(3) The provision of reliable records, accounts, and reports of transactions, operations, and events, including reports to the department.

(i) Provide for the adoption and use of internal audits, whether by qualified internal auditors or by certified public accountants. As used in this subdivision, "internal audit" means a type of control that operates through the testing and evaluation of other controls and that is also directed toward observing proper compliance with the minimum standards of control prescribed in subdivision (h).

(j) Require periodic financial reports from each owner licensee.

(k) Specify standard forms for reporting financial conditions, results of operations, and other relevant financial information.

(l) Formulate a uniform code of accounts and accounting classifications to ensure consistency, comparability, and effective disclosure of financial information.

(n) Require audits to be conducted, in accordance with generally accepted auditing standards, of the financial statements of all owner licensees whose annual gross revenues equal or exceed a specified sum. However, nothing herein shall be construed to limit the department's authority to require audits of any owner licensee. Audits, compilations, and reviews provided for in this subdivision shall be made by independent certified public accountants licensed to practice in this state.

(o) Restrict, limit, or otherwise regulate any activity that is related to the conduct of controlled gambling, consistent with the purposes of this chapter.

(p) Define and limit the area, games, hours of operation, number of tables, wagering limits, and equipment permitted, or the method of operation of games and equipment, if the commission, upon the recommendation of, or in consultation with, the department, determines that local regulation of these subjects is insufficient to protect the health, safety, or welfare of residents in geographical areas proximate to a gambling establishment.

(q) Prohibit gambling establishments from cashing checks drawn against any federal, state, or county fund, including, but not limited to, social security, unemployment insurance, disability payments, or public assistance payments. However, a gambling establishment shall not be prohibited from cashing any payroll checks or checks for the delivery of goods or services that are drawn against a federal, state, or county fund.

Gambling establishments shall send the department copies of all dishonored or uncollectible checks at the end of each quarter.

(r) Provide for standards, specifications, and procedures governing the manufacture, distribution, including the sale and leasing, inspection, testing, location, operation, repair, and storage of gambling equipment, and for the licensing of persons engaged in the business of manufacturing, distributing, including the sale and leasing, inspection, testing, repair, and storage of gambling equipment.

(5) Any person who provides any goods or services to a gambling enterprise for compensation that the commission finds to be grossly disproportionate to the value of the goods or services provided.

(6) Every person who, in the judgment of the commission, has the power to exercise a significant influence over the gambling operation.

(b) The department may conduct any investigation it deems necessary to determine whether a publicly traded corporation is, or has, engaged in activities specified in paragraph (2), (3), or (4) of subdivision (a), and shall report its findings to the commission. If a publicly traded corporation is engaged in activities described in paragraphs (2), (3), or (4) of subdivision (a), the commission may require the corporation and the following other persons to apply for and obtain a license or finding of suitability:

(1) Any officer or director.

(2) Any owner, other than an institutional investor, of 5 percent or more of the outstanding shares of the corporation.

(a) Failure of the applicant to clearly establish eligibility and qualification in accordance with this chapter.

(c) Conviction of a felony, including a conviction by a federal court or a court in another state for a crime that would constitute a felony if committed in California.

(d) Conviction of the applicant for any misdemeanor involving dishonesty or moral turpitude within the 10-year period immediately preceding the submission of the application, unless the applicant has been granted relief pursuant to Section 1203.4, 1203.4a, or 1203.45 of the Penal Code; provided, however, that the granting of relief pursuant to Section 1203.4, 1203.4a, or 1203.45 of the Penal Code shall not constitute a limitation on the discretion of the commission under Section 19856 or affect the applicant's burden under Section 19857.

(e) Association of the applicant with criminal profiteering activity or organized crime, as defined by Section 186.2 of the Penal Code.

(f) Contumacious defiance by the applicant of any legislative investigatory body, or other official investigatory body of any state or of the United States, when that body is engaged in the investigation of crimes relating to gambling; official corruption related to gambling activities; or criminal profiteering activity or organized crime, as defined by Section 186.2 of the Penal Code.

(g) The applicant is less than 21 years of age.

SEC. 19. Section 19861 of the Business and Professions Code is amended to read:

19861. Notwithstanding subdivision (i) of Section 19801, the commission shall not deny a license to a gambling establishment solely because it is not open to the public, provided that all of the following are true: (a) the gambling establishment is situated in a local jurisdiction that has an ordinance allowing only private clubs, and the gambling establishment was in operation as a private club under that ordinance on December 31, 1997, and met all applicable state and local gaming registration requirements; (b) the gambling establishment consists of no more than five gaming tables; (c) videotaped recordings of the entrance to the gambling room or rooms and all tables situated therein are made during all hours of operation by means of closed circuit television cameras, and these tapes are retained for a period of 30 days and are

made available for review by the department or commission upon request; and (d) the gambling establishment is open to members of the private club and their spouses in accordance with membership criteria in effect as of December 31, 1997.

A gambling establishment meeting these criteria, in addition to the other requirements of this chapter, may be licensed to operate as a private club gambling establishment until November 30, 2003, or until the ownership or operation of the gambling establishment changes from the ownership or operation as of January 1, 1998, whichever occurs first. Operation of the gambling establishments after this date shall only be permitted if the local jurisdiction approves an ordinance, pursuant to Sections 19961 and 19962, authorizing the operation of gambling establishments that are open to the public. The commission shall adopt regulations implementing this section. Prior to the commission's issuance of a license to a private club, the department shall ensure that the ownership of the gambling establishment has remained constant since January 1, 1998, and the operation of the gambling establishment has not been leased to any third party.

SEC. 20. Section 19865 of the Business and Professions Code is amended to read:

19865. The department shall furnish to the applicant supplemental forms, which the applicant shall complete and file with the department. These supplemental forms shall require, but shall not be limited to requiring, complete information and details with respect to the applicant's personal history, habits, character, criminal record, business activities, financial affairs, and business associates, covering at least a 10-year period immediately preceding the date of filing of the application. Each applicant shall submit two sets of fingerprints, using "live scan" or other prevailing, accepted technology, or on forms provided by the department. The department may submit one fingerprint card to the United States Federal Bureau of Investigation.

SEC. 21. Section 19866 of the Business and Professions Code is amended to read:

19866. An applicant for licensing or for any approval or consent required by this chapter, shall make full and true disclosure of all information to the department and the commission as necessary to carry out the policies of this state relating to licensing, registration, and control of gambling.

SEC. 22. Section 19867 of the Business and Professions Code is amended to read:

19867. (a) An application for a license or a determination of suitability shall be accompanied by the deposit of a sum of money that, in the judgment of the chief, will be adequate to pay the anticipated costs

and charges incurred in the investigation and processing of the application. The chief shall adopt a schedule of costs and charges of investigation for use as guidelines in fixing the amount of any required deposit under this section.

(b) During an investigation, the chief may require an applicant to deposit any additional sums as are required by the department to pay final costs and charges of the investigation.

(c) Any money received from an applicant in excess of the costs and charges incurred in the investigation or the processing of the application shall be refunded pursuant to regulations adopted by the department. At the conclusion of the investigation, the chief shall provide the applicant a written, itemized accounting of the costs and charges thereby incurred.

SEC. 23. Section 19868 of the Business and Professions Code is amended to read:

19868. (a) Within a reasonable time after the filing of an application and any supplemental information the department may require, and the deposit of any fee required pursuant to Section 19867, the department shall commence its investigation of the applicant and, for that purpose, may conduct any proceedings it deems necessary. To the extent practicable, all applications shall be acted upon within 180 calendar days of the date of submission of a completed application. If an investigation has not been concluded within 180 days after the date of submission of a completed application, the department shall inform the applicant in writing of the status of the investigation and shall also provide the applicant with an estimated date on which the investigation may reasonably be expected to be concluded.

(b) If denial of the application is recommended, the chief shall prepare and file with the commission his or her written reasons upon which the recommendation is based.

(1) Prior to filing his or her recommendation with the commission, the chief shall meet with the applicant, or the applicant's duly authorized representative, and inform him or her generally of the basis for any proposed recommendation that the application be denied, restricted, or conditioned.

(2) Not less than 10 business days prior to the meeting of the commission at which the application is to be considered, the department shall deliver to the applicant a summary of the chief's final report and recommendation.

(3) This section neither requires the department to divulge to the applicant any confidential information received from any law enforcement agency or any information received from any person with assurances that the information would be maintained confidential, and

nor to divulge any information that might reveal the identity of any informer or jeopardize the safety of any person.

(c) A recommendation of denial of an application shall be without prejudice to a new and different application filed in accordance with applicable regulations.

SEC. 24. Section 19869 of the Business and Professions Code is amended to read:

19869. A request for withdrawal of any application may be made at any time prior to final action upon the application by the chief by the filing of a written request to withdraw with the commission. For the purposes of this section, final action by the department means a final determination by the chief regarding his or her recommendation on the application to the commission. The commission shall not grant the request unless the applicant has established that withdrawal of the application would be consistent with the public interest and the policies of this chapter. If a request for withdrawal is denied, the department may go forward with its investigation and make a recommendation to the commission upon the application, and the commission may act upon the application as if no request for withdrawal had been made. If a request for withdrawal is granted with prejudice, the applicant thereafter shall be ineligible to renew its application until the expiration of one year from the date of the withdrawal. Unless the commission otherwise directs, no fee or other payment relating to any application is refundable by reason of withdrawal of an application.

SEC. 25. Section 19870 of the Business and Professions Code is amended to read:

19870. (a) The commission, after considering the recommendation of the chief and any other testimony and written comments as may be presented at the meeting, or as may have been submitted in writing to the commission prior to the meeting, may either deny the application or grant a license to an applicant who it determines to be qualified to hold the license.

(b) When the commission grants an application for a license or approval, the commission may limit or place restrictions thereon as it may deem necessary in the public interest, consistent with the policies described in this chapter.

(c) When an application is denied, the commission shall prepare and file a detailed statement of its reasons for the denial.

(d) All proceedings at a meeting of the commission relating to a license application shall be recorded stenographically or on audiotape or videotape.

(e) A decision of the commission denying a license or approval, or imposing any condition or restriction on the grant of a license or approval

may be reviewed by petition pursuant to Section 1085 of the Code of Civil Procedure. Section 1094.5 of the Code of Civil Procedure shall not apply to any judicial proceeding described in the foregoing sentence, and the court may grant the petition only if the court finds that the action of the commission was arbitrary and capricious, or that the action exceeded the commission's jurisdiction.

SEC. 26. Section 19871 of the Business and Professions Code is amended to read:

19871. (a) The commission meeting described in Section 19870 shall be conducted in accordance with regulations of the commission and as follows:

- (1) Oral evidence shall be taken only upon oath or affirmation.
 - (2) Each party shall have all of the following rights:
 - (A) To call and examine witnesses.
 - (B) To introduce exhibits relevant to the issues of the case.
 - (C) To cross-examine opposing witnesses on any matters relevant to the issues, even though the matter was not covered on direct examination.
 - (D) To impeach any witness, regardless of which party first called the witness to testify.
 - (E) To offer rebuttal evidence.
 - (3) If the applicant does not testify in his or her own behalf, he or she may be called and examined as if under cross-examination.
 - (4) The meeting need not be conducted according to technical rules relating to evidence and witnesses. Any relevant evidence may be considered, and is sufficient in itself to support a finding, if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule that might make improper the admission of that evidence over objection in a civil action.
- (b) Nothing in this section confers upon an applicant a right to discovery of the department's investigative reports or to require disclosure of any document or information the disclosure of which is otherwise prohibited by any other provision of this chapter.

SEC. 27. Section 19872 of the Business and Professions Code is amended to read:

19872. (a) No member of the commission may communicate ex parte, directly or indirectly, with any applicant, or any agent, representative, or person acting on behalf of an applicant, upon the merits of an application for a license, permit, registration, or approval while the application is pending disposition before the department or the commission.

(b) No applicant, or any agent, representative, or person acting on behalf of an applicant, and no person who has a direct or indirect interest

in the outcome of a proceeding to consider an application for a license, permit, registration, or approval may communicate *ex parte*, directly or indirectly, with any member of the commission, upon the merits of the application while the application is pending disposition before the department.

(c) No employee or agent of the department, applicant, or any agent, representative, or person acting on behalf of an applicant, and no person who has a direct or indirect interest in the outcome of a proceeding to consider an application for a license, permit, registration, or approval may communicate *ex parte*, directly or indirectly, with any member of the commission, upon the merits of the application, while the application is pending disposition before the commission.

(d) The receipt by a member of the commission of an *ex parte* communication prohibited by this section may provide the basis for disqualification of that member or the denial of the application. The commission shall adopt regulations to implement this subdivision.

(e) For the purposes of this subdivision, “*ex parte*” means a communication without notice and opportunity for all parties to participate in the communication.

(f) Nothing in this section precludes a communication made on the record at a public hearing on a properly agendaized matter.

SEC. 28. Section 19878 of the Business and Professions Code is amended to read:

19878. (a) Neither an owner licensee, nor a California affiliate of an owner licensee, shall enter into, without prior approval of the commission, any contract or agreement with a person who is denied a license, or whose license is suspended or revoked by the commission, or with any business enterprise under the control of that person, after the date of receipt of notice of the commission’s action.

(b) An owner licensee or an affiliate of the owner licensee shall not employ, without prior approval of the commission, any person in any capacity for which he or she is required to be licensed, if the person has been denied a license, or if his or her license has been suspended or revoked after the date of receipt of notice of the action by the commission. Neither an owner licensee, nor a California affiliate of an owner licensee, without prior approval of the commission, shall enter into any contract or agreement with a person whose application has been withdrawn with prejudice, or with any business enterprise under the control of that person, for the period of time during which the person is prohibited from filing a new application for licensure.

(c) (1) If an employee who is required to be licensed pursuant to this chapter fails to apply for a license within the time specified by regulation, is denied a license, or has his or her license revoked by the commission,

the employee shall be terminated in any capacity in which he or she is required to be licensed and he or she shall not be permitted to exercise a significant influence over the gambling operation, or any part thereof, upon being notified of that action.

(2) If an employee who is required to be licensed pursuant to this chapter has his or her license suspended, the employee shall be suspended in any capacity in which he or she is required to be licensed and shall not be permitted to exercise a significant influence over the gambling operation, or any part thereof, during the period of suspension, upon being notified of that action.

(3) If the owner licensee designates another employee to replace the employee whose employment was terminated, the owner licensee shall promptly notify the department and shall require the newly designated employee to apply for a license.

(d) An owner licensee or an affiliate of the owner licensee shall not pay to a person whose employment has been terminated pursuant to subdivision (c) any remuneration for any service performed in any capacity in which the person is required to be licensed except for amounts due for services rendered before the date of receipt of notice of the commission's action. Neither an owner licensee, nor an affiliate thereof, during the period of suspension, shall pay to a person whose employment has been suspended pursuant to subdivision (c), any remuneration for any service performed in any capacity in which the person is required to be licensed, except for amounts due for services rendered before the date of receipt of notice of the commission's action.

(e) Except as provided in subdivision (c), a contract or agreement for the provision of services or property to an owner licensee or an affiliate thereof, or for the conduct of any activity at a gambling establishment, which is to be performed by a person required by this chapter or by regulations adopted pursuant to this chapter, to be licensed, shall be terminated upon a suspension or revocation of the person's license.

(f) In any case in which a contract or agreement for the provision of services or property to an owner licensee or an affiliate thereof, or for the conduct of any activity at a gambling establishment, is to be performed by a person required by this chapter or by regulations adopted by the commission to be licensed, the contract shall be deemed to include a provision for its termination without liability on the part of the owner licensee or its duly registered holding company upon a suspension or revocation of the person's license. In any action brought by the department or commission to terminate a contract pursuant to subdivision (c) or (e), it shall not be a defense that the agreement does not expressly include the provision described in this subdivision, and the lack of express

inclusion of the provision in the agreement shall not be a basis for enforcement of the contract by a party thereto.

SEC. 29. Section 19880 of the Business and Professions Code is amended to read:

SEC. 32. Section 19890 of the Business and Professions Code is amended to read:

19890. In addition to the requirements of Section 19852, in order to be eligible to receive a gambling license to own a gambling enterprise, a limited partnership shall comply with all of the following requirements:

(c) In addition to any action that the commission may take against a license, permit, finding of suitability, or approval, the commission may also require the payment of fines or penalties. However, no fine imposed shall exceed twenty thousand dollars (\$20,000) for each separate violation of any provision of this chapter or any regulation adopted thereunder.

(d) In any case in which the administrative law judge recommends that the commission revoke, suspend, or deny a license, the administrative law judge may, upon presentation of suitable proof, order the licensee

(c) The emergency order is effective immediately upon issuance and service upon the owner licensee or any agent of the licensee registered with the department for receipt of service, or, in cases involving prior approval, upon issuance and service upon the person or entity involved, or upon an agent of that person or entity authorized to accept service of process in this state. The emergency order may suspend, limit, condition, or take other action in relation to the license of one or more persons in an operation without affecting other individual licensees, registrants, or the licensed gambling establishment. The emergency order remains

effective until further order of the commission or final disposition of any proceeding conducted pursuant to subdivision (d).

(d) Within two calendar days after issuance of an emergency order, the department shall file an accusation with the commission against the person or entity involved. (b) The court may summarily deny the petition, or the court may issue an alternative writ directing the commission to certify the whole record of the department in the case to the court within a time specified. No new or additional evidence shall be introduced in the court, but, if an alternative writ issues, the cause shall be heard on the whole record of the department as certified by the commission.

(c) In determining the cause following issuance of an alternative writ, the court shall enter judgment affirming, modifying, or reversing the order of the commission, or the court may remand the case for further proceedings before, or reconsideration by, the commission.

(1) The visit shall take place only during the facility's normal business hours or at any time family day care services are being provided.

(2) The inspection of the facility shall be limited to those parts of the facility in which family day care services are provided or to which the children have access.

(h) The department shall implement this section during periods that Section 1597.55b is not being implemented in accordance with Section 18285.5 of the Welfare and Institutions Code.

SEC. 7. Section 11831.2 of the Health and Safety Code is amended to read:

11831.2. The department shall charge a fee for the certification of programs, in accordance with Chapter 7.3 (commencing with Section 11833.01).

SEC. 8. Section 11831.5 of the Health and Safety Code is amended to read:

11831.5. (a) Certification shall be granted by the department pursuant to this section to any qualified alcoholism or drug abuse recovery or treatment program, regardless of the source of the program's funding, upon approval of a completed application and payment of the required fee. The certification shall be valid for a period of not more than two years. The department may extend the certification period upon receipt of an application for renewal and payment of the required certification fee prior to the expiration date of the certification.

(b) The purposes of certification under this section shall be all of the following:

(1) To identify programs that exceed minimal levels of service quality, are in substantial compliance with the department's standards, and merit the confidence of the public, third-party payers, and county alcohol and drug programs.

(2) To encourage programs to meet their stated goals and objectives.

(3) To encourage programs to strive for increased quality of service through recognition by the state and by peer programs in the alcoholism and drug field.

(4) To assist programs to identify their needs for technical assistance, training, and program improvements.

(c) Certification may be granted under this section on the basis of evidence satisfactory to the department that the requesting alcoholism or drug abuse recovery or treatment program has an accreditation by a

statewide or national alcohol or drug program accrediting body. The accrediting body shall provide accreditation that meets or exceeds the department's standards and is recognized by the department.

(d) Certification, or the lack thereof, shall not convey any approval or disapproval by the department, but shall be for information purposes only.

(e) The standards developed pursuant to Section 11830 and the certification under this section shall satisfy the requirements of Section 1463.16 of the Penal Code.

(f) The department and the State Department of Social Services shall enter into a memorandum of understanding to establish a process by which the Department of Alcohol and Drug Programs can certify residential facilities or programs serving primarily adolescents, as defined in paragraph (1) of subdivision (a) of Section 1502, that have programs that primarily serve adolescents and provide alcohol and other drug recovery or treatment services.

(g) Regulations adopted by the department pursuant to this section shall be adopted as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and for the purposes of that chapter, including Section 11349.6 of the Government Code, the adoption of these regulations is an emergency and shall be considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health and safety, and general welfare. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, including subdivision (e) of Section 11346.1 of the Government Code, any emergency regulations adopted pursuant to this section shall be filed with, but not be repealed by, the Office of Administrative Law and shall remain in effect until revised by the department. Nothing in this subdivision shall be interpreted to prohibit the department from adopting subsequent amendments on a nonemergency basis or as emergency regulations in accordance with the standards set forth in Section 11346.1 of the Government Code.

SEC. 9. Chapter 7.3 (commencing with Section 11833.01) is added to Part 2 of Division 10.5 of the Health and Safety Code, to read:

CHAPTER 7.3. LICENSING AND CERTIFICATION PROGRAM FUNDING

11833.01. This chapter applies to all programs, facilities, or services certified pursuant to Chapter 7 (commencing with Section 11830) or licensed pursuant to Chapter 7.5 (commencing with Section 11834.01), or both.

11833.02. (a) The department shall charge a fee to all programs for licensure or certification by the department, regardless of the form of organization or ownership of the program.

(b) The department may establish fee scales using different capacity levels, categories based on measures other than program capacity, or any other category or classification that the department deems necessary or convenient to maintain an effective and equitable fee structure.

(c) Licensing and certification fees shall be evaluated annually, taking into consideration the overall cost of the residential and outpatient licensing and certification activities of the department, including initial issuance, renewals, complaints, enforcement activity, related litigation, and any other program activity relating to licensure and certification, plus a reasonable reserve.

(d) The department shall submit any proposed new fees or fee changes to the Legislature for approval no later than April 1 of each year as part of the spring finance letter process. No new fees or fee changes shall be implemented without legislative approval.

(e) Unless funds are specifically appropriated from the General Fund in the annual Budget Act or other legislation to support the division, the Licensing and Certification Division, no later than the beginning of the 2010–11 fiscal year, shall be supported entirely by federal funds and special funds.

11833.03. The Residential and Outpatient Program Licensing Fund is hereby established in the State Treasury. All fees, fines, and penalties collected from residential and outpatient programs collected in accordance with this chapter shall be deposited in this fund. The money in the fund shall be available upon appropriation by the Legislature for the purposes of supporting the licensing and certification activities of the department.

11833.04. (a) Notwithstanding the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, until emergency regulations are filed with the Secretary of State, the department may implement this chapter through all-county letters or similar instructions from the director. The department shall adopt emergency regulations implementing this chapter no later than September 30, 2008, unless the department provides written notification of a delay to the Chair of the Joint Legislative Budget Committee prior to that date. The notification shall include the reason for the delay, the current status of the emergency regulations, a date by which the emergency regulations shall be adopted, and a statement of need to continue use of all-county letters or similar instructions. Under no circumstances shall the adoption

of emergency regulations be delayed, or the use of all-county letters or similar instructions be extended, beyond June 30, 2009.

(b) Notwithstanding any other provision of law, the adoption of regulations implementing this chapter shall be deemed an emergency and necessary for the immediate preservation of the public peace, health, safety, or general welfare.

SEC. 10. Section 11834 of the Health and Safety Code is amended and renumbered to read:

11832.1. The department shall encourage the development of educational courses that provide core knowledge concerning alcohol and drug abuse problems and programs to personnel working within alcohol and drug abuse programs.

SEC. 11. Section 11834.03 of the Health and Safety Code is amended to read:

11834.03. Any person or entity applying for licensure shall file with the department, on forms provided by the department, all of the following:

- (a) A completed written application for licensure.
- (b) A fire clearance approved by the State Fire Marshal or local fire enforcement officer.
- (c) A licensure fee, established in accordance with Chapter 7.3 (commencing with Section 11833.01).

SEC. 12. Section 11834.15 of the Health and Safety Code is amended to read:

11834.15. The department may assess civil penalties in accordance with Sections 11834.31 and 11834.34.

SEC. 13. Section 11999.30 of the Health and Safety Code is amended to read:

11999.30. (a) This division shall be known as the Substance Abuse Offender Treatment Program. Funds distributed under this division shall be used to serve offenders who qualify for services under the Substance Abuse and Crime Prevention Act of 2000, including any amendments thereto. Implementation of this division is subject to an appropriation in the annual Budget Act.

(b) The department shall distribute funds for the Substance Abuse Offender Treatment Program to counties that demonstrate eligibility for the program, including a commitment of county general funds or funds from a source other than the state, which demonstrates eligibility for the program. The department shall establish a methodology for allocating funds under the program, based on the following factors:

- (1) The percentage of offenders ordered to drug treatment that actually begin treatment.

(2) The percentage of offenders ordered to treatment that completed the prescribed course of treatment.

(3) Any other factor determined by the department.

(c) The distribution of funds for this program to each eligible county shall be at a ratio of nine dollars (\$9) for every one dollar (\$1) of eligible county matching funds.

(d) County eligibility for funds under this division shall be determined by the department according to specified criteria, including, but not limited to, all of the following:

(1) The establishment and maintenance of dedicated court calendars with regularly scheduled reviews of treatment progress for persons ordered to drug treatment.

(2) The existence or establishment of a drug court, or a similar approach, and willingness to accept defendants who are likely to be committed to state prison.

(3) The establishment and maintenance of protocols for the use of drug testing to monitor offenders' progress in treatment.

(4) The establishment and maintenance of protocols for assessing offenders' treatment needs and the placement of offenders at the appropriate level of treatment.

(5) The establishment and maintenance of protocols for effective supervision of offenders on probation.

(6) The establishment and maintenance of protocols for enhancing the overall effectiveness of services to eligible parolees.

(e) The department, in its discretion, may limit administrative costs in determining the amount of eligible county match, and may limit the expenditure of funds provided under this division for administrative costs. The department may also require a limitation on the expenditure of funds provided under this division for services other than direct treatment costs, as a condition of receipt of program funds.

(f) To receive funds under this division, a county shall submit an application to the department documenting all of the following:

(1) The county's commitment of funds, as required by subdivision (b).

(2) The county's eligibility, as determined by the criteria set forth in subdivision (d).

(3) The county's plan and commitment to utilize the funds for the purposes of the program, which may include, but are not limited to, all of the following:

(A) Enhancing treatment services for offenders assessed to need them, including residential treatment and narcotic replacement therapy.

(B) Increasing the proportion of sentenced offenders who enter, remain in, and complete treatment, through activities and approaches such as

colocation of services, enhanced supervision of offenders, and enhanced services determined necessary through the use of drug test results.

(C) Reducing delays in the availability of appropriate treatment services.

(D) Use of a drug court or similar model, including dedicated court calendars with regularly scheduled reviews of treatment progress, and strong collaboration by the courts, probation, and treatment.

(E) Developing treatment services that are needed but not available.

(F) Other activities, approaches, and services approved by the department, after consultation with stakeholders.

(g) The department shall audit county expenditures of funds distributed pursuant to this division. Expenditures not made in accordance with this division shall be repaid to the state.

(h) The department shall consult with stakeholders and report during annual budget hearings on additional recommendations for improvement of programs and services, allocation and funding mechanisms, including, but not limited to, competitive approaches, performance-based allocations, and sources of data for measurement.

(i) (1) For the 2006–07 and 2007–08 fiscal years, the department may implement this division by all-county letters or other similar instructions, and need not comply with the rulemaking requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. Commencing with the 2008–09 fiscal year, the department may implement this section by emergency regulations, adopted pursuant to paragraph (2).

(2) Regulations adopted by the department pursuant to this division shall be adopted as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and for the purposes of that chapter, including Section 11349.6 of the Government Code, the adoption of these regulations is an emergency and shall be considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health and safety, and general welfare. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, including subdivision (e) of Section 11346.1 of the Government Code, any emergency regulations adopted pursuant to this division shall be filed with, but not be repealed by, the Office of Administrative Law and shall remain in effect until revised by the department. Nothing in this paragraph shall be interpreted to prohibit the department from adopting subsequent amendments on a nonemergency basis or as emergency regulations in accordance with the standards set forth in Section 11346.1 of the Government Code.

SEC. 14. Section 366.21 of the Welfare and Institutions Code is amended to read:

366.21. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing and of their right to be present and represented by counsel.

(b) Except as provided in Sections 294 and 295, notice of the hearing shall be provided pursuant to Section 293.

(c) At least 10 calendar days prior to the hearing, the social worker shall file a supplemental report with the court regarding the services provided or offered to the parent or legal guardian to enable him or her to assume custody and the efforts made to achieve legal permanence for the child if efforts to reunify fail, including, but not limited to, efforts to maintain relationships between a child who is 10 years of age or older and has been in out-of-home placement for six months or longer and individuals who are important to the child, consistent with the child's best interests; the progress made; and, where relevant, the prognosis for return of the child to the physical custody of his or her parent or legal guardian; and shall make his or her recommendation for disposition. If the child is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, the report and recommendation may also take into account those factors described in subdivision (e) relating to the child's sibling group. If the recommendation is not to return the child to a parent or legal guardian, the report shall specify why the return of the child would be detrimental to the child. The social worker shall provide the parent or legal guardian, counsel for the child, and any court-appointed child advocate with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a child removed from the physical custody of his or her parent or legal guardian, the social worker shall, at least 10 calendar days prior to the hearing, provide a summary of his or her recommendation for disposition to any foster parents, relative caregivers, and certified foster parents who have been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, community care facility, or foster family agency having the physical custody of the child. The social worker shall include a copy of the Judicial Council Caregiver Information Form (JV-290) with the summary of recommendations to the child's foster parents, relative caregivers, or foster parents approved for adoption, in the caregiver's primary language when available, along with information on how to file the form with the court.

(d) Prior to any hearing involving a child in the physical custody of a community care facility or a foster family agency that may result in the return of the child to the physical custody of his or her parent or legal guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report, or a Judicial Council Caregiver Information Form (JV-290), containing its recommendation for disposition. Prior to the hearing involving a child in the physical custody of a foster parent, a relative caregiver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, the foster parent, relative caregiver, or the certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, may file with the court a report containing his or her recommendation for disposition. The court shall consider the report and recommendation filed pursuant to this subdivision prior to determining any disposition.

(e) At the review hearing held six months after the initial dispositional hearing, the court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. At the hearing, the court shall consider the criminal history, obtained pursuant to paragraph (1) of subdivision (f) of Section 16504.5, of the parent or legal guardian subsequent to the child's removal, provided that he or she agreed to submit fingerprint images to obtain criminal history information as part of the case plan. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; and shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself to services provided.

Whether or not the child is returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental or would not be detrimental. The court also shall make appropriate findings pursuant to subdivision (a) of Section 366; and, where relevant, shall order any additional services reasonably

believed to facilitate the return of the child to the custody of his or her parent or legal guardian. The court shall also inform the parent or legal guardian that if the child cannot be returned home by the 12-month permanency hearing, a proceeding pursuant to Section 366.26 may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

If the child was under the age of three years on the date of the initial removal, or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, and the court finds by clear and convincing evidence that the parent failed to participate regularly and make substantive progress in a court-ordered treatment plan, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If, however, the court finds there is a substantial probability that the child, who was under the age of three years on the date of initial removal or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, may be returned to his or her parent or legal guardian within six months or that reasonable services have not been provided, the court shall continue the case to the 12-month permanency hearing.

For the purpose of placing and maintaining a sibling group together in a permanent home, the court, in making its determination to schedule a hearing pursuant to Section 366.26 for some or all members of a sibling group, as described in paragraph (3) of subdivision (a) of Section 361.5, shall review and consider the social worker's report and recommendations. Factors the report shall address, and the court shall consider, may include, but need not be limited to, whether the sibling group was removed from parental care as a group, the closeness and strength of the sibling bond, the ages of the siblings, the appropriateness of maintaining the sibling group together, the detriment to the child if sibling ties are not maintained, the likelihood of finding a permanent home for the sibling group, whether the sibling group is currently placed together in a preadoptive home or has a concurrent plan goal of legal permanency in the same home, the wishes of each child whose age and physical and emotional condition permits a meaningful response, and the best interest of each child in the sibling group. The court shall specify the factual basis for its finding that it is in the best interest of each child to schedule a hearing pursuant to Section 366.26 in 120 days for some or all of the members of the sibling group.

If the child was removed initially under subdivision (g) of Section 300 and the court finds by clear and convincing evidence that the whereabouts of the parent are still unknown, or the parent has failed to contact and visit the child, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If the court finds by clear and convincing

evidence that the parent has been convicted of a felony indicating parental unfitness, the court may schedule a hearing pursuant to Section 366.26 within 120 days.

If the child had been placed under court supervision with a previously noncustodial parent pursuant to Section 361.2, the court shall determine whether supervision is still necessary. The court may terminate supervision and transfer permanent custody to that parent, as provided for by paragraph (1) of subdivision (b) of Section 361.2.

In all other cases, the court shall direct that any reunification services previously ordered shall continue to be offered to the parent or legal guardian pursuant to the time periods set forth in subdivision (a) of Section 361.5, provided that the court may modify the terms and conditions of those services.

If the child is not returned to his or her parent or legal guardian, the court shall determine whether reasonable services that were designed to aid the parent or legal guardian in overcoming the problems that led to the initial removal and the continued custody of the child have been provided or offered to the parent or legal guardian. The court shall order that those services be initiated, continued, or terminated.

(f) The permanency hearing shall be held no later than 12 months after the date the child entered foster care, as that date is determined pursuant to subdivision (a) of Section 361.5. At the permanency hearing, the court shall determine the permanent plan for the child, which shall include a determination of whether the child will be returned to the child's home and, if so, when, within the time limits of subdivision (a) of Section 361.5. The court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. At the permanency hearing, the court shall consider the criminal history, obtained pursuant to paragraph (1) of subdivision (f) of Section 16504.5, of the parent or legal guardian subsequent to the child's removal, provided that he or she agreed to submit fingerprint images to obtain criminal history information as part of the case plan. The court shall also determine whether reasonable services that were designed to aid the parent or legal guardian to overcome the problems that led to the initial removal and continued custody of the child have been provided or offered to the parent or legal guardian. For each youth 16 years of age and older, the court shall also determine whether services have been made available to assist him or her in making the transition from foster care to independent living. The failure of the parent or legal

guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5, shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself of services provided, and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Whether or not the child is returned to his or her parent or legal guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental. The court also shall make a finding pursuant to subdivision (a) of Section 366.

(g) If the time period in which the court-ordered services were provided has met or exceeded the time period set forth in paragraph (1), (2), or (3) of subdivision (a) of Section 361.5, as appropriate, and a child is not returned to the custody of a parent or legal guardian at the permanency hearing held pursuant to subdivision (f), the court shall do one of the following:

(1) Continue the case for up to six months for a permanency review hearing, provided that the hearing shall occur within 18 months of the date the child was originally taken from the physical custody of his or her parent or legal guardian. The court shall continue the case only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time or that reasonable services have not been provided to the parent or legal guardian. For the purposes of this section, in order to find a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time, the court shall be required to find all of the following:

(A) That the parent or legal guardian has consistently and regularly contacted and visited with the child.

(B) That the parent or legal guardian has made significant progress in resolving problems that led to the child's removal from the home.

(C) The parent or legal guardian has demonstrated the capacity and ability both to complete the objectives of his or her treatment plan and to provide for the child's safety, protection, physical and emotional well-being, and special needs.

For purposes of this subdivision, the court's decision to continue the case based on a finding or substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interests of the child.

The court shall inform the parent or legal guardian that if the child cannot be returned home by the next permanency review hearing, a proceeding pursuant to Section 366.26 may be instituted. The court may not order that a hearing pursuant to Section 366.26 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parent or legal guardian.

(2) Order that a hearing be held within 120 days, pursuant to Section 366.26, but only if the court does not continue the case to the permanency planning review hearing and there is clear and convincing evidence that reasonable services have been provided or offered to the parents or legal guardians.

(3) Order that the child remain in long-term foster care, but only if the court finds by clear and convincing evidence, based upon the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, that there is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship. For purposes of this section, a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency that adoption is not in the best interest of the child shall constitute a compelling reason for the court's determination. That recommendation shall be based on the present circumstances of the child and may not preclude a different recommendation at a later date if the child's circumstances change.

If the court orders that a child who is 10 years of age or older remain in long-term foster care, the court shall determine whether the agency has made reasonable efforts to maintain the child's relationships with individuals other than the child's siblings who are important to the child, consistent with the child's best interests, and may make any appropriate order to ensure that those relationships are maintained.

(h) In any case in which the court orders that a hearing pursuant to Section 366.26 shall be held, it shall also order the termination of reunification services to the parent or legal guardian. The court shall continue to permit the parent or legal guardian to visit the child pending

the hearing unless it finds that visitation would be detrimental to the child. The court shall make any other appropriate orders to enable the child to maintain relationships with individuals, other than the child's siblings, who are important to the child, consistent with the child's best interests.

(i) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents or legal guardians.

(2) A review of the amount of and nature of any contact between the child and his or her parents or legal guardians and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or legal guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(5) The relationship of the child to any identified prospective adoptive parent or legal guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) A description of efforts to be made to identify a prospective adoptive parent or legal guardian, including, but not limited to, child-specific recruitment and listing on an adoption exchange.

(7) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(j) If, at any hearing held pursuant to Section 366.26, a guardianship is established for the minor with a relative, and juvenile court dependency is subsequently dismissed, the relative shall be eligible for aid under the Kin-GAP Program, as provided for in Article 4.5 (commencing with Section 11360) of Chapter 2 of Part 3 of Division 9.

(k) As used in this section, “relative” means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words “great,” “great-great,” or “grand,” or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(l) For purposes of this section, evidence of any of the following circumstances may not, in and of itself, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to make and finalize a permanent placement for the child if efforts to reunify fail.

(3) Services to make and finalize a permanent placement for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

(m) The implementation and operation of the amendments to subdivisions (c) and (g) enacted at the 2005–06 Regular Session shall be subject to appropriation through the budget process and by phase, as provided in Section 366.35.

SEC. 15. Section 366.22 of the Welfare and Institutions Code is amended to read:

366.22. (a) When a case has been continued pursuant to paragraph (1) of subdivision (g) of Section 366.21, the permanency review hearing shall occur within 18 months after the date the child was originally removed from the physical custody of his or her parent or legal guardian. The court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. At the permanency review hearing, the court shall consider the criminal history, obtained pursuant to paragraph (1) of subdivision (f) of Section 16504.5, of the parent or legal guardian subsequent to the child’s removal, provided that he or she agreed to submit fingerprint images to obtain criminal history information as part of the case plan. The failure of the parent or legal guardian to participate regularly and make substantive

progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself of services provided; and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Whether or not the child is returned to his or her parent or legal guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that return would be detrimental.

If the child is not returned to a parent or legal guardian at the permanency review hearing, the court shall order that a hearing be held pursuant to Section 366.26 in order to determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the child. However, if the court finds by clear and convincing evidence, based on the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, that there is a compelling reason, as described in paragraph (2) of subdivision (g) of Section 366.21, for determining that a hearing held under Section 366.26 is not in the best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship, then the court may, only under these circumstances, order that the child remain in foster care. If the court orders that a child who is 10 years of age or older remain in long-term foster care, the court shall determine whether the agency has made reasonable efforts to maintain the child's relationships with individuals other than the child's siblings who are important to the child, consistent with the child's best interests, and may make any appropriate order to ensure that those relationships are maintained. The hearing shall be held no later than 120 days from the date of the permanency review hearing. The court shall also order termination of reunification services to the parent or legal guardian. The court shall continue to permit the parent or legal guardian to visit the child unless it finds that visitation would be detrimental to the child. The court shall determine whether reasonable services have been offered or provided to the parent or legal guardian. For purposes of this subdivision, evidence of any of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to make and finalize a permanent placement for the child if efforts to reunify fail.

(3) Services to make and finalize a permanent placement for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

(b) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the child and his or her parents and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purposes of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or legal guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed legal guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(5) The relationship of the child to any identified prospective adoptive parent or legal guardian, the duration and character of the relationship, the motivation for seeking adoption or legal guardianship, and a statement from the child concerning placement and the adoption or legal guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(c) This section shall become operative January 1, 1999. If at any hearing held pursuant to Section 366.26, a legal guardianship is

established for the minor with a relative, and juvenile court dependency is subsequently dismissed, the relative shall be eligible for aid under the Kin-GAP Program, as provided for in Article 4.5 (commencing with Section 11360) of Chapter 2 of Part 3 of Division 9.

(d) As used in this section, “relative” means an adult who is related to the child by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words “great,” “great-great,” or “grand,” or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(e) The implementation and operation of the amendments to subdivision (a) enacted at the 2005–06 Regular Session shall be subject to appropriation through the budget process and by phase, as provided in Section 366.35.

Notwithstanding any other provision of law or regulation, the receipt of AFDC-FC or AAP benefits shall not be cause to deny any other services that a child or family for which the child or family is otherwise eligible pursuant to this division.

(e) This section shall apply to all recipients of AFDC-FC and AAP benefits, including those with rates established prior to the effective date of the act that adds this subdivision, pursuant to Sections 11464 and 16121.

(f) Regulations adopted by the department pursuant to this section shall be adopted as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and for the purposes of that chapter, including Section 11349.6 of the Government Code, the adoption of these regulations is an emergency and shall be considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health, safety, and general welfare.

(b) The department, in conjunction with the CWDA, shall review the county plans and work with county welfare directors and the CWDA to determine what activities and strategies that counties are using to encourage participation among time-limited families, and gather information about the characteristics of the time-limited population.

(c) The department shall provide a written update to the Legislature on March 1, 2008, of the information required by subdivisions (a) and (b) that is gathered by that date. The department shall provide the final report of the information required by subdivisions (a) and (b) to the

Legislature and county welfare directors, on or before September 1, 2008.

SEC. 20. Section 11320.32 of the Welfare and Institutions Code is amended to read:

11320.32. (a) The department shall administer a voluntary Temporary Assistance Program (TAP) for current and future CalWORKs recipients who meet the exemption criteria for work participation activities set forth in Section 11320.3, and are not single parents who have a child under the age of one year. Temporary Assistance Program recipients shall be entitled to the same assistance payments and other benefits as recipients under the CalWORKs program. The purpose of this program is to provide cash assistance and other benefits to eligible families without any federal restrictions or requirements and without any adverse impact on recipients. The Temporary Assistance Program shall commence no later than April 1, 2009.

(b) CalWORKs recipients who meet the exemption criteria for work participation activities set forth in subdivision (b) of Section 11320.3, and are not single parents with a child under the age of one year, shall have the option of receiving grant payments, child care, and transportation services from the Temporary Assistance Program. The department shall notify all CalWORKs recipients and applicants meeting the exemption criteria specified in subdivision (b) of Section 11320.3, except for single parents with a child under the age of one year, of their option to receive benefits under the Temporary Assistance Program. Absent written indication that these recipients or applicants choose not to receive assistance from the Temporary Assistance Program, the department shall enroll CalWORKs recipients and applicants into the program. However, exempt volunteers shall remain in the CalWORKs program unless they affirmatively indicate, in writing, their interest in enrolling in the Temporary Assistance Program. A Temporary Assistance Program recipient who no longer meets the exemption criteria set forth in Section 11320.3 shall be enrolled in the CalWORKs program.

(c) Funding for grant payments, child care, transportation, and eligibility determination activities for families receiving benefits under the Temporary Assistance Program shall be funded with General Fund resources that do not count toward the state's maintenance of effort requirements under clause (i) of subparagraph (B) of paragraph (7) of subdivision (a) of Section 609 of Title 42 of the United States Code, up to the caseload level equivalent to the amount of funding provided for this purpose in the annual Budget Act.

(d) It is the intent of the Legislature that recipients shall have and maintain access to the hardship exemption and the services necessary to begin and increase participation in welfare-to-work activities,

regardless of their county of origin, and that the number of recipients exempt under subdivision (b) of Section 11320.3 not significantly increase due to factors other than changes in caseload characteristics. All relevant state law applicable to CalWORKs recipients shall also apply to families funded under this section. Nothing in this section modifies the criteria for exemption in Section 11320.3.

(e) To the extent that this section is inconsistent with federal regulations regarding implementation of the Deficit Reduction Act of 2005, the department may amend the funding structure for exempt families to ensure consistency with these regulations, not later than 30 days after providing written notification to the chair of the Joint Legislative Budget Committee and the chairs of the appropriate policy and fiscal committees of the Legislature.

A new period of 12 months of placement with the alternate guardian or coguardian shall not be required if that alternate guardian or coguardian

has been assessed pursuant to Section 361.3 and the court terminates dependency jurisdiction.

SEC. 23. Section 11364 of the Welfare and Institutions Code, as amended by Section 29.4 of Chapter 75 of the Statutes of 2006, is repealed.

In addition, effective October 1, 2006, the rate paid for a child eligible for a Kin-GAP payment shall be increased by an amount equal to the clothing allowances, as set forth in subdivision (f) of Section 11461, to which the child would have been entitled while in foster care, including any applicable rate adjustments. In addition, effective October 1, 2006, if a child, while in foster care, received a specialized care increment, immediately prior to his or her enrollment in the Kin-GAP Program, as defined in paragraph (1) of subdivision (e) of Section 11461, the Kin-GAP rate shall be adjusted by the specialized care increment amount, including any applicable rate adjustments.

SEC. 25. Section 11367 of the Welfare and Institutions Code is amended to read:

11367. Kin-GAP, in an amount equal to the applicable regional per-child CalWORKs grant, shall be paid by the state. The supplemental clothing allowance shall be paid pursuant to paragraph (5) of subdivision (f) of Section 11461. The balance of Kin-GAP shall be paid in equal portions by the state and the counties. Notwithstanding Section 11216, effective July 1, 2006, the state share of benefits and administration of the Kin-GAP Program shall be funded with General Fund resources.

SEC. 26. Article 4.75 (commencing with Section 11380) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code is repealed.

SEC. 27. Section 11453 of the Welfare and Institutions Code is amended to read:

11453. (a) Except as provided in subdivision (c), the amounts set forth in Section 11452 and subdivision (a) of Section 11450 shall be adjusted annually by the department to reflect any increases or decreases in the cost of living. These adjustments shall become effective July 1 of each year, unless otherwise specified by the Legislature. For the 2000–01 fiscal year to the 2003–04 fiscal year, inclusive, these adjustments shall become effective October 1 of each year. The cost-of-living adjustment shall be calculated by the Department of Finance based on the changes

in the California Necessities Index, which as used in this section means the weighted average changes for food, clothing, fuel, utilities, rent, and transportation for low-income consumers. The computation of annual adjustments in the California Necessities Index shall be made in accordance with the following steps:

(1) The base period expenditure amounts for each expenditure category within the California Necessities Index used to compute the annual grant adjustment are:

Food.....	\$ 3,027
Clothing (apparel and upkeep).....	406
Fuel and other utilities.....	529
Rent, residential.....	4,883
Transportation.....	1,757
	<hr/>
Total.....	\$10,602

(2) Based on the appropriate components of the Consumer Price Index for All Urban Consumers, as published by the United States Department of Labor, Bureau of Labor Statistics, the percentage change shall be determined for the 12-month period ending with the December preceding the year for which the cost-of-living adjustment will take effect, for each expenditure category specified in subdivision (a) within the following geographical areas: Los Angeles-Long Beach-Anaheim, San Francisco-Oakland, San Diego, and, to the extent statistically valid information is available from the Bureau of Labor Statistics, additional geographical areas within the state which include not less than 80 percent of recipients of aid under this chapter.

(3) Calculate a weighted percentage change for each of the expenditure categories specified in subdivision (a) using the applicable weighting factors for each area used by the State Department of Industrial Relations to calculate the California Consumer Price Index (CCPI).

(4) Calculate a category adjustment factor for each expenditure category in subdivision (a) by (1) adding 100 to the applicable weighted percentage change as determined in paragraph (2) and (2) dividing the sum by 100.

(5) Determine the expenditure amounts for the current year by multiplying each expenditure amount determined for the prior year by the applicable category adjustment factor determined in paragraph (4).

(6) Determine the overall adjustment factor by dividing (1) the sum of the expenditure amounts as determined in paragraph (4) for the current year by (2) the sum of the expenditure amounts as determined in subdivision (d) for the prior year.

(b) The overall adjustment factor determined by the preceding computation steps shall be multiplied by the schedules established pursuant to Section 11452 and subdivision (a) of Section 11450 as are in effect during the month of June preceding the fiscal year in which the adjustments are to occur and the product rounded to the nearest dollar. The resultant amounts shall constitute the new schedules which shall be filed with the Secretary of State.

(c) (1) No adjustment to the maximum aid payment set forth in subdivision (a) of Section 11450 shall be made under this section for the purpose of increasing the benefits under this chapter for the 1990–91, 1991–92, 1992–93, 1993–94, 1994–95, 1995–96, 1996–97, and 1997–98 fiscal years, and through October 31, 1998, to reflect any change in the cost of living. For the 1998–99 fiscal year, the cost-of-living adjustment that would have been provided on July 1, 1998, pursuant to subdivision (a) shall be made on November 1, 1998. No adjustment to the maximum aid payment set forth in subdivision (a) of Section 11450 shall be made under this section for the purpose of increasing the benefits under this chapter for the 2005–06 and 2006–07 fiscal years to reflect any change in the cost-of-living. Elimination of the cost-of-living adjustment pursuant to this paragraph shall satisfy the requirements of Section 11453.05, and no further reduction shall be made pursuant to that section.

(2) No adjustment to the minimum basic standard of adequate care set forth in Section 11452 shall be made under this section for the purpose of increasing the benefits under this chapter for the 1990–91 and 1991–92 fiscal years to reflect any change in the cost of living.

(3) In any fiscal year commencing with the 2000–01 fiscal year to the 2003–04 fiscal year, inclusive, when there is any increase in tax relief pursuant to the applicable paragraph of subdivision (a) of Section 10754 of the Revenue and Taxation Code, then the increase pursuant to subdivision (a) of this section shall occur. In any fiscal year commencing with the 2000–01 fiscal year to the 2003–04 fiscal year, inclusive, when there is no increase in tax relief pursuant to the applicable paragraph of subdivision (a) of Section 10754 of the Revenue and Taxation Code, then any increase pursuant to subdivision (a) of this section shall be suspended.

(4) Notwithstanding paragraph (3), an adjustment to the maximum aid payments set forth in subdivision (a) of Section 11450 shall be made under this section for the 2002–03 fiscal year, but the adjustment shall become effective June 1, 2003.

(5) No adjustment to the maximum aid payment set forth in subdivision (a) of Section 11450 shall be made under this section for the purpose of increasing benefits under this chapter for the 2007–08 fiscal year.

(d) For the 2004–05 fiscal year, the adjustment to the maximum aid payment set forth in subdivision (a) shall be suspended for three months commencing on the first day of the first month following the effective date of the act adding this subdivision.

(e) Adjustments for subsequent fiscal years pursuant to this section shall not include any adjustments for any fiscal year in which the cost of living was suspended pursuant to subdivision (c).

SEC. 28. Section 11461 of the Welfare and Institutions Code is amended to read:

11461. (a) For children placed in a licensed or approved family home with a capacity of six or less, or in an approved home of a relative or nonrelated legal guardian, or the approved home of a nonrelative extended family member as described in Section 362.7, the per child per month rates in the following schedule shall be in effect for the period July 1, 1989, through December 31, 1989:

Age	Basic rate
0–4.....	\$ 294
5–8.....	319
9–11.....	340
12–14.....	378
15–20.....	412

(b) (1) Any county that, as of October 1, 1989, has in effect a basic rate that is at the levels set forth in the schedule in subdivision (a), shall continue to receive state participation, as specified in subdivision (c) of Section 15200, at these levels.

(2) Any county that, as of October 1, 1989, has in effect a basic rate that exceeds a level set forth in the schedule in subdivision (a), shall continue to receive the same level of state participation as it received on October 1, 1989.

(c) The amounts in the schedule of basic rates in subdivision (a) shall be adjusted as follows:

(1) Effective January 1, 1990, the amounts in the schedule of basic rates in subdivision (a) shall be increased by 12 percent.

(2) Effective May 1, 1990, any county that did not increase the basic rate by 12 percent on January 1, 1990, shall do both of the following:

(A) Increase the basic rate in effect December 31, 1989, for which state participation is received by 12 percent.

(B) Increase the basic rate, as adjusted pursuant to subparagraph (A) by an additional 5 percent.

(3) (A) Except as provided in subparagraph (B), effective July 1, 1990, for the 1990–91 fiscal year, the amounts in the schedule of basic rates in subdivision (a) shall be increased by an additional 5 percent.

(B) The rate increase required by subparagraph (A) shall not be applied to rates increased May 1, 1990, pursuant to paragraph (2).

(4) Effective July 1, 1998, the amounts in the schedule of basic rates in subdivision (a) shall be increased by 6 percent. Notwithstanding any other provision of law, the 6-percent increase provided for in this paragraph shall, retroactive to July 1, 1998, apply to every county, including any county to which paragraph (2) of subdivision (b) applies, and shall apply to foster care for every age group.

(5) Notwithstanding any other provision of law, any increase that takes effect after July 1, 1998, shall apply to every county, including any county to which paragraph (2) of subdivision (b) applies, and shall apply to foster care for every age group.

(6) The increase in the basic foster family home rate shall apply only to children placed in a licensed foster family home receiving the basic rate or in an approved home of a relative or nonrelative extended family member, as described in Section 362.7 or nonrelated legal guardian receiving the basic rate. The increased rate shall not be used to compute the monthly amount that may be paid to licensed foster family agencies for the placement of children in certified foster homes.

(d) (1) (A) Beginning with the 1991–92 fiscal year, the schedule of basic rates in subdivision (a) shall be adjusted by the percentage changes in the California Necessities Index, computed pursuant to the methodology described in Section 11453, subject to the availability of funds.

(B) In addition to the adjustment in subparagraph (A) effective January 1, 2000, the schedule of basic rates in subdivision (a) shall be increased by 2.36 percent rounded to the nearest dollar.

(C) Effective January 1, 2008, the schedule of basic rates in subdivision (a), as adjusted pursuant to subparagraph (B), shall be increased by 5 percent, rounded to the nearest dollar. The increased rate shall not be used to compute the monthly amount that may be paid to licensed foster family agencies for the placement of children in certified foster family homes, and shall not be used to recompute the foster care maintenance payment that would have been paid based on the age-related, state-approved foster family home care rate and any applicable specialized care increment, for any adoption assistance agreement entered into prior to October 1, 1992, or in any subsequent reassessment for adoption assistance agreements executed before January 1, 2008.

(2) (A) Any county that, as of the 1991–92 fiscal year, receives state participation for a basic rate that exceeds the amount set forth in the

schedule of basic rates in subdivision (a) shall receive an increase each year in state participation for that basic rate of one-half of the percentage adjustments specified in paragraph (1) until the difference between the county's adjusted state participation level for its basic rate and the adjusted schedule of basic rates is eliminated.

(B) Notwithstanding subparagraph (A), all counties for the 1999–2000 fiscal year and the 2007–08 fiscal year shall receive an increase in state participation for the basic rate of the entire percentage adjustment described in paragraph (1).

(3) If a county has, after receiving the adjustments specified in paragraph (2), a state participation level for a basic rate that is below the amount set forth in the adjusted schedule of basic rates for that fiscal year, the state participation level for that rate shall be further increased to the amount specified in the adjusted schedule of basic rates.

(e) (1) As used in this section, “specialized care increment” means an approved amount paid with state participation on behalf of an AFDC-FC child requiring specialized care to a home listed in subdivision (a) in addition to the basic rate. On the effective date of this section, the department shall continue and maintain the current ratesetting system for specialized care.

(2) Any county that, as of the effective date of this section, has in effect specialized care increments that have been approved by the department, shall continue to receive state participation for those payments.

(3) Any county that, as of the effective date of this section, has in effect specialized care increments that exceed the amounts that have been approved by the department, shall continue to receive the same level of state participation as it received on the effective date of this section.

(4) (A) Except for subparagraph (B), beginning January 1, 1990, specialized care increments shall be adjusted in accordance with the methodology for the schedule of basic rates described in subdivision (c) and (d). No county shall receive state participation for any increases in a specialized care increment which exceeds the adjustments made in accordance with this methodology.

(B) Notwithstanding subdivision (e) of Section 11460, for the 1993–94 fiscal year, an amount equal to 5 percent of the State Treasury appropriation for family homes shall be added to the total augmentation for the AFDC-FC program in order to provide incentives and assistance to counties in the area of specialized care. This appropriation shall be used, but not limited to, encouraging counties to implement or expand specialized care payment systems, to recruit and train foster parents for the placement of children with specialized care needs, and to develop

county systems to encourage the placement of children in family homes. It is the intent of the Legislature that in the use of these funds, federal financial participation shall be claimed whenever possible.

(f) (1) As used in this section, “clothing allowance” means the amount paid with state participation in addition to the basic rate for the provision of additional clothing for an AFDC-FC child, including, but not limited to, an initial supply of clothing and school or other uniforms.

(2) Any county that, as of the effective date of this section, has in effect clothing allowances, shall continue to receive the same level as it received on the effective date of this section.

(3) (A) Commencing in the 2007–08 fiscal year, for children whose foster care payment is the responsibility of Colusa, Plumas, and Tehama Counties, the amount of the clothing allowance may be up to two hundred seventy-four dollars (\$274) per child per year.

(B) Each county listed in subparagraph (A) that elects to receive the clothing allowance shall submit a Clothing Allowance Program Notification to the department within 60 days after the effective date of the act that adds this paragraph.

(C) The Clothing Allowance Program Notification shall identify the specific amounts to be paid and the disbursement schedule for these clothing allowance payments.

(4) Beginning January 1, 1990, except as provided in paragraph (5), clothing allowances shall be adjusted annually in accordance with the methodology for the schedule of basic rates described in subdivision (c) and (d). No county shall be reimbursed for any increases in clothing allowances which exceed the adjustments made in accordance with this methodology.

(5) For the 2000–01 fiscal year and each fiscal year thereafter, without a county share of cost, notwithstanding subdivision (c) of Section 15200, each child shall be entitled to receive a supplemental clothing allowance of one hundred dollars (\$100) per year subject to the availability of funds. The clothing allowance shall be used to supplement, and not supplant, the clothing allowance specified in paragraph (1).

SEC. 29. Section 11462 of the Welfare and Institutions Code is amended to read:

11462. (a) (1) Effective July 1, 1990, foster care providers licensed as group homes, as defined in departmental regulations, including public child care institutions, as defined in Section 11402.5, shall have rates established by classifying each group home program and applying the standardized schedule of rates. The department shall collect information from group providers beginning January 1, 1990, in order to classify each group home program.

(2) Notwithstanding paragraph (1), foster care providers licensed as group homes shall have rates established only if the group home is organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400. The department shall terminate the rate effective January 1, 1993, of any group home not organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400.

(3) (A) The department shall determine, consistent with the requirements of this chapter and other relevant requirements under law, the rate classification level (RCL) for each group home program on a biennial basis. Submission of the biennial rate application shall be made according to a schedule determined by the department.

(B) The department shall adopt regulations to implement this paragraph. The adoption, amendment, repeal, or readoption of a regulation authorized by this paragraph is deemed to be necessary for the immediate preservation of the public peace, health and safety, or general welfare, for purposes of Sections 11346.1 and 11349.6 of the Government Code, and the department is hereby exempted from the requirement to describe specific facts showing the need for immediate action.

(b) A group home program shall be initially classified, for purposes of emergency regulations, according to the level of care and services to be provided using a point system developed by the department and described in the report, "The Classification of Group Home Programs under the Standardized Schedule of Rates System," prepared by the State Department of Social Services, August 30, 1989.

(c) The rate for each RCL has been determined by the department with data from the AFDC-FC Group Home Rate Classification Pilot Study. The rates effective July 1, 1990, were developed using 1985 calendar year costs and reflect adjustments to the costs for each fiscal year, starting with the 1986–87 fiscal year, by the amount of the California Necessities Index computed pursuant to the methodology described in Section 11453. The data obtained by the department using 1985 calendar year costs shall be updated and revised by January 1, 1993.

(d) As used in this section, "standardized schedule of rates" means a listing of the 14 rate classification levels, and the single rate established for each RCL.

(e) Except as specified in paragraph (1), the department shall determine the RCL for each group home program on a prospective basis, according to the level of care and services that the group home operator projects will be provided during the period of time for which the rate is being established.

(1) (A) For new and existing providers requesting the establishment of an RCL, and for existing group home programs requesting an RCL increase, the department shall determine the RCL no later than 13 months after the effective date of the provisional rate. The determination of the RCL shall be based on a program audit of documentation and other information that verifies the level of care and supervision provided by the group home program during a period of the two full calendar months or 60 consecutive days, whichever is longer, preceding the date of the program audit, unless the group home program requests a lower RCL. The program audit shall not cover the first six months of operation under the provisional rate. Pending the department's issuance of the program audit report that determines the RCL for the group home program, the group home program shall be eligible to receive a provisional rate that shall be based on the level of care and service that the group home program proposes it will provide. The group home program shall be eligible to receive only the RCL determined by the department during the pendency of any appeal of the department's RCL determination.

(B) A group home program may apply for an increase in its RCL no earlier than two years from the date the department has determined the group home program's rate, unless the host county, the primary placing county, or a regional consortium of counties submits to the department in writing that the program is needed in that county, that the provider is capable of effectively and efficiently operating the proposed program, and that the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(C) To ensure efficient administration of the department's audit responsibilities, and to avoid the fraudulent creation of records, group home programs shall make records that are relevant to the RCL determination available to the department in a timely manner. Except as provided in this section, the department may refuse to consider, for purposes of determining the rate, any documents that are relevant to the determination of the RCL that are not made available by the group home provider by the date the group home provider requests a hearing on the department's RCL determination. The department may refuse to consider, for purposes of determining the rate, the following records, unless the group home provider makes the records available to the department during the fieldwork portion of the department's program audit:

(i) Records of each employee's full name, home address, occupation, and social security number.

(ii) Time records showing when the employee begins and ends each work period, meal periods, split shift intervals, and total daily hours worked.

(iii) Total wages paid each payroll period.

(iv) Records required to be maintained by licensed group home providers under Title 22 of the California Code of Regulations that are relevant to the RCL determination.

(D) To minimize financial abuse in the startup of group home programs, when the department's RCL determination is more than three levels lower than the RCL level proposed by the group home provider, and the group home provider does not appeal the department's RCL determination, the department shall terminate the rate of a group home program 45 days after issuance of its program audit report. When the group home provider requests a hearing on the department's RCL determination, and the RCL determined by the director under subparagraph (E) is more than three levels lower than the RCL level proposed by the group home provider, the department shall terminate the rate of a group home program within 30 days of issuance of the director's decision. Notwithstanding the reapplication provisions in subparagraph (B), the department shall deny any request for a new or increased RCL from a group home provider whose RCL is terminated pursuant to this subparagraph, for a period of no greater than two years from the effective date of the RCL termination.

(E) A group home provider may request a hearing of the department's RCL determination under subparagraph (A) no later than 30 days after the date the department issues its RCL determination. The department's RCL determination shall be final if the group home provider does not request a hearing within the prescribed time. Within 60 days of receipt of the request for hearing, the department shall conduct a hearing on the RCL determination. The standard of proof shall be the preponderance of the evidence and the burden of proof shall be on the department. The hearing officer shall issue the proposed decision within 45 days of the close of the evidentiary record. The director shall adopt, reject, or modify the proposed decision, or refer the matter back to the hearing officer for additional evidence or findings within 100 days of issuance of the proposed decision. If the director takes no action on the proposed decision within the prescribed time, the proposed decision shall take effect by operation of law.

(2) Group home programs that fail to maintain at least the level of care and services associated with the RCL upon which their rate was established shall inform the department. The department shall develop regulations specifying procedures to be applied when a group home fails to maintain the level of services projected, including, but not limited to, rate reduction and recovery of overpayments.

(3) The department shall not reduce the rate, establish an overpayment, or take other actions pursuant to paragraph (2) for any period that a group

home program maintains the level of care and services associated with the RCL for children actually residing in the facility. Determinations of levels of care and services shall be made in the same way as modifications of overpayments are made pursuant to paragraph (2) of subdivision (b) of Section 11466.2.

(4) A group home program that substantially changes its staffing pattern from that reported in the group home program statement shall provide notification of this change to all counties that have placed children currently in care. This notification shall be provided whether or not the RCL for the program may change as a result of the change in staffing pattern.

(f) (1) The standardized schedule of rates for the 2002–03, 2003–04, 2004–05, 2005–06, 2006–07, and 2007–08 fiscal years is:

(B) Notwithstanding subparagraph (A), foster care providers operating group homes during the 2002–03, 2003–04, 2004–05, 2005–06, 2006–07, and 2007–08 fiscal years shall remain responsible for ensuring the health and safety of the children placed in their programs in accordance with existing applicable provisions of the Health and Safety Code and community care licensing regulations, as contained in Title 22 of the Code of California Regulations.

(C) Subparagraph (A) shall not apply to program audits of group home programs with provisional rates established pursuant to paragraph (1) of subdivision (e). For those program audits, the RCL point ranges in paragraph (1) shall be used.

(g) (1) (A) For the 1999–2000 fiscal year, the standardized rate for each RCL shall be adjusted by an amount equal to the California Necessities Index computed pursuant to the methodology described in Section 11453. The resultant amounts shall constitute the new standardized schedule of rates, subject to further adjustment pursuant to subparagraph (B).

(B) In addition to the adjustment in subparagraph (A), commencing January 1, 2000, the standardized rate for each RCL shall be increased by 2.36 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new standardized schedule of rates.

(2) Beginning with the 2000–01 fiscal year, the standardized schedule of rates shall be adjusted annually by an amount equal to the CNI computed pursuant to Section 11453, subject to the availability of funds.

The resultant amounts shall constitute the new standardized schedule of rates.

(3) Effective January 1, 2001, the amount included in the standard rate for each Rate Classification Level (RCL) for the salaries, wages, and benefits for staff providing child care and supervision or performing social work activities, or both, shall be increased by 10 percent. This additional funding shall be used by group home programs solely to supplement staffing, salaries, wages, and benefit levels of staff specified in this paragraph. The standard rate for each RCL shall be recomputed using this adjusted amount and the resultant rates shall constitute the new standardized schedule of rates. The department may require a group home receiving this additional funding to certify that the funding was utilized in accordance with the provisions of this section.

