amounts on the specified date for the purpose of making those transfers. The authority may require a participating party to proceed under this subdivision.

(b) (1) The amount apportioned for a participating party pursuant to this section shall be deemed to be an allocation to the participating party for purposes of subdivision (b) of Section 8 of Article XVI of the California Constitution.

(2) For purposes of computing revenue limits pursuant to Section 42238 for any school district or pursuant to Section 2558 for any county office of education, the revenue limit for any fiscal year in which funds are apportioned for the participating party pursuant to this section shall include any amounts apportioned by the Controller pursuant to paragraphs (3) and (4) of subdivision (a).

(3) For the purposes of computing the general-purpose entitlement of a charter school pursuant to Section 47633, that entitlement shall include any amounts apportioned by the Controller pursuant to paragraphs (3) and (4) of subdivision (a). The participating party and its creditors do not have a claim to funds apportioned or anticipated to be apportioned to the trustee by the Controller pursuant to paragraph (3) and (4) of subdivision (a), or to the funds apportioned to by the Controller to the trustee under any other provision of this section.

(c) (1) Participating parties that elect to participate under this section shall apply to the authority. The authority shall consider each of the following priorities in making funds available:

(A) First priority shall be given to school districts, charter schools, or county offices of education that apply for funding for instructional classroom space.

(B) Second priority shall be given to school districts, charter schools, or county offices of education that apply for funding of modernization of instructional classroom space.

(C) Third priority shall be given to all other eligible costs, as defined in Section 17173.

(2) The authority shall prioritize applications at appropriate intervals.

(3) A school district electing to participate under this section that has applied for revenue bond moneys for the purposes of joint venture school facilities construction projects, pursuant to Article 5 (commencing with Section 17060) of Chapter 12, shall not be subject to the priorities set forth in paragraph (1).

(d) This section shall not be construed to make the State of California liable for any payments within the meaning of Section 1 of Article XVI

of the California Constitution or otherwise, except as expressly provided in this section.

(e) A school district that has a qualified or negative certification pursuant to Section 42131, or a county office of education that has a qualified or negative certification pursuant to Section 1240, may not participate under this section.

(b) The director may modify any process or methodology specified in this article to the extent necessary to comply with federal law or the terms of the demonstration project, but only if the modification results in the equitable distribution of funding, consistent with this article, among the hospitals affected by the modification. If the director, after consulting with affected hospitals, determines that an equitable distribution cannot be achieved, the director shall execute a declaration stating that this determination has been made. The director shall retain the declaration and provide a copy, within five working days of the execution of the declaration, to the fiscal and appropriate policy committees of the Legislature. This article shall become inoperative on the date that the director executes a declaration pursuant to this subdivision, and as of January 1 of the following year shall be repealed.

(e) In the administration of this article, the state shall continue to make payments to hospitals that meet the eligibility requirements for participation in the supplemental reimbursement program for hospital facility construction, renovation, or replacement pursuant to Section 14085.5 and shall continue to make inpatient hospital payments not covered by the contract. These payments shall not duplicate any other payments made under this article.

(f) The department shall continue to operate the selective provider contracting program in accordance with Article 2.6 (commencing with Section 14081) in a manner consistent with this article. A designated public hospital participating in the certified public expenditure process shall maintain a selective provider contracting program contract. These

The department shall notify the fiscal and appropriate policy committees of the Legislature of its intent to issue a provider bulletin, manual, or other similar instruction, at least five days prior to issuance. (3) Safety net care pool funding, as specified in Section 14166.7.

(4) Stabilization funding, as specified in Section 14166.75.

(5) Grants to distressed hospitals as negotiated by the California Medical Assistance Commission pursuant to Section 14166.23.

(b) Payments under this section shall be in addition to other payments that may be made in accordance with law.

SEC. 4. Section 14166.5 of the Welfare and Institutions Code is amended to read:

14166.5. (a) With respect to each project year, the director shall determine a baseline funding amount for each designated public hospital. A hospital's baseline funding amount shall be an amount equal to the total amount paid to the hospital for inpatient hospital services rendered to Medi-Cal beneficiaries during the 2004–05 fiscal year, including the following Medi-Cal payments, but excluding payments received under the Medi-Cal Specialty Mental Health Services Consolidation Program:

(1) Base payments under the selective provider contracting program as provided for under Article 2.6 (commencing with Section 14081).

(2) Emergency Services and Supplemental Payments Fund payments as provided for under Section 14085.6.

(3) Medi-Cal Medical Education Supplemental Payment Fund payments and Large Teaching Emphasis Hospital and Children's Hospital Medi-Cal Medical Education Supplemental Payment Fund payments as provided for under Sections 14085.7 and 14085.8, respectively.

(4) Disproportionate share hospital payment adjustments as provided for under Section 14105.98.

(5) Administrative day payments as provided for under Section 51542 of Title 22 of the California Code of Regulations.

(b) The baseline funding amount for each designated public hospital shall reflect a reduction for the total amount of intergovernmental transfers made pursuant to Sections 14085.6, 14085.7, 14085.8, 14085.9, and 14163 for the 2004–05 state fiscal year by the designated public hospital, or the governmental entity with which it is affiliated.

(c) With respect to each project year beginning after the 2005–06 project year, the department shall determine an adjusted baseline funding amount for each designated public hospital to reflect any increase or decrease in volume. The adjustment for designated public hospitals shall be calculated as follows:

(1) Applying the cost-finding methodology approved under the demonstration project, and applying accounting and reporting practices consistent with those applied in paragraph (2), the department shall determine the total allowable costs incurred by the hospital, or the governmental entity with which it is affiliated, in rendering hospital services that would be recognized under the demonstration project to Medi-Cal beneficiaries and the uninsured during the 2004–05 state fiscal year.

(2) Applying the cost-finding methodology approved under the demonstration project, and applying accounting and reporting practices consistent with those applied in paragraph (1), the department shall determine the total allowable costs incurred by the hospital, or the governmental entity with which it is affiliated, in rendering hospital services under the demonstration project to Medi-Cal beneficiaries and

the uninsured during the state fiscal year preceding the project year for which the volume adjustment is being calculated.

(3) The department shall:

(A) Calculate the difference between the amount determined under paragraph (1) and the amount determined under paragraph (2).

(B) Determine the percentage increase or decrease by dividing the difference in subparagraph (A) by the amount in paragraph (1).

(C) Apply the percentage determined in subparagraph (B) to that amount that results from the hospital's baseline funding amount determined under subdivision (a) as adjusted by subdivision (b), except for the reduction for the amount of intergovernmental transfers made pursuant to Section 14163, minus the amount of disproportionate share hospital payments in paragraph (4) of subdivision (a).

(4) The designated public hospital's adjusted baseline for the project year is the amount determined for the hospital in subdivision (a) as adjusted by subdivision (b), plus the amount in subparagraph (C) of paragraph (3).

(5) Notwithstanding paragraphs (3) and (4), when, as determined by the department, in consultation with the designated public hospital, there has been a material reduction in patient services at the designated public hospital during the project year, and the reduction has resulted in a diminution of access for Medi-Cal and uninsured patients and a related reduction in total costs at the designated public hospital of at least 20 percent, the department may utilize current or adjusted data that are reflective of the diminution of access, even if the data are not annual data, to determine the hospital's adjusted baseline amount.

(d) The aggregate designated public hospital baseline funding amount for each project year shall be the sum of all baseline funding amounts determined under subdivisions (a) and (b), as adjusted in subdivision (c), as appropriate, for all designated public hospitals.

(e) (1) The adjustments set forth in subdivision (c) of Section 14166.13 and in subdivision (c) shall not apply if either of the following conditions exist:

(A) The difference between the percentage adjustment in subparagraph (B) of paragraph (3) of subdivision (c) of this section, computed in the aggregate for designated public hospitals, and subparagraph (B) of paragraph (3) of subdivision (c) of Section 14166.13 is greater than 3 percentage points.

(B) The stabilization funding amount from the Health Care Support Fund, established pursuant to Section 14166.21, as determined in Section 14166.20 for any project year is less than one hundred fifty-three million dollars ($153,000,000).

(2) Notwithstanding paragraph (1), the department may apply the adjustments set forth in paragraph (5) of subdivision (c).

SEC. 5. Section 14166.9 of the Welfare and Institutions Code is amended to read:

14166.9. (a) The department, in consultation with the designated public hospitals, shall determine the mix of sources of federal funds for payments to the designated public hospitals in a manner that provides baseline funding to hospitals and maximizes federal Medicaid funding to the state during the term of the demonstration project. Federal funds shall be claimed according to the following priorities:

(1) The certified public expenditures of the designated public hospitals for inpatient hospital services and physician and nonphysician practitioner services, as identified in subdivision (e) of Section 14166.4, rendered to Medi-Cal beneficiaries.

(2) Federal disproportionate share hospital allotment, subject to the federal-hospital specific limit, in the following order:

(A) Those hospital expenditures that are eligible for federal financial participation only from the federal disproportionate share hospital allotment.

(B) Payments funded with intergovernmental transfers, consistent with the requirements of the demonstration project, up to the hospital's baseline funding amount or adjusted baseline funding amount, as appropriate, for the project year.

(C) Any other certified public expenditures for hospital services that are eligible for federal financial participation from the federal disproportionate share hospital allotment.

(3) Safety net care pool funds, using the optimal combination of hospital certified public expenditures and certified public expenditures of a hospital, or governmental entity with which the hospital is affiliated, that operates nonhospital clinics or provides physician, nonphysician practitioner, or other health care services that are not identified as hospital services under the Special Terms and Conditions for the demonstration project.

(4) Health care expenditures of the state that represent alternate state funding mechanisms approved by the federal Centers for Medicare and Medicaid Services under the demonstration project as set forth in Section 14166.22.

(b) The department shall implement these priorities, to the extent possible, in a manner that minimizes the redistribution of federal funds that are based on the certified public expenditures of the designated public hospitals.

(c) The department may adjust the claiming priorities to the extent that these adjustments result in additional federal Medicaid funding

during the term of the demonstration project or facilitate the objectives of subdivision (b).

(d) There is hereby established in the State Treasury the "Demonstration Disproportionate Share Hospital Fund," consisting of all federal funds received by the department with respect to the certified public expenditures claimed pursuant to subparagraphs (A) and (C) of paragraph (2) of subdivision (a). Notwithstanding Section 13340 of the Government Code, the fund shall be continuously appropriated to the department solely for the purposes specified in Section 14166.6.

(e) All federal safety net care pool funds claimed and received by the department based on health care expenditures incurred by the designated public hospitals, or the governmental entities with which they are affiliated, shall be deposited in the Health Care Support Fund, established pursuant to Section 14166.21.

SEC. 6. Section 14166.10 of the Welfare and Institutions Code is amended to read:

14166.10. (a) Payments to private hospitals under the demonstration project shall include, as applicable, all of the following:

(1) Payments under selective provider contracts with the department negotiated by the California Medical Assistance Commission in accordance with Article 2.6 (commencing with Section 14081).

(2) Disproportionate share hospital replacement payments under Section 14166.11.

(3) Supplemental payments under Section 14166.12.

(4) Payments to distressed hospitals as negotiated by the California Medical Assistance Commission pursuant to Section 14166.23.

(5) Payments of amounts described in Section 14166.14.

(b) Payments under subdivision (a) shall be in addition to other payments that may be made in accordance with law.

SEC. 7. Section 14166.11 of the Welfare and Institutions Code is amended to read:

14166.11. (a) The department shall pay to each project year private DSH hospital the amounts that would have been paid under the disproportionate share hospital program using the formulas and methodology in effect for the 2004–05 fiscal year as more specifically set forth in this section.

(b) For each project year, the department shall develop and issue a tentative and final disproportionate share list in accordance with Section 14105.98.

(c) For each project year, the department shall perform the computations set forth in paragraphs (1) to (4), inclusive, and (6) to (8), inclusive, of subdivision (am) and paragraphs (1) to (3), inclusive, of subdivision (an) of Section 14105.98, subject to the following:

(1) For purposes of these computations, the maximum state disproportionate share hospital allotment for California for each project year shall be the allotment effective during the federal fiscal year beginning during the project year.

(2) All references to October 1 shall be deemed to be references to July 1.

(3) Notwithstanding any other provision of law, the transfer amounts for the Medi-Cal Inpatient Payment Adjustment Fund to the Health Care Deposit Fund, as provided for pursuant to paragraph (2) of subdivision (d) of Section 14163 shall be deemed to be eighty-five million dollars ($85,000,000) for purposes of the computations under this subdivision.

(4) Notwithstanding any other provision of law, the payments made under this section shall be treated as payment adjustments made under Section 14105.98 for purposes of computing the OBRA 1993 payment limitation, as defined in paragraph (24) of subdivision (a) of Section 14105.98, the low-income utilization rate, and all related computations.

(5) Subdivision (m) of Section 14105.98 shall apply to payments made under this section.

(d) Interim payments shall be made for the first five months of each project year as follows:

(1) Interim payments shall be made to each private hospital identified on a tentative disproportionate share list for the project year that was also on the final disproportionate share list for the prior fiscal year. The interim payment amount per month for each of these hospitals shall equal one-twelfth of the total payments, excluding stabilization funds, made to the hospital for the prior fiscal year under this section or under Section 14105.98. The interim payment amount may be adjusted to reflect any changes in the total payment amounts, excluding stabilization funds, projected to be made under this section for the project year.

(2) The computation of interim payments described in this subdivision shall be made promptly after the department issues the tentative disproportionate share hospital list for the project year.

(3) The first interim payment for a project year shall be made to each hospital no later than 60 days after the issuance of the tentative disproportionate share hospital list for that project year and shall include the interim payment amounts for all prior months in the project year. Subsequent interim payments for a project year shall be made on the last checkwrite of each month made by the Controller until interim payments for the first five months of the project year have been made.

(4) The department may recover any interim payments for a project year made under this subdivision to a hospital that is not on the final disproportionate share hospital list for that project year. These interim payments shall be considered an overpayment. The department shall

issue a demand for repayment to a hospital at least 30 days prior to taking action to recover the overpayment. After the 30-day period, the department may recover the overpayment using any of the methods set forth in Section 14115.5 or subdivision (c) of Section 14172.5. Any offset shall be subject to Section 14115.5 or subdivision (d) of Section 14172.5. No other provision of Section 14172.5 shall be applicable with respect to the recovery of overpayments under this subdivision. A hospital may appeal the department's determination of an overpayment under this subdivision pursuant to the appeal procedures set forth in Sections 51016 to 51047, inclusive, of Title 22 of the California Code of Regulations, and seek judicial review of the final administrative decision pursuant to Section 14171, provided that the only issues that may be raised in this appeal are whether the hospital, but for inadvertent error by the department, was on the final disproportionate share list for the project year and whether the department's computation of the overpayment amount is correct. If the hospital is reinstated on the final disproportionate share list pursuant to Section 14105.98, the department shall promptly refund any amount recovered under this paragraph.

(e) Tentative adjusted monthly payments shall be made for the months of December through March of each project year to each private hospital identified on the final disproportionate share hospital list for the project year, computed and paid as follows:

(1) An adjusted payment amount shall be computed for each hospital equal to the sum of the total payment adjustment amount for the hospital computed pursuant to subdivision (am) of Section 14105.98, plus the supplemental lump-sum payment adjustment amount computed pursuant to subdivision (an) of Section 14105.98, each as most recently computed by the department, plus any applicable interim estimated stabilization funding pursuant to subdivision (b) of Section 14166.14.

(2) A tentative adjusted monthly payment amount shall be computed for each hospital equal to the adjusted payment amount for the hospital, minus the aggregate interim payments made to the hospital for the project year, divided by seven.

(3) The computation of tentative adjusted monthly payments described in this subdivision shall be made promptly after the department issues the final disproportionate share hospital list for the project year.

(4) The first tentative adjusted monthly payment for a project year shall be made to each hospital by January 15 or within 60 days after the issuance of the final disproportionate share hospital list for the project year, whichever is later, and shall include the tentative adjusted monthly payment amounts for all prior months in the project year for which those payments are due. Subsequent tentative adjusted monthly payments for a project year shall be made on the last checkwrite of each month made

by the Controller until tentative adjusted monthly payments for December through March of the project year have been made.

(f) Three data corrected payments shall be made on the last checkwrite of the month made by the Controller for the months of April through June of each project year to each private hospital identified on the final disproportionate share hospital list for the project year, computed and paid as follows:

(1) An annual data corrected payment amount shall be computed for each hospital equal to the sum of the total payment adjustment amount for the hospital computed pursuant to subdivision (am) of Section 14105.98, plus the supplemental lump-sum payment adjustment amount computed pursuant to subdivision (an) of Section 14105.98, each as most recently computed by the department, plus any interim estimated stabilization funding. The annual data corrected payment amounts shall reflect data corrections, hospital closures, and other revisions made by the department to the adjusted payment amounts computed under paragraph (1) of subdivision (e).

(2) A monthly data corrected payment amount shall be computed for each hospital equal to the annual data corrected payment amount for the hospital, minus both the aggregate interim payments made to the hospital for the project year and the aggregate tentative adjusted monthly payments made to the hospital, divided by three.

(g) Payment under subdivisions (d), (e), and (f) for a month shall be made only to private hospitals open for patient care through the 15th day of the month.

(h) The department shall compute a final adjusted payment amount for each private hospital on the final disproportionate share list for a project year after the completion of the project year and the determination of the amount of stabilization funding available to be paid under this section as follows:

(1) An amount shall be computed for each hospital equal to the sum of the total payment adjustment amount for the hospital computed pursuant to subdivision (am) of Section 14105.98, plus the supplemental lump-sum payment adjustment amount computed pursuant to subdivision (an) of Section 14105.98, each as most recently computed by the department. These amounts shall reflect data corrections, hospital closures, and other revisions made by the department to the annual data corrected payment amounts computed under paragraph (1) of subdivision (f) in a manner that ensures that any payments not payable or recouped are redistributed among hospitals eligible for a final adjusted payment amount in accordance with the calculations made pursuant to Section 14105.98.

(2) The department shall add to the amount computed for each hospital under paragraph (1) a pro rata share of any stabilization funding to be allocated and paid under this section, allocated based on the amounts computed under paragraph (1).

(3) The department shall for each hospital for each project year reconcile the total amount paid to the hospital for that project year under subdivisions (d), (e), and (f) with the amount determined under paragraph (2). The department shall issue a report to each hospital setting forth the result of the reconciliation that shall include the department's computation, data, and identification of data sources. The department shall pay to the hospital any underpayment determined as a result of this reconciliation and collect from the hospital any overpayment determined as a result of this reconciliation pursuant to paragraph (4) of subdivision (d).

(4) A hospital may seek to correct the department's data and computations under this section in accordance with the processes undertaken by the department to implement Section 14105.98 in effect during the 2004–05 state fiscal year.

(i) In accordance with the demonstration project, the following shall apply:

(1) Payments under this section shall satisfy the state's obligation to have a payment adjustment program for disproportionate share hospitals under Section 1923 of the Social Security Act (42 U.S.C. Sec. 1396r-4).

(2) Payments under this section and federal financial participation shall not be counted against the state's allotment of federal funding for Medicaid disproportionate share payment adjustments.

(j) (1) For purposes of this subdivision, "federal disproportionate share allotment" means the federal Medicaid disproportionate share hospital allotment specified for California under Section 1396r-4(f) of Title 42 of the United States Code.

(2) In the event any hospital, or any party on behalf of a hospital, shall initiate a case or proceeding in any state or federal court in which the hospital seeks any relief of any sort whatsoever, including, but not limited to, monetary relief, injunctive relief, declaratory relief, or a writ, based in whole or in part on a contention that the hospital is entitled to, or should receive any portion of, the federal disproportionate share hospital allotment for any or all of federal fiscal years 2006 to 2010, inclusive, all of the following shall apply:

(A) No payments shall be made to the hospital pursuant to this section until the case or proceeding is finally resolved, including the final disposition of all appeals.

(B) Any amount computed to be payable to the hospital pursuant to this section for a project year shall be withheld by the department and

shall be paid to the hospital only after the case or proceeding is finally resolved, including the final disposition of all appeals, and only if the case or proceeding does not result in any amount being paid or payable to the hospital from the federal disproportionate share hospital allotment for any portion of the project year.

(C) The hospital shall become ineligible to receive any amount pursuant to this section for any project year for which it is determined that the hospital is entitled to be paid any portion of the federal disproportionate share hospital allotment.

(D) Any amount that would have been payable to the hospital pursuant to this section, but is not paid to the hospital because the hospital has become ineligible to receive payments pursuant to this section shall be returned to the state General Fund.

(E) In the event any portion of the federal disproportionate share hospital allotment is applied to payments to any private hospital, the department shall make any additional payments that may be necessary from state funds so that the amount of the disproportionate share hospital payments that are made to designated public hospitals or nondesignated public hospitals is not less than the amount that would have been made if the allotment had not been applied to payments to any private hospital.

(F) A hospital's total project year payment amount determined under this section may be subject to reduction by offset pursuant to Section 14115.5 or 14172.5.

SEC. 8. Section 14166.12 of the Welfare and Institutions Code is amended to read:

14166.12. (a) The California Medical Assistance Commission shall negotiate payment amounts, in accordance with the selective provider contracting program established pursuant to Article 2.6 (commencing with Section 14081), from the Private Hospital Supplemental Fund established pursuant to subdivision (b) for distribution to private hospitals that satisfy the criteria of Section 14085.6, 14085.7, 14085.8, or 14085.9.

(b) The Private Hospital Supplemental Fund is hereby established in the State Treasury. For purposes of this section, "fund" means the Private Hospital Supplemental Fund.

(c) Notwithstanding Section 13340 of the Government Code, the fund shall be continuously appropriated to the department for the purposes specified in this section.

(d) Except as otherwise limited by this section, the fund shall consist of all of the following:

(1) One hundred eighteen million four hundred thousand dollars ($118,400,000), which shall be transferred annually from General Fund amounts appropriated in the annual Budget Act for the Medi-Cal program.

(2) Any additional moneys appropriated to the fund.

(3) All stabilization funding transferred to the fund pursuant to paragraph (2) of subdivision (a) of Section 14166.14.

(4) Any moneys that any county, other political subdivision of the state, or other governmental entity in the state may elect to transfer to the department for deposit into the fund, as permitted under Section 433.51 of Title 42 of the Code of Federal Regulations or any other applicable federal Medicaid laws.

(5) All private moneys donated by private individuals or entities to the department for deposit in the fund as permitted under applicable federal Medicaid laws.

(6) Any interest that accrues on amounts in the fund.

(e) Any public agency transferring moneys to the fund may, for that purpose, utilize any revenues, grants, or allocations received from the state for health care programs or purposes, unless otherwise prohibited by law. A public agency may also utilize its general funds or any other public moneys or revenues for purposes of transfers to the fund, unless otherwise prohibited by law.

(f) The department may accept or not accept moneys offered to the department for deposit in the fund. If the department accepts moneys pursuant to this section, the department shall obtain federal financial participation to the full extent permitted by law. With respect to funds transferred or donated from private individuals or entities, the department shall accept only those funds that are certified by the transferring or donating entity that qualify for federal financial participation under the terms of the Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991 (P.L. 102-234) or Section 433.51 of Title 42 of the Code of Federal Regulations, as applicable. The department may return any funds transferred or donated in error.

(g) Moneys in the fund shall be used as the source for the nonfederal share of payments to hospitals under this section.

(h) Any funds remaining in the fund at the end of a fiscal year shall be carried forward for use in the following fiscal year.

(i) Moneys shall be allocated from the fund by the department and shall be applied to obtain federal financial participation in accordance with customary Medi-Cal accounting procedures for purposes of payments under this section. Distributions from the fund shall be supplemental to any other Medi-Cal reimbursement received by the hospitals, including amounts that hospitals receive under the selective provider contracting program (Article 2.6 (commencing with Section 14081)), and shall not affect provider rates paid under the selective provider contracting program.

(j) Each private hospital that was a private hospital during the 2002–03 fiscal year, received payments for the 2002–03 fiscal year from any of the prior supplemental funds, and, during the project year, satisfies the criteria in Section 14085.6, 14085.7, 14085.8, or 14085.9 to be eligible to negotiate for distributions under any of those sections, shall receive no less from the Private Hospital Supplemental Fund for the project year than 100 percent of the amount the hospital received from the prior supplemental funds for the 2002–03 fiscal year. Each private hospital described in this subdivision shall be eligible for additional payments from the fund pursuant to subdivision (k).

(k) All amounts that are in the fund for a project year in excess of the amount necessary to make the payments under subdivision (j) shall be available for negotiation by the California Medical Assistance Commission, along with corresponding federal financial participation, for supplemental payments to private hospitals, which for the project year satisfy the criteria under Section 14085.6, 14085.7, 14085.8, or 14085.9 to be eligible to negotiate for distributions under any of those sections, and paid for services rendered during the project year pursuant to the selective provider contracting program established under Article 2.6 (commencing with Section 14081).

(*l*) The amount of any stabilization funding transferred to the fund, or the amount of intergovernmental transfers deposited to the fund pursuant to subdivision (o), together with the associated federal reimbursement, with respect to a particular project year, may, in the discretion of the California Medical Assistance Commission, be paid for services furnished in the same project year regardless of when the stabilization funds or intergovernmental transfer funds, and the associated federal reimbursement, become available, provided the payment is consistent with other applicable federal or state law requirements and does not result in a hospital exceeding any applicable reimbursement limitations.

(m) The department shall pay amounts due to a private hospital from the fund for a project year, with the exception of stabilization funding, in up to four installment payments, unless otherwise provided in the hospital's contract negotiated with the California Medical Assistance Commission, except that hospitals that are not described in subdivision (j) shall not receive the first installment payment. The first payment shall be made as soon as practicable after the issuance of the tentative disproportionate share hospital list for the project year, and in no event later than January 1 of the project year. The second and subsequent payments shall be made after the issuance of the final disproportionate hospital list for the project year, and shall be made only to hospitals that are on the final disproportionate share hospital list for the project year.

The second payment shall be made by February 1 of the project year or as soon as practicable after the issuance of the final disproportionate share hospital list for the project year. The third payment, if scheduled, shall be made by April 1 of the project year. The fourth payment, if scheduled, shall be made by June 30 of the project year. This subdivision does not apply to hospitals that are scheduled to receive payments from the fund because they meet the criteria under Section 14085.7 and do not meet the criteria under Section 14085.6, 14085.8, or 14085.9, which shall be paid in accordance with the applicable contract or contract amendment negotiated by the California Medical Assistance Commission.

(n) The department shall pay stabilization funding transferred to the fund in amounts negotiated by the California Medical Assistance Commission and shall pay the scheduled payments in accordance with the applicable contract or contract amendment.

(o) Payments to private hospitals that are eligible to receive payments pursuant to Section 14085.6, 14085.7, 14085.8, or 14085.9 may be made using funds transferred from governmental entities to the state, at the option of the governmental entity. Any payments funded by intergovernmental transfers shall remain with the private hospital and shall not be transferred back to any unit of government. An amount equal to 25 percent of the amount of any intergovernmental transfer made in the project year that results in a supplemental payment made for the same project year to a project year private DSH hospital designated by the governmental entity that made the intergovernmental transfer shall be deposited in the fund for distribution as determined by the California Medical Assistance Commission. An amount equal to 75 percent shall be deposited in the fund and distributed to the private hospitals designated by the governmental entity.

(p) A private hospital that receives payment pursuant to this section for a particular project year shall not submit a notice for the termination of its participation in the selective provider contracting program established pursuant to Article 2.6 (commencing with Section 14081) until the later of the following dates:

(1) On or after December 31 of the next project year.

(2) The date specified in the hospital's contract, if applicable.

SEC. 9. Section 14166.13 of the Welfare and Institutions Code is amended to read:

14166.13. (a) With respect to each project year, the director shall determine a baseline funding amount for each base year private DSH hospital that is also a project year private DSH hospital. A private hospital's baseline funding amount shall be an amount equal to the total amount paid to the hospital for inpatient hospital services rendered to Medi-Cal beneficiaries during the 2004–05 state fiscal year, including

the following Medi-Cal payments, but excluding payments received under the Medi-Cal Specialty Mental Health Services Consolidation Program:

(1) Base payments under the selective provider contracting program as provided for under Article 2.6 (commencing with Section 14081), or under the Medi-Cal state plan cost reimbursement system for inpatient hospital services for noncontracting hospitals.

(2) Emergency Services and Supplemental Payments Fund payments as provided for under Section 14085.6.

(3) Medi-Cal Medical Education Supplemental Payment Fund payments and Large Teaching Emphasis Hospital and Children's Hospital Medi-Cal Medical Education Supplemental Payment Fund payments as provided for under Sections 14085.7 and 14085.8, respectively.

(4) Small and Rural Hospital Supplemental Payments Fund payments as provided for under Section 14085.9.

(5) Disproportionate share hospital payment adjustments as provided for under Section 14105.98.

(6) Administrative day payments as provided for under Section 51542 of Title 22 of the California Code of Regulations.

(b) The aggregate project year private DSH hospital baseline funding amount shall be the sum of all baseline funding amounts determined under subdivision (a).

(c) With respect to each project year beginning after the 2005–06 project year, an aggregate project year private hospital adjusted baseline funding amount shall be determined as follows:

(1) The department shall determine the aggregate total Medi-Cal revenue, using amounts determined under subdivision (a), for inpatient hospital services rendered during the 2004–05 fiscal year for project year private DSH hospitals, less the total amount of disproportionate share hospital payments identified in paragraph (5) of subdivision (a) for those hospitals.

(2) The department shall determine the aggregate total Medi-Cal revenue paid or payable for inpatient hospital services rendered during the fiscal year immediately preceding the project year for which the private hospital adjusted baseline funding amount is being calculated for project year private DSH hospitals. The aggregate total revenue for services rendered in the relevant preceding fiscal year shall include the payments described in paragraphs (1) and (6) of subdivision (a), and all other payments made to project year private DSH hospitals under this article, excluding disproportionate share hospital replacement payments made under Section 14166.11, stabilization funding under Section 14166.14, and distressed hospital funding under Section 14166.23 and paragraph (3) of subdivision (b) of Section 14166.20.

(3) The department shall:

(A) Calculate the difference between the amount determined under paragraph (1) and the amount determined under paragraph (2).

(B) Determine the percentage increase or decrease by dividing the difference in subparagraph (A) by the amount in paragraph (1).

(C) Apply the percentage in subparagraph (B) to the amount determined by subtracting the total amount of payments described in paragraph (5) of subdivision (a) from the aggregate project year private DSH hospital baseline funding amount determined under subdivision (b).

