This bill would require the California Highway Patrol or a designated local public safety agency that responds to a railroad accident to report the accident to the Office of Emergency Services. By placing additional reporting requirements upon local public safety agencies, the bill would impose a state-mandated local program.

(5) Existing law requires the commission to annually report to the Legislature on sites on railroad lines in the state that it finds to be hazardous, including a list of all commodities transported on railroad lines that could pose a hazard to the public or the environment in the event of a train derailment or other accident, a description of the quantities of these commodities, and the locations and routes that these materials are transported, and a list of all railroad derailment accident sites in the state on which accidents have occurred within at least the previous 5 years.

This bill would require the annual report to include a list of the root causes and significant contributing factors of all train accidents or derailments investigated.

The bill would require the commission to collect and analyze "near-miss" data generated from incidents occurring at railroad crossings and along the rail right-of-way, including data relative to runaway trains or any other uncontrolled train movements that threaten public health and safety reported to the commission pursuant to the bill.

(6) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

(7) This bill would declare that it is to take effect immediately as an urgency statute.

#### Ch. 886 (AB 1849) Leslie Sex offenders.

Existing law requires the Department of Justice to make information concerning certain persons who are required to register as sex offenders available to the public via an Internet Web site, including the offender's criminal history.

This bill would also require that on or before July 1, 2010, the year of the conviction of the offender's last sexual offense, the year of release from incarceration for that offense, and

whether he or she was subsequently incarcerated for any other felony, be posted on the Internet Web site, as specified. This bill would also require any state facility that releases a sex offender to provide the year of conviction and year of release for his or her most recent offense requiring registration as a sex offender to the department, or that releases a person who is required to register as a sex offender from incarceration whose incarceration was for a felony committed subsequently to the offense for which he or she is required to register to advise the department, as specified.

Senate Bill No. 1178 proposes to enact provisions requiring certain offenders to be assessed with the State Authorized Risk Assessment Tool for Sex Offenders for purposes of parole and probation.

This bill would further revise those provisions to, among other things, make certain requirements applicable commencing January 1, 2009, to become operative only if SB 1178 is also enacted and this bill is enacted last.

This bill would incorporate additional changes in Section 290.46 of the Penal Code proposed by AB 2712 and SB 1128 contingent upon the prior enactment of one or both of those bills.

This bill would provide that it shall only become operative if SB 1128 is enacted.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 887 (AB 2722) Canciamilla Instructional materials: adoption.

(1) Existing law requires the State Board of Education to adopt at least 5 separate basic instructional materials, as defined, for use in kindergarten and each of grades 1 to 8, inclusive, in language arts, mathematics, science, social science, bilingual or bicultural subjects, known as the core subjects, and any other subject, discipline or interdisciplinary areas for which the state board determines the adoption of instructional materials to be necessary or desirable. Existing law prescribes specific criteria by which instructional materials for use in kindergarten and each of grades 1 to 8, inclusive, are to be reviewed for adoption. Existing law authorizes instructional materials to be submitted for adoption no less than 2 times every 6 years for the core subjects, and no less than 2 times every 8 years for any other subject, discipline, or interdisciplinary area.

This bill would prohibit the state board from adopting basic instructional materials in language arts or mathematics for the same grade level in successive years. The bill would require that instructional materials for language arts be submitted to the state board for adoption in 2008.

(2) This bill would incorporate additional changes in Section 60200 of the Education Code proposed by SB 1769, that would become operative only if SB 1769 and this bill are both chaptered and become effective on or before January 1, 2007, and this bill is chaptered last.

Ch. 888 (AB 2511) Jones Land use: housing.

(1) The Planning and Zoning Law prohibits a city, county, city and county, and other local governmental agency from prohibiting or discriminating against a residential development or emergency shelter because of specified reasons, including that the development is intended for occupancy by persons or families of low, moderate, or middle income.

This bill would include within this prohibition the intended occupancy by persons or families of very low income. The bill would also prohibit a city, county, city and county, or other local government agency from disapproving a housing development project or conditioning the approval of a housing development project in a manner that renders the project infeasible if the basis for the disapproval or conditional approval includes the prohibited bases of discrimination specified in the Planning and Zoning Law.

(2) The Planning and Zoning Law requires the legislative body of each county and city to adopt a comprehensive, long-term general plan for the physical development of the county or city and of any land outside its boundaries that bears relation to its planning. That law

requires this general plan to include several elements, including land use, circulation, housing, open-space, and conservation elements, which are required to meet specified requirements. After the legislative body of a city, county, or city and county adopts all or part of a general plan, the Planning and Zoning Law requires the agency to provide an annual report to the legislative body, the Office of Planning and Research, and the Department of Housing and Community Development that includes specified information regarding the status of the plan and progress in its implementation. This report is due by April 1 of each year, except for the 2006 calendar year when it is due on October 1.

This bill would require a court to issue an order or judgment compelling compliance with this reporting requirement within 60 days if, upon a motion to that effect, the court finds that a city, county, or city and county failed to timely submit the housing element portion of that report that substantially complies with the applicable requirements. The bill would authorize the court to grant appropriate sanctions and require the court to retain jurisdiction to ensure that its order or judgment is carried out.

(3) The Planning and Zoning Law requires that a local agency not disapprove a housing development project for very low, low-, or moderate-income households or condition its approval in a manner that renders the project infeasible for development for those households unless it makes written findings, based upon substantial evidence in the record, as to one of a number of specified conditions.

The Planning and Zoning Law also requires the court, in an action to enforce these provisions, to issue an order or judgment to compel compliance with these provisions within 60 days if the court finds that the local agency disapproved the project or conditioned its approval without making the required findings or without making sufficient findings supported by substantial evidence, and authorizes the court to issue further orders to ensure that the purposes and policies of these provisions are fulfilled if its order or judgment has not been carried out within the 60-day period.

This bill would provide that these provisions be known and cited as the Housing Accountability Act.

(4) Existing law provides for the adoption and administration of zoning laws, ordinances, rules, and regulations by counties and cities, as well as the implementation of general plans. Existing law declares the intent of the Legislature to provide only a minimum of limitation in order that counties and cities may exercise the maximum degree of control over local zoning matters.

Existing law makes various findings and declarations regarding the lack of affordable housing and declares that it is the policy of the state that a local government not reject or make infeasible affordable housing developments that contribute to meeting the state housing need without a thorough analysis of the effects of the action.

This bill would state the findings and declarations of the Legislature with respect to some of the laws that provide incentives to facilitate and expedite the construction of affordable housing.

(5) The Planning and Zoning Law authorizes a local agency to provide by ordinance for the creation of 2nd units on parcels zoned for single-family and multifamily residence, as prescribed. It also authorizes a local agency to issue a zoning variance, special use permit, or conditional use permit for a dwelling unit of a specified size to be constructed either attached to or detached from a primary residence on a parcel zoned for a single-family residence if the dwelling unit is intended for the sole occupancy of one adult or 2 adult persons aged 62 years or older.

This bill would repeal this specific authority of a local agency, but would provide that units constructed pursuant to these variances or permits issued before January 1, 2007, are to be considered in compliance with relevant laws, ordinances, rules, and regulations.

(6) Existing law requires each city, county, or city and county to ensure that its inventory or programs of adequate sites identified in its housing element can accommodate its share of the regional housing need throughout the planning period and prohibits a city, county, or

city and county from reducing, requiring, or permitting the reduction of the residential density for any parcel to a lower residential density that is lower than the density used by the Department of Housing and Community Development in determining compliance with housing element law unless the city, county, or city and county makes specified written findings supported by substantial evidence.

This bill would instead require each city, county, or city and county to ensure that its housing element inventory or its housing element program to make those sites available, can accommodate its share of the regional housing need throughout the planning period. The bill would define “lower residential density” for these purposes.

(7) The Permit Streamlining Act within the Planning and Zoning Law requires the lead agency that has the principal responsibility for approving a development project, as defined, to approve or disapprove the project within a specified number of days from the date of certification of an environmental impact report, the date of the adoption of a negative declaration, or the determination by the lead agency that the project is exempt from the California Environmental Quality Act.

This bill would define “development project” with respect to a development project that is affordable to very low or low-income households and for which the project applicant has applied for or will apply for financial assistance from a public agency or federal agency as a use that consists of residential units only or a mixed-use development consisting of residential and less than 50% nonresidential neighborhood commercial use, as defined.

(8) Existing law authorizes the court to invite the parties involved in specified land use actions before the court to consider resolving their dispute by mediation. Actions filed on or after January 1, 2006, are not subject to this provision.

This bill would repeal the provision that makes those actions not subject to the invitation to mediate the dispute.

(9) This bill would incorporate additional changes in Section 65008 of the Government Code, proposed by AB 2800, to be operative only if AB 2800 and this bill are both chaptered and become effective on or before January 1, 2007, and this bill is chaptered last.

The bill would also incorporate additional changes in Section 65589.5 of the Government Code, proposed by SB 1322, to be operative only if SB 1322 and this bill are both chaptered and become effective on or before January 1, 2007, and this bill is chaptered last.

Ch. 889 (AB 2564) Matthews Health facilities: criminal record clearances and blood glucose testing.

Existing law provides for the licensure of various intermediate care facilities by the State Department of Health Services. A violation of these provisions is a crime.

Under existing law, prior to the initial licensure or license renewal for these facilities, the department is required to secure from an appropriate law enforcement agency a criminal record to determine whether any direct care staff has ever been convicted of a crime other than a minor traffic violation. Existing law defines direct care staff and requires the department to develop procedures to ensure that any licensee, direct care staff, or certificate holder for whom a criminal record has been obtained pursuant to specified provisions of existing law shall not be required to obtain multiple criminal record clearances. Existing law requires persons employed as consultants and acting as direct care staff to be subject to the same requirements for a clearance as other direct care staff.

This bill would, instead, require the department to request criminal record information for direct care staff from the Department of Justice, would specify that the criminal record clearance shall be complete when the State Department of Health Services has obtained the criminal clearance, and would prohibit direct contact by the applicant with residents until completion of the clearance, in accordance with specified procedures. This bill would also provide that if the department fails to meet certain criteria relating to the criminal record clearance for a period of 90 days, those procedures shall be suspended, as prescribed.

By imposing additional licensure requirements on these facilities, the bill would change the definition of an existing crime, thus creating a state-mandated local program.

This bill would further prohibit specified persons employed as consultants and acting as direct care staff from being required to obtain a separate criminal record clearance.

Existing law authorizes specified persons who are not licensed health care professionals, but who are trained to administer injections by a licensed health care professional, to administer injections of insulin, and to perform glucose monitoring, as prescribed by a child's physician to a foster child placement.

This bill would authorize direct care staff, who are trained and certified by a registered nurse acting within the scope of his or her practice, to administer blood glucose testing for a person with developmental disabilities who has diabetes and who is residing in an intermediate care facility/developmentally disabled habilitative or an intermediate care facility/developmentally disabled–nursing, if specified criteria are met.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

This bill would incorporate additional changes in Section 1265.5 of the Health and Safety Code proposed by SB 1759 to become operative only if this bill and SB 1759 are enacted and become effective on or before January 1, 2007, and this bill is enacted last.

#### Ch. 890 (SB 286) Lowenthal Housing.

(1) The Planning and Zoning Law requires each city, county, or city and county to prepare and adopt a general plan for its jurisdiction that contains certain mandatory elements, including a housing element. One part of the housing element is an assessment of housing needs and an inventory of resources and constraints relevant to meeting those needs.

The Planning and Zoning Law specifies the dates of revision for the housing element and prescribes the time periods for the submission of draft and adopted local general plan housing elements to the Department of Housing and Community Development and for the review of those elements by the department. That law also authorizes the department to allow a city or county to substitute the provision of units for up to 25% of its obligation to identify adequate sites for any income category in its housing element if specified criteria are met.

The Planning and Zoning Law refers to the California Environmental Quality Act when it defines “use by right.”

This bill would delete obsolete references and make technical nonsubstantive changes to those provisions.

The bill would also make other conforming changes to these provisions.

(2) The Employee Housing Act deems employee housing providing accommodations for 12 or fewer employees an agricultural land use for designated purposes.

This bill would make a conforming change to those provisions.

(3) The Mobilehomes—Manufactured Housing Act of 1980 defines “recreational vehicle” as including certain motor homes, travel trailers, truck campers, and camping trailers and requires them to comply with specified standards of the American National Standards Institute if they are sold, rented, or leased within the state.

This bill would include a standard of the National Fire Protection Association in this requirement.

(4) Existing law allows a manufactured home and a cabana that does not have the capacity to resist the minimum snow load established for residential buildings by local ordinance to be installed in a mobilehome park above 5,000 feet in elevation if certain conditions are met.

This bill would allow that installation above 4,000 feet instead and would allow an accessory building or structure that meets the same conditions as a manufactured home also to be installed at that elevation. The bill would state the intent of the Legislature that regulations adopted by the Department of Housing and Community Development to

implement and interpret these changes be deemed editorial changes pursuant to the Administrative Procedure Act if those regulations are amendments, repeals, or adoptions that are substantially the same as the statutory changes enacted by this act.

(5) The State Building Standards Law provides that the definition of “building standard” does not include, among other things, any regulation, rule, or order or standard that pertains to a recreational vehicle park, temporary recreational vehicle park, or travel trailer park, except as specified.

This bill would instead provide that “building standard” does not include any regulation, rule, or order or standard that pertains to a special occupancy park.

(6) Existing law requires the Building Standards Commission to adopt, approve, codify, and publish by reference in the California Building Standards Code specified building standards of the Uniform Code for Building Conservation of the International Conference of Building Officials.

This bill would delete a duplicate provision.

(7) Existing law authorizes a city, city and county, or county to establish higher standards for the seismic retrofit of certain structures or buildings, including hospitals and other medical facilities having surgery or emergency treatment areas, that are needed for emergency purposes after an earthquake, except as otherwise provided in the Alfred E. Alquist Hospital Facilities Seismic Safety Act of 1983.

This bill would update a cross reference to the Alfred E. Alquist Hospital Facilities Seismic Safety Act of 1983.

(8) Existing law requires the building department of a city or county to maintain an official copy of the building plans for every building for which it issued a permit and requires a department that is requested to duplicate the official copy of the plans it maintains to request written permission, by registered mail, to do so from the certified, licensed, or registered professional, or his or her successor, if any, who signed the original documents and from the original or current owner of the building or, if the building is part of a common interest development, from the board of directors or other governing body of the association established to manage the common interest development.

This bill would allow the building department’s request for written permission also to be made by certified mail.

(9) Existing law requires the Department of Housing and Community Development to establish the Joe Serna, Jr. Farmworker Housing Grant Program under which grants or loans are made to local public entities, nonprofit corporations, and limited partnerships for the construction or rehabilitation of housing for agricultural employees and their families.

This bill would authorize the loans to be made also to limited liability companies and make conforming changes.

(10) Existing law authorizes a redevelopment agency, a housing authority, a city, or a county to issue bonds to provide financing for the acquisition, construction, rehabilitation, refinancing, or development of units reserved for occupancy by low- or very low income households and financed with proceeds of the bonds issued on or after January 1, 2006 or, in the case of a city or county, on or after January 1, 1991, and requires when the qualifying project period expires or terminates, that the units remain available to eligible households occupying the units until one of specified alternatives occurs.

This bill would also apply these provisions to units financed with the proceeds of bonds refinanced, as specified, on or after January 1, 2006.

(11) Existing law requires the former Commission of Housing and Community Development to prepare and adopt minimum standards regulating the use and application of cellular concrete, as specified.

This bill would renumber this provision and transfer responsibility to the department.

(12) Existing law authorizes any city or county to issue revenue bonds on or after January 1, 1991, for the purpose of providing financing for multifamily rental housing, and capital improvements related to that housing.

This bill would also apply these provisions to bonds refunded on or after January 1, 1991.

(13) The Personal Income Tax Law, in modified conformity to federal income tax laws, allows taxpayers a credit against the taxes imposed by that law for providing low-income housing, and requires the California Tax Credit Allocation Committee to allocate the credit in accordance with specified criteria. Property “at risk of conversion” is defined for these purposes as property that, among other things, is a multifamily rental housing development in which at least 50% of the units receive certain governmental assistance, including the low-income housing credit program set forth in a specified provision of the federal Internal Revenue Code, provided the property is ineligible to receive an allocation of tax-exempt private activity mortgage revenue bonds from the California Debt Limit Allocation Committee. Pursuant to this definition of property “at risk of conversion,” the restrictions on rent and income levels must terminate, or the federal insured mortgage on the property must be eligible for prepayment, anytime within 5 calendar years after the year of application to the California Tax Credit Allocation committee.

This bill would delete the requirement that the property be ineligible for an allocation of tax-exempt private activity mortgage revenue bonds from the California Debt Limit Allocation Committee in order for the multifamily rental housing development to qualify as receiving governmental assistance through the low-income housing credit program and would provide that the termination of restrictions on rent and income levels and the eligibility on prepayment occur within 5 years before or after the date of application to the California Tax Credit Allocation Committee.

#### Ch. 891 (AB 2634) Lieber Housing elements.

The Planning and Zoning Law requires each city, county, or city and county to prepare and adopt a general plan for its jurisdiction that contains certain mandatory elements, including a housing element. One part of the housing element is an assessment of housing needs and an inventory of land suitable for residential development in meeting the jurisdiction’s share of the regional housing need, including an analysis of population and employment trends and other demographic information. The housing element is also required to contain an analysis and program for preserving assisted housing developments to be adopted as an amendment to the housing element by July 1, 1992. Existing law also provides that the failure of the Department of Housing and Community Development to review and report its findings to the local government between July 1, 1992, and the next required periodic review and revision of the housing element shall not be used as a basis for allocation or denial of specified housing assistance.

This bill would provide that the required analysis of population and employment trends and quantification of the locality’s existing and projected housing needs for all income levels, as specified, shall include extremely low income households, as defined, thus imposing a state-mandated local program. This bill would delete those obsolete provisions and provide that any amendment that alters the required content of a housing element shall apply to any housing element or housing element amendment the first draft of which is submitted to the department, as specified, or where the city, county, or city and county fails to submit the first draft before a specified date.

This bill would incorporate additional changes in Section 65583 of the Government Code, proposed by SB 1322, to become operative only if SB 1322 and this bill are both chaptered and become effective on or before January 1, 2007, and this bill is chaptered last.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

#### Ch. 892 (AB 2638) Laird Housing trust fund.

(1) Existing law establishes the Local Housing Trust Fund Matching Grant Program for the purpose of supporting local housing trust funds dedicated to the creation or preservation of affordable housing. The Department of Housing and Community Development is authorized to make matching grants available to cities and counties, or a city and county, and existing charitable nonprofit organizations that have created, funded, and operated housing trust funds prior to January 1, 2003. Existing law also authorizes the department to make matching grants available to new local housing trusts created after January 1, 2003. Existing law provides that a project receiving funds is ineligible for funding through the Multifamily Housing Program. Existing law requires funds unencumbered within 30 months of receipt to revert to the department for use in the Multifamily Housing Program and requires loan repayments to accrue to the department to support the development of rental housing consistent with the Multifamily Housing Program if the local grantee trust no longer exists.

This bill would allow a project receiving funds from this program to be eligible for funding through the Multifamily Housing Program and would require funds that revert to the department to be used in the Local Housing Trust Fund Matching Grant Program and loan repayments accruing to the department to be used in the Local Housing Trust Fund Matching Grant Program.

(2) Existing law requires the Local Housing Trust Fund Matching Grant Program to be operated under guidelines adopted by the department that are exempt from the requirements of the Administrative Procedure Act.

This bill would, for grants made available from funds other than those made available pursuant to the Housing and Emergency Shelter Trust Fund Act of 2002, and subject to the availability of funds, require, rather than authorize, the department to make these grants. The bill would eliminate the distinction between housing trusts that existed before January 1, 2003, and those that are created after that date, but would require the department to set aside funding for new housing trusts, as defined by the department. The bill would also eliminate, for grants made available from funds other than those made available pursuant to the Housing and Emergency Shelter Trust Fund Act of 2002, the requirement that the program be operated under guidelines adopted by the department that are exempt from the requirements of the Administrative Procedure Act.

(3) Existing law authorizes the department to establish competitive criteria for the award of local housing trust fund matching grants and requires the funding priorities used in the Multifamily Housing Program to be used if grant applications exceed available funds.

This bill would delete this authorization for grants made available from funds other than those made available pursuant to the Housing and Emergency Shelter Trust Fund Act of 2002.

(4) Existing law requires program funds to be used to provide loans for the construction of rental housing affordable to, and restricted for, very low income persons and families earning less than 60% of the area median income.

This bill would instead, for grants made available from funds other than those made available pursuant to the Housing and Emergency Shelter Trust Fund Act of 2002, require funds be used for the acquisition, construction, or rehabilitation of rental housing, emergency shelters, safe havens, transitional housing, and for sale housing. The bill would require at least 30% of these funds to be expended on projects, units, or shelters that are affordable to, and restricted for, extremely low income persons and families, no more than 20% of these funds to be expended on projects or units affordable to, and restricted for, moderate-income persons and families whose income does not exceed 120% of the area median income, and the remaining funds to be used for projects, units, or shelters that are affordable to, and restricted for, lower income persons and families. The bill would require the grantee to record deed restrictions on for sale housing to ensure that the owner and grantee share the equity when the property is sold or, if the property is sold within 30 years from the date trust funds are used to acquire, construct, or rehabilitate the property, the owner or subsequent owner sell

the home at an affordable housing cost to a household that meets the relevant income qualifications.

(5) Existing law requires funds unencumbered within 30 months of receipt to revert to the department.

This bill would, for grants made available from funds other than those made available pursuant to the Housing and Emergency Shelter Trust Fund Act of 2002, extend this 30-month period to 54 months.

(6) Existing law requires the department to provide a report to the Legislature regarding the program no later than December 31, 2005.

This bill would require the department's report to the Legislature to be provided by January 30 of the year following a year in which funds are awarded by the program.

The bill would also make technical, nonsubstantive changes.

(7) Existing insurance tax law, the Personal Income Tax Law, and the Corporation Tax Law, in modified conformity to federal income tax laws, allow taxpayers a credit against the taxes imposed by those laws for providing low-income housing, and require the California Tax Credit Allocation Committee to allocate the credit in accordance with specified criteria. In general, those laws allow the credit over a 4-year period for specified percentages of costs, except that, with respect to buildings at "risk of conversion," the credit is the same as the federal percentage for the first 3 years and for the 4th year the percentage is the difference between 13% and the sum of the credit for the first 3 years. Those laws define buildings "at risk of conversion" as property that, among other things, is a multifamily rental housing development, in which at least 50% of the units receive certain governmental assistance pursuant to, among other things, the low-income housing credit program set forth in a specified provision of the Internal Revenue Code, provided the property is ineligible to receive an allocation of tax exempt private activity mortgage revenue bonds from the California Debt Limit Allocation Committee. Pursuant to this definition of property "at risk of conversion," the restrictions on rent and income levels must terminate, or the federal insured mortgage on the property must be eligible for prepayment, anytime within 5 calendar years after the year of application to the California Tax Credit Allocation Committee.

This bill would delete the requirement that the property be ineligible for an allocation of tax exempt private activity mortgage revenue bonds from the California Debt Limit Allocation Committee in order for the multifamily rental housing development to qualify as receiving governmental assistance through the low-income housing credit program and would provide that the termination of restrictions on rent and income levels and the eligibility on prepayment occur within 5 years before or after the date of application to the California Tax Credit Allocation Committee.

(8) This bill would declare that it is to take effect immediately as an urgency statute.

#### Ch. 893 (SB 1235) Bowen Elections.

Existing law requires the Secretary of State to establish the specifications and the regulations governing voting machines, voting devices, and any software used, including the programs and procedures for vote tabulating and testing. The Secretary of State may not approve any voting system that does not fulfill statutory and regulatory requirements.

Existing law requires, during the official canvass of every election in which a voting system is used, a public manual tally of the ballots tabulated by those devices cast in 1% of the precincts chosen at random by the elections official.

This bill would provide that the tallied ballots include the absent voters' ballots and would also require the elections official to use either a random number generator or other method specified by the Secretary of State to randomly choose the initial precincts subject to the public manual tally. By increasing the duties of local elections officials, the bill would impose a state-mandated local program.

The bill would also require a 5-day notice to the public of the time and place of the manual tally and the selection of the initial precincts and would require the elections official to include a specified report on the results of the public manual tally.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 894 (AB 2769) Benoit Elections: 1% manual tally.

Existing law requires the Secretary of State to establish the specifications and the regulations governing voting machines, voting devices, and any software used, including the programs and procedures for vote tabulating and testing. The Secretary of State may not approve any voting system that does not fulfill statutory and regulatory requirements.

Existing law requires, during the official canvass of every election in which a voting system is used, a public manual tally of the ballots tabulated by those devices cast in 1% of the precincts chosen at random by the elections official.

This bill would provide that the tallied ballots include the absent voters' ballots and would also require the elections official to use either a random number generator or other method specified by the Secretary of State to randomly choose the initial precincts subject to the public manual tally. By increasing the duties of local elections officials, the bill would impose a state-mandated local program.

The bill would also require a 5-day notice to the public of the time and place of the manual tally and the selection of the initial precincts and would require the elections official to include a specified report on the results of the public manual tally.

This bill would become operative only if SB 1235 of the 2005–06 Regular Session is enacted and becomes effective on or before January 1, 2007.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 895 (SB 1312) Alquist Health care facilities.

(1) Under existing law, the State Department of Health Services regulates the licensure and operation of various health facilities, including long-term health care facilities, some of which are collectively classified as nursing homes. Existing law requires the department to conduct periodic inspections of health facilities for which a license or special permit has been issued, to ensure the quality of care. Existing law exempts certain health facilities that are certified to participate in the federal Medicare and Medicaid Programs from these inspections.

Existing law establishes the State Department of Health Services, Licensing, and Certification Program Account within the Special Deposit Fund, and requires that specified revenues collected from fees for new and renewal applications for health facility licenses be deposited in the account and be available for expenditure upon appropriation to support the Licensing and Certification Program, as provided.

This bill would revise those provisions to instead create the State Department of Health Services, Licensing and Certification Program Fund in the State Treasury.

(2) Existing law, the Long-Term Care, Health, Safety and Security Act of 1973, requires the State Department of Health Services to conduct annual inspections, without notice, of long-term health care facilities, except facilities that have not had serious violations within

the last 12 months, and in any case to inspect every facility at least once every 2 years, and further requires the department to vary the cycle for conducting these inspections to reduce the predictability of the inspections.

This bill would delete the above inspection exemption for federally certified health facilities. The bill would require the department to ensure that a periodic inspection required to be conducted pursuant to those provisions is not announced in advance of the date of the inspection.

This bill would specify that inspections and investigations of long-term health care facilities that are certified by the Medicare Program and the Medicaid Program shall determine compliance with federal standards and California statutes and regulations.

This bill would require the department, for purposes of inspecting those long-term health care facilities, to identify state law standards for the staffing and operation of long-term health care facilities. The bill would authorize the department to increase initial licensure and renewal fees for long-term health care facilities in order to recover any additional costs incurred by these requirements.

The bill would specify that the aforementioned provisions relating to the inspection of long-term health facilities shall become operative on July 1, 2007.

(3) Existing law authorizes the department to assess against a health facility licensee, including a hospital, who has failed to correct a deficiency a civil penalty in an amount not to exceed \$50 per patient affected by the deficiency.

This bill would revise the circumstances under which the department is authorized to assess civil penalties against licensee hospitals, including increasing the maximum penalty amount, and applying the provisions to deficiencies constituting immediate jeopardy, as defined.

#### Ch. 896 (AB 1798) Berg Disaster relief.

(1) Under the Natural Disaster Assistance Act, the state share for eligible project costs is generally 75% of total eligible costs, and for specific incidents, the state share is set at 100% of total eligible state costs.

This bill would include as eligible for allocations under those provisions the severe storms, flooding, debris flows, and mudslides that occurred from December 17, 2005, to January 3, 2006, in northern California.

(2) Existing law authorizes a county board of supervisors to provide by ordinance for the reassessment of property that is damaged or destroyed, without fault on the part of the assessee, by a major misfortune or calamity, upon the application of the assessee or upon the action of the county assessor with the board's approval. With respect to certain counties that have adopted reassessment ordinances and have been declared by the Governor to be in a state of emergency as a result of certain events, existing law provides for state allocations of the estimated amounts of the reductions in property tax revenues resulting in certain fiscal years from reassessments under those ordinances. Existing law also continuously appropriates, without regard to fiscal years, moneys in the Special Fund for Economic Uncertainties for purposes of funding these state allocations.

This bill would provide for similar state allocations with respect to property tax revenue reductions, resulting from a reassessment ordinance, incurred by the Counties of Del Norte, Humboldt, Lake, Mendocino, Napa, Sonoma, and Trinity, which were declared by the Governor to be in a state of emergency as a result of a series of severe rainstorms occurring in those counties from December 19, 2005, to January 3, 2006. By requiring moneys continuously appropriated from the Special Fund for Economic Uncertainties to be allocated for the new purpose of reimbursing these counties for these property tax revenue reductions, this bill would make an appropriation.

(3) Existing property tax law provides, pursuant to a specified provision of the California Constitution, for a homeowners' property tax exemption in the amount of \$7,000 of the full value of a "dwelling," as defined.

This bill would provide that any dwelling that qualified for the exemption prior to December 19, 2005, that was damaged or destroyed by severe rainstorms, floods, mudslides, or the accumulation of debris in a disaster, as declared by the Governor, in January 2006, and that has not changed ownership since December 19, 2005, may not be denied the exemption solely on the basis that the dwelling was temporarily damaged or destroyed or was being reconstructed by the owner, or was temporarily uninhabited as a result of restricted access to the property due to floods, mudslides, the accumulation of debris, or washed-out and damaged roads.

The California Constitution requires the Legislature, in each fiscal year, to reimburse local governments for the revenue losses incurred by those governments in that fiscal year as a result of the homeowners' property tax exemption.

This bill would state the intent of the Legislature to make this required reimbursement in the annual Budget Act. By requiring local tax officials to implement new exemption criteria, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

(4) The Personal Income Tax Law and the Corporation Tax Law provide for the carryover to specified taxable years of specified losses sustained as a result of certain disasters occurring in California in an area determined by the President of the United States to warrant specified federal assistance, or proclaimed by the Governor to be in a state of emergency.

This bill would extend these provisions to losses sustained in the Counties of Del Norte, Humboldt, Lake, Mendocino, Napa, Sonoma, and Trinity as a result of the severe rainstorms, related flooding and slides, and any other related casualties, that occurred in December 2005 or January 2006. This bill would also authorize a taxpayer to make an election to claim a deduction for those losses on the tax return for the preceding year.

(5) This bill would incorporate additional changes to Section 8686 of the Government Code and to Sections 218, 17207, and 24347.5 of the Revenue and Taxation Code, proposed by AB 2735, to be operative only if AB 2735 and this bill are both enacted, both bills amend the respective sections, and this bill is enacted after AB 2735.

(6) This bill would declare that it is to take effect immediately as an urgency statute.

#### Ch. 897 (AB 2735) Nava Disaster relief.

(1) Under the Natural Disaster Assistance Act, the state share for eligible project costs is generally 75% of total eligible costs, and for specific incidents, the state share is set at 100% of total eligible state costs.

This bill would include as eligible for allocations under those provisions the severe storms, flooding, mudslides, and landslides that occurred in northern California during the period from December 17, 2005, to January 3, 2006, inclusive, and March 29, 2006, to April 16, 2006, inclusive.

(2) Existing law authorizes a county board of supervisors to provide by ordinance for the reassessment of property that is damaged or destroyed, without fault on the part of the assessee, by a major misfortune or calamity, upon the application of the assessee or upon the action of the county assessor with the board's approval. Existing law also continuously appropriates, without regard to fiscal years, moneys in the Special Fund for Economic Uncertainties for purposes of funding these state allocations.

This bill would provide for similar state allocations with respect to property tax revenue reductions, resulting from a reassessment ordinance, incurred by the Counties of Alameda, Alpine, Amador, Butte, Calaveras, Colusa, Contra Costa, El Dorado, Fresno, Kings, Lake, Lassen, Madera, Marin, Mariposa, Merced, Monterey, Napa, Nevada, Placer, Plumas, Sacramento, San Joaquin, San Luis Obispo, San Mateo, Santa Cruz, Shasta, Sierra, Siskiyou, Solano, Sonoma, Stanislaus, Sutter, Tulare, Tuolumne, Yolo, and Yuba, which were declared by the Governor to be in a state of emergency as a result of a series of severe rainstorms that occurred from December 19, 2005, to April 16, 2006, inclusive.

This bill also would provide for similar state allocations with respect to property tax revenue reductions, resulting from a reassessment ordinance, incurred by the County of San Bernardino, which was declared by the Governor to be in a state of emergency as a result of wildfires that commenced July 9, 2006.

By requiring moneys continuously appropriated from the Special Fund for Economic Uncertainties to be allocated for the new purpose of reimbursing these counties for these property tax revenue reductions, this bill would make an appropriation.

(3) Existing property tax law provides, pursuant to a specified provision of the California Constitution, for a homeowners' property tax exemption in the amount of \$7,000 of the full value of a "dwelling," as defined.

This bill would provide that any dwelling that qualified for the exemption prior to December 19, 2005, that was damaged or destroyed by severe rainstorms, floods, mudslides, or the accumulation of debris in a disaster, as declared by the Governor in January 2006, April 2006, May 2006, or June 2006, and that has not changed ownership since December 19, 2005, may not be denied the exemption solely on the basis that the dwelling was temporarily damaged or destroyed or was being reconstructed by the owner, or was temporarily uninhabited as a result of restricted access to the property due to floods, mudslides, the accumulation of debris, or washed-out and damaged roads.

This bill also would provide that any dwelling that qualified for the exemption prior to July 9, 2006, that was damaged or destroyed by the wildfires in the County of San Bernardino, as declared by the Governor in July 2006, and that has not changed ownership since July 9, 2006, may not be denied the exemption solely on the basis that the dwelling was temporarily damaged or destroyed or was being reconstructed by the owner, or was temporarily uninhabited as a result of restricted access to property due to wildfires.

The California Constitution requires the Legislature, in each fiscal year, to reimburse local governments for the revenue losses incurred by those governments in that fiscal year as a result of the homeowners' property tax exemption.

This bill would state the intent of the Legislature to make this required reimbursement in the annual Budget Act. By requiring local tax officials to implement new exemption criteria, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

(4) The Personal Income Tax Law and the Corporation Tax Law provide for the carryover to specified taxable years of specified losses sustained as a result of certain disasters occurring in California in an area determined by the President of the United States to warrant specified federal assistance, or proclaimed by the Governor to be in a state of emergency.

This bill would extend these provisions to losses sustained in the Counties of Alameda, Alpine, Amador, Butte, Calaveras, Colusa, Contra Costa, El Dorado, Fresno, Kings, Lake, Lassen, Madera, Marin, Mariposa, Merced, Monterey, Napa, Nevada, Placer, Plumas, Sacramento, San Joaquin, San Luis Obispo, San Mateo, Santa Cruz, Shasta, Sierra, Siskiyou, Solano, Sonoma, Stanislaus, Sutter, Tulare, Tuolumne, Yolo, and Yuba as a result of the

severe rainstorms, related flooding and slides, and any other related casualties, that occurred in December 2005, January 2006, March 2006, or April 2006. This bill would also authorize a taxpayer to make an election to claim a deduction for those losses on the tax return for the preceding year.

This bill also would extend these provisions to losses sustained in the County of San Bernardino as a result of the wildfires that occurred in July 2006. This bill would authorize a taxpayer to make an election to claim a deduction for those losses on the tax return for the preceding year.

(5) This bill would incorporate additional changes to Sections 17207, and 24347.5 of the Revenue and Taxation Code, proposed by AB 1798, to be operative only if AB 1798 and this bill are both enacted, both bills amend the respective sections, and this bill is enacted after AB 1798.

(6) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 898 (SB 1021) Bowen Vehicles: safety: infractions.

(1) Existing law requires the Department of Motor Vehicles to include within the California Driver's Handbook language regarding rail transit safety and the abandonment or dumping of an animal on a highway.

This bill, additionally, would require the department to include in the handbook language regarding the importance of respecting the right-of-way of others, particularly pedestrians, bicycle riders, and motorcycle riders; and would provide that, in order to minimize the costs, this new language shall be initially included at the earliest opportunity when the handbook is otherwise revised or reprinted.

(2) Existing law requires the Director of Motor Vehicles to prescribe rules and regulations for traffic violator schools regarding, among other things, the conduct of courses of education including the curriculum. Existing law requires that curriculum to include the rights and duties of motorists as they pertain to pedestrians and the rights and duties of pedestrians as they pertain to traffic laws and traffic safety.

This bill, additionally, would require that curriculum to include information that emphasizes respecting the right-of-way of others, particularly with respect to pedestrians, bicycle riders, and motorcycle riders.

(3) Under existing law, it is generally an infraction punishable by a fine not exceeding \$100 for a driver to violate the traffic laws of this state.

This bill would create the public offense of unsafe operation of a motor vehicle with bodily injury or great bodily injury, as defined, and would impose a fine of \$70 if bodily injury is involved and \$95 if great bodily injury is involved.

Because this bill would create a new crime, the bill would impose a state-mandated local program.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 899 (AB 2752) Spitzer Driving under the influence.

(1) Existing law makes it unlawful for a person under the age of 21 years to have a blood-alcohol concentration of 0.01% or greater, as measured by a preliminary alcohol screening test or other chemical test, to drive a vehicle. Existing law makes a violation of this unlawful conduct subject to civil penalties.

This bill, instead, would make the above-described unlawful conduct an infraction subject to criminal fines.

Because this bill would create a new crime, this bill would impose a state-mandated local program.

(2) Under existing law, it is an infraction, for a person under the age of 21 years who has 0.05% or more, by weight, of alcohol in his or her blood to drive a vehicle. Existing law makes a violation of this offense punishable by a fine not exceeding \$100 for a 1st conviction, a fine not exceeding \$200 for a 2nd infraction occurring within one year of a prior infraction resulting in a conviction, and a fine not exceeding \$250 for a 3rd or subsequent infraction occurring with one year of 2 or more prior infractions that resulted in convictions.

This bill, instead of the above-described fines, would impose a fine of \$100 for a 1st violation of the above infraction resulting in a conviction, \$200 for a 2nd infraction occurring within one year of a prior infraction that resulted in a conviction, and \$300 for a 3rd or any subsequent infraction occurring within one year of 2 or more prior infractions that resulted in convictions.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

#### Ch. 900 (AB 1850) Mountjoy Vehicles: trunk.

(1) Existing law prohibits a person from driving a motor vehicle when knowingly permitting a person to ride on a vehicle or upon a portion of a vehicle that is not designed or intended for the use of passengers, and prohibits a person from riding on a vehicle or upon a portion of a vehicle that is not designed or intended for the use of passengers. A violation of these provisions is an infraction.