(4) Effective January 1, 2008, the amount included in the standard rate for each RCL for the wages for staff providing child care and supervision or performing social work activities, or both, shall be increased by 5 percent, and the amount included for the payroll taxes and other employer-paid benefits for these staff shall be increased from 20.325 percent to 24 percent. The standard rate for each RCL shall be recomputed using these adjusted amounts, and the resulting rates shall constitute the new standardized schedule of rates.

(h) The standardized schedule of rates pursuant to subdivisions (f) and (g) shall be implemented as follows:

(1) Any group home program that received an AFDC-FC rate in the prior fiscal year at or above the standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(2) Any group home program that received an AFDC-FC rate in the prior fiscal year below the standard rate for the RCL in the current fiscal year shall receive the RCL rate for the current year.

(i) (1) The department shall not establish a rate for a new program of a new or existing provider, or for an existing program at a new location of an existing provider, unless the provider submits a letter of recommendation from the host county, the primary placing county, or a regional consortium of counties that includes all of the following:

(A) That the program is needed by that county.

(B) That the provider is capable of effectively and efficiently operating the program.

(C) That the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(D) That, if the letter of recommendation is not being issued by the host county, the primary placing county has notified the host county of its intention to issue the letter and the host county was given the

opportunity 30 days to respond to this notification and to discuss options with the primary placing county.

(2) The department shall encourage the establishment of consortia of county placing agencies on a regional basis for the purpose of making decisions and recommendations about the need for, and use of, group home programs and other foster care providers within the regions.

(3) The department shall annually conduct a county-by-county survey to determine the unmet placement needs of children placed pursuant to Section 300 and Section 601 or 602, and shall publish its findings by November 1 of each year.

(j) The department shall develop regulations specifying ratesetting procedures for program expansions, reductions, or modifications, including increases or decreases in licensed capacity, or increases or decreases in level of care or services.

(k) (1) For the purpose of this subdivision, “program change” means any alteration to an existing group home program planned by a provider that will increase the RCL or AFDC-FC rate. An increase in the licensed capacity or other alteration to an existing group home program that does not increase the RCL or AFDC-FC rate shall not constitute a program change.

(2) For the 1998–99, 1999–2000, and 2000–01 fiscal years, the rate for a group home program shall not increase, as the result of a program change, from the rate established for the program effective July 1, 2000, and as adjusted pursuant to subparagraph (B) of paragraph (1) of subdivision (g), except as provided in paragraph (3).

(3) (A) For the 1998–99, 1999–2000, and 2000–01 fiscal years, the department shall not establish a rate for a new program of a new or existing provider or approve a program change for an existing provider that either increases the program’s RCL or AFDC-FC rate, or increases the licensed capacity of the program as a result of decreases in another program with a lower RCL or lower AFDC-FC rate that is operated by that provider, unless both of the following conditions are met:

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The county determines that there is no increased cost to the General Fund.

(B) Notwithstanding subparagraph (A), the department may grant a request for a new program or program change, not to exceed 25 beds, statewide, if both of the following conditions are met:

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The department determines that the new program or program change will result in a reduction of referrals to state hospitals during the 1998–99 fiscal year.

(l) General unrestricted or undesignated private charitable donations and contributions made to charitable or nonprofit organizations shall not be deducted from the cost of providing services pursuant to this section. The donations and contributions shall not be considered in any determination of maximum expenditures made by the department.

(m) The department shall, by October 1 of each year, commencing October 1, 1992, provide the Joint Legislative Budget Committee with a list of any new departmental requirements established during the previous fiscal year concerning the operation of group homes, and of any unusual, industrywide increase in costs associated with the provision of group care that may have significant fiscal impact on providers of group homes care. The committee may, in fiscal year 1993–94 and beyond, use the list to determine whether an appropriation for rate adjustments is needed in the subsequent fiscal year.

SEC. 30. Section 11463 of the Welfare and Institutions Code is amended to read:

11463. (a) (1) The department, with the advice, assistance, and cooperation of the counties and foster care providers, shall develop, implement, and maintain a ratesetting system for foster family agencies.

(2) No county shall be reimbursed for any percentage increases in payments, made on behalf of AFDC-FC funded children who are placed with foster family agencies, that exceed the percentage cost-of-living increase provided in any fiscal year beginning on January 1, 1990, as specified in subdivision (c) of Section 11461.

(b) The department shall develop regulations specifying the purposes, types, and services of foster family agencies, including the use of those agencies for the provision of emergency shelter care. A distinction, for ratesetting purposes, shall be drawn between foster family agencies that provide treatment of children in foster families and those that provide nontreatment services.

(c) The department shall develop and maintain regulations specifying the procedure for the appeal of department decisions about the setting of an agency's rate.

(d) On and after July 1, 1998, the schedule of rates, and the components used in the rate calculations specified in the department's regulations, for foster family agencies shall be increased by 6 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new schedule of rates for foster family agencies.

(e) (1) On and after July 1, 1999, the schedule of rates and the components used in the rate calculations specified in the department's

regulations for foster family agencies shall be adjusted by an amount equal to the California Necessities Index computed pursuant to Section 11453, rounded to the nearest dollar, subject to the availability of funds. The resultant amounts shall constitute the new schedule of rates for foster family agencies, subject to further adjustment pursuant to paragraph (2).

(2) In addition to the adjustment specified in paragraph (1), commencing January 1, 2000, the schedule of rates and the components used in the rate calculations specified in the department's regulations for foster family agencies shall be increased by 2.36 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new schedule of rates for foster family agencies.

(f) For the 1999–2000 fiscal year, foster family agency rates that are not determined by the schedule of rates set forth in the department's regulations, shall be increased by the same percentage as provided in subdivision (e).

(g) For the 2000–01 fiscal year and each fiscal year thereafter, without a county share of cost, notwithstanding subdivision (c) of Section 15200, the foster family agency rate shall be supplemented by one hundred dollars (\$100) for clothing per year per child in care, subject to the availability of funds. The supplemental payment shall be used to supplement, and shall not be used to supplant, any clothing allowance paid in addition to the foster family agency rate.

(h) In addition to the adjustment made pursuant to subdivision (e), the component for social work activities in the rate calculation specified in the department's regulations for foster family agencies shall be increased by 10 percent, effective January 1, 2001. This additional funding shall be used by foster family agencies solely to supplement staffing, salaries, wages, and benefit levels of staff performing social work activities. The schedule of rates shall be recomputed using the adjusted amount for social work activities. The resultant amounts shall constitute the new schedule of rates for foster family agencies. The department may require a foster family agency receiving this additional funding to certify that the funding was utilized in accordance with the provisions of this section.

(i) The increased rate provided by subparagraph (C) of paragraph (1) of subdivision (d) of Section 11461 shall not be used to compute the monthly amount that may be paid to licensed foster family agencies for the placement of children in certified foster homes.

(j) (1) The department shall determine, consistent with the requirements of this section and other relevant requirements under law, the rate category for each foster family agency on a biennial basis. Submission of the biennial rate application shall be according to a schedule determined by the department.

(2) The department shall adopt regulations to implement this subdivision. The adoption, amendment, repeal, or readoption of a regulation authorized by this subdivision is deemed to be necessary for the immediate preservation of the public peace, health and safety, or general welfare, for purposes of Sections 11346.1 and 11349.6 of the Government Code, and the department is hereby exempted from the requirement to describe specific facts showing the need for immediate action.

SEC. 30.5. Section 11464 of the Welfare and Institutions Code is repealed.

SEC. 30.7. Section 11464 is added to the Welfare and Institutions Code, to read:

11464. (a) The Legislature finds and declares all of the following:

(1) Children who are consumers of regional center services and also receiving Aid to Families with Dependent Children-Foster Care (AFDC-FC) or Adoption Assistance Program (AAP) benefits have special needs that can require care and supervision beyond that typically provided to children in foster care. Clarifying the roles of the child welfare and developmental disabilities services systems will ensure that these children receive the services and support they need in a timely manner and encourage the successful adoption of these children, where appropriate.

(2) To address the extraordinary care and supervision needs of children who are consumers of regional center services and also receiving AFDC-FC or AAP benefits, it is necessary to provide a rate for care and supervision of these children that is higher than the average rate they would otherwise receive through the foster care system and higher than the rate other children with medical and other significant special needs receive.

(3) Despite the enhanced rate provided in this section, some children who are consumers of regional center services and also receiving AFDC-FC or AAP benefits may have care and supervision needs that are so extraordinary that they cannot be addressed within that rate. In these limited circumstances, a process should be established whereby a supplement may be provided in addition to the enhanced rate.

(4) Children who receive rates pursuant to this section shall be afforded the same due process rights as all children who apply for AFDC-FC and AAP benefits pursuant to Section 10950.

(b) Rates for children who are both regional center consumers and recipients of AFDC-FC benefits under this chapter shall be determined as provided in Section 4684 and this section.

(c) (1) The rate to be paid for 24-hour out-of-home care and supervision provided to children who are both consumers of regional center services pursuant to subdivision (d) of Section 4512 and recipients

of AFDC-FC benefits under this chapter shall be two thousand six dollars (\$2,006) per child per month.

(2) (A) The county, at its sole discretion, may authorize a supplement of up to one thousand dollars (\$1,000) to the rate for children three years of age and older, if it determines the child has the need for extraordinary care and supervision that cannot be met within the rate established pursuant to paragraph (1). The State Department of Social Services and the State Department of Developmental Services, in consultation with stakeholders representing county child welfare agencies, regional centers, and children who are both consumers of regional center services and recipients of AFDC-FC or AAP benefits, shall develop objective criteria to be used by counties in determining eligibility for and the level of the supplements provided pursuant to this paragraph. The State Department of Social Services shall issue an all-county letter to implement these criteria within 120 days of the effective date of this act. The criteria shall take into account the extent to which the child has any of the following:

- (i) Severe impairment in physical coordination and mobility.
- (ii) Severe deficits in self-help skills.
- (iii) Severely disruptive or self-injurious behavior.
- (iv) A severe medical condition.

(B) The caregiver may request the supplement described in subparagraph (A) directly or upon referral by a regional center. Referral by a regional center shall not create the presumption of eligibility for the supplement.

(C) When assessing a request for the supplement, the county shall seek information from the consumer's regional center to assist in the assessment. The county shall issue a determination of eligibility for the supplement within 90 days of receipt of the request. The county shall report to the State Department of Social Services the number and level of rate supplements issued pursuant to this paragraph.

(d) (1) The rate to be paid for 24-hour out-of-home care and supervision provided for children who are receiving services under the California Early Start Intervention Services Act, are not yet determined by their regional center to have a developmental disability, as defined in subdivisions (a) and (l) of Section 4512, and are receiving AFDC-FC benefits under this chapter, shall be eight hundred ninety-eight dollars (\$898) per child per month. If a regional center subsequently determines that the child is an individual with a developmental disability as that term is defined by subdivisions (a) and (l) of Section 4512, the rate to be paid from the date of that determination shall be consistent with subdivision (c).

(2) The rates to be paid for 24-hour out-of-home nonmedical care and supervision for children who are recipients of AFDC-FC and consumers

of regional center services from a community care facility licensed pursuant to Chapter 3 (commencing with Section 1500) of Division 2 of the Health and Safety Code and vendored by a regional center pursuant to Section 56004 of Title 17 of the California Code of Regulations, shall be the facility rate established by the State Department of Developmental Services.

(e) Rates paid pursuant to this section are subject to all of the following requirements:

(1) The rates paid to the foster care provider under subdivision (c) and paragraph (1) of subdivision (d) are only for the care and supervision of the child, as defined in subdivision (b) of Section 11460 and shall not be applicable to facilities described in paragraph (2) of subdivision (d).

(2) Regional centers shall separately purchase or secure the services that are contained in the child's Individualized Family Service Plan (IFSP) or Individual Program Plan (IPP), pursuant to Section 4684.

(3) In the event that the schedule of basic foster care rates, as specified in Section 11461, is increased on or after July 1, 2008, the rates in subdivisions (c), (d), and (f) shall be similarly adjusted. No county shall be reimbursed for any increase in this rate that exceeds the adjustments made in accordance with this methodology.

(f) (1) The AFDC-FC rates paid on behalf of a regional center consumer who is a recipient of AFDC-FC prior to July 1, 2007, shall remain in effect unless a change in the placement warrants redetermination of the rate or if the child is no longer AFDC-FC eligible. However, AFDC-FC rates paid on behalf of these children that are lower than the rates specified in paragraph (1) of subdivision (c) or paragraph (1) of subdivision (d), respectively, shall be increased as appropriate to the amount set forth in paragraph (1) of subdivision (c) or paragraph (1) of subdivision (d), effective July 1, 2007, and shall remain in effect unless a change in the placement or a change in AFDC-FC eligibility of the child warrants redetermination of the rate.

(2) For a child who is receiving AFDC-FC benefits or for whom a foster care eligibility determination is pending, and for whom an eligibility determination for regional center services pursuant to subdivision (a) of Section 4512 is pending or approved, and for whom, prior to July 1, 2007, a State Department of Developmental Services facility rate determination request has been made and is pending, the rate shall be the State Department of Developmental Services facility rate determined by the regional center through an individualized assessment, or the rate established in paragraph (1) of subdivision (c), whichever is greater. The rate shall remain in effect until the child is no longer eligible to receive AFDC-FC, or, if still AFDC-FC eligible, is found ineligible for regional center services as an individual described

in subdivision (a) of Section 4512. Other than the circumstances described in this section, regional centers shall not establish facility rates for AFDC-FC purposes.

(g) (1) The department shall adopt emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and for the purposes of that chapter, including Section 11349.6 of the Government Code, on or before July 1, 2009.

(2) The adoption of regulations pursuant to paragraph (1) shall be deemed an emergency and necessary for the immediate preservation of the public peace, health, safety, and general welfare. The regulations authorized by this subdivision shall remain in effect for no more than 180 days, by which time final regulations shall be adopted.

(h) (1) The State Department of Social Services and the State Department of Developmental Services shall provide to the Joint Legislative Budget Committee, on a semiannual basis, the data set forth in paragraph (2) to facilitate Legislative review of the outcomes of the changes made by the addition of this section and the amendments made to Sections 4684 and 16121 by the act adding this section. The first report shall be submitted on October 1, 2007, with subsequent reports submitted on March 1 and October 1 of each year.

(2) The following data shall be provided pursuant to this subdivision:

(A) The number of, and services provided to, children who are consumers of regional center services and who are receiving AAP or AFDC-FC, broken out by children receiving the amount pursuant to paragraph (1) of subdivision (c), the amount pursuant to paragraph (1) of subdivision (d), and the level of supplement pursuant to subparagraph (A) of paragraph (2) of subdivision (c).

(B) A comparison of services provided to these children and similar children who are regional center consumers who do not receive AFDC-FC or AAP benefits, broken out by children receiving the amount pursuant to paragraph (1) of subdivision (c), the amount pursuant to paragraph (1) of subdivision (d), and the level of supplement pursuant to subparagraph (A) of paragraph (2) of subdivision (c).

(C) The number and nature of appeals filed regarding services provided or secured by regional centers for these children, consistent with Section 4714, broken out by children receiving the amount pursuant to paragraph (1) of subdivision (c), the amount pursuant to paragraph (1) of subdivision (d), and the level of supplement pursuant to subparagraph (A) of paragraph (2) of subdivision (c).

(D) The number of these children who are adopted before and after the act adding this section, broken out by children receiving the amount pursuant to paragraph (1) of subdivision (c), the amount pursuant to

paragraph (1) of subdivision (d), and the level of supplement pursuant to subparagraph (A) of paragraph (2) of subdivision (c).

(E) The number and levels of supplements requested pursuant to subparagraph (B) of paragraph (2) of subdivision (c).

(F) The number of appeals requested of the decision by counties to deny the request for the supplement pursuant to subparagraph (A) of paragraph (2) of subdivision (c).

(G) The total number and levels of supplements authorized pursuant to subparagraph (A) of paragraph (2) of subdivision (c) and the number of these supplements authorized upon appeal.

SEC. 31. Section 11465 of the Welfare and Institutions Code is amended to read:

11465. (a) When a child is living with a parent who receives AFDC-FC or Kin-GAP benefits, the rate paid to the provider on behalf of the parent shall include an amount for care and supervision of the child.

(b) For each category of eligible licensed community care facility, as defined in Section 1502 of the Health and Safety Code, the department shall adopt regulations setting forth a uniform rate to cover the cost of care and supervision of the child in each category of eligible licensed community care facility.

(c) (1) On and after July 1, 1998, the uniform rate to cover the cost of care and supervision of a child pursuant to this section shall be increased by 6 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new uniform rate.

(2) (A) On and after July 1, 1999, the uniform rate to cover the cost of care and supervision of a child pursuant to this section shall be adjusted by an amount equal to the California Necessities Index computed pursuant to Section 11453, rounded to the nearest dollar. The resultant amounts shall constitute the new uniform rate, subject to further adjustment pursuant to subparagraph (B).

(B) In addition to the adjustment specified in subparagraph (A), on and after January 1, 2000, the uniform rate to cover the cost of care and supervision of a child pursuant to this section shall be increased by 2.36 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new uniform rate.

(3) Subject to the availability of funds, for the 2000–01 fiscal year and annually thereafter, these rates shall be adjusted for cost of living pursuant to procedures in Section 11453.

(4) On and after January 1, 2008, the uniform rate to cover the cost of care and supervision of a child pursuant to this section shall be increased by 5 percent, rounded to the nearest dollar. The resulting amount shall constitute the new uniform rate.

(d) (1) Notwithstanding subdivisions (a) to (c), inclusive, the payment made pursuant to this section for care and supervision of a child who is living with a teen parent in a whole family foster home, as defined in subdivision (u) of Section 11400, shall equal the basic rate for children placed in a licensed or approved home as specified in subdivisions (a) to (d), inclusive, of Section 11461.

(2) The caregiver shall provide the county child welfare agency or probation department with a copy of the shared responsibility plan developed pursuant to Section 16501.25 and shall advise the county child welfare agency or probation department of any subsequent changes to the plan. Once the plan has been completed and provided to the appropriate agencies, the payment made pursuant to this section shall be increased by an additional two hundred dollars (\$200) per month to reflect the increased care and supervision while he or she is placed in the whole family foster home.

(3) In any year in which the payment provided pursuant to this section is adjusted for the cost of living as provided in paragraph (1) of subdivision (c), the payments provided for in this subdivision shall also be increased by the same procedures.

SEC. 32. Section 11466.23 is added to the Welfare and Institutions Code, to read:

11466.23. (a) It is the intent of the Legislature to comply with the federal requirements of the Improper Payments Act of 2002 with respect to the remittance of the federal share of foster care overpayments.

(b) For the purposes of this section, a federal foster care or adoption assistance overpayment is defined as any amount of aid paid to which a foster care provider or adoption assistance recipient was not entitled, including any overpayment identified by a foster care provider as described in Section 11400, or federal Adoption Assistance Program recipient as described in Chapter 2.1 (commencing with Section 16115) of Part 4.

(c) Counties shall be required to remit the appropriate amount of federal funds upon identification of the overpayment, following the completion of due process.

(1) Counties shall not be required to repay the overpayment when any of the following occurs:

(A) The amount is legally uncollectible, including any amount legally uncollectible pursuant to Section 11466.24.

(B) The cost of collection exceeds the overpayment.

(C) The foster family agency or group home is no longer in business or licensed by the department.

(2) Remittance of overpayments of federal AFDC-FC funds and federal AAP funds not excluded by paragraph (1) shall be shared by the

state and the counties based on a 40 percent state, 60 percent county sharing ratio. Upon actual collection of any overpayments from providers or recipients, the county shall ensure that the total amount reimbursed to the state reflects the federal and state share of the overpayment costs, as specified. All overpayments of federal AFDC-FC funds and federal AAP funds included in paragraph (1) shall be repaid completely with state funds.

(3) Nothing in this section shall inhibit existing county authority to collect overpayments.

(4) Nothing in this section shall inhibit existing county responsibility to remit voluntary overpayments upon collection.

(d) (1) The department shall adopt regulations to implement this section by December 31, 2008. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department, in consultation and coordination with the County Welfare Directors Association, may adopt emergency regulations to implement this section.

(2) The adoption of emergency regulations pursuant to subdivision (a) shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, safety, or general welfare. The emergency regulations authorized by this section shall be submitted to the Office of Administrative Law for filing with the Secretary of State and shall remain in effect for no more than 180 days, by which time final regulations shall be adopted.

(e) The department may only require counties to remit payment of the federal share for overpayments upon identification that occur on or after the effective date of regulations adopted pursuant to this section.

SEC. 33. Section 11466.235 is added to the Welfare and Institutions Code, to read:

11466.235. (a) The department, in consultation and coordination with the County Welfare Directors Association (CWDA), shall update existing regulations and establish new regulations where lacking for the identification, determination, tracking, notification, and collection of foster care and adoption assistance overpayments by county agencies to foster care providers or adoption assistance recipients, and shall specify the required actions of county agencies, as appropriate, to recoup overpayments. In addition, the department, in consultation with the CWDA, shall develop specific processes to implement collection and repayment of overpaid federal AFDC-FC funds, including the development of a Notice of Action (NOA), due process procedures, voluntary repayment procedures, involuntary repayment procedures, and the accrual of interest. It is the intent of the Legislature that the recovery of unauthorized funds is done in a manner that does not

jeopardize overall availability of placements for foster or adoptive children or the best interests of the foster or adoptive child.

(b) (1) No later than October 1, 2007, the department shall implement a process to obtain all necessary state approvals of advanced planning documents for counties to implement automated solutions designed to minimize overpayments, and to submit the documents to the appropriate federal authority within 30 days of original submission by the county to the state. The process shall include a template to be used by counties for expedited state and federal approval of advanced planning documents designed to minimize overpayments.

(2) No later than December 31, 2007, the department shall implement a process for counties to obtain, at no charge, all necessary data from the Child Welfare Services Case Management System (CWS/CMS) to implement automated solutions designed to minimize overpayments, such as the system used by Alameda County, or a similar solution. The department shall notify the budget committees of the Legislature and the CWDA by October 1, 2007, if the department believes that the extract of this data could jeopardize the structural and data integrity of the information within the CWS/CMS. The department shall work with CWDA to mitigate these risks, if found.

(c) (1) The department shall modify existing regulations and adopt new regulations to implement this section by December 31, 2008. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department, in consultation with the CWDA, may adopt emergency regulations to implement this section.

(2) The adoption of emergency regulations pursuant to paragraph (1) shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, safety, or general welfare. The emergency regulations authorized by this section shall be submitted to the Office of Administrative Law for filing with the Secretary of State and shall remain in effect for no more than 180 days, by which time final regulations shall be adopted.

SEC. 34. Section 11466.24 of the Welfare and Institutions Code is amended to read:

11466.24. (a) In accordance with this section, a county shall collect an overpayment, discovered on or after January 1, 1999, made to a foster family home, an approved home of a relative, an approved home of a nonrelative extended family member, or an approved home of a nonrelative legal guardian, for any period of time in which the foster child was not cared for in that home, unless any of the following conditions exist, in which case a county shall not collect the overpayment:

(1) The cost of the collection exceeds that amount of the overpayment that is likely to be recovered by the county. The cost of collecting the overpayment and the likelihood of collection shall be documented by the county. Costs that the county shall consider when determining the cost-effectiveness to collect are total administrative, personnel, legal filing fee, and investigative costs, and any other applicable costs.

(2) The child was temporarily removed from the home and payment was owed to the provider to maintain the child's placement, or the child was temporarily absent from the provider's home, or on runaway status and subsequently returned, and payment was made to the provider to meet the child's needs.

(3) The overpayment was exclusively the result of a county administrative error or both the county welfare department and the provider were unaware of the information that would establish that the foster child was not eligible for foster care benefits.

(4) The provider did not have knowledge of, and did not contribute to, the cause of the overpayment.

(b) (1) After notification by a county of an overpayment to a foster family home, an approved home of a relative or a nonrelative extended family member, or an approved home of a nonrelative legal guardian, and a demand letter for repayment, the foster parent, approved relative, or approved nonrelative legal guardian may request the county welfare department to review the overpayment determination in an informal hearing, or may file with the department a request for a hearing to appeal the overpayment determination. Requesting an informal hearing shall not preclude a payee from seeking a formal hearing at a later date. The county welfare department shall dismiss the overpayment repayment request if it determines the action to be incorrect through an initial review prior to a state hearing, or through a review in an informal hearing held at the request of the foster parent, relative, or nonrelative legal guardian.

(2) If an informal hearing does not result in the dismissal of the overpayment, or a formal appeal hearing is not requested, or on the 30th day following a formal appeal hearing decision, whichever is later, the foster family provider overpayment shall be sustained for collection purposes.

(3) The department shall adopt regulations that ensure that the best interests of the child shall be the primary concern of the county welfare director in any repayment agreement.

(c) (1) The department shall develop regulations for recovery of overpayments made to any foster family home, approved home of a relative, or approved home of a nonrelative legal guardian. The regulations shall prioritize collection methods, that shall include voluntary repayment agreement procedures and involuntary overpayment collection

procedures. These procedures shall take into account the amount of the overpayment and a minimum required payment amount.

(2) A county shall not collect an overpayment through the use of an involuntary payment agreement unless a foster family home, an approved home of a relative, or an approved home of a nonrelative legal guardian has rejected the offer of a voluntary overpayment agreement, or has failed to comply with the terms of the voluntary overpayment agreement.

(3) A county shall not be permitted to collect an overpayment through the offset of payments due to a foster family home, an approved home of a relative, or an approved home of a nonrelative legal guardian unless this method of repayment is requested by the provider in a voluntary repayment agreement, or other circumstances defined by the department by regulation.

(d) If a provider is successful in its appeal of a collected overpayment, it shall be repaid the collected overpayment plus simple interest based on the Surplus Money Investment Fund.

(e) A county may not collect interest on the repayment of an overpayment.

(f) There shall be a one-year statute of limitations from the date upon which the county determined that there was an overpayment.

SEC. 34.5. Section 12201 of the Welfare and Institutions Code is amended to read:

12201. (a) Except as provided in subdivision (d), the payment schedules set forth in Section 12200 shall be adjusted annually to reflect any increases or decreases in the cost of living. Except as provided in subdivision (e), these adjustments shall become effective January 1 of each year. The cost-of-living adjustment shall be based on the changes in the California Necessities Index, which as used in this section shall be the weighted average of changes for food, clothing, fuel, utilities, rent, and transportation for low-income consumers. The computation of annual adjustments in the California Necessities Index shall be made in accordance with the following steps:

(1) The base period expenditure amounts for each expenditure category within the California Necessities Index used to compute the annual grant adjustment are:

Food.....	\$ 3,027
Clothing (apparel and upkeep).....	406
Fuel and other utilities.....	529
Rent, residential.....	4,883
Transportation.....	1,757
Total.....	<hr/> \$10,602

(2) Based on the appropriate components of the Consumer Price Index for All Urban Consumers, as published by the United States Department of Labor, Bureau of Labor Statistics, the percentage change shall be determined for the 12-month period which ends 12 months prior to the January in which the cost-of-living adjustment will take effect, for each expenditure category specified in paragraph (1) within the following geographical areas: Los Angeles-Long Beach-Anaheim, San Francisco-Oakland, San Diego, and, to the extent statistically valid information is available from the Bureau of Labor Statistics, additional geographical areas within the state which include not less than 80 percent of recipients of aid under this chapter.

(3) Calculate a weighted percentage change for each of the expenditure categories specified in subdivision (a) using the applicable weighting factors for each area used by the State Department of Industrial Relations to calculate the California Consumer Price Index (CCPI).

(4) Calculate a category adjustment factor for each expenditure category in paragraph (1) by (1) adding 100 to the applicable weighted percentage change as determined in paragraph (2) and (2) dividing the sum by 100.

(5) Determine the expenditure amounts for the current year by multiplying each expenditure amount determined for the prior year by the applicable category adjustment factor determined in paragraph (4).

(6) Determine the overall adjustment factor by dividing (1) the sum of the expenditure amounts as determined in paragraph (4) for the current year by (2) the sum of the expenditure amounts as determined in paragraph (4) for the prior year.

(b) The overall adjustment factor determined by the preceding computational steps shall be multiplied by the payment schedules established pursuant to Section 12200 as are in effect during the month of December preceding the calendar year in which the adjustments are to occur, and the product rounded to the nearest dollar. The resultant amounts shall constitute the new schedules for the categories given under subdivisions (a), (b), (c), (d), (e), (f), and (g) of Section 12200, and shall be filed with the Secretary of State. The amount as set forth in subdivision (h) of Section 12200 shall be adjusted annually pursuant to this section in the event that the secretary agrees to administer payment under that subdivision. The payment schedule for subdivision (i) of Section 12200 shall be computed as specified, based on the new payment schedules for subdivisions (a), (b), (c), and (d) of Section 12200.

(c) The department shall adjust any amounts of aid under this chapter to insure that the minimum level required by the Social Security Act in order to maintain eligibility for funds under Title XIX of that act is met.

(d) (1) No adjustment shall be made under this section for the 1991, 1992, 1993, 1994, 1995, 1996, 1997, 1998, 2004, 2006 and 2007 calendar years to reflect any change in the cost of living. Elimination of the cost-of-living adjustment pursuant to this paragraph shall satisfy the requirements of Section 12201.05, and no further reduction shall be made pursuant to that section.

(2) Any cost-of-living adjustment granted under this section for any calendar year shall not include adjustments for any calendar year in which the cost of living was suspended pursuant to paragraph (1).

(e) For the 2003 calendar year, the adjustment required by this section shall become effective June 1, 2003.

(f) For the 2005 calendar year, the adjustment required by this section shall become effective April 1, 2005.

(g) (1) Commencing with the 2008 calendar year and in each calendar year thereafter, the annual adjustment required by this section shall be effective June 1 through May 31 of the following calendar year.

(2) Notwithstanding paragraph (1), the pass along of federal benefits provided for in Section 12201.05 shall be effective on January 1 of each calendar year.

SEC. 35. Section 12304.4 of the Welfare and Institutions Code is amended to read:

12304.4. (a) The department shall establish a program of direct deposit by electronic transfer for payments to in-home supportive services providers. A provider may choose to receive payments via direct deposit at his or her option. The department, the Controller, and the California Health and Human Services Agency shall make all necessary automation changes to allow for payment by direct deposit.

(b) On or before March 31, 2008, the department shall complete those items pertaining to the implementation of direct deposit over which they have independent control, or those items that do not depend on ongoing coordination with the office of the Controller in order to be completed. Examples of these items include, but are not limited to, rulemaking Case Management Information and Payroll Systems (CMIPS) modifications, provider notifications, and all-county letters. The department and the office of the Controller shall cooperate fully on coordination, implementation, and testing, on a timeframe that shall not delay implementation of the project. Notwithstanding any other provision of law, direct deposit for in-home supportive services providers shall be implemented on or before June 30, 2008.

(c) Notwithstanding any other provision of law, a person entitled to the receipt of direct payment as an individual provider pursuant to Section 12302.2 for providing in-home supportive services may authorize payment to be directly deposited by electronic fund transfer into the

person's account at the financial institution of his or her choice under a program for direct deposit by electronic transfer established by the department.

SEC. 36. Section 14124.93 of the Welfare and Institutions Code is amended to read:

14124.93. (a) The Department of Child Support Services shall provide payments to the local child support agency of fifty dollars (\$50) per case for obtaining third-party health coverage or insurance of beneficiaries, to the extent that funds are appropriated in the annual Budget Act.

(b) A county shall be eligible for a payment if the county obtains third-party health coverage or insurance for applicants or recipients of Title IV-D services not previously covered, or for whom coverage has lapsed, and the county provides all required information on a form approved by both the Department of Child Support Services and the State Department of Health Care Services.

(c) Payments to the local child support agency under this section shall be suspended for the 2003–04, 2004–05, 2005–06, 2006–07, and 2007–08 fiscal years.

SEC. 36.5. Section 16121 of the Welfare and Institutions Code is amended to read:

16121. (a) In accordance with the adoption assistance agreement, the adoptive family shall be paid an amount of aid based on the child's needs otherwise covered in AFDC-FC payments and the circumstance of the adopting parents but that shall not exceed the foster care maintenance payment that would have been paid based on the age related state-approved foster family home care rate, and any applicable specialized care increment, for a child placed in a licensed or approved family home pursuant to subdivisions (a) to (d), inclusive, of Section 11461.

(b) Payment may be made on behalf of an otherwise eligible child in a state-approved group home or residential care treatment facility if the department or county responsible for determining payment has confirmed that the placement is necessary for the temporary resolution of mental or emotional problems related to a condition that existed prior to the adoptive placement. Out-of-home placements shall be in accordance with the applicable provisions of Chapter 3 (commencing with Section 1500) of Division 2 of the Health and Safety Code and other applicable statutes and regulations governing eligibility for AFDC-FC payments for placements in in-state and out-of-state facilities. The designation of the placement facility shall be made after consultation with the family by the department or county welfare agency responsible for determining the Adoption Assistance Program (AAP) eligibility and authorizing

financial aid. Group home or residential placement shall only be made as part of a plan for return of the child to the adoptive family, that shall actively participate in the plan. Adoption Assistance Program benefits shall not be authorized for payment of an eligible child's group home or residential treatment facility placement that exceeds an 18-month cumulative period of time for a specific episode or condition justifying that placement.

(c) (1) Payments on behalf of a child who is a recipient of AAP benefits who is also a consumer of regional center services shall be based on the rates established by the State Department of Social Services pursuant to Section 11464 and subject to the process described in paragraph (1) of subdivision (d) of Section 16119.

16122. (a) It is the intent of the Legislature in enacting this chapter to provide children who would otherwise remain in long-term foster care with permanent adoptive homes. It is also the intent of this Legislature to encourage private adoption agencies to continue placing these children,

employee of the Controller shall use or disclose that information except as may be necessary in attempting to locate the owner of unclaimed property.

(3) This subdivision shall not be construed to require disclosure of information in violation of federal law.

(4) If a fee or charge is customarily made for the information requested by the Controller, the Controller shall pay that customary fee or charge.

SEC. 4. Section 1532 of the Code of Civil Procedure is amended to read:

1532. (a) Every person filing a report as provided by Section 1530 shall, no sooner than seven months and no later than seven months and 15 days after the final date for filing the report, pay or deliver to the Controller all escheated property specified in the report. Any payment of unclaimed cash in an amount of at least twenty thousand dollars (\$20,000) shall be made by electronic funds transfer pursuant to regulations adopted by the Controller.

(b) If a person establishes his or her right to receive any property specified in the report to the satisfaction of the holder before that property has been delivered to the Controller, or it appears that, for any other reason, the property may not be subject to escheat under this chapter, the holder shall not pay or deliver the property to the Controller but shall instead file a report with the Controller, on a form and in a format prescribed or approved by the Controller, containing information pertaining to the property not subject to escheat.

(c) Any property not paid or delivered pursuant to subdivision (b) that is later determined by the holder to be subject to escheat under this chapter shall not be subject to the interest provision of Section 1577.

(d) The holder of any interest under subdivision (b) of Section 1516 shall deliver a duplicate certificate to the Controller or shall register the securities in uncertificated form in the name of the Controller. Upon delivering a duplicate certificate or providing evidence of registration of the securities in uncertificated form to the Controller, the holder, any transfer agent, registrar, or other person acting for or on behalf of the holder in executing or delivering the duplicate certificate or registering the uncertificated securities, shall be relieved from all liability of every kind to any person including, but not limited to, any person acquiring the original certificate or the duplicate of the certificate issued to the Controller for any losses or damages resulting to that person by the issuance and delivery to the Controller of the duplicate certificate or the registration of the uncertificated securities to the Controller.

(e) Payment of any intangible property to the Controller shall be made at the office of the Controller in Sacramento or at another location as the Controller by regulation may designate. Except as otherwise agreed by the Controller and the holder, tangible personal property shall be delivered to the Controller at the place where it is held.

(f) Payment is deemed complete on the date the electronic funds transfer is initiated if the settlement to the state's demand account occurs on or before the banking day following the date the transfer is initiated. If the settlement to the state's demand account does not occur on or before the banking day following the date the transfer is initiated, payment is deemed to occur on the date settlement occurs.

(g) Any person required to pay cash by electronic funds transfer who makes the payment by means other than an authorized electronic funds transfer shall be liable for a civil penalty of 2 percent of the amount of the payment that is due pursuant to this section, in addition to any other penalty provided by law. Penalties are due at the time of payment. If the Controller finds that a holder's failure to make payment by an appropriate electronic funds transfer in accordance with the Controller's procedures is due to reasonable cause and circumstances beyond the holder's control, and occurred notwithstanding the exercise of ordinary care and in the absence of willful neglect, that holder shall be relieved of the penalties.

(h) An electronic funds transfer shall be accomplished by an automated clearinghouse debit, an automated clearinghouse credit, a Federal Reserve Wire Transfer (Fedwire), or by an international funds transfer. Banking costs incurred for the automated clearinghouse debit transaction by the holder shall be paid by the state. Banking costs incurred by the state for the automated clearinghouse credit transaction may be paid by the holder originating the credit. Banking costs incurred for the Fedwire transaction charged to the holder and the state shall be paid by the person originating the transaction. Banking costs charged to the holder and to the state for an international funds transfer may be charged to the holder.

(i) For purposes of this section:

(1) "Electronic funds transfer" means any transfer of funds, other than a transaction originated by check, draft, or similar paper instrument, that is initiated through an electronic terminal, telephonic instrument, modem, computer, or magnetic tape, so as to order, instruct, or authorize a financial institution to credit or debit an account.

(2) "Automated clearinghouse" means any federal reserve bank, or an organization established by agreement with the National Automated Clearing House Association, that operates as a clearinghouse for transmitting or receiving entries between banks or bank accounts and that authorizes an electronic transfer of funds between those banks or bank accounts.

(3) "Automated clearinghouse debit" means a transaction in which the state, through its designated depository bank, originates an automated clearinghouse transaction debiting the holder's bank account and crediting the state's bank account for the amount of payment.

(4) "Automated clearinghouse credit" means an automated clearinghouse transaction in which the holder, through its own bank, originates an entry crediting the state's bank account and debiting the holder's bank account.

(5) "Fedwire" means any transaction originated by the holder and utilizing the national electronic payment system to transfer funds through federal reserve banks, pursuant to which the holder debits its own bank account and credits the state's bank account.

(6) "International funds transfer" means any transaction originated by the holder and utilizing the international electronic payment system to transfer funds, pursuant to which the holder debits its own bank account, and credits the funds to a United States bank that credits the Unclaimed Property Fund.

SEC. 5. Section 1563 of the Code of Civil Procedure is amended to read:

1563. (a) Except as provided in subdivisions (b) and (c), all escheated property delivered to the Controller under this chapter shall be sold by the Controller to the highest bidder at public sale in whatever city in the state affords in his or her judgment the most favorable market for the property involved, or the Controller may conduct the sale by electronic media, including, but not limited to, the Internet, if in his or her judgment it is cost effective to conduct the sale of the property involved in that manner. However, no sale shall be made pursuant to this subdivision until 18 months after the final date for filing the report required by Section 1530. The Controller may decline the highest bid and reoffer the property for sale if he or she considers the price bid insufficient. The Controller need not offer any property for sale if, in his or her opinion, the probable cost of sale exceeds the value of the property. Any sale of escheated property held under this section shall be preceded by a single publication of notice thereof, at least one week in advance of sale, in an English language newspaper of general circulation in the county where the property is to be sold.

(b) Securities listed on an established stock exchange shall be sold at the prevailing prices on that exchange. Other securities may be sold over the counter at prevailing prices or, with prior approval of the California Victim Compensation and Government Claims Board, by any other method that the Controller may determine to be advisable. These securities shall be sold by the Controller no sooner than 18 months, but no later than 20 months, after the final date for filing the report required

by Section 1530. If securities delivered to the Controller by a holder of the securities remain in the custody of the Controller, a person making a valid claim for those securities under this chapter shall be entitled to receive the securities from the Controller. If the securities have been sold, the person shall be entitled to receive the net proceeds received by the Controller from the sale of the securities. United States government savings bonds and United States war bonds shall be presented to the United States for payment. Subdivision (a) does not apply to the property described in this subdivision.

(c) (1) All escheated property consisting of military awards, decorations, equipment, artifacts, memorabilia, documents, photographs, films, literature, and any other item relating to the military history of California and Californians that is delivered to the Controller is exempt from subdivision (a) and shall be held in trust for the Controller at the California State Military Museum and Resource Center. All escheated property held in trust pursuant to this subdivision is subject to the applicable regulations of the United States Army governing Army museum activities as described in Section 179 of the Military and Veterans Code. Any person claiming an interest in the escheated property may file a claim to the property pursuant to Article 4 (commencing with Section 1540).

(2) The California State Military Museum and Resource Center shall be responsible for the costs of storage and maintenance of escheated property delivered by the Controller under this subdivision.

(d) The purchaser at any sale conducted by the Controller pursuant to this chapter shall receive title to the property purchased, free from all claims of the owner or prior holder thereof and of all persons claiming through or under them. The Controller shall execute all documents necessary to complete the transfer of title.

SEC. 6. Section 1565 of the Code of Civil Procedure is amended to read:

1565. Any property delivered to the State Controller pursuant to this chapter that has no apparent commercial value shall be retained by the Controller for a period of not less than 18 months from the date the property is delivered to the Controller. If the Controller determines that any property delivered to him or her pursuant to this chapter has no apparent commercial value, he or she may at any time thereafter destroy or otherwise dispose of the property, and in that event no action or proceeding shall be brought or maintained against the state or any officer thereof, or against the holder for, or on account of any action taken by, the Controller pursuant to this chapter with respect to the property.

SEC. 7. Section 298 of the Family Code is amended to read:

298. (a) (1) The Secretary of State shall prepare forms entitled "Declaration of Domestic Partnership" and "Notice of Termination of Domestic Partnership" to meet the requirements of this division. These forms shall require the signature and seal of an acknowledgment by a notary public to be binding and valid.

(2) When funding allows, the Secretary of State shall include on the form notice that a lesbian, gay, bisexual, and transgender specific domestic abuse brochure is available upon request.

(b) (1) The Secretary of State shall distribute these forms to each county clerk. These forms shall be available to the public at the office of the Secretary of State and each county clerk.

(2) The Secretary of State shall, by regulation, establish fees for the actual costs of processing each of these forms, and the cost for preparing and sending the mailings and notices required pursuant to Section 299.3, and shall charge these fees to persons filing the forms.

(3) There is hereby established a fee of twenty-three dollars (\$23) to be charged in addition to the existing fees established by regulation to persons filing domestic partner registrations pursuant to Section 297 for development and support of a lesbian, gay, bisexual, and transgender curriculum for training workshops on domestic violence, conducted pursuant to Section 13823.15 of the Penal Code, and for the support of a grant program to promote healthy nonviolent relationships in the lesbian, gay, bisexual, and transgender community. This paragraph shall not apply to persons of opposite sexes filing a domestic partnership registration and who meet the qualifications described in subparagraph (B) of paragraph (5) of subdivision (b) of Section 297.

(4) The fee established by paragraph (3) shall be deposited in the Equality in Prevention and Services for Domestic Abuse Fund, which is hereby established. The fund shall be administered by the Office of Emergency Services, and expenditures from the fund shall be used to support the purposes of paragraph (3).

(c) The Declaration of Domestic Partnership shall require each person who wants to become a domestic partner to (1) state that he or she meets the requirements of Section 297 at the time the form is signed, (2) provide a mailing address, (3) state that he or she consents to the jurisdiction of the Superior Courts of California for the purpose of a proceeding to obtain a judgment of dissolution or nullity of the domestic partnership or for legal separation of partners in the domestic partnership, or for any other proceeding related to the partners' rights and obligations, even if one or both partners ceases to be a resident of, or to maintain a domicile in, this state, (4) sign the form with a declaration that representations made therein are true, correct, and contain no material omissions of fact to the best knowledge and belief of the applicant, and (5) have a notary

public acknowledge his or her signature. Both partners' signatures shall be affixed to one Declaration of Domestic Partnership form, which form shall then be transmitted to the Secretary of State according to the instructions provided on the form. Filing an intentionally and materially false Declaration of Domestic Partnership shall be punishable as a misdemeanor.

SEC. 8. Section 12795.5 of the Food and Agricultural Code is repealed.

SEC. 9. Section 12795.6 of the Food and Agricultural Code is repealed.

SEC. 10. Section 12439 of the Government Code is amended to read:

12439. (a) (1) Beginning July 1, 2002, and except as provided in paragraph (2), any state position that is vacant for six consecutive monthly pay periods shall be abolished by the Controller on the following July 1. The six consecutive monthly pay periods may occur entirely within one fiscal year or between two consecutive fiscal years.

(2) Notwithstanding paragraph (1), from July 1, 2007, to June 30, 2010, inclusive, any state position that is vacant for 12 consecutive monthly pay periods shall be abolished by the Controller on the following July 1. The 12 consecutive monthly pay periods may occur entirely within one fiscal year or between two consecutive fiscal years.

(b) The Director of Finance may authorize the reestablishment of any positions abolished pursuant to this section if one or more of the following conditions existed during part or all of the six consecutive monthly pay periods, as specified in paragraph (1) of subdivision (a), or during part or all of the 12 consecutive monthly pay periods, as specified in paragraph (2) of subdivision (a):

(1) There was a hiring freeze in effect during part or all of the six or, as applicable, 12 consecutive pay periods.

(2) The department has diligently attempted to fill the position, but was unable to complete all the steps necessary to fill the position within six, or, as applicable, 12 months.

(3) The position has been designated as a management position for purposes of collective bargaining and has been held vacant pending the appointment of the director, or other chief executive officer, of the department as part of the transition from one Governor to the succeeding Governor.

(4) The classification of the position is determined to be hard-to-fill.

(5) Late enactment of the budget causes the department to delay filling the position.

(c) The Controller shall reestablish any position for which the director of the department in which that position existed prior to abolishment certifies by August 15 that one or more of the following conditions

existed during part or all of the six consecutive pay periods, as specified in paragraph (1) of subdivision (a), or during part or all of the 12 consecutive pay periods, as specified in paragraph (2) of subdivision (a):

(1) The position is necessary for directly providing 24-hour care in an institution operated by the state.

(2) The position is necessary for the state to satisfy any licensing requirements adopted by a local, state, or federal licensing or other regulatory agency.

(3) The position is directly involved in services for public health, public safety, or homeland security.

(4) The position is being held vacant because the previous incumbent is eligible to exercise a mandatory right of return from a leave of absence as may be required by any provision of law including, but not limited to, leaves for industrial disability, nonindustrial disability, military service, pregnancy, childbirth, or care of a newborn infant.

(5) The position is being held vacant because the department has granted the previous incumbent a permissive leave of absence as may be authorized by any provision of law including, but not limited to, leaves for adoption of a child, education, civilian military work, or to assume a temporary assignment in another agency.

(6) Elimination of the position will directly reduce state revenues or other income by more than would be saved by elimination of the position.

(7) The position is funded entirely from moneys appropriated pursuant to Section 221 of the Food and Agricultural Code, was established with the Controller pursuant to Section 221.1 of the Food and Agricultural Code, and directly responds to unforeseen agricultural circumstances requiring the relative expertise that the position provides.

(d) Each department shall maintain for future independent audit all records on which the department relied in determining that any position or positions satisfied one or more of the criteria specified in paragraphs (1) to (6), inclusive, of subdivision (c).

(e) The only other exceptions to the abolishment required by subdivision (a) are those positions exempt from civil service or those instructional and instruction-related positions authorized for the California State University. No money appropriated by the subsequent Budget Act shall be used to pay the salary of any otherwise authorized state position that is abolished pursuant to this section.

(f) The Controller, no later than September 10 of each fiscal year, shall furnish the Department of Finance in writing a preliminary report of any authorized state positions that were abolished effective on the preceding July 1 pursuant to this section.

(g) The Controller, no later than October 15 of each fiscal year, shall furnish the Joint Legislative Budget Committee and the Department of Finance a final report on all positions that were abolished effective on the preceding July 1.

(h) Departments shall not execute any personnel transactions for the purpose of circumventing the provisions of this section.

(i) Each department shall include a section discussing its compliance with this section when it prepares its report pursuant to Section 13405.

(j) As used in this section, department refers to any department, agency, board, commission, or other organizational unit of state government that is empowered to appoint persons to civil service positions.

(k) This section shall become operative July 1, 2002.

SEC. 11. Section 13310 is added to the Government Code, to read:

13310. (a) It is the intent of the Legislature that the department set statewide fiscal and accounting policies and procedures, and provide adequate fiscal and accounting training, advice, and consulting services to any agency of the state that is authorized or required to handle public money or its equivalent in order to ensure that the state's assets are protected and that accurate and timely financial information is maintained.

(b) To the extent permitted by state law, the department may assess special funds, bond funds, and nongovernmental cost funds in amounts sufficient to support the functions identified in subdivision (a). The director shall determine the amount of the total assessment for each fund periodically. Upon order of the director, the moneys authorized pursuant to this section shall be transferred by the Controller, as needed, from each fund for a total amount not to exceed the amounts authorized in the annual Budget Act.

SEC. 12. Section 15814.45 is added to the Government Code, to read:

15814.45. (a) Any building the state intends to occupy, for which construction commences on and after January 1, 2009, and any renovation to a building the state intends to occupy that commences on or after that date, shall be designed, constructed, and operated, to meet, at a minimum, the applicable standards described in the United States Green Building Council's Leadership in Energy and Environmental Design silver rating.

(b) Any building lease, for which the state shall be the sole tenant, entered into on or after January 1, 2009, that requires major renovation or the construction of a new building on or after that date, shall require the renovation or the building to be designed, constructed, and operated, to meet, at a minimum, the standards described in the United States

Green Building Council's Leadership in Energy and Environmental Design silver rating.

SEC. 13. Section 17555 of the Government Code is amended to read:

17555. (a) Not later than 30 days after hearing and deciding upon a test claim pursuant to subdivision (a) of Section 17551, and determining the amount to be subvended to local agencies and school districts for reimbursement pursuant to subdivision (a) of Section 17557, the commission shall notify the appropriate Senate and Assembly policy and fiscal committees, the Legislative Analyst, the Department of Finance, and the Controller of that decision.

(b) For purposes of this section, the "appropriate policy committee" means the policy committee that has jurisdiction over the subject matter of the statute, regulation, or executive order, and in which bills relating to that subject matter would have been heard.

SEC. 14. Section 17557 of the Government Code is amended to read:

17557. (a) If the commission determines there are costs mandated by the state pursuant to Section 17551, it shall determine the amount to be subvended to local agencies and school districts for reimbursement. In so doing it shall adopt parameters and guidelines for reimbursement of any claims relating to the statute or executive order. The successful test claimants shall submit proposed parameters and guidelines within 30 days of adoption of a statement of decision on a test claim. At the request of a successful test claimant, the commission may provide for one or more extensions of this 30-day period at any time prior to its adoption of the parameters and guidelines. If proposed parameters and guidelines are not submitted within the 30-day period and the commission has not granted an extension, then the commission shall notify the test claimant that the amount of reimbursement the test claimant is entitled to for the first 12 months of incurred costs will be reduced by 20 percent, unless the test claimant can demonstrate to the commission why an extension of the 30-day period is justified.

(b) In adopting parameters and guidelines, the commission may adopt a reasonable reimbursement methodology.

(c) The parameters and guidelines adopted by the commission shall specify the fiscal years for which local agencies and school districts shall be reimbursed for costs incurred. However, the commission may not specify in the parameters and guidelines any fiscal year for which payment could be provided in the annual Budget Act.

(d) A local agency, school district, or the state may file a written request with the commission to amend, modify, or supplement the parameters or guidelines. The commission may, after public notice and hearing, amend, modify, or supplement the parameters and guidelines. A parameters and guidelines amendment submitted within 90 days of

the claiming deadline for initial claims, as specified in the claiming instructions pursuant to Section 17561, shall apply to all years eligible for reimbursement as defined in the original parameters and guidelines. A parameters and guidelines amendment filed more than 90 days after the claiming deadline for initial claims, as specified in the claiming instructions pursuant to Section 17561, and on or before the claiming deadline following a fiscal year, shall establish reimbursement eligibility for that fiscal year.

(e) A test claim shall be submitted on or before June 30 following a fiscal year in order to establish eligibility for reimbursement for that fiscal year. The claimant may thereafter amend the test claim at any time, but before the test claim is set for a hearing, without affecting the original filing date as long as the amendment substantially relates to the original test claim.

(f) In adopting parameters and guidelines, the commission shall consult with the Department of Finance, the affected state agency, the Controller, the fiscal and policy committees of the Assembly and Senate, the Legislative Analyst, and the claimants to consider a reasonable reimbursement methodology that balances accuracy with simplicity.

SEC. 15. Section 17560 of the Government Code is amended to read:
17560. Reimbursement for state-mandated costs may be claimed as follows:

(a) A local agency or school district may file an estimated reimbursement claim by February 15 of the fiscal year in which costs are to be incurred, and, by February 15 following that fiscal year shall file an annual reimbursement claim that details the costs actually incurred for that fiscal year; or it may comply with the provisions of subdivision (b).

(b) A local agency or school district may, by February 15 following the fiscal year in which costs are incurred, file an annual reimbursement claim that details the costs actually incurred for that fiscal year.

(c) In the event revised claiming instructions are issued by the Controller pursuant to subdivision (c) of Section 17558 between November 15 and February 15, a local agency or school district filing an annual reimbursement claim shall have 120 days following the issuance date of the revised claiming instructions to file a claim.

SEC. 16. Section 17561 of the Government Code is amended to read:
17561. (a) The state shall reimburse each local agency and school district for all "costs mandated by the state," as defined in Section 17514.

(b) (1) For the initial fiscal year during which these costs are incurred, reimbursement funds shall be provided as follows:

(A) Any statute mandating these costs shall provide an appropriation therefor.

(B) Any executive order mandating these costs shall be accompanied by a bill appropriating the funds therefor, or alternatively, an appropriation for these costs shall be included in the Budget Bill for the next succeeding fiscal year. The executive order shall cite that item of appropriation in the Budget Bill or that appropriation in any other bill which is intended to serve as the source from which the Controller may pay the claims of local agencies and school districts.

(2) In subsequent fiscal years appropriations for these costs shall be included in the annual Governor's Budget and in the accompanying Budget Bill. In addition, appropriations to reimburse local agencies and school districts for continuing costs resulting from chaptered bills or executive orders for which claims have been awarded pursuant to subdivision (a) of Section 17551 shall be included in the annual Governor's Budget and in the accompanying Budget Bill.

(c) The amount appropriated to reimburse local agencies and school districts for costs mandated by the state shall be appropriated to the Controller for disbursement.

(d) The Controller shall pay any eligible claim pursuant to this section by August 15 or 15 days after the date the appropriation for the claim is effective, whichever is later. The Controller shall disburse reimbursement funds to local agencies or school districts if the costs of these mandates are not payable to state agencies, or to state agencies that would otherwise collect the costs of these mandates from local agencies or school districts in the form of fees, premiums, or payments. When disbursing reimbursement funds to local agencies or school districts, the Controller shall disburse them as follows:

(1) For initial reimbursement claims, the Controller shall issue claiming instructions to the relevant local agencies and school districts pursuant to Section 17558. Issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the commission.

(A) When claiming instructions are issued by the Controller pursuant to Section 17558 for each mandate determined pursuant to Section 17551 that requires state reimbursement, each local agency or school district to which the mandate is applicable shall submit claims for initial fiscal year costs to the Controller within 120 days of the issuance date for the claiming instructions.

(B) When the commission is requested to review the claiming instructions pursuant to Section 17571, each local agency or school district to which the mandate is applicable shall submit a claim for reimbursement within 120 days after the commission reviews the claiming instructions for reimbursement issued by the Controller.

(C) If the local agency or school district does not submit a claim for reimbursement within the 120-day period, or submits a claim pursuant to revised claiming instructions, it may submit its claim for reimbursement as specified in Section 17560. The Controller shall pay these claims from the funds appropriated therefor, provided that the Controller (i) may audit the records of any local agency or school district to verify the actual amount of the mandated costs, and (ii) may reduce any claim that the Controller determines is excessive or unreasonable.

(2) In subsequent fiscal years each local agency or school district shall submit its claims as specified in Section 17560. The Controller shall pay these claims from funds appropriated therefor, provided that the Controller (A) may audit the records of any local agency or school district to verify the actual amount of the mandated costs, (B) may reduce any claim that the Controller determines is excessive or unreasonable, and (C) shall adjust the payment to correct for any underpayments or overpayments which occurred in previous fiscal years.

(3) When paying a timely filed claim for initial reimbursement, the Controller shall withhold 20 percent of the amount of the claim until the claim is audited to verify the actual amount of the mandated costs. All initial reimbursement claims for all fiscal years required to be filed on their initial filing date for a state-mandated local program shall be considered as one claim for the purpose of computing any late claim penalty. Any claim for initial reimbursement filed after the filing deadline shall be reduced by 10 percent of the amount that would have been allowed had the claim been timely filed. The Controller may withhold payment of any late claim for initial reimbursement until the next deadline for funded claims unless sufficient funds are available to pay the claim after all timely filed claims have been paid. In no case may a reimbursement claim be paid if submitted more than one year after the filing deadline specified in the Controller's claiming instructions on funded mandates.

(e) (1) Except as specified in paragraph (2), for the purposes of determining the state's payment obligation under paragraph (1) of subdivision (b) of Section 6 of Article XIII B of the Constitution, a mandate that is "determined in a preceding fiscal year to be payable by the state" means all mandates for which the commission adopted a statewide cost estimate pursuant to this part during a previous fiscal year or that were identified as mandates by a predecessor agency to the commission, unless the mandate has been repealed or otherwise eliminated.

(2) If the commission adopts a statewide cost estimate for a mandate during the months of April, May, or June, the state's payment obligation

under subdivision (b) of Section 6 of Article XIII B shall commence one year after the time specified in paragraph (1).

SEC. 17. Section 17561.5 of the Government Code is amended to read:

17561.5. The payment of an initial reimbursement claim by the Controller shall include accrued interest at the Pooled Money Investment Account rate, if the payment is being made more than 365 days after adoption of the statewide cost estimate for an initial claim. Interest shall begin to accrue as of the 366th day after adoption of the statewide cost estimate for the initial claim. Payment of a subsequent claim that was reported to the Legislature pursuant to paragraph (2) of subdivision (b) of Section 17562 shall include accrued interest at the Pooled Money Investment Account rate for any unpaid amount remaining on August 15 following the filing deadline. Interest shall begin to accrue on August 16 following the filing deadline.

SEC. 18. Section 17562 of the Government Code is amended to read:

17562. (a) The Legislature hereby finds and declares that the increasing revenue constraints on state and local government and the increasing costs of financing state-mandated local programs make evaluation of state-mandated local programs imperative. Accordingly, it is the intent of the Legislature to increase information regarding state mandates and establish a method for regularly reviewing the costs and benefits of state-mandated local programs.

(b) (1) The Controller shall submit a report to the Joint Legislative Budget Committee and fiscal committees by October 31 of each fiscal year beginning with the 2007–08 fiscal year. This report shall summarize, by state mandate, the total amount of claims paid per fiscal year and the amount, if any, of mandate deficiencies or surpluses. This report shall be made available in an electronic spreadsheet format. The report shall compare the estimated annual cost of each mandate in the preceding fiscal year to the amount determined to be payable by the state for that fiscal year.

(2) The Controller shall submit a report to the Joint Legislative Budget Committee, the applicable fiscal committees, and the Director of Finance by April 30 of each fiscal year. This report shall summarize, by state mandate, the total amount of unpaid claims by fiscal year that were submitted before April 1 of that fiscal year. The report shall also summarize any mandate deficiencies or surpluses. It shall be made available in an electronic spreadsheet, and shall be used for the purpose of determining the state's payment obligation under paragraph (1) of subdivision (b) of Section 6 of Article XIII B of the California Constitution.

(c) After the commission submits its second semiannual report to the Legislature pursuant to Section 17600, the Legislative Analyst shall submit a report to the Joint Legislative Budget Committee and legislative fiscal committees on the mandates included in the commission's reports. The report shall make recommendations as to whether the mandate should be repealed, funded, suspended, or modified.

(d) In its annual analysis of the Budget Bill and based on information provided pursuant to subdivision (b), the Legislative Analyst shall report total annual state costs for mandated programs and, as appropriate, provide an analysis of specific mandates and make recommendations on whether the mandate should be repealed, funded, suspended, or modified.

(e) (1) A statewide association of local agencies or school districts or a Member of the Legislature may submit a proposal to the Legislature recommending the elimination or modification of a state-mandated local program. To make such a proposal, the association or member shall submit a letter to the Chairs of the Assembly Committee on Education or the Assembly Committee on Local Government, as the case may be, and the Senate Committee on Education or the Senate Committee on Local Government, as the case may be, specifying the mandate and the concerns and recommendations regarding the mandate. The association or member shall include in the proposal all information relevant to the conclusions. If the chairs of the committees desire additional analysis of the submitted proposal, the chairs may refer the proposal to the Legislative Analyst for review and comment. The chairs of the committees may refer up to a total of 10 of these proposals to the Legislative Analyst for review in any year. Referrals shall be submitted to the Legislative Analyst by December 1 of each year.

(2) The Legislative Analyst shall review and report to the Legislature with regard to each proposal that is referred to the office pursuant to paragraph (1). The Legislative Analyst shall recommend that the Legislature adopt, reject, or modify the proposal. The report and recommendations shall be submitted annually to the Legislature by March 1 of the year subsequent to the year in which referrals are submitted to the Legislative Analyst.

(3) The Department of Finance shall review all statutes enacted each year that contain provisions making inoperative Section 17561 or Section 17565 that have resulted in costs or revenue losses mandated by the state that were not identified when the statute was enacted. The review shall identify the costs or revenue losses involved in complying with the statutes. The Department of Finance shall also review all statutes enacted each year that may result in cost savings authorized by the state. The Department of Finance shall submit an annual report of the review

required by this subdivision, together with the recommendations as it may deem appropriate, by December 1 of each year.

(f) It is the intent of the Legislature that the Assembly Committee on Local Government and the Senate Committee on Local Government hold a joint hearing each year regarding the following:

(1) The reports and recommendations submitted pursuant to subdivision (e).

(2) The reports submitted pursuant to Sections 17570, 17600, and 17601.

(3) Legislation to continue, eliminate, or modify any provision of law reviewed pursuant to this subdivision. The legislation may be by subject area or by year or years of enactment.

SEC. 19. Section 17567 of the Government Code is amended to read: 17567. CHAPTER 180

An act to amend Sections 441 and 452 of, to add Section 5368 to, to add Article 7 (commencing with Section 1160) to Chapter 5 of Part 2 of Division 1 of, and to repeal Section 17052.2 of, the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 24, 2007. Filed with
Secretary of State August 24, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) A substantial portion of business aviation aircraft is now owned and operated under fractional ownership programs.

(b) Aircraft in fractional ownership programs have a significant presence in California.

(c) The size of some fractional ownership program fleets is quite large and the mix of ownership interests and unscheduled usage imposes a significant burden on both taxpayers and county assessors to assess and tax these fleets on an aircraft-by-aircraft basis; in order to reduce this burden, a simplified assessment approach is warranted.

(d) Section 1 of Article XIII of the California Constitution specifies that all nonexempt property is taxable. Therefore, fractionally owned aircraft are constitutionally required to be assessed.

(e) The purpose of Sections 2 and 4 of this act is to establish a simplified procedure for assessing fractionally owned aircraft that is appropriate and fair, that allocates assessed value among counties in a reasonable manner, and that reduces the administrative burden on taxpayers and county assessors.

SEC. 2. Section 441 of the Revenue and Taxation Code is amended to read:

441. (a) Each person owning taxable personal property, other than a manufactured home subject to Part 13 (commencing with Section 5800), having an aggregate cost of one hundred thousand dollars (\$100,000) or more for any assessment year shall file a signed property statement with the assessor. Every person owning personal property that does not require the filing of a property statement or real property shall, upon request of the assessor, file a signed property statement. Failure of the assessor to request or secure the property statement does not render any assessment invalid.

(b) The property statement shall be declared to be true under the penalty of perjury and filed annually with the assessor between the lien date and 5 p.m. on April 1. The penalty provided by Section 463 applies for property statements not filed by May 7. If May 7 falls on a Saturday, Sunday, or legal holiday, a property statement that is mailed and postmarked on the next business day shall be deemed to have been filed between the lien date and 5 p.m. on May 7. If, on the dates specified in this subdivision, the county's offices are closed for the entire day, that day is considered a legal holiday for purposes of this section.

(c) The property statement may be filed with the assessor through the United States mail, properly addressed with postage prepaid. For purposes of determining the date upon which the property statement is deemed

filed with the assessor, the date of postmark as affixed by the United States Postal Service, or the date certified by a bona fide private courier service on the envelope containing the application, shall control. This subdivision shall be applicable to every taxing agency, including, but not limited to, a chartered city and county, or chartered city.

(d) (1) At any time, as required by the assessor for assessment purposes, every person shall make available for examination information or records regarding his or her property or any other personal property located on premises he or she owns or controls. In this connection details of property acquisition transactions, construction and development costs, rental income, and other data relevant to the determination of an estimate of value are to be considered as information essential to the proper discharge of the assessor's duties.

(2) (A) This subdivision shall also apply to an owner-builder or an owner-developer of new construction that is sold to a third party, is constructed on behalf of a third party, or is constructed for the purpose of selling that property to a third party.

(B) The owner-builder or owner-developer of new construction described in subparagraph (A), shall, within 45 days of receipt of a written request by the assessor for information or records, provide the assessor with all information and records regarding that property. The information and records provided to the assessor shall include the total consideration provided either by the purchaser or on behalf of the purchaser that was paid or provided either, as part of or outside of the purchase agreement, including, but not limited to, consideration paid or provided for the purchase or acquisition of upgrades, additions, or for any other additional or supplemental work performed or arranged for by the owner-builder or owner-developer on behalf of the purchaser.

(e) In the case of a corporate owner of property, the property statement shall be signed either by an officer of the corporation or an employee or agent who has been designated in writing by the board of directors to sign the statements on behalf of the corporation.