(4) The aggregate private hospital adjusted baseline funding amount is the amount determined in paragraph (1), plus the amount determined in subparagraph (C), plus the amount in paragraph (5) of subdivision (a).

SEC. 10. Section 14166.14 of the Welfare and Institutions Code is amended to read:

14166.14. The amount of any stabilization funding payable to the project year private DSH hospitals under Section 14166.20 for a project year, which amount shall not include the amount of stabilization funding paid or payable to hospitals prior to the computation of the stabilization funding under Section 14166.20, plus any amount payable to project year private DSH hospitals under paragraph (1) of subdivision (b) of Section 14166.21, shall be allocated as follows:

(a) (1) To fund any shortfall due under Section 14166.11.

(2) An amount shall be transferred to the Private Hospital Supplemental Fund established pursuant to Section 14166.12, as may be necessary so that the amount for the Private Hospital Supplemental Fund for the project year, including all funds previously transferred to, or deposited in, the Private Hospital Supplemental Fund for the project year, is not less than the Private Hospital Supplemental Fund base amount determined pursuant to subdivision (j) of Section 14166.12.

(3) The amounts paid or transferred under paragraphs (1) and (2) shall be reduced pro rata if there is not sufficient funding described under paragraphs (1) and (2).

(b) Of the stabilization funding remaining, after allocations pursuant to subdivision (a), that are payable to project year private DSH hospitals, 66.4 percent shall be allocated and distributed among those hospitals pro rata based on the amounts determined in accordance with Section 14166.11, and 33.6 percent shall be transferred to the Private Hospital Supplemental Fund.

SEC. 11. Section 14166.16 of the Welfare and Institutions Code is amended to read:

14166.16. (a) The department shall pay to each nondesignated public hospital that is an eligible hospital for the project year, as determined under Section 14105.98, disproportionate share hospital payment adjustments as more specifically set forth in this section.

(b) For each project year, the department shall develop and issue a tentative and final disproportionate share list in accordance with Section 14105.98.

(c) (1) The department shall compute, for each nondesignated public hospital that is an eligible disproportionate share hospital for the project year, the payment adjustment amounts as determined under paragraphs (1) to (4), inclusive, and (6) to (8), inclusive, of subdivision (am) of Section 14105.98, and the supplemental payment adjustment amounts as determined under paragraphs (1) to (3), inclusive, of subdivision (an) of Section 14105.98.

(2) The department shall perform the computations set forth in Section 14163 to determine the hospital's transfer amount as though that section were still in effect.

(3) The disproportionate share hospital payment amount for each nondesignated public hospital for each project year shall be the sum of the amounts computed under paragraph (1) less the amount determined for the hospital under paragraph (2).

(4) For purposes of the computations under this subdivision, the federal disproportionate share hospital allotment for California for each project year shall be the allotment effective during the federal fiscal year beginning during the project year.

(5) Notwithstanding any other provision of law, the transfer amounts from the Medi-Cal Inpatient Payment Adjustment Fund to the Health Care Deposit Fund, as provided for pursuant to paragraph (2) of subdivision (d) of Section 14163, shall be deemed to be eighty-five million dollars ($85,000,000) for purposes of the computations under this subdivision.

(6) Subdivision (m) of Section 14105.98 shall apply to payments made under this section.

(7) The federal share of the payment amounts determined under this subdivision and paid pursuant to this section, excluding the stabilization funding amounts allocated and paid pursuant to paragraph (2) of subdivision (i), shall be drawn from the allotment of federal funds for Medicaid disproportionate share hospital payment adjustments for California specified under Section 1396r-4(f) of Title 42 of the United States Code.

(d) To the extent necessary to compute and determine compliance with the hospital-specific disproportionate share hospital payment limitations described in paragraph (3) of subdivision (c) of Section

14166.3, nondesignated public hospitals shall comply with subdivisions (a), (b), and (d) of Section 14166.8.

(e) Two interim payments shall be made for the first portion of the project year, on October 1 and December 1 of each project year, as follows:

(1) The interim payments shall be made to each nondesignated public hospital identified on a tentative disproportionate share list for the project year that was also on the final disproportionate share list for the prior fiscal year. The interim payment amount for each hospital shall be paid in two equal amounts on October 1 and December 1 of each project year, which combined shall equal five-twelfths of the total payments, excluding stabilization funds, made to the hospital for the prior fiscal year under this section, except that for the 2005–06 project year, the combined amount shall equal the amount that was payable to the hospital for the 2004–05 fiscal year under Section 14105.98, less the transfer amount assessed with respect to the hospital under Section 14163 for the same fiscal year, multiplied by five-twelfths. The interim payment amount may be adjusted to reflect any changes in the total payment amounts, excluding stabilization funds, projected to be made under this section for the project year.

(2) The computation of interim payments described in this subdivision shall be made promptly after the department issues the tentative disproportionate share hospital list for the project year.

(3) The first interim payment to each hospital for a project year shall be made no later than 60 days after the issuance of the tentative disproportionate share hospital list for the project year and shall include the interim payment amounts for all prior months in the project year. Subsequent interim payments for a project year shall be made on the last checkwrite of each month made by the Controller until interim payments for the first five months of the project year have been made.

(4) The department may recover any interim payments made under this subdivision for a project year to a hospital that is not on the final disproportionate share hospital list for the project year. These interim payments shall be considered an overpayment. The department shall issue a demand for repayment to a hospital at least 30 days prior to taking action to recover the overpayment. After the 30-day period, the department may recover the overpayment using any of the methods set forth in Section 14115.5 or subdivision (c) of Section 14172.5. Any offset shall be subject to Section 14115.5 or subdivision (d) of Section 14172.5. No other provision of Section 14172.5 shall be applicable with respect to the recovery of overpayments under this subdivision. A hospital may appeal the department's determination of an overpayment under this subdivision pursuant to the appeal procedures set forth in Sections

51016 to 51047, inclusive, of Title 22 of the California Code of Regulations, and seek judicial review of the final administrative decision pursuant to Section 14171, provided that the only issues that may be raised in the appeal are whether the hospital, but for inadvertent error by the department, was on the final disproportionate share list for the project year and whether the department's computation of the overpayment amount is correct. If the hospital is reinstated on the final disproportionate share list pursuant to Section 14105.98, the department shall promptly refund any amount recovered under this paragraph.

(f) Tentative adjusted monthly payments shall be made for December through March of each project year to each nondesignated public hospital identified on the final disproportionate share hospital list for the project year, computed and paid as follows:

(1) An adjusted payment amount shall be computed for each hospital equal to the sum of the total payment adjustment amount for the hospital computed pursuant to subdivision (am) of Section 14105.98, plus the supplemental lump-sum payment adjustment amount computed pursuant to subdivision (an) of Section 14105.98, less the amount computed pursuant to Section 14163, each as most recently computed by the department as described in subdivision (c).

(2) A tentative adjusted monthly payment amount shall be computed for each hospital equal to the adjusted payment amount for the hospital, minus the aggregate interim payments made to the hospital for the project year, divided by seven.

(3) The computation of tentative adjusted monthly payments described in this subdivision shall be made promptly after the department issues the final disproportionate share hospital list for the project year.

(4) The first tentative adjusted monthly payment to each hospital for a project year shall be made by January 15 or within 60 days after the issuance of the final disproportionate share hospital list for the project year, whichever is later, and shall include the tentative adjusted monthly payment amounts for all prior months in the project year for which those payments are due. Subsequent tentative adjusted monthly payments for a project year shall be made on the last checkwrite of each month made by the Controller until tentative adjusted monthly payments for December through March of the project year have been made.

(g) Three data corrected payments shall be made on the last checkwrite of the month made by the Controller for the months of April through June of each project year to each nondesignated public hospital identified on the final disproportionate share hospital list for the project year, computed and paid as follows:

(1) An annual data corrected payment amount shall be computed for each hospital equal to the sum of the total payment adjustment amount

for the hospital computed pursuant to subdivision (am) of Section 14105.98, plus the supplemental lump-sum payment adjustment amount computed pursuant to subdivision (an) of Section 14105.98, less the amount computed pursuant to Section 14163, each as most recently computed by the department as described in subdivision (c). The annual data corrected payment amounts shall reflect data corrections, hospital closures, and other revisions made by the department to the adjusted payment amounts computed under paragraph (1) of subdivision (d).

(2) A monthly data corrected payment amount shall be computed for each hospital equal to the annual data corrected payment amount for the hospital, minus both the aggregate interim payments made to the hospital for the project year and the aggregate tentative adjusted monthly payments made to the hospital, divided by three.

(h) Payment under subdivisions (e), (f), and (g) for a month shall be made only to hospitals open for patient care through the 15th day of the month.

(i) The department shall compute a final adjusted payment amount for each nondesignated public hospital on the final disproportionate share list for a project year after the completion of the project year and the determination of the amount of stabilization funding available to be paid under this section as follows:

(1) An amount shall be computed for each hospital equal to the sum of the total payment adjustment amount for the hospital computed pursuant to subdivision (am) of Section 14105.98, plus the supplemental lump-sum payment adjustment amount computed pursuant to subdivision (an) of Section 14105.98, less the amount computed pursuant to Section 14163, each as most recently computed by the department as described in subdivision (c). These amounts shall reflect data corrections, hospital closures, and other revisions made by the department to the annual data corrected payment amounts computed under paragraph (1) of subdivision (e) in a manner that ensures that any payments not payable or recouped are redistributed among hospitals eligible for a final adjusted payment amount in accordance with the calculations made pursuant to Section 14105.98.

(2) The department shall add to the amount computed for each hospital under paragraph (1) a pro rata share of any stabilization funding to be allocated and paid under this section allocated based on the amounts computed under paragraph (1). The federal share of any stabilization funding allocated and paid under this section shall not be drawn from the allotment of federal funding for Medicaid disproportionate share hospital payment adjustments for California specified under Section 1396r-4(f) of Title 42 of the United States Code.

(3) The department shall for each hospital for each project year reconcile the total amount computed for the hospital for the project year under subdivisions (c), (d), and (e) with the amount determined under paragraph (2). The department shall issue a report to each hospital setting forth the result of the reconciliation that shall include the department's computation, data, and identification of data sources. The department shall pay to the hospital any underpayment determined as a result of this reconciliation and collect from the hospital any overpayment determined as a result of this reconciliation.

(4) A hospital may seek to correct the department's data and computations under this section in accordance with the processes undertaken by the department to implement Section 14105.98 in effect during the 2004–05 fiscal year.

SEC. 12. Section 14166.17 of the Welfare and Institutions Code is amended to read:

14166.17. (a) The California Medical Assistance Commission shall negotiate payment amounts in accordance with the selective provider contracting program established pursuant to Article 2.6 (commencing with Section 14081) from the Nondesignated Public Hospital Supplemental Fund established pursuant to subdivision (b) for distribution to nondesignated public hospitals that satisfy the criteria of Section 14085.6, 14085.7, 14085.8, or 14085.9.

(b) The Nondesignated Public Hospital Supplemental Fund is hereby established in the State Treasury. For purposes of this section, "fund" means the Nondesignated Public Hospital Supplemental Fund.

(c) Notwithstanding Section 13340 of the Government Code, the fund shall be continuously appropriated to the department for the purposes specified in this section.

(d) Except as otherwise limited by this section, the fund shall consist of all of the following:

(1) One million nine hundred thousand dollars ($1,900,000), which shall be transferred annually from General Fund amounts appropriated in the annual Budget Act for the fund.

(2) Any additional moneys appropriated to the fund.

(3) All stabilization funding transferred to the fund.

(4) All private moneys donated by private individuals or entities to the department for deposit in the fund as permitted under applicable federal Medicaid laws.

(5) Any interest that accrues on amounts in the fund.

(e) The department may accept or not accept moneys offered to the department for deposit in the fund. If the department accepts moneys pursuant to this section, the department shall obtain federal financial participation to the full extent permitted by law. With respect to funds

transferred or donated from private individuals or entities, the department shall accept only those funds that are certified by the transferring or donating entity as qualifying for federal financial participation under the terms of the Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991 (P.L. 102-234) or Section 433.51 of Title 42 of the Code of Federal Regulations, as applicable. The department may return any funds transferred or donated in error.

(f) Moneys in the funds shall be used as the source for the nonfederal share of payments to hospitals under this section.

(g) Any funds remaining in the fund at the end of a fiscal year shall be carried forward for use in the following fiscal year.

(h) Moneys shall be allocated from the fund by the department and shall be applied to obtain federal financial participation in accordance with customary Medi-Cal accounting procedures for purposes of payments under this section. Distributions from the fund shall be supplemental to any other Medi-Cal reimbursement received by the hospitals, including amounts that hospitals receive under the selective provider contracts negotiated under Article 2.6 (commencing with Section 14081), and shall not affect provider rates paid under the selective provider contracting program.

(i) Each nondesignated public hospital that was a nondesignated public hospital during the 2002–03 fiscal year, received payments for the 2002–03 fiscal year from any of the prior supplemental funds, and, during the project year satisfies the criteria in Section 14085.6, 14085.7, 14085.8, or 14085.9 to be eligible to negotiate for distributions under any of those sections shall receive no less from the Nondesignated Public Hospital Supplemental Fund for the project year than 100 percent of the amount the hospital received from the prior supplemental funds for the 2002–03 fiscal year, minus the total amount of intergovernmental transfers made by or on behalf of the hospital pursuant to Sections 14085.6, 14085.7, 14085.8, and 14085.9 for the same fiscal year. Each hospital described in this subdivision shall be eligible for additional payments from the fund pursuant to subdivision (j).

(j) All amounts that are in the fund for a project year in excess of the amount necessary to make the payments under subdivision (i) shall be available for negotiation by the California Medical Assistance Commission, along with corresponding federal financial participation, for supplemental payments to nondesignated public hospitals that for the project year satisfy the criteria under Section 14085.6, 14085.7, 14085.8, or 14085.9 to be eligible to negotiate for distributions under any of those sections, and paid for services rendered during the project year pursuant to the selective provider contracting program under Article 2.6 (commencing with Section 14081).

(k) The amount of any stabilization funding transferred to the fund with respect to a project year may in the discretion of the California Medical Assistance Commission to be paid for services furnished in the same project year regardless of when the stabilization funds become available, provided the payment is consistent with other applicable federal or state legal requirements and does not result in a hospital exceeding any applicable reimbursement limitations.

(*l*) The department shall pay amounts due to a nondesignated hospital from the fund for a project year, with the exception of stabilization funding, in up to four installment payments, unless otherwise provided in the hospital's contract negotiated with the California Medical Assistance Commission, except that hospitals that are not described in subdivision (i) shall not receive the first installment payment. The first payment shall be made as soon as practicable after the issuance of the tentative disproportionate share hospital list for the project year, and in no event later than January 1 of the project year. The second and subsequent payments shall be made after the issuance of the final disproportionate hospital list for the project year, and shall be made only to hospitals that are on the final disproportionate share hospital list for the project year. The second payment shall be made by February 1 of the project year or as soon as practicable after the issuance of the final disproportionate share hospital list for the project year. The third payment, if scheduled, shall be made by April 1 of the project year. The fourth payment, if scheduled, shall be made by June 30 of the project year. This subdivision does not apply to hospitals that are scheduled to receive payments from the fund because they meet the criteria under Section 14085.7 but do not meet the criteria under Section 14085.6, 14085.8, or 14085.9.

(m) The department shall pay stabilization funding transferred to the fund in amounts negotiated by the California Medical Assistance Commission and paid in accordance with the applicable contract or contract amendment.

(n) A nondesignated public hospital that receives payment pursuant to this section for a particular project year shall not submit a notice for the termination of its participation in the selective provider contracting program established pursuant to Article 2.6 (commencing with Section 14081) until the later of the following dates:

(1) On or after December 31 of the next project year.

(2) The date specified in the hospital's contract, if applicable.

SEC. 13. Section 14166.18 of the Welfare and Institutions Code is amended to read:

14166.18. (a) With respect to each project year, the director shall determine a baseline funding amount for each nondesignated public

hospital that was an eligible hospital under paragraph (3) of subdivision (a) of Section 14105.98 for both the 2004–05 fiscal year and the project year. A hospital's baseline funding amount shall be an amount equal to the total amount paid to the hospital for inpatient hospital services rendered to Medi-Cal beneficiaries during 2004–05 fiscal year, including the following Medi-Cal payments, but excluding payments received under the Medi-Cal Specialty Mental Health Services Consolidation Program:

(1) Base payments under the selective provider contracting program as provided for under Article 2.6 (commencing with Section 14081) or the Medi-Cal state plan cost reimbursement system for inpatient hospital services for noncontracting hospitals.

(2) Emergency Services and Supplemental Payments Fund payments as provided for under Section 14085.6.

(3) Medi-Cal Medical Education Supplemental Payment Fund payments and Large Teaching Emphasis Hospital and Children's Hospital Medi-Cal Medical Education Supplemental Payment Fund payments as provided for under Sections 14085.7 and 14085.8, respectively.

(4) Small and Rural Hospital Supplemental Payments Fund payments as provided for under Section 14085.9.

(5) Disproportionate share hospital payment adjustments as provided for under Section 14105.98.

(6) Administrative day payments as provided for under Section 51542 of Title 22 of the California Code of Regulations.

(b) The baseline funding amount for each nondesignated public hospital shall reflect a reduction for the total amount of intergovernmental transfers made pursuant to Sections 14085.6, 14085.7, 14085.8, 14085.9, and 14163 for the 2004–05 state fiscal year by the nondesignated public hospital, or on its behalf by the governmental entity with which it is affiliated.

(c) The aggregate nondesignated public hospital baseline funding amount shall be the sum of all baseline funding amounts determined under subdivision (a), as adjusted by subdivision (b).

(d) With respect to each project year beginning after the 2005–06 project year, an aggregate nondesignated public hospital adjusted baseline funding amount shall be determined as follows:

(1) The department shall determine the aggregate total Medi-Cal revenue, using amounts determined under subdivision (a), as adjusted by subdivision (b), but excluding the reductions for the amount of intergovernmental transfers made pursuant to Section 14163, with respect to inpatient hospital services rendered during the 2004–05 fiscal year, for nondesignated public hospitals that were eligible hospitals under paragraph (3) of subdivision (a) of Section 14105.98 for the project year,

less the total amount of disproportionate share hospital payments identified in paragraph (5) of subdivision (a) for those hospitals.

(2) The department shall determine the aggregate total Medi-Cal revenue paid or payable for inpatient hospital services rendered during the fiscal year preceding the project year for which the nondesignated public hospital adjusted baseline funding amount is being calculated for the nondesignated public hospitals described in paragraph (1). The aggregate total revenue for services rendered in the particular preceding fiscal year shall include the payments that are described under paragraphs (1) and (6) of subdivision (a), and all other payments made to nondesignated public hospitals under this article, excluding disproportionate share hospital payments pursuant to Section 14166.16, stabilization funding pursuant to Section 14166.19, and distressed hospital funding pursuant to Section 14166.23 and paragraph (3) of subdivision (b) of Section 14166.20.

(3) The department shall:

(A) Calculate the difference between the amount determined under paragraph (1) and the amount determined under paragraph (2).

(B) Determine the percentage increase or decrease by dividing the difference in subparagraph (A) by the amount in paragraph (1).

(C) Apply the percentage determined in subparagraph (B) to the amount that results from both of the following:

(i) Aggregating the nondesignated public hospital baseline funding amounts determined under subdivision (a), as adjusted by subdivision (b), but excluding the reductions for the amount of intergovernmental transfers made pursuant to Section 14163.

(ii) Subtracting from the amount in clause (i) the total amount of disproportionate share hospital payments in paragraph (5) of subdivision (a) for those hospitals.

(D) The aggregate nondesignated public hospital adjusted baseline funding amount is the amount determined in subdivision (c), plus the resulting product determined in subparagraph (C).

SEC. 14. Section 14166.20 of the Welfare and Institutions Code is amended to read:

14166.20. (a) With respect to each project year, the total amount of stabilization funding shall be the sum of the following:

(1) Federal Medicaid funds available in the Health Care Support Fund, established pursuant to Section 14166.21, reduced by the amount necessary to meet the baseline funding amount, or the adjusted baseline funding amount, as appropriate, for project years after the 2005–06 project year for each designated public hospital, project year private DSH hospitals in the aggregate, and nondesignated public hospitals in the aggregate as determined in Sections 14166.5, 14166.13, and

14166.18, respectively, taking into account all other payments to each hospital under this article. This amount shall be not less than zero.

(2) The state general funds that were made available due to the receipt of federal funding for previously state-funded programs through the safety net care pool and any federal Medicaid hospital reimbursements resulting from these expenditures, unless otherwise recognized under paragraph (1), to the extent those funds are in excess of the amount necessary to meet the baseline funding amount, or the adjusted baseline funding amount, as appropriate, for project years after the 2005–06 project year for each designated public hospital, for project year private DSH hospitals in the aggregate, and for nondesignated public hospitals in the aggregate, as determined in Sections 14166.5, 14166.13, and 14166.18, respectively.

(3) To the extent not included in paragraph (1) or (2), the amount of the increase in state General Fund expenditures for Medi-Cal inpatient hospital services for the project year for project year private DSH hospitals and nondesignated public hospitals, including amounts expended in accordance with paragraph (1) of subdivision (c) of Section 14166.23 that exceeds the expenditure amount for the same purpose and the same hospitals in the 2004–05 state fiscal year, and any direct grants to designated public hospitals for services under the demonstration project.

(4) To the extent not included in paragraph (2), federal Medicaid funds received by the state as a result of the General Fund expenditures described in paragraph (3).

(5) The federal Medicaid funds received by the state as a result of federal financial participation with respect to Medi-Cal payments for inpatient hospital services made to project year private DSH hospitals for services rendered during the project year, the state share of which was derived from intergovernmental transfers or certified public expenditures of any public entity that does not own or operate a public hospital.

(b) With respect to the 2005–06 and 2006–07 project years, the stabilization funding determined under subdivision (a) shall be allocated as follows:

(1) Eight million dollars ($8,000,000) shall be paid to San Mateo Medical Center. All or a portion of this amount may be paid as disproportionate share hospital payments in addition to the hospital's allocation that would otherwise be determined under Section 14166.6. The amount provided for in this paragraph shall be disregarded in the application of the limitations described in paragraph (3) of subdivision (a) of Section 14166.6, and in paragraph (1) of subdivision (a) of Section 14166.7.

(2) (A) Ninety-six million five hundred thousand dollars ($96,500,000) shall be allocated to designated public hospitals to be paid in accordance with Section 14166.75.

(B) Forty-two million five hundred thousand dollars ($42,500,000) shall be allocated to private DSH hospitals to be paid in accordance with Section 14166.14.

(C) In the event that stabilization funding is less than one hundred forty-seven million dollars ($147,000,000), the amounts allocated to designated public hospitals and private DSH hospitals under this paragraph shall be reduced proportionately.

(3) An amount equal to the lesser of 10 percent of the total amount determined under subdivision (a) or twenty-three million five hundred thousand dollars ($23,500,000) shall be made available for additional payments to distressed hospitals that participate in the selective provider contracting program under Article 2.6 (commencing with Section 14081), including designated public hospitals, in amounts to be determined by the California Medical Assistance Commission. The additional payments to designated public hospitals shall be negotiated by the California Medical Assistance Commission, but shall be paid by the department in the form of a direct grant rather than as Medi-Cal payments.

(4) An amount equal to 0.64 percent of the total amount determined under subdivision (a), to nondesignated public hospitals to be paid in accordance with Section 14166.19.

(5) The amount remaining after subtracting the amount determined in paragraphs (1) to (4), inclusive, shall be allocated as follows:

(A) Sixty percent to designated public hospitals to be paid in accordance with Section 14166.75.

(B) Forty percent to project year private DSH hospitals to be paid in accordance with Section 14166.14.

(c) By April 1 of the year following the project year for which the payment is made, and after taking into account final amounts otherwise paid or payable to hospitals under this article, the director shall calculate in accordance with subdivision (a), allocate in accordance with subdivision (b), and pay to hospitals in accordance with Sections 14166.75, 14166.14, and 14166.19, as applicable, the stabilization funding.

(d) For purposes of determining amounts paid or payable to hospitals under subdivision (c), the department shall apply the following:

(1) In determining amounts paid or payable to designated public hospitals that are based on allowable costs incurred by the hospital, or the governmental entity with which it is affiliated, the following shall apply:

(A) If the final payment amount is based on the hospital's Medicare cost report, the department shall rely on the cost report filed with the Medicare fiscal intermediary for the project year for which the calculation is made, reduced by a percentage that represents the average percentage change from total reported costs to final costs for the three most recent cost reporting periods for which final determinations have been made, taking into account all administrative and judicial appeals. Protested amounts shall not be considered in determining the average percentage change unless the same or similar costs are included in the project year cost report.

(B) If the final payment amount is based on costs not included in subparagraph (A), the reported costs as of the date the determination is made under subdivision (c), shall be reduced by 10 percent.

(C) In addition to adjustments required in subparagraphs (A) and (B), the department shall adjust amounts paid or payable to designated public hospitals by any applicable deferrals or disallowances identified by the federal Centers for Medicare and Medicaid Services as of the date the determination is made under subdivision (c) not otherwise reflected in subparagraphs (A) and (B).

(2) Amounts paid or payable to project year private DSH hospitals and nondesignated public hospitals shall be determined by the most recently available Medi-Cal paid claims data increased by a percentage to reflect an estimate of amounts remaining unpaid.

(e) The department shall consult with hospital representatives regarding the appropriate calculation of stabilization funding before stabilization funds are paid to hospitals. The calculation may be comprised of multiple steps involving interim computations and assumptions as may be necessary to determine the total amount of stabilization funding under subdivision (a) and the allocations under subdivision (b). No later than 30 days after this consultation, the department shall establish a final determination of stabilization funding that shall not be modified for any reason other than mathematical errors or mathematical omissions on the part of the department.

(f) The department shall distribute 75 percent of the estimated stabilization funding on an interim basis throughout the project year.

(g) The allocation and payment of stabilization funding shall not reduce the amount otherwise paid or payable to a hospital under this article or any other provision of law, unless the reduction is required by the demonstration project's Special Terms and Conditions or by federal law.

SEC. 15. Section 14166.21 of the Welfare and Institutions Code is amended to read:

14166.21. (a) The Health Care Support Fund is hereby established in the State Treasury. Notwithstanding Section 13340 of the Government Code, the fund shall be continuously appropriated to the department for the purposes specified in this article. The fund shall include any interest that accrues on amounts in the fund.

(b) Amounts in the Health Care Support Fund shall be paid in the following order of priority:

(1) To hospitals for services rendered to Medi-Cal beneficiaries and the uninsured in an amount necessary to meet the aggregate baseline funding amount, or the adjusted aggregate baseline funding amount for project years after the 2005-06 project year, as specified in subdivision (d) of Section 14166.5, subdivision (b) of Section 14166.13, and Section 14166.18, taking into account all other payments to each hospital under this article, except payments made from the Distressed Hospital Fund pursuant to Section 14166.23 and payments made to distressed hospitals pursuant to paragraph (3) of subdivision (b) of Section 14166.20. If the amount in the Health Care Support Fund is inadequate to provide full aggregate baseline funding, or adjusted aggregate baseline funding, to all designated public hospitals, project year private DSH hospitals, and nondesignated public hospitals, each group's payments shall be reduced pro rata.

(2) To the extent necessary to maximize federal funding under the demonstration project and consistent with Section 14166.22, the department may claim safety net care pool funds based on health care expenditures incurred by the department for uncompensated medical care costs of medical services provided to uninsured individuals, as approved by the federal Centers for Medicare and Medicaid Services.

(3) Stabilization funding, allocated and paid in accordance with Sections 14166.75, 14166.14, and 14166.19, and paragraph (3) of subdivision (b) of Section 14166.20.

(4) Any amounts remaining after final reconciliation of all amounts due at the end of a project year shall remain available for payments in accordance with this section in the next project year.

SEC. 16. Section 14166.23 of the Welfare and Institutions Code is amended to read:

14166.23. (a) For purposes of this section, "distressed hospitals" are hospitals that participate in selective providers contracting under Article 2.6 (commencing with Section 14081) and that meet all of the following requirements, as determined by the California Medical Assistance Commission in its discretion:

(1) The hospital serves a substantial volume of Medi-Cal patients measured either as a percentage of the hospital's overall volume or by the total volume of Medi-Cal services furnished by the hospital.

(2) The hospital is a critical component of the Medi-Cal program's health care delivery system, such that the Medi-Cal health care delivery system would be significantly disrupted if the hospital reduced its Medi-Cal services or no longer participated in the Medi-Cal program.

(3) The hospital is facing a significant financial hardship that may impair its ability to continue its range of services for the Medi-Cal program.

(b) The Distressed Hospital Fund is hereby created in the State Treasury.

(c) Notwithstanding Section 13340 of the Government Code, the fund shall be continuously appropriated to the department for the purposes specified in this section.

(d) Except as otherwise limited by this section, the fund shall consist of all of the following:

(1) The amounts transferred to the fund pursuant to subdivision (e).

(2) Any additional amounts appropriated to the fund by the Legislature.

(3) Any interest that accrues on amounts in the fund.

(e) The following amounts shall be transferred to the fund from the prior supplemental funds at the beginning of each project year.

(1) Twenty percent of the amount in the prior supplemental funds on the effective date of this article, less any and all payments for services rendered prior to July 1, 2005, but paid after July 1, 2005.

(2) Interest that accrued on the prior supplemental funds during the prior project year.

(f) No distributions, payments, transfers, or disbursements shall be made from the prior supplemental funds except as set forth in this section.

(g) Moneys in the fund shall be used as the source for the nonfederal share of payments to hospitals under this section.

(h) Except as otherwise provided in subdivision (j), moneys shall be applied to obtain federal financial participation to the extent available in accordance with customary Medi-Cal accounting procedures for purposes of payments under this section. Distributions from the fund shall be supplemental to any other Medi-Cal reimbursement received by the hospitals, including amounts that hospitals receive under the selective provider contracting program, and shall not affect provider rates paid under the selective provider contracting program.

(i) Subject to subdivision (j), all amounts that are in the fund shall be available for negotiation by the California Medical Assistance Commission, along with corresponding federal financial participation, for additional payments to distressed hospitals. These amounts shall be paid under contracts entered into by the department and negotiated by the California Medical Assistance Commission pursuant to Article 2.6

(commencing with Section 14081), provided that any amounts payable to a designated public hospital shall be paid in the form of a direct grant of state general funds pursuant to a contract negotiated by the California Medical Assistance Commission.