This bill would make it an infraction, subject to a specific fine schedule, for a person driving a motor vehicle to knowingly permit a person to ride in the trunk of that motor vehicle.

The bill would make it an infraction, subject to a specific fine schedule, for a person to ride in the trunk of a motor vehicle.

Because this bill would create new crimes, this bill would impose a state-mandated local program.

(2) Existing law assigns traffic violation point counts to convictions of certain traffic violations, for the purposes of determining whether a person is a negligent operator of a motor vehicle subject to certain driver's license suspension or revocation provisions.

This bill would prohibit the assignment of a traffic violation point for a person convicted of violating the prohibition against a person riding in the trunk of a motor vehicle.

(3) This bill would make technical, conforming changes.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

#### Ch. 901 (SB 1422) Margett Public safety: omnibus bill.

Existing law generally regulates public safety.

This bill would make various technical, nonsubstantive changes to provisions related to, among other things, crime, firearms, child welfare, and controlled substance addiction.

Existing law provides that every person who reports to any peace officer, as specified, or to a district attorney or a deputy district attorney that a felony or misdemeanor has been committed, knowing the report to be false, is guilty of a misdemeanor.

This bill would also include a report to the Attorney General or to a deputy attorney general in these provisions. Additionally, this bill would designate prosecuting attorneys rather than district attorneys as the representative of the people in specified proceedings.

Because this bill would expand the definition of a crime, this bill would impose a state-mandated local program.

Existing law, in a nonsubstantive provision, lists sentence enhancements.

This bill would delete that provision.

Existing law establishes a Council on Mentally Ill Offenders which will sunset on December 31, 2006.

This bill would remove that sunset date.

Existing law contains sentence enhancements for persons convicted of enumerated felonies in the commission of specified felonies.

This bill would codify the California Supreme Court's interpretation of that statute, and make other technical changes.

Existing law provides that at a hearing concerning the parole release date of a prisoner under a life sentence, the prosecutor of the county from which the prisoner was committed shall be the sole representative of the interests of the people.

This bill would specify that this provision shall apply except in cases in which the Attorney General prosecuted the case at the trial level.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 902 (SB 1759) Ashburn Health: background checks: fees: inspections.

Under existing law, the State Department of Health Services licenses and regulates health facilities, including intermediate care facilities. A violation of these provisions is a crime.

Existing law requires the department to secure a criminal record from an appropriate law enforcement agency prior to the initial licensure or renewal of a license of any person or persons to operate or manage an intermediate care facility/developmentally disabled habilitative, intermediate care facility/developmentally disabled-nursing, or intermediate care facility/developmentally disabled, other than an intermediate care facility/developmentally disabled operated by the state, to determine whether the applicant, facility administrator or manager, any direct care staff, or any other adult living in the same location has ever been convicted of a crime other than a minor traffic violation.

This bill would revise procedures for criminal record information searches and clearances, and would, with certain exceptions, prohibit direct contact by the applicant with residents until completion of the clearance, in accordance with specified procedures. This bill would further provide that if the State Department of Health Services determines that it has not met certain criteria relating to the criminal record clearance for a period of 90 consecutive days certain provisions shall be suspended until the department can demonstrate that it has met those criteria for a period of 90 consecutive days. By imposing additional licensure requirements on these facilities the bill would change the definition of an existing crime, thus creating a state-mandated local program.

Existing law requires that a criminal record clearance shall be conducted for all nurse assistants by the submission of fingerprint cards to the department for processing at the Department of Justice, and requires completion of the record clearance prior to issuance or renewal of a certificate.

This bill would, instead, require the criminal record information clearance be conducted by the submission of fingerprint images and related information to the Department of Justice, would specify that the criminal record shall be complete when the State Department of Health Services has obtained the criminal offender record information search response, and would prohibit direct contact by the applicant with residents until completion of the clearance, in accordance with specified procedures. This bill would further provide that if the State Department of Health Services fails to meet certain criteria relating to the criminal record clearance for a period of 90 days, certain provisions shall be suspended until the department can demonstrate that it has met those criteria for a period of 90 days.

This bill would impose an additional requirement for licensing or certification under specified health care provider licensing programs administered by the State Department of

Health Services by requiring that any person or entity licensed under one of the applicable programs disclose any revocation or other final administrative action taken against a license, certificate, registration, or other permission to engage in a profession, vocation, or occupation to operate a facility or institution.

Existing law establishes requirements, administered by the State Department of Health Services, for applicants for a nursing home facility administrator license, including the requirement that the applicant shall, as part of the application process, submit to the department 2 sets of completed fingerprint cards for a criminal record clearance through the Department of Justice.

This bill would, instead, require the applicant to electronically submit fingerprint images and related information to the Department of Justice for a criminal offender record information search, would specify that the clearance would not be complete until the offender record information search response is obtained by the department, and would prohibit the applicant from direct contact with patients until completion of the clearance, in accordance with specified procedures.

Existing law, the California Adult Day Health Care Act, requires that the State Department of Health Services, prior to issuing a new license under that act, conduct certain procedures in securing a criminal record clearance with respect to the administrator, program director, and fiscal officer of a proposed adult day health care center. Any violation of the provisions of that act is a crime.

This bill would revise those procedures by, among other things, prohibiting a person from direct contact with residents until completion of the criminal record clearance, in accordance with specified procedures. By revising those procedures this bill would revise the definition of a crime, resulting in a state-mandated local program.

Existing law, administered by the State Department of Health Services, regulates licensing of home health agencies and private duty nursing agencies and certification of certified home health aides. Existing law requires certain persons, as part of the home health agency licensure process, as well as applicants for home health aid certification, to submit to the department fingerprints for the furnishing of the person's criminal record clearance.

This bill would revise the fingerprint requirements to use the submission of electronic fingerprint images and related information to the Department of Justice.

This bill would, as to home health aides, require that the criminal record clearance be conducted by the submission of fingerprint images and related information to the Department of Justice, would specify that the criminal record shall be complete when the State Department of Health Services has obtained the criminal offender record information search response, and would prohibit direct contact by the applicant with residents until completion of the clearance, in accordance with specified procedures. This bill would further require that if the State Department of Health Services determines that it has not met certain criteria relating to the criminal record clearance for a period of 90 consecutive days, certain provisions shall be suspended until the department can demonstrate that it has met those criteria for a period of 90 consecutive days.

Under existing law, the State Department of Social Services licenses and regulates various community care facilities, residential care facilities for the elderly and for persons with a chronic, life-threatening illness, and child day care facilities. Existing law requires the department to inspect certain of these facilities within 90 days of initial licensure, to evaluate compliance with applicable rules and regulations, and to assess the facility's continuing ability to meet regulatory requirements.

Under existing law, licensees and other individuals who are present and provide care in these facilities are required to provide fingerprints and the department is required to secure the individual's criminal history, to determine whether he or she has been convicted of a crime other than a minor traffic violation, or convicted of specified sex-related offenses. Under existing law, violation of the provisions governing these facilities is a misdemeanor.

This bill would require an individual to obtain either a criminal record clearance from the Department of Justice or a criminal record exemption from the State Department of Social Services before his or her initial presence in any one of the above categories of facilities. It would require a person who is required to be fingerprinted to submit fingerprint images and related information to the Department of Justice for a criminal offender record information search.

By changing the definition of an existing crime, this bill would impose a state-mandated local program.

Existing law requires the Department of Justice to coordinate with the State Department of Social Services to establish and implement an automated live-scan processing system for fingerprints in specified offices of the department by July 1, 1999.

This bill would delete that requirement.

The bill would authorize the California Department of Aging, State Department of Health Services, State Department of Alcohol and Drug Programs, State Department of Mental Health, State Department of Social Services, and the Emergency Medical Services Authority to share information with respect to applicants, licensees, certificates, or individuals who have been the subject of any administrative action resulting in the denial, suspension, probation, or revocation of a license, permit, or certificate, or in the exclusion of any person from a facility who is subject to a background check. It would require the State Department of Social Services to maintain a centralized system for the monitoring and tracking of final administrative actions, to be used by those state entities as a part of the background check process. To the extent that additional funds are needed for this purpose, this bill would require the implementation of these provisions to be contingent upon a specific appropriation provided for this purpose in the annual Budget Act.

Existing law requires that, within 90 days after the date of issuance of a license or special permit to operate a community care facility or a residential care facility for the elderly or for persons with chronic life-threatening illnesses, the department inspect the facility.

This bill would require, instead, that this inspection occur within 90 days after a facility accepts its first client for placement following the issuance of a license.

Existing law provides for the certification of registered environmental health specialists by the State Department of Health Services. Existing law establishes application, examination, and renewal fees for this certification.

This bill would increase those fee amounts, as specified.

Existing law provides for the regulation of public water systems by the department. Existing law requires the department to inspect each public water system at least annually.

This bill would require the department, instead, to inspect each public water system either annually, biennially, or every 3 years, depending on the nature of the water source. It would allow the department to inspect public water systems on a more frequent basis.

Existing law establishes within the California Department of Aging, the Office of the State Long-Term Care Ombudsman to promote the development, coordination, and utilization of resources to meet the long-term care needs of older individuals. Existing law requires the office to sponsor a meeting of representatives of approved organizations at least twice each year, and provide training to these representatives as appropriate.

This bill would require that, beginning July 1, 2007, prior to acceptance by the office as designated ombudsmen, the State Department of Social Services conduct a criminal record clearance and that the criminal record clearance be completed as prescribed.

The bill would incorporate additional changes to Section 1265.5 of the Health and Safety Code, made by this bill and AB 2564 to take effect if both bills are chaptered and this bill is chaptered last.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 903 (AB 2116) Cohn Emergency services: disaster assistance: equipment.

Existing law requires the Public Safety Radio Strategic Planning Committee to make recommendations for state agency purchase of communications equipment that will enable interoperability and other shared uses of the public safety spectrum with local and federal agencies.

This bill would specify that the recommended equipment be public safety radio subscriber equipment that also conforms to governmental standards for interoperability and, as technology evolves, that the equipment or systems be nonproprietary and have open architecture and backward compatibility. The bill would authorize the committee to recommend this equipment to any other federal, state, regional, or local entity with responsibility for developing, operating, or monitoring interoperability of the public safety spectrum.

The bill would define “nonproprietary equipment or systems,” “open architecture,” “backward compatibility,” and other related terms, for these purposes.

The bill would require a local first response agency that purchases public safety radio communication equipment with state funds or federal funds administered by the state, to ensure that the equipment purchased complies with certain specifications.

This bill would incorporate additional changes to Section 8592.1 of the Government Code proposed by AB 2041, to be operative if this bill and AB 2041 are enacted and become effective January 1, 2007, and this bill is enacted last.

Ch. 904 (AB 3038) Ruskin Public resources: community conservation corps.

(1) Existing law defines a “community conservation corps” as a nonprofit public benefit corporation or an agency operated by a city or a county that satisfies specified requirements including having not less than 50 corpsmembers.

This bill would, instead, require the nonprofit public benefit corporation or agency to have an average annual enrollment of not less than 50 corpsmembers between 18 and 25 years of age. The bill would require a nonprofit public benefit corporation or agency to comply with the specified requirements in order to be considered as a community conservation corps. The bill would make related changes, and would provide that participation of a corpsmember shall be for a period of one year, which may be extended. The bill would require the California Conservation Corps to evaluate a community conservation corps to determine its eligibility for certification, after it has completed 12 months of continuous operation, and annually thereafter.

(2) Existing law requires the Department of Conservation, subject to the availability of funds, to annually expend specified amounts from funds in the California Beverage Container Recycling Fund, a continuously appropriated fund, in the form of grants to community conservation corps that meet specified criteria.

The bill would revise those criteria.

Ch. 905 (AB 2918) Wolk Medi-Cal: county organized health systems.

Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Services and under which qualified low-income persons receive health care benefits.

Existing law allows any county or counties to establish a special commission in order to meet the problems of the delivery of publicly assisted medical care in the county or counties and to demonstrate ways of promoting quality care and cost efficiency. Existing law allows the board of supervisors of a county, by ordinance, to authorize the commission to provide health care delivery systems to specified populations, including Medi-Cal beneficiaries.

This bill would, in addition, allow the board of supervisors of a county, by ordinance, to authorize such a commission to provide health care delivery systems for other individuals or groups in the service area, including, but not limited to, public agencies, private businesses, and uninsured or indigent persons.

Existing law allows the commissions operating in the Counties of Santa Cruz and Monterey to enter into contracts for the provision of health care services to certain persons, with specified conditions.

This bill would revise this provision to delete the specific application only to the commissions operating in those counties.

Ch. 906 (SB 458) Speier Health care: county organized health systems.

Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Services and under which qualified low-income persons receive health care benefits.

Existing law authorizes San Mateo County, and other counties electing to do so, to, by ordinance, establish a commission to arrange for the provision of health care services provided pursuant to the Medi-Cal program, and to provide health care delivery systems to other specified persons.

This bill would allow a county board of supervisors to authorize such a commission to provide health care delivery systems to other individuals or groups in the service area, including, but not limited to, public agencies, private businesses, and uninsured or indigent persons. The bill would prohibit such a commission from using any payment or reserve from the Medi-Cal program for these purposes. The bill would provide that nothing in these provisions shall prohibit a commission from providing services to those other individuals or groups in counties other than the commission's county if the commission is approved by the Department of Managed Health Care to provide services in those counties.

Existing law authorizes a commission operating pursuant to these provisions in the Counties of Santa Cruz and Monterey to enter into contracts for the provision of health care services to persons who are eligible to receive medical benefits under any publicly supported program if specified conditions are met.

This bill would extend this authorization to a commission operating pursuant to these provisions in any county.

This bill would provide that its provisions shall not be construed to supersede specified existing law relating to California Children's Services (CCS) covered services.

Ch. 907 (AB 3056) Committee on Natural Resources Beverage containers: quality incentive payments: refund values: handling fees.

(1) The California Beverage Container Recycling and Litter Reduction Act requires a distributor of specified beverage containers to pay a redemption payment to the Department of Conservation (department), for each beverage container, as defined, sold or transferred, for deposit in the California Beverage Container Recycling Fund.

The money in the fund is continuously appropriated to the department to pay refund values, administrative fees, and a reserve for contingencies. The department is then authorized to make other specified expenditures from the money remaining in the fund after the money for those purposes has been set aside.

The department is required to pay a processor the refund value for every empty beverage container received by the processor from a recycler and existing law sets the refund value at \$0.08 for every 2 beverage containers redeemed or for a single beverage container with a capacity of 24 or more fluid ounces, and \$0.04 for a single or unpaired beverage container redeemed in a single transaction.

This bill would authorize the department, after setting aside the money required for those other expenditures, to expend those moneys to pay an increased refund value in an amount greater than the specified refund value, but by no more than \$0.01, except as specified, until July 1, 2007, thereby making an appropriation.

(2) The California Beverage Container Recycling and Litter Reduction Act defines "convenience zone," for purposes of providing recycling centers under the act, as an area within a 1/2 mile radius of a supermarket or, alternatively, in a rural region where the

convenience zone is otherwise not being served by a certified recycling center or location, the area within a 3-mile radius of a supermarket.

This bill would revise the definition of convenience zone to instead authorize the department to increase a convenience zone in a rural region to include the area within a 3-mile radius of a supermarket, if the expanded convenience zone would then be served by a single existing certified recycling center or location. The bill would additionally authorize the department to designate a convenience zone in a rural region where there is no supermarket, but there are 2 or more dealers located within a one-mile radius of each other, and that meets other specified criteria.

(3) The act requires a distributor of beverage containers to pay the department the redemption payment for every beverage container sold or transferred to a dealer, less 1% for the distributor's administrative costs.

This bill would increase to 1.5% the amount that a distributor is authorized to withhold from the redemption payment for administrative costs.

(4) Under the act, the department is required to calculate a processing fee for each beverage container with a specified scrap value, which is required to be paid by beverage manufacturers for each beverage container sold or transferred to a dealer.

This bill would, for the 2007 calendar year, require the department to reduce to zero the processing fee paid for any container type with a recycling rate equal to, or greater than 40%.

(5) Existing law authorizes the department to pay a quality glass incentive payment to either an operator of a curbside recycling program or any other entity certified under the act that color sorts glass beverage containers for recycling. The department is authorized to expend not more than \$3,000,000 per calendar year in making these incentive payments.

The bill would instead authorize the department to pay a quality incentive payment for empty glass, plastic, and aluminum beverage containers that meet specified conditions. The bill would authorize the department to expend, after January 1, 2007, up to \$15,000,000 annually for making these quality incentive payments, thereby making an appropriation.

(6) Existing law requires the department, subject to the availability of funds, to annually expend \$15,000,000, in the form of grants for beverage container litter reduction programs and recycling programs issued to certified community conservation corps meeting specified criteria.

The bill would additionally authorize the department to expend \$20,000,000, from January 1, 2007, until January 1, 2008, in the form of competitive grants to a community conservation corps meeting specified qualifications. The bill would require the department to adopt criteria and procedures for the evaluation of those grants.

(7) Existing law authorizes the department to spend up to \$10,000,000 annually, until January 1, 2007, to issue grants for recycling market development and expansion-related activities aimed at increasing the recycling of beverage containers.

This bill would increase the amount the department is authorized to expend for those purposes to \$20,000,000, and would extend that date to January 1, 2012, thereby making an appropriation. The bill would additionally allow those grants to fund research and development to provide high-quality materials that are substantially free of contamination.

The bill would also authorize the department to pay a market development payment, until January 1, 2012, to a certified entity or product manufacturer for empty plastic beverage containers collected and either recycled or used in manufacturing, in the state. The bill would require the department to determine the amount of the market development payment, which the department would be authorized to set at different levels for a certified entity and a product manufacturer, but the payment would be prohibited from exceeding \$150 per ton. The bill would authorize the department to annually expend up to \$5,000,000 to make these market development payments for empty plastic beverage containers, until January 1, 2012.

The bill would authorize the department to establish a recycling incentive payment program for recycling centers and dropoff or collection programs that meet specified conditions, including that the number of beverage containers redeemed or collected, as

applicable, by the recycling center or dropoff or collection program during a 6-month base period for which payments are authorized to be made, in calendar year 2007, exceeds by more than 6.5%, the number of beverage containers redeemed or collected by that entity during the prior 6-month period, and 5% for calendar years 2008 and 2009. The bill would provide that the amount of the recycling incentive payment is \$0.01 for each eligible beverage container and would authorize the department to expend up to \$10,000,000 annually for the payment of these recycling incentive payments, until the payment for containers redeemed or collected by December 31, 2009, have been paid, thereby making an appropriation.

The bill would authorize the department to expend up to \$5,000,000 on a one-time basis, beginning January 1, 2007, in coordination with the Department of Parks and Recreation for the purposes of installing source separated beverage container recycling receptacles at each of the state parks, starting with those parks that have the highest day use. The bill would also authorize the department to expend up to \$5,000,000 from January 1, 2007, to January 1, 2008, to provide grants to local governments or nonprofit agencies to place multifamily housing source separated beverage container recycling receptacles in low-income communities.

(8) Existing law authorizes the department to annually expend \$5,000,000 annually to undertake a statewide public education and information campaign aimed at promoting increased recycling of beverage containers.

The bill would additionally authorize the department to expend up to \$5,000,000, until January 1, 2008, to undertake a multilingual multimedia statewide public education and information campaign.

(9) Existing law authorizes the department to pay a handling fee of \$0.018 per container to supermarket sites, nonprofit convenience zone recyclers, and rural region recyclers to provide an incentive to redeem beverage containers. Existing law authorizes the department to pay a total of \$30,000,000 in handling fees from July 1, 2004, to June 30, 2005, and requires the department to expend \$26,000,000 per fiscal year thereafter. Existing law requires, as a condition of eligibility for these payments, that the site or recycler redeem not less than 60,000 beverage containers during the calendar month in which the handling fee is paid, requires a beverage container with a capacity of 24 ounces or more to be considered as 2 beverage containers, and prohibits the amount of the total handling fee payment to a site or recycler from exceeding \$2,300 per month.

This bill would increase the total amount the department is required to pay for handling fees, for the fiscal year commencing July 1, 2005, up to \$31,000,000, for the fiscal year commencing July 1, 2006, up to \$33,000,000 and for the fiscal year commencing July 1, 2007, up to \$35,000,000. The bill would provide that for each fiscal year commencing July 1, 2008, the department would be authorized to expend the amount necessary to pay the handling fees, thereby making an appropriation.

The bill would, as of July 1, 2008, revise the eligibility conditions for the payment of handling fees to eliminate that 60,000 minimum beverage container redemption requirement, the special consideration for 24 ounce or more containers, and the \$2,300 total handling fee payment limit.

The bill would require the department, by January 1, 2008, and every 2 years thereafter, to conduct a survey of certified recycling centers receiving handling fee payments to determine the actual cost for the redemption of beverage containers by those certified recycling centers and, using this information, determine the statewide weighted average cost for empty beverage containers, at recycling centers that receive handling fees. The bill would require the department to pay a handling fee, on and after July 1, 2008, in an amount determined by subtracting the amount of the statewide average per-container cost to redeem beverage containers incurred by a certified recycler that does not receive a handling fee from the statewide average per-container cost incurred by recycling centers that receive handling fees.

(10) Item No. 3480-011-0133 of the Budget Act of 2002 and Item No. 3480-011-0133 of the Budget Act of 2003 transferred specified amounts from the beverage container fund to the General Fund as a loan and required those loans to be repaid by June 30, 2009.

This bill would instead require these loans to be fully repaid on or before June 30, 2013.

(11) This bill would declare that it is to take effect immediately as an urgency statute.

#### Ch. 908 (SB 1541) Ducheny Registered dental assistants: licensure.

Under existing law, the Dental Practice Act, the Dental Board of California is required to license a person as a registered orthodontic assistant, registered surgery assistant, or registered restorative assistant if the person satisfactorily completes specified courses approved by the board. Existing law provides for a fee for the practical examination for licensure as a registered dental assistant not to exceed \$60. Existing law establishes the State Dental Auxiliary Fund and continuously appropriates moneys in that fund to the board for purposes of the Dental Practice Act as it relates to dental auxiliaries.

This bill would instead require the board to grant licensure as a registered orthodontic assistant, registered surgery assistant, or registered restorative assistant if an applicant has either (1) completed specified courses and passed a written and a practical examination or (2) completed a work experience pathway to licensure, met certain educational requirements, and passed a written and a practical examination. The bill would provide a fee for the practical examination for licensure as a registered orthodontic assistant, registered surgery assistant, and registered restorative assistant not to exceed \$95 or the actual cost of the examination, and a fee for the written examination not to exceed \$80 or the actual cost of the examination. The bill would authorize a dentist to train his or her employees, without charge or cost to the employees, for purposes of the work experience pathway to specialty licensure, subject to specified terms and conditions, including the submission of specified materials to the Committee on Dental Auxiliaries and payment of an administrative fee. By increasing the funds deposited into the State Dental Auxiliary Fund, the bill would make an appropriation.

Existing law authorizes a person, on and after September 1, 2007, to apply for and be issued a license as a dental assistant upon providing evidence to the board of successful completion of one of specified programs, including a program requiring completion of, among other things, 3 board-approved specialty registration courses.

This bill would provide that a person who has been issued a specialty license following completion of a work experience pathway to licensure shall be deemed to have met those specialty course requirements.

This bill would incorporate additional changes to Section 1725 of the Business and Professions Code, proposed by SB 1472, to be operative only if SB 1472 and this bill are both chaptered and become effective on or before January 1, 2007, and this bill is chaptered last.

#### Ch. 909 (SB 438) Migden Oral and maxillofacial surgery.

Existing law, the Dental Practice Act, provides for the licensure and regulation of the practice of dentistry by the Dental Board of California. Existing law requires all funds received under the act to be placed in the State Dentistry Fund, which is continuously appropriated.

This bill would require a person who is licensed to practice dentistry who is not a physician and surgeon to apply for and receive a permit to perform elective facial cosmetic surgery prior to performing elective facial cosmetic surgery. The bill would also require an applicant for a permit to furnish specified information and to pay an application fee of \$500, and a renewal fee of \$200. The bill would prohibit a licensee from performing such a surgical procedure, except at specified health facilities.

The bill would authorize the board to adopt regulations related to the permits, and would require the board to appoint a credentialing committee to review applicant qualifications and recommend whether or not to issue a permit to the applicant. The bill would require the

board, by January 1, 2009, and every 4 years thereafter, to make a specified report to the Joint Committee on Boards, Commissions and Consumer Protection.

Because this bill would increase the amount of fees deposited in the State Dentistry Fund, a continuously appropriated fund, it would make an appropriation.

Ch. 910 (AB 3065) Committee on Governmental Organization Alcoholic beverages: tied-interests restrictions: licensees: wholesalers and rectifiers: fixtures and supplies.

(1) The Alcoholic Beverage Control Act contains various provisions regulating the application for, the issuance of, the suspension of, and the conditions imposed upon, alcoholic beverage licenses by the Department of Alcoholic Beverage Control. Existing law also contains various provisions regulating the sale, storage, taxes, and labeling of alcoholic beverages.

This bill would provide that if any provision of the Alcoholic Beverage Control Act, or application thereof, is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid portion or application, and stating the legislative intent thereof, as specified.

(2) Existing law requires distilled spirits manufacturers, brandy manufacturers, beer manufacturers, wine blenders, distilled spirits rectifiers, distilled spirits wholesalers, and wine wholesalers to comply with specified billing procedures when selling and delivering beer, wine, or distilled spirits to a retailer.

This bill would provide that the Legislature finds it necessary and proper to remove retailers from specified obligations regarding the extension of credit to specified persons. This bill would also provide that the general prohibition against tied interests is to be limited to its express terms.

(3) Existing law permits a wholesaler or rectifier to sell the alcoholic beverages mentioned in his or her license to persons who take delivery of the alcoholic beverages within the state for delivery or use outside of the state within 90 days from the date of the sale in accordance with rules and regulations prescribed by the department.

This bill would make technical, nonsubstantive changes to this provision.

(4) Existing law permits a beer manufacturer or beer wholesaler to furnish, give, rent, lend, or sell, any equipment, fixtures, or supplies, other than alcoholic beverages, to a retailer whose equipment, fixtures, or supplies were lost or damaged as a result of a natural disaster, except that this provision does not apply to transactions that occur 6 weeks or more after the Governor proclaims an area to be in a state of disaster.

This bill would instead make this provision inapplicable to transactions that occur 3 months or more after the Governor proclaims an area to be in a state of disaster.

This measure would proclaim the time period of April 24 through April 30, 2006, as California Holocaust Memorial Week and would urge Californians to observe these days of remembrance for the victims of the Holocaust in an appropriate manner.

Res. Ch. 49 (SCA 7) Torlakson Transportation Investment Fund.

Article XIX B of the California Constitution requires, commencing with the 2003-04 fiscal year, that sales taxes on motor vehicle fuel that are deposited into the General Fund be transferred to the Transportation Investment Fund (TIF) for allocation for various transportation purposes. Article XIX B authorizes this transfer to the TIF to be suspended in whole or in part for a fiscal year during a fiscal emergency pursuant to a proclamation by the Governor and the enactment of a statute by a 2/3 vote in each house of the Legislature if the statute does not contain any unrelated provision.

This measure would recast these suspension provisions. This measure would authorize a suspension, in whole or in part, of the transfer of these revenues to the TIF for a fiscal year if (1) the Governor issues a proclamation that the suspension is necessary due to a severe state fiscal hardship, (2) a statute containing no other unrelated provision is enacted by a 2/3 vote of each house of the Legislature suspending the transfer, and (3) a statute is enacted to repay, with interest, the TIF within 3 years for the amount of any revenues that were not transferred as a result of the suspension. This measure would also prohibit a suspension of transfer of these revenues from occurring more than twice during any period of 10 consecutive fiscal years, and would prohibit a suspension in any fiscal year in which a required repayment from a prior suspension has not been fully completed.

This measure would also require payments to be made from the General Fund to the Transportation Investment Fund relative to a portion of the revenues that were not transferred due to a suspension of transfer occurring on or before July 1, 2007, with payments made pursuant to a specified schedule.

Res. Ch. 50 (SCR 55) Ashburn Paul H. Pino Memorial Highway.

This measure would designate a specified portion of State Highway Route 395 in the County of Inyo as the Paul H. Pino Memorial Highway. The measure would request the Department of Transportation to determine the cost for appropriate signs showing this designation and, upon receiving donations from nonstate sources covering that cost, to erect those signs.

- 1 [Ch. 47] I object to the following appropriations contained in Assembly Bill 1801.
- Item 0530-001-9732—For support of Secretary of California Health and Human Services Agency.
- I reduce this item from \$220,022,000 to \$214,622,000 by reducing:
- (1) 30-Office of Systems Integration from \$220,022,000 to \$214,622,000.
- This reduction conforms to the action taken in Item 5180-151-0001.
- Item 0540-001-0001—For support of Secretary for Resources. I reduce this item from \$5,924,000 to \$5,824,000.
- I am deleting the \$100,000 legislative augmentation for creation of a conservation easement registry at the Resources Agency. This information is already maintained and available at the county level.
- Item 0540-001-0140—For support of Secretary for Resources. I revise this item by reducing:
- (1) 10-Administration of Resources Agency from \$8,318,000 to \$8,218,000, and
- (2.5) Amount payable from the General Fund (Item 0540-001-0001) from -\$5,924,000 to -\$5,824,000.
- I am revising this item to conform to the action I have taken in Item 0540-001-0001.
- Item 0860-001-0001—For support of the Board of Equalization. I reduce this item from \$208,522,000 to \$206,531,000 by reducing:
- (1) 100000-Personal Services from \$279,795,000 to \$276,329,000;
- (3) Reimbursements from -\$111,169,000 to -\$110,190,000;
- (4) Amount payable from the Breast Cancer Fund (Item 0860-001-0004) from -\$377,000 to -\$374,000;
- (5) Amount payable from the State Emergency Telephone Number Account (Item 0860-001-0022) from -\$581,000 to -\$575,000;
- (6) Amount payable from the Motor Vehicle Fuel Account, Transportation Tax Fund (Item 0860-001-0061) from -\$19,549,000 to -\$19,366,000;
- (7) Amount payable from the Occupational Lead Poisoning Prevention Account (Item 0860-001-0070) from -\$644,000 to -\$638,000;
- (8) Amount payable from the Childhood Lead Poisoning Prevention Fund (Item 0860-001-0080) from -\$469,000 to -\$464,000;
- (9) Amount payable from the Cigarette and Tobacco Products Surtax Fund (Item 0860-001-0230) from -\$4,812,000 to -\$4,767,000;
- (10) Amount payable from the Oil Spill Prevention and Administration Fund (Item 0860-001-0320) from -\$238,000 to -\$236,000;
- (11) Amount payable from the Integrated Waste Management Account, Integrated Waste Management Fund (Item 0860-001-0387) from -\$413,000 to -\$408,000;
- (12) Amount payable from the Underground Storage Tank Cleanup Fund (Item 0860-001-0439) from -\$2,112,000 to -\$2,092,000;
- (13) Amount payable from the Energy Resources Programs Account (Item 0860-001-0465) from -\$234,000 to -\$232,000;
- (14) Amount payable from the California Children and Families First Trust Fund (Item 0860-001-0623) from -\$7,457,000 to -\$7,388,000;
- (15) Amount payable from the Federal Trust Fund (Item 0860-001-0890) from -\$1,167,000 to -\$1,156,000;
- (16) Amount payable from the Timber Tax Fund (Item 0860-001-0965) from -\$2,168,000 to -\$2,148,000;
- (17) Amount payable from the Gas Consumption Surcharge Fund (Item 0860-001-3015) from -\$406,000 to -\$404,000;
- (18) Amount payable from the Water Rights Fund (Item 0860-001-3058) from -\$417,000 to -\$412,000;

(19) Amount payable from the Electronic Waste Recovery and Recycling Account (Item 0860-001-3065) from -\$4,950,000 to -\$4,904,000; and

(20) Amount payable from the Cigarette and Tobacco Products Compliance Fund (Item 0860-001-0367) from -\$7,043,000 to -\$6,977,000.

With this reduction, the Board of Equalization's (BOE) estimated salary savings will conform to the standard 5 percent level generally required of all state agencies. I understand BOE proposed to use part of the additional funding for auditor recruitment and retention initiatives and to increase hiring. However, the collective bargaining agreement negotiated between the state and the respective exclusive representatives provides significant incentives to encourage auditor recruitment and retention for all state agencies. I believe this issue is best addressed on a statewide basis, instead of through the actions of individual departments.

Item 0860-001-0004—For support of State Board of Equalization. I reduce this item from \$377,000 to \$374,000.

I am reducing this item by \$3,000 to conform with the action taken in Item 0860-001-0001.

Item 0860-001-0022—For support of State Board of Equalization. I reduce this item from \$581,000 to \$575,000.

I am reducing this item by \$6,000 to conform with the action taken in Item 0860-001-0001.

Item 0860-001-0061—For support of State Board of Equalization. I reduce this item from \$19,549,000 to \$19,366,000.

I am reducing this item by \$183,000 to conform with the action taken in Item 0860-001-0001.

Item 0860-001-0070—For support of State Board of Equalization. I reduce this item from \$644,000 to \$638,000.

I am reducing this item by \$6,000 to conform with the action taken in Item 0860-001-0001.

Item 0860-001-0080—For support of State Board of Equalization. I reduce this item from \$469,000 to \$464,000.

I am reducing this item by \$5,000 to conform with the action taken in Item 0860-001-0001.

Item 0860-001-0230—For support of State Board of Equalization. I reduce this item from \$4,812,000 to \$4,767,000.

I am reducing this item by \$45,000 to conform with the action taken in Item 0860-001-0001.

Item 0860-001-0320—For support of State Board of Equalization. I reduce this item from \$238,000 to \$236,000.

I am reducing this item by \$2,000 to conform with the action taken in Item 0860-001-0001.

Item 0860-001-0387—For support of State Board of Equalization. I reduce this item from \$413,000 to \$408,000.

I am reducing this item by \$5,000 to conform with the action taken in Item 0860-001-0001.

Item 0860-001-0439—For support of State Board of Equalization. I reduce this item from \$2,112,000 to \$2,092,000.

I am reducing this item by \$20,000 to conform with the action taken in Item 0860-001-0001.

Item 0860-001-0465—For support of State Board of Equalization. I reduce this item from \$234,000 to \$232,000.

I am reducing this item by \$2,000 to conform with the action taken in Item 0860-001-0001.

Item 0860-001-0623—For support of State Board of Equalization. I reduce this item from \$7,457,000 to \$7,388,000.

I am reducing this item by \$69,000 to conform with the action taken in Item 0860-001-0001.

Item 0860-001-0890—For support of State Board of Equalization. I reduce this item from \$1,167,000 to \$1,156,000.

I am reducing this item by \$11,000 to conform with the action taken in Item 0860-001-0001.

Item 0860-001-0965—For support of State Board of Equalization. I reduce this item from \$2,168,000 to \$2,148,000.

I am reducing this item by \$20,000 to conform with the action taken in Item 0860-001-0001.

Item 0860-001-3015—For support of State Board of Equalization. I reduce this item from \$406,000 to \$404,000.

I am reducing this item by \$2,000 to conform with the action taken in Item 0860-001-0001.

Item 0860-001-3058—For support of State Board of Equalization. I reduce this item from \$417,000 to \$412,000.

I am reducing this item by \$5,000 to conform with the action taken in Item 0860-001-0001.

Item 0860-001-3065—For support of State Board of Equalization. I reduce this item from \$4,950,000 to \$4,904,000.

I am reducing this item by \$46,000 to conform with the action taken in Item 0860-001-0001.

Item 0860-001-3067—For support of State Board of Equalization. I reduce this item from \$7,043,000 to \$6,977,000.

I am reducing this item by \$66,000 to conform with the action taken in Item 0860-001-0001.

Item 1700-001-0001—For support of Department of Fair Employment and Housing. I reduce this item from \$15,487,000 to \$15,237,000 by reducing:

- (1) 50-Administration of Civil Rights Law from \$20,995,000 to \$20,745,000, and by deleting Provision 1.

I am deleting the legislative augmentation of \$250,000 for a mediation program. The Department has indicated that this amount is insufficient to implement such a program. The Department implemented a mediation program several years ago at an approximate annual cost of \$1,000,000. Though this program was discontinued due to budget cuts, it is unclear whether a program could be implemented at a lower cost with any likelihood of success.

I am also deleting Provision 1, which would require the department to redirect \$250,000 from other program areas to help institute the mediation program. The Department cannot redirect this money without negatively impacting the mandated services it provides under the Fair Employment and Housing Act.

Item 2240-104-0001—For transfer, as an expenditure, by the Controller to the Self-Help Housing Fund. I delete this item.

I am deleting the \$500,000 legislative augmentation to provide funding for construction management grants in the Self-Help Housing Program. Notwithstanding the merits of the program, this reduction is necessary to limit program expansions and provide for a prudent General Fund reserve. In addition, if approved by voters in November, the

Strategic Growth Plan housing bond will provide \$10,000,000 in new bond funding for this program.

I am deleting Provision 1 to conform to this action.

Item 2240-105-0001—For transfer, as an expenditure, upon order of the Director of Finance, to the Emergency Housing and Assistance Fund.

I am sustaining \$864,000 General Fund for the Emergency Housing Assistance Program in this item to continue shelter beds during a transition period while new beds are developed under my Initiative to End Chronic Homelessness. Over the past two years, \$110,000,000 has been made available to construct permanent housing with supportive services for individuals with mental illness who are chronically homeless, with \$75,000,000 available ongoing.

Item 2660-001-0890—For support of Department of Transportation. I reduce this item from \$547,224,000 to \$539,054,000.

I am deleting the \$8,170,000 legislative augmentation to increase funding in the Capital Outlay Support Program to conform to my action in Item 2660-001-0042.

Item 2660-002-3007—For support of Department of Transportation. I reduce this item from \$29,001,000 to \$28,929,000 by reducing:

(1) 20.10-Highway Transportation Capital Outlay Support from \$28,275,000 to \$28,203,000.

I am deleting the \$72,000 legislative augmentation to increase funding in the Capital Outlay Support Program to conform to my action in Item 2660-001-0042.

Item 3110-101-0001—For support of Special Resources Program. I delete this item.

I am deleting the \$148,000 legislative augmentation that would increase funding for employee compensation and price increases in the Tahoe Regional Planning Agency (TRPA). This funding is unnecessary because trailer bill language associated with this Budget Act provides authority to make baseline salary and price increase adjustments for TRPA in the same manner as for other state agencies. Any necessary funding will be provided through that mechanism once the appropriate amounts are known.

Item 3720-001-0001—For support of California Coastal Commission. I reduce this item from \$11,145,000 to \$10,795,000 by reducing:

(2) 20-Coastal Energy Program from \$1,069,000 to \$719,000.