(f) In the case of property owned by a bank or other financial institution and leased to an entity other than a bank or other financial institution, the property statement shall be submitted by the owner bank or other financial institution.

(g) The assessor may refuse to accept any property statement he or she determines to be in error.

(h) If a taxpayer fails to provide information to the assessor pursuant to subdivision (d) and introduces any requested materials or information at any assessment appeals board hearing, the assessor may request and shall be granted a continuance for a reasonable period of time. The continuance shall extend the two-year period specified in subdivision

(c) of Section 1604 for a period of time equal to the period of the continuance.

(i) Notwithstanding any other provision of law, every person required to file a property statement pursuant to this section shall be permitted to amend that property statement until May 31 of the year in which the property statement is due, for errors and omissions not the result of willful intent to erroneously report. The penalty authorized by Section 463 does not apply to an amended statement received prior to May 31, provided the original statement is not subject to penalty pursuant to subdivision (b). The amended property statement shall otherwise conform to the requirements of a property statement as provided in this article.

(j) This subdivision shall apply to the oil, gas, and mineral extraction industry only. Any information that is necessary to file a true, correct, and complete statement shall be made available by the assessor, upon request, to the taxpayer by mail or at the office of the assessor by February 28. For each business day beyond February 28 that the information is unavailable, the filing deadline in subdivision (b) shall be extended in that county by one business day, for those statements affected by the delay. In no case shall the filing deadline be extended beyond June 1 or the first business day thereafter.

(k) The assessor may accept the filing of a property statement by the use of electronic media. In lieu of the signature required by subdivision (a) and the declaration under penalty of perjury required by subdivision (b), property statements filed using electronic media shall be authenticated pursuant to methods specified by the assessor and approved by the board. Electronic media includes, but is not limited to, computer modem, magnetic media, optical disk, and facsimile machine.

(l) (1) After receiving the notice required by Section 1162, the manager in control of a fleet of fractionally owned aircraft shall file with the lead county assessor's office one signed property statement for all of its aircraft that have acquired situs in the state, as described in Section 1161.

(2) Flight data required to compute fractionally owned aircraft allocation under Section 1161 shall be segregated by airport.

(m) (1) After receiving the notice required by paragraph (5) of subdivision (b) of Section 1153.5, a commercial air carrier whose certificated aircraft is subject to Article 6 (commencing with Section 1150) of Chapter 5 shall file with the lead county assessor's office designated under Section 1153.5 one signed property statement for its personal property at all airport locations and fixtures at all airport locations.

(2) Each commercial air carrier may file one schedule for all of its certificated aircraft that have acquired situs in this state under Section 1151.

(3) Flight data required to compute certificated aircraft allocation under Section 1152 and subdivision (g) of Section 202 of Title 18 of the California Code of Regulations shall be segregated by airport location.

(4) Beginning with the 2006 assessment year, a commercial air carrier may file a statement described in this subdivision electronically by means of the California Assessor's Standard Data Record (SDR) network. If the SDR is not equipped to accept electronic filings for the 2006 assessment year, an air carrier may file a printed version of its property statement for that year with its lead county assessor's office.

(5) This subdivision shall remain in effect only until December 31, 2010, and as of that date is repealed.

SEC. 3. Section 452 of the Revenue and Taxation Code is amended to read:

452. (a) For the assessment year beginning in 1968 and each assessment year thereafter, the board shall prescribe in detail the content of property statements, including the specific wording, to be used by all assessors in the several counties, and cities and counties, and shall notify assessors of those specifications no later than the August 31 prior to the tax lien date on which they become effective. Each assessor shall incorporate the specifications on the exact form he or she proposes to use and submit that form to the board for approval prior to use. The property statement shall not include any question that is not germane to the assessment function.

(b) (1) For property statements to be filed in the 2008 assessment year and each assessment year thereafter, the board shall prescribe that the property statement also include the following:

(A) A brief statement noting the obligation to pay use tax on taxable purchases for which sales tax was not applicable.

(B) Information regarding payment of use tax, which information may be limited to the board's phone number and a Web site address at which specific information and forms for use tax payment may be obtained.

(C) A statement advising the taxpayer that information provided on a property statement may be shared with the board.

(2) The board shall implement paragraph (1) in a manner that does not increase local costs.

SEC. 4. Article 7 (commencing with Section 1160) is added to Chapter 5 of Part 2 of Division 1 of the Revenue and Taxation Code, to read:

Article 7. Fractionally Owned Aircraft

1160. For purposes of this article, all of the following apply:

(a) The following terms have the following meanings:

(1) "Aircraft" has the same meaning as specified in Section 5303.

(2) "Fleet" means all aircraft operated by a manager of a fractional ownership program.

(3) "Fleet type" means aircraft classified by make, model, and series operated by a manager of a fractional ownership program.

(4) "Fractionally owned aircraft" or "aircraft operated in fractional ownership programs" means those aircraft registered with the Federal Aviation Administration as fractionally owned aircraft.

(5) "Landing" means physical contact involving the embarking or disembarking of crew, passengers, or freight, and that physical contact did not arise unintentionally as the result of an emergency.

(b) Revenues derived from the taxation of fractionally owned aircraft under this article shall be distributed in accordance with Chapter 6 (commencing with Section 5451) of Part 10 of this division.

(c) Fractionally owned aircraft shall be assessed under this article only if a lead county assessor accepts a designation as lead county assessor under Section 1162.

1161. (a) Notwithstanding any other law, fractionally owned aircraft that has situs in this state shall be assessed on a fleetwide basis to the manager in control of the fleet and a notice of that assessment shall be issued to that manager.

(1) Any fractionally owned aircraft that has been annually assessed for the fiscal years preceding the 2007–08 fiscal year shall be assessed under this article commencing with the 2007–08 fiscal year.

(2) For fractionally owned aircraft that have not been annually assessed for the fiscal years preceding the 2007–08 fiscal year, assessment under this article applies for the 2007–08 fiscal year and for each fiscal year thereafter, and for preceding fiscal years for which an assessment was not made, and for which a statute of limitations either does not apply or has been waived.

(b) A fleet of fractionally owned aircraft establishes situs in this state if an aircraft within the fleet makes a landing in the state.

(c) A fleet of fractionally owned aircraft shall be assessed on an allocated basis. An allocation factor shall be established in each county for each fleet type of fractionally owned aircraft for which situs in this state has been established as described in subdivision (b). This allocation factor is a fraction, the numerator of which is the total number of landings and departures made by the fleet type in the county during the previous calendar year and the denominator of which is the total number of

landings and departures made by the fleet type worldwide during the previous calendar year.

1162. (a) On or before October 1, 2007, the Aircraft Advisory Subcommittee of the California Assessors' Association may designate a lead county assessor's office for each manager in control of a fleet of fractionally owned aircraft.

(b) If a lead county assessor's office is designated under subdivision (a), and that assessor's office accepts that designation, the lead county assessor's office described in subdivision (a) shall do all of the following:

(3) Calculate, pursuant to Sections 5363 and 5364, an unallocated value of all fractionally owned aircraft for each manager in control of a fleet of fractionally owned aircraft for which the lead county assessor has been designated.

(4) Electronically transmit to the assessor of each county in which a fleet of fractionally owned aircraft has situs for the assessment year the value determined by the lead county assessor's office under paragraph (3) and the allocation factor described in subdivision (c) of Section 1161.

(5) Lead the audit team described in subdivision (d) when that team is conducting an audit of each manager in control of a fleet of fractionally owned aircraft for which the lead county assessor has been designated.

(c) (1) Notwithstanding subdivision (b), the county assessor of each county in which a fleet of fractionally owned aircraft has situs for an assessment year is solely responsible for assessing that property by multiplying the unallocated value of each fleet type by the allocation factor described in subdivision (c) of Section 1161, and enrolling the total allocated value for the fleet type. In appraising the unallocated value of the fleet type, the assessor may consult with the lead county assessor's office designated for that fleet.

(2) The lead county assessor's office is subject to Section 322 of Title 18 of the California Code of Regulations and Sections 408, 451, and 1606 to the same extent as the assessor described in paragraph (1).

(d) Notwithstanding Section 469, an audit of each manager in control of a fleet of fractionally owned aircraft may be conducted once every four years on a centralized basis by an audit team of auditor-appraisers from at least one, but not more than three, counties, as determined by the Aircraft Advisory Subcommittee of the California Assessors'

Association. An audit, so conducted, shall encompass all of the California personal property and fixtures of the manager of the fleet of fractionally owned aircraft and is deemed to be made on behalf of each county for which an audit would otherwise be required under Section 469.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to timely and properly implement the Budget Act of 2007.

(3) The project, or a minimum operable segment of the project, is, or will become, fully funded with an allocation of funds from the PTMISEA, and the funds can be encumbered within three years of the allocation based on the department's review of the project's phase or schedule for completion, as submitted by the project sponsor.

(d) (1) Upon conducting the review required in subdivision (c) and determining the proposed projects to be in compliance with the requirements of that subdivision, the department shall biannually adopt a list of projects eligible for an allocation from the funds appropriated to the account in fiscal year 2007–08.

(2) Upon adoption of the list by the department, the department shall provide the list of projects eligible for funding to the Controller.

(e) Upon receipt of the information required in subdivision (d), the Controller's office shall commence any necessary actions to allocate funds to the project sponsors on the list of projects, including, but not limited to, seeking the issuance of bonds for that purpose. The total allocations to any one project sponsor shall not exceed that project sponsor's share of funds from the PTMISEA pursuant to the formula contained in subdivision (a).

(f) The audit of public transportation operator finances already required under the Transportation Development Act pursuant to Section 99245 of the Public Utilities Code shall be expanded to include verification of receipt and appropriate expenditure of bond funds pursuant to this section. Each sponsoring entity receiving bond funds from this account in a fiscal year for which an audit is conducted shall transmit a copy of the audit to the department, and the department shall make the audits available to the Legislature and the Controller for review on request.

(f) The sum of three hundred fifty million dollars (\$350,000,000) is hereby appropriated from funds in the Local Street and Road Improvement, Congestion Relief, and Traffic Safety Account of 2006 created pursuant to subdivision (l) of Section 8879.23, for allocation pursuant to this article, as an augmentation to the amount appropriated in Item 9350-104-6065 of the Budget Act of 2007.

SEC. 2. Chapter 3.2 (commencing with Section 39625) is added to Part 2 of Division 26 of the Health and Safety Code, to read:

CHAPTER 3.2. GOODS MOVEMENT EMISSION REDUCTION PROGRAM

39625. The Legislature finds and declares as follows:

(a) In November 2006, the voters approved the Highway Safety, Traffic Reduction, Air Quality and Port Security Bond Act of 2006, also known as Proposition 1B, that, among other things, provided one billion dollars (\$1,000,000,000) to reduce emissions associated with the movement of freight along California's trade corridors.

(b) Proposition 1B requires these funds to be made available, upon appropriation by the Legislature and subject to the conditions and criteria provided by the Legislature, to the State Air Resources Board in order to reduce the emissions associated with goods movement.

(c) Proposition 1B further required these funds to be made available for emission reductions not otherwise required by law or regulation. These funds are intended to supplement existing funds used to finance strategies that reduce emissions and public health risk associated with the movement of freight commencing at the state's seaports and land ports of entry and transported through California's trade corridors.

(d) Tremendous growth in goods movement activity has created a public health crisis in communities located adjacent to ports and along trade corridors. It is the intent of the Legislature that these funds be expended in a manner that reduces the health risk associated with the movement of freight along California's trade corridors.

(e) It is the intent of the Legislature that the state board maximize the emission reduction benefits, achieve the earliest possible health risk reduction in heavily impacted communities, and provide incentives for the control of emission sources that contribute to increased health risk in the future.

(f) It is the intent of the Legislature that the state board develop partnerships between federal, state, and private entities involved in goods movement to reduce emissions.

(g) The purpose of this chapter is to establish standards and procedures for the expenditure of these funds.

39625.01. This chapter shall be known, and may be cited, as the Goods Movement Emission Reduction Program.

39265.02. (a) As used in this chapter and in Chapter 12.49 (commencing with Section 8879.20) of Division 1 of Title 2 of the Government Code, the following terms have the following meanings:

(1) "Administrative agency" means the state agency responsible for programming bond funds made available by Chapter 12.49 (commencing with Section 8879.20) of Division 1 of Title 2 of the Government Code, as specified in subdivision (c).

(2) Unless otherwise specified in this chapter, "project" includes equipment purchase, right-of-way acquisition, and project delivery costs.

(3) "Recipient agency" means the recipient of bond funds made available by Chapter 12.49 (commencing with Section 8879.20) of Division 1 of Title 2 of the Government Code that is responsible for implementation of an approved project.

(4) "Fund" shall have the meaning as defined in subdivision (c) of Section 8879.20 of the Government Code.

(b) Administrative costs, including audit and program oversight costs for the agency administering the program funded pursuant to this chapter, recoverable by bond funds shall not exceed 5 percent of the program's costs.

(c) The State Air Resources Board is the administrative agency for the Goods Movement Emission Reduction Program pursuant to paragraph (2) of subdivision (c) of Section 8879.23 of the Government Code.

(d) The administrative agency may not approve project fund allocations for any project until the recipient agency provides a project funding plan that demonstrates that the funds are expected to be reasonably available and sufficient to complete the project. The administrative agency may approve funding for useable project segments only if the benefits associated with each individual segment are sufficient to meet the objectives of the program from which the individual segment is funded.

(e) Guidelines adopted by the administrative agency pursuant to this chapter and Chapter 12.49 (commencing with Section 8879.20) of Division 1 of Title 2 of the Government Code are intended to provide internal guidance for the agency and shall be exempt from the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of the Government Code), and shall do all of the following:

- (1) Provide for audit of project expenditures and outcomes.
- (2) Require that the useful life of the project be identified as part of the project nomination process.
- (3) Require that project nominations have project delivery milestones, including, but not limited to, start and completion dates for environmental clearance, land acquisition, design, construction bid award, construction completion, and project closeout, as applicable.

(f) (1) As a condition for allocation of funds to a specific project under Chapter 12.49 (commencing with Section 8879.20), the administrative agency shall require the recipient agency to report, on a semiannual basis, on the activities and progress made toward implementation of the project. The administrative agency shall forward the report to the Department of Finance by means approved by the Department of Finance. The purpose of the report is to ensure that the project is being executed in a timely fashion, and is within the scope and budget identified when the decision was made to fund the project. If it is anticipated that project costs will exceed the approved project budget, the recipient agency shall provide a plan to the administrative agency for achieving the benefits of the project by either downscoping the project to remain within budget or by identifying an alternative funding source to meet the cost increase. The administrative agency may either approve the corrective plan or direct the recipient agency to modify its plan.

(2) Within six months of the project becoming operable, the recipient agency shall provide a report to the administrative agency on the final costs of the project as compared to the approved project budget, the

project duration as compared to the original project schedule as of the date of allocation, and performance outcomes derived from the project compared to those described in the original application for funding. The administrative agency shall forward the report to the Department of Finance by means approved by the Department of Finance.

(D) The method by which the state board will consider the air basin's status in maintaining and achieving state and federal ambient air quality standards and the public health risk associated with goods movement-related emissions and toxic air contaminants.

(E) Accountability and auditing requirements to ensure that expenditure of bond proceeds, less administrative costs, meets quantifiable emission reduction objectives in a timely manner, and to ensure that the emission reductions will continue in California for the project lifetime.

(F) Requirements for agreements between applicants and recipients of funds executed by the state board related to the identification of project implementation milestones and project completion that ensure that if a recipient fails to accomplish project milestones within a specified time period, the state board may modify or terminate the agreement and seek other remedies as it deems necessary.

(2) The state board shall hold no less than one public workshop in northern California, one public workshop in the Central Valley, and one public workshop in southern California to discuss the preliminary list. This requirement shall not apply to the funds appropriated in the 2007–08 fiscal year.

(3) After the requirements of paragraphs (1) and (2) are met, the state board shall adopt a final list of projects that will receive funding at a regularly scheduled public hearing.

(d) Nothing in this chapter authorizes the state board to program funds not appropriated by the Legislature.

39626.5. (a) A project shall not be funded pursuant to this chapter unless both of the following requirements are met:

(1) The project is sponsored by an applicant.

SECTION 1. Article 2.4 (commencing with Section 69521) is added to Chapter 2 of Part 42 of Division 5 of Title 3 of the Education Code, to read:

Article 2.4. Maximizing the Value of the State Student Loan Guarantee Program Assets and Liabilities

69521. (a) The Legislature finds and declares both of the following:

(1) The student loan guarantee business is not a core mission of government. Recognition of this fact led, in 1996, to the approval of the establishment of an auxiliary organization for the purpose of providing operational and administrative services for the Student Aid Commission's participation in the Federal Family Education Loan Program.

(2) Pursuant to that authority, an auxiliary organization was established to provide, pursuant to contract, certain services to the Student Aid Commission.

(b) It is the intent of the Legislature that the value of the auxiliary organization's arrangement with the Student Aid Commission and the Student Aid Commission's participation in the Federal Family Education Loan Program be maximized through either of the following:

(1) The sale of the state's interest in the student loan guarantee portfolio of the Student Aid Commission and certain related assets and liabilities of the student loan guarantee program operated by the Student

Aid Commission, to a firm approved to act as a state student loan guarantee agency for the Federal Family Education Loan Program by the Secretary of Education.

(2) The entry into an arrangement for the operation of the state student loan guarantee program by an entity meeting the financial and compliance standards established for the Federal Family Education Loan Program.

(h) "State student loan guarantee program assets" means all of the assets of the state student loan guarantee program held by the Student Aid Commission and all assets of the auxiliary organization, tangible and intangible, including, without limitation, the state's interest in all loan guarantee contracts and agreements, the funds deposited in the Student Loan Operating Fund other than federal funds, all funds held by the auxiliary organization other than federal funds, and the state's interest in any leases of real property or equipment entered into by the auxiliary organization. 69521.4. (a) If, after seeking the advice of, and in active participation with, the Treasurer, the Director of Finance determines that an alternative arrangement to the sale of the state student loan guarantee program assets and liabilities may be financially beneficial to the state, the Director of Finance is also hereby authorized to enter into an arrangement other than that authorized in Section 69521.3, for the purpose of maximizing the value of the state student loan guarantee program assets and liabilities. This arrangement may take any form the director, in consultation with the Treasurer, deems advisable to provide the best combination of each of the following:

69521.5. (a) The Director of Finance is authorized to take all actions that he or she deems to be necessary or convenient to accomplish any of the following:

(1) To preserve the state student loan guarantee program assets, pending consummation of their sale or the consummation of any other transaction, to maximize the value of the state student loan guarantee program to the state, including, without limitation, as authorized in Sections 69522, 69526, and 69766.

(4) Notwithstanding any provision of the Nonprofit Public Benefit Corporation Law (Part 2 (commencing with Section 5110) of Division 2 of Title 1 of the Corporations Code), the auxiliary organization shall, as directed by the commission under paragraph (2), cooperate fully with the Director of Finance.

69521.6. Notwithstanding any other provision of law, neither the approval of the Attorney General nor of the Director of General Services is required for the execution and implementation of the sale, lease, conveyance, exchange, transfer, or other disposition of the auxiliary organization, any state student loan guarantee program assets or liabilities held by the auxiliary organization, or any sale or other arrangement authorized by this article.

69521.7. The state student loan guarantee program assets and liabilities shall be transferred to the transferee guarantee agency upon the completion of any sale pursuant to this article, and may be transferred to the transferee guaranty program operator if contemplated by the transaction entered into pursuant to Section 69521.4.

(c) The state board shall ensure that state bond funds are supplemented and matched with funds from federal, local, and private sources to the maximum extent feasible.

SEC. 2. Section 1 of this act shall become operative only if Senate Bill 88 of the 2007–08 Regular Session is also enacted and becomes operative.

This subdivision shall not apply to any facility that is located in a rural area and is included in a consolidated license issued pursuant to subparagraphs (A), (B), and (C) of paragraph (4) of subdivision (b).

Regardless of whether a facility has received or not received a determination of eligibility pursuant to this subdivision, this subdivision shall not affect the ability of a licensed professional, providing services covered by the Medi-Cal program to a person eligible for Medi-Cal in a facility subject to a determination of eligibility pursuant to this subdivision, to bill the Medi-Cal program for those services provided in accordance with applicable regulations.

(l) Notwithstanding any other provision of law, the director may issue a single consolidated license for a general acute care hospital to Children's Hospital Oakland and San Ramon Regional Medical Center.

(m) Notwithstanding any other provision of law, the director may issue a single consolidated license for a general acute care hospital to Children's Hospital Oakland and the John Muir Medical Center, Concord campus.

(B) The number of Medi-Cal payment days calculated for hospital beds located at John Muir Medical Center Concord campus that are included in the consolidated license beginning in the 2007–08 fiscal year shall only be used for purposes of calculating disproportionate share hospital payments authorized under Section 14166.11 of the Welfare and Institutions Code at Children's Hospital Oakland to the extent that the inclusion of those days does not exceed the total Medi-Cal payment days used to calculate Children's Hospital Oakland payments for the 2006–07 fiscal year disproportionate share replacement.

(2) This subdivision shall become inoperative in the event that the two facilities covered under the consolidated license described in subdivision (a) are located within a 15-mile radius of each other.

(c) Commencing February 1, 2007, and every February 1 thereafter, the department shall publish a list of estimated fees pursuant to this section. The calculation of estimated fees and the publication of the report and list of estimated fees shall not be subject to the rulemaking requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(d) By February 1 of each year, the department shall prepare the following reports and shall make those reports, and the list of estimated fees required to be published pursuant to subdivision (c), available to

the public by submitting them to the Legislature and posting them on the department's Web site:

(1) The department shall prepare a report of all costs for activities of the Licensing and Certification Program. As part of this report, the department shall recommend Licensing and Certification Program fees in accordance with the following:

(A) Projected workload and costs shall be grouped for each fee category.

(B) Cost estimates, and the estimated fees, shall be based on the appropriation amounts in the Governor's proposed budget for the next fiscal year, with and without policy adjustments to the fee methodology.

(C) The allocation of program, operational, and administrative overhead, and indirect costs to fee categories shall be based on generally accepted cost allocation methods. Significant items of costs shall be directly charged to fee categories if the expenses can be reasonably identified to the fee category that caused them. Indirect and overhead costs shall be allocated to all fee categories using a generally accepted cost allocation method.

(D) The amount of federal funds and General Fund moneys to be received in the budget year shall be estimated and allocated to each fee category based upon an appropriate metric.

(E) The fee for each category shall be determined by dividing the aggregate state share of all costs for the Licensing and Certification Program by the appropriate metric for the category of licensure. Amounts actually received for new licensure applications, including change of ownership applications, and late payment penalties, pursuant to Section 1266.5, during each fiscal year shall be calculated and 95 percent shall be applied to the appropriate fee categories in determining Licensing and Certification Program fees for the second fiscal year following receipt of those funds. The remaining 5 percent shall be retained in the fund as a reserve until appropriated.

(2) (A) The department shall prepare a staffing and systems analysis to ensure efficient and effective utilization of fees collected, proper allocation of departmental resources to licensing and certification activities, survey schedules, complaint investigations, enforcement and appeal activities, data collection and dissemination, surveyor training, and policy development.

(B) The analysis under this paragraph shall be made available to interested persons and shall include all of the following:

(i) The number of surveyors and administrative support personnel devoted to the licensing and certification of health care facilities.

(ii) The percentage of time devoted to licensing and certification activities for the various types of health facilities.

(iii) The number of facilities receiving full surveys and the frequency and number of follow up visits.

(iv) The number and timeliness of complaint investigations.

(v) Data on deficiencies and citations issued, and numbers of citation review conferences and arbitration hearings.

(vi) Other applicable activities of the licensing and certification division.

(e) (1) The department shall adjust the list of estimated fees published pursuant to subdivision (c) if the annual Budget Act or other enacted legislation includes an appropriation that differs from those proposed in the Governor's proposed budget for that fiscal year.

(2) The department shall publish a final fee list, with an explanation of any adjustment, by the issuance of an all facilities letter, by posting the list on the department's Internet Web site, and by including the final fee list as part of the licensing application package, within 14 days of the enactment of the annual Budget Act. The adjustment of fees and the publication of the final fee list shall not be subject to the rulemaking requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(f) (1) No fees shall be assessed or collected pursuant to this section from any state department, authority, bureau, commission, or officer, unless federal financial participation would become available by doing so and an appropriation is included in the annual Budget Act for that state department, authority, bureau, commission, or officer for this purpose. No fees shall be assessed or collected pursuant to this section from any clinic that is certified only by the federal government and is exempt from licensure under Section 1206, unless federal financial participation would become available by doing so.

(2) For the 2006–07 state fiscal year, no fee shall be assessed or collected pursuant to this section from any general acute care hospital owned by a health care district with 100 beds or less.

(g) The Licensing and Certification Program may change annual license expiration renewal dates to provide for efficiencies in operational processes or to provide for sufficient cash flow to pay for expenditures. If an annual license expiration date is changed, the renewal fee shall be prorated accordingly. Facilities shall be provided with a 60-day notice of any change in their annual license renewal date.

SEC. 5. Section 1279 of the Health and Safety Code is amended to read:

1279. (a) Every health facility for which a license or special permit has been issued shall be periodically inspected by the department, or by another governmental entity under contract with the department. The frequency of inspections shall vary, depending upon the type and

complexity of the health facility or special service to be inspected, unless otherwise specified by state or federal law or regulation. The inspection shall include participation by the California Medical Association consistent with the manner in which it participated in inspections, as provided in Section 1282 prior to September 15, 1992.

(b) Except as provided in subdivision (c), inspections shall be conducted no less than once every two years and as often as necessary to ensure the quality of care being provided.

(c) For a health facility specified in subdivision (a), (b), or (f) of Section 1250, inspections shall be conducted no less than once every three years, and as often as necessary to ensure the quality of care being provided.

(d) During the inspection, the representative or representatives shall offer such advice and assistance to the health facility as they deem appropriate.

(e) For acute care hospitals of 100 beds or more, the inspection team shall include at least a physician, registered nurse, and persons experienced in hospital administration and sanitary inspections. During the inspection, the team shall offer advice and assistance to the hospital as it deems appropriate.

(f) The department shall ensure that a periodic inspection conducted pursuant to this section is not announced in advance of the date of inspection. An inspection may be conducted jointly with inspections by entities specified in Section 1282. However, if the department conducts an inspection jointly with an entity specified in Section 1282 that provides notice in advance of the periodic inspection, the department shall conduct an additional periodic inspection that is not announced or noticed to the health facility.

(g) Notwithstanding any other provision of law, the department shall inspect for compliance with provisions of state law and regulations during a state periodic inspection or at the same time as a federal periodic inspection, including, but not limited to, an inspection required under this section. If the department inspects for compliance with state law and regulations at the same time as a federal periodic inspection, the inspection shall be done consistent with the guidance of the federal Centers for Medicare and Medicaid Services for the federal portion of the inspection.

SEC. 6. Section 1280.1 of the Health and Safety Code is amended to read:

1280.1. (a) Prior to the effective date of regulations adopted to implement Section 1280.3, if a licensee of a health facility licensed under subdivision (a), (b), or (f) of Section 1250 receives a notice of deficiency constituting an immediate jeopardy to the health or safety of a patient

and is required to submit a plan of correction, the department may assess the licensee an administrative penalty in an amount not to exceed twenty-five thousand dollars (\$25,000) per violation.

(b) If the licensee disputes a determination by the department regarding the alleged deficiency or the alleged failure to correct a deficiency, or regarding the reasonableness of the proposed deadline for correction or the amount of the penalty, the licensee may, within 10 days, request a hearing pursuant to Section 100171. Penalties shall be paid when appeals have been exhausted and the department's position has been upheld.

(c) For purposes of this section "immediate jeopardy" means a situation in which the licensee's noncompliance with one or more requirements of licensure has caused, or is likely to cause, serious injury or death to the patient.

(d) This section shall apply only to incidents occurring on or after January 1, 2007.

(e) No new regulations are required or authorized for implementation of this section.

(f) This section shall become inoperative on the effective date of regulations promulgated by the department pursuant to Section 1280.3.

SEC. 7. Section 1280.3 of the Health and Safety Code is amended to read:

1280.3. (a) Commencing on the effective date of the regulations adopted pursuant to this section, the director may assess an administrative penalty in an amount of up to fifty thousand dollars (\$50,000) per immediate jeopardy violation against a licensee of a health facility licensed under subdivision (a), (b), or (f) of Section 1250.

(b) Except as provided in subdivision (c), for a violation of this chapter or the rules and regulations promulgated thereunder that does not constitute a violation of subdivision (a), the department may assess an administrative penalty in an amount of up to seventeen thousand five hundred dollars (\$17,500) per violation. This subdivision shall also apply to violation of regulations set forth in Article 3 (commencing with Section 127400) of Chapter 2 of Part 2 of Division 107 or the rules and regulations promulgated thereunder.

The department shall promulgate regulations establishing the criteria to assess an administrative penalty against a health facility licensed pursuant to subdivisions (a), (b), or (f) of Section 1250. The criteria shall include, but need not be limited to, the following:

- (1) The patient's physical and mental condition.
- (2) The probability and severity of the risk that the violation presents to the patient.
- (3) The actual financial harm to patients, if any.

- (4) The nature, scope, and severity of the violation.
 - (5) The facility's history of compliance with related state and federal statutes and regulations.
 - (6) Factors beyond the facility's control that restrict the facility's ability to comply with this chapter or the rules and regulations promulgated thereunder.
 - (7) The demonstrated willfulness of the violation.
 - (8) The extent to which the facility detected the violation and took steps to immediately correct the violation and prevent the violation from recurring.
- (c) The department shall not assess an administrative penalty for minor violations.
- (d) The regulations shall not change the definition of immediate jeopardy as established in this section.
- (e) The regulations shall apply only to incidents occurring on or after the effective date of the regulations.
- (f) If the licensee disputes a determination by the department regarding the alleged deficiency or alleged failure to correct a deficiency, or regarding the reasonableness of the proposed deadline for correction or the amount of the penalty, the licensee may, within 10 working days, request a hearing pursuant to Section 100171. Penalties shall be paid when all appeals have been exhausted and the department's position has been upheld.
- (g) Moneys collected by the department as a result of administrative penalties imposed under this section and Section 1280.1 shall be deposited into the Licensing and Certification Program Fund established pursuant to Section 1266.9. These moneys shall be tracked and available for expenditure, upon appropriation by the Legislature, to support internal departmental quality improvement activities.
- (h) For purposes of this section, "immediate jeopardy" means a situation in which the licensee's noncompliance with one or more requirements of licensure has caused, or is likely to cause, serious injury or death to the patient.
- SEC. 8. Section 1324.21 of the Health and Safety Code is amended to read:
- 1324.21. (a) For facilities licensed under subdivision (c) of Section 1250, there shall be imposed each state fiscal year a uniform quality assurance fee per resident day. The uniform quality assurance fee shall be based upon the entire net revenue of all skilled nursing facilities subject to the fee, except an exempt facility, as defined in Section 1324.20, calculated in accordance with subdivision (b).
- (b) The amount of the uniform quality assurance fee to be assessed per resident day shall be determined based on the aggregate net revenue

of skilled nursing facilities subject to the fee, in accordance with the methodology outlined in the request for federal approval required by Section 1324.27 and in regulations, provider bulletins, or other similar instructions. The uniform quality assurance fee shall be calculated as follows:

(1) (A) For the rate year 2004–05, the net revenue shall be projected for all skilled nursing facilities subject to the fee. The projection of net revenue shall be based on prior rate year data. Once determined, the aggregate projected net revenue for all facilities shall be multiplied by 2.7 percent, as determined under the approved methodology, and then divided by the projected total resident days of all providers subject to the fee.

(B) Notwithstanding subparagraph (A), the Director of Health Services may increase the amount of the fee up to 3 percent of the aggregate projected net revenue if necessary for the implementation of Article 3.8 (commencing with Section 14126) of Chapter 7 of Part 3 of Division 9 of the Welfare and Institutions Code.

(2) For the rate year 2005–06 and subsequent rate years through and including the 2008–09 rate year, the net revenue shall be projected for all skilled nursing facilities subject to the uniform quality assurance fee. The projection of net revenue shall be based on the prior rate year's data. Once determined, the aggregate projected net revenue for all facilities shall be multiplied by 6 percent, as determined under the approved methodology, and then divided by the projected total resident days of all providers subject to the fee. The amounts so determined shall be subject to the provisions of subdivision (d).

(c) The director may assess and collect a nonuniform fee consistent with the methodology approved pursuant to Section 1324.27.

(d) In no case shall the fees collected annually pursuant to this article, taken together with applicable licensing fees, exceed the amounts allowable under federal law.

(e) If there is a delay in the implementation of this article for any reason, including a delay in the approval of the quality assurance fee and methodology by the federal Centers for Medicare and Medicaid Services, in the 2004–05 rate year or in any other rate year, all of the following shall apply:

(1) Any facility subject to the fee may be assessed the amount the facility will be required to pay to the department, but shall not be required to pay the fee until the methodology is approved and Medi-Cal rates are increased in accordance with paragraph (2) of subdivision (a) of Section 1324.28 and the increased rates are paid to facilities.

(2) The department may retroactively increase and make payment of rates to facilities.

(3) Facilities that have been assessed a fee by the department shall pay the fee assessed within 60 days of the date rates are increased in accordance with paragraph (2) of subdivision (a) of Section 1324.28 and paid to facilities.

(4) The department shall accept a facility's payment notwithstanding that the payment is submitted in a subsequent fiscal year than the fiscal year in which the fee is assessed.

SEC. 9. Section 1324.23 of the Health and Safety Code is amended to read:

1324.23. (a) The Director of Health Services, or his or her designee, shall administer this article.

(b) The director may adopt regulations as are necessary to implement this article. These regulations may be adopted as emergency regulations in accordance with the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). For purposes of this article, the adoption of regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. The regulations shall include, but need not be limited to, any regulations necessary for any of the following purposes:

(1) The administration of this article, including the proper imposition and collection of the quality assurance fee not to exceed amounts reasonably necessary for purposes of this article.

(2) The development of any forms necessary to obtain required information from facilities subject to the quality assurance fee.

(3) To provide details, definitions, formulas, and other requirements.

(c) As an alternative to subdivision (b), and notwithstanding the rulemaking provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the director may implement this article, in whole or in part, by means of a provider bulletin, or other similar instructions, without taking regulatory action, provided that no such bulletin or other similar instructions shall remain in effect after July 31, 2008. It is the intent of the Legislature that the regulations adopted pursuant to subdivision (b) shall be adopted on or before July 31, 2008.

SEC. 10. Section 1324.28 of the Health and Safety Code is amended to read:

1324.28. (a) This article shall be implemented as long as both of the following conditions are met:

(1) The state receives federal approval of the quality assurance fee from the federal Centers for Medicare and Medicaid Services.

(2) Legislation is enacted in the 2004 legislative session making an appropriation from the General Fund and from the Federal Trust Fund

to fund a rate increase for skilled nursing facilities, as defined under subdivision (c) of Section 1250, for the 2004–05 rate year in an amount consistent with the Medi-Cal rates that specific facilities would have received under the rate methodology in effect as of July 31, 2004, plus the proportional costs as projected by Medi-Cal for new state or federal mandates.

(b) This article shall remain operative only as long as all of the following conditions are met:

(1) The federal Centers for Medicare and Medicaid Services continues to allow the use of the provider assessment provided in this article.

(2) The Medi-Cal Long Term Care Reimbursement Act, Article 3.8 (commencing with Section 14126) of Chapter 7 of Part 3 of Division 9 of the Welfare and Institutions Code, as added during the 2003–04 Regular Session by the act adding this section, is enacted and implemented on or before July 31, 2005, or as extended as provided in that article, and remains in effect thereafter.

(3) The state has continued its maintenance of effort for the level of state funding of nursing facility reimbursement for rate year 2005–06, and for every subsequent rate year continuing through the 2008–09 rate year, in an amount not less than the amount that specific facilities would have received under the rate methodology in effect on July 31, 2004, plus Medi-Cal’s projected proportional costs for new state or federal mandates, not including the quality assurance fee.

(4) The full amount of the quality assurance fee assessed and collected pursuant to this article remains available for the purposes specified in Section 1324.25 and for related purposes.

(c) If all of the conditions in subdivision (a) are met, this article is implemented, and subsequently, any one of the conditions in subdivision (b) is not met, on and after the date that the department makes that determination, this article shall not be implemented, notwithstanding that the condition or conditions subsequently may be met.

(d) Notwithstanding subdivisions (a), (b), and (c), in the event of a final judicial determination made by any state or federal court that is not appealed, or by a court of appellate jurisdiction that is not further appealed, in any action by any party, or a final determination by the administrator of the federal Centers for Medicare and Medicaid Services, that federal financial participation is not available with respect to any payment made under the methodology implemented pursuant to this article because the methodology is invalid, unlawful, or contrary to any provision of federal law or regulations, or of state law, this section shall become inoperative.

SEC. 11. Section 1324.29 of the Health and Safety Code is amended to read:

1324.29. The quality assurance fee shall cease to be assessed and collected on or after July 31, 2009.

SEC. 12. Section 1324.30 of the Health and Safety Code is amended to read:

1324.30. This article shall become inoperative on July 31, 2009, and, as of January 1, 2010, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2010, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 13. Section 1422 of the Health and Safety Code, as amended by Section 6 of Chapter 895 of the Statutes of 2006, is amended to read:

1422. (a) The Legislature finds and declares that it is the public policy of this state to ensure that long-term health care facilities provide the highest level of care possible. The Legislature further finds that inspections are the most effective means of furthering this policy. It is not the intent of the Legislature by the amendment of subdivision (b) enacted by Chapter 1595 of the Statutes of 1982 to reduce in any way the resources available to the state department for inspections, but rather to provide the state department with the greatest flexibility to concentrate its resources where they can be most effective. It is the intent of the Legislature to create a survey process that includes state-based survey components and that determines compliance with federal and California requirements for certified long-term health care facilities. It is the further intent of the Legislature to execute this inspection in the form of a single survey process, to the extent that this is possible and permitted under federal law. The inability of the state to conduct a single survey in no way exempts the state from the requirement under this section that state-based components be inspected in long-term health care facilities as required by law.

(b) (1) (A) Notwithstanding Section 1279 or any other provision of law, without providing notice of these inspections, the department, in addition to any inspections conducted pursuant to complaints filed pursuant to Section 1419, shall conduct inspections annually, except with regard to those facilities which have no class "AA," class "A," or class "B" violations in the past 12 months. The state department shall also conduct inspections as may be necessary to ensure the health, safety, and security of patients in long-term health care facilities. Every facility shall be inspected at least once every two years. The department shall vary the cycle in which inspections of long-term health care facilities are conducted to reduce the predictability of the inspections.

(B) Inspections and investigations of long-term health care facilities that are certified by the Medicare Program or the Medicaid Program shall determine compliance with federal standards and California statutes and regulations to the extent that California statutes and regulations

provide greater protection to residents, or are more precise than federal standards, as determined by the department. Notwithstanding any other provision of law, the department may, without taking regulatory action pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, implement, interpret, or make specific this paragraph by means of an All Facilities Letter (AFL) or similar instruction. Prior to issuing an AFL or similar instruction, the department shall consult with interested parties and shall inform the appropriate committees of the Legislature. The department shall also post the AFL or similar instruction on its Web site so that any person may observe which California laws and regulations provide greater protection to its residents or are more precise than federal standards. Nothing in this subdivision is intended to change existing statutory or regulatory requirements governing the care provided to long-term health care facility residents.

(C) In order to ensure maximum effectiveness of inspections conducted pursuant to this article, the department shall identify all state law standards for the staffing and operation of long-term health care facilities. Costs of the additional survey and inspection activities required by Chapter 895 of the Statutes of 2006 shall be included as Licensing and Certification Program activities for the purposes of calculating fees in accordance with Section 1266.

(2) The state department shall submit to the federal Department of Health and Human Services on or before July 1, 1985, for review and approval, a request to implement a three-year pilot program designed to lessen the predictability of the long-term health care facility inspection process. Two components of the pilot program shall be (A) the elimination of the present practice of entering into a one-year certification agreement, and (B) the conduct of segmented inspections of a sample of facilities with poor inspection records, as defined by the state department. At the conclusion of the pilot project, an analysis of both components shall be conducted by the state department to determine effectiveness in reducing inspection predictability and the respective cost benefits. Implementation of this pilot project is contingent upon federal approval.

(c) Except as otherwise provided in subdivision (b), the state department shall conduct unannounced direct patient care inspections at least annually to inspect physician and surgeon services, nursing services, pharmacy services, dietary services, and activity programs of all the long-term health care facilities. Facilities evidencing repeated serious problems in complying with this chapter or a history of poor performance, or both, shall be subject to periodic unannounced direct patient care inspections during the inspection year. The direct patient

care inspections shall assist the state department in the prioritization of its efforts to correct facility deficiencies.

(d) All long-term health care facilities shall report to the state department any changes in the nursing home administrator or the director of nursing services within 10 calendar days of the changes.

(e) Within 90 days after the receipt of notice of a change in the nursing home administrator or the director of nursing services, the state department may conduct an abbreviated inspection of the long-term health care facilities.

(f) If a change in a nursing home administrator occurs and the Board of Nursing Home Administrators notifies the state department that the new administrator is on probation or has had his or her license suspended within the previous three years, the state department shall conduct an abbreviated survey of the long-term health care facility employing that administrator within 90 days of notification.

SEC. 14. Section 101317 of the Health and Safety Code is amended to read:

101317. (a) For purposes of this article, allocations shall be made to the administrative bodies of qualifying local health jurisdictions described as public health administrative organizations in Section 101185, and pursuant to Section 101315, in the following manner:

(1) (A) For the 2003–04 fiscal year and subsequent fiscal years, to the administrative bodies of each local health jurisdiction, a basic allotment of one hundred thousand dollars (\$100,000), subject to the availability of funds appropriated in the annual Budget Act or some other act.

(B) For the 2002–03 fiscal year, the basic allotment of one hundred thousand dollars (\$100,000) shall be reduced by the amount of federal funding allocated as part of a basic allotment for the purposes of this article to local health jurisdictions in the 2001–02 fiscal year.

(2) (A) Except as provided in subdivision (c), after determining the amount allowed for the basic allotment as provided in paragraph (1), the balance of the annual appropriation for purposes of this article, if any, shall be allotted on a per capita basis to the administrative bodies of each local health jurisdiction in the proportion that the population of that local health jurisdiction bears to the population of all eligible local health jurisdictions of the state.

(B) The population estimates used for the calculation of the per capita allotment pursuant to subparagraph (A) shall be based on the Department of Finance’s E-1 Report, “City/County Populations Estimates with Annual Percentage Changes” as of January 1 of the previous year. However, if within a local health jurisdiction there are one or more city health jurisdictions, the local health jurisdiction shall subtract the

population of the city or cities from the local health jurisdiction total population for purposes of calculating the per capita total.

(b) If the amounts appropriated are insufficient to fully fund the allocations specified in subdivision (a), the department shall prorate and adjust each local health jurisdiction's allocation so that the total amount allocated equals the amount appropriated.

(c) For the 2002–03 fiscal year and subsequent fiscal years, where the federally approved collaborative state-local plan identifies an allocation method, other than the basic allotment and per capita method described in subdivision (a), for specific funding to a local public health jurisdiction, including, but not limited to, funding laboratory training, chemical and nuclear terrorism preparedness, smallpox preparedness, and information technology approaches, that funding shall be paid to the administrative bodies of those local health jurisdictions in accordance with the federally approved collaborative state-local plan for bioterrorism preparedness and other public health threats in the state.

(d) Funds appropriated pursuant to the annual Budget Act or some other act for allocation to local health jurisdictions pursuant to this article shall be disbursed quarterly to local health jurisdictions beginning July 1, 2002, using the following process:

(1) Each fiscal year, upon the submission of an application for funding by the administrative body of a local health jurisdiction, the department shall make the first quarterly payment to each eligible local health jurisdiction. Initially, that application shall include a plan and budget for the local program that is in accordance with the department's plans and priorities for bioterrorism preparedness and response, and other public health threats and emergencies, and a certification by the chairperson of the board of supervisors or the mayor of a city with a local health department that the funds received pursuant to this article will not be used to supplant other funding sources in violation of subdivision (d) of Section 101315. In subsequent years, the department shall develop a streamlined process for continuation of funding that will address new federal requirements and will assure the continuity of local plan activities.

(2) The department shall establish procedures and a format for the submission of the local health jurisdiction's plan and budget. The local health jurisdiction's plan shall be consistent with the department's plans and priorities for bioterrorism preparedness and response and other public health threats and emergencies in accordance with requirements specified in the department's federal grant award. Payments to local health jurisdictions beyond the first quarter shall be contingent upon the approval of the department of the local health jurisdiction's plan and the

local health jurisdiction's progress in implementing the provisions of the local health jurisdiction's plan, as determined by the department.

(3) If a local health jurisdiction does not apply or submits a noncompliant application for its allocation, those funds provided under this article may be redistributed according to subdivision (a) to the remaining local health jurisdictions.

(e) Funds shall be used for activities to improve and enhance local health jurisdictions' preparedness for and response to bioterrorism and other public health threats and emergencies, and for any other purposes, as determined by the department, that are consistent with the purposes for which the funds were appropriated.

(f) Any local health jurisdiction that receives funds pursuant to this article shall deposit them in a special local public health preparedness trust fund established solely for this purpose before transferring or expending the funds for any of the uses allowed pursuant to this article. The interest earned on moneys in the fund shall accrue to the benefit of the fund and shall be expended for the same purposes as other moneys in the fund.

(g) (1) A local health jurisdiction that receives funding pursuant to this article shall submit reports that display cost data and the activities funded by moneys deposited in its local public health preparedness trust fund to the department on a regular basis in a form and according to procedures prescribed by the department.

(2) The department, in consultation with local health jurisdictions, shall develop required content for the reports required under paragraph (1), which shall include, but shall not be limited to, data and information needed to implement this article and to satisfy federal reporting requirements. The chairperson of the board of supervisors or the mayor of a city with a local health department shall certify the accuracy of the reports and that the moneys appropriated for the purposes of this article have not been used to supplant other funding sources.

(3) It is the intent of the Legislature that the department shall audit the cost reports every three years, commencing in January 2007, to determine compliance with federal requirements and consistency with local health jurisdiction budgets, contingent upon the availability of federal funds for this activity, and contingent upon the continuation of federal funding for emergency preparedness and bioterrorism preparedness. All cost-compliance reports and audit exceptions or related analyses or reports issued by the State Department of Public Health regarding the expenditure of funding for emergency and bioterrorism preparedness by local health jurisdictions shall be made available to the Legislature upon request.

(h) The administrative body of a local health jurisdiction may enter into a contract with the department and the department may enter into a contract with that local health jurisdiction for the department to administer all or a portion of the moneys allocated to the local health jurisdiction pursuant to this article. The department may use funds retained on behalf of a local jurisdiction pursuant to this subdivision solely for the purposes of administering the jurisdiction's bioterrorism preparedness activities. The funds appropriated pursuant to this article and retained by the department pursuant to this subdivision are available for expenditure and encumbrance for the purposes of support or local assistance.

(i) The department may recoup from a local health jurisdiction any moneys allocated pursuant to this article that are unspent or that are not expended for purposes specified in subdivision (d). The department may also recoup funds expended by a local health jurisdiction in violation of subdivision (d) of Section 101315. The department may withhold quarterly payments of moneys to a local health jurisdiction if the local health jurisdiction is not in compliance with this article or the terms of that local health jurisdiction's plan as approved by the department. Before any funds are recouped or withheld from a local health jurisdiction, the department shall meet with local health officials to discuss the status of the unspent moneys or the disputed use of the funds, or both.

(j) Notwithstanding any other provision of law, moneys made available for bioterrorism preparedness pursuant to this article in the 2001–02 fiscal year shall be available for expenditure and encumbrance until June 30, 2003. Moneys made available for bioterrorism preparedness pursuant to this article from July 1, 2002, to August 30, 2003, inclusive, shall be available for expenditure and encumbrance until August 30, 2004. Moneys made available in the 2003–04 Budget Act for bioterrorism preparedness shall be available for expenditure and encumbrance until August 30, 2005.

SEC. 15. Section 101320 of the Health and Safety Code is amended to read:

101320. This article shall become inoperative on September 1, 2010, and, as of January 1, 2011, is repealed, unless a later enacted statute that is enacted before January 1, 2011, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 16. Section 120955 of the Health and Safety Code is amended to read:

120955. (a) (1) To the extent that state and federal funds are appropriated in the annual Budget Act for these purposes, the director shall establish and may administer a program to provide drug treatments to persons infected with human immunodeficiency virus (HIV), the

etiologic agent of acquired immunodeficiency syndrome (AIDS). If the director makes a formal determination that, in any fiscal year, funds appropriated for the program will be insufficient to provide all of those drug treatments to existing eligible persons for the fiscal year and that a suspension of the implementation of the program is necessary, the director may suspend eligibility determinations and enrollment in the program for the period of time necessary to meet the needs of existing eligible persons in the program.

(2) The director, in consultation with the AIDS Drug Assistance Program Medical Advisory Committee, shall develop, maintain, and update as necessary a list of drugs to be provided under this program. The list shall be exempt from the requirements of the Administrative Procedures Act (Chapter 3.5 (commencing with Section 11340), Chapter 4 (commencing with Section 11370), and Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code), and shall not be subject to the review and approval of the Office of Administrative Law. In addition, the director shall notify the fiscal and policy committees of the Legislature of any additions, deletions, or restrictions to the list within 15 business days of the action. At a minimum, this notification shall describe the specific change to the formulary, the reason for the action taken, the estimated number of people it may affect, and any estimate of costs or savings where applicable.

(b) The director may grant funds to a county public health department through standard agreements to administer this program in that county. To maximize the recipients' access to drugs covered by this program, the director shall urge the county health department in counties granted these funds to decentralize distribution of the drugs to the recipients.

(c) The director shall establish a rate structure for reimbursement for the cost of each drug included in the program. Rates shall not be less than the actual cost of the drug. However, the director may purchase a listed drug directly from the manufacturer and negotiate the most favorable bulk price for that drug.

(d) Manufacturers of the drugs on the list shall pay the department a rebate equal to the rebate that would be applicable to the drug under Section 1927(c) of the federal Social Security Act (42 U.S.C. Sec. 1396r-8(c)) plus an additional rebate to be negotiated by each manufacturer with the department, except that no rebates shall be paid to the department under this section on drugs for which the department has received a rebate under Section 1927(c) of the federal Social Security Act (42 U.S.C. Sec. 1396r-8(c)) or that have been purchased on behalf of county health departments or other eligible entities at discount prices made available under Section 256b of Title 42 of the United States Code.

(e) The department shall submit an invoice, not less than two times per year, to each manufacturer for the amount of the rebate required by subdivision (d).

(f) Drugs may be removed from the list for failure to pay the rebate required by subdivision (d), unless the department determines that removal of the drug from the list would cause substantial medical hardship to beneficiaries.

(g) The department may adopt emergency regulations to implement amendments to this chapter made during the 1997–98 Regular Session, in accordance with the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The initial adoption of emergency regulations shall be deemed to be an emergency and considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health and safety, or general welfare. Emergency regulations adopted pursuant to this section shall remain in effect for no more than 180 days.

(h) Reimbursement under this chapter shall not be made for any drugs that are available to the recipient under any other private, state, or federal programs, or under any other contractual or legal entitlements, except that the director may authorize an exemption from this subdivision where exemption would represent a cost savings to the state.

(i) The department may also subsidize certain cost-sharing requirements for persons otherwise eligible for the AIDS Drug Assistance Program (ADAP) with existing non-ADAP drug coverage by paying for prescription drugs included on the ADAP formulary within the existing ADAP operational structure up to, but not exceeding, the amount of that cost-sharing obligation. This cost sharing may only be applied in circumstances in which the other payer recognizes the ADAP payment as counting toward the individual's cost-sharing obligation.

(2) The expenditure of funds from the Genetic Disease Testing Fund for these purposes shall not be subject to Section 12102 of, and Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of, the Public Contract Code, or to Division 25.2 (commencing with Section 38070). This emergency response system shall be operational 24 hours per day, 365 days per year.

(c) Contracts between the department and regional centers shall require regional centers to have service coordinator-to-consumer ratios, as follows:

(1) An average service coordinator-to-consumer ratio of 1 to 62 for all consumers who have not moved from the developmental centers to the community since April 14, 1993. In no case shall a service coordinator for these consumers have an assigned caseload in excess of 79 consumers for more than 60 days.

For purposes of paragraph (3), in no case shall a service coordinator have an assigned caseload in excess of 84 for more than 60 days.

(d) For purposes of this section, “service coordinator” means a regional center employee whose primary responsibility includes preparing, implementing, and monitoring consumers’ individual program plans, securing and coordinating consumer services and supports, and providing placement and monitoring activities.

The data shall be submitted in the format, including the content, prescribed by the department. Within 30 days of receipt of data submitted pursuant to this subdivision, the department shall make a summary of the data available to the public upon request. (f) The department shall provide technical assistance and require a plan of correction for any regional center that, for two consecutive reporting periods, fails to maintain service coordinator caseload ratios required by this section or otherwise demonstrates an inability to maintain appropriate staffing patterns pursuant to this section. Plans of correction shall be developed following input from the local area board, local organizations representing consumers, family members, regional center employees, including recognized labor organizations, and service providers, and other interested parties.

(g) Contracts between the department and regional center shall require the regional center to have, or contract for, all of the following areas:

(h) Any regional center proposing a staffing arrangement that substantially deviates from the requirements of this section shall request a waiver from the department. Prior to granting a waiver, the department shall require a detailed staffing proposal, including, but not limited to, how the proposed staffing arrangement will benefit consumers and families served, and shall demonstrate clear and convincing support for the proposed staffing arrangement from constituencies served and impacted, that include, but are not limited to, consumers, families, providers, advocates, and recognized labor organizations. In addition, the regional center shall submit to the department any written opposition to the proposal from organizations or individuals, including, but not limited to, consumers, families, providers, and advocates, including recognized labor organizations. (2) To be considered a preferred provider, the applicant or provider shall meet all of the following criteria:

(A) Hold a current license as a physician and surgeon issued by the Medical Board of California or the Osteopathic Medical Board of California, which license shall not have been revoked, whether stayed or not, suspended, placed on probation, or subject to other limitation.

(B) Be a current faculty member of a teaching hospital or a children's hospital, as defined in Section 10727, accredited by the Joint Commission for Accreditation of Healthcare Organizations or the American Osteopathic Association, or be credentialed by a health care service plan that is licensed under the Knox-Keene Health Care Service Plan Act of 1975 (Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code; the Knox-Keene Act) or county organized health system, or be a current member in good standing of a group that is credentialed by a health care service plan that is licensed under the Knox-Keene Act.

(C) Have full, current, unrevoked, and unsuspended privileges at a Joint Commission for Accreditation of Healthcare Organizations or American Osteopathic Association accredited general acute care hospital.

(D) Not have any adverse entries in the Healthcare Integrity and Protection Databank.

(3) The department may recognize other providers as qualifying as preferred providers if criteria similar to those set forth in paragraph (2) are identified for the other providers. The department shall consult with interested parties and appropriate stakeholders to identify similar criteria for other providers so that they may be considered as preferred providers.

(d) Within 180 days after receiving an application package submitted pursuant to subdivision (a), or from the date of the notice to an applicant or provider that the applicant or provider does not qualify as a preferred provider under subdivision (c), the department shall give written notice to the applicant or provider that any of the following applies, or shall on the 181st day grant the applicant or provider provisional provider status pursuant to this section for a period no longer than 12 months, effective from the 181st day:

(1) The applicant or provider is being granted provisional provider status for a period of 12 months, effective from the date on the notice.

(2) The application package is incomplete. The notice shall identify any additional information or documentation that is needed to complete the application package.

(3) The department is exercising its authority under Section 14043.37, 14043.4, or 14043.7, and is conducting background checks, preenrollment inspections, or unannounced visits.

(4) The application package is denied for any of the following reasons:

(A) Pursuant to Section 14043.2 or 14043.36.

(B) For lack of a license necessary to perform the health care services or to provide the goods, supplies, or merchandise directly or indirectly to a Medi-Cal beneficiary, within the applicable provider of service category or subgroup of that category.

(C) The period of time during which an applicant or provider has been barred from reapplying has not passed.

(D) For other stated reasons authorized by law.

(e) (1) If the application package that was noticed as incomplete under subdivision (d) is resubmitted with all requested information and documentation, and received by the department within 35 days of the date on the notice, the department shall, within 60 days of the resubmission, send a notice that any of the following applies:

(A) The applicant or provider is being granted provisional provider status for a period of 12 months, effective from the date on the notice.

(B) The application package is denied for any other reasons provided for in paragraph (4) of subdivision (d).

(C) The department is exercising its authority under Section 14043.37, 14043.4, or 14043.7 to conduct background checks, preenrollment inspections, or unannounced visits.

(2) (A) If the application package that was noticed as incomplete under paragraph (2) of subdivision (d) is not resubmitted with all requested information and documentation and received by the department within 35 days of the date on the notice, the application package shall be denied by operation of law. The applicant or provider may reapply by submitting a new application package that shall be reviewed de novo.

(B) If the failure to resubmit is by a provider applying for continued enrollment, the failure shall make the provider also subject to deactivation of the provider's number and all of the business addresses used by the provider to provide services, goods, supplies, or merchandise to Medi-Cal beneficiaries.

(C) Notwithstanding subparagraph (A), if the notice of an incomplete application package included a request for information or documentation related to grounds for denial under Section 14043.2 or 14043.36, the

applicant or provider may not reapply for enrollment or continued enrollment in the Medi-Cal program or for participation in any health care program administered by the department or its agents or contractors for a period of three years.

(f) (1) If the department exercises its authority under Section 14043.37, 14043.4, or 14043.7 to conduct background checks, preenrollment inspections, or unannounced visits, the applicant or provider shall receive notice, from the department, after the conclusion of the background check, preenrollment inspections, or unannounced visit of either of the following:

(A) The applicant or provider is granted provisional provider status for a period of 12 months, effective from the date on the notice.

(B) Discrepancies or failure to meet program requirements, as prescribed by the department, have been found to exist during the preenrollment period.

(2) (A) The notice shall identify the discrepancies or failures, and whether remediation can be made or not, and if so, the time period within which remediation must be accomplished. Failure to remediate discrepancies and failures as prescribed by the department, or notification that remediation is not available, shall result in denial of the application by operation of law. The applicant or provider may reapply by submitting a new application package that shall be reviewed de novo.

(B) If the failure to remediate is by a provider applying for continued enrollment, the failure shall make the provider also subject to deactivation of the provider's number and all of the business addresses used by the provider to provide services, goods, supplies, or merchandise to Medi-Cal beneficiaries.

(C) Notwithstanding subparagraph (A), if the discrepancies or failure to meet program requirements, as prescribed by the director, included in the notice were related to grounds for denial under Section 14043.2 or 14043.36, the applicant or provider may not reapply for three years.

(g) If provisional provider status or preferred provisional provider status is granted pursuant to this section, a provider number shall be used by the provider for each business address for which an application package has been approved. This provider number shall be used exclusively for the locations for which it is issued, unless the practice of the provider's profession or delivery of services, goods, supplies, or merchandise is such that services, goods, supplies, or merchandise are rendered or delivered at locations other than the provider's business address and this practice or delivery of services, goods, supplies, or merchandise has been disclosed in the application package approved by the department when the provisional provider status or preferred provisional provider status was granted.

(h) Except for providers subject to subdivision (c) of Section 14043.47, a provider currently enrolled in the Medi-Cal program at one or more locations who has submitted an application package for enrollment at a new location or a change in location pursuant to subdivision (a) may submit claims for services, goods, supplies, or merchandise rendered at the new location until the application package is approved or denied under this section, and shall not be subject, during that period, to deactivation, or be subject to any delay or nonpayment of claims as a result of billing for services rendered at the new location as herein authorized. However, the provider shall be considered during that period to have been granted provisional provider status or preferred provisional provider status and be subject to termination of that status pursuant to Section 14043.27. A provider that is subject to subdivision (c) of Section 14043.47 may come within the scope of this subdivision upon submitting documentation in the application package that identifies the physician providing supervision for every three locations. If a provider submits claims for services rendered at a new location before the application for that location is received by the department, the department may deny the claim.

(i) An applicant or a provider whose application for enrollment, continued enrollment, or a new location or change in location has been denied pursuant to this section, may appeal the denial in accordance with Section 14043.65.

(j) (1) Upon receipt of a complete and accurate claim for an individual nurse provider, the department shall adjudicate the claim within an average of 30 days.

(2) During the budget proceedings of the 2006–07 fiscal year, and each fiscal year thereafter, the department shall provide data to the Legislature specifying the timeframe under which it has processed and approved the provider applications submitted by individual nurse providers.

(3) For purposes of this subdivision, “individual nurse providers” are providers authorized under certain home- and community-based waivers and under the state plan to provide nursing services to Medi-Cal recipients in the recipients’ own homes rather than in institutional settings.

SEC. 41. Section 14043.27 of the Welfare and Institutions Code is amended to read:

14043.27. (a) If an applicant or provider is granted provisional provider status or preferred provisional provider status pursuant to Section 14043.26 and, if at any time during the provisional provider status period or preferred provisional provider status period, the department conducts any announced or unannounced visits or any

additional inspections or reviews pursuant to this chapter or Chapter 8 (commencing with Section 14200), or the regulations adopted thereunder, or pursuant to Section 100185.5 of the Health and Safety Code, and discovers or otherwise determines the existence of any ground to deactivate the provider's number and business addresses or suspend the provider from the Medi-Cal program pursuant to this chapter or Chapter 8 (commencing with Section 14200), or the regulations adopted thereunder, or pursuant to Section 100185.5 of the Health and Safety Code, or if any of the circumstances listed in subdivision (c) occur, the department shall terminate the provisional provider status or preferred provisional provider status of the provider, regardless of whether the period of time for which the provisional provider status or preferred provisional provider status was granted under Section 14043.26 has elapsed.

(b) Termination of provisional provider status or preferred provisional provider status shall include deactivation of the provider's number, including all business addresses used by the provider to obtain reimbursement from the Medi-Cal program and removal of the provider from enrollment in the Medi-Cal program, except where the termination is based upon a ground related solely to a specific location for which provisional provider status was granted. Termination of provisional provider status based upon grounds related solely to a specific location may include failure to have an established place of business, failure to possess the business or zoning permits or other approvals necessary to operate a business, or failure to possess the appropriate licenses, permits, or certificates necessary for the provider of service category or subcategory identified by the provider in its application package. Where the grounds relate solely to a specific location, the termination of provisional provider status shall include only deactivation of the specific locations that the grounds apply to and shall include removal of the provider from enrollment in the Medi-Cal program only if, after deactivation of the specific locations, the provider does not have any business address that is not deactivated.

(c) The following circumstances are grounds for termination of provisional provider status or preferred provisional provider status:

(1) The provider, persons with an ownership or control interest in the provider, or persons who are directors, officers, or managing employees of the provider have been convicted of any felony, or convicted of any misdemeanor involving fraud or abuse in any government program, related to neglect or abuse of a patient in connection with the delivery of a health care item or service, or in connection with the interference with, or obstruction of, any investigation into health care related fraud or abuse, or have been found liable for fraud or abuse in any civil

proceeding, or have entered into a settlement in lieu of conviction for fraud or abuse in any government program within 10 years of the date of the application package.

(2) There is a material discrepancy in the information provided to the department, or with the requirements to be enrolled, that is discovered after provisional provider status or preferred provisional provider status has been granted and that cannot be corrected because the discrepancy occurred in the past.

(3) The provider has provided material information that was false or misleading at the time it was provided.

(4) The provider failed to have an established place of business at the business address for which the application package was submitted at the time of any onsite inspection, announced or unannounced visit, or any additional inspection or review conducted pursuant to this article or a statute or regulation governing the Medi-Cal program, unless the practice of the provider's profession or delivery of services, goods, supplies, or merchandise is such that services, goods, supplies, or merchandise are rendered or delivered at locations other than the business address and this practice or delivery of services, goods, supplies, or merchandise has been disclosed in the application package approved by the department when the provisional provider status or preferred provisional provider status was granted.

(5) The provider meets the definition of a clinic under Section 1200 of the Health and Safety Code, but is not licensed as a clinic pursuant to Chapter 1 (commencing with Section 1200) of Division 2 of the Health and Safety Code and fails to meet the requirements to qualify for at least one exemption pursuant to Section 1206 or 1206.1 of the Health and Safety Code.

(6) The provider performs clinical laboratory tests or examinations, but it or its personnel do not meet CLIA, and the regulations adopted thereunder, and the state clinical laboratory law, do not possess valid CLIA certificates and clinical laboratory registrations or licenses pursuant to Chapter 3 (commencing with Section 1200) of Division 2 of the Business and Professions Code, or are not exempt from licensure as a clinical laboratory under Section 1241 of the Business and Professions Code.

(7) The provider fails to possess either of the following:

(A) The appropriate licenses, permits, certificates, or other approvals needed to practice the profession or occupation, or provide the services, goods, supplies, or merchandise the provider identified in the application package approved by the department when the provisional provider status or preferred provisional provider status was granted and for the location for which the application was submitted.

(B) The business or zoning permits or other approvals necessary to operate a business at the location identified in its application package approved by the department when the provisional provider status or preferred provisional provider status was granted.

(8) The provider, or if the provider is a clinic, group, partnership, corporation, or other association, any officer, director, or shareholder with a 10 percent or greater interest in that organization, commits two or more violations of the federal or state statutes or regulations governing the Medi-Cal program, and the violations demonstrate a pattern or practice of fraud, abuse, or provision of unnecessary or substandard medical services.

(9) The provider commits any violation of a federal or state statute or regulation governing the Medi-Cal program or of a statute or regulation governing the provider's profession or occupation and the violation represents a threat of immediate jeopardy or significant harm to any Medi-Cal beneficiary or to the public welfare.

(10) The provider submits claims for payment that subject a provider to suspension under Section 14043.61.