(j) After April 1, 2007, and each April 1 thereafter, in the event that funding under this article is insufficient to meet the adjusted aggregate baseline funding amounts for a particular project year, as determined in subdivision (d) of Section 14166.5, and in Sections 14166.13 and 14166.18, funds under this section shall first be available for use under contracts negotiated by the California Medical Assistance Commission for hospitals contracting under the selective provider contracting program under Article 2.6 (commencing with Section 14081) in an effort to address the insufficiency, to the extent funds under this section are available on or after April 1 for the particular project year.

(k) Any funds remaining in the fund at the end of a fiscal year shall be carried forward for use in the following fiscal year.

CHAPTER 328

An act to amend Section 12693.70 of, to add Sections 12693.98a and 12694 to, and to amend and repeal Section 12693.98 of, the Insurance Code, and to amend Section 14011.65 of, to add Section 14012.5 to, and to add and repeal Section 14011.65a of, the Welfare and Institutions Code, relating to health care coverage.

[Approved by Governor September 19, 2006. Filed with Secretary of State September 19, 2006.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature that by December 1, 2010, all children in the state shall have health care coverage.

SEC. 2. Section 12693.70 of the Insurance Code, as amended by Section 42 of Chapter 74 of the Statutes of 2006, is amended to read:

12693.70. To be eligible to participate in the program, an applicant shall meet all of the following requirements:

(a) Be an applicant applying on behalf of an eligible child, which means a child who is all of the following:

(1) Less than 19 years of age. An application may be made on behalf of a child not yet born up to three months prior to the expected date of delivery. Coverage shall begin as soon as administratively feasible, as determined by the board, after the board receives notification of the birth.

However, no child less than 12 months of age shall be eligible for coverage until 90 days after the enactment of the Budget Act of 1999.

(2) Not eligible for no-cost full-scope Medi-Cal or Medicare coverage at the time of application.

(3) In compliance with Sections 12693.71 and 12693.72.

(4) A child who meets citizenship and immigration status requirements that are applicable to persons participating in the program established by Title XXI of the Social Security Act, except as specified in Section 12693.76.

(5) A resident of the State of California pursuant to Section 244 of the Government Code; or, if not a resident pursuant to Section 244 of the Government Code, is physically present in California and entered the state with a job commitment or to seek employment, whether or not employed at the time of application to or after acceptance in, the program.

(6) (A) In either of the following:

(i) In a family with an annual or monthly household income equal to or less than 200 percent of the federal poverty level.

(ii) When implemented by the board, subject to subdivision (b) of Section 12693.765 and pursuant to this section, a child under the age of two years who was delivered by a mother enrolled in the Access for Infants and Mothers Program as described in Part 6.3 (commencing with Section 12695). Commencing July 1, 2007, eligibility under this subparagraph shall not include infants during any time they are enrolled in employer-sponsored health insurance or are subject to an exclusion pursuant to Section 12693.71 or 12693.72, or are enrolled in the full scope of benefits under the Medi-Cal program at no share of cost. For purposes of this clause, any infant born to a woman whose enrollment in the Access for Infants and Mothers Program begins after June 30, 2004, shall be automatically enrolled in the Healthy Families Program, except during any time on or after July 1, 2007, that the infant is enrolled in employer-sponsored health insurance or is subject to an exclusion pursuant to Section 12693.71 or 12693.72, or is enrolled in the full scope of benefits under the Medi-Cal program at no share of cost. Except as otherwise specified in this section, this enrollment shall cover the first 12 months of the infant's life. At the end of the 12 months, as a condition of continued eligibility, the applicant shall provide income information. The infant shall be disenrolled if the gross annual household income exceeds the income eligibility standard that was in effect in the Access for Infants and Mothers Program at the time the infant's mother became eligible, or following the two-month period established in Section 12693.981 if the infant is eligible for Medi-Cal with no share of cost. At the end of the second year, infants shall again be screened for program eligibility pursuant to this section, with income eligibility evaluated

pursuant to clause (i), subparagraphs (B) and (C), and paragraph (2) of subdivision (a).

(B) All income over 200 percent of the federal poverty level but less than or equal to 250 percent of the federal poverty level shall be disregarded in calculating annual or monthly household income.

(C) In a family with an annual or monthly household income greater than 250 percent of the federal poverty level, any income deduction that is applicable to a child under Medi-Cal shall be applied in determining the annual or monthly household income. If the income deductions reduce the annual or monthly household income to 250 percent or less of the federal poverty level, subparagraph (B) shall be applied.

(b) The applicant shall agree to remain in the program for six months, unless other coverage is obtained and proof of the coverage is provided to the program.

(c) An applicant shall enroll all of the applicant's eligible children in the program.

(d) In filing documentation to meet program eligibility requirements, if the applicant's income documentation cannot be provided, as defined in regulations promulgated by the board, the applicant's signed statement as to the value or amount of income shall be deemed to constitute verification.

(e) An applicant shall pay in full any family contributions owed in arrears for any health, dental, or vision coverage provided by the program within the prior 12 months.

(f) By January 2008, the board, in consultation with stakeholders, shall implement processes by which applicants for subscribers may certify income at the time of annual eligibility review, including rules concerning which applicants shall be permitted to certify income and the circumstances in which supplemental information or documentation may be required. The board may terminate using these processes not sooner than 90 days after providing notification to the Chair of the Joint Legislative Budget Committee. This notification shall articulate the specific reasons for the termination and shall include all relevant data elements that are applicable to document the reasons for the termination. Upon the request of the Chair of the Joint Legislative Budget Committee, the board shall promptly provide any additional clarifying information regarding implementation of the processes required by this subdivision.

(k) This section shall cease to be implemented on the date that the Director of Health Services executes a declaration stating that implementation of the Healthy Families Presumptive Eligibility Program established pursuant to Section 12693.98a has commenced, and as of that date is repealed.

SEC. 4. Section 12693.98a is added to the Insurance Code, to read:

12693.98a. (a) (1) The Healthy Families Presumptive Eligibility Program is hereby established to provide any child who meets the criteria set forth in subdivision (b) with presumptive eligibility benefits until the board has determined the child's eligibility for the Healthy Families Program.

(2) The Healthy Families Presumptive Eligibility Program shall be administered by the board.

(b) (1) Any child who meets both of the following requirements shall be eligible for presumptive eligibility benefits under the Healthy Families Presumptive Eligibility Program:

(B) He or she otherwise appears to meet the income eligibility criteria for the Healthy Families Program.

(2) The presumptive eligibility benefits under this section shall begin on the first day of the month following the last day of the receipt of Medi-Cal benefits without a share of cost. If the board determines that the child is eligible for the Healthy Families Program, the board shall enroll the child in the Healthy Families Program without an interruption in coverage. (f) When an application is forwarded by the county to the Healthy Families Program, the county shall send the application to the Healthy Families Program via an electronic application format defined by the department, provided that the department has implemented the automated interfaces necessary to accomplish electronic submission of applications from the county to the Healthy Families Program without requiring duplicative data entry by the county. The transmission of the electronic application to the Healthy Families Program shall occur within the timeframes designated by the department.

(g) To the extent necessary, the department and the board may exchange a child's case file solely for the purpose of determining the

child's eligibility for the Medi-Cal program or the Healthy Families Program, without requiring the family's consent, to the extent allowed by federal law. Any information, including the child's case file, shall be kept confidential by the department and the board pursuant to state and federal law, and it shall be used only for the determination or continuation of eligibility.

(h) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department shall implement this section by means of all-county letters or similar instructions, without taking any further regulatory action. SEC. 5. Section 12694 is added to the Insurance Code, to read:

12694. (a) The board and the department, in collaboration with program offices for the California Special Supplemental Food Program for Women, Infants, and Children (WIC or the WIC program), local WIC agencies, counties in their capacity of making Medi-Cal eligibility determinations, advocates, information technology specialists, and other stakeholders, shall design, promulgate, and implement policies and procedures for an automated enrollment gateway system developed by the department and the board that performs, but is not limited to performing, the following functions:

(1) To the extent that federal financial participation is available, allowing children applying to the WIC program to submit a simple

electronic application to simultaneously obtain presumptive eligibility for Medi-Cal and Healthy Families under Title XIX (42) U.S.C. 1396 et seq.) and Title XXI (42 U.S.C. 1397aa et seq.) of the Social Security Act and apply for enrollment into the Medi-Cal program or the Healthy Families Program with the consent of their parent or guardian.

(2) Modify the existing WIC enrollment system to obtain the minimum required data for enrollment in Medi-Cal and Healthy Families in order to provide an electronic transactional platform that is connected to the simple electronic application referenced in paragraph (1) and allowing for an interface between that application, the Medi-Cal Eligibility Data System (MEDS), and the Medi-Cal program or the Healthy Families Program, as relevant.

(3) Providing an automated real-time connection with MEDS for the purpose of checking an applicant's enrollment status.

(4) Allowing for the electronic transfer of information to the Medi-Cal program or the Healthy Families Program, as relevant, for the purpose of making the final eligibility determination.

(5) Checking, as relevant, available government databases for the purpose of electronically receiving information that is necessary to allow the Medi-Cal program or the Healthy Families Program to complete the eligibility determination. The department and the Managed Risk Medical Insurance Board shall comply with all applicable privacy and confidentiality provisions under federal and state law.

(b) The automated enrollment gateway system shall be constructed with the capacity to be used by entities operating the WIC program.

(c) The WIC application process shall be modified to provide an electronic application described in subdivision (a), which shall contain the information necessary to apply for the automated enrollment gateway system, supplemented by information required to apply for enrollment into the Medi-Cal program or the Healthy Families Program.

(d) Benefits for applicants opting to simultaneously obtain presumptive eligibility for enrollment under this section shall continue until a final eligibility determination is made for the Medi-Cal program or the Healthy Families Program pursuant to Section 14011.8 of the Welfare and Institutions Code.

(e) Operation of the automated enrollment gateway system for the WIC program shall occur within a timely and appropriate period as determined by the department and the board, in consultation with the stakeholders as provided in subdivision (a) subject to a specific appropriation being provided for that purpose in the Budget Act or in subsequent legislation. The automated enrollment gateway system shall comply with all applicable confidentiality and privacy protection in federal and state law and regulation.

(f) The WIC program shall collect income and residency information necessary for the Medi-Cal program and the Healthy Families Program documentation requirements for applications submitted through the automated enrollment gateway system. To the extent allowed by the federal government, the Medi-Cal and Healthy Families programs shall rely on income information obtained by WIC and upon the income verification process performed by WIC. The Medi-Cal and Healthy Families programs shall collect and verify citizenship and immigration information as required under those programs.

(g) Consistent with the provisions of this section, the Medi-Cal and Healthy Families programs may collect additional information needed to verify eligibility in those programs.

(h) Counties shall accept and process for a Medi-Cal eligibility determination applications provided by the WIC gateway system and ensure timely processing of these applications and a timely eligibility determination and ending of presumptive eligibility.

(i) The presumptive eligibility benefits provided under this section shall be identical to the benefits provided to children who receive full-scope Medi-Cal benefits without a share of cost, and shall only be made available through a Medi-Cal provider.

(j) The confidentiality and privacy protections set forth in Sections 10850 and 14100.2 of the Welfare and Institutions Code and all other confidentiality and privacy protections in federal and state law and regulation shall apply to all children and families using the automated enrollment gateway system as described in this section.

(k) The state shall promote and offer support to the WIC program for the use of the simple electronic application and the automated enrollment gateway system.

(*l*) The board shall seek approval of any amendments to the state plan necessary to implement this section, in accordance with Title XXI (42 U.S.C. Sec. 1397aa et seq.) of the federal Social Security Act.

(m) The department shall seek approval of any amendments to the state plan necessary to implement this section, in accordance with Title XIX (42 U.S.C. 1396 et seq.) of the federal Social Security Act. Notwithstanding any other provision of law, only when all necessary federal approvals have been obtained shall this section be implemented.

SEC. 6. Section 14011.65 of the Welfare and Institutions Code is amended to read:

14011.65. (a) To the extent allowed under federal law and only if federal financial participation is available under Title XXI of the Social Security Act (42 U.S.C. Sec. 1397aa et seq.), the state shall administer the Medi-Cal to Healthy Families Accelerated Enrollment program, to provide any child who meets the criteria set forth in subdivision (b) with

temporary health benefits for the period described in paragraph (2) of subdivision (b), as established under Part 6.2 (commencing with Section 12693) of Division 2 of the Insurance Code.

(F) The child, or his or her parent or guardian, gives, or has given consent for the application to be shared with the Healthy Families Program for purposes of determining the child's Healthy Families Program eligibility.

(2) The period of accelerated eligibility provided for under this section begins on the first day of the month that the county finds that the child meets all of the criteria described in paragraph (1) and concludes on the last day of the month that the child either is fully enrolled in, or has been determined ineligible for, the Healthy Families Program.

(3) For any child who meets the requirements for temporary health benefits under this section, the county shall forward to the Healthy Families Program sufficient information from the child's application to determine eligibility for the Healthy Families Program. To the extent possible, submission of that information to the Healthy Families Program shall be accomplished using an electronic process developed for use in the Medi-Cal-to-Healthy Families Bridge Benefits Program. The department shall give the Healthy Families Program a daily electronic file of all children provided temporary health benefits pursuant to this section.

(4) The temporary health benefits provided under this section shall be identical to the benefits provided to children who receive full-scope Medi-Cal benefits without a share of cost and shall only be made available through a Medi-Cal provider.

(c) The department, in consultation with the Managed Risk Medical Insurance Board and representatives of the local agencies that administer the Medi-Cal program, consumer advocates, and other stakeholders,

Thereafter, the department may adopt regulations, as necessary, to implement this section in accordance with the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(e) The department shall seek approval of any amendments to the state plan necessary to implement this section, in accordance with Title XIX (42 U.S.C. Sec. 1396 et seq.) of the Social Security Act. Notwithstanding any other provision of law, only when all necessary federal approvals have been obtained shall this section be implemented.

(f) Under no circumstances shall this section be implemented unless the state has sought and obtained approval of any amendments to its state plan, as described in Section 12693.50 of the Insurance Code, necessary to implement this section and obtain funding under Title XXI of the Social Security Act (42 U.S.C. Sec. 1397aa et seq.) for the provision of benefits provided under this section. Notwithstanding any other provision of law, and only when all necessary federal approvals have been obtained by the state, this section shall be implemented only to the extent federal financial participation under Title XXI of the Social Security Act (42 U.S.C. Sec. 1397aa et seq.) is available to fund benefits provided under this section.

(g) The department shall commence implementation of this section on the first day of the third month following the month in which federal approval of the state plan amendment or amendments described in subdivision (f), and subdivision (b) of Section 12693.50 of the Insurance Code is received, or on August 1, 2006, whichever is later.

(h) This section shall cease to be implemented on the date that the director executes a declaration, pursuant to subdivision (h) of Section 14011.65, stating that implementation of Section 14011.65a has commenced. Implementation of this section shall resume on the date that Section 14011.65a becomes inoperative, pursuant to subdivision (h) of that section.

SEC. 7. Section 14011.65a is added to the Welfare and Institutions Code, to read:

14011.65a. (a) To the extent allowed under federal law under Title XIX (42) U.S.C. 1396 et seq.) and Title XXI (42 U.S.C. 1397aa et seq.) of the Social Security Act, and only if federal financial participation is available under Title XXI (42 U.S.C. 1397aa et seq.) of the Social

Security Act, the state shall administer the Medi-Cal to Healthy Families Presumptive Eligibility Program, to provide any child who meets the criteria set forth in subdivision (b) with presumptive eligibility benefits for the period described in paragraph (4) of subdivision (b).

(b) (1) On the basis of an initial screen performed by the county when an application for Medi-Cal or Healthy Families Program eligibility is filed, any child who meets all of the following requirements, shall be eligible for presumptive eligibility benefits under this section:

(A) The child, or his or her parent or guardian, submits an application for the Medi-Cal program or the Healthy Families Program directly to the county.

(B) The child's income, as screened by the county on the basis of the application described in subparagraph (A), is not within the income levels necessary to establish no share-of-cost Medi-Cal eligibility.

(C) The child's income, as screened by the county on the basis of the application described in subparagraph (A), is within the income limits established by the Healthy Families Program.

(D) The child is under 19 years of age at the time of the application.

(E) The child is not receiving no-cost Medi-Cal or Healthy Families benefits at the time that the application is submitted.

(2) When the county performs the initial screen and determines that the child meets the criteria described in paragraph (1), the county shall establish presumptive eligibility for Healthy Families for that child. Once presumptive eligibility has been established, the county shall continue to determine child's eligibility for Medi-Cal on the basis of the filed application.

(3) When the county completes the Medi-Cal eligibility determination process and determines a child ineligible for no-cost Medi-Cal and the child appears to be income eligible for the Healthy Families Program, the county shall find the child presumptively eligible for the Healthy Families Program and comply with the standards set forth in paragraph (5) if either of the following conditions are met:

(A) The county determined the child eligible for Medi-Cal with a share of cost.

(B) The child is not income eligible for a poverty level program and the county did not establish no-cost Medi-Cal eligibility because the child did not complete or failed to pass the resource standard or establish disability or deprivation.

(4) The period of presumptive eligibility provided for under this section begins on the first day of the month that the county finds that the child meets all of the criteria described in paragraph (1) or (3), and concludes on the last day of the month of the child's effective date of

coverage in the Healthy Families Program, or determination of ineligibility for the Healthy Families Program.

(5) (A) For any child who meets the requirements for presumptive eligibility benefits under this section, the county shall forward to the Healthy Families Program the child's application, to determine eligibility for the Healthy Families Program. The submission of the application to the Healthy Families Program shall be accomplished using an electronic format, specified by the department provided that the department has implemented the automated interfaces necessary to accomplish electronic submission of applications from the county to the Healthy Families Program without requiring duplicative data entry by the county. If all of the eligibility criteria set forth in paragraph (1) of subdivision (b) are established at the time of application, the application to Healthy Families Program shall be forwarded in accordance with the timeframes established by the department.

(B) The department shall give the Healthy Families Program a daily electronic file of all children provided presumptive eligibility benefits pursuant to this section.

(6) The presumptive eligibility benefits provided under this section shall be identical to the benefits provided to children who receive full-scope Medi-Cal benefits without a share of cost and shall only be made available through a Medi-Cal provider.

(c) The department, in consultation with the Managed Risk Medical Insurance Board and representatives of the local agencies that administer the Medi-Cal program, consumer advocates, and other stakeholders, shall develop and distribute the policies and procedures, including any all-county letters, necessary to implement this section.

(d) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department shall implement this section by means of all-county letters or similar instructions, without taking any further regulatory action. Thereafter, the department may adopt regulations, as necessary, to implement this section in accordance with the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(e) The department shall seek approval of any amendments to the state plan necessary to implement this section, in accordance with Title XIX (42 U.S.C. Sec. 1396 et seq.) of the Social Security Act. Notwithstanding any other provision of law, only when all necessary federal approvals have been obtained shall this section be implemented.

(f) Under no circumstances shall this section be implemented unless the state has sought and obtained approval of any amendments to its state plan, as described in Section 12693.50 of the Insurance Code,

necessary to implement this section and obtain funding under Title XXI of the Social Security Act (42 U.S.C. Sec. 1397aa et seq.) for the provision of benefits provided under this section. Notwithstanding any other provision of law, and only when all necessary federal approvals have been obtained by the state, this section shall be implemented only to the extent federal financial participation under Title XXI of the Social Security Act (42 U.S.C. Sec. 1397aa et seq.) is available to fund benefits provided under this section.

(g) The department shall commence implementation of this section on the first day of the third month following the month in which federal approval of the state plan amendment or amendments described in subdivision (f), and subdivision (b) of Section 12693.50 of the Insurance Code is received, or on August 1, 2007, whichever is later.

(h) Upon implementation of the Medi-Cal to Healthy Families Presumptive Eligibility Program pursuant to this section, the director shall execute a declaration, which shall be retained by the director, stating that implementation of this section has commenced. This section shall become inoperative three years after the date that the director executes the declaration, and shall be repealed on January 1 of the year following the date upon which this section becomes inoperative.

SEC. 8. Section 14012.5 is added to the Welfare and Institutions Code, to read:

14012.5. (a) By July 1, 2007, the department shall implement a process that allows applicants and beneficiaries to self-certify the amount and nature of assets and income without the need to submit income or asset documentation.

(b) The process shall apply to applicants and beneficiaries in the program described in Section 14005.30, the federal poverty level programs for infants, children and pregnant women, the Medically-Indigent and Medically-Needy Programs for children and families, and other similar programs designated by the department, in order to preserve family unity or simplify administration. The process shall not apply to applicants or beneficiaries whose eligibility is based on their status as aged, blind, or based upon a disability determination unless, to the extent possible, they are members of families in which a child, parent, or spouse of that person is also a Medi-Cal applicant or beneficiary.

(c) The department shall implement the process of self-certification in two phases. The first phase shall be implemented in two counties as established in subdivision (d), and consistent with requirements set forth in this section. The second phase shall be implemented statewide as established in subdivision (h) and subject to the conditions set forth in this section.

(d) The department shall implement the first phase in two counties that have a combined Medi-Cal population of approximately 10 percent of the total statewide Medi-Cal population for the programs described in subdivision (b) as being eligible for the self-certification process. The department shall select the two counties for the initial phase of implementation by considering the following factors:

(1) The county's demonstrated record of completing eligibility determinations and redeterminations accurately and on a timely basis.

(2) The county's demonstrated record of accurately, quickly and successfully implementing programs.

(e) Each county shall agree to meet all federal requirements for income, resource, and other verifications, and to perform determinations and verifications in a timely manner.

(f) Following a two-year implementation of the first phase, the department shall promptly provide the fiscal and policy committees of the Legislature with an evaluation of the self-certification process and its impacts on the Medi-Cal program, including its impact on enrolling and retaining eligible persons, simplifying the program, assuring program and fiscal integrity, administrative costs, and its overall cost-benefit to the state.

(g) The director may modify or terminate the first phase of implementation not sooner than 90 days after providing notification to the Chair of the Joint Legislative Budget Committee. This notification shall articulate the specific reasons for the modification or termination and shall include all relevant data elements which are applicable to document the reasons provided for said modifications or termination. Upon the request of the Chair of the Joint Legislative Budget Committee, the director shall promptly provide any additional clarifying information regarding the first phase of implementation as requested.

(h) Following two years of operation in two counties and submission of the evaluation to the Legislature, the director, in consultation with the Department of Finance, shall determine whether to implement the self-certification process statewide. This determination shall be based on the outcomes of the evaluation, including the ability to increase enrollment of eligible children and families, and to maintain the overall integrity of the Medi-Cal program. Statewide implementation shall be contingent on a specific appropriation being provided for this purpose in the Budget Act or subsequent legislation.

(i) This section shall be implemented only if that, and to the extent, federal financial participation is available.

(j) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department shall implement this section by means of all-county letters or similar

instructions, without taking any further regulatory action. Thereafter, the department shall adopt regulations, as necessary, to implement this section in accordance with the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(k) The department, in consultation with the Department of Finance, counties, and other interested stakeholders, shall determine which types of assets and income are appropriate for self-certification under this section.

(*l*) Nothing in this section shall be read to preclude a county from requesting documentation from any applicant or beneficiary regarding any income or asset where a question arises about such income or asset during the county's determination or redetermination of eligibility following receipt of the application or annual redetermination form.

(m) Nothing in this section shall change the ability of the department to self-certify income, assets, or other program information to the extent allowed under state or federal law, waiver, or the state plan.

(n) (1) This section shall not be implemented if the voters approve Proposition 86, the tobacco tax initiative, at the statewide general election on November 7, 2006.

(2) Notwithstanding paragraph (1) if Proposition 86 is approved by the voters at the statewide general election on November 7, 2006, this section shall be implemented during the pendency of any legal action concerning the validity of the proposition.

SEC. 9. The adoption and one readoption of any regulations by the Managed Risk Medical Insurance Board to implement this act shall be deemed to be an emergency and necessary for the immediate preservation of public peace, health and safety, or general welfare for purposes of Sections 11346.1 and 11349.6 of the Government Code, and the board is hereby exempted from the requirement that it describe specific facts showing the need for immediate action and from review by the Office of Administrative Law. For purpose of subdivision (e) of Section 11346.1 of the Government Code, the 120-day period, as applicable to the effective period of an emergency regulatory action and submission of specified materials to the Office of Administrative Law, is hereby extended to 180 days.

SEC. 10. Notwithstanding any other provision of law, this act shall be implemented only to the extent that funds are appropriated for the purposes of this act in the annual Budget Act or in another statute. To the extent that funds are appropriated for only a portion of the changes enacted pursuant to this act, those changes for which funds are appropriated shall be implemented.

SEC. 11. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

The people of the State of California do enact as follows:

SECTION 1. Section 120440 of the Health and Safety Code is amended to read:

120440. (a) For the purposes of this chapter, the following definitions shall apply:

CHAPTER 330

An act to add Section 14132.74 to the Welfare and Institutions Code, relating to Medi-Cal, and making an appropriation therefor.

[Approved by Governor September 19, 2006. Filed with Secretary of State September 19, 2006.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Nick Snow Children's Hospice and Palliative Care Act of 2006.

SEC. 2. Section 14132.74 is added to the Welfare and Institutions Code, to read:

14132.74. (a) The department, in consultation with interested stakeholders, shall develop, as a pilot project, a pediatric palliative care benefit to evaluate whether, and to what extent, such a benefit should be offered under the Medi-Cal program. The pilot project shall be implemented only to the extent that federal financial participation is available.

(b) Beneficiaries eligible to receive the pediatric palliative care benefit shall be under 21 years of age. The department may further limit the population served by the pilot project to a size deemed sufficient to make the evaluation required pursuant to subdivision (a).

(c) Services covered under the pediatric palliative care benefit shall be designed to meet the unique needs of children, and shall include those

types of services that are available through the Medi-Cal hospice benefit. The benefit shall also include the following services, regardless of whether those services are covered under the Medi-Cal hospice benefit:

(1) Hospice services that are provided at the same time that curative treatment is available, to the extent that the services are not duplicative.

(2) Hospice services provided to individuals whose conditions may result in death, regardless of the estimated length of the individual's remaining period of life.

(3) Any other services that the department determines to be appropriate.

(d) The department, in consultation with interested stakeholders, shall determine the medical conditions and prognoses that render a beneficiary eligible for the benefit.

(e) Providers authorized to provide services under the pilot program shall include licensed hospice agencies and home health agencies licensed to provide hospice care, subject to criteria developed by the department for provider participation.

(f) (1) The department shall submit any necessary application to the federal Centers for Medicare and Medicaid Services for a waiver to implement the pilot project described in this section. The department shall determine the form of waiver most appropriate to achieve the purposes of this section. The waiver request shall be included in any waiver application submitted within 12 months after the effective date of this section, or shall be submitted as an independent application within that time period. After federal approval is secured, the department shall implement the waiver within 12 months of the date of approval.

(2) The waiver shall be designed to cover a period of time necessary to evaluate the medical necessity for, and cost-effectiveness of, a pediatric palliative care benefit. The results of the pilot project shall be made available to the Legislature and appropriate policy and fiscal committees to determine the effectiveness of the benefit.

(g) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement the provisions of this section by means of provider bulletins or similar instructions, without the adoption of regulations. The department shall notify the fiscal and appropriate policy committees of the Legislature of its intent to issue a provider bulletin or other similar instruction at least five days prior to issuance.

(h) (1) Nothing in this section shall result in the elimination or reduction of any covered benefits or services under the Medi-Cal program or the California Children's Services Program.

(2) This section shall not affect an individual's eligibility to receive, concurrently with the benefit provided for in this section, any services,

including home health services, for which the individual would have been eligible in the absence of this section.

SEC. 3. There is hereby appropriated the sum of seventy-five thousand dollars ($75,000) from the General Fund to the State Department of Health Services for expenditure for the purposes of developing and implementing a pilot project, as provided for in Section 14132.74 of the Welfare and Institutions Code, to evaluate whether, and to what extent, a pediatric palliative care benefit should be offered under the Medi-Cal program. These funds may be used to fund staff positions to execute, plan, manage, develop, and implement the pilot project.

(C) The State Department of Health Services approves the applicant authorization form in consultation with the board.

(D) The plan may not actively solicit referrals and may not provide compensation for the referrals.

(G) The plan abides by the board's marketing guidelines.

(b) A participating health, dental, or vision plan may provide application assistance to an applicant who is acting on behalf of an eligible or potentially eligible child in any of the following situations:

(1) The child is enrolled in a Medi-Cal managed care plan and the participating plan becomes aware that the child's eligibility status has or will change and that the child will no longer be eligible for Medi-Cal. In those instances, the plan shall inform the applicant of the differences in benefits and requirements between the Healthy Families Program and the Medi-Cal program.

(2) The child is enrolled in a Healthy Families Program managed care plan and the participating plan becomes aware that the child's eligibility status has changed or will change and that the child will no longer be eligible for the Healthy Families Program. The employee or other representative shall in all cases inform an applicant verbally of his or her relationship with the participating health plan. In the case of an in-person contact, the employee or other representative shall provide in writing to the applicant the nature of his or her relationship with the participating health plan and obtain written acknowledgment from the applicant that the information was provided.

(2) Directly, indirectly, or through its agents, select a health plan or provider for a potential applicant. Instead, the plan shall inform a potential applicant of the choice of plans available within the applicant's county of residence and specifically name those plans and provide the most recent version of the program handbook.

(3) Directly, indirectly, or through its agents, conduct mail or in-person solicitation of applicants for enrollment, except as specified in subdivision (b), using materials approved by the board.

(e) A participating health, dental, or vision plan that provides application assistance pursuant to this section is not eligible for an application assistance fee otherwise available pursuant to Section 12693.32, and may not sponsor a person eligible for the program by paying his or her family contribution amounts or copayments, and may not offer applicants any inducements to enroll, including, but not limited to, gifts or monetary payments.

(f) A participating health, dental, or vision plan may assist applicants acting on behalf of subscribers who are enrolled with the participating plan in completing the program's annual eligibility review package in order to allow those applicants to retain health care coverage.

(g) Each participating health, dental, or vision plan shall submit to the board a plan for application assistance. All scripts and materials to be used during application assistance sessions shall be approved by the board and the State Department of Health Services.

(h) Each participating health, dental, or vision plan shall provide each applicant with the toll-free telephone number for the Healthy Families Program.

(i) When deemed appropriate by the board, the board may refer a participating health, dental, or vision plan to the Department of Managed Health Care or the State Department of Health Services, as applicable, for the review or investigation of its application assistance practices.