I am deleting the \$350,000 legislative augmentation for the review of Liquefied Natural Gas proposals and directing that any necessary reviews be accomplished within existing resources. With this reduction, \$791,000 still remains in the Commission's coastal energy program for these activities.

Item 3760-001-0565—For support of State Coastal Conservancy. I revise this item by reducing:

(2) 25-Coastal Resource Enhancement from \$5,114,000 to \$4,614,000, and

(5) Reimbursements from -\$621,000 to -\$121,000. I am revising this item to conform to the action I have taken in Item 3600-001-0001.

Item 3900-101-0044—For local assistance, State Air Resources Board. I reduce this item from \$20,111,000 to \$10,111,000 by reducing:

(1) 35-Subvention from \$20,111,000 to \$10,111,000.

I am deleting the \$10,000,000 legislative augmentation for subventions to local air districts. This action is necessary because planned and anticipated expenditures limit the resources available in the Motor Vehicle Account to support new expenditures. With this action, \$10,111,000 still remains for local air districts. Furthermore, local communities will benefit from numerous air quality augmentations, including \$3,998,000 to enhance existing air pollution enforcement efforts, and \$1,665,000 to reduce air pollution related to goods movement.

Item 4120-115-0001—For transfer, as an expenditure, by the State Controller to the Trauma Care Fund. I delete this item.

I am deleting the \$10,000,000 legislative augmentation for trauma care services and provisional language within this item. I sustained a similar augmentation in the Budget Act of 2005 and noted the funding was available on a one-time basis in order to provide temporary financial relief. This Budget includes resources that will benefit the hospital system broadly, including an additional \$154.7 million for surge capacity, approximately \$671 million in additional funding for financially distressed hospitals for five years as part of the new Hospital Financing Waiver, and an additional \$36.8 million in realignment funding for county public health services, including services for indigent patients. Finally, local governments will retain an additional \$1.3 billion in property tax revenue in 2006–07 with the expiration of the Educational Revenue Augmentation Fund III shifts, and will receive \$700 million more in property tax revenue due to the Vehicle License Fee swap than they otherwise would have. Cities and counties have the discretion to commit a portion of this funding to local trauma systems.

I am also deleting Provision 8 of Item 4260-001-0001 to conform to this action.

Item 4200-101-0001—For local assistance, Department of Alcohol and Drug Programs. I revise this item by reducing:

(1) 15-Alcohol and Other Drug Services Program from \$439,936,000 to \$439,336,000, and

(2) Reimbursements from  $-\$18,995,000$  to  $-\$18,395,000$ .

I am revising this item to conform to the action I have taken in Item 5180-101-0890 relating to Indian Health Clinics.

Item 4200-102-0001—For local assistance, Department of Alcohol and Drug Programs. I reduce this item from \$3,431,000 to \$3,317,000 by reducing:

(1) 15-Alcohol and Other Drug Services Program from \$6,863,000 to \$6,634,000;

(2) Reimbursements from  $-\$3,432,000$  to  $-\$3,317,000$ ;

and by revising Provision 5.

I am reducing the legislative augmentation which would have provided funding to increase Drug Medi-Cal rates by a total of \$2,299,000. Of this total amount, \$114,000 is reduced from Item 4200-102-0001, and \$2,185,000 is reduced from Item 4200-103-0001. This program received a rate increase in 2005–06. With the reduction to Item 4200-102-0001, \$6,634,000 remains to support the Perinatal Drug Medi-Cal Program.

I am revising the dollar amount specified in Provision 5 to conform to the actions taken in this item and Item 4200-103-0001.

“5. Of the combined amounts appropriated in Items 4200-102-0001 and 4200-103-0001, ~~\$2,300,000~~ \$1,000 from the General Fund, and corresponding reimbursements, are for the purpose of augmenting Drug Medi-Cal rates above the rates that were authorized in regulation for the 2005–06 fiscal year. The department shall establish increases in maximum Drug Medi-Cal reimbursement rates during the 2006–07 fiscal year to reflect the General Fund moneys and reimbursements specified in this item.”

Item 4200-103-0001—For local assistance, Department of Alcohol and Drug Programs. I reduce this item from \$68,775,000 to \$66,590,000 by reducing:

(1) 15-Alcohol and Other Drug Services Program from \$131,431,000 to \$127,062,000;

(2) Reimbursements from  $-\$62,656,000$  to  $-\$60,472,000$ ;

and by revising Provision 6.

I am reducing this legislative augmentation to conform with my actions in Item 4200-102-0001. These funds would have provided funding to increase the Drug Medi-Cal rates by \$2,185,000. With this reduction, \$127,062,000 remains to support the regular Drug Medi-Cal program.

I am revising the dollar amount specified in Provision 6 to conform to the actions taken in this item and Item 4200-102-0001.

“6. Of the combined amounts appropriated in Items 4200-102-0001 and 4200-103-0001, ~~\$2,300,000~~ \$1,000 from the General Fund and corresponding reimbursements are for the purpose of augmenting Drug Medi-Cal rates above the rates that were authorized in regulation for the 2005–06 fiscal year. The department shall establish increases in maximum Drug Medi-Cal reimbursement rates during the 2006–07 fiscal year to reflect the General Fund and reimbursement moneys specified in this item.”

Item 4260-101-0001—For local assistance, Department of Health Services. I reduce this item from \$13,444,722,000 to \$13,432,571,000 by reducing:

(1) 20.10.010-Eligibility (County Administration) from \$2,330,731,000 to \$2,326,927,000;

(3) 20.10.030-Benefits (Medical Care Services) from \$30,140,437,000 to \$30,116,882,000;

(8) Amount payable from the Federal Trust Fund (Item 4260-101-0890) from  $-\$19,215,038,000$  to  $-\$19,199,830,000$ ;

and by deleting Provisions 12, 13, and 15.

I am deleting the legislative augmentation of \$9,349,000 to provide funding for Medi-Cal managed care plans in the event of financial distress. My May Revision proposal provides rate increases to six managed care plans at risk of falling beneath 200 percent of their tangible net equity. My proposal was based upon a comprehensive financial review of plans by the Department of Health Services.

I am deleting Provision 15 and the legislative augmentation of \$9,351,000 in Item 4260-101-0890 to conform to this action.

I am deleting the legislative augmentation of \$300,000 to fund a study of the impact that the Federal Deficit Reduction Act (DRA) may have on pharmacy reimbursement. A rate study is premature at this time since it is unknown when the DRA changes will be implemented. As part of next year’s budget development process, the Department of Health Services will evaluate whether a pharmacy reimbursement rate study is necessary.

I am deleting Provision 13 and the legislative augmentation of \$300,000 in Item 4260-101-0890 to conform to this action.

I am deleting the legislative augmentation of \$2,502,000 that was provided to increase the rates paid to Medi-Cal non-emergency transport providers. With this reduction, approximately \$82,900,000 still remains to compensate the providers of non-emergency transport services.

I am deleting the legislative augmentation of \$2,353,000 in Item 4260-101-0890 to conform to this action.

I am deleting Provision 12 because counties are not anticipated to have increased costs related to the *Conlan v. Shewry* settlement agreement.

I am deleting the legislative augmentation of \$3,204,000 in Item 4260-101-0890 to conform to the action taken in 5180-141-0001 regarding workstation replacement and help desk support of the Statewide Automated Welfare System.

I am sustaining the \$100,000 legislative augmentation for podiatry services related to eliminating the Treatment Authorization Request (TAR) process.

I am directing the Department of Health Services to monitor and audit these podiatry services so that there will not be an inappropriate utilization of Medi-Cal Services.

I am sustaining the \$12,127,000 legislative augmentation for county administration reimbursement. However, I welcome the opportunity to work with the Legislature to develop a new county reimbursement methodology for programs funded through the Department of Health Services, Department of Alcohol and Drug Programs, Depart-

ment of Child Support Services, and the Department of Social Services, that will provide the ability to contain county reimbursement to a reasonable level.

Item 4260-101-0890—For local assistance, Department of Health Services. I reduce this item from \$19,215,038,000 to \$19,199,830,000.

I am reducing this item by \$15,208,000 to conform to my action in Item 4170-101-0001, Item 4260-101-0001, and Item 5180-141-0001.

Item 4440-011-0001—For support of the State Hospitals, Department of Mental Health. I delete Provision 8.

Provision 8 would require the department to provide an update by January 10, 2007 on the status of the operation of the adolescent unit at Metropolitan State Hospital (MSH), including whether construction of the onsite school is warranted. On May 8, 2006, the Legislature was notified of the termination of the school building project because the number of youths in the MSH's Children's Program has declined significantly, making construction of the school unnecessary. The department will provide information regarding the operation of the adolescent unit at MSH with the release of the 2007–08 Governor's Budget.

Item 5175-101-0001—For local assistance, Department of Child Support Services.

I am sustaining on a one-time basis the \$4,000,000 General Fund augmentation for local child support agency administration. The Department of Child Support Services, in consultation with local child support agencies, is in the process of developing a new funding allocation methodology intended to improve overall child support program performance. I am sustaining this funding to allow the department to evaluate the effectiveness of distributing funding according to this new allocation methodology in order to improve performance on state and federal child support program measures. If this augmentation and associated allocation methodology proves to directly improve performance, then I direct the department to consider options to utilize a performance-based methodology on a broader scale.

Item 5180-001-0001—For support of Department of Social Services. I reduce this item from \$88,889,000 to \$87,569,000 by reducing:

- (1) 16-Welfare Programs from \$64,579,000 to \$63,579,000;
- (2) 25-Social Services and Licensing from \$146,826,000 to \$146,470,000; and
- (10) Amount payable from the Federal Trust Fund (Item 5180-001-0890) from -\$345,298,000 to -\$345,262,000.

I am deleting the \$1,000,000 legislative augmentation for the Farm to Family and Donate/Don't Dump programs. Though I share the Legislature's desire to improve the statewide distribution of donated produce, these programs currently are operating without General Fund resources and should continue to pursue private investments.

I am also deleting the legislative augmentation of \$356,000 (\$320,000 General Fund and \$36,000 Federal Trust Fund) which would provide funding to make Community Care Licensing facility and compliance data available to the public on the Internet. I am fully supportive of efforts in this area, but the department must complete the necessary information technology planning process and should evaluate the possibility of using existing resources for this purpose.

Item 5180-001-0803—For support of Department of Social Services. I reduce this item from \$218,000 to \$208,000.

I am deleting the \$10,000 legislative augmentation which would provide funding to make Community Care Licensing facility and compliance data available to the public on the Internet. I am fully supportive of efforts in this area. Consistent with my action in Item 5180-001-0001, I am directing the Department of Social Services to complete the necessary information technology planning requirements and evaluate the possibility of using existing resources for this purpose.

Item 5180-001-0890—For support of Department of Social Services. I reduce this item from \$345,298,000 to \$345,262,000. I am reducing this item to conform to the action I have taken in Item 5180-001-0001.

Item 5180-101-0001—For local assistance, Department of Social Services. I revise this item by reducing:

- (1) 16.30-CalWORKs from \$4,946,754,000 to \$4,941,154,000, and
- (6) Amount payable from the Federal Trust Fund (Item 5180-101-0890) from -\$3,833,619,000 to -\$3,828,019,000.

I am revising this item to conform to the action I have taken in Item 5180-101-0890.

Item 5180-101-0890—For local assistance, Department of Social Services. I reduce this item from \$3,833,619,000 to \$3,828,019,000 and delete Provision 5.

I am deleting the \$5,000,000 legislative augmentation in federal Temporary Assistance for Needy Families (TANF) Block Grant funds for the CalWORKs program to reflect the level of savings in the May Revision for ongoing welfare reform efforts initiated in 2004–05. The Legislature increased funding for this program based on concerns that estimated savings in prior subventions have not materialized. However, the May Revision already adjusted the savings from my January Budget as the result of a revised welfare reform methodology and implementation schedule. As welfare reform efforts continue, additional adjustments, if necessary, will be appropriately reflected in my proposed January Budget for 2007–08.

I am deleting the \$600,000 legislative augmentation in TANF Block Grant funds for CalWORKs Indian Health Clinics. The Legislature's augmentation did not reflect an analysis of data or outcome measures indicating that the current funding level is insufficient. This veto maintains funding for Indian Health Clinics at the level proposed in the May Revision.

I am deleting Provision 5, as this language is unnecessary. The Legislature included language with the same effect in the social services budget trailer bill. Having language in both the Budget Act and the trailer bill is duplicative and may cause confusion related to compliance.

Item 5180-141-0001—For local assistance, Department of Social Services. I reduce this item from \$437,339,000 to \$432,625,000 by reducing:

- (1) 16.75-County Administration and Automation Projects from \$1,055,060,000 to \$1,043,686,000;
- (2) Reimbursements from -\$57,397,000 to -\$54,203,000; and
- (3) Amount payable from the Federal Trust Fund (Item 5180-141-0890) from -\$560,324,000 to -\$556,858,000.

I am deleting the legislative augmentation of \$11,374,000 (\$4,714,000 General Fund, \$3,194,000 Reimbursements, and \$3,466,000 Federal Trust Fund) for workstation replacement and help desk support of the Statewide Automated Welfare System, including the CalWORKs Information Network. Although I understand that workstations need to be replaced on a regular basis, workstation replacement costs should be paid from funds provided for general county administration. In addition, the Budget already provides increased funding for county help desk staff.

I am also reducing \$3,204,000 in Item 4260-101-0890 to conform to this action.

Item 5180-141-0890—For local assistance, Department of Social Services. I reduce this item from \$560,324,000 to \$556,858,000. I am reducing this item to conform to the action I have taken in Item 5180-141-0001.

Item 5180-151-0001—For local assistance, Department of Social Services. I reduce this item from \$912,253,000 to \$909,599,000 by reducing:

- (1) 25.30-Children and Adult Services and Licensing from \$2,392,442,000 to \$2,387,042,000;
- (3) Reimbursements from -\$99,626,000 to -\$99,173,000; and

(6) Amount payable from the Federal Trust Fund (Item 5180-151-0890) from -\$1,399,979,000 to -\$1,397,686,000.

I am deleting the legislative augmentation of \$5,400,000 (\$2,654,000 General Fund, \$453,000 Reimbursements, and \$2,293,000 Federal Trust Fund) for Child Welfare Services/Case Management System (CWS/CMS) county workstation replacement. Although I understand that workstations need to be replaced on a regular basis, workstation replacement costs should be paid from funds provided for general county administration. In addition, since many workstations include functionalities that are not related to the CWS/CMS program, this augmentation is unnecessary.

I am also deleting the legislative augmentation of \$5,400,000 in Item 0530-001-9732 to conform to this action.

Item 5180-151-0890—For local assistance, Department of Social Services. I reduce this item from \$1,399,979,000 to \$1,397,686,000. I am reducing this item to conform to the action I have taken in Item 5180-151-0001.

Item 5225-002-0001—For support of Department of Corrections and Rehabilitation. I delete Provision 6.

I am deleting Provision 6, which would limit the expenditure of funds appropriated for the Inmate Dental Plan required by the *Perez v. Tilton* lawsuit pending the submission of the court required staffing study to the Joint Legislative Budget Committee (JLBC). The Administration will provide this report to the JLBC when it is available; however, I am vetoing this language because it could limit the Department's ability to implement this plan and meet court requirements.

I am sustaining Provision 7, which will require the Department to establish guidelines for the use of telemedicine, establish performance targets, and provide the Legislature with a written report regarding meeting the performance targets. The Administration is supportive of establishing appropriate guidelines and performance measures. However, compliance will be at the discretion of the Receiver appointed by the federal court in *Plata v. Schwarzenegger* to oversee the provision of medical services to inmates.

Item 6110-001-0001—For support of Department of Education. I reduce this item from \$48,902,000 to \$47,816,000 by reducing:

- (1) 10-Instruction from \$58,451,000 to \$57,831,000,
  - (2) 20-Instructional Support from \$100,127,000 to \$99,661,000;
- and by deleting Provisions 27 and 30.

I am reducing this item by \$320,000 for increased compensation for Administrative Law Judges concerning dispute resolution services for special education. This legislative augmentation is unnecessary, as funding is already included in a separate item for employee compensation adjustments.

I am deleting Provision 30 to conform to this action.

I am reducing this item by \$300,000 for a study of the special education funding formula's Special Disabilities Adjustment. I note that a similar study funded in the 2002 Budget Act failed to update the adjustment factors in a satisfactory manner, and I see no compelling reason to believe that a second study will bring greater clarity to the issue.

I am deleting Provision 27 to conform to this action.

I am reducing a legislative augmentation by \$466,000 and 5.0 positions to oversee management teams and trustees of state-sanctioned schools. Instead, I am sustaining \$130,000 and 1.0 position for these purposes. I believe an increase in staff to the higher level is unnecessary because there are very few schools that will be subject to oversight by a management team or a trustee. Further, these oversight responsibilities can be absorbed within existing resources because the department's staffing levels were never

reduced to reflect the phase-out of the Immediate Intervention/Underperforming Schools Program.

Item 6110-126-0890—For local assistance, Department of Education. I reduce this item from \$158,937,000 to \$143,837,000 and delete Provisions 10, 11, 12, and 13.

I am reducing \$15,100,000 in federal Reading First carryover expenditure authority from prior years and deleting the provisional language associated with it. I am concerned that this language both proposes to initiate a new cohort of grant recipients, and would require subsequent legislation to define the criteria by which currently participating districts are determined to be making progress in the program and thus, whether current grant recipients continue to receive funding. This language is an attempt to enact substantive law in the Budget Act rather than in a single subject bill as required by the Constitution.

Further, this proposal is inconsistent with the approved federal Reading First State Plan which appropriately gives the authority to define “significant progress” to the State Board of Education (SBE) as the State Educational Agency responsible for implementation of the federal No Child Left Behind Act. The SBE has been working with constituents to develop a fair and meaningful definition of “significant progress” and should be allowed to continue their work. Finally, the addition of a new cohort in the fifth year of a six-year program may serve to undermine the overall performance of the state’s Reading First program and, therefore, jeopardize future funding for this program if it is reauthorized at the federal level. I am willing to support a substantive bill that maintains the authority of the SBE to define “significant progress”, extends availability of funding for existing cohorts for the 5th and 6th years, and avoids creation of a new cohort of grant recipients.

Item 6110-203-0001—For local assistance, Department of Education (Proposition 98). I reduce this item from \$130,892,000 to \$93,092,000 by reducing:

- (1) 30.20.010-Child Nutrition Programs from \$131,234,000 to \$93,434,000, and by deleting Provision 6.

I am deleting \$37,800,000 legislative augmentation because the Legislature did not link this funding to legislation that would require schools to improve the nutritional quality of meals served to California students. With the progress we have made thus far in limiting “junk food” on school campuses and placing greater emphasis on student consumption of fruits and vegetables, I believe that improved nutritional quality is a critical additional step to battling childhood obesity and improving our students’ health. I am therefore setting these funds aside for appropriation in subsequent legislation.

I am deleting Provision 6 to conform to this action.

Item 6360-001-0001—For support of the Commission on Teacher Credentialing. I delete this item.

I am deleting this item to eliminate the \$227,000 legislative augmentation to support the rate increase for the Paraprofessional Teacher Training Program in Item 6360-101-0001 because a rate increase does not drive any substantive additional workload.

Item 6600-001-0001—For support of Hastings College of the Law. I reduce this item from \$10,924,000 to \$10,671,000.

I am reducing the one-time legislative augmentation for relocation costs related to a capital outlay project to correct code deficiencies in an academic facility from \$776,000 to \$523,000. Pursuant to the compact for Higher Education, the Budget includes \$253,000 which may be spent for this purpose at the discretion of the College. This action is necessary to limit program expansions and provide for a prudent General Fund reserve.

Item 6610-002-0001—For support of California State University. I reduce this item from \$3,121,000 to \$2,991,000 by reducing:

- (3) Assembly Fellows from \$601,687 to \$565,287;
- (4) Senate Fellows from \$601,687 to \$565,287;
- (5) Executive Fellows from \$601,687 to \$565,287; and
- (6) Judicial Fellows from \$422,939 to \$402,139.

I am reducing the \$230,000 legislative augmentation for the Capital Fellows Programs by \$130,000. Given the 3 percent increase that was already included in the January Budget for this program, the remaining \$100,000 augmentation would reflect a 6.6 percent increase for inflationary pressures. This should be sufficient to effectively maintain the program. Should the Chancellor of the California State University believe this amount to be insufficient, he may allocate funds for this purpose from Item 6610-001-0001.

Item 6610-004-0001—For support of California State University. I delete this item. I am deleting this item which reflects a legislative augmentation of \$112,000 to support California's membership in the Western Interstate Commission for Higher Education (WICHE). When acting on the 2004 Budget, the Legislature deleted funding for membership dues for WICHE, as well as other state membership dues because of the fiscal condition of the state. This reduction continues to be necessary to provide for a prudent General Fund reserve. Both the University of California and the California State University may elect to provide funding for this purpose to the extent the benefits of membership in this organization are worthwhile.

Item 6870-001-0001—For support of Board of Governors of the California Community Colleges. I reduce this item from \$9,472,000 to \$9,397,000 by reducing:

(2) 20-Special Services and Operations from \$16,392,000 to \$16,317,000. I am reducing Schedule (2) to eliminate the \$75,000 legislative augmentation for additional staffing at the Chancellor's Office. Three positions were added to the Chancellor's Office in the Budget Act of 2005 for the same purposes and remain available in the budget year for these purposes. These resources are sufficient for supporting local assistance programs in 2006-07.

Item 6870-101-0001—For local assistance, Board of Governors of the California Community Colleges (Proposition 98). I reduce this item from \$3,772,712,000 to \$3,763,712,000 by reducing:

(11) 20.20.050-Part-time Faculty Health Insurance from \$6,000,000 to \$1,000,000, and

(13) 20.20.055-Part-time Faculty Office Hours from \$11,172,000 to \$7,172,000.

I am reducing schedule (11) by \$5,000,000 and schedule (13) by \$4,000,000 to delete the legislative augmentations for both the respective Part-time Faculty Health Insurance and Part-time Faculty Office Hours Programs. However, I am setting these amounts aside for legislation that restores these funds for the Career Technical Education Program.

The part-time faculty programs were established to provide incentive grants to districts to increase their investments in part-time faculty benefits and were not intended to require additional state contributions. Given the significant increases in general purpose funding in this budget, districts have more than adequate resources to support these programs at local discretion. Moreover, I am committed to increasing the \$20,000,000 ongoing funding remaining in the budget for Career Technical Education, after the Legislature's \$30,000,000 reduction to my proposed budget. Given the magnitude of work that remains to be done to reinvigorate and align career technical education programs in our high schools and community colleges, I am setting these funds aside for appropriation for that purpose in subsequent legislation.

Item 7980-001-0784—For support of California Student Aid Commission. I reduce this item from \$15,379,000 to \$15,279,000 by reducing:

- (1) 15-Financial Aid Grants Program from \$13,848,000 to \$13,748,000, and by deleting Provision 5.

I am deleting the \$100,000 legislative augmentation for 1.0 position for purposes of administering the Public Interest Attorney Loan Repayment Program to conform to my action on item 7980-101-0001.

I am deleting Provision 5 to conform to this action.

Item 7980-101-0001—For local assistance, California Student Aid Commission. I am revising Provision 1(d) and deleting Provision 10.

I am reducing the number of loan assumption warrants authorized in Provision 1(d) for the Assumption Program of Loans for Education by 600 and setting aside this amount of new warrants for authorization in subsequent legislation that would specify their use exclusively for students participating in the Science and Math Teacher Initiative as proposed in my January Budget. Given the significant shortage of highly talented science and math teachers in our public school system, my January Budget contained a modest, but important component of the initiative that has been funded in the last two budgets for the University of California and the California State University systems. I continue to propose assumption of loans for these students in order to provide greater certainty of securing the most proficient science and math teachers possible which is critical to California's future economic well being.

I am revising Provision 1(d) to conform to this action as follows:

"1(d). The purchase of loan assumptions under Article 5 (commencing with Section 69612) of Chapter 2 of Part 42 of the Education Code. The Student Aid Commission shall issue ~~8,000~~ 7,400 new warrants."

Additionally, I am deleting the legislative language augmentation included in Provision 10 that authorizes 100 new warrants for the Public Interest Attorney Loan Repayment Program. Because the education trailer bill would delete the provisions of current law that authorize donations for the purpose of funding this program, these warrants would require General Fund repayment in future years. Therefore, this action is necessary to limit program expansions.

I am deleting Provision 10 to conform to this action.

Item 7100-101-0869—For local assistance under Workforce Investment Act (WIA), Employment Development Department. I delete Provision 2 of this item.

This language would have the effect of unilaterally augmenting the formula allocations for some Local Workforce Investment Areas (LWIAs), while decreasing the total funding available for other LWIAs that may need additional assistance as a result of recent worker dislocations.

I agree that the concern addressed by this language has merit, but it would not solve the underlying issue of fairness with regard to the division of funds based on mass layoff data. The California Workforce Investment Board is currently working on a report that will address the distribution of the federal Workforce Investment Act funds. Additionally, until the report is finalized, the Employment Development Department already has a process for LWIAs to apply for and receive additional funding when the formula allocation does not adequately reflect the demand for services. This process has been successfully used by LWIAs in the past to quickly receive additional funding when necessary. Consequently, for these reasons I am vetoing this language.

Item 7350-001-0001—For support of Department of Industrial Relations. I reduce this item from \$65,603,000 to \$64,103,000 by reducing:

- (5) 40-Division of Occupational Safety and Health from \$88,966,000 to \$87,466,000, and by deleting Provisions 2 and 3.

I am deleting the legislative augmentation that provided \$1,500,000 and 15.2 personnel years to improve the ratio of Cal/OSHA inspectors to the civilian workforce. The Legislative Analyst's Office provided a study on Cal/OSHA inspections which demonstrates that the levels of workplace injuries and fatalities in California are well below the national average. Furthermore, Cal/OSHA has a number of inspector positions that are vacant and have been historically difficult to fill. With this reduction, \$87,466,000 still remains to support Cal/OSHA.

I am deleting Provision 2 which would require \$1,500,000 of the amount scheduled in Program 50 to be expended solely to reduce wage claim hearing backlogs and to increase field enforcement in specified industries. This language is unduly restrictive and could undermine the Division's targeted enforcement efforts.

I am deleting Provision 3 that would redirect the revenues collected from Farm Labor Contractor license fees. This provision would increase the amount directed to the Farmworker Remedial Account from \$50 to \$150, and would decrease the amount of funds directed to the General Fund from \$450 to \$350 for the 2006–07 fiscal year. This language is unnecessary because proposed budget trailer bill language will redirect the funds in a similar manner on an ongoing basis.

Item 8570-001-0001—For support of Department of Food and Agriculture. I reduce this item from \$76,457,000 to \$75,457,000 by reducing:

(1) 11-Agricultural Plant and Animal, Pest and Disease Prevention from \$107,877,000 to \$106,877,000.

I am reducing the legislative augmentation for the Noxious Weed Management Program by \$1,000,000. While I understand that this program is to protect and enhance the economy and natural environment of California and that current activities are not sufficient to adequately address the problems associated with noxious and invasive weeds, the remaining funds will provide a sufficient level of funding to leverage local and federal funds to continue efforts in this area.

Item 8570-101-0001—For local assistance, Department of Food and Agriculture.

I am sustaining the \$3,000,000 legislative augmentation related to high-risk pest exclusion and the language requiring a specific allocation methodology for the distribution of these funds. Further, I am directing the Department to convene the High Risk Pest Exclusion Working Group and determine the distribution of these funds within 45 days of signature of this bill with contracts awarding these funds to immediately follow.

Item 8660-001-0461—For support of Public Utilities Commission. I reduce this item from \$9,292,000 to \$8,725,000.

I am reducing this item by \$567,000 to conform to the action I have taken in Item 8660-001-0462.

Item 8660-001-0462—For support of Public Utilities Commission. I reduce this item from \$74,778,000 to \$73,198,000 by reducing:

(1) 10-Regulation of Utilities from \$108,830,000 to \$106,827,000;

(3) 20-Regulation of Transportation from \$17,358,000 to \$16,791,000;

(10) Amount payable from the Public Utilities Commission Transportation Reimbursement Account (Item 8660-001-0461) from -\$9,292,000 to -\$8,725,000; and

(18) Amount payable from the Public Utilities Commission Ratepayer Advocate Account (Item 8660-001-3089) from -\$20,175,000 to -\$19,752,000.

The Legislature augmented the Public Utilities Commission's budget by \$5,607,000 and 58.5 positions to meet increased workload demands. I am sustaining \$3,037,000 and 33.0 positions to perform critical climate change activities and to meet workload demands in the Energy Division, Water Division, Telecommunications Division, and the Division of Ratepayer Advocates. However, I am vetoing \$2,570,000 and 25.5 positions of the augmentation because they are not justified on a workload basis.

Item 8660-001-3089—For support of Public Utilities Commission. I reduce this item from \$20,175,000 to \$19,752,000.

I am reducing this item by \$423,000 to conform to the action I have taken in Item 8660-001-0462.

Item 8660-011-0462—For transfer by the Controller from the Public Utilities Commission Utilities Reimbursement Account to the Public Utilities Commission Ratepayer Advocate Account. I reduce this item from \$(20,175,000) to \$(19,752,000).

I am reducing this item by \$423,000 to conform to the action I have taken in Items 8660-001-0462 and 8660-001-3089.

Item SEC. 24.55—California Research and Education Network. Specified Use of Funds and Reporting Requirements for the California Research and Education Network (CalREN). I revise this Control Section to eliminate requirements related to assets purchased primarily with state funds because they are overly restrictive and inequitable to other entities that have contributed funds for this equipment.

Participants in the Corporation for Education Network Initiatives in California (CENIC) and CalREN include private colleges and educational institutions from other states. Therefore, the language in this control section that requires that any assets purchased primarily with state moneys be transferred to the state if CENIC no longer manages the network is inappropriate. Disposition of jointly purchased and shared assets should be determined by all affected parties, including California educational institutions, in the unlikely scenario that CENIC no longer manages the Network. Further, this section appears to violate the separation of powers provision of the California Constitution in that it impairs the ability of the University of California, the California State University, and the Executive Branch to administer the program and determine the appropriate allocation of assets. Also, it appears to violate the prohibition against the impairment of the obligation of contracts in that it impairs the existing agreements among the members of CENIC.

I am revising Control Section 24.55 to conform as follows:

“SEC. 24.55. (a) For the purposes of this section, “educational institutions” means the University of California (UC), upon the approval of its Board of Regents, the California State University (CSU), the California Community Colleges (CCC), and the State Department of Education (SDE), or their designees, as part of their participation on the Board of the Corporation for Education Network Initiatives in California (CENIC).

(b) To expend General Fund, student fee revenue, or any other monies for the California Research and Education Network (CalREN) or the K–12 High Speed Network (HSN), state educational institutions shall do all of the following:

(1) Ensure that any interest earned on state monies is used for operating CalREN serving the UC, CSU, CCC, and K–12 segments. Any segment-specific cash reserves held by CENIC for an individual segment shall be held separately and accrue interest to that segment.

(2) ~~Ensure that any assets purchased primarily with state monies are transferred to the state if CENIC no longer manages CalREN.~~

(3) Approve an agreement that designates specific levels of service to be provided by CalREN and HSN to all public education segments.

(4) Establish fee payment schedules that neither result in significant prepayments nor require additional administrative costs to implement. If the Board of CENIC determines that certain prepayments are necessary, individual segments may prepay to avoid additional costs to themselves.

(5) Ensure that CENIC reports to the Legislature and the Governor, not later than December 1, 2006, the following minimum information:

(A) For the 2005–06 fiscal year, revenues from each public education segment and from other sources whose annual revenues are \$100,000 or more, and expenditures of \$100,000 or more by major category.

(B) A financial accounting of all primarily state-funded assets associated with CalREN and HSN.

(C) A copy of the 2006–07 service level agreement approved by the Board of CENIC.

(D) A list of all prepayments made in the 2005–06 fiscal year and in the first quarter of the 2006–07 fiscal year, and a detailed explanation of the savings resulting from each prepayment.

(E) A list of all in-state private educational institutions and out-of-state educational institutions that have used CalREN and the fee amounts they have been charged.

(F) A detailed revised budget for CalREN and HSN for the 2006–07 fiscal year.”

Item SEC. 33.50—Strategic Sourcing. I delete this Control Section.

I am deleting this Control Section, which authorizes the Department of Finance to reduce appropriations to capture savings resulting from the California Strategic Sourcing Initiative and requires the Director of Finance to provide quarterly reports to the Legislature on any payments made to a Strategic Sourcing contractor at least 30 days prior to reducing any item of appropriation.

To the extent departments experience savings due to Strategic Sourcing, these savings will either create flexibility within departments’ budgets or be counted toward the \$200,000,000 savings requirement in Control Section 4.05. However, consistent with the intent of Control Section 33.50, I am directing the Department of General Services to continue to provide quarterly reports to the Legislature identifying the Strategic Sourcing savings by departments and amounts paid to contractors.

With the above deletions, revisions, and reductions, I hereby approve Assembly Bill 1801.

ARNOLD SCHWARZENEGGER, Governor

2 [Ch. 48] I object to the following appropriations contained in Assembly Bill 1811:

Item 0250-101-0932—For local assistance, Judicial Branch. I reduce this item from \$2,802,900,000 to \$2,792,900,000 by reducing:

(4) 45.45-Court Interpreters from \$96,126,000 to \$86,126,000.

I am deleting the \$10,000,000 legislative augmentation to provide interpreters in civil cases. I believe it is essential to provide non-English speaking litigants with interpreters in order to provide meaningful access to our justice system, and as such, I expect that the Judicial Council will identify efficiencies and best practices, and will, to the extent possible, expand the use of interpreters in civil cases using existing resources. This is consistent with the agreement I have with the Chief Justice regarding funding for the Courts, which provides a stable funding level for the Judicial Branch and allows the Judicial Council to prioritize programs within that annual augmentation, as is appropriate for an independent branch of government.

I am deleting Provision 11 to conform to this action.

Item 0250-111-0001—For transfer by the Controller to the Trial Court Trust Fund. I reduce this item from \$1,612,357,000 to \$1,602,357,000.

I am deleting the \$10,000,000 legislative augmentation to provide interpreters in civil cases to conform to the action taken in Item 0250-101-0932.

Item 0690-102-0001—For local assistance, Office of Emergency Services. I reduce this item from \$56,699,000 to \$56,249,000 by reducing:

- (1.5) 50.20-Victim Services from \$9,317,000 to \$9,267,000;
  - (2.5) 50.30-Public Safety from \$52,953,000 to \$52,553,000;
- and by deleting Provision 8.

I am deleting the \$450,000 legislative augmentation for the California Innocence Protection Program and the Youth Emergency Telephone Referral Hotline.

I am confident that these programs will be able to obtain private funding as they have in the past. With these reductions, \$127,000 still remains to support the Youth Emergency Telephone Referral Hotline.

I am deleting Provision 8 to conform to this action.

Item 2660-001-0042—For support of Department of Transportation. I reduce this item from \$2,322,131,000 to \$2,310,701,000 by reducing:

- (2) 20.10-Highway Transportation—Capital Outlay Support from \$1,394,844,000 to \$1,375,244,000;
  - (17) Amount payable from the Federal Trust Fund (Item 2660-001-0890) from -\$547,224,000 to -\$539,054,000;
- and by deleting Provision 13.

I am deleting the \$11,430,000 legislative augmentation to increase funding in the Capital Outlay Support Program. The Legislature augmented this item in order to provide funding for workload associated with the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006 on the November 2006 ballot, as provided by Chapter 25, Statutes of 2006. However, this funding is unnecessary, because all of the capital outlay support work related to the bond act in 2006–07 will have already been completed within existing resources. Any future bond-related work should be funded out of the bond proceeds instead of using these scarce State Highway Account resources that are needed for ongoing maintenance of state highways.

I am deleting Provision 13 to conform to this action.

I am also revising Items 2660-001-0890 and 2660-002-3007 to conform to the revision in this item.

Item 3600-001-0001—For support of Department of Fish and Game. I reduce this item from \$101,813,000 to \$100,813,000 by reducing:

- (3) 30-Management of Department Lands and Facilities from \$67,020,000 to \$66,020,000,
- and by deleting Provision 15.

I am deleting the legislative augmentation of \$1,000,000 and 8.0 positions for land management activities. With this reduction, \$66,000,000 still remains to support the management of department-owned lands and facilities, including wildlife areas, ecological reserves, and fish hatcheries.

I am deleting Provision 15. The Budget Act of 2006 includes \$10,000,000 for salmon restoration projects on the Klamath River. The proposed provisional language would shift \$4,000,000 from Klamath River restoration projects to the Fisheries Restoration Grant Program, subjecting these funds to a lengthy grant process. The intent of the Budget Act appropriation is to restore critical salmon habitat on the Klamath River as soon as possible through projects administered directly by the Department of Fish and Game. With this action, the Budget Act still provides \$4,000,000 to support the Fisheries Restoration Grant Program.

Item 3790-001-0001—For support of Department of Parks and Recreation. I reduce this item from \$377,959,000 to \$377,784,000 by reducing:

- (1) For support of the Department of Parks and Recreation from \$605,378,000 to \$605,203,000.

I am reducing this item by \$175,000 and 2.0 positions for the Main Street Program. Existing law specifies a funding mechanism for this program and providing a General Fund augmentation would be inconsistent with those provisions.

Item 3900-001-0044—For support of Air Resources Board. I reduce this item from \$160,579,000 to \$135,579,000 by reducing:

- (1) 15-Mobile Source from \$272,255,000 to \$257,255,000, and
- (2) 25-Stationary Source from \$51,210,000 to \$41,210,000.

I am deleting the \$25,000,000 legislative augmentation to reduce emissions from locomotives, construction equipment, and dairy equipment. Notwithstanding the merits of the funding, this reduction is necessary because planned and anticipated expenditures limit the resources available in the Motor Vehicle Account to support new expenditures. Furthermore, the Budget already provides \$90,000,000 for the Carl Moyer Program to fund cost-effective emission reduction projects, \$25,000,000 to replace pre-1977 school buses with new clean buses that meet federal safety standards, and \$25,000,000 to develop clean alternative fuels and promote zero emission vehicles.

Item 4260-001-0001—For support of Department of Health Services. I delete Provisions 7 and 8.

I am deleting Provision 7 because exempting all clinical positions within the Department of Health Services Licensing and Certification Division from unallocated reductions is an infringement on the Executive Branch's budget development process and restricts my authority to prepare a budget which reflects my spending priorities within available fiscal resources.

I am deleting Provision 8 to conform to the action I took in Item 4120-101-0001.

Item 4260-111-0001—For support of Department of Health Services. I reduce this item from \$569,157,000 to \$560,157,000 by reducing:

- (5) 10.30.040-Chronic Diseases from \$187,890,000 to \$185,890,000;
- (6) 10.30.050-Communicable Disease Control from \$74,711,000 to \$68,711,000;
- (9) 20.40-Primary Care and Family Health from \$1,536,864,000 to \$1,535,864,000; and by revising Provision 4.

