CHAPTER 48

An act to amend and supplement the Budget Act of 2006 by amending Items 0250-001-0001, 0250-101-0932, 0250-111-0001, 0520-001-0001, 0520-001-0044, 0520-101-0001, 0690-102-0001, 2640-101-0046, 2660-001-0042, 3600-001-0001, 3790-001-0001, 3820-001-0001, 3860-001-0001, 3900-001-0044, 3940-001-0001, 3940-001-0193, 3940-001-3058, 3960-001-0001, 3960-001-0014, 3960-001-0557, 4120-001-0001, 4260-001-0001, 4260-111-0001, 4280-001-0001, 4280-102-0001, 5225-001-0001, 5225-101-0001, 6110-108-0001, 6110-113-0001, 6110-128-0001, 6110-137-0001, 6110-161-0001, 6110-182-0001, 6110-190-0001, 6110-195-0001, 6110-196-0001, 6110-204-0001, 6110-265-0001, 6110-295-0001, 6360-101-0001, 6440-001-0001, 6610-001-0001, 8885-295-0001, 8885-299-0001, 8955-001-0083, and 9210-101-0001 of, by adding Items 6110-260-0001, 6110-268-0001, and 9210-105-0001 to, and by repealing Items 4280-103-0001, 6110-141-0001, 6110-262-0001, and 9619-399-0001 of, Section 2.00 of, and by amending Section 35.50 of, that act, relating to the State Budget, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 2006. Filed with Secretary of State June 30, 2006.]

I object to the following appropriations contained in Assembly Bill 1811.

Item 0250-101-0932—For local assistance, Judicial Branch. I reduce this item from $2,802,900,000 to $2,792,900,000 by reducing:

(4) 45.45-Court Interpreters from $96,126,000 to $86,126,000.

I am deleting the $10,000,000 legislative augmentation to provide interpreters in civil cases. I believe it is essential to provide non-English speaking litigants with interpreters in order to provide meaningful access to our justice system, and as such, I expect that the Judicial Council will identify efficiencies and best practices, and will, to the extent possible, expand the use of interpreters in civil cases using existing resources. This is consistent with the agreement I have with the Chief Justice regarding funding for the Courts, which provides a stable funding level for the Judicial Branch and allows the Judicial Council to prioritize programs within that annual augmentation, as is appropriate for an independent branch of government.

I am deleting Provision 11 to conform to this action.

Item 0250-111-0001—For transfer by the Controller to the Trial Court Trust Fund. I reduce this item from $1,612,357,000 to $1,602,357,000.

I am deleting the $10,000,000 legislative augmentation to provide interpreters in civil cases to conform to the action taken in Item 0250-101-0932.

Item 0690-102-0001—For local assistance, Office of Emergency Services. I reduce this item from $56,699,000 to $56,249,000 by reducing:

(1.5) 50.20-Victim Services from $9,317,000 to $9,267,000;

(2.5) 50.30-Public Safety from $52,953,000 to $52,553,000;

and by deleting Provision 8.

I am deleting the $450,000 legislative augmentation for the California Innocence Protection Program and the Youth Emergency Telephone Referral Hotline.

I am confident that these programs will be able to obtain private funding as they have in the past. With these reductions, $127,000 still remains to support the Youth Emergency Telephone Referral Hotline.

I am deleting Provision 8 to conform to this action.

Item 2660-001-0042—For support of Department of Transportation. I reduce this item from $2,322,131,000 to $2,310,701,000 by reducing:

(2) 20.10-Highway Transportation—Capital Outlay Support from $1,394,844,000 to $1,375,244,000;

(17) Amount payable from the Federal Trust Fund (Item 2660-001-0890) from -$547,224,000 to -$539,054,000;

and by deleting Provision 13.

I am deleting the $11,430,000 legislative augmentation to increase funding in the Capital Outlay Support Program. The Legislature augmented this item in order to provide funding for workload associated with the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006 on the November 2006 ballot, as provided by Chapter 25, Statutes of 2006. However, this funding is unnecessary, because all of the capital outlay support work related to the bond act in 2006-07 will have already been completed within existing resources. Any future bond-related work should be funded out of the bond proceeds instead of using these scarce State Highway Account resources that are needed for ongoing maintenance of state highways.

I am deleting Provision 13 to conform to this action.

I am also revising Items 2660-001-0890 and 2660-002-3007 to conform to the revision in this item.

Item 3600-001-0001—For support of Department of Fish and Game. I reduce this item from $101,813,000 to $100,813,000 by reducing:

(3) 30-Management of Department Lands and Facilities from $67,020,000 to $66,020,000,

and by deleting Provision 15.

I am deleting the legislative augmentation of $1,000,000 and 8.0 positions for land management activities. With this reduction, $66,000,000 still remains to support the management of department-owned lands and facilities, including wildlife areas, ecological reserves, and fish hatcheries.

I am deleting Provision 15. The Budget Act of 2006 includes $10,000,000 for salmon restoration projects on the Klamath River. The proposed provisional language would shift $4,000,000 from Klamath River restoration projects to the Fisheries Restoration Grant Program, subjecting these funds to a lengthy grant process. The intent of the Budget Act appropriation is to restore critical salmon habitat on the Klamath River as soon as possible through projects

administered directly by the Department of Fish and Game. With this action, the Budget Act still provides $4,000,000 to support the Fisheries Restoration Grant Program.

Item 3790-001-0001—For support of Department of Parks and Recreation. I reduce this item from $377,959,000 to $377,784,000 by reducing:

(1) For support of the Department of Parks and Recreation from $605,378,000 to $605,203,000.

I am reducing this item by $175,000 and 2.0 positions for the Main Street Program. Existing law specifies a funding mechanism for this program and providing a General Fund augmentation would be inconsistent with those provisions.

Item 3900-001-0044—For support of Air Resources Board. I reduce this item from $160,579,000 to $135,579,000 by reducing:

(1) 15-Mobile Source from $272,255,000 to $257,255,000, and

(2) 25-Stationary Source from $51,210,000 to $41,210,000.

I am deleting the $25,000,000 legislative augmentation to reduce emissions from locomotives, construction equipment, and dairy equipment. Notwithstanding the merits of the funding, this reduction is necessary because planned and anticipated expenditures limit the resources available in the Motor Vehicle Account to support new expenditures. Furthermore, the Budget already provides $90,000,000 for the Carl Moyer Program to fund cost-effective emission reduction projects, $25,000,000 to replace pre-1977 school buses with new clean buses that meet federal safety standards, and $25,000,000 to develop clean alternative fuels and promote zero emission vehicles.

Item 4260-001-0001—For support of Department of Health Services. I delete Provisions 7 and 8.

I am deleting Provision 7 because exempting all clinical positions within the Department of Health Services Licensing and Certification Division from unallocated reductions is an infringement on the Executive Branch's budget development process and restricts my authority to prepare a budget which reflects my spending priorities within available fiscal resources.

I am deleting Provision 8 to conform to the action I took in Item 4120-101-0001.

Item 4260-111-0001—For support of Department of Health Services. I reduce this item from $569,157,000 to $560,157,000 by reducing:

(5) 10.30.040-Chronic Diseases from $187,890,000 to $185,890,000;

(6) 10.30.050-Communicable Disease Control from $74,711,000 to $68,711,000;

(9) 20.40-Primary Care and Family Health from $1,536,864,000 to $1,535,864,000;

and by revising Provision 4.

I am deleting the $2,000,000 legislative augmentation for the California Children's Dental Disease Program (CDDPP). With this reduction, $3,300,000 still remains to support 33 programs statewide, serving over 1,200 schools and 326,000 children. In addition, this Budget includes $1,500,000 in the Medi-Cal and $500,000 in the Healthy Families programs for dental services related to my proposal to ensure dental screenings are available for California's school children.

I am sustaining $3,000,000 and deleting $6,000,000 of the $9,000,000 legislative augmentation for West Nile Virus (WNV). Last year I provided $12,000,000 in one-time funding to enhance mosquito control efforts and reduce death and illness from WNV. That

funding should continue to have an effect this year. Local mosquito and vector control agencies and other local governmental entities should continue to utilize local government revenue to support their ongoing efforts. Furthermore, the Budget contains an additional $1,000,000 in ongoing funding to support an effective, long-term, strategic plan for WNV, including a multifaceted surveillance program, extensive public education, and assistance to local agencies and the medical and veterinary communities. In the event unforeseen circumstances result in the depletion of funds to fight this infectious disease, I will consider administrative remedies to provide funding to the extent appropriate. I am revising Provision 4 to conform to this action as follows:

"4. (a) Of the amount appropriated in this item, the Department of Health Services shall, at the discretion of the director, allocate ~~$9,000,000~~ *$3,000,000* to local mosquito and vector control agencies or other governmental entities, or contract with other entities to supplement resources for local mosquito control efforts to mitigate the threat of West Nile Virus transmission. In allocating these funds, the director shall first address high priority areas and "hot spots," based on epidemiological studies and related information to mitigate the spread of the disease. These funds shall not be used to supplant existing local vector control agency funds.

(b) In response to the public health implications of the West Nile Virus, and in order to expedite the implementation of mosquito control efforts funded by no more than ~~$9,000,000~~ *$3,000,000* appropriated in this item, the department may make and receive grants and enter into contracts and interagency agreements. The department shall be exempt from competitive bidding requirements and shall be exempt from the requirements of Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code."

I am sustaining the legislative augmentation to provide $272,000 AIDS Drug Assistance Program Rebate Fund and 3.0 positions to support expansion of the Ryan White Comprehensive AIDS Resources Emergency Health Insurance Premium Payment (CARE/HIPP) Program. There is likelihood that cost avoidance may materialize in future years due to this program expansion.

I am sustaining the legislative augmentation to provide $20,000,000 federal funds, anticipated from the second federal award for pandemic influenza, to purchase medical supplies and equipment to strengthen the state's health care surge capacity needs.

I am deleting the $1,000,000 legislative augmentation which would increase resources for Indian Health Clinics. With this reduction, $6,900,000 still remains in the Department of Health Services for this purpose.

Item 6360-101-0001—For local assistance, Commission on Teacher Credentialing (Proposition 98). I revise Provision 2.

While I am sustaining the $1,267,000 legislative augmentation for increasing the per participant funding rate for the Paraprofessional Teacher Training Program, I am making a technical revision to the language in this item because it is inconsistent with the intent of the augmentation.

I am revising Provision 2 to conform to this action as follows:

"2. The funds appropriated in Schedule (2) are for school districts and county offices of education participating in the California School Paraprofessional Teacher Training Program

established pursuant to Article 12 (commencing with Section 44390) of Chapter 2 of Part 25 of the Education Code. Of these funds, $1,267,000 is available to increase the per participant rate ~~and to address participant waiting lists pursuant to the enactment of legislation during the 2005-06 Regular Session~~."

Item 6440-001-0001—For support of University of California. I reduce this item from $2,835,604,000 to $2,834,604,000 by reducing:

(1) Support from $2,752,108,000 to $2,751,108,000,

and by revising Provision 13 and deleting Provision 24.

I am deleting the $1,000,000 legislative augmentation for research on obesity and diabetes. This reduction exceeds the level of funding provided under the Higher Education Compact and is necessary to limit program expansions and to provide for a prudent General Fund reserve.

I am deleting Provision 24 to conform to this action.

In addition, I am revising Provision 13 to delete language that describes a new methodology for determining the marginal cost of each additional state-supported student in the future. The new formula is not transparent, is too difficult to either replicate or verify allowing for the potential of manipulation in future years, and does not properly reflect the full mix of new faculty associated with the system-wide growth in students.

I am revising Provision 13 to conform as follows:

"13. Of the funds appropriated in Schedule (1), $50,980,000 is to fund 5,149 additional state-supported full-time equivalent (FTE) students at the University of California, based on a marginal General Fund cost of $9,901 per additional student. ~~This funding rate is based on a new methodology for determining the marginal cost of each additional state-supported student. This methodology calculates a total marginal cost (including operation and maintenance costs and faculty costs based on the salaries of recently hired professors) and then subtracts from this cost the fee revenue the university anticipates from each additional student (after adjusting for financial aid), in order to determine the amount of General Fund support needed from the state. It is the intent of the Legislature that enrollment growth funding provided to the university in subsequent budgets be based on this new methodology.~~ The Legislature expects the University of California to enroll a total of 193,455 state-supported FTE students during the 2006-07 academic year. This enrollment target does not include nonresident students and students enrolled in non-state-supported summer programs. The University of California shall report to the Legislature by March 15, 2007, on whether it has met the 2006-07 enrollment goal. For purposes of this provision, enrollment totals shall only include state-supported students. If the University of California does not meet its total state-supported enrollment goal by at least 257 (FTE) students, the Director of Finance shall revert to the General Fund by April 1, 2007, the total amount of enrollment funding associated with the total share of the enrollment goal that was not met."

Item 6610-001-0001—For support of California State University. I revise Provisions 7.5 and 13.

I am sustaining the $371,000 legislative augmentation for the full cost associated with supporting an additional 35 undergraduate nursing students. While the Administration supports increases in undergraduate nursing slots, enrollment growth funding from the higher marginal

cost included in the Budget Bill should be sufficient to support the intended expansion as it reflects average costs for both high and low cost programs. Therefore, I will not support additional costs for undergraduate enrollments in the future.

I am revising Provision 13. While I am sustaining the one-time legislative augmentation of $1,000,000 for faculty recruitment and start-up costs to prepare for the enrollment of 340 undergraduate nursing students in 2007-08, I object to the language that intends that these students be funded in 2007-08 at a higher level than would be provided with marginal cost growth funding. Similar to my concerns expressed above, I believe that the future costs associated with undergraduate nursing enrollments can be fully accommodated within the funding provided for enrollment growth under the Higher Education Compact.

I am revising Provision 13 to conform as follows:

"13. Of the amount provided in Schedule (1), $2,000,000 is appropriated on a one-time basis for startup costs associated with the expansion of nursing programs. Specifically, the Legislature intends that these funds be used to prepare for the enrollment in the 2007-08 academic year of 340 additional undergraduate full-time-equivalent nursing students above enrollment levels in the 2006-07 academic year. The Legislature intends that these additional nursing students be funded out of the California State University's enrollment funding for the 2007-08 academic year~~, with additional funding to be provided to recognize the higher costs imposed by nursing students~~."

Finally, I am revising Provision 7.5 to delete language that describes a new methodology for determining the marginal cost of each additional state-supported student in the future. The new formula is not transparent, is too difficult to either replicate or verify allowing for potential manipulation in future years, and does not properly reflect the full mix of new faculty associated with the system-wide growth in students.

I am revising Provision 7.5 to conform as follows:

"7.5. Of the amount appropriated in Schedule (1), $61,340,000 is to fund 8,490 additional state-supported full-time-equivalent students (FTES) at the California State University (CSU), based on a marginal General Fund cost of $7,225 per additional student. ~~This funding rate is based on a new methodology for determining the marginal cost of each additional state-supported student. This methodology calculates a total marginal cost (including operation and maintenance costs and faculty costs based on the salaries of recently hired professors) and then subtracts from this cost the fee revenue the university anticipates from each additional student (after adjusting for financial aid), in order to determine the amount of General Fund support needed from the state. It is the intent of the Legislature that enrollment growth funding provided to the university in subsequent budgets be based on this new methodology.~~ The Legislature expects CSU to enroll a total of 332,395 state-supported FTES during the 2006-07 academic year. This enrollment target does not include nonresident students and students enrolled in nonstate supported summer programs. The CSU shall provide a preliminary report to the Legislature by March 15, 2007, and a final report by May 1, 2007, on whether it has met the 2006-07 enrollment goal. For purposes of this provision, enrollment totals shall only include state-supported students. If CSU does not meet its total state-supported enrollment goal by at least 425 FTES, the Director of Finance shall revert to the General Fund

by May 15, 2007, the total amount of enrollment funding associated with the total share of the enrollment goal that was not met."

With the above deletions, revisions, and reductions, I hereby approve Assembly Bill 1811.

Schwarzenegger, Arnold

Any augmentations shall be authorized no

sooner than 30 days after notification in writing to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and appropriate subcommittees that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee or his or her designee may determine.

9. In order to improve equal access and the fair administration of justice, the funds appropriated in Schedule (7) are available for distribution by the Judicial Council through the Legal Services Trust Fund Commission to qualified legal services projects and support centers as defined in Sections 6213 to 6215, inclusive, of the Business and Professions Code, to be used for legal services in civil matters for indigent persons. The Judicial Council shall approve awards made by the commission if the council determines that the awards comply with statutory and other relevant guidelines. Provisions:

1. Except as otherwise prohibited by law, the department shall promulgate emergency regulations to adjust the public health fees set by regulation to an amount such that, if the new fees were effective throughout the 2006–07 fiscal year, the estimated revenues would be sufficient to offset at least 95 percent of the approved program level intended to be supported by those fees. The General Fund fees of the State Department of Health Services (DHS) that are subject to the annual fee adjustment pursuant to subdivision (a) of Section 100425 of the Health and Safety Code shall be increased by 7.76 percent. The special fund fees of DHS that are subject to the annual fee adjustment pursuant to subdivision (a) of Section 100425 of the Health and Safety Code may be increased by 7.76 percent only if the fund condition statement for a fund projects a reserve less than 10 percent of estimated expenditures and the revenues projected for the 2006–07 fiscal year are less than the appropriation contained in this act.
2. Notwithstanding subdivision (b) of Section 100450 of the Health and Safety Code, departmental fees that are subject to the annual fee adjustment pursuant to subdivision (a) of Section 100450 of the Health and Safety

Code shall be increased by 22.50 percent, effective July 1, 2006.

3. The State Department of Health Services shall limit expenditures in this item to implement the Uniform Anatomical Gift Act (Chapter 819 of the Statutes of 2000) to the amount of actual fees collected from tissue banks.

5. The State Department of Health Services shall report annually in writing on the results of the additional positions established under the 2003 Medi-Cal Anti-Fraud Initiative to the chairperson of the committee in each house that considers appropriations and the Chairperson of the Joint Legislative Budget Committee. The report shall include the results of the most recently completed error rate study and random claim sampling process, the number of positions filled by division, and, for each of the components of the initiative, the amount of savings and cost avoidance achieved and estimated, the number of providers sanctioned, and the number of claims and beneficiary records reviewed.
6. Of the funds appropriated for new information technology projects, no funds may be expended on a project prior to approval of a feasibility study report concerning that project by the Department of Finance. The State Department of Health Services shall notify the fiscal committees of both houses of the Legislature that a feasibility study report has been approved for a project within 30 days of the report's approval by the Department of Finance, and shall include with the notification a copy of the approved feasibility study report that reflects the Department of Finance's changes.
7. It is the intent of the Legislature that all clinical positions within the Licensing and Certification Division, including medical, nursing, and pharmacy positions, that conduct core functions associated with surveys, field investigations, quality assurance, pharmaceutical monitoring, and related activities be exempt from any unallocated reductions undertaken by the department.

The purpose of this language is to assist in ensuring the health and safety of Californians who receive services in various types of facilities that are licensed or certified by the department.

Notwithstanding any other provision of law, if the Director of Health Services and the Director of General Services determine that utilizing the state's standard procurement practices related to the $160,781,000 appropriated in this item and the $34,000,000 appropriated in Item 4260-111-0890 for this purpose will result in the state's inability to meet the September 1, 2006, date, each procurement that is determined to be delayed shall be exempt from Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code.

The University of California shall ensure by adequate controls that funds appropriated in Schedule (2) are expended solely for the support of the program identified in that schedule.

4. Of the funds appropriated in Schedule (1), $2,629,957 shall be available for expenditure only for support of the Northern and Southern Occupational Health Centers as established by a contract entered into with the Department of Industrial Relations pursuant to Section 50.8 of the Labor Code.

It is the intent of the Legislature to annually provide funds for that repayment purpose through the 2009–10 fiscal year.
8. Of the funds appropriated in Schedule (5), $2,405,000 is for repayment of $25,000,000 borrowed by the University of California for deferred maintenance in the 1995–96 fiscal year. 9. Of the funds appropriated in Schedule (1), $1,609,000 is for the California State Summer School for Math and Science (COSMOS). The University of California shall report on the outcomes and effectiveness of COSMOS every five years, commencing April 1, 2011.

Chapter 2 of Part 3 of the Welfare and Institutions Code.

11. Notwithstanding Section 3.00, for the term of the financing, the University of California may use funds appropriated in Schedule (1) for debt service and costs associated with the purchase, renovation, and financing of a facility for the UC-Mexico research and academic programs in Mexico City. The amount to be financed shall not exceed $7,000,000. The university shall report to the Legislature by March 15, 2007, on the (a) amount of funds spent to support the UC-Mexico facility, including the specific use of these funds, (b) amount of funds spent to support UC-Mexico research and academic programs, and (c) different types of research conducted and programs operated at the UC-Mexico facility.
12. Of the funds provided in Schedule (1), $1,125,000 is appropriated for science and math resource centers to implement the Science and Math Teacher Initiative. The university shall report to the Legislature and the Governor by April 1, 2007, on its progress toward increasing the quality and supply of science and math teachers.
13. Of the funds appropriated in Schedule (1), $50,980,000 is to fund 5,149 additional state-supported full-time equivalent (FTE) students at the University of California, based on a marginal General Fund cost of $9,901 per additional student. This funding rate is based on a new methodology for determining the marginal cost of each additional state-supported student. This methodology calculates a total marginal cost (including operation and maintenance costs and faculty costs based on the salaries of recently hired professors) and then subtracts from this cost the fee revenue the university anticipates from each additional student (after adjusting for financial aid), in order to determine the amount of General Fund support needed from the state. It is the intent of the Legislature that enrollment growth funding provided to the university in subsequent budgets be based on this new methodology. The Legislature expects the University of California to enroll a total of 193,455 state-supported FTE students during the 2006–07 academic year. This enrollment target

does not include nonresident students and students enrolled in non-state-supported summer programs. The University of California shall report to the Legislature by March 15, 2007, on whether it has met the 2006–07 enrollment goal. For purposes of this provision, enrollment totals shall only include state-supported students. If the University of California does not meet its total state-supported enrollment goal by at least 257 (FTE) students, the Director of Finance shall revert to the General Fund by April 1, 2007, the total amount of enrollment funding associated with the total share of the enrollment goal that was not met.

14. Of the funds appropriated in Schedule (1), $480,000 shall be used to support 32 full-time equivalent students in the Program in Medical Education for the Latino Community (PRIME-LC). The primary purpose of this program is to train physicians specifically to serve in underrepresented communities. The University of California shall report to the Legislature by March 15, 2007, on (a) its progress in implementing the PRIME-LC program and (b) the use of the total funds provided for this program from both state and nonstate resources.
15. Of the funds provided in Schedule (1), $860,000 is appropriated to fund the full cost of a minimum of 65 full-time-equivalent students in entry-level clinical nursing programs and entry-level master's degree programs in nursing, and $103,000 is to support an additional 20 master's degree level nursing students. This funding is intended as a supplement to marginal cost support provided within the University of California's enrollment growth funding, in recognition of the higher costs associated with master's degree level nursing programs. The university shall report to the Legislature and the Governor by May 1, 2007, on its progress toward meeting this enrollment goal.
16. Of the funds appropriated in Schedule (1), $19,300,000 is appropriated for student academic preparation and education programs (SAPEP) and is to be matched with $12,000,000 from existing university resources, for a total of $31,300,000 for these programs. The University of California shall provide a plan to the Department of Finance and the fiscal committees of

each house of the Legislature for expenditure of both state and university funds for SAPEP by September 1, 2006. It is the intent of the Legislature that the university report on the use of state and university funds provided for these programs, including detailed information on the outcomes and effectiveness of academic preparation programs consistent with the accountability framework developed by the University of California in April 2005. It is the intent of the Legislature that the report be submitted to the fiscal committees of each house of the Legislature no later than April 1, 2007.

18. Of the funds appropriated in Schedule (1), $385,000 shall be expended for viticulture and enology research, contingent upon the receipt of an equal amount of private sector matching funds.
19. Of the funds appropriated in Schedule (1), $18,000,000 is for substance abuse research at the Neurology Department of the University of California, San Francisco.
20. Of the funds appropriated in Schedule (1), $770,000 shall be used for lupus research at the University of California, San Francisco.
21. Of the funds appropriated in Schedule (1), $1,539,000 shall be used to expand spinal cord injury research.
22. Of the funds appropriated in Schedule (1), $3,848,000 is to fund the Medical Investigation of Neurodevelopmental Disorders (MIND) Institute, including $3,500,000 for a research grants program.
23. Of the funds appropriated in Schedule (1), $6,000,000 shall be used to support research on labor and employment and labor education throughout the University of California system. Of these funds, 60 percent shall be for labor research, and 40 percent shall be for labor education.
24. Of the funds appropriated in Schedule (1), $1,000,000 is to fund research at the Institute for Experimental Research on Obesity and Diabetes.

25. It is the intent of the Legislature that the University of California report by January 15, 2007, on salary increases provided to employees for the 2006–07 academic year by employment classification, such as represented staff, nonrepresented staff, academics, and senior management, and that this report include the degree to which salary increases were consistent with the plan presented in the university's Board of Regents budget request in November 2005.
26. It is the intent of the Legislature that before changes are made to existing pension programs, the University of California report to the Legislature on how changes would affect employees by classification, such as represented staff, nonrepresented staff, academics, and senior management.
27. It is the intent of the Legislature that the University of California fundamentally reform its compensation policies and practices to more appropriately reflect its status as a public institution accountable to the State of California. It is the intent of the Legislature that the University of California submit an annual report by March 1 of each year through the 2010–11 fiscal year to the Joint Legislative Budget Committee, legislative fiscal subcommittees, and the Department of Finance on the university's progress in reforming its compensation policies and practices consistent with the recommendations of the April 2006 report of the Task Force on UC Compensation, Accountability, and Transparency, the Price Waterhouse-Coopers report, and the Bureau of State Audits' May 2, 2006, report. It is the intent of the Legislature that the fiscal subcommittees of both houses of the Legislature hold annual meetings to review this report. It is the intent of the Legislature that the report specifically include all of the following:
    (a) Consistent with the task force's recommendation on reporting, annual reports provided to the Board of Regents on total compensation for specified university senior officials, including the president, provost, senior vice presidents, vice presidents and vice provosts, associate and assistant vice presidents, university auditor, university controller, principal officers of the Board of Regents, chancellors, vice chancellors, national laboratory

directors and deputy directors, medical center CEOs, professional school deans, and the top five most highly compensated positions at the Office of the President and at each campus, medical center, and Department of Energy Laboratory. Total compensation information on employees not covered by this language is to be made available to the Legislature upon request. In its annual report of total compensation for senior officials, the university should use a standard reporting template, such as the template recommended in the April 2006 report of the task force, that lists all elements of total compensation, including base salary, benefits, and perquisites, and all other forms of compensation provided by the University of California that accrue to the individual.

(b) Plans and actions taken by the University of California to reform compensation policies and practices to ensure all of the following occurs:
  (i) Clear and appropriate policies are in place to define compensation.
  (ii) University compensation remains competitive.
  (iii) It is clear with whom the authority lies for making compensation decisions.
  (iv) Policies include specific guidance about when exceptions are appropriate, who may grant exceptions, and through which mechanisms exceptions may be granted, so that exceptions do not become the rule.
  (v) Conflicts among existing policies are eliminated.
  (vi) Mechanisms are in place to ensure compliance with newly reformed policies and to reliably impose consequences when policies are violated.

(c) Plans and actions taken by the University of California to update its human resources information system to ensure that campuses and the Office of the President are entering and capturing data in an accurate and systematically compatible manner that permits disclosure of compensation information in a full and timely way.

SEC. 47. Item 6610-001-0001 of Section 2.00 of the Budget Act of 2006 is amended to read:

6610-001-0001—For support of the California State University 2,721,322,000

Schedule:

(1) Support 2,922,108,000

(3) Reimbursements ..... −200,786,000

Provisions:

1. The appropriations made in this item are exempt from Section 31.00, except as otherwise provided by the applicable sections of the Government Code referred to in Section 31.00.
2. Of the amount appropriated in this item, $350,000 is for transfer to the Affordable Student Housing Revolving Fund for the purpose of subsidizing interest costs in connection with bond financing for construction of affordable student housing at the Fullerton and Hayward campuses in accordance with Article 3 (commencing with Section 90085) of Chapter 8 of Part 55 of the Education Code.
3. 5. Of the amount appropriated in this item, $33,785,000 is provided for student financial aid grants. These financial aid funds shall be provided to needy students according to the nationally accepted needs analysis methodology.
6. Of the amount provided in Schedule (1), $1,365,000 is appropriated to enhance the capacity of science and

math teacher credential programs to implement the Science and Math Teacher Initiative. Of this amount, $652,000 is one-time. The university shall report to the Legislature and the Governor by April 1, 2007, on its progress toward increasing the quality and supply of science and math teachers.

7.5. Of the amount appropriated in Schedule (1), $61,340,000 is to fund 8,490 additional state-supported full-time-equivalent students (FTES) at the California State University (CSU), based on a marginal General Fund cost of $7,225 per additional student. This funding rate is based on a new methodology for determining the marginal cost of each additional state-supported student. This methodology calculates a total marginal cost (including operation and maintenance costs and faculty costs based on the salaries of recently hired professors) and then subtracts from this cost the fee revenue the university anticipates from each additional student (after adjusting for financial aid), in order to determine the amount of General Fund support needed from the state. It is the intent of the Legislature that enrollment growth funding provided to the university in subsequent budgets be based on this new methodology. The Legislature expects CSU to enroll a total of 332,395 state-supported FTES during the 2006–07 academic year. This enrollment target does not include nonresident students and students enrolled in nonstate supported summer programs. The CSU shall provide a preliminary report to the Legislature by March 15, 2007, and a final report by May 1, 2007, on whether it has met the 2006–07 enrollment goal. funding is intended as a supplement to marginal cost support provided in the California State University's enrollment growth funding, in recognition of the higher costs associated with entry-level master's degree programs in nursing.

9. Of the amount provided in Schedule (1), $1,720,000 is appropriated to fund the full cost of a minimum of 130 full-time equivalent (FTE) students in entry-level master's degree programs in nursing. The university shall report to the Legislature and the Governor by May 1, 2007, on its progress toward meeting this enrollment goal.
10. Of the amount provided in Schedule (1), $52,000,000 is provided for student academic preparation and student support services programs. The university shall provide $45,000,000 and the state shall provide $7,000,000 to support the Early Academic Assessment Program, Campus-Based Outreach Programs, and the Educational Opportunity Program. It is the intent of the Legislature that the university report on the outcomes and effectiveness of the Early Academic Assessment Program to the fiscal committees of each house of the Legislature no later than March 15, 2007.
12. Of the amount provided in Schedule (1), $371,000 is appropriated to support the addition of 35 full-time-equivalent students in baccalaureate degree programs in nursing in the 2006–07 academic year. The funding shall be used to support the full state cost of serving these students, at a rate of $10,588 per student. On or before May 1, 2007, the California State University shall report to the Legislature the number of additional full-time-equivalent students enrolled in these programs in the 2006–07 academic year, compared to the number enrolled in the 2005–06 academic year. In the event that the California State University enrolls fewer than the 35 additional students for which funding is provided, the funding associated with the enrollment shortfall shall revert to the General Fund. The Director of Finance shall make that reversion on or before May 15, 2007.
13. Of the amount provided in Schedule (1), $2,000,000 is appropriated on a one-time basis for startup costs associated with the expansion of nursing programs.

Specifically, the Legislature intends that these funds be used to prepare for the enrollment in the 2007–08 academic year of 340 additional undergraduate full-time-equivalent nursing students above enrollment levels in the 2006–07 academic year. The Legislature intends that these additional nursing students be funded out of the California State University's enrollment funding for the 2007–08 academic year, with additional funding to be provided to recognize the higher costs imposed by nursing students.

SEC. 3. Section 12975.9 of the Insurance Code is amended to read:

12975.9. (a) The Seismic Safety Account is hereby created as a special account within the Insurance Fund. Money in the account may be appropriated by the Legislature for the purposes of this section to fund the department and the Seismic Safety Commission. Assessments imposed on insurers as a prorated percentage of premiums earned on property exposures for both commercial and residential insurance policies relative to the aggregate premiums earned on those exposures by all insurers shall be deposited in the account. The premiums earned for property exposures shall be as stated on lines 4 and 5.1 of the annual statement filed by each insurer pursuant to Section 900. The assessments shall be set annually based on earned premiums reported for the next preceding year by the department and calculated so that the funds in the account shall be sufficient to fund appropriations for support of the Seismic Safety Commission, for the actual collection and administrative costs of the department, and for the maintenance of an adequate reserve. The department shall submit the proposed assessments to the Seismic Safety Commission for its review at a regularly scheduled meeting of the commission.

(b) No assessment shall be levied on insurers with less than one hundred thousand dollars ($100,000) of annual direct premiums earned on property exposures for both commercial and residential insurance policies. The department may adjust this amount as necessary to minimize costs by excluding assessment amounts that are too small to justify the cost of assessment and collection or if assessment or collection is impractical.

(c) An insurer, in its discretion, may recover this assessment in an equitable fashion from the insured. The insurer, upon receipt of an invoice, shall transmit payment to the department for deposit in the Seismic Safety Account. Any deficiency or excess in the amount collected in relation to the appropriation authority for the commission and the department shall be accounted for in the subsequent annual fee calculation. Any balance remaining in the Seismic Safety Account at the end of the fiscal year shall be retained in the account and carried forward to the next fiscal year.

(d) Funds in the Seismic Safety Account shall be distributed, upon appropriation, to the Seismic Safety Commission for the support of the commission and to the department for the actual administrative costs incurred in collecting the assessments.

(e) The department shall report annually to the Legislature, the Seismic Safety Commission, and the Department of Finance on the assessment calculation methodology employed.

(f) This section shall remain in effect until July 1, 2009, and as of that date is repealed, unless a later enacted statute, that is enacted before July 1, 2009, deletes or extends that date.

SEC. 4. Section 6248 of the Revenue and Taxation Code, as amended by Section 2 of Chapter 226 of the Statutes of 2004, is amended to read:

(4) The vehicle, vessel, or aircraft is used or stored in this state more than one-half of the time during the first 12 months of ownership.

(b) This presumption may be controverted by documentary evidence that the vehicle, vessel, or aircraft was purchased for use outside of this state during the first 12 months of ownership. This evidence may include, but is not limited to, evidence of registration of that vehicle, vessel, or aircraft, with the proper authority, outside of this state.

(c) This section does not apply to any vehicle, vessel, or aircraft used in interstate or foreign commerce pursuant to regulations prescribed by the board.

(d) The amendments made to this section by the act adding this subdivision do not apply to any vehicle, vessel, or aircraft that is either purchased, or is the subject of a binding purchase contract that is entered into, on or before the operative date of this subdivision.

(e) (1) Notwithstanding subdivision (a), aircraft or vessels brought into this state for the purpose of repair, retrofit, or modification shall not be deemed to be acquired for storage, use, or other consumption in this state.

(2) This subdivision does not apply if, during the period following the time the aircraft or vessel is brought into this state and ending when the repair, retrofit, or modification of the aircraft or vessel is complete, more than 25 hours of airtime in the case of an airplane or 25 hours of sailing time in the case of a vessel are logged on the aircraft or vessel by the registered owner of that aircraft or vessel or by an authorized agent operating the aircraft or vessel on behalf of the registered owner

of the aircraft or vessel. The calculation of airtime or sailing time logged on the aircraft or vessel does not include airtime or sailing time following the completion of the repair, retrofit, or modification of the aircraft or vessel that is logged for the sole purpose of returning or delivering the aircraft or vessel to a point outside of this state.

(3) This subdivision applies to aircraft or vessels brought into this state for the purpose of repair, retrofit, or modification on or after the operative date of this subdivision.

(f) The amendments made by Section 2 of Chapter 226 of the Statues of 2004 adding this subdivision shall become operative on October 1, 2004.

(b) This section shall become operative on July 1, 2007.

SEC. 6. Section 7204.3 of the Revenue and Taxation Code is amended to read:

7204.3. The board shall charge a city, city and county, redevelopment agency, or county an amount for the board's services in administering the sales and use tax ordinance of the local entity, as determined by the board with the concurrence of the Department of Finance, as follows:

(a) Beginning with the 2006–07 fiscal year, the amount charged each local entity shall be based on the methodology described in Alternative 4C of the November 2004 report by the State Board of Equalization entitled "Response to the Supplemental Report of the 2004 Budget Act."

(1) The amount charged may be adjusted in the current fiscal year to reflect the difference between the board's budgeted costs and any significant revised estimate of costs. (a) Beginning with the 2006–07 fiscal year, the amount charged all districts shall be based on the methodology described in Alternative 4C of the November 2004 report by the State Board of Equalization entitled "Response to the Supplemental Report of the 2004 Budget Act." The amount charged each district shall be based upon the district's proportional share of the revenue after weighting the revenue to equalize the differences in district tax rates.

(1) The amount charged each district may be adjusted in the current fiscal year to reflect the difference between the board's budgeted costs and any significant revised estimate of costs. Any adjustment shall be subject to budgetary controls included in the Budget Act. Prior to any adjustment, the Department of Finance shall notify the Chairperson of the Joint Legislative Budget Committee not later than 30 days prior to the effective date of the adjustment.

(2) The amount charged shall be adjusted to reflect the difference between the board's recovered costs and the actual costs incurred by the board during the fiscal year two years prior.

(b) The board shall, by June 1 of each year, notify districts of the amount that it anticipates will be assessed for the next fiscal year. The districts shall be notified of the actual amounts that will be assessed within 30 days after enactment of the Budget Act for that fiscal year.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make necessary statutory changes to implement the Budget Act of 2006, it is necessary that this act go into immediate effect.

CHAPTER 50

An act to amend Sections 41329.50, 41329.51, 41329.52, 41329.55, and 71093 of, to add Sections 41329.58 and 41329.59 to, and to add Article 5 (commencing with Section 74292) to Chapter 5 of Part 46 of, the Education Code, and to amend Section 63049.67 of the Government Code, relating to community colleges, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 2006. Filed with Secretary of State June 30, 2006.]

The people of the State of California do enact as follows:

SECTION 1. With respect to the general background and intent of the act that adds this section, the Legislature finds and declares all of the following:

(a) Accreditation is a means for ensuring the academic quality and accountability for the colleges in the California Community College system. Additionally, students of the California Community Colleges must attend an accredited community college in order to participate in federal financial assistance programs.

(b) All colleges within the California Community Colleges system should be accredited by the recognized regional accrediting association serving California.

(c) The loss of accreditation by a college of the California Community Colleges presents a severe burden for the students of that college and for the residents of the community served by that college. Neither the students nor the residents should be deprived of educational opportunities due to the loss of accreditation by a community college.

(d) The Legislature finds that a California community college district whose colleges have lost accreditation presents the state with financial and educational emergencies and that extraordinary measures are required to address those emergencies.

(e) The Accrediting Commission for Community and Junior Colleges has found that Compton Community College does not meet accreditation standards, and has decided to withdraw accreditation. That decision may become effective on or before June 30, 2006. It is in the public interest to provide services through an accredited college to the persons adversely affected by the loss of accreditation by Compton Community College. Accordingly, it is the intent of the Legislature to provide for uninterrupted educational opportunities through another accredited community college for the students who currently attend the Compton Community College District and to provide continued meaningful access to that educational opportunity within the California Community College system to the residents of the Compton Community College District.

(f) In order to provide for continuing educational opportunities through an accredited college for the residents of the Compton Community College District and for the preservation of federal funding for students of the Compton Community College District, extraordinary legislative measures are required.

SEC. 2. With respect to meeting the needs of current students and residents of the Compton Community College District, the Legislature finds and declares all of the following:

(a) The appropriate way to provide for immediate continuing educational opportunities to the students and residents of the Compton Community College District is for the Compton Community College District to identify another community college district that is willing to serve as a partner and provide accredited educational and related administrative and support services using the facilities of the Compton Community College District as an educational center in that area. Those educational and support services should include offering a full range of credit courses leading to an associate degree for Compton students, making provisions for continuing or accelerating educational offerings for current Compton Community College students who are close to graduating, providing special counseling services to assist Compton Community College students who are considering transferring to other community colleges or baccalaureate institutions, and meeting the transitional needs of significant numbers of students who previously attended the Compton Community College District.

(b) Although uninterrupted service to existing students is the highest priority, a critically important measure of ongoing educational success in the Compton area will be the extent to which the community college system is able to identify problems that lead to the loss of accreditation and to construct a recovery plan to address those problems. In the near future, significant efforts must be made to determine the needs and desires of students served by the elementary and secondary schools within the Compton Community College District and to formulate long-term success strategies for them within the California Community College system.

(c) The Compton Community College District will require enhanced state assistance and resources in order to address the issues that led to loss of accreditation and to contract for continued educational and support services for the students and residents of the Compton Community College District. The Board of Governors of the California Community Colleges will also require additional resources to oversee federally required actions resulting from the loss of accreditation and to support the educational recovery efforts.

(d) The Compton Community College District will also have responsibilities related to its loss of accreditation, including, but not limited to, actions mandated by federal authorities for reconciling student financial assistance programs. The Compton Community College District must also continue to support the efforts of the partner district to provide the services described in this act. The Board of Governors of the California Community Colleges must be authorized to continue its oversight role of the Compton Community College District to ensure that these transitional responsibilities are met.

(e) Because of circumstances beyond the control of the state, there may be a period of time before the partner district is authorized to distribute federal financial assistance to Compton students. Should this occur, state resources should be available to replace federal funding so as to allow affected students to complete the academic term they began before federal funding became unavailable.

SEC. 3. With respect to financing the activities described in this act, the Legislature finds and declares all of the following:

(a) The Legislature must provide fiscal support to the Compton Community College District to maximize its efforts to contract for educational services and to provide stability for the students and residents of the Compton Community College District.

(b) It is not possible to identify all actions that may be required to give effect to this bill or the expenses related to those actions.

(c) The Compton Community College District should also have access to existing emergency funding resources.

SEC. 4. Section 41329.50 of the Education Code is amended to read:

41329.50. The following definitions apply to this article, and, except as provided in subdivision (d), apply to Article 2 (commencing with Section 41320) and Article 2.5 (commencing with Section 41325), unless the context clearly indicates or requires another or different meaning:

(a) "Bank" means the California Infrastructure and Economic Development Bank.

(b) "Bonds" has the same meaning specified in Section 63010 of the Government Code.

(c) "Loan" and "emergency apportionments" means the financing described in Sections 41329.51, 41329.52, and 41329.53. The financing does not constitute a borrowing, but, instead, constitutes an advance payment of apportionments subject to repayment with interest as described in the article.

(d) "School district" means a school district that requests an emergency apportionment pursuant to Section 41320, including an administrator appointed pursuant to Article 2 (commencing with Section 41320) and a trustee appointed pursuant to Article 2.5 (commencing with Section 41325), or, for the purposes of this article only, a community college district, including a special trustee appointed pursuant to Section 71093 or 84040.

SEC. 5. Section 41329.51 of the Education Code is amended to read:

41329.51. Notwithstanding any other law, an emergency apportionment is a financing provided to a community college district as authorized by the Legislature or to a school district, other than a community college district, complying with the requirements contained in Article 2 (commencing with Section 41320) and Article 2.5

(commencing with Section 41325). The emergency apportionment shall be made pursuant to either Section 41329.52 or Section 41329.53, as determined by statute. The school district, the bank, and the Superintendent of Public Instruction, or the Board of Governors of the California Community Colleges, as appropriate, shall promptly perform the duties specified in the statute making the emergency apportionment.

SEC. 6. Section 41329.52 of the Education Code is amended to read:

41329.52. (a) A school district may receive a two-part financing designed to provide an advance of apportionments owed to the district from the State School Fund.

(b) The initial emergency apportionment shall be an interim loan from the General Fund to the school district. General Fund money shall not be advanced to a school district until that district agrees to obtain a lease financing as described in subdivision (c) and the bank adopts a reimbursement resolution governing the lease financing. The interim loan shall be repaid in full, with interest, from the proceeds of the lease financing pursuant to subdivision (c) at a time mutually agreed upon between the Department of Finance and the bank. The interest rate on the interim loan shall be the rate earned by moneys in the Pooled Money Investment Account as of the date of the initial disbursement of emergency apportionments to the school district.

(c) The school district shall enter into a lease financing with the bank for the purpose of financing the emergency apportionment, including a repayment to the General Fund of the amount advanced pursuant to subdivision (b). In addition to the emergency apportionment, the lease financing may include funds necessary for reserves, capitalized interest, credit enhancements and costs of issuance. The bank shall issue bonds for that purpose pursuant to the powers granted pursuant to the Bergeson-Peace Infrastructure and Economic Development Bank Act as set forth in Division 1 (commencing with Section 63000) of Part 6.7 of the Government Code. The term of the lease shall not exceed 20 years, except that if at the end of the lease term any rent payable is not fully paid, or if the rent payable has been abated, the term of the lease shall be extended for a period not to exceed 10 years.

SEC. 7. Section 41329.55 of the Education Code is amended to read:

41329.55. (a) Simultaneous with the execution of the lease financing authorized pursuant to Section 41329.52, the bank shall provide to the Controller and the school district a notification of its lease financing. The notice shall include a schedule of rent payments to become due to the bank from the school district and the bond trustee. The Controller shall make the apportionment to the bond trustee of those amounts on the dates shown on the schedule. The bank may further authorize the apportionments to be used to pay or reimburse the provider of any credit

enhancement of bonds and other ongoing or periodic ancillary costs of the bond financing issued by the bank in connection with this article. If the amount of rent payments vary from the schedule as a result of variable interest rates on the bonds, early redemptions, or changes in expenses, the bank shall amend or supplement the schedule accordingly.

(b) Except where financing is for a community college district, the Controller shall make the apportionment only from moneys in Section A of the State School Fund designated for apportionment to the district and any apportionment authorized pursuant to this subdivision shall constitute a lien senior to any other apportionment or payment of State School Fund moneys to or for that district not made pursuant to this subdivision.

(c) If financing is for the Compton Community College District, the Controller shall make the apportionment only from moneys in Section B of the State School Fund. Any apportionment authorized pursuant to this subdivision shall constitute a lien senior to any other apportionment or payment of Section B State School Fund moneys.

(d) The amount apportioned for a school district pursuant to this section is an allocation to the district for purposes of subdivision (b) of Section 8 of Article XVI of the California Constitution. For purposes of computing revenue limits pursuant to Section 42238 for any school district, the revenue limit for any fiscal year in which funds are apportioned for the district pursuant to this section shall include any amounts apportioned by the Controller pursuant to subdivisions (a), (b), and (c), as well as Section 41329.57.

(e) No party, including the school district or any of its creditors, shall have any claim to the money apportioned or to be apportioned to the bond trustee by the Controller pursuant to this section.

SEC. 8. Section 41329.58 is added to the Education Code, to read:

41329.58. The sum of thirty million dollars ($30,000,000) is hereby appropriated, without regard to fiscal year, from the General Fund to the Board of Governors of the California Community Colleges for apportionment to the Compton Community College District as an emergency apportionment to finance, among other things, the activities described in Article 5 (commencing with Section 74292) of Chapter 5 of Part 46.

SEC. 9. Section 41329.59 is added to the Education Code, to read:

41329.59. (a) On or before October 30, 2006, the Fiscal Crisis and Management Assistance Team (FCMAT) shall conduct an extraordinary audit of the Compton Community College District, to be delivered to the Board of Governors of the California Community Colleges and the Director of Finance, focused upon an examination of alleged fraud,

misappropriation of funds, or other illegal fiscal practices. The audit shall be conducted in a timely and efficient manner.

(b) On or before January 31, 2007, the FCMAT shall conduct a comprehensive assessment and prepare a recovery plan, to be delivered to the Board of Governors of the California Community Colleges and the Department of Finance, for the Compton Community College District addressing the five operational areas: financial management, academic achievement, personnel management, facilities management, and governance/community relations.

(c) The FCMAT shall file a written status report at regular intervals with the appropriate fiscal and policy committees of the Legislature, the advisory committee to the special trustee, the Board of Governors of the California Community Colleges, the Director of Finance, and the Secretary for Education. The status reports shall include the progress that the Compton Community College District is making in meeting the recommendations of the FCMAT comprehensive assessment and addressing the deficiencies identified by the Accrediting Commission for Community and Junior Colleges.

(d) Notwithstanding any other provision of law, an amount of up to five hundred thousand dollars ($500,000) shall be provided to the Compton Community College District from any funds budgeted for FCMAT in Item 6110-107-0001 of Section 2.00 of the annual Budget Act or any other funds available from prior budget years for FCMAT for the purpose of funding the audit described in subdivision (a) of this section.

SEC. 10. Section 71093 of the Education Code is amended to read:

71093. Notwithstanding any other provision of law:

(a) The board of governors may authorize the chancellor to suspend the authority of the Board of Trustees of the Compton Community College District, or of any of the members of that board, to exercise any powers or responsibilities or to take any official actions with respect to the management of the district, including any of the district's assets, contracts, expenditures, facilities, funds, personnel, or property. The board of governors may authorize suspension for a period up to five years from the effective date of Assembly Bill 318 of the 2005–06 Regular Session, plus a period lasting until the chancellor, the Fiscal Crisis and Management Assistance Team, the Director of Finance, and the Secretary for Education concur with the special trustee that the district has, for two consecutive academic years, met the requirements of the comprehensive assessment conducted, and the recovery plan prepared, pursuant to Section 41329.59.

(b) A suspension authorized by this section becomes effective immediately upon the delivery of a document to the administrative offices

of the Compton Community College District that sets forth the finding of the chancellor that a suspension pursuant to this section is necessary for the establishment of fiscal integrity and security in that district.

(c) (1) If and when the chancellor suspends the authority of the Board of Trustees of the Compton Community College District or any of its members pursuant to this section, the chancellor may appoint a special trustee as provided in paragraph (3) of subdivision (c) of Section 84040, at district expense, to manage the district. The chancellor is authorized to assume, and delegate to the special trustee, those powers and duties of the Board of Trustees of the Compton Community College District that the chancellor determines, with the approval of the board of governors, are necessary for the management of that district. The Board of Trustees of the Compton Community College District may not exercise any of the duties or powers assumed by the chancellor under this section.

(2) The chancellor may appoint as a special trustee under this section a person who has served in a similar capacity prior to the enactment of the act that adds this section. A special trustee appointed under this section shall serve at the pleasure of the chancellor.

(3) Notwithstanding any other provision of law, in order to facilitate the appointment of the special trustee, the chancellor is exempt, for the purposes of this section, from the requirements of Article 6 (commencing with Section 999) of Chapter 6 of Division 4 of the Military and Veterans Code and Part 2 (commencing with Section 10100) of the Public Contract Code.

(d) Notwithstanding any other provision of law, at any time that this section is in effect, the chancellor is authorized to assume, and delegate to the special trustee, those powers and duties of the Compton Community College District Personnel Commission that the chancellor determines are necessary for the management of the personnel functions of the Compton Community College District. The personnel commission may not exercise any of the powers or duties assumed by the chancellor.

(e) Notwithstanding any other provision of law, if the special trustee has been a member of the State Teachers' Retirement System or the Public Employees' Retirement System at any time prior to appointment, he or she shall, for the period of service as special trustee, be a member of the system to which he or she belonged, unless the special trustee elects, in writing, not to be a member. If the special trustee chooses to be a member, the special trustee shall be placed on the payroll of the district, or the payroll of another local education agency or other entity with which the district has an exchange agreement pursuant to Section 87422 or other applicable provisions of law, for the purpose of providing appropriate contributions to the applicable retirement system.

(f) The special trustee appointed pursuant to this section is authorized to do all of the following:

(1) Implement substantial changes in the fiscal policies and practices of the Compton Community College District.

(2) Revise the academic program of the Compton Community College District to reflect realistic income projections in response to the dramatic effect of the changes in fiscal policies and practices upon program quality.

(3) Encourage all members of the college community to accept a fair share of the burden of the full recovery of the Compton Community College District in the five operational areas of finance, academics, personnel facilities, and governance.

(4) Enter into agreements on behalf of the Compton Community College District and, subject to any contractual and statutory obligation of the Compton Community College District, change any existing district rules, regulations, policies, or practices as necessary for the effective implementation of the recovery plan. Any agreement authorized by this section shall be binding upon the district for the term of the agreement, notwithstanding the removal of the special trustee for any reason or the reinstatement of any powers or responsibilities of the board of trustees. No agreement authorized by this paragraph shall materially impair the security and other interests of the holders of any bonds issued pursuant to Article 9 (commencing with Section 63049.67) of Chapter 2 of Division 1 of Title 6.7 of the Government Code.

(5) Appoint an advisory committee to advise the special trustee with respect to the management of the Compton Community College District and the establishment and implementation of the arrangements for provision of services by a partner district pursuant to Article 5 (commencing with Section 74292) of Chapter 5 of Part 46. This advisory committee may include residents of the communities served by the Compton Community College District, and any outside experts deemed appropriate by the special trustee. No member of the advisory committee shall receive any compensation or benefits for his or her services as a member of the advisory committee.

(g) In the event of a vacancy in the special trustee position, the chancellor shall temporarily assume all of the powers and duties of the special trustee until another special trustee can be appointed pursuant to this section.

SEC. 11. Article 5 (commencing with Section 74292) is added to Chapter 5 of Part 46 of the Education Code, to read:

Article 5. Continuing Services If Compton Community College Loses Accreditation

74292. Notwithstanding any other provision of law, the following steps shall be taken to address the imminent risk that Compton Community College's accreditation will be terminated by the regional accrediting body recognized by the Board of Governors of the California Community Colleges:

(a) The Chancellor of the California Community Colleges is authorized to oversee all actions at the Compton Community College District related to the loss of the college's accreditation and efforts described in this article to address that situation. The Compton Community College District shall reimburse the Board of Governors of the California Community Colleges for any expenses incurred by the chancellor or his or her staff in carrying out this oversight responsibility.

(b) The Compton Community College District shall complete the provision of instruction for all classes for which it intends to claim apportionment prior to the date of its loss of accreditation.

(c) Notwithstanding any other provision of law, the Compton Community College District shall continue to be eligible to receive state funding as provided in this article even if its accreditation is terminated.

(d) (1) The Compton Community College District shall identify a partner district that will agree to provide accredited instructional programs to students residing in the Compton Community College District. The special trustee assigned to the Compton Community College District pursuant to Section 71093 and the partner district are authorized to enter into one or more agreements to provide instructional services or other services, and to make any other necessary preparations to implement the educational programs described in this article, as well as any related necessary administrative or support services, in a timely manner so as to ensure that services to Compton Community College students will not be interrupted and that those students will remain eligible for federal financial assistance. The agreement or agreements shall provide that the partner district is entitled to receive a reasonable administrative fee to be fixed by the mutual agreement of the parties.

(2) The partner district shall be a district in good standing with the Accrediting Commission for Community and Junior Colleges (ACCJC), and shall have successfully completed the accreditation cycle and secured accreditation for its colleges. A district with a college that is on warning, probation, or show-cause status with the ACCJC, or that is being monitored for fiscal stability by the chancellor's office is not considered a district in good standing for the purposes of this article.

(e) The partner district may offer any programs or courses for which it has secured applicable approvals. In addition, any programs and courses that were previously approved by the board of governors to be offered by the Compton Community College District may continue to be offered by the partner district in the territory of the Compton Community College District without additional state approval until June 30, 2011.

(f) No later than 30 days after Compton Community College's loss of accreditation, the board of governors shall approve the facilities of Compton Community College as an off-campus educational center of the partner district. The center shall be known as the Compton Community Educational Center. The board of governors shall give notice of its approval to the county committee and county superintendent having jurisdiction over any territory affected by the action.

(g) The board of governors may permanently or temporarily waive any of its regulatory requirements necessary to effectuate this article, including, but not necessarily limited to, its regulations regarding educational centers.

(h) The partner district is eligible to provide instruction at the center without the recommendation of the California Postsecondary Education Commission under Section 66904 until the district secures the commission's recommendation for the facility to operate as an off-campus educational center or until June 30, 2011, whichever occurs first.

(i) The partner district shall comply with all federal requirements to ensure that students taking classes offered by the partner district at the Compton Community Educational Center remain eligible for federal financial assistance.

(j) Students enrolled in the Compton Community College District as of January 31, 2006, shall be subject to the following conditions:

(1) The partner district shall ensure that any student who, by the end of the Spring 2006 term, has completed at least 75 percent of the courses required for the degree or certificate he or she is pursuing will be able to complete that program. Every reasonable effort shall be made to allow other students who have begun work toward a certificate or degree, but who have not completed 75 percent of the required coursework, to continue and complete their programs.

(2) Students enrolling in classes provided by the partner district pursuant to this section shall be considered students of the partner district, shall receive credit from the partner district for classes they successfully complete, shall receive certificates or degrees they earn from the partner district, and shall receive financial aid through the partner district if they meet all applicable eligibility requirements.

(3) The partner district shall maintain student records related to the attendance of students in classes it offers pursuant to this section in accordance with all applicable state and federal laws.

(4) The partner district shall consider each student who enrolls for classes no later than the Spring 2007 term to be a continuing student for purposes of enrollment priorities.

(5) Any regulations of the board of governors relating to minimum residence at the college granting a degree shall not be applicable.

(k) The board of governors shall adopt any regulations necessary to implement this article. These regulations may be adopted as emergency regulations that may remain in effect for up to one year from the date of adoption, and shall not be subject to paragraph (5) or (6) of subdivision (a) of Section 70901.5 or to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(*l*) (1) The partner district shall provide the services described in this article for a minimum of five years from the date those services commence pursuant to subdivision (d), and shall thereafter provide the services for any additional period determined necessary by the board of governors. In addition, the board of governors may require, in its sole discretion, that the services described herein be modified or terminated at an earlier date based on the best interests of the California Community Colleges system and its students.

(2) Notwithstanding paragraph (1), either the partner district or the special trustee appointed pursuant to Section 71093 may initiate termination of the agreements described in subdivision (d) by giving 180 days' written notice to the other party and to the board of governors. No termination pursuant to this subdivision may take effect until the end of the semester following the notice provided under this paragraph, so as to protect students from a mid-term interruption of educational services. Should the partner district provide notice of a desire to terminate any agreements at a time when the trustee determines that services provided under those agreements are still necessary to serve the interests of Compton students and residents or at a time when the Compton Community College District is not fully accredited and bonds issued pursuant to Section 41329.52 are outstanding, the partner district shall continue the services until it can secure a district to provide uninterrupted comparable services to the satisfaction of the special trustee.

(m) (1) The Compton Community College District shall continue to be responsible for ensuring that all of its permanent records are retained and stored as required by state law and that all records related to its administration of programs under Title IV of the federal Higher Education Act are retained for a minimum of three years after the conclusion of its participation in those programs.

(2) The Compton Community College District shall be responsible for institutional actions related to the loss of accreditation, including actions that are required under Section 688.26 of Title 34 of the Code of Federal Regulations, related to the ending of the participation of the Compton Community College District in programs under Title IV of the federal Higher Education Act, refunding any students' unearned tuition and fees, refunding to the federal government any unexpended federal student financial aid funds, returning to lenders any loan proceeds not distributed to students, or the collection of outstanding student debts to the Compton Community College District.

(n) In addition to addressing the ongoing educational needs of the students of the Compton Community College District, the partner district and the special trustee appointed pursuant to Section 71093 shall take steps aimed at achieving the goal of seeking renewed accreditation for Compton Community College at the earliest feasible date. Progress toward achieving this goal shall be periodically reported to the board of governors.

(o) No person, firm or organization shall, without the permission of the Compton Community College District, use the name "Compton Community College," or any name of which these words are a part, or any abbreviation thereof.

74292.5. Notwithstanding any other provision of law, so long as any bond issued pursuant to Section 63049.67 of the Government Code for the Compton Community College District is outstanding, all real property leases securing those bonds shall be leased by the Compton Community College District, and not the Compton Community Educational Center or any partner district.

74292.7. Cal Grant awards to students of the Compton Community College District shall not be adversely affected by this article.

74293. Notwithstanding any other provision of law:

(a) The partner district shall provide educational programs, as described in Section 74292, at the Compton Community Educational Center on the following terms:

(1) To the extent determined necessary by agreement between the Compton Community College District and the partner district, the Compton Community College District shall assign its current employees, or reemploy former employees, to provide educational or support services to students under the instructional services or other agreements described in Section 74292. The Compton Community College District has no obligation to assign or to reemploy persons who occupy or previously occupied administrative or supervisory positions to those positions. Notwithstanding any other provision of law, a person who provides services pursuant to this paragraph shall not be deemed to be an employee

of the partner district or gain any status with the partner district for any purpose.

(2) Individuals providing educational or support services pursuant to paragraph (1) who serve as academic employees or educational administrators shall meet applicable minimum qualifications established by the Board of Governors of the California Community Colleges as well as any other job-related qualifications for service that are established by the partner district.

(3) The partner district shall have the primary right to direct activities under the contract or contracts in a manner that is consistent with the role of Compton Community College District as the employer of the individuals who are assigned duties under the agreements by the partner district. The partner district shall provide performance assessments to the special trustee appointed pursuant to Section 71093 regarding the services provided by employees of the Compton Community College District.

(b) Nothing in this section shall be construed to limit the ability of the Compton Community College District to employ employees of any type or class as otherwise authorized by law as needed to provide necessary services.

(c) The Compton Community College District shall continue to be responsible for all retiree benefits that it offered its employees prior to the date of its loss of accreditation and for retirement and other benefits for its employees assigned to provide services pursuant to subdivision (a). The partner district shall have no responsibility for any retiree or other benefits for persons provided by the Compton Community College District to serve under instructional services or other agreements described in this article.

(d) Nothing in this section shall be construed to limit the ability of the partner district to assign its existing personnel to oversee or manage services provided under instructional services or other agreements described in Section 74292 or to employ employees of any type or class as otherwise authorized by law as needed to provide oversight and management of those services. Any person who provides services pursuant to this subdivision shall not be deemed to be an employee of the Compton Community College District or gain any status with that district for any purpose, and that person shall not lose any rights, benefits, or status that he or she had previously acquired with the partner district.

(e) Nothing in this article shall be construed to interfere with, or require any change in, the existing bargaining units and collective bargaining agreements of the Compton Community College District.

(f) All existing statutory due process protections for employees of the Compton Community College District shall remain in effect

including, but not necessarily limited to, the provisions governing layoff or dismissal, acquisition of tenure, and all other provisions of the Education Code except as expressly provided in this article.

(g) Nothing in this article shall be construed to interfere with or preclude negotiations with employee organizations in either of the districts over the effects, if any, of the partner district's operation of the Compton Community College District.

74295. Notwithstanding any other provision of law:

(a) The Compton Community College District shall receive apportionment for courses provided at the Compton Community Educational Center by the partner district pursuant to Section 74292, subject to the transfer of moneys described in Sections 41329.53 and 41329.55 and in accordance with the following schedule:

(1) For the 2005–06 fiscal year, an amount not less than the amount that was received by the Compton Community College District for the attendance of full-time equivalent students for the 2004–05 fiscal year.

(2) For the 2006–07 fiscal year, an amount not less than 90 percent of the amount that was received by the Compton Community College District for the attendance of full-time equivalent students for the 2004–05 fiscal year.

(3) For the 2007–08 fiscal year, an amount not less than 80 percent of the amount that was received by the Compton Community College District for the attendance of full-time equivalent students for the 2004–05 fiscal year.

(4) For the 2008–09 fiscal year, an amount not less than 70 percent of the amount that was received by the Compton Community College District for the attendance of full-time equivalent students for the 2004–05 fiscal year.

(b) In allocating funds for categorical aid to the Compton Community College District, the Chancellor of the California Community Colleges shall treat the Compton Community Educational Center as a separate college.

(c) The Compton Community College District shall not be subject to Section 84362 for the 2003–04 fiscal year to the 2008–09 fiscal year, inclusive.

(d) Should the loss of accreditation by the Compton Community College result in a lapse of federal financial assistance to otherwise eligible students before their eligibility is recognized through the partner district, the Compton Community College District may use a portion of the proceeds from the loan described in Section 41329.58 to provide comparable amounts of assistance to eligible students. This replacement funding shall not extend beyond the end of the term during which the lapse of federal funding occurred.

(e) The provisions of subdivision (a) shall be used solely to determine the apportionment funding to be allocated to the Compton Community College District. In computing statewide entitlements to funding based upon the attendance of full-time equivalent students, neither the Compton Community College District nor its partner district shall be credited with more full-time equivalent students for the Compton Community College District than were actually enrolled in attendance. It is the intent of the Legislature that any amounts necessary to make the apportionments required pursuant to subdivision (a) shall be drawn from the total statewide funding available for community college apportionments.

74296. Notwithstanding any other provision of law:

(a) In any action in which a court finds that any provision of this article is unlawful, or in any action challenging the implementation of this article, the Board of Governors of the California Community Colleges, the partner district, the Compton Community College District, and their respective officers, employees, and agents, are immune from the imposition of any award of money damages, including the award of attorney's fees, except to the extent that any liability for those claims arises from the gross negligence or willful misconduct of the party claiming the immunity.

(b) The state shall, from funds specifically appropriated for that purpose, indemnify and defend the partner district from and against any claims, other than claims based upon gross negligence or willful misconduct, arising out of its participation in the activities specified in this article.

SEC. 12. Section 63049.67 of the Government Code is amended to read:

63049.67. (a) Notwithstanding any other provision of this division, a financing of emergency apportionments upon the request of a school district pursuant to Article 2.7 (commencing with Section 41329.50) of Chapter 3 of Part 24 of the Education Code, is deemed to be in the public interest and eligible for financing by the bank. Article 3 (commencing with Section 63041), Article 4 (commencing with Section 63042) and Article 5 (commencing with Section 63043) do not apply to the financing provided by the bank in connection with an emergency apportionment.

(b) The bank may issue bonds pursuant to Chapter 5 (commencing with Section 63070) and provide the proceeds to a school district pursuant to a lease agreement. The proceeds may be used as an emergency apportionment, to reimburse the interim emergency apportionment from the General Fund authorized pursuant to subdivision (b) of Section 41329.52 of the Education Code, or to refund bonds previously issued under this section. Bond proceeds may also be used to fund necessary

reserves, capitalized interest, credit enhancement costs, and costs of issuance.

(c) Bonds issued under this article are not deemed to constitute a debt or liability of the state or of any political subdivision of the state, other than a limited obligation of the bank, or a pledge of the faith and credit of the state or of any political subdivision. All bonds issued under this article shall contain on the face of the bonds a statement to the same effect.

(d) Any fund or account established in connection with the bonds shall be established outside of the centralized treasury system. Notwithstanding any other law, the bank shall select the financing team and the trustee for the bonds, and the trustee shall be a corporation or banking association authorized to exercise corporate trust powers.

(e) Pursuant to Section 41329.55 of the Education Code, a school district other than the Compton Community College District shall instruct the Controller to repay the lease from moneys in the State School Fund designated for apportionment to the school district. Pursuant to Section 41329.55, if the school district is the Compton Community College District, the Controller shall be instructed to repay the lease from moneys in Section B of the State School Fund. Any amounts necessary to make this repayment shall be drawn from the total statewide funding available for community college apportionment consisting of funds in Section B of the State School Fund. Thereafter the Controller shall transfer to Section B of the State School Fund, either in a single or multiple transfers, an amount equal to the total repayment, which amount shall be transferred from the amount designated for apportionment to the Compton Community College District from the State School Fund. If these transfers from the district prove inadequate to repay any repayments for any reason, the Compton Community College District is required to use any revenue sources available to it for transfer and repayment purposes.

(f) Notwithstanding any other law, as long as any bonds issued pursuant to this section are outstanding, the following requirements apply:

(1) The school district for which the bonds were issued is not eligible to be a debtor in a case under Chapter 9 of the United States Bankruptcy Code, as it may be amended from time to time, and no governmental officer or organization is or may be empowered to authorize the school district to be a debtor under that chapter.

(2) It is the intent of the Legislature that the Legislature should not in the future abolish the Compton Community College District or take any action that would prevent the Compton Community College from entering into or performing binding agreements or invalidate any prior

binding agreements of the Compton Community College District, where invalidation may have a material adverse effect on the bonds issued pursuant to this section.

(3) The Compton Community College District shall not be reorganized or merged with another community college district unless all of the following apply:

(A) The successor district becomes by operation of law the owner of all property previously owned by the Compton Community College District.

(B) Any agreement entered into by the Compton Community College District in connection with bonds issued pursuant to this section are assumed by the successor district.

Further, the Legislature may provide for the redemption or defeasance of the bonds at any time so that no bonds are outstanding. If the Legislature provides for the redemption or defeasance of the bonds issued for the Compton Community College District in order to abolish that district, it is the intent of the Legislature that the funds required for the redemption or defeasance should be appropriated from Section B of the State School Fund.

(h) The bank may enter into contracts or agreements with banks, insurers, or other financial institutions or parties that it determines are necessary or desirable to improve the security and marketability of, or to manage interest rates or other risks associated with, the bonds issued pursuant to this section. The bank may pledge apportionments made by the Controller directly to the bond trustee pursuant to Section 41329.55 of the Education Code as security for repayment of any obligation owed to a bank, insurer, or other financial institution pursuant to this subdivision.

SEC. 13. It is the intent of the Legislature that the funds provided in Item 6110-107-0001 of Section 2.00 of the annual Budget Act for the County Office Fiscal Crisis and Management Assistance Team (FCMAT) be available for FCMAT to undertake activities related to community colleges as authorized pursuant to Sections 84040 and 84041 of the Education Code.

SEC. 14. The Legislature finds and declares that, due to the unique circumstances relating to the accreditation status of Compton Community

College, a general statute cannot be made applicable, and the enactment of Sections 7, 8, 9, and 11 of this act as a special statute is therefore necessary.

SEC. 15. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act provides for offsetting savings to local agencies or school districts that result in no net costs to the local agencies or school districts, within the meaning of Section 17556 of the Government Code.

(2) Upon making a determination that funds in the TCRF are not adequate to support expected cash expenditures for the listed projects, the Director of Finance, by executive order, shall require that funds loaned to the General Fund under paragraph (1) be repaid to the TCRF. All these loans shall be repaid upon the sale of bonds authorized by Article 6.5 (commencing with Section 63048.6) of Chapter 2 of Division 1 of Title 6.7. If the proceeds from those bonds are insufficient to repay the funds loaned to the General Fund under paragraph (1), the remaining amount of those loans shall be repaid from future tribal gaming revenues, additional securitizations against those revenues, or from the General Fund.

(3) Interest at the rate earned by the Surplus Money Investment Fund shall be paid to the TCRF from the General Fund with respect to the cumulative amount loaned from the State Highway Account to the TCRF pursuant to paragraph (2) of subdivision (a) that is in excess of one hundred eighty million dollars ($180,000,000). The amount of this interest obligation shall be calculated annually on the balance of this portion of this outstanding loan amount. All interest on the loan shall be paid in full at the time the TCRF is repaid pursuant to paragraph (2), and the interest payment shall be transferred from the TCRF to the State Highway Account.

(d) Funds loaned to the TCRF under this section shall be used for purposes consistent with any restrictions on uses of those funds imposed under the California Constitution or by statute. The department shall identify specific projects to which those funds may properly be applied and shall propose that application of funds to the commission. The commission shall designate projects to receive those funds through the processes described in Article 3 (commencing with Section 14556.10) and Article 4 (commencing with Section 14556.25). The department shall report periodically to the commission and the Department of Finance on the expenditure of those funds.

(e) This section shall become inoperative upon full repayment of loans authorized by this section, and shall be repealed on January 1 of the following year.

SEC. 3. Section 63048.65 of the Government Code is amended to read:

63048.65. (a) Upon a filing by the Director of Finance with the bank of a list of designated tribal compacts and the specific portions of the compact assets to be sold, the bank may sell for, and on behalf of, the state, solely as its agent, those specific portions of the compact assets to a special purpose trust. To that end, a special purpose trust is hereby established as a not-for-profit corporation solely for that purpose and for the purposes necessarily incidental thereto. The bank may enter into one or more sales agreements with the special purpose trust on terms it deems appropriate, which may include covenants of, and binding on, the state necessary to establish and maintain the security of the bonds and exemption of interest on the bonds from federal income taxation. The portion of the compact assets to be sold shall be an amount or amounts determined by the Director of Finance that are necessary to provide the state with net proceeds of the sale, not to exceed one billion five hundred million dollars ($1,500,000,000), exclusive of capitalized interest on the bonds and any costs incurred by the bank or the special purpose trust in implementing this article, including, but not limited to, the cost of financing one or more reserve funds, any credit enhancements,

costs incurred in the issuance of bonds, and operating expenses. Those specific portions of the compact assets may be sold at one time or from time to time.

(b) The special purpose trust may issue bonds, including, but not limited to, refunding bonds, on the terms it shall determine, and do all things contemplated by, and authorized by, this division with respect to the bank, and enjoy all rights, privileges, and immunities the bank enjoys pursuant to this division, or as authorized by Section 5140 of the Corporations Code with respect to public benefit nonprofit corporations, or as necessary or appropriate in connection with the issuance of bonds, and may enter into agreements with any public or private entity and pledge the compact assets that it purchased as collateral and security for its bonds. However, to the extent of any conflict between any of the foregoing and the provisions of this article, the provisions of this article shall control. The pledge of any of these assets and of any revenues, reserves, and earnings pledged in connection with these assets shall be valid and binding in accordance with its terms from the time the pledge is made, and amounts so pledged and thereafter received shall immediately be subject to the lien of the pledge without the need for physical delivery, recordation, filing, or other further act. The special purpose trust, and its assets and income, and bonds issued by the special purpose trust, and their transfer and the income therefrom, shall be exempt from all taxation by the state and by its political subdivisions.

(c) (1) The net proceeds of the sale of compact assets by the bank shall be deposited in the following order:

(A) One billion two hundred million dollars ($1,200,000,000) plus any interest due pursuant to paragraph (3) of subdivision (c) of Section 14556.8, to the Traffic Congestion Relief Fund for the purpose of funding or reimbursing the cost of projects, programs, and activities permitted and necessary to be funded by that fund in accordance with applicable law, and to repay loans made from the State Highway Account and the Public Transportation Account to the Traffic Congestion Relief Fund pursuant to Section 14556.8, in the following priority order:

(i) Transfer of four hundred forty-three million dollars ($443,000,000) plus any interest due pursuant to paragraph (3) of subdivision (c) of Section 14556.8, to the State Highway Account for project expenditures.

(ii) Two hundred ninety million dollars ($290,000,000) for allocation to Traffic Congestion Relief Program projects.

(iii) Two hundred seventy-five million dollars ($275,000,000) to the Public Transportation Account for project expenditures.

(iv) All remaining funds for allocation to Traffic Congestion Relief Program projects.

(B) To the Transportation Deferred Investment Fund, an amount up to the outstanding amount of the suspension of the 2004–05 fiscal year transfer of the sales tax on gasoline to the Transportation Investment Fund pursuant to requirements of Article XIX B of the California Constitution.

(C) To the Transportation Deferred Investment Fund, an amount up to the outstanding amount of the suspension of the 2003–04 fiscal year transfer of the sales tax on gasoline to the Transportation Investment Fund pursuant to requirements of Article XIX B of the California Constitution.

(2) Notwithstanding paragraph (1), if and to the extent it is necessary to ensure to the maximum extent practicable the eligibility for exclusion from taxation under the federal Internal Revenue Code of interest on the bonds to be issued by the special purpose trust, the Director of Finance may adjust the application of proceeds not eligible for exclusion from taxation among the authorized funds described in paragraph (1). The Department of Finance shall submit a report to the Legislature describing any proposed changes among the authorized funds in paragraph (1), and consistent with this paragraph, at least 30 days prior to issuing the bonds pursuant to this article. Amounts deposited in the Traffic Congestion Relief Fund pursuant to paragraph (1) shall be applied as a credit to transfers from the General Fund that the Controller would otherwise be required to make to that fund. Amounts deposited in the Transportation Deferred Investment Fund shall be expended in conformance with Sections 7105 and 7106 of the Revenue and Taxation Code, and the amounts so deposited shall also be applied as a credit to the transfers from the General Fund that the Controller would otherwise be required to make under those sections. The Legislature hereby finds and declares that the deposits and credits described in this subdivision do not constitute the use of the proceeds of bonds or other indebtedness to pay a yearend State Budget deficit as prohibited by subdivision (c) of Section 1.3 of Article XVI of the California Constitution. Subject to any constitutional limitation, the use and application of the proceeds of any sale of compact assets or bonds shall not in any way affect the legality or validity of that sale or those bonds.

(d) Funds received from amended tribal-state compacts, or new compacts entered into and ratified on or after the effective date of this article, pursuant to Section 4.3.1 of the amended compacts, or the comparable section in new compacts, as specified in those compacts, that are neither sold to the special purpose trust nor otherwise appropriated, and funds received as a result of the state's acquisition of an ownership interest in any residual interest in compact assets attributable to Section 4.3.1 of the amended compacts, or the comparable

section in new compacts, as specified in those compacts, shall be remitted to the California Gambling Control Commission for deposit in the General Fund.

(e) Funds received from amended tribal-state compacts, or new compacts entered into and ratified on or after the effective date of this article, pursuant to Section 4.3.3 of the amended compacts, or the comparable section in new compacts, as specified in those compacts, shall be held in an account within the Special Deposit Fund until those funds are sold or otherwise applied pursuant to this subdivision. From time to time, at the direction of the Director of Finance, any moneys in this account shall be deposited and applied in accordance with subdivision (c) or shall be deemed to be compact assets for purposes of sale to the special purpose trust pursuant to this article. If the Director of Finance determines that the bonds authorized pursuant to this article cannot be successfully issued by the special purpose trust, funds within the account shall be deposited in accordance with subdivision (c). In addition, all subsequent revenues remitted pursuant to Section 4.3.3 of the amended compacts, or the comparable section in new compacts, as specified in those compacts, and funds received as a result of the state's acquisition of an ownership interest in any residual interest in compact assets attributable to Section 4.3.3 of the amended compacts, or the comparable section in new compacts, as specified in those compacts, shall be used to satisfy the purposes of subdivision (c). When the amounts described in subdivision (c) have been paid to the funds named in that subdivision either pursuant to this article or by other appropriations or transfers, thereafter the revenues received by the state from Section 4.3.3 of the compact shall be remitted to the California Gambling Control Commission for deposit in the General Fund.

(f) The principal office of the special purpose trust shall be located in the County of Sacramento. The articles of incorporation of the special purpose trust shall be prepared and filed, on behalf of the state, with the Secretary of State by the bank. The members of the board of directors of the bank as of the effective date of this article, the Director of the Department of Transportation, and the Director of General Services, shall each serve ex officio as the directors of the special purpose trust. Any of these directors may name a designee to act on his or her behalf as a director of the special purpose trust. The Director of Finance or his or her designee shall serve as chair of the special purpose trust. Directors of the special purpose trust shall not be subject to personal liability for carrying out the powers and duties conferred by this article. The Legislature hereby finds and declares that the duties and responsibilities of the directors of the special purpose trust and the duties and responsibilities of the Director of Finance established under this article

are within the scope of the primary duties of those persons in their official capacities. The special purpose trust shall be treated as a separate legal entity with its separate corporate purpose as described in this article, and the assets, liabilities, and funds of the special purpose trust shall be neither consolidated nor commingled with those of the bank.

SEC. 4. Section 7102 of the Revenue and Taxation Code is amended to read:

(D) For the 2004–05 fiscal year, no transfers shall be made pursuant to this paragraph, and of the amount that would otherwise have been transferred, one hundred forty million dollars ($140,000,000) shall instead be transferred to the Traffic Congestion Relief Fund as partial repayment of amounts owed by the General Fund pursuant to Item 2600-011-3007 of the Budget Act of 2002 (Chapter 379 of the Statutes of 2002).

(E) For the 2005–06 fiscal year, no transfers shall be made pursuant to this paragraph.

(II) Forty percent to the Controller, for allocation pursuant to Section 99314 of the Public Utilities Code.

(III) Forty percent to the Controller, for allocation pursuant to Section 99313 of the Public Utilities Code.

(2) All revenues, less refunds, derived under this part at the 4¾-percent rate, resulting from increasing, after December 31, 1989, the rate of tax imposed pursuant to the Motor Vehicle Fuel License Tax Law on motor vehicle fuel, as defined for purposes of that law, shall be transferred quarterly to the Public Transportation Account, a trust fund in the State Transportation Fund.

(3) All revenues, less refunds, derived under this part at the 4¾-percent rate from the imposition of sales and use taxes on fuel, as defined for purposes of the Use Fuel Tax Law (Part 3 (commencing with Section 8601)) and the Diesel Fuel Tax Law (Part 31 (commencing with Section 60001)), shall be estimated by the State Board of Equalization, with the concurrence of the Department of Finance, and shall be transferred quarterly to the Public Transportation Account, a trust fund in the State Transportation Fund.

(4) All revenues, less refunds, derived under this part from the taxes imposed pursuant to Sections 6051.2 and 6201.2 shall be transferred to the Sales Tax Account of the Local Revenue Fund for allocation to cities and counties as prescribed by statute.

(5) All revenues, less refunds, derived from the taxes imposed pursuant to Section 35 of Article XIII of the California Constitution shall be transferred to the Public Safety Account in the Local Public Safety Fund

(d) Notwithstanding the designation of the Public Transportation Account as a trust fund pursuant to subdivision (a), the Controller may use the Public Transportation Account for loans to the General Fund as provided in Sections 16310 and 16381 of the Government Code. The loans shall be repaid with interest from the General Fund at the Pooled Money Investment Account rate.

(e) The Legislature may amend this section, by statute passed in each house of the Legislature by rollcall vote entered in the journal, two-thirds of the membership concurring, if the statute is consistent with, and furthers the purposes of this section.

SEC. 5. Section 7104.3 is added to the Revenue and Taxation Code, to read:

7104.3. Notwithstanding any other provision of law, the Department of Finance may adjust the budgeting, accounting, and reporting system for the Transportation Investment Fund so that unliquidated encumbrances are not reflected in the fund balance or financial statement.

SEC. 6. Section 7105 of the Revenue and Taxation Code is amended to read:

7105. (a) The Transportation Deferred Investment Fund is hereby created in the State Treasury.

(b) On or before June 30, 2009, the Controller shall transfer an amount from the General Fund to the Transportation Deferred Investment Fund that is equal to the amount that was not transferred from the General Fund to the Transportation Investment Fund for the 2003–04 fiscal year because of the partial suspension of the transfer pursuant to Section 14557 of the Government Code, plus interest calculated at the Pooled Money Investment Account rate relative to the amounts that would otherwise have been available for the transportation programs described in paragraphs (2) to (5), inclusive, of subdivision (c) of Section 7104. The amount to be transferred from the General Fund to the Transportation Deferred Investment Fund shall be reduced by the amount of any payment made to the Transportation Deferred Investment Fund from any funding source, excluding subdivision (d). The moneys deposited in the

Transportation Deferred Investment Fund pursuant to this subdivision are continuously appropriated without regard to fiscal years for disbursement in the manner and for the purposes set forth in this section.

(c) The Controller, from the moneys deposited in the Transportation Deferred Investment Fund pursuant to subdivision (b), shall make transfers and apportionments of those funds in the same manner and amounts that would have been made in the 2003–04 fiscal year from the Transportation Investment Fund pursuant to Section 7104, as that section read on January 1, 2003, if the transfer of funds from the General Fund to the Transportation Investment Fund had not been partially suspended for the 2003–04 fiscal year pursuant to Section 14557 of the Government Code. However, in making those transfers and apportionments, the Controller shall take into account and deduct therefrom any transfers and apportionments that were made from the Transportation Investment Fund in the 2003–04 fiscal year from funds made available pursuant to subdivision (b) of Section 14557 of the Government Code. It is the intent of the Legislature that, upon completion of the transfer of funds pursuant to subdivision (b) from the General Fund to the Transportation Deferred Investment Fund, each of the transportation programs that was to have been funded during the 2003–04 fiscal year from the Transportation Investment Fund pursuant to Section 7104 of this code shall have received the amount of funding that the program would have received in the absence of the suspension of the transfer pursuant to Section 14557 of the Government Code.

(d) The interest that is to be deposited in the Transportation Deferred Investment Fund pursuant to subdivision (b) shall be allocated proportionately to each program element in paragraphs (2) to (5), inclusive, of subdivision (c) of Section 7104, based on the amount that each program did not receive in the 2003–04 fiscal year due to suspension of the transfer pursuant to Section 14557 of the Government Code.

(e) Four hundred ninety-five million dollars ($495,000,000) is hereby appropriated from the General Fund to the Transportation Deferred Investment Fund for the purpose of paying a portion of the amount required to be paid pursuant to subdivision (b). The Controller shall make the payment immediately upon enactment of the statute amending this section in the 2005–06 Regular Session. Notwithstanding subdivision (c), these funds, shall be distributed as follows:

(1) The first one hundred ninety-two million dollars ($192,000,000) and any interest due pursuant to this section shall remain in the Transportation Deferred Investment Fund to be used for projects in the State Transportation Improvement Program pursuant to paragraph (3) of subdivision (c) of Section 7104.

(2) The next one hundred ninety-two million dollars ($192,000,000) and any interest due pursuant to this section shall be distributed to cities and counties, as follows:

(A) Ninety-six million dollars ($96,000,000) and any interest due pursuant to this section shall be transferred to cities for the purposes specified in Section 7104 pursuant to the formula in paragraph (5) of subdivision (c) of that section.

(B) Ninety-six million dollars ($96,000,000) and any interest due pursuant to this section shall be transferred to counties for the purposes specified in Section 7104 pursuant to the formula in paragraph (4) of subdivision (c) of that section.

(3) Ninety-six million dollars ($96,000,000) and any interest due pursuant to this section shall be transferred to the Public Transportation Account for allocation pursuant to Section 99312 of the Public Utilities Code.

(4) Any funds remaining following the distributions required by paragraphs (1), (2), and (3) shall be transferred to the Traffic Congestion Relief Fund, and shall be deemed to be funds received by that fund in the 2003–04 fiscal year.

(f) The Legislature finds and declares that continued investment in transportation is essential for the California economy. That investment reduces traffic congestion, assists in economic development, improves the condition of local streets and roads, and provides high-quality public transportation.

(g) Notwithstanding any other provision of law, the Department of Finance may adjust the budgeting, accounting, and reporting system for the Transportation Deferred Investment Fund so that unliquidated encumbrances are not reflected in the fund balance or financial statement.

SEC. 7. Section 7106 of the Revenue and Taxation Code is amended to read:

7106. (a) On or before June 30, 2008, the Controller shall transfer an amount from the General Fund to the Transportation Deferred Investment Fund that is equal to the amount that was not transferred from the General Fund to the Transportation Investment Fund for the 2004–05 fiscal year because of the suspension of the transfer pursuant to Section 14558 of the Government Code, plus interest calculated at the Pooled Money Investment Account rate relative to the amounts that would otherwise have been available for the transportation programs described in paragraphs (2) to (5), inclusive, of subdivision (c) of Section 7104. The amount to be transferred from the General Fund to the Transportation Deferred Investment Fund shall be reduced by the amount of any payment made to the Transportation Deferred Investment Fund from any funding source.

(b) The money deposited in the Transportation Deferred Investment Fund pursuant to this section is continuously appropriated without regard to fiscal years for disbursement in the manner and for the purposes set forth in this section.

(c) The Controller, from the money deposited in the Transportation Deferred Investment Fund pursuant to subdivision (a), shall make transfers and apportionments of those funds in the same manner and amounts that would have been made in the 2004–05 fiscal year from the Transportation Investment Fund pursuant to Section 7104, as that section read on January 1, 2003, if the transfer of funds from the General Fund to the Transportation Investment Fund had not been suspended for the 2004–05 fiscal year pursuant to Section 14558 of the Government Code. It is the intent of the Legislature that upon completion of the transfer of funds pursuant to subdivision (a) from the General Fund to the Transportation Deferred Investment Fund that each of the transportation programs that was to have been funded during the 2004–05 fiscal year from the Transportation Investment Fund pursuant to Section 7104 shall have received the amount of funding that the program would have received in the absence of the suspension of the transfer pursuant to Section 14558 of the Government Code.

(d) The interest that is to be deposited in the Transportation Deferred Investment Fund pursuant to subdivision (a) shall be allocated proportionately to each program element in paragraphs (2) to (5), inclusive, of subdivision (c) of Section 7104, based on the amount that each program did not receive in the 2004–05 fiscal year due to suspension of the transfer pursuant to Section 14558 of the Government Code.