(11) The provider submits claims for payment for services, goods, supplies, or merchandise rendered at a location other than the business address or addresses listed on the application for enrollment, unless the practice of the provider's profession or delivery of services, goods, supplies, or merchandise is such that services, goods, supplies, or merchandise are rendered or delivered at locations other than the business address and this practice or delivery of services, goods, supplies, or merchandise has been disclosed in the application package approved by the department when the provisional provider status was granted.

(12) The provider has not paid its fine, or has a debt due and owing, including overpayments and penalty assessments, to any federal, state, or local government entity that relates to Medicare, medicaid, Medi-Cal, or any other federal or state health care program, and has not made satisfactory arrangements to fulfill the obligation or otherwise been excused by legal process from fulfilling the obligation.

(d) If, during a provisional provider status period or a preferred provisional provider status period, the department conducts any announced or unannounced visits or any additional inspections or reviews pursuant to this chapter or Chapter 8 (commencing with Section 14200), or the regulations adopted thereunder, and commences an investigation for fraud or abuse, or discovers or otherwise determines that the provider is under investigation for fraud or abuse by any other state, local, or federal government law enforcement agency, the provider shall be subject to termination of provisional provider status or preferred provisional provider status, regardless of whether the period of time for which the

provisional provider status or preferred provisional provider status was granted under Section 14043.26 has elapsed.

(e) A provider whose provisional provider status or preferred provisional provider status has been terminated pursuant to this section may appeal the termination in accordance with Section 14043.65.

(f) Any department-recovered fine or debt due and owing, including overpayments, that are subsequently determined to have been erroneously collected shall be promptly refunded to the provider, together with interest paid in accordance with subdivision (e) of Section 14171 and Section 14172.5.

SEC. 42. Section 14043.28 of the Welfare and Institutions Code is amended to read:

14043.28. (a) (1) If an application package is denied under Section 14043.26 or provisional provider status or preferred provisional provider status is terminated under Section 14043.27, the applicant or provider may not reapply for enrollment or continued enrollment in the Medi-Cal program or for participation in any health care program administered by the department or its agents or contractors for a period of three years from the date the application package is denied or the provisional provider status is terminated, or from the date of the final decision following an appeal from that denial or termination, except as provided otherwise in paragraph (2) of subdivision (e), or paragraph (2) of subdivision (f), of Section 14043.26 and as set forth in this section.

(2) If the application is denied under paragraph (2) of subdivision (e) of Section 14043.26 because the applicant failed to resubmit an incomplete application package or is denied under paragraph (2) of subdivision (f) of Section 14043.26 because the applicant failed to remediate discrepancies, the applicant may resubmit an application in accordance with paragraph (2) of subdivision (d) or paragraph (2) of subdivision (f), respectively.

(3) If the denial of the application package is based upon a conviction for any offense or for any act included in Section 14043.36 or termination of the provisional provider status or preferred provisional provider status is based upon a conviction for any offense or for any act included in paragraph (1) of subdivision (c) of Section 14043.27, the applicant or provider may not reapply for enrollment or continued enrollment in the Medi-Cal program or for participation in any health care program administered by the department or its agents or contractors for a period of 10 years from the date the application package is denied or the provisional provider status or preferred provisional provider status is terminated or from the date of the final decision following an appeal from that denial or termination.

(4) If the denial of the application package is based upon two or more convictions for any offense or for any two or more acts included in Section 14043.36 or termination of the provisional provider status or preferred provisional provider status is based upon two or more convictions for any offense or for any two acts included in paragraph (1) of subdivision (c) of Section 14043.27, the applicant or provider shall be permanently barred from enrollment or continued enrollment in the Medi-Cal program or for participation in any health care program administered by the department or its agents or contractors.

(5) The prohibition in paragraph (1) against reapplying for three years shall not apply if the denial of the application or termination of provisional provider status or preferred provisional provider status is based upon any of the following:

(A) The grounds provided for in paragraph (4), or subparagraph (B) of paragraph (7), of subdivision (c) of Section 14043.27.

(B) The grounds provided for in subdivision (d) of Section 14043.27, if the investigation is closed without any adverse action being taken.

(C) The grounds provided for in paragraph (6) of subdivision (c) of Section 14043.27. However, the department may deny reimbursement for claims submitted while the provider was noncompliant with CLIA.

(b) (1) If an application package is denied under subparagraph (A), (B), or (D) of paragraph (4) of subdivision (d) of Section 14043.26, or with respect to a provider described in subparagraph (B) of paragraph (2) of subdivision (e), or subparagraph (B) of paragraph (2) of subdivision (f), of Section 14043.26, or provisional provider status or preferred provisional provider status is terminated based upon any of the grounds stated in subparagraph (A) of paragraph (7), or paragraphs (1), (2), (3), (5), and (8) to (12), inclusive, of subdivision (c) of Section 14043.27, all business addresses of the applicant or provider shall be deactivated and the applicant or provider shall be removed from enrollment in the Medi-Cal program by operation of law.

(2) If the termination of provisional provider status is based upon the grounds stated in subdivision (d) of Section 14043.27 and the investigation is closed without any adverse action being taken, or is based upon the grounds in subparagraph (B) of paragraph (7) of subdivision (c) of Section 14043.27 and the applicant or provider obtains the appropriate license, permits, or approvals covering the period of provisional provider status, the termination taken pursuant to subdivision (c) of Section 14043.27 shall be rescinded, the previously deactivated provider numbers shall be reactivated, and the provider shall be reenrolled in the Medi-Cal program, unless there are other grounds for taking these actions.

(c) Claims that are submitted or caused to be submitted by an applicant or provider who has been suspended from the Medi-Cal program for any reason or who has had its provisional provider status terminated or had its application package for enrollment or continued enrollment denied and all business addresses deactivated may not be paid for services, goods, merchandise, or supplies rendered to Medi-Cal beneficiaries during the period of suspension or termination or after the date all business addresses are deactivated.

SEC. 43. Section 14043.36 of the Welfare and Institutions Code is amended to read:

14043.36. (a) The department shall not enroll any applicant that has been convicted of any felony or misdemeanor involving fraud or abuse in any government program, or related to neglect or abuse of a patient in connection with the delivery of a health care item or service, or in connection with the interference with or obstruction of any investigation into health care related fraud or abuse or that has been found liable for fraud or abuse in any civil proceeding, or that has entered into a settlement in lieu of conviction for fraud or abuse in any government program, within the previous 10 years. In addition, the department may deny enrollment to any applicant that, at the time of application, is under investigation by the department or any state, local, or federal government law enforcement agency for fraud or abuse pursuant to Subpart A (commencing with Section 455.12) of Part 455 of Title 42 of the Code of Federal Regulations. The department shall not deny enrollment to an otherwise qualified applicant whose felony or misdemeanor charges did not result in a conviction solely on the basis of the prior charges. If it is discovered that a provider is under investigation by the department or any state, local, or federal government law enforcement agency for fraud or abuse, that provider shall be subject to temporary suspension from the Medi-Cal program, which shall include temporary deactivation of the provider's number, including all business addresses used by the provider to obtain reimbursement from the Medi-Cal program.

(b) The director shall notify in writing the provider of the temporary suspension and deactivation of the provider's number, which shall take effect 15 days from the date of the notification. Notwithstanding Section 100171 of the Health and Safety Code, proceedings after the imposition of sanctions provided for in subdivision (a) shall be in accordance with Section 14043.65.

SEC. 44. Section 14043.45 of the Welfare and Institutions Code is repealed.

SEC. 45. Section 14043.45 is added to the Welfare and Institutions Code, to read:

14043.45. (a) Notwithstanding whether a National Provider Identification (NPI) number is required by the rules issued by the Centers for Medicare and Medicaid Services implementing the Health Insurance Portability and Accountability Act of 1996 (HIPAA), the department may require that an applicant or provider submit an NPI number.

(b) For transactions not specifically identified as covered transactions under the HIPAA NPI rules, the department may require that a provider use a National Provider Identification number on those transactions, or the department may issue the provider a unique identification number or numbers that shall be used on all transactions.

(c) Notwithstanding any other provisions of law, the department may, without taking regulatory action pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, implement, interpret, or make specific this section by means of a provider bulletin or similar instruction. The department shall notify and consult with interested parties and appropriate stakeholders in implementing, interpreting, or making specific this statute, including taking all of the following actions:

(1) Notifying provider representatives of the proposed action or change. The notice shall occur at least 10 business days prior to the meeting provided for in paragraph (2).

(2) Scheduling at least one meeting with interested parties and appropriate stakeholders to discuss the action or change.

(3) Allowing for written input regarding the action or change.

(4) Providing at least 30 days' advance notice of the effective date of the action or change.

(5) Commencing May 1, 2006, an applicant for certification that meets all of the following:

(A) Is serving persons discharged into community housing from a nursing facility operated by the City and County of San Francisco.

(6) An applicant that is requesting expansion or relocation, or both, that has been Medi-Cal certified as an adult day health care center for at least four years, is expanding or relocating within the same county, and that meets one of the following population-based criteria as reported in the California Long Term Care County Data Book, 2002:

(C) The applicant is currently providing services to the special population as a vendor of the referring regional center.

(D) The participants in the center are clients of the referring regional center and are not residing in a health facility licensed pursuant to

subdivision (c), (d), (g), (h), or (k) of Section 1250 of the Health and Safety Code.

(c) The moratorium shall not prohibit the department from approving a change of ownership, relocation, or increase in capacity for an adult day health care center if the following conditions are met:

(3) For an application to increase the capacity of an existing facility, the center must meet all of the conditions of paragraph (1) and must be located in an underserved area, which is defined as a county having 2 percent or fewer Medi-Cal beneficiaries over the age of 65 years using adult day health care services, based on 2002 calendar year Medi-Cal utilization data.

(d) Following the first 180 days of the moratorium period, the department may make exceptions to the moratorium for new adult day health care centers that are located in underserved areas if the center's application was on file with the department on or before the effective date of the act adding this section. In order to apply for this exemption, an applicant or licensee must meet all of the following criteria:

(1) The applicant has control of a facility, either by ownership or lease agreement, that will house the adult day health care center, has provided to the department all necessary documents and fees, and has completed and submitted all required fingerprinting forms to the department.

(2) The physical location of the applicant's or licensee's adult day health care center is in an underserved area, which is defined as a county having 2 percent or fewer Medi-Cal beneficiaries over the age of 65 years using adult day health care services, based on 2002 calendar year Medi-Cal utilization data.

(e) During the period of the moratorium, a licensee or applicant that meets the criteria for an exemption as defined in subdivision (d) may submit a written request for an exemption to the director.

(f) If the director determines that a new adult day health care licensee or applicant meets the exemption criteria, the director may certify the licensee or applicant, once licensed, for participation in the Medi-Cal program.

(g) The director may extend this moratorium, if necessary, to coincide with the implementation date of the adult day health care waiver.

Prior to taking this action the department shall use due diligence in attempting to contact the provider at its last known telephone number and ascertain if the return by the United States Postal Service is by mistake or shall use due diligence in attempting to contact the provider by telephone or in writing to ascertain whether the provider wishes to continue to participate in the Medi-Cal program. If deactivation pursuant to this section occurs, the provider shall meet the requirements for reapplication as specified in this article or the regulations adopted thereunder.

Where the appeal is of a withholding of payment pursuant to Section 14107.11, the appeal to the director or the director's designee shall be limited to the issue of the reliability of the evidence supporting the withhold and shall not encompass fraud or abuse. The appeal procedure shall not include a formal administrative hearing under the Administrative Procedure Act and shall not result in reactivation of any deactivated provider numbers during appeal. An applicant, provider, or billing agent that files an appeal pursuant to this section shall submit the written appeal along with all pertinent documents and all other relevant evidence to the director or to the director's designee within 60 days of the date of notification of the department's action. The director or the director's designee shall review all of the relevant materials submitted and shall issue a decision within 90 days of the receipt of the appeal. The decision may provide that the action taken should be upheld, continued, or reversed, in whole or in part. The decision of the director or the director's designee shall be final. Any further appeal shall be required to be filed in accordance with Section 1085 of the Code of Civil Procedure.

SEC. 52. Section 14087.305 of the Welfare and Institutions Code is amended to read:

14087.305. (a) In areas specified by the director for expansion of the Medi-Cal managed care program under Section 14087.3 and where the department is contracting with a prepaid health plan that is contracting with, governed, owned or operated by a county board of supervisors, a county special commission or county health authority authorized by Sections 14018.7, 14087.31, 14087.35, 14087.36, 14087.38, and 14087.96, a Medi-Cal or California Work Opportunity and Responsibility for Kids (CalWORKs) applicant or beneficiary shall be informed of the health care options available regarding methods of receiving Medi-Cal benefits. The county shall ensure that each beneficiary is informed of these options and informed that a health care options presentation is available.

(b) The managed care options information described in subdivision (a) shall include the following elements:

(1) Each beneficiary or eligible applicant shall be provided, at a minimum, with the name, address, telephone number, and specialty, if any, of each primary care provider, by specialty, or clinic, participating in each managed care health plan option through a personalized provider directory for that beneficiary or applicant. This information shall be presented under the geographic area designations, by the name of the primary care provider and clinic and shall be updated based on information electronically provided monthly by the health care plans to the department, setting forth any changes in the health care plan's provider network. The geographic areas shall be based on the applicant's residence address, the minor applicant's school address, the applicant's work address, or any other factor deemed appropriate by the department, in consultation with health plan representatives, legislative staff, and consumer stakeholders. In addition, directories of the entire service area of the local initiative and commercial plan provider networks, including, but not limited to, the name, address, and telephone number of each primary care provider and hospital, shall be made available to beneficiaries or applicants who request them from the health care options contractor. Each personalized provider directory shall include information regarding the availability of a directory of the entire service area, provide telephone numbers for the beneficiary to request a directory of the entire service area, and include a postage-paid mail card to send for a directory of the entire service area. The personalized provider directory shall be implemented as a pilot project in Los Angeles County pursuant to this article, and in Sacramento County (Geographic Managed Care Model) pursuant to Article 2.91 (commencing with Section 14089). The content, form, and the geographic areas used in the personalized provider

directories shall be determined by the department, in consultation with a workgroup to include health plan representatives, legislative staff, and consumer stakeholders, with an emphasis on the inclusion of stakeholders from Los Angeles and Sacramento Counties. The personalized provider directories may include a section for each health plan. Prior to implementation of the pilot project, the department, in consultation with consumer stakeholders, legislative staff, and health plans, shall determine the parameters, methodology, and evaluation process of the pilot project. The pilot project shall thereafter be in effect for a minimum of two years. Three months prior to the end of the first two years of the pilot project, the department shall promptly provide the fiscal and policy committees of the Legislature with an evaluation of the personalized provider directory pilot project and its impact on the Medi-Cal managed care program, including whether the pilot project resulted in a reduction of default assignments and a more informed choice process for beneficiaries, and its overall cost-benefit to the state. Following two years of operation as a pilot project in two counties and submission of the evaluation to the Legislature, the department, in consultation with consumer stakeholders, legislative staff, and health plans, shall determine whether to implement personalized provider directories as a permanent program statewide. This determination shall be based on the outcomes set forth in the evaluation provided to the Legislature. If necessary, the pilot project shall continue beyond the initial two-year period until this determination is made. This pilot project shall only be implemented to the extent that it is budget neutral to the department.

(2) Each beneficiary or eligible applicant shall be informed that he or she may choose to continue an established patient-provider relationship in a managed care option, if his or her treating provider is a primary care provider or clinic contracting with any of the prepaid health plan options available and has available capacity and agrees to continue to treat that beneficiary or applicant.

(3) Each beneficiary or eligible applicant shall be informed that if he or she fails to make a choice, he or she shall be assigned to, and enrolled in, a prepaid health plan.

(c) No later than 30 days following the date a Medi-Cal or CalWORKs beneficiary or applicant is determined eligible for Medi-Cal, the beneficiary shall indicate his or her choice, in writing, from among the available prepaid health plans in the region and his or her choice of primary care provider or clinic contracting with the selected prepaid health plan. Notwithstanding the 30-day deadline set forth in this subdivision, if a beneficiary requests a directory for the entire service area within 30 days of receiving an enrollment form, the deadline for

choosing a plan shall be extended an additional 30 days from the date of the request.

(d) At the time the beneficiary or eligible applicant selects a prepaid health plan, the department shall, when applicable, encourage the beneficiary or eligible applicant to also indicate, in writing, his or her choice of primary care provider or clinic contracting with the selected prepaid health plan.

(e) In areas specified by the director for expansion of the Medi-Cal managed care program under Section 14087.3, and where the department is contracting with a prepaid health plan that is contracting with, governed, owned or operated by a county board of supervisors, a county special commission or county health authority authorized by Sections 14018.7, 14087.31, 14087.35, 14087.36, 14087.38, and 14087.96, a Medi-Cal or CalWORKs beneficiary who does not make a choice of managed care plans, shall be assigned to and enrolled in an appropriate Medi-Cal prepaid health plan providing service within the area in which the beneficiary resides.

(f) If a beneficiary or eligible applicant does not choose a primary care provider or clinic, or does not select any primary care provider who is available, the prepaid health plan that was selected by or assigned to the beneficiary shall ensure that the beneficiary selects a primary care provider or clinic within 30 days after enrollment or is assigned to a primary care provider within 40 days after enrollment.

(g) Any Medi-Cal or CalWORKs beneficiary dissatisfied with the primary care provider or prepaid health plan shall be allowed to select or be assigned to another primary care provider within the same prepaid health plan. In addition, the beneficiary shall be allowed to select or be assigned to another prepaid health plan contracted for pursuant to this article that is in effect for the geographic area in which he or she resides, in accordance with Section 1903(m)(2)(F)(ii) of the Social Security Act.

(h) The department or its contractor shall notify a prepaid health plan when it has been selected by or assigned to a beneficiary. The prepaid health plan that has been selected by or assigned to a beneficiary shall notify the primary care provider that has been selected or assigned. The prepaid health plan shall also notify the beneficiary of the prepaid health plan and primary care provider or clinic selected or assigned.

(i) (1) The managed health care plan shall have a valid Medi-Cal contract, adequate capacity, and appropriate staffing to provide health care services to the beneficiary.

(2) The department shall establish standards for all of the following:

(A) The maximum distances a beneficiary is required to travel to obtain primary care services from the managed care plan, in which the beneficiary is enrolled.

(B) The conditions under which a primary care service site shall be accessible by public transportation.

(C) The conditions under which a managed care plan shall provide nonmedical transportation to a primary care service site.

(3) In developing the standards required by paragraph (2) the department shall take into account, on a geographic basis, the means of transportation used and distances typically traveled by Medi-Cal beneficiaries to obtain fee-for-service primary care services and the experience of managed care plans in delivering services to Medi-Cal enrollees. The department shall also consider the provider's ability to render culturally and linguistically appropriate services.

(j) To the extent possible, the arrangements for carrying out subdivision (e) shall provide for the equitable distribution of Medi-Cal beneficiaries among participating prepaid health plans, or managed care plans.

(k) This section shall be implemented in a manner consistent with any federal waiver required to be obtained by the department in order to implement this section.

The California Medical Assistance Commission shall establish regulations concerning the time for submittal of proposed plans for a contract by a county, and for the time by which the California Medical Assistance Commission shall decide whether or not to accept the county's proposal.

(b) The department shall seek all federal waivers necessary to allow for federal financial participation in expenditures under this article. This article shall not be implemented until all necessary waivers have been approved by the federal government.

(c) (1) Notwithstanding subdivision (a) or any other provision of law, on and after the effective date of the act adding this subdivision, the department shall have exclusive authority to negotiate the rates, terms, and conditions of county organized health systems contracts and contract amendments under this article or under Article 7 (commencing with Section 14490) of Chapter 8. shall only be implemented to the extent that it is budget neutral to the department.

(B) Each beneficiary or eligible applicant shall be informed that he or she may choose to continue an established patient-provider relationship in a managed care option, if his or her treating provider is a primary care provider or clinic contracting with any of the health plans available and has the available capacity and agrees to continue to treat that beneficiary or eligible applicant.

(C) Each beneficiary or eligible applicant shall be informed that if he or she fails to make a choice, he or she shall be assigned to, and enrolled in, a health care plan.

The authorization request shall be initiated by the facility and shall be signed by the attending physician. Nursing facility services may be authorized either for a distinct-part nursing facility (a facility that is a distinct part of an acute care hospital), or for a freestanding nursing facility (a facility that is not part of an acute care hospital).

than the closest freestanding nursing facility able and willing to admit the patient.

(B) There is a freestanding nursing facility within 15 miles, as defined in subparagraph (A) from the established residential address of the patient before admission to nursing care, but after reasonable placement efforts, no such facility is able and willing to accept the patient, and the distinct-part nursing facility is within a shorter travel time than the closest freestanding nursing facility able and willing to admit the patient, within the 25-day placement period.

(C) There is no freestanding nursing facility within 30 minutes actual travel time from the established residential address of the immediate family member, such as the spouse, parent, child, or sibling of the patient, who certifies that he or she is the family member who will be most frequently visiting and helping with the personal needs of the patient, or if there is such a freestanding nursing facility, there is none able and willing, after reasonable placement efforts, to accept the patient, and the distinct-part nursing facility is within a shorter travel time than the closest freestanding nursing facility. In this case, the distinct-part nursing facility shall submit with the treatment authorization request a signed statement from the immediate family member certifying that he or she is the person who will be most frequently visiting and seeing to the personal needs of the patient. The signed statement of the family member shall contain an explanation of the relationship to the patient, the residential address used in calculating the distance to the distinct-part nursing facility, and the mode of transportation to be used. A copy of this certification shall be kept in the patient's file at the distinct-part nursing facility.

(D) The immediate family member who will be most frequently visiting and seeing to the personal needs of the patient cannot, because of established health reasons, travel to a freestanding nursing facility that is able and willing to admit the patient and that is within 30 minutes actual travel time, but he or she is able to travel to the distinct-part nursing facility. The certification so stating, and signed by that family member, shall be submitted with the treatment authorization request. A copy of this certification shall be kept in the patient's file at the distinct-part nursing facility.

(E) The patient has a spouse residing in the same distinct-part nursing facility.

(F) The patient is currently, as of the time approval is sought, residing in the distinct-part nursing facility and has been continuously residing in that facility for at least 120 consecutive days, and payment has been made or approved during the 120 consecutive days by Medicare, other health insurance, or by Medi-Cal at a distinct-part nursing facility rate. For patients who have met this requirement and are later hospitalized,

a treatment authorization request at the distinct-part nursing facility rate shall be reinstated if the patient returns to the same distinct-part nursing facility during the seven-day bed-hold period specified in Section 1599.79 of the Health and Safety Code. Otherwise, to reside in a distinct-part nursing facility, the patient shall meet one of the conditions set forth unless the patient's attending physician documents in the medical record that discharge to a freestanding nursing facility would cause physical or psychological harm to the patient.

(2) "Actual travel time" means the amount of time it would usually take the immediate family member to travel between two specific points by means of whatever transport would be available to him or her, taking into account actual road and weather conditions.

(3) "Reasonable placement efforts" means that during the 25-day time period beginning with the date that approval for the Medi-Cal distinct-part nursing facility rate is first sought, the facility shall do all of the following:

(A) Contact on a daily basis, not including Saturdays, Sundays, or holidays, Medi-Cal-certified freestanding nursing facilities within the applicable mileage or travel time, to determine whether each such freestanding nursing facility is able and willing to admit the patient. In meeting this requirement, facilities shall contact only those freestanding nursing facilities that they, in good faith, believe may be able and willing to admit this patient, taking into account previous contacts. Further attempts at placement calls will be waived by the department. Freestanding nursing facilities within the applicable mileage or travel time are those within the appropriate travel time plus any freestanding nursing facility within a shorter actual travel time than the distinct-part nursing facility from the appropriate residential address such as the patient's or the immediate family member's.

(B) Document that the facility contacted a person responsible for admission decisions during each required contact, the date and time of each contact with a freestanding nursing facility, the name and title of each person contacted, the reason given for the freestanding nursing facility not being able or willing to admit the patient on the day contacted, and the date, if any, when the freestanding nursing facility would be able and willing to accept the patient. Contacts may be made by telephone or facsimile transmission.

(C) Submit the documentation specified in subparagraph (B) to the Medi-Cal field office at the conclusion of the 25-day placement effort period.

(4) Upon submission of documentation that reasonable placement efforts requirement were met, the distinct-part nursing facility rate or acute administrative days shall be approved as follows:

(A) Hospitals seeking to place a patient into their own distinct-part nursing facilities shall be approved for acute administrative days for a patient determined to need long-term nursing facility care, who remains in an acute care bed during the placement period. If a contacted freestanding nursing facility was able and willing to admit the patient during the 25-day period, the hospital's treatment authorization request shall be subsequently authorized for approval of acute administrative days until the date that the freestanding nursing facility is able to accept the patient.

At the completion of the reasonable placement effort period, if no freestanding nursing facility is able and willing to take the patient, the hospital's treatment authorization request shall be authorized for approval for acute administrative days for days of care during the reasonable placement period. The hospital, in order to comply with this subparagraph, shall complete the 25-day placement period if there is a freestanding nursing facility within the applicable mileage or travel time willing to take the patient, but due to occupancy, is unable to accept transfer on the days it was contacted. If, however, there is a freestanding nursing facility within the applicable mileage or travel time, but the freestanding nursing facility is not able or willing to admit the patient at the time of the placement effort or in the future, the length of placement time required shall vary and may be shorter than 25 days. If documentation establishes that no freestanding nursing facility within the applicable mileage or travel time, is, or will ever be, able or willing to admit the patient, further placement efforts shall not be required. The distinct-part nursing facility rate of reimbursement shall be approved upon the patient's admission to the distinct-part nursing facility if reasonable placement efforts requirement has been met and no freestanding nursing facility within the applicable mileage or travel time standard was able and willing to accept the patient.

(B) When a patient is either admitted to a distinct-part nursing facility from an acute hospital, nonacute facility, or community setting, or was a distinct-part nursing facility resident whose care has been, but is no longer being, paid by another payment source, a treatment authorization request shall be approved at the distinct-part nursing facility rate for a patient who has been admitted and determined to need long-term nursing facility placement when the reasonable placement efforts requirement has been met. If a contacted freestanding nursing facility is able and willing to admit the patient during the 25-day period, the distinct-part nursing facility treatment authorization request shall be subsequently authorized for approval at the distinct-part nursing facility rate until the date that the freestanding nursing facility is able to accept the patient. If the basis on which the final distinct-part nursing facility approval is

sought is the lack of any freestanding nursing facility able and willing to take the patient after reasonable placement efforts, this approval shall not be given until after the completion of the reasonable placement period, but may be given for days of care during that period. The criteria for shortening the reasonable placement period to less than 25 days shall apply. Notwithstanding the general requirement that skilled nursing care must receive prior authorization, when a distinct-part nursing facility admits a patient during the time it is making reasonable placement efforts, authorization of the distinct-part nursing facility rate may be given postadmission.

However, no days of care shall be authorized for any period prior to the receipt of the treatment authorization request from the facility, unless retroactive authorization may be given.

(C) When a patient spends some of the placement period in the hospital and some of that time in a distinct-part nursing facility, acute administrative days shall be authorized for the hospital days and the distinct-part nursing facility rate for the distinct-part nursing facility days, subject to the provisions of this paragraph.

(5) Reasonable placement efforts, as defined in paragraph (3), shall be conducted for all patients in need of long-term nursing care who are seeking admission to a distinct-part nursing facility pursuant to paragraph (1) of subdivision (a) of Section 51335 of Title 22 of the California Code of Regulations. Patients requiring nursing care for postsurgical rehabilitative or therapy services shall not be subject to the reasonable placement efforts required for admission to a distinct-part nursing facility but they shall be subject to all other Medi-Cal criteria for these admissions. A patient, who is a resident of a distinct-part nursing facility and who has been hospitalized for more than the seven-day bed-hold period, may be readmitted to the distinct-part nursing facility without meeting the reasonable placement efforts requirement for admission, if the attending physician documents that discharge to a freestanding nursing facility will result in physical or psychological harm.

(6) If a distinct-part nursing facility desires of its own volition to admit a patient needing nursing care at the freestanding nursing facility rate, the department shall approve a treatment authorization request submitted for approval at that rate. Distinct-part nursing facilities shall be enrolled in the Medi-Cal program as a freestanding nursing facility provider for that purpose, in addition to being otherwise enrolled in the Medi-Cal program. A distinct-part nursing facility objecting to the freestanding nursing facility rate in any other circumstance, such as when it has not accepted the rate of its own volition, shall not be deemed to have waived its rights to administrative appeal and further review.

(7) With respect to acute care hospitals that are licensed for distinct-part nursing beds, and determined by the State Department of Health Services to provide special services to a unique population, the department shall enact and enforce no regulation, field office instruction, or preadmission screening criteria that restricts a Medi-Cal beneficiary's freedom to seek admission to a nursing facility or unit that is a distinct part of an acute care hospital on terms or conditions different from those governing admission to a long-term care facility.

(c) The department may waive the requirements of this section if it can be demonstrated that both of the following apply:

- (1) Access to care is compromised for a specific patient population.
- (2) The facility can demonstrate an increase in acute administrative days that are attributable to unsuccessful placement efforts.

SEC. 61. Section 14100.95 of the Welfare and Institutions Code is amended to read:

14100.95. (a) The department shall enter into demonstration contracts with manufacturers of medical supplies for four items of its own selection of medical supplies existing on the pharmacy claims processing system, for the purpose of establishing rebates or other cost-saving mechanisms and demonstrating cost savings in the purchase of these medical supplies. The department shall maintain a list of the supplies for which contracts have been executed.

(b) Nothing in this section shall prevent a small retail business from continuing to supply medical supplies for use by Medi-Cal beneficiaries.

(c) In establishing these demonstration contracts, the department shall preserve reasonable access to these supplies by beneficiaries. To ensure that the health needs of Medi-Cal beneficiaries are met, the department shall evaluate products and execute contracts pursuant to subdivision (c) of Section 14105.47.

(d) The department shall report the outcomes of these demonstration contracts to the Legislature no later than January 1, 2009.

SEC. 62. Section 14105.2 of the Welfare and Institutions Code is amended to read:

14105.2. (a) The allowable markup payable for the dispensing of medical supplies by assistive device and sickroom supply dealers and pharmacies shall not exceed 23 percent of the estimated acquisition cost of the item dispensed, as defined by the department.

(b) Payment for diabetic testing supplies shall not exceed the estimated acquisition cost of the item dispensed, as defined by the department, plus a fee equal to the maximum professional fee component used in the payment for legend generic drug types.

(c) In determining the estimated acquisition costs of products pursuant to this section, the department shall consider provider related costs of

the product that include, but are not limited to, shipping, handling, storage, and delivery.

SEC. 63. Section 14105.3 of the Welfare and Institutions Code is amended to read:

14105.3. (a) The department is considered to be the purchaser, but not the dispenser or distributor, of prescribed drugs under the Medi-Cal program for the purpose of enabling the department to obtain from manufacturers of prescribed drugs the most favorable price for those drugs furnished by one or more manufacturers, based upon the large quantity of the drugs purchased under the Medi-Cal program, and to enable the department, notwithstanding any other provision of state law, to obtain from the manufacturers discounts, rebates, or refunds based on the quantities purchased under the program, insofar as may be permissible under federal law. Nothing in this section shall interfere with usual and customary distribution practices in the drug industry.

(b) The department may enter into exclusive or nonexclusive contracts on a bid or negotiated basis with manufacturers, distributors, dispensers, or suppliers of appliances, durable medical equipment, medical supplies, and other product-type health care services and with laboratories for clinical laboratory services for the purpose of obtaining the most favorable prices to the state and to assure adequate quality of the product or service. This subdivision shall not apply to pharmacies licensed pursuant to Section 4080 of the Business and Professions Code.

(c) Notwithstanding subdivision (b), the department may not enter into a contract with a clinical laboratory unless the clinical laboratory operates in conformity with Chapter 3 (commencing with Section 1200) of Division 2 of the Business and Professions Code and the regulations adopted thereunder, and Section 263a of Title 42 of the United States Code and the regulations adopted thereunder.

(d) The department shall contract with manufacturers of single-source drugs on a negotiated basis, and with manufacturers of multisource drugs on a bid or negotiated basis.

(e) In order to ensure and improve access by Medi-Cal beneficiaries to both hearing aid appliances and provider services, and to ensure that the state obtains the most favorable prices, the department, by June 30, 2008, shall enter into exclusive or nonexclusive contracts, on a bid or negotiated basis, for purchasing hearing aid appliances.

(f) In carrying out contracting activity for this or any section associated with the Medi-Cal list of contract drugs, notwithstanding Section 19130 of the Government Code, the department may contract, either directly or through the fiscal intermediary, for pharmacy consultant staff necessary to accomplish the contracting process or treatment authorization request reviews. The fiscal intermediary contract, including

any contract amendment, system change pursuant to a change order, and project or systems development notice shall be exempt from Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code, Chapter 7 (commencing with Section 11700) of Part 1 of Division 3 of Title 2 of the Government Code, and any policies, procedures, or regulations authorized by these provisions.

(g) In order to achieve maximum cost savings the Legislature hereby determines that an expedited contract process for contracts under this section is necessary. Therefore contracts under this section shall be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

(h) For purposes of implementing the contracting provisions specified in this section, the department shall do all of the following:

(1) Ensure adequate access for Medi-Cal patients to quality laboratory testing services in the geographic regions of the state where contracting occurs.

(2) Consult with the statewide association of clinical laboratories and other appropriate stakeholders on the implementation of the contracting provisions specified in this section to ensure maximum access for Medi-Cal patients consistent with the savings targets projected by the 2002–03 Budget Conference Committee for clinical laboratory services provided under the Medi-Cal program.

(3) Consider which types of laboratories are appropriate for implementing the contracting provisions specified in this section, including independent laboratories, outreach laboratory programs of hospital based laboratories, clinic laboratories, physician office laboratories, and group practice laboratories.

SEC. 64. Section 14105.45 of the Welfare and Institutions Code is amended to read:

14105.45. (a) For purposes of this section, the following definitions shall apply:

(1) “Average manufacturers price” means the price reported to the department by the Centers for Medicare and Medicaid Services pursuant to Section 1927 of the Social Security Act (42 U.S.C. Sec. 1396r-8). In the event an average manufacturer’s price is not available, the department shall use the direct price as the average manufacturer’s price.

(2) “Average wholesale price” means the price for a drug product listed in the department’s primary price reference source.

(3) “Direct price” means the price for a drug product purchased by a pharmacy directly from a drug manufacturer listed in the department’s primary reference source.

(4) “Estimated acquisition cost” means the department’s best estimate of the price generally and currently paid by providers for a drug product

sold by a particular manufacturer or principal labeler in a standard package.

(5) "Federal upper limit" means the maximum per unit reimbursement when established by the Centers for Medicare and Medicaid Services and published by the department in Medi-Cal pharmacy provider bulletins and manuals.

(6) "Generically equivalent drugs" means drug products with the same active chemical ingredients of the same strength, quantity, and dosage form, and of the same generic drug name, as determined by the United States Adopted Names (USAN) and accepted by the federal Food and Drug Administration (FDA), as those drug products having the same chemical ingredients.

(7) "Legend drug" means any drug whose labeling states "Caution: Federal law prohibits dispensing without prescription," "Rx only," or words of similar import.

(8) "Maximum allowable ingredient cost" (MAIC) means the maximum amount the department will reimburse Medi-Cal pharmacy providers for generically equivalent drugs.

(9) "Innovator multiple source drug," "noninnovator multiple source drug," and "single source drug" have the same meaning as those terms are defined in Section 1396r-8(k)(7) of Title 42 of the United States Code.

(10) "Nonlegend drug" means any drug whose labeling does not contain the statement referenced in paragraph (7).

(11) "Selling price" means the price used in the establishment of the estimated acquisition cost. The department shall base the selling price on the average manufacturer's price plus a percent markup determined by the department to be necessary for the selling price to represent the average purchase price paid by retail pharmacies in California. The selling price shall not be considered confidential and shall be subject to disclosure under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

(b) (1) Reimbursement to Medi-Cal pharmacy providers for legend and nonlegend drugs shall consist of the estimated acquisition cost of the drug plus a professional fee for dispensing. The professional fee shall be seven dollars and twenty-five cents (\$7.25) per dispensed prescription. The professional fee for legend drugs dispensed to a beneficiary residing in a skilled nursing facility or intermediate care facility shall be eight dollars (\$8) per dispensed prescription. For purposes of this paragraph "skilled nursing facility" and "intermediate care facility" shall have the same meaning as defined in Division 5 (commencing with Section 70001) of Title 22 of the California Code of Regulations.

(2) The department shall establish the estimated acquisition cost of legend and nonlegend drugs as follows:

(A) For single source and innovator multiple source drugs, the estimated acquisition cost shall be equal to the lowest of the average wholesale price minus 17 percent, the selling price, the federal upper limit, or the MAIC.

(B) For noninnovator multiple source drugs, the estimated acquisition cost shall be equal to the lowest of the average wholesale price minus 17 percent, the selling price, the federal upper limit, or the MAIC.

(3) For purposes of paragraph (2), the department shall establish a list of MAICs for generically equivalent drugs, which shall be published in pharmacy provider bulletins and manuals. The department shall update the list of MAICs and establish additional MAICs in accordance with all of the following:

(A) The department shall base the MAIC on the mean of the average manufacturer's price of drugs generically equivalent to the particular innovator drug plus a percent markup determined by the department to be necessary for the MAIC to represent the average purchase price paid by retail pharmacies in California.

(B) The department shall update MAICs at least every three months and notify Medi-Cal providers at least 30 days prior to the effective date of a MAIC.

(c) The department shall update the Medi-Cal claims processing system to reflect the selling price of drugs not later than 30 days after receiving the average manufacturer's price.

(d) In order to maintain beneficiary access to prescription drug services, no later than 30 days after the department initially implements selling price as a component of estimated acquisition cost, pursuant to paragraph (2) of subdivision (b), the department shall make a one-time adjustment to the dispensing fees paid to pharmacy providers in accordance with paragraph (1) of subdivision (b). This change shall only be made if selling price results in a lower aggregate drug reimbursement. Any increase in dispensing fee made pursuant to this subdivision shall not exceed the aggregate savings associated with the implementation of selling price. At least 30-days prior to implementing the dispensing fee increase, the department shall issue a copy of the department's request for federal approval pursuant to subdivision (e), to the chairperson in each house that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or whatever lesser time the Chairperson of the Joint Legislative Budget Committee or his or her designee may determine.

(e) The director shall implement this section in a manner that is consistent with federal Medicaid law and regulations. The director shall

seek any necessary federal approvals for the implementation of this section. This section shall be implemented only to the extent that federal approval is obtained.

(f) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may take the actions specified in this section by means of a provider bulletin or notice, policy letter, or other similar instructions, without taking regulatory action.

(g) The department shall issue a Medi-Cal pharmacy reimbursement fact sheet to the chairperson of the committee in each house of the Legislature that considers appropriations no later than March 1, 2008. The reimbursement fact sheet shall contain, but not be limited to, available data and information regarding the change in reimbursement due to the federal Deficit Reduction Act of 2005 implementation of average manufacturer's price based federal upper limits, the implementation of selling price, change in the average wholesale price reported to the department by the primary price reference source, change in pharmacy dispensing fees, prescription drug volume trends, and the number of active Medi-Cal pharmacy providers. The fact sheet shall also contain general information and definitions regarding drug pricing terminology and a description of pharmacy claims processing in Medi-Cal.

SEC. 65. Section 14105.47 of the Welfare and Institutions Code is amended to read:

14105.47. (a) (1) The department shall establish a list of medical supplies. The list shall specify utilization controls to be applied to each medical supply product.

(2) The utilization controls specified shall include, but not be limited to, those provided by regulation of the department.

(3) The department shall notify providers at least 30 days prior to the effective date of a change in utilization controls.

(b) (1) The department shall establish a list of maximum allowable product costs (MAPCS) for medical supplies, which shall be published in provider bulletins.

(2) The department shall update existing MAPCS and establish additional MAPCS in accordance with all of the following:

(A) In establishing the MAPCS, the director shall assure that eligible persons shall receive medical supply products that are available to the public generally, without discrimination or segregation based purely on economic disability.

(B) All related medical supply products within each particular medical supply type available for retail distribution shall be reviewed by the department in consultation with representatives from the California

Association of Medical Product Suppliers and the California Pharmacists Association.

(C) The department shall base MAPCS on the mean of the wholesale selling price of related medical supply products that are available in California. For purposes of this section, "wholesale selling price" means the price, including discounts and rebates, paid by a provider to a wholesaler, distributor, or manufacturer for a medical supply product.

(D) In establishing the MAPCS, the department shall consider the provider related costs of the product that include, but are not limited to, shipping, handling, storage, and delivery.

(E) The department shall notify Medi-Cal providers at least 30 days prior to the effective date of MAPCS.

(c) (1) In establishing the list of medical supplies, the department may enter into exclusive or nonexclusive contracts on a bid or negotiated basis with manufacturers, distributors, dispensers, or suppliers of medical supplies pursuant to Sections 14100.95 and 14105.3.

(2) To ensure that the health needs of Medi-Cal beneficiaries are met, the department shall, when evaluating a decision to execute a contract, and when evaluating medical supplies for retention on, addition to, or deletion from, the list of medical supplies, consider all of the following criteria:

- (A) The safety of the product.
- (B) The effectiveness of the product.
- (C) The essential need for the product.
- (D) The potential for misuse of the product.
- (E) The immediate or long-term cost effectiveness of the product.

(3) The deficiency of a product when measured by one of the criteria specified in paragraph (2) may be sufficient to support a decision that the product should be deleted from, should not be added to, or should not be retained on, the list of medical supplies. However, the superiority of a product under one criterion may be sufficient to warrant the addition or retention of the product, notwithstanding a deficiency in another criterion.

(4) In the evaluation of the effectiveness of a product, the department may require the manufacturer, distributor, dispenser, or supplier to submit its products to testing by an independent laboratory. For the purposes of this section, "independent laboratory" means an analytical laboratory that is not a subsidiary of, affiliated with, or on retainer for, the manufacturer, distributor, dispenser, or supplier. The department shall only utilize this paragraph involving products where there is a demonstrated experience of a significant variation in performance among the products subject to this particular contracting process.

(d) Notwithstanding the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of the Government Code, actions under this section shall not be subject to the Administrative Procedure Act or to the review and approval of the Office of Administrative Law.

SEC. 66. Section 14105.475 is added to the Welfare and Institutions Code, to read:

14105.475. (a) In maintaining the lists of medical supplies, incontinence medical supplies, and enteral nutrition products, the department may perform a review of, and contract for, various products in a specific product category.

(b) The department shall notify each manufacturer of products in the categories selected pursuant to Sections 14100.95, 14105.47, 14105.8, and Sections 14125 to 14125.9, inclusive.

(c) If, within 30 days of notification, a manufacturer does not enter into negotiations for a contract pursuant to those sections, the department may delete the products from their respective lists, or refuse to consider for addition, products of that manufacturer in the selected product categories.

(d) If, after 270 days from the initial notification, a contract is not executed for a product currently on the list of medical supplies, incontinence medical supplies, or enteral nutrition products, the department may delete the product from its respective list.

(e) If, within 270 days from the initial notification, a contract is executed for a product currently on the list of medical supplies, incontinence medical supplies, or enteral nutrition products, the department shall retain the product on its respective list.

(f) If, within 270 days from the date of the initial notification, a contract is executed for a product not currently on the list of medical supplies, incontinence medical supplies, or enteral nutrition products, the department shall add the product to its respective list.

(g) The department shall terminate all negotiations 270 days after the initial notification.

(h) The department may delete any product from its respective list at the expiration of the contract term or when the contract between the department and the manufacturer of that product is terminated.

(i) In the absence of a contract, the department may deem any product on the list of medical supplies, incontinence medical supplies, or enteral nutrition products, a nonbenefit of the program and delete that product from its respective list.

(j) Deletions made to the lists of medical supplies, incontinence supplies, and enteral nutrition products, shall become effective no sooner than 30 days after publication of the changes in provider bulletins.

(k) (1) A manufacturer of a medical supply, incontinence supply, or enteral nutrition product denied a contract pursuant to this section, or pursuant to Sections 14100.95, 14105.47, 14105.8, and Sections 14125 to 14125.9, inclusive, may file an appeal of that decision with the director within 30 calendar days of the department's written decision.

(2) The director shall issue a final decision on the appeal within 60 calendar days of the postmark date of the appeal.

(l) The department shall provide individual notice to Medi-Cal beneficiaries at least 60 calendar days prior to the effective date of the deletion or suspension of any product pursuant to this subdivision. The notice shall include a description of the beneficiary's right to a fair hearing and shall encourage the beneficiary to consult a physician to determine if an appropriate substitute product is available from Medi-Cal.

SEC. 67. Section 14105.8 of the Welfare and Institutions Code is amended to read:

14105.8. (a) The department may enter into contracts with manufacturers of enteral nutrition products that can be used as a therapeutic regimen to prevent serious disability or death in patients with medically diagnosed conditions that preclude the full use of regular food, on a bid or nonbid basis. The department shall maintain a list of those products for which contracts have been executed. For those contracts that generate rebates, those rebates shall be managed through the department's drug rebate accounting system.

(b) (1) To ensure that the health needs of Medi-Cal beneficiaries are met, the department shall, when evaluating a decision to execute a contract, and when evaluating enteral nutrition products for retention on, addition to, or deletion from, the list of enteral nutrition products, consider all of the following criteria:

- (A) The safety of the product.
- (B) The effectiveness of the product.
- (C) The essential need for the product.
- (D) The potential for misuse of the product.
- (E) The immediate or long-term cost effectiveness of the product.

(2) The deficiency of a product when measured by one of the criteria specified in paragraph (1) may be sufficient to support a decision that the product should be deleted from, should not be added to, or should not be retained on, the list of medical supplies. However, the superiority of a product under one criterion may be sufficient to warrant the addition or retention of the product, notwithstanding a deficiency in another criterion.

(c) In order that Medi-Cal beneficiaries may have access to a comprehensive range of enteral nutrition products pursuant to subdivision (a), the department shall ensure that there is representation on the list of

both general use and specialized use enteral nutrition products. The department deems all products designed to meet the normal needs of infants, and all products that are an incomplete source of nutrition, including modular products, and all products intended for use in weight loss, are not benefits of the Medi-Cal program. The department may deem an incomplete product a benefit for patients with diagnoses, including, but not limited to, malabsorption and inborn errors of metabolism, when the product either appropriately lacks only an offending nutrient, or has been shown to not be investigational nor experimental when used as part of a therapeutic regimen to prevent serious disability or death, or when both conditions apply.

(d) In order to achieve maximum cost savings, the Legislature declares that an expedited process for contracts under this section is necessary. Therefore, contracts entered into on a nonbid basis shall be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

(e) Deletions made to the list of enteral nutrition products shall become effective no sooner than 30 days after publication of the changes in provider bulletins.

(f) Changes made to the list of enteral nutrition products under this or any other section are exempt from the requirements of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340), Chapter 4 (commencing with Section 11370), and Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code), and shall not be subject to the review and approval of the Office of Administrative Law.

(g) The department may provide beneficiaries continuing care for products deleted from the list of enteral nutrition products. The department shall assess the need for continuing care based on the criteria in subdivision (b) and the potential impact on beneficiary access to appropriate therapy. To be eligible for continuing care status under this subdivision, a beneficiary must be taking the enteral nutrition product when the product is deleted. Additionally, the department shall have received a claim for the enteral nutrition product with a date of service that is within 100 days prior to the date the product was deleted. A beneficiary shall remain eligible for continuing care status provided that a claim is submitted for the enteral nutrition product in question at least every 100 days and the date of service of the claim is within 100 days of the date of service of the last claim submitted for the same enteral nutrition product.

(h) The department shall provide individual notice to Medi-Cal beneficiaries at least 60 calendar days prior to the effective date of the deletion of any enteral nutrition product from the list of enteral nutrition

products. The notice shall include a description of the beneficiary's right to a fair hearing and shall encourage the beneficiary to consult a physician to determine if an appropriate substitute enteral nutrition product is available from Medi-Cal.

(i) Enteral nutrition products authorized pursuant to subdivision (a) shall be available only through prior authorization. The department may designate those enteral nutrition products that are without a contract as not being a benefit of the Medi-Cal program, except in the case of continuing care as described in subdivision (h) of this section.

(j) Contracts executed pursuant to this section shall be confidential and shall be exempt from disclosure under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

(k) (1) Manufacturers shall calculate and pay interest on late or unpaid rebates.

(2) Interest pursuant to paragraph (1) shall begin accruing 38 calendar days from the date of mailing of the quarterly invoice, including supporting utilization data sent to the manufacturer. Interest shall continue to accrue until the date of mailing of the manufacturer's payment.

(b) "Beneficiary" means any person who has received benefits or will be provided benefits under this chapter because of an injury for which

another person or party may be liable. It includes such beneficiary's guardian, conservator or other personal representative, his estate or survivors.

(c) "Reasonable value of benefits" means both of the following:

(1) Except in a case in which services were provided to a beneficiary under a managed care arrangement or contract, "reasonable value of benefits" means the Medi-Cal rate of payment, for the type of services rendered, under the schedule of maximum allowances authorized by Section 14106 or, the Medi-Cal rate of payment, for the type of services rendered, under regulations adopted pursuant to this chapter, including but not limited, to Section 14105.

(2) If services were provided to a beneficiary under a managed care arrangement or contract, "reasonable value of benefits" means the rate of payment to the provider by the plan for the services rendered to the beneficiary, except in cases where the plan pays the provider on a capitated or risk sharing basis, in which case it means the value of the services rendered to the beneficiary calculated by the plan as the usual customary and reasonable charge made to the general public by the provider for similar services.

(d) "Lien" means the director's claim for recovery, from a beneficiary's tort action or claim, of the reasonable value of benefits provided on behalf of the beneficiary.

SEC. 71. Section 14124.76 of the Welfare and Institutions Code is amended to read:

14124.76. (a) No settlement, judgment, or award in any action or claim by a beneficiary to recover damages for injuries, where the director has an interest, shall be deemed final or satisfied without first giving the director notice and a reasonable opportunity to perfect and to satisfy the director's lien. Recovery of the director's lien from an injured beneficiary's action or claim is limited to that portion of a settlement, judgment, or award that represents payment for medical expenses, or medical care, provided on behalf of the beneficiary. All reasonable efforts shall be made to obtain the director's advance agreement to a determination as to what portion of a settlement, judgment, or award that represents payment for medical expenses, or medical care, provided of behalf on the beneficiary. Absent the director's advance agreement as to what portion of a settlement, judgment, or award represents payment for medical expenses, or medical care, provided on behalf of the beneficiary, the matter shall be submitted to a court for decision. Either the director or the beneficiary may seek resolution of the dispute by filing a motion, which shall be subject to regular law and motion procedures. In determining what portion of a settlement, judgment, or award represents payment for medical expenses, or medical care,

provided on behalf of the beneficiary and as to what the appropriate reimbursement amount to the director should be, the court shall be guided by the United States Supreme Court decision in *Arkansas Department of Health and Human Services v. Ahlborn* (2006) 547 U.S. 268 and other relevant statutory and case law.

(b) If the beneficiary has filed a third-party action or claim, the court where the action or claim was filed shall have jurisdiction over a dispute between the director and the beneficiary regarding the amount of a lien asserted pursuant to this section that is based upon an allocation of damages contained in a settlement or compromise of the third-party action or claim. If no third-party action or claim has been filed, any superior court in California where venue would have been proper had a claim or action been filed shall have jurisdiction over the motion. The motion may be filed as a special motion and treated as an ordinary law and motion proceeding and subject to regular motion fees. The reimbursement determination motion shall be treated as a special proceeding of a civil nature pursuant to Part 3 (commencing with Section 1063) of the Code of Civil Procedure. When no action is pending, the person making the motion shall be required to pay a first appearance fee. When an action is pending, the person making the motion shall pay a regular law and motion fee. Notwithstanding Section 1064 of the Code of Civil Procedure, either the beneficiary or the director may appeal the final findings, decision, or order.

(c) The court shall issue its findings, decision, or order, which shall be considered the final determination of the parties' rights and obligations with respect to the director's lien, unless the settlement is contingent on an acceptable allocation of the settlement proceeds, in which case, the court's findings, decision, or order shall be considered a tentative determination. If the beneficiary does not serve notice of a rejection of the tentative determination, which shall be based solely upon a rejection of the contingent settlement, within 30 days of the notice of entry of the court's tentative determination, subject to further consideration by the court pursuant to subdivision (d), the tentative determination shall become final. Notwithstanding Section 1064 of the Code of Civil Procedure, either the beneficiary or the director may appeal the final findings, decision, or order.

(d) If the beneficiary does not accept the tentative determination, which shall be based solely upon a rejection of the contingent settlement, any party may subsequently seek further consideration of the court's findings upon application to modify the prior findings, decision, or order based on new or different facts or circumstances. The application shall include an affidavit showing what application was made before, when, and to what judge, what order or decision was made, and what new or

different facts or circumstances, including a different settlement, are claimed to exist. Upon further consideration, the court may modify the allocation in the interest of fairness and for good cause.

If the director's recovery is determined under this section, the reductions in subdivision (d) of Section 14124.72 shall not apply.

SEC. 73. Section 14124.785 is added to the Welfare and Institutions Code, to read:

14124.785. The director's recovery is limited to the amount derived from applying Section 14124.72, 14124.76, or 14124.78, whichever is less.

Reimbursement to insurers or plans complying with the provisions of this section shall be at the same rate of reimbursement used to reimburse the Department of Motor Vehicles for providing information to insurance carriers.

(c) The information required to be made available pursuant to this section shall be limited to information necessary to determine whether health benefits have been or should have been claimed and paid pursuant to a health insurance policy or plan with respect to items of medical care and services received by a particular individual for which Medi-Cal coverage would otherwise be available.

(d) Not later than the date upon which the procedures agreed to pursuant to subdivision (b) become effective, the director shall establish guidelines to assure that information relating to an individual certified to be an applicant for or recipient of medical assistance, furnished to any insurer or plan pursuant to this section, is used only for the purpose of identifying the records or information requested in such manner so as not to violate the confidentiality of an applicant or recipient.

- (D) The potential for misuse of the product.
- (E) The immediate or long-term cost-effectiveness of the product.

However, the superiority of a product under one criterion may be sufficient to warrant the addition or retention of the product, notwithstanding a deficiency in another criterion.

(4) In the evaluation of the effectiveness of a product, the department may require the manufacturer, distributor, dispenser, or supplier to submit their products to testing by an independent laboratory. For the purposes of this section, "independent laboratory" means an analytical laboratory that is not a subsidiary of, affiliated with, or on retainer for, the manufacturer, distributor, dispenser, or supplier.

Prior to January 1, 2004, FQHC and RHC per-visit rates shall be adjusted by the Medicare Economic Index in accord with the methodology set forth in the state plan in effect on October 1, 2001.

(e) (1) An FQHC or RHC may apply for an adjustment to its per-visit rate based on a change in the scope of services provided by the FQHC or RHC. Rate changes based on a change in the scope of services provided by an FQHC or RHC shall be evaluated in accordance with Medicare reasonable cost principles, as set forth in Part 413 (commencing with Section 413.1) of Title 42 of the Code of Federal Regulations, or its successor.

(2) Subject to the conditions set forth in subparagraphs (A) to (D), inclusive, of paragraph (3), a change in scope of service means any of the following:

For FQHCs and RHCs that filed consolidated cost reports for multiple sites to establish the initial prospective payment reimbursement rate, the 1.75 percent threshold shall be applied to the average per-visit rate of all sites for the purposes of calculating the cost associated with a scope-of-service change. "Net change" means the per-visit rate change attributable to the cumulative effect of all increases and decreases for a particular fiscal year.

(4) An FQHC or RHC may submit requests for scope-of-service changes once per fiscal year, only within 90 days following the beginning of the FQHC's or RHC's fiscal year. (5) An FQHC or RHC shall submit a scope-of-service rate change request within 90 days of the beginning of any FQHC or RHC fiscal year occurring after the effective date of this section, if, during the

FQHC's or RHC's prior fiscal year, the FQHC or RHC experienced a decrease in the scope of services provided that the FQHC or RHC either knew or should have known would have resulted in a significantly lower per-visit rate. If an FQHC or RHC discontinues providing onsite pharmacy or dental services, it shall submit a scope-of-service rate change request within 90 days of the beginning of the following fiscal year. The rate change shall be effective as provided for in paragraph (4). As used in this paragraph, "significantly lower" means an average per-visit rate decrease in excess of 2.5 percent.

(6) Notwithstanding paragraph (4), if the approved scope-of-service change or changes were initially implemented on or after the first day of an FQHC's or RHC's fiscal year ending in calendar year 2001, but before the adoption and issuance of written instructions for applying for a scope-of-service change, the adjusted reimbursement rate for that scope-of-service change shall be made retroactive to the date the scope-of-service change was initially implemented. Scope-of-service changes under this paragraph shall be required to be submitted within the later of 150 days after the adoption and issuance of the written instructions by the department, or 150 days after the end of the FQHC's or RHC's fiscal year ending in 2003.

(7) All references in this subdivision to "fiscal year" shall be construed to be references to the fiscal year of the individual FQHC or RHC, as the case may be.

(f) (1) An FQHC or RHC may request a supplemental payment if extraordinary circumstances beyond the control of the FQHC or RHC occur after December 31, 2001, and PPS payments are insufficient due to these extraordinary circumstances. Supplemental payments arising from extraordinary circumstances under this subdivision shall be solely and exclusively within the discretion of the department and shall not be subject to subdivision (l). These supplemental payments shall be determined separately from the scope-of-service adjustments described in subdivision (e). Extraordinary circumstances include, but are not limited to, acts of nature, changes in applicable requirements in the Health and Safety Code, changes in applicable licensure requirements, and changes in applicable rules or regulations. Mere inflation of costs alone, absent extraordinary circumstances, shall not be grounds for supplemental payment. If an FQHC's or RHC's PPS rate is sufficient to cover its overall costs, including those associated with the extraordinary circumstances, then a supplemental payment is not warranted.

(2) The department shall accept requests for supplemental payment at any time throughout the prospective payment rate year.

(3) Requests for supplemental payments shall be submitted in writing to the department and shall set forth the reasons for the request. Each request shall be accompanied by sufficient documentation to enable the department to act upon the request. Documentation shall include the data necessary to demonstrate that the circumstances for which supplemental payment is requested meet the requirements set forth in this section. Documentation shall include all of the following:

(A) A presentation of data to demonstrate reasons for the FQHC's or RHC's request for a supplemental payment.

(B) Documentation showing the cost implications. The cost impact shall be material and significant (two hundred thousand dollars (\$200,000) or 1 percent of a facility's total costs, whichever is less).

(4) A request shall be submitted for each affected year.

(5) Amounts granted for supplemental payment requests shall be paid as lump-sum amounts for those years and not as revised PPS rates, and shall be repaid by the FQHC or RHC to the extent that it is not expended for the specified purposes.

(6) The department shall notify the provider of the department's discretionary decision in writing.

(g) An FQHC or RHC "visit" means a face-to-face encounter between an FQHC or RHC patient and a physician, physician assistant, nurse practitioner, certified nurse midwife, clinical psychologist, licensed clinical social worker, or a visiting nurse. For purposes of this section, "physician" shall be interpreted in a manner consistent with the Centers for Medicare and Medicaid Services' Medicare Rural Health Clinic and Federally Qualified Health Center Manual (Publication 27), or its successor, only to the extent that it defines the professionals whose services are reimbursable on a per-visit basis and not as to the types of services that these professionals may render during these visits and shall include a medical doctor, osteopath, podiatrist, dentist, optometrist, and chiropractor. A visit shall also include a face-to-face encounter between an FQHC or RHC patient and a comprehensive perinatal services practitioner, as defined in Section 51179.1 of Title 22 of the California Code of Regulations, providing comprehensive perinatal services, a four-hour day of attendance at an adult day health care center, and any other provider identified in the state plan's definition of an FQHC or RHC visit.

(h) If FQHC or RHC services are partially reimbursed by a third-party payer, such as a managed care entity (as defined in Section 1396u-2(a)(1)(B) of Title 42 of the United States Code), the Medicare program, or the Child Health and Disability Prevention (CHDP) program, the department shall reimburse an FQHC or RHC for the difference between its per-visit PPS rate and receipts from other plans or programs

on a contract-by-contract basis and not in the aggregate, and may not include managed care financial incentive payments that are required by federal law to be excluded from the calculation.

(i) (1) An entity that first qualifies as an FQHC or RHC in the year 2001 or later, a newly licensed facility at a new location added to an existing FQHC or RHC, and any entity that is an existing FQHC or RHC that is relocated to a new site shall each have its reimbursement rate established in accordance with one of the following methods, as selected by the FQHC or RHC:

(A) The rate may be calculated on a per-visit basis in an amount that is equal to the average of the per-visit rates of three comparable FQHCs or RHCs located in the same or adjacent area with a similar caseload.

(B) In the absence of three comparable FQHCs or RHCs with a similar caseload, the rate may be calculated on a per-visit basis in an amount that is equal to the average of the per-visit rates of three comparable FQHCs or RHCs located in the same or an adjacent service area, or in a reasonably similar geographic area with respect to relevant social, health care, and economic characteristics.

(C) At a new entity's one-time election, the department shall establish a reimbursement rate, calculated on a per-visit basis, that is equal to 100 percent of the projected allowable costs to the FQHC or RHC of furnishing FQHC or RHC services during the first 12 months of operation as an FQHC or RHC. After the first 12-month period, the projected per-visit rate shall be increased by the Medicare Economic Index then in effect. The projected allowable costs for the first 12 months shall be cost settled and the prospective payment reimbursement rate shall be adjusted based on actual and allowable cost per visit.

(D) The department may adopt any further and additional methods of setting reimbursement rates for newly qualified FQHCs or RHCs as are consistent with Section 1396a(bb)(4) of Title 42 of the United States Code.

(2) In order for an FQHC or RHC to establish the comparability of its caseload for purposes of subparagraph (A) or (B) of paragraph (1), the department shall require that the FQHC or RHC submit its most recent annual utilization report as submitted to the Office of Statewide Health Planning and Development, unless the FQHC or RHC was not required to file an annual utilization report. FQHCs or RHCs that have experienced changes in their services or caseload subsequent to the filing of the annual utilization report may submit to the department a completed report in the format applicable to the prior calendar year. FQHCs or RHCs that have not previously submitted an annual utilization report shall submit to the department a completed report in the format applicable to the prior calendar year. The FQHC or RHC shall not be required to

submit the annual utilization report for the comparable FQHCs or RHCs to the department, but shall be required to identify the comparable FQHCs or RHCs.

(3) The rate for any newly qualified entity set forth under this subdivision shall be effective retroactively to the later of the date that the entity was first qualified by the applicable federal agency as an FQHC or RHC, the date a new facility at a new location was added to an existing FQHC or RHC, or the date on which an existing FQHC or RHC was relocated to a new site. The FQHC or RHC shall be permitted to continue billing for Medi-Cal covered benefits on a fee-for-service basis until it is informed of its enrollment as an FQHC or RHC, and the department shall reconcile the difference between the fee-for-service payments and the FQHC's or RHC's prospective payment rate at that time.

(j) Visits occurring at an intermittent clinic site, as defined in subdivision (h) of Section 1206 of the Health and Safety Code, of an existing FQHC or RHC, or in a mobile unit as defined by paragraph (2) of subdivision (b) of Section 1765.105 of the Health and Safety Code, shall be billed by and reimbursed at the same rate as the FQHC or RHC establishing the intermittent clinic site or the mobile unit, subject to the right of the FQHC or RHC to request a scope-of-service adjustment to the rate.

(k) An FQHC or RHC may elect to have pharmacy or dental services reimbursed on a fee-for-service basis, utilizing the current fee schedules established for those services. These costs shall be adjusted out of the FQHC's or RHC's clinic base rate as scope-of-service changes. An FQHC or RHC that reverses its election under this subdivision shall revert to its prior rate, subject to an increase to account for all MEI increases occurring during the intervening time period, and subject to any increase or decrease associated with applicable scope-of-services adjustments as provided in subdivision (e).

(l) FQHCs and RHCs may appeal a grievance or complaint concerning ratesetting, scope-of-service changes, and settlement of cost report audits, in the manner prescribed by Section 14171. The rights and remedies provided under this subdivision are cumulative to the rights and remedies available under all other provisions of law of this state.

(m) The department shall, by no later than March 30, 2004, promptly seek all necessary federal approvals in order to implement this section, including any amendments to the state plan. To the extent that any element or requirement of this section is not approved, the department shall submit a request to the federal Centers for Medicare and Medicaid Services for any waivers that would be necessary to implement this section.

(n) The department shall implement this section only to the extent that federal financial participation is obtained.

SEC. 84. Section 14134.5 of the Welfare and Institutions Code is amended to read:

14134.5. All of the following provisions apply to the provision of services pursuant to subdivision (u) of Section 14132:

(a) "Comprehensive perinatal provider" means any general practice physician, family practice physician, obstetrician-gynecologist, pediatrician, certified nurse midwife, a group, any of whose members is one of the above-named physicians, or any preferred provider organization or clinic enrolled in the Medi-Cal program and certified pursuant to the standards of this section.

(b) "Perinatal" means the period from the establishment of pregnancy to one month following delivery.

(c) "Comprehensive perinatal services" shall include, but not be limited to, the provision of the combination of services developed through the Department of Health Services Obstetrical Access Pilot Program.

(d) The comprehensive perinatal provider shall schedule visits with appropriate providers and shall track the patient to verify whether services have been received. As part of the reimbursement for coordinating these services, the comprehensive perinatal provider shall ensure the provision of the following services either through the provider's own service or through subcontracts or referrals to other providers:

(1) A psychosocial assessment and when appropriate referrals to counseling.

(2) Nutrition assessments and when appropriate referral to counseling on food supplement programs, vitamins and breast-feeding.

(3) Health, childbirth, and parenting education.

(e) Except where existing law prohibits the employment of physicians, a health care provider may employ or contract with all of the following medical and other practitioners for the purpose of providing the comprehensive services delineated in this section:

(1) Physicians, including a general practitioner, a family practice physician, a pediatrician, or an obstetrician-gynecologist.