(j) The board shall evaluate the impact of the changes required by this section and shall provide a biennial report to the Legislature on or

before March 1 of every other year. To prepare these reports, the State Department of Health Services, in cooperation with the board, shall code all the application packets used by a managed care plan to record the number of applications received that originated from managed care plans. The number of applications received that originated from managed care plans shall also be reported on the board's Web site. In addition, the board shall periodically survey those families assisted by plans to determine if the plans are meeting the requirements of this section, and if families are being given ample information about the choice of health, dental, or vision plans available to them.

(k) Nothing in this section shall be seen as mitigating a participating health, dental, or vision plan's responsibility to comply with all federal and state laws, including, but not limited to, Section 1320a-7b of Title 42 of the United States Code.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

(commencing with Section 14087.5), Article 2.9 (commencing with Section 14088), Article 2.91 (commencing with Section 14089), Article 2.95 (commencing with Section 14092); or either Article 2 (commencing with Section 14200), or Article 7 (commencing with Section 14490) of Chapter 8, until January 1, 2012, except for contracts entered into for county organized health systems or Regional Health Authority in the Counties of San Mateo, Santa Barbara, Solano, Yolo, Marin, and Napa.

(b) Notwithstanding any other provision of this chapter, providers serving children under the CCS program who are enrolled with a Medi-Cal managed care contractor but who are not enrolled in a pilot project pursuant to subdivision (c) shall continue to submit billing for CCS covered services on a fee-for-service basis until CCS covered services are incorporated into the Medi-Cal managed care contracts described in subdivision (a).

(3) CCS covered services shall not be incorporated into the Medi-Cal managed care contracts described in subdivision (a) before the evaluation process has been completed.

(4) The pilot projects shall be evaluated to determine whether:

(C) CCS program standards are adhered to.

(e) For purposes of this section, CCS covered services include all program benefits administered by the program specified in Section 123840 of the Health and Safety Code regardless of the funding source.

Every person required to register as a sex offender shall be subject to assessment with the SARATSO as set forth in this section and elsewhere in this code.

(2) A representative of the Department of Corrections and Rehabilitation, in consultation with a representative of the Department of Mental Health and a representative of the Attorney General's office, shall comprise the SARATSO Review Committee. The committee shall consult with experts in the fields of risk assessment and the use of actuarial instruments in predicting sex offender risk, sex offending, sex offender treatment, mental health, and law, as it deems appropriate.

If the committee unanimously agrees on changes to be made to the SARATSO, it shall advise the Governor and the Legislature of the changes, and it shall post its decision on the Department of Corrections and Rehabilitation's Internet Web site. Sixty days after the decision is posted, the selected tool shall become the SARATSO for adult males.

Internet Web site. Sixty days after the decision is posted, the selected tool shall become the SARATSO for females.

(d) On or before January 1, 2007, the SARATSO Review Committee shall research risk assessment tools for juveniles required to register as sex offenders. If the committee unanimously agrees on an appropriate risk assessment tool to be used to assess this population, it shall advise the Governor and the Legislature of the selected tool, and it shall post its decision on the Department of Corrections and Rehabilitation's Internet Web site. Sixty days after the decision is posted, the selected tool shall become the SARATSO for juveniles.

Subject to requirements promulgated by the committee, probation departments, regional parole officers, and local law enforcement agencies shall designate key persons within their organizations to attend training and, as authorized by the department, to train others within their organizations designated to perform risk assessments as required or authorized by law. Any person who administers the SARATSO shall receive training no less frequently than every two years.

On or before January 15, 2008, the committee shall introduce legislation to implement the plan.

(d) On or before January 1, 2008, the SARATSO Review Committee shall research the appropriateness and feasibility of providing a means by which an eligible person subject to assessment may, at his or her own expense, be assessed with the SARATSO by a governmental entity prior to his or her scheduled assessment. If the committee unanimously agrees that such a process is appropriate and feasible, it shall advise the Governor and the Legislature of the selected tool, and it shall post its decision on the Department of Corrections and Rehabilitation's Internet Web site. Sixty days after the decision is posted, the established process shall become effective.

Nothing in this section prohibits probation authorities from using electronic monitoring technology pursuant to any other provision of law.

(c) Within 30 days of a court making an order to provide restitution to a victim or to the Restitution Fund, the probation officer shall establish an account into which any restitution payments that are not deposited into the Restitution Fund shall be deposited.

(E) Copies of adequate proof of residence, which shall be limited to a California driver's license, California identification card, recent rent or utility receipt, printed personalized checks or other recent banking documents showing that person's name and address, or any other information that the registering official believes is reliable. If the person has no residence and no reasonable expectation of obtaining a residence in the foreseeable future, the person shall so advise the registering official and shall sign a statement provided by the registering official stating that fact. Upon presentation of proof of residence to the registering official or a signed statement that the person has no residence, the person shall be allowed to register. If the person claims that he or she has a residence but does not have any proof of residence, he or she shall be allowed to register but shall furnish proof of residence within 30 days of the date he or she is allowed to register.

(3) Within three days thereafter, the preregistering official or the registering law enforcement agency or agencies shall forward the statement, fingerprints, photograph, and vehicle license plate number, if any, to the Department of Justice.

(f) (1) (A) Any person who was last registered at a residence address pursuant to this section who changes his or her residence address, whether within the jurisdiction in which he or she is currently registered or to a new jurisdiction inside or outside the state, shall, in person, within five working days of the move, inform the law enforcement agency or agencies with which he or she last registered of the move, the new address or transient location, if known, and any plans he or she has to return to California.

(B) If the person does not know the new residence address or location at the time of the move, the registrant shall, in person, within five working days of the move, inform the last registering agency or agencies that he or she is moving. The person shall later notify the last registering agency or agencies, in writing, sent by certified or registered mail, of the new address or location within five working days of moving into the new residence address or location, whether temporary or permanent.

(C) The law enforcement agency or agencies shall, within three working days after receipt of this information, forward a copy of the change of address information to the Department of Justice. The Department of Justice shall forward appropriate registration data to the law enforcement agency or agencies having local jurisdiction of the new place of residence.

The agency need not provide a physical address for the registrant but shall indicate that he or she is serving a period of incarceration or commitment in a facility under the agency's jurisdiction. This paragraph shall apply to persons received in a department facility or state mental institution on or after January 1, 1999. The Department of Justice shall forward the change of address information to the agency with which the person last registered.

If probation is granted or if the imposition or execution of sentence is suspended, it shall be a condition of the probation or suspension that the person serve at least 90 days in a county jail. The penalty described in this paragraph shall apply whether or not the person has been released on parole or has been discharged from parole.

(3) Any person determined to be a mentally disordered sex offender or who has been found guilty in the guilt phase of trial for an offense for which registration is required under this section, but who has been found not guilty by reason of insanity in the sanity phase of the trial, or who has had a petition sustained in a juvenile adjudication for an offense for which registration is required under this section pursuant to subdivision (d), but who has been found not guilty by reason of insanity, who willfully violates any requirement of this section is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding one year. For any second or subsequent willful violation of any requirement of this section, the person is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

(4) If, after discharge from parole, the person is convicted of a felony or suffers a juvenile adjudication as specified in this subdivision, he or she shall be required to complete parole of at least one year, in addition to any other punishment imposed under this subdivision. A person convicted of a felony as specified in this subdivision may be granted probation only in the unusual case where the interests of justice would best be served. When probation is granted under this paragraph, the court shall specify on the record and shall enter into the minutes the circumstances indicating that the interests of justice would best be served by the disposition.

(5) Any person who has ever been adjudicated a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, and who fails to verify his or her registration every 90 days as required

(6) Except as otherwise provided in paragraph (5), any person who is required to register or reregister pursuant to clause (i) of subparagraph (C) of paragraph (1) of subdivision (a) and willfully fails to comply with the requirement that he or she reregister no less than every 30 days is guilty of a misdemeanor and shall be punished by imprisonment in a county jail at least 30 days, but not exceeding six months. A person who willfully fails to comply with the requirement that he or she reregister no less than every 30 days shall not be charged with this violation more often than once for a failure to register in any period of 90 days. Any person who willfully commits a third or subsequent violation of the requirements of subparagraph (C) of paragraph (1) of subdivision (a) that he or she reregister no less than every 30 days shall be punished in accordance with either paragraph (1) or (2) of this subdivision.

(7) Any person who fails to provide proof of residence as required by subparagraph (E) of paragraph (2) of subdivision (e), regardless of the offense upon which the duty to register is based, is guilty of a misdemeanor punishable by imprisonment in a county jail not exceeding six months.

(8) Any person who is required to register under this section who willfully violates any requirement of this section is guilty of a continuing offense as to each requirement he or she violated.

(9) In addition to any other penalty imposed under this subdivision, the failure to provide information required on registration and reregistration forms of the Department of Justice, or the provision of false information, is a crime punishable by imprisonment in a county jail for a period not exceeding one year.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the parole authority or the court, as the case may be, shall order the parole or probation of the person revoked. For purposes of this subdivision, "parole authority" has the same meaning as described in Section 3000.

(i) Except as otherwise provided by law, the statements, photographs, and fingerprints required by this section shall not be open to inspection by the public or by any person other than a regularly employed peace officer or other law enforcement officer.

(j) In any case in which a person who would be required to register pursuant to this section for a felony conviction is to be temporarily sent outside the institution where he or she is confined on any assignment within a city or county including firefighting, disaster control, or of

whatever nature the assignment may be, the local law enforcement agency having jurisdiction over the place or places where the assignment shall occur shall be notified within a reasonable time prior to removal from the institution. This subdivision shall not apply to any person who is temporarily released under guard from the institution where he or she is confined.

(k) As used in this section, "mentally disordered sex offender" includes any person who has been determined to be a sexual psychopath or a mentally disordered sex offender under any provision which, on or before January 1, 1976, was contained in Division 6 (commencing with Section 6000) of the Welfare and Institutions Code.

(*l*) (1) Every person who, prior to January 1, 1997, is required to register under this section, shall be notified whenever he or she next reregisters of the reduction of the registration period from 14 to 5 working days. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 14 days.

(2) Every person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, is required to verify his or her registration every 90 days, shall be notified wherever he or she next registers of his or her increased registration obligations. (2) Consolidate and simplify program logic, thereby increasing system performance and reducing system maintenance costs.

(3) Provide all necessary data storage, processing, and search capabilities.

(4) Provide law enforcement agencies with full Internet access to all sex offender data and photos.

(5) Incorporate a flexible design structure to readily meet future demands for enhanced system functionality, including public Internet access to sex offender information pursuant to Section 290.46.

SEC. 12. Section 290.03 is added to the Penal Code, to read:

290.03. (a) The Legislature finds and declares that a comprehensive system of risk assessment, supervision, monitoring and containment for registered sex offenders residing in California communities is necessary to enhance public safety and reduce the risk of recidivism posed by these offenders. The Legislature further affirms and incorporates the following findings and declarations, previously reflected in its enactment of "Megan's Law":

(1) Sex offenders pose a potentially high risk of committing further sex offenses after release from incarceration or commitment, and the protection of the public from reoffending by these offenders is a paramount public interest.

(2) It is a compelling and necessary public interest that the public have information concerning persons convicted of offenses involving unlawful sexual behavior collected pursuant to Sections 290 and 290.4 to allow members of the public to adequately protect themselves and their children from these persons.

(3) Persons convicted of these offenses involving unlawful sexual behavior have a reduced expectation of privacy because of the public's interest in public safety.

(4) In balancing the offenders' due process and other rights against the interests of public security, the Legislature finds that releasing information about sex offenders under the circumstances specified in the Sex Offender Punishment, Control, and Containment Act of 2006 will further the primary government interest of protecting vulnerable populations from potential harm.

(5) The registration of sex offenders, the public release of specified information about certain sex offenders pursuant to Sections 290 and 290.4, and public notice of the presence of certain high risk sex offenders in communities will further the governmental interests of public safety and public scrutiny of the criminal and mental health systems that deal with these offenders.

(6) To protect the safety and general welfare of the people of this state, it is necessary to provide for continued registration of sex offenders, for the public release of specified information regarding certain more serious sex offenders, and for community notification regarding high risk sex offenders who are about to be released from custody or who already reside in communities in this state. This policy of authorizing the release of necessary and relevant information about serious and high risk sex offenders to members of the general public is a means of assuring public protection and shall not be construed as punitive.

(7) The Legislature also declares, however, that in making information available about certain sex offenders to the public, it does not intend that

the information be used to inflict retribution or additional punishment on any person convicted of a sex offense. While the Legislature is aware of the possibility of misuse, it finds that the dangers to the public of nondisclosure far outweigh the risk of possible misuse of the information. The Legislature is further aware of studies in Oregon and Washington indicating that community notification laws and public release of similar information in those states have resulted in little criminal misuse of the information and that the enhancement to public safety has been significant.

(b) In enacting the Sex Offender Punishment, Control, and Containment Act of 2006, the Legislature hereby creates a standardized, statewide system to identify, assess, monitor and contain known sex offenders for the purpose of reducing the risk of recidivism posed by these offenders, thereby protecting victims and potential victims from future harm.

SEC. 13. Section 290.04 is added to the Penal Code, to read:

290.04. (a) (1) The sex offender risk assessment tools authorized by this section for use with selected populations shall be known, with respect to each population, as the State-Authorized Risk Assessment Tool for Sex Offenders (SARATSO). If a SARATSO has not been selected for a given population pursuant to this section, no duty to administer the SARATSO elsewhere in this code shall apply with respect to that population. Every person required to register as a sex offender shall be subject to assessment with the SARATSO as set forth in this section and elsewhere in this code.

(2) A representative of the State Department of Mental Health, in consultation with a representative of the Department of Corrections and Rehabilitation and a representative of the Attorney General's office, shall comprise the SARATSO Review Committee. The purpose of the committee, which shall be staffed by the State Department of Mental Health, shall be to ensure that the SARATSO reflects the most reliable, objective and well-established protocols for predicting sex offender risk of recidivism, has been scientifically validated with multiple cross-validations, and is widely accepted by the courts. The committee shall consult with experts in the fields of risk assessment and the use of actuarial instruments in predicting sex offender risk, sex offending, sex offender treatment, mental health, and law, as it deems appropriate.

(b) (1) Commencing January 1, 2007, the SARATSO for adult males required to register as sex offenders shall be the STATIC-99 risk assessment scale.

(2) On or before January 1, 2008, the SARATSO Review Committee shall determine whether the STATIC-99 should be supplemented with an actuarial instrument that measures dynamic risk factors or whether

the STATIC-99 should be replaced as the SARATSO with a different risk assessment tool. If the committee unanimously agrees on changes to be made to the SARATSO, it shall advise the Governor and the Legislature of the changes, and the State Department of Mental Health shall post the decision on its Internet Web site. Sixty days after the decision is posted, the selected tool shall become the SARATSO for adult males.

(c) On or before July 1, 2007, the SARATSO Review Committee shall research risk assessment tools for females required to register as sex offenders. If the committee unanimously agrees on an appropriate risk assessment tool to be used to assess this population, it shall advise the Governor and the Legislature of the selected tool, and the State Department of Mental Health shall post the decision on its Internet Web site. Sixty days after the decision is posted, the selected tool shall become the SARATSO for females.

(d) On or before January 1, 2007, the SARATSO Review Committee shall research risk assessment tools for juveniles required to register as sex offenders. If the committee unanimously agrees on an appropriate risk assessment tool to be used to assess this population, it shall advise the Governor and the Legislature of the selected tool, and the State Department of Mental Health shall post the decision on its Internet Web site. Sixty days after the decision is posted, the selected tool shall become the SARATSO for juveniles.

(e) The committee shall periodically evaluate the SARATSO for each specified population. If the committee unanimously agrees on a change to the SARATSO for any population, it shall advise the Governor and the Legislature of the selected tool, and the State Department of Mental Health shall post the decision on its Internet Web site. Sixty days after the decision is posted, the selected tool shall become the SARATSO for that population.

(f) The committee shall perform other functions consistent with the provisions of this act or as may be otherwise required by law, including, but not limited to, defining tiers of risk based on the SARATSO. The committee shall be immune from liability for good faith conduct under this act.

SEC. 14. Section 290.05 is added to the Penal Code, to read:

290.05. (a) On or before January 1, 2008, the SARATSO Review Committee established pursuant to Section 290.04, in consultation with the entities specified in subdivision (b), shall develop a training program for persons authorized by this code to administer the SARATSO, as set forth in Section 290.04.

(b) (1) The Department of Corrections and Rehabilitation shall be responsible for overseeing the training of persons who will administer

the SARATSO pursuant to paragraph (1) or (2) of subdivision (a) of Section 290.06.

(2) The State Department of Mental Health shall be responsible for overseeing the training of persons who will administer the SARATSO pursuant to paragraph (3) of subdivision (a) of Section 290.06.

(3) The Correction Standards Authority shall be responsible for developing standards for the training of persons who will administer the SARATSO pursuant to paragraph (4) or (5) of subdivision (a) of Section 290.06.

(4) The Commission on Peace Officer Standards and Training shall be responsible for developing standards for the training of persons who will administer the SARATSO pursuant to subdivision (c) of Section 290.06.

(c) The training shall be conducted by experts in the field of risk assessment and the use of actuarial instruments in predicting sex offender risk. Subject to requirements established by the committee, the Department of Corrections and Rehabilitation, the State Department of Mental Health, probation departments, and authorized local law enforcement agencies shall designate key persons within their organizations to attend training and, as authorized by the department, to train others within their organizations designated to perform risk assessments as required or authorized by law. Any person who administers the SARATSO shall receive training no less frequently than every two years.

(d) The SARATSO may be performed for purposes authorized by statute only by persons trained pursuant to this section.

SEC. 15. Section 290.06 is added to the Penal Code, to read:

290.06. Effective on or before July 1, 2008, the SARATSO, as set forth in Section 290.04, shall be administered as follows:

(a) (1) The Department of Corrections and Rehabilitation shall assess every eligible person who is incarcerated in state prison. Whenever possible, the assessment shall take place at least four months, but no sooner than 10 months, prior to release from incarceration.

(2) The department shall assess every eligible person who is on parole. Whenever possible, the assessment shall take place at least four months, but no sooner than 10 months, prior to termination of parole.

(3) The Department of Mental Health shall assess every eligible person who is committed to that department. Whenever possible, the assessment shall take place at least four months, but no sooner than 10 months, prior to release from commitment.

(4) Each probation department shall assess every eligible person for whom it prepares a report pursuant to Section 1203.

(b) If a person required to be assessed pursuant to subdivision (a) was assessed pursuant to that subdivision within the previous five years, a reassessment is permissible but not required.

(c) The SARATSO Review Committee established pursuant to Section 290.04, in consultation with local law enforcement agencies, shall establish a plan and a schedule for assessing eligible persons not assessed pursuant to subdivision (a). The plan shall provide for adult males to be assessed on or before January 1, 2012, and for females and juveniles to be assessed on or before January 1, 2013, and it shall give priority to assessing those persons most recently convicted of an offense requiring registration as a sex offender. On or before January 15, 2008, the committee shall introduce legislation to implement the plan.

(d) On or before January 1, 2008, the SARATSO Review Committee shall research the appropriateness and feasibility of providing a means by which an eligible person subject to assessment may, at his or her own expense, be assessed with the SARATSO by a governmental entity prior to his or her scheduled assessment. If the committee unanimously agrees that such a process is appropriate and feasible, it shall advise the Governor and the Legislature of the selected tool, and it shall post its decision on the Department of Corrections and Rehabilitation's Internet Web site. Sixty days after the decision is posted, the established process shall become effective.

(e) For purposes of this section,"eligible person" means a person who was convicted of an offense that requires him or her to register as a sex offender pursuant to Section 290 and who has not been assessed with the SARATSO within the previous five years.

SEC. 16. Section 290.07 is added to the Penal Code, to read:

(K) Any person required to register pursuant to Section 290 based upon an out-of-state conviction, unless that person is excluded from the Internet Web site pursuant to subdivision (e). However, if the Department

of Justice has determined that the out-of-state crime, if committed or attempted in this state, would have been punishable in this state as a crime described in subparagraph (A) of paragraph (2) of subdivision (a) of Section 290, the person shall be placed on the Internet Web site as provided in subdivision (b) or (c), as applicable to the crime.

(e) (1) If a person has been convicted of the commission or the attempted commission of any of the offenses listed in this subdivision, and he or she has been convicted of no other offense listed in subdivision (b), (c), or (d) other than those listed in this subdivision, that person may file an application with the Department of Justice, on a form approved by the department, for exclusion from the Internet Web site. If the department determines that the person meets the requirements of this subdivision, the department shall grant the exclusion and no information concerning the person shall be made available via the Internet Web site described in this section. He or she bears the burden of proving the facts that make him or her eligible for exclusion from the Internet Web site. However, a person who has filed for or been granted an exclusion from the Internet Web site is not relieved of his or her duty to register as a sex offender pursuant to Section 290 nor from any otherwise applicable provision of law.

(2) This subdivision shall apply to the following offenses:

(A) A felony violation of subdivision (a) of Section 243.4.

(B) Section 647.6, if the offense is a misdemeanor.

(C) (i) An offense for which the offender successfully completed probation, provided that the offender submits to the department a certified copy of a probation report, presentencing report, report prepared pursuant to Section 288.1, or other official court document that clearly demonstrates that the offender was the victim's parent, stepparent, sibling, or grandparent and that the crime did not involve either oral copulation or penetration of the vagina or rectum of either the victim or the offender by the penis of the other or by any foreign object.

(ii) An offense for which the offender is on probation at the time of his or her application, provided that the offender submits to the department a certified copy of a probation report, presentencing report, report prepared pursuant to Section 288.1, or other official court document that clearly demonstrates that the offender was the victim's parent, stepparent, sibling, or grandparent and that the crime did not involve either oral copulation or penetration of the vagina or rectum of either the victim or the offender by the penis of the other or by any foreign object.

(iii) If, subsequent to his or her application, the offender commits a violation of probation resulting in his or her incarceration in county jail

or state prison, his or her exclusion, or application for exclusion, from the Internet Web site shall be terminated.

(iv) For the purposes of this subparagraph, "successfully completed probation" means that during the period of probation the offender neither received additional county jail or state prison time for a violation of probation nor was convicted of another offense resulting in a sentence to county jail or state prison.

(3) If the department determines that a person who was granted an exclusion under a former version of this subdivision would not qualify for an exclusion under the current version of this subdivision, the department shall rescind the exclusion, make a reasonable effort to provide notification to the person that the exclusion has been rescinded, and, no sooner than 30 days after notification is attempted, make information about the offender available to the public on the Internet Web site as provided in this section.

(4) Effective January 1, 2012, no person shall be excluded pursuant to this subdivision unless the offender has submitted to the department documentation sufficient for the department to determine that he or she has a SARATSO risk level of low or moderate low.

(f) The Department of Justice shall make a reasonable effort to provide notification to persons who have been convicted of the commission or attempted commission of an offense specified in subdivision (b), (c), or (d), that on or before July 1, 2005, the department is required to make information about specified sex offenders available to the public via an Internet Web site as specified in this section. The Department of Justice shall also make a reasonable effort to provide notice that some offenders are eligible to apply for exclusion from the Internet Web site.

(g) (1) A designated law enforcement entity, as defined in subdivision (f) of Section 290.45, may make available information concerning persons who are required to register pursuant to Section 290 to the public via an Internet Web site as specified in paragraph (2).

(2) The law enforcement entity may make available by way of an Internet Web site the information described in subdivision (c) if it determines that the public disclosure of the information about a specific offender by way of the entity's Internet Web site is necessary to ensure the public safety based upon information available to the entity concerning that specific offender.

(3) The information that may be provided pursuant to this subdivision may include the information specified in subdivision (b) of Section 290.45. However, that offender's address may not be disclosed unless he or she is a person whose address is on the Department of Justice's Internet Web site pursuant to subdivision (b) or (c).

(h) For purposes of this section, "offense" includes the statutory predecessors of that offense, or any offense committed in another jurisdiction that, if committed or attempted to be committed in this state, would have been punishable in this state as an offense listed in subparagraph (A) of paragraph (2) of subdivision (a) of Section 290.

(i) Notwithstanding Section 6254.5 of the Government Code, disclosure of information pursuant to this section is not a waiver of exemptions under Chapter 3.5 (commencing with Section 6250) of Title 1 of Division 7 of the Government Code and does not affect other statutory restrictions on disclosure in other situations.

(j) (1) Any person who uses information disclosed pursuant to this section to commit a misdemeanor shall be subject to, in addition to any other penalty or fine imposed, a fine of not less than ten thousand dollars ($10,000) and not more than fifty thousand dollars ($50,000).

(2) Any person who uses information disclosed pursuant to this section to commit a felony shall be punished, in addition and consecutive to any other punishment, by a five-year term of imprisonment in the state prison.

(k) Any person who is required to register pursuant to Section 290 who enters an Internet Web site established pursuant to this section shall be punished by a fine not exceeding one thousand dollars ($1,000), imprisonment in a county jail for a period not to exceed six months, or by both that fine and imprisonment.

(*l*) (1) A person is authorized to use information disclosed pursuant to this section only to protect a person at risk.

(2) Except as authorized under paragraph (1) or any other provision of law, use of any information that is disclosed pursuant to this section for purposes relating to any of the following is prohibited:

(A) Health insurance.

(B) Insurance.

(C) Loans.

(D) Credit.

(E) Employment.

(F) Education, scholarships, or fellowships.

(G) Housing or accommodations.

(H) Benefits, privileges, or services provided by any business establishment.

(3) This section shall not affect authorized access to, or use of, information pursuant to, among other provisions, Sections 11105 and 11105.3, Section 8808 of the Family Code, Sections 777.5 and 14409.2 of the Financial Code, Sections 1522.01 and 1596.871 of the Health and Safety Code, and Section 432.7 of the Labor Code.

(4) (A) Any use of information disclosed pursuant to this section for purposes other than those provided by paragraph (1) or in violation of

paragraph (2) shall make the user liable for the actual damages, and any amount that may be determined by a jury or a court sitting without a jury, not exceeding three times the amount of actual damage, and not less than two hundred fifty dollars ($250), and attorney's fees, exemplary damages, or a civil penalty not exceeding twenty-five thousand dollars ($25,000).

(B) Whenever there is reasonable cause to believe that any person or group of persons is engaged in a pattern or practice of misuse of the information available via an Internet Web site established pursuant to this section in violation of paragraph (2), the Attorney General, any district attorney, or city attorney, or any person aggrieved by the misuse is authorized to bring a civil action in the appropriate court requesting preventive relief, including an application for a permanent or temporary injunction, restraining order, or other order against the person or group of persons responsible for the pattern or practice of misuse. The foregoing remedies shall be independent of any other remedies or procedures that may be available to an aggrieved party under other provisions of law, including Part 2 (commencing with Section 43) of Division 1 of the Civil Code.

(m) The public notification provisions of this section are applicable to every person described in this section, without regard to when his or her crimes were committed or his or her duty to register pursuant to Section 290 arose, and to every offense described in this section, regardless of when it was committed.

(n) On or before July 1, 2006, and every year thereafter, the Department of Justice shall make a report to the Legislature concerning the operation of this section.

(o) A designated law enforcement entity and its employees shall be immune from liability for good faith conduct under this section.

(p) The Attorney General, in collaboration with local law enforcement and others knowledgeable about sex offenders, shall develop strategies to assist members of the public in understanding and using publicly available information about registered sex offenders to further public safety. These strategies may include, but are not limited to, a hotline for community inquiries, neighborhood and business guidelines for how to respond to information posted on this Web site, and any other resource that promotes public education about these offenders.

At the time of presenting the agreement to the court, the district attorney shall state on the record why a sentence under one of those sections was not sought.

(b) As used in this section "plea bargaining" means any bargaining, negotiation, or discussion between a criminal defendant, or his or her counsel, and a prosecuting attorney or judge, whereby the defendant agrees to plead guilty or nolo contendere, in exchange for any promises, commitments, concessions, assurances, or consideration by the prosecuting attorney or judge relating to any charge against the defendant or to the sentencing of the defendant.

(c) As used in this section, "serious felony" means any of the following:

As used in this subdivision, the following terms have the following meanings:

SEC. 38. Section 1203 of the Penal Code is amended to read:

1203. (a) As used in this code, "probation" means the suspension of the imposition or execution of a sentence and the order of conditional and revocable release in the community under the supervision of a probation officer. As used in this code, "conditional sentence" means the suspension of the imposition or execution of a sentence and the order of revocable release in the community subject to conditions established by the court without the supervision of a probation officer. It is the intent of the Legislature that both conditional sentence and probation are authorized whenever probation is authorized in any code as a sentencing option for infractions or misdemeanors.

(b) (1) Except as provided in subdivision (j), if a person is convicted of a felony and is eligible for probation, before judgment is pronounced, the court shall immediately refer the matter to a probation officer to investigate and report to the court, at a specified time, upon the circumstances surrounding the crime and the prior history and record of the person, which may be considered either in aggravation or mitigation of the punishment.

(2) (A) The probation officer shall immediately investigate and make a written report to the court of his or her findings and recommendations,

including his or her recommendations as to the granting or denying of probation and the conditions of probation, if granted.

(B) Pursuant to Section 828 of the Welfare and Institutions Code, the probation officer shall include in his or her report any information gathered by a law enforcement agency relating to the taking of the defendant into custody as a minor, which shall be considered for purposes of determining whether adjudications of commissions of crimes as a juvenile warrant a finding that there are circumstances in aggravation pursuant to Section 1170 or to deny probation.

(C) If the person was convicted of an offense that requires him or her to register as a sex offender pursuant to Section 290, the probation officer's report shall include the results of the State-Authorized Risk Assessment Tool for Sex Offenders (SARATSO) administered pursuant to Sections 290.04 to 290.06, inclusive, if applicable.

(D) The probation officer shall also include in the report his or her recommendation of both of the following:

(i) The amount the defendant should be required to pay as a restitution fine pursuant to subdivision (b) of Section 1202.4.

(ii) Whether the court shall require, as a condition of probation, restitution to the victim or to the Restitution Fund and the amount thereof.

(E) The report shall be made available to the court and the prosecuting and defense attorneys at least five days, or upon request of the defendant or prosecuting attorney nine days, prior to the time fixed by the court for the hearing and determination of the report, and shall be filed with the clerk of the court as a record in the case at the time of the hearing. The time within which the report shall be made available and filed may be waived by written stipulation of the prosecuting and defense attorneys that is filed with the court or an oral stipulation in open court that is made and entered upon the minutes of the court.