(e) Seven hundred twenty million dollars ($720,000,000) is hereby appropriated from the General Fund to the Transportation Deferred Investment Fund for the purpose of paying a portion of the amount required to be paid pursuant to subdivision (a). The Controller shall make the payment immediately upon enactment of the statute amending this section in the 2005–06 Regular Session. In addition, two hundred million dollars ($200,000,000) transferred to the Transportation Deferred Investment Fund pursuant to subparagraph (F) of paragraph (1) of subdivision (a) of Section 7102 shall also be available for that purpose. Notwithstanding subdivision (c), these funds, totaling nine hundred twenty million dollars ($920,000,000), shall be distributed as follows:

(1) The first two hundred thirty-two million dollars ($232,000,000) and any interest due pursuant to this section shall remain in the Transportation Deferred Investment Fund to be used for projects in the State Transportation Improvement Program pursuant to paragraph (3) of subdivision (c) of Section 7104.

(2) The next two hundred thirty-two million dollars ($232,000,000) and any interest due pursuant to this section shall be distributed to cities and counties, as follows:

(A) One hundred sixteen million dollars ($116,000,000) and any interest due pursuant to this section shall be transferred to cities for the purposes specified in Section 7104 pursuant to the formula in paragraph (5) of subdivision (c) of that section.

(B) One hundred sixteen million dollars ($116,000,000) and any interest due pursuant to this section shall be transferred to counties for the purposes specified in Section 7104 pursuant to the formula in paragraph (4) of subdivision (c) of that section.

(3) One hundred sixteen million dollars ($116,000,000) and any interest due pursuant to this section shall be transferred to the Public Transportation Account for allocation pursuant to Section 99312 of the Public Utilities Code.

(4) Any funds remaining following the distributions required by paragraphs (1), (2), and (3) shall be transferred to the Traffic Congestion Relief Fund, and shall be deemed to be funds received by that fund in the 2004–05 fiscal year. It is estimated that the amount to be available under this subparagraph will be three hundred fifteen million dollars ($315,000,000).

SEC. 2. Section 710 of the Corporations Code is amended to read:

710. (a) This section applies to a corporation with outstanding shares held of record by 100 or more persons (determined as provided in Section 605) that files an amendment of articles or certificate of determination containing a "supermajority vote" provision on or after January 1, 1989. This section shall not apply to a corporation that files an amendment of articles or certificate of determination on or after January 1, 1994, if, at the time of filing, the corporation has (1) outstanding shares of more than one class or series of stock, (2) no class of equity securities registered under Section 12(b) or 12(g) of the Securities Exchange Act of 1934, and (3) outstanding shares held of record by fewer than 300 persons determined as provided by Section 605.

(b) A "supermajority vote" is a requirement set forth in the articles or in a certificate of determination authorized under any provision of this division that specified corporate action or actions be approved by a larger proportion of the outstanding shares than a majority, or by a larger proportion of the outstanding shares of a class or series than a majority, but no supermajority vote that is subject to this section shall require a vote in excess of 66 ⅔ percent of the outstanding shares or 66 ⅔ percent of the outstanding shares of any class or series of those shares.

(c) An amendment of the articles or a certificate of determination that includes a supermajority vote requirement shall be approved by at least as large a proportion of the outstanding shares (Section 152) as is required pursuant to that amendment or certificate of determination for the approval of the specified corporate action or actions.

(d) The amendments made to this section by the act amending this section in the 2001–02 Regular Session shall not affect the rights of minority shareholders existing under law.

An act to amend Section 12741 of the Government Code, relating to state government.

[Approved by Governor July 7, 2006. Filed with Secretary of State July 7, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 12741 of the Government Code is amended to read:

12741. The state's planning process shall include the following:

(a) The state plan shall identify eligible activities and the eligible entities which will conduct those activities in order to meet the general goals of the California Community Services Block Grant Program and the specific goals of the program. The plan shall, particularly with respect to subdivision (d) of Section 12740, reflect the aggregate of community action plans in order to fairly represent the most essential characteristic of the California Community Services Block Grant Program, which is its adherence to the principle of community self-help.

(b) The appropriate policy committee of the Assembly or the Senate, or both shall conduct one or more public hearings on the proposed use and distribution of funds provided under the California Community Services Block Grant Program. Prior to the hearing, the department shall forward to the policy committees a list of the activities it has identified as statewide priorities pursuant to subdivision (e) of Section 12745, in order to notify the Legislature and the public of the issues to be addressed by the department at each hearing. The chairs of the policy committees may request additional issues to be reported on by the department. The hearings shall be conducted in such a manner as to satisfy the legislative hearing requirement of federal Public Law 97-35, as amended, and to give the Legislature an opportunity to certify that the state plan conforms to the requirements of this chapter. At the discretion of the respective chairs, the policy committees may hold a single or joint hearing, or both to satisfy the requirements of this section.

(c) The department shall make adjustments to the state plan as a result of public comments presented at the legislative hearing as well as written

comments which are submitted to the department. The department shall identify all testimony presented by the poor, and shall state whether the concerns expressed therein have been included in the plan. If any of those concerns have not been included in the plan the department shall specify in the plan the reasons for the rejection of those concerns. Concerns shall only be rejected if there is good cause for the rejection.

(d) The committees conducting the hearings pursuant to subdivision (b) shall determine whether the concerns of the poor have been included in the state plan, as adjusted, or rejected for good cause. Before the final state plan is submitted to the secretary, the chairs of the committees conducting hearings shall certify that the state plan conforms with the requirements of this chapter.

(e) Upon receiving the certification required in subdivision (d), the department shall submit the final state plan, as required by Section 9908 of Title 42 of the United States Code, as amended, to the secretary, and shall provide a copy to all grantees and state legislators no more than one week thereafter.

SECTION 1. Section 48203 of the Education Code is amended to read:

48203. (a) The superintendent of a school district and the principal of a private school in each county shall, upon the severance of attendance or the denial of admission of any child who is an individual with exceptional needs, as that term is defined in Section 56026, or who is a qualified handicapped person, as that term is defined in regulations promulgated by the United States Department of Education pursuant to Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. Sec. 794), but who is otherwise subject to the compulsory education laws of California, report the severance, expulsion, exclusion, exemption, transfer, or suspension beyond 10 schooldays to the county superintendent of schools. The report shall include names, ages, last known address, and the reason

for the severance, expulsion, exclusion, exemption, transfer, or suspension.

(b) It is the duty of the county superintendent to examine those reports and draw to the attention of the county board of education and governing board of a school district any cases in which the interests of the child or the welfare of the state may need further examination.

(c) After a preliminary study of available information in cases referred to it, the county board of education may, on its own action, hold hearings on those cases in the manner provided in Section 48914 and with the same powers of final decision as therein provided.

The people of the State of California do enact as follows:

SECTION 1. Section 351.5 is added to the Family Code, to read:

351.5. Notwithstanding subdivision (b) of Section 351 or 359 of this code, or Section 103175 of the Health and Safety Code, if either of the applicants for, or any witness to, a certificate of registry of marriage and a marriage license requests, the certificate of registry and the marriage license shall show the business address or United States Postal Service post office box for that applicant or witness instead of the residential address of that person.

CHAPTER 61

An act to amend Section 14132.88 of the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor July 7, 2006. Filed with Secretary of State July 7, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 14132.88 of the Welfare and Institutions Code is amended to read:

14132.88. (a) Notwithstanding subdivision (h) of Section 14132 and to the extent funds are made available in the annual Budget Act for this purpose, the following are covered benefits for beneficiaries 21 years of age or older under this chapter:

(2) One initial dental examination by a dentist.

(b) The following are covered benefits for beneficiaries under 21 years of age under this chapter:

(1) Two dental prophylaxis cleanings per year.

(2) Two periodic dental examinations per year.

(c) For persons 21 years of age or older, laboratory-processed crowns on posterior teeth are not a covered benefit except when a posterior tooth is necessary as an abutment for any fixed or removable prosthesis.

(d) Any prefabricated crown made from ADA-approved materials may be used on posterior teeth and may be reimbursed as a stainless steel crown.

(e) The department shall reduce the rate of subgingival curettage and root planing by 41 percent for all beneficiaries except those residing in a skilled nursing facility or an intermediate care facility for the developmentally disabled. Notwithstanding Section 14105 and Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement this subdivision by means of a provider bulletin or similar instruction, without taking regulatory action.

(f) (1) Except as provided in paragraph (2), the department shall require pretreatment radiograph documentation on posttreatment claims to establish the medical necessity for dental restorations. The pretreatment documentation required under this subdivision is intended to reduce fraudulent claims for unnecessary dental fillings. In order to avoid any undue barriers to accessing dental care, the department shall stipulate that the pretreatment radiograph documentation for posttreatment claims will be required only when there are four or more dental fillings being completed in any 12-month period.

(2) For any beneficiary who is under four years of age, or who, regardless of age, has a developmental disability, as defined in subdivision (a) of Section 4512, radiographs or photographs that indicate decay on any tooth surface shall be considered sufficient documentation to establish the medical necessity for treatment provided.

(3) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department shall implement this subdivision by means of a provider bulletin or similar instruction, without taking regulatory action.

CHAPTER 62

An act to amend Section 3426.4 of the Civil Code, relating to trade secrets.

[Approved by Governor July 7, 2006. Filed with Secretary of State July 7, 2006.]

Recoverable costs hereunder shall include a reasonable sum to cover the services of expert witnesses, who are not regular employees of any party, actually incurred and reasonably necessary in either, or both, preparation for trial or arbitration, or during trial or arbitration, of the case by the prevailing party.

CHAPTER 63

An act to amend Sections 11999.6, 11999.9, 11999.10, and 11999.12 of the Health and Safety Code, and to amend Sections 1210, 1210.1, and 3063.1 of the Penal Code, relating to drug treatment, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 12, 2006. Filed with Secretary of State July 12, 2006.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) On November 7, 2000, the people of the State of California enacted the Substance Abuse and Crime Prevention Act of 2000 (hereinafter the

act), codified in Sections 11999.5, 11999.6, 11999.9, 11999.10, and 11999.12 of the Health and Safety Code, and Sections 1210, 1210.1, and 3063.1 of the Penal Code to provide community-based substance abuse treatment programs for nonviolent defendants, probationers and parolees charged with simple drug possession or drug use offenses.

(b) The act provided an appropriation from the General Fund to the Substance Abuse Treatment Trust Fund in the amount of one hundred and twenty million dollars ($120,000,000) annually through the 2005–06 fiscal year with any additional appropriation dependent on review and action by the Legislature.

(c) Each year following the implementation of the act the Department of Alcohol and Drug Programs (hereinafter the department) was required and did in fact conduct a study to evaluate the effectiveness and financial impact of the programs which were funded pursuant to the act. The studies have focused on the implementation process, participant demographics and treatment completion rates as well as other impacts and issues the department identified. Reports were submitted to the Legislature by the department.

(d) In addition, the department contracted, as required by the act, with a public university, the University of California at Los Angeles (hereinafter UCLA) to evaluate the effectiveness and financial impact of the programs which were funded pursuant to the requirements of this act and to report findings that were in fact forwarded to the Legislature by the department.

(e) The UCLA evaluations have found that approximately 30 percent of referred SACPA offenders do not enter treatment. Judicial monitoring, through dedicated court calendars, collaboration and coordination between the courts, probation and treatment, as demonstrated by drug courts, would enhance entry, retention, and completion of treatment by offenders.

(f) The UCLA evaluations have found that 34 percent of those who do in fact enter treatment complete that treatment. This completion rate, as well as retention rates, can be improved through the enhancement of compliance with treatment, as well as tailoring treatment to the needs of offenders following drug-related violations of probation to assure that the level and duration of treatment they are assessed or reassessed to overcome addiction, including detoxification and residential services, are provided, and that treatment be of sufficient duration to meet individual needs of defendants.

(g) SACPA does not specifically address the use of short periods of jail time as a motivational tool to hold SACPA offenders accountable to enter and stay in treatment. Studies have reported that drug court clients were more likely to enter treatment, remained in treatment

significantly longer, and engaged in significantly less drug use when they received swift and sure sanctions and rewards, including the possibility of brief periods of jail time during the course of treatment. Therefore, sanctions including short periods of jail time for relapsing, problematic, or recalcitrant offenders, on a showing of need after consideration of important treatment and other factors, should be available, not as a substitute for treatment but as a tool to motivate and hold offenders accountable.

(h) The UCLA evaluations speak to the need to verify self-reported drug use by drug testing. Drug testing is widely accepted by treatment providers as an integral component of treatment. In addition, test results are needed to assist providers in adjusting treatment plans. Therefore, courts shall require drug testing as a condition of probation, commensurate with treatment needs.

(i) The UCLA evaluations also speak to the high cost in terms of arrests and convictions of violent crimes, property crimes, and sex crimes of those presently eligible defendants who have five or more convictions in the 30-month period prior to their SACPA eligible arrests in comparison to the typical SACPA offender, and recommend that the Legislature may wish to consider possible changes as to the eligibility of these offenders who UCLA found comprise 1.6 percent of the total number of offenders eligible for SACPA, yet had postconviction crime costs that were 10 times higher than the costs for the typical or median SACPA offender during the 30-month followup study period.

(j) It is the intent of the Legislature, therefore, to do all of the following to further the purposes of the act:

(1) Maintain the General Fund transfer to the Substance Abuse Treatment Trust Fund, conditioned on modifications to the SACPA program that will improve outcomes and promote accountability consistent with the act and to further the purposes of the act.

(2) Provide for closer judicial monitoring through dedicated calendars and close collaboration between the court, probation, and treatment to improve offender outcomes.

(3) Provide treatment, including detoxification and residential services that are tailored to the individual needs of offenders, and of sufficient duration to improve completion rates. In addition, permit judicial discretion to provide offenders additional opportunities following a third drug-related violation of probation, and first non-drug-related violation of probation to complete treatment, as well as, after a hearing, to remove offenders from the program who pose a danger to the public and, in addition, will not benefit from treatment.

(4) Provide brief jail sanctions to enhance accountability and as a motivational tool to improve the number of defendants who enter

treatment, remain in treatment, and complete treatment and probation consistent with the purposes of the act.

(5) Mandate drug testing as a treatment tool as well as a method to assure accountability.

(6) Provide that offenders who have five or more prior convictions at the time they commit a SACPA eligible offense are presumed to be eligible for SACPA. However, they may be found ineligible by the judge after consideration and findings at a hearing, if the offender poses a danger to the public or would not benefit from treatment.

(7) It is also the intent of the Legislature to address additional issues that need clarification, or were not adequately addressed by the act, that need to be resolved to further the purposes of the act, consistent with the act.

SEC. 2. Section 11999.6 of the Health and Safety Code is amended to read:

11999.6. Moneys deposited in the Substance Abuse Treatment Trust Fund shall be distributed annually by the Secretary of the Health and Human Services Agency through the State Department of Alcohol and Drug Programs to counties to cover the costs of placing persons in and providing drug treatment programs under this act, and vocational training, family counseling, and literacy training under this act. Additional costs that may be reimbursed from the Substance Abuse Treatment Trust Fund include probation department costs, court monitoring costs and any miscellaneous costs made necessary by the provisions of this act other than drug testing services of any kind. Incarceration costs cannot be reimbursed from the fund. Those moneys shall be allocated to counties through a fair and equitable distribution formula that includes, but is not limited to, per capita arrests for controlled substance possession violations and substance abuse treatment caseload, as determined by the department as necessary to carry out the purposes of this act. The department may reserve a portion of the fund to pay for direct contracts with drug treatment service providers in counties or areas in which the director of the department has determined that demand for drug treatment services is not adequately met by existing programs. However, nothing in this section shall be interpreted or construed to allow any entity to use funds from the Substance Abuse Treatment Trust Fund to supplant funds from any existing fund source or mechanism currently used to provide substance abuse treatment. In addition, funds from the Substance Abuse Treatment Trust Fund shall not be used to fund in any way the drug treatment courts established pursuant to Article 2 (commencing with Section 11970.1) or Article 3 (commencing with Section 11970.4) of Chapter 2 of Part 3 of Division 10.5, including drug treatment or probation supervision associated with those drug treatment courts.

SEC. 3. Section 11999.9 of the Health and Safety Code is amended to read:

11999.9. (a) The department shall conduct three two-year followup studies to evaluate the effectiveness and financial impact of the programs that are funded pursuant to the requirements of this act, and submit those studies to the Legislature no later than January 1, 2009, January 1, 2011, and January 1, 2013, respectively. The evaluation studies shall include, but not be limited to, a study of the implementation process, a review of lower incarcerations costs, reductions in crime, reduced prison and jail construction, reduced welfare costs, the adequacy of funds appropriated, and other impacts or issues the department can identify, in addition to all of the following:

(1) Criminal justice measures on rearrests, jail and prison days averted, and crime trends.

(2) A classification, in summary form, of rearrests as having occurred as a result of:

(A) A parole violation.

(B) A parole revocation.

(C) A probation violation.

(D) A probation revocation.

(3) A classification, in summary form, of the disposition of crimes committed in terms of whether the person was:

(A) Retained on probation.

(B) Sentenced to jail.

(C) Sentenced to prison.

(4) Treatment measures on completion rates and quality of life indicators, such as alcohol and drug used, employment, health, mental health, and family and social supports.

(5) A separate discussion of the information described in paragraphs (1) to (3), inclusive, for offenders whose primary drug of abuse was methamphetamine or who were arrested for possession or use of methamphetamine and, commencing with the report due on or before January 1, 2009, the report shall include a separate analysis of the costs and benefits of treatment specific to these methamphetamine offenders.

(b) In addition to studies to evaluate the effectiveness and financial impact of the programs that are funded pursuant to the requirements of this act, the department shall produce an annual report detailing the number and characteristics of participants served as a result of this act, and the related costs.

SEC. 4. Section 11999.10 of the Health and Safety Code is amended to read:

11999.10. The department shall allocate up to 0.5 percent of the fund's total moneys each year to fund the costs of the studies required in Section 11999.9 by a public or private university.

SEC. 5. Section 11999.12 of the Health and Safety Code is amended to read:

11999.12. The department shall conduct periodic audits of the expenditures made by any county that is funded, in whole or in part, with funds provided by this act. Counties shall repay to the department any funds that are not spent in accordance with the requirements of this act. The department may require a corrective action by the county in the place of repayment, as determined by the department.

SEC. 6. Section 1210 of the Penal Code is amended to read:

1210. As used in Sections 1210.1 and 3063.1 of this code, and Division 10.8 (commencing with Section 11999.4) of the Health and Safety Code, the following definitions apply:

(a) The term "nonviolent drug possession offense" means the unlawful personal use, possession for personal use, or transportation for personal use of any controlled substance identified in Section 11054, 11055, 11056, 11057 or 11058 of the Health and Safety Code, or the offense of being under the influence of a controlled substance in violation of Section 11550 of the Health and Safety Code. The term "nonviolent drug possession offense" does not include the possession for sale, production, or manufacturing of any controlled substance and does not include violations of Section 4573.6 or 4573.8.

(b) The term "drug treatment program" or "drug treatment" means a state licensed or certified community drug treatment program, which may include one or more of the following: drug education, outpatient services, narcotic replacement therapy, residential treatment, detoxification services, and aftercare services. The term "drug treatment program" or "drug treatment" includes a drug treatment program operated under the direction of the Veterans Health Administration of the Department of Veterans Affairs or a program specified in Section 8001. That type of program shall be eligible to provide drug treatment services without regard to the licensing or certification provisions required by this subdivision. The term "drug treatment program" or "drug treatment" does not include drug treatment programs offered in a prison or jail facility.

(c) The term "successful completion of treatment" means that a defendant who has had drug treatment imposed as a condition of probation has completed the prescribed course of drug treatment as recommended by the treatment provider and ordered by the court and, as a result, there is reasonable cause to believe that the defendant will

not abuse controlled substances in the future. Completion of treatment shall not require cessation of narcotic replacement therapy.

(d) The term "misdemeanor not related to the use of drugs" means a misdemeanor that does not involve (1) the simple possession or use of drugs or drug paraphernalia, being present where drugs are used, or failure to register as a drug offender, or (2) any activity similar to those listed in (1).

SEC. 7. Section 1210.1 of the Penal Code is amended to read:

1210.1. (a) Notwithstanding any other provision of law, and except as provided in subdivision (b), any person convicted of a nonviolent drug possession offense shall receive probation. As a condition of probation the court shall require participation in and completion of an appropriate drug treatment program. The court shall impose appropriate drug testing as a condition of probation. The court may also impose, as a condition of probation, participation in vocational training, family counseling, literacy training and/or community service. A court may not impose incarceration as an additional condition of probation. Aside from the limitations imposed in this subdivision, the trial court is not otherwise limited in the type of probation conditions it may impose. Probation shall be imposed by suspending the imposition of sentence. No person shall be denied the opportunity to benefit from the provisions of the Substance Abuse and Crime Prevention Act of 2000 based solely upon evidence of a co-occurring psychiatric or developmental disorder. To the greatest extent possible, any person who is convicted of, and placed on probation pursuant to this section for a nonviolent drug possession offense shall be monitored by the court through the use of a dedicated court calendar and the incorporation of a collaborative court model of oversight that includes close collaboration with treatment providers and probation, drug testing commensurate with treatment needs, and supervision of progress through review hearings.

In addition to any fine assessed under other provisions of law, the trial judge may require any person convicted of a nonviolent drug possession offense who is reasonably able to do so to contribute to the cost of his or her own placement in a drug treatment program.

(b) Subdivision (a) shall not apply to any of the following:

(1) Any defendant who previously has been convicted of one or more violent or serious felonies as defined in subdivision (c) of Section 667.5 or subdivision (c) of Section 1192.7, respectively, unless the nonviolent drug possession offense occurred after a period of five years in which the defendant remained free of both prison custody and the commission of an offense that results in a felony conviction other than a nonviolent drug possession offense, or a misdemeanor conviction involving physical injury or the threat of physical injury to another person.

(2) Any defendant who, in addition to one or more nonviolent drug possession offenses, has been convicted in the same proceeding of a misdemeanor not related to the use of drugs or any felony.

(3) Any defendant who, while armed with a deadly weapon, with the intent to use the same as a deadly weapon, unlawfully possesses or is under the influence of any controlled substance identified in Section 11054, 11055, 11056, 11057, or 11058 of the Health and Safety Code.

(4) Any defendant who refuses drug treatment as a condition of probation.

(5) Any defendant who has two separate convictions for nonviolent drug possession offenses, has participated in two separate courses of drug treatment pursuant to subdivision (a), and is found by the court, by clear and convincing evidence, to be unamenable to any and all forms of available drug treatment, as defined in subdivision (b) of Section 1210. Notwithstanding any other provision of law, the trial court shall sentence that defendant to 30 days in jail.

(c) (1) Any defendant who has previously been convicted of at least three non-drug-related felonies for which the defendant has served three separate prison terms within the meaning of subdivision (b) of Section 667.5 shall be presumed eligible for treatment under subdivision (a). The court may exclude such a defendant from treatment under subdivision (a) where the court, pursuant to the motion of the prosecutor or its own motion, finds that the defendant poses a present danger to the safety of others and would not benefit from a drug treatment program. The court shall, on the record, state its findings, the reasons for those findings.

(2) Any defendant who has previously been convicted of a misdemeanor or felony at least five times within the prior 30 months shall be presumed to be eligible for treatment under subdivision (a). The court may exclude such a defendant from treatment under subdivision (a) if the court, pursuant to the motion of the prosecutor, or on its own motion, finds that the defendant poses a present danger to the safety of others or would not benefit from a drug treatment program. The court shall, on the record, state its findings and the reasons for those findings.

(d) Within seven days of an order imposing probation under subdivision (a), the probation department shall notify the drug treatment provider designated to provide drug treatment under subdivision (a). Within 30 days of receiving that notice, the treatment provider shall prepare a treatment plan and forward it to the probation department for distribution to the court and counsel. The treatment provider shall provide to the probation department standardized treatment progress reports, with minimum data elements as determined by the department, including all drug testing results. At a minimum, the reports shall be provided to the court every 90 days, or more frequently, as the court directs.

(1) If at any point during the course of drug treatment the treatment provider notifies the probation department and the court that the defendant is unamenable to the drug treatment being provided, but may be amenable to other drug treatments or related programs, the probation department may move the court to modify the terms of probation, or on its own motion, the court may modify the terms of probation after a hearing to ensure that the defendant receives the alternative drug treatment or program.

(2) If at any point during the course of drug treatment the treatment provider notifies the probation department and the court that the defendant is unamenable to the drug treatment provided and all other forms of drug treatment programs pursuant to subdivision (b) of Section 1210, the probation department may move to revoke probation. At the revocation hearing, if it is proved that the defendant is unamenable to all drug treatment programs pursuant to subdivision (b) of Section 1210, the court may revoke probation.

(3) Drug treatment services provided by subdivision (a) as a required condition of probation may not exceed 12 months, unless the court makes a finding supported by the record, that the continuation of treatment services beyond 12 months is necessary for drug treatment to be successful. If such a finding is made, the court may order up to two six-month extensions of treatment services. The provision of treatment services under the Substance Abuse and Crime Prevention Act of 2000 shall not exceed 24 months.

(e) (1) At any time after completion of drug treatment and the terms of probation, the court shall conduct a hearing, and if the court finds that the defendant successfully completed drug treatment, and substantially complied with the conditions of probation, including refraining from the use of drugs after the completion of treatment, the conviction on which the probation was based shall be set aside and the court shall dismiss the indictment, complaint, or information against the defendant. In addition, except as provided in paragraphs (2) and (3), both the arrest and the conviction shall be deemed never to have occurred. The defendant may additionally petition the court for a dismissal of charges at any time after completion of the prescribed course of drug treatment. Except as provided in paragraph (2) or (3), the defendant shall thereafter be released from all penalties and disabilities resulting from the offense of which he or she has been convicted.

(2) Dismissal of an indictment, complaint, or information pursuant to paragraph (1) does not permit a person to own, possess, or have in his or her custody or control any firearm capable of being concealed upon the person or prevent his or her conviction under Section 12021.

(3) Except as provided below, after an indictment, complaint, or information is dismissed pursuant to paragraph (1), the defendant may indicate in response to any question concerning his or her prior criminal record that he or she was not arrested or convicted for the offense. Except as provided below, a record pertaining to an arrest or conviction resulting in successful completion of a drug treatment program under this section may not, without the defendant's consent, be used in any way that could result in the denial of any employment, benefit, license, or certificate.

Regardless of his or her successful completion of drug treatment, the arrest and conviction on which the probation was based may be recorded by the Department of Justice and disclosed in response to any peace officer application request or any law enforcement inquiry. Dismissal of an information, complaint, or indictment under this section does not relieve a defendant of the obligation to disclose the arrest and conviction in response to any direct question contained in any questionnaire or application for public office, for a position as a peace officer as defined in Section 830, for licensure by any state or local agency, for contracting with the California State Lottery, or for purposes of serving on a jury.

(f) (1) If probation is revoked pursuant to the provisions of this subdivision, the defendant may be incarcerated pursuant to otherwise applicable law without regard to the provisions of this section. The court may modify or revoke probation if the alleged violation is proved.

(2) If a defendant receives probation under subdivision (a), and violates that probation either by committing an offense that is not a nonviolent drug possession offense, or by violating a non-drug-related condition of probation, and the state moves to revoke probation, the court may remand the defendant for a period not exceeding 30 days during which time the court may receive input from treatment, probation, the state, and the defendant, and the court may conduct further hearings as it deems appropriate to determine whether or not probation should be reinstated under this section. If the court reinstates the defendant on probation, the court may modify the treatment plan and any other terms of probation, and continue the defendant in a treatment program under the Substance Abuse and Crime Prevention Act of 2000. If the court reinstates the defendant on probation, the court may, after receiving input from the treatment provider and probation, if available, intensify or alter the treatment plan under subdivision (a), and impose sanctions, including jail sanctions not exceeding 30 days, a tool to enhance treatment compliance.

(3) (A) If a defendant receives probation under subdivision (a), and violates that probation either by committing a nonviolent drug possession offense, or a misdemeanor for simple possession or use of drugs or drug paraphernalia, being present where drugs are used, or failure to register

as a drug offender, or any activity similar to those listed in subdivision (d) of Section 1210, or by violating a drug-related condition of probation, and the state moves to revoke probation, the court shall conduct a hearing to determine whether probation shall be revoked. The trial court shall revoke probation if the alleged probation violation is proved and the state proves by a preponderance of the evidence that the defendant poses a danger to the safety of others. If the court does not revoke probation, it may intensify or alter the drug treatment plan and in addition, if the violation does not involve the recent use of drugs as a circumstance of the violation, including, but not limited to, violations relating to failure to appear at treatment or court, noncompliance with treatment, and failure to report for drug testing, the court may impose sanctions including jail sanctions that may not exceed 48 hours of continuous custody as a tool to enhance treatment compliance and impose other changes in the terms and conditions of probation. The court shall consider, among other factors, the seriousness of the violation, previous treatment compliance, employment, education, vocational training, medical conditions, medical treatment, including narcotics replacement treatment, and including the opinion of the defendant's licensed and treating physician if immediately available and presented at the hearing, child support obligations, and family responsibilities. The court shall consider additional conditions of probation, which may include, but are not limited to, community service and supervised work programs. If one of the circumstances of the violation involves recent drug use, as well as other circumstances of violation, and the circumstance of recent drug use is demonstrated to the court by satisfactory evidence and a finding made on the record, the court may, after receiving input from treatment and probation, if available, direct the defendant to enter a licensed detoxification or residential treatment facility, and if there is no bed immediately available in such a facility, the court may order that the defendant be confined in a county jail for detoxification purposes only, if the jail offers detoxification services, for a period not to exceed 10 days. The detoxification services must provide narcotic replacement therapy for those defendants presently actually receiving narcotic replacement therapy.

(B) If a defendant receives probation under subdivision (a), and for the second time violates that probation either by committing a nonviolent drug possession offense, or a misdemeanor for simple possession or use of drugs or drug paraphernalia, being present where drugs are used, or failure to register as a drug offender, or any activity similar to those listed in subdivision (d) of Section 1210, or by violating a drug-related condition of probation, and the state moves to revoke probation, the court shall conduct a hearing to determine whether probation shall be

revoked. The trial court shall revoke probation if the alleged probation violation is proved and the state proves by a preponderance of the evidence either that the defendant poses a danger to the safety of others or is unamenable to drug treatment. In determining whether a defendant is unamenable to drug treatment, the court may consider, to the extent relevant, whether the defendant (i) has committed a serious violation of rules at the drug treatment program, (ii) has repeatedly committed violations of program rules that inhibit the defendant's ability to function in the program, or (iii) has continually refused to participate in the program or asked to be removed from the program. If the court does not revoke probation, it may intensify or alter the drug treatment plan, and may, in addition, if the violation does not involve the recent use of drugs as a circumstance of the violation, including, but not limited to, violations relating to failure to appear at treatment or court, noncompliance with treatment, and failure to report for drug testing, impose sanctions including jail sanctions that may not exceed 120 hours of continuous custody as a tool to enhance treatment compliance and impose other changes in the terms and conditions of probation. The court shall consider, among other factors, the seriousness of the violation, previous treatment compliance, employment, education, vocational training, medical conditions, medical treatment, including narcotics replacement treatment, and including the opinion of the defendant's licensed and treating physician if immediately available and presented at the hearing, child support obligations, and family responsibilities. The court shall consider additional conditions of probation, which may include, but are not limited to, community service and supervised work programs. If one of the circumstances of the violation involves recent drug use, as well as other circumstances of violation, and the circumstance of recent drug use is demonstrated to the court by satisfactory evidence and a finding made on the record, the court may, after receiving input from treatment and probation, if available, direct the defendant to enter a licensed detoxification or residential treatment facility, and if there is no bed immediately available in the facility, the court may order that the defendant be confined in a county jail for detoxification purposes only, if the jail offers detoxification services, for a period not to exceed 10 days. Detoxification services must provide narcotic replacement therapy for those defendants presently actually receiving narcotic replacement therapy.

(C) If a defendant receives probation under subdivision (a), and for the third or subsequent time violates that probation either by committing a nonviolent drug possession offense, or by violating a drug-related condition of probation, and the state moves for a third or subsequent time to revoke probation, the court shall conduct a hearing to determine

whether probation shall be revoked. If the alleged probation violation is proved, the defendant is not eligible for continued probation under subdivision (a) unless the court determines that the defendant is not a danger to the community and would benefit from further treatment under subdivision (a). The court may then either intensify or alter the treatment plan under subdivision (a) or transfer the defendant to a highly structured drug court. If the court continues the defendant in treatment under subdivision (a), or drug court, the court may impose appropriate sanctions including jail sanctions as the court deems appropriate.

(D) If a defendant on probation at the effective date of this act for a nonviolent drug possession offense violates that probation either by committing a nonviolent drug possession offense, or a misdemeanor for simple possession or use of drugs or drug paraphernalia, being present where drugs are used, or failure to register as a drug offender, or any activity similar to those listed in subdivision (d) of Section 1210, or by violating a drug-related condition of probation, and the state moves to revoke probation, the court shall conduct a hearing to determine whether probation shall be revoked. The trial court shall revoke probation if the alleged probation violation is proved and the state proves by a preponderance of the evidence that the defendant poses a danger to the safety of others. If the court does not revoke probation, it may modify or alter the treatment plan, and in addition, if the violation does not involve the recent use of drugs as a circumstance of the violation, including, but not limited to, violations relating to failure to appear at treatment or court, noncompliance with treatment, and failure to report for drug testing, the court may impose sanctions including jail sanctions that may not exceed 48 hours of continuous custody as a tool to enhance treatment compliance and impose other changes in the terms and conditions of probation. The court shall consider, among other factors, the seriousness of the violation, previous treatment compliance, employment, education, vocational training, medical conditions, medical treatment, including narcotics replacement treatment, and including the opinion of the defendant's licensed and treating physician if immediately available and presented at the hearing, child support obligations, and family responsibilities. The court shall consider additional conditions of probation, which may include, but are not limited to, community service and supervised work programs. If one of the circumstances of the violation involves recent drug use, as well as other circumstances of violation, and the circumstance of recent drug use is demonstrated to the court by satisfactory evidence and a finding made on the record, the court may, after receiving input from treatment and probation, if available, direct the defendant to enter a licensed detoxification or residential treatment facility, and if there is no bed immediately available

in such a facility, the court may order that the defendant be confined in a county jail for detoxification purposes only, if the jail offers detoxification services, for a period not to exceed 10 days. The detoxification services must provide narcotic replacement therapy for those defendants presently actually receiving narcotic replacement therapy.

(E) If a defendant on probation at the effective date of this act for a nonviolent drug possession offense violates that probation a second time either by committing a nonviolent drug possession offense, or a misdemeanor for simple possession or use of drugs or drug paraphernalia, being present where drugs are used, or failure to register as a drug offender, or any activity similar to those listed in subdivision (d) of Section 1210, or by violating a drug-related condition of probation, and the state moves for a second time to revoke probation, the court shall conduct a hearing to determine whether probation shall be revoked. The trial court shall revoke probation if the alleged probation violation is proved and the state proves by a preponderance of the evidence either that the defendant poses a danger to the safety of others or that the defendant is unamenable to drug treatment. If the court does not revoke probation, it may modify or alter the treatment plan, and in addition, if the violation does not involve the recent use of drugs as a circumstance of the violation, including, but not limited to, violations relating to failure to appear at treatment or court, noncompliance with treatment, and failure to report for drug testing, the court may impose sanctions including jail sanctions that may not exceed 120 hours of continuous custody as a tool to enhance treatment compliance and impose other changes in the terms and conditions of probation. The court shall consider, among other factors, the seriousness of the violation, previous treatment compliance, employment, education, vocational training, medical conditions, medical treatment including narcotics replacement treatment, and including the opinion of the defendant's licensed and treating physician if immediately available and presented at the hearing, child support obligations, and family responsibilities. The court shall consider additional conditions of probation, which may include, but are not limited to, community service and supervised work programs. If one of the circumstances of the violation involves recent drug use, as well as other circumstances of violation, and the circumstance of recent drug use is demonstrated to the court by satisfactory evidence and a finding made on the record, the court may, after receiving input from treatment and probation, if available, direct the defendant to enter a licensed detoxification or residential treatment facility, and if there is no bed immediately available in such a facility, the court may order that the defendant be confined in a county jail for detoxification purposes only, if the jail offers

detoxification services, for a period not to exceed 10 days. The detoxification services must provide narcotic replacement therapy for those defendants presently actually receiving narcotic replacement therapy.

(F) If a defendant on probation at the effective date of this act for a nonviolent drug offense violates that probation a third or subsequent time either by committing a nonviolent drug possession offense, or by violating a drug-related condition of probation, and the state moves for a third or subsequent time to revoke probation, the court shall conduct a hearing to determine whether probation shall be revoked. If the alleged probation violation is proved, the defendant is not eligible for continued probation under subdivision (a), unless the court determines that the defendant is not a danger to the community and would benefit from further treatment under subdivision (a). The court may then either intensify or alter the treatment plan under subdivision (a) or transfer the defendant to a highly structured drug court. If the court continues the defendant in treatment under subdivision (a), or drug court, the court may impose appropriate sanctions including jail sanctions.

(g) The term "drug-related condition of probation" shall include a probationer's specific drug treatment regimen, employment, vocational training, educational programs, psychological counseling, and family counseling.

SEC. 8. Section 3063.1 of the Penal Code is amended to read:

3063.1. (a) Notwithstanding any other provision of law, and except as provided in subdivision (d), parole may not be suspended or revoked for commission of a nonviolent drug possession offense or for violating any drug-related condition of parole.

As an additional condition of parole for all such offenses or violations, the Parole Authority shall require participation in and completion of an appropriate drug treatment program. Vocational training, family counseling and literacy training may be imposed as additional parole conditions.

The Parole Authority may require any person on parole who commits a nonviolent drug possession offense or violates any drug-related condition of parole, and who is reasonably able to do so, to contribute to the cost of his or her own placement in a drug treatment program.

(b) Subdivision (a) does not apply to:

(1) Any parolee who has been convicted of one or more serious or violent felonies in violation of subdivision (c) of Section 667.5 or Section 1192.7.

(2) Any parolee who, while on parole, commits one or more nonviolent drug possession offenses and is found to have concurrently committed a misdemeanor not related to the use of drugs or any felony.

(3) Any parolee who refuses drug treatment as a condition of parole.

(c) Within seven days of a finding that the parolee has either committed a nonviolent drug possession offense or violated any drug-related condition of parole, the Department of Corrections and Rehabilitation, Division of Adult Parole Operations shall notify the treatment provider designated to provide drug treatment under subdivision (a). Within 30 days thereafter the treatment provider shall prepare an individualized drug treatment plan and forward it to the Parole Authority and to the California Department of Corrections and Rehabilitation, Division of Adult Parole Operations agent responsible for supervising the parolee. On a quarterly basis after the parolee begins drug treatment, the treatment provider shall prepare and forward a progress report on the individual parolee to these entities and individuals.

(1) If at any point during the course of drug treatment the treatment provider notifies the Department of Corrections and Rehabilitation, Division of Adult Parole Operations that the parolee is unamenable to the drug treatment provided, but amenable to other drug treatments or related programs, the Department of Corrections and Rehabilitation, Division of Adult Parole Operations may act to modify the terms of parole to ensure that the parolee receives the alternative drug treatment or program.

(2) If at any point during the course of drug treatment the treatment provider notifies the Department of Corrections and Rehabilitation, Division of Adult Parole Operations that the parolee is unamenable to the drug treatment provided and all other forms of drug treatment provided pursuant to subdivision (b) of Section 1210 and the amenability factors described in subparagraph (B) of paragraph (3) of subdivision (e) of Section 1210.1, the Department of Corrections and Rehabilitation, Division of Adult Parole Operations may act to revoke parole. At the revocation hearing, parole may be revoked if it is proved that the parolee is unamenable to all drug treatment.

(3) Drug treatment services provided by subdivision (a) as a required condition of parole may not exceed 12 months, unless the Department of Corrections and Rehabilitation, Division of Adult Parole Operations makes a finding supported by the record that the continuation of treatment services beyond 12 months is necessary for drug treatment to be successful. If that finding is made, the Department of Corrections and Rehabilitation, Division of Adult Parole Operations may order up to two six-month extensions of treatment services. The provision of treatment services under this act shall not exceed 24 months.

(d) (1) If parole is revoked pursuant to the provisions of this subdivision, the defendant may be incarcerated pursuant to otherwise applicable law without regard to the provisions of this section. Parole

shall be revoked if the parole violation is proved and a preponderance of the evidence establishes that the parolee poses a danger to the safety of others.

(2) If a parolee receives drug treatment under subdivision (a), and during the course of drug treatment violates parole either by committing an offense other than a nonviolent drug possession offense, or by violating a non-drug-related condition of parole, and the Department of Corrections and Rehabilitation, Division of Adult Parole Operations acts to revoke parole, a hearing shall be conducted to determine whether parole shall be revoked.

Parole may be modified or revoked if the parole violation is proved.

(3) (A) If a parolee receives drug treatment under subdivision (a), and during the course of drug treatment violates parole either by committing a nonviolent drug possession offense, or a misdemeanor for simple possession or use of drugs or drug paraphernalia, being present where drugs are used, or failure to register as a drug offender, or any activity similar to those listed in subdivision (d) of Section 1210, or by violating a drug-related condition of parole, and the Department of Corrections and Rehabilitation, Division of Adult Parole Operations acts to revoke parole, a hearing shall be conducted to determine whether parole shall be revoked. Parole shall be revoked if the parole violation is proved and a preponderance of the evidence establishes that the parolee poses a danger to the safety of others. If parole is not revoked, the conditions of parole may be intensified to achieve the goals of drug treatment.

(B) If a parolee receives drug treatment under subdivision (a), and during the course of drug treatment for the second time violates that parole either by committing a nonviolent drug possession offense, or by violating a drug-related condition of parole, and the Department of Corrections and Rehabilitation, Division of Adult Parole Operations acts for a second time to revoke parole, a hearing shall be conducted to determine whether parole shall be revoked. If the alleged parole violation is proved, the parolee is not eligible for continued parole under any provision of this section and may be reincarcerated.

(C) If a parolee already on parole at the effective date of this act violates that parole either by committing a nonviolent drug possession offense, or a misdemeanor for simple possession or use of drugs or drug paraphernalia, being present where drugs are used, or failure to register as a drug offender, or any activity similar to those listed in paragraph (1) of subdivision (d) of Section 1210, or by violating a drug-related condition of parole, and the Department of Corrections and Rehabilitation, Division of Adult Parole Operations acts to revoke parole, a hearing shall be conducted to determine whether parole shall be

revoked. Parole shall be revoked if the parole violation is proved and a preponderance of the evidence establishes that the parolee poses a danger to the safety of others. If parole is not revoked, the conditions of parole may be modified to include participation in a drug treatment program as provided in subdivision (a). This paragraph does not apply to any parolee who at the effective date of this act has been convicted of one or more serious or violent felonies in violation of subdivision (c) of Section 667.5 or Section 1192.7.

(D) If a parolee already on parole at the effective date of this act violates that parole for the second time either by committing a nonviolent drug possession offense, or by violating a drug-related condition of parole, and the parole authority acts for a second time to revoke parole, a hearing shall be conducted to determine whether parole shall be revoked. If the alleged parole violation is proved, the parolee may be reincarcerated or the conditions of parole may be intensified to achieve the goals of drug treatment.

(e) The term "drug-related condition of parole" shall include a parolee's specific drug treatment regimen, and, if ordered by the Department of Corrections and Rehabilitation, Division of Adult Parole Operations pursuant to this section, employment, vocational training, educational programs, psychological counseling, and family counseling.

5625. (a) Annual grants shall be made to cities, counties, and districts for recreational purposes, open-space purposes, or both, on the basis of population and need, as specified in this chapter. The director shall, by regulation, specify the procedures to be followed in applying for grant funds. The director shall propose criteria for determining priority of need, conduct public hearings on those proposed criteria, and, following the hearings, shall submit the proposed criteria to the Legislature for its approval by statute within 60 days of submission of the criteria. A new, revised, or amended criterion or a criterion to be deleted shall be submitted to the Legislature for its approval by statute. SEC. 3. Section 6331.5 of the Public Resources Code is amended to read:

When available, the local agency shall provide copies of the descriptions, together with all materials supporting the descriptions, including field notes and other basic data, to the commission at no cost, other than the reproduction cost, to the state.

No appropriation is made by the act adding this section, nor is an obligation created thereby, for the reimbursement of a local agency for costs, other than reproduction costs, that may be incurred by it in carrying on a program or performing a service required to be carried on or performed by it by this section. Reimbursements for reproduction

expenditures shall be made by the commission from appropriations to the commission for the preparation of the inventory.

The commission shall evaluate each survey and shall adopt boundary descriptions already in common use where these metes and bounds descriptions approximate the existing line of ordinary high water where it is in a state of nature, or where the descriptions approximate the last position occupied in a state of nature by the line of ordinary high water in areas where the existing shoreline has ceased to be in a state of nature, and where sound engineering practices were used to conduct the survey. If metes and bounds descriptions of tideland boundaries are not available, or if the surveys do not describe the tideland boundary in a state of nature as hereinbefore defined, or if unsound engineering practices were used to describe a tideland boundary, the commission may conduct its own survey. Unless otherwise provided by law, prior to undertaking a survey on ungranted tidelands, the commission shall prepare an inventory of those ungranted tidelands that will require a commission survey and shall submit a report of its findings to the Legislature. The report shall contain a geographic identification of the ungranted tidelands that will require a survey, a plan establishing priorities for the orderly conduct of the needed surveys, and an estimate of the cost needed to complete the surveys.

(d) Notwithstanding subdivisions (j) and (k) of Section 12940, a claim that the information sheet or information required to be distributed pursuant to this section did not reach a particular individual or individuals shall not in and of itself result in the liability of any employer to any present or former employee or applicant in any action alleging sexual harassment. Conversely, an employer's compliance with this section does not insulate the employer from liability for sexual harassment of any current or former employee or applicant.

(e) If an employer violates the requirements of this section, the commission shall issue an order requiring the employer to comply with these requirements.

No later than 30 days after the report is submitted, the agency shall provide to the director a plan and schedule for correcting the identified inadequacies and weaknesses, which shall be updated every six months until all corrections are completed.

offer printing services to both state and other public agencies, including cities, counties, special districts, community college districts, the California State University, the University of California, and agencies of the United States government. When soliciting bids for printing services from the private sector, all state agencies shall also solicit a bid from the Office of State Publishing when the project is anticipated to cost more than five thousand dollars ($5,000).

(b) This section shall remain operative only until the effective date of the Budget Act of 2007 or July 1, 2007, whichever is later, and as of January 1, 2008, is repealed, unless a later enacted statute that is enacted before January 1, 2008, deletes or extends the dates on which it becomes inoperative and is repealed.

The contingency reserve for economic uncertainties established within the General Fund by Section 12.3 of the Budget Act of 1980 is hereby discontinued, and any balance in that reserve shall be transferred to the Special Fund for Economic Uncertainties. This special fund represents a reserve fund within the meaning of Section 5 of Article XIII B of the California Constitution. Notwithstanding Sections 16310 and 16314, the Controller may transfer as necessary from the Special Fund for Economic Uncertainties or from the special accounts in the General Fund to the General Fund amounts that are needed to meet cash needs of the General Fund. The Controller shall return all of the moneys so transferred without payment of interest as soon as there are sufficient moneys in the General Fund.

(b) The Controller shall transfer from the Special Fund for Economic Uncertainties to the unappropriated balance of the General Fund an amount necessary to eliminate any General Fund deficit as of the end of each fiscal year, commencing as of June 30, 1985. The amount of transfer for each fiscal year shall be determined on the basis of the State of California Preliminary Annual Report—Accrual Basis, for that fiscal year. Any subsequent adjustments shall be determined jointly by the Controller and the Director of Finance.

(c) Notwithstanding Section 13340, moneys in the Special Fund for Economic Uncertainties are hereby continuously appropriated without regard to fiscal years to the Director of Finance for the purpose of allocating funds for disaster relief pursuant to Chapter 5 (commencing with Section 194) and Chapter 6 (commencing with Section 197) of Part 1 of Division 1 of the Revenue and Taxation Code. However, any allocation made by the director pursuant to this subdivision shall not be

made sooner than 30 days after notification in writing of the necessity therefor is provided to the Joint Legislative Budget Committee.

(d) For budgeting and accounting purposes, any appropriations heretofore or hereafter made specifically from the Special Fund for Economic Uncertainties, other than appropriations contained in this section, shall be deemed an appropriation from the General Fund. For year-end reporting purposes, the Controller shall add the balance in the Special Fund for Economic Uncertainties to the balance in the General Fund so as to show the total moneys then available for General Fund purposes.

(e) (1) Notwithstanding Section 13340, there is hereby appropriated from the General Fund, without regard to fiscal years, for transfer by the Controller to the Special Fund for Economic Uncertainties as of the end of each fiscal year the unencumbered balance in the General Fund.

To request an exemption, a department or agency shall submit documentation to the Controller no later July 1, 2007, to substantiate that the implementation of CalATERS is not feasible or cost-effective for that department or agency. The Department of Finance and the Controller shall jointly report to the Joint Legislative Budget Committee, not later than February 1, 2008, on the exemptions that have been approved and the bases for the exemptions.

(2) The apportionment payments shall be made by the Controller. The final payment from the Trial Court Trust Fund for each fiscal year shall be made on or before August 31 of the subsequent fiscal year.

(A) Notwithstanding any other provision of law, in order to promote statewide efficiency, the Judicial Council may authorize the direct

payment or reimbursement or both of actual costs from the Trial Court Trust Fund or the Trial Court Improvement Fund to fund the costs of operating one or more trial courts upon the consent of participating courts. These paid or reimbursed costs may be for services provided to the court or courts by the Administrative Office of the Courts or payment for services or property of any kind contracted for by the court or courts or on behalf of the courts by the Administrative Office of the Courts. The amount of appropriations from the Trial Court Improvement Fund under this subdivision may not exceed 20 percent of the amount deposited in the Trial Court Improvement Fund pursuant to subdivision (a) of Section 77205. The direct payment or reimbursement of costs from the Trial Court Trust Fund may be supported by the reduction of a participating court's allocation from the Trial Court Trust Fund to the extent that the court's expenditures for the program are reduced and the court is supported by the expenditure. The Judicial Council shall provide the affected trial courts with quarterly reports on expenditures from the Trial Court Trust Fund incurred as authorized by this subdivision. The Judicial Council shall establish procedures to provide for the administration of this paragraph in a way that promotes the effective, efficient, reliable, and accountable operation of the trial courts.

(B) As used in subparagraph (A), the term "costs of operating one or more trial courts" includes any expenses related to operation of the court or performance of its functions, including, but not limited to, statewide administrative and information technology infrastructure supporting the courts. The term "costs of operating one or more trial courts" is not restricted to items considered "court operations" pursuant to Section 77003, but is subject to policies, procedures, and criteria established by the Judicial Council, and may not include an item that is a cost that must otherwise be paid by the county or city and county in which the court is located.

(b) Notwithstanding any other provision of law, the fees listed in subdivision (c) shall all be deposited upon collection in a special account in the county treasury, and transmitted monthly to the Controller for deposit in the Trial Court Trust Fund.

(c) (1) Except as specified in subdivision (d), this section applies to all fees collected on or before December 31, 2005, pursuant to Sections 631.3, 116.230, and 403.060 of the Code of Civil Procedure and Sections 26820.4, 26823, 26826, 26826.01, 26827, 26827.4, 26830, 26832.1, 26833.1, 26835.1, 26836.1, 26837.1, 26838, 26850.1, 26851.1, 26852.1, 26853.1, 26855.4, 26862, 68086, 72055, 72056, 72056.01, and 72060.

(2) Notwithstanding any other provision of law, except as specified in subdivision (d) of this section and subdivision (a) of Section 68085.7, this section applies to all fees and fines collected on or before December

31, 2005, pursuant to Sections 116.390, 116.570, 116.760, 116.860, 177.5, 491.150, 704.750, 708.160, 724.100, 1134, 1161.2, and 1218 of the Code of Civil Procedure, Sections 26824, 26828, 26829, 26834, and 72059 of the Government Code, and subdivisions (b) and (c) of Section 166 and Section 1214.1 of the Penal Code.

(3) If any of the fees provided for in this subdivision are partially waived by court order, and the fee is to be divided between the Trial Court Trust Fund and any other fund, the amount of the partial waiver shall be deducted from the amount to be distributed to each fund in the same proportion as the amount of each distribution bears to the total amount of the fee.

(d) This section does not apply to that portion of a filing fee collected pursuant to Section 26820.4, 26826, 26827, 72055, or 72056 that is allocated for dispute resolution pursuant to Section 470.3 of the Business and Professions Code, the county law library pursuant to Section 6320 of the Business and Professions Code, the Judges' Retirement Fund pursuant to Section 26822.3, automated recordkeeping or conversion to micrographics pursuant to Sections 26863 and 68090.7, and courthouse financing pursuant to Section 76238. This section also does not apply to fees collected pursuant to subdivisions (a) and (c) of Section 27361.

(e) This section applies to all payments required to be made to the State Treasury by any county or city and county pursuant to Section 77201, 77201.1, or 77205.

(f) Notwithstanding any other provision of law, no agency may take action to change the amounts allocated to any of the funds described in subdivision (a), (b), (c), or (d).

(g) The Judicial Council shall reimburse the Controller for the actual administrative costs that will be incurred under this section. Costs reimbursed under this section shall be determined on an annual basis in consultation with the Judicial Council.

(h) Any amounts required to be transmitted by a county or city and county to the state pursuant to this section shall be remitted to the Controller no later than 45 days after the end of the month in which the fees were collected. This remittance shall be accompanied by a remittance advice identifying the collection month and the appropriate account in the Trial Court Trust Fund to which it is to be deposited. Any remittance that is not made by the county or city and county in accordance with this section shall be considered delinquent, and subject to the penalties specified in this section.

(i) Upon receipt of any delinquent payment required pursuant to this section, the Controller shall calculate a penalty on any delinquent payment by multiplying the amount of the delinquent payment at a daily rate equivalent to 1½ percent per month for the number of days the

payment is delinquent. Notwithstanding Section 77009, any penalty on a delinquent payment that a court is required to reimburse to a county's general fund pursuant to this section and Section 24353 shall be paid from the Trial Court Operations Fund for that court.

(j) Penalty amounts calculated pursuant to subdivision (i) shall be paid by the county to the Trial Court Trust Fund no later than 45 days after the end of the month in which the penalty was calculated.

(k) The Trial Court Trust Fund shall be invested in the Surplus Money Investment Fund and all interest earned shall be allocated to the Trial Court Trust Fund quarterly and shall be allocated among the courts in accordance with the requirements of subdivision (a). The specific allocations shall be specified by the Judicial Council.

(*l*) It is the intent of the Legislature that the revenues required to be deposited into the Trial Court Trust Fund be remitted as soon after collection by the courts as possible.

(m) Except for subdivisions (a) and (k), this section does not apply to fees and fines that are listed in subdivision (a) of Section 68085.1 that are collected on or after January 1, 2006.

(b) For the purposes of this section, salary increases for state employees shall be those increases as reported by the Department of Personnel Administration.

(c) The salary increase for judges and justices made on July 1, 1980, for the 1980–81 fiscal year, shall in no case exceed 5 percent.

(2) In addition to the moneys to be applied pursuant to subdivision (b), the Judicial Council may identify and request additional funding for the trial courts for costs resulting from the implementation of statutory changes that result in either an increased level of service or a new activity that directly affects the programmatic or operational needs of the courts.

(b) The Judicial Council shall allocate the funding from the Trial Court Trust Fund to the trial courts in a manner that best ensures the ability of the courts to carry out their functions, promotes implementation of statewide policies, and promotes the immediate implementation of efficiencies and cost-saving measures in court operations, in order to guarantee access to justice to citizens of the state.

(2) The Labor Commissioner, after investigation, is satisfied as to the character, competency, and responsibility of the person.

(3) The person has deposited with the Labor Commissioner a surety bond in an amount based on the size of the person's annual payroll for all employees, as follows:

(A) For payrolls up to five hundred thousand dollars ($500,000), a twenty-five thousand dollar ($25,000) bond.

The Labor Commissioner may disburse funds from the Farmworker Remedial Account to farm labor contractors, for payment of farmworkers, where a contractor is unable to pay farmworkers due to the failure of a grower or packer to pay the contractor. Any disbursed funds subsequently recovered by the Labor Commissioner pursuant to Section 1693, or otherwise, shall be returned to the Farmworker Remedial Account.

SEC. 37. (a) It is the intent of the Legislature to provide a means to correct errors made in calculating the contributions by the state to the Teachers' Retirement Fund and the Supplemental Benefit Maintenance Account in the Teachers' Retirement Fund. The appropriation based on that March 2006 calculation is less than the appropriation based on the October 1, 2005, calculation, in the amount of one million seven hundred six thousand six hundred eighteen dollars ($1,706,618).

(2) For fiscal year 2004–05, the amount appropriated as described in subdivision (b) of Section 22954 of the Education Code exceeds the amount required to be paid by the state in the amount of one million ninety-two thousand eight hundred sixty-five dollars ($1,092,865). The amount described in this paragraph shall be applied as a credit to the state for the appropriation described in paragraph (1) of this subdivision.

(3) Notwithstanding the creditable compensation calculation of October 1, 2005, by the Teachers' Retirement Board for the 2006–07 fiscal year, the continuous appropriation described in subdivision (a) of Section 22955 of the Education Code for the 2006–07 fiscal year shall be based on the creditable compensation calculation of March 2006 by the Teachers' Retirement Board. The appropriation based on that March 2006 calculation is less than the appropriation based on the October 1, 2005, calculation, in the amount of one million three hundred seventy-seven thousand eight hundred seventy dollars ($1,377,870).

(4) For fiscal year 2004–05, the amount appropriated as described in subdivision (a) of Section 22955 of the Education Code exceeds the amount required to be paid by the state in the amount of eight hundred eighty-one thousand seven hundred twenty-three dollars ($881,723). The amount described in this paragraph shall be applied as a credit to the state for the appropriation described in paragraph (3) of this subdivision.

(5) For fiscal years 2002–03, 2003–04, 2004–05, and 2005–06, the amount appropriated as described in subdivision (b) of Section 22955 of the Education Code exceeds the amount required to be paid by the state in the amount of one hundred twenty-two million six hundred thousand two hundred thirteen dollars ($122,600,213). The amount described in this paragraph shall be applied as a credit to the state for the appropriation described in subdivision (b) of Section 22955 of the Education Code for the 2006–07 fiscal year.

SEC. 38. The accounting adjustments described in Section 37 of this act shall require all of the following:

(a) On July 1, 2006, for the 2006–07 fiscal year and in addition to the amount that would otherwise be appropriated for the Supplemental Benefit Maintenance Account as described in subdivision (b) of Section 22954 of the Education Code, there shall be an appropriation from the General Fund to the Controller for transfer to the Supplemental Benefit Maintenance Account in the Teachers' Retirement Fund in the amount of six hundred thirteen thousand seven hundred fifty-three dollars ($613,753).

(b) On July 1, 2006, for the 2006–07 fiscal year and as described in this act, the appropriation described in subdivisions (a) and (b) of Section 22955 of the Education Code from the General Fund to the Controller for transfer to the Teachers' Retirement Fund shall be reduced by one hundred twenty-two million one hundred four thousand sixty-six dollars ($122,104,066).

SEC. 39. The Legislature finds and declares that the addition of Section 84602.1 to the Government Code by Section 19 of this act furthers the purpose of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

SEC. 40. (a) In enacting Section 21 of this act, the Legislature finds and declares all of the following:

(1) The Housing and Emergency Shelter Trust Fund Act of 2002 provided fifteen million dollars ($15,000,000) through the voter approval of Proposition 46 at the November 5, 2002, statewide general election for the purpose of funding student housing through the Multifamily Housing Program.

(2) Pursuant to that act, any funds not used for student housing within 24 months of availability are to be awarded pursuant to the Downtown Rebound Program for loans to project sponsors for the adaptive reuse of vacant or underused commercial or industrial structures into rental housing located within an elementary school attendance area where 50 percent or more of the pupils are eligible for free meals under the federal school lunch program to be occupied by households having an income not exceeding 150 percent of area median income, pursuant to paragraph (1) of subdivision (c) of Section 50898.2.

(3) As of November 7, 2005, student housing funds remained after 24 months of availability. However, demand for funds under the Adaptive Reuse Program has proven to be lower than originally anticipated. Therefore, there is a likelihood that any unused student funds made available to the Adaptive Reuse Program may remain unused for an extended period of time.

(4) In approving the Housing and Emergency Shelter Trust Fund Act of 2002, the voters expressly reserved to the Legislature the authority to make program revisions where necessary for the effectiveness or efficiency in meeting the purposes of the various programs.

(b) Therefore, the Legislature determines that a more efficient and effective use of unused student housing funds would be to make these funds available to transit-oriented Downtown Rebound Program rental housing projects as described in paragraph (3) of subdivision (a) of Section 50898.1 for which there is a higher demand for funds.

SEC. 41. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make the necessary changes to implement the Budget Act of 2006 at the earliest possible time, it is necessary that this act take effect immediately.

(1) The certificate holder submitting documentation of completion of 48 hours of in-service training every two years obtained through an approved training program or taught by a director of staff development for a licensed skilled nursing or intermediate care facility that has been approved by the department, or by individuals or programs approved by the department. At least 12 of the 48 hours of in-service training shall be completed in each of the two years. Twenty-four of the 48 hours of in-service training may be obtained through an online computer training program approved by the Licensing and Certification Division of the department.

(2) (A) A vendor of online programs for continuing education shall ensure that each online course contains all of the following:

(i) An interactive portion where the participants receive feedback, through online communication, based on input from the participant.

(iii) A final screen displaying a printable statement, to be signed by the participant, certifying that the identified participant completed the course. The vendor shall obtain a copy of the final screen statement with the original signature of the participant prior to the issuance of a certificate of completion. The signed statement of completion shall be maintained by the vendor for a period of three years and shall be made available to the department upon demand.

(B) The department may approve online programs for continuing education that do not meet the requirements of subparagraph (A) if the vendor demonstrates to the department's satisfaction that, through

advanced technology, the course and the course delivery meet the other requirements of this section.

(3) The certificate holder obtaining a criminal record clearance.

(b) Certificates issued under this article shall expire on the certificate holder's birthday.

(c) To renew an unexpired certificate, the certificate holder shall, on or before the certificate expiration date, apply for renewal on a form provided by the department and submit documentation of the required in-service training.

(d) The department shall give written notice to a certificate holder 90 days in advance of the renewal date and, 90 days in advance of the expiration of the fourth year that a renewal application has not been submitted, and shall give written notice informing the certificate holder, in general terms, of the provisions of this article. Nonreceipt of the renewal notice does not relieve the certificate holder of the obligation to make a timely renewal. Failure to make a timely renewal shall result in expiration of the certificate.

(e) Except as otherwise provided in this article, an expired certificate may be renewed at any time within two years after its expiration on the filing of an application for renewal on a form prescribed by the department and documentation of the required in-service education.

Renewal under this article shall be effective on the date on which the application is filed. If so renewed, the certificate shall continue in effect until the date provided for in this article, when it shall expire if it is not again renewed.

(f) If a certified nurse assistant applies for renewal more than two years after the expiration, the certified nurse assistant shall complete an approved 75-hour competency evaluation training program and competency evaluation program. A suspended certificate is subject to expiration and shall be renewed as provided in this article, but this renewal does not entitle the certificate holder, while the certificate remains suspended, and, until it is reinstated, to engage in the certified activity, or in any other activity or conduct in violation of the order or judgment by which the certificate was suspended.

(g) A revoked certificate is subject to expiration as provided in this article, but it cannot be renewed.

(h) Except as provided in subdivision (i), a certificate that is not renewed within four years after its expiration cannot be renewed, restored, reissued, or reinstated except upon completion of a certification program unless deemed otherwise by the department if both of the following conditions are met:

(1) No fact, circumstance, or condition exists that, if the certificate was issued, would justify its revocation or suspension.

(2) The person takes and passes any examination that may be required of an applicant for a new certificate at that time, that shall be given by an approved provider of a certification training program.

(i) A certified nurse assistant whose certificate has expired after two years may have his or her certificate renewed if he or she completes 75 hours in an approved competency evaluation training program, passes a competency test, and obtains a criminal background clearance prior to the renewal. The department shall develop a training program for these previously certified individuals.

(j) Certificate holders shall notify the department within 60 days of any change of address. Any notice sent by the department shall be effective if mailed to the current address filed with the department.

(k) Certificate holders that have been certified as both nurse assistants pursuant to this article and home health aides pursuant to Chapter 8 (commencing with Section 1725) of Division 2 shall renew their certificates at the same time on one application.

1338.5. (a) (1) A criminal record clearance shall be conducted for all nurse assistants by the submission of fingerprint cards to the state department for processing at the Department of Justice. This criminal record clearance shall be completed prior to issuing or renewing a certificate. The fee to cover the processing costs of the Department of Justice, not including the costs associated with rolling the fingerprint cards, shall not exceed thirty-two dollars ($32) per card.

(2) Upon enrollment in a training program for nurse assistant certification, and prior to direct contact with residents, a candidate for training shall submit a training and examination application and the fingerprint cards to the state department to receive a criminal record review through the Department of Justice. Submission of the fingerprints to the Federal Bureau of Investigation shall be at the discretion of the state department.

(3) Each health facility that operates and is used as a clinical skills site for certification training, and each health facility, prior to hiring a nurse assistant applicant certified in another state or country, shall arrange for and pay the cost of the fingerprint live-scan service and the Department of Justice processing costs for each applicant. Health facilities may not pass these costs through to nurse assistant applicants unless allowed by federal law enacted subsequent to the effective date of this paragraph.

(b) Upon receipt of the fingerprints, the Department of Justice shall notify the state department of the criminal record information, as provided

for in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the state department with a statement of that fact. If the fingerprints are illegible, the Department of Justice shall, within 15 calendar days from receipt of the fingerprints, notify the state department of that fact.

(c) The department shall respond to the applicant and employer within 30 days from the date of receipt of the fingerprint cards.

(d) The use of fingerprint live-scan technology implemented by the Department of Justice by the year 1999 shall be used by the Department of Justice to generate timely and accurate positive fingerprint identification prior to nurse assistant certification.

(e) The state department shall develop procedures to ensure that any licensee, direct care staff, or certificate holder for whom a criminal record has been obtained pursuant to this section or Section 1265.5 or 1736 shall not be required to obtain multiple criminal record clearances.

(f) If the department receives a fingerprint card from a certified nursing assistant 60 days prior to the expiration of the certified nursing assistant's certification and the department has received no response from the Department of Justice, or if the department is experiencing a delay in processing the renewal of the certified nursing assistant's certification at the time of the expiration of the certified nursing assistant's certification, the department may extend the expiration of the certified nursing assistant's certification for 60 days. This provision shall expire August 1, 2001.

(c) Contracts between the department and regional centers shall require regional centers to have service coordinator-to-consumer ratios, as follows:

In no case shall a service coordinator for these consumers have an assigned caseload in excess of 79 consumers for more than 60 days.

(d) Each license or renewal issued pursuant to this chapter shall expire 12 months from the date of issuance. Application for renewal of the license shall be accompanied by the necessary fee and shall be filed with the department at least 30 days prior to the expiration date. Failure to file a timely renewal may result in expiration of the license.

(e) License and renewal fees collected pursuant to this section shall be deposited into the Licensing and Certification Fund, Mental Health.

(f) Fees collected by the department pursuant to this section shall be expended by the department for the purpose of ensuring the health and safety of all individuals providing care and supervision by licensees and to support activities of the Licensing and Certification Program, including, but not limited to, monitoring facilities for compliance with applicable laws and regulations.

SEC. 60. Section 14007.2 is added to the Welfare and Institutions Code, to read:

14007.2. (a) Any individual who is otherwise eligible for Medi-Cal services, but who does not meet the documentation requirements described in subdivision (e) of Section 14011.2, shall be eligible only for the scope of services made available to aliens under subdivision (d) of Section 14007.5, and Sections 14007.65 and 14007.7.

(b) To the extent that federal financial participation is available to fund services described under subdivision (a), the department shall file all necessary state plan amendments to obtain that funding.

SEC. 61. Section 14011.2 of the Welfare and Institutions Code, as added by Section 66 of Chapter 722 of the Statutes of 1992, is amended to read:

14011.2. (b) The requirement for a social security account number shall be a condition of eligibility only for the applicant who is seeking or the beneficiary who is receiving (1) full-scope medical benefits or (2), pursuant to Section 14007.5, restricted medical benefits (emergency and pregnancy-related services only), and, in either case, who declares, as required in subdivision (d), that he or she is a citizen or national of the United States, and, if he or she is not a citizen or national of the United States, that he or she has satisfactory immigration status.

(c) The requirement for a social security account number shall not be a condition of eligibility for the applicant who is seeking or the beneficiary who is receiving, pursuant to Section 14007.5, restricted medical benefits (emergency and pregnancy-related services only), and who has not made the declaration, as required in subdivision (d), that he or she is not a citizen or national of the United States, and, if he or she is not a citizen or national of the United States, that he or she does not have satisfactory immigration status.

(2) (A) The documentation required pursuant to paragraph (1) shall be provided once by each individual, as follows:

(i) During the initial application process for applicants.

(ii) During the redetermination process for existing beneficiaries.

(B) If the documentation is obtained from a beneficiary, the county shall maintain a copy of the documentation in the case file of the beneficiary, and shall not request this documentation again.

(C) If electronic verification is used, a record of the documentation shall be maintained in the case record and shall not be requested again.

(D) Once the required documentation has been obtained by the county, the beneficiary shall not be required to provide it again, even if he or she is transferring to or applying in a new county.

(3) To the extent that federal financial participation is available, the department shall provide for exceptions or alternatives to the documentation requirements imposed by this subdivision as a means of providing individuals with increased flexibility and ability to provide satisfactory documentary evidence within a reasonable period of time. These exceptions or alternatives may include, but shall not be limited to, using an expanded list of acceptable documents, relying on electronic data matches for birth certificates, relying on a sworn affidavit of citizenship with respect to an individual who can demonstrate good cause for his or her inability or other failure to provide the required documentation, and relying on other information that may be available electronically.

(4) (A) To the extent that federal financial participation is available, the department shall rely on the eligibility determinations for the CalWORKs program or the Aid to Families with Dependent Children-Foster Care program as meeting the requirements of this section.

(B) To the extent that federal financial participation is available, an individual shall be deemed to have met the documentation requirements of this subdivision if the individual has been determined to be eligible for supplemental security income pursuant to Title XVI of the Social Security Act (42 U.S.C. Sec. 1601 et seq.).

(5) The following provisions shall apply to the extent that federal financial participation is available:

(A) If an individual cooperates in the effort to obtain and present the documentation required under this subdivision, the individual shall be given as much time as is allowed by federal law and policy to present that documentation.

(B) During the time period described in subparagraph (A), an applicant shall receive the scope of Medi-Cal benefits for which the applicant is otherwise eligible.

(6) To the extent that federal financial participation is available, the county shall do all of the following to assist an individual in obtaining and presenting the documentation required under this subdivision:

(A) For an applicant who does not present the required documentation at the time of application, the county, during the time period described in subparagraph (A) of paragraph (5), shall assist the applicant in obtaining that documentation.

(B) For a current beneficiary who has not yet documented his or her citizenship, the county shall do the following:

(i) If, at the time of annual redetermination, the beneficiary returns the annual redetermination form and, but for the failure to present the required documentation, continued eligibility could be established, the county shall do the following:

(I) Review county eligibility files and records, and the Medi-Cal Eligibility Data System, to access those documents. This review shall include a review of any CalWORKs or food stamp files that may exist for the beneficiary.

(II) Attempt to reach the beneficiary by telephone to advise the beneficiary as to the need to obtain and present the required documentation.

(III) If the beneficiary fails to respond to the telephone contact or present the required documents, send a second form to the beneficiary that highlights the documentation being requested and informs the beneficiary to contact the county. The form shall be written in a simple, clear, consumer-friendly manner, and shall explain why the documentation is necessary.

(IV) If the beneficiary fails to contact the county, the county shall make another attempt to reach the beneficiary by telephone to advise the beneficiary of the need to obtain and present the required documentation.

(ii) Document in the case file any efforts made to contact and advise the beneficiary as to the need to obtain and present the required documentation.

(C) If a beneficiary fails to present the required documentation after the process required under clause (i), the county shall send a 10-day notice of action to indicate that the beneficiary's benefits are reduced to those made available under Section 14007.2.

(7) (A) Any benefits provided in accordance with subparagraph (B) of paragraph (5) shall terminate if any of the following occurs:

(i) The individual does not obtain and present the required documentation within the time period provided in subparagraph (A) of paragraph (5).

(ii) The documentation is received by the county and the county has made a final determination of eligibility.

(B) The termination of Medi-Cal benefits under this paragraph shall occur without the necessity of further review or determination by the department. This shall not affect an individual's right to a hearing with respect to the denial of the application or termination of eligibility resulting from the annual eligibility redetermination.

(8) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department shall implement this subdivision by means of an all county letter or similar instruction without taking regulatory action. Within three years from the date that this subdivision becomes effective, the department shall adopt regulations in accordance with the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(9) The department shall notify and consult with advocates, providers, counties, and health plans in implementing, interpreting, or making specific this subdivision.

(10) The department shall file all necessary state plan amendments to implement the requirements of this subdivision. Upon filing any state plan amendment, the department shall provide the appropriate fiscal committees of the Legislature with a copy of the state plan amendment.

(11) If any part of this subdivision is in conflict with or does not comply with federal law, the subdivision shall be implemented only to the extent that federal law permits. Any part that is in conflict with or does not comply with federal law shall be severable from the remaining portions of this subdivision.

SEC. 62. Section 14043.46 of the Welfare and Institutions Code is amended to read:

14043.46. (3) An organization that currently holds a designation as a federally qualified rural health clinic as defined in Section 1396d(*l*)(1) of Title 42 of the United States Code.

(4) An applicant with the physical location of the center in an unserved area, which is defined as a county having no licensed and certified adult day health care center within its geographic boundary.

(5) Commencing May 1, 2006, an applicant for certification that meets all of the following:

(A) Is serving persons discharged into community housing from a nursing facility operated by the City and County of San Francisco.

(B) Has submitted, after December 31, 2005, but prior to February 1, 2006, an application for certification that has not been denied.

(C) Meets all criteria for certification imposed under this article and is licensed as an adult day health care center pursuant to Chapter 3.3 (commencing with Section 1570) of Division 2 of the Health and Safety Code.

(6) An applicant that is requesting expansion or relocation, or both, that has been Medi-Cal certified as an adult day health care center for at least four years, is expanding or relocating within the same county, and that meets one of the following population-based criteria:

(A) The county is ranked number one or two for having the highest ratio of persons over 65 years of age receiving Medi-Cal benefits.

(B) The county is ranked number one or two for having the highest ratio of persons over 85 years of age residing in the county.

(C) The county is ranked number one or two for having the greatest ratio of persons over 65 years of age living in poverty.

(7) An applicant for certification that is currently licensed and located in a county with a population that exceeds 9,000,000 and meets the following criteria:

(A) The applicant has identified a special population of regional center consumers whose individual program plan calls for the specialized health and social services that are uniquely provided within the adult day health care center, in order to prevent deterioration of the special population's health status.

(B) The referring regional center submits a letter to the Director of Health Services supporting the applicant for certification as an adult day health care provider for this special population.

(C) The applicant is currently providing services to the special population as a vendor of the referring regional center.

(D) The participants in the center are clients of the referring regional center and are not residing in a health facility licensed pursuant to subdivision (c), (d), (g), (h), or (k) of Section 1250 of the Health and Safety Code.

(c) The moratorium shall not prohibit the department from approving a change of ownership, relocation, or increase in capacity for an adult day health care center if the following conditions are met:

(1) For an application to change ownership, the adult day health care center meets all of the following conditions:

(A) Has been licensed and certified prior to the effective date of this section.

(B) Has a license in good standing.

(C) Has a record of substantial compliance with certification laws and regulations.

(D) Has met all requirements for the change application.

(2) For an application to relocate an existing facility, the relocation center must meet all of the conditions of paragraph (1) and both of the following conditions:

(A) Must be located in the same county as the existing licensed center.

(B) Must be licensed for the same capacity as the existing licensed center, unless the relocation center is located in an underserved area, which is defined as a county having 2 percent or fewer Medi-Cal beneficiaries over the age of 65 years using adult day health care services, based on 2002 calendar year Medi-Cal utilization data.

(3) For an application to increase the capacity of an existing facility, the center must meet all of the conditions of paragraph (1) and must be located in an underserved area, which is defined as a county having 2 percent or fewer Medi-Cal beneficiaries over the age of 65 years using adult day health care services, based on 2002 calendar year Medi-Cal utilization data.

(d) Following the first 180 days of the moratorium period, the department may make exceptions to the moratorium for new adult day health care centers that are located in underserved areas if the center's application was on file with the department on or before the effective date of the act adding this section. In order to apply for this exemption, an applicant or licensee must meet all of the following criteria:

(1) The applicant has control of a facility, either by ownership or lease agreement, that will house the adult day health care center, has provided to the department all necessary documents and fees, and has completed and submitted all required fingerprinting forms to the department.

(2) The physical location of the applicant's or licensee's adult day health care center is in an underserved area, which is defined as a county having 2 percent or fewer Medi-Cal beneficiaries over the age of 65 years using adult day health care services, based on 2002 calendar year Medi-Cal utilization data.

(e) During the period of the moratorium, a licensee or applicant that meets the criteria for an exemption as defined in subdivision (d) may submit a written request for an exemption to the director.

(f) If the director determines that a new adult day health care licensee or applicant meets the exemption criteria, the director may certify the licensee or applicant, once licensed, for participation in the Medi-Cal program.

(g) The director may extend this moratorium, if necessary, to coincide with the implementation date of the adult day health care waiver.

(h) The authority granted in this section shall not be interpreted as a limitation on the authority granted to the department in any other section.

SEC. 63. Section 14067.3 is added to the Welfare and Institutions Code, to read:

14067.3. (a) (1) The department may maintain an allocation program for the management and funding of county outreach and enrollment plans to enroll and retain eligible children in the Medi-Cal program and the Healthy Families Program.

(2) Notwithstanding any other provision of law, and in a manner that the director shall provide, the department may allocate an amount to fund county outreach and enrollment plans identified in this section.

(b) (1) The sum of three million dollars ($3,000,000) in the 2006–07 fiscal year, and thereafter adjusted proportionately on a pro rata basis contingent upon the annual appropriation, but not less than two million dollars ($2,000,000), shall be set aside, from the annual allocation for purposes of this section, for counties identified in subdivision (d).

(2) Notwithstanding paragraph (1), the total of all county allocations made pursuant to this section shall not exceed the annual appropriation for the implementation of this section.

(c) The director shall make allocations to not more than 20 counties that have the highest number of children who appear to be eligible for the Medi-Cal program or the Healthy Families Program, as determined by the director, but who are not currently enrolled in either program, and the highest number of Medi-Cal program and Healthy Families Program cases for children. This number shall be weighted to emphasize those who appear eligible, but are not currently enrolled in the programs.

(d) With funds set aside under paragraph (1) of subdivision (b), the director shall make allocations to those counties that have an existing infrastructure for outreach, enrollment, retention, and utilization, and that can demonstrate they have well established and documented county coalitions for children's coverage with organizations such as community-based organizations, schools, clinics, labor organizations, and other safety net providers in place for at least 12 months.

(e) (1) To obtain an allocation authorized under this section, a county shall submit an allocation plan, which shall include an outreach and enrollment plan, as outlined in paragraph (2). The director shall establish the procedures and format for submission to the department of all county allocation plans.

(2) The following shall constitute the minimum components required of a county outreach and enrollment plan:

(A) An active collaboration with a wide range of organizations, such as community-based organizations, schools, clinics, labor organizations, and other safety net providers.

(B) A streamlined application assistance process.

(C) Establishment of an oversight, performance management, and review program to ensure that the outreach and enrollment plan submitted by the county is properly implemented and administered.

(D) A description of each of the following:

(i) The amount of the current funding and funding source for application, enrollment, retention, and utilization activities.

(ii) The current application, enrollment, retention, and utilization activities.

(iii) How the allocation funds awarded under this section will be used to supplement and not supplant existing application, enrollment, retention, and utilization activities.

(E) A detailed proposed budget of all expenditures for the relevant fiscal year or years for the county's outreach and enrollment plan activities, expenses, services, materials, and support.

(f) Counties receiving an allocation under this section shall provide reports to the department, as determined by the department, on the progress made in achieving the objectives of the allocation plan.

(g) (1) The funds allocated under this section shall be used only for outreach, enrollment, retention, and utilization. The funds allocated under this section may supplement, but shall not supplant, existing local, state, and foundation funding of county outreach, enrollment, retention, and utilization activities. Notwithstanding Section 10744, the department may recoup or withhold all or part of a county's allocation for failure to comply with the standards set forth in the county's outreach and enrollment plan upon which the allocation was based.

(2) Notwithstanding any other provision in this section, any acquisitions made with funds allocated under this section shall be made in compliance with federal law.

(h) Reimbursements for costs incurred under the allocation plan authorized under this section shall be made in arrears and in a manner as provided by the director. The allocations may be used only to fund activities provided in each of the designated fiscal years and in

accordance with the county's approved outreach and enrollment plan and budget for the fiscal year.

(i) As authorized by the director, on a case by case basis, funds allocated pursuant to this section may be used to support automated enrollment of children in the Medi-Cal program or the Healthy Families Program. Funds under this subdivision shall further the goal of increasing the enrollment of uninsured children, as well as increasing the retention of children, in the Medi-Cal program and Healthy Families Program in the same fiscal year for which the funds are allocated.

(j) The department and the Managed Risk Medical Insurance Board shall seek approval of any amendments to the state plan necessary to implement this section for purposes of funding under Titles XIX and XXI of the federal Social Security Act (42 U.S.C. Secs. 1396 et seq. and 1397aa et seq., respectively). This section shall be implemented only when federal approvals have been obtained and only to the extent federal financial participation is available.

(k) The department shall reimburse a county pursuant to this section in lieu of commencing a cooperative agreement or contract with a county for the operation of an outreach program.

(*l*) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement, interpret, or make specific this section by means of all county letters, provider bulletins, or similar instructions.

(m) For the purposes of this section, "county outreach and enrollment plan" means a county outreach program designed to identify and enroll children who are eligible either for the Healthy Families Program or the Medi-Cal program, but are not currently enrolled in either program, and to facilitate the retention of eligible children currently enrolled in these programs.

SEC. 64. Section 14068 is added to the Welfare and Institutions Code, to read:

14068. In conducting outreach activities for the enrollment of special needs populations into a Medi-Cal managed care program, the department and its contractors, as deemed applicable by the department, shall work with state, local, and regional organizations with the ability to target low-income seniors and individuals with disabilities in the communities where they live. This shall include, but not be limited to, all applicable state departments that serve these individuals, regional centers, seniors' organizations, local health consumer centers, and other consumer-focused organizations that are engaging in providing assistance to this population.

SEC. 65. Section 14105.33 of the Welfare and Institutions Code is amended to read:

14105.33. (a) The department may enter into contracts with manufacturers of single-source and multiple-source drugs, on a bid or nonbid basis, for drugs from each major therapeutic category, and shall maintain a list of those drugs for which contracts have been executed.

(b) (1) Contracts executed pursuant to this section shall be for the manufacturer's best price, as defined in Section 14105.31, which shall be specified in the contract, and subject to agreed-upon price escalators, as defined in that section. The contracts shall provide for an equalization payment amount, as defined in Section 14105.31, to be remitted to the department quarterly. The department shall submit an invoice to each manufacturer for the equalization payment amount, including supporting utilization data from the department's prescription drug paid claims tapes within 30 days of receipt of the Centers for Medicare and Medicaid Services' file of manufacturer rebate information. In lieu of paying the entire invoiced amount, a manufacturer may contest the invoiced amount pursuant to procedures established by the federal Centers for Medicare and Medicaid Services' Medicaid Drug Rebate Program Releases or regulations by mailing a notice, that shall set forth its grounds for contesting the invoiced amount, to the department within 38 days of the department's mailing of the state invoice and supporting utilization data. For purposes of state accounting practices only, the contested balance shall not be considered an accounts receivable amount until final resolution of the dispute pursuant to procedures established by the federal Centers for Medicare and Medicaid Services' Medicaid Drug Rebate Program Releases or regulations that results in a finding of an underpayment by the manufacturer. Manufacturers may request, and the department shall timely provide, at cost, Medi-Cal provider level drug utilization data, and other Medi-Cal utilization data necessary to resolve a contested department-invoiced rebate amount.

(2) The department shall provide for an annual audit of utilization data used to calculate the equalization amount to verify the accuracy of that data. The findings of the audit shall be documented in a written audit report to be made available to manufacturers within 90 days of receipt of the report from the auditor. Any manufacturer may receive a copy of the audit report upon written request. Contracts between the department and manufacturers shall provide for any equalization payment adjustments determined necessary pursuant to an audit.

(3) Utilization data used to determine an equalization payment amount shall exclude data from both of the following:

(A) Health maintenance organizations, as defined in Section 300e(a) of Title 42 of the United States Code, including those organizations that contract under Section 1396b(m) of Title 42 of the United States Code.

(B) Capitated plans that include a prescription drug benefit in the capitated rate, and that have negotiated contracts for rebates or discounts with manufacturers.

(4) Utilization data used to determine an equalization payment amount shall include data from all programs that qualify for federal drug rebates pursuant to Section 1927 of the federal Social Security Act (42 U.S.C. Sec. 1396r-8) or that otherwise qualify for federal funds under Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.) pursuant to the Medicaid state plan or waivers.

(c) In order that Medi-Cal beneficiaries may have access to a comprehensive range of therapeutic agents, the department shall ensure that there is representation on the list of contract drugs in all major therapeutic categories. Except as provided in subdivision (a) of Section 14105.35, the department shall not be required to contract with all manufacturers who negotiate for a contract in a particular category. The department shall ensure that there is sufficient representation of single-source and multiple-source drugs, as appropriate, in each major therapeutic category.

(d) The department shall select the therapeutic categories to be included on the list of contract drugs, and the order in which it seeks contracts for those categories. The department may establish different contracting schedules for single-source and multiple-source drugs within a given therapeutic category.

(e) (1) In order to fully implement subdivision (d), the department shall, to the extent necessary, negotiate or renegotiate contracts to ensure there are as many single-source drugs within each therapeutic category or subcategory as the department determines necessary to meet the health needs of the Medi-Cal population. The department may determine in selected therapeutic categories or subcategories that no single-source drugs are necessary because there are currently sufficient multiple-source drugs in the therapeutic category or subcategory on the list of contract drugs to meet the health needs of the Medi-Cal population. However, in no event shall a beneficiary be denied continued use of a drug which is part of a prescribed therapy in effect as of September 2, 1992, until the prescribed therapy is no longer prescribed.

(2) In the development of decisions by the department on the required number of single-source drugs in a therapeutic category or subcategory, and the relative therapeutic merits of each drug in a therapeutic category or subcategory, the department shall consult with the Medi-Cal Contract Drug Advisory Committee. The committee members shall communicate their comments and recommendations to the department within 30 business days of a request for consultation, and shall disclose any

associations with pharmaceutical manufacturers or any remuneration from pharmaceutical manufacturers.

(f) In order to achieve maximum cost savings, the Legislature declares that an expedited process for contracts under this section is necessary. Therefore, contracts entered into on a nonbid basis shall be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

(g) In no event shall a beneficiary be denied continued use of a drug that is part of a prescribed therapy in effect as of September 2, 1992, until the prescribed therapy is no longer prescribed.

(h) Contracts executed pursuant to this section shall be confidential and shall be exempt from disclosure under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

(i) The department shall provide individual notice to Medi-Cal beneficiaries at least 60 calendar days prior to the effective date of the deletion or suspension of any drug from the list of contract drugs. The notice shall include a description of the beneficiary's right to a fair hearing and shall encourage the beneficiary to consult a physician to determine if an appropriate substitute medication is available from Medi-Cal.

(j) In carrying out the provisions of this section, the department may contract either directly, or through the fiscal intermediary, for pharmacy consultant staff necessary to initially accomplish the treatment authorization request reviews.