(2) Certified nurse midwives.

(3) Nurses.

(4) Nurse practitioners.

(5) Physician assistants.

(6) Social workers.

(7) Health and childbirth educators.

(8) Registered dietitians.

The department shall adopt regulations which define the qualifications of any of these practitioners who are not currently included under the

regulations adopted pursuant to this chapter. Providers shall, as feasible, utilize staffing patterns which reflect the linguistic and cultural features of the populations they serve.

(f) The California Medical Assistance Program and the Maternal and Child Health Branch of the State Department of Health Services in consultation with the California Conference of Local Health Officers shall establish standards for health care providers and for services rendered pursuant to this subdivision.

(g) The department shall assist local health departments to establish a community perinatal program whose responsibilities may include certifying and monitoring providers of comprehensive perinatal services. The department shall provide the local health departments with technical assistance for the purpose of implementing the community perinatal program. The department shall, to the extent feasible, and to the extent funding for administrative costs is available, utilize local health departments in the administration of the perinatal program. If these funds are not available, the department shall use alternative means to implement the community perinatal program.

(h) It is the intent of the Legislature that the department shall establish a method for reimbursement of comprehensive perinatal providers which shall include a fee for coordinating services and which shall be sufficient to cover reasonable costs for the provision of comprehensive perinatal services. The department may utilize fees for service, capitated fees, or global fees to reimburse providers. However, if capitated or global fees are established, the department shall set minimum standards for the provision of services including, but not limited to, the number of prenatal visits and the amount and type of psychosocial, nutritional, and educational services patients shall receive.

Notwithstanding the type of reimbursement system, the comprehensive perinatal provider shall not be financially at risk for the provision of inpatient services. The provision of inpatient services which are not related to perinatal care shall not be subject to the provisions of this section. Inpatient services related to services pursuant to this subdivision shall be reimbursed, in accordance with Section 14081, 14086, 14087, or 14087.2, whichever is applicable.

(i) The department shall develop systems for monitoring and oversight of the comprehensive perinatal services provided in this section. The monitoring shall include, but shall not be limited to, collection of information using the perinatal data form.

(j) Participation for services provided pursuant to this section shall be voluntary. The department shall adopt patient rights safeguards for recipients of the comprehensive perinatal services.

SEC. 86. Section 14166.4 of the Welfare and Institutions Code is amended to read:

14166.4. (a) Notwithstanding Article 2.6 (commencing with Section 14081), and any other provision of law, fee-for-service payments to the designated public hospitals for inpatient services to Medi-Cal beneficiaries shall be governed by this section. Each of the designated public hospitals shall receive as payment for inpatient hospital services provided to Medi-Cal beneficiaries during any project year, the hospital's allowable costs incurred in providing those services, multiplied by the federal medical assistance percentage. These costs shall be determined, certified, and claimed in accordance with Sections 14166.8 and 14166.9. All Medicaid federal financial participation received by the state for the certified public expenditures of the hospital, or the governmental entity with which the hospital is affiliated, for inpatient hospital services rendered to Medi-Cal beneficiaries shall be paid to the hospital.

(b) With respect to each project year, each of the designated public hospitals shall receive an interim payment for each day of inpatient hospital services rendered to Medi-Cal beneficiaries based upon claims filed by the hospital in accordance with the claiming process set forth in Division 3 (commencing with Section 50000) of Title 22 of the California Code of Regulations. The interim per diem payment amount shall be based on estimated costs, which shall be derived from statistical data from the following sources and which shall be multiplied by the federal medical assistance percentage:

(1) For allowable costs reflected in the Medicare cost report, the cost report most recently audited by the hospital's Medicare fiscal intermediary adjusted by a trend factor to reflect increased costs, as approved by the federal Centers for Medicare and Medicaid Services for the demonstration project.

(2) For allowable costs not reflected in the Medicare cost report, each hospital shall provide hospital-specific cost data requested by the department. The department shall adjust the data by a trend factor as necessary to reflect project year allowable costs.

(c) Until the department commences making payments pursuant to subdivision (b), the department may continue to make fee-for-service, per diem payments to the designated public hospitals, pursuant to the selective provider contracting program in accordance with Article 2.6 (commencing with Section 14081), for services rendered on and after July 1, 2005, for a period of 120 days following the award of this demonstration. Per diem payments shall be adjusted retroactively to the amounts determined under the payment methodology prescribed in this article.

(d) No later than April 1 following the end of the project year, the department shall undertake an interim reconciliation of payments made pursuant to subdivisions (a) to (c), inclusive, based on Medicare and other cost and statistical data submitted by the hospital for the project year and shall adjust payments to the hospital accordingly.

(e) (1) The designated public hospitals shall receive supplemental reimbursement for the costs incurred for physician and nonphysician practitioner services provided to Medi-Cal beneficiaries who are patients of the hospital, to the extent that those services are not claimed as inpatient hospital services by the hospital and the costs of those services are not otherwise recognized under subdivision (a).

(2) Expenditures made by the designated public hospital, or a governmental entity with which it is affiliated, for the services identified in paragraph (1) shall be reduced by any payments received pursuant to Article 7 (commencing with Section 51501) of Title 22 of the California Code of Regulations. The remainder shall be certified by the appropriate public official and claimed by the department in accordance with Sections 14166.8 and 14166.9. These expenditures may include any of the following:

(A) Compensation to physicians or nonphysician practitioners pursuant to contracts with the designated public hospital.

(B) Salaries and related costs for employed physicians and nonphysician practitioners.

(C) The costs of interns, residents, and related teaching physician and supervision costs.

(D) Administrative costs associated with the services described in subparagraphs (A) to (C), inclusive, including billing costs.

(3) Designated public hospitals shall receive federal funding based on the expenditures identified and certified in paragraph (2). All federal financial participation received by the department for the certified public expenditures identified in paragraph (2) shall be paid to the designated public hospital, or a governmental entity with which it is affiliated.

(4) To the extent that the supplemental reimbursement received under this subdivision relates to services provided to hospital inpatients, the reimbursement shall be applied in determining whether the designated public hospital has received full baseline payments for purposes of paragraph (1) of subdivision (b) of Section 14166.21.

(5) Supplemental reimbursement under this subdivision may be distributed as part of the interim payments under subdivision (b), on a per-visit basis, on a per-procedure basis, or on any other federally permissible basis.

(6) The department shall submit for federal approval, by September 30, 2005, a proposed amendment to the Medi-Cal state plan to implement

this subdivision, retroactive to July 1, 2005, to the extent permitted by the federal Centers for Medicare and Medicaid Services. If necessary to obtain federal approval, the department may limit the application of this subdivision to costs determined allowable by the federal Centers for Medicare and Medicaid Services. If federal approval is not obtained, this subdivision shall not be implemented.

SEC. 87. Section 14199.2 of the Welfare and Institutions Code is amended to read:

14199.2. (a) The pilot program provided for under this article shall provide the necessary information to assess the effectiveness of pharmacist care in improving health outcomes for HIV/AIDS patients. If the department determines that the pilot program has shown that HIV/AIDS-related medication therapy management service is effective at improving the health outcomes of HIV/AIDS patients and is cost effective, then the department may seek federal authorization, through a state plan amendment or Medicaid waiver application, to receive federal financial participation for this service.

(b) The department shall implement an HIV/AIDS-related medication therapy management service pilot project in no more than 10 pharmacies.

(c) The selection of the pharmacy providers shall be based on all of the following:

(1) Percentage of HIV/AIDS patients serviced by the pharmacy. More than 90 percent of the total patients serviced by the pharmacy in the months of May, June, and July 2004, must have been HIV/AIDS patients.

(2) Ability of the pharmacy to immediately provide specialized services. The provider shall be required to establish specialized services with capability to implement all statutorily mandated services on the implementation date of the project. The pharmacy shall provide all the services listed in subdivision (e).

(3) All specialized services shall be rendered by a qualified pharmacist or other health care provider operating within his or her scope of practice. The department shall develop, in consultation with pharmacy providers, the appropriate professional qualifications needed by the pharmacists rendering services, including any continuing education requirements.

(d) The department shall select the first pharmacies that apply and meet the criteria specified in subdivision (c) for the pilot program.

(e) Pharmacies that participate in this pilot program shall provide the following services:

(1) Patient-specific and individualized services provided directly by a pharmacist to the patient, or in limited circumstances, the patient's caregiver. These services are distinct from generalized patient education and information activities already required by law and provided for in the professional fee for dispensing.

(2) Face-to-face interaction between the patient or caregiver and the pharmacist during delivery of medication therapy management services. When barriers to face-to-face communication exist, patients shall have equitable access to appropriate alternative delivery methods.

(3) Pharmacists and other qualified health care providers to identify patients who should receive medication therapy management services.

(f) The department shall consult with the pilot program pharmacies to establish appropriate outcome measures and the required timeframes for reporting those measures, which in no case shall be less than annually. The department shall retain the ability to require additional outcome measures during the course of the project.

(g) The medication therapy management services shall be based on the individual patient's needs and may include, but are not limited to, the following:

(1) Performing or obtaining necessary assessments of the patient's health status.

(2) Formulating a medication treatment plan.

(3) Selecting, initiating, modifying, or administering medication therapy.

(4) Monitoring and evaluating the patient's response to therapy, including safety and effectiveness.

(5) Performing a comprehensive medication review to identify, resolve, and prevent medication-related problems, including adverse drug events.

(6) Documenting the care delivered and communicating essential information to the patient's other primary care providers.

(7) Providing verbal education and training, beyond what is already required by law, that is designed to enhance patient understanding and appropriate use of the patient's medications.

(8) Providing information, support services, and resources, such as compliance packaging, designed to enhance patient adherence to his or her therapeutic regimens.

(9) Coordinating and integrating medication therapy management services within the broader health care management services being provided to the patient.

(10) Home delivery of medications.

(h) Participants in this pilot program shall be paid an additional dispensing fee of nine dollars and fifty cents (\$9.50) per prescription for services rendered after September 1, 2004.

(i) Notwithstanding any other provision of law, the department shall not make any payments for services listed in subdivision (g) that were rendered during any time period in which subdivision (b) of Section 14105.45 has been enjoined by a court order or is otherwise not in effect.

(j) Pilot project contracts under this section may be executed on a noncompetitive bid basis and shall be exempt from the requirements of Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

(k) Pharmacies shall maintain a sufficient quantity of HIV/AIDS medication in their inventories.

(l) Pharmacies shall purchase HIV medications from state licensed wholesalers.

SEC. 88. Section 14199.3 of the Welfare and Institutions Code is amended to read:

14199.3. This article shall remain in effect only until June 30, 2008, and as of that date is repealed, unless a later enacted statute that becomes effective on or before June 30, 2008, deletes or extends that date.

SEC. 89. Section 14262 of the Welfare and Institutions Code is amended to read:

14262. (a) "Actuarial methods" mean any reasonable and adequate method of computing or determining prospective per capita rates of payment which is based upon various assumptions, including "experience data," to determine the expected cost and expected frequency of utilization (by aid category, age and sex) for each component or grouping of services and other requirements for which the rate or rates will serve as compensation or reimbursement. Initially, expected cost and utilization information shall be developed from recent experience data and then projected over the period for which the per capita rates are to be effective. Such a projection shall be adjusted to take into consideration various actuarial factors, including inflation and requirements, if any, which exceed the program or basis from which the experience data is derived.

(b) "Experience data" mean cost and utilization data from the Medi-Cal fee-for-service or prepaid health plan programs. Such data shall be sufficient in quantity and extent to provide credibility.

(c) "Actuarial equivalence" means the actual per capita costs for Medi-Cal beneficiaries adjusted by age, sex, aid category, and other appropriate factors so as to be comparable with the costs of prepaid health plan enrollees.

(d) "Actuary" or "consulting actuary" means a person who has engaged in the practice of actuarial science and has demonstrated, by training and experience, actuarial competence to the director.

(e) This section shall become inoperative on August 1, 2007, and as of January 1, 2008, is repealed.

SEC. 90. Section 14301.1 is added to the Welfare and Institutions Code, to read:

14301.1. (a) For rates established on or after August 1, 2007, the department shall pay capitation rates to health plans participating in the

Medi-Cal managed care program using actuarial methods and may establish health plan and county specific rates. The department shall utilize a county and model specific rate methodology to develop Medi-Cal managed care capitation rates for contracts entered into between the department and any entity pursuant to Article 2.7 (commencing with Section 14087.3), Article 2.8 (commencing with Section 14087.5), and Article 2.91 (commencing with Section 14089) of Chapter 7 that includes, but is not limited to, all of the following:

(1) Health plan specific encounter and claims data.
(2) Supplemental utilization and cost data submitted by the health plans.

(3) Fee-for-service data for the underlying county of operation or other appropriate counties as deemed necessary by the department.

(4) Department of Managed Health Care financial statement data specific to Medi-Cal operations.

(5) Other demographic factors, such as age, gender, or diagnostic-based risk adjustments, as the department deems appropriate.

(b) To the extent that the department is unable to obtain sufficient actual plan data, it may substitute plan model, similar plan, or county specific fee-for-service data.

(c) The department shall develop rates that include administrative costs, and may apply different administrative costs with respect to separate aid code groups.

(d) The department shall develop rates that shall include, but are not limited to, assumptions for underwriting, return on investment, risk, contingencies, changes in policy, and a detailed review of health plan financial statements to validate and reconcile costs for use in developing rates.

(e) The department may develop rates that pay plans based on performance incentives, including quality indicators, access to care, and data submission.

(f) The department may develop and adopt condition-specific payment rates for health conditions, including, but not limited to, childbirth delivery.

(g) Prior to finalizing Medi-Cal managed care capitation rates, the department shall provide health plans with information on how the rates were developed, including rate sheets for that specific health plan, and provide the plans with the opportunity to provide additional supplemental information.

(h) For the purposes of developing capitation rates through implementation of this ratesetting methodology, Medi-Cal managed care health plans shall provide the department with financial and utilization data in a form and substance as deemed necessary by the department to

establish rates. This data shall be considered proprietary and shall be exempt from disclosure as official information pursuant to subdivision (k) of Section 6254 of the Government Code as contained in the California Public Records Act.

(i) The department shall report, upon request, to the fiscal and policy committees of the respective houses of the Legislature regarding implementation of this section.

SEC. 91. Section 14464.5 of the Welfare and Institutions Code is amended to read:

14464.5. (a) For purposes of this article, the following definitions apply:

(1) "Capitation payment" means the monthly amount paid by the state to a designated Medi-Cal managed care plan in exchange for contracted health care services procured by means of the Medi-Cal managed care contracts described in paragraph (3).

(2) "Capitation rate" means the per member per month rate used to calculate the capitation payments.

(3) "Medi-Cal managed care plan" means any Medi-Cal managed care plan contracting with the department to provide services to enrolled Medi-Cal beneficiaries pursuant to Article 2.7 (commencing with Section 14087.3), Article 2.9 (commencing with Section 14088), Article 2.91 (commencing with Section 14089), and Section 14087.51 of Chapter 7, or pursuant to this chapter, and that is also an organization that meets the criteria in Section 1396b(w)(7)(A)(viii) of Title 42 of the United States Code.

(4) "Total operating revenue" means non-Medicare amounts received by a managed care plan for the coverage or providing of all health care services, including amounts received in exchange for health care procured by means of a Medi-Cal managed care contract as described in paragraph (3). Total operating revenue does not include amounts received by a managed care plan pursuant to a subcontract with a Medi-Cal managed care plan to provide health care services to Medi-Cal beneficiaries.

(b) The department shall impose, on an annual basis, a quality improvement fee no earlier than January 1, 2005. The quality improvement fee shall be paid to the state monthly and shall be up to 6 percent of each Medi-Cal managed care plan's total operating revenue. The quality improvement fee shall be subject to all of the following provisions:

(1) The quality improvement fee shall be paid monthly to the state and is due within 15 calendar days following the close of each month and shall be calculated on the prior month's total operating revenue as defined in paragraph (4) of subdivision (a).

(2) The quality improvement fee shall be deposited in the General Fund.

(3) If the Medi-Cal managed care plan does not timely pay the quality improvement fee, or any part thereof, the department may offset the amount of the fee that is unpaid against any amounts due from the state to the Medi-Cal managed care plan. Notwithstanding any such offset, the methodology for determining the fee as set forth in this subdivision shall be followed.

(4) The department shall make retrospective adjustments as necessary to the amounts calculated pursuant to this subdivision in order to assure that the Medi-Cal managed care plan's aggregate quality improvement fee for any particular state fiscal year does not exceed 6 percent of the total operating revenue for the Medi-Cal managed care plan for that year.

(5) If, on account of delay in the adoption of the annual Budget Act, or for any other reason, a Medi-Cal managed care plan is not paid by the department for a period in excess of 30 days, the payment date for the fee specified in paragraph (1) shall be extended until 45 days following the date that regular payments are resumed to the plans.

(6) On or before August 31 of each year, each Medi-Cal managed care plan subject to the quality improvement fee shall report to the department, in a prescribed form, the plan's total operating revenue as defined in paragraph (4) of subdivision (a) for the preceding state fiscal year.

(7) Any fee imposed pursuant to this section shall not be considered to be an administrative cost for purposes of Section 1378 of the Health and Safety Code, Section 14087.101, 14087.103, or 14087.105, or any regulation adopted pursuant to those sections.

(c) (1) The department shall implement this section in a manner that complies with federal requirements. If the department is unable to comply with the federal requirements for federal matching funds under this section, the quality improvement fee shall not be assessed or collected.

(2) The director may alter the methodology specified in this section for calculating the quality improvement fee to the extent necessary to meet the requirement of federal law or regulations.

(3) If, after implementation of this section, federal disapproval of the quality improvement fee program as described in this section occurs, any fees paid by the plans to the department in any period for which such disapproval is effective shall be refunded to the plans.

(d) In addition to the Medi-Cal capitation rates that a Medi-Cal managed care plan would otherwise receive for providing services to Medi-cal beneficiaries, the capitation rates shall be increased in an amount determined by the department, subject to the following requirements:

(1) The additional Medi-Cal reimbursement provided by this section shall be distributed under a capitation payment methodology or on any other federally permissible basis.

(2) The additional Medi-Cal reimbursement provided by this section shall not supplant the payments otherwise due to any Medi-Cal managed care plan in the absence of such an additional reimbursement.

(3) Additional reimbursement provided by this section to any particular Medi-Cal managed care plan shall not cause the total reimbursement paid to that plan to exceed any applicable limit on payments as established pursuant to federal law and regulations.

(e) The director, or his or her designee, shall administer this section.

(f) The director may adopt regulations as are necessary to implement this section. These regulations shall be adopted as emergency regulations in accordance with the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). For purposes of this section, the adoption of regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health, and safety or general welfare. The regulations shall include, but not be limited to, any regulations necessary for either of the following purposes:

(1) The administration of this section, including the proper imposition and collection of the quality improvement fees.

(2) The development of any forms necessary to calculate, notify, collect, and distribute the quality improvement fees.

(g) As an alternative to subdivision (f), and notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the director may implement this section by means of a provider bulletin, contract amendment, policy letter, or other similar instructions, without taking regulatory action.

(h) To the extent permitted by federal law, any limitation on rates to the Medi-Cal managed care plan based on Medi-Cal fee-for-service costs shall be increased to include any capitation rate increase related to the quality improvement fee in subdivision (b).

(i) This section shall remain in effect only until October 1, 2009, and as of that date is repealed, unless a later enacted statute, that becomes effective on or before October 1, 2009, deletes or extends that date.

14495.10. (a) The department shall establish a pilot program to provide continuous skilled nursing care as a benefit of the Medi-Cal program, when those services are provided in accordance with an approved federal waiver meeting the requirements of subdivision (b). "Continuous skilled nursing care" means medically necessary care

provided by, or under the supervision of, a registered nurse within his or her scope of practice, seven days a week, 24 hours per day, in a health facility participating in the pilot program. This care shall include a minimum of eight hours per day provided by or under the direct supervision of a registered nurse. Each health facility providing continuous skilled nursing care in the pilot program shall have a minimum of one registered nurse or one licensed vocational nurse awake and in the facility at all times.

(b) The department shall submit to the federal Centers for Medicare and Medicaid Services, no later than April 1, 2000, a federal waiver request developed in consultation with the State Department of Developmental Services and the Association of Regional Center Agencies, pursuant to Section 1915(b) of the federal Social Security Act to provide continuous skilled nursing care services under the pilot program.

(c) (1) The pilot program shall be conducted to explore more flexible models of health facility licensure to provide continuous skilled nursing care to developmentally disabled individuals in the least restrictive health facility setting, and to evaluate the effect of the pilot program on the health, safety, and quality of life of individuals, and the cost-effectiveness of this care. The evaluation shall include a review of the pilot program by an independent agency.

(2) Participation in the pilot program shall include 10 health facilities provided that the facilities meet all eligibility requirements. The facilities shall be approved by the department, in consultation with the State Department of Developmental Services and the appropriate regional center agencies, and shall meet the requirements of subdivision (e). Priority shall be given to facilities with four to six beds, to the extent those facilities meet all other eligibility requirements.

(d) Under the pilot program established in this section, a developmentally disabled individual is eligible to receive continuous skilled nursing care if all of the following conditions are met:

(1) The developmentally disabled individual meets the criteria as specified in the federal waiver.

(2) The developmentally disabled individual resides in a health facility that meets the provider participation criteria as specified in the federal waiver.

(3) The continuous skilled nursing care services are provided in accordance with the federal waiver.

(4) The continuous skilled nursing care services provided to the developmentally disabled individual do not result in costs that exceed the fiscal limit established in the federal waiver.

(e) A health facility seeking to participate in the pilot program shall provide care for developmentally disabled individuals who require the availability of continuous skilled nursing care, in accordance with the terms of the pilot program. During participation in the pilot program, the health facility shall comply with all the terms and conditions of the federal waiver described in subdivision (b), and shall not be subject to licensure or inspection under Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code. Upon termination of the pilot program and verification of compliance with Section 1265 of the Health and Safety Code, the department shall immediately reinstate the participating health facility's previous license for the balance of time remaining on the license when the health facility began participation in the pilot program.

(f) The department shall implement this pilot program only to the extent it can demonstrate fiscal neutrality, as required under the terms of the federal waiver, and only if the department has obtained the necessary approvals to implement the pilot program and receives federal financial participation from the federal Centers for Medicare and Medicaid Services.

(g) In implementing this article, the department may enter into contracts for the provision of essential administration and other services. Contracts entered into under this section may be on a noncompetitive bid basis and shall be exempt from the requirements of Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

(h) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute that becomes effective on or before January 1, 2010, deletes or extends that date.

14499.5. (a) (1) In carrying out the intent of this article, the director shall contract for the operation of one local pilot program. Special consideration shall be given to approving a program contracted through county government in Santa Barbara County.

(2) Notwithstanding the limitations contained in Section 14490, the director may enter into, or extend, contracts with the local pilot program in Santa Barbara County pursuant to paragraph (1) for periods that do not exceed three years.

(b) The establishment of a pilot program pursuant to this section shall be contingent upon the availability of state and federal funding. The program shall include the following components:

(1) Local authority for administration, fiscal management, and delivery of services, but not including eligibility determination.

- (2) Physician case management.
- (3) Cost containment through provider incentives and other means.
- (c) The program for the pilot project shall include a plan and budget for delivery of services, administration, and evaluation. During the remaining years of the pilot project Medi-Cal expenditures in the program county shall be no more than 100 percent of total projected expenditures for delivery of services and for administration based on any combination of the following paragraphs:
 - (1) Relevant prior fee-for-service Medi-Cal experience in the program county.
 - (2) The fee-for-service Medi-Cal experience in comparable counties or groups of counties.
 - (3) Medi-Cal experience of the pilot project in the program county if, as determined by the department, the scope, level, and duration of, and expenditures for, any services used in setting the rates under this paragraph would be comparable to fee-for-service conditions were they to exist in the program county and would be more actuarially reliable for use in ratesetting than data available for use in applying paragraph (1) or (2).The projected total expenditure shall be determined annually according to an acceptable actuarial process. The data elements used by the department shall be shared with the proposed contractor.
- (d) The director shall accept or reject the proposal within 30 days after the date of receipt. If a decision is made to reject the proposal, the director shall set forth the reasons for this decision in writing. Upon approval of the proposal, a contract shall be written within 60 days. After signature by the local contractor, the State Department of Health Care Services and the Department of General Services shall execute the contract within 60 days.
- (e) The director shall seek the necessary state and federal waivers to enable operation of the program. If the federal waivers for delivery of services under this plan are not granted, the department is under no obligation to contract for implementation of the program.
- (f) For purposes of Section 1343 of the Health and Safety Code, the Santa Barbara Regional Health Authority shall be considered to be a county-operated pilot program contracting with the State Department of Health Care Services pursuant to this article, and notwithstanding any other provision of law, during the period that this contract is in effect, the contractor shall be exempt from the provisions of the Knox-Keene Health Care Service Plan Act of 1975, Chapter 2.2 (commencing with

Section 1340) of Division 2 of the Health and Safety Code, relative to the services provided to Medi-Cal beneficiaries under the terms and provisions of the pilot program.

(g) Dental services may be included within the services provided in this pilot program.

(h) Any federal demonstration funding for this pilot program shall be made available to the county within 60 days upon notification of the award without the state retaining any portion not previously specified in the grant application as submitted.

(i) (1) (A) The department may negotiate exclusive contracts and rates with the Santa Barbara Regional Health Authority in the implementation of this section.

(B) Contracts entered into under this article may be on a noncompetitive bid basis and shall be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

(C) The department shall enter into contracts pursuant to this article, and shall be bound by the terms and conditions related to the rates negotiated by the negotiator.

(2) The department shall implement this subdivision to the extent that the following apply:

(A) Its implementation does not revise the status of the pilot program as a federal demonstration project.

(B) Existing federal waivers apply to the pilot program as revised by this subdivision, or the federal government extends the applicability of the existing federal waivers or authorizes additional federal waivers for the implementation of the program.

(3) The implementation of this subdivision shall not affect the pilot program's having met any of the requirements of Part 3.5 (commencing with Section 1175) of Division 1 of the Health and Safety Code and this division applicable to the pilot program with respect to the negotiations of contracts and rates by the department.

SEC. 94. Section 16809 of the Welfare and Institutions Code is amended to read:

24005. (a) This section shall apply to the Family Planning Access Care and Treatment Waiver program identified in subdivision (aa) of Section 14132 and this program.

(b) Only licensed medical personnel with family planning skills, knowledge, and competency may provide the full range of family planning medical services covered in this program.

(c) Medi-Cal enrolled providers, as determined by the department, shall be eligible to provide family planning services under the program when these services are within their scope of practice and licensure. Those clinical providers electing to participate in the program and approved by the department shall provide the full scope of family planning education, counseling, and medical services specified for the program, either directly or by referral, consistent with standards of care issued by the department.

(d) The department shall require providers to enter into clinical agreements with the department to ensure compliance with standards and requirements to maintain the fiscal integrity of the program. Provider applicants, providers, and persons with an ownership or control interest, as defined in federal medicaid regulations, shall be required to submit to the department their social security numbers to the full extent allowed under federal law. All state and federal statutes and regulations pertaining to the audit or examination of Medi-Cal providers shall apply to this program.

(e) Clinical provider agreements shall be signed by the provider under penalty of perjury. The department may screen applicants at the initial application and at any reapplication pursuant to requirements developed by the department to determine provider suitability for the program.

(f) The department may complete a background check on clinical provider applicants for the purpose of verifying the accuracy of information provided to the department for purposes of enrolling in the program and in order to prevent fraud and abuse. The background check may include, but not be limited to, unannounced onsite inspection prior to enrollment, review of business records, and data searches. If discrepancies are found to exist during the preenrollment period, the department may conduct additional inspections prior to enrollment. Failure to remediate significant discrepancies as prescribed by the director may result in denial of the application for enrollment. Providers that do not provide services consistent with the standards of care or that do not comply with the department's rules related to the fiscal integrity of the program may be disenrolled as a provider from the program at the sole discretion of the department.

(g) The department shall not enroll any applicant who, within the previous 10 years:

(h) In addition, the department may deny enrollment to any applicant that, at the time of application, is under investigation by the department or any local, state, or federal government law enforcement agency for fraud or abuse. The department shall not deny enrollment to an otherwise qualified applicant whose felony or misdemeanor charges did not result in a conviction solely on the basis of the prior charges. If it is discovered that a provider is under investigation by the department or any local, state, or federal government law enforcement agency for fraud or abuse, that provider shall be subject to immediate disenrollment from the program.

(i) (1) The program shall disenroll as a program provider any individual who, or any entity that, has a license, certificate, or other approval to provide health care, which is revoked or suspended by a federal, California, or other state's licensing, certification, or other approval authority, has otherwise lost that license, certificate, or approval, or has surrendered that license, certificate, or approval while a disciplinary hearing on the license, certificate, or approval was pending. The disenrollment shall be effective on the date the license, certificate, or approval is revoked, lost, or surrendered.

(2) A provider shall be subject to disenrollment if the provider submits claims for payment for the services, goods, supplies, or merchandise provided, directly or indirectly, to a program beneficiary, by an individual or entity that has been previously suspended, excluded, or otherwise made ineligible to receive, directly or indirectly, reimbursement from the program or from the Medi-Cal program and the individual has previously been listed on either the Suspended and Ineligible Provider List, which is published by the department, to identify suspended and otherwise ineligible providers or any list published by the federal Office of the Inspector General regarding the suspension or exclusion of individuals or entities from the federal Medicare and medicaid programs, to identify suspended, excluded, or otherwise ineligible providers.

(3) The department shall deactivate, immediately and without prior notice, the provider numbers used by a provider to obtain reimbursement

from the program when warrants or documents mailed to a provider's mailing address, its pay to address, or its service address, if any, are returned by the United States Postal Service as not deliverable or when a provider has not submitted a claim for reimbursement from the program for one year. Prior to taking this action, the department shall use due diligence in attempting to contact the provider at its last known telephone number and to ascertain if the return by the United States Postal Service is by mistake and shall use due diligence in attempting to contact the provider by telephone or in writing to ascertain whether the provider wishes to continue to participate in the Medi-Cal program. If deactivation pursuant to this section occurs, the provider shall meet the requirements for reapplication as specified in regulation.

(4) For purposes of this subdivision:

(A) "Mailing address" means the address that the provider has identified to the department in its application for enrollment as the address at which it wishes to receive general program correspondence.

(B) "Pay to address" means the address that the provider has identified to the department in its application for enrollment as the address at which it wishes to receive warrants.

(C) "Service address" means the address that the provider has identified to the department in its application for enrollment as the address at which the provider will provide services to program beneficiaries.

(j) Subject to Article 4 (commencing with Section 19130) of Chapter 5 of Division 5 of Title 2 of the Government Code, the department may enter into contracts to secure consultant services or information technology including, but not limited to, software, data, or analytical techniques or methodologies for the purpose of fraud or abuse detection and prevention. Contracts under this section shall be exempt from the Public Contract Code.

(k) Enrolled providers shall attend specific orientation approved by the department in comprehensive family planning services. Enrolled providers who insert IUDs or contraceptive implants shall have received prior clinical training specific to these procedures.

(l) Upon receipt of reliable evidence that would be admissible under the administrative adjudication provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, of fraud or willful misrepresentation by a provider under the program or commencement of a suspension under Section 14123, the department may do any of the following:

(1) Collect any State-Only Family Planning program or Family Planning Access Care and Treatment Waiver program overpayment identified through an audit or examination, or any portion thereof from

any provider. Notwithstanding Section 100171 of the Health and Safety Code, a provider may appeal the collection of overpayments under this section pursuant to procedures established in Article 5.3 (commencing with Section 14170) of Part 3 of Division 9. Overpayments collected under this section shall not be returned to the provider during the pendency of any appeal and may be offset to satisfy audit or appeal findings, if the findings are against the provider. Overpayments shall be returned to a provider with interest if findings are in favor of the provider.

(2) Withhold payment for any goods or services, or any portion thereof, from any State-Only Family Planning program or Family Planning Access Care and Treatment Waiver program provider. The department shall notify the provider within five days of any withholding of payment under this section. The notice shall do all of the following:

(A) State that payments are being withheld in accordance with this paragraph and that the withholding is for a temporary period and will not continue after it is determined that the evidence of fraud or willful misrepresentation is insufficient or when legal proceedings relating to the alleged fraud or willful misrepresentation are completed.

(B) Cite the circumstances under which the withholding of the payments will be terminated.

(C) Specify, when appropriate, the type or types of claimed payments being withheld.

(D) Inform the provider of the right to submit written evidence that is evidence that would be admissible under the administrative adjudication provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, for consideration by the department.

(3) Notwithstanding Section 100171 of the Health and Safety Code, a provider may appeal a withholding of payment under this section pursuant to Section 14043.65. Payments withheld under this section shall not be returned to the provider during the pendency of any appeal and may be offset to satisfy audit or appeal findings.

(m) As used in this section:

(1) "Abuse" means either of the following:

(A) Practices that are inconsistent with sound fiscal or business practices and result in unnecessary cost to the medicaid program, the Medicare program, the Medi-Cal program, including the Family Planning Access Care and Treatment Waiver program, identified in subdivision (aa) of Section 14132, another state's medicaid program, or the State-Only Family Planning program, or other health care programs operated, or financed in whole or in part, by the federal government or any state or local agency in this state or any other state.

(B) Practices that are inconsistent with sound medical practices and result in reimbursement, by any of the programs referred to in subparagraph (A) or other health care programs operated, or financed in whole or in part, by the federal government or any state or local agency in this state or any other state, for services that are unnecessary or for substandard items or services that fail to meet professionally recognized standards for health care.

(2) For purposes of this subdivision, the term "primary supplier" means any manufacturer, principal labeler, assembler, wholesaler, or retailer.

(3) Accounting records maintained pursuant to paragraph (1) shall be subject to audit or examination by the department or its agents. CHAPTER 189

An act to amend Section 674 of the Code of Civil Procedure, and to amend Section 2191.3 of the Revenue and Taxation Code, relating to court records.

[Approved by Governor August 31, 2007. Filed with
Secretary of State August 31, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 674 of the Code of Civil Procedure is amended to read:

674. (a) Except as otherwise provided in Section 4506 of the Family Code, an abstract of a judgment or decree requiring the payment of money shall be certified by the clerk of the court where the judgment or decree was entered and shall contain all of the following:

(1) The title of the court where the judgment or decree is entered and cause and number of the action.

(2) The date of entry of the judgment or decree and of any renewals of the judgment or decree and where entered in the records of the court.

(3) The name and last known address of the judgment debtor and the address at which the summons was either personally served or mailed to the judgment debtor or the judgment debtor's attorney of record.

(4) The name and address of the judgment creditor.

(5) The amount of the judgment or decree as entered or as last renewed.

(6) The last four digits of the social security number and driver's license number of the judgment debtor if they are known to the judgment creditor. If either or both of those sets of numbers are not known to the judgment creditor, that fact shall be indicated on the abstract of judgment.

(7) Whether a stay of enforcement has been ordered by the court and, if so, the date the stay ends.

(8) The date of issuance of the abstract.

(b) An abstract of judgment, recorded after January 1, 1979, that does not list the social security number and driver's license number of the judgment debtor, or either of them, as required by subdivision (a) or by Section 4506 of the Family Code, may be amended by the recording of a document entitled "Amendment to Abstract of Judgment." The Amendment to Abstract of Judgment shall contain all of the information required by this section or by Section 4506 of the Family Code, and shall set forth the date of recording and the book and page location in the records of the county recorder of the original abstract of judgment.

A recorded Amendment to Abstract of Judgment shall have priority as of the date of recordation of the original abstract of judgment, except as to any purchaser, encumbrancer, or lessee who obtained their interest after the recordation of the original abstract of judgment but prior to the recordation of the Amendment to Abstract of Judgment without actual notice of the original abstract of judgment. The purchaser, encumbrancer, or lessee without actual notice may assert as a defense against enforcement of the abstract of judgment the failure to comply with this section or Section 4506 of the Family Code regarding the contents of

the original abstract of judgment notwithstanding the subsequent recordation of an Amendment to Abstract of Judgment. With respect to an abstract of judgment recorded between January 1, 1979, and July 10, 1985, the defense against enforcement for failure to comply with this section or Section 4506 of the Family Code may not be asserted by the holder of another abstract of judgment or involuntary lien, recorded without actual notice of the prior abstract, unless refusal to allow the defense would result in prejudice and substantial injury as used in Section 475. The recordation of an Amendment to Abstract of Judgment does not extend or otherwise alter the computation of time as provided in Section 697.310.

(c) (1) The abstract of judgment shall be certified in the name of the judgment debtor as listed on the judgment and may also include the additional name or names by which the judgment debtor is known as set forth in the affidavit of identity, as defined in Section 680.135, filed by the judgment creditor with the application for issuance of the abstract of judgment. Prior to the clerk of the court certifying an abstract of judgment containing any additional name or names by which the judgment debtor is known that are not listed on the judgment, the court shall approve the affidavit of identity. If the court determines, without a hearing or a notice, that the affidavit of identity states sufficient facts upon which the judgment creditor has identified the additional names of the judgment debtor, the court shall authorize the certification of the abstract of judgment with the additional name or names.

(2) The remedies provided in Section 697.410 apply to a recorded abstract of a money judgment based upon an affidavit of identity that appears to create a judgment lien on real property of a person who is not the judgment debtor.

SEC. 2. Section 2191.3 of the Revenue and Taxation Code is amended to read:

2191.3. (a) The tax collector may make the filing specified in subdivision (b) where either of the following occurs:

(1) There is a tax on any of the following:

(A) A possessory interest secured only by a lien on that taxed possessory interest.

(B) Goods in transit, not secured by any lien on real property.

(C) Improvements that have been assessed pursuant to Section 2188.2.

(D) Off-roll taxes on escape assessments where the error was not the fault of the assessee and the escape taxes are being paid pursuant to Section 4837.5.

(E) Unsecured property not secured by a lien on any real property, and where the tax has become delinquent or where there are prior unpaid and delinquent taxes with respect to that same property.

(2) A tax has been entered on the unsecured roll pursuant to Section 482, 531.2, or 4836.5, or transferred to the unsecured roll pursuant to any provision of law.

(b) A filing for record without fee in the office of the county recorder of any county of a certificate specifying the amount due, the name, the last four digits of his or her federal social security number, if known, and last known address of the assessee liable for the amount, and compliance with all provisions of this division with respect to the computation and levy of the tax if compliance has in fact occurred. The procedure authorized by this section is cumulative to the procedure provided by Sections 2951 and 3003. The county recorder shall, within 30 days after a filing as described in this subdivision with respect to delinquent taxes on unsecured property, send a notice of the filing to the assessee at the assessee's last known address. The notice shall contain the information contained in the filing, and shall prominently display on its face the following heading:

**“THIS IS TO NOTIFY YOU THAT A TAX LIEN HAS BEEN FILED
WITH RESPECT TO UNSECURED PROPERTY”**

CHAPTER 190

An act to add and repeal Article 10 (commencing with Section 6050) of Chapter 9 of Part 1 of Division 4 of the Food and Agricultural Code, relating to the light brown apple moth, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 7, 2007. Filed with
Secretary of State September 7, 2007.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known as the Light Brown Apple Moth Act of 2007.

SEC. 2. Article 10 (commencing with Section 6050) is added to Chapter 9 of Part 1 of Division 4 of the Food and Agricultural Code, to read:

Article 10. Light Brown Apple Moth

6050. The Legislature hereby finds and declares all of the following:

(a) The introduction of the light brown apple moth represents a clear, present, significant, and imminent danger to California's natural environment and agricultural industry. This is an insect species that feeds on over 250 species of native and ornamental plants, fruits, and vegetables.

(b) The introduction of the light brown apple moth also represents a clear, present, significant, and imminent threat to California's native areas as it will feed on alder, ceanothus, columbine, cottonwood, cypress, ferns, fir, hawthorn, honeysuckle, lupine, madrone, oak, pine, poplar, redwood, spruce, and willow.

(c) The general area of the infestation contains numerous sensitive plant and animal species and habitats. There is an imminent threat for adverse effect and ultimate extinction to some of these sensitive species if this pest becomes permanently established in California.

(d) The State of California has a great interest in protecting its native species and agricultural products from further harm caused by the introduction of the light brown apple moth.

(e) The light brown apple moth is currently found in the urban and natural areas in all parts of nine California counties and could move into agricultural croplands.

(f) Valued at \$31.7 billion in 2005, California's agricultural economy continues to rank first in the nation constituting 13.3 percent of the total United States agricultural economy value in 2005. It is estimated to have a minimum potential impact of \$133 million to only four of the potentially impacted crops (apples, pears, oranges, and grapes) and environmental impact from increased pesticide use.

(g) To avoid potentially catastrophic loss to some of California's most important industries and to native species, the Legislature declares that this article is in the interest of the public health and welfare.

(h) This article is not intended to establish a precedent, or to supersede, reduce, or in any way alter government funding related to plant pest eradication and control in this state.

6050.1. (a) There is hereby created in the Department of Food and Agriculture the Light Brown Apple Moth Program.

(b) The Secretary of Food and Agriculture shall provide, subject to available funding and other resources, an appropriate level of support staffing and logistical support for eradicating the light brown apple moth.

(c) (1) There is hereby created the Light Brown Apple Moth Account in the Department of Food and Agriculture Fund.

(2) (A) The funds in the Light Brown Apple Moth Account shall be available for expenditure without regard to fiscal year for activities by local agencies to eradicate the Light Brown Apple Moth. Funds allocated by the department to a county for local assistance in eradicating the Light

Brown Apple Moth shall be allocated to a local agency or local agencies designated by that county's board of supervisors.

(B) The department shall, for local agencies to which funds have been allocated pursuant to subparagraph (A), annually review the progress made by each local agency in eradicating the Light Brown Apple Moth, and make recommendations, as needed, to improve individual local agency eradication efforts.

(C) Eradication activities undertaken pursuant to this article shall comply with all applicable laws and regulations and shall be conducted in an environmentally responsible manner.

(d) Notwithstanding Section 7550.5 of the Government Code, the department shall report to the Legislature on January 10, 2008, and on each January 10th thereafter while this section is operative, regarding its expenditures, progress, and ongoing priorities in combating the light brown apple moth in California.

(e) This article shall become inoperative on October 1, 2009, and as of January 1, 2010, is repealed, unless a later enacted statute that is enacted before January 1, 2010, deletes or extends that date.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

To protect, as soon as possible, the 250 host species of native and ornamental plants, fruits, and vegetables, their associated industries, and native species from the light brown apple moth, it is necessary that this act take effect immediately.

CHAPTER 191

An act to amend Sections 44279.1 and 44830 of the Education Code, relating to teachers.

[Approved by Governor September 7, 2007. Filed with
Secretary of State September 7, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 44279.1 of the Education Code is amended to read:

44279.1. (a) The Legislature finds and declares that the beginning years of the career of a teacher are a critical time in which it is necessary that intensive professional development and assessment occur. The

Legislature recognizes that the public invests heavily in the preparation of prospective teachers, and that more than one-half of all new teachers leave some California school districts after one or two years in the classroom. Intensive professional development and assessment are necessary to build on the preparation that precedes initial certification, to transform academic preparation into practical success in the classroom, to retain greater numbers of capable beginning teachers, and to remove novices who show little promise as teachers. It is the intent of the Legislature that the commission and the Superintendent develop and implement policies to govern the support and assessment of beginning teachers, as a condition for the professional certification of those teachers in the future.

(b) There is hereby established the California Beginning Teacher Support and Assessment System, to be administered jointly by the commission and the Superintendent. In administering the system, the commission and the Superintendent shall approve the most cost-effective programs of support and assessment. The commission and the Superintendent also shall ensure that programs meet the Standards of Quality and Effectiveness for Beginning Teacher Support and Assessment Programs adopted by the commission in 1997 and that local programs support beginning teachers in meeting the competencies described in the California Standards for the Teaching Profession adopted by the commission in January 1997. The system shall do all of the following:

- (1) Provide an effective transition into the teaching career for first-year and second-year teachers in California.
- (2) Improve the educational performance of pupils through improved training, information, and assistance for new teachers.
- (3) Enable beginning teachers to be effective in teaching pupils who are culturally, linguistically, and academically diverse.
- (4) Ensure the professional success and retention of new teachers.
- (5) Ensure that a support provider provides intensive individualized support and assistance to each participating beginning teacher.
- (6) Improve the rigor and consistency of individual teacher performance assessments and the usefulness of assessment results to teachers and decisionmakers.
- (7) Establish an effective, coherent system of performance assessments that are based on the California Standards for the Teaching Profession adopted by the commission in January 1997.
- (8) Examine alternative ways in which the general public and the educational profession may be assured that new teachers who remain in teaching have attained acceptable levels of professional competence.

(9) Ensure that an individual induction plan is in place for each participating beginning teacher and is based on an ongoing assessment of the development of the beginning teacher.

(10) Ensure continuous program improvement through ongoing research, development, and evaluation.

(c) Participation in the system shall be voluntary for teachers, school districts, and county offices of education and participation by certificated employees shall not be made a condition of employment. The commission and the Superintendent shall adopt and implement criteria and standards for participation in the system, including criteria regarding the eligibility of teachers and standards of local program quality and intensity for schools, school districts, county offices of education, colleges, universities, and other educational and professional organizations. The criteria and standards shall be consistent with the purposes of the system.

(d) (1) For purposes of this article, unless the context otherwise requires, "beginning teacher" means a teacher with a valid California credential, as defined in Section 44259, or an intern participating in the program established pursuant to Article 11 (commencing with Section 44380), who is serving in the first year or second year of service.

(2) For purposes of this article, "beginning teacher" does not include a teacher with a life credential, a clear credential, or a professional clear teaching credential who returns to serve in a certificated teaching position.

(e) Subject to verification and approval by an induction program director, a beginning teacher shall not be required to demonstrate that an induction standard has been met, or complete an element of an approved induction program designed to assist a candidate in mastering a given standard, if the candidate previously met the induction standard while participating in a commission-approved preparation program.

(f) For a beginning teacher who holds a professional clear teaching credential that is subject to the requirements of subdivisions (b) and (c) of Section 44277, participation in the program, at the discretion of the teacher, may serve as part or all of the individual program of professional growth.

(g) The Superintendent and the commission shall disseminate the California Standards for the Teaching Profession adopted by the commission in January 1997 to colleges, universities, school districts, county offices of education, and professional associations, who shall be encouraged to use the standards in efforts to improve teacher preparation and support programs. Performance assessments developed under this article shall be designed to provide useful, helpful feedback to beginning teachers and their support providers. That information shall not be used

for employment-related evaluations, as a condition of employment, or as a basis for terminating employment.

(h) It is the intent of the Legislature that the commission and the Superintendent establish a statewide teacher induction program that supports locally designed, high-quality induction programs that provide individualized support and formative assessment for all participating beginning teachers as defined in subdivision (d). At the discretion of the local beginning teacher support and assessment system teacher induction program, funds allocated to a program on the basis of eligible beginning teachers may be used to provide support, assistance, and preparation services to other credential candidates who are in their first or second year of employment as a classroom teacher.

(i) This article shall be known, and may be cited, as the Marian Bergeson Beginning Teacher Support and Assessment System.

SEC. 2. Section 44830 of the Education Code is amended to read:

44830. (a) The governing board of a school district shall employ for positions requiring certification qualifications, only persons who possess the qualifications therefor prescribed by law. It is contrary to the public policy of this state for any person or persons charged, by the governing boards, with the responsibility of recommending persons for employment by the boards to refuse or to fail to do so for reasons of race, color, religious creed, sex, or national origin of the applicants for that employment.

(b) A school district governing board shall not initially hire on a permanent, temporary, or substitute basis a certificated person seeking employment in the capacity designated in his or her credential, unless that person has demonstrated basic skills proficiency as provided in Section 44252.5 or is exempted from the requirement by subdivision (c), (d), (e), (f), (g), (h), (i), (j), (k), (l), or (m).

(1) The governing board of a school district, with the authorization of the Commission on Teacher Credentialing, may administer the state basic skills proficiency test required under Sections 44252 and 44252.5.

(2) The Superintendent, in conjunction with the commission and local governing boards, shall take steps necessary to ensure the effective implementation of this subdivision.

It is the intent of the Legislature that in effectively implementing this subdivision, school district governing boards shall direct superintendents of schools to prepare for emergencies by developing a pool of qualified emergency substitute teachers. This preparation shall include public notice of the test requirements and of the dates and locations of administrations of the tests. District governing boards shall make special efforts to encourage individuals who are known to be qualified in other

respects as substitutes to take the state basic skills proficiency test at its earliest administration.

(3) Demonstration of proficiency in reading, writing, and mathematics by any person pursuant to Section 44252 satisfies the requirements of this subdivision.

(c) A certificated person is not required to take the state basic skills proficiency examination if he or she has taken and passed it at least once, achieved a passing score on any of the tests specified in subdivision (d) of Section 44252, or possessed a credential before the enactment of the statute that made the test a requirement.

(d) This section does not require a person employed solely for purposes of teaching adults in an apprenticeship program, approved by the Apprenticeship Standards Division of the Department of Industrial Relations, to pass the state proficiency assessment instrument as a condition of employment.

(e) This section does not require the holder of a child care permit or a permit authorizing service in a development center for the handicapped to take the state basic skills proficiency test, so long as the holder of the permit is not required to have a baccalaureate degree.

(f) This section does not require the holder of a credential issued by the commission who seeks an additional credential or authorization to teach, to take the state basic skills proficiency test.

(g) This section does not require the holder of a credential to provide service in the health profession to take the state basic skills proficiency test, if that person does not teach in the public schools.

(h) If the state basic skills proficiency test is not administered at the time of hiring, the holder of a vocational designated subject credential who has not already taken and passed the state basic skills proficiency test may be hired on the condition that he or she will take the test at its next local administration.

(i) If the holder of a vocational designated subject credential does not pass a proficiency assessment in basic skills pursuant to this section, he or she shall be given one year in which to retake and pass the proficiency assessment in basic skills. If at the expiration of the one-year period he or she has not passed the proficiency assessment in basic skills, he or she shall be subject to dismissal under procedures established in Article 3 (commencing with Section 44930).

(j) This section does not require the holder of a vocational designated subject credential to pass the state basic skills proficiency test as a condition of employment. The governing board of each school district, or each governing board of a consortium of school districts, or each governing board involved in a joint powers agreement, which employs the holder of a vocational designated subject credential shall establish

its own basic skills proficiency for these credentials and shall arrange for those individuals to be assessed. The basic skills proficiency criteria established by the governing board shall be at least equivalent to the test required by the district, or in the case of a consortium or a joint powers agreement, by any of the participating districts, for graduation from high school. The governing board or boards may charge a fee to individuals being tested to cover the costs of the test, including the costs of developing, administering, and grading the test.

(k) This section does not require the holder of an adult education designated subject credential for other than academic subjects, who is employed in an instructional setting for 20 hours or less per week, to pass the state proficiency assessment as a condition of employment.

(l) This section does not require certificated personnel employed under a foreign exchange program to take the state basic skills proficiency test. The maximum period of exemption under this subdivision shall be one year.

(m) Notwithstanding any other law, a school district may hire a certificated teacher who has not taken the state basic skills proficiency test if that person has not yet been afforded the opportunity to take the test. The person shall take the test at the earliest opportunity and may remain employed by the school district pending the receipt of his or her test results.

A vehicle so impounded shall be impounded for 30 days.

(2) The impounding agency, within two working days of impoundment, shall send a notice by certified mail, return receipt requested, to the legal owner of the vehicle, at the address obtained from the department, informing the owner that the vehicle has been impounded. The impounding agency shall maintain a published telephone number that provides information 24 hours a day regarding the impoundment of vehicles and the rights of a registered owner to request a hearing.

(b) The registered and legal owner of a vehicle that is removed and seized under subdivision (a) or their agents shall be provided the opportunity for a storage hearing to determine the validity of, or consider any mitigating circumstances attendant to, the storage, in accordance with Section 22852.

Neither the impounding authority nor any person having possession of the vehicle shall collect from the legal owner of the type specified in paragraph (1), or the legal owner's agent any administrative charges imposed pursuant to Section 22850.5 unless the legal owner voluntarily requested a poststorage hearing.

(3) The legal owner or the legal owner's agent presents a copy of the assignment, as defined in subdivision (b) of Section 7500.1 of the Business and Professions Code, and any one of the following: a certificate of repossession for the vehicle, a security agreement for the vehicle, or title showing proof of legal ownership for the vehicle. Any documents presented may be originals, photocopies, or facsimile copies, or may be transmitted electronically. The law enforcement agency, impounding agency, or any person acting on behalf of those agencies shall not require any documents to be notarized. The law enforcement agency, impounding agency, or any person acting on behalf of those agencies may require the agent of the legal owner to produce a photocopy or facsimile copy of its repossession agency license or registration issued pursuant to Chapter 11 (commencing with Section 7500) of Division 3 of the Business and Professions Code, or to demonstrate, to the satisfaction of the law enforcement agency, impounding agency, or any person acting on behalf of those agencies that the agent is exempt from licensure pursuant to Section 7500.2 or 7500.3 of the Business and Professions Code.

No administrative costs authorized under subdivision (a) of Section 22850.5 shall be charged to the legal owner of the type specified in paragraph (1), who redeems the vehicle unless the legal owner voluntarily requests a poststorage hearing. No city, county, city or county, or state agency shall require a legal owner or a legal owner's agent to request a poststorage hearing as a requirement for release of the vehicle to the legal owner or the legal owner's agent. The law enforcement agency, impounding agency, or any person acting on behalf of those agencies shall not require any documents other than those specified in this paragraph. (2) The legal owner or the legal owner's agent may not relinquish the vehicle to the registered owner until the registered owner or that owner's agent presents his or her valid driver's license or valid temporary driver's license to the legal owner or the legal owner's agent. The legal owner or the legal owner's agent shall make every reasonable effort to ensure that the license presented is valid.

(3) Prior to relinquishing the vehicle, the legal owner may require the registered owner to pay all towing and storage charges related to the impoundment and any administrative charges authorized under Section 22850.5 that were incurred by the legal owner in connection with obtaining custody of the vehicle.

(h) (1) A vehicle removed and seized under subdivision (a) shall be released to a rental car agency prior to the end of 30 days' impoundment if the agency is either the legal owner or registered owner of the vehicle and the agency pays all towing and storage fees related to the seizure of the vehicle.

(2) The owner of a rental vehicle that was seized under this section may continue to rent the vehicle upon recovery of the vehicle. However, the rental car agency may not rent another vehicle to the driver of the vehicle that was seized until 30 days after the date that the vehicle was seized.

(3) The rental car agency may require the person to whom the vehicle was rented to pay all towing and storage charges related to the impoundment and any administrative charges authorized under Section 22850.5 that were incurred by the rental car agency in connection with obtaining custody of the vehicle.

(j) The law enforcement agency and the impounding agency, including any tow yard acting on behalf of the law enforcement agency or impounding agency, shall not be liable to the registered owner for the improper release of the vehicle to the legal owner or the legal owner's agent provided the release complies with the provisions of this section.

SEC. 11. Section 14602.7 of the Vehicle Code is amended to read:

14602.7. (a) A magistrate presented with the affidavit of a peace officer establishing reasonable cause to believe that a vehicle, described by vehicle type and license number, was an instrumentality used in the peace officer's presence in violation of Section 2800.1, 2800.2, 2800.3, or 23103, shall issue a warrant or order authorizing any peace officer to immediately seize and cause the removal of the vehicle. The warrant or court order may be entered into a computerized database. A vehicle so impounded may be impounded for a period not to exceed 30 days.

The impounding agency, within two working days of impoundment, shall send a notice by certified mail, return receipt requested, to the legal owner of the vehicle, at the address obtained from the department, informing the owner that the vehicle has been impounded and providing the owner with a copy of the warrant or court order. Failure to notify the legal owner within two working days shall prohibit the impounding agency from charging for more than 15 days impoundment when a legal owner redeems the impounded vehicle.

(b) (1) An impounding agency shall release a vehicle to the registered owner or his or her agent prior to the end of the impoundment period and without the permission of the magistrate authorizing the vehicle's seizure under any of the following circumstances:

(A) When the vehicle is a stolen vehicle.

(B) When the vehicle is subject to bailment and is driven by an unlicensed employee of the business establishment, including a parking service or repair garage.

(C) When the registered owner of the vehicle causes a peace officer to reasonably believe, based on the totality of the circumstances, that the registered owner was not the driver who violated Section 2800.1, 2800.2, or 2800.3, the agency shall immediately release the vehicle to the registered owner or his or her agent.

(2) No vehicle shall be released pursuant to this subdivision, except upon presentation of the registered owner's or agent's currently valid

driver's license to operate the vehicle and proof of current vehicle registration, or upon order of the court.

(c) (1) Whenever a vehicle is impounded under this section, the magistrate ordering the storage shall provide the vehicle's registered and legal owners of record, or their agents, with the opportunity for a poststorage hearing to determine the validity of the storage.

(2) A notice of the storage shall be mailed or personally delivered to the registered and legal owners within 48 hours after issuance of the warrant or court order, excluding weekends and holidays, by the person or agency executing the warrant or court order, and shall include all of the following information:

(A) The name, address, and telephone number of the agency providing the notice.

(B) The location of the place of storage and a description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage of the vehicle.

(C) A copy of the warrant or court order and the peace officer's affidavit, as described in subdivision (a).

(D) A statement that, in order to receive their poststorage hearing, the owners, or their agents, are required to request the hearing from the magistrate issuing the warrant or court order in person, in writing, or by telephone, within 10 days of the date of the notice.

(3) The poststorage hearing shall be conducted within two court days after receipt of the request for the hearing.

(4) At the hearing, the magistrate may order the vehicle released if he or she finds any of the circumstances described in subdivision (b) or (e) that allow release of a vehicle by the impounding agency. The magistrate may also consider releasing the vehicle when the continued impoundment will cause undue hardship to persons dependent upon the vehicle for employment or to a person with a community property interest in the vehicle.

(5) Failure of either the registered or legal owner, or his or her agent, to request, or to attend, a scheduled hearing satisfies the poststorage hearing requirement.

(6) The agency employing the peace officer who caused the magistrate to issue the warrant or court order shall be responsible for the costs incurred for towing and storage if it is determined in the poststorage hearing that reasonable grounds for the storage are not established.

(d) The registered owner or his or her agent is responsible for all towing and storage charges related to the impoundment, and any administrative charges authorized under Section 22850.5.

(e) A vehicle removed and seized under subdivision (a) shall be released to the legal owner of the vehicle or the legal owner's agent prior

to the end of the impoundment period and without the permission of the magistrate authorizing the seizure of the vehicle if all of the following conditions are met:

(1) The legal owner is a motor vehicle dealer, bank, credit union, acceptance corporation, or other licensed financial institution legally operating in this state or is another person, not the registered owner, holding a financial interest in the vehicle.

(2) The legal owner or the legal owner's agent pays all towing and storage fees related to the seizure of the vehicle. No lien sale processing fees shall be charged to the legal owner who redeems the vehicle prior to the 15th day of impoundment. Neither the impounding authority nor any person having possession of the vehicle shall collect from the legal owner of the type specified in paragraph (1), or the legal owner's agent any administrative charges imposed pursuant to Section 22850.5 unless the legal owner voluntarily requested a poststorage hearing.

(3) The legal owner or the legal owner's agent presents a copy of the assignment, as defined in subdivision (b) of Section 7500.1 of the Business and Professions Code, and any one of the following: a certificate of repossession for the vehicle, a security agreement for the vehicle, or title showing proof of legal ownership for the vehicle. Any documents presented may be originals, photocopies, or facsimile copies, or may be transmitted electronically. The law enforcement agency, impounding agency, or any person acting on behalf of those agencies shall not require any documents to be notarized. The law enforcement agency, impounding agency, or any person acting on behalf of those agencies may require the agent of the legal owner to produce a photocopy or facsimile copy of its repossession agency license or registration issued pursuant to Chapter 11 (commencing with Section 7500) of Division 3 of the Business and Professions Code, or to demonstrate, to the satisfaction of the law enforcement agency, impounding agency, or any person acting on behalf of those agencies that the agent is exempt from licensure pursuant to Section 7500.2 or 7500.3 of the Business and Professions Code.

No administrative costs authorized under subdivision (a) of Section 22850.5 shall be charged to the legal owner of the type specified in paragraph (1), who redeems the vehicle unless the legal owner voluntarily requests a poststorage hearing. No city, county, city and county, or state agency shall require a legal owner or a legal owner's agent to request a poststorage hearing as a requirement for release of the vehicle to the legal owner or the legal owner's agent. The law enforcement agency, impounding agency, or any person acting on behalf of those agencies shall not require any documents other than those specified in this paragraph. The law enforcement agency, impounding agency, or any

person acting on behalf of those agencies shall not require any documents to be notarized.

(f) (1) A legal owner or the legal owner's agent that obtains release of the vehicle pursuant to subdivision (e) shall not release the vehicle to the registered owner of the vehicle or any agents of the registered owner, unless a registered owner is a rental car agency, until the termination of the impoundment period.

(2) The legal owner or the legal owner's agent shall not relinquish the vehicle to the registered owner until the registered owner or that owner's agent presents his or her valid driver's license or valid temporary driver's license to the legal owner or the legal owner's agent. The legal owner or the legal owner's agent shall make every reasonable effort to ensure that the license presented is valid.

(3) Prior to relinquishing the vehicle, the legal owner may require the registered owner to pay all towing and storage charges related to the impoundment and the administrative charges authorized under Section 22850.5 that were incurred by the legal owner in connection with obtaining the custody of the vehicle.

(g) (1) A vehicle impounded and seized under subdivision (a) shall be released to a rental car agency prior to the end of the impoundment period if the agency is either the legal owner or registered owner of the vehicle and the agency pays all towing and storage fees related to the seizure of the vehicle.

(2) The owner of a rental vehicle that was seized under this section may continue to rent the vehicle upon recovery of the vehicle. However, the rental car agency shall not rent another vehicle to the driver who used the vehicle that was seized to evade a police officer until 30 days after the date that the vehicle was seized.

(3) The rental car agency may require the person to whom the vehicle was rented and who evaded the peace officer to pay all towing and storage charges related to the impoundment and any administrative charges authorized under Section 22850.5 that were incurred by the rental car agency in connection with obtaining custody of the vehicle.

(h) Notwithstanding any other provision of this section, the registered owner and not the legal owner shall remain responsible for any towing and storage charges related to the impoundment and the administrative charges authorized under Section 22850.5 and any parking fines, penalties, and administrative fees incurred by the registered owner.

(i) (1) This section does not apply to vehicles abated under the Abandoned Vehicle Abatement Program pursuant to Sections 22660 to 22668, inclusive, and Section 22710, or to vehicles impounded for investigation pursuant to Section 22655, or to vehicles removed from private property pursuant to Section 22658.

(2) This section does not apply to abandoned vehicles removed pursuant to Section 22669 that are determined by the public agency to have an estimated value of three hundred dollars (\$300) or less.

(j) The law enforcement agency and the impounding agency, including any tow yard acting on behalf of the law enforcement agency or impounding agency, shall not be liable to the registered owner for the improper release of the vehicle to the legal owner or the legal owner's agent provided the release complies with the provisions of this section.

SEC. 12. Section 22850.5 of the Vehicle Code is amended to read:

22850.5. (a) A city, county, or city and county, or a state agency may adopt a regulation, ordinance, or resolution establishing procedures for the release of properly impounded vehicles and for the imposition of a charge equal to its administrative costs relating to the removal, impound, storage, or release of the vehicles. Those administrative costs may be waived by the local or state authority upon verifiable proof that the vehicle was reported stolen at the time the vehicle was removed.

(b) The following apply to any charges imposed for administrative costs pursuant to subdivision (a):

(1) The charges shall only be imposed on the registered owner or the agents of that owner and shall not include any vehicle towed under an abatement program or sold at a lien sale pursuant to Sections 3068.1 to 3074, inclusive, of, and Section 22851 of, the Civil Code unless the sale is sufficient in amount to pay the lienholder's total charges and proper administrative costs.

(2) Any charges shall be collected by the local or state authority only from the registered owner or an agent of the registered owner.

(3) The charges shall be in addition to any other charges authorized or imposed pursuant to this code.

(4) No charge may be imposed for any hearing or appeal relating to the removal, impound, storage, or release of a vehicle unless that hearing or appeal was requested in writing by the registered or legal owner of the vehicle or an agent of that registered or legal owner. In addition, the charge may be imposed only upon the person requesting that hearing or appeal.

No administrative costs authorized under subdivision (a) shall be charged to the legal owner who redeems the vehicle unless the legal owner voluntarily requests a poststorage hearing. No city, county, city and county, or state agency shall require a legal owner or a legal owner's agent to request a poststorage hearing as a requirement for release of the vehicle to the legal owner or the legal owner's agent. The impounding agency, or any person acting on behalf of the agency, shall not require the legal owner or the legal owner's agent to produce any documents other than those specified in paragraph (3) of subdivision (f) of Section

14602.6 or paragraph (3) of subdivision (e) of Section 14602.7. The impounding agency, or any person acting on behalf of the agency, shall not require any documents to be notarized.

SEC. 13. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 14. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

(d) Upon the recommendation of the assessor and the clerk of the county board of equalization, the board of supervisors may adopt a resolution providing that an application may be filed within 60 days of the mailing of the notice of the assessor's response to a request for reassessment pursuant to paragraph (2) of subdivision (a) of Section 51, if all of the following conditions are met:

CHAPTER 196

An act to amend and repeal Sections 1351.2 and 1367.01 of the Health and Safety Code, relating to health care service plans.