(3) At a time fixed by the court, the court shall hear and determine the application, if one has been made, or, in any case, the suitability of probation in the particular case. At the hearing, the court shall consider any report of the probation officer, including the results of the SARATSO, if applicable, and shall make a statement that it has considered the report, which shall be filed with the clerk of the court as a record in the case. If the court determines that there are circumstances in mitigation of the punishment prescribed by law or that the ends of justice would be served by granting probation to the person, it may place the person on probation. If probation is denied, the clerk of the court shall immediately send a copy of the report to the Department of Corrections and Rehabilitation at the prison or other institution to which the person is delivered.

(4) The preparation of the report or the consideration of the report by the court may be waived only by a written stipulation of the prosecuting and defense attorneys that is filed with the court or an oral stipulation in open court that is made and entered upon the minutes of the court, except that there shall be no waiver unless the court consents thereto. However, if the defendant is ultimately sentenced and committed to the state prison, a probation report shall be completed pursuant to Section 1203c.

(c) If a defendant is not represented by an attorney, the court shall order the probation officer who makes the probation report to discuss its contents with the defendant.

(d) If a person is convicted of a misdemeanor, the court may either refer the matter to the probation officer for an investigation and a report or summarily pronounce a conditional sentence. If the person was convicted of an offense that requires him or her to register as a sex offender pursuant to Section 290, the court shall refer the matter to the probation officer for the purpose of obtaining a report on the results of the State-Authorized Risk Assessment Tool for Sex Offenders administered pursuant to Sections 290.04 to 290.06, inclusive, if applicable, which the court shall consider. If the case is not referred to the probation officer, in sentencing the person, the court may consider any information concerning the person that could have been included in a probation report. The court shall inform the person of the information to be considered and permit him or her to answer or controvert the information. For this purpose, upon the request of the person, the court shall grant a continuance before the judgment is pronounced.

(e) Except in unusual cases where the interests of justice would best be served if the person is granted probation, probation shall not be granted to any of the following persons:

(1) Unless the person had a lawful right to carry a deadly weapon, other than a firearm, at the time of the perpetration of the crime or his or her arrest, any person who has been convicted of arson, robbery, carjacking, burglary, burglary with explosives, rape with force or violence, torture, aggravated mayhem, murder, attempt to commit murder, trainwrecking, kidnapping, escape from the state prison, or a conspiracy to commit one or more of those crimes and who was armed with the weapon at either of those times.

(2) Any person who used, or attempted to use, a deadly weapon upon a human being in connection with the perpetration of the crime of which he or she has been convicted.

(3) Any person who willfully inflicted great bodily injury or torture in the perpetration of the crime of which he or she has been convicted.

(4) Any person who has been previously convicted twice in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony.

(5) Unless the person has never been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, any person who has been convicted of burglary with explosives, rape with force or violence, torture, aggravated mayhem, murder, attempt to commit murder, trainwrecking, extortion, kidnapping, escape from the state prison, a violation of Section 286, 288, 288a, or 288.5, or a conspiracy to commit one or more of those crimes.

(6) Any person who has been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, if he or she committed any of the following acts:

(A) Unless the person had a lawful right to carry a deadly weapon at the time of the perpetration of the previous crime or his or her arrest for the previous crime, he or she was armed with a weapon at either of those times.

(B) The person used, or attempted to use, a deadly weapon upon a human being in connection with the perpetration of the previous crime.

(C) The person willfully inflicted great bodily injury or torture in the perpetration of the previous crime.

(7) Any public official or peace officer of this state or any city, county, or other political subdivision who, in the discharge of the duties of his or her public office or employment, accepted or gave or offered to accept or give any bribe, embezzled public money, or was guilty of extortion.

(8) Any person who knowingly furnishes or gives away phencyclidine.

(9) Any person who intentionally inflicted great bodily injury in the commission of arson under subdivision (a) of Section 451 or who intentionally set fire to, burned, or caused the burning of, an inhabited structure or inhabited property in violation of subdivision (b) of Section 451.

(10) Any person who, in the commission of a felony, inflicts great bodily injury or causes the death of a human being by the discharge of a firearm from or at an occupied motor vehicle proceeding on a public street or highway.

(11) Any person who possesses a short-barreled rifle or a short-barreled shotgun under Section 12020, a machinegun under Section 12220, or a silencer under Section 12520.

(12) Any person who is convicted of violating Section 8101 of the Welfare and Institutions Code.

(13) Any person who is described in paragraph (2) or (3) of subdivision (g) of Section 12072.

(f) When probation is granted in a case which comes within subdivision (e), the court shall specify on the record and shall enter on the minutes the circumstances indicating that the interests of justice would best be served by that disposition.

(g) If a person is not eligible for probation, the judge shall refer the matter to the probation officer for an investigation of the facts relevant to determination of the amount of a restitution fine pursuant to subdivision (b) of Section 1202.4 in all cases where the determination is applicable. The judge, in his or her discretion, may direct the probation officer to investigate all facts relevant to the sentencing of the person. Upon that referral, the probation officer shall immediately investigate the circumstances surrounding the crime and the prior record and history of the person and make a written report to the court of his or her findings. The findings shall include a recommendation of the amount of the restitution fine as provided in subdivision (b) of Section 1202.4.

(h) If a defendant is convicted of a felony and a probation report is prepared pursuant to subdivision (b) or (g), the probation officer may obtain and include in the report a statement of the comments of the victim concerning the offense. The court may direct the probation officer not to obtain a statement if the victim has in fact testified at any of the court proceedings concerning the offense.

(i) No probationer shall be released to enter another state unless his or her case has been referred to the Administrator of the Interstate Probation and Parole Compacts, pursuant to the Uniform Act for Out-of-State Probationer or Parolee Supervision (Article 3 (commencing with Section 11175) of Chapter 2 of Title 1 of Part 4) and the probationer has reimbursed the county that has jurisdiction over his or her probation case the reasonable costs of processing his or her request for interstate compact supervision. The amount and method of reimbursement shall be in accordance with Section 1203.1b.

(j) In any court where a county financial evaluation officer is available, in addition to referring the matter to the probation officer, the court may order the defendant to appear before the county financial evaluation officer for a financial evaluation of the defendant's ability to pay restitution, in which case the county financial evaluation officer shall report his or her findings regarding restitution and other court-related costs to the probation officer on the question of the defendant's ability to pay those costs.

Any order made pursuant to this subdivision may be enforced as a violation of the terms and conditions of probation upon willful failure to pay and at the discretion of the court, may be enforced in the same

manner as a judgment in a civil action, if any balance remains unpaid at the end of the defendant's probationary period.

(k) Probation shall not be granted to, nor shall the execution of, or imposition of sentence be suspended for, any person who is convicted of a violent felony, as defined in subdivision (c) of Section 667.5, or a serious felony, as defined in subdivision (c) of Section 1192.7, and who was on probation for a felony offense at the time of the commission of the new felony offense.

SEC. 39. Section 1203c of the Penal Code is amended to read:

1203c. (a) (1) Notwithstanding any other provisions of law, whenever a person is committed to an institution under the jurisdiction of the Department of Corrections and Rehabilitation, whether probation has been applied for or not, or granted and revoked, it shall be the duty of the probation officer of the county from which the person is committed to send to the Department of Corrections and Rehabilitation a report of the circumstances surrounding the offense and the prior record and history of the defendant, as may be required by the Secretary of the Department of Corrections and Rehabilitation.

(2) If the person is being committed to the jurisdiction of the department for a conviction of an offense that requires him or her to register as a sex offender pursuant to Section 290, the probation officer shall include in the report the results of the State-Authorized Risk Assessment Tool for Sex Offenders (SARATSO) administered pursuant to Sections 290.04 to 290.06, inclusive, if applicable.

(b) These reports shall accompany the commitment papers. The reports shall be prepared in the form prescribed by the administrator following consultation with the Corrections Standards Authority, except that if the defendant is ineligible for probation, a report of the circumstances surrounding the offense and the prior record and history of the defendant, prepared by the probation officer on request of the court and filed with the court before sentence, shall be deemed to meet the requirements of paragraph (1) of subdivision (a).

(c) In order to allow the probation officer an opportunity to interview, for the purpose of preparation of these reports, the defendant shall be held in the county jail for 48 hours, excluding Saturdays, Sundays and holidays, subsequent to imposition of sentence and prior to delivery to the custody of the Secretary of the Department of Corrections and Rehabilitation, unless the probation officer has indicated the need for a different period of time.

The Facts of Offense Sheet shall contain the following information concerning the offender: name; CII number; criminal history, including all arrests and convictions for any registerable sex offenses or any violent offense; circumstances of the offense for which registration is required, including, but not limited to, weapons used and victim pattern; and results of the State-Authorized Risk Assessment Tool for Sex Offenders (SARATSO), as set forth in Section 290.04, if required. The Facts of Offense Sheet shall be included in the probation officer's report.

(b) The defendant may move the court to correct the Facts of Offense Sheet. Any corrections to that sheet shall be made consistent with procedures set forth in Section 1204.

(c) The probation officer shall send a copy of the Facts of Offense Sheet to the Department of Justice Sex Offender Tracking Program within 30 days of the person's sex offense conviction, and it shall be made part of the registered sex offender's file maintained by the Sex Offender Tracking Program. The Facts of Offense Sheet shall thereafter be made available to law enforcement by the Department of Justice, which shall post it with the offender's record on the Department of Justice Internet Web site maintained pursuant to Section 290.46, and shall be accessible only to law enforcement.

(d) If the registered sex offender is sentenced to a period of incarceration, at either the state prison or a county jail, the Facts of Offense Sheet shall be sent by the Department of Corrections and Rehabilitation or the county sheriff to the registering law enforcement agency in the jurisdiction where the registered sex offender will be paroled or will live on release, within three days of the person's release. If the registered sex offender is committed to the Department of Mental Health, the Facts of Offense Sheet shall be sent by the Department of Mental Health to the registering law enforcement agency in the jurisdiction where the person will live on release, within three days of release.

SEC. 45. Section 3000 of the Penal Code is amended to read:

3000. (a) (1) The Legislature finds and declares that the period immediately following incarceration is critical to successful reintegration of the offender into society and to positive citizenship. It is in the interest of public safety for the state to provide for the supervision of and surveillance of parolees, including the judicious use of revocation actions, and to provide educational, vocational, family and personal counseling necessary to assist parolees in the transition between imprisonment and discharge. A sentence pursuant to Section 1168 or 1170 shall include a period of parole, unless waived, as provided in this section.

(2) The Legislature finds and declares that it is not the intent of this section to diminish resources allocated to the Department of Corrections and Rehabilitation for parole functions for which the department is responsible. It is also not the intent of this section to diminish the resources allocated to the Board of Parole Hearings to execute its duties with respect to parole functions for which the board is responsible.

(3) The Legislature finds and declares that diligent effort must be made to ensure that parolees are held accountable for their criminal behavior, including, but not limited to, the satisfaction of restitution fines and orders.

(4) For any person being evaluated as a sexually violent predator pursuant to Article 4 (commencing with Section 6600) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, parole shall toll from evaluation through the period of commitment, including conditional release under court monitoring, if any. The period during which parole is tolled shall include the filing of a petition for commitment, hearing on probable cause, trial proceedings, actual commitment, and any time spent on conditional release under court monitoring. Parole shall be tolled through any subsequent evaluation and commitment proceedings, actual commitment, and any time spent on conditional release under court monitoring. Time spent on conditional release under the supervision of the court shall be subtracted from the person's period of parole.

(b) Notwithstanding any provision to the contrary in Article 3 (commencing with Section 3040) of this chapter, the following shall apply:

(1) At the expiration of a term of imprisonment of one year and one day, or a term of imprisonment imposed pursuant to Section 1170 or at the expiration of a term reduced pursuant to Section 2931 or 2933, if

applicable, the inmate shall be released on parole for a period not exceeding three years, unless the parole authority, for good cause, waives parole and discharges the inmate from the custody of the department. However, an inmate sentenced for an offense specified in paragraph (3), (4), (5), (6), (11), (15), (16), or (18) of subdivision (c) of Section 667.5 shall be released on parole for a period not exceeding 10 years.

(2) In the case of any inmate sentenced under Section 1168, the period of parole shall not exceed five years in the case of an inmate imprisoned for any offense other than first or second degree murder for which the inmate has received a life sentence, and shall not exceed three years in the case of any other inmate, unless in either case the parole authority for good cause waives parole and discharges the inmate from custody of the department. This subdivision shall also be applicable to inmates who committed crimes prior to July 1, 1977, to the extent specified in Section 1170.2.

(3) Notwithstanding paragraphs (1) and (2), in the case of any offense for which the inmate has received a life sentence pursuant to subdivision (b) of Section 209, with the intent to commit a specified sexual offense, Section 269, 288.7, 667.51, 667.61, or 667.71, the period of parole shall be 10 years.

(4) The parole authority shall consider the request of any inmate regarding the length of his or her parole and the conditions thereof.

(5) Upon successful completion of parole, or at the end of the maximum statutory period of parole specified for the inmate under paragraph (1), (2), or (3), whichever is earlier, the inmate shall be discharged from custody. The date of the maximum statutory period of parole under this subdivision and paragraphs (1), (2), and (3) shall be computed from the date of initial parole and shall be a period chronologically determined. Time during which parole is suspended because the prisoner has absconded or has been returned to custody as a parole violator shall not be credited toward any period of parole unless the prisoner is found not guilty of the parole violation. However, the period of parole is subject to the following:

(A) Except as provided in Section 3064, an inmate subject to three years on parole may not be retained under parole supervision or in custody for a period longer than four years from the date of his or her initial parole.

(B) Except as provided in Section 3064, an inmate subject to five years on parole may not be retained under parole supervision or in custody for a period longer than seven years from the date of his or her initial parole.

(C) Except as provided in Section 3064, an inmate subject to 10 years on parole may not be retained under parole supervision or in custody for a period longer than 15 years from the date of his or her initial parole.

(6) The Department of Corrections and Rehabilitation shall meet with each inmate at least 30 days prior to his or her good time release date and shall provide, under guidelines specified by the parole authority, the conditions of parole and the length of parole up to the maximum period of time provided by law. The inmate has the right to reconsideration of the length and conditions of parole by the parole authority. The department or the board may impose as a condition of parole that an inmate make payments on the inmate's outstanding restitution fines or orders imposed pursuant to subdivision (a) or (c) of Section 13967 of the Government Code, as operative prior to September 28, 1994, or subdivision (b) or (f) of Section 1202.4.

(7) For purposes of this chapter, the Board of Parole Hearings shall be considered the parole authority.

(8) The sole authority to issue warrants for the return to actual custody of any inmate released on parole rests with the board, except for any escaped inmate or any inmate released prior to his or her scheduled release date who is returned to custody, in which case Section 3060 shall apply.

(9) It is the intent of the Legislature that efforts be made with respect to persons who are subject to Section 290 who are on parole to engage them in treatment.

SEC. 46. Section 3001 of the Penal Code is amended to read:

3001. (a) (1) Notwithstanding any other provision of law, when any person referred to in paragraph (1) of subdivision (b) of Section 3000 who was not imprisoned for committing a violent felony, as defined in subdivision (c) of Section 667.5, has been released on parole from the state prison, and has been on parole continuously for one year since release from confinement, within 30 days, that person shall be discharged from parole, unless the Department of Corrections and Rehabilitation recommends to the Board of Parole Hearings that the person be retained on parole and the board, for good cause, determines that the person will be retained.

from confinement, the department shall discharge, within 30 days, that person from parole, unless the department recommends to the board that the person be retained on parole and the board, for good cause, determines that the person will be retained. The board shall make a written record of its determination and the department shall transmit a copy thereof to the parolee.

(b) Notwithstanding any other provision of law, when any person referred to in paragraph (2) of subdivision (b) of Section 3000 has been released on parole from the state prison, and has been on parole continuously for three years since release from confinement, the board shall discharge, within 30 days, the person from parole, unless the board, for good cause, determines that the person will be retained on parole. The board shall make a written record of its determination and the department shall transmit a copy thereof to the parolee.

(c) Notwithstanding any other provision of law, when any person referred to in paragraph (3) of subdivision (b) of Section 3000 has been released on parole from the state prison, and has been on parole continuously for six years since release from confinement, the board shall discharge, within 30 days, the person from parole, unless the board, for good cause, determines that the person will be retained on parole. The board shall make a written record of its determination and the department shall transmit a copy thereof to the parolee.

(d) In the event of a retention on parole, the parolee shall be entitled to a review by the parole authority each year thereafter until the maximum statutory period of parole has expired.

(e) The amendments to this section made during the 2005–06 Regular Session of the Legislature shall only be applied prospectively and shall not extend the parole period for any person whose eligibility for discharge from parole was fixed as of the effective date of those amendments.

SEC. 47. Section 3005 of the Penal Code is amended to read:

3005. (a) The Department of Corrections and Rehabilitation shall ensure that all parolees under active supervision who are deemed to pose a high risk to the public of committing sex crimes, as determined by the State-Authorized Risk Assessment Tool for Sex Offenders, as set forth in Sections 290.04 to 290.06, inclusive, are placed on intensive and specialized parole supervision and are required to report frequently to designated parole officers. The department may place any other parolee convicted of an offense that requires him or her to register as a sex offender pursuant to Section 290 who is on active supervision on intensive and specialized supervision and require him or her to report frequently to designated parole officers.

(b) The department shall develop and, at the discretion of the secretary, and subject to an appropriation of the necessary funds, may implement

a plan for the implementation of relapse prevention treatment programs, and the provision of other services deemed necessary by the department, in conjunction with intensive and specialized parole supervision, to reduce the recidivism of sex offenders.

(c) The department shall develop control and containment programming for sex offenders who have been assessed pursuant to Section 5040 and shall require participation in appropriate programming as a condition of parole.

SEC. 48. Section 3072 is added to the Penal Code, to read:

3072. (a) The Department of Corrections and Rehabilitation, subject to the legislative appropriation of the necessary funds, may establish and operate, after January 1, 2007, a specialized sex offender treatment pilot program for inmates whom the department determines pose a high risk to the public of committing violent sex crimes.

(b) (1) The program shall be based upon the relapse prevention model and shall include referral to specialized services, such as substance abuse treatment, for offenders needing those specialized services.

(2) Except as otherwise required under Section 645, the department may provide medication treatments for selected offenders, as determined by medical protocols, and only on a voluntary basis and with the offender's informed consent.

(c) (1) The program shall be targeted primarily at adult sex offenders who meet the following conditions:

(A) The offender is within five years of being released on parole. An inmate serving a life term may be excluded from treatment until he or she receives a parole date and is within five years of that parole date, unless the department determines that the treatment is necessary for the public safety.

(B) The offender has been clinically assessed.

(C) A review of the offender's criminal history indicates that the offender poses a high risk of committing new sex offenses upon his or her release on parole.

(D) Based upon the clinical assessment, the offender may be amenable to treatment.

(2) The department may include other appropriate offenders in the treatment program if doing so facilitates the effectiveness of the treatment program.

(3) Notwithstanding any other provision of law, inmates who are condemned to death or sentenced to life without the possibility of parole are ineligible to participate in treatment.

(d) The program under this section shall be established with the assistance and supervision of the staff of the department primarily by obtaining the services of specially trained sex offender treatment

providers, as determined by the secretary of the department and the Director of the Department of Mental Health.

(e) (1) The program under this section, upon full implementation, shall provide for the treatment of inmates who are deemed to pose a high risk to the public of committing sex crimes, as determined by the State-Authorized Risk Assessment Tool for Sex Offenders, pursuant to Sections 290.04 to 290.06, inclusive.

(2) To the maximum extent that is practical and feasible, offenders participating in the treatment program shall be held in a separate area of the prison facility, segregated from any non-sex offenders held at the same prison, and treatment in the pilot program shall be provided in program space segregated, to the maximum extent that is practical and feasible, from program space for any non-sex offenders held at the same prison.

(f) (1) The Department of Mental Health, by January 1, 2012, shall provide a report evaluating the program to the fiscal and public safety policy committees of both houses of the Legislature, and to the Joint Legislative Budget Committee.

(2) The report shall initially evaluate whether the program under this section is operating effectively, is having a positive clinical effect on participating sex offenders, and is cost effective for the state.

(3) In conducting its evaluation, the Department of Mental Health shall consider the effects of treatment of offenders while in prison and while subsequently on parole.

(4) The Department of Mental Health shall advise the Legislature as to whether the program should be continued past its expiration date, expanded, or concluded.

(c) The mission of this program shall also be to provide community education regarding the purposes of Chapter 5.5 (commencing with Section 290) of Title 9 of Part 2. The goal of community education is to do all of the following:

(1) Provide information to the public about ways to protect themselves and families from sexual assault.

(2) Emphasize the importance of using the knowledge of the presence of registered sex offenders in the community to enhance public safety.

(3) Explain that harassment or vigilantism against registrants may cause them to disappear and attempt to live without supervision, or to register as transients, which would defeat the purpose of sex offender registration.

13887.5. The Office of Emergency Services shall establish standards by which grants are awarded on a competitive basis to counties for SAFE teams. The grants shall be awarded to innovative teams designed to promote the purposes of this chapter.

6600. As used in this article, the following terms have the following meanings:

(a) (1) "Sexually violent predator" means a person who has been convicted of a sexually violent offense against two or more victims and who has a diagnosed mental disorder that makes the person a danger to the health and safety of others in that it is likely that he or she will engage in sexually violent criminal behavior.

(2) For purposes of this subdivision any of the following shall be considered a conviction for a sexually violent offense:

(A) A prior or current conviction that resulted in a determinate prison sentence for an offense described in subdivision (b).

(B) A conviction for an offense described in subdivision (b) that was committed prior to July 1, 1977, and that resulted in an indeterminate prison sentence.

(C) A prior conviction in another jurisdiction for an offense that includes all of the elements of an offense described in subdivision (b).

(D) A conviction for an offense under a predecessor statute that includes all of the elements of an offense described in subdivision (b).

(F) A prior finding of not guilty by reason of insanity for an offense described in subdivision (b).

(G) A conviction resulting in a finding that the person was a mentally disordered sex offender.

(H) A prior conviction for an offense described in subdivision (b) for which the person was committed to the Department of Corrections and Rehabilitation, Division of Juvenile Facilities, pursuant to Section 1731.5.

(I) A prior conviction for an offense described in subdivision (b) that resulted in an indeterminate prison sentence.

(3) Conviction of one or more of the crimes enumerated in this section shall constitute evidence that may support a court or jury determination that a person is a sexually violent predator, but shall not be the sole basis for the determination. The existence of any prior convictions may be shown with documentary evidence. The details underlying the commission of an offense that led to a prior conviction, including a predatory relationship with the victim, may be shown by documentary evidence, including, but not limited to, preliminary hearing transcripts, trial transcripts, probation and sentencing reports, and evaluations by the State Department of Mental Health. Jurors shall be admonished that they may not find a person a sexually violent predator based on prior offenses absent relevant evidence of a currently diagnosed mental disorder that makes the person a danger to the health and safety of others in that it is likely that he or she will engage in sexually violent criminal behavior.

(4) The provisions of this section shall apply to any person against whom proceedings were initiated for commitment as a sexually violent predator on or after January 1, 1996.

(b) "Sexually violent offense" means the following acts when committed by force, violence, duress, menace, fear of immediate and unlawful bodily injury on the victim or another person, or threatening to retaliate in the future against the victim or any other person, and that are committed on, before, or after the effective date of this article and result in a conviction or a finding of not guilty by reason of insanity, as defined in subdivision (a): a felony violation of Section 261, 262, 264.1, 269, 286, 288, 288a, 288.5, or 289 of the Penal Code, or any felony violation of Section 207, 209, or 220 of the Penal Code, committed with the intent to commit a violation of Section 261, 262, 264.1, 269, 286, 288, 288a, or 289 of the Penal Code.

(c) "Diagnosed mental disorder" includes a congenital or acquired condition affecting the emotional or volitional capacity that predisposes the person to the commission of criminal sexual acts in a degree constituting the person a menace to the health and safety of others.

(d) "Danger to the health and safety of others" does not require proof of a recent overt act while the offender is in custody.

(e) "Predatory" means an act is directed toward a stranger, a person of casual acquaintance with whom no substantial relationship exists, or an individual with whom a relationship has been established or promoted for the primary purpose of victimization.

(f) "Recent overt act" means any criminal act that manifests a likelihood that the actor may engage in sexually violent predatory criminal behavior.

(g) Notwithstanding any other provision of law and for purposes of this section, no more than one prior juvenile adjudication of a sexually violent offense may constitute a prior conviction for which the person received a determinate term if all of the following applies:

(1) The juvenile was 16 years of age or older at the time he or she committed the prior offense.

(2) The prior offense is a sexually violent offense as specified in subdivision (b). Notwithstanding Section 6600.1, only an offense described in subdivision (b) shall constitute a sexually violent offense for purposes of this subdivision.

(3) The juvenile was adjudged a ward of the juvenile court within the meaning of Section 602 because of the person's commission of the offense giving rise to the juvenile court adjudication.

(4) The juvenile was committed to the Department of Corrections and Rehabilitation, Division of Juvenile Facilities for the sexually violent offense.

(h) A minor adjudged a ward of the court for commission of an offense that is defined as a sexually violent offense shall be entitled to specific treatment as a sexual offender. The failure of a minor to receive that treatment shall not constitute a defense or bar to a determination that any person is a sexually violent predator within the meaning of this article.

SEC. 54. Section 6601 of the Welfare and Institutions Code is amended to read:

6601. (a) (1) Whenever the Secretary of the Department of Corrections and Rehabilitation determines that an individual who is in custody under the jurisdiction of that department, and who is either serving a determinate prison sentence or whose parole has been revoked, may be a sexually violent predator, the secretary shall, at least six months prior to that individual's scheduled date for release from prison, refer the person for evaluation in accordance with this section. However, if the inmate was received by the department with less than nine months of his or her sentence to serve, or if the inmate's release date is modified by judicial or administrative action, the director may refer the person for evaluation in accordance with this section at a date that is less than six months prior to the inmate's scheduled release date.

(2) A petition may be filed under this section if the individual was in custody pursuant to his or her determinate prison term, parole revocation term, or a hold placed pursuant to Section 6601.3, at the time the petition is filed. A petition shall not be dismissed on the basis of a later judicial or administrative determination that the individual's custody was unlawful, if the unlawful custody was the result of a good faith mistake of fact or law. This paragraph shall apply to any petition filed on or after January 1, 1996.

(b) The person shall be screened by the Department of Corrections and Rehabilitation and the Board of Parole Hearings based on whether the person has committed a sexually violent predatory offense and on a review of the person's social, criminal, and institutional history. This screening shall be conducted in accordance with a structured screening instrument developed and updated by the State Department of Mental Health in consultation with the Department of Corrections and Rehabilitation. If as a result of this screening it is determined that the person is likely to be a sexually violent predator, the Department of Corrections and Rehabilitation shall refer the person to the State Department of Mental Health for a full evaluation of whether the person meets the criteria in Section 6600.

(c) The State Department of Mental Health shall evaluate the person in accordance with a standardized assessment protocol, developed and updated by the State Department of Mental Health, to determine whether

the person is a sexually violent predator as defined in this article. The standardized assessment protocol shall require assessment of diagnosable mental disorders, as well as various factors known to be associated with the risk of reoffense among sex offenders. Risk factors to be considered shall include criminal and psychosexual history, type, degree, and duration of sexual deviance, and severity of mental disorder.

(d) Pursuant to subdivision (c), the person shall be evaluated by two practicing psychiatrists or psychologists, or one practicing psychiatrist and one practicing psychologist, designated by the Director of Mental Health. If both evaluators concur that the person has a diagnosed mental disorder so that he or she is likely to engage in acts of sexual violence without appropriate treatment and custody, the Director of Mental Health shall forward a request for a petition for commitment under Section 6602 to the county designated in subdivision (i). Copies of the evaluation reports and any other supporting documents shall be made available to the attorney designated by the county pursuant to subdivision (i) who may file a petition for commitment.

(e) If one of the professionals performing the evaluation pursuant to subdivision (d) does not concur that the person meets the criteria specified in subdivision (d), but the other professional concludes that the person meets those criteria, the Director of Mental Health shall arrange for further examination of the person by two independent professionals selected in accordance with subdivision (g).

(f) If an examination by independent professionals pursuant to subdivision (e) is conducted, a petition to request commitment under this article shall only be filed if both independent professionals who evaluate the person pursuant to subdivision (e) concur that the person meets the criteria for commitment specified in subdivision (d). The professionals selected to evaluate the person pursuant to subdivision (g) shall inform the person that the purpose of their examination is not treatment but to determine if the person meets certain criteria to be involuntarily committed pursuant to this article. It is not required that the person appreciate or understand that information.

(g) Any independent professional who is designated by the Secretary of the Department of Corrections and Rehabilitation or the Director of Mental Health for purposes of this section shall not be a state government employee, shall have at least five years of experience in the diagnosis and treatment of mental disorders, and shall include psychiatrists and licensed psychologists who have a doctoral degree in psychology. The requirements set forth in this section also shall apply to any professionals appointed by the court to evaluate the person for purposes of any other proceedings under this article.

(h) If the State Department of Mental Health determines that the person is a sexually violent predator as defined in this article, the Director of Mental Health shall forward a request for a petition to be filed for commitment under this article to the county designated in subdivision (i). Copies of the evaluation reports and any other supporting documents shall be made available to the attorney designated by the county pursuant to subdivision (i) who may file a petition for commitment in the superior court.

(i) If the county's designated counsel concurs with the recommendation, a petition for commitment shall be filed in the superior court of the county in which the person was convicted of the offense for which he or she was committed to the jurisdiction of the Department of Corrections and Rehabilitation. The petition shall be filed, and the proceedings shall be handled, by either the district attorney or the county counsel of that county. The county board of supervisors shall designate either the district attorney or the county counsel to assume responsibility for proceedings under this article.

(j) The time limits set forth in this section shall not apply during the first year that this article is operative.

(k) If the person is otherwise subject to parole, a finding or placement made pursuant to this article shall toll the term of parole pursuant to Article 1 (commencing with Section 3000) of Chapter 8 of Title 1 of Part 3 of the Penal Code. The tolling of parole shall occur in accordance with paragraph (4) of subdivision (a) of Section 3000 of the Penal Code.

(*l*) Pursuant to subdivision (d), the attorney designated by the county pursuant to subdivision (i) shall notify the State Department of Mental Health of its decision regarding the filing of a petition for commitment within 15 days of making that decision.