(k) (1) Manufacturers shall calculate and pay interest on late or unpaid rebates. The interest shall not apply to any prior period adjustments of unit rebate amounts or department utilization adjustments.

(2) For state rebate payments, manufacturers shall calculate and pay interest on late or unpaid rebates for quarters that begin on or after the effective date of the act that added this subdivision.

(3) Following final resolution of any dispute pursuant to procedures established by the federal Centers for Medicare and Medicaid Services' Medicaid Drug Rebate Program Releases or regulations regarding the amount of a rebate, any underpayment by a manufacturer shall be paid with interest calculated pursuant to subdivisions (m) and (n), and any overpayment, together with interest at the rate calculated pursuant to subdivisions (m) and (n), shall be credited by the department against future rebates due.

(*l*) Interest pursuant to subdivision (k) shall begin accruing 38 calendar days from the date of mailing of the invoice, including supporting utilization data sent to the manufacturer. Interest shall continue to accrue until the date of mailing of the manufacturer's payment.

(m) Except as specified in subdivision (n), interest rates and calculations pursuant to subdivision (k) for medicaid rebates and state rebates shall be identical and shall be determined by the federal Centers for Medicare and Medicaid Services' Medicaid Drug Rebate Program Releases or regulations.

(n) If the date of mailing of a state rebate payment is 69 days or more from the date of mailing of the invoice, including supporting utilization data sent to the manufacturer, the interest rate and calculations pursuant to subdivision (k) shall be as specified in subdivision (m), however the interest rate shall be increased by 10 percentage points. This subdivision shall apply to payments for amounts invoiced for any quarters that begin on or after the effective date of the act that added this subdivision.

(o) If the rebate payment is not received, the department shall send overdue notices to the manufacturer at 38, 68, and 98 days after the date of mailing of the invoice, and supporting utilization data. If the department has not received a rebate payment, including interest, within 180 days of the date of mailing of the invoice, including supporting utilization data, the manufacturer's contract with the department shall be deemed to be in default and the contract may be terminated in accordance with the terms of the contract. For all other manufacturers, if the department has not received a rebate payment, including interest, within 180 days of the date of mailing of the invoice, including supporting utilization data, all of the drug products of those manufacturers shall be made available only through prior authorization effective 270 days after the date of mailing of the invoice, including utilization data sent to manufacturers.

(p) If the manufacturer provides payment or evidence of payment to the department at least 40 days prior to the proposed date the drug is to be made available only through prior authorization pursuant to subdivision (o), the department shall terminate its actions to place the manufacturers' drug products on prior authorization.

(q) The department shall direct the state's fiscal intermediary to remove prior authorization requirements imposed pursuant to subdivision (o) and notify providers within 60 days after payment by the manufacturer of the rebate, including interest. If a contract was in place at the time the manufacturers' drugs were placed on prior authorization, removal of prior authorization requirements shall be contingent upon good faith negotiations and a signed contract with the department.

(r) A beneficiary may obtain drugs placed on prior authorization pursuant to subdivision (o) if the beneficiary qualifies for continuing care status. To be eligible for continuing care status, a beneficiary must be taking the drug when its manufacturer is placed on prior authorization status. Additionally, the department shall have received a claim for the

drug with a date of service that is within 100 days prior to the date the manufacturer was placed on prior authorization.

(s) A beneficiary may remain eligible for continuing care status, provided that a claim is submitted for the drug in question at least every 100 days and the date of service of the claim is within 100 days of the date of service of the last claim submitted for the same drug.

(4) An urgent or emergency need for services exists at the time the service is provided.

(5) The patient was referred to the doctor of podiatric medicine by a physician.

(6) Prior authorization is not required for a physician providing the same service.

(b) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement, interpret, or make specific this section by means of all county letters, provider bulletins, or similar instructions.

(c) This section shall become operative October 1, 2006.

SEC. 69. Section 14154 of the Welfare and Institutions Code is amended to read:

14154. (a) The department shall establish and maintain a plan whereby costs for county administration of the determination of eligibility for benefits under this chapter will be effectively controlled within the amounts annually appropriated for that administration. The plan, to be known as the County Administrative Cost Control Plan, shall establish standards and performance criteria, including workload, productivity, and support services standards, to which counties shall adhere. The plan shall include standards for controlling eligibility determination costs that are incurred by performing eligibility determinations at county hospitals,

or that are incurred due to the outstationing of any other eligibility function. Except as provided in Section 14154.15, reimbursement to a county for outstationed eligibility functions shall be based solely on productivity standards applied to that county's welfare department office. The plan shall be part of a single state plan, jointly developed by the department and the State Department of Social Services, in conjunction with the counties, for administrative cost control for the California Work Opportunity and Responsibility to Kids (CalWORKs), Food Stamp, and Medical Assistance (Medi-Cal) programs. Allocations shall be made to each county and shall be limited by and determined based upon the County Administrative Cost Control Plan. In administering the plan to control county administrative costs, the department shall not allocate state funds to cover county cost overruns that result from county failure to meet requirements of the plan. The department and the State Department of Social Services shall budget, administer, and allocate state funds for county administration in a uniform and consistent manner.

(b) Nothing in this section, Section 15204.5, or Section 18906 shall be construed so as to limit the administrative or budgetary responsibilities of the department in a manner that would violate Section 14100.1, and thereby jeopardize federal financial participation under the Medi-Cal program.

(c) The Legislature finds and declares that in order for counties to do the work that is expected of them, it is necessary that they receive adequate funding, including adjustments for reasonable annual cost-of-doing-business increases. The Legislature further finds and declares that linking appropriate funding for county Medi-Cal administrative operations, including annual cost-of-doing-business adjustments, with performance standards will give counties the incentive to meet the performance standards and enable them to continue to do the work they do on behalf of the state. It is therefore the Legislature's intent to provide appropriate funding to the counties for the effective administration of the Medi-Cal program at the local level to ensure that counties can reasonably meet the purposes of the performance measures as contained in this section.

(d) The department is responsible for the Medi-Cal program in accordance with state and federal law. A county shall determine Medi-Cal eligibility in accordance with state and federal law. If in the course of its duties the department becomes aware of accuracy problems in any county, the department shall, within available resources, provide training and technical assistance as appropriate. Nothing in this section shall be interpreted to eliminate any remedy otherwise available to the department to enforce accurate county administration of the program. In

administering the Medi-Cal eligibility process, each county shall meet the following performance standards each fiscal year:

(1) Complete eligibility determinations as follows:

(A) Ninety percent of the general applications without applicant errors and are complete shall be completed within 45 days.

(B) Ninety percent of the applications for Medi-Cal based on disability shall be completed within 90 days, excluding delays by the state.

(2) (A) The department shall establish best-practice guidelines for expedited enrollment of newborns into the Medi-Cal program, preferably with the goal of enrolling newborns within 10 days after the county is informed of the birth. The department, in consultation with counties and other stakeholders, shall work to develop a process for expediting enrollment for all newborns, including those born to mothers receiving CalWORKs assistance.

(B) Upon the development and implementation of the best-practice guidelines and expedited processes, the department and the counties may develop an expedited enrollment timeframe for newborns that is separate from the standards for all other applications, to the extent that the timeframe is consistent with these guidelines and processes.

(C) Notwithstanding the rulemaking procedures of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement this section by means of all-county letters or similar instructions, without further regulatory action.

(3) Perform timely annual redeterminations, as follows:

(A) Ninety percent of the annual redetermination forms shall be mailed to the recipient by the anniversary date.

(B) Ninety percent of the annual redeterminations shall be completed within 60 days of the recipient's annual redetermination date for those redeterminations based on forms that are complete and have been returned to the county by the recipient in a timely manner.

(C) Ninety percent of those annual redeterminations where the redetermination form has not been returned to the county by the recipient shall be completed by sending a notice of action to the recipient within 45 days after the date the form was due to the county.

(D) When a child is determined by the county to change from no share of cost to a share of cost and the child meets the eligibility criteria for the Healthy Families Program established under Section 12693.98 of the Insurance Code, the child shall be placed in the Medi-Cal-to-Healthy Families Bridge Benefits Program, and these cases shall be processed as follows:

(i) Ninety percent of the families of these children shall be sent a notice informing them of the Healthy Families Program within five working days from the determination of a share of cost.

(ii) Ninety percent of all annual redetermination forms for these children shall be sent to the Healthy Families Program within five working days from the determination of a share of cost if the parent has given consent to send this information to the Healthy Families Program.

(iii) Ninety percent of the families of these children placed in the Medi-Cal-to-Healthy Families Bridge Benefits Program who have not consented to sending the child's annual redetermination form to the Healthy Families Program shall be sent a request, within five working days of the determination of a share of cost, to consent to send the information to the Healthy Families Program.

(E) Subparagraph (D) shall not be implemented until 60 days after the Medi-Cal and Joint Medi-Cal and Healthy Families applications and the Medi-Cal redetermination forms are revised to allow the parent of a child to consent to forward the child's information to the Healthy Families Program.

(e) The department shall develop procedures in collaboration with the counties and stakeholder groups for determining county review cycles, sampling methodology and procedures, and data reporting.

(f) On January 1 of each year, each applicable county, as determined by the department, shall report to the department on the county's results in meeting the performance standards specified in this section. The report shall be subject to verification by the department. County reports shall be provided to the public upon written request.

(g) If the department finds that a county is not in compliance with one or more of the standards set forth in this section, the county shall, within 60 days, submit a corrective action plan to the department for approval. The corrective action plan shall, at a minimum, include steps that the county shall take to improve its performance on the standard of standards with which the county is out of compliance. The plan shall establish interim benchmarks for improvement that shall be expected to be met by the county in order to avoid a sanction.

(h) If a county does not meet the performance standards for completing eligibility determinations and redeterminations as specified in this section, the department may, at its sole discretion, reduce the allocation of funds to that county in the following year by 2 percent. Any funds so reduced may be restored by the department if, in the determination of the department, sufficient improvement has been made by the county in meeting the performance standards during the year for which the funds were reduced. If the county continues not to meet the performance standards, the department may reduce the allocation by an additional 2

percent for each year thereafter in which sufficient improvement has not been made to meet the performance standards.

(i) The department shall develop procedures, in collaboration with the counties and stakeholders, for developing instructions for the performance standards established under subparagraph (D) of paragraph (3) of subdivision (c), no later than September 1, 2005.

(j) No later than September 1, 2005, the department shall issue a revised annual redetermination form to allow a parent to indicate parental consent to forward the annual redetermination form to the Healthy Families Program if the child is determined to have a share of cost.

(k) The department, in coordination with the Managed Risk Medical Insurance Board, shall streamline the method of providing the Healthy Families Program with information necessary to determine Healthy Families eligibility for a child who is receiving services under the Medi-Cal-to-Healthy Families Bridge Benefits Program.

SEC. 70. Section 14572 of the Welfare and Institutions Code is amended to read:

(b) Notwithstanding subdivision (a), Medi-Cal certification shall be granted as of the date of licensure with respect to, and reimbursement shall be made for, a service rendered on or after that date if the provider meets all of the following requirements:

(1) Is exempt from the moratorium imposed on the certification and enrollment of new adult day health care centers pursuant to paragraph (5) of subdivision (b) of Section 14043.46.

(2) Meets all certification requirements for adult day health care centers, and is enrolled as a Medi-Cal provider.

(3) Provides services in compliance with the requirements of this chapter as of the date the center began providing services to beneficiaries.

SEC. 71. Section 14592 of the Welfare and Institutions Code is amended to read:

14592. (a) The director may contract with up to ten demonstration projects to develop risk-based long-term care pilot programs modeled upon On Lok Senior Health Services in San Francisco. The department shall seek necessary federal waivers for each demonstration site pursuant to Section 1115 of the Social Security Act (42 U.S.C.A. Sec. 1315). The director shall not enter into contracts with any demonstration program unless necessary federal waivers are obtained.

(b) The demonstration sites shall be public or private nonprofit organizations providing or having the capacity to provide, as determined

by the director, comprehensive health care services on a risk-based capitated basis to frail elderly persons certifiable for institutional care. Implementation of this section shall be in accordance with Section 4118(g)(1)(2) of the federal Omnibus Budget Reconciliation Act of 1987.

(c) The department shall establish capitation rates paid to each PACE organization at no less than 90 percent of the fee-for-service equivalent cost, including the department's cost of administration, that the department estimates would be payable for all services covered under the PACE organization contract if all those services were to be furnished to Medi-Cal beneficiaries under the fee-for-service Medi-Cal program provided for pursuant to Chapter 7 (commencing with Section 14000). This subdivision shall be implemented only to the extent that federal financial participation is available.

SEC. 72. Section 16809 of the Welfare and Institutions Code, as amended by Section 30 of Chapter 80 of the Statutes of 2005, is amended to read:

The County Medical Services Program shall have responsibilities for specified health services to county residents certified eligible for those services by the county.

(2) If the County Medical Services Program Governing Board contracts with the department to administer the County Medical Services Program, that contract shall include, but need not be limited to, all of the following:

(3) The contract between the department and the County Medical Services Program Governing Board shall require that the County Medical Services Program Governing Board shall reimburse three million five hundred thousand dollars ($3,500,000) for the state costs of providing

administrative support to the County Medical Services Program. The department may decline to implement decisions made by the governing board that would require a greater level of administrative support than that for the 1993–94 fiscal year. The department may implement decisions upon compensation by the governing board to cover that increased level of support.

(4) The contract between the department and the County Medical Services Program Governing Board may include provisions for the administration of a pharmacy benefit program and, pursuant to these provisions, the department may negotiate, on behalf of the County Medical Services Program, rebates from manufacturers that agree to participate. The governing board shall reimburse the department for staff costs associated with this paragraph.

(5) The department shall administer the County Medical Services Program pursuant to the provisions of the 1993–94 fiscal year contract with the counties and regulations relating to the administration of the program until the County Medical Services Program Governing Board executes a contract for the administration of the County Medical Services Program and adopts regulations for that purpose.

(6) The department shall not be liable for any costs related to decisions of the County Medical Services Program Governing Board that are in excess of those set forth in the contract between the department and the County Medical Services Program Governing Board.

(b) Each county intending to participate in the County Medical Services Program pursuant to this section shall submit to the Governing Board of the County Medical Services Program a notice of intent to contract adopted by the board of supervisors no later than April 1 of the fiscal year preceding the fiscal year in which the county will participate in the County Medical Services Program.

(c) A county participating in the County Medical Services Program pursuant to this section shall not be relieved of its indigent health care obligation under Section 17000.

(d) (1) The County Medical Services Program Account is established in the County Health Services Fund. The County Medical Services Program Account is continuously appropriated, notwithstanding Section 13340 of the Government Code, without regard to fiscal years. The following amounts may be deposited in the account:

(A) Any interest earned upon money deposited in the account.

(B) Moneys provided by participating counties or appropriated by the Legislature to the account.

(C) Moneys loaned pursuant to subdivision (q).

(2) The methods and procedures used to deposit funds into the account shall be consistent with the methods used by the program during the 1993–94 fiscal year.

(e) Moneys in the program account shall be used by the department, pursuant to its contract with the County Medical Services Program Governing Board, to pay for health care services provided to the persons meeting the eligibility criteria established pursuant to subdivision (j) and to pay for the expense of the governing board as set forth in the contract between the board and the department. In addition, moneys in this account may be used to reimburse the department for state costs pursuant to paragraph (3) of subdivision (a).

(f) (1) Moneys in this account shall be administered on an accrual basis and notwithstanding any other provision of law, except as provided in this section, shall not be transferred to any other fund or account in the State Treasury except for purposes of investment as provided in Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code.

(g) A separate County Medical Services Program Reserve Account is established in the County Health Services Fund. Six months after the end of each fiscal year, any projected savings in the program account shall be transferred to the reserve account, with final settlement occurring no more than 12 months later. Moneys in this account shall be utilized when expenditures for health services made pursuant to subdivision (j) for a fiscal year exceed the amount of funds available in the program account for that fiscal year. When funds in the reserve account are estimated to exceed 10 percent of the budget for health services for all counties electing to participate in the County Medical Services Program under this section for the fiscal year, the additional funds shall be available for expenditure to augment the rates, benefits, or eligibility criteria pursuant to subdivision (j) or for reducing the participation fees as determined by the County Medical Services Program Governing Board pursuant to subdivision (i). Nothing in this section shall preclude the CMSP Governing Board from establishing other reserves.

(h) Moneys in the program account and the reserve account, except for moneys provided by the state in excess of the amount required to fund the state risk specified in subdivision (j), and any funds loaned pursuant to subdivision (q) shall not be transferred to any other fund or account in the State Treasury except for purposes of investment as provided in Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code. (3) Payments made pursuant to this subdivision shall be deposited in the program account.

(4) Payments may be made as part of the deposits authorized by the county pursuant to Sections 17603.05 and 17604.05.

(j) (1) (A) For the 1991–92 fiscal year and all preceding fiscal years, the state shall be at risk for any costs in excess of the amounts deposited in the reserve fund.

(B) (i) Beginning in the 1992–93 fiscal year and for each fiscal year thereafter, counties and the state shall share the risk for cost increases of the County Medical Services Program not funded through other sources. The state shall be at risk for any cost that exceeds the cumulative annual growth in dedicated sales tax and vehicle license fee revenue, up to the amount of twenty million two hundred thirty-seven thousand four hundred sixty dollars ($20,237,460) per fiscal year, except for the 1999–2000, 2000–01, 2001–02, 2002–03, 2003–04, 2004–05, 2005–06, and 2006–07 fiscal years. [Approved by Governor July 12, 2006. Filed with Secretary of State July 12, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 8222 of the Education Code is amended to read:

8222. (a) Payments made by alternative payment programs shall be equal to the rate charged to full-cost families in each program, not to exceed the applicable market rate ceiling. Alternative payment programs may expend more than the standard reimbursement rate for a particular child. However, the aggregate payments for services purchased by the agency during the contract year may not exceed the assigned reimbursable amount as established by the contract for the year. No agency may make payments in excess of the rate charged to full-cost families. This section does not preclude alternative payment programs from using the average daily enrollment adjustment factors for children with exceptional needs as provided in Section 8265.5.

(b) Alternative payment programs shall reimburse licensed child care providers in accordance with an annual market rate survey, at a rate not to exceed the ceilings established pursuant to statute.

(c) An alternative payment program shall reimburse a licensed provider for child care of a subsidized child based on the rate charged by the provider to nonsubsidized families, if any, for the same services, or the rates established by the provider for prospective nonsubsidized

families. A licensed child care provider shall submit to the alternative payment program a copy of the provider's rate sheet listing the rates charged, and the provider's discount or scholarship policies, if any, along with a statement signed by the provider confirming that the rates charged for any subsidized child are equal to or less than the rates charged for a nonsubsidized child.

(d) An alternative payment program shall maintain a copy of the rate sheet and the confirmation statement.

(e) A licensed child care provider shall submit to the local resource and referral agency a copy of the provider's rate sheet listing rates charged, and the provider's discount or scholarship policies, if any, and shall self-certify that the information is correct.

(f) Each licensed child care provider may alter rate levels for subsidized children once per year and shall provide the alternative payment program and resource and referral agency with the updated information pursuant to subdivisions (c) and (e), to reflect any changes.

(g) A licensed child care provider shall post in a prominent location adjacent to the provider's license at the child care facility the provider's rates and discounts or scholarship polices, if any.

(h) An alternative payment program shall verify provider rates once a year by randomly selecting 10 percent of licensed child care providers serving subsidized families. The purpose of this verification process is to confirm that rates reported to the alternative payment programs reasonably correspond to those reported to the resource and referral agency and the rates actually charged to nonsubsidized families for equivalent levels of services. It is the intent of the Legislature that the privacy of nonsubsidized families shall be protected in implementing this subdivision.

(i) The State Department of Education shall develop regulations for addressing any discrepancies in the provider rate levels identified through the rate verification process in subdivision (h).

SEC. 2. Section 8222.5 of the Education Code is repealed.

SEC. 3. Section 8279.7 of the Education Code is amended to read:

8279.7. (a) The Legislature recognizes the importance of providing quality child care services. It is, therefore, the intent of the Legislature to assist counties in improving the retention of qualified child care employees who work directly with children who receive state-subsidized child care services.

(b) It is further the intent of the Legislature, in amending this section during the 2005–06 Regular Session, to address the unique challenges of the County of Los Angeles, in which an estimated 60,000 low-income children receive subsidized child care in nonstate-funded child care

settings and an additional 50,000 eligible children are waiting for subsidized services.

(c) (1) Except as provided in paragraph (2), the funds appropriated for the purposes of this section by paragraph (11) of Schedule (b) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 2000 (Ch. 52, Stats. 2000), and that are described in subdivision (i) of Provision 7 of that item, and any other funds appropriated for purposes of this section, shall be allocated to local child care and development planning councils based on the percentage of state-subsidized, center-based child care funds received in that county, and shall be used to address the retention of qualified child care employees in state-subsidized child care centers.

(2) Of the funds identified in paragraph (1), funds qualified pursuant to subparagraphs (A) to (C), inclusive, may also be used to address the retention of qualified persons working in licensed child care programs that serve a majority of children who receive subsidized child care services pursuant to this chapter, including, but not limited to, family day care homes as defined in Section 1596.78 of the Health and Safety Code. To qualify for use pursuant to this paragraph, the funds shall meet all of the following requirements:

(A) The funds are allocated for use in the County of Los Angeles.

(B) The funds are appropriated either in paragraph (11) of Schedule (b) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 2000 (Ch. 52, Stats. 2000) and are described in subdivision (i) of Provision 7 of that item, in paragraph (*l*) of Schedule (1.5) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 2004 (Ch. 208, Stats. 2004) and are described in subdivision (i) of Provision 7 of that item, in paragraph (1) of Schedule (1.5) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 2005 (Ch. 38, Stats. 2005), in paragraph (1) of Schedule (1.5) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 2006 and are described in subdivision (g) of Provision 5 of that item, and if funding is provided, in corresponding sections of the 2007 and 2008 Budget Acts.

(C) The funds are unexpended after addressing the retention of qualified child care employees in state-subsidized child care centers and family child care home education networks.

(d) The department shall develop guidelines for use by local child care and development planning councils in developing county plans for the expenditure of funds allocated pursuant to this section. These guidelines shall be consistent with the department's assessment of the current needs of the subsidized child care workforce, and shall be subject to the approval of the Secretary for Education and the Department of Finance. Any county plan developed pursuant to these guidelines shall

be approved by the department prior to the allocation of funds to the local child care and development planning council.

(e) Funds provided to a county for the purposes of this section shall be used in accordance with the plan approved pursuant to subdivision (d). A county with an approved plan may retain up to 1 percent of the county's total allocation made pursuant to this section for reimbursement of administrative expenses associated with the planning process.

(f) The Superintendent of Public Instruction shall provide an annual report, no later than April 10 of each year, to the Legislature, the Secretary for Education, the Department of Finance, and the Governor that includes, but is not limited to, a summary of the distribution of the funds by county and a description of the use of the funds.

SEC. 3.1. Section 8447 of the Education Code is amended to read:

8447. (a) The Legislature hereby finds and declares that greater efficiencies may be achieved in the execution of state subsidized child care and development program contracts with public and private agencies by the timely approval of contract provisions by the Department of Finance, the Department of General Services, and the State Department of Education and by authorizing the State Department of Education to establish a multiyear application, contract expenditure, and service review as may be necessary to provide timely service while preserving audit and oversight functions to protect the public welfare.

(b) (1) The Department of Finance and the Department of General Services shall approve or disapprove annual contract funding terms and conditions, including both family fee schedules and regional market rate schedules that are required to be adhered to by contract, and contract face sheets submitted by the State Department of Education not more than 30 working days from the date of submission, unless unresolved conflicts remain between the Department of Finance, the State Department of Education, and the Department of General Services. The State Department of Education shall resolve conflicts within an additional 30 working day time period. Contracts and funding terms and conditions shall be issued to child care contractors no later than June 1. Applications for new child care funding shall be issued not more than 45 working days after the effective date of authorized new allocations of child care moneys.

(2) Notwithstanding paragraph (1), for the 2006–07 fiscal year, the State Department of Education shall implement the regional market rate schedules based upon the county aggregates, as determined by the Regional Market survey conducted in 2005. The regional market rate schedules shall be implemented no later than 90 days after the enactment of the 2006 Budget Act.

(3) Notwithstanding paragraph (1), for the 2006–07 fiscal year, the State Department of Education shall update the family fee schedules by family size, based on the 2005 state median income survey data for a family of four. The family fee schedule used during the 2005–06 fiscal year shall remain in effect. However, the department shall adjust the family fee schedule for families that are newly eligible to receive or will continue to receive services under the new income eligibility limits. The family fees shall not exceed 10 percent of the family's monthly income.

(4) It is the intent of the Legislature to fully fund the third stage of child care for CalWORKs recipients.

(c) With respect to subdivision (b), it is the intent of the Legislature that the Department of Finance annually review contract funding terms and conditions for the primary purpose of ensuring consistency between child care contracts and the child care budget. This review, shall include evaluating any proposed changes to contract language or other fiscal documents to which the contractor is required to adhere, including those changes to terms or conditions that authorize higher reimbursement rates, that modify related adjustment factors, that modify administrative or other service allowances, or that diminish fee revenues otherwise available for services, to determine if the change is necessary or has the potential effect of reducing the number of full-time equivalent children that may be served.

(d) Alternative payment child care systems, as set forth in Article 3 (commencing with Section 8220), shall be subject to the rates established in the Regional Market Rate Survey of California Child Care Providers for provider payments. The State Department of Education shall contract to conduct and complete the annual Regional Market Rate Survey with a goal of completion by March 1.

(e) By March 1 of each year, the Department of Finance shall provide to the State Department of Education the State Median Income amount for a four-person household in California based on the best available data. The State Department of Education shall adjust its fee schedule for child care providers to reflect this updated state median income.

(f) Notwithstanding the June 1 date specified in subdivision (b), changes to the regional market rate schedules and fee schedules may be made at any other time to reflect the availability of accurate data necessary for their completion, provided these documents receive the approval of the Department of Finance. The Department of Finance shall review the changes within 30 working days of submission and the State Department of Education shall resolve conflicts within an additional 30 working day period. Contractors shall be given adequate notice prior to the effective date of the approved schedules. It is the intent of the

Legislature that contracts for services not be delayed by the timing of the availability of accurate data needed to update these schedules.

SEC. 4. Section 42921 of the Education Code is amended to read:

42921. (a) In addition to the six program sites specified in Section 42920, any county office of education, or consortium of county offices of education, may elect to apply to the Superintendent of Public Instruction for grant funding, to the extent funds are available, to operate an education-based foster youth services program to provide educational and support services for foster children who reside in a licensed foster home or county-operated juvenile detention facility. The provision of educational and support services to foster youth in licensed foster homes shall also apply to foster youth services programs in operation as of July 1, 2006, and receiving grant funding.

(b) Each foster youth services program operated pursuant to this chapter, if sufficient funds are available, shall have at least one person identified as the foster youth educational services coordinator. The foster youth educational services coordinator shall facilitate the provision of educational services pursuant to subdivision (d) to any foster child in the county who is either under the jurisdiction of the juvenile court pursuant to Section 300 of the Welfare and Institutions Code or under the jurisdiction of the juvenile court pursuant to Section 601 or 602 of the Welfare and Institutions Code who is placed in a licensed foster home or county-operated juvenile detention facility. A program operated pursuant to this chapter may prescribe the methodology for determining which children may be served. Applicable methodologies may include, but are not limited to, serving specific age groups, serving children in specific geographic areas with the highest concentration of foster children or serving the children with the greatest academic need. It is the intent of the Legislature that children with the greatest need for services be identified as the first priority for foster youth services.

(c) The responsibilities of the foster youth educational services coordinator shall include, but shall not be limited to, all of the following:

(1) Working with the child welfare agency to minimize changes in school placement.

(2) Facilitating the prompt transfer of educational records, including the health and education passport, between educational institutions when placement changes are necessary.

(3) Providing education-related information to the child welfare agency to assist the child welfare agency to deliver services to foster children, including, but not limited to, educational status and progress information required for inclusion in court reports by Section 16010 of the Welfare and Institutions Code.

(4) Responding to requests from the juvenile court for information and working with the court to ensure the delivery or coordination of necessary educational services.

(5) Working to obtain and identify, and link children to, mentoring, tutoring, vocational training, and other services designed to enhance the educational prospects of foster children.

(6) Facilitating communication between the foster care provider, the teacher, and any other school staff or education service providers for the child.

(7) Sharing information with the foster care provider regarding available training programs that address education issues for children in foster care.

(8) Referring caregivers of foster youth who have special education needs to special education programs and services.

(d) Each foster youth services program operated pursuant to this chapter shall include guiding principles that establish a hierarchy of services, in accordance with the following order:

(1) Provide, or arrange for the referral to, tutoring services for foster youth.

(2) Provide, or arrange for the referral to, services that meet local needs identified through collaborative relationships and local advisory groups, which may include, but shall not be limited to, all of the following:

(A) Mentoring.

(B) Counseling.

(C) Transitioning services.

(D) Emancipation services.

(3) Facilitation of timely individualized education programs, in accordance with the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.), and of all special education services.

(4) Establishing collaborative relationships and local advisory groups.

(5) Establishing a mechanism for the efficient and expeditious transfer of health and education records and the health and education passport.

(e) For purposes of this section, "licensed foster home" means a licensed foster family home, certified foster family agency home, court-specified home, or licensed care institution (group home).

SEC. 5. Section 49561 of the Education Code is amended to read:

49561. (a) The department shall create a computerized data-matching system using existing databases from the department and the State Department of Health Services to directly certify recipients of the Food Stamp Program, the California Work Opportunity and Responsibility to Kids Act program (the CalWORKs program) (Ch. 2 (commencing with Sec. 11200), Pt. 3, Div. 9, W. & I.C.), and other programs authorized

for direct certification under federal law, for enrollment in the National School Lunch and School Breakfast Programs. This subdivision does not include Medi-Cal benefits within the criteria for direct certification specified in the Child Nutrition and WIC Reauthorization Act of 2004 (P.L. 108-265).

(b) The department shall design a process using an existing agency database that will conform with data from the State Department of Health Services to meet the direct certification requirements of the National School Lunch Act, as amended, pursuant to Chapter 13 (commencing with Section 1751) of Title 42 of the United States Code, and the Child Nutrition Act of 1966, as amended, pursuant to Chapter 13A (commencing with Section 1771) of Title 42 of the United States Code.

(c) The department shall design a process using computerized data pursuant to subdivision (a) that will maximize enrollment in school meal programs and improve program integrity while ensuring that pupil privacy safeguards remain in place.

(d) (1) Each state agency identified in subdivision (a) is responsible for the maintenance and protection of data received by their respective agency. The state agency that possesses the data shall follow privacy and confidentiality procedures consistent with all applicable state and federal law.

(2) Notwithstanding Section 10850 of the Welfare and Institutions Code, data that identify applicants for, or recipients of, public social services, may be transferred from existing databases maintained by the State Department of Health Services, in order to directly certify recipients of the Food Stamp Program, the CalWORKs program, and other programs authorized for direct certification under federal law, in compliance with subdivision (a). The Legislature hereby finds and declares that this paragraph is declaratory of existing law.

(e) The department shall determine the availability of and request or apply for, as appropriate, federal funds to assist the state in implementing new direct certification requirements mandated by federal law.

(f) This section shall become operative upon receipt of federal funds to assist the state in implementing new direct certification requirements mandated by federal law.

SEC. 5.1. Section 69519 is added to the Education Code, to read:

69519. (a) The commission, through an interagency agreement with the State Department of Social Services, currently operates a federally funded scholarship program that provides grant aid to provide access to California's current and former foster youth to postsecondary education. Funds provided through an appropriation by the Legislature shall be supplemental to funds provided by the federal government and are

designated to ensure program availability in the absence of and prior to the annual receipt of federal funds for this purpose.

(b) Funds provided for this program shall be used to assist students who are current and former foster youth, for career and technical training or traditional college courses. The commission shall operate this program in accordance with the program instructions provided by the federal Department of Health and Human Services, Administration for Children and Families, and the program guidelines developed by the State Department of Social Services.

(c) The total amount of funding and the amount of individual awards shall depend upon the amount of federal funding provided in addition to state funding. The commission, in conjunction with the State Department of Social Services, shall determine the individual award amounts and total number of students awarded on an annual basis as the amount of total annual funding is determined.

SEC. 6. Section 17307 is added to the Family Code, to read:

17307. (a) The Legislature hereby finds and declares that the Department of Child Support Services has the authority and discretion to prevent, correct, or remedy the effects of changes in the timing of the receipt of child support payments resulting solely from the initial implementation of the federally required State Disbursement Unit. This authority shall not be construed to supplant existing statutory appropriation and technology project approval processes, limits, and requirements.

(b) The Legislature hereby finds and declares that this section is declaratory of existing law.

SEC. 7. Section 17433.5 is added to the Family Code, to read:

17433.5. In any action enforced pursuant to this article, no interest shall accrue on an obligation for current child, spousal, family, or medical support due in a given month until the first day of the following month.

SEC. 8. Section 17560 of the Family Code is amended to read:

17560. (a) The department shall create a program establishing an arrears collection enhancement process pursuant to which the department may accept offers in compromise of child support arrears and interest accrued thereon owed to the state for reimbursement of aid paid pursuant to Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code. The program shall operate uniformly across California and shall take into consideration the needs of the children subject to the child support order and the obligor's ability to pay.

(b) If the obligor owes current child support, the offer in compromise shall require the obligor to be in compliance with the current support

order for a set period of time before any arrears and interest accrued thereon may be compromised.

(c) Absent a finding of good cause, any offer in compromise entered into pursuant to this section shall be rescinded, all compromised liabilities shall be reestablished notwithstanding any statute of limitations that otherwise may be applicable, and no portion of the amount offered in compromise may be refunded, if either of the following occurs:

(1) The department or local child support agency determines that the obligor did any of the following acts regarding the offer in compromise:

(A) Concealed from the department or local child support agency any income, assets, or other property belonging to the obligor or any reasonably anticipated receipt of income, assets, or other property.

(B) Intentionally received, withheld, destroyed, mutilated, or falsified any information, document, or record, or intentionally made any false statement, relating to the financial conditions of the obligor.

(2) The obligor fails to comply with any of the terms and conditions of the offer in compromise.

(d) Pursuant to subdivision (k) of Section 17406, in no event may the administrator, director, or director's designee within the department, accept an offer in compromise of any child support arrears owed directly to the custodial party unless that party consents to the offer in compromise in writing and participates in the agreement. Prior to giving consent, the custodial party shall be provided with a clear written explanation of the rights with respect to child support arrears owed to the custodial party and the compromise thereof.

(e) Subject to the requirements of this section, the director may delegate to the administrator of a local child support agency the authority to compromise an amount of child support arrears that does not exceed five thousand dollars ($5,000). Only the director or his or her designee may compromise child support arrears in excess of five thousand dollars ($5,000).

(f) For an amount to be compromised under this section, the following conditions shall exist:

(1) (A) The administrator, director or director's designee within the department determines that acceptance of an offer in compromise is in the best interest of the state and that the compromise amount equals or exceeds what the state can expect to collect for reimbursement of aid paid pursuant to Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code in the absence of the compromise, based on the obligor's ability to pay.

(B) Acceptance of an offer in compromise shall be deemed to be in the best interest of the state, absent a finding of good cause to the contrary, with regard to arrears that accrued as a result of a decrease in

income when an obligor was a reservist or member of the National Guard, was activated to United States military service, and failed to modify the support order to reflect the reduction in income. Good cause to find that the compromise is not in the best interest of the state shall include circumstances in which the service member's failure to seek, or delay in seeking, the modification were not reasonable under the circumstances faced by the service member. The director, no later than 90 days after the effective date of the act adding this subparagraph, shall establish rules that compromise, at a minimum, the amount of support that would not have accrued had the order been modified to reflect the reduced income earned during the period of active military service.

(2) Any other terms and conditions that the director establishes that may include, but may not be limited to, paying current support in a timely manner, making lump-sum payments, and paying arrears in exchange for compromise of interest owed.

(3) The obligor shall provide evidence of income and assets, including, but not limited to, wage stubs, tax returns, and bank statements and establish all of the following:

(A) That the amount set forth in the offer in compromise of arrears owed is the most that can be expected to be paid or collected from the obligor's present assets or income.

(B) That the obligor does not have reasonable prospects of acquiring increased income or assets that would enable the obligor to satisfy a greater amount of the child support arrears than the amount offered, within a reasonable period of time.

(C) That the obligor has not withheld payment of child support in anticipation of the offers in compromise program.

(g) A determination by the administrator, director or the director's designee within the department that it would not be in the best interest of the state to accept an offer in compromise in satisfaction of child support arrears shall be final and not subject to the provisions of Chapter 5 (commencing with Section 17800) of Division 17, or subject to judicial review.

(h) Any offer in compromise entered into pursuant to this section shall be filed with the appropriate court. The local child support agency shall notify the court if the compromise is rescinded pursuant to subdivision (c).

(i) Any compromise of child support arrears pursuant to this section shall maximize to the greatest extent possible the state's share of the federal performance incentives paid pursuant to the Child Support Performance and Incentive Act of 1998 and shall comply with federal law.

(j) The department shall ensure uniform application of this section across the state.

(k) The department shall consult with the Franchise Tax Board in the development of the program established pursuant to this section.

(*l*) The department shall report to the Legislature on the results of the program established pursuant to this section no later than January 1, 2008.

(m) This section shall remain in effect only until July 1, 2008, and as of that date is repealed unless a later enacted statute, that is enacted before July 1, 2008, deletes or extends that date. A local child support agency shall honor repayment schedules for the compromise program beyond June 30, 2008, in order to allow for successful completion of the compromise agreements.

SEC. 9. Section 17706 of the Family Code is amended to read:

17706. (a) It is the intent of the Legislature to encourage counties to elevate the visibility and significance of the child support enforcement program in the county. To advance this goal, effective July 1, 2000, the counties with the 10 best performance standards pursuant to clause (ii) of subparagraph (B) of paragraph (2) of subdivision (b) of Section 17704 shall receive an additional 5 percent of the state's share of those counties' collections that are used to reduce or repay aid that is paid pursuant to Article 6 (commencing with Section 11450) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code. The counties shall use the increased recoupment for child support-related activities that may not be eligible for federal child support funding under Part D of Title IV of the Social Security Act, including, but not limited to, providing services to parents to help them better support their children financially, medically, and emotionally.

(b) The operation of subdivision (a) shall be suspended for the 2002–03, 2003–04, 2004–05, 2005–06, and 2006–07 fiscal years.

SEC. 10. Section 1522 of the Health and Safety Code is amended to read:

1522. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a community care facility, foster family home, or a certified family home of a licensed foster family agency. Therefore, the Legislature supports the use of the fingerprint live-scan technology, as identified in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII), to be used for applicant fingerprints. It is the intent of the Legislature in enacting this section to

require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety.

(a) (1) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the State Department of Social Services shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, of the Penal Code, subdivision (b) of Section 273a of the Penal Code, or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code.

(3) Except during the 2003–04, 2004–05, 2005–06, 2006–07, and 2007–08 fiscal years, neither the Department of Justice nor the State Department of Social Services may charge a fee for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section.

(4) The following shall apply to the criminal record information:

(A) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(B) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services may cease processing the application until the conclusion of the trial.

(C) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(D) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (g).

(E) An applicant and any other person specified in subdivision (b) shall submit a second set of fingerprints to the Department of Justice for the purpose of searching the criminal records of the Federal Bureau of Investigation, in addition to the criminal records search required by this subdivision. If an applicant and all other persons described in subdivision (b) meet all of the conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant or any of the persons described in subdivision (b), the department may issue a license if the applicant and each person described in subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction, as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or any other person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1550. The department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(b) (1) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(A) Adults responsible for administration or direct supervision of staff.

(B) Any person, other than a client, residing in the facility.

(C) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene. Any nurse assistant or home health aide meeting the requirements of Section 1338.5 or 1736.6, respectively, who is not employed, retained, or contracted by the licensee, and who has been certified or recertified on or after July 1, 1998, shall be deemed to meet the criminal record clearance requirements of this section. A certified nurse assistant and certified home health aide who will be providing client assistance and who falls under this exemption shall provide one copy of his or her current certification, prior to providing care, to the community care facility. The facility shall maintain the copy of the certification on file as long as care is being provided by the certified nurse assistant or certified home health aide at the facility. Nothing in this paragraph restricts the right of the department to exclude a certified nurse assistant or certified home health aide from a licensed community care facility pursuant to Section 1558.

(D) Any staff person, volunteer, or employee who has contact with the clients.

(E) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(F) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined

necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(2) The following persons are exempt from the requirements applicable under paragraph (1):

(A) A medical professional as defined in department regulations who holds a valid license or certification from the person's governing California medical care regulatory entity and who is not employed, retained, or contracted by the licensee if all of the following apply:

(i) The criminal record of the person has been cleared as a condition of licensure or certification by the person's governing California medical care regulatory entity.

(ii) The person is providing time-limited specialized clinical care or services.

(iii) The person is providing care or services within the person's scope of practice.

(iv) The person is not a community care facility licensee or an employee of the facility.

(B) A third-party repair person or similar retained contractor if all of the following apply:

(i) The person is hired for a defined, time-limited job.

(ii) The person is not left alone with clients.

(iii) When clients are present in the room in which the repairperson or contractor is working, a staff person who has a criminal record clearance or exemption is also present.

(C) Employees of a licensed home health agency and other members of licensed hospice interdisciplinary teams who have a contract with a client or resident of the facility and are in the facility at the request of that client or resident's legal decisionmaker. The exemption does not apply to a person who is a community care facility licensee or an employee of the facility.

(D) Clergy and other spiritual caregivers who are performing services in common areas of the community care facility or who are advising an individual client at the request of, or with the permission of, the client or legal decisionmaker, are exempt from fingerprint and criminal background check requirements imposed by community care licensing. This exemption does not apply to a person who is a community care licensee or employee of the facility.

(E) Members of fraternal, service, or similar organizations who conduct group activities for clients if all of the following apply:

(i) Members are not left alone with clients.

(ii) Members do not transport clients off the facility premises.

(iii) The same organization does not conduct group activities for clients more often than defined by the department's regulations.

(3) In addition to the exemptions in paragraph (2), the following persons in foster family homes, certified family homes, and small family homes are exempt from the requirements applicable under paragraph (1):

(A) Adult friends and family of the licensed or certified foster parent, who come into the home to visit for a length of time no longer than defined by the department in regulations, provided that the adult friends and family of the licensee are not left alone with the foster children. However, the licensee, acting as a reasonable and prudent parent, as defined in paragraph (2) of subdivision (a) of Section 362.04 of the Welfare and Institutions Code, may allow his or her adult friends and family to provide short-term care to the foster child and act as an appropriate occasional short-term babysitter for the child.

(B) Parents of a foster child's friends when the foster child is visiting the friend's home and the friend, licensed or certified foster parent, or both are also present. However, the licensee, acting as a reasonable and prudent parent, may allow the parent of the foster child's friends to act as an appropriate short-term babysitter for the child without the friend being present.

(C) Individuals who are engaged by any licensed or certified foster parent to provide short-term care to the child for periods not to exceed 24 hours. Caregivers shall use a reasonable and prudent parent standard in selecting appropriate individuals to act as appropriate occasional short-term babysitters.

(4) In addition to the exemptions specified in paragraph (2), the following persons in adult day care and adult day support centers are exempt from the requirements applicable under paragraph (1):

(A) Unless contraindicated by the client's individualized program plan (IPP) or needs and service plan, a spouse, significant other, relative, or close friend of a client, or an attendant or a facilitator for a client with a developmental disability if the attendant or facilitator is not employed, retained, or contracted by the licensee. This exemption applies only if the person is visiting the client or providing direct care and supervision to the client.

(B) A volunteer if all of the following applies:

(i) The volunteer is supervised by the licensee or a facility employee with a criminal record clearance or exemption.

(ii) The volunteer is never left alone with clients.

(iii) The volunteer does not provide any client assistance with dressing, grooming, bathing, or personal hygiene other than washing of hands.

(5) (A) In addition to the exemptions specified in paragraph (2), the following persons in adult residential and social rehabilitation facilities, unless contraindicated by the client's individualized program plan (IPP) or needs and services plan, are exempt from the requirements applicable under paragraph (1): a spouse, significant other, relative, or close friend of a client, or an attendant or a facilitator for a client with a developmental disability if the attendant or facilitator is not employed, retained, or contracted by the licensee. This exemption applies only if the person is visiting the client or providing direct care and supervision to that client.

(B) Nothing in this subdivision shall prevent a licensee from requiring a criminal record clearance of any individual exempt from the requirements of this section, provided that the individual has client contact.

(6) Any person similar to those described in this subdivision, as defined by the department in regulations.

(c) (1) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice, along with a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation, or to comply with paragraph (1) of subdivision (h), prior to the person's employment, residence, or initial presence in the community care facility. These fingerprints shall be on a card provided by the State Department of Social Services or sent by electronic transmission in a manner approved by the State Department of Social Services and the Department of Justice for the purpose of obtaining a permanent set of fingerprints, and shall be submitted to the Department of Justice by the licensee. A licensee's failure to submit fingerprints to the Department of Justice or to comply with paragraph (1) of subdivision (h), as required in this section, shall result in the citation of a deficiency and the immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. The department may assess civil penalties for continued violations as permitted by Section 1548. The fingerprints shall then be submitted to the State Department of Social Services for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for

this purpose, the Department of Justice shall verify receipt of the fingerprints.

(2) Within 14 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprints. Documentation of the individual's clearance or exemption shall be maintained by the licensee and be available for inspection. If new fingerprints are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible. When live-scan technology is operational, as defined in Section 1522.04, the Department of Justice shall notify the State Department of Social Services, as required by that section, and shall also notify the licensee by mail, within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal history recorded. A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. The department may assess civil penalties for continued violations as permitted by Section 1548.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, 273g, or 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (g). If the conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act

immediately to either (A) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (B) seek an exemption pursuant to subdivision (g). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall be grounds for disciplining the licensee pursuant to Section 1550.

(4) The department may issue an exemption on its own motion pursuant to subdivision (g) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (g). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) (1) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the State Department of Social Services or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons.

(3) Neither the Department of Justice nor the State Department of Social Services may charge a fee for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant.

(4) The following shall apply to the criminal record information:

(A) If the applicant or other persons specified in subdivision (b) have convictions that would make the applicant's home unfit as a foster family

home or a certified family home, the license, special permit, or certificate of approval shall be denied.

(B) If the State Department of Social Services finds that the applicant, or any person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services or other approving authority may cease processing the application until the conclusion of the trial.

(C) For the purposes of this subdivision, a criminal record clearance provided under Section 8712 of the Family Code may be used by the department or other approving agency.

(D) An applicant for a foster family home license or for certification as a family home, and any other person specified in subdivision (b), shall submit a set of fingerprints to the Department of Justice for the purpose of searching the criminal records of the Federal Bureau of Investigation, in addition to the criminal records search required by subdivision (a). If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and all persons described in subdivision (b), the department may issue a license, or the foster family agency may issue a certificate of approval, if the applicant, and each person described in subdivision (b), has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction, as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure or certification, the department determines that the licensee, certified foster parent, or any person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1550 and the certificate of approval revoked pursuant to subdivision (b) of Section 1534. The department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(5) Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions or arrests for any crime against a child, spousal or cohabitant abuse or, any crime for which the department cannot grant an exemption if the person was convicted and shall submit these fingerprints to the licensing agency or other approving authority.

(6) (A) The foster family agency shall obtain fingerprints from certified home applicants and from persons specified in subdivision (b) and shall submit them directly to the Department of Justice or send them by electronic transmission in a manner approved by the State Department of Social Services. A foster family home licensee or foster family agency shall submit these fingerprints to the Department of Justice, along with

a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation or to comply with paragraph (1) of subdivision (b) prior to the person's employment, residence, or initial presence. A foster family agency's failure to submit fingerprints to the Department of Justice, or comply with paragraph (1) of subdivision (h), as required in this section, shall result in a citation of a deficiency, and the immediate civil penalties of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. A violation of the regulation adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the foster family agency pursuant to Section 1550. A licensee's failure to submit fingerprints to the Department of Justice, or comply with paragraph (1) of subdivision (h), as required in this section, may result in the citation of a deficiency and immediate civil penalties of one hundred dollars ($100) per violation. A licensee's violation of regulations adopted pursuant to Section 1522.04 may result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The State Department of Social Services may assess penalties for continued violations, as permitted by Section 1548. The fingerprints shall then be submitted to the State Department of Social Services for processing.

(B) Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the Department of Justice shall verify receipt of the fingerprints. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster family home licensee or the foster family agency with a statement of that fact concurrent with providing the information to the State Department of Social Services.

(7) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be

denied, unless the director grants an exemption pursuant to subdivision (g).

(8) If the State Department of Social Services finds after licensure or the granting of the certificate of approval that the licensee, certified foster parent, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license or certificate of approval may be revoked by the department or the foster family agency, whichever is applicable, unless the director grants an exemption pursuant to subdivision (g). A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by paragraph (3) of subdivision (c) shall be grounds for disciplining the licensee pursuant to Section 1550.

(e) The State Department of Social Services may not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the State Department of Social Services is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, when the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of the conviction, notwithstanding any other provision of law

prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(g) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit as specified in paragraphs (1) and (4) of subdivision (a), or for a license, special permit, or certificate of approval as specified in paragraphs (4) and (5) of subdivision (d), or for employment, residence, or presence in a community care facility as specified in paragraphs (3), (4), and (5) of subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, an exemption may not be granted pursuant to this subdivision if the conviction was for any of the following offenses:

(A) (i) An offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (a) of Section 290, or Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(ii) Notwithstanding clause (i), the director may grant an exemption regarding the conviction for an offense described in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, if the employee or prospective employee has been rehabilitated as provided in Section 4852.03 of the Penal Code, has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years, and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(B) A felony offense specified in Section 729 of the Business and Professions Code or Section 206 or 215, subdivision (a) of Section 347, subdivision (b) of Section 417, or subdivision (a) of Section 451 of the Penal Code.

(2) The department may not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1558.

(h) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal record clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another facility licensed by a state licensing district office. The request shall be in writing to the State Department of Social Services, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the State Department of Social Services shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearance to be transferred.

(3) The following shall apply to a criminal record clearance or exemption from the department or a county office with department-delegated licensing authority:

(A) A county office with department-delegated licensing authority may accept a clearance or exemption from the department.

(B) The department may accept a clearance or exemption from any county office with department-delegated licensing authority.

(C) A county office with department-delegated licensing authority may accept a clearance or exemption from any other county office with department-delegated licensing authority.

(4) With respect to notifications issued by the Department of Justice pursuant to Section 11105.2 of the Penal Code concerning an individual whose criminal record clearance was originally processed by the department or a county office with department-delegated licensing authority, all of the following shall apply:

(A) The Department of Justice shall process a request from the department or a county office with department-delegated licensing authority to receive the notice only if all of the following conditions are met:

(i) The request shall be submitted to the Department of Justice by the agency to be substituted to receive the notification.

(ii) The request shall be for the same applicant type as the type for which the original clearance was obtained.

(iii) The request shall contain all prescribed data elements and format protocols pursuant to a written agreement between the department and the Department of Justice.

(B) (i) On or before January 7, 2005, the department shall notify the Department of Justice of all county offices that have department-delegated licensing authority.

(ii) The department shall notify the Department of Justice within 15 calendar days of the date on which a new county office receives department-delegated licensing authority or a county's delegated licensing authority is rescinded.

(C) The Department of Justice shall charge the department or a county office with department-delegated licensing authority a fee for each time a request to substitute the recipient agency is received for purposes of this paragraph. This fee shall not exceed the cost of providing the service.

(i) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(j) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(k) (1) The Department of Justice shall coordinate with the State Department of Social Services to establish and implement an automated live-scan processing system for fingerprints in the district offices of the Community Care Licensing Division of the State Department of Social Services by July 1, 1999. These live-scan processing units shall be connected to the main system at the Department of Justice by July 1, 1999, and shall become part of that department's pilot project in accordance with its long-range plan. The State Department of Social Services may charge a fee for the costs of processing a set of live-scan fingerprints.

(2) The Department of Justice shall provide a report to the Senate and Assembly fiscal committees, the Assembly Human Services Committee, and to the Senate Health and Human Services Committee by April 15, 1999, regarding the completion of backlogged criminal record clearance requests for all facilities licensed by the State Department of Social Services and the progress on implementing the automated live-scan processing system in the two district offices pursuant to paragraph (1).

(*l*) Amendments to this section made in the 1999 portion of the 1999–2000 Regular Session shall be implemented commencing 60 days after the effective date of the act amending this section in the 1999 portion of the 1999–2000 Regular Session, except that those provisions for the submission of fingerprints for searching the records of the Federal

Bureau of Investigation shall be implemented 90 days after the effective date of that act.

SEC. 11. Section 1522.08 is added to the Health and Safety Code, to read:

1522.08. (a) In order to protect the health and safety of persons receiving care or services from individuals or facilities licensed or certified by the state, departments under the jurisdiction of the California Health and Human Services Agency may share information between departments within the agency with respect to applicants, licensees, certificants, or individuals who have been the subject of any disciplinary action resulting in the denial, suspension, probation, or revocation of a license, permit, or certificate, or in the exclusion of any person from a facility, as otherwise provided by law. The State Department of Social Services shall maintain a centralized system for the monitoring and tracking of administrative disciplinary actions, to be used by all departments under the jurisdiction of the California Health and Human Services Agency as a part of the background check process.

(b) The State Department of Social Services, in consultation with the other departments under the jurisdiction of the California Health and Human Services Agency, may adopt regulations to implement this section.

(c) The State Department of Social Services may charge a fee to departments under the jurisdiction of the California Health and Human Services Agency sufficient to cover the cost of providing those departments with the disciplinary record information specified in subdivision (a).

SEC. 13. Section 1534 of the Health and Safety Code is amended to read:

1534. (a) (1) Every licensed community care facility shall be subject to unannounced visits by the department. The department shall visit these facilities as often as necessary to ensure the quality of care provided.

(A) The department shall conduct an annual unannounced visit to a facility under any of the following circumstances:

(i) When a license is on probation.

(ii) When the terms of agreement in a facility compliance plan require an annual evaluation.

(iii) When an accusation against a licensee is pending.

(iv) When a facility requires an annual visit as a condition of receiving federal financial participation.

(v) In order to verify that a person who has been ordered out of a facility by the department is no longer at the facility.

(B) The department shall conduct annual unannounced visits to no less than 20 percent of facilities not subject to an evaluation under subparagraph (A). These unannounced visits shall be conducted based on a random sampling methodology developed by the department. If the total citations issued by the department exceed the previous year's total by 10 percent, the following year the department shall increase the random sample by an additional 10 percent of the facilities not subject to an evaluation under subparagraph (A). The department may request additional resources to increase the random sample by 10 percent.

(C) Under no circumstance shall the department visit a community care facility less often than once every five years.

(D) In order to facilitate direct contact with group home clients, the department may interview children who are clients of group homes at any public agency or private agency at which the client may be found, including, but not limited to, a juvenile hall, recreation or vocational program, or a nonpublic school. The department shall respect the rights of the child while conducting the interview, including informing the child that he or she has the right not to be interviewed and the right to have another adult present during the interview.

(2) The department shall notify the community care facility in writing of all deficiencies in its compliance with the provisions of this chapter and the rules and regulations adopted pursuant to this chapter, and shall set a reasonable length of time for compliance by the facility.

(3) Reports on the results of each inspection, evaluation, or consultation shall be kept on file in the department, and all inspection reports, consultation reports, lists of deficiencies, and plans of correction shall be open to public inspection in the county in which the facility is located.

(b) (1) Nothing in this section shall limit the authority of the department to inspect or evaluate a licensed foster family agency, a certified family home, or any aspect of a program where a licensed community care facility is certifying compliance with licensing requirements.

(2) Upon a finding of noncompliance by the department, the department may require a foster family agency to deny or revoke the certificate of approval of a certified family home, or take other action the department may deem necessary for the protection of a child placed with the family home. The family home shall be afforded the due process provided pursuant to this chapter.

(3) If the department requires a foster family agency to deny or revoke the certificate of approval, the department shall serve an order of denial or revocation upon the certified or prospective foster parent and foster family agency that shall notify the certified or prospective foster parent

of the basis of the department's action and of the certified or prospective foster parent's right to a hearing.

(4) Within 15 days after the department serves an order of denial or revocation, the certified or prospective foster parent may file a written appeal of the department's decision with the department. The department's action shall be final if the certified or prospective foster parent does not file a written appeal within 15 days after the department serves the denial or revocation order.

(5) The department's order of the denial or revocation of the certificate of approval shall remain in effect until the hearing is completed and the director has made a final determination on the merits.

(6) A certified or prospective foster parent who files a written appeal of the department's order with the department pursuant to this section shall, as part of the written request, provide his or her current mailing address. The certified or prospective foster parent shall subsequently notify the department in writing of any change in mailing address, until the hearing process has been completed or terminated.

(7) Hearings held pursuant to this section shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Division 3 of Title 2 of the Government Code. In all proceedings conducted in accordance with this section the standard of proof shall be by a preponderance of the evidence.

(8) The department may institute or continue a disciplinary proceeding against a certified or prospective foster parent upon any ground provided by this section, enter an order denying or revoking the certificate of approval, or otherwise take disciplinary action against the certified or prospective foster parent, notwithstanding any resignation, withdrawal of application, surrender of the certificate of approval, or denial or revocation of the certificate of approval by the foster family agency.

(9) A foster family agency's failure to comply with the department's order to deny or revoke the certificate of employment by placing or retaining children in care shall be grounds for disciplining the licensee pursuant to Section 1550.

SEC. 16. Section 1569.33 of the Health and Safety Code is amended to read:

1569.33. (a) Every licensed residential care facility for the elderly shall be subject to unannounced visits by the department. The department shall visit these facilities as often as necessary to ensure the quality of care provided.

(b) The department shall conduct an annual unannounced visit of a facility under any of the following circumstances:

(1) When a license is on probation.

(2) When the terms of agreement in a facility compliance plan require an annual evaluation.

(3) When an accusation against a licensee is pending.

(4) When a facility requires an annual visit as a condition of receiving federal financial participation.

(5) In order to verify that a person who has been ordered out of the facility for the elderly by the department is no longer at the facility.

(c) The department shall conduct annual unannounced visits to no less than 20 percent of facilities not subject to an evaluation under subdivision (b). These unannounced visits shall be conducted based on a random sampling methodology developed by the department. If the total citations issued by the department exceed the previous year's total by 10 percent, the following year the department shall increase the random sample by 10 percent of facilities not subject to an evaluation under subdivision (b). The department may request additional resources to increase the random sample by 10 percent.

(d) Under no circumstance shall the department visit a residential care facility for the elderly less often than once every five years.

(e) The department shall notify the residential care facility for the elderly in writing of all deficiencies in its compliance with the provisions of this chapter and the rules and regulations adopted pursuant to this chapter, and shall set a reasonable length of time for compliance by the facility.

(f) Reports on the results of each inspection, evaluation, or consultation shall be kept on file in the department, and all inspection reports, consultation reports, lists of deficiencies, and plans of correction shall be open to public inspection in the county in which the facility is located.

(g) As a part of the department's annual evaluation process, the department shall review the plan of operation, training logs, and marketing materials of any residential care facility for the elderly that advertises or promotes special care, special programming, or a special environment for persons with dementia to monitor compliance with Sections 1569.626 and 1569.627.

SEC. 18. Section 1596.871 of the Health and Safety Code is amended to read:

1596.871. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a child care center or family child care home. Therefore, the Legislature supports the use of the fingerprint live-scan technology, as defined in the long-range plan of the Department of Justice for fully automating the processing of

fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII), to be used for applicant fingerprints. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with child day care facility clients may pose a risk to the children's health and safety.

(a) (1) Before issuing a license or special permit to any person to operate or manage a day care facility, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code.

(3) Except during the 2003–04, 2004–05, 2005–06, 2006–07, and 2007–08 fiscal years, neither the Department of Justice nor the department may charge a fee for the fingerprinting of an applicant who will serve six or fewer children or any family day care applicant for a license, or for obtaining a criminal record of an applicant pursuant to this section.

(4) The following shall apply to the criminal record information:

(A) If the State Department of Social Services finds that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (f).

(B) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services may cease processing the application until the conclusion of the trial.

(C) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(D) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (f).

(E) An applicant and any other person specified in subdivision (b) shall submit a second set of fingerprints to the Department of Justice, for the purpose of searching the records of the Federal Bureau of Investigation, in addition to the search required by subdivision (a). If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and persons listed in subdivision (b), the department may issue a license if the applicant and each person described by subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1596.885. The department may also suspend the license pending an administrative hearing pursuant to Section 1596.886.

(b) (1) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(A) Adults responsible for administration or direct supervision of staff.

(B) Any person, other than a child, residing in the facility.

(C) Any person who provides care and supervision to the children.

(D) Any staff person, volunteer, or employee who has contact with the children.

(i) A volunteer providing time-limited specialized services shall be exempt from the requirements of this subdivision if this person is directly supervised by the licensee or a facility employee with a criminal record clearance or exemption, the volunteer spends no more than 16 hours per week at the facility, and the volunteer is not left alone with children in care.

(ii) A student enrolled or participating at an accredited educational institution shall be exempt from the requirements of this subdivision if the student is directly supervised by the licensee or a facility employee with a criminal record clearance or exemption, the facility has an agreement with the educational institution concerning the placement of the student, the student spends no more than 16 hours per week at the facility, and the student is not left alone with children in care.

(iii) A volunteer who is a relative, legal guardian, or foster parent of a client in the facility shall be exempt from the requirements of this subdivision.

(iv) A contracted repair person retained by the facility, if not left alone with children in care, shall be exempt from the requirements of this subdivision.

(v) Any person similar to those described in this subdivision, as defined by the department in regulations.

(E) If the applicant is a firm, partnership, association, or corporation, the chief executive officer, other person serving in like capacity, or a person designated by the chief executive officer as responsible for the operation of the facility, as designated by the applicant agency.

(F) If the applicant is a local educational agency, the president of the governing board, the school district superintendent, or a person designated to administer the operation of the facility, as designated by the local educational agency.

(G) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(H) This section does not apply to employees of child care and development programs under contract with the State Department of Education who have completed a criminal records clearance as part of an application to the Commission on Teacher Credentialing, and who possess a current credential or permit issued by the commission, including employees of child care and development programs that serve both children subsidized under, and children not subsidized under, a State Department of Education contract. The Commission on Teacher Credentialing shall notify the department upon revocation of a current credential or permit issued to an employee of a child care and development program under contract with the State Department of Education.

(I) This section does not apply to employees of a child care and development program operated by a school district, county office of education, or community college district under contract with the State Department of Education who have completed a criminal record clearance as a condition of employment. The school district, county office of education, or community college district upon receiving information that the status of an employee's criminal record clearance has changed shall submit that information to the department.

(2) Nothing in this subdivision shall prevent a licensee from requiring a criminal record clearance of any individuals exempt from the requirements under this subdivision.

(c) (1) (A) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a child day care facility be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal conviction. The licensee shall submit these fingerprints

to the Department of Justice, along with a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation, or to comply with paragraph (1) of subdivision (h), prior to the person's employment, residence, or initial presence in the child day care facility.

(B) These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints and submitted to the Department of Justice by the licensee or sent by electronic transmission in a manner approved by the State Department of Social Services. A licensee's failure to submit fingerprints to the Department of Justice, or to comply with paragraph (1) of subdivision (h), as required in this section, shall result in the citation of a deficiency, and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1596.885 or Section 1596.886. The State Department of Social Services may assess civil penalties for continued violations permitted by Sections 1596.99 and 1597.62. The fingerprints shall then be submitted to the State Department of Social Services for processing. Within 14 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

(C) Documentation of the individual's clearance or exemption shall be maintained by the licensee, and shall be available for inspection. When live-scan technology is operational, as defined in Section 1522.04, the Department of Justice shall notify the department, as required by that section, and notify the licensee by mail within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal record. Any violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month

period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1596.885 or Section 1596.886. The department may assess civil penalties for continued violations, as permitted by Sections 1596.99 and 1597.62.

(2) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the department, on the basis of fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, an offense specified in Section 243.4, 273a, 273d, 273g, or 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility. The department may subsequently grant an exemption pursuant to subdivision (f). If the conviction was for another crime except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility; or (2) seek an exemption pursuant to subdivision (f). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall result in a citation of deficiency and an immediate assessment of civil penalties by the department against the licensee, in the amount of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1596.885 or 1596.886.

(3) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(4) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may

seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, when the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(e) The State Department of Social Services may not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit as specified in paragraphs (1) and (4) of subdivision (a), or for employment, residence, or presence in a child day care facility as specified in paragraphs (3), (4), and (5) of subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant

and the person convicted of the crime, if other than the applicant, are of good character so as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, an exemption may not be granted pursuant to this subdivision if the conviction was for any of the following offenses:

(A) An offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (a) of Section 290, or Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(B) A felony offense specified in Section 729 of the Business and Professions Code or Section 206 or 215, subdivision (a) of Section 347, subdivision (b) of Section 417, or subdivision (a) or (b) of Section 451 of the Penal Code.

(2) The department may not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1596.8897.

(g) Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(h) (1) For the purposes of compliance with this section, the department may permit an individual to transfer a current criminal record clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another facility licensed by a state licensing district office. The request shall be in writing to the department, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed stamped envelope for this purpose, the department shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearances to be transferred.

(3) The following shall apply to a criminal record clearance or exemption from the department or a county office with department-delegated licensing authority:

(A) A county office with department-delegated licensing authority may accept a clearance or exemption from the department.

(B) The department may accept a clearance or exemption from any county office with department-delegated licensing authority.

(C) A county office with department-delegated licensing authority may accept a clearance or exemption from any other county office with department-delegated licensing authority.

(4) With respect to notifications issued by the Department of Justice pursuant to Section 11105.2 of the Penal Code concerning an individual whose criminal record clearance was originally processed by the department or a county office with department-delegated licensing authority, all of the following shall apply:

(A) The Department of Justice shall process a request from the department or a county office with department-delegated licensing authority to receive the notice, only if all of the following conditions are met:

(i) The request shall be submitted to the Department of Justice by the agency to be substituted to receive the notification.

(ii) The request shall be for the same applicant type as the type for which the original clearance was obtained.

(iii) The request shall contain all prescribed data elements and format protocols pursuant to a written agreement between the department and the Department of Justice.

(B) (i) On or before January 7, 2005, the department shall notify the Department of Justice of all county offices that have department-delegated licensing authority.

(ii) The department shall notify the Department of Justice within 15 calendar days of the date on which a new county office receives department-delegated licensing authority or a county's delegated licensing authority is rescinded.

(C) The Department of Justice shall charge the department or a county office with department-delegated licensing authority a fee for each time a request to substitute the recipient agency is received for purposes of this paragraph. This fee shall not exceed the cost of providing the service.

(i) Amendments to this section made in the 1998 calendar year shall be implemented commencing 60 days after the effective date of the act amending this section in the 1998 calendar year, except those provisions for the submission of fingerprints for searching the records of the Federal Bureau of Investigation, which shall be implemented commencing January 1, 1999.

SEC. 19. Section 1597.09 of the Health and Safety Code is amended to read:

1597.09. (a) Each licensed child day care center shall be subject to unannounced visits by the department. The department shall visit these facilities as often as necessary to ensure the quality of care provided.

(1) When a license is on probation.

(2) When the terms of agreement in a facility compliance plan require an annual evaluation.

(3) When an accusation against a licensee is pending.

(4) In order to verify that a person who has been ordered out of a child day care center by the department is no longer at the facility.

(c) The department shall conduct an annual unannounced visit to no less than 20 percent of facilities not subject to an evaluation under subdivision (b). These unannounced visits shall be conducted based on a random sampling methodology developed by the department. If the total citations issued by the department exceed the previous year's total by 10 percent, the following year the department shall increase the random sample by 10 percent of facilities not subject to an evaluation under subdivision (b). The department may request additional resources to increase the random sample by 10 percent.

(d) Under no circumstance shall the department visit a licensed child day care center less often than once every five years.

SEC. 20. Section 1597.55a of the Health and Safety Code is amended to read:

1597.55a. Every family day care home shall be subject to unannounced visits by the department as provided in this section. The department shall visit these facilities as often as necessary to ensure the quality of care provided.

(a) The department shall conduct an announced site visit prior to the initial licensing of the applicant.

(b) The department shall conduct an annual unannounced visit to a facility under any of the following circumstances:

(1) When a license is on probation.

(2) When the terms of agreement in a facility compliance plan require an annual evaluation.

(4) In order to verify that a person who has been ordered out of a family day care home by the department is no longer at the facility.

(c) The department shall conduct annual unannounced visits to no less than 20 percent of facilities not subject to an evaluation under subdivision (b). These unannounced visits shall be conducted based on a random sampling methodology developed by the department. If the total citations issued by the department exceed the previous year's total

by 10 percent, the following year the department shall increase the random sample by 10 percent of the facilities not subject to an evaluation under subdivision (b). The department may request additional resources to increase the random sample by 10 percent.

(d) Under no circumstance shall the department visit a licensed family day care home less often than once every five years.

(e) A public agency under contract with the department may make spot checks if it does not result in any cost to the state. However, spot checks shall not be required by the department.

(f) The department or licensing agency shall make an unannounced site visit on the basis of a complaint and a followup visit as provided in Section 1596.853.

(g) An unannounced site visit shall adhere to both of the following conditions:

(1) The visit shall take place only during the facility's normal business hours or at any time family day care services are being provided.

(2) The inspection of the facility shall be limited to those parts of the facility in which family day care services are provided or to which the children have access.

(h) The department shall implement this section during periods that Section 1597.55b is not being implemented in accordance with Section 18285.5 of the Welfare and Institutions Code.

SEC. 21. Section 11831.5 of the Health and Safety Code is amended to read:

11831.5. (a) Certification shall be granted by the department pursuant to this section to any qualified alcoholism or drug abuse recovery or treatment program, regardless of the source of the program's funding, upon approval of a completed application and payment of the required fee. The certification shall be valid for a period of not more than two years. The department may extend the certification period upon receipt of an application for renewal and payment of the required certification fee prior to the expiration date of the certification.

(b) The purposes of certification under this section shall be all of the following:

(1) To identify programs that exceed minimal levels of service quality, are in substantial compliance with the department's standards, and merit the confidence of the public, third-party payers, and county alcohol and drug programs.

(2) To encourage programs to meet their stated goals and objectives.

(3) To encourage programs to strive for increased quality of service through recognition by the state and by peer programs in the alcoholism and drug field.

(4) To assist programs to identify their needs for technical assistance, training, and program improvements.

(c) Certification may be granted under this section on the basis of evidence satisfactory to the department that the requesting alcoholism or drug abuse recovery or treatment program has an accreditation by a statewide or national alcohol or drug program accrediting body. The accrediting body shall provide accreditation that meets or exceeds the department's standards and is recognized by the department.

(d) No fee shall be levied by the department for certification of nonprofit organizations or local governmental entities under this section.

(e) Certification, or the lack thereof, shall not convey any approval or disapproval by the department, but shall be for information purposes only.

(f) The standards developed pursuant to Section 11830 and the certification under this section shall satisfy the requirements of Section 1463.16 of the Penal Code.

(g) The department and the State Department of Social Services shall enter into a memorandum of understanding to establish a process by which the Department of Alcohol and Drug Programs can certify residential facilities or programs serving primarily adolescents, as defined in paragraph (1) of subdivision (a) of Section 1502, that have programs that primarily serve adolescents and provide alcohol and other drug recovery or treatment services.

(h) Regulations adopted by the department pursuant to this section shall be adopted as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and for the purposes of that chapter, including Section 11349.6 of the Government Code, the adoption of these regulations is an emergency and shall be considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health and safety, and general welfare. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, including subdivision (e) of Section 11346.1 of the Government Code, any emergency regulations adopted pursuant to this section shall be filed with, but not be repealed by, the Office of Administrative Law and shall remain in effect until revised by the department. Nothing in this subdivision shall be interpreted to prohibit the department from adopting subsequent amendments on a nonemergency basis or as emergency regulations in accordance with the standards set forth in Section 11346.1 of the Government Code.

SEC. 22. Section 11839.7 of the Health and Safety Code is amended to read:

11839.7. (a) (1) Each narcotic treatment program authorized to use replacement narcotic therapy in this state, except narcotic treatment research programs approved by the Research Advisory Panel, shall be licensed by the department.

(2) Each narcotic treatment program, other than a program owned and operated by the state, county, city, or city and county, shall, upon application for licensure and for renewal of a license, pay an annual license fee to the department. July 1 shall be the annual license renewal date.

(3) The department shall set the licensing fee at a level sufficient to cover all departmental costs associated with licensing incurred by the department, but the fee shall not, except as specified in this section, increase at a rate greater than the Consumer Price Index. The fees shall include the department's share of pro rata charges for the expenses of state government. The fee may be paid quarterly in arrears as determined by the department. Fees paid quarterly in arrears shall be due and payable on the last day of each quarter except for the fourth quarter for which payment shall be due and payable no later than May 31. A failure of a program to pay renewal license fees by the due date shall give rise to a civil penalty of one hundred dollars ($100) a day for each day after the due date. Second and subsequent inspection visits to narcotic treatment programs that are operating in noncompliance with the applicable laws and regulations shall be charged a rate of one-half the program's annual license fee or one thousand dollars ($1,000), whichever is less, for each visit.

(4) Licensing shall be contingent upon determination by the department that the program is in compliance with applicable laws and regulations and upon payment of the licensing fee. A license shall not be transferable.

(5) (A) As used in this chapter, "quarter" means July, August, and September; October, November, and December; January, February, and March; and April, May, and June.

(B) As used in this chapter, "license" means a basic permit to operate a narcotic treatment program. The license shall be issued exclusively by the department and operated in accordance with a patient capacity that shall be specified, approved, and monitored solely by the department.

(b) Each narcotic treatment program, other than a program owned and operated by the state, county, city, or city and county, shall be charged an application fee that shall be at a level sufficient to cover all departmental costs incurred by the department in processing either an application for a new program license, or an application for an existing program that has moved to a new location.

(c) Any licensee that increases fees to the patient, in response to increases in licensure fees required by the department, shall first provide written disclosure to the patient of that amount of the patient fee increase that is attributable to the increase in the licensure fee. This provision shall not be construed to limit patient fee increases imposed by the licensee upon any other basis.

SEC. 23. Section 11970.4 of the Health and Safety Code is repealed.

SEC. 23.1. Section 11999.6.1 is added to the Health and Safety Code, to read:

11999.6.1. (a) Notwithstanding any other provision of law, when the department allocates funds appropriated to the Substance Abuse Treatment Trust Fund, it shall withhold from any allocation to a county the amount of funds previously allocated to that county from the fund that are projected to remain unencumbered, up to the amount that would otherwise be allocated to that county. The department shall allow a county with unencumbered funds to retain a reserve of 5 percent of the amount allocated to that county for the most recent fiscal year in which the county received an allocation from the fund without a reduction pursuant to this subdivision.

(b) The department shall allocate 75 percent of the amount withheld pursuant to subdivision (a) in accordance with Section 11999.6 and any regulations adopted pursuant to that section, but taking into account any amount withheld pursuant to subdivision (a).

(c) The department shall reserve 25 percent of the amount withheld pursuant to subdivision (a) until all counties have submitted final actual expenditures for the most recent fiscal year. The department shall then allocate the funds reserved to adjust for actual rather than projected unencumbered funds, to the extent that the amount reserved is adequate to do so. Any balance of funds not reallocated pursuant to this subdivision shall be allocated in accordance with subdivision (e).

(d) If the department determines from actual expenditures that more funds should have been withheld from any county than were withheld pursuant to subdivision (a), it shall adjust any allocations pursuant to subdivision (e) accordingly, to the extent possible. If one or more counties fails to report actual expenditures in a timely manner, the department may, in its discretion, proceed with the available information, and may exclude any nonreporting county from any allocations pursuant to this section.

(e) If revenues, funds, or other receipts to the Substance Abuse Treatment Trust Fund are sufficient to create additional allocations to counties, through reconsideration of unencumbered funds, audit recoveries, or otherwise, the Director of Finance may authorize expenditures for the department in excess of the amount appropriated

no earlier than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the fiscal committees in each house and the Chairperson of the Joint Legislative Budget Committee, or at an earlier time that the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine.

(f) The department may implement this section by All-County Lead Agency letters or other similar instructions, and need not comply with the rulemaking requirements of Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2 of the Government Code.

SEC. 23.2. Division 10.10 (commencing with Section 11999.30) is added to the Health and Safety Code, to read:

DIVISION 10.10. SUBSTANCE ABUSE OFFENDER TREATMENT PROGRAM

11999.30. (a) This division shall be known as the Substance Abuse Offender Treatment Program. Funds distributed under this division shall be used to serve offenders who qualify for services under the Substance Abuse and Crime Prevention Act of 2000, including any amendments thereto. Implementation of this division is subject to an appropriation in the annual Budget Act.

(b) The department shall distribute funds for the Substance Abuse Offender Treatment Program to counties that demonstrate a commitment of county general funds or funds from a source other than the state, which demonstrates eligibility for the program. The department shall establish a methodology for allocating funds under the program. The maximum amount an eligible county may receive shall not exceed an amount equal to 30 percent of the county's allocation from the department for that fiscal year from the trust fund established pursuant to Section 11999.4. The allocation methodology shall be based on the following factors:

(1) The percentage of offenders ordered to drug treatment that actually begin treatment.

(2) The percentage of offenders ordered to treatment that completed the prescribed course of treatment.

(3) Any other factor determined by the department.

(c) The distribution of funds for this program to each eligible county shall be at a ratio of nine dollars ($9) for every one dollar ($1) of eligible county matching funds.

(d) County eligibility for matching funds under this division shall be determined by the department according to specified criteria, including, but not limited to, all of the following:

(1) The establishment and maintenance of dedicated court calendars with regularly scheduled reviews of treatment progress for persons ordered to drug treatment.

(2) The existence or establishment of a drug court, and willingness to accept defendants who are likely to be committed to state prison.

(3) The establishment and maintenance of protocols for the use of drug testing to monitor offenders' progress in treatment.

(4) The establishment and maintenance of protocols for assessing offenders' treatment needs and the placement of offenders at the appropriate level of treatment.

(e) The department, in its discretion, may exclude administrative costs in determining the amount of eligible county match, and may restrict or prohibit the expenditure of funds provided under this division for those purposes. The department may also require a limitation on the expenditure of funds provided under this division for services other than direct treatment costs, as a condition of receipt of program funds.

(f) To receive funds under this division, a county shall submit an application to the department documenting all of the following:

(1) The county's commitment of funds, as required by subdivision (b).

(2) The county's eligibility, as determined by the criteria set forth in subdivision (d).

(3) The county's plan and commitment to utilize the funds for the purposes of the program, which may include, but are not limited to, all of the following:

(A) Enhancing treatment services for offenders assessed to need them, including residential treatment and narcotic replacement therapy.

(B) Increasing the proportion of sentenced offenders who enter, remain in, and complete treatment, through activities and approaches such as colocation of services, enhanced supervision of offenders, and enhanced services determined necessary through the use of drug test results.

(C) Reducing delays in the availability of appropriate treatment services.

(D) Use of a drug court model, including dedicated court calendars with regularly scheduled reviews of treatment progress, and strong collaboration by the courts, probation, and treatment.

(E) Developing treatment services that are needed but not available.

(F) Other activities, approaches, and services approved by the department, after consultation with stakeholders.

(g) The department shall audit county expenditures of funds distributed pursuant to this division. Expenditures not made in accordance with this division shall be repaid to the state.

(h) The department shall consult with stakeholders and report during annual budget hearings on additional recommendations for improvement of programs and services, allocation and funding mechanisms, including, but not limited to, competitive approaches, performance-based allocations, and sources of data for measurement.

(i) (1) For the 2006–07 fiscal year, the department may implement this division by all-county letters or other similar instructions, and need not comply with the rulemaking requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. Commencing with the 2007–08 fiscal year, the department may implement this section by emergency regulations, adopted pursuant to paragraph (2).

(2) Regulations adopted by the department pursuant to this division shall be adopted as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and for the purposes of that chapter, including Section 11349.6 of the Government Code, the adoption of these regulations is an emergency and shall be considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health and safety, and general welfare. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, including subdivision (e) of Section 11346.1 of the Government Code, any emergency regulations adopted pursuant to this division shall be filed with, but not be repealed by, the Office of Administrative Law and shall remain in effect until revised by the department. Nothing in this paragraph shall be interpreted to prohibit the department from adopting subsequent amendments on a nonemergency basis or as emergency regulations in accordance with the standards set forth in Section 11346.1 of the Government Code.

(j) This division shall become inoperative two years following the date that the program is first implemented, and shall be repealed on July 1, 2009, unless a later-enacted statute, that is enacted before July 1, 2009, deletes or extends that date.

SEC. 24. Section 129856 is added to the Health and Safety Code, to read:

129856. (a) Contingent on an appropriation in the annual Budget Act, the office shall establish a program for training Fire and Life Safety Officers. The goal of this program shall be to provide a sufficient number of qualified persons to facilitate the timely performance of the office's duties and responsibilities relating to the review of plans and specifications pertaining to the design and observation of construction of hospital buildings described in paragraphs (2) and (3) of subdivision

(b) of Section 129725, in order to ensure compliance with applicable facility design and construction codes and standards.

(b) The office shall prepare a comprehensive report on the training program setting forth its goals, objectives, and structure. The report shall include the number of Fire and Life Safety Officers to be trained annually, a timeline for training completion, a process for gathering information to evaluate the training programs efficiency that includes dropout and retention rates, and a mechanism to annually assess the need for the training program to continue. The report shall be submitted to the Joint Legislative Budget Committee by April 1, 2007.

SEC. 25. Section 1611.5 of the Unemployment Insurance Code is amended to read:

1611.5. Notwithstanding Section 1611, the Legislature may appropriate from the Employment Training Fund an amount specified in the annual Budget Act to fund the local assistance portion of welfare-to-work activities under the CalWORKs program, provided for pursuant to Article 3.2 (commencing with Section 11320) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code, as administered by the State Department of Social Services.

SEC. 26. Section 366.21 of the Welfare and Institutions Code is amended to read:

366.21. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing and of their right to be present and represented by counsel.

(b) Except as provided in Sections 294 and 295, notice of the hearing shall be provided pursuant to Section 293.

(c) At least 10 calendar days prior to the hearing, the social worker shall file a supplemental report with the court regarding the services provided or offered to the parent or legal guardian to enable him or her to assume custody and the efforts made to achieve legal permanence for the child if efforts to reunify fail, including, but not limited to, efforts to maintain relationships between a child who is 10 years of age or older and has been in out-of-home placement for six months or longer and individuals who are important to the child, consistent with the child's best interests; the progress made; and, where relevant, the prognosis for return of the child to the physical custody of his or her parent or legal guardian; and shall make his or her recommendation for disposition. If the child is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, the report and recommendation may also take into account those factors described in subdivision (e) relating to the child's sibling group. If the recommendation is not to return the

child to a parent or legal guardian, the report shall specify why the return of the child would be detrimental to the child. The social worker shall provide the parent or legal guardian, counsel for the child, and any court-appointed child advocate with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a child removed from the physical custody of his or her parent or legal guardian, the social worker shall, at least 10 calendar days prior to the hearing, provide a summary of his or her recommendation for disposition to any foster parents, relative caregivers, and certified foster parents who have been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, community care facility, or foster family agency having the physical custody of the child.

(d) Prior to any hearing involving a child in the physical custody of a community care facility or a foster family agency that may result in the return of the child to the physical custody of his or her parent or legal guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report containing its recommendation for disposition. Prior to the hearing involving a child in the physical custody of a foster parent, a relative caregiver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, the foster parent, relative caregiver, or the certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, may file with the court a report containing his or her recommendation for disposition. The court shall consider the report and recommendation filed pursuant to this subdivision prior to determining any disposition.

(e) At the review hearing held six months after the initial dispositional hearing, the court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any

child advocate appointed pursuant to Section 356.5; and shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself to services provided.

Whether or not the child is returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental or would not be detrimental. The court also shall make appropriate findings pursuant to subdivision (a) of Section 366; and, where relevant, shall order any additional services reasonably believed to facilitate the return of the child to the custody of his or her parent or legal guardian. The court shall also inform the parent or legal guardian that if the child cannot be returned home by the 12-month permanency hearing, a proceeding pursuant to Section 366.26 may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

If the child was under the age of three years on the date of the initial removal, or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, and the court finds by clear and convincing evidence that the parent failed to participate regularly and make substantive progress in a court-ordered treatment plan, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If, however, the court finds there is a substantial probability that the child, who was under the age of three years on the date of initial removal or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, may be returned to his or her parent or legal guardian within six months or that reasonable services have not been provided, the court shall continue the case to the 12-month permanency hearing.

For the purpose of placing and maintaining a sibling group together in a permanent home, the court, in making its determination to schedule a hearing pursuant to Section 366.26 for some or all members of a sibling group, as described in paragraph (3) of subdivision (a) of Section 361.5, shall review and consider the social worker's report and recommendations. Factors the report shall address, and the court shall consider, may include, but need not be limited to, whether the sibling group was removed from parental care as a group, the closeness and strength of the sibling bond, the ages of the siblings, the appropriateness of maintaining the sibling group together, the detriment to the child if sibling ties are not maintained, the likelihood of finding a permanent home for the sibling group, whether the sibling group is currently placed together in a preadoptive home or has a concurrent plan goal of legal permanency in the same home, the wishes of each child whose age and physical and emotional condition permits a meaningful response, and

the best interest of each child in the sibling group. The court shall specify the factual basis for its finding that it is in the best interest of each child to schedule a hearing pursuant to Section 366.26 in 120 days for some or all of the members of the sibling group.

If the child was removed initially under subdivision (g) of Section 300 and the court finds by clear and convincing evidence that the whereabouts of the parent are still unknown, or the parent has failed to contact and visit the child, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If the court finds by clear and convincing evidence that the parent has been convicted of a felony indicating parental unfitness, the court may schedule a hearing pursuant to Section 366.26 within 120 days.

If the child had been placed under court supervision with a previously noncustodial parent pursuant to Section 361.2, the court shall determine whether supervision is still necessary. The court may terminate supervision and transfer permanent custody to that parent, as provided for by paragraph (1) of subdivision (b) of Section 361.2.

In all other cases, the court shall direct that any reunification services previously ordered shall continue to be offered to the parent or legal guardian pursuant to the time periods set forth in subdivision (a) of Section 361.5, provided that the court may modify the terms and conditions of those services.

If the child is not returned to his or her parent or legal guardian, the court shall determine whether reasonable services that were designed to aid the parent or legal guardian in overcoming the problems that led to the initial removal and the continued custody of the child have been provided or offered to the parent or legal guardian. The court shall order that those services be initiated, continued, or terminated.

(f) The permanency hearing shall be held no later than 12 months after the date the child entered foster care, as that date is determined pursuant to subdivision (a) of Section 361.5. At the permanency hearing, the court shall determine the permanent plan for the child, which shall include a determination of whether the child will be returned to the child's home and, if so, when, within the time limits of subdivision (a) of Section 361.5. The court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The court shall also determine whether reasonable services that were designed to aid the parent or legal guardian to overcome the problems that led to the initial removal and continued custody of the

child have been provided or offered to the parent or legal guardian. For each youth 16 years of age and older, the court shall also determine whether services have been made available to assist him or her in making the transition from foster care to independent living. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5, shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself of services provided, and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Whether or not the child is returned to his or her parent or legal guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental. The court also shall make a finding pursuant to subdivision (a) of Section 366.

(g) If the time period in which the court-ordered services were provided has met or exceeded the time period set forth in paragraph (1), (2), or (3) of subdivision (a) of Section 361.5, as appropriate, and a child is not returned to the custody of a parent or legal guardian at the permanency hearing held pursuant to subdivision (f), the court shall do one of the following:

(1) Continue the case for up to six months for a permanency review hearing, provided that the hearing shall occur within 18 months of the date the child was originally taken from the physical custody of his or her parent or legal guardian. The court shall continue the case only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time or that reasonable services have not been provided to the parent or legal guardian. For the purposes of this section, in order to find a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time, the court shall be required to find all of the following:

(A) That the parent or legal guardian has consistently and regularly contacted and visited with the child.