I am deleting the \$2,000,000 legislative augmentation for the California Children's Dental Disease Program (CDDPP). With this reduction, \$3,300,000 still remains to support 33 programs statewide, serving over 1,200 schools and 326,000 children. In addition, this Budget includes \$1,500,000 in the Medi-Cal and \$500,000 in the Healthy Families programs for dental services related to my proposal to ensure dental screenings are available for California's school children.

I am sustaining \$3,000,000 and deleting \$6,000,000 of the \$9,000,000 legislative augmentation for West Nile Virus (WNV). Last year I provided \$12,000,000 in one-time funding to enhance mosquito control efforts and reduce death and illness from WNV. That funding should continue to have an effect this year. Local mosquito and vector control agencies and other local governmental entities should continue to utilize local government revenue to support their ongoing efforts. Furthermore, the Budget contains an additional \$1,000,000 in ongoing funding to support an effective, long-term, strategic plan for WNV, including a multifaceted surveillance program, extensive public education, and assistance to local agencies and the medical and veterinary communities. In the event unforeseen circumstances result in the depletion of funds to fight this infectious disease, I will consider administrative remedies to provide funding to the extent appropriate. I am revising Provision 4 to conform to this action as follows:

"4. (a) Of the amount appropriated in this item, the Department of Health Services shall, at the discretion of the director, allocate ~~\$9,000,000~~ \$3,000,000 to local mosquito and vector control agencies or other governmental entities, or contract with other entities to supplement resources for local mosquito control efforts to mitigate the threat of West Nile Virus transmission. In allocating these funds, the director shall first address

high priority areas and “hot spots,” based on epidemiological studies and related information to mitigate the spread of the disease. These funds shall not be used to supplant existing local vector control agency funds.

(b) In response to the public health implications of the West Nile Virus, and in order to expedite the implementation of mosquito control efforts funded by no more than ~~\$9,000,000~~ \$3,000,000 appropriated in this item, the department may make and receive grants and enter into contracts and interagency agreements. The department shall be exempt from competitive bidding requirements and shall be exempt from the requirements of Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code.”

I am sustaining the legislative augmentation to provide \$272,000 AIDS Drug Assistance Program Rebate Fund and 3.0 positions to support expansion of the Ryan White Comprehensive AIDS Resources Emergency Health Insurance Premium Payment (CARE/HIPP) Program. There is likelihood that cost avoidance may materialize in future years due to this program expansion.

I am sustaining the legislative augmentation to provide \$20,000,000 federal funds, anticipated from the second federal award for pandemic influenza, to purchase medical supplies and equipment to strengthen the state’s health care surge capacity needs.

I am deleting the \$1,000,000 legislative augmentation which would increase resources for Indian Health Clinics. With this reduction, \$6,900,000 still remains in the Department of Health Services for this purpose.

Item 6360-101-0001—For local assistance, Commission on Teacher Credentialing (Proposition 98). I revise Provision 2.

While I am sustaining the \$1,267,000 legislative augmentation for increasing the per participant funding rate for the Paraprofessional Teacher Training Program, I am making a technical revision to the language in this item because it is inconsistent with the intent of the augmentation.

I am revising Provision 2 to conform to this action as follows:

“2. The funds appropriated in Schedule (2) are for school districts and county offices of education participating in the California School Paraprofessional Teacher Training Program established pursuant to Article 12 (commencing with Section 44390) of Chapter 2 of Part 25 of the Education Code. Of these funds, \$1,267,000 is available to increase the per participant rate ~~and to address participant waiting lists pursuant to the enactment of legislation during the 2005–06 Regular Session .”~~

Item 6440-001-0001—For support of University of California. I reduce this item from \$2,835,604,000 to \$2,834,604,000 by reducing:

- (1) Support from \$2,752,108,000 to \$2,751,108,000,
- and by revising Provision 13 and deleting Provision 24.

I am deleting the \$1,000,000 legislative augmentation for research on obesity and diabetes. This reduction exceeds the level of funding provided under the Higher Education Compact and is necessary to limit program expansions and to provide for a prudent General Fund reserve.

I am deleting Provision 24 to conform to this action.

In addition, I am revising Provision 13 to delete language that describes a new methodology for determining the marginal cost of each additional state-supported student in the future. The new formula is not transparent, is too difficult to either replicate or verify allowing for the potential of manipulation in future years, and does not properly reflect the full mix of new faculty associated with the system-wide growth in students.

I am revising Provision 13 to conform as follows:

“13. Of the funds appropriated in Schedule (1), \$50,980,000 is to fund 5,149 additional state-supported full-time equivalent (FTE) students at the University of California, based on a marginal General Fund cost of \$9,901 per additional student. ~~This funding rate is based on a new methodology for determining the marginal cost of each~~

additional state-supported student. This methodology calculates a total marginal cost (including operation and maintenance costs and faculty costs based on the salaries of recently hired professors) and then subtracts from this cost the fee revenue the university anticipates from each additional student (after adjusting for financial aid); in order to determine the amount of General Fund support needed from the state. It is the intent of the Legislature that enrollment growth funding provided to the university in subsequent budgets be based on this new methodology. The Legislature expects the University of California to enroll a total of 193,455 state-supported FTE students during the 2006–07 academic year. This enrollment target does not include nonresident students and students enrolled in non-state-supported summer programs. The University of California shall report to the Legislature by March 15, 2007, on whether it has met the 2006–07 enrollment goal. For purposes of this provision, enrollment totals shall only include state-supported students. If the University of California does not meet its total state-supported enrollment goal by at least 257 (FTE) students, the Director of Finance shall revert to the General Fund by April 1, 2007, the total amount of enrollment funding associated with the total share of the enrollment goal that was not met.”

Item 6610-001-0001—For support of California State University. I revise Provisions 7.5 and 13.

I am sustaining the \$371,000 legislative augmentation for the full cost associated with supporting an additional 35 undergraduate nursing students. While the Administration supports increases in undergraduate nursing slots, enrollment growth funding from the higher marginal cost included in the Budget Bill should be sufficient to support the intended expansion as it reflects average costs for both high and low cost programs. Therefore, I will not support additional costs for undergraduate enrollments in the future.

I am revising Provision 13. While I am sustaining the one-time legislative augmentation of \$1,000,000 for faculty recruitment and start-up costs to prepare for the enrollment of 340 undergraduate nursing students in 2007–08, I object to the language that intends that these students be funded in 2007–08 at a higher level than would be provided with marginal cost growth funding. Similar to my concerns expressed above, I believe that the future costs associated with undergraduate nursing enrollments can be fully accommodated within the funding provided for enrollment growth under the Higher Education Compact.

I am revising Provision 13 to conform as follows:

“13. Of the amount provided in Schedule (1), \$2,000,000 is appropriated on a one-time basis for startup costs associated with the expansion of nursing programs. Specifically, the Legislature intends that these funds be used to prepare for the enrollment in the 2007–08 academic year of 340 additional undergraduate full-time-equivalent nursing students above enrollment levels in the 2006–07 academic year. The Legislature intends that these additional nursing students be funded out of the California State University’s enrollment funding for the 2007–08 academic year; with additional funding to be provided to recognize the higher costs imposed by nursing students.”

Finally, I am revising Provision 7.5 to delete language that describes a new methodology for determining the marginal cost of each additional state-supported student in the future. The new formula is not transparent, is too difficult to either replicate or verify allowing for potential manipulation in future years, and does not properly reflect the full mix of new faculty associated with the system-wide growth in students.

I am revising Provision 7.5 to conform as follows:

“7.5. Of the amount appropriated in Schedule (1), \$61,340,000 is to fund 8,490 additional state-supported full-time-equivalent students (FTES) at the California State University (CSU), based on a marginal General Fund cost of \$7,225 per additional student. This funding rate is based on a new methodology for determining the marginal cost of each additional state-supported student. This methodology calculates a total

marginal cost (including operation and maintenance costs and faculty costs based on the salaries of recently hired professors) and then subtracts from this cost the fee revenue the university anticipates from each additional student (after adjusting for financial aid); in order to determine the amount of General Fund support needed from the state. It is the intent of the Legislature that enrollment growth funding provided to the university in subsequent budgets be based on this new methodology. The Legislature expects CSU to enroll a total of 332,395 state-supported FTES during the 2006–07 academic year. This enrollment target does not include nonresident students and students enrolled in nonstate supported summer programs. The CSU shall provide a preliminary report to the Legislature by March 15, 2007, and a final report by May 1, 2007, on whether it has met the 2006–07 enrollment goal. For purposes of this provision, enrollment totals shall only include state-supported students. If CSU does not meet its total state-supported enrollment goal by at least 425 FTES, the Director of Finance shall revert to the General Fund by May 15, 2007, the total amount of enrollment funding associated with the total share of the enrollment goal that was not met.”

With the above deletions, revisions, and reductions, I hereby approve Assembly Bill 1811.

ARNOLD SCHWARZENEGGER, Governor

3 [Ch. 79] I am signing Assembly Bill 1802 with the following objections:

I am reducing one-time appropriations contained in subdivision (a) of Section 43 of the bill for community colleges:

I am reducing the appropriation in subdivision (a) of Section 43 of this bill by eliminating schedule (28), which allocates \$500,000 for implementation of a community college strategic plan. Funding for the implementation of community college’s strategic plan is not an appropriate use of Proposition 98 funds and can be funded by the Chancellor’s Office to the extent this is a priority for that organization.

I am reducing the appropriation in subdivision (a) of Section 43 of this bill by eliminating schedule (29), which allocates \$700,000 to support an Electronic Transcript Exchange program. This additional funding is unnecessary, given that the Budget Bill already provides federal reimbursement authority for this purpose.

I am reducing the appropriation in subdivision (a) of Section 43 of this bill by eliminating schedule (31), which allocates \$5,000,000 to support faculty and staff professional development. This funding is unnecessary due to the significant increases in general purpose funding and one-time funds that are available for this and other purposes. Decisions to provide additional funding for these programs should be made at the local level.

As mentioned in my veto message on Item 6870-101-0001 in AB 1801, I am committed to increasing the amount of funding for career technical education given the magnitude of work remaining to be done to reinvigorate and align career technical in our high schools and community colleges. Therefore, I am setting these funds aside for appropriation in subsequent legislation for this purpose.

Also, Section 12 requires the State Department of Education to reimburse school districts \$0.21 for every free and reduced-price meal served to California students. Currently, the reimbursement rate is \$0.14 for free and reduced price meals. However, I have deleted and set aside \$37.8 million included in the Budget Bill for this rate increase pending the adoption of legislation that would require schools to improve the nutritional quality of meals served to California students and restore the \$37.8 million appropriation.

ARNOLD SCHWARZENEGGER, Governor

- 4 [Ch. 733] I am signing Assembly Bill 1812. However, I am vetoing \$450,000 in Section 2 by reducing Item 0690-102-0001 from \$62,399,000 to \$61,949,000, by reducing Schedule (2.5) from \$58,653,000 to \$58,203,000, and deleting Provision 8. This is a technical veto to correct a drafting error in which the final appropriation level and provisional language for the Office of Emergency Services, as approved in Chapter 48, Statutes of 2006 (AB 1811, Laird) were not reflected correctly in this bill.

ARNOLD SCHWARZENEGGER, Governor

- 5 [Ch. 751] I am signing Senate Bill 1133, but reducing the amount provided to the State Department of Education as noted below.

The school community and I were able to work together to reach an amicable resolution to discharge the minimum state education funding requirement of Section 8 of Article XVI of the California Constitution and Chapter 213, Statutes of 2004 for the 2004–05 and 2005–06 fiscal years. I want to thank all the parties that came to the table and worked hard to accomplish this common goal.

While I agree that the State Department of Education will require resources to implement this program and perform the required evaluation, most of the activities required by this legislation will not be undertaken until the first year of program implementation in 2007–08. Further, in some instances, there are activities that will only occur at the beginning of the fifth year of program implementation and only if a school fails to meet the requirements specified in the bill.

For these reasons, I am reducing the augmentation for the State Department of Education from \$1,117,000 to \$350,000 and the number of authorized positions from 9.0 to 3.0 positions. I fully anticipate that the Department of Education will submit a request for additional funding to implement the program commencing with the 2007–08 fiscal year, which will be evaluated on a workload basis.

- 162 Second paragraph of subdivision (l) operative January 1, 2001.
- 163 Subparagraph (A) shall become inoperative on October 1, 2002.
- 164 Applicable to the entire 1999-2000 fiscal year, regardless of the effective date of act.
- 165 Approved by voters at March 7, 2000, election, Prop. 14.

- 166 This section shall prevail over Section 1874.8 of the Insurance Code as added by Chapter 884 of the Statutes of 1999 to the extent that it provides for the allocation and distribution of funds under the program established to target organized fraud activity.
- 167 Section 1874.8 of the Insurance Code as added by Chapter 885 of the Statutes of 1999 shall prevail to the extent that it provides for the allocation and distribution of funds under the program established to target organized fraud activity.
- 168 Section is inoperative if federal approval is not obtained for its implementation. Section shall also become immediately inoperative in the event there is a final judicial determination by any court of appellate jurisdiction or a final determination by the administrator of the federal Health Care Financing Administration that the supplemental reimbursement provided in this section must be made to any facility not described therein.
- 169 Amendments not operative unless the Board of Administration of the Public Employees' Retirement System adopts a resolution that does both of the following: (A) employs, for the June 30, 1998, valuation, 95 percent of the market value of assets of the state employer as the actuarial value of the assets; and (B) amortizes the June 30, 1998, excess assets over a period of 20 years, beginning July 1, 1999.
- 170 Rejected by voters at March 7, 2000, election, Prop. 30.
- 171 Rejected by voters at March 7, 2000, election, Prop. 31.
- 173 Amendments made to this section by the act adding subdivision (e) shall apply to income years beginning on or after January 1, 1999.
- 174 Inoperative January 1, 2006.
- 175 Operative July 1, 2003.

- 188 Effective January 1, 2003.
- 189 Inoperative June 30, 2010.
- 190 Subdivision (b) to (f), inclusive, shall be inoperative from the operative date of Subdivision (g) to June 30, 2001, inclusive.
- 191 Inoperative January 1, 2002.
- 192 Operative January 1, 2011.
- 193 Inoperative July 31, 2004.
- 194 Repeal operative July 1, 2001.
- 195 Operative June 30, 2001.
- 196 Inoperative June 30, 2006.
- 197 Inoperative September 1, 2003.
- 198 Inoperative June 30, 2004.
- 199 Repeal operative December 1, 2005.
- 200 Effective only until the effective date of the Budget Act of 2001 or June 30, 2001, whichever occurs first.
- 201 Paragraph (2) of subdivision (a) inoperative January 1, 2005.
- 202 Paragraph (1) of subdivision (d) operative for the 2000–01 fiscal year and each year thereafter unless otherwise provided in paragraphs (2), (3), (4), and (5).

- 203 Any section of any act enacted by the Legislature during the 2000 calendar year that takes effect on or before January 1, 2001, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, added, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2000 calendar year and takes effect on or before January 1, 2001, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
- 204 Paragraph (4) of subdivision (b), subdivision (c), and paragraph (3) of subdivision (d) shall become inoperative, and are repealed as of December 31, 2001.
- 205 Repeal operative December 31, 2003.
- 206 Inoperative April 10, 2005.
- 207 Repeal operative July 1, 2006.
- 208 Repeal operative December 31, 2005.
- 210 Approved by voters at November 7, 2000, election, Prop. 34.
- 211 This section shall become effective with regard to the March 31 holiday only when the Department of Personnel Administration notifies the Legislature that the language contained in this section has been agreed to by all exclusive representatives, and the Department of Personnel Administration authorizes this holiday to be applied to employees designated as excluded from the Ralph C. Dills Act (Ch. 10.3 (Sec. 3512 et seq.), Div. 4, Title 1 of the Government Code), and the necessary statutes are amended to reflect this change.
- 214 Subdivision (e) of this section inoperative January 1, 2004.
- 215 Not operative in any county until such time as the board of supervisors shall, by resolution adopted by majority vote, make the provisions of this section applicable in that county.
- 216 Any section of any act enacted by the Legislature during the 2000 calendar year that takes effect on or before January 1, 2001, and that amends, amends and renumbers, adds, repeals and adds, or repeals any one or more of the sections affected by this act shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2000 calendar year and takes effect on or before January 1, 2001, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
- 217 Repeal operative January 1, 2003, except that the binding commitments in paragraph (5) of subdivision (e) shall remain in effect after that date.
- 218 Operative March 31, 2002.
- 219 Subdivision (d) operative only if the director executes a declaration, that shall be retained by the director, stating that the surety bonds described in this paragraph are commercially offered throughout the state and by more than one vendor.

- 490 Any section of any act enacted by the Legislature during the 2002 calendar year, other than a section of Assembly Bill 3034, that takes effect on or before January 1, 2003, and that amends, amends and renumbers, amends and repeals, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, amended and repealed, added, repealed and added, or repealed by this act, shall prevail over this act, whether that act is chaptered before or after this act.
- 491 Repeal operative January 1 of the fifth taxable year following the first appearance of the Asthma and Lung Disease Research Fund on the tax return. If, in the second calendar year after the first taxable year the fund appears on the tax return, the Franchise Tax Board estimates by September 1 that contributions made on returns filed in that calendar year will be less than \$250,000, or the adjusted amount specified in RTC Sec. 18835(c) for subsequent taxable years, as may be applicable, then this section is repealed with respect to taxable years beginning on or after January 1 of that calendar year.
- 492 Subdivision (h) operative July 1, 2002, or the date that the program for accelerated enrollment coverage for children takes effect, whichever is later.
- 493 Repeal operative January 1, 2006, unless the Secretary of the Resources Agency determines that federal legislation has been enacted authorizing the participation of appropriate federal agencies in the California Bay-Delta Authority.
- 494 Paragraphs (1) and (2) of subdivision (b) inoperative for services provided after June 30, 2002.
- 495 Inoperative date of paragraph (3) of subdivision (a) deleted by amendment.
- 496 Effective only until July 1, 2003.
- 497 Operative after the Judicial Council adopts a rule of court, on or before July 1, 2004, to implement this section.

- 498 Paragraph (2) of subdivision (b) applies to taxable years beginning on or after January 1, 2004.
- 499 Operative January 1, 2004, or 120 days after Assembly Bill No. 1207 of the 2003-04 Regular Session is chaptered, whichever is later.
- 500 Paragraph (1) of subdivision (a) shall be implemented only to the extent that funds for these purposes are appropriated by the Legislature in the annual Budget Act or other statute.
- 501 Effective upon the adoption by the voters of the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century, as set forth in Section 2 of this act (Ch. 20 (commencing with Sec. 2704), Div. 3, SHC).
- 502 This section shall become inoperative on the operative date of any regulation adopted by the California Integrated Waste Management Board relating to "inert waste removed from the solid waste stream and not disposed of in a solid waste landfill," as defined in subdivision (a)(2), if that regulation includes procedures to facilitate the counting of the inert waste for purposes of the disposal reporting system established under PRC Section 41821.5 when that inert waste is placed in a mine reclamation facility as fill material, and, as of January 1 immediately following that operative date, is repealed.
- 503 Repeal operative January 1, 2010. However, if the Franchise Tax Board estimates by September 1 that contributions described in this article (RTC Art. 3 (Sec. 18721 et seq.)) made on returns filed in that calendar year will be less than \$250,000 for taxable years beginning in 2001, or the adjusted amount specified in RTC 18724(c) for any subsequent taxable year, as may be applicable, then this section is repealed with respect to taxable years beginning on or after January 1 of that calendar year.
- 504 Inoperative January 1, 2008.
- 505 Not operative unless and until a memorandum of understanding has been agreed to by the state employer and the recognized employee organization making this section applicable to those members described in subdivision (a).
- 506 Operative March 1, 2003.
- 507 This section prevails over Section 10540 of the Water Code, as added by Chapter 767 of the Statutes of 2002.
- 509 Subdivision (b) operative January 1, 2005.
- 510 Operative only if the Housing and Emergency Shelter Trust Fund Act of 2002, approved by voters at November 5, 2002, election, Prop. 46, contains authority to use bond proceeds for the purposes of this act.
- 511 Inoperative March 1, 2004.
- 512 Operative March 1, 2004.
- 513 Operative July 1, 2004.
- 514 Except as provided in Article 6 (commencing with Section 23100) of Chapter 3 of Division 10 of the Financial Code, the provisions of Division 10 (commencing with Section 23000) of the Financial Code shall become effective on January 1, 2003, and shall become operative on March 1, 2004. However, the Commissioner of Corporations shall have the power and authority to implement the provisions of Division 10 prior to March 1, 2004.
- 515 This section shall become operative only as provided in a declaration of the State Director of Social Services that federal Food Stamp Program waivers have been granted and specifying a date upon which counties shall implement this act.
- 516 Subdivision (e) of this section shall become inoperative June 1, 2005.
- 517 Subdivision (c) operative July 1, 2003.
- 518 Effective July 1, 2003.

- 519 Any section of any act enacted by the Legislature during the 2003 calendar year that takes effect on or before January 1, 2004, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, added, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2003 calendar year and takes effect on or before January 1, 2004, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
- 520 Implementation subject to the provision of funds for the purposes of this section in the Budget Act of 2002 or in another statute enacted during the 2001–02 Regular Session.
- 521 Implemented only during fiscal years for which an appropriation is provided for the purposes of this section in the annual Budget Act or in another statute.
- 523 Inoperative January 1, 2004, if the actual reserve balance in the Dealers' Record of Sale Special Account is \$1,000,000 or more on January 1, 2004, as determined by the Department of Justice. If the reserve balance is not equal to \$1,000,000 or more on January 1, 2004, as determined by the Department of Justice, these provisions shall become inoperative when the Department of Justice determines that the actual reserve balance in the Dealers' Record of Sale Special Account equals \$1,000,000 or more.
- 524 Operative January 1, 2004, if the actual reserve balance in the Dealers' Record of Sale Special Account is \$1,000,000 or more on January 1, 2004, as determined by the Department of Justice. If the reserve balance is not equal to \$1,000,000 or more on January 1, 2004, as determined by the Department of Justice, these provisions shall become operative when the Department of Justice determines that the actual reserve balance in the Dealers' Record of Sale Special Account equals \$1,000,000 or more.
- 525 The amendments to paragraph (1) of subdivision (e) made by this act shall be retroactive to June 30, 2002.
- 526 This section shall be implemented only to the extent sufficient funds for this purpose are appropriated by the Legislature in the annual Budget Act or other statute, or sufficient funds, as determined by the State Department of Mental Health, for the purposes of this section have been received pursuant to subdivision (d).
- 527 In effect until July 1, 2004.
- 528 This section shall prevail over same-numbered section as added by Chapter 812 of the Statutes of 2002.
- 529 Operation of subdivision (a) shall be suspended for the 2002–03 fiscal year.
- 530 Subdivision (e) shall not be operative if the total level of federal Community Services Block Grant funds is reduced more than 3.5 percent below the amount appropriated in the annual Budget Act.
- 531 Inoperative from July 1, 2002, to July 1, 2003, inclusive.
- 532 Inoperative March 31, 2005.
- 533 The amendments made to this section by the act adding this subdivision shall become operative six months after the date that act takes effect.
- 534 Operative only until the effective date of the Budget Act of 2003 or June 30, 2003, whichever occurs later, and, as of January 1, 2004, is repealed.
- 535 Not effective.
- 536 Amended by Governor's Reorganization Plan No. 1 of 2002. Effective July 2, 2002.
- 537 Added by Governor's Reorganization Plan No. 1 of 2002. Effective July 2, 2002.
- 538 Operative June 1, 2003.

- 539 Inoperative June 1, 2003.
- 540 Operative upon the effective date of Chapter 3 of the Statutes of 2003.
- 541 Inoperative June 30, 2009.
- 542 Inoperative July 1, 2036.
- 543 Operative January 1, 2037.
- 544 Inoperative on the effective date of this act.
- 545 Operation of subdivision (a) shall be suspended for the 2003–04, 2004–05, and 2005–06 fiscal years.
- 546 Inoperative July 1, 2013.
- 547 Repeal operative January 1, 2014.
- 548 Subdivisions (b), (c), and (d) inoperative for the 2003–04 fiscal year, pursuant to Section 43 of Chapter 227 of the Statutes of 2003.
- 549 Repeal operative July 1, 2010.
- 550 Subdivision (d) shall become inoperative upon full repayment or discharge of all moneys loaned from the California Teleconnect Fund Administrative Committee Fund in the Budget Act of 2003.
- 551 Subdivision (a) inoperative from July 1, 2003, to June 30, 2006, inclusive.
- 552 Paragraph (1) of subdivision (a) operative until June 30, 2004.
- 553 Repeal operative January 1, 2009. If, in any calendar year, the Franchise Tax Board estimates by September 1 that contributions described in this article (RTC Art. 14 (Sec. 18851 et seq.)) made on returns filed in that calendar year will be less than \$250,000 for taxable years beginning in 1999, or the adjusted amount specified in RTC 18855(c) for subsequent taxable years, as may be applicable, then this section is repealed with respect to taxable years beginning on or after January 1 of that calendar year.
- 554 Paragraph (1) of subdivision (j) operative until June 30, 2004.
- 555 Operative only if moneys are appropriated for each of the following purposes: (a) providing nutrition policy development grants pursuant to subdivision (c) of Section 49433; (b) support and technical assistance to school districts pursuant to Section 49433.5; (c) increasing meal reimbursements pursuant to Section 49430.5.
- 556 Operative September 1, 2004.
- 557 Operative October 1, 2004.
- 558 Repeal operative June 30, 2004.
- 559 Operative on January 1, 2004, except that benefits shall be payable for family temporary disability insurance claims commencing on or after July 1, 2004.
- 561 Any section of any act enacted by the Legislature during the 2003 calendar year that takes effect on or before January 1, 2004, and that amends, amends and renumbers, adds, repeals and adds, or repeals any one or more of the sections affected by this act, with the exception of Chapter 62 of the Statutes of 2003, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2003 calendar year and takes effect on or before January 1, 2004, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
- 562 Operative July 1, 2007.
- 563 Paragraph (1) of subdivision (c) and subdivision (d) inoperative on the date on which all bonds and ancillary obligations issued pursuant to this title are not outstanding, as certified by the Director of Finance pursuant to paragraph (1) of subdivision (b) of Section 99006.

- 564 If the amendments to paragraph (2) of subdivision (b) of Section 104557 of the Health and Safety Code made by Section 3 of this act are held by a court of competent jurisdiction to be unconstitutional, Section 3 of this act shall be deemed repealed, and paragraph (2) of subdivision (b) of Section 104557 of the Health and Safety Code shall be deemed to be in the form as it existed prior to the amendments made to that section by Section 3 of this act. Neither a holding of unconstitutionality of the provisions of Section 3 of this act, nor an implied repeal of the amendments to paragraph (2) of subdivision (b) of Section 104557 of the Health and Safety Code made by Section 3 of this act shall affect, impair, or invalidate any other portion of Section 104557 of the Health and Safety Code, or the application of that section to any other person or circumstance, and those remaining portions of Section 104557 of the Health and Safety Code shall at all times continue in full force and effect.
- 565 Paragraph (11) of subdivision (a) not operative if the California State Board of Pharmacy, prior to January 1, 2006, adopts regulations that mandate the same labeling requirements set forth in this paragraph.
- 566 Inoperative March 1, 2006.
- 568 Inoperative December 31, 2004.
- 570 Repeal operative June 30, 2007.
- 571 Any section of any act enacted by the Legislature during the 2004 calendar year that takes effect on or before January 1, 2005, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, added, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2004 calendar year and takes effect on or before January 1, 2005, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
- 572 Operative only until the administrative director adopts a regulation specifying separate reimbursement, if any, for implantable medical hardware or instrumentation for complex spinal surgeries.
- 573 Any section of any act enacted by the Legislature during the 2003 calendar year that takes effect on or before the effective date of this act, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, added, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act.
- 574 After notification to Legislature and Secretary of State that completion of California Department of Transportation Project Number 11-RIV-86, P.M. R22.0, 179800 has occurred, this section shall remain in effect only until July 1 after the then current fiscal year has elapsed or June 30, 2005, whichever is later, and as of the later of those dates this section is repealed.
- 575 Applicable to purchases of tangible personal property made on or after January 1, 2003, in taxable years beginning on or after January 1, 2003, and on or before December 31, 2009, and as of that date becomes inoperative, unless a later enacted statute extends the operation of this section.
- 576 Applicable to reporting of purchases of tangible personal property made on or after January 1, 2003, in taxable years beginning on or after January 1, 2003, and on or before December 31, 2009, and as of that latter date becomes inoperative, unless a later enacted statute extends the operation of this section.
- 577 Operative for returns filed for taxable years on and after January 1, 2003, and ending on or before December 31, 2009, and as of that date becomes inoperative, unless a later enacted statute extends the operation of this section.

- 578 Applicable to taxable years beginning on or after January 1, 2003.
- 579 Operative January 1, 2014.
- 580 Operative only if the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century (Ch. 20 (commencing with Sec. 2704), Div. 3, S.H.C.) is approved by the voters at the November 2, 2004, statewide general election.
- 581 This section shall be implemented to the extent funding is made available through the federal government, or in the annual Budget Act or another state statute, or any combination of any sources of funding.
- 582 Paragraphs (24) and (25) of subdivision (b) operative July 1, 2004.
- 583 Subdivisions (c), (d), (e), and (f) shall not become operative unless the parties have executed the Quantification Settlement Agreement on or before October 12, 2003.
- 584 Operative with respect to the University of California, the Franchise Tax Board, the California community college districts, the California State University system, and the California Student Aid Commission and its auxiliary organization as specified in subdivision (h).
- 585 Inoperative July 31, 2008.
- 586 Repeal operative January 1 of the fifth taxable year following the first appearance of the California Missions Foundation Fund on the tax return. If, in the second calendar year after the first taxable year the California Missions Foundation Fund appears on the tax return, the Franchise Tax Board estimates by September 1 that contributions described in this article made on returns filed in that calendar year will be less than \$250,000, or the adjusted amount specified in subdivision (c) for subsequent taxable years, as may be applicable, then this article is repealed with respect to taxable years beginning on or after January 1 of that calendar year.
- 587 Operative only if the bond measure described in Section 1.3 of Article XVI of the Constitution, as added by this measure, is submitted to and approved by the voters at the March 2, 2004, statewide primary election.
- 588 Operative June 30, 2005.
- 589 Inoperative on July 1, 2007, or on the date that the authority to transfer responsibility for a court facility from a county to the Judicial Council pursuant to Section 70321 has lapsed, whichever is later, and as of the following January 1 is repealed.
- 590 Operative only until the effective date of the Budget Act of 2004 or July 1, 2004, whichever is later, and as of January 1, 2005, is repealed.
- 591 Subdivision (e) shall become inoperative upon full repayment or discharge of all moneys loaned from the California Teleconnect Fund Administrative Committee Fund in the Budget Act of 2003.
- 592 Operative if Section 6368.8 of the Revenue and Taxation Code is repealed and, in that event, shall become operative on the date that section is repealed.
- 593 Applicable to taxable years ending after October 10, 1999.
- 594 Applicable to taxable years beginning on or after January 1, 2003, except as provided in subdivision (c) of Section 15 of this act.
- 595 Inoperative in the event that Part 8.7 (commencing with Section 2120) of Division 2 of the Labor Code is held invalid.
- 596 Effective in any county or district only when the county board of supervisors or governing board of the district adopts an ordinance or resolution providing for that implementation, and shall become operative with respect to all safety members of the system on the date specified in the implementing ordinance.
- 597 Effective only until July 1, 2006.
- 598 Subdivision (c) operative July 1, 2004.
- 599 This act shall become operative only if Assembly Bill 97 of the 2003–04 Regular Session is enacted and takes effect.
- 600 Operative only if Assembly Bill 1179 of the 2003–04 Regular Session is enacted and takes effect, and that bill amends Section 6107 of the Government Code.

- 602 This act may become operative and inoperative on an earlier date established by an executive order issued by the Governor if that date is not less than 30 days after the issuance of the executive order.
- 603 Subdivision (d) shall be inoperative if any court finds that any portion of subdivision (d) is invalid or in violation of any state or federal law. Subdivision (d) shall remain in effect only until April 30, 2007, and as of that date is repealed.
- 604 Inoperative June 1, 2004.
- 605 Operative June 1, 2004.
- 606 Repeal operative January 1 following certification to the Public Works Board by the Secretary of the Department of Veterans Affairs, and with Department of Finance concurrence, that the construction project at Chula Vista is complete and that all accounting records are closed.
- 607 Operative for the period beginning on and after March 1, 2004, and ending on and including, July 15, 2004.
- 608 Except for subdivision (h), this section shall become inoperative on January 1, 2009, and as of January 1, 2010, this entire section is repealed.
- 609 Inoperative January 1, 2005, or on an earlier date if the Board of Administration of the Public Employees' Retirement System makes a formal determination that health maintenance organization plans are no longer the most cost-effective health benefit plans offered by the board.
- 610 Inoperative January 1, 2009, and repealed January 1, 2010, except as otherwise provided in Chapter 12.85 (commencing with Section 18987) of Part 6 of Division 9.
- 611 Paragraph (2) of subdivision (a) is repealed January 1, 2010.
- 612 Paragraph (1) of subdivision (a) operative until June 30, 2005.
- 613 Paragraph (1) of subdivision (j) operative until June 30, 2005.
- 614 Any section of any act enacted by the Legislature during the 2004 calendar year that takes effect on or before January 1, 2005, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, added, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act.
- 615 Subdivision (c) not operative unless the county board of supervisors, by resolution adopted by a majority vote, makes the subdivision operative in the county.
- 616 Operative December 31, 2008.
- 617 Not operative until the date the State Mining and Geology Board notifies the Secretary of State in writing that the board has approved an ordinance adopted by the Board of Supervisors for the County of Yolo that governs in-channel noncommercial extraction activities carried out pursuant to the Cache Creek Resources Management Plan.
- 618 In the event that this measure and Proposition 65 both are approved and this measure receives a higher number of affirmative votes, none of the provisions of Proposition 65 shall take effect.
- 619 Operative only when the Secretary of the Youth and Adult Correctional Agency certifies in writing that it is necessary to prevent or minimize employment actions, including, but not limited to, layoffs, demotions, reductions in time base, or involuntary transfers of employees.
- 620 Inoperative if the retirement program authorized by this section is inconsistent with federal laws or rules or becomes unnecessary under state or federal law.
- 621 Inoperative January 1, 2008, or on an earlier date if the Board of Administration of the Public Employees' Retirement System makes a formal determination that health maintenance organization plans are no longer the most cost-effective health benefit plans offered by the board.

- 622 This act is in its entirety an interim statute within the meaning of Proposition 65, the effect and operation of which is suspended pending voter approval as required by that measure, should that measure be approved by the voters and take effect.
- 623 Subdivision (c) inoperative July 1, 2006.
- 624 Amendments made by the act adding subdivision (f) operative October 1, 2004.
- 625 Inoperative for the period commencing with the effective date of this act, until July 1, 2005.
- 626 Repeal operative June 30, 2011.
- 627 Operative only until the effective date of the Budget Act of 2005 or July 1, 2005, whichever is later, and as of January 1, 2006, is repealed.
- 628 Subdivision (b) inoperative July 1, 2005, or upon the enactment of a uniform filing fee, whichever is earlier.
- 629 Operative after the Judicial Council adopts a rule of court, on or before January 1, 2005, to implement this section.
- 630 Operative October 1, 2004, or the first of the month following 90 days after the effective date of this act, whichever is later.
- 631 Paragraph (2) of subdivision (k) inoperative July 1, 2006.
- 632 Inoperative September 1, 2008.
- 633 Subdivisions (b) to (e), inclusive, of this section shall become inoperative July 1, 2009.
- 634 Inoperative September 1, 2004.
- 635 Inoperative January 1, 2009.
- 636 Operative July 1, 2009.
- 637 Operative, with exception of subdivision (i), only until January 1, 2011.
- 638 Subdivision (g) inoperative January 1, 2009.
- 639 Repeal operative January 1, 2013.
- 640 Inoperative January 1, 2012.
- 641 Repeal operative January 1 of the fifth taxable year following the first appearance of the California Military Family Relief Fund on the tax return. If, in the second calendar year after the first taxable year the California Military Family Relief Fund appears on the tax return, or in any subsequent calendar year, as applicable, the Franchise Tax Board estimates by September 1 that contributions described in this article made on returns filed in that calendar year will be less than two hundred fifty thousand dollars (\$250,000), or the adjusted amount specified in subd. (c), RTC Sec. 18709 for subsequent taxable years, as may be applicable, then this section is repealed with respect to taxable years beginning on or after January 1 of that calendar year.
- 642 Applicable with respect to the entire 2004–05 fiscal year and for each fiscal year following that fiscal year.
- 643 Applicable to taxable years beginning on or after January 1, 2005.
- 644 Not operative if, in the opinion of the retirement board and the actuary, the allowances payable under this section would place an additional financial burden on the retirement system.
- 645 Inoperative March 1, 2011.
- 646 Repeal operative March 1, 2011.
- 647 Any section of any act enacted by the Legislature during the 2005 calendar year that takes effect on or before January 1, 2006, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, added, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2005 calendar year and takes effect on or before January 1, 2006, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.

- 648 Inoperative, as of March 1, 2006, unless the secretary finds, in a referendum conducted by him or her, or a person designated by him or her, that a favorable vote has been given pursuant to this article.
- 649 Operative March 1, 2011.
- 650 Subdivision (b) shall apply to taxable years beginning after December 31, 2002.
- 651 Applicable to taxable years beginning after November 11, 2003.
- 652 Applicable to taxable years beginning after December 31, 2002.
- 653 Subdivision (b) not operative in any county until the board of supervisors, by resolution adopted by majority vote, makes the provision applicable in that county.
- 654 Any section of any act enacted by the Legislature during the 2004 calendar year that takes effect on or before January 1, 2005, and that amends, amends and renumbers, adds, repeals and adds, or repeals any one or more of the sections affected by this act, with the exception of Assembly Bill 3082, shall prevail over this act, whether this act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2004 calendar year and takes effect on or before January 1, 2005, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
- 656 Inoperative November 1, 2004.
- 657 Operative November 1, 2004.

## Charter Chapter 1—City of Redwood City

***Amendments to the Charter of the City of Redwood City***

[Filed with the Secretary of State January 20, 2006.]

**Section 15. Legislation.**

Except as otherwise provided by general law, or this Charter, no action providing for the levying of any tax or assessment, or for the granting of any franchise, or for the establishment or change of zoning regulations, or for the imposition of any penalty or fine or imprisonment shall be taken except by ordinance. Any and all other legislative action, including any appropriation or expenditure of public money, may be accomplished by resolution.