[Approved by Governor September 10, 2007. Filed with
Secretary of State September 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 1351.2 of the Health and Safety Code, as amended by Section 1 of Chapter 491 of the Statutes of 2004, is amended to read:

1351.2. (a) If a prepaid health plan operating lawfully under the laws of Mexico elects to operate a health care service plan in this state, the prepaid health plan shall apply for licensure as a health care service plan under this chapter by filing an application for licensure in the form prescribed by the department and verified by an authorized representative of the applicant. The prepaid health plan shall be subject to the provisions of this chapter, and the rules adopted by the director thereunder, as determined by the director to be applicable. The application shall be accompanied by the fee prescribed by subdivision (a) of Section 1356 and shall demonstrate compliance with the following requirements:

(1) The prepaid health plan is constituted and operating lawfully under the laws of Mexico and, if required by Mexican law, is authorized as an Insurance Institution Specializing in Health by the Mexican Insurance Commission. If the Mexican Insurance Commission determines that the prepaid health plan is not required to be authorized as an Insurance Institution Specializing in Health under the laws of Mexico, the applicant shall obtain written verification from the Mexican Insurance Commission stating that the applicant is not required to be authorized as an Insurance Institution Specializing in Health in Mexico. A Mexican prepaid health plan that is not required to be an Insurance Institution Specializing in Health shall obtain written verification from the Mexican Ministry of Health that the prepaid health plan and its provider network are operating in full compliance of Mexican law.

(2) The prepaid health plan offers and sells in this state only employer-sponsored group plan contracts exclusively for the benefit of Mexican nationals legally employed in the County of San Diego or the County of Imperial, and for the benefit of their dependents regardless of nationality, that pay for, reimburse the cost of, or arrange for the provision or delivery of health care services that are to be provided or delivered wholly in Mexico, except for the provision or delivery of those health care services set forth in paragraph (4).

(3) Solicitation of plan contracts in this state is made only through insurance brokers and agents licensed in this state or a third-party administrator licensed in this state, each of which is authorized to offer and sell plan group contracts.

(4) Group contracts provide, through a contract of insurance between the prepaid health plan and an insurer admitted in this state, for the reimbursement of emergency and urgent care services provided out of area as required by subdivision (h) of Section 1345.

(5) All advertising, solicitation material, disclosure statements, evidences of coverage, and contracts are in compliance with the appropriate provisions of this chapter and the rules or orders of the director. The director shall require that each of these documents contain a legend in 10-point type, in both English and Spanish, declaring that the health care service plan contract provided by the prepaid health plan may be limited as to benefits, rights, and remedies under state and federal law.

(6) All funds received by the prepaid health plan from a subscriber are deposited in an account of a bank organized under the laws of this state or in an account of a national bank located in this state.

(7) The prepaid health plan maintains a tangible net equity as required by this chapter and the rules of the director, as calculated under United States generally accepted accounting principles, in the amount of a least one million dollars (\$1,000,000). In lieu of an amount in excess of the minimum tangible net equity of one million dollars (\$1,000,000), the prepaid health plan may demonstrate a reasonable acceptable alternative reimbursement arrangement that the director may in his or her discretion accept. The prepaid health plan shall also maintain a fidelity bond and a surety bond as required by Section 1376 and the rules of the director.

(8) The prepaid health plan agrees to make all of its books and records, including the books and records of health care providers in Mexico, available to the director in the form and at the time and place requested by the director. Books and records shall be made available to the director no later than 24 hours from the date of the request.

(9) The prepaid health plan files a consent to service of process with the director and agrees to be subject to the laws of this state and the United States in any investigation, examination, dispute, or other matter arising from the advertising, solicitation, or offer and sale of a plan contract, or the management or provision of health care services in this state or throughout the United States. The prepaid health plan shall agree to notify the director, immediately and in no case later than one business day, if it is subject to any investigation, examination, or administrative or legal action relating to the prepaid health plan or the operations of the prepaid health plan initiated by the government of Mexico or the government of any state of Mexico against the prepaid health plan or any officer, director, security holder, or contractor owning 10 percent or more of the securities of the prepaid health plan. The prepaid health plan shall agree that in the event of conflict of laws in any action arising

out of the license, the laws of California and the United States shall apply.

(10) The prepaid health plan agrees that disputes arising from the group contracts involving group contractholders and providers of health care services in the United States shall be subject to the jurisdiction of the courts of this state and the United States.

(11) The prepaid health plan shall employ or designate a medical director who holds an unrestricted license to practice medicine in this state issued pursuant to Section 2050 of the Business and Professions Code or pursuant to the Osteopathic Act for health care services set forth in paragraph (4). For health care services that are to be provided or delivered wholly in Mexico, the prepaid health plan may employ or designate a medical director operating under the laws of Mexico.

(b) The prepaid health plan shall pay the application processing fee and other fees and assessments set forth in Section 1356. The director, by order, may designate provisions of this chapter and rules adopted thereunder that need not be applied to a prepaid health plan licensed under the laws of Mexico when consistent with the intent and purpose of this chapter, and in the public interest.

(c) If the plan ceases to operate legally in Mexico, the director shall immediately deliver written notice to the health care service plan that it is not in compliance with the provisions of this section. If this occurs, a health care service plan shall do all of the following:

(1) Provide the director with written proof that the prepaid health plan has complied with the laws of Mexico not later than 45 days after the date the written notice is received by the health care service plan.

(2) If, by the 45th day, the health care service plan is unable to provide written confirmation that it is in full compliance with Mexican law, the director shall notify the health care service plan in writing that it is prohibited from accepting any new enrollees or subscribers. The health care service plan shall be given an additional 180 days to comply with Mexican law or to become a licensed health care service plan.

(3) If, at the end of the 180-day notice period in paragraph (2), the health care service plan has not complied with the laws of Mexico or California, the director shall issue an order that the health care service plan cease and desist operations in California.

SEC. 2. Section 1351.2 of the Health and Safety Code, as amended by Section 115 of Chapter 22 of the Statutes of 2005, is repealed.

SEC. 3. Section 1367.01 of the Health and Safety Code, as amended by Section 3 of Chapter 491 of the Statutes of 2004, is amended to read:

1367.01. (a) A health care service plan and any entity with which it contracts for services that include utilization review or utilization management functions, that prospectively, retrospectively, or

concurrently reviews and approves, modifies, delays, or denies, based in whole or in part on medical necessity, requests by providers prior to, retrospectively, or concurrent with the provision of health care services to enrollees, or that delegates these functions to medical groups or independent practice associations or to other contracting providers, shall comply with this section.

(b) A health care service plan that is subject to this section shall have written policies and procedures establishing the process by which the plan prospectively, retrospectively, or concurrently reviews and approves, modifies, delays, or denies, based in whole or in part on medical necessity, requests by providers of health care services for plan enrollees. These policies and procedures shall ensure that decisions based on the medical necessity of proposed health care services are consistent with criteria or guidelines that are supported by clinical principles and processes. These criteria and guidelines shall be developed pursuant to Section 1363.5. These policies and procedures, and a description of the process by which the plan reviews and approves, modifies, delays, or denies requests by providers prior to, retrospectively, or concurrent with the provision of health care services to enrollees, shall be filed with the director for review and approval, and shall be disclosed by the plan to providers and enrollees upon request, and by the plan to the public upon request.

(c) A health care service plan subject to this section, except a plan that meets the requirements of Section 1351.2, shall employ or designate a medical director who holds an unrestricted license to practice medicine in this state issued pursuant to Section 2050 of the Business and Professions Code or pursuant to the Osteopathic Act, or, if the plan is a specialized health care service plan, a clinical director with California licensure in a clinical area appropriate to the type of care provided by the specialized health care service plan. The medical director or clinical director shall ensure that the process by which the plan reviews and approves, modifies, or denies, based in whole or in part on medical necessity, requests by providers prior to, retrospectively, or concurrent with the provision of health care services to enrollees, complies with the requirements of this section.

(d) If health plan personnel, or individuals under contract to the plan to review requests by providers, approve the provider's request, pursuant to subdivision (b), the decision shall be communicated to the provider pursuant to subdivision (h).

(e) No individual, other than a licensed physician or a licensed health care professional who is competent to evaluate the specific clinical issues involved in the health care services requested by the provider, may deny or modify requests for authorization of health care services for an enrollee

for reasons of medical necessity. The decision of the physician or other health care professional shall be communicated to the provider and the enrollee pursuant to subdivision (h).

(f) The criteria or guidelines used by the health care service plan to determine whether to approve, modify, or deny requests by providers prior to, retrospectively, or concurrent with, the provision of health care services to enrollees shall be consistent with clinical principles and processes. These criteria and guidelines shall be developed pursuant to the requirements of Section 1363.5.

(g) If the health care service plan requests medical information from providers in order to determine whether to approve, modify, or deny requests for authorization, the plan shall request only the information reasonably necessary to make the determination.

(h) In determining whether to approve, modify, or deny requests by providers prior to, retrospectively, or concurrent with the provision of health care services to enrollees, based in whole or in part on medical necessity, a health care service plan subject to this section shall meet the following requirements:

(1) Decisions to approve, modify, or deny, based on medical necessity, requests by providers prior to, or concurrent with the provision of health care services to enrollees that do not meet the requirements for the 72-hour review required by paragraph (2), shall be made in a timely fashion appropriate for the nature of the enrollee's condition, not to exceed five business days from the plan's receipt of the information reasonably necessary and requested by the plan to make the determination. In cases where the review is retrospective, the decision shall be communicated to the individual who received services, or to the individual's designee, within 30 days of the receipt of information that is reasonably necessary to make this determination, and shall be communicated to the provider in a manner that is consistent with current law. For purposes of this section, retrospective reviews shall be for care rendered on or after January 1, 2000.

(2) When the enrollee's condition is such that the enrollee faces an imminent and serious threat to his or her health including, but not limited to, the potential loss of life, limb, or other major bodily function, or the normal timeframe for the decisionmaking process, as described in paragraph (1), would be detrimental to the enrollee's life or health or could jeopardize the enrollee's ability to regain maximum function, decisions to approve, modify, or deny requests by providers prior to, or concurrent with, the provision of health care services to enrollees, shall be made in a timely fashion appropriate for the nature of the enrollee's condition, not to exceed 72 hours after the plan's receipt of the information reasonably necessary and requested by the plan to make the

determination. Nothing in this section shall be construed to alter the requirements of subdivision (b) of Section 1371.4. Notwithstanding Section 1371.4, the requirements of this division shall be applicable to all health plans and other entities conducting utilization review or utilization management.

(3) Decisions to approve, modify, or deny requests by providers for authorization prior to, or concurrent with, the provision of health care services to enrollees shall be communicated to the requesting provider within 24 hours of the decision. Except for concurrent review decisions pertaining to care that is underway, which shall be communicated to the enrollee's treating provider within 24 hours, decisions resulting in denial, delay, or modification of all or part of the requested health care service shall be communicated to the enrollee in writing within two business days of the decision. In the case of concurrent review, care shall not be discontinued until the enrollee's treating provider has been notified of the plan's decision and a care plan has been agreed upon by the treating provider that is appropriate for the medical needs of that patient.

(4) Communications regarding decisions to approve requests by providers prior to, retrospectively, or concurrent with the provision of health care services to enrollees shall specify the specific health care service approved. Responses regarding decisions to deny, delay, or modify health care services requested by providers prior to, retrospectively, or concurrent with the provision of health care services to enrollees shall be communicated to the enrollee in writing, and to providers initially by telephone or facsimile, except with regard to decisions rendered retrospectively, and then in writing, and shall include a clear and concise explanation of the reasons for the plan's decision, a description of the criteria or guidelines used, and the clinical reasons for the decisions regarding medical necessity. Any written communication to a physician or other health care provider of a denial, delay, or modification of a request shall include the name and telephone number of the health care professional responsible for the denial, delay, or modification. The telephone number provided shall be a direct number or an extension, to allow the physician or health care provider easily to contact the professional responsible for the denial, delay, or modification. Responses shall also include information as to how the enrollee may file a grievance with the plan pursuant to Section 1368, and in the case of Medi-Cal enrollees, shall explain how to request an administrative hearing and aid paid pending under Sections 51014.1 and 51014.2 of Title 22 of the California Code of Regulations.

(5) If the health care service plan cannot make a decision to approve, modify, or deny the request for authorization within the timeframes specified in paragraph (1) or (2) because the plan is not in receipt of all

of the information reasonably necessary and requested, or because the plan requires consultation by an expert reviewer, or because the plan has asked that an additional examination or test be performed upon the enrollee, provided the examination or test is reasonable and consistent with good medical practice, the plan shall, immediately upon the expiration of the timeframe specified in paragraph (1) or (2) or as soon as the plan becomes aware that it will not meet the timeframe, whichever occurs first, notify the provider and the enrollee, in writing, that the plan cannot make a decision to approve, modify, or deny the request for authorization within the required timeframe, and specify the information requested but not received, or the expert reviewer to be consulted, or the additional examinations or tests required. The plan shall also notify the provider and enrollee of the anticipated date on which a decision may be rendered. Upon receipt of all information reasonably necessary and requested by the plan, the plan shall approve, modify, or deny the request for authorization within the timeframes specified in paragraph (1) or (2), whichever applies.

(6) If the director determines that a health care service plan has failed to meet any of the timeframes in this section, or has failed to meet any other requirement of this section, the director may assess, by order, administrative penalties for each failure. A proceeding for the issuance of an order assessing administrative penalties shall be subject to appropriate notice to, and an opportunity for a hearing with regard to, the person affected, in accordance with subdivision (a) of Section 1397. The administrative penalties shall not be deemed an exclusive remedy for the director. These penalties shall be paid to the State Managed Care Fund.

(i) A health care service plan subject to this section shall maintain telephone access for providers to request authorization for health care services.

(j) A health care service plan subject to this section that reviews requests by providers prior to, retrospectively, or concurrent with, the provision of health care services to enrollees shall establish, as part of the quality assurance program required by Section 1370, a process by which the plan's compliance with this section is assessed and evaluated. CHAPTER 198

An act to amend and repeal Section 1271 of the Business and Professions Code, relating to clinical laboratories.

[Approved by Governor September 10, 2007. Filed with
Secretary of State September 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 1271 of the Business and Professions Code, as amended by Section 1 of Chapter 735 of the Statutes of 2004, is amended to read:

1271. (a) A cytotechnologist shall not examine more than 80 gynecologic slides in a 24-hour period when performing a manual review of slides.

(b) The maximum workload limit in subdivision (a) is the maximum number of gynecologic slides that a cytotechnologist shall examine in

a 24-hour period without regard to the number of clinical laboratories or other persons for which the work is performed. Cytotechnologists, who examine both gynecologic and nongynecologic slides, shall do so on a pro rata basis so that the maximum workload limit in subdivision (a) is not exceeded, and so that the number of gynecologic slides examined is reduced proportionally if both gynecologic and nongynecologic slides are examined in a 24-hour period.

(c) The maximum workload limit in subdivision (a) is for a cytotechnologist who has no duties other than the evaluation of gynecological slides. Cytotechnologists who have other duties, including, but not limited to, the preparation and staining of cytologic slides, shall decrease on a pro rata basis the number of slides examined.

(d) All cytologic slides shall be examined in a clinical laboratory that has been licensed by the department, or in a municipal or county laboratory established under Section 101150 of the Health and Safety Code. All slides examined under the name of a clinical laboratory shall be examined on the premises of that laboratory.

(e) Each clinical laboratory shall maintain records of the number of cases and slides for gynecologic and nongynecologic samples examined on a monthly and annual basis.

(f) Each cytotechnologist shall maintain current records in a form prescribed by the department of hours worked and the names and addresses of the clinical laboratories or other persons for whom slides are examined.

(g) Each clinical laboratory shall retain all cytology slides and cell blocks examined for a minimum of five years and all cytology reports for a minimum of 10 years.

(h) The presence of any factor that would prohibit the proper examination of a cytologic slide, including, but not limited to, damaged slides or inadequate specimens, as determined by the director of the laboratory, shall result in the issuance of a statement of inadequacy to the referring physician and no report of cytologic findings shall be issued on that slide.

(i) Each clinical laboratory shall maintain records of the number of cases and slides for gynecologic and nongynecologic slides each cytotechnologist in the laboratory reads each 24-hour period, the number of hours devoted during each 24-hour period to screening cytology slides by each individual, and shall determine weekly and cumulatively the frequency of abnormal slides found by each cytotechnologist employed.

(j) Ten percent of the negative or normal slides examined by each cytotechnologist employed by a clinical laboratory shall be rescreened at least weekly by a cytopathologist or supervising cytotechnologist other than the original examiner.

(k) When reviewing gynecologic slides using automated or semiautomated screening devices approved by the federal Food and Drug Administration, a laboratory shall follow the workload requirements established by Section 493.1274 of Title 42 of the Code of Federal Regulations.

(1) Any slide reviewed using automated or semiautomated screening devices approved by the federal Food and Drug Administration that requires full manual review shall be counted against the applicable limits established in subdivision (a) and this subdivision.

(2) On or before June 30, 2007, the State Department of Health Services shall review published evidence-based peer review journal articles that review the performance of both automated and semiautomated screening devices, subsequent to the approval of the device by the federal Food and Drug Administration, and shall determine whether increasing the number of slides reviewed on a daily basis increases the rate of error. If the department determines that the volume of screening on these devices increases the rate of error, the department may issue new regulations in that regard that are consistent with Section 493.1274 of Title 42 of the Code of Federal Regulations.

(l) The technical supervisor of an individual who performs primary screening shall establish the maximum workload limit for the individual, based on the individual's performance, in accordance with the criteria set forth in Section 493.1274(d)(1) of Title 42 of the Code of Federal Regulations.

(m) Where cytotechnologists are represented by a labor organization, the maximum workload limitations otherwise established pursuant to this section shall be contained in a collective bargaining agreement or memorandum of understanding negotiated between the employer and the labor organization.

SEC. 2. Section 1271 of the Business and Professions Code, as added by Section 2 of Chapter 735 of the Statutes of 2004, is repealed.

An act to amend Section 14035.55 of the Government Code, relating to transportation.

[Approved by Governor September 10, 2007. Filed with
Secretary of State September 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 14035.55 of the Government Code is amended to read:

14035.55. (a) The Legislature finds and declares all of the following:

(1) Intercity passenger bus service provided by intercity bus companies on a regular-route basis is the only public mass transportation service in the state to provide surface transportation without public subsidy.

(2) The long-term maintenance of private sector intercity passenger service is of vital importance to the state.

(3) Intercity bus companies serve many communities throughout California, providing a network of connection points without equal by any other mode of public or private transportation.

(b) To the extent permitted by federal law, the department shall encourage Amtrak and motor carriers of passengers to do both of the following:

(1) Combine or package their respective services and facilities to the public as a means of improving services to the public.

(2) Coordinate schedules, routes, rates, reservations, and ticketing to provide for enhanced intermodal surface transportation.

(c) Except as authorized under subdivisions (e) and (f), the department may provide funding to Amtrak for the purpose of entering into a contract with a motor carrier of passengers for the intercity transportation of passengers by motor carrier over regular routes only if all of the following conditions are met:

(1) The motor carrier is not a public recipient of governmental assistance, as defined in Section 13902(b)(8)(A) of Title 49 of the United States Code, other than a recipient of funds under Section 5311(f) of that title and code. This paragraph does not apply if a local public motor carrier proposes to serve passengers only within its service area.

(2) Service is provided only for passengers on trips where the passengers have had prior movement by rail or will have subsequent movement by rail, evidenced by a combination rail and bus one-way or roundtrip ticket, or service is also provided on State Highway Route 50 between the City of Sacramento and the City of South Lake Tahoe and intermediate points for passengers solely by bus if no other bus service is provided by a private intercity bus company.

(3) Vehicles of the motor carrier, when used to transport passengers pursuant to paragraph (2), are used exclusively for that purpose.

(4) The motor carrier is registered with the United States Department of Transportation (DOT) and operates in compliance with the federal motor carrier safety regulations, and provides service that is accessible to persons with disabilities in compliance with applicable DOT regulations pertaining to Amtrak services, in accordance with the federal Americans with Disabilities Act of 1990 (Public Law 101-336).

(d) The department shall incorporate the conditions specified in subdivision (c) into state-supported passenger rail feeder bus service agreements between Amtrak and motor carriers of passengers. The bus service agreements shall also provide that a breach of those conditions shall be grounds for termination of the agreements.

(e) Notwithstanding subdivisions (c) and (d), the department may provide funding to Amtrak for the purpose of entering into a contract with a motor carrier of passengers to transport Amtrak passengers on buses operated on a route, if the buses are operated by the motor carrier as part of a regularly scheduled, daily bus service that has been operating consecutively without an Amtrak contract for 12 months immediately prior to contracting with Amtrak.

(f) Notwithstanding subdivisions (c) and (d), or any other provision of law, the department may enter into a contract, either directly with a public motor carrier in the County of Monterey, or indirectly with that carrier through a contract with Amtrak, to provide mixed-mode feeder

bus service on the San Jose-Gilroy-Monterey route. The contract with a public motor carrier may only be entered into if the department determines that there is no private motor carrier providing scheduled bus service on the San Jose-Gilroy-Monterey route. However, the contract shall be terminated, within 120 days' notice to the public motor carrier, if a private motor carrier again operates a scheduled service on the San Jose-Gilroy-Monterey route.

(g) Pursuant to paragraph (2) of subdivision (c), the department may amend its contract with Amtrak to add a term to provide bus service to passengers traveling solely by bus on the Sacramento-South Lake Tahoe route. The contract amendment with Amtrak may only be entered into if the department determines that there is no private motor carrier providing scheduled bus service on that route. However, the contract amendment shall be terminated, within 120 days' notice to Amtrak, if a private motor carrier again operates a scheduled bus service on the Sacramento-South Lake Tahoe route.

(h) The department shall undertake a two-year study of patronage on the bus service operated between the City of Sacramento and the City of South Lake Tahoe and intermediate points pursuant to subdivision (g), identifying the number of passengers who are transferring to an Amtrak rail service and those who are traveling solely on the bus service. The study shall identify the revenue from each category of passengers and include other pertinent ridership information. The report shall be submitted to the transportation policy committees of the Legislature no later than March 1, 2010.

(i) For purposes of this section, the following terms have the following meanings:

- (1) "Amtrak" means the National Railroad Passenger Corporation.
- (2) "Department" means the Department of Transportation or the department's successor with respect to providing funds to subsidize Amtrak service.
- (3) "Motor carrier of passengers" means a person or entity providing motor vehicle transportation of passengers for compensation.
- (4) "Mixed-mode feeder bus service" means bus service carrying both passengers connecting to or from a rail service and passengers only using the bus service.

The college or university may require the convicted felon to be fingerprinted, and any inquiry to the department under this section shall include the convicted felon’s fingerprints and any other information specified by the department.

(d) Whenever an authorized request for state summary criminal history information pertains to a person whose fingerprints are on file with the Department of Justice and the department has no criminal history of that person, and the information is to be used for employment, licensing, or certification purposes, the fingerprint card accompanying the request for information, if any, may be stamped “no criminal record” and returned to the person or entity making the request.

(e) Whenever state summary criminal history information is furnished as the result of an application and is to be used for employment, licensing, or certification purposes, the Department of Justice may charge the person or entity making the request a fee that it determines to be sufficient to reimburse the department for the cost of furnishing the information. In addition, the Department of Justice may add a surcharge to the fee to fund maintenance and improvements to the systems from which the information is obtained. Notwithstanding any other law, any person or entity required to pay a fee to the department for information received

under this section may charge the applicant a fee sufficient to reimburse the person or entity for this expense. All moneys received by the department pursuant to this section, Sections 11105.3 and 12054 of the Penal Code, and Section 13588 of the Education Code shall be deposited in a special account in the General Fund to be available for expenditure by the department to offset costs incurred pursuant to those sections and for maintenance and improvements to the systems from which the information is obtained upon appropriation by the Legislature.

(f) Whenever there is a conflict, the processing of criminal fingerprints and fingerprints of applicants for security guard or alarm agent registrations or firearms qualification permits submitted pursuant to Section 7583.9, 7583.23, 7596.3, or 7598.4 of the Business and Professions Code shall take priority over the processing of other applicant fingerprints.

(g) It is not a violation of this section to disseminate statistical or research information obtained from a record, provided that the identity of the subject of the record is not disclosed.

(h) It is not a violation of this section to include information obtained from a record in (1) a transcript or record of a judicial or administrative proceeding or (2) any other public record if the inclusion of the information in the public record is authorized by a court, statute, or decisional law.

(i) Notwithstanding any other law, the Department of Justice or any state or local law enforcement agency may require the submission of fingerprints for the purpose of conducting summary criminal history information checks that are authorized by law.

(j) The state summary criminal history information shall include any finding of mental incompetence pursuant to Chapter 6 (commencing with Section 1367) of Title 10 of Part 2 arising out of a complaint charging a felony offense specified in Section 290.

(k) (1) This subdivision shall apply whenever state or federal summary criminal history information is furnished by the Department of Justice as the result of an application by an authorized agency or organization and the information is to be used for peace officer employment or certification purposes. (D) Every successful diversion.

(l) (1) This subdivision shall apply whenever state or federal summary criminal history information is furnished by the Department of Justice as the result of an application by a criminal justice agency or organization as defined in Section 13101 of the Penal Code, and the information is to be used for criminal justice employment, licensing, or certification purposes.

However, information concerning an arrest shall not be disclosed if the records of the Department of Justice indicate or if the genuine effort reveals that the subject was exonerated, successfully completed a diversion or deferred entry of judgment program, or the arrest was deemed a detention.

(m) (1) This subdivision shall apply whenever state or federal summary criminal history information is furnished by the Department of Justice as the result of an application by an authorized agency or organization pursuant to Section 1522, 1568.09, 1569.17, or 1596.871 of the Health and Safety Code, or any statute that incorporates the criteria of any of those sections or this subdivision by reference, and the information is to be used for employment, licensing, or certification purposes.

(3) Notwithstanding the requirements of the sections referenced in paragraph (1) of this subdivision, the Department of Justice shall not disseminate information about an arrest subsequently deemed a detention or an arrest that resulted in either the successful completion of a diversion program or exoneration.

(n) (1) This subdivision shall apply whenever state or federal summary criminal history information, to be used for employment, licensing, or certification purposes, is furnished by the Department of Justice as the result of an application by an authorized agency, organization, or individual pursuant to any of the following:

(A) Every conviction rendered against the applicant for a violation or attempted violation of any offense specified in subdivision (a) of Section 15660 of the Welfare and Institutions Code. However, with the exception of those offenses for which registration is required pursuant to Section 290, the Department of Justice shall not disseminate information pursuant to this subdivision unless the conviction occurred within 10 years of the date of the agency's request for information or the conviction is over 10 years old but the subject of the request was incarcerated within 10 years of the agency's request for information.

(B) Every arrest for a violation or attempted violation of an offense specified in subdivision (a) of Section 15660 of the Welfare and

[Approved by Governor September 11, 2007. Filed with
Secretary of State September 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) There is a correlation between animal abuse, family violence, and other forms of community violence.

(b) According to the California Department of Justice, California law enforcement received 181,362 domestic violence calls in 2005.

(c) Perpetrators often abuse animals in order to intimidate, harass, or silence their human victims.

(d) A survey of pet-owning families with substantiated child abuse and neglect found that animals were abused in 88 percent of homes where child physical abuse was present.

(e) A 1997 survey of 50 of the largest shelters for battered women in the United States found that 85 percent of women and 63 percent of children entering shelters discussed incidents of pet abuse in the family.

(f) A study of women seeking shelter at a safe house showed that 71 percent of those having pets affirmed that their partner had threatened, hurt, or killed their companion animals.

(g) Another study showed that violent offenders incarcerated in a maximum security prison were significantly more likely than nonviolent offenders to have committed childhood acts of cruelty toward pets.

(h) In many communities across California and the United States, human services, animal services, and law enforcement agencies are sharing resources and expertise to address violence, including engaging in cross-training and cross-reporting through interagency partnerships.

SEC. 2. Section 6320 of the Family Code is amended to read:

6320. (a) The court may issue an ex parte order enjoining a party from molesting, attacking, striking, stalking, threatening, sexually assaulting, battering, harassing, telephoning, including, but not limited to, annoying telephone calls as described in Section 653m of the Penal Code, destroying personal property, contacting, either directly or indirectly, by mail or otherwise, coming within a specified distance of, or disturbing the peace of the other party, and, in the discretion of the court, on a showing of good cause, of other named family or household members.

(b) On a showing of good cause, the court may include in a protective order a grant to the petitioner of the exclusive care, possession, or control of any animal owned, possessed, leased, kept, or held by either the petitioner or the respondent or a minor child residing in the residence or household of either the petitioner or the respondent. The court may order the respondent to stay away from the animal and forbid the respondent from taking, transferring, encumbering, concealing, molesting, attacking, striking, threatening, harming, or otherwise disposing of the animal.

(c) On or before July 1, 2009, the Judicial Council shall modify the criminal and civil court forms consistent with this section.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 206

An act to amend Sections 1037.1, 1037.2, 1037.4, and 1037.5 of the Evidence Code, and to amend Section 679.05 of the Penal Code, relating to domestic violence.

[Approved by Governor September 11, 2007. Filed with
Secretary of State September 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature hereby finds and declares all of the following:

(1) It is the intent of the Legislature in enacting this act to clarify and strengthen the applicable statutory definitions associated with the domestic violence victim-counselor privilege. These clarifications are designed to give all parties detailed information about the privilege in accordance with emerging changes in domestic violence programs and services.

(2) These provisions have played a critically important role in protecting the lives and safety of domestic violence victims by allowing them to access shelter programs and supportive services that enable those victims and their children to escape their abusive home environment and achieve independence from their abusers.

(3) However, since its enactment, the domestic violence victim-counselor privilege provisions have not been amended to reflect the growth in the types of comprehensive domestic violence programs. Consequently, the current statutory definitions relating to this privilege have caused some confusion within the domestic violence community as to persons eligible to invoke the privilege and the types of communications that shall be deemed confidential and privileged.

(b) Finally, the Legislature hereby finds and declares that the amendments to those provisions constitute clarifications and revisions

that are consistent with the original intent and purpose of the domestic violence victim-counselor privilege.

SEC. 2. Section 1037.1 of the Evidence Code is amended to read:

1037.1. (a) (1) As used in this article, “domestic violence counselor” means a person who is employed by a domestic violence victim service organization, as defined in this article, whether financially compensated or not, for the purpose of rendering advice or assistance to victims of domestic violence and who has at least 40 hours of training as specified in paragraph (2).

(2) The 40 hours of training shall be supervised by an individual who qualifies as a counselor under paragraph (1), and who has at least one year of experience counseling domestic violence victims for the domestic violence victim service organization. The training shall include, but need not be limited to, the following areas: history of domestic violence, civil and criminal law as it relates to domestic violence, the domestic violence victim-counselor privilege and other laws that protect the confidentiality of victim records and information, societal attitudes towards domestic violence, peer counseling techniques, housing, public assistance and other financial resources available to meet the financial needs of domestic violence victims, and referral services available to domestic violence victims.

(3) A domestic violence counselor who has been employed by the domestic violence victim service organization for a period of less than six months shall be supervised by a domestic violence counselor who has at least one year of experience counseling domestic violence victims for the domestic violence victim service organization.

(b) As used in this article, “domestic violence victim service organization” means a nongovernmental organization or entity that provides shelter, programs, or services to victims of domestic violence and their children, including, but not limited to, either of the following:

(1) Domestic violence shelter-based programs, as described in Section 18294 of the Welfare and Institutions Code.

(2) Other programs with the primary mission to provide services to victims of domestic violence whether or not that program exists in an agency that provides additional services.

SEC. 3. Section 1037.2 of the Evidence Code is amended to read:

1037.2. (a) As used in this article, “confidential communication” means any information, including, but not limited to, written or oral communication, transmitted between the victim and the counselor in the course of their relationship and in confidence by a means which, so far as the victim is aware, discloses the information to no third persons other than those who are present to further the interests of the victim in the consultation or those to whom disclosures are reasonably necessary for

the transmission of the information or an accomplishment of the purposes for which the domestic violence counselor is consulted. The term includes all information regarding the facts and circumstances involving all incidences of domestic violence, as well as all information about the children of the victim or abuser and the relationship of the victim with the abuser.

(b) The court may compel disclosure of information received by a domestic violence counselor which constitutes relevant evidence of the facts and circumstances involving a crime allegedly perpetrated against the victim or another household member and which is the subject of a criminal proceeding, if the court determines that the probative value of the information outweighs the effect of disclosure of the information on the victim, the counseling relationship, and the counseling services. The court may compel disclosure if the victim is either dead or not the complaining witness in a criminal action against the perpetrator. The court may also compel disclosure in proceedings related to child abuse if the court determines that the probative value of the evidence outweighs the effect of the disclosure on the victim, the counseling relationship, and the counseling services.

(c) When a court rules on a claim of privilege under this article, it may require the person from whom disclosure is sought or the person authorized to claim the privilege, or both, to disclose the information in chambers out of the presence and hearing of all persons except the person authorized to claim the privilege and such other persons as the person authorized to claim the privilege consents to have present. If the judge determines that the information is privileged and shall not be disclosed, neither he nor she nor any other person may disclose, without the consent of a person authorized to permit disclosure, any information disclosed in the course of the proceedings in chambers.

(d) If the court determines that information shall be disclosed, the court shall so order and inform the defendant in the criminal action. If the court finds there is a reasonable likelihood that any information is subject to disclosure pursuant to the balancing test provided in this section, the procedure specified in subdivisions (1), (2), and (3) of Section 1035.4 shall be followed.

SEC. 4. Section 1037.4 of the Evidence Code is amended to read:

1037.4. As used in this article, "holder of the privilege" means:

- (a) The victim when he or she has no guardian or conservator.
- (b) A guardian or conservator of the victim when the victim has a guardian or conservator, unless the guardian or conservator is accused of perpetrating domestic violence against the victim.

SEC. 5. Section 1037.5 of the Evidence Code is amended to read:

1037.5. A victim of domestic violence, whether or not a party to the action, has a privilege to refuse to disclose, and to prevent another from disclosing, a confidential communication between the victim and a domestic violence counselor in any proceeding specified in Section 901 if the privilege is claimed by any of the following persons:

(a) The holder of the privilege.

(b) A person who is authorized to claim the privilege by the holder of the privilege.

(c) The person who was the domestic violence counselor at the time of the confidential communication. However, that person may not claim the privilege if there is no holder of the privilege in existence or if he or she is otherwise instructed by a person authorized to permit disclosure.

SEC. 6. Section 679.05 of the Penal Code is amended to read:

679.05. (a) A victim of domestic violence or abuse, as defined in Sections 6203 or 6211 of the Family Code, or Section 13700 of the Penal Code, has the right to have a domestic violence advocate and a support person of the victim's choosing present at any interview by law enforcement authorities, prosecutors, or defense attorneys. However, the support person may be excluded from an interview by law enforcement or the prosecutor if the law enforcement authority or the prosecutor determines that the presence of that individual would be detrimental to the purpose of the interview. As used in this section, "domestic violence advocate" means either a person employed by a program specified in Section 13835.2 for the purpose of rendering advice or assistance to victims of domestic violence, or a domestic violence counselor, as defined in Section 1037.1 of the Evidence Code. Prior to being present at any interview conducted by law enforcement authorities, prosecutors, or defense attorneys, a domestic violence advocate shall advise the victim of any applicable limitations on the confidentiality of communications between the victim and the domestic violence advocate.

(b) (1) Prior to the commencement of the initial interview by law enforcement authorities or the prosecutor pertaining to any criminal action arising out of a domestic violence incident, a victim of domestic violence or abuse, as defined in Section 6203 or 6211 of the Family Code, or Section 13700 of this code, shall be notified orally or in writing by the attending law enforcement authority or prosecutor that the victim has the right to have a domestic violence advocate and a support person of the victim's choosing present at the interview or contact. This subdivision applies to investigators and agents employed or retained by law enforcement or the prosecutor.

(2) At the time the victim is advised of his or her rights pursuant to paragraph (1), the attending law enforcement authority or prosecutor shall also advise the victim of the right to have a domestic violence

advocate and a support person present at any interview by the defense attorney or investigators or agents employed by the defense attorney.

(c) An initial investigation by law enforcement to determine whether a crime has been committed and the identity of the suspects shall not constitute a law enforcement interview for purposes of this section.

CHAPTER 207

An act to amend Section 1644.5 of the Health and Safety Code, relating to public health.

[Approved by Governor September 11, 2007. Filed with
Secretary of State September 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 1644.5 of the Health and Safety Code is amended to read:

1644.5. (a) No tissues shall be transferred into the body of another person by means of transplantation, unless the donor of the tissues has been screened and found nonreactive by laboratory tests for evidence of infection with HIV, agents of viral hepatitis (HBV and HCV), human T lymphotropic virus-1 (HTLV-1), and syphilis, except as provided in subdivision (c). The department may adopt regulations requiring additional screening tests of donors of tissues when, in the opinion of the department, the action is necessary for the protection of the public, donors, or recipients.

(b) Notwithstanding subdivision (a), infectious disease screening of blood and blood products shall be carried out solely in accordance with Article 2 (commencing with Section 1601) of Chapter 4.

(c) All donors of sperm shall be screened and found nonreactive as required under subdivision (a), except in the following instances:

(1) A recipient of sperm, from a sperm donor known to the recipient, may waive a second or other repeat testing of that donor if the recipient is informed of the requirements for testing donors under this section and signs a written waiver.

(2) A recipient of sperm may consent to therapeutic insemination of sperm or use of sperm in other advanced reproductive technologies even if the sperm donor is found reactive for hepatitis B, hepatitis C, syphilis, HIV or HTLV-1 if the sperm donor is the spouse of, partner of, or designated donor for that recipient. The physician providing insemination or advanced reproductive technology services shall advise the donor and

recipient of the potential medical risks associated with receiving sperm from a reactive donor. The donor and the recipient shall sign a document affirming that each comprehends the medical repercussions of using sperm from a reactive donor for the proposed procedure and that each consents to it. Copies of the document shall be placed in the medical records of the donor and the recipient.

(3) (A) Sperm whose donor has tested reactive for syphilis may be used for the purposes of insemination or advanced reproductive technology only after the donor has been treated for syphilis. Sperm whose donor has tested reactive for hepatitis B may be used for the purposes of insemination or advanced reproductive technology only after the recipient has been vaccinated against hepatitis B.

(B) (i) Sperm whose donor has tested reactive for HIV or HTLV-1 may be used for the purposes of insemination or advanced reproductive technology for a recipient testing negative for HIV or HTLV-1 only after the donor's sperm has been effectively processed to minimize the infectiousness of the sperm for that specific donation and where informed and mutual consent has occurred.

(ii) The department shall adopt regulations by January 1, 2010, regulating facilities that perform sperm processing, pursuant to this subparagraph, that prescribe standards for the handling and storage of sperm samples of carriers of HIV, HTLV-1, or any other virus as deemed appropriate by the department. Until the department adopts these regulations, facilities that perform sperm processing shall follow facility and sperm processing guidelines developed by the American Society of Reproductive Medicine.

(iii) Prior to insemination or other advanced reproductive technology services, the physician shall inform the recipient of sperm from a donor who has tested reactive for HIV or HTLV-1 that sperm processing may not eliminate all risks of HIV or HTLV-1 transmission, and that the sperm may be tested to determine whether or not it is free of HIV or HTLV-1. The physician shall also inform the recipient of potential adverse effects the testing may have on the processed sperm.

(iv) The physician providing insemination or advanced reproductive technology services shall provide, as appropriate, prophylactic treatments, including, but not limited to, antiretroviral treatments, to the recipient to reduce the risk of acquiring infection during, and subsequent to, insemination or advanced reproductive technology. The physician shall also treat, as appropriate, the donor of sperm that tests reactive for HIV or HTLV-1 with antiretroviral treatments prior to insemination or advanced reproductive technology services. The physician shall perform appropriate followup testing of the recipient for HIV or HTLV-1 following the insemination or other advanced reproductive technology,

and recommend ongoing monitoring by a physician during treatment and pregnancy. The physician shall also recommend in the sperm recipient's medical record that the recipient be monitored during treatment and pregnancy.

(v) In the event that the recipient tests reactive for HIV or HTLV-1 following insemination or other advanced reproductive technology, the physician shall inform the recipient of appropriate treatments during and after pregnancy, and of treatments or procedures that may reduce the risk of transmission to the offspring.

(vi) Sperm whose donor has tested reactive for HIV or HTLV-1 may be used for the purposes of insemination or advanced reproductive technology if the recipient already has been previously documented with HIV or HTLV-1 infection, and where informed and mutual consent has occurred.

(4) The penalties of Section 1621.5 shall not apply to a sperm donor covered under this subdivision.

(d) Subdivision (a) shall not apply to the transplantation of tissue from a donor who has not been tested or, with the exception of HIV and HTLV-1, has been found reactive for the infectious diseases listed in subdivision (a) or for which the department has, by regulation, required additional screening tests, if both of the following conditions are satisfied:

(1) The physician and surgeon performing the transplantation has determined any one or more of the following:

(A) Without the transplantation the intended recipient will most likely die during the period of time necessary to obtain other tissue or to conduct the required tests.

(B) The intended recipient already is diagnosed with the infectious disease for which the donor has tested positive.

(C) The symptoms from the infectious disease for which the donor has tested positive will most likely not appear during the intended recipient's likely lifespan after transplantation with the tissue or may be treated prophylactically if they do appear.

[Approved by Governor September 11, 2007. Filed with
Secretary of State September 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 6603 of the Welfare and Institutions Code is amended to read:

6603. (a) A person subject to this article shall be entitled to a trial by jury, to the assistance of counsel, to the right to retain experts or professional persons to perform an examination on his or her behalf, and to have access to all relevant medical and psychological records and reports. In the case of a person who is indigent, the court shall appoint counsel to assist him or her, and, upon the person's request, assist the person in obtaining an expert or professional person to perform an examination or participate in the trial on the person's behalf. Any right that may exist under this section to request DNA testing on prior cases shall be made in conformity with Section 1405 of the Penal Code.

(b) The attorney petitioning for commitment under this article shall have the right to demand that the trial be before a jury.

(c) (1) If the attorney petitioning for commitment under this article determines that updated evaluations are necessary in order to properly present the case for commitment, the attorney may request the State Department of Mental Health to perform updated evaluations. If one or more of the original evaluators is no longer available to testify for the petitioner in court proceedings, the attorney petitioning for commitment under this article may request the State Department of Mental Health to perform replacement evaluations. When a request is made for updated or replacement evaluations, the State Department of Mental Health shall perform the requested evaluations and forward them to the petitioning attorney and to the counsel for the person subject to this article. However, updated or replacement evaluations shall not be performed except as necessary to update one or more of the original evaluations or to replace the evaluation of an evaluator who is no longer available to testify for the petitioner in court proceedings. These updated or replacement evaluations shall include review of available medical and psychological records, including treatment records, consultation with current treating clinicians, and interviews of the person being evaluated, either voluntarily or by court order. If an updated or replacement evaluation results in a

split opinion as to whether the person subject to this article meets the criteria for commitment, the State Department of Mental Health shall conduct two additional evaluations in accordance with subdivision (f) of Section 6601.

(2) For purposes of this subdivision, “no longer available to testify for the petitioner in court proceedings” means that the evaluator is no longer authorized by the Director of Mental Health to perform evaluations regarding sexually violent predators as a result of any of the following:

(A) The evaluator has failed to adhere to the protocol of the State Department of Mental Health.

(B) The evaluator’s license has been suspended or revoked.

(C) The evaluator is unavailable pursuant to Section 240 of the Evidence Code.

(d) Nothing in this section shall prevent the defense from presenting otherwise relevant and admissible evidence.

(e) If the person subject to this article or the petitioning attorney does not demand a jury trial, the trial shall be before the court without a jury.

(f) A unanimous verdict shall be required in any jury trial.

(g) The court shall notify the State Department of Mental Health of the outcome of the trial by forwarding to the department a copy of the minute order of the court within 72 hours of the decision.

(h) Nothing in this section shall limit any legal or equitable right that a person may have to request DNA testing.

SEC. 2. The Legislature does not intend to create any new right to DNA testing on prior cases. It is the intent of the Legislature to provide for a procedure for DNA testing in the event Section 6603 of the Welfare and Institutions Code is construed to provide a right to DNA testing on prior cases.

The people of the State of California do enact as follows:

SECTION 1. Chapter 2 (commencing with Section 1713) of Title 11 of Part 3 of the Code of Civil Procedure is repealed.

SEC. 2. Chapter 2 (commencing with Section 1713) is added to Title 11 of Part 3 of the Code of Civil Procedure, to read:

CHAPTER 2. FOREIGN-COUNTRY MONEY JUDGMENTS

1713. This chapter may be cited as the Uniform Foreign-Country Money Judgments Recognition Act.

1714. As used in this chapter:

(a) "Foreign country" means a government other than any of the following:

(1) The United States.

(2) A state, district, commonwealth, territory, or insular possession of the United States.

(3) Any other government with regard to which the decision in this state as to whether to recognize a judgment of that government's courts is initially subject to determination under the Full Faith and Credit Clause of the United States Constitution.

(b) “Foreign-country judgment” means a judgment of a court of a foreign country. “Foreign-country judgment” includes a judgment by any Indian tribe recognized by the government of the United States.

1715. (a) Except as otherwise provided in subdivision (b), this chapter applies to a foreign-country judgment to the extent that the judgment both:

- (1) Grants or denies recovery of a sum of money.
- (2) Under the law of the foreign country where rendered, is final, conclusive, and enforceable.

(b) This chapter does not apply to a foreign-country judgment, even if the judgment grants or denies recovery of a sum of money, to the extent that the judgment is any of the following:

- (1) A judgment for taxes.
- (2) A fine or other penalty.
- (3) (A) A judgment for divorce, support, or maintenance, or other judgment rendered in connection with domestic relations.
(B) A judgment for divorce, support, or maintenance, or other judgment rendered in connection with domestic relations may be recognized by a court of this state pursuant to Section 1723.

(c) A party seeking recognition of a foreign-country judgment has the burden of establishing that the foreign-country judgment is entitled to recognition under this chapter.

1716. (a) Except as otherwise provided in subdivisions (b) and (c), a court of this state shall recognize a foreign-country judgment to which this chapter applies.

(b) A court of this state shall not recognize a foreign-country judgment if any of the following apply:

- (1) The judgment was rendered under a judicial system that does not provide impartial tribunals or procedures compatible with the requirements of due process of law.
- (2) The foreign court did not have personal jurisdiction over the defendant.
- (3) The foreign court did not have jurisdiction over the subject matter.

(c) A court of this state is not required to recognize a foreign-country judgment if any of the following apply:

- (1) The defendant in the proceeding in the foreign court did not receive notice of the proceeding in sufficient time to enable the defendant to defend.
- (2) The judgment was obtained by fraud that deprived the losing party of an adequate opportunity to present its case.
- (3) The judgment or the cause of action or claim for relief on which the judgment is based is repugnant to the public policy of this state or of the United States.

(4) The judgment conflicts with another final and conclusive judgment.

(5) The proceeding in the foreign court was contrary to an agreement between the parties under which the dispute in question was to be determined otherwise than by proceedings in that foreign court.

(6) In the case of jurisdiction based only on personal service, the foreign court was a seriously inconvenient forum for the trial of the action.

(7) The judgment was rendered in circumstances that raise substantial doubt about the integrity of the rendering court with respect to the judgment.

(8) The specific proceeding in the foreign court leading to the judgment was not compatible with the requirements of due process of law.

(d) When the party seeking recognition of a foreign-country judgment has met its burden of establishing recognition of the foreign-country judgment pursuant to subdivision (c) of Section 1715, a party resisting recognition of a foreign-country judgment has the burden of establishing that a ground for nonrecognition stated in subdivision (b) or (c) exists.

1717. (a) A foreign-country judgment shall not be refused recognition for lack of personal jurisdiction if any of the following apply:

(1) The defendant was served with process personally in the foreign country.

(2) The defendant voluntarily appeared in the proceeding, other than for the purpose of protecting property seized or threatened with seizure in the proceeding or of contesting the jurisdiction of the court over the defendant.

(3) The defendant, before the commencement of the proceeding, had agreed to submit to the jurisdiction of the foreign court with respect to the subject matter involved.

(4) The defendant was domiciled in the foreign country when the proceeding was instituted or was a corporation or other form of business organization that had its principal place of business in, or was organized under the laws of, the foreign country.

(5) The defendant had a business office in the foreign country and the proceeding in the foreign court involved a cause of action or claim for relief arising out of business done by the defendant through that office in the foreign country.

(6) The defendant operated a motor vehicle or airplane in the foreign country and the proceeding involved a cause of action or claim for relief arising out of that operation.

(b) The list of bases for personal jurisdiction in subdivision (a) is not exclusive. The courts of this state may recognize bases of personal

jurisdiction other than those listed in subdivision (a) as sufficient to support a foreign-country judgment.

1718. (a) If recognition of a foreign-country judgment is sought as an original matter, the issue of recognition shall be raised by filing an action seeking recognition of the foreign-country judgment.

(b) If recognition of a foreign-country judgment is sought in a pending action, the issue of recognition may be raised by counterclaim, cross-claim, or affirmative defense.

1719. If the court in a proceeding under Section 1718 finds that the foreign-country judgment is entitled to recognition under this chapter then, to the extent that the foreign-country judgment grants or denies recovery of a sum of money, the foreign-country judgment is both of the following:

(a) Conclusive between the parties to the same extent as the judgment of a sister state entitled to full faith and credit in this state would be conclusive.

(b) Enforceable in the same manner and to the same extent as a judgment rendered in this state.

1720. If a party establishes that an appeal from a foreign-country judgment is pending or will be taken in the foreign country, the court may stay any proceedings with regard to the foreign-country judgment until the appeal is concluded, the time for appeal expires, or the appellant has had sufficient time to prosecute the appeal and has failed to do so.

1721. An action to recognize a foreign-country judgment shall be commenced within the earlier of the time during which the foreign-country judgment is effective in the foreign country or 10 years from the date that the foreign-country judgment became effective in the foreign country.

1722. In applying and construing this uniform act, consideration shall be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

1723. This chapter does not prevent the recognition under principles of comity or otherwise of a foreign-country judgment not within the scope of this chapter.

1724. (a) This chapter applies to all actions commenced on or after the effective date of this chapter in which the issue of recognition of a foreign-country judgment is raised.

(b) The former Uniform Foreign Money-Judgments Recognition Act (Chapter 2 (commencing with Section 1713) of Title 11 of Part 3) applies to all actions commenced before the effective date of this chapter in which the issue of recognition of a foreign-country judgment is raised.

(b) The ordinance or resolution to authorize a monthly stipend pursuant to subdivision (a), in lieu of per-meeting compensation, shall include a requirement that a director may receive a monthly stipend for a given month only if he or she attends all scheduled and noticed board meetings for that month. (e) In addition to the compensation otherwise provided in this section, each director may be allowed necessary traveling and personal expenses incurred solely as a result of the performance of his or her duties, in amounts as may be authorized by the board. Reimbursement for these expenses is subject to Sections 53232.2 and 53232.3 of the Government Code.

SEC. 4. Section 28748.8 of the Public Utilities Code is amended to read:

The adjustment shall not become effective until the next regular election of the directors following the adoption of the ordinance or resolution.

(b) The ordinance or resolution to authorize a monthly stipend pursuant to subdivision (a), in lieu of per-meeting compensation, shall include a requirement that a member can receive a monthly stipend for a given month only if he or she attends all scheduled and noticed regular board meetings for that month. In any month that a member fails to meet these attendance requirements, that member may be compensated at the rate of one hundred dollars (\$100) per board or committee meeting attended, not to exceed five hundred dollars (\$500) for that month.

(c) For the purpose of this section, a member who misses a scheduled and noticed meeting of the board or a committee while attending to official district business pursuant to authorization shall be construed as having attended the meeting.

(d) The ordinance or resolution may provide for not more than two excused absences during a calendar year without disqualifying the member for a monthly stipend.

(a) A petition for the operation of a state charter school may be submitted directly to the state board, and the state board shall have the authority to approve a charter for the operation of a state charter school that may operate at multiple sites throughout the state. The State Board of Education shall adopt regulations, pursuant to the Administrative Procedure Act (Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code) for the implementation of this section. Regulations adopted pursuant to this section shall ensure that a charter school approved pursuant to this section meets all requirements otherwise imposed on charter schools pursuant to this part, except that a state charter school approved pursuant to this section shall not be subject to the geographic and site limitations otherwise imposed on charter schools. The petitioner shall submit a copy of the petition, for notification purposes, to the county superintendent of schools of each county in which the petitioner proposes to operate the state charter school. The petitioner also shall ensure that the governing

board of each school district in which a site is proposed to be located is notified no later than 120 days prior to the commencement of instruction at each site, as applicable.

(b) The state board shall not approve a petition for the operation of a state charter school pursuant to this section unless the state board makes a finding, based on substantial evidence, that the proposed state charter school will provide instructional services of statewide benefit that cannot be provided by a charter school operating in only one school district, or only in one county. The finding of the state board in this regard shall be made part of the public record of the proceedings of the state board and shall precede the approval of the charter.

(c) The state board, as a condition of charter petition approval, may enter into an agreement with a third party, at the expense of the charter school, to oversee, monitor, and report on, the operations of the state charter school. The state board may prescribe the aspects of the operations of the state charter school to be monitored by the third party and may prescribe appropriate requirements regarding the reporting of information concerning the operations of the state charter school to the state board.

(d) The state board shall not be required to approve a petition for the operation of a state charter school, and may deny approval based on any of the reasons set forth in subdivision (b) of Section 47605.6.

SEC. 2. Section 47614.5 of the Education Code is amended to read:

47614.5. (a) The Charter School Facility Grant Program is hereby established and shall be administered by the department. The grant program is intended to provide assistance with facilities rent and lease costs for pupils in charter schools.

(b) Subject to the annual Budget Act, eligible schools shall receive an amount of up to, but not more than, seven hundred fifty dollars (\$750) per unit of average daily attendance, as certified at the second principal apportionment, to reimburse an amount of up to, but not more than, 75 percent of the annual facilities rent and lease costs for the charter school. In any fiscal year, if the funds appropriated for the purposes of this section by the annual Budget Act are insufficient to fund the approved amounts fully, the Superintendent shall apportion the available funds on a pro rata basis.

(c) For purposes of this section, the department shall do all of the following:

- (1) Inform charter schools of the grant program.
- (2) Upon application by a charter school, determine eligibility, based on the geographic location of the charter schoolsite, pupil eligibility for free or reduced price meals, and a preference in admissions, as appropriate. Eligibility for funding shall not be limited to the grade level or levels served by the school whose attendance area is used to determine

eligibility. Charter schoolsites are eligible for funding pursuant to this section if the charter schoolsite meets either of the following conditions:

(A) The charter schoolsite is physically located in the attendance area of a public elementary school in which 70 percent or more of the pupil enrollment is eligible for free or reduced priced meals and the schoolsite gives a preference in admissions to pupils who are currently enrolled in that public elementary school and to pupils who reside in the elementary school attendance area where the charter schoolsite is located.

(B) Seventy percent or more of the pupil enrollment at the charter schoolsite is eligible for free or reduced price meals.

(3) Inform charter schools of their grant eligibility.

(4) Reimburse charter schools for eligible expenditures in a timely manner.

(5) No later than June 30, 2005, report to the Legislature on the number of charter schools that have participated in the grant program pursuant to the expanded eligibility prescribed in paragraph (2). In addition, the report shall provide recommendations and suggestions on improving the grant program.

(d) Funds appropriated for purposes of this section shall not be apportioned for any of the following:

(1) Units of average daily attendance generated through nonclassroom-based instruction as defined by paragraph (2) of subdivision (d) of Section 47612.5 or that does not comply with conditions or limitations set forth in regulations adopted by the state board pursuant to this section.

(2) Charter schools occupying existing school district or county office of education facilities.

(3) Charter schools receiving reasonably equivalent facilities from their chartering authority pursuant to Section 47614.

(e) Funds appropriated for purposes of this section shall be used for costs associated with facilities rents and leases, consistent with the definitions used in the California School Accounting Manual. These funds also may be used for costs, including, but not limited to, costs associated with remodeling buildings, deferred maintenance, initially installing or extending service systems and other built-in equipment, and improving sites.

(f) If an existing charter school located in an elementary attendance area in which less than 50 percent of pupil enrollment is eligible for free or reduced price meals relocates to an attendance area identified in paragraph (2) of subdivision (c), admissions preference shall be given to pupils who reside in the elementary school attendance area into which the charter school is relocating.

(g) The Superintendent annually shall report to the state board regarding the use of funds that have been made available during the fiscal year to each charter school pursuant to the grant program.

(h) It is the intent of the Legislature that not less than eighteen million dollars (\$18,000,000) annually be appropriated for purposes of the grant program on the same basis as other elementary and secondary education categorical programs.

SEC. 3. The sum of eighteen million dollars (\$18,000,000) is hereby appropriated from the Proposition 98 Reversion Account to the State Department of Education, on a one-time basis, for the Charter School Facility Grant Program, as set forth in Section 47614.5 of the Education Code. Each charter school that is eligible pursuant to Section 47614.5 of the Education Code and is receiving funds appropriated in this section shall be eligible for up to 75 percent of the total annual facilities rent and lease costs it incurred in the 2006–07 fiscal year.

day following the day on which the vehicle was originally delivered to the buyer by the dealer.

(4) A statement that clearly and conspicuously specifies the dollar amount of any restocking fee the buyer must pay to the dealer to exercise the right to cancel the purchase under the contract cancellation option. The restocking fee shall not exceed one hundred seventy-five dollars (\$175) if the vehicle's cash price is five thousand dollars (\$5,000) or less, three hundred fifty dollars (\$350) if the vehicle's cash price is less than ten thousand dollars (\$10,000), and five hundred dollars (\$500) if the vehicle cash price is ten thousand dollars (\$10,000) or more. The dealer shall apply toward the restocking fee the price paid by the buyer for the contract cancellation option. The price for the purchase of the contract cancellation option is not otherwise subject to setoff or refund.

(5) Notwithstanding paragraph (4), when a buyer, who leased the purchased vehicle immediately preceding the dealer's sale of the vehicle to the buyer, exercises the contract cancellation option, the limit on the amount of a restocking fee required to be paid by the buyer shall be increased. That increased amount shall be the amount the buyer would have been obligated to pay the lessor, at the time of the termination of the lease, for the following charges, as specified in the lease, and as if the buyer had not purchased the contract cancellation option:

- (A) Excess mileage.
- (B) Unrepaired damage.
- (C) Excess wear and tear.

(6) A statement specifying the maximum number of miles that the vehicle may be driven after its original delivery by the dealer to the buyer to remain eligible for cancellation under the contract cancellation option. A dealer shall not specify fewer than 250 miles in the contract cancellation option agreement.

(7) A statement that the contract cancellation option gives the buyer the right to cancel the purchase and obtain a full refund, minus the purchase price for the contract cancellation option agreement; and that the right to cancel will apply only if, within the time specified in the contract cancellation option agreement, the following are personally delivered to the selling dealer by the buyer: a written notice exercising the right to cancel the purchase signed by the buyer; any restocking fee specified in the contract cancellation option agreement minus the purchase price for the contract cancellation option agreement; the original contract cancellation option agreement and vehicle purchase contract and related documents, if the seller gave those original documents to the buyer; all original vehicle titling and registration documents, if the seller gave those original documents to the buyer; and the vehicle, free of all liens and encumbrances, other than any lien or encumbrance created by

or incidental to the conditional sales contract, any loan arranged by the dealer, or any purchase money loan obtained by the buyer from a third party, and in the same condition as when it was delivered by the dealer to the buyer, reasonable wear and tear and any defect or mechanical problem that manifests or becomes evident after delivery that was not caused by the buyer excepted, and which must not have been driven beyond the mileage limit specified in the contract cancellation option agreement. The agreement may also provide that the buyer will execute documents reasonably necessary to effectuate the cancellation and refund and as reasonably required to comply with applicable law.

(8) At the bottom of the contract cancellation option agreement, a statement that may be signed by the buyer to indicate the buyer's election to exercise the right to cancel the purchase under the terms of the contract cancellation option agreement, and the last date and time by which the option to cancel may be exercised, followed by a line for the buyer's signature. A particular form of statement is not required, but the following statement is sufficient: "By signing below, I elect to exercise my right to cancel the purchase of the vehicle described in this agreement." The buyer's delivery of the purchase cancellation agreement to the dealer with the buyer's signature following this statement shall constitute sufficient written notice exercising the right to cancel the purchase under paragraph (6). The dealer shall provide the buyer with the statement required by this paragraph in duplicate to enable the buyer to return the signed cancellation notice and retain a copy of the cancellation agreement.

(9) If, pursuant to paragraph (5), the limit on the restocking fee is increased by the amount the buyer, who exercises a contract cancellation option would have been obligated to pay the lessor, upon termination of the lease, for charges for excess mileage, unrepaired damage, or excess wear and tear, as specified in the lease, the dealer shall provide the buyer with a notice of the contents of paragraph (5), including a statement regarding the increased restocking fee.

(c) (1) No later than the second day following the day on which the buyer exercises the right to cancel the purchase in compliance with the contract cancellation option agreement, the dealer shall cancel the contract and provide the buyer with a full refund, including that portion of the sales tax attributable to amounts excluded pursuant to Section 6012.3 of the Revenue and Taxation Code.

(2) If the buyer was not charged for the contract cancellation option agreement, the dealer shall return to the buyer, no later than the day following the day on which the buyer exercises the right to cancel the purchase, any motor vehicle the buyer left with the seller as a downpayment or trade-in. If the dealer has sold or otherwise transferred

title to the motor vehicle that was left as a downpayment or trade-in, the full refund described in paragraph (1) shall include the fair market value of the motor vehicle left as a downpayment or trade-in, or its value as stated in the contract or purchase order, whichever is greater.

(3) If the buyer was charged for the contract cancellation option agreement, the dealer shall retain any motor vehicle the buyer left with the dealer as a downpayment or trade-in until the buyer exercises the right to cancel or the right to cancel expires. If the buyer exercises the right to cancel the purchase, the dealer shall return to the buyer, no later than the day following the day on which the buyer exercises the right to cancel the purchase, any motor vehicle the buyer left with the seller as a downpayment or trade-in. If the dealer has inadvertently sold or otherwise transferred title to the motor vehicle as the result of a bona fide error, notwithstanding reasonable procedures designed to avoid that error, the inadvertent sale or transfer of title shall not be deemed a violation of this paragraph, and the full refund described in paragraph (1) shall include the retail market value of the motor vehicle left as a downpayment or trade-in, or its value as stated in the contract or purchase order, whichever is greater.

(d) If the dealer received a portion of the purchase price by credit card, or other third-party payer on the buyer's account, the dealer may refund that portion of the purchase price to the credit card issuer or third-party payer for credit to the buyer's account.

(e) Notwithstanding subdivision (a), a dealer is not required to offer a contract cancellation option agreement to an individual who exercised his or her right to cancel the purchase of a vehicle from the dealer pursuant to a contract cancellation option agreement during the immediately preceding 30 days. A dealer is not required to give notice to a subsequent buyer of the return of a vehicle pursuant to this section. This subdivision does not abrogate or limit any disclosure obligation imposed by any other law.

(f) This section does not affect or alter the legal rights, duties, obligations, or liabilities of the buyer, the dealer, or the dealer's agents or assigns, that would exist in the absence of a contract cancellation option agreement. The buyer is the owner of a vehicle when he or she takes delivery of a vehicle until the vehicle is returned to the dealer pursuant to a contract cancellation option agreement, and the existence of a contract cancellation option agreement shall not impose permissive user liability on the dealer, or the dealer's agents or assigns, under Section 460 or 17150 or otherwise.

(g) Nothing in this section is intended to affect the ability of a buyer to rescind the contract or revoke acceptance under any other law.

(b) For purposes of this section, "basic state aid school district" means any school district that does not receive a state apportionment pursuant to subdivision (h) of Section 42238 of the Education Code, but receives from the state only a basic apportionment pursuant to Section 6 of Article IX of the California Constitution.

(C) A statement informing the buyer that the contractor’s failure to comply with the requirements of this paragraph does not preclude the recovery of compensation for work performed based upon legal or equitable remedies designed to prevent unjust enrichment.

(4) A notice with the heading “Mechanics’ Lien Warning” written as follows:

“MECHANICS LIEN WARNING:

Anyone who helps improve your property, but who is not paid, may record what is called a mechanics’ lien on your property. A mechanics’ lien is a claim, like a mortgage or home equity loan, made against your property and recorded with the county recorder.

Even if you pay your contractor in full, unpaid subcontractors, suppliers, and laborers who helped to improve your property may record mechanics’ liens and sue you in court to foreclose the lien. If a court finds the lien is valid, you could be forced to pay twice or have a court officer sell your home to pay the lien. Liens can also affect your credit.

To preserve their right to record a lien, each subcontractor and material supplier must provide you with a document called a ‘20-day Preliminary Notice.’ This notice is not a lien. The purpose of the notice is to let you know that the person who sends you the notice has the right to record a lien on your property if he or she is not paid.

BE CAREFUL. The Preliminary Notice can be sent up to 20 days after the subcontractor starts work or the supplier provides material. This can be a big problem if you pay your contractor before you have received the Preliminary Notices.

You will not get Preliminary Notices from your prime contractor or from laborers who work on your project. The law assumes that you already know they are improving your property.

PROTECT YOURSELF FROM LIENS. You can protect yourself from liens by getting a list from your contractor of all the subcontractors and material suppliers that work on your project. Find out from your contractor when these subcontractors started work and when these suppliers delivered goods or materials. Then wait 20 days, paying attention to the Preliminary Notices you receive.

PAY WITH JOINT CHECKS. One way to protect yourself is to pay with a joint check. When your contractor tells you it is time to pay for the work of a subcontractor or supplier who has provided you with a Preliminary Notice, write a joint check payable to both the contractor and the subcontractor or material supplier.

For other ways to prevent liens, visit CSLB's Web site at www.cslb.ca.gov or call CSLB at 800-321-CSLB (2752).

REMEMBER, IF YOU DO NOTHING, YOU RISK HAVING A LIEN PLACED ON YOUR HOME. This can mean that you may have to pay twice, or face the forced sale of your home to pay what you owe."

(5) The following notice shall be provided in at least 12-point typeface: "Information about the Contractors' State License Board (CSLB): CSLB is the state consumer protection agency that licenses and regulates construction contractors.

Contact CSLB for information about the licensed contractor you are considering, including information about disclosable complaints, disciplinary actions and civil judgments that are reported to CSLB.