(B) That the parent or legal guardian has made significant progress in resolving problems that led to the child's removal from the home.

(C) The parent or legal guardian has demonstrated the capacity and ability both to complete the objectives of his or her treatment plan and to provide for the child's safety, protection, physical and emotional well-being, and special needs.

For purposes of this subdivision, the court's decision to continue the case based on a finding or substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interests of the child.

The court shall inform the parent or legal guardian that if the child cannot be returned home by the next permanency review hearing, a proceeding pursuant to Section 366.26 may be instituted. The court may not order that a hearing pursuant to Section 366.26 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parent or legal guardian.

(2) Order that a hearing be held within 120 days, pursuant to Section 366.26, but only if the court does not continue the case to the permanency planning review hearing and there is clear and convincing evidence that reasonable services have been provided or offered to the parents or legal guardians.

(3) Order that the child remain in long-term foster care, but only if the court finds by clear and convincing evidence, based upon the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, that there is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship. For purposes of this section, a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency that adoption is not in the best interest of the child shall constitute a compelling reason for the court's determination. That recommendation shall be based on the present circumstances of the child and may not preclude a different recommendation at a later date if the child's circumstances change.

If the court orders that a child who is 10 years of age or older remain in long-term foster care, the court shall determine whether the agency has made reasonable efforts to maintain the child's relationships with individuals other than the child's siblings who are important to the child, consistent with the child's best interests, and may make any appropriate order to ensure that those relationships are maintained.

(h) In any case in which the court orders that a hearing pursuant to Section 366.26 shall be held, it shall also order the termination of reunification services to the parent or legal guardian. The court shall continue to permit the parent or legal guardian to visit the child pending the hearing unless it finds that visitation would be detrimental to the child. The court shall make any other appropriate orders to enable the child to maintain relationships with individuals, other than the child's siblings, who are important to the child, consistent with the child's best interests.

(i) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents or legal guardians.

(2) A review of the amount of and nature of any contact between the child and his or her parents or legal guardians and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or legal guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(5) The relationship of the child to any identified prospective adoptive parent or legal guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) A description of efforts to be made to identify a prospective adoptive parent or legal guardian, including, but not limited to, child-specific recruitment and listing on an adoption exchange.

(7) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(j) If, at any hearing held pursuant to Section 366.26, a guardianship is established for the minor with a relative, and juvenile court dependency is subsequently dismissed, the relative shall be eligible for aid under the Kin-GAP program or the Kin-GAP Plus program, as provided for in Article 4.5 (commencing with Section 11360) and Article 4.75 (commencing with Section 11380) of Chapter 2 of Part 3 of Division 9.

(k) As used in this section, "relative" means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand," or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(*l*) For purposes of this section, evidence of any of the following circumstances may not, in and of itself, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to make and finalize a permanent placement for the child if efforts to reunify fail.

(3) Services to make and finalize a permanent placement for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

(m) The implementation and operation of the amendments to subdivisions (c) and (g) enacted at the 2005–06 Regular Session shall be subject to appropriation through the budget process and by phase, as provided in Section 366.35.

SEC. 27. Section 366.22 of the Welfare and Institutions Code is amended to read:

366.22. (a) When a case has been continued pursuant to paragraph (1) of subdivision (g) of Section 366.21, the permanency review hearing shall occur within 18 months after the date the child was originally removed from the physical custody of his or her parent or legal guardian. The court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment.

The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself of services provided; and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Whether or not the child is returned to his or her parent or legal guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that return would be detrimental.

If the child is not returned to a parent or legal guardian at the permanency review hearing, the court shall order that a hearing be held pursuant to Section 366.26 in order to determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the child. However, if the court finds by clear and convincing evidence, based on the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, that there is a compelling reason, as described in paragraph (2) of subdivision (g) of Section 366.21, for determining that a hearing held under Section 366.26 is not in the best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship, then the court may, only under these circumstances, order that the child remain in foster care. If the court orders that a child who is 10 years of age or older remain in long-term foster care, the court shall determine whether the agency has made reasonable efforts to maintain the child's relationships with individuals other than the child's siblings who are important to the child, consistent with the child's best interests, and may make any appropriate order to ensure that those relationships are maintained. The hearing shall be held no later than 120 days from the date of the permanency review hearing. The court shall also order termination of reunification services to the parent or legal guardian. The court shall continue to permit the parent or legal guardian to visit the child unless it finds that visitation would be detrimental to the child. The court shall determine whether reasonable services have been offered or provided to the parent or legal guardian. For purposes of this subdivision, evidence of any of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to make and finalize a permanent placement for the child if efforts to reunify fail.

(3) Services to make and finalize a permanent placement for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

(b) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the child and his or her parents and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purposes of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or legal guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed legal guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(5) The relationship of the child to any identified prospective adoptive parent or legal guardian, the duration and character of the relationship, the motivation for seeking adoption or legal guardianship, and a statement from the child concerning placement and the adoption or legal guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(c) This section shall become operative January 1, 1999. If at any hearing held pursuant to Section 366.26, a legal guardianship is

established for the minor with a relative, and juvenile court dependency is subsequently dismissed, the relative shall be eligible for aid under the Kin-GAP program or the Kin-GAP Plus program, as provided for in Article 4.5 (commencing with Section 11360) and Article 4.75 (commencing with Section 11380) of Chapter 2 of Part 3 of Division 9.

(d) As used in this section, "relative" means an adult who is related to the child by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand," or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(e) The implementation and operation of the amendments to subdivision (a) enacted at the 2005–06 Regular Session shall be subject to appropriation through the budget process and by phase, as provided in Section 366.35.

SEC. 27.1. Section 10507 is added to the Welfare and Institutions Code, to read:

10507. (a) The department shall estimate the costs for county administration of human services programs using county-specific cost factors in the programs' budgeting methodology.

(b) County-specific cost factors shall be estimated using a county survey process that requires county certification of reasonable costs, and review by the department to determine that those costs are reasonable and necessary to meet program requirements and objectives.

(c) No later than November 1, 2006, the department, in consultation with the County Welfare Directors Association, shall develop the survey instrument and process to incorporate actual reasonable county cost factors to administer human services programs. The survey shall include, but shall not be limited to, salaries and benefits, operating support, electronic data processing, staff development, and other costs reasonable and necessary to meet program requirements and objectives. The process shall include an assessment of how state requirements and county operational practices affect the costs of county administration of human services programs.

(d) Commencing with the May Revision of the 2007–08 budget, and annually thereafter, the department shall identify in its budget documents the estimates developed pursuant to this section and the difference between these estimates and the proposed funding levels.

SEC. 27.2. Section 10533 is added to the Welfare and Institutions Code, to read:

10533. The department shall establish a CalWORKs county peer review process, and shall implement this process first in pilot counties, and then statewide no later than July 1, 2007. The peer review process

shall include individual CalWORKs data reviews of counties, based on existing data. Counties shall receive programmatic technical assistance from teams made up of state and peer-county administrators to assist with implementing best practices to improve their performance and make progress toward meeting established state performance goals, as specified in Chapter 1.5 (commencing with Section 10540) and Section 15204.6.

SEC. 27.3. Section 10534 is added to the Welfare and Institutions Code, to read:

10534. (a) Each county shall perform a comprehensive review of its existing CalWORKs plan developed pursuant to Section 10531, and shall prepare and submit to the department a plan addendum detailing how the county will meet the goals defined in Section 10540, while taking into consideration the work participation requirements of the federal Deficit Reduction Act of 2005 (P.L.109-171). The plan shall include immediate and long-range actions that the county will take to improve work participation rates among CalWORKs applicants and recipients. The plan addendum, at a minimum, shall include all of the following:

(1) How the county will address increased participation in the following areas:

(A) Providing upfront engagement activities.

(B) Reengaging noncompliant or sanctioned individuals.

(C) Providing activities to encourage participation and to prevent families from going into sanction status.

(D) Achieving full engagement by individuals who are required to participate, and who are partially participating, not participating, or are between activities.

(E) Other activities designed to increase the county's federal work participation rate.

(2) A description of how the county will utilize the single allocation and other funding that will be committed to the county's CalWORKs program.

(3) A description of anticipated outcomes, including the number of families affected, that will result in county program improvements, and the projected impact on the county's federal work participation rate.

(4) A proposed plan to measure progress in achieving the anticipated outcomes pursuant to paragraph (3) on a quarterly basis.

(5) A description of how the county will collaborate with local agencies, including, but not limited to, local workforce investment boards, community colleges, and adult education and regional occupational programs that provide activities that meet federal work participation requirements and provide participants with skills that will help them achieve long-term self-sufficiency.

(b) Each county shall submit its plan addendum to the department no later than 90 days after the department issues guidance for the addendum by all-county letter. Each addendum shall include a certification that the county board of supervisors has been briefed regarding the contents of the plan.

(c) Within 30 days of receipt of a county plan addendum, the department shall either certify that the plan includes the elements required by subdivision (a) and that the descriptions are consistent with state, and to the extent applicable, federal law, or notify the county that the addendum is not complete or consistent, stating the reasons therefor.

(d) Pending certification of the plan addendum, a county shall continue to operate its program according to its existing plan, and may implement changes consistent with the goals of the activities to be described by the addendum as specified in subdivision (a).

(e) A county shall submit an addendum to the county plan, as required by this chapter once every three years, as required by the department.

SEC. 27.5. Section 10535 is added to the Welfare and Institutions Code, to read:

10535. Notwithstanding any other provision of law, of the amount appropriated in Item 5180-101-0890 in the Budget Act of 2006, ninety million dollars ($90,000,000) in federal Temporary Assistance for Needy Families block grant funds for the CalWORKs program shall remain eligible for expenditure until June 30, 2008.

SEC. 27.6. Section 10540.6 is added to the Welfare and Institutions Code, to read:

10540.6. Commencing no later than April 1, 2007, the department, on a periodic, but no less frequently than a quarterly basis, shall publish available data reported by counties regarding caseload characteristics, welfare-to-work performance outcomes, engagement rates, and other outcomes consistent with Sections 10534 and 10540.5. The department shall consult with the County Welfare Directors Association, legislative staff, and other stakeholders, when developing the data sources, methodology, and format for the data to be published.

SEC. 27.7. Section 10544 of the Welfare and Institutions Code is amended to read:

10544. (a) If the department finds that a county is experiencing significantly worsened outcomes, it shall report this finding to the Chairs of the Senate Committee on Budget and Fiscal Review, the Assembly Committee on Budget, the Senate Committee on Health and Human Services, and the Assembly Committee on Human Services.

(b) If the state does not achieve the outcomes required by federal law and, as a result, is subject to a fiscal penalty, the penalty shall be shared equally by the state and the counties after exhaustion of all reasonable

and available federal administrative remedies. If a county's single allocation pursuant to Section 15204.2 is reduced by the state to offset the county's share of any federal penalty imposed pursuant to this section, the county shall be required to utilize county general funds to replace the offset amount, so that total funding remains equal to the county's single allocation. These funds shall be in addition to the funds required to meet the maintenance of effort requirement pursuant to Section 15204.4. Only those counties that have failed to meet the federal requirements shall be required to share in the fiscal penalty imposed on the state. Those counties' share of the penalty imposed on the state shall equal 50 percent of that penalty. Each county's share of the penalty shall be based, in consultation with the County Welfare Directors Association, on the county's degree of performance that contributes to the failure to meet the federal requirement.

(c) A county may be provided relief, in whole or in part, from a penalty imposed pursuant to subdivision (b) if the department determines that there were circumstances beyond the control of the county. A county may also be provided relief based on the degree of success or progress in meeting federal requirements, and, to the extent that there are differences between state and federal program requirements, the degree of success in meeting state participation requirements. Any adjustment made pursuant to this subdivision shall be reported to the chair of the Joint Legislative Budget Committee. If a county is granted relief, that portion of the total penalty shall not be imposed on the other counties that failed to meet the federal requirements.

(d) A county that fails, without good cause, to submit accurate and timely data used to measure work participation, as required by the department, shall be deemed to have failed to meet applicable federal requirements, and to the extent that there are differences between state and federal program requirements, the degree of success in meeting state participation requirements. For purposes of this subdivision, good cause shall include, but shall not be limited to, the lack of accurate, timely, and complete instructions from the department.

(e) The amendments made to subdivision (b) by adding this subdivision clarify existing law, as enacted by Assembly Bill 1542 (Ch. 270, Stats. 1997).

SEC. 28. Section 10553.25 of the Welfare and Institutions Code is amended to read:

10553.25. (a) The department shall make an annual allocation of funds appropriated for the purpose of this subdivision to all eligible federally recognized American Indian tribes with reservation lands or rancherias located in this state that administer a program pursuant to the

federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193).

(b) The department shall collect and maintain specific available data for each tribe in this state for federal fiscal year 1994 for the purpose of the implementation and administration of the federal program.

(c) The department shall submit requests on behalf of tribes, for all applicable federal waivers and exemptions for all eligible federally recognized American Indian tribes located on reservations and rancherias, or for consortia of tribes, for the administration of the CalWORKs program, whether or not tribes administer an approved Temporary Assistance for Needy Families (TANF) plan, independent of any county participation, demographics, or circumstances.

(d) Each county, in the administration of the CalWORKs program, shall consult with all eligible federally recognized tribes within any portion of the county, for the purpose of providing American Indian recipients with equitable access to assistance under the state program or an approved tribal TANF program if implemented in the county, and for the consideration of transfers of administration responsibilities to those entities.

(e) Beginning July 1, 2006, state funding for tribal TANF programs provided pursuant to this section shall be based on the caseload used to develop the Tribal Family Assistance Grant negotiated with the Administration for Children and Families and the state. Tribal TANF programs shall do both of the following:

(1) Report to the department, on a quarterly basis, the aggregated data, as reported by tribal TANF programs to the federal Department of Health and Human Services pursuant to paragraph (2) of subdivision (b) of Part 286.255 of Title 45 of the Code of Federal Regulations, and any additional federal data required to meet the state maintenance of effort (MOE) reporting requirements.

(2) Provide the department, on an annual basis, corresponding with the program's fiscal year, a certified audit in accordance with the requirements of the federal Office of Management and Budget (OMB) Circular A-133.

(f) In no case shall the state match under subdivision (e) exceed the original state share designated for the tribal TANF program in the original negotiation of 1994 caseload counts.

(g) The department shall amend the state TANF plan to reflect that the state adopts by reference the federally approved financial eligibility criteria established by each tribal TANF program as the state's financial eligibility criteria when determining eligibility for state funded services provided by tribal TANF programs.

(h) Beginning July 1, 2005, the department shall not reduce county single allocations to offset funding provided for tribal TANF programs. The department may adjust county single allocations to reflect the actual caseload declines associated with the number of Native American cases transferring from the counties to the tribal TANF programs.

SEC. 29.01. Section 10609.9 is added to the Welfare and Institutions Code, to read:

10609.9. (a) (1) Commencing with the 2006 Budget Act, of the amounts appropriated in Program 25.30-Children and Adult Services and Licensing, in Items 5180-151-0001 and 5180-151-0890 of the annual Budget Act, ninety-eight million dollars ($98,000,000) is annually designated for needed outcome improvements identified in the county system improvement plans. These funds shall be allocated based on a methodology developed by the department, in consultation with the County Welfare Directors Association. Funds appropriated for child welfare services outcome improvements shall be flexible and may be spent on local priorities identified in the county's system improvement plan, including, but not limited to, any of the following:

(A) Reducing high worker caseloads.

(B) Clerical or paraprofessional support.

(C) Direct services to clients, such as mental health or substance abuse treatment.

(D) Prevention and early intervention services, such as differential response.

(E) Permanency and youth transition practice improvements.

(F) Any other investments to better serve children and families, which may include services to support older youth in foster care, such as mentoring services.

(2) A county is not required to provide a match of the funds described in this subdivision if the county appropriates the required full match for the county's child welfare services program exclusive of the funds received pursuant to this subdivision.

(3) It is the intent of the Legislature that these funds be linked to improved outcomes, and provided to counties on an ongoing basis.

(b) By February 1, 2007, the department shall work with the County Welfare Directors Association, legislative staff, and members of organizations that represent social workers, to develop and submit to the Legislature a proposed methodology for budgeting the child welfare services program to meet the program requirements and outcomes identified in Section 10601.2. It is the intent of the Legislature that this methodology be implemented in the Budget Act of 2007.

(c) In developing the new methodology, the department shall consider available research, including the study required by Section 10609.5,

industry standards developed by recognized child welfare organizations and accrediting bodies, budgeting methodologies used in other states, as well as available research and information regarding budgeting methodologies in support of best practices and improved outcomes.

SEC. 29.1. Section 11216 is added to the Welfare and Institutions Code, to read:

11216. (a) Notwithstanding any other provision of law, federal Temporary Assistance for Needy Families block grant funds or state maintenance of effort funds may only be expended outside of the CalWORKs program if the expenditure does not result in additional caseload to be included in the calculation of the state's Temporary Assistance for Needy Families program caseload reduction credit.

(b) Notwithstanding any other provision of law, the amount of federal Temporary Assistance for Needy Families block grant funds authorized for any program except the CalWORKs program shall not be increased above the amount appropriated in the annual Budget Act.

SEC. 29.2. Section 11320.32 is added to the Welfare and Institutions Code, to read:

11320.32. (a) The department shall administer a voluntary Temporary Assistance Program (TAP) for current and future CalWORKs recipients who meet the exemption criteria for work participation activities set forth in Section 11320.3, and are not single parents who have a child under the age of one year. Temporary Assistance Program recipients shall be entitled to the same assistance payments and other benefits as recipients under the CalWORKs program. The purpose of this program is to provide cash assistance and other benefits to eligible families without any federal restrictions or requirements and without any adverse impact on recipients. Subject to the conditions specified in subdivision (b), the Temporary Assistance Program shall commence no later than April 1, 2007.

(b) The department shall review the emergency federal regulations concerning the Temporary Assistance for Needy Families program required by subdivision (c) of Section 7102 of the Deficit Reduction Act of 2005 (P.L. 109-171). If the department finds, upon reviewing these regulations and consulting with the Legislature and CalWORKs program stakeholders, that the Temporary Assistance Program provided for by this section would not be feasible or meet the Legislature's stated purposes, it may suspend implementation of the Temporary Assistance Program until October 1, 2007. In order to suspend implementation, the department shall first provide written justification to the Joint Legislative Budget Committee explaining why the Temporary Assistance Program would be infeasible.

(c) CalWORKs recipients who meet the exemption criteria for work participation activities set forth in subdivision (b) of Section 11320.3, and are not single parents with a child under the age of one year, shall have the option of receiving grant payments, child care, and transportation services from the Temporary Assistance Program. The department shall notify all CalWORKs recipients and applicants meeting the exemption criteria specified in subdivision (b) of Section 11320.3, except for single parents with a child under the age of one year, of their option to receive benefits under the Temporary Assistance Program. Absent written indication that these recipients or applicants choose not to receive assistance from the Temporary Assistance Program, the department shall enroll CalWORKs recipients and applicants into the program. However, exempt volunteers shall remain in the CalWORKs program unless they affirmatively indicate, in writing, their interest in enrolling in the Temporary Assistance Program. A Temporary Assistance Program recipient who no longer meets the exemption criteria set forth in Section 11320.3 shall be enrolled in the CalWORKs program.

(d) Funding for grant payments, child care, transportation, and eligibility determination activities for families receiving benefits under the Temporary Assistance Program shall be funded with General Fund resources that do not count toward the state's maintenance of effort requirements under clause (i) of subparagraph (B) of paragraph (7) of subdivision (a) of Section 609 of Title 42 of the United States Code, up to the caseload level equivalent to the amount of funding provided for this purpose in the annual Budget Act.

(e) It is the intent of the Legislature that recipients shall have and maintain access to the hardship exemption and the services necessary to begin and increase participation in welfare-to-work activities, regardless of their county of origin, and that the number of recipients exempt under subdivision (b) of Section 11320.3 not significantly increase due to factors other than changes in caseload characteristics. All relevant state law applicable to CalWORKs recipients shall also apply to families funded under this section. Nothing in this section modifies the criteria for exemption in Section 11320.3.

(f) To the extent that this section is inconsistent with federal regulations due to be issued June 30, 2006, regarding implementation of the Deficit Reduction Act of 2005, the department may amend the funding structure for exempt families to ensure consistency with the June 30 regulations, not later than 30 days after providing written notification to the chair of the Joint Legislative Budget Committee and the chairs of the appropriate policy and fiscal committees of the Legislature.

SEC. 29.3. Section 11327.5 of the Welfare and Institutions Code is amended to read:

11327.5. (a) Sanctions shall be imposed in accordance with subdivision (b) or (c), as appropriate, if an individual has failed or refused to comply with program requirements without good cause and conciliation efforts, as described in Section 11327.4, have failed.

(b) The sanctions provided for in subdivisions (c) and (d) shall not apply to an individual who is exempt from the requirements of this article but is voluntarily participating in the program. If such an individual engages in conduct that would bring about the actions provided for in subdivisions (c) and (d), except for his or her status as a voluntary program participant, the individual shall not be given priority so long as other individuals are actively seeking to participate.

(c) Financial sanctions for failing or refusing to comply with program requirements without good cause shall cause a reduction in the family's grant by removing the noncomplying family member from the assistance unit for a period of time specified in subdivision (d).

(1) For families that qualify for aid due to unemployment of the family's primary wage earner, the sanctioned parent shall be removed from the assistance unit. Unless the spouse or the family's second parent meets the provisions of subparagraph (A) of paragraph (2), if the sanctioned parent's spouse or the family's second parent is not participating in the program, both the sanctioned parent and the spouse or second parent shall be removed from the assistance unit. The county shall notify the spouse of the noncomplying participant or second parent in writing at the commencement of conciliation of his or her own opportunity to participate and the impact on sanctions of that participation.

(2) (A) Except as provided in subparagraph (B), exemption criteria specified in Section 11320.3, conciliation specified in Section 11327.4, and good cause criteria specified in Section 11320.31 and subdivision (f) of Section 11320.3 shall apply to the sanctioned parent's spouse or the family's second parent.

(B) Exemption criteria specified in paragraphs (5) and (6) of subdivision (b) of Section 11320.3 do not apply to a spouse or second parent who is participating to avoid the sanction of the noncomplying parent.

(C) If the sanctioned parent's spouse or the family's second parent chooses to participate to avoid the noncomplying parent's sanction, subsequently fails or refuses to participate without good cause, and does not conciliate, he or she shall be removed from the assistance unit for a period of time specified in subdivision (d).

(D) If the sanctioned parent's spouse or the family's second parent is under his or her own sanction at the time of the first parent's sanction, the spouse or second parent shall not be provided the opportunity to avoid the first parent's sanction until the spouse or second parent's sanction is completed.

(3) For families that qualify due to the absence or incapacity of a parent, only the noncomplying parent shall be removed from the assistance unit.

(4) If the noncomplying individual is the only dependent child in the family, his or her needs shall not be taken into account in determining the family's need for assistance and the amount of the assistance payment.

(5) If the noncomplying individual is one of several dependent children in the family, his or her needs shall not be taken into account in determining the family's need for assistance and the amount of the assistance payment.

(d) An instance of noncompliance without good cause shall result in a financial sanction. This sanction shall terminate at any point if the noncomplying participant performs the activity or activities he or she previously refused to perform.

(e) Sanctions shall become effective on the first day of the first payment-month that the sanctioned individual's needs are removed from aid under this chapter.

(f) In the event this section conflicts with federal law, the department shall adopt regulations to conform to federal law.

SEC. 29.31. Section 11363 of the Welfare and Institutions Code is amended to read:

11363. (a) Aid in the form of Kin-GAP shall be provided under this article on behalf of any child under 18 years of age who meets all of the following conditions:

(1) Has been adjudged a dependent child of the juvenile court pursuant to Section 300.

(2) Has been living with a relative for at least 12 consecutive months.

(3) Has had a kinship guardianship with that relative established as the result of the implementation of a permanent plan pursuant to Section 366.26.

(4) Has had his or her dependency dismissed after January 1, 2000, pursuant to Section 366.3, concurrently or subsequent to the establishment of the kinship guardianship.

(b) Kin-GAP payments shall continue after the child's 18th birthday if the conditions specified in Section 11403 are met.

(c) Termination of the guardianship with a kinship guardian shall terminate eligibility for Kin-GAP; provided, however, that if an alternate guardian or coguardian is appointed pursuant to Section 366.3 who is

also a kinship guardian, the alternate or coguardian shall be entitled to receive Kin-GAP on behalf of the child pursuant to this article. A new period of 12 months of placement with the alternate guardian or coguardian shall not be required if that alternate guardian or coguardian has been assessed pursuant to Section 361.3 and the court terminates dependency jurisdiction.

(d) This section shall become inoperative on October 1, 2006, and as of that date is repealed, but only if the department suspends the voluntary enrollment of Kin-GAP beneficiaries into the Kin-GAP Plus Program pursuant to subdivision (b) of Section 11380.1.

SEC. 29.32. Section 11363 is added to the Welfare and Institutions Code, to read:

11363. (a) Aid in the form of Kin-GAP shall be provided under this article on behalf of any child under 18 years of age who meets all of the following conditions:

(1) Has been adjudged a dependent child of the juvenile court pursuant to Section 300, or ward of the juvenile court pursuant to Section 601 or 602.

(4) Has had his or her dependency dismissed after January 1, 2000, pursuant to Section 366.3, or his or her wardship terminated pursuant to subdivision (e) of Section 728, concurrently or subsequently to the establishment of the kinship guardianship.

(b) Kin-GAP payments shall continue after the child's 18th birthday if the conditions specified in Section 11403 are met.

(c) Termination of the guardianship with a kinship guardian shall terminate eligibility for Kin-GAP; provided, however, that if an alternate guardian or coguardian is appointed pursuant to Section 366.3 who is also a kinship guardian, the alternate or coguardian shall be entitled to receive a Kin-GAP on behalf of the child pursuant to this article. A new period of 12 months of placement with the alternate guardian or coguardian shall not be required if that alternate guardian or coguardian has been assessed pursuant to Section 361.3 and the court terminates dependency jurisdiction.

(d) This section shall become operative on October 1, 2006, but only if the department suspends the voluntary enrollment of Kin-GAP beneficiaries into the Kin-GAP Plus Program pursuant to subdivision (b) of Section 11380.1.

SEC. 29.4. Section 11364 of the Welfare and Institutions Code is amended to read:

11364. (a) Notwithstanding subdivision (a) of Section 11450, the rate paid on behalf of children eligible for a Kin-GAP payment shall equal 100 percent of the rate for children placed in a licensed or approved home as specified in subdivisions (a) to (d), inclusive, of Section 11461.

(b) This section shall remain operative until October 1, 2006, and as of that date is repealed but only if the department suspends the voluntary enrollment of Kin-GAP beneficiaries into the Kin-GAP Plus Program, pursuant to subdivision (b) of Section 11380.1.

SEC. 29.5. Section 11364 is added to the Welfare and Institutions Code, to read:

11364. (a) Notwithstanding subdivision (a) of Section 11450, the rate paid on behalf of children eligible for a Kin-GAP payment shall equal 100 percent of the rate for children placed in a licensed or approved home as specified in subdivisions (a) to (d), inclusive, of Section 11461. In addition the rate paid for a child eligible for a Kin-GAP payment shall be increased by an amount equal to the clothing allowances, as set forth in subdivision (f) of Section 11461, to which the child would have been entitled while in foster care, including any applicable rate adjustments. In addition, if a child, while in foster care, received a specialized care increment, as defined in paragraph (1) of subdivision (e) of Section 11461, the Kin-GAP rate shall be adjusted by the specialized care increment amount, including any applicable rate adjustments.

(b) This section shall become operative on October 1, 2006, but only if the department suspends the voluntary enrollment of Kin-GAP beneficiaries into the Kin-GAP Plus Program, pursuant to subdivision (b) of Section 11380.1.

SEC. 29.6. Section 11367 of the Welfare and Institutions Code is amended to read:

11367. Kin-GAP, in an amount equal to the applicable regional per-child CalWORKs grant, shall be paid by the state. The balance of Kin-GAP shall be paid in equal portions by the state and the counties. The state share of benefits and administration of the Kin-GAP program shall be funded with General Fund resources that do not count toward the state's maintenance of effort requirements under Section 609(s)(7)(B)(i) of Title 42 of the United States Code.

SEC. 30. Article 4.75 (commencing with Section 11380) is added to Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code, to read:

Article 4.75. Kinship Guardianship Assistance Payment Plus Program

11380. Effective October 1, 2006, the department shall establish a Kinship Guardianship Assistance Payment Plus Program (Kin-GAP Plus) as provided in this article.

11380.1. (a) The Legislature finds and declares that the Kinship Guardianship Assistance Payment Plus Program is intended to enhance family preservation and stability by recognizing that many children are in long-term, stable placements with relatives, that these placements are the permanent plan for the child, that dependencies can be dismissed pursuant to Section 366.3 with legal guardianship granted to the relative, and that there is no need for continued governmental intervention in the family life through ongoing, scheduled court and social services supervision of the placement. This program is a voluntary alternative to the Kin-GAP program, and the department, in conjunction with county welfare departments, under authority of Section 11380.55 shall provide information regarding the Kin-GAP Plus Program to all current Kin-GAP recipients and new applicants. The Legislature finds and declares that the Kin-GAP and Kin-GAP Plus Programs result in savings for counties by reducing costs for child welfare services, foster care, and court costs that more than offset the costs associated with the programs.

(b) The department shall review the emergency federal regulations concerning the Temporary Assistance for Needy Families program required by subdivision (c) of Section 7102 of the federal Deficit Reduction Act of 2005 (P.L. 109-171). If the department finds, upon reviewing these regulations, and consulting with the Legislature and CalWORKs and Kin-GAP program stakeholders, that the voluntary enrollment of Kin-GAP beneficiaries into the Kin-GAP Plus Program specified in subdivision (a) would not be advantageous to the state, it may suspend the voluntary enrollment of Kin-GAP beneficiaries into the Kin-GAP Plus Program until October 1, 2007. In order to suspend the voluntary enrollment, the State Department of Social Services shall first provide written justification to the Joint Legislative Budget Committee explaining why voluntary enrollment would be infeasible.

11380.15. For purposes of this article, the following definitions shall apply:

(a) "Kinship Guardianship Assistance Payments Plus (Kin-GAP Plus)" means the aid provided on behalf of children in kinship care under the terms of this article.

(b) "Kinship guardian" means a person who (1) has been appointed the legal guardian of a dependent child pursuant to Section 366.26, or has had a legal guardianship with a relative established as part of

permanency proceeding pursuant to paragraph (4) of subdivision (b) of Section 727.3, and (2) is a relative of the child.

(c) "Relative" means an adult who is related to the child by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand" or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

11380.2. (a) Aid in the form of Kin-GAP Plus shall be provided under this article on behalf of any child younger than 18 years of age who meets all of the following conditions:

(1) The child has been adjudged a dependent child of the juvenile court pursuant to Section 300, or a ward of the juvenile court pursuant to Section 601 or 602.

(2) The child has been living with a relative for at least 12 consecutive months.

(3) The child has had a kinship guardianship with that relative established as the result of the implementation of a permanent plan pursuant to Section 366.26 or Section 728.

(4) The child has had his or her dependency dismissed after January 1, 2000, pursuant to Section 366.3, or his or her wardship terminated pursuant to subdivision (e) of Section 728, concurrently or subsequent to the establishment of the kinship guardianship.

(b) Kin-GAP Plus payments shall continue after the child's 18th birthday if the conditions specified in Section 11403 are met.

(c) Termination of the guardianship with a kinship guardian shall terminate eligibility for Kin-GAP Plus; provided, however, that if an alternate guardian or coguardian is appointed pursuant to Section 366.3 who is also a kinship guardian, the alternate or coguardian shall be entitled to receive Kin-GAP Plus on behalf of the child pursuant to this article. A new period of 12 months of placement with the alternate guardian or coguardian shall not be required if that alternate guardian or coguardian has been assessed pursuant to Section 361.3 and the court terminates dependency jurisdiction.

11380.25. Notwithstanding subdivision (a) of Section 11450, the rate paid on behalf of children eligible for a Kin-GAP Plus payment shall equal 100 percent of the rate for children placed in a licensed or approved home as specified in subdivisions (a) to (d), inclusive, and the amount payable under subdivision (f) of Section 11461, and under subdivision (e) of Section 11461, to the extent that benefits under subdivision (e) of that section were received immediately prior to enrollment in the Kin-GAP Program or the Kin-GAP Plus Program.

11380.35. Kin-GAP Plus shall be paid to the kinship guardian on a per child basis.

11380.4. A child who is eligible to receive Medi-Cal benefits with no share of cost shall maintain that eligibility, notwithstanding the receipt of Kin-GAP Plus by his or her kinship guardian.

11380.45. Kin-GAP Plus, in an amount equal to the applicable regional per-child CalWORKs grant, shall be paid by the state. The balance of Kin-GAP Plus payments, as specified in Section 11380.25, shall be paid in equal portions by the state and the counties. The state's share of benefits and administration of the Kin-GAP Plus program shall be funded with General Fund resources that do not count toward the state's maintenance of effort requirements under Section 609(a)(7)(B)(i) of Title 42 of the United States Code.

11380.5. (a) The department shall seek any waiver from the Secretary of the United States Department of Health and Human Services that is necessary to implement this article.

(b) Any provision of this article that may only be implemented pursuant to a waiver described in subdivision (a) shall only be operative during the period for which the waiver is granted, as stated in a declaration that shall be executed by the director when the waiver is obtained.

11380.55. (a) Notwithstanding the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, through May 1, 2007, the department may implement the applicable provisions of the Kin-GAP Plus Program through all-county letters or similar instructions from the director.

(b) The director shall adopt emergency regulations as otherwise necessary to implement the applicable provisions of the Kin-GAP Plus Program no later than May 1, 2007. The adoption of regulations implementing this section shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, safety, or general welfare. The emergency regulations authorized by this section shall be exempt from review by the Office of Administrative Law. The emergency regulations authorized by this section shall be submitted to the Office of Administrative Law for filing with the Secretary of State and shall remain in effect for no more than 180 days, by which time the final regulations shall be adopted.

11380.6. Income to the child, including the Kin-GAP Plus payment, shall not be considered income to the kinship guardian for purposes of determining the kinship guardian's eligibility for any other aid program, unless required by federal law as a condition of the receipt of federal financial participation.

11380.65. (a) A person who is a kinship guardian under this article, and who has met the requirements of Section 361.4, shall be exempt from Chapter 4.6 (commencing with Section 10830) of Part 2 governing

the statewide fingerprint imaging system. A guardian who is also an applicant for or a recipient of benefits under the CalWORKs program, Chapter 2 (commencing with Section 11200) of Part 3, or the Food Stamp Program, Chapter 10 (commencing with Section 18900) of Part 6 shall comply with the statewide fingerprint imaging system requirements applicable to those programs.

(b) Any exemptions exercised pursuant to this section shall be implemented in accordance with Section 11380.55.

11380.7. Three years after the initial implementation date of this article, the department shall report to the Legislature information on the outcomes of the Kin-GAP Plus Program, with the report to include all of the following:

(a) The number and characteristics of the children who exited the child welfare system to the Kin-GAP Plus Program.

(b) The numbers and types of disruptions to the Kin-GAP Plus Program, including subsequent substantiated child abuse reports, child welfare services, and cases where children return to foster care.

(c) Rates of Kin-GAP Plus exits from foster care compared to relative adoption and return to parents.

(d) A comparison to the results of the Kin-GAP Program.

11380.75. (a) Each county that formally had court-ordered jurisdiction under Section 300 over a child receiving benefits under the Kin-GAP Plus Program shall be responsible for paying the child's aid regardless of where the child actually resides, provided that the child resides in California.

(b) Notwithstanding any other provision of law, when a child receiving benefits under the CalWORKs program or the AFDC-FC foster care program becomes eligible for benefits under the Kin-GAP Plus Program during any month, the child shall continue to receive benefits under the CalWORKs program or the AFDC-FC foster care program, as appropriate, to the end of that calendar month, and Kin-GAP Plus payments shall begin the first day of the following month.

11380.8. The following shall apply to any child in receipt of Kin-GAP Plus benefits:

(a) He or she is eligible to request and receive independent living services pursuant to Section 10609.3.

(b) He or she may retain cash savings, not to exceed ten thousand dollars ($10,000), including interest, in addition to any other property accumulated pursuant to Section 11257 or 11257.5.

SEC. 31. Section 11403.3 of the Welfare and Institutions Code is amended to read:

11403.3. (a) (1) Subject to subdivision (b), a transitional housing placement program, as defined in Section 11400, that provides

transitional housing services to an eligible youth in a facility licensed pursuant to subdivision (a) of Section 1559.110 of the Health and Safety Code, shall be paid a monthly rate that is 75 percent of the average foster care expenditures for foster youth 16 to 18 years of age, inclusive, in group home care in the county in which the program operates.

(2) Subject to subdivision (c), a transitional housing placement program, as defined in Section 11400, that provides transitional housing services to an eligible youth in a facility certified pursuant to subdivision (e) of Section 1559.110 of the Health and Safety Code, shall be paid a monthly rate that is 70 percent of the average foster care expenditures for foster youth 16 to 18 years of age, inclusive, in group home care in the county in which the program operates.

(b) Payment to a transitional housing placement program for transitional housing services provided to a person described in paragraph (1) of subdivision (a) of Section 11403.2 shall be subject to the following conditions:

(1) An amount equal to the base rate, as defined in subdivision (d), shall be paid for transitional housing services provided.

(2) Any additional amount payable pursuant to subdivision (a) shall be contingent on both of the following:

(A) The availability of moneys in the Transitional Housing for Foster Youth Fund established in Section 11403.4, or appropriated for this purpose in the annual Budget Act for the cost of the program, to pay the state share of cost of the additional amount.

(B) Election by the county placing the youth in the transitional housing placement program to participate in the costs of the additional amount, pursuant to subdivision (g).

(c) (1) Payment to a transitional housing placement program for transitional housing services provided pursuant to paragraph (2) of subdivision (a) of Section 11403.2 shall be subject to the following conditions:

(A) Any Supportive Transitional Emancipation Program (STEP) payment payable pursuant to Section 11403.1 shall be paid for transitional housing services provided.

(B) Any amount payable pursuant to subdivision (a) to a transitional housing placement program for services provided to a person described in paragraph (2) of subdivision (a) of Section 11403.2 shall be paid contingent on the availability of moneys appropriated for this purpose in the annual Budget Act for the cost of the program.

(2) The department may limit new participants into transitional housing placement programs if costs for this subdivision are projected to exceed moneys appropriated for this purpose in the annual Budget Act.

(d) (1) As used in this section, "base rate" means the rate a transitional housing placement program was approved to receive on June 30, 2001. If a program commences operation after this date, the base rate shall be the rate the program would have received if it had been operational on June 30, 2001.

(2) Notwithstanding subdivision (a), no transitional housing placement program with an approved rate on July 1, 2001, shall receive a lower rate than its base rate.

(e) Any reductions in payments to a transitional housing placement program pursuant to the implementation of paragraph (2) of subdivision (b) or subparagraph (B) of paragraph (1) of subdivision (c) shall not preclude the program from acquiring from other sources, additional funding necessary to provide program services.

(f) The department shall develop, implement, and maintain a ratesetting system schedule for transitional housing placement programs pursuant to subdivisions (a) to (d), inclusive.

(g) (1) Funding for the rates payable under this section for persons described in paragraph (1) of subdivision (a) of Section 11403.2 shall be subject to a sharing ratio of 40 percent state and 60 percent county share of nonfederal funds.

(2) Funding for the rates payable under this section for persons described in paragraph (2) of subdivision (a) of Section 11403.2 shall be subject to a sharing ratio of 100 percent state and 0 percent county funds.

SEC. 31.1. Section 11450 of the Welfare and Institutions Code, as amended by Section 18 of Chapter 147 of the Statutes of 1999, is amended to read:

11450. (a) (1) Aid shall be paid for each needy family, which shall include all eligible brothers and sisters of each eligible applicant or recipient child and the parents of the children, but shall not include unborn children, or recipients of aid under Chapter 3 (commencing with Section 12000), qualified for aid under this chapter. In determining the amount of aid paid, and notwithstanding the minimum basic standards of adequate care specified in Section 11452, the family's income, exclusive of any amounts considered exempt as income or paid pursuant to subdivision (e) or Section 11453.1 shall be deducted from the sum specified in the following table, as adjusted for cost-of-living increases pursuant to Section 11453 and paragraph (2). In no case shall the amount of aid paid for each month exceed the sum specified in the following table, as adjusted for cost-of-living increases pursuant to Section 11453 and paragraph (2), plus any special needs, as specified in subdivisions (c), (e), and (f):

Number of eligible needy persons in the same home	Maximum aid
1	$ 326
2	535
3	663
4	788
5	899
6	1,010
7	1,109
8	1,209
9	1,306
10 or more	1,403

If, when, and during those times that the United States government increases or decreases its contributions in assistance of needy children in this state above or below the amount paid on July 1, 1972, the amounts specified in the above table shall be increased or decreased by an amount equal to that increase or decrease by the United States government, provided that no increase or decrease shall be subject to subsequent adjustment pursuant to Section 11453.

(2) The sums specified in paragraph (1) shall not be adjusted for cost of living for the 1990–91, 1991–92, 1992–93, 1993–94, 1994–95, 1995–96, 1996–97, and 1997–98 fiscal years, and through October 31, 1998, nor shall that amount be included in the base for calculating any cost-of-living increases for any fiscal year thereafter. Elimination of the cost-of-living adjustment pursuant to this paragraph shall satisfy the requirements of Section 11453.05, and no further reduction shall be made pursuant to that section.

(b) When the family does not include a needy child qualified for aid under this chapter, aid shall be paid to a pregnant mother for the month in which the birth is anticipated and for the three-month period immediately prior to the month in which the birth is anticipated in the amount which would otherwise be paid to one person, as specified in subdivision (a), if the mother, and child if born, would have qualified for aid under this chapter. Verification of pregnancy shall be required as a condition of eligibility for aid under this subdivision. Aid shall also be paid to a pregnant woman with no other children in the amount which would otherwise be paid to one person under subdivision (a) at any time after verification of pregnancy if the pregnant woman is also eligible for the Cal-Learn Program described in Article 3.5 (commencing with

Section 11331) and if the mother and child, if born, would have qualified for aid under this chapter.

(c) The amount of forty-seven dollars ($47) per month shall be paid to pregnant mothers qualified for aid under subdivision (a) or (b) to meet special needs resulting from pregnancy if the mother, and child, if born, would have qualified for aid under this chapter. County welfare departments shall refer all recipients of aid under this subdivision to a local provider of the Women, Infants and Children program. If that payment to pregnant mothers qualified for aid under subdivision (a) is considered income under federal law in the first five months of pregnancy, payments under this subdivision shall not apply to persons eligible under subdivision (a), except for the month in which birth is anticipated and for the three-month period immediately prior to the month in which delivery is anticipated, if the mother, and the child if born, would have qualified for aid under this chapter.

(d) For children receiving AFDC-FC under this chapter, there shall be paid, exclusive of any amount considered exempt as income, an amount of aid each month which, when added to the child's income, is equal to the rate specified in Section 11460, 11461, 11462, 11462.1, or 11463. In addition, the child shall be eligible for special needs, as specified in departmental regulations.

(e) In addition to the amounts payable under subdivision (a) and Section 11453.1, a family shall be entitled to receive an allowance for recurring special needs not common to a majority of recipients. These recurring special needs shall include, but not be limited to, special diets upon the recommendation of a physician for circumstances other than pregnancy, and unusual costs of transportation, laundry, housekeeping service, telephone, and utilities. The recurring special needs allowance for each family per month shall not exceed that amount resulting from multiplying the sum of ten dollars ($10) by the number of recipients in the family who are eligible for assistance.

(f) After a family has used all available liquid resources, both exempt and nonexempt, in excess of one hundred dollars ($100), the family shall also be entitled to receive an allowance for nonrecurring special needs.

(1) An allowance for nonrecurring special needs shall be granted for replacement of clothing and household equipment and for emergency housing needs other than those needs addressed by paragraph (2). These needs shall be caused by sudden and unusual circumstances beyond the control of the needy family. The department shall establish the allowance for each of the nonrecurring special need items. The sum of all nonrecurring special needs provided by this subdivision shall not exceed six hundred dollars ($600) per event.

(2) Homeless assistance is available to a homeless family seeking shelter when the family is eligible for aid under this chapter. Homeless assistance for temporary shelter is also available to homeless families which are apparently eligible for aid under this chapter. Apparent eligibility exists when evidence presented by the applicant or which is otherwise available to the county welfare department and the information provided on the application documents indicate that there would be eligibility for aid under this chapter if the evidence and information were verified. However, an alien applicant who does not provide verification of his or her eligible alien status, or a woman with no eligible children who does not provide medical verification of pregnancy, is not apparently eligible for purposes of this section.

A family is considered homeless, for the purpose of this section, when the family lacks a fixed and regular nighttime residence; or the family has a primary nighttime residence that is a supervised publicly or privately operated shelter designed to provide temporary living accommodations; or the family is residing in a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings. A family is also considered homeless for the purpose of this section if the family has received a notice to pay rent or quit. The family shall demonstrate that the eviction is the result of a verified financial hardship as a result of extraordinary circumstances beyond their control, and not other lease or rental violations, and that the family is experiencing a financial crisis that could result in homelessness if preventative assistance is not provided.

(A) (i) A nonrecurring special need of sixty-five dollars ($65) a day shall be available to families of up to four members for the costs of temporary shelter, subject to the requirements of this paragraph. The fifth and additional members of the family shall each receive fifteen dollars ($15) per day, up to a daily maximum of one hundred twenty-five dollars ($125). County welfare departments may increase the daily amount available for temporary shelter as necessary to secure the additional bedspace needed by the family.

(ii) This special need shall be granted or denied immediately upon the family's application for homeless assistance, and benefits shall be available for up to three working days. The county welfare department shall verify the family's homelessness within the first three working days and if the family meets the criteria of questionable homelessness established by the department, the county welfare department shall refer the family to its early fraud prevention and detection unit, if the county has such a unit, for assistance in the verification of homelessness within this period.

(iii) After homelessness has been verified, the three-day limit shall be extended for a period of time which, when added to the initial benefits provided, does not exceed a total of 16 calendar days. This extension of benefits shall be done in increments of one week and shall be based upon searching for permanent housing which shall be documented on a housing search form; good cause; or other circumstances defined by the department. Documentation of housing search shall be required for the initial extension of benefits beyond the three-day limit and on a weekly basis thereafter as long as the family is receiving temporary shelter benefits. Good cause shall include, but is not limited to, situations in which the county welfare department has determined that the family, to the extent it is capable, has made a good faith but unsuccessful effort to secure permanent housing while receiving temporary shelter benefits.

(B) A nonrecurring special need for permanent housing assistance is available to pay for last month's rent and security deposits when these payments are reasonable conditions of securing a residence, or to pay for up to two months of rent arrearages, when these payments are a reasonable condition of preventing eviction.

The last month's rent or monthly arrearage portion of the payment (1) shall not exceed 80 percent of the family's total monthly household income without the value of food stamps or special needs for a family of that size and (2) shall only be made to families that have found permanent housing costing no more than 80 percent of the family's total monthly household income without the value of food stamps or special needs for a family of that size.

However, if the county welfare department determines that a family intends to reside with individuals who will be sharing housing costs, the county welfare department shall, in appropriate circumstances, set aside the condition specified in clause (2) of the preceding paragraph.

(C) The nonrecurring special need for permanent housing assistance is also available to cover the standard costs of deposits for utilities which are necessary for the health and safety of the family.

(D) A payment for or denial of permanent housing assistance shall be issued no later than one working day from the time that a family presents evidence of the availability of permanent housing. If an applicant family provides evidence of the availability of permanent housing before the county welfare department has established eligibility for aid under this chapter, the county welfare department shall complete the eligibility determination so that the denial of or payment for permanent housing assistance is issued within one working day from the submission of evidence of the availability of permanent housing, unless the family has failed to provide all of the verification necessary to establish eligibility for aid under this chapter.

(E) (i) Except as provided in clauses (ii) and (iii), eligibility for the temporary shelter assistance and the permanent housing assistance pursuant to this paragraph shall be limited to one period of up to 16 consecutive calendar days of temporary assistance and one payment of permanent assistance. Any family that includes a parent or nonparent caretaker relative living in the home who has previously received temporary or permanent homeless assistance at any time on behalf of an eligible child shall not be eligible for further homeless assistance. Any person who applies for homeless assistance benefits shall be informed that the temporary shelter benefit of up to 16 consecutive days is available only once in a lifetime, with certain exceptions, and that a break in the consecutive use of the benefit constitutes permanent exhaustion of the temporary benefit.

(ii) A family that becomes homeless as a direct and primary result of a state or federally declared natural disaster shall be eligible for temporary and permanent homeless assistance.

(iii) A family shall be eligible for temporary and permanent homeless assistance when homelessness is a direct result of domestic violence by a spouse, partner, or roommate; physical or mental illness that is medically verified that shall not include a diagnosis of alcoholism, drug addiction, or psychological stress; or, the uninhabitability of the former residence caused by sudden and unusual circumstances beyond the control of the family including natural catastrophe, fire, or condemnation. These circumstances shall be verified by a third-party governmental or private health and human services agency and homeless assistance payments based on these specific circumstances may not be received more often than once in any 12-month period. A county may require that a recipient of homeless assistance benefits who qualifies under this paragraph for a second time in a 24-month period participate in a homelessness avoidance case plan as a condition of eligibility for homeless assistance benefits.

(iv) The county welfare department shall report to the department through a statewide homeless assistance payment indicator system, necessary data, as requested by the department, regarding all recipients of aid under this paragraph.

(F) The county welfare departments, and all other entities participating in the costs of the AFDC program, have the right in their share to any refunds resulting from payment of the permanent housing. However, if an emergency requires the family to move within the 12-month period specified in subparagraph (E), the family shall be allowed to use any refunds received from its deposits to meet the costs of moving to another residence.

(G) Payments to providers for temporary shelter and permanent housing and utilities shall be made on behalf of families requesting these payments.

(H) The daily amount for the temporary shelter special need for homeless assistance may be increased if authorized by the current year's Budget Act by specifying a different daily allowance and appropriating the funds therefor.

(I) No payment shall be made pursuant to this paragraph unless the provider of housing is a commercial establishment, shelter, or person in the business of renting properties who has a history of renting properties.

(g) The department shall establish rules and regulations assuring the uniform application statewide of this subdivision.

(h) The department shall notify all applicants and recipients of aid through the standardized application form that these benefits are available and shall provide an opportunity for recipients to apply for the funds quickly and efficiently.

(i) Except for the purposes of Section 15200, the amounts payable to recipients pursuant to Section 11453.1 shall not constitute part of the payment schedule set forth in subdivision (a).

The amounts payable to recipients pursuant to Section 11453.1 shall not constitute income to recipients of aid under this section.

(j) For children receiving Kin-GAP pursuant to Article 4.5 (commencing with Section 11360) of Chapter 2, there shall be paid, exclusive of any amount considered exempt as income, an amount of aid each month, which, when added to the child's income, is equal to the rate specified in Section 11364.

SEC. 31.2. Section 11450 of the Welfare and Institutions Code, as amended by Section 328 of Chapter 62 of the Statutes of 2003, is amended to read:

11450. (a) (1) Aid shall be paid for each needy family, which shall include all eligible brothers and sisters of each eligible applicant or recipient child and the parents of the children, but shall not include unborn children, or recipients of aid under Chapter 3 (commencing with Section 12000), qualified for aid under this chapter. In determining the amount of aid paid, and notwithstanding the minimum basic standards of adequate care specified in Section 11452, the family's income, exclusive of any amounts considered exempt as income or paid pursuant to subdivision (e) or Section 11453.1, averaged for the prospective quarter pursuant to Sections 11265.2 and 11265.3, and then calculated pursuant to Section 11451.5, shall be deducted from the sum specified in the following table, as adjusted for cost-of-living increases pursuant to Section 11453 and paragraph (2). In no case shall the amount of aid paid for each month exceed the sum specified in the following table, as

adjusted for cost-of-living increases pursuant to Section 11453 and paragraph (2), plus any special needs, as specified in subdivisions (c), (e), and (f):

Number of eligible needy persons in the same home	Maximum aid
1	$ 326
2	535
3	663
4	788
5	899
6	1,010
7	1,109
8	1,209
9	1,306
10 or more	1,403

If, when, and during those times that the United States government increases or decreases its contributions in assistance of needy children in this state above or below the amount paid on July 1, 1972, the amounts specified in the above table shall be increased or decreased by an amount equal to that increase or decrease by the United States government, provided that no increase or decrease shall be subject to subsequent adjustment pursuant to Section 11453.

(2) The sums specified in paragraph (1) shall not be adjusted for cost of living for the 1990–91, 1991–92, 1992–93, 1993–94, 1994–95, 1995–96, 1996–97, and 1997–98 fiscal years, and through October 31, 1998, nor shall that amount be included in the base for calculating any cost-of-living increases for any fiscal year thereafter. Elimination of the cost-of-living adjustment pursuant to this paragraph shall satisfy the requirements of Section 11453.05, and no further reduction shall be made pursuant to that section.

(b) When the family does not include a needy child qualified for aid under this chapter, aid shall be paid to a pregnant mother for the month in which the birth is anticipated and for the three-month period immediately prior to the month in which the birth is anticipated in the amount that would otherwise be paid to one person, as specified in subdivision (a), if the mother, and child, if born, would have qualified for aid under this chapter. Verification of pregnancy shall be required as a condition of eligibility for aid under this subdivision. Aid shall also be paid to a pregnant woman with no other children in the amount which

would otherwise be paid to one person under subdivision (a) at any time after verification of pregnancy if the pregnant woman is also eligible for the Cal-Learn Program described in Article 3.5 (commencing with Section 11331) and if the mother, and child, if born, would have qualified for aid under this chapter.

(c) The amount of forty-seven dollars ($47) per month shall be paid to pregnant mothers qualified for aid under subdivision (a) or (b) to meet special needs resulting from pregnancy if the mother, and child, if born, would have qualified for aid under this chapter. County welfare departments shall refer all recipients of aid under this subdivision to a local provider of the Women, Infants and Children program. If that payment to pregnant mothers qualified for aid under subdivision (a) is considered income under federal law in the first five months of pregnancy, payments under this subdivision shall not apply to persons eligible under subdivision (a), except for the month in which birth is anticipated and for the three-month period immediately prior to the month in which delivery is anticipated, if the mother, and the child, if born, would have qualified for aid under this chapter.

(d) For children receiving AFDC-FC under this chapter, there shall be paid, exclusive of any amount considered exempt as income, an amount of aid each month which, when added to the child's income, is equal to the rate specified in Section 11460, 11461, 11462, 11462.1, or 11463. In addition, the child shall be eligible for special needs, as specified in departmental regulations.

(e) In addition to the amounts payable under subdivision (a) and Section 11453.1, a family shall be entitled to receive an allowance for recurring special needs not common to a majority of recipients. These recurring special needs shall include, but not be limited to, special diets upon the recommendation of a physician for circumstances other than pregnancy, and unusual costs of transportation, laundry, housekeeping service, telephone, and utilities. The recurring special needs allowance for each family per month shall not exceed that amount resulting from multiplying the sum of ten dollars ($10) by the number of recipients in the family who are eligible for assistance.

(f) After a family has used all available liquid resources, both exempt and nonexempt, in excess of one hundred dollars ($100), the family shall also be entitled to receive an allowance for nonrecurring special needs.

(1) An allowance for nonrecurring special needs shall be granted for replacement of clothing and household equipment and for emergency housing needs other than those needs addressed by paragraph (2). These needs shall be caused by sudden and unusual circumstances beyond the control of the needy family. The department shall establish the allowance for each of the nonrecurring special need items. The sum of all

nonrecurring special needs provided by this subdivision shall not exceed six hundred dollars ($600) per event.

(2) Homeless assistance is available to a homeless family seeking shelter when the family is eligible for aid under this chapter. Homeless assistance for temporary shelter is also available to homeless families which are apparently eligible for aid under this chapter. Apparent eligibility exists when evidence presented by the applicant or which is otherwise available to the county welfare department and the information provided on the application documents indicate that there would be eligibility for aid under this chapter if the evidence and information were verified. However, an alien applicant who does not provide verification of his or her eligible alien status, or a woman with no eligible children who does not provide medical verification of pregnancy, is not apparently eligible for purposes of this section.

A family is considered homeless, for the purpose of this section, when the family lacks a fixed and regular nighttime residence; or the family has a primary nighttime residence that is a supervised publicly or privately operated shelter designed to provide temporary living accommodations; or the family is residing in a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings. A family is also considered homeless for the purpose of this section if the family has received a notice to pay rent or quit. The family shall demonstrate that the eviction is the result of a verified financial hardship as a result of extraordinary circumstances beyond their control, and not other lease or rental violations, and that the family is experiencing a financial crisis that could result in homelessness if preventative assistance is not provided.

(A) (i) A nonrecurring special need of sixty-five dollars ($65) a day shall be available to families of up to four members for the costs of temporary shelter, subject to the requirements of this paragraph. The fifth and additional members of the family shall each receive fifteen dollars ($15) per day, up to a daily maximum of one hundred twenty-five dollars ($125). County welfare departments may increase the daily amount available for temporary shelter as necessary to secure the additional bedspace needed by the family.

(ii) This special need shall be granted or denied immediately upon the family's application for homeless assistance, and benefits shall be available for up to three working days. The county welfare department shall verify the family's homelessness within the first three working days and if the family meets the criteria of questionable homelessness established by the department, the county welfare department shall refer the family to its early fraud prevention and detection unit, if the county

has such a unit, for assistance in the verification of homelessness within this period.

(iii) After homelessness has been verified, the three-day limit shall be extended for a period of time which, when added to the initial benefits provided, does not exceed a total of 16 calendar days. This extension of benefits shall be done in increments of one week and shall be based upon searching for permanent housing which shall be documented on a housing search form; good cause; or other circumstances defined by the department. Documentation of housing search shall be required for the initial extension of benefits beyond the three-day limit and on a weekly basis thereafter as long as the family is receiving temporary shelter benefits. Good cause shall include, but is not limited to, situations in which the county welfare department has determined that the family, to the extent it is capable, has made a good faith but unsuccessful effort to secure permanent housing while receiving temporary shelter benefits.

(B) A nonrecurring special need for permanent housing assistance is available to pay for last month's rent and security deposits when these payments are reasonable conditions of securing a residence, or to pay for up to two months of rent arrearages, when these payments are a reasonable condition of preventing eviction.

The last month's rent or monthly arrearage portion of the payment (1) shall not exceed 80 percent of the family's total monthly household income without the value of food stamps or special needs for a family of that size and (2) shall only be made to families that have found permanent housing costing no more than 80 percent of the family's total monthly household income without the value of food stamps or special needs for a family of that size.

However, if the county welfare department determines that a family intends to reside with individuals who will be sharing housing costs, the county welfare department shall, in appropriate circumstances, set aside the condition specified in clause (2) of the preceding paragraph.

(C) The nonrecurring special need for permanent housing assistance is also available to cover the standard costs of deposits for utilities which are necessary for the health and safety of the family.

(D) A payment for or denial of permanent housing assistance shall be issued no later than one working day from the time that a family presents evidence of the availability of permanent housing. If an applicant family provides evidence of the availability of permanent housing before the county welfare department has established eligibility for aid under this chapter, the county welfare department shall complete the eligibility determination so that the denial of or payment for permanent housing assistance is issued within one working day from the submission of evidence of the availability of permanent housing, unless the family has

failed to provide all of the verification necessary to establish eligibility for aid under this chapter.

(E) (i) Except as provided in clauses (ii) and (iii), eligibility for the temporary shelter assistance and the permanent housing assistance pursuant to this paragraph shall be limited to one period of up to 16 consecutive calendar days of temporary assistance and one payment of permanent assistance. Any family that includes a parent or nonparent caretaker relative living in the home who has previously received temporary or permanent homeless assistance at any time on behalf of an eligible child shall not be eligible for further homeless assistance. Any person who applies for homeless assistance benefits shall be informed that the temporary shelter benefit of up to 16 consecutive days is available only once in a lifetime, with certain exceptions, and that a break in the consecutive use of the benefit constitutes permanent exhaustion of the temporary benefit.

(ii) A family that becomes homeless as a direct and primary result of a state or federally declared natural disaster shall be eligible for temporary and permanent homeless assistance.

(iii) A family shall be eligible for temporary and permanent homeless assistance when homelessness is a direct result of domestic violence by a spouse, partner, or roommate; physical or mental illness that is medically verified that shall not include a diagnosis of alcoholism, drug addiction, or psychological stress; or, the uninhabitability of the former residence caused by sudden and unusual circumstances beyond the control of the family including natural catastrophe, fire, or condemnation. These circumstances shall be verified by a third-party governmental or private health and human services agency and homeless assistance payments based on these specific circumstances may not be received more often than once in any 12-month period. A county may require that a recipient of homeless assistance benefits who qualifies under this paragraph for a second time in a 24-month period participate in a homelessness avoidance case plan as a condition of eligibility for homeless assistance benefits.

(iv) The county welfare department shall report to the department through a statewide homeless assistance payment indicator system, necessary data, as requested by the department, regarding all recipients of aid under this paragraph.

(F) The county welfare departments, and all other entities participating in the costs of the AFDC program, have the right in their share to any refunds resulting from payment of the permanent housing. However, if an emergency requires the family to move within the 12-month period specified in subparagraph (E), the family shall be allowed to use any

refunds received from its deposits to meet the costs of moving to another residence.

(G) Payments to providers for temporary shelter and permanent housing and utilities shall be made on behalf of families requesting these payments.

(H) The daily amount for the temporary shelter special need for homeless assistance may be increased if authorized by the current year's Budget Act by specifying a different daily allowance and appropriating the funds therefor.

(I) No payment shall be made pursuant to this paragraph unless the provider of housing is a commercial establishment, shelter, or person in the business of renting properties who has a history of renting properties.

(g) The department shall establish rules and regulations assuring the uniform application statewide of this subdivision.

(h) The department shall notify all applicants and recipients of aid through the standardized application form that these benefits are available and shall provide an opportunity for recipients to apply for the funds quickly and efficiently.

(i) Except for the purposes of Section 15200, the amounts payable to recipients pursuant to Section 11453.1 shall not constitute part of the payment schedule set forth in subdivision (a).

The amounts payable to recipients pursuant to Section 11453.1 shall not constitute income to recipients of aid under this section.

(j) For children receiving Kin-GAP pursuant to Article 4.5 (commencing with Section 11360) of Chapter 2, there shall be paid, exclusive of any amount considered exempt as income, an amount of aid each month, which, when added to the child's income, is equal to the rate specified in Section 11364.

SEC. 32. Section 11462 of the Welfare and Institutions Code is amended to read:

11462. (a) (1) Effective July 1, 1990, foster care providers licensed as group homes, as defined in departmental regulations, including public child care institutions, as defined in Section 11402.5, shall have rates established by classifying each group home program and applying the standardized schedule of rates. The department shall collect information from group providers beginning January 1, 1990, in order to classify each group home program.

(2) Notwithstanding paragraph (1), foster care providers licensed as group homes shall have rates established only if the group home is organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400. The department shall terminate the rate effective January 1, 1993, of any group home not organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400.

(3) (A) The department shall determine, consistent with the requirements of this chapter and other relevant requirements under law, the rate classification level (RCL) for each group home program on a biennial basis. Submission of the biennial rate application shall be made according to a schedule determined by the department.

(B) The department shall adopt regulations to implement this paragraph. The adoption, amendment, repeal, or readoption of a regulation authorized by this paragraph is deemed to be necessary for the immediate preservation of the public peace, health and safety, or general welfare, for purposes of Sections 11346.1 and 11349.6 of the Government Code, and the department is hereby exempted from the requirement to describe specific facts showing the need for immediate action.

(b) A group home program shall be initially classified, for purposes of emergency regulations, according to the level of care and services to be provided using a point system developed by the department and described in the report, "The Classification of Group Home Programs under the Standardized Schedule of Rates System," prepared by the State Department of Social Services, August 30, 1989.

(c) The rate for each RCL has been determined by the department with data from the AFDC-FC Group Home Rate Classification Pilot Study. The rates effective July 1, 1990, were developed using 1985 calendar year costs and reflect adjustments to the costs for each fiscal year, starting with the 1986–87 fiscal year, by the amount of the California Necessities Index computed pursuant to the methodology described in Section 11453. The data obtained by the department using 1985 calendar year costs shall be updated and revised by January 1, 1993.

(d) As used in this section, "standardized schedule of rates" means a listing of the 14 rate classification levels, and the single rate established for each RCL.

(e) Except as specified in paragraph (1), the department shall determine the RCL for each group home program on a prospective basis, according to the level of care and services that the group home operator projects will be provided during the period of time for which the rate is being established.

(1) (A) For new and existing providers requesting the establishment of an RCL, and for existing group home programs requesting an RCL increase, the department shall determine the RCL no later than 13 months after the effective date of the provisional rate. The determination of the RCL shall be based on a program audit of documentation and other information that verifies the level of care and supervision provided by the group home program during a period of the two full calendar months

or 60 consecutive days, whichever is longer, preceding the date of the program audit, unless the group home program requests a lower RCL. The program audit shall not cover the first six months of operation under the provisional rate. Pending the department's issuance of the program audit report that determines the RCL for the group home program, the group home program shall be eligible to receive a provisional rate that shall be based on the level of care and service that the group home program proposes it will provide. The group home program shall be eligible to receive only the RCL determined by the department during the pendency of any appeal of the department's RCL determination.

(B) A group home program may apply for an increase in its RCL no earlier than two years from the date the department has determined the group home program's rate, unless the host county, the primary placing county, or a regional consortium of counties submits to the department in writing that the program is needed in that county, that the provider is capable of effectively and efficiently operating the proposed program, and that the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(C) To ensure efficient administration of the department's audit responsibilities, and to avoid the fraudulent creation of records, group home programs shall make records that are relevant to the RCL determination available to the department in a timely manner. Except as provided in this section, the department may refuse to consider, for purposes of determining the rate, any documents that are relevant to the determination of the RCL that are not made available by the group home provider by the date the group home provider requests a hearing on the department's RCL determination. The department may refuse to consider, for purposes of determining the rate, the following records, unless the group home provider makes the records available to the department during the fieldwork portion of the department's program audit:

(i) Records of each employee's full name, home address, occupation, and social security number.

(ii) Time records showing when the employee begins and ends each work period, meal periods, split shift intervals, and total daily hours worked.

(iii) Total wages paid each payroll period.

(iv) Records required to be maintained by licensed group home providers under Title 22 of the California Code of Regulations that are relevant to the RCL determination.

(D) To minimize financial abuse in the startup of group home programs, when the department's RCL determination is more than three levels lower than the RCL level proposed by the group home provider,

and the group home provider does not appeal the department's RCL determination, the department shall terminate the rate of a group home program 45 days after issuance of its program audit report. When the group home provider requests a hearing on the department's RCL determination, and the RCL determined by the director under subparagraph (E) is more than three levels lower than the RCL level proposed by the group home provider, the department shall terminate the rate of a group home program within 30 days of issuance of the director's decision. Notwithstanding the reapplication provisions in subparagraph (B), the department shall deny any request for a new or increased RCL from a group home provider whose RCL is terminated pursuant to this subparagraph, for a period of no greater than two years from the effective date of the RCL termination.

(E) A group home provider may request a hearing of the department's RCL determination under subparagraph (A) no later than 30 days after the date the department issues its RCL determination. The department's RCL determination shall be final if the group home provider does not request a hearing within the prescribed time. Within 60 days of receipt of the request for hearing, the department shall conduct a hearing on the RCL determination. The standard of proof shall be the preponderance of the evidence and the burden of proof shall be on the department. The hearing officer shall issue the proposed decision within 45 days of the close of the evidentiary record. The director shall adopt, reject, or modify the proposed decision, or refer the matter back to the hearing officer for additional evidence or findings within 100 days of issuance of the proposed decision. If the director takes no action on the proposed decision within the prescribed time, the proposed decision shall take effect by operation of law.

(2) Group home programs that fail to maintain at least the level of care and services associated with the RCL upon which their rate was established shall inform the department. The department shall develop regulations specifying procedures to be applied when a group home fails to maintain the level of services projected, including, but not limited to, rate reduction and recovery of overpayments.

(3) The department shall not reduce the rate, establish an overpayment, or take other actions pursuant to paragraph (2) for any period that a group home program maintains the level of care and services associated with the RCL for children actually residing in the facility. Determinations of levels of care and services shall be made in the same way as modifications of overpayments are made pursuant to paragraph (2) of subdivision (b) of Section 11466.2.

(4) A group home program that substantially changes its staffing pattern from that reported in the group home program statement shall

provide notification of this change to all counties that have placed children currently in care. This notification shall be provided whether or not the RCL for the program may change as a result of the change in staffing pattern.

(f) (1) The standardized schedule of rates for the 2002–03, 2003–04, 2004–05, 2005–06, and 2006–07 fiscal years is:

(B) Notwithstanding subparagraph (A), foster care providers operating group homes during the 2002–03, 2003–04, 2004–05, 2005–06, and 2006–07 fiscal years shall remain responsible for ensuring the health and safety of the children placed in their programs in accordance with existing applicable provisions of the Health and Safety Code and community care licensing regulations, as contained in Title 22 of the Code of California Regulations.

(C) Subparagraph (A) shall not apply to program audits of group home programs with provisional rates established pursuant to paragraph (1) of subdivision (e). For those program audits, the RCL point ranges in paragraph (1) shall be used.

(g) (1) (A) For the 1999–2000 fiscal year, the standardized rate for each RCL shall be adjusted by an amount equal to the California Necessities Index computed pursuant to the methodology described in Section 11453. The resultant amounts shall constitute the new standardized schedule of rates, subject to further adjustment pursuant to subparagraph (B).

(B) In addition to the adjustment in subparagraph (A), commencing January 1, 2000, the standardized rate for each RCL shall be increased by 2.36 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new standardized schedule of rates.

(2) Beginning with the 2000–01 fiscal year, the standardized schedule of rates shall be adjusted annually by an amount equal to the CNI computed pursuant to Section 11453, subject to the availability of funds. The resultant amounts shall constitute the new standardized schedule of rates.

(3) Effective January 1, 2001, the amount included in the standard rate for each Rate Classification Level (RCL) for the salaries, wages, and benefits for staff providing child care and supervision or performing social work activities, or both, shall be increased by 10 percent. This additional funding shall be used by group home programs solely to supplement staffing, salaries, wages, and benefit levels of staff specified in this paragraph. The standard rate for each RCL shall be recomputed

using this adjusted amount and the resultant rates shall constitute the new standardized schedule of rates. The department may require a group home receiving this additional funding to certify that the funding was utilized in accordance with the provisions of this section.

(h) The standardized schedule of rates pursuant to subdivisions (f) and (g) shall be implemented as follows:

(1) Any group home program that received an AFDC-FC rate in the prior fiscal year at or above the standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(2) Any group home program that received an AFDC-FC rate in the prior fiscal year below the standard rate for the RCL in the current fiscal year shall receive the RCL rate for the current year.

(i) (1) The department shall not establish a rate for a new program of a new or existing provider, or for an existing program at a new location of an existing provider, unless the provider submits a letter of recommendation from the host county, the primary placing county, or a regional consortium of counties that includes all of the following:

(A) That the program is needed by that county.

(B) That the provider is capable of effectively and efficiently operating the program.

(C) That the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(D) That, if the letter of recommendation is not being issued by the host county, the primary placing county has notified the host county of its intention to issue the letter and the host county was given the opportunity 30 days to respond to this notification and to discuss options with the primary placing county.

(2) The department shall encourage the establishment of consortia of county placing agencies on a regional basis for the purpose of making decisions and recommendations about the need for, and use of, group home programs and other foster care providers within the regions.

(3) The department shall annually conduct a county-by-county survey to determine the unmet placement needs of children placed pursuant to Section 300 and Section 601 or 602, and shall publish its findings by November 1 of each year.

(j) The department shall develop regulations specifying ratesetting procedures for program expansions, reductions, or modifications, including increases or decreases in licensed capacity, or increases or decreases in level of care or services.

(k) (1) For the purpose of this subdivision, "program change" means any alteration to an existing group home program planned by a provider that will increase the RCL or AFDC-FC rate. An increase in the licensed

capacity or other alteration to an existing group home program that does not increase the RCL or AFDC-FC rate shall not constitute a program change.

(2) For the 1998–99, 1999–2000, and 2000–01 fiscal years, the rate for a group home program shall not increase, as the result of a program change, from the rate established for the program effective July 1, 2000, and as adjusted pursuant to subparagraph (B) of paragraph (1) of subdivision (g), except as provided in paragraph (3).

(3) (A) For the 1998–99, 1999–2000, and 2000–01 fiscal years, the department shall not establish a rate for a new program of a new or existing provider or approve a program change for an existing provider that either increases the program's RCL or AFDC-FC rate, or increases the licensed capacity of the program as a result of decreases in another program with a lower RCL or lower AFDC-FC rate that is operated by that provider, unless both of the following conditions are met:

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The county determines that there is no increased cost to the General Fund.

(B) Notwithstanding subparagraph (A), the department may grant a request for a new program or program change, not to exceed 25 beds, statewide, if both of the following conditions are met:

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The department determines that the new program or program change will result in a reduction of referrals to state hospitals during the 1998–99 fiscal year.

(*l*) General unrestricted or undesignated private charitable donations and contributions made to charitable or nonprofit organizations shall not be deducted from the cost of providing services pursuant to this section. The donations and contributions shall not be considered in any determination of maximum expenditures made by the department.

(m) The department shall, by October 1 of each year, commencing October 1, 1992, provide the Joint Legislative Budget Committee with a list of any new departmental requirements established during the previous fiscal year concerning the operation of group homes, and of any unusual, industrywide increase in costs associated with the provision of group care that may have significant fiscal impact on providers of group homes care. The committee may, in fiscal year 1993–94 and beyond, use the list to determine whether an appropriation for rate adjustments is needed in the subsequent fiscal year.

SEC. 32.1. Section 11466.21 of the Welfare and Institutions Code is amended to read:

11466.21. (a) In accordance with subdivision (b), as a condition to receive an AFDC-FC rate for a group home program or a foster family agency program that provides treatment services, the following shall apply:

(1) Any provider who receives in combined federal funds an amount at or above the federal funding threshold in accordance with the federal Single Audit Act, as amended, and Office of Management and Budget (OMB) Circular A-133, shall arrange to have a financial audit conducted on an annual basis, and shall submit the annual financial audit to the department in accordance with regulations adopted by the department.

(2) Any provider who receives in combined federal funds an amount below the federal funding threshold in accordance with the federal Single Audit Act, as amended, and Office of Management and Budget (OMB) Circular A-133, shall submit to the department a financial audit on its most recent fiscal period at least once every three years. The department shall provide timely notice to the providers of the date that submission of the financial audit is required. That date of submission of the financial audit shall be established in accordance with regulations adopted by the department.

(3) The scope of the financial audit shall include all of the programs and activities operated by the provider and shall not be limited to those funded in whole or in part by the AFDC-FC program. The financial audits shall include, but not be limited to, an evaluation of the accounting and control systems of the provider.

(4) The provider shall have its financial audit conducted by certified public accountants or by state-licensed public accountants who have no direct or indirect relationship with the functions or activities being audited, or with the provider, its board of directors, officers, or staff.

(5) The provider shall have its financial audits conducted in accordance with Government Auditing Standards issued by the Comptroller General of the United States and in compliance with generally accepted accounting principles applicable to private entities organized and operated on a nonprofit basis.

(6) (A) Each provider shall have the flexibility to define the calendar months included in its fiscal year.

(B) A provider may change the definition of its fiscal year. However, the financial audit conducted following the change shall cover all of the months since the last audit, even though this may cover a period that exceeds 12 months.

(b) (1) In accordance with subdivision (a), as a condition to receive an AFDC-FC rate that becomes effective on or after July 1, 2000, a

provider shall submit a copy of its most recent financial audit report, except as provided in paragraph (3).

(2) The department shall terminate the rate of a provider who fails to submit a copy of its most recent financial audit pursuant to subdivision (a). A terminated rate shall only be reinstated upon the provider's submission of an acceptable financial audit.

(3) Effective July 1, 2000, a new provider that has been incorporated for fewer than 12 calendar months shall not be required to submit a copy of a financial audit to receive an AFDC-FC rate for a new program. The financial audit shall be conducted on the provider's next full fiscal year of operation. The provider shall submit the financial audit to the department in accordance with subdivision (a).

(c) The department shall implement this section through the adoption of emergency regulations.

SEC. 33. Section 12201.03 of the Welfare and Institutions Code is amended to read:

12201.03. (a) For the 1992, 1993, 1994, 1995, 1996, 1997, and 1998 calendar years, or for the period of January 1, 2003, to May 31, 2003, inclusive, if no cost-of-living adjustment is made pursuant to Section 12201, the payment schedules set forth in Sections 12200, 13920, and 13921, as adjusted pursuant to Section 12201, shall include the pass along of any cost-of-living increases in federal benefits under Subchapter 16 (commencing with Section 1381) of Chapter 7 of Title 42 of the United States Code.

(b) Notwithstanding paragraph (2) of subdivision (d) of Section 12201, any adjustments made pursuant to this section to reflect the pass along of federal cost-of-living adjustments shall be included in the base amounts for purposes of determining cost-of-living adjustments made pursuant to Section 12201.

(c) Notwithstanding subdivision (a), no pass along of any cost-of-living increase in federal benefits under Subchapter 16 (commencing with Section 1381) of Chapter 7 of Title 42 of the United States Code shall be made in 1994. This provision shall not apply to those persons receiving payments pursuant to subdivisions (e), (g), and (h) of Section 12200.

(d) Notwithstanding subdivision (a), in no event shall the payment schedules be reduced below the level required by the federal Social Security Act in order to maintain eligibility for federal funding under Title XIX of the federal Social Security Act, contained in Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code.

(e) Notwithstanding subdivisions (a) and (c), for the 2006 calendar year, the pass along of any cost-of-living increase in federal benefits

under Subchapter 16 (commencing with Section 1381) of Chapter 7 of Title 42 of the United States Code shall not become effective until April 1, 2006. This subdivision shall not apply to those persons receiving payments pursuant to subdivisions (e), (g), and (h) of Section 12200.

SEC. 34. Section 12201.05 of the Welfare and Institutions Code is amended to read:

12201.05. (a) Commencing with the 2004 calendar year, and thereafter, in any calendar year in which no cost-of-living adjustment is made pursuant to Section 12201, the payment schedules set forth in Sections 12200, 13920, and 13921, as adjusted pursuant to Section 12201, shall include the pass along of any cost-of-living increases in federal benefits under Subchapter 16 (commencing with Section 1381) of Chapter 7 of Title 42 of the United States Code, except that for the 2006 calendar year, the federal pass along shall not become effective until April 1, 2006. This delay shall not apply to those persons receiving payments pursuant to subdivisions (e), (g), and (h) of Section 12200.

(b) Notwithstanding paragraph (2) of subdivision (d) of Section 12201, any adjustments made pursuant to this section to reflect the pass-along of federal cost-of-living adjustments shall be included in the base amounts for purposes of determining cost-of-living adjustments made pursuant to Section 12201.

SEC. 35. Section 12304.4 of the Welfare and Institutions Code is amended to read:

12304.4. (a) The department shall establish a program of direct deposit by electronic transfer for payments to in-home supportive services providers. A provider may choose to receive payments via direct deposit at his or her option. The State Department of Social Services, the Controller, and the California Health and Human Services Agency shall make all necessary automation changes to allow for payment by direct deposit.

(b) Notwithstanding any other provision of law, a person entitled to the receipt of direct payment as an individual provider pursuant to Section 12302.2 for providing in-home supportive services may authorize payment to be directly deposited by electronic fund transfer into the person's account at the financial institution of his or her choice under a program for direct deposit by electronic transfer established by the department.

SEC. 36. Section 14124.93 of the Welfare and Institutions Code is amended to read:

14124.93. (a) The Department of Child Support Services shall provide payments to the local child support agency of fifty dollars ($50) per case for obtaining third-party health coverage or insurance of

beneficiaries, to the extent that funds are appropriated in the annual Budget Act.

(b) A county shall be eligible for a payment if the county obtains third-party health coverage or insurance for applicants or recipients of Title IV-D services not previously covered, or for whom coverage has lapsed, and the county provides all required information on a form approved by both the Department of Child Support Services and the State Department of Health Services.

(c) Payments to the local child support agency under this section shall be suspended for the 2003–04, 2004–05, 2005–06, and 2006–07 fiscal years.

SEC. 37. Section 15204.6 of the Welfare and Institutions Code is amended to read:

15204.6. (a) Contingent upon a Budget Act appropriation, a Pay for Performance Program shall provide additional funding for counties that meet the standards developed according to subdivision (c) in their welfare-to-work programs under Article 3.2 (commencing with Section 11320) of Chapter 2. The state shall have no obligation to pay incentives earned that exceed the funds appropriated for the year in which the incentives were earned.

(b) To the extent that funds are appropriated, the maximum total funds available to each county each year under the Pay for Performance Program shall be 5 percent of the funds the county receives that year, less the amount for child care, from the single allocation under Section 15204.2. If funds appropriated for this section are less than the incentives earned under this subdivision, each county's allocation under this section shall be prorated based on the amount of funds appropriated for that year.

(c) The funds available to each county under the Pay for Performance Program shall be divided each year into as many equal parts as there are measures established for the year under this subdivision. (2) For all other performance measures, payments shall be based on outcomes for the fiscal year prior to payment, compared to outcomes for the fiscal year two years prior to payment.

(e) The department may make further adjustments to any of the performance measures listed under subdivision (c), in consultation with the County Welfare Directors Association, legislative staff, and other stakeholders.

Participation shall be at the option of each county, subject to state approval, provided that each county has entered into a memorandum of understanding (MOU) with the department, as described in subdivision (c). The department shall not be required to conduct any demonstration projects under this section if no county elects to participate. (b) The department is authorized to conduct the demonstration project in order to provide participating counties with flexibility in their use of state and federal foster care maintenance and administrative funds that were previously restricted to payment for the care and supervision of children in out-of-home placements and administrative expenditures. (3) The MOU shall specify the allocation methodology for the capped amount of federal funds that will be allocated to the county for the demonstration project, as well as the county's share of cost.

(4) The MOU shall specify the methodology for the provision of state General Fund resources that a county shall receive under the waiver and the liability for the county and the state for costs in excess of the capped federal amount.

(d) The county and state share-of-costs for the demonstration project shall be determined notwithstanding Sections 15200 and 10100.

SEC. 41. The State Department of Alcohol and Drug Programs shall submit a methamphetamine prevention plan to the Legislature by April 1, 2007. (b) Amounts in the Health Care Support Fund shall be paid in the following order of priority:

If the amount in the Health Care Support Fund is inadequate to provide full aggregate baseline funding, or adjusted aggregate baseline funding, to all designated public hospitals, project year private DSH hospitals, and nondesignated public hospitals, each group's payments shall be reduced pro rata.

(2) To the extent necessary to maximize federal funding under the demonstration project and consistent with Section 14166.22, the department may obtain safety net care pool funds based on health care expenditures incurred by the department for uncompensated medical care costs of medical services provided to uninsured individuals, as approved by the federal Centers for Medicare and Medicaid Services.

SEC. 2. Part 3.5 (commencing with Section 15900) is added to Division 9 of the Welfare and Institutions Code, to read:

PART 3.5. HEALTH CARE COVERAGE INITIATIVE

15900. The Legislature finds and declares the following:

(b) One hundred eighty million dollars ($180,000,000) in federal funds will be available for three years to reimburse for public expenditures made under a Health Care Coverage Initiative for uninsured individuals. These funds are to be provided pursuant to the Special Terms and Conditions of California's Section 1115 Medicaid demonstration project waiver number 11-W-00193/9 relating to hospital financing and health coverage expansion.

15902. (a) Persons eligible to be served by the Health Care Coverage Initiative are low-income uninsured individuals who are not currently eligible for the Medi-Cal program, Healthy Families Program, or Access for Infants and Mothers program.

(b) Funding for the Health Care Coverage Initiative shall be used to expand health care coverage for eligible uninsured individuals.

(c) Any expansion of health care coverage for uninsured individuals shall not diminish access to health care available for other uninsured individuals, including access through disproportionate share hospitals, county clinics, or community clinics.

(d) Services provided under the Health Care Coverage Initiative shall be available to those eligible uninsured individuals enrolled in a Health Care Coverage program, and nothing in this part shall be construed to create an entitlement program of any kind.

(e) No state General Fund moneys shall be used to fund the Health Care Coverage Initiative, nor to fund any related administrative costs provided to counties.

15903. The Health Care Coverage Initiative shall be designed and implemented to achieve all of the following outcomes:

(a) Expand the number of Californians who have health care coverage.

(b) Strengthen and build upon the local health care safety net system, including disproportionate share hospitals, county clinics, and community clinics.

(c) Improve access to high quality health care and health outcomes for individuals.

(d) Create efficiencies in the delivery of health services that could lead to savings in health care costs.

(e) Provide grounds for long-term sustainability of the programs funded under the initiative.

(f) Implement programs in an expeditious manner in order to meet federal requirements regarding the timing of expenditures.

15904. (a) The State Department of Health Services shall issue a request for applications for funding the Health Care Coverage Initiative.

(b) The department shall allocate federal funds available to be claimed under the Health Care Coverage programs.

(c) The department shall select the Health Care Coverage programs that best meet the requirements and desired outcomes set forth in this part.

(2) Use of a medical record system, which may include electronic medical records.

(3) Designation of a medical home and assignment of eligible individuals to a primary care provider. For purposes of this paragraph, "medical home" means a single provider or facility that maintains all of an individual's medical information. The primary care provider shall be a provider from which the enrollee can access primary and preventive care.

(4) Provision of a benefit package of services, including preventive and primary care services, and care management services designed to treat individuals with chronic health care conditions, mental illness, or who have high costs associated with their medical conditions, to improve their health and decrease future costs. Benefits may include case management services.

(5) Quality monitoring processes to assess the health care outcomes of individuals enrolled in the Health Care Coverage program.

(11) Demonstration of how the program will provide consumer assistance to individuals applying to, participating in, or accessing services in the program.

(e) Entities eligible to apply for the initiative funds are a county, city and county, consortium of counties serving a region consisting of more than one county, or health authority. No entity shall submit more than one proposal.

(f) The department shall rank the program applications based on the criteria in this section. The amount of federal funding available to be claimed shall be allocated based upon the ranking of the applications. The department shall allocate the available federal funding to the highest ranking applications until all of the funding is allocated. The department shall select at least five programs, and no single program shall receive an allocation greater than 30 percent of the total federal allotment. The department is not required to fund the entire amount requested in a program application.

(g) The department shall seek to balance the allocations throughout geographic areas of the state.

(h) Each county, city and county, consortium of counties, or health authority that is selected to receive funding shall provide the necessary local funds for the nonfederal share of the certified public expenditures, or intergovernnmental transfers to the extent allowable under the demonstration project, required to claim the federal funds made available from the federal allotment. The certified public expenditures, or intergovernmental transfers to the extent allowable under the demonstration project, shall meet the requirements of the Special Terms and Conditions of California's Section 1115 Medicaid demonstration project waiver number 11-W-00193/9 relating to hospital financing and health coverage expansion that became effective September 1, 2005.

Selected programs shall expend the funds according to an expenditure schedule determined by the department.

(j) The department may reallocate the available federal funds among selected programs or other program applicants that were previously not selected for funding, if necessary to meet federal requirements regarding the timing of expenditures, notwithstanding subdivision (f). If a selected program fails to substantially comply with the requirements of this article, the department may reallocate the available federal funds from that selected program to other selected programs or other program applications that previously were not selected for funding. If a selected program is unable to meet its spending targets, determined at the end of the second quarter of each program year, the department may reallocate funds to other selected programs or other program applications that previously were not selected for funding, to ensure that all available

federal funds are claimed. Selected programs receiving reallocated funds must have the ability to make the certified public expenditures necessary to claim the reallocated federal funds.

(k) Federal funds provided for the initiative shall supplement, and not supplant, any county, city and county, health authority, state, or federal funds that would otherwise be spent on health care services in the county, city and county, consortium of counties, or a health authority region. Federal funds allocated under the initiative shall reimburse the selected county, city and county, consortium of counties, or health authority for the benefits and services provided under subdivision (d) of Section 15904. Administrative costs associated with the development and management of the initiative shall not be paid from the Health Care Coverage program allocation, and any allocations for administrative funds shall be in addition to the allocations made for the initiative.

[Approved by Governor July 18, 2006. Filed with
Secretary of State July 18, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 11472.1 of the Food and Agricultural Code is amended to read:

11472.1. On or before October 31 of each year, the department shall publish a financial report regarding the preceding fiscal year and shall make this report available to the public. The report shall describe in detail the amount and source of funding for the major programmatic functions of the department and other relevant information that may aid in evaluating the scope and impact of the activities of the department.

SEC. 2. Section 7361 of the Fish and Game Code is amended to read:

7361. (a) Fees received by the department pursuant to Section 7360 shall be deposited in a separate account in the Fish and Game Preservation Fund.

(b) The department shall expend the funds in that account for the long-term, sustainable benefit of the primary Bay-Delta sport fisheries, including, but not limited to, striped bass, sturgeon, black bass, halibut, salmon, surf perch, steelhead trout, and American shad. Funds shall be expended to benefit sport fish populations, sport fishing opportunities, and anglers within the geographic parameters established in Section 7360, and consistent with the requirements of the federal Endangered Species Act of 1973 (16 U.S.C. Sec. 1531 et seq.) and the California Endangered Species Act (Chapter 1.5 (commencing with Section 2050) of Division 3, the ecosystem restoration component of the CALFED Programmatic Record of Decision dated August 28, 2000, and applicable commission policies.

(c) It is the intent of the Legislature that these funds be used to augment, not replace, funding that would otherwise be allocated to Bay-Delta sport fisheries from the sale of fishing licenses, the California Bay-Delta Authority, or other federal, state, or local funding sources.

SEC. 3. Section 12015 of the Fish and Game Code is amended to read:

12015. (a) It is the intent of the Legislature that expeditious cleanup is the primary interest of the people of the State of California in order to protect the people and the environment of the state.

(b) In addition to any other penalty, anyone responsible for polluting, contaminating, or obstructing waters of this state, or depositing or discharging materials threatening to pollute, contaminate, or obstruct waters of this state, to the detriment of fish, plant, bird, or animal life in those waters, shall be required to remove any substance placed in the

waters, or to remove any material threatening to pollute, contaminate, or obstruct waters of this state, which can be removed, that caused the prohibited condition, or to pay the costs of the removal by the department.

(c) Prior to taking any action committing the use of state funds pursuant to this section or Section 5655, the department shall first make a reasonable effort to have the person responsible, when that person is known and readily available, remove, or agree to pay for the removal of, the substance causing the prohibited condition, if the responsible person acts expeditiously and does not cause the prohibited condition to be prolonged to the detriment of fish, plant, animal, or bird life in the affected waters. When the responsible party is unknown or is not providing adequate and timely cleanup, the emergency reserve account of the Toxic Substances Control Account in the General Fund shall be used to provide funding for the cleanup pursuant to Section 25354 of the Health and Safety Code. When those or other funds are not available, moneys in the Fish and Wildlife Pollution Account shall be available, in accordance with subdivision (b) of Section 12017, for funding the cleanup expenses.

SEC. 4. Section 13001.5 is added to the Fish and Game Code, to read:

13001.5. (a) The department shall prepare annually, for inclusion in the Governor's Budget, a fund condition statement for the Fish and Game Preservation Fund that displays both of the following:

(1) Information relating to the total amounts of revenues and expenditures with regard to the moneys in the fund that are deposited in an account or subaccount in the fund.

(2) Information relating to revenues and expenditures with regard to all moneys in the fund that are not deposited in an account or subaccount in the fund.

(b) For the purposes of subdivision (a), the department shall prepare the fund condition statement in a manner that is similar to the fund condition statement relating to the Fish and Game Preservation Fund included in the 2003–04 Governor's Budget.

(c) The department shall prepare, for posting on its Internet Web site on or before January 10, of each year, a fund condition statement for each account or subaccount in the fund.

SEC. 5. Section 13007 of the Fish and Game Code is amended to read:

13007. (a) Notwithstanding Section 13001 and paragraph (1) of subdivision (a) of Section 13005, commencing July 1, 2006, 33 ⅓ percent of all sport fishing license fees, except license fees collected pursuant to Section 7149.8 collected pursuant to Article 3 (commencing with Section 7145) of Chapter 1 of Part 2 of Division 6 shall be deposited

into the Hatchery and Inland Fisheries Fund, which is hereby established in the State Treasury. Moneys in the fund may be expended, upon appropriation by the Legislature, to support programs of the Department of Fish and Game related to the management, maintenance, and capital improvement of California's fish hatcheries, the Heritage and Wild Trout Program, and enforcement activities related thereto, and to support other activities eligible to be funded from revenue generated by sport fishing license fees.

(b) The sport fishing license fees collected and subject to appropriation pursuant to subdivision (a) shall be used for the following purposes:

(1) For the department's attainment of the following production goals for state hatcheries, based on the sales of the following types of sport fishing licenses: resident; lifetime; nonresident year; nonresident, 10-day; 2-day; 1-day; and reduced fee.

(A) By July 1, 2007, a minimum of 2.25 pounds of released trout per sport fishing license sold in 2006, 1.75 pounds of which must be of catchable size or larger.

(B) By July 1, 2008, a minimum of 2.5 pounds of released trout per sport fishing license sold in 2007, 2.0 pounds of which must be of catchable size or larger.

(C) By July 1, 2009, and thereafter, a minimum of 2.75 pounds of released trout per sport fishing license sold in 2008, 2.25 pounds of which must be of catchable size or larger.

(D) The department shall attain these goals in compliance with Fish and Game Commission trout policies concerning catchable-sized trout stocking.

(2) To the Heritage and Wild Trout Program, two million dollars ($2,000,000), which shall be used for permanent positions and seasonal aides in each region of the state as necessary, and other activities necessary to the program.

(A) The funds allocated pursuant to this paragraph shall be used to fund seven new positions for the Heritage and Wild Trout Program.

(B) In addition to the seven new positions specified in subparagraph (A), the department may hire seasonal aides in each region of the state to assist with the operations of the Heritage and Wild Trout Program.

(3) The department shall, by July 1, 2011, ensure that 25 percent of the fish produced by state fish hatcheries are used for the purpose of initiating and managing the restoration of naturally indigenous stocks of trout to their original California source watersheds. This paragraph shall not be construed to prohibit the department from using surplus fish in waters outside of their original California source watersheds. All trout restored pursuant to this paragraph shall be native California trout, as

defined in Section 7261. The department shall attain the 25-percent restoration goal of this paragraph according to the following schedule:

(A) By July 1, 2009, 15 percent and at least four species, not including the coastal rainbow trout/steelhead.

(B) By July 1, 2010, 20 percent and at least four species, not including the coastal rainbow trout/steelhead.

(C) By July 1, 2011, and thereafter, 25 percent and at least five species, not including the coastal rainbow trout/steelhead.

(4) The department may hire additional staff for state fish hatcheries, in order to comply with the requirements of this subdivision.

(c) The department may allocate any funds under this section, not necessary to maintain the minimums specified in paragraphs (1) and (3) of subdivision (b), and after the expenditure in paragraph (2) of subdivision (b), to the Fish and Game Preservation Fund.

(d) The department may utilize federal funds to meet the funding formula specified in subdivision (a) if those funds are otherwise legally available for this purpose.

(e) A portion of the moneys subject to appropriation pursuant to subdivision (a) may be used for the purpose of obtaining scientifically valid genetic determinations of California native trout stocks, consistent with Theme 1 in the executive summary of the department's Strategic Plan for Trout Management, published November 2003.

(f) The department, by July 1, 2008, and biennially thereafter, shall report back to the fiscal and policy committees in the Legislature on the implementation of these provisions.

SEC. 6. Section 12805.6 is added to the Government Code, to read:

12805.6. The Resources Agency shall identify, for future conservation, key buffer properties adjacent to large ecologically valuable working landscapes that provide significant economic benefits to the state, such as active military or National Guard properties, whose future viability could be threatened by encroachment of incompatible land use activities. An acquisition of a land or conservation easement on property identified pursuant to this section shall occur with a willing seller.

SEC. 7. Section 51283 of the Government Code is amended to read:

51283. (a) Prior to any action by the board or council giving tentative approval to the cancellation of any contract, the county assessor of the county in which the land is located shall determine the current fair market value of the land as though it were free of the contractual restriction. The assessor shall certify to the board or council the cancellation valuation of the land for the purpose of determining the cancellation fee. At the same time, the assessor shall send a notice to the landowner and the Department of Conservation indicating the current fair market value of the land as though it were free of the contractual restriction and advise

the parties, that upon their request, the assessor shall provide all information relevant to the valuation, excluding third-party information. If any information is confidential or otherwise protected from release, the department and the landowner shall hold it as confidential and return or destroy any protected information upon termination of all actions relating to valuation or cancellation of the contract on the property. The notice shall also advise the landowner and the department of the opportunity to request formal review from the assessor.

(b) Prior to giving tentative approval to the cancellation of any contract, the board or council shall determine and certify to the county auditor the amount of the cancellation fee that the landowner shall pay the county treasurer upon cancellation. That fee shall be an amount equal to 12½ percent of the cancellation valuation of the property.

(c) If it finds that it is in the public interest to do so, the board or council may waive any payment or any portion of a payment by the landowner, or may extend the time for making the payment or a portion of the payment contingent upon the future use made of the land and its economic return to the landowner for a period of time not to exceed the unexpired period of the contract, had it not been canceled, if all of the following occur:

(1) The cancellation is caused by an involuntary transfer or change in the use which may be made of the land and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to the owner.

(2) The board or council has determined that it is in the best interests of the program to conserve agricultural land use that the payment be either deferred or is not required.

(3) The waiver or extension of time is approved by the Secretary of the Resources Agency. The secretary shall approve a waiver or extension of time if the secretary finds that the granting of the waiver or extension of time by the board or council is consistent with the policies of this chapter and that the board or council complied with this article. In evaluating a request for a waiver or extension of time, the secretary shall review the findings of the board or council, the evidence in the record of the board or council, and any other evidence the secretary may receive concerning the cancellation, waiver, or extension of time.

(d) The first two million five hundred thirty-six thousand dollars ($2,536,000) of revenue paid to the Controller pursuant to subdivision (e) in the 2004–05 fiscal year, and any other amount as approved in the final Budget Act for each fiscal year thereafter, shall be deposited in the Soil Conservation Fund, which is continued in existence. The money in the fund is available, when appropriated by the Legislature, for the support of all of the following:

(1) The cost of the farmlands mapping and monitoring program of the Department of Conservation pursuant to Section 65570.

(2) The soil conservation program identified in Section 614 of the Public Resources Code.

(3) Program support costs of this chapter as administered by the Department of Conservation.

(4) Program support costs incurred by the Department of Conservation in administering the open-space subvention program (Chapter 3 (commencing with Section 16140) of Part 1 of Division 4 of Title 2).

(e) When cancellation fees required by this section are collected, they shall be transmitted by the county treasurer to the Controller and deposited in the General Fund, except as provided in subdivision (d) of this section and subdivision (b) of Section 51203. The funds collected by the county treasurer with respect to each cancellation of a contract shall be transmitted to the Controller within 30 days of the execution of a certificate of cancellation of contract by the board or council, as specified in subdivision (b) of Section 51283.4.

(f) It is the intent of the Legislature that fees paid to cancel a contract do not constitute taxes but are payments that, when made, provide a private benefit that tends to increase the value of the property.

SEC. 8. Section 67125 is added to the Government Code, to read:

67125. For purposes of the annual budget process, the agency shall be provided a baseline adjustment equivalent to fund California's two-thirds share for any increase in employee compensation or cost-of-living adjustment, in the same manner as applied to state agencies. In those instances where the methodology for determining this adjustment differs from standard state budget practices, the agency and the Department of Finance shall work together on an agreed application of this section.

SEC. 9. Section 25160 of the Health and Safety Code is amended to read:

25160. (a) For purposes of this chapter, the following definitions apply:

(1) "Manifest" means a shipping document originated and signed by a generator of hazardous waste that contains all of the information required by the department and that complies with all applicable federal and state regulations.

(2) "California Uniform Hazardous Waste Manifest" means either of the following:

(A) A manifest document printed and supplied by the state for a shipment initiated on or before September 4, 2006.

(B) The Uniform Hazardous Waste Manifest printed by a source registered with the United States Environmental Protection Agency for a shipment initiated on or after September 5, 2006.

(3) For purposes of this section and Section 25205.15, a shipment is initiated on the date when the manifest is signed by the first transporter and the hazardous waste leaves the site where it is generated.

(b) (1) Except as provided in Section 25160.2 or as otherwise authorized by a variance issued by the department, any person generating hazardous waste that is transported, or submitted for transportation, for offsite handling, treatment, storage, disposal, or any combination thereof, shall complete a manifest prior to the time the waste is transported or offered for transportation, and shall designate on that manifest the facility to which the waste is to be shipped for the handling, treatment, storage, disposal, or combination thereof. The manifest shall be completed as required by the department. The generator shall provide the manifest to the person who will transport the hazardous waste, who is the driver, if the hazardous waste will be transported by vehicle, or the person designated by the railroad corporation or vessel operator, if the hazardous waste will be transported by rail or vessel.

(A) The generator shall use the standard California Uniform Hazardous Waste Manifest supplied by the department for all shipments of hazardous waste initiated on and before September 4, 2006, for which a manifest is required, except as provided in paragraph (2).

(B) The generator shall use the Uniform Hazardous Waste Manifest printed by a source registered with the United States Environmental Protection Agency for all shipments of hazardous waste initiated on and after September 5, 2006, for which a manifest is required.

(C) A manifest shall only be used for the purposes specified in this chapter, including, but not limited to, identifying materials that the person completing the manifest reasonably believes are hazardous waste.

(D) Within 30 days from the date of transport, or submission for transport, of hazardous waste, each generator of that hazardous waste shall submit to the department a legible copy of each manifest used. The copy submitted to the department shall contain the signatures of the generator and the transporter.

(E) In lieu of submitting a copy of each manifest used, a generator may submit an electronic report to the department meeting the requirements of Section 25160.3.

(2) Except as provided in Section 25160.2 or as otherwise authorized by a variance issued by the department, any person generating hazardous waste that is transported, or submitted for transportation, for offsite handling, treatment, storage, disposal, or any combination thereof, outside of the state, shall complete, whether or not the waste is determined to

be hazardous by the importing country or state, a manifest in accordance with the following conditions:

(A) The generator shall use the standard California Uniform Hazardous Waste Manifest or the manifest required by the receiving state for all shipments of hazardous waste initiated on and before September 4, 2006, for which a manifest is required.

(B) The generator shall use the Uniform Hazardous Waste Manifest printed by a source registered with the United States Environmental Protection Agency for all shipments of hazardous waste initiated on and after September 5, 2006, for which a manifest is required.

(C) The generator shall submit a copy of the manifest specified in subparagraph (A) or (B), as applicable, to the department within 30 days from the date of the transport, or submission for transport, of the hazardous waste. In lieu of submitting a copy of each manifest used, a generator may submit an electronic report to the department meeting the requirements of Section 25160.3.

(3) Within 30 days from the date of transport, or submission for transport, of hazardous waste out of state, each generator of that hazardous waste shall submit to the department a legible copy of each manifest used. The copy submitted to the department shall contain the signatures of the generator, all transporters, excepting intermediate rail transporters, and the out-of-state facility operator. If within 35 days from the date of the initial shipment, or for exports by water to foreign countries 60 days after the initial shipment, the generator has not received a copy of the manifest signed by all transporters and the facility operator, the generator shall contact the owner or operator of the designated facility to determine the status of the hazardous waste and to request that the owner or operator immediately provide a signed copy of the manifest to the generator. Except as provided otherwise in paragraph (2) of subdivision (h) of Section 25123.3, if within 45 days from the date of the initial shipment or, for exports by water to foreign countries, 90 days from the date of the initial shipment, the generator has not received a copy of the signed manifest from the facility owner or operator, the generator shall submit an exception report to the department.

(4) For shipments of waste that do not require a manifest pursuant to Title 40 of the Code of Federal Regulations, the department, by regulation, may establish manifest requirements that differ from the requirements of this section. The requirements for an alternative form of manifest shall ensure that the hazardous waste is transported by a registered hazardous waste transporter, that the hazardous waste is tracked, and that human health and safety and the environment are protected.

(5) (A) Notwithstanding any other provision of this section, except as provided in subparagraph (B), the generator copy of the manifest is not required to be submitted to the department for any waste transported in compliance with the consolidated manifest procedures in Section 25160.2 or when the transporter is operating pursuant to a variance issued by the department pursuant to Section 25143 authorizing the use of a consolidated manifest for waste not listed in Section 25160.2, if the generator, transporter, and facility are all identified as the same company on the hazardous waste manifest. If multiple identification numbers are used by a single company, all of the company's identification numbers shall be included in its annual transporter registration application, if those numbers will be used with the consolidated manifest procedure. Nothing in this paragraph affects the obligation of a facility operator to submit to the department a copy of a manifest pursuant to this section.

(B) If the waste subject to subparagraph (A) is transported out of state, the generator shall either ensure that the facility operator submits to the department a copy of the manifest or the generator shall submit a copy to the department that contains the signatures of the generator, all transporters, excepting intermediate rail transporters, and the out-of-state facility operator pursuant to paragraph (3).

(c) (1) The department shall determine the form and manner in which a manifest shall be completed and the information that the manifest shall contain. The information requested on the manifest shall serve as the data dictionary for purposes of the developing of an electronic reporting format pursuant to Section 71062 of the Public Resources Code. The form of each manifest and the information requested on each manifest shall be the same for all hazardous wastes, regardless of whether the hazardous wastes are also regulated pursuant to the federal act or by regulations adopted by the United States Department of Transportation. However, the form of the manifest and the information required shall be consistent with federal regulations.

(2) Pursuant to federal regulations, the department may require information on the manifest in addition to the information required by federal regulations.

(d) (1) Any person who transports hazardous waste in a vehicle shall have a manifest in his or her possession while transporting the hazardous waste. The manifest shall be shown upon demand to any representative of the department, any officer of the California Highway Patrol, any local health officer, any certified unified program agency, or any local public officer designated by the director. If the hazardous waste is transported by rail or vessel, the railroad corporation or vessel operator shall comply with Subchapter C (commencing with Section 171.1) of Chapter 1 of Subtitle B of Title 49 of the Code of Federal Regulations

and shall also enter on the shipping papers any information concerning the hazardous waste that the department may require.

(2) Any person who transports any waste, as defined by Section 25124, and who is provided with a manifest for that waste shall, while transporting that waste, comply with all requirements of this chapter, and the regulations adopted pursuant thereto, concerning the transportation of hazardous waste.

(3) Any person who transports hazardous waste shall transfer a copy of the manifest to the facility operator at the time of delivery, or to the person who will subsequently transport the hazardous waste in a vehicle. Any person who transports hazardous waste and then transfers custody of that hazardous waste to a person who will subsequently transport that waste by rail or vessel shall transfer a copy of the manifest to the person designated by the railroad corporation or vessel operator, as specified by Subchapter C (commencing with Section 171.1) of Chapter 1 of Subtitle B of Title 49 of the Code of Federal Regulations.

(4) Any person transporting hazardous waste by motor vehicle, rail, or water shall certify to the department, at the time of initial registration and at the time of renewal of that registration pursuant to this article, that the transporter is familiar with the requirements of this section, the department regulations, and federal laws and regulations governing the use of manifests.

(e) (1) Any facility operator in the state who receives hazardous waste for handling, treatment, storage, disposal, or any combination thereof, which was transported with a manifest pursuant to this section, shall submit a copy of the manifest to the department within 30 days from the date of receipt of the hazardous waste. The copy submitted to the department shall contain the signatures of the generator, all transporters, excepting intermediate rail transporters, and the facility operator. In instances in which the generator or transporter is not required by the generator's state or federal law to sign the manifest, the facility operator shall require the generator and all transporters, excepting intermediate rail transporters, to sign the manifest before receiving the waste at any facility in this state. In lieu of submitting a copy of each manifest used, a facility operator may submit an electronic report to the department meeting the requirements of Section 25160.3.

(2) Any treatment, storage, or disposal facility receiving hazardous waste generated outside this state may only accept the hazardous waste for treatment, storage, disposal, or any combination thereof, if the hazardous waste is accompanied by a completed standard California Uniform Hazardous Waste Manifest.

(3) A facility operator may accept hazardous waste generated offsite that is not accompanied by a properly completed and signed standard

California Uniform Hazardous Waste Manifest if the facility operator meets both of the following conditions:

(A) The facility operator is authorized to accept the hazardous waste pursuant to a hazardous waste facilities permit or other grant of authorization from the department.

(B) The facility operator is in compliance with the regulations adopted by the department specifying the conditions and procedures applicable to the receipt of hazardous waste under these circumstances.

(4) This subdivision applies only to shipments of hazardous waste for which a manifest is required pursuant to this section and the regulations adopted pursuant to this section.

(f) A generator, transporter, or facility operator may comply with the requirements of Sections 66262.40, 66263.22, 66264.71, and 66265.71 of Title 22 of the California Code of Regulations by storing manifest information electronically. A generator, transporter, or facility operator who stores manifest information electronically shall use the standardized electronic format and protocol for the exchange of electronic data established by the Secretary for Environmental Protection pursuant to Part 2 (commencing with Section 71050) of Division 34 of the Public Resources Code and the stored information shall include all the information required to be retained by the department, including all signatures required by this section.

(g) The department shall make available for review, by any interested party, the department's plans for revising and enhancing its system for tracking hazardous waste for the purposes of protecting human health and the environment, enforcing laws, collecting revenue, and generating necessary reports.

SEC. 10. Section 25173.6 of the Health and Safety Code is amended to read:

25173.6. (a) There is in the General Fund the Toxic Substances Control Account, which shall be administered by the director. In addition to any other money that may be appropriated by the Legislature to the Toxic Substances Control Account, all of the following shall be deposited in the account:

(1) The fees collected pursuant to Section 25205.6.

If more than one agency is eligible for payment under this paragraph, division of payment among the eligible agencies shall be in the discretion of the CUPA, the local health officer, or the authorized officer or agency.

but not limited to, hazardous waste. The schedule shall consist of identification codes from one of the following classification systems, as deemed suitable by the department:

(1) The Standard Industrial Classification (SIC) system established by the United States Department of Commerce.

(2) The North American Industry Classification System (NAICS) adopted by the United States Census Bureau.

(c) Each organization of a type identified in the schedule adopted pursuant to subdivision (a) shall pay an annual fee, which shall be set in the following amounts:

(1) Two hundred dollars ($200) for those organizations with 50 or more employees, but less than 75 employees.

(5) Two thousand eight hundred dollars ($2,800) for those organizations with 500 or more employees, but less than 1,000 employees.

(6) Nine thousand five hundred dollars ($9,500) for those organizations with 1,000 or more employees.

(d) The fee imposed pursuant to this section shall be paid by each organization that is identified in the schedule adopted pursuant to subdivision (a) in accordance with Part 22 (commencing with Section 43001) of Division 2 of the Revenue and Taxation Code and shall be deposited in the Toxic Substances Control Account. The revenues shall be available, upon appropriation by the Legislature, for the purposes specified in subdivision (b) of Section 25173.6.

(e) For purposes of this section, the number of employees employed by an organization is the number of persons employed in this state for more than 500 hours during the calendar year preceding the calendar year in which the fee is due.

(f) The fee rates specified in subdivision (c) are the rates for the 1998 calendar year. Beginning with the 1999 calendar year, and for each calendar year thereafter, the State Board of Equalization shall adjust the rates annually to reflect increases or decreases in the cost of living during the prior fiscal year, as measured by the Consumer Price Index issued by the Department of Industrial Relations or by a successor agency.

(g) (1) Pursuant to paragraph (3) of subsection (c) of Section 104 of the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (42 U.S.C. Sec. 9604(c)(3)), the

state is obligated to pay specified costs of removal and remedial actions carried out pursuant to the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (42 U.S.C. Sec. 9601 et seq.).

(2) The fee rates specified in subdivision (c) are intended to provide sufficient revenues to fund the purposes of subdivision (b) of Section 25173.6, including appropriations in any given fiscal year of three million three hundred thousand dollars ($3,300,000) to fund the state's obligation pursuant to paragraph (3) of subsection (c) of Section 104 of the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (42 U.S.C. Sec. 9604(c)(3)).

(3) If the department determines that the state's obligation under paragraph (3) of subsection (c) of Section 104 of the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (42 U.S.C. Sec. 9604(c)(3)) will exceed three million three hundred thousand dollars ($3,300,000) in any fiscal year, the department shall report that determination to the Legislature in the Governor's Budget. If, as part of the Budget Act deliberations, the Legislature concurs with the department's determination, the Legislature shall specify in the annual Budget Act those pro rata changes to the fee rates specified in subdivision (c) that will increase revenues in the next calendar year as necessary to fund the state's increased obligations. However, the Legislature shall not specify fee rates in the annual Budget Act that increase revenues in an amount greater than eight million two hundred thousand dollars ($8,200,000) above the revenues provided by the fee rates specified in subdivision (c).

(4) Any changes in the fee rates approved by the Legislature in the annual Budget Act pursuant to this subdivision shall have effect only on the fee payment that is due and payable by the end of February in the fiscal year for which that annual Budget Act is enacted.

(h) This section does not apply to a nonprofit corporation primarily engaged in the provision of residential social and personal care for children, the aged, and special categories of persons with some limits on their ability for self-care, as described in SIC Code 8361 of the Standard Industrial Classification (SIC) Manual published by the United States Office of Management and Budget, 1987 edition.

(i) The changes made to this section by the act of the 2005–06 Regular Session of the Legislature amending this section shall not increase fee revenues in the 2006–07 fiscal year.

25205.15. (a) Except for the first four manifests used in a calendar year by a business with less than 100 employees, and except as provided

in paragraph (2), in addition to any fees to cover printing and distribution costs, the department shall impose a manifest fee of seven dollars and fifty cents ($7.50) for each California Hazardous Waste Manifest form or electronic equivalent used after June 30, 1998, by any person, in the following manner:

(1) The department shall bill generators for each California Uniform Hazardous Waste Manifest form, manifest number, or electronic equivalent used after June 30, 1998. The billing frequency specified by the department may range from monthly to annually, with the payment by the generator required within 30 days from the date of receipt of the billing, and shall be determined based on consultation with the regulated community. In preparing the bills, the department shall distinguish between manifests used solely for recycled hazardous wastes and those used for nonrecycled hazardous wastes. In determining the billing frequency, the department may take into account each person's volume of manifest usage.

(2) (A) The manifest fee shall not be collected on the use of California Hazardous Waste Recycling Manifests that are used solely for hazardous wastes that are recycled.

(B) The manifest fee for each California Uniform Hazardous Waste Manifest form used solely for hazardous waste derived from air compliance solvents, shall be three dollars and fifty cents ($3.50) This is in addition to any fees charged to cover printing and distribution costs.

(3) The department shall implement a system for the use of manifests that distinguishes among recycling manifests used solely for hazardous wastes that are to be recycled, manifests used solely to transport hazardous waste derived from air compliance solvents, and general manifests that may be used for transporting waste for any purpose.

(4) (A) If a person erroneously reports on a California Uniform Hazardous Waste Manifest that the manifest is being used for the transport of hazardous wastes that are being shipped for recycling or for the transport of hazardous wastes derived from air compliance solvents rather than the transport of other types of hazardous waste, the person shall pay the seven dollars and fifty cents ($7.50) manifest fee and an additional error correction fee of twenty dollars ($20) per manifest, as required pursuant to Section 25160.5.

(B) Notwithstanding subparagraph (A) the department shall provide the manifest user with a reasonable opportunity to notify the department of any incorrect use of the recycling manifest, as described in subparagraph (A), and to provide the department with the appropriate manifest fee payment without additional fines, penalties, or payment of the error correction fee.

(5) The department may adopt regulations to implement and administer the manifest fee system imposed pursuant to this subdivision.

(b) For purposes of subdivision (a), a California Uniform Hazardous Waste Manifest means either of the following:

(1) A manifest document printed and supplied by the state for a shipment initiated on and before September 4, 2006.

(2) The Uniform Hazardous Waste Manifest printed by a source registered with the United States Environmental Protection Agency for a shipment initiated on and after September 5, 2006, if the manifest originates from a generator located in California, is received by the designated facility located in California where the manifest is signed and terminated, or is imported or exported through a point of entry or exit in California.

(c) On and after July 1, 1999, commencing with 1999–2000 fiscal year and annually thereafter, the department shall expend, upon appropriation by the Legislature in the annual Budget Act, not less than one million fifty thousand dollars ($1,050,000) from the manifest fees, deposited in the Hazardous Waste Control Account, to establish a program to encourage hazardous waste generators to implement pollution prevention measures. The program shall be administered pursuant to administrative and expenditure criteria to be established by the Legislature.

(d) The manifest fees shall be deposited in the Hazardous Waste Control Account and be available for expenditure, upon appropriation by the Legislature.

(e) For purposes of this section, "air compliance solvent" means a solvent, including aqueous solutions, that are required or approved for use by regulations adopted by the State Air Resources Board, an air pollution control district, or an air quality management district, to meet air emission standards adopted by that board or district and, pursuant to those regulations, is required to be used instead of another solvent that was used and recycled prior to the adoption of those regulations.

SEC. 15. Section 25297.1 of the Health and Safety Code is amended to read:

25297.1. (a) In addition to the authority granted to the board pursuant to Division 7 (commencing with Section 13000) of the Water Code and to the department pursuant to Chapter 6.8 (commencing with Section 25300), the board, in cooperation with the department, shall develop and implement a local oversight program for the abatement of, and oversight of the abatement of, unauthorized releases of hazardous substances from underground storage tanks by local agencies. In implementing the local oversight program, the agreement specified in subdivision (b) shall be between the board and the local agency. The board shall select local

agencies for participation in the program from among those local agencies that apply to the board, giving first priority to those local agencies that have demonstrated prior experience in cleanup, abatement, or other actions necessary to remedy the effects of unauthorized releases of hazardous substances from underground storage tanks. The board shall select only those local agencies that have implemented this chapter and that, except as provided in Section 25404.5, have begun to collect and transmit to the board the surcharge or fees pursuant to subdivision (b) of Section 25287.

(b) In implementing the local oversight program described in subdivision (a), the board may enter into an agreement with any local agency to perform, or cause to be performed, any cleanup, abatement, or other action necessary to remedy the effects of a release of hazardous substances from an underground storage tank with respect to which the local agency has enforcement authority pursuant to this section. The board may not enter into an agreement with a local agency for soil contamination cleanup or for groundwater contamination cleanup unless the board determines that the local agency has a demonstrated capability to oversee or perform the cleanup. The implementation of the cleanup, abatement, or other action shall be consistent with procedures adopted by the board pursuant to subdivision (d) and shall be based upon cleanup standards specified by the board or regional board.

(c) The board shall provide funding to a local agency that enters into an agreement pursuant to subdivision (b) for the reasonable costs incurred by the local agency in overseeing any cleanup, abatement, or other action taken by a responsible party to remedy the effects of unauthorized releases from underground storage tanks.

(d) The board shall adopt administrative and technical procedures, as part of the state policy for water quality control adopted pursuant to Section 13140 of the Water Code, for cleanup and abatement actions taken pursuant to this section. The procedures shall include, but not be limited to, all of the following:

(1) Guidelines as to which sites may be assigned to the local agency.

(2) The content of the agreements which may be entered into by the board and the local agency.

(3) Procedures by which a responsible party may petition the board or a regional board for review, pursuant to Article 2 (commencing with Section 13320) of Chapter 5 of Division 7 of the Water Code, or pursuant to Chapter 9.2 (commencing with Section 2250) of Division 3 of Title 23 of the California Code of Regulations, or any successor regulation, as applicable, of actions or decisions of the local agency in implementing the cleanup, abatement, or other action.

(4) Protocols for assessing and recovering money from responsible parties for any reasonable and necessary costs incurred by the local agency in implementing this section, as specified in subdivision (i), unless the cleanup or abatement action is subject to subdivision (d) of Section 25296.10.

(5) Quantifiable measures to evaluate the outcome of a pilot program established pursuant to this section.

(e) Any agreement between the regional board and a local agency to carry out a local oversight program pursuant to this section shall require both of the following:

(1) The local agency shall establish and maintain accurate accounting records of all costs it incurs pursuant to this section and shall periodically make these records available to the board. The Controller may annually audit these records to verify the hourly oversight costs charged by a local agency. The board shall reimburse the Controller for the cost of the audits of a local agency's records conducted pursuant to this section.

(2) The board and the department shall make reasonable efforts to recover costs incurred pursuant to this section from responsible parties, and may pursue any available legal remedy for this purpose.

(f) The board shall develop a system for maintaining a database for tracking expenditures of funds pursuant to this section, and shall make this data available to the Legislature upon request.

(g) (1) Sections 25355.5 and 25356 do not apply to expenditures from the Toxic Substances Control Account for oversight of abatement of releases from underground storage tanks as part of the local oversight program established pursuant to this section.

(2) A local agency that enters into an agreement pursuant to subdivision (b) shall notify the responsible party, for any site subject to a cleanup, abatement, or other action taken pursuant to the local oversight program established pursuant to this section, that the responsible party is liable for not more than 150 percent of the total amount of site-specific oversight costs actually incurred by the local agency.

(h) Any aggrieved person may petition the board or regional board for review of the action or failure to act of a local agency that enters into an agreement pursuant to subdivision (b), at a site subject to cleanup, abatement, or other action conducted as part of the local oversight program established pursuant to this section, in accordance with the procedures adopted by the board or regional board pursuant to subdivision (d).

(i) (1) For purposes of this section, site-specific oversight costs include only the costs of the following activities, when carried out by the staff of a local agency or the local agency's authorized representative, that are either technical program staff or their immediate supervisors:

(A) Responsible party identification and notification.
(B) Site visits.
(C) Sampling activities.
(D) Meetings with responsible parties or responsible party consultants.
(E) Meetings with the regional board or with other affected agencies regarding a specific site.
(F) Review of reports, workplans, preliminary assessments, remedial action plans, or postremedial monitoring.
(G) Development of enforcement actions against a responsible party.
(H) Issuance of a closure document.

(2) The responsible party is liable for the site-specific oversight costs, calculated pursuant to paragraphs (3) and (4), incurred by a local agency, in overseeing any cleanup, abatement, or other action taken pursuant to this section to remedy an unauthorized release from an underground storage tank.

(3) Notwithstanding the requirements of any other provision of law, the amount of liability of a responsible party for the oversight costs incurred by the local agency and by the board and regional boards in overseeing any action pursuant to this section shall be calculated as an amount not more than 150 percent of the total amount of the site-specific oversight costs actually incurred by the local agency and shall not include the direct or indirect costs incurred by the board or regional boards.

(4) (A) The total amount of oversight costs for which a local agency may be reimbursed shall not exceed one hundred fifteen dollars ($115) per hour, multiplied by the total number of site-specific hours performed by the local agency.

(B) The total amount of the costs per site for administration and technical assistance to local agencies by the board and the regional board entering into agreements pursuant to subdivision (b) shall not exceed a combined total of thirty-five dollars ($35) for each hour of site-specific oversight. The board shall base its costs on the total hours of site-specific oversight work performed by all participating local agencies. The regional board shall base its costs on the total number of hours of site-specific oversight costs attributable to the local agency that received regional board assistance.

(C) The amounts specified in subparagraphs (A) and (B) are base rates for the 1990–91 fiscal year. Commencing July 1, 1991, and for each fiscal year thereafter, the board shall adjust the base rates annually to reflect increases or decreases in the cost of living during the prior fiscal year, as measured by the implicit price deflator for state and local government purchases of goods and services, as published by the United States Department of Commerce or by a successor agency of the federal government.

(5) In recovering costs from responsible parties for costs incurred under this section, the local agency shall prorate any costs identifiable as startup costs over the expected number of cases that the local agency will oversee during a 10-year period. A responsible party who has been assessed startup costs for the cleanup of any unauthorized release that, as of January 1, 1991, is the subject of oversight by a local agency, shall receive an adjustment by the local agency in the form of a credit, for the purposes of cost recovery. Startup costs include all of the following expenses:

(A) Small tools, safety clothing, cameras, sampling equipment, and other similar articles necessary to investigate or document pollution.

(B) Office furniture.

(C) Staff assistance needed to develop computer tracking of financial and site-specific records.

(D) Training and setup costs for the first six months of the local agency program.

(6) This subdivision does not apply to costs that are required to be recovered pursuant to Article 7.5 (commencing with Section 25385) of Chapter 6.8.

(j) (1) Notwithstanding subdivisions (a) and (b), the board may enter into an agreement with a local agency and the Santa Clara Valley Water District to implement the local oversight program in Santa Clara County.

(2) Paragraph (1) shall remain operative only until June 30, 2005.

(3) The inoperation of paragraph (1) does not affect the validity of any action taken by the Santa Clara Valley Water District before June 30, 2005, and does not provide a defense for an owner, operator, or other responsible party who fails to comply with that action.

(k) If the board enters into an agreement with a local agency and the Santa Clara Valley Water District to implement the local oversight program in Santa Clara County, pursuant to subdivision (j), the board may provide funding to the Santa Clara Valley Water District pursuant to subdivision (d) of Section 25299.51 for oversight costs incurred by the district on and after July 1, 2002, to June 30, 2005.

SEC. 16. Section 25324 of the Health and Safety Code is amended to read:

25324. (a) "State account" means the Toxic Substances Control Account established pursuant to Section 25173.6.

(b) Notwithstanding any other provision of this section, any costs incurred and payable from the Hazardous Substance Account, the Hazardous Waste Control Account, or the Site Remediation Account prior to July 1, 2006, to implement this chapter, shall be recoverable from the liable person or persons pursuant to Section 25360 as if the costs were incurred and payable from the state account.

SEC. 17. Section 25330 of the Health and Safety Code is amended to read:

25330. (a) There is in the General Fund the Hazardous Substance Account which shall be administered by the director. In addition to any other money appropriated by the Legislature to the account, the following amounts shall be deposited in the account:

(1) Any interest earned on money deposited in the account.

(2) Any money transferred from the state account pursuant to Section 25173.6 or 25336.

(b) This section shall become inoperative on July 1, 2006, and as of January 1, 2007, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2007, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 18. Section 25330.2 of the Health and Safety Code is amended to read:

25330.2. Funds in the Site Remediation Account appropriated for removal or remedial action pursuant to this chapter are available for encumbrance for three fiscal years subsequent to the fiscal year in which the funds are appropriated and are available for disbursement in liquidation of encumbrances pursuant to Section 16304.1 of the Government Code.

SEC. 19. Section 25334 of the Health and Safety Code is amended to read:

25334. (a) There is within the state account, the Hazardous Substance Clearing Account, which shall be used to pay the principal of, and interest on, bonds sold pursuant to Article 7.5 (commencing with Section 25385). All of the following moneys shall be deposited in the account for the payment of the principal of, and interest on, bonds:

(1) Transfers from the Superfund Bond Trust Fund made pursuant to Section 25385.8.

(2) Amounts received pursuant to Sections 25356.4 and 25360, as specified in those sections, if the expenditures for removal or remedial actions were paid from the proceeds of the bonds sold pursuant to Article 7.5 (commencing with Section 25385).

(3) Federal moneys received pursuant to the federal act which are designated to be used for removal or remedial actions paid for by proceeds from the bonds issued pursuant to Article 7.5 (commencing with Section 25385).

(4) Any moneys appropriated by the Legislature for the payment of the principal of, and interest on, these bonds.

(5) Any moneys derived from the premiums and accrued interest on these bonds.

(b) This section shall become inoperative on July 1, 2006, and, as of January 1, 2007, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2007, deletes or extends the date on which it becomes inoperative and is repealed.

SEC. 20. Section 25336 of the Health and Safety Code is repealed.

SEC. 21. Section 25351.1 of the Health and Safety Code is repealed.

SEC. 22. Section 25351.2 of the Health and Safety Code is amended to read:

25351.2. (a) A city or county may initiate a removal or remedial action for a site listed pursuant to Section 25356 in accordance with this section. Except as provided in subdivision (d), the city or county shall, before commencing the removal or remedial action, take all of the following actions:

(1) The city or county shall notify the department of the planned removal or remedial action. Upon receiving this notification, the department shall make a reasonable effort to notify any person identified by the department as a potentially responsible party for the site. If a potentially responsible party is taking the removal or remedial action properly and in a timely fashion, or if a potentially responsible party will commence such an action within 60 days of this notification, the city or county may not initiate a removal or remedial action pursuant to this section.

(2) If a potentially responsible party for the site has not taken the action specified in paragraph (1), the city or county shall submit the estimated cost of the removal or remedial action to the department, which shall, within 30 days after receiving the estimate, approve or disapprove the reasonableness of the cost estimate. If the department disagrees with the cost estimate, the city or county and the department shall, within 30 days, attempt to enter into an agreement concerning the cost estimate.

(3) The city or county shall demonstrate to the department that it has sufficient funds to carry out the approved removal or remedial action without taking into account any costs of the action that may be, or have been, paid by a potentially responsible party.

(b) If the director approves the request of the city or county to initiate a removal or remedial action and a final remedial action plan has been issued pursuant to Section 25356.1 for the hazardous substance release site, the city or county shall be deemed to be acting in place of the department for purposes of implementing the remedial action plan pursuant to this chapter.

(c) Upon reimbursing a city or county for the costs of a removal or remedial action, the department shall recover these costs pursuant to Section 25360.

(d) In order for a city or county to be reimbursed for the costs of a removal or remedial action incurred by the city or county from the state account, the city or county shall obtain the approval of the director before commencing the removal or remedial action. The director shall grant an approval only when all actions required by law prior to implementation of a remedial action plan have been taken.

SEC. 23. Section 25351.6 of the Health and Safety Code is repealed.

SEC. 24. Section 25353 of the Health and Safety Code is amended to read:

25353. (a) Except as provided in (b), the department may not expend funds from the state account for a removal or remedial action with respect to a hazardous substance release site owned or operated by the federal government or a state or local agency at the time of disposal to the extent that the federal government or the state or local agency would otherwise be liable for the costs of that action, except that the department may expend those funds, upon appropriation by the Legislature, to oversee the carrying out of a removal or remedial action at the site by another party.

(b) Except as provided in subdivision (f), the department may expend funds from the state account, upon appropriation by the Legislature, to take a removal or remedial action at a hazardous substance release site which was owned or operated by a local agency at the time of release, if all of the following requirements are met:

(1) The department has substantial evidence that a local agency is not the only responsible party for the site.

(2) The department has issued a cleanup order to, or entered into an enforceable agreement with, the local agency pursuant to Section 25355.5 and has made a final determination that the local agency is not in compliance with the order or enforceable agreement.

(c) The department shall recover any funds expended pursuant to subdivision (a) or (b) to the maximum possible extent pursuant to Section 25360.

(d) If a local agency is identified as a potentially responsible party in a remedial action plan prepared pursuant to Section 25356.1, and the department expends funds pursuant to this chapter to pay for the local agency's share of the removal and remedial action, the expenditure of these funds shall be deemed to be a loan from the state to the local agency. If the department determines that the local agency is not making adequate progress toward repaying the loan made pursuant to this section, the State Board of Equalization shall, upon notice by the department, withhold the unpaid amount of the loan, in increments from the sales and use tax transmittals made pursuant to Section 7204 of the Revenue and Taxation Code, to the city or county in which the local agency is

located. The State Board of Equalization shall structure the amounts to be withheld so that complete repayment of the loan, together with interest and administrative charges, occurs within five years after a local agency has been notified by the department of the amount which it owes. The State Board of Equalization shall deposit any funds withheld pursuant to this section into the state account.

(e) The department may not expend funds from the state account for the purposes specified in Section 25352 where the injury, degradation, destruction, or loss to natural resources, or the release of a hazardous substance from which the damages to natural resources resulted, has occurred prior to September 25, 1981.

(f) The department may not expend funds from the state account for a removal or remedial action at any waste management unit owned or operated by a local agency if it meets both of the following conditions:

(1) It is classified as a class III waste management unit pursuant to Subchapter 15 (commencing with Section 2510) of Chapter 3 of Title 23 of the California Administrative Code.

(2) It was in operation on or after January 1, 1988.

SEC. 25. Section 25355.5 of the Health and Safety Code is amended to read:

25355.5. (a) Except as provided in subdivisions (b), (c), and (d), no money shall be expended from the state account for removal or remedial actions on any site selected for inclusion on the list established pursuant to Section 25356, unless the department first takes both of the following actions:

(1) The department issues one of the following orders or enters into the following agreement:

(A) The department issues an order specifying a schedule for compliance or correction pursuant to Section 25187.

(B) The department issues an order establishing a schedule for removing or remedying the release of a hazardous substance at the site, or for correcting the conditions that threaten the release of a hazardous substance. The order shall include, but is not limited to, requiring specific dates by which necessary corrective actions shall be taken to remove the threat of a release, or dates by which the nature and extent of a release shall be determined and the site adequately characterized, a remedial action plan shall be prepared, the remedial action plan shall be submitted to the department for approval, and a removal or remedial action shall be completed.

(C) The department enters into an enforceable agreement with a potentially responsible party for the site that requires the party to take necessary corrective action to remove the threat of the release, or to determine the nature and extent of the release and adequately characterize

the site, prepare a remedial action plan, and complete the necessary removal or remedial actions, as required in the approved remedial action plan.

Any enforceable agreement entered into pursuant to this section may provide for the execution and recording of a written instrument that imposes an easement, covenant, restriction, or servitude, or combination thereof, as appropriate, upon the present and future uses of the site. The instrument shall provide that the easement, covenant, restriction, or servitude, or combination thereof, as appropriate, is subject to the variance or removal procedures specified in Sections 25233 and 25234. Notwithstanding any other provision of law, an easement, covenant, restriction, or servitude, or any combination thereof, as appropriate, executed pursuant to this section and recorded so as to provide constructive notice runs with the land from the date of recordation, is binding upon all of the owners of the land, their heirs, successors, and assignees, and the agents, employees, or lessees of the owners, heirs, successors, and assignees, and is enforceable by the department pursuant to Article 8 (commencing with Section 25180) of Chapter 6.5.

(2) The department determines, in writing, that the potentially responsible party or parties for the hazardous substance release site have not complied with all of the terms of an order issued pursuant to subparagraph (A) or (B) of paragraph (1) or an agreement entered into pursuant to subparagraph (C) of paragraph (1). Before the department determines that a potentially responsible party is not in compliance with the order or agreement, the department shall give the potentially responsible party written notice of the proposed determination and an opportunity to correct the noncompliance or show why the order should be modified. After the department has made the final determination that a potentially responsible party is not in compliance with the order or agreement, the department may expend money from the state account for a removal or remedial action.

(b) Subdivision (a) does not apply, and money from the state account shall be available, upon appropriation by the Legislature, for removal or remedial actions, if any of the following conditions apply:

(1) The department, after a reasonable effort, is unable to identify a potential responsible party for the hazardous substance release site.

(2) The department determines that immediate corrective action is necessary, as provided in Section 25354.

(3) The director determines that removal or remedial action at a site is necessary because there may be an imminent and substantial endangerment to the public health or welfare or to the environment.

(c) Notwithstanding subdivision (a), the department may expend funds, upon appropriation by the Legislature, from the state account to

conduct activities necessary to verify that an uncontrolled release of hazardous substances has occurred at a suspected hazardous substance release site, to issue an order or enter into an enforceable agreement pursuant to paragraph (1) of subdivision (a), and to review, comment upon, and approve or disapprove remedial action plans submitted by potentially responsible parties subject to the orders or the enforceable agreement.

(d) Notwithstanding subdivision (a), the department may expend funds, upon appropriation by the Legislature, from the state account, to provide for oversight of removal and remedial actions, or, if the site is also listed on the federal act (42 U.S.C. Sec. 9604(c)(3)), to provide the state's share of a removal or remedial action.

(e) A responsible party who fails, as determined by the department in writing, to comply with an order issued pursuant to subparagraph (A) or (B) of paragraph (1) of subdivision (a), or to comply with all of the terms of an enforceable agreement entered into pursuant to subparagraph (C) of paragraph (1) of subdivision (a), shall be deemed, for purposes of subdivision (b) of Section 25355, to have failed to take action properly and in a timely fashion with respect to a hazardous substance release or a threatened release.

SEC. 26. Section 25355.6 of the Health and Safety Code is amended to read:

25355.6. (a) The State Water Resources Control Board or a California regional water quality control board that has jurisdiction over a hazardous substance release site pursuant to Division 7 (commencing with Section 13000) of the Water Code may refer the site to the department as a candidate for listing pursuant to Section 25356. After determining that the site meets the criteria adopted pursuant to subdivision (a) of Section 25356, the department may place the site on the list of sites subject to this chapter and establish its priority ranking pursuant to Section 25356.

(b) If a hazardous substance release site is referred to the department and is listed pursuant to subdivision (a), the department may expend money from the state account for removal or remedial action at the site, upon appropriation by the Legislature, without first issuing an order or entering into an agreement pursuant to paragraph (1) of subdivision (a) of Section 25355.5, if all of the following apply:

(1) The State Water Resources Control Board or a California regional water quality control board has issued either a cease and desist order pursuant to Section 13301 of the Water Code or a cleanup and abatement order pursuant to Section 13304 of the Water Code to the potentially responsible party for the site.

(2) The State Water Resources Control Board or the California regional water quality control board has made a final finding that the potentially responsible party has not complied with the order issued pursuant to paragraph (1).

(3) The State Water Resources Control Board or the California regional water quality control board has notified the potentially responsible party of the determination made pursuant to paragraph (2) and that the hazardous substance release site has been referred to the department pursuant to subdivision (a).

(c) If a hazardous substance release site is referred to the department pursuant to subdivision (a), and the department makes either of the following determinations, the department shall notify the appropriate California regional water quality control board and the State Water Resources Control Board:

(1) The department determines that the site does not meet the criteria established pursuant to subdivision (a) and the site cannot be placed, pursuant to Section 25356, on the list of sites subject to this chapter.

(2) The department determines that a removal or remedial action at the site will not commence for a period of one year from the date of listing due to a lack of funds or the low priority of the site.

(d) If a California regional water resources control board or the State Water Resources Control Board receives a notice pursuant to subdivision (c), the regional board or state board may take any further action concerning the hazardous substance release site which the regional board or state board determines to be necessary or feasible, and which is authorized by this chapter or Division 7 (commencing with Section 13000) of the Water Code.

SEC. 27. Section 25356.1 of the Health and Safety Code is amended to read:

25356.1. (a) For purposes of this section, "regional board" means a California regional water quality control board and "state board" means the State Water Resources Control Board.

(b) Except as provided in subdivision (h), the department, or, if appropriate, the regional board shall prepare or approve remedial action plans for all sites listed pursuant to Section 25356.

(c) A potentially responsible party may request the department or the regional board, when appropriate, to prepare or approve a remedial action plan for any site not listed pursuant to Section 25356, if the department or the regional board determines that a removal or remedial action is required to respond to a release of a hazardous substance. The department or the regional board shall respond to a request to prepare or approve a remedial action plan within 90 days of receipt. This subdivision does not affect the authority of any regional board to issue and enforce a

cleanup and abatement order pursuant to Section 13304 of the Water Code or a cease and desist order pursuant to Section 13301 of the Water Code.

(d) All remedial action plans prepared or approved pursuant to this section shall be based upon Section 25350, Subpart E of the National Oil and Hazardous Substances Pollution Contingency Plan (40 C.F.R. 300.400 et seq.), and any amendments thereto, and upon all of the following factors, to the extent that these factors are consistent with these federal regulations and do not require a less stringent level of cleanup than these federal regulations:

(1) Health and safety risks posed by the conditions at the site. When considering these risks, the department or the regional board shall consider scientific data and reports which may have a relationship to the site.

(2) The effect of contamination or pollution levels upon present, future, and probable beneficial uses of contaminated, polluted, or threatened resources.

(3) The effect of alternative remedial action measures on the reasonable availability of groundwater resources for present, future, and probable beneficial uses. The department or the regional board shall consider the extent to which remedial action measures are available that use, as a principal element, treatment that significantly reduces the volume, toxicity, or mobility of the hazardous substances, as opposed to remedial actions that do not use this treatment. The department or the regional board shall not select remedial action measures which use offsite transport and disposal of untreated hazardous substances or contaminated materials if practical and cost-effective treatment technologies are available.

(4) Site-specific characteristics, including the potential for offsite migration of hazardous substances, the surface or subsurface soil, and the hydrogeologic conditions, as well as preexisting background contamination levels.

(5) Cost-effectiveness of alternative remedial action measures. In evaluating the cost-effectiveness of proposed alternative remedial action measures, the department or the regional board shall consider, to the extent possible, the total short-term and long-term costs of these actions and shall use, as a major factor, whether the deferral of a remedial action will result, or is likely to result, in a rapid increase in cost or in the hazard to public health or the environment posed by the site. Land disposal shall not be deemed the most cost-effective measure merely on the basis of lower short-term cost.

(6) The potential environmental impacts of alternative remedial action measures, including, but not limited to, land disposal of the untreated

hazardous substances as opposed to treatment of the hazardous substances to remove or reduce its volume, toxicity, or mobility prior to disposal.

(e) A remedial action plan prepared pursuant to this section shall include the basis for the remedial action selected and shall include an evaluation of each alternative considered and rejected by the department or the regional board for a particular site. The plan shall include an explanation for rejection of alternative remedial actions considered but rejected. The plan shall also include an evaluation of the consistency of the selected remedial action with the requirements of the federal regulations and the factors specified in subdivision (d), if those factors are not otherwise adequately addressed through compliance with the federal regulations. The remedial action plan shall also include a nonbinding preliminary allocation of responsibility among all identifiable potentially responsible parties at a particular site, including those parties which may have been released, or may otherwise be immune, from liability pursuant to this chapter or any other provision of law. Before adopting a final remedial action plan, the department or the regional board shall prepare or approve a draft remedial action plan and shall do all of the following:

(1) Circulate the draft plan for at least 30 days for public comment.

(2) Notify affected local and state agencies of the removal and remedial actions proposed in the remedial action plan and publish a notice in a newspaper of general circulation in the area affected by the draft remedial action plan. The department or the regional board shall also post notices in the location where the proposed removal or remedial action would be located and shall notify, by direct mailing, the owners of property contiguous to the site addressed by the plan, as shown in the latest equalized assessment roll.

(3) Hold one or more meetings with the lead and responsible agencies for the removal and remedial actions, the potentially responsible parties for the removal and remedial actions, and the interested public, to provide the public with the information which is necessary to address the issues which concern the public. The information to be provided shall include an assessment of the degree of contamination, the characteristics of the hazardous substances, an estimate of the time required to carry out the removal and remedial actions, and a description of the proposed removal and remedial actions.

(4) Comply with Section 25358.7.

(f) After complying with subdivision (e), the department or the regional board shall review and consider any public comments, and shall revise the draft plan, if appropriate. The department or the regional board shall then issue the final remedial action plan.

(g) (1) A potentially responsible party named in the final remedial action plan issued by the department or the regional board may seek judicial review of the final remedial action plan by filing a petition for writ of mandate pursuant to Section 1085 of the Code of Civil Procedure within 30 days after the final remedial action plan is issued by the department or the regional board. Any other person who has the right to seek judicial review of the final remedial action plan by filing a petition for writ of mandate pursuant to Section 1085 of the Code of Civil Procedure shall do so within one year after the final remedial action plan is issued. No action may be brought by a potentially responsible party to review the final remedial action plan if the petition for writ of mandate is not filed within 30 days of the date that the final remedial action plan was issued. No action may be brought by any other person to review the final remedial action plan if the petition for writ of mandate is not filed within one year of the date that the final remedial action plan was issued. The filing of a petition for writ of mandate to review the final remedial action plan shall not stay any removal or remedial action specified in the final plan.

(2) For purposes of judicial review, the court shall uphold the final remedial action plan if the plan is based upon substantial evidence available to the department or the regional board, as the case may be.

(3) This subdivision does not prohibit the court from granting any appropriate relief within its jurisdiction, including, but not limited to, enjoining the expenditure of funds pursuant to paragraph (2) of subdivision (b) of Section 25385.6.

(h) (1) This section does not require the department or a regional board to prepare a remedial action plan if conditions present at a site present an imminent or substantial endangerment to the public health and safety or to the environment or, if the department, a regional board, or a responsible party takes a removal action at a site and the estimated cost of the removal action is less than one million dollars ($1,000,000). The department or a regional board shall prepare or approve a removal action workplan for all sites where a nonemergency removal action is proposed and where a remedial action plan is not required. For sites where removal actions are planned and are projected to cost less than one million dollars ($1,000,000), the department or a regional board shall make the local community aware of the hazardous substance release site and shall prepare, or direct the parties responsible for the removal action to prepare, a community profile report to determine the level of public interest in the removal action. Based on the level of expressed interest, the department or regional board shall take appropriate action to keep the community informed of project activity and to provide

opportunities for public comment which may include conducting a public meeting on proposed removal actions.

(2) A remedial action plan is not required pursuant to subdivision (b) if the site is listed on the National Priority List by the Environmental Protection Agency pursuant to the federal act, if the department or the regional board concurs with the remedy selected by the Environmental Protection Agency's record of decision. The department or the regional board may sign the record of decision issued by the Environmental Protection Agency if the department or the regional board concurs with the remedy selected.

(3) The department may waive the requirement that a remedial action plan meet the requirements specified in subdivision (d) if all of the following apply:

(A) The responsible party adequately characterizes the hazardous substance conditions at a site listed pursuant to Section 25356.

(B) The responsible party submits to the department, in a form acceptable to the department, all of the following:

(i) A description of the techniques and methods to be employed in excavating, storing, handling, transporting, treating, and disposing of materials from the site.

(ii) A listing of the alternative remedial measures which were considered by the responsible party in selecting the proposed removal action.

(iii) A description of methods that will be employed during the removal action to ensure the health and safety of workers and the public during the removal action.

(iv) A description of prior removal actions with similar hazardous substances and with similar public safety and environmental considerations.

(C) The department determines that the remedial action plan provides protection of human health and safety and for the environment at least equivalent to that which would be provided by a remedial action plan prepared in accordance with subdivision (c).

(D) The total cost of the removal action is less than two million dollars ($2,000,000).

(4) For purposes of this section, the cost of a removal action includes the cleanup of removal of released hazardous substances from the environment or the taking of other actions that are necessary to prevent, minimize, or mitigate damage that may otherwise result from a release or threatened release, as further defined by Section 9601 (23) of Title 42 of the United States Code.

(5) Paragraph (2) of this subdivision does not apply to a removal action paid from the state account.

(i) Article 2 (commencing with Section 13320), Article 3 (commencing with Section 13330), Article 5 (commencing with Section 13350), and Article 6 (commencing with Section 13360) of Chapter 5 of Division 7 of the Water Code apply to any action or failure to act by a regional board pursuant to this section.

SEC. 28. Section 25356.4 of the Health and Safety Code is amended to read:

25356.4. (a) After making an apportionment of liability among the potentially responsible parties pursuant to Section 25356.3, the panel shall prepare a draft arbitration decision which contains a statement of reasons supporting the apportionment and shall circulate the draft arbitration decision for at least 30 days for public comment. After review and consideration of any public comment, the panel shall issue the final arbitration decision within 30 days after the comment period.

(b) Each potentially responsible party whose liability has been apportioned by the panel is liable to the department or the regional water quality control board for its apportioned share of the costs of all removal and remedial actions at the site which is the subject of the final remedial action plan issued pursuant to Section 25356.1. The department or the regional water quality control board and one or more potentially responsible parties may enter into a cleanup agreement which is consistent with the remedial action plan and which provides for the satisfaction of the liability of a potentially responsible party by the party's performance of specified removal or remedial actions at the site.

(c) The moneys in the state account may be expended, upon appropriation by the Legislature, to pay any share of those potentially responsible parties who did not submit to binding arbitration pursuant to Section 25356.3 or did not otherwise agree to pay the costs of the removal and remedial actions specified in the remedial action plan.

(d) The department or the regional water quality control board shall identify, and the Attorney General shall pursue recovery from, those potentially responsible parties who have not submitted to binding arbitration pursuant to Section 25356.3 or who have not discharged their obligations required by the final arbitration decision or the cleanup agreement.

(e) Advances from the state account, upon appropriation by the Legislature, shall be made available, where appropriate, to those responsible parties who are required by a cleanup agreement to perform specified removal or remedial actions pursuant to the remedial action plan or, if the money advanced derives from the proceeds of bonds sold pursuant to Article 7.5 (commencing with Section 25385), for the purposes specified in Section 25385.6.

SEC. 29. Section 25359.3 of the Health and Safety Code is amended to read:

25359.3. (a) The department may issue a complaint to any person subject to a penalty pursuant to Sections 25359.2 and 25359.4. The complaint shall allege the acts or failures to act that constitute a basis for liability and the amount of the proposed penalty. The complaint shall be served by personal service or certified mail and shall inform the party so served of the right to a hearing. Any person served with a complaint pursuant to this subdivision may, within 45 days after service of the complaint, request a hearing by filing a notice of defense with the department. A notice of defense is deemed to be filed within a 45-day period if it is postmarked within the 45-day period. If no notice of defense is filed within 45 days after service of the complaint, the department shall issue an order setting liability in the amount proposed in the complaint, unless the department and the party have entered into a settlement agreement, in which case the department shall issue an order setting liability in the amount specified in the settlement agreement. Where the party has not filed a notice of defense or where the department and the party have entered into a settlement agreement, the order shall not be subject to review by any court or agency.

(b) Any hearing required under this section shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the department shall have all powers granted by those provisions. In making a determination, the administrative law judge shall consider the nature, circumstances, extent, and gravity of the violation, the violator's past and present efforts to prevent, abate, or clean up conditions posing a threat to the public health and safety or the environment, the violator's ability to pay the proposed penalty, and the prophylactic effect that imposition of the proposed penalty will have on both the violator and on the regulated community as a whole.

(c) All penalties collected under this section and Section 25359.2 shall be deposited in the state account and shall be available for expenditure by the department upon appropriation by the Legislature.

SEC. 30. Section 25359.4.5 of the Health and Safety Code is amended to read:

25359.4.5. (a) A responsible party who has entered into an agreement with the department and is in compliance with the terms of that agreement, or who is in compliance with an order issued by the department, may seek, in addition to contribution, treble damages from any contribution defendant who has failed or refused to comply with any order or agreement, was named in the order or agreement, and is subject to contribution. A contribution defendant from whom treble

damages are sought in a contribution action shall not be assessed treble damages by any court where the contribution defendant, for sufficient cause, as determined by the court, failed to comply with an agreement or with an order issued by the department, or where the contribution defendant is an owner of real property who did not generate, treat, transport, store, or dispose of the hazardous substance on, in, or at the facility located on that real property, as specified in Sections 101 (35) and 107 (b) of the federal act (42 U.S.C. Secs. 9601 (35) and 9607 (b)), or where the principles of fundamental fairness would be violated, as determined by the court. A party seeking treble damages pursuant to this section shall show that the party, the department, or another entity provided notice, by means of personal service or certified mail, of the order or agreement to the contribution defendant from whom the party seeks treble damages.

(b) One-half of any treble damages awarded pursuant to this section shall be paid to the department, for deposit in the state account. Nothing in this subdivision affects the rights of any party to seek contribution pursuant to any other statute or under common law.

(c) A contribution defendant from whom treble damages are sought pursuant to this section shall be deemed to have acted willfully with respect to the conduct that gave rise to this liability for purposes of Section 533 of the Insurance Code.

SEC. 31. Section 25360 of the Health and Safety Code is amended to read:

25360. (a) Any costs incurred by the department or regional board in carrying out this chapter shall be recoverable pursuant to state or federal law by the Attorney General, upon the request of the department or regional board, from the liable person or persons. The amount of any response action costs that may be recovered pursuant to this section shall include interest on any amount paid. The interest on amounts paid from the state account or the Site Remediation Account shall be calculated at the rate of return earned on investment in the Surplus Money Investment Fund pursuant to Section 16475 of the Government Code.

(b) A person who is liable for costs incurred at a site shall have the liability reduced by any reimbursements that were paid by that person for that site pursuant to Section 25343.

(c) The amount of cost determined pursuant to this section shall be recoverable at the discretion of the department, either in a separate action or by way of intervention as of right in an action for contribution or indemnity. 25360.2. (a) For purposes of this section, the following definitions apply:

(1) "Owner" means either (A) the owner of property who occupies a single-family residence or one-half of a duplex constructed on the property, or (B) the owner of common areas within a residential common interest development who owns those common areas for the benefit of the residential homeowners. This paragraph does not include the developer of the common interest development.

(2) "Property" means either (A) real property of five acres or less which is zoned for, and on which has been constructed, a single-family residence, or (B) common areas within a residential common interest development.

(b) (1) Notwithstanding any other provision of this chapter, an owner of property that is the site of a hazardous substance release is presumed to have no liability pursuant to this chapter for either of the following:

(A) A hazardous substance release that has occurred on the property.

(B) A release of a hazardous substance to groundwater underlying the property if the release occurred at a site other than the property.

(2) The presumption may be rebutted as provided in subdivision (d).

(c) An action for recovery of costs or expenditures incurred from the state account pursuant to this chapter in response to a hazardous substance release may not be brought against an owner of property unless the department first certifies that, in the opinion of the department, one of the following applies:

(1) The hazardous substance release that occurred on the property occurred after the owner acquired the property.

(2) The hazardous substance release that occurred on the property occurred before the owner acquired the property and at the time of acquisition the owner knew or had reason to know of the hazardous substance release.

(3) The owner of property where there has been a release of a hazardous substance to groundwater underlying the property took, or is taking, one or more of the following actions:

(A) Caused or contributed to a release of a hazardous substance to the groundwater.

(B) Fails to provide the department, or its authorized representative, with access to the property.

(2) "Environmental assessment" means an investigation of real property, conducted by an independent qualified environmental consultant, to discover the presence or likely presence of a release or a threat of a release of a hazardous substance at, on, to, or from the real property. (3) "Owner" means either of the following:

(B) An entity or organization that holds an easement.

(b) (1) Notwithstanding any other provision of this chapter, if an environmental assessment of property discovers no evidence of the presence or likely presence of a release or a threat of a release of a hazardous substance, and a hazardous substance release is subsequently discovered on, to, or from that property, the owner of that property is entitled to a rebuttable presumption, affecting the burden of producing evidence, that the owner is not a liable person or responsible party for purposes of this chapter. An owner is entitled to this presumption whether

the action is brought by the state or by a private party seeking contribution or indemnification.

(2) In an action brought against an owner of property to recover costs or expenditures incurred from the state account pursuant to this chapter in response to a hazardous substance release, the presumption may be rebutted if it is established by a preponderance of the evidence that the facts upon which the department made the certification pursuant to paragraph (1), (2), (3), or (4) of subdivision (c) are true.

(c) An action for recovery of costs or expenditures incurred from the state account pursuant to this chapter in response to a hazardous substance release shall not be brought against an owner of property unless the department first certifies that, as found by the department, one of the following situations applies:

(1) The hazardous substance release occurred on or after the date that the owner acquired the property.

SEC. 34. Section 25360.4 of the Health and Safety Code is amended to read:

25360.4. (a) An action under Section 25360 for the recovery of the costs of removal or remedial action incurred by the department from the state account, or any other source authorized by law, or for the recovery of administrative costs incurred by the department in connection with any removal or remedial action performed by the department or by any responsible party, shall be commenced within three years after completion of the removal or remedial action has been certified by the department.

(b) An action under subdivision (c) of Section 25352 for costs incurred by the department for the purposes specified in subdivision (a) or (b) of Section 25352 shall be commenced within three years after certification

by the department of the completion of the activities authorized under subdivisions (a) and (b) of Section 25352.

(c) In any action described in subdivision (a) or (b) for recovery of the costs of a removal action, a remedial action, administrative costs, or damages, where the court has entered a judgment for these past costs or damages, the court shall also enter an order reserving jurisdiction over the case and the court shall have continuing jurisdiction to determine any future liability and the amount. The department may immediately enforce the judgment for past costs and damages. The department may apply for a court judgment as to future costs and damages that have been incurred at any time during the removal and remedial actions or during the performance of the activities authorized by Section 25352, but the application shall be made not later than three years after the certification of completion of the actions or activities.

(d) An action may be commenced under Section 25360 or subdivision (c) of Section 25352 at any time prior to expiration of the three-year limitation period provided for by this section.

SEC. 35. Section 25361 of the Health and Safety Code is amended to read:

25361. (a) The state account shall be a party in any action for recovery of costs or expenditures under this chapter incurred from the state account.

(b) In the event a district attorney or a city attorney has brought an action for civil or criminal penalties pursuant to Chapter 6.5 (commencing with Section 25100) against any person for the violation of any provision of that chapter, or any rule, regulation, permit, covenant, standard, requirement, or order issued, adopted, or executed thereunder, and the department has expended moneys from the state account pursuant to Section 25354 for immediate corrective action in response to a release, or threatened release, of a hazardous substance which has resulted, in whole or in part, from the person's acts or omissions, the state account may be made a party to that action for the purpose of recovering the costs against that person. If the state account is made a party to the action, the Attorney General shall represent the state account for the purpose of recovering the moneys expended from the account. Notwithstanding any other provision of law, and under terms that the Attorney General and the department deem appropriate, the Attorney General may delegate the authority to recover the costs to the district attorney or city attorney who has brought the action pursuant to Chapter 6.5 (commencing with Section 25100). The failure to seek the recovery of moneys expended from the state account as part of the action brought pursuant to Chapter 6.5 (commencing with Section 25100) does not foreclose the Attorney General from recovering the moneys in a separate action.

SEC. 36. Section 25365.6 of the Health and Safety Code is amended to read:

25365.6. (a) Any costs or damages incurred by the department or regional board pursuant to this chapter constitutes a claim and lien upon the real property owned by the responsible party that is subject to, or affected by, the removal and remedial action. This lien shall attach regardless of whether the responsible party is insolvent. A lien established by this section shall be subject to the notice and hearing procedures required by due process of the law and shall arise at the time costs are first incurred by the department or regional board with respect to a response action at the site.

(b) The department shall not be considered a responsible party for a hazardous substance release site because a claim and lien is imposed pursuant to this section.

(c) The lien provided by this section shall continue until the liability for these costs or damages, or a judgment against the responsible party, is satisfied. However, if it is determined by the court that the judgment against the responsible party will not be satisfied, the department may exercise its rights under the lien.

(d) The lien imposed by this section shall have the force and effect of, and the priority of, a judgment lien upon its recordation in the county in which the property subject to the lien is located. The lien shall contain the legal description of the real property, the assessor's parcel number, and the name of the owner of record, as shown on the latest equalized assessment roll. The lien shall also contain a legal description of the property which is the site of the hazardous substance release, the assessor's parcel number for that property, and the name of the owner of record, as shown on the latest equalized assessment roll, of that property.

(e) All funds recovered pursuant to this section shall be deposited in the state account.

(a) The project proposal includes complete and adequate documentation of technical feasibility.

(b) The project proposal includes evidence that a technology has been sufficiently developed for full-scale demonstration and can likely operate on a cost-effective basis.

(c) The department has determined that a site is available and suitable for demonstrating the technology or technologies, taking into account

the physical, biological, chemical, and geological characteristics of the site, the extent and type of contamination found at the site, and the capability to conduct demonstration projects in a manner to ensure the protection of human health and the environment.

(d) The technology to be demonstrated preferably has widespread applicability in removal and remedial actions at other sites in the state.

(e) The project will be developed to the extent that a successful demonstration on a hazardous substance release site may lead to commercial utilization by responsible parties at other sites in the state.

(f) The department has determined that adequate funding is available from one or more of the following sources:

(1) Responsible parties.

(2) The Environmental Protection Agency.

(3) The state account.

The proceeds of bonds issued and sold pursuant to this article shall be deposited in the fund, and the money in the fund may be expended only for the purposes specified in this article and, pursuant to appropriation by the Legislature, in the manner specified in this section.

(b) Except when the Legislature appropriates money from the fund for specified removal or remedial actions in a bill other than the Budget Act, it is the intention of the Legislature that all proposed appropriations

for activities conducted pursuant to this article be included in a section of the Budget Act for each fiscal year for consideration by the Legislature and that this section be captioned "Hazardous Substance Cleanup Bond Act Program." Any appropriation of money from the fund is subject to all the limitations contained in the bill making the appropriation and to all fiscal procedures specified by statute concerning the expenditure of state funds.

(c) In issuing bonds pursuant to this article, the committee shall, to the extent possible, pay the principal of, and interest on, the bonds from the sources specified in subdivisions (a) to (f), inclusive, of Section 25385.9. The General Fund shall be reimbursed from these sources for any transfers made to the Hazardous Substance Clearing Account from the General Fund to make the principal and interest payments. In determining the amount the General Fund is to be reimbursed for any transfer, the committee shall also include interest on the transfer at a rate equal to the bond rate on the transfer from the date of transfer to the date of reimbursement.

(d) This section shall become inoperative on July 1, 2006, and as of January 1, 2007, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2007, deletes or extends the dates on which it becomes inoperative and is repealed.

(1) To provide the state share of a removal or remedial action pursuant to Section 104(c)(3) of the federal act (42 U.S.C. Sec. 9604(c)(3)) if the site is the subject of a final remedial action plan issued pursuant to Section 25356.1.

(2) To pay all costs of a removal or remedial action incurred by the state, or by any local agency with the approval of the director, in response to a release or threatened release of a hazardous substance at a site which is listed in the priority ranking of sites pursuant to Section 25356 and is the subject of a final remedial action plan issued pursuant to Section 25356.1, to the extent that the costs are not paid by responsible parties or are reimbursed by the federal act.

All interest earned on money in the fund shall be deposited in the trust fund. The funds in the trust fund shall be invested by the Treasurer. The committee shall administer the trust fund so that there are sufficient funds in the trust fund to make the necessary principal and interest payments on bonds issued and shall transfer funds from the trust fund for this purpose to the Hazardous Substance Clearing Account.

(b) There shall be transferred annually the sum of five million dollars ($5,000,000) from the state account to the trust fund.

(c) The unobligated balance in the state account shall be transferred by the department to the trust fund on December 31 of each year. For purposes of this section, "unobligated balance" means that amount, which shall not be less than zero, determined by the department, in the yearend financial statement submitted to the Controller, to be the total of all unencumbered funds on June 30 of that calendar year, less the total of all of the following:

operative on or before January 1, 2007, deletes or extends the dates on which it becomes inoperative and is repealed.

4137. (a) It is the intent of the Legislature that the year-round staffing and the extension of the workweek that has been provided to the department pursuant to memorandums of understanding with the state will result in significant increases in the department's current level of fire prevention activities. (b) On or before January 10 of each year, commencing in 2007, the department shall provide a report to the Legislature, including the budget and fiscal committees of the Assembly and the Senate, regarding the department's increased fire prevention activities described in subdivision (a). SEC. 55. Section 42885 of the Public Resources Code, as amended by Section 13 of Chapter 707 of the Statutes of 2004, is amended to read:

42885. (a) For purposes of this section, "California tire fee" means the fee imposed pursuant to this section.

(b) (1) A person who purchases a new tire, as defined in subdivision (g), shall pay a California tire fee of one dollar and seventy-five cents ($1.75) per tire.

(2) The retail seller shall charge the retail purchaser the amount of the California tire fee as a charge that is separate from, and not included in, any other fee, charge, or other amount paid by the retail purchaser.

(3) The retail seller shall collect the California tire fee from the retail purchaser at the time of sale and may retain 1½ percent of the fee as reimbursement for any costs associated with the collection of the fee. The retail seller shall remit the remainder to the state on a quarterly

schedule for deposit in the California Tire Recycling Management Fund, which is hereby created in the State Treasury.

(c) The board, or its agent authorized pursuant to Section 42882, shall be reimbursed for its costs of collection, auditing, and making refunds associated with the California Tire Recycling Management Fund, but not to exceed 3 percent of the total annual revenue deposited in the fund.

(d) The California tire fee imposed pursuant to subdivision (b) shall be separately stated by the retail seller on the invoice given to the customer at the time of sale. Any other disposal or transaction fee charged by the retail seller related to the tire purchase shall be identified separately from the California tire fee.

(e) A person or business who knowingly, or with reckless disregard, makes a false statement or representation in a document used to comply with this section is liable for a civil penalty for each violation or, for continuing violations, for each day that the violation continues. Liability under this section may be imposed in a civil action and shall not exceed twenty-five thousand dollars ($25,000) for each violation.

(f) In addition to the civil penalty that may be imposed pursuant to subdivision (e), the board may impose an administrative penalty in an amount not to exceed five thousand dollars ($5,000) for each violation of a separate provision or, for continuing violations, for each day that the violation continues, on a person who intentionally or negligently violates a permit, rule, regulation, standard, or requirement issued or adopted pursuant to this chapter. The board shall adopt regulations that specify the amount of the administrative penalty and the procedure for imposing an administrative penalty pursuant to this subdivision.

(g) For purposes of this section, "new tire" means a pneumatic or solid tire intended for use with on-road or off-road motor vehicles, motorized equipment, construction equipment, or farm equipment that is sold separately from the motorized equipment, or a new tire sold with a new or used motor vehicle, as defined in Section 42803.5, including the spare tire, construction equipment, or farm equipment. "New tire" does not include retreaded, reused, or recycled tires.

(h) The California tire fee shall not be imposed on a tire sold with, or sold separately for use on, any of the following:

(1) A self-propelled wheelchair.

(2) A motorized tricycle or motorized quadricycle, as defined in Section 407 of the Vehicle Code.

(3) A vehicle that is similar to a motorized tricycle or motorized quadricycle and is designed to be operated by a person who, by reason of the person's physical disability, is otherwise unable to move about as a pedestrian.

(i) This section shall remain in effect only until January 1, 2015, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2015, deletes or extends that date.

SEC. 56. Section 42889 of the Public Resources Code, as amended by Section 14 of Chapter 707 of the Statutes of 2004, is amended to read:

42889. (a) Commencing January 1, 2005, of the moneys collected pursuant to Section 42885, an amount equal to seventy-five cents ($0.75) per tire on which the fee is imposed shall be transferred by the State Board of Equalization to the Air Pollution Control Fund. The state board shall expend those moneys, or allocate those moneys to the districts for expenditure, to fund programs and projects that mitigate or remediate air pollution caused by tires in the state, to the extent that the state board or the applicable district determines that the program or project remediates air pollution harms created by tires upon which the fee described in Section 42885 is imposed.

(b) The remaining moneys collected pursuant to Section 42885 shall be used to fund the waste tire program, and shall be appropriated to the board in the annual Budget Act in a manner consistent with the five-year plan adopted and updated by the board. These moneys shall be expended for the payment of refunds under this chapter and for the following purposes:

(1) To pay the administrative overhead cost of this chapter, not to exceed 6 percent of the total revenue deposited in the fund annually, or an amount otherwise specified in the annual Budget Act.

(2) To pay the costs of administration associated with collection, making refunds, and auditing revenues in the fund, not to exceed 3 percent of the total revenue deposited in the fund, as provided in subdivision (c) of Section 42885.

(3) To pay the costs associated with operating the tire recycling program specified in Article 3 (commencing with Section 42870).

(4) To pay the costs associated with the development and enforcement of regulations relating to the storage of waste tires and used tires. The board shall consider designating a city, county, or city and county as the enforcement authority of regulations relating to the storage of waste tires and used tires, as provided in subdivision (c) of Section 42850. If the board designates a local entity for that purpose, the board shall provide sufficient, stable, and noncompetitive funding to that entity for that purpose, based on available resources, as provided in the five-year plan adopted and updated as provided in subdivision (a) of Section 42885.5. The board may consider and create, as appropriate, financial incentives for citizens who report the illegal hauling or disposal of waste tires as a means of enhancing local and statewide waste tire and used tire enforcement programs.

(5) To pay the costs of cleanup, abatement, removal, or other remedial action related to waste tire stockpiles throughout the state, including all approved costs incurred by other public agencies involved in these activities by contract with the board. Not less than six million five hundred thousand dollars ($6,500,000) shall be expended by the board during each of the following fiscal years for this purpose: 2001–02 to 2006–07, inclusive.

(6) To make studies and conduct research directed at promoting and developing alternatives to the landfill disposal of waste tires.

(7) To assist in developing markets and new technologies for used tires and waste tires. The board's expenditure of funds for purposes of this subdivision shall reflect the priorities for waste management practices specified in subdivision (a) of Section 40051.

(8) To pay the costs associated with implementing and operating a waste tire and used tire hauler program and manifest system pursuant to Chapter 19 (commencing with Section 42950).

(9) To pay the costs to create and maintain an emergency reserve, which shall not exceed one million dollars ($1,000,000).

(10) To pay the costs of cleanup, abatement, or other remedial action related to the disposal of waste tires in implementing and operating the Farm and Ranch Solid Waste Cleanup and Abatement Grant Program established pursuant to Chapter 2.5 (commencing with Section 48100) of Part 7.

(c) This section shall remain in effect only until January 1, 2015, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2015, deletes or extends that date.

All money shall be deposited in the fund, which is a trust fund, and, upon appropriation by the Legislature, shall be allocated by the Off-Highway Motor Vehicle Recreation Commission, as provided in this section. Money in the fund shall be administered by the commission, as trustee of the fund, and, subject to Section 5090.61 of the Public Resources Code, shall be allocated for those purposes set forth in Section 5090.50 of the Public Resources Code.

(d) Any money temporarily transferred by the Legislature from the Off-Highway Vehicle Trust Fund to the General Fund shall be reimbursed, without interest, by the Legislature within two fiscal years of the transfer.

(e) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date. (d) The department and the United States Bureau of Reclamation are the implementing agencies for the water supply reliability, storage, and conveyance elements of the program.

(e) The department, the state board, and the United States Bureau of Reclamation are the implementing agencies for the water use efficiency and water transfer program elements.

(f) The Resources Agency, the state board, the department, the Department of Fish and Game, the United States Natural Resources Conservation Service, the United States Environmental Protection Agency, and the United States Fish and Wildlife Service are the implementing agencies for the watershed program element.

(g) The Resources Agency is the implementing agency for the science program element.

(h) The department, the Department of Fish and Game, the United States Bureau of Reclamation, the United States Fish and Wildlife Service, and the United States National Marine Fisheries Service are the implementing agencies for the environmental water account program element.

SEC. 61. Section 79442 is added to the Water Code, to read:

SEC. 64. Chapter 2.5 (commencing with Section 79473) is added to Division 26.4 of the Water Code, to read:

CHAPTER 2.5. SACRAMENTO-SAN JOAQUIN DELTA STRATEGIC PLAN

79473. The Secretary of Resources, in collaboration with the Secretary of Business, Transportation and Housing, shall develop a strategic plan to achieve a sustainable Sacramento-San Joaquin Delta. The plan shall include all of the following:

(a) A description, characterization, or definition of a sustainably managed delta, including the delta's multiple resources and uses for each of the following:

(1) Ecosystem functions, including aquatic and terrestrial flora and fauna.

(2) Land use and land use patterns.

(3) Transportation uses, including streets, roads and highways, and waterborne transportation.

(4) Utility uses, including aqueducts, pipelines, and power transmission corridors.

(5) Water supply uses.

(6) Recreation uses, including current and future recreational and tourism uses.

(7) Other aspects of sustainability determined to be desirable by the Secretary of the Resources Agency or the Secretary of Business, Transportation and Housing.

(b) Measurable goals and objectives for achieving a sustainably managed delta.

(c) A list of necessary actions to achieve a sustainably managed delta.

(d) Recommendations for institutional changes, including creating new institutions, necessary for achieving a sustainably managed delta. The recommendations may include a discussion of any of the following:

(1) Oversight authorities.

(2) Implementation authorities.

(3) Land use authorities.

(e) A strategic financing plan, including provisions for delta beneficiaries to pay their share for the benefits that they receive.

(f) Contingency plans addressing all of the following:

(1) Response plans for local impacts, such as a levee failure on a single island.

(2) Response plans for widespread catastrophic losses, such as losses that may occur as a result of a significant seismic event.

(3) Adaptive management.

(4) The likely impacts of global warming, climate change, and sea-level rise.

SEC. 65. The Legislature finds and declares all of the following:

(a) The Lake Tahoe Basin is an area of not just statewide significance, but of national and international significance.

(b) A congressionally approved compact between California and Nevada established the Tahoe Regional Planning Agency. The agency coordinates planning and regulations that preserve and enhance the environment and resources of the Lake Tahoe Basin.

(c) Funding for the agency is shared between Nevada (one-third) and California (two-thirds). Funding is effective subject to approval by both states.

(d) In the event that California state employees, in general, receive a salary increase through a collective bargaining agreement or other employee compensation procedure, as a cost-of-living adjustment, the agency's budget should be augmented accordingly to fund California's two-thirds share of the amount, according to the compact, necessary to maintain comparable salaries with California and Nevada state employees, for the agency's employees.

(e) California's contribution for this funding would be subject to Nevada providing its one-third share match.

(f) For purposes of providing matching salary comparability or cost-of-living adjustment funding only, the agency's employees would be treated the same as other California state employees in the annual state budget process.

(g) One way of possibly differentiating the agency in this proposal from other local assistance agencies would be to adopt this budget process for interstate compact agencies only. The rationale for doing this would be to avoid the currently cumbersome and complicated budget process resulting from having two separate state budget processes for the agency.

(h) Funding for any salary increase or cost-of-living adjustment should be allocated in the same manner and under the same methodology used by the Department of Finance for state agencies and from the same sources of funding set aside in the annual budget for any salary increase or cost-of-living adjustment.

SEC. 66. The Legislature finds and declares that the changes made by this act to Section 25192 of the Health and Safety Code further the purposes of the Safe Drinking Water and Toxic Enforcement Act of 1986.

SEC. 67. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes

the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 68. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make the necessary statutory changes to implement the Budget Act of 2006 at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 78

An act to amend Sections 17561 and 29550 of, and to add Sections 29551 and 29552 to, the Government Code, to amend Section 33681.12 of the Health and Safety Code, to amend Section 11001.5 of the Revenue and Taxation Code, and to add and repeal Section 38240.5 of the Vehicle Code, relating to local government, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 18, 2006. Filed with Secretary of State July 18, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 17561 of the Government Code is amended to read:

17561. (a) The state shall reimburse each local agency and school district for all "costs mandated by the state," as defined in Section 17514.

(b) (1) For the initial fiscal year during which these costs are incurred, reimbursement funds shall be provided as follows:

(A) Any statute mandating these costs shall provide an appropriation therefor.

(B) Any executive order mandating these costs shall be accompanied by a bill appropriating the funds therefor, or alternatively, an appropriation for these costs shall be included in the Budget Bill for the next succeeding fiscal year. The executive order shall cite that item of appropriation in the Budget Bill or that appropriation in any other bill which is intended to serve as the source from which the Controller may pay the claims of local agencies and school districts.

(2) In subsequent fiscal years appropriations for these costs shall be included in the annual Governor's Budget and in the accompanying Budget Bill. In addition, appropriations to reimburse local agencies and

school districts for continuing costs resulting from chaptered bills or executive orders for which claims have been awarded pursuant to subdivision (a) of Section 17551 shall be included in the annual Governor's Budget and in the accompanying Budget Bill subsequent to the enactment of the local government claims bill pursuant to Section 17600 that includes the amounts awarded relating to these chaptered bills or executive orders.

(c) The amount appropriated to reimburse local agencies and school districts for costs mandated by the state shall be appropriated to the Controller for disbursement.

(d) The Controller shall pay any eligible claim pursuant to this section within 60 days after the filing deadline for claims for reimbursement or 15 days after the date the appropriation for the claim is effective, whichever is later. The Controller shall disburse reimbursement funds to local agencies or school districts if the costs of these mandates are not payable to state agencies, or to state agencies that would otherwise collect the costs of these mandates from local agencies or school districts in the form of fees, premiums, or payments. When disbursing reimbursement funds to local agencies or school districts, the Controller shall disburse them as follows:

(1) For initial reimbursement claims, the Controller shall issue claiming instructions to the relevant local agencies and school districts pursuant to Section 17558. Issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the commission.

(A) When claiming instructions are issued by the Controller pursuant to Section 17558 for each mandate determined pursuant to Section 17551 that requires state reimbursement, each local agency or school district to which the mandate is applicable shall submit claims for initial fiscal year costs to the Controller within 120 days of the issuance date for the claiming instructions.

(B) When the commission is requested to review the claiming instructions pursuant to Section 17571, each local agency or school district to which the mandate is applicable shall submit a claim for reimbursement within 120 days after the commission reviews the claiming instructions for reimbursement issued by the Controller.

(C) If the local agency or school district does not submit a claim for reimbursement within the 120-day period, or submits a claim pursuant to revised claiming instructions, it may submit its claim for reimbursement as specified in Section 17560. The Controller shall pay these claims from the funds appropriated therefor, provided that the Controller (i) may audit the records of any local agency or school district

to verify the actual amount of the mandated costs, and (ii) may reduce any claim that the Controller determines is excessive or unreasonable.

(2) In subsequent fiscal years each local agency or school district shall submit its claims as specified in Section 17560. The Controller shall pay these claims from funds appropriated therefor, provided that the Controller (A) may audit the records of any local agency or school district to verify the actual amount of the mandated costs, (B) may reduce any claim that the Controller determines is excessive or unreasonable, and (C) shall adjust the payment to correct for any underpayments or overpayments which occurred in previous fiscal years.

(3) When paying a timely filed claim for initial reimbursement, the Controller shall withhold 20 percent of the amount of the claim until the claim is audited to verify the actual amount of the mandated costs. All initial reimbursement claims for all fiscal years required to be filed on their initial filing date for a state-mandated local program shall be considered as one claim for the purpose of computing any late claim penalty. Any claim for initial reimbursement filed after the filing deadline shall be reduced by 10 percent of the amount that would have been allowed had the claim been timely filed. The Controller may withhold payment of any late claim for initial reimbursement until the next deadline for funded claims unless sufficient funds are available to pay the claim after all timely filed claims have been paid. In no case may a reimbursement claim be paid if submitted more than one year after the filing deadline specified in the Controller's claiming instructions on funded mandates contained in a claims bill.

(e) (1) Except as specified in paragraph (2), for the purposes of determining the state's payment obligation under paragraph (1) of subdivision (b) of Section 6 of Article XIII B of the Constitution, a mandate that is "determined in a preceding fiscal year to be payable by the state" means all mandates for which the commission adopted a statewide cost estimate pursuant to this part during a previous fiscal year or that were identified as mandates by a predecessor agency to the commission, unless the mandate has been repealed or otherwise eliminated.

(2) If the commission adopts a statewide cost estimate for a mandate during the months of April, May, or June, the state's payment obligation under subdivision (b) of Section 6 of Article XIII B shall commence one year after the time specified in paragraph (1).

SEC. 2. Section 29550 of the Government Code is amended to read:

29550. (a) (1) Subject to subdivision (d) of Section 29551, a county may impose a fee upon a city, special district, school district, community college district, college, or university for reimbursement of county expenses incurred with respect to the booking or other processing of

persons arrested by an employee of that city, special district, school district, community college district, college, or university, where the arrested persons are brought to the county jail for booking or detention. The fee imposed by a county pursuant to this section shall not exceed the actual administrative costs, including applicable overhead costs as permitted by federal Circular A-87 standards, as defined in subdivision (d), incurred in booking or otherwise processing arrested persons. For the 2005–06 fiscal year and each fiscal year thereafter, the fee imposed by a county pursuant to this subdivision shall not exceed one-half of the actual administrative costs, including applicable overhead costs as permitted by federal Circular A-87 standards, as defined in subdivision (d), incurred in booking or otherwise processing arrested persons. A county may submit an invoice to a city, special district, school district, community college district, college, or university for these expenses incurred by the county on and after July 1, 1990. Counties shall fully disclose the costs allocated as federal Circular A-87 overhead.

(2) Any increase in a fee charged pursuant to this section shall be adopted by a county prior to the beginning of its fiscal year and may be adopted only after the county has provided each city, special district, school district, community college district, college, or university 45 days written notice of a public meeting held pursuant to Section 54952.2 on the fee increase and the county has conducted the public meeting.

(3) Any county that imposes a fee pursuant to this section shall negotiate a reduced fee with any city, special district, school district, community college district, college, or university within the county for any services that are performed by the arresting agency in the processing of arrestees that do not have to be duplicated by the county.

(4) This subdivision shall not apply to counties that are under a contractual agreement with a city, special district, school district, community college district, college, or university within the county that is subject to the fee.

(b) The exemption of a local agency from the payment of a fee pursuant to this subdivision does not exempt the person arrested from the payment of fees for booking or other processing.

(1) Notwithstanding subdivision (a), a city, special district, school district, community college district, college, or university shall not be charged fees for arrests on any bench warrant for failure to appear in court, nor on any arrest warrant issued in connection with a crime not committed within the entity's jurisdiction.

(2) Notwithstanding subdivision (a), a city, special district, school district, community college district, college, or university shall not be charged fees for a person who is ordered by a court to be remanded to the county jail except that a county may charge a fee to recover those

direct costs for those functions required to book a person pursuant to subdivision (g) of Section 853.6 of the Penal Code.

(3) Notwithstanding subdivision (a), a city, special district, school district, community college district, college, or university shall not be charged fees for arrests made pursuant to arrest warrants originating outside of its jurisdiction.

(4) Notwithstanding subdivision (a), no fees shall be charged to a city, special district, school district, community college district, college, or university on parole violation arrests or probation-ordered returns to custody, unless a new charge has been filed for a crime committed in the jurisdiction of the arresting city, district, college, or university.

(5) An agency making a mutual aid request shall pay fees in accordance with subdivision (a) that result from arrests made in response to the mutual aid request except that in the event the Governor declares a state of emergency, no agency shall be charged fees for any arrest made during any riot, disturbance, or event that is subject to the declaration.

(6) Notwithstanding subdivision (a), no fees shall be charged to a city, special district, school district, community college district, college, or university for the arrest of a prisoner who has escaped from a county, state, or federal detention or corrections facility.

(7) Notwithstanding subdivision (a), no fees shall be charged to a city, special district, school district, community college district, college, or university for arrestees held in temporary detention at a court facility for purposes of arraignment when the arrestee has been previously booked at an entity detention facility.

(8) Notwithstanding subdivision (a), no fees shall be charged to a city, special district, school district, community college district, college, or university as the result of an arrest made by its officer assigned to a formal multiagency task force in which the county is a participant. For the purposes of this section, "formal task force" means a task force that has been established by written agreement of the participating agencies.

(9) In those counties where the cities and the county participate in a consolidated booking program and where prior to arraignment an arrestee is transferred from a city detention facility to a county detention facility, the city shall not be charged for those tasks listed in subdivision (d) that are a part of the consolidated booking program which were completed by the city prior to delivering the arrestee to the county detention facility. However, the county may charge the actual administrative costs for those additional tasks listed in subdivision (d) that are performed in order to receive the arrestee into the county detention facility. For the 2005–06 fiscal year and each fiscal year thereafter, the county may charge up to one-half of the actual administrative costs for those additional tasks listed

in subdivision (d) that are performed in order to receive the arrestee into the county detention facility.

(c) Any county whose officer or agent arrests a person is entitled to recover from the arrested person a criminal justice administration fee for administrative costs it incurs in conjunction with the arrest if the person is convicted of any criminal offense related to the arrest, whether or not it is the offense for which the person was originally booked. The fee which the county is entitled to recover pursuant to this subdivision shall not exceed the actual administrative costs, including applicable overhead costs incurred in booking or otherwise processing arrested persons.

(d) When the court has been notified in a manner specified by the court that a criminal justice administration fee is due the agency:

(1) A judgment of conviction may impose an order for payment of the amount of the criminal justice administration fee by the convicted person, and execution may be issued on the order in the same manner as a judgment in a civil action, but shall not be enforceable by contempt.

(2) The court shall, as a condition of probation, order the convicted person, based on his or her ability to pay, to reimburse the county for the criminal justice administration fee, including applicable overhead costs.

(e) As used in this section, "actual administrative costs" include only those costs for functions that are performed in order to receive an arrestee into a county detention facility. Operating expenses of the county jail facility including capital costs and those costs involved in the housing, feeding, and care of inmates shall not be included in calculating "actual administrative costs." "Actual administrative costs" may include the cost of notifying any local agency, special district, school district, community college district, college or university of any change in the fee charged by a county pursuant to this section. "Actual administrative costs" may include any one or more of the following as related to receiving an arrestee into the county detention facility:

(1) The searching, wristbanding, bathing, clothing, fingerprinting, photographing, and medical and mental screening of an arrestee.

(2) Document preparation, retrieval, updating, filing, and court scheduling related to receiving an arrestee into the detention facility.

(3) Warrant service, processing, and detainer.

(4) Inventory of an arrestee's money and creation of cash accounts.

(5) Inventory and storage of an arrestee's property.

(6) Inventory, laundry, and storage of an arrestee's clothing.

(7) The classification of an arrestee.

(8) The direct costs of automated services utilized in paragraphs (1) to (7), inclusive.

(9) Unit management and supervision of the detention function as related to paragraphs (1) to (8), inclusive.

(f) An administrative screening fee of twenty-five dollars ($25) shall be collected from each person arrested and released on his or her own recognizance upon conviction of any criminal offense related to the arrest other than an infraction. A citation processing fee in the amount of ten dollars ($10) shall be collected from each person cited and released by any peace officer in the field or at a jail facility upon conviction of any criminal offense, other than an infraction, related to the criminal offense cited in the notice to appear. However, the court may determine a lesser fee than otherwise provided in this subdivision upon a showing that the defendant is unable to pay the full amount. All fees collected pursuant to this subdivision shall be transmitted by the county auditor monthly to the Controller for deposit in the General Fund. This subdivision applies only to convictions occurring on or after the effective date of the act adding this subdivision and prior to June 30, 1996.

SEC. 3. Section 29551 is added to the Government Code, to read:

29551. (a) The board of supervisors or city council of any county, city and county, or city that opts to receive funds pursuant to Section 29552 shall establish a local detention facility revenue account, on behalf of the sheriff or the official responsible for local detention facilities in the county, city and county, or city, into which shall be deposited funds paid by the Controller, pursuant to Section 29552. The funds in the local detention facility revenue account shall be used exclusively for the purpose of operation, renovation, remodeling, or constructing local detention facilities and related equipment.

(b) (1) If an appropriation for the purposes specified in Section 29552 is made in any fiscal year, a county, city and county, or city, may charge a jail access fee to a local agency that exceeds the agency's three-year average number of nonfelony bookings for crimes listed in paragraph (2) at a rate not to exceed the actual cost of booking an arrested person into the local detention facility, for each booking in excess of the three-year average. A local agency's three-year average number of nonfelony bookings for crimes listed in paragraph (2) shall be recalculated each year. The jail access fee shall be calculated and paid on a monthly basis, and all revenue derived from the jail access fee shall be deposited into the local detention facility revenue account created pursuant to subdivision (a).

(2) Bookings for violations of each of the following shall be used to determine a local agency's three-year average:

(A) Municipal code violations.

(B) Misdemeanor violations, except driving under the influence offenses and domestic violence misdemeanor offenses, including enforcement of protective orders.

(c) Cities that operate Type One facilities within a county shall be eligible to receive funds from the county's local detention facility revenue account. Cities that operate Type One facilities and charged booking fees pursuant to Section 29550.3 during the 2006–07 fiscal year shall receive funds in an amount proportional to the number of persons booked into the city's Type One facility for which the city charged fees to the arresting agency.

(d) Except as provided in subdivisions (c) to (f), inclusive, of Section 29550 and subdivisions (a) to (c), inclusive, of Section 29950.3, every year in which at least thirty-five million dollars ($35,000,000) is appropriated for the purposes of Section 29552, counties, cities and counties, and cities are prohibited from collecting fees pursuant to Sections 29550 and 29550.3 from other public entities. In any fiscal year in which the appropriation for the purposes of Section 29552 is less than thirty-five million dollars ($35,000,000), a county, city and county, or a city may collect fees pursuant to Section 29550 and Section 29550.3 up to a rate, adjusted as provided in subdivision (e), in proportion to the amount that the amount appropriated is less than thirty-five million dollars ($35,000,000).

(e) The maximum rate of the fee charged by each local agency pursuant to subdivision (d) shall be the rate charged as of June 30, 2006, pursuant to Section 29550 or 29550.3, increased for each subsequent fiscal year by the California Consumer Price Index as reported by the Department of Finance plus 1 percent, compounded annually.

(f) This section shall become operative on July 1, 2007.

SEC. 4. Section 29552 is added to the Government Code, to read:

29552. (a) (1) Commencing with the 2007–08 fiscal year, all counties and cities and counties that charged fees pursuant to Section 29550 and cities with Type One detention facilities that charged fees pursuant to Section 29550.3 during the 2006–07 fiscal year may apply to the Controller to receive funding provided pursuant to subdivision (b) that is equal to the fee revenue received by the county, city and county, or city during the 2006–07 fiscal year, to the extent that funding is appropriated therefore in the annual budget act or other appropriation legislation. If insufficient funds are appropriated to equal the full amount of fees received in the 2006–07 fiscal year, each county, city and county and city that applies for funding shall receive a share of the appropriated funds proportionate to the share of fees it received in the 2006–07 fiscal year compared to the statewide total reported to the Controller.

(2) The remaining portion of any amount appropriated for purposes of this section shall be paid proportionally to all counties, cities and counties, and cities based on the number of bookings within each county during the year previous to the current payment.

(b) Not later than December 1 of each year, the Controller shall allocate the funds appropriated for the purposes of this section to all eligible counties, cities and counties, and cities. Any city, county, or city and county that applies for funding pursuant to this section shall comply with all requests for information made by the Controller.

(c) This section shall become operative on July 1, 2007.

SEC. 5. Section 33681.12 of the Health and Safety Code is amended to read:

33681.12. (a) (1) During the 2004–05 fiscal year, a redevelopment agency shall, prior to May 10, remit an amount equal to the amount determined for that agency pursuant to subparagraph (I) of paragraph (2) to the county auditor for deposit in the county's Educational Revenue Augmentation Fund created pursuant to Article 3 (commencing with Section 97) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code. During the 2005–06 fiscal year, a redevelopment agency shall, prior to May 10, remit an amount equal to the amount determined for that agency pursuant to subparagraph (I) of paragraph (2) to the county auditor for deposit in the county's Educational Revenue Augmentation Fund created pursuant to Article 3 (commencing with Section 97) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code.

(2) For the 2004–05 and 2005–06 fiscal years, on or before November 15, the Director of Finance shall do all of the following:

(A) Determine the net tax increment apportioned to each agency pursuant to Section 33670, excluding any amounts apportioned to affected taxing agencies pursuant to Section 33401, 33607.5, or 33676.

(B) Determine the net tax increment apportioned to all agencies pursuant to Section 33670, excluding any amounts apportioned to affected taxing agencies pursuant to Section 33401, 33607.5, or 33676.

(C) Determine a percentage factor by dividing one hundred twenty-five million dollars ($125,000,000) by the amount determined pursuant to subparagraph (B).

(D) Determine an amount for each agency by multiplying the amount determined pursuant to subparagraph (A) by the percentage factor determined pursuant to subparagraph (C).

(E) Determine the total amount of property tax revenue apportioned to each agency pursuant to Section 33670, including any amounts apportioned to affected taxing agencies pursuant to Section 33401, 33607.5, or 33676.

(F) Determine the total amount of property tax revenue apportioned to all agencies pursuant to Section 33670, including any amounts apportioned to affected taxing agencies pursuant to Section 33401, 33607.5, or 33676.

(G) Determine a percentage factor by dividing one hundred twenty-five million dollars ($125,000,000) by the amount determined pursuant to subparagraph (F).

(H) Determine an amount for each agency by multiplying the amount determined pursuant to subparagraph (E) by the percentage factor determined pursuant to subparagraph (G).

(I) Add the amount determined pursuant to subparagraph (D) to the amount determined pursuant to subparagraph (H).

(J) Notify each agency and each legislative body of the amount determined pursuant to subparagraph (I).

(K) Notify each county auditor of the amounts determined pursuant to subparagraph (I) for each agency in his or her county.

(3) The obligation of any agency to make the payments required pursuant to this subdivision shall be subordinate to the lien of any pledge of collateral securing, directly or indirectly, the payment of the principal, or interest on any bonds of the agency including, without limitation, bonds secured by a pledge of taxes allocated to the agency pursuant to Section 33670.

(b) (1) Notwithstanding Sections 33334.2, 33334.3, and 33334.6, and any other provision of law, in order to make the full allocation required by this section, an agency may borrow up to 50 percent of the amount required to be allocated to the Low and Moderate Income Housing Fund pursuant to Sections 33334.2, 33334.3, and 33334.6 during the 2004–05 fiscal year and, if applicable, the 2005–06 fiscal year, unless executed contracts exist that would be impaired if the agency reduced the amount allocated to the Low and Moderate Income Housing Fund pursuant to the authority of this subdivision.

(2) As a condition of borrowing pursuant to this subdivision, an agency shall make a finding that there are insufficient other moneys to meet the requirements of subdivision (a). Funds borrowed pursuant to this subdivision shall be repaid in full within 10 years following the date on which moneys are remitted to the county auditor for deposit in the county's Educational Revenue Augmentation Fund pursuant to subdivision (a).

(c) In order to make the allocation required by this section, an agency may use any funds that are legally available and not legally obligated for other uses, including, but not limited to, reserve funds, proceeds of land sales, proceeds of bonds or other indebtedness, lease revenues, interest, and other earned income. No moneys held in a low- and

moderate-income fund as of July 1 of the applicable fiscal year may be used for this purpose.

(d) The legislative body shall by March 1 report to the county auditor as to how the agency intends to fund the allocation required by this section, or that the legislative body intends to remit the amount in lieu of the agency pursuant to Section 33681.14.

(e) The allocation obligations imposed by this section, including amounts owed, if any, created under this section, are hereby declared to be an indebtedness of the redevelopment project to which they relate, payable from taxes allocated to the agency pursuant to Section 33670, and shall constitute an indebtedness of the agency with respect to the redevelopment project until paid in full.

(f) It is the intent of the Legislature, in enacting this section, that these allocations directly or indirectly assist in the financing or refinancing, in whole or in part, of the community's redevelopment project pursuant to Section 16 of Article XVI of the California Constitution.

(g) In making the determinations required by subdivision (a), the Director of Finance shall use those amounts reported as the "Tax Increment Retained by Agency" for all agencies and for each agency in the most recent published edition of the Controller's Community Redevelopment Agencies Annual Report made pursuant to Section 12463.3 of the Government Code.

(h) If revised reports have been accepted by the Controller on or before September 1, 2005, the Director of Finance shall use appropriate data that has been certified by the Controller for the purpose of making the determinations required by subdivision (a).

(i) (1) Notwithstanding any other provision of law, a county redevelopment agency may enter into a loan agreement with the legislative body to have the agency remit to the county's Educational Revenue Augmentation Fund for each of the 2004–05 and 2005–06 fiscal years an amount greater than that determined pursuant to subparagraph (I) of paragraph (2) of subdivision (a) if all of the following conditions are met:

(A) The agency does not exercise its authority under subdivision (b) to borrow from its Low and Moderate Income Housing Fund to finance its payments to the county's Educational Revenue Augmentation Fund.

(B) The agency does not have any outstanding loans from its Low and Moderate Income Housing Fund that were made under subdivision (b) of Section 33981.5, subdivision (b) of Section 33681.7, or subdivision (b) of Section 33681.9.

(C) The loan agreement requires the county to repay any excess remitted amounts, including interest, to the agency within three fiscal years subsequent to the fiscal year in which the loan is made.

(D) The agency making the loan does not participate in pooled borrowing under Section 33681.15.

(2) A loan agreement described in paragraph (1) shall be transmitted to the county auditor not later than December 1 of the fiscal year in which the loan is made. Any amount remitted by the agency to the county Educational Revenue Augmentation Fund for the 2004–05 or 2005–06 fiscal year in excess of the amount determined pursuant to paragraph (1) of subdivision (a) shall be credited to the amount that would otherwise be subtracted by the county auditor pursuant to subdivision (a) of Section 97.71 of the Revenue and Taxation Code for, as applicable, the 2004–05 and 2005–06 fiscal years.

(3) Notwithstanding subparagraph (C) of paragraph (1), a county redevelopment agency and a legislative body that have entered into a loan agreement under paragraph (1) may, by mutual consent, adopt either or both of the following modifications to that agreement:

(A) The repayment period may be extended, but the full repayment shall be completed no later than June 30, 2021.

(B) The repayment obligation may be offset by the amount of any expenditures by the county for capital improvements or deferred maintenance that substantially benefit any or all of the redevelopment project areas of the redevelopment agency if the agency approves the expenditure and the agency adopts a finding that the expenditure furthers the goals and objectives of the agency's redevelopment plan or plans.

SEC. 6. Section 11001.5 of the Revenue and Taxation Code is amended to read:

11001.5. (a) (1) Notwithstanding Section 11001, and except as provided in paragraph (2) and in subdivisions (b) and (d), 24.33 percent, and on and after July 1, 2004, 74.9 percent, of the moneys collected by the department under this part shall be reported monthly to the Controller, and at the same time, deposited in the State Treasury to the credit of the Local Revenue Fund, as established pursuant to Section 17600 of the Welfare and Institutions Code. All other moneys collected by the department under this part shall continue to be deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund and first allocated to the County of Orange as provided in subdivision (a) of Section 11005 and as necessary for the service of indebtedness as pledged by Sections 25350.6 and 53585.1 of the Government Code and in accordance with written instructions provided by the Controller under Sections 25350.7, 25350.9, and 53585.1 of the Government Code, and the balance shall be allocated to each city and city and county as otherwise provided by law.

(2) For the period beginning on and after July 1, 2003, and ending on February 29, 2004, the Controller shall deposit an amount equal to 28.07

percent of the moneys collected by the department under this part in the State Treasury to the credit of the Local Revenue Fund. All other moneys collected by the department under this part shall continue to be deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund and allocated to each city, county, and city and county as otherwise provided by law.

(b) (1) Notwithstanding Section 11001, net funds collected as a result of procedures developed for greater compliance with vehicle license fee laws in order to increase the amount of vehicle license fee collections shall be reported monthly to the Controller, and at the same time, deposited in the State Treasury to the credit of the Vehicle License Collection Account of the Local Revenue Fund as established pursuant to Section 17600 of the Welfare and Institutions Code. All revenues in excess of fourteen million dollars ($14,000,000) in the 2004–05 fiscal year and in any fiscal year thereafter shall be allocated to cities, counties, and cities and counties as follows:

(A) (i) Fifty percent shall be paid to the cities and cities and counties of this state in the proportion that the population of each city or city and county bears to the total population of all cities and cities and counties in this state, as determined by the population research unit of the Department of Finance. For purposes of this subparagraph, the population of each city or city and county is that population determined by the last federal decennial or special census, or a subsequent census validated by the population research unit or subsequent estimate prepared pursuant to Section 2107.2 of the Streets and Highways Code.

(ii) In the case of a city incorporated subsequent to the last federal census, or a subsequent census validated by the population research unit, the population research unit shall determine the population of the city. In the case of unincorporated territory annexed to a city subsequent to the last federal census, or a subsequent census validated by the population research unit, the population research unit shall determine the population of the annexed territory by the use of any federal decennial or special census, or estimate prepared pursuant to Section 2107.2 of the Streets and Highways Code. In the case of the consolidation of one city with another subsequent to the last federal census, or a subsequent census validated by the population research unit, the population of the consolidated city, for the purpose of this subparagraph, is the aggregate population of the respective cities as determined by the last federal census, or a subsequent census or estimate validated by the population research unit.

(B) Fifty percent shall be paid to the counties and cities and counties in the proportion that the population of each county or city and county bears to the total population of all counties and cities and counties, as

determined by the population research unit. For purposes of this subparagraph, the population of each county or city and county is that determined by the last federal census, or subsequent census validated by the population research unit, or as determined by Section 11005.6 of the Revenue and Taxation Code.

(2) The amendments made to this section by the act that added this paragraph are operative upon the enactment of that act. However, the amendments made by the act that added this paragraph apply to revenues in the Vehicle License Collection Account in excess of fourteen million dollars ($14,000,000) in the 2004–05 fiscal year and any fiscal year thereafter.

(c) Notwithstanding Section 11001, 25.72 percent of the moneys collected by the department on or after August 1, 1991, and before August 1, 1992, under this part shall be reported monthly to the Controller, and at the same time, deposited in the State Treasury to the credit of the Local Revenue Fund, as established pursuant to Section 17600 of the Welfare and Institutions Code. All other moneys collected by the department under this part shall continue to be deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund and allocated to each city, county, and city and county as otherwise provided by law.

(d) Notwithstanding any other provision of law, both of the following apply:

(1) This section is operative for the period beginning on and after March 1, 2004.

(2) It is the intent of the Legislature that the total amount deposited by the Controller in the State Treasury to the credit of the Local Revenue Fund for the 2003–04 fiscal year be equal to the total amount that would have been deposited to the credit of the Local Revenue Fund if paragraph (1) of subdivision (a) was applied during that entire fiscal year. The department shall calculate and notify the Controller of the adjustment amounts that are required by this paragraph to be deposited in the State Treasury to the credit of the Local Revenue Fund. The amounts deposited in the State Treasury to the credit of the Local Revenue Fund pursuant to this paragraph shall be deemed to have been deposited during the 2003–04 fiscal year.

(e) This section does not amend nor is it intended to amend or impair Section 25350 and following of, Section 53584 and following of, the Government Code, or any other statute dealing with the interception of funds.

SEC. 7. Section 38240.5 is added to the Vehicle Code, to read:

38240.5. For fees collected under Section 38230 before January 1, 2006, that have not been allocated on the operative date of this section,

the Controller shall allocate those fees on or before June 30, 2007, as follows:

(a) (1) Fifty percent of the fees shall be paid to the cities and cities and counties of this state in the proportion that the population of each city or city and county bears to the total population of all cities and cities and counties in this state, as determined by the population research unit of the Department of Finance. For purposes of this paragraph, the population of each city or city and county is that population determined by the last federal decennial or special census, or a subsequent census validated by the population research unit or subsequent estimate prepared pursuant to Section 2107.2 of the Streets and Highways Code.

(2) In the case of a city incorporated subsequent to the last federal census, or a subsequent census validated by the population research unit, the population research unit shall determine the population of the city. In the case of unincorporated territory annexed to a city subsequent to the last federal census, or a subsequent census validated by the population research unit, the population research unit shall determine the population of the annexed territory by the use of any federal decennial or special census, or estimate prepared pursuant to Section 2107.2 of the Streets and Highways Code. In the case of the consolidation of one city with another subsequent to the last federal census, or a subsequent census validated by the population research unit, the population of the consolidated city, for the purpose of this paragraph, is the aggregate population of the respective cities as determined by the last federal census, or a subsequent census or estimate validated by the population research unit.

(b) Fifty percent of the fees shall be paid to the counties and cities and counties in the proportion that the population of each county or city and county bears to the total population of all counties and cities and counties, as determined by the population research unit. For purposes of this subdivision, the population of each county or city and county is that determined by the last federal census, or subsequent census validated by the population research unit, or as determined by Section 11005.6 of the Revenue and Taxation Code.

(c) This section is repealed on January 1, 2008.

SEC. 8. (a) Notwithstanding any other provision of law, the Commission on State Mandates shall reconsider its statements of decision and parameters and guidelines for both of the following mandates:

(1) Cancer Presumption-Peace Officers (Test Claim Number CSM-4416).

(2) Firefighter's Cancer Presumption (Test Claim Number CSM-4081).

(b) The commission shall complete the reconsiderations required by subdivision (a) no later than six months after a final court decision is issued in the case of CSAC Excess Insurance Authority and City of Newport Beach v. Commission on State Mandates (Case No. B188169, an appeal in the Second District Court of Appeal consolidating Los Angeles County Superior Court Case No. BS092146 and No. BS095456).

(c) The reconsidered statements of decision required by subdivision (a) shall be effective for these mandates on July 1 after adoption by the commission.

(d) The Department of Industrial Relations, in consultation with the Department of Finance, shall submit relevant information to the commission in the reconsiderations required by subdivision (a).

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make the changes necessary to implement the Budget Act of 2006 at the earliest possible time, it is necessary for this act to take effect immediately.

CHAPTER 79

An act to amend Sections 2558.46, 37254, 41203.1, 42238, 42238.146, 44244, 47632, 47634.1, 49430.5, 56836.155, 56836.21, 56867, 62000.2, 69616, 69616.1, 69616.2, 69616.3, 69616.4, 69616.5, 69741.5, 69744, 76300, and 89721 of, to amend and renumber the heading of Article 5.6 (commencing with Section 69616) of Chapter 2 of Part 42 of, and to add Sections 16236, 42238.48, and 69746.5 to, to add Article 4.5 (commencing with Section 52378) to Chapter 9 of Part 28 of, to repeal Sections 44242.3, 69747, and 69748 of, to repeal Article 4 (commencing with Section 54040) of Chapter 1 of Part 29 of, and to repeal and add Article 2 (commencing with Section 54020) of Chapter 1 of Part 29 of, the Education Code, relating to education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 19, 2006. Filed with Secretary of State July 19, 2006.]

I am signing Assembly Bill 1802 with the following objections:

I am reducing one-time appropriations contained in subdivision (a) of Section 43 of the bill for community colleges:

I am reducing the appropriation in subdivision (a) of Section 43 of this bill by eliminating schedule (28), which allocates $500,000 for implementation of a community college strategic plan. Funding for the implementation of community college's strategic plan is not an appropriate use of Proposition 98 funds and can be funded by the Chancellor's Office to the extent this is a priority for that organization.

I am reducing the appropriation in subdivision (a) of Section 43 of this bill by eliminating schedule (29), which allocates $700,000 to support an Electronic Transcript Exchange program. This additional funding is unnecessary, given that the Budget Bill already provides federal reimbursement authority for this purpose.

I am reducing the appropriation in subdivision (a) of Section 43 of this bill by eliminating schedule (31), which allocates $5,000,000 to support faculty and staff professional development. This funding is unnecessary due to the significant increases in general purpose funding and one-time funds that are available for this and other purposes. Decisions to provide additional funding for these programs should be made at the local level.

As mentioned in my veto message on Item 6870-101-0001 in AB 1801, I am committed to increasing the amount of funding for career technical education given the magnitude of work remaining to be done to reinvigorate and align career technical in our high schools and community colleges. Therefore, I am setting these funds aside for appropriation in subsequent legislation for this purpose.

Also, Section 12 requires the State Department of Education to reimburse school districts $0.21 for every free and reduced-price meal served to California students. Currently, the reimbursement rate is $0.14 for free and reduced price meals. However, I have deleted and set aside $37.8 million included in the Budget Bill for this rate increase pending the adoption of legislation that would require schools to improve the nutritional quality of meals served to California students and restore the $37.8 million appropriation.

Schwarzenegger, Arnold

The people of the State of California do enact as follows:

SECTION 1. Section 2558.46 of the Education Code is amended to read:

2558.46. (a) (1) For the 2003–04 fiscal year, the revenue limit for each county superintendent of schools determined pursuant to this article shall be reduced by a 1.195 percent deficit factor.

(2) For the 2004–05 fiscal year, the revenue limit for each county superintendent of schools determined pursuant to this article shall be reduced by a 0.323 percent deficit factor.

(3) For the 2003–04 and 2004–05 fiscal years, the revenue limit for each county superintendent of schools determined pursuant to this article shall be further reduced by a 1.826 percent deficit factor.

(4) For the 2005–06 fiscal year, the revenue limit for each county superintendent of schools determined pursuant to this article shall be further reduced by a 0.898 percent deficit factor.

(b) In computing the revenue limit for each county superintendent of schools for the 2006–07 fiscal year pursuant to this article, the revenue limit shall be determined as if the revenue limit for that county superintendent of schools had been determined for the 2003–04, 2004–05, and 2005–06 fiscal years without being reduced by the deficit factors specified in this section.

SEC. 2. Section 16236 is added to the Education Code, to read:

16236. Notwithstanding any other provision of law, the board may allocate any amount of the funds designated for purposes of this article that is in excess of the amounts needed for the administration of this article to any of the following:

(a) The Emergency School Classroom Fund for allocation by the board for any purpose authorized pursuant to that fund.

(b) The 1998 State School Facilities Fund for allocation by the board for any purpose authorized to that fund.

(c) The 2002 State School Facilities Fund for allocation by the board for any purpose authorized to that fund.

37254. (a) For purposes of this section, "eligible pupil" means a pupil who is required to pass the California High School Exit Examination for high school graduation pursuant to Chapter 8 (commencing with Section 60850) of Part 33, and who has failed one or both parts of that examination.

(b) (1) From the funds appropriated for purposes of this section in the annual Budget Act or other statute, the Superintendent shall determine a per pupil rate of funding by dividing the total number of eligible pupils in grade 12 reported by school districts in accordance with paragraph (4) of subdivision (d) by the total amount of funds appropriated for purposes of this section. The Superintendent shall then apportion to each school district an amount equal to the per pupil rate determined pursuant to this paragraph multiplied by the number of eligible grade 12 pupils reported pursuant to paragraph (4) of subdivision (d).

(2) If funds appropriated for purposes of paragraph (1) are not exhausted after the apportionment for eligible pupils in grade 12 is made, the Superintendent shall determine a per pupil rate of funding by dividing the total number of eligible pupils in grade 11 reported by school districts in accordance with paragraph (4) of subdivision (d) by the total amount of funds appropriated for purposes of this section remaining after the apportionment pursuant to paragraph (1) has been made. The Superintendent shall apportion to each school district an amount equal to the per pupil rate determined pursuant to this paragraph multiplied by the number of eligible grade 11 pupils reported pursuant to paragraph (4) of subdivision (d). The per pupil amount for grade 12 may not exceed five hundred dollars ($500) in the 2006–07 fiscal year. The maximum per pupil rate of funding for grade 12 shall be increased annually by the percentage determined in paragraph (2) of subdivision (b) of Section 42238.1

(c) (1) The funds described in subdivision (b) shall be used to provide intensive instruction and services designed to help eligible pupils pass the California High School Exit Examination.

(2) Intensive instruction and services may be provided during the regular schoolday provided that they do not supplant the instruction of the pupil in the core curriculum areas as defined in paragraph (5) of subdivision (a) of Section 60603, or physical education instruction.

(3) Intensive instruction and services may include, but are not limited to, all of the following:

(A) Individual or small group instruction.

(2) Ensure that each pupil receives intensive instruction and services based on the results of the diagnostic assessment.

(3) Demonstrate that funds will be used to supplement and not supplant existing services.

(4) Provide to the Superintendent, in a manner and by a date certain determined by the Superintendent, the number of eligible pupils at each high school in the school district.

SEC. 4. Section 41203.1 of the Education Code is amended to read:

41203.1. (a) For the 1990–91 fiscal year and each fiscal year thereafter, allocations calculated pursuant to Section 41203 shall be distributed in accordance with calculations provided in this section. Notwithstanding Section 41203, and for the purposes of this section, school districts, community college districts, and direct elementary and secondary level instructional services provided by the State of California shall be regarded as separate segments of public education, and each of these three segments of public education shall be entitled to receive respective shares of the amount calculated pursuant to Section 41203 as though the calculation made pursuant to subdivision (b) of Section 8 of Article XVI of the California Constitution were to be applied separately to each segment and the base year for the purposes of this calculation under paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution were based on the 1989–90 fiscal year. Calculations made pursuant to this subdivision shall be made so that each segment of public education is entitled to the greater of the amounts calculated for that segment pursuant to paragraph (1) or (2) of subdivision (b) of Section 8 of Article XVI of the California Constitution.

(b) If the single calculation made pursuant to Section 41203 yields a guaranteed amount of funding that is less than the sum of the amounts calculated pursuant to subdivision (a), the amount calculated pursuant to Section 41203 shall be prorated for the three segments of public education.

(c) Notwithstanding any other law, this section does not apply to the 1992–93 to 2006–07 fiscal years, inclusive.

SEC. 5. Section 42238 of the Education Code is amended to read:

(5) For the 1985–86, 1986–87, and 1987–88 fiscal years, the amount per unit of average daily attendance received in the prior fiscal year pursuant to Section 42238.8.

(6) For the 2004–05 fiscal year, the equalization adjustment specified in Section 42238.44.

(7) For the 2006–07 fiscal year, the equalization adjustment specified in Section 42238.48.

(c) Except for districts subject to subdivision (d), the base revenue limit computed pursuant to subdivision (b) shall be multiplied by the district average daily attendance computed pursuant to Section 42238.5.

(d) (1) For districts for which the number of units of average daily attendance determined pursuant to Section 42238.5 is greater for the current fiscal year than for the 1982–83 fiscal year, compute the following amount, in lieu of the amount computed pursuant to subdivision (c):

(A) Multiply the base revenue limit computed pursuant to subdivision (c) by the average daily attendance computed pursuant to Section 42238.5 for the 1982–83 fiscal year.

(B) Multiply the lesser of the amount in subdivision (c) or 1.05 times the statewide average base revenue limit per unit of average daily attendance for districts of similar type for the current fiscal year by the difference between the average daily attendance computed pursuant to Section 42238.5 for the current and 1982–83 fiscal years.

(C) Add the amounts in subparagraphs (A) and (B).

(2) This subdivision shall become inoperative on July 1, 1998.

(f) For the 1984–85 fiscal year only, the county superintendent shall reduce the total revenue limit computed in this section by the amount of the decreased employer contributions to the Public Employees' Retirement System resulting from enactment of Chapter 330 of the Statutes of 1982, offset by any increase in those contributions, as of the 1983–84 fiscal year, resulting from subsequent changes in employer contribution rates.

(g) The reduction required by subdivision (f) shall be calculated as follows:

(1) Determine the amount of employer contributions that would have been made in the 1983–84 fiscal year if the applicable Public Employees'

Retirement System employer contribution rate in effect immediately prior to the enactment of Chapter 330 of the Statutes of 1982 was in effect during the 1983–84 fiscal year.

(2) Subtract from the amount determined in paragraph (1) the greater of subparagraph (A) or (B):

(A) The amount of employer contributions that would have been made in the 1983–84 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately after the enactment of Chapter 330 of the Statutes of 1982 was in effect during the 1983–84 fiscal year.

(B) The actual amount of employer contributions made to the Public Employees' Retirement System in the 1983–84 fiscal year.

(3) For purposes of this subdivision, employer contributions to the Public Employees' Retirement System for either of the following shall be excluded from the calculation specified above:

(A) Positions supported totally by federal funds that were subject to supplanting restrictions.

(B) Positions supported, to the extent of employer contributions not exceeding twenty-five thousand dollars ($25,000) by any single educational agency, from a revenue source determined on the basis of equity to be properly excludable from the provisions of this subdivision by the Superintendent with the approval of the Director of Finance.

(4) For accounting purposes, the reduction made by this subdivision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent.

(h) The Superintendent shall apportion to each school district the amount determined in this section less the sum of:

(1) The district's property tax revenue received pursuant to Chapter 3 (commencing with Section 75) and Chapter 6 (commencing with Section 95) of Part 0.5 of the Revenue and Taxation Code.

(2) The amount, if any, received pursuant to Part 18.5 (commencing with Section 38101) of the Revenue and Taxation Code.

(3) The amount, if any, received pursuant to Chapter 3 (commencing with Section 16140) of the Government Code.

(4) Prior years' taxes and taxes on the unsecured roll.

(6) The amount, if any, received pursuant to the Community Redevelopment Law (Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code), except for any amount received pursuant to Section 33401 or 33676 of the Health and Safety Code that is used for land acquisition, facility construction, reconstruction, or remodeling, or deferred maintenance, except for any amount received pursuant to Section 33492.15, paragraph (4) of

subdivision (a) of Section 33607.5, or Section 33607.7 of the Health and Safety Code that is allocated exclusively for educational facilities.

(7) For a unified school district, other than a unified school district that has converted all of its schools to charter status pursuant to Section 47606, the amount of statewide average general-purpose funding per unit of average daily attendance received by school districts for each of four grade level ranges, as computed by the department pursuant to Section 47633, multiplied by the average daily attendance, in corresponding grade level ranges, of any pupils who attend charter schools funded pursuant to Chapter 6 (commencing with Section 47630) of Part 26.8 for which the district is the sponsoring local educational agency, as defined in Section 47632, and who reside in and would otherwise have been eligible to attend a noncharter school of the district.

(i) A transfer of seventh and eighth grade pupils between an elementary school district and a high school district shall not result in the receiving district receiving a revenue limit apportionment for those pupils that exceeds 105 percent of the statewide average revenue limit for the type and size of the receiving school district.

SEC. 6. Section 42238.48 is added to the Education Code, to read:

42238.48. (a) (1) For the 2006–07 fiscal year, the Superintendent shall compute an equalization adjustment for each school district, so that the 2005–06 base revenue limit per unit average daily attendance of a school district is not less than the 2005–06 base revenue limit per unit of average daily attendance above which fall not more than 10 percent of the total statewide units of average daily attendance for each category of school district set forth in subdivision (b).

(c) The Superintendent shall compute a revenue limit equalization adjustment for each school district's base revenue limit per unit of average daily attendance as follows:

(1) Multiply the amount computed for each school district pursuant to subdivision (a) by the average daily attendance used to calculate the revenue limit for the 2006–07 fiscal year of a school district.

(2) Divide the amount appropriated for purposes of this section for the 2006–07 fiscal year by the statewide sum of the amount computed pursuant to paragraph (1).

(3) Multiply the amount computed for the school district pursuant to paragraph (1) of subdivision (a) by the amount computed pursuant to paragraph (2).

(d) (1) For the purposes of this section, the 2005–06 statewide 90th percentile base revenue limit determined pursuant to paragraph (1) of subdivision (a), and the fraction computed pursuant to paragraph (2) of subdivision (c) for the 2005–06 second principal apportionment, shall be final, and shall not be recalculated at subsequent apportionments. The fraction computed pursuant to paragraph (2) of subdivision (c) shall not exceed 1.00. For purposes of determining the size of a school district pursuant to subdivision (b), county superintendents of schools, in conjunction with the Superintendent, shall use school district revenue limit average daily attendance for the 2005–06 fiscal year as determined pursuant to Section 42238.5 and Article 4 (commencing with Section 42280).

(2) For the purposes of calculating the size of a school district pursuant to subdivision (b), the Superintendent shall include units of average daily attendance of any charter school for which the school district is the sponsoring local educational agency.

(3) For the purposes of computing the target amounts pursuant to subdivision (a), the Superintendent shall count all charter school average daily attendance toward the average daily attendance of the school district that is the sponsoring local educational agency.

(4) For the 2005–06 fiscal year, the revenue limit for each school district determined pursuant to this article shall be reduced by a 0.892 percent deficit factor.

(b) In computing the revenue limit for each school district for the 2006–07 fiscal year pursuant to this article, the revenue limit shall be determined as if the revenue limit for that school district had been determined for the 2003–04, 2004–05, and 2005–06 fiscal years without being reduced by the deficit factors specified in this section.

SEC. 8. Section 44242.3 of the Education Code is repealed.

47634.1. (a) Notwithstanding subdivision (a) of Section 47634, a categorical block grant for charter schools for the 2005–06 fiscal year shall be calculated as follows:

(1) The Superintendent shall divide the total amount of funding appropriated for the purpose of this block grant in the annual Budget Act or another statute, less the total amount calculated in paragraph (2), by the statewide total of charter school average daily attendance, as determined at the second principal apportionment for the 2005–06 fiscal year.

(2) The statewide average amount, as computed by the Superintendent, of funding per identified educationally disadvantaged pupil received by school districts in the current fiscal year pursuant to Article 2 (commencing with Section 54020) of Chapter 1 of Part 29. This amount shall be multiplied by the number of educationally disadvantaged pupils enrolled in the charter school. The resulting amount, if greater than zero, may not be less than the minimum amount of Economic Impact Aid funding to which a school district of similar size would be entitled pursuant to Section 54022. For purposes of this subdivision, a pupil who is eligible for subsidized meals pursuant to Section 49552 and is identified as an English learner pursuant to subdivision (a) of Section 306 shall count as two pupils.

(3) For each charter school, the Superintendent shall multiply the amount calculated in paragraph (1) by the school's average daily attendance as determined at the second principal apportionment for the 2005–06 fiscal year.

(4) The Superintendent shall add the amounts computed in paragraphs (2) and (3). The resulting amount shall be the charter school categorical block grant that the Superintendent shall apportion to each charter school

from funds appropriated for this purpose in the annual Budget Act or another statute. The Superintendent shall allocate an advance payment of this grant as early as possible, but no later than October 31, 2005, based on prior year average daily attendance as determined at the second principal apportionment or, for a charter school in its first year of operation that commences instruction on or before September 30, 2005, on estimates of average daily attendance for the current fiscal year determined pursuant to Section 47652.

(b) (1) For the 2006–07 fiscal year, the categorical block grant allocated by the Superintendent for charter schools shall be four hundred dollars ($400) per unit of charter school average daily attendance as determined at the second principal apportionment for the 2006–07 fiscal year. This amount shall be supplemented by the amount calculated in paragraph (2).

(2) The statewide average amount, as computed by the Superintendent, of funding per economic impact aid-eligible pupil count received by school districts in the current fiscal year, pursuant to Article 2 (commencing with Section 54020) of Chapter 1 of Part 29, shall be multiplied by the number of economic impact aid-eligible pupils enrolled in the charter school. The resulting amount, if greater than zero, may not be less than the minimum amount of Economic Impact Aid funding to which a school district of similar size would be entitled pursuant to Section 54022.

(c) (1) For the 2007–08 fiscal year, the categorical block grant allocated by the Superintendent for charter schools shall be five hundred dollars ($500) per unit of charter school average daily attendance as determined at the second principal apportionment for the 2007–08 fiscal year. For each fiscal year thereafter, this per unit amount shall be adjusted for the cost-of-living adjustment, as determined pursuant to Section 42238.1, for that fiscal year. This amount shall be supplemented in the 2007–08 fiscal year and each fiscal year thereafter by the amount calculated in paragraph (2).

(2) The statewide average amount, as computed by the Superintendent, of funding per economic impact aid-eligible pupil count received by school districts in the current year, pursuant to Article 2 (commencing with Section 54020) of Chapter 1 of Part 29, shall be multiplied by the number of economic impact aid-eligible pupils enrolled in the charter school. The resulting amount, if greater than zero, may not be less than the minimum amount of Economic Impact Aid funding to which a school district of similar size would be entitled pursuant to Section 54022.

(d) It is the intent of the Legislature to fully fund the categorical block grant for charter schools as specified in this section and to appropriate additional funding that may be needed in order to compensate for

unanticipated increases in average daily attendance and counts of economic impact aid-eligible pupils, pursuant to Article 2 (commencing with Section 54020) of Chapter 1 of Part 29, in charter schools. In any fiscal year in which the department identifies a deficiency in the categorical block grant, the department shall identify the available balance for programs that count towards meeting the requirements of Section 8 of Article XVI of the California Constitution and have unobligated funds for the year. On or before July 1, the department shall provide the Department of Finance with a list of those programs and their available balances, and the amount of the deficiency, if any, in the categorical block grant. Within 45 days of the receipt of a notification of deficiency, the Director of Finance shall verify the amount of the deficiency in the categorical block grant and direct the Controller to transfer an amount, equal to the lesser of the amount available or the amount needed to fully fund the categorical block grant, from those programs to the categorical block grant. The Department of Finance shall notify the Joint Legislative Budget Committee within 30 days of any transfer made pursuant to this section.

(e) Commencing October 1, 2007, the Legislative Analyst's Office shall triennially convene a work group to review, commencing with appropriations proposed for the 2008–09 fiscal year, the appropriateness of the funding level provided by the categorical block grant established in this section.

(f) Categorical block grant funding may be used for any purpose determined by the governing body of the charter school.

(d) As a condition of receipt of funds pursuant to this article, a school district shall require each school within its jurisdiction to offer and schedule an individual conference with each pupil, identified in paragraphs (1) and (2) of subdivision (b), and his or her parent or legal guardian, and a school counselor. The individual conference shall be scheduled, to the extent feasible, according to the following requirements:

(1) For a pupil enrolled in grade 7, the conference shall occur before January of that school year in which the pupil is enrolled in grade 7.

(2) For a pupil enrolled in grade 10, the conference shall occur between the spring of that school year in which the pupil is enrolled in grade 10 and the fall of the following school year in which the pupil would be enrolled in grade 11. For the 2006–07 school year, the conference shall occur on or before December 31, 2006.

(3) Cumulative records and transcripts of the pupil.

(4) Performance on standardized and diagnostic assessments of the pupil.

(5) Remediation strategies, high school courses, and alternative education options available to the pupil.

SEC. 14. Article 2 (commencing with Section 54020) of Chapter 1 of Part 29 of the Education Code is repealed.

SEC. 15. Article 2 (commencing with Section 54020) is added to Chapter 1 of Part 29 of the Education Code, to read:

Article 2. Economic Impact Aid

54020. It is the intent of the Legislature that funds authorized pursuant to this chapter replace, as of July 1, 1979, funds previously authorized to support educationally disadvantaged youth programs and bilingual education. To that end, the purpose of this article is to provide a method of impact aid allocation to be utilized by the Superintendent, that will allow efforts initiated under those programs to continue and expand so long as a need exists while previously unserved and underserved populations are provided with adequate aid.

54021. For the 2006–07 fiscal year, the Superintendent shall make the following calculations for each school district:

(a) Using the methodology specified in Section 54023, determine the economic impact aid-eligible pupil count for each school district for the 2005–06 fiscal year as if Section 54023 had been in effect for that fiscal year.

(b) Divide the school district economic impact aid calculated funding in the 2005–06 fiscal year, excluding the minimum grant specified in Section 54031, as it read during that fiscal year, by the number calculated pursuant to subdivision (a).

(c) For the purpose of calculating the economic impact aid allocations for the 2006–07 fiscal year, the quotient calculated in subdivision (b) shall be deemed to be the prior year economic impact aid per pupil amount for the 2006–07 fiscal year.

(d) For the purpose of establishing a base year economic impact aid per pupil amount pursuant to this section, if a school district received an allocation for the economic impact aid program in the 2005–06 fiscal year, but has no economic impact aid eligible pupils as determined in Section 54023 for that year, the school district shall be deemed to have a prior-year economic impact aid per pupil amount for the 2006–07 fiscal year that is equal to the statewide average economic impact aid per pupil amount for the 2005–06 fiscal year calculated for the state as a whole as specified in subdivisions (a) and (b).

54022. For the 2006–07 fiscal year and each fiscal year thereafter, each school district shall receive the amount of economic impact aid determined by the Superintendent pursuant to subdivision (b) or (c), whichever is greater, calculated for each school district according to all of the following:

(a) Increase the prior fiscal year economic impact aid per pupil amount by the percentage change specified in paragraph (2) of subdivision (b) of Section 42238.1 for the current fiscal year.

(b) Multiply the economic impact aid per pupil amount for the current fiscal year calculated in subdivision (a) by the economic impact aid-eligible pupil count for the current fiscal year as calculated in Section 54023.

(c) A school district shall, at a minimum, receive funds based on the number of economic impact aid-eligible pupils according to the following schedule:

(1) For the 2006–07 fiscal year, according to the following table:

Number of economic impact aid-eligible pupils	Amount
0	None
1–20	$5,500
21 or more	$8,300

(2) For the 2007–08 fiscal year and each fiscal year thereafter, the minimum amounts for the schedule in paragraph (1) for the prior fiscal year shall be increased by the percentage change specified in paragraph (2) of subdivision (b) of Section 42238.1.

54023. For the 2006–07 fiscal year and each fiscal year thereafter, the economic impact aid-eligible pupil count shall be calculated for each school district as follows:

(a) Determine the count of economically disadvantaged pupils for the current fiscal year, as defined in Section 54026.

(b) Determine the count of English learners for the current fiscal year, as defined in subdivision (b) of Section 54026.

(c) Calculate an economic impact aid weighted pupil concentration factor:

(1) Add the pupil counts determined in subdivisions (a) and (b).

(2) Divide the fall CBEDS enrollment for the school district for the prior school year by two.

(3) Subtract from the sum calculated in paragraph (1) the quotient calculated in paragraph (2).

(4) If the result of the calculation in paragraph (3) is greater than zero, multiply that difference by 0.5. If the result is less than zero, it shall be deemed to be zero.

(d) The economic impact aid-eligible pupil count for each school district shall equal the sum of the pupil counts determined in subdivisions (a) and (b), and the weighted pupil concentration factor determined in subdivision (c).

54024. The state board may, pursuant to Article 3 (commencing with Section 33050) of Chapter 1 of Part 20, waive any statutory provision or regulation regarding the use of funds apportioned pursuant to this article, provided that the funds are used in the same schools, or in schools with similar need levels, and the district demonstrates a reasonable case that the waiver will improve pupil services in those schools.

54025. (a) A school district shall expend economic impact aid funds to serve and assist English learners and economically disadvantaged pupils and may not expend those funds at schoolsites that do not have English learners or economically disadvantaged pupils.

(b) A school shall use funds received pursuant to this article to support programs and activities designed to assist English learners achieve proficiency in the English language as rapidly as practicable and to support programs and activities designed to improve the academic achievement of English learners and economically disadvantaged pupils.

(c) Funds received by school districts pursuant to this article shall supplement, and not supplant, existing resources at the schoolsite.

54026. For purposes of this article, the following definitions apply:

(a) "Economically disadvantaged pupils" means either of the following, whichever is applicable:

(1) Pupils described in Section 101 of Title I of the federal No Child Left Behind Act of 2001 (20 U.S.C. Sec. 6333(c)(1)(A)(B)).

(2) Notwithstanding paragraph (1), for a small school district, the product of the number of pupils eligible for participation in the free meals program for the prior fiscal year, as defined in subdivision (d), and the free meals adjustment factor. The free meals adjustment factor is the quotient, rounded to two decimal places, resulting from dividing the statewide total of economically disadvantaged pupils as defined in paragraph (1) by the statewide total of pupils eligible for participation in the free meals program for the prior fiscal year, as defined in subdivision (d). For purposes of this subdivision, the department may substitute the current year counts of a charter school that is established on or after July 1, 2006, but not through the conversion of an existing public school, for prior year counts of pupils eligible for participation in free meals.

(b) "English learner" means a pupil described in subdivision (a) of Section 306 or identified as a pupil of limited English proficiency, as that term is defined in subdivision (m) of Section 52163.

(c) "Small school district" means a school district that has an annual enrollment of less than 600 pupils based on prior school year CBEDS data and is, for the purposes of this section, designated a rural school by the Superintendent based on the appropriate school locale codes, as used by the National Center for Education Statistics of the United State Department of Education.

(d) "Free meals" means the aggregate number of pupils meeting the income eligibility guidelines established by the federal government for free meals as reported for all schools for which the district is the authorizing agency.

54027. If a school district reorganizes either by unification or by consolidation with another school district of similar type, the Superintendent shall calculate an economic impact aid per pupil amount based on the respective per pupil amounts for each school district participating in the reorganization, weighted by the number of economic impact aid-eligible pupils contributed by each school district. The Superintendent shall use the appropriate data from the year prior to the year that the reorganization is effective for all purposes.

54028. Notwithstanding any other provision of law, the provisions of this article are subject to Sections 62002.5 and 62004, and to the portions of Section 62003 that relate to auditing the use of funds allocated for purposes of economic impact aid.

SEC. 16. Article 4 (commencing with Section 54040) of Chapter 1 of Part 29 of the Education Code is repealed.

SEC. 17. Section 56836.155 of the Education Code is amended to read:

56836.155. (a) On or before November 2, 1998, the department, in conjunction with the Office of the Legislative Analyst, shall do the following:

(1) Calculate an "incidence multiplier" for each special education local plan area using the definition, methodology, and data provided in the final report submitted by the American Institutes for Research pursuant to Section 67 of Chapter 854 of the Statutes of 1997.

(2) Submit the incidence multiplier for each special education local plan area and supporting data to the Department of Finance.

(b) The Department of Finance shall review the incidence multiplier for each special education local plan area and the supporting data, and report any errors to the department and the Office of the Legislative Analyst for correction.

(c) The Department of Finance shall approve the final incidence multiplier for each special education local plan area by November 23, 1998.

(d) For the 1998–99 fiscal year and each fiscal year thereafter to and including the 2006–07 fiscal year, the Superintendent shall perform the following calculation to determine each special education local plan area's adjusted entitlement for the incidence of disabilities:

(1) The incidence multiplier for the special education local plan area shall be multiplied by the statewide target amount per unit of average daily attendance for special education local plan areas determined pursuant to Section 56836.11 for the fiscal year in which the computation is made.

(2) The amount determined pursuant to paragraph (1) shall be added to the statewide target amount per unit of average daily attendance for special education local plan area determined pursuant to Section 56836.11 for the fiscal year in which the computation is made.

(3) Subtract the amount of funding for the special education local plan area determined pursuant to paragraph (1) of subdivision (a) or paragraph (1) of subdivision (b) of Section 56836.08, as appropriate for the fiscal year in which the computation is made, or the statewide target amount per unit of average daily attendance for special education local plan areas determined pursuant to Section 56836.11 for the fiscal year in which the computation is made, whichever is greater, from the amount determined pursuant to paragraph (2). For the purposes of this paragraph for the 2002–03, 2003–04, 2004–05, 2005–06, and 2006–07 fiscal years, the amount, if any, received pursuant to Section 56836.159 shall be

excluded from the funding level per unit of average daily attendance for a special education local plan area. If the result is less than zero, the special education local plan area may not receive an adjusted entitlement for the incidence of disabilities.

(4) Multiply the amount determined in paragraph (3) by either the average daily attendance reported for the special education local plan area for the fiscal year in which the computation is made, as adjusted pursuant to subdivision (a) of Section 56836.15, or the average daily attendance reported for the special education local plan area for the prior fiscal year, as adjusted pursuant to subdivision (a) of Section 56826.15, whichever is less.

(5) If there are insufficient funds appropriated in the fiscal year for which the computation is made for the purposes of this section, the amount received by each special education local plan area shall be prorated.

(e) For the 1997–98 fiscal year, the Superintendent shall perform the calculation in paragraphs (1) to (3), inclusive, of paragraph (d) only for the purposes of making the computation in paragraph (1) of subdivision (d) of Section 56836.08, but the special education local plan area may not receive an adjusted entitlement for the incidence of disabilities pursuant to this section for the 1997–98 fiscal year.

SEC. 18. Section 56836.21 of the Education Code is amended to read:

56836.21. (a) The department shall administer an extraordinary cost pool to protect special education local plan areas from the extraordinary costs associated with single placements as described in subdivision (d). Funds shall be appropriated for this purpose in the annual Budget Act. Special education local plan areas shall be eligible for reimbursement from this pool in accordance with this section.

(b) The threshold amount for claims under this section shall be the lesser of the following:

(1) One percent of the allocation calculated pursuant to Section 56836.08 for the special education local plan area for the current fiscal year for any special education local plan area that meets the criteria in Section 56212.

(2) The department shall calculate the average cost of a nonpublic, nonsectarian school placement in the 1997–98 fiscal year. This amount shall be multiplied by 2.5, then by one plus the inflation factor computed pursuant to Section 42238.1, to obtain the alternative threshold amount for claims in the 1998–99 fiscal year. In subsequent fiscal years, the alternative threshold amount shall be the alternative threshold amount for the prior fiscal year multiplied by one plus the inflation factor computed pursuant to Section 42238.1.

(c) Special education local plan areas are eligible to submit claims for costs exceeding the threshold amount on forms developed by the department. All claims for a fiscal year shall be submitted by November 30 following the close of the fiscal year. If the total amount claimed by special education local plan areas exceeds the amount appropriated, the claims shall be prorated.

(d) Special education local plan areas are eligible to submit claims for the costs of nonpublic, nonsectarian school placements in excess of those in existence in the 1997–98 fiscal year and of special education and related services for pupils who reside in licensed children's institutions.

SEC. 22. Section 69616 of the Education Code is amended to read:

69616. (a) The Legislature hereby recognizes the growing need for new faculty members in the nursing field at California's colleges and universities. This need will be fueled largely by the large number of current faculty approaching retirement age who will need to be replaced and the expected growth in enrollment demand in California. Further, to increase the supply of nurses in California, there must be an expansion of nursing educator opportunities in public colleges and universities that will produce the necessary faculty to teach in nursing programs in the state.

(b) The Legislature finds that the rising costs of higher education, coupled with a shift in available financial aid from scholarships and grants to loans, make loan repayment options an important consideration in a student's decision to pursue a graduate degree in nursing education or in a field related to nursing.

(c) It is the intent of the Legislature that the State Nursing Assumption Program of Loans for Education (SNAPLE) be designed to encourage persons to complete their graduate educations and serve as nursing faculty in a registered nursing program at an accredited California college or university.

(7) An applicant who teaches on less than a full-time basis may participate in the program, but is not eligible for loan repayment until that person teaches for the equivalent of a full-time academic year.

(d) A person participating in the program pursuant to this section shall not receive more than one loan assumption agreement.

SEC. 24. Section 69616.2 of the Education Code is amended to read:

(e) The term of the loan assumption agreement shall be not more than 10 years from the date on which the agreement was executed by the program participant and the commission.

The funds shall be used to purchase supplemental materials that are designed to help English learners become proficient in reading, writing, and speaking English. These materials may only be used in addition to the standards-aligned materials adopted by the State Board of Education pursuant to Section 60605 of the Education Code.

(A) Local educational agencies shall be eligible for apportionment funding of up to twenty-five dollars ($25) per pupil, based on the most recently certified language census number of English learners in kindergarten and grades 1 to 12, inclusive, to purchase any materials that the State Department of Education verifies and the State Board of Education approves are substantially correlated to identified state standards adopted pursuant to Section 60811 of the Education Code, as applied in the standards adopted pursuant to Section 60605 of the Education Code. Funding may be provided only for the number of pupils that the local educational agency certifies it will purchase materials for pursuant to subparagraph (D). Local educational agencies may expend

no more than thirty dollars ($30) per pupil from these funds for these materials. Local educational agencies shall return to the state any funds allocated under this subparagraph that are not expended for purchase of materials pursuant to this provision.

(B) The State Department of Education shall use the existing correlation matrices pursuant to Item 6110-189-0001 of Section 2.00 of Chapter 208 of the Statutes of 2004 to determine if the instructional materials correlate to the English-language arts and English language development standards adopted by the State Board of Education.

(C) Prior to submission of materials to the department for review to ensure that the materials correlate to identified standards, publishers shall be required to submit standards maps to the department and any requesting local education agency so that the department and the local educational agency can determine the extent to which each item, if purchased separately, or set of instructional materials for English learners are correlated to the standards adopted by the State Board of Education. The standards maps shall be filled out using the most recent format approved by the State Board of Education. The contents for the standards map will be the correlation matrix as described in subparagraph (B).

(D) As a condition of receipt of funds, local educational agencies that elect to participate shall do one, or both, of the following:

(i) No later than March 30, 2007, submit a request for review, specifying the title, ISBN number, grade levels, type, and publisher of the materials they intend to purchase, and the number of pupils for which materials may be purchased.

(ii) Identify materials from the existing list of materials approved by the State Board of Education specifying the information described in clause (i).

(E) After a local educational agency notifies the State Department of Education of its request for review of materials, the department may select and train panels of teachers and educators to verify the standards maps provided by the publishers and examine the materials for legal and social compliance. The department will also provide an appeals process to allow due process review of discrepancies of findings in the verification process. The verification shall not constitute a state adoption of instructional materials pursuant to Section 60200 of the Education Code. The department shall give first priority in verifying correlation to identified state standards to those materials that are most commonly cited in the intent of school districts to purchase provided under subparagraph (D). The department shall submit its verification results to the State Board of Education for approval and the State Board of Education shall approve or disapprove the materials at the next regularly

These signs shall be placed upon the state highways in accordance with this section, placement guidelines adopted by the department, and any applicable federal limitations or conditions on highway signage, including location and spacing. Signs may memorialize more than one victim. "Victim" for purposes of this section means a person who was killed in a vehicular accident, but does not include a party described in paragraph (2) of subdivision (c).

(2) The department shall adopt program guidelines for the application for and placement of signs authorized by this section, including, but not limited to, the sign application and qualification process, the procedure

(b) If the placement at the location of a vehicular accident is safe and practical and the conditions of subdivisions (c) and (d) are met, the department shall place a sign described in subdivision (a) in close proximity to the location where the vehicular accident occurred.

(c) (1) A party to that accident was convicted of any of the following:

The department shall charge the requesting party a fee to cover the department's cost in designing, constructing, placing, and maintaining that sign, and the department's costs in administering this section. The sign shall be posted for seven years from the date of initial placement, or until the date the department determines that the condition of the sign has deteriorated to the point that it is no longer serviceable, whichever date is first.

CHAPTER 84

An act to amend Section 15642 of the Probate Code, relating to trustees.

[Approved by Governor July 20, 2006. Filed with
Secretary of State July 20, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 15642 of the Probate Code is amended to read:

15642. (a) A trustee may be removed in accordance with the trust instrument, by the court on its own motion, or on petition of a settlor, cotrustee, or beneficiary under Section 17200.

(b) The grounds for removal of a trustee by the court include the following:

(1) Where the trustee has committed a breach of the trust.

(2) Where the trustee is insolvent or otherwise unfit to administer the trust.

(3) Where hostility or lack of cooperation among cotrustees impairs the administration of the trust.

(4) Where the trustee fails or declines to act.

(5) Where the trustee's compensation is excessive under the circumstances.

(6) Where the sole trustee is a person described in subdivision (a) of Section 21350, whether or not the person is the transferee of a donative transfer by the transferor, unless, based upon any evidence of the intent of the settlor and all other facts and circumstances, which shall be made known to the court, the court finds that it is consistent with the settlor's intent that the trustee continue to serve and that this intent was not the product of fraud, menace, duress, or undue influence. Any waiver by the settlor of this provision is against public policy and shall be void. This paragraph shall not apply to instruments that became irrevocable on or before January 1, 1994. This paragraph shall not apply if any of the following conditions are met:

(A) The settlor is related by blood or marriage to, or is a cohabitant with, any one or more of the trustees, the person who drafted or transcribed the instrument, or the person who caused the instrument to be transcribed.

(B) The instrument is reviewed by an independent attorney who (1) counsels the settlor about the nature of his or her intended trustee designation and (2) signs and delivers to the settlor and the designated trustee a certificate in substantially the following form:

"CERTIFICATE OF INDEPENDENT REVIEW

I, _____, have reviewed
(attorney's name)
_____ and have counseled my client,
(name of instrument)
_____, fully and privately on the nature and
(name of client)
legal effect of the designation as trustee of _____
(name of trustee)

contained in that instrument. I am so disassociated from the interest of the person named as trustee as to be in a position to advise my client impartially and confidentially as to the consequences of the

designation. On the basis of this counsel, I conclude that the designation of a person who would otherwise be subject to removal under paragraph (6) of subdivision (b) of Section 15642 of the Probate Code is clearly the settlor's intent and that intent is not the product of fraud, menace, duress, or undue influence.

_____ _____"

(Name of Attorney) (Date)

This independent review and certification may occur either before or after the instrument has been executed, and if it occurs after the date of execution, the named trustee shall not be subject to removal under this paragraph. Any attorney whose written engagement signed by the client is expressly limited to the preparation of a certificate under this subdivision, including the prior counseling, shall not be considered to otherwise represent the client.

(C) After full disclosure of the relationships of the persons involved, the instrument is approved pursuant to an order under Article 10 (commencing with Section 2580) of Chapter 6 of Part 4 of Division 4.

(7) If, as determined under Part 17 (commencing with Section 810) of Division 2, the trustee is substantially unable to manage the trust's financial resources or is otherwise substantially unable to execute properly the duties of the office. When the trustee holds the power to revoke the trust, substantial inability to manage the trust's financial resources or otherwise execute properly the duties of the office may not be proved solely by isolated incidents of negligence or improvidence.

(8) If the trustee is substantially unable to resist fraud or undue influence. When the trustee holds the power to revoke the trust, substantial inability to resist fraud or undue influence may not be proved solely by isolated incidents of negligence or improvidence.

(9) For other good cause.

(c) If, pursuant to paragraph (6) of subdivision (b), the court finds that the designation of the trustee was not consistent with the intent of the settlor or was the product of fraud, menace, duress, or undue influence, the person being removed as trustee shall bear all costs of the proceeding, including reasonable attorney's fees.

(d) If the court finds that the petition for removal of the trustee was filed in bad faith and that removal would be contrary to the settlor's intent, the court may order that the person or persons seeking the removal of the trustee bear all or any part of the costs of the proceeding, including reasonable attorney's fees.

(e) If it appears to the court that trust property or the interests of a beneficiary may suffer loss or injury pending a decision on a petition for removal of a trustee and any appellate review, the court may, on its own motion or on petition of a cotrustee or beneficiary, compel the trustee whose removal is sought to surrender trust property to a cotrustee or to a receiver or temporary trustee. The court may also suspend the powers of the trustee to the extent the court deems necessary.

(f) For purposes of this section, the term "related by blood or marriage" shall include persons within the seventh degree.

CHAPTER 85

(D) For every AED unit acquired up to five units, no less than one employee per AED unit shall complete a training course in cardiopulmonary resuscitation and AED use that complies with the regulations adopted by the Emergency Medical Service Authority and the standards of the American Heart Association or the American Red Cross. After the first five AED units are acquired, for each additional five AED units acquired, one employee shall be trained beginning with the first AED unit acquired. The written plan shall include, but not be limited to, immediate notification of 911 and trained office personnel at the start of AED procedures.

(3) When an AED is placed in a building, building owners shall ensure that tenants annually receive a brochure, approved as to content and style by the American Heart Association or American Red Cross, which describes the proper use of an AED, and also ensure that similar information is posted next to any installed AED.

(4) When an AED is placed in a building, no less than once a year, building owners shall notify their tenants as to the location of AED units in the building.

(5) When an AED is placed in a public or private K–12 school, the principal shall ensure that the school administrators and staff annually receive a brochure, approved as to contents and style by the American Heart Association or the American Red Cross, that describes the proper use of an AED. The principal shall also ensure that similar information is posted next to every AED. The principal shall, at least annually, notify school employees as to the location of all AED units on the campus. The principal shall designate the trained employees who shall be available to respond to an emergency that may involve the use of an AED during normal operating hours. As used in this paragraph, "normal operating hours" means during the hours of classroom instruction and any school-sponsored activity occurring on school grounds.

(c) Any person or entity that supplies an AED shall do all of the following:

(1) Notify an agent of the local EMS agency of the existence, location, and type of AED acquired.

(2) Provide to the acquirer of the AED all information governing the use, installation, operation, training, and maintenance of the AED.

(d) A violation of this provision is not subject to penalties pursuant to Section 1798.206.

(e) The protections specified in this section do not apply in the case of personal injury or wrongful death that results from the gross negligence or willful or wanton misconduct of the person who renders emergency care or treatment by the use of an AED.

(f) Nothing in this section or Section 1714.21 may be construed to require a building owner or a building manager to acquire and have installed an AED in any building.

(g) This section shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

SEC. 2. Section 1797.196 of the Health and Safety Code, as added by Section 4 of Chapter 718 of the Statutes of 2002, is amended to read:

1797.196. (a) For purposes of this section, "AED" or "defibrillator" means an automated or automatic external defibrillator.

(b) In order to ensure public safety, any person who acquires an AED shall do all of the following:

(1) Comply with all regulations governing the training, use, and placement of an AED.

(2) Notify an agent of the local EMS agency of the existence, location, and type of AED acquired.

(3) Ensure all of the following:

(A) That expected AED users complete a training course in cardiopulmonary resuscitation and AED use that complies with regulations adopted by the Emergency Medical Services (EMS) Authority and the standards of the American Heart Association or the American Red Cross.

(B) That the defibrillator is maintained and regularly tested according to the operation and maintenance guidelines set forth by the manufacturer, the American Heart Association, and the American Red Cross, and according to any applicable rules and regulations set forth by the governmental authority under the federal Food and Drug Administration and any other applicable state and federal authority.

(C) That the AED is checked for readiness after each use and at least once every 30 days if the AED has not been used in the preceding 30 days. Records of these periodic checks shall be maintained.

Article 2.5 (commencing with Section 2930) of Chapter 7 of Title 1 of Part 3 shall apply to reduce the term imposed pursuant to this subdivision.

(e) This section shall not be construed as prohibiting or precluding a charge of murder under Section 188 upon facts exhibiting wantonness and a conscious disregard for life to support a finding of implied malice, or upon facts showing malice consistent with the holding of the California Supreme Court in People v. Watson, 30 Cal. 3d 290.

This section shall not be construed as making any homicide in the driving of a vehicle punishable that is not a proximate result of the commission of an unlawful act, not amounting to felony, or of the

commission of a lawful act which might produce death, in an unlawful manner.

"Gross negligence," as used in this section, shall not be construed as prohibiting or precluding a charge of murder under Section 188 upon facts exhibiting wantonness and a conscious disregard for life to support a finding of implied malice, or upon facts showing malice, consistent with the holding of the California Supreme Court in People v. CHAPTER 93

An act to amend Sections 12811.5 and 12836.6 of the Food and Agricultural Code, relating to pesticides.

[Approved by Governor July 20, 2006. Filed with Secretary of State July 20, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 12811.5 of the Food and Agricultural Code is amended to read:

12811.5. The director may rely upon any evaluations of previously submitted data to determine whether to accept an application for

registration of a new pesticide product, an amendment to the registration of a registered pesticide product, or to maintain the registration of a registered pesticide product regardless of the ownership of the data previously evaluated. However, effective January 1, 2006, applicants will be subject to the following provisions:

(a) If an applicant for registration of a pesticide product, or an amendment to the registration of a registered pesticide product, including a registrant that desires to maintain its registration of a registered pesticide product after the director makes a formal reevaluation request for additional data, does not submit its own data to fulfill a current data requirement imposed by the director and relies upon data that the applicant does not own or have written permission to rely upon that was submitted to the director by another entity after January 1, 1991, and meets the three criteria set forth in this subdivision, the applicant must either (i) obtain written permission from the data owner to rely on the data, (ii) formulate or obtain its product from a source that has data authorization from the data owner, or a source that complies with subdivision (c), or (iii) if the data meets the criteria set forth in paragraphs (1), (2), and (3), irrevocably offer to pay the data owner a share of the cost of producing the data and comply with the provisions of subdivision (d). The director may rely upon data submitted prior to January 1, 1991, or that does not meet the criteria set forth in paragraphs (1), (2), and (3) to support any application or comply with any formal reevaluation request for additional data, without permission from the data owner. An offer to pay, and a payment pursuant to that offer, shall only be required as to data not submitted by the applicant that meets the criteria set forth in paragraphs (1), (2), and (3). To be eligible for cost sharing pursuant to this subdivision, the data must meet all of the following requirements:

(1) The data was required by the director in order to obtain, amend, or maintain the data owner's California registration or registrations for uses covered by the application, amendment, or formal reevaluation request for additional data.

(2) There has been no arbitration award, data compensation, or data cost-sharing agreement pertaining to data supporting the product at the federal level pursuant to Section 3(c)(1) (F)(iii) or 3(c)(2)(B) of the Federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. Sec. 136a(c)(1)(F)(iii) or 136a(c)(2)(B)), or, if an award or agreement exists, the use of data in California was excluded from compensation or cost sharing on its face.

(3) The data that fulfills a current requirement was submitted to the United States Environmental Protection Agency or the department no more than 15 years prior to the date of the applicant's California registration, application, or amendment or the formal reevaluation request

for additional data to which the registrant's reliance responds, provided that as to data submitted to the department as of August 1, 2005, in support of the first registration of a product, the applicable period shall be 17 years from the date of submission to the United States Environmental Protection Agency.

(b) If the director previously imposed a specific documented data requirement after January 1, 1991, to obtain, amend, or maintain the California registration of a pesticide product substantially similar to the applicant's product and that data requirement is not currently imposed in California for registration, amendment, or maintenance of the applicant's product, the applicant is further obligated to submit data to meet the requirement, obtain written permission from an owner of the data to rely upon the data, formulate or obtain its product from a source that has authorization from the data owner to rely upon the data or from a source that complies with subdivision (c), or, if the data meets the criteria set forth in paragraphs (1), (2), and (3), irrevocably offer to pay the data owner a share in the cost of producing the data and comply with the provisions of subdivision (c). An offer to pay, and a payment pursuant to that offer, shall only be required as to data not submitted by the applicant that meets the criteria set forth in paragraphs (1), (2), and (3). To be eligible for cost sharing pursuant to this subdivision, the data must meet all of the following requirements:

(1) The data met a specific, documented requirement of the director to obtain, amend, or maintain the California registration of the data owner's pesticide product for a use covered by the applicant's application or amendment.

(2) There has been no arbitration award, data compensation, or data cost-sharing agreement pertaining to data supporting the product at the federal level pursuant to Section 3(c)(1)(F)(iii) or 3(c)(2)(B) of the Federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. Sec. 136a(c)(1)(F)(iii) or 136a(c)(2)(B)), or, if an award or agreement exists, the use of the data in California was excluded from compensation or cost sharing on its face.

(3) The data was submitted to the U.S. Environmental Protection Agency or Department of Pesticide Regulation by the data owner after January 1, 1991, and no more than 15 years prior to the date of the applicant's California application for registration or amendment or the response to a formal specific document data requirement to which the registrant's reliance responds, provided that as to data submitted to the department as of August 1, 2005, in support of the first registration of a product, the applicable period shall be 17 years from the date of submission to the U.S. Environmental Protection Agency.

(c) An applicant may formulate its product from a source that does not have data authorization provided that source has submitted data to support the product or makes or has made an irrevocable offer to pay the data owner a share of the cost of producing the data required pursuant to subdivision (a) or (b) for the applicant's product and complies with or has made payment in accordance with the provisions of subdivision (d). In the event that the source has already reached a data compensation or cost-sharing agreement or there has been an arbitration award under the Federal Insecticide, Fungicide, and Rodenticide Act (commencing at 7 U.S.C. Sec. 136) that excludes the right to rely on the data to satisfy the California requirement on its face, the source must make or have made a new irrevocable offer to pay a share of the cost of producing that data to support the applicant's product in California and comply with the provisions of subdivision (d).

(d) If an applicant is required to offer to pay a share in the cost of producing the data pursuant to subdivision (a) or (b), or if a source of product makes an offer pursuant to subdivision (c), the applicant or source must submit to the data owner upon application to the department an irrevocable offer to pay the data owner a share in the cost of producing the data and to comply with regulations promulgated under this subdivision to determine the amount and terms, if the parties cannot agree. If a data owner for which cost sharing is required under subdivision (a) or (b) cannot be identified from information readily available to the applicant, the applicant's obligation under subdivision (a) or (b) will be absolved if the data owner does not identify himself or herself to the applicant within 12 months after registration of the pesticide product. If within 12 months of registration, the data owner identifies himself or herself to the applicant and the applicant has not already made an irrevocable offer to pay to the data owner, or the applicant's source of product has not made an offer pursuant to subdivision (c), the applicant must do so promptly. In either event, the specific terms and amount of payments to be made shall be fixed by agreement between the applicant and the data owner, but determination of those amounts and terms shall not delay approval of the applicant's application.

If agreement cannot be reached about the terms and amount of payment required by this section at any time more than 90 days after issuance of an irrevocable offer to pay, either the applicant, source or data owner may initiate, or with the consent of all parties, join a proceeding under the Federal Insecticide, Fungicide, and Rodenticide Act (commencing at 7 U.S.C. Sec. 136), pursuant to regulations promulgated by the director pursuant to this statute. The purpose of this proceeding shall be to determine the amount due under this section. The director shall promulgate those regulations as emergency regulations within 60 days

of the enactment of the bill that enacts this section. The regulations shall provide all of the following:

(1) Allow the proceeding authorized by this subdivision, upon mutual agreement of the parties, to be consolidated with dispute resolution under the Federal Insecticide Fungicide and Rodenticide Act (commencing at 7 U.S.C. Sec. 136).

(2) Require that the decisionmaker consider, among other factors, that the data owner's exclusive right to sell the pesticide resulted in the data owner recovering all or part of the costs of generating the data.

(3) Require that the parties to the proceeding share equally in the payment of the expenses thereof.

(e) If a data owner fails to participate in a procedure for reaching an agreement or in a proceeding as required by subdivision (d), or fails to comply with the terms of an agreement or decision conducted under subdivision (d), then that data owner forfeits his or her right to cost recovery as a result of the use of the data at issue.

(f) If the director finds that an applicant has failed to make an offer to pay as required under subdivision (a) or (b), or if its source of product has failed to make an offer pursuant to subdivision (c), or if an applicant or its source of product has failed to participate in a proceeding for reaching an agreement, or has refused to participate in a proceeding pursuant to subdivision (d), or has failed to comply with an agreement or to comply with an order, or to pay an award resulting from that proceeding, the director shall cancel the registration of the pesticide product in support of which the data was used in accordance with the provisions of subdivision (g), notwithstanding the provisions of Section 12825.

(g) If the applicant subject to subdivision (a) or (b) fails to comply with the provisions of this article, the data owner shall notify the director of the specific provision of noncompliance and provide proof of notification to the applicant of its claim of noncompliance. All parties shall have 30 days from the date of receipt of notification by the director to submit written evidence or arguments to the director regarding the claim and any defenses thereto. The director shall provide a written finding within 60 days of the deadline for submission as to the claim and the resulting consequences.

(h) No hearing or live testimony shall be conducted under subdivision (g) and this proceeding shall not be used as mechanism to prevent or delay the registration or payment for cost sharing as determined by this article. The finding of the director shall be final and conclusive, except that any party aggrieved by such a finding may seek review within 30 days of the finding pursuant to Section 1094.5 of the Code of Civil Procedure.

(i) In lieu of seeking a determination by the director and cancellation of the registration pursuant to subdivision (f), the data owner may bring an action in any California court of competent jurisdiction against the applicant to enforce the obligations of that party set forth in the provisions of this section.

(j) No cost sharing as provided in subdivisions (a), (b), and (c) shall be required to support an application for annual renewal of a pesticide product registration, provided this provision shall not authorize renewal of a product registered prior to the effective date of this section if that registration is declared to have been unlawfully issued by a court of competent jurisdiction.

(k) The Department of Pesticide Regulation shall make available in the public domain its index of data submitted in support of registration applications, the ownership of that data, and the date it was submitted to California.

SEC. 2. Section 12836.6 of the Food and Agricultural Code is amended to read:

12836.6. The director shall, with the assistance of the Legislative Analyst, conduct a study to consider more carefully the consequences of data-sharing agreements required under Section 12811.5 and the volume of high-hazard pesticides sold in California. The report shall be submitted to the Legislature no later than December 31, 2008.

(c) Any act or omission covered by this section is a discretionary act pursuant to Section 820.2 of the Government Code.

CHAPTER 103

An act to add Section 50.5 to Chapter 375 of the Statutes of 1986, relating to the Coast Life Support District.

[Approved by Governor July 21, 2006. Filed with Secretary of State July 21, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 50.5 is added to Chapter 375 of the Statutes of 1986, to read:

Sec. 50.5. (a) The district's board of directors may charge a fee to cover the cost of any service that the district provides or the cost of enforcing any regulation for which the fee is charged. No fee shall exceed the costs reasonably borne by the district in providing the service or enforcing the regulation for which the fee is charged.

(b) Before imposing or increasing any fee for property-related services, the district's board of directors shall follow the procedures in Section 6 of Article XIII D of the California Constitution.

(c) The district's board of directors may charge residents or taxpayers of the district a fee authorized by this section that is less than the fee that it charges nonresidents or nontaxpayers.

(d) The district's board of directors may authorize the district's employees to waive the payment of a fee authorized by this section, in whole or in part, when the district's board of directors determines that payment would not be in the public interest. Before authorizing any waiver, the district's board of directors shall adopt a resolution that specifies the policies and procedures governing waivers.

SEC. 2. Due to the unique circumstances concerning the district the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution. Therefore, this act is necessarily applicable only to the district.

CHAPTER 104

An act to amend Section 11628 of the Insurance Code, relating to insurance.

[Approved by Governor July 21, 2006. Filed with Secretary of State July 21, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 11628 of the Insurance Code is amended to read:

11628. (a) No admitted insurer, licensed to issue and issuing motor vehicle liability policies as defined in Section 16450 of the Vehicle Code, shall fail or refuse to accept an application for that insurance, to issue that insurance to an applicant therefor, or issue or cancel that insurance under conditions less favorable to the insured than in other comparable cases, except for reasons applicable alike to persons of every race, language, color, religion, national origin, ancestry, or the same geographic area; nor shall race, language, color, religion, national origin, ancestry, or location within a geographic area of itself constitute a condition or risk for which a higher rate, premium, or charge may be required of the insured for that insurance.

As used in this section "geographic area" means a portion of this state of not less than 20 square miles defined by description in the rating manual of an insurer or in the rating manual of a rating bureau of which the insurer is a member or subscriber. In order that geographic areas used for rating purposes may reflect homogeneity of loss experience, a record of loss experience for the geographic area shall include the breakdown of actual loss experience statistics by ZIP Code area (as designated by the United States Postal Service) within each geographic area for family owned private passenger motor vehicles and lightweight commercial motor vehicles, under 1 ½-ton load capacity, used for local service or retail delivery, normally within a 50-mile radius of garaging, and which are not part of a fleet of five or more motor vehicles under one ownership. A record of loss experience for the geographic area, including that statistical data by ZIP Code area, shall be submitted annually to the commissioner for examination by each insurer licensed to issue and issuing motor vehicle liability policies, motor vehicle physical damage policies, or both. Loss experience shall include separate loss data for each type of coverage, including liability or physical damage coverage, underwritten. That report shall include the insurer's statewide loss ratio, loss adjustment expense ratio, expense ratio, and combined ratio on its assigned-risk business. An insurer may satisfy its obligation to report statistical data under this subdivision by providing its loss experience data and statewide expense ratio and combined ratio on its assigned-risk business to a rating or advisory organization for submission to the commissioner. This data shall be made available to the public by the commissioner annually after examination. However, the data shall be released in aggregate form by ZIP Code in order that no individual insurer's loss experience for any specific geographic area be revealed.

Differentiation in rates between geographical areas shall not constitute unfair discrimination.

All information reported to the department pursuant to this subdivision shall be confidential.

As used in this section, (1) "language" means the inability to speak, read, write, or comprehend the English language, (2) "dependents" shall include, but not be limited to, issue regardless of generation, and (3) "spouse" shall be determined without regard to current marital status.

(b) The commissioner may require insurers with combined ratios on statewide assigned-risk business that are 10 percent above the mean combined ratio for all plan participants to also report the following:

(1) The reason for the excessive ratio.

(2) A plan for reducing the ratio, and when the reduction can be expected to occur. The commissioner may require insurers subject to this subdivision to provide periodic reports on the progress in reducing the combined ratio.

(c) No admitted insurer, licensed to issue and issuing motor vehicle liability insurance policies as defined in Section 16450 of the Vehicle Code, shall fail or refuse to accept an application for that insurance, refuse to issue that insurance to an applicant therefor, or cancel that insurance solely for the reason that the applicant for that insurance or any insured is employed in a specific occupation, or is on active duty service in the Armed Forces of the United States.

Nothing in this section shall prohibit an insurer from:

(1) Considering the occupation of the applicant or insured as a condition or risk for which a higher rate or discounted rate may be required or offered for coverage in the course and scope of his or her occupation.

(2) Charging a deviated rate to any classification of risks involving a specific occupation, or grouping thereof, if the rate meets the requirements of Chapter 9 (commencing with Section 1850) of Part 2 of Division 1 and is based upon actuarial data which demonstrates a significant actual historical differential between past losses or expenses attributable to the specific occupation, or grouping thereof, and the past losses or expenses attributable to other classification of risks. For purposes of compiling that actuarial data for a specific occupation or grouping thereof, a person shall be deemed employed in the occupation in which that data is compiled if: (A) the majority of his or her employment during the previous year was in the occupation, or (B) the majority of his or her aggregate earnings for the immediate preceding three-year period were derived from the occupation, or (C) the person is a member in good standing of a union which is an authorized collective bargaining agent for persons engaged in the occupation.

Nothing in this section shall be construed to include in the definition of "occupation" any status or activity which does not result in remuneration for work done or services performed, or self-employment in a business operated out of an applicant's or insured's place of residence or persons engaged in the renting, leasing, selling, repossessing, rebuilding, wrecking, or salvaging of motor vehicles.

(d) Nothing in this section shall limit or restrict the ability of an insurer to refuse to accept an application for or refuse to issue or cancel insurance for the reason that it is a commercial vehicle or based upon the consideration of a vehicle's size, weight, design, or intended use.

(e) It is the intent of the Legislature that actuarial data by occupation may be examined for credibility by the commissioner on the same basis as any other automobile insurance data which he or she is empowered to examine.

(f) (1) Except as provided in Article 4 (commencing with Section 11620), nothing in this section or in Article 10 (commencing with Section 1861.01) of Chapter 9 of Part 2 of Division 1 or in any other provision of this code, shall prohibit an insurer from limiting the issuance or renewal of insurance as defined in subdivision (a) of Section 660 to persons who engage in, or have formerly engaged in, governmental or military service or segments of categories thereof, and their spouses, dependents, direct descendants, and former dependents or spouses.

(2) The term "military service" includes, but is not limited to, officers, warrant officers, and enlisted persons, officer and warrant officer candidates, cadets or midshipmen at a service academy, cadets or midshipmen in advance Reserve Officer Training Corps programs or on Reserve Officer Training Corps program scholarships, National Guard officer candidates, students in government-sponsored precommissioning programs, and foreign military officers while on temporary duty in the United States.

(g) Any person subject to regulation by the commissioner pursuant to this code that fails to comply with a data call required by the department pursuant to subdivision (a) shall be liable to the state for a civil penalty in an amount not exceeding five thousand dollars ($5,000) for each 30-day period that the person is not in compliance, unless the failure to comply is willful, in which case the civil penalty shall be in an amount not to exceed ten thousand dollars ($10,000) for each 30-day period that the person is not in compliance, but not to exceed an aggregate amount of one hundred thousand dollars ($100,000). The commissioner shall collect the amount so payable and may bring an action in the name of the people of the State of California to enforce collection. These penalties shall be in addition to other penalties provided by law.

(h) This section shall be known and may be cited as the "Rosenthal Auto Insurance Nondiscrimination Law."

CHAPTER 105

An act to amend Section 1597.46 of the Health and Safety Code, relating to child day care.

[Approved by Governor July 21, 2006. Filed with Secretary of State July 21, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 1597.46 of the Health and Safety Code is amended to read:

1597.46. All of the following shall apply to large family day care homes:

(a) A city, county, or city and county shall not prohibit large family day care homes on lots zoned for single-family dwellings, but shall do one of the following:

(1) Classify these homes as a permitted use of residential property for zoning purposes.

(2) Grant a nondiscretionary permit to use a lot zoned for a single-family dwelling to any large family day care home that complies with local ordinances prescribing reasonable standards, restrictions, and requirements concerning spacing and concentration, traffic control, parking, and noise control relating to those homes, and complies with subdivision (e) and any regulations adopted by the State Fire Marshal pursuant to that subdivision. Any noise standards shall be consistent with local noise ordinances implementing the noise element of the general plan and shall take into consideration the noise level generated by children. The permit issued pursuant to this paragraph shall be granted by the zoning administrator, or if there is no zoning administrator by the person or persons designated by the planning agency to grant these permits, upon the certification without a hearing.

(3) Require any large family day care home to apply for a permit to use a lot zoned for single-family dwellings. The zoning administrator, or if there is no zoning administrator, the person or persons designated by the planning agency to handle the use permits, shall review and decide the applications. The use permit shall be granted if the large family day care home complies with local ordinances, if any, prescribing reasonable standards, restrictions, and requirements concerning the following factors:

spacing and concentration, traffic control, parking, and noise control relating to those homes, and complies with subdivision (e) and any regulations adopted by the State Fire Marshal pursuant to that subdivision. Any noise standards shall be consistent with local noise ordinances implementing the noise element of the general plan and shall take into consideration the noise levels generated by children. The local government shall process any required permit as economically as possible.

Fees charged for review shall not exceed the costs of the review and permit process. An applicant may request a verification of fees, and the city, county, or city and county shall provide the applicant with a written breakdown within 45 days of the request. Beginning July 1, 2007, the application form for large family day care home permits shall include a statement of the applicant's right to request the written fee verification.

Not fewer than 10 days prior to the date on which the decision will be made on the application, the zoning administrator or person designated to handle the use permits shall give notice of the proposed use by mail or delivery to all owners shown on the last equalized assessment roll as owning real property within a 100-foot radius of the exterior boundaries of the proposed large family day care home. No hearing on the application for a permit issued pursuant to this paragraph shall be held before a decision is made unless a hearing is requested by the applicant or other affected person. The applicant or other affected person may appeal the decision. The appellant shall pay the cost, if any of the appeal.

(b) In connection with any action taken pursuant to paragraph (2) or (3) of subdivision (a), a city, county, or city and county shall do all of the following:

(1) Upon the request of an applicant, provide a list of the permits and fees that are required by the city, county, or city and county, including information about other permits that may be required by other departments in the city, county, or city and county, or by other public agencies. The city, county, or city and county shall, upon request of any applicant, also provide information about the anticipated length of time for reviewing and processing the permit application.

(2) Upon the request of an applicant, provide information on the breakdown of any individual fees charged in connection with the issuance of the permit.

(3) If a deposit is required to cover the cost of the permit, provide information to the applicant about the estimated final cost to the applicant of the permit, and procedures for receiving a refund from the portion of the deposit not used.

(c) A large family day care home shall not be subject to the provisions of Division 13 (commencing with Section 21000) of the Public Resources Code.

(d) Use of a single-family dwelling for the purposes of a large family day care home shall not constitute a change of occupancy for purposes of Part 1.5 (commencing with Section 17910) of Division 13 (State Housing Law), or for purposes of local building and fire codes.

(e) Large family day care homes shall be considered as single-family residences for the purposes of the State Uniform Building Standards Code and local building and fire codes, except with respect to any additional standards specifically designed to promote the fire and life safety of the children in these homes adopted by the State Fire Marshal pursuant to this subdivision. The State Fire Marshal shall adopt separate building standards specifically relating to the subject of fire and life safety in large family day care homes which shall be published in Title 24 of the California Administrative Code. These standards shall apply uniformly throughout the state and shall include, but not be limited to: (1) the requirement that a large family day care home contain a fire extinguisher or smoke detector device, or both, which meets standards established by the State Fire Marshal; (2) specification as to the number of required exits from the home; and (3) specification as to the floor or floors on which day care may be provided. Enforcement of these provisions shall be in accordance with Sections 13145 and 13146. No city, county, city and county, or district shall adopt or enforce any building ordinance or local rule or regulation relating to the subject of fire and life safety in large family day care homes which is inconsistent with those standards adopted by the State Fire Marshal, except to the extent the building ordinance or local rule or regulation applies to single-family residences in which day care is not provided.

(f) The State Fire Marshal shall adopt the building standards required in subdivision (d) and any other regulations necessary to implement this section.

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

(1) An area that is predominantly urbanized, as that term is defined in Section 33320.1, and is an area in which the combination of conditions set forth in Section 33031 is so prevalent and so substantial that it causes a reduction of, or lack of, proper utilization of the area to such an extent that it constitutes a serious physical and economic burden on the community which cannot reasonably be expected to be reversed or alleviated by private enterprise or governmental action, or both, without redevelopment.

(2) An area that is characterized by one or more conditions set forth in any paragraph of subdivision (a) of Section 33031 and one or more conditions set forth in any paragraph of subdivision (b) of Section 33031.

(c) A blighted area also may be one that contains the conditions described in subdivision (b) and is, in addition, characterized by the existence of inadequate public improvements, parking facilities, or utilities.

(d) The requirement that a project be predominantly urbanized shall apply only to a project area for which a final redevelopment plan is adopted on or after January 1, 1984, or to an area that is added to a project area by an amendment to a redevelopment plan, which amendment is adopted on or after January 1, 1984.

(4) A notice with the heading "Mechanics' Lien Warning" written as follows:

"MECHANICS LIEN WARNING:

Anyone who helps improve your property, but who is not paid, may record what is called a mechanics' lien on your property. A mechanics' lien is a claim, like a mortgage or home equity loan, made against your property and recorded with the county recorder.

Even if you pay your contractor in full, unpaid subcontractors, suppliers, and laborers who helped to improve your property may record mechanics' liens and sue you in court to foreclose the lien. If a court finds the lien is valid, you could be forced to pay twice or have a court officer sell your home to pay the lien. Liens can also affect your credit.

To preserve their right to record a lien, each subcontractor and material supplier must provide you with a document called a '20-day Preliminary Notice.' This notice is not a lien. The purpose of the notice is to let you know that the person who sends you the notice has the right to record a lien on your property if he or she is not paid.

BE CAREFUL. The Preliminary Notice can be sent up to 20 days after the subcontractor starts work or the supplier provides material. This can be a big problem if you pay your contractor before you have received the Preliminary Notices.

You will not get Preliminary Notices from your prime contractor or from laborers who work on your project. The law assumes that you already know they are improving your property.

PROTECT YOURSELF FROM LIENS. You can protect yourself from liens by getting a list from your contractor of all the subcontractors and material suppliers that work on your project. Find out from your contractor when these subcontractors started work and when these suppliers delivered goods or materials. Then wait 20 days, paying attention to the Preliminary Notices you receive.

PAY WITH JOINT CHECKS. One way to protect yourself is to pay with a joint check. When your contractor tells you it is time to pay for the work of a subcontractor or supplier who has provided you with a

Preliminary Notice, write a joint check payable to both the contractor and the subcontractor or material supplier.

For other ways to prevent liens, visit CSLB's Web site at www.cslb.ca.gov or call CSLB at 800-321-CSLB (2752).

REMEMBER, IF YOU DO NOTHING, YOU RISK HAVING A LIEN PLACED ON YOUR HOME. This can mean that you may have to pay twice, or face the forced sale of your home to pay what you owe."

(5) The following notice shall be provided in at least 12-point typeface: "Information about the Contractors' State License Board (CSLB): CSLB is the state consumer protection agency that licenses and regulates construction contractors.

Contact CSLB for information about the licensed contractor you are considering, including information about disclosable complaints, disciplinary actions and civil judgments that are reported to CSLB.

Use only licensed contractors. If you file a complaint against a licensed contractor within the legal deadline (usually four years), CSLB has authority to investigate the complaint. If you use an unlicensed contractor, CSLB may not be able to help you resolve your complaint. Your only remedy may be in civil court, and you may be liable for damages arising out of any injuries to the unlicensed contractor or the unlicensed contractor's employees.

For more information:

Visit CSLB's Web site at www.cslb.ca.gov

Call CSLB at 800-321-CSLB (2752)

Write CSLB at P.O. Box 26000, Sacramento, CA 95826."

(6) (A) The notice set forth in subparagraph (B) and entitled "Three-Day Right to Cancel," shall be provided to the buyer unless the contract is:

(i) Negotiated at the contractor's place of business.

(ii) Subject to the "Seven-Day Right to Cancel," as set forth in paragraph (8).

(iii) Subject to licensure under the Alarm Company Act (Chapter 11.6 (commencing with Section 7590)), provided the alarm company licensee complies with Sections 1689.5, 1689.6, and 1689.7 of the Civil Code, as applicable.

(B) "Three-Day Right to Cancel

"You, the buyer, have the right to cancel this contract within three business days. You may cancel by e-mailing, mailing, faxing, or delivering a written notice to the contractor at the contractor's place of business by midnight of the third business day after you received a signed and dated copy of the contract that includes this notice. Include your name, your address, and the date you received the signed copy of the contract and this notice.

If you cancel, the contractor must return to you anything you paid within 10 days of receiving the notice of cancellation. For your part, you must make available to the contractor at your residence, in substantially as good condition as you received it, any goods delivered to you under this contract or sale. Or, you may, if you wish, comply with the contractor's instructions on how to return the goods at the contractor's expense and risk. If you do make the goods available to the contractor and the contractor does not pick them up within 20 days of the date of your notice of cancellation, you may keep them without any further obligation. If you fail to make the goods available to the contractor, or if you agree to return the goods to the contractor and fail to do so, then you remain liable for performance of all obligations under the contract."

(C) The "Three-Day Right to Cancel" notice required by this paragraph shall comply with all of the following:

(i) The text of the notice is at least 12-point boldface type.

(ii) The notice is in immediate proximity to a space reserved for the owner's signature.

Initial the checkbox if the contractor has given you a 'Notice of the Three-Day Right to Cancel.'"

(vi) The notice shall be accompanied by a completed form in duplicate, captioned "Notice of Cancellation," which shall also be attached to the agreement or offer to purchase and be easily detachable, and which shall contain the following statement written in the same language, e.g., Spanish, as used in the contract:

"Notice of Cancellation"

/enter date of transaction/

An act to amend Section 3702.2 of the Labor Code, relating to workers' compensation.

[Approved by Governor July 24, 2006. Filed with Secretary of State July 24, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 3702.2 of the Labor Code is amended to read:

3702.2. (a) All self-insured employers shall file a self-insurer's annual report in a form prescribed by the director.

(b) To enable the director to determine the amount of the security deposit required by subdivision (c) of Section 3701, the annual report of a self-insured employer who has self-insured both state and federal workers' compensation liability shall also set forth (1) the amount of all

compensation liability incurred, paid-to-date, and estimated future liability under both this chapter and under the federal Longshore and Harbor Workers' Compensation Act (33 U.S.C. Sec. 901 et seq.), and (2) the identity and the amount of the security deposit securing the employer's liability under state and federal self-insured programs.

(c) The director shall annually prepare an aggregated summary of all self-insured employer liability to pay compensation reported on the self-insurers' employers annual reports, including a separate summary for public and private employer self-insurers. The summaries shall be in the same format as the individual self-insured employers are required to report that liability on the employer self-insurer's annual report forms prescribed by the director. The aggregated summaries shall be made available to the public on the self-insurance section of the department's Internet Web site. Nothing in this subdivision shall authorize the director to release or make available information that is aggregated by industry or business type, that identifies individual self-insured filers, or that includes any individually identifiable claimant information.

(d) The director may release a copy, or make available an electronic version, of the data contained in any public sector employer self-insurer's annual reports received from an individual public entity self-insurer or from a joint powers authority employer and its membership. However, the release of any annual report information by the director shall not include any portion of any listing of open indemnity claims that contains individually identifiable claimant information, or any portion of excess insurance coverage information that contains any individually identifiable claimant information.

[Approved by Governor July 24, 2006. Filed with Secretary of State July 24, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 5007 of the Vehicle Code is amended to read:

The International Symbol of Access adopted pursuant to Section 3 of Public Law 100-641 commonly known as the "wheelchair symbol" shall be depicted on each plate.

(c) (1) Prior to issuing a special license plate to a disabled person or disabled veteran the department shall require the submission of a certificate, in accordance with paragraph (2), signed by the physician and surgeon, or to the extent that it does not cause a reduction in the receipt of federal aid highway funds, by a nurse practitioner, certified nurse midwife, or physician assistant, substantiating the disability, unless the applicant's disability is readily observable and uncontested. The disability of a person who has lost, or has lost use of, one or more lower extremities or one hand, for a disabled veteran, or both hands for a disabled person, or who has significant limitation in the use of lower extremities, may also be certified by a licensed chiropractor. The blindness of an applicant shall be certified by a licensed physician and surgeon who specializes in diseases of the eye or a licensed optometrist. The physician and surgeon, nurse practitioner, certified nurse midwife, physician assistant, chiropractor, or optometrist certifying the qualifying disability shall provide a full description of the illness or disability on the form submitted to the department.

(2) The physician and surgeon, nurse practitioner, certified nurse midwife, physician assistant, chiropractor, or optometrist who signs a certificate submitted under this subdivision shall retain information sufficient to substantiate that certificate and, upon request of the department, shall make that information available for inspection by the Medical Board of California or the appropriate regulatory board.

(d) A disabled person or disabled veteran issued a license plate or plates under this section shall, upon request, present to a peace officer, or person authorized to enforce parking laws, ordinances, or regulations, a certification form that substantiates the eligibility of the disabled person or veteran to possess the plate or plates. The certification shall be on a form prescribed by the department and contain the name of the disabled person or disabled veteran to whom the plate or plates were issued, and the name, address, and telephone number of the medical professional described in subdivision (c) who certified the eligibility of the person or veteran for the plate or plates.

(e) The special license plate shall, upon the death of the disabled person or disabled veteran, be returned to the department within 60 days or upon the expiration of the vehicle registration, whichever occurs first.

SEC. 2. Section 9105 of the Vehicle Code is amended to read:

9105. (a) The fees specified in this code, except fees for duplicate plates, certificates, or cards, need not be paid for any of the following vehicles, that are of a type subject to registration under this code, and that are not used for transportation for hire, compensation, or profit, when owned by a former American prisoner of war, a disabled veteran, or a Congressional Medal of Honor recipient:

(1) A passenger motor vehicle.

(2) A motorcycle.

(3) A commercial motor vehicle of less than 8,001 pounds unladen weight.

(b) The exemption granted by subdivision (a) shall not extend to more than one vehicle owned by a former American prisoner of war, a disabled veteran, or a Congressional Medal of Honor recipient and is applicable to the same vehicle as described in subdivision (b) of Section 10783 of the Revenue and Taxation Code.

(c) (1) The department may require a disabled veteran applying for an exemption under this section to submit a certificate signed by a physician and surgeon, or to the extent that it does not cause a reduction in the receipt of federal aid highway funds, by a nurse practitioner, certified nurse midwife, physician assistant, chiropractor, or optometrist, substantiating the disability.

(2) The department may require a person applying for an exemption under this section for either of the following reasons to do any of the following:

(B) By reason of the person's status of receiving the Congressional Medal of Honor, to show, by satisfactory proof, that he or she is a Congressional Medal of Honor recipient.

SEC. 3. Section 22511.55 of the Vehicle Code is amended to read:

22511.55. (a) (1) A disabled person or disabled veteran may apply to the department for the issuance of a distinguishing placard. The placard may be used in lieu of the special license plate or plates issued under Section 5007 for parking purposes described in Section 22511.5 when suspended from the rearview mirror or, if there is no rearview mirror, when displayed on the dashboard of a vehicle. It is the intent of the Legislature to encourage the use of these distinguishing placards because they provide law enforcement officers with a more readily recognizable symbol for distinguishing vehicles qualified for the parking privilege. The placard shall be the size, shape, and color determined by the department and shall bear the International Symbol of Access adopted pursuant to Section 3 of Public Law 100-641, commonly known as the "wheelchair symbol." The department shall incorporate instructions for

the lawful use of a placard, and a summary of the penalties for the unlawful use of a placard, into the identification card issued to the placard owner.

(2) (A) The department may establish procedures for the issuance and renewal of the placards. The placards shall have a fixed expiration date of June 30 every two years. A portion of the placard shall be printed in a contrasting color that shall be changed every two years. The size and color of this contrasting portion of the placard shall be large and distinctive enough to be readily identifiable by a law enforcement officer in a passing vehicle.

(B) As used in this section, "year" means the period between the inclusive dates of July 1 through June 30.

(C) Prior to the end of each year, the department shall, for the most current three years available, compare its record of disability placards issued against the records of the Bureau of Vital Statistics of the State Department of Health Services, or its successor, and withhold any renewal notices that otherwise would have been sent, for a placardholder identified as deceased.

(3) Except as provided in paragraph (4), a person is not eligible for more than one placard at a time.

(4) Organizations and agencies involved in the transportation of disabled persons or disabled veterans may apply for a placard for each vehicle used for the purpose of transporting disabled persons or disabled veterans.

(b) (1) Prior to issuing an original distinguishing placard to a disabled person or disabled veteran, the department shall require the submission of a certificate, in accordance with paragraph (2), signed by the physician and surgeon, or to the extent that it does not cause a reduction in the receipt of federal aid highway funds, by a nurse practitioner, certified nurse midwife, or physician assistant, substantiating the disability, unless the applicant's disability is readily observable and uncontested. The disability of a person who has lost, or has lost use of, one or more lower extremities or one hand, for a disabled veteran, or both hands, for a disabled person, or who has significant limitation in the use of lower extremities, may also be certified by a licensed chiropractor. The blindness of an applicant shall be certified by a licensed physician and surgeon who specializes in diseases of the eye or a licensed optometrist. The physician and surgeon, nurse practitioner, certified nurse midwife, physician assistant, chiropractor, or optometrist certifying the qualifying disability shall provide a full description of the illness or disability on the form submitted to the department.

(2) The physician and surgeon, nurse practitioner, certified nurse midwife, physician assistant, chiropractor, or optometrist who signs a

certificate submitted under this subdivision shall retain information sufficient to substantiate that certificate and, upon request of the department, shall make that information available for inspection by the Medical Board of California or the appropriate regulatory board.

(3) The department shall maintain in its records all information on an applicant's certification of permanent disability and shall make that information available to eligible law enforcement or parking control agencies upon a request pursuant to Section 22511.58.

(c) A person who is issued a distinguishing placard pursuant to subdivision (a) may apply to the department for a substitute placard without recertification of eligibility, if that placard is lost or stolen.

(d) The distinguishing placard shall be returned to the department not later than 60 days after the death of the disabled person or disabled veteran to whom the placard was issued.

(e) The department shall print on any distinguishing placard issued on or after January 1, 2005, the maximum penalty that may be imposed for a violation of Section 4461. For the purposes of this subdivision, the "maximum penalty" is the amount derived from adding all of the following:

(1) The maximum fine that may be imposed under Section 4461.

(2) The penalty required to be imposed under Section 70372 of the Government Code.

(3) The penalty required to be levied under Section 76000 of the Government Code.

(4) The penalty required to be levied under Section 1464 of the Penal Code.

(5) The surcharge required to be levied under Section 1465.7 of the Penal Code.

(6) The penalty authorized to be imposed under Section 4461.3.

SEC. 4. Section 22511.59 of the Vehicle Code is amended to read:

22511.59. (a) Upon the receipt of the applications and documents required by subdivision (b), (c), or (d), the department shall issue a temporary distinguishing placard bearing the International Symbol of Access adopted pursuant to Section 3 of Public Law 100-641 commonly known as the "wheelchair symbol." During the period for which it is valid, the temporary distinguishing placard may be used for the parking purposes described in Section 22511.5 in the same manner as a distinguishing placard issued pursuant to Section 22511.55.

(b) (1) A person who is temporarily disabled for a period of not more than six months may apply to the department for the issuance of the temporary distinguishing placard described in subdivision (a).

(2) Prior to issuing a placard pursuant to this subdivision, the department shall require the submission of a certificate signed by a

physician and surgeon, or to the extent that it does not cause a reduction in the receipt of federal aid highway funds, by a nurse practitioner, certified nurse midwife, physician assistant, chiropractor, or optometrist, as described in subdivision (b) of Section 22511.55, substantiating the temporary disability and stating the date upon which the disability is expected to terminate.

(3) The physician and surgeon, nurse practitioner, certified nurse midwife, physician assistant, chiropractor, or optometrist who signs a certificate submitted under this subdivision shall maintain information sufficient to substantiate that certificate and, upon request of the department, shall make that information available for inspection by the Medical Board of California or the appropriate regulatory board.

(4) A placard issued pursuant to this subdivision shall expire not later than 180 days from the date of issuance or upon the expected termination date of the disability, as stated on the certificate required by paragraph (2), whichever is less.

(5) The fee for a temporary placard issued pursuant to this subdivision shall be six dollars ($6).

(c) (1) A permanently disabled person or disabled veteran who is not a resident of this state and plans to travel within the state may apply to the department for the issuance of the temporary distinguishing placard described in subdivision (a).

(2) Prior to issuing a placard pursuant to this subdivision, the department shall require certification of the disability, as described in subdivision (b) of Section 22511.55.

(3) The physician and surgeon, nurse practitioner, certified nurse midwife, physician assistant, chiropractor, or optometrist who signs a certificate submitted under this subdivision shall maintain information sufficient to substantiate that certificate and, upon request of the department, shall make that information available for inspection by the Medical Board of California or the appropriate regulatory board.

(4) A placard issued pursuant to this subdivision shall expire not later than 90 days from the date of issuance.

(5) The department shall not charge a fee for issuance of a placard under this subdivision.

(d) (1) A permanently disabled person or disabled veteran who has been issued either a distinguishing placard pursuant to Section 22511.55 or special license plates pursuant to Section 5007, but not both, may apply to the department for the issuance of the temporary distinguishing placard described in subdivision (a) for the purpose of travel.

(2) Prior to issuing a placard pursuant to this subdivision, the department shall require the applicant to submit either the number

identifying the distinguishing placard issued pursuant to Section 22511.55 or the number on the special license plates.

(3) A placard issued pursuant to this subdivision shall expire not later than 30 days from the date of issuance.

(4) The department shall not charge a fee for issuance of a placard under this subdivision.

SECTION 1. Section 20475 of the Government Code is amended to read:

20475. Notwithstanding Section 20474, a contracting agency may amend its contract or previous amendments to its contract, without election among its employees, to reduce benefits, to terminate provisions that are available only by election of the agency to become subject thereto, to provide different benefits or provisions or to provide a combination of those changes with respect to service performed after the effective date of the contract amendment made pursuant to this section, if the contracting agency has fully discharged all of the obligations imposed by Chapter 10 (commencing with Section 3500) of Division 4 of Title 1 with respect to the contract amendments, and if the amendment provides that:

(a) The contract amendments apply uniformly with respect to all members within each of the following classifications: local miscellaneous members, local police officers, local firefighters, county peace officers, local sheriffs, or all local safety members other than local police officers, local firefighters, county peace officers, or local sheriffs.

(b) A member shall be subject to the contract as amended only if, after the effective date of the contract amendment, the member either (1) receives service credit for the first time within a classification, or (2) the member returns to service within a classification following termination of membership as provided for in subdivision (b) of Section 20340 unless the member has redeposited or elects prior to 90 days after returning to service to redeposit contributions pursuant to Section 20750, in which case the member shall not be subject to the contract amendment.

Amendments to the contract and amendments of previous amendments to the contract may be effected pursuant to this section only once during any three-year period with respect to each of the classifications.

SEC. 2. Section 20479 of the Government Code is amended to read:

20479. Notwithstanding any other provision of law, including, but not limited to, Chapter 10 (commencing with Section 3500) of Division 4 of Title 1, no contract or contract amendment shall be made to provide retirement benefits for some, but not all members of the following membership classifications: local miscellaneous members, local police officers, local firefighters, county peace officer, local sheriff, or local safety officers.

No contract or contract amendments shall provide different retirement benefits for a subgroup, including, but not limited to, bargaining units or unrepresented groups, within those membership classifications.

This section does not preclude changing membership classification from one membership classification to another membership classification or exclusion of groups of members by contract.

For purposes of this section, the term "benefit" shall not be limited to the benefits set forth in Section 20020.

SEC. 3. Section 20502 of the Government Code is amended to read:

20502. The contract shall include in this system all firefighters, police officers, county peace officers, local sheriffs, and other employees of the contracting agency, except as exclusions in addition to the exclusions applicable to state employees may be agreed to by the agency and the board. The contract shall not provide for the exclusion of some, but not all, firefighters, police officers, county peace officers, or local sheriffs. The exclusions of employees, other than firefighters, police officers, county peace officers, or local sheriffs, shall be based on groups of employees such as departments or duties, and not on individual employees. The exclusions of groups may be made by amendments to contracts, with respect to future entrants into the group. The board may disapprove the exclusion of a group, if in its opinion the exclusion adversely affects the interest of this system. Membership in this system is compulsory for all employees included under a contract. This section shall not be construed to supersede Sections 20303 and 20305.

SEC. 4. Section 20636 of the Government Code is amended to read:

20636. (a) "Compensation earnable" by a member means the payrate and special compensation of the member, as defined by subdivisions (b), (c), and (g), and as limited by Section 21752.5.

(b) (1) "Payrate" means the normal monthly rate of pay or base pay of the member paid in cash to similarly situated members of the same group or class of employment for services rendered on a full-time basis during normal working hours, pursuant to publicly available pay schedules. "Payrate," for a member who is not in a group or class, means the monthly rate of pay or base pay of the member, paid in cash and pursuant to publicly available pay schedules, for services rendered on a full-time basis during normal working hours, subject to the limitations of paragraph (2) of subdivision (e).

(2) "Payrate" shall include an amount deducted from a member's salary for any of the following:

(A) Participation in a deferred compensation plan.

(B) Payment for participation in a retirement plan that meets the requirements of Section 401(k) of Title 26 of the United States Code.

(C) Payment into a money purchase pension plan and trust that meets the requirements of Section 401(a) of Title 26 of the United States Code.

(D) Participation in a flexible benefits program.

(3) The computation for a leave without pay of a member shall be based on the compensation earnable by him or her at the beginning of the absence.

(4) The computation for time prior to entering state service shall be based on the compensation earnable by him or her in the position first held by him or her in state service.

(c) (1) Special compensation of a member includes a payment received for special skills, knowledge, abilities, work assignment, workdays or hours, or other work conditions.

(2) Special compensation shall be limited to that which is received by a member pursuant to a labor policy or agreement or as otherwise required by state or federal law, to similarly situated members of a group or class of employment that is in addition to payrate. If an individual is not part of a group or class, special compensation shall be limited to that which the board determines is received by similarly situated members in the closest related group or class that is in addition to payrate, subject to the limitations of paragraph (2) of subdivision (e).

(3) Special compensation shall be for services rendered during normal working hours and, when reported to the board, the employer shall identify the pay period in which the special compensation was earned.

(4) Special compensation may include the full monetary value of normal contributions paid to the board by the employer, on behalf of the member and pursuant to Section 20691, if the employer's labor policy or agreement specifically provides for the inclusion of the normal contribution payment in compensation earnable.

(5) The monetary value of a service or noncash advantage furnished by the employer to the member, except as expressly and specifically provided in this part, is not special compensation unless regulations promulgated by the board specifically determine that value to be "special compensation."

(6) The board shall promulgate regulations that delineate more specifically and exclusively what constitutes "special compensation" as used in this section. A uniform allowance, the monetary value of employer-provided uniforms, holiday pay, and premium pay for hours worked within the normally scheduled or regular working hours that are in excess of the statutory maximum workweek or work period applicable to the employee under Section 201 et seq. of Title 29 of the United States Code shall be included as special compensation and appropriately defined in those regulations.

(7) Special compensation does not include any of the following:

(A) Final settlement pay.

(B) Payments made for additional services rendered outside of normal working hours, whether paid in lump sum or otherwise.

(C) Other payments the board has not affirmatively determined to be special compensation.

(d) Notwithstanding any other provision of law, payrate and special compensation schedules, ordinances, or similar documents shall be public records available for public scrutiny.

(e) (1) As used in this part, "group or class of employment" means a number of employees considered together because they share similarities in job duties, work location, collective bargaining unit, or other logical work related grouping. One employee may not be considered a group or class.

(2) Increases in compensation earnable granted to an employee who is not in a group or class shall be limited during the final compensation period applicable to the employees, as well as the two years immediately preceding the final compensation period, to the average increase in compensation earnable during the same period reported by the employer for all employees who are in the same membership classification, except as may otherwise be determined pursuant to regulations adopted by the board that establish reasonable standards for granting exceptions.

(f) As used in this part, "final settlement pay" means pay or cash conversions of employee benefits that are in excess of compensation earnable, that are granted or awarded to a member in connection with, or in anticipation of, a separation from employment. The board shall promulgate regulations that delineate more specifically what constitutes final settlement pay.

(g) (1) Notwithstanding subdivision (a), "compensation earnable" for state members means the average monthly compensation, as determined by the board, upon the basis of the average time put in by members in the same group or class of employment and at the same rate of pay, and is composed of the payrate and special compensation of the member. The computation for an absence of a member shall be based on the compensation earnable by him or her at the beginning of the absence and for time prior to entering state service shall be based on the compensation earnable by him or her in the position first held by him or her in that state service.

(2) Notwithstanding subdivision (b), "payrate" for state members means the average monthly remuneration paid in cash out of funds paid by the employer to similarly situated members of the same group or class of employment, in payment for the member's services or for time during which the member is excused from work because of holidays, sick leave,

vacation, compensating time off, or leave of absence. "Payrate" for state members shall include:

(A) An amount deducted from a member's salary for any of the following:

(i) Participation in a deferred compensation plan established pursuant to Chapter 4 (commencing with Section 19993) of Part 2.6.

(ii) Payment for participation in a retirement plan that meets the requirements of Section 401(k) of Title 26 of the United States Code.

(iii) Payment into a money purchase pension plan and trust that meets the requirements of Section 401(a) of Title 26 of the United States Code.

(iv) Participation in a flexible benefits program.

(B) A payment in cash by the member's employer to one other than an employee for the purpose of purchasing an annuity contract for a member under an annuity plan that meets the requirements of Section 403(b) of Title 26 of the United States Code.

(C) Employer "pick up" of member contributions that meets the requirements of Section 414(h)(2) of Title 26 of the United States Code.

(D) Disability or workers' compensation payments to safety members in accordance with Section 4800 of the Labor Code.

(E) Temporary industrial disability payments pursuant to Article 4 (commencing with Section 19869) of Chapter 2.5 of Part 2.6.

(F) Other payments the board may determine to be within "payrate."

(3) Notwithstanding subdivision (c), "special compensation" for state members shall mean all of the following:

(A) The monetary value, as determined by the board, of living quarters, board, lodging, fuel, laundry, and other advantages of any nature furnished to a member by his or her employer in payment for the member's services.

(B) Compensation for performing normally required duties, such as holiday pay, bonuses (for duties performed on regular work shift), educational incentive pay, maintenance and noncash payments, out-of-class pay, marksmanship pay, hazard pay, motorcycle pay, paramedic pay, emergency medical technician pay, POST certificate pay, and split shift differential.

(C) Compensation for uniforms, except as provided in Section 20632.

(D) Other payments the board may determine to be within "special compensation."

(4) Neither "payrate" nor "special compensation" for state members includes any of the following:

(A) The provision by the state employer of a medical or hospital service or care plan or insurance plan for its employees (other than the purchase of annuity contracts as described below in this subdivision), a contribution by the employer to meet the premium or charge for that

plan, or a payment into a private fund to provide health and welfare benefits for employees.

(B) A payment by the state employer of the employee portion of taxes imposed by the Federal Insurance Contribution Act.

(C) Amounts not available for payment of salaries and that are applied by the employer for the purchase of annuity contracts including those that meet the requirements of Section 403(b) of Title 26 of the United States Code.

(D) Benefits paid pursuant to Article 5 (commencing with Section 19878) of Chapter 2.5 of Part 2.6.

(E) Employer payments that are to be credited as employee contributions for benefits provided by this system, or employer payments that are to be credited to employee accounts in deferred compensation plans. The amounts deducted from a member's wages for participation in a deferred compensation plan may not be considered to be "employer payments."

(F) Payments for unused vacation, annual leave, personal leave, sick leave, or compensating time off, whether paid in lump sum or otherwise.

(G) Final settlement pay.

(H) Payments for overtime, including pay in lieu of vacation or holiday.

(I) Compensation for additional services outside regular duties, such as standby pay, callback pay, court duty, allowance for automobiles, and bonuses for duties performed after the member's regular work shift.

(J) Amounts not available for payment of salaries and which are applied by the employer for any of the following:

(i) The purchase of a retirement plan which meets the requirements of Section 401(k) of Title 26 of the United States Code.

(ii) Payment into a money purchase pension plan and trust which meets the requirements of Section 401(a) of Title 26 of the United States Code.

(K) Payments made by the employer to or on behalf of its employees who have elected to be covered by a flexible benefits program, where those payments reflect amounts that exceed the employee's salary.

(L) Other payments the board may determine are not "payrate" or "special compensation."

(5) If the provisions of this subdivision, including the board's determinations pursuant to subparagraph (F) of paragraph (2) and subparagraph (D) of paragraph (3), are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5 or 3560, the memorandum of understanding shall be controlling without further legislative action, except that if the provisions of a memorandum of understanding require the expenditure of funds, those provisions may

not become effective unless approved by the Legislature in the annual Budget Act. No memorandum of understanding reached pursuant to Section 3517.5 or 3560 may exclude from the definition of either "payrate" or "special compensation" a member's base salary payments or payments for time during which the member is excused from work because of holidays, sick leave, vacation, compensating time off, or leave of absence. If items of compensation earnable are included by memorandum of understanding as "payrate" or "special compensation" for retirement purposes for represented and higher education employees pursuant to this paragraph, the Department of Personnel Administration or the Trustees of the California State University shall obtain approval from the board for that inclusion.

(6) (A) Subparagraph (B) of paragraph (3) of this subdivision prescribes that compensation earnable includes compensation for performing normally required duties, such as holiday pay, bonuses (for duties performed on regular work shift), educational incentive pay, maintenance and noncash payments, out-of-class pay, marksmanship pay, hazard pay, motorcycle pay, paramedic pay, emergency medical technician pay, POST certificate pay, and split shift differential; and includes compensation for uniforms, except as provided in Section 20632; and subparagraph (I) of paragraph (4) excludes from compensation earnable compensation for additional services outside regular duties, such as standby pay, callback pay, court duty, allowance for automobile, and bonuses for duties performed after regular work shift.

(B) Notwithstanding subparagraph (A), the Department of Personnel Administration shall determine which payments and allowances that are paid by the state employer shall be considered compensation for retirement purposes for an employee who either is excluded from the definition of state employee in Section 3513, or is a nonelected officer or employee of the executive branch of government who is not a member of the civil service.

(C) Notwithstanding subparagraph (A), the Trustees of the California State University shall determine which payments and allowances that are paid by the trustees shall be considered compensation for retirement purposes for a managerial employee, as defined in Section 3562, or supervisory employee as defined in Section 3580.3.

The governing body of a contracting agency upon receipt of the request of the board pursuant to Section 21154 shall certify to the board its determination under this section that the member is or is not incapacitated. (b) A death benefit in all cases shall be paid in installments in the same manner and amounts as temporary total disability indemnity would have to be made to the employee, unless the appeals board otherwise orders. However, no payment shall be made at a weekly rate of less than two hundred twenty-four dollars ($224).

(c) Disability indemnity shall not be deducted from the death benefit and shall be paid in addition to the death benefit when the injury resulting in death occurs after September 30, 1949.

(d) All rights under this section existing prior to January 1, 1990, shall be continued in force.

SEC. 3. Section 4706.5 of the Labor Code is amended to read:

4706.5. (a) Whenever any fatal injury is suffered by an employee under circumstances that would entitle the employee to compensation benefits, but for his or her death, and the employee does not leave surviving any person entitled to a dependency death benefit, the employer shall pay a sum to the Department of Industrial Relations equal to the total dependency death benefit that would be payable to a surviving spouse with no dependent minor children.

(b) When the deceased employee leaves no surviving dependent, personal representative, heir, or other person entitled to the accrued and unpaid compensation referred to in Section 4700, the accrued and unpaid compensation shall be paid by the employer to the Department of Industrial Relations.

(c) The payments to be made to the Department of Industrial Relations, as required by subdivisions (a) and (b), shall be deposited in the General Fund and shall be credited, as a reimbursement, to any appropriation to the Department of Industrial Relations for payment of the additional compensation for subsequent injury provided in Article 5 (commencing

with Section 4751), in the fiscal year in which the Controller's receipt is issued.

(d) The payments to be made to the Department of Industrial Relations, as required by subdivision (a), shall be paid to the department in a lump sum in the manner provided in subdivision (b) of Section 5101.

(e) The Department of Industrial Relations shall keep a record of all payments due the state under this section, and shall take any steps as may be necessary to collect those amounts.

(f) Each employer, or the employer's insurance carrier, shall notify the administrative director, in any form as the administrative director may prescribe, of each employee death, except when the employer has actual knowledge or notice that the deceased employee left a surviving dependent.

(g) When, after a reasonable search, the employer concludes that the deceased employee left no one surviving who is entitled to a dependency death benefit, and concludes that the death was under circumstances that would entitle the employee to compensation benefits, the employer may voluntarily make the payment referred to in subdivision (a). Payments so made shall be construed as payments made pursuant to an appeals board findings and award. Thereafter, if the appeals board finds that the deceased employee did in fact leave a person surviving who is entitled to a dependency death benefit, upon that finding, all payments referred to in subdivision (a) that have been made shall be forthwith returned to the employer, or if insured, to the employer's workers' compensation carrier that indemnified the employer for the loss.

(h) This section does not apply where there is no surviving person entitled to a dependency death benefit or accrued and unpaid compensation if a death benefit is paid to any person under paragraph (6) of subdivision (a) of Section 4702.

CHAPTER 120

The people of the State of California do enact as follows:

SECTION 1. Section 31680.8 is added to the Government Code, to read:

31680.8. (a) Notwithstanding any other provision of law, a safety member who was required to retire for service because of age during the operative dates of, and as described in, Section 31662.4, 31662.6, 31662.8, or 31663, may be reemployed by the county in the same position that he or she retired from and be reinstated to active membership upon all of the following:

(1) His or her application to the board for reinstatement to active membership.

(2) The determination of the board, based on medical advice, that the member is not incapacitated for the duties of the position assigned to him or her.

(b) The member shall be reinstated to active membership in the plan or tier that he or she retired from, effective the first day of the month following the date of reemployment, and his or her membership shall be the same as if unbroken by retirement. Notwithstanding any other provision of law, the credited service of the member rendered both before and after reinstatement shall be included for the purpose of determining the eligibility of the member for benefits under this chapter.

(c) Upon reemployment pursuant to this section, the retirement allowance of the member shall be cancelled. Upon the subsequent termination of the member from employment, the retirement allowance of the member shall be recalculated on the basis of the credited service rendered both before and after reinstatement pursuant to the formula applicable to the member prior to reinstatement. Notwithstanding any other provision of law, the reinstatement rights conferred by this section shall not entitle a person to a retirement right or benefit that exceeds the limitations in the Internal Revenue Code that apply to public retirement systems.

(d) Upon reinstatement pursuant to this section, the rate of contribution of the member shall be based on the same age at entry that was used in calculating the contribution rate of the member during his or her original period of employment.

(e) This section shall apply only to a county of the first class as described in Section 28020 and shall not become operative in that county until the board of supervisors, by resolution adopted by majority vote, makes this section operative in that county.

CHAPTER 121

(3) Industrial disability leave, during which, benefits are payable pursuant to Sections 4800 and 4850 of the Labor Code, Article 4 (commencing with Section 19869) of Chapter 2.5 of Part 2.6, or Section 44043 or 87042 of the Education Code.

(4) Vacation.

(5) Compensatory time off.

(6) Leave of absence.

(b) When compensation is reported to the board, the employer shall identify the pay period in which the compensation was earned regardless of when reported or paid. CHAPTER 122

An act to amend Section 7145.5 of the Business and Professions Code, relating to contractors.

[Approved by Governor July 24, 2006. Filed with
Secretary of State July 24, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 7145.5 of the Business and Professions Code is amended to read:

7145.5. (a) The registrar may refuse to issue, reinstate, reactivate, or renew a license or may suspend a license for the failure of a licensee to resolve all outstanding final liabilities, which include taxes, additions

to tax, penalties, interest and any fees that may be assessed by the board, the Department of Industrial Relations, the Employment Development Department, or the Franchise Tax Board.

(1) Until the debts covered by this section are satisfied, the qualifying person and any other personnel of record named on a license that has been suspended under this section shall be prohibited from serving in any capacity that is subject to licensure under this chapter, but shall be permitted to act in the capacity of a nonsupervising bona fide employee.

(2) The license of any other renewable licensed entity with any of the same personnel of record that have been assessed an outstanding liability covered by this section shall be suspended until the debt has been satisfied or until the same personnel of record disassociate themselves from the renewable licensed entity.

(b) The refusal to issue a license or the suspension of a license as provided by this section shall be applicable only if the registrar has mailed a notice preliminary to the refusal or suspension that indicates that the license will be refused or suspended by a date certain. This preliminary notice shall be mailed to the licensee at least 60 days before the date certain.

(c) In the case of outstanding final liabilities assessed by the Franchise Tax Board, this section shall be operative within 60 days after the Contractor's State Licensing Board has provided the Franchise Tax Board with the information required under Section 30, relating to licensing information which includes the federal employee identification number or social security number.

(d) All versions of the application for contractor's licenses shall include, as part of the application, an authorization by the applicant, in the form and manner mutually agreeable to the Franchise Tax Board and the board, for the Franchise Tax Board to disclose the tax information that is required for the registrar to administer this section. The Franchise Tax Board may from time to time audit these authorizations.

CHAPTER 123

An act to amend Sections 7102 and 7113.5 of the Business and Professions Code, relating to contractors.

[Approved by Governor July 24, 2006. Filed with Secretary of State July 24, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 7102 of the Business and Professions Code is amended to read:

7102. After suspension of a license upon any of the grounds set forth in this chapter, the registrar may reinstate the license upon proof of compliance by the contractor with all provisions of the decision as to reinstatement or, in the absence of a decision or any provisions of reinstatement, in the sound discretion of the registrar.

After revocation of a license upon any of the grounds set forth in this chapter, the license shall not be reinstated or reissued and a license shall not be issued to any member of the personnel of the revoked licensee found to have had knowledge of or participated in the acts or omissions constituting grounds for revocation, within a minimum period of one year and a maximum period of five years after the final decision of revocation and then only on proper showing that all loss caused by the act or omission for which the license was revoked has been fully satisfied and that all conditions imposed by the decision of revocation have been complied with.

The board shall promulgate regulations covering the criteria to be considered when extending the minimum one-year period. The criteria shall give due consideration to the appropriateness of the extension of time with respect to the following factors:

(a) The gravity of the violation.

(b) The history of previous violations.

(c) Criminal convictions.

When any loss has been reduced to a monetary obligation or debt, however, the satisfaction of the monetary obligation or debt as a prerequisite for the issuance, reissuance, or reinstatement of a license shall not be required to the extent the monetary obligation or debt was discharged in a bankruptcy proceeding. However, any nonmonetary condition not discharged in a bankruptcy proceeding shall be complied with prior to the issuance, the reissuance, or reinstatement of the license.

SEC. 2. Section 7113.5 of the Business and Professions Code is amended to read:

7113.5. The avoidance or settlement by a licensee for less than the full amount of the lawful obligations of the licensee incurred as a contractor, whether by (a) composition, arrangement, or reorganization with creditors under state law, (b) composition, arrangement, or reorganization with creditors under any agreement or understanding, (c) receivership as provided in Chapter 5 (commencing at Section 564) of Title 7 of Part 2 of the Code of Civil Procedure, (d) assignment for

the benefit of creditors, (e) trusteeship, or (f) dissolution, constitutes a cause for disciplinary action.

This section shall not apply to an individual settlement of the obligation of a licensee by the licensee with a creditor that is not a part of or in connection with a settlement with other creditors of the licensee.

No disciplinary action shall be commenced against a licensee for avoiding or settling in bankruptcy, or by composition, arrangement, or reorganization with creditors under federal law, the licensee's lawful obligations incurred as a contractor for less than the full amount of the obligations, so long as the licensee satisfies all of those lawful obligations, to the extent the obligations are not discharged under federal law.

CHAPTER 124

An act to amend Sections 8585 and 8741 of the Health and Safety Code, relating to cemeteries.

[Approved by Governor July 24, 2006. Filed with Secretary of State July 24, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 8585 of the Health and Safety Code is amended to read:

8585. (a) Whenever ownership of any cemetery authority is proposed to be transferred, the cemetery authority shall notify the Cemetery and Funeral Bureau in the Department of Consumer Affairs. A change in ownership, for purposes of this section, shall be deemed to occur whenever more than 50 percent of the equitable ownership of a cemetery authority is transferred in a single transaction or in a related series of transactions to one or more persons, associations, or corporations. The notice shall specify the address of the principal offices of the cemetery authority, and whether it will be changed or unchanged, and shall specify the name and address of each new owner and the stockholders thereof.

(b) Notice of the change of ownership shall be published in a newspaper of general circulation in the county in which the cemetery is located. The notice shall specify the address of the principal offices of the cemetery authority, whether changed or unchanged, and shall specify the name and address of each new owner and each stockholder owning more than 5 percent of the stock of each new owner.

(c) If there is a change of ownership pursuant to this section, the existing certificate of authority shall lapse and a new certificate of authority shall be obtained from the Cemetery and Funeral Bureau. No person shall purchase a cemetery, including purchase at a sale for delinquent taxes, or purchase more than 50 percent of the equitable ownership of a cemetery authority without having obtained a certificate of authority from the Cemetery and Funeral Bureau prior to the purchase of the cemetery or the ownership interest in the cemetery authority.

(d) Every cemetery authority shall post and continuously maintain at each public entrance to the cemetery a sign specifying the current name and address of the cemetery authority, a statement that the name and address of each director and officer of the cemetery authority may be obtained by contacting the Cemetery and Funeral Bureau of the State of California, and shall have either of the following:

(1) The address of the Cemetery and Funeral Bureau.

(2) A statement that the address of the Cemetery and Funeral Bureau is available at the office of the cemetery.

(e) The signs shall be at least 16 inches high and 24 inches wide and shall be prominently mounted upright and vertical.

(f) The Cemetery and Funeral Bureau shall suspend the certificate of authority of any cemetery authority which is in violation of the sign or public notice requirements of this section. The certificate may be reinstated only upon compliance with these requirements.

SEC. 2. Section 8741 of the Health and Safety Code is amended to read:

8741. Each endowment care cemetery shall post in a conspicuous place at or near the entrance of the cemetery and at its administration building and readily accessible to the public, a legible sign that shall contain the following information in the order and manner set forth below:

(b) The statement, "This is an endowment care interment property."

CHAPTER 125

An act to amend Section 8880.325 of the Government Code, relating to the California State Lottery.

[Approved by Governor July 24, 2006. Filed with Secretary of State July 24, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 8880.325 of the Government Code is amended to read:

8880.325. The right of any person to a prize shall not be assignable, except that the payment of any prize may be assigned, in whole or in part, as provided by Section 8880.326 and this section under any of the following circumstances:

(a) An assignment executed by the prizewinner on a form approved by, and filed with, the commission during the prizewinner's lifetime in accordance with regulations adopted by the commission, to a trust that by its terms is revocable and that is established by the prizewinner for the benefit of the prizewinner as a beneficiary and governed by the laws of the state.

(b) An appropriate judicial order appointing a conservator or a guardian for the protection of the prizewinner or for adjudicating rights to, or ownership of, the prize.

(c) An assignment, as collateral, to a person to secure a loan pursuant to Division 9 (commencing with Section 9101) of the Commercial Code. The assignment as collateral of the right to receive payment of a prize shall be subject to all of the following:

(1) All security agreements, rights of the prizewinner, and rights of the secured creditor shall be determined pursuant to the laws of the state.

(2) In the event of a default under the loan or security agreement, the secured creditor's rights shall be limited to receiving the regular payments made by the lottery, based on the prizewinner's right to receive a regular prize payment until the obligation has been paid in full or the prize has been paid in full, whichever occurs first. Notwithstanding Division 9 (commencing with Section 9101) of the Commercial Code, the secured creditor shall not have the right to sell or assign the prizewinner's rights to payments to itself or to any other person. This section shall not limit the secured creditor's right to sell, assign, or transfer the obligation of the debtor and related security interest to a third party.

(3) The prizewinner and secured creditor may agree, and may jointly instruct the lottery, to directly deposit all prizewinning payments into an account maintained by the prizewinner at a federally insured financial institution located within the state. This account may be subject to the secured creditor's lien. Upon receipt of these instructions, the lottery shall continue to deposit all payments due the prizewinner into the account until the lottery receives notification from both the secured creditor and the prizewinner that the payments are to be made to an account maintained at another bank or that the secured creditor releases or terminates the security interest in the prizewinner's payments.

(4) (A) The prizewinner, pursuant to an order of the court obtained in compliance with subdivision (d), may direct the lottery to make the prize payments, in whole or in part, directly to the secured creditor. A direction to the lottery to make a prize payment to a secured creditor shall not, in itself, constitute an assignment of the prize payment to the secured creditor.

(B) For purposes of this paragraph and subdivision (d), "assignee" and "secured creditor" are synonymous, and "assignment" or "prize payment" means the payment that is directed to be paid to the secured creditor.

(5) For purposes of perfecting the security interest of the secured creditor, the right of the prizewinner to receive payments is deemed to be a contract right that is perfected by the filing of a financing statement with the office of the Secretary of State.

(6) A copy of the security agreement, an endorsed copy of the financing statement, and the joint instruction to deposit the prizewinner's payments directly into an account, if any, at the financial institution shall be filed with the lottery. Notwithstanding the security interest granted a creditor, all lottery payments shall be made payable directly to the prizewinner, except as follows:

(A) Payments sent directly to the financial institution designated pursuant to paragraph (3).

(B) In the event of a default under the security agreement or obligation it secures, payments sent directly to the secured creditor pursuant to an order of a court of competent jurisdiction determining that the payments are to be made directly to the secured creditor.

(7) Upon the termination or release of the security interest, the secured creditor shall file an endorsed copy of the release or termination of the security interest with the lottery.

(d) Except as provided in subdivision (j), an assignment of future payments to another person designated pursuant to an appropriate judicial order of a California superior court or a federal court having jurisdiction over property located within California, if the court determines and states in its order all of the following:

(1) That the prizewinner was represented by independent legal counsel whose name and State Bar of California number appears as counsel of record on all pleadings filed in any and all court proceedings. The prizewinner's legal counsel shall appear as counsel of record at any proceedings that are required by the court.

(2) That the prizewinner has represented to the court either by sworn testimony if a personal appearance is required by the court, or by written declaration filed with the court under penalty of perjury, and that the court has determined these representations to be true and correct, that

the prizewinner (A) has reviewed and understands the terms and effects of the assignment, (B) understands that he or she will not receive the prize payments or portions thereof for the years assigned, (C) has entered into the agreement of his or her own free will without undue influence or duress and not under the influence of drugs or alcohol, (D) has had an opportunity to retain independent financial and tax advice, and (E) has been represented by independent legal counsel, who has advised the prizewinner of his or her legal rights and obligations under the assignment.

(3) It shall be the responsibility of the prizewinner to bring to the attention of the court, either by sworn testimony or by written declaration submitted under penalty of perjury, the existence or nonexistence of a current spouse. If married, the prizewinner shall identify his or her spouse and submit to the court a signed and notarized statement wherein the spouse consents to the assignment. If the prizewinner is married and the notarized statement is not presented to the court, the court shall determine, to the extent necessary and as appropriate under applicable law, the ability of the prizewinner to make the proposed assignment without the spouse's consent.

(4) The specific prize payment or payments assigned, or any portion thereof, including the dates and amounts of the payments to be assigned, the years in which each payment is to begin and end, the gross amount of the annual payments assigned before taxes, the prizewinner's name as it appears on the lottery claim form, the full legal name of the assignor if different than the prizewinner's name as it appears on the lottery claim form, the assignor's social security or tax identification number, the assignee's full legal name and social security or tax identification number, and, if applicable, the citizenship or resident alien number of the assignee if a natural person.

(5) Expressly identifies the amount, the date if available, any nonspouse coowner, claimant, or lienholder, and the interests, liens, security interests, assignments, or offsets asserted by the state or other persons against any of the prize payments, including, but not limited to, those payments that are the subject of the proposed assignment as those interests, liens, security interests, assignments, or offsets have been represented to the court by the prizewinner in a written declaration signed under penalty of perjury and filed with the court.

(6) That the lottery and the State of California are not parties to the proceeding and that the lottery and the state may rely upon the order in disbursing the prize payments that are the subject of the order. Further, that upon payment of prize moneys pursuant to an order of the court, the lottery, the director, the commission, and the employees of the lottery and the state shall be discharged of any and all liability for the prize

paid, and these persons and entities shall have no duty or obligation to any person asserting another interest in, or right to receive, the prize payment.

(7) That the prizewinner or the proposed assignee has obtained and filed with the court a notification from the lottery of any liens, levies, or claims, and the Controller's office of any offsets asserted as of that time against the prizewinner, as reflected in their respective official records as of the time of the notification. The date of the notification shall not be more than 20 days prior to the court hearing, unless extended by the court.

(e) The assignment of the right to receive any prize payment or payments by the prizewinner pursuant to subdivision (d) shall be conditioned on the following terms, conditions, and rights, which may not be waived or modified by the prizewinner:

(1) The payment of moneys to, or on behalf of, the prizewinner by the assignee in consideration for the assignment of the prize payment or payments shall be made in full prior to the time when, under the terms of the assignment, the lottery is required to make the first prize payment to the assignee, or may be made in two installments, the first being paid prior to the time when, under the terms of the assignment, the lottery is required to make the first prize payment to the assignee and the second installment within 11 months thereafter. The second installment shall not be in an amount that exceeds the first installment. Notwithstanding the foregoing, any other installment payment schedule is permitted if the installment obligation relating to the installments is guaranteed by a financial institution, as defined in paragraph (2) of subdivision (a) of Section 4981 of the Financial Code, or a brokerage firm that is a member of the Securities Investor Protection Corporation, as required by the federal Securities Investor Protection Act of 1970 (15 U.S.C. Sec. 78aaa et seq.).

(2) If the prizewinner elects to accept the consideration to be paid for the assignment in two installments as provided in paragraph (1), the prizewinner shall have a special lien for the balance of any payment due, effective without any further action, agreement, or notice, on any of the prize payments assigned by the prizewinner for the payment of moneys from the assignee. This lien shall terminate upon the prizewinner receiving actual payment of the moneys. The tendering of a check, payment instrument, or recital of payment shall not constitute actual payment of moneys for the purposes of this paragraph. Notwithstanding the foregoing, if a prizewinner accepts an installment obligation guaranteed by an FDIC or SIPC insured entity, then the lien created by this section shall automatically terminate upon deliver of the installment obligation.

(3) The Legislature finds and declares that the creation of a statutory lien in favor of a prizewinner is necessary to protect the rights of the prizewinner from any creditors, subsequent bankruptcy trustees of the assignee, or from any subsequent assignees when the prizewinner has not received full payment for the assigned prize payments.

(f) Prior to the assignment of any prize as provided in subdivisions (c) and (d), the Controller shall determine whether the prizewinner owes any obligation that is subject to offset under Article 2 (commencing with Section 12410) of Chapter 5 of Part 2 of Division 3 and shall provide written notification of that determination to the lottery and to the Secretary of State.

(g) If the lottery determines that the court order issued pursuant to subdivision (d) is complete and correct in all respects, the lottery shall send the prizewinner and the assignee or assignees written confirmation of receipt of the court-ordered assignment and of the lottery's intention to rely thereon in making future payments to the assignee or assignees named in the court order.

(h) Notwithstanding any other provision of law, by entering into an agreement to assign any prize payments pursuant to subdivision (c) or (d), a prizewinner shall be deemed to have waived any statutory period of limitation as to the State of California enforcing any rights against annual prize payments due after the last assigned payment is paid or released, if assigned as collateral, from the lien granted the secured creditor. No assignment of prize payments pursuant to either subdivision (c) or (d) shall be valid or allowed for the final three annual prize payments from the lottery to the prizewinner.

(i) Any loans made to a prizewinner pursuant to this section shall be exempt from the usury provisions of Article XV of the California Constitution with respect to an assignment of a lottery prize as collateral to secure a loan.

(j) (1) Notwithstanding any other provision of this section, no prizewinner shall have the right to assign prize payments pursuant to subdivision (d) or direct the payment of a prize pursuant to paragraph (4) of subdivision (c) if any of the following occurs:

(A) The issuance by the United States Internal Revenue Service (IRS) of a technical rule letter, revenue ruling, or other public ruling of the IRS in which the IRS determines that, based upon the right of assignment provided in subdivision (d), a California lottery prizewinner who does not assign any prize payments pursuant to subdivision (d) would be subject to an immediate income tax liability for the value of the entire prize rather than annual income tax liability for each installment when paid.

(B) The issuance by a court of competent jurisdiction of a published decision holding that, based upon the right of assignment provided in subdivision (d), a California lottery prizewinner who does not assign any prize payments pursuant to subdivision (d) would be subject to an immediate income tax liability for the value of the entire prize rather than annual income tax liability for each installment when paid.

(2) Upon receipt of a letter or ruling from the IRS or a published decision of a court of competent jurisdiction, as specified in paragraph (1), the director shall immediately file a copy of that letter, ruling, or published decision with the Secretary of State.

Immediately upon the filing by the director of a letter, ruling, or published decision with the Secretary of State, a prizewinner shall be ineligible to assign a prize pursuant to subdivision (d) or direct the payment of a prize pursuant to paragraph (4) of subdivision (c).

SEC. 2. The Legislature finds and declares that this act furthers the purpose of the California State Lottery Act of 1984 enacted by Proposition 37 at the November 6, 1984, general election.

14115. (a) Bills for service under this chapter shall be submitted not more than six months after the month in which the service is rendered, and shall be in the form prescribed by the director, except that in the event the patient does not identify himself or herself to the provider as a Medi-Cal beneficiary within four months after the month in which the service was rendered, the provider shall be entitled to submit his or her statement at any time within 60 days after that date certified by the provider as the date the patient was first identified as a Medi-Cal beneficiary. However, the date certified by the provider as the date the patient was first so identified shall not be later than one year after the month in which the service was rendered. Whenever a provider has submitted a claim to a liable third party, the provider shall have one year after the month in which the service is rendered for submission of the bill. Whenever a legal proceeding has been commenced with either an administrative or judicial tribunal concerning a bill for which the provider is attempting to obtain payment from a liable third party, the provider shall have one year in which to submit the bill after the month in which the services have been rendered. A copy of the pleadings shall be conclusively presumed to be sufficient evidence of commencement of a legal proceeding.

(b) The director may, where he or she finds that delay in the submission of bills was caused by circumstances beyond the control of the provider, extend the period for submission of bills for a period not to exceed one year.

(c) (1) Reimbursement for an original claim, submitted for payment between 6 and 12 months after the month of service, that does not meet any of the exceptions allowing billing after six months as specified in

subdivisions (a) and (b), or the exception specified in subdivision (f), shall be reduced as follows:

(A) The amount otherwise payable by Medi-Cal shall be reduced by 25 percent for claims submitted during the seventh through the ninth month after the month of service.

(2) The director may establish exceptions through regulations, for claims submitted beyond the one-year billing limitation, to the extent full federal participation is available.

(3) The reductions specified in paragraph (1) shall not apply to a Medi-Cal program for which there is no state General Fund match, including, but not limited to, the Local Education Agency (LEA) Medi-Cal Billing Option program and the Targeted Case Management (TCM) program.

(d) For the purposes of this section, identification of a patient as a Medi-Cal beneficiary shall mean presentation to the provider of the patient's Medi-Cal card.

(e) No further followup shall be required, after the provider receives acknowledgment of a claim inquiry from the fiscal intermediary, until the claim is paid or denied, except that this period shall not exceed one year from the date of acknowledgment. Within one year from the date of acknowledgment the next level of appeal shall be utilized by the provider.

(f) To the extent permitted by federal law, when a state of emergency has been declared by either the President of the United States or the Governor, the director, in order to ensure continued access to health care services, may remit payment for services without the submission of required documentation, to any provider in good standing under the Medi-Cal program who, due to destruction, loss, or inaccessibility of data as a result of the emergency situation, is unable to submit claims. Emergency payments may be made for a period of up to six months from the date of the emergency declaration. All requests for emergency payment shall include adequate justification for payment, as required by the director, and shall be paid based on the previous claims history of the requesting provider held by the department.

The amount of electricity required to be generated from solar energy systems used as an offset pursuant to this subdivision shall be equal to the amount of electricity generated by solar energy systems installed on a similarly sized project within that climate zone, assuming 20 percent of the prospective buyers would have installed solar energy systems.

(d) The requirements of this section shall not operate as a substitute for the implementation of existing energy efficiency measures, and the requirements of this section shall not result in lower energy savings or lower energy efficiency levels than would otherwise be achieved by the full implementation of energy savings and energy efficiency standards established pursuant to Section 25402.

SEC. 3. Section 25405.6 is added to the Public Resources Code, to read:

25405.6. Not later than July 1, 2007, the commission shall initiate a public proceeding to study and make findings whether, and under what conditions, solar energy systems should be required on new residential and new nonresidential buildings, including the establishment of numerical targets. As part of the study, the commission may determine that a solar energy system should not be required for any building unless the commission determines, based upon consideration of all costs associated with the system, that the system is cost effective when amortized over the economic life of the structure. When determining the cost-effectiveness of the solar energy system, the commission shall consider the availability of governmental rebates, tax deductions, net-metering, and other quantifiable factors, if the commission can determine the availability of these financial incentives if a solar energy system is made mandatory and not elective. The commission shall periodically update the study and incorporate any revision that the commission determines is necessary, including revisions that reflect changes in the financial incentives originally considered by the commission when determining cost-effectiveness of the solar energy system. For purposes of this section, "solar energy system" means a photovoltaic solar collector or other photovoltaic solar energy device that has a primary purpose of providing for the collection and distribution of solar energy for the generation of electricity. This section is intended to be for study purposes only and does not authorize the commission to develop and adopt any requirement for solar energy systems on either residential or nonresidential buildings.

SEC. 4. Chapter 8.8 (commencing with Section 25780) is added to Division 15 of the Public Resources Code, to read:

Chapter 8.8. California Solar Initiative

25780. The Legislature finds and declares both of the following:

(a) It is the goal of the state to install solar energy systems with a generation capacity equivalent of 3,000 megawatts, to establish a self-sufficient solar industry in which solar energy systems are a viable mainstream option for both homes and businesses in 10 years, and to place solar energy systems on 50 percent of new homes in 13 years.

(b) A solar initiative should be a cost-effective investment by ratepayers in peak electricity generation capacity where ratepayers recoup the cost of their investment through lower rates as a result of avoiding purchases of electricity at peak rates, with additional system reliability and pollution reduction benefits.

25781. As used in this chapter, the following terms have the following meanings:

(a) "California Solar Initiative" means the program providing ratepayer funded incentives for eligible solar energy systems adopted by the Public Utilities Commission in Decision 06-01-024.

(b) "kW" means kilowatts or 1,000 watts, as measured from the alternating current side of the solar energy system inverter consistent with Section 223 of Title 15 of the United States Code.

(c) "kWh" means kilowatthours, as measured by the number of kilowatts generated in an hour.

(d) "MW" means megawatts or 1,000,000 watts.

(e) "Solar energy system" means a solar energy device that has the primary purpose of providing for the collection and distribution of solar energy for the generation of electricity, that produces at least one kW, and not more than five MW, alternating current rated peak electricity, and that meets or exceeds the eligibility criteria established pursuant to Section 25782.

25782. (a) The commission shall, by January 1, 2008, in consultation with the Public Utilities Commission, local publicly owned electric utilities, and interested members of the public, establish eligibility criteria for solar energy systems receiving ratepayer funded incentives that include all of the following:

(1) Design, installation, and electrical output standards or incentives.

(2) The solar energy system is intended primarily to offset part or all of the consumer's own electricity demand.

(3) All components in the solar energy system are new and unused, and have not previously been placed in service in any other location or for any other application.

(4) The solar energy system has a warranty of not less than 10 years to protect against defects and undue degradation of electrical generation output.

(5) The solar energy system is located on the same premises of the end-use consumer where the consumer's own electricity demand is located.

(6) The solar energy system is connected to the electrical corporation's electrical distribution system within the state.

(7) The solar energy system has meters or other devices in place to monitor and measure the system's performance and the quantity of electricity generated by the system.

(8) The solar energy system is installed in conformance with the manufacturer's specifications and in compliance with all applicable electrical and building code standards.

(b) The commission shall establish conditions on ratepayer funded incentives that require all of the following:

(1) Appropriate siting and high quality installation of the solar energy system by developing installation guidelines that maximize the performance of the system and prevent qualified systems from being inefficiently or inappropriately installed. The conditions established by the commission shall not impact housing designs or densities presently authorized by a city, county, or city and county. The goal of this paragraph is to achieve efficient installation of solar energy systems to promote the greatest energy production per ratepayer dollar.

(2) Optimal solar energy system performance during periods of peak electricity demand.

(3) Appropriate energy efficiency improvements in the new or existing home or commercial structure where the solar energy system is installed.

(c) The commission shall set rating standards for equipment, components, and systems to assure reasonable performance and shall develop standards that provide for compliance with the minimum ratings.

(d) Upon establishment of eligibility criteria pursuant to subdivision (a), no ratepayer funded incentives shall be made for a solar energy system that does not meet the eligibility criteria.

25783. The commission shall do all the following:

(a) Publish educational materials designed to demonstrate how builders may incorporate solar energy systems during construction as well as energy efficiency measures that best complement solar energy systems.

(b) Develop and publish the estimated annual electrical generation and savings for solar energy systems. The estimates shall vary by climate zone, type of system, size, lifecycle costs, electricity prices, and other factors the commission determines to be relevant to a consumer when making a purchasing decision.

(c) Provide assistance to builders and contractors. The assistance may include technical workshops, training, educational materials, and related research.

(d) The commission shall annually conduct random audits of solar energy systems to evaluate their operational performance.

(e) The commission, in consultation with the Public Utilities Commission, shall evaluate the costs and benefits of having an increased number of operational solar energy systems as a part of the electrical system with respect to their impact upon the distribution, transmission, and supply of electricity, using the best available load profiling and distribution operations data from the Public Utilities Commission, local publicly owned electric utilities, and electrical corporations, and performance audits of installed solar energy systems.

25784. The commission shall adopt guidelines for solar energy systems receiving ratepayer funded incentives at a publicly noticed meeting offering all interested parties an opportunity to comment. Not less than 30 days' public notice shall be given of the meeting required by this section, before the commission initially adopts guidelines. Substantive changes to the guidelines shall not be adopted without at least 10 days' written notice to the public. Notwithstanding any other provision of law, any guidelines adopted pursuant to this chapter shall be exempt from the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 5. Section 387.5 is added to the Public Utilities Code, to read:

387.5. (a) In order to further the state goal of encouraging the installation of 3,000 megawatts of photovoltaic solar energy in California within 10 years, the governing body of a local publicly owned electric utility, as defined in subdivision (d) of Section 9604, that sells electricity at retail, shall adopt, implement, and finance a solar initiative program, funded in accordance with subdivision (b), for the purpose of investing in, and encouraging the increased installation of, residential and commercial solar energy systems.

(b) On or before January 1, 2008, a local publicly owned electric utility shall offer monetary incentives for the installation of solar energy systems of at least two dollars and eighty cents ($2.80) per installed watt, or for the electricity produced by the solar energy system, measured in kilowatthours, as determined by the governing board of a local publicly owned electric utility, for photovoltaic solar energy systems. The incentive level shall decline each year thereafter at a rate of no less than an average of 7 percent per year.

(c) A local publicly owned electric utility shall initiate a public proceeding to fund a solar energy program to adequately support the

goal of installing 3,000 megawatts of photovoltaic solar energy in California. The proceeding shall determine what additional funding, if any, is necessary to provide the incentives pursuant to subdivision (b). The public proceeding shall be completed and the comprehensive solar energy program established by January 1, 2008.

(d) The solar energy program of a local publicly owned electric utility shall be consistent with all of the following:

(1) That a solar energy system receiving monetary incentives comply with the eligibility criteria, design, installation, and electrical output standards or incentives established by the State Energy Resources Conservation and Development Commission pursuant to Section 25782 of the Public Resources Code.

(2) That solar energy systems receiving monetary incentives are intended primarily to offset part or all of the consumer's own electricity demand.

(3) That all components in the solar energy system are new and unused, and have not previously been placed in service in any other location or for any other application.

(4) That the solar energy system has a warranty of not less than 10 years to protect against defects and undue degradation of electrical generation output.

(5) That the solar energy system be located on the same premises of the end-use consumer where the consumer's own electricity demand is located.

(6) That the solar energy system be connected to the electric utility's electrical distribution system within the state.

(7) That the solar energy system has meters or other devices in place to monitor and measure the system's performance and the quantity of electricity generated by the system.

(8) That the solar energy system be installed in conformance with the manufacturer's specifications and in compliance with all applicable electrical and building code standards.

(e) A local publicly owned electric utility shall, on an annual basis beginning June 1, 2008, make available to its customers, to the Legislature, and to the State Energy Resources Conservation and Development Commission, information relating to the utility's solar initiative program established pursuant to this section, including, but not limited to, the number of photovoltaic solar watts installed, the total number of photovoltaic systems installed, the total number of applicants, the amount of incentives awarded, and the contribution toward the program goals.

(f) In establishing the program required by this section, no moneys shall be diverted from any existing programs for low-income ratepayers, or from cost-effective energy efficiency or demand response programs.

(g) The statewide expenditures for solar programs adopted, implemented, and financed by local publicly owned electric utilities shall be seven hundred eighty-four million dollars ($784,000,000). The expenditure level for each local publicly owned electric utility shall be based on that utility's percentage of the total statewide load served by all local publicly owned electric utilities. Expenditures by a local publicly owned electric utility may be less than the utility's cap amount, provided that funding is adequate to provide the incentives required by subdivisions (a) and (b).

SEC. 6. Section 2827 of the Public Utilities Code is amended to read:

2827. (a) The Legislature finds and declares that a program to provide net energy metering for eligible customer-generators is one way to encourage substantial private investment in renewable energy resources, stimulate in-state economic growth, reduce demand for electricity during peak consumption periods, help stabilize California's energy supply infrastructure, enhance the continued diversification of California's energy resource mix, and reduce interconnection and administrative costs for electricity suppliers.

(b) As used in this section, the following definitions apply:

(1) "Electric service provider" means an electrical corporation, as defined in Section 218, a local publicly owned electric utility, as defined in Section 9604, or an electrical cooperative, as defined in Section 2776, or any other entity that offers electrical service. This section shall not apply to a local publicly owned electric utility, as defined in Section 9604 of the Public Utilities Code, that serves more than 750,000 customers and that also conveys water to its customers.

(2) "Eligible customer-generator" means a residential, small commercial customer as defined in subdivision (h) of Section 331, commercial, industrial, or agricultural customer of an electric service provider, who uses a solar or a wind turbine electrical generating facility, or a hybrid system of both, with a capacity of not more than one megawatt that is located on the customer's owned, leased, or rented premises, is interconnected and operates in parallel with the electric grid, and is intended primarily to offset part or all of the customer's own electrical requirements.

(3) "Net energy metering" means measuring the difference between the electricity supplied through the electric grid and the electricity generated by an eligible customer-generator and fed back to the electric grid over a 12-month period as described in subdivision (h). Net energy metering shall be accomplished using a single meter capable of

registering the flow of electricity in two directions. An additional meter or meters to monitor the flow of electricity in each direction may be installed with the consent of the customer-generator, at the expense of the electric service provider, and the additional metering shall be used only to provide the information necessary to accurately bill or credit the customer-generator pursuant to subdivision (h), or to collect solar or wind electric generating system performance information for research purposes. If the existing electrical meter of an eligible customer-generator is not capable of measuring the flow of electricity in two directions, the customer-generator shall be responsible for all expenses involved in purchasing and installing a meter that is able to measure electricity flow in two directions. If an additional meter or meters are installed, the net energy metering calculation shall yield a result identical to that of a single meter. An eligible customer-generator who already owns an existing solar or wind turbine electrical generating facility, or a hybrid system of both, is eligible to receive net energy metering service in accordance with this section.

(4) "Wind energy co-metering" means any wind energy project greater than 50 kilowatts, but not exceeding one megawatt, where the difference between the electricity supplied through the electric grid and the electricity generated by an eligible customer-generator and fed back to the electric grid over a 12-month period is as described in subdivision (h). Wind energy co-metering shall be accomplished pursuant to Section 2827.8.

(5) "Co-energy metering" means a program that is the same in all other respects as a net energy metering program, except that the local publicly owned electric utility, as defined in Section 9604, has elected to apply a generation-to-generation energy and time-of-use credit formula as provided in subdivision (i).

(6) "Ratemaking authority" means, for an electrical corporation as defined in Section 218, or an electrical cooperative as defined in Section 2776, the commission, and for a local publicly owned electric utility as defined in Section 9604, the local elected body responsible for regulating the rates of the local publicly owned utility.

(c) (1) Every electric service provider shall develop a standard contract or tariff providing for net energy metering, and shall make this contract available to eligible customer-generators, upon request, on a first-come-first-served basis until the time that the total rated generating capacity used by eligible customer-generators exceeds 2.5 percent of the electric service provider's aggregate customer peak demand.

(2) On an annual basis, beginning in 2003, every electric service provider shall make available to the ratemaking authority information on the total rated generating capacity used by eligible

customer-generators that are customers of that provider in the provider's service area. For those electric service providers who are operating pursuant to Section 394, they shall make available to the ratemaking authority the information required by this paragraph for each eligible customer-generator that is their customer for each service area of an electric corporation, local publicly owned electric utility, or electrical cooperative, in which the customer has net energy metering. The ratemaking authority shall develop a process for making the information required by this paragraph available to energy service providers, and for using that information to determine when, pursuant to paragraph (3), a service provider is not obligated to provide net energy metering to additional customer-generators in its service area.

(3) Notwithstanding paragraph (1), an electric service provider is not obligated to provide net energy metering to additional customer-generators in its service area when the combined total peak demand of all customer-generators served by all the electric service providers in that service area furnishing net energy metering to eligible customer-generators exceeds 2.5 percent of the aggregate customer peak demand of those electric service providers.

(4) By January 1, 2010, the commission, in consultation with the State Energy Resources Conservation and Development Commission, shall submit a report to the Governor and the Legislature on the costs and benefits of net energy metering, wind energy co-metering, and co-energy metering to participating customers and nonparticipating customers and with options to replace the economic costs and benefits of net energy metering, wind energy co-metering, and co-energy metering with a mechanism that more equitably balances the interests of participating and nonparticipating customers, and that incorporates the findings of the report on economic and environmental costs and benefits of net metering required by subdivision (n).

(d) Electric service providers shall make all necessary forms and contracts for net metering service available for download from the Internet.

(e) (1) Every electric service provider shall ensure that requests for establishment of net energy metering are processed in a time period not exceeding that for similarly situated customers requesting new electric service, but not to exceed 30 working days from the date the electric service provider receives a completed application form for net metering service, including a signed interconnection agreement from an eligible customer-generator and the electric inspection clearance from the governmental authority having jurisdiction. If an electric service provider is unable to process the request within the allowable timeframe, the electric service provider shall notify both the customer-generator and

the ratemaking authority of the reason for its inability to process the request and the expected completion date.

(2) Electric service providers shall ensure that requests for an interconnection agreement from an eligible customer-generator are processed in a time period not to exceed 30 working days from the date the electric service provider receives a completed application form from the eligible customer-generator for an interconnection agreement. If an electric service provider is unable to process the request within the allowable timeframe, the electric service provider shall notify the customer-generator and the ratemaking authority of the reason for its inability to process the request and the expected completion date.

(f) (1) If a customer participates in direct transactions pursuant to paragraph (1) of subdivision (b) of Section 365 with an electric supplier that does not provide distribution service for the direct transactions, the service provider that provides distribution service for an eligible customer-generator is not obligated to provide net energy metering to the customer.

(2) If a customer participates in direct transactions pursuant to paragraph (1) of subdivision (b) of Section 365 with an electric supplier, and the customer is an eligible customer-generator, the service provider that provides distribution service for the direct transactions may recover from the customer's electric service provider the incremental costs of metering and billing service related to net energy metering in an amount set by the ratemaking authority.

(g) Except for the time-variant kilowatthour pricing portion of any tariff adopted by the commission pursuant to paragraph (4) of subdivision (a) of Section 2851, each net energy metering contract or tariff shall be identical, with respect to rate structure, all retail rate components, and any monthly charges, to the contract or tariff to which the same customer would be assigned if the customer did not use an eligible solar or wind electrical generating facility, except that eligible customer-generators shall not be assessed standby charges on the electrical generating capacity or the kilowatthour production of an eligible solar or wind electrical generating facility. The charges for all retail rate components for eligible customer-generators shall be based exclusively on the customer-generator's net kilowatthour consumption over a 12-month period, without regard to the customer-generator's choice of electric service provider. Any new or additional demand charge, standby charge, customer charge, minimum monthly charge, interconnection charge, or any other charge that would increase an eligible customer-generator's costs beyond those of other customers who are not customer-generators in the rate class to which the eligible customer-generator would otherwise be assigned if the customer did not own, lease, rent, or otherwise operate

an eligible solar or wind electrical generating facility are contrary to the intent of this section, and shall not form a part of net energy metering contracts or tariffs.

(h) For eligible residential and small commercial customer-generators, the net energy metering calculation shall be made by measuring the difference between the electricity supplied to the eligible customer-generator and the electricity generated by the eligible customer-generator and fed back to the electric grid over a 12-month period. The following rules shall apply to the annualized net metering calculation:

(1) The eligible residential or small commercial customer-generator shall, at the end of each 12-month period following the date of final interconnection of the eligible customer-generator's system with an electric service provider, and at each anniversary date thereafter, be billed for electricity used during that period. The electric service provider shall determine if the eligible residential or small commercial customer-generator was a net consumer or a net producer of electricity during that period.

(2) At the end of each 12-month period, where the electricity supplied during the period by the electric service provider exceeds the electricity generated by the eligible residential or small commercial customer-generator during that same period, the eligible residential or small commercial customer-generator is a net electricity consumer and the electric service provider shall be owed compensation for the eligible customer-generator's net kilowatthour consumption over that same period. The compensation owed for the eligible residential or small commercial customer-generator's consumption shall be calculated as follows:

(A) For all eligible customer-generators taking service under tariffs employing "baseline" and "over baseline" rates, any net monthly consumption of electricity shall be calculated according to the terms of the contract or tariff to which the same customer would be assigned to or be eligible for if the customer was not an eligible customer-generator. If those same customer-generators are net generators over a billing period, the net kilowatthours generated shall be valued at the same price per kilowatthour as the electric service provider would charge for the baseline quantity of electricity during that billing period, and if the number of kilowatthours generated exceeds the baseline quantity, the excess shall be valued at the same price per kilowatthour as the electric service provider would charge for electricity over the baseline quantity during that billing period.

(B) For all eligible customer-generators taking service under tariffs employing "time of use" rates, any net monthly consumption of electricity

shall be calculated according to the terms of the contract or tariff to which the same customer would be assigned to or be eligible for if the customer was not an eligible customer-generator. When those same customer-generators are net generators during any discrete time of use period, the net kilowatthours produced shall be valued at the same price per kilowatthour as the electric service provider would charge for retail kilowatthour sales during that same time of use period. If the eligible customer-generator's time of use electrical meter is unable to measure the flow of electricity in two directions, paragraph (3) of subdivision (b) shall apply.

(C) For all residential and small commercial customer-generators and for each billing period, the net balance of moneys owed to the electric service provider for net consumption of electricity or credits owed to the customer-generator for net generation of electricity shall be carried forward as a monetary value until the end of each 12-month period. For all commercial, industrial, and agricultural customer-generators the net balance of moneys owed shall be paid in accordance with the electric service provider's normal billing cycle, except that if the commercial, industrial, or agricultural customer-generator is a net electricity producer over a normal billing cycle, any excess kilowatthours generated during the billing cycle shall be carried over to the following billing period as a monetary value, calculated according to the procedures set forth in this section, and appear as a credit on the customer-generator's account, until the end of the annual period when paragraph (3) shall apply.

(3) At the end of each 12-month period, where the electricity generated by the eligible customer-generator during the 12-month period exceeds the electricity supplied by the electric service provider during that same period, the eligible customer-generator is a net electricity producer and the electric service provider shall retain any excess kilowatthours generated during the prior 12-month period. The eligible customer-generator shall not be owed any compensation for those excess kilowatthours unless the electric service provider enters into a purchase agreement with the eligible customer-generator for those excess kilowatthours.

(4) The electric service provider shall provide every eligible residential or small commercial customer-generator with net electricity consumption information with each regular bill. That information shall include the current monetary balance owed the electric service provider for net electricity consumed since the last 12-month period ended. Notwithstanding this subdivision, an electric service provider shall permit that customer to pay monthly for net energy consumed.

(5) If an eligible residential or small commercial customer-generator terminates the customer relationship with the electric service provider,

the electric service provider shall reconcile the eligible customer-generator's consumption and production of electricity during any part of a 12-month period following the last reconciliation, according to the requirements set forth in this subdivision, except that those requirements shall apply only to the months since the most recent 12-month bill.

(6) If an electric service provider providing net metering to a residential or small commercial customer-generator ceases providing that electrical service to that customer during any 12-month period, and the customer-generator enters into a new net metering contract or tariff with a new electric service provider, the 12-month period, with respect to that new electric service provider, shall commence on the date on which the new electric service provider first supplies electric service to the customer-generator.

(i) Notwithstanding any other provisions of this section, the following provisions shall apply to an eligible customer-generator with a capacity of more than 10 kilowatts, but not exceeding one megawatt, that receives electrical service from a local publicly owned electric utility, as defined in Section 9604, that has elected to utilize a co-energy metering program unless the electric service provider chooses to provide service for eligible customer-generators with a capacity of more than 10 kilowatts in accordance with subdivisions (g) and (h):

(1) The eligible customer-generator shall be required to utilize a meter, or multiple meters, capable of separately measuring electricity flow in both directions. All meters shall provide "time-of-use" measurements of electricity flow, and the customer shall take service on a time-of-use rate schedule. If the existing meter of the eligible customer-generator is not a time-of-use meter or is not capable of measuring total flow of energy in both directions, the eligible customer-generator shall be responsible for all expenses involved in purchasing and installing a meter that is both time-of-use and able to measure total electricity flow in both directions. This subdivision shall not restrict the ability of an eligible customer-generator to utilize any economic incentives provided by a government agency or the electric service provider to reduce its costs for purchasing and installing a time-of-use meter.

(2) The consumption of electricity from the electric service provider shall result in a cost to the eligible customer-generator to be priced in accordance with the standard rate charged to the eligible customer-generator in accordance with the rate structure to which the customer would be assigned if the customer did not use an eligible solar or wind electrical generating facility. The generation of electricity provided to the electric service provider shall result in a credit to the eligible customer-generator and shall be priced in accordance with the

generation component, established under the applicable structure to which the customer would be assigned if the customer did not use an eligible solar or wind electrical generating facility.

(3) All costs and credits shall be shown on the eligible customer-generator's bill for each billing period. In any months in which the eligible customer-generator has been a net consumer of electricity calculated on the basis of value determined pursuant to paragraph (2), the customer-generator shall owe to the electric service provider the balance of electricity costs and credits during that billing period. In any billing period in which the eligible customer-generator has been a net producer of electricity calculated on the basis of value determined pursuant to paragraph (2), the electric service provider shall owe to the eligible customer-generator the balance of electricity costs and credits during that billing period. Any net credit to the eligible customer-generator of electricity costs may be carried forward to subsequent billing periods, provided that an electric service provider may choose to carry the credit over as a kilowatthour credit consistent with the provisions of any applicable tariff, including any differences attributable to the time of generation of the electricity. At the end of each 12-month period, the electric service provider may reduce any net credit due to the eligible customer-generator to zero.

(j) A solar or wind turbine electrical generating system, or a hybrid system of both, used by an eligible customer-generator shall meet all applicable safety and performance standards established by the National Electrical Code, the Institute of Electrical and Electronics Engineers, and accredited testing laboratories such as Underwriters Laboratories and, where applicable, rules of the Public Utilities Commission regarding safety and reliability. A customer-generator whose solar or wind turbine electrical generating system, or a hybrid system of both, meets those standards and rules shall not be required to install additional controls, perform or pay for additional tests, or purchase additional liability insurance.

(k) If the commission determines that there are cost or revenue obligations for an electric corporation, as defined in Section 218, that may not be recovered from customer-generators acting pursuant to this section, those obligations shall remain within the customer class from which any shortfall occurred and may not be shifted to any other customer class. Net-metering and co-metering customers shall not be exempt from the public benefits charge. In its report to the Legislature, the commission shall examine different methods to ensure that the public benefits charge remains a nonbypassable charge.

(*l*) A net metering customer shall reimburse the Department of Water Resources for all charges that would otherwise be imposed on the

customer by the commission to recover bond-related costs pursuant to an agreement between the commission and the Department of Water Resources pursuant to Section 80110 of the Water Code, as well as the costs of the department equal to the share of the department's estimated net unavoidable power purchase contract costs attributable to the customer. The commission shall incorporate the determination into an existing proceeding before the commission, and shall ensure that the charges are nonbypassable. Until the commission has made a determination regarding the nonbypassable charges, net metering shall continue under the same rules, procedures, terms, and conditions as were applicable on December 31, 2002.

(m) In implementing the requirements of subdivisions (k) and (*l*), a customer-generator shall not be required to replace its existing meter except as set forth in paragraph (3) of subdivision (b), nor shall the electric service provider require additional measurement of usage beyond that which is necessary for customers in the same rate class as the eligible customer-generator.

(n) On or before January 1, 2005, the commission shall submit a report to the Governor and the Legislature that assesses the economic and environmental costs and benefits of net metering to customer-generators, ratepayers, and utilities, including any beneficial and adverse effects on public benefit programs and special purpose surcharges. The report shall be prepared by an independent party under contract with the commission.

(o) It is the intent of the Legislature that the Treasurer incorporate net energy metering and co-energy metering projects undertaken pursuant to this section as sustainable building methods or distributive energy technologies for purposes of evaluating low-income housing projects.

SEC. 7. Section 2851 is added to Chapter 9 of Part 2 of Division 1 of the Public Utilities Code, to read:

2851. (a) In implementing the California Solar Initiative, the commission shall do all of the following:

(1) The commission shall authorize the award of monetary incentives for up to the first megawatt of alternating current generated by solar energy systems that meet the eligibility criteria established by the State Energy Resources Conservation and Development Commission pursuant to Chapter 8.8 (commencing with Section 25780) of Division 15 of the Public Resources Code. The commission shall determine the eligibility of a solar energy system, as defined in Section 25781 of the Public Resources Code, to receive monetary incentives until the time the State Energy Resources Conservation and Development Commission establishes eligibility criteria pursuant to Section 25782. Monetary incentives shall not be awarded for solar energy systems that do not meet the eligibility criteria. The incentive level authorized by the commission

shall decline each year following implementation of the California Solar Initiative, at a rate of no less than an average of 7 percent per year, and shall be zero as of December 31, 2016. The commission shall adopt and publish a schedule of declining incentive levels no less than 30 days in advance of the first decline in incentive levels. The commission may develop incentives based upon the output of electricity from the system, provided those incentives are consistent with the declining incentive levels of this paragraph and the incentives apply to only the first megawatt of electricity generated by the system.

(2) The commission shall adopt a performance-based incentive program so that by January 1, 2008, 100 percent of incentives for solar energy systems of 100 kilowatts or greater and at least 50 percent of incentives for solar energy systems of 30 kilowatts or greater are earned based on the actual electrical output of the solar energy systems. The commission shall encourage, and may require, performance-based incentives for solar energy systems of less than 30 kilowatts. Performance-based incentives shall decline at a rate of no less than an average of 7 percent per year. In developing the performance-based incentives, the commission may:

(A) Apply performance-based incentives only to customer classes designated by the commission.

(B) Design the performance-based incentives so that customers may receive a higher level of incentives than under incentives based on installed electrical capacity.

(C) Develop financing options that help offset the installation costs of the solar energy system, provided that this financing is ultimately repaid in full by the consumer or through the application of the performance-based rebates.

(3) By January 1, 2008, the commission, in consultation with the State Energy Resources Conservation and Development Commission, shall require reasonable and cost-effective energy efficiency improvements in existing buildings as a condition of providing incentives for eligible solar energy systems, with appropriate exemptions or limitations to accommodate the limited financial resources of low-income residential housing.

(4) Notwithstanding subdivision (g) of Section 2827, the commission shall require time-variant pricing for all ratepayers with a solar energy system. The commission shall develop a time-variant tariff that creates the maximum incentive for ratepayers to install solar energy systems so that the system's peak electricity production coincides with California's peak electricity demands and that assures that ratepayers receive due value for their contribution to the purchase of solar energy systems and customers with solar energy systems continue to have an incentive to

use electricity efficiently. In developing the time-variant tariff, the commission may exclude customers participating in the tariff from the rate cap for residential customers for existing baseline quantities or usage by those customers of up to 130 percent of existing baseline quantities, as required by Section 80110 of the Water Code. Nothing in this paragraph authorizes the commission to require time-variant pricing for ratepayers without a solar energy system.

(b) Notwithstanding subdivision (a), in implementing the California Solar Initiative, the commission may authorize the award of monetary incentives for solar thermal and solar water heating devices, in a total amount up to one hundred million eight hundred thousand dollars ($100,800,000).

(c) (1) In implementing the California Solar Initiative, the commission shall not allocate more than fifty million dollars ($50,000,000) to research, development, and demonstration that explores solar technologies and other distributed generation technologies that employ or could employ solar energy for generation or storage of electricity or to offset natural gas usage. Any program that allocates additional moneys to research, development, and demonstration shall be developed in collaboration with the Energy Commission to ensure there is no duplication of efforts, and adopted by the commission through a rulemaking or other appropriate public proceeding. Any grant awarded by the commission for research, development, and demonstration shall be approved by the full commission at a public meeting. This subdivision does not prohibit the commission from continuing to allocate moneys to research, development, and demonstration pursuant to the self-generation incentive program for distributed generation resources originally established pursuant to Chapter 329 of the Statutes of 2000, as modified pursuant to Section 379.6.

(2) The Legislature finds and declares that a program that provides a stable source of monetary incentives for eligible solar energy systems will encourage private investment sufficient to make solar technologies cost effective.

(3) On or before June 30, 2009, and by June 30th of every year thereafter, the commission shall submit to the Legislature an assessment of the success of the California Solar Initiative program. That assessment shall include the number of residential and commercial sites that have installed solar thermal devices for which an award was made pursuant to subdivision (b) and the dollar value of the award, the number of residential and commercial sites that have installed solar energy systems, the electrical generating capacity of the installed solar energy systems, the cost of the program, total electrical system benefits, including the effect on electrical service rates, environmental benefits, how the program

affects the operation and reliability of the electrical grid, how the program has affected peak demand for electricity, the progress made toward reaching the goals of the program, whether the program is on schedule to meet the program goals, and recommendations for improving the program to meet its goals. If the commission allocates additional moneys to research, development, and demonstration that explores solar technologies and other distributed generation technologies pursuant to paragraph (1), the commission shall include in the assessment submitted to the Legislature, a description of the program, a summary of each award made or project funded pursuant to the program, including the intended purposes to be achieved by the particular award or project, and the results of each award or project.

(d) (1) The commission shall not impose any charge upon the consumption of natural gas, or upon natural gas ratepayers, to fund the California Solar Initiative.

(2) Notwithstanding any other provision of law, any charge imposed to fund the program adopted and implemented pursuant to this section shall be imposed upon all customers not participating in the California Alternate Rates for Energy (CARE) or family electric rate assistance (FERA) programs as provided in paragraph (2), including those residential customers subject to the rate cap required by Section 80110 of the Water Code for existing baseline quantities or usage up to 130 percent of existing baseline quantities of electricity.

(3) The costs of the program adopted and implemented pursuant to this section may not be recovered from customers participating in the California Alternate Rates for Energy or CARE program established pursuant to Section 739.1, except to the extent that program costs are recovered out of the nonbypassable system benefits charge authorized pursuant to Section 399.8.

(e) In implementing the California Solar Initiative, the commission shall ensure that the total cost over the duration of the program does not exceed three billion three hundred fifty million eight hundred thousand dollars ($3,350,800,000). The financial components of the California Solar Initiative shall consist of the following:

(1) Programs under the supervision of the commission funded by charges collected from customers of San Diego Gas and Electric Company, Southern California Edison Company, and Pacific Gas and Electric Company. The total cost over the duration of these programs shall not exceed two billion one hundred sixty-six million eight hundred thousand dollars ($2,166,800,000) and includes moneys collected directly into a tracking account for support of the California Solar Initiative and moneys collected into other accounts that are used to further the goals of the California Solar Initiative.

(2) Programs adopted, implemented, and financed in the amount of seven hundred eighty-four million dollars ($784,000,000), by charges collected by local publicly owned electric utilities pursuant to Section 387.5. Nothing in this subdivision shall give the commission power and jurisdiction with respect to a local publicly owned electric utility or its customers.

(3) Programs for the installation of solar energy systems on new construction, administered by the State Energy Resources Conservation and Development Commission pursuant to Chapter 8.6 (commencing with Section 25740) of Division 15 of the Public Resources Code, and funded by nonbypassable charges in the amount of four hundred million dollars ($400,000,000), collected from customers of San Diego Gas and Electric Company, Southern California Edison Company, and Pacific Gas and Electric Company pursuant to Article 15 (commencing with Section 399).

SEC. 8. The Contractors' State License Board shall review and, if needed, revise its licensing classifications and examinations to ensure that contractors authorized to perform work on solar energy systems subject to Chapter 8.8 (commencing with Section 25780) of Division 15 of the Public Resources Code, have the requisite qualifications to perform the work.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

(f) He or she has not been the subject of a disciplinary action by a medical licensing authority or of an adverse judgment or settlement resulting from the practice of medicine that, as determined by the division, constitutes a pattern of negligence or incompetence.

of the district and the lessee for a period not exceeding 14 separate or consecutive calendar days, or portions of those days, in each fiscal year.

CHAPTER 135

An act to amend Sections 6309, 6313, and 6314 of the Public Resources Code, relating to public resources.

[Approved by Governor August 21, 2006. Filed with Secretary of State August 21, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 6309 of the Public Resources Code is amended to read:

6309. (a) The commission shall administer the Shipwreck and Historic Maritime Resources Program, which consists of the activities of the commission pursuant to this section and Sections 6313 and 6314.

(b) The commission has exclusive jurisdiction with respect to salvage operations over and upon all tide and submerged lands of the state. The commission may grant the privilege of conducting salvage operations upon or over those lands by the issuance of permits. The commission may adopt rules and regulations in connection with applications for those permits, and the operations to be conducted in the salvage operation, that the commission determines to be necessary to protect those lands and the uses and purposes reserved to the people of the state.

(c) The commission may issue permits for salvage on granted tide and submerged lands only after consultation with the grantee and a determination by the commission that the proposed salvage operation is not inconsistent with the purposes of the grant.

(d) A salvage permit shall be required of a person or entity to conduct any salvage operation. As used in this section and Section 6313, "salvage operation" means any activity, including search by electronic means, or exploration or excavation using tools or mechanical devices, with the objective of locating, and recovering or removing vessels, aircraft, or any other cultural object from the surface or subsurface of state submerged lands.

(e) Salvage permits shall be issued for one year, with the option to renew the permit for additional one-year periods at the discretion of the commission upon a showing that the permitholder has diligently and lawfully pursued the permitted activity and has achieved to a reasonable extent the purpose for which the permit was issued.

(f) The commission may require that a person designated by the commission and paid by the permitholder be present during each phase of a salvage operation to observe and monitor compliance with the terms of the permit. The permitholder shall, upon the request of the commission, provide or pay for a reliable communication system for the observer to maintain contact with the office of the commission while on the salvage site.

(g) The commission may issue a permit for the search or recovery of nonhistoric vessels, aircraft, or submerged objects, and for the search, archaeological investigation, and recovery of historic vessels, aircraft, or other submerged historic resources as defined in subdivision (b) of Section 6313. The commission shall determine the appropriate type of permit to issue based on its evaluation of the salvage project and the project's probable impact on the site or objective, and the impact on the state submerged lands. The commission shall not require a permit for any recreational diving activity which does not disturb the subsurface or remove objects or materials from a submerged archaeological site or submerged historic resource as defined in Section 6313.

(h) (1) Permits may be revoked by the commission, after notice to the permitholder, at any time the commission finds that the permitholder has failed to comply with the terms of the permit or any law or regulation governing the permitted activity.

(2) A stop work order may be issued by the executive officer of the commission at the request of the onsite observer provided by subdivision (f), if the observer determines that the activities of the permitholder are not within the permitted activity. A stop work order shall be issued after the nonpermitted activity is brought to the attention of the person in charge of the onsite operation and that person fails or refuses after sufficient time and opportunity to change or correct the activity. Written notice of the stop work order shall be given to the person in charge of the onsite activity and a hearing by the executive officer or his or her designee shall be provided to the permitholder within three business days.

(3) After the hearing the commission may seek enforcement of, or the permitholder may seek relief from, the stop work order in the superior court in the county in which the activity is being conducted. The relief may include damages for failure to comply with the stop work order. The commission may deny an application for a permit when it finds that the applicant has failed to provide, for a period of 60 days, information specifically requested by the commission which is necessary to complete the application.

(i) When title to the objects, including a vessel, to be recovered is vested in the state, the commission shall provide for fair compensation

to the permitholder in terms of a percentage of the reasonable cash value, or a fair share, of the objects recovered. The reasonable cash value of the objects shall be determined by appraisal by qualified experts selected by the commission. The commission shall determine the amount constituting fair compensation, taking into consideration the circumstances of each case. Title to all objects recovered is retained by the state until it is released by the commission.

(j) The commission may fix and collect reasonable fees and costs for the processing and issuance of permits under this section. The applicant may be required to post a bond to ensure the completion of the project or payment of costs, or to deposit funds with the commission sufficient to cover costs and expenses chargeable to the applicant by law or by an agreement for reimbursement. If a bond is posted, the bond shall be held by the commission and shall be sufficient to cover all potential costs associated with the project, including preserving, restoring, and protecting the site and its associated finds.

SEC. 2. Section 6313 of the Public Resources Code is amended to read:

6313. (a) The title to all abandoned shipwrecks and all archaeological sites and historic resources on or in the tide and submerged lands of California is vested in the state. All abandoned shipwrecks and all submerged archaeological sites and submerged historic resources of the state shall be in the custody and subject to the control of the commission for the benefit of the people of the state of California. The commission may transfer title, custody, or control to other state agencies or recognized scientific or educational organizations, institutions, or individuals by appropriate legal conveyance.

(b) As used in this section, "submerged archaeological site" and "submerged historic resource," shall be given the broadest possible meaning, to include any submerged object, structure, building, watercraft, aircraft, or vessel and any associated cargo, armament, tackle, fixture, human remains, or remnant of those objects, or a site, area, person, or place, which is historically or archaeologically significant, or significant in the prehistory or history or exploration, settlement, engineering, commerce, militarism, recreation, or culture of California and that is partially or wholly embedded in or resting on state submerged or tidal lands.

(c) Sites with archaeological or historic significance shall be determined by reference to their eligibility for inclusion in the National Register of Historic Places or the California Register of Historical Resources. Any submerged archaeological site or submerged historic resource remaining in state waters for more than 50 years shall be presumed to be archaeologically or historically significant. The

commission, with the assistance of the State Office of Historic Preservation, shall identify, compile, and maintain an inventory of shipwreck sites, or sites of archaeological or historical significance and shall make the listing available to the public.

(d) Permits for salvage operations involving submerged archaeological sites or submerged historic resources may be granted by the commission when the proposed activity is justified by an educational, scientific, or cultural purpose, or the need to protect the integrity of the site or the resource. The commission may issue permits to individuals or organizations representing museums, universities, colleges, or other recognized scientific or educational institutions and individuals that demonstrate the capability to properly carry out archaeological investigations. The commission may deny an application for a permit to an applicant who the commission determines has not demonstrated the ability to properly conduct an archaeological investigation or salvage activities. The commission may consider the applicant's past conduct with regard to salvage operations when making this determination.

(e) (1) Prior to the issuance of a permit under subdivision (d), the applicant shall provide to the commission a detailed project design that includes all of the following:

(A) The purpose of the project.

(B) A description of the methodology, technology, and equipment to be employed.

(C) The project funding source.

(D) A timetable for the completion of the project.

(E) The composition, qualifications, and responsibilities of the project team.

(F) A conservation and curation plan, if applicable.

(G) A plan to document all phases of the project.

(H) A safety plan.

(I) An outline and timetable for preparation and submission of progress reports and a final report.

(J) Other information that the commission deems necessary to properly evaluate the application.

(2) All activities permitted under subdivision (d) or required by this subdivision shall be accomplished under the direct supervision of a person who meets the qualifications required of a professional marine archaeologist.

(f) The commission shall forward applications for permits for archaeological investigation or excavation and recovery of historic vessels, aircraft, or other submerged historic resources in state waters, including the information required by subdivision (e), to the State Office of Historic Preservation, and may provide the applications and

information to other qualified organizations and individuals, as appropriate, for technical review of the project design and recommendation concerning the preservation and protection of the site or resource.

(g) The commission shall provide for the disposition of all objects or other materials recovered, which may include provisions for display in museums, educational institutions, and other appropriate locations available to the public.

(h) The commission may contract with persons, firms, corporations, or institutions who, for the privilege of having temporary possession of recovered archaeological resources, will advance to the commission the money necessary to conduct salvage operations or to purchase from a permitholder, from his or her fair share, archaeological resources which the commission determines should remain the property of the state. A contract may be made only on the condition that the commission may, at any time, repay the money advanced, without interest or additional charges of any kind, and recover possession of the resources. During the time the resources are in the possession of the entity advancing the money, the resources shall be available for viewing by the general public at a nominal fee or without charge.

(i) The commission may also contract with other state agencies, qualified public or private institutions, local governments, or individuals for public display of the archaeological resources recovered. The commission shall require assurances that appropriate security, qualified personnel, insurance, and facilities for preservation, restoration, and display of the resources loaned are provided under the contract.

SEC. 3. Section 6314 of the Public Resources Code is amended to read:

6314. (a) A person who removes, without authorization from the commission, or a person who destroys or damages an archaeological site or any historic resource, that is located on or in the submerged lands of, and which is the property of, the state, is guilty of a misdemeanor and is punishable by imprisonment in the county jail not to exceed six months or a fine not to exceed five thousand dollars ($5,000), or by both.

(b) The commission, or, at its request, the Attorney General or a district attorney in whose jurisdiction the violation occurred, may seek civil damages for the damage, loss, or destruction of abandoned shipwrecks, their gear or cargo, or any archaeological site or historic resource located on or in submerged lands of the state. A vessel used to damage, destroy, or cause the loss of, any such shipwreck or archaeological site or historic resource is subject to a proceeding in rem by the state for the costs and damages resulting from that damage, destruction, or loss. Enforcement may include, where appropriate, a

restraining order or injunctive relief to restrain and enjoin violations or threatened violations of Section 6309, Section 6313, or this section and for the return of items taken in violation of these sections.

(c) An artifact, object, or material which has been removed from a state submerged archaeological site or submerged historic resource, as specified in subdivision (a), and which is found in any watercraft occupied by persons who do not hold a permit as required by Section 6309 or Section 6313 or other reasonable evidence of legal possession is prima facie evidence of violation of that section and the artifact, object, or material may be confiscated by any state, federal, or local law enforcement officer. Artifacts, objects, or materials confiscated under this section shall be returned to the person claiming ownership, upon proof of ownership or legal right to possession, within 30 days of their confiscation, unless a prosecuting attorney determines that they are required as evidence in the prosecution of a criminal violation.

(d) In a case in which a district attorney, at the request of the commission, or with its concurrence, enforces subdivision (a), the commission shall, notwithstanding Section 1463 of the Penal Code, be entitled to an equal division of the fine imposed.

(e) All state and local law enforcement agencies and officers are directed to assist in enforcing this section, and are requested to work with and seek the cooperation of federal law enforcement agencies, including deputizing federal officers when appropriate.

(b) In the event that the policy does include code upgrade coverage, it shall either:

(1) State this on the declaration page, and denote any applicable limits.

(2) State this on a separate disclosure form attached to the declarations page, if the separate disclosure form meets the following standards:

(A) It is printed in not less than 10-point typeface.

(B) It denotes any applicable limits on the amount of coverage.

(C) It denotes restrictions, if any, on coverage for compliance with applicable building codes which take effect after the date of loss but prior to the issuance of required building permits.

(c) The provisions of paragraphs (1) and (2) of subdivision (a) are not required for policies purchased by tenants or unit owners that do not cover the structure of the premises.

CHAPTER 138

An act to amend Section 3104 of the Family Code, relating to minor children.

[Approved by Governor August 22, 2006. Filed with Secretary of State August 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 3104 of the Family Code is amended to read:

3104. (a) On petition to the court by a grandparent of a minor child, the court may grant reasonable visitation rights to the grandparent if the court does both of the following:

(1) Finds that there is a preexisting relationship between the grandparent and the grandchild that has engendered a bond such that visitation is in the best interest of the child.

(2) Balances the interest of the child in having visitation with the grandparent against the right of the parents to exercise their parental authority.

(b) A petition for visitation under this section may not be filed while the natural or adoptive parents are married, unless one or more of the following circumstances exist:

(1) The parents are currently living separately and apart on a permanent or indefinite basis.

(2) One of the parents has been absent for more than one month without the other spouse knowing the whereabouts of the absent spouse.

(3) One of the parents joins in the petition with the grandparents.

(4) The child is not residing with either parent.

(5) The child has been adopted by a stepparent.

At any time that a change of circumstances occurs such that none of these circumstances exist, the parent or parents may move the court to terminate grandparental visitation and the court shall grant the termination.

(c) The petitioner shall give notice of the petition to each of the parents of the child, any stepparent, and any person who has physical custody of the child, by personal service pursuant to Section 415.10 of the Code of Civil Procedure.

(d) If a protective order as defined in Section 6218 has been directed to the grandparent during the pendency of the proceeding, the court shall consider whether the best interest of the child requires that any visitation by that grandparent should be denied.

(e) There is a rebuttable presumption that the visitation of a grandparent is not in the best interest of a minor child if the natural or adoptive parents agree that the grandparent should not be granted visitation rights.

(f) There is a rebuttable presumption affecting the burden of proof that the visitation of a grandparent is not in the best interest of a minor child if the parent who has been awarded sole legal and physical custody of the child in another proceeding, or the parent with whom the child resides if there is currently no operative custody order objects to visitation by the grandparent.

(g) Visitation rights may not be ordered under this section if that would conflict with a right of custody or visitation of a birth parent who is not a party to the proceeding.

(h) Visitation ordered pursuant to this section shall not create a basis for or against a change of residence of the child, but shall be one of the factors for the court to consider in ordering a change of residence.

(i) When a court orders grandparental visitation pursuant to this section, the court in its discretion may, based upon the relevant circumstances of the case:

(1) Allocate the percentage of grandparental visitation between the parents for purposes of the calculation of child support pursuant to the statewide uniform guideline (Article 2 (commencing with Section 4050) of Chapter 2 of Part 2 of Division 9).

(2) Notwithstanding Sections 3930 and 3951, order a parent or grandparent to pay to the other, an amount for the support of the child or grandchild. For purposes of this paragraph, "support" means costs related to visitation such as any of the following:

(A) Transportation.

(B) Provision of basic expenses for the child or grandchild, such as medical expenses, day care costs, and other necessities.

(j) As used in this section, "birth parent" means "birth parent" as defined in Section 8512.

CHAPTER 139

(b) In addition to funding received pursuant to Section 41330, a charter school in its second or later year of operation also shall be eligible to receive an advance apportionment pursuant to the process and conditions described in subdivision (a) in any year in which the charter school is adding at least one grade level. The average daily attendance funded for a new grade level shall not exceed the portion of the certified average daily attendance at the second principal apportionment for the prior year that was attributable to pupils in the highest grade served by the charter school.

(c) A charter school in its first year of operation may only commence instruction within the first three months of the fiscal year beginning July 1 of that year. A charter school shall not be eligible for an apportionment pursuant to subdivision (a), or any other apportionment for a fiscal year in which instruction commenced after September 30 of that fiscal year.

The people of the State of California do enact as follows:

SECTION 1. Section 132351.1 of the Public Utilities Code is amended to read:

132351.1. (a) A board of directors consisting of 21 members shall govern the consolidated agency.

(b) For purposes of this chapter, "governing body" shall mean the board of supervisors, council, council and mayor where the mayor is not a member of the council, authority, trustees, director, commission, committee, or other policymaking body, as appropriate, that exercises authority over an entity represented on the board of the consolidated agency.

(c) All powers, privileges, and duties vested in or imposed upon the consolidated agency shall be exercised and performed by and through a board of directors provided, however, that the exercise of all executive, administrative, and ministerial power may be delegated and redelegated by the board, to any of the offices, officers, or committees created pursuant to this chapter or created by the board acting pursuant to this chapter.

(d) The board shall be composed of one primary representative selected by the governing body of each city in the county and a member of the San Diego County Board of Supervisors to serve until recalled by the governing body of the city or county. The City of San Diego and the County of San Diego shall each have a primary and secondary representative. Each director shall be a mayor, councilperson, or supervisor of the governing body which selected him or her. Vacancies shall be filled in the same manner as originally selected. Each city or county shall also select in the same manner as the primary or secondary representative, if applicable, one alternate to serve on the board when the primary or secondary representative, if applicable, is not available. The alternate shall be subject to the same restrictions and have the same powers, when serving on the board, as the representative for whom he or she is substituting.

(e) Notwithstanding subdivision (d), in those years when the chair of the San Diego County Board of Supervisors is from a district that is substantially an incorporated area and is appointed the primary representative to the board, a supervisor who represents a district that is substantially an unincorporated area shall be appointed to the board as the secondary representative. Alternatively, in those years when the chair of the San Diego County Board of Supervisors is from a district that is substantially an unincorporated area and is appointed the primary representative to the board, a supervisor who represents a district that is substantially an incorporated area shall be appointed to the board as the secondary representative.

(f) At its discretion, each city and county may select a second alternate, in the same manner as the primary representative, to serve on the board in the event that neither the primary representative nor the regular alternate is able to attend a meeting of the board. This alternate shall be subject to the same restrictions and have the same powers, when serving on the board, as the primary representative.

(g) The board may allow for the appointment of advisory representatives to sit with the board but in no event shall said representatives be allowed a vote. The current advisory representatives to the San Diego Association of Governments may continue their advisory representation on the consolidated agency at the discretion of their governing body. The governing bodies of the County of Imperial and the cities in that county may collectively designate an advisory representative to sit with the board.

SEC. 2. Section 132351.2 of the Public Utilities Code is amended to read:

132351.2. (a) A majority of the member agencies constitute a quorum for the transaction of business. In order to act on any item, except consent

items which only require the vote specified in paragraph (1), the following voting formula in both paragraphs (1) and (2) shall apply:

(1) A majority vote of the members present on the basis of one vote per agency.

(2) A majority of the weighted vote of the member agencies present.

(b) The governing body of the City of San Diego and the County of San Diego, as appropriate, shall determine how to allocate their single agency votes and weighted votes between their primary and secondary members.

(c) For the weighted vote, there shall be a total of 100 votes, except additional votes shall be allowed pursuant to subdivision (f). Each representative shall have that number of votes determined by the following apportionment formula, provided that each agency shall have at least one vote, no agency shall have more than 40 votes, and there shall be no fractional votes:

(1) If any agency has 40 percent or more of the total population of the San Diego County region, allocate 40 votes to that agency and follow paragraph (2), if not, follow paragraph (3).

(2) Total the population of the remaining agencies determined in paragraph (1) and compute the percentage of this total that each agency has.

(A) Multiply each percentage derived above by 60 to determine fractional shares.

(B) Boost fractions that are less than one, to one and add the whole numbers.

(C) If the answer to subparagraph (B) is 60, drop all fractions and the whole numbers are the votes for each agency.

(D) If the answer to subparagraph (B) is less than 60, the remaining vote(s) is allocated one each to that agency(s) having the highest fraction(s) excepting those whose vote was increased to one in subparagraph (B) above.

(E) If the answer to subparagraph (B) is more than 60, the excess vote(s) is taken one each from the agency(s) with the lowest fraction(s). In no case shall a vote be reduced to less than one.

(3) Total the population determined in paragraph (1) and compute the percentage of this total that each agency has.

(A) Boost fractions that are less than one, to one and add the whole numbers.

(B) If the answer to subparagraph (A) is 100, drop all fractions and the whole numbers are the votes for each agency.

(C) If the answer to subparagraph (A) is less than 100, the remaining vote(s) is allocated one each to that agency(s) having the highest

fraction(s) excepting those whose vote was increased to one in subparagraph (A) above.

(D) If the answer to subparagraph (A) is more than 100, the excess vote(s) is taken one each from that agency(s) with the lowest fraction(s). In no case shall a vote be reduced to less than one.

(d) When a weighted vote is taken on any item that requires more than a majority vote of the board, it shall also require the supermajority percentage of the weighted vote.

(e) The weighted vote shall be recomputed in the above manner every July 1.

(f) Any other newly incorporated city shall receive one vote under the single vote procedure and one vote under the weighted vote procedure specified above until the next recomputation of the weighted vote, at which time the new agency shall receive votes in accordance with the formula specified in subdivision (b). Until this recomputation, the total weighted vote may exceed 100.

CHAPTER 143

An act to amend Section 25143.1 of the Health and Safety Code, relating to hazardous waste, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 22, 2006. Filed with Secretary of State August 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 25143.1 of the Health and Safety Code is amended to read:

25143.1. (a) Any geothermal waste resulting from drilling for geothermal resources is exempt from the requirements of this chapter because the disposal of these geothermal wastes is regulated by the California regional water quality control boards.

(b) (1) Wastes from the extraction, beneficiation, and processing of ores and minerals that are not subject to regulation under the federal act are exempt from the requirements of this chapter, except the requirements of Article 9.5 (commencing with Section 25208), as provided in paragraph (2).

(2) The wastes subject to this subdivision are subject to Article 9.5 (commencing with Section 25208) and Chapter 6.8 (commencing with Section 25300) if the wastes would otherwise be classified as hazardous

wastes pursuant to Section 25117 and the regulations adopted pursuant to Section 25141.

(3) For purposes of this subdivision, the following definitions shall apply:

(A) "Wastes from the extraction, beneficiation, and processing of ores and minerals" means any of the following:

(i) Soil, waste rock, overburden, and any other solid, semisolid, or liquid natural materials that are removed, unearthed, or otherwise displaced as a result of excavating or recovering an ore or a mineral.

(ii) Residuals of ores or minerals after those ores or minerals have been removed, unearthed, or otherwise displaced from their natural sites and physically or chemically treated or otherwise managed in order to separate or concentrate the commercial product present in the ore or mineral, or processed to produce a final marketable product.

(B) "Minerals" has the same meaning as defined in Section 2005 of the Public Resources Code.

(c) (1) Except as provided in paragraphs (3) and (4), geothermal waste, excluding filter cake, that is generated from the exploration, development, or production of geothermal energy and that does not result from drilling for geothermal resources, is exempt from the requirements of this chapter, if the geothermal waste meets either of the following requirements:

(A) The geothermal waste is contained within a piping system, nonearthen trench, or descaling area, or within related equipment, that is associated with the geothermal plant where the waste was generated.

(B) The geothermal waste is within the physical boundaries of a lined surface impoundment associated with the geothermal plant where the waste was generated.

(2) If geothermal waste that is exempted pursuant to subparagraph (B) of paragraph (1) is relocated to an elevated location inside a lined surface impoundment for dewatering, that waste shall be removed from the surface impoundment within 30 days of the relocation and while the waste still contains sufficient moisture to prevent wind dispersion, except for residuals that are impractical to remove. The geothermal waste shall be deemed to be generated at the time of removal and shall be properly managed as hazardous waste pursuant to the requirements of this chapter.

(3) Any geothermal waste that is exempt pursuant to this subdivision ceases to be exempt from the requirements of this chapter, and shall be deemed to have been generated, when any of the following occur:

(iv) Related equipment.

(v) Lined surface impoundment.

(B) It is left in a geothermal piping system, a related piping system, a nonearthen trench, a descaling area, or another piece of related equipment 18 months after the date the geothermal power plant last produced power, unless prior to that date the operator submits a written notification, as described in paragraph (4) to the department, and the department acknowledges the notification in writing.

(C) It is left in a lined surface impoundment and at any time poses an imminent potential threat to areas outside the surface impoundment due to windblown fugitive dusts.

(D) It remains in a unit no longer actively regulated by the regional water quality control board.

(E) It is left in a lined surface impoundment 18 months after the date the surface impoundment has last received waste, unless prior to that date the operator submits a written notification as described in paragraph (4) to the department, and the department acknowledges the notification in writing.

(4) The notification that is required to be submitted by an operator pursuant to subparagraphs (B) and (E) of paragraph (3) shall contain all of the following information:

(A) The name and address of the operator, and the address and physical location of the plant or surface impoundment in which the waste will be stored.

(B) Estimated dates on which the units will resume operation.

(C) A description of how the waste will be stored and managed, demonstrating to the department that the waste will not pose a significant hazard to human health and safety or the environment.

(5) This subdivision does not exempt hazardous waste that is either not directly associated with geothermal energy exploration, development, and production, or that is not exempted from the federal act pursuant to paragraph (5) of subdivision (b) of Section 261.4 of Title 40 of the Code of Federal Regulations, or both. Hazardous waste that is not exempted pursuant to this subdivision includes, but is not limited to, used oil generated from vehicles or the lubrication of machinery.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the

definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide for the safe handling of geothermal wastes that result from the exploration, development, or production of geothermal energy, thereby better protecting public health and safety and the environment, it is necessary that this act take effect immediately.

The application for modification shall meet all of the requirements in paragraphs (1) to (6), inclusive, and shall include a statement of the results thus far obtained from the interception, or a reasonable explanation for the failure to obtain results.

CHAPTER 148

An act to amend Sections 2540, 2541, 2541.3, 2541.6, and 2543 of the Business and Professions Code, relating to prescription lenses.

[Approved by Governor August 23, 2006. Filed with Secretary of State August 23, 2006.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature hereby finds and declares all of the following:

(1) Current California law is intended to prohibit the sale and use of "plano contact lenses," which are zero-powered or noncorrective contact lenses intended to change the appearance of the normal eye in decorative fashion, without the required eye examination, fitting, and confirmation of a valid prescription from a licensed eye care professional.

(2) The Congress of the United States by enactment of Public Law 109-96 amended the federal Food, Drug, and Cosmetic Act (21 U.S.C. Sec. 360j and following) to classify cosmetic plano contact lenses as medical devices requiring registration with, and approval by, the Food and Drug Administration before they may be lawfully marketed and sold in the United States.

(3) In enacting Public Law 109-96 the United States Congress made it clear that the new law is not intended to preempt or forestall individual states from enacting and enforcing laws to restrict the marketing and sale of plano contact lenses, by requiring an examination, fitting, and confirmation of a valid prescription.

(4) Notwithstanding California and federal laws to the contrary, unqualified entities persist in marketing plano contact lenses, using the Internet and unlicensed retailers to represent that these lenses may be lawfully obtained and worn without examination, fitting, and the issuance of a prescription by a licensed eye care professional.

(5) Studies show that in California these marketing efforts and representations are directed at minors, especially those with limited proficiency in English, thereby jeopardizing their eye health and vision.

(b) It is the intent of the Legislature, in enacting this act, to accomplish all of the following:

(1) Clarify the definition of plano contact lenses as prescription ophthalmic devices under California law.

(2) Incorporate the federal definition of all contact lenses as regulated medical devices.

(3) Define as a deceptive marketing practice any representation by a marketer or seller that a plano contact lens may be lawfully obtained without an eye examination or confirmation of a valid prescription, as required by California law.

(4) Encourage contact lens prescribers, fitters, dispensers, and state enforcement authorities to join in educating California contact lens consumers, especially minors, of the dangers to eye health and vision posed by purchasing and using plano contact lenses unlawfully.

SEC. 2. Section 2540 of the Business and Professions Code is amended to read:

2540. No person other than a physician and surgeon or optometrist may measure the powers or range of human vision or determine the accommodative and refractive status of the human eye or the scope of its functions in general or prescribe ophthalmic devices.

SEC. 3. Section 2541 of the Business and Professions Code is amended to read:

2541. A prescription ophthalmic device includes each of the following:

(a) Any spectacle or contact lens ordered by a physician and surgeon or optometrist, that alters or changes the visual powers of the human eye.

(b) Any contact lens described in paragraph (1) of subdivision (n) of Section 520 of the federal Food, Drug, and Cosmetic Act (21 U.S.C. Sec. 360j and following).

(c) Any plano contact lens that is marketed or offered for sale in this state. "Plano contact lens" means a zero-power or noncorrective contact lens intended to change the appearance of the normal eye in a decorative fashion.

SEC. 4. Section 2541.3 of the Business and Professions Code is amended to read:

2541.3. (a) The State Department of Health Services, the State Board of Optometry and the Division of Licensing and Division of Medical Quality of the Medical Board of California shall prepare and adopt quality standards and adopt regulations relating to prescription ophthalmic devices, including, but not limited to, lenses, frames, and contact lenses. In promulgating these rules and regulations, the department and the boards shall adopt the current standards of the American National Standards Institute regarding ophthalmic materials. Nothing in this section shall prohibit the department and the boards from jointly adopting

subsequent standards that are equivalent or more stringent than the current standards of the American National Standards Institute regarding ophthalmic materials.

(b) No individual or group that deals with prescription ophthalmic devices, including, but not limited to, distributors, dispensers, manufacturers, laboratories, optometrists, or ophthalmologists shall sell, dispense, or furnish any prescription ophthalmic device that does not meet the minimum standards set by the State Department of Health Services, the State Board of Optometry, or the Division of Licensing and Division of Medical Quality of the Medical Board of California.

(c) Any violation of the regulations adopted by the State Department of Health Services, the State Board of Optometry, or the Division of Licensing and Division of Medical Quality of the Medical Board of California pursuant to this section shall be a misdemeanor.

(d) Any optometrist, ophthalmologist, or dispensing optician who violates the regulations adopted by the State Department of Health Services, the State Board of Optometry, or the Division of Licensing and Division of Medical Quality of the Medical Board of California pursuant to this section shall be subject to disciplinary action by his or her licensing board.

(e) The State Board of Optometry or the Division of Licensing and Division of Medical Quality of the Medical Board of California may send any prescription ophthalmic device to the State Department of Health Services for testing as to whether or not the device meets established standards adopted pursuant to this section, which testing shall take precedence over any other prescription ophthalmic device testing being conducted by the department. The department may conduct the testing in its own facilities or may contract with any other facility to conduct the testing.

SEC. 5. Section 2541.6 of the Business and Professions Code is amended to read:

2541.6. No prescription ophthalmic device that does not meet the standards adopted by the State Department of Health Services, the State Board of Optometry, or the Division of Licensing and Division of Medical Quality of the Medical Board of California under Section 2541.3 shall be purchased with state funds.

SEC. 6. Section 2543 of the Business and Professions Code is amended to read:

2543. (a) Except as provided in the Nonresident Contact Lens Seller Registration Act (Chapter 5.45 (commencing with Section 2546), the right to dispense, sell or furnish prescription ophthalmic devices at retail or to the person named in a prescription is limited exclusively to licensed physicians and surgeons, licensed optometrists, and registered dispensing

opticians as provided in this division. This section shall not be construed to affect licensing requirements pursuant to Section 111615 of the Health and Safety Code.

(b) It shall be considered a deceptive marketing practice for:

(1) Any licensed physician and surgeon, licensed optometrist, or registered dispensing optician to publish or cause to be published any advertisement or sales presentation relating to contact lenses that represents that contact lenses may be obtained without confirmation of a valid prescription.

(2) Any individual or entity who offers for sale plano contact lenses, as defined in subdivision (c) of Section 2541, to represent by any means that those lenses may be lawfully obtained without an eye examination or confirmation of a valid prescription, or may be dispensed or furnished to a purchaser without complying with the requirements of Section 2562, except as provided in Chapter 5.45 (commencing with Section 2546).

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

An act to amend Section 89513 of the Government Code, relating to the Political Reform Act of 1974.

[Approved by Governor August 23, 2006. Filed with
Secretary of State August 23, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 89513 of the Government Code is amended to read:

89513. The following provisions govern the use of campaign funds for the specific expenditures set forth in this section. It is the intent of the Legislature that these provisions shall guide the interpretation of the standard imposed by Section 89512 as applied to other expenditures not specifically set forth below.

(a) Campaign funds shall not be used to pay or reimburse the candidate, the elected officer, or any individual or individuals with authority to approve the expenditure of campaign funds held by a committee, or employees or staff of the committee or the elected officer's governmental agency for travel expenses and necessary accommodations except when these expenditures are directly related to a political, legislative, or governmental purpose.

(1) For the purposes of this section, payments or reimbursements for travel and necessary accommodations shall be considered as directly related to a political, legislative, or governmental purpose if the payments would meet standards similar to the standards of the Internal Revenue Service pursuant to Sections 162 and 274 of the Internal Revenue Code for deductions of travel expenses under the federal income tax law.

(2) For the purposes of this section, payments or reimbursement for travel by the household of a candidate or elected officer when traveling to the same destination in order to accompany the candidate or elected officer shall be considered for the same purpose as the candidate's or elected officer's travel.

(3) Whenever campaign funds are used to pay or reimburse a candidate, elected officer, his or her representative, or a member of the candidate's household for travel expenses and necessary accommodations, the expenditure shall be reported as required by Section 84211.

(4) Whenever campaign funds are used to pay or reimburse for travel expenses and necessary accommodations, any mileage credit which is earned or awarded pursuant to an airline bonus mileage program shall be deemed personally earned by or awarded to the individual traveler. Neither the earning or awarding of mileage credit, nor the redeeming of credit for actual travel, shall be subject to reporting pursuant to Section 84211.

(b) Campaign funds shall not be used to pay for or reimburse the cost of professional services unless the services are directly related to a political, legislative, or governmental purpose.

(1) Expenditures by a committee to pay for professional services reasonably required by the committee to assist it in the performance of its administrative functions are directly related to a political, legislative, or governmental purpose.

(2) Campaign funds shall not be used to pay health-related expenses for a candidate, elected officer, or any individual or individuals with authority to approve the expenditure of campaign funds held by a committee, or members of his or her household. "Health-related expenses" include, but are not limited to, examinations by physicians, dentists, psychiatrists, psychologists, or counselors, expenses or medications, treatments or medical equipment, expenses for hospitalization, health club dues, and special dietary foods. However, campaign funds may be used to pay employer costs of health care benefits of a bona fide employee or independent contractor of the committee.

(c) Campaign funds shall not be used to pay or reimburse fines, penalties, judgments, or settlements, except those resulting from either of the following:

(1) Parking citations incurred in the performance of an activity which was directly related to a political, legislative, or governmental purpose.

(2) Any other action for which payment of attorney's fees from contributions would be permitted pursuant to this title.

(d) Campaign funds shall not be used for campaign, business, or casual clothing except specialty clothing that is not suitable for everyday use, including, but not limited to, formal wear, where this attire is to be worn by the candidate or elected officer and is directly related to a political, legislative, or governmental purpose.

(e) Except where otherwise prohibited by law, campaign funds may be used to purchase or reimburse for the costs of purchase of tickets to political fundraising events for the attendance of a candidate, elected officer, or his or her immediate family, or an officer, director, employee, or staff of the committee or the elected officer's governmental agency.

(1) Campaign funds shall not be used to pay for or reimburse for the costs of tickets for entertainment or sporting events for the candidate, elected officer, or members of his or her immediate family, or an officer, director, employee, or staff of the committee, unless their attendance at the event is directly related to a political, legislative, or governmental purpose.

(2) The purchase of tickets for entertainment or sporting events for the benefit of persons other than the candidate, elected officer, or his or her immediate family are governed by subdivision (f).

(f) (1) Campaign funds shall not be used to make personal gifts unless the gift is directly related to a political, legislative, or governmental purpose. The refund of a campaign contribution does not constitute the making of a gift.

Nothing in this section shall prohibit the use of campaign funds to reimburse or otherwise compensate a public employee for services rendered to a candidate or committee while on vacation, leave, or otherwise outside of compensated public time.

(2) An election victory celebration or similar campaign event, or gifts with a total cumulative value of less than two hundred fifty dollars ($250) in a single year made to an individual employee, a committee worker, or an employee of the elected officer's agency, are considered to be directly related to a political, legislative, or governmental purpose. For purposes of this paragraph, a gift to a member of a person's immediate family shall be deemed to be a gift to that person.

(g) Campaign funds shall not be used to make loans other than to organizations pursuant to Section 89515, or, unless otherwise prohibited, to a candidate for elective office, political party, or committee.

[Approved by Governor August 23, 2006. Filed with Secretary of State August 23, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 3009 of the Elections Code is amended to read:

3009. (a) Upon receipt of any absentee ballot application signed by the voter that arrives within the proper time, the elections official should determine if the signature and residence address on the ballot application appear to be the same as that on the original affidavit of registration. The elections official may make this signature check upon receiving the voted ballot, but the signature must be compared before the absent voter ballot is canvassed.

(b) If the elections official deems the applicant entitled to an absent voter's ballot he or she shall deliver by mail or in person the appropriate ballot. The ballot may be delivered to the applicant, his or her spouse,

child, parent, grandparent, grandchild, or sibling, or a person residing in the same household as the absent voter, except that in no case shall the ballot be delivered to an individual under 16 years of age. The elections official shall deliver the absentee ballot to the applicant's spouse, child, parent, grandparent, grandchild, or sibling, or a person residing in the same household as the absent voter only if that person signs a statement attested to under penalty of perjury that provides the name of the applicant and his or her relationship to the applicant, and affirms that he or she is 16 years of age or older, and is authorized by the applicant to deliver the absentee ballot.

(c) If the elections official determines that an application does not contain all of the information prescribed in Section 3001 or 3006, or for any other reason is defective, and the elections official is able to ascertain the voter's address, the elections official shall, within one working day of receiving the application, mail the voter an absent voter's ballot together with a notice. The notice shall inform the voter that the voter's absent voter's ballot shall not be counted unless the applicant provides the elections official with the missing information or corrects the defects prior to, or at the time of, receipt of the voter's executed absent voter's ballot. The notice shall specifically inform the voter of the information that is required or the reason for the defects in the application, and shall state the procedure necessary to remedy the defective application.

If the voter substantially complies with the requirements contained in the elections official's notice, the voter's ballot shall be counted.

In determining from the records of registration if the signature and residence address on the application appear to be the same as that on the original affidavit of registration, the elections official or registrar of voters may use the duplicate file of affidavits of registered voters or the facsimiles of voter's signatures, provided that the method of preparing and displaying the facsimiles complies with law.

CHAPTER 157

An act to amend Section 54962 of, and to add Section 37606.1 to, the Government Code, relating to municipal hospitals.

[Approved by Governor August 23, 2006. Filed with Secretary of State August 23, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 37606.1 is added to the Government Code, to read:

37606.1. (a) When a municipal hospital established pursuant to this article is managed by a board of trustees that is appointed by the mayor, the city council may meet in a closed session held solely for the purpose of discussion, deliberation, or both, of reports involving trade secrets of the municipal hospital. Except as provided in this section, the closed session shall comply with all applicable requirements of Chapter 9 (commencing with Section 54950) of Division 2 of Title 5.

(b) "Hospital trade secrets," as used in this section, means a "trade secret," as defined in subdivision (d) of Section 3426.1 of the Civil Code, and which meets all of the following:

(1) Is necessary to initiate a new hospital service or program or add a hospital facility.

(2) Would, if prematurely disclosed, create a substantial probability of depriving the hospital of a substantial economic benefit.

(c) The exception provided in subdivision (a) to the general open meeting requirements for a meeting of the city council shall not apply to a meeting where there is action taken, as defined in Section 54952.6.

(2) The conversion of any municipal hospital to any other form of ownership by the city.

(3) The dissolution of the municipal hospital.

SEC. 2. Section 54962 of the Government Code is amended to read:

54962. Except as expressly authorized by this chapter, or by Sections 1461, 1462, 32106, and 32155 of the Health and Safety Code, or by Sections 37606, 37606.1, and 37624.3 of the Government Code as they apply to hospitals, or by any provision of the Education Code pertaining to school districts and community college districts, no closed session may be held by any legislative body of any local agency.

SEC. 3. The Legislature finds and declares that Section 1 of this act, which adds Section 37606.1 to the Government Code, imposes a limitation on the public's right of access to the meetings of public bodies or the writings of public officials and agencies within the meaning of

Section 3 of Article I of the California Constitution. Pursuant to that constitutional provision, the Legislature makes the following findings to demonstrate the interest protected by this limitation and the need for protecting that interest:

In order to ensure that a city council can discuss or deliberate about a municipal hospital without disclosing the hospital's trade secrets, it is necessary that the council be authorized to meet in closed session for this purpose.

(3) Is owned or operated by the state, a city, county, or city and county, the University of California, or a health care district organized pursuant to Division 23 (commencing with Section 32000) of the Health and Safety Code.

(c) An eligible facility's supplemental reimbursement pursuant to this section shall be calculated and paid as follows:

(1) The supplemental reimbursement to an eligible facility, as described in subdivision (b), shall be equal to the amount of federal financial participation received as a result of the claims submitted pursuant to paragraph (2) of subdivision (g).

(2) In no instance shall the amount certified pursuant to paragraph (1) of subdivision (e), when combined with the amount received from all other sources of reimbursement from the Medi-Cal program, exceed 100 percent of projected costs, as determined pursuant to the Medi-Cal state plan, for outpatient services at each facility.

(3) The supplemental Medi-Cal reimbursement provided by this section shall be distributed under a payment methodology based on outpatient services provided to Medi-Cal patients at the eligible facility, either on a per-visit basis, per-procedure basis, or any other federally permissible basis. The department shall seek approval from the federal Centers for Medicare and Medicaid Services for the payment methodology to be utilized, and may not make any payment pursuant to this section prior to obtaining that approval.

(d) (1) It is the Legislature's intent in enacting this section to provide the supplemental reimbursement described in this section without any expenditure from the General Fund. An eligible facility, as a condition of receiving supplemental reimbursement pursuant to this section, shall enter into, and maintain, an agreement with the department for the purposes of implementing this section and reimbursing the department for the costs of administering this section.

(2) The state share of the supplemental reimbursement submitted to the federal Centers for Medicare and Medicaid Services for purposes of claiming federal financial participation shall be paid only with funds from the governmental entities described in paragraph (3) of subdivision (b) and certified to the state as provided in subdivision (e).

(e) A particular governmental entity, described in paragraph (3) of subdivision (b), on behalf of any eligible facility owned or operated by the entity, shall do all of the following:

(1) Certify, in conformity with the requirements of Section 433.51 of Title 42 of the Code of Federal Regulations, that the claimed expenditures for the outpatient services are eligible for federal financial participation.

(2) Provide evidence supporting the certification as specified by the department.

(3) Submit data as specified by the department to determine the appropriate amounts to claim as expenditures qualifying for federal financial participation.

(4) Keep, maintain, and have readily retrievable, any records specified by the department to fully disclose reimbursement amounts to which the eligible facility is entitled, and any other records required by the federal Centers for Medicare and Medicaid Services.

(f) The department may require that any governmental entity described in paragraph (3) of subdivision (b) seeking supplemental reimbursement for an eligible facility under this section enter into an interagency agreement with the department for the purpose of implementing this section.

(g) (1) The department shall promptly seek any necessary federal approvals for the implementation of this section. If necessary to obtain federal approval, the department may limit the program to those costs that are allowable expenditures under Title XIX of the federal Social Security Act (Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code). If federal approval is not obtained for implementation of this section, this section shall not be implemented.

(2) The department shall submit claims for federal financial participation for the expenditures for the services described in subdivision (e) that are allowable expenditures under federal law.

(3) The department shall, on an annual basis, submit any necessary materials to the federal government to provide assurances that claims for federal financial participation will include only those expenditures that are allowable under federal law.

(h) This section shall become inoperative in the event, and on the date, of a final judicial determination by any court of appellate jurisdiction or a final determination by the administrator of the federal Centers for Medicare and Medicaid Services that the supplemental reimbursement provided in this section must be made to any facility not described in this section.

CHAPTER 164

An act to amend Section 53635 of, and to amend and repeal Section 53601.7 of, the Government Code, relating to local agencies.

[Approved by Governor August 28, 2006. Filed with Secretary of State August 28, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 53601.7 of the Government Code is amended to read:

53601.7. Notwithstanding the investment parameters of Sections 53601 and 53635, a local agency that is a county or a city and county

may invest any portion of the funds that it deems wise or expedient, using the following criteria:

(a) No investment shall be made in any security, other than a security underlying a repurchase agreement, reverse repurchase agreement, or a securities lending agreement, that, at the time of purchase, has a term remaining to maturity in excess of 397 days, and that would cause the dollar-weighted average maturity of the funds in the investment pool to exceed 90 days.

(b) All corporate and depository institution investments shall meet or exceed the following credit rating criteria at time of purchase:

(1) Short-term debt shall be rated at least "A-1" by Standard & Poor's Corporation, "P-1" by Moody's Investors Service, Inc., or "F-1" by Fitch Ratings. If the issuer of short-term debt has also issued long-term debt, this long-term debt rating shall be rated at least "A," without regard to +/– or 1, 2, 3 modifiers, by Standard & Poor's Corporation, Moody's Investors Service, Inc., or Fitch Ratings.

(2) Long-term debt shall be rated at least "A," without regard to +/– or 1, 2, 3 modifiers, by Standard & Poor's Corporation, Moody's Investors Service, Inc., or Fitch Ratings.

(c) (1) No more than 5 percent of the total assets of the investments held by a local agency may be invested in the securities of any one issuer, except the obligations of the United States government, United States government agencies, and United States government-sponsored enterprises.

(2) Up to 25 percent of the total assets of the investments held by a local agency may be invested in the first tier securities of a single issuer for a period of up to three business days after acquisition. The securities of no more than one issuer may be invested pursuant to this paragraph at a time.

(3) No more than 10 percent of the total assets of the investments held by a local agency may be invested in any one mutual fund.

(d) Where this section specifies a percentage limitation for a particular category of investment, that percentage is applicable only at the date of purchase. A later increase or decrease in a percentage resulting from a change in values or assets shall not constitute a violation of that restriction. If subsequent to purchase, securities are downgraded below the minimum acceptable rating level, the securities shall be reviewed for possible sale within a reasonable amount of time after the downgrade.

(e) Within the limitations set forth in this section, a local agency electing to invest its funds pursuant to this section may invest in the following securities:

(1) Direct obligations of the United States Treasury or any other obligation guaranteed as to principal and interest by the United States government.

(2) Bonds, notes, debentures, or any other obligations of, or securities issued by, any federal government agency, instrumentality, or government-sponsored enterprise.

(3) Registered state warrants or treasury notes or bonds of this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the state or by a department, board, agency, or other entity of the state.

(4) Bonds, notes, warrants, or other indebtedness of the local agency, or any local agency within this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency, or by a department, board, agency, or authority of the local agency.

(5) Bankers acceptance, otherwise known as bills of exchange or time drafts drawn on and accepted by a commercial bank, primarily used to finance international trade. Purchases of bankers acceptances may not exceed 180 days to maturity.

(6) Short-term unsecured promissory notes issued by corporations for maturities of 270 days or less. Eligible commercial paper is further limited to the following:

(A) Issuing corporations that are organized and operating within the United States, having total assets in excess of five hundred million dollars ($500,000,000).

(B) Maturities for eligible commercial paper that may not exceed 270 days.

(7) A certificate representing a deposit of funds at a commercial bank for a specified period of time and for a specified return at maturity. Eligible certificates of deposit shall be issued by a nationally or state-chartered bank or a state or federal association, as defined in Section 5102 of the Financial Code, or by a state-licensed branch of a foreign bank. For purposes of this subdivision, certificates of deposits shall not come within Article 2 (commencing with Section 53630), except that the amount so invested shall be subject to the limitations of Section 53638. The legislative body of a local agency and the treasurer or other official of the local agency having legal custody of the money may not invest local agency funds, or funds in the custody of the local agency, in negotiable certificates of deposit issued by a state or federal credit union if a member of the legislative body of the local agency, or any person with investment decisionmaking authority in the administrative office, manager's office, budget office, auditor-controller's office, or treasurer's office of the local agency also serves on the board of directors,

or any committee appointed by the board of directors, other credit committee or the supervisory committee of the state or federal credit union issuing the negotiable certificate of deposit.

(8) Repurchase agreements, reverse repurchase agreements, or securities lending agreements of any securities authorized by this section, if the agreements meet the requirements of this paragraph and the delivery requirements specified in Section 53601. Investments in repurchase agreements may be made, on any investment authorized by this section, when the term of the agreement does not exceed one year. The market value of the securities that underlay a repurchase agreement shall be valued at 102 percent or greater of the funds borrowed against those securities, and the value shall be adjusted no less than quarterly. Because the market value of the underlying securities is subject to daily market fluctuations, the investments in repurchase agreements shall be in compliance with this section if the value of the underlying securities is brought back to 102 percent no later than the next business day. Reverse repurchase agreements may be utilized only when all of the following criteria are met:

(A) The security being sold on reverse repurchase agreement or securities lending agreement has been owned and fully paid for by the local agency for a minimum of 30 days prior to the sale.

(B) The total of all reverse repurchase agreements on investments owned by the local agency not purchased or committed to purchase does not exceed 20 percent of the market value of the portfolio.

(C) The agreement does not exceed a term of 92 days, unless the agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using a reverse repurchase agreement and the final maturity date of the same security.

(D) Funds obtained or funds within the pool of an equivalent amount to that obtained from selling a security to a counterparty by way of a reverse repurchase agreement or securities lending agreement, may not be used to purchase another security with a maturity longer than 92 days from the initial settlement date of the reverse repurchase agreement or securities lending agreement, unless the agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using a reverse repurchase agreement or securities lending agreement and the final maturity date of the same security.

(E) Investments in reverse repurchase agreements or similar investments in which the local agency sells securities prior to purchase with a simultaneous agreement to repurchase the security, shall only be made with prior approval of the governing body of the local agency and

shall only be made with primary dealers of the Federal Reserve Bank of New York or with a nationally or state-chartered bank that has or has had a significant banking relationship with a local agency.

"Securities," for purposes of this paragraph, means securities of the same issuer, description, issue date, and maturity.

(9) All debt securities issued by a corporation or depository institution with a remaining maturity of not more than 397 days, including securities specified as "medium-term notes," as well as other debt instruments originally issued with maturities longer than 397 days, but which, at time of purchase, have a final maturity of 397 days or less. Eligible medium-term notes shall be issued by corporations organized and operating within the United States or by depository institutions licensed by the United States or any state and operating within the United States.

(10) (A) Shares of beneficial interest issued by diversified management companies that invest in the securities and obligations described in this subdivision and that comply with the investment restrictions of this section. However, notwithstanding these restrictions, a counterparty to a reverse repurchase agreement shall not be required to be a primary dealer of the Federal Reserve Bank of New York if the company's board of directors finds that the counterparty presents a minimal risk of default. The value of the securities underlying a repurchase agreement may be 100 percent of the sales price if the securities are marked to market daily.

(B) Shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission under the federal Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1 et seq.).

(C) All shares of beneficial interest described in this paragraph shall have met either of the following criteria:

(i) Attained the highest ranking or the highest letter and numerical rating provided by not less than two nationally recognized statistical rating organizations.

(ii) Retained an investment adviser registered or exempt from registration with the Securities and Exchange Commission and who has not less than five years' experience investing in money market instruments and with assets under management in excess of five hundred million dollars ($500,000,000).

(11) Any mortgage passthrough security, collateralized mortgage obligation, mortgage-backed or other paythrough bond, equipment lease-backed certificate, consumer receivable passthrough certificate, or consumer receivable-backed bond.

Securities eligible for investment under this paragraph shall be issued by an issuer having an "A" or higher rating from the issuer's debt as

provided by a nationally recognized rating service and rated in a rating category of "AA" or its equivalent or better by a nationally recognized rating.

(12) Contracts issued by insurance companies that provide the policyholder with the right to receive a fixed or variable rate of interest and the full return of principal at the maturity date.

(13) Any investments that would qualify under SEC Rule 2a-7 of the Investment Company Act of 1940 guidelines. These investments shall also meet the limitations detailed in this section.

(f) For purposes of this section, all of the following definitions shall apply:

(1) "Repurchase agreement" means a purchase of securities pursuant to an agreement by which the counterparty seller will repurchase the securities on or before a specified date and for a specified amount and the counterparty will deliver the underlying securities to the local agency by book entry, physical delivery, or by third-party custodial agreement.

(2) "Significant banking relationship" means any of the following activities of a bank:

(A) Involvement in the creation, sale, purchase, or retirement of a local agency's bonds, warrants, notes, or other evidence of indebtedness.

(B) Financing of a local agency's securities or funds as deposits.

(C) Acceptance of a local agency's securities or funds as deposits.

(3) "Reverse repurchase agreement" means a sale of securities by the local agency pursuant to an agreement by which the local agency will repurchase the securities on or before a specified date and includes other comparable agreements.

(4) "Securities lending agreement" means an agreement with a local agency that agrees to transfer securities to a borrower who, in turn agrees to provide collateral to the local agency. During the term of the agreement, both the securities and the collateral are held by a third party. At the conclusion of the agreement, the securities are transferred back to the local agency in return for the collateral.

(5) "First tier security" has the same meaning as that phrase is defined by SEC Rule 2a-7 of the Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1 et seq).

(6) "Local agency" means a county or city and county.

(g) For purposes of this section, the base value of the local agency's pool portfolio shall be that dollar amount obtained by totaling all cash balances placed in the pool by all pool participants, excluding any amounts obtained through selling securities by way of reverse repurchase agreements, or other similar borrowing methods.

(h) For purposes of this section, the spread is the difference between the cost of funds obtained using the reverse repurchase agreement and the earnings obtained on the reinvestment of the funds.

(i) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

SEC. 2. Section 53635 of the Government Code is amended to read:

53635. (a) This section shall apply to a local agency that is a county, a city and county, or other local agency that pools money in deposits or investments with other local agencies, including local agencies that have the same governing body. However, Section 53601 shall apply to all local agencies that pool money in deposits or investments exclusively with local agencies that have the same governing body.

This section shall be interpreted in a manner that recognizes the distinct characteristics of investment pools and the distinct administrative burdens on managing and investing funds on a pooled basis pursuant to Article 6 (commencing with Section 27130) of Chapter 5 of Division 2 of Title 3.

A local agency that is a county, a city and county, or other local agency that pools money in deposits or investments with other agencies may invest in commercial paper pursuant to subdivision (g) of Section 53601, except that the local agency shall be subject to the following concentration limits:

(1) No more than 40 percent of the local agency's money may be invested in eligible commercial paper.

(2) No more than 10 percent of the total assets of the investments held by a local agency may be invested in any one issuer's commercial paper.

(b) Notwithstanding Section 53601, the City of Los Angeles shall be subject to the concentration limits of this section for counties and for cities and counties with regard to the investment of money in eligible commercial paper.

CHAPTER 165

An act to add Section 6033 to the Business and Professions Code, relating to attorneys.

[Approved by Governor August 28, 2006. Filed with Secretary of State August 28, 2006.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) There is an increasingly dire need for legal services for poor Californians. Due to insufficient funding, existing programs providing free services in civil matters to indigent and disadvantaged persons, especially underserved groups such as elderly, disabled, children, and non-English-speaking persons, do not adequately meet the needs of these persons.

(b) Legal services programs encourage peaceful dispute resolution, efficiently serve millions of poor clients, and promote an ordered society and the peaceful resolution of disputes.

(c) Approximately 80 percent of the legal needs of poor Californians are not being met. Despite the establishment of the state's Equal Access Fund, and impressive gains in efficiency and fundraising by legal aid programs, the current "justice gap" in California is estimated to be at least three hundred and fifty million dollars ($350,000,000), in large part because of federal funding cuts and escalating poverty rates, particularly among children.

(d) California's poverty rate is higher than the national average, and the gap between rich and poor has only worsened in recent years, putting a greater strain on legal services organizations. Although legal services eligibility limits are strict, more than half of all people who meet the standards and seek assistance regarding problems for which legal services offices provide service are currently being turned away simply for lack of resources.

(e) Respect for the law depends upon public confidence in the accessibility of the justice system. Whether disputes are brought to the legal system for resolution or decided in less desirable ways depends in part on whether the courts are available to all who face legal problems. Moreover, the fair resolution of conflicts through the legal system offers financial and economic benefits by reducing the need for many state services and allowing people to help themselves.

(f) Opinion surveys show, disturbingly, that more than two-thirds of Californians believe low-income people usually receive worse outcomes in court than others. Respect for a system of laws is not encouraged if most people perceive, rightly or wrongly, that justice is only for the wealthy.

(g) A lack of representation not only disadvantages people with legal problems, it also burdens the justice system itself and impairs the administration of justice. California courts are facing an ever increasing number of parties who go to court without legal counsel, largely because

they cannot afford representation. Unrepresented litigants typically are unfamiliar with court procedures and forms, as well as with their rights and obligations, which leaves them disadvantaged in court and consumes significant court resources.

(h) California continues to lag far behind other industrial states in total funding of legal services for the poor. Our record is also dismal in comparison to other countries whose economies are similar in size or even smaller than California's economy.

(i) Every lawyer has a professional responsibility to provide legal services to those unable to pay. Many lawyers perform substantial pro bono services or make financial contributions in lieu of performing pro bono services. However, many lawyers, particularly solo practitioners, small firms, and lawyers in the public sector, face special challenges in providing pro bono legal services. The private bar, acting on its own, cannot and should not be called upon to provide full civil representation for California's poor. Nonetheless, the legal profession should play a lead role in the effort to improve the justice system, and each lawyer has a personal obligation as a member of the profession to ensure that all persons have equal access to the courts for redress of grievances and access to lawyers when legal services are necessary, including through the provision of pro bono services and through financial support to nonprofit organizations that provide free legal services to the poor.

(j) Facilitating the collection of voluntary financial contributions by lawyers to legal services organizations is consistent with the mission of the State Bar of California to aid in matters pertaining to the improvement of the administration of justice, including matters that may advance the professional interests of the members of the State Bar and matters concerning the relations of the State Bar with the public.

SEC. 2. Section 6033 is added to the Business and Professions Code, to read:

6033. (a) Notwithstanding any other provision of law, the State Bar is expressly authorized to facilitate the professional responsibilities of members by collecting, in conjunction with the State Bar's collection of its annual membership dues or otherwise, voluntary financial support for nonprofit organizations that provide free legal services to persons of limited means.

(b) To implement this section, the State Bar, in consultation with the Chief Justice of California, shall appoint a task force of key stakeholders to analyze the mechanisms and experience of bar associations that have adopted programs for the collection of financial contributions from bar members and shall propose an appropriate method for facilitating the collection and distribution of voluntary contributions that is best calculated to generate the greatest level of financial support and

participation from State Bar members, taking into account such issues as the justice-gap between the legal needs of low-income people in California and the legal resources available to assist them. The method and any recommended voluntary contribution amount adopted by the Board of Governors of the State Bar of California shall be implemented for the 2008 fiscal year, and shall be reviewed and adjusted as needed after two years and, thereafter, every five years as needed, in consultation with affected service providers and other key stakeholders.

CHAPTER 166

An act to amend Sections 117675, 117945, 118220, 118222, 118280, 118285, and 118310 of, and to add Section 118307 to, the Health and Safety Code, relating to medical waste.

[Approved by Governor August 28, 2006. Filed with Secretary of State August 28, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 117675 of the Health and Safety Code is amended to read:

117675. "Infectious agent" means a type of microorganism, bacteria, mold, parasite, or virus, including, but not limited to, organisms managed as Biosafety Level II, III, or IV by the federal Centers for Disease Control and Prevention, that normally causes, or significantly contributes to the cause of, increased morbidity or mortality of human beings.

SEC. 2. Section 117945 of the Health and Safety Code is amended to read:

117945. Small quantity generators who are not required to register pursuant to this chapter shall maintain on file in their office all of following:

(a) An information document stating how the generator contains, stores, treats, and disposes of any medical waste generated through any act or process of the generator.

(b) Records of any medical waste transported offsite for treatment and disposal, including the quantity of waste transported, the date transported, and the name of the registered hazardous waste hauler or individual hauling the waste pursuant to Section 118030. The small quantity generator shall maintain these records for not less than two years.

SEC. 3. Section 118220 of the Health and Safety Code is amended to read:

118220. Recognizable human anatomical parts, with the exception of teeth not deemed infectious by the attending physician and surgeon or dentist, shall be disposed of by interment or in accordance with paragraph (1) or paragraph (3) of subdivision (a) of Section 118215, unless otherwise hazardous.

SEC. 4. Section 118222 of the Health and Safety Code is amended to read:

118222. (a) Biohazardous waste that meets the conditions of subdivision (f) of Section 117635 shall be treated pursuant to paragraph (1) or paragraph (3) of subdivision (a) of Section 118215 prior to disposal.

(b) Biohazardous waste that meets the conditions specified in subdivision (g) of Section 117635 shall be treated pursuant to paragraph (1) or paragraph (3) of subdivision (a) of Section 118215 prior to disposal.

SEC. 5. Section 118280 of the Health and Safety Code is amended to read:

118280. To containerize biohazard bags, a person shall do all of the following:

(a) The bags shall be tied to prevent leakage or expulsion of contents during all future storage, handling, or transport.

(b) Biohazardous waste, except biohazardous waste as defined in subdivision (g) of Section 117635, shall be bagged in accordance with subdivision (b) of Section 118275 and placed for storage, handling, or transport in a rigid container that may be disposable, reusable, or recyclable. Containers shall be leak resistant, have tight-fitting covers, and be kept clean and in good repair. Containers may be recycled with the approval of the enforcement agency. Containers may be of any color and shall be labeled with the words "Biohazardous Waste" or with the international biohazard symbol and the word "BIOHAZARD" on the lid and on the sides so as to be visible from any lateral direction. Containers meeting the requirements specified in Section 66840 of Title 22 of the California Code of Regulations, as it read on December 31, 1990, may also be used until the replacement of the containers is necessary or existing stock has been depleted.

(c) Biohazardous waste shall not be removed from the biohazard bag until treatment as prescribed in Chapter 8 (commencing with Section 118215) is completed, except to eliminate a safety hazard, or by the enforcement officer in performance of an investigation pursuant to Section 117820. Biohazardous waste shall not be disposed of before

being treated as prescribed in Chapter 8 (commencing with Section 118215).

(d) (1) Except as provided in paragraph (5), a person generating biohazardous waste shall comply with the following requirements:

(A) If the person generates 20 or more pounds of biohazardous waste per month, the person shall not contain or store biohazardous or sharps waste above 0° Centigrade (32° Fahrenheit) at any onsite location for more than seven days without obtaining prior written approval of the enforcement agency.

(B) If a person generates less than 20 pounds of biohazardous waste per month, the person shall not contain or store biohazardous waste above 0° Centigrade (32° Fahrenheit) at any onsite location for more than 30 days.

(2) A person may store biohazardous or sharps waste at or below 0° Centigrade (32° Fahrenheit) at an onsite location for not more than 90 days without obtaining prior written approval of the enforcement agency.

(3) A person may store biohazardous or sharps waste at a permitted transfer station at or below 0° Centigrade (32° Fahrenheit) for not more than 30 days without obtaining prior written approval of the enforcement agency.

(4) A person shall not store biohazardous or sharps waste above 0° Centigrade (32° Fahrenheit) at any location or facility that is offsite from the generator for more than seven days before treatment.

(5) Notwithstanding paragraphs (1) to (4), inclusive, if the odor from biohazardous or sharps waste stored at a facility poses a nuisance, the enforcement agency may require more frequent removal.

(e) Waste that meets the definition of biohazardous waste in subdivision (g) of Section 117635 shall not be subject to the limitations on storage time prescribed in subdivision (d). A person may store that biohazardous waste at an onsite location for not longer than 90 days when the container is ready for disposal or, unless prior written approval from the enforcement agency or the department is obtained. The container shall be emptied at least once per year, unless prior written approval from the enforcement agency of the department is obtained. A person may store that biohazardous waste at a permitted transfer station for not longer than 30 days without obtaining prior written approval from the enforcement agency or the department. A person shall not store that biohazardous waste at any location or facility that is offsite from the generator for more than 30 days before treatment.

(f) The containment and storage time for wastes consolidated in a common container pursuant to subdivision (h) of Section 118275 shall not exceed the storage time for any category of waste set forth in this section.

SEC. 6. Section 118285 of the Health and Safety Code is amended to read:

118285. To containerize sharps waste, a person shall do all of the following:

(a) Place all sharps waste into a sharps container.

(b) Tape closed or tightly lid full sharps containers ready for disposal to preclude loss of contents.

(c) Store sharps containers ready for disposal for not more than thirty days without the written approval of the enforcement agency.

(d) Label sharps containers with the words "sharps waste" or with the international biohazard symbol and the word "BIOHAZARD."

SEC. 7. Section 118307 is added to the Health and Safety Code, to read:

118307. Medical waste that is stored in an area prior to transfer to the designated accumulation area, as defined in Section 118310, shall be stored in an area that is either locked or under direct supervision or surveillance. Intermediate storage areas shall be marked with the international biohazardous symbol or the signage described in Section 118310. These warning signs shall be readily legible from a distance of five feet.

SEC. 8. Section 118310 of the Health and Safety Code is amended to read:

118310. A designated accumulation area used for the storage of medical waste containers prior to transportation or treatment shall be secured so as to deny access to unauthorized persons and shall be marked with warning signs on, or adjacent to, the exterior of entry doors, gates, or lids. The storage area may be secured by use of locks on entry doors, gates, or receptacle lids.

The wording of warning signs shall be in English, "CAUTION—BIOHAZARDOUS WASTE STORAGE AREA—UNAUTHORIZED PERSONS KEEP OUT," and in Spanish, "CUIDADO—ZONA DE RESIDUOS—BIOLOGICOS PELIGROSOS—PROHIBIDA LA ENTRADA A PERSONAS NO AUTORIZADAS," or in another language, in addition to English, determined to be appropriate by the infection control staff or enforcement agency. A warning sign concerning infectious waste, as that term was defined by Section 25117.5 as it read on December 31, 1990, that sign having been installed before April 1, 1991, meets the requirements of this section, until the sign is changed and as long as the sign is not moved. Warning signs shall be readily legible during daylight from a distance of at least 25 feet.

Any enclosure or designated accumulation area shall provide medical waste protection from animals and natural elements and shall not provide a breeding place or a food source for insects or rodents.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 167

An act to amend Sections 52.2, 1369.520, and 1950.5 of the Civil Code, to amend Sections 116.360, 116.390, 116.540, and 116.610 of the Code of Civil Procedure, to amend Sections 311.4 and 1702.1 of the Public Utilities Code, and to amend Section 742.16 of the Welfare and Institutions Code, relating to courts.

[Approved by Governor August 28, 2006. Filed with Secretary of State August 28, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 52.2 of the Civil Code is amended to read:

52.2. An action pursuant to Section 52 or 54.3 may be brought in any court of competent jurisdiction. A "court of competent jurisdiction" shall include small claims court if the amount of the damages sought in the action does not exceed the jurisdictional limits stated in Sections 116.220 and 116.221 of the Code of Civil Procedure.

SEC. 2. Section 1369.520 of the Civil Code is amended to read:

1369.520. (a) An association or an owner or a member of a common interest development may not file an enforcement action in the superior court unless the parties have endeavored to submit their dispute to alternative dispute resolution pursuant to this article.

(b) This section applies only to an enforcement action that is solely for declaratory, injunctive, or writ relief, or for that relief in conjunction with a claim for monetary damages not in excess of the jurisdictional limits stated in Sections 116.220 and 116.221 of the Code of Civil Procedure.

(c) This section does not apply to a small claims action.

(d) Except as otherwise provided by law, this section does not apply to an assessment dispute.

SEC. 3. Section 1950.5 of the Civil Code is amended to read:

1950.5. (a) This section applies to security for a rental agreement for residential property that is used as the dwelling of the tenant.

(b) As used in this section, "security" means any payment, fee, deposit or charge, including, but not limited to, any payment, fee, deposit, or charge, except as provided in Section 1950.6, that is imposed at the beginning of the tenancy to be used to reimburse the landlord for costs associated with processing a new tenant or that is imposed as an advance payment of rent, used or to be used for any purpose, including, but not limited to, any of the following:

(1) The compensation of a landlord for a tenant's default in the payment of rent.

(2) The repair of damages to the premises, exclusive of ordinary wear and tear, caused by the tenant or by a guest or licensee of the tenant.

(3) The cleaning of the premises upon termination of the tenancy necessary to return the unit to the same level of cleanliness it was in at the inception of the tenancy. The amendments to this paragraph enacted by the act adding this sentence shall apply only to tenancies for which the tenant's right to occupy begins after January 1, 2003.

(4) To remedy future defaults by the tenant in any obligation under the rental agreement to restore, replace, or return personal property or appurtenances, exclusive of ordinary wear and tear, if the security deposit is authorized to be applied thereto by the rental agreement.

(c) A landlord may not demand or receive security, however denominated, in an amount or value in excess of an amount equal to two months' rent, in the case of unfurnished residential property, and an amount equal to three months' rent, in the case of furnished residential property, in addition to any rent for the first month paid on or before initial occupancy.

This subdivision does not prohibit an advance payment of not less than six months' rent if the term of the lease is six months or longer.

This subdivision does not preclude a landlord and a tenant from entering into a mutual agreement for the landlord, at the request of the tenant and for a specified fee or charge, to make structural, decorative, furnishing, or other similar alterations, if the alterations are other than cleaning or repairing for which the landlord may charge the previous tenant as provided by subdivision (e).

(d) Any security shall be held by the landlord for the tenant who is party to the lease or agreement. The claim of a tenant to the security shall be prior to the claim of any creditor of the landlord.

(e) The landlord may claim of the security only those amounts as are reasonably necessary for the purposes specified in subdivision (b). The landlord may not assert a claim against the tenant or the security for damages to the premises or any defective conditions that preexisted the tenancy, for ordinary wear and tear or the effects thereof, whether the wear and tear preexisted the tenancy or occurred during the tenancy, or for the cumulative effects of ordinary wear and tear occurring during any one or more tenancies.

(f) (1) Within a reasonable time after notification of either party's intention to terminate the tenancy, or before the end of the lease term, the landlord shall notify the tenant in writing of his or her option to request an initial inspection and of his or her right to be present at the inspection. The requirements of this subdivision do not apply when the tenancy is terminated pursuant to subdivision (2), (3), or (4) of Section 1161 of the Code of Civil Procedure. At a reasonable time, but no earlier than two weeks before the termination or the end of lease date, the landlord, or an agent of the landlord, shall, upon the request of the tenant, make an initial inspection of the premises prior to any final inspection the landlord makes after the tenant has vacated the premises. The purpose of the initial inspection shall be to allow the tenant an opportunity to remedy identified deficiencies, in a manner consistent with the rights and obligations of the parties under the rental agreement, in order to avoid deductions from the security. If a tenant chooses not to request an initial inspection, the duties of the landlord under this subdivision are discharged. If an inspection is requested, the parties shall attempt to schedule the inspection at a mutually acceptable date and time. The landlord shall give at least 48 hours' prior written notice of the date and time of the inspection if either a mutual time is agreed upon, or if a mutually agreed time cannot be scheduled but the tenant still wishes an inspection. The tenant and landlord may agree to forgo the 48-hour prior written notice by both signing a written waiver. The landlord shall proceed with the inspection whether the tenant is present or not, unless the tenant previously withdrew his or her request for the inspection.

(2) Based on the inspection, the landlord shall give the tenant an itemized statement specifying repairs or cleaning that are proposed to be the basis of any deductions from the security the landlord intends to make pursuant to paragraphs (1) to (4), inclusive of subdivision (b). This statement shall also include the texts of paragraphs (1) to (4), inclusive, of subdivision (b). The statement shall be given to the tenant, if the tenant is present for the inspection, or shall be left inside the premises.

(3) The tenant shall have the opportunity during the period following the initial inspection until termination of the tenancy to remedy identified deficiencies, in a manner consistent with the rights and obligations of

the parties under the rental agreement, in order to avoid deductions from the security.

(4) Nothing in this subdivision shall prevent a landlord from using the security for deductions itemized in the statement provided for in paragraph (2) that were not cured by the tenant so long as the deductions are for damages authorized by this section.

(5) Nothing in this subdivision shall prevent a landlord from using the security for any purpose specified in paragraphs (1) to (4), inclusive, of subdivision (b) that occurs between completion of the initial inspection and termination of the tenancy or was not identified during the initial inspection due to the presence of a tenant's possessions.

(g) (1) No later than 21 calendar days after the tenant has vacated the premises, but not earlier than the time that either the landlord or the tenant provides a notice to terminate the tenancy under Section 1946 or 1946.1, Section 1161 of the Code of Civil Procedure, or not earlier than 60 calendar days prior to the expiration of a fixed-term lease, the landlord shall furnish the tenant, by personal delivery or by first-class mail, postage prepaid, a copy of an itemized statement indicating the basis for, and the amount of, any security received and the disposition of the security and shall return any remaining portion of the security to the tenant.

(2) Along with the itemized statement, the landlord shall also include copies of documents showing charges incurred and deducted by the landlord to repair or clean the premises, as follows:

(A) If the landlord or landlord's employee did the work, the itemized statement shall reasonably describe the work performed. The itemized statement shall include the time spent and the reasonable hourly rate charged.

(B) If the landlord or landlord's employee did not do the work, the landlord shall provide the tenant a copy of the bill, invoice, or receipt supplied by the person or entity performing the work. The itemized statement shall provide the tenant with the name, address, and telephone number of the person or entity, if the bill, invoice, or receipt does not include that information.

(C) If a deduction is made for materials or supplies, the landlord shall provide a copy of the bill, invoice, or receipt. If a particular material or supply item is purchased by the landlord on an ongoing basis, the landlord may document the cost of the item by providing a copy of a bill, invoice, receipt, vendor price list, or other vendor document that reasonably documents the cost of the item used in the repair or cleaning of the unit.

(3) If a repair to be done by the landlord or the landlord's employee cannot reasonably be completed within 21 calendar days after the tenant has vacated the premises, or if the documents from a person or entity

providing services, materials, or supplies are not in the landlord's possession within 21 calendar days after the tenant has vacated the premises, the landlord may deduct the amount of a good faith estimate of the charges that will be incurred and provide that estimate with the itemized statement. If the reason for the estimate is because the documents from a person or entity providing services, materials, or supplies are not in the landlord's possession, the itemized statement shall include the name, address, and telephone number of the person or entity. Within 14 calendar days of completing the repair or receiving the documentation, the landlord shall complete the requirements in paragraphs (1) and (2) in the manner specified.

(4) The landlord need not comply with paragraph (2) or (3) if either of the following apply:

(A) The deductions for repairs and cleaning together do not exceed one hundred twenty-five dollars ($125).

(B) The tenant waived the rights specified in paragraphs (2) and (3). The waiver shall only be effective if it is signed by the tenant at the same time or after a notice to terminate a tenancy under Section 1946 or 1946.1 has been given, a notice under Section 1161 of the Code of Civil Procedure has been given, or no earlier than 60 calendar days prior to the expiration of a fixed-term lease. The waiver shall substantially include the text of paragraph (2).

(5) Notwithstanding paragraph (4), the landlord shall comply with paragraphs (2) and (3) when a tenant makes a request for documentation within 14 calendar days after receiving the itemized statement specified in paragraph (1). The landlord shall comply within 14 calendar days after receiving the request from the tenant.

(6) Any mailings to the tenant pursuant to this subdivision shall be sent to the address provided by the tenant. If the tenant does not provide an address, mailings pursuant to this subdivision shall be sent to the unit that has been vacated.

(h) Upon termination of the landlord's interest in the premises, whether by sale, assignment, death, appointment of receiver or otherwise, the landlord or the landlord's agent shall, within a reasonable time, do one of the following acts, either of which shall relieve the landlord of further liability with respect to the security held:

(1) Transfer the portion of the security remaining after any lawful deductions made under subdivision (e) to the landlord's successor in interest. The landlord shall thereafter notify the tenant by personal delivery or by first-class mail, postage prepaid, of the transfer, of any claims made against the security, of the amount of the security deposited, and of the names of the successors in interest, their address, and their telephone number. If the notice to the tenant is made by personal delivery,

the tenant shall acknowledge receipt of the notice and sign his or her name on the landlord's copy of the notice.

(2) Return the portion of the security remaining after any lawful deductions made under subdivision (e) to the tenant, together with an accounting as provided in subdivision (g).

(i) Prior to the voluntary transfer of a landlord's interest in the premises, the landlord shall deliver to the landlord's successor in interest a written statement indicating the following:

(1) The security remaining after any lawful deductions are made.

(2) An itemization of any lawful deductions from any security received.

(3) His or her election under paragraph (1) or (2) of subdivision (h).

This subdivision does not affect the validity of title to the real property transferred in violation of this subdivision.

(j) In the event of noncompliance with subdivision (h), the landlord's successors in interest shall be jointly and severally liable with the landlord for repayment of the security, or that portion thereof to which the tenant is entitled, when and as provided in subdivisions (e) and (g). A successor in interest of a landlord may not require the tenant to post any security to replace that amount not transferred to the tenant or successors in interest as provided in subdivision (h), unless and until the successor in interest first makes restitution of the initial security as provided in paragraph (2) of subdivision (h) or provides the tenant with an accounting as provided in subdivision (g).

This subdivision does not preclude a successor in interest from recovering from the tenant compensatory damages that are in excess of the security received from the landlord previously paid by the tenant to the landlord.

Notwithstanding this subdivision, if, upon inquiry and reasonable investigation, a landlord's successor in interest has a good faith belief that the lawfully remaining security deposit is transferred to him or her or returned to the tenant pursuant to subdivision (h), he or she is not liable for damages as provided in subdivision (*l*), or any security not transferred pursuant to subdivision (h).

(k) Upon receipt of any portion of the security under paragraph (1) of subdivision (h), the landlord's successors in interest shall have all of the rights and obligations of a landlord holding the security with respect to the security.

(*l*) The bad faith claim or retention by a landlord or the landlord's successors in interest of the security or any portion thereof in violation of this section, or the bad faith demand of replacement security in violation of subdivision (j), may subject the landlord or the landlord's successors in interest to statutory damages of up to twice the amount of

the security, in addition to actual damages. The court may award damages for bad faith whenever the facts warrant that award, regardless of whether the injured party has specifically requested relief. In any action under this section, the landlord or the landlord's successors in interest shall have the burden of proof as to the reasonableness of the amounts claimed or the authority pursuant to this section to demand additional security deposits.

(m) No lease or rental agreement may contain any provision characterizing any security as "nonrefundable."

(n) Any action under this section may be maintained in small claims court if the damages claimed, whether actual or statutory or both, are within the jurisdictional amount allowed by Section 116.220 or 116.221 of the Code of Civil Procedure.

(o) Proof of the existence of and the amount of a security deposit may be established by any credible evidence, including, but not limited to, a canceled check, a receipt, a lease indicating the requirement of a deposit as well as the amount, prior consistent statements or actions of the landlord or tenant, or a statement under penalty of perjury that satisfies the credibility requirements set forth in Section 780 of the Evidence Code.

(p) The amendments to this section made during the 1985 portion of the 1985–86 Regular Session of the Legislature that are set forth in subdivision (e) are declaratory of existing law.

(q) The amendments to this section made during the 2003 portion of the 2003–04 Regular Session of the Legislature that are set forth in paragraph (1) of subdivision (f) are declaratory of existing law.

SEC. 4. Section 116.360 of the Code of Civil Procedure is amended to read:

116.360. (a) The defendant may file a claim against the plaintiff in the same action in an amount not to exceed the jurisdictional limits stated in Sections 116.220, 116.221, and 116.231. The claim need not relate to the same subject or event as the plaintiff's claim.

(b) The defendant's claim shall be filed and served in the manner provided for filing and serving a claim of the plaintiff under Sections 116.330 and 116.340.

(c) The defendant shall cause a copy of the claim and order to be served on the plaintiff at least five days before the hearing date, unless the defendant was served 10 days or less before the hearing date, in which event the defendant shall cause a copy of the defendant's claim and order to be served on the plaintiff at least one day before the hearing date.

SEC. 5. Section 116.390 of the Code of Civil Procedure is amended to read:

116.390. (a) If a defendant has a claim against a plaintiff that exceeds the jurisdictional limits stated in Sections 116.220, 116.221, and 116.231, and the claim relates to the contract, transaction, matter, or event which is the subject of the plaintiff's claim, the defendant may commence an action against the plaintiff in a court of competent jurisdiction and request the small claims court to transfer the small claims action to that court.

(b) The defendant may make the request by filing with the small claims court in which the plaintiff commenced the action, at or before the time set for the hearing of that action, a declaration stating the facts concerning the defendant's action against the plaintiff with a true copy of the complaint so filed by the defendant against the plaintiff. The defendant shall cause a copy of the declaration and complaint to be personally delivered to the plaintiff at or before the time set for the hearing of the small claims action.

(c) In ruling on a motion to transfer, the small claims court may do any of the following: (1) render judgment on the small claims case prior to the transfer; (2) not render judgment and transfer the small claims case; (3) refuse to transfer the small claims case on the grounds that the ends of justice would not be served. If the small claims action is transferred prior to judgment, both actions shall be tried together in the transferee court.

(d) When the small claims court orders the action transferred, it shall transmit all files and papers to the transferee court.