**Section 17. Planning Commission.**

There shall be a City Planning Commission which shall consist of seven (7) members, who shall be appointed by the City Council to serve for three (3) years each, and thereafter until their respective successors are appointed and qualified, without compensation, none of whom shall hold any other public office or position in the City.

**Section 19-½. Library Board-Budget.**

The Library Board shall furnish to the City Manager a proposed budget, which shall be submitted at the same time and in the same form as all other City departments.

**Section 47b. Organization: Terms of Office.**

Members of the Port Board shall hold office for a term of five (5) years each and thereafter until their successors are appointed and qualified. In the case of a vacancy, any person appointed to fill said vacancy shall hold office only for the unexpired term.

**Section 47f. Powers and Duties of the Board.**

(8) To purchase materials and/or supplies without soliciting or advertising for bids in an amount not exceeding twenty thousand dollars (\$20,000). Every contract for any purchase of materials and/or supplies, the estimated cost of which is more than twenty thousand dollars (\$20,000) but less than fifty thousand dollars (\$50,000), shall be awarded to the lowest responsible bidder after solicitation of bids without public advertisement. Every contract for any purchase of materials and/or supplies, the estimated cost of which is fifty thousand dollars (\$50,000) or more, shall be awarded to the lowest responsible bidder after public advertisement therefor. The Board shall have the power to reject any and all bids, and solicit or advertise again. All solicitations and advertisements as to purchases shall contain a reservation of the foregoing right.

**Section 51.**

Upon a date established by motion of the City Council, the City Manager shall submit to the City Council a proposed budget for all departments to be known as the general budget.

## Section 51.5.

A copy of the budget as amended by the City Council shall be certified by the City Clerk and the City Manager and shall be filed in the Office of the City Clerk. The budget shall be finally adopted by resolution upon a date established by resolution of the Council. Such resolution shall adopt the budget by reference to the certified copy thereof, as amended, on file in the Office of the City Clerk, and such resolution shall be effective immediately upon adoption thereof. From and after the effective date of the resolution adopting the budget, the several amounts stated in the budget as proposed expenditures shall become and thereafter be appropriated to the offices, departments, objects and purposes therein stated for the fiscal year to which the budget is intended to apply.

## Section 51.5.

No appropriation shall be cancelled in whole or in part except by resolution adopted by the affirmative vote of five-sevenths ( $\frac{5}{7}$ ths) of the City Council.

## Section 54. Board of Equalization.

The City Council shall serve as the Board of Equalization and shall meet on either the first, second or fourth Monday of July of each year at 7:00 p.m. and continue in session by adjournment from day to day until all returns of the assessor have been rectified and assessments equalized. The Board of Equalization shall have the power to hear complaints, to take testimony under oath and to correct, modify, strike out, or raise any assessment, provided that notice shall first be given to anyone whose assessment is proposed to be raised, excepting in the case of a uniform increase in assessed valuation of the property of the entire City.

Certified to be a true copy by Jeff Ira, Mayor, and Patricia S. Howe, City Clerk.

Date of Municipal Election: November 8, 2005.

Charter Chapter 2—City of Bell

***Charter of the City of Bell***

[Filed with the Secretary of State January 25, 2006.]

We, the people of the City of Bell, State of California, do ordain and establish this Charter as the organic law of said City under the State Constitution.

ARTICLE I—NAME OF CITY

Section 100. NAME. The municipal corporation now existing and known as the City of Bell shall remain and continue to exist as a municipal corporation under its present name of “City of Bell.”

ARTICLE II—BOUNDARIES

Section 200. BOUNDARIES. The boundaries of the City shall be the boundaries as established at the time this Charter takes effect, and as such bound-

aries may be changed thereafter from time to time in the manner authorized by law.

### ARTICLE III—SUCCESSION

Section 300. **RIGHTS AND LIABILITIES.** The City of Bell shall continue to own, possess and control all rights and property of every kind and nature owned, possessed or controlled by it at the time this Charter takes effect and shall continue to be subject to all its debts, obligations, liabilities and contracts.

Section 301. **ORDINANCES CONTINUED IN EFFECT.** All lawful ordinances, resolutions, rules and regulations, and portions thereof, in force at the time this Charter takes effect and not in conflict or inconsistent herewith, are hereby continued in force until the same shall have been duly repealed, amended, changed or superseded by proper authority.

Section 302. **RIGHTS OF OFFICERS AND EMPLOYEES PRESERVED.** Nothing in this Charter contained, unless otherwise specifically provided herein, shall affect or impair the merit system, pension or retirement rights or privileges of officers or employees of the City, or of any office, department or agency thereof, existing at the time this Charter takes effect.

Section 303. **CONTINUANCE OF PRESENT OFFICERS AND EMPLOYEES.** The present officers and employees of the City shall continue without interruption to perform the duties of their respective offices and employments upon the same terms and conditions and for the compensation provided by the existing ordinances, resolutions, rules or laws, but subject to such removal, amendment and control as is provided or permitted in this Charter, and, as to offices which are changed, abolished or superseded by this Charter, until the election or appointment and qualification of their respective successors under this Charter.

Section 304. **CONTINUANCE OF CONTRACTS AND PUBLIC IMPROVEMENTS.** All contracts entered into by the City or for its benefit prior to the effective date of this Charter and then in effect, shall continue in full force and effect according to their terms. Public improvements for which proceedings have been instituted under laws existing at the time this Charter takes effect, in the discretion of the Council, may be carried to completion as nearly as practicable in accordance with the provisions of such existing laws or may be continued or perfected under this Charter.

Section 305. **PENDING ACTIONS AND PROCEEDINGS.** No action or proceeding, civil or criminal, pending at the time this Charter takes effect, brought by or against the City or any officer, office, department or agency thereof, shall be affected or abated by the adoption of this Charter or by anything herein contained but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any officer, office, department or agency a party thereto, may be assigned or transferred by or under this Charter to another officer, office, department or agency, but in that event the same may be prosecuted or

defended by the head of the office, department or agency to which such functions, powers and duties have been assigned or transferred by or under this Charter.

Section 306. **EFFECTIVE DATE OF CHARTER.** This Charter shall take effect upon its approval by the qualified voters of the City and, if approved, after filing and acceptance by the Secretary of State in accordance with State law.

#### ARTICLE IV—POWERS OF CITY

Section 400. **POWERS OF CITY.** The City shall have all powers and privileges which may be exercised by a charter city, subject only to the limitations contained in this Charter and in the State Constitution.

#### ARTICLE V—CITY COUNCIL

Section 500. **CITY COUNCIL. TERMS.** The elective officers of the City shall consist of a City Council of five members, elected at large and at the times and for the terms and in the manner provided in this Charter. The term of each office shall be for four years. Each member of the City Council, upon qualification, shall serve during said term until the term of the successor to such office commences.

The five members of the City Council in office at the time this Charter takes effect shall continue in office until their respective successor's term commences and the successor has qualified. The current rotation of office for each member which exists prior to the adoption of this Charter shall remain in effect.

The term of each member of the City Council elected at a general municipal election to fill a four year term or the remaining unexpired term of a vacant office shall commence on the first Tuesday following the certification of the canvass of the vote which shall be made by the City Clerk. The general municipal election shall occur as provided in Section 1200 below. The term of each member of the City Council elected at a special municipal election to fill a vacancy shall commence on the first Tuesday following certification of the candidate's election and shall continue during the remainder of the unexpired term of the office. The term of each member of the City Council appointed to fill a vacancy shall commence upon appointment within 60 days following the date the office became vacant, and shall continue during the remainder of the unexpired term of office.

Ties in voting among candidates shall be settled according to State law.

Section 501. **ELIGIBILITY. QUALIFICATIONS.** No person shall be eligible for election to office as a member of the City Council unless such person shall have been domiciled in and a registered voter of the City for at least 60 days immediately preceding the first day upon which candidates for such office are permitted to file nominating papers with the City Clerk. For an appointee to fill a vacancy in an office, the aforementioned 60-day eligibility requirement shall immediately precede the date such office became vacant according to the provisions set forth herein below.

If a member of the City Council is absent from all regular meetings of the City Council for a period of 90 days consecutively from and after the last regular City

Council meeting attended by such member, unless by permission of the City Council expressed in its official minutes, or is convicted of a crime involving moral turpitude or a felony, or ceases to be domiciled in and a voter of the City, the office shall immediately become vacant and shall be so declared by the City Council.

Vacancies shall be filled according to the provisions of Section 503. The City Council shall judge the qualifications of its members as set forth in this Section. It shall judge all municipal election returns and it shall judge the certification of the canvass of the vote which shall be made by the City Clerk.

Section 502. COMPENSATION. The members of the City Council shall receive compensation for their services as may be prescribed by ordinance or resolution, but with respect to service as a Council member not to exceed the amount which Council members of general law cities of similar population would receive under State law. In the event of resignation such member shall not be entitled to vote on the selection of their successor. In addition, members shall receive such reasonable and adequate amounts as may be established by ordinance, which amount shall be deemed to be reimbursement to them of other out-of-pocket expenditures and costs imposed upon them by virtue of their serving on the City Council.

Section 503. VACANCIES. The election of an eligible candidate to fill a vacancy caused by a recall election shall occur after the recall election.

All other vacancies from whatever causes arising shall be filled by an eligible person as follows:

(a) The City Council shall fill the vacancy in accordance with the provisions of Section 36512 of the California Government Code.

(b) Any eligible person appointed to fill a vacancy in an office shall serve as provided in Section 500.

(c) In any case where the City Council is required to cause a special election to be held to fill a vacancy in any office, it may temporarily appoint an eligible person to fill said vacancy until an elected successor's term commences following said special election, if the City Council first determines and declares by resolution that such temporary appointment is essential to the proper conduct of city business.

(d) Any person appointed or elected under the provisions of this section must be eligible pursuant to the requirements set forth in Section 501 and shall serve for the respective terms set forth in Section 500.

Section 504. PRESIDING OFFICER. At such time as the term of a member of the City Council commences, and at any time when there is a vacancy in the office of Mayor, the City Council shall meet and shall elect one of its members as its presiding officer, who shall have the title of Mayor. The Mayor may make and second motions and shall have a voice and vote in all its proceedings. The Mayor shall be the official head of the City for all ceremonial purposes. The Mayor shall have the primary but not exclusive responsibility for interpreting the policies, pro-

grams, and needs of the City government to the people, and, as occasion requires, may inform the people of any major change in policy or program. The Mayor shall perform such other duties consistent with the office as may be prescribed by this Charter or as may be imposed by the City Council. The Mayor shall serve in such capacity at the pleasure of the City Council.

The City Council shall also designate one of its members as Vice Mayor, who shall serve in such capacity at the pleasure of the City Council. The Vice Mayor shall perform the duties of the Mayor during the Mayor's absence or disability.

Section 505. **POWERS VESTED IN THE CITY COUNCIL.** All powers of the City shall be vested in the City Council except as otherwise provided in this Charter.

Section 506. **REGULAR MEETINGS.** The City Council shall hold regular meetings at least once each month at such times as it shall fix by resolution and may adjourn or readjourn any regular meeting to a date and hour certain which shall be specified in the order of adjournment. When so adjourned each adjourned meeting shall be a regular meeting for all purposes. If the hour to which a meeting is adjourned is not stated in the order of adjournment such meeting shall be held at the hour for holding regular meetings.

Section 507. **SPECIAL MEETINGS.** A special meeting may be called at any time by the Mayor, or by three members of the City Council, by written notice to each member of the City Council and in accordance with the applicable provisions of the Ralph M. Brown Act (California Government Code Sections 54950 et seq.). Such notice must be delivered personally or by mail at least 24 hours before the time of such meeting as specified in the notice. The call and notice shall specify the time and place of the special meeting and the business to be transacted. No other business shall be considered at such meeting. Such written notice may be dispensed with as to any person entitled thereto who, at or prior to the time the meeting convenes, files with the City Clerk a written waiver of notice. Such written notice may also be dispensed with as to any person who is actually present at the meeting at the time it convenes.

Section 508. **PLACE OF MEETINGS.** All meetings shall be held in the Council Chambers of the City Hall, or in such place to which any such meeting may be adjourned, and shall be open to the public. If, by reason of fire, flood or other emergency, it shall be unsafe to meet in the place designated, the meetings may be held for the duration of the emergency at such place as is designated by the Mayor, or, if the Mayor should fail to act, by three members of the City Council.

Section 509. **QUORUM. PROCEEDINGS.** A majority of the members of the City Council shall constitute a quorum to do business but a lesser number may adjourn from time to time. In the absence of all the members of the City Council from any regular meeting or adjourned regular meeting, the City Clerk may declare the same adjourned to a stated day and hour. The City Clerk shall cause written notice of a meeting adjourned by less than a quorum or by the City

Clerk to be delivered personally or by mail to each Council member at least 24 hours before the adjourned meeting, or such notice may be dispensed with in the same manner as specified in this Charter for dispensing with notice of special meetings of the City Council. The City Council may establish rules for the conduct of its proceedings and may evict or prosecute any member or other person for disorderly conduct at any of its meetings.

Each member of the City Council shall have the power to administer oaths and affirmations in any investigation or proceedings pending before the City Council. The City Council shall have the power and authority to compel the attendance of witnesses, to examine them under oath and to compel the production of evidence before it. Subpoenas shall be issued in the name of the City and be attested by the City Clerk. Disobedience of such subpoenas, or the refusal to testify (upon other than constitutional grounds), shall constitute a misdemeanor, and shall be punishable in the same manner as violations of this Charter are punishable.

At the demand of any Council member, and upon the adoption of any ordinance, resolution, or order for the payment of money, the City Clerk shall call the roll and shall cause the ayes and noes taken on such questions to be entered in the minutes of the meeting.

Section 510. PUBLIC PARTICIPATION. All regular and special meetings of the City Council shall be open and public and all persons shall be permitted to attend such meetings, except that the provisions of this Section shall not apply to closed sessions as permitted by State law. Any person shall have the right to address the City Council, either orally or in writing on matters of City business, but such right shall be subject to reasonable rules and regulations as adopted by resolution.

Section 511. ADOPTION OF ORDINANCES AND RESOLUTIONS. With the sole exception of ordinances which take effect upon adoption, referred to in Section 514, no ordinance shall be adopted by the City Council on the day of its introduction, nor within five days thereafter nor at any time other than at a regular or adjourned regular meeting. At the time of its introduction an ordinance shall become a part of the proceedings of such meeting in the custody of the City Clerk. At the time of introduction of an ordinance or adoption of a resolution it shall be read in full, unless after the reading of the title thereof, the further reading thereof is waived by majority vote of the Council members present. In the event that any ordinance is altered after its introduction, the same shall not be finally adopted except at a regular or adjourned regular meeting held not less than five days after the date upon which such ordinance was so altered. The correction of typographical or clerical errors shall not constitute the making of an alteration within the meaning of the foregoing sentence.

No order for the payment of money shall be adopted or made at any other than a regular or adjourned regular meeting.

Unless a higher vote is required by other provisions of this Charter the affirmative votes of at least three members of the City Council shall be required for the

enactment of any ordinance or resolution, or for the making or approving of any order for the payment of money. All ordinances and resolutions shall be signed by the Mayor, or other designated member of the City Council at the time of adoption of the ordinance or resolution, and attested by the City Clerk.

Any ordinance declared by the City Council to be necessary as an urgency measure for the immediate preservation of the public peace, health or safety, and containing a statement of the reasons for its urgency, may be introduced and adopted at one and the same meeting if passed by at least four affirmative votes. At the time of adoption of an urgency ordinance it shall be read in full, unless after the reading of the title thereof, the further reading thereof is waived by majority vote of the Council members present. Notwithstanding provisions to the contrary, an urgency ordinance which sets forth the reason for the urgency to be that of a major disaster shall be exempt from the ten day posting and publication requirements set forth in Section 512 and such ordinance may be passed by the majority of the members of the City Council present.

Section 512. ORDINANCES. POSTING AND PUBLICATION. In addition to such other acts of the City Council as are required by this Charter to be by ordinance, every act of the City Council establishing a fine or other penalty, or granting a franchise, shall be by ordinance.

The enacting clause of all ordinances shall be substantially as follows: "The City Council of the City of Bell does ordain as follows:"

The City Clerk shall cause each ordinance to be published at least once in the official newspaper within 15 days after its adoption. The City Council shall designate by resolution the official newspaper, which shall be a newspaper of general circulation published and circulated in the City, or if none, a newspaper of general circulation printed and published in the county and circulated in the City. As an alternative to the publication of an ordinance as specified herein, the City Clerk may cause a summary of a proposed ordinance to be prepared and published in the official newspaper and post in the City Clerk's office a copy of such summary with a copy of the full text of the proposed ordinance at least ten days prior to the date it is to be submitted to the City Council for adoption, and thereafter within 15 days after the date of adoption, publish in the official newspaper a summary of any ordinance adopted by the City Council and post a certified copy of the full text of such adopted ordinance in the office of the City Clerk along with the names of the Council members voting for and against the ordinances.

Section 513. CODIFICATION OF ORDINANCES. Any or all ordinances of the City which have been enacted and published in the manner required at the time of their adoption, and which have not been repealed, may be compiled, consolidated, revised, indexed and arranged as a comprehensive municipal code, and such code may be adopted by reference, with the same effect as an ordinance, by the passage of an ordinance for such purpose. Such municipal code need not be published in the manner required for other ordinances, but at least one (1) copy thereof shall be filed for use and examination by the public in the office of the City

Clerk prior to the adoption thereof. Amendments to the municipal code shall be enacted by ordinance.

Detailed regulations pertaining to any subject, such as the construction of buildings, plumbing and wiring, when arranged as a comprehensive code, may likewise be adopted by reference in the manner provided by this Section. Maps, charts and diagrams also may be adopted by reference in the same manner.

Section 514. ORDINANCES. WHEN EFFECTIVE. No ordinance shall become effective until 30 days from and after the date of its adoption, except the following, which shall take effect upon adoption:

- (a) An ordinance calling or otherwise relating to an election.
- (b) An improvement proceeding ordinance adopted under some special law or procedural ordinance relating thereto.
- (c) An ordinance declaring the amount of money necessary to be raised by taxation or fixing the rate of taxation.
- (d) An urgency ordinance adopted in the manner provided for in Section 511.
- (e) An ordinance covered by particular provisions of law prescribing the manner of its passage and adoption.

Section 515. ORDINANCES. VIOLATION. PENALTY. The City Council shall by ordinance determine whether a violation of any ordinance of the City or a provision of the Bell Municipal Code shall constitute a misdemeanor or an infraction and shall be punishable as provided by State law for violation of ordinances of general law cities.

Section 516. ORDINANCES AND RESOLUTIONS. AMENDMENT. The amendment of any section or subsection of an ordinance or resolution may be accomplished solely by the re-enactment of such section or subsection at length, as amended.

Section 517. PUBLISHING OF LEGAL NOTICES. In the event that there is more than one newspaper of general circulation published in the City, the City Council, annually, prior to the beginning of each fiscal year, shall publish a notice inviting bids and contract for the publication of all legal notices or other matter required to be published in a newspaper of general circulation in the City during the ensuing fiscal year. In the event there is only one newspaper of general circulation printed and published in the City, then the City Council shall have the power to contract with such newspaper for the printing and publishing of such legal notices or matter without being required to advertise for bids therefor. The newspaper with which any such contract is made shall be designated the official newspaper for the publication of such notices or other matter for the period of such contract.

In no case shall the contract prices for such publication exceed the customary rates charged by such newspaper for the publication of legal notices of a private character.

In the event there is no newspaper of general circulation printed and published in the City, or in the event no such newspaper will accept such notices or other

matter at the rates permitted herein, then all legal notices or other matter may be published by posting copies thereof in at least three public places in the City to be designated by ordinance.

No defect or irregularity in proceedings taken under this Section, or failure to designate an official newspaper, shall invalidate any publication where the same is otherwise in conformity with this Charter or law or ordinance.

Section 518. **CONTRACTS. RESTRICTIONS.** No contract or lease or extension thereof for a longer period than 55 years shall be valid unless said contract, lease or extension be made or approved by ordinance which shall be subject to referendum. This Section shall not apply to any franchise granted pursuant to the provisions of this Charter or to any contract for the furnishing, or acquisition of the products, commodity or services of any public utility.

Section 519. **CONTRACTS. EXECUTION.** The City shall not be bound by any contract, except as hereinafter provided, unless the same shall be made in writing, approved by the City Council and signed on behalf of the City by the Mayor, or in the absence of the Mayor, by the Vice Mayor, or by the member of the City Council presiding at the meeting at which the contract is approved, or by such other officer or officers as shall be designated by the City Council, and attested by the City Clerk. Any of said officers shall sign a contract on behalf of the City when directed to do so by the City Council.

By ordinance or resolution the City Council may authorize the Chief Administrative Officer or authorized representative to bind the City, with or without a written contract, for the acquisition of equipment, materials, supplies, labor, services or other items included within the budget approved by the City Council.

The City Council may by ordinance or resolution provide a method for the sale or exchange of real or personal property not needed in the City service or not fit for the purpose for which intended, and for the conveyance of title thereto.

Contracts for the sale of the products, commodities or services of any public utility owned, controlled or operated by the City may be made by the manager of such utility or by the head of the department or Chief Administrative Officer upon forms approved by the Chief Administrative Officer and at rates fixed by the City Council.

The provisions of this Section shall not apply to services rendered by any person in the employ of the City at a regular salary.

#### ARTICLE VI—CHIEF ADMINISTRATIVE OFFICER

Section 600. **CHIEF ADMINISTRATIVE OFFICER.** There shall be a Chief Administrative Officer who shall be the chief administrative officer of the City. The Chief Administrative Officer shall be appointed by the affirmative vote of at least a majority of all members of the City Council and shall serve at the pleasure of the City Council, provided, however, that the Chief Administrative Officer shall not be removed from the office except as provided in this Charter. The Chief Administrative Officer shall be chosen on the basis of executive and administrative qualifications.

Section 601. RESIDENCE. The Chief Administrative Officer need not be a resident of the City at the time of appointment, but shall within 90 days after appointment, establish residence within such distance from the City as the City Council may establish, unless such period is extended by the City Council, and thereafter maintain residence within such distance during tenure of office.

Section 602. ELIGIBILITY. No person shall be eligible to receive appointment as Chief Administrative Officer while serving as a member of the City Council nor within one year after ceasing to be a member of the City Council.

Section 603. COMPENSATION AND BOND. The Chief Administrative Officer shall be paid a salary commensurate with the responsibilities of chief administrative officer of the City. The Chief Administrative Officer shall furnish a corporate surety bond conditioned upon the faithful performance of duties in such form and in such amount as may be determined by the City Council.

Section 604. POWERS AND DUTIES. The Chief Administrative Officer shall be the administrative head of the City government. Except as otherwise provided in this Charter, the Chief Administrative Officer shall be responsible to the City Council for the proper administration of all affairs of the City. Without limiting the foregoing general grant of powers, responsibilities and duties, subject to the provisions of this Charter, including the personnel system provisions thereof, the Chief Administrative Officer shall have power and be required to:

(a) Appoint, and may promote, demote, suspend or remove, all department heads, officers and employees of the City except elective officers and those department heads, officers and employees the power of whose appointment is vested by this Charter in the City Council. The Chief Administrative Officer may authorize the head of any department or office to appoint or remove subordinates in such department or office. In case of the appointment or removal of any department head, the Chief Administrative Officer shall first review such appointment or removal with the City Council and obtain its approval.

(b) Prepare the budget, submit to the City Council, and be responsible for its administration after its adoption.

(c) Prepare and submit to the City Council as of the end of each fiscal year, a complete report on the finances and administrative activities of the City for the preceding fiscal year.

(d) Keep the City Council advised of the financial condition and future needs of the City and make such recommendations as may seem desirable.

(e) Establish a centralized purchasing system for all City offices, departments and agencies.

(f) Prepare rules and regulations governing the contracting for purchasing, inspection, storing, inventory, distribution and disposal of all supplies, material and equipment required by ordinance, and administer and enforce the same after adoption.

(g) See that the laws of the State pertaining to the City, the provisions of this Charter and the ordinances, franchises and rights of the City are enforced.

(h) Exercise control of all administrative offices and departments of the City and of all appointive officers and employees except those directly appointed by the City Council and prescribe such general rules and regulations as deemed necessary or proper for the general conduct of the administrative offices and departments of the City under jurisdiction of the Chief Administrative Officer.

(i) Perform such other duties consistent with this Charter as may be required by the City Council.

Section 605. MEETINGS. The Chief Administrative Officer shall be accorded a seat at all meetings of the City Council and of all boards and commissions and shall be entitled to participate in their deliberations, but shall not have a vote. The Chief Administrative Officer shall receive notice of all special meetings of the City Council, and of all boards and commissions.

Section 606. ASSISTANT CHIEF ADMINISTRATIVE OFFICER. The City Council may direct the Chief Administrative Officer to appoint an Assistant Chief Administrative Officer.

If there is no Assistant Chief Administrative Officer and the position of Chief Administrative Officer becomes vacant or the Chief Administrative Officer is absent or is incapacitated to such an extent the Chief Administrative Officer cannot perform the duties of the office, then the Mayor, or if absent or unable to act, the Vice Mayor, or if absent or unable to act, the senior member of the City Council temporarily shall act as the administrative head of the City until the City Council fills the position of Chief Administrative Officer or appoints an Assistant Chief Administrative Officer.

Section 607. REMOVAL. The Chief Administrative Officer may be removed at any regular meeting of the City Council upon the affirmative vote of a majority of all the members of the City Council. However, the Chief Administrative Officer may not be removed, nor shall the notice described in Subsection (a) be given for a period of 90 days before or following any municipal election in which a member of the City Council is elected.

The procedure for removal is as follows:

(a) The Chief Administrative Officer must be given a written notice stating the Council's intention to remove the Chief Administrative Officer from office. The written notice must be given at least 30 days before the effective date of removal. The notice must state the reason for the removal.

(b) The duties of the Chief Administrative Officer may be suspended immediately upon receipt of the notice described in Subsection (a). The compensation paid to the Chief Administrative Officer must continue until removal is completed as prescribed within this Section.

(c) In removing the Chief Administrative Officer, the City Council may use its sole and uncontrolled discretion, and its action shall be final.

Section 608. NON-INTERFERENCE WITH ADMINISTRATIVE SERVICE. Except as otherwise provided in this Charter, neither the Council nor any of its members shall interfere with the powers and duties of the Chief Administra-

tive Officer, nor shall they directly or indirectly order the Chief Administrative Officer or subordinates to appoint or remove any person to or from any office or employment. Except for the purpose of inquiry, investigation or report, the City Council and its members shall deal with the administrative service under the jurisdiction of the Chief Administrative Officer solely through the Chief Administrative Officer, and neither the City Council nor any member thereof shall publicly or privately give orders to any subordinate of the Chief Administrative Officer.

#### ARTICLE VII—OFFICERS AND EMPLOYEES

Section 700. ENUMERATION. In addition to the City Council and Chief Administrative Officer, the officers and employees of the City shall consist of a City Attorney, a City Clerk, a City Treasurer, such other officers, assistants, deputies, and employees as the City Council may provide by resolution.

When the positions are not incompatible, the City Council may combine in one person the powers and duties of two or more offices; provided, however, that the same person shall not hold the positions of City Treasurer and be responsible for the functions of finance at the same time.

Section 701. APPOINTMENT AND REMOVAL. The City Attorney, City Clerk, and City Treasurer shall be appointed by and may be removed by the affirmative votes of at least a majority of all the members of the City Council. All other officers, department heads and employees of the City shall be appointed and may be removed as elsewhere in this Charter is provided.

Section 702. ADMINISTRATIVE FUNCTIONS. The City may provide through its own staff for all departments as may be determined necessary to carry out the business of the City. The City may provide the following functions and services: finance, public works, water, building and safety, public safety and city planning. The City Council may provide by ordinance or resolution not inconsistent with this Charter for the organization, conduct and operation of the functions of the City as established by this Charter, for the creation of additional functions, departments, divisions, offices and agencies and for their consolidation or alteration. It may further provide by ordinance or resolution for the assignment and reassignment of functions, duties, offices and agencies to offices and departments, and for the number, titles, qualifications, powers, duties, and compensation of all officers and employees, consistent with this Charter. Each department so created shall be headed by a department head.

Section 703. CITY ATTORNEY. POWERS AND DUTIES. To become and remain eligible for City Attorney the person appointed shall be an attorney at law duly licensed as such under State law and shall be chosen on the basis of legal qualifications with special reference to experience in and knowledge of municipal law. The City Attorney shall have the power and may be required to:

(a) Represent and advise the City Council and all City officers in all matters of law pertaining to their offices.

(b) Prosecute on behalf of the people any or all criminal cases arising from violation of the provisions of this Charter or of City ordinances, unless otherwise provided by the City Council.

(c) Represent and appear for the City in any or all actions or proceedings in which the City is concerned or is a party, and represent and appear for any City officer or employee, or former City officer or employee, in any or all actions or proceedings in which any such officer or employee is concerned or is a party for any act arising out of employment or by reason of official capacity.

(d) Attend all regular meetings of the City Council, unless excused, and give advice or opinion in writing whenever requested to do so by the City Council or by any of the boards or officers of the City.

(e) Approve the form of all contracts made by and all bonds given to the City, endorsing approval thereon in writing.

(f) Prepare any and all proposed ordinances and resolutions for the City and amendments thereto.

(g) Devote such time to the duties of the office as may be specified in the ordinance or resolution fixing the compensation for such office.

(h) Surrender to the City Attorney's successor all books, papers, files and documents pertaining to the City's affairs.

The City Council shall have control of all legal business and proceedings and may employ other attorneys to take charge of or may contract for any prosecutions, litigation or other legal matters or business.

Nothing in this section shall prohibit the District Attorney from prosecuting any or all criminal cases arising from violation of the provisions of this Charter or of City ordinances.

Section 704. CITY CLERK. POWERS AND DUTIES. The City Clerk shall have the power and shall be required to:

(a) Attend all meetings of the City Council, unless excused and be responsible for the recording and maintaining of a full and true record of all of the proceedings of the City Council in books that shall bear appropriate titles and be devoted to such purpose.

(b) Maintain separate books, in which shall be recorded respectively all ordinances and resolutions, with the certificate of the Clerk annexed to each thereof stating the same to be the original or a correct copy, and as to an ordinance requiring publication, stating that the same has been published or posted in accordance with this Charter; keep all books properly indexed and open to public inspection when not in actual use.

(c) Maintain separate books, in which a record shall be made of all written contracts and official bonds.

(d) Be the custodian of the seal of the City.

(e) Administer oaths of affirmation, take affidavits and depositions pertaining to the affairs and business of the City and certify copies of official records.

(f) Be ex-officio Assessor, unless the City Council has availed itself, or does in the future avail itself, of the provisions of State law relative to the assessment of property and the collection of City taxes by county officers, or unless the City Council by ordinance provides otherwise.

(g) Have charge of all City elections.

(h) Perform such other duties consistent with this Charter as may be required by ordinance or resolution of the City Council.

Section 705. CITY TREASURER. POWERS AND DUTIES. The City Treasurer or designee shall have the power and shall be required to:

(a) Receive all taxes, assessments, license fees and other revenues of the City, or for the collection of which the City is responsible, and receive all taxes or other money receivable by the City from the County, State or Federal Government, or from any Court, or from any office, department or agency of the City.

(b) Have custody of all public funds belonging to or under control of the City or any office, department or agency of the City government and deposit all funds coming into the Treasurer's hands in such depository as may be designated by resolution of the City Council, or, if no such resolution be adopted, then in such depository designated in writing by the Chief Administrative Officer, and in compliance with all the provisions of the State Constitution and State law governing the handling, depositing and securing of public funds.

(c) Disburse moneys on proper warrants in the manner provided for in this Charter.

(d) Prepare and submit monthly written reports of all cash receipts, disbursements and balances, copies of which reports shall be filed with the Chief Administrative Officer or designee responsible for the finance function.

(e) Perform such other duties consistent with this Charter as may be required by ordinance or resolution of the City Council.

Section 706. FINANCE. POWERS AND DUTIES. The Chief Administrative Officer's designee responsible for the functions of finance shall have the power and shall be required to:

(a) Administer the financial affairs of the City under the direction of the Chief Administrative Officer.

(b) Compile the budget expense and income estimates for the Chief Administrative Officer.

(c) Maintain a general accounting system for the City government and each of its offices, departments and agencies.

(d) Supervise and be responsible for the disbursement of all moneys and of all expenditures to insure that budget appropriations are not exceeded; audit all purchase orders before issuance; audit and approve before payment, all bills, invoices, payrolls, demands or charges against the City government; with the advice of the City Attorney, when necessary, determine the regularity, legality and correctness of such claims, demands or charges; and draw warrants upon the City Treasurer for all claims and demands audited and approved as in this Charter provided spec-

ifying the purpose for which drawn and the fund from which payment is to be made.

(e) See that all taxes, assessments, license fees and other revenues of the City, or for the collection of which the City is responsible, and all other money receivable by the City from the County, State or Federal Government, or from any court, office, department or agency of the City are collected.

(f) Submit to the City Council and City Treasurer through the Chief Administrative Officer a monthly statement of all receipts and disbursements in sufficient detail to show the exact financial condition of the City; and, as of the end of each fiscal year, submit a complete financial statement and report.

(g) Supervise the keeping of current inventories of all property of the City by all City departments, offices and agencies.

(h) Perform such other duties consistent with this Charter as may be required by ordinance or resolution of the City Council.

Section 707. ADMINISTERING OATHS. Each department head and deputies of the department shall have the power to administer oaths and affirmations in connection with any official business pertaining to the department.

Section 708. ILLEGAL CONTRACT, FINANCIAL INTEREST. The prohibitions, limitations and exclusions with respect to City Council members, officers, or employees being financially interested in contracts, sales, transactions or proceedings in which the City is a party shall be as provided for under State law.

Section 709. ACCEPTANCE OF OTHER OFFICE. Members of the Council may hold any other elective or appointive public office which is allowed by law. Any elective officer of the City who shall accept or retain any other elective public office which is determined incompatible with the office of City Council, shall be deemed thereby to have vacated the office under the City government.

Section 710. NEPOTISM. The City Council shall not appoint to a full-time salaried position under the City government any person who is a relative by blood or marriage within the third degree of any one or more of the members of such City Council, nor shall the Chief Administrative Officer or any department head or other officer having appointive power appoint any relative of the individual or any Council member within such degree to any such position.

Section 711. OFFICIAL BONDS. The City Council shall fix by resolution the amounts and terms of the official bonds of all officials or employees who are required by this Charter or by ordinance to give such bonds. All bonds shall be executed by responsible corporate surety, shall be approved as to form by the City Attorney, and shall be filed with the City Clerk. Premiums on official bonds shall be paid by the City.

In all cases wherein an employee of the City is required to furnish a faithful performance bond, there shall be no personal liability upon, or any right to recover against the employee's superior officer or other officer or employee, or the bond

of the latter, unless such superior officer, or other officer or employee is a party to, or has conspired in, the wrongful act causing directly or indirectly such loss.

#### ARTICLE VIII—APPOINTIVE BOARDS AND COMMISSIONS

Section 800. IN GENERAL. The City Council may create by ordinance or resolution advisory boards or commissions as in its judgment are required, and may grant to them such powers and duties as are consistent with the provisions of this Charter.

Section 801. APPROPRIATIONS. The City Council shall include in its annual budget such appropriations of funds as in its opinion are sufficient for the efficient and proper functioning of such boards and commissions.

Section 802. APPOINTMENTS. TERMS. Each of the boards or commissions may consist of not less than five members. The members of each of such boards or commissions shall be appointed by the City Council from voters of the City. They shall be subject to removal by motion of the City Council adopted by the affirmative votes of a majority of the total membership thereof. The members thereof shall serve for terms which shall be established by ordinance or resolution. The members shall serve so long as they continue to be domiciled within the City, and until their respective successors are appointed and qualified. The Council shall have the authority to extend or shorten the terms of the incumbent members of boards or commissions to implement the terms of this Section. A vacancy occurring before the expiration of a term shall be filled by appointment for the remainder of the unexpired term.

Section 803. EXISTING BOARDS. The members of the boards and commissions holding office when this Charter takes effect shall continue to hold office thereafter until their respective terms of office shall expire and until their successors shall be appointed and qualified. If the terms of any members of any board or commission are altered by this Charter, the terms shall be adjusted accordingly to comply with the provisions of this Charter.

Section 804. MEETINGS. CHAIR. As soon as practicable, following the first day of March of every year, each board and commission shall organize by electing one of its members to serve as presiding officer at the pleasure of the board or commission. Meetings of all boards and commissions shall be open to the public and all persons shall be permitted to attend such meetings, except that the provisions of this sentence shall not apply to closed sessions for purposes authorized by law.

The Chief Administrative Officer may designate a secretary for each board and commission who need not be a member of such board or commission, and who shall keep a record of its proceedings and transactions. Each board or commission may prescribe its own rules and regulations, which shall be consistent with this Charter and shall be subject to the approval of the City Council. Copies of such rules shall be kept on file in the office of the City Clerk where they shall be available for public inspection.

Section 805. OATHS. AFFIRMATIONS. Each member of any such board or commission, and the secretary thereof, shall have the power to administer oaths and affirmations in any investigation or proceeding pending before such board or commission.

Section 806. PLANNING COMMISSION. POWERS AND DUTIES. The City Council shall function as the Planning Commission and shall have the power and be required to:

(a) After a public hearing thereon, consider the adoption, amendment or repeal of Master, General or Precise Plans, or any part thereof, for the physical development of the City.

(b) Exercise such functions with respect to land subdivisions as shall be provided by ordinance not inconsistent with the provisions of this Charter.

(c) Make determinations concerning proposed public works and for the clearance, conservation and rehabilitation of any areas within the City.

(d) Exercise such functions with respect to zoning, city planning, land use and related matters as may be prescribed by ordinance or resolution not inconsistent with the provisions of this Charter.

#### ARTICLE IX—PERSONNEL SYSTEM

Section 900. SYSTEM TO BE ESTABLISHED. The City Council shall by resolution establish a personnel merit system for the selection, employment, classification, advancement, suspension and discharge of those appointive officers and employees who shall be included in the system. The system may consist of the establishment of minimum standards of employment and qualifications for the various classes of employment, or of a comprehensive system, as the City Council shall determine to be for the best interests of the public service. A resolution shall designate the departments and the appointive officers and employees who shall be included within the system. By subsequent resolutions the City Council may amend the system or the list of departments and appoint officers and employees included within the system. The system shall comply with all other provisions of this Charter.

#### ARTICLE X—RETIREMENT

Section 1000. STATE SYSTEM. The City, its City Council and its several officers, agents and employees are empowered to do and perform any act, and to exercise any authority granted, permitted, or required under the provisions of the Public Employees' Retirement Law to enable the City to continue as a contracting City under the Public Employees' Retirement System.

#### ARTICLE XI—FISCAL ADMINISTRATION

Section 1100. FISCAL YEAR. The fiscal year of the City government shall begin on the first day of July of each year and end on the 30th day of June of the following year.