SEC. 55. Section 6604 of the Welfare and Institutions Code is amended to read:

6604. The court or jury shall determine whether, beyond a reasonable doubt, the person is a sexually violent predator. If the court or jury is not satisfied beyond a reasonable doubt that the person is a sexually violent predator, the court shall direct that the person be released at the conclusion of the term for which he or she was initially sentenced, or that the person be unconditionally released at the end of parole, whichever is applicable. If the court or jury determines that the person is a sexually violent predator, the person shall be committed for an indeterminate term to the custody of the State Department of Mental Health for appropriate treatment and confinement in a secure facility designated by the Director of Mental Health. Time spent on conditional release shall not count toward the term of commitment, unless the person is placed in a locked facility by the conditional release program, in which case

the time in a locked facility shall count toward the term of commitment. The facility shall be located on the grounds of an institution under the jurisdiction of the Department of Corrections and Rehabilitation.

SEC. 56. Section 6604.1 of the Welfare and Institutions Code is amended to read:

6604.1. (a) The indeterminate term of commitment provided for in Section 6604 shall commence on the date upon which the court issues the initial order of commitment pursuant to that section.

(b) The person shall be evaluated by two practicing psychologists or psychiatrists, or by one practicing psychologist and one practicing psychiatrist, designated by the State Department of Mental Health. The provisions of subdivisions (c) to (i), inclusive, of Section 6601 shall apply to evaluations performed pursuant to a trial conducted pursuant to subdivision (f) of Section 6605. The rights, requirements, and procedures set forth in Section 6603 shall apply to all commitment proceedings.

SEC. 57. Section 6605 of the Welfare and Institutions Code is amended to read:

6605. (a) A person found to be a sexually violent predator and committed to the custody of the State Department of Mental Health shall have a current examination of his or her mental condition made at least once every year. The person may retain, or if he or she is indigent and so requests, the court may appoint, a qualified expert or professional person to examine him or her, and the expert or professional person shall have access to all records concerning the person.

(b) The director shall provide the committed person with an annual written notice of his or her right to petition the court for conditional release under Section 6608. The notice shall contain a waiver of rights. The director shall forward the notice and waiver form to the court with the annual report. If the person does not affirmatively waive his or her right to petition the court for conditional release, the court shall set a show cause hearing to determine whether facts exist that warrant a hearing on whether the person's condition has so changed that he or she would not be a danger to the health and safety of others if discharged. The committed person shall have the right to be present and to have an attorney represent him or her at the show cause hearing.

(c) If the court at the show cause hearing determines that probable cause exists to believe that the committed person's diagnosed mental disorder has so changed that he or she is not a danger to the health and safety of others and is not likely to engage in sexually violent criminal behavior if discharged, then the court shall set a hearing on the issue.

(d) At the hearing, the committed person shall have the right to be present and shall be entitled to the benefit of all constitutional protections

that were afforded to him or her at the initial commitment proceeding. The attorney designated by the county pursuant to subdivision (i) of Section 6601 shall represent the state and shall have the right to demand a jury trial and to have the committed person evaluated by experts chosen by the state. The committed person also shall have the right to demand a jury trial and to have experts evaluate him or her on his or her behalf. The court shall appoint an expert if the person is indigent and requests an appointment. The burden of proof at the hearing shall be on the state to prove beyond a reasonable doubt that the committed person's diagnosed mental disorder remains such that he or she is a danger to the health and safety of others and is likely to engage in sexually violent criminal behavior if discharged. The committed person's failure to engage in treatment shall be considered evidence that his or her condition has not changed, for purposes of any court proceeding held pursuant to this section, and a jury shall be so instructed. Completion of treatment programs shall be a condition of release.

(e) If the court or jury rules against the committed person at the hearing conducted pursuant to subdivision (d), the term of commitment of the person shall run for an indeterminate period from the date of this ruling. If the court or jury rules for the committed person, he or she shall be unconditionally released and unconditionally discharged.

(f) In the event that the State Department of Mental Health has reason to believe that a person committed to it as a sexually violent predator is no longer a sexually violent predator, it shall seek judicial review of the person's commitment pursuant to the procedures set forth in Section 7250 in the superior court from which the commitment was made. If the superior court determines that the person is no longer a sexually violent predator, he or she shall be unconditionally released and unconditionally discharged.

SEC. 58. The sum of four hundred ninety-five thousand dollars ($495,000) is hereby appropriated from the General Fund to the Office of Emergency Services, Division of Criminal Justice Programs for child abuse and abduction programs that provide prevention education to children in schools, and parents, teachers, and service providers. The objective of the programs shall be to increase awareness of the problem of child abduction, and basic knowledge of how children can help to protect themselves from being abducted. The programs may include a media component to build awareness of the problem within communities.

SEC. 59. The provisions of this act are severable. If any provision of this act or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

SEC. 60. Section 19.5 of this bill incorporates amendments to Section 290.46 of the Penal Code proposed by both this bill and Assembly Bill 1849. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2007, but this bill becomes operative first, (2) each bill amends Section 290.46 of the Penal Code, and (3) this bill is enacted after Assembly Bill 1849, in which case Section 290.46 of the Penal Code, as amended by Section 19 of this bill, shall remain operative only until the operative date of Assembly Bill 1849, at which time Section 19.5 of this bill shall become operative.

SEC. 61. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because, in that regard, this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

SEC. 62. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are::

CHAPTER 342

An act to amend Section 98 of, and to repeal Section 98.04 of, the Revenue and Taxation Code, relating to local government finance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 2006. Filed with Secretary of State September 20, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 98 of the Revenue and Taxation Code is amended to read:

98. (a) In each county, other than the County of Ventura, having within its boundaries a qualifying city, the computations made pursuant to Section 96.1 or its predecessor section, for the 1989–90 fiscal year and each fiscal year thereafter, shall be modified as follows:

With respect to tax rate areas within the boundaries of a qualifying city, there shall be excluded from the aggregate amount of "property tax revenue allocated pursuant to this chapter to local agencies, other than for a qualifying city, in the prior fiscal year," an amount equal to the sum of the amounts calculated pursuant to the TEA formula.

(b) (1) Except as otherwise provided in this section, each qualifying city shall, for the 1989–90 fiscal year and each fiscal year thereafter, be allocated by the auditor an amount determined pursuant to the TEA formula.

(2) For each qualifying city, the auditor shall, for the 1989–90 fiscal year and each fiscal year thereafter, allocate the amount determined pursuant to the TEA formula to all tax rate areas within that city in proportion to each tax rate area's share of the total assessed value in the city for the applicable fiscal year, and the amount so determined shall be subtracted from the county's proportionate share of property tax revenue for that fiscal year within those tax rate areas.

(3) After making the allocations pursuant to paragraphs (1) and (2), but before making the calculations pursuant to Section 96.5 or its predecessor section, the auditor shall, for all tax rate areas in the qualifying city, calculate the proportionate share of property tax revenue allocated pursuant to this section and Section 96.1, or their predecessor sections, in the 1989–90 fiscal year and each fiscal year thereafter to each jurisdiction in the tax rate area.

(4) In lieu of making the allocations of annual tax increment pursuant to subdivision (e) of Section 96.5 or its predecessor section, the auditor shall, for the 1989–90 fiscal year and each fiscal year thereafter, allocate the amount of property tax revenue determined pursuant to subdivision (d) of Section 96.5 or its predecessor section to jurisdictions in the tax rate area using the proportionate shares derived pursuant to paragraph (3).

(5) For purposes of the calculations made pursuant to Section 96.1 or its predecessor section, in the 1990–91 fiscal year and each fiscal year thereafter, the amounts that would have been allocated to qualifying cities pursuant to this subdivision shall be deemed to be the "amount of property tax revenue allocated in the prior fiscal year."

(c) "TEA formula" means the Tax Equity Allocation formula, and shall be calculated by the auditor for each qualifying city as follows:

(1) For the 1988–89 fiscal year and each fiscal year thereafter, the auditor shall determine the total amount of property tax revenue to be allocated to all jurisdictions in all tax rate areas within the qualifying city, before the allocation and payment of funds in that fiscal year to a community redevelopment agency within the qualifying city, as provided in subdivision (b) of Section 33670 of the Health and Safety Code.

(2) The auditor shall determine the total amount of funds allocated in each fiscal year to a community redevelopment agency in accordance with subdivision (b) of Section 33670 of the Health and Safety Code.

(3) The auditor shall determine the total amount of funds paid in each fiscal year by a community redevelopment agency within the city to jurisdictions other than the city pursuant to subdivision (b) of Section 33401 and Section 33676 of the Health and Safety Code, and the cost to the redevelopment agency of any land or facilities transferred and any amounts paid to jurisdictions other than the city to assist in the construction or reconstruction of facilities pursuant to an agreement entered into under Section 33401 or 33445.5 of the Health and Safety Code.

(4) The auditor shall subtract the amount determined in paragraph (3) from the amount determined in paragraph (2).

(5) The auditor shall subtract the amount determined in paragraph (4) from the amount determined in paragraph (1).

(6) The amount computed in paragraph (5) shall be multiplied by the following percentages in order to determine the TEA formula amount to be distributed to the qualifying city in each fiscal year:

(A) For the first fiscal year in which the qualifying city receives a distribution pursuant to this section, 1 percent of the amount determined in paragraph (5).

(B) For the second fiscal year in which the qualifying city receives a distribution pursuant to this section, 2 percent of the amount determined in paragraph (5).

(C) For the third fiscal year in which the qualifying city receives a distribution pursuant to this section, 3 percent of the amount determined in paragraph (5).

(D) For the fourth fiscal year in which the qualifying city receives a distribution pursuant to this section, 4 percent of the amount determined in paragraph (5).

(E) For the fifth fiscal year in which the qualifying city receives a distribution pursuant to this section, 5 percent of the amount determined in paragraph (5).

(F) For the sixth fiscal year in which the qualifying city receives a distribution pursuant to this section, 6 percent of the amount determined in paragraph (5).

(G) For the seventh fiscal year and each fiscal year thereafter in which the city receives a distribution pursuant to this section, 7 percent of the amount determined in paragraph (5).

(d) "Qualifying city" means any city, except a qualifying city as defined in Section 98.1, that incorporated prior to June 5, 1987, and had an amount of property tax revenue allocated to it pursuant to subdivision (a) of Section 96.1 or its predecessor section in the 1988–89 fiscal year that is less than 7 percent of the amount of property tax revenue computed as follows:

(1) The auditor shall determine the total amount of property tax revenue allocated to the city in the 1988–89 fiscal year.

(2) The auditor shall subtract the amount in the 1988–89 fiscal year determined in paragraph (3) of subdivision (c) from the amount determined in paragraph (2) of subdivision (c).

(3) The auditor shall subtract the amount determined in paragraph (2) from the amount of property tax revenue determined in paragraph (1) of subdivision (c).

(4) The auditor shall divide the amount of property tax revenue determined in paragraph (1) of this subdivision by the amount of property tax revenue determined in paragraph (3) of this subdivision.

(5) If the quotient determined in paragraph (4) of this subdivision is less than 0.07, the city is a qualifying city. If the quotient determined in that paragraph is equal to or greater than 0.07, the city is not a qualifying city.

(e) The auditor may assess each qualifying city its proportional share of the actual costs of making the calculations required by this section, and may deduct that assessment from the amount allocated pursuant to subdivision (b). For purposes of this subdivision, a qualifying city's proportional share of the auditor's actual costs shall not exceed the proportion it receives of the total amounts excluded in the county pursuant to subdivision (a).

(f) Notwithstanding subdivision (b), in any fiscal year in which a qualifying city is to receive a distribution pursuant to this section, the auditor shall reduce the actual amount distributed to the qualifying city by the sum of the following:

(1) The amount of property tax revenue that was exchanged between the county and the qualifying city as a result of negotiation pursuant to Section 99.03.

(2) (A) The amount of revenue not collected by the qualifying city in the first fiscal year following the city's reduction after January 1,

1988, of the tax rate or tax base of any locally imposed tax, except any tax that was imposed after January 1, 1988. In the case of a tax that existed before January 1, 1988, this clause shall apply only with respect to an amount attributable to a reduction of the rate or base to a level lower than the rate or base applicable on January 1, 1988. The amount so computed by the auditor shall constitute a reduction in the amount of property tax revenue distributed to the qualifying city pursuant to this section in each succeeding fiscal year. That amount shall be aggregated with any additional amount computed pursuant to this clause as the result of the city's reduction in any subsequent year of the tax rate or tax base of the same or any other locally imposed general or special tax.

(B) No reduction may be made pursuant to subparagraph (A) in the case in which a local tax is reduced or eliminated as a result of either a court decision or the approval or rejection of a ballot measure by the voters.

(3) The amount of property tax revenue received pursuant to this chapter in excess of the amount allocated for the 1986–87 fiscal year by all special districts that are governed by the city council of the qualifying city or whose governing body is the same as the city council of the qualifying city with respect to all tax rate areas within the boundaries of the qualifying city.

Notwithstanding this paragraph:

(A) Commencing with the 1994–95 fiscal year, the auditor shall not reduce the amount distributed to a qualifying city under this section by reason of that city becoming the successor agency to a special district, that is dissolved, merged with that city, or becomes a subsidiary district of that city, on or after July 1, 1994.

(B) Commencing with the 1997–98 fiscal year, the auditor shall not reduce the amount distributed to a qualifying city under this section by reason of that city withdrawing from a county free library system pursuant to Section 19116 of the Education Code.

(4) Any amount of property tax revenues that has been exchanged pursuant to Section 56842 of the Government Code between the City of Rancho Mirage and a community services district, the formation of which was initiated on or after March 6, 1997, pursuant to Chapter 4 (commencing with Section 56800) of Part 3 of Division 3 of Title 5 of the Government Code.

(g) Notwithstanding any other provision of this section, in no event may the auditor reduce the amount of ad valorem property tax revenue otherwise allocated to a qualifying city pursuant to this section on the basis of any additional ad valorem property tax revenues received by that city pursuant to a services for revenue agreement. For purposes of this subdivision, a "services for revenue agreement" means any agreement

between a qualifying city and the county in which it is located, entered into by joint resolution of that city and that county, under which additional service responsibilities are exchanged in consideration for additional property tax revenues.

(h) In any fiscal year in which a qualifying city is to receive a distribution pursuant to this section, the auditor shall increase the actual amount distributed to the qualifying city by the amount of property tax revenue allocated to the qualifying city pursuant to Section 19116 of the Education Code.

(i) If the auditor determines that the amount to be distributed to a qualifying city pursuant to subdivision (b), as modified by subdivisions (e), (f), and (g) would result in a qualifying city having proceeds of taxes in excess of its appropriation limit, the auditor shall reduce the amount, on a dollar-for-dollar basis, by the amount that exceeds the city's appropriations limit.

(j) The amount not distributed to the tax rate areas of a qualifying city as a result of this section shall be distributed by the auditor to the county.

(k) Notwithstanding any other provision of this section, no qualifying city shall be distributed an amount pursuant to this section that is less than the amount the city would have been allocated without the application of the TEA formula.

(*l*) Notwithstanding any other provision of this section, the auditor shall not distribute any amount determined pursuant to this section to any qualifying city that has in the prior fiscal year used any revenues or issued bonds for the construction, acquisition, or development, of any facility which is defined in Section 103(b)(4), 103(b)(5), or 103(b)(6) of the Internal Revenue Code of 1954 prior to the enactment of the Tax Reform Act of 1986 (P.L. 99-514) and is no longer eligible for tax-exempt financing.

(m) (1) The amendments made to this section, and the repeal of Section 98.04, by the act that added this subdivision shall apply for the 2006–07 fiscal year and each fiscal year thereafter.

(2) For the 2006–07 fiscal year and for each fiscal year thereafter, all of the following apply:

(A) The auditor of the County of Santa Clara shall do both of the following:

(i) Reduce the total amount of ad valorem property tax revenue otherwise required to be allocated to qualifying cities in that county by the ERAF reimbursement amount. This reduction for each qualifying city in the county for each fiscal year shall be the percentage share, of the total reduction required by this clause for all qualifying cities in the county for the 2006–07 fiscal year, that is equal to the proportion that

the total amount of additional ad valorem property tax revenue that is required to be allocated to the qualifying city as a result of the act that added this subdivision bears to the total amount of additional ad valorem property tax revenue that is required to be allocated to all qualifying cities in the county as a result of the act that added this subdivision.

(ii) Increase the total amount of ad valorem property tax revenue otherwise required to be allocated to the county Educational Revenue Augmentation Fund by the ERAF reimbursement amount.

(B) For purposes of this subdivision, "ERAF reimbursement amount" means an amount equal to the difference between the following two amounts:

(i) The portion of the annual tax increment that would have been allocated from the county to the county Educational Revenue Augmentation Fund for the applicable fiscal year if the act that added this subdivision had not been enacted.

(ii) The portion of the annual tax increment that is allocated from the county to the county Educational Revenue Augmentation Fund for the applicable fiscal year.

SEC. 2. Section 98.04 of the Revenue and Taxation Code is repealed.

SEC. 3. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique fiscal pressures being experienced by qualifying cities, as defined in Section 98 of the Revenue and Taxation Code, in the County of Santa Clara.

SEC. 4. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide qualifying cities in the County of Santa Clara with the revenues needed to provide vital services that protect the public peace, health, and safety as soon as possible, it is necessary that this act take effect immediately.

The tax rate or rates applicable to each director's compensation for services performed in this state shall be the highest marginal rate or rates provided for by Part 10 (commencing with Section 17001) of Division 2 and no deductions or credits should be allowed. (b) The Franchise Tax Board may adjust the income of an electing nonresident taxpayer included in a group return filed under this section to properly reflect the income under Part 10 (commencing with Section 17001) of Division 2.

CHAPTER 344

The fee for the 2007 calendar year is due no later than February 29, 2008.

CHAPTER 345

An act to amend Section 11580.9, of the Insurance Code, relating to motor vehicle insurance coverage.

[Approved by Governor September 20, 2006. Filed with Secretary of State September 20, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 11580.9 of the Insurance Code is amended to read:

11580.9. (a) Where two or more policies affording valid and collectible automobile liability insurance apply to the same motor vehicle in an occurrence out of which a liability loss shall arise, and one policy affords coverage to a named insured engaged in the business of selling, repairing, servicing, delivering, testing, road-testing, parking, or storing motor vehicles, then both of the following shall be conclusively presumed:

(1) If, at the time of loss, the motor vehicle is being operated by any person engaged in any of these businesses, or by his or her employee or agent, the insurance afforded by the policy issued to the person engaged in the business shall be primary, and the insurance afforded by any other policy shall be excess.

(2) If, at the time of loss, the motor vehicle is being operated by any person other than as described in paragraph (1), the insurance afforded

by the policy issued to any person engaged in any of these businesses shall be excess over all other insurance available to the operator as a named insured or otherwise.

(b) Where two or more policies apply to the same loss, and one policy affords coverage to a named insured who in the course of his or her business rents or leases motor vehicles without operators, it shall be conclusively presumed that the insurance afforded by that policy to a person other than the named insured or his or her agent or employee, shall be excess over and not concurrent with, any other valid and collectible insurance applicable to the same loss covering the person as a named insured or as an additional insured under a policy with limits at least equal to the financial responsibility requirements specified in Section 16056 of the Vehicle Code. The presumption provided by this subdivision shall apply only if, at the time of the loss, the involved motor vehicle either:

(1) Qualifies as a "commercial vehicle." For purposes of this subdivision, "commercial vehicle" means a type of vehicle subject to registration or identification under the laws of this state and is one of the following:

(A) Used or maintained for the transportation of persons for hire, compensation, or profit.

(B) Designed, used, or maintained primarily for the transportation of property.

(2) Has been leased for a term of six months or longer.

(c) Where two or more policies are applicable to the same loss arising out of the loading or unloading of a motor vehicle, and one or more of the policies is issued to the owner, tenant, or lessee of the premises on which the loading or unloading occurs, it shall be conclusively presumed that the insurance afforded by the policy covering the motor vehicle shall not be primary, notwithstanding anything to the contrary in any endorsement required by law to be placed on the policy, but shall be excess over all other valid and collectible insurance applicable to the same loss with limits up to the financial responsibility requirements specified in Section 16056 of the Vehicle Code. In that event, the two or more policies shall not be construed as providing concurrent coverage, and only the insurance afforded by the policy or policies covering the premises on which the loading or unloading occurs shall be primary and the policy or policies shall cover as an additional insured with respect to the loading or unloading operations all employees of the owner, tenant, or lessee while acting in the course and scope of their employment.

(d) Except as provided in subdivisions (a), (b), and (c), where two or more policies affording valid and collectible liability insurance apply to the same motor vehicle or vehicles in an occurrence out of which a

liability loss shall arise, it shall be conclusively presumed that the insurance afforded by that policy in which the motor vehicle is described or rated as an owned automobile shall be primary and the insurance afforded by any other policy or policies shall be excess.

(e) Any insurance policy which, under the terms of subdivisions (a) to (d), inclusive, applies as excess coverage may provide with respect to any primary policy or to any loss to which primary insurance is not valid and collectible in whole or in part, that the excess policy shall apply only to the extent necessary to provide the insured with the coverage limits specified in Section 16056 of the Vehicle Code.

(f) The presumptions stated in subdivisions (a) to (d), inclusive, may be modified or amended only by written agreement signed by all insurers who have issued a policy or policies applicable to a loss described in these subdivisions and all named insureds under these policies.

(g) Where two or more personal policies affording valid and collectible liability insurance apply to the same motor vehicle in an occurrence out of which a loss shall arise, and one policy, as defined in subdivision (a) of Section 660, is primary, either by its terms or by operation of law, and one or more of the personal policies providing liability insurance, as defined in Section 108, are excess, either by their terms or by operation of law, then the following shall apply:

(1) Each insurer shall pay its share of the defense costs. Each insurer's share of the defense costs shall be the percentage of the total defense costs equal to the amount of damage paid by that insurer as a percentage of total damages paid by all insurers whose policies apply to that motor vehicle.

(2) The term "defense costs" means, for purposes of this subdivision, reasonable attorney's fees and expenses, investigation expenses, expert witness fees, and costs allowable under Section 1033.5 of the Code of Civil Procedure.

(h) Notwithstanding subdivision (b), when two or more policies affording valid and collectible automobile liability insurance apply to a power unit and an attached trailer or trailers in an occurrence out of which a liability loss shall arise, and one policy affords coverage to a named insured in the business of a trucker, defined as any person or organization engaged in the business of transporting property by auto for hire, then the following shall be conclusively presumed: If at the time of loss, the power unit is being operated by any person in the business of a trucker, the insurance afforded by the policy to the person engaged in the business of a trucker shall be primary for both power unit and trailer or trailers, and the insurance afforded by the other policy shall be excess.

(i) For purposes of this article, a certificate of self-insurance issued pursuant to Section 16053 of the Vehicle Code or a deposit of cash made pursuant to Section 16054.2 of the Vehicle Code or a bond in effect pursuant to Section 16054 of the Vehicle Code or a report of governmental ownership or lease filed pursuant to Section 16051 of the Vehicle Code shall be considered a policy of automobile liability insurance. However, this subdivision does not establish or provide the basis for any other form of liability for or upon a self-insurer or other person or entity holding, issuing, or establishing any form of security as described herein.

CHAPTER 348

An act to amend Sections 16809.3, 16809.4, and 16901 of, and to amend and repeal Section 16809 of, the Welfare and Institutions Code, relating to county health services.

[Approved by Governor September 20, 2006. Filed with Secretary of State September 20, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 16809 of the Welfare and Institutions Code, as amended by Section 30 of Chapter 80 of the Statutes of 2005, is amended to read:

16809. (a) (1) The board of supervisors of a county that contracted with the department pursuant to Section 16709 during the 1990–91 fiscal year and any county with a population under 300,000, as determined in accordance with the 1990 decennial census, by adopting a resolution to that effect, may elect to participate in the County Medical Services Program. The governing board shall have responsibilities for specified health services to county residents certified eligible for those services by the county.

(2) The board of supervisors of a county that has contracted with the governing board pursuant to paragraph (1) may also contract with the

governing board for the delivery of health care and health-related services to county residents other than under the County Medical Services Program by adopting a resolution to that effect. The governing board shall have responsibilities for the delivery of specified health services to county residents as agreed upon by the governing board and the county. Participation by a county pursuant to this paragraph shall be voluntary, and funds shall be provided solely by the county.

(b) The governing board may contract with the department or any other person or entity to administer the County Medical Services Program.

(1) If the governing board contracts with the department to administer the County Medical Services Program, that contract shall include, but need not be limited to, all of the following:

(A) Provisions for the payment to participating counties for making eligibility determinations as determined by the governing board.

(B) Provisions for payment of expenses of the governing board.

(C) Provisions relating to the flow of funds from counties' vehicle license fees, sales taxes, and participation fees and the procedures to be followed if a county does not pay those funds to the program.

(D) Those provisions, as applicable, contained in the 1993–94 fiscal year contract with counties under the County Medical Services Program.

(E) Provisions for the department to administer the County Medical Services Program pursuant to regulations adopted by the governing board or as otherwise determined by the governing board.

(F) Provisions requiring that the governing board reimburse the state costs of providing administrative support to the County Medical Services Program in accordance with amounts determined between the governing board and the department.

(2) If the governing board does not contract with the department for administration of the County Medical Services Program, the governing board may contract with the department for specified services to assist in the administration of that program. Any contract with the department under this paragraph shall require that the governing board reimburse the state costs of providing administrative support.

(3) The department shall not be liable for any costs related to decisions of the governing board that are in excess of those set forth in the contract between the department and the governing board.

(c) Each county intending to participate in the County Medical Services Program pursuant to this section shall submit to the governing board a notice of intent to contract adopted by the board of supervisors no later than April 1 of the fiscal year preceding the fiscal year in which the county will participate in the County Medical Services Program.

(d) A county participating in the County Medical Services Program pursuant to this section, or a county contracting with the governing board pursuant to paragraph (2) or (3) of subdivision (a), or participating in a pilot project or contracting with the governing board for an alternative product pursuant to Section 16809.4, shall not be relieved of its indigent health care obligation under Section 17000.

(e) (1) The County Medical Services Program Account is established in the County Health Services Fund. The County Medical Services Program Account is continuously appropriated, notwithstanding Section 13340 of the Government Code, without regard to fiscal years. The following amounts may be deposited in the account:

(A) Any interest earned upon money deposited in the account.

(B) Moneys provided by participating counties or appropriated by the Legislature to the account.

(C) Moneys loaned pursuant to subdivision (n).

(2) The methods and procedures used to deposit funds into the account shall be consistent with the methods used by the program during the 1993–94 fiscal year, unless otherwise determined by the governing board.

(f) Moneys in the program account shall be used by the governing board, or by the department if the department contracts with the governing board for this purpose, to pay for health care services provided to the persons meeting the eligibility criteria established pursuant to subdivision (j) and to pay the governing board expenses and program administrative costs. In addition, moneys in this account may be used to reimburse the department for state costs pursuant to subparagraph (F) of paragraph (1) of subdivision (b).

(g) (1) Moneys in this account shall be administered on an accrual basis and notwithstanding any other provision of law, except as provided in this section, shall not be transferred to any other fund or account in the State Treasury except for purposes of investment as provided in Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code.

(2) (A) All interest or other increment resulting from the investment shall be deposited in the program account, notwithstanding Section 16305.7 of the Government Code.

(B) All interest deposited pursuant to subparagraph (A) shall be available to reimburse program-covered services, governing board expenses, and program administrative costs.

(h) The governing board shall establish a reserve account for the purpose of depositing funds for the payment of claims and unexpected contingencies. Funds in the reserve account in excess of the amounts the governing board determines necessary for these purposes shall be available for expenditures in years when program expenditures exceed

program funds, and to augment the rates, benefits, or eligibility criteria under the program.

(i) (1) Counties shall pay participation fees as established by the governing board and their jurisdictional risk amount in a method that is consistent with that established in the 1993–94 fiscal year.

(2) A county may request, due to financial hardship, the payments under paragraph (1) be delayed. The request shall be subject to approval by the governing board.

(3) Payments made pursuant to this subdivision shall be deposited in the program account, unless otherwise directed by the governing board.

(4) Payments may be made as part of the deposits authorized by the county pursuant to Sections 17603.05 and 17604.05.

(j) (1) (A) Beginning in the 1992–93 fiscal year and for each fiscal year thereafter, counties and the state shall share the risk for cost increases of the County Medical Services Program not funded through other sources. The state shall be at risk for any cost that exceeds the cumulative annual growth in dedicated sales tax and vehicle license fee revenue, up to the amount of twenty million two hundred thirty-seven thousand four hundred sixty dollars ($20,237,460) per fiscal year, except for the 1999–2000, 2000–01, 2001–02, 2002–03, 2003–04, 2004–05, 2005–06, and 2006–07 fiscal years. Counties shall be at risk up to the cumulative annual growth in the Local Revenue Fund created by Section 17600, according to the table specified in paragraph (2), to the County Medical Services Program, plus the additional cost increases in excess of twenty million two hundred thirty-seven thousand four hundred sixty dollars ($20,237,460) per fiscal year, except for the 1999–2000, 2000–01, 2001–02, 2002–03, 2003–04, 2004–05, 2005–06, and 2006–07 fiscal years.

Counties shall be at risk up to the cumulative annual growth in the Local Revenue Fund created by Section 17600, according to the table specified in paragraph (2), to the County Medical Services Program, plus any additional cost increases for the 1999–2000, 2000–01, 2001–02, 2002–03, 2003–04, 2004–05, 2005–06, and 2006–07 fiscal years.

(C) (i) The governing board shall establish uniform eligibility criteria and benefits among all counties participating in the County Medical Services Program listed in paragraph (2). For counties that are not listed in paragraph (2) and that elect to participate pursuant to paragraph (1) of subdivision (a), the eligibility criteria and benefit structure may vary

from those of counties participating pursuant to paragraph (2) of subdivision (a).

(ii) Notwithstanding clause (i), the governing board may establish and maintain pilot projects to identify or test alternative approaches for determining eligibility or for providing or paying for benefits under the County Medical Services Program, and may develop and implement alternative products with varying levels of eligibility criteria and benefits outside of the County Medical Services Program.

(2) Before initiating any proceeding to challenge rates of payment, charges, or fees set by the governing board, to seek reimbursement or release of any funds from the County Medical Services Program, or to challenge any other action by the governing board, any prospective claimant shall first notify the governing board, in writing, of the nature and basis of the challenge and the amount claimed. The governing board shall consider the matter within 60 days after receiving the notice and shall promptly thereafter provide written notice of the governing board's decision. (3) All regulations adopted by the governing board shall clearly specify by reference the statute, court decision, or other provision of law that the governing board is seeking to implement, interpret, or make specific by adopting, amending, or repealing the regulation.

(4) No regulation adopted by the governing board is valid and effective unless the regulation meets the standards of necessity, authority, clarity, consistency, and nonduplication, as defined in paragraph (5).

(5) The following definitions govern the interpretation of this subdivision:

(A) "Necessity" means the record of the regulatory proceeding that demonstrates by substantial evidence the need for the regulation. For purposes of this standard, evidence includes, but is not limited to, facts, studies, and expert opinion.

(B) "Authority" means the provision of law that permits or obligates the CMSP Governing Board to adopt, amend, or repeal a regulation.

(C) "Clarity" means that the regulation is written or displayed so that the meaning of the regulation can be easily understood by those persons directly affected by it.

(D) "Consistency" means being in harmony with, and not in conflict with, or contradictory to, existing statutes, court decisions, or other provisions of law.

(E) "Nonduplication" means that a regulation does not serve the same purpose as a state or federal statute or another regulation. This standard requires that the governing board identify any state or federal statute or regulation that is overlapped or duplicated by the proposed regulation and justify any overlap or duplication. This standard is not intended to prohibit the governing board from printing relevant portions of enabling legislation in regulations when the duplication is necessary to satisfy the clarity standard in subparagraph (C). This standard is intended to prevent the indiscriminate incorporation of statutory language in a regulation.

(g) The requirements of the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code) shall apply to the meetings of the governing board, including meetings held pursuant to subdivision (i), except the board may meet in closed session to consider and take action on matters pertaining to contracts and contract negotiations with providers of health care services.

(h) (1) The governing board shall comply with the following procedures for public meetings held to eliminate or reduce the level of services, restrict eligibility for services, or adopt regulations:

(A) Provide prior public notice of those meetings.

(B) Provide that notice not less than 30 days prior to those meetings.

(C) Publish that notice in a newspaper of general circulation in each participating CMSP county.

(D) Include in the notice, at a minimum, the amount and type of each proposed change, the expected savings, and the number of persons affected.

(E) Either hold those meetings in the county seats of at least four regionally distributed CMSP participating counties, or, alternatively, hold two meetings in Sacramento County.

(2) For meetings held outside Sacramento County, the requirements for public meetings pursuant to this subdivision to eliminate or reduce

the level of services, or to restrict the eligibility for services or hear testimony regarding regulations to implement any of these service charges, are satisfied if at least three voting members of the governing board hold the meetings as required and report the testimony from those meetings to the full governing board at its next regular meeting. No action shall be taken at any meeting held outside Sacramento County pursuant to this paragraph.

(i) Records of the County Medical Services Program and of the governing board that relate to rates of payment or to the board's negotiations with providers of health care services or to the governing board's deliberative processes regarding either shall not be subject to disclosure pursuant to the Public Records Act (Chapter 5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

(j) The following definitions shall govern the construction of this part, unless the context requires otherwise:

(1) "CMSP" or "program" means the County Medical Services Program, which is the program by which health care services are provided to eligible persons in those counties electing to participate in the CMSP pursuant to Section 16809.

(2) "CMSP county" means a county that has elected to participate pursuant to Section 16809 in the CMSP.

(3) "Governing Board" means the County Medical Services Program Governing Board established pursuant to this section.

SEC. 5. Section 16901 of the Welfare and Institutions Code is amended to read:

16901. "CMSP county" means a county that has elected to participate in the CMSP pursuant to Section 16809.

CHAPTER 349

[Approved by Governor September 20, 2006. Filed with Secretary of State September 20, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 5.8 (commencing with Section 42359) is added to Part 3 of Division 30 of the Public Resources Code, to read:

Chapter 5.8. Plastic Food and Beverage Containers

42359. The Legislature finds and declares that it is the public policy of the state that environmental marketing claims, whether explicit or implied, should be substantiated by competent and reliable evidence to prevent deceiving or misleading consumers about the environmental impact of compostable plastic food or beverage containers. For consumers to have accurate and useful information about the environmental impact of compostable plastic food or beverage containers, environmental marketing claims should adhere to uniform and recognized standards, including those standard specifications established by the American Society for Testing and Materials.

42359.5. For purposes of this chapter, the following definitions apply:

(a) "ASTM" means the American Society for Testing and Materials.

(b) "ASTM standard specification" means ASTM Standard Specification for Compostable Plastics (D6400-04).

(c) "Plastic food or beverage container" means plastic packaging for a finished product that contains food or drink items, or utensils, for retail sale.

(d) "Manufacturer" means a person, firm, association, partnership, or corporation that produces a plastic food or beverage container.

(e) "Supplier" means a person who does one or more of the following:

(1) Sells, offers for sale, or offers for promotional purposes, a plastic food or beverage container that is used by a person to contain a product.

(2) Takes title to a plastic food or beverage container produced either domestically or in a foreign country, that is purchased for resale or promotional purposes.

42359.6. (a) A person shall not sell a plastic food or beverage container in this state that is labeled with the term "compostable," "biodegradable," "degradable," or any form of those terms, or in anyway imply that the container will break down in a landfill, composting, marine, or other natural terrestrial environment, unless, at the time of the sale, the plastic food or beverage container meets the ASTM standard specification for the term used on the label.

CHAPTER 350

An act to amend Sections 725, 2241, 2242, and 2242.1 of, and to repeal and add Section 2241.5 of, the Business and Professions Code, and to amend Section 11156 of the Health and Safety Code, relating to healing arts.

[Approved by Governor September 20, 2006. Filed with Secretary of State September 20, 2006.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares the following:

(a) The investigation and prosecution of pain management cases in California have evolved over the past 15 years.

(b) The Pain Patient's Bill of Rights and the Intractable Pain Treatment Act were created to ensure patients received adequate pain medication and to protect a physician and surgeon from being disciplined solely because of the amounts of controlled substances he or she prescribed or administered.

(c) California recognizes that prescription medication, including controlled substances, can play a critical role in the treatment of pain, and, in and of itself, is an insufficient basis to determine if a physician and surgeon has violated the standard of care in his or her treatment of pain management patients.

(d) Undertreatment of pain, including the use of opioids, is a continuing problem in the State of California, and some terms of the Intractable Pain Treatment Act are outdated and confusing.

(e) In recognition of the Medical Board of California's consumer protection mandates, and in an attempt to provide better treatment of pain patients, as well as protect the public through the appropriate investigation and prosecution of those who violate the standard of care when treating pain patients, the Legislature recognizes that it is time to reflect upon the current state of pain management to aid both those who treat pain patients, as well as those who investigate and prosecute physicians and surgeons.

SEC. 2. Section 725 of the Business and Professions Code is amended to read:

725. (a) Repeated acts of clearly excessive prescribing, furnishing, dispensing, or administering of drugs or treatment, repeated acts of clearly excessive use of diagnostic procedures, or repeated acts of clearly excessive use of diagnostic or treatment facilities as determined by the standard of the community of licensees is unprofessional conduct for a

(b) Any person who engages in repeated acts of clearly excessive prescribing or administering of drugs or treatment is guilty of a misdemeanor and shall be punished by a fine of not less than one hundred dollars ($100) nor more than six hundred dollars ($600), or by imprisonment for a term of not less than 60 days nor more than 180 days, or by both that fine and imprisonment.

(c) A practitioner who has a medical basis for prescribing, furnishing, dispensing, or administering dangerous drugs or prescription controlled substances shall not be subject to disciplinary action or prosecution under this section.

(d) No physician and surgeon shall be subject to disciplinary action pursuant to this section for treating intractable pain in compliance with Section 2241.5.

SEC. 3. Section 2241 of the Business and Professions Code is amended to read:

(A) Impaired control over drug use.

(B) Compulsive use.

(C) Continued use despite harm.

(2) Notwithstanding paragraph (1), a person whose drug-seeking behavior is primarily due to the inadequate control of pain is not an addict within the meaning of this section or Section 2241.5.

SEC. 4. Section 2241.5 of the Business and Professions Code is repealed.

SEC. 5. Section 2241.5 is added to the Business and Professions Code, to read:

2241.5. A physician and surgeon shall keep records of his or her purchases and disposals of these controlled substances or dangerous drugs, including the date of purchase, the date and records of the sale or disposal of the drugs by the physician and surgeon, the name and address of the person receiving the drugs, and the reason for the disposal or the dispensing of the drugs to the

CHAPTER 351

An act to amend Sections 56375.3, 56375.4, and 56425 of the Government Code, relating to local government.

[Approved by Governor September 20, 2006. Filed with Secretary of State September 20, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 56375.3 of the Government Code is amended to read:

56375.3. (a) In addition to those powers enumerated in Section 56375, a commission shall do either of the following:

(1) Approve, after notice and hearing, the annexation to a city, and waive protest proceedings pursuant to Part 4 (commencing with Section 57000) entirely, if all of the following are true:

(A) The annexation is initiated on or after January 1, 2000, and before January 1, 2014.

(B) The annexation is proposed by resolution adopted by the affected city.

(C) The commission finds that the territory contained in the annexation proposal meets all of the requirements set forth in subdivision (b).

(2) Approve, after notice and hearing, the annexation to a city, subject to subdivision (a) of Section 57080, if all of the following are true:

(A) The annexation is initiated on or after January 1, 2014.

(B) The annexation is proposed by resolution adopted by the affected city.

(C) The commission finds that the territory contained in the annexation proposal meets all of the requirements set forth in subdivision (b).

(b) Subdivision (a) applies to territory that meets all of the following requirements:

(1) It does not exceed 150 acres in area, and that area constitutes the entire island.

(2) The territory constitutes an entire unincorporated island located within the limits of a city, or constitutes a reorganization containing a number of individual unincorporated islands.

(3) It is surrounded in either of the following ways:

(A) Surrounded, or substantially surrounded, by the city to which annexation is proposed or by the city and a county boundary or the Pacific Ocean.

(B) Surrounded by the city to which annexation is proposed and adjacent cities.

(C) This subdivision shall not be construed to apply to any unincorporated island within a city that is a gated community where services are currently provided by a community services district.

(D) Notwithstanding any other provision of law, at the option of either the city or the county, a separate property tax transfer agreement may be agreed to between a city and a county pursuant to Section 99 of the Revenue and Taxation Code regarding an annexation subject to this subdivision without affecting any existing master tax sharing agreement between the city and county.

(4) It is substantially developed or developing. The finding required by this subparagraph shall be based upon one or more factors, including, but not limited to, any of the following factors:

(A) The availability of public utility services.

(B) The presence of public improvements.

(C) The presence of physical improvements upon the parcel or parcels within the area.

(5) It is not prime agricultural land, as defined by Section 56064.

(6) It will benefit from the annexation or is receiving benefits from the annexing city.

(c) Notwithstanding any other provision of this subdivision, this subdivision shall not apply to all or any part of that portion of the development project area referenced in subdivision (e) of Section

33492.41 of the Health and Safety Code that as of January 1, 2000, meets all of the following requirements:

(1) Is unincorporated territory.

(2) Contains at least 100 acres.

(3) Is surrounded or substantially surrounded by incorporated territory.

(4) Contains at least 100 acres zoned for commercial or industrial uses or is designated on the applicable county general plan for commercial or industrial uses.

SEC. 2. Section 56375.4 of the Government Code is amended to read:

56375.4. (a) The authority to initiate, conduct, and complete any proceeding pursuant to subdivision (a) of Section 56375.3 does not apply to any territory that, after January 1, 2000, became surrounded or substantially surrounded by the city to which annexation is proposed. The authority to initiate, conduct, and complete any proceeding pursuant to paragraph (1) of subdivision (a) of Section 56375.3 shall expire January 1, 2014. The period of time between January 1, 2000, and January 1, 2014, shall not include any period of time during which, in an action pending in any court, a local agency is enjoined from conducting proceedings pursuant to paragraph (1) of subdivision (a) of Section 56375.3. Upon final disposition of that case, the previously enjoined local agency may initiate, conduct, and complete proceedings pursuant to paragraph (1) of subdivision (a) of Section 56375.3 for the same period of time as was remaining under that 14-year limit at the time the injunction commenced. However, if the remaining time is less than six months, that authority shall continue for six months following final disposition of the action.

(b) Between January 1, 2000, and January 1, 2014, no new proposal involving the same or substantially the same territory as a proposal initiated pursuant to paragraph (1) of subdivision (a) of Section 56375.3 after January 1, 2000, shall be initiated for two years after the date of adoption by the commission of a resolution terminating proceedings.

SEC. 3. Section 56425 of the Government Code is amended to read:

56425. (a) In order to carry out its purposes and responsibilities for planning and shaping the logical and orderly development and coordination of local governmental agencies so as to advantageously provide for the present and future needs of the county and its communities, the commission shall develop and determine the sphere of influence of each local governmental agency within the county and enact policies designed to promote the logical and orderly development of areas within the sphere.

(b) At least 30 days prior to submitting an application to the commission for a determination of a new sphere of influence, or to update

an existing sphere of influence for a city, representatives from the city shall meet with county representatives to discuss the proposed sphere, and its boundaries, and explore methods to reach agreement on the boundaries, development standards, and zoning requirements within the sphere to ensure that development within the sphere occurs in a manner that reflects the concerns of the affected city and is accomplished in a manner that promotes the logical and orderly development of areas within the sphere. If no agreement is reached between the city and county within 30 days, then the parties may, by mutual agreement, extend discussions for an additional period of 30 days. If an agreement is reached between the city and county regarding the boundaries, development standards, and zoning requirements within the proposed sphere, the agreement shall be forwarded to the commission, and the commission shall consider and adopt a sphere of influence for the city consistent with the policies adopted by the commission pursuant to this section, and the commission shall give great weight to the agreement in the commission's final determination of the city sphere.

(c) If the commission's final determination is consistent with the agreement reached between the city and county pursuant to subdivision (b), the agreement shall be adopted by both the city and county after a noticed public hearing. Once the agreement has been adopted by the affected local agencies and their respective general plans reflect that agreement, then any development approved by the county within the sphere shall be consistent with the terms of that agreement.

(d) If no agreement is reached pursuant to subdivision (b), the application may be submitted to the commission and the commission shall consider a sphere of influence for the city consistent with the policies adopted by the commission pursuant to this section.

(e) In determining the sphere of influence of each local agency, the commission shall consider and prepare a written statement of its determinations with respect to each of the following:

(1) The present and planned land uses in the area, including agricultural and open-space lands.

(2) The present and probable need for public facilities and services in the area.

(3) The present capacity of public facilities and adequacy of public services that the agency provides or is authorized to provide.

(4) The existence of any social or economic communities of interest in the area if the commission determines that they are relevant to the agency.

(f) Upon determination of a sphere of influence, the commission shall adopt that sphere.

(g) On or before January 1, 2008, and every five years thereafter, the commission shall, as necessary, review and update each sphere of influence.

(h) The commission may recommend governmental reorganizations to particular agencies in the county, using the spheres of influence as the basis for those recommendations. Those recommendations shall be made available, upon request, to other agencies or to the public. The commission shall make all reasonable efforts to ensure wide public dissemination of the recommendations.

(i) When adopting, amending, or updating a sphere of influence for a special district, the commission shall do all of the following:

(1) Require existing districts to file written statements with the commission specifying the functions or classes of services provided by those districts.

(2) Establish the nature, location, and extent of any functions or classes of services provided by existing districts.

(j) Subdivisions (b), (c), and (d) shall become inoperative as of January 1, 2008, unless a later enacted statute, that becomes operative on or before January 1, 2008, deletes or extends that date.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 352

An act to amend Section 6248 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 20, 2006. Filed with Secretary of State September 20, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 6248 of the Revenue and Taxation Code, as amended by Section 4 of Chapter 49 of the Statutes of 2006, is amended to read:

6248. (a) On and after the effective date of this section there shall be a rebuttable presumption that any vehicle, vessel, or aircraft bought outside of this state, and which is brought into California within 12

months from the date of its purchase, was acquired for storage, use, or other consumption in this state and is subject to use tax if any of the following occur:

(1) The vehicle, vessel, or aircraft was purchased by a California resident as defined in Section 516 of the Vehicle Code.

(2) In the case of a vehicle, the vehicle was subject to registration under Chapter 1 (commencing with Section 4000) of Division 3 of the Vehicle Code during the first 12 months of ownership.

(3) In the case of a vessel or aircraft, that vessel or aircraft was subject to property tax in this state during the first 12 months of ownership.

(4) The vehicle, vessel, or aircraft is used or stored in this state more than one-half of the time during the first 12 months of ownership.

(b) This presumption may be controverted by documentary evidence that the vehicle, vessel, or aircraft was purchased for use outside of this state during the first 12 months of ownership. This evidence may include, but is not limited to, evidence of registration of that vehicle, vessel, or aircraft, with the proper authority, outside of this state.

(c) This section does not apply to any vehicle, vessel, or aircraft used in interstate or foreign commerce pursuant to regulations prescribed by the board.

(d) The amendments made to this section by the act adding this subdivision do not apply to any vehicle, vessel, or aircraft that is either purchased, or is the subject of a binding purchase contract that is entered into, on or before the operative date of this subdivision.

(e) (1) Notwithstanding subdivision (a), aircraft or vessels brought into this state for the purpose of repair, retrofit, or modification shall not be deemed to be acquired for storage, use, or other consumption in this state.

(2) This subdivision does not apply if, during the period following the time the aircraft or vessel is brought into this state and ending when the repair, retrofit, or modification of the aircraft or vessel is complete, more than 25 hours of airtime in the case of an airplane or 25 hours of sailing time in the case of a vessel are logged on the aircraft or vessel by the registered owner of that aircraft or vessel or by an authorized agent operating the aircraft or vessel on behalf of the registered owner of the aircraft or vessel. The calculation of airtime or sailing time logged on the aircraft or vessel does not include airtime or sailing time following the completion of the repair, retrofit, or modification of the aircraft or vessel that is logged for the sole purpose of returning or delivering the aircraft or vessel to a point outside of this state.

(3) This subdivision applies to aircraft or vessels brought into this state for the purpose of repair, retrofit, or modification on or after the operative date of this subdivision.

(f) The presumption set forth in subdivision (a) may be controverted by documentary evidence that the vehicle was brought into this state for the exclusive purpose of warranty or repair service and was used or stored in this state for that purpose for 30 days or less. The 30-day period begins when the vehicle enters this state, includes any time of travel to and from the warranty or repair facility, and ends when the vehicle is returned to a point outside the state. The documentary evidence shall include a work order stating the dates that the vehicle is in the possession of the warranty or repair facility and a statement by the owner of the vehicle specifying dates of travel to and from the warranty or repair facility.

(g) The amendments made by Section 2 of Chapter 226 of the Statues of 2004 adding this subdivision shall become operative on October 1, 2004.

(h) The Legislative Analyst's Office shall conduct a study of the economic impacts of the amendments made to this section by the act adding this subdivision, and shall report its findings to the Legislature on or before June 30, 2006.

(i) This section shall remain in effect only until and including June 30, 2007, and as of July 1, 2007, is repealed.

SEC. 2. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 353

An act to amend Section 11713.3 of, and to add Section 11713.25 to, the Vehicle Code, relating to vehicles.

[Approved by Governor September 20, 2006. Filed with Secretary of State September 20, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 11713.3 of the Vehicle Code is amended to read:

11713.3. It is unlawful and a violation of this code for any manufacturer, manufacturer branch, distributor, or distributor branch licensed under this code to do any of the following:

(a) To refuse or fail to deliver in reasonable quantities and within a reasonable time after receipt of an order from a dealer having a franchise for the retail sale of any new vehicle sold or distributed by the manufacturer or distributor, any new vehicle or parts or accessories to

new vehicles as are covered by the franchise, if the vehicle, parts, or accessories are publicly advertised as being available for delivery or actually being delivered. This subdivision is not violated, however, if the failure is caused by acts or causes beyond the control of the manufacturer, manufacturer branch, distributor, or distributor branch.

(b) To prevent or require, or attempt to prevent or require, by contract or otherwise, any change in the capital structure of a dealership or the means by or through which the dealer finances the operation of the dealership, if the dealer at all times meets any reasonable capital standards agreed to by the dealer and the manufacturer or distributor, and if a change in capital structure does not cause a change in the principal management or have the effect of a sale of the franchise without the consent of the manufacturer or distributor.

(c) To prevent or require, or attempt to prevent or require, a dealer to change the executive management of a dealership, other than the principal dealership operator or operators, if the franchise was granted to the dealer in reliance upon the personal qualifications of that person.

(d) (1) Except as provided in subdivision (t), to prevent or require, or attempt to prevent or require, by contract or otherwise, any dealer, or any officer, partner, or stockholder of any dealership, the sale or transfer of any part of the interest of any of them to any other person. No dealer, officer, partner, or stockholder shall, however, have the right to sell, transfer, or assign the franchise, or any right thereunder, without the consent of the manufacturer or distributor except that the consent shall not be unreasonably withheld.

(2) (A) For the transferring franchisee to fail, prior to the sale, transfer, or assignment of a franchisee or the sale, assignment, or transfer of all, or substantially all, of the assets of the franchised business or a controlling interest in the franchised business to another person, to notify the manufacturer or distributor of the franchisee's decision to sell, transfer, or assign the franchise. The notice shall be in writing and shall include all of the following:

(i) The proposed transferee's name and address.

(ii) A copy of all of the agreements relating to the sale, assignment, or transfer of the franchised business or its assets.

(iii) The proposed transferee's application for approval to become the successor franchisee. The application shall include forms and related information generally utilized by the manufacturer or distributor in reviewing prospective franchisees, if those forms are readily made available to existing franchisees. As soon as practicable after receipt of the proposed transferee's application, the manufacturer or distributor shall notify the franchisee and the proposed transferee of any information needed to make the application complete.

(B) For the manufacturer or distributor, to fail, on or before 60 days after the receipt of all of the information required pursuant to subparagraph (A), or as extended by a written agreement between the manufacturer or distributor and the franchisee, to notify the franchisee of the approval or the disapproval of the sale, transfer, or assignment of the franchise. The notice shall be in writing and shall be personally served or sent by certified mail, return receipt requested, or by guaranteed overnight delivery service that provides verification of delivery and shall be directed to the franchisee. Any proposed sale, assignment, or transfer shall be deemed approved, unless disapproved by the franchisor in the manner provided by this subdivision. If the proposed sale, assignment, or transfer is disapproved, the franchisor shall include in the notice of disapproval a statement setting forth the reasons for the disapproval.

(3) In any action in which the manufacturer's or distributor's withholding of consent under this subdivision or subdivision (e) is an issue, whether the withholding of consent was unreasonable is a question of fact requiring consideration of all the existing circumstances.

(e) To prevent, or attempt to prevent, a dealer from receiving fair and reasonable compensation for the value of the franchised business. There shall be no transfer or assignment of the dealer's franchise without the consent of the manufacturer or distributor, which consent shall not be unreasonably withheld or conditioned upon the release, assignment, novation, waiver, estoppel, or modification of any claim or defense by the dealer.

(f) To obtain money, goods, services, or any other benefit from any other person with whom the dealer does business, on account of, or in relation to, the transaction between the dealer and that other person, other than for compensation for services rendered, unless the benefit is promptly accounted for, and transmitted to, the dealer.

(g) To require a dealer to prospectively assent to a release, assignment, novation, waiver, or estoppel that would relieve any person from liability to be imposed by this article or to require any controversy between a dealer and a manufacturer, distributor, or representative, to be referred to any person other than the board, if the referral would be binding on the dealer. This subdivision does not, however, prohibit arbitration before an independent arbitrator.

(h) To increase prices of motor vehicles that the dealer had ordered for private retail consumers prior to the dealer's receipt of the written official price increase notification. A sales contract signed by a private retail consumer is evidence of each such order. In the event of manufacturer price reductions, the amount of the reduction received by a dealer shall be passed on to the private retail consumer by the dealer if the retail price was negotiated on the basis of the previous higher price

to the dealer. Price reductions apply to all vehicles in the dealer's inventory that were subject to the price reduction. Price differences applicable to new model or series motor vehicles at the time of the introduction of new models or series shall not be considered a price increase or price decrease. This subdivision does not apply to price changes caused by either of the following:

(1) The addition to a motor vehicle of required or optional equipment pursuant to state or federal law.

(2) Revaluation of the United States dollar in the case of a foreign-make vehicle.

(i) To fail to pay to a dealer, within a reasonable time following receipt of a valid claim by a dealer thereof, any payment agreed to be made by the manufacturer or distributor to the dealer by reason of the fact that a new vehicle of a prior year model is in the dealer's inventory at the time of introduction of new model vehicles.

(j) To deny the widow or heirs designated by a deceased owner of a dealership, the opportunity to participate in the ownership of the dealership or successor dealership under a valid franchise for a reasonable time after the death of the owner.

(k) To offer any refunds or other types of inducements to any person for the purchase of new motor vehicles of a certain line-make to be sold to the state or any political subdivision thereof without making the same offer to all other dealers in the same line-make within the relevant market area.

(*l*) To modify, replace, enter into, relocate, terminate or refuse to renew a franchise in violation of Article 4 (commencing with Section 3060) of Chapter 6 of Division 2.

(m) To employ a person as a representative who has not been licensed pursuant to Article 3 (commencing with Section 11900) of Chapter 4 of Division 5.

(n) To deny any dealer the right of free association with any other dealer for any lawful purpose.

(o) (1) To compete with a dealer in the same line-make operating under an agreement or franchise from a manufacturer or distributor in the relevant market area.

(2) A manufacturer, branch, or distributor or any entity that controls or is controlled by, a manufacturer, branch, or distributor, shall not, however, be deemed to be competing in the following limited circumstances:

(A) Owning or operating a dealership for a temporary period, not to exceed one year. However, after a showing of good cause by a manufacturer, branch, or distributor that it needs additional time to operate a dealership in preparation for sale to a successor independent

franchisee, the board may extend the time period. The board shall extend the time period until December 31, 2002, for any manufacturer that meets all of the following requirements:

(i) The manufacturer has no more than 25 franchisees in the state and those franchisees collectively operate dealership facilities in at least 15 counties of the state.

(ii) All of the dealership facilities operated by the manufacturer's franchisees in the state trade exclusively in the manufacturer's line-make.

(iii) No fewer than one-half of the manufacturer's franchisees in the state own and operate two or more dealership facilities in their assigned areas of responsibility.

(iv) The manufacturer holds a temporary ownership interest in no more than two dealerships in the state that are located in the relevant market area of any other franchisee of the same line-make not owned, in whole or part, by the manufacturer.

(B) Owning an interest in a dealer as part of a bona fide dealer development program that satisfies all of the following requirements:

(i) The sole purpose of the program is to make franchises available to persons lacking capital, training, business experience, or other qualities ordinarily required of prospective franchisees and the dealer development candidate is an individual who is unable to acquire the franchise without assistance of the program.

(ii) The dealer development candidate has made a significant investment subject to loss in the franchised business of the dealer.

(iii) The program requires the dealer development candidate to manage the day-to-day operations and business affairs of the dealer and to acquire, within a reasonable time and on reasonable terms and conditions, beneficial ownership and control of a majority interest in the dealer and disassociation of any direct or indirect ownership or control by the manufacturer, branch, or distributor.

(C) Owning a wholly owned subsidiary corporation of a distributor that sells motor vehicles at retail, if, for at least three years prior to January 1, 1973, the subsidiary corporation has been a wholly owned subsidiary of the distributor and engaged in the sale of vehicles at retail.

(3) (A) Every manufacturer, branch, and distributor that owns or operates a dealership in the manner described in subparagraph (A) of paragraph (2) shall give written notice to the board, within 10 days, each time it commences or terminates operation of a dealership and each time it acquires or divests itself of an ownership interest.

(B) Every manufacturer, branch, and distributor that owns an interest in a dealer in the manner described in subparagraph (B) of paragraph (2) shall give written notice to the board, annually, of the name and location of each dealer in which it has an ownership interest.

(p) To unfairly discriminate among its franchisees with respect to warranty reimbursement or authority granted to its franchisees to make warranty adjustments with retail customers.

(q) To sell vehicles to persons not licensed under this chapter for resale.

(r) To fail to affix an identification number to any park trailer, as described in Section 18009.3 of the Health and Safety Code, that is manufactured on or after January 1, 1987, and that does not clearly identify the unit as a park trailer to the department. The configuration of the identification number shall be approved by the department.

(s) To dishonor a warranty, rebate, or other incentive offered to the public or a dealer in connection with the retail sale of a new motor vehicle, based solely upon the fact that an autobroker arranged or negotiated the sale. This subdivision shall not prohibit the disallowance of that rebate or incentive if the purchaser or dealer is ineligible to receive the rebate or incentive pursuant to any other term or condition of a rebate or incentive program.

(t) To exercise a right of first refusal or any other right requiring a franchisee or any owner thereof to sell, transfer, or assign to the franchisor, or to any nominee of the franchisor, all or any material part of the franchised business or of the assets thereof unless all of the following requirements are met:

(1) The franchise authorizes the franchisor to exercise a right of first refusal to acquire the franchised business or assets thereof in the event of a proposed sale, transfer, or assignment.

(2) The franchisor gives written notice of its exercise of the right of first refusal no later than 45 days after the franchisor receives all of the information required pursuant to subparagraph (A) of paragraph (2) of subdivision (d).

(3) The sale, transfer, or assignment being proposed relates to not less than all or substantially all of the assets of the franchised business or to a controlling interest in the franchised business.

(4) The proposed transferee is neither a family member of an owner of the franchised business, nor a managerial employee of the franchisee owning 15 percent or more of the franchised business, nor a corporation, partnership, or other legal entity owned by the existing owners of the franchised business. For purposes of this paragraph, a "family member" means the spouse of an owner of the franchised business, the child, grandchild, brother, sister, or parent of an owner, or a spouse of one of those family members. Nothing contained in this paragraph limits the rights of the franchisor to disapprove a proposed transferee as provided in subdivision (d).

(5) Upon the franchisor's exercise of the right of first refusal, the consideration paid by the franchisor to the franchisee and owners of the franchised business shall equal or exceed all consideration that each of them were to have received under the terms of, or in connection with, the proposed sale, assignment, or transfer, and the franchisor shall comply with all the terms and conditions of the agreement or agreements to sell, transfer, or assign the franchised business.

(6) The franchisor shall reimburse the proposed transferee for any expenses paid or incurred by the proposed transferee in evaluating, investigating, and negotiating the proposed transfer to the extent those expenses do not exceed the usual, customary, and reasonable fees charged for similar work done in the area in which the franchised business is located. These expenses include, but are not limited to, legal and accounting expenses, and expenses incurred for title reports and environmental or other investigations of any real property on which the franchisee's operations are conducted. The proposed transferee shall provide the franchisor a written itemization of those expenses, and a copy of all nonprivileged reports and studies for which expenses were incurred, if any, within 30 days of the proposed transferee's receipt of a written request from the franchisor for that accounting. The franchisor shall make payment within 30 days of exercising the right of first refusal.

(u) (1) To unfairly discriminate in favor of any dealership owned or controlled, in whole or part, by a manufacturer or distributor or an entity that controls or is controlled by the manufacturer or distributor. Unfair discrimination includes, but is not limited to, the following:

(A) The furnishing to any franchisee or dealer that is owned or controlled, in whole or part, by a manufacturer, branch, or distributor of any of the following:

(i) Any vehicle that is not made available to each franchisee pursuant to a reasonable allocation formula that is applied uniformly, and any part or accessory that is not made available to all franchisees on an equal basis when there is no reasonable allocation formula that is applied uniformly.

(ii) Any vehicle, part, or accessory that is not made available to each franchisee on comparable delivery terms, including the time of delivery after the placement of an order. Differences in delivery terms due to geographic distances or other factors beyond the control of the manufacturer, branch, or distributor shall not constitute unfair competition.

(iii) Any information obtained from a franchisee by the manufacturer, branch, or distributor concerning the business affairs or operations of any franchisee in which the manufacturer, branch, or distributor does not have an ownership interest. The information includes, but is not

limited to, information contained in financial statements and operating reports, the name, address, or other personal information or buying, leasing, or service behavior of any dealer customer, and any other information which, if provided to a franchisee or dealer owned or controlled by a manufacturer or distributor, would give that franchisee or dealer a competitive advantage. This clause does not apply if the information is provided pursuant to a subpoena or court order, or to aggregated information made available to all franchisees.

(B) Referring a prospective purchaser or lessee to a dealer in which a manufacturer, branch, or distributor has an ownership interest, unless the prospective purchaser or lessee resides in the area of responsibility assigned to that dealer or the prospective purchaser or lessee requests to be referred to that dealer.

(2) Nothing in this subdivision shall be interpreted to prohibit a franchisor from granting a franchise to prospective franchisees or assisting those franchisees during the course of the franchise relationship as part of a program or programs to make franchises available to persons lacking capital, training, business experience, or other qualifications ordinarily required of prospective franchisees.

(v) (1) To access, modify, or extract information from a confidential dealer computer record, as defined in Section 11713.25, without obtaining the prior written consent of the dealer and without maintaining administrative, technical, and physical safeguards to protect the security, confidentiality, and integrity of the information.

(2) Paragraph (1) does not limit a duty that a dealer may have to safeguard the security and privacy of records maintained by the dealer.

(w) (1) To use electronic, contractual, or other means to prevent or interfere with any of the following:

(A) The lawful efforts of a dealer to comply with federal and state data security and privacy laws.

(B) The ability of a dealer to do either of the following:

(i) Ensure that specific data accessed from the dealer's computer system is within the scope of consent specified in subdivision (v).

(ii) Monitor specific data accessed from or written to the dealer's computer system.

(2) Paragraph (1) does not limit a duty that a dealer may have to safeguard the security and privacy of records maintained by the dealer.

(x) As used in this section, "area of responsibility" is a geographic area specified in a franchise that is used by the franchisor for the purpose of evaluating the franchisee's performance of its sales and service obligations.

SEC. 2. Section 11713.25 is added to the Vehicle Code, to read:

11713.25. (a) A computer vendor shall not do any of the following:

(1) Access, modify, or extract information from a confidential dealer computer record or personally identifiable consumer data from a dealer without first obtaining express written consent from the dealer and without maintaining administrative, technical, and physical safeguards to protect the security, confidentiality, and integrity of the information.

(2) (A) Except as provided in subparagraph (B), require a dealer as a condition of doing or continuing to do business, to give express consent to perform the activities specified in paragraph (1).

(B) Express consent may be required as a condition of doing or continuing to do business if the consent is limited to permitting access to personally identifiable consumer data to the extent necessary to do any of the following:

(i) To protect against, or prevent actual or potential fraud, unauthorized transactions, claims, or other liability, or to protect against breaches of confidentiality or security of consumer records.

(ii) To comply with institutional risk control or to resolve consumer disputes or inquiries.

(iii) To comply with federal, state, or local laws, rules, and other applicable legal requirements, including lawful requirements of a law enforcement or governmental agency.

(iv) To comply with lawful requirements of a self-regulatory organization or as necessary to perform an investigation on a matter related to public safety.

(v) To comply with a properly authorized civil, criminal, or regulatory investigation, or subpoena or summons by federal, state, or local authorities.

(vi) To make other use of personally identifiable consumer data with the express written consent of the consumer that has not been revoked by the consumer.

(3) Use electronic, contractual, or other means to prevent or interfere with the lawful efforts of a dealer to comply with federal and state data security and privacy laws and to maintain the security, integrity, and confidentiality of confidential dealer computer records, including, but not limited to, the ability of a dealer to monitor specific data accessed from or written to the dealer computer system. Waiver of this subdivision or purported consents authorizing the activities proscribed by the subdivision is void.

(b) A dealer shall have the right to prospectively revoke an express consent by providing a 10-day written notice to the computer vendor to whom the consent was provided or on any shorter period of notice agreed to by the computer vendor and the dealer. An agreement that requires a dealer to waive its right to prospectively revoke an express consent is void.

(c) For the purposes of this section, the following terms mean as follows:

(1) "Confidential dealer computer record" means a computer record residing on the dealer's computer system that contains, in whole or in part, any personally identifiable consumer data, or the dealer's financial or other proprietary data.

(2) "Computer vendor" means a person, other than a manufacturer, manufacturer branch, distributor, or distributor branch, who in the ordinary course of that person's business configured, sold, leased, licensed, maintained, or otherwise made available to a dealer, a dealer computer system.

(3) "Dealer computer system" means a computer system or computerized application primarily designed for use by and sold to a motor vehicle dealer that, by ownership, lease, license, or otherwise, is used by and in the ordinary course of business of a dealer.

(4) "Express consent" means the unrevoked written consent signed by a dealer that specifically describes the data that may be accessed, the means by which it may be accessed, the purpose for which it may be used, and the person or class of persons to whom it may be disclosed.

(5) "Personally identifiable consumer data" means information that is any of the following:

(A) Information of the type specified in subparagraph (A) of paragraph (6) of subdivision (e) of Section 1798.83 of the Civil Code.

(B) Information that is nonpublic personal information as defined in Section 313.3(n)(1) of Title 16 of the Code of Federal Regulations.

(C) Information that is nonpublic personal information as defined in subdivision (a) of Section 4052 of the Financial Code.

(d) This section does not limit a duty that a dealer may have to safeguard the security and privacy of records maintained by the dealer.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(2) Upon a specific written determination by the department that the project meets the requirements of Section 12582.7.

(b) The state assumes no liability for damages that may result from the project by either of the following:

(1) Authorizing the provision of subvention funds in accordance with this section.

(2) The appropriation by the Legislature of these subvention funds upon the recommendations and advice of the department.

(c) A county or local agency may receive the subvention funds only if it enters into an agreement with the department pursuant to which the county or local agency agrees to indemnify and hold and save harmless the state, its officers, agents, and employees for any and all liability for damages that may result from the project.

(d) For the purposes of this section, "liability for damages" includes, but is not limited to, liability for damages relating to the construction or operation of the project or the failure of the project to operate as intended.

CHAPTER 355

An act to amend Section 31641.2 of, and to add Sections 20899.5, 23007.5, 31640.7, 34095, 45309.5, and 50033 to, the Government Code, relating to retirement.

[Approved by Governor September 20, 2006. Filed with
Secretary of State September 20, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 20899.5 is added to the Government Code, to read:

20899.5. (a) An elective officer of a contracting agency that is a city, county, or city and county shall not receive credit for service or contributions for credit for service in violation of the prohibitions provided in Section 23007.5, 34095, or 50033.

(b) Nothing in this section shall prohibit an elective officer from purchasing service credit pursuant to Section 20909.

SEC. 2. Section 23007.5 is added to the Government Code, to read:

23007.5. (a) Notwithstanding any other provision of law:

(1) A county shall not grant credit for service to an elective officer or member of the board of supervisors for service that the elective officer or member has not performed.

(2) A county shall not pay contributions for credit for service if an elective officer or member has not performed the service, regardless of the fact that the elective officer or member of the board of supervisors may personally elect to contribute for additional credit for service.

(b) The prohibition provided by this section does not preclude an elective officer or member of the board of supervisors from choosing to receive credit for service in a retirement system by paying his or her own contributions for that purpose pursuant to the applicable provisions of the retirement system.

SEC. 3. Section 31640.7 is added to the Government Code, to read:

Any member of the retirement system who elects pursuant to Section 31641.1 to make contributions and receive credit as service for time for which he or she claims credit because of public service shall contribute to the retirement fund, prior to the effective date of his or her retirement, by lump sum payment or by installment payments over a period not to exceed five years, an amount equal to the sum of:

(a) Twice the contributions he or she would have made to the retirement fund if he or she had been a member during the same length of time as that for which he or she has elected to receive credit as service, computed by applying the rate of contribution first applicable to him or her upon commencement of his or her membership in this system to the

monthly compensation first earnable by him or her at the time as provided in Section 31641.3, multiplied by the number of months for which he or she has elected to receive credit for county service, including time, if any, prior to the establishment of the system, and which will constitute current service under this system.

(b) The "regular interest" that would have accrued to the member contributions if they had been made on the date used to determine on what earnable compensation contributions pursuant to this section shall be based, from that date until the completion of payment of those contributions, computed at the current interest rate.

(c) Except as prohibited by Section 31640.7, the governing body by a four-fifths vote may provide that it shall make on behalf of officers and employees eligible to receive credit for prior service under this chapter, and who so elect prior to filing an application for retirement, part of the contributions specified in paragraphs (a) and (b) of this section. The contributions made by a governmental agency pursuant to this section shall be available only for purposes of retirement for service or for disability and a member resigning from county service shall be entitled to withdraw only that portion of his or her accumulated contributions made by him or her.

SEC. 5. Section 34095 is added to the Government Code, to read:

(1) The legislative body of a city, county, or city and county shall not grant credit for service to an elective officer for service that the elective officer has not performed.

(2) The legislative body of a city, county, or city and county shall not pay contributions for credit for service if an elective officer has not performed the service, regardless of the fact that the elected officer may personally elect to contribute for additional credit for service.

(b) The prohibition provided by this section does not preclude an elective officer from choosing to receive credit for service in a retirement system by paying his or her own contributions for that purpose pursuant to the applicable provisions of the retirement system.

CHAPTER 356

An act to add Section 22317.2 to the Financial Code, relating to loans.

[Approved by Governor September 20, 2006. Filed with Secretary of State September 20, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 22317.2 is added to the Financial Code, to read:

22317.2. (a) A licensee may collect a fee for use of an automated valuation model result prepared by a third party not to exceed the actual cost paid to the third party for a written automated valuation model result in lieu of the appraisal provided for in Section 22317. The borrower shall not be charged for both an automated valuation model result and an appraisal as defined in Section 22317 for the same property in a single transaction. Only one fee for providing an automated valuation model result or an appraisal for the same real property may be collected unless the borrower has obtained a new or additional loan and more than one year has elapsed since the prior delivery of an automated valuation model result or an appraisal. However, if a fee for an automated valuation model result has been paid, an appraisal fee minus the amount that has been paid by the borrower for the automated valuation model result may be charged for an appraisal for the same real property within one year if the borrower has obtained a new or additional loan. The fee is not included in charges as defined in this division or in determining the maximum charges that may be made under this article.

(b) A licensee in a loan transaction secured by real property shall provide notice as described in this section to a borrower of the borrower's right to receive a copy of the automated valuation model result, provided he or she has paid a fee for the automated valuation model result. A borrower's written request for a copy of an automated valuation model result shall be received by the licensee no later than 90 days after (1) the

licensee has provided notice of the action taken on the application, including a notice of incompleteness, or (2) the application has been withdrawn.

(c) The licensee shall mail or deliver a copy of an automated valuation model result within 15 days after receiving a written request from the borrower, or within 15 days after receiving the automated valuation model result, whichever occurs later.

(d) Where the loan is proposed to be secured by real property, the notice of the borrower's right to a copy of the automated valuation model result shall be given in at least 10-point boldface type, as a separate document in a form that the borrower may retain, and no later than 15 days after the licensee receives the written application. The notice shall specify that the borrower's request for the automated valuation model result must be in writing and must be received by the licensee no later than 90 days after the licensee provides notice of the action taken on the application or a notice of incompleteness, or in the case of a withdrawn application, 90 days after the withdrawal. The notice shall also include the following statement: "An automated valuation model is not an appraisal. It is a computerized property valuation system that is used to derive a real property value." An address to which the request should be sent shall be specified in the notice. Release of the automated valuation model result to the borrower may be conditioned upon payment of the fee.

(e) This section does not apply to automated valuation model results obtained by licensees on property owned by the licensee, nor to automated valuation model results obtained by the licensee in anticipation of modifying any existing loan agreement if the licensee does not charge for the use of the automated valuation model result.

(f) For purposes of this section, an "automated valuation model" is a computerized property valuation system that is used to derive a real property value.

(g) Nothing in this section authorizes the use of an automated valuation model result in lieu of an appraisal that is required under state or federal law.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the

definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 357

An act to amend Section 1282.4 of the Code of Civil Procedure, relating to arbitration.

[Approved by Governor September 20, 2006. Filed with Secretary of State September 20, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 1282.4 of the Code of Civil Procedure, as amended by Section 1 of Chapter 607 of the Statutes of 2005, is amended to read:

1282.4. (a) A party to the arbitration has the right to be represented by an attorney at any proceeding or hearing in arbitration under this title. A waiver of this right may be revoked; but if a party revokes that waiver, the other party is entitled to a reasonable continuance for the purpose of procuring an attorney.

(b) Notwithstanding any other provision of law, including Section 6125 of the Business and Professions Code, an attorney admitted to the bar of any other state may represent the parties in the course of, or in connection with, an arbitration proceeding in this state, provided that the attorney, if not admitted to the State Bar of California, satisfies all of the following:

(1) He or she timely serves the certificate described in subdivision (c).

(2) The attorney's appearance is approved in writing on that certificate by the arbitrator, the arbitrators, or the arbitral forum.

(3) The certificate bearing approval of the attorney's appearance is filed with the State Bar of California and served on the parties as described in this section.

(c) Within a reasonable period of time after the attorney described in subdivision (b) indicates an intention to appear in the arbitration, the attorney shall serve a certificate in a form prescribed by the State Bar of California on the arbitrator, arbitrators, or arbitral forum, the State Bar of California, and all other parties and counsel in the arbitration whose addresses are known to the attorney. The certificate shall state all of the following:

(1) The case name and number, and the name of the arbitrator, arbitrators, or arbitral forum assigned to the proceeding in which the attorney seeks to appear.

(2) The attorney's residence and office address.

(3) The courts before which the attorney has been admitted to practice and the dates of admission.

(4) That the attorney is currently a member in good standing of, and eligible to practice law before, the bar of those courts.

(5) That the attorney is not currently on suspension or disbarred from the practice of law before the bar of any court.

(6) That the attorney is not a resident of the State of California.

(7) That the attorney is not regularly employed in the State of California.

(8) That the attorney is not regularly engaged in substantial business, professional, or other activities in the State of California.

(9) That the attorney agrees to be subject to the jurisdiction of the courts of this state with respect to the law of this state governing the conduct of attorneys to the same extent as a member of the State Bar of California.

(10) The title of the court and the cause in which the attorney has filed an application to appear as counsel pro hac vice in this state or filed a certificate pursuant to this section in the preceding two years, the date of each application or certificate, and whether or not it was granted. If the attorney has made repeated appearances, the certificate shall reflect the special circumstances that warrant the approval of the attorney's appearance in the arbitration.

(11) The name, address, and telephone number of the active member of the State Bar of California who is the attorney of record.

(d) The arbitrator, arbitrators, or arbitral forum may approve the attorney's appearance if the attorney has complied with subdivision (c). Failure to timely file and serve the certificate described in subdivision (c) shall be grounds for disapproval of the appearance and disqualification from serving as an attorney in the arbitration in which the certificate was filed. In the absence of special circumstances, repeated appearances shall be grounds for disapproval of the appearance and disqualification from serving as an attorney in the arbitration in which the certificate was filed.

(e) Within a reasonable period of time after the arbitrator, arbitrators, or arbitral forum approves the certificate, the attorney shall file the certificate with the State Bar of California and serve the certificate as described in Section 1013a on all parties and counsel in the arbitration whose address is known to the attorney.

(f) An attorney who fails to file or serve the certificate required by this section or files or serves a certificate containing false information

or who otherwise fails to comply with the standards of professional conduct required of members of the State Bar of California shall be subject to the disciplinary jurisdiction of the State Bar with respect to that certificate or any of his or her acts occurring in the course of the arbitration.

(g) Notwithstanding any other provision of law, including Section 6125 of the Business and Professions Code, an attorney who is a member in good standing of the bar of any state may represent the parties in connection with rendering legal services in this state in the course of and in connection with an arbitration pending in another state.

(h) Notwithstanding any other provision of law, including Section 6125 of the Business and Professions Code, any party to an arbitration arising under collective bargaining agreements in industries and provisions subject to either state or federal law may be represented in the course of, and in connection with, those proceedings by any person, regardless of whether that person is licensed to practice law in this state.

(i) Nothing in this section shall apply to Division 4 (commencing with Section 3201) of the Labor Code.

(j) (1) In enacting the amendments to this section made by Assembly Bill 2086 of the 1997–98 Regular Session, it is the intent of the Legislature to respond to the holding in Birbrower v. Superior Court (1998) 17 Cal.4th 117, as modified at 17 Cal.4th 643a (hereafter Birbrower), to provide a procedure for nonresident attorneys who are not licensed in this state to appear in California arbitration proceedings.

CHAPTER 360

An act to amend Section 61105 of, and to add Section 25825.5 to, the Government Code, relating to San Luis Obispo County.

[Approved by Governor September 20, 2006. Filed with Secretary of State September 20, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 25825.5 is added to the Government Code, to read:

25825.5. (a) The Legislature finds and declares all of the following:

(1) There are ongoing discharges to the Los Osos Discharge Prohibition Zone established in the Water Quality Control Plan for the Central Coast Basin.

(2) The agency responsible for eliminating these discharges is the Los Osos Community Services District, which is a relatively new agency, formed in 1998.

(3) The Central Coast Regional Water Quality Control Board has imposed substantial fines on the Los Osos Community Services District for failing to make adequate progress toward eliminating these discharges.

(4) The Los Osos Community Services District has a relatively small staff that has no experience of successfully designing and constructing facilities of the size and type needed to eliminate these discharges.

(5) The County of San Luis Obispo has a larger staff that has experience in successfully designing large public works projects.

(6) There is an urgent need to protect the public health and safety by eliminating these discharges and the most feasible alternative is best accomplished by a temporary realignment of certain wastewater collection and treatment powers between the Los Osos Community Services District and the County of San Luis Obispo.

(7) It is the intent of the Legislature in enacting this section and amending Section 61105 to authorize the County of San Luis Obispo to design, construct, and operate a wastewater collection and treatment project that will eliminate these discharges, particularly in the prohibition zone, to avoid a wasteful duplication of effort and funds, and to temporarily prohibit the Los Osos Community Services District from exercising those powers.

(b) As used in this section, the following definitions apply:

(1) "Board" means the Board of Supervisors of the County of San Luis Obispo.

(2) "County" means the County of San Luis Obispo.

(3) "District" means the Los Osos Community Services District, formed pursuant to the Community Services District Law, Division 3 (commencing with Section 61000) of Title 3, located in San Luis Obispo County.

(4) "Prohibition zone" means that territory within the Baywood Park-Los Osos area of the county that is subject to the wastewater discharge prohibition imposed by the Central Coast Regional Water Quality Control Board pursuant to Resolution 83-13.

(c) The county may undertake any efforts necessary to construct and operate a community wastewater collection and treatment system to meet the wastewater collection and treatment needs within the district. These efforts may include programs and projects for recharging aquifers, preventing saltwater intrusion, and managing groundwater resources to the extent that they are related to the construction and operation of the community wastewater collection and treatment system. These efforts shall include any services that the county deems necessary, including, but not be limited to, any planning, design, engineering, financial analysis, pursuit of grants to mitigate affordability issues, administrative support, project management, and environmental review and compliance services. The county shall not exercise any powers authorized by this section outside the district.

(d) Nothing in this section shall affect the district's power to do any of the following:

(1) Operate wastewater collection and treatment facilities within the district that the district was operating on January 1, 2006.

(2) Provide facilities and services, other than wastewater collection and treatment.

(e) To finance the construction and operation of a wastewater collection and treatment system, the county may levy benefit assessments consistent with the requirements of Article XIII D of the California Constitution, pursuant to any of the following:

(1) The Improvement Act of 1911 (Division 7 (commencing with Section 5000) of the Streets and Highways Code).

(2) The Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500) of the Streets and Highways Code).

(3) The Municipal Improvement Act of 1913 (Division 12 (commencing with Section 10000) of the Streets and Highways Code).

(f) The county may charge standby charges for sewer services, consistent with the requirements of Article XIII D of the California Constitution, pursuant to the Uniform Standby Charge Procedures Act (Chapter 12.4 (commencing with Section 54984) of Part 1 of Division 2 of Title 5).

(g) The county may impose and collect user fees and charges and any other sources of revenue permitted by law sufficient to cover the reasonable costs of any wastewater collection or treatment services provided pursuant to this section.

(h) Promptly upon the adoption of a resolution by the board requesting this action, the board of directors of the district shall convey to the county any requested retained rights-of-way, licenses, funds, and permits previously acquired by the district in connection with construction projects for which the district awarded contracts in 2005. The county shall use those fee interests, rights-of-way, licenses, and funds for the purpose of furthering the construction and operation of a wastewater collection and treatment system pursuant to this section.

(i) After the approval of a benefit assessment, the board shall complete a due diligence review before deciding to proceed with the construction and operation of a wastewater collection and treatment system. The board shall consider any relevant factors, including, but not limited to, the prompt availability of reasonable and sufficient financing, the status of enforcement actions, the successful development of reasonable project technology and location options, the availability of any necessary permits and other approvals, and the absence of other significant impediments. At the completion of this due diligence review, the board shall adopt a resolution declaring its intention to proceed or not proceed with the construction and operation of the wastewater collection and treatment system.

(j) Collection of assessments may not commence until the adoption of the resolution to proceed pursuant to subdivision (i).

(k) The county shall have no power or responsibility to construct and operate a wastewater collection and treatment system pursuant to this section and the district shall resume that power and responsibility when any of the following occurs:

(1) If the board adopts a resolution not to hold a benefit assessment election pursuant to subdivision (e).

(2) If there is a majority protest to a benefit assessment proposed by the county, on the date of the resolution adopted by the board determining that the majority protest exists.

(3) If there is not a majority protest, but the board adopts a resolution, pursuant to subdivision (i), which declares that the county will no longer exercise its powers pursuant to this section, on the date specified in the board's resolution.

(4) If the county constructs and operates a wastewater collection and treatment system pursuant to this section, not less than three years after the operation of the system commences, the board and the board of directors of the district shall mutually apply to the Central Coast Regional Water Quality Control Board for a modification of the waste discharge permit, requesting permission to transfer of the responsibility to operate the wastewater collection and treatment system from the county to the district. Consistent with that modification, the board shall adopt a resolution that specifies the date on which the county will no longer exercise its powers pursuant to this section.

(*l*) When the power and responsibility to construct and operate a wastewater collection and treatment system transfers from the county to the district pursuant to subdivision (k), the county shall do all of the following:

(1) Promptly convey to the district any remaining retained fee interests in any real property, rights-of-way, licenses, other interests in real property, funds, and other personal property that the county previously acquired pursuant to subdivision (h).

(2) Promptly convey to the district the wastewater collection and treatment system that the county constructed pursuant to this section.

(3) Continue to collect any necessary assessments and use them to repay any indebtedness incurred by the county to finance the construction of the wastewater collection and treatment system pursuant to this section.

(4) The county shall cease collecting any benefit assessments after repayment of any indebtedness incurred by the county to finance the construction of the wastewater collection and treatment system.

(m) Nothing in this section shall be construed as imposing upon the county any liability for any district decisions or actions, or failures to act, or imposing upon the county any liability for any decisions or actions, or failures to act, by any district officers, employees, or agents. In

addition, nothing in this section shall be construed as imposing upon the county any liability for any prior or subsequent district liabilities, whether liquidated or contingent, or any prior or subsequent liabilities of district officers, employees, or agents, whether liquidated or contingent.

SEC. 2. Section 61105 of the Government Code is amended to read:

61105. (a) The Legislature finds and declares that the unique circumstances that exist in certain communities justify the enactment of special statutes for specific districts. In enacting this section, the Legislature intends to provide specific districts with special statutory powers to provide special services and facilities that are not available to other districts.

(b) (1) The Los Osos Community Services District may borrow money from public or private lenders and loan those funds to property owners within the district to pay for the costs of decommissioning septic systems and constructing lateral connections on private property to facilitate the connection of those properties to the district's wastewater treatment system. The district shall lend money for this purpose at rates not to exceed its cost of borrowing and the district's cost of making the loans. The district may require that the borrower pay the district's reasonable attorney's fees and administrative costs in the event that the district is required to take legal action to enforce the provisions of the contract or note securing the loan. The district may elect to have the debt payments or any delinquency collected on the tax roll pursuant to Section 61116. To secure the loan as a lien on real property, the district shall follow the procedures for the creation of special tax liens in Section 53328.3 of this code and Section 3114.5 of the Streets and Highways Code.

(2) (A) Except as otherwise provided in this paragraph, on and after January 1, 2007, the Los Osos Community Services District shall not undertake any efforts to design, construct, and operate a community wastewater collection and treatment system within, or for the benefit of, the district. The district shall resume those powers on the date specified in any resolution adopted pursuant to subdivision (j) of Section 25825.5.

(B) Nothing in this paragraph shall affect the district's power to do any of the following:

(i) Operate wastewater collection and treatment facilities within the district that the district was operating on January 1, 2006.

(ii) Provide facilities and services in the territory that is within the district, but outside the prohibition zone.

(iii) Provide facilities and services, other than wastewater collection and treatment, within the prohibition zone.

(C) Promptly upon the adoption of a resolution by the Board of Supervisors of the County of San Luis Obispo requesting this action

pursuant to subdivision (h) of Section 25825.5, the district shall convey to the County of San Luis Obispo all retained rights-of-way, licenses, other interests in real property, funds, and other personal property previously acquired by the district in connection with construction projects for which the district awarded contracts in 2005.

(c) The Heritage Ranch Community Services District may acquire, construct, improve, maintain, and operate petroleum storage tanks and related facilities for its own use, and sell those petroleum products to the district's property owners, residents, and visitors. The authority granted by this subdivision shall expire when a private person or entity is ready, willing, and able to acquire, construct, improve, maintain, and operate petroleum storage tanks and related facilities, and sell those petroleum products to the district and its property owners, residents, and visitors. At that time, the district shall either (1) diligently transfer its title, ownership, maintenance, control, and operation of those petroleum tanks and related facilities at a fair market value to that private person or entity, or (2) lease the operation of those petroleum tanks and related facilities at a fair market value to that private person or entity.

(d) The Wallace Community Services District may acquire, own, maintain, control, or operate the underground gas distribution pipeline system located and to be located within Wallace Lake Estates for the purpose of allowing a privately owned provider of liquefied petroleum gas to use the underground gas distribution system pursuant to a mutual agreement between the private provider and the district or the district's predecessor in interest. The district shall require and receive payment from the private provider for the use of that system. The authority granted by this subdivision shall expire when the Pacific Gas and Electric Company is ready, willing, and able to provide natural gas service to the residents of Wallace Lake Estates. At that time, the district shall diligently transfer its title, ownership, maintenance, control, and operation of the system to the Pacific Gas and Electric Company.

(e) The Cameron Park Community Services District, the El Dorado Hills Community Services District, the Golden Hills Community Services District, the Mountain House Community Services District, the Rancho Murieta Community Services District, the Salton Community Services District, the Stallion Springs Community Services District, and the Tenaja Meadows Community Services District, which enforced covenants, conditions, and restrictions prior to January 1, 2006, pursuant to the former Section 61601.7 and former Section 61601.10, may continue to exercise the powers set forth in the former Section 61601.7 and the former Section 61601.10.

(f) The Bear Valley Community Services District, the Bell Canyon Community Services District, the Cameron Estates Community Services

District, the Lake Sherwood Community Services District, the Saddle Creek Community Services District, and the Wallace Community Services District may, for roads owned by the district and that are not formally dedicated to or kept open for use by the public for the purpose of vehicular travel, by ordinance, limit access to and the use of those roads to the landowners and residents of that district.

(g) Notwithstanding any other provision of law, the transfer of the assets of the Stonehouse Mutual Water Company, including its lands, easements, rights, and obligations to act as sole agent of the stockholders in exercising the riparian rights of the stockholders, and rights relating to the ownership, operation, and maintenance of those facilities serving the customers of the company, to the Hidden Valley Community Services District is not a transfer subject to taxes imposed by Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code.

(h) The El Dorado Hills Community Services District and the Rancho Murieta Community Services District may each acquire, construct, improve, maintain, and operate television receiving, translating, or distribution facilities, provide television and television-related services to the district and its residents, or authorize the construction and operation of a cable television system to serve the district and its residents by franchise or license. In authorizing the construction and operation of a cable television system by franchise or license, the district shall have the same powers as a city or a county under Section 53066.

(i) The Mountain House Community Services District may provide facilities for television and telecommunications systems, including the installation of wires, cables, conduits, fiber optic lines, terminal panels, service space, and appurtenances required to provide television, telecommunication, and data transfer services to the district and its residents, and provide facilities for a cable television system, including the installation of wires, cables, conduits, and appurtenances to service the district and its residents by franchise or license, except that the district may not provide or install any facilities pursuant to this subdivision unless one or more cable franchises or licenses have been awarded under Section 53066 and the franchised or licensed cable television and telecommunications services providers are permitted equal access to the utility trenches, conduits, service spaces, easements, utility poles, and rights-of-way in the district necessary to construct their facilities concurrently with the construction of the district's facilities. The district shall not have the authority to operate television, cable, or telecommunications systems. The district shall have the same powers as a city or county under Section 53066 in granting a franchise or license for the operation of a cable television system.

SEC. 3. Due to the unique circumstances concerning the wastewater treatment needs in the Los Osos Community Services District, as set forth in Section 1 of this act, it is necessary that, and the Legislature finds and declares that, a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.