Use only licensed contractors. If you file a complaint against a licensed contractor within the legal deadline (usually four years), CSLB has authority to investigate the complaint. If you use an unlicensed contractor, CSLB may not be able to help you resolve your complaint. Your only remedy may be in civil court, and you may be liable for damages arising out of any injuries to the unlicensed contractor or the unlicensed contractor's employees.

(6) (A) The notice set forth in subparagraph (B) and entitled "Three-Day Right to Cancel," shall be provided to the buyer unless the contract is:

- (i) Negotiated at the contractor's place of business.
- (ii) Subject to the "Seven-Day Right to Cancel," as set forth in paragraph (8).

(iii) Subject to licensure under the Alarm Company Act (Chapter 11.6 (commencing with Section 7590)), provided the alarm company licensee complies with Sections 1689.5, 1689.6, and 1689.7 of the Civil Code, as applicable.

(B) “Three-Day Right to Cancel

SEC. 2. Section 7159.5 of the Business and Professions Code is amended to read:

7159.5. This section applies to all home improvement contracts, as defined in Section 7151.2, between an owner or tenant and a contractor, whether a general contractor or a specialty contractor, who is licensed

or subject to be licensed pursuant to this chapter with regard to the transaction.

(a) Failure by the licensee or a person subject to be licensed under this chapter, or by his or her agent or salesperson, to comply with the following provisions is cause for discipline:

(1) The contract shall be in writing and shall include the agreed contract amount in dollars and cents. The contract amount shall include the entire cost of the contract, including profit, labor, and materials, but excluding finance charges.

(2) If there is a separate finance charge between the contractor and the person contracting for home improvement, the finance charge shall be set out separately from the contract amount.

(3) If a downpayment will be charged, the downpayment may not exceed one thousand dollars (\$1,000) or 10 percent of the contract amount, whichever is less.

(4) If, in addition to a downpayment, the contract provides for payments to be made prior to completion of the work, the contract shall include a schedule of payments in dollars and cents specifically referencing the amount of work or services to be performed and any materials and equipment to be supplied.

(5) Except for a downpayment, the contractor may neither request nor accept payment that exceeds the value of the work performed or material delivered.

(6) Upon any payment by the person contracting for home improvement, and prior to any further payment being made, the contractor shall, if requested, obtain and furnish to the person a full and unconditional release from any potential lien claimant claim or mechanic's lien pursuant to Section 3114 of the Civil Code for any portion of the work for which payment has been made. The person contracting for home improvement may withhold all further payments until these releases are furnished.

(7) If the contract provides for a payment of a salesperson's commission out of the contract price, that payment shall be made on a pro rata basis in proportion to the schedule of payments made to the contractor by the disbursing party in accordance with paragraph (4).

(8) A contractor furnishing a performance and payment bond, lien and completion bond, or a bond equivalent or joint control approved by the registrar covering full performance and payment is exempt from paragraphs (3), (4), and (5), and need not include, as part of the contract, the statement regarding the downpayment specified in subparagraph (C) of paragraph (8) of subdivision (d) of Section 7159, the details and statement regarding progress payments specified in paragraph (9) of subdivision (d) of Section 7159, or the Mechanics' Lien Warning

(5) The prospective buyer must have initiated contact with the contractor to request work.

(6) The contractor may not sell the buyer goods or services beyond those reasonably necessary to take care of the particular problem that caused the buyer to contact the contractor.

(7) No payment may be due before the project is completed.

(8) A service and repair contractor may charge only one service charge. For purposes of this chapter, a service charge includes such charges as a service or trip charge, or an inspection fee.

(9) A service and repair contractor charging a service charge must disclose in all advertisements that there is a service charge and, when the customer initiates the call for service, must disclose the amount of the service charge.

(10) The service and repair contractor must offer to the customer any parts that were replaced.

(11) Upon any payment by the buyer, the contractor shall, if requested, obtain and furnish to the buyer a full and unconditional release from any potential lien claimant claim or mechanic's lien pursuant to Section 3114 of the Civil Code for any portion of the work for which payment has been made.

(b) A violation of paragraph (1), (2), (3), (4), (5), (6), or (8) of subdivision (a) by a licensee or a person subject to be licensed under this chapter, or by his or her agent or salesperson, is a misdemeanor punishable by a fine of not less than one hundred dollars (\$100) nor more than five thousand dollars (\$5,000), or by imprisonment in a county jail not exceeding one year, or by both that fine and imprisonment.

(3) The limitations on actions in this subdivision shall not apply to any administrative action filed against a licensed contractor.

(c) Any person who violates this section as part of a plan or scheme to defraud an owner or tenant of a residential or nonresidential structure, including a mobilehome or manufactured home, in connection with the offer or performance of repairs to the structure for damage caused by a natural disaster, shall be ordered by the court to make full restitution to the victim based on the person's ability to pay, as defined in subdivision (e) of Section 1203.1b of the Penal Code. In addition to full restitution, and imprisonment authorized by this section, the court may impose a fine of not less than five hundred dollars (\$500) nor more than twenty-five thousand dollars (\$25,000), based upon the defendant's ability to pay. This subdivision applies to natural disasters for which a state of emergency is proclaimed by the Governor pursuant to Section 8625 of the Government Code, or for which an emergency or major disaster is declared by the President of the United States.

CHAPTER 231

An act to amend Section 27293 of the Government Code, relating to recorded instruments.

[Approved by Governor September 26, 2007. Filed with
Secretary of State September 26, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 27293 of the Government Code is amended to read:

27293. (a) (1) Except as otherwise provided in subdivision (b), if an instrument intended for record is executed or certified in whole or in

part in any language other than English, the recorder shall not accept the instrument for record.

(2) (A) A translation in English of an instrument executed or certified in whole or in part in any language other than English may be presented to the county clerk for verification that the translation was performed by a certified or registered court interpreter, as described in Section 68561 of the Government Code, or by an accredited translator registered with the American Translators Association. The translation shall be accompanied by a notarized declaration by the interpreter or translator that the translation is true and accurate, and includes the certification, qualification, or registration of the interpreter or translator. The clerk shall consult a Web site maintained by the Judicial Council or the American Translators Association in verifying the certification, qualification, or registration of the interpreter or translator.

(B) Upon verification that the translation was performed by an interpreter or translator described in subparagraph (A), and that the translation is accompanied by a notarized declaration as required pursuant to subparagraph (A), the clerk shall duly make certification of that verification under seal of the county, attach the certification to the translation, and attach the certified translation to the original instrument.

(C) For this verification and certification, a fee of ten dollars (\$10) shall be paid to the county clerk for each document submitted for certification. The attached original instrument and certified translation may be presented to the recorder, and upon payment of the usual fees, the recorder shall accept and permanently file the instrument and record the certified translation. The recording of the certified translation gives notice and is of the same effect as the recording of an original instrument. Certified copies of the recorded translation may be recorded in other counties, with the same effect as the recording of the original translation; provided, however, that in those counties where a photostatic or photographic method of recording is employed, the whole instrument, including the foreign language and the translation may be recorded, and the original instrument returned to the party leaving it for record or upon his or her order.

(b) The provisions of subdivision (a) do not apply to any instrument offered for record that contains provisions in English and a translation of the English provisions in any language other than English, provided that the English provisions and the translation thereof are specifically set forth in state or federal law.

(c) The county clerk is not required to issue a translation certificate if he or she is unable to confirm the certification, registration, or accreditation of the translator, as required in subdivision (a).

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 232

The people of the State of California do enact as follows:

SECTION 1. Section 21201 of the Vehicle Code is amended to read: 21201. (a) No person shall operate a bicycle on a roadway unless it is equipped with a brake which will enable the operator to make one braked wheel skid on dry, level, clean pavement.

(4) A white or yellow reflector on each side forward of the center of the bicycle, and a white or red reflector on each side to the rear of the

center of the bicycle, except that bicycles that are equipped with reflectorized tires on the front and the rear need not be equipped with these side reflectors.

The reflectors and reflectorized tires shall be of a type meeting requirements established by the department.

(e) A lamp or lamp combination, emitting a white light, attached to the operator and visible from a distance of 300 feet in front and from the sides of the bicycle, may be used in lieu of the lamp required by paragraph (1) of subdivision (d).

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 234

An act to amend Section 2166.5 of the Elections Code, relating to voter registration.

[Approved by Governor September 26, 2007. Filed with

The people of the State of California do enact as follows:

SECTION 1. Section 2166.5 of the Elections Code is amended to read:

2166.5. (a) Any person filing with the county elections official a new affidavit of registration or reregistration may have the information relating to his or her residence address, telephone number, and e-mail address appearing on the affidavit, or any list or roster or index prepared therefrom, declared confidential upon presentation of certification that the person is a participant in the Address Confidentiality for Victims of Domestic Violence, Sexual Assault, and Stalking program pursuant to Chapter 3.1 (commencing with Section 6205) of Division 7 of Title 1 of the Government Code or a participant in the Address Confidentiality for Reproductive Health Care Service Providers, Employees, Volunteers, and Patients program pursuant to Chapter 3.2 (commencing with Section 6215) of that division.

(b) Any person granted confidentiality under subdivision (a) shall:

(c) No action in negligence may be maintained against any government entity or officer or employee thereof as a result of disclosure of the information that is the subject of this section unless by a showing of gross negligence or willfulness.

SEC. 1.5. Section 2166.5 of the Elections Code is amended to read:

2166.5. (a) Any person filing with the county elections official a new affidavit of registration or reregistration may have the information relating to his or her residence address, telephone number, and e-mail address appearing on the affidavit, or any list or roster or index prepared therefrom, declared confidential upon presentation of certification that the person is a participant in the Address Confidentiality for Victims of Domestic Violence, Sexual Assault, and Stalking program pursuant to Chapter 3.1 (commencing with Section 6205) of Division 7 of Title 1 of the Government Code or a participant in the Address Confidentiality for Reproductive Health Care Service Providers, Employees, Volunteers, and Patients program pursuant to Chapter 3.2 (commencing with Section 6215) of that division.

(b) Any person granted confidentiality under subdivision (a) shall:

(1) Be considered a vote by mail voter for all subsequent elections or until the county elections official is notified otherwise by the Secretary of State or in writing by the voter. (2) In addition to the required residence address, provide a valid mailing address to be used in place of the residence address for election, scholarly, or political research, and government purposes. The elections official, in producing any list, roster, or index may, at his or her choice, use the valid mailing address or the word "confidential" or some similar designation in place of the residence address.

(d) Subdivisions (a) and (b) shall not apply to any person granted confidentiality upon receipt by the county elections official of a written notice by the address confidentiality program manager of the withdrawal, invalidation, expiration, or termination of the program participant's certification.

(e) This section shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

SEC. 2. Section 1.5 of this bill incorporates amendments to Section 2166.5 of the Elections Code proposed by both this bill and AB 1243. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2008, (2) each bill amends Section 2166.5 of the Elections Code, and (3) this bill is enacted after AB 1243, in which case Section 1 of this bill shall not become operative.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because, in that regard, this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 236

An act to amend Sections 11500, 11501, 11502, 11502.5, 11504, 11505, and 11506 of the Business and Professions Code, relating to common interest developments.

[Approved by Governor September 26, 2007. Filed with
Secretary of State September 26, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) There are approximately 41,000 common interest developments in this state. California common interest developments contain over 10 million homes that house more than 10 million people.

(b) Homes in common interest developments, like homes that are not in common interest developments, most often represent the owner's single largest lifetime investment.

(c) The management and operation of common interest developments is governed by a complex set of statutes and decisional law. In addition to possessing an understanding of the law, the successful professional

common interest development management and operation of common interest developments require fundamental skills in subjects including, but not limited to, finance, accounting, bookkeeping, contract administration, human resources, and parliamentary procedure.

(d) Common interest development managers are often delegated the authority, by the governing body of a common interest development, to collect and disburse substantial sums of money annually in homeowner assessments, which are used for the purpose of operating the community.

(e) The growth in common interest developments, coupled with the addition of governing statutes and decisional law, has emphasized the importance for common interest development managers to have the necessary skills and technical expertise to manage these associations.

(f) Individuals managing common interest developments who have these skills and expertise may identify themselves as “certified,” if they have met the requirements of Section 11502 of the Business and Professions Code.

(g) Since the enactment of the certification law in 2003, voluntary certification has tripled, resulting in a significant increase in the number of educated professional community managers.

(h) Residents of common interest developments in this state who serve as board members of those developments should be made aware that those managers who refer to themselves as “certified community managers” have met specific educational requirements and standards.

SEC. 2. Section 11500 of the Business and Professions Code is amended to read:

11500. For purposes of this chapter, the following definitions apply:

(a) “Common interest development” means a residential development identified in subdivision (c) of Section 1351 of the Civil Code.

(b) “Association” has the same meaning as defined in subdivision (a) of Section 1351 of the Civil Code.

(c) “Financial services” means acts performed or offered to be performed, for compensation, for an association, including, but not limited to, the preparation of internal unaudited financial statements, internal accounting and bookkeeping functions, billing of assessments, and related services.

(d) “Management services” means acts performed or offered to be performed in an advisory capacity for an association including, but not limited to, the following:

(1) Administering or supervising the collection, reporting, and archiving of the financial or common area assets of an association or common interest development, at the direction of the association’s board of directors.

(2) Implementing resolutions and directives of the board of directors of the association elected to oversee the operation of a common interest development.

(3) Implementing provisions of governing documents, as defined in Section 1351 of the Civil Code, that govern the operation of the common interest development.

(4) Administering association contracts, including insurance contracts, within the scope of the association's duties or with other common interest development managers, vendors, contractors, and other third-party providers of goods and services to an association or common interest development.

(e) "Professional association for common interest development managers" means an organization that meets all of the following:

(1) Has at least 200 members or certificants who are common interest development managers in California.

(2) Has been in existence for at least five years.

(3) Operates pursuant to Section 501(c) of the Internal Revenue Code.

(4) Certifies that a common interest development manager has met the criteria set forth in Section 11502 without requiring membership in the association.

(5) Requires adherence to a code of professional ethics and standards of practice for certified common interest development managers.

SEC. 3. Section 11501 of the Business and Professions Code is amended to read:

11501. (a) "Common interest development manager" means an individual who for compensation, or in expectation of compensation, provides or contracts to provide management or financial services, or represents himself or herself to act in the capacity of providing management or financial services to an association. Notwithstanding any other provision of law, an individual may not be required to obtain a real estate or broker's license in order to perform the services of a common interest development manager to an association.

(b) "Common interest development manager" also means any of the following:

(1) An individual who is a partner in a partnership, a shareholder or officer in a corporation, or who, in any other business entity acts in a capacity to advise, supervise, and direct the activity of a registrant or provisional registrant, or who acts as a principal on behalf of a company that provides the services of a common interest development manager.

(2) An individual operating under a fictitious business name who provides the services of a common interest development manager.

This section may not be construed to require an association to hire for compensation a common interest development manager, unless required

to do so by its governing documents. Nothing in this part shall be construed to supersede any law that requires a license, permit, or any other form of registration, to provide management or financial services. Nothing in this section shall preclude a licensee of the California Board of Accountancy from providing financial services to an association within the scope of his or her license in addition to the preparation of reviewed and audited financial statements and the preparation of the association's tax returns.

SEC. 4. Section 11502 of the Business and Professions Code is amended to read:

11502. In order to be called a "certified common interest development manager," a person shall meet one of the following requirements:

(1) The law that relates to the management of common interest developments, including, but not limited to, the following courses of study:

(A) Topics covered by the Davis-Stirling Common Interest Development Act, contained in Title 6 (commencing with Section 1350) of Part 4 of Division 2 of the Civil Code, including, but not limited to, the types of California common interest developments, disclosure requirements pertaining to common interest developments, meeting requirements, financial reporting requirements, and member access to association records.

(B) Personnel issues, including, but not limited to, general matters related to independent contractor or employee status, the laws on harassment, the Unruh Civil Rights Act, the California Fair Employment and Housing Act, and the Americans with Disabilities Act.

meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 238

An act to amend Section 23701d of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 26, 2007. Filed with
Secretary of State September 26, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 23701d of the Revenue and Taxation Code is amended to read:

23701d. (a) A corporation, community chest or trust, organized and operated exclusively for religious, charitable, scientific, testing for public safety, literary, or educational purposes, or to foster national or international amateur sports competition (but only if no part of its activities involved the provision of athletic facilities or equipment), or for the prevention of cruelty to children or animals, no part of the net earnings of which inures to the benefit of any private shareholder or individual, no substantial part of the activities of which is carrying on propaganda or otherwise attempting to influence legislation, (except as otherwise provided in Section 23704.5), and which does not participate in, or intervene in (including the publishing or distribution of statements), any political campaign on behalf of (or in opposition to) any candidate for public office. An organization is not organized exclusively for exempt purposes listed above unless its assets are irrevocably dedicated to one or more purposes listed in this section. Dedication of assets requires that in the event of dissolution of an organization or the impossibility of performing the specific organizational purposes the assets would continue to be devoted to exempt purposes. Assets shall be deemed irrevocably dedicated to exempt purposes if the articles of organization provide that upon dissolution the assets will be distributed to an organization which is exempt under this section or Section 501(c)(3) of the Internal Revenue Code or to the federal government, or to a state or local government for public purposes; or by a provision in the articles of organization, satisfactory to the Franchise Tax Board; that the property will be distributed in trust for exempt purposes; or by establishing that the assets are irrevocably dedicated to exempt purposes by operation of law. The

irrevocable dedication requirement shall not be a sole basis for revocation of an exempt determination made by the Franchise Tax Board prior to the effective date of this amendment.

(b) (1) In the case of a qualified amateur sports organization—

(A) The requirement of subdivision (a) that no part of its activities involves the provision of athletic facilities or equipment shall not apply.

(B) That organization shall not fail to meet the requirements of subdivision (a) merely because its membership is local or regional in nature.

(2) For purposes of this subdivision, “qualified amateur sports organization” means any organization organized and operated exclusively to foster national or international amateur sports competition if that organization is also organized and operated primarily to conduct national or international competition in sports or to support and develop amateur athletes for national or international competition in sports.

(c) (1) Notwithstanding subdivisions (a), (b), and (c) of Section 23701, an organization organized and operated for nonprofit purposes in accordance with this section shall be exempt from taxes imposed by this part, except as provided in this article or in Article 2 (commencing with Section 23731), upon its submission to the Franchise Tax Board of a copy of the notification issued by the Internal Revenue Service approving the organization’s tax-exempt status pursuant to Section 501(c)(3) of the Internal Revenue Code. The effective date of an organization’s tax-exempt status for state income tax purposes pursuant to this subdivision shall be no later than the effective date of the organization’s tax-exempt status, under Section 501(c)(3) of the Internal Revenue Code, for federal income tax purposes.

(2) If, for federal income tax purposes, an organization’s tax-exempt status under Section 501(c)(3) of the Internal Revenue Code is suspended or revoked, the organization shall notify the Franchise Tax Board of the suspension or revocation, in the form and manner prescribed by the Franchise Tax Board. Upon notification, the board shall suspend or revoke, whichever is applicable, for state income tax purposes, an organization’s tax-exempt status granted pursuant to paragraph (1) of this subdivision.

(3) This subdivision shall not be construed to prevent the Franchise Tax Board from revoking the exemption of an organization that is not organized or operated in accordance with this chapter or Section 501(c)(3) of the Internal Revenue Code.

(d) The Franchise Tax Board may prescribe rules and regulations to implement this section.

SEC. 2. This act shall apply to requests for tax-exempt status in California filed by organizations with the Franchise Tax Board on or after January 1, 2008.

SEC. 3. The Legislature finds and declares that the enactment of this act and the retroactive application provided by Section 1 of this act are necessary for the public purpose of providing relief under California law to certain nonprofit organizations that qualify as tax-exempt for federal income tax purposes and are seeking to obtain tax-exempt status in California by eliminating the requirement to file a separate application with the Franchise Tax Board for those organizations that have received a federal determination letter, and thus, streamlining the process of obtaining the tax-exempt status for state income tax purposes, and ensuring that every eligible organization qualifies for this new process regardless of whether the organization receives a federal determination letter before or after January 1, 2008.

CHAPTER 239

An act to amend Section 829 of the Public Utilities Code, relating to public utilities.

[Approved by Governor September 26, 2007. Filed with
Secretary of State September 26, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 829 of the Public Utilities Code is amended to read:

829. (a) This article shall not apply to any person or corporation which transacts no business subject to regulation under this part, except performing services or delivering commodities for or to public utilities or municipal or other public corporations primarily for resale or use in serving the public or any portion thereof. This article shall apply to any public utility if the commission finds, in a proceeding to which the public utility is or may become a party, that the application of this article is required by the public interest.

(b) (1) Except for Section 828, a telephone corporation that is not regulated under a rate-of-return regulatory structure is exempt from this article. This subdivision does not exempt a telephone corporation that is also an electrical corporation or a gas corporation, unless the commission determines the telephone corporation is exempt pursuant to subdivision (c). As used in this subdivision, a “rate-of-return regulatory

structure” means a system under which the rates and charges of the telephone corporation are limited by a maximum permissible price that may be charged for a specific service. Telephone corporations regulated by a framework under which they may exercise pricing flexibility for all or most of the services offered are not regulated under a rate-of-return regulatory structure.

(2) Notwithstanding paragraph (1), the commission may impose any requirement of this article on a telephone corporation if the commission finds, in a proceeding in which the telephone corporation is or may become a party, that the application of any provision of this article is required by the public interest.

(c) The commission may from time to time by order or rule, and subject to such terms and conditions as may be prescribed therein, exempt any public utility or class of public utility from this article if it finds that the application thereof to such public utility or class of public utility is not necessary in the public interest.

The people of the State of California do enact as follows:

The board shall use the fingerprints furnished by an applicant to obtain criminal history information on the applicant from the Department of Justice and the United States Federal Bureau of Investigation, and the board may obtain any subsequent arrest information that is available.

SEC. 2. Section 7083.1 of the Business and Professions Code is amended to read:

7083.1. A licensee whose license is expired or suspended, and is renewable under Section 7141, or whose license is canceled, shall notify the registrar in writing of a change of address of record within 90 days, and shall maintain a current address of record during the five-year period immediately following the expiration or cancellation of the license.

This requirement may be waived if proof satisfactory to the commission is presented that shows that individual notices to registered voters have already been provided by the initiating agency. Notice shall also either be posted or published in accordance with Section 56153 in a newspaper of general circulation that is circulated within the affected territory 21 days prior to the hearing.

(g) If the total number of notices required to be mailed in accordance with subdivisions (d) and (f) exceeds 1,000, then notice may instead be provided by publishing a display advertisement of at least one-eighth page in a newspaper, as specified in Section 56153, at least 21 days prior to the hearing.

SEC. 5. Section 56332 of the Government Code is amended to read:

56332. (a) The independent special district selection committee shall consist of the presiding officer of the legislative body of each independent special district. However, if the presiding officer of an independent special district is unable to attend a meeting of the independent special district selection committee, the legislative body of the district may appoint one of its members to attend the meeting of the selection committee in the presiding officer's place. Those districts shall include districts located wholly within the county and those containing territory within the county representing 50 percent or more of the assessed value of taxable property of the district, as shown on the last equalized county assessment roll. Each member of the committee shall be entitled to one vote for each independent special district of which he or she is the presiding officer. Members representing a majority of the eligible districts shall constitute a quorum.

(b) The executive officer shall call and give written notice of all meetings of the members of the selection committee. A meeting shall be called and held under either of the following circumstances:

(1) Whenever a vacancy exists among the members or alternate members representing independent special districts upon the commission.

(2) Upon receipt of a written request by one or more members of the selection committee representing districts having 10 percent or more of the assessed value of taxable property within the county, as shown on the last equalized county assessment roll.

(c) (1) If the executive officer determines that a meeting of the special district selection committee, for the purpose of selecting the special district representatives or for filling a vacancy, is not feasible, the executive officer may conduct the business of the committee in writing, as provided in this subdivision. The executive officer may call for nominations to be submitted in writing within 30 days. At the end of the nominating period, the executive officer shall prepare and deliver, or send by certified mail, to each independent special district one ballot and voting instructions. If only one candidate is nominated for a vacant seat, that candidate shall be deemed selected, with no further proceedings.

(2) As an alternative to the delivery or certified mail, the executive officer, with the prior concurrence of the district, may transmit the ballot and voting instructions by electronic mail, provided that the executive officer shall retain written evidence of the receipt of that material.

(3) The ballot shall include the names of all nominees and the office for which each was nominated. The districts shall return the ballots to the executive officer by the date specified in the voting instructions, which date shall be at least 30 days from the date on which the executive officer mailed the ballots to the districts.

(4) If the executive officer has transmitted the ballot and voting instructions by electronic mail, the districts may return the ballots to the executive officer by electronic mail, provided that the executive officer retains written evidence of the receipt of the ballot.

(5) Any ballot received by the executive officer after the specified date is invalid. The executive officer shall announce the results of the election within seven days of the specified date.

(d) The selection committee shall appoint two regular members and one alternate member to the commission. The members so appointed shall be elected or appointed special district officers residing within the county but shall not be members of the legislative body of a city or county. If one of the regular district members is absent from a commission meeting or disqualifies himself or herself from participating in a meeting, the alternate district member may serve and vote in place of the regular district member for that meeting. The representation by a regular district member who is a special district officer shall not disqualify, or be cause for disqualification of, the member from acting on a proposal affecting the special district. The special district selection committee may, at the time it appoints a member or alternate, provide that the member or alternate is disqualified from voting on proposals affecting the district of which the member is a representative.

(e) If the office of a regular district member becomes vacant, the alternate member may serve and vote in place of the former regular district member until the appointment and qualification of a regular district member to fill the vacancy.

SEC. 6. Section 56381 of the Government Code is amended to read:

56381. (a) The commission shall adopt annually, following noticed public hearings, a proposed budget by May 1 and final budget by June 15. At a minimum, the proposed and final budget shall be equal to the budget adopted for the previous fiscal year unless the commission finds that reduced staffing or program costs will nevertheless allow the commission to fulfill the purposes and programs of this chapter. The commission shall transmit its proposed and final budgets to the board of supervisors, to each city, and to each independent special district.

(b) After public hearings, consideration of comments, and adoption of a final budget by the commission pursuant to subdivision (a), the auditor shall apportion the net operating expenses of a commission in the following manner:

(1) (A) In counties in which there is city and independent special district representation on the commission, the county, cities, and independent special districts shall each provide a one-third share of the commission's operational costs.

(B) The cities' share shall be apportioned in proportion to each city's total revenues, as reported in the most recent edition of the Cities Annual Report published by the Controller, as a percentage of the combined city revenues within a county, or by an alternative method approved by a majority of cities representing the majority of the combined cities' populations.

(C) The independent special districts' share shall be apportioned in proportion to each district's total revenues as a percentage of the combined total district revenues within a county. Except as provided in subparagraph (D), an independent special district's total revenue shall be calculated for nonenterprise activities as total revenues for general purpose transactions less revenue category aid from other governmental agencies and for enterprise activities as total operating and nonoperating revenues less revenue category other governmental agencies, as reported in the most recent edition of the "Special Districts Annual Report" published by the Controller, or by an alternative method approved by a majority of the agencies, representing a majority of their combined populations. For the purposes of fulfilling the requirement of this section, a multicounty independent special district shall be required to pay its apportionment in its principal county. It is the intent of the Legislature that no single district or class or type of district shall bear a disproportionate amount of the district share of costs.

(D) (i) For purposes of apportioning costs to a health care district formed pursuant to Division 23 (commencing with Section 32000) of the Health and Safety Code that operates a hospital, a health care district's share, except as provided in clauses (ii) and (iii), shall be apportioned in proportion to each district's net from operations as reported in the most recent edition of the hospital financial disclosure report form published by the Office of Statewide Health Planning and Development, as a percentage of the combined independent special districts' net operating revenues within a county.

(ii) A health care district for which net from operations is a negative number may not be apportioned any share of the commission's operational costs until the fiscal year following positive net from operations, as reported in the most recent edition of the hospital financial disclosure report form published by the Office of Statewide Health Planning and Development.

(iii) A health care district that has filed and is operating under public entity bankruptcy pursuant to federal bankruptcy law, shall not be

apportioned any share of the commission's operational costs until the fiscal year following its discharge from bankruptcy.

(iv) As used in this subparagraph "net from operations" means total operating revenue less total operating expenses.

(E) Notwithstanding the requirements of subparagraph (C), the independent special districts' share may be apportioned by an alternative method approved by a majority of the districts, representing a majority of the combined populations. However, in no event shall an individual district's apportionment exceed the amount that would be calculated pursuant to subparagraphs (C) and (D), or in excess of 50 percent of the total independent special districts' share, without the consent of that district.

(F) Notwithstanding the requirements of subparagraph (C), no independent special district shall be apportioned a share of more than 50 percent of the total independent special districts' share of the commission's operational costs, without the consent of the district as otherwise provided in this section. In those counties in which a district's share is limited to 50 percent of the total independent special districts' share of the commission's operational costs, the share of the remaining districts shall be increased on a proportional basis so that the total amount for all districts equals the share apportioned by the auditor to independent special districts.

(2) In counties in which there is no independent special district representation on the commission, the county and its cities shall each provide a one-half share of the commission's operational costs. The cities' share shall be apportioned in the manner described in paragraph (1).

(3) In counties in which there are no cities, the county and its special districts shall each provide a one-half share of the commission's operational costs. The independent special districts' share shall be apportioned in the manner described for cities' apportionment in paragraph (1). If there is no independent special district representation on the commission, the county shall pay all of the commission's operational costs.

(4) Instead of determining apportionment pursuant to paragraph (1), (2), or (3), any alternative method of apportionment of the net operating expenses of the commission may be used if approved by a majority vote of each of the following: the board of supervisors; a majority of the cities representing a majority of the total population of cities in the county; and the independent special districts representing a majority of the combined total population of independent special districts in the county. However, in no event shall an individual district's apportionment exceed the amount that would be calculated pursuant to subparagraphs (C) and

(D) of paragraph (1), or in excess of 50 percent of the total independent special districts' share, without the consent of that district.

(c) After apportioning the costs as required in subdivision (b), the auditor shall request payment from the board of supervisors and from each city and each independent special district no later than July 1 of each year for the amount that entity owes and the actual administrative costs incurred by the auditor in apportioning costs and requesting payment from each entity. If the county, a city, or an independent special district does not remit its required payment within 60 days, the commission may determine an appropriate method of collecting the required payment, including a request to the auditor to collect an equivalent amount from the property tax, or any fee or eligible revenue owed to the county, city, or district. The auditor shall provide written notice to the county, city, or district prior to appropriating a share of the property tax or other revenue to the commission for the payment due the commission pursuant to this section. Any expenses incurred by the commission or the auditor in collecting late payments or successfully challenging nonpayment shall be added to the payment owed to the commission. Between the beginning of the fiscal year and the time the auditor receives payment from each affected city and district, the board of supervisors shall transmit funds to the commission sufficient to cover the first two months of the commission's operating expenses as specified by the commission. When the city and district payments are received by the commission, the county's portion of the commission's annual operating expenses shall be credited with funds already received from the county. If, at the end of the fiscal year, the commission has funds in excess of what it needs, the commission may retain those funds and calculate them into the following fiscal year's budget. If, during the fiscal year, the commission is without adequate funds to operate, the board of supervisors may loan the commission funds. The commission shall appropriate sufficient funds in its budget for the subsequent fiscal year to repay the loan.

SEC. 7. Section 56430 of the Government Code is amended to read:

(a) In order to prepare and to update spheres of influence in accordance with Section 56425, the commission shall conduct a service review of the municipal services provided in the county or other appropriate area designated by the commission. The commission shall include in the area designated for service review the county, the region, the subregion, or any other geographic area as is appropriate for an analysis of the service or services to be reviewed, and shall prepare a written statement of its determinations with respect to each of the following:

SEC. 8. Section 56663 of the Government Code is amended to read: 56663. (a) If a petition for an annexation, a detachment, or a reorganization consisting solely of annexations or detachments, or both, or the formation of a county service area is signed by all of the owners of land within the affected territory of the proposed change of organization or reorganization, or if a resolution of application by a legislative body of an affected district, affected county, or affected city making a proposal for an annexation or detachment, or for a reorganization consisting solely of annexations or detachments, or both, or the formation of a county service area is accompanied by proof, satisfactory to the commission, that all the owners of land within the affected territory have given their written consent to that change of organization or reorganization, the commission may approve or disapprove the change of organization or reorganization, without notice and hearing by the commission. In those cases, the commission may also approve and conduct proceedings for the change of organization or reorganization under any of the following conditions:

(1) Without notice and hearing.

(2) Without an election.

(3) Without notice, hearing, or an election.

(b) The executive officer shall give any affected agency mailed notice of the filing of the petition or resolution of application initiating proceedings by the commission. The commission shall not, without the written consent of the subject agency, take any further action on the petition or resolution of application for 10 days following that mailing. Upon written demand by an affected local agency, filed with the executive officer during that 10-day period, the commission shall make

determinations upon the petition or resolution of application only after notice and hearing on the petition or resolution of application. If no written demand is filed, the commission may make those determinations without notice and hearing. By written consent, which may be filed with the executive officer at any time, a subject agency may do any of the following:

- (1) Waive the requirement of mailed notice.

[Approved by Governor September 26, 2007. Filed with
Secretary of State September 26, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.12 (commencing with Section 15820.100) is added to Part 10b of Division 3 of Title 2 of the Government Code, to read:

CHAPTER 3.12. FINANCING OF SAN QUENTIN STATE PRISON CENTRAL HEALTH SERVICES FACILITIES

15820.100. The Legislature finds and declares all of the following:

(a) On February 14, 2006, the United States District Court in the case of Plata v. Schwarzenegger (No. C01-1351 TEH) suspended the exercise of authority by the Secretary of the Department of Corrections and Rehabilitation related to the administration, control, management, operation, and financing of the California prison medical health care system and vested those powers in a Medical Care Receiver appointed by the court commencing on April 17, 2006, until further order of the court.

(b) These powers included assessing the suitability of existing medical care facilities and the design and construction of upgrades or replacement facilities.

(c) It is necessary to design and construct a Central Health Services Building at San Quentin State Prison to provide medical, dental, and mental health treatment and a reception center to inmates.

(d) The purpose of this chapter is to authorize funding solely for this project and to describe the procurement method that the Medical Care Receiver is authorized to use for the project.

(e) This chapter is enacted for the sole purpose of addressing the urgent need for this building and for prison health care and shall not be cited as precedent for any other purpose.

15820.101. For the purposes of this chapter, the following definitions apply:

(a) "Department" means the Department of Corrections and Rehabilitation.

(b) "Medical Care Receiver" means the person appointed by the United States District Court in the case of Plata v. Schwarzenegger (No. C01-1351 TEH) to oversee management and operation of the state prison medical system.

(c) "Project" means the Central Health Services Building at San Quentin State Prison to provide medical, dental, and mental health treatment to inmates.

15820.102. (a) In order to expedite the improvement of medical, dental, and mental health at San Quentin State Prison and to expedite

compliance with the case of *Plata v. Schwarzenegger* (No. C01-1351 TEH), notwithstanding any other provision of law, the Medical Care Receiver may solicit proposals and enter into contracts for the study, planning, design, development, construction, rebuilding, improvement, or repair, or any combination thereof, for the project based upon a value-based, competitive negotiation process.

(b) Solicitations or contracts authorized pursuant to this section may be executed by the Medical Care Receiver through the California Prison Health Care Receivership Corporation on behalf of the department. Entities may be selected by the Medical Care Receiver subject to the oversight of the federal court and to all of the following criteria:

(2) The Medical Care Receiver shall ensure that the project is delivered under contracts entered into pursuant to this section at a fair and reasonable price.

(3) The Medical Care Receiver may not enter into any solicitation or contract that may result in unlawful activity, including, but not limited to, rebates or kickbacks.

(4) The Medical Care Receiver may not enter into a contract that uses employees or consultants of the Medical Care Receiver when those employees or consultants have a relationship with a person or business entity seeking a contract under this section that would subject those employees to the prohibition of Section 87100.

(c) The scope and cost of the project shall be subject to approval and administrative oversight by the board, pursuant to Section 13332.19, except that, for the purposes of this chapter, the duties assigned to the Director of General Services under that section shall be performed by the Medical Care Receiver.

15820.103. (a) For purposes of compliance with the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code), the board shall not be deemed a lead or responsible agency. However, nothing in this chapter exempts the department from the requirements of that division.

(b) Proceeds from bonds or notes authorized pursuant to this chapter shall be used to reimburse the General Fund for any costs incurred by the department for the preparation of an environmental impact report and related studies, and for any other costs associated with compliance with Division 13 (commencing with Section 21000) of the Public Resources Code in connection with the project.

15820.104. (a) The State Public Works Board may issue up to one hundred forty-six million one hundred sixty thousand dollars (\$146,160,000) in revenue bonds, negotiable notes, or negotiable bond anticipation notes pursuant to this part, to finance the design and construction for the project. The revenue bonds, negotiable notes, or negotiable bond anticipation notes authorized in this chapter shall reduce the amount of revenue bonds, negotiable notes, or negotiable bond anticipation notes the board is authorized to issue pursuant to subdivision (a) of Section 15819.403 for the construction authorized by subdivision (c) of Section 15819.40. None of the provisions of Chapter 3.2.1 of this part, as it may be amended from time to time, shall apply to the project.

(b) The department may borrow funds for project costs from the Pooled Money Investment Account pursuant to Sections 16312 and 16313 or from any other appropriate source. In the event any of the revenue bonds, notes, or bond anticipation notes authorized by this chapter are not sold, the department shall commit a sufficient amount of its support appropriation to repay any loans made from the Pooled Money Investment Account for an approved project.

(c) The costs of financing include, but are not limited to, interest during construction of the project, a reasonably required reserve fund, and the cost of issuance of permanent financing.

(d) The department and the board shall execute and deliver any and all leases, contracts, agreements, or other documents necessary for the sale of bonds or other financing for the project.

(e) Proceeds of the revenue bonds, notes, or bond anticipation notes may be used to reimburse the department for the costs of preliminary plans, working drawings, and construction, for the project.

(f) Notwithstanding Section 13340, funds derived pursuant to this section are continuously appropriated for purposes of this chapter.

15820.105. (a) All plans and specifications for the project shall comply with all applicable building codes.

(b) The project is hereby deemed a “public work” project for purposes of Sections 3082 to 3267, inclusive, of the Civil Code.

(c) The provisions of Chapter 1 (commencing with Section 1720) of Part 7 of Division 2 of the Labor Code shall apply to all public works contracts entered into for the project.

(d) Other than as provided in this section and Sections 15820.101, 15820.102, 15820.103, and 15820.104, private sector methods may be used to deliver the project. Specifically, the procurement and contracting for the delivery of the project is not subject to the State Contract Act or any other provision of California law governing public procurement or public works projects.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Immediate commencement of construction of the Central Health Services Building is necessary to meet the needs of the medical, mental health, and dental services programs that provide health care for the inmates housed at San Quentin State Prison, and to comply with the directives of the Medical Care Receiver in the case of *Plata v. Schwarzenegger* (No. C01-1351 TEH). Therefore, it is necessary for this act to go into effect immediately.

(d) The department may adopt the rules as it determines to be necessary for the administration of this section.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 247

An act to add and repeal Section 4326 of the Family Code, relating to spousal support.

[Approved by Governor September 26, 2007. Filed with
Secretary of State September 26, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 4326 is added to the Family Code, to read:
4326. (a) In a proceeding in which a spousal support order exists or in which the court has retained jurisdiction over a spousal support order, if a companion child support order is in effect, the termination of child support pursuant to subdivision (a) of Section 3901 constitutes a change of circumstances that may be the basis for a request for modification of spousal support.

(b) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

CHAPTER 248

An act to add Section 11006 to the Government Code, relating to state agencies.

[Approved by Governor September 26, 2007. Filed with
Secretary of State September 26, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 11006 is added to the Government Code, to read:

11006. (a) Notwithstanding any other provision of law, a state agency that requires fingerprinting for any non-law-enforcement purpose shall not require the use of specified live scan fingerprinting service providers certified by the Department of Justice to roll fingerprint impressions, as provided for under Section 11102.1 of the Penal Code.

(b) A state agency may identify on its Web site a list of live scan fingerprinting service providers certified by the Department of Justice. If a state agency does identify on its Web site a list of live scan fingerprinting service providers certified by the Department of Justice, then it shall provide a link to the Department of Justice's Web site that lists all certified live scan fingerprinting service providers.

SEC. 2. (a) The Legislature finds and declares that the utilization of all eligible vendors provides the greatest access for consumers to obtain live scan fingerprint services.

(b) Therefore, it is the intent of the Legislature in enacting this act to encourage all state agencies that require live scans to encourage their licensees and constituents to obtain live scans at the earliest possible time in their approval process to avoid unnecessary delays.

CHAPTER 249

An act to amend Section 17400 of, and to amend, repeal, and add Section 4505 of, the Family Code, relating to child support.

[Approved by Governor September 26, 2007. Filed with
Secretary of State September 26, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 4505 of the Family Code is amended to read:

4505. (a) A court may require a parent who alleges that the parent's default in a child or family support order is due to the parent's unemployment to submit to the appropriate child support enforcement agency or any other entity designated by the court, including, but not limited to, the court itself, each two weeks, or at a frequency deemed appropriate by the court, a list of at least five different places the parent has applied for employment.

(b) (1) The Superior Court of the County of San Mateo may order a parent, concurrent with an initial order for the parent to pay child support, to submit to the appropriate child support enforcement agency or any other entity designated by the court, each two weeks, or at a frequency deemed appropriate by the court, a list of at least five different places the parent has applied for employment during the previous two-week period or other designated interval. The court may issue that order only upon the filing of a declaration by a child support enforcement officer of the local child support enforcement agency satisfying the following conditions:

(A) The declaration states that the child support enforcement officer has conducted an evaluation of the income and earning ability of the parent.

(B) The declaration details the communication, if any, between the obligor and the child support enforcement officer or the San Mateo County child support enforcement agency.

(C) The declaration states both of the following:

(i) The child support enforcement officer believes that, unless ordered by the court to seek employment under this subdivision, the parent would ignore the child support order and would be likely to default on his or her child support obligation.

(ii) The reasons for that belief.

(2) The Superior Court of the County of San Mateo shall not issue a citation for contempt for the failure of a parent to comply with an order issued pursuant to paragraph (1) unless the parent has become delinquent in his or her child support payments.

(3) The San Mateo County child support enforcement agency shall report to the department and the appropriate committees of the Legislature, on or before January 1, 2010, on the cost and performance of the pilot program described in this subdivision, including both of the following:

(A) The number of parents issued contempt citations and the effect of the citation on their employment status and support payments.

(B) The unemployment rate of, and the amount of support collected from, parents who are ordered to seek work pursuant to this subdivision

compared with the unemployment rate of, and amount of support collected from, parents who are not subject to these orders.

(4) All costs related to the pilot program established in this subdivision shall be borne by the County of San Mateo.

(c) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

SEC. 2. Section 4505 is added to the Family Code, to read:

4505. (a) A court may require a parent who alleges that the parent's default in a child or family support order is due to the parent's unemployment to submit to the appropriate child support enforcement agency or any other entity designated by the court, including, but not limited to, the court itself, each two weeks, or at a frequency deemed appropriate by the court, a list of at least five different places the parent has applied for employment.

(b) This section shall become operative on January 1, 2011.

SEC. 3. Section 17400 of the Family Code is amended to read:

17400. (a) Each county shall maintain a local child support agency, as specified in Section 17304, that shall have the responsibility for promptly and effectively establishing, modifying, and enforcing child support obligations, including medical support, enforcing spousal support orders established by a court of competent jurisdiction, and determining paternity in the case of a child born out of wedlock. The local child support agency shall take appropriate action, including criminal action in cooperation with the district attorneys, to establish, modify, and enforce child support and, if appropriate, enforce spousal support orders if the child is receiving public assistance, including Medi-Cal, and, if requested, shall take the same actions on behalf of a child who is not receiving public assistance, including Medi-Cal.

(b) (1) Notwithstanding Sections 25203 and 26529 of the Government Code, attorneys employed within the local child support agency may direct, control, and prosecute civil actions and proceedings in the name of the county in support of child support activities of the Department of Child Support Services and the local child support agency.

(2) Notwithstanding any other law, and except for pleadings or documents required to be signed under penalty of perjury, a local child support agency may substitute original signatures with any form of electronic signatures, including, but not limited to, typed, digital, or facsimile images of signatures, digital signatures, or other computer-generated signatures, on pleadings filed for the purpose of establishing, modifying, or enforcing paternity, child support, or medical support. Any substituted signature used by a local child support agency shall have the same effect as an original signature, including, but not

limited to, the requirements of Section 128.7 of the Code of Civil Procedure.

(c) Actions brought by the local child support agency to establish paternity or child support or to enforce child support obligations shall be completed within the time limits set forth by federal law. The local child support agency's responsibility applies to spousal support only if the spousal support obligation has been reduced to an order of a court of competent jurisdiction. In any action brought for modification or revocation of an order that is being enforced under Title IV-D of the Social Security Act (42 U.S.C. Sec. 651 et seq.), the effective date of the modification or revocation shall be as prescribed by federal law (42 U.S.C. Sec. 666(a)(9)), or any subsequent date.

(d) (1) The Judicial Council, in consultation with the department and representatives of the California Family Support Council, the Senate Committee on Judiciary, the Assembly Committee on Judiciary, and a legal services organization providing representation on child support matters, shall develop simplified summons, complaint, and answer forms for any action for support brought pursuant to this section or Section 17404. The Judicial Council may combine the summons and complaint in a single form.

(2) The simplified complaint form shall provide notice of the amount of child support that is sought pursuant to the guidelines set forth in Article 2 (commencing with Section 4050) of Chapter 2 of Part 2 of Division 9 based upon the income or income history of the support obligor as known to the local child support agency. If the support obligor's income or income history is unknown to the local child support agency, the complaint shall inform the support obligor that income shall be presumed to be the amount of the minimum wage, at 40 hours per week, established by the Industrial Welfare Commission pursuant to Section 1182.11 of the Labor Code unless information concerning the support obligor's income is provided to the court. The complaint form shall be accompanied by a proposed judgment. The complaint form shall include a notice to the support obligor that the proposed judgment will become effective if he or she fails to file an answer with the court within 30 days of service. Except as provided in paragraph (2) of subdivision (a) of Section 17402, if the proposed judgment is entered by the court, the support order in the proposed judgment shall be effective as of the first day of the month following the filing of the complaint.

(3) (A) The simplified answer form shall be written in simple English and shall permit a defendant to answer and raise defenses by checking applicable boxes. The answer form shall include instructions for completion of the form and instructions for proper filing of the answer.

(B) The answer form shall be accompanied by a blank income and expense declaration or simplified financial statement and instructions on how to complete the financial forms. The answer form shall direct the defendant to file the completed income and expense declaration or simplified financial statement with the answer, but shall state that the answer will be accepted by a court without the income and expense declaration or simplified financial statement.

(C) The clerk of the court shall accept and file answers, income and expense declarations, and simplified financial statements that are completed by hand provided they are legible.

(4) (A) The simplified complaint form prepared pursuant to this subdivision shall be used by the local child support agency or the Attorney General in all cases brought under this section or Section 17404.

(B) The simplified answer form prepared pursuant to this subdivision shall be served on all defendants with the simplified complaint. Failure to serve the simplified answer form on all defendants shall not invalidate any judgment obtained. However, failure to serve the answer form may be used as evidence in any proceeding under Section 17432 of this code or Section 473 of the Code of Civil Procedure.

(C) The Judicial Council shall add language to the governmental summons, for use by the local child support agency with the governmental complaint to establish parental relationship and child support, informing defendants that a blank answer form should have been received with the summons and additional copies may be obtained from either the local child support agency or the superior court clerk.

(e) In any action brought or enforcement proceedings instituted by the local child support agency pursuant to this section for payment of child or spousal support, an action to recover an arrearage in support payments may be maintained by the local child support agency at any time within the period otherwise specified for the enforcement of a support judgment, notwithstanding the fact that the child has attained the age of majority.

(f) The county shall undertake an outreach program to inform the public that the services described in subdivisions (a) to (c), inclusive, are available to persons not receiving public assistance. There shall be prominently displayed in every public area of every office of the agencies established by this section a notice, in clear and simple language prescribed by the Director of Child Support Services, that the services provided in subdivisions (a) to (c), inclusive, are provided to all individuals, whether or not they are recipients of public assistance.

(g) (1) In any action to establish a child support order brought by the local child support agency in the performance of duties under this section, the local child support agency may make a motion for an order effective

during the pendency of that action, for the support, maintenance, and education of the child or children that are the subject of the action. This order shall be referred to as an order for temporary support. This order has the same force and effect as a like or similar order under this code.

(2) The local child support agency shall file a motion for an order for temporary support within the following time limits:

(A) If the defendant is the mother, a presumed father under Section 7611, or any father if the child is at least six months old when the defendant files his or her answer, the time limit is 90 days after the defendant files an answer.

(B) In any other case in which the defendant has filed an answer prior to the birth of the child or not more than six months after the birth of the child, then the time limit is nine months after the birth of the child.

(3) If more than one child is the subject of the action, the limitation on reimbursement shall apply only as to those children whose parental relationship and age would bar recovery were a separate action brought for support of that child or those children.

(4) If the local child support agency fails to file a motion for an order for temporary support within the time limits specified in this section, the local child support agency shall be barred from obtaining a judgment of reimbursement for any support provided for that child during the period between the date the time limit expired and the date the motion was filed, or, if no motion is filed, when a final judgment is entered.

(5) Except as provided in Section 17304, nothing in this section prohibits the local child support agency from entering into cooperative arrangements with other county departments as necessary to carry out the responsibilities imposed by this section pursuant to plans of cooperation with the departments approved by the Department of Child Support Services.

(6) Nothing in this section otherwise limits the ability of the local child support agency from securing and enforcing orders for support of a spouse or former spouse as authorized under any other law.

(h) As used in this article, “enforcing obligations” includes, but is not limited to, all of the following:

(1) The use of all interception and notification systems operated by the department for the purpose of aiding in the enforcement of support obligations.

(2) The obtaining by the local child support agency of an initial order for child support that may include medical support or that is for medical support only, by civil or criminal process.

(3) The initiation of a motion or order to show cause to increase an existing child support order, and the response to a motion or order to show cause brought by an obligor parent to decrease an existing child

support order, or the initiation of a motion or order to show cause to obtain an order for medical support, and the response to a motion or order to show cause brought by an obligor parent to decrease or terminate an existing medical support order, without regard to whether the child is receiving public assistance.

(4) The response to a notice of motion or order to show cause brought by an obligor parent to decrease an existing spousal support order if the child or children are residing with the obligee parent and the local child support agency is also enforcing a related child support obligation owed to the obligee parent by the same obligor.

(5) The referral of child support delinquencies to the Franchise Tax Board under subdivision (c) of Section 17500 in support of the local child support agency.

(i) As used in this section, “out of wedlock” means that the biological parents of the child were not married to each other at the time of the child’s conception.

(j) (1) The local child support agency is the public agency responsible for administering wage withholding for current support for the purposes of Title IV-D of the Social Security Act (42 U.S.C. Sec. 651 et seq.).

(2) Nothing in this section limits the authority of the local child support agency granted by other sections of this code or otherwise granted by law.

(k) In the exercise of the authority granted under this article, the local child support agency may intervene, pursuant to subdivision (b) of Section 387 of the Code of Civil Procedure, by ex parte application, in any action under this code, or other proceeding in which child support is an issue or a reduction in spousal support is sought. By notice of motion, order to show cause, or responsive pleading served upon all parties to the action, the local child support agency may request any relief that is appropriate that the local child support agency is authorized to seek.

(l) The local child support agency shall comply with all regulations and directives established by the department that set time standards for responding to requests for assistance in locating noncustodial parents, establishing paternity, establishing child support awards, and collecting child support payments.

(m) As used in this article, medical support activities that the local child support agency is authorized to perform are limited to the following:

(1) The obtaining and enforcing of court orders for health insurance coverage.

(2) Any other medical support activity mandated by federal law or regulation.

(n) (1) Notwithstanding any other law, venue for an action or proceeding under this division shall be determined as follows:

(A) Venue shall be in the superior court in the county that is currently expending public assistance.

(B) If public assistance is not currently being expended, venue shall be in the superior court in the county where the child who is entitled to current support resides or is domiciled.

(C) If current support is no longer payable through, or enforceable by, the local child support agency, venue shall be in the superior court in the county that last provided public assistance for actions to enforce arrearages assigned pursuant to Section 11477 of the Welfare and Institutions Code.

(D) If subparagraphs (A), (B), and (C) do not apply, venue shall be in the superior court in the county of residence of the support obligee.

(E) If the support obligee does not reside in California, and subparagraphs (A), (B), (C), and (D) do not apply, venue shall be in the superior court of the county of residence of the obligor.

(2) Notwithstanding paragraph (1), if the child becomes a resident of another county after an action under this part has been filed, venue may remain in the county where the action was filed until the action is completed.

(o) The local child support agency of one county may appear on behalf of the local child support agency of any other county in an action or proceeding under this part.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district are the result of a program for which legislative authority was requested by that local agency or school district, within the meaning of Section 17556 of the Government Code and Section 6 of Article XIII B of the California Constitution.

CHAPTER 250

An act to amend Section 1363.05 of the Civil Code, relating to common interest developments.

[Approved by Governor September 26, 2007. Filed with
Secretary of State September 26, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 1363.05 of the Civil Code is amended to read:

1363.05. (a) This section shall be known and may be cited as the Common Interest Development Open Meeting Act.

(b) Any member of the association may attend meetings of the board of directors of the association, except when the board adjourns to executive session to consider litigation, matters relating to the formation of contracts with third parties, member discipline, personnel matters, or to meet with a member, upon the member's request, regarding the member's payment of assessments, as specified in Section 1367 or 1367.1. The board of directors of the association shall meet in executive session, if requested by a member who may be subject to a fine, penalty, or other form of discipline, and the member shall be entitled to attend the executive session.

(c) Any matter discussed in executive session shall be generally noted in the minutes of the immediately following meeting that is open to the entire membership.

(d) The minutes, minutes proposed for adoption that are marked to indicate draft status, or a summary of the minutes, of any meeting of the board of directors of an association, other than an executive session, shall be available to members within 30 days of the meeting. The minutes, proposed minutes, or summary minutes shall be distributed to any member of the association upon request and upon reimbursement of the association's costs for making that distribution.

(e) Members of the association shall be notified in writing at the time that the pro forma budget required in Section 1365 is distributed, or at the time of any general mailing to the entire membership of the association, of their right to have copies of the minutes of meetings of the board of directors, and how and where those minutes may be obtained.

(f) Unless the time and place of meeting is fixed by the bylaws, or unless the bylaws provide for a longer period of notice, members shall be given notice of the time and place of a meeting as defined in subdivision (j), except for an emergency meeting, at least four days prior to the meeting. Notice shall be given by posting the notice in a prominent place or places within the common area and by mail to any owner who had requested notification of board meetings by mail, at the address requested by the owner. Notice may also be given, by mail or delivery of the notice to each unit in the development or by newsletter or similar means of communication. The notice shall contain the agenda for the meeting.

(g) An emergency meeting of the board may be called by the president of the association, or by any two members of the governing body other

than the president, if there are circumstances that could not have been reasonably foreseen which require immediate attention and possible action by the board, and which of necessity make it impracticable to provide notice as required by this section.

(h) The board of directors of the association shall permit any member of the association to speak at any meeting of the association or the board of directors, except for meetings of the board held in executive session. A reasonable time limit for all members of the association to speak to the board of directors or before a meeting of the association shall be established by the board of directors.

(i) (1) Except as described in paragraphs (2) to (4), inclusive, the board of directors of the association may not discuss or take action on any item at a nonemergency meeting unless the item was placed on the agenda included in the notice that was posted and distributed pursuant to subdivision (f). This subdivision does not prohibit a resident who is not a member of the board from speaking on issues not on the agenda.

(2) Notwithstanding paragraph (1), a member of the board of directors, a managing agent or other agent of the board of directors, or a member of the staff of the board of directors, may do any of the following:

(A) Briefly respond to statements made or questions posed by a person speaking at a meeting as described in subdivision (h).

(B) Ask a question for clarification, make a brief announcement, or make a brief report on his or her own activities, whether in response to questions posed by a member of the association or based upon his or her own initiative.

(3) Notwithstanding paragraph (1), the board of directors or a member of the board of directors, subject to rules or procedures of the board of directors, may do any of the following:

(A) Provide a reference to, or provide other resources for factual information to, its managing agent or other agents or staff.

(B) Request its managing agent or other agents or staff to report back to the board of directors at a subsequent meeting concerning any matter, or take action to direct its managing agent or other agents or staff to place a matter of business on a future agenda.

(C) Direct its managing agent or other agents or staff to perform administrative tasks that are necessary to carry out this subdivision.

(4) (A) Notwithstanding paragraph (1), the board of directors may take action on any item of business not appearing on the agenda posted and distributed pursuant to subdivision (f) under any of the following conditions:

(i) Upon a determination made by a majority of the board of directors present at the meeting that an emergency situation exists. An emergency situation exists if there are circumstances that could not have been

reasonably foreseen by the board, that require immediate attention and possible action by the board, and that, of necessity, make it impracticable to provide notice.

(ii) Upon a determination made by the board by a vote of two-thirds of the members present at the meeting, or, if less than two-thirds of total membership of the board is present at the meeting, by a unanimous vote of the members present, that there is a need to take immediate action and that the need for action came to the attention of the board after the agenda was posted and distributed pursuant to subdivision (f).

(iii) The item appeared on an agenda that was posted and distributed pursuant to subdivision (f) for a prior meeting of the board of directors that occurred not more than 30 calendar days before the date that action is taken on the item and, at the prior meeting, action on the item was continued to the meeting at which the action is taken.

(B) Before discussing any item pursuant to this paragraph, the board of directors shall openly identify the item to the members in attendance at the meeting.

(j) As used in this section, "meeting" includes any congregation of a majority of the members of the board at the same time and place to hear, discuss, or deliberate upon any item of business scheduled to be heard by the board, except those matters that may be discussed in executive session.

CHAPTER 251

An act to amend Section 4025 of, and to add and repeal Section 4025.5 of, the Penal Code, relating to jails.

[Approved by Governor September 26, 2007. Filed with
Secretary of State September 26, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 4025 of the Penal Code is amended to read:
4025. (a) The sheriff of each county may establish, maintain and operate a store in connection with the county jail and for this purpose may purchase confectionery, tobacco and tobacco users' supplies, postage and writing materials, and toilet articles and supplies and sell these goods, articles, and supplies for cash to inmates in the jail.

(b) The sale prices of the articles offered for sale at the store shall be fixed by the sheriff. Any profit shall be deposited in an inmate welfare fund to be kept in the treasury of the county.

(c) There shall also be deposited in the inmate welfare fund 10 percent of all gross sales of inmate hobbycraft.

(d) There shall be deposited in the inmate welfare fund any money, refund, rebate, or commission received from a telephone company or pay telephone provider when the money, refund, rebate, or commission is attributable to the use of pay telephones which are primarily used by inmates while incarcerated.

(e) The money and property deposited in the inmate welfare fund shall be expended by the sheriff primarily for the benefit, education, and welfare of the inmates confined within the jail. Any funds that are not needed for the welfare of the inmates may be expended for the maintenance of county jail facilities. Maintenance of county jail facilities may include, but is not limited to, the salary and benefits of personnel used in the programs to benefit the inmates, including, but not limited to, education, drug and alcohol treatment, welfare, library, accounting, and other programs deemed appropriate by the sheriff. Inmate welfare funds shall not be used to pay required county expenses of confining inmates in a local detention system, such as meals, clothing, housing, or medical services or expenses, except that inmate welfare funds may be used to augment those required county expenses as determined by the sheriff to be in the best interests of inmates. An itemized report of these expenditures shall be submitted annually to the board of supervisors.

(f) The operation of a store within any other county adult detention facility which is not under the jurisdiction of the sheriff shall be governed by the provisions of this section, except that the board of supervisors shall designate the proper county official to exercise the duties otherwise allocated in this section to the sheriff.

(g) The operation of a store within any city adult detention facility shall be governed by the provisions of this section, except that city officials shall assume the respective duties otherwise outlined in this section for county officials.

(h) The treasurer may, pursuant to Article 1 (commencing with Section 53600), or Article 2 (commencing with Section 53630) of Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code, deposit, invest, or reinvest any part of the inmate welfare fund, in excess of that which the treasurer deems necessary for immediate use. The interest or increment accruing on these funds shall be deposited in the inmate welfare fund.

(i) The sheriff may expend money from the inmate welfare fund to provide indigent inmates, prior to release from the county jail or any other adult detention facility under the jurisdiction of the sheriff, with essential clothing and transportation expenses within the county or, at

the discretion of the sheriff, transportation to the inmate's county of residence, if the county is within the state or within 500 miles from the county of incarceration. This subdivision does not authorize expenditure of money from the inmate welfare fund for the transfer of any inmate to the custody of any other law enforcement official or jurisdiction.

SEC. 2 Section 4025.5 is added to the Penal Code, to read:

4025.5. (a) There is hereby created a pilot program in the Counties of Alameda, Los Angeles, Orange, Sacramento, San Francisco, San Diego, Santa Barbara, and Stanislaus. In each county, the sheriff may expend money from the inmate welfare fund to provide indigent inmates, after release from the county jail or any other adult detention facility under the jurisdiction of the sheriff, assistance with the reentry process within 14 days after the inmate's release. The assistance provided may include, but is not limited to, work placement, counseling, obtaining proper identification, education, and housing.

(b) This section shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

CHAPTER 252

An act to add Section 1203.017 to the Penal Code, relating to involuntary home detention, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 26, 2007. Filed with
Secretary of State September 26, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 1203.017 is added to the Penal Code, to read:

1203.017. (a) Notwithstanding any other provision of law, upon determination by the correctional administrator that conditions in a jail facility warrant the necessity of releasing sentenced misdemeanor inmates prior to them serving the full amount of a given sentence due to lack of jail space, the board of supervisors of any county may authorize the correctional administrator to offer a program under which inmates committed to a county jail or other county correctional facility or granted probation, or inmates participating in a work furlough program, may be required to participate in an involuntary home detention program, which shall include electronic monitoring, during their sentence in lieu of

confinement in the county jail or other county correctional facility or program under the auspices of the probation officer. Under this program, one day of participation shall be in lieu of one day of incarceration. Participants in the program shall receive any sentence reduction credits that they would have received had they served their sentences in a county correctional facility.

(b) The board of supervisors may prescribe reasonable rules and regulations under which an involuntary home detention program may operate. The inmate shall be informed in writing that he or she shall comply with the rules and regulations of the program, including, but not limited to, the following rules:

(1) The participant shall remain within the interior premises of his or her residence during the hours designated by the correctional administrator.

(2) The participant shall admit any peace officer designated by the correctional administrator into his or her residence at any time for purposes of verifying the participant's compliance with the conditions of his or her detention.

(3) The use of electronic monitoring may include global positioning system devices or other supervising devices for the purpose of helping to verify his or her compliance with the rules and regulations of the home detention program. The devices shall not be used to eavesdrop or record any conversation, except a conversation between the participant and the person supervising the participant which is to be used solely for the purposes of voice identification.

(4) The correctional administrator in charge of the county correctional facility from which the participant was released may, without further order of the court, immediately retake the person into custody to serve the balance of his or her sentence if the electronic monitoring or supervising devices are unable for any reason to properly perform their function at the designated place of home detention, if the person fails to remain within the place of home detention as stipulated in the agreement, or if the person for any other reason no longer meets the established criteria under this section.

(c) Whenever the peace officer supervising a participant has reasonable cause to believe that the participant is not complying with the rules or conditions of the program, or that the electronic monitoring devices are unable to function properly in the designated place of confinement, the peace officer may, under general or specific authorization of the correctional administrator, and without a warrant of arrest, retake the person into custody to complete the remainder of the original sentence.

(d) Nothing in this section shall be construed to require the correctional administrator to allow a person to participate in this program

if it appears from the record that the person has not satisfactorily complied with reasonable rules and regulations while in custody. A person shall be eligible for participation in a home detention program only if the correctional administrator concludes that the person meets the criteria for release established under this section and that the person's participation is consistent with any reasonable rules and regulations prescribed by the board of supervisors or the administrative policy of the correctional administrator.

(1) The rules and regulations and administrative policy of the program shall be written and reviewed on an annual basis by the county board of supervisors and the correctional administrator. The rules and regulations shall be given to or made available to any participant upon request.

(2) The correctional administrator, or his or her designee, shall have the sole discretionary authority to permit program participation as an alternative to physical custody. All persons referred or recommended by the court to participate in the home detention program pursuant to subdivision (e) who are denied participation or all persons removed from program participation shall be notified in writing of the specific reasons for the denial or removal. The notice of denial or removal shall include the participant's appeal rights, as established by program administrative policy.

(e) The court may recommend or refer a person to the correctional administrator for consideration for placement in the home detention program. The recommendation or referral of the court shall be given great weight in the determination of acceptance or denial. At the time of sentencing or at any time that the court deems it necessary, the court may restrict or deny the defendant's participation in a home detention program.

(f) The correctional administrator may permit home detention program participants to seek and retain employment in the community, attend psychological counseling sessions or educational or vocational training classes, or seek medical and dental assistance. Willful failure of the program participant to return to the place of home detention not later than the expiration of any period of time during which he or she is authorized to be away from the place of home detention pursuant to this section and unauthorized departures from the place of home detention are punishable as provided in Section 4532.

(g) As used in this section, "correctional administrator" means the sheriff, probation officer, or director of the county department of corrections.

(h) (1) Notwithstanding any other law, the correctional administrator shall provide the information specified in paragraph (2) regarding persons on involuntary home detention to the Corrections Standards Authority,

and upon request, shall provide that information to the law enforcement agency of a city or unincorporated area where an office is located to which persons on involuntary home detention report.

(2) The information required by paragraph (1) shall consist of the following:

(A) The participant's name, address, and date of birth.

(B) The offense committed by the participant.

(C) The period of time the participant will be placed on home detention.

(D) Whether the participant successfully completed the prescribed period of home detention or was returned to a county correctional facility, and if the person was returned to a county correctional facility, the reason for that return.