Section 1101. BUDGET. PREPARATION BY THE CHIEF ADMINISTRATIVE OFFICER. The Chief Administrative Officer shall provide estimates

of revenue and expenditures for city operations for the ensuing fiscal year(s), detailed in such manner and at such time as may be prescribed by the Chief Administrative Officer.

Section 1102. **BUDGET. SUBMISSION TO CITY COUNCIL.** At least 35 days prior to the beginning of each fiscal year, the Chief Administrative Officer shall submit to the City Council the proposed budget and shall make copies of the proposed budget available for inspection. After reviewing the same and making such revisions as it may deem advisable, the City Council shall determine the time for the holding of a public hearing thereon. Copies of the proposed budget as amended by the City Council shall be available for inspection.

Notwithstanding any provision to the contrary, the Chief Administrative Officer may submit a multi-year budget for consideration by the City Council and the City Council may adopt such multi-year budget, in its sole discretion. The City Council may approve any adjustment in a multi-year budget after a public hearing.

Section 1103. **BUDGET. PUBLIC HEARING.** At the time set for the public hearing or at any time to which such public hearing shall from time to time be adjourned, the City Council shall hold a public hearing on the proposed budget, at which interested persons desiring to be heard shall be given such opportunity.

Section 1104. **BUDGET. FURTHER CONSIDERATION AND ADOPTION.** At the conclusion of the public hearing the City Council shall further consider the proposed budget and make any revisions thereof that it may deem advisable and on or before June 30 it shall adopt the budget with revisions, if any, by the affirmative votes of at least a majority of the total members of the Council. Upon final adoption, the budget shall be in effect for the ensuing fiscal year(s). Copies thereof, certified by the City Clerk, shall be filed with the Chief Administrative Officer, designee responsible for the functions of finance, City Treasurer, and the person employed by the City Council to perform the independent audit and a further copy shall be placed, and shall remain on file, in the office of the City Clerk where it shall be available for public inspection. The budget so certified shall be reproduced and copies made available for the use of the public and of departments, offices and agencies of the City.

Section 1105. **BUDGET. APPROPRIATIONS.** From the effective date of the budget, the various amounts stated therein as proposed expenditures shall be and become appropriated to the various departments, offices and agencies for the respective objects and purposes therein named. All appropriations shall lapse at the end of the fiscal year to the extent that they shall not have been expended or lawfully encumbered.

At any meeting after the adoption of the budget, the City Council may amend or supplement the budget by motion adopted by the affirmative votes of at least a majority of the total members of the City Council.

Section 1106. **CENTRALIZED PURCHASING.** Under the control and direction of the Chief Administrative Officer, there shall be a centralized pur-

chasing system established for all City departments and agencies, except as otherwise provided in this Charter. The Chief Administrative Officer shall recommend and the City Council shall consider and adopt by ordinance, rules and regulations governing the contracting for, purchasing, storing and distribution of all supplies, materials and equipment required by any office, department or agency of the City government.

Section 1107. **TAX LIMITS.** The City Council shall be authorized to levy and impose taxes, assessments and fees for municipal purposes to the full extent permitted by the State Constitution.

Section 1108. **TAX PROCEDURE.** The procedure for the assessment, levy, imposition and collection of taxes for municipal purposes, may be prescribed by ordinance of the City Council to the extent permitted by the State Constitution.

Section 1109. **BONDED DEBT LIMIT.** The City shall only incur indebtedness as authorized by the California Constitution in accordance with State law.

No bonded indebtedness which shall constitute a general obligation of the City may be created unless authorized by the affirmative votes of a majority of the voters voting on such proposition at any election at which the question is submitted to the voters and unless in full compliance with the provisions of the State Constitution and of this Charter.

Section 1110. **REVENUE BONDS.** The City shall have the power to issue revenue bonds for the purpose of financing the acquisition, construction, extension, improvement or repair of any municipal utility or other revenue producing facilities, but no such bonds shall be issued unless the same shall first be authorized by the affirmative vote of a majority of those voters voting on the question of incurring such indebtedness at any election at which such question is submitted to the voters of the City. The Council may issue and sell bonds so authorized, may fix the terms and conditions thereof, and may make, fix and establish such covenants, conditions, terms and provisions as it deems necessary or desirable to facilitate the issuance and sale of the bonds or for the protection and security of the holders thereof. Bonds issued pursuant to this Article shall not be general obligations of the City but shall be payable, principal and interest, solely from revenues or other special funds specifically pledged to that purpose.

Section 1111. **CONTRACTS ON PUBLIC WORKS.** Except as hereinafter expressly provided, every contract involving an expenditure of more than \$25,000 for the construction or improvement (excluding maintenance and repair) of public buildings, works, streets, drains, sewers, utilities, and each separate purchase of materials or supplies for the same, where the expenditure required for such purchase shall exceed the sum of \$25,000, shall be let to the lowest responsible bidder.

The City Council may reject any and all bids presented and may readvertise in its discretion. After rejecting bids, or if no bids are received, or without advertising for bids if the total amount of the contract or project is \$50,000 or less, then

the City Council may declare and determine that in its opinion, the work in question may be performed better or more economically by the City with its own employees, or that the materials or supplies may be purchased at a lower price in the open market, and after the adoption of a resolution to this effect by the affirmative vote of a majority of the total members of the City Council, it may proceed to have said work done or such materials or supplies purchased in the manner stated, without further observance of the provisions of this Section.

The limitations as provided in this Section may be increased by adoption of a resolution by the affirmative vote of two-thirds of the total members of the City Council.

Projects for the extension, construction or improvement of any public utility system operated by the City or for the purchase of supplies or equipment for any such project or any such utility may be excepted from the requirements of this Section by the affirmative vote of a majority of the total members of the City Council.

Section 1112. **SPECIAL PURPOSE FUNDS. OTHER FUNDS.** The City Council may establish by ordinance such other special purpose funds, consistent with the provisions of this Charter, as it may consider necessary or appropriate.

Section 1113. **CLAIMS AND DEMANDS. PRESENTATION AND PAYMENT.** Procedures prescribed by State law governing the presentation, consideration and enforcement of claims against chartered cities or against officers, agents and employees thereof shall apply to the presentation, consideration and enforcement of claims against the City.

Section 1114. **ACTIONS AGAINST CITY.** No suit shall be brought for money or damages against the City or any board, commission or officer thereof on any cause of action for which this Charter or the general law requires a claim to be presented, until a claim or demand for the same has been presented as in this Charter provided and such claim and demand has been rejected in whole or in part. If rejected in part suit may be brought to recover the whole. Failure to complete action approving or rejecting any claim or demand within the timeframe prescribed by State law shall be deemed a rejection thereof.

Section 1115. **REGISTERING WARRANTS.** Warrants on the City Treasurer which are not paid for lack of funds shall be registered. All registered warrants shall be paid in the order of their registration when funds therefor are available and shall bear interest from the date of registration at such rate as shall be fixed by the City Council by resolution.

Section 1116. **INDEPENDENT AUDIT.** The City Council shall employ at the beginning of each fiscal year, an independent certified public accountant who shall, at such time or times as may be specified by the City Council, at least annually, and at such other times as such accountant shall determine, examine the books, records inventories and reports of all officers and employees who receive, handle or disburse public funds and of all such other officers, employees or departments. As soon as practicable after the end of the fiscal year, a financial statement

shall be submitted by such accountant to the City Council, one copy thereof to be distributed to each member, one to the Chief Administrative Officer, or the designee responsible for the functions of finance, Treasurer, and City Attorney, respectively, and sufficient additional copies of the financial statement shall be placed on file in the office of the City Clerk where they shall be available for inspection by the general public.

#### ARTICLE XII—ELECTIONS

Section 1200. GENERAL MUNICIPAL ELECTIONS. General municipal elections for the election of officers of the City and for such other purposes as the City Council may prescribe shall be held in the City on the same date and at the same time as the General Municipal Election. The first such General Municipal Election shall be held in 2007. The general municipal election shall occur on the first Tuesday after the first Monday in March of each odd-numbered year or as may be provided by ordinance of the City.

Section 1201. SPECIAL MUNICIPAL ELECTIONS. All other municipal elections that may be held by authority of this Charter, or of any law, shall be known as special municipal elections.

Section 1202. PROCEDURE FOR HOLDING ELECTIONS. Except as otherwise provided in this Charter and except as may otherwise be provided by ordinance enacted by the Council and not inconsistent with the provisions of this Charter, all municipal elections shall be held, canvassed, conducted and otherwise governed by State law.

Section 1203. INITIATIVE, REFERENDUM AND RECALL. There are hereby reserved to the voters of the City the powers of the initiative and referendum and of the recall of municipal elective officers. Except as may otherwise be provided by ordinance enacted by the Council, and not inconsistent with the provisions of this Charter, State law shall apply.

The vacancy created by a recall election shall be filled after such recall election with any qualified person from the district, as set forth in Section 501. The recalled municipal officer shall not be eligible to run for such vacancy.

Section 1204. VOTERS SIGNING PETITIONS. The voters signing any petition for the nomination of any person to the office of City Council or for the recall of any person from such office shall be qualified registered voters of the City.

Section 1205. STATEMENT OF CANDIDATE QUALIFICATIONS. Any candidate for an elective City office may prepare a statement of qualifications in accordance with the restrictions set forth by State law, and subject to the following additional restriction: A statement of qualifications shall be limited to a recitation of the candidate's own personal background and qualifications and shall not in any way make reference to other candidates or to other candidate's qualifications, character or activities. The City Clerk shall not cause to be printed or circulated any candidate's statement of qualifications which the City Clerk determines is not so limited or which includes any such references.

## ARTICLE XIII—FRANCHISES

Section 1300. GRANTING OF FRANCHISES. The Council may grant a franchise to any person, partnership, corporation, or other legal entity capable of exercising the privilege conferred, whether operating under an existing franchise or not, and may prescribe the terms, conditions, and limitations of such grant, including the compensation to be paid in the City therefor. The Council may prescribe by ordinance or resolution the method or procedure for granting franchises, together with additional terms and conditions for making such grants. In the absence of such provision the method provided by State law shall apply.

Nothing in this Section, or elsewhere in this Article, shall apply to the City, or to any department thereof, when furnishing any utility service.

Section 1301. EMINENT DOMAIN. No franchise grant shall in any way, or to any extent, impair or limit the power of the City to acquire the property of the grantee thereof either by purchase or through the exercise of the power of eminent domain, and nothing herein contained shall be construed to contract away or to modify or to abridge, either for a term or in perpetuity, the City's power of eminent domain with respect to any public utility. Every franchise granted by the City is granted upon the condition, whether expressed in the grant or not, that such franchise shall not be given any value before any court or other public authority in any proceeding of any character in excess of any amount actually paid by the grantee to the City at the time of the grant.

Section 1302. DUTIES OF GRANTEEES. By its acceptance of any franchise hereunder, the grantee shall covenant and agree to perform and be bound by each and all of the terms and conditions imposed in the grant or by procedural ordinance and shall further agree to:

(a) Comply with all lawful ordinances, rules and regulations theretofore or thereafter adopted by the City Council in the exercise of its police power governing the construction, maintenance and operation of its plants, works or equipment.

(b) Pay to the City on demand the cost of all repairs to public property made necessary by any of the operations of the grantee under such franchise.

(c) Indemnify and hold harmless the City and its officers from any and all liabilities for damages proximately resulting from any operations under such franchise.

(d) Remove and relocate without expense to the City any facilities installed, used and maintained under the franchise if and when made necessary by any lawful change of grade, alignment or width of any public street, way, alley or place, including the construction of any subway or elevated transit facilities, or if the public health, comfort, welfare, convenience, or safety so demands.

(e) Pay to the City during the life of the franchise a percentage, to be specified in the grant, of the gross annual receipts of the grantee within the limits of the City, or such other compensation as the City Council may prescribe in the grant.

#### Charter Chapter 7—City of Needles

### *Amendments to the Charter of the City of Needles*

[Filed with the Secretary of State May 3, 2006.]

Sec. 1007. Suspension, demotion and dismissal. Every employee holding an office or position in the classified service who shall have completed the probationary period therein shall be entitled to retain his office or position so long as it exists under the same or a different title, subject, however, to suspension, demotion, or dismissal as in this section provided.

Any such employee may be suspended, demoted or dismissed by the appointing power, subject to the provisions of this Charter, for incompetence, habitual intemperance, immoral conduct, insubordination, repeated discourteous treatment of public or fellow employees, dishonesty, conviction of a felony, inattention to duties, acts inimical to the public service, other ground of penalty or forfeiture specified by the Constitution or by this Charter, or any other grounds permitted by law.

Any such employee who is suspended, demoted or dismissed shall be entitled to receive upon his request, at the office of the board or officer taking such action, a written statement in which shall be separately stated each of the charges against him upon which such suspension, demotion or dismissal is based, a copy of which statement shall be furnished to the city clerk for delivery to the personnel commission. Such statement shall be specific as to time, place and circumstances and shall be furnished to him within three working days after his request therefor, which request must be filed within three working days after he has been notified

of such suspension, demotion or dismissal. He shall have ten days after receipt of such statement within which to file an answer to such statement of charges should he desire to do so.

In his answer, or otherwise if no statement of charges has been made available to him as required, such employee may request a hearing by the personnel commission to review such suspension, demotion or dismissal. Such answer, or request for a hearing, shall be filed in the office of the city clerk for delivery to the personnel commission. A public hearing shall be called and held on the matter by the personnel commission within twenty days and written notice of the time and place thereof shall be given to the employee in person or by mail at least ten days before the hearing. Such employee shall be given the opportunity at such hearing to be heard in his defense in person or by counsel. Hearings may be conducted informally and the rules of evidence need not apply.

The personnel commission shall make written findings which shall state as to each charge whether or not such charge is sustained. Such board shall also set forth in writing its conclusions and recommendations based upon such findings and within ten days after concluding the hearing, it shall certify its findings, conclusions and recommendations to the board or officer from whose action the appeal was taken, and to the city manager and the council.

The appointing power shall then affirm, modify or rescind the action taken, as in its judgment shall seem warranted, and the decision of the appointing power shall be final and conclusive.

Where an appeal is taken to the personnel commission from an order of dismissal any vacancy in the position shall be considered a temporary vacancy pending final action by the personnel commission and the appointing power and may be filled only by a temporary appointment.

A reduction in pay shall be a demotion, under this section, unless it is a part of a plan to reduce salaries and wages in connection with general reduction, economy or curtailment program.

Nothing in this section shall restrict the right to make bonafide reductions in force or to enact legislation requiring retirement for disability or age.

As used in this Charter, the words dismiss, remove and discharge, in all their forms and tenses, shall be synonymous and interchangeable.

Section 1009 is deleted.

Section 1010 is deleted.

Charter Chapter 9—City of Seal Beach***Amendments to the Charter of the City of Seal Beach***

[Filed with the Secretary of State June 8, 2006.]

SECTION 501. General Municipal Elections. General Municipal Elections shall be held on the first Tuesday after the first Monday in November in even-numbered years commencing with the year 2008. The City Council may by Ordinance fix another date in any even-numbered year, if such change will not extend or reduce any elective officer's term by more than twelve (12) months. The City Council may order any Special Municipal Election consolidated with the General Municipal Election by following the procedure prescribed by State Law for the consolidation of Special Elections with Municipal Elections.

SECTION 502. Municipal Run-off Elections. Municipal Run-off Elections for the election of officers shall be held on the last Tuesday in January in each odd-numbered year commencing with the year 2009. If, pursuant to Section 501, the City Council has fixed another date for the General Municipal Election, the Municipal Run-off Election shall be held on a Tuesday no later than seven (7) weeks after the date fixed for the General Municipal Election.

SECTION 400. Elective Officers. The elective officers of the City shall consist of a City Clerk elected from the City at large, and five members of the City Council, one elected from each of the five (5) Councilmanic Districts as prescribed in Article V. The terms of elective officers shall be four years and until their respective successors qualify. The term of each elective officer shall commence upon the installation of newly elected officers. The installation of new officers shall occur within seven (7) days following the date scheduled for the Municipal Run-off Election for that particular year.

SECTION 500. Municipal Elections. Municipal elections held in the City shall be classified as either:

1. General Municipal Elections.
2. Municipal Run-off Elections.
3. Special Municipal Elections.

SECTION 508. Voting for Candidates for Elective Offices at General Municipal Elections. The entire electorate of the City may vote for any candidate for the office of City Clerk. Each elector may vote for one candidate for the office of Councilmember from the district in which the elector resides. Only one person shall be elected to the City Council from each district.

SECTION 509. Number of Votes Needed for Elective Offices. The City Council shall declare any candidate who receives a majority (50% plus 1) of all the votes cast for an office at any General Municipal Election to be elected to such office. If no candidate for an office receives a majority (50% plus 1) of all the votes cast, the two (2) candidates receiving the highest number of votes at the General Municipal Election shall be the only candidates for such office printed upon the ballots at the Municipal Run-off Election. The City Council shall declare the candidate who receives the most votes at the Municipal Run-off Election to be elected to such office.

SECTION 510. (Repealed 2006)

SECTION 513. (Repealed 2006)

ARTICLE IX  
CIVIL SERVICE SYSTEM

SECTION 900. Civil Service System. In order to: establish an equitable and uniform procedure for dealing with personnel and employment matters; attract to municipal service the best and most competent persons available; assure that appointments and promotions of employees will be based on merit and fitness as determined by competitive test; and provide a reasonable degree of security for qualified employees, the City Council, by ordinance, may establish a Civil Service System for City employees. The Civil Service System may include provisions for: the method of selection of City employees; the classification, advancement, suspension, discharge and termination of City employees; the consolidation and elimination of positions; and other provisions as deemed reasonable and necessary

to govern personnel and employment matters of the City. The City Council may further adopt Personnel Rules to implement the provisions of any ordinance. In the event of an appeal of disciplinary action of a Civil Service employee, the appeal may be heard by an impartial arbitrator designated by mutual agreement of the appellant and his/her representative and the City Manager, or as otherwise agreed upon through a Memorandum Of Understanding (MOU) negotiated during the collective bargaining process between the City and the applicable Bargaining Unit. The Civil Service System shall govern all employees of the City unless exempted by Section 901.

SECTION 901. Exemptions. The following persons are exempt from the Civil Service System:

- (a) City Council Members;
- (b) Appointed persons;
- (c) City Attorney;
- (d) City Manager;
- (e) City Clerk;
- (f) Department heads;
- (g) Temporary, seasonal, part-time and hourly employees;
- (h) Any employee designated as exempt by City ordinance;
- (i) Volunteers;
- (j) Independent contractors.

The City Council, by Ordinance, Resolution or Personnel Rules, may establish provisions governing the selection, discipline and dismissal of non-civil service employees.

SECTION 902. Discrimination. No person employed by, or seeking admission into employment with the City, shall be employed, promoted, demoted, or discharged or in any way favored or discriminated against because of political opinions or affiliations or because of race or religious belief or any other basis prohibited by law.

Charter Chapter 15—City of Culver City

***Charter of the City of Culver City***

[Filed with the Secretary of State June 8, 2006.]

PREAMBLE

The People of the City of Culver City, by popular vote, have enacted this Charter to establish a responsive, efficient, effective and accountable government through

which all voices in our diverse community can be heard; to ensure fair representation and distribution of government resources; to provide a safe and harmonious environment for our mutual well-being; and to promote the principles of liberty, equality and home rule.

## ARTICLE I. NAME AND CHARTER STATUS

### SECTION 100. NAME AND CHARTER STATUS.

The municipal corporation now existing and known as the “City of Culver City” shall continue to exist, under the same name, as a charter city and a municipal corporation organized and existing under the Constitution and laws of the State of California.

## ARTICLE II. DEFINITIONS

### SECTION 200. DEFINITIONS.

As used in this Charter:

- (a) “Board of Education” shall mean and refer to the Board of Education of the Culver City Unified School District.
- (b) “City” shall mean and refer to the City of Culver City.
- (c) “Constitution” shall mean and refer to the Constitution of the State of California.
- (d) “City Council” shall mean and refer to the City Council of the City of Culver City.
- (e) “Council Member” shall mean and refer to a member of the City Council of the City of Culver City.
- (f) The term “days” shall mean calendar days.
- (g) “Department Head” shall mean and refer to a person appointed by either the City Council or the City Manager to exercise management and control of a City department.
- (h) The term “officers” shall mean and refer to the members of the City Council and all persons appointed by the City Council to serve on a commission, board, committee or other governmental body.
- (i) “School District” shall mean and refer to the Culver City Unified School District.
- (j) “State” shall mean and refer to the State of California.

## ARTICLE III. FORM OF GOVERNMENT

### SECTION 300. FORM OF GOVERNMENT.

The municipal government established by this Charter shall be the “Council-Manager” form of government, under which the City Council sets policy and the City Manager administers the government.

## ARTICLE IV. BOUNDARIES

## SECTION 400. BOUNDARIES.

The boundaries of the City shall be those boundaries existing as of the effective date of this Charter. The boundaries may later be changed in the manner authorized by State law.

## ARTICLE V. POWERS OF THE CITY

## SECTION 500. POWERS OF THE CITY.

The City shall have all of the rights, powers and privileges which may be granted to a charter city under the Constitution and laws of the State, as fully and completely as though they were specifically enumerated in this Charter.

Without limiting the preceding provisions, the City shall have the power to make and enforce all laws and regulations with respect to municipal affairs, subject only to such restrictions and limitations as may be provided in this Charter and in the Constitution.

The enumeration in this Charter of any particular power shall not be held to exclude other powers, nor to be any limitation upon this general grant of power.

## ARTICLE VI. CITY COUNCIL

## SECTION 600. NUMBER, ELECTION AND TERM OF OFFICE.

The City Council shall consist of five members elected at-large, at the times and in the manner provided in this Charter. A full term of office shall be four years, commencing at the meeting at which the election results are certified, and continuing until a successor is elected and certified. Any ties in voting shall be settled by the casting of lots.

## SECTION 601. TERM LIMITS.

No person shall serve more than two consecutive full terms as a Council Member. If a person serves a partial term in excess of two years, it shall be considered a full term for the purpose of this provision. Nothing in this provision shall act to bar service as a Council Member after at least two years have elapsed from the Council Member's last full term.

## SECTION 602. ELIGIBILITY.

Only residents of the City who are lawfully registered voters of the City shall be eligible to hold an elective City office. Candidates for election to any such office must have been lawfully registered voters of the City for the 30 days immediately preceding the filing of their nomination papers.

## SECTION 603. COMPENSATION.

Council Members shall receive compensation for their services in accordance with the provisions of State law.

The City shall maintain records of the total annual compensation, including benefits, received by individual Council Members in their capacities as elected public officials of the City, including all compensation received for services on the Culver City Redevelopment Agency and any other boards or agencies. Individual Council Members shall provide information that the City requires in order to

comply with this section. Such information shall be made available to the public in accordance with State law.

**SECTION 604. VACANCY.**

The City Council, by a vote of at least three of its members, may appoint a replacement to fill any vacancy on the City Council. Such appointee shall hold office until a successor is elected and certified. If the vacancy occurs before the first day to file nomination papers for the next general municipal election, a Council Member shall be elected at that election as the successor to any appointee, or to fill the vacancy if it has not previously been filled by appointment, and such newly elected Council Member shall serve the remainder of the unexpired terms and until a successor is elected and certified.

If a vacancy is not filled by appointment within 30 days after its occurrence, the City Council shall immediately call a special election to fill the vacancy. The special election shall be held not later than 120 days after the vacancy occurs, except that no special election shall be called to fill the vacancy if it cannot be held at least 180 days before the next general municipal election. A person elected at a special election shall hold office for the remainder of any unexpired term and until a successor is elected and certified.

If there is an election to fill one or more full terms and one or more unexpired terms, then the candidates who receive the highest number of votes shall serve the full terms, and of the candidates remaining, those who receive the next highest number of votes shall serve the unexpired terms.

At any time when there are three or four vacancies on the City Council, the remaining Council Member or Members shall constitute a quorum for the purpose of holding a meeting to consider taking action pursuant to this section, and such action may be taken by the unanimous vote of the remaining Member or Members.

**SECTION 605. FORFEITURE OF OFFICE.**

The grounds for forfeiture of the office of a Council Member are the following:

(a) The Council Member is absent, without the consent of the City Council, from all regular City Council meetings for a period of 60 consecutive days from and after the last regular City Council meeting attended by such Council Member;

(b) The Council Member is convicted of a felony or a crime involving moral turpitude; or

(c) The Council Member ceases to be a resident and lawfully registered voter of the City.

After the occurrence of any of the foregoing events, the office of the Council Member shall be declared vacant by the City Council by a vote of at least three of its members. At the request of the affected Council Member, the City Council shall hold a public hearing before declaring the office vacant.

**SECTION 606. MAYOR AND VICE MAYOR.**

Immediately following the certification of election results for any general or special municipal election at which Council Members are elected and at the second meeting in April in odd numbered years, the City Council shall elect one of its members as its presiding officer, who shall have the title of Mayor and one of its members as Vice Mayor. Both shall serve at the pleasure of the City Council.

The Mayor shall have a voice and a vote in all City Council proceedings, shall be the official head of the City for all ceremonial purposes, and shall perform such other duties as may be prescribed by this Charter or as may be imposed by the City Council consistent with the office of Mayor. The Vice Mayor shall perform the duties of the Mayor during the absence or incapacity of the Mayor.

A Council Member who has held the office of Mayor or Vice Mayor for one year shall not be eligible for reelection to that same office until one year has elapsed.

**SECTION 607. POWERS OF THE CITY COUNCIL.**

All powers of the City shall be vested in the City Council, subject to the provisions of this Charter and the Constitution. The City Council shall have the power to:

(a) Appoint, suspend, remove and fix the compensation of the City Manager, Fire Chief, Police Chief and City Attorney, by a vote of at least three of its members;

(b) Create, modify or abolish any City department, and to prescribe the powers and duties of such departments and their Department Heads;

(c) Review and certify the results of all City elections;

(d) Control all legal business and proceedings, including, but not limited to, the authority to employ other attorneys to take charge of any litigation or other legal matters or to assist the City Attorney in connection with any legal matter, which authority, in whole or in part, may be delegated to the City Attorney; and

(e) Compel the attendance of witnesses, examine them under oath, and compel the production of evidence before it. The City Council may cause subpoenas to be issued in the name of the City and be attested to by the City Clerk. Disobedience of such subpoenas, or the refusal to testify, upon other than constitutional grounds, shall constitute a misdemeanor. Council Members, and any City staff members designated by the City Council, shall have the power to administer oaths in any investigation or proceeding before it.

Additionally, the City Council shall have all other powers consistent with this Charter and the Constitution.

**SECTION 608. CITY COUNCIL MEETINGS.**

The City Council shall hold regular meetings at least twice each month, at such times as it shall fix by ordinance or resolution and may adjourn any regular meeting to a date certain, which shall be specified in the order of adjournment and

when so adjourned, each adjourned meeting shall be a regular meeting for all purposes.

The Council Chambers of City Hall shall be the primary place of all City Council meetings.

By a vote of at least three of its members, the City Council may order a regular meeting to be held not less than seven days after that date at a place within the City other than the Council Chambers.

The City Council may, upon making a finding that the public interest requires it, order a meeting adjourned to another location within the City and to a time during the same day on which the order is made.

If for any reason it shall be unsafe to meet in the Council Chambers, meetings may be held for the duration of the unsafe condition at a place within the City designated by the Mayor, or by the City Council.

Whenever an order is made to hold a meeting at a place other than the Council Chambers, the City Clerk shall immediately post a copy of the order at a conspicuous location near the outside of the main entrance to the Council Chambers. The order shall remain posted until the meeting is held.

#### SECTION 609. SPECIAL MEETINGS.

A special meeting of the City Council may be called at any time by the Mayor, or by a majority of the Council Members.

#### SECTION 610. NOTICE OF PUBLIC MEETINGS.

The City Council shall comply with the applicable provisions of State law regarding the giving of notice for regular and special meetings. The City Council shall consider whether it should establish additional procedures to provide efficient, timely and cost-effective notice in a manner consistent with currently available technology.

#### SECTION 611. PUBLIC PARTICIPATION.

During any public meeting, all persons shall have the right to address the City Council, and any City commission, board or committee, subject to reasonable rules of decorum and time limits established by ordinance or the presiding officer.

#### SECTION 612. COUNCIL PROCEEDINGS.

Three members of the City Council shall constitute a quorum to do business, but in the absence of a quorum, a lesser number may declare a meeting adjourned.

Except as otherwise provided in this Charter, actions of the City Council shall be decided by a majority of the members present and voting on a matter, excluding abstentions.

The City Clerk shall keep a correct record of all proceedings of the City Council, and shall record the vote taken on all actions and enter the result in the minutes of the meeting.

**SECTION 613. ADOPTION OF ORDINANCES AND RESOLUTIONS.**

No ordinance shall be adopted by the City Council on the day of its introduction, nor within five days thereafter, nor at any time other than at a regular or adjourned regular meeting. The foregoing shall not apply to urgency ordinances adopted in the manner provided in this Charter. A resolution adopted by the City Council shall become effective in accordance with its terms.

At the time of adoption of an ordinance, it shall be read in full, unless, after the reading of the title, the further reading thereof is waived by unanimous consent of the Council Members present. In the event that any ordinance is altered after its introduction, it shall be reintroduced and not finally adopted except at a regular or adjourned regular meeting, held not less than five days after the date upon which such ordinance was so reintroduced. The correction of typographical or clerical errors shall not constitute the making of an alteration within the meaning of the foregoing sentence.

The votes of at least three members of the City Council shall be required for the introduction or enactment of any ordinance or resolution, or for the making or approving of any order for the payment of money.

No order for the payment of money shall be adopted or made at any time other than at a regular or adjourned regular meeting.

**SECTION 614. URGENCY ORDINANCES.**

Any ordinance declared by the City Council to be necessary as an urgency measure for preserving the public peace, health or safety and containing a statement of the reasons for its urgency may be introduced and adopted at any regular, adjourned, or special meeting if passed by a vote of at least four-fifths of its members.

**SECTION 615. ORDINANCES: ENACTMENTS.**

In addition to all other acts of the City Council that are required by State law or by this Charter to be enacted by ordinance, every act of the City Council establishing a fine or other penalty or granting a franchise shall be enacted by ordinance.

The enacting clause of all ordinances shall be substantially as follows: "The City Council of the City of Culver City does ordain as follows:".

**SECTION 616. ORDINANCES: PUBLICATION.**

The City Clerk shall record the full text of all ordinances and resolutions adopted by the City Council in a properly indexed book. The City Clerk shall also cause each ordinance, or a summary of such ordinance, to be published not later than 15 days after its adoption in a newspaper circulated in the City and designated by the City Council.

**SECTION 617. ORDINANCES: AMENDMENTS.**

Any provision of an existing ordinance may be amended without reenactment and republication of the entire original ordinance.

**SECTION 618. ORDINANCES: CODIFICATION.**

The City Council shall periodically provide for the preparation of a general codification, compilation, consolidation, revision, indexing or arranging of all City ordinances and resolutions then having the force and effect of law.

The codification of City ordinances may be accomplished by reference to the passage of previously adopted ordinances. Such codifications need not be published in the manner required for other ordinances, but prior to adoption, at least three copies of the Code shall be filed in the office of the City Clerk, where they shall be available for public inspection.

Detailed regulations pertaining to any subject, such as fire, building, plumbing, electrical and mechanical codes, as well as codes on other subjects that require extensive regulations, may be adopted by reference, and without the necessity of publication, in the manner provided above. One copy of such codes shall be filed in the office of the City Clerk, prior to their adoption, where they shall be available for public inspection.

Subsequent amendments to sections of the general codification of City ordinances, or the regulatory codes, shall be enacted in the same manner required by this Charter for the amendment of ordinances generally.

**SECTION 619. ORDINANCES: WHEN EFFECTIVE.**

In order to allow the People to exercise their referendum power, no ordinance shall become effective until 30 days from and after the date of its adoption, except, the following, which shall take effect upon adoption:

- (a) An ordinance calling for or otherwise relating to an election;
- (b) An improvement proceeding ordinance adopted under some law, or procedural ordinance;
- (c) An ordinance declaring the amount of money necessary to be raised by taxation, or fixing the rate of taxation; or
- (d) An urgency ordinance adopted in the manner provided in this Charter.

**SECTION 620. ORDINANCES: VIOLATION AND PENALTY.**

Unless a specific ordinance provides otherwise, a violation of an ordinance of the City shall be a misdemeanor. The City Council, by ordinance, may establish the penalty by fine or imprisonment, or both, for misdemeanors and only by fine for infractions.

Violations of City ordinances may be prosecuted in the name of the People of the State of California or may be redressed by the City through any legal or equitable remedies.

**SECTION 621. PUBLISHING OF LEGAL NOTICES.**

The City Council shall designate one newspaper circulated in the City for the publication of all notices and other matters required to be published in a newspaper. When possible, a change to another newspaper shall not be made until a notice of the intention to change is published in the previously designated newspaper.

The charges for such publications in the designated newspaper shall not exceed the rates charged to the general public for similar publications.

All legal notices or other matters required to be published shall also be posted in at least three public places within the City.

Posting of legal notices in three public places shall be sufficient, without publication if the designated newspaper is unavailable and a suitable replacement cannot be designated.

## ARTICLE VII. CITY ADMINISTRATION

### SECTION 700. POWERS AND DUTIES OF CITY MANAGER.

The City Council shall appoint the City Manager who shall be the chief executive officer of the City, responsible to the City Council for the management of all City affairs placed in the City Manager's charge by or under this Charter, by ordinance, resolution or other action of the City Council. The City Manager, or his or her designee, shall:

(a) Appoint, suspend and remove all City employees, including Department Heads, the City Clerk and the City Treasurer, except as otherwise provided by State law or this Charter;

(b) Direct and supervise the administration of all City departments, except as otherwise provided by this Charter;

(c) Attend all City Council meetings, at which the City Manager shall have the right to take part in discussion, but shall not vote;

(d) Prepare and submit to the City Council an annual budget pursuant to this Charter, and implement the final budget approved by the City Council; and

(e) Perform such other duties as are specified in this Charter, or by ordinance, resolution or other action of the City Council.

### SECTION 701. NON-INTERFERENCE BY CITY COUNCIL.

Neither the City Council, nor any Council Member shall:

(a) Order or direct the City Manager to appoint or remove any person to or from any position of employment with the City;

(b) Except as otherwise permitted by this Charter or by ordinance, order or direct the City Manager to enter into a municipal contract or make a purchase of supplies from any particular person or entity;

(c) Interfere in any way with the performance of the duties of any City employee; or

(d) Interfere in any way with the duties of the City's elections official in the conduct of elections.

Nothing in this section shall prevent the City Council, or any of its members, from advising the City Manager of any information which might assist the City Manager in the discharge of the City Manager's duties; or contacting City employees for the purpose of inquiry, obtaining information or advising employees of citizen complaints.

## ARTICLE VIII. ANNUAL BUDGET

### SECTION 800. BUDGET PREPARATION.

All Department Heads shall, upon request, provide the City Manager with estimates of revenues and expenditures for their departments, detailed in the manner prescribed by the City Manager. The City Manager shall review the estimates, hold conferences with department personnel, and prepare a proposed budget.

### SECTION 801. SUBMISSION TO CITY COUNCIL.

At least 45 days prior to the beginning of each fiscal year, the City Manager shall submit a proposed budget to the City Council. After reviewing the proposed budget, the City Council shall set the date and time for a public hearing on the proposed budget and, at least 10 days prior to its scheduled date, shall cause notice of such public hearing to be published in a newspaper circulated in the City and designated by the City Council.

Copies of the proposed budget shall be available for public inspection in the office of the City Clerk at least 10 days prior to the public hearing.

### SECTION 802. PUBLIC HEARING.

The City Council shall hold a public hearing on the proposed budget at the time so advertised, or at any time to which the public hearing shall be adjourned from time to time, where interested persons shall be given an opportunity to be heard.

### SECTION 803. FURTHER CONSIDERATION AND ADOPTION.

At the conclusion of the public hearing, the City Council shall further consider the proposed budget, make any revisions that it may deem advisable, and, on or before the first day of the fiscal year, adopt the budget by a vote of at least three of its members. Upon adoption, the budget shall be in effect for the ensuing fiscal year. A copy of the budget, certified by the City Clerk, shall be filed with the City Manager. An additional copy shall remain on file in the office of the City Clerk where it shall be available for public inspection. Copies of the adopted budget shall be made available for the use of City departments.

### SECTION 804. APPROPRIATIONS.

After adoption of the budget, the amounts allocated in the budget as proposed expenditures shall be appropriated to the specified City departments, for the objects and purposes named in the budget. All appropriations shall lapse at the end of the fiscal year to the extent that they shall not have been expended or lawfully encumbered.

### SECTION 805. AMENDMENTS.

After the adoption of the budget, the City Council may amend or supplement the budget only by a vote of at least four-fifths of its members.

## ARTICLE IX. CITY ATTORNEY

### SECTION 900. ELIGIBILITY.

The City Attorney shall be an attorney-at-law, licensed and authorized to practice in all of the courts of the State.

**SECTION 901. DUTIES.**

The City Attorney, or his or her designee, shall:

(a) Serve as the chief legal adviser to the City Council, City Manager, and all City departments in all matters pertaining to the business of the City;

(b) Represent and appear for the City in all legal actions in which the City is concerned or is a party. In the course of performing such duties, the City Attorney shall have the authority to employ other attorneys to handle litigation or provide other assistance as required by the City Attorney, subject to the provisions of this Charter;

(c) Attend all meetings of the City Council, unless excused;

(d) Prepare or approve the language of all City ordinances, resolutions and of any amendments to such ordinances or resolutions, and approve the form of City contracts and bonds;

(e) Prosecute on behalf of the People criminal cases for violations of this Charter, of City ordinances or of State laws, which in the opinion of the City Attorney warrant prosecution; and

(f) Perform such other duties as are specified in this Charter, or by ordinance, resolution or other action of the City Council.

**ARTICLE X. BOARD OF EDUCATION****SECTION 1000. NUMBER AND TERM.**

The Board of Education shall consist of five members, elected at-large from the School District, for a term of four years.

**SECTION 1001. ELIGIBILITY.**

Only residents of the School District who are lawfully registered voters of the School District shall be eligible to hold office as a member of the Board of Education. Candidates for election to such office must have been lawfully registered voters of the School District for the 30 days immediately preceding the filing of their nomination papers.

**SECTION 1002. VACANCIES.**

The Board of Education shall fill any vacancy by appointment. Such appointee shall hold office until a successor is elected and certified. If the vacancy occurs before the first day to file nomination papers for the next regular Board of Education election, a Board Member shall be elected at that election as successor to any appointee, or to fill the vacancy if it has not been previously filled before appointment, and such newly elected Board Member shall serve for the remainder of any unexpired term and until a successor is elected and certified.

If a vacancy is not filled by appointment within 60 days after its occurrence, the Board of Education shall immediately call a special election. The special election shall be held not later than 120 days after the vacancy occurs, except that no special election shall be called to fill the vacancy if it cannot be held at least 180 days before the next regular Board of Education election. A person elected at a special election shall hold office for the remainder of the unexpired term and until a successor is elected and certified.

If there is an election to fill one or more full terms and one or more unexpired terms, then the candidates who receive the highest number of votes shall serve the full terms, and of the candidates remaining, those who receive the next highest number of votes shall serve the unexpired terms.

**SECTION 1003. FORFEITURE OF OFFICE.**

The grounds for forfeiture of the office of a member of the Board of Education are the following:

(a) The Board Member is absent, without the consent of the Board of Education, from all regular Board meetings for a period of 60 consecutive days from and after the last regular Board meeting attended by such Board Member;

(b) The Board Member is convicted of a felony or a crime involving moral turpitude; or

(c) The Board Member ceases to be a resident and lawfully registered voter of the School District.

After the occurrence of any of the foregoing events, the office of the Board Member shall be declared vacant by the Board of Education, by a vote of at least three of its members. At the request of the affected Board Member, the Board of Education shall hold a public hearing before declaring the office vacant.

**SECTION 1004. ORGANIZATION OF THE BOARD OF EDUCATION.**

At the annual organizational meeting of the Board of Education, the members shall elect a president, vice-president and clerk. No Board Member shall serve more than two consecutive years in such office.

**SECTION 1005. SPECIAL ELECTIONS.**

The Board of Education may, at its discretion, call an election for any reason sanctioned by law at any time it deems appropriate.

**ARTICLE XI. COMMISSIONS, BOARDS AND COMMITTEES**

**SECTION 1100. IN GENERAL.**

The City Council may, by ordinance, establish and abolish such commissions and boards as it may determine, from time to time, to be necessary for the effective and efficient governance of the City, to encourage citizen participation in local government and maintain positive human relations in the community.

**SECTION 1101. APPROPRIATIONS.**

The City Council shall appropriate sufficient funds for the efficient and proper functioning of all City commissions and boards.

**SECTION 1102. CHAIRPERSON AND VICE CHAIRPERSON.**

As soon as practicable, following the first day of July of every year, each commission or board of the City shall organize by electing one of its members to serve as its presiding officer, with the title of Chairperson, and electing one of its members as Vice Chairperson. The Chairperson and Vice Chairperson shall each serve at the pleasure of the commission or board.

The Chairperson shall have a voice and vote in all proceedings of the commission or board, shall be the official head of the commission or board for all

ceremonial purposes, and shall perform such other duties as may be prescribed by this Charter or by ordinance. The Vice Chairperson shall perform the duties of the Chairperson during the absence or incapacity of the Chairperson.

**SECTION 1103. PROCEDURES.**

The City Manager shall designate City staff, as necessary, to assist each commission or board, and to keep a record of its proceedings and transactions. Each commission or board may prescribe its own rules and regulations, which shall be consistent with this Charter and applicable ordinances, resolutions and other City Council actions. Such rules and regulations shall be subject to the approval of the City Council and shall be kept on file in the office of the City Clerk where they shall be available for public inspection.

**SECTION 1104. OATHS AND AFFIRMATIONS.**

Any commission or board, and the designated City staff, shall have the power to administer oaths and affirmations in any investigation or proceeding pending before the commission or board.

**SECTION 1105. COMMITTEES.**

The City Council, by ordinance, resolution or other action, may establish and abolish committees for a specified purpose, and shall appropriate sufficient funds for the efficient and proper functioning of such committees.

**ARTICLE XII. CIVIL SERVICE**

**SECTION 1200. MERIT PRINCIPLE.**

Appointments and promotions in the administrative service of the City shall be made according to merit and fitness, to be ascertained, so far as practicable, by competitive examination.

The Civil Service System adopted by the City Council pursuant to State law and in effect prior to the effective date of this Charter, shall continue in full force and effect unless changed by ordinance of the City Council or by amendment to the rules and regulations approved by the City Council. As provided in the State enabling act referred to above, the City Council shall not have the authority to withdraw any departments or employees, including Department Heads, placed in Classified Service, from the operation of such system, either by outright repeal of the Civil Service ordinance or otherwise, unless and until its withdrawal shall have been submitted to the voters of the City at a regular or special municipal election held in the City and shall have been approved by majority vote at a City election.

**SECTION 1201. CLASSIFICATION.**

All Department Heads shall be in the Unclassified Service.

The City Manager, City Attorney, City Clerk and City Treasurer shall be in the Unclassified Service.

**SECTION 1202. APPOINTMENTS FROM CIVIL SERVICE POSITIONS.**

In the event an employee of the City holding a position in the Classified Service is appointed to a position in the Unclassified Service, and within two years is

removed or resigns from that position, the employee shall revert to his or her former position in the Classified Service upon the same terms and conditions as if he or she had continuously remained in that position.

**SECTION 1203. PROHIBITIONS.**

No person shall willfully make any false statements, certificate, mark, rating or report in regard to any application, test certification or appointment held or made under the Civil Service System or in any manner commit or attempt any fraud preventing the impartial execution of such Civil Service System or its rules and regulations.

**ARTICLE XIII. RETIREMENT SYSTEM**

**SECTION 1300. PUBLIC EMPLOYEES' RETIREMENT SYSTEM.**

Plenary authority and power are hereby vested in the City, its City Council and its several officers, agents and employees, to do and perform any act or exercise any authority granted, permitted or required under the provisions of the Public Employees' Retirement Law, as it now exists or hereafter may be amended, to enable the City to continue as a contracting City under the Public Employees' Retirement System. The City Council may terminate the contract with the Board of Administration of the Public Employees' Retirement System, whereby all employees are members of the System, only under authority granted by ordinance adopted by majority vote at a City election.

**ARTICLE XIV. GENERAL PROVISIONS RELATING TO OFFICERS AND EMPLOYEES**

**SECTION 1400. OFFICIAL BONDS.**

The City Council shall fix the amounts and terms of the official bonds of all employees who are required to give such bonds. All bonds shall be executed by a responsible corporate surety, shall be approved as to form by the City Attorney, and shall be filed with the City Clerk. Premiums on official bonds shall be paid by the City.

**SECTION 1401. OATH OF OFFICE.**

Before entering upon the duties of their respective offices, all officers and employees of the City shall take and subscribe to the following oath or affirmation:

"I ....., do solemnly swear (or affirm) that I will support and defend the Constitution of the United States and the Constitution of the State of California against all enemies, foreign and domestic; that I will bear true faith and allegiance to the Constitution of the United States and the Constitution of the State of California; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties upon which I am about to enter."

**SECTION 1402. FINANCIAL INTEREST.**

Except as provided by State law, officers and employees of the City shall not be financially interested in any contract made by them in their official capacity, or by any body or board of which they are members.

Officers and employees of the City shall not be purchasers at any sale or vendors at any purchase made by them in their official capacity.

The office and employment of an officer or employee shall be forfeited, upon a judicial finding of a violation of this section.

#### SECTION 1403. ETHICAL CONDUCT.

It is the policy of the City that all officers and employees of the City shall observe the highest standards of ethics. City officers and employees shall comply with all federal, State and City statutes, laws, ordinances, rules, regulations and policies relating to conflicts of interest, campaign disclosure and ethical conduct, including, but not limited to, those relating to decision-making where the official has a private financial interest; acceptance of gifts and other items of value; acceptance of campaign contributions; use of confidential information; and use of public property and resources. The City Council shall adopt such ordinances and resolutions as it deems necessary to promote ethical conduct in government.

#### SECTION 1404. IMPROPER POLITICAL ACTIVITY.

The officers and employees of the City shall not engage in, nor shall the facilities of the City be used for, improper political activities. The City Council shall have the authority to establish rules and regulations to implement this policy.

### ARTICLE XV. ELECTIONS

#### SECTION 1500. GENERAL MUNICIPAL ELECTIONS.

General municipal elections for the filling of all elective offices, other than the Board of Education, shall be held in the City on the second Tuesday in April in each even-numbered year.

The election of members of the Board of Education shall be held in accordance with State law. Expenses for Board of Education elections shall be paid by the School District.

#### SECTION 1501. SPECIAL MUNICIPAL ELECTIONS.

The City Council may, at its discretion, call an election for any reason sanctioned by law at any time it deems necessary. Such election shall be known as a special municipal election.

#### SECTION 1502. ELECTIONS OFFICIAL.

The City Clerk shall be the City's elections official and as such shall supervise the conduct of City elections and shall perform all other duties assigned by State law to the City's elections official. In all such matters, the City Clerk shall act in a fair and impartial manner, in accordance with all applicable provisions of this Charter, State law and City ordinances. Neither the City Council, nor individual Council Members shall interfere with the City Clerk in the performance of the duties assigned by this section.

#### SECTION 1503. PROCEDURE FOR HOLDING ELECTIONS.

Unless otherwise provided by this Charter, all City elections shall be held in accordance with applicable provisions of the then current State law.

**SECTION 1504. INITIATIVE, REFERENDUM AND RECALL.**

The rights of the initiative, referendum and recall are reserved to the voters of the City. All applicable provisions of the then current State law governing the initiative, referendum and recall processes shall apply, insofar as such provisions are not in conflict with this Charter.

**SECTION 1505. ELECTIONS BY MAIL.**

The City Council may, by ordinance, authorize the conduct of elections wholly by mail, under which all votes shall be cast in the manner of absentee ballots.

**ARTICLE XVI. FINANCIAL AND FISCAL MATTERS**

**SECTION 1600. FISCAL YEAR.**

The fiscal year of the City government shall begin on the first day of July of each year and end on the thirtieth day of June of the following year; provided, however, that the City Council may, by a vote of at least four-fifths of its members, adopt an ordinance changing the City's fiscal year.

**SECTION 1601. TAX SYSTEM.**

Unless otherwise provided by ordinance, the City shall continue to use, for the purpose of ad valorem municipal taxation, the County system of assessment and tax collection, as such system is now in effect or may hereafter be amended and insofar as such provisions are not in conflict with this Charter.

If the City Council fails to fix the rate and levy taxes on or before August 31st in any year, the rate for the next preceding fiscal year shall thereupon be automatically adopted and a tax at such rate shall be deemed to have been levied on all taxable property in the City for the current fiscal year.

**SECTION 1602. TAX LIMITS.**

Exclusive of special levies permitted by this Charter, the City Council shall not levy a property tax in excess of one percent of the assessed value of taxable property in the City for municipal purposes, unless authorized by a two-thirds vote at a City election.

There shall be levied and collected at the time and in the same manner as other property taxes for municipal purposes are levied and collected as additional taxes, if no other provision for payment thereof is made:

(a) A tax sufficient to meet all liabilities of the City for principal and interest of all bonds or judgments due and unpaid, or to become due during the ensuing fiscal year; and

(b) A tax sufficient to meet all obligations of the City to the Public Employees' Retirement System, or other system for the retirement of City employees due and unpaid or to become due during the ensuing fiscal year.

Special levies, in addition to the above, may be made annually, based on City Council approved estimates, for specific purposes as may be approved by the City Council. The proceeds of any such special levy shall be used for no other purpose than that specified.

**SECTION 1603. BONDED DEBT LIMIT.**

The bonded indebtedness of the City may not exceed the sum of 15 percent of the total assessed valuation of all the real and personal property within the City.

**SECTION 1604. CONTRACTS FOR PUBLIC WORKS.**

The City Council shall, from time to time, establish, by ordinance, procedures to ensure the integrity of awarding all contracts for the construction or improvement of public works, buildings, streets, drains, sewers, utilities, parks and playgrounds. Subject to such exceptions as the City Council may establish, these procedures shall call for soliciting multiple bids for all contracts. The procedures shall be reviewed periodically by the City Council at a public hearing.

The City Council may award a contract without complying with the procedures then in place by a vote of at least four-fifths of its members after a public hearing.

This Charter has been enacted for the collective benefit of the People of the City of Culver City, and is not intended to confer legal rights or remedies upon individual persons or entities that elect to do business with the City. In furtherance of this intention, it is specifically declared that no contractor, person or entity shall be entitled to bring any legal or equitable action against the City alleging that the City failed to perform its obligations under this section or under any ordinance enacted to establish the procedures for awarding public works contracts. Nothing in this paragraph shall prohibit or restrict the City from adopting ordinances or entering into contracts that grant legally enforceable rights to one or more contractors, persons or entities.

**SECTION 1605. PURCHASING OF SUPPLIES, MATERIALS AND EQUIPMENT.**

The City Council shall establish procedures for the purchasing, storing and distribution of all supplies, materials and equipment required by any City department. The City Manager shall direct the implementation of such procedures for all City departments.

**SECTION 1606. RESERVE FUNDS.**

The City Council shall maintain sufficient cash reserves for the purpose of placing the payment of operating expenses of the City on a cash basis. The reserves shall be built from any available sources, and in combination with anticipated revenues shall be sufficient to meet all lawful demands against the City. Transfers may be authorized by the City Council from one fund to another fund or funds in such amounts as may be required to place those funds as nearly as possible on a cash basis. In case of such transfers, monies shall be returned to the fund from which they were transferred as they become available.

**SECTION 1607. CAPITAL FUNDS.**

The funds for capital improvements, previously created, are hereby continued in existence. The City Council by ordinance may create a special fund or funds for a special capital improvement purpose. Subject to the restrictions of the Constitution, the City Council may levy and collect taxes for capital improvements and

may include in the annual tax levy a levy for such purposes in which event it must apportion and appropriate to any such fund or funds the money derived from such levy. It may not, in making such levy, exceed the maximum tax rate provided for in this Charter, unless authorized by majority vote at a City election. The City Council may transfer to any such fund any unencumbered surplus funds remaining on hand in the City at any time.

Once established, such fund shall be restricted to only the purposes for which it was created, unless the assent of the voters is expressed to the use of such fund for some other purpose by majority vote at a City election.

**SECTION 1608. CLAIM REQUIRED FOR ACTIONS AGAINST CITY.**

No suit may be brought on any claim for money or damages against the City, the City Council, or any City commission, board, committee, officer or employee until a claim has been presented and rejected in whole or in part in accordance with procedures adopted by the City Council for the regulations of claims, subject to the provisions of State law.

**SECTION 1609. INDEPENDENT AUDIT REQUIRED.**

At the beginning of each fiscal year, the City Council shall employ an independent, certified public accountant or firm of such accountants who, at such time or times as may be specified by the City Council, shall examine the books, records, inventories and reports of the City and of all officers and employees of the City who receive, handle or disburse public funds and of all such other City officers, employees and departments as the City Council may direct. As soon as practicable after the end of the fiscal year, a final audit and report shall be submitted by such accountant or firm to the City. Copies of such audit and report shall be provided to each Council Member; and copies shall be placed on file in the office of the City Clerk and made available for inspection by the general public. Such accountant or firm shall have no direct or indirect personal interest in the fiscal affairs of the City or of any of the officers of the City.

**ARTICLE XVII. FRANCHISES**

**SECTION 1700. FRANCHISES.**

The City Council may, by ordinance, grant a franchise to furnish the City and its inhabitants with any public utility or service and to use the public streets for that purpose. The exercise by any person, firm or corporation of any privilege for which a franchise is required without procuring such franchise from the City is prohibited.

Before granting any franchise, the City Council shall adopt a resolution declaring its intention to grant the same, stating the name of the proposed grantee, the character of the franchise and the terms and conditions upon which it is proposed to be granted. Such resolution shall set forth the time and place at which any person may appear before the City Council and be heard. The City Council shall direct the City Clerk to publish the resolution at least once within 15 days of its passage in a newspaper circulated in the City and designated by the City Council.

The date and time fixed for the public hearing shall be not less than 20, nor more than 60 days after the adoption of the resolution.

At the hearing, the City Council shall consider all protests and comments. Thereafter, the City Council may amend, grant or deny the franchise. Such decision shall be final and conclusive, subject to the right of referendum of the People. The provisions of this section shall not apply to a transfer or assignment of an existing franchise.

#### ARTICLE XVIII. REVENUE RETENTION

##### SECTION 1800. REDUCTIONS PROHIBITED.

With regard to municipal affairs and areas not preempted by the State, any revenues raised and collected by the City shall not be subject to subtraction, retention, attachment, withdrawal or any other form of involuntary reduction by any other level of government.

##### SECTION 1801. MANDATES LIMITED.

No other level of government shall have the right to require any person acting on behalf of the City to perform any function unless and until the mandating authority provides sufficient funds for the performance of such function. The City Council may instruct any department, commission, board, committee, officer or employee of the City to disregard any mandate for which adequate funding has not been provided.

#### ARTICLE XIX. CHARTER REVIEW COMMITTEE.

##### SECTION 1900. CHARTER REVIEW COMMITTEE.

Beginning in January 2014, and in January every 10 years thereafter, the City Council shall hold a public hearing to consider the need for a comprehensive review of the existing Charter and shall determine whether or not to appoint a Committee to consider and propose amendments to the existing Charter. Within 12 months after its creation, or such other time period as may be specified by the City Council, the Committee shall present to the City Council any proposed amendments to the Charter. The City Council shall act upon the recommendations of the Committee before the last day to place the proposed amendments on the ballot at the next regular municipal election. The City Council may, at its discretion, appoint a Charter Review Committee at any time.

#### ARTICLE XX. SUCCESSION AND TRANSITION

##### SECTION 2000. EFFECTIVE DATE OF CHARTER.

This Charter shall be effective on the later of July 1, 2006, or the date it is accepted and filed by the Secretary of State.

##### SECTION 2001. RIGHTS AND LIABILITIES.

The City shall continue to own, possess and control all rights and property of every kind and nature owned, possessed or controlled by it at the time this Charter takes effect and shall continue to be subject to all its debts, obligations, liabilities and contracts.

**SECTION 2002. EXISTING LAWS, REGULATIONS AND POLICIES.**

All lawful ordinances, resolutions, policies, rules and regulations in force at the time this Charter takes effect, and that are not in conflict or inconsistent with this Charter, are hereby continued in force until they have been duly repealed, amended, changed or superseded by proper authority.

**SECTION 2003. RIGHTS OF OFFICERS AND EMPLOYEES PRESERVED.**

Except as specifically provided, nothing in this Charter shall affect or impair the civil service, pension and retirement rights or privileges of officers or employees of the City, or of any City department existing at the time this Charter takes effect.

**SECTION 2004. CONTINUANCE OF CITY COUNCIL AND BOARD OF EDUCATION.**

The members of the City Council and of the Board of Education of the Culver City Unified School District in office at the time this Charter takes effect shall continue in office until the expiration of their respective terms and until their successors are elected and certified.

**Section 2005. EXISTING COMMISSIONS, BOARDS AND COMMITTEES.**

Commissions, boards and committees previously established by the City Council shall continue to exist and exercise the powers and perform the duties conferred upon them; provided, however, that the City Council may abolish any or all of said commissions, boards or committees and may alter their structure, membership and duties.

The members of the commissions and boards holding office when this Charter takes effect shall continue to hold office until their respective terms of office shall expire and until their successors shall be appointed, or until such time as the body is abolished by action of the City Council.

The members of committees existing when this Charter takes effect shall continue to remain members until they are replaced or removed by the City Council or until the committee is abolished.

**SECTION 2006. EXISTING EMPLOYEES OF THE CITY.**

The present employees of the City shall continue to perform their duties without interruption, subject to this Charter and all applicable provisions of any existing or future ordinance, resolution, rule or law relating to the removal, duties or control of such employees.

**SECTION 2007. EXISTING CONTRACTS AND CONTRACTING PROCEDURES.**

All contracts entered into by the City, or for its benefit, before the effective date of this Charter, shall continue in full force and effect according to their terms.

The procedures for awarding contracts for public works existing at the time this Charter takes effect, will continue to be followed until such time as the City Council establishes, by ordinance, different required procedures.

**SECTION 2008. PENDING ACTIONS AND PROCEEDINGS.**

No civil or criminal action or proceeding that has been brought by or against the City, or any City department and that is pending as of the effective date of this Charter, shall be affected or abated by the adoption of this Charter. All such actions or proceedings may be continued, even if the functions, powers or duties of any City department that is a party to such action or proceeding have been assigned or transferred under this Charter to another City department. In that event, such actions may be prosecuted or defended by the head of the City department to which such functions, powers and duties have been assigned or transferred under this Charter.

**SECTION 2009. CONTINUANCE OF CITY TREASURER.**

The previously elected City Treasurer shall continue to serve until April 8, 2008. Prior to such date, the elected City Treasurer shall exercise all of the duties and functions assigned to the City Treasurer by the Charter in effect immediately prior to the adoption of this Charter, including the supervision and direction of the City's investment function. Should the office of City Treasurer become vacant prior to April 8, 2008, the City Council shall appoint a replacement to serve until April 8, 2008.

**SECTION 2010. CONTINUANCE OF CITY CLERK.**

The person elected to the office of City Clerk at the April 11, 2006, general municipal election shall serve until April 8, 2008. Prior to such date, the elected City Clerk shall exercise all of the duties and functions assigned to the City Clerk by the Charter in effect immediately prior to the adoption of this Charter. Should the office of City Clerk become vacant prior to April 8, 2008, the City Council shall appoint a replacement to serve until April 8, 2008.

**SECTION 2011. ELIMINATION OF TRANSITION PROVISIONS.**

If, in the judgment of the City Attorney, any of the sections included in this Article become obsolete by virtue of the completion of all acts required under those sections, the City Attorney shall so advise the City Council. Upon the adoption by the City Council of a resolution to such effect, the obsolete sections shall be deemed to have expired, and the City Clerk shall then remove those sections from the next printing of this Charter.

**ARTICLE XXI. MISCELLANEOUS****SECTION 2100. VIOLATIONS.**

A violation of any provision of this Charter shall be a misdemeanor, except that such violation may be prosecuted as an infraction at the discretion of the prosecuting authority. The City Council shall, by ordinance, establish the penalties for a violation of this Charter, but in no event shall such penalties exceed the maximum penalties permitted under State law.

Any violation of this Charter may be prosecuted in the name of the People of the State of California or may be redressed by the City through any legal or equitable remedies.

## SECTION 2101. VALIDITY.

If any provision of this Charter, or the application of any Charter provision to any person or circumstance, is held invalid, the remainder of this Charter, and the application of such provision to other persons or circumstances, shall not be affected.

Certified to be a true copy by Gary Silbiger, Mayor, and Christopher Armenta, City Clerk.

Date of Municipal Election: April 11, 2006.

Charter Chapter 16—City of Albany

***Amendments to the Charter of the City of Albany***

[Filed with the Secretary of State July 20, 2006.]

Section 3.23 APPOINTEE PROCEDURES.

a. Except as otherwise provided in this Charter, all members of commissions, boards, committees, task forces, or any other similar bodies, who are appointed by the Mayor or by individual Council members, shall serve for a term lasting until the next general municipal election, unless re-appointed. This requirement includes those ratified by the City Council as a whole. In the case of appointments made by the Council as a whole, and where the Mayor or individual Council members do not make nominations, the terms shall extend until the next general municipal election, unless otherwise established by ordinance or resolution. In the event a Council member ceases to serve a full term for any reason, the appointees of that Council member may be replaced or re-appointed by the successor Council member and the new appointee shall serve until the next general municipal election. The City Council may establish by ordinance or resolution provisions for the orderly transition between terms of appointees after the election or appointment of Council members. The City Council may establish a committee, commission board, task force, or other advisory body with a time frame of less than two years. In such case, the term of the appointees shall coincide with the time frame established by the City Council.

Procedures and policies for appointment, renewal, terms and qualifications of appointees, not inconsistent with this Charter, may be established by ordinance or resolution of the Council.

b. The City Council shall establish by ordinance or resolution a policy, to be applied equally to all appointees, for automatic removal due to excessive absenteeism, conviction for a felony, or for failure to maintain a residence in Albany unless Council specifically provides for non-resident members.

c. Any other removal shall be only for cause and then only by a majority vote of the City Council. Appointees shall be notified of such cause, in writing, at least twenty-one (21) days prior to the vote of the City Council.

Certified to be a true copy by Allan Maris, Mayor, and Jacqueline L. Bucholz, CMC, City Clerk.

Date of Special Election: June 6, 2006.

Charter Chapter 17—City of Chula Vista

***Amendments to the Charter of the City of Chula Vista***

[Filed with the Secretary of State August 4, 2006.]

Section 305.5 and 305.6 are hereby added to the Charter of the City of Chula Vista to read as follows:

**305.5 Limitations on Powers of Eminent Domain**

Eminent domain is not to be used to further private economic development. The City of Chula Vista shall not initiate or participate in any proceedings, or take any action to condemn private property for the purpose of making such property available for private development, nor shall the City participate, directly or indirectly, in such takings. “Participation” means contributing, lending, providing, pledging, or foregoing, any funds, property, credit, in-kind services, or incurring any debt or lease obligation, or providing any other thing of value to any agency, organization, or project. Notwithstanding these prohibitions, the City of Chula Vista may participate in proceedings to condemn private property for the purpose of making such property available for private development if such participation is approved by a majority of the voters in the City.

**Section 305.6 Minimum Public Use Period**

Property acquired by the City of Chula Vista through the use of eminent domain after the effective date of this charter amendment must be held or used for a public use by the City for a minimum ten year period prior to sale, lease, transfer or other disposition by the City.

Charter Chapter 19—City of Stockton

***Amendments to the Charter of the City of Stockton***

[Filed with the Secretary of State August 4, 2006.]

The City Council of the City of Stockton hereby submits to the qualified electors of the City of Stockton an amendment to Article VIII, Section 803 of, the Charter of the City of Stockton to amend the Recall of elective Officers provision in regards to the Special Election as follows:

If the officer sought to be removed does not resign within five (5) calendar days after the City Clerk serves written notice of the certificate of sufficiency and if the recall petition requests a special election, the City Council shall cause a special election to be held in accordance with the timelines specified in the Elections Code of the State of California to determine whether the people will recall said officer. If a general municipal election is to occur within ninety (90) days of the order for the recall election, the City Council may in its discretion postpone the holding of the special election to such general municipal election.

The officer sought to be removed shall, if such officer does not resign, continue to perform the duties of office until the election.

Certified to be a true copy by Edward J. Chavez, Mayor, and Katherine Gong Meissner, City Clerk.

Date of Municipal Election: June 6, 2006.

Charter Chapter 20—City of Sunnyvale

***Amendments to the Charter of the City of Sunnyvale***

[Filed with the Secretary of State August 21, 2006.]

Section 1002 of Article X of the Charter of the City of Sunnyvale is amended to read as follows:

Section 1002. Appointments. Qualifications. Except as otherwise provided in this Article:

The members of each board or commission shall be appointed, and shall be subject to removal, by motion of the City Council adopted by at least four affirmative votes.

No member of any board or commission shall be eligible to serve for more than two four year terms nor shall such member be eligible for appointment to the same

board or commission for two years after the expiration of the full term for which the member was appointed and served. Any person appointed to a board or commission to fill an unexpired term of not more than two years in length shall be eligible to serve two full four year terms upon the expiration of the unexpired term for which such person was appointed.

Any person appointed to a board or commission shall be immediately eligible, upon the expiration of their term, to serve on a different board or commission.

Unless otherwise provided, the members first appointed to boards and commissions composed of four members shall so classify themselves by lot that each succeeding July 1st, the term of one of their number shall expire. If the total number of the members of a board or commission to be appointed exceeds four, the classification by lot shall provide for the grouping of terms to such an extent as is necessary in order that the term of at least one member shall expire on each succeeding July 1st.

Certified to be a true copy by Dean J. Chu, Mayor, and Katherine Bradshaw Chappelle, City Clerk.

Date of Election: November 8, 2005.

Charter Chapter 21—County of San Diego

***Amendments to the Charter of the County of San Diego***

[Filed with the Secretary of State September 11, 2006.]

Section 301: County Authority. The County may exercise its powers only through a five-member Board of Supervisors or through persons authorized by general law, this Charter, County ordinance, or by resolution, policy or order approved by the Board.

Section 403: Election of Presiding Officer. At its first meeting following the first Monday after January first, or within thirty (30) days thereafter, the Board shall elect a Chairperson, Vice-Chairperson, and Chairperson Pro Tem. The Vice-Chairperson has full authority to act as the Chairperson if the Chairperson is absent or unable to act. The Chairperson Pro Tem has full authority to act as the Chairperson if both the Chairperson and Vice-Chairperson are absent or unable to act.

Section 501: Duties. The Board shall appoint the following appointive officers:

- (a) The Chief Administrative Officer;
- (b) The County Counsel;
- (c) The Probation Officer, subject to the confirmation by a majority of the judges of the San Diego County Superior Court; and
- (d) The Clerk of the Board of Supervisors.

All other appointive officers, either established by this Charter, general law or ordinance, shall be appointed by the Chief Administrative Officer.

Section 501.1: The Board shall establish, by ordinance, the number of non-elective employee positions and designate all positions as either regular or temporary, and also shall provide for the powers, duties, qualifications, and the manner and terms of appointment of employees to such positions.

Section 501.2: The Board shall adopt an ordinance to establish the compensation of all officers and employees, which also shall implement and conform to any applicable compensation provisions contained in memorandums of agreement with recognized employee organizations for those employees represented by such organizations. When establishing compensation, the Board shall consider, among other factors, the following:

(a) the prevailing rate of compensation paid and fringe benefits provided by private employers in the County and by other public employees in the State for similar quality or quantity of service;

(b) the fringe benefits provided by the County; and

(c) the revenues available to the County for payment of compensation. The Board of Supervisors shall not delegate legislative power or responsibility which they were elected to exercise in the adoption of any ordinance or resolution setting compensation for appointive County officers and employees. This prohibition against unlawful delegation of the legislative responsibility to set compensation for appointive County officers and employees shall extend to any scheme or formula which seeks to fix the compensation of appointive County officers and employees at the level of compensation paid to officers or employees of any other public agency.

Section 501.3: The Board shall require adequate bond or, in the alternative, an insurance policy in accordance with state general law, the premium for which is paid by the County, from all officers and employees who handle funds and, when necessary, from other officers and employees.

Section 600: Elective Officers. In addition to Supervisors, the elective officers are:

- (a) Assessor/Recorder/County Clerk
- (b) District Attorney
- (c) Sheriff, and
- (d) Treasurer/Tax Collector,

each of whom is nominated and elected according to general law and this Charter.

The members of the County Board of Education are elective officers of the County Board of Education pursuant to Section 603.

Section 700: Appointive Officers. The appointive officers include:

- Alternate Public Defender
- Auditor and Controller
- Chief Financial Officer

Chief Information Officer  
 Chief Probation Officer  
 Clerk of the Board of Supervisors  
 County Counsel  
 County Librarian  
 County Veterinarian  
 Director of Agriculture, Weights & Measures  
 Director of Animal Services  
 Director of Child Support Services  
 Director of Emergency Services  
 Director of Environmental Health  
 Director of General Services  
 Director of Health and Human Services Agency  
 Director of Housing & Community Development  
 Director of Human Resources  
 Director of Media and Public Relations  
 Director of Parks and Recreation  
 Director of Planning and Land Use  
 Director of Public Works  
 Director of Purchasing and Contracting  
 Medical Examiner  
 Public Administrator/Public Guardian  
 Public Defender  
 Registrar of Voters

and all other officers who may be required by general law or ordinance. Notwithstanding this listing of appointive officers, the Board of Supervisors by ordinance may establish or abolish appointive offices, or revise their respective titles, in accordance with general law or this Charter.

Section 701: [Reserved.]

Section 702: [Reserved.]

Section 703: Chief Administrative Officer. The Chief Administrative Officer exercises the Board's administrative supervision over affairs of the County delegated to that officer and over all departments, except the Civil Service Commission and the offices of Assessor/Recorder/County Clerk, District Attorney, Sheriff, and the Treasurer/Tax Collector. The Chief Administrative Officer is responsible to the Board for the proper administration of such affairs of the County.

Section 703.8: [Reserved.]

Section 704: County Counsel. The County Counsel serves as the attorney for the County, and in that capacity acts as legal advisor to the Board and County officials in their official capacity. County Counsel also represents the County, which acts through the Board and County officers, in their official capacity, in civil actions and proceedings in which they are involved. In accordance with state

law, the Board may, but is not required to, authorize County Counsel to defend officers and employees, who are defendants in a criminal or administrative action prosecuted by the State or County.

Section 704.1: The County Counsel performs all of the duties of a district attorney, except those of a public prosecutor, and all duties which a County Counsel is authorized by statute, this Charter, or County ordinance to perform.

Section 705: Purchasing Agent. The Director of Purchasing and Contracting acts as the Purchasing Agent. Except in cases of emergency, the Purchasing Agent shall make all purchases for the County and may make them only upon receipt of a requisition signed by an official authorized by the Board. Emergency purchases may be made by others authorized by the Board, but they shall be subsequently either approved by the Purchasing Agent or ratified by a four-fifths vote of the Board. Purchases of property for the County are invalid unless made as specified in this section.

Section 707: [Reserved.]

Section 902: Administration. The Director of Human Resources, who is appointed by the Chief Administrative Officer, is responsible for the administration of the personnel department in accordance with this Charter, the Rules for the Unclassified Service, and the Rules for the Classified Service which also are referred to as Rules for the Civil Service in this Charter.

Section 904.5: The Commission may advise the Director of Human Resources, the Chief Administrative Officer and the Board on matters concerning personnel policies and the administration of the personnel system.

Section 908.2: The Unclassified Service consists of:

(a) elective officers, their chief deputies, and special assistants employed by the elective officers;

(b) the Assistant District Attorney, the Chief Deputy District Attorney, the Chief of the Bureau of Investigation, the Assistant Chief of the Bureau of Investigation and the Confidential Secretary to the District Attorney, and not more than three special assistants designated by the District Attorney;

(c) the Under-Sheriff, three Assistant Sheriffs, and not more than three special assistants or deputies designated by the Sheriff;

(d) each appointive County officer appointed by the Board of Supervisors or the Chief Administrative Officer and that officer's principal assistant, or principal assistants.

(e) management employees having significant responsibilities for formulating or administering County policies and programs. Each such position shall be exempted from the Classification Service, by ordinance, upon recommendation of the Chief Administrative Officer and approval by the Board;

(f) members of appointed boards and commissions;

(g) an Executive Officer employed by the Civil Service Commission;

(h) persons serving without compensation;

- (i) officers and employees whose appointments must be approved by the State;
- (j) students engaged in regularly established, accredited training programs;
- (k) persons employed as guards or keepers in law enforcement agencies, including the offices of Sheriff and Chief Probation Officer, for no more than one hundred and twenty (120) working days during a fiscal year;
- (l) deputy registrars of voters employed only to register electors and election workers;
- (m) persons employed seasonally as guards, custodians, rangers, or caretakers in County parks;
- (n) persons employed for temporary expert professional services in positions that have been exempted from the Classified Service by the Director of Human Resources for a specified period; and
- (o) persons employed for no more than one hundred and twenty (120) working days during a fiscal year on a part-time or intermittent basis in positions exempted from the Classified Service by the Director of Human Resources.

Section 909: Appointment and Dismissal of Employees. Officers shall have the power to appoint employees to positions that the Board may authorize.

Section 910: Rules for Civil Service. The Civil Service Rules, which have the force and effect of law, are implemented by the Director of Human Resources under the administrative jurisdiction of the Chief Administrative Officer. The Commission reviews proposed Rules and amendments and, after a public hearing, makes any modifications it deems appropriate, and transmits the Rules and amendments to the Board. The Board adopts or rejects, but may not modify, the Rules and amendments following review by the Commission in accordance with the procedures established pursuant to Section 910.1(l).

Section 910.1: The Rules for the Classified Service shall include provisions for:

- (a) determining the classification of all positions according to duties and responsibilities;
- (b) the development of a County career service;
- (c) appointments, not exceeding a period of one year, to temporary positions;
- (d) open and promotional competitive examinations for classified employees to measure the relative fitness of applicants; and the creation of eligible lists of persons qualified through examination and their certification therefrom;
- (e) a process for the temporary suspension of competitive examinations where impractical for positions requiring extraordinary, scientific, professional or expert qualifications;
- (f) the making of provisional appointments in the absence of eligible lists. Provisional appointments shall not exceed six months and may not be renewed;
- (g) probationary periods of six months for classified employees appointed to regular positions from eligible lists. Such probationary periods may be extended to no more than eighteen months for Deputy Sheriffs or no more than twelve months for all other classified employees, upon approval of the Director of Human

Resources. An appointing authority has the right to dismiss a person in the Classified Service during the probationary period if the appointing authority considers the employee unsatisfactory for or incompetent to fulfill the duties of the position. The appointing authority of an employee dismissed during probation shall give the dismissed employee a statement of the reasons for dismissal, and shall file such statement with the Director of Human Resources; the dismissed employee shall have no right of appeal to the Commission;

(h) procedures for the transfer of employees within the County service;

(i) performance appraisals;

(j) the disciplining of employees in the Classified Service for cause and their rights of appeal;

(k) the appeal processes to be conducted under the jurisdiction of the Commission; and

(l) the review of proposed Rules for the Classified Service and amendments to those Rules.

Section 911: Preferential Credits. In open examinations the Director of Human Resources shall, in addition to all other credits, give a credit of five percent of the maximum rating prescribed for the examination to successful examinees who have served during a war (as war is now defined in Section 205 of the State's Revenue and Taxation Code or as it may be defined if that section is amended) in the military or naval service of the United States, including all uniformed auxiliaries authorized by Congress, and who have subsequently been separated, placed on inactive duty, or retired under honorable conditions without full pensions. However, the Director of Human Resources gives the credit to veterans only once, only upon their first employment or reemployment after disengagement from service, and only during the eight-year period following their disengagement.

Section 913.1: The Board shall establish, by ordinance, the types of expenditures which can be reimbursed and the manner and rates of reimbursement. The ordinance shall implement and conform to any applicable reimbursement provisions contained in memorandums of agreement with recognized employee organizations.

Certified to be a true copy by Bill Horn, Chairman of the Board of Supervisors, and Thomas J. Pastuszka, Clerk of the Board of Supervisors.

Date of Election: June 6, 2006.

Charter Chapter 22—County of San Diego

### *Amendments to the Charter of the County of San Diego*

[Filed with the Secretary of State September 11, 2006.]

Section 401.3: A candidate who receives a majority of all votes in the primary election is elected. When no candidate is so elected, the two candidates who

receive the highest number of votes in the primary are the candidates in the general election, and the one who receives the higher number of votes in the general election is elected. In the event there are no more than two candidates for one office, the office shall be voted upon at the primary election. Write-in candidates are permitted in the primary election in accordance with state general law. However, no write-in candidates are permitted to participate in the general election.

Section 401.4: In the event a vacancy occurs in the office of supervisor, the remaining members of the Board shall within thirty (30) days of the vacancy fill the vacancy either by appointment for the unexpired term, by appointment until the qualification of a successor elected at a special election or by calling a special election. If the remaining members of the Board fail to fill the vacancy within such thirty (30) day period, the remaining members of the Board shall immediately cause a special election to be held to fill such vacancy. A special election to fill a vacancy in the office of Supervisor shall consist of a special primary election and if necessary, a special general election. A special primary election shall be held in the Supervisorial district in which the vacancy occurred on a Tuesday, at least 56 days, but not more than 63 days, following the adoption of the resolution calling the special election, except that any such special primary election may be conducted within 180 days following the adoption of such resolution in order that the special primary election or special general election may be consolidated with the next regularly scheduled statewide election.

Candidates at the special primary election shall be nominated in the manner set forth in the Elections Code for the nomination of candidates for a nonpartisan office for a direct primary election, except that nomination papers shall not be circulated prior to the adoption of the resolution calling the special election and shall be filed with the Registrar of Voters for examination not less than 43 days before the special primary election.

If only one candidate qualifies for the special primary election, that candidate shall be appointed to the vacancy by the remaining members of the Board for the unexpired term, shall serve exactly as if elected to such vacancy, and no special primary election or special general election to fill the vacancy shall be held. A candidate who receives a majority of all votes in the special primary election is elected to fill the vacancy for the unexpired term, and no special election shall be held. In the event there are no more than two candidates for a vacancy, the office shall be voted upon at the special primary election, and no special general election shall be held.

When no candidate receives a majority of all votes in the special primary election, a special general election shall be held on the fourth Tuesday after the special primary election. The two candidates who received the highest number of votes in the special primary election shall be the candidates in the special general election, and the one who receives the higher number of votes in the special general election is elected to fill the vacancy for the unexpired term. Write-in can-

didates are permitted in the special primary election in accordance with state general law. However, no write-in candidates are permitted to participate in the special general election.

In a special election to fill a vacancy in the office of supervisor, the Board may authorize either the special primary election or the special general election, or both, to be conducted wholly by mail, provided that the special primary election or the special general election to be conducted by mail does not occur on the same date as the statewide election with which it has been consolidated. In no event may a special primary election or a special general election be conducted on the day after a state holiday.

Section 500.2: Unless otherwise specified in this Charter, the Board has the power to fill, by appointment, any vacancy that occurs in an elective office specified under Section 600 (a) through (d) of this Charter. The appointee holds office until the election and qualification of a successor. The successor is elected at the next primary election, or at the next primary and general elections, to complete the term, if it does not expire the following January, or to begin a new term of office. For all elections involving the elective offices specified under Section 600 (a) through (d), write-in candidates are permitted in the primary election in accordance with state general law. However, no write-in candidates are permitted to participate in the general election.

Certified to be a true copy by Bill Horn, Chairman of the Board of Supervisors, and Thomas J. Pastuszka, Clerk of the Board of Supervisors.

Date of Election: June 6, 2006.

Charter Chapter 24—City of Santa Cruz

***Amendments to the Charter of the City of Santa Cruz***

[Filed with the Secretary of State December 5, 2006.]

**SECTION 1430—UTILITY SERVICE AREA EXPANSION**

Subject to the qualifications set forth in Section 1430 and absent direction to do so by the State of California Local Agency Formation Commission, in order to preserve the limited remaining water capacity that is available to current utility users and in order to conserve capacity in the City's wastewater treatment plant, the Council shall not initiate an expansion of the City's water service area or sewer service area unless authorized to do so by majority vote of the qualified electors of the City of Santa Cruz.

The Council shall, by a majority vote of the full City Council, be authorized to initiate an expansion of the City's water service area only upon finding that the expansion is necessary to protect the health, safety, and welfare of the applicant seeking service; that the property which is the subject of the expansion application formerly received water service from another water source; that the water source of that former water service is no longer viable or available; and that the applicant has demonstrated there is no viable alternative other than a connection to the City water system.

The Council shall, by a majority vote of the full City Council, be authorized to initiate an expansion of the City's sewer service area only upon finding that the expansion is necessary to protect the health, safety, and welfare of the applicant seeking service; that the property which is the subject of the expansion application has previously received septic or sewer service; and that the sewer service, if any, is no longer available to serve the property which is the subject of the expansion application or is incapable of treating the sewage to the same level that sewage is treated by the City's wastewater treatment plant.

Certified to be a true copy by Cynthia Mathews, Mayor, and Leslie Cook, City Clerk.

Date of Election: November 7, 2006.

Charter Chapter 25—City of Los Angeles

***Amendments to the Charter of the City of Los Angeles***

[Filed with the Secretary of State December 13, 2006.]

The Charter of the City of Los Angeles is hereby amended to read as follows: Article II, Section 206; Article IV, Subsections (c) and (l) of Section 470; and Article V, Subsection (d) of Section 501, to read, all as detailed below:

Section 1. Section 206 of the City Charter is amended to read:

Section 206. Term Limits.

No person may serve more than two terms of office as Mayor. No person may serve more than two terms of office as City Attorney. No person may serve more than two terms of office as Controller. No person may serve more than three terms of office as member of the City Council. These limitations on the number of terms of office shall apply only to terms of office that began on or after July 1, 1993. These limitations on the number of terms of office shall not apply to any unexpired term to which a person is elected or appointed if the remainder of the term is less than one-half of the full term of office.

Section 2. Subsection (c) of Section 470 of the City Charter is amended by adding a new Subdivision (11) to read:

(11) No elective City officer or candidate for elective City office, nor any of his or her City controlled committees, shall solicit or accept any contribution to the officer or candidate, or to any of his or her City controlled committees, from any lobbyist or lobbying firm registered to lobby the City office for which the candidate is seeking election, or the current City office, commission, department, bureau or agency of the candidate or officer. No person required by ordinance to be registered as a lobbyist or lobbying firm shall make any contribution to an elective City officer or candidate for elective City office, or to any of his or her City controlled committees, if the lobbyist or lobbying firm is required by ordinance to be registered to lobby the City office for which the candidate is seeking election, or the current City office, commission, department, bureau or agency of the candidate or officer.

Section 3. Subsection (l) of Section 470 of the City Charter is amended to read:

(l) Campaign Expenditures—Uncontrolled by Candidate or Committee. Persons or organizations not subject to the control of a candidate or committee but who make independent expenditures for or against a candidate or committee shall comply with the applicable disclaimer requirements established by ordinance.

Section 4. Subsection (d) of Section 501 of the Los Angeles City Charter is amended to read:

(d) Qualifications.

(1) No person shall be appointed to a Charter created commission who is not a registered voter of the City. This requirement shall also apply to standing commissions created by ordinance that are advisory to, or manage, a department or office, or perform regulatory functions. This requirement does not apply to commissioners who are elected or who serve ex officio.

(2) No person who is required by ordinance to be registered as a lobbyist shall be appointed to a commission whose members are required to file financial disclosure statements pursuant to the California Political Reform Act.

Certified to be a true copy by Eric Garcetti, President of the City Council, and Maria Kostrencich, Council Clerk.

Charter Chapter 26—City of San Diego

***Amendments to the Charter of the City of San Diego***

[Filed with the Secretary of State December 13, 2006.]

Section 117 of the Charter of the City of San Diego is amended to read as follows:

**SEC. 117 UNCLASSIFIED AND CLASSIFIED SERVICES**

Employment in the City shall be divided into the Unclassified and Classified Service.

(a) The Unclassified Service shall include:

1. All elective City Officers
2. Members of all boards and commissions
3. All department heads and one principal assistant or deputy in each department
4. One assistant to Mayor
5. City Manager, Assistant City Manager, and Assistants to the City Manager
6. City Clerk
7. Budget Officer
8. Purchasing Officer
9. Treasurer
10. All Assistant and Deputy City Attorneys
11. Industrial Coordinator
12. The Planning Director
13. A Confidential Secretary to the Mayor, City Council, City Manager, Police Chief, City Attorney
14. Officers and employees of San Diego Unified School District

15. Persons employed in positions for expert professional temporary service when such positions are exempted from the Classified Service for a specified period of temporary service by order of the Civil Service Commission

16. Interns including, but not limited to, Administrative Interns and Legal Interns, temporarily employed in regularly established training programs as defined in the job specifications of the City

17. Managerial employees having significant responsibilities for formulating or administering departmental policies and programs. Each such position shall be exempted from the Classified Service by ordinance, upon the initiation of the appropriate appointing authority and after receiving the advisory review and comment of the Civil Service Commission and the approval of the City Council.

(b) The Classified Service shall include all positions not specifically included by this Section in the Unclassified Service; provided, however, that the incumbents in the positions of the Planning Director and the Principal Assistant to the Planning Director on January 1, 1963 shall remain in the Classified Service until the respective positions are vacated by the incumbents.

(c) The City may employ any independent contractor when the City Manager determines, subject to City Council approval, City services can be provided more economically and efficiently by an independent contractor than by persons employed in the Classified Service while maintaining service quality and protecting the public interest. The City Council shall by ordinance provide for appropriate policies and procedures to implement this subsection. Such ordinance shall include minimum contract standards and other measures to protect the quality and reliability of public services. A City department shall be provided with an opportunity and resources to develop efficiency and effectiveness improvements in their operations as part of the department's proposal. The City Manager shall establish the Managed Competition Independent Review Board to advise the City Manager whether a City department's proposal or an independent contractor's proposal will provide the services to the City most economically and efficiently while maintaining service quality and protecting the public interest. The City Manager will appoint seven (7) members to the Board. Four (4) shall be private citizens whose appointments shall be subject to City Council confirmation. Each shall have professional experience in one or more of the following areas: finance, law, public administration, business management or the service areas under consideration by the City Manager. Three (3) shall be City staff including a City Manager staff designee, a City Council staff designee and the City Auditor and Comptroller or staff designee. Such appointees shall not have any personal or financial interests which would create conflict of interests with the duties of a Board member. Members of the Board shall be prohibited from entering into a contract or accepting employment from an organization which secures a City contract through the managed competition process for the duration of the contract. The City Council shall have the authority to accept or reject in its entirety any proposed agreement with an independent contractor submitted by the City

Manager upon recommendation of the Managed Competition Independent Review Board. The City Manager shall have the sole responsibility for administering and monitoring any agreements with contractors. The City Manager shall be required to produce annual performance audits for contracted services, the cost of which must be accounted for and considered during the bidding process. In addition, the City Manager shall seek an independent audit every five (5) years to evaluate the City's experience and performance audits. During the period of time that the City operates under the Strong Mayor form of governance pursuant to Article XV, the reference herein to City Manager shall be deemed to refer to the Mayor.

Section 143.1 of the Charter of the City of San Diego is amended to read as follows:

**SEC. 143.1 APPROVAL OF RETIREMENT SYSTEM BENEFITS**

**143.1 Approval of Retirement System Benefits**

(a) No ordinance amending the retirement system which affects the benefits of any employee under such retirement system shall be adopted without the approval of a majority vote of the members of said system. No ordinance amending the retirement system which increases the benefits of any employee, legislative officer or elected official under such retirement system, with the exception of Cost of Living Adjustments, shall be adopted without the approval of a majority of those qualified electors voting on the matter. No ordinance amending the retirement system which affects the vested defined benefits of any retiree of such retirement system shall be adopted without the approval of a majority vote of the affected retirees of said retirement system.

(b) Prior to any proposed amendment of the retirement system which increases benefits of any employee, legislative officer or elected official under such retirement system being placed on the ballot, the retirement system shall prepare an actuarial study of the cost due to the benefit changes proposed based upon the amortization schedules established by Charter Section 143. A summary of the actuarial study shall be published in the ballot pamphlet.

(c) Nothing in subsection (a) of this section shall prevent City officials from negotiating tentative agreements with employee organizations incorporating benefit changes to the extent permitted by state law, provided, however that no amendment of the retirement system which increases benefits, with the exception of Cost of Living Adjustments, of any employee, legislative officer or elected official under such retirement system, shall become binding or effective until approved by a majority of those qualified electors voting on the matter, and shall not have any force or effect if rejected by said voters. The City Council shall have no authority to enter into final or binding agreements regarding retirement system benefits increases until and unless those increases to retirement system benefits are approved by a majority of those qualified electors voting on the matter.

(d) The requirement for voter approval of retirement system benefit increases shall become operative on January 1, 2007, for all proposed increases in retirement system benefits tentatively agreed upon by the City on or after that date. This

requirement shall remain in effect for a period of fifteen (15) years from that date, at which time this requirement shall be automatically repealed and removed from the Charter.

Charter Chapter 27—City of Chula Vista

***Amendments to the Charter of the City of Chula Vista***

[Filed with the Secretary of State December 20, 2006.]

Section 300.D. is hereby amended to read:

Section 300.D. No person shall be eligible for nomination and election to the office of City Councilmember or Mayor for more than two (2) consecutive terms, and no person who has held a Council office for a period of two (2) consecutive terms or the office of Mayor for two (2) consecutive terms, may again seek nomination and election to said offices of Council or Mayor respectively until a period of one (1) year from the termination of the second term for Councilmember or Mayor has elapsed; provided, however, that any person who is appointed by the Council to fill the office of Council or Mayor may not seek nomination and election to said offices of Council or Mayor until a period of one year from the termination of the appointed term has elapsed. Said appointee shall be eligible to seek nomination and election for two (2) full terms thereafter. Any person elected in a special election for the balance of a regular term of Mayor and/or Council for a period of two (2) years or less may seek nomination and election for two (2) full terms thereafter.

Section 303.C. is hereby amended to read:

Section 303.

C. Unanticipated Vacancies.

Except under the circumstances hereinabove provided in paragraph B, the City Council shall fill such vacancy by election or appointment as set forth herein.

1. If a vacancy is declared by the Council with one (1) year or less remaining in the term from the date of declaration, the Council shall within 45 days appoint a person to fill the vacant seat on the City Council.

In the event Council shall make such an appointment, such an appointee office holder shall be entitled to hold office until a successor subsequently qualifies at the expiration of the remaining Council or Mayoral term.

If the Council is unable to make an appointment, the Council's power to appoint within 45 days of declaration of vacancy is hereby terminated for the duration of such minimal remaining term and the seat will remain vacant. The Council shall use good faith and best efforts to reach agreement on such an appointment. If the

Council is unable to make an appointment during the allotted time, the Council's power to appoint is terminated.

2. If a vacancy declared by the Council occurs with more than one (1) year remaining in the term from the date of said declaration, the Council shall call a special election to be held on the next established election date, as specified in the Elections Code of the State of California, or within 120 days from the declaration of vacancy, whichever is practical, unless there is a federal, state, or local election scheduled to be held within 180 days of the declaration of the vacancy. If there is a federal, state, or local election scheduled to be held within 180 days of the declaration of the vacancy, the Council may consolidate the special election with that election, as provided by the Elections Code.

a. If one candidate receives the majority of votes cast for all candidates in the special election, the candidate receiving the majority of votes cast shall be deemed to be and declared by the Council to be elected to the vacant office.

b. If no candidate receives a majority of votes cast in the special election, a special run-off election shall be held on the next established election date, as specified in the Elections Code, or within 120 days following the certification of the special election results, whichever is practical, unless there is a federal, state, or local election scheduled to be held within 180 days following the certification of the special election results, at which time the Council may consolidate the special run-off election with that election, as provided by the Elections Code. The two (2) candidates receiving the highest number of votes cast for the vacant seat in the first special election shall be the only candidates for the vacant Council seat and the name of only those two (2) candidates shall be printed on the ballot for that seat.

Certified to be a true copy by Cheryl Cox, Mayor, and Susan Bigelow, City Clerk.

Date of Election: November 7, 2006.

Charter Chapter 28—City of Santa Ana

***Amendments to the Charter of the City of Santa Ana***

[Filed with the Secretary of State December 21, 2006.]

Section 1 The Charter of the City of Santa Ana is hereby amended as follows: Article IV, Division 1, Section 400, to read as detailed below:

Sec. 400. Number, selection and terms of members.

The city council shall consist of seven (7) members elected at the times and in the manner provided in this charter, each of whom, except for the mayor, shall serve a term of four (4) years. The term of each member shall begin at 6:00 pm on the second Tuesday of December following certification of election results, and each shall serve except as otherwise provided for in this charter, until his or her

successor is elected and qualified. Each office of councilmember shall be a separate office and, except for the mayor, one (1) of such offices shall be assigned to each of the wards of the city. Candidates for each office of councilmember other than the mayor shall be nominated from such ward by the electors of such ward and candidates for mayor shall be nominated by electors of the city, but all councilmembers shall be elected by the vote of the electors of the city at large.

Section 2 The Charter of the City of Santa Ana is hereby amended as follows: Article IV, Division 2, Section 413, to read as detailed below:

The title of Section 413 of the charter is hereby amended to read: Adoption (Ordinances).

Sec. 413.

Every ordinance shall be introduced in writing. A copy of each ordinance and written resolution shall be available in the council's chambers for public inspection during any council meeting at which the same is to be passed or adopted. No ordinance shall be passed finally on the day it is introduced, except for emergency ordinances as hereinafter defined in Section 415, nor within six (6) days thereafter, nor at any time other than at a regular or adjourned regular meeting. A proposed ordinance may be amended or modified between the time of its introduction and the time of its final passage, providing its general scope and original purpose are retained. The rights and powers conferred on the city council shall be exercised by ordinance, resolution or motion as may be prescribed by the Constitution or Laws of the State of California, and the provisions of this Charter; provided, that each act of the city council establishing a fine or other penalty or granting a franchise shall be by ordinance.

No order for the payment of money shall be adopted or made at any other than a regular or adjourned regular meeting, except when a state of emergency has been declared or at an emergency meeting properly convened.

All ordinances and written resolutions shall be signed by the mayor and attested by the clerk of the council.

Section 3 The Charter of the City of Santa Ana is hereby amended as follows: Article XII, Section 1200, to read as detailed below:

Sec. 1200. Elections—Conducting.

The conduct of all municipal elections by the clerk of the council shall be under the control of the city council which shall, by ordinance or resolution, provide for the holding of all municipal elections.

Certified to be a true copy by Miguel Pulido, Mayor, and Patricia Healy, Clerk of the Council.

Date of Election: November 7, 2006.

## Charter Chapter 29—City of Santa Ana

*Amendments to the Charter of the City of Santa Ana*

[Filed with the Secretary of State December 21, 2006.]

Section 1 The Charter of the City of Santa Ana is hereby amended as follows: Article IV, Division 3, Section 421, to read as detailed below:

The title of Section 421 of the charter is hereby amended to read:

Sec. 421. Non-Public Works Contracts.

(a) The city shall not be bound by any contract unless the same shall be made in writing by order of the city council, except as hereinafter provided, and signed by an officer on behalf of the city who has been authorized to do so by the city council. The approval of the form of all contracts shall be endorsed thereon by the city attorney, or his or her designated representative.

(b) The city council may by ordinance authorize the city manager to bind the city on contracts for such amounts as may be established from time to time. At least quarterly, the city manager shall place on the city council agenda for information, a report of contracts let by the city manager pursuant to authority granted hereby. That report shall include the identities of contractors and amounts of each contract.

(c) The city council shall establish by ordinance rules and procedures for competitive bidding for purchase of, or contracts for materials, supplies, equipment, or services, including exceptions from formal bidding as the city council may deem appropriate, including providing for emergencies. Nevertheless, such rules and procedures shall provide, where feasible, for review of such alternative sources of such materials, supplies, equipment, or services, including professional services, as may be available in competition with one another and selection therefrom on the basis of obtaining maximum quality goods, services, or performance at minimum cost, and may provide for use of other public agency bidding and contracting processes where found to be otherwise consistent with this charter. Nothing herein contained shall authorize any person to bind the city on any such contract if the same be a portion of a larger purchase or series of purchases which, in the aggregate, exceed the authority set by the city council hereunder.

Section 2 The Charter of the City of Santa Ana is hereby amended as follows: Article IV, Division 3, Section 422, to read as detailed below:

The title of Section 422 of the charter is hereby amended to read:

Sec. 422. Public Works Contracts.

(a) For purposes of this section, “public works construction” shall be deemed to mean a project for the erection or improvement of public buildings, streets, drains, sewers, or parks. Maintenance and repair of public buildings, streets, drains, sewers, or parks shall not be considered as public works construction.

(b) Every contract for public works construction in excess of that amount set from time to time by ordinance of the city council pursuant to (c) below, shall be made by the city council with the lowest and best bidder after publication for at

least two (2) days in a newspaper of general circulation in the city of notice calling for bids and fixing a period during which such bids will be received, which shall be for not less than ten (10) days after the first publication of said notice, except where alternate contracting procedures are utilized pursuant to (c), below.

(c) The city council shall adopt by ordinance rules and procedures for competitive bidding for all public works contracts, which rules and procedures shall establish limits for public works contracts approved by the city manager. Such rules and procedures shall establish criteria for thresholds for formal and informal bidding, and notice requirements therefor; standards for rejection of bids and dispensing with bidding; criteria and procedures for prequalifying bidders and contractors; and utilization of alternate project delivery systems such as design-build contracts. For purposes of this Article, “design-build” means a range of methods of procuring design and construction from a single source, where the selection of the single source occurs before the development of complete plans and specifications. Notwithstanding the foregoing, any rule permitting dispensing of bidding and/or performing work with city forces for any reason including an emergency shall require the affirmative votes of at least two-thirds ( $\frac{2}{3}$ ) of the members of the city council.

Certified to be a true copy by Miguel Pulido, Mayor, and Patricia Healy, Clerk of the Council.

Date of Election: November 7, 2006.

Charter Chapter 30—City of Santa Ana

***Amendments to the Charter of the City of Santa Ana***

[Filed with the Secretary of State December 21, 2006.]

Section 1 The Charter of the City of Santa Ana is hereby amended as follows: Article IV, Division 1, Section 401, to read as detailed below:

Sec. 401. Qualifications of members.

To be eligible to be elected to the office of councilmember, a person must be a qualified voter and a thirty (30) day resident of the ward from which the candidate is nominated at the time nomination papers are issued as provided for in the Elections Code of the State of California, except that the mayor need only be a registered voter and thirty (30) day resident of the city at such time. In the event any councilmember other than the mayor shall cease to be a resident of the ward from which the councilmember (or, in the case of an appointee, the councilmember’s predecessor) was elected, or in the event the mayor shall cease to be a resident of the city, the office shall immediately become vacant and shall be filled in the same manner as herein provided for other vacancies; provided, that where a councilmember ceases to be a resident of the ward from which the councilmember (or, in case of an appointee, the councilmember’s predecessor) was elected solely

because of a change in boundaries of any ward as in this charter provided, the councilmember shall not lose the office by reason of such change. If a member of the city council shall be convicted of a crime involving moral turpitude, the office shall immediately become vacant and be so declared by the city council.

A person who has served two (2) consecutive terms of four (4) years each shall be eligible for appointment, nomination for or election to the office of councilmember (regardless of wards represented by that person during such period) no sooner than for a term beginning eight (8) years after completion of that councilmember's second consecutive full term.

Short or partial terms shall not be considered in determining eligibility for appointment, nomination or election. For purposes of this charter, short or partial terms shall only be those where the councilmember was elected or appointed to replace another councilmember who left office before the latter official's term expired. Any councilmember who assumed office at the beginning of a term and left office early for any reason whatsoever shall be deemed to have served a full term.

Certified to be a true copy by Miguel Pulido, Mayor, and Patricia Healy, Clerk of the Council.

Date of Election: November 7, 2006.

Charter Chapter 31—City of Santa Ana

***Amendments to the Charter of the City of Santa Ana***

[Filed with the Secretary of State December 21, 2006.]

Section 1 The Charter of the City of Santa Ana is hereby amended as follows: Article IX, Section 901, to read as detailed below:

Sec. 901. Appointments, removals, vacancies, terms.

(a) Except as otherwise specified in this charter, the member of each of the appointive boards and commissions shall be appointed, and may be removed, by the city council, subject in both appointment and removal by the affirmative votes of a majority of the members. For boards or commissions having at least seven (7) members, the city council shall select seven (7) members from nominations made by the councilmember (or the mayor in the case of the city-wide seat) whose term coincides with that board or commission seat, as determined by the city council in accordance with subsection (e) below, together with nominations from any other member of the council. All other appointments shall be as determined by this charter, or by the city council from time to time. Beginning with terms starting after the 2006 General Election, at least fifty-percent (50%) of those persons nominated from time to time by a councilmember shall be residents of the ward represented by such councilmember. At the request of a councilmember, this rule may be waived by a  $\frac{2}{3}$  vote of the city council for any one appointment if the

requesting member is unable to find a qualified and acceptable ward resident to nominate. For purposes of this rule, residency is only required at the time of nomination.

(b) Vacancies from whatever cause arising shall be filled in the same manner. Upon a vacancy occurring leaving an unexpired portion of a term, any appointment to fill such vacancy shall be for the unexpired portion of such term. All terms shall begin on the same date as city councilmember terms as provided in Section 400 of this charter.

(c) If a member of a board or commission absents himself from two (2) regular meetings of such board or commission, consecutively, unless by permission of such board or commission expressed in its official minutes, or fails to attend at least one-half ( $\frac{1}{2}$ ) of the regular meetings of such board or commission within a calendar year, or is convicted of a crime involving moral turpitude, or ceases to be a qualified elector of the city, the office shall become vacant and shall be so declared by the city council.

(d) Except as otherwise provided in this section, the members of such boards and commissions shall serve for a term of four (4) years and until their respective successors are appointed and qualified, but in no event shall any person be eligible for reappointment who has served two (2) consecutive terms of four (4) years each, irrespective of what seat or seats the member is appointed to by the city council. Notwithstanding the foregoing, one seat shall be a city-wide seat having a two (2) year term which coincides with that of the mayor, and which shall be limited to four (4) consecutive terms of two (2) years each. Short or partial terms (as defined for city council in Section 401 of this charter) shall not be considered. Unless otherwise provided by ordinance of the city council for a board or commission having more or less than seven (7) members, the terms of three (3) of the members of each such board or commission shall begin on the date of the beginning of the term of office of councilmembers elected at every second general election commencing with the April, 1983 general election, the terms of three (3) other members shall begin on the date of the beginning of the term of office of councilmembers elected at every second general election commencing with the November, 1984 general election, and one (1), as designated by the city council, shall coincide with the term of the mayor. It is the intent of this section that the term of office on boards and commissions shall be concurrent with the term of office of councilmembers. Thereafter, any appointment to fill an unexpired term shall be for such an unexpired period. No person shall be eligible for appointment to a board or commission who completed a term on the city council immediately preceding that board or commission term.

(e) The city council shall determine which members of such boards and commissions serving as such at the time of the April, 1983 general election shall serve shortened or extended terms. Beginning with terms starting immediately following the 2006 general election, for board and commissions with at least seven (7) members, the city council shall designate seven (7) board and commission

seats by ward, and one city-wide. These designations shall be solely for the purpose of nominations and calculations of terms as provided in this Section 901. Except for purposes of the fifty-percent (50%) nomination rule in subsection (a) above, residency in that ward is not required.

Certified to be a true copy by Miguel Pulido, Mayor, and Patricia Healy, Clerk of the Council.

Date of Election: November 7, 2006.

Charter Chapter 32—City of Santa Ana

***Amendments to the Charter of the City of Santa Ana***

[Filed with the Secretary of State December 21, 2006.]

Section 1 The Charter of the City of Santa Ana is hereby amended as follows: Article IX, Section 901.1, to read as detailed below:

Sec. 901.1. Prohibition against serving as treasurer for campaign committee.

If any member of an appointive board or commission shall become the treasurer of a campaign committee which receives contributions for any candidate for mayor or councilmember, his or her office shall become vacant and shall be so declared by the city council. Any provisions of this Article IX notwithstanding, no person who serves as the treasurer of a campaign committee which receives contributions for any candidate for mayor or councilmember shall be eligible for appointment to any appointive board or commission.

Section 2 The Charter of the City of Santa Ana is hereby amended as follows: Article IX, Section 910, to read as detailed below:

The title of Section 910 of the charter is hereby amended to read:

Sec. 910. Planning Commission Powers and Duties.

The planning commission shall have power and be required to:

(a) Periodically review the city's General Plan;

(b) Make studies and plans for future civic land use, including use as public recreation facilities;

(c) Annually review the city's capital improvement program solely for consistency with the general plan;

(d) Exercise such functions as to land subdivisions, zoning, and other city planning as may be prescribed by ordinance;

(e) By its own motion, make such studies and investigations as it may deem necessary for the formulation of planning and land use policies and report its findings and recommendations to the city council or the city manager, or to both such authorities, as it may see fit.

Section 3 The Charter of the City of Santa Ana is hereby amended as follows: Article IX, Section 911, to read as detailed below:

Sec. 911. Personnel board—Membership.

The personnel board shall consist of seven (7) members to be appointed by the city council from the qualified electors of the city. None of the members shall be removed from office without reasonable and sufficient cause, in accordance with procedures as provided by ordinance. None of the members shall hold public office or employment in the city government or be a candidate for any other public office or position, be an officer of any local, state or national partisan political club or organization, or while a member of the personnel board or for a period of one (1) year after he has ceased for any reason to be a member, be eligible for appointment to any salaried office or employment in the service of the city.

Section 4 The Charter of the City of Santa Ana is hereby amended as follows: Article IX, Section 912, to read as detailed below:

Sec. 912. Same—Powers and Duties.

The personnel board shall have power and be required to:

(a) Hear appeals pertaining to the disciplinary suspension, demotion, or dismissal of any officer or employee having permanent status in any office, position, or employment in the civil service; and as otherwise provided for in the civil service rules and regulations;

(b) Consider matters that may be referred to it by the city council or the city manager and render such counsel and advice in regard thereto as may be requested by the referring authorities;

(c) By its own motion, make such studies and investigations as it may deem necessary for the formulation of civil service policies, or to determine the wisdom and efficacy of the policies, plans, and procedures dealing with civil service matters and report its findings and recommendations to the city manager or the city council, or to both such authorities, as it may see fit;

(d) Conduct public hearings on all proposed amendments to or repeal of civil service rules and regulations in the manner as prescribed by ordinance, and advise the council of its findings in such matters within sixty (60) days.

Certified to be a true copy by Miguel Pulido, Mayor, and Patricia Healy, Clerk of the Council.

Date of Election: November 7, 2006.

## Charter Chapter 33—City and County of San Francisco

***Amendments to the Charter of the  
City and County of San Francisco***

[Filed with the Secretary of State December 22, 2006.]

**SEC. 2.104. QUORUM.**

(a) The presence of a majority of the members of the Board of Supervisors at a regular or special meeting shall constitute a quorum for the transaction of business. The term “presence” shall include participation by teleconferencing or other electronic means as authorized by Government Code Section 54953(b) or any successor legislation after the Board of Supervisors has adopted an ordinance pursuant to subsection (c) allowing such participation when the member is physically unable to attend in person, as certified by a health care provider, due to the member’s pregnancy, childbirth, or related condition. The Board of Supervisors may also, as part of a parental leave policy adopted pursuant to subsection (c), authorize a member to participate in meetings by teleconferencing or other electronic means when the member is absent to care for his or her child after birth of the child, or after placement of the child with the member or the member’s immediate family for adoption or foster care. In the absence of a quorum, a smaller number of members may compel the attendance of absent members in the manner and under the penalties established by the Board of Supervisors.

(b) The Board of Supervisors shall act by a majority, two-thirds, three-fourths, or other vote of all members of the Board. Each member present at a regular or special meeting shall vote “yes” or “no” when a question is put, unless excused from voting by a motion adopted by a majority of the members present.

(c) Notwithstanding the provisions of Charter Section 10.101, the Board of Supervisors shall adopt parental leave policies for its members, including, but not limited to, authorization to participate in meetings by teleconferencing or other electronic means pursuant to subsection (a) and subject to the restrictions listed in that subsection.

**SEC. 4.104. BOARDS AND COMMISSIONS—RULES AND REGULATIONS.**

(a) Unless otherwise provided in this Charter, each appointive board, commission or other unit of government of the executive branch of the City and County shall:

1. Adopt rules and regulations consistent with this Charter and ordinances of the City and County. No rule or regulation shall be adopted, amended or repealed, without a public hearing. At least ten days’ public notice shall be given for such public hearing. All such rules and regulations shall be filed with the Clerk of the Board of Supervisors.

2. Hold meetings open to the public and encourage the participation of interested persons. Except for the actions taken at closed sessions, any action taken at

other than a public meeting shall be void. Closed sessions may be held in accordance with applicable state statutes and ordinances of the Board of Supervisors.

3. Keep a record of the proceedings of each regular or special meeting. Such record shall indicate how each member voted on each question. These records, except as may be limited by state law or ordinance, shall be available for public inspection.

(b) The presence of a majority of the members of an appointive board, commission or other unit of government shall constitute a quorum for the transaction of business by such body. The term “presence” shall include participation by teleconferencing or other electronic means as authorized by Government Code Section 54953(b) or any successor legislation after the Board of Supervisors has adopted an ordinance pursuant to subsection (c) allowing such participation when the member is physically unable to attend in person, as certified by a health care provider, due to the member’s pregnancy, childbirth, or related condition. The Board of Supervisors may also, as part of a parental leave policy adopted pursuant to subsection (c), authorize a member of a board or commission to participate in meetings by teleconferencing or other electronic means when the member is absent to care for his or her child after birth of the child, or after placement of the child with the member or the member’s immediate family for adoption or foster care. Unless otherwise required by this Charter, the affirmative vote of a majority of the members shall be required for the approval of any matter, except that the rules and regulations of the body may provide that, with respect to matters of procedure the body may act by the affirmative vote of a majority of the members present, so long as the members present constitute a quorum. All appointive boards, commissions or other units of government shall act by a majority, two-thirds, three-fourths or other vote of all members. Each member present at a regular or special meeting shall vote “yes” or “no” when a question is put, unless excused from voting by a motion adopted by a majority of the members present.

(c) Notwithstanding the provisions of Charter Section 10.101, the Board of Supervisors shall provide by ordinance for parental leave policies for members of appointive boards, commissions or other units of government, including, but not limited to, authorization to participate in meetings by teleconferencing or other electronic means pursuant to subsection (b) and subject to the restrictions listed in that subsection.

Certified to be a true copy by Aaron Peskin, President of the Board of Supervisors, and Gloria L. Young, Clerk of the Board of Supervisors.

[Filed with the Secretary of State December 22, 2006.]

**SEC. A8.409-1. EMPLOYEES COVERED**

These Sections A8.409 through A8.409-6, inclusive, shall apply to all miscellaneous officers and employees except as set forth in Section A8.590-1 et seq. and including employees of San Francisco Unified School District and San Francisco Community College District to the extent authorized by state law. The provisions of charter Sections 8.400(h), 8.401-1, and 8.407 are hereby repealed and shall be of no further force and effect. Employee organizations representing employees in classifications covered by Section A8.403 and A8.404 of this Charter may elect to include those classifications within the coverage of this part as a separate bargaining unit, provided however, that the election shall not become effective without the written approval of the Mayor and Board of Supervisors. The election shall be irrevocable and such employees shall not thereafter be subject to the provisions of Section A8.403 and A8.404.

Employees in classifications not represented by a recognized employee organization shall be entitled to represent themselves with the city and county over wages, hours and other terms and conditions of employment to the extent required by state law and shall not be subject to the arbitration provisions of Section A8.409-4 of this charter. The Mayor annually shall propose all forms of compensation for unrepresented employees including salaries, hours, benefits, and other terms and conditions of employment subject to approval or disapproval of the Board of Supervisors. Consistent with other provisions of this charter, the civil service commission may adopt rules and procedures relating to said unrepresented employees.

Except as otherwise provided by this charter the Civil Service Commission shall set the wages and benefits of all elected officials of the City and County of San Francisco as follows:

The Commission shall conduct a salary survey of the offices of Chief Executive Officer, County Counsel, District Attorney, Public Defender, Assessor-Recorder, Treasurer, and Sheriff, in the counties of Alameda, Contra Costa, Marin, San Mateo, and Santa Clara. The Commission shall then average the salaries for each of those offices to determine respectively the base five-year salaries for the Mayor, City Attorney, District Attorney, Public Defender, Assessor-Recorder, Treasurer, and Sheriff.

If any of the aforementioned counties do not have an office of public defender, that county shall be omitted from the salary survey for purposes of determining the base five-year salary of the Public Defender. Among the aforementioned counties, any freestanding county assessor's office or any county office in which

the assessor's function is combined with other county functions, shall be deemed comparable to the office of Assessor-Recorder for purposes of determining the base five-year salary of the Assessor-Recorder. If any of the aforementioned counties do not have a comparable county office of treasurer, the county office whose functions most closely resemble the Treasurer's functions in San Francisco shall be deemed comparable to the office of Treasurer for purposes of determining the base five-year salary of the Treasurer.

The initial base five-year salary determination for the respective salaries of the Mayor, City Attorney, District Attorney, Public Defender, Assessor-Recorder, Treasurer, and Sheriff shall apply to the period from July 1, 2007 through June 30, 2012. Subsequent base five-year salary determinations for those offices shall apply to subsequent five-year periods, for example, July 1, 2012 through June 30, 2017.

For the second, third, fourth, and fifth years of the period for which any base five-year salary has been set, the Commission shall annually adjust the respective salaries of the Mayor, City Attorney, District Attorney, Public Defender, Assessor-Recorder, Treasurer, and Sheriff to account for upward annual movement in the Consumer Price Index during the prior calendar year; provided, that whenever the upward movement in the Consumer Price Index during the prior calendar year exceeds 5%, the cost-of-living adjustment shall not be the actual increase in the Consumer Price Index for the prior calendar year but instead shall be 5%. The annual cost-of-living adjustment shall take effect July 1 of the second, third, fourth, and fifth years of the period for which the base five-year salary has been set.

Except as noted below, in setting the initial and subsequent base five-year salary determinations for the offices of Mayor, City Attorney, District Attorney, Public Defender, Assessor-Recorder, Treasurer, and Sheriff, the Commission may not reduce the respective salaries of any of those offices. If implementation of the process for setting the base five-year salary would otherwise result in a salary reduction for any of those offices, the base five-year salary for the affected office or offices shall be the existing salary for the office.

If the City and County of San Francisco and employee organizations agree to amend the compensation provisions of existing memoranda of understanding to reduce costs, the Commission shall review and amend the respective salaries of the Mayor, City Attorney, District Attorney, Public Defender, Assessor-Recorder, Treasurer, and Sheriff as necessary to achieve comparable cost savings in the affected fiscal year or years.

The Commission shall annually set the benefits of elected officials, to take effect July 1 of each year. Benefits of elected officials may equal but may not exceed those benefits provided to any classification of miscellaneous officers and employees as of July 1 of each year.

In addition, subject to the approval or disapproval of the Board of Supervisors, the Mayor may create, for employees designated as management, a management

compensation package that recognizes and provides incentives for outstanding managerial performance contributing to increased productivity and efficiency in the work force. In formulating such a package, the Mayor shall take into account data developed in conjunction with the civil service commission regarding the terms of executive compensation in other public and private jurisdictions.