(E) The gender and ethnicity of the participant.

(3) Any information received by a police department pursuant to this subdivision shall be used only for the purpose of monitoring the impact of home detention programs on the community.

(i) It is the intent of the Legislature that home detention programs established under this section maintain the highest public confidence, credibility, and public safety. In the furtherance of these standards, the following shall apply:

(1) The correctional administrator, with the approval of the board of supervisors, may administer a home detention program pursuant to written contracts with appropriate public or private agencies or entities to provide specified program services. No public or private agency or entity may operate a home detention program in any county without a written contract with that county's correctional administrator. However, this does not apply to the use of electronic monitoring by the Department of Corrections and Rehabilitation as established in Section 3004. No public or private agency or entity entering into a contract may itself employ any person who is in the home detention program.

(2) Program acceptance shall not circumvent the normal booking process for sentenced offenders. All home detention program participants shall be supervised.

(3) (A) All privately operated home detention programs shall be under the jurisdiction of, and subject to the terms and conditions of the contract entered into with, the correctional administrator.

(B) Each contract shall include, but not be limited to, all of the following:

(i) A provision whereby the private agency or entity agrees to operate in compliance with any available standards promulgated by state correctional agencies and bodies, including the Corrections Standards Authority, and all statutory provisions and mandates, state and county,

as appropriate and applicable to the operation of home detention programs and the supervision of sentenced offenders in a home detention program.

(ii) A provision that clearly defines areas of respective responsibility and liability of the county and the private agency or entity.

(iii) A provision that requires the private agency or entity to demonstrate evidence of financial responsibility, submitted and approved by the board of supervisors, in amounts and under conditions sufficient to fully indemnify the county for reasonably foreseeable public liability, including legal defense costs, that may arise from, or be proximately caused by, acts or omissions of the contractor. The contract shall provide for annual review by the correctional administrator to ensure compliance with requirements set by the board of supervisors and for adjustment of the financial responsibility requirements if warranted by caseload changes or other factors.

(iv) A provision that requires the private agency or entity to provide evidence of financial responsibility, such as certificates of insurance or copies of insurance policies, prior to commencing any operations pursuant to the contract or at any time requested by the board of supervisors or correctional administrator.

(v) A provision that permits the correctional administrator to immediately terminate the contract with a private agency or entity at any time that the contractor fails to demonstrate evidence of financial responsibility.

(C) All privately operated home detention programs shall comply with all appropriate, applicable ordinances and regulations specified in subdivision (a) of Section 1208.

(D) The board of supervisors, the correctional administrator, and the designee of the correctional administrator shall comply with Section 1090 of the Government Code in the consideration, making, and execution of contracts pursuant to this section.

(E) The failure of the private agency or entity to comply with statutory provisions and requirements or with the standards established by the contract and with the correctional administrator may be sufficient cause to terminate the contract.

(F) Upon the discovery that a private agency or entity with whom there is a contract is not in compliance pursuant to this paragraph, the correctional administrator shall give 60 days' notice to the director of the private agency or entity that the contract may be canceled if the specified deficiencies are not corrected.

(G) Shorter notice may be given or the contract may be canceled without notice whenever a serious threat to public safety is present because the private agency or entity has failed to comply with this section.

(j) Inmates participating in this program shall not be charged fees or costs for the program.

(k) For purposes of this section, “evidence of financial responsibility” may include, but is not limited to, certified copies of any of the following:

- (1) A current liability insurance policy.
- (2) A current errors and omissions insurance policy.
- (3) A surety bond.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to help relieve jail overcrowding and ensure inmates are serving full sentences to the extent practicable, it is necessary that this act take effect immediately.

CHAPTER 253

An act to amend Section 711.4 of the Fish and Game Code, to amend Section 115843.5 of the Health and Safety Code, and to amend Section 21161 of the Public Resources Code, relating to environmental quality, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 26, 2007. Filed with
Secretary of State September 26, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 711.4 of the Fish and Game Code is amended to read:

711.4. (a) The department shall impose and collect a filing fee in the amount prescribed in subdivision (d) to defray the costs of managing and protecting fish and wildlife trust resources, including, but not limited to, consulting with other public agencies, reviewing environmental documents, recommending mitigation measures, developing monitoring requirements for purposes of the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code), consulting pursuant to Section 21104.2 of the Public Resources Code, and other activities protecting those trust resources identified in the review pursuant to the California Environmental Quality Act.

(b) The filing fees shall be proportional to the cost incurred by the department and shall be annually reviewed and adjustments recommended to the Legislature in an amount necessary to pay the full costs of

department programs as specified. The department shall annually adjust the fees pursuant to Section 713.

(c) (1) All project applicants and public agencies subject to the California Environmental Quality Act shall pay a filing fee for each proposed project, as specified in subdivision (d).

(2) Notwithstanding paragraph (1), a filing fee shall not be paid pursuant to this section if any of the following conditions exist:

(A) The project has no effect on fish and wildlife.

(B) The project is being undertaken by the department.

(C) The project costs are payable by the department from any of the following sources that are held by the department:

(i) The Public Resources Account in the Cigarette and Tobacco Products Surtax Fund.

(ii) The California Wildlife, Coastal, and Park Land Conservation Fund of 1988.

(iii) The Habitat Conservation Fund.

(iv) The Fisheries Restoration Account in the Fish and Game Preservation Fund.

(v) The Commercial Salmon Stamp Account in the Fish and Game Preservation Fund.

(vi) Striped bass stamp funds collected pursuant to Section 7360.

(vii) The California Ocean Resource Enhancement Account.

(D) The project is implemented by the department through a contract with either a nonprofit entity or a local government agency.

(3) Filing fees shall be paid at the time and in the amount specified in subdivision (d). Notwithstanding Sections 21080.5 and 21081 of the Public Resources Code, a project shall not be operative, vested, or final, and local government permits for the project shall not be valid, until the filing fees required pursuant to this section are paid.

(d) The fees shall be in the following amounts:

(1) For a project that is statutorily or categorically exempt from the California Environmental Quality Act, including those certified regulatory programs that incorporate statutory and categorical exemptions, a filing fee shall not be paid.

(2) For a project for which a negative declaration is prepared pursuant to subdivision (c) of Section 21080 of the Public Resources Code, the filing fee is one thousand eight hundred dollars (\$1,800). A local agency collecting the filing fee shall remit the fee to the county clerk at the time of filing a notice of determination pursuant to Section 21152 of the Public Resources Code. A state agency collecting the filing fee shall remit the fee to the Office of Planning and Research at the time of filing a notice of determination pursuant to Section 21108 of the Public Resources Code.

(3) For a project with an environmental impact report prepared pursuant to the California Environmental Quality Act, the filing fee is two thousand five hundred dollars (\$2,500). A local agency collecting the filing fee shall remit the fee to the county clerk at the time of filing a notice of determination pursuant to Section 21152 of the Public Resources Code. A state agency collecting the filing fee shall remit the fee to the Office of Planning and Research at the time of filing a notice of determination pursuant to Section 21108 of the Public Resources Code.

(4) For a project that is subject to a certified regulatory program pursuant to Section 21080.5 of the Public Resources Code, the filing fee is eight hundred fifty dollars (\$850). The filing fee shall be paid to the department before the filing of the notice of determination pursuant to Section 21080.5 of the Public Resources Code.

(e) The county clerk may charge a documentary handling fee of fifty dollars (\$50) per filing in addition to the filing fee specified in subdivision (d).

(1) The county clerk of each county and the Office of Planning and Research shall maintain a record, both electronic and in paper, of all environmental documents received. The record shall include, for each environmental document received, the name of each applicant or lead agency, the document filing number, the project name as approved by the lead agency, and the filing date. The record shall be made available for examination or audit by authorized personnel of the department during normal business hours.

(2) The filing fee imposed and collected pursuant to subdivision (d) shall be remitted monthly to the department within 30 days after the end of each month. The remittance shall be accompanied with the information required pursuant to paragraph (1). The amount of fees due shall be reported on forms prescribed and provided by the department.

(3) The department shall assess a penalty of 10 percent of the amount of fees due for a failure to remit the amount payable when due. The department may pursue collection of delinquent fees through the Controller's office pursuant to Section 12419.5 of the Government Code.

(f) Notwithstanding Section 12000, failure to pay the fee under subdivision (d) is not a misdemeanor. All unpaid fees are a statutory assessment subject to collection under procedures as provided in the Revenue and Taxation Code.

(g) Only one filing fee shall be paid for each project unless the project is tiered or phased, or separate environmental documents are required.

(h) This section does not preclude or modify the duty of the department to recommend, require, permit, or engage in mitigation activities pursuant to the California Environmental Quality Act.

(i) The permit process of the California Coastal Commission, as certified by the Secretary of the Resources Agency, is exempt from the payment of the filing fees prescribed by paragraph (4) of subdivision (d) insofar as the permits are issued under any of the following regulations:

(1) Subchapter 4 (commencing with Section 13136) of Chapter 5 of Division 5.5 of Title 14 of the California Code of Regulations.

(2) Subchapter 1 (commencing with Section 13200), Subchapter 3 (commencing with Section 13213), Subchapter 3.5 (commencing with Section 13214), Subchapter 4 (commencing with Section 13215), Subchapter 4.5 (commencing with Section 13238), Subchapter 5 (commencing with Section 13240), Subchapter 6 (commencing with Section 13250), and Subchapter 8 (commencing with Section 13255.0) of Chapter 6 of Division 5.5 of Title 14 of the California Code of Regulations.

SEC. 2. Section 115843.5 of the Health and Safety Code is amended to read:

115843.5. (a) In the Canyon Lake Reservoir, recreational uses shall not include recreation in which any participant has bodily contact with the water, unless both of the following conditions are satisfied:

(1) The water subsequently receives complete water treatment, in compliance with all applicable department regulations, including coagulation, flocculation, sedimentation, filtration, and disinfection, before being used for domestic purposes. The disinfection shall include, but is not limited to, an advanced technology capable of inactivating organisms, including, but not limited to, viruses, cryptosporidium, and giardia, to levels that comply with department regulations. The treatment shall include, but need not be limited to, ozonation or ultra violet disinfection. The treatment shall, at a minimum, comply with all state laws and department regulations and all federal laws and regulations, including, but not limited to, the federal Environmental Protection Agency Long-Term 2 Enhanced Surface Water Treatment regulations. Nothing in this division shall limit the state or the department from imposing more stringent treatment standards than those required by federal law.

(2) The reservoir is operated in compliance with regulations of the department.

(b) The recreational use may be subject to additional conditions and restrictions adopted by the entity operating the water supply reservoir or required by the department, if those conditions and restrictions do not conflict with regulations of the department, and are required to further protect or enhance the public health and safety.

(c) The Elsinore Valley Municipal Water District shall, by January 1, 2007, file a report with the Legislature on the recreational uses at Canyon Lake Reservoir and the water treatment program. The report shall include, but not necessarily be limited to, all of the following information:

(1) Participation in watershedwide activities to improve water quality in the Canyon Lake Reservoir.

(4) The most current sanitary survey of the watershed and water quality monitoring plan.

(5) A summary of monthly reports provided to the department on intake water bacteria and water quality.

(6) A summary of monthly reports provided to the department on water usage in Canyon Lake Reservoir.

(7) An evaluation of the impact on source water quality due to recreational activities on the Canyon Lake Reservoir, including any microbiological monitoring, and a summary of monthly reports provided to the department on treatment plant performance.

(8) A summary of activities between Elsinore Valley Municipal Water District and the Canyon Lake Property Owners Association for operation of recreational uses and facilities in a manner that optimizes the water quality.

(9) The reservoir management plan and the operations plan.

(10) The annual water quality reports submitted to consumers each year.

(d) If there is a change in operation of the treatment facility or a change in the quantity of water to be treated at the treatment facility, the department may require the Elsinore Valley Municipal Water District to file a report that includes, but is not limited to, the information required pursuant to subdivision (c), and the district shall demonstrate to the satisfaction of the department that water quality will not be adversely affected.

SEC. 3. Section 21161 of the Public Resources Code is amended to read:

21161. Whenever a public agency has completed an environmental impact report, it shall cause a notice of completion of that report to be filed with the Office of Planning and Research. The notice of completion shall briefly identify the project and shall indicate that an environmental impact report has been prepared. The notice of completion shall identify

the project location by latitude and longitude. Failure to file the notice required by this section shall not affect the validity of a project.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

(c) Conduct, with governmental and nongovernmental entities, geological investigations, studies, and other activities for purposes, including, but not limited to, the timely identification, delineation, and assessment of geological hazards and their potential consequences.

(d) Identify and delineate deposits of mineral raw materials in order to prevent their loss to urban encroachment and to assist in their ultimate utilization; and enter into, as the need arises, cooperative agreements, for geological or mineral industry investigations, with cities, cities and counties, counties, federal agencies, and universities, which may provide for cost-sharing or cooperative funding.

(e) Maintain a laboratory to provide support to the division staff and to conduct such other investigations in the line of physical and chemical testing and analysis and mineral identification as may be required in the execution of the plans and operations of the division under this chapter.

(f) Issue from time to time reports and maps concerning the geology of this state and the statistics and technology of the mineral industries of this state, including results of investigations in mineral resources conservation practices, the use and recycling of scrap mineral products, the control, disposal, reclamation, and utilization of mining and mineral processing waste products, and the reclamation of mined lands.

(g) Conduct, with cities or counties, other state agencies, universities, federal agencies, or private industry, investigations in mining and metallurgy, including the use and recycling of scrap mineral products, and land use practices as these apply to mineral resources conservation, and enter into, as the need arises, cooperative or contractual agreements for those investigations that may provide for cost-sharing or cooperative funding.

For purposes of this subdivision and subdivision (c), "nongovernmental entities" include, but are not limited to, private academic institutions and nonprofit organizations.

SEC. 3. Section 2211 of the Public Resources Code is amended to read:

2211. The department is the primary state agency responsible for geologic hazard review and investigation, including, but not limited to, investigation of geologic hazards that may occur in relation to natural disasters. In that capacity, the department is responsible for the seismological, geological, and strong motion aspects of earthquake and other geological hazards investigations.

SEC. 4. Section 3752 of the Public Resources Code is amended to read:

3752. (a) (1) Except as otherwise provided in this section, all the well records, including production records, of an owner or operator that are filed pursuant to this chapter are public records for purposes of the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

(2) Those records are public records when filed with the division, unless the owner or operator requests, in writing, that the division maintain the well records as confidential information. The confidential period shall not exceed five years from the cessation of drilling operations as specified in subdivision (e).

(3) Well records that are maintained as confidential information by the division shall be open to inspection by those persons whom the owner or operator authorizes in writing. Confidential status shall not apply to state officers charged with regulating well operations, the director, or as provided in subdivision (c).

(4) On receipt by the supervisor of a written request documenting extenuating circumstances relating to a particular well, including a well on an expired or terminated lease, the supervisor may extend the period of confidentiality for six months. The total period of confidentiality,

including all extensions, shall not exceed seven years from the cessation of drilling operations as specified in subdivision (e), unless the director approves a longer period after a 30-day public notice and comment period. The director shall initiate and conduct a public hearing on receipt of a written complaint.

(b) Notwithstanding subdivision (a), the well records shall become public records when the supervisor is notified that the lease has expired or terminated.

This includes direct costs incidental to the acquisition, as determined by the department, including costs associated with a loss in property tax revenues resulting from the acquisition of those agricultural conservation easements. Direct costs paid to the applicant shall have been incurred after the complete application was submitted to the department and no more than 180 days before the execution of the grant agreement or during the grant term, and shall not exceed 10 percent of the value of the easements for which the costs were incurred.

SEC. 6. Section 10239 of the Public Resources Code is amended to read:

(1) The "net proceeds of the sale" is defined as the fair market value of the land less the value of the easement and associated transaction costs.

(2) The department's proportional share of the net proceeds of the sale shall be calculated using a factor reflecting the department's proportional share of the purchase price paid by the applicant in the original acquisition of fee title, taking into account contributions from all sources toward that original purchase price.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

To ensure that public safety is adequately protected, it is necessary that this act take effect immediately.

CHAPTER 255

An act to amend Section 22820 of the Government Code, relating to firefighters, and making an appropriation therefor.

[Approved by Governor September 29, 2007. Filed with
Secretary of State September 29, 2007.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the California Fallen Federal Firefighter Survivor Assistance Act of 2007.

SEC. 2. The Legislature finds and declares all of the following:

(a) Five of the state's finest and bravest gave their lives in the line of duty last fall battling to protect a home in the midst of the blistering Esperanza Fire near Cabazon in Riverside County.

(b) Captain Mark Loutzenhiser and Engine Operators Jess McLean, Jason McKay, Daniel Hoover-Najera, and Pablo Cerda died after their engine was burned over while battling the wind-whipped fire, which grew to more than 24,000 acres in just 24 hours.

(c) Of the five fallen firefighters, both Captain Loutzenhiser and Engine Operator McLean were career civilian federal firefighters who resided in California, served on Engine 57 at the San Jacinto Ranger Station in Idyllwild, and left behind surviving family members.

(d) When a firefighter makes the ultimate sacrifice for the public's safety, his or her family also makes a huge sacrifice in the lost years of love and support. A fallen firefighter's family is also left behind with a multitude of uncertainties that accompany their grief and sorrow.

(e) When a firefighter is killed in the line of duty, he or she not only leaves behind a family who must suffer the loss of a loved one, but also a family that may be faced with a severe financial squeeze. This financial loss can take a terrible toll on the surviving family's pocketbook and ultimately makes the cost of acquiring adequate health insurance virtually impossible.

(f) The existing state-funded program to assist uninsured spouses and children of fallen firefighters and police officers in purchasing medical and dental benefits was intended to apply to any surviving uninsured spouse or child of a fallen California firefighter.

(g) It is the intent of the Legislature to clarify that Section 22820 of the Government Code applies to those survivors of California federal firefighters killed in the line of duty.

SEC. 3 Section 22820 of the Government Code is amended to read:
22820. (a) Upon the death, on or after January 1, 2002, of a firefighter employed by a county, city, city and county, district, or other political subdivision of the state, a firefighter employed by the Department of Forestry and Fire Protection, a firefighter employed by the federal government who was a resident of this state and whose regular duty assignment was to perform firefighting services within this state, or a peace officer as defined in Section 830.1, 830.2, 830.3, 830.31, 830.32, 830.33, 830.34, 830.35, 830.36, 830.37, 830.38, 830.39, 830.4, 830.5, 830.55, or 830.6 of the Penal Code, if the death occurred as a result of injury or disease arising out of and in the course of his or her official duties, the surviving spouse or other eligible family member of the deceased firefighter or peace officer, if uninsured, is deemed to be an annuitant under Section 22760 for purposes of enrollment. All eligible family members of the deceased firefighter or peace officer who are uninsured may enroll in a health benefit plan of the surviving spouse's choice. However, an unmarried child of the surviving spouse is not eligible to enroll in a health benefit plan under this section if the child was not a family member under Section 22775 and regulations pertinent thereto prior to the firefighter's or peace officer's date of death. The employer of the deceased firefighter or peace officer shall notify the board within 10 days of the death of the employee if a spouse or family

member may be eligible for enrollment in a health benefit plan under this section.

(b) Upon notification, the board shall promptly determine eligibility and shall forward to the eligible spouse or family member the materials necessary for enrollment. In the event of a dispute regarding whether a firefighter's or peace officer's death occurred as a result of injury or disease arising out of and in the course of his or her official duties as required under subdivision (a), that dispute shall be determined by the Workers' Compensation Appeals Board, subject to the same procedures and standards applicable to hearings relating to claims for workers' compensation benefits. The jurisdiction of the Workers' Compensation Appeals Board under this section is limited to the sole issue of industrial causation and this section does not authorize the Workers' Compensation Appeals Board to award costs against the system.

(c) (1) Notwithstanding any other provision of law, and except as otherwise provided in subdivision (d), the state shall pay the employer contribution required for enrollment under this part for the uninsured surviving spouse of a deceased firefighter or peace officer for life, and the other uninsured eligible family members of a deceased firefighter or peace officer, provided the family member meets the eligibility requirements of Section 22775 and regulations pertinent thereto.

(2) The contribution payable by the state for each uninsured surviving spouse and other uninsured eligible family members shall be adjusted annually and be equal to the amount specified in Section 22871.

(3) The state's contribution under this section shall commence on the effective date of enrollment of the uninsured surviving spouse or other uninsured eligible family members. The contribution of each surviving spouse and eligible family member shall be the total cost per month of the benefit coverage afforded him or her under the plan less the portion contributed by the state pursuant to this section.

(d) The cancellation of coverage by an annuitant, as defined in this section, shall be final without option to reenroll, unless coverage is canceled because of enrollment in an insurance plan from another source.

(e) For purposes of this section, "surviving spouse" means a husband or wife who was married to the deceased firefighter or peace officer on the deceased's date of death and either for a continuous period of at least one year prior to the date of death or prior to the date the deceased firefighter or peace officer sustained the injury or disease resulting in death.

(f) For purposes of this section, "uninsured" means that the surviving spouse is not enrolled in an employer-sponsored health plan under which the employer contribution covers 100 percent of the cost of health care premiums.

(g) The board has no duty to identify, locate, or notify any surviving spouse or eligible family member who may be or may become eligible for benefits under this section.

SEC. 4. It is the intent of the Legislature that this act be construed as declaratory of existing law.

CHAPTER 256

Nothing in this subdivision limits the power of the board to retain the minor or the young adult on parole status for the period permitted by Sections 1769, 1770, and 1771.

(3) Order recommitment or renewed release under supervision as often as conditions indicate to be desirable.

The purpose of the hearing shall be for the court to identify those conditions of probation that are appropriate under all the circumstances of the case. (d) After the two-year period, and at least every two years thereafter, the department, in consultation with the Department of the California Highway Patrol, shall evaluate whether the highway segment continues to meet the conditions set forth in subdivision (a). If the segment meets those conditions, the department shall renew the designation in which case an updated notification shall be sent to the court. If the department, in consultation with the Department of the California Highway Patrol, determines that any of those conditions no longer apply to a segment designated as a Safety Enhancement-Double Fine Zone under this section,

the department shall revoke the designation and the segment shall cease to be a Safety Enhancement-Double Fine Zone.

(e) A Safety Enhancement-Double Fine Zone is subject to the rules and regulations adopted by the department prescribing uniform standards for warning signs to notify motorists that, pursuant to Section 42010 of the Vehicle Code, increased penalties apply for traffic violations that are committed within a Safety Enhancement-Double Fine Zone.

(f) (1) The department or the local authority having jurisdiction over these highway and road segments shall place and maintain the warning signs identifying these segments by stating that a "Special Safety Zone Region Begins Here" and a "Special Safety Zone Ends Here."

(2) Increased penalties shall apply to violations under Section 42010 of the Vehicle Code only if appropriate signage is in place pursuant to this subdivision.

(3) If designation as a Safety Enhancement-Double Fine Zone is revoked pursuant to subdivision (d), the department shall be responsible for removal of all signage placed pursuant to this subdivision.

(g) Safety Enhancement-Double Fine Zones do not increase the civil liability of the state or local authority having jurisdiction over the highway segment under Division 3.6 (commencing with Section 810) of Title 1 of the Government Code or any other provision of law relating to civil liability.

(1) Only the base fine shall be enhanced pursuant to this section.

(2) Notwithstanding any other provision of law, any additional penalty, forfeiture, or assessment imposed by any other statute shall be based on the amount of the base fine before enhancement or doubling and shall not be based on the amount of the enhanced fine imposed pursuant to this section.

(h) The projects specified as a Safety Enhancement-Double Fine Zone shall not be elevated in priority for state funding purposes.

(i) The requirements of subdivision (a) shall not apply to the Safety Enhancement-Double Fine Zone established prior to the effective date of this subdivision pursuant to Section 97.4.

(k) The department shall conduct an evaluation of the effectiveness of all double fine zones that will terminate the same calendar year and submit its findings in one report to the Assembly Committee on Transportation and the Senate Committee on Transportation and Housing one year prior to the termination of the double fine zones. The report

shall include a recommendation on whether the zones should be reauthorized by the Legislature.

[Approved by Governor October 5, 2007. Filed with
Secretary of State October 5, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 7292 of the Government Code is amended to read:

7292. (a) Every state agency, as defined in Section 11000, except the State Compensation Insurance Fund, directly involved in the furnishing of information or the rendering of services to the public whereby contact is made with a substantial number of non-English-speaking people, shall employ a sufficient number of qualified bilingual persons in public contact positions to ensure provision of information and services to the public, in the language of the non-English-speaking person.

(b) For the purposes of this chapter, the furnishing of information or rendering of services includes, but is not limited to, providing public safety, protection, or prevention, administering state benefits, implementing public programs, managing public resources or facilities, holding public hearings, and engaging in any other state program or activity that involves public contact.

SEC. 2. Section 7295 of the Government Code is amended to read:

7295. Any materials explaining services available to the public shall be translated into any non-English language spoken by a substantial number of the public served by the agency. Whenever notice of the availability of materials explaining services available is given, orally or in writing, it shall be given in English and in the non-English language into which any materials have been translated. The determination of when these materials are necessary when dealing with local agencies shall be left to the discretion of the local agency.

SEC. 3. Section 7295.4 of the Government Code is amended to read:

7295.4. Whenever a state agency finds that the factors listed in both subdivisions (a) and (c) or (b) and (c) exist, it shall distribute the

applicable written materials in the appropriate non-English language through its local offices or facilities to non-English-speaking persons, or, as an alternative, the state agency may instead elect to furnish translation aids, translation guides, or provide assistance, through use of a qualified bilingual person, at its local offices or facilities in completing English forms or questionnaires and in understanding English forms, letters, or notices:

(a) The written materials, whether forms, applications, questionnaires, letters, or notices solicit or require the furnishing of information from an individual or provide that individual with information.

(b) The information solicited, required, or furnished affects or may affect the individual's rights, duties, or privileges with regard to that agency's services or benefits.

(c) The local office or facility of the agency with which the individual is dealing, serves a substantial number of non-English-speaking persons.

SEC. 4. Section 7296 of the Government Code is amended to read:

7296. (a) As used in this chapter, a "qualified bilingual person," "qualified bilingual employee," or "qualified interpreter" is a person who is proficient in both the English language and the non-English language to be used. For any state agency, "qualified" means one of the following:

(1) A bilingual person or employee who the State Personnel Board has tested and certified as proficient in the ability to understand and convey in English and a non-English language commonly used terms and ideas, including terms and ideas regularly used in state government.

(2) A bilingual employee who was tested and certified by a state agency or other testing authority approved by the State Personnel Board as proficient in the ability to understand and convey in English and a non-English language commonly used terms and ideas, including terms and ideas regularly used in state government.

(b) The determination of what constitutes "qualified" for local agencies, shall be left to the discretion of the local agency.

SEC. 5. Section 7296.4 of the Government Code is amended to read:

7296.4. As used in Section 7292, "a sufficient number of qualified bilingual persons in public contact positions" is the number required to provide the same level of services to non-English-speaking persons as

is available to English-speaking persons seeking these services. However, where the local office or facility of the state employs the equivalent of 25 or fewer regular, full-time employees, it shall constitute compliance with the requirements of this chapter if a sufficient number of qualified bilingual persons are employed in public contact positions, or as qualified interpreters to assist those in those positions, to provide the same level of services to non-English-speaking persons as is available to English-speaking persons seeking the services from the office or facility.

SEC. 6. Section 7299.1 of the Government Code is amended to read:

7299.1. State agencies may, utilizing existing funds, contract for telephone-based interpretation services in addition to employing qualified bilingual persons in public contact positions.

SEC. 7. Section 7299.4 of the Government Code is amended to read:

7299.4. (a) Notwithstanding any other provision in this chapter, each state agency shall conduct an assessment and develop and update an implementation plan that complies with the requirements of this chapter.

(b) Each agency shall conduct a survey of each of its local offices every two years to determine all of the following:

- (1) The number of public contact positions in each local office.
- (2) The number of qualified bilingual employees in public contact positions in each local office, and the languages they speak, other than English.
- (3) The number and percentage of non-English-speaking people served by each local office, broken down by native language.
- (4) The number of anticipated vacancies in public contact positions.
- (5) Whether the use of other available options, including contracted telephone-based interpretation services, in addition to qualified bilingual persons in public contact positions, is serving the language needs of the people served by the agency.
- (6) A list of all written materials that are required to be translated or otherwise made accessible to non- or limited-English-speaking individuals by Sections 7295.2 and 7295.4.
- (7) A list of materials identified in paragraph (6) that have been translated and languages into which they have been translated.
- (8) The number of additional qualified bilingual public contact staff, if any, needed at each local office to comply with this chapter.
- (9) Any other relevant information requested by the State Personnel Board.

(c) Each agency shall calculate the percentage of non-English-speaking people served by each local office by rounding the percentage arrived at to the nearest whole percentage point.

The survey results shall be reported on forms provided by the State Personnel Board, and delivered to the board not later than October 1 of every even-numbered year beginning with 2008.

(d) Beginning in 2009 and in every odd-numbered year thereafter, each state agency shall develop an implementation plan that, at a minimum, addresses all of the following:

(1) The name, position, and contact information of the employee designated by the agency to be responsible for overseeing implementation of the plan.

(2) A description of the agency's procedures for identifying written materials that need to be translated.

(3) A description of the agency's procedures for identifying language needs at local offices and assigning qualified bilingual staff.

(4) A description of how the agency recruits qualified bilingual staff.

(5) A description of any training the agency provides to its staff on the provision of services to non- or limited-English-speaking individuals.

(6) A detailed description of how the agency plans to address any deficiencies in meeting the requirements of this chapter, including, but not limited to, the failure to translate written materials or employ sufficient numbers of qualified bilingual employees in public contact positions at local offices, the proposed actions to be taken to address the deficiencies, and the proposed dates by when the deficiencies can be remedied.

(7) A description of the agency's procedures for accepting and resolving complaints of an alleged violation of this chapter.

(8) A description of how the agency complies with any federal or other state laws that require the provision of linguistically accessible services to the public.

(9) Any other relevant information requested by the State Personnel Board.

(e) In developing its implementation plan in 2003, each state agency may rely upon data gathered from its 2002 survey.

(f) Each state agency shall submit its implementation plan to the State Personnel Board no later than October 1 of each applicable year. The board shall review each plan, and, if it determines that the plan fails to address the identified deficiencies, the board shall order the agency to supplement or make changes to its plan. A state agency that has been determined to be deficient shall report to the State Personnel Board every six months on its progress in addressing the identified deficiencies.

(g) If the board determines that a state agency has not made reasonable progress toward complying with this chapter, the board may issue orders that it deems appropriate to effectuate the purposes of this chapter.

SEC. 8. Section 7299.5 of the Government Code is amended to read:

7299.5. The State Personnel Board may exempt state agencies from the requirements of Section 7299.4, where the State Personnel Board determines that any of the following conditions apply:

(a) The agency's primary mission does not include responsibility for furnishing information or rendering services to the public.

(b) The agency has consistently received such limited public contact with the non-English-speaking public that it has not been required to employ bilingual staff under Section 7292 and the agency employs fewer than the equivalent of 25 full-time employees in public contact positions.

In order to receive an exemption, each state agency shall annually petition the State Personnel Board for the exemption and receive approval in writing by the date established by the board. An agency may receive an exemption for up to five consecutive surveys or implementation plans, if it demonstrates that it meets the requirements of subdivision (a) or (b), and provides all required documentation to the State Personnel Board.

SEC. 9. Section 7299.8 of the Government Code is amended to read:

7299.8. It is not the intent of the Legislature in enacting this chapter to prohibit the establishment of bilingual positions, or printing of materials, or use of qualified interpreters, where less than 5 percent of the people served do not speak English or are unable to communicate effectively, as determined appropriate by the state or local agency. It is not the intent of the Legislature in enacting this chapter to require that all public contact positions be filled with qualified bilingual persons.

SECTION 1. Section 21710 of the Business and Professions Code is amended to read:

21710. If a declaration in opposition to the lien sale is received prior to the date set forth in the notice of lien sale, the owner may enforce the lien as follows:

(a) An action to enforce the owner's lien shall be commenced by the filing of a verified complaint setting forth the facts upon which the claim of lien is based. The summons and complaint may be served by certified mail, postage prepaid, addressed to the occupant at the occupant's last known address, in which case service shall be deemed completed on the fifth day after the mailing, or in any other manner authorized by Chapter 4 (commencing with Section 413.10) of Title 2 of Part 2 of the Code of Civil Procedure.

(b) The occupant shall have 10 days in which to respond to the complaint after service of the summons is completed, which time may be extended for good cause shown.

(c) If the occupant has not responded to the complaint by answer or demurrer within the time allowed after service is completed, the clerk, upon application of the owner, shall enter the default of the occupant, and thereafter, the owner may apply to the court for judgment in the amount of the lien, including costs.

(d) Any judgment entered on the action on the lien in favor of the owner may be enforced by sale of the property by the owner. The sale shall be conducted in a commercially reasonable manner, and shall take place 10 days or more from the entry of judgment, unless within that time period, or at any time prior to the sale, the occupant pays to the owner the full amount of the judgment.

(e) Enforcement of the judgment may be stayed, pending appeal, by the posting of a bond by the occupant in an amount one and one-half

times the amount of the judgment, in which case the property may be released to the occupant.

3154. (a) At any time after the expiration of the time period specified by Section 3144 with regard to the period during which property is bound by a lien after recordation of a claim of lien, where no action has been brought to enforce that lien, the owner of the property or the owner of any interest therein may petition the proper court for a decree to release the property from the lien.

(b) The petition shall be verified and shall allege all of the following:

(1) The date of recordation of the claim of lien.
(2) The legal description of the property affected by the claim of lien.
(3) That no action to foreclose the lien is pending, or that no extension of credit has been recorded, and that the time period during which suit can be brought to foreclose the lien has expired.

(4) That the lien claimant is unable or unwilling to execute a release of the lien or cannot with reasonable diligence be found.

(5) That the owner of the property or interest in the property has not filed for relief under any law governing bankruptcy, and that there exists no other restraint to prevent the lien claimant from filing to foreclose the lien. A certified copy of the claim of lien shall be attached to the petition. The petition shall be deemed controverted by the lien claimant.

(c) Upon the filing of the petition, and before any further proceedings are had, the clerk shall set a date for the hearing not more than 30 days following the filing of the petition. The court may continue the hearing beyond the 30-day period, but good cause shall be shown for any continuance.

(d) A copy of the petition and the notice setting the date for the hearing shall be served upon the lien claimant at least 10 days prior to the date set for hearing, in the manner in which a summons is required to be served, or by certified or registered mail, postage prepaid, return receipt requested, addressed to the lien claimant at the claimant's address as shown in any of the following:

was made in compliance with this subdivision. The issue of compliance with this subdivision shall be deemed controverted by the lien claimant.

(g) The prevailing party shall be entitled to attorneys' fees not to exceed two thousand dollars (\$2,000).

(h) Nothing in this section shall be construed to bar any other cause of action or claim for relief by the owner of the property or an interest in the property, nor shall a decree canceling a claimant's lien bar the lien claimant from bringing any other cause of action or claim for relief, other than an action foreclosing the lien. However, no other action or claim shall be joined with the claim for relief established by this section.

(i) Chapter 2.5 (commencing with Section 1141.10) of Title 3 of Part 3 of the Code of Civil Procedure does not apply to causes commenced pursuant to this section.

SEC. 3. Section 12a of the Code of Civil Procedure is amended to read:

12a. (a) If the last day for the performance of any act provided or required by law to be performed within a specified period of time is a holiday, then that period is hereby extended to and including the next day that is not a holiday. For purposes of this section, "holiday" means all day on Saturdays, all holidays specified in Section 135 and, to the extent provided in Section 12b, all days that by terms of Section 12b are required to be considered as holidays.

(b) This section applies to Sections 659, 659a, and 921, and to all other provisions of law providing or requiring an act to be performed on a particular day or within a specified period of time, whether expressed in this or any other code or statute, ordinance, rule, or regulation.

SEC. 4. Section 222 of the Code of Civil Procedure is amended to read:

222. (a) Except as provided in subdivision (b), when an action is called for trial by jury, the clerk shall randomly select the names of the jurors for voir dire, until the jury is selected or the panel is exhausted.

SEC. 5. Section 396a of the Code of Civil Procedure is amended to read:

396a. In a case that is subject to Sections 1812.10 and 2984.4 of the Civil Code, or subdivision (b) of Section 395 of the Code of Civil Procedure, or in an action or proceeding for an unlawful detainer as defined in Section 1161 of the Code of Civil Procedure:

(a) The plaintiff shall state facts in the complaint, verified by the plaintiff's oath, or the oath of the plaintiff's attorney, or in an affidavit of the plaintiff or of the plaintiff's attorney filed with the complaint, showing that the action has been commenced in the proper superior court and the proper court location for the trial of the action or proceeding, and showing that the action is subject to the provisions of Sections 1812.10 and 2984.4 of the Civil Code or subdivision (b) of Section 395 of the Code of Civil Procedure, or is an action for an unlawful detainer. When the affidavit is filed with the complaint, a copy thereof shall be served with the summons. Except as provided in this section, if the complaint or affidavit is not filed pursuant to this subdivision, no further proceedings may occur in the action or proceeding, except to dismiss the action or proceeding without prejudice. However, the court may, on terms that are just, permit the affidavit to be filed after the filing of the complaint, and a copy of the affidavit shall be served on the defendant and the time to answer or otherwise plead shall date from that service.

(b) If it appears from the complaint or affidavit, or otherwise, that the superior court or court location where the action or proceeding is commenced is not the proper court or court location for the trial, the court where the action or proceeding is commenced, or a judge thereof, shall, whenever that fact appears, transfer it to the proper court or court location, on its own motion, or on motion of the defendant, unless the defendant consents in writing, or in open court (consent in open court being entered in the minutes of the court), to the keeping of the action or proceeding in the court or court location where commenced. If that consent is given, the action or proceeding may continue in the court or court location where commenced. Notwithstanding Section 1801.1 and subdivision (f) of Section 2983.7 of the Civil Code, that consent may be given by a defendant who is represented by counsel at the time the consent is given, and if an action or proceeding is subject to subdivision (b) of Section 395 or is for an unlawful detainer, that consent may only be given by a defendant who is represented by counsel at the time the consent is given.

(c) In any case where the transfer of the action or proceeding is ordered under subdivision (a) or (b), if summons is served prior to the filing of the action or proceeding in the superior court or court location to which it is transferred, as to any defendant, so served, who has not appeared

in the action or proceeding, the time to answer or otherwise plead shall date from service upon that defendant of written notice of the filing.

(d) If it appears from the complaint or affidavit of the plaintiff that the superior court and court location where the action or proceeding is commenced are a proper court and court location for the trial thereof, all proper proceedings may be had, and the action or proceeding may be tried in that court at that location.

(e) A motion for a transfer of the action or proceeding to a different superior court may be made as in other cases, within the time, upon the grounds, and in the manner provided in this title, and if upon that motion it appears that the action or proceeding is not pending in the proper court, or should for other cause be transferred, the action or proceeding shall be ordered transferred as provided in this title.

If any action or proceeding is ordered transferred to another court as provided in this section, proceedings shall be had, and the costs and fees shall be paid, as provided in Sections 398 and 399.

(f) If a motion is made for transfer of an action or proceeding to a different court location within the same superior court as provided in this section, proceedings shall be had as provided by local rules of the superior court.

SEC. 6. Section 585 of the Code of Civil Procedure is amended to read:

585. Judgment may be had, if the defendant fails to answer the complaint, as follows:

(a) In an action arising upon contract or judgment for the recovery of money or damages only, if the defendant has, or if more than one defendant, if any of the defendants have, been served, other than by publication, and no answer, demurrer, notice of motion to strike of the character specified in subdivision (f), notice of motion to transfer pursuant to Section 396b, notice of motion to dismiss pursuant to Article 2 (commencing with Section 583.210) of Chapter 1.5 of Title 8, notice of motion to quash service of summons or to stay or dismiss the action pursuant to Section 418.10, or notice of the filing of a petition for writ of mandate as provided in Section 418.10 has been filed with the clerk of the court within the time specified in the summons, or within further time as may be allowed, the clerk, upon written application of the plaintiff, and proof of the service of summons, shall enter the default of the defendant or defendants, so served, and immediately thereafter enter judgment for the principal amount demanded in the complaint, in the statement required by Section 425.11, or in the statement provided for in Section 425.115, or a lesser amount if credit has been acknowledged, together with interest allowed by law or in accordance with the terms of the contract, and the costs against the defendant, or defendants, or against

one or more of the defendants. If, by rule of court, a schedule of attorneys' fees to be allowed has been adopted, the clerk may include in the judgment attorneys' fees in accordance with the schedule (1) if the contract provides that attorneys' fees shall be allowed in the event of an action thereon, or (2) if the action is one in which the plaintiff is entitled by statute to recover attorneys' fees in addition to money or damages. The plaintiff shall file a written request at the time of application for entry of the default of the defendant or defendants, to have attorneys' fees fixed by the court, whereupon, after the entry of the default, the court shall hear the application for determination of the attorneys' fees and shall render judgment for the attorneys' fees and for the other relief demanded in the complaint, in the statement required by Section 425.11, or in the statement provided for in Section 425.115, or a lesser amount if credit has been acknowledged, and the costs against the defendant, or defendants, or against one or more of the defendants.

(b) In other actions, if the defendant has been served, other than by publication, and no answer, demurrer, notice of motion to strike of the character specified in subdivision (f), notice of motion to transfer pursuant to Section 396b, notice of motion to dismiss pursuant to Article 2 (commencing with Section 583.210) of Chapter 1.5 of Title 8, notice of motion to quash service of summons or to stay or dismiss the action pursuant to Section 418.10 or notice of the filing of a petition for writ of mandate as provided in Section 418.10 has been filed with the clerk of the court within the time specified in the summons, or within further time as may be allowed, the clerk, upon written application of the plaintiff, shall enter the default of the defendant. The plaintiff thereafter may apply to the court for the relief demanded in the complaint. The court shall hear the evidence offered by the plaintiff, and shall render judgment in the plaintiff's favor for that relief, not exceeding the amount stated in the complaint, in the statement required by Section 425.11, or in the statement provided for by Section 425.115, as appears by the evidence to be just. If the taking of an account, or the proof of any fact, is necessary to enable the court to give judgment or to carry the judgment into effect, the court may take the account or hear the proof, or may, in its discretion, order a reference for that purpose. If the action is for the recovery of damages, in whole or in part, the court may order the damages to be assessed by a jury; or if, to determine the amount of damages, the examination of a long account is involved, by a reference as above provided.

(c) In all actions where the service of the summons was by publication, upon the expiration of the time for answering, and upon proof of the publication and that no answer, demurrer, notice of motion to strike of the character specified in subdivision (f), notice of motion to transfer

pursuant to Section 396b, notice of motion to dismiss pursuant to Article 2 (commencing with Section 583.210) of Chapter 1.5 of Title 8, notice of motion to quash service of summons or to stay or dismiss the action pursuant to Section 418.10, or notice of the filing of a petition for writ of mandate as provided in Section 418.10 has been filed, the clerk, upon written application of the plaintiff, shall enter the default of the defendant. The plaintiff thereafter may apply to the court for the relief demanded in the complaint; and the court shall hear the evidence offered by the plaintiff, and shall render judgment in the plaintiff's favor for that relief, not exceeding the amount stated in the complaint, in the statement required by Section 425.11, or in the statement provided for in Section 425.115, as appears by the evidence to be just. If the defendant is not a resident of the state, the court shall require the plaintiff, or the plaintiff's agent, to be examined, on oath, respecting any payments that have been made to the plaintiff, or to anyone for the plaintiff's use, on account of any demand mentioned in the complaint, in the statement required by Section 425.11, or in the statement provided for in Section 425.115, and may render judgment for the amount that the plaintiff is entitled to recover. In all cases affecting the title to or possession of real property, where the service of the summons was by publication and the defendant has failed to answer, no judgment shall be rendered upon proof of mere occupancy, unless the occupancy has continued for the time and has been of the character necessary to confer title by prescription. In all cases where the plaintiff bases a claim upon a paper title, the court shall require evidence establishing the plaintiff's equitable right to judgment before rendering judgment. In actions involving only the possession of real property where the complaint is verified and shows by proper allegations that no party to the action claims title to the real property involved, either by prescription, accession, transfer, will, or succession, but only the possession thereof, the court may render judgment upon proof of occupancy by plaintiff and ouster by defendant.

(d) In the cases referred to in subdivisions (b) and (c), or upon an application to have attorneys' fees fixed by the court pursuant to subdivision (a), the court in its discretion may permit the use of affidavits, in lieu of personal testimony, as to all or any part of the evidence or proof required or permitted to be offered, received, or heard in those cases. The facts stated in the affidavit or affidavits shall be within the personal knowledge of the affiant and shall be set forth with particularity, and each affidavit shall show affirmatively that the affiant, if sworn as a witness, can testify competently thereto.

(e) If a defendant files a cross-complaint against another defendant or the plaintiff, a default may be entered against that party on that cross-complaint if the plaintiff or that cross-defendant has been served

with that cross-complaint and has failed to file an answer, demurrer, notice of motion to strike of the character specified in subdivision (f), notice of motion to transfer pursuant to Section 396b, notice of motion to dismiss pursuant to Article 2 (commencing with Section 583.210) of Chapter 1.5 of Title 8, notice of motion to quash service of summons or to stay or dismiss the action pursuant to Section 418.10, or notice of the filing of a petition for a writ of mandate as provided in Section 418.10 within the time specified in the summons, or within another time period as may be allowed. However, no judgment may separately be entered on that cross-complaint unless a separate judgment may, in fact, be properly awarded on that cross-complaint and the court finds that a separate judgment on that cross-complaint would not substantially delay the final disposition of the action between the parties.

(f) A notice of motion to strike within the meaning of this section is a notice of motion to strike the whole or any part of a pleading filed within the time which the moving party is required otherwise to plead to that pleading. The notice of motion to strike shall specify a hearing date set in accordance with Section 1005. The filing of a notice of motion does not extend the time within which to demur.

SEC. 7. Section 618 of the Code of Civil Procedure is amended to read:

618. When the jury, or three-fourths of them, have agreed upon a verdict, they must be conducted into court and the verdict rendered by their foreperson. The verdict must be in writing, signed by the foreperson, and must be read to the jury by the clerk, and the inquiry made whether it is their verdict. Either party may require the jury to be polled, which is done by the court or clerk, asking each juror if it is the juror's verdict. If upon inquiry or polling, more than one-fourth of the jurors disagree thereto, the jury must be sent out again, but if no disagreement is expressed, the verdict is complete and the jury discharged from the case.

SEC. 8. Section 644 of the Code of Civil Procedure is amended to read:

644. (a) In the case of a consensual general reference pursuant to Section 638, the decision of the referee or commissioner upon the whole issue must stand as the decision of the court, and upon filing of the statement of decision with the clerk of the court, judgment may be entered thereon in the same manner as if the action had been tried by the court.

(b) In the case of all other references, the decision of the referee or commissioner is only advisory. The court may adopt the referee's recommendations, in whole or in part, after independently considering the referee's findings and any objections and responses thereto filed with the court.

SEC. 9. Section 904 of the Code of Civil Procedure is amended to read:

904. An appeal may be taken in a civil action or proceeding as provided in Sections 904.1, 904.2, and 904.5.

SEC. 9.5. Section 904 of the Code of Civil Procedure is amended to read:

904. An appeal may be taken in a civil action or proceeding as provided in Sections 904.1, 904.2, 904.3, and 904.5.

SEC. 10. Section 990 of the Code of Civil Procedure is amended to read:

990. The summons specified in Section 989 shall be issued by the clerk upon presentation of the affidavit specified in Section 991. The summons must describe the judgment, and require the person summoned to show cause why the person should not be bound by it, and must be served in the same manner, and returnable no later than ninety (90) days after the time specified for the return of the original summons. It is not necessary to file a new complaint.

SEC. 11. Section 1011 of the Code of Civil Procedure is amended to read:

1011. The service may be personal, by delivery to the party or attorney on whom the service is required to be made, or it may be as follows:

(a) If upon an attorney, service may be made at the attorney's office, by leaving the notice or other papers in an envelope or package clearly labeled to identify the attorney being served, with a receptionist or with a person having charge thereof. When there is no person in the office with whom the notice or papers may be left for purposes of this subdivision at the time service is to be effected, service may be made by leaving them between the hours of nine in the morning and five in the afternoon, in a conspicuous place in the office, or, if the attorney's office is not open so as to admit of that service, then service may be made by leaving the notice or papers at the attorney's residence, with some person of not less than 18 years of age, if the attorney's residence is in the same county with his or her office, and, if the attorney's residence is not known or is not in the same county with his or her office, or being in the same county it is not open, or a person 18 years of age or older cannot be found at the attorney's residence, then service may be made by putting the notice or papers, enclosed in a sealed envelope, into the post office or a mail box, subpost office, substation, or mail chute or other like facility regularly maintained by the Government of the United States directed to the attorney at his or her office, if known and otherwise to the attorney's residence, if known. If neither the attorney's office nor residence is known, service may be made by

delivering the notice or papers to the address of the attorney or party of record as designated on the court papers, or by delivering the notice or papers to the clerk of the court, for the attorney.

(b) If upon a party, service shall be made in the manner specifically provided in particular cases, or, if no specific provision is made, service may be made by leaving the notice or other paper at the party's residence, between the hours of eight in the morning and six in the evening, with some person of not less than 18 years of age. If at the time of attempted service between those hours a person 18 years of age or older cannot be found at the party's residence, the notice or papers may be served by mail. If the party's residence is not known, then service may be made by delivering the notice or papers to the clerk of the court, for that party.

SEC. 12. Section 1015 of the Code of Civil Procedure is amended to read:

1015. When a plaintiff or a defendant, who has appeared, resides out of the state, and has no attorney in the action or proceeding, the service may be made on the clerk of the court, for that party. But in all cases where a party has an attorney in the action or proceeding, the service of papers, when required, must be upon the attorney instead of the party, except service of subpoenas, of writs, and other process issued in the suit, and of papers to bring the party into contempt. If the sole attorney for a party is removed or suspended from practice, then the party has no attorney within the meaning of this section. If the party's sole attorney has no known office in this state, notices and papers may be served by leaving a copy thereof with the clerk of the court, unless the attorney has filed in the cause an address of a place at which notices and papers may be served on the attorney, in which event they may be served at that place.

SEC. 13. Section 1169 of the Code of Civil Procedure is amended to read:

1169. If, at the time appointed, any defendant served with a summons does not appear and defend, the clerk, upon written application of the plaintiff and proof of the service of summons and complaint, shall enter the default of any defendant so served, and, if requested by the plaintiff, immediately shall enter judgment for restitution of the premises and shall issue a writ of execution thereon. The application for default judgment and the default judgment shall include a place to indicate that the judgment includes tenants, subtenants, if any, named claimants, if any, and any other occupants of the premises. Thereafter, the plaintiff may apply to the court for any other relief demanded in the complaint, including the costs, against the defendant, or defendants, or against one or more of the defendants.

SEC. 14. Section 1986 of the Code of Civil Procedure is amended to read:

1986. A subpoena is obtainable as follows:

(a) To require attendance before a court, or at the trial of an issue therein, or upon the taking of a deposition in an action or proceeding pending therein, it is obtainable from the clerk of the court in which the action or proceeding is pending.

(b) To require attendance before a commissioner appointed to take testimony by a court of a foreign country, or of the United States, or of any other state in the United States, or before any officer or officers empowered by the laws of the United States to take testimony, it may be obtained from the clerk of the superior court of the county in which the witness is to be examined.

(c) To require attendance out of court, in cases not provided for in subdivision (a), before a judge, justice, or other officer authorized to administer oaths or take testimony in any matter under the laws of this state, it is obtainable from the judge, justice, or other officer before whom the attendance is required.

If the subpoena is to require attendance before a court, or at the trial of an issue therein, it is obtainable from the clerk, as of course, upon the application of the party desiring it. If it is obtained to require attendance before a commissioner or other officer upon the taking of a deposition, it must be obtained, as of course, from the clerk of the superior court of the county wherein the attendance is required upon the application of the party requiring it.

SEC. 15. Section 16701 of the Corporations Code is amended to read:

16701. Except as provided in Section 16701.5, all of the following shall apply:

(a) If a partner is dissociated from a partnership, the partnership shall cause the dissociated partner's interest in the partnership to be purchased for a buyout price determined pursuant to subdivision (b).

(b) The buyout price of a dissociated partner's interest is the amount that would have been distributable to the dissociating partner under subdivision (b) of Section 16807 if, on the date of dissociation, the assets of the partnership were sold at a price equal to the greater of the liquidation value or the value based on a sale of the entire business as a going concern without the dissociated partner and the partnership was wound up as of that date. Interest shall be paid from the date of dissociation to the date of payment.

(c) Damages for wrongful dissociation under Section 16602, and all other amounts owing, whether or not presently due, from the dissociated partner to the partnership, shall be offset against the buyout price. Interest

shall be paid from the date the amount owed becomes due to the date of payment.

(d) A partnership shall indemnify a dissociated partner whose interest is being purchased against all partnership liabilities, whether incurred before or after the dissociation, except liabilities incurred by an act of the dissociated partner under Section 16702.

(e) If no agreement for the purchase of a dissociated partner's interest is reached within 120 days after a written demand for payment, the partnership shall pay, or cause to be paid, in cash to the dissociated partner the amount the partnership estimates to be the buyout price and accrued interest, reduced by any offsets and accrued interest under subdivision (c).

(f) If a deferred payment is authorized under subdivision (h), the partnership may tender a written offer to pay the amount it estimates to be the buyout price and accrued interest, reduced by any offsets under subdivision (c), stating the time of payment, the amount and type of security for payment, and the other terms and conditions of the obligation.

(g) The payment or tender required by subdivision (e) or (f) shall be accompanied by all of the following:

(1) A statement of partnership assets and liabilities as of the date of dissociation.

(2) The latest available partnership balance sheet and income statement, if any.

(3) An explanation of how the estimated amount of the payment was calculated.

(4) Written notice that the payment is in full satisfaction of the obligation to purchase unless, within 120 days after the written notice, the dissociated partner commences an action to determine the buyout price, any offsets under subdivision (c), or other terms of the obligation to purchase.

(h) A partner who wrongfully dissociates before the expiration of a definite term or the completion of a particular undertaking is not entitled to payment of any portion of the buyout price until the expiration of the term or completion of the undertaking, unless the partner establishes to the satisfaction of the court that earlier payment will not cause undue hardship to the business of the partnership. A deferred payment shall be adequately secured and bear interest.

(i) A dissociated partner may maintain an action against the partnership, pursuant to subparagraph (B) of paragraph (2) of subdivision (b) of Section 16405, to determine the buyout price of that partner's interest, any offsets under subdivision (c), or other terms of the obligation to purchase. The action shall be commenced within 120 days after the partnership has tendered payment or an offer to pay or within one year

after written demand for payment if no payment or offer to pay is tendered. The court shall determine the buyout price of the dissociated partner's interest, any offset due under subdivision (c), and accrued interest, and enter judgment for any additional payment or refund. If deferred payment is authorized under subdivision (h), the court shall also determine the security for payment and other terms of the obligation to purchase. The court may assess reasonable attorney's fees and the fees and expenses of appraisers or other experts for a party to the action, in amounts the court finds equitable, against a party that the court finds acted arbitrarily, vexatiously, or not in good faith. The finding may be based on the partnership's failure to tender payment or an offer to pay or to comply with subdivision (g).

SEC. 16. Section 16701.5 of the Corporations Code is amended to read:

16701.5. (a) Section 16701 shall not apply to any dissociation that occurs within 90 days prior to a dissolution under Section 16801.

(b) For dissociations occurring within 90 days prior to the dissolution, both of the following shall apply:

(1) All partners who dissociated within 90 days prior to the dissolution shall be treated as partners under Section 16807.

(2) Any damages for wrongful dissociation under Section 16602 and all other amounts owed by the dissociated partner to the partnership, whether or not presently due, shall be taken into account in determining the amount distributable to the dissociated partner under Section 16807.

SEC. 17. Section 16914 of the Corporations Code is amended to read:

16914. (a) When a merger takes effect, all of the following apply:

(1) The separate existence of the disappearing partnerships and disappearing other business entities ceases and the surviving partnership or surviving other business entity shall succeed, without other transfer, act, or deed, to all the rights and property whether real, personal, or mixed, of each of the disappearing partnerships and disappearing other business entities and shall be subject to all the debts and liabilities of each in the same manner as if the surviving partnership or surviving other business entity had itself incurred them.

(2) All rights of creditors and all liens upon the property of each of the constituent partnerships and constituent other business entities shall be preserved unimpaired and may be enforced against the surviving partnership or the surviving other business entity to the same extent as if the debt, liability, or duty that gave rise to that lien had been incurred or contracted by it, provided that those liens upon the property of a disappearing partnership or disappearing other business entity shall be

limited to the property affected thereby immediately prior to the time the merger is effective.

(3) Any action or proceeding pending by or against any disappearing partnership or disappearing other business entity may be prosecuted to judgment, which shall bind the surviving partnership or surviving other business entity, or the surviving partnership or surviving other business entity may be proceeded against or be substituted in the disappearing partnership's or the disappearing other business entity's place.

(b) (1) Unless a certificate of merger has been filed to effect the merger, the surviving foreign entity shall promptly notify the Secretary of State of the mailing address of its agent for service of process and its chief executive office, and of any change of address. To enforce an obligation of a partnership that has merged with a foreign partnership or foreign other business entity, the Secretary of State shall only be the agent for service of process in an action or proceeding against the surviving foreign partnership or foreign other business entity, if the agent designated for the service of process for that entity is a natural person and cannot be located with due diligence or if the agent is a corporation and no person to whom delivery may be made can be located with due diligence, or if no agent has been designated and if no one of the officers, partners, managers, members, or agents of the entity can be located after diligent search, and it is so shown by affidavit to the satisfaction of the court. The court then may make an order that service be made by personal delivery to the Secretary of State or to an assistant or deputy Secretary of State of two copies of the process together with two copies of the order, and the order shall set forth an address to which the process shall be sent by the Secretary of State. Service in this manner is deemed complete on the 10th day after delivery of the process to the Secretary of State.

(2) Upon receipt of the process and order and the fee set forth in subdivision (c) of Section 12197 of the Government Code, the Secretary of State shall give notice to the entity of the service of the process by forwarding by certified mail, return receipt requested, a copy of the process and order to the address specified in the order.

(3) The Secretary of State shall keep a record of all process served upon the Secretary of State and shall record therein the time of service and the Secretary of State's action with respect thereto. The certificate of the Secretary of State, under the Secretary of State's official seal, certifying to the receipt of process, the giving of notice thereof to the entity, and the forwarding of the process, shall be competent and prima facie evidence of the matters stated therein.

(c) A partner of the surviving partnership or surviving limited partnership, a member of the surviving limited liability company, a

shareholder of the surviving corporation, or a holder of equity securities of the surviving other business entity, is liable for all of the following:

(1) All obligations of a party to the merger for which that person was personally liable before the merger.

(2) All other obligations of the surviving entity incurred before the merger by a party to the merger, but those obligations may be satisfied only out of property of the entity.

(3) All obligations of the surviving entity incurred after the merger takes effect, but those obligations may be satisfied only out of property of the entity if that person is a limited partner, a shareholder in a corporation, or, unless expressly provided otherwise in the articles of organization or other constituent documents, a member of a limited liability company or a holder of equity securities in a surviving other business entity.

(d) If the obligations incurred before the merger by a party to the merger are not satisfied out of the property of the surviving partnership or surviving other business entity, the general partners of that party immediately before the effective date of the merger, to the extent that party was a partnership or a limited partnership, shall contribute the amount necessary to satisfy that party's obligations to the surviving entity in the manner provided in Section 16807 or in the limited partnership act of the jurisdiction in which the party was formed, as the case may be, as if the merged party were dissolved.

(e) A partner of a domestic disappearing partnership who does not vote in favor of the merger and does not agree to become a partner, member, shareholder, or holder of interest or equity securities of the surviving partnership or surviving other business entity shall have the right to dissociate from the partnership as of the date the merger takes effect. Within 10 days after the approval of the merger by the partners as required under this article, each domestic disappearing partnership shall send notice of the approval of the merger to each partner that has not approved the merger, accompanied by a copy of Section 16701 and a brief description of the procedure to be followed under that section if the partner wishes to dissociate from the partnership. A partner that desires to dissociate from a disappearing partnership shall send written notice of that dissociation within 30 days after the date of the notice of the approval of the merger. The disappearing partnership shall cause the partner's interest in the entity to be purchased under Section 16701. The surviving entity is bound under Section 16702 by an act of a general partner dissociated under this subdivision, and the partner is liable under Section 16703 for transactions entered into by the surviving entity after the merger takes effect. The dissociation of a partner in connection with

a merger pursuant to the terms of this subdivision shall not be deemed a wrongful dissociation under Section 16602.

If the appropriate agency fails to enter the bench warrant into the national warrant system (NCIC), and the court finds that this failure prevented the surety or bond agent from surrendering the fugitive into custody, prevented the fugitive from being arrested or taken into custody, or resulted in the fugitive's subsequent release from custody, the court having jurisdiction over the bail shall, upon petition, set aside the forfeiture of the bond and declare all liability on the bail bond to be exonerated.

CHAPTER 273

An act to amend Section 5201 of, and to add Section 5201.1 to, the Vehicle Code, relating to vehicles.

[Approved by Governor October 5, 2007. Filed with
Secretary of State October 5, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 5201 of the Vehicle Code is amended to read:
5201. License plates shall at all times be securely fastened to the vehicle for which they are issued so as to prevent the plates from swinging, shall be mounted in a position so as to be clearly visible, and

shall be maintained in a condition so as to be clearly legible. The rear license plate shall be mounted not less than 12 inches nor more than 60 inches from the ground, and the front license plate shall be mounted not more than 60 inches from the ground, except as follows:

(a) The rear license plate on a tow truck may be mounted on the left-hand side of the mast assembly at the rear of the cab of the vehicle, not less than 12 inches nor more than 90 inches from the ground.

(b) The rear license plate on a tank vehicle hauling hazardous waste, as defined in Section 25117 of the Health and Safety Code, or asphalt material may be mounted not less than 12 inches nor more than 90 inches from the ground.

(c) The rear license plate on a truck tractor may be mounted at the rear of the cab of the vehicle, but not less than 12 inches nor more than 90 inches from the ground.

(d) The rear license plate of a vehicle designed by the manufacturer for the collection and transportation of garbage, rubbish, or refuse that is used regularly for the collection and transportation of that material by any person or governmental entity employed to collect, transport, and dispose of garbage, rubbish, or refuse may be mounted not less than 12 inches nor more than 90 inches from the ground.

(e) The rear license plate on a two-axle livestock trailer may be mounted 12 inches or more, but not more than 90 inches, from the ground.

(f) A covering shall not be used on license plates except as follows:

(1) The installation of a cover over a lawfully parked vehicle to protect it from the weather and the elements does not constitute a violation of this subdivision. Any peace officer or other regularly salaried employee of a public agency designated to enforce laws, including local ordinances, relating to the parking of vehicles may temporarily remove so much of the cover as is necessary to inspect any license plate, tab, or indicia of registration on a vehicle.

(2) The installation of a license plate security cover is not a violation of this subdivision if the device does not obstruct or impair the recognition of the license plate information, including, but not limited to, the issuing state, license plate number, and registration tabs, and the cover is limited to the area directly over the top of the registration tabs. No portion of a license plate security cover shall rest over the license plate number.

(g) A casing, shield, frame, border, product, or other device that obstructs or impairs the reading or recognition of a license plate by an electronic device operated by state or local law enforcement, an electronic device operated in connection with a toll road, high-occupancy toll lane, toll bridge, or other toll facility, or a remote emission sensing device, as

specified in Sections 44081 and 44081.6 of the Health and Safety Code, shall not be installed on, or affixed to, a vehicle.

(h) (1) It is the intent of the Legislature that an accommodation be made to persons with disabilities and to those persons who regularly transport persons with disabilities, to allow the removal and relocation of wheelchair lifts and wheelchair carriers without the necessity of removing and reattaching the vehicle's rear license plate. Therefore, it is not a violation of this section if the reading or recognition of a rear license plate is obstructed or impaired by a wheelchair lift or wheelchair carrier and all of the following requirements are met:

(A) The owner of the vehicle has been issued a special identification license plate pursuant to Section 5007, or the person using the wheelchair that is carried on the vehicle has been issued a distinguishing placard under Section 22511.55.

(B) (i) The operator of the vehicle displays a decal, designed and issued by the department, that contains the license plate number assigned to the vehicle transporting the wheelchair.

(ii) The decal is displayed on the rear window of the vehicle, in a location determined by the department, in consultation with the Department of the California Highway Patrol, so as to be clearly visible to law enforcement.

(2) Notwithstanding any other provision of law, if a decal is displayed pursuant to this subdivision, the requirements of this code that require the illumination of the license plate and the license plate number do not apply.

(3) The department shall adopt regulations governing the procedures for accepting and approving applications for decals, and issuing decals, authorized by this subdivision.

(4) This subdivision does not apply to a front license plate.

SEC. 2. Section 5201.1 is added to the Vehicle Code, to read:

5201.1. (a) A person shall not sell a product or device that obscures, or is intended to obscure, the reading or recognition of a license plate, as prohibited by subdivision (g) of Section 5201.

(b) A conviction for a violation of subdivision (a) is punishable by a fine of two hundred fifty dollars (\$250) per item sold.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the

definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(4) No charges that could result in revocation or suspension of an optometrist's license to practice optometry are pending against any optometrist practicing at the location.

Proceedings for revocation or suspension shall be governed by the Administrative Procedure Act.

(d) If the board revokes or suspends the license to practice optometry of an individual optometrist or any member of a corporation or group to whom a permit has been issued under this section, the revocation or suspension shall also constitute revocation or suspension, as the case may be, of the permit.

SEC. 5. Section 3152 of the Business and Professions Code is amended to read:

3152. The amount of fees and penalties prescribed by this chapter shall be established by the board in amounts not greater than those specified in the following schedule:
