[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 1625.3 is added to the Business and Professions Code, to read:

1625.3. (a) Notwithstanding any other provision of law, upon the incapacity or death of a dentist, if the requirements of Section 1625.4 are met, any of the following persons may employ licensees and dental assistants and charge for the professional services they render for a period not to exceed 12 months from the date of the dentist's death or incapacity without being deemed to be practicing dentistry within the meaning of Section 1625:

(1) The legal guardian, conservator, or authorized representative of an incapacitated dentist.

(2) The executor or administrator of the estate of a dentist who is deceased.

(3) The named trustee or successor trustee of a trust or subtrust that owns assets consisting only of the incapacitated or deceased dentist's dental practice and that was established solely for the purpose of disposition of the dental practice upon the dentist's incapacity or death.

(b) The persons described in subdivision (a) shall not interfere with, control, or otherwise direct the professional judgment of a licensee or dental assistant acting within his or her scope of practice as defined in this chapter.

SEC. 2. Section 1625.4 is added to the Business and Professions Code, to read:

1625.4. (a) Where the dental practice of an incapacitated or deceased dentist is a sole proprietorship or where an incapacitated or deceased dentist is the sole shareholder of a professional dental corporation, a person identified in subdivision (a) of Section 1625.3 may enter into a contract with one or more dentists licensed in the state to continue the operations of the incapacitated or deceased dentist's dental practice for a period of no more than 12 months from the date of death or incapacity, or until the practice is sold or otherwise disposed of, whichever occurs first, if all of the following conditions are met:

(1) The person identified in subdivision (a) of Section 1625.3 delivers to the board a notification of death or incapacity that includes all of the following information:

(A) The name and license number of the deceased or incapacitated dentist.

(B) The name and address of the dental practice.

(C) If the dentist is deceased, the name, address, and tax identification number of the estate or trust.

(D) The name and license number of each dentist who will operate the dental practice.

(E) A statement that the information provided is true and correct, and that the person identified in subdivision (a) of Section 1625.3 understands that any interference by the person or by his or her assignee with the contracting dentist's or dentists' practice of dentistry or professional judgment is grounds for immediate termination of the operations of the dental practice without a hearing. The statement shall also provide that if the person required to make this notification willfully states as true any material fact that he or she knows to be false, he or she shall be subject to a civil penalty of up to ten thousand dollars ($10,000) in an action brought by any public prosecutor. A civil penalty imposed under this subparagraph shall be enforced as a civil judgment.

(2) The dentist or dentists who will operate the practice shall be licensed by the board and that license shall be current, valid, and shall not be suspended, restricted, or otherwise the subject of discipline.

(3) Within 30 days after the death or incapacity of a dentist, the person identified in subdivision (a) of Section 1625.3 or the contracting dentist or dentists shall send notification of the death or incapacity by mail to the last known address of each current patient of record with an explanation of how copies of the patient's records may be obtained. This notice may also contain any other relevant information concerning the continuation of the dental practice. The failure to comply with the notification requirement within the 30-day period shall be grounds for terminating the operation of the dental practice under subdivision (b). The contracting dentist or dentists shall obtain a form signed by the patient, or the patient's guardian or legal representative, that releases the patient's confidential dental records to the contracting dentist or dentists prior to use of those records.

(b) The board may order the termination of the operations of a dental practice operating pursuant to this section if the board determines that the practice is operating in violation of this section. The board shall provide written notification at the address provided pursuant to subparagraph (B) of paragraph (1) of subdivision (a). If the board does not receive a written appeal of the determination that the practice is operating in violation of this section within 10 days of receipt of the notice, the determination to terminate the operations of the dental practice shall take effect immediately. If an appeal is received in a timely matter by the board, the executive officer of the board, or his or her designee, shall conduct an informal hearing. The decision of the executive officer or his or her designee shall be mailed to the practice no later than 10 days after the informal hearing, is the final decision in the manner and is not subject to appeal under the Administrative Procedure Act (Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code).

(c) Notwithstanding subdivision (b), if the board finds evidence that the person identified in subdivision (a) of Section 1625.3, or his or her assignee, has interfered with the practice or professional judgment of the contracting dentist or dentists or otherwise finds evidence that a violation of this section constitutes an immediate threat to the public health, safety, or welfare, the board may immediately order the termination of the operations of the dental practice without an informal hearing.

(d) A notice of an order of immediate termination of the dental practice without an informal hearing, as referenced in subdivision (b), shall be served by certified mail on the person identified in subdivision (a) of Section 1625.3 at the address provided pursuant to subparagraph (B) or (C) of paragraph (1) of subdivision (a), as appropriate, and on the contracting dentist or dentists at the address of the dental practice

provided pursuant to subparagraph (B) of paragraph (1) of subdivision (a).

(e) A person receiving notice of an order of immediate termination pursuant to subdivision (d) may petition the board within 30 days of the date of service of the notice for an informal hearing before the executive officer or his or her designee, which shall take place within 30 days of the filing of the petition.

(f) A notice of the decision of the executive officer or his or her designee following an informal hearing held pursuant to subdivision (b) shall be served by certified mail on the person identified in subdivision (a) of Section 1625.3 at the address provided pursuant to subparagraph (B) or (C) of paragraph (1) of subdivision (a), as appropriate, and on the contracting dentist or dentists at the address of the dental practice provided pursuant to subparagraph (B) of paragraph (1) of subdivision (a).

(g) The board may require the submission to the board of any additional information necessary for the administration of this section.

SEC. 3. Section 1625.5 is added to the Business and Professions Code, to read:

1625.5. The following written notification shall be included with, or as part of, all application forms required for a license to practice dentistry pursuant to this article and for renewal of that license pursuant to Article 6 (commencing with Section 1715):

"Effective January 1, 2008, certain nondentists may, upon your death or incapacity, contract with another licensed dentist or dentists to continue your dental practice for a period not exceeding 12 months if certain conditions are met. Sections 1625.3 and 1625.4 of the Business and Professions Code permit the legal guardian or conservator or authorized representative of an incapacitated dentist, the executor or administrator of the estate of a deceased dentist, or the named trustee or successor trustee of a trust or subtrust who meets certain requirements, to contract with a licensed dentist or dentists to continue the incapacitated or deceased dentist's dental practice for a period not to exceed 12 months from the date of death or incapacity if the practice meets specified criteria and if certain other conditions are met, including providing a specific notification to the Dental Board of California. You and your estate planner should become familiar with these requirements and the notification process. Please contact the Dental Board of California for additional information."

SEC. 4. Section 13407 of the Corporations Code is amended to read:

13407. Shares in a professional corporation or a foreign professional corporation qualified to render professional services in this state may be

transferred only to a licensed person, to a shareholder of the same corporation, to a person licensed to practice the same profession in the jurisdiction or jurisdictions in which the person practices, or to a professional corporation, and any transfer in violation of this restriction shall be void, except as provided herein.

A professional corporation may purchase its own shares without regard to any restrictions provided by law upon the repurchase of shares, if at least one share remains issued and outstanding.

If a professional corporation or a foreign professional corporation qualified to render professional services in this state shall fail to acquire all of the shares of a shareholder who is disqualified from rendering professional services in this state or of a deceased shareholder who was, on his or her date of death, licensed to render professional services in this state, or if such a disqualified shareholder or the representative of such a deceased shareholder shall fail to transfer said shares to the corporation, to another shareholder of the corporation, to a person licensed to practice the same profession in the jurisdiction or jurisdictions in which the person practices, or to a licensed person, within 90 days following the date of disqualification, or within six months following the date of death of the shareholder, as the case may be, then the certificate of registration of the corporation may be suspended or revoked by the governmental agency regulating the profession in which the corporation is engaged. In the event of such a suspension or revocation, the corporation shall cease to render professional services in this state.

Notwithstanding any provision in this part, upon the death or incapacity of a dentist, any individual named in subdivision (a) of Section 1625.3 of the Business and Professions Code may employ licensed dentists and dental assistants and charge for their professional services for a period not to exceed 12 months from the date of death or incapacity of the dentist. The employment of licensed dentists and dental assistants shall not be deemed the practice of dentistry within the meaning of Section 1625 of the Business and Professions Code, provided that all of the requirements of Section 1625.4 of the Business and Professions Code are met. If an individual listed in Section 1625.3 of the Business and Professions Code is employing licensed persons and dental assistants, then the shares of a deceased or incapacitated dentist shall be transferred as provided in this section no later than 12 months from the date of death or incapacity of the dentist.

CHAPTER 435

An act to amend Section 68085 of the Government Code, relating to courts.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 68085 of the Government Code is amended to read:

68085. (a) (1) There is hereby established the Trial Court Trust Fund, the proceeds of which shall be apportioned for the purposes authorized in this section, including apportionment to the trial courts to fund trial court operations, as defined in Section 77003.

(2) The apportionment payments shall be made by the Controller. The final payment from the Trial Court Trust Fund for each fiscal year shall be made on or before August 31 of the subsequent fiscal year.

(A) Notwithstanding any other provision of law, in order to promote statewide efficiency, the Judicial Council may authorize the direct payment or reimbursement or both of actual costs from the Trial Court Trust Fund or the Trial Court Improvement Fund to fund the costs of operating one or more trial courts upon the consent of participating courts. These paid or reimbursed costs may be for services provided to the court or courts by the Administrative Office of the Courts or payment for services or property of any kind contracted for by the court or courts or on behalf of the courts by the Administrative Office of the Courts. The amount of appropriations from the Trial Court Improvement Fund under this subdivision may not exceed 20 percent of the amount deposited in the Trial Court Improvement Fund pursuant to subdivision (a) of Section 77205. The direct payment or reimbursement of costs from the Trial Court Trust Fund may be supported by the reduction of a participating court's allocation from the Trial Court Trust Fund to the extent that the court's expenditures for the program are reduced and the court is supported by the expenditure. The Judicial Council shall provide the affected trial courts with quarterly reports on expenditures from the Trial Court Trust Fund incurred as authorized by this subdivision. The Judicial Council shall establish procedures to provide for the administration of this paragraph in a way that promotes the effective, efficient, reliable, and accountable operation of the trial courts.

(B) As used in subparagraph (A), the term "costs of operating one or more trial courts" includes any expenses related to operation of the court or performance of its functions, including, but not limited to, statewide administrative and information technology infrastructure supporting the courts. The term "costs of operating one or more trial courts" is not restricted to items considered "court operations" pursuant to Section 77003, but is subject to policies, procedures, and criteria established by the Judicial Council, and may not include an item that is a cost that must otherwise be paid by the county or city and county in which the court is located.

(b) Notwithstanding any other provision of law, the fees listed in subdivision (c) shall all be deposited upon collection in a special account in the county treasury, and transmitted monthly to the State Treasury for deposit in the Trial Court Trust Fund.

(c) (1) Except as specified in subdivision (d), this section applies to all fees collected on or before December 31, 2005, pursuant to Sections 631.3, 116.230, and 403.060 of the Code of Civil Procedure and Sections 26820.4, 26823, 26826, 26826.01, 26827, 26827.4, 26830, 26832.1, 26833.1, 26835.1, 26836.1, 26837.1, 26838, 26850.1, 26851.1, 26852.1, 26853.1, 26855.4, 26862, 68086, 72055, 72056, 72056.01, and 72060.

(2) Notwithstanding any other provision of law, except as specified in subdivision (d) of this section and subdivision (a) of Section 68085.7, this section applies to all fees and fines collected on or before December 31, 2005, pursuant to Sections 116.390, 116.570, 116.760, 116.860, 177.5, 491.150, 704.750, 708.160, 724.100, 1134, 1161.2, and 1218 of the Code of Civil Procedure, Sections 26824, 26828, 26829, 26834, and 72059 of the Government Code, and subdivisions (b) and (c) of Section 166 and Section 1214.1 of the Penal Code.

(3) If any of the fees provided for in this subdivision are partially waived by court order, and the fee is to be divided between the Trial Court Trust Fund and any other fund, the amount of the partial waiver shall be deducted from the amount to be distributed to each fund in the same proportion as the amount of each distribution bears to the total amount of the fee.

(d) This section does not apply to that portion of a filing fee collected pursuant to Section 26820.4, 26826, 26827, 72055, or 72056 that is allocated for dispute resolution pursuant to Section 470.3 of the Business and Professions Code, the county law library pursuant to Section 6320 of the Business and Professions Code, the Judges' Retirement Fund pursuant to Section 26822.3, automated recordkeeping or conversion to micrographics pursuant to Sections 26863 and 68090.7, and courthouse financing pursuant to Section 76238. (g) The Judicial Council shall reimburse the Controller for the actual administrative costs that will be incurred under this section. Costs reimbursed under this section shall be determined on an annual basis in consultation with the Judicial Council.

(h) Any amounts required to be transmitted by a county or city and county to the state pursuant to this section shall be remitted to the State Treasury no later than 45 days after the end of the month in which the fees were collected. This remittance shall be accompanied by a remittance advice identifying the collection month and the appropriate account in the Trial Court Trust Fund to which it is to be deposited. Any remittance that is not made by the county or city and county in accordance with this section shall be considered delinquent, and subject to the interest and penalties specified in this section.

(i) Upon receipt of any delinquent payment required pursuant to this section, the Controller shall do the following:

(1) Calculate interest on the delinquent payment by multiplying the amount of the delinquent payment at a daily rate equivalent to the rate of return of money deposited in the Local Agency Investment Fund pursuant to Section 16429.1 from the date the payment was originally due to either 30 days after the date of the issuance by the Controller of the final audit report concerning the failure to pay or the date of payment by the entity responsible for the delinquent payment, whichever comes first.

(4) The party responsible for the error or other action that caused the failure to pay may include, but is not limited to, the party that collected the funds who is not the party responsible for remitting the funds to the Trial Court Trust Fund, if the collecting party failed or delayed in providing the remitting party with sufficient information needed by the remitting party to distribute the funds.

(k) The Trial Court Trust Fund shall be invested in the Surplus Money Investment Fund and all interest earned shall be allocated to the Trial Court Trust Fund quarterly and shall be allocated among the courts in accordance with the requirements of subdivision (a). CHAPTER 436

An act to amend Section 1255.410 of the Code of Civil Procedure, and to amend Section 7267.2 of the Government Code, relating to eminent domain.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 1255.410 of the Code of Civil Procedure is amended to read:

1255.410. (a) At the time of filing the complaint or at any time after filing the complaint and prior to entry of judgment, the plaintiff may move the court for an order for possession under this article, demonstrating that the plaintiff is entitled to take the property by eminent domain and has deposited pursuant to Article 1 (commencing with Section 1255.010) an amount that satisfies the requirements of that article.

The motion shall describe the property of which the plaintiff is seeking to take possession, which description may be by reference to the complaint, and shall state the date after which the plaintiff is seeking to take possession of the property. The motion shall include a statement substantially in the following form: "You have the right to oppose this motion for an order of possession of your property. If you oppose this

motion you must serve the plaintiff and file with the court a written opposition to the motion within 30 days from the date you were served with this motion." If the written opposition asserts a hardship, it shall be supported by a declaration signed under penalty of perjury stating facts supporting the hardship.

(b) The plaintiff shall serve a copy of the motion on the record owner of the property and on the occupants, if any. The plaintiff shall set the court hearing on the motion not less than 60 days after service of the notice of motion on the record owner of unoccupied property. If the property is lawfully occupied by a person dwelling thereon or by a farm or business operation, service of the notice of motion shall be made not less than 90 days prior to the hearing on the motion.

(c) Not later than 30 days after service of the plaintiff's motion seeking to take possession of the property, any defendant or occupant of the property may oppose the motion in writing by serving the plaintiff and filing with the court the opposition. If the written opposition asserts a hardship, it shall be supported by a declaration signed under penalty of perjury stating facts supporting the hardship. The plaintiff shall serve and file any reply to the opposition not less than 15 days before the hearing.

(d) (1) If the motion is not opposed within 30 days of service on each defendant and occupant of the property, the court shall make an order for possession of the property if the court finds each of the following:

(A) The plaintiff is entitled to take the property by eminent domain.

(B) The plaintiff has deposited pursuant to Article 1 (commencing with Section 1255.010) an amount that satisfies the requirements of that article.

(2) If the motion is opposed by a defendant or occupant within 30 days of service, the court may make an order for possession of the property upon consideration of the relevant facts and any opposition, and upon completion of a hearing on the motion, if the court finds each of the following:

(A) The plaintiff is entitled to take the property by eminent domain.

(B) The plaintiff has deposited pursuant to Article 1 (commencing with Section 1255.010) an amount that satisfies the requirements of that article.

(C) There is an overriding need for the plaintiff to possess the property prior to the issuance of final judgment in the case, and the plaintiff will suffer a substantial hardship if the application for possession is denied or limited.

(D) The hardship that the plaintiff will suffer if possession is denied or limited outweighs any hardship on the defendant or occupant that would be caused by the granting of the order of possession.

(e) (1) Notwithstanding the time limits for notice prescribed by this section and Section 1255.450, a court may issue an order of possession upon an ex parte application by a water, wastewater, gas, electric, or telephone utility, as the court deems appropriate under the circumstances of the case, if the court finds each of the following:

(A) An emergency exists and as a consequence the utility has an urgent need for possession of the property. For purposes of this section, an emergency is defined to include, but is not limited to, a utility's urgent need to protect the public's health and safety or the reliability of utility service.

(B) An emergency order of possession will not displace or unreasonably affect any person in actual and lawful possession of the property to be taken or the larger parcel of which it is a part.

(2) Not later than 30 days after service of the order authorizing the plaintiff to take possession of the property, any defendant or occupant of the property may move for relief from an emergency order of possession that has been issued under this subdivision. The court may modify, stay, or vacate the order upon consideration of the relevant facts and any objections raised, and upon completion of a hearing if requested.

SEC. 2. Section 7267.2 of the Government Code is amended to read:

7267.2. (a) (1) Prior to adopting a resolution of necessity pursuant to Section 1245.230 of the Code of Civil Procedure and initiating negotiations for the acquisition of real property, the public entity shall establish an amount which it believes to be just compensation therefor, and shall make an offer to the owner or owners of record to acquire the property for the full amount so established, unless the owner cannot be located with reasonable diligence. The offer may be conditioned upon the legislative body's ratification of the offer by execution of a contract of acquisition or adoption of a resolution of necessity or both. In no event shall the amount be less than the public entity's approved appraisal of the fair market value of the property. Any decrease or increase in the fair market value of real property to be acquired prior to the date of valuation caused by the public improvement for which the property is acquired, or by the likelihood that the property would be acquired for the improvement, other than that due to physical deterioration within the reasonable control of the owner or occupant, shall be disregarded in determining the compensation for the property.

(2) At the time of making the offer described in paragraph (1), the public entity shall provide the property owner with an informational pamphlet detailing the process of eminent domain and the property owner's rights under the Eminent Domain Law.

(b) The public entity shall provide the owner of real property to be acquired with a written statement of, and summary of the basis for, the

amount it established as just compensation. The written statement and summary shall contain detail sufficient to indicate clearly the basis for the offer, including, but not limited to, all of the following information:

(1) The date of valuation, highest and best use, and applicable zoning of property.

(2) The principal transactions, reproduction or replacement cost analysis, or capitalization analysis, supporting the determination of value.

(3) Where appropriate, the just compensation for the real property acquired and for damages to remaining real property shall be separately stated and shall include the calculations and narrative explanation supporting the compensation, including any offsetting benefits.

(c) Where the property involved is owner occupied residential property and contains no more than four residential units, the homeowner shall, upon request, be allowed to review a copy of the appraisal upon which the offer is based. The public entity may, but is not required to, satisfy the written statement, summary, and review requirements of this section by providing the owner a copy of the appraisal on which the offer is based.

(d) Notwithstanding subdivision (a), a public entity may make an offer to the owner or owners of record to acquire real property for less than an amount which it believes to be just compensation therefor if (1) the real property is offered for sale by the owner at a specified price less than the amount the public entity believes to be just compensation therefor, (2) the public entity offers a price which is equal to the specified price for which the property is being offered by the landowner, and (3) no federal funds are involved in the acquisition, construction, or project development.

(e) As used in subdivision (d), "offered for sale" means any of the following:

(1) Directly offered by the landowner to the public entity for a specified price in advance of negotiations by the public entity.

(2) Offered for sale to the general public at an advertised or published, specified price set no more than six months prior to and still available at the time the public entity initiates contact with the landowner regarding the public entity's possible acquisition of the property.

CHAPTER 437

An act to amend Sections 11604, 11703, and 11705 of, to add Section 4456.3 to, and to add Chapter 11 (commencing with Section 12200) to Division 5 of, the Vehicle Code, relating to vehicles, and making an appropriation therefor.

[Approved by Governor October 10, 2007. Filed with
Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that the sale of motor vehicles has a substantial effect on the economic well-being of the state and its citizens, and that the maintenance of integrity and fair business practices in vehicle sales and lease transactions is vitally important to the state.

(b) The Legislature further finds and declares that consumers have suffered economic loss as the result of the conduct of some motor vehicle dealers or lessor-retailers who have failed to remit amounts paid by consumers for license and registration fees, failed to pay the proceeds of consignment sales to consumer consignors, failed to discharge the obligations secured by liens on motor vehicles that are traded in in connection with the purchase of motor vehicles from the dealers or lessor-retailers, or failed to pay the amounts that the dealers or lessor-retailers agreed with consumers to pay to the lessors of motor vehicles that the consumers transferred as a trade-in to the dealers or lessor-retailers. The consumers who have been harmed often do not have adequate resources to pursue their claims against the dealers or lessor-retailers, and some of the dealers or lessor-retailers are insolvent and cannot satisfy legitimate claims. The resulting erosion of public confidence in motor vehicle sellers has deleterious economic consequences for reputable dealers and lessor-retailers.

(c) It is the intent and purpose of this act to instill and maintain public confidence in the vehicle trade-in and consignment sale processes by establishing a recovery fund with adequate resources based on reasonable assessments for each report-of-sale to compensate and safeguard members of the public who have suffered monetary loss as the result of any of the acts described in subdivision (b) and who are unable to have those claims satisfied because of a dealership closure or insolvency.

SEC. 2. Section 4456.3 is added to the Vehicle Code, to read:

4456.3. (a) The department shall charge a dealer or lessor-retailer a fee, as established by the director pursuant to subdivision (b), for each vehicle sold by a dealer or lessor-retailer and reported on a report-of-sale form issued by the department to a dealer or lessor-retailer, or for every vehicle sold by a dealer or lessor-retailer if that licensee does not use a report-of-sale form issued by the department because the report of the sale is given electronically or otherwise. The department shall collect the fee and the fees shall be paid to the Consumer Motor Vehicle Recovery Corporation as described in Chapter 11 (commencing with

Section 12200) of Division 5. The department shall not charge more than a total of two thousand five hundred dollars ($2,500) in fees under this section to a dealer licensee within a calendar year.

(b) The director shall establish the fee at one dollar ($1) and shall collect the fee. The director shall deposit the fees received in the Motor Vehicle Account. Notwithstanding Section 13340 of the Government Code, the revenues from the fees deposited in the Motor Vehicle Account, less an amount that the director determines is equal to the department's costs related to collecting and processing the fees, is hereby continuously appropriated to the department for quarterly payment to the Consumer Motor Vehicle Recovery Corporation until the Consumer Motor Vehicle Recovery Corporation notifies the department that the balance in the recovery fund maintained by the corporation has reached five million dollars ($5,000,000). Within 90 days after being notified by the Consumer Motor Vehicle Recovery Corporation, the director shall cease collecting the fee. Thereafter, if the amount in the recovery fund maintained by the corporation is less than two million dollars ($2,000,000), the Consumer Motor Vehicle Recovery Corporation shall notify the department of the amount necessary to return the recovery fund balance to five million dollars ($5,000,000). Within 90 days of being notified, the director shall collect the fee and pay the fee revenue required by this subdivision until the Consumer Motor Vehicle Recovery Corporation notifies the director that the recovery fund has reached five million dollars ($5,000,000). Within 90 days of being notified, the director shall cease collecting the fee.

(c) (1) The Consumer Motor Vehicle Recovery Corporation shall reimburse the department for all reasonable expenses incurred in implementing this section.

(2) The Consumer Motor Vehicle Recovery Corporation shall reimburse the department for all reasonable startup expenses incurred by the department to comply with this section within 90 days after the department begins collecting the fees and transmitting them to the Corporation as provided in this section.

(d) This section shall become operative on July 1, 2008.

SEC. 3. Section 11604 of the Vehicle Code is amended to read:

11604. The department may refuse to issue a lessor-retailer license when it makes any of the following determinations:

(a) The applicant has outstanding an unsatisfied final court judgment rendered in connection with an activity licensed under the authority of this division.

(b) The applicant was previously the holder, or a managerial employee of the holder, of a license issued under this division which was revoked

for cause and never reissued by the department, or which was suspended for cause and the terms of suspension have not been fulfilled.

(c) The applicant was previously a business representative whose license issued under this division was revoked for cause and never reissued or was suspended for cause and the terms of suspension have not been fulfilled.

(d) If the applicant is a business, a business representative was previously the holder of a license, or was a business representative of a business whose license, issued under this division, was revoked for cause and never reissued or was suspended for cause and the terms of suspension have not been fulfilled; or, by reason of the facts and circumstances related to the organization, control, and management of the business, the operation of that business will be directed, controlled, or managed by individuals who, by reason of their conviction of violations of this code, would be ineligible for a license and, by licensing that business, the purposes of this chapter would be defeated.

(e) The applicant, or a business representative if the applicant is a business, has been convicted of a crime or committed any act or engaged in conduct involving moral turpitude which is substantially related to the qualifications, functions, or duties of the licensed activity. A conviction after a plea of nolo contendere is a conviction within the meaning of this section.

(f) The applicant was previously the holder of an occupational license issued by another state, authorizing the same or similar activities of a license issued under this division; and that license was revoked or suspended for cause and was never reissued, or was suspended for cause, and the terms of suspension have not been fulfilled.

(g) The information contained in the application is incorrect.

(h) A decision of the department to cancel, suspend, or revoke a license has been made, and the applicant was a business representative of the business regulated under that license.

(i) The applicant does not have a principal place of business in California.

(j) The applicant has failed to pay the full amount of a claim paid by the Consumer Motor Vehicle Recovery Corporation, plus interest at the rate of 10 percent per annum, as described in subdivision (i) of Section 11703.

SEC. 4. Section 11703 of the Vehicle Code is amended to read:

11703. The department may refuse to issue a license to a manufacturer, manufacturer branch, remanufacturer, remanufacturer branch, distributor, distributor branch, transporter, or dealer, if it determines any of the following:

(a) The applicant was previously the holder, or a managerial employee of the holder, of a license issued under this chapter which was revoked for cause and never reissued by the department, or which was suspended for cause and the terms of suspension have not been fulfilled.

(b) The applicant was previously a business representative of a business whose license issued under this chapter was revoked for cause and never reissued or was suspended for cause and the terms of suspension have not been fulfilled.

(c) If the applicant is a business, a business representative of the business was previously the holder of a license, or was a business representative of a business whose license, issued under this chapter was revoked for cause and never reissued or was suspended for cause and the terms of suspension have not been fulfilled; or, by reason of the facts and circumstances related to the organization, control, and management of the business, the operation of that business will be directed, controlled, or managed by individuals who, by reason of their conviction of violations of the provisions of this code, would be ineligible for a license and, by licensing the business, the purposes of this chapter would be defeated.

(d) The applicant, or a business representative if the applicant is a business, has been convicted of a crime or committed an act or engaged in conduct involving moral turpitude which is substantially related to the qualifications, functions, or duties of the licensed activity. A conviction after a plea of nolo contendere is a conviction within the meaning of this section.

(e) The applicant was previously the holder of an occupational license issued by another state, authorizing the same or similar activities of a license issued under this division; and that license was revoked or suspended for cause and was never reissued, or was suspended for cause, and the terms of suspension have not been fulfilled.

(f) The information contained in the application is incorrect.

(g) Upon investigation, the business history required by Section 11704 contains incomplete or incorrect information, or reflects substantial business irregularities.

(h) A decision of the department to cancel, suspend, or revoke a license has been made and the applicant was a business representative of the business regulated under that license.

(i) The applicant has failed to repay the full amount of a claim paid by the Consumer Motor Vehicle Recovery Corporation, plus interest at the rate of 10 percent per annum. The dealer or lessor-retailer's discharge in bankruptcy shall not relieve the dealer or lessor-retailer from the provisions of this subdivision, except to the extent, if any, mandated by bankruptcy law.

SEC. 5. Section 11705 of the Vehicle Code is amended to read:

11705. (a) The department, after notice and hearing, may suspend or revoke the license issued to a dealer, transporter, manufacturer, manufacturer branch, remanufacturer, remanufacturer branch, distributor, or distributor branch upon determining that the person to whom the license was issued is not lawfully entitled thereto, or has done any of the following:

The recovery corporation shall receive funds from the department as provided in Section 4456.3 and shall promptly notify the department when the recovery fund balance reaches the amounts specified in subdivision (b) of Section 4456.3.

(b) The recovery corporation shall establish and maintain an operations account within the recovery fund for the payment of costs of operations and administration. The recovery corporation shall prepare, prior to its fiscal year end, an estimated annual operational budget projecting the costs of operations and administration for the succeeding fiscal year, excluding the amount paid for claims. The recovery corporation shall not expend more than two hundred fifty thousand dollars ($250,000) each fiscal year from the operations account for the administration of this chapter.

(c) The recovery corporation shall invest all funds received from the department pursuant to Section 4456.3, and interest earned on those funds, deposited in the recovery fund, in a federally insured account or in federally insured certificates of deposit at a California state or federally chartered bank or savings bank.

(d) The recovery corporation holds all money in the recovery fund in trust for the purposes provided in this chapter and shall disburse funds only as provided in this chapter.

(e) The recovery corporation shall separately account for disbursements and collections. The accounting shall include a record of each claim paid that indicates the name, address, and phone number of each claimant receiving payment, the amount of the payment, and the name of the participant for which a claim was paid. Quarterly reports shall be provided to the office of the Attorney General, Consumer Law Section, commencing on or before October 31, 2008, and within 30 days after the end of each quarter thereafter.

(f) The recovery corporation may adopt reasonable written bylaws, rules, and procedures to carry out the purposes of this chapter. The representative of the Attorney General may vote on the adoption of bylaws, rules, and procedures notwithstanding paragraph (2) of subdivision (a) of Section 12202.

12204. (a) A consumer may file an application with the recovery corporation for the payment of the consumer's eligible claim if a dealer or lessor-retailer against whom the claim is asserted has ceased selling and leasing motor vehicles to the general public or has become subject to a petition in bankruptcy.

(b) (1) The application shall be verified and shall set forth all of the following information:

(A) The consumer's name, address, and telephone number.

(B) The amount of the eligible claim.

(C) A description of the circumstances demonstrating an eligible claim.

(D) A statement indicating the consumer's belief that the dealer or lessor-retailer has ceased selling and leasing motor vehicles to the general public or has become subject to a petition in bankruptcy and the reasons for this belief.

(E) A statement indicating what action, if any, the applicant has taken to recover the amount of the eligible claim.

(F) A statement indicating that the consumer's application for payment does not include any amount for which the consumer has obtained recovery under the dealer's bond required by Section 11710.

(2) Nothing in this chapter shall be construed to require a consumer to bring a civil action to obtain recovery, file a bankruptcy claim, or file a crime report with a law enforcement agency in order to obtain payment of an eligible claim submitted to the recovery corporation.

(c) The application shall be accompanied by a copy of the agreement between the consumer and the dealer or lessor-retailer, unless the agreement is unnecessary to the recovery corporation's determination of the validity of the claim.

(d) If the eligible claim is based on the failure to remit license or registration fees, the application shall be accompanied by evidence demonstrating that the consumer paid money or other consideration for the fees, or became obligated to pay the fees, and that the fees had not been remitted. The eligible claim shall be limited to the dollar amount of the license or registration fees not remitted and a late charge or penalty.

(e) If the eligible claim is based on the failure to pay the proceeds of a consignment sale, the application shall be accompanied by the consignment agreement, evidence that the consigned vehicle was sold, and by the consumer's verified statement that the consumer did not receive the portion of the proceeds of the sale to which the consumer was entitled. The eligible claim is limited to the dollar amount specified in a written consignment agreement to be paid to the consignor.

(f) If the eligible claim is based on the failure to pay the legal owner of the consumer's trade-in vehicle, the application shall be accompanied by a statement from the legal owner of the amount, if any, that he or she received from the dealer or lessor-retailer. The eligible claim is limited to the dollar amount necessary to discharge the credit balance owing on the trade-in vehicle.

(g) If the eligible claim is based on the failure to pay the lessor of the consumer's trade-in vehicle, the application shall be accompanied by a statement from the lessor of the amount, if any, that the lessor received

from the dealer or lessor-retailer. The eligible claim is limited to the dollar amount necessary to pay the lessor the total amount that the dealer or lessor-retailer agreed with the consumer to pay the lessor.

(h) The recovery corporation may require reasonable additional information designed to facilitate payment of eligible claims.

(i) (1) For claims that have accrued on or after July 1, 2008, and before January 1, 2009, the application shall be filed within 18 months of the date upon which the dealer or lessor-retailer ceased selling or leasing motor vehicles to the general public or became subject to a petition in bankruptcy.

(2) For claims that have accrued on or after January 1, 2009, the application shall be filed within one year of the date upon which the dealer or lessor-retailer ceased selling or leasing motor vehicles to the general public or became subject to a petition in bankruptcy.

12205. The recovery corporation shall develop a notice fully explaining a consumer's right to make a claim from the fund, an application form, and an explanation of how to complete the application. The notice, application, and explanation shall be in English and Spanish and shall be provided to a person upon request.

12206. (a) Within 30 days of receiving an application, the recovery corporation shall notify the applicant, in writing, that the application is complete or, if the application is incomplete, what additional information is required.

(b) (1) Within 60 days of the recovery corporation providing notice to the applicant of a complete application, the recovery corporation shall either pay the eligible claim from the fund as prescribed in this chapter or deny the claim. A claim shall be deemed granted unless the directors affirmatively vote to deny the claim.

(2) The recovery corporation, for good cause, may extend the 60-day period not more than an additional 90 days to investigate the accuracy of the application or evidence submitted by a dealer or lessor-retailer.

(c) A director shall not be involved in the decision of a claim if the director has a financial interest in the outcome of the decision; has a financial interest in or is employed by the participant that is the subject of the claim; or has a familial or close personal relationship with the claimant or an owner, officer, director, or manager of the participant.

12207. (a) Within 15 days of receiving a complete application, the recovery corporation shall serve a copy of the complete application and the following notice on the dealer or lessor-retailer that is the subject of the claim:

"NOTICE"

"The attached application has been made to the Consumer Motor Vehicle Recovery Corporation for payment of a claim allegedly arising out of your conduct or omission. If you wish to contest payment, you must file a written response to the application that describes any evidence that you have showing that the application is inaccurate or that payment from the fund is not authorized under Section 12200 and following of the Vehicle Code, a copy of which is provided.

"The allegations stated in the attached application may constitute grounds on which disciplinary action may be taken to suspend or revoke your license. In addition, the Department of Motor Vehicles may suspend your license until you have repaid in full the amount paid by the Consumer Motor Vehicle Recovery Corporation on the attached application, plus interest at the rate of 10 percent per annum."

(b) The notice prescribed by subdivision (a), a copy of the application for payment, and a copy of this chapter shall be served on the dealer or lessor-retailer by personal service or certified mail, return receipt requested, at the department's mailing address of record for that licensee.

12208. If the recovery corporation pays the claim, the amount of the payment shall be the total of the amount of the eligible claim, but in no event may the payment exceed thirty-five thousand dollars ($35,000) for a transaction.

12209. If the recovery corporation denies the claim, the recovery corporation shall notify the applicant in writing of the denial, the legal and factual bases for the denial, and the applicant's right to contest the denial in writing within 60 days or any longer period permitted by the recovery corporation. If the applicant does not contest the denial within 60 days or an additional period reasonably requested by the consumer, the decision shall be final. The recovery corporation shall act on the applicant's objection within 30 days. If the claim is denied in whole or in part, the applicant may seek review in the superior court of any of the following counties in which the office of the Attorney General maintains an office: Sacramento, San Francisco, Los Angeles, or San Diego. Review shall be limited to the written record before the recovery corporation and any relevant evidence that could not have been previously presented to the recovery corporation despite the applicant's reasonable diligence. The superior court shall affirm the decision of the recovery corporation if it is supported by substantial evidence.

12210. After the recovery corporation pays or rejects a claim, all of the following apply:

(a) Immediately upon payment, the recovery corporation shall be subrogated to all of the consumer's rights against the dealer or lessor-retailer to the extent of the amount of the payment.

(b) The recovery corporation may bring an action to recover the amount of the payment plus interest at the rate of 10 percent per annum and shall be entitled to recover costs and reasonable attorney's fees.

(c) Within 10 days of paying the claim, the recovery corporation shall inform the department of the payment of the claim, the amount of the payment, and the name and address of the dealer or lessor-retailer that is the subject of the claim. Upon the department's request, the recovery corporation shall provide the department with a copy of the claim application and other documents received by the recovery corporation in connection with the claim.

(d) Within 15 days of paying or rejecting the claim, the recovery corporation shall serve the dealer or lessor-retailer that is the subject of the claim with notice of the recovery corporation's disposition of the claim in the manner provided for service in subdivision (b) of Section 12207.

(e) After the consumer receives payment of the eligible claim from the recovery corporation, the consumer shall not seek to recover the amount received from the recovery corporation for the eligible claim from the dealer's bond required by Section 11710. Nothing in this subdivision affects any other rights the consumer may have as provided in Section 12217.

12211. If the recovery corporation has insufficient funds to pay all eligible claims, the recovery corporation shall pay eligible claims in the order that the claim applications were received and shall hold the remaining claims until funds are available to pay those claims.

12212. (a) Within 30 days after the close of the fiscal year or other reasonable period established by the board of directors, the recovery corporation shall make publicly available a statement of the following information concerning the most recently concluded fiscal year:

(2) The approved estimated annual operational budget projecting the costs of operations and administration for the succeeding fiscal year, excluding the amount to be paid for claims.

(3) The approved bylaws, as amended, of the recovery corporation.

(c) Information may be made publicly available as required by this section by disseminating the information on an Internet Web site or providing the information by electronic mail to a person who has requested the information and provided a valid electronic mail address.

12213. The operation of the recovery corporation shall at all times be subject to the examination and review of the Attorney General and the Attorney General's representatives. The Attorney General and his or her representatives may at any time investigate the affairs and examine the books, accounts, records, and files used by the recovery corporation. The Attorney General and his or her representatives shall have free access to the offices, books, accounts, papers, records, files, safes, and vaults of the recovery corporation and may copy any documents of, or in the possession of, the recovery corporation.

12214. The Attorney General or his or her representative may determine that the recovery corporation has failed or ceased to operate upon a finding that any one of the following has occurred with respect to the recovery corporation:

(a) The recovery corporation was not created.

(b) The recovery corporation is dissolved.

(c) The recovery corporation ceased to operate.

(d) The recovery corporation is insolvent or bankrupt.

(e) The recovery corporation failed to pay its operating costs.

be paid from the remaining assets, including the recovery fund. The assets remaining, after settling those liabilities, shall be distributed to the participants, less the costs of that distribution.

12216. All costs and expenses incurred by the Department of Justice in the administration of this chapter shall be paid to the Department of Justice by the recovery corporation. The Department of Justice may institute an action for the recovery of costs and expenses incurred in the administration of this article in any court of competent jurisdiction.

12217. Nothing in this chapter is intended to limit or restrict actions, remedies, penalties, or procedures otherwise available pursuant to any other provision of law.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 438

An act to amend Sections 19801, 19805, 19851, 19853, 19854, 19867, 19876, and 19951 of the Business and Professions Code, and to add Section 336.5 to the Penal Code, relating to gambling.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 19801 of the Business and Professions Code is amended to read:

19801. The Legislature hereby finds and declares all of the following:

(a) State law prohibits commercially operated lotteries, banked or percentage games, and gambling machines, and strictly regulates parimutuel wagering on horse racing. To the extent that state law categorically prohibits certain forms of gambling and prohibits gambling devices, nothing herein shall be construed, in any manner, to reflect a legislative intent to relax those prohibitions.

(b) The State of California has permitted the operation of gambling establishments for more than 100 years. Gambling establishments were

first regulated by the State of California pursuant to legislation which was enacted in 1984. Gambling establishments currently employ more than 20,000 people in the State of California, and contribute more than one hundred million dollars ($100,000,000) in taxes and fees to California's government. Gambling establishments are lawful enterprises in the State of California, and are entitled to full protection of the laws of this state.

(c) Gambling can become addictive and is not an activity to be promoted or legitimized as entertainment for children and families.

(d) Unregulated gambling enterprises are inimical to the public health, safety, welfare, and good order. Accordingly, no person in this state has a right to operate a gambling enterprise except as may be expressly permitted by the laws of this state and by the ordinances of local governmental bodies.

(e) It is the policy of this state that gambling activities that are not expressly prohibited or regulated by state law may be prohibited or regulated by local government. Moreover, it is the policy of this state that no new gambling establishment may be opened in a city, county, or city and county in which a gambling establishment was not operating on and before January 1, 1984, except upon the affirmative vote of the electors of that city, county, or city and county.

(f) It is not the purpose of this chapter to expand opportunities for gambling, or to create any right to operate a gambling enterprise in this state or to have a financial interest in any gambling enterprise. Rather, it is the purpose of this chapter to regulate businesses that offer otherwise lawful forms of gambling games.

(g) Public trust that permissible gambling will not endanger public health, safety, or welfare requires that comprehensive measures be enacted to ensure that gambling is free from criminal and corruptive elements, that it is conducted honestly and competitively, and that it is conducted in suitable locations.

(h) Public trust and confidence can only be maintained by strict and comprehensive regulation of all persons, locations, practices, associations, and activities related to the operation of lawful gambling establishments and the manufacture and distribution of permissible gambling equipment.

(i) All gambling operations, all persons having a significant involvement in gambling operations, all establishments where gambling is conducted, and all manufacturers, sellers, and distributors of gambling equipment must be licensed and regulated to protect the public health, safety, and general welfare of the residents of this state as an exercise of the police powers of the state.

(j) To ensure that gambling is conducted honestly, competitively, and free of criminal and corruptive elements, all licensed gambling

establishments in this state must remain open to the general public and the access of the general public to licensed gambling activities must not be restricted in any manner, except as provided by the Legislature. However, subject to state and federal prohibitions against discrimination, nothing herein shall be construed to preclude exclusion of unsuitable persons from licensed gambling establishments in the exercise of reasonable business judgment.

(k) In order to effectuate state policy as declared herein, it is necessary that gambling establishments, activities, and equipment be licensed, that persons participating in those activities be licensed or registered, that certain transactions, events, and processes involving gambling establishments and owners of gambling establishments be subject to prior approval or permission, that unsuitable persons not be permitted to associate with gambling activities or gambling establishments, and that gambling activities take place only in suitable locations. Any license or permit issued, or other approval granted pursuant to this chapter, is declared to be a revocable privilege, and no holder acquires any vested right therein or thereunder.

(*l*) The location of lawful gambling premises, the hours of operation of those premises, the number of tables permitted in those premises, and wagering limits in permissible games conducted in those premises are proper subjects for regulation by local governmental bodies. However, consideration of those same subjects by a state regulatory agency, as specified in this chapter, is warranted when local governmental regulation respecting those subjects is inadequate or the regulation fails to safeguard the legitimate interests of residents in other governmental jurisdictions.

(m) The exclusion or ejection of certain persons from gambling establishments is necessary to effectuate the policies of this chapter and to maintain effectively the strict regulation of licensed gambling.

(n) Records and reports of cash and credit transactions involving gambling establishments may have a high degree of usefulness in criminal and regulatory investigations and, therefore, licensed gambling operators may be required to keep records and make reports concerning significant cash and credit transactions.

SEC. 2. Section 19805 of the Business and Professions Code, as amended by Section 3 of Chapter 176 of the Statutes of 2007, is amended to read:

19805. As used in this chapter, the following definitions shall apply:

(a) "Affiliate" means a person who, directly or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with, a specified person.

(b) "Applicant" means any person who has applied for, or is about to apply for, a state gambling license, a key employee license, a registration,

a finding of suitability, a work permit, a manufacturer's or distributor's license, or an approval of any act or transaction for which the approval or authorization of the commission or department is required or permitted under this chapter.

(c) "Banking game" or "banked game" does not include a controlled game if the published rules of the game feature a player-dealer position and provide that this position must be continuously and systematically rotated amongst each of the participants during the play of the game, ensure that the player-dealer is able to win or lose only a fixed and limited wager during the play of the game, and preclude the house, another entity, a player, or an observer from maintaining or operating as a bank during the course of the game. For purposes of this section it is not the intent of the Legislature to mandate acceptance of the deal by every player if the department finds that the rules of the game render the maintenance of or operation of a bank impossible by other means. The house shall not occupy the player-dealer position.

(d) "Chief" means the head of the entity within the department that is responsible for fulfilling the obligations imposed upon the department by this chapter.

(e) "Commission" means the California Gambling Control Commission.

(r) "Hours of operation" means the period during which a gambling establishment is open to conduct the play of controlled games within a 24-hour period. In determining whether there has been expansion of gambling relating to "hours of operation," the department shall consider the hours in the day when the local ordinance permitted the gambling establishment to be open for business on January 1, 1996, and compare the current ordinance and the hours during which the gambling establishment may be open for business. The fact that the ordinance was amended to permit gambling on a day, when gambling was not permitted on January 1, 1996, shall not be considered in determining whether there has been gambling in excess of that permitted by Section 19961.

(s) "House" means the gambling establishment, and any owner, shareholder, partner, key employee, or landlord thereof.

(t) "Independent agent," except as provided by regulation, means any person who does either of the following:

(v) "Institutional investor" means any retirement fund administered by a public agency for the exclusive benefit of federal, state, or local public employees, any investment company registered under the Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1 et seq.), any collective investment trust organized by banks under Part Nine of the Rules of the Comptroller of the Currency, any closed-end investment trust, any chartered or licensed life insurance company or property and

casualty insurance company, any banking and other chartered or licensed lending institution, any investment advisor registered under the Investment Advisors Act of 1940 (15 U.S.C. Sec. 80b-1 et seq.) acting in that capacity, and other persons as the commission may determine for reasons consistent with the policies of this chapter.

(ae) "Player" means a patron of a gambling establishment who participates in a controlled game.

(af) "Player-dealer" and "controlled game featuring a player-dealer position" refer to a position in a controlled game, as defined by the approved rules for that game, in which seated player participants are afforded the temporary opportunity to wager against multiple players at the same table, provided that this position is rotated amongst the other seated players in the game.

(aj) "Work permit" means any card, certificate, or permit issued by the commission, or by a county, city, or city and county, whether denominated as a work permit, registration card, or otherwise, authorizing the holder to be employed as a gambling enterprise employee or to serve as an independent agent. 19851. (a) The owner of a gambling enterprise shall apply for and obtain a state gambling license.

(b) Other persons who also obtain a state gambling license, or key employee license, as required by this chapter, shall not receive a separate license certificate, but the license of every such person shall be endorsed on the license that is issued to the owner of the gambling enterprise.

(c) Notwithstanding subdivision (b), this section shall not apply to key employee licenses issued on or after July 1, 2008, or the effective date of the process established pursuant to subdivision (d) of Section 19854 to make key employee licenses personal and portable, whichever is sooner.

SEC. 4. Section 19853 of the Business and Professions Code, as amended by Section 17 of Chapter 176 of the Statutes of 2007, is amended to read:

19853. (a) The commission, by regulation or order, may require that the following persons register with the commission, apply for a finding of suitability as defined in subdivision (i) of Section 19805, or apply for a gambling license:

(1) Any person who furnishes any services or any property to a gambling enterprise under any arrangement whereby that person receives payments based on earnings, profits, or receipts from controlled gambling.

(b) No person may be issued a key employee license unless the person would qualify for a state gambling license.

(c) A key employee license shall entitle the holder to work as a key employee in any key employee position at any gambling establishment, provided that the key employee terminates employment with one gambling establishment before commencing work for another.

(d) The commission shall establish a program for portable personal licenses for key employees, as well as a process by which valid key employee licenses then in effect shall be converted to personal portable licenses. The commission may, as part of that process, establish a fee to be paid by a key employee when seeking a personal portable license. The commission shall seek to implement the requirements imposed by this subdivision on or before July 1, 2008.

SEC. 6. Section 19867 of the Business and Professions Code, as amended by Section 22 of Chapter 176 of the Statutes of 2007, is amended to read:

19867. (a) An application for a license or a determination of suitability shall be accompanied by the deposit of a sum of money that, in the judgment of the chief, will be adequate to pay the anticipated costs and charges incurred in the investigation and processing of the application. The chief shall adopt a schedule of costs and charges of investigation for use as guidelines in fixing the amount of any required deposit under this section. The schedule shall distinguish between initial and renewal licenses with respect to costs and charges.

(b) During an investigation, the chief may require an applicant to deposit any additional sums as are required by the department to pay final costs and charges of the investigation.

(c) Any money received from an applicant in excess of the costs and charges incurred in the investigation or the processing of the application shall be refunded pursuant to regulations adopted by the department. At the conclusion of the investigation, the chief shall provide the applicant a written, itemized accounting of the costs and charges thereby incurred.

SEC. 7. Section 19876 of the Business and Professions Code is amended to read:

19876. (a) Subject to the power of the commission to deny, revoke, suspend, condition, or limit any license, as provided in this chapter, a license shall be renewed upon application for renewal and payment of state gambling fees as required by statute or regulation. Licenses renewed on or before July 31, 2008, shall be for the renewal period in effect at the time of the renewal but shall not expire any sooner than 15 months after the approval of the renewal application. Licenses renewed on or after August 1, 2008, shall expire 24 months after the date of the approval of the renewal application or after the expiration of the prior license, whichever is later.

(b) An application for renewal of a gambling license shall be filed by the owner licensee or key employee with the commission no later than 120 calendar days prior to the expiration of the current license. The commission shall act upon any application for renewal prior to the date of expiration of the current license. Upon renewal of any owner license, the commission shall issue an appropriate renewal certificate or validating device or sticker.

(c) Unless the commission determines otherwise, renewal of an owner's gambling license shall be deemed to effectuate the renewal of every other gambling license endorsed thereon.

(d) In addition to the penalties provided by law, any owner licensee who deals, operates, carries on, conducts, maintains, or exposes for play

any gambling game after the expiration date of the gambling license is liable to the state for all license fees and penalties that would have been due upon renewal.

(e) If an owner licensee fails to renew the gambling license as provided in this chapter, the commission may order the immediate closure of the premises and a cessation of all gambling activity therein until the license is renewed.

SEC. 8. Section 19951 of the Business and Professions Code, as amended by Section 43 of Chapter 176 of the Statutes of 2007, is amended to read:

19951. (a) Every application for a license or approval shall be accompanied by a nonrefundable fee, the amount of which shall be adopted by regulation on or before January 1, 2009. The adopted fee shall not exceed one thousand two hundred dollars ($1,200). Prior to adoption of the regulation, the nonrefundable application fee shall be five hundred dollars ($500).

(b) (1) Any fee paid pursuant to this section, including all licenses issued to key employees and other persons whose names are endorsed upon the license, shall be assessed against the gambling license issued to the owner of the gambling establishment. This paragraph shall not apply to key employee licenses issued on and after January 1, 2009, or the implementation of regulations establishing a personal key employee license adopted pursuant to Section 19854, whichever is sooner.

(2) (A) The fee for initial issuance of a state gambling license shall be an amount determined by the commission in accordance with regulations adopted pursuant to this chapter.

(B) The fee for the renewal of a state gambling license shall be determined pursuant to the schedule in subdivision (c) or the schedule in subdivision (d), whichever amount is greater.

(C) The holder of a provisional license shall pay an annual fee pursuant to the schedule in subdivision (c).

(c) The schedule based on the number of tables is as follows:

(1) For a license authorizing one to five tables, inclusive, at which games are played, three hundred dollars ($300) for each table.

(2) For a license authorizing six to eight tables, inclusive, at which games are played, five hundred fifty dollars ($550) for each table.

(3) For a license authorizing 9 to 14 tables, inclusive, at which games are played, one thousand three hundred dollars ($1,300) for each table.

(4) For a license authorizing 15 to 25 tables, inclusive, at which games are played, two thousand seven hundred dollars ($2,700) for each table.

(5) For a license authorizing 26 to 70 tables, inclusive, at which games are played, four thousand dollars ($4,000) for each table.

(6) For a license authorizing 71 or more tables at which games are played, four thousand seven hundred dollars ($4,700) for each table.

(d) Without regard to the number of tables at which games may be played pursuant to a gambling license, if, at any time of any license renewal, or when a licensee is required to pay the fee described in subparagraph (C) of paragraph (2) of subdivision (b) it is determined that the gross revenues of an owner licensee during the licensee's previous fiscal year fell within the following ranges, the annual fee shall be as follows:

(1) For a gross revenue of two hundred thousand dollars ($200,000) to four hundred ninety-nine thousand nine hundred ninety-nine dollars ($499,999), inclusive, the amount specified by the department pursuant to paragraph (2) of subdivision (c).

(2) For a gross revenue of five hundred thousand dollars ($500,000) to one million nine hundred ninety-nine thousand nine hundred ninety-nine dollars ($1,999,999), inclusive, the amount specified by the department pursuant to paragraph (3) of subdivision (c).

(3) For a gross revenue of two million dollars ($2,000,000) to nine million nine hundred ninety-nine thousand nine hundred ninety-nine dollars ($9,999,999), inclusive, the amount specified by the department pursuant to paragraph (4) of subdivision (c).

(4) For a gross revenue of ten million dollars ($10,000,000) to twenty-nine million nine hundred ninety-nine thousand nine hundred ninety-nine dollars ($29,999,999), the amount specified by the department pursuant to paragraph (5) of subdivision (c).

(5) For a gross revenue of thirty million dollars ($30,000,000) or more, the amount specified by the department pursuant to paragraph (6) of subdivision (c).

(e) The commission may provide for payment of the annual gambling license fee on an annual or installment basis.

(f) For the purposes of this section, each table at which a game is played constitutes a single game table.

(g) It is the intent of the Legislature that the fees paid pursuant to this section are sufficient to enable the department and the commission to fully carry out their duties and responsibilities under this chapter.

SEC. 9. Section 336.5 is added to the Penal Code, to read:

336.5. Gaming chips may be used on the gaming floor by a patron of a gambling establishment, as defined in subdivision (m) of Section 19805 of the Business and Professions Code, to pay for food and beverage items that are served at the table.

CHAPTER 439

An act to amend Section 3344.1 of the Civil Code, relating to deceased personalities.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 3344.1 of the Civil Code is amended to read:

3344.1. (a) (1) Any person who uses a deceased personality's name, voice, signature, photograph, or likeness, in any manner, on or in products, merchandise, or goods, or for purposes of advertising or selling, or soliciting purchases of, products, merchandise, goods, or services, without prior consent from the person or persons specified in subdivision (c), shall be liable for any damages sustained by the person or persons injured as a result thereof. In addition, in any action brought under this section, the person who violated the section shall be liable to the injured party or parties in an amount equal to the greater of seven hundred fifty dollars ($750) or the actual damages suffered by the injured party or parties, as a result of the unauthorized use, and any profits from the unauthorized use that are attributable to the use and are not taken into account in computing the actual damages. In establishing these profits, the injured party or parties shall be required to present proof only of the gross revenue attributable to the use and the person who violated the section is required to prove his or her deductible expenses. Punitive damages may also be awarded to the injured party or parties. The prevailing party or parties in any action under this section shall also be entitled to attorney's fees and costs.

(2) For purposes of this subdivision, a play, book, magazine, newspaper, musical composition, audiovisual work, radio or television program, single and original work of art, work of political or newsworthy value, or an advertisement or commercial announcement for any of these works, shall not be considered a product, article of merchandise, good, or service if it is fictional or nonfictional entertainment, or a dramatic, literary, or musical work.

(3) If a work that is protected under paragraph (2) includes within it a use in connection with a product, article of merchandise, good, or service, this use shall not be exempt under this subdivision, notwithstanding the unprotected use's inclusion in a work otherwise exempt under this subdivision, if the claimant proves that this use is so directly connected with a product, article of merchandise, good, or service

as to constitute an act of advertising, selling, or soliciting purchases of that product, article of merchandise, good, or service by the deceased personality without prior consent from the person or persons specified in subdivision (c).

(b) The rights recognized under this section are property rights, freely transferable or descendible, in whole or in part, by contract or by means of any trust or any other testamentary instrument, executed before or after January 1, 1985. The rights recognized under this section shall be deemed to have existed at the time of death of any deceased personality who died prior to January 1, 1985, and, except as provided in subdivision (o), shall vest in the persons entitled to these property rights under the testamentary instrument of the deceased personality effective as of the date of his or her death. In the absence of an express transfer in a testamentary instrument of the deceased personality's rights in his or her name, voice, signature, photograph, or likeness, a provision in the testamentary instrument that provides for the disposition of the residue of the deceased personality's assets shall be effective to transfer the rights recognized under this section in accordance with the terms of that provision. The rights established by this section shall also be freely transferable or descendible by contract, trust, or any other testamentary instrument by any subsequent owner of the deceased personality's rights as recognized by this section. Nothing in this section shall be construed to render invalid or unenforceable any contract entered into by a deceased personality during his or her lifetime by which the deceased personality assigned the rights, in whole or in part, to use his or her name, voice, signature, photograph or likeness, regardless of whether the contract was entered into before or after January 1, 1985.

(c) The consent required by this section shall be exercisable by the person or persons to whom the right of consent, or portion thereof, has been transferred in accordance with subdivision (b), or if no transfer has occurred, then by the person or persons to whom the right of consent, or portion thereof, has passed in accordance with subdivision (d).

(d) Subject to subdivisions (b) and (c), after the death of any person, the rights under this section shall belong to the following person or persons and may be exercised, on behalf of and for the benefit of all of those persons, by those persons who, in the aggregate, are entitled to more than a one-half interest in the rights:

(1) The entire interest in those rights belong to the surviving spouse of the deceased personality unless there are any surviving children or grandchildren of the deceased personality, in which case one-half of the entire interest in those rights belong to the surviving spouse.

(2) The entire interest in those rights belong to the surviving children of the deceased personality and to the surviving children of any dead

child of the deceased personality unless the deceased personality has a surviving spouse, in which case the ownership of a one-half interest in rights is divided among the surviving children and grandchildren.

(3) If there is no surviving spouse, and no surviving children or grandchildren, then the entire interest in those rights belong to the surviving parent or parents of the deceased personality.

(4) The rights of the deceased personality's children and grandchildren are in all cases divided among them and exercisable in the manner provided in Section 240 of the Probate Code according to the number of the deceased personality's children represented. The share of the children of a dead child of a deceased personality can be exercised only by the action of a majority of them.

(e) If any deceased personality does not transfer his or her rights under this section by contract, or by means of a trust or testamentary instrument, and there are no surviving persons as described in subdivision (d), then the rights set forth in subdivision (a) shall terminate.

(f) (1) A successor in interest to the rights of a deceased personality under this section or a licensee thereof may not recover damages for a use prohibited by this section that occurs before the successor in interest or licensee registers a claim of the rights under paragraph (2).

(2) Any person claiming to be a successor in interest to the rights of a deceased personality under this section or a licensee thereof may register that claim with the Secretary of State on a form prescribed by the Secretary of State and upon payment of a fee as set forth in subdivision (d) of Section 12195 of the Government Code. The form shall be verified and shall include the name and date of death of the deceased personality, the name and address of the claimant, the basis of the claim, and the rights claimed.

(3) Upon receipt and after filing of any document under this section, the Secretary of State shall post the document along with the entire registry of persons claiming to be a successor in interest to the rights of a deceased personality or a registered licensee under this section upon the World Wide Web, also known as the Internet. The Secretary of State may microfilm or reproduce by other techniques any of the filings or documents and destroy the original filing or document. The microfilm or other reproduction of any document under the provisions of this section shall be admissible in any court of law. The microfilm or other reproduction of any document may be destroyed by the Secretary of State 70 years after the death of the personality named therein.

(4) Claims registered under this subdivision shall be public records.

(g) No action shall be brought under this section by reason of any use of a deceased personality's name, voice, signature, photograph, or

likeness occurring after the expiration of 70 years after the death of the deceased personality.

(h) As used in this section, "deceased personality" means any natural person whose name, voice, signature, photograph, or likeness has commercial value at the time of his or her death, whether or not during the lifetime of that natural person the person used his or her name, voice, signature, photograph, or likeness on or in products, merchandise or goods, or for purposes of advertising or selling, or solicitation of purchase of, products, merchandise, goods, or services. A "deceased personality" shall include, without limitation, any such natural person who has died within 70 years prior to January 1, 1985.

(i) As used in this section, "photograph" means any photograph or photographic reproduction, still or moving, or any video tape or live television transmission, of any person, such that the deceased personality is readily identifiable. A deceased personality shall be deemed to be readily identifiable from a photograph when one who views the photograph with the naked eye can reasonably determine who the person depicted in the photograph is.

(j) For purposes of this section, a use of a name, voice, signature, photograph, or likeness in connection with any news, public affairs, or sports broadcast or account, or any political campaign, shall not constitute a use for which consent is required under subdivision (a).

(k) The use of a name, voice, signature, photograph, or likeness in a commercial medium shall not constitute a use for which consent is required under subdivision (a) solely because the material containing the use is commercially sponsored or contains paid advertising. Rather, it shall be a question of fact whether or not the use of the deceased personality's name, voice, signature, photograph, or likeness was so directly connected with the commercial sponsorship or with the paid advertising as to constitute a use for which consent is required under subdivision (a).

(*l*) Nothing in this section shall apply to the owners or employees of any medium used for advertising, including, but not limited to, newspapers, magazines, radio and television networks and stations, cable television systems, billboards, and transit ads, by whom any advertisement or solicitation in violation of this section is published or disseminated, unless it is established that the owners or employees had knowledge of the unauthorized use of the deceased personality's name, voice, signature, photograph, or likeness as prohibited by this section.

(m) The remedies provided for in this section are cumulative and shall be in addition to any others provided for by law.

(n) This section shall apply to the adjudication of liability and the imposition of any damages or other remedies in cases in which the

liability, damages, and other remedies arise from acts occurring directly in this state. For purposes of this section, acts giving rise to liability shall be limited to the use, on or in products, merchandise, goods, or services, or the advertising or selling, or soliciting purchases of, products, merchandise, goods, or services prohibited by this section.

(o) Notwithstanding any provision of this section to the contrary, if an action was taken prior to May 1, 2007, to exercise rights recognized under this section relating to a deceased personality who died prior to January 1, 1985, by a person described in subdivision (d), other than a person who was disinherited by the deceased personality in a testamentary instrument, and the exercise of those rights was not challenged successfully in a court action by a person described in subdivision (b), that exercise shall not be affected by subdivision (b). In such a case, the rights that would otherwise vest in one or more persons described in subdivision (b) shall vest solely in the person or persons described in subdivision (d), other than a person disinherited by the deceased personality in a testamentary instrument, for all future purposes.

(p) The rights recognized by this section are expressly made retroactive, including to those deceased personalities who died before January 1, 1985.

SEC. 2. It is the intent of the Legislature to abrogate the summary judgment orders entered in The Milton H. Greene Archives, Inc. v. CMG Worldwide, Inc., United States District Court, Central District of California, Case No. CV 05-2200 MMM (MCx), filed May 14, 2007, and in Shaw Family Archives Ltd. v. CMG Worldwide, Inc., United States District Court, Southern District of New York, Case No. 05 Civ. 3939 (CM), dated May 2, 2007.

CHAPTER 440

An act to amend Section 35401.7 of the Vehicle Code, relating to vehicles.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 35401.7 of the Vehicle Code is amended to read:

35401.7. (a) The limitations of access specified in subdivision (d) of Section 35401.5 do not apply to licensed carriers of livestock when

those carriers are directly en route to or from a point of loading or unloading of livestock on those portions of State Highway Route 101 located in the Counties of Del Norte, Humboldt, and Mendocino from its junction with State Highway Route 1 near Leggett north to the Oregon border, if the travel is necessary and incidental to the shipment of the livestock.

(b) The exemption allowed under this section does not apply unless all of the following conditions are met:

(1) The length of the truck tractor, in combination with the semitrailer used to transport the livestock, does not exceed a total of 70 feet.

(2) The distance from the kingpin to the rearmost axle of the semitrailer does not exceed 43 feet.

(3) The length of the semitrailer does not exceed a total of 48 feet.

(c) The exemption allowed under this section does not apply to travel conducted on the day prior to, or on the day of, any federally recognized holiday.

(d) The Department of the California Highway Patrol, in consultation with the Department of Transportation and in accordance with recommendations from the Department of the California Highway Patrol's study issued on March 20, 2006, of the effect of the statutory exemption, shall continue the comprehensive study of the effect that the exemption provided by this section has on the public safety during the extended effective period of the exemption, and make recommendations on future exemptions, including the creation of a permitting system for cattle truck and trailer combinations meeting applicable provisions of the federal Surface Transportation Assistance Act of 1982 (Public Law 97-424), and appropriate safety improvements. Notwithstanding Section 7550.5 of the Government Code, the Department of the California Highway Patrol shall report the findings of this additional study and recommendations to the Governor and the Legislature on or before January 1, 2011.

(e) This section shall remain in effect only until January 1, 2012, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2012, deletes or extends that date.

(f) (1) If prior to January 1, 2012, the Director of Transportation determines that the only adjustment to State Highway Route 101 possible to accommodate the truck sizes allowed to travel on portions of State Highway Route 101, pursuant to subdivisions (a) and (b) is the removal of any tree that has a diameter of 42 inches or greater, measured outside the bark, at 12 inches above ground on the side adjacent to the highest ground level, the director shall notify the Secretary of State of that determination.

(2) If prior to January 1, 2012, the Director of Transportation determines that safety improvements to the portion of State Highway Route 101 described in subdivision (a) have resulted in the reclassification of the entire segment as a terminal access route pursuant to subdivision (d) of Section 35401.5, the director shall notify the Secretary of State of that determination.

(3) The notice required under paragraph (1) or (2) shall state that it is being made pursuant to this section.

(4) This section is repealed on the date the Secretary of State receives either of the notices described in this subdivision.

CHAPTER 441

An act to amend Section 4565 of, and to add Section 17523.5 to, the Family Code, relating to family law.

4565. (a) Before entry of a child support order pursuant to Section 4560, the court shall give the child support obligor reasonable notice and opportunity to file an application to reduce or eliminate the child support security deposit on either of the following grounds:

(1) The obligor has provided adequate alternative equivalent security to assure timely payment of the amount required by Section 4560.

(2) The obligor is unable, without undue financial hardship, to pay the support deposit required by Section 4560.

(b) The application shall be supported by all reasonable and necessary financial and other information required by the court to establish the existence of either ground for relief.

(c) After the filing of an application, the child support obligor shall also serve the application and supporting financial and other information submitted pursuant to subdivision (b) upon the child support obligee and any other party to the proceeding.

SEC. 2. Section 17523.5 is added to the Family Code, to read:

17523.5. (a) (1) Notwithstanding any other law, in connection with the duty of the department and the local child support agency to promptly and effectively collect and enforce child support obligations under Title IV-D, the transmission, filing, and recording of a lien record by

departmental and local child support agency staff that arises pursuant to subdivision (a) of Section 4506 of this code or Section 697.320 of the Code of Civil Procedure against the real property of a support obligor in the form of a digital or a digitized electronic record shall be permitted and governed only by this section.

(c) For purposes of this section, the following terms have the following meanings:

(1) "Digital electronic record" means a record containing information that is created, generated, sent, communicated, received, or stored by electronic means, but not created in original paper form.

CHAPTER 442

An act to add and repeal Chapter 8 (commencing with Section 1965) of Division 2.5 of the Streets and Highways Code, and to amend Sections 21251 and 21260 of the Vehicle Code, relating to neighborhood electric vehicles.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 8 (commencing with Section 1965) is added to Division 2.5 of the Streets and Highways Code, to read:

Chapter 8. Neighborhood Electric Vehicle Transportation Plan for Ranch Plan Planned Community in Orange County

1965. It is the intent of the Legislature, in enacting this chapter, to authorize the County of Orange to establish a neighborhood electric vehicle (NEV) transportation plan for the Ranch Plan Planned Community in the county. The purpose of this NEV transportation plan is to further the community's vision of creating a sustainable development that reduces gasoline demand and vehicle emissions by offering a cleaner, more economical means of local transportation within the plan area. It is the further intent of the Legislature that this NEV transportation plan be designed and developed to best serve the functional travel needs of the plan area, to have the physical safety of the NEV driver's person and property as a major planning component, and to have the capacity to accommodate NEV drivers of every legal age and range of skills.

1965.1. The following definitions apply to this chapter:

(a) "Plan area" means the Ranch Plan Planned Community project area and all streets located within the project area.

(b) "Neighborhood electric vehicle" or "NEV" means a low-speed vehicle as defined by Section 385.5 of the Vehicle Code.

(c) "NEV lanes" means all publicly or privately owned facilities that provide for NEV travel including roadways designated by signs or permanent markings which are shared with pedestrians, bicyclists, and other motorists in the plan area.

(d) "Ranch Plan Planned Community" means the comprehensive land use, conservation, and development program initially approved by the Orange County Board of Supervisors on November 8, 2004, and covering the remaining 22,815 acres of the historic Rancho Mission Viejo located in southeastern Orange County.

(e) "Transportation planning agency" means the Orange County Transportation Authority.

1965.2. (a) The County of Orange may, by ordinance or resolution, adopt a NEV transportation plan for the Ranch Plan Planned Community.

(b) The transportation plan shall have received a prior review and the comments of the transportation planning agency and any agency having traffic law enforcement responsibilities in the County of Orange.

(c) The transportation plan may include the use of a state highway, or any crossing of the highway, subject to the approval of the Department of Transportation.

1965.3. The transportation plan shall include, but is not limited to, all of the following elements:

(a) Route selection, which includes a finding that the route will accommodate NEVs without an adverse impact upon traffic safety, and

will consider, among other things, the travel needs of commuters and other users.

(b) Transportation interfacing, which shall include, but not be limited to, coordination with other modes of transportation so that a NEV driver may employ multiple modes of transportation in reaching a destination in the plan area.

(c) Provision for NEV related facilities including, but not limited to, special access points and NEV crossings.

(d) Provisions for parking facilities, including, but not limited to, community commercial centers, golf courses, public areas, parks, and other destination locations.

(e) Provisions for special paving, road markings, signage and striping for NEV travel lanes, road crossings, parking, and circulation.

(f) Provisions for NEV electrical charging stations.

(g) NEV lanes for the purposes of the transportation plan shall be classified as follows:

(1) Class I NEV routes provide for a completely separate right-of-way for the use of NEVs.

(2) Class II NEV routes provide for a separate striped lane adjacent to roadways with speed limits of 55 miles per hour or less.

(3) Class III NEV routes provide for shared use by NEVs with conventional vehicle traffic on streets with a speed limit of 25 miles per hour or less.

1965.4. If the County of Orange adopts a NEV transportation plan for the Ranch Plan Planned Community, it shall do both of the following:

(a) Establish minimum general design criteria for the development, planning, and construction of separated NEV lanes, including, but not limited to, the design speed of the facility, the space requirements of the NEV, and roadway design criteria.

(b) In cooperation with the department, establish uniform specifications and symbols for signs, markers, and traffic control devices to control NEV traffic; to warn of dangerous conditions, obstacles, or hazards; to designate the right-of-way as between NEVs, other vehicles, and bicycles; to state the nature and destination of the NEV lane; and to warn pedestrians, bicyclists, and motorists of the presence of NEV traffic.

1965.5. If the County of Orange adopts a NEV transportation plan for the Ranch Plan Planned Community, it shall also adopt all of the following as part of the plan:

(a) NEVs eligible to use NEV lanes shall meet the safety requirements for low-speed vehicles as set forth in Section 571.500 of Title 49 of the Code of Federal Regulations.

(b) Minimum safety criteria for NEV operators, including, but not limited to, requirements relating to NEV maintenance and NEV safety.

Operators shall be required to possess a valid California driver's license and to comply with the financial responsibility requirements established pursuant to Chapter 1 (commencing with Section 16000) of Division 7 of the Vehicle Code.

(c) (1) Restrictions limiting the operation of NEVs to separated NEV lanes on those roadways identified in the transportation plan, and allowing only those NEVs and golf carts that meet the safety equipment requirements specified in the plan to be operated on separated NEV lanes of approved roadways in the plan area.

(2) Any person operating a NEV in the plan area in violation of this subdivision is guilty of an infraction punishable by a fine not exceeding one hundred dollars ($100).

1965.6. (a) If the County of Orange adopts a NEV transportation plan for the Ranch Plan Planned Community pursuant to this chapter, the county shall submit a report to the Legislature on or before November 1, 2011, in consultation with the Department of Transportation, the Department of the California Highway Patrol, and local law enforcement agencies.

(b) The report shall include all of the following:

(1) A description of the NEV transportation plan and its elements that have been authorized up to that time.

(2) An evaluation of the effectiveness of the NEV transportation plan, including its impact on traffic flows and safety.

(3) A recommendation as to whether this chapter should be terminated, continued in existence and applicable solely to the Ranch Plan Planned Community, or expanded statewide.

1965.7. This chapter shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

SEC. 2. Section 21251 of the Vehicle Code is amended to read:

21251. Except as provided in Chapter 7 (commencing with Section 1963) and Chapter 8 (commencing with Section 1965) of Division 2 of the Streets and Highways Code, and Sections 4023, 21115, and 21115.1, a low-speed vehicle is subject to all the provisions applicable to a motor vehicle, and the driver of a low-speed vehicle is subject to all the provisions applicable to the driver of a motor vehicle or other vehicle, when applicable, by this code or any other code, with the exception of those provisions which, by their very nature, can have no application.

SEC. 3. Section 21260 of the Vehicle Code is amended to read:

21260. (a) Except as provided in paragraph (1) of subdivision (b), or in an area where a neighborhood electric vehicle transportation plan has been adopted pursuant to Chapter 7 (commencing with Section 1963) or Chapter 8 (commencing with Section 1965) of Division 2.5 of the

Streets and Highways Code, the operator of a low-speed vehicle shall not operate the vehicle on any roadway with a speed limit in excess of 35 miles per hour.

(b) (1) The operator of a low-speed vehicle may cross a roadway with a speed limit in excess of 35 miles per hour if the crossing begins and ends on a roadway with a speed limit of 35 miles per hour or less and occurs at an intersection of approximately 90 degrees.

(2) Notwithstanding paragraph (1), the operator of a low-speed vehicle shall not traverse an uncontrolled intersection with any state highway unless that intersection has been approved and authorized by the agency having primary traffic enforcement responsibilities for that crossing by a low-speed vehicle.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 443

An act to amend Section 19596.2 of the Business and Professions Code, relating to horse racing, and making an appropriation therefor.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

SEC. 2. Section 19605.73 of the Business and Professions Code is amended to read:

19605.73. (a) Racing associations, fairs, and the organization responsible for contracting with racing associations and fairs with respect to the conduct of racing meetings, may form a private, statewide marketing organization to market and promote thoroughbred and fair horse racing, and to obtain, provide, or defray the cost of workers' compensation coverage for stable employees and jockeys of thoroughbred trainers. The organization shall consist of the following members: two members, one from the northern zone and one from the combined central and southern zones, appointed by the thoroughbred racetracks; two members, one from the northern zone and one from the combined central and southern zones, appointed by the owners' organization responsible for contracting with associations and fairs with respect to the conduct of racing meetings; and two members, one from the northern zone and

one from the combined central and southern zones, appointed by the organization representing racing and satellite fairs.

(b) The marketing organization formed pursuant to subdivision (a) shall annually submit to the board a statewide marketing and promotion plan and a thoroughbred trainers' workers' compensation defrayal plan for thoroughbred and fair horse racing that encompasses all geographical zones in the state, and which includes the manner in which funds were expended in the implementation of the plan for the previous calendar year. The plan shall be implemented as determined by the organization. The organization shall receive input from all interested industry participants and may utilize outside consultants in developing the annual marketing plan.

(c) In addition to the distributions specified in subdivisions (a) and (b) of Section 19605.7, and in Sections 19605.71 and 19605.72, for thoroughbred and fair meetings only, from the amount that would normally be available for commissions and purses, an amount equal to 0.4 percent of the total amount handled by each satellite wagering facility shall be distributed to the statewide marketing organization formed pursuant to subdivision (a) for the promotion of thoroughbred and fair horse racing and to defray the cost of workers' compensation coverage for stable employees and jockeys of thoroughbred trainers. Not more than one-sixth of the total amount available annually pursuant to this subdivision shall be used to defray the cost of workers' compensation insurance. Any of the promotion funds that are not expended in the year in which they are collected may be expended in the following year. If promotion funds expended in any one year exceed the amount collected for that year, the funds expended in the following year shall be reduced by the excess amount.

(d) This section shall remain in effect only until January 1, 2011, and, as of that date, is repealed, unless a later enacted statute that is enacted before January 1, 2011, deletes or extends that date. Any moneys held by the organization shall, in the event this section is repealed, be distributed to the organization formed pursuant to Section 19608.2, for purposes of that section.

SEC. 3. Section 19613.05 of the Business and Professions Code is amended to read:

19613.05. (a) Any association, including a fair, that conducts thoroughbred racing shall pay to the owners' organization, contracting with the association with respect to the conduct of thoroughbred racing, an additional 1¾ percent of the portion required by Section 19613 for a national marketing program. These funds shall be used exclusively for the promotion of thoroughbred racing in conjunction with a national thoroughbred racing marketing program. Funds that may not be needed

for this effort shall be returned to the purse pool at the racing associations where these funds were raised in direct proportion to the amount in which they were initially raised. The owners' organization shall file a report with the board and the respective Committees on Governmental Organization of the Senate and Assembly, accounting for the receipt and expenditure of these funds on an annual basis. The board of directors of the owners' organization shall have the discretion to select the national marketing organization that shall be the recipient of these funds. If the board of directors of the owners' organization decides at any time not to contribute to the national marketing organization, notice shall be given promptly to the respective racing association or associations and the 1 ¾ percent deduction shall cease until the owners' organization decides otherwise.

(b) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

SEC. 4. Section 1.5 of this bill incorporates amendments to Section 19596.2 of the Business and Professions Code proposed by both this bill and SB 379. It shall become effective only if (1) both bills are enacted and become effective on or before January 1, 2008, (2) each bill amends Section 19596.2 of the Business and Professions Code, and (3) this bill is enacted after SB 379, in which case Section 1 of this bill will not become operative.

CHAPTER 445

An act to amend Section 22963 of the Business and Professions Code, and to amend Section 118950 of the Health and Safety Code, relating to tobacco products.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 22963 of the Business and Professions Code is amended to read:

22963. (a) The sale, distribution, or nonsale distribution of tobacco products directly or indirectly to any person under the age of 18 years through the United States Postal Service or through any other public or private postal or package delivery service at locations, including, but not limited to, public mailboxes and mailbox stores, is prohibited.

(b) Any person selling or distributing, or engaging in the nonsale distribution of, tobacco products directly to a consumer in the state through the United States Postal Service or by any other public or private postal or package delivery service, including orders placed by mail, telephone, facsimile transmission, or the Internet, shall comply with the following provisions:

(1) (A) Before enrolling a person as a customer, or distributing or selling, or engaging in the nonsale distribution of, the tobacco product through any of these means, the distributor or seller shall verify that the purchaser or recipient of the product is 18 years of age or older. The distributor or seller shall attempt to match the name, address, and date of birth provided by the customer to information contained in records in a database of individuals whose age has been verified to be 18 years or older by reference to an appropriate database of government records kept by the distributor, a direct marketing firm, or any other entity. In the case of a sale, the distributor or seller shall also verify that the billing address on the check or credit card offered for payment by the purchaser matches the address listed in the database.

(B) If the seller, distributor, or nonsale distributor, is unable to verify that the purchaser or recipient is 18 years of age or older pursuant to subparagraph (A), he or she shall require the customer or recipient to submit an age-verification kit consisting of an attestation signed by the customer or recipient that he or she is 18 years of age or older and a copy of a valid form of government identification. For the purposes of this section, a valid form of government identification includes a driver's license, state identification card, passport, an official naturalization or immigration document, such as an alien registration receipt card (commonly known as a "green card") or an immigrant visa, or military identification. In the case of a sale, the distributor or seller shall also verify that the billing address on the check or credit card provided by the consumer matches the address listed in the form of government identification.

(2) In the case of a sale, the distributor or seller shall impose a two-carton minimum on each order of cigarettes, and shall require payment for the purchase of any tobacco product to be made by personal check of the purchaser or the purchaser's credit card. No money order or cash payment shall be received or permitted. The distributor or seller shall submit to each credit card acquiring company with which it has credit card sales identification information in an appropriate form and format so that the words "tobacco product" may be printed in the purchaser's credit card statement when a purchase of a tobacco product is made by credit card payment.

(3) In the case of a sale, the distributor or seller shall make a telephone call after 5 p.m. to the purchaser confirming the order prior to shipping the tobacco products. The telephone call may be a person-to-person call or a recorded message. The distributor or seller is not required to speak directly with a person and may leave a message on an answering machine or by voice mail.

(4) The nonsale distributor shall deliver the tobacco product to the recipient's verified mailing address, or in the case of a sale, the seller or distributor shall deliver the tobacco product to the purchaser's verified billing address on the check or credit card used for payment. No delivery described under this section shall be permitted to any post office box.

(c) Notwithstanding subdivisions (a) and (b), if a seller, distributor, or nonsale distributor, complies with all of the requirements of this section and a minor obtains a tobacco product by any of the means described in subdivision (b), the seller, distributor, or nonsale distributor is not in violation of this section.

(d) For the purposes of the enforcement of this section pursuant to Section 22958, the acts of the United States Postal Service or other common carrier when engaged in the business of transporting and delivering packages for others, and the acts of a person, whether compensated or not, who transports or delivers a package for another person without any reason to know of the package's contents, are not unlawful and are not subject to civil penalties.

(e) (1) (A) For the purposes of this section, a "distributor" is any person or entity, within or outside the state, who agrees to distribute tobacco products to a customer or recipient within the state. The United States Postal Service or any other public or private postal or package delivery service are not distributors within the meaning of this section.

(B) A "nonsale distributor" is any person inside or outside of this state who, directly or indirectly, knowingly provides tobacco products to any person in this state as part of a nonsale transaction. "Nonsale distributor" includes the person or entity who provides the tobacco product for delivery and the person or entity who delivers the product to the recipient as part of a nonsale transaction.

(C) "Nonsale distribution" means to give smokeless tobacco or cigarettes to the general public at no cost, or at nominal cost, or to give coupons, coupon offers, gift certificates, gift cards, or other similar offers, or rebate offers for smokeless tobacco or cigarettes to the general public at no cost or at nominal cost. Distribution of tobacco products, coupons, coupon offers, gift certificates, gift cards, or other similar offers, or rebate offers in connection with the sale of another item, including tobacco products, cigarette lighters, magazines, or newspapers shall not constitute nonsale distribution.

(2) For the purpose of this section, a "seller" is any person or entity, within or outside the state, who agrees to sell tobacco products to a customer within the state. The United States Postal Service or any other public or private postal or package delivery service are not sellers within the meaning of this section.

(3) For the purpose of this section, a "carton" is a package or container that contains 200 cigarettes.

(f) A district attorney, city attorney, or the Attorney General may assess civil penalties against any person, firm, corporation, or other entity that violates this section, according to the following schedule:

(1) A civil penalty of not less than one thousand dollars ($1,000) and not more than two thousand dollars ($2,000) for the first violation.

(2) A civil penalty of not less than two thousand five hundred dollars ($2,500) and not more than three thousand five hundred dollars ($3,500) for the second violation.

(3) A civil penalty of not less than four thousand dollars ($4,000) and not more than five thousand dollars ($5,000) for the third violation within a five-year period.

(4) A civil penalty of not less than five thousand five hundred dollars ($5,500) and not more than six thousand five hundred dollars ($6,500) for the fourth violation within a five-year period.

(5) A civil penalty of ten thousand dollars ($10,000) for a fifth or subsequent violation within a five-year period.

SEC. 2. Section 118950 of the Health and Safety Code is amended to read:

118950. (a) The Legislature hereby finds and declares the following:

(1) Smoking is the single most important source of preventable disease and premature death in California.

(2) Smoking is responsible for one-quarter of all death caused by fire.

(3) Tobacco-related disease places a tremendous financial burden upon the persons with the disease, their families, the health care delivery system, and society as a whole.

(4) Despite laws in at least 44 states prohibiting the sale of tobacco products to minors, each day 3,000 children start using tobacco products in this nation. Children under the age of 18 years consume 947 million packages of cigarettes in this country yearly.

(5) The earlier a child begins to use tobacco products, the more likely it is that the child will be unable to quit.

(6) More than 60 percent of all smokers begin smoking by the age of 14 years, and 90 percent begin by the age of 19 years.

(7) Use of smokeless tobacco products among minors in this state is increasing.

(8) Smokeless tobacco or chewing tobacco is harmful to the health of individuals and may cause gum disease, mouth or oral cancers, increased tooth decay and leukoplakia.

(9) Tobacco product advertising and promotion are an important cause of tobacco use among children. More money is spent advertising and promoting tobacco products than any other consumer product.

(10) Distribution of tobacco product samples, coupons, coupon offers, gift certificates, gift cards, or other similar offers is a recognized source by which minors obtain tobacco products, beginning the addiction process.

(11) It is the intent of the Legislature that keeping children from beginning to use tobacco products in any form and encouraging all persons to quit tobacco use shall be among the highest priorities in disease prevention for the State of California.

(b) It is unlawful for any person, agent, or employee of a person in the business of selling or distributing smokeless tobacco or cigarettes to engage in the nonsale distribution of any smokeless tobacco or cigarettes to any person in any public building, park or playground, or on any public sidewalk, street, or other public grounds, or on any private property that is open to the general public.

(c) For purposes of this section:

(1) "Nonsale distribution" means to give smokeless tobacco or cigarettes to the general public at no cost, or at nominal cost, or to give coupons, coupon offers, gift certificates, gift cards, or other similar offers, or rebate offers for smokeless tobacco or cigarettes to the general public at no cost or at nominal cost. Distribution of tobacco products, coupons, coupon offers, gift certificates, gift cards, or other similar offers, or rebate offers in connection with the sale of another item, including tobacco products, cigarette lighters, magazines, or newspapers shall not constitute nonsale distribution.

(2) "Smokeless tobacco" means (A) a loose or flat, compressed cake form of tobacco that may be chewed or held in the mouth or (B) a shredded, powdered, or pulverized form of tobacco that may be inhaled through the nostrils, chewed, or held in the mouth.

(3) "Public building, park, playground, sidewalk, street, or other public grounds" means any structure or outdoor area that is owned, operated, or maintained by any public entity, including, but not limited to: city and county streets and sidewalks, parade grounds, fair grounds, public transportation facilities and terminals, public reception areas, public health facilities, public recreational facilities, and public office buildings.

(4) "Private property that is open to the general public" means any structure or outdoor area that is owned, operated, or maintained by any

private entity and that is open for entry or use by the general public, whether or not a fee or charge is imposed for entry or use.

(d) Any person who violates this section shall be liable for a civil penalty of not less than two hundred dollars ($200) for one act, five hundred dollars ($500) for two acts, and one thousand dollars ($1,000) for each subsequent act constituting a violation. Each distribution of a single package, coupon, coupon offer, gift certificates, gift cards, or other similar offers, or rebate offer to an individual member of the general public in violation of this section shall be considered a separate violation.

(e) Neither this section nor any other provision of law shall invalidate an ordinance of, or prohibit the adoption of an ordinance by, a city or county regulating distribution of smokeless tobacco or cigarette samples within its boundaries that is more restrictive than this section. An ordinance that imposes greater restrictions on the sale or distribution of tobacco than this section shall govern, to the extent of any inconsistency between it and this section.

(f) Subdivisions (a) to (e), inclusive, do not apply to any public building, park, playground, sidewalk, street, or other public grounds, or any private property that is open to the general public where minors are prohibited by law. Subdivisions (a) to (e), inclusive, do not apply to any public building, park, playground, sidewalk, street, or other public grounds open to the general public and leased for private functions where minors are denied access by a peace officer or licensed security guard on the premises.

(g) Subdivisions (a) to (e), inclusive, do not apply to any private property that is open to the general public where minors are denied access to a separate nonsale distribution area by a peace officer or licensed security guard stationed at the entrance of the separate nonsale distribution area and the separate nonsale distribution area is enclosed so as to prevent persons outside the separate nonsale distribution area from seeing the nonsale distribution unless they undertake unreasonable efforts to see inside the area.

SEC. 3. This bill and AB 1617 both contain provisions making changes to Section 22963 of the Business and Professions Code. This bill would amend the section and AB 1617 would repeal, recast, and add the section. If both bills are enacted and become effective on or before January 1, 2008, Sections 2 and 3 of AB 1617 repealing and adding Section 22963 of the Business and Professions Code shall become operative and Section 1 of this bill amending Section 22963 of the Business and Professions Code shall not become operative, regardless of the order of enactment.

CHAPTER 446

An act to add Section 17510.25 to the Business and Professions Code, relating to charitable solicitations.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) For over 50 years, firefighters across California have engaged in charitable fundraising events in order to support medical research of debilitating diseases such as muscular dystrophy; to purchase and provide medical equipment such as wheelchairs, braces, and communication devices to children with neuromuscular diseases; and to conduct summer camps for children with muscular dystrophy. The most successful fundraising event that firefighters have employed is the signature "fill-the-boot" campaign, which consists of firefighters asking motorists passing fire stations to contribute to these causes by putting money into firefighter boots or facsimiles of firefighter boots.

(b) During the last three years, the money raised by firefighters using the "fill-the-boot" campaign provided approximately seven million dollars ($7,000,000) to the University of California, California State University, and Stanford University for use in developing treatments for muscular dystrophies, motor neuron diseases, peripheral nerve disorders, inflammatory myopathies, disorders of the neuromuscular junction, and metabolic diseases of the muscle, among others.

(c) The money raised by firefighters using "fill-the-boot" campaigns helps the charities that firefighters support and provides an economic advantage to the state and local communities by ensuring that the money raised in California stays in California. Furthermore, these fundraising campaigns unite firefighters with their communities and provide firefighters with opportunities to share their team strength and fellowship in better service to their communities.

(d) Because some local ordinances have recently been passed to limit or prohibit aggressive begging or panhandling in public roadways, firefighters organizing and conducting "fill-the-boot" campaigns have experienced a decline in contributions. California firefighters and other law enforcement organizations that conduct similar fundraising activities have become concerned that fundraising activities involving collections

from passing motorists may have been unintentionally swept into those prohibited activities.

(e) It is therefore the intent of the Legislature to clarify that law enforcement personnel and firefighters, as well as other local agency personnel involved in public safety, because of their established training and experience in controlling traffic and other activities in and around public roadways, may be provided a separate procedure for obtaining permits from local agencies to conduct fundraising activities such as "fill-the-boot" campaigns, notwithstanding any city or county ordinance governing solicitations for charitable contributions on public roadways.

(f) The Legislature further finds and declares that the compelling interest in offering this express process to law enforcement personnel, firefighters, and other public safety personnel does not impinge upon and essentially furthers the stated interest of these local ordinances by narrowly tailoring the process authorized by this act to those local agency personnel most suited to protect the public safety.

SEC. 2. Section 17510.25 is added to the Business and Professions Code, to read:

17510.25. (a) A charity, as defined in subdivision (e), may engage in a solicitation for charitable purposes that involves persons standing in a public roadway soliciting contributions from passing motorists, if both of the following requirements are met:

(1) The persons to be engaged in the solicitation are law enforcement personnel, firefighters, or other persons employed to protect the public safety of a local agency, as defined in subdivision (d), and that are soliciting solely in an area that is within the service area of that local agency.

(2) The charity files an application with the city, county, or city and county, as applicable, having jurisdiction over the location or locations where the solicitation is to occur. The application shall be filed not later than 10 business days before the date that the solicitation is to begin and shall include all of the following:

(A) The date or dates and times of day when the solicitation is to occur.

(B) The location or locations where the solicitation is to occur.

(C) The manner and conditions under which the solicitation is to occur.

(D) Proof of a valid liability insurance policy in the amount of at least one million dollars ($1,000,000) insuring the charity, the local agency referenced in paragraph (1), and the city, county, or city and county referenced in this paragraph against bodily injury and property damage arising out of or in connection with the solicitation.

(b) The city, county, or city and county shall approve the application within five business days of the filing date of the application, but may impose reasonable conditions in writing that are consistent with the intent of this section and that are based on articulated public safety concerns.

(c) By acting under this section, a local agency referred to in paragraph (1) of subdivision (a) and a city, county, or city and county referred to in paragraph (2) of subdivision (a) do not waive or limit any immunity from liability provided by any other provision of law.

(d) For purposes of this section, "local agency" means a city, county, city and county, special district, joint powers authority, or other political subdivision of the state.

(e) For purposes of this section, "charity" means a charity subject to supervision by the Attorney General pursuant to Article 7 (commencing with Section 12580) of Chapter 6 of Part 2 of Division 3 of Title 2 of the Government Code.

(f) The Legislature finds and declares that the extraordinary liability insurance requirement contained in this section is necessary in order to protect the public safety due solely to the particular and unique circumstances governed by this section that involve charitable solicitations from passing motorists in a public roadway, where the activity of solicitation may present a recognizable potential safety hazard.

(g) This section is not intended to prevent a local agency from adopting an ordinance regulating the time, place, or manner of charitable solicitations in a public roadway by other persons or charities.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 447

An act to amend Sections 12301.6 and 15660 of the Welfare and Institutions Code, relating to public social services.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 12301.6 of the Welfare and Institutions Code is amended to read:

12301.6. (a) Notwithstanding Sections 12302 and 12302.1, a county board of supervisors may, at its option, elect to do either of the following:

(1) Contract with a nonprofit consortium to provide for the delivery of in-home supportive services.

(2) Establish, by ordinance, a public authority to provide for the delivery of in-home supportive services.

(b) (1) To the extent that a county elects to establish a public authority pursuant to paragraph (2) of subdivision (a), the enabling ordinance shall specify the membership of the governing body of the public authority, the qualifications for individual members, the manner of appointment, selection, or removal of members, how long they shall serve, and other matters as the board of supervisors deems necessary for the operation of the public authority.

(2) A public authority established pursuant to paragraph (2) of subdivision (a) shall be both of the following:

(A) An entity separate from the county, and shall be required to file the statement required by Section 53051 of the Government Code.

(B) A corporate public body, exercising public and essential governmental functions and that has all powers necessary or convenient to carry out the delivery of in-home supportive services, including the power to contract for services pursuant to Sections 12302 and 12302.1 and that makes or provides for direct payment to a provider chosen by the recipient for the purchase of services pursuant to Sections 12302 and 12302.2. Employees of the public authority shall not be employees of the county for any purpose.

(3) (A) As an alternative, the enabling ordinance may designate the board of supervisors as the governing body of the public authority.

(B) Any enabling ordinance that designates the board of supervisors as the governing body of the public authority shall also specify that no fewer than 50 percent of the membership of the advisory committee shall be individuals who are current or past users of personal assistance services paid for through public or private funds or recipients of services under this article.

(C) If the enabling ordinance designates the board of supervisors as the governing body of the public authority, it shall also require the appointment of an advisory committee of not more than 11 individuals who shall be designated in accordance with subparagraph (B).

(D) Prior to making designations of committee members pursuant to subparagraph (C), or governing body members in accordance with

(D) No fee shall be charged to a provider, potential personnel, or service recipient to cover any costs of administering this paragraph, or the cost to the Department of Justice or any law enforcement agency for processing the criminal background check. Nothing in this paragraph shall be construed to prohibit the Department of Justice from assessing a fee pursuant to Section 11105 or 11123 of the Penal Code to cover the cost of furnishing summary criminal history information. A public authority or nonprofit consortium shall not seek reimbursement unless the conditions described in subparagraph (F) are met.

(ii) A recipient of in-home supportive services pursuant to this chapter or a recipient of personal care services under the Medi-Cal program may elect to employ an individual as their service provider notwithstanding the individual's record of previous criminal convictions, unless those convictions include any of the offenses specified in Section 12305.81.

(3) Counties and the state shall be immune from any liability resulting from their implementation of this section in the administration of the In-Home Supportive Services program. Any obligation of the public authority or consortium pursuant to this section, whether statutory,

(2) The Controller shall make any deductions from the wages of in-home supportive services personnel, who are employees of a public authority pursuant to paragraph (1) of subdivision (c), that are agreed to by that public authority in collective bargaining with the designated representative of the in-home supportive services personnel pursuant to Chapter 10 (commencing with Section 3500) of Division 4 of Title 1 of the Government Code and transfer the deducted funds as directed in that agreement.

(3) Counties shall notify any recipient of, or applicant for, in-home supportive services or personal care services under the Medi-Cal program, upon his or her application for in-home supportive services or personal care services or during his or her annual redetermination, or upon the recipient's changing providers, that a criminal record check is available, and that the check can be performed by the Department of Justice.

(d) (1) The Department of Justice shall charge a fee to the employer to cover the costs of administering this section.

(2) (A) If the employer is an in-home supportive services recipient, as defined in Section 123202.2, a recipient of personal care services under the Medi-Cal program pursuant to Section 14132.95, or any public authority or nonprofit consortium as described in subdivision (a) of Section 12301.6, the fee shall be shared by the county and the state in the same ratio as described in Section 12306.

(B) (i) Notwithstanding any other provision of law, and except as provided in clause (ii), the department shall, no later than January 1, 2009, implement subparagraph (A) through an all county letter from the director.

(ii) No later than July 1, 2009, the department shall adopt regulations to implement the provisions listed in clause (i).

(e) It is the intent of the Legislature that the Department of Justice charge a fee to cover its cost in providing services in accordance with this section to comply with the 30-calendar-day requirement for provision to the department of the criminal record information, as contained in subdivision (c).

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 12301.6 of the Welfare and Institutions Code proposed by both this bill and AB 182. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2008, (2) each bill amends Section 12301.6 of the Welfare and Institutions Code, and (3) this bill is enacted after AB 182, in which case Section 1 of this bill shall not become operative.

CHAPTER 448

An act to add Section 11011.26 to the Government Code, relating to state property.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 11011.26 is added to the Government Code, to read:

11011.26. The Director of General Services, subject to the approval of the State Public Works Board and specific authorization by the Legislature that may be provided for in the Budget Bill, may exchange with the City of Santa Maria, at fair market value, and upon terms and conditions the director deems to be in the best interests of the state, state real property under the jurisdiction of the Department of Motor Vehicles located at 523 South McClellan Street, in the City of Santa Maria, for a land-for-land exchange, build-to-suit lease with a purchase option, new lease purchase agreement, existing leased facility, or any other equitable exchange to be occupied by the Department of Motor Vehicles. The city shall be responsible for all administrative costs associated with the exchange of properties. If the exchange is completed with the city, then the city shall reimburse the Department of General Services for any cost or expense associated with the department's review and approval of the appraisal, conveyance, and acquisition documents. If the exchange is

not completed by January 1, 2010, the director may enter into an exchange agreement with parties other than the City of Santa Maria, at fair market value, and upon terms and conditions the director deems to be in the best interests of the state, to meet the objectives of this section, subject to the approval of the State Public Works Board and funding under the Budget Bill.

SEC. 2. The Legislature finds and declares that the exchange of state property authorized in Section 1 of this act does not constitute a sale of surplus state property as set forth in Section 9 of Article III of the California Constitution or subdivision (g) of Section 11011 of the Government Code.

CHAPTER 449

An act to amend Sections 63.1, 69.5, and 215.1 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 63.1 of the Revenue and Taxation Code is amended to read:

63.1. (a) Notwithstanding any other provision of this chapter, a change in ownership shall not include the following purchases or transfers for which a claim is filed pursuant to this section:

(1) The purchase or transfer of real property which is the principal residence of an eligible transferor in the case of a purchase or transfer between parents and their children.

(2) The purchase or transfer of the first one million dollars ($1,000,000) of full cash value of all other real property of an eligible transferor in the case of a purchase or transfer between parents and their children.

(3) (A) Subject to subparagraph (B), the purchase or transfer of real property described in paragraphs (1) and (2) of subdivision (a) occurring on or after March 27, 1996, between grandparents and their grandchild or grandchildren, if all of the parents of that grandchild or those grandchildren, who qualify as the children of the grandparents, are deceased as of the date of purchase or transfer. Notwithstanding any other provision of law, for the lien date for the 2006–07 fiscal year and each fiscal year thereafter, in determining whether "all of the parents of

that grandchild or those grandchildren, who qualify as the children of the grandparents, are deceased as of the date of purchase or transfer," a son-in-law or daughter-in-law of the grandparent that is a stepparent to the grandchild need not be deceased on the date of the transfer.

(B) A purchase or transfer of a principal residence shall not be excluded pursuant to subparagraph (A) if the transferee grandchild or grandchildren also received a principal residence, or interest therein, through another purchase or transfer that was excludable pursuant to paragraph (1) of subdivision (a). The full cash value of any real property, other than a principal residence, that was transferred to the grandchild or grandchildren pursuant to a purchase or transfer that was excludable pursuant to paragraph (2) of subdivision (a) and the full cash value of a principal residence that fails to qualify for exclusion as a result of the preceding sentence shall be included in applying, for purposes of paragraph (2) of subdivision (a), the one-million-dollar ($1,000,000) full cash value limit specified in paragraph (2) of subdivision (a).

(b) (1) For purposes of paragraph (1) of subdivision (a), "principal residence" means a dwelling that is eligible for a homeowners' exemption or a disabled veterans' exemption as a result of the transferor's ownership and occupation of the dwelling. "Principal residence" includes only that portion of the land underlying the residence that consists of an area of reasonable size that is used as a site for the residence.

(2) For purposes of paragraph (2) of subdivision (a), the one-million-dollar ($1,000,000) exclusion shall apply separately to each eligible transferor with respect to all purchases by and transfers to eligible transferees on and after November 6, 1986, of real property, other than the principal residence, of that eligible transferor. The exclusion shall not apply to any property in which the eligible transferor's interest was received through a transfer, or transfers, excluded from change in ownership by the provisions of either subdivision (f) of Section 62 or subdivision (b) of Section 65, unless the transferor qualifies as an original transferor under subdivision (b) of Section 65. In the case of any purchase or transfer subject to this paragraph involving two or more eligible transferors, the transferors may elect to combine their separate one-million-dollar ($1,000,000) exclusions and, upon making that election, the combined amount of their separate exclusions shall apply to any property jointly sold or transferred by the electing transferors, provided that in no case shall the amount of full cash value of real property of any one eligible transferor excluded under this election exceed the amount of the transferor's separate unused exclusion on the date of the joint sale or transfer.

(c) As used in this section:

(1) "Purchase or transfer between parents and their children" means either a transfer from a parent or parents to a child or children of the parent or parents or a transfer from a child or children to a parent or parents of the child or children. For purposes of this section, the date of any transfer between parents and their children under a will or intestate succession shall be the date of the decedent's death, if the decedent died on or after November 6, 1986.

(2) "Purchase or transfer of real property between grandparents and their grandchild or grandchildren" means a purchase or transfer on or after March 27, 1996, from a grandparent or grandparents to a grandchild or grandchildren if all of the parents of that grandchild or those grandchildren who qualify as the children of the grandparents are deceased as of the date of the transfer. For purposes of this section, the date of any transfer between grandparents and their grandchildren under a will or by intestate succession shall be the date of the decedent's death. Notwithstanding any other provision of law, for the lien date for the 2006–07 fiscal year and each fiscal year thereafter, in determining whether "all of the parents of that grandchild or those grandchildren, who qualify as the children of the grandparents, are deceased as of the date of purchase or transfer," a son-in-law or daughter-in-law of the grandparent that is a stepparent to the grandchild need not be deceased on the date of the transfer.

(3) "Children" means any of the following:

(A) Any child born of the parent or parents, except a child, as defined in subparagraph (D), who has been adopted by another person or persons.

(B) Any stepchild of the parent or parents and the spouse of that stepchild while the relationship of stepparent and stepchild exists. For purposes of this paragraph, the relationship of stepparent and stepchild shall be deemed to exist until the marriage on which the relationship is based is terminated by divorce, or, if the relationship is terminated by death, until the remarriage of the surviving stepparent.

(C) Any son-in-law or daughter-in-law of the parent or parents. For the purposes of this paragraph, the relationship of parent and son-in-law or daughter-in-law shall be deemed to exist until the marriage on which the relationship is based is terminated by divorce, or, if the relationship is terminated by death, until the remarriage of the surviving son-in-law or daughter-in-law.

(D) Any child adopted by the parent or parents pursuant to statute, other than an individual adopted after reaching the age of 18 years.

(4) "Grandchild" or "grandchildren" means any child or children of the child or children of the grandparent or grandparents.

(5) "Full cash value" means full cash value, as defined in Section 2 of Article XIII A of the California Constitution and Section 110.1, with

any adjustments authorized by those sections, and the full value of any new construction in progress, determined as of the date immediately prior to the date of a purchase by or transfer to an eligible transferee of real property subject to this section.

(6) "Eligible transferor" means a grandparent, parent, or child of an eligible transferee.

(7) "Eligible transferee" means a parent, child, or grandchild of an eligible transferor.

(8) "Real property" means real property as defined in Section 104. Real property does not include any interest in a legal entity.

(9) "Transfer" includes, and is not limited to, any transfer of the present beneficial ownership of property from an eligible transferor to an eligible transferee through the medium of an inter vivos or testamentary trust.

(10) "Social security number" also includes a taxpayer identification number issued by the Internal Revenue Service in the case in which the taxpayer is a foreign national who cannot obtain a social security number.

(d) (1) The exclusions provided for in subdivision (a) shall not be allowed unless the eligible transferee, the transferee's legal representative, or the executor or administrator of the transferee's estate files a claim with the assessor for the exclusion sought and furnishes to the assessor each of the following:

(A) A written certification by the transferee, the transferee's legal representative, or the executor or administrator of the transferee's estate, signed and made under penalty of perjury that the transferee is a parent, child, or grandchild of the transferor and that the transferor is his or her parent, child, or grandparent. In the case of a grandparent-grandchild transfer, the written certification shall also include a certification that all the parents of the grandchild or grandchildren who qualify as children of the grandparents were deceased as of the date of the purchase or transfer and that the grandchild or grandchildren did or did not receive a principal residence excludable under paragraph (1) of subdivision (a) from the deceased parents, and that the grandchild or grandchildren did or did not receive real property other than a principal residence excludable under paragraph (2) of subdivision (a) from the deceased parents. The claimant shall provide legal substantiation of any matter certified pursuant to this subparagraph at the request of the county assessor.

(B) A written certification by the transferor, the transferor's legal representative, or the executor or administrator of the transferor's estate, signed and made under penalty of perjury that the transferor is a grandparent, parent, or child of the transferee and that the transferor is

seeking the exclusion under this section and will not file a claim to transfer the base year value of the property under Section 69.5.

(C) A written certification shall also include either or both of the following:

(i) If the purchase or transfer of real property includes the purchase or transfer of residential real property, a certification that the residential real property is or is not the transferor's principal residence.

(ii) If the purchase or transfer of real property includes the purchase or transfer of real property other than the transferor's principal residence, a certification that other real property of the transferor that is subject to this section has or has not been previously sold or transferred to an eligible transferee, the total amount of full cash value, as defined in subdivision (c), of any real property subject to this section that has been previously sold or transferred by that transferor to eligible transferees, the location of that real property, the social security number of each eligible transferor, and the names of the eligible transferees of that property.

(D) If there are multiple transferees, the certification and signature may be made by any one of the transferees, if both of the following conditions are met:

(i) The transferee has actual knowledge that, and the certification signed by the transferee states that, all of the transferees are eligible transferees within the meaning of this section.

(ii) The certification is signed by the transferee as a true statement made under penalty of perjury.

(2) If the full cash value of the real property purchased by or transferred to the transferee exceeds the permissible exclusion of the transferor or the combined permissible exclusion of the transferors, in the case of a purchase or transfer from two or more joint transferors, taking into account any previous purchases by or transfers to an eligible transferee from the same transferor or transferors, the transferee shall specify in his or her claim the amount and the allocation of the exclusion he or she is seeking. Within any appraisal unit, as determined in accordance with subdivision (d) of Section 51 by the assessor of the county in which the real property is located, the exclusion shall be applied only on a pro rata basis, however, and shall not be applied to a selected portion or portions of the appraisal unit.

(e) (1) The State Board of Equalization shall design the form for claiming eligibility. Except as provided in paragraph (2), any claim under this section shall be filed:

(A) For transfers of real property between parents and their children occurring prior to September 30, 1990, within three years after the date of the purchase or transfer of real property for which the claim is filed.

(B) For transfers of real property between parents and their children occurring on or after September 30, 1990, and for the purchase or transfer of real property between grandparents and their grandchildren occurring on or after March 27, 1996, within three years after the date of the purchase or transfer of real property for which the claim is filed, or prior to transfer of the real property to a third party, whichever is earlier.

(C) Notwithstanding subparagraphs (A) and (B), a claim shall be deemed to be timely filed if it is filed within six months after the date of mailing of a notice of supplemental or escape assessment, issued as a result of the purchase or transfer of real property for which the claim is filed.

(2) In the case in which the real property subject to purchase or transfer has not been transferred to a third party, a claim for exclusion under this section that is filed subsequent to the expiration of the filing periods set forth in paragraph (1) shall be considered by the assessor, subject to all of the following conditions:

(A) Any exclusion granted pursuant to that claim shall apply commencing with the lien date of the assessment year in which the claim is filed.

(B) Under any exclusion granted pursuant to that claim, the adjusted full cash value of the subject real property in the assessment year described in subparagraph (A) shall be the adjusted base year value of the subject real property in the assessment year in which the excluded purchase or transfer took place, factored to the assessment year described in subparagraph (A) for both of the following:

(i) Inflation as annually determined in accordance with paragraph (1) of subdivision (a) of Section 51.

(ii) Any subsequent new construction occurring with respect to the subject real property.

(3) (A) Unless otherwise expressly provided, the provisions of this subdivision shall apply to any purchase or transfer of real property that occurred on or after November 6, 1986.

(B) Paragraph (2) shall apply to purchases or transfers between parents and their children that occurred on or after November 6, 1986, and to purchases or transfers between grandparents and their grandchildren that occurred on or after March 27, 1996.

(4) For purposes of this subdivision, a transfer of real property to a parent or child of the transferor shall not be considered a transfer to a third party.

(f) The assessor may report quarterly to the State Board of Equalization all purchases or transfers, other than purchases or transfers involving a principal residence, for which a claim for exclusion is made pursuant to subdivision (d). Each report shall contain the assessor's

parcel number for each parcel for which the exclusion is claimed, the amount of each exclusion claimed, the social security number of each eligible transferor, and any other information the board may require in order to monitor the one-million-dollar ($1,000,000) limitation in paragraph (2) of subdivision (a). In recognition of the state and local interests served by the action made optional in this subdivision, the Legislature encourages the assessor to continue taking the action formerly mandated by this subdivision.

(g) This section shall apply to both voluntary transfers and transfers resulting from a court order or judicial decree. Nothing in this subdivision shall be construed as conflicting with paragraph (1) of subdivision (c) or the general principle that transfers by reason of death occur at the time of death.

(h) (1) Except as provided in paragraph (2), this section shall apply to purchases and transfers of real property completed on or after November 6, 1986, and shall not be effective for any change in ownership, including a change in ownership arising on the date of a decedent's death, that occurred prior to that date.

(2) This section shall apply to purchases or transfers of real property between grandparents and their grandchildren occurring on or after March 27, 1996, and, with respect to purchases or transfers of real property between grandparents and their grandchildren, shall not be effective for any change in ownership, including a change in ownership arising on the date of a decedent's death, that occurred prior to that date.

(i) A claim filed under this section is not a public document and is not subject to public inspection, except that a claim shall be available for inspection by the transferee and the transferor or their respective spouse, the transferee's legal representative, the transferor's legal representative, and the executor or administrator of the transferee's or transferor's estate.

SEC. 2. Section 69.5 of the Revenue and Taxation Code is amended to read:

69.5. (a) (1) Notwithstanding any other provision of law, pursuant to subdivision (a) of Section 2 of Article XIII A of the California Constitution, any person over the age of 55 years, or any severely and permanently disabled person, who resides in property that is eligible for the homeowners' exemption under subdivision (k) of Section 3 of Article XIII of the California Constitution and Section 218 may transfer, subject to the conditions and limitations provided in this section, the base year value of that property to any replacement dwelling of equal or lesser value that is located within the same county and is purchased or newly constructed by that person as his or her principal residence within two years of the sale by that person of the original property, provided that

the base year value of the original property shall not be transferred to the replacement dwelling until the original property is sold.

(2) Notwithstanding the limitation in paragraph (1) requiring that the original property and the replacement dwelling be located in the same county, this limitation shall not apply in any county in which the county board of supervisors, after consultation with local affected agencies within the boundaries of the county, adopts an ordinance making the provisions of paragraph (1) also applicable to situations in which replacement dwellings are located in that county and the original properties are located in another county within this state. The authorization contained in this paragraph shall be applicable in a county only if the ordinance adopted by the board of supervisors complies with all of the following requirements:

(A) It is adopted only after consultation between the board of supervisors and all other local affected agencies within the county's boundaries.

(B) It requires that all claims for transfers of base year value from original property located in another county be granted if the claims meet the applicable requirements of both subdivision (a) of Section 2 of Article XIII A of the California Constitution and this section.

(C) It requires that all base year valuations of original property located in another county and determined by its assessor be accepted in connection with the granting of claims for transfers of base year value.

(D) It provides that its provisions are operative for a period of not less than five years.

(E) The ordinance specifies the date on and after which its provisions shall be applicable. However, the date specified shall not be earlier than November 9, 1988. The specified applicable date may be a date earlier than the date the county adopts the ordinance.

(b) In addition to meeting the requirements of subdivision (a), any person claiming the property tax relief provided by this section shall be eligible for that relief only if the following conditions are met:

(1) The claimant is an owner and a resident of the original property either at the time of its sale, or at the time when the original property was substantially damaged or destroyed by misfortune or calamity, or within two years of the purchase or new construction of the replacement dwelling.

(2) The original property is eligible for the homeowners' exemption, as the result of the claimant's ownership and occupation of the property as his or her principal residence, either at the time of its sale, or at the time when the original property was substantially damaged or destroyed by misfortune or calamity, or within two years of the purchase or new construction of the replacement dwelling.

(3) At the time of the sale of the original property, the claimant or the claimant's spouse who resides with the claimant is at least 55 years of age, or is severely and permanently disabled.

(4) At the time of claiming the property tax relief provided by subdivision (a), the claimant is an owner of a replacement dwelling and occupies it as his or her principal place of residence and, as a result thereof, the property is currently eligible for the homeowners' exemption or would be eligible for the exemption except that the property is already receiving the exemption because of an exemption claim filed by the previous owner.

(5) The original property of the claimant is sold by him or her within two years of the purchase or new construction of the replacement dwelling. For purposes of this paragraph, the purchase or new construction of the replacement dwelling includes the purchase of that portion of land on which the replacement building, structure, or other shelter constituting a place of abode of the claimant will be situated and that, pursuant to paragraph (3) of subdivision (g), constitutes a part of the replacement dwelling.

(6) The replacement dwelling, including that portion of land on which it is situated that is specified in paragraph (5), is located entirely within the same county as the claimant's original property.

(7) The claimant has not previously been granted, as a claimant, the property tax relief provided by this section, except that this paragraph shall not apply to any person who becomes severely and permanently disabled subsequent to being granted, as a claimant, the property tax relief provided by this section for any person over the age of 55 years. In order to prevent duplication of claims under this section within this state, county assessors shall report quarterly to the State Board of Equalization that information from claims filed in accordance with subdivision (f) and from county records as is specified by the board necessary to identify fully all claims under this section allowed by assessors and all claimants who have thereby received relief. The board may specify that the information include all or a part of the names and social security numbers of claimants and their spouses and the identity and location of the replacement dwelling to which the claim applies. The information may be required in the form of data processing media or other media and in a format that is compatible with the recordkeeping processes of the counties and the auditing procedures of the state.

(c) The property tax relief provided by this section shall be available if the original property or the replacement dwelling, or both, of the claimant includes, but is not limited to, either of the following:

(1) A unit or lot within a cooperative housing corporation, a community apartment project, a condominium project, or a planned unit

development. If the unit or lot constitutes the original property of the claimant, the assessor shall transfer to the claimant's replacement dwelling only the base year value of the claimant's unit or lot and his or her share in any common area reserved as an appurtenance of that unit or lot. If the unit or lot constitutes the replacement dwelling of the claimant, the assessor shall transfer the base year value of the claimant's original property only to the unit or lot of the claimant and any share of the claimant in any common area reserved as an appurtenance of that unit or lot.

(2) A manufactured home or a manufactured home and any land owned by the claimant on which the manufactured home is situated. For purposes of this paragraph, "land owned by the claimant" includes a pro rata interest in a resident-owned mobilehome park that is assessed pursuant to subdivision (b) of Section 62.1.

(A) If the manufactured home or the manufactured home and the land on which it is situated constitutes the claimant's original property, the assessor shall transfer to the claimant's replacement dwelling either the base year value of the manufactured home or the base year value of the manufactured home and the land on which it is situated, as appropriate. If the manufactured home dwelling that constitutes the original property of the claimant includes an interest in a resident-owned mobilehome park, the assessor shall transfer to the claimant's replacement dwelling the base year value of the claimant's manufactured home and his or her pro rata portion of the real property of the park. No transfer of base year value shall be made by the assessor of that portion of land that does not constitute a part of the original property, as provided in paragraph (4) of subdivision (g).

(B) If the manufactured home or the manufactured home and the land on which it is situated constitutes the claimant's replacement dwelling, the assessor shall transfer the base year value of the claimant's original property either to the manufactured home or the manufactured home and the land on which it is situated, as appropriate. If the manufactured home dwelling that constitutes the replacement dwelling of the claimant includes an interest in a resident-owned mobilehome park, the assessor shall transfer the base year value of the claimant's original property to the manufactured home of the claimant and his or her pro rata portion of the park. No transfer of base year value shall be made by the assessor to that portion of land that does not constitute a part of the replacement dwelling, as provided in paragraph (3) of subdivision (g).

This subdivision shall be subject to the limitations specified in subdivision (d).

(d) The property tax relief provided by this section shall be available to a claimant who is the coowner of the original property, as a joint

tenant, a tenant in common, or a community property owner, subject to the following limitations:

(1) If a single replacement dwelling is purchased or newly constructed by all of the coowners and each coowner retains an interest in the replacement dwelling, the claimant shall be eligible under this section whether or not any or all of the remaining coowners would otherwise be eligible claimants.

(2) If two or more replacement dwellings are separately purchased or newly constructed by two or more coowners and more than one coowner would otherwise be an eligible claimant, only one coowner shall be eligible under this section. These coowners shall determine by mutual agreement which one of them shall be deemed eligible.

(3) If two or more replacement dwellings are separately purchased or newly constructed by two coowners who held the original property as community property, only the coowner who has attained the age of 55 years, or is severely and permanently disabled, shall be eligible under this section. If both spouses are over 55 years of age, they shall determine by mutual agreement which one of them is eligible.

In the case of coowners whose original property is a multiunit dwelling, the limitations imposed by paragraphs (2) and (3) shall only apply to coowners who occupied the same dwelling unit within the original property at the time specified in paragraph (2) of subdivision (b).

(e) Upon the sale of original property, the assessor shall determine a new base year value for that property in accordance with subdivision (a) of Section 2 of Article XIII A of the California Constitution and Section 110.1, whether or not a replacement dwelling is subsequently purchased or newly constructed by the former owner or owners of the original property.

This section shall not apply unless the transfer of the original property is a change in ownership that either (1) subjects that property to reappraisal at its current fair market value in accordance with Section 110.1 or 5803 or (2) results in a base year value determined in accordance with this section, Section 69, or Section 69.3 because the property qualifies under this section, Section 69, or Section 69.3 as a replacement dwelling or property.

(f) (1) A claimant shall not be eligible for the property tax relief provided by this section unless the claimant provides to the assessor, on a form that shall be designed by the State Board of Equalization and that the assessor shall make available upon request, the following information:

(A) The name and social security number of each claimant and of any spouse of the claimant who is a record owner of the replacement dwelling.

(B) Proof that the claimant or the claimant's spouse who resided on the original property with the claimant was, at the time of its sale, at least 55 years of age, or severely and permanently disabled. Proof of severe and permanent disability shall be considered a certification, signed by a licensed physician and surgeon of appropriate specialty, attesting to the claimant's severely and permanently disabled condition. In the absence of available proof that a person is over 55 years of age, the claimant shall certify under penalty of perjury that the age requirement is met. In the case of a severely and permanently disabled claimant either of the following shall be submitted:

(i) A certification, signed by a licensed physician or surgeon of appropriate specialty that identifies specific reasons why the disability necessitates a move to the replacement dwelling and the disability-related requirements, including any locational requirements, of a replacement dwelling. The claimant shall substantiate that the replacement dwelling meets disability-related requirements so identified and that the primary reason for the move to the replacement dwelling is to satisfy those requirements. If the claimant, or the claimant's spouse or guardian, so declares under penalty of perjury, it shall be rebuttably presumed that the primary purpose of the move to the replacement dwelling is to satisfy identified disability-related requirements.

(ii) The claimant's substantiation that the primary purpose of the move to the replacement dwelling is to alleviate financial burdens caused by the disability. If the claimant, or the claimant's spouse or guardian, so declares under penalty of perjury, it shall be rebuttably presumed that the primary purpose of the move is to alleviate the financial burdens caused by the disability.

(C) The address and, if known, the assessor's parcel number of the original property.

(D) The date of the claimant's sale of the original property and the date of the claimant's purchase or new construction of a replacement dwelling.

(E) A statement by the claimant that he or she occupied the replacement dwelling as his or her principal place of residence on the date of the filing of his or her claim.

(F) Any claim under this section shall be filed within three years of the date the replacement dwelling was purchased or the new construction of the replacement dwelling was completed subject to subdivision (k) or (m).

(2) A claim for transfer of base year value under this section that is filed after the expiration of the filing period set forth in subparagraph (F) of paragraph (1) shall be considered by the assessor, subject to all of the following conditions:

(A) Any base year value transfer granted pursuant to that claim shall apply commencing with the lien date of the assessment year in which the claim is filed.

(B) The full cash value of the replacement property in the assessment year described in subparagraph (A) shall be the base year value of the real property in the assessment year in which the base year value was transferred, factored to the assessment year described in subparagraph (A) for both of the following:

(i) Inflation as annually determined in accordance with paragraph (1) of subdivision (a) of Section 51.

(ii) Any subsequent new construction occurring with respect to the subject real property that does not qualify for property tax relief pursuant to the criteria set forth in subparagraphs (A) and (B) of paragraph (4) of subdivision (h).

(g) For purposes of this section:

(1) "Person over the age of 55 years" means any person or the spouse of any person who has attained the age of 55 years or older at the time of the sale of the original property.

(2) "Base year value of the original property" means its base year value, as determined in accordance with Section 110.1, with the adjustments permitted by subdivision (b) of Section 2 of Article XIII A of the California Constitution and subdivision (f) of Section 110.1, determined as of the date immediately prior to the date that the original property is sold by the claimant, or in the case where the original property has been substantially damaged or destroyed by misfortune or calamity and the owner does not rebuild on the original property, determined as of the date immediately prior to the misfortune or calamity.

If the replacement dwelling is purchased or newly constructed after the transfer of the original property, "base year value of the original property" also includes any inflation factor adjustments permitted by subdivision (f) of Section 110.1 for the period subsequent to the sale of the original property. The base year or years used to compute the "base year value of the original property" shall be deemed to be the base year or years of any property to which that base year value is transferred pursuant to this section.

(3) "Replacement dwelling" means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, that is owned and occupied by a claimant as his or her principal place of residence, and any land owned by the claimant on which the building, structure, or other shelter is situated. For purposes of this paragraph, land constituting a part of a replacement dwelling includes only that area of reasonable size that is used as a site for a residence, and "land owned by the claimant" includes land for which the claimant

either holds a leasehold interest described in subdivision (c) of Section 61 or a land purchase contract. Each unit of a multiunit dwelling shall be considered a separate replacement dwelling. For purposes of this paragraph, "area of reasonable size that is used as a site for a residence" includes all land if any nonresidential uses of the property are only incidental to the use of the property as a residential site. For purposes of this paragraph, "land owned by the claimant" includes an ownership interest in a resident-owned mobilehome park that is assessed pursuant to subdivision (b) of Section 62.1.

(4) "Original property" means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, that is owned and occupied by a claimant as his or her principal place of residence, and any land owned by the claimant on which the building, structure, or other shelter is situated. For purposes of this paragraph, land constituting a part of the original property includes only that area of reasonable size that is used as a site for a residence, and "land owned by the claimant" includes land for which the claimant either holds a leasehold interest described in subdivision (c) of Section 61 or a land purchase contract. Each unit of a multiunit dwelling shall be considered a separate original property. For purposes of this paragraph, "area of reasonable size that is used as a site for a residence" includes all land if any nonresidential uses of the property are only incidental to the use of the property as a residential site. For purposes of this paragraph, "land owned by the claimant" includes an ownership interest in a resident-owned mobilehome park that is assessed pursuant to subdivision (b) of Section 62.1.

(5) "Equal or lesser value" means that the amount of the full cash value of a replacement dwelling does not exceed one of the following:

(A) One hundred percent of the amount of the full cash value of the original property if the replacement dwelling is purchased or newly constructed prior to the date of the sale of the original property.

(B) One hundred and five percent of the amount of the full cash value of the original property if the replacement dwelling is purchased or newly constructed within the first year following the date of the sale of the original property.

(C) One hundred and ten percent of the amount of the full cash value of the original property if the replacement dwelling is purchased or newly constructed within the second year following the date of the sale of the original property.

For the purposes of this paragraph, except as otherwise provided in paragraph (4) of subdivision (h), if the replacement dwelling is, in part, purchased and, in part, newly constructed, the date the "replacement

dwelling is purchased or newly constructed" is the date of purchase or the date of completion of construction, whichever is later.

(6) "Full cash value of the replacement dwelling" means its full cash value, determined in accordance with Section 110.1, as of the date on which it was purchased or new construction was completed, and after the purchase or the completion of new construction.

(7) "Full cash value of the original property" means, either:

(A) Its new base year value, determined in accordance with subdivision (e), without the application of subdivision (h) of Section 2 of Article XIII A of the California Constitution, plus the adjustments permitted by subdivision (b) of Section 2 of Article XIII A and subdivision (f) of Section 110.1 for the period from the date of its sale by the claimant to the date on which the replacement property was purchased or new construction was completed.

(B) In the case where the original property has been substantially damaged or destroyed by misfortune or calamity and the owner does not rebuild on the original property, its full cash value, as determined in accordance with Section 110, immediately prior to its substantial damage or destruction by misfortune or calamity, as determined by the county assessor of the county in which the property is located, without the application of subdivision (h) of Section 2 of Article XIII A of the California Constitution, plus the adjustments permitted by subdivision (b) of Section 2 of Article XIII A and subdivision (f) of Section 110.1, for the period from the date of its sale by the claimant to the date on which the replacement property was purchased or new construction was completed.

(8) "Sale" means any change in ownership of the original property for consideration.

(9) "Claimant" means any person claiming the property tax relief provided by this section. If a spouse of that person is a record owner of the replacement dwelling, the spouse is also a claimant for purposes of determining whether in any future claim filed by the spouse under this section the condition of eligibility specified in paragraph (7) of subdivision (b) has been met.

(10) "Property that is eligible for the homeowners' exemption" includes property that is the principal place of residence of its owner and is entitled to exemption pursuant to Section 205.5.

(11) "Person" means any individual, but does not include any firm, partnership, association, corporation, company, or other legal entity or organization of any kind.

(12) "Severely and permanently disabled" means any person described in subdivision (b) of Section 74.3.

(13) For the purposes of this section property is "substantially damaged or destroyed by misfortune or calamity" if it sustains physical damage amounting to more than 50 percent of its full cash value immediately prior to the misfortune or calamity. Damage includes a diminution in the value of property as a result of restricted access to the property where the restricted access was caused by the misfortune or calamity and is permanent in nature.

(h) (1) Upon the timely filing of a claim described in subparagraph (F) of paragraph (1) of subdivision (f), the assessor shall adjust the new base year value of the replacement dwelling in conformity with this section. This adjustment shall be made as of the latest of the following dates:

(A) The date the original property is sold.

(B) The date the replacement dwelling is purchased.

(C) The date the new construction of the replacement dwelling is completed.

(2) Any taxes that were levied on the replacement dwelling prior to the filing of the claim on the basis of the replacement dwelling's new base year value, and any allowable annual adjustments thereto, shall be canceled or refunded to the claimant to the extent that the taxes exceed the amount that would be due when determined on the basis of the adjusted new base year value.

(3) Notwithstanding Section 75.10, Chapter 3.5 (commencing with Section 75) shall be utilized for purposes of implementing this subdivision, including adjustments of the new base year value of replacement dwellings acquired prior to the sale of the original property.

(4) In the case where a claim under this section has been timely filed and granted, and new construction is performed upon the replacement dwelling subsequent to the transfer of base year value, the property tax relief provided by this section also shall apply to the replacement dwelling, as improved, and thus there shall be no reassessment upon completion of the new construction if both of the following conditions are met:

(A) The new construction is completed within two years of the date of the sale of the original property and the owner notifies the assessor in writing of completion of the new construction within 30 days after completion.

(B) The fair market value of the new construction on the date of completion, plus the full cash value of the replacement dwelling on the date of acquisition, is not more than the full cash value of the original property as determined pursuant to paragraph (7) of subdivision (g) for purposes of granting the original claim.

(i) Any claimant may rescind a claim for the property tax relief provided by this section and shall not be considered to have received that relief for purposes of paragraph (7) of subdivision (b), and the assessor shall grant the rescission, if a written notice of rescission is delivered to the office of the assessor as follows:

(1) A written notice of rescission signed by the original filing claimant or claimants is delivered to the office of the assessor in which the original claim was filed.

(2) (A) Except as otherwise provided in this paragraph, the notice of rescission is delivered to the office of the assessor before the date that the county first issues, as a result of relief granted under this section, a refund check for property taxes imposed upon the replacement dwelling. If granting relief will not result in a refund of property taxes, then the notice shall be delivered before payment is first made of any property taxes, or any portion thereof, imposed upon the replacement dwelling consistent with relief granted under this section. If payment of the taxes is not made, then notice shall be delivered before the first date that those property taxes, or any portion thereof, imposed upon the replacement dwelling, consistent with relief granted under this section, are delinquent.

(B) Notwithstanding any other provision in this division, any time the notice of rescission is delivered to the office of the assessor within six years after relief was granted, provided that the replacement property has been vacated as the claimant's principal place of residence within 90 days after the original claim was filed, regardless of whether the property continues to receive the homeowners' exemption. If the rescission increases the base year value of a property, or the homeowners' exemption has been incorrectly allowed, appropriate escape assessments or supplemental assessments, including interest as provided in Section 506, shall be imposed. The limitations periods for any escape assessments or supplemental assessments shall not commence until July 1 of the assessment year in which the notice of rescission is delivered to the office of the assessor.

(3) The notice is accompanied by the payment of a fee as the assessor may require, provided that the fee shall not exceed an amount reasonably related to the estimated cost of processing a rescission claim, including both direct costs and developmental and indirect costs, such as costs for overhead, personnel, supplies, materials, office space, and computers.

(j) (1) With respect to the transfer of base year value of original properties to replacement dwellings located in the same county, this section, except as provided in paragraph (3) or (4), shall apply to any replacement dwelling that is purchased or newly constructed on or after November 6, 1986.

(2) With respect to the transfer of base year value of original properties to replacement dwellings located in different counties, except as provided in paragraph (4), this section shall apply to any replacement dwelling that is purchased or newly constructed on or after the date specified in accordance with subparagraph (E) of paragraph (2) of subdivision (a) in the ordinance of the county in which the replacement dwelling is located, but shall not apply to any replacement dwelling which was purchased or newly constructed before November 9, 1988.

(3) With respect to the transfer of base year value by a severely and permanently disabled person, this section shall apply only to replacement dwellings that are purchased or newly constructed on or after June 6, 1990.

(4) The amendments made to subdivision (e) by the act adding this paragraph shall apply only to replacement dwellings under Section 69 that are acquired or newly constructed on or after October 20, 1991, and shall apply commencing with the 1991–92 fiscal year.

(k) (1) In the case in which a county adopts an ordinance pursuant to paragraph (2) of subdivision (a) that establishes an applicable date which is more than three years prior to the date of adoption of the ordinance, those potential claimants who purchased or constructed replacement dwellings more than three years prior to the date of adoption of the ordinance and who would, therefore, be precluded from filing a timely claim, shall be deemed to have timely filed a claim if the claim is filed within three years after the date that the ordinance is adopted. This paragraph may not be construed as a waiver of any other requirement of this section.

(2) In the case in which a county assessor corrects a base year value to reflect a pro rata change in ownership of a resident-owned mobilehome park that occurred between January 1, 1989, and January 1, 2002, pursuant to paragraph (4) of subdivision (b) of Section 62.1, those claimants who purchased or constructed replacement dwellings more than three years prior to the correction and who would, therefore, be precluded from filing a timely claim, shall be deemed to have timely filed a claim if the claim is filed within three years of the date of notice of the correction of the base year value to reflect the pro rata change in ownership. This paragraph may not be construed as a waiver of any other requirement of this section.

(3) This subdivision does not apply to a claimant who has transferred his or her replacement dwelling prior to filing a claim.

(4) The property tax relief provided by this section, but filed under this subdivision, shall apply prospectively only, commencing with the lien date of the assessment year in which the claim is filed. There shall

be no refund or cancellation of taxes prior to the date that the claim is filed.

(*l*) No escape assessment may be levied if a transfer of base year value under this section has been erroneously granted by the assessor pursuant to an expired ordinance authorizing intercounty transfers of base year value.

(m) (1) The amendments made to subdivisions (b) and (g) of this section by Chapter 613 of the Statutes of 2001 shall apply:

(A) With respect to the transfer of base year value of original properties to replacement dwellings located in the same county, to any replacement dwelling that is purchased or newly constructed on or after November 6, 1986.

(B) With respect to the transfer of base year value of original properties to replacement dwellings located in different counties, to any replacement dwelling that is purchased or newly constructed on or after the date specified in accordance with subparagraph (E) of paragraph (2) of subdivision (a) in the ordinance of the county in which the replacement dwelling is located, but not to any replacement dwelling that was purchased or newly constructed before November 9, 1988.

(C) With respect to the transfer of base year value by a severely and permanently disabled person, to replacement dwellings that are purchased or newly constructed on or after June 6, 1990.

(2) The property tax relief provided by this section in accordance with this subdivision shall apply prospectively only commencing with the lien date of the assessment year in which the claim is filed. There shall be no refund or cancellation of taxes prior to the date that the claim is filed.

(n) A claim filed under this section is not a public document and is not subject to public inspection, except that a claim shall be available for inspection by the claimant or the claimant's spouse, the claimant's or the claimant's spouse's legal representative, the trustee of a trust in which the claimant or the claimant's spouse is a present beneficiary, and the executor or administrator of the claimant's or the claimant's spouse's estate.

SEC. 3. Section 215.1 of the Revenue and Taxation Code is amended to read:

215.1. (a) All buildings, and so much of the real property on which the buildings are situated as may be required for the convenient use and occupation of the buildings, used exclusively for charitable purposes, owned by a veterans' organization which has been chartered by the Congress of the United States, organized and operated for charitable purposes, when the same are used solely and exclusively for the purpose of the organization, if not conducted for profit and no part of the net

earnings of which inures to the benefit of any private individual or member thereof, shall be exempt from taxation.

(b) The exemption provided for in this section shall apply to the property of all organizations meeting the requirements of this section and subdivision (b) of Section 4 of Article XIII of the California Constitution and paragraphs (1) to (7), inclusive, of subdivision (a) of Section 214.

(c) An organization that files a claim for the exemption provided for in this section shall file with the assessor a valid organizational clearance certificate issued pursuant to Section 254.6.

(d) This exemption shall be known as the "veterans' organization exemption."

SEC. 4. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 450

An act to amend Section 63.1 of, and to add Section 480.8 to, the Revenue and Taxation Code, relating to taxation.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 63.1 of the Revenue and Taxation Code is amended to read:

63.1. (a) Notwithstanding any other provision of this chapter, a change in ownership shall not include the following purchases or transfers for which a claim is filed pursuant to this section:

(1) (A) The purchase or transfer of real property which is the principal residence of an eligible transferor in the case of a purchase or transfer between parents and their children.

(B) A purchase or transfer of a principal residence from a foster child to the child's biological parent shall not be excluded under subparagraph (A) if the transferor child received that principal residence, or interest therein, from a foster parent through a purchase or transfer that was excluded under subparagraph (A).

(2) The purchase or transfer of the first one million dollars ($1,000,000) of full cash value of all other real property of an eligible transferor in the case of a purchase or transfer between parents and their children.

(3) (A) Subject to subparagraph (B), the purchase or transfer of real property described in paragraphs (1) and (2) of subdivision (a) occurring on or after March 27, 1996, between grandparents and their grandchild or grandchildren, if all of the parents of that grandchild or those grandchildren, who qualify as the children of the grandparents, are deceased as of the date of purchase or transfer. Notwithstanding any other provision of law, for the lien date for the 2006–07 fiscal year and each fiscal year thereafter, in determining whether "all of the parents of that grandchild or those grandchildren, who qualify as the children of the grandparents, are deceased as of the date of purchase or transfer," a son-in-law or daughter-in-law of the grandparent that is a stepparent to the grandchild need not be deceased on the date of the transfer.

(B) A purchase or transfer of a principal residence shall not be excluded pursuant to subparagraph (A) if the transferee grandchild or grandchildren also received a principal residence, or interest therein, through another purchase or transfer that was excludable pursuant to paragraph (1) of subdivision (a). The full cash value of any real property, other than a principal residence, that was transferred to the grandchild or grandchildren pursuant to a purchase or transfer that was excludable pursuant to paragraph (2) of subdivision (a) and the full cash value of a principal residence that fails to qualify for exclusion as a result of the preceding sentence shall be included in applying, for purposes of paragraph (2) of subdivision (a), the one-million-dollar ($1,000,000) full cash value limit specified in paragraph (2) of subdivision (a).

(b) (1) For purposes of paragraph (1) of subdivision (a), "principal residence" means a dwelling for which a homeowners' exemption or a disabled veterans' residence exemption has been granted in the name of the eligible transferor. "Principal residence" includes only that portion of the land underlying the principal residence that consists of an area of reasonable size that is used as a site for the residence.

(2) For purposes of paragraph (2) of subdivision (a), the one-million-dollar ($1,000,000) exclusion shall apply separately to each eligible transferor with respect to all purchases by and transfers to eligible transferees on and after November 6, 1986, of real property, other than the principal residence, of that eligible transferor. The exclusion shall not apply to any property in which the eligible transferor's interest was received through a transfer, or transfers, excluded from change in ownership by the provisions of either subdivision (f) of Section 62 or subdivision (b) of Section 65, unless the transferor qualifies as an original

transferor under subdivision (b) of Section 65. In the case of any purchase or transfer subject to this paragraph involving two or more eligible transferors, the transferors may elect to combine their separate one-million-dollar ($1,000,000) exclusions and, upon making that election, the combined amount of their separate exclusions shall apply to any property jointly sold or transferred by the electing transferors, provided that in no case shall the amount of full cash value of real property of any one eligible transferor excluded under this election exceed the amount of the transferor's separate unused exclusion on the date of the joint sale or transfer.

(c) As used in this section:

(1) "Purchase or transfer between parents and their children" means either a transfer from a parent or parents to a child or children of the parent or parents or a transfer from a child or children to a parent or parents of the child or children. For purposes of this section, the date of any transfer between parents and their children under a will or intestate succession shall be the date of the decedent's death, if the decedent died on or after November 6, 1986.

(2) "Purchase or transfer of real property between grandparents and their grandchild or grandchildren" means a purchase or transfer on or after March 27, 1996, from a grandparent or grandparents to a grandchild or grandchildren if all of the parents of that grandchild or those grandchildren who qualify as the children of the grandparents are deceased as of the date of the transfer. For purposes of this section, the date of any transfer between grandparents and their grandchildren under a will or by intestate succession shall be the date of the decedent's death. Notwithstanding any other provision of law, for the lien date for the 2006–07 fiscal year and each fiscal year thereafter, in determining whether "all of the parents of that grandchild or those grandchildren, who qualify as the children of the grandparents, are deceased as of the date of purchase or transfer," a son-in-law or daughter-in-law of the grandparent that is a stepparent to the grandchild need not be deceased on the date of the transfer.

(3) "Children" means any of the following:

(A) Any child born of the parent or parents, except a child, as defined in subparagraph (D), who has been adopted by another person or persons.

(B) Any stepchild of the parent or parents and the spouse of that stepchild while the relationship of stepparent and stepchild exists. For purposes of this paragraph, the relationship of stepparent and stepchild shall be deemed to exist until the marriage on which the relationship is based is terminated by divorce, or, if the relationship is terminated by death, until the remarriage of the surviving stepparent.

(C) Any son-in-law or daughter-in-law of the parent or parents. For the purposes of this paragraph, the relationship of parent and son-in-law or daughter-in-law shall be deemed to exist until the marriage on which the relationship is based is terminated by divorce, or, if the relationship is terminated by death, until the remarriage of the surviving son-in-law or daughter-in-law.

(D) Any child adopted by the parent or parents pursuant to statute, other than an individual adopted after reaching the age of 18 years.

(E) Any foster child of a state-licensed foster parent, if that child was not, because of a legal barrier, adopted by the foster parent or foster parents before the child aged out of the foster care system. For purposes of this paragraph, the relationship between a foster child and foster parent shall be deemed to exist until terminated by death. However, for purposes of a transfer that occurs on the date of death, the relationship shall be deemed to exist on the date of death.

(4) "Grandchild" or "grandchildren" means any child or children of the child or children of the grandparent or grandparents.

(5) "Full cash value" means full cash value, as defined in Section 2 of Article XIII A of the California Constitution and Section 110.1, with any adjustments authorized by those sections, and the full value of any new construction in progress, determined as of the date immediately prior to the date of a purchase by or transfer to an eligible transferee of real property subject to this section.

(6) "Eligible transferor" means a grandparent, parent, or child of an eligible transferee.

(7) "Eligible transferee" means a parent, child, or grandchild of an eligible transferor.

(8) "Real property" means real property as defined in Section 104. Real property does not include any interest in a legal entity.

(9) "Transfer" includes, and is not limited to, any transfer of the present beneficial ownership of property from an eligible transferor to an eligible transferee through the medium of an inter vivos or testamentary trust.

(10) "Social security number" also includes a taxpayer identification number issued by the Internal Revenue Service in the case in which the taxpayer is a foreign national who cannot obtain a social security number.

(d) (1) The exclusions provided for in subdivision (a) shall not be allowed unless the eligible transferee, the transferee's legal representative, or the executor or administrator of the transferee's estate files a claim with the assessor for the exclusion sought and furnishes to the assessor each of the following:

(A) A written certification by the transferee, the transferee's legal representative, or the executor or administrator of the transferee's estate,

signed and made under penalty of perjury that the transferee is a grandparent, parent, child, or grandchild of the transferor and that the transferor is his or her parent, child, or grandparent. In the case of a grandparent-grandchild transfer, the written certification shall also include a certification that all the parents of the grandchild or grandchildren who qualify as children of the grandparents were deceased as of the date of the purchase or transfer and that the grandchild or grandchildren did or did not receive a principal residence excludable under paragraph (1) of subdivision (a) from the deceased parents, and that the grandchild or grandchildren did or did not receive real property other than a principal residence excludable under paragraph (2) of subdivision (a) from the deceased parents. The claimant shall provide legal substantiation of any matter certified pursuant to this subparagraph at the request of the county assessor.

(B) A written certification by the transferor, the transferor's legal representative, or the executor or administrator of the transferor's estate, signed and made under penalty of perjury that the transferor is a grandparent, parent, or child of the transferee and that the transferor is seeking the exclusion under this section and will not file a claim to transfer the base year value of the property under Section 69.5.

(C) A written certification shall also include either or both of the following:

(i) If the purchase or transfer of real property includes the purchase or transfer of residential real property, a certification that the residential real property is or is not the transferor's principal residence.

(ii) If the purchase or transfer of real property includes the purchase or transfer of real property other than the transferor's principal residence, a certification that other real property of the transferor that is subject to this section has or has not been previously sold or transferred to an eligible transferee, the total amount of full cash value, as defined in subdivision (c), of any real property subject to this section that has been previously sold or transferred by that transferor to eligible transferees, the location of that real property, the social security number of each eligible transferor, and the names of the eligible transferees of that property.

(D) If there are multiple transferees, the certification and signature may be made by any one of the transferees, if both of the following conditions are met:

(i) The transferee has actual knowledge that, and the certification signed by the transferee states that, all of the transferees are eligible transferees within the meaning of this section.

(ii) The certification is signed by the transferee as a true statement made under penalty of perjury.

(E) In the case of a transfer between a foster parent and foster child, the claim filed with the assessor shall include a certified copy of the court decision regarding the foster child status of the individual and a certified statement from the appropriate county agency stating that the foster child was not, because of a legal barrier, adopted by the foster parent or foster parents. Upon a request by the county assessor, the claimant also shall provide to the assessor legal substantiation of any matter certified under this subparagraph.

(2) If the full cash value of the real property purchased by or transferred to the transferee exceeds the permissible exclusion of the transferor or the combined permissible exclusion of the transferors, in the case of a purchase or transfer from two or more joint transferors, taking into account any previous purchases by or transfers to an eligible transferee from the same transferor or transferors, the transferee shall specify in his or her claim the amount and the allocation of the exclusion he or she is seeking. Within any appraisal unit, as determined in accordance with subdivision (d) of Section 51 by the assessor of the county in which the real property is located, the exclusion shall be applied only on a pro rata basis, however, and shall not be applied to a selected portion or portions of the appraisal unit.

(e) (1) The State Board of Equalization shall design the form for claiming eligibility. Except as provided in paragraph (2), any claim under this section shall be filed:

(A) For transfers of real property between parents and their children occurring prior to September 30, 1990, within three years after the date of the purchase or transfer of real property for which the claim is filed.

(B) For transfers of real property between parents and their children occurring on or after September 30, 1990, and for the purchase or transfer of real property between grandparents and their grandchildren occurring on or after March 27, 1996, within three years after the date of the purchase or transfer of real property for which the claim is filed, or prior to transfer of the real property to a third party, whichever is earlier.

(C) Notwithstanding subparagraphs (A) and (B), a claim shall be deemed to be timely filed if it is filed within six months after the date of mailing of a notice of supplemental or escape assessment, issued as a result of the purchase or transfer of real property for which the claim is filed.

(2) In the case in which the real property subject to purchase or transfer has not been transferred to a third party, a claim for exclusion under this section that is filed subsequent to the expiration of the filing periods set forth in paragraph (1) shall be considered by the assessor, subject to all of the following conditions:

(A) Any exclusion granted pursuant to that claim shall apply commencing with the lien date of the assessment year in which the claim is filed.

(B) Under any exclusion granted pursuant to that claim, the adjusted full cash value of the subject real property in the assessment year described in subparagraph (A) shall be the adjusted base year value of the subject real property in the assessment year in which the excluded purchase or transfer took place, factored to the assessment year described in subparagraph (A) for both of the following:

(i) Inflation as annually determined in accordance with paragraph (1) of subdivision (a) of Section 51.

(ii) Any subsequent new construction occurring with respect to the subject real property.

(3) (A) Unless otherwise expressly provided, the provisions of this subdivision shall apply to any purchase or transfer of real property that occurred on or after November 6, 1986.

(B) Paragraph (2) shall apply to purchases or transfers between parents and their children that occurred on or after November 6, 1986, and to purchases or transfers between grandparents and their grandchildren that occurred on or after March 27, 1996.

(4) For purposes of this subdivision, a transfer of real property to a parent or child of the transferor shall not be considered a transfer to a third party.

(f) The assessor may report quarterly to the State Board of Equalization all purchases or transfers, other than purchases or transfers involving a principal residence, for which a claim for exclusion is made pursuant to subdivision (d). Each report shall contain the assessor's parcel number for each parcel for which the exclusion is claimed, the amount of each exclusion claimed, the social security number of each eligible transferor, and any other information the board may require in order to monitor the one-million-dollar ($1,000,000) limitation in paragraph (2) of subdivision (a). In recognition of the state and local interests served by the action made optional in this subdivision, the Legislature encourages the assessor to continue taking the action formerly mandated by this subdivision.

(g) This section shall apply to both voluntary transfers and transfers resulting from a court order or judicial decree. Nothing in this subdivision shall be construed as conflicting with paragraph (1) of subdivision (c) or the general principle that transfers by reason of death occur at the time of death.

(h) (1) Except as provided in paragraph (2), this section shall apply to purchases and transfers of real property completed on or after November 6, 1986, and shall not be effective for any change in

ownership, including a change in ownership arising on the date of a decedent's death, that occurred prior to that date.

(2) This section shall apply to purchases or transfers of real property between grandparents and their grandchildren occurring on or after March 27, 1996, and, with respect to purchases or transfers of real property between grandparents and their grandchildren, shall not be effective for any change in ownership, including a change in ownership arising on the date of a decedent's death, that occurred prior to that date.

(i) A claim filed under this section is not a public document and is not subject to public inspection, except that a claim shall be available for inspection by the transferee and the transferor or their respective spouse, the transferee's legal representative, the transferor's legal representative, and the executor or administrator of the transferee's or transferor's estate.

SEC. 1.5. Section 63.1 of the Revenue and Taxation Code is amended to read:

63.1. (a) Notwithstanding any other provision of this chapter, a change in ownership shall not include the following purchases or transfers for which a claim is filed pursuant to this section:

(1) (A) The purchase or transfer of real property which is the principal residence of an eligible transferor in the case of a purchase or transfer between parents and their children.

(B) A purchase or transfer of a principal residence from a foster child to the child's biological parent shall not be excluded under subparagraph (A) if the transferor child received that principal residence, or interest therein, from a foster parent through a purchase or transfer that was excluded under subparagraph (A).

(2) The purchase or transfer of the first one million dollars ($1,000,000) of full cash value of all other real property of an eligible transferor in the case of a purchase or transfer between parents and their children.

(3) (A) Subject to subparagraph (B), the purchase or transfer of real property described in paragraphs (1) and (2) of subdivision (a) occurring on or after March 27, 1996, between grandparents and their grandchild or grandchildren, if all of the parents of that grandchild or those grandchildren, who qualify as the children of the grandparents, are deceased as of the date of purchase or transfer. Notwithstanding any other provision of law, for the lien date for the 2006–07 fiscal year and each fiscal year thereafter, in determining whether "all of the parents of that grandchild or those grandchildren, who qualify as the children of the grandparents, are deceased as of the date of purchase or transfer," a son-in-law or daughter-in-law of the grandparent that is a stepparent to the grandchild need not be deceased on the date of the transfer.

(B) A purchase or transfer of a principal residence shall not be excluded pursuant to subparagraph (A) if the transferee grandchild or grandchildren also received a principal residence, or interest therein, through another purchase or transfer that was excludable pursuant to paragraph (1) of subdivision (a). The full cash value of any real property, other than a principal residence, that was transferred to the grandchild or grandchildren pursuant to a purchase or transfer that was excludable pursuant to paragraph (2) of subdivision (a) and the full cash value of a principal residence that fails to qualify for exclusion as a result of the preceding sentence shall be included in applying, for purposes of paragraph (2) of subdivision (a), the one-million-dollar ($1,000,000) full cash value limit specified in paragraph (2) of subdivision (a).

(b) (1) For purposes of paragraph (1) of subdivision (a), "principal residence" means a dwelling that is eligible for a homeowners' exemption or a disabled veterans' exemption as a result of the transferor's ownership and occupation of the dwelling. "Principal residence" includes only that portion of the land underlying the residence that consists of an area of reasonable size that is used as a site for the residence.

(2) For purposes of paragraph (2) of subdivision (a), the one-million-dollar ($1,000,000) exclusion shall apply separately to each eligible transferor with respect to all purchases by and transfers to eligible transferees on and after November 6, 1986, of real property, other than the principal residence, of that eligible transferor. The exclusion shall not apply to any property in which the eligible transferor's interest was received through a transfer, or transfers, excluded from change in ownership by the provisions of either subdivision (f) of Section 62 or subdivision (b) of Section 65, unless the transferor qualifies as an original transferor under subdivision (b) of Section 65. In the case of any purchase or transfer subject to this paragraph involving two or more eligible transferors, the transferors may elect to combine their separate one-million-dollar ($1,000,000) exclusions and, upon making that election, the combined amount of their separate exclusions shall apply to any property jointly sold or transferred by the electing transferors, provided that in no case shall the amount of full cash value of real property of any one eligible transferor excluded under this election exceed the amount of the transferor's separate unused exclusion on the date of the joint sale or transfer.

(c) As used in this section:

(1) "Purchase or transfer between parents and their children" means either a transfer from a parent or parents to a child or children of the parent or parents or a transfer from a child or children to a parent or parents of the child or children. For purposes of this section, the date of any transfer between parents and their children under a will or intestate

succession shall be the date of the decedent's death, if the decedent died on or after November 6, 1986.

(2) "Purchase or transfer of real property between grandparents and their grandchild or grandchildren" means a purchase or transfer on or after March 27, 1996, from a grandparent or grandparents to a grandchild or grandchildren if all of the parents of that grandchild or those grandchildren who qualify as the children of the grandparents are deceased as of the date of the transfer. For purposes of this section, the date of any transfer between grandparents and their grandchildren under a will or by intestate succession shall be the date of the decedent's death. Notwithstanding any other provision of law, for the lien date for the 2006–07 fiscal year and each fiscal year thereafter, in determining whether "all of the parents of that grandchild or those grandchildren, who qualify as the children of the grandparents, are deceased as of the date of purchase or transfer," a son-in-law or daughter-in-law of the grandparent that is a stepparent to the grandchild need not be deceased on the date of the transfer.

(3) "Children" means any of the following:

(A) Any child born of the parent or parents, except a child, as defined in subparagraph (D), who has been adopted by another person or persons.

(B) Any stepchild of the parent or parents and the spouse of that stepchild while the relationship of stepparent and stepchild exists. For purposes of this paragraph, the relationship of stepparent and stepchild shall be deemed to exist until the marriage on which the relationship is based is terminated by divorce, or, if the relationship is terminated by death, until the remarriage of the surviving stepparent.

(C) Any son-in-law or daughter-in-law of the parent or parents. For the purposes of this paragraph, the relationship of parent and son-in-law or daughter-in-law shall be deemed to exist until the marriage on which the relationship is based is terminated by divorce, or, if the relationship is terminated by death, until the remarriage of the surviving son-in-law or daughter-in-law.

(D) Any child adopted by the parent or parents pursuant to statute, other than an individual adopted after reaching the age of 18 years.

(E) Any foster child of a state-licensed foster parent, if that child was not, because of a legal barrier, adopted by the foster parent or foster parents before the child aged out of the foster care system. For purposes of this paragraph, the relationship between a foster child and foster parent shall be deemed to exist until terminated by death. However, for purposes of a transfer that occurs on the date of death, the relationship shall be deemed to exist on the date of death.

(4) "Grandchild" or "grandchildren" means any child or children of the child or children of the grandparent or grandparents.

(5) "Full cash value" means full cash value, as defined in Section 2 of Article XIII A of the California Constitution and Section 110.1, with any adjustments authorized by those sections, and the full value of any new construction in progress, determined as of the date immediately prior to the date of a purchase by or transfer to an eligible transferee of real property subject to this section.

(6) "Eligible transferor" means a grandparent, parent, or child of an eligible transferee.

(7) "Eligible transferee" means a parent, child, or grandchild of an eligible transferor.

(8) "Real property" means real property as defined in Section 104. Real property does not include any interest in a legal entity.

(9) "Transfer" includes, and is not limited to, any transfer of the present beneficial ownership of property from an eligible transferor to an eligible transferee through the medium of an inter vivos or testamentary trust.

(10) "Social security number" also includes a taxpayer identification number issued by the Internal Revenue Service in the case in which the taxpayer is a foreign national who cannot obtain a social security number.

(d) (1) The exclusions provided for in subdivision (a) shall not be allowed unless the eligible transferee, the transferee's legal representative, or the executor or administrator of the transferee's estate files a claim with the assessor for the exclusion sought and furnishes to the assessor each of the following:

(A) A written certification by the transferee, the transferee's legal representative, or the executor or administrator of the transferee's estate, signed and made under penalty of perjury that the transferee is a parent, child, or grandchild of the transferor and that the transferor is his or her parent, child, or grandparent. In the case of a grandparent-grandchild transfer, the written certification shall also include a certification that all the parents of the grandchild or grandchildren who qualify as children of the grandparents were deceased as of the date of the purchase or transfer and that the grandchild or grandchildren did or did not receive a principal residence excludable under paragraph (1) of subdivision (a) from the deceased parents, and that the grandchild or grandchildren did or did not receive real property other than a principal residence excludable under paragraph (2) of subdivision (a) from the deceased parents. The claimant shall provide legal substantiation of any matter certified pursuant to this subparagraph at the request of the county assessor.

(B) A written certification by the transferor, the transferor's legal representative, or the executor or administrator of the transferor's estate, signed and made under penalty of perjury that the transferor is a

grandparent, parent, or child of the transferee and that the transferor is seeking the exclusion under this section and will not file a claim to transfer the base year value of the property under Section 69.5.

(C) A written certification shall also include either or both of the following:

(i) If the purchase or transfer of real property includes the purchase or transfer of residential real property, a certification that the residential real property is or is not the transferor's principal residence.

(ii) If the purchase or transfer of real property includes the purchase or transfer of real property other than the transferor's principal residence, a certification that other real property of the transferor that is subject to this section has or has not been previously sold or transferred to an eligible transferee, the total amount of full cash value, as defined in subdivision (c), of any real property subject to this section that has been previously sold or transferred by that transferor to eligible transferees, the location of that real property, the social security number of each eligible transferor, and the names of the eligible transferees of that property.

(D) If there are multiple transferees, the certification and signature may be made by any one of the transferees, if both of the following conditions are met:

(i) The transferee has actual knowledge that, and the certification signed by the transferee states that, all of the transferees are eligible transferees within the meaning of this section.

(ii) The certification is signed by the transferee as a true statement made under penalty of perjury.

(E) In the case of a transfer between a foster parent and foster child, the claim filed with the assessor shall include a certified copy of the court decision regarding the foster child status of the individual and a certified statement from the appropriate county agency stating that the foster child was not, because of a legal barrier, adopted by the foster parent or foster parents. Upon a request by the county assessor, the claimant also shall provide to the assessor legal substantiation of any matter certified under this subparagraph.

(2) If the full cash value of the real property purchased by or transferred to the transferee exceeds the permissible exclusion of the transferor or the combined permissible exclusion of the transferors, in the case of a purchase or transfer from two or more joint transferors, taking into account any previous purchases by or transfers to an eligible transferee from the same transferor or transferors, the transferee shall specify in his or her claim the amount and the allocation of the exclusion he or she is seeking. Within any appraisal unit, as determined in accordance with subdivision (d) of Section 51 by the assessor of the

county in which the real property is located, the exclusion shall be applied only on a pro rata basis, however, and shall not be applied to a selected portion or portions of the appraisal unit.

(e) (1) The State Board of Equalization shall design the form for claiming eligibility. Except as provided in paragraph (2), any claim under this section shall be filed:

(A) For transfers of real property between parents and their children occurring prior to September 30, 1990, within three years after the date of the purchase or transfer of real property for which the claim is filed.

(B) For transfers of real property between parents and their children occurring on or after September 30, 1990, and for the purchase or transfer of real property between grandparents and their grandchildren occurring on or after March 27, 1996, within three years after the date of the purchase or transfer of real property for which the claim is filed, or prior to transfer of the real property to a third party, whichever is earlier.

(C) Notwithstanding subparagraphs (A) and (B), a claim shall be deemed to be timely filed if it is filed within six months after the date of mailing of a notice of supplemental or escape assessment, issued as a result of the purchase or transfer of real property for which the claim is filed.

(2) In the case in which the real property subject to purchase or transfer has not been transferred to a third party, a claim for exclusion under this section that is filed subsequent to the expiration of the filing periods set forth in paragraph (1) shall be considered by the assessor, subject to all of the following conditions:

(A) Any exclusion granted pursuant to that claim shall apply commencing with the lien date of the assessment year in which the claim is filed.

(B) Under any exclusion granted pursuant to that claim, the adjusted full cash value of the subject real property in the assessment year described in subparagraph (A) shall be the adjusted base year value of the subject real property in the assessment year in which the excluded purchase or transfer took place, factored to the assessment year described in subparagraph (A) for both of the following:

(i) Inflation as annually determined in accordance with paragraph (1) of subdivision (a) of Section 51.

(ii) Any subsequent new construction occurring with respect to the subject real property.

(3) (A) Unless otherwise expressly provided, the provisions of this subdivision shall apply to any purchase or transfer of real property that occurred on or after November 6, 1986.

(B) Paragraph (2) shall apply to purchases or transfers between parents and their children that occurred on or after November 6, 1986, and to

purchases or transfers between grandparents and their grandchildren that occurred on or after March 27, 1996.

(4) For purposes of this subdivision, a transfer of real property to a parent or child of the transferor shall not be considered a transfer to a third party.

(f) The assessor may report quarterly to the State Board of Equalization all purchases or transfers, other than purchases or transfers involving a principal residence, for which a claim for exclusion is made pursuant to subdivision (d). Each report shall contain the assessor's parcel number for each parcel for which the exclusion is claimed, the amount of each exclusion claimed, the social security number of each eligible transferor, and any other information the board may require in order to monitor the one-million-dollar ($1,000,000) limitation in paragraph (2) of subdivision (a). In recognition of the state and local interests served by the action made optional in this subdivision, the Legislature encourages the assessor to continue taking the action formerly mandated by this subdivision.

(g) This section shall apply to both voluntary transfers and transfers resulting from a court order or judicial decree. Nothing in this subdivision shall be construed as conflicting with paragraph (1) of subdivision (c) or the general principle that transfers by reason of death occur at the time of death.

(h) (1) Except as provided in paragraph (2), this section shall apply to purchases and transfers of real property completed on or after November 6, 1986, and shall not be effective for any change in ownership, including a change in ownership arising on the date of a decedent's death, that occurred prior to that date.

(2) This section shall apply to purchases or transfers of real property between grandparents and their grandchildren occurring on or after March 27, 1996, and, with respect to purchases or transfers of real property between grandparents and their grandchildren, shall not be effective for any change in ownership, including a change in ownership arising on the date of a decedent's death, that occurred prior to that date.

(i) A claim filed under this section is not a public document and is not subject to public inspection, except that a claim shall be available for inspection by the transferee and the transferor or their respective spouse, the transferee's legal representative, the transferor's legal representative, and the executor or administrator of the transferee's or transferor's estate.

SEC. 2. Section 480.8 is added to the Revenue and Taxation Code, to read:

480.8. (a) (1) For purposes of complying with the change in ownership provisions of Section 65.1 and subdivision (i) of Section 61,

upon a written request of the county assessor, the owners of a cooperative housing corporation, community apartment project, condominium, planned unit development, or other residential subdivision complex with common areas or facilities in which units or lots are transferred without the use of recorded deeds, shall file an ownership report on or before the first February 1 that follows an assessor request, and on or before each February 1 thereafter. The ownership report shall include all of the following information:

(A) The full name and mailing address of each owner, stockholder, or holder of an ownership interest in the property and a copy of the stock certificate, or other document that evidences an interest in the unit or lot. Copies of stock certificates and other documents evidencing an interest in an individual unit or lot that were provided to the county assessor in a previous ownership report are not required to be provided in subsequent ownership reports.

(B) The situs address, including the number, of each unit or lot.

(C) The date that an ownership interest in the property was acquired and the acquisition price of that interest.

(2) The ownership report described in paragraph (1) applies to units or lots of residential property for which the individual units or lots consist of dwellings that could be eligible for homeowners' exemption if occupied as a principal place of residence.

(b) (1) If the ownership report request described in subdivision (a) is not complied with, the assessor may send a change in ownership statement to every owner, tenant-shareholder, or occupant of each individual unit or lot. If the assessor sends a change in ownership statement pursuant to this paragraph, a notice shall be included with that statement informing occupants who do not have an ownership interest in the unit or lot to forward the statement to the owner or shareholder of the unit or lot.

(2) Failure to file the change in ownership statement described in paragraph (1) shall result in the penalty described in subdivision (a) of Section 482 for each individual unit or lot whose owner or shareholder fails to independently file the change in ownership statement.

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 63.1 of the Revenue and Taxation Code proposed by this bill and SB 1045. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2008, (2) each bill amends Section 63.1 of the Revenue and Taxation Code, and (3) this bill is enacted after SB 1045, in which case Section 63.1 of the Revenue and Taxation Code, as amended by SB 1045, shall remain operative only until the operative date of this bill, at which time Section 1.5 of this bill

shall become operative, and Section 1 of this bill shall not become operative.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because, in that regard, this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

SEC. 5. Notwithstanding Section 2229 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any property tax revenues lost by it pursuant to this act.

CHAPTER 451

An act to add Section 24617 to the Vehicle Code, relating to vehicles.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 24617 is added to the Vehicle Code, to read:

24617. (a) A transit bus may be authorized to be equipped with a yield right-of-way sign on the left rear of the bus. The yield right-of-way sign may flash simultaneously with the rear turn signal lamps, but is not required to do so. The sign shall be both of the following:

(1) Designed to warn a person operating a motor vehicle approaching the rear of the bus that the bus is entering traffic.

(2) Illuminated by a red flashing light when the bus is signaling in preparation for entering a traffic lane after having stopped to receive or discharge passengers.

(b) Nothing in this section requires a transit agency to install the yield right-of-way sign described in subdivision (a).

(c) This section does not relieve the driver of a transit bus from the duty to drive the bus with due regard for the safety of all persons and property. This section does not exempt the driver of a transit bus from the requirements of Section 21804.

(d) This section applies only to the Santa Cruz Metropolitan Transit District and the Santa Clara Valley Transportation Authority, if the governing board of the applicable district approves a resolution, after a public hearing on the issue, requesting that this section be made applicable to it.

(e) Each participating transit agency shall undertake a public education program to encourage motorists to yield to a transit bus when the sign specified in subdivision (a) is activiated.

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of unique circumstances of community familiarity with the program in Section 1, applicable only to the Santa Cruz Metropolitan Transit District and the Santa Clara County Transit District.

CHAPTER 452

An act to amend Sections 4776, and 40002.1 of, and to repeal and add Section 40002 to, the Vehicle Code, relating to vehicles.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 4766 of the Vehicle Code is amended to read:

4766. (a) Except as provided in subdivisions (b) and (c), the department shall refuse to renew the registration of a vehicle for which a notice of noncompliance has been transmitted to the department pursuant to subdivision (a) of Section 40002.1 if no certificate of adjudication has been received by the department pursuant to subdivision (b) of that section. The department shall include on each potential registration card issued for use at the time of renewal, or on an accompanying document, an itemization of citations for which notices of noncompliance have been received by the department pursuant to subdivision (a) of Section 40002.1. The itemization shall include the citation number, citation date, and the jurisdiction that issued the underlying notice pursuant to Section 40002 and the administrative

service fee for clearing the offense pursuant to subdivision (b) of this section.

(b) Upon application for renewal of vehicle registration for a vehicle subject to subdivision (a), the department shall not refuse registration renewal pursuant to subdivision (a) if the applicant, with respect to each outstanding certificate of noncompliance, has performed both of the following:

(1) Provides the department with a certificate of adjudication for the offense issued pursuant to subdivision (b) of Section 40002. 1.

(2) Pays an administrative service charge, which shall be established by the department to, in the aggregate, defray its costs in administering this section.

(c) Whenever registration of a vehicle subject to subdivision (a) is transferred or not renewed for two renewal periods, the department shall so notify each court which transmitted a notice of noncompliance affecting the vehicle and the department shall not thereafter refuse registration renewal pursuant to subdivision (a).

SEC. 2. Section 40002 of the Vehicle Code is repealed.

SEC. 3. Section 40002 is added to the Vehicle Code, to read:

40002. (a) (1) When there is a violation of Section 40001, an owner or any other person subject to Section 40001, who was not driving the vehicle involved in the violation, may be mailed a written notice to appear. An exact and legible duplicate copy of that notice when filed with the court, in lieu of a verified complaint, is a complaint to which the defendant may plead "guilty".

(2) If, however, the defendant fails to appear in court or does not deposit lawful bail, or pleads other than "guilty" of the offense charged, a verified complaint shall be filed which shall be deemed to be an original complaint, and thereafter proceedings shall be had as provided by law, except that a defendant may, by an agreement in writing, subscribed by the defendant and filed with the court, waive the filing of a verified complaint and elect that the prosecution may proceed upon a written notice to appear.

(3) A verified complaint pursuant to paragraph (2) shall include a paragraph that informs the person that unless he or she appears in the court designated in the complaint within 21 days after being given the complaint and answers the charge, renewal of registration of the vehicle involved in the offense may be precluded by the department, or a warrant of arrest may be issued against him or her.

(b) (1) If a person mailed a notice to appear pursuant to paragraph (1) of subdivision (a) fails to appear in court or deposit bail, a warrant of arrest shall not be issued based on the notice to appear, even if that notice is verified. An arrest warrant may only be issued after a verified

complaint pursuant to paragraph (2) of subdivision (a) is given the person and the person fails to appear in court to answer that complaint.

(2) If a person mailed a notice to appear pursuant to paragraph (1) of subdivision (a) fails to appear in court or deposit bail, the court may give by mail to the person a notice of noncompliance. A notice of noncompliance shall include a paragraph that informs the person that unless he or she appears in the court designated in the notice to appear within 21 days after being given by mail the notice of noncompliance and answers the charge on the notice to appear, or pays the applicable fine and penalties if an appearance is not required, renewal of registration of the vehicle involved in the offense may be precluded by the department.

(c) A verified complaint filed pursuant to this section shall conform to Chapter 2 (commencing with Section 948) of Title 5 of Part 2 of the Penal Code.

(d) (1) The giving my mail of a notice to appear pursuant to paragraph (1) of subdivision (a) or a notice of noncompliance pursuant to paragraph(2) of subdivision (b) shall be done in a manner prescribed by Section 22.

(2) The verified complaint pursuant to paragraph (2) of subdivision (a) shall be given in a manner prescribed by Section 22.

SEC. 4. Section 40002.1 of the Vehicle Code is amended to read:

40002.1. (a) Whenever a person has failed to appear in the court designated in the notice to appear or a verified complaint specified in Section 40002, following personal service of the notice of noncompliance or deposit in the mail pursuant to Section 22, the magistrate or clerk of the court may give notice of that fact to the department.

(b) Whenever the matter is adjudicated, including a dismissal of the charges upon forfeiture of bail or otherwise, the magistrate or clerk of the court hearing the matter shall immediately do all of the following:

(1) Endorse a certificate to that effect.

(2) Provide the person or the person's attorney with a copy of the certificate.

(3) Transmit a copy of the certificate to the department.

(c) A notice of noncompliance shall not be transmitted to the department pursuant to subdivision (a) if a warrant of arrest has been issued on the same offense pursuant to subdivision (b) of Section 40002. A warrant of arrest shall not be issued pursuant to subdivision (b) of Section 40002 if a notice of noncompliance has been transmitted to the department on the same offense pursuant to this section, except that, when a notice has been received by the court pursuant to subdivision (c)

of Section 4766 or recalled by motion of the court, a warrant may then be issued.

CHAPTER 453

An act to amend Section 22651 of the Vehicle Code, relating to vehicles.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 22651 of the Vehicle Code is amended to read:

22651. A peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, or a regularly employed and salaried employee, who is engaged in directing traffic or enforcing parking laws and regulations, of a city, county, or jurisdiction of a state agency in which a vehicle is located, may remove a vehicle located within the territorial limits in which the officer or employee may act, under the following circumstances:

(a) When a vehicle is left unattended upon a bridge, viaduct, or causeway or in a tube or tunnel where the vehicle constitutes an obstruction to traffic.

(b) When a vehicle is parked or left standing upon a highway in a position so as to obstruct the normal movement of traffic or in a condition so as to create a hazard to other traffic upon the highway.

(c) When a vehicle is found upon a highway or public land and a report has previously been made that the vehicle is stolen or a complaint has been filed and a warrant thereon is issued charging that the vehicle is embezzled.

(d) When a vehicle is illegally parked so as to block the entrance to a private driveway and it is impractical to move the vehicle from in front of the driveway to another point on the highway.

(e) When a vehicle is illegally parked so as to prevent access by firefighting equipment to a fire hydrant and it is impracticable to move the vehicle from in front of the fire hydrant to another point on the highway.

(f) When a vehicle, except highway maintenance or construction equipment, is stopped, parked, or left standing for more than four hours upon the right-of-way of a freeway that has full control of access and

no crossings at grade and the driver, if present, cannot move the vehicle under its own power.

(g) When the person in charge of a vehicle upon a highway or public land is, by reason of physical injuries or illness, incapacitated to an extent so as to be unable to provide for its custody or removal.

(h) (1) When an officer arrests a person driving or in control of a vehicle for an alleged offense and the officer is, by this code or other law, required or permitted to take, and does take, the person into custody.

(2) When an officer serves a notice of an order of suspension or revocation pursuant to Section 13388.

(i) (1) When a vehicle, other than a rented vehicle, is found upon a highway or public land, or is removed pursuant to this code, and it is known that the vehicle has been issued five or more notices of parking violations to which the owner or person in control of the vehicle has not responded within 21 calendar days of notice of citation issuance or citation issuance or 14 calendar days of the mailing of a notice of delinquent parking violation to the agency responsible for processing notices of parking violation or the registered owner of the vehicle is known to have been issued five or more notices for failure to pay or failure to appear in court for traffic violations for which a certificate has not been issued by the magistrate or clerk of the court hearing the case showing that the case has been adjudicated or concerning which the registered owner's record has not been cleared pursuant to Chapter 6 (commencing with Section 41500) of Division 17, the vehicle may be impounded until that person furnishes to the impounding law enforcement agency all of the following:

(A) Evidence of his or her identity.

(B) An address within this state at which he or she can be located.

(C) Satisfactory evidence that all parking penalties due for the vehicle and all other vehicles registered to the registered owner of the impounded vehicle, and all traffic violations of the registered owner, have been cleared.

(2) The requirements in subparagraph (C) of paragraph (1) shall be fully enforced by the impounding law enforcement agency on and after the time that the Department of Motor Vehicles is able to provide access to the necessary records.

(3) A notice of parking violation issued for an unlawfully parked vehicle shall be accompanied by a warning that repeated violations may result in the impounding of the vehicle. In lieu of furnishing satisfactory evidence that the full amount of parking penalties or bail has been deposited, that person may demand to be taken without unnecessary delay before a magistrate, for traffic offenses, or a hearing examiner, for parking offenses, within the county in which the offenses charged are

alleged to have been committed and who has jurisdiction of the offenses and is nearest or most accessible with reference to the place where the vehicle is impounded. Evidence of current registration shall be produced after a vehicle has been impounded, or, at the discretion of the impounding law enforcement agency, a notice to appear for violation of subdivision (a) of Section 4000 shall be issued to that person.

(4) A vehicle shall be released to the legal owner, as defined in Section 370, if the legal owner does all of the following:

(A) Pays the cost of towing and storing the vehicle.

(B) Submits evidence of payment of fees as provided in Section 9561.

(C) Completes an affidavit in a form acceptable to the impounding law enforcement agency stating that the vehicle was not in possession of the legal owner at the time of occurrence of the offenses relating to standing or parking. If two or more roadside rest areas are located on opposite sides of the highway, or upon the center divider, within seven miles of each other, then that combination of rest areas is considered to be the same rest area.

(t) When a peace officer issues a notice to appear for a violation of Section 25279.

A parent or guardian is entitled to only one independent educational assessment at public expense each time the public education agency conducts an assessment with which the parent or guardian disagrees. (c) The public education agency may initiate a due process hearing pursuant to Chapter 5 (commencing with Section 56500) to show that its assessment is appropriate. If the final decision resulting from the due process hearing is that the assessment is appropriate, the parent or guardian maintains the right for an independent educational assessment, but not at public expense.

If the parent or guardian obtains an independent educational assessment at private expense, the results of the assessment shall be considered by the public education agency with respect to the provision of free

appropriate public education to the child, and may be presented as evidence at a due process hearing pursuant to Chapter 5 (commencing with Section 56500) regarding the child. If a public education agency observed the pupil in conducting its assessment, or if its assessment procedures make it permissible to have in-class observation of a pupil, an equivalent opportunity shall apply to an independent educational assessment of the pupil in the pupil's current educational placement and setting, and observation of an educational placement and setting, if any, proposed by the public education agency, regardless of whether the independent educational assessment is initiated before or after the filing of a due process hearing proceeding.

(d) If a parent or guardian proposes a publicly financed placement of the pupil in a nonpublic school, the public education agency shall have an opportunity to observe the proposed placement and the pupil in the proposed placement, if the pupil has already been unilaterally placed in the nonpublic school by the parent or guardian. An observation conducted pursuant to this subdivision shall only be of the pupil who is the subject of the observation and shall not include the observation or assessment of any other pupil in the proposed placement. The observation or assessment by a public education agency of a pupil other than the pupil who is the subject of the observation pursuant to this subdivision may be conducted, if at all, only with the consent of the parent or guardian pursuant to this article. The results of an observation or assessment of any other pupil in violation of this subdivision shall be inadmissible in a due process or judicial proceeding regarding the free appropriate public education of that other pupil.

However, the Legislature recognizes that some pupils may not meet or exceed the growth projected in the annual goals and objectives of the individualized education program of the pupil.

(d) Consistent with Section 56000.5 and Section 1414(d)(3)(B)(iv) of Title 20 of the United States Code, it is the intent of the Legislature that, in making a determination of the services that constitute an appropriate education to meet the unique needs of a deaf or hard-of-hearing pupil in the least restrictive environment, the individualized education program team shall consider the related services and program options that provide the pupil with an equal opportunity for communication access. The individualized education program team shall specifically discuss the communication needs of the pupil, consistent

with "Deaf Students Education Services Policy Guidance" (57 Fed. Reg. 49274 (October 1992)), including all of the following:

(1) The pupil's primary language mode and language, which may include the use of spoken language with or without visual cues, or the use of sign language, or a combination of both.

(7) For a child with a surgically implanted medical device who is receiving special education and a service under Section 56363, a public agency is not responsible for the postsurgical maintenance, programming, or replacement of the medical device that has been surgically implanted, or of an external component of the surgically implanted medical device.

(e) State moneys appropriated to districts or local educational agencies may not be used for any additional responsibilities and services associated with paragraphs (1) and (2) of subdivision (d), including the training of special education teachers and other specialists, even if those additional responsibilities or services are required pursuant to a judicial or state agency determination. Those responsibilities and services shall only be funded by a local educational agency as follows:

(1) The costs of those activities shall be funded from existing programs and funding sources.

(2) Those activities shall be supported by the resources otherwise made available to those programs.

(3) Those activities shall be consistent with Sections 56240 to 56243, inclusive.

(f) It is the intent of the Legislature that the communication skills of teachers who work with hard-of-hearing and deaf children be improved. This section does not remove the discretionary authority of the local educational agency in regard to in-service activities.

(g) Beginning not later than one year before the pupil reaches the age of 18 years, a statement that the pupil has been informed of the pupil's rights under this part, if any, that will transfer to the pupil upon reaching the age of 18 years pursuant to Section 56041.5.

(2) Is based upon the individual needs of the pupil, taking into account the strengths, preferences, and interests of the pupil.

(b) In accordance with Section 300.43(b) of Title 34 of the Code of Federal Regulations, transition services for individuals with exceptional needs may be special education, if provided as specially designed instruction, or a designated instruction and service, if required to assist a pupil to benefit from special education.

(c) If a participating agency, other than the local educational agency, fails to provide the transition services described in the individualized education program of the pupil in accordance with Section 1414(d)(6) of Title 20 of the United States Code and paragraph (8) of subdivision (a) of Section 56345, the local educational agency shall reconvene the individualized education program team to identify alternative strategies to meet the transition service needs for the pupil set out in the program.

SEC. 22. Section 56345.2 is added to the Education Code, to read:

56345.2. (a) Pursuant to Section 300.107 of Title 34 of the Code of Federal Regulations, each public agency shall take steps, including the provision of supplementary aids and services determined appropriate and necessary by the individualized education program team of the individual with exceptional needs, to provide nonacademic and extracurricular services and activities in the manner necessary to afford individuals with exceptional needs an equal opportunity for participation in those services and activities.

(b) Nonacademic and extracurricular services and activities may include counseling services, athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by the public agency, referrals to agencies that provide assistance to individuals with exceptional needs, and employment of pupils, including both employment by the public agency and assistance in making outside employment available.

(c) Pursuant to Section 300.117 of Title 34 of the Code of Federal Regulations, each public agency shall ensure that each individual with exceptional needs participates with nondisabled children in extracurricular services and activities to the maximum extent appropriate to the needs of that individual. Each public agency shall ensure that each individual with exceptional needs has the supplementary aids and services determined by the individualized education program team of the individual to be appropriate and necessary for the individual to participate in nonacademic settings.

SEC. 23. Section 56346 of the Education Code is amended to read:

56346. (a) A local educational agency that is responsible for making a free appropriate public education and related services to the child with a disability under this part shall seek to obtain informed consent from the parent of the child before providing special education and related services to the child pursuant to Section 1414(a)(1)(D)(i)(II) of Title 20 of the United States Code. The local educational agency shall make reasonable efforts to obtain informed consent from the parent for the initial provision of special education and related services to the child in accordance with Section 300.300(b)(2) of Title 34 of the Code of Federal Regulations.

(b) If the parent of the child fails to respond or refuses to consent to the initiation of services pursuant to subdivision (a), the local educational agency shall not provide special education and related services to the child by utilizing the procedures in Section 1415 of Title 20 of the United States Code or the procedures in subdivision (e) of Section 56506 in order to obtain agreement or a ruling that the services may be provided to the child.

(c) If the parent of the child refuses to consent to the initial provision of special education and related services, or the parent fails to respond to a request to provide the consent, both of the following are applicable:

(1) The local educational agency shall not be considered to be in violation of the requirement to make available a free appropriate public education to the child for the failure to provide the child with the special education and related services for which the local educational agency requests consent.

(2) The local educational agency shall not be required to convene an individualized education program team meeting or develop an individualized education program under this part for the child for the special education and related services for which the local educational agency requests consent.

(d) If the parent or guardian of a child who is an individual with exceptional needs refuses all services in the individualized education program after having consented to those services in the past, the local educational agency shall file a request for due process pursuant to Chapter 5 (commencing with Section 56500).

(e) If the parent of the child consents in writing to the receipt of special education and related services for the child but does not consent to all of the components of the individualized education program, those components of the program to which the parent has consented shall be implemented so as not to delay providing instruction and services to the child.

(f) With the exception of a parent of a child who fails to respond pursuant to subdivision (b), or refuses to consent to services pursuant to subdivision (b), if the local educational agency determines that the proposed special education program component to which the parent does not consent is necessary to provide a free appropriate public education to the child, a due process hearing shall be initiated in accordance with Section 1415(f) of Title 20 of the United States Code. If a due process hearing is held, the hearing decision shall be the final administrative determination and shall be binding upon the parties. While a resolution session, mediation conference, or due process hearing is pending, the child shall remain in his or her current placement, unless the parent and the local educational agency agree otherwise.

(g) In accordance with Section 300.300(d)(4)(i) of Title 34 of the Code of Federal Regulations, if the parent of a child who is home schooled or placed in a private school by the parents at their own expense does not provide consent for the initial assessment or the reassessment, or the parent fails to respond to a request to provide consent, the local educational agency may not use the consent override procedures described in Section 300.300(a)(3) and (c)(1) of Title 34 of the Code of Federal Regulations. The local educational agency is not required to consider the child as eligible for services under Article 5.6 (commencing with Section 56170) of Chapter 2.

SEC. 24. Section 56363 of the Education Code is amended to read:

56363. (a) As used in this part, the term "designated instruction and services" means "related services" as that term is defined in Section 1401(26) of Title 20 of the United States Code and Section 300.34 of Title 34 of the Code of Federal Regulations. (b) These services may include, but are not limited to, the following:

SEC. 25. Section 56380.1 of the Education Code is amended to read:

56380.1. (a) In making changes to a pupil's individualized education program after the annual individualized education program meeting for a school year, the parent of the individual with exceptional needs and the local educational agency may agree, pursuant to Section 1414(d)(3)(D) of Title 20 of the United States Code, not to convene an individualized education program meeting for the purposes of making those changes, and instead may develop a written document, signed by

the parent and by a representative of the local educational agency, to amend or modify the pupil's existing individualized education program.

(b) Changes to the individualized education program may be made, in accordance with Section 1414(d)(3)(F) of Title 20 of the United States Code and Section 300.324(a)(6) of Title 34 of the Code of Federal Regulations, either by the entire individualized education program team at an individualized education program team meeting, or, as provided in subdivision (a), by amending the individualized education program rather than by redrafting the entire individualized education program. Upon request, a parent shall be provided with a revised copy of the individualized education program with the amendments incorporated.

(c) If changes are made to the pupil's individualized education program, in accordance with subdivisions (a) and (b), the local educational agency shall ensure that the pupil's individualized education program team is informed of those changes as required by Section 300.324(a)(4)(ii) of Title 34 of the Code of Federal Regulations.

SEC. 26. Section 56381 of the Education Code is amended to read:

56381. (a) (1) A reassessment of the pupil, based upon procedures specified in Section 56302.1 and in Article 2 (commencing with Section 56320), and in accordance with Section 1414(a), (b), and (c) of Title 20 of the United States Code, shall be conducted if the local educational agency determines that the educational or related services needs, including improved academic achievement and functional performance, of the pupil warrant a reassessment, or if the pupil's parents or teacher requests a reassessment.

(2) A reassessment shall occur not more frequently than once a year, unless the parent and the local educational agency agree otherwise, and shall occur at least once every three years, unless the parent and the local educational agency agree, in writing, that a reassessment is unnecessary.

If the reassessment so indicates, a new individualized education program shall be developed.

(b) As part of a reassessment, the individualized education program team and other qualified professionals, as appropriate, shall do the following:

(1) Review existing assessment data on the pupil, including assessments and information provided by the parents of the pupil, as specified in Section 300.305(a)(1)(i) of Title 34 of the Code of Federal Regulations, current classroom-based assessments and observations, and teacher and related services providers' observations.

(2) On the basis of the review conducted pursuant to paragraph (1), and input from the parents of the pupil, identify what additional data, if any, is needed to determine:

(A) Whether the pupil continues to have a disability described in Section 1401(3) of Title 20 of the United States Code.

(B) The present levels of performance and educational needs of the pupil.

(C) Whether the pupil continues to need special education and related services.

(D) Whether any additions or modifications to the special education and related services are needed to enable the pupil to meet the measurable annual goals set out in the individualized education program of the pupil and to participate, as appropriate, in the general curriculum.

(c) The local educational agency shall administer tests and other assessment materials needed to produce the data identified by the individualized education program team.

(d) If the individualized education program team and other qualified professionals, as appropriate, determine that no additional data is needed to determine whether the pupil continues to be an individual with exceptional needs, and to determine the educational needs of the pupil, the local educational agency shall notify the parents of the pupil of that determination and the reasons for it, and the right of the parents to request an assessment to determine whether the pupil continues to be an individual with exceptional needs, and to determine the educational needs of the pupil. The local educational agency is not required to conduct an assessment, unless requested by the parents of the pupil.

(e) A local educational agency shall assess an individual with exceptional needs in accordance with this section and procedures specified in Article 2 (commencing with Section 56320), as provided in Section 300.306(c)(2) of Title 34 of the Code of Federal Regulations.

(f) (1) A reassessment may not be conducted, unless the written consent of the parent is obtained prior to reassessment, except pursuant to subdivision (e) of Section 56506. Pursuant to Section 300.300(c)(1) and (2) of Title 34 of the Code of Federal Regulations, informed parental consent need not be obtained for the reassessment of an individual with exceptional needs if the local educational agency can demonstrate that it has taken reasonable measures to obtain that consent and the parent of the child has failed to respond.

(2) To meet the reasonable measure requirements of this subdivision, the local educational agency shall use procedures consistent with those set forth in Section 300.322(d) of Title 34 of the Code of Federal Regulations.

(3) If the parent refuses to consent to the reassessment, the local educational agency may, but is not required to, pursue the reassessment by using the consent override procedures described in Section 300.300(a)(3) of Title 34 of the Code of Federal Regulations.

(4) The local educational agency does not violate its obligations under Section 300.111 and Sections 300.301 to 300.311, inclusive, of Title 34 of the Code of Federal Regulations if it declines to pursue the reassessment.

(g) The individualized education program team and other qualified professionals referenced in subdivision (b) may conduct the review without a meeting, as provided in Section 300.305(b) of Title 34 of the Code of Federal Regulations.

(h) Before determining that the individual is no longer an individual with exceptional needs, a local educational agency shall assess the individual in accordance with Section 56320 and this section, as appropriate, and in accordance with Section 1414 of Title 20 of the United States Code.

(i) (1) The assessment described in subdivision (h) shall not be required before the termination of a pupil's eligibility under this part due to graduation from secondary school with a regular diploma, or due to exceeding the age eligibility for a free appropriate public education under Section 56026.

(2) For a pupil whose eligibility under this part terminates under circumstances described in paragraph (1), a local educational agency shall provide the pupil with a summary of the academic achievement and functional performance of the pupil, which shall include recommendations on the manner in which to assist the pupil in meeting his or her postsecondary educational goals as required in Section 1414(c)(5)(B)(ii) of Title 20 of the United States Code.

(j) To the extent possible, the local educational agency shall encourage the consolidation of reassessment meetings for the individual with exceptional needs and other individualized education program team meetings for the individual.

SEC. 27. Section 56500.2 of the Education Code is amended to read:

56500.2. (a) (1) Notwithstanding any other provision of law, a complaint filed with the department regarding any alleged violations of the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.), or implementing regulations (Part 300 (commencing with Section 300.1) of Title 34 of the Code of Federal Regulations), or a provision of this part, shall be investigated in an expeditious and effective manner in accordance with Sections 300.151 to 300.153, inclusive, of Title 34 of the Code of Federal Regulations. A written decision shall be issued to the complainant in accordance with the 60-day time limit specified in Section 300.152 of Title 34 of the Code of Federal Regulations.

(2) The party filing the complaint shall forward a copy of the complaint to the local educational agency or public agency serving the

child at the same time the party files the complaint with the department, in accordance with Section 300.153(d) of Title 34 of the Code of Federal Regulations.

(b) Pursuant to Section 300.153(c) of Title 34 of the Code of Federal Regulations, a complaint filed under subdivision (a) shall allege a violation that occurred not more than one year prior to the date that the complaint is received by the department.

(c) The complaint shall include all of the following:

(1) A statement that a local educational agency or public agency has violated a requirement of this part or Part B of the federal Individuals with Disabilities Education Act (Title 20 (commencing with Section 1400) of the United States Code), or Part 300 (commencing with Section 300.1) of Title 34 of the Code of Federal Regulations.

(2) The facts on which the statement is based.

(B) The name of the school the child is attending.

(C) In the case of a homeless child or youth within the meaning of paragraph (2) of Section 725 of the federal McKinney-Vento Homeless Assistance Act (42 U.S.C. Sec. 11434a(2)), available contact information for the child, and the name of the school the child is attending.

(D) A description of the nature of the problem of the child, including facts relating to the problems.

(E) A proposed resolution of the problem to the extent known and available to the party at the time the complaint is filed.

(d) The Superintendent shall develop a model form, pursuant to Section 300.509 of Title 34 of the Code of Federal Regulations, to assist parents and public agencies in filing a state complaint under this section.

SEC. 28. Section 56500.3 of the Education Code is amended to read:

56500.3. (a) It is the intent of the Legislature that parties to special education disputes be encouraged to seek resolution through mediation prior to filing a request for a due process hearing. It is also the intent of the Legislature that these voluntary prehearing request mediation conferences be an informal process conducted in a nonadversarial atmosphere to resolve issues relating to the identification, assessment, or educational placement of the child, or the provision of a free appropriate public education to the child, to the satisfaction of both parties. Therefore, attorneys or other independent contractors used to provide legal advocacy services may not attend or otherwise participate in the prehearing request mediation conferences.

(b) This part does not preclude the parent or the public agency from being accompanied and advised by nonattorney representatives in the mediation conferences and consulting with an attorney prior to or following a mediation conference. For purposes of this section, "attorney" means an active, practicing member of the State Bar of California or another independent contractor used to provide legal advocacy services, but does not mean a parent of the pupil who is also an attorney.

(c) Requesting or participating in a mediation conference is not a prerequisite to requesting a due process hearing.

(d) All requests for a mediation conference shall be filed with the Superintendent. The party initiating a mediation conference by filing a written request with the Superintendent shall provide the other party to the mediation with a copy of the request at the same time the request is filed with the Superintendent. The mediation conference shall be conducted by a person knowledgeable in the process of reconciling differences in a nonadversarial manner and under contract with the department pursuant to Section 56504.5. The mediator shall be knowledgeable in the laws and regulations governing special education.

(e) The prehearing mediation conference shall be scheduled within 15 days of receipt by the Superintendent of the request for mediation. The mediation conference shall be completed within 30 days after receipt of the request for mediation unless both parties to the prehearing mediation conference agree to extend the time for completing the mediation. Pursuant to Section 300.506(b)(4) of Title 34 of the Code of Federal Regulations, and to encourage the use of mediation, the state shall bear the cost of the mediation process, including any meetings described in Section 300.506(b)(2) of Title 34 of the Code of Federal Regulations. The costs of mediation shall be included in the contract described in Section 56504.5.

(f) In accordance with Section 1415(e)(2)(F) of Title 20 of the United States Code, if a resolution is reached that resolves the due process issue through the mediation process, the parties shall execute a legally binding written agreement that sets forth the resolution and that does the following:

(1) States that all discussions that occurred during the mediation process shall be confidential and may not be used as evidence in any subsequent due process hearing or civil proceeding.

(2) Is signed by both the parent and the representative of the public agency who has the authority to bind the agency.

(3) Is enforceable in any state court of competent jurisdiction or in a federal district court of the United States.

(g) If the mediation conference fails to resolve the issues to the satisfaction of all parties, the party who requested the mediation

conference has the option of filing for a state-level hearing pursuant to Section 56505. The mediator may assist the parties in specifying any unresolved issues to be included in the hearing request.

(h) Any mediation conference held pursuant to this section shall be scheduled in a timely manner and shall be held at a time and place reasonably convenient to the parties to the dispute in accordance with Section 300.506(b)(5) of Title 34 of the Code of Federal Regulations.

(i) The mediation conference shall be conducted in accordance with regulations adopted by the board.

(j) (1) Notwithstanding any procedure set forth in this chapter, a public agency and a parent, if the party initiating the mediation conference so chooses, may meet informally to resolve any issue or issues to the satisfaction of both parties prior to the mediation conference.

(2) In accordance with Section 300.506(b)(2) of Title 34 of the Code of Federal Regulations, a public agency may establish procedures to offer to parents and schools that choose not to use the mediation process, an opportunity to meet, at a time and location convenient to the parents, with a disinterested party as follows:

(A) Who is under contract with an appropriate alternative dispute resolution entity, or a parent training and information center or community parent resource center in the state established under Section 1471 or Section 1472 of Title 20 of the United States Code.

SEC. 29. Section 56500.4 of the Education Code is amended to read:

56500.4. (a) Pursuant to Section 1415(b)(3) and (4) and (c)(1) of Title 20 of the United States Code, and in accordance with Section 300.503 of Title 34 of the Code of Federal Regulations, prior written notice shall be given by the public agency to the parents or guardians of an individual with exceptional needs, or to the parents or guardians of a child upon initial referral for assessment, and a reasonable time before the public agency proposes to initiate or change, or refuses to initiate or change, the identification, assessment, or educational placement of the child, or the provision of a free appropriate public education to the child. In accordance with Sections 300.304 and 300.503 of Title 34 of the Code of Federal Regulations, the public agency shall provide a description of any assessment procedures the agency proposes to conduct.

(b) The notice required under subdivision (a) shall, in accordance with Section 300.503(b) of Title 34 of the Code of Federal Regulations, include all of the following:

(1) A description of the action proposed or refused by the public agency.

(2) An explanation of why the public agency proposes or refuses to take the action.

(3) A description of each assessment procedure, assessment, record, or report the public agency used as a basis for the proposed or refused action.

(4) A statement that the parents of an individual with exceptional needs have protection under the procedural safeguards of this part and, if this notice is not an initial referral for assessment, the means by which a copy of a description of the procedural safeguards can be obtained.

(5) Sources for parents to contact to obtain assistance in understanding the provisions of this part.

(6) A description of other options that the individualized education program team considered and the reasons why those options were rejected.

SEC. 30. Section 56501.5 of the Education Code is amended to read:

56501.5. (a) Notwithstanding any other provision of law, prior to the opportunity for an impartial due process hearing under this chapter, the local educational agency shall convene a resolution meeting with the parents and the relevant member or members of the individualized education program team who have specific knowledge of the facts identified in the due process hearing request, in accordance with Section 1415(f)(1)(B) of Title 20 of the United States Code and Section 300.510 of Title 34 of the Code of Federal Regulations. The parent and the local educational agency shall determine the relevant members of the individualized education program team to attend the meeting.

(1) The meeting shall be convened within 15 days of receiving notice of the due process hearing request of the parent.

(2) The meeting shall include a representative of the local educational agency who has decisionmaking authority on behalf of the agency.

(3) The meeting shall not include an attorney of the local educational agency, unless the parent is accompanied by an attorney.

(4) The purpose of the meeting is for the parent of the child to discuss the due process hearing issue, and the facts that form the basis of the due process hearing request, so that the local educational agency has the opportunity to resolve the dispute that is the basis for the due process hearing request.

(b) The resolution meeting described in subdivision (a) need not be held if the parents and the local educational agency agree in writing to

waive the meeting, or agree to use the mediation process as provided for in this chapter.

(c) If the local educational agency has not resolved the due process hearing issue to the satisfaction of the parents within 30 days of the receipt of the due process hearing request notice, the due process hearing may occur. Except as provided in subdivision (d), the timeline for issuing a final decision under paragraph (3) of subdivision (f) of Section 56505 begins at the expiration of this 30-day period.

(d) The 45-day timeline for the due process hearing cited in paragraph (3) of subdivision (f) of Section 56505 starts the day after one of the following events, provided the local educational agency also affords notice of these events to the agency or contractor providing due process hearings pursuant to Section 56504.5:

(1) Both parties agree in writing to waive the resolution meeting.

(2) After either the mediation or resolution meeting starts but before the end of the 30-day resolution period, the parties agree in writing that no agreement is possible.

(3) If both parties agree in writing to continue a mediation that started before the end of the 30-day resolution period to a date after the 30-day resolution period, but later, the parent or local educational agency withdraws from the mediation process.

(e) Except where the parties have jointly agreed to waive the resolution process or to use mediation, notwithstanding subdivision (c), the failure of the parent filing a due process hearing request to participate in the resolution meeting will delay the timelines for the resolution process and due process hearing until the meeting is held.

(1) If the local educational agency is unable to obtain the participation of the parent in the resolution meeting after reasonable efforts have been made and documented using the procedures in Section 300.322(d) of Title 34 of the Code of Federal Regulations, such as detailed records of telephone calls made or attempted and the results of those calls, copies of correspondence sent to the parent and any responses received, and detailed records of visits made to the home or place of employment of the parent, the local educational agency may, at the conclusion of the 30-day period, request that a hearing officer dismiss the due process hearing request of the parent.

(2) If the local educational agency fails to hold the resolution meeting specified in subdivision (a) within 15 days of receiving notice of a due process hearing request of a parent or fails to participate in the resolution meeting, the parent may seek the intervention of a hearing officer to begin the due process hearing timeline.

(f) In the case that a resolution is reached to resolve the due process hearing issue at a meeting described in subdivision (a), the parties shall execute a legally binding agreement that is both of the following:

(1) Signed by both the parent and a representative of the local educational agency who has the authority to bind the agency.

(2) Enforceable in a state court of competent jurisdiction or in a federal district court of the United States.

(g) If the parties execute an agreement pursuant to subdivision (d), a party may void the agreement within three business days of the execution of the agreement.

SEC. 31. Section 56502 of the Education Code is amended to read:

56502. (a) All requests for a due process hearing shall be filed with the Superintendent in accordance with Section 300.508(a) and (b) of Title 34 of the Code of Federal Regulations.

(b) The Superintendent shall develop a model form to assist parents and guardians in filing a request for due process that is in accordance with Section 300.509 of Title 34 of the Code of Federal Regulations.

(c) (1) The party, or the attorney representing the party, initiating a due process hearing by filing a written request with the Superintendent shall provide the other party to the hearing with a copy of the request at the same time as the request is filed with the Superintendent. The due process hearing request notice shall remain confidential. In accordance with Section 1415(b)(7)(A) of Title 20 of the United States Code, the request shall include the following:

(A) The name of the child, the address of the residence of the child, or available contact information in the case of a homeless child, and the name of the school the child is attending.

(B) In the case of a homeless child or youth within the meaning of paragraph (2) of Section 725 of the federal McKinney-Vento Homeless Assistance Act (42 U.S.C. Sec. 11434a(2)), available contact information for the child and the name of the school the child is attending.

(C) A description of the nature of the problem of the child relating to the proposed initiation or change, including facts relating to the problem.

(D) A proposed resolution of the problem to the extent known and available to the party at the time.

(2) A party may not have a due process hearing until the party, or the attorney representing the party, files a request that meets the requirements listed in this subdivision.

(d) (1) The due process hearing request notice required by Section 1415(b)(7)(A) of Title 20 of the United States Code shall be deemed to be sufficient unless the party receiving the notice notifies the due process hearing officer and the other party in writing that the receiving party believes the due process hearing request notice has not met the notice

requirements. The party providing a hearing officer notification shall provide the notification within 15 days of receiving the due process hearing request notice. Within five days of receipt of the notification, the hearing officer shall make a determination on the face of the notice of whether the notification meets the requirements of Section 1415(b)(7)(A) of Title 20 of the United States Code, and shall immediately notify the parties in writing of the determination.

(2) (A) The response to the due process hearing request notice shall be made within 10 days of receiving the request notice in accordance with Section 1415(c)(2)(B) of Title 20 of the United States Code.

(B) In accordance with Section 300.508(e)(1) of Title 34 of the Code of Federal Regulations, if the local educational agency has not sent a prior written notice under Section 56500.4 and Section 300.503 of Title 34 of the Code of Federal Regulations to the parent regarding the subject matter contained in the due process hearing request of the parent, the response from the local educational agency to the parent shall include all of the following:

(i) An explanation of why the agency proposed or refused to take the action raised in the due process hearing request.

(ii) A description of other options that the individualized education program team considered and the reasons why those options were rejected.

(iii) A description of each assessment procedure, assessment, record, or report the agency used as the basis for the proposed or refused action.

(iv) A description of other factors that are relevant to the proposed or refused action of the agency.

(C) A response by a local educational agency under subparagraph (B) shall not be construed to preclude the local educational agency from asserting that the due process request of the parent was insufficient, where appropriate.

(D) Except as provided under subparagraph (B), the party receiving a due process hearing request notice, within 10 days of receiving the notice, shall send to the other party, in accordance with Section 300.508(f) of Title 34 of the Code of Federal Regulations, a response that specifically addresses the issues raised in the due process hearing request notice.

(e) A party may amend a due process hearing request notice only if the other party consents in writing to the amendment and is given the opportunity to resolve the hearing issue through a meeting held pursuant to Section 1415(f)(1)(B) of Title 20 of the United States Code, or the due process hearing officer grants permission, except that the hearing officer may only grant permission at any time not later than five days before a due process hearing occurs. The applicable timeline for a due

process hearing under this chapter shall recommence at the time the party files an amended notice, including the timeline under Section 1415(f)(1)(B) of Title 20 of the United States Code.

(f) The Superintendent shall take steps to ensure that within 45 days after receipt of the written hearing request the hearing is immediately commenced and completed, including, any mediation requested at any point during the hearing process pursuant to paragraph (2) of subdivision (b) of Section 56501, and a final administrative decision is rendered, unless a continuance has been granted pursuant to Section 56505.

(g) Notwithstanding any procedure set forth in this chapter, a public agency and a parent or guardian, if the party initiating the hearing so chooses, may meet informally to resolve an issue or issues relating to the identification, assessment, or education and placement of the child, or the provision of a free appropriate public education to the child, to the satisfaction of both parties prior to the hearing. The informal meeting shall be conducted by the district superintendent, county superintendent, or director of the public agency or his or her designee. A designee appointed pursuant to this subdivision shall have the authority to resolve the issue or issues.

(h) Upon receipt by the Superintendent of a written request by the parent or guardian or public agency, the Superintendent or his or her designee or designees immediately shall notify, in writing, all parties of the request for the hearing and the scheduled date for the hearing. The notice shall advise all parties of all their rights relating to procedural safeguards. The Superintendent or his or her designee shall provide both parties with a list of persons and organizations within the geographical area that can provide free or reduced cost representation or other assistance in preparing for the due process hearing. This list shall include a brief description of the requirement to qualify for the services. The Superintendent or his or her designee shall have complete discretion in determining which individuals or groups shall be included on the list.

(i) In accordance with Section 1415(f)(3)(B) of Title 20 of the United States Code, the party requesting the due process hearing shall not be allowed to raise issues at the due process hearing that were not raised in the notice filed under this section, unless the other party agrees otherwise.

SEC. 32. Section 56505 of the Education Code is amended to read:

56505. (a) The state hearing shall be conducted in accordance with regulations adopted by the board.

(b) The hearing shall be held at a time and place reasonably convenient to the parent or guardian and the pupil.

(c) (1) The hearing shall be conducted by a person who, at a minimum, shall possess knowledge of, and the ability to understand, the provisions of this part and related state statutes and implementing

regulations, the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.), federal regulations pertaining to the act, and legal interpretations of this part and the federal law by federal and state courts, and who has satisfactorily completed training pursuant to this subdivision. The Superintendent shall establish standards for the training of hearing officers, the degree of specialization of the hearing officers, and the quality control mechanisms to be used to ensure that the hearings are fair and the decisions are accurate.

(2) The hearing officer shall possess the knowledge and ability to conduct hearings in accordance with appropriate, standard legal practice.

(3) The hearing officer shall possess the knowledge and ability to render and write decisions in accordance with appropriate, standard legal practice.

(4) A due process hearing shall not be conducted by an individual listed in Section 1415(f)(3)(A)(i) of Title 20 of the United States Code. Pursuant to Section 300.511(c)(2) of Title 34 of the Code of Federal Regulations, a person who is qualified to conduct a hearing is not an employee of the agency solely because he or she is paid by the agency to serve as a hearing officer. The hearing officer shall encourage the parties to a hearing to consider the option of mediation as an alternative to a hearing.

(d) Pursuant to Section 300.518(a) of Title 34 of the Code of Federal Regulations, during the pendency of the hearing proceedings, including the actual state-level hearing, or judicial proceeding regarding a due process hearing, the pupil shall remain in his or her present placement, except as provided in Section 300.533 of Title 34 of the Code of Federal Regulations, unless the public agency and the parent or guardian agree otherwise. A pupil applying for initial admission to a public school, with the consent of his or her parent or guardian, shall be placed in the public school program until all proceedings have been completed. As provided in Section 300.518(d) of Title 34 of the Code of Federal Regulations, if the decision of a hearing officer in a due process hearing or a state review official in an administrative appeal agrees with the parent or guardian of the pupil that a change of placement is appropriate, that placement shall be treated as an agreement between the state or local educational agency and the parent or guardian. In accordance with Section 300.518(c) of Title 34 of the Code of Federal Regulations, if a due process hearing request involves an application for initial services from a child who is transitioning from an early education program under Chapter 4.4 (commencing with Section 56425) to a special education program serving individuals with exceptional needs between the ages of three to five years, inclusive, under Chapter 4.45 (commencing with Section 56440), and is no longer eligible for early education services because the child

has turned three years of age, the local educational agency is not required to provide early education services that the child had been receiving. If the child is found eligible for special education and related services for children age three years of age and older, and the parent or guardian consents to the initial provision of special education and related services under Section 300.300(b) of Title 34 of the Code of Federal Regulations, the local educational agency shall provide those special education and related services that are not in dispute between the parent or guardian and the local educational agency.

(e) A party to the hearing held pursuant to this section shall be afforded the following rights consistent with state and federal statutes and regulations:

(1) The right to be accompanied and advised by counsel and by individuals with special knowledge or training relating to the problems of individuals with exceptional needs.

(2) The right to present evidence, written arguments, and oral arguments.

(3) The right to confront, cross-examine, and compel the attendance of, witnesses.

(4) The right to a written, or, at the option of the parents or guardians, electronic verbatim record of the hearing.

(5) The right to written, or, at the option of the parent or guardian, electronic findings of fact and decisions. The record of the hearing and the findings of fact and decisions shall be provided at no cost to parents or guardians in accordance with Section 300.512(c)(3) of Title 34 of the Code of Federal Regulations. The findings and decisions shall be made available to the public after any personally identifiable information has been deleted consistent with the confidentiality requirements of Section 1417(c) of Title 20 of the United States Code and shall also be transmitted to the Advisory Commission on Special Education pursuant to Section 1415(h)(4) of Title 20 of the United States Code.

(6) The right to be informed by the other parties to the hearing, at least 10 days prior to the hearing, as to what those parties believe are the issues to be decided at the hearing and their proposed resolution of those issues. Upon the request of a parent who is not represented by an attorney, the agency responsible for conducting hearings shall provide a mediator to assist the parent in identifying the issues and the proposed resolution of the issues.

(7) The right to receive from other parties to the hearing, at least five business days prior to the hearing, a copy of all documents and a list of all witnesses and their general area of testimony that the parties intend to present at the hearing. Included in the material to be disclosed to all parties at least five business days prior to a hearing shall be all

assessments completed by that date and recommendations based on the assessments that the parties intend to use at the hearing.

(8) The right, pursuant to Section 300.512(a)(3) of Title 34 of the Code of Federal Regulations, to prohibit the introduction of any evidence at the hearing that has not been disclosed to that party at least five business days before the hearing.

(f) (1) In accordance with Section 1415(f)(3)(E) of Title 20 of the United States Code, the decision of a due process hearing officer shall be made on substantive grounds based on a determination of whether the child received a free appropriate public education.

(2) In matters alleging a procedural violation, a due process hearing officer may find that a child did not receive a free appropriate public education only if the procedural violation did any of the following:

(A) Impeded the right of the child to a free appropriate public education.

(B) Significantly impeded the opportunity of the parents to participate in the decisionmaking process regarding the provision of a free appropriate public education to the child of the parents.

(C) Caused a deprivation of educational benefits.

(3) The hearing conducted pursuant to this section shall be completed and a written, reasoned decision, including the reasons for a nonpublic, nonsectarian school placement, the provision of nonpublic, nonsectarian agency services, or the reimbursement for the placement or services, taking into account the requirements of subdivision (a) of Section 56365, shall be mailed to all parties to the hearing not later than 45 days after the expiration of the 30-day period pursuant to subdivision (c) of Section 56501.5. Either party to the hearing may request the hearing officer to grant an extension. The extension shall be granted upon a showing of good cause. An extension shall extend the time for rendering a final administrative decision for a period only equal to the length of the extension.

(4) This subdivision does not preclude a due process hearing officer from ordering a local educational agency to comply with procedural requirements under this chapter.

(g) Subdivision (f) does not alter the burden of proof required in a due process hearing, or prevent a hearing officer from ordering a compensatory remedy for an individual with exceptional needs.

(h) The hearing conducted pursuant to this section shall be the final administrative determination and binding on all parties.

(i) In decisions relating to the placement of individuals with exceptional needs, the person conducting the state hearing shall consider cost, in addition to all other factors that are considered.

(j) In a hearing conducted pursuant to this section, the hearing officer shall not base a decision solely on nonsubstantive procedural errors, unless the hearing officer finds that the nonsubstantive procedural errors resulted in the loss of an educational opportunity to the pupil or interfered with the opportunity of the parent or guardian of the pupil to participate in the formulation process of the individualized education program.

(k) This chapter does not preclude a party aggrieved by the findings and decisions in a hearing under this section from exercising the right to appeal the decision to a state court of competent jurisdiction. An aggrieved party also may exercise the right to bring a civil action in a district court of the United States without regard to the amount in controversy, pursuant to Section 300.516 of Title 34 of the Code of Federal Regulations. An appeal shall be made within 90 days of receipt of the hearing decision. During the pendency of an administrative or judicial proceeding conducted pursuant to Chapter 5 (commencing with Section 56500), the child involved in the hearing shall remain in his or her present educational placement, unless the public agency and the parent or guardian of the child agree otherwise. An action brought under this subdivision shall adhere to Section 300.516(c) of Title 34 of the Code of Federal Regulations.

(*l*) A request for a due process hearing arising under subdivision (a) of Section 56501 shall be filed within two years from the date the party initiating the request knew or had reason to know of the facts underlying the basis for the request. In accordance with Section 1415(f)(3)(D) of Title 20 of the United States Code, the time period specified in this subdivision does not apply to a parent if the parent was prevented from requesting the due process hearing due to either of the following:

(1) Specific misrepresentations by the local educational agency that it had solved the problem forming the basis of the due process hearing request.

(2) The withholding of information by the local educational agency from the parent that was required under this part to be provided to the parent.

(m) Pursuant to Section 300.511(c) of Title 34 of the Code of Federal Regulations, each public agency shall keep a list of the persons who serve as due process hearing officers, in accordance with Section 56504.5, and the list shall include a statement of the qualifications of each of those persons. The list of hearing officers shall be provided to the public agencies by the organization or entity under contract with the department to conduct due process hearings.

(n) A party who filed for a due process hearing prior to the effective date of this section is not bound by the two-year statute of limitations time period in subdivision (*l*) if the party filed a request within the

three-year statute of limitations provision pursuant to subdivision (*l*) as it read prior to October 9, 2006.

(o) This section shall become operative October 9, 2006.

SEC. 33. Section 56515 of the Education Code is amended to read:

56515. (a) In addition to the provisions of Chapter 6.5 (commencing with Section 49060) of Part 27, the confidentiality of personally identifiable information about individuals with exceptional needs shall be governed and protected in accordance with Sections 1412(a)(8) and 1417(c) of Title 20 of the United States Code and Part 300 (commencing with Section 300.1) of Title 34 of the Code of Federal Regulations, including Sections 300.611 to 300.626, inclusive, covering notice to parents, access rights, records of access, records on more than one child, list of types and locations of information, fees, amendment of records at parent's request, opportunity for a hearing, result of hearing, hearing procedures, consent, destruction of information, children's privacy rights, and enforcement, and Section 1413(i) of Title 20 of the United States Code and Section 300.229 of Title 34 of the Code of Federal Regulations, regarding disciplinary information.

(c) (1) In accordance with Section 300.622 of Title 34 of the Code of Federal Regulations, parental consent shall be obtained before personally identifiable information is disclosed to the parties, other than officials of participating agencies in accordance with Section 300.622(b)(1) of Title 34 of the Code of Federal Regulations, unless the information is contained in education records, and the disclosure is authorized without parental consent under Part 99 (commencing with Section 99.1) of Title 34 of the Code of Federal Regulations. Except as provided in paragraphs (2) and (3), parental consent is not required before personally identifiable information is released to officials of participating agencies for purposes of meeting a requirement of this part or Part 300 (commencing with Section 300.1) of Title 34 of the Code of Federal Regulations.

(2) Parental consent, or the consent of an eligible child who has reached the age of 18 years, shall be obtained before personally

identifiable information is released to officials of participating agencies providing or paying for transition services in accordance with Section 300.321(b)(3) of Title 34 of the Code of Federal Regulations.

(3) If a child is enrolled, or is going to enroll in a private school that is not located in the local educational agency of the residence of the parent, parental consent shall be obtained before any personally identifiable information about the child is released between officials in the local educational agency where the private school is located and officials in the local educational agency of the residence of the parent.

SEC. 34. Section 56600.6 of the Education Code is amended to read:

56600.6. (a) The Superintendent shall ensure that pupil and program performance results are monitored at the state and local levels in order to comply with Section 1412(a)(15) of Title 20 of the United States Code by evaluating pupil performance against key performance indicators. As necessary, other data may be collected to support the state's participation in national studies and evaluations described in Section 1474(a) of Title 20 of the United States Code.

(b) The Superintendent shall monitor, provide technical assistance, and enforce this part, and Part B of the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.) in accordance with Section 1416 of Title 20 of the United States Code, and Subpart F (commencing with Section 300.600) of Title 34 of the Code of Federal Regulations, and annually report to the United States Department of Education on performance.

(2) Ensuring that public agencies meet the program requirements under this part and under Part B of the federal Individuals with Disabilities Education Act (20 U.S.C. (d) As part of state monitoring and enforcement, the Superintendent shall use quantifiable indicators and qualitative indicators as are needed to adequately measure performance in the indicators established by the United States Secretary of Education, and in the following priority areas specified in Section 300.600(d) of Title 34 of the Code of Federal Regulations:

(1) For the excess costs of providing special education and related services to individuals with exceptional needs.

(2) To supplement state, local, and other federal funds and not to supplant those funds.

(b) Except as provided in subdivisions (c) and (d), the funds shall not be used to reduce the level of expenditures for the education of individuals with exceptional needs made by the local educational agency from local funds below the level of those expenditures for the preceding fiscal year.

(c) Notwithstanding subdivision (b), a local educational agency may reduce the level of expenditures from local funds where the reduction is attributable to the following:

(1) The voluntary departure, by retirement or otherwise, or departure for just cause, of special education personnel.

(2) A decrease in the enrollment of individuals with exceptional needs.

(3) The termination of the obligation of the local educational agency, consistent with this part, to provide a program of special education to an individual or individuals with exceptional needs that is an exceptionally costly program, as determined by the Superintendent, because any of the following is applicable:

(A) The child has left the jurisdiction of the local educational agency.

(B) The child has reached the age at which the obligation of the local educational agency to provide a free appropriate public education to the child has terminated.

(C) The child no longer needs the program of special education.

(4) The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of facilities.

(d) Notwithstanding the provisions of paragraph (2) of subdivision (a) and subdivision (b), for any fiscal year in which the allocation received by a local educational agency under Section 1411(f) of Title 20 of the United States Code exceeds the amount the local educational agency received for the previous fiscal year, the local educational agency may reduce the level of expenditures otherwise required by Section 1413(a)(2)(A)(iii) of Title 20 of the United States Code by not more than 50 percent of the amount of the excess. If a local educational agency exercises the authority under this subdivision, the local educational agency shall use an amount of local funds equal to the reduction in expenditures under this subdivision to carry out activities authorized under the federal Elementary and Secondary Education Act of 1965 (20 U.S.C. Sec. 6301 et seq.).

(e) Notwithstanding subdivision (d), if the Superintendent determines that a local educational agency is unable to establish and maintain programs of free appropriate public education that meet the requirements of Section 1413(a) of Title 20 of the United States Code, or if the Superintendent has taken action against the local educational agency under Section 1416 of Title 20 of the United States Code, the Superintendent shall prohibit the local educational agency from reducing the level of expenditures under subdivision (d) for that fiscal year.

(f) The amount of funds expended by a local educational agency under Section 1413(f) of Title 20 of the United States Code for early intervening services shall count toward the maximum amount of expenditures the local educational agency may reduce under subdivision (d).

(g) Notwithstanding Section 1413(a)(2)(A) of Title 20 of the United States Code or any other provision of the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.), a local educational agency may use federal special education funds for any fiscal year to carry out a schoolwide program under Section 1114 of the federal Elementary and Secondary Education Act of 1965 (20 U.S.C. Sec. 6301 et seq.), except that the amount so used in any such program shall not exceed the number of individuals with exceptional needs participating in the schoolwide program, multiplied by the amount received by the local educational agency under this article for that fiscal year, and divided by the number of individuals with exceptional needs in the jurisdiction of that local educational agency.

(h) (1) Notwithstanding subdivisions (a) to (g), inclusive, a local educational agency may also use federal special education funds for other purposes specified in Section 1413(a) of Title 20 of the United States Code.

(2) In accordance with Section 300.208(b) of Title 34 of the Code of Federal Regulations, a local educational agency may use federal funds received under this article to purchase appropriate technology for recordkeeping, data collection, and related case management activities of teachers and related services personnel providing services described in the individualized education program of individuals with exceptional needs, that is needed for the implementation of those case management activities.

SEC. 36. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act implements a federal law or regulation and results only in costs mandated by the federal government, within the meaning of Section 17556 of the Government Code.

SEC. 37. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 3485 is added to the Civil Code, to read:

3485. (a) To abate the nuisance caused by illegal conduct involving an unlawful weapons or ammunition purpose on real property, the city prosecutor or city attorney may file, in the name of the people, an action for unlawful detainer against any person who is in violation of the nuisance or illegal purpose provisions of subdivision 4 of Section 1161 of the Code of Civil Procedure, with respect to that unlawful weapons or ammunition purpose. In filing this action, which shall be based upon an arrest report or other report by a law enforcement agency, reporting an offense committed on the property and documented by the observations of a police officer, the city prosecutor or city attorney shall

use the procedures set forth in Chapter 4 (commencing with Section 1159) of Title 3 of Part 3 of the Code of Civil Procedure, except that in cases filed under this section, the following also shall apply:

(1) (A) Prior to filing an action pursuant to this section, the city prosecutor or city attorney shall give 30 calendar days' written notice to the owner, requiring the owner to file an action for the removal of the person who is in violation of the nuisance or illegal purpose provisions of subdivision 4 of Section 1161 of the Code of Civil Procedure with respect to an unlawful weapons or ammunition purpose.

(B) This notice shall include sufficient documentation establishing a violation of the nuisance or illegal purpose provisions of subdivision 4 of Section 1161 of the Code of Civil Procedure and shall be served upon the owner and the tenant in accordance with subdivision (e).

(C) The notice to the tenant shall also include on the bottom of its front page, in at least 14-point bold type, the following:

"Notice to Tenant: This notice is not a notice of eviction. However, you should know that an eviction action may soon be filed in court against you for an unlawful weapons or ammunition activity, as described above. You should call (insert name and telephone number of the city attorney or prosecutor pursuing the action) or a legal assistance provider to stop the eviction action if any of the following is applicable:

(i) You are not the person named in this notice.

(ii) The person named in the notice does not live with you.

(iii) The person named in the notice has permanently moved.

(iv) You do not know the person named in the notice.

(v) You have any other legal defense or legal reason to stop the eviction action. A list of legal assistance providers is attached to this notice. Some provide free legal help if you are eligible."

(D) The owner shall, within 30 calendar days of the mailing of the written notice, either provide the city prosecutor or city attorney with all relevant information pertaining to the unlawful detainer case, or provide a written explanation setting forth any safety-related reasons for noncompliance, and an assignment to the city prosecutor or city attorney of the right to bring an unlawful detainer action against the tenant.

(E) The assignment shall be on a form provided by the city prosecutor or city attorney and may contain a provision for costs of investigation, discovery, and reasonable attorney's fees, in an amount not to exceed six hundred dollars ($600).

(F) If the city prosecutor or city attorney accepts the assignment of the right of the owner to bring the unlawful detainer action, the owner

shall retain all other rights and duties, including the handling of the tenant's personal property, following issuance of the writ of possession and its delivery to and execution by the appropriate agency.

(2) Upon the failure of the owner to file an action pursuant to this section, or to respond to the city prosecutor or city attorney as provided in paragraph (1), or having filed an action, if the owner fails to prosecute it diligently and in good faith, the city prosecutor or city attorney may file and prosecute the action, and join the owner as a defendant in the action. This action shall have precedence over any similar proceeding thereafter brought by the owner, or to one previously brought by the owner and not prosecuted diligently and in good faith. Service of the summons and complaint upon the defendant owner shall be in accordance with Sections 415.10, 415.20, 415.30, 415.40, and 415.50 of the Code of Civil Procedure.

(3) If a jury or court finds the defendant tenant guilty of unlawful detainer in a case filed pursuant to paragraph (2), the city prosecutor or city attorney may be awarded costs, including the costs of investigation and discovery and reasonable attorney's fees. These costs shall be assessed against the defendant owner, to whom notice was directed pursuant to paragraph (1), and once an abstract of judgment is recorded, it shall constitute a lien on the subject real property.

(4) This article shall not prevent a local governing body from adopting and enforcing laws, consistent with this article, relating to weapons or ammunition abatement. If local laws duplicate or supplement this article, this article shall be construed as providing alternative remedies and not preempting the field.

(5) This article shall not prevent a tenant from receiving relief against a forfeiture of a lease pursuant to Section 1179 of the Code of Civil Procedure.

(b) In any proceeding brought under this section, the court may, upon a showing of good cause, issue a partial eviction ordering the removal of any person, including, but not limited to, members of the tenant's household if the court finds that the person has engaged in the activities described in subdivision (a). Persons removed pursuant to this section may be permanently barred from returning to or reentering any portion of the entire premises. The court may further order as an express condition of the tenancy that the remaining tenants shall not give permission to or invite any person who has been removed pursuant to this subdivision to return to or reenter any portion of the entire premises.

(4) Any .50 BMG rifle, as defined in Section 12278 of the Penal Code.

(5) Any tear gas weapon, as defined in Section 12402 of the Penal Code.

(d) Notwithstanding subdivision (b) of Section 68097.2 of the Government Code, a public entity may waive all or part of the costs incurred in furnishing the testimony of a peace officer in an unlawful detainer action brought pursuant to this section.

(e) The notice and documentation described in paragraph (1) of subdivision (a) shall be given in writing and may be given either by personal delivery or by deposit in the United States mail in a sealed envelope, postage prepaid, addressed to the owner at the address known to the public entity giving the notice, or as shown on the last equalized assessment roll, if not known. Separate notice of not less than 30 calendar days and documentation shall be provided to the tenant in accordance with this subdivision. (h) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

SEC. 2. Section 1161 of the Code of Civil Procedure is amended to read:

1161. A tenant of real property, for a term less than life, or the executor or administrator of his or her estate heretofore qualified and now acting or hereafter to be qualified and act, is guilty of unlawful detainer:

1. When he or she continues in possession, in person or by subtenant, of the property, or any part thereof, after the expiration of the term for which it is let to him or her; provided the expiration is of a nondefault nature however brought about without the permission of his or her landlord, or the successor in estate of his or her landlord, if applicable; including the case where the person to be removed became the occupant of the premises as a servant, employee, agent, or licensee and the relation of master and servant, or employer and employee, or principal and agent, or licensor and licensee, has been lawfully terminated or the time fixed for occupancy by the agreement between the parties has expired; but nothing in this subdivision shall be construed as preventing the removal of the occupant in any other lawful manner; but in case of a tenancy at will, it must first be terminated by notice, as prescribed in the Civil Code.

2. When he or she continues in possession, in person or by subtenant, without the permission of his or her landlord, or the successor in estate of his or her landlord, if applicable, after default in the payment of rent, pursuant to the lease or agreement under which the property is held, and three days' notice, in writing, requiring its payment, stating the amount which is due, the name, telephone number, and address of the person to whom the rent payment shall be made, and, if payment may be made personally, the usual days and hours that person will be available to receive the payment (provided that, if the address does not allow for personal delivery, then it shall be conclusively presumed that upon the mailing of any rent or notice to the owner by the tenant to the name and address provided, the notice or rent is deemed received by the owner on the date posted, if the tenant can show proof of mailing to the name and address provided by the owner), or the number of an account in a financial institution into which the rental payment may be made, and the name and street address of the institution (provided that the institution is located within five miles of the rental property), or if an electronic funds transfer procedure has been previously established, that payment may be made pursuant to that procedure, or possession of the property,

shall have been served upon him or her and if there is a subtenant in actual occupation of the premises, also upon the subtenant.

The notice may be served at any time within one year after the rent becomes due. In all cases of tenancy upon agricultural lands, where the tenant has held over and retained possession for more than 60 days after the expiration of the term without any demand of possession or notice to quit by the landlord or the successor in estate of his or her landlord, if applicable, he or she shall be deemed to be holding by permission of the landlord or successor in estate of his or her landlord, if applicable, and shall be entitled to hold under the terms of the lease for another full year, and shall not be guilty of an unlawful detainer during that year, and the holding over for that period shall be taken and construed as a consent on the part of a tenant to hold for another year.

3. When he or she continues in possession, in person or by subtenant, after a neglect or failure to perform other conditions or covenants of the lease or agreement under which the property is held, including any covenant not to assign or sublet, than the one for the payment of rent, and three days' notice, in writing, requiring the performance of such conditions or covenants, or the possession of the property, shall have been served upon him or her, and if there is a subtenant in actual occupation of the premises, also, upon the subtenant. Within three days after the service of the notice, the tenant, or any subtenant in actual occupation of the premises, or any mortgagee of the term, or other person interested in its continuance, may perform the conditions or covenants of the lease or pay the stipulated rent, as the case may be, and thereby save the lease from forfeiture; provided, if the conditions and covenants of the lease, violated by the lessee, cannot afterward be performed, then no notice, as last prescribed herein, need be given to the lessee or his or her subtenant, demanding the performance of the violated conditions or covenants of the lease.

A tenant may take proceedings, similar to those prescribed in this chapter, to obtain possession of the premises let to a subtenant or held by a servant, employee, agent, or licensee, in case of his or her unlawful detention of the premises underlet to him or her or held by him or her.

4. Any tenant, subtenant, or executor or administrator of his or her estate heretofore qualified and now acting, or hereafter to be qualified and act, assigning or subletting or committing waste upon the demised premises, contrary to the conditions or covenants of his or her lease, or maintaining, committing, or permitting the maintenance or commission of a nuisance upon the demised premises or using the premises for an unlawful purpose, thereby terminates the lease, and the landlord, or his or her successor in estate, shall upon service of three days' notice to quit upon the person or persons in possession, be entitled to restitution of

possession of the demised premises under this chapter. For purposes of this subdivision, a person who commits an offense included in paragraph (1) of subdivision (c) of Section 11571.1 of the Health and Safety Code, or subdivision (c) of Section 3485 of the Civil Code, or uses the premises to further the purpose of that offense shall be deemed to have committed a nuisance upon the premises.

5. When he or she gives written notice as provided in Section 1946 of the Civil Code of his or her intention to terminate the hiring of the real property, or makes a written offer to surrender which is accepted in writing by the landlord, but fails to deliver possession at the time specified in that written notice, without the permission of his or her landlord, or the successor in estate of the landlord, if applicable.

As used in this section, tenant includes any person who hires real property except those persons whose occupancy is described in subdivision (b) of Section 1940 of the Civil Code.

SEC. 3. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 457

An act to add Section 727.7 to the Welfare and Institutions Code, relating to juveniles.

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 727.7 is added to the Welfare and Institutions Code, to read:

727.7. (a) If a minor is found to be a person described in Section 602 by reason of the commission of a gang-related offense, and the court finds that the minor is a first-time offender and orders that a parent or guardian retain custody of that minor, the court may order the parent or guardian to attend antigang violence parenting classes.

(b) The Department of Justice shall establish curriculum for the antigang violence parenting classes required pursuant to this section, including, but not limited to, all of the following criteria:

(1) A meeting in which the families of innocent victims of gang violence share their experience.

(2) A meeting in which the surviving parents of a deceased gang member share their experience.

(3) How to identify gang and drug activity in children.

(4) How to communicate effectively with adolescents.

(5) An overview of pertinent support agencies and organizations for intervention, education, job training, and positive recreational activities, including telephone numbers, locations, and contact names of those agencies and organizations.

(6) The potential fines and periods of incarceration for the commission of additional gang-related offenses.

(7) The potential penalties that may be imposed upon parents for aiding and abetting crimes committed by their children.

(c) For purposes of this section, "gang-related" means that the minor was an active participant in a criminal street gang, as specified in subdivision (a) of Section 186.22 of the Penal Code, or committed an offense for the benefit of, or at the direction of, a criminal street gang, as specified in subdivision (b) or (d) of Section 186.22 of the Penal Code.

(d) The father, mother, spouse, or other person liable for the support of the minor, the estate of that person, and the estate of the minor shall be liable for the cost of classes ordered pursuant to this section, unless the court finds that the person or estate does not have the financial ability to pay. In evaluating financial ability to pay, the court shall take into consideration the combined household income, the necessary obligations of the household, the number of persons dependent upon this income, and whether reduced monthly payments would obviate the need to waive liability for the full costs.

CHAPTER 458

An act to amend Sections 1710 and 1714 of, and to add Section 1712.1 to, the Welfare and Institutions Code, relating to juveniles.

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Family Connection and Young Offender Rehabilitation Act of 2007.

SEC. 2. Section 1710 of the Welfare and Institutions Code is amended to read:

1710. (a) Commencing July 1, 2005, any reference to the Department of the Youth Authority in this or any other code refers to the Department of Corrections and Rehabilitation, Division of Juvenile Facilities.

(b) The Legislature finds and declares the following:

(1) The purpose of the Division of Juvenile Facilities within the Department of Corrections and Rehabilitation is to protect society from the consequences of criminal activity by providing for the secure custody of wards, and to effectively and efficiently operate and manage facilities housing youthful offenders under the jurisdiction of the department, consistent with the purposes set forth in Section 1700.

(2) The purpose of the Division of Juvenile Programs within the Department of Corrections and Rehabilitation is to provide comprehensive education, training, treatment, and rehabilitative services to youthful offenders under the jurisdiction of the department, that are designed to promote community restoration, family ties, and accountability to victims, and to produce youth who become law-abiding and productive members of society, consistent with the purposes set forth in Section 202.

(3) The purpose of the Division of Juvenile Parole Operations within the Department of Corrections and Rehabilitation is to monitor and supervise the reentry into society of youthful offenders under the jurisdiction of the department, and to promote the successful reintegration of youthful offenders into society, in order to reduce the rate of recidivism, thereby increasing public safety.

SEC. 3. Section 1712.1 is added to the Welfare and Institutions Code, to read:

1712.1. (a) A ward confined in a facility of the Department of Corrections and Rehabilitation, Division of Juvenile Facilities, shall be encouraged to communicate with family members, clergy, and others, and to participate in programs that will facilitate his or her education, rehabilitation, and accountability to victims, and that may help the ward become a law-abiding and productive member of society. If the division or a facility requires a ward to provide a list of allowed visitors, calls, or correspondents, that list shall be transferable from facility to facility, so that the transfer of the ward does not unduly interrupt family and community communication.

(b) A ward shall be allowed a minimum of four telephone calls to his or her family per month. A restriction or reduction of the minimum amount of telephone calls allowed to a ward shall not be imposed as a disciplinary measure. If calls conflict with institutional operations, supervision, or security, telephone usage may be restricted to the extent

reasonably necessary for the continued operation and security of the facility.

(c) (1) If a ward's visitation rights are suspended, division or facility staff shall be prepared to inform one or more persons on the list of those persons allowed to visit the ward, if any of those persons should call to ask.

(2) The division or facility shall maintain a toll-free telephone number that families and others may call to confirm visiting times, and to provide timely updates on interruptions and rescheduling of visiting days, times, and conditions.

SEC. 4. Section 1714 of the Welfare and Institutions Code is amended to read:

1714. The Secretary of the Department of Corrections and Rehabilitation may transfer persons confined in one institution or facility of the Division of Juvenile Facilities to another. Proximity to family shall be one consideration in placement.

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to do all of the following:

(a) Address the conditions in neighborhoods and the unmet needs of children that allow gangs to take root, thrive, and expand.

(b) Stop focusing on isolated incidents and instead confront the size and scope of the problems surrounding violent behavior and gang activity, and to do so with a strong, committed, and sustained political mandate to eradicate the root causes and conditions that trigger street gang activity and support entrenched neighborhood violence.

(c) With this act, commit to sustained and balanced prevention, intervention, and suppression strategies.

(a) Director of the Office of Gang and Youth Violence Policy. The director shall report directly to the office of the Governor.

(b) Chief Deputy Director of Gang and Youth Violence Policy.

13827.2. The Office of Gang and Youth Violence Policy shall establish an Internet Web site, in coordination with the Office of Emergency Services, that provides an Internet hyperlink to the various grants administered by the Office of Emergency Services and technical assistance on the process for applying for grants.

SEC. 3. (a) On or before March 1, 2009, the Office of Gang and Youth Violence Policy shall submit to the Legislature a report of its recommendations developed pursuant to Section 13827 of the Penal Code.

(b) The report shall include, but not be limited to, the following:

(1) A thorough description of the process employed by the office to develop the recommendations, including, but not limited to, meetings and hearings, use of ad hoc committees or working groups, and any other methods used for receiving public and expert input and facilitating deliberations.

(2) The stakeholders involved in the development of the recommendations.

(3) The set of recommendations developed by the office to define its mission, role, and responsibilities as a statewide entity dedicated to reducing violence and the proliferation of gangs and gang violence in California communities.

(4) Any additional information, data, and recommendations that may further inform the Legislature on the successful operation of the office.

CHAPTER 460

An act to amend Section 123360 of, and to add Sections 1257.9 and 123361 to, the Health and Safety Code, and to add Section 14134.55 to the Welfare and Institutions Code, relating to breast-feeding.

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) The United States Surgeon General and the American Academy of Pediatrics (AAP) recommend exclusive breast-feeding for most babies, unless specifically contraindicated, for the first six months and continued breast-feeding with the addition of appropriate foods up to at least one year of age.

(b) Medical research provides strong evidence that breast-feeding decreases the incidence and severity of diarrhea, respiratory tract infections, otitis media, a wide range of infectious diseases, necrotizing enterocolitis, and urinary tract infections.

(c) The California Obesity Prevention Plan highlights breast-feeding as a key strategy. The United States Government's Healthy People 2010 goals seek to increase breast-feeding initiation (any breast milk) to at least 75 percent of babies, at least 60 percent of babies exclusively breast-feeding at three months, at least 50 percent of babies having some breast milk at six months, and at least 25 percent of babies exclusively breast-feeding at six months.

(d) The California Special Supplemental Food Program for Women, Infants, and Children (WIC) program provided for pursuant to Article 2 (commencing with Section 123275) of Chapter 1 of Part 2 of Division 106 of the Health and Safety Code, provides nutritious foods and breast-feeding support to 1.4 million pregnant and postpartum women and their children up to five years of age. While 67 percent of WIC mothers initiate breast-feeding at least partially in the hospital, only 15 percent are exclusively breast-feeding by the time their babies are two months old.

(e) Skilled, culturally competent support is critical to increasing breast-feeding among high-risk low-income women. Key factors that appear to increase the duration of breast-feeding among WIC mothers include all of the following:

(1) Attendance at a breast-feeding class.

(2) Knowing others who have breast-fed.

(3) Support of breast-feeding by significant others.

(f) In the past five years, WIC pilot projects, which are typically funded by foundations, First Five program grants, and United States Department of Agriculture special grants, have demonstrated that using breast-feeding peer counselors and lactation consultants has a direct, positive impact on breast-feeding rates in this population.

SEC. 2. Section 1257.9 is added to the Health and Safety Code, to read:

1257.9. (a) (1) The department shall recommend training for general acute care hospitals, as defined in subdivision (a) of Section 1250, and special hospitals, as defined in subdivision (f) of Section 1250, that is intended to improve breast-feeding rates among mothers and infants. This recommended training should be designed for general acute care hospitals that provide maternity care and have exclusive patient breast-feeding rates in the lowest 25 percent, according to the data published yearly by the State Department of Public Health, when ranked from highest to lowest rates. The training offered shall include a minimum of eight hours of training provided to appropriate administrative and supervisory staff on hospital policies and recommendations that promote exclusive breast-feeding. Hospitals that meet the minimum criteria for exclusive breast-feeding rates prescribed in the most current Healthy People Guidelines of the United States Department of Health and Human Services shall be excluded from the training requirements recommended by this paragraph.

(2) The department shall notify the hospital director or other person in charge of a hospital to which paragraph (1) applies, that the eight-hour model training course developed pursuant to subdivision (b) of Section 123360, is available, upon request, to the hospital.

(b) The recommendations provided for in this section are advisory only. Nothing in this section shall require a hospital to comply with the training recommended by this section. Section 1290 shall not apply to this section, nor shall meeting the recommendations of this section be a condition of licensure.

SEC. 3. Section 123360 of the Health and Safety Code is amended to read:

123360. (a) The State Department of Public Health shall include in its public service campaign the promotion of mothers breast-feeding their infants.

(b) The department shall develop a model eight-hour training course of hospital policies and recommendations that promote exclusive breast-feeding, incorporating available materials already developed by the department, and shall specify hospital staff for whom this model training is appropriate. The department shall also provide the model training materials to hospitals, upon request.

SEC. 4. Section 123361 is added to the Health and Safety Code, to read:

123361. To the extent that non-United States Department of Agriculture (USDA) federal funds and private grants or donations are made available for this purpose, the State Department of Public Health shall, no later than July 1, 2008, begin expansion of the breast-feeding peer counseling program at local agency California Special Supplemental Food Program for Women, Infants, and Children (WIC) sites. Plans for the expansion of the program shall take into account local WIC agency program models that have demonstrated the greatest improvement in breast-feeding rates, including exclusive breast-feeding rates. Program expansion shall be contingent upon the availability of non-USDA federal funds and private grants or donations being made available for this purpose. Nothing in this section shall impact USDA federal funding for the WIC Supplemental Food Program or the breast-feeding peer counseling program at local agency WIC sites.

SEC. 5. Section 14134.55 is added to the Welfare and Institutions Code, to read:

14134.55. The department shall streamline and simplify existing Medi-Cal program procedures in order to improve access to lactation supports and breast pumps among Medi-Cal recipients.

CHAPTER 461

An act to add Section 71095 to the Education Code, relating to emergency planning.

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Community college employees have the right to work in a safe and secure environment.

(b) Community college employees are the first to respond to any emergency on a community college campus.

(c) Community college districts are not included in any provisions in the Education Code covering emergency preparedness.

(d) The failure to prepare for an emergency event may result in injury or death that could financially burden the district due to wrongful injury and death claims.

(e) The Standardized Emergency Management System and emergency preparedness plans may be in place, but are not being effectively implemented by community colleges.

(f) Each school district and county office of education is required by law to have a school safety plan and follow emergency procedures for its schools operating kindergarten or any of grades 1 to 12, inclusive.

SEC. 2. Section 71095 is added to the Education Code, to read:

71095. (a) The chancellor's office, in consultation with the Governor's Office of Emergency Services and the Office of Homeland Security, shall, by January 1, 2009, develop emergency preparedness standards and guidelines to assist community college districts and campuses in the event of a natural disaster, hazardous condition, or terrorist activity on or around a community college campus.

(b) The standards and guidelines shall be developed in accordance with the Standardized Emergency Management System and the National Incident Management System, and shall be reviewed by the Governor's Office of Emergency Services in a manner that is consistent with existing policy. In developing the standards and guidelines, the chancellor's office shall consider, but is not limited to, all of the following components:

(1) Information on establishing a campus emergency management team.

(2) Provisions regarding overview training for every employee within one year of commencement of employment.

(3) Information on specialized training for employees who may be designated as part of an emergency management team.

(4) Information on preparedness, prevention, response, recovery, and mitigation policies and procedures.

(5) Information on coordinating with the appropriate local, state, federal government authorities, and nongovernmental entities on comprehensive emergency management and preparedness activities.

CHAPTER 462

An act to amend Section 14529.17 of the Government Code, relating to transportation.

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 14529.17 of the Government Code is amended to read:

14529.17. (a) A regional or local entity that is the sponsor of, or is eligible to receive funding for, a project contained in the state transportation improvement program may expend its own funds for any component of a transportation project within its jurisdiction that is included in an adopted state transportation improvement program and for which the commission has not made an allocation. It is the intent of the Legislature that local funds expended to advance eligible projects programmed in the state transportation improvement program shall be reimbursed if the requirements of this section are satisfied.

(b) No later than the time of the first expenditure, the regional or local entity shall request an allocation for the project, which shall include a notice to the commission of its intent to expend its own funds in accordance with this section.

(c) The amount expended under subdivision (a) shall be reimbursed by the state, subject to annual appropriation by the Legislature, if all of the following conditions are met:

(1) The commission makes an allocation for, and the department executes an agreement to transfer funds for, the project.

(2) Expenditures made by the regional or local entity are eligible for reimbursement in accordance with state and federal laws and procedures. In the event expenditures made by the regional or local entity are determined to be ineligible, the state has no obligation to reimburse those expenditures.

(3) The regional or local entity complies with all legal requirements for the project, including, but not limited to, authorization by the federal government, if required, Section 14520.3, and the requirements of the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code).

(d) Upon the execution of an agreement with the department to transfer reimbursement funds for a project described in subdivision (a), the

commission may delay reimbursement pursuant to this section only if programming or cash-management issues prevent immediate repayment.

(e) This section shall be limited to projects advanced for expenditure by an eligible regional or local entity programmed in the current fiscal year of the state transportation improvement program.

(f) Nothing in this section shall establish a priority for allocations made by the commission.

(g) Nothing in this section shall allow for the establishment of a timeframe limiting reimbursement to a regional or local entity so long as the regional or local entity has requested an allocation under the timeline established in subdivision (b) and the project is included in the adopted state transportation improvement program when the allocation reimbursement is approved by the commission.

(h) Unless otherwise agreed in advance by the commission and the department, the funds appropriated for the purposes of reimbursement under this section shall be federal funds and state matching funds.

CHAPTER 463

An act to amend Section 56836.173 of the Education Code, and to amend Sections 97.2 and 97.3 of the Revenue and Taxation Code, relating to local government finance.

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 56836.173 of the Education Code is amended to read:

56836.173. (a) For the fiscal years 2004–05 to 2006–07, inclusive, the department shall apportion to each special education local plan area the amount determined as follows:

(1) For the 2004–05 and 2005–06 fiscal years, the amount apportioned shall be as follows:

(A) If the out-of-home care funding amount calculated for a special education local plan area is less than or equal to the amount a special education local plan area received pursuant to former Sections 56836.16 and 56836.17 for the 2002–03 fiscal year, the special education local plan area shall receive the same amount it received for the 2002–03 fiscal year. For purposes of this section, the amount of funding received by a special education local plan area for the 2002–03 fiscal year shall be

based on the annual recertification of the 2002–03 fiscal year, as certified by the department in July of 2004.

(B) For special education local plan areas other than those funded through subparagraph (A), special education local plan areas shall receive the amount received for the 2002–03 fiscal year plus the amount calculated in subparagraph (C).

(C) For special education local plan areas other than those funded through subparagraph (A), each special education local plan area shall also receive the difference between the out-of-home care funding amount for the special education local plan area and the amount received for the 2002–03 fiscal year for that special education local plan area divided by the sum of the difference between the out-of-home care funding amount and the amount received in the 2002–03 fiscal year for all special education local plan areas times the amount of funds provided for Section 56836.165 in the annual Budget Act that has not been allocated in subparagraph (A) or (B).

(2) For the 2006–07 fiscal year, the amount apportioned shall be as follows:

(A) If the out-of-home care funding amount calculated for a special education local plan area for the 2006–07 fiscal year is less than or equal to the amount a special education local plan area received for the 2005–06 fiscal year, the special education local plan area shall receive the same amount it received for the 2005–06 fiscal year less 20 percent of the difference between the amount received for the 2005–06 fiscal year and the out-of-home care funding amount computed for the 2006–07 fiscal year.

(B) For special education local plan areas other than those funded through subparagraph (A), special education local plan areas shall receive the amount received for the 2005–06 fiscal year.

(C) For special education local plan areas other than those funded through subparagraph (A), each special education local plan area shall also receive the difference between the out-of-home care funding amount for that special education local plan area and the amount received for the 2005–06 fiscal year for that special education local plan area divided by the sum of the difference between the out-of-home care funding amount and the amount received in the 2005–06 fiscal year for all special education local plan areas times the amount of funds provided for Section 56836.165 in the annual Budget Act that has not been allocated in subparagraph (A) or (B).

(b) (1) Commencing with the 2007–08 fiscal year, both of the following shall apply:

(A) To the extent that funds are available pursuant to subclause (II) of clause (i) of subparagraph (B) of paragraph (4) of subdivision (d) of

Section 97.2 of the Revenue and Taxation Code or subclause (II) of clause (i) of subparagraph (B) of paragraph (4) of subdivision (d) of Section 97.3 of the Revenue and Taxation Code, or both, not more than 50 percent of the amount determined in this subdivision for the applicable fiscal year shall be apportioned by the auditor of the county containing the applicable county Educational Revenue Augmentation Fund to the special education local plan area.

(B) The remaining 50 percent of the amount determined in this subdivision for the applicable fiscal year, or more if the applicable county Educational Revenue Augmentation Fund does not have sufficient funds to cover the entire percentage pursuant to subparagraph (A), shall be apportioned by the department to the special education local plan area.

(2) For the 2007–08 fiscal year, the total amount apportioned to a special education local plan area pursuant to the formula established in paragraph (1) shall be as follows:

(A) If the out-of-home care funding amount calculated for a special education local plan area for the 2007–08 fiscal year is less than or equal to the amount a special education local plan area received for the 2006–07 fiscal year, the special education local plan area shall receive the same amount it received for the 2006–07 fiscal year less 25 percent of the difference between the amount received for the 2006–07 fiscal year and the out-of-home care funding amount computed for the 2007–08 fiscal year.

(B) For special education local plan areas other than those funded through subparagraph (A), special education local plan areas shall receive the amount received for the 2006–07 fiscal year.

(C) For special education local plan areas other than those funded through subparagraph (A), each special education local plan area shall also receive the difference between the out-of-home care funding amount for that special education local plan area and the amount received for the 2006–07 fiscal year for that special education local plan area divided by the sum of the difference between the out-of-home care funding amount and the amount received in the 2006–07 fiscal year for all special education local plan areas times the amount of funds provided for Section 56836.165 in the annual Budget Act that has not been allocated in subparagraph (A) or (B).

(3) For the 2008–09 fiscal year, the total amount apportioned to a special education local plan area pursuant to the formula established in paragraph (1) shall be as follows:

(A) If the out-of-home care funding amount calculated for a special education local plan area for the 2008–09 fiscal year is less than or equal to the amount a special education local plan area received for the 2007–08 fiscal year, the special education local plan area shall receive the same

amount it received for the 2007–08 fiscal year less 33 percent of the difference between the amount received for the 2007–08 fiscal year and the out-of-home care funding amount computed for the 2008–09 fiscal year.

(B) For special education local plan areas other than those funded through subparagraph (A), special education local plan areas shall receive the amount received for the 2007–08 fiscal year.

(C) For special education local plan areas other than those funded through subparagraph (A), each special education local plan area shall also receive the difference between the out-of-home care funding amount for that special education local plan area and the amount received for the 2007–08 fiscal year for that special education local plan area divided by the sum of the difference between the out-of-home care funding amount and the amount received in the 2007–08 fiscal year for all special education local plan areas times the amount of funds provided for Section 56836.165 in the annual Budget Act that has not been allocated in subparagraph (A) or (B).

(4) For the 2009–10 fiscal year, the total amount apportioned to a special education local plan area pursuant to the formula established in paragraph (1) shall be as follows:

(A) If the out-of-home care funding amount calculated for a special education local plan area for the 2009–10 fiscal year is less than or equal to the amount a special education local plan area received for the 2008–09 fiscal year, the special education local plan area shall receive the same amount it received for the 2008–09 fiscal year less 50 percent of the difference between the amount received for the 2008–09 fiscal year and the out-of-home care funding amount computed for the 2009–10 fiscal year.

(B) For special education local plan areas other than those funded through subparagraph (A), special education local plan areas shall receive the amount received for the 2008–09 fiscal year.

(C) For special education local plan areas other than those funded through subparagraph (A), each special education local plan area shall also receive the difference between the out-of-home care funding amount for that special education local plan area and the amount received for the 2008–09 fiscal year for that special education local plan area divided by the sum of the difference between the out-of-home care funding amount and the amount received in the 2008–09 fiscal year for all special education local plan areas times the amount of funds provided for Section 56836.165 in the annual Budget Act that has not been allocated in subparagraph (A) or (B).

(5) Beginning in the 2010–11 fiscal year, the total amount apportioned to a special education local plan area pursuant to the formula established

in paragraph (1) shall be equal to the amount calculated pursuant to Section 56836.165. If the sum of the amounts calculated pursuant to Section 56836.165 for all special education local plan areas exceeds the Budget Act appropriation for this purpose, the department shall apply proportionate reductions to all special education local plan areas.

(c) A county Educational Revenue Augmentation Fund shall not be required to provide funding for special education programs funded pursuant to this section based on clause (i) of subparagraph (B) of paragraph (4) of subdivision (d) of Section 97.2 of the Revenue and Taxation Code, or clause (i) of subparagraph (B) of paragraph (4) of subdivision (d) of Section 97.3 of the Revenue and Taxation Code, or both, for a fiscal year prior to the 2007–08 fiscal year that it has not already provided for these programs prior to the start of the 2007–08 fiscal year.

SEC. 2. Section 97.2 of the Revenue and Taxation Code is amended to read:

97.2. Notwithstanding any other provision of this chapter, the computations and allocations made by each county pursuant to Section 96.1 or its predecessor section shall be modified for the 1992–93 fiscal year pursuant to subdivisions (a) to (d), inclusive, and for the 1997–98 and 1998–99 fiscal years pursuant to subdivision (e), as follows:

(a) (1) Except as provided in paragraph (2), the amount of property tax revenue deemed allocated in the prior fiscal year to each county shall be reduced by the dollar amounts indicated as follows, multiplied by 0.953649:

(2) Notwithstanding paragraph (1), the amount of the reduction specified in that paragraph for any county or city and county that has been materially and substantially impacted as a result of a federally declared disaster, as evidenced by at least 20 percent of the cities, or cities and unincorporated areas of the county representing 20 percent of the population within the county suffering substantial damage, as certified by the Director of the Office of Emergency Services, occurring between October 1, 1989, and the effective date of this section, shall be reduced by that portion of five million dollars ($5,000,000) determined for that county or city and county pursuant to subparagraph (B) of paragraph (3).

(3) On or before October 1, 1992, the Director of Finance shall do all of the following:

(A) Determine the population of each county and city and county in which a federally declared disaster has occurred between October 1, 1989, and the effective date of this section.

(B) Determine for each county and city and county as described in subparagraph (A) its share of five million dollars ($5,000,000) on the basis of that county's population relative to the total population of all counties described in subparagraph (A).

(C) Notify each auditor of each county and city and county of the amounts determined pursuant to subparagraph (B).

(b) (1) Except as provided in paragraph (2), the amount of property tax revenue deemed allocated in the prior fiscal year to each city, except for a newly incorporated city that did not receive property tax revenues in the 1991–92 fiscal year, shall be reduced by 9 percent. In making the above computation with respect to cities in Alameda County, the computation for a city described in paragraph (6) of subdivision (a) of Section 100.7, as added by Section 73.5 of Chapter 323 of the Statutes of 1983, shall be adjusted so that the amount multiplied by 9 percent is reduced by the amount determined for that city for "museums" pursuant to paragraph (2) of subdivision (h) of Section 95.

(2) Notwithstanding paragraph (1), the amount of the reduction determined pursuant to that paragraph for any city that has been materially and substantially impacted as a result of a federally declared disaster, as certified by the Director of the Office of Emergency Services, occurring between October 1, 1989, and the effective date of this section, shall be reduced by that portion of fifteen million dollars ($15,000,000) determined for that city pursuant to subparagraph (B) of paragraph (3).

(3) On or before October 1, 1992, the Director of Finance shall do all of the following:

(A) Determine the population of each city in which a federally declared disaster has occurred between October 1, 1989, and the effective date of this section.

(B) Determine for each city as described in subparagraph (A) its share of fifteen million dollars ($15,000,000) on the basis of that city's population relative to the total population of all cities described in subparagraph (A).

(C) Notify each auditor of each county and city and county of the amounts determined pursuant to subparagraph (B).

(4) In the 1992–93 fiscal year and each fiscal year thereafter, the auditor shall adjust the computations required pursuant to Article 4 (commencing with Section 98) so that those computations do not result in the restoration of any reduction required pursuant to this section.

(c) (1) Subject to paragraph (2), the amount of property tax revenue, other than those revenues that are pledged to debt service, deemed allocated in the prior fiscal year to a special district, other than a multicounty district, a local hospital district, or a district governed by a city council or whose governing board has the same membership as a city council, shall be reduced by 35 percent. For purposes of this subdivision, "revenues that are pledged to debt service" include only those amounts required to pay debt service costs in the 1991–92 fiscal year on debt instruments issued by a special district for the acquisition of capital assets.

(2) No reduction pursuant to paragraph (1) for any special district, other than a countywide water agency that does not sell water at retail, shall exceed an amount equal to 10 percent of that district's total annual revenues, from whatever source, as shown in the 1989–90 edition of the State Controller's Report on Financial Transactions Concerning Special Districts (not including any annual revenues from fiscal years following the 1989–90 fiscal year). With respect to any special district, as defined pursuant to subdivision (m) of Section 95, that is allocated property tax revenue pursuant to this chapter but does not appear in the State Controller's Report on Financial Transactions Concerning Special Districts, the auditor shall determine the total annual revenues for that special district from the information in the 1989–90 edition of the State Controller's Report on Financial Transactions Concerning Counties. With respect to a special district that did not exist in the 1989–90 fiscal year, the auditor may use information from the first full fiscal year, as appropriate, to determine the total annual revenues for that special district. No reduction pursuant to paragraph (1) for any countywide water agency that does not sell water at retail shall exceed an amount equal to 10 percent of that portion of that agency's general fund derived from property tax revenues.

(3) The auditor in each county shall, on or before January 15, 1993, and on or before January 30 of each year thereafter, submit information to the Controller concerning the amount of the property tax revenue reduction to each special district within that county as a result of paragraphs (1) and (2). The Controller shall certify that the calculation of the property tax revenue reduction to each special district within that county is accurate and correct, and submit this information to the Director of Finance.

(A) The Director of Finance shall determine whether the total of the amounts of the property tax revenue reductions to special districts, as certified by the Controller, is equal to the amount that would be required to be allocated to school districts and community college districts as a result of a three hundred seventy-five million dollar ($375,000,000) shift of property tax revenues from special districts for the 1992–93 fiscal year. If, for any year, the total of the amount of the property tax revenue reductions to special districts is less than the amount as described in the preceding sentence, the amount of property tax revenue, other than those revenues that are pledged to debt service, deemed allocated in the prior fiscal year to a special district, other than a multicounty district, a local hospital district, or a district governed by a city council or whose governing board has the same membership as a city council, shall, subject to subparagraph (B), be reduced by an amount up to 5 percent of the amount subject to reduction for that district pursuant to paragraphs (1) and (2).

(B) No reduction pursuant to subparagraph (A), in conjunction with a reduction pursuant to paragraphs (1) and (2), for any special district, other than a countywide water agency that does not sell water at retail, shall exceed an amount equal to 10 percent of that district's total annual revenues, from whatever source, as shown in the most recent State Controller's Report on Financial Transactions Concerning Special Districts. No reduction pursuant to subparagraph (A), in conjunction with a reduction pursuant to paragraphs (1) and (2), for any countywide water agency that does not sell water at retail shall exceed an amount equal to 10 percent of that portion of that agency's general fund derived from property tax revenues.

(C) In no event shall the amount of the property tax revenue loss to a special district derived pursuant to subparagraphs (A) and (B) exceed 40 percent of that district's property tax revenues or 10 percent of that district's total revenues, from whatever source.

(4) For the purpose of determining the total annual revenues of a special district that provides fire protection or fire suppression services, all of the following shall be excluded from the determination of total annual revenues:

(A) If the district had less than two million dollars ($2,000,000) in total annual revenues in the 1991–92 fiscal year, the revenue generated by a fire suppression assessment levied pursuant to Article 3.6 (commencing with Section 50078) of Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code.

(B) The total amount of all funds, regardless of the source, that are appropriated to a district, including a fire department, by a board of supervisors pursuant to Section 25642 of the Government Code or Chapter 7 (commencing with Section 13890) of Part 2.7 of Division 12 of the Health and Safety Code for fire protection. The amendment of this subparagraph by Chapter 290 of the Statutes of 1997 shall not be construed to affect any exclusion from the total annual revenues of a special district that was authorized by this subparagraph as it read prior to that amendment.

(C) The revenue received by a district as a result of contracts entered into pursuant to Section 4133 of the Public Resources Code.

(5) For the purpose of determining the total annual revenues of a resource conservation district, all of the following shall be excluded from the determination of total annual revenues:

(A) Any revenues received by that district from the state for financing the acquisition of land, or the construction or improvement of state projects, and for which that district serves as the fiscal agent in administering those state funds pursuant to an agreement entered into between that district and a state agency.

(B) Any amount received by that district as a private gift or donation.

(C) Any amount received as a county grant or contract as supplemental to, or independent of, that district's property tax share.

(D) Any amount received by that district as a federal or state grant.

(d) (1) The amount of property tax revenues not allocated to the county, cities within the county, and special districts as a result of the reductions calculated pursuant to subdivisions (a), (b), and (c) shall instead be deposited in the Educational Revenue Augmentation Fund to be established in each county. The amount of revenue in the Educational Revenue Augmentation Fund, derived from whatever source, shall be allocated pursuant to paragraphs (2) and (3) to school districts and county offices of education, in total, and to community college districts, in total, in the same proportion that property tax revenues were distributed to school districts and county offices of education, in total, and community college districts, in total, during the 1991–92 fiscal year.

(2) The auditor shall, based on information provided by the county superintendent of schools pursuant to this paragraph, allocate the proportion of the Educational Revenue Augmentation Fund to those school districts and county offices of education within the county that

are not excess tax school entities, as defined in subdivision (n) of Section 95. The county superintendent of schools shall determine the amount to be allocated to each school district and county office of education in inverse proportion to the amounts of property tax revenue per average daily attendance in each school district and county office of education. In no event shall any additional money be allocated from the fund to a school district or county office of education upon that school district or county office of education becoming an excess tax school entity.

(3) The auditor shall, based on information provided by the Chancellor of the California Community Colleges pursuant to this paragraph, allocate the proportion of the Educational Revenue Augmentation Fund to those community college districts within the county that are not excess tax school entities, as defined in subdivision (n) of Section 95. The chancellor shall determine the amount to be allocated to each community college district in inverse proportion to the amounts of property tax revenue per funded full-time equivalent student in each community college district. In no event shall any additional money be allocated from the fund to a community college district upon that district becoming an excess tax school entity.

(4) (A) If, after making the allocation required pursuant to paragraph (2), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (3). If, after making the allocation pursuant to paragraph (3), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (2).

(B) (i) (I) For the 1995–96 fiscal year and each fiscal year thereafter, if, after making the allocations pursuant to paragraphs (2) and (3) and subparagraph (A), the auditor determines that there are still additional funds to be allocated, the auditor shall, subject to clauses (ii) and (iii), allocate those excess funds to the county superintendent of schools. Funds allocated pursuant to this subclause shall be counted as property tax revenues for special education programs in augmentation of the amount calculated pursuant to Section 2572 of the Education Code, to the extent that those property tax revenues offset state aid for county offices of education and school districts within the county pursuant to subdivision (c) of Section 56836.08 of the Education Code.

(II) For the 2007–08 fiscal year and for each fiscal year thereafter, both of the following apply:

(ia) In allocating the revenues described in subclause (I), the auditor shall apportion funds to the appropriate special education local plan area to cover the amount determined in Section 56836.173 of the Education Code.

(ib) Except as otherwise provided by sub-subclause (ia), property tax revenues described in subclause (I) shall not be apportioned to special education programs funded pursuant to Section 56836.173 of the Education Code.

(III) If, for the 2000–01 fiscal year or any fiscal year thereafter, any additional revenues remain after the implementation of subclauses (I) and (II), the auditor shall allocate those remaining revenues among the county, cities, and special districts in proportion to the amounts of ad valorem property tax revenue otherwise required to be shifted from those local agencies to the county's Educational Revenue Augmentation Fund for the relevant fiscal year.

(IV) A county Educational Revenue Augmentation Fund shall not be required to provide funding for special education programs funded pursuant to Section 56836.173 of the Education Code or any predecessor to that section for a fiscal year prior to the 2007–08 fiscal year that it has not already provided for these programs prior to the beginning of the 2007–08 fiscal year.

(ii) For the 1995–96 fiscal year only, clause (i) shall have no application to the County of Mono and the amount allocated pursuant to clause (i) in the County of Marin shall not exceed five million dollars ($5,000,000).

(iii) For the 1996–97 fiscal year only, the total amount of funds allocated by the auditor pursuant to clause (i) and clause (i) of subparagraph (B) of paragraph (4) of subdivision (d) of Section 97.3 shall not exceed that portion of two million five hundred thousand dollars ($2,500,000) that corresponds to the county's proportionate share of all moneys allocated pursuant to clause (i) and clause (i) of subparagraph (B) of paragraph (4) of subdivision (d) of Section 97.3 for the 1995–96 fiscal year. Upon the request of the auditor, the Department of Finance shall provide to the auditor all information in the department's possession that is necessary for the auditor to comply with this clause.

(iv) Notwithstanding clause (i) of this subparagraph, for the 1999–2000 fiscal year only, if, after making the allocations pursuant to paragraphs (2) and (3) and subparagraph (A), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate the funds to the county, cities, and special districts in proportion to the amounts of ad valorem property tax revenue otherwise required to be shifted from those local agencies to the county's Educational Revenue Augmentation Fund for the relevant fiscal year. The amount allocated pursuant to this clause shall not exceed eight million two hundred thirty-nine thousand dollars ($8,239,000), as appropriated in Item 6110-250-0001 of Section 2.00 of the Budget Act of 1999 (Chapter 50, Statutes of 1999). This clause shall be operative for the 1999–2000 fiscal

year only to the extent that moneys are appropriated for purposes of this clause in the Budget Act of 1999 by an appropriation that specifically references this clause.

(C) For purposes of allocating the Educational Revenue Augmentation Fund for the 1996–97 fiscal year, the auditor shall, after making the allocations for special education programs, if any, required by subparagraph (B), allocate all remaining funds among the county, cities, and special districts in proportion to the amounts of ad valorem property tax revenue otherwise required to be shifted from those local agencies to the county's Educational Revenue Augmentation Fund for the relevant fiscal year. For purposes of ad valorem property tax revenue allocations for the 1997–98 fiscal year and each fiscal year thereafter, no amount of ad valorem property tax revenue allocated to the county, a city, or a special district pursuant to this subparagraph shall be deemed to be an amount of ad valorem property tax revenue allocated to that local agency in the prior fiscal year.

(5) For purposes of allocations made pursuant to Section 96.1 or its predecessor section for the 1993–94 fiscal year, the amounts allocated from the Educational Revenue Augmentation Fund pursuant to this subdivision, other than amounts deposited in the Educational Revenue Augmentation Fund pursuant to Section 33681 of the Health and Safety Code, shall be deemed property tax revenue allocated to the Educational Revenue Augmentation Fund in the prior fiscal year.

(e) (1) For the 1997–98 fiscal year:

(A) The amount of property tax revenue deemed allocated in the prior fiscal year to any city subject to the reduction specified in paragraph (2) of subdivision (b) shall be reduced by an amount that is equal to the difference between the amount determined for the city pursuant to paragraph (1) of subdivision (b) and the amount of the reduction determined for the city pursuant to paragraph (2) of subdivision (b).

(B) The amount of property tax revenue deemed allocated in the prior fiscal year to any county or city and county subject to the reduction specified in paragraph (2) of subdivision (a) shall be reduced by an amount that is equal to the difference between the amount specified for the county or city and county pursuant to paragraph (1) of subdivision (a) and the amount of the reduction determined for the county or city and county pursuant to paragraph (2) of subdivision (a).

(2) The amount of property tax revenues not allocated to a city or city and county as a result of this subdivision shall be deposited in the Educational Revenue Augmentation Fund described in subparagraph (A) of paragraph (1) of subdivision (d).

(3) For purposes of allocations made pursuant to Section 96.1 for the 1998–99 fiscal year, the amounts allocated from the Educational Revenue

Augmentation Fund pursuant to this subdivision shall be deemed property tax revenues allocated to the Educational Revenue Augmentation Fund in the prior fiscal year.

(f) It is the intent of the Legislature in enacting this section that this section supersede and be operative in place of Section 97.03 of the Revenue and Taxation Code, as added by Senate Bill 617 of the 1991–92 Regular Session.

SEC. 3. Section 97.3 of the Revenue and Taxation Code is amended to read:

97.3. Notwithstanding any other provision of this chapter, the computations and allocations made by each county pursuant to Section 96.1 or its predecessor section, as modified by Section 97.2 or its predecessor section for the 1992–93 fiscal year, shall be modified for the 1993–94 fiscal year pursuant to subdivisions (a) to (c), inclusive, as follows:

(a) The amount of property tax revenue deemed allocated in the prior fiscal year to each county and city and county shall be reduced by an amount to be determined by the Director of Finance in accordance with the following:

(1) The total amount of the property tax reductions for counties and cities and counties determined pursuant to this section shall be one billion nine hundred ninety-eight million dollars ($1,998,000,000) in the 1993–94 fiscal year.

(2) The Director of Finance shall determine the amount of the reduction for each county or city and county as follows:

(A) The proportionate share of the property tax revenue reduction for each county or city and county that would have been imposed on all counties under the proposal specified in the "May Revision of the 1993–94 Governor's Budget" shall be determined by reference to the document entitled "Estimated County Property Tax Transfers Under Governor's May Revision Proposal," published by the Legislative Analyst's Office on June 1, 1993.

(B) Each county's or city and county's proportionate share of total taxable sales in all counties in the 1991–92 fiscal year shall be determined.

(C) An amount for each county and city and county shall be determined by applying its proportionate share determined pursuant to subparagraph (A) to the one billion nine hundred ninety-eight million dollar ($1,998,000,000) statewide reduction for counties and cities and counties.

(D) An amount for each county and city and county shall be determined by applying its proportionate share determined pursuant to subparagraph (B) to the one billion nine hundred ninety-eight million

dollar ($1,998,000,000) statewide reduction for counties and cities and counties.

(E) The Director of Finance shall add the amounts determined pursuant to subparagraphs (C) and (D) for each county and city and county, and divide the resulting figure by two. The amount so determined for each county and city and county shall be divided by a factor of 1.038. The resulting figure shall be the amount of property tax revenue to be subtracted from the amount of property tax revenue deemed allocated in the prior fiscal year.

(3) The Director of Finance shall, by July 15, 1993, report to the Joint Legislative Budget Committee its determination of the amounts determined pursuant to paragraph (2).

(4) On or before August 15, 1993, the Director of Finance shall notify the auditor of each county and city and county of the amount of property tax revenue reduction determined for each county and city and county.

(5) Notwithstanding any other provision of this subdivision, the amount of the reduction specified in paragraph (2) for any county or city and county that has first implemented, for the 1993–94 fiscal year, the alternative procedure for the distribution of property tax levies authorized by Chapter 3 (commencing with Section 4701) of Part 8 shall be reduced, for the 1993–94 fiscal year only, in the amount of any increased revenue allocated to each qualifying school entity that would not have been allocated for the 1993–94 fiscal year but for the implementation of that alternative procedure. For purposes of this paragraph, "qualifying school entity" means any school district, county office of education, or community college district that is not an excess tax school entity as defined in Section 95, and a county's Educational Revenue Augmentation Fund as described in subdivision (d) of this section and subdivision (d) of Section 97.2. Notwithstanding any other provision of this paragraph, the amount of any reduction calculated pursuant to this paragraph for any county or city and county shall not exceed the reduction calculated for that county or city and county pursuant to paragraph (2).

(6) Notwithstanding the provisions of paragraph (5), the amount of the reduction specified in paragraph (2) for a county of the 16th class that has first implemented, for the 1993–94 fiscal year, the alternative procedure for the distribution of property tax levies authorized by Chapter 2 (commencing with Section 4701) of Part 8 shall be reduced, for the 1993–94 fiscal year only, in the amount of any increased revenue distributed to each qualifying school entity that would not have been distributed for the 1993–94 fiscal year, pursuant to the historical accounting method of that county of the 16th class, but for the implementation of that alternative procedure. For purposes of this paragraph, "qualifying school entity" means any school district, county

office of education, or community college district that is not an excess tax school entity as defined in Section 95, and a county's Educational Revenue Augmentation Fund as described in subdivision (a) of this section and subdivision (d) of Section 97.2. Notwithstanding any other provision of this paragraph, the amount of any reduction calculated pursuant to this paragraph for any county shall not exceed the reduction calculated for that county pursuant to paragraph (2).

(b) The amount of property tax revenue deemed allocated in the prior fiscal year to each city shall be reduced by an amount to be determined by the Director of Finance in accordance with the following:

(1) The total amount of the property tax reductions determined for cities pursuant to this section shall be two hundred eighty-eight million dollars ($288,000,000) in the 1993–94 fiscal year.

(2) The Director of Finance shall determine the amount of reduction for each city as follows:

(A) The amount of property tax revenue that is estimated to be attributable in the 1993–94 fiscal year to the amount of each city's state assistance payment received by that city pursuant to Chapter 282 of the Statutes of 1979 shall be determined.

(B) A factor for each city equal to the amount determined pursuant to subparagraph (A) for that city, divided by the total of the amounts determined pursuant to subparagraph (A) for all cities, shall be determined.

(C) An amount for each city equal to the factor determined pursuant to subparagraph (B), multiplied by three hundred eighty-two million five hundred thousand dollars ($382,500,000), shall be determined.

(D) In no event shall the amount for any city determined pursuant to subparagraph (C) exceed a per capita amount of nineteen dollars and thirty-one cents ($19.31), as determined in accordance with that city's population on January 1, 1993, as estimated by the Department of Finance.

(E) The amount determined for each city pursuant to subparagraphs (C) and (D) shall be the amount of property tax revenue to be subtracted from the amount of property tax revenue deemed allocated in the prior year.

(3) The Director of Finance shall, by July 15, 1993, report to the Joint Legislative Budget Committee those amounts determined pursuant to paragraph (2).

(4) On or before August 15, 1993, the Director of Finance shall notify each county auditor of the amount of property tax revenue reduction determined for each city located within that county.

(c) (1) The amount of property tax revenue deemed allocated in the prior fiscal year to each special district, as defined pursuant to subdivision

(m) of Section 95, shall be reduced by the amount determined for the district pursuant to paragraph (3) and increased by the amount determined for the district pursuant to paragraph (4). The total net amount of these changes is intended to equal two hundred forty-four million dollars ($244,000,000) in the 1993–94 fiscal year.

(2) (A) Notwithstanding any other provision of this subdivision, no reduction shall be made pursuant to this subdivision with respect to any of the following special districts:

(i) A local hospital district as described in Division 23 (commencing with Section 32000) of the Health and Safety Code.

(ii) A water agency that does not sell water at retail, but not including an agency the primary function of which, as determined on the basis of total revenues, is flood control.

(iii) A transit district.

(iv) A police protection district formed pursuant to Part 1 (commencing with Section 20000) of Division 14 of the Health and Safety Code.

(v) A special district that was a multicounty special district as of July 1, 1979.

(B) Notwithstanding any other provision of this subdivision, the first one hundred four thousand dollars ($104,000) of the amount of any reduction that otherwise would be made under this subdivision with respect to a qualifying community services district shall be excluded. For purposes of this subparagraph, a "qualifying community services district" means a community services district that meets all of the following requirements:

(i) Was formed pursuant to Division 3 (commencing with Section 61000) of Title 6 of the Government Code.

(ii) Succeeded to the duties and properties of a police protection district upon the dissolution of that district.

(iii) Currently provides police protection services to substantially the same territory as did that district.

(iv) Is located within a county in which the board of supervisors has requested the Department of Finance that this subparagraph be operative in the county.

(3) (A) On or before September 15, 1993, the county auditor shall determine an amount for each special district equal to the amount of its allocation determined pursuant to Section 96 or 96.1, and Section 96.5 or their predecessor sections for the 1993–94 fiscal year multiplied by the ratio determined pursuant to paragraph (1) of subdivision (a) of former Section 98.6 as that section read on June 15, 1993. In those counties that were subject to former Sections 98.66, 98.67, and 98.68, as those sections read on that same date, the county auditor shall

determine an amount for each special district that represents the current amount of its allocation determined pursuant to Section 96 or 96.1, and Section 96.5 or their predecessor sections for the 1993–94 fiscal year that is attributed to the property tax shift from schools required by Chapter 282 of the Statutes of 1979. In that county subject to Section 100.4, the county auditor shall determine an amount for each special district that represents the current amount of its allocations determined pursuant to Section 96, 96.1, 96.5, or 100.4 or their predecessor sections for the 1993–94 fiscal year that is attributable to the property tax shift from schools required by Chapter 282 of the Statutes of 1979. In determining these amounts, the county auditor shall adjust for the influence of increased assessed valuation within each district, including the effect of jurisdictional changes, and the reductions in property tax allocations required in the 1992–93 fiscal year by Chapters 699 and 1369 of the Statutes of 1992. In the case of a special district that has been consolidated or reorganized, the auditor shall determine the amount of its current property tax allocation that is attributable to the prior district's or districts' receipt of state assistance payments pursuant to Chapter 282 of the Statutes of 1979. Notwithstanding any other provision of this paragraph, for a special district that is governed by a city council or whose governing board has the same membership as a city council and that is a subsidiary district as defined in subdivision (e) of Section 16271 of the Government Code, the county auditor shall multiply the amount that otherwise would be calculated pursuant to this paragraph by 0.38 and the result shall be used in the calculations required by paragraph (5). In no event shall the amount determined by this paragraph be less than zero.

(B) Notwithstanding subparagraph (A), commencing with the 1994–95 fiscal year, in the County of Sacramento, the auditor shall determine the amount for each special district that represents the current amount of its allocations determined pursuant to Section 96, 96.1, 96.5, or 100.6 for the 1994–95 fiscal year that is attributed to the property tax shift from schools required by Chapter 282 of the Statutes of 1979.

(4) (A) (i) On or before September 15, 1993, the county auditor shall determine an amount for each special district that is engaged in fire protection activities, as reported to the Controller for inclusion in the 1989–90 edition of the Financial Transactions Report Concerning Special Districts under the heading of "Fire Protection," that is equal to the amount of revenue allocated to that special district from the Special District Augmentation Fund for fire protection activities in the 1992–93 fiscal year. For purposes of the preceding sentence for counties of the second class, the phrase "amount of revenue allocated to that special district" means an amount of revenue that was identified for transfer to

that special district, rather than the amount of revenue that was actually received by that special district pursuant to that transfer.

(ii) In the case of a special district, other than a special district governed by the county board of supervisors or whose governing body is the same as the county board of supervisors, that is engaged in fire protection activities as reported to the Controller, the county auditor shall also determine the amount by which the district's amount determined pursuant to paragraph (3) exceeds the amount by which its allocation was reduced by operation of former Section 98.6 in the 1992–93 fiscal year. This amount shall be added to the amount otherwise determined for the district under this paragraph. In any county subject to former Section 98.65, 98.66, 98.67, or 98.68 in that same fiscal year, the county auditor shall determine for each special district that is engaged in fire protection activities an amount that is equal to the amount determined for that district pursuant to paragraph (3).

(B) For purposes of this paragraph, a special district includes any special district that is allocated property tax revenue pursuant to this chapter and does not appear in the State Controller's Report on Financial Transactions Concerning Special Districts, but is engaged in fire protection activities and appears in the State Controller's Report on Financial Transactions Concerning Counties.

(5) The total amount of property taxes allocated to special districts by the county auditor as a result of paragraph (4) shall be subtracted from the amount of property tax revenues not allocated to special districts by the county auditor as a result of paragraph (3) to determine the amount to be deposited in the Education Revenue Augmentation Fund as specified in subdivision (d).

(6) On or before September 30, 1993, the county auditor shall notify the Director of Finance of the net amount determined for special districts pursuant to paragraph (5).

(d) (1) The amount of property tax revenues not allocated to the county, city and county, cities within the county, and special districts as a result of the reductions required by subdivisions (a), (b), and (c) shall instead be deposited in the Educational Revenue Augmentation Fund established in each county or city and county pursuant to Section 97.2. The amount of revenue in the Educational Revenue Augmentation Fund, derived from whatever source, shall be allocated pursuant to paragraphs (2) and (3) to school districts and county offices of education, in total, and to community college districts, in total, in the same proportion that property tax revenues were distributed to school districts and county offices of education, in total, and community college districts, in total, during the 1992–93 fiscal year.

(2) The county auditor shall, based on information provided by the county superintendent of schools pursuant to this paragraph, allocate that proportion of the revenue in the Educational Revenue Augmentation Fund to be allocated to school districts and county offices of education only to those school districts and county offices of education within the county that are not excess tax school entities, as defined in subdivision (n) of Section 95. The county superintendent of schools shall determine the amount to be allocated to each school district in inverse proportion to the amounts of property tax revenue per average daily attendance in each school district. For each county office of education, the allocation shall be made based on the historical split of base property tax revenue between the county office of education and school districts within the county. In no event shall any additional money be allocated from the Educational Revenue Augmentation Fund to a school district or county office of education upon that district or county office of education becoming an excess tax school entity. If, after determining the amount to be allocated to each school district and county office of education, the county superintendent of schools determines there are still additional funds to be allocated, the county superintendent of schools shall determine the remainder to be allocated in inverse proportion to the amounts of property tax revenue, excluding Educational Revenue Augmentation Fund moneys, per average daily attendance in each remaining school district, and on the basis of the historical split described above for each county office of education that is not an excess tax school entity, until all funds that would not result in a school district or county office of education becoming an excess tax school entity are allocated. The county superintendent of schools may determine the amounts to be allocated between each school district and county office of education to ensure that all funds that would not result in a school district or county office of education becoming an excess tax school entity are allocated.

(3) The county auditor shall, based on information provided by the Chancellor of the California Community Colleges pursuant to this paragraph, allocate that proportion of the revenue in the Educational Revenue Augmentation Fund to be allocated to community college districts only to those community college districts within the county that are not excess tax school entities, as defined in subdivision (n) of Section 95. The chancellor shall determine the amount to be allocated to each community college district in inverse proportion to the amounts of property tax revenue per funded full-time equivalent student in each community college district. In no event shall any additional money be allocated from the Educational Revenue Augmentation Fund to a community college district upon that district becoming an excess tax school entity.

(4) (A) If, after making the allocation required pursuant to paragraph (2), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (3). If, after making the allocation pursuant to paragraph (3), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (2). If, after determining the amount to be allocated to each community college district, the Chancellor of the California Community Colleges determines that there are still additional funds to be allocated, the Chancellor of the California Community Colleges shall determine the remainder to be allocated to each community college district in inverse proportion to the amounts of property tax revenue, excluding Educational Revenue Augmentation Fund moneys, per funded full-time equivalent student in each remaining community college district that is not an excess tax school entity until all funds that would not result in a community college district becoming an excess tax school entity are allocated.

(B) (i) (I) For the 1995–96 fiscal year and each fiscal year thereafter, if, after making the allocations pursuant to paragraphs (2) and (3) and subparagraph (A), the auditor determines that there are still additional funds to be allocated, the auditor shall, subject to clauses (ii) and (iii), allocate those excess funds to the county superintendent of schools. Funds allocated pursuant to this subclause shall be counted as property tax revenues for special education programs in augmentation of the amount calculated pursuant to Section 2572 of the Education Code, to the extent that those property tax revenues offset state aid for county offices of education and school districts within the county pursuant to subdivision (c) of Section 56836.08 of the Education Code.

(II) For the 2007–08 fiscal year and for each fiscal year thereafter, both of the following apply:

(ia) In allocating the revenues described in subclause (I), the auditor shall apportion funds to the appropriate special education local plan area to cover the amount determined in Section 56836.173 of the Education Code.

(ib) Except as otherwise provided by sub-subclause (ia), property tax revenues described in subclause (I) shall not be apportioned to special education programs funded pursuant to Section 56836.173 of the Education Code.

(III) If, for the 2000–01 fiscal year or any fiscal year thereafter, any additional revenues remain after the implementation of subclauses (I) and (II), the auditor shall allocate those remaining revenues among the county, cities, and special districts in proportion to the amounts of ad valorem property tax revenue otherwise required to be shifted from those

local agencies to the county's Educational Revenue Augmentation Fund for the relevant fiscal year.

(IV) A county Educational Revenue Augmentation Fund shall not be required to provide funding for special education programs funded pursuant to Section 56836.173 of the Education Code or any predecessor to that section for a fiscal year prior to the 2007–08 fiscal year that it has not already provided for these programs prior to the beginning of the 2007–08 fiscal year.

(ii) For the 1995–96 fiscal year only, clause (i) shall have no application to the County of Mono and the amount allocated pursuant to clause (i) in the County of Marin shall not exceed five million dollars ($5,000,000).

(iii) For the 1996–97 fiscal year only, the total amount of funds allocated by the auditor pursuant to clause (i) and clause (i) of subparagraph (B) of paragraph (4) of subdivision (d) of Section 97.2 shall not exceed that portion of two million five hundred thousand dollars ($2,500,000) that corresponds to the county's proportionate share of all moneys allocated pursuant to clause (i) and clause (i) of subparagraph (B) of paragraph (4) of subdivision (d) of Section 97.2 for the 1995–96 fiscal year. Upon the request of the auditor, the Department of Finance shall provide to the auditor all information in the department's possession that is necessary for the auditor to comply with this clause.

(iv) Notwithstanding clause (i) of this subparagraph, for the 1999–2000 fiscal year only, if, after making the allocations pursuant to paragraphs (2) and (3) and subparagraph (A), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate the funds to the county, cities, and special districts in proportion to the amounts of ad valorem property tax revenue otherwise required to be shifted from those local agencies to the county's Educational Revenue Augmentation Fund for the relevant fiscal year. The amount allocated pursuant to this clause shall not exceed eight million two hundred thirty-nine thousand dollars ($8,239,000), as appropriated in Item 6110-250-0001 of Section 2.00 of the Budget Act of 1999 (Chapter 50, Statutes of 1999).

(C) For purposes of allocating the Educational Revenue Augmentation Fund for the 1996–97 fiscal year, the auditor shall, after making the allocations for special education programs, if any, required by subparagraph (B), allocate all remaining funds among the county, cities, and special districts in proportion to the amounts of ad valorem property tax revenue otherwise required to be shifted from those local agencies to the county's Educational Revenue Augmentation Fund for the relevant fiscal year. For purposes of ad valorem property tax revenue allocations for the 1997–98 fiscal year and each fiscal year thereafter, no amount

of ad valorem property tax revenue allocated to the county, a city, or a special district pursuant to this subparagraph shall be deemed to be an amount of ad valorem property tax revenue allocated to that local agency in the prior fiscal year.

(5) For purposes of allocations made pursuant to Section 96.1 for the 1994–95 fiscal year, the amounts allocated from the Educational Revenue Augmentation Fund pursuant to this subdivision, other than those amounts deposited in the Educational Revenue Augmentation Fund pursuant to any provision of the Health and Safety Code, shall be deemed property tax revenue allocated to the Educational Revenue Augmentation Fund in the prior fiscal year.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act provides for offsetting savings to local agencies or school districts that result in no net costs to the local agencies or school districts, within the meaning of Section 17556 of the Government Code.

CHAPTER 464

An act to amend Section 8712 of the Family Code, and to amend Section 18260 of, and to add Sections 16519 and 16519.5 to, the Welfare and Institutions Code, relating to public social services.

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 8712 of the Family Code is amended to read:

8712. (a) The department or licensed adoption agency shall require each person filing an application for adoption to be fingerprinted and shall secure from an appropriate law enforcement agency any criminal record of that person to determine whether the person has ever been convicted of a crime other than a minor traffic violation. The department or a licensed adoption agency may also secure the person's full criminal record, if any. Any federal level criminal offender record requests to the Department of Justice shall be submitted with fingerprint images and related information required by the Department of Justice for the purposes of obtaining information as to the existence and content of a record of an out-of-state or federal conviction or arrest of a person or information regarding any out-of-state or federal crimes or arrests for which the Department of Justice establishes that the person is free on bail, or on

his or her own recognizance pending trial or appeal. The Department of Justice shall forward to the Federal Bureau of Investigation any such requests for federal summary criminal history information received pursuant to this section. The Department of Justice shall review the information returned from the Federal Bureau of Investigation and shall compile and disseminate a response to the department or a licensed adoption agency.

(b) The criminal record, if any, shall be taken into consideration when evaluating the prospective adoptive parent, and an assessment of the effects of any criminal history on the ability of the prospective adoptive parent to provide adequate and proper care and guidance to the child shall be included in the report to the court.

(c) Any fee charged by a law enforcement agency for fingerprinting or for checking or obtaining the criminal record of the applicant shall be paid by the applicant. The department or licensed adoption agency may defer, waive, or reduce the fee when its payment would cause economic hardship to prospective adoptive parents detrimental to the welfare of the adopted child, when the child has been in the foster care of the prospective adoptive parents for at least one year, or if necessary for the placement of a special-needs child.

SEC. 2. Section 16519 is added to the Welfare and Institutions Code, to read:

16519. The Legislature finds and declares the following:

(a) Safety, permanency, and well-being are crucial for the more than 82,000 California children in foster care, and are paramount to achieving both federal and state child welfare system improvement goals. Foster children need safe homes with permanent connections to family or other caring adults. The current licensing and approval system, which screens families to care for foster children, fails to support these outcomes.

(b) Children in foster care live in a variety of out-of-home care settings: licensed foster family homes, approved relative and nonrelative extended family member homes, foster family agencies, and group homes. All of these placement types, considered facilities under current law, are required to meet the respective health and safety standards in order to be licensed or approved. This has produced administrative inefficiencies and confusion among stakeholders, and has contributed to difficulty in recruiting suitable foster family homes for children in out-of-home care. Increasing the number of available suitable homes will improve the likelihood that the best home will be initially identified to meet a child's particular needs.

(c) Child safety and well-being are not achieved solely by ensuring that the home the child is placed in is free from physical hazards and that adults living in the home do not have disqualifying criminal

convictions or past reports of child abuse. Child safety and well-being are also dependent upon consideration of the resource family's psychosocial history that includes physical health, mental health, alcohol and substance abuse, family violence or abuse, and experience caring for children.

(d) Research shows that children in out-of-home care placed with relatives and nonrelative extended family members are more stable, more likely to be placed with siblings, and more likely to stay connected to their community and extended family. California statutory and regulatory provisions should maximize the likelihood that a child will initially be placed in the care of a safe relative or nonrelative extended family member who is willing to provide permanent care if reunification cannot be achieved.

(e) Families living in the same neighborhood as a family from which a child has been removed are often best suited to provide for the immediate placement needs of that child.

(f) Families who provide care to children in out-of-home placement are a valuable resource to the people of this state and to the children for whom they provide care.

SEC. 3. Section 16519.5 is added to the Welfare and Institutions Code, to read:

16519.5. (a) The State Department of Social Services, in consultation with county child welfare agencies, foster parent associations, and other interested community parties, shall implement a pilot program to establish a unified, family friendly, and child-centered resource family approval process to replace the existing multiple processes for licensing foster family homes, approving relatives and nonrelative extended family members as foster care providers, and approving adoptive families.

(b) Up to five counties shall be selected to participate on a voluntary basis in the pilot program, according to criteria developed by the department in consultation with the County Welfare Directors Association. In selecting the pilot counties, the department shall promote diversity among the participating counties in terms of size and geographic location.

(c) (1) For the purposes of this section, "resource family" means an individual or couple that a participating county determines to have successfully met both the home approval standards and the permanency assessment criteria adopted pursuant to subdivision (d) necessary for providing care for a related or unrelated child who is under the jurisdiction of the juvenile court, or otherwise in the care of a county child welfare agency or probation department. A resource family shall demonstrate all of the following:

(A) An understanding of the safety, permanence, and well-being needs of children who have been victims of child abuse and neglect, and the capacity and willingness to meet those needs, including the need for protection, and the willingness to make use of support resources offered by the agency, or a support structure in place, or both.

(B) An understanding of children's needs and development, effective parenting skills or knowledge about parenting, and the capacity to act as a reasonable, prudent parent in day-to-day decisionmaking.

(C) An understanding of his or her role as a resource family and the capacity to work cooperatively with the agency and other service providers in implementing the child's case plan.

(D) The financial ability within the household to ensure the stability and financial security of the family.

(E) An ability and willingness to maintain the least restrictive and most familylike environment that serves the needs of the child.

(2) Subsequent to meeting the criteria set forth in this subdivision and designation as a resource family, a resource family shall be considered eligible to provide foster care for related and unrelated children in out-of-home placement, shall be considered approved for adoption or guardianship, and shall not have to undergo any additional approval or licensure as long as the family lives in a county participating in the pilot program.

(3) Resource family assessment and approval means that the applicant meets the standard for home approval, and has successfully completed a permanency assessment. This approval is in lieu of the existing foster care license, relative or nonrelative extended family member approval, and the adoption home study approval.

(4) Approval of a resource family does not guarantee an initial or continued placement of a child with a resource family.

(d) Prior to implementation of this pilot program, the department shall adopt standards pertaining to home approval and permanency assessment of a resource family.

(1) Resource family home approval standards shall include, but not be limited to, all of the following:

(A) (i) Criminal records clearance of all adults residing in the home, pursuant to Section 8712 of the Family Code, utilizing a check of the Child Abuse Central Index (CACI), a check of the Child Welfare Services/Case Management System (CWS/CMS), receipt of a fingerprint-based state criminal offender record information search response, and submission of a fingerprint-based federal criminal offender record information search.

(ii) Consideration of any prior allegations of child abuse or neglect against either the applicant or any other adult residing in the home. An

approval may not be granted to applicants whose criminal record indicates a conviction for any of the offenses specified in clause (i) of subparagraph (A) of paragraph (1) of subdivision (g) of Section 1522 of the Health and Safety Code.

(iii) Exemptions from the criminal records clearance requirements set forth in this section may be granted by the director or the pilot county, if that county has been granted permission by the director to issue criminal records exemptions pursuant to Section 316.4, using the exemption criteria currently used for foster care licensing as specified in subdivision (g) of Section 1522 of the Health and Safety Code.

(B) Buildings and grounds, outdoor activity space, and storage requirements set forth in Sections 89387, 89387.1, and 89387.2 of Title 22 of the California Code of Regulations.

(C) In addition to the foregoing requirements, the resource family home approval standards shall also require the following:

(i) That the applicant demonstrate an understanding about the rights of children in care and his or her responsibility to safeguard those rights.

(ii) That the total number of children residing in the home of a resource family shall be no more than the total number of children the resource family can properly care for, regardless of status, and shall not exceed six children, unless exceptional circumstances that are documented in the foster child's case file exist to permit a resource family to care for more children, including, but not limited to, the need to place siblings together.

(iii) That the applicant understands his or her responsibilities with respect to acting as a reasonable and prudent parent, and maintaining the least restrictive and most family-like environment that serves the needs of the child.

(D) The results of a caregiver risk assessment are consistent with the factors listed in subparagraphs (A) to (D), inclusive, of paragraph (1) of subdivision (c). A caregiver risk assessment shall include, but not be limited to, physical and mental health, alcohol and other substance use and abuse, and family and domestic violence.

(2) The resource family permanency assessment standards shall include, but not be limited to, all of the following:

(A) The applicant shall complete caregiver training.

(B) The applicant shall complete a psychosocial evaluation.

(C) The applicant shall complete any other activities that relate to a resource family's ability to achieve permanency with the child.

(e) (1) A child may be placed with a resource family that has received home approval prior to completion of a permanency assessment only if a compelling reason for the placement exists based on the needs of the child.

(2) The permanency assessment shall be completed within 90 days of the child's placement in the approved home, unless good cause exists based upon the needs of the child.

(3) If additional time is needed to complete the permanency assessment, the county shall document the extenuating circumstances for the delay and generate a timeframe for the completion of the permanency assessment.

(4) The county shall report to the department on a quarterly basis the number of families with a child in an approved home whose permanency assessment goes beyond 90 days and summarize the reasons for these delays.

(5) A child may be placed with a relative, as defined in Section 319, or nonrelative extended family member, as defined in Section 362.7, prior to home approval and completion of the permanency assessment only on an emergency basis if all of the following requirements are met:

(A) Consideration of the results of a criminal records check conducted pursuant to Section 16504.5 of the relative or nonrelative extended family member and of every other adult in the home.

(B) Consideration of the results of the Child Abuse Central Index (CACI) consistent with Section 1522.1 of the Health and Safety Code of the relative or nonrelative extended family member, and of every other adult in the home.

(C) The home and grounds are free of conditions that pose undue risk to the health and safety of the child.

(D) For any placement made pursuant to this paragraph, the county shall initiate the home approval process no later than five business days after the placement, which shall include a face-to-face interview with the resource family applicant and child.

(E) For any placement made pursuant to this paragraph, AFDC-FC funding shall not be available until the home has been approved.

(F) Any child placed under this section shall be afforded all the rights set forth in Section 16001.9.

(f) The State Department of Social Services shall be responsible for all of the following:

(1) Selecting pilot counties, based on criteria established by the department in consultation with the County Welfare Directors Association.

(2) Establishing timeframes for participating counties to submit an implementation plan, enter into terms and conditions for participation in the pilot program, train appropriate staff, and accept applications from resource families.

(3) Entering into terms and conditions for participation in the pilot program by counties.

(4) Administering the pilot program through the issuance of written directives that shall have the same force and effect as regulations. Any directive affecting Article 1 (commencing with Section 700) of Chapter 7 of Title 11 of the California Code of Regulations shall be approved by the Department of Justice. The directives shall be exempt from the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340)) of Part 1 of Division 3 of Title 2 of the Government Code.

(5) Approving and requiring the use of a single standard for resource family home approval and permanency assessment.

(6) Adopting and requiring the use of standardized documentation for the home approval and permanency assessment of resource families.

(7) Requiring counties to monitor resource families including, but not limited to, all of the following:

(A) Investigating complaints of resource families.

(B) Developing and monitoring resource family corrective action plans to correct identified deficiencies and to rescind resource family approval if compliance with corrective action plans is not achieved.

(8) Ongoing oversight and monitoring of county systems and operations including all of the following:

(A) Reviewing the county's implementation of the pilot program.

(B) Reviewing an adequate number of approved resource families in each participating county to ensure that approval standards are being properly applied. The review shall include case file documentation, and may include onsite inspection of individual resource families. The review shall occur on an annual basis, and more frequently if the department becomes aware that a participating county is experiencing a disproportionate number of complaints against individual resource family homes.

(C) Reviewing county reports of serious complaints and incidents involving approved resource families, as determined necessary by the department. The department may conduct an independent review of the complaint or incident and change the findings depending on the results of its investigation.

(D) Investigating unresolved complaints against participating counties.

(E) Requiring corrective action of counties that are not in full compliance with the terms and conditions of the pilot program.

(9) Terminating the participation of any county that fails to make corrective action or who otherwise violates the terms and conditions of participation in the pilot program.

(10) Preparing or having prepared within 180 days after the conclusion of the pilot program, and submitting to the Legislature, a report on the results of the pilot program. The report shall include all of the following:

(A) An analysis, utilizing available data, of state and federal data indicators related to the length of time to permanency including reunification, guardianship and adoption, child safety factors, and placement stability.

(B) An analysis of resource family recruitment and retention elements, including resource family satisfaction with approval processes and changes regarding the population of available resource families.

(C) An analysis of cost, utilizing available data, including funding sources.

(D) An analysis of regulatory or statutory barriers to implementing the pilot program on a statewide basis.

(g) Counties participating in the pilot program shall be responsible for all of the following:

(1) Submitting an implementation plan, entering into terms and conditions for participation in the pilot program, consulting with the county probation department in the development of the implementation plan, training appropriate staff, and accepting applications from resource families within the timeframes established by the department.

(2) Complying with the written directives pursuant to paragraph (4) of subdivision (f).

(3) Implementing the requirements for resource family home approval and permanency assessment and utilizing standardized documentation established by the department.

(4) Ensuring staff have the education and experience necessary to complete the home approval and permanency assessment competently.

(5) Approving and denying resource family applications, including all of the following:

(A) Rescinding home approvals and resource family approvals where appropriate, consistent with the established standard.

(B) Providing disapproved resource families requesting review of that decision due process by conducting county grievance reviews pursuant to the department's regulations.

(C) Notifying the department of any decisions denying a resource family's application or rescinding the approval of a resource family.

(6) Updating resource family approval annually.

(7) Monitoring resource families through all of the following:

(A) Ensuring that social workers who identify a condition in the home that may not meet the approval standards set forth in subdivision (d) while in the course of a routine visit to children placed with a resource family take appropriate action as needed.

(B) Requiring resource families to comply with corrective action plans as necessary to correct identified deficiencies. If corrective action

is not completed as specified in the plan, the county may rescind the resource family approval.

(C) Requiring resource families to report to the county child welfare agency any incidents consistent with the reporting requirements for licensed foster family homes.

(8) Investigating all complaints against a resource family and taking action as necessary. This shall include investigating any incidents reported about a resource family indicating that the approval standard is not being maintained.

(A) The child's social worker shall not conduct the formal investigation into the complaint received concerning a family providing services under the standards required by subdivision (d). To the extent that adequate resources are available, complaints shall be investigated by a worker who did not initially perform the home approval or permanency assessment.

(B) Upon conclusion of the complaint investigation, the final disposition shall be reviewed and approved by a supervising staff member.

(C) The department shall be notified of any serious incidents or serious complaints or any incident that falls within the definition of Section 11165.5 of the Penal Code. If those incidents or complaints result in an investigation, the department shall also be notified as to the status and disposition of that investigation.

(9) Performing corrective action as required by the department.

(10) Assessing county performance in related areas of the California Child and Family Services Review System, and remedying problems identified.

(11) Submitting information and data that the department determines is necessary to study, monitor, and prepare the report specified in paragraph (10) of subdivision (f).

(h) Approved relatives and nonrelated extended family members, licensed foster family homes, or approved adoptive homes that have completed the license or approval process prior to full implementation of the pilot program shall not be considered part of the pilot program. The otherwise applicable assessment and oversight processes shall continue to be administered for families and facilities not included in the pilot program.

(i) Upon completion of the pilot program, the status of the resource family's approval shall continue in full force and effect, and the resource family shall be deemed approved for licensing, relative and nonrelated extended family member approval, guardianship, and adoption purposes.

(j) The department may waive regulations that pose a barrier to implementation and operation of this pilot program. The waiver of any

regulations by the department pursuant to this section shall apply to only those counties participating in the pilot program and only for the duration of the pilot program.

(k) Resource families approved under this pilot program, who move within a participating county or who move to another pilot program county, shall retain their resource family status if the new building and grounds, outdoor activity areas, and storage areas meet home approval standards. The State Department of Social Services or pilot county may allow a pilot program-affiliated individual to transfer his or her subsequent arrest notification if the individual moves from one pilot county to another pilot county, as specified in subdivision (h) of Section 1522 of the Health and Safety Code.

(*l*) (1) A resource family approved under this pilot program that moves to a nonparticipating pilot program county shall lose its status as a resource family. The new county of residence shall deem the family approved for licensing, relative and nonrelated extended family member approval, guardianship, and adoption purposes, under the following conditions:

(A) The new building and grounds, outdoor activity areas, and storage areas meet applicable standards, unless the family is subject to a corrective action plan.

(B) There has been a criminal records clearance of all adults residing in the home and exemptions granted, using the exemption criteria currently used for foster care licensing, as specified in subdivision (g) of Section 1522 of the Health and Safety Code.

(2) A program-affiliated individual who moves to a nonpilot county may not transfer his or her subsequent arrest notification from a pilot county to the nonpilot county.

(m) Implementation of the pilot program shall be contingent upon the continued availability of federal Social Security Act Title IV-E (42 U.S.C. Sec. 670) funds for costs associated with placement of children with resource families assessed and approved under the program.

(n) Notwithstanding Section 11402, a child placed with a resource family shall be eligible for AFDC-FC payments. A resource family shall be paid an AFDC-FC rate pursuant to Sections 11460 and 11461. Sharing ratios for nonfederal expenditures for all costs associated with activities related to the approval of relatives and nonrelated extended family members shall be in accordance with Section 10101.

(o) The Department of Justice shall charge fees sufficient to cover the cost of initial or subsequent criminal offender record information and Child Abuse Central Index searches, processing, or responses, as specified in this section.

(p) Approved resource families under this pilot program shall be exempt from all of the following:

(1) Licensure requirements set forth under the Community Care Facilities Act, commencing with Section 1500 of the Health and Safety Code and all regulations promulgated thereto.

(2) Relative and nonrelative extended family member approval requirements set forth under Sections 309, 361.4, and 362.7, and all regulations promulgated thereto.

(3) Adoptions approval and reporting requirements set forth under Section 8712 of the Family Code, and all regulations promulgated thereto.

(q) The pilot program shall be authorized to continue through the end of the 2010–11 fiscal year, or through the end of the third full fiscal year following the date that funds are made available for its implementation, whichever of these dates is later.

SEC. 4. Section 18260 of the Welfare and Institutions Code is amended to read:

18260. (a) The department may conduct a demonstration project in up to 20 counties, to allow flexible use of federal and state foster care funds by utilizing a federal capped allocation model over a five-year period, based on the terms and conditions of the federal Title IV-E waiver. Participation shall be at the option of each county, subject to state approval, provided that each county has entered into a memorandum of understanding (MOU) with the department, as described in subdivision (c). The department shall not be required to conduct any demonstration projects under this section if no county elects to participate. It is the intent of the Legislature that this project will improve outcomes or safety for children, and that the state shall provide immediate assistance, as needed, if the department finds that children's health, safety, or well-being has declined, or is at risk of declining, as a result of a county's participation in the project.

(b) The department is authorized to conduct the demonstration project in order to provide participating counties with flexibility in their use of state and federal foster care maintenance and administrative funds that were previously restricted to payment for the care and supervision of children in out-of-home placements and administrative expenditures. Any county, state, or federal savings in the foster care program that occur as a result of the demonstration project shall be reinvested by the counties in child welfare services program improvements. These foster care savings will support the counties in developing a broader and more responsive array of services that will contribute to improved outcomes for children and families. Any unexpended state and federal funds may be retained by each county for expenditure in subsequent fiscal years for purposes consistent with this section.

(c) The department shall work with county welfare directors and other stakeholders to develop the terms and conditions of the MOU. The MOU shall incorporate the terms and conditions of the federal approval of the use of federal funds for the demonstration project, additional conditions as described in this section, and provisions deemed by the department and counties as reasonably necessary to fulfill the purpose of the demonstration project and to ensure compliance with its conditions and with this section. Provisions of the MOU shall include, but shall not be limited to, all of the following:

(1) The MOU shall specify the time periods for the county's participation in the demonstration project, and shall set forth procedures for the county to opt out of participation in the demonstration project. A county electing to opt out of the demonstration project shall provide written notice to the department of its intent to do so in accordance with the MOU.

(2) The county is responsible for ensuring that adequate funds are available to protect children at risk of abuse and neglect, by out-of-home placement or otherwise, until funds are appropriated to the county through the Budget Act, including provisional language in the Budget Act that authorizes midyear funding adjustments, for this purpose.

(3) The MOU shall specify the allocation methodology for the capped amount of federal funds that will be allocated to the county for the demonstration project, as well as the county's share of cost.

(4) The MOU shall specify the methodology for the provision of state General Fund resources that a county shall receive under the waiver and the liability for the county and the state for costs in excess of the capped federal amount.

(d) The county and state share of costs for the demonstration project shall be determined notwithstanding Sections 15200 and 10100.

SEC. 5. No appropriation for purposes of Section 15200 of the Welfare and Institutions Code shall be made for purposes of funding this act.

CHAPTER 465

An act to add Section 13757 to the Welfare and Institutions Code, relating to foster youth.

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) When compared to youth without disabilities, foster youth with disabilities are more likely to be institutionalized, to lack sufficient education, and to have higher incidences of homelessness and mental health problems following discharge from foster care.

(b) Key to transition planning for disabled foster youth is ensuring that qualified youth are approved for all benefits, most importantly federal Supplemental Security Income (SSI) benefits, and that they are able to accumulate some level of savings to aid in their transition to independent living.

(c) Foster youth with disabilities gain significant advantages at the time of emancipation if their eligibility for SSI benefits has been established prior to their emancipation.

(d) Unfortunately, federal law and regulations prohibit a child who receives a federally funded AFDC-FC benefit in excess of the federal SSI benefits from applying for SSI until the month prior to the federal AFDC-FC benefits ending. In order to apply for SSI benefits, a child may not be receiving federally funded AFDC-FC benefits in the month of application or, depending on the timing of the application, the month after the application is filed. After the application for SSI benefits is accepted by the Social Security Administration, federal rules indicate that the child may receive federally funded AFDC-FC benefits during the remainder of the application process. Upon approval for SSI benefits, these benefits may be suspended for up to 12 months, during which time a child may receive federally funded AFDC-FC benefits without losing eligibility for SSI benefits. Using this flexibility will allow for applications to be made on behalf of federally eligible youth who are nearing emancipation from foster care.

SEC. 2. Section 13757 is added to the Welfare and Institutions Code, to read:

13757. (a) (1) Subject to paragraph (2), every youth who is in foster care and nearing emancipation shall be screened by the county for potential eligibility for the federal Supplemental Security Income (SSI) program utilizing the best practice guidelines developed pursuant to Section 13752.

(2) The screening required in paragraph (1) shall only occur when the foster youth is at least 16 years and six months of age and not older than 17 years and six months of age. An application shall be submitted to the federal Social Security Administration on behalf of a youth who is screened as being likely to be eligible for federal Supplemental Security Income benefits. To the extent possible, the application shall be timed

to allow for a determination of eligibility by the Social Security Administration prior to the youth's emancipation from care including, if appropriate, the suspension of Supplemental Security Income benefits for no more than 12 months.

(b) In carrying out the requirements of subdivision (a) for a youth receiving federally funded AFDC-FC benefits, the county shall, if necessary, forego federally funded AFDC-FC and instead use state AFDC-FC resources to fund the placement in the month of application or in the month after making an application, and to subsequently reclaim federally funded AFDC-FC, in order to ensure that the youth meets all of the SSI eligibility requirements in a single month while the application is pending, as provided by federal law and regulation. Notwithstanding subdivision (a) of Section 11402, this section shall apply to a foster youth regardless of his or her federal AFDC-FC eligibility.

(c) Prior to the implementation of subdivision (b), the State Department of Social Services shall obtain clarification from the Social Security Administration and the United States Department of Health and Human Services by January 1, 2008, that the funding mechanism described in subdivision (b) is consistent with federal law and regulation.

SEC. 3. No appropriation pursuant to Section 15200 of the Welfare and Institutions Code shall be made for the purposes of funding this act.

SEC. 4. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 466

An act to add Chapter 12.87 (commencing with Section 18987.7) to Part 6 of Division 9 of the Welfare and Institutions Code, relating to foster care.

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) There is general dissatisfaction with how foster care group homes are currently used in California's child welfare, juvenile justice, and mental health systems. This concern is shared by the state, county placing

agencies, the courts, group home providers, children's advocates, and, most importantly, by foster youth and their families.

(b) Under current state law, the role of foster care group homes is not well-defined and outcomes to be achieved for children placed in group homes are poorly articulated. State laws and regulations governing community care licensing and Aid to Families with Dependent Children-Foster Care (AFDC-FC) funding for group homes have not been updated to keep pace with the evolving expectations of the child welfare, juvenile justice, and mental health systems, particularly the new emphasis on finding and providing support for permanent family placements for all foster children before they emancipate to adulthood.

(c) The current AFDC-FC program neither authorizes nor funds group homes to provide services that may be needed by families to achieve reunification, or, when reunification is not possible, to prepare and support relatives or another family willing to provide a permanent home. As a result, many foster children remain in group homes longer than would otherwise be necessary, or they are discharged to another foster care setting without achieving a stable and permanent family living situation.

(d) A comprehensive reform proposal was developed by a broad-based group of stakeholders convened in 2005, titled "Framework for a New System for Residentially-Based Services in California." The recommendations in that document would lead to the transformation of California's current system of foster care group homes into a system of "residentially based services" designed to improve outcomes for foster children by enhancing the quality and scope of care and services provided with the specific objective of expediting a permanent family placement.

(e) The State Department of Social Services has committed to continue to collaborate with stakeholders to achieve fundamental reforms in group care based on the recommendations included in the framework document. However, this is a complex task, which could take two or more years to complete.

(f) There are some counties and private nonprofit agencies operating group home programs that are interested in moving forward now to develop, implement, and test alternative program designs and funding models based on recommendations in the framework document. These counties and provider agencies will not be able to implement reform projects unless they are able to obtain a variety of waivers and approvals which the State Department of Social Services does not now have the authority to grant.

(g) It is the intent of the Legislature in enacting this act to ensure that the State Department of Social Services has the authority necessary to approve voluntary agreements entered into by counties and private

nonprofit agencies for the purpose of testing alternative program design and funding models for transforming existing group home programs into residentially based services programs.

SEC. 2. Chapter 12.87 (commencing with Section 18987.7) is added to Part 6 of Division 9 of the Welfare and Institutions Code, to read:

Chapter 12.87. Reform of Residentially Based Services for Children and Youth

18987.7. (a) The State Department of Social Services shall convene a workgroup of public and private nonprofit stakeholders that shall develop a plan for transforming the current system of group care for foster children or youth, and for children with serious emotional disorders (SED), into a system of residentially based services. The stakeholders may include, but not be limited to, representatives of the department and of the State Department of Mental Health, the State Department of Education, the State Department of Alcohol and Drug Programs, and the Department of Corrections and Rehabilitation; county child welfare, probation, mental health, and alcohol and drug programs; local education authorities; current and former foster youth, parents of foster children or youth, and children or youth with SED; private nonprofit agencies operating group homes; children's advocates; and other interested parties.

(b) The plan developed pursuant to this chapter shall utilize the reports delivered to the Legislature pursuant to Section 75 of Chapter 311 of the Statutes of 1998 by the Steering Committee for the Reexamination of the Role of Group Care in a Family-Based System of Care in June 2001 and August 2002, and the "Framework for a New System for Residentially-Based Services in California" published in March 2006.

(c) In the development, implementation, and subsequent revisions of the plan developed pursuant to subdivision (a), the knowledge and experience gained by counties and private nonprofit agencies through the operation of their residentially based services programs created under voluntary agreements made pursuant to Section 18987.72, including, but not limited to, the results of evaluations prepared pursuant to paragraph (3) of subdivision (b) of Section 18987.72 shall be utilized.

(d) By January 1, 2011, the department shall provide a copy of the plan developed by the workgroup pursuant to subdivision (a) to the Legislature. The plan shall include, in addition to other requirements set forth in this chapter, any statutory revisions necessary for its implementation.

18987.71. For purposes of this chapter, the following terms shall have the following meanings:

(a) (1) "Residentially based services" means behavioral or therapeutic interventions delivered in nondetention group care settings in which multiple children or youth live in the same housing unit and receive care and supervision from paid staff. Residentially based services are most effectively used as intensive, short-term interventions when children have unmet needs that create conditions that render them or those around them unsafe, or that prevent the effective delivery of needed services and supports provided in the children's own homes or in other family settings, such as with a relative, guardian, foster family, or adoptive family.

(2) "Residentially based services" shall include the following interventions and services:

(A) Environmental interventions that establish a safe, stable, and structured living situation in which children or youth can receive the comfort, attention, structure, and guidance needed to help them reduce the intensity of conditions that led to their placement in the program, so that their caregivers can identify and address the factors creating those conditions.

(B) Intensive treatment interventions that facilitate the rapid movement of children or youth toward connection or reconnection with appropriate and natural home, school, and community ecologies, by helping them and their families find ways to mitigate the conditions that led to their placement in the program with positive and productive alternatives.

(C) Parallel, predischarge, community-based interventions that help family members and other people in the social ecologies that children and youth will be joining or rejoining, to prepare for connection or reconnection. These preparations should be initiated upon placement and proceed apace with the environmental interventions being provided within the residential setting.

(D) Followup postdischarge support and services, consistent with the child's case plan, provided as needed after children or youth have exited the residential component and returned to their own family or to another family living situation, in order to ensure the stability and success of the connection or reconnection with home, school, and community.

(b) "County" means a county that enters into a voluntary agreement with a private nonprofit agency to test alternative program designs and funding models pursuant to this chapter, and may include a consortia or consortium of counties.

18987.72. (a) In order to obtain knowledge and experience with which to inform the process of developing and implementing the plan for residentially based services, required by Section 18987.7, the department shall encourage counties and private nonprofit agencies to develop voluntary agreements to test alternative program design and

funding models for transforming existing group home programs into residentially based services programs in order to meet the diverse needs of children or youth and families in the child welfare, juvenile justice, and mental health systems.

(b) (1) With the approval of the department, any counties participating in the federal Title IV-E waiver capped allocation demonstration project pursuant to Section 18260, at their option, and two other counties may enter into and implement voluntary agreements with private nonprofit agencies to transform all or part of an existing group home program into a residentially based services program.

(2) If one or more counties participating in the federal Title IV-E waiver capped allocation demonstration project opts not to enter into a voluntary agreement pursuant to this chapter, the department may select one or more nonwaiver counties. The department may approve up to four counties to participate in the voluntary agreements pursuant to this section.

(3) The department shall select participating counties, based on letters of interest submitted to the department from counties, in consultation with the California Alliance of Child and Family Services and the County Welfare Directors Association.

(c) Voluntary agreements by counties and nonprofit agencies shall satisfy all of the following requirements:

(1) Incorporate and address all of the components and elements for residentially based services described in the "Framework for a New System for Residentially-Based Services in California."

(2) Reflect active collaboration among the private nonprofit agency that will operate the residentially based services program and county departments of social services, mental health, or juvenile justice, alcohol and drug programs, county offices of education, or other public entities, as appropriate, to ensure that children, youth, and families receive the services and support necessary to meet their needs.

(3) Provide for an annual evaluation report, to be prepared jointly by the county and the private nonprofit agency. The evaluation report shall include analyses of the outcomes for children and youth, including achievement of permanency, average lengths of stay, and rates of entry and reentry into group care. The evaluation report shall also include analyses of the involvement of children or youth and their families, client satisfaction, the use of the program by the county, the operation of the program by the private nonprofit agency, payments made to the private nonprofit agency by the county, actual costs incurred by the nonprofit agency for the operation of the program, and the impact of the program on state and county AFDC-FC program costs. The county shall send a

copy of each annual evaluation report to the director, and the director shall make these reports available to the Legislature upon request.

(4) Permit amendments, modifications, and extensions of the agreement to be made, with the mutual consent of both parties and with approval of the department, based on the evaluations described in paragraph (3), and on the experience and information acquired from the implementation and the ongoing operation of the program.

(5) Be consistent with the county's system improvement plan developed pursuant to the California Child Welfare Outcomes and Accountability System.

(d) (1) Upon a county's request, the director may waive child welfare regulations regarding the role of counties in conjunction with private nonprofit agencies operating residentially based services programs to enhance the development and implementation of case plans and the delivery of services in order to enable a county and a private nonprofit agency to implement an agreement described in subdivision (b). Nothing in this section shall be construed to supersede the requirements set forth in subdivision (c) of Section 16501.

(2) Notwithstanding Sections 11460 and 11462, or any other law or regulation governing payments under the AFDC-FC program, upon the request of one or more counties, and in accordance with the voluntary agreements as described in subdivision (b), the director may also approve the use of up to a total of five alternative funding models for determining the method and level of payments that will be made under the AFDC-FC program to private nonprofit agencies operating residentially based services programs in lieu of using the rate classification levels and schedule of standard rates provided for in Section 11462. These alternative funding models may include, but shall not be limited to, the use of cost reimbursement, case rates, per diem or monthly rates, or a combination thereof. An alternative funding model shall do all of the following:

(A) Support the values and goals for residentially based services, including active child and family involvement, permanence, collaborative decisionmaking, and outcome measurement.

(B) Ensure that quality care and effective services are delivered to appropriate children or youth at a reasonable cost to the public.

(C) Ensure that payment levels are sufficient to permit the private nonprofit agencies operating residentially based services programs to provide care and supervision, social work activities, parallel predischarge community-based interventions for families, and followup postdischarge support and services for children and their families, including the cost of hiring and retaining qualified staff.

(D) Facilitate compliance with state requirements and the attainment of federal and state performance objectives.

(E) Control overall program costs by providing incentives for the private nonprofit agencies to use the most cost-effective approaches for achieving positive outcomes for the children or youth and their families.

(F) Facilitate the ability of the private nonprofit agencies to access other available public sources of funding and services to meet the needs of the children or youth placed in their residentially based services programs, and the needs of their families.

(G) Enable the combination of various funding streams necessary to meet the full range of services needed by foster children or youth in residentially based services programs, with particular reference to funding for mental health treatment services through the Medi-Cal Early and Periodic Screening, Diagnosis, and Treatment program.

(H) Maximize federal financial participation, and mitigate the loss of federal funds, while ensuring the effective delivery of services to children or youth and families, and the achievement of positive outcomes.

(I) Provide for effective administrative oversight and enforcement mechanisms in order to ensure programmatic and fiscal accountability.

(3) A waiver granted by the director pursuant to paragraph (1), or an approval of an alternative funding model pursuant to paragraph (2), shall be applicable only to the development, implementation, and ongoing operation of a residentially based services program and related county activities provided under the terms of the agreement and for the duration of the agreement, and shall be granted only when all of the following apply:

(A) The agreement promises to offer a worthwhile test related to the development, implementation, and ongoing operation of a residentially based services program as described in this chapter.

(B) Existing regulatory provisions or the existing AFDC-FC payment requirements, or both, impose barriers for the effective, efficient, and timely implementation of the agreement.

(C) The requesting county proposes to monitor the agreement for compliance with the terms of the waiver or the alternative funding model, or both.

(D) Neither the waiver nor the alternative funding model will result in an increase in the costs to the General Fund for payments under the AFDC-FC program, measured on an annual basis. This would permit higher AFDC-FC payments to be made when children or youth are initially placed in a residentially based services program, with savings to offset these higher costs being achieved through shorter lengths of stay in foster care, or a reduction of reentries into foster care, as the result

of providing predischarge support and postdischarge services to the children or youth and their families.

(e) In addition to the requirements set forth in subdivision (c), the voluntary agreements shall do all of the following:

(1) Provide that, to the extent that some of the care, services, and other activities associated with a residentially based services program operated under an agreement described in subdivision (b) are not eligible for federal financial participation as foster care maintenance payments under Part E (commencing with Section 470) of Title IV of the federal Social Security Act (42 U.S.C. Sec. 670 et seq.), but may be eligible for federal financial participation as administration or training, or may be eligible for federal financial participation under other programs, including, but not limited to, Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.), the appropriate state departments shall take measures to obtain that federal funding.

(2) Provide that, prior to approving any waiver or alternative funding model pursuant to subdivision (d), the director shall make a determination that the design of the residentially based services program to be operated under the agreement described in subdivision (b) would ensure the health and safety of children or youth to be served.

(f) Agreements entered into pursuant to this section shall be valid for a period not to exceed five years from January 1, 2008, unless a later enacted statute extends or removes this limitation.

(g) The department shall report during the legislative budget hearings on the status of any county agreements entered into pursuant to subdivision (b), and on the development of statewide residentially based services programs.

CHAPTER 467

An act to add Section 14093.10 to the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Children and adolescents in foster care suffer serious health, emotional, and developmental problems. As a group, they suffer higher

rates of serious physical or psychological problems than other children from the same socioeconomic backgrounds.

(b) Given their overwhelming and complex needs, foster children require and use health services more than other children do. A high percentage of foster children require ongoing medical treatment.

(c) Foster children from counties that use a county organized health system as their Medi-Cal managed care plan model face particular barriers to health care when they need to be disenrolled from the county organized health system due to an out-of-county placement.

(d) When a county has a county organized health system, Medi-Cal recipients in that county, including foster children, must receive their Medi-Cal services from a provider in the county organized health system's network.

(e) Foster children currently are unable to disenroll from a county organized health system in a timely manner following their placement in a different county. Until they are disenrolled from the county organized health system, they cannot be enrolled in a health care plan serving their new county of residence.

(f) The inability to effect timely disenrollment from county organized health systems interferes with foster children's access to routine medical care, including some nonemergency mental health services, and prescription medications. It also can create a barrier to dental care when dental care providers mistakenly deny services to foster children due to their continued enrollment in the county organized health system in their previous county of residence. Lack of access to medical services jeopardizes not only foster children's health but also their placement.

(g) This barrier to health care for foster children has existed since the county organized health system model was created. It was addressed in the March 1998 report by the Institute for Research on Women and Families entitled "Code Blue: Health Services for Children in Foster Care." Despite the passage of nearly a decade since that report was published, the barrier has not been removed.

(h) Eight counties currently have county organized health systems: Monterey, Napa, Orange, San Mateo, Santa Barbara, Santa Cruz, Solano, and Yolo. As of July 1, 2006, 28 percent of child welfare-supervised foster children from county organized health system counties, nearly 1,700 children, were placed out of the county. Recent data regarding probation-supervised foster children are not available.

(i) In recent years, other counties have expressed interest in adopting the county organized health system model, and there has been a proposal to expand existing county organized health systems to include other counties, including Lake, Marin, Mendocino, San Benito, San Luis Obispo, Sonoma, and Ventura.

SEC. 2. Section 14093.10 is added to the Welfare and Institutions Code, to read:

14093.10. (a) Whenever a foster child enrolled in a county organized health system, established pursuant to Article 2.8 (commencing with Section 14087.5), is placed in an out-of-county placement, the county child welfare agency or probation department with responsibility for the care and placement of the child shall determine, in consultation with the child's foster caregiver, whether the child should remain enrolled in that county organized health system. The determination shall be made no later than one working day after the out-of-county placement begins.

(b) If it is determined, pursuant to subdivision (a) or at any later date, that a foster child should be disenrolled from a county organized health system due to an out-of-county placement, the county child welfare agency or probation department with responsibility for the care and placement of the child shall request that the child be disenrolled from the county organized health system. The request shall be made to the entity designated by the State Department of Health Care Services to receive requests for disenrollment or to the department, if the department has no designee, no later than one working day after either of the following occurs:

(1) The out-of-county placement begins.

(2) It is determined that a child who initially remained enrolled in the county organized health system following the out-of-county placement, pursuant to subdivision (a), should subsequently be disenrolled.

(c) The State Department of Health Care Services shall, in consultation with other agencies and organizations interested in health care access for foster children, establish for county organized health systems urgent disenrollment procedures that provide for disenrollment of foster children in out-of-county placements within two working days of receipt by the department's designee or by the department, if the department has no designee, of a request for disenrollment made by the county child welfare services agency, the county probation department, the foster caregiver, or any other person authorized to make medical decisions on behalf of the foster child.

(d) The department shall issue all-county letters or similar instructions to implement subdivision (c) no later than January 1, 2009, and thereafter shall adopt any necessary implementing regulations.

SEC. 3. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7

(commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 468

An act to amend Section 827 of, and to add Sections 826.7 and 10850.4 to, the Welfare and Institutions Code, relating to child abuse and neglect.

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) During 2002, approximately 140 children in California were officially reported as having died as a result of abuse or neglect. The State Death Review Council has concluded that official reports of child abuse deaths represent a significant undercount of the actual number of child abuse and neglect fatalities.

(b) A child's death from abuse or neglect often leads to calls for reform of the public child protection system. Without accurate and complete information about the circumstances leading to the child's death, public debate is stymied and the reforms, if adopted at all, may do little to prevent further tragedies.

(c) Providing public access to juvenile case files in cases where a child fatality occurs as a result of abuse or neglect will promote public scrutiny and an informed debate of the circumstances that led to the fatality thereby promoting the development of child protection policies, procedures, practices, and strategies that will reduce or avoid future child deaths and injuries.

(d) The current procedures for accessing information about a child's death from abuse or neglect are costly, at times resulting in lengthy delays in the release of that information, fail to provide adequate guidance for what information should and should not be disclosed, and permit significant variation from one jurisdiction to another in the nature and extent of the information released.

(e) Thus, it is the intent of the Legislature to maximize public access to juvenile case files in cases where a child fatality occurs as a result of child abuse or neglect by both providing for an administrative release of certain documents without the filing of a legal petition pursuant to paragraph (2) of subdivision (a) of Section 827 of the Welfare and Institutions Code, while also ensuring that basic privacy protections are

consistently afforded, and by enacting reforms to the current process of filing a petition pursuant to paragraph (2) of subdivision (a) of Section 827 of the Welfare and Institutions Code that will offer clarifying guidance to juvenile courts of the legal standards that apply to those petitions and an expedited process for their disposition.

(f) In petitions governed by paragraph (2) of subdivision (a) of Section 827 of the Welfare and Institutions Code, the Legislature has concluded that when a dependent child dies within the jurisdiction of the juvenile court, the presumption of confidentiality for juvenile case files evaporates and the requirement of an expedited decision becomes manifest, because community reaction to the child's death may abate with the passage of time and, without a prompt investigation and assessment, the opportunity to effect positive change may be lost.

SEC. 2. Section 826.7 is added to the Welfare and Institutions Code, to read:

826.7. Juvenile case files that pertain to a child who died as the result of abuse or neglect shall be released by the custodian of records of the county welfare department or agency to the public pursuant to Section 10850.4 or an order issued pursuant to paragraph (2) of subdivision (a) of Section 827.

SEC. 3. Section 827 of the Welfare and Institutions Code is amended to read:

827. (a) (1) Except as provided in Section 828, a case file may be inspected only by the following:

(A) Court personnel.

(B) The district attorney, a city attorney, or city prosecutor authorized to prosecute criminal or juvenile cases under state law.

(C) The minor who is the subject of the proceeding.

(D) The minor's parents or guardian.

(E) The attorneys for the parties, judges, referees, other hearing officers, probation officers, and law enforcement officers who are actively participating in criminal or juvenile proceedings involving the minor.

(F) The county counsel, city attorney, or any other attorney representing the petitioning agency in a dependency action.

(G) The superintendent or designee of the school district where the minor is enrolled or attending school.

(H) Members of the child protective agencies as defined in Section 11165.9 of the Penal Code.

(I) The State Department of Social Services, to carry out its duties pursuant to Division 9 (commencing with Section 10000), and Part 5 (commencing with Section 7900) of Division 12, of the Family Code to oversee and monitor county child welfare agencies, children in foster

care or receiving foster care assistance, and out-of-state placements, Section 10850.4, and paragraph (2).

(J) Authorized legal staff or special investigators who are peace officers who are employed by, or who are authorized representatives of, the State Department of Social Services, as necessary to the performance of their duties to inspect, license, and investigate community care facilities, and to ensure that the standards of care and services provided in those facilities are adequate and appropriate and to ascertain compliance with the rules and regulations to which the facilities are subject. The confidential information shall remain confidential except for purposes of inspection, licensing, or investigation pursuant to Chapter 3 (commencing with Section 1500) and Chapter 3.4 (commencing with Section 1596.70) of Division 2 of the Health and Safety Code, or a criminal, civil, or administrative proceeding in relation thereto. The confidential information may be used by the State Department of Social Services in a criminal, civil, or administrative proceeding. The confidential information shall be available only to the judge or hearing officer and to the parties to the case. Names that are confidential shall be listed in attachments separate to the general pleadings. The confidential information shall be sealed after the conclusion of the criminal, civil, or administrative hearings, and may not subsequently be released except in accordance with this subdivision. If the confidential information does not result in a criminal, civil, or administrative proceeding, it shall be sealed after the State Department of Social Services decides that no further action will be taken in the matter of suspected licensing violations. Except as otherwise provided in this subdivision, confidential information in the possession of the State Department of Social Services may not contain the name of the minor.

(K) Members of children's multidisciplinary teams, persons, or agencies providing treatment or supervision of the minor.

(L) A judge, commissioner, or other hearing officer assigned to a family law case with issues concerning custody or visitation, or both, involving the minor, and the following persons, if actively participating in the family law case: a family court mediator assigned to a case involving the minor pursuant to Article 1 (commencing with Section 3160) of Chapter 11 of Part 2 of Division 8 of the Family Code, a court-appointed evaluator or a person conducting a court-connected child custody evaluation, investigation, or assessment pursuant to Section 3111 or 3118 of the Family Code, and counsel appointed for the minor in the family law case pursuant to Section 3150 of the Family Code. Prior to allowing counsel appointed for the minor in the family law case to inspect the file, the court clerk may require counsel to provide a

certified copy of the court order appointing him or her as the minor's counsel.

(M) A court-appointed investigator who is actively participating in a guardianship case involving a minor pursuant to Part 2 (commencing with Section 1500) of Division 4 of the Probate Code and acting within the scope of his or her duties in that case.

(N) A local child support agency for the purpose of establishing paternity and establishing and enforcing child support orders.

(O) Juvenile justice commissions as established under Section 225. The confidentiality provisions of Section 10850 shall apply to a juvenile justice commission and its members.

(P) Any other person who may be designated by court order of the judge of the juvenile court upon filing a petition.

(2) (A) Notwithstanding any other law and subject to subparagraph (A) of paragraph (3), juvenile case files, except those relating to matters within the jurisdiction of the court pursuant to Section 601 or 602, that pertain to a deceased child who was within the jurisdiction of the juvenile court pursuant to Section 300, shall be released to the public pursuant to an order by the juvenile court after a petition has been filed and interested parties have been afforded an opportunity to file an objection. Any information relating to another child or which could identify another child, except for information about the deceased, shall be redacted from the juvenile case file prior to release, unless a specific order is made by the juvenile court to the contrary. Except as provided in this paragraph, the presiding judge of the juvenile court may issue an order prohibiting or limiting access to the juvenile case file, or any portion thereof, of a deceased child only upon a showing by a preponderance of evidence that release of the juvenile case file or any portion thereof is detrimental to the safety, protection, or physical or emotional well-being of another child who is directly or indirectly connected to the juvenile case that is the subject of the petition.

(B) This paragraph represents a presumption in favor of the release of documents when a child is deceased unless the statutory reasons for confidentiality are shown to exist.

(C) If a child whose records are sought has died, and documents are sought pursuant to this paragraph, no weighing or balancing of the interests of those other than a child is permitted.

(D) A petition filed under this paragraph shall be served on interested parties by the petitioner, if the petitioner is in possession of their identity and address, and on the custodian of records. Upon receiving a petition, the custodian of records shall serve a copy of the request upon all interested parties that have not been served by the petitioner or on the interested parties served by the petitioner if the custodian of records

possesses information, such as a more recent address, indicating that the service by the petitioner may have been ineffective.

(E) The custodian of records shall serve the petition within 10 calendar days of receipt. If any interested party, including the custodian of records, objects to the petition, the party shall file and serve the objection on the petitioning party no later than 15 calendar days of service of the petition.

(F) The petitioning party shall have 10 calendar days to file any reply. The juvenile court shall set the matter for hearing no more than 60 calendar days from the date the petition is served on the custodian of records. The court shall render its decision within 30 days of the hearing. The matter shall be decided solely upon the basis of the petition and supporting exhibits and declarations, if any, the objection and any supporting exhibits or declarations, if any, and the reply and any supporting declarations or exhibits thereto, and argument at hearing. The court may solely upon its own motion order the appearance of witnesses. If no objection is filed to the petition, the court shall review the petition and issue its decision within 10 calendar days of the final day for filing the objection. Any order of the court shall be immediately reviewable by petition to the appellate court for the issuance of an extraordinary writ.

(3) Access to juvenile case files pertaining to matters within the jurisdiction of the juvenile court pursuant to Section 300 shall be limited as follows:

(A) If a juvenile case file, or any portion thereof, is privileged or confidential pursuant to any other state law or federal law or regulation, the requirements of that state law or federal law or regulation prohibiting or limiting release of the juvenile case file or any portions thereof shall prevail. Unless a person is listed in subparagraphs (A) to (O), inclusive, of paragraph (1) and is entitled to access under the other state law or federal law or regulation without a court order, all those seeking access, pursuant to other authorization, to portions of, or information relating to the contents of, juvenile case files protected under another state law or federal law or regulation, shall petition the juvenile court. The juvenile court may only release the portion of, or information relating to the contents of, juvenile case files protected by another state law or federal law or regulation if disclosure is not detrimental to the safety, protection, or physical or emotional well-being of a child who is directly or indirectly connected to the juvenile case that is the subject of the petition. This paragraph shall not be construed to limit the ability of the juvenile court to carry out its duties in conducting juvenile court proceedings.

(B) Prior to the release of the juvenile case file or any portion thereof, the court shall afford due process, including a notice of and an

opportunity to file an objection to the release of the record or report to all interested parties.

(4) A juvenile case file, any portion thereof, and information relating to the content of the juvenile case file, may not be disseminated by the receiving agencies to any persons or agencies, other than those persons or agencies authorized to receive documents pursuant to this section. Further, a juvenile case file, any portion thereof, and information relating to the content of the juvenile case file, may not be made as an attachment to any other documents without the prior approval of the presiding judge of the juvenile court, unless it is used in connection with and in the course of a criminal investigation or a proceeding brought to declare a person a dependent child or ward of the juvenile court.

(5) Individuals listed in subparagraphs (A), (B), (C), (D), (E), (F), (H), and (I) of paragraph (1) may also receive copies of the case file. In these circumstances, the requirements of paragraph (4) shall continue to apply to the information received.

(b) (1) While the Legislature reaffirms its belief that juvenile court records, in general, should be confidential, it is the intent of the Legislature in enacting this subdivision to provide for a limited exception to juvenile court record confidentiality to promote more effective communication among juvenile courts, family courts, law enforcement agencies, and schools to ensure the rehabilitation of juvenile criminal offenders as well as to lessen the potential for drug use, violence, other forms of delinquency, and child abuse.

(2) Notwithstanding subdivision (a), written notice that a minor enrolled in a public school, kindergarten to grade 12, inclusive, has been found by a court of competent jurisdiction to have committed any felony or any misdemeanor involving curfew, gambling, alcohol, drugs, tobacco products, carrying of weapons, a sex offense listed in Section 290 of the Penal Code, assault or battery, larceny, vandalism, or graffiti shall be provided by the court, within seven days, to the superintendent of the school district of attendance. Written notice shall include only the offense found to have been committed by the minor and the disposition of the minor's case. This notice shall be expeditiously transmitted by the district superintendent to the principal at the school of attendance. The principal shall expeditiously disseminate the information to those counselors directly supervising or reporting on the behavior or progress of the minor. In addition, the principal shall disseminate the information to any teacher or administrator directly supervising or reporting on the behavior or progress of the minor whom the principal believes needs the information to work with the pupil in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability.

Any information received by a teacher, counselor, or administrator under this subdivision shall be received in confidence for the limited purpose of rehabilitating the minor and protecting students and staff, and shall not be further disseminated by the teacher, counselor, or administrator, except insofar as communication with the juvenile, his or her parents or guardians, law enforcement personnel, and the juvenile's probation officer is necessary to effectuate the juvenile's rehabilitation or to protect students and staff.

An intentional violation of the confidentiality provisions of this paragraph is a misdemeanor punishable by a fine not to exceed five hundred dollars ($500).

(3) If a minor is removed from public school as a result of the court's finding described in subdivision (b), the superintendent shall maintain the information in a confidential file and shall defer transmittal of the information received from the court until the minor is returned to public school. If the minor is returned to a school district other than the one from which the minor came, the parole or probation officer having jurisdiction over the minor shall so notify the superintendent of the last district of attendance, who shall transmit the notice received from the court to the superintendent of the new district of attendance.

(c) Each probation report filed with the court concerning a minor whose record is subject to dissemination pursuant to subdivision (b) shall include on the face sheet the school at which the minor is currently enrolled. The county superintendent shall provide the court with a listing of all of the schools within each school district, within the county, along with the name and mailing address of each district superintendent.

(d) Each notice sent by the court pursuant to subdivision (b) shall be stamped with the instruction: "Unlawful Dissemination Of This Information Is A Misdemeanor." Any information received from the court shall be kept in a separate confidential file at the school of attendance and shall be transferred to the minor's subsequent schools of attendance and maintained until the minor graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18 years, whichever occurs first. After that time the confidential record shall be destroyed. At any time after the date by which a record required to be destroyed by this section should have been destroyed, the minor or his or her parent or guardian shall have the right to make a written request to the principal of the school that the minor's school records be reviewed to ensure that the record has been destroyed. Upon completion of any requested review and no later than 30 days after the request for the review was received, the principal or his or her designee shall respond in writing to the written request and either shall confirm that the record

has been destroyed or, if the record has not been destroyed, shall explain why destruction has not yet occurred.

Except as provided in paragraph (2) of subdivision (b), no liability shall attach to any person who transmits or fails to transmit any notice or information required under subdivision (b).

(e) For purposes of this section, a "juvenile case file" means a petition filed in any juvenile court proceeding, reports of the probation officer, and all other documents filed in that case or made available to the probation officer in making his or her report, or to the judge, referee, or other hearing officer, and thereafter retained by the probation officer, judge, referee, or other hearing officer.

SEC. 4. Section 10850.4 is added to the Welfare and Institutions Code, to read:

10850.4. (b) All cases in which abuse or neglect leads to a child's death shall be subject to the disclosures required in subdivision (c). Abuse or neglect is determined to have led to a child's death if one or more of the following conditions are met:

(1) A county child protective services agency determines that the abuse or neglect was substantiated.

(2) A law enforcement investigation concludes that abuse or neglect occurred.

(3) A coroner or medical examiner concludes that the child who died had suffered abuse or neglect.

(c) Upon completion of the child abuse or neglect investigation into the child's death, as described in subdivision (b), the following documents from the juvenile case file shall be released by the custodian of records upon request, subject to the redactions set forth in subdivision (e):

(1) All of the information in subdivision (a).

(2) For cases in which the child's death occurred while living with a parent or guardian, all previous referrals of abuse or neglect of the deceased child while living with that parent or guardian shall be disclosed along with the following documents:

(D) All health care records of the deceased child, excluding mental health records, related to the child's death and previous injuries reflective of a pattern of abuse or neglect.

(E) Copies of police reports about the person against whom the child abuse or neglect was substantiated.

(3) For cases in which the child's death occurred while the child was in foster care, the following documents in addition to those specified in paragraphs (1) and (2) generated while the child was living in the foster care placement that was the placement at the time of the child's death:

(d) The documents listed in subdivision (c) shall be released to the public by the custodian of records within 10 business days of the request or the disposition of the investigation, whichever is later.

(e) (1) Prior to releasing any document pursuant to subdivision (c), the custodian of records shall redact the following information:

(A) The names, addresses, telephone numbers, ethnicity, religion, or any other identifying information of any person or institution, other than the county or the State Department of Social Services, that is mentioned in the documents listed in paragraphs (2) and (3) of subdivision (c).

(B) Any information that would, after consultation with the district attorney, jeopardize a criminal investigation or proceeding.

(C) Any information that is privileged, confidential, or not subject to disclosure pursuant to any other state or federal law.

(2) (A) The State Department of Social Services shall promulgate a regulation listing the laws described in subparagraph (C) of paragraph (1) and setting forth standards governing redactions.

(B) Notwithstanding the rulemaking provisions of the Administrative Procedures Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code), until emergency regulations are filed with the Secretary of State, the State Department

of Social Services may implement the changes made to Section 827 and this section at the 2007–08 Regular Session of the Legislature through all county letters or similar instructions from the director. The department shall adopt as emergency regulations, as necessary to implement those changes, no later than January 1, 2009.

(C) The adoption of regulations pursuant to this paragraph shall be deemed to be an emergency necessary for the immediate preservation of the public peace, health, safety, or general welfare. The emergency regulations authorized by this section shall be exempt from review by the Office of Administrative Law. The emergency regulations authorized by this section shall be submitted for filing with the Secretary of State and shall remain in effect for no more than 180 days, by which time the final regulations shall be adopted.

(f) Upon receiving a request for the documents listed in subdivision (c), the custodian of records shall notify and provide a copy of the request upon counsel for any child who is directly or indirectly connected to the juvenile case file. If counsel for a child, including the deceased child or any sibling of the deceased child, objects to the release of any part of the documents listed in paragraphs (2) and (3) of subdivision (c), they may petition the juvenile court for relief to prevent the release of any document or part of a document requested pursuant to paragraph (2) of subdivision (a) of Section 827.

(g) Documents from the juvenile case file, other than those listed in paragraphs (2) and (3) of subdivision (c), shall only be disclosed upon an order by the juvenile court pursuant to Section 827.

(h) Once documents pursuant to this section have been released by the custodian of records, the State Department of Social Services or the county welfare department or agency may comment on the case within the scope of the release.

(i) Information released by a custodian of records consistent with the requirements of this section does not require prior notice to any other individual.

(j) Each county welfare department or agency shall notify the State Department of Social Services of every child fatality that occurred within its jurisdiction that was the result of child abuse or neglect. Based on these notices and any other relevant information in the State Department of Social Services' possession, the department shall annually issue a report identifying the child fatalities and any systemic issues or patterns revealed by the notices and other relevant information. The State Department of Social Services, after consultation with interested stakeholders, shall provide instructions by an all county letter regarding the procedure for notification.

(k) For purposes of this section, the following definitions apply:

(o) Nothing in this section shall be construed as requiring a custodian of records to obtain documents not in the case file.

SEC. 5. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 469

An act to add Sections 5777.7, 11376, and 16125 to the Welfare and Institutions Code, relating to public social services.

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 5777.7 is added to the Welfare and Institutions Code, to read:

5777.7. (a) In order to facilitate the receipt of medically necessary specialty mental health services by a foster child who is placed outside

of his or her county of original jurisdiction, the State Department of Mental Health shall take all of the following actions:

(1) On or before July 1, 2008, create all of the following items, in consultation with stakeholders, including, but not limited to, the California Institute of Mental Health, the Child and Family Policy Institute, the California Mental Health Directors Association, and the California Alliance of Child and Family Services:

(A) A standardized contract for the purchase of medically necessary specialty mental health services from organizational providers, when a contract is required.

(B) A standardized specialty mental health service authorization procedure.

(C) A standardized set of documentation standards and forms, including, but not limited to, forms for treatment plans, annual treatment plan updates, day treatment intensive and day treatment rehabilitative progress notes, and treatment authorization requests.

(2) On or before January 1, 2009, use the standardized items as described in paragraph (1) of subdivision (a) to provide medically necessary specialty mental health services to a foster child who is placed outside of his or her county of original jurisdiction, so that organizational providers who are already certified by a mental health plan are not required to be additionally certified by the mental health plan in the county of original jurisdiction.

(3) (A) On or before January 1, 2009, use the standardized items described in paragraph (1) of subdivision (a) to provide medically necessary specialty mental health services to a foster child placed outside of his or her county of original jurisdiction to constitute a complete contract, authorization procedure, and set of documentation standards and forms, so that no additional documents are required.

(B) Authorize a county mental health plan to be exempt from subparagraph (A) and have an addendum to a contract, authorization procedure, or set of documentation standards and forms, when the county mental health plan has an externally placed requirement, such as a requirement from a federal integrity agreement, that would affect one of these documents.

(4) Following consultation with stakeholders, including, but not limited to, the California Institute of Mental Health, the Child and Family Policy Institute, the California Mental Health Directors Association, the California State Association of Counties, and the California Alliance of Child and Family Services, require the use of the standardized contracts, authorization procedures, and documentation standards and forms as specified in paragraph (1) of subdivision (a) in the 2008–09 state-county

mental health plan contract and each state-county mental health plan contract thereafter.

(5) The mental health plan shall complete a standardized contract, as provided in paragraph (1) of subdivision (a), if a contract is required, or another mechanism of payment if a contract is not required, with a provider or providers of the county's choice, to deliver approved specialty mental health services for a specified foster child, within 30 days of an approved Treatment Authorization Request (TAR).

(b) The California Health and Human Services Agency shall coordinate the efforts of the State Department of Mental Health and the State Department of Social Services to do all of the following:

(1) Participate with the stakeholders in the activities described in this section.

(2) During budget hearings in 2008 and 2009, report to the Legislature regarding the implementation of this section and subdivision (c) of Section 5777.6.

(3) On or before July 1, 2008, establish the following, in consultation with stakeholders, including, but not limited to, the California Mental Health Directors Association, the California Alliance of Child and Family Services, and the County Welfare Directors Association:

(A) Informational materials that explain to foster care providers how to arrange for mental health services on behalf of the beneficiary in their care.

(B) Informational materials that county child welfare agencies can access relevant to the provision of services to children in their care from the out-of-county local mental health plan that is responsible for providing those services, including, but not limited to, receiving a copy of the child's treatment plan within 60 days after requesting services.

(C) It is the intent of the Legislature to ensure that foster children who are adopted or placed permanently with relative guardians, and who move to a county outside their original county of residence, can access mental health services in a timely manner. It is the intent of the Legislature to enact this section as a temporary means of ensuring access to these services, while the appropriate stakeholders pursue a long-term solution in the form of a change to the Medi-Cal Eligibility Data System (MEDS) that will allow these children to receive mental health services through their new county of residence.

SEC. 2. Section 11376 is added to the Welfare and Institutions Code, to read:

11376. A foster child who has become the subject of a legal guardianship, who is receiving assistance under the Kin-Gap Program, including Medi-Cal, and whose foster care court supervision has been terminated, shall be provided medically necessary specialty mental health

services by the local mental health plan in the county of residence of his or her legal guardian, pursuant to all of the following:

(a) The host county mental health plan shall be responsible for submitting the treatment authorization request (TAR) to the mental health plan in the county of origin.

(b) The requesting public or private service provider shall prepare the TAR.

(c) The county of origin shall retain responsibility for authorization and reauthorization of services utilizing an expedited TAR process.

SEC. 3. Section 16125 is added to the Welfare and Institutions Code, to read:

16125. A foster child whose adoption has become final, who is receiving or is eligible to receive Adoption Assistance Program assistance, including Medi-Cal, and whose foster care court supervision has been terminated, shall be provided medically necessary specialty mental health services by the local mental health plan in the county of residence of his or her adoptive parents, pursuant to all of the following:

(a) The host county mental health plan shall be responsible for submitting the treatment authorization request (TAR) to the mental health plan in the county of origin.

(b) The requesting public or private service provider shall prepare the TAR.

(c) The county of origin shall retain responsibility for authorization and reauthorization of services utilizing an expedited TAR process.

SEC. 4. (a) If the State Department of Mental Health determines it is necessary, the department shall seek approval under the state's Section 1915(b) Medicaid waiver from the United States Department of Health and Human Services, Centers for Medicare and Medicaid Services (CMS) prior to implementation of this act.

(b) The department shall make the determination of the necessity to secure CMS approval and, should approval be deemed necessary, shall make the official request for approval from CMS by July 1, 2008, and shall do all that is necessary within its power to secure an expeditious approval from CMS.

(c) The department shall not be required to implement any section of this act that is determined by CMS not to be permitted under the state's waiver.

SEC. 5. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7

(commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 470

An act to add Section 4076.5 to the Business and Professions Code, relating to pharmacy.

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the California Patient Medication Safety Act.

SEC. 2. The Legislature hereby finds and declares all of the following:

(a) Health care costs and spending in California are rising dramatically and are expected to continue to increase.

(b) In California, prescription drug spending totaled over $188 billion in 2004, a $14 billion dollar per year spending increase from 1984.

(c) Prescription drug cost continues to be among the most significant cost factors in California's overall spending on health care.

(d) According to the Institute of Medicine of the National Academies, medication errors are among the most common medical errors, harming at least 1.5 million people every year.

(e) Up to one-half of all medications are taken incorrectly or mixed with other medications that cause dangerous reactions that can lead to injury and death.

(f) Approximately 46 percent of American adults cannot understand the label on their prescription medications.

(g) Ninety percent of Medicare patients take medications for chronic conditions and nearly one-half of them take five or more different medications.

(h) Nearly six out of 10 adults in the United States have taken prescription medications incorrectly.

(i) The people of California recognize the importance of reducing medication-related errors and increasing health care literacy regarding prescription drugs and prescription container labeling, which can increase consumer protection and improve the health, safety, and well-being of consumers.

(j) The Legislature affirms the importance of identifying deficiencies in, and opportunities for improving, patient medication safety systems in order to identify and encourage the adoption of structural safeguards related to prescription drug container labels.

(k) It is the intent of the Legislature to adopt a standardized prescription drug label that will be designed by the California State Board of Pharmacy for use on any prescription drug dispensed to a patient in California.

SEC. 3. Section 4076.5 is added to the Business and Professions Code, to read:

4076.5. (a) The board shall promulgate regulations that require, on or before January 1, 2011, a standardized, patient-centered, prescription drug label on all prescription medicine dispensed to patients in California.

(b) To ensure maximum public comment, the board shall hold public meetings statewide that are separate from its normally scheduled hearings in order to seek information from groups representing consumers, seniors, pharmacists or the practice of pharmacy, other health care professionals, and other interested parties.

(c) When developing the requirements for prescription drug labels, the board shall consider all of the following factors:

(1) Medical literacy research that points to increased understandability of labels.

(2) Improved directions for use.

(3) Improved font types and sizes.

(4) Placement of information that is patient-centered.

(5) The needs of patients with limited English proficiency.

(6) The needs of senior citizens.

(7) Technology requirements necessary to implement the standards.

(d) (1) On or before January 1, 2010, the board shall report to the Legislature on its progress under this section as of the time of the report.

(2) On or before January 1, 2013, the board shall report to the Legislature the status of implementation of the prescription drug label requirements adopted pursuant to this section.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 471

An act to amend Sections 17250.20, 17250.30, 17250.35, 81700, 81702, and 81704 of, and to repeal Sections 81700.5 and 81700.7 of, the Education Code, to amend Section 4 of Chapter 421 of the Statutes of 2001, and to amend Section 4 of Chapter 637 of the Statutes of 2002, relating to public works.

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 17250.20 of the Education Code is amended to read:

17250.20. Upon making a determination by a school district governing board that it is in the best interest of the school district, the governing board may enter into a design-build contract for both the design and construction of a school facility if that expenditure exceeds two million five hundred thousand dollars ($2,500,000) if, after evaluation of the traditional design, bid, and build process of school construction and of the design-build process in a public meeting, the governing board makes written findings that use of the design-build process on the specific project under consideration will accomplish one of the following objectives: reduce comparable project costs, expedite the project's completion, or provide features not achievable through the traditional design-bid-build method. The governing board also shall review the guidelines developed pursuant to Section 17250.40 and shall adopt a resolution approving the use of a design-build contract pursuant to this chapter prior to entering into a design-build contract.

SEC. 2. Section 17250.30 of the Education Code is amended to read:

17250.30. (a) Any design-build entity that is selected to design and build a project pursuant to this chapter shall possess or obtain sufficient bonding to cover the contract amount for nondesign services, and errors and omissions insurance coverage sufficient to cover all design and architectural services provided in the contract. This chapter does not prohibit a general or engineering contractor from being designated the lead entity on a design-build entity for the purposes of purchasing necessary bonding to cover the activities of the design-build entity.

(b) Any payment or performance bond written for the purposes of this chapter shall use a bond form developed by the Department of General Services pursuant to subdivision (g) of Section 14661 of the Government Code. The purpose of this subdivision is to promote

uniformity of bond forms to be used on school district design-build projects throughout the state.

(c) (1) All subcontracts that were not listed by the design-build entity in accordance with Section 17250.25 shall be awarded by the design-build entity.

(2) The design-build entity shall do all of the following:

(A) Provide public notice of the availability of work to be subcontracted.

(B) Provide a fixed date and time on which the subcontracted work will be awarded.

(3) Subcontractors bidding on contracts pursuant to this subdivision shall be afforded the protections contained in Chapter 4 (commencing with Section 4100) of Part 1 of Division 2 of the Public Contract Code.

(4) (A) If the school district elects to award a project pursuant to this section, retention proceeds withheld by the school district from the design-build entity shall not exceed 5 percent if a performance and payment bond, issued by an admitted surety insurer, is required in the solicitation of bids.

(B) In a contract between the design-build entity and a subcontractor, and in a contract between a subcontractor and any subcontractor thereunder, the percentage of the retention proceeds withheld shall not exceed the percentage specified in the contract between the school district and the design-build entity. If the design-build entity provides written notice to any subcontractor who is not a member of the design-build entity, prior to or at the time the bid is requested, that a bond may be required and the subcontractor subsequently is unable or refuses to furnish a bond to the design-build entity, then the design-build entity may withhold retention proceeds in excess of the percentage specified in the contract between the school district and the design-build entity from any payment made by the design-build entity to the subcontractor.

(5) In accordance with the provisions of applicable state law, the design-build entity may be permitted to substitute securities in lieu of the withholding from progress payments. Substitutions shall be made in accordance with Section 22300 of the Public Contract Code.

(d) The school district shall establish and enforce a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code or shall contract with a third party to operate a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code. This requirement shall not apply to projects where the school district or the design-build entity has entered into a collective bargaining agreement that binds all of the contractors performing work on the project.

SEC. 3. Section 17250.35 of the Education Code is amended to read:

17250.35. (a) The minimum performance criteria and design standards established pursuant to this chapter by a school district for quality, durability, longevity, and life-cycle costs, and other criteria deemed appropriate by the school district shall be adhered to by the design-build entity. Any deviations from those standards may only be allowed by written consent of the school district. The governing board may, and is strongly encouraged to, retain the services of an architect or structural engineer throughout the course of the project in order to ensure compliance with this chapter. Any architect or structural engineer retained pursuant to this subdivision shall be duly licensed and registered in California.

(b) The school district governing board shall be the employer of the project inspector. The project inspector shall be fully independent from any member of the design-build entity and shall not have an affiliation with any member of the design-build entity or any of the project subcontractors. The project inspector shall act under the direction of either the Director of General Services or a competent, qualified agent of the school district.

(c) The total price of the project shall be determined either upon receipt of the lump-sum bids as set forth in paragraph (1) of subdivision (c) of Section 17250.25, or by completion of the process pursuant to paragraph (2) of subdivision (c) of Section 17250.25.

(d) (1) Each contract with a design-build entity shall provide that no construction or alteration of any school building pursuant to this section shall commence prior to the receipt of the written approval of the plans, as to the safety of design and construction, from the Department of General Services.

(2) For purposes of this subdivision, "plans" includes, but is not limited to, plans for foundations or other building systems based on design criteria provided by the architect or structural engineer of the design-build entity to the Department of General Services prior to the receipt of completed building plans. For purposes of this paragraph, "other building systems" are building systems determined by the Division of the State Architect.

(3) Compliance with paragraph (1) shall be deemed to be in compliance with Sections 17267 and 17297.

(e) The design-build entity shall be liable for building the facility to specifications set forth in the design-build contract in the absence of contractual language to the contrary.

SEC. 4. Section 81700 of the Education Code is amended to read:

81700. (a) It is the intent of the Legislature to enable community college districts to utilize safe and cost-effective options for building and modernizing community college facilities. The Legislature has

recognized the merits of the design-build procurement process in the past by authorizing its use for projects undertaken by the University of California, specified local government projects, including school districts, and state office buildings.

(b) The Legislature also finds and declares that community college districts utilizing a design-build contract require a clear understanding of the roles and responsibilities of each participant in the design-build process. The benefits of a design-build contract project delivery system include an accelerated completion of the projects, cost containment, reduction of construction complexity, and reduced exposure to risk for the community college district. The Legislature also finds that the cost-effective benefits to the community college districts are achieved by shifting the liability and risk for cost containment and project completion to the design-build entity.

(c) It is the intent of the Legislature to provide an optional, alternative procedure for bidding and building community college construction projects.

(d) In addition, it is the intent of the Legislature that the full scope of design, construction, and equipment awarded to a design-build entity under this chapter shall be authorized in a single funding phase. The funding phase may be authorized concurrently with, or separately from, the phase that authorizes the creation of the performance criteria and concept drawings.

(e) It is the intent of the Legislature that design-build procurement as authorized by this chapter shall not be construed to extend, limit, or change in any manner the legal responsibility of public agencies and contractors to comply with existing laws.

SEC. 5. Section 81700.5 of the Education Code is repealed.

SEC. 6. Section 81700.7 of the Education Code is repealed.

SEC. 7. Section 81702 of the Education Code is amended to read:

81702. (a) Upon a determination by a community college district governing board that it is in the best interest of the community college district, the governing board may enter into a design-build contract for both the design and construction of a community college facility if that expenditure exceeds two million five hundred thousand dollars ($2,500,000) if, after evaluation of the traditional design, bid, and build process of community college facility construction and of the design-build process in a public meeting, the governing board makes written findings that use of the design-build process on the specific project under consideration will accomplish one of the following objectives: reduce comparable project costs, expedite the project's completion, or provide features not achievable through the traditional design-bid-build method. The governing board shall also review the

guidelines developed pursuant to Section 81706 and shall adopt a resolution approving the use of a design-build contract pursuant to this chapter prior to entering into a design-build contract.

(b) No state funds appropriated for a design-build capital outlay project may be expended until the Department of Finance and the State Public Works Board have approved performance criteria, or performance criteria and concept drawings, for the project to be financed from the appropriation for capital outlay.

SEC. 8. Section 81704 of the Education Code is amended to read:

81704. (a) Any design-build entity that is selected to design and build a project pursuant to this chapter shall possess or obtain sufficient bonding to cover the contract amount for nondesign services, and errors and omission insurance coverage sufficient to cover all design and architectural services provided in the contract. This chapter does not prohibit a general or engineering contractor from being designated the lead entity on a design-build entity for the purposes of purchasing necessary bonding to cover the activities of the design-build entity.

(b) Any payment or performance bond written for the purposes of this chapter shall use a bond form developed by the Department of General Services pursuant to subdivision (i) of Section 14661 of the Government Code. The purpose of this subdivision is to promote uniformity of bond forms to be used on community college district design-build projects throughout the state.

(c) (1) All subcontracts that were not listed by the design-build entity in accordance with Section 81703 shall be awarded by the design-build entity in accordance with the design-build process set forth by the community college district in the design-build package.

(2) The design-build entity shall do all of the following:

(A) Provide public notice of the availability of work to be subcontracted.

(B) Provide a fixed date and time on which the subcontracted work will be awarded.

(3) Subcontractors bidding on contracts pursuant to this subdivision shall be afforded the protections contained in Chapter 4 (commencing with Section 4100) of Part 1 of Division 2 of the Public Contract Code.

(4) (A) If the community college district elects to award a project pursuant to this section, retention proceeds withheld by the community college district from the design-build entity shall not exceed 5 percent if a performance and payment bond, issued by an admitted surety insurer, is required in the solicitation of bids.

(B) In a contract between the design-build entity and a subcontractor, and in a contract between a subcontractor and any subcontractor thereunder, the percentage of the retention proceeds withheld may not

exceed the percentage specified in the contract between the community college district and the design-build entity. If the design-build entity provides written notice to any subcontractor who is not a member of the design-build entity, prior to or at the time the bid is requested, that a bond may be required and the subcontractor subsequently is unable or refuses to furnish a bond to the design-build entity, then the design-build entity may withhold retention proceeds in excess of the percentage specified in the contract between the community college district and the design-build entity from any payment made by the design-build entity to the subcontractor.

(5) In accordance with the provisions of applicable state law, the design-build entity may be permitted to substitute securities in lieu of the withholding from progress payments. Substitutions shall be made in accordance with Section 22300 of the Public Contract Code.

(d) The community college district shall establish and enforce a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code or shall contract with a third party to operate a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code. This requirement shall not apply to projects where the community college district or the design-build entity has entered into a collective bargaining agreement that binds all of the contractors performing work on the project.

SEC. 9. Section 4 of Chapter 421 of the Statutes of 2001, as amended by Section 18 of Chapter 35 of the Statutes of 2006, is amended to read:

Sec. 4. This act shall remain in effect only until January 1, 2014, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2014, deletes or extends that date.

SEC. 10. Section 4 of Chapter 637 of the Statutes of 2002, as amended by Section 19 of Chapter 35 of the Statutes of 2006, is amended to read:

Sec. 4. This act shall remain in effect only until January 1, 2014, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2014, deletes or extends that date.

SEC. 11. Except as provided in this act, nothing in this act shall be construed to affect the application of any other law.

CHAPTER 472

An act to amend Section 1262.5 of the Health and Safety Code, relating to persons with disabilities.

[Approved by Governor October 11, 2007. Filed with
Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) On June 22, 1999, the United States Supreme Court issued a decision in the case of Olmstead v. L.C., finding that the unjustified institutional isolation of people with disabilities and seniors is a violation of the Americans with Disabilities Act (ADA).

(b) The court found that under certain circumstances, regulations implementing Title II of the ADA require the placement of persons with disabilities and seniors in community settings rather than institutions.

(c) The decision challenged federal, state, and local governments to develop cost-effective community-based services to prevent or delay institutionalization.

(d) Unnecessary institutional placement, such as nursing homes, state hospitals, and other nonhome-like settings, of individuals with disabilities and seniors adversely affects the everyday life activities, family relations, social contacts, work options, economic independence, and cultural enrichment of those institutionalized persons.

(e) The state has a responsibility to protect against the unnecessary institutionalization of individuals with disabilities and seniors.

(f) The opportunity to direct one's own affairs, live independently, and attain economic self-sufficiency is an essential component of developing self-worth and personal responsibility.

(g) Direction has been provided to states under the Americans with Disabilities Act and the United States Supreme Court's decision in Olmstead v. L.C..

(h) Community-based care and services can be more cost effective than institutional care, and result in a higher quality of life that promotes the values of community participation, inclusiveness, and respect for diversity.

(i) The active involvement of people with disabilities and seniors and their representatives in the development and implementation of activities designed to move people into, or allow them to remain in, community-based settings is critical to ensuring effective strategies.

(j) California has demonstrated only a mediocre record of success in providing services that support the full integration of persons with disabilities and seniors in community life.

(k) It is possible to build upon California's previous success to improve procedures and implement new tools that will enable more people to fully access their communities.

SEC. 2. (a) The state affirms its commitment to provide services to people with disabilities and seniors in the most integrated setting, and to adopt and adhere to policies and practices that make it possible for persons with disabilities and seniors to remain in their communities and avoid unnecessary institutionalization.

(b) It is the intent of this act to make proven case management services that help disabled persons and seniors who would otherwise be placed in an institutional setting, including, but not limited to, a nursing home, remain in their own homes or communities, available to all consumers who qualify for those services.

SEC. 3. Section 1262.5 of the Health and Safety Code is amended to read:

1262.5. (a) Each hospital shall have a written discharge planning policy and process.

(b) The policy required by subdivision (a) shall require that appropriate arrangements for posthospital care, including, but not limited to, care at home, in a skilled nursing or intermediate care facility, or from a hospice, are made prior to discharge for those patients who are likely to suffer adverse health consequences upon discharge if there is no adequate discharge planning. If the hospital determines that the patient and family members or interested persons need to be counseled to prepare them for posthospital care, the hospital shall provide for that counseling.

(c) The process required by subdivision (a) shall require that the patient be informed, orally or in writing, of the continuing health care requirements following discharge from the hospital. The right to information regarding continuing health care requirements following discharge shall apply to the person who has legal responsibility to make decisions regarding medical care on behalf of the patient, if the patient is unable to make those decisions for himself or herself. In addition, a patient may request that friends or family members be given this information, even if the patient is able to make his or her own decisions regarding medical care.

(d) (1) A transfer summary shall accompany the patient upon transfer to a skilled nursing or intermediate care facility or to the distinct part-skilled nursing or intermediate care service unit of the hospital. The transfer summary shall include essential information relative to the patient's diagnosis, hospital course, pain treatment and management, medications, treatments, dietary requirement, rehabilitation potential, known allergies, and treatment plan, and shall be signed by the physician.

(2) A copy of the transfer summary shall be given to the patient and the patient's legal representative, if any, prior to transfer to a skilled nursing or intermediate care facility.

(e) A hospital shall establish and implement a written policy to ensure that each patient receives, at the time of discharge, information regarding each medication dispensed, pursuant to Section 4074 of the Business and Professions Code.

(f) A hospital shall provide every patient anticipated to be in need of long-term care at the time of discharge with contact information for at least one public or nonprofit agency or organization dedicated to providing information or referral services relating to community-based long-term care options in the patient's county of residence and appropriate to the needs and characteristics of the patient. At a minimum, this information shall include contact information for the area agency on aging serving the patient's county of residence, local independent living centers, or other information appropriate to the needs and characteristics of the patient.

(g) A contract between a general acute care hospital and a health care service plan that is issued, amended, renewed, or delivered on or after January 1, 2002, may not contain a provision that prohibits or restricts any health care facility's compliance with the requirements of this section.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 473

An act to amend Section 20175.2 of, and to add and repeal Section 20785 of, the Public Contract Code, relating to public contracts.

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 20175.2 of the Public Contract Code is amended to read:

20175.2. (a) (1) This section provides an alternative procedure for bidding on building construction projects applicable in cities in the

Counties of Solano and Yolo and the Cities of Stanton and Victorville upon approval of the appropriate city council.

(2) These cities may award the project using either the lowest responsible bidder or by best value.

(b) (1) It is the intent of the Legislature to enable cities to utilize cost-effective options for building and modernizing public facilities. The Legislature also recognizes the national trend, including authorization in California, to allow public entities to utilize design-build contracts as a project delivery method. It is not the intent of the Legislature to authorize this procedure for transportation facilities, including, but not limited to, roads and bridges.

(2) The Legislature also finds and declares that utilizing a design-build contract requires a clear understanding of the roles and responsibilities of each participant in the design-build process. The Legislature also finds that the cost-effective benefits to cities are achieved by shifting the liability and risk for cost containment and project completion to the design-build entity.

(3) It is the intent of the Legislature to provide an alternative and optional procedure for bidding and building construction projects for cities.

(4) The design-build approach may be used, but is not limited to use, when it is anticipated that it will: reduce project cost, expedite project completion, or provide design features not achievable through the design-bid-build method.

(5) If a city council elects to proceed under this section, the city council shall establish and enforce, for design-build projects, a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code, or it shall contract with a third party to operate a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code. This requirement shall not apply to any project where the city or the design-build entity has entered into any collective bargaining agreement or agreements that bind all of the contractors performing work on the projects.

(c) As used in this section:

(1) "Best value" means a value determined by objectives relative to price, features, functions, and life cycle costs.

(2) "Design-build" means a procurement process in which both the design and construction of a project are procured from a single entity.

(3) "Design-build entity" means a partnership, corporation, or other legal entity that is able to provide appropriately licensed contracting, architectural, and engineering services, as needed, pursuant to a design-build contract.

(4) "Project" means the construction of a building and improvements directly related to the construction of a building, but does not include streets and highways, public rail transit, or water resources facilities and infrastructure.

(d) Design-build projects shall progress in a four-step process, as follows:

(1) (A) The city shall prepare a set of documents setting forth the scope of the project. The documents may include, but are not limited to, the size, type, and desired design character of the buildings and site, performance specifications covering the quality of materials, equipment, and workmanship, preliminary plans or building layouts, or any other information deemed necessary to describe adequately the city's needs. The performance specifications and any plans shall be prepared by a design professional who is duly licensed and registered in California.

(B) Any architect or engineer retained by the city to assist in the development of the project-specific documents shall not be eligible to participate in the preparation of a bid with any design-build entity for that project.

(2) (A) Based on the documents prepared in paragraph (1), the city shall prepare a request for proposals that invites interested parties to submit competitive sealed proposals in the manner prescribed by the city. The request for proposals shall include, but is not limited to, the following elements:

(i) Identification of the basic scope and needs of the project or contract, the expected cost range, and other information deemed necessary by the city to inform interested parties of the contracting opportunity, to include the methodology that will be used by the city to evaluate proposals, and specifically if the contract will be awarded to the lowest responsible bidder.

(ii) Significant factors which the city reasonably expects to consider in evaluating proposals, including cost or price and all nonprice related factors.

(iii) The relative importance of weight assigned to each of the factors identified in the request for proposals.

(B) With respect to clause (iii) of subparagraph (A), if a nonweighted system is used, the agency shall specifically disclose whether all evaluation factors, other than cost or price, when combined are:

(i) Significantly more important than cost or price.

(ii) Approximately equal in importance to cost or price.

(iii) Significantly less important than cost or price.

(C) If the city chooses to reserve the right to hold discussions or negotiations with responsive bidders, it shall so specify in the request for proposal and shall publish separately, or incorporate into the request

for proposal, applicable rules and procedures to be observed by the city to ensure that any discussions or negotiations are conducted in good faith.

(3) (A) The city shall establish a procedure to prequalify design-build entities using a standard questionnaire developed by the city. In preparing the questionnaire, the city shall consult with the construction industry, including representatives of the building trades and surety industry. This questionnaire shall require information including, but not limited to, all of the following:

(i) If the design-build entity is a partnership, limited partnership, or other association, a listing of all of the partners, general partners, or association members known at the time of bid submission who will participate in the design-build contract, including, but not limited to, mechanical subcontractors.

(ii) Evidence that the members of the design-build entity have completed, or demonstrated the experience, competency, capability, and capacity to complete projects of similar size, scope, or complexity, and that proposed key personnel have sufficient experience and training to competently manage and complete the design and construction of the project, as well as a financial statement that assures the city that the design-build entity has the capacity to complete the project.

(iii) The licenses, registration, and credentials required to design and construct the project, including information on the revocation or suspension of any license, credential, or registration.

(iv) Evidence that establishes that the design-build entity has the capacity to obtain all required payment and performance bonding, liability insurance, and errors and omissions insurance.

(v) Any prior serious or willful violation of the California Occupational Safety and Health Act of 1973, contained in Part 1 (commencing with Section 6300) of Division 5 of the Labor Code or the federal Occupational Safety and Health Act of 1970 (Public Law 91–596) settled against any member of the design-build entity, and information concerning workers' compensation experience history and worker safety program.

(vi) Information concerning any debarment, disqualification, or removal from a federal, state, or local government public works project. Any instance where an entity, its owners, officers, or managing employees submitted a bid on a public works project and were found to be nonresponsive, or were found by an awarding body not to be a responsible bidder.

(vii) Any instance where the entity, its owners, officers, or managing employees defaulted on a construction contract.

(viii) Any violations of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code), excluding alleged violations of federal or state law including the payment of wages, benefits, apprenticeship requirements, or personal income tax withholding, or of Federal Insurance Contribution Act (FICA) withholding requirements settled against any member of the design-build entity.

(ix) Information concerning the bankruptcy or receivership of any member of the design-build entity, including information concerning any work completed by a surety.

(x) Information concerning all settled adverse claims, disputes, or lawsuits between the owner of a public works project and any member of the design-build entity during the five years preceding submission of a bid pursuant to this section, in which the claim, settlement, or judgment exceeds fifty thousand dollars ($50,000). Information shall also be provided concerning any work completed by a surety during this period.

(xi) In the case of a partnership or other association that is not a legal entity, a copy of the agreement creating the partnership or association and specifying that all partners or association members agree to be fully liable for the performance under the design-build contract.

(B) The information required pursuant to this subdivision shall be verified under oath by the entity and its members in the manner in which civil pleadings in civil actions are verified. Information that is not a public record pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code) shall not be open to public inspection.

(4) The city shall establish a procedure for final selection of the design-build entity. Selection shall be based on either of the following criteria:

(A) A competitive bidding process resulting in lump-sum bids by the prequalified design-build entities. Awards shall be made to the lowest responsible bidder.

(B) The city may use a design-build competition based upon best value and other criteria set forth in paragraph (2) of subdivision (d). The design-build competition shall include the following elements:

(i) Competitive proposals shall be evaluated by using only the criteria and selection procedures specifically identified in the request for proposal. However, the following minimum factors shall each represent at least 10 percent of the total weight of consideration given to all criteria factors: price, technical design and construction expertise, life cycle costs over 15 years or more, skilled labor force availability, and acceptable safety record. Each of these factors shall be weighted equally.

(ii) Once the evaluation is complete, the top three responsive bidders shall be ranked sequentially from the most advantageous to the least.

(iii) The award of the contract shall be made to the responsible bidder whose proposal is determined, in writing, to be the most advantageous.

(iv) Notwithstanding any provision of this code, upon issuance of a contract award, the city shall publicly announce its award, identifying the contractor to whom the award is made, along with a written decision supporting its contract award and stating the basis of the award. The notice of award shall also include the city's second and third ranked design-build entities.

(v) For the purposes of this paragraph, "skilled labor force availability" shall be determined by the existence of an agreement with a registered apprenticeship program, approved by the California Apprenticeship Council, which has graduated apprentices in each of the preceding five years. This graduation requirement shall not apply to programs providing apprenticeship training for any craft that has been deemed by the Department of Labor and the Department of Industrial Relations to be an apprenticeable craft in the five years prior to enactment of this act.

(vi) For the purposes of this paragraph, a bidder's "safety record" shall be deemed "acceptable" if their experience modification rate for the most recent three-year period is an average of 1.00 or less, and their average Total Recordable Injury/Illness rate and average lost work rate for the most recent three-year period does not exceed the applicable statistical standards for its business category, or if the bidder is a party to an alternative dispute resolution system, as provided for in Section 3201.5 of the Labor Code.

(e) (1) Any design-build entity that is selected to design and build a project pursuant to this section shall possess or obtain sufficient bonding to cover the contract amount for nondesign services and errors and omissions insurance coverage sufficient to cover all design and architectural services provided in the contract. This section does not prohibit a general or engineering contractor from being designated the lead entity on a design-build entity for the purposes of purchasing necessary bonding to cover the activities of the design-build entity.

(2) Any payment or performance bond written for the purposes of this section shall be written using a bond form developed by the city.

(f) All subcontractors that were not listed by the design-build entity in accordance with clause (i) of subparagraph (A) of paragraph (3) of subdivision (d) shall be awarded by the design-build entity in accordance with the design-build process set forth by the city in the design-build package. All subcontractors bidding on contracts pursuant to this section shall be afforded the protections contained in Chapter 4 (commencing

with Section 4100) of Part 1. The design-build entity shall do both of the following:

(1) Provide public notice of the availability of work to be subcontracted in accordance with the publication requirements applicable to the competitive bidding process of the city.

(2) Provide a fixed date and time on which the subcontracted work will be awarded in accordance with the procedure established pursuant to this section.

(g) The minimum performance criteria and design standards established pursuant to paragraph (1) of subdivision (d) shall be adhered to by the design-build entity. Any deviations from those standards may only be allowed by written consent of the city.

(h) The city may retain the services of a design professional or construction project manager, or both, throughout the course of the project in order to ensure compliance with this section.

(i) Contracts awarded pursuant to this section shall be valid until the project is completed.

(j) Nothing in this section is intended to affect, expand, alter, or limit any rights or remedies otherwise available at law.

(k) (1) If the city elects to award a project pursuant to this section, retention proceeds withheld by the city from the design-build entity shall not exceed 5 percent if a performance and payment bond, issued by an admitted surety insurer, is required in the solicitation of bids.

(2) In a contract between the design-build entity and the subcontractor, and in a contract between a subcontractor and any subcontractor thereunder, the percentage of the retention proceeds withheld may not exceed the percentage specified in the contract between the city and the design-build entity. If the design-build entity provides written notice to any subcontractor who is not a member of the design-build entity, prior to or at the time the bid is requested, that a bond may be required and the subcontractor subsequently is unable or refuses to furnish a bond to the design-build entity, then the design-build entity may withhold retention proceeds in excess of the percentage specified in the contract between the city and the design-build entity from any payment made by the design-build entity to the subcontractor.

(*l*) Each city that elects to proceed under this section and uses the design-build method on a public works project shall submit to the Legislative Analyst's Office before December 1, 2009, a report containing a description of each public works project procured through the design-build process that is completed after January 1, 2006, and before November 1, 2009. The report shall include, but shall not be limited to, all of the following information:

(1) The type of project.

(2) The gross square footage of the project.

(3) The design-build entity that was awarded the project.

(4) The estimated and actual project costs.

(5) A description of any written protests concerning any aspect of the solicitation, bid, proposal, or award of the design-build project, including the resolution of the protests.

(6) An assessment of the prequalification process and criteria.

(7) An assessment of the effect of retaining 5 percent retention on the project.

(8) A description of the Labor Force Compliance Program and an assessment of the project impact, where required.

(9) A description of the method used to award the contract. If the best value method was used, the report shall describe the factors used to evaluate the bid, including the weighting of each factor and an assessment of the effectiveness of the methodology.

(10) An assessment of the project impact of "skilled labor force availability."

(11) An assessment of the most appropriate uses for the design-build approach.

(m) Any city that elects not to use the authority granted by this section may submit a report to the Legislative Analyst's Office explaining why the city elected not to use the design-build method.

(n) On or before January 1, 2010, the Legislative Analyst's Office shall report to the Legislature on the use of the design-build method by cities pursuant to this section, including the information listed in subdivision (*l*). The report may include recommendations for modifying or extending this section.

(o) Except as provided in this section, nothing in this act shall be construed to affect the application of any other law.

(p) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

SEC. 2. Section 20785 is added to the Public Contract Code, to read:

20785. (a) Notwithstanding any other provision of law, the Orange County Sanitation District may use the procedures described in Section 20133 for the construction of projects in excess of six million dollars ($6,000,000), including, but not limited to, public wastewater facilities.

(b) For purposes of this section, all references in Section 20133 to "county" and "board of supervisors" shall mean the Orange County Sanitation District, and its board of directors.

(c) This section shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

SEC. 3. (a) The Legislature finds and declares that a special law contained in Section 1 of this act is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique need to build public facilities in a cost-effective manner in the City of Stanton.

(b) The Legislature further finds and declares that due to the unique circumstances of the Orange County Sanitation District with regard to a consent decree that was mutually negotiated with the federal Environmental Protection Agency and the State Water Resources Control Board for the completion of an additional secondary treatment facility within the district by December 2012, a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution. Therefore, the special legislation contained in Section 2 of this act is necessarily applicable only to the Orange County Sanitation District.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 474

An act to amend Sections 6002.1, 6071, 6079.1, 6086.65, 6126, and 6140 of, to add Article 4.8 (commencing with Section 6073) to Chapter 4 of Division 3 of, to add and repeal Section 6140.35 of, and to repeal Section 6140.3 of, the Business and Professions Code, relating to the practice of law.

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 6002.1 of the Business and Professions Code is amended to read:

6002.1. (a) A member of the State Bar shall maintain all of the following on the official membership records of the State Bar:

(1) The member's current office address and telephone number or, if no office is maintained, the address to be used for State Bar purposes or purposes of the agency charged with attorney discipline.

(2) All specialties in which the member is certified.

(3) Any other jurisdictions in which the member is admitted and the dates of his or her admission.

(4) The jurisdiction, and the nature and date of any discipline imposed by another jurisdiction, including the terms and conditions of any probation imposed, and, if suspended or disbarred in another jurisdiction, the date of any reinstatement in that jurisdiction.

(5) Any other information as may be required by agreement with or by conditions of probation imposed by the agency charged with attorney discipline.

A member shall notify the membership records office of the State Bar of any change in the information required by paragraphs (1), (4), and (5) within 30 days of any change and of the change in the information required by paragraphs (2) and (3) on or before the first day of February of each year.

(b) Every former member of the State Bar who has been ordered by the Supreme Court to comply with Rule 9.20 of the California Rules of Court shall maintain on the official membership records of the State Bar the former member's current address and within 10 days after any change therein, shall file a change of address with a membership records office of the State Bar until such time as the former member is no longer subject to the order.

(c) The notice initiating a proceeding conducted under this chapter may be served upon the member or former member of the State Bar to whom it is directed by certified mail, return receipt requested, addressed to the member or former member at the latest address shown on the official membership records of the State Bar. The service is complete at the time of the mailing but any prescribed period of notice and any right or duty to do any act or make any response within any prescribed period or on a date certain after the notice is served by mail shall be extended five days if the place of address is within the State of California, 10 days if the place of address is outside the State of California but within the United States, and 20 days if the place of address is outside the United States. A member of the State Bar or former member may waive the requirements of this subdivision and may, with the written consent of another member of the State Bar, designate that other member to receive service of any notice or papers in any proceeding conducted under this chapter.

(d) The State Bar shall not make available to the general public the information specified in paragraph (5) of subdivision (a) unless that

information is required to be made available by a condition of probation. That information is, however, available to the State Bar, the Supreme Court, or the agency charged with attorney discipline.

(e) The State Bar may develop a prescribed form for the making of reports required by this section, usage of which it may require by rule or regulation.

SEC. 2. Section 6071 of the Business and Professions Code is amended to read:

6071. (a) The State Bar shall request the California Supreme Court to amend Rule 9.31 of the California Rules of Court, relating to the mandatory continuing education program, to provide that one hour of the mandatory eight hours of legal education activities in legal ethics or law practice management, instead, may be satisfied by one hour of legal education activity in the civil and criminal remedies available for civil rights violations.

(b) This section shall not affect the requirement that all active members of the State Bar complete at least four hours of legal education activity in ethics within designated 36-month periods.

SEC. 3. Article 4.8 (commencing with Section 6073) is added to Chapter 4 of Division 3 of the Business and Professions Code, to read:

Article 4.8. Pro Bono Services

6073. It has been the tradition of those learned in the law and licensed to practice law in this state to provide voluntary pro bono legal services to those who cannot afford the help of a lawyer. Every lawyer authorized and privileged to practice law in California is expected to make a contribution. In some circumstances, it may not be feasible for a lawyer to directly provide pro bono services. In those circumstances, a lawyer may instead fulfill his or her individual pro bono ethical commitment, in part, by providing financial support to organizations providing free legal services to persons of limited means. In deciding to provide that financial support, the lawyer should, at minimum, approximate the value of the hours of pro bono legal service that he or she would otherwise have provided. In some circumstances, pro bono contributions may be measured collectively, as by a firm's aggregate pro bono activities or financial contributions. Lawyers also make invaluable contributions through their other voluntary public service activities that increase access to justice or improve the law and the legal system. In view of their expertise in areas that critically affect the lives and well-being of members of the public, lawyers are uniquely situated to provide invaluable assistance to benefit those who might otherwise be unable to

assert or protect their interests and to support those legal organizations that advance these goals.

SEC. 4. Section 6079.1 of the Business and Professions Code is amended to read:

6079.1. (a) The Supreme Court shall appoint a presiding judge of the State Bar Court. In addition, five hearing judges shall be appointed, two by the Supreme Court, one by the Governor, one by the Senate Committee on Rules, and one by the Speaker of the Assembly, to efficiently decide any and all regulatory matters pending before the Hearing Department of the State Bar Court. The presiding judge and all other judges of that department shall be appointed for a term of six years and may be reappointed for additional six-year terms. Any judge appointed under this section shall be subject to admonition, censure, removal, or retirement by the Supreme Court upon the same grounds as provided for judges of courts of record of this state.

(b) Judges of the State Bar Court appointed under this section shall not engage in the private practice of law. The State Bar Court shall be broadly representative of the ethnic, sexual, and racial diversity of the population of California and composed in accordance with Sections 11140 and 11141 of the Government Code. Each judge:

(1) Shall have been a member of the State Bar for at least five years.

(2) Shall not have any record of the imposition of discipline as an attorney in California or any other jurisdiction.

(3) Shall meet any other requirements as may be established by subdivision (d) of Section 12011.5 of the Government Code.

(c) Applicants for appointment or reappointment as a State Bar Court judge shall be screened by an applicant evaluation committee as directed by the Supreme Court. The committee, appointed by the Supreme Court, shall submit evaluations and recommendations to the appointing authority and the Supreme Court as provided in Rule 9.11 of the California Rules of Court, or as otherwise directed by the Supreme Court. The committee shall submit no fewer than three recommendations for each available position.

(e) From among the members of the State Bar or retired judges, the Supreme Court or the board may appoint pro tempore judges to decide matters in the Hearing Department of the State Bar Court when a judge of the State Bar Court is unavailable to serve without undue delay to the proceeding. Subject to modification by the Supreme Court, the board

(f) A judge or pro tempore judge appointed under this section shall hear every regulatory matter pending in the Hearing Department of the State Bar Court as to which the taking of testimony or offering of evidence at trial has not commenced, and when so assigned, shall sit as the sole adjudicator, except for rulings that are to be made by the presiding judge of the State Bar Court or referees of other departments of the State Bar Court.

(g) Any judge or pro tempore judge of the State Bar Court as well as any employee of the State Bar assigned to the State Bar Court shall have the same immunity that attaches to judges in judicial proceedings in this state. Nothing in this subdivision limits or alters the immunities accorded the State Bar, its officers and employees, or any judge or referee of the State Bar Court as they existed prior to January 1, 1989. This subdivision does not constitute a change in, but is cumulative with, existing law.

(h) Nothing in this section shall be construed to prohibit the board from appointing persons to serve without compensation to arbitrate fee disputes under Article 13 (commencing with Section 6200) or to monitor the probation of a member of the State Bar, whether those appointed under Section 6079, as added by Chapter 1114 of the Statutes of 1986, serve in the State Bar Court or otherwise.

However, the two Review Department judges may be appointed to, and paid as, positions occupying one-half the time and pay of the presiding judge. The Executive Committee may adopt rules of practice for the operation of the State Bar Court as provided in Section 6086.5.

(c) Any decision or order reviewable by the Review Department and issued by a judge of the State Bar Court appointed pursuant to Section 6079.1 may be reviewed only upon timely request of a party to the proceeding and not on the Review Department's own motion. The standard to be applied by the Review Department in reviewing a decision, order, or ruling by a hearing judge fully disposing of a proceeding is established in Rule 9.12 of the California Rules of Court, or as otherwise directed by the Supreme Court.

SEC. 6. Section 6126 of the Business and Professions Code is amended to read:

Upon a second or subsequent conviction, the person shall be confined in a county jail for not less than 90 days, except in an unusual case where the interests of justice would be served by imposition of a lesser sentence or a fine. If the court imposes only a fine or a sentence of less than 90 days for a second or subsequent conviction under this subdivision, the court shall state the reasons for its sentencing choice on the record.

(b) Any person who has been involuntarily enrolled as an inactive member of the State Bar, or has been suspended from membership from the State Bar, or has been disbarred, or has resigned from the State Bar with charges pending, and thereafter practices or attempts to practice law, advertises or holds himself or herself out as practicing or otherwise entitled to practice law, is guilty of a crime punishable by imprisonment in the state prison or a county jail. However, any person who has been involuntarily enrolled as an inactive member of the State Bar pursuant to paragraph (1) of subdivision (e) of Section 6007 and who knowingly thereafter practices or attempts to practice law, or advertises or holds himself or herself out as practicing or otherwise entitled to practice law, is guilty of a crime punishable by imprisonment in the state prison or a county jail.

(c) The willful failure of a member of the State Bar, or one who has resigned or been disbarred, to comply with an order of the Supreme Court to comply with Rule 9.20 of the California Rules of Court, constitutes a crime punishable by imprisonment in the state prison or a county jail.

(d) The penalties provided in this section are cumulative to each other and to any other remedies or penalties provided by law.

SEC. 7. Section 6140 of the Business and Professions Code is amended to read:

6140. (a) The board shall fix the annual membership fee for active members for 2008 at a sum not exceeding three hundred fifteen dollars ($315).

(b) The annual membership fee for active members is payable on or before the first day of February of each year. If the board finds it appropriate and feasible, it may provide by rule for payment of fees on an installment basis with interest, by credit card, or other means, and may charge members choosing any alternative method of payment an additional fee to defray costs incurred by that election.

(c) On or before January 10, 2008, the board shall report to the Chairs of the Senate and Assembly Committees on Judiciary, with a copy to the State Auditor, all of the following:

(3) Whether the State Bar is in full compliance with its checklist and auditing systems and the changes it has implemented to address concerns identified by the State Auditor that will ensure complete and efficient case processing of disciplinary matters.

(4) The State Bar's plan to control Client Security Fund administrative expenses.

(5) Whether the State Bar has fully complied with its administrative and monitoring responsibilities with respect to the Legal Services Trust Fund Program, including monitoring trust account reporting compliance.

(d) This section shall remain in effect only until January 1, 2009, and, as of that date, is repealed, unless a later enacted statute, that is enacted before January 1, 2009, deletes or extends that date.

SEC. 8. Section 6140.3 of the Business and Professions Code is repealed.

6140.35. (a) The board may increase the annual membership fee fixed by Section 6140 by an additional amount not exceeding ten dollars ($10). This additional amount may be used only for the costs of upgrading the board's information technology system, including purchasing and maintenance costs and both computer hardware and software. This special

assessment for information technology upgrades shall be separately listed and described in the annual membership fee invoice, which shall include notice of the repeal of this section on January 1, 2011.

(b) This section shall remain in effect only until January 1, 2011, and, as of that date, is repealed.

(b) (1) When the child of a teen parent is not subject to the jurisdiction of the dependency court but is in the full or partial physical custody of the teen parent, a written shared responsibility plan shall be developed. The plan shall be developed between the teen parent, caregiver, and a representative of the county child welfare agency or probation department, and in the case of a certified home, a representative of the agency providing direct and immediate supervision to the caregiver. Additional input may be provided by any individuals identified by the teen parent, the other parent of the child, if appropriate, and other extended family members. The plan shall be developed as soon as is practicably possible. However, if one or more of the above stakeholders are not available to participate in the creation of the plan within the first 30 days of the teen parent's placement, the teen parent and caregiver may enter into a plan for the purposes of fulfilling the requirements of paragraph (2) of subdivision (d) of Section 11465, which may be modified at a later time when the other individuals become available.

parent in meeting the goals outlined in Section 16002.5, to facilitate a supportive home environment for the teen parent and the child, and to ultimately enable the teen parent to independently provide a safe, stable, and permanent home for the child. The plan shall in no way limit the teen parent's legal right to make decisions regarding the care, custody, and control of the child.

(3) The plan shall be written for the express purpose of aiding the teen parent and the caregiver to reach agreements aimed at reducing conflict and misunderstandings. The plan shall outline, with as much specificity as is practicable, the duties, rights, and responsibilities of both the teen parent and the caregiver with regard to the child, and identify supportive services to be offered to the teen parent by the caregiver or, in the case of a certified home, the agency providing direct and immediate supervision to the caregiver, or both. The plan shall be updated, as needed, to account for the changing needs of infants and toddlers, and in accordance with the teen parent's changing school, employment, or other outside responsibilities. (c) Upon completion of the shared responsibility plan and any subsequent updates to the plan, a copy shall be provided to the teen parent and his or her attorney, the caregiver, the county child welfare agency or probation department and, in the case of a certified home, the agency providing direct and immediate supervision to the caregiver.

(d) The shared responsibility plan requirements shall no longer apply when the two hundred dollar ($200) monthly payment is made under the Kin-GAP program to a former whole family foster home pursuant to subdivision (a) of Section 11465.

SEC. 5. No appropriation pursuant to Section 15200 of the Welfare and Institutions Code shall be made for the purposes of funding this act.

SEC. 6. Section 2.5 of this bill incorporates amendments to Section 11400 of the Welfare and Institutions Code proposed by both this bill and AB 1494. CHAPTER 476

An act to add and repeal Sections 60050 and 60227 of the Education Code, relating to instructional materials.

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 60050 is added to the Education Code, to read:

60050. (a) The state board shall adopt regulations to govern the social content reviews conducted at the request of a publisher or manufacturer of instructional materials outside the primary and followup instructional material adoption processes. A social content review is intended to determine compliance with Sections 60040, 60041, 60042, 60043, 60044, 60048, 60200.5, and 60200.6, and the guidelines for social content adopted by the state board.

(b) (1) For purposes of this section, social content reviews of instructional materials shall be conducted by the department or its agents for all instructional materials, as defined in subdivision (h) of Section 60010.

(2) The department may contract with agents to conduct social content reviews pursuant to this section.

(c) The department shall assess a fee for social content reviews conducted pursuant to this section. The fee shall be established and assessed pursuant to the requirements specified in subdivisions (d) to (f), inclusive, of Section 60227, and the publishers and manufacturers

shall be provided notice of the establishment of the fee pursuant to subdivisions (b) and (c) of Section 60227.

(d) Revenue derived from fees charged pursuant to subdivision (c) shall be budgeted as reimbursements and subject to review through the annual budget process and may be used to pay costs associated with the social content review of instructional materials.

(e) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

SEC. 2. Section 60227 is added to the Education Code, to read:

60227. (a) For purposes of this section, a followup adoption is any adoption other than the primary adoption that occurs within a six- or eight-year cycle established pursuant to subdivision (b) of Section 60200.

(b) Before conducting a followup adoption in a given subject, the department shall provide notice, pursuant to subdivision (c), to all publishers or manufacturers known to produce basic instructional materials in that subject, post an appropriate notice on the Internet Web site of the department, and take other reasonable measures to ensure that appropriate notice is widely circulated to potentially interested publishers and manufacturers.

(c) The notice shall specify that each publisher or manufacturer choosing to participate in the followup adoption shall be assessed a fee based upon the number of programs the publisher or manufacturer indicates will be submitted for review and the number of grade levels proposed to be covered by each program.

(d) The fee shall offset the cost of conducting the followup adoption process and shall reflect the best estimate of the cost by the department. The department shall take reasonable steps to limit costs of the followup adoption and to keep the fee modest, recognizing that some of the work necessary for the primary adoption need not be duplicated.

(e) The department, prior to incurring substantial costs for the followup adoption, shall require that a publisher or manufacturer who wishes to participate in the followup adoption first declare the intent to submit one or more specific programs for the followup adoption and specify the specific grade levels to be covered by each program. After a publisher or manufacturer has declared the intent to submit one or more programs and the grade levels to be covered by each program, a fee shall be assessed by the department. The fee shall be payable by the publisher or manufacturer even if the publisher subsequently chooses to withdraw a program or reduce the number of grade levels covered. A submission by a publisher or manufacturer shall not be reviewed for purposes of adoption, either in a followup adoption or in any other primary or

followup adoption conducted thereafter, until the fee assessed has been paid in full.

(f) (1) It is the intent of the Legislature that the fee not be so substantial that it prevents small publishers or manufacturers from participating in a followup adoption.

(2) Upon the request of a small publisher or manufacturer, the state board may reduce the fee for participation in the followup adoption.

(3) For purposes of this section, "small publisher" and "small manufacturer" mean an independently owned or operated publisher or manufacturer that is not dominant in its field of operation, and that, together with its affiliates, has 100 or fewer employees, and has average annual gross receipts of ten million dollars ($10,000,000) or less over the previous three years.

(g) Notwithstanding subdivision (b) of Section 60200, if the department determines that there is little or no interest in participating in a followup adoption by publishers and manufacturers, it shall recommend to the state board that the followup adoption not be conducted, and the state board may chose not to conduct the followup adoption.

(h) Revenue derived from fees charged pursuant to subdivision (e) shall be budgeted as reimbursements and subject to review through the annual budget process and may be used to pay costs associated with any followup adoption and any costs associated with the review of instructional materials.

(i) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

Predetermined changes that are rescinded prior to their effective date shall not be enforced.

(2) When the director determines that there is a definite and predetermined change in the general prevailing rate of per diem wages as described in paragraph (1), but has not published, at the time of the effective date of the predetermined change, the allocation of the predetermined change as between the basic hourly wage and other employer payments included in per diem wages pursuant to Section 1773.1, a contractor or subcontractor may allocate payments of not less than the amount of the definite and predetermined change to either the basic hourly wage or other employer payments included in per diem wages for up to 60 days following the director's publication of the specific allocation of the predetermined change.

(b) The State Department of Social Services shall maintain a centralized system for the monitoring and tracking of final administrative actions, to be used by the California Department of Aging, State Department of Public Health, State Department of Alcohol and Drug Programs, State Department of Mental Health, State Department of Social Services, and the Emergency Medical Services Authority as a part of the background check process. The State Department of Social Services may charge a fee to departments under the jurisdiction of the California Health and Human Services Agency sufficient to cover the cost of providing those departments with the final administrative action specified in subdivision (a). To the extent that additional funds are needed for this purpose, implementation of this subdivision shall be contingent upon a specific appropriation provided for this purpose in the annual Budget Act.

(c) The State Department of Social Services, in consultation with the other departments under the jurisdiction of the California Health and Human Services Agency, may adopt regulations to implement this section.

"Administrative action" may include, but is not limited to, action involving the denial of an application for, or the suspension or revocation of, any license, special permit, administrator certificate, criminal record clearance, or exemption.

SEC. 17. Section 1575.7 of the Health and Safety Code is amended to read:

1575.7. (a) (1) The State Department of Public Health, prior to issuing a new license, shall obtain a criminal record clearance for the administrator, program director, and fiscal officer of the proposed adult day health care center. The department shall obtain the criminal record clearances each time these positions are to be filled. When the conditions set forth in paragraph (3) of subdivision (a) of Section 1265.5, subparagraph (A) of paragraph (1) of subdivision (a) of Section 1338.5, and paragraph (1) of subdivision (a) of Section 1736.6 are met, the licensing and certification program shall issue an All Facilities Letter (AFL) informing facility licensees. After the AFL is issued, facilities shall not allow newly hired administrators, program directors, and fiscal officers to have direct contact with clients or residents of the facility prior to completion of the criminal record clearance. A criminal record clearance shall be complete when the department has obtained the person's criminal offender record information search response from the Department of Justice and has determined that the person is not disqualified from engaging in the activity for which clearance is required.

(2) The criminal record clearance shall require the administrator, program director, and fiscal officer to submit electronic fingerprint images to the Department of Justice.

(3) An applicant and any other person specified in this subdivision, as part of the background clearance process, shall provide information as to whether or not the person has any prior criminal convictions, has had any arrests within the past 12-month period, or has any active arrests, and shall certify that, to the best of his or her knowledge, the information provided is true. This requirement is not intended to duplicate existing requirements for individuals who are required to submit fingerprint images as part of a criminal background clearance process. Every applicant shall provide information on any prior administrative action taken against him or her by any federal, state, or local government agency and shall certify that, to the best of his or her knowledge, the information provided is true. An applicant or other person required to provide information pursuant to this section that knowingly or willfully makes

false statements, representations, or omissions may be subject to administrative action, including, but not limited to, denial of his or her application or exemption or revocation of any exemption previously granted.

(b) A past conviction of any crime, especially any crime involving misuse of funds or involving physical abuse shall, in the discretion of the department, be grounds for denial of the license, and shall be grounds to prohibit the person from providing services in an adult day health care center.

(c) Suspension of the applicant from the Medi-Cal program or prior violations of statutory provisions or regulations relating to licensure of a health facility, community care facility, or clinic shall also be grounds for a denial of licensure, where determined by the state department to indicate a substantial probability that the applicant will not comply with this chapter and regulations adopted hereunder.

(d) No applicant which is licensed as a health facility, community care facility, or clinic may be issued a license for an adult day health care center while there exists a subsisting, uncorrected violation of the statutes or regulations relating to such licensure.

(e) The department shall develop procedures to ensure that any licensee, direct care staff, or certificate holder for whom a criminal record has been obtained pursuant to this section or Section 1265.5 or 1736 shall not be required to obtain multiple criminal record clearances.

(f) Notwithstanding any other provision of law, the department may provide an individual with a copy of his or her state or federal level criminal offender record information search response as provided to that department by the Department of Justice if the department has denied a criminal background clearance based on this information and the individual makes a written request to the department for a copy specifying an address to which it is to be sent. The state or federal level criminal offender record information search response shall not be modified or altered from its form or content as provided by the Department of Justice and shall be provided to the address specified by the individual in his or her written request. The department shall retain a copy of the individual's written request and the response and date provided.

After the AFL is issued, facilities must not allow newly hired administrators, program directors, and fiscal officers to have direct contact with clients or residents of the facility prior to completion of the criminal record clearance. A criminal record clearance shall be complete when the department has obtained the person's criminal offender record information search response from the Department of Justice and has determined that the person is not disqualified from engaging in the activity for which clearance is required.

(b) The persons specified in paragraph (2) of subdivision (a) shall be responsible for any costs associated with transmitting the electronic fingerprint images. The fee to cover the processing costs of the Department of Justice, not including the costs associated with capturing or transmitting the fingerprint images and related information, shall not exceed thirty-two dollars ($32) per submission.

providing service in the home health agency applying for a license. This subdivision shall not apply to deny a license or prohibit the provision of service if the person presents evidence satisfactory to the state department that the person has been rehabilitated and presently is of such good character as to justify the issuance of the license or the provision of service in the home health agency.

(d) An applicant and any other person specified in this section, as part of the background clearance process, shall provide information as to whether or not the person has any prior criminal convictions, has had any arrests within the past 12-month period, or has any active arrests, and shall certify that, to the best of his or her knowledge, the information provided is true. This requirement is not intended to duplicate existing requirements for individuals who are required to submit fingerprint images as part of a criminal background clearance process. The membership of the council shall consist of domestic violence advocates, battered women service providers, and representatives of women's organizations, law enforcement, and other groups involved with domestic violence, and at least one representative of service providers serving the lesbian, gay, bisexual, and transgender community for purposes of domestic violence. At least one-half of the council membership shall consist of domestic violence advocates or battered women service providers from organizations such as the California Partnership to End Domestic Violence.

It is the intent of the Legislature that the council membership reflect the ethnic, racial, cultural, and geographic diversity of the state.

The minimum training specified in paragraph (2) of subdivision (a) of Section 1037.1 of the Evidence Code shall be provided to those staff and volunteers who do not meet the requirements of paragraph (1) of subdivision (a) of Section 1037.1 of the Evidence Code.

SEC. 31. Section 124900 of the Health and Safety Code is amended to read:

124900. (a) (1) The State Department of Health Care Services shall select primary care clinics that are licensed under paragraph (1) or (2) of subdivision (a) of Section 1204, or are exempt from licensure under subdivision (c) of Section 1206, to be reimbursed for delivering medical services, including preventive health care, and smoking prevention and cessation health education, to program beneficiaries.

(2) In order to be eligible to receive funds under this article a clinic shall meet all of the following conditions, at a minimum:

(A) Provide medical diagnosis and treatment.

(B) Provide medical support services of patients in all stages of illness.

(C) Provide communication of information about diagnosis, treatment, prevention, and prognosis.

(D) Provide maintenance of patients with chronic illness.

(E) Provide prevention of disability and disease through detection, education, persuasion, and preventive treatment.

(F) Meet one or both of the following conditions:

(i) Are located in an area or a facility federally designated as a health professional shortage area, medically underserved area, or medically underserved population.

(ii) Are clinics that are able to demonstrate that at least 50 percent of the patients served are persons with incomes at or below 200 percent of the federal poverty level.

(3) Notwithstanding the requirements of paragraph (2), all clinics that received funds under this article in the 1997–98 fiscal year shall continue to be eligible to receive funds under this article.

(b) As a part of the award process for funding pursuant to this article, the department shall take into account the availability of primary care services in the various geographic areas of the state. The department shall determine which areas within the state have populations which have clear and compelling difficulty in obtaining access to primary care.

The department shall consider proposals from new and existing eligible providers to extend clinic services to these populations.

(c) Each primary care clinic applying for funds pursuant to this article shall demonstrate that the funds shall be used to expand medical services, including preventive health care, and smoking prevention and cessation health education, for program beneficiaries above the level of services provided in the 1988 calendar year or in the year prior to the first year a clinic receives funds under this article if the clinic did not receive funds in the 1989 calendar year.

(d) (1) The department, in consultation with clinics funded under this article, shall develop a formula for allocation of funds available. It is the intent of the Legislature that the funds allocated pursuant to this article promote stability for those clinics participating in programs under this article as part of the state's health care safety net and at the same time be distributed in a manner that best promotes access to health care to uninsured populations.

(2) The formula shall be based on both of the following:

(A) A hold harmless for clinics funded in the 1997–98 fiscal year to continue to reimburse them for some portion of their uncompensated care.

(B) Demonstrated unmet need by both new and existing clinics, as reflected in their levels of uncompensated care reported to the department. For purposes of this article, "uncompensated care" means clinic patient visits for persons with incomes at or below 200 percent of the federal poverty level for which there is no encounter-based third-party reimbursement which includes, but is not limited to, unpaid expanded access to primary care claims.

(3) The department shall allocate available funds, for a three-year period, as follows:

(A) Clinics that received funding in the prior fiscal year shall receive 90 percent of their prior fiscal year allocation, subject to available funds, provided that the funding award is substantiated by the clinics' reported levels of uncompensated care.

(B) The remaining funds beyond 90 percent shall be awarded to new and existing applicants based on the clinics' reported levels of uncompensated care as verified by the department according to subparagraph (B) of paragraph (4). The department shall seek input from stakeholders to discuss any adjustments to award levels that the department deems reasonable, such as including base amounts for new applicant clinics.

(C) New applicants shall be awarded funds pursuant to this subdivision if they meet the minimum requirements for funding under this article based on the clinics' reported levels of uncompensated care as verified

by the department according to subparagraph (A) of paragraph (4). New applicants include applicants for any new site expansions by existing applicants.

(4) In assessing reported levels of uncompensated care, the department shall utilize the data available from the Office of Statewide Health Planning and Development's (OSHPD) completed analysis of the "Annual Report of Primary Care Clinics" for the prior fiscal year, or if more recent data is available, then the most recent data. If this data is unavailable for an existing applicant to assess reported levels of uncompensated care, the existing applicant shall receive an allocation pursuant to subparagraph (A) of paragraph (3).

(A) The department shall utilize the most recent data available from OSHPD's completed analysis of the "Annual Report of Primary Care Clinics" for the prior fiscal year, or if more recent data is available, then the most recent data.

(B) If the funds allocated to the program are less than the prior year, the department shall allocate available funds to existing program providers only.

(5) The department shall establish a base funding level, subject to available funds, of no less than thirty-five thousand dollars ($35,000) for frontier clinics and Native American reservation-based clinics. For purposes of this article, "frontier clinics" means clinics located in a medical services study area with a population of fewer than 11 persons per square mile.

(6) The department shall develop, in consultation with clinics funded pursuant to this article, a formula for reallocation of unused funds to other participating clinics to reimburse for uncompensated care. The department shall allocate the unused funds remaining on October 30, for the prior fiscal year to other participating clinics to reimburse for uncompensated care.

(e) In applying for funds, eligible clinics shall submit a single application per clinic corporation. Applicants with multiple sites shall apply for all eligible clinics, and shall report to the department the allocation of funds among their corporate sites in the prior year. A corporation may only claim reimbursement for services provided at a program-eligible clinic site identified in the corporate entity's application for funds, and approved for funding by the department. A corporation may increase or decrease the number of its program-eligible clinic sites on an annual basis, at the time of the annual application update for the subsequent fiscal years of any multiple-year application period.

(f) Grant allocations pursuant to this article shall be based on the formula developed by the department, notwithstanding a merger of one of more licensed primary care clinics participating in the program.

(g) A clinic that is eligible for the program in every other respect, but that provides dental services only, rather than the full range of primary care medical services, shall only be eligible to receive funds under this article on an exception basis. A dental-only provider's application shall include a memorandum of understanding (MOU) with a primary care clinic funded under this article. The MOU shall include medical protocols for making referrals by the primary care clinic to the dental clinic and from the dental clinic to the primary care clinic, and ensure that case management services are provided and that the patient is being provided comprehensive primary care as defined in subdivision (a).

(h) (1) For purposes of this article, an outpatient visit shall include diagnosis and medical treatment services, including the associated pharmacy, X-ray, and laboratory services, and prevention health and case management services that are needed as a result of the outpatient visit. For a new patient, an outpatient visit shall also include a health assessment encompassing an assessment of smoking behavior and the patient's need for appropriate health education specific to related tobacco use and exposure.

(2) "Case management" includes, for this purpose, the management of all physician services, both primary and specialty, and arrangements for hospitalization, postdischarge care, and followup care.

(i) (1) Payment shall be on a per-visit basis at a rate that is determined by the department to be appropriate for an outpatient visit as defined in this section, and shall be not less than seventy-one dollars and fifty cents ($71.50).

(2) In developing a statewide uniform rate for an outpatient visit as defined in this article, the department shall consider existing rates of payments for comparable outpatient visits. The department shall review the outpatient visit rate on an annual basis.

(j) Not later than June 1 of each year, the department shall adopt and provide each licensed primary care clinic with a schedule for programs under this article, including the date for notification of availability of funds, the deadline for the submission of a completed application, and an anticipated contract award date for successful applicants.

(k) In administering the program created pursuant to this article, the department shall utilize the Medi-Cal program statutes and regulations pertaining to program participation standards, medical and administrative recordkeeping, the ability of the department to monitor and audit clinic records pertaining to program services rendered to program beneficiaries and take recoupments or recovery actions consistent with monitoring and audit findings, and the provider's appeal rights. Each primary care clinic applying for program participation shall certify that it will abide

by these statutes and regulations and other program requirements set forth in this article.

SEC. 38. Section 12693.325 of the Insurance Code is amended to read:

12693.325. (a) (1) Notwithstanding any provision of this chapter, a participating health, dental, or vision plan that is licensed and in good standing as required by subdivision (b) of Section 12693.36 may provide application assistance directly to an applicant acting on behalf of an eligible person who telephones, writes, or contacts the plan in person at the plan's place of business, or at a community public awareness event that is open to all participating plans in the county, or at any other site approved by the board, and who requests application assistance.

(2) A participating health, dental, or vision plan may also provide application assistance directly to an applicant only under the following conditions:

(A) The assistance is provided upon referral from a government agency, school, or school district.

(B) The applicant has authorized the government agency, school, or school district to allow a health, dental, or vision plan to contact the applicant with additional information on enrolling in free or low-cost health care.

(C) The State Department of Health Care Services approves the applicant authorization form in consultation with the board.

(D) The plan may not actively solicit referrals and may not provide compensation for the referrals.

(E) If a family is already enrolled in a health plan, the plan that contacts the family cannot encourage the family to change health plans.

(F) The board amends its marketing guidelines to require that when a government agency, school, or school district requests assistance from a participating health, dental, or vision plan to provide application assistance, that all plans in the area shall be invited to participate.

(G) The plan abides by the board's marketing guidelines.

(b) A participating health, dental, or vision plan may provide application assistance to an applicant who is acting on behalf of an eligible or potentially eligible child in any of the following situations:

(1) The child is enrolled in a Medi-Cal managed care plan and the participating plan becomes aware that the child's eligibility status has or will change and that the child will no longer be eligible for Medi-Cal. In those instances, the plan shall inform the applicant of the differences in benefits and requirements between the Healthy Families Program and the Medi-Cal program.

(2) The child is enrolled in a Healthy Families Program managed care plan and the participating plan becomes aware that the child's eligibility status has changed or will change and that the child will no longer be eligible for the Healthy Families Program. When it appears a child may be eligible for Medi-Cal benefits, the plan shall inform the applicant of the differences in benefits and requirements between the Medi-Cal program and the Healthy Families Program.

(3) The participating plan provides employer-sponsored coverage through an employer and an employee of that employer who is the parent or legal guardian of the eligible or potentially eligible child.

(4) The child and his or her family are participating through the participating plan in COBRA continuation coverage or other group continuation coverage required by either state or federal law and the group continuation coverage will expire within 60 days, or has expired within the past 60 days.

(5) The child's family, but not the child, is participating through the participating plan in COBRA continuation coverage or other group continuation coverage required by either state or federal law, and the group continuation coverage will expire within 60 days, or has expired within the past 60 days.

(c) A participating health, dental, or vision plan employee or other representative that provides application assistance shall complete a certified application assistant training class approved by the State Department of Health Care Services in consultation with the board. The employee or other representative shall in all cases inform an applicant verbally of his or her relationship with the participating health plan. In the case of an in-person contact, the employee or other representative shall provide in writing to the applicant the nature of his or her relationship with the participating health plan and obtain written acknowledgment from the applicant that the information was provided.

(d) A participating health, dental, or vision plan that provides application assistance may not do any of the following:

(1) Directly, indirectly, or through its agents, conduct door-to-door marketing or telephone solicitation.

(2) Directly, indirectly, or through its agents, select a health plan or provider for a potential applicant. Instead, the plan shall inform a potential applicant of the choice of plans available within the applicant's county of residence and specifically name those plans and provide the most recent version of the program handbook.

(3) Directly, indirectly, or through its agents, conduct mail or in-person solicitation of applicants for enrollment, except as specified in subdivision (b), using materials approved by the board.

(e) A participating health, dental, or vision plan that provides application assistance pursuant to this section is not eligible for an application assistance fee otherwise available pursuant to Section 12693.32, and may not sponsor a person eligible for the program by paying his or her family contribution amounts or copayments, and may not offer applicants any inducements to enroll, including, but not limited to, gifts or monetary payments.

(f) A participating health, dental, or vision plan may assist applicants acting on behalf of subscribers who are enrolled with the participating plan in completing the program's annual eligibility review package in order to allow those applicants to retain health care coverage.

(g) Each participating health, dental, or vision plan shall submit to the board a plan for application assistance. All scripts and materials to be used during application assistance sessions shall be approved by the board and the State Department of Health Care Services.

(h) Each participating health, dental, or vision plan shall provide each applicant with the toll-free telephone number for the Healthy Families Program.

(i) When deemed appropriate by the board, the board may refer a participating health, dental, or vision plan to the Department of Managed Health Care or the State Department of Health Care Services, as applicable, for the review or investigation of its application assistance practices.

(j) The board shall evaluate the impact of the changes required by this section and shall provide a biennial report to the Legislature on or before March 1 of every other year. To prepare these reports, the State Department of Health Care Services, in cooperation with the board, shall code all the application packets used by a managed care plan to record the number of applications received that originated from managed care plans. The number of applications received that originated from managed care plans shall also be reported on the board's Web site. In addition, the board shall periodically survey those families assisted by plans to determine if the plans are meeting the requirements of this section, and if families are being given ample information about the choice of health, dental, or vision plans available to them.

(k) Nothing in this section shall be seen as mitigating a participating health, dental, or vision plan's responsibility to comply with all federal and state laws, including, but not limited to, Section 1320a-7b of Title 42 of the United States Code.

The transmission of the electronic application to the Healthy Families Program shall occur within the timeframes designated by the department.

(g) To the extent necessary, the department and the board may exchange a child's case file solely for the purpose of determining the child's eligibility for the Medi-Cal program or the Healthy Families Program, without requiring the family's consent, to the extent allowed by federal law. Any information, including the child's case file, shall be kept confidential by the department and the board pursuant to state and federal law, and it shall be used only for the determination or continuation of eligibility.

(h) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department shall implement this section by means of all-county letters or similar instructions, without taking any further regulatory action. 1203.097. (a) If a person is granted probation for a crime in which the victim is a person defined in Section 6211 of the Family Code, the terms of probation shall include all of the following:

(1) A minimum period of probation of 36 months, which may include a period of summary probation as appropriate.

(3) Notice to the victim of the disposition of the case.

(4) Booking the defendant within one week of sentencing if the defendant has not already been booked.

(5) A minimum payment by the defendant of four hundred dollars ($400) to be disbursed as specified in this paragraph. If, after a hearing in court on the record, the court finds that the defendant does not have the ability to pay, the court may reduce or waive this fee.

Two-thirds of the moneys deposited with the county treasurer pursuant to this section shall be retained by counties and deposited in the domestic violence programs special fund created pursuant to Section 18305 of the Welfare and Institutions Code, to be expended for the purposes of Chapter 5 (commencing with Section 18290) of Part 6 of Division 9 of the Welfare and Institutions Code. The remainder shall be transferred, once a month, to the Controller for deposit in equal amounts in the Domestic Violence Restraining Order Reimbursement Fund and in the Domestic Violence Training and Education Fund, which are hereby created, in an amount equal to one-third of funds collected during the preceding month. In no event may the funds transferred to the Controller be less than one hundred thirty-three dollars ($133) for each defendant. However, if the court orders the defendant to pay less than two hundred dollars ($200) because of his or her inability to pay, the state shall receive two-thirds of the payment. Moneys deposited into these funds pursuant to this section shall be available upon appropriation by the Legislature and shall be distributed each fiscal year as follows:

(B) Funds from the Domestic Violence Training and Education Fund shall support a statewide training and education program to increase public awareness of domestic violence and to improve the scope and quality of services provided to the victims of domestic violence. Grants to support this program shall be awarded on a competitive basis and be administered by the State Department of Public Health, in consultation with the statewide domestic violence coalition, which is eligible to receive funding under this section.

(6) Successful completion of a batterer's program, as defined in subdivision (c), or if none is available, another appropriate counseling program designated by the court, for a period not less than one year with periodic progress reports by the program to the court every three months or less and weekly sessions of a minimum of two hours class time duration. The defendant shall attend consecutive weekly sessions, unless granted an excused absence for good cause by the program for no more than three individual sessions during the entire program, and shall complete the program within 18 months, unless, after a hearing, the court finds good cause to modify the requirements of consecutive attendance or completion within 18 months.

(7) (A) (i) The court shall order the defendant to comply with all probation requirements, including the requirements to attend counseling, keep all program appointments, and pay program fees based upon the ability to pay.

(ii) The terms of probation for offenders shall not be lifted until all reasonable fees due to the counseling program have been paid in full, but in no case shall probation be extended beyond the term provided in subdivision (a) of Section 1203.1. If the court finds that the defendant does not have the ability to pay the fees based on the defendant's changed circumstances, the court may reduce or waive the fees.

(B) Upon request by the batterer's program, the court shall provide the defendant's arrest report, prior incidents of violence, and treatment history to the program.

(8) The court also shall order the defendant to perform a specified amount of appropriate community service, as designated by the court. The defendant shall present the court with proof of completion of community service and the court shall determine if the community service

has been satisfactorily completed. If sufficient staff and resources are available, the community service shall be performed under the jurisdiction of the local agency overseeing a community service program.

(9) If the program finds that the defendant is unsuitable, the program shall immediately contact the probation department or the court. The probation department or court shall either recalendar the case for hearing or refer the defendant to an appropriate alternative batterer's program.

(10) (A) Upon recommendation of the program, a court shall require a defendant to participate in additional sessions throughout the probationary period, unless it finds that it is not in the interests of justice to do so, states its reasons on the record, and enters them into the minutes. In deciding whether the defendant would benefit from more sessions, the court shall consider whether any of the following conditions exist:

(i) The defendant has been violence free for a minimum of six months.

(ii) The defendant has cooperated and participated in the batterer's program.

(iii) The defendant demonstrates an understanding of and practices positive conflict resolution skills.

(iv) The defendant blames, degrades, or has committed acts that dehumanize the victim or puts at risk the victim's safety, including, but not limited to, molesting, stalking, striking, attacking, threatening, sexually assaulting, or battering the victim.

(v) The defendant demonstrates an understanding that the use of coercion or violent behavior to maintain dominance is unacceptable in an intimate relationship.

(vi) The defendant has made threats to harm anyone in any manner.

(vii) The defendant has complied with applicable requirements under paragraph (6) of subdivision (c) or subparagraph (C) to receive alcohol counseling, drug counseling, or both.

(viii) The defendant demonstrates acceptance of responsibility for the abusive behavior perpetrated against the victim.

(B) The program shall immediately report any violation of the terms of the protective order, including any new acts of violence or failure to comply with the program requirements, to the court, the prosecutor, and, if formal probation has been ordered, to the probation department. The probationer shall file proof of enrollment in a batterer's program with the court within 30 days of conviction.

(C) Concurrent with other requirements under this section, in addition to, and not in lieu of, the batterer's program, and unless prohibited by the referring court, the probation department or the court may make provisions for a defendant to use his or her resources to enroll in a chemical dependency program or to enter voluntarily a licensed chemical dependency recovery hospital or residential treatment program that has

a valid license issued by the state to provide alcohol or drug services to receive program participation credit, as determined by the court. The probation department shall document evidence of this hospital or residential treatment participation in the defendant's program file.

(11) The conditions of probation may include, in lieu of a fine, but not in lieu of the fund payment required under paragraph (5), one or more of the following requirements:

(A) That the defendant make payments to a battered women's shelter, up to a maximum of five thousand dollars ($5,000).

(B) That the defendant reimburse the victim for reasonable expenses that the court finds are the direct result of the defendant's offense.

For any order to pay a fine, to make payments to a battered women's shelter, or to pay restitution as a condition of probation under this subdivision, the court shall make a determination of the defendant's ability to pay. Determination of a defendant's ability to pay may include his or her future earning capacity. A defendant shall bear the burden of demonstrating lack of his or her ability to pay. Express findings by the court as to the factors bearing on the amount of the fine shall not be required. In no event shall any order to make payments to a battered women's shelter be made if it would impair the ability of the defendant to pay direct restitution to the victim or court-ordered child support. When the injury to a married person is caused, in whole or in part, by the criminal acts of his or her spouse in violation of this section, the community property shall not be used to discharge the liability of the offending spouse for restitution to the injured spouse, as required by Section 1203.04, as operative on or before August 2, 1995, or Section 1202.4, or to a shelter for costs with regard to the injured spouse, until all separate property of the offending spouse is exhausted.

(12) If it appears to the prosecuting attorney, the court, or the probation department that the defendant is performing unsatisfactorily in the assigned program, is not benefiting from counseling, or has engaged in criminal conduct, upon request of the probation officer, the prosecuting attorney, or on its own motion, the court, as a priority calendar item, shall hold a hearing to determine whether further sentencing should proceed. The court may consider factors, including, but not limited to, any violence by the defendant against the former or a new victim while on probation and noncompliance with any other specific condition of probation. If the court finds that the defendant is not performing satisfactorily in the assigned program, is not benefiting from the program, has not complied with a condition of probation, or has engaged in criminal conduct, the court shall terminate the defendant's participation in the program and shall proceed with further sentencing.

(b) If a person is granted formal probation for a crime in which the victim is a person defined in Section 6211 of the Family Code, in addition to the terms specified in subdivision (a), all of the following shall apply:

(1) The probation department shall make an investigation and take into consideration the defendant's age, medical history, employment and service records, educational background, community and family ties, prior incidents of violence, police report, treatment history, if any, demonstrable motivation, and other mitigating factors in determining which batterer's program would be appropriate for the defendant. This information shall be provided to the batterer's program if it is requested. The probation department shall also determine which community programs the defendant would benefit from and which of those programs would accept the defendant. The probation department shall report its findings and recommendations to the court.

(2) The court shall advise the defendant that the failure to report to the probation department for the initial investigation, as directed by the court, or the failure to enroll in a specified program, as directed by the court or the probation department, shall result in possible further incarceration. The court, in the interests of justice, may relieve the defendant from the prohibition set forth in this subdivision based upon the defendant's mistake or excusable neglect. Application for this relief shall be filed within 20 court days of the missed deadline. This time limitation may not be extended. A copy of any application for relief shall be served on the office of the prosecuting attorney.

(3) After the court orders the defendant to a batterer's program, the probation department shall conduct an initial assessment of the defendant, including, but not limited to, all of the following:

(A) Social, economic, and family background.

(B) Education.

(C) Vocational achievements.

(D) Criminal history.

(E) Medical history.

(F) Substance abuse history.

(G) Consultation with the probation officer.

(H) Verbal consultation with the victim, only if the victim desires to participate.

(I) Assessment of the future probability of the defendant committing murder.

(4) The probation department shall attempt to notify the victim regarding the requirements for the defendant's participation in the batterer's program, as well as regarding available victim resources. The victim also shall be informed that attendance in any program does not guarantee that an abuser will not be violent.

(c) The court or the probation department shall refer defendants only to batterer's programs that follow standards outlined in paragraph (1), which may include, but are not limited to, lectures, classes, group discussions, and counseling. The probation department shall design and implement an approval and renewal process for batterer's programs and shall solicit input from criminal justice agencies and domestic violence victim advocacy programs.

(1) The goal of a batterer's program under this section shall be to stop domestic violence. A batterer's program shall consist of the following components:

(A) Strategies to hold the defendant accountable for the violence in a relationship, including, but not limited to, providing the defendant with a written statement that the defendant shall be held accountable for acts or threats of domestic violence.

(B) A requirement that the defendant participate in ongoing same-gender group sessions.

(C) An initial intake that provides written definitions to the defendant of physical, emotional, sexual, economic, and verbal abuse, and the techniques for stopping these types of abuse.

(D) Procedures to inform the victim regarding the requirements for the defendant's participation in the intervention program as well as regarding available victim resources. The victim also shall be informed that attendance in any program does not guarantee that an abuser will not be violent.

(E) A requirement that the defendant attend group sessions free of chemical influence.

(F) Educational programming that examines, at a minimum, gender roles, socialization, the nature of violence, the dynamics of power and control, and the effects of abuse on children and others.

(G) A requirement that excludes any couple counseling or family counseling, or both.

(H) Procedures that give the program the right to assess whether or not the defendant would benefit from the program and to refuse to enroll the defendant if it is determined that the defendant would not benefit from the program, so long as the refusal is not because of the defendant's inability to pay. If possible, the program shall suggest an appropriate alternative program.

(I) Program staff who, to the extent possible, have specific knowledge regarding, but not limited to, spousal abuse, child abuse, sexual abuse, substance abuse, the dynamics of violence and abuse, the law, and procedures of the legal system.

(J) Program staff who are encouraged to utilize the expertise, training, and assistance of local domestic violence centers.

(K) A requirement that the defendant enter into a written agreement with the program, which shall include an outline of the contents of the program, the attendance requirements, the requirement to attend group sessions free of chemical influence, and a statement that the defendant may be removed from the program if it is determined that the defendant is not benefiting from the program or is disruptive to the program.

(L) A requirement that the defendant sign a confidentiality statement prohibiting disclosure of any information obtained through participating in the program or during group sessions regarding other participants in the program.

(M) Program content that provides cultural and ethnic sensitivity.

(N) A requirement of a written referral from the court or probation department prior to permitting the defendant to enroll in the program. The written referral shall state the number of minimum sessions required by the court.

(O) Procedures for submitting to the probation department all of the following uniform written responses:

(i) Proof of enrollment, to be submitted to the court and the probation department and to include the fee determined to be charged to the defendant, based upon the ability to pay, for each session.

(ii) Periodic progress reports that include attendance, fee payment history, and program compliance.

(iii) Final evaluation that includes the program's evaluation of the defendant's progress, using the criteria set forth in paragraph (4) of subdivision (a) and recommendation for either successful or unsuccessful termination or continuation in the program.

(P) A sliding fee schedule based on the defendant's ability to pay. The batterer's program shall develop and utilize a sliding fee scale that recognizes both the defendant's ability to pay and the necessity of programs to meet overhead expenses. An indigent defendant may negotiate a deferred payment schedule, but shall pay a nominal fee, if the defendant has the ability to pay the nominal fee. Upon a hearing and a finding by the court that the defendant does not have the financial ability to pay the nominal fee, the court shall waive this fee. The payment of the fee shall be made a condition of probation if the court determines the defendant has the present ability to pay the fee. The fee shall be paid during the term of probation unless the program sets other conditions. The acceptance policies shall be in accordance with the scaled fee system.

(2) The court shall refer persons only to batterer's programs that have been approved by the probation department pursuant to paragraph (5). The probation department shall do both of the following:

(A) Provide for the issuance of a provisional approval, provided that the applicant is in substantial compliance with applicable laws and

regulations and an urgent need for approval exists. A provisional approval shall be considered an authorization to provide services and shall not be considered a vested right.

(B) If the probation department determines that a program is not in compliance with standards set by the department, the department shall provide written notice of the noncompliant areas to the program. The program shall submit a written plan of corrections within 14 days from the date of the written notice on noncompliance. A plan of correction shall include, but not be limited to, a description of each corrective action and timeframe for implementation. The department shall review and approve all or any part of the plan of correction and notify the program of approval or disapproval in writing. If the program fails to submit a plan of correction or fails to implement the approved plan of correction, the department shall consider whether to revoke or suspend approval and, upon revoking or suspending approval, shall have the option to cease referrals of defendants under this section.

(3) No program, regardless of its source of funding, shall be approved unless it meets all of the following standards:

(A) The establishment of guidelines and criteria for education services, including standards of services that may include lectures, classes, and group discussions.

(B) Supervision of the defendant for the purpose of evaluating the person's progress in the program.

(C) Adequate reporting requirements to ensure that all persons who, after being ordered to attend and complete a program, may be identified for either failure to enroll in, or failure to successfully complete, the program or for the successful completion of the program as ordered. The program shall notify the court and the probation department, in writing, within the period of time and in the manner specified by the court of any person who fails to complete the program. Notification shall be given if the program determines that the defendant is performing unsatisfactorily or if the defendant is not benefiting from the education, treatment, or counseling.

(D) No victim shall be compelled to participate in a program or counseling, and no program may condition a defendant's enrollment on participation by the victim.

(4) In making referrals of indigent defendants to approved batterer's programs, the probation department shall apportion these referrals evenly among the approved programs.

(5) The probation department shall have the sole authority to approve a batterer's program for probation. The program shall be required to obtain only one approval but shall renew that approval annually.

(A) The procedure for the approval of a new or existing program shall include all of the following:

(i) The completion of a written application containing necessary and pertinent information describing the applicant program.

(ii) The demonstration by the program that it possesses adequate administrative and operational capability to operate a batterer's treatment program. The program shall provide documentation to prove that the program has conducted batterer's programs for at least one year prior to application. This requirement may be waived under subparagraph (A) of paragraph (2) if there is no existing batterer's program in the city, county, or city and county.

(iii) The onsite review of the program, including monitoring of a session to determine that the program adheres to applicable statutes and regulations.

(iv) The payment of the approval fee.

(B) The probation department shall fix a fee for approval not to exceed two hundred fifty dollars ($250) and for approval renewal not to exceed two hundred fifty dollars ($250) every year in an amount sufficient to cover its costs in administering the approval process under this section. No fee shall be charged for the approval of local governmental entities.

(C) The probation department has the sole authority to approve the issuance, denial, suspension, or revocation of approval and to cease new enrollments or referrals to a batterer's program under this section. The probation department shall review information relative to a program's performance or failure to adhere to standards, or both. The probation department may suspend or revoke any approval issued under this subdivision or deny an application to renew an approval or to modify the terms and conditions of approval, based on grounds established by probation, including, but not limited to, either of the following:

(i) Violation of this section by any person holding approval or by a program employee in a program under this section.

(ii) Misrepresentation of any material fact in obtaining the approval.

(6) For defendants who are chronic users or serious abusers of drugs or alcohol, standard components in the program shall include concurrent counseling for substance abuse and violent behavior, and in appropriate cases, detoxification and abstinence from the abused substance.

(7) The program shall conduct an exit conference that assesses the defendant's progress during his or her participation in the batterer's program.

(d) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

SEC. 43. Section 1203.097 of the Penal Code, as amended by Section 6 of Chapter 476 of the Statutes of 2006, is amended to read:

1203.097. (a) If a person is granted probation for a crime in which the victim is a person defined in Section 6211 of the Family Code, the terms of probation shall include all of the following:

(1) A minimum period of probation of 36 months, which may include a period of summary probation as appropriate.

(2) A criminal court protective order protecting the victim from further acts of violence, threats, stalking, sexual abuse, and harassment, and, if appropriate, containing residence exclusion or stay-away conditions.

(3) Notice to the victim of the disposition of the case.

(4) Booking the defendant within one week of sentencing if the defendant has not already been booked.

(5) A minimum payment by the defendant of two hundred dollars ($200) to be disbursed as specified in this paragraph. If, after a hearing in court on the record, the court finds that the defendant does not have the ability to pay, the court may reduce or waive this fee.

One-third of the moneys deposited with the county treasurer pursuant to this section shall be retained by counties and deposited in the domestic violence programs special fund created pursuant to Section 18305 of the Welfare and Institutions Code, to be expended for the purposes of Chapter 5 (commencing with Section 18290) of Part 6 of Division 9 of the Welfare and Institutions Code. The remainder shall be transferred, once a month, to the Controller for deposit in equal amounts in the Domestic Violence Restraining Order Reimbursement Fund and in the Domestic Violence Training and Education Fund, which are hereby created, in an amount equal to two-thirds of funds collected during the preceding month. Moneys deposited into these funds pursuant to this section shall be available upon appropriation by the Legislature and shall be distributed each fiscal year as follows:

(A) Funds from the Domestic Violence Restraining Order Reimbursement Fund shall be distributed to local law enforcement or other criminal justice agencies for state-mandated local costs resulting from the notification requirements set forth in subdivision (b) of Section 6380 of the Family Code, based on the annual notification from the Department of Justice of the number of restraining orders issued and registered in the state domestic violence restraining order registry maintained by the Department of Justice, for the development and maintenance of the domestic violence restraining order databank system.

(B) Funds from the Domestic Violence Training and Education Fund shall support a statewide training and education program to increase public awareness of domestic violence and to improve the scope and quality of services provided to the victims of domestic violence. Grants

to support this program shall be awarded on a competitive basis and be administered by the State Department of Public Health, in consultation with the statewide domestic violence coalition, which is eligible to receive funding under this section.

(6) Successful completion of a batterer's program, as defined in subdivision (c), or if none is available, another appropriate counseling program designated by the court, for a period not less than one year with periodic progress reports by the program to the court every three months or less and weekly sessions of a minimum of two hours class time duration. The defendant shall attend consecutive weekly sessions, unless granted an excused absence for good cause by the program for no more than three individual sessions during the entire program, and shall complete the program within 18 months, unless, after a hearing, the court finds good cause to modify the requirements of consecutive attendance or completion within 18 months.

(7) (A) (i) The court shall order the defendant to comply with all probation requirements, including the requirements to attend counseling, keep all program appointments, and pay program fees based upon the ability to pay.

(ii) The terms of probation for offenders shall not be lifted until all reasonable fees due to the counseling program have been paid in full, but in no case shall probation be extended beyond the term provided in subdivision (a) of Section 1203.1. If the court finds that the defendant does not have the ability to pay the fees based on the defendant's changed circumstances, the court may reduce or waive the fees.

(B) Upon request by the batterer's program, the court shall provide the defendant's arrest report, prior incidents of violence, and treatment history to the program.

(8) The court also shall order the defendant to perform a specified amount of appropriate community service, as designated by the court. The defendant shall present the court with proof of completion of community service and the court shall determine if the community service has been satisfactorily completed. If sufficient staff and resources are available, the community service shall be performed under the jurisdiction of the local agency overseeing a community service program.

(9) If the program finds that the defendant is unsuitable, the program shall immediately contact the probation department or the court. The probation department or court shall either recalendar the case for hearing or refer the defendant to an appropriate alternative batterer's program.

(10) (A) Upon recommendation of the program, a court shall require a defendant to participate in additional sessions throughout the probationary period, unless it finds that it is not in the interests of justice to do so, states its reasons on the record, and enters them into the minutes.

In deciding whether the defendant would benefit from more sessions, the court shall consider whether any of the following conditions exist:

(i) The defendant has been violence free for a minimum of six months.

(ii) The defendant has cooperated and participated in the batterer's program.

(iii) The defendant demonstrates an understanding of and practices positive conflict resolution skills.

(iv) The defendant blames, degrades, or has committed acts that dehumanize the victim or puts at risk the victim's safety, including, but not limited to, molesting, stalking, striking, attacking, threatening, sexually assaulting, or battering the victim.

(v) The defendant demonstrates an understanding that the use of coercion or violent behavior to maintain dominance is unacceptable in an intimate relationship.

(vi) The defendant has made threats to harm anyone in any manner.

(vii) The defendant has complied with applicable requirements under paragraph (6) of subdivision (c) or subparagraph (C) to receive alcohol counseling, drug counseling, or both.

(viii) The defendant demonstrates acceptance of responsibility for the abusive behavior perpetrated against the victim.

(B) The program shall immediately report any violation of the terms of the protective order, including any new acts of violence or failure to comply with the program requirements, to the court, the prosecutor, and, if formal probation has been ordered, to the probation department. The probationer shall file proof of enrollment in a batterer's program with the court within 30 days of conviction.

(C) Concurrent with other requirements under this section, in addition to, and not in lieu of, the batterer's program, and unless prohibited by the referring court, the probation department or the court may make provisions for a defendant to use his or her resources to enroll in a chemical dependency program or to enter voluntarily a licensed chemical dependency recovery hospital or residential treatment program that has a valid license issued by the state to provide alcohol or drug services to receive program participation credit, as determined by the court. The probation department shall document evidence of this hospital or residential treatment participation in the defendant's program file.

(11) The conditions of probation may include, in lieu of a fine, but not in lieu of the fund payment required under paragraph (5), one or more of the following requirements:

(A) That the defendant make payments to a battered women's shelter, up to a maximum of five thousand dollars ($5,000).

(B) That the defendant reimburse the victim for reasonable expenses that the court finds are the direct result of the defendant's offense.

For any order to pay a fine, to make payments to a battered women's shelter, or to pay restitution as a condition of probation under this subdivision, the court shall make a determination of the defendant's ability to pay. Determination of a defendant's ability to pay may include his or her future earning capacity. A defendant shall bear the burden of demonstrating lack of his or her ability to pay. Express findings by the court as to the factors bearing on the amount of the fine shall not be required. In no event shall any order to make payments to a battered women's shelter be made if it would impair the ability of the defendant to pay direct restitution to the victim or court-ordered child support. When the injury to a married person is caused, in whole or in part, by the criminal acts of his or her spouse in violation of this section, the community property shall not be used to discharge the liability of the offending spouse for restitution to the injured spouse, as required by Section 1203.04, as operative on or before August 2, 1995, or Section 1202.4, or to a shelter for costs with regard to the injured spouse, until all separate property of the offending spouse is exhausted.

(12) If it appears to the prosecuting attorney, the court, or the probation department that the defendant is performing unsatisfactorily in the assigned program, is not benefiting from counseling, or has engaged in criminal conduct, upon request of the probation officer, the prosecuting attorney, or on its own motion, the court, as a priority calendar item, shall hold a hearing to determine whether further sentencing should proceed. The court may consider factors, including, but not limited to, any violence by the defendant against the former or a new victim while on probation and noncompliance with any other specific condition of probation. If the court finds that the defendant is not performing satisfactorily in the assigned program, is not benefiting from the program, has not complied with a condition of probation, or has engaged in criminal conduct, the court shall terminate the defendant's participation in the program and shall proceed with further sentencing.

(b) If a person is granted formal probation for a crime in which the victim is a person defined in Section 6211 of the Family Code, in addition to the terms specified in subdivision (a), all of the following shall apply:

(1) The probation department shall make an investigation and take into consideration the defendant's age, medical history, employment and service records, educational background, community and family ties, prior incidents of violence, police report, treatment history, if any, demonstrable motivation, and other mitigating factors in determining which batterer's program would be appropriate for the defendant. This information shall be provided to the batterer's program if it is requested. The probation department shall also determine which community programs the defendant would benefit from and which of those programs

would accept the defendant. The probation department shall report its findings and recommendations to the court.

(2) The court shall advise the defendant that the failure to report to the probation department for the initial investigation, as directed by the court, or the failure to enroll in a specified program, as directed by the court or the probation department, shall result in possible further incarceration. The court, in the interests of justice, may relieve the defendant from the prohibition set forth in this subdivision based upon the defendant's mistake or excusable neglect. Application for this relief shall be filed within 20 court days of the missed deadline. This time limitation may not be extended. A copy of any application for relief shall be served on the office of the prosecuting attorney.

(3) After the court orders the defendant to a batterer's program, the probation department shall conduct an initial assessment of the defendant, including, but not limited to, all of the following:

(A) Social, economic, and family background.

(B) Education.

(C) Vocational achievements.

(D) Criminal history.

(E) Medical history.

(F) Substance abuse history.

(G) Consultation with the probation officer.

(H) Verbal consultation with the victim, only if the victim desires to participate.

(I) Assessment of the future probability of the defendant committing murder.

(4) The probation department shall attempt to notify the victim regarding the requirements for the defendant's participation in the batterer's program, as well as regarding available victim resources. The victim also shall be informed that attendance in any program does not guarantee that an abuser will not be violent.

(c) The court or the probation department shall refer defendants only to batterer's programs that follow standards outlined in paragraph (1), which may include, but are not limited to, lectures, classes, group discussions, and counseling. The probation department shall design and implement an approval and renewal process for batterer's programs and shall solicit input from criminal justice agencies and domestic violence victim advocacy programs.

(1) The goal of a batterer's program under this section shall be to stop domestic violence. A batterer's program shall consist of the following components:

(A) Strategies to hold the defendant accountable for the violence in a relationship, including, but not limited to, providing the defendant with

a written statement that the defendant shall be held accountable for acts or threats of domestic violence.

(B) A requirement that the defendant participate in ongoing same-gender group sessions.

(C) An initial intake that provides written definitions to the defendant of physical, emotional, sexual, economic, and verbal abuse, and the techniques for stopping these types of abuse.

(D) Procedures to inform the victim regarding the requirements for the defendant's participation in the intervention program as well as regarding available victim resources. The victim also shall be informed that attendance in any program does not guarantee that an abuser will not be violent.

(E) A requirement that the defendant attend group sessions free of chemical influence.

(F) Educational programming that examines, at a minimum, gender roles, socialization, the nature of violence, the dynamics of power and control, and the effects of abuse on children and others.

(G) A requirement that excludes any couple counseling or family counseling, or both.

(H) Procedures that give the program the right to assess whether or not the defendant would benefit from the program and to refuse to enroll the defendant if it is determined that the defendant would not benefit from the program, so long as the refusal is not because of the defendant's inability to pay. If possible, the program shall suggest an appropriate alternative program.

(I) Program staff who, to the extent possible, have specific knowledge regarding, but not limited to, spousal abuse, child abuse, sexual abuse, substance abuse, the dynamics of violence and abuse, the law, and procedures of the legal system.

(J) Program staff who are encouraged to utilize the expertise, training, and assistance of local domestic violence centers.

(K) A requirement that the defendant enter into a written agreement with the program, which shall include an outline of the contents of the program, the attendance requirements, the requirement to attend group sessions free of chemical influence, and a statement that the defendant may be removed from the program if it is determined that the defendant is not benefiting from the program or is disruptive to the program.

(L) A requirement that the defendant sign a confidentiality statement prohibiting disclosure of any information obtained through participating in the program or during group sessions regarding other participants in the program.

(M) Program content that provides cultural and ethnic sensitivity.

(N) A requirement of a written referral from the court or probation department prior to permitting the defendant to enroll in the program. The written referral shall state the number of minimum sessions required by the court.

(O) Procedures for submitting to the probation department all of the following uniform written responses:

(i) Proof of enrollment, to be submitted to the court and the probation department and to include the fee determined to be charged to the defendant, based upon the ability to pay, for each session.

(ii) Periodic progress reports that include attendance, fee payment history, and program compliance.

(iii) Final evaluation that includes the program's evaluation of the defendant's progress, using the criteria set forth in paragraph (4) of subdivision (a) and recommendation for either successful or unsuccessful termination or continuation in the program.

(P) A sliding fee schedule based on the defendant's ability to pay. The batterer's program shall develop and utilize a sliding fee scale that recognizes both the defendant's ability to pay and the necessity of programs to meet overhead expenses. An indigent defendant may negotiate a deferred payment schedule, but shall pay a nominal fee, if the defendant has the ability to pay the nominal fee. Upon a hearing and a finding by the court that the defendant does not have the financial ability to pay the nominal fee, the court shall waive this fee. The payment of the fee shall be made a condition of probation if the court determines the defendant has the present ability to pay the fee. The fee shall be paid during the term of probation unless the program sets other conditions. The acceptance policies shall be in accordance with the scaled fee system.

(2) The court shall refer persons only to batterer's programs that have been approved by the probation department pursuant to paragraph (5). The probation department shall do both of the following:

(A) Provide for the issuance of a provisional approval, provided that the applicant is in substantial compliance with applicable laws and regulations and an urgent need for approval exists. A provisional approval shall be considered an authorization to provide services and shall not be considered a vested right.

(B) If the probation department determines that a program is not in compliance with standards set by the department, the department shall provide written notice of the noncompliant areas to the program. The program shall submit a written plan of corrections within 14 days from the date of the written notice on noncompliance. A plan of correction shall include, but not be limited to, a description of each corrective action and timeframe for implementation. The department shall review and approve all or any part of the plan of correction and notify the program

of approval or disapproval in writing. If the program fails to submit a plan of correction or fails to implement the approved plan of correction, the department shall consider whether to revoke or suspend approval and, upon revoking or suspending approval, shall have the option to cease referrals of defendants under this section.

(3) No program, regardless of its source of funding, shall be approved unless it meets all of the following standards:

(A) The establishment of guidelines and criteria for education services, including standards of services that may include lectures, classes, and group discussions.

(B) Supervision of the defendant for the purpose of evaluating the person's progress in the program.

(C) Adequate reporting requirements to ensure that all persons who, after being ordered to attend and complete a program, may be identified for either failure to enroll in, or failure to successfully complete, the program or for the successful completion of the program as ordered. The program shall notify the court and the probation department, in writing, within the period of time and in the manner specified by the court of any person who fails to complete the program. Notification shall be given if the program determines that the defendant is performing unsatisfactorily or if the defendant is not benefiting from the education, treatment, or counseling.

(D) No victim shall be compelled to participate in a program or counseling, and no program may condition a defendant's enrollment on participation by the victim.

(4) In making referrals of indigent defendants to approved batterer's programs, the probation department shall apportion these referrals evenly among the approved programs.

(5) The probation department shall have the sole authority to approve a batterer's program for probation. The program shall be required to obtain only one approval but shall renew that approval annually.

(A) The procedure for the approval of a new or existing program shall include all of the following:

(i) The completion of a written application containing necessary and pertinent information describing the applicant program.

(ii) The demonstration by the program that it possesses adequate administrative and operational capability to operate a batterer's treatment program. The program shall provide documentation to prove that the program has conducted batterer's programs for at least one year prior to application. This requirement may be waived under subparagraph (A) of paragraph (2) if there is no existing batterer's program in the city, county, or city and county.

(iii) The onsite review of the program, including monitoring of a session to determine that the program adheres to applicable statutes and regulations.

(iv) The payment of the approval fee.

(B) The probation department shall fix a fee for approval not to exceed two hundred fifty dollars ($250) and for approval renewal not to exceed two hundred fifty dollars ($250) every year in an amount sufficient to cover its costs in administering the approval process under this section. No fee shall be charged for the approval of local governmental entities.

(C) The probation department has the sole authority to approve the issuance, denial, suspension, or revocation of approval and to cease new enrollments or referrals to a batterer's program under this section. The probation department shall review information relative to a program's performance or failure to adhere to standards, or both. The probation department may suspend or revoke any approval issued under this subdivision or deny an application to renew an approval or to modify the terms and conditions of approval, based on grounds established by probation, including, but not limited to, either of the following:

(i) Violation of this section by any person holding approval or by a program employee in a program under this section.

(ii) Misrepresentation of any material fact in obtaining the approval.

(6) For defendants who are chronic users or serious abusers of drugs or alcohol, standard components in the program shall include concurrent counseling for substance abuse and violent behavior, and in appropriate cases, detoxification and abstinence from the abused substance.

(7) The program shall conduct an exit conference that assesses the defendant's progress during his or her participation in the batterer's program.

(d) This section shall become operative on January 1, 2010.

SEC. 44. Section 7501 of the Penal Code is amended to read:

7501. In order to address the public health crisis described in Section 7500, it is the intent of the Legislature to do all of the following:

(a) Establish a procedure through which custodial and law enforcement personnel are required to report certain situations and may request and be granted a confidential test for HIV or for hepatitis B or C of an inmate convicted of a crime, or a person arrested or taken into custody, if the custodial or law enforcement officer has reason to believe that he or she has come into contact with the blood or semen of an inmate or in any other manner has come into contact with the inmate in a way that could result in HIV infection, or the transmission of hepatitis B or C, based on the latest determinations and conclusions by the federal Centers for Disease Control and Prevention and the State Department of Public Health on means for the transmission of AIDS or hepatitis B and C, and

if appropriate medical authorities, as provided in this title, reasonably believe there is good medical reason for the test.

(b) Permit inmates to file similar requests stemming from contacts with other inmates.

(c) Require that probation and parole officers be notified when an inmate being released from incarceration is infected with AIDS or hepatitis B or C, and permit these officers to notify certain persons who will come into contact with the parolee or probationer, if authorized by law.

(d) Authorize prison medical staff authorities to require tests of a jail or prison inmate under certain circumstances, if they reasonably believe, based upon the existence of supporting evidence, that the inmate may be suffering from HIV infection or AIDS or hepatitis B or C and is a danger to other inmates or staff.

(e) Require supervisory and medical personnel of correctional institutions to which this title applies to notify staff if they are coming into close and direct contact with persons in custody who have tested positive or who have AIDS or hepatitis B or C, and provide appropriate counseling and safety equipment.

SEC. 45. Section 7502 of the Penal Code is amended to read:

7502. As used in this title, the following terms shall have the following meanings:

(a) "Correctional institution" means any state prison, county jail, city jail, Division of Juvenile Justice facility, county- or city-operated juvenile facility, including juvenile halls, camps, or schools, or any other state or local correctional institution, including a court facility.

(b) "Counseling" means counseling by a licensed physician and surgeon, registered nurse, or other health professional who meets guidelines which shall be established by the State Department of Public Health for purposes of providing counseling on AIDS and hepatitis B and C to inmates, persons in custody, and other persons pursuant to this title.

SEC. 47. Section 13823.15 of the Penal Code is amended to read:

13823.15. (a) The Legislature finds the problem of domestic violence to be of serious and increasing magnitude. The Legislature also finds that existing domestic violence services are underfunded and that some areas of the state are unserved or underserved. Therefore, it is the intent of the Legislature that a goal or purpose of the Office of Emergency Services (OES) shall be to ensure that all victims of domestic violence served by the OES Comprehensive Statewide Domestic Violence Program receive comprehensive, quality services.

(b) There is in the OES a Comprehensive Statewide Domestic Violence Program. The goals of the program shall be to provide local assistance to existing service providers, to maintain and expand services

based on a demonstrated need, and to establish a targeted or directed program for the development and establishment of domestic violence services in currently unserved and underserved areas. The OES shall provide financial and technical assistance to local domestic violence centers in implementing all of the following services:

(1) Twenty-four-hour crisis hotlines.
(2) Counseling.
(3) Business centers.
(4) Emergency "safe" homes or shelters for victims and families.
(5) Emergency food and clothing.
(6) Emergency response to calls from law enforcement.
(7) Hospital emergency room protocol and assistance.
(8) Emergency transportation.
(9) Supportive peer counseling.
(10) Counseling for children.
(11) Court and social service advocacy.
(12) Legal assistance with temporary restraining orders, devices, and custody disputes.
(13) Community resource and referral.
(14) Household establishment assistance.

Priority for financial and technical assistance shall be given to emergency shelter programs and "safe" homes for victims of domestic violence and their children.

(c) Except as provided in subdivision (f), the OES and the advisory committee established pursuant to Section 13823.16 shall collaboratively administer the Comprehensive Statewide Domestic Violence Program, and shall allocate funds to local centers meeting the criteria for funding. All organizations funded pursuant to this section shall utilize volunteers to the greatest extent possible.

The centers may seek, receive, and make use of any funds which may be available from all public and private sources to augment any state funds received pursuant to this section.

Centers receiving funding shall provide cash or an in-kind match of at least 10 percent of the funds received pursuant to this section.

(d) The OES shall conduct statewide training workshops on domestic violence for local centers, law enforcement, and other service providers designed to enhance service programs. The workshops shall be planned in conjunction with practitioners and experts in the field of domestic violence prevention. The workshops shall include a curriculum component on lesbian, gay, bisexual, and transgender specific domestic abuse.

(e) The OES shall develop and disseminate throughout the state information and materials concerning domestic violence. The OES shall

also establish a resource center for the collection, retention, and distribution of educational materials related to domestic violence. The OES may utilize and contract with existing domestic violence technical assistance centers in this state in complying with the requirements of this subdivision.

(f) The funding process for distributing grant awards to domestic violence shelter service providers (DVSSPs) shall be administered by the OES as follows:

(1) The OES shall establish each of the following:

(A) The process and standards for determining whether to grant, renew, or deny funding to any DVSSP applying or reapplying for funding under the terms of the program.

(B) For DVSSPs applying for grants under the request for proposal process described in paragraph (2), a system for grading grant applications in relation to the standards established pursuant to subparagraph (A), and an appeal process for applications that are denied. A description of this grading system and appeal process shall be provided to all DVSSPs as part of the application required under the RFP process.

(C) For DVSSPs reapplying for funding under the request for application process described in paragraph (4), a system for grading the performance of DVSSPs in relation to the standards established pursuant to subparagraph (A), and an appeal process for decisions to deny or reduce funding. A description of this grading system and appeal process shall be provided to all DVSSPs receiving grants under this program.

(2) Grants for shelters that were not funded in the previous cycle shall be awarded as a result of a competitive request for proposal (RFP) process. The RFP process shall comply with all applicable state and federal statutes for domestic violence shelter funding, and to the extent possible, the response to the RFP shall not exceed 25 narrative pages, excluding attachments.

(3) Grants shall be awarded to DVSSPs that propose to maintain shelters or services previously granted funding pursuant to this section, to expand existing services or create new services, or to establish new domestic violence shelters in underserved or unserved areas. Each grant shall be awarded for a three-year term.

(4) DVSSPs reapplying for grants shall not be subject to a competitive grant process, but shall be subject to a request for application (RFA) process. The RFA process shall consist in part of an assessment of the past performance history of the DVSSP in relation to the standards established pursuant to paragraph (1). The RFA process shall comply with all applicable state and federal statutes for domestic violence center funding, and to the extent possible, the response to the RFA shall not exceed 10 narrative pages, excluding attachments.

(5) Any DVSSP funded through this program in the previous grant cycle, including any DVSSP funded by Chapter 707 of the Statutes of 2001, shall be funded upon reapplication, unless, pursuant to the assessment required under the RFA process, its past performance history fails to meet the standards established by the OES pursuant to paragraph (1).

(6) The OES shall conduct a minimum of one site visit every three years for each DVSSP funded pursuant to this subdivision. The purpose of the site visit shall be to conduct a performance assessment of, and provide subsequent technical assistance for, each shelter visited. The performance assessment shall include, but need not be limited to, a review of all of the following:

(A) Progress in meeting program goals and objectives.

(B) Agency organization and facilities.

(C) Personnel policies, files, and training.

(D) Recordkeeping, budgeting, and expenditures.

(E) Documentation, data collection, and client confidentiality.

(7) After each site visit conducted pursuant to paragraph (6), the OES shall provide a written report to the DVSSP summarizing the performance of the DVSSP, any deficiencies noted, any corrective action needed, and a deadline for corrective action to be completed. The OES shall also develop a corrective action plan for verifying the completion of any corrective action required. The OES shall submit its written report to the DVSSP no more than 60 days after the site visit. No grant under the RFA process shall be denied if the DVSSP has not received a site visit during the previous three years, unless the OES is aware of criminal violations relative to the administration of grant funding.

(8) If an agency receives funding from both the Comprehensive Statewide Domestic Violence Program in the Office of Emergency Services and the Maternal and Child Health Branch of the State Department of Public Health during any grant cycle, the Comprehensive Statewide Domestic Violence Program and the Maternal and Child Health Branch shall, to the extent feasible, coordinate agency site visits and share performance assessment data with the goal of improving efficiency, eliminating duplication, and reducing administrative costs.

(9) DVSSPs receiving written reports of deficiencies or orders for corrective action after a site visit shall be given no less than six months' time to take corrective action before the deficiencies or failure to correct may be considered in the next RFA process. However, the OES shall have the discretion to reduce the time to take corrective action in cases where the deficiencies present a significant health or safety risk or when other severe circumstances are found to exist. If corrective action is deemed necessary, and a DVSSP fails to comply, or if other deficiencies

exist that, in the judgment of the OES, cannot be corrected, the OES shall determine, using its grading system, whether continued funding for the DVSSP should be reduced or denied altogether. If a DVSSP has been determined to be deficient, the OES may, at any point during the DVSSP's funding cycle following the expiration of the period for corrective action, deny or reduce any further funding.

(10) If a DVSSP applies or reapplies for funding pursuant to this section and that funding is denied or reduced, the decision to deny or reduce funding shall be provided in writing to the DVSSP, along with a written explanation of the reasons for the reduction or denial made in accordance with the grading system for the RFP or RFA process. Except as otherwise provided, any appeal of the decision to deny or reduce funding shall be made in accordance with the appeal process established by the OES. The appeal process shall allow a DVSSP a minimum of 30 days to appeal after a decision to deny or reduce funding. All pending appeals shall be resolved before final funding decisions are reached.

(11) It is the intent of the Legislature that priority for additional funds that become available shall be given to currently funded, new, or previously unfunded DVSSPs for expansion of services. However, the OES may determine when expansion is needed to accommodate underserved or unserved areas. If supplemental funding is unavailable, the OES shall have the authority to lower the base level of grants to all currently funded DVSSPs in order to provide funding for currently funded, new, or previously unfunded DVSSPs that will provide services in underserved or unserved areas. However, to the extent reasonable, funding reductions shall be reduced proportionately among all currently funded DVSSPs. After the amount of funding reductions has been determined, DVSSPs that are currently funded and those applying for funding shall be notified of changes in the available level of funding prior to the next application process. Funding reductions made under this paragraph shall not be subject to appeal.

(12) Notwithstanding any other provision of this section, OES may reduce funding to a DVSSP funded pursuant to this section if federal funding support is reduced. Funding reductions as a result of a reduction in federal funding shall not be subject to appeal.

(13) Nothing in this section shall be construed to supersede any function or duty required by federal acts, rules, regulations, or guidelines for the distribution of federal grants.

(14) As a condition of receiving funding pursuant to this section, DVSSPs shall do all of the following:

(A) Provide matching funds or in-kind contributions equivalent to not less than 10 percent of the grant they would receive. The matching

funds or in-kind contributions may come from other governmental or private sources.

(B) Ensure that appropriate staff and volunteers having client contact meet the definition of "domestic violence counselor" as specified in subdivision (a) of Section 1037.1 of the Evidence Code. The minimum training specified in paragraph (2) of subdivision (a) of Section 1037.1 of the Evidence Code shall be provided to those staff and volunteers who do not meet the requirements of paragraph (1) of subdivision (a) of Section 1037.1 of the Evidence Code.

(15) The following definitions shall apply for purposes of this subdivision:

(A) "Domestic violence" means the infliction or threat of physical harm against past or present adult or adolescent female intimate partners, including physical, sexual, and psychological abuse against the woman, and is a part of a pattern of assaultive, coercive, and controlling behaviors directed at achieving compliance from or control over that woman.

(B) "Domestic violence shelter service provider" or "DVSSP" means a victim services provider that operates an established system of services providing safe and confidential emergency housing on a 24-hour basis for victims of domestic violence and their children, including, but not limited to, hotel or motel arrangements, haven, and safe houses.

(C) "Emergency shelter" means a confidential or safe location that provides emergency housing on a 24-hour basis for victims of domestic violence and their children.

(g) The OES may hire the support staff and utilize all resources necessary to carry out the purposes of this section. The OES shall not utilize more than 10 percent of any funds appropriated for the purpose of the program established by this section for the administration of that program.

SEC. 48. Section 13557 of the Water Code is amended to read:

13557. (a) On or before July 1, 2008, the department, in consultation with the State Department of Public Health, shall adopt and submit to the California Building Standards Commission regulations to establish a state version of Appendix J of the Uniform Plumbing Code adopted by the International Association of Plumbing and Mechanical Officials to provide design standards to safely plumb buildings with both potable and recycled water systems.

(b) The department shall adopt regulations pursuant to subdivision (a) only if the Legislature appropriates funds for that purpose.

SEC. 49. Section 32601 of the Water Code is amended to read:

32601. (a) The Legislature hereby finds and declares that the use of potable domestic water for nonpotable uses for cemeteries, parks, highway landscaped areas, new industrial facilities, and golf course

irrigation is a waste and an unreasonable use of the water within the meaning of Section 2 of Article X of the California Constitution, if nonpotable water, including recycled water, is available under all of the following conditions as determined by the board, after notice to any person or local public agency that may be ordered to use nonpotable water or to cease using potable water and a hearing held by the board if requested by the person or local public agency:

(1) The board determines that the source of nonpotable water is of adequate quality for the proposed use and is available for that use. In determining adequate quality, the board shall consider all relevant factors, including, but not limited to, food and employee safety, and level and types of specific constituents in the nonpotable water affecting the use, on a user-by-user basis. In addition, the board shall consider the effect of the use of nonpotable water in lieu of potable water on the generation of hazardous waste and on the quality of wastewater discharges subject to permit.

(2) The board determines that the nonpotable water may be furnished for the proposed use at a reasonable cost to the user. In determining reasonable cost, the board shall consider all relevant factors, including, but not limited to, the present and projected costs of supplying, delivering, and treating potable domestic water for the proposed use and the present and projected costs of supplying and delivering nonpotable water for that use, and finds that the cost of supplying the nonpotable water is comparable to, or less than, the cost of supplying potable domestic water.

(3) The State Department of Public Health determines that the use of nonpotable water from the proposed source will not be detrimental to public health.

(4) The California regional water quality control board determines that the use of nonpotable water from the proposed source will comply with any applicable water quality control plan.

(5) The board determines that the use of nonpotable water for the proposed use will not adversely affect groundwater rights, will not degrade water quality, and is determined not to be injurious to plant life, fish, and wildlife.

(b) In making the determination described in subdivision (a), the board shall consider the impact of the cost and quality of the nonpotable water on each individual user.

(c) The board may require a person or public agency to furnish information that the board determines to be relevant to making the determinations described in subdivision (a).

(3) For an application to increase the capacity of an existing facility, the center must meet all of the conditions of paragraph (1) and must be located in an underserved area, which is defined as a county having 2 percent or fewer Medi-Cal beneficiaries over the age of 65 years using adult day health care services, based on 2002 calendar year Medi-Cal utilization data.

SEC. 51. Section 14087.54 of the Welfare and Institutions Code is amended to read:

14087.54. (a) Any county or counties may establish a special commission in order to meet the problems of the delivery of publicly assisted medical care in the county or counties and to demonstrate ways of promoting quality care and cost efficiency.

(b) (1) A county board of supervisors may, by ordinance, establish a commission to negotiate the exclusive contract specified in Section 14087.5 and to arrange for the provision of health care services provided pursuant to this chapter. The boards of supervisors of more than one county may also establish a single commission with the authority to negotiate an exclusive contract and to arrange for the provision of services in those counties. If a board of supervisors elects to enact this ordinance, all rights, powers, duties, privileges, and immunities vested in a county by this article shall be vested in the county commission. Any reference in this article to "county" shall mean a commission established pursuant to this section.

(2) A commission operating pursuant to this section may also enter into contracts for the provision of health care services to persons who are eligible to receive medical benefits under any publicly supported program, if the commission and participating providers acting pursuant to subcontracts with the commission agree to hold harmless the beneficiaries of the publicly supported programs if the contract between

the sponsoring government agency and the commission does not ensure sufficient funding to cover program costs. The commission shall not use any payments or reserves from the Medi-Cal program for this purpose.

(3) In addition to the authority specified in paragraph (1), the board of supervisors may, by ordinance, authorize the commission established pursuant to this section to provide health care delivery systems for any or all of the following persons:

(A) Persons who are eligible to receive medical benefits under both Title 18 of the federal Social Security Act (42 U.S.C. Sec. 1395 et seq.) and Title 19 of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.).

(B) Persons who are eligible to receive medical benefits under Title 18 of the federal Social Security Act (42 U.S.C. Sec. 1395).

(C) Other individuals or groups in the service area, including, but not limited to, public agencies, private businesses, and uninsured or indigent persons. The commission shall not use any payment or reserve from the Medi-Cal program for purposes of this subparagraph.

(4) Nothing in this section shall prohibit a commission established pursuant to this section from providing services pursuant to subparagraph (C) of paragraph (3) in counties other than the commission's county if the commission is approved by the Department of Managed Health Care to provide services in those counties. The commission shall not use any payment or reserve from the Medi-Cal program for purposes of this paragraph.

(5) For purposes of providing services to persons described in subparagraph (A) or (B) of paragraph (3), if the commission seeks a contract with the federal Centers for Medicare and Medicaid Services to provide Medicare services as a Medicare Advantage program, the commission shall first obtain a license under the Knox-Keene Health Care Service Plan Act (Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code).

(6) With respect to the provision of services for persons described in subparagraph (A) or (B) of paragraph (3), the commission shall conform to applicable state licensing and freedom of choice requirements as directed by the federal Centers for Medicare and Medicaid Services.

(7) Any material, provided to a person described in subparagraph (A) or (B) of paragraph (3) who is dually eligible to receive medical benefits under both the Medi-Cal program and the Medicare Program, regarding the enrollment or availability of enrollment in Medicare services established by the commission shall include notice of all of the following information in the following format:

(A) Medi-Cal eligibility will not be lost or otherwise affected if the person does not enroll in the plan for Medicare benefits.

(B) The person is not required to enroll in the Medicare plan to be eligible for Medicare benefits.

(C) The person may have other choices for Medicare coverage and for further assistance may contact the federal Centers for Medicare and Medicaid Services (CMS) at 1-800-MEDICARE or www.Medicare.gov.

(D) The notice shall be in plain language, prominently displayed, and translated into any language other than English that the commission is required to use in communicating with Medi-Cal beneficiaries.

(c) It is the intent of the Legislature that if a county forms a commission pursuant to this section, the county shall, with respect to its medical facilities and programs occupy no greater or lesser status than any other health care provider in negotiating with the commission for contracts to provide health care services.

(d) The enabling ordinance shall specify the membership of the county commission, the qualifications for individual members, the manner of appointment, selection, or removal of commissioners, and how long they shall serve, and any other matters as a board of supervisors deems necessary or convenient for the conduct of the county commission's activities. A commission so established shall be considered an entity separate from the county or counties, shall be considered a public entity for purposes of Division 3.6 (commencing with Section 810) of Title 1 of the Government Code, and shall file the statement required by Section 53051 of the Government Code. The commission shall have in addition to the rights, powers, duties, privileges, and immunities previously conferred, the power to acquire, possess, and dispose of real or personal property, as may be necessary for the performance of its functions, to employ personnel and contract for services required to meet its obligations, to sue or be sued, and to enter into agreements under Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code. Any obligations of a commission, statutory, contractual, or otherwise, shall be the obligations solely of the commission and shall not be the obligations of the county or of the state.

(e) Upon creation, a commission may borrow from the county or counties, and the county or counties may lend the commission funds, or issue revenue anticipation notes to obtain those funds necessary to commence operations.

(f) In the event a commission may no longer function for the purposes for which it was established, at the time that the commission's then existing obligations have been satisfied or the commission's assets have been exhausted, the board or boards of supervisors may by ordinance terminate the commission.

(g) Prior to the termination of a commission, the board or boards of supervisors shall notify the State Department of Health Care Services

of its intent to terminate the commission. The department shall conduct an audit of the commission's records within 30 days of the notification to determine the liabilities and assets of the commission. The department shall report its findings to the board or boards within 10 days of completion of the audit. The board or boards shall prepare a plan to liquidate or otherwise dispose of the assets of the commission and to pay the liabilities of the commission to the extent of the commission's assets, and present the plan to the department within 30 days upon receipt of these findings.

(h) Upon termination of a commission by the board or boards, the county or counties shall manage any remaining assets of the commission until superseded by a department approved plan. Any liabilities of the commission shall not become obligations of the county or counties upon either the termination of the commission or the liquidation or disposition of the commission's remaining assets.

(i) Any assets of a commission shall be disposed of pursuant to provisions contained in the contract entered into between the state and the commission pursuant to this article.

(j) Nothing in this section shall be construed to supersede Section 14093.06 or 14094.3.

SEC. 52. Section 15904 of the Welfare and Institutions Code is amended to read:

15904. (a) The State Department of Health Care Services shall issue a request for applications for funding the Health Care Coverage Initiative.

(b) The department shall allocate federal funds available to be claimed under the Health Care Coverage programs.

(c) The department shall select the Health Care Coverage programs that best meet the requirements and desired outcomes set forth in this part.

(d) The following elements shall be used in evaluating the proposals to make selections and to determine the allocation of the available funds:

(1) Enrollment processes, with an identification system to demonstrate enrollment of the uninsured into the program.

(2) Use of a medical record system, which may include electronic medical records.

(3) Designation of a medical home and assignment of eligible individuals to a primary care provider. For purposes of this paragraph, "medical home" means a single provider or facility that maintains all of an individual's medical information. The primary care provider shall be a provider from which the enrollee can access primary and preventive care.

(4) Provision of a benefit package of services, including preventive and primary care services, and care management services designed to

treat individuals with chronic health care conditions, mental illness, or who have high costs associated with their medical conditions, to improve their health and decrease future costs. Benefits may include case management services.

(5) Quality monitoring processes to assess the health care outcomes of individuals enrolled in the Health Care Coverage program.

(6) Promotion of the use of preventive services and early intervention.

(7) The provision of care to Medi-Cal beneficiaries by the applicant and the degree to which the applicant coordinates its care with services provided to Medi-Cal beneficiaries.

(8) Screening and enrollment processes for individuals who may qualify for enrollment into Medi-Cal, the Healthy Families Program, and the Access for Infants and Mothers Program prior to enrollment into the Health Care Coverage program.

(9) The ability to demonstrate how the Health Care Coverage program will promote the viability of the existing safety net health care system.

(10) Documentation to support the applicant's ability to implement the Health Care Coverage program by September 1, 2007, and to use its allocation for each project year.

(11) Demonstration of how the program will provide consumer assistance to individuals applying to, participating in, or accessing services in the program.

(e) Entities eligible to apply for the initiative funds are a county, city and county, consortium of counties serving a region consisting of more than one county, or health authority. No entity shall submit more than one proposal.

(f) The department shall rank the program applications based on the criteria in this section. The amount of federal funding available to be claimed shall be allocated based upon the ranking of the applications. The department shall allocate the available federal funding to the highest ranking applications until all of the funding is allocated. The department shall select at least five programs, and no single program shall receive an allocation greater than 30 percent of the total federal allotment. The department is not required to fund the entire amount requested in a program application.

(g) The department shall seek to balance the allocations throughout geographic areas of the state.

(h) Each county, city and county, consortium of counties, or health authority that is selected to receive funding shall provide the necessary local funds for the nonfederal share of the certified public expenditures, or intergovernmental transfers to the extent allowable under the demonstration project, required to claim the federal funds made available from the federal allotment. The certified public expenditures, or

intergovernmental transfers to the extent allowable under the demonstration project, shall meet the requirements of the Special Terms and Conditions of California's Section 1115 Medicaid demonstration project waiver number 11-W-00193/9 relating to hospital financing and health coverage expansion that became effective September 1, 2005.

(i) The federal allocation shall be available to the selected programs for the three-year period covering the Health Care Coverage program pursuant to the Special Terms and Conditions of California's Section 1115 Medicaid demonstration project waiver number 11-W-00193/9 relating to hospital financing and health coverage expansion, unless the selected programs do not incur expenditures sufficient to claim the allocation of federal funds in the particular program year. Selected programs shall expend the funds according to an expenditure schedule determined by the department.

(j) The department may reallocate the available federal funds among selected programs or other program applicants that were previously not selected for funding, if necessary to meet federal requirements regarding the timing of expenditures, notwithstanding subdivision (f). If a selected program fails to substantially comply with the requirements of this article, the department may reallocate the available federal funds from that selected program to other selected programs or other program applications that previously were not selected for funding. If a selected program is unable to meet its spending targets, determined at the end of the second quarter of each program year, the department may reallocate funds to other selected programs or other program applications that previously were not selected for funding, to ensure that all available federal funds are claimed. Selected programs receiving reallocated funds must have the ability to make the certified public expenditures necessary to claim the reallocated federal funds.

(k) Federal funds provided for the initiative shall supplement, and not supplant, any county, city and county, health authority, state, or federal funds that would otherwise be spent on health care services in the county, city and county, consortium of counties, or a health authority region. Federal funds allocated under the initiative shall reimburse the selected county, city and county, consortium of counties, or health authority for the benefits and services provided under subdivision (d) of Section 15904. Administrative costs associated with the development and management of the initiative shall not be paid from the Health Care Coverage program allocation, and any allocations for administrative funds shall be in addition to the allocations made for the initiative.

(3) Pursuant to subdivision (d) of Section 16952, the State Department of Public Health may be reimbursed by the Physician Services Account and the Hospital Services Account based on actual administrative costs to develop or adopt the fee schedule required by paragraph (1), not to exceed 10 percent of the amount of the account.

(4) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement this subdivision by means of provider bulletins, or similar instruction, without taking formal regulatory action.

SEC. 54. Section 2 of Chapter 610 of the Statutes of 2006 is amended to read:

Sec. 2. (a) The Legislature finds and declares both of the following:

(1) Given the rich heritage and traditions of Asian-Americans, a process must be considered to allow for foods tied to traditional Asian ceremonies to be sold and consumed according to those traditions.

(2) Requiring food retailers to follow health and sanitation standards is necessary to preserve public health.

(b) (1) The State Department of Public Health shall conduct a study of the sale and consumption of Banh Chung, Banh Tet, and moon cakes, as a means of finding methods that may permit the sale and consumption of these foods at traditional Asian ceremonies and cultural events while providing adequate health and sanitation standards that protect public health.

(2) The department shall submit this study to the Legislature by January 1, 2008.

SEC. 55. Any section of any act, other than the act for the maintenance of the codes, enacted by the Legislature during the 2007 calendar year that takes effect on or before January 1, 2008, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended by this act, shall prevail over the amendment of

that section by this act whether that act is enacted prior to, or subsequent to, the enactment of this act.

The people of the State of California do enact as follows:

SECTION 1. Section 3680.5 of the Family Code is amended to read:

3680.5. (a) The local child support agency shall monitor child support cases and seek modifications, when needed.

(b) At least once every three years, the local child support agency shall review, and, if appropriate, seek modification of, each child support case for which assistance is being provided under the CalWORKs program, pursuant to Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code.

SEC. 2. Section 11477 of the Welfare and Institutions Code is amended to read:

11477. As a condition of eligibility for aid paid under this chapter, each applicant or recipient shall do all of the following:

(a) (1) Do either of the following:

(i) For applications received before October 1, 2009, assign to the county any rights to support from any other person the applicant or recipient may have on his or her own behalf or on behalf of any other family member for whom the applicant or recipient is applying for or receiving aid, not exceeding the total amount of cash assistance provided to the family under this chapter. Receipt of public assistance under this chapter shall operate as an assignment by operation of law. An assignment of support rights to the county shall also constitute an assignment to the state. If support rights are assigned pursuant to this subdivision, the assignee may become an assignee of record by the local child support agency or other public official filing with the court clerk an affidavit showing that an assignment has been made or that there has been an assignment by operation of law. This procedure does not limit any other means by which the assignee may become an assignee of record.

(ii) For applications received on or after October 1, 2009, assign to the county any rights to support from any other person the applicant or recipient may have on his or her own behalf, or on behalf of any other family member for whom the applicant or recipient is applying for or receiving aid. The assignment shall apply only to support that accrues during the period of time that the applicant is receiving assistance under this chapter, and shall not exceed the total amount of cash assistance provided to the family under this chapter. Receipt of public assistance under this chapter shall operate as an assignment by operation of law. An assignment of support rights to the county shall also constitute an assignment to the state. If support rights are assigned pursuant to this subdivision, the assignee may become an assignee of record by the local child support agency or other public official filing with the court clerk an affidavit showing that an assignment has been made or that there has been an assignment by operation of law. This procedure does not limit any other means by which the assignee may become an assignee of record.

(2) Support that has been assigned pursuant to paragraph (1) and that accrues while the family is receiving aid under this chapter shall be permanently assigned until the entire amount of aid paid has been reimbursed.

(3) If the federal government does not permit states to adopt the same order of distribution for preassistance and postassistance child support arrears that are assigned on or after October 1, 1998, support arrears that accrue before the family receives aid under this chapter that are assigned pursuant to this subdivision shall be assigned as follows:

(A) Child support assigned prior to January 1, 1998, shall be permanently assigned until aid is no longer received and the entire amount of aid has been reimbursed.

(B) Child support assigned on or after January 1, 1998, but prior to October 1, 2000, shall be temporarily assigned until aid under this chapter is no longer received and the entire amount of aid paid has been reimbursed or until October 1, 2000, whichever comes first.

(C) On or after October 1, 2000, support assigned pursuant to this subdivision that was not otherwise permanently assigned shall be temporarily assigned to the county until aid is no longer received.

(D) On or after October 1, 2000, support that was temporarily assigned pursuant to this subdivision shall, when a payment is received from the federal tax intercept program, be temporarily assigned until the entire amount of aid paid has been reimbursed.

(4) If the federal government permits states to adopt the same order of distribution for preassistance and postassistance child support arrears, child support arrears shall be assigned, as follows:

(A) Child support assigned pursuant to this subdivision prior to October 1, 1998, shall be assigned until aid under this chapter is no longer received and the entire amount has been reimbursed.

(B) On or after October 1, 1998, child support assigned pursuant to this subdivision that accrued before the family receives aid under this chapter and that was not otherwise permanently assigned, shall be temporarily assigned until aid under this chapter is no longer received.

(C) On or after October 1, 1998, support that was temporarily assigned pursuant to this subdivision shall, when a payment is received from the federal tax intercept program, be temporarily assigned until the entire amount of aid paid has been reimbursed.

(b) (1) Cooperate with the county welfare department and local child support agency in establishing the paternity of a child of the applicant or recipient born out of wedlock with respect to whom aid is claimed, and in establishing, modifying, or enforcing a support order with respect to a child of the individual for whom aid is requested or obtained, unless the applicant or recipient qualifies for a good cause exception as provided in Section 11477.04. The granting of aid shall not be delayed or denied if the applicant is otherwise eligible, if the applicant completes the necessary forms and agrees to cooperate with the local child support agency in securing support and determining paternity, where applicable. The local child support agency shall have staff available, in person or by telephone, at all county welfare offices and shall conduct an interview with each applicant to obtain information necessary to establish paternity and establish, modify, or enforce a support order at the time of the initial interview with the welfare office. The local child support agency shall

make the determination of cooperation. If the applicant or recipient attests under penalty of perjury that he or she cannot provide the information required by this subdivision, the local child support agency shall make a finding regarding whether the individual could reasonably be expected to provide the information, before the local child support agency determines whether the individual is cooperating. In making the finding, the local child support agency shall consider all of the following:

(A) The age of the child for whom support is sought.

(B) The circumstances surrounding the conception of the child.

(C) The age or mental capacity of the parent or caretaker of the child for whom aid is being sought.

(D) The time that has elapsed since the parent or caretaker last had contact with the alleged father or obligor.

(2) Cooperation includes the following:

(A) Providing the name of the alleged parent or obligor and other information about that person if known to the applicant or recipient, such as address, social security number, telephone number, place of employment or school, and the names and addresses of relatives or associates.

(B) Appearing at interviews, hearings, and legal proceedings provided the applicant or recipient is provided with reasonable advance notice of the interview, hearing, or legal proceeding and does not have good cause not to appear.

(C) If paternity is at issue, submitting to genetic tests, including genetic testing of the child, if necessary.

(D) Providing any additional information known to or reasonably obtainable by the applicant or recipient necessary to establish paternity or to establish, modify, or enforce a child support order.

(3) A recipient or applicant shall not be required to sign a voluntary declaration of paternity, as set forth in Chapter 3 (commencing with Section 7570) of Part 2 of Division 12 of the Family Code, as a condition of cooperation.

SEC. 3. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

The people of the State of California do enact as follows:

SECTION 1. Section 5004.1 of the Vehicle Code is amended to read:

5004.1. (a) (1) Subject to paragraph (3), an owner of a vehicle that is a 1969 or older model-year vehicle or the owner of a commercial vehicle or a pickup truck that is a 1972 or older model-year may, after the requirements for the registration of the vehicle are complied with and with the approval of the department, utilize license plates of this state with the date of year corresponding to the model-year date when the vehicle was manufactured, if the model-year date license plate is legible and serviceable, as determined by the department, in lieu of the license plates otherwise required by this code.

(2) The department may consult with an organization of old car hobbyists in determining whether the date of year of the license plate corresponds to the model-year date when the vehicle was manufactured.

(b) A fee of forty-five dollars ($45) shall be charged for the application for the use of the special plates.

CHAPTER 498

An act to amend Sections 149.4, 149.5, and 149.6 of the Streets and Highways Code, relating to transportation.

[Approved by Governor October 11, 2007. Filed with
Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 149.4 of the Streets and Highways Code is amended to read:

149.4. (a) (1) Notwithstanding Sections 149 and 30800 of this code, and Section 21655.5 of the Vehicle Code, the San Diego Association of Governments (SANDAG) may conduct, administer, and operate a value pricing and transit development demonstration program on a maximum of two transportation corridors in San Diego County.

(2) The program, under the circumstances described in subdivision (b), may direct and authorize the entry and use of high-occupancy vehicle lanes in corridors identified in paragraph (1) by single-occupant vehicles during peak periods, as defined by SANDAG, for a fee. The amount of the fee shall be established from time to time by SANDAG, and collected in a manner determined by SANDAG. A high-occupancy vehicle lane may only be operated as a high-occupancy toll (HOT) lane during the hours that the lane is otherwise restricted to use by high-occupancy vehicles.

(b) Implementation of the program shall ensure that Level of Service C, as measured by the most recent issue of the Highway Capacity Manual, as adopted by the Transportation Research Board, is maintained at all times in the high-occupancy vehicle lanes, except that subject to a written agreement between the department and SANDAG that is based on operating conditions of the high-occupancy vehicle lanes, Level of Service D shall be permitted on the high-occupancy vehicle lanes. If Level of Service D is permitted, the department and SANDAG shall evaluate the impacts of these levels of service of the high-occupancy vehicle lanes, and indicate any effects on the mixed-flow lanes. Continuance of Level of Service D operating conditions shall be subject to the written agreement between the department and SANDAG. Unrestricted access to the lanes by high-occupancy vehicles shall be available at all times. At least annually, the department shall audit the level of service during peak traffic hours and report the results of that audit at meetings of the program management team.

(c) Single-occupant vehicles that are certified or authorized by SANDAG for entry into, and use of, the high-occupancy vehicle lanes identified in paragraph (1) of subdivision (a) are exempt from Section 21655.5 of the Vehicle Code, and the driver shall not be in violation of the Vehicle Code because of that entry and use.

(d) SANDAG shall carry out the program in cooperation with the department pursuant to a cooperative agreement that addresses all matters related to design, construction, maintenance, and operation of state highway system facilities in connection with the value pricing and transit

development demonstration program. With the assistance of the department, SANDAG shall establish appropriate traffic flow guidelines for the purpose of ensuring optimal use of the express lanes by high-occupancy vehicles without adversely affecting other traffic on the state highway system.

(e) (1) Agreements between SANDAG, the department, and the Department of the California Highway Patrol shall identify the respective obligations and liabilities of those entities and assign them responsibilities relating to the program. The agreements entered into pursuant to this section shall be consistent with agreements between the department and the United States Department of Transportation relating to this program and shall include clear and concise procedures for enforcement by the Department of the California Highway Patrol of laws prohibiting the unauthorized use of the high-occupancy vehicle lanes. The agreements shall provide for reimbursement of state agencies, from revenues generated by the program, federal funds specifically allocated to SANDAG for the program by the federal government, or other funding sources that are not otherwise available to state agencies for transportation-related projects, for costs incurred in connection with the implementation or operation of the program.

(2) The revenue generated from the program shall be available to SANDAG for the direct expenses related to the operation (including collection and enforcement), maintenance, and administration of the demonstration program. Administrative expenses shall not exceed 3 percent of the revenues.

(3) All remaining revenue generated by the demonstration program shall be used in the corridor from which the revenue was generated exclusively for preconstruction, construction, and other related costs of high-occupancy vehicle facilities and the improvement of transit service, including, but not limited to, support for transit operations pursuant to an expenditure plan adopted by SANDAG.

(f) (1) SANDAG may issue bonds at any time to finance any costs necessary to implement the value pricing program established pursuant to subdivision (a) and any expenditures as may be provided for in the expenditure plan adopted pursuant to paragraph (3) of subdivision (e), payable from the revenues generated from the program.

(2) The maximum bonded indebtedness that may be outstanding at any one time shall not exceed an amount that may be serviced from the estimated revenues generated from the program.

(3) The bonds shall bear interest at a rate or rates not exceeding the maximum allowable by law, payable at intervals determined by SANDAG.

(4) Any bond issued pursuant to this subdivision shall contain on its face a statement to the following effect:

"Neither the full faith and credit nor the taxing power of the State of California is pledged to the payment of principal of, as the interest of this bond."

(5) Bonds shall be issued pursuant to a resolution of SANDAG adopted by a two-thirds vote of its governing board. The resolution shall state all of the following:

(A) The purposes for which the proposed debt is to be incurred.

(B) The estimated cost of accomplishing those purposes.

(C) The amount of the principal of the indebtedness.

(D) The maximum term of the bonds and the interest rate.

(E) The denomination or denominations of the bonds, which shall not be less than five thousand dollars ($5,000).

(F) The form of the bonds.

(g) Not later than three years after SANDAG first collects revenues from any of the projects described in paragraph (1) of subdivision (a), SANDAG shall submit a report to the Legislature on its findings, conclusions, and recommendations concerning the demonstration program authorized by this section. The report shall include an analysis of the effect of the HOT lanes on the adjacent mixed-flow lanes and any comments submitted by the department and the Department of the California Highway Patrol regarding operation of the lane.

SEC. 2. Section 149.5 of the Streets and Highways Code is amended to read:

149.5. (a) (1) Notwithstanding Sections 149 and 30800 of this code, and Section 21655.5 of the Vehicle Code, the Sunol Smart Carpool Lane Joint Powers Authority (SSCLJPA), consisting of the Alameda County Congestion Management Agency, Alameda County Transportation Improvement Authority, and the Santa Clara Valley Transportation Authority, may conduct, administer, and operate a value pricing high-occupancy vehicle program on the Sunol Grade segment of State Highway Route 680 (Interstate 680) in Alameda and Santa Clara Counties and the Alameda County Congestion Management Agency may conduct, administer, and operate a program on a corridor within Alameda County for a maximum of two transportation corridors in Alameda County pursuant to this section in coordination with the Metropolitan Transportation Commission and consistent with Section 21655.6 of the Vehicle Code.

(2) The program, under the circumstances described in subdivision (b), may direct and authorize the entry and use of the high-occupancy vehicle lanes in the corridors identified in paragraph (1) by single-occupant vehicles for a fee. The fee structure for each corridor

shall be established from time to time by the administering agency. A high-occupancy vehicle lane may only be operated as a high-occupancy toll (HOT) lane during the hours that the lane is otherwise restricted to use by high-occupancy vehicles.

(3) The administering agency for each corridor shall enter into a cooperative agreement with the Bay Area Toll Authority to operate and manage the electronic toll collection system.

(b) Implementation of the program shall ensure that Level of Service C, as measured by the most recent issue of the Highway Capacity Manual, as adopted by the Transportation Research Board, is maintained at all times in the high-occupancy vehicle lanes, except that subject to a written agreement between the department and the administering agency that is based on operating conditions of the high-occupancy vehicle lanes, Level of Service D shall be permitted on the high-occupancy vehicle lanes. If Level of Service D is permitted, the department and the administering agency shall evaluate the impacts of these levels of service on the high-occupancy vehicle lanes, and indicate any effects on the mixed-flow lanes. Continuance of Level of Service D operating conditions shall be subject to the written agreement between the department and the administering agency. Unrestricted access to the lanes by high-occupancy vehicles shall be available at all times. At least annually, the department shall audit the level of service during peak traffic hours and report the results of that audit at meetings of the administering agency.

(c) Single-occupant vehicles that are certified or authorized by the administering agency for entry into, and use of, the high-occupancy vehicle lanes identified in paragraph (1) of subdivision (a) are exempt from Section 21655.5 of the Vehicle Code, and the driver shall not be in violation of the Vehicle Code because of that entry and use.

(d) The administering agency shall carry out the program in cooperation with the department pursuant to a cooperative agreement that addresses all matters related to design, construction, maintenance, and operation of state highway system facilities in connection with the value pricing high-occupancy vehicle program. With the assistance of the department, the administering agency shall establish appropriate traffic flow guidelines for the purpose of ensuring optimal use of the high-occupancy toll lanes by high-occupancy vehicles without adversely affecting other traffic on the state highway system.

(e) (1) Agreements between the administering agency, the department, and the Department of the California Highway Patrol shall identify the respective obligations and liabilities of those entities and assign them responsibilities relating to the program. The agreements entered into pursuant to this section shall be consistent with agreements between the department and the United States Department of Transportation relating

to programs of this nature. The agreements shall include clear and concise procedures for enforcement by the Department of the California Highway Patrol of laws prohibiting the unauthorized use of the high-occupancy vehicle lanes, which may include the use of video enforcement. The agreements shall provide for reimbursement of state agencies, from revenues generated by the program, or other funding sources that are not otherwise available to state agencies for transportation-related projects, for costs incurred in connection with the implementation or operation of the program.

(2) The revenue generated from the program shall be available to the administering agency for the direct expenses related to the operation (including collection and enforcement), maintenance, construction, and administration of the program. Administrative expenses shall not exceed 3 percent of the revenues.

(3) All net revenue generated by the program that remains after payment of direct expenses pursuant to paragraph (2) shall be allocated pursuant to an expenditure plan adopted biennially by the administering agency for transportation purposes within the program area. The expenditure plan may include funding for the following:

(A) The construction of high-occupancy vehicle facilities, including the design, preconstruction, construction, and other related costs of the northbound Interstate 680 Sunol Smart Carpool Lane project.

(B) Transit capital and operations that directly serve the authorized corridors.

(f) (1) The administering agency may issue bonds, refunding bonds, or bond anticipation notes, at any time to finance construction and construction-related expenditures of programs adopted pursuant to subdivision (a) and construction and construction-related expenditures that are included in the expenditure plan adopted pursuant to paragraph (3) of subdivision (e), payable solely from the revenues generated from the respective programs.

(2) The maximum bonded indebtedness that may be outstanding at any one time shall be an amount equal to the sum of the principal of, and interest on, the bonds, but not to exceed the estimated revenues generated from the respective programs.

(3) Bonds shall be issued pursuant to a resolution adopted by a two-thirds vote of the governing board of the administering agency. The resolution shall state all of the following:

(A) The purposes for which the proposed debt is to be incurred.

(B) The estimated cost of accomplishing those purposes.

(C) The amount of the principal of the indebtedness.

(D) The maximum term the bonds proposed to be issued shall run before maturity.

(E) The maximum rate of interest to be paid, which shall not exceed the maximum allowable by law.

(F) The denomination or denominations of the bonds, which shall not be less than five thousand dollars ($5,000).

(G) The form of the bonds, including, without limitation, registered bonds and coupon bonds, to the extent permitted by federal law, the registration, conversion, and exchange privileges, if any pertaining thereto, and the time when all of, or any part of, the principal becomes due and payable.

(H) Any other matters authorized by law.

(4) The bonds shall bear interest at a rate or rates not exceeding the maximum allowable by law, payable at intervals determined by the administering agency.

(5) The full amount of bonds may be divided into two or more series and different dates of payment fixed for the bonds of each series. A bond shall not be required to mature on its anniversary date.

(6) Any bond issued pursuant to this subdivision shall contain on its face a statement to the following effect:

"Neither the full faith and credit nor the taxing power of the State of California is pledged to the payment of principal of, or the interest on, this bond."

(g) Not later than three years after the administering agency first collects revenues from the program authorized by this section, the administering agency shall submit a report to the Legislature on its findings, conclusions, and recommendations concerning the demonstration program authorized by this section. The report shall include an analysis of the effect of the HOT lanes on the adjacent mixed-flow lanes and any comments submitted by the department and the Department of the California Highway Patrol regarding operation of the lane.

SEC. 3. Section 149.6 of the Streets and Highways Code is amended to read:

149.6. (a) Notwithstanding Sections 149 and 30800, and Section 21655.5 of the Vehicle Code, the Santa Clara Valley Transportation Authority (VTA) created by Part 12 (commencing with Section 100000) of the Public Utilities Code may conduct, administer, and operate a value pricing program on any two of the transportation corridors included in the high-occupancy vehicle lane system in Santa Clara County in coordination with the Metropolitan Transportation Commission and consistent with Section 21655.6 of the Vehicle Code.

(1) VTA, under the circumstances described in subdivision (b), may direct and authorize the entry and use of those high-occupancy vehicle lanes by single-occupant vehicles for a fee. The fee structure shall be

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 17921.3 of the Health and Safety Code is repealed.

SEC. 2. Section 17921.3 is added to the Health and Safety Code, to read:

17921.3. (a) All water closets and urinals installed or sold in this state shall meet performance, testing, and labeling requirements established by the American Society of Mechanical Engineers standard A112.19.2-2003, or A112.19.14-2001, as applicable. No other marking and labeling requirements shall be required by the state. All water closets and urinals installed or sold in this state shall be listed by an American

National Standards Institute accredited third-party certification agency to the appropriate American Society of Mechanical Engineers standards set forth in this subdivision. No other listing or certification requirements shall be required by the state.

(b) (1) All water closets sold or installed in this state shall use no more than an average of 1.6 gallons per flush. On and after January 1, 2014, all water closets, other than institutional water closets, sold or installed in this state shall be high-efficiency water closets.

(2) All urinals sold or installed in this state shall use no more than an average of one gallon per flush. On and after January 1, 2014, all urinals, other than blow-out urinals, sold or installed in this state shall be high-efficiency urinals.

(3) Each manufacturer selling water closets or urinals in this state shall have not less than the following percentage of models offered for sale in this state of high-efficiency water closets plus high-efficiency urinals as compared to the total number of models of water closets plus urinals offered for sale in this state by that manufacturer:

(A) Fifty percent in 2010.

(B) Sixty-seven percent in 2011.

(C) Seventy-five percent in 2012.

(D) Eighty-five percent in 2013.

(E) One hundred percent in 2014 and thereafter.

(4) Each manufacturer that sells water closets or urinals in this state shall inform the State Energy Resources Conservation and Development Commission, the department, and the California Building Standards Commission, in writing, of the percentage of models of high-efficiency water closets plus high-efficiency urinals offered for sale in this state as compared to the total number of models of water closets plus urinals offered for sale in this state by that manufacturer for each year 2010 to 2013, inclusive, by January 30 of that year.

(c) Any city, county, or city and county may enact an ordinance to allow the sale and installation of nonlow-consumption water closets or urinals upon its determination that the unique configuration of building drainage systems or portions of a public sewer system within the jurisdiction, or both, requires a greater quantity of water to flush the system in a manner consistent with public health. At the request of a public agency providing sewer services within the jurisdiction, the city, county, or city and county shall hold a public hearing on the need for an ordinance as provided in this subdivision. Prior to this hearing or to the enactment of the ordinance, those agencies responsible for the provision of water and sewer services within the jurisdiction, if other than the agency considering adoption of the ordinance, shall be given at least 30

days' notice of the meeting at which the ordinance may be considered or adopted.

(d) Notwithstanding subdivision (b), on and after January 1, 1994, water closets and urinals that do not meet the standards referenced in subdivision (b) may be sold or installed for use only under either of the following circumstances:

(1) Installation of the water closet or urinal to comply with the standards referenced in subdivision (b) would require modifications to plumbing system components located beneath a finished wall or surface.

(2) The nonlow-consumption water closets, urinals, and flushometer valves, if any, would be installed in a home or building that has been identified by a local, state, or federal governmental entity as a historical site and historically accurate water closets and urinals that comply with the flush volumes specified in subdivision (b) are not available.

(e) (1) This section does not preempt any actions of cities, counties, cities and counties, or districts that prescribe additional or more restrictive conservation requirements affecting either of the following:

(A) The sale, installation, or use of low-consumption water closets, urinals, and flushometer valves that meet the standards referenced in subdivision (a), (b), or (c).

(B) The continued use of nonlow-consumption water closets, urinals, and flushometer valves.

(2) This section does not grant any new or additional powers to cities, counties, cities and counties, or districts to promulgate or establish laws, ordinances, regulations, or rules governing the sale, installation, or use of low-consumption water closets, urinals, and flushometer valves.

(f) The California Building Standards Commission or the department may, by regulation, reduce the quantity of water per flush required pursuant to this section if deemed appropriate or not inconsistent in light of other standards referenced in the most recent version of the California Plumbing Code, and may refer to successor standards to the standards referenced in this section if determined appropriate in light of standards referenced in the most recent version of the California Plumbing Code.

(g) As used in this section, the following terms have the following meanings:

(1) "Blow-out urinal" means a urinal designed for heavy-duty commercial applications that work on a powerful nonsiphonic principle.

(2) "High-efficiency water closet" means a water closet that is either of the following:

(A) A dual flush water closet with an effective flush volume that does not exceed 1.28 gallons, where effective flush volume is defined as the composite, average flush volume of two reduced flushes and one full

flush. Flush volumes shall be tested in accordance with ASME A112.19.2 and ASME A112.19.14.

(B) A single flush water closet where the effective flush volume shall not exceed 1.28 gallons. The effective flush volume is the average flush volume when tested in accordance with ASME A112.19.2.

(3) "High-efficiency urinal" means a urinal that uses no more than 0.5 gallons per flush.

(4) "Institutional water closet" means any water closet fixture with a design not typically found in residential or commercial applications or that is designed for a specialized application, including, but not limited to, wall-mounted floor-outlet water closets, water closets used in jails or prisons, water closets used in bariatrics applications, and child water closets used in day care facilities.

(5) "Nonlow-consumption flushometer valve," "nonlow-consumption urinal," and "nonlow-consumption water closet" mean devices that use more than 1.6 gallons per flush for toilets and more than 1.0 gallons per flush for urinals.

(6) "Urinal" means a water-using urinal.

(7) "Wall-mounted/wall-outlet water closets" means models that are mounted on the wall and discharge to the drainage system through the wall.

(h) For purposes of this section, all consumption values shall be determined by the test procedures contained in the American Society of Mechanical Engineers standard A112.19.2-2003 or A112.19.14-2001.

(i) This section shall remain operative only until January 1, 2014, or until the date on which the California Building Standards Commission includes standards in the California Building Standards Code that conform to this section, whichever date is later.

SEC. 3. Section 17921.4 is added to the Health and Safety Code, to read:

17921.4. (a) A nonwater-supplied urinal approved for installation or sold in this state shall satisfy all of the following requirements:

(1) Meet performance, testing, and labeling requirements established by the American Society of Mechanical Engineers standard A112.19.19-2006.

(2) Be listed by an American National Standards Institute accredited third-party certification agency to the American Society of Mechanical Engineers standard A112.19.19-2006.

(3) Provide a trap seal that complies with the California Plumbing Code.

(4) Permit the uninhibited flow of waste through the urinal to the sanitary drainage system.

(5) Be cleaned and maintained in accordance with the manufacturer's instructions after installation.

(6) Be installed with a water supply rough-in to the urinal location that would allow a subsequent replacement of the nonwater-supplied urinal with a water-supplied urinal if desired by the owner or if required by the enforcement agency.

(b) As used in this section, the following terms have the following meanings:

(1) "Building" means any structure subject to this part, and any structure subject to the California Building Standards Law as set forth in Part 2.5 (commencing with Section 18901).

(2) "Water supply rough-in" means the installation of water distribution and fixture supply piping sized to accommodate a water-supplied urinal to an in-wall point immediately adjacent to the urinal location.

(c) Nothing in this section shall restrict the authority of the California Building Standards Commission to require any additional conditions on the installation and use of nonwater-supplied urinals.

(e) The department shall develop and publish written guidelines for the appropriate use of nonmonetary incentives that may be offered to Medi-Cal enrollees.

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that, while new voting technologies hold great promise, changes in the law are necessary to ensure elections remain secure, accurate, and reliable.

SEC. 2. Section 14299 of the Elections Code is amended to read:

14299. (a) If a precinct board is unable to furnish a ballot to a qualified voter because there is an insufficient number of ballots at the precinct, the elections official shall deliver to the precinct additional ballots to ensure that all eligible voters can cast their ballots within two hours.

(b) While awaiting the delivery of additional ballots, the precinct board shall provide each voter with the option of casting his or her vote immediately using an alternative procedure established prior to the election or waiting for the delivery of the additional ballots.

(c) The alternative procedure required by this section shall be subject to approval by the Secretary of State. The elections official shall submit the alternative procedure to the Secretary of State for approval by a date to be determined by the Secretary of State.

SEC. 3. Section 14300 is added to the Elections Code, to read:

14300. (a) In the case of an election for a state or federal office, each polling place using a direct recording electronic voting system, as defined by Section 19251, the elections official shall provide paper ballots equivalent to the following percentages:

(1) For a statewide general election, no less than 10 percent of the registered voters in the polling place.

(2) For a statewide direct primary election, for each partisan ballot form for which at least 10 percent of the registered voters in the polling place are eligible to request, no less than 5 percent of the registered voters in the precinct eligible to request that ballot form at the polling place. For nonpartisan voters, the total number of paper ballots among all ballot forms that they are eligible to request shall be no less than 5 percent of registered nonpartisan voters at the polling place.

(3) For any other state or federal election contest, no less than 5 percent of registered voters at the polling place.

(4) For purposes of this section, the number of registered voters shall be based on the registration on the 88th day prior to the day of the election.

(b) The elections official shall establish procedures for the use of the paper ballots described in this section in the event the direct recording electronic voting system becomes nonfunctional.

(c) Upon request, the precinct board shall provide a paper ballot to a voter, regardless of the availability of the direct recording electronic voting system, as long as supplies remain available.

(d) The paper ballots described in this section may consist of provisional ballots.

(e) Any vote cast on a provisional ballot subject to this section by an otherwise qualified voter shall be counted as a regular ballot and shall not be subject to the requirements of Section 14310.

SEC. 4. Section 19251 of the Elections Code is amended to read:

19251. For purposes of this article, the following terms shall have the following meanings:

(a) "Accessible" means that the information provided on the paper record copy from the voter verified paper audit trail mechanism is provided or conveyed to voters via both a visual and a nonvisual method, such as through an audio component.

(b) "Direct recording electronic voting system" means a voting system that records a vote electronically and does not require or permit the voter to record his or her vote directly onto a tangible ballot.

(c) "Voter verified paper audit trail" means a component of a direct recording electronic voting system that prints a contemporaneous paper record copy of each electronic ballot and allows each voter to confirm his or her selections before the voter casts his or her ballot.

(d) "Federal qualification" means the system has been certified, if applicable, by means of qualification testing by a Nationally Recognized Test Laboratory and has met or exceeded the minimum requirements set forth in the Performance and Text Standards for Punch Card, Mark Sense, and Direct Recording Electronic Voting Systems, or in any successor voluntary standard document, developed and promulgated by the Federal Election Commission, the Election Assistance Commission, or the National Institute of Standards and Technology.

(e) "Paper record copy" means an auditable document printed by a voter verified paper audit trail component that corresponds to the voter's electronic vote and lists the contests on the ballot and the voter's selections for those contests. A paper record copy is not a ballot.

(f) "Parallel monitoring" means the testing of a randomly selected sampling of voting equipment on election day designed to simulate actual

election conditions to confirm that the system is registering votes accurately.

SEC. 5. Section 19255 is added to the Elections Code, to read:

(b) The results of the parallel monitoring shall be made available prior to the certification of the election.

SEC. 6. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 502

An act to amend Sections 10951 and 10960 of the Welfare and Institutions Code, relating to public social services.

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 10951 of the Welfare and Institutions Code is amended to read:

10951. (a) No person shall be entitled to a hearing pursuant to this chapter unless he or she files his or her request for the same within 90 days after the order or action complained of.

(b) (1) Notwithstanding subdivision (a), a person shall be entitled to a hearing pursuant to this chapter if he or she files the request more than 90 days after the order or action complained of and there is good cause for filing the request beyond the 90-day period. The director may determine whether good cause exists.

(2) For purposes of this subdivision "good cause" means a substantial and compelling reason beyond the party's control, considering the length of the delay, the diligence of the party making the request, and the potential prejudice to the other party. The inability of a person to understand an adequate and language compliant notice, in and of itself, shall not constitute good cause. In no event shall the department grant

a request for a hearing where the request is filed more than 180 days after the order or action complained of.

(3) Nothing in this section shall preclude the application of the principles of equity jurisdiction as otherwise provided by law.

(c) Notwithstanding the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code), the department shall implement this section through an all-county information notice no later than January 1, 2008. The department may also provide further instructions through training notes.

SEC. 2. Section 10960 of the Welfare and Institutions Code is amended to read:

10960. (a) Within 30 days after receiving the decision of the director, which is the proposed decision of an administrative law judge adopted by the director as final, a final decision rendered by an administrative law judge, or a decision issued by the director himself or herself, the affected county or applicant or recipient may file a request with the director for a rehearing. The director shall immediately serve a copy of the request on the other party to the hearing and that other party may within five days of the service file with the director a written statement supporting or objecting to the request. The director shall grant or deny the request no later than the 35th working day after the request is made to ensure the prompt and efficient administration of the hearing process. If the director grants the request, the rehearing shall be conducted in the same manner and subject to the same time limits as the original hearing.

(b) The grounds for requesting a rehearing are as follows:

(1) The adopted decision is inconsistent with the law.

(2) The adopted decision is not supported by the evidence in the record.

(3) The adopted decision is not supported by the findings.

(4) The adopted decision does not address all of the claims or issues raised by the parties.

(5) The adopted decision does not address all of the claims or issues supported by the record or evidence.

(6) The adopted decision does not set forth sufficient information to determine the basis for its legal conclusion.

(7) Newly discovered evidence, that was not in custody or available to the party requesting rehearing at the time of the hearing, is now available and the new evidence, had it been introduced, could have changed the hearing decision.

(8) For any other reason necessary to prevent the abuse of discretion or an error of law, or for any other reason consistent with the provisions of Section 1094.5 of the Code of Civil Procedure.

(c) The notice granting or denying the rehearing request shall explain the reasons and legal basis for granting or denying the request for rehearing.

(d) The decision of the director, which is the proposed decision of an administrative law judge adopted by the director as final, a final decision rendered by an administrative law judge, or a decision issued by the director himself or herself, remains final pending a request for a rehearing. Only after rehearing is granted is the decision no longer the final decision in the case.

(e) Notwithstanding any other provision of law, a rehearing request or decision shall not be a prerequisite to filing an action under Section 10962.

(f) (1) Notwithstanding subdivision (a), an applicant or recipient may otherwise be entitled to a rehearing pursuant to this chapter if he or she files a request more than 30 days after the decision of the director is issued, or if he or she did not receive a copy of the decision of the director, or if there is good cause for filing beyond the 30-day period. The director may determine whether good cause exists.

(2) For purposes of this subdivision "good cause" means a substantial and compelling reason beyond the party's control, considering the length of the delay, the diligence of the party making the request, and the potential prejudice to the other party. The inability of a person to understand an adequate and language compliant notice, in and of itself, shall not constitute good cause. In no event shall the department grant a request for a hearing where the request is filed more than 180 days after the order or action complained of.

(3) Nothing in this section shall preclude the application of the principles of equity jurisdiction as otherwise provided by law.

(g) Notwithstanding the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code), the department shall implement this section through an all-county information notice no later than January 1, 2008. The department may also provide further instructions through training notes.

CHAPTER 503

An act to amend Section 21157.7 of the Public Resources Code, relating to the environment.

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Numerous state and local laws regulate agricultural lands, wildlife habitat, wetlands, forests, cultural and historic resources, and other natural resources.

(b) When developing its projects, the Department of Transportation (department) is required to comply with many of these laws, some of which require mitigation for any adverse impact upon natural resources resulting from the development of a project or facility.

(c) The voters of California approved 42.7 billion dollars ($42,700,000,000) in general obligation bonds for capital improvements in November 2007.

(d) Subdivision (b) of Section 8879.23 of the Government Code, which is part of the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006 (Chapter 12.49 (commencing with Section 8879.20) of Division 1 of Title 2 of the Government Code) authorizes one billion dollars ($1,000,000,000) to be appropriated to the department for improvements to Highway 99.

(e) Those bond proceeds may be used for safety, operational enhancements, rehabilitation, or capacity improvements along the approximately 400-mile corridor in the central valley. Some of these activities will require environmental mitigation.

(f) The Governor's Executive Order S-02-07 directs all departments, boards, offices, commissions, and other entities of state government to be accountable for ensuring that bond proceeds are spent efficiently, effectively, and in the best interests of the people of the State of California.

(g) The same executive order directs state agencies and departments to cooperate in the implementation of the order.

(h) Identifying mitigation needs on a regional basis may expedite the planning and mitigation processes, as well as result ultimately in consolidated mitigation areas that can be managed more cost effectively.

(i) It is the intent of the Legislature in enacting this bill to provide authority to the department to improve the efficiency and effectiveness of meeting its mitigation responsibilities for Highway 99 improvements.

SEC. 2. Section 21157.7 of the Public Resources Code is amended to read:

21157.7. (a) For purposes of this section, a master environmental impact report is a document prepared in accordance with subdivision (c) for the projects described in subdivision (b) that, upon certification, is followed by review of subsequent projects as provided in Sections 21157.1 and 21157.5.

(b) A master environmental impact report may be prepared for a plan adopted by the Department of Transportation for improvements to regional segments of Highway 99 funded pursuant to subdivision (b) of Section 8879.23 of the Government Code, to streamline, coordinate, and improve environmental review.

(c) The report shall include all of the following:

(1) A detailed statement as required by Section 21100.

(2) A description of the anticipated highway improvements along Highway 99 that would be within the scope of the master environmental impact report, that contains sufficient information about all phases of the Highway 99 construction activities, including, but not limited to, all of the following:

(A) The specific types of improvements that will be undertaken.

(B) The anticipated location and alternative locations for any of the Highway 99 improvements, including overpasses, bridges, railroad crossings, and interchanges.

(C) A capital outlay or capital improvement program, or other scheduling or implementing device that governs the construction activities associated with the Highway 99 improvements.

(d) The Department of Transportation may communicate, coordinate, and consult with the Resources Agency, Wildlife Conservation Board, Department of Fish and Game, Department of Conservation, and other appropriate federal, state, or local governments, including interested stakeholders, to consider and implement mitigation requirements on a regional basis for the projects described in subdivision (b). This may include both of the following:

(1) Identification of priority areas for mitigation, using information from these agencies and departments as well as from other sources.

(2) Utilization of existing conservation programs of the agencies or departments identified in this subdivision, if mitigation under those programs for improvements under this section does not supplant mitigation for a project.

(e) The Department of Transportation may execute an agreement, memorandum of understanding, or other similar instrument to memorialize its understanding of any communication, coordination, or implementation activities with other state agencies for the purposes of meeting mitigation requirements on a regional basis.

(f) Notwithstanding any other provision of law, nothing in this section is intended to interfere with or prevent the existing authority of an agency or department to carry out its programs, projects, or responsibilities to identify, review, approve, deny, or implement any mitigation requirements, and nothing in this section shall be construed as a limitation

on mitigation requirements for the project, or a limitation on compliance with requirements under this division or any other provision of law.

(g) Notwithstanding Section 21157.6, the master environmental impact report shall not be used for the purposes of this section, if the certification of the master environmental impact report occurred more than seven years prior to the filing of an application for the subsequent project.

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 13107 of the Elections Code is amended to read:

(1) Words designating the elective city, county, district, state, or federal office which the candidate holds at the time of filing the nomination documents to which he or she was elected by vote of the people, or to which he or she was appointed, in the case of a superior court judge.

(2) The word "incumbent" if the candidate is a candidate for the same office which he or she holds at the time of filing the nomination papers,

and was elected to that office by a vote of the people, or, in the case of a superior court judge, was appointed to that office.

(3) No more than three words designating either the current principal professions, vocations, or occupations of the candidate, or the principal professions, vocations, or occupations of the candidate during the calendar year immediately preceding the filing of nomination documents. For purposes of this section, all California geographical names shall be considered to be one word. Hyphenated words that appear in any generally available standard reference dictionary, published in the United States at any time within the 10 calendar years immediately preceding the election for which the words are counted, shall be considered as one word. Each part of all other hyphenated words shall be counted as a separate word.

In either instance, the candidate may not use the unmodified word "incumbent" or any words designating the office unmodified by the word "appointed." However, the phrase "appointed incumbent" shall not be required of a candidate who seeks reelection to an office which he or she holds and to which he or she was appointed, as a nominated candidate, in lieu of an election, pursuant to Sections 5326 and 5328 of the Education Code or Section 7228, 7423, 7673, 10229, or 10515 of this code.

(2) It would suggest an evaluation of a candidate, such as outstanding, leading, expert, virtuous, or eminent.

(3) It abbreviates the word "retired" or places it following any word or words which it modifies.

(4) It uses a word or prefix, such as "former" or "ex-," which means a prior status. The only exception is the use of the word "retired."

(5) It uses the name of any political party, whether or not it has qualified for the ballot.

(6) It uses a word or words referring to a racial, religious, or ethnic group.

(7) It refers to any activity prohibited by law.

(c) If, upon checking the nomination documents and the ballot designation worksheet described in Section 13107.3, the elections official finds the designation to be in violation of any of the restrictions set forth in this section, the elections official shall notify the candidate by

registered or certified mail return receipt requested, addressed to the mailing address provided on the candidate's ballot designation worksheet.

(1) The candidate shall, within three days, excluding Saturday, Sunday, and state holidays, from the date he or she receives notice by registered or certified mail, or from the date the candidate receives actual notice of the violation, whichever occurs first, appear before the elections official or, in the case of the Secretary of State, notify the Secretary of State by telephone, and provide a designation that complies with subdivision (a).

(f) In all cases, the words so used shall be printed in 8-point roman uppercase and lowercase type except that, if the designation selected is so long that it would conflict with the space requirements of Sections 13207 and 13211, the elections official shall use a type size for the designation for each candidate for that office sufficiently smaller to meet these requirements.

(g) Whenever a foreign language translation of a candidate's designation is required under the Voting Rights Act of 1965 (42 U.S.C. Sec. 1971), as amended, to appear on the ballot in addition to the English language version, it shall be as short as possible, as consistent as is practicable with this section, and shall employ abbreviations and initials wherever possible in order to avoid undue length.

(5) The information in the possession of a provider of health care or health care service plan may be reviewed by a private or public body responsible for licensing or accrediting the provider of health care or health care service plan. prior written request and expense of the sponsor, insurer, or administrator for the purpose of evaluating the application for coverage or benefits.

(10) The information may be disclosed to a health care service plan by providers of health care that contract with the health care service plan and may be transferred among providers of health care that contract with the health care service plan, for the purpose of administering the health care service plan. Medical information may not otherwise be disclosed by a health care service plan except in accordance with the provisions of this part.

(11) Nothing in this part shall prevent the disclosure by a provider of health care or a health care service plan to an insurance institution, agent, or support organization, subject to Article 6.6 (commencing with Section 791) of Part 2 of Division 1 of the Insurance Code, of medical information if the insurance institution, agent, or support organization has complied with all requirements for obtaining the information pursuant to Article 6.6 (commencing with Section 791) of Part 2 of Division 1 of the Insurance Code.

(16) The information may be disclosed to a third party for purposes of encoding, encrypting, or otherwise anonymizing data. However, no information so disclosed shall be further disclosed by the recipient in

any way that would violate this part, including the unauthorized manipulation of coded or encrypted medical information that reveals individually identifiable medical information.

(17) For purposes of disease management programs and services as defined in Section 1399.901 of the Health and Safety Code, information may be disclosed as follows: (A) to an entity contracting with a health care service plan or the health care service plan's contractors to monitor or administer care of enrollees for a covered benefit, if the disease management services and care are authorized by a treating physician, or (B) to a disease management organization, as defined in Section 1399.900 of the Health and Safety Code, that complies fully with the physician authorization requirements of Section 1399.902 of the Health and Safety Code, if the health care service plan or its contractor provides or has provided a description of the disease management services to a treating physician or to the health care service plan's or contractor's network of physicians. 2290.5. (a) (1) For the purposes of this section, "telemedicine" means the practice of health care delivery, diagnosis, consultation, treatment, transfer of medical data, and education using interactive audio, video, or data communications. Neither a telephone conversation nor an electronic mail message between a health care practitioner and patient constitutes "telemedicine" for purposes of this section.

(2) For purposes of this section, "interactive" means an audio, video, or data communication involving a real time (synchronous) or near real time (asynchronous) two-way transfer of medical data and information.

(b) For the purposes of this section, "health care practitioner" has the same meaning as "licentiate" as defined in paragraph (2) of subdivision (a) of Section 805 and also includes a person licensed as an optometrist pursuant to Chapter 7 (commencing with Section 3000).

(c) Prior to the delivery of health care via telemedicine, the health care practitioner who has ultimate authority over the care or primary diagnosis of the patient shall obtain verbal and written informed consent from the patient or the patient's legal representative. The informed consent procedure shall ensure that at least all of the following information is given to the patient or the patient's legal representative verbally and in writing:

(1) The patient or the patient's legal representative retains the option to withhold or withdraw consent at any time without affecting the right to future care or treatment nor risking the loss or withdrawal of any program benefits to which the patient or the patient's legal representative would otherwise be entitled.

(2) A description of the potential risks, consequences, and benefits of telemedicine.

(3) All existing confidentiality protections apply.

(4) All existing laws regarding patient access to medical information and copies of medical records apply.

(5) Dissemination of any patient identifiable images or information from the telemedicine interaction to researchers or other entities shall not occur without the consent of the patient.

(d) A patient or the patient's legal representative shall sign a written statement prior to the delivery of health care via telemedicine, indicating that the patient or the patient's legal representative understands the written information provided pursuant to subdivision (a), and that this information has been discussed with the health care practitioner, or his or her designee.

(e) The written consent statement signed by the patient or the patient's legal representative shall become part of the patient's medical record.

(f) The failure of a health care practitioner to comply with this section shall constitute unprofessional conduct. Section 2314 shall not apply to this section.

(g) All existing laws regarding surrogate decisionmaking shall apply. For purposes of this section, "surrogate decisionmaking" means any decision made in the practice of medicine by a parent or legal representative for a minor or an incapacitated or incompetent individual.

(h) Except as provided in paragraph (3) of subdivision (c), this section shall not apply when the patient is not directly involved in the telemedicine interaction, for example when one health care practitioner consults with another health care practitioner.

(i) This section shall not apply in an emergency situation in which a patient is unable to give informed consent and the representative of that patient is not available in a timely manner.

(j) This section shall not apply to a patient under the jurisdiction of the Department of Corrections or any other correctional facility.

(k) This section shall not be construed to alter the scope of practice of any health care provider or authorize the delivery of health care services in a setting, or in a manner, not otherwise authorized by law.

This format shall be followed by all individuals, organizations, and groups who distribute applications for a vote by mail voter's ballot. The uniform format need not be utilized by elections officials in preparing a vote by mail voter's ballot application to be included with the sample ballot.

SEC. 20. Section 3007.5 of the Elections Code is amended to read:

3007.5. (a) The Secretary of State shall prepare and distribute to appropriate elections officials a uniform electronic application format for a vote by mail voter's ballot that conforms to this section.

(3) The name and date of the election for which the request is made.

(4) The date the application must be received by the elections official.

(5) The date of birth of the registered voter.

(c) The uniform electronic application shall inform the voter that if he or she is not affiliated with a political party, the voter may request a vote by mail ballot for a particular political party for the primary election, if that political party has adopted a party rule, duly noticed to the Secretary of State, authorizing that vote. The application shall contain a toll-free telephone number, established by the Secretary of State, that the voter may call to access information regarding which political parties have adopted such a rule. The application shall list the parties that have notified the Secretary of State of the adoption of such a rule. The

application shall contain a checkoff box with a conspicuously printed statement that reads, as follows: "I am not presently affiliated with any political party. However, for this primary election only, I request a vote by mail ballot for the ____ Party." The name of the political party shall be personally affixed by the voter.

(d) The uniform electronic application shall contain a conspicuously printed statement, as follows: "Only the registered voter himself or herself may apply for a vote by mail ballot. An application for a vote by mail ballot made by a person other than the registered voter is a criminal offense."

(e) The uniform electronic application shall include the following statement: "A ballot will not be sent to you if this application is incomplete or inaccurate."

(f) The uniform electronic application format shall not permit the form to be electronically submitted unless all of the information required to complete the application is contained in the appropriate fields.

SEC. 21. Section 3007.7 of the Elections Code is amended to read:

3007.7. (a) The local elections official may offer a voter the ability to electronically apply for a vote by mail voter's ballot. If the local elections official offers the uniform electronic application, the electronic application shall be in an interactive Internet format to be completed through the local elections official's secure Internet Web site and may not be a downloadable form. The nondownloadable form shall be of a format that would allow the registered voter making an application for a vote by mail voter's ballot to enter the required information and submit the single form directly to the elections official's secure Internet Web site. The local elections official shall make every effort to ensure the security of the submitted information.

(b) Upon receiving an electronic vote by mail ballot application that contains the required information within the proper time, the elections official shall check the information provided against the voter's information on file. If the elections official deems the applicant entitled to a vote by mail voter's ballot, the elections official shall deliver the appropriate vote by mail voter's ballot by mail or in person.

(c) If the elections official determines that an electronic vote by mail ballot application does not contain all of the required information, or for any other reason is defective, and the elections official is able to ascertain the voter's address, the elections official may not mail the voter a vote by mail voter's ballot, but shall mail the voter a notice of defect. The notice of defect shall do both of the following:

(1) Specifically inform the voter of the information that is required or the reason for the defect in the application.

(2) State the procedure necessary to remedy the defective application.

(d) An address, as required by paragraph (2) of subdivision (b) of Section 3007.5, may not be the address of any political party, a political campaign headquarters, or a candidate's residence. However, a candidate, his or her spouse, immediate family members, and any other voter who shares the same residence address as the candidate may request that a vote by mail ballot be mailed to the candidate's residence address.

(e) Except as provided in Section 3007.5 and this section, all other sections of this code pertaining to vote by mail voter applications, submissions, deadlines, and canvassing shall apply to electronic vote by mail ballot applications and applicants.

SEC. 22. Section 3008 of the Elections Code is amended to read:

3008. (a) Any individual, organization, or group that distributes applications for vote by mail voter ballots and receives completed application forms shall return the forms to the appropriate elections official within 72 hours of receiving the completed forms, or before the deadline for application, whichever is sooner. The name, address, and telephone number of any organization that authorizes the distribution of the applications shall be included on the application.

(b) Any application for a vote by mail voter's ballot that is sent by an individual, group, or organization to a voter shall be nonforwardable. Any vote by mail voter's ballot that is returned to an elections official as undeliverable shall not be forwarded by the elections official.

(c) A person may not submit a vote by mail ballot application electronically for another registered voter.

SEC. 23. Section 3009 of the Elections Code is amended to read:

3009. (a) Upon receipt of any vote by mail ballot application signed by the voter that arrives within the proper time, the elections official should determine if the signature and residence address on the ballot application appear to be the same as that on the original affidavit of registration. The elections official may make this signature check upon receiving the voted ballot, but the signature must be compared before the vote by mail voter ballot is canvassed.

(b) If the elections official deems the applicant entitled to a vote by mail voter's ballot he or she shall deliver by mail or in person the appropriate ballot. The ballot may be delivered to the applicant, his or her spouse, child, parent, grandparent, grandchild, or sibling, or a person residing in the same household as the vote by mail voter, except that in no case shall the ballot be delivered to an individual under 16 years of age. The elections official shall deliver the vote by mail ballot to the applicant's spouse, child, parent, grandparent, grandchild, or sibling, or a person residing in the same household as the vote by mail voter only if that person signs a statement attested to under penalty of perjury that provides the name of the applicant and his or her relationship to the

applicant, and affirms that he or she is 16 years of age or older, and is authorized by the applicant to deliver the vote by mail ballot.

(c) If the elections official determines that an application does not contain all of the information prescribed in Section 3001 or 3006, or for any other reason is defective, and the elections official is able to ascertain the voter's address, the elections official shall, within one working day of receiving the application, mail the voter a vote by mail voter's ballot together with a notice. The notice shall inform the voter that the voter's vote by mail voter's ballot shall not be counted unless the applicant provides the elections official with the missing information or corrects the defects prior to, or at the time of, receipt of the voter's executed vote by mail voter's ballot. The notice shall specifically inform the voter of the information that is required or the reason for the defects in the application, and shall state the procedure necessary to remedy the defective application.

If the voter substantially complies with the requirements contained in the elections official's notice, the voter's ballot shall be counted.

In determining from the records of registration if the signature and residence address on the application appear to be the same as that on the original affidavit of registration, the elections official or registrar of voters may use the duplicate file of affidavits of registered voters or the facsimiles of voter's signatures, provided that the method of preparing and displaying the facsimiles complies with law.

(c) If the elections official determines that more than one first-class stamp or the equivalent postage is required to return the absentee ballot, the elections official shall provide a notification to the voter of how

many first-class stamps or the equivalent postage is required. The notification shall consist of a notice printed on the identification envelope or an insert included with the ballot.

SEC. 25. Section 3012 of the Elections Code is amended to read:

3012. Whenever the elections official is required to mail a vote by mail voter's ballot to any elector and the address to which the ballot is to be mailed is a point outside the territorial limits of the United States, the elections official shall mail the vote by mail voter's ballot to the elector by airmail and, if under any law of the United States official election ballots may be mailed without the payment of postage, the elections official shall so mail them.

SEC. 26. Section 3013 of the Elections Code is amended to read:

3013. Upon delivering or mailing a vote by mail voter's ballot, the elections official shall enter on the application of the vote by mail voter, or on the affidavit of registration, the type of ballot and the date of delivering or mailing. by mail or in person to the elections official from whom it came or (2) return the ballot in person to any member of a precinct board at any polling place within the jurisdiction. However, a vote by mail voter who, because of illness or other physical disability, is unable to return the ballot, may designate his or her spouse, child, parent, grandparent, grandchild, brother, sister, or a person residing in the same household as the vote by mail voter to return the ballot to the elections official from whom it came or to the precinct board at any polling place within the jurisdiction. The ballot must, however, be received by either the elections official from whom it came or the precinct board before the close of the polls on election day.

(b) The elections official shall establish procedures to ensure the secrecy of any ballot returned to a precinct polling place and the security, confidentiality, and integrity of any personal information collected, stored, or otherwise used pursuant to this section.

(c) On or before March 1, 2008, the elections official shall establish procedures to track and confirm the receipt of voted vote by mail ballots and to make this information available by means of online access using the county's elections division Internet Web site. If the county does not have an elections division Internet Web site, the elections official shall establish a toll-free telephone number that may be used to confirm the date a voted vote by mail ballot was received.

(d) The provisions of this section are mandatory, not directory, and no ballot shall be counted if it is not delivered in compliance with this section.

(e) Notwithstanding subdivision (a), no vote by mail voter's ballot shall be returned by any paid or volunteer worker of any general purpose committee, controlled committee, independent expenditure committee, political party, candidate's campaign committee, or any other group or organization at whose behest the individual designated to return the ballot is performing a service. After marking the ballot, the absent voter shall do either of the following: (1) return the ballot by mail or in person to the elections official from whom it came or (2) return the ballot in person to any member of a precinct board at any polling place within the state. However, a vote by mail voter who, because of illness or other physical disability, is unable to return the ballot, may designate his or her spouse, child, parent, grandparent, grandchild, brother, sister, or a person residing in the same household as the vote by mail voter to return the ballot to the elections official who is issued the ballot or to

the precinct board at any polling place within the state. The ballot must, however, be received by either the elections official who issued the ballot or any precinct board in the state before the close of the polls on election day. In the case of a vote by mail ballot returned to a precinct board of a polling place located in a county other than the county of the elections official who issued the ballot, the elections official responsible for the polling place at which the ballot is returned shall forward the ballot to the elections official who issued the ballot.

(b) The elections official shall establish procedures to ensure the secrecy of any ballot returned to a precinct polling place and the security, confidentiality, and integrity of any personal information collected, stored, or otherwise used pursuant to this section.

(c) On or before March 1, 2008, the elections official shall establish procedures to track and confirm the receipt of voted vote by mail ballots and to make this information available by means of online access using the county's elections division Internet Web site. (d) The provisions of this section are mandatory, not directory, and no ballot shall be counted if it is not delivered in compliance with this section.

(e) Notwithstanding subdivision (a), no vote by mail voter's ballot shall be returned by any paid or volunteer worker of any general purpose committee, controlled committee, independent expenditure committee, political party, candidate's campaign committee, or any other group or organization at whose behest the individual designated to return the ballot is performing a service. However, this subdivision shall not apply to a candidate or a candidate's spouse.

SEC. 31. Section 3018 of the Elections Code is amended to read:

3018. (a) Any voter using a vote by mail ballot may, prior to the close of the polls on election day, vote the ballot at the office of the elections official. The voter shall vote the ballot in the presence of an officer of the elections official or in a voting booth, at the discretion of the elections official, but in no case may his or her vote be observed. Where voting machines are used the elections official may provide one voting machine for each ballot type used within the jurisdiction. Elections officials may provide electronic voting devices for this purpose provided that sufficient devices are provided to include all ballot types in the election.

(b) For purposes of this section, the office of an elections official may include satellite locations. Notice of the satellite locations shall be made by the elections official by the issuance of a general news release, issued

not later than 14 days prior to voting at the satellite location, except that in a county with a declared emergency or disaster, notice shall be made not later than 48 hours prior to voting at the satellite location. The news release shall set forth the following information:

(2) The dates and hours the satellite location or locations will be open.

(3) A telephone number that voters may use to obtain information regarding vote by mail ballots and the satellite locations.

(c) Vote by mail ballots voted at a satellite location pursuant to this section shall be placed in a vote by mail voter identification envelope to be completed by the voter pursuant to Section 3011. SEC. 32. Section 3019 of the Elections Code is amended to read:

3019. Upon receipt of the vote by mail ballot the elections official shall compare the signature on the envelope with that appearing on the affidavit of registration and, if they compare, deposit the ballot, still in the identification envelope, in a ballot container in his or her office. A variation of the signature caused by the substitution of initials for the first or middle name, or both, shall not invalidate the ballot. If the ballot is rejected because the signatures do not compare, the envelope shall not be opened and the ballot shall not be counted. The cause of the rejection shall be written on the face of the identification envelope.

If the elections official has compared the signature of the voter's application with the affidavit pursuant to Section 3009, the application may be used rather than the affidavit to make the signature check required by this section.

No ballot shall be removed from its identification envelope until the time for processing. No ballot shall be rejected for cause after the envelope has been opened.

In determining from the records of registration if the signature and residence address on the identification envelope appear to be the same as that on the affidavit of registration, the elections official or registrar of voters may use the duplicate file of affidavits of registered voters or the facsimiles of voters' signatures, provided that the method of preparing and displaying the facsimiles complies with the law.

This written statement shall not be required if the vote by mail ballot is voted in the office of the elections official as defined by subdivision (b) of Section 3018, at the time of the request. This ballot shall be delivered by the elections official to any authorized representative of the voter who presents this written statement to the elections official.

Before delivering the ballot the elections official may compare the signature on the request with the signature on the voter's affidavit of registration, but in any event, the signature shall be compared before the vote by mail ballot is canvassed.

The voter shall mark the ballot, place it in the identification envelope, fill out and sign the envelope and return the ballot, personally or through the authorized representative, to either the elections official or any polling place within the jurisdiction.

These ballots shall be processed and counted in the same manner as other vote by mail ballots.

SEC. 35. Section 3022 of the Elections Code is amended to read:

3022. The elections official shall include with the sample ballot an application for a vote by mail ballot.

The application must be completed

by the voter and must contain the voter's name, residence address for voting purposes, the address to which the ballot is to be sent, the voter's political party for a primary election, and the voter's signature.

If the applicant is not a resident of the county to which he or she has applied, the elections official receiving the application shall forward it immediately to the proper county.

SEC. 38. Section 3101 of the Elections Code is amended to read:

3101. Upon timely receipt of the application for a vote by mail ballot, the elections official shall examine the application to ascertain that it is properly executed in accordance with this code. If the elections official is satisfied of this fact, the applicant shall be deemed a duly registered voter as of the date appearing on the application to the same extent and with the same effect as though he or she had registered in proper time prior to the election.

YOUR BALLOT CANNOT BE COUNTED UNLESS YOU SIGN THE ABOVE OATH AND INCLUDE IT WITH YOUR BALLOT AND IDENTIFICATION ENVELOPE, ALL OF WHICH ARE RETURNED BY FACSIMILE TRANSMISSION.

(2) Notwithstanding the voter's waiver of the right to a secret ballot, each elections official shall adopt appropriate procedures to protect the secrecy of ballots returned by facsimile transmission.

(3) Upon receipt of a ballot returned by facsimile transmission, the elections official shall determine the voter's eligibility to vote by comparing the signature on the return information with the signature on the voter's affidavit of registration. The ballot shall be duplicated and all materials preserved according to procedures set forth in this code.

(4) Notwithstanding paragraph (1), a special absentee voter who is permitted to return his or her ballot by facsimile transmission is, nonetheless, encouraged to return his or her ballot by mail or in person if possible. (e) The Secretary of State may adopt appropriate regulations for purposes of ensuring the uniform application of this section.

(f) This section shall apply to any vote by mail voter described by Section 3015 who is unable to surrender his or her unvoted vote by mail voter's ballot.

Using the procedures that apply to the comparison of signatures on vote by mail ballots, the elections official shall compare the signature on each provisional ballot envelope with the signature on the voter's affidavit of registration. If the signatures do not compare, the ballot shall be rejected. Sec. 402), deposit in the United States mail of a notice that the requested transfer has been made constitutes a refund of the nonmember spouse's accumulated retirement contributions as defined in Section 22161.5 or the return of the accumulated Defined Benefit Supplement account balance.

(e) The nonmember spouse is deemed to have permanently waived all rights and benefits pertaining to the service credit, accumulated retirement contributions, and accumulated Defined Benefit Supplement account balance under this part when the refund and lump-sum payment become effective.

(f) The nonmember spouse may not cancel a refund or lump-sum payment under this part after it is effective.

(g) The nonmember spouse shall not have a right to elect to redeposit the refunded accumulated retirement contributions under this part after the refund is effective, to redeposit under Section 22662 or purchase additional service credit under Section 22663 after the refund becomes effective, or to redeposit the accumulated Defined Benefit Supplement account balance after the lump-sum payment becomes effective.

(h) If the total service credit in the separate account of the nonmember spouse under the Defined Benefit Program, including service credit purchased under Sections 22662 and 22663, is less than two and one-half years, the board shall refund the accumulated retirement contributions in the account.

(b) The amount of compensation that is taken into account in computing benefits under this part for a plan year shall not exceed the annual compensation limit applicable to that plan year in accordance with Section 401(a)(17) of Title 26 of the United States Code as that section read on the effective date of this section and as that section may be amended after that date. The determination of compensation for a 12-month period shall be subject to the annual compensation limit in effect for the calendar year in which the 12-month period begins. In a determination of average compensation over more than one 12-month period, the amount of compensation taken into account for each 12-month period shall be subject to the respective annual compensation limit applicable to that period.

(1) In the case of a lump-sum distribution of a retirement benefit, disability benefit, or termination benefit, the lump-sum payment shall be made not later than April 1 of the calendar year following the later of (A) the calendar year in which the participant attains the age at which the Internal Revenue Code of 1986 requires a distribution of benefits or (B) the calendar year in which the participant terminates all employment subject to coverage by the plan.

(2) In the case of a retirement benefit or disability benefit that is to be paid in the form of an annuity, payment of the annuity shall begin not later than April 1 of the calendar year following the later of (A) the calendar year in which the participant attains the age at which the Internal Revenue Code of 1986 requires a distribution of benefits or (B) the calendar year in which the participant terminates employment in all positions subject to coverage by the plan, with the annuity to continue over the life of the participant or the life of the participant and the participant's option beneficiary, or over a period not to exceed the life expectancy of the participant or the life expectancy of the participant and the participant's option beneficiary.

(3) In the case of a death benefit, distributions shall commence no later than the date provided in Section 27001.

(d) If a person becomes entitled to a distribution from the plan under this part that constitutes an eligible rollover distribution within the meaning of Section 401(a)(31) of Title 26 of the United States Code, the person may elect under terms and conditions established by the board to have the distribution or a portion thereof paid directly to a plan that constitutes an eligible retirement plan within the meaning of Section 401(a)(31), as specified by that person. Upon the exercise of the election by a person with respect to a distribution or a portion thereof, the distribution from the plan of the amount so designated, once distributable under the terms of the plan, shall be made in the form of a direct rollover to the eligible retirement plan so specified.

(e) The amount of any benefit from the plan under this part that is determined on the basis of actuarial assumptions shall be based on actuarial assumptions adopted by the board pursuant to Section 26213 as a plan amendment with respect to the Cash Balance Benefit Program and those assumptions shall preclude employer discretion and comply with Section 401(a)(25) of Title 26 of the United States Code.

SEC. 5. Section 27406 of the Education Code is amended to read:

CHAPTER 514

An act to amend Sections 32000.5 and 34501.12 of, and to add Section 35780.5 to, the Vehicle Code, relating to vehicles.

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 32000.5 of the Vehicle Code is amended to read:

32000.5. (a) Every motor carrier who directs the transportation of an explosive and any motor carrier who directs the transportation of a hazardous material, who is required to display placards pursuant to Section 27903, and every motor carrier who transports for a fee in excess of 500 pounds of hazardous materials of the type requiring placards pursuant to Section 27903, shall be licensed in accordance with the provisions of this code, unless specifically exempted by this code or regulations adopted pursuant to this code. This license shall be available for examination and shall be displayed in accordance with the regulations adopted by the commissioner.

(b) (1) Except as provided in Section 32001, this division shall not apply to any person hauling only hazardous waste, as defined in Section 25115 or 25117 of the Health and Safety Code, and who is registered pursuant to subdivision (a) of Section 25163 of the Health and Safety Code or who is exempt from that registration pursuant to subdivision (b) of that section.

(2) Motor carriers that are transporting a hazardous waste and are required to display placards pursuant to Section 27903 shall comply with all provisions of Section 32001 except paragraph (3) of subdivision (c) of that section.

(c) This division does not apply to implements of husbandry, as defined in Section 36000.

(d) This division does not apply to the hauling of division 1.3 explosives classified as special fireworks or to division 1.4 explosives classified as common fireworks by the United States Department of Transportation if those fireworks are transported by a motor carrier under the authority of, and in conformance with, a license issued to the motor carrier by the State Fire Marshal pursuant to Part 2 (commencing with Section 12500) of Division 11 of the Health and Safety Code. In that case, a copy of the license shall be carried in the vehicle and presented to any peace officer upon request.

(e) (1) The department shall not issue a license to transport hazardous materials to a motor carrier unless each terminal from which hazardous materials carrying vehicles are operated is in compliance with the requirements of Section 34501.12 and is currently rated satisfactory.

(2) The department shall adopt rules and regulations that provide for a temporary license to transport hazardous materials for carriers who, within the previous three years, have not been issued an unsatisfactory rating for an inspection conducted pursuant to Section 34501, 34501.12, or 34520.

(3) It is the intent of the Legislature that a carrier's license to transport hazardous materials should not be unreasonably hindered as a result of the department's verification and issuance process.

SEC. 2. Section 34501.12 of the Vehicle Code is amended to read:

34501.12. (a) Notwithstanding Section 408, as used in this section and Sections 34505.5 and 34505.6, "motor carrier" means the registered owner of a vehicle described in subdivision (a), (b), (e), (f), or (g) of Section 34500, except in the following circumstances:

(1) The registered owner leases the vehicle to another person for a term of more than four months. If the lease is for more than four months, the lessee is the motor carrier.

(2) The registered owner operates the vehicle exclusively under the authority and direction of another person. If the operation is exclusively under the authority and direction of another person, that other person may assume the responsibilities as the motor carrier. If not so assumed, the registered owner is the motor carrier. A person who assumes the motor carrier responsibilities of another pursuant to subdivision (b) shall provide to that other person whose motor carrier responsibility is so assumed, a completed copy of a departmental form documenting that assumption, stating the period for which responsibility is assumed, and signed by an agent of the assuming person. A legible copy shall be carried in each vehicle or combination of vehicles operated on the highway during the period for which responsibility is assumed. That copy shall be presented upon request by an authorized employee of the department. The original completed departmental form documenting the assumption shall be provided to the department within 30 days of the assumption. If the assumption of responsibility is terminated, the person who had assumed responsibility shall so notify the department in writing within 30 days of the termination.

(b) (1) A motor carrier may combine two or more terminals that are not subject to an unsatisfactory compliance rating within the last 36 months for purposes of the inspection required by subdivision (d), subject to all of the following conditions:

(A) The carrier identifies to the department, in writing, each terminal proposed to be included in the combination of terminals for purposes of this subdivision prior to an inspection of the designated terminal pursuant to subdivision (d).

(B) The carrier provides the department, prior to the inspection of the designated terminal pursuant to subdivision (d), a written listing of all its vehicles of a type subject to subdivision (a), (b), (e), (f), or (g) of Section 34500 that are based at each of the terminals combined for purposes of this subdivision. The listing shall specify the number of vehicles of each type at each terminal.

(C) The carrier provides to the department at the designated terminal during the inspection all maintenance records and driver records and a representative sample of vehicles based at each of the terminals included within the combination of terminals.

(2) If the carrier fails to provide the maintenance records, driver records, and representative sample of vehicles pursuant to subparagraph (C) of paragraph (1), the department shall assign the carrier an unsatisfactory terminal rating and require a reinspection to be conducted pursuant to subdivision (h).

(3) For purposes of this subdivision, the following terms have the following meanings:

(A) "Driver records" includes pull notice system records, driver proficiency records, and driver timekeeping records.

(B) "Maintenance records" includes all required maintenance, lubrication, and repair records and drivers' daily vehicle condition reports.

(C) "Representative sample" means the following, applied separately to the carrier's fleet of motortrucks and truck tractors and its fleet of trailers:

Fleet Size	Representative Sample
1 or 2	All
3 to 8	3
9 to 15	4
16 to 25	6
26 to 50	9
51 to 90	14
91 or more	20

(c) Each motor carrier who, in this state, directs the operation of, or maintains, a vehicle of a type described in subdivision (a) shall designate one or more terminals, as defined in Section 34515, in this state where

vehicles can be inspected by the department pursuant to paragraph (4) of subdivision (a) of Section 34501 and where vehicle inspection and maintenance records and driver records will be made available for inspection.

(d) (1) The department shall inspect, at least every 25 months, every terminal, as defined in Section 34515, of a motor carrier who, at any time, operates a vehicle described in subdivision (a).

(2) The department shall place an inspection priority on those terminals operating vehicles listed in subdivision (g) of Section 34500.

(3) As used in this section and in Sections 34505.5 and 34505.6, subdivision (f) of Section 34500 includes only those combinations where the gross vehicle weight rating (GVWR) of the towing vehicle exceeds 10,000 pounds, but does not include a pickup truck, and subdivision (g) of Section 34500 includes only those vehicles transporting hazardous material for which the display of placards is required pursuant to Section 27903, a license is required pursuant to Section 32000.5, or for which hazardous waste transporter registration is required pursuant to Section 25163 of the Health and Safety Code. Historical vehicles, as described in Section 5004, vehicles that display special identification plates in accordance with Section 5011, implements of husbandry and farm vehicles, as defined in Chapter 1 (commencing with Section 36000) of Division 16, and vehicles owned or operated by an agency of the federal government are not subject to this section or to Sections 34505.5 and 34505.6.

(e) (1) It is the responsibility of the motor carrier to schedule with the department the inspection required by subdivision (d). The motor carrier shall submit an application form supplied by the department, accompanied by the required fee contained in paragraph (2), for each terminal the motor carrier operates. This fee shall be submitted within 30 days of establishing a terminal. All fees submitted under paragraph (2) are nonrefundable.

(2) (A) The fee for each terminal is set forth in the following table:

Terminal fleet size	Required fee per terminal
1	$ 270
2	$ 375
3 to 8	$ 510
9 to 15	$ 615
16 to 25	$ 800
26 to 50	$1,040
51 to 90	$1,165
91 or more	$1,870

(B) In addition to the fee specified in subparagraph (A), the motor carrier shall submit an additional fee of three hundred fifty dollars ($350) for each of its terminals not previously inspected under the section.

(3) Except as provided in paragraph (5), the inspection term for each inspected terminal of a motor carrier shall expire 25 months from the date the terminal receives a satisfactory compliance rating, as specified in subdivision (h). Applications and fees for subsequent inspections shall be submitted not earlier than nine months and not later than seven months before the expiration of the motor carrier's then current inspection term. If the motor carrier has submitted the inspection application and the required accompanying fees, but the department is unable to complete the inspection within the 25-month inspection period, then no additional fee shall be required for the inspection requested in the original application.

(4) All fees collected pursuant to this subdivision shall be deposited in the Motor Vehicle Account in the State Transportation Fund. An amount equal to the fees collected shall be available for appropriation by the Legislature from the Motor Vehicle Account to the department for the purpose of conducting truck terminal inspections and for the additional roadside safety inspections required by Section 34514.

(5) To avoid the scheduling of a renewal terminal inspection pursuant to this section during a carrier's seasonal peak business periods, the current inspection term of a terminal that has paid all required fees and has been rated satisfactory in its last inspection may be reduced by not more than nine months if a written request is submitted by the carrier to the department at least four months prior to the desired inspection month, or at the time of payment of renewal inspection fees in compliance with paragraph (3), whichever date is earlier. A motor carrier may request this adjustment of the inspection term during any inspection cycle. A request made pursuant to this paragraph shall not result in a fee proration and does not relieve the carrier from the requirements of paragraph (3).

(6) Failure to pay a fee required by this section, within the appropriate timeframe, shall result in additional delinquent fees as follows:

(A) For a delinquency period of more than 30 days, the penalty is 60 percent of the required fee.

(B) For a delinquency period of one to two years, the penalty is 80 percent of the required fee.

(C) For a delinquency period of more than two years, the penalty is 160 percent of the required fee.

(7) Federal, state, and local public entities are exempt from the fee requirement of this section.

(f) It is unlawful for a motor carrier to operate a vehicle subject to this section without having submitted an inspection application and the required fees to the department as required by subdivision (e) or (h).

(g) (1) It is unlawful for a motor carrier to operate a vehicle subject to this section after submitting an inspection application to the department, without the inspection described in subdivision (d) having been performed and a safety compliance report having been issued to the motor carrier within the 25-month inspection period or within 60 days immediately preceding the inspection period.

(2) It is unlawful for a motor carrier to contract or subcontract with, or otherwise engage the services of, another motor carrier, subject to this section, unless the contracted motor carrier has complied with this section. A motor carrier shall not contract or subcontract with, or otherwise engage the services of, another motor carrier until the contracted motor carrier provides certification of compliance with this section. This certification shall be completed in writing by the contracted motor carrier. The certification, or a copy thereof, shall be maintained by each involved party for the duration of the contract or the period of service plus two years, and shall be presented for inspection immediately upon the request of an authorized employee of the department.

(h) (1) An inspected terminal that receives an unsatisfactory compliance rating shall be reinspected within 120 days after the issuance of the unsatisfactory compliance rating.

(2) A terminal's first required reinspection under this subdivision shall be without charge unless one or more of the following is established:

(A) The motor carrier's operation presented an imminent danger to public safety.

(B) The motor carrier was not in compliance with the requirement to enroll all drivers in the pull notice program pursuant to Section 1808.1.

(C) The motor carrier failed to provide all required records and vehicles for a consolidated inspection pursuant to subdivision (b).

(3) If the unsatisfactory rating was assigned for any of the reasons set forth in paragraph (2), the carrier shall submit the required fee as provided in paragraph (4).

(4) Applications for reinspection pursuant to paragraph (3) or for second and subsequent consecutive reinspections under this subdivision shall be accompanied by the fee specified in paragraph (2) of subdivision (e) and shall be filed within 60 days of issuance of the unsatisfactory compliance rating. The reinspection fee is nonrefundable.

(5) When a motor carrier's Motor Carrier of Property Permit or Public Utilities Commission operating authority is suspended as a result of an unsatisfactory compliance rating, the department shall not conduct a reinspection for permit or authority reinstatement until requested to do

so by the Department of Motor Vehicles or the Public Utilities Commission, as appropriate.

(i) It is the intent of the Legislature that the department make its best efforts to inspect terminals within the resources provided. In the interest of the state, the Commissioner of the California Highway Patrol may extend for a period, not to exceed six months, the inspection terms beginning prior to July 1, 1990.

(j) Except as provided in paragraph (5), to encourage motor carriers to attain continuous satisfactory compliance ratings, the department may establish and implement an incentive program consisting of the following:

(1) After the second consecutive satisfactory compliance rating assigned to a motor carrier terminal as a result of an inspection conducted pursuant to subdivision (d), and after each consecutive satisfactory compliance rating thereafter, an appropriate certificate, denoting the number of consecutive satisfactory ratings, shall be awarded to the terminal, unless the terminal has received an unsatisfactory compliance rating as a result of an inspection conducted in the interim between the consecutive inspections conducted under subdivision (d), or the motor carrier is rated unsatisfactory by the department following a controlled substances and alcohol testing program inspection. The certificate authorized under this paragraph shall not be awarded for performance in the administrative review authorized under paragraph (2). However, the certificate shall include a reference to any administrative reviews conducted during the period of consecutive satisfactory compliance ratings.

(2) Unless the department's evaluation of the motor carrier's safety record indicates a declining level of compliance, a terminal that has attained two consecutive satisfactory compliance ratings assigned following inspections conducted pursuant to subdivision (d) is eligible for an administrative review in lieu of the next required inspection, unless the terminal has received an unsatisfactory compliance rating as a result of an inspection conducted in the interim between the consecutive inspections conducted under subdivision (d). An administrative review shall consist of all of the following:

(A) A signed request by a terminal management representative requesting the administrative review in lieu of the required inspection containing a promise to continue to maintain a satisfactory level of compliance for the next 25-month inspection term.

(B) A review with a terminal management representative of the carrier's record as contained in the department's files. If a terminal has been authorized a second consecutive administrative review, the review required under this subparagraph is optional, and may be omitted at the carrier's request.

(C) Absent any cogent reasons to the contrary, upon completion of the requirements of subparagraphs (A) and (B), the safety compliance rating assigned during the last required inspection shall be extended for 25 months.

(3) Not more than two administrative reviews may be conducted consecutively. At the completion of the 25-month inspection term following a second administrative review, a terminal inspection shall be conducted pursuant to subdivision (d). If this inspection results in a satisfactory compliance rating, the terminal shall again be eligible for an administrative review in lieu of the next required inspection. If the succession of satisfactory ratings is interrupted by a rating of other than satisfactory, irrespective of the reason for the inspection, the terminal shall again attain two consecutive satisfactory ratings to become eligible for an administrative review.

(4) As a condition for receiving the administrative reviews authorized under this subdivision in lieu of inspections, and in order to ensure that compliance levels remain satisfactory, the motor carrier shall agree to accept random, unannounced inspections by the department.

(5) Notwithstanding paragraphs (1) to (4), inclusive, a motor carrier of hazardous materials shall not be granted administrative review pursuant to this subdivision in lieu of a terminal inspection pursuant to subdivision (d) at any terminal from which hazardous materials carrying vehicles identified by paragraph (3) of subdivision (d) are operated.

(k) This section shall be known and may be cited as the Biennial Inspection of Terminals Program or BIT.

SEC. 3. Section 35780.5 is added to the Vehicle Code, to read:

35780.5. (a) Notwithstanding Section 320.5, the Department of Transportation or a local authority, with respect to highways under their respective jurisdictions, may, upon application, issue a special permit authorizing the applicant to operate or move a vehicle carrying a load, lying in the horizontal position, of stacked trusses or wall panels that are used as single width components in the manufacture of a finished product, that exceeds the maximum width specified by this code, if the load does not exceed 12 feet in width and the permittee complies with the regulations of the Department of Transportation or a local authority, as the case may be, governing the transportation of these loads.

(b) Under conditions prescribed by the Department of Transportation or the local authority, the Department of Transportation or local authority may accept applications and issue permits directly to an applicant or permit service, by any of the following processes:

(1) In writing.

(2) By an authorized facsimile process.

(3) Through an authorized computer and modem connection.

(c) The special permit allowed pursuant to this section shall, under conditions prescribed by the Department of Transportation or a local authority, be granted on either a per trip or annual basis.

(d) As used in this section, "truss" means a designed and manufactured assemblage of structural elements typically arranged in a triangle or combination of triangles to form a rigid framework and used as a structural support in buildings.

(e) As used in this section, "wall panel" means a designed and manufactured assemblage of structural elements constructed in the same manner as site-built walls to form a rigid framework and used as a structural support in buildings, which may have attached various types of sheathing products including wood structural panels, foam panels, and gypsum board that do not exceed more than one foot beyond the main structural elements.

The people of the State of California do enact as follows:

SECTION 1. Section 13102 of the Elections Code is amended to read:

(b) At partisan primary elections, each voter not registered as intending to affiliate with any one of the political parties participating in the election shall be furnished only a nonpartisan ballot, unless he or she requests a ballot of a political party and that political party, by party rule duly noticed to the Secretary of State, authorizes a person who has declined to state a party affiliation to vote the ballot of that political party. The nonpartisan ballot shall contain only the names of all candidates for nonpartisan offices and measures to be voted for at the primary election. (c) A political party may adopt a party rule in accordance with subdivision (b) that authorizes a person who has declined to state a party affiliation to vote the ballot of that political party at the next ensuing partisan primary election. The political party shall notify the party chair immediately upon adoption of that party rule. The party chair shall provide written notice of the adoption of that rule to the Secretary of State not later than the 135th day prior to the partisan primary election at which the vote is authorized.

(d) The county elections official shall maintain a record of which political party's ballot was requested pursuant to subdivision (b), or whether a nonpartisan ballot was requested, by each person who declined to state a party affiliation. The record shall be made available to any person or committee who is authorized to receive copies of the printed indexes of registration for primary and general elections pursuant to Section 2184. SEC. 2. Section 15375 of the Elections Code is amended to read:

(e) All statewide measures.

(f) The total number of ballots cast.

SEC. 3. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 516

An act to add and repeal Article 8 (commencing with Section 1627) of Chapter 4 of Division 2 of the Health and Safety Code, relating to umbilical cord blood banking.

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) (1) The blood left in the umbilical cord after a baby has been delivered is a rich source of stem cells known as Hematopoietic progenitor cells (HPCs) that can be used for transplants for over 70 conditions. These disorders and diseases include all of the following:

(A) Blood cancers such as leukemia, myeloma, and lymphoma.

(B) Immunodeficiencies and genetic diseases, including sickle cell anemia, thalassemia, inherited marrow failure disorders.

(C) Inherited disorders or errors of metabolisms.

(2) Research is underway to study how HPCs can be applied to additional conditions. While stem cells from bone marrow have typically been used for stem cell transplants, umbilical cord blood stem cells have significant advantages over bone marrow.

(b) Umbilical cord blood is typically discarded after a birth. In the last two decades, since determining the viability of using this blood as a source for stem cell transplants, umbilical cord blood began to be banked for future use. Major authorities on the subject, including the Institute of Medicine of the National Academies, the American Academy of Pediatrics, and the American College of Obstetricians and Gynecologists, have stated that the most effective use of umbilical cord blood is to publicly bank this blood so that it can be entered in a national registry, such as the National Marrow Donor Program, to be available for anyone in need.

(c) Efforts are already under way to increase our national inventory. As of 2007, over 50,000 usable units of umbilical cord blood are in

registered inventories. The Institute of Medicine of the National Academies published a roadmap in 2005 to building the inventory, "Cord Blood – Establishing a National Hematopoietic Stem Cell Bank Program" calling for an increase in both the size and the genetic diversity of our inventory. If the inventory is genetically diverse, based on racial and ethnic backgrounds, an inventory with as few as 300,000 units could match almost all in need. With more than 550,000 births a year in California, 300,000 units should not be an insurmountable goal.

(d) Federal legislation (H.R. 2520 – 2005) was enacted to support these efforts. Grants were authorized to six entities, including one bank in California, to build the national inventory with a goal of obtaining an additional 150,000 units. It is the intent of this Legislature to enhance national efforts by adding an increased number of units from California. The more the inventory mirrors the genetic makeup of our state's population, the greater the chance our citizens will find a match when they are in need. Every year tens of thousands of Californians needlessly suffer and die from lack of stem cell transplants due to failure to obtain a tissue match.

(e) The greatest challenge is not a lack of potential supply of umbilical cord blood, but rather determining which blood is needed to diversify the inventory and how to target those populations. In 2006, the Institute of Medicine cited a cost of $1,500 to collect, test, and store each unit, and of $500 per collected, but ultimately discarded, unit. Discarded units can be used for research on other potential uses. Collections must be strategic and selective, as there is limited banking capacity, and not everyone who wants to donate will be able to donate.

(f) As part of each contract or grant, the bank shall demonstrate plans to target populations for education and awareness about public banking of umbilical cord blood.

SEC. 2. Article 8 (commencing with Section 1627) is added to Chapter 4 of Division 2 of the Health and Safety Code, to read:

Article 8. Umbilical Cord Blood Program

1627. (a) On or before January 1, 2010, the State Department of Public Health shall establish the Umbilical Cord Blood Collection Program for the purpose of increasing the inventory of umbilical cord blood donated from Californians which will be part of the national umbilical cord blood inventory. Units collected shall be entered into a national registry and made available to the public for purposes of human stem cell transplant. Units collected but unusable for transplant may be made available for research to further the understanding of the use of umbilical cord blood as tissue to treat human diseases.

(b) When umbilical cord blood is used for research, research protocols shall be approved by the Committee for the Protection of Human Subjects or an institutional review board, as defined in subdivision (e) of Section 125330.

(c) All blood collected for either transplant or research shall follow all applicable law and guidelines applicable to donor confidentiality and security of donor information. All information collected shall be confidential and shall be used solely for the purposes of the program.

1628. (a) To the extent public or private funds or grants are identified and secured for these purposes, the Umbilical Cord Blood Collection Program may identify and provide funds for grants or contracts with qualified umbilical cord blood banks, licensed or accredited pursuant to Section 1604.6, for the purposes of collecting and storing genetically diverse umbilical cord blood for public transplantation purposes.

(b) No state funds, unless specifically appropriated for this purpose, shall be used for implementation of this section. Any funds made available for purposes of this article shall be deposited into the Umbilical Cord Blood Collection Program Fund, which is hereby created in the General Fund. Moneys in the fund shall be available, upon appropriation by the Legislature, for purposes of this article. The fund shall include any federal, state, and private funds made available for purposes of the program, and, notwithstanding Section 16305.7 of the Government Code, any interest earned on moneys in the fund.

1629. In implementing the program, the department shall make every effort to avoid duplication or conflicts with existing and ongoing programs and to leverage existing resources.

1630. This article shall remain in effect only until January 1, 2015, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2015, deletes or extends that date.

SEC. 3. This act shall only become operative if Senate Bill 962 of the 2007–08 Regular Session, is enacted and becomes operative.

CHAPTER 517

An act to amend Section 123371 of, and to add Section 124991 to, the Health and Safety Code, relating to umbilical cord blood.

[Approved by Governor October 11, 2007. Filed with Secretary of State October 11, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the removal and discarding of umbilical cord blood from a pregnant woman at the time of birth delivery, without the understanding and approval of the expectant families, is a growing concern to the people of this state.

SEC. 2. Section 123371 of the Health and Safety Code is amended to read:

123371. (a) (1) The State Department of Public Health shall develop standardized, objective information about umbilical cord blood donation that is sufficient to allow a pregnant woman to make an informed decision on whether to participate in a private or public umbilical cord blood banking program. The information developed by the department shall enable a pregnant woman to be informed of her option to do any of the following:

(A) Discard umbilical cord blood.

(B) Donate umbilical cord blood to a public umbilical cord blood bank.

(C) Store the umbilical cord blood in a family umbilical cord blood bank for the use by immediate and extended family members.

(D) Donate umbilical cord blood to research.

(2) The information developed pursuant to paragraph (1) shall include, but not be limited to, all of the following:

(A) The current and potential future medical uses of stored umbilical cord blood.

(B) The benefits and risks involved in umbilical cord blood banking.

(C) The medical process involved in umbilical cord blood banking.

(D) Medical or family history criteria that can impact a family's consideration of umbilical cord banking.

(E) An explanation of the differences between public and private umbilical cord blood banking.

(F) The availability and costs of public or private umbilical cord blood banks.

(G) Medical or family history criteria that can impact a family's consideration of umbilical cord blood banking.

(H) An explanation that the practices and policies of blood banks may vary with respect to accreditation, cord blood processing and storage methods, costs, and donor privacy.

(I) An explanation that pregnant women are not required to donate their umbilical cord blood for research purposes.

(b) The information provided by the department pursuant to subdivision (a) shall be made available in Cantonese, English, Spanish, and Vietnamese, and shall be updated by the department as needed.

(c) The information provided by the department pursuant to subdivision (a) shall be made available on the Internet Web sites of the licensing boards that have oversight over primary prenatal care providers.

(d) (1) A primary prenatal care provider of a woman who is known to be pregnant may, during the first prenatal visit, provide the information required by subdivision (a) to the pregnant woman.

(2) For purposes of this article, a "prenatal care provider" means a health care provider licensed pursuant to Division 2 (commencing with Section 500) of the Business and Professions Code, or pursuant to an initiative act referred to in that division, who provides prenatal medical care within his or her scope of practice.

(e) The department shall only implement this article upon a determination by the Director of Finance, that sufficient private donations have been collected and deposited into the Umbilical Cord Blood Education Account, which is hereby created in the State Treasury. The moneys in the account shall be available, upon appropriation by the Legislature, for the purposes of this article. No public funds shall be used to implement this article. If sufficient funds are collected and deposited into the account, the Director of Finance shall file a written notice thereof with the Secretary of State.

SEC. 3. Section 124991 is added to the Health and Safety Code, to read:

124991. (a) (1) The State Department of Public Health shall provide any umbilical cord blood samples it receives pursuant to Section 123371 to the Birth Defects Monitoring Program for storage and research. In administering this section the department shall ensure that the Birth Defects Monitoring Program meets at least one of the following conditions:

(A) The fees paid by researchers, investigators, and health care services providers pursuant to subdivision (c) shall be used to cover the cost of collecting and storing blood, including umbilical cord blood.

(C) The department receives federal grant moneys to pay for initial startup costs for the collection and storage of umbilical cord blood samples.

(2) The department may limit the number of units the program collects each year.

(b) (1) All information relating to umbilical cord blood samples collected and utilized by the Birth Defects Monitoring Program shall be

confidential, and shall be used solely for the purposes of the program. Access to confidential information shall be limited to authorized persons who agree, in writing, to maintain the confidentiality of that information.

(2) The department shall maintain an accurate record of all persons who are given confidential information pursuant to this section, and any disclosure of confidential information shall be made only upon written agreement that the information will be kept confidential, used for its approved purpose, and not be further disclosed.

(3) Any person who, in violation of a written agreement to maintain confidentiality, discloses any information provided pursuant to this section, or who uses information provided pursuant to this section in a manner other than as approved pursuant to this section may be denied further access to any confidential information maintained by the department, and shall be subject to a civil penalty not exceeding one thousand dollars ($1,000). The penalty provided in this section shall not be construed as to limit or otherwise restrict any remedy, provisional or otherwise, provided by law for the benefit of the department or any other person covered by this section.

(c) In order to implement this program, the department shall establish fees of an amount that shall not exceed the costs of administering the program, which the department shall collect from researchers and health care providers who have been approved by the department and who seek to use the following types of blood samples, collected by the Birth Defects Monitoring Program, for research:

(1) Umbilical cord blood.

(2) Pregnancy blood.

(3) Newborn blood.

(d) Fees collected pursuant to subdivision (c) shall be deposited into the Birth Defects Monitoring Program Fund created pursuant to paragraph (7) of subdivision (b) of Section 124977. Moneys deposited into the fund pursuant to this section may be used by the department, upon appropriation by the Legislature, for the purposes specified in subdivision (e).

(g) The department, health care providers, and local health departments shall maintain the confidentiality of patient information in accordance with existing law and in the same manner as other medical record

information with patient identification that they possess, and shall use the information only for the following purposes:

(1) Research to identify risk factors for children's and women's diseases.

(2) Research to develop and evaluate screening tests.

(3) Research to develop and evaluate prevention strategies.

(4) Research to develop and evaluate treatments.

(h) (1) For purposes of ensuring the security of a donor's personal information, before any umbilical cord blood samples are released pursuant to this section for research purposes, the State Committee for the Protection of Human Subjects (CPHS) shall determine if all of the following criteria have been met:

(A) The Birth Defects Monitoring Program contractors or other entities approved by the department have provided a plan sufficient to protect personal information from improper use and disclosures, including sufficient administrative, physical, and technical safeguards to protect personal information from reasonable anticipated threats to the security or confidentiality of the information.

(B) The Birth Defects Monitoring Program contractors or other entities approved by the department have provided a sufficient plan to destroy or return all personal information as soon as it is no longer needed for the research activity, unless the program contractors or other entities approved by the department have demonstrated an ongoing need for the personal information for the research activity and have provided a long-term plan sufficient to protect the confidentiality of that information.

(C) The Birth Defects Monitoring Program contractors or other entities approved by the department have provided sufficient written assurances that the personal information will not be reused or disclosed to any other person or entity, or used in any manner not approved in the research protocol, except as required by law or for authorized oversight of the research activity.

(A) Determine whether the requested personal information is needed to conduct the research.

(B) Permit access to personal information only if it is needed for the research activity.

(C) Permit access only to the minimum necessary personal information needed for the research activity.

(D) Require the assignment of unique subject codes that are not derived from personal information in lieu of social security numbers if the research can still be conducted without social security numbers.

(E) If feasible, and if cost, time, and technical expertise permit, require the agency to conduct a portion of the data processing for the researcher to minimize the release of personal information.

(i) In addition to the fees described in subdivision (c), the department may bill a researcher for the costs associated with the department's process of protecting personal information, including, but not limited to, the department's costs for conducting a portion of the data processing for the researcher, removing personal information, encrypting or otherwise securing personal information, or assigning subject codes.

(j) Nothing in this section shall prohibit the department from using its existing authority to enter into written agreements to enable other institutional review boards to approve research activities, projects or classes of projects for the department, provided the data security requirements set forth in this section are satisfied.

SEC. 3. This act shall only become operative if Assembly Bill 34, of the 2007–08 Regular Session, is enacted and becomes operative on or before January 1, 2008.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 2. Section 14166.5 of the Welfare and Institutions Code is amended to read:

14166.5. (a) With respect to each project year, the director shall determine a baseline funding amount for each designated public hospital. A hospital's baseline funding amount shall be an amount equal to the total amount paid to the hospital for inpatient hospital services rendered to Medi-Cal beneficiaries during the 2004–05 fiscal year, including the following Medi-Cal payments, but excluding payments received under the Medi-Cal Specialty Mental Health Services Consolidation Program:

(1) Base payments under the selective provider contracting program as provided for under Article 2.6 (commencing with Section 14081).

(2) Emergency Services and Supplemental Payments Fund payments as provided for under Section 14085.6.

(3) Medi-Cal Medical Education Supplemental Payment Fund payments and Large Teaching Emphasis Hospital and Children's Hospital Medi-Cal Medical Education Supplemental Payment Fund payments as provided for under Sections 14085.7 and 14085.8, respectively.

(4) Disproportionate share hospital payment adjustments as provided for under Section 14105.98.

(5) Administrative day payments as provided for under Section 51542 of Title 22 of the California Code of Regulations.

(b) The baseline funding amount for each designated public hospital shall reflect a reduction for the total amount of intergovernmental transfers made pursuant to Sections 14085.6, 14085.7, 14085.8, 14085.9, and 14163 for the 2004–05 state fiscal year by the designated public hospital, or the governmental entity with which it is affiliated.

(c) With respect to each project year beginning after the 2005–06 project year, the department shall determine an adjusted baseline funding amount for each designated public hospital to reflect any increase or decrease in volume. The adjustment for designated public hospitals shall be calculated as follows:

(1) Applying the cost-finding methodology approved under the demonstration project, and applying accounting and reporting practices consistent with those applied in paragraph (2), the department shall determine the total allowable costs incurred by the hospital, or the governmental entity with which it is affiliated, in rendering hospital services that would be recognized under the demonstration project to Medi-Cal beneficiaries and the uninsured during the 2004–05 state fiscal year.

(2) Applying the cost-finding methodology approved under the demonstration project, and applying accounting and reporting practices consistent with those applied in paragraph (1), the department shall determine the total allowable costs incurred by the hospital, or the governmental entity with which it is affiliated, in rendering hospital services under the demonstration project to Medi-Cal beneficiaries and the uninsured during the state fiscal year preceding the project year for which the volume adjustment is being calculated.

(3) The department shall:

(A) Calculate the difference between the amount determined under paragraph (1) and the amount determined under paragraph (2).

(B) Determine the percentage increase or decrease by dividing the difference in subparagraph (A) by the amount in paragraph (1).

(C) Apply the percentage determined in subparagraph (B) to that amount that results from the hospital's baseline funding amount determined under subdivision (a) as adjusted by subdivision (b), except for the reduction for the amount of intergovernmental transfers made pursuant to Section 14163, minus the amount of disproportionate share hospital payments in paragraph (4) of subdivision (a).

(4) The designated public hospital's adjusted baseline for the project year is the amount determined for the hospital in subdivision (a) as adjusted by subdivision (b), plus the amount in subparagraph (C) of paragraph (3).

(5) Notwithstanding paragraphs (3) and (4), when, as determined by the department, in consultation with the designated public hospital, there has been a material reduction in patient services at the designated public hospital during the project year, and the reduction has resulted in a diminution of access for Medi-Cal and uninsured patients and a related reduction in total costs at the designated public hospital of at least 20 percent, the department may utilize current or adjusted data that are reflective of the diminution of access, even if the data are not annual data, to determine the hospital's adjusted baseline amount.

(d) The aggregate designated public hospital baseline funding amount for each project year shall be the sum of all baseline funding amounts determined under subdivisions (a) and (b), as adjusted in subdivision (c), as appropriate, for all designated public hospitals.

(e) (1) If, with respect to any project year, the difference between the percentage adjustment in subparagraph (B) of paragraph (3) of subdivision (c) of this section, computed in the aggregate for designated public hospitals, excluding the percentage adjustment for any designated public hospital that was not in operation for the full project year, is greater than five percentage points more than the aggregate percentage adjustment for private DSH hospitals determined under subparagraph (B) of paragraph (3) of subdivision (c) of Section 14166.13, then the aggregate percentage adjustment for designated public hospitals shall be reduced in the amount necessary to reduce the difference to five percentage points. The reduction required by the previous sentence shall be allocated among designated public hospitals pro rata based on the relationship between each hospital's percentage determined under subparagraph (B) of paragraph (3) of subdivision (c) of this section and the aggregate percentage for designated public hospitals.

(2) Notwithstanding paragraph (1), the department may apply the adjustments set forth in paragraph (5) of subdivision (c).

SEC. 3. Section 14166.9 of the Welfare and Institutions Code is amended to read:

14166.9. (a) The department, in consultation with the designated public hospitals, shall determine the mix of sources of federal funds for payments to the designated public hospitals in a manner that provides baseline funding to hospitals and maximizes federal Medicaid funding to the state during the term of the demonstration project. Federal funds shall be claimed according to the following priorities:

(1) The certified public expenditures of the designated public hospitals for inpatient hospital services and physician and nonphysician practitioner services, as identified in subdivision (e) of Section 14166.4, rendered to Medi-Cal beneficiaries.

(2) Federal disproportionate share hospital allotment, subject to the federal-hospital specific limit, in the following order:

(A) Those hospital expenditures that are eligible for federal financial participation only from the federal disproportionate share hospital allotment.

(B) Payments funded with intergovernmental transfers, consistent with the requirements of the demonstration project, up to the hospital's baseline funding amount or adjusted baseline funding amount, as appropriate, for the project year.

(C) Any other certified public expenditures for hospital services that are eligible for federal financial participation from the federal disproportionate share hospital allotment.

(3) Safety net care pool funds, using the optimal combination of hospital certified public expenditures and certified public expenditures of a hospital, or governmental entity with which the hospital is affiliated, that operates nonhospital clinics or provides physician, nonphysician practitioner, or other health care services that are not identified as hospital services under the Special Terms and Conditions for the demonstration project, except that certified public expenditures reported by the County of Los Angeles or its designated public hospitals shall be the exclusive source of certified public expenditures for claiming those federal funds deposited in the South Los Angeles Medical Services Preservation Fund under Section 14166.25.

(4) Health care expenditures of the state that represent alternate state funding mechanisms approved by the federal Centers for Medicare and Medicaid Services under the demonstration project as set forth in Section 14166.22.

(b) The department shall implement these priorities, to the extent possible, in a manner that minimizes the redistribution of federal funds that are based on the certified public expenditures of the designated public hospitals.

(c) The department may adjust the claiming priorities to the extent that these adjustments result in additional federal Medicaid funding

during the term of the demonstration project or facilitate the objectives of subdivision (b).

(d) There is hereby established in the State Treasury the "Demonstration Disproportionate Share Hospital Fund," consisting of all federal funds received by the department with respect to the certified public expenditures claimed pursuant to subparagraphs (A) and (C) of paragraph (2) of subdivision (a). Notwithstanding Section 13340 of the Government Code, the fund shall be continuously appropriated to the department solely for the purposes specified in Section 14166.6.

(e) (1) Except as provided in Section 14166.25, all federal safety net care pool funds claimed and received by the department based on health care expenditures incurred by the designated public hospitals, or other governmental entities, shall be deposited in the Health Care Support Fund, established pursuant to Section 14166.21.

(2) The department shall separately identify and account for federal safety net care pool funds claimed and received by the department under the health care coverage initiative program authorized under Part 3.5 (commencing with Section 15900) and under paragraphs 43 and 44 of the Special Terms and Conditions for the demonstration project.

(3) With respect to those funds identified under paragraph (2), the department shall separately identify and account for federal safety net care pool funds claimed and received for inpatient hospital services rendered under the health care coverage initiative, including services rendered to enrollees of a managed care organization, by designated public hospitals, nondesignated public hospitals, and project year private DSH hospitals.

SEC. 4. Section 14166.12 of the Welfare and Institutions Code is amended to read:

14166.12. (a) The California Medical Assistance Commission shall negotiate payment amounts, in accordance with the selective provider contracting program established pursuant to Article 2.6 (commencing with Section 14081), from the Private Hospital Supplemental Fund established pursuant to subdivision (b) for distribution to private hospitals that satisfy the criteria of Section 14085.6, 14085.7, 14085.8, or 14085.9.

(b) The Private Hospital Supplemental Fund is hereby established in the State Treasury. For purposes of this section, "fund" means the Private Hospital Supplemental Fund.

(c) Notwithstanding Section 13340 of the Government Code, the fund shall be continuously appropriated to the department for the purposes specified in this section.

(d) Except as otherwise limited by this section, the fund shall consist of all of the following:

(1) One hundred eighteen million four hundred thousand dollars ($118,400,000), which shall be transferred annually from General Fund amounts appropriated in the annual Budget Act for the Medi-Cal program.

(2) Any additional moneys appropriated to the fund.

(3) All stabilization funding transferred to the fund pursuant to paragraph (2) of subdivision (a) of Section 14166.14.

(4) Any moneys that any county, other political subdivision of the state, or other governmental entity in the state may elect to transfer to the department for deposit into the fund, as permitted under Section 433.51 of Title 42 of the Code of Federal Regulations or any other applicable federal Medicaid laws.

(5) All private moneys donated by private individuals or entities to the department for deposit in the fund as permitted under applicable federal Medicaid laws.

(6) Any interest that accrues on amounts in the fund.

(e) Any public agency transferring moneys to the fund may, for that purpose, utilize any revenues, grants, or allocations received from the state for health care programs or purposes, unless otherwise prohibited by law. A public agency may also utilize its general funds or any other public moneys or revenues for purposes of transfers to the fund, unless otherwise prohibited by law.

(f) The department may accept or not accept moneys offered to the department for deposit in the fund. If the department accepts moneys pursuant to this section, the department shall obtain federal financial participation to the full extent permitted by law. With respect to funds transferred or donated from private individuals or entities, the department shall accept only those funds that are certified by the transferring or donating entity that qualify for federal financial participation under the terms of the Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991 (P.L. 102-234) or Section 433.51 of Title 42 of the Code of Federal Regulations, as applicable. The department may return any funds transferred or donated in error.

(g) Moneys in the fund shall be used as the source for the nonfederal share of payments to hospitals under this section.

(h) Any funds remaining in the fund at the end of a fiscal year shall be carried forward for use in the following fiscal year.

(i) Moneys shall be allocated from the fund by the department and shall be applied to obtain federal financial participation in accordance with customary Medi-Cal accounting procedures for purposes of payments under this section. Distributions from the fund shall be supplemental to any other Medi-Cal reimbursement received by the hospitals, including amounts that hospitals receive under the selective

provider contracting program (Article 2.6 (commencing with Section 14081)), and shall not affect provider rates paid under the selective provider contracting program.

(j) Each private hospital that was a private hospital during the 2002–03 fiscal year, received payments for the 2002–03 fiscal year from any of the prior supplemental funds, and, during the project year, satisfies the criteria in Section 14085.6, 14085.7, 14085.8, or 14085.9 to be eligible to negotiate for distributions under any of those sections, shall receive no less from the Private Hospital Supplemental Fund for the project year than 100 percent of the amount the hospital received from the prior supplemental funds for the 2002–03 fiscal year. Each private hospital described in this subdivision shall be eligible for additional payments from the fund pursuant to subdivision (k).

(k) All amounts that are in the fund for a project year in excess of the amount necessary to make the payments under subdivision (j) shall be available for negotiation by the California Medical Assistance Commission, along with corresponding federal financial participation, for supplemental payments to private hospitals, which for the project year satisfy the criteria under Section 14085.6, 14085.7, 14085.8, or 14085.9 to be eligible to negotiate for distributions under any of those sections, and paid for services rendered during the project year pursuant to the selective provider contracting program established under Article 2.6 (commencing with Section 14081).

(*l*) The amount of any stabilization funding transferred to the fund, or the amount of intergovernmental transfers deposited to the fund pursuant to subdivision (o), together with the associated federal reimbursement, with respect to a particular project year, may, in the discretion of the California Medical Assistance Commission, be paid for services furnished in the same project year regardless of when the stabilization funds or intergovernmental transfer funds, and the associated federal reimbursement, become available, provided the payment is consistent with other applicable federal or state law requirements and does not result in a hospital exceeding any applicable reimbursement limitations.

(m) The department shall pay amounts due to a private hospital from the fund for a project year, with the exception of stabilization funding, in up to four installment payments, unless otherwise provided in the hospital's contract negotiated with the California Medical Assistance Commission, except that hospitals that are not described in subdivision (j) shall not receive the first installment payment. The first payment shall be made as soon as practicable after the issuance of the tentative disproportionate share hospital list for the project year, and in no event later than January 1 of the project year. The second and subsequent

payments shall be made after the issuance of the final disproportionate hospital list for the project year, and shall be made only to hospitals that are on the final disproportionate share hospital list for the project year. The second payment shall be made by February 1 of the project year or as soon as practicable after the issuance of the final disproportionate share hospital list for the project year. The third payment, if scheduled, shall be made by April 1 of the project year. The fourth payment, if scheduled, shall be made by June 30 of the project year. This subdivision does not apply to hospitals that are scheduled to receive payments from the fund because they meet the criteria under Section 14085.7 and do not meet the criteria under Section 14085.6, 14085.8, or 14085.9, which shall be paid in accordance with the applicable contract or contract amendment negotiated by the California Medical Assistance Commission.

(n) The department shall pay stabilization funding transferred to the fund in amounts negotiated by the California Medical Assistance Commission and shall pay the scheduled payments in accordance with the applicable contract or contract amendment.

(o) Payments to private hospitals that are eligible to receive payments pursuant to Section 14085.6, 14085.7, 14085.8, or 14085.9 may be made using funds transferred from governmental entities to the state, at the option of the governmental entity. Any payments funded by intergovernmental transfers shall remain with the private hospital and shall not be transferred back to any unit of government. An amount equal to 25 percent of the amount of any intergovernmental transfer made in the project year that results in a supplemental payment made for the same project year to a project year private DSH hospital designated by the governmental entity that made the intergovernmental transfer shall be deposited in the fund for distribution as determined by the California Medical Assistance Commission. An amount equal to 75 percent shall be deposited in the fund and distributed to the private hospitals designated by the governmental entity.

(p) A private hospital that receives payment pursuant to this section for a particular project year shall not submit a notice for the termination of its participation in the selective provider contracting program established pursuant to Article 2.6 (commencing with Section 14081) until the later of the following dates:

(1) On or after December 31 of the next project year.

(2) The date specified in the hospital's contract, if applicable.

(q) (1) For the 2007–08, 2008–09, and 2009–10 project years, the County of Los Angeles shall make intergovernmental transfers to the state to fund the nonfederal share of increased Medi-Cal payments to those private hospitals that serve the South Los Angeles population formerly served by Los Angeles County Martin Luther King, Jr.-Harbor

Hospital. The intergovernmental transfers required under this subdivision shall be funded by county tax revenues and shall total five million dollars ($5,000,000) per project year, except that, in the event that the director determines that any amount is due to the County of Los Angeles under the demonstration project for services rendered during the portion of a project year during which Los Angeles County Martin Luther King, Jr.-Harbor Hospital was operational, the amount of intergovernmental transfers required under this subdivision shall be reduced by a percentage determined by reducing 100 percent by the percentage reduction in Los Angeles County Martin Luther King, Jr.-Harbor Hospital's baseline, as determined under subdivision (c) of Section 14166.5 for that project year.

(2) Notwithstanding subdivision (o), an amount equal to 100 percent of the county's intergovernmental transfers under this subdivision shall be deposited in the fund and, within 30 days after receipt of the intergovernmental transfer, shall be distributed, together with related federal financial participation, to the private hospitals designated by the county in the amounts designated by the county. The director shall disregard amounts received pursuant to this subdivision in calculating the OBRA 1993 payment limitation, as defined in paragraph (24) of subdivision (a) of Section 14105.98, for purposes of determining the amount of disproportionate share hospital replacement payments due a private hospital under Section 14166.11.

SEC. 5. Section 14166.13 of the Welfare and Institutions Code is amended to read:

14166.13. (a) With respect to each project year, the director shall determine a baseline funding amount for each base year private DSH hospital that is also a project year private DSH hospital. A private hospital's baseline funding amount shall be an amount equal to the total amount paid to the hospital for inpatient hospital services rendered to Medi-Cal beneficiaries during the 2004–05 state fiscal year, including the following Medi-Cal payments, but excluding payments received under the Medi-Cal Specialty Mental Health Services Consolidation Program:

(1) Base payments under the selective provider contracting program as provided for under Article 2.6 (commencing with Section 14081), or under the Medi-Cal state plan cost reimbursement system for inpatient hospital services for noncontracting hospitals.

(2) Emergency Services and Supplemental Payments Fund payments as provided for under Section 14085.6.

(3) Medi-Cal Medical Education Supplemental Payment Fund payments and Large Teaching Emphasis Hospital and Children's Hospital

Medi-Cal Medical Education Supplemental Payment Fund payments as provided for under Sections 14085.7 and 14085.8, respectively.

(4) Small and Rural Hospital Supplemental Payments Fund payments as provided for under Section 14085.9.

(5) Disproportionate share hospital payment adjustments as provided for under Section 14105.98.

(6) Administrative day payments as provided for under Section 51542 of Title 22 of the California Code of Regulations.

(b) The aggregate project year private DSH hospital baseline funding amount shall be the sum of all baseline funding amounts determined under subdivision (a).

(c) With respect to each project year beginning after the 2005–06 project year, an aggregate project year private DSH hospital adjusted baseline funding amount shall be determined as follows:

(1) The department shall determine the aggregate total Medi-Cal revenue, using amounts determined under subdivision (a), for inpatient hospital services rendered during the 2004–05 fiscal year for project year private DSH hospitals, less the total amount of disproportionate share hospital payments identified in paragraph (5) of subdivision (a) for those hospitals.

(2) The department shall determine the aggregate total Medi-Cal revenue paid or payable for inpatient hospital services rendered during the fiscal year immediately preceding the project year for which the private hospital adjusted baseline funding amount is being calculated for project year private DSH hospitals. The aggregate total revenue for services rendered in the relevant preceding fiscal year shall include the payments described in paragraphs (1) and (6) of subdivision (a), and all other payments made to project year private DSH hospitals under this article, excluding disproportionate share hospital replacement payments made under Section 14166.11, stabilization funding under Section 14166.14, and distressed hospital funding under Section 14166.23 and paragraph (3) of subdivision (b) of Section 14166.20.

(3) The department shall:

(A) Calculate the difference between the amount determined under paragraph (1) and the amount determined under paragraph (2).

(B) Determine the percentage increase or decrease by dividing the difference in subparagraph (A) by the amount in paragraph (1).

(C) Apply the percentage in subparagraph (B) to the amount determined under paragraph (1).

(4) The aggregate private DSH hospital adjusted baseline funding amount is the amount determined in paragraph (1), plus the amount determined in subparagraph (C), plus the amount in paragraph (5) of subdivision (a).

(d) If, with respect to any project year, the difference between the percentage adjustment in subparagraph (B) of paragraph (3) of subdivision (c) of this section is greater than five percentage points more than the aggregate percentage adjustment for designated public hospitals, excluding the percentage adjustment for any designated public hospital that was not in operation for the full project year, determined under subparagraph (B) of paragraph (3) of subdivision (c) of Section 14166.5, then the aggregate percentage adjustment for private DSH hospitals shall be reduced in the amount necessary to reduce the difference to five percentage points.

SEC. 6. Section 14166.20 of the Welfare and Institutions Code is amended to read:

14166.20. (a) With respect to each project year, the total amount of stabilization funding shall be the sum of the following:

(1) (A) Federal Medicaid funds available in the Health Care Support Fund, established pursuant to Section 14166.21, reduced by the amount necessary to meet the baseline funding amount, or the adjusted baseline funding amount, as appropriate, for project years after the 2005–06 project year for each designated public hospital, project year private DSH hospitals in the aggregate, and nondesignated public hospitals in the aggregate as determined in Sections 14166.5, 14166.13, and 14166.18, respectively, taking into account all other payments to each hospital under this article. This amount shall be not less than zero.

(B) For purposes of subparagraph (A), federal Medicaid funds available in the Health Care Support Fund shall not include health care coverage initiative amounts identified under paragraph (2) of subdivision (e) of Section 14166.9.

(2) The state general funds that were made available due to the receipt of federal funding for previously state-funded programs through the safety net care pool and any federal Medicaid hospital reimbursements resulting from these expenditures, unless otherwise recognized under paragraph (1), to the extent those funds are in excess of the amount necessary to meet the baseline funding amount, or the adjusted baseline funding amount, as appropriate, for project years after the 2005–06 project year for each designated public hospital, for project year private DSH hospitals in the aggregate, and for nondesignated public hospitals in the aggregate, as determined in Sections 14166.5, 14166.13, and 14166.18, respectively.

(3) To the extent not included in paragraph (1) or (2), the amount of the increase in state General Fund expenditures for Medi-Cal inpatient hospital services for the project year for project year private DSH hospitals and nondesignated public hospitals, including amounts expended in accordance with paragraph (1) of subdivision (c) of Section

14166.23, that exceeds the expenditure amount for the same purpose and the same hospitals necessary to provide the aggregate baseline funding amounts applicable to the project determined pursuant to Sections 14166.13 and 14166.18, and any direct grants to designated public hospitals for services under the demonstration project.

(4) To the extent not included in paragraph (2), federal Medicaid funds received by the state as a result of the General Fund expenditures described in paragraph (3).

(5) The federal Medicaid funds received by the state as a result of federal financial participation with respect to Medi-Cal payments for inpatient hospital services made to project year private DSH hospitals and to nondesignated public hospitals for services rendered during the project year, the state share of which was derived from intergovernmental transfers or certified public expenditures of any public entity that does not own or operate a public hospital.

(6) Federal safety net care pool funds claimed and received for inpatient hospital services rendered under the health care coverage initiative identified under paragraph (3) of subdivision (e) of Section 14166.9.

(b) With respect to the 2005–06, 2006–07, and subsequent project years, the stabilization funding determined under subdivision (a) shall be allocated as follows:

(1) Eight million dollars ($8,000,000) shall be paid to San Mateo Medical Center. All or a portion of this amount may be paid as disproportionate share hospital payments in addition to the hospital's allocation that would otherwise be determined under Section 14166.6. The amount provided for in this paragraph shall be disregarded in the application of the limitations described in paragraph (3) of subdivision (a) of Section 14166.6, and in paragraph (1) of subdivision (a) of Section 14166.7.

(2) (A) Ninety-six million two hundred twenty-eight thousand dollars ($96,228,000) shall be allocated to designated public hospitals to be paid in accordance with Section 14166.75.

(B) Forty-two million two hundred twenty-eight thousand dollars ($42,228,000) shall be allocated to private DSH hospitals to be paid in accordance with Section 14166.14.

(C) Five hundred forty-four thousand dollars ($544,000) shall be allocated to nondesignated public hospitals to be paid in accordance with Section 14166.17.

(D) In the event that stabilization funding is less than one hundred forty-seven million dollars ($147,000,000), the amounts allocated to designated public hospitals, private DSH hospitals, and nondesignated public hospitals under this paragraph shall be reduced proportionately.

(3) An amount equal to the lesser of 10 percent of the total amount determined under subdivision (a) or twenty-three million five hundred thousand dollars ($23,500,000), but at least fifteen million three hundred thousand dollars ($15,300,000), shall be made available for additional payments to distressed hospitals that participate in the selective provider contracting program under Article 2.6 (commencing with Section 14081), including designated public hospitals, in amounts to be determined by the California Medical Assistance Commission. The additional payments to designated public hospitals shall be negotiated by the California Medical Assistance Commission, but shall be paid by the department in the form of a direct grant rather than as Medi-Cal payments.

(4) An amount equal to 0.64 percent of the total amount determined under subdivision (a), to nondesignated public hospitals to be paid in accordance with Section 14166.19.

(5) The amount remaining after subtracting the amount determined in paragraphs (1) to (4), inclusive, shall be allocated as follows:

(A) Sixty percent to designated public hospitals to be paid in accordance with Section 14166.75.

(B) Forty percent to project year private DSH hospitals to be paid in accordance with Section 14166.14.

(c) By April 1 of the year following the project year for which the payment is made, and after taking into account final amounts otherwise paid or payable to hospitals under this article, the director shall calculate in accordance with subdivision (a), allocate in accordance with subdivision (b), and pay to hospitals in accordance with Sections 14166.75, 14166.14, and 14166.19, as applicable, the stabilization funding.

(d) For purposes of determining amounts paid or payable to hospitals under subdivision (c), the department shall apply the following:

(1) In determining amounts paid or payable to designated public hospitals that are based on allowable costs incurred by the hospital, or the governmental entity with which it is affiliated, the following shall apply:

(A) If the final payment amount is based on the hospital's Medicare cost report, the department shall rely on the cost report filed with the Medicare fiscal intermediary for the project year for which the calculation is made, reduced by a percentage that represents the average percentage change from total reported costs to final costs for the three most recent cost reporting periods for which final determinations have been made, taking into account all administrative and judicial appeals. Protested amounts shall not be considered in determining the average percentage change unless the same or similar costs are included in the project year cost report.

(B) If the final payment amount is based on costs not included in subparagraph (A), the reported costs as of the date the determination is made under subdivision (c), shall be reduced by 10 percent.

(C) In addition to adjustments required in subparagraphs (A) and (B), the department shall adjust amounts paid or payable to designated public hospitals by any applicable deferrals or disallowances identified by the federal Centers for Medicare and Medicaid Services as of the date the determination is made under subdivision (c) not otherwise reflected in subparagraphs (A) and (B).

(2) Amounts paid or payable to project year private DSH hospitals and nondesignated public hospitals shall be determined by the most recently available Medi-Cal paid claims data increased by a percentage to reflect an estimate of amounts remaining unpaid.

(e) The department shall consult with hospital representatives regarding the appropriate calculation of stabilization funding before stabilization funds are paid to hospitals. The calculation may be comprised of multiple steps involving interim computations and assumptions as may be necessary to determine the total amount of stabilization funding under subdivision (a) and the allocations under subdivision (b). No later than 30 days after this consultation, the department shall establish a final determination of stabilization funding that shall not be modified for any reason other than mathematical errors or mathematical omissions on the part of the department.

(f) The department shall distribute 75 percent of the estimated stabilization funding on an interim basis throughout the project year.

(g) The allocation and payment of stabilization funding shall not reduce the amount otherwise paid or payable to a hospital under this article or any other provision of law, unless the reduction is required by the demonstration project's Special Terms and Conditions or by federal law.

SEC. 7. Section 14166.21 of the Welfare and Institutions Code is amended to read:

14166.21. (a) The Health Care Support Fund is hereby established in the State Treasury. Notwithstanding Section 13340 of the Government Code, the fund shall be continuously appropriated to the department for the purposes specified in this article. The fund shall include any interest that accrues on amounts in the fund.

(b) Amounts in the Health Care Support Fund shall be paid in the following order of priority:

(1) To hospitals for services rendered to Medi-Cal beneficiaries and the uninsured in an amount necessary to meet the aggregate baseline funding amount, or the adjusted aggregate baseline funding amount for project years after the 2005-06 project year, as specified in subdivision

(d) of Section 14166.5, subdivision (b) of Section 14166.13, and Section 14166.18, taking into account all other payments to each hospital under this article, except payments made from the Distressed Hospital Fund pursuant to Section 14166.23 and payments made to distressed hospitals pursuant to paragraph (3) of subdivision (b) of Section 14166.20. If the amount in the Health Care Support Fund is inadequate to provide full aggregate baseline funding, or adjusted aggregate baseline funding, to all designated public hospitals, project year private DSH hospitals, and nondesignated public hospitals, each group's payments shall be reduced pro rata.

(2) To the extent necessary to maximize federal funding under the demonstration project and consistent with Section 14166.22, the department may claim safety net care pool funds based on health care expenditures incurred by the department for uncompensated medical care costs of medical services provided to uninsured individuals, as approved by the federal Centers for Medicare and Medicaid Services.

(3) Stabilization funding, allocated and paid in accordance with Sections 14166.75, 14166.14, and 14166.19, and paragraph (3) of subdivision (b) of Section 14166.20.

(4) Any amounts remaining after final reconciliation of all amounts due at the end of a project year shall remain available for payments in accordance with this section in the next project year.

(c) Subdivision (b) shall not apply to federal safety net care pool funds claimed and received for services rendered under the health care coverage initiative identified under paragraph (2) of subdivision (e) of Section 14166.9, which shall be paid in accordance with Part 3.5 (commencing with Section 15900) and under paragraphs 43 and 44 of the Special Terms and Conditions for the demonstration project.

SEC. 8. Section 14166.23 of the Welfare and Institutions Code is amended to read:

14166.23. (a) For purposes of this section, "distressed hospitals" are hospitals that participate in selective providers contracting under Article 2.6 (commencing with Section 14081) and that meet all of the following requirements, as determined by the California Medical Assistance Commission in its discretion:

(1) The hospital serves a substantial volume of Medi-Cal patients measured either as a percentage of the hospital's overall volume or by the total volume of Medi-Cal services furnished by the hospital.

(2) The hospital is a critical component of the Medi-Cal program's health care delivery system, such that the Medi-Cal health care delivery system would be significantly disrupted if the hospital reduced its Medi-Cal services or no longer participated in the Medi-Cal program.

(3) The hospital is facing a significant financial hardship that may impair its ability to continue its range of services for the Medi-Cal program.

(b) The Distressed Hospital Fund is hereby created in the State Treasury.

(c) Notwithstanding Section 13340 of the Government Code, the fund shall be continuously appropriated to the department for the purposes specified in this section.

(d) Except as otherwise limited by this section, the fund shall consist of all of the following:

(1) The amounts transferred to the fund pursuant to subdivision (e).

(2) Any additional amounts appropriated to the fund by the Legislature.

(3) Any interest that accrues on amounts in the fund.

(e) The following amounts shall be transferred to the fund from the prior supplemental funds at the beginning of each project year.

(1) Twenty percent of the amount in the prior supplemental funds on the effective date of this article, less any and all payments for services rendered prior to July 1, 2005, but paid after July 1, 2005.

(2) Interest that accrued on the prior supplemental funds during the prior project year.

(f) No distributions, payments, transfers, or disbursements shall be made from the prior supplemental funds except as set forth in this section.

(g) Moneys in the fund shall be used as the source for the nonfederal share of payments to hospitals under this section.

(h) Except as otherwise provided in subdivision (j), moneys shall be applied to obtain federal financial participation to the extent available in accordance with customary Medi-Cal accounting procedures for purposes of payments under this section. Distributions from the fund shall be supplemental to any other Medi-Cal reimbursement received by the hospitals, including amounts that hospitals receive under the selective provider contracting program, and shall not affect provider rates paid under the selective provider contracting program.

(i) Subject to subdivision (j), all amounts that are in the fund shall be available for negotiation by the California Medical Assistance Commission, along with corresponding federal financial participation, for additional payments to distressed hospitals. These amounts shall be paid under contracts entered into by the department and negotiated by the California Medical Assistance Commission pursuant to Article 2.6 (commencing with Section 14081), provided that any amounts payable to a designated public hospital shall be paid in the form of a direct grant of state general funds pursuant to a contract negotiated by the California Medical Assistance Commission. The commission shall not consider

the lack of federal financial participation in direct grants to designated public hospitals in determining which hospital may receive funding under this section.

(j) After April 1, 2007, and each April 1 thereafter, in the event that funding under this article is insufficient to meet the adjusted aggregate baseline funding amounts for a particular project year, as determined in subdivision (d) of Section 14166.5, and in Sections 14166.13 and 14166.18, funds under this section shall first be available for use under contracts negotiated by the California Medical Assistance Commission for hospitals contracting under the selective provider contracting program under Article 2.6 (commencing with Section 14081) in an effort to address the insufficiency, to the extent funds under this section are available on or after April 1 for the particular project year.

(k) Any funds remaining in the fund at the end of a fiscal year shall be carried forward for use in the following fiscal year.

SEC. 9. Section 14166.25 is added to the Welfare and Institutions Code, to read:

14166.25. (a) The Legislature finds and declares all of the following:

(1) In light of the closure of Los Angeles County Martin Luther King, Jr.-Harbor Hospital, there is a need to ensure adequate funding for continued health care services to the uninsured population of South Los Angeles, including, but not limited to, the Cities of Compton, Lynwood, South Gate, Huntington Park, the southern and central portions of the Cities of Los Angeles, Inglewood, Gardena, and surrounding unincorporated communities.

(2) The state, the County of Los Angeles, and all health care providers in the South Los Angeles community must work together to meet the health care needs of the community until the critical hospital services previously provided by Los Angeles County Martin Luther King, Jr. - Harbor Hospital can be restored at this location.

(3) The Medi-Cal Hospital/Uninsured Care Demonstration Project provides a critical source of funding for services to low-income communities throughout the state that are provided by California's safety net hospital systems.

(4) The special funding provided in this section is predicated on the express intent of the County of Los Angeles to restore hospital services on the hospital campus, to be operated by either a private or public entity. The county has undertaken a specific plan to do so as quickly as possible.

(5) The Legislature anticipates that demonstration project funds will be available to help fund the reopened hospital. The nature and amount of that funding cannot be determined until the new structure and operation of the hospital is known.

(6) As an interim response to the specific circumstances caused by the closure of this hospital, and until hospital services can be restored at this location, a special fund will be created to receive demonstration project funding to be available to the County of Los Angeles for expenditures to preserve health care services for the uninsured population of South Los Angeles, as defined above.

(b) The South Los Angeles Medical Services Preservation Fund is hereby created in the State Treasury. Notwithstanding Section 13340 of the Government Code, the fund shall be continuously appropriated to the department for the purposes specified in this section.

(c) Subject to the conditions in this section, a maximum amount of one hundred million dollars ($100,000,000) of the safety net care pool funds claimed and received by the state that are based on the certified public expenditures of the County of Los Angeles or its designated public hospitals shall be deposited in the South Los Angeles Medical Services Preservation Fund for each of the three project years, 2007–08, 2008–09, and 2009–10.

(1) In the event that the director determines that any amount is due to the County of Los Angeles under the demonstration project for services rendered during the portion of a project year during which Los Angeles County Martin Luther King, Jr. - Harbor Hospital was operational, the amount deposited in the fund under this subdivision shall be reduced by a percentage determined by reducing 100 percent by the percentage reduction in the hospital's baseline as determined under subdivision (c) of Section 14166.5 for that project year.

(2) If in the aggregate, the federal medical assistance percentage of the certified public expenditures reported by the County of Los Angeles and its designated public hospitals under Section 14166.8, excluding those certified public expenditures reported under paragraph (1) of subdivision (b) of Section 14166.8, in any project year do not exceed the amounts paid or payable to the county and its designated public hospitals in the aggregate under Section 14166.6, excluding disproportionate share payments funded with intergovernmental transfers, Section 14166.7, and subdivision (d) for the same project year, then the amount deposited in the fund under subdivision (c) shall be reduced by the amount of excess payments over the federal medical assistance percentage of certified public expenditures.

(d) Moneys in the South Los Angeles Medical Services Preservation Fund shall be distributed to the County of Los Angeles in amounts equal to the costs incurred by the county, including indirect costs associated with adequately maintaining the hospital building so that it can be reopened, in providing, or compensating other providers for, health

services rendered to the uninsured population of South Los Angeles, including all of the following:

(1) Services provided in the multiservice ambulatory care center operating on the former Los Angeles County Martin Luther King, Jr.-Harbor Hospital campus.

(2) Services rendered to patients in beds at other designated public hospitals operated by the County of Los Angeles that have been opened specifically for the purpose of serving patients that would have been served by the former Los Angeles County Martin Luther King, Jr. - Harbor Hospital.

(3) Services rendered in the county operated health center and the comprehensive health center formerly operated under Los Angeles County Martin Luther King, Jr.-Harbor Hospital.

(4) Services rendered to the uninsured by other public or private health care providers for which the County of Los Angeles has agreed to pay under a contract with the provider as a result of the downsizing or closure of Los Angeles County Martin Luther King, Jr.-Harbor Hospital.

(e) As a condition for receiving distributions from the South Los Angeles Medical Services Preservation Fund in any project year, the County of Los Angeles shall assure the director that it will not reduce the county's ongoing, systemwide financial contribution to the county department of health services during that project year for health care services to the uninsured.

(f) No funds shall be available from the South Los Angeles Medical Services Preservation Fund for services rendered when a hospital on the former Los Angeles County Martin Luther King, Jr.-Harbor Hospital campus is certified for Medi-Cal participation.

(g) If the full amount of the South Los Angeles Medical Services Preservation Fund for any project year is not distributed to the County of Los Angeles, based on the cost of services identified in subdivision (d) that were rendered during that project year, any remaining amounts shall revert to the Health Care Support Fund established pursuant to Section 14166.21.

(h) To the extent that the County of Los Angeles receives distributions from the South Los Angeles Medical Services Preservation Fund based on the cost of services rendered by county operated providers, or based on payments made to private providers for services rendered to the uninsured population of South Los Angeles, the costs of the services rendered shall not be considered for purposes of any of the following determinations with respect to either the county or the private provider:

(1) Medi-Cal payments under the selective provider contracting program under Article 2.6 (commencing with Section 14081), including payments to distressed hospitals under Section 14166.23.

(2) Baseline amounts, or adjustments thereto, under Section 14166.5, 14166.13, or 14166.18.

(3) Any other payment under Medi-Cal or other health care program.

(i) This section shall be implemented only to the extent that the director determines that it will not result in the loss of federal funds under the demonstration project.

SEC. 10. Section 14166.25 of the Welfare and Institutions Code is amended and renumbered to read:

14166.26. Unless this article is repealed pursuant to subdivision (b) or (g) of Section 14166.2, this article shall become inoperative on the date that the director executes a declaration, which shall be retained by the director and provided to the fiscal and appropriate policy committees of the Legislature, stating that the federal demonstration project provided for in this article has been terminated by the federal Centers for Medicare and Medicaid Services, and shall, six months after the date the declaration is executed, be repealed.

CHAPTER 519

An act to add Section 17070.52 to the Education Code, relating to school facilities.

[Approved by Governor October 12, 2007. Filed with Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 17070.52 is added to the Education Code, to read:

17070.52. (a) The State Department of Education shall include in its application for new construction plan approval developed pursuant to the authority established in Section 17070.50 the following questions:

"Does the project include a school that will have a career technical education component and classroom space to accommodate that career technical education program? If not, how will the school district meet the needs for career technical education of pupils housed by the proposed new school facilities?"

"How is the need for vocational and career technical education facilities, as required pursuant to Section 17070.955 of the Education Code, identified?"

(b) The State Department of Education shall maintain the answers to the questions required by subdivision (a) that have been received from applicant school districts in a publicly accessible manner and shall provide a summary of the responses to the Office of Public School Construction on a quarterly basis. (2) Offer, or identify, educational preentry coursework, including, but not necessarily limited to, tutorials, instructional resources, or noncredit instruction, aligned to the entry level nursing standards and curriculum for students who fail to demonstrate readiness based upon the diagnostic assessment tools.

(3) Provide access to prenursing coursework for all students who do not demonstrate readiness based upon the diagnostic assessment tools.

(4) Require that students demonstrate readiness through the diagnostic assessment or successful completion of the prenursing coursework specified above prior to commencing the registered nursing program.

(5) Ensure that students that participate in educational preentry coursework in order to demonstrate readiness based upon the diagnostic assessment tools are not disadvantaged in the program enrollment process.

(g) As a condition of receiving grant funds pursuant to paragraph (2) of subdivision (d), each recipient district shall report to the chancellor's office the following data for the academic year on or before a date determined by the chancellor's office:

(i) It is the intent of the Legislature that, pursuant to funding to be provided in the annual Budget Act, in the 2009–10 academic year, the California Community Colleges should increase the statewide enrollment of full-time equivalent registered nursing students by 450 and, beginning in the 2010–11 academic year and continuing each academic year thereafter, add 900 new full-time equivalent registered nursing students.

(a) Any community college district, irrespective of whether it participates in the program established by this article, may use any

diagnostic assessment tool that is commonly used in registered nursing programs and is approved by the chancellor.

(b) If, after using an approved diagnostic assessment tool, a community college registered nursing program determines that the number of applicants to that program exceeds its capacity, the program is authorized to use additional multicriteria screening measures. This subdivision does not prohibit or prevent a community college registered nursing program from using an approved diagnostic assessment tool before or during a multicriteria screening process.

(c) A community college district may not exclude an applicant to a registered nursing program on the sole basis that the applicant is not a resident of that district or has not completed prerequisite courses in that district.

(a) (1) Notwithstanding Section 87480, the governing board of a community college district may employ any qualified individual as a temporary faculty member for a complete school year but not less than a complete semester or quarter during a school year. The employment of those persons shall be based upon the need for additional faculty during a particular semester or quarter because of the higher enrollment of students during that semester or quarter as compared to the other semester or quarter in the academic year, or because a faculty member has been granted leave for a semester, quarter, or year, or is experiencing long-term illness, and shall be limited, in number of persons so employed, to that need, as determined by the governing board.

(2) A district that employs faculty pursuant to this subdivision shall provide data to the chancellor's office as to how many faculty members were hired under this subdivision, and what the ratio of full-time to part-time faculty was for each of the three academic years prior to the

hiring of faculty under this subdivision and for each academic year for which faculty is hired under this subdivision. This data shall be submitted, in writing, to the chancellor's office on or before June 30, 2012.

(4) A district may not employ a person pursuant to this subdivision if the hiring of that person results in an increase in the ratio of part-time to full-time nursing faculty in that district.

SEC. 12. Section 89267 of the Education Code is amended to read:

89267. It is the intent of the Legislature:

(a) That, pursuant to funding to be appropriated in the Budget Act of 2007, the trustees should increase, by at least 340, the number of full-time equivalent students in baccalaureate degree nursing programs, beginning in the 2007–08 fiscal year.

SEC. 13. Section 89267.3 is added to the Education Code, to read:

89267.3. [Approved by Governor October 12, 2007. Filed with Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 45038 of the Education Code is amended to read:

45038. (a) The governing board of a school district or charter school may arrange to pay the persons in positions requiring certification qualifications employed by it, or any one or more of those employees or one or more groups or categories of those employees, in either 10, 11, or 12 equal payments instead of by the school month.

(b) In lieu of the arrangement in subdivision (a), orders for the payment of salary, and payroll orders for the payment of salary and warrants for the payment of salary of employees employed in positions requiring certification qualifications may be drawn once each two weeks, twice a month, or once each four weeks as determined by the governing board.

SEC. 2. Section 45039 of the Education Code is amended to read:

45039. If the governing board of a school district or charter school arranges to pay persons employed by it in 12 equal payments for the year, it may pay each monthly installment at the end of each calendar month, whether or not the persons are actually engaged in teaching during the month.

succeeding, and one installment to be paid not later than the fifth day of September next succeeding.

(c) If an employee leaves the service of the district or charter school by death or otherwise before receiving the moneys that may be due him or her, the amount due him or her shall be paid within 30 days to him or her or to any other person entitled to those moneys by law.

SEC. 4. Section 47612.7 is added to the Education Code, to read:

47612.7. Notwithstanding Section 47612.5 or any other provision of law, the Center for Advanced Research and Technology operating pursuant to a joint powers agreement between the Clovis Unified School District and the Fresno Unified School District is eligible to receive general-purpose funding, as calculated pursuant to Section 47633, for the 2007–08 fiscal year for a total average daily attendance not to exceed the center's average daily attendance as determined at the second principal apportionment for the 2006–07 fiscal year.

SEC. 5. Section 49110 of the Education Code is amended to read:

49110. (a) It is the intent of the Legislature that school district and charter school personnel responsible for issuing work permits to pupils have a working knowledge of California labor laws as they relate to minors and be trained to provide the pupils practical personal guidance in career education.

(b) The superintendent of any school district in which any minor resides, the chief executive officer, or the equivalent position, of a charter school that a minor attends, a person holding a services credential with a specialization in pupil personnel services authorized by the superintendent or chief executive officer in writing, or a certificated work experience education teacher or coordinator authorized by the superintendent or chief executive officer in writing, may issue work permits to certain minors. If the minor resides in a portion of a county not under the jurisdiction of the superintendent of a school district and does not attend a charter school, the work permit shall be issued by the county superintendent of schools, by a person holding a services credential with a specialization in pupil personnel services authorized by the county superintendent in writing, or a certificated work experience education teacher or coordinator authorized by the county superintendent in writing.

(c) A work permit shall not be issued until the written request therefor from the parent, guardian, foster parent, caregiver with whom the minor resides, or residential shelter services provider, has been filed with the issuing authority. "Residential shelter services" refers to residential and other support services provided to minors by a governmental agency, a person or agency under contract with a governmental agency to provide these services, an agency receiving funding from community funds, or

a licensed community care facility or crisis resolution center on a temporary or emergency basis in a facility that services only minors.

(d) If the certificated person designated to issue work permits by the superintendent of a school district or the chief executive officer, or the equivalent position, of a charter school is not available, and delay in issuing a permit would jeopardize the ability of a pupil to secure work, another person authorized by the school district superintendent or the chief executive officer, or the equivalent position, of a charter school may issue the work permit.

(e) If a school district or charter school does not employ or contract with a person holding a services credential with a specialization in pupil personnel services or with a certificated work experience education teacher or coordinator, the school district superintendent or the chief executive officer, or the equivalent position, of a charter school may authorize, in writing, a person who does not hold that credential to issue work permits during periods of time in which the superintendent is absent from the district or the chief executive officer is absent from the charter school.

SEC. 5.5. Section 49110 of the Education Code is amended to read:

49110. (a) An individual responsible for issuing work permits to pupils pursuant to this section shall have a working knowledge of California labor laws as they relate to minors and of education laws related to work permits.

(b) A certificated employee of a school district who is authorized in writing by the superintendent of the school district in which the employee works may issue a permit to work to a minor enrolled in the school. A principal authorized by the superintendent of the school district may in turn designate certificated employees at the schoolsite to issue work permits.

(c) The chief executive officer, or the equivalent position, of a charter school, or his or her designee, may issue a permit to work to a minor attending that charter school.

(d) A permit to work shall not be issued until the written request therefor from the parent, guardian, foster parent, caregiver with whom the minor resides, or residential shelter services provider, has been filed with the issuing authority. "Residential shelter services" refers to residential and other support services provided to minors by a governmental agency, a person or agency under contract with a governmental agency to provide these services, an agency receiving funding from community funds, or a licensed community care facility or crisis resolution center on a temporary or emergency basis in a facility that services only minors.

(e) If the certificated employee designated by the superintendent of the school district to issue work permits is not available, and delay in issuing a permit would jeopardize the ability of a pupil to secure work, another certificated employee authorized by the superintendent may issue the work permit.

(f) A permit to work shall not be issued to a pupil by a person who may request a work permit for that pupil pursuant to subdivision (d).

(g) The county superintendent of schools or his or her designee may issue a work permit to a pupil who does not attend a school that has a person authorized to issue a work permit to that pupil, provided that the person issuing the work permit complies with Section 49110.2 in reviewing the academic and attendance records of the pupil prior to issuing a work permit. It is the intent of the Legislature in granting the authority pursuant to this subdivision to ensure that all pupils have a designated individual to whom they may apply to receive a work permit.

SEC. 6. Section 5.5 of this bill shall only become operative if (1) this bill and SB 406 are both enacted and become effective on or before January 1, 2008, (2) each bill amends Section 49110 of the Education Code, and (3) this bill is enacted after SB 406, in which case Section 5 of this bill shall not become operative. Except for subdivision (c) of Section 49110 of the Education Code, as added by Section 5.5 of this bill, the changes made by Section 5.5, if applicable, shall be implemented commencing at the beginning of the 2008–09 school year.

SEC. 7. Due to the unique circumstances concerning the Center for Advanced Research and Technology, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that charter schools that are established and operated pursuant to joint powers agreements are eligible to receive classroom-based instruction apportionments based on average daily attendance for the 2002–03 to 2007–08 fiscal years, inclusive, at the earliest possible time, it is necessary that this act take effect immediately.

Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 1 of Chapter 58 of the Statutes of 1997, as amended by Chapter 467 of the Statutes of 2002, is amended to read:

Section 1. (a) A charter school operating under a charter approved before June 1, 1997, by the county board of education of a county of the first class to serve at-risk pupils, may operate until June 30, 2013. The continuation of the authority of a charter school to operate pursuant to this subdivision after June 30, 2008, shall be subject to the approval of that county board of education.

(b) Notwithstanding any other provisions of the Education Code, except as set forth in subdivision (c), for the 2007–08 to 2012–13 fiscal years, inclusive, the attendance of pupils in a charter school to which this section applies shall be funded at the same rates for the same categories of pupils as community schools and community day schools in the same county.

(c) A charter school operated pursuant to subdivision (a) may, if its charter so provides, operate one or more community day schools in compliance with Article 3 (commencing with Section 48660) of Chapter 4 of Part 27 of the Education Code, except for compliance with the employment requirements in subdivision (a) of Section 48663 and subdivision (c) of Section 48664 of the Education Code, and the funded average daily attendance limitations of paragraphs (1) and (2) of subdivision (a) of Section 48664 of the Education Code, and be funded for not more than 2,000 units of average daily attendance in any fiscal year, to the extent that funding is appropriated therefor, pursuant to subdivision (a) of Section 48664 of the Education Code, as if it were a community day school operated by a county. The average daily attendance of a charter school operating pursuant to this section shall not be in addition to the average daily attendance limitation provided pursuant to subdivision (a) of Section 48664 of the Education Code.

(d) A county board of education that has approved a charter school as set forth in subdivision (a) shall establish specific accountability criteria to annually measure the performance of the charter school. The county board of education shall annually report the measurement to the State Department of Education, the Department of Finance, the Assembly Committee on Education, the Assembly Committee on Appropriations, the Senate Committee on Education, and the Senate Committee on Appropriations. The accountability criteria shall comply with the

alternative accountability system described by subdivision (h) of Section 52052 of the Education Code.

(e) If a charter school does not comply with the performance criteria described in subdivision (d), the charter school shall submit to the county board of education a plan for improvement that is designed to enable the charter school to comply with the criteria within a time determined by the county board of education.

SEC. 2. Due to the unique circumstances resulting from the intensely urbanized nature of the County of Los Angeles, it is necessary to extend the authorization for charter schools as set forth in Section 1, and the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

CHAPTER 526

(v) The extent to which pupils who have elected to receive intensive instruction and services, pursuant to paragraphs (4) and (5) of subdivision (d) of Section 37254, are being served.

(K) The county superintendent may make the status determinations described in subparagraph (J) during a single visit or multiple visits. In determining whether to make a single visit or multiple visits for this purpose, the county superintendent shall take into consideration factors such as cost-effectiveness, disruption to the schoolsite, deadlines, and the availability of qualified reviewers.

If a county superintendent surveys teachers at a school in which the county superintendent has found

sufficient textbooks and instructional materials for the previous two consecutive years and determines that the school does not have sufficient textbooks or instructional materials, the county superintendent shall within 10 business days provide a copy of the insufficiency report to the school district as set forth in paragraph (4).

(C) For purposes of this paragraph, "written surveys" may include paper and electronic or online surveys.

(4) If the county superintendent determines that a school does not have sufficient textbooks or instructional materials in accordance with subparagraph (A) of paragraph (1) of subdivision (a) of Section 60119 and as defined by subdivision (c) of Section 60119, the county superintendent shall do all of the following:

(D) If the deficiency is not remedied as required pursuant to subparagraph (C), the county superintendent shall request the department to purchase the textbooks or instructional materials necessary to comply with the sufficiency requirement of this subdivision. If the department purchases textbooks or instructional materials for the school district, the department shall issue a public statement at the first regularly scheduled meeting of the state board occurring immediately after the department receives the request of the county superintendent and that meets the applicable public notice requirements, indicating that the district superintendent and the governing board of the school district failed to provide pupils with sufficient textbooks or instructional materials as required by this subdivision. Before purchasing the textbooks or instructional materials, the department shall consult with the district to determine which textbooks or instructional materials to purchase. All purchases of textbooks or instructional materials shall comply with Chapter 3.25 (commencing with Section 60420) of Part 33. The amount of funds necessary for the purchase of the textbooks and materials is a loan to the school district receiving the textbooks or instructional materials. Unless the school district repays the amount owed based upon an agreed-upon repayment schedule with the Superintendent, the Superintendent shall notify the Controller and the Controller shall deduct an amount equal to the total amount used to purchase the textbooks and

materials from the next principal apportionment of the district or from another apportionment of state funds.

(j) Preserve carefully all reports of school officers and teachers.

(k) Deliver to his or her successor, at the close of his or her official term, all records, books, documents, and papers belonging to the office, taking a receipt for them, which shall be filed with the department.

(A) The first report shall cover the financial and budgetary status of the county office of education for the period ending October 31. The second report shall cover the period ending January 31. Both reports shall be reviewed by the county board of education and approved by the county superintendent no later than 45 days after the close of the period being reported.

(B) As part of each report, the county superintendent shall certify in writing whether or not the county office of education is able to meet its financial obligations for the remainder of the fiscal year and, based on current forecasts, for two subsequent fiscal years. The certifications shall be classified as positive, qualified, or negative, pursuant to standards prescribed by the Superintendent, for the purposes of determining subsequent state agency actions pursuant to Section 1240.1. For purposes of this subdivision, a negative certification shall be assigned to a county office of education that, based upon current projections, will not meet its financial obligations for the remainder of the fiscal year or for the subsequent fiscal year. A qualified certification shall be assigned to a county office of education that may not meet its financial obligations for the current fiscal year or two subsequent fiscal years. A positive certification shall be assigned to a county office of education that will meet its financial obligations for the current fiscal year and subsequent two fiscal years. In accordance with those standards, the Superintendent may reclassify a certification. If a county office of education receives a negative certification, the Superintendent, or his or her designee, may exercise the authority set forth in subdivision (c) of Section 1630. Copies of each certification, and of the report containing that certification, shall be sent to the Superintendent at the time the certification is submitted to the county board of education. Copies of each qualified or negative certification and the report containing that certification shall be sent to the Controller at the time the certification is submitted to the county board of education.

(2) All reports and certifications required under this subdivision shall be in a format or on forms prescribed by the Superintendent, and shall be based on standards and criteria for fiscal stability adopted by the state board pursuant to Section 33127. The reports and supporting data shall

(3) This subdivision does not preclude the submission of additional budgetary or financial reports by the county superintendent to the county board of education or to the Superintendent.

(4) The county superintendent is not responsible for the fiscal oversight of the community colleges in the county, however, he or she may perform financial services on behalf of those community colleges.

(m) If requested, act as agent for the purchase of supplies for the city and high school districts of his or her county.

(n) For purposes of Section 44421.5, report to the Commission on Teacher Credentialing the identity of a certificated person who knowingly and willingly reports false fiscal expenditure data relative to the conduct of an educational program. This requirement applies only if, in the course of his or her normal duties, the county superintendent discovers information that gives him or her reasonable cause to believe that false fiscal expenditure data relative to the conduct of an educational program has been reported.

(3) A complaint related to the condition of facilities that pose an emergency or urgent threat to the health or safety of pupils or staff as defined in paragraph (1) of subdivision (c) of Section 17592.72 and any other emergency conditions the school district determines appropriate and the requirements established pursuant to subdivision (a) of Section 35292.5.

The Superintendent shall then apportion to each school district an amount equal to the per pupil rate determined pursuant to this paragraph multiplied by the number of eligible grade 12 pupils reported pursuant to paragraph (7) of subdivision (d).

(2) If funds appropriated for purposes of paragraph (1) are not exhausted after the apportionment pursuant to paragraph (1) is made, the Superintendent shall determine a per pupil rate of funding for eligible pupils in grade 11 by dividing the total amount of funds appropriated for purposes of this section remaining after the apportionment pursuant to paragraph (1) has been made by dividing the total number of eligible pupils in grade 11 reported by school districts in accordance with

paragraph (7) of subdivision (d). The Superintendent shall apportion to each school district an amount equal to the per pupil rate determined pursuant to this paragraph multiplied by the number of eligible grade 11 pupils reported pursuant to paragraph (7) of subdivision (d).

CHAPTER 531

An act to amend Section 25402 of the Public Resources Code, relating to water conservation.

[Approved by Governor October 12, 2007. Filed with Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 25402 of the Public Resources Code is amended to read:

25402. The commission shall, after one or more public hearings, do all of the following, in order to reduce the wasteful, uneconomic, inefficient, or unnecessary consumption of energy:

(a) Prescribe, by regulation, lighting, insulation climate control system, and other building design and construction standards that increase the efficiency in the use of energy for new residential and new nonresidential buildings. The standards shall be cost effective, when taken in their entirety, and when amortized over the economic life of the structure

when compared with historic practice. The commission shall periodically update the standards and adopt any revision that, in its judgment, it deems necessary. Six months after the commission certifies an energy conservation manual pursuant to subdivision (c) of Section 25402.1, no city, county, city and county, or state agency shall issue a permit for any building unless the building satisfies the standards prescribed by the commission pursuant to this subdivision or subdivision (b) that are in effect on the date an application for a building permit is filed.

(b) Prescribe, by regulation, energy conservation design standards for new residential and new nonresidential buildings. The standards shall be performance standards and shall be promulgated in terms of energy consumption per gross square foot of floorspace, but may also include devices, systems, and techniques required to conserve energy. The standards shall be cost effective when taken in their entirety, and when amortized over the economic life of the structure when compared with historic practices. The commission shall periodically review the standards and adopt any revision that, in its judgment, it deems necessary. A building that satisfies the standards prescribed pursuant to this subdivision need not comply with the standards prescribed pursuant to subdivision (a). The commission shall comply with this subdivision before January 1, 1981.

(c) (1) Prescribe, by regulation, standards for minimum levels of operating efficiency, based on a reasonable use pattern, and may prescribe other cost-effective measures, including incentive programs, fleet averaging, energy and water consumption labeling not preempted by federal labeling law, and consumer education programs, to promote the use of energy- and water-efficient appliances whose use, as determined by the commission, requires a significant amount of energy or water on a statewide basis. The minimum levels of operating efficiency shall be based on feasible and attainable efficiencies or feasible improved efficiencies that will reduce the energy or water consumption growth rates. The standards shall become effective no sooner than one year after the date of adoption or revision. No new appliance manufactured on or after the effective date of the standards may be sold or offered for sale in the state, unless it is certified by the manufacturer thereof to be in compliance with the standards. The standards shall be drawn so that they do not result in any added total costs for consumers over the designed life of the appliances concerned.

In order to increase public participation and improve the efficacy of the standards adopted pursuant to this subdivision, the commission shall, prior to publication of the notice of proposed action required by Section 18935 of the Health and Safety Code, involve parties who would be subject to the proposed regulations in public meetings regarding the

proposed regulations. All potential affected parties shall be provided advance notice of these meetings and given an opportunity to provide written or oral comments. During these public meetings, the commission shall receive and take into consideration input from all parties concerning the parties' design recommendations, cost considerations, and other factors that would affect consumers and California businesses of the proposed standard. The commission shall take into consideration prior to the start of the notice of proposed action any input provided during these public meetings.

The standards adopted or revised pursuant to this subdivision shall not result in any added total costs for consumers over the designed life of the appliances concerned. When determining cost-effectiveness, the commission shall consider the value of the water or energy saved, impact on product efficacy for the consumer, and the life cycle cost to the consumer of complying with the standard. The commission shall consider other relevant factors, as required by Sections 11346.5 and 11357 of the Government Code, including, but not limited to, the impact on housing costs, the total statewide costs and benefits of the standard over its lifetime, economic impact on California businesses, and alternative approaches and their associated costs.

(2) No new appliance, except for any plumbing fitting, regulated under paragraph (1), that is manufactured on or after July 1, 1984, may be sold, or offered for sale, in the state, unless the date of the manufacture is permanently displayed in an accessible place on that appliance.

(3) During the period of five years after the commission has adopted a standard for a particular appliance under paragraph (1), no increase or decrease in the minimum level of operating efficiency required by the standard for that appliance shall become effective, unless the commission adopts other cost-effective measures for that appliance.

(4) Neither the commission nor any other state agency shall take any action to decrease any standard adopted under this subdivision on or before June 30, 1985, prescribing minimum levels of operating efficiency or other energy conservation measures for any appliance, unless the commission finds by a four-fifths vote that a decrease is of benefit to ratepayers, and that there is significant evidence of changed circumstances. Before January 1, 1986, the commission shall not take any action to increase a standard prescribing minimum levels of operating efficiency for any appliance or adopt a new standard under paragraph (1). Before January 1, 1986, any appliance manufacturer doing business in this state shall provide directly, or through an appropriate trade or industry association, information, as specified by the commission after consultation with manufacturers doing business in the state and appropriate trade or industry associations on sales of appliances so that

the commission may study the effects of regulations on those sales. These informational requirements shall remain in effect until the information is received. The trade or industry association may submit sales information in an aggregated form in a manner that allows the commission to carry out the purposes of the study. The commission shall treat any sales information of an individual manufacturer as confidential and that information shall not be a public record. The commission shall not request any information that cannot be reasonably produced in the exercise of due diligence by the manufacturer. At least one year prior to the adoption or amendment of a standard for an appliance, the commission shall notify the Legislature of its intent, and the justification to adopt or amend a standard for the appliance. Notwithstanding paragraph (3) and this paragraph, the commission may do any of the following:

(A) Increase the minimum level of operating efficiency in an existing standard up to the level of the National Voluntary Consensus Standards 90, adopted by the American Society of Heating, Refrigeration, and Air Conditioning Engineers or, for appliances not covered by that standard, up to the level established in a similar nationwide consensus standard.

(B) Change the measure or rating of efficiency of any standard, if the minimum level of operating efficiency remains substantially the same.

(C) Adjust the minimum level of operating efficiency in an existing standard in order to reflect changes in test procedures that the standards require manufacturers to use in certifying compliance, if the minimum level of operating efficiency remains substantially the same.

(D) Readopt a standard preempted, enjoined, or otherwise found legally defective by an administrative agency or a lower court, if final legal action determines that the standard is valid and if the standard that is readopted is not more stringent than the standard that was found to be defective or preempted.

(E) Adopt or amend any existing or new standard at any level of operating efficiency, if the Governor has declared an energy emergency as described in Section 8558 of the Government Code.

(5) Notwithstanding paragraph (4), the commission may adopt standards pursuant to Commission Order No. 84-0111-1, on or before June 30, 1985.

(d) Recommend minimum standards of efficiency for the operation of any new facility at a particular site that are technically and economically feasible. No site and related facility shall be certified pursuant to Chapter 6 (commencing with Section 25500), unless the applicant certifies that standards recommended by the commission have been considered, which certification shall include a statement specifying

the extent to which conformance with the recommended standards will be achieved.

Whenever this section and Chapter 11.5 (commencing with Section 19878) of Part 3 of Division 13 of the Health and Safety Code are in conflict, the commission shall be governed by that chapter of the Health and Safety Code to the extent of the conflict.

(e) The commission shall do all of the following:

(1) Not later than January 1, 2004, amend any regulations in effect on January 1, 2003, pertaining to the energy efficiency standards for residential clothes washers to require that residential clothes washers manufactured on or after January 1, 2007, be at least as water efficient as commercial clothes washers.

(2) Not later than April 1, 2004, petition the federal Department of Energy for an exemption from any relevant federal regulations governing energy efficiency standards that are applicable to residential clothes washers.

(3) Not later than January 1, 2005, report to the Legislature on its progress with respect to the requirements of paragraphs (1) and (2).

SEC. 2. Section 25402 of the Public Resources Code is amended to read:

25402. The commission shall, after one or more public hearings, do all of the following, in order to reduce the wasteful, uneconomic, inefficient, or unnecessary consumption of energy, including the energy associated with the use of water:

(a) (1) Prescribe, by regulation, lighting, insulation climate control system, and other building design and construction standards that increase the efficiency in the use of energy and water for new residential and new nonresidential buildings. The commission shall periodically update the standards and adopt any revision that, in its judgment, it deems necessary. Six months after the commission certifies an energy conservation manual pursuant to subdivision (c) of Section 25402.1, no city, county, city and county, or state agency shall issue a permit for any building unless the building satisfies the standards prescribed by the commission pursuant to this subdivision or subdivision (b) of this section that are in effect on the date an application for a building permit is filed. Water efficiency standards adopted pursuant to this subdivision shall be demonstrated by the commission to be necessary to save energy.

(2) Prior to adopting a water efficiency standard for residential buildings, the Department of Housing and Community Development and the commission shall issue a joint finding whether the standard (A) is equivalent or superior in performance, safety, and for the protection of life, health, and general welfare to standards in Title 24 of the California Code of Regulations and (B) does not unreasonably or

unnecessarily impact the ability of Californians to purchase or rent affordable housing, as determined by taking account of the overall benefit derived from the water efficiency standards. Nothing in this subdivision in any way reduces the authority of the Department of Housing and Community Development to adopt standards and regulations pursuant to Part 1.5 (commencing with Section 17910) of Division 13 of the Health and Safety Code.

(3) Water efficiency standards and water conservation design standards adopted pursuant to this subdivision and subdivision (b) shall be consistent with the legislative findings of this division to ensure and maintain a reliable supply of electrical energy and be equivalent to or superior to the performance, safety, and protection of life, health, and general welfare standards contained in Title 24 of the California Code of Regulations. The commission shall consult with the members of the coordinating council as established in Section 18926 of the Health and Safety Code in the development of these standards.

(b) (1) Prescribe, by regulation, energy and water conservation design standards for new residential and new nonresidential buildings. The standards shall be performance standards and shall be promulgated in terms of energy consumption per gross square foot of floorspace, but may also include devices, systems, and techniques required to conserve energy and water. The commission shall periodically review the standards and adopt any revision that, in its judgment, it deems necessary. A building that satisfies the standards prescribed pursuant to this subdivision need not comply with the standards prescribed pursuant to subdivision (a). Water conservation design standards adopted pursuant to this subdivision shall be demonstrated by the commission to be necessary to save energy. Prior to adopting a water conservation design standard for residential buildings, the Department of Housing and Community Development and the commission shall issue a joint finding whether the standard (A) is equivalent or superior in performance, safety, and for the protection of life, health, and general welfare to standards in the California Building Standards Code and (B) does not unreasonably or unnecessarily impact the ability of Californians to purchase or rent affordable housing, as determined by taking account of the overall benefit derived from the water conservation design standards. Nothing in this subdivision in any way reduces the authority of the Department of Housing and Community Development to adopt standards and regulations pursuant to Part 1.5 (commencing with Section 17910) of Division 13 of the Health and Safety Code.

(2) In order to increase public participation and improve the efficacy of the standards adopted pursuant to subdivisions (a) and (b), the commission shall, prior to publication of the notice of proposed action

required by Section 18935 of the Health and Safety Code, involve parties who would be subject to the proposed regulations in public meetings regarding the proposed regulations. All potential affected parties shall be provided advance notice of these meetings and given an opportunity to provide written or oral comments. During these public meetings, the commission shall receive and take into consideration input from all parties concerning the parties' design recommendations, cost considerations, and other factors that would affect consumers and California businesses of the proposed standard. The commission shall take into consideration prior to the start of the notice of proposed action any input provided during these public meetings.

(3) The standards adopted or revised pursuant to subdivisions (a) and (b) shall be cost effective when taken in their entirety and when amortized over the economic life of the structure compared with historic practice. When determining cost-effectiveness, the commission shall consider the value of the water or energy saved, impact on product efficacy for the consumer, and the life cycle cost of complying with the standard. The commission shall consider other relevant factors, as required by Sections 18930 and 18935 of the Health and Safety Code, including, but not limited to, the impact on housing costs, the total statewide costs and benefits of the standard over its lifetime, economic impact on California businesses, and alternative approaches and their associated costs.

(c) (1) Prescribe, by regulation, standards for minimum levels of operating efficiency, based on a reasonable use pattern, and may prescribe other cost-effective measures, including incentive programs, fleet averaging, energy consumption labeling not preempted by federal labeling law, and consumer education programs, to promote the use of energy- and water-efficient appliances whose use, as determined by the commission, requires a significant amount of energy or water on a statewide basis. The minimum levels of operating efficiency shall be based on feasible and attainable efficiencies or feasible improved efficiencies that will reduce the energy or water consumption growth rates. The standards shall become effective no sooner than one year after the date of adoption or revision. No new appliance manufactured on or after the effective date of the standards may be sold or offered for sale in the state, unless it is certified by the manufacturer thereof to be in compliance with the standards. The standards shall be drawn so that they do not result in any added total costs for consumers over the designed life of the appliances concerned.

In order to increase public participation and improve the efficacy of the standards adopted pursuant to this subdivision, the commission shall, prior to publication of the notice of proposed action required by Section 18935 of the Health and Safety Code, involve parties who would be

subject to the proposed regulations in public meetings regarding the proposed regulations. All potential affected parties shall be provided advance notice of these meetings and given an opportunity to provide written or oral comments. During these public meetings, the commission shall receive and take into consideration input from all parties concerning the parties' design recommendations, cost considerations, and other factors that would affect consumers and California businesses of the proposed standard. The commission shall take into consideration prior to the start of the notice of proposed action any input provided during these public meetings.

The standards adopted or revised pursuant to this subdivision shall not result in any added total costs for consumers over the designed life of the appliances concerned. When determining cost-effectiveness, the commission shall consider the value of the water or energy saved, impact on product efficacy for the consumer, and the life cycle cost to the consumer of complying with the standard. The commission shall consider other relevant factors, as required by Sections 11346.5 and 11357 of the Government Code, including, but not limited to, the impact on housing costs, the total statewide costs and benefits of the standard over its lifetime, economic impact on California businesses, and alternative approaches and their associated costs.

(2) No new appliance, except for any plumbing fitting, regulated under paragraph (1), that is manufactured on or after July 1, 1984, may be sold, or offered for sale, in the state, unless the date of the manufacture is permanently displayed in an accessible place on that appliance.

(3) During the period of five years after the commission has adopted a standard for a particular appliance under paragraph (1), no increase or decrease in the minimum level of operating efficiency required by the standard for that appliance shall become effective, unless the commission adopts other cost-effective measures for that appliance.

(4) Neither the commission nor any other state agency shall take any action to decrease any standard adopted under this subdivision on or before June 30, 1985, prescribing minimum levels of operating efficiency or other energy conservation measures for any appliance, unless the commission finds by a four-fifths vote that a decrease is of benefit to ratepayers, and that there is significant evidence of changed circumstances. Before January 1, 1986, the commission shall not take any action to increase a standard prescribing minimum levels of operating efficiency for any appliance or adopt a new standard under paragraph (1). Before January 1, 1986, any appliance manufacturer doing business in this state shall provide directly, or through an appropriate trade or industry association, information, as specified by the commission after consultation with manufacturers doing business in the state and

appropriate trade or industry associations on sales of appliances so that the commission may study the effects of regulations on those sales. These informational requirements shall remain in effect until the information is received. The trade or industry association may submit sales information in an aggregated form in a manner that allows the commission to carry out the purposes of the study. The commission shall treat any sales information of an individual manufacturer as confidential and that information shall not be a public record. The commission shall not request any information that cannot be reasonably produced in the exercise of due diligence by the manufacturer. At least one year prior to the adoption or amendment of a standard for an appliance, the commission shall notify the Legislature of its intent, and the justification, to adopt or amend a standard for the appliance. Notwithstanding paragraph (3) and this paragraph, the commission may do any of the following:

(A) Increase the minimum level of operating efficiency in an existing standard up to the level of the National Voluntary Consensus Standards 90, adopted by the American Society of Heating, Refrigeration, and Air Conditioning Engineers or, for appliances not covered by that standard, up to the level established in a similar nationwide consensus standard.

(B) Change the measure or rating of efficiency of any standard, if the minimum level of operating efficiency remains substantially the same.

(C) Adjust the minimum level of operating efficiency in an existing standard in order to reflect changes in test procedures that the standards require manufacturers to use in certifying compliance, if the minimum level of operating efficiency remains substantially the same.

(D) Readopt a standard preempted, enjoined, or otherwise found legally defective by an administrative agency or a lower court, if final legal action determines that the standard is valid and if the standard that is readopted is not more stringent than the standard that was found to be defective or preempted.

(E) Adopt or amend any existing or new standard at any level of operating efficiency, if the Governor has declared an energy emergency as described in Section 8558 of the Government Code.

(5) Notwithstanding paragraph (4), the commission may adopt standards pursuant to Commission Order No. 84-0111-1, on or before June 30, 1985.

(d) Recommend minimum standards of efficiency for the operation of any new facility at a particular site that are technically and economically feasible. No site and related facility shall be certified pursuant to Chapter 6 (commencing with Section 25500), unless the applicant certifies that standards recommended by the commission have been considered, which certification shall include a statement specifying

the extent to which conformance with the recommended standards will be achieved.

Whenever this section and Chapter 11.5 (commencing with Section 19878) of Part 3 of Division 13 of the Health and Safety Code are in conflict, the commission shall be governed by that chapter of the Health and Safety Code to the extent of the conflict.

(e) The commission shall do all of the following:

(1) Not later than January 1, 2004, amend any regulations in effect on January 1, 2003, pertaining to the energy efficiency standards for residential clothes washers to require that residential clothes washers manufactured on or after January 1, 2007, be at least as water efficient as commercial clothes washers.

(2) Not later than April 1, 2004, petition the federal Department of Energy for an exemption from any relevant federal regulations governing energy efficiency standards that are applicable to residential clothes washers.

(3) Not later than January 1, 2005, report to the Legislature on its progress with respect to the requirements of paragraphs (1) and (2).

SEC. 3. Section 2 of this bill incorporates amendments to Section 25402 of the Public Resources Code proposed by both this bill and AB 1560. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2008, (2) each bill amends Section 25402 of the Public Resources Code, and (3) this bill is enacted after AB 1560, in which case Section 1 of this bill shall not become operative.

CHAPTER 532

An act to add Section 17921.10 to the Health and Safety Code, and to amend Section 25402 of the Public Resources Code, relating to public resources.

[Approved by Governor October 12, 2007. Filed with Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 17921.10 is added to the Health and Safety Code, to read:

17921.10. (a) The standards proposed by the department pursuant to Section 17921 may include voluntary best practice and mandatory requirements related to environmentally preferable water using devices

and measures. The standards shall not unreasonably or unnecessarily impact the ability of Californians to purchase or rent affordable housing, as determined by taking account of the overall benefit derived from the standards.

(b) Nothing in this section shall in any way reduce the authority of the State Energy Resources Conservation and Development Commission to adopt standards and regulations or take other actions pursuant to Division 15 (commencing with Section 25000) of the Public Resources Code.

SEC. 2. Section 25402 of the Public Resources Code is amended to read:

25402. The commission shall, after one or more public hearings, do all of the following, in order to reduce the wasteful, uneconomic, inefficient, or unnecessary consumption of energy, including the energy associated with the use of water:

(a) (1) Prescribe, by regulation, lighting, insulation climate control system, and other building design and construction standards that increase the efficiency in the use of energy and water for new residential and new nonresidential buildings. The commission shall periodically update the standards and adopt any revision that, in its judgment, it deems necessary. Six months after the commission certifies an energy conservation manual pursuant to subdivision (c) of Section 25402.1, no city, county, city and county, or state agency shall issue a permit for any building unless the building satisfies the standards prescribed by the commission pursuant to this subdivision or subdivision (b) of this section that are in effect on the date an application for a building permit is filed. Water efficiency standards adopted pursuant to this subdivision shall be demonstrated by the commission to be necessary to save energy.

(2) Prior to adopting a water efficiency standard for residential buildings, the Department of Housing and Community Development and the commission shall issue a joint finding whether the standard (A) is equivalent or superior in performance, safety, and for the protection of life, health, and general welfare to standards in Title 24 of the California Code of Regulations and (B) does not unreasonably or unnecessarily impact the ability of Californians to purchase or rent affordable housing, as determined by taking account of the overall benefit derived from the water efficiency standards. Nothing in this subdivision in any way reduces the authority of the Department of Housing and Community Development to adopt standards and regulations pursuant to Part 1.5 (commencing with Section 17910) of Division 13 of the Health and Safety Code.

(3) Water efficiency standards and water conservation design standards adopted pursuant to this subdivision and subdivision (b) shall be

consistent with the legislative findings of this division to ensure and maintain a reliable supply of electrical energy and be equivalent to or superior to the performance, safety, and protection of life, health, and general welfare standards contained in Title 24 of the California Code of Regulations. The commission shall consult with the members of the coordinating council as established in Section 18926 of the Health and Safety Code in the development of these standards.

(b) (1) Prescribe, by regulation, energy and water conservation design standards for new residential and new nonresidential buildings. The standards shall be performance standards and shall be promulgated in terms of energy consumption per gross square foot of floorspace, but may also include devices, systems, and techniques required to conserve energy and water. The commission shall periodically review the standards and adopt any revision that, in its judgment, it deems necessary. A building that satisfies the standards prescribed pursuant to this subdivision need not comply with the standards prescribed pursuant to subdivision (a). Water conservation design standards adopted pursuant to this subdivision shall be demonstrated by the commission to be necessary to save energy. Prior to adopting a water conservation design standard for residential buildings, the Department of Housing and Community Development and the commission shall issue a joint finding whether the standard (A) is equivalent or superior in performance, safety, and for the protection of life, health, and general welfare to standards in the California Building Standards Code and (B) does not unreasonably or unnecessarily impact the ability of Californians to purchase or rent affordable housing, as determined by taking account of the overall benefit derived from the water conservation design standards. Nothing in this subdivision in any way reduces the authority of the Department of Housing and Community Development to adopt standards and regulations pursuant to Part 1.5 (commencing with Section 17910) of Division 13 of the Health and Safety Code.

(2) In order to increase public participation and improve the efficacy of the standards adopted pursuant to subdivisions (a) and (b), the commission shall, prior to publication of the notice of proposed action required by Section 18935 of the Health and Safety Code, involve parties who would be subject to the proposed regulations in public meetings regarding the proposed regulations. All potential affected parties shall be provided advance notice of these meetings and given an opportunity to provide written or oral comments. During these public meetings, the commission shall receive and take into consideration input from all parties concerning the parties' design recommendations, cost considerations, and other factors that would affect consumers and California businesses of the proposed standard. The commission shall

take into consideration prior to the start of the notice of proposed action any input provided during these public meetings.

(3) The standards adopted or revised pursuant to subdivisions (a) and (b) shall be cost-effective when taken in their entirety and when amortized over the economic life of the structure compared with historic practice. When determining cost-effectiveness, the commission shall consider the value of the water or energy saved, impact on product efficacy for the consumer, and the life cycle cost of complying with the standard. The commission shall consider other relevant factors, as required by Sections 18930 and 18935 of the Health and Safety Code, including, but not limited to, the impact on housing costs, the total statewide costs and benefits of the standard over its lifetime, economic impact on California businesses, and alternative approaches and their associated costs.

(c) (1) Prescribe, by regulation, standards for minimum levels of operating efficiency, based on a reasonable use pattern, and may prescribe other cost-effective measures, including incentive programs, fleet averaging, energy consumption labeling not preempted by federal labeling, and consumer education programs, to promote the use of energy efficient appliances whose use, as determined by the commission, requires a significant amount of energy on a statewide basis. The minimum levels of operating efficiency shall be based on feasible and attainable efficiencies or feasible improved efficiencies that will reduce the electrical energy consumption growth rate. The standards shall become effective no sooner than one year after the date of adoption or revision. No new appliance manufactured on or after the effective date of the standards may be sold or offered for sale in the state, unless it is certified by the manufacturer thereof to be in compliance with the standards. The standards shall be drawn so that they do not result in any added total costs to the consumer over the designed life of the appliances concerned.

(2) No new appliance, except for any plumbing fitting, regulated under paragraph (1), which is manufactured on or after July 1, 1984, may be sold, or offered for sale, in the state, unless the date of the manufacture is permanently displayed in an accessible place on that appliance.

(3) During the period of five years after the commission has adopted a standard for a particular appliance under paragraph (1), no increase or decrease in the minimum level of operating efficiency required by the standard for that appliance shall become effective, unless the commission adopts other cost-effective measures for that appliance.

(4) Neither the commission nor any other state agency shall take any action to decrease any standard adopted under this subdivision on or

before June 30, 1985, prescribing minimum levels of operating efficiency or other energy conservation measures for any appliance, unless the commission finds by a four-fifths vote that a decrease is of benefit to ratepayers, and that there is significant evidence of changed circumstances. Prior to January 1, 1986, the commission shall not take any action to increase any standard prescribing minimum levels of operating efficiency for any appliance or adopt any new standard under paragraph (1). Prior to January 1, 1986, any appliance manufacturer doing business in this state shall provide directly, or through an appropriate trade or industry association, information, as specified by the commission after consultation with manufacturers doing business in the state and appropriate trade or industry associations on sales of appliances so that the commission may study the effects of regulations on those sales. These informational requirements shall remain in effect until the information is received. The trade or industry association may submit sales information in an aggregated form in a manner that allows the commission to carry out the purposes of the study. The commission shall treat any sales information of an individual manufacturer as confidential and that information shall not be a public record. The commission shall not request any information that cannot be reasonably produced in the exercise of due diligence by the manufacturer. At least one year prior to the adoption or amendment of a standard for an appliance, the commission shall notify the Legislature of its intent, and the justification to adopt or amend a standard for the appliance. Notwithstanding paragraph (3) and this paragraph, the commission may do any of the following:

(A) Increase the minimum level of operating efficiency in an existing standard up to the level of the National Voluntary Consensus Standards 90, adopted by the American Society of Heating, Refrigeration, and Air Conditioning Engineers or, for appliances not covered by that standard, up to the level established in a similar nationwide consensus standard.

(B) Change the measure or rating of efficiency of any standard, if the minimum level of operating efficiency remains substantially the same.

(C) Adjust the minimum level of operating efficiency in an existing standard in order to reflect changes in test procedures that the standards require manufacturers to use in certifying compliance, if the minimum level of operating efficiency remains substantially the same.

(D) Readopt a standard preempted, enjoined, or otherwise found legally defective by an administrative agency or a lower court, if final legal action determines that the standard is valid and if the standard that is readopted is not more stringent than the standard that was found to be defective or preempted.

(E) Adopt or amend any existing or new standard at any level of operating efficiency, if the Governor has declared an energy emergency pursuant to Section 8558 of the Government Code.

(5) Notwithstanding paragraph (4), the commission may adopt standards pursuant to Commission Order No. 84-0111-1, on or before June 30, 1985.

(d) Recommend minimum standards of efficiency for the operation of any new facility at a particular site that are technically and economically feasible. No site and related facility shall be certified pursuant to Chapter 6 (commencing with Section 25500), unless the applicant certifies that standards recommended by the commission have been considered, which certification shall include a statement specifying the extent to which conformance with the recommended standards will be achieved.

Whenever this section and Chapter 11.5 (commencing with Section 19878) of Part 3 of Division 13 of the Health and Safety Code are in conflict, the commission shall be governed by that chapter of the Health and Safety Code to the extent of the conflict.

(e) The commission shall do all of the following:

(1) Not later than January 1, 2004, amend any regulations in effect on January 1, 2003, pertaining to the energy efficiency standards for residential clothes washers to require that residential clothes washers manufactured on or after January 1, 2007, be at least as water efficient as commercial clothes washers.

(2) Not later than April 1, 2004, petition the federal Department of Energy for an exemption from any relevant federal regulations governing energy efficiency standards that are applicable to residential clothes washers.

(3) Not later than January 1, 2005, report to the Legislature on its progress with respect to the requirements of paragraphs (1) and (2).

SEC. 3. Section 25402 of the Public Resources Code is amended to read:

25402. The commission shall, after one or more public hearings, do all of the following, in order to reduce the wasteful, uneconomic, inefficient, or unnecessary consumption of energy, including the energy associated with the use of water:

(a) (1) Prescribe, by regulation, lighting, insulation climate control system, and other building design and construction standards that increase the efficiency in the use of energy and water for new residential and new nonresidential buildings. The commission shall periodically update the standards and adopt any revision that, in its judgment, it deems necessary. Six months after the commission certifies an energy conservation manual pursuant to subdivision (c) of Section 25402.1, no city, county, city and

county, or state agency shall issue a permit for any building unless the building satisfies the standards prescribed by the commission pursuant to this subdivision or subdivision (b) that are in effect on the date an application for a building permit is filed. Water efficiency standards adopted pursuant to this subdivision shall be demonstrated by the commission to be necessary to save energy.

(2) Prior to adopting a water efficiency standard for residential buildings, the Department of Housing and Community Development and the commission shall issue a joint finding whether the standard (A) is equivalent or superior in performance, safety, and for the protection of life, health, and general welfare to standards in Title 24 of the California Code of Regulations and (B) does not unreasonably or unnecessarily impact the ability of Californians to purchase or rent affordable housing, as determined by taking account of the overall benefit derived from water efficiency standards. Nothing in this subdivision in any way reduces the authority of the Department of Housing and Community Development to adopt standards and regulations pursuant to Part 1.5 (commencing with Section 17910) of Division 13 of the Health and Safety Code.

(3) Water efficiency standards and water conservation design standards adopted pursuant to this subdivision and subdivision (b) shall be consistent with the legislative findings of this division to ensure and maintain a reliable supply of electrical energy and be equivalent to or superior to the performance, safety, and protection of life, health, and general welfare standards contained in Title 24 of the California Code of Regulations. The commission shall consult with the members of the coordinating council as established in Section 18926 of the Health and Safety Code in the development of these standards.

(b) (1) Prescribe, by regulation, energy and water conservation design standards for new residential and new nonresidential buildings. The standards shall be performance standards and shall be promulgated in terms of energy consumption per gross square foot of floorspace, but may also include devices, systems, and techniques required to conserve energy and water. The commission shall periodically review the standards and adopt any revision that, in its judgment, it deems necessary. A building that satisfies the standards prescribed pursuant to this subdivision need not comply with the standards prescribed pursuant to subdivision (a). Water conservation design standards adopted pursuant to this subdivision shall be demonstrated by the commission to be necessary to save energy. Prior to adopting a water conservation design standard for residential buildings, the Department of Housing and Community Development and the commission shall issue a joint finding whether the standard (A) is equivalent or superior in performance, safety, and for

the protection of life, health, and general welfare to standards in the California Building Standards Code and (B) does not unreasonably or unnecessarily impact the ability of Californians to purchase or rent affordable housing, as determined by taking account of the overall benefit derived from the water conservation design standards. Nothing in this subdivision in any way reduces the authority of the Department of Housing and Community Development to adopt standards and regulations pursuant to Part 1.5 (commencing with Section 17910) of Division 13 of the Health and Safety Code.

(2) In order to increase public participation and improve the efficacy of the standards adopted pursuant to subdivisions (a) and (b), the commission shall, prior to publication of the notice of proposed action required by Section 18935 of the Health and Safety Code, involve parties who would be subject to the proposed regulations in public meetings regarding the proposed regulations. All potential affected parties shall be provided advance notice of these meetings and given an opportunity to provide written or oral comments. During these public meetings, the commission shall receive and take into consideration input from all parties concerning the parties' design recommendations, cost considerations, and other factors that would affect consumers and California businesses of the proposed standard. The commission shall take into consideration prior to the start of the notice of proposed action any input provided during these public meetings.

(3) The standards adopted or revised pursuant to subdivisions (a) and (b) shall be cost-effective when taken in their entirety and when amortized over the economic life of the structure compared with historic practice. When determining cost-effectiveness, the commission shall consider the value of the water or energy saved, impact on product efficacy for the consumer, and the life cycle cost of complying with the standard. The commission shall consider other relevant factors, as required by Sections 18930 and 18935 of the Health and Safety Code, including, but not limited to, the impact on housing costs, the total statewide costs and benefits of the standard over its lifetime, economic impact on California businesses, and alternative approaches and their associated costs.

(c) (1) Prescribe, by regulation, standards for minimum levels of operating efficiency, based on a reasonable use pattern, and may prescribe other cost-effective measures, including incentive programs, fleet averaging, energy and water consumption labeling not preempted by federal labeling law, and consumer education programs, to promote the use of energy and water efficient appliances whose use, as determined by the commission, requires a significant amount of energy or water on a statewide basis. The minimum levels of operating efficiency shall be

based on feasible and attainable efficiencies or feasible improved efficiencies that will reduce the energy or water consumption growth rates. The standards shall become effective no sooner than one year after the date of adoption or revision. No new appliance manufactured on or after the effective date of the standards may be sold or offered for sale in the state, unless it is certified by the manufacturer thereof to be in compliance with the standards. The standards shall be drawn so that they do not result in any added total costs for consumers over the designed life of the appliances concerned.

In order to increase public participation and improve the efficacy of the standards adopted pursuant to this subdivision, the commission shall, prior to publication of the notice of proposed action required by Section 18935 of the Health and Safety Code, involve parties who would be subject to the proposed regulations in public meetings regarding the proposed regulations. All potential affected parties shall be provided advance notice of these meetings and given an opportunity to provide written or oral comments. During these public meetings, the commission shall receive and take into consideration input from all parties concerning the parties' design recommendations, cost considerations, and other factors that would affect consumers and California businesses of the proposed standard. The commission shall take into consideration prior to the start of the notice of proposed action any input provided during these public meetings.

The standards adopted or revised pursuant to this subdivision shall not result in any added total costs for consumers over the designed life of the appliances concerned. When determining cost-effectiveness, the commission shall consider the value of the water or energy saved, impact on product efficacy for the consumer, and the life cycle cost to the consumer of complying with the standard. The commission shall consider other relevant factors, as required by Sections 11346.5 and 11357 of the Government Code, including, but not limited to, the impact on housing costs, the total statewide costs and benefits of the standard over its lifetime, economic impact on California businesses, and alternative approaches and their associated costs.

(2) No new appliance, except for any plumbing fitting, regulated under paragraph (1), that is manufactured on or after July 1, 1984, may be sold, or offered for sale, in the state, unless the date of the manufacture is permanently displayed in an accessible place on that appliance.

(3) During the period of five years after the commission has adopted a standard for a particular appliance under paragraph (1), no increase or decrease in the minimum level of operating efficiency required by the standard for that appliance shall become effective, unless the commission adopts other cost-effective measures for that appliance.

(4) Neither the commission nor any other state agency shall take any action to decrease any standard adopted under this subdivision on or before June 30, 1985, prescribing minimum levels of operating efficiency or other energy conservation measures for any appliance, unless the commission finds by a four-fifths vote that a decrease is of benefit to ratepayers, and that there is significant evidence of changed circumstances. Before January 1, 1986, the commission shall not take any action to increase a standard prescribing minimum levels of operating efficiency for any appliance or adopt a new standard under paragraph (1). Before January 1, 1986, any appliance manufacturer doing business in this state shall provide directly, or through an appropriate trade or industry association, information, as specified by the commission after consultation with manufacturers doing business in the state and appropriate trade or industry associations on sales of appliances so that the commission may study the effects of regulations on those sales. These informational requirements shall remain in effect until the information is received. The trade or industry association may submit sales information in an aggregated form in a manner that allows the commission to carry out the purposes of the study. The commission shall treat any sales information of an individual manufacturer as confidential and that information shall not be a public record. The commission shall not request any information that cannot be reasonably produced in the exercise of due diligence by the manufacturer. At least one year prior to the adoption or amendment of a standard for an appliance, the commission shall notify the Legislature of its intent, and the justification to adopt or amend a standard for the appliance. Notwithstanding paragraph (3) and this paragraph, the commission may do any of the following:

(A) Increase the minimum level of operating efficiency in an existing standard up to the level of the National Voluntary Consensus Standards 90, adopted by the American Society of Heating, Refrigeration, and Air Conditioning Engineers or, for appliances not covered by that standard, up to the level established in a similar nationwide consensus standard.

(B) Change the measure or rating of efficiency of any standard, if the minimum level of operating efficiency remains substantially the same.

(C) Adjust the minimum level of operating efficiency in an existing standard in order to reflect changes in test procedures that the standards require manufacturers to use in certifying compliance, if the minimum level of operating efficiency remains substantially the same.

(D) Readopt a standard preempted, enjoined, or otherwise found legally defective by an administrative agency or a lower court, if final legal action determines that the standard is valid and if the standard that

is readopted is not more stringent than the standard that was found to be defective or preempted.

(E) Adopt or amend any existing or new standard at any level of operating efficiency, if the Governor has declared an energy emergency as described in Section 8558 of the Government Code.

(5) Notwithstanding paragraph (4), the commission may adopt standards pursuant to Commission Order No. 84-0111-1, on or before June 30, 1985.

(d) Recommend minimum standards of efficiency for the operation of any new facility at a particular site that are technically and economically feasible. No site and related facility shall be certified pursuant to Chapter 6 (commencing with Section 25500), unless the applicant certifies that standards recommended by the commission have been considered, which certification shall include a statement specifying the extent to which conformance with the recommended standards will be achieved.

Whenever this section and Chapter 11.5 (commencing with Section 19878) of Part 3 of Division 13 of the Health and Safety Code are in conflict, the commission shall be governed by that chapter of the Health and Safety Code to the extent of the conflict.

(e) The commission shall do all of the following:

(1) Not later than January 1, 2004, amend any regulations in effect on January 1, 2003, pertaining to the energy efficiency standards for residential clothes washers to require that residential clothes washers manufactured on or after January 1, 2007, be at least as water efficient as commercial clothes washers.

(2) Not later than April 1, 2004, petition the federal Department of Energy for an exemption from any relevant federal regulations governing energy efficiency standards that are applicable to residential clothes washers.

(3) Not later than January 1, 2005, report to the Legislature on its progress with respect to the requirements of paragraphs (1) and (2).

SEC. 4. Section 3 of this bill incorporates amendments to Section 25402 of the Public Resources Code proposed by both this bill and AB 662. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2008, (2) each bill amends Section 25402 of the Public Resources Code, and (3) this bill is enacted after AB 662, in which case Section 2 of this bill shall not become operative.

CHAPTER 533

An act to add Section 25402.10 to the Public Resources Code, relating to energy.

[Approved by Governor October 12, 2007. Filed with Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares both of the following:

(a) Facilitating a benchmarking system that provides energy consumption information for all nonresidential buildings in the state would allow building owners and operators to compare their building's performance to that of similar buildings and to manage their building's energy cost.

(b) Benchmarking scores could motivate building operators to take actions to improve the building's energy profile and help to justify financial investments.

SEC. 2. Section 25402.10 is added to the Public Resources Code, to read:

25402.10. (a) On and after January 1, 2009, electric and gas utilities shall maintain records of the energy consumption data of all nonresidential buildings to which they provide service. This data shall be maintained, in a format compatible for uploading to the United States Environmental Protection Agency's Energy Star Portfolio Manager, for at least the most recent 12 months.

(b) On and after January 1, 2009, upon the written authorization or secure electronic authorization of a nonresidential building owner or operator, an electric or gas utility shall upload all of the energy consumption data for the account specified for a building to the United States Environmental Protection Agency's Energy Star Portfolio Manager in a manner that preserves the confidentiality of the customer.

(c) In carrying out the requirements of this section, an electric or gas utility may use any method for providing the specified data in order to maximize efficiency and minimize overall program cost, and is encouraged to work with the United States Environmental Protection Agency and customers in developing reasonable reporting options.

(d) On and after January 1, 2010, an owner or operator of a nonresidential building shall disclose the United States Environmental Protection Agency's Energy Star Portfolio Manager benchmarking data and ratings for the most recent 12-month period to a prospective buyer, lessee of the entire building, or lender that would finance the entire

building. If the data is delivered to a prospective buyer, lessee, or lender, a property owner, operator, or their agent is not required to provide additional information, and the information shall be deemed to be adequate to inform the prospective buyer, lessee or lender regarding the United States Environmental Protection Agency's Energy Star Portfolio Manager benchmarking data and ratings for the most recent 12-month period for the building that is being sold, leased, financed, or refinanced.

(e) Notwithstanding subdivision (d), nothing in this section increases or decreases the duties, if any, of a property owner, operator, or his or her broker or agent under this chapter or alters the duty of a seller, agent, or broker to disclose the existence of a material fact affecting the real property.

CHAPTER 534

An act to add Article 10.02 (commencing with Section 25210.9) to Chapter 6.5 of Division 20 of, and to repeal Section 25210.11 of, the Health and Safety Code, and to add Section 25402.5.4 to the Public Resources Code, relating to energy resources.

[Approved by Governor October 12, 2007. Filed with Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the California Lighting Efficiency and Toxics Reduction Act.

SEC. 2. The Legislature finds and declares all of the following:

(a) This state has long been a national and international leader on energy conservation and environmental stewardship efforts, including the areas of air quality protections, energy efficiency requirements, renewable energy standards, natural resource conservation, toxic waste reduction, recycling, and greenhouse gas emission reduction.

(b) Energy consumption for lighting accounts for nearly 20 percent of the state's electricity demand. The energy efficiencies of existing lighting technologies vary significantly, and while California leads the nation in the use of energy-efficient compact fluorescent lighting, more than 94 percent of current light bulb purchases are for less efficient incandescent bulbs.

(c) Transitioning to currently available higher efficiency lighting technologies will substantially reduce energy consumption and pollution,

including reducing greenhouse gas emissions, while lowering costs to consumers.

(d) The goal of the United States Department of Energy's (DOE) Building Technologies Lighting Research and Development Program is to develop and demonstrate energy-efficient, high-quality, long-lasting lighting technologies by 2025 that have the technical capability of illuminating buildings using 50 percent less electricity compared to technologies in 2005.

(e) Many existing lighting choices contain toxic materials. Most fluorescent lighting products contain mercury. Most incandescent lighting products contain lead. California prohibits disposing of lighting products containing hazardous levels of metal in the solid waste stream. The hazardous material in waste lighting products can be managed through recycling, but recycling opportunities are currently inconvenient or nonexistent for most consumers.

(f) Fluorescent lighting products delivering the same level of light at the same level of efficiency can have varying levels of mercury. The California Department of General Services has adopted a procurement preference favoring low-mercury fluorescent lamps.

(g) Coal-generated electricity in the United States accounts for more than six million tons of mercury emissions annually, and while growth in the use of energy-efficient fluorescent lighting without expanded recycling will result in increased disposal of mercury in the waste stream, the United States Environmental Protection Agency has concluded that shifting from incandescent lighting to more efficient compact fluorescent lighting will result in a net reduction in total United States mercury emissions due to the displacement of coal-fired electricity generation.

(h) It is the intent of the Legislature that the State Energy Resources Conservation and Development Commission develop a strategy for substantially increasing the use of energy-efficient lighting and phasing out the use of energy-inefficient lighting over the next decade.

(i) It is the intent of the Legislature to have a system established for the recycling of hazardous lighting products that is free and convenient for end users.

SEC. 3. Article 10.02 (commencing with Section 25210.9) is added to Chapter 6.5 of Division 20 of the Health and Safety Code, to read:

Article 10.02. Lighting Toxics Reduction

25210.9. (a) Except as provided in subdivisions (e), (f), and (g), on and after January 1, 2010, a person shall not manufacture general purpose lights for sale in this state that contain levels of hazardous substances that would result in the prohibition of those general purpose lights being

sold or offered for sale in the European Union pursuant to the RoHS Directive.

(b) Except as provided in subdivisions (e), (f), and (g), on and after January 1, 2010, a person shall not sell or offer for sale in this state general purpose light under any of the following circumstances:

(1) The general purpose light being sold or offered for sale was manufactured on and after January 1, 2010, and contains levels of hazardous substances that would result in the prohibition of those general purpose lights being sold or offered for sale in the European Union pursuant to the RoHS Directive.

(2) The manufacturer of the general purpose light sold or being offered for sale fails to provide the documentation to the department required by subdivision (h).

(3) The manufacturer of the general purpose light being sold or offered for sale does not provide the certification required in subdivision (i).

(c) For the purposes of this section, "RoHS Directive" means Directive 2002/95/EC, adopted by the European Parliament and the Council of the European Union on January 27, 2003, on the restriction of certain hazardous substances in electrical and electronic equipment, as amended thereafter by the Commission of European Communities (13.2.2003 Official Journal of the European Union).

(d) The department shall determine the products covered by the RoHS Directive by reference to authoritative guidance published by the United Kingdom implementing the RoHS Directive in that country.

(e) (1) Except as provided in paragraph (2), subdivisions (a), (b), (h), and (i) do not apply to high output and very high output linear fluorescent lamps greater than 32 millimeters in diameter and preheat linear fluorescent lamps.

(2) On or after January 1, 2014, the department shall determine, in consultation with companies that manufacture lamps specified in paragraph (1) in the United States, if those lamps should be subject to the requirements of subdivisions (a), (b), (h), and (i), taking into consideration changes in lamp design or manufacturing technology that will allow for the removal or reduction of mercury.

(f) On and after January 1, 2012, for high intensity discharge lamps and compact fluorescent lamps greater than nine inches in length subdivisions (a), (b), (h), and (i) shall be applicable.

(g) On and after January 1, 2014, for state-regulated general service incandescent lamps and enhanced spectrum lamps as defined in subdivision (k) of Section 1602 of Title 20 of the California Code of Regulations subdivisions (a), (b), (h), and (i) shall be applicable.

(h) A manufacturer of general purpose lights sold or being offered for sale in California shall prepare and, at the request of the department,

submit within 28 days of the date of the request, technical documentation or other information showing that the manufacturer's general purpose lights sold or offered for sale in this state comply with the requirements of the RoHS Directive.

(i) A manufacturer of general purpose lights sold or being offered for sale in California shall provide, upon request, a certification to a person who sells or offers for sale that manufacturer's general purpose lights. The certification shall attest that the general purpose lights do not contain levels of hazardous substances that would result in the prohibition of those general purpose lights being sold or offered for sale in California. Alternatively, the manufacturer may display the certification required by this subdivision prominently on the shipping container or on the packaging of general purpose lights.

(j) The department may adopt regulations to implement and administer this article.

25210.10. (a) For purposes of this article, "general purpose lights" means lamps, bulbs, tubes, or other electric devices that provide functional illumination for indoor residential, indoor commercial, and outdoor use.

(b) General purpose lights do not include any of the following specialty lighting: appliance, black light, bug, colored, infrared, left-hand thread, marine, marine signal service, mine service, plant light, reflector, rough service, shatter resistant, sign service, silver bowl, showcase, three-way, traffic signal, and vibration service or vibration resistant.

(c) General purpose lights do not include lights needed to provide special-needs lighting for individuals with exceptional needs.

25210.11. (a) The department shall, in coordination with the California Integrated Waste Management Board, convene a task force consisting of, but not limited to, representatives of the lighting industry, environmental organizations, the recycling industry, individuals and private sector entities, local governments, energy utilities, and retailers to consider and make recommendations on all of the following:

(1) The most effective, cost-efficient, and convenient method for the consumer to provide for the proper collection and recycling of any end-of-life general purpose lights generated in this state.

(2) Methods to educate consumers about the proper management and collection opportunities for end-of-life general purpose lights.

(3) Designations on the general purpose light and light packaging regarding the proper recycling of the light and compliance of the light with this article.

(b) The task force shall conclude its work and make recommendations to the Legislature on or before September 1, 2008.

(c) This section shall remain in effect only until January 1, 2009, and as of that date is repealed, unless a later enacted statute that is enacted before January 1, 2009, deletes or extends that date.

25210.12. Notwithstanding Article 8 (commencing with Section 25180), a person who violates this article shall not be subject to any criminal penalties imposed pursuant to Article 8 (commencing with Section 25180).

SEC. 4. Section 25402.5.4 is added to the Public Resources Code, to read:

25402.5.4. (a) On or before December 31, 2008, the commission shall adopt minimum energy efficiency standards for all general purpose lights on a schedule specified in the regulations. The regulations, in combination with other programs and activities affecting lighting use in the state, shall be structured to reduce average statewide electrical energy consumption by not less than 50 percent from the 2007 levels for indoor residential lighting and by not less than 25 percent from the 2007 levels for indoor commercial and outdoor lighting, by 2018.

(b) The commission shall make recommendations to the Governor and the Legislature regarding how to continue reductions in electrical consumption for lighting beyond 2018.

(c) The commission may establish programs to encourage the sale in this state of general purpose lights that meet or exceed the standards set forth in subdivision (a).

(d) (1) Except as provided in paragraph (2), the Department of General Services, and all other state agencies, as defined in Section 12000 of the Public Contract Code, in coordination with the commission, shall cease purchasing general purpose lights that do not meet the standards adopted pursuant to subdivision (a), within two years of those standards being adopted.

(2) The Department of General Services, and all other state agencies, as defined in Section 12000 of the Public Contract Code, in coordination with the commission shall cease purchasing general service lights with an appearance that is historically appropriate for the facilities in which the lights are being used, and that do not meet the standards adopted pursuant to subdivision (a) within four years of those standards being adopted.

(e) It is the intent of the Legislature to encourage the Regents of the University of California, in coordination with the commission, to cease purchasing general purpose lights that do not meet the standards adopted pursuant to subdivision (a), within two years of those standards being adopted.

(f) (1) (A) For purposes of this section, “general purpose lights” means lamps, bulbs, tubes, or other electric devices that provide

functional illumination for indoor residential, indoor commercial, and outdoor use.

(B) General purpose lights do not include any of the following specialty lighting: appliance, black light, bug, colored, infrared, left-hand thread, marine, marine signal service, mine service, plant light, reflector, rough service, shatter resistant, sign service, silver bowl, showcase, three-way, traffic signal, and vibration service or vibration resistant.

(2) The commission may, after one or more public workshops, with public notice and an opportunity for all interested parties to comment, provide for inclusion of a particular type of specialty light in its energy efficiency standards applicable to general purpose lighting, if it finds that there has been a significant increase in sales of that particular type of particular specialty light due to the use of that specialty light in general purpose lighting applications.

(3) General purpose lights do not include lights needed to provide special-needs lighting for individuals with exceptional needs.

SEC. 5. The provisions of this act are severable. If any provision of this act or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

CHAPTER 535

An act to add Section 13552.5 to the Water Code, relating to water.

[Approved by Governor October 12, 2007. Filed with Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) On September 22, 1989, the United States Environmental Protection Agency granted the State of California, through the State Water Resources Control Board and the California regional water quality control boards, the authority to issue national pollutant discharge elimination system (NPDES) permits pursuant to Part 122 (commencing with Section 122.1) and Part 123 (commencing with Section 123.1) of Title 40 of the Code of Federal Regulations.

(b) Section 122.28 of Title 40 of the Code of Federal Regulations provides for the issuance of general permits to regulate a category of point sources of pollution if the sources meet all of the following requirements:

(1) Involve the same or substantially similar types of operations.

(2) Discharge the same type of waste.

(3) Require the same type of effluent limitations or operating conditions.

(4) Require similar monitoring.

(5) Are more appropriately regulated under a general permit instead of individual permits.

(c) General waste discharge requirements expedite the processing of requirements, simplify the application process for dischargers, better utilize limited staff and resources, and avoid the expense and time involved in repetitive public noticing, hearings, and permit adoptions.

(d) The Legislature has declared a policy for the state to undertake all possible steps to encourage the development of water recycling facilities so that recycled water may be made available to help meet the growing requirements of the state.

(e) The Legislature has declared that the use of potable domestic water for nonpotable uses, including, but not limited to, irrigation uses for cemeteries, golf courses, parks, and highway landscaped areas, is a waste and unreasonable use if recycled water is available to meet the conditions needed for the use.

(f) The 2002 Recycled Water Task Force, convened pursuant to Section 13578 of the Water Code, concluded that inconsistent regulation of water recycling by state and local officials leads to confusion and uncertainty with regard to the design and management of water reuse systems. That inconsistent regulation appears to have led to the imposition of overly restrictive water recycling requirements and added costs, thereby creating an obstacle to achieving the full potential for water reuse.

(g) The 2002 Recycled Water Task Force recommended that the state board appoint and empower a key person to act as ombudsperson with regard to the water recycling permits issued by the various regional boards.

(h) Therefore, it is the intent of the Legislature to create a uniform interpretation of state standards to ensure the safe, reliable use of recycled water for landscape irrigation uses consistent with state and federal water quality law.

SEC. 2. Section 13552.5 is added to the Water Code, to read:

13552.5. (a) (1) On or before July 31, 2009, the state board shall adopt a general permit for landscape irrigation uses of recycled water for which the State Department of Public Health has established uniform statewide recycling criteria pursuant to Section 13521.

(2) The state board shall establish criteria to determine eligibility for coverage under the general permit.

(3) For the purpose of developing the general permit and establishing eligibility criteria to carry out paragraph (1), the state board shall hold at least one workshop and shall consult with and consider comments from the regional boards, groundwater management agencies and water replenishment districts with statutory authority to manage groundwater pursuant to their principal act, and any interested party.

(4) The general permit shall include language that provides for the modification of the terms and conditions of the general permit if a regulatory or statutory change occurs that affects the application of the general permit or as necessary to ensure protection of beneficial uses.

(b) The state board shall establish a reasonable schedule of fees to reimburse the state board for the costs it incurs in implementing, developing, and administering this section.

(c) Following the adoption of the general permit pursuant to this section, an applicant may obtain coverage for a landscape irrigation use of recycled water by filing a notice of intent to be covered under the general permit and submitting the appropriate fee established pursuant to subdivision (b) to the state board.

(d) Coverage under the general permit adopted pursuant to this section is effective if all of the following apply:

(1) The applicant has submitted a completed application.

(2) The state board has determined that the applicant meets the eligibility criteria established pursuant to paragraph (2) of subdivision (a).

(3) The state board has made the application available for public review and comment for 30 days.

(4) The state board has consulted with the appropriate regional board.

(5) The executive officer of the state board approves the application.

(e) (1) Except as provided by modification of the general permit, a person eligible for coverage under the general permit pursuant to subdivision (d) is not required to become or remain subject to individual waste discharge requirements or water reclamation requirements.

(2) For a landscape irrigation use of recycled water, a person who is subject to general or individual waste discharge requirements prescribed pursuant to Section 13263 or 13377, or is subject to individual or master water reclamation requirements prescribed pursuant to Section 13523 or 13523.1, may apply for coverage under the general permit adopted pursuant to this section in lieu of remaining subject to requirements prescribed pursuant to those sections.

(f) (1) The state board shall designate an ombudsperson to coordinate and facilitate communication on recycled water, on the issuance of water reclamation requirements or waste discharge requirements, as applicable, pursuant to Section 13523 or 13523.1 or this section, and on the

promotion of water recycling while ensuring reasonable protection of water quality in accordance with applicable provisions of state and federal water quality law.

(2) The person appointed pursuant to paragraph (1) shall facilitate consultations between the state board and the regional boards relating to matters described in that paragraph.

CHAPTER 536

An act to add the heading of Article 1 (commencing with Section 2851) to, and to add and repeal Article 2 (commencing with Section 2860) of, Chapter 9 of Part 2 of Division 1 of, the Public Utilities Code, relating to solar energy.

[Approved by Governor October 12, 2007. Filed with Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The heading of Article 1 (commencing with Section 2851) is added to Chapter 9 of Part 2 of Division 1 of the Public Utilities Code, to read:

Article 1. Solar Energy Systems

SEC. 2. Article 2 (commencing with Section 2860) is added to Chapter 9 of Part 2 of Division 1 of the Public Utilities Code, to read:

Article 2. Solar Water Heating Systems

2860. This article shall be known, and may be cited, as the Solar Water Heating and Efficiency Act of 2007.

2861. As used in this article, the following terms have the following meanings:

(a) "Energy Commission" means the State Energy Resources Conservation and Development Commission.

(b) "Gas customer" includes both "core" and "noncore" customers, as those terms are used in Chapter 2.2 (commencing with Section 328) of Part 1, that receive retail end-use gas service within the service territory of a gas corporation.

(c) "kW_{th}" means the kilowatt thermal capacity of a solar water heating system, measured consistent with the standard established by the SRCC.

(d) "kWh_{th}" means kilowatthours thermal as measured by the number of kilowatts thermal generated, or displaced, in an hour.

(e) "Low-income residential housing" means either of the following:

(1) Residential housing financed with low-income housing tax credits, tax-exempt mortgage revenue bonds, general obligation bonds, or local, state, or federal loans or grants, and for which the rents of the occupants who are lower income households, as defined in Section 50079.5 of the Health and Safety Code, do not exceed those prescribed by deed restrictions or regulatory agreements pursuant to the terms of the financing or financial assistance.

(2) A residential complex in which at least 20 percent of the total units are sold or rented to lower income households, as defined in Section 50079.5 of the Health and Safety Code, and the housing units targeted for lower income households are subject to a deed restriction or affordability covenant with a public entity that ensures that the units will be available at an affordable housing cost meeting the requirements of Section 50052.5 of the Health and Safety Code, or at an affordable rent meeting the requirements of Section 50053 of the Health and Safety Code, for a period of not less than 30 years.

(f) "New Solar Homes Partnership" means the 10-year program, administered by the Energy Commission, encouraging solar energy systems in new home construction.

(g) "Solar heating collector" means a device that is used to collect or capture heat from the sun and that is generally, but need not be, located on a roof.

(h) "Solar water heating system" means a solar energy device that has the primary purpose of reducing demand for natural gas through water heating, space heating, or other methods of capturing energy from the sun to reduce natural gas consumption in a home, business, or any building receiving natural gas that is subject to the surcharge established pursuant to Section 2860, or exempt from the surcharge pursuant to subdivision (c) of Section 2863, and that meets or exceeds the eligibility criteria established pursuant to Section 2864. "Solar water heating systems" do not include solar pool heating systems.

(i) "SRCC" means the Solar Rating and Certification Corporation.

2862. The Legislature finds and declares all of the following:

(a) California is heavily dependent on natural gas, importing more than 80 percent of the natural gas it consumes.

(b) Rising worldwide demand for natural gas and a shrinking supply create rising and unstable prices that can harm California consumers and the economy.

(c) Natural gas is a fossil fuel and a major source of global warming pollution and the pollutants that cause air pollution, including smog.

(d) California's growing population and economy will put a strain on energy supplies and threaten the ability of the state to meet its global warming goals unless specific steps are taken to reduce demand and generate energy cleanly and efficiently.

(e) Water heating for domestic and industrial use relies almost entirely on natural gas and accounts for a significant percentage of the state's natural gas consumption.

(f) Solar water heating systems represent the largest untapped natural gas saving potential remaining in California.

(g) In addition to financial and energy savings, solar water heating systems can help protect against future gas and electricity shortages and reduce our dependence on foreign sources of energy.

(h) Solar water heating systems can also help preserve the environment and protect public health by reducing air pollution, including carbon dioxide, a leading global warming gas, and nitrogen oxide, a precursor to smog.

(i) Growing demand for these technologies will create jobs in California as well as promote greater energy independence, protect consumers from rising energy costs and result in cleaner air.

(j) It is in the interest of the State of California to promote solar water heating systems and other technologies that directly reduce demand for natural gas in homes and businesses.

(k) It is the intent of the Legislature to build a mainstream market for solar water heating systems that directly reduces demand for natural gas in homes, businesses, and government buildings. Toward that end, it is the goal of this article to install at least 200,000 solar water heating systems on homes, businesses, and government buildings throughout the state by 2017, thereby lowering prices and creating a self-sufficient market that will sustain itself beyond the life of this program.

(*l*) It is the intent of the Legislature that the solar water heating system incentives created by the act should be a cost-effective investment by gas customers. Gas customers will recoup the cost of their investment through lower prices as a result of avoiding purchases of natural gas, and benefit from additional system stability and pollution reduction benefits.

2863. (a) The commission shall evaluate the data available from the Solar Water Heating Pilot Project conducted by the California Center for Sustainable Energy. If, after a public hearing, the commission

determines that a solar water heating program is cost effective for ratepayers and in the public interest, the commission shall do all of the following:

(1) Design and implement a program applicable to the service territories of a gas corporation, to achieve the goal of the Legislature to promote the installation of 200,000 solar water heating systems in homes and businesses throughout the state by 2017.

(2) The program shall be administered by gas corporations or third-party administrators, as determined by the commission, and subject to the supervision of the commission.

(3) The commission shall coordinate the program with the Energy Commission's New Solar Homes Partnership to achieve the goal of building zero-energy homes.

(b) (1) The commission shall fund the program through the use of a surcharge applied to gas customers based upon the amount of natural gas consumed. The surcharge shall be in addition to any other charges for natural gas sold or transported for consumption in this state.

(2) The commission shall impose the surcharge at a level that is necessary to meet the goal of installing 200,000 solar water heating systems, or the equivalent output of 200,000 solar water heating systems, on homes and businesses in California by 2017. Funding for the program established by this article shall not, for the collective service territories of all gas corporations, exceed two hundred fifty million dollars ($250,000,000) over the course of the 10-year program.

(3) The commission shall annually establish a surcharge rate for each class of gas customers. Any gas customer participating in the California Alternate Rates for Energy (CARE) or Family Electric Rate Assistance (FERA) programs shall be exempt from paying any surcharge imposed to fund the program designed and implemented pursuant to this article.

(4) Any surcharge imposed to fund the program designed and implemented pursuant to this article shall not be imposed upon the portion of any gas customer's procurement of natural gas that is used or employed for a purpose that Section 896 excludes from being categorized as the consumption of natural gas.

(5) The gas corporation or other person or entity providing revenue cycle services, as defined in Section 328.1, shall be responsible for collecting the surcharge.

(c) Funds shall be allocated for the benefit of gas customers to promote utilization of solar water heating systems.

(d) In designing and implementing the program required by this article, no moneys shall be diverted from any existing programs for low-income ratepayers or cost-effective energy efficiency programs.

2864. (a) The commission, in consultation with the Energy Commission and interested members of the public, shall establish eligibility criteria for solar water heating systems receiving gas customer funded incentives pursuant to this article. The criteria should specify and include all of the following:

(1) Design, installation, and energy output or displacement standards. To be eligible for rebate funding, a residential solar water heating system shall, at a minimum, have a SRCC OG-300 Solar Water Heating System Certification. Solar collectors used in systems for multifamily residential, commercial, or industrial water heating shall, at a minimum, have a SRCC OG-100 Solar Water Heating System Certification.

(2) Require that solar water heating system components are new and unused, and have not previously been placed in service in any other location or for any other application.

(3) Require that solar water heating collectors have a warranty of not less than 10 years to protect against defects and undue degradation.

(4) Require that solar water heating systems are in buildings connected to a natural gas utility's distribution system within the state.

(5) Require that solar water heating systems have meters or other kWh_{th} measuring devices in place to monitor and measure the system's performance and the quantity of energy generated or displaced by the system. The criteria shall require meters for systems with a capacity for displacing over 30 kW_{th}. The criteria may require meters for systems with a capacity of 30 kW_{th} or smaller.

(6) Require that solar water heating systems are installed in conformity with the manufacturer's specifications and all applicable codes and standards.

(b) No gas customer funded incentives shall be made for a solar water heating system that does not meet the eligibility criteria.

2865. (a) The commission shall establish conditions on gas customer funded incentives pursuant to this article. The conditions shall require both of the following:

(1) Appropriate siting and high-quality installation of the solar water heating system based on installation guidelines that maximize the performance of the system and prevent qualified systems from being inefficiently or inappropriately installed. The conditions shall not impact housing designs or densities presently authorized by a city, county, or city and county. The goal of this paragraph is to achieve efficient installation of solar water heating systems and promote the greatest energy production or displacement per gas customer dollar.

(2) Appropriate energy efficiency improvements in the new or existing home or commercial structure where the solar hot water system is installed.

(b) The commission shall set rating standards for equipment, components, and systems to ensure reasonable performance and shall develop standards that provide for compliance with the minimum ratings.

2866. (a) The commission shall provide not less than 10 percent of the overall funds for installation of solar water heating systems on low-income residential housing.

(b) The commission may establish a grant program or a revolving loan or loan guarantee program for low-income residential housing consistent with the requirements of Chapter 5.3 (commencing with Section 25425) of Division 15 of the Public Resources Code. All loans outstanding as of August 1, 2018, shall continue to be repaid in a manner that is consistent with the terms and conditions of the program adopted and implemented by the commission pursuant to this subdivision, until repaid in full.

(c) The commission may extend eligibility for funding pursuant to this section to include residential housing occupied by ratepayers participating in a commission approved and supervised gas corporation Low-Income Energy Efficiency (LIEE) program and who either:

(1) Occupy a single-family home.

(2) Occupy at least 50 percent of all units in a multifamily dwelling structure.

(d) The commission shall ensure that lower income households, as defined in Section 50079.5 of the Health and Safety Code, and, if the commission expands the program pursuant to subdivision (c), ratepayers participating in a LIEE program, that receive gas service at residential housing with a solar water heating system receiving incentives pursuant to subdivision (a), benefit from the installation of the solar water heating systems through reduced or lowered energy costs.

(e) No later than January 1, 2010, the commission shall do all of the following to implement the requirements of this section:

(1) Maximize incentives to properties that are committed to continuously serving the needs of lower income households, as defined in Section 50079.5 of the Health and Safety Code, and, if the commission expands the program pursuant to subdivision (c), ratepayers participating in a LIEE program.

(2) Establish conditions on the installation of solar water heating systems that ensure properties on which solar water heating systems are installed under subdivision (a) remain low-income residential properties for at least 10 years from the time of installation, including property ownership restrictions and income rental protections, and appropriate enforcement of these conditions.

(f) All moneys set aside for the purpose of funding the installation of solar water heating systems on low-income residential housing that are

unexpended and unencumbered on August 1, 2018, and all moneys thereafter repaid pursuant to subdivision (b), except to the extent that those moneys are encumbered pursuant to this section, shall be utilized to augment cost-effective energy efficiency measures in low-income residential housing that benefit ratepayers.

2867. (a) The rebates provided through this program shall decline over time. They shall be structured so as to drive down the cost of the solar water heating technologies, and be paid out on a performance-based incentive basis so that incentives are earned based on the actual energy savings, or on predicted energy savings as established by the commission.

(b) The commission shall consider federal tax credits and other incentives available for this technology when determining the appropriate rebate amount.

(c) The commission shall consider the impact of rebates for solar water heating systems pursuant to this article on existing incentive programs for energy efficiency technology.

(d) In coordination with the commission, the Energy Commission shall consider, when appropriate, coupling rebates for solar water heating systems with complementary energy efficiency technologies, including, but not limited to, efficient hot water heating tanks and tankless or on demand hot water systems that can be installed in addition to the solar water heating system.

2867.1. Not later than July 1, 2010, the commission shall report to the Legislature as to the effectiveness of the program and make recommendations as to any changes that should be made to the program. This report shall include justification for the size of the rebate program in terms of total available incentive moneys as well as the anticipated benefits of the program in its entirety. To facilitate the understanding of how solar water heating systems compare with other clean energy and energy efficiency technologies, all documents related to and rebates provided by this program shall be measured in both kWh_{th} and therms of natural gas saved.

2867.2. Except for the Solar Water Heating Pilot Program in San Diego, solar water heating technologies shall not be eligible for California Solar Initiative (CSI) funds, pursuant to Section 2851, unless they also displace electricity, in which case only the electricity displacing portion of the technology may be eligible under the CSI program, as determined by the commission.

2867.3. In order to further the state goal of encouraging the installation of 200,000 solar water heaters by 2017, the governing body of each publicly owned utility providing gas service to retail end-use gas customers shall, after a public proceeding, adopt, implement, and

finance a solar water heating system incentive program that does all the following:

(a) Ensures that any solar water heating system receiving monetary incentives complies with eligibility criteria adopted by the governing body. The eligibility criteria shall include those elements contained in paragraphs (1) to (6), inclusive, of subdivision (a) of Section 2864.

(b) Includes minimum ratings and standards for equipment, components, and systems to ensure reasonable performance and compliance with the minimum ratings and standards.

(c) Includes an element that addresses the installation of solar water heating systems on low-income residential housing. If deemed appropriate in consultation with the California Tax Credit Allocation Committee, the governing board may establish a grant program or a revolving loan or loan guarantee program for low-income residential housing consistent with the requirements of Chapter 5.3 (commencing with Section 25425) of Division 15 of the Public Resources Code.

2867.4. This article shall remain in effect only until August 1, 2018, and as of that date is repealed, unless a later enacted statute, that is enacted before August 1, 2018, deletes or extends that date.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 537

An act to amend Section 13553 of the Water Code, relating to water.

[Approved by Governor October 12, 2007. Filed with Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 13553 of the Water Code is amended to read:

13553. (a) The Legislature hereby finds and declares that the use of potable domestic water for toilet and urinal flushing in structures is a waste or an unreasonable use of water within the meaning of Section 2 of Article X of the California Constitution if recycled water, for these uses, is available to the user and meets the requirements set forth in

Section 13550, as determined by the state board after notice and a hearing.

(b) The state board may require a public agency or person subject to this section to furnish any information that may be relevant to making the determination required in subdivision (a).

(c) For the purposes of this section and Section 13554, "structure" or "structures" means commercial, retail, and office buildings, theaters, auditoriums, condominium projects, schools, hotels, apartments, barracks, dormitories, jails, prisons, and reformatories, and other structures as determined by the State Department of Public Health.

(d) Recycled water may be used in condominium projects, as defined in Section 1351 of the Civil Code, subject to all of the following conditions:

(1) Prior to the indoor use of recycled water in any condominium project, the agency delivering the recycled water to the condominium project shall file a report with the appropriate regional water quality control board and receive written approval of the report from the State Department of Public Health. The report shall be consistent with the provisions of Title 22 of the California Code of Regulations generally applicable to dual-plumbed structures and shall include all the following:

(A) That potable water service to each condominium project will be provided with a backflow protection device approved by the State Department of Public Health to protect the agency's public water system, as defined in Section 116275 of the Health and Safety Code. The backflow protection device approved by the State Department of Public Health shall be inspected and tested annually by a person certified in the inspection of backflow prevention devices.

(B) That any plumbing modifications in the condominium unit or any physical alteration of the structure will be done in compliance with state and local plumbing codes.

(C) That each condominium project will be tested by the recycled water agency or the responsible local agency at least once every four years to ensure that there are no indications of a possible cross connection between the condominium's potable and nonpotable systems.

(D) That recycled water lines will be color coded consistent with current statutes and regulations.

(2) The recycled water agency or the responsible local agency shall maintain records of all tests and annual inspections conducted.

(3) The condominium's declaration, as defined in Section 1351 of the Civil Code, shall provide that the laws and regulations governing recycled water apply, shall permit no exceptions to those laws and regulations, shall incorporate the report described in paragraph (1), and shall contain the following statement:

"NOTICE OF USE OF RECYCLED WATER

This property is approved by the State Department of Public Health for the use of recycled water for toilet and urinal flushing. This water is not potable, is not suitable for indoor purposes other than toilet and urinal flushing purposes, and requires dual plumbing. Alterations and modifications to the plumbing system require a permit and are prohibited without first consulting with the appropriate local building code enforcement agency and your property management company or homeowners' association to ensure that the recycled water is not mixed with the drinking water."

(e) The State Department of Public Health may adopt regulations as necessary to assist in the implementation of this section.

(f) This section shall only apply to condominium projects that are created, within the meaning of Section 1352 of the Civil Code, on or after January 1, 2008.

(g) Nothing in this section or Section 13554 applies to a pilot program adopted pursuant to Section 13553.1.

CHAPTER 538

An act to add Section 52.7 to the Civil Code, relating to identification devices.

[Approved by Governor October 12, 2007. Filed with Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 52.7 is added to the Civil Code, to read:

52.7. (a) Except as provided in subdivision (g), a person shall not require, coerce, or compel any other individual to undergo the subcutaneous implanting of an identification device.

(b) (1) Any person who violates subdivision (a) may be assessed an initial civil penalty of no more than ten thousand dollars ($10,000), and no more than one thousand dollars ($1,000) for each day the violation continues until the deficiency is corrected. That civil penalty may be assessed and recovered in a civil action brought in any court of competent jurisdiction. The court may also grant a prevailing plaintiff reasonable

attorney's fees and litigation costs, including, but not limited to, expert witness fees and expenses as part of the costs.

(2) A person who is implanted with a subcutaneous identification device in violation of subdivision (a) may bring a civil action for actual damages, compensatory damages, punitive damages, injunctive relief, any combination of those, or any other appropriate relief.

(3) Additionally, punitive damages may also be awarded upon proof of the defendant's malice, oppression, fraud, or duress in requiring, coercing, or compelling the plaintiff to undergo the subcutaneous implanting of an identification device.

(c) (1) An action brought pursuant to this section shall be commenced within three years of the date upon which the identification device was implanted.

(2) If the victim was a dependent adult or minor when the implantation occurred, actions brought pursuant to this section shall be commenced within three years after the date the plaintiff, or his or her guardian or parent, discovered or reasonably should have discovered the implant, or within eight years after the plaintiff attains the age of majority, whichever date occurs later.

(3) The statute of limitations shall not run against a dependent adult or minor plaintiff simply because a guardian ad litem has been appointed. A guardian ad litem's failure to bring a plaintiff's action within the applicable limitation period will not prejudice the plaintiff's right to do so.

(4) A defendant is estopped to assert a defense of the statute of limitations when the expiration of the statute is due to conduct by the defendant inducing the plaintiff to delay the filing of the action, or due to threats made by the defendant causing duress upon the plaintiff.

(d) Any restitution paid by the defendant to the victim shall be credited against any judgment, award, or settlement obtained pursuant to this section. Any judgment, award, or settlement obtained pursuant to an action under this section shall be subject to the provisions of Section 13963 of the Government Code.

(e) The provisions of this section shall be liberally construed so as to protect privacy and bodily integrity.

(f) Actions brought pursuant to this section are independent of any other actions, remedies, or procedures that may be available to an aggrieved party pursuant to any other law.

(g) This section shall not in any way modify existing statutory or case law regarding the rights of parents or guardians, the rights of children or minors, or the rights of dependent adults.

(h) For purposes of this section:

(1) "Identification device" means any item, application, or product that is passively or actively capable of transmitting personal information, including, but not limited to, devices using radio frequency technology.

(2) "Person" means an individual, business association, partnership, limited partnership, corporation, limited liability company, trust, estate, cooperative association, or other entity.

(3) "Personal information" includes any of the following data elements to the extent they are used alone or in conjunction with any other information used to identify an individual:

(A) First or last name.

(B) Address.

(C) Telephone number.

(D) E-mail, Internet Protocol, or Web site address.

(E) Date of birth.

(F) Driver's license number or California identification card number.

(G) Any unique personal identifier number contained or encoded on a driver's license or identification card issued pursuant to Section 13000 of the Vehicle Code.

(H) Bank, credit card, or other financial institution account number.

(I) Any unique personal identifier contained or encoded on a health insurance, health benefit, or benefit card or record issued in conjunction with any government-supported aid program.

(J) Religion.

(K) Ethnicity or nationality.

(L) Photograph.

(M) Fingerprint or other biometric identifier.

(N) Social security number.

(O) Any unique personal identifier.

(4) "Require, coerce, or compel" includes physical violence, threat, intimidation, retaliation, the conditioning of any private or public benefit or care on consent to implantation, including employment, promotion, or other employment benefit, or by any means that causes a reasonable person of ordinary susceptibilities to acquiesce to implantation when he or she otherwise would not.

(5) "Subcutaneous" means existing, performed, or introduced under or on the skin.

CHAPTER 539

An act to amend and repeal Section 743.1 of the Public Utilities Code, relating to public utilities.

[Approved by Governor October 12, 2007. Filed with
Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Successful implementation of the California Global Warming Solutions Act of 2006 (Division 25.5 (commencing with Section 38500) of the Health and Safety Code) will require substantial reductions in the emissions of greenhouse gases associated with the generation of electricity.

(b) Demand for electricity continues to grow due to a number of factors, including increased use of air-conditioning for residential and commercial applications.

(c) The growth in electricity demand results in the continued operation of older, less efficient, and significantly more polluting generating facilities, and thereby threatens to undermine the state's efforts to obtain reductions in greenhouse gas emissions associated with the generation of electricity.

(d) The state experiences very large increases in electricity demand during relatively few hours each year, requiring the continued operation of older, more polluting generation facilities and potentially the addition of new gas-fired peaking plants to meet this peak demand.

(e) The expansion and increased use of demand response programs, particularly programs like interruptible or curtailable service, would allow the state to meet peak demand while avoiding the operation of some or all of the older, more polluting generation facilities.

(f) Electrical corporations subject to the jurisdiction of the Public Utilities Commission should be encouraged by the commission to expand participation in these demand response programs through incentives for participation that adequately reflect all the benefits associated with demand reduction, including reduced emissions of greenhouse gases and other environmental benefits.

SEC. 2. Section 743.1 of the Public Utilities Code is amended to read:

743.1. (a) Electrical corporations shall offer optional interruptible or curtailable service programs, using pricing incentives for participation in these programs. These pricing incentives shall be cost effective and may reflect the full range of costs avoided by the reductions in demand created by these programs, including the reduction in emissions of greenhouse gases and other pollutant emissions from generating facilities that would have been required to operate but for these demand reductions, to the extent that these avoided costs from reduction in emissions can

be quantified by the commission. The commission may determine these pricing incentives in a stand-alone proceeding or as part of a general rate case.

(b) The commission shall direct each public utility electrical corporation to continue its efforts to reduce the rates charged heavy industrial customers to a level competitive with other states, and to do so without shifting recovery of costs to other customer classes.

(c) This section shall remain in effect only until January 1, 2015, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2015, deletes or extends that date.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 540

An act to add Section 7026.11 to the Business and Professions Code, to amend Sections 18000, 18007, 18008, 18008.7, and 18028 of, and to amend the heading of Part 2 (commencing with Section 18000) of Division 13 of, the Health and Safety Code, relating to housing.

[Approved by Governor October 12, 2007. Filed with Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 7026.11 is added to the Business and Professions Code, to read:

7026.11. Notwithstanding any other provision of law, the permissible scope of work for the General Manufactured Housing Contractor (C-47) license classification set forth in Section 832.47 of Division 8 of Title 16 of the California Code of Regulations shall include manufactured homes, as defined in Section 18007 of the Health and Safety Code, mobilehomes, as defined in Section 18008 of the Health and Safety Code, and multifamily manufactured homes, as defined in Section 18008.7 of the Health and Safety Code.

SEC. 2. The heading of Part 2 (commencing with Section 18000) of Division 13 of the Health and Safety Code is amended to read:

PART 2. MANUFACTURED HOUSING

SEC. 3. Section 18000 of the Health and Safety Code is amended to read:

18000. (a) This part shall be known and may be cited as the Manufactured Housing Act of 1980.

(b) The Legislature finds and declares all of the following:

(1) Manufactured housing, both in mobilehome parks or manufactured housing communities, and outside of those parks or communities, provides a safe and affordable housing option for many Californians.

(2) Confusion exists among consumers, enforcement agencies, lenders, and others in the housing industry regarding the difference between "manufactured housing" and "mobilehomes." All single-family factory-constructed housing built on or after June 15, 1976, that is in compliance with the standards of the United States Department of Housing and Urban Development promulgated under the federal National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C. Sec. 5401 and following) are manufactured housing or manufactured homes, not "mobilehomes" and, as such, often are subject to additional benefits.

(3) Continued use of the term "mobilehome" in various statutes, as well as the implication that the terms are interchangeable, exacerbates the confusion between the two products and deters affordable financing, discourages use in certain localities, and perpetuates incorrect perceptions as to codes and standards.

(4) The changes made by the act adding this subdivision to clarify the meaning of the terms "mobilehomes" and "manufactured homes" are not intended to effect any substantive change with respect to the treatment of those housing products or to the consumer protections provided for those housing products.

SEC. 4. Section 18007 of the Health and Safety Code is amended to read:

18007. (a) "Manufactured home," for the purposes of this part, means a structure that was constructed on or after June 15, 1976, is transportable in one or more sections, is eight body feet or more in width, or 40 body feet or more in length, in the traveling mode, or, when erected on site, is 320 or more square feet, is built on a permanent chassis and designed to be used as a single-family dwelling with or without a foundation when connected to the required utilities, and includes the plumbing, heating, air conditioning, and electrical systems contained therein. "Manufactured

home" includes any structure that meets all the requirements of this paragraph except the size requirements and with respect to which the manufacturer voluntarily files a certification and complies with the standards established under the National Manufactured Housing Construction and Safety Act of 1974 (42 U.S.C., Sec. 5401, and following).

(b) Notwithstanding any other provision of law, if a codified provision of state law uses the term "manufactured home," and it clearly appears from the context that the term "manufactured home" should apply only to manufactured homes, as defined under subdivision (a), the codified provision shall apply only to those manufactured homes. If any codified provision of state law, by its context, requires that the term applies to manufactured homes or mobilehomes without regard to the date of construction, the codified provision shall apply to both manufactured homes, as defined under subdivision (a), and mobilehomes as defined under Section 18008.

SEC. 5. Section 18008 of the Health and Safety Code is amended to read:

18008. (a) "Mobilehome," for the purposes of this part, means a structure that was constructed prior to June 15, 1976, is transportable in one or more sections, is eight body feet or more in width, or 40 body feet or more in length, in the traveling mode, or, when erected onsite, is 320 or more square feet, is built on a permanent chassis and designed to be used as a single-family dwelling with or without a foundation system when connected to the required utilities, and includes the plumbing, heating, air conditioning, and electrical systems contained therein. "Mobilehome" includes any structure that meets all the requirements of this paragraph and complies with the state standards for mobilehomes in effect at the time of construction. "Mobilehome" does not include a commercial modular, as defined in Section 18001.8, factory-built housing, as defined in Section 19971, a manufactured home, as defined in Section 18007, a multifamily manufactured home, as defined in Section 18008.7, or a recreational vehicle, as defined in Section 18010.

(b) Notwithstanding any other provision of law, if a codified provision of state law uses the term "mobilehome," and it clearly appears from the context that the term "mobilehome" should apply only to mobilehomes, as defined under subdivision (a), the codified provision shall apply only to those mobilehomes. If any codified provision of state law, by its context, requires that the term applies to mobilehomes or manufactured homes without regard to the date of construction, the codified provision shall apply to both mobilehomes, as defined under subdivision (a), and manufactured homes, as defined under Section 18007.

SEC. 6. Section 18008.7 of the Health and Safety Code is amended to read:

18008.7. (a) "Multifamily manufactured home," for the purposes of this part, means either of the following:

(1) A structure transportable under permit in one or more sections, designed and equipped to contain not more than two dwelling units, a dormitory, or an efficiency unit, to be used either with a support system pursuant to Section 18613 or a foundation system pursuant to subdivision (a) of Section 18551.

(2) A structure transportable under permit in one or more sections, designed to be used with a foundation system for three or more dwelling units, as defined by Section 18003.3.

(b) Multifamily manufactured homes shall be constructed in compliance with applicable department regulations. The egress and fire separation requirements of Title 24 of the California Code of Regulations applicable to dormitories, hotels, apartment houses, and structures that contain two dwelling units shall also be applicable to all multifamily manufactured homes constructed for those purposes. The accessibility and adaptability requirements of Title 24 of the California Code of Regulations applicable to covered multifamily dwelling units shall also be applicable to multifamily manufactured homes containing three or more dwelling units.

(c) Notwithstanding any other provision of law, all provisions of law that apply to manufactured homes shall apply equally to multifamily manufactured homes, except as provided in this section.

(d) For purposes of this section:

(1) "Dormitory" means a room or rooms inhabited for the purposes of temporary residence by two or more persons.

(2) "Efficiency unit" has the same meaning as defined in Section 17958.1.

(3) "Multiunit manufactured housing" has the same meaning as "multifamily manufactured home," as that term is defined in this section.

SEC. 7. Section 18028 of the Health and Safety Code is amended to read:

18028. (a) The department may adopt regulations regarding the construction of commercial modulars and special purpose commercial modulars, other than mobile food facilities subject to Article 11 (commencing with Section 114250) of Chapter 4 of Part 7 of Division 104, and of multifamily manufactured homes, manufactured homes, and mobilehomes that are not subject to the National Manufactured Housing Construction and Safety Act of 1974 (42 U.S.C. Sec. 5401 et seq.) that the department determines are reasonably necessary to protect the health and safety of the occupants and the public.

(b) Requirements for the construction, alteration, or conversion of commercial modulars shall be those contained, with reasonably necessary additions or deletions, as adopted by department regulations, in all of the following:

(1) The 1991 Edition of the Uniform Building Code, published by the International Conference of Building Officials.

(2) The 1993 Edition of the National Electrical Code, published by the National Fire Protection Association.

(3) The 1991 Edition of the Uniform Mechanical Code, published jointly by the International Conference of Building Officials and the International Association of Plumbing and Mechanical Officials.

(4) The 1991 Edition of the Uniform Plumbing Code, published by the International Association of Plumbing and Mechanical Officials.

(c) (1) The department shall, on or after January 1, 2008, adopt regulations for the construction, alteration, or conversion of commercial modulars based on Parts 2, 3, 4, 5, and 6 of the California Building Standards Code, as contained in Title 24 of the California Code of Regulations, with appropriate additions, deletions, and other implementing provisions. The regulations adopted under this paragraph shall be placed within Title 25 of the California Code of Regulations.

(2) The requirements promulgated by the department pursuant to this section shall only apply to the construction, alteration, and conversion of commercial modulars, and not to the use or operation of commercial modulars.

(d) No municipality shall prohibit the use of commercial modulars that bear a valid insignia, based on the date the insignia was issued.

SECTION 1. Section 5090.02 of the Public Resources Code is amended to read:

5090.02. (a) The Legislature finds all of the following:

(1) Off-highway motor vehicles are enjoying an ever-increasing popularity in California.

(2) Off-highway recreation includes both motorized recreation and motorized off-highway access to nonmotorized recreation activities.

(3) The indiscriminate and uncontrolled use of those vehicles may have a deleterious impact on the environment, wildlife habitats, native wildlife, and native flora.

(b) The Legislature hereby declares that effectively managed areas and adequate facilities for the use of off-highway vehicles and conservation and enforcement are essential for ecologically balanced recreation.

(c) Accordingly, it is the intent of the Legislature that:

(1) Existing off-highway motor vehicle recreational areas, facilities, and opportunities should be expanded and managed in a manner consistent with this chapter, in particular to maintain sustained long-term use.

(2) New off-highway motor vehicle recreational areas, facilities, and opportunities should be provided and managed pursuant to this chapter in a manner that will sustain long-term use.

(3) The department should support both motorized recreation and motorized off-highway access to nonmotorized recreation.

(4) When areas or trails or portions thereof cannot be maintained to appropriate established standards for sustained long-term use, they should be closed to use and repaired, to prevent accelerated erosion. Those areas should remain closed until they can be managed within the soil conservation standard or should be closed and restored.

(5) Prompt and effective implementation of the Off-Highway Motor Vehicle Recreation Program by the department and the Division of Off-Highway Motor Vehicle Recreation should have an equal priority among other programs in the department.

(6) Off-highway motor vehicle recreation should be managed in accordance with this chapter through financial assistance to local governments and joint undertakings with agencies of the United States and with federally recognized Native American tribes.

SEC. 2. Section 5090.15 of the Public Resources Code is amended to read:

5090.15. (a) There is in the department the Off-Highway Motor Vehicle Recreation Commission, consisting of nine members, five of

whom shall be appointed by the Governor and subject to Senate confirmation, two of whom shall be appointed by the Senate Committee on Rules, and two of whom shall be appointed by the Speaker of the Assembly.

(b) In order to be appointed to the commission, a nominee shall represent one or more of the following groups:

(1) Off-highway vehicle recreation interests.

(2) Biological or soil scientists.

(3) Groups or associations of predominantly rural landowners.

(4) Law enforcement.

(5) Environmental protection organizations.

(6) Nonmotorized recreation interests.

It is the intent of the Legislature that appointees to the commission represent all of the groups delineated in paragraphs (1) to (6), inclusive, to the extent possible.

(c) Whenever a reference is made to the State Park and Recreation Commission pertaining to a duty, power, purpose, responsibility, or jurisdiction of the State Park and Recreation Commission with respect to the state vehicular recreation areas, as established by this chapter, it is a reference to, and means, the Off-Highway Motor Vehicle Recreation Commission.

SEC. 3. Section 5090.23 of the Public Resources Code is repealed.

(b) Meet at least four times per year at various locations throughout the state to receive comments on the implementation of the program. Establish an annual calendar of proposed meetings at the beginning of each calendar year. The meetings shall include a public meeting, before the beginning of each grant program cycle, to collect public input concerning the program, recommendations for program improvements, and specific project needs for the system.

(c) Hold a public hearing to receive public comment regarding any proposed substantial acquisition or development project at a location in close geographic proximity to the project, unless a hearing consistent with federal law or regulation has already been held regarding the project.

(d) Consider, upon the request of any owner or tenant, whose property is in the vicinity of any land in the system, any alleged adverse impacts occurring on that person's property from the operation of off-highway motor vehicles and recommend to the division suitable measures for the

prevention of any adverse impact determined by the commission to be occurring, and suitable measures for the restoration of adversely impacted property.

(4) Education and safety. Five percent of the funds appropriated by the Legislature pursuant to subdivision (a) of Section 5090.61 shall be available for grants and cooperative agreements that either provide comprehensive education that teaches off-highway motor vehicle safety, environmental responsibility, and respect for private property, or provide safety programs associated with off-highway motor vehicle recreation.

(c) Eligible grant and cooperative agreement applicants include:

(3) Require applicants to file their first appeal within 30 calendar days following the notice of award or denial of a grant or cooperative agreement. Notice of the decision or the rejection of the appeal shall be issued within 60 days following the filing of an appeal.

(4) Require applicants to exhaust these appeal rights prior to seeking other legal remedies through the courts.

(j) A grant shall not be made, nor a cooperative agreement entered into, pursuant to this section without the approval of the director.

SEC. 10. Section 5090.51 of the Public Resources Code is repealed.

SEC. 11. Section 5090.53 of the Public Resources Code is amended to read:

5090.53. No funds may be granted or expended pursuant to Section 5090.50, unless all of the following conditions are met:

(a) If the project involves a ground disturbing activity, the recipient has completed wildlife habitat and soil surveys and has prepared a wildlife habitat protection program to sustain a viable species composition for the project area.

(b) If the project involves a ground disturbing activity, the recipient agrees to monitor the condition of soils and wildlife in the project area each year in order to determine whether the soil conservation standards adopted pursuant to Section 5090.35 and the wildlife habitat protection program prepared pursuant to subdivision (a) are being met.

(c) If the project involves a ground disturbing activity, the recipient agrees that, whenever the soil conservation standards adopted pursuant to Section 5090.35 are not being met in any portion of a project area, the recipient shall close temporarily that noncompliant portion, to repair and prevent accelerated erosion, until the same soil conservation standards adopted pursuant to Section 5090.35 are met.

(d) If the project involves a ground disturbing activity, the recipient agrees that, whenever the wildlife habitat protection program prepared pursuant to subdivision (a) is not being met in any portion of a project area, the recipient shall close temporarily that noncompliant portion until the same wildlife habitat protection program prepared pursuant to subdivision (a) is met.

(e) The recipient agrees to enforce the registration of off-highway motor vehicles and the other provisions of Division 16.5 (commencing with Section 38000) of the Vehicle Code and to enforce the other applicable laws regarding the operation of off-highway motor vehicles.

(f) The recipient agrees to cooperate with appropriate law enforcement entities to provide proper law enforcement at and around the facility.

(g) The recipient has identified the potential for the facility to reduce illegal and unauthorized off-highway motor vehicle recreation activities in the surrounding areas.

(h) The recipient has included in its application a description of how it is meeting the operations and maintenance needs of any existing off-highway motor vehicle recreation facility under its jurisdiction.

SEC. 12. Section 5090.61 of the Public Resources Code is repealed.

SEC. 13. Section 5090.61 is added to the Public Resources Code, to read:

5090.61. Moneys in the fund shall be available, upon appropriation by the Legislature, as follows:

(a) An amount, not to exceed 50 percent of the annual revenues to the fund, shall be available for grants and cooperative agreements pursuant to Article 5 (commencing with Section 5090.50).

(b) (1) The remainder of the annual revenues to the fund shall be available for the support of the division in implementing the off-highway motor vehicle recreation program and for the planning, acquisition, development, construction, maintenance, administration, operation, restoration, and conservation of lands in the system.

(2) As used in this subdivision, "support of the division" includes functions performed outside of the division by others on behalf of the division, including costs incurred on behalf of the division for personnel management and training, accounting, and fiscal analysis, records, purchasing, public information activities, consultation of professional scientists and reclamation experts for the purposes of Section 5090.35, and legal services. "Support of the division" does not include costs incurred by, or attributable to, the director or the director's immediate staff, or their salaries.

SEC. 14. Section 5090.63 of the Public Resources Code is repealed.

SEC. 15 Section 5090.64 of the Public Resources Code is repealed.

SEC. 16. Section 5090.70 of the Public Resources Code is amended to read:

5090.70. This chapter shall remain in effect only until January 1, 2018, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2018, deletes or extends that date.

SEC. 17. Section 5091.15 of the Public Resources Code is amended to read:

5091.15. (a) Except as provided in this section, no person shall, from November 1 of any year to May 30 of the next year or for a shorter time as determined by the department, park a vehicle in a designated parking area unless the vehicle displays a parking permit issued by the department. Overnight camping in a vehicle parked in a designated parking area may be authorized by the department when it determines that the use is for a recreational activity, is safe and prudent, and is of limited duration.

(b) No parking permit shall be required under this section for a vehicle owned and operated by the United States, another state or political subdivision thereof, or by this state or by a city, county, district, or political subdivision thereof.

(c) The fee for the issuance of a parking permit under this chapter shall be determined by the department. The department shall hold at

least one public hearing and notify the Legislature at least 30 days prior to any proposal to change the fees.

(d) A person who violates this section is guilty of an infraction punishable by a fine of seventy-five dollars ($75). Unless the peace officer issuing the citation witnesses the parking of the vehicle, a rebuttable presumption exists that a vehicle parked in violation of this section was parked by the registered owner of the vehicle. If the parking of the vehicle is witnessed by the peace officer, the operator of the vehicle is in violation of this section.

(e) The department may negotiate reciprocity agreements with other states having similar programs if the agreements are in the best interests of the California SNO-PARK program.

(f) The department may contract with appropriate agencies for law enforcement, including, but not limited to, the Department of the California Highway Patrol, the county sheriffs, and the United States Department of Agriculture Forest Service. Enforcement activities may be funded with moneys appropriated from the Winter Recreation Fund.

SEC. 18. Section 5091.25 of the Public Resources Code is amended to read:

5091.25. (a) Proceeds from the sale of SNO-PARK parking permits shall be paid to the State Treasury to the credit of the Winter Recreation Fund, which is hereby created.

(b) The moneys in the Winter Recreation Fund shall be allocated, when appropriated, as follows:

(1) An amount equal to the actual and necessary costs incurred in the removal of snow from designated parking areas shall be paid to the Department of Transportation.

(2) The balance of the funds shall be expended for the acquisition, lease, development, and maintenance of additional designated parking areas, for sanitation facilities, trailhead markings, and other facilities designed to promote the safety and well-being of persons engaged in winter recreation, and for grants to counties for the actual and necessary costs incurred in the removal of snow from designated parking areas, and to inform and educate the public about the program.

SEC. 19. Section 8352.6 of the Revenue and Taxation Code is repealed.

SEC. 20. Section 8352.6 is added to the Revenue and Taxation Code, to read:

8352.6. (a) Subject to Section 8352.1, on the first day of every month, there shall be transferred from money deposited to the credit of the Motor Vehicle Fuel Account to the Off-Highway Vehicle Trust Fund created by Section 38225 of the Vehicle Code an amount attributable to taxes imposed upon distributions of motor vehicle fuel used in the operation

of motor vehicles off-highway and for which a refund has not been claimed. Transfers made pursuant to this section shall be made prior to transfers pursuant to Section 8352.2.

(b) The amount transferred pursuant to subdivision (a), as a percent of the Motor Vehicle Fuel Account, shall be equal to the percent transferred in the 2006–07 fiscal year. Every five years, starting in the 2013–14 fiscal year, the percent transferred may be adjusted by the Department of Transportation in cooperation with the Department of Parks and Recreation and the Department of Motor Vehicles. Adjustments shall be based on, but not limited to, the changes in the following factors since the 2006–07 fiscal year or the last adjustment, whichever is more recent:

(1) The number of vehicles registered as off-highway motor vehicles as required by Division 16.5 (commencing with Section 38000) of the Vehicle Code.

(2) The number of registered street-legal vehicles that are anticipated to be used off-highway, including four-wheel drive vehicles, all-wheel drive vehicles, and dual-sport motorcycles.

(3) Attendance at the state vehicular recreation areas.

(4) Off-highway recreation use on federal lands as indicated by the United States Forest Service's National Visitor Use Monitoring and the United States Bureau of Land Management's Recreation Management Information System.

(c) It is the intent of the Legislature that transfers from the Motor Vehicle Fuel Account to the Off-Highway Motorized Vehicle Trust Fund should reflect the full range of motorized vehicle use off-highway for both motorized recreation and motorized off-road access to other recreation opportunities. Therefore, the Legislature finds that the fuel tax baseline established in subdivision (b), attributable to off-highway estimates of use as of the 2006–07 fiscal year, accounts for the three categories of vehicles that have been found over the years to be users of fuel for off-highway motorized recreation or motorized access to nonmotorized recreational pursuits. These three categories are registered off-highway motorized vehicles, registered street legal motorized vehicles used off-highway, and unregistered off-highway motorized vehicles.

(d) It is the intent of the Legislature that the off-highway motor vehicle recreational use to be determined by the Department of Transportation pursuant to paragraph (2) of subdivision (b), be that usage by vehicles subject to registration under Division 3 (commencing with Section 4000) of the Vehicle Code, for recreation or the pursuit of recreation on surfaces where the use of vehicles registered under Division 16.5 (commencing with Section 38000) of the Vehicle Code may occur.

SEC. 21. Section 8352.7 of the Revenue and Taxation Code is repealed.

SEC. 22. Section 8352.8 of the Revenue and Taxation Code is amended to read:

8352.8. (a) The Conservation and Enforcement Services Account is hereby established as an account in the Off-Highway Vehicle Trust Fund created by Section 38225 of the Vehicle Code.

(b) Funds in the Conservation and Enforcement Services Account shall be allocated to the Division of Off-Highway Motor Vehicle Recreation of the Department of Parks and Recreation for expenditure, upon appropriation by the Legislature, for the following purposes:

(1) Up to the 40 percent of the funds, for cooperative agreements or challenge cost-sharing agreements with the United States Forest Service and the United States Bureau of Land Management, to complete necessary route designation planning work and to implement route planning decisions.

(2) Up to one million one hundred thousand dollars ($1,100,000) for each grant cycle, to increase the amount of funds available for restoration grants in the program pursuant to paragraph (2) of subdivision (b) of Section 5090.50 of the Public Resources Code.

SEC. 23. Section 38165 of the Vehicle Code is amended to read:

38165. (a) The department shall determine the size, color, and letters or number of the plate or device issued pursuant to this division and the life of the series of plate or device issued, but in no event less than six years. The design of the plate or device shall have the identification number as the most prominent feature of the device. During the intervening identification periods for which the plate or device is issued, the department shall issue a tab, sticker, or other suitable device to indicate the term for which such plate or device will be valid.

(b) On or before July 1, 2009, the department, in conjunction with the Division of Off-Highway Motor Vehicle Recreation of the Department of Parks and Recreation, shall report to the Assembly Committee on Water, Parks and Wildlife and the Senate Committee on Natural Resources and Water, regarding recommendations to improve the identification of off-highway motor vehicles. At a minimum, the report shall examine the benefits and challenges of all of the following:

(1) Using multiple identification stickers for each vehicle.

(2) Using large-print identifying numbers or letters.

(3) Various identifying devices, such as license plates and stickers.

(4) Requiring license plates or other device alternatives for certain off-highway vehicle types.

(5) Including a unique number for special nonresident permits issued under Section 38087.5.

(c) In preparing the report, the department and the Division of Off-Highway Motor Vehicle Recreation shall work with vehicle manufacturers to evaluate feasibility.

SEC. 24. Section 38225 of the Vehicle Code, as amended by Section 58 of Chapter 77 of the Statutes of 2006, is amended to read:

38225. (a) A service fee of seven dollars ($7) shall be paid to the department for the issuance or renewal of identification of off-highway motor vehicles subject to identification, except as expressly exempted under this division.

(b) In addition to the service fee required by subdivision (a), a special fee of thirty-three dollars ($33) shall be paid at the time of payment of the service fee for the issuance or renewal of an identification plate or device.

The people of the State of California do enact as follows:

SECTION 1. Section 18035 of the Health and Safety Code is amended to read:

18035. (a) (1) For every transaction by or through a dealer to sell or lease with the option to buy a new or used manufactured home or mobilehome subject to registration under this part, the dealer shall execute in writing and obtain the buyer's signature on a purchase order, conditional sale contract, or other document evidencing the purchase contemporaneous with, or prior to, the receipt of any cash or cash equivalent from the buyer, shall establish an escrow account with an

escrow agent, and shall cause to be deposited into that escrow account any cash or cash equivalent received at any time prior to the close of escrow as a deposit, downpayment, or whole or partial payment for the manufactured home or mobilehome or accessory thereto. The deposits shall be made by the dealer within five working days of receipt, one of which shall be the day of receipt.

(3) For purposes of this section, "cash equivalent" means any property, other than cash. If an item of cash equivalent is, due to its size, incapable of physical delivery to the escrowholder, the property may be held by the dealer for the purchaser until close of escrow and, if the property has been registered with the department or the Department of Motor Vehicles, its registration certificate and, if available, its certificate of title shall be delivered to the escrowholder.

(ii) The inventory creditor shall consent in writing to other than full payment.

(B) For purposes of this paragraph, "inventory creditor" includes any person who is identified as a creditor on the manufacturer's certificate of origin or any person who places the original certificate of origin in escrow and claims in writing to the escrow agent to have a purchase money security interest in the manufactured home or mobilehome, as contemplated by Section 9103 of the Commercial Code.

(3) That the escrow agent shall obtain from the manufacturer a true and correct facsimile of the copy of the certificate of origin retained by the manufacturer pursuant to Section 18093.

(c) For every transaction by or through a dealer to sell or lease with the option to buy a used manufactured home or mobilehome subject to registration under this part, the escrow instructions shall provide:

(2) That, in the alternative, either of the following shall occur:

(A) (i) The registered owner shall acknowledge in writing the amount of the commission to be received by the dealer for the sale of the manufactured home or mobilehome, and (ii) the registered owner shall release all of its ownership interests in the manufactured home or mobilehome either contemporaneously upon the payment of a specified amount from the escrow account or at the close of the escrow where the buyer has executed a security agreement approved by the registered owner covering the unpaid balance of the purchase price.

(B) (i) The dealer shall declare in writing that the manufactured home or mobilehome is its inventory, (ii) the registered owner shall acknowledge in writing that the purchase price relating to the sale of the manufactured home or mobilehome to the dealer for resale has been paid in full by the dealer, (iii) the current certificate of title shall be appropriately executed by the registered owner to reflect the release of all of its ownership interests, and (iv) the dealer shall release all of its ownership interests in the manufactured home or mobilehome either contemporaneously upon the payment of a specified amount from the escrow account or at the close of escrow where the buyer has executed a security agreement approved by the dealer covering the unpaid balance of the purchase price.

(A) Release his or her security interest or transfer its security interest to a designated third party contemporaneously upon the payment of a specified amount from the escrow account.

(B) Advise the escrow agent in writing that the new buyer or the buyer's stated designee shall be approved as the new registered owner upon the execution by the buyer of a formal assumption of the indebtedness secured by his or her lien approved by the creditor at or before the close of escrow.

(d) For every transaction by or through a dealer to sell or lease with the option to buy a used manufactured home or mobilehome subject to registration under this part:

(1) The dealer shall present the buyer's offer to purchase the manufactured home or mobilehome to the seller in written form signed by the buyer. The seller, upon accepting the offer to purchase, shall sign

and date the form. Copies of the fully executed form shall be presented to both the buyer and seller, with the original copy retained by the dealer. Any portion of the form that reflects the commission charged by the dealer to the seller need not be disclosed to the buyer.

(2) The escrow agent, upon receipt of notification from the dealer that the seller has accepted the buyer's offer to purchase and receipt of mutually endorsed escrow instructions, shall, within three working days, prepare a notice of escrow opening on the form prescribed by the department and forward the completed form to the department with appropriate fees. If the escrow is canceled for any reason before closing, the escrow agent shall prepare a notice of escrow cancellation on the form prescribed by the department and forward the completed form to the department.

(3) (A) The escrow agent shall forward to the legal owner and each junior lienholder at their addresses shown on the current registration card a written demand for a lien status report, as contemplated by Section 18035.5, and a written demand for either an executed statement of conditional lien release or an executed statement of anticipated formal assumption, and shall enclose blank copies of a statement of conditional lien release and a statement of anticipated formal assumption on forms prescribed by the department. The statement of conditional lien release shall include, among other things, both of the following:

(i) A statement of the dollar amount or other conditions required by the creditor in order to release or transfer its lien.

(ii) The creditor's release or transfer of the lien in the manufactured home or mobilehome contingent upon the satisfaction of those conditions.

(B) The statement of anticipated formal assumption shall include, among other things, both of the following:

(i) A statement of the creditor's belief that the buyer will formally assume the indebtedness secured by its lien pursuant to terms and conditions which are acceptable to the creditor at or before the close of escrow.

(ii) The creditor's approval of the buyer or his or her designee as the registered owner upon the execution of the formal assumption.

(4) Within five days of the receipt of the written demand and documents required by paragraph (3), the legal owner or junior lienholder shall complete and execute either the statement of conditional lien release or, if the creditor has elected to consent to a formal assumption requested by a qualified buyer, the statement of anticipated formal assumption, as appropriate, and prepare the lien status report and forward the documents to the escrow agent by first-class mail. If the creditor is the legal owner, the certificate of title in an unexecuted form shall accompany the documents. If the creditor is a junior lienholder, the creditor's copy of

the current registration card in an unexecuted form shall accompany the documents.

(5) If either of the following events occurs, any statement of conditional lien release or statement of anticipated formal assumption executed by the creditor shall become inoperative, and the escrow agent shall thereupon return the form and the certificate of title or the copy of the current registration card, as appropriate, to the creditor by first-class mail:

(A) The conditions required in order for the creditor to release or transfer his or her lien are not satisfied before the end of the escrow period agreed upon in writing between the buyer and the seller or, if applicable, before the end of any extended escrow period as permitted by subdivision (g).

(B) The registered owner advises the creditor not to accept any satisfaction of his or her lien or not to permit any formal assumption of the indebtedness and the creditor or registered owner advises the escrow agent in writing accordingly.

(6) If a creditor willfully fails to comply with the requirements of paragraph (4) within 21 days of the receipt of the written demand and documents required by paragraph (3), the creditor shall forfeit to the escrow agent three hundred dollars ($300), except where the creditor has reasonable cause for noncompliance. The three hundred dollars ($300) shall be credited to the seller, unless otherwise provided in the escrow instructions. Any penalty paid by a creditor under this paragraph shall preclude any civil liability for noncompliance with Section 18035.5 relating to the same act or omission.

(e) For every transaction by or through a dealer to sell or lease with the option to buy a new or used manufactured home or mobilehome, the escrow instructions shall specify one of the following:

(1) Upon the buyer receiving delivery of an installed manufactured home or mobilehome on the site and the manufactured home or mobilehome passing inspection pursuant to Section 18613 or after the manufactured home or mobilehome has been delivered to the location specified in the escrow instructions when the installation is to be performed by the buyer, all funds in the escrow account, other than escrow fees and amounts for accessories not yet delivered, shall be disbursed. If mutually agreed upon between buyer and dealer, the escrow instructions may specify that funds be disbursed to a government agency for the payment of fees and permits required as a precondition for an installation acceptance or certificate of occupancy, and the information that may be acceptable to the escrow agent.

(2) Upon the buyer receiving delivery of an installed manufactured home or mobilehome not subject to the provisions of Section 18613 with

delivery requirements as mutually agreed to and set forth in the sales documents, all funds in the escrow account, other than escrow fees, shall be disbursed.

(f) Upon receiving written notice from a party to the escrow of a dispute, the escrow agent shall inform the party of his or her right to hold funds in escrow by submitting a written request to hold funds in escrow. Upon receipt by the escrow agent of a party's written request to hold funds in escrow, all funds denoted as deposit shall be held in escrow until a release is signed by the disputing party, or pursuant to new written escrow instructions signed by the parties involved, or pursuant to a final order for payment or division by a court of competent jurisdiction. Any other funds, other than escrow fees, shall be returned to the buyer or any person, other than the dealer or seller, as appropriate. At the opening of escrow, the escrow agent shall give notice of the right to request that funds be held in escrow pursuant to this subdivision.

(h) No dealer or seller shall establish with an escrow agent any escrow account in an escrow company in which the dealer or seller has more than a 5-percent ownership interest.

(i) The escrow instructions may provide for the proration of any local property tax due or to become due on the manufactured home or mobilehome, and if the tax, or the license fee imposed pursuant to Section 18115, or the registration fee imposed pursuant to Section 18114, is delinquent, the instructions may provide for the payment of the taxes or fees, or both, and any applicable penalties.

(j) For every transaction by or through a dealer to sell or lease with the option to buy a new or used manufactured home or mobilehome that is subject to inspection pursuant to Section 18613, and for which it is stated, on the face of the document certifying or approving occupancy or installation, that the issuance of the document is conditioned upon the payment of a fee, charge, dedication, or other requirement levied pursuant to Section 53080 of the Government Code, the escrow instructions shall provide that the payment of that fee, charge, dedication, or other requirement be made to the appropriate school district upon the close of escrow.

(k) No agreement shall contain any provision by which the buyer waives his or her rights under this section, and any waiver shall be deemed contrary to public policy and shall be void and unenforceable.

(*l*) If a portion of the amount in the escrow is for accessories, then that portion of the amount shall not be released until the accessories are actually installed.

(m) Upon opening escrow on a used manufactured home or mobilehome which is subject to local property taxation, and subject to registration under this part, the escrow officer may forward to the tax collector of the county in which the used manufactured home or mobilehome is located, a written demand for a tax clearance certificate, if no liability exists, or a conditional tax clearance certificate if a tax liability exists, to be provided on a form prescribed by the office of the Controller. The conditional tax clearance certificate shall state the amount of the tax liability due, if any, and the final date that amount may be paid out of the proceeds of escrow before a further tax liability may be incurred.

(1) Within five working days of receipt of the written demand for a conditional tax clearance certificate or a tax clearance certificate, the county tax collector shall forward the conditional tax clearance certificate or a tax clearance certificate showing no tax liability exists to the requesting escrow officer. In the event the tax clearance certificate's or conditional tax clearance certificate's final due date expires within 30 days of date of issuance, an additional conditional tax clearance certificate or a tax clearance certificate shall be completed which has a final due date of at least 30 days beyond the date of issuance.

(2) If the tax collector on which the written demand for a tax clearance certificate or a conditional tax clearance certificate was made fails to comply with that demand within 30 days from the date the demand was mailed, the escrow officer may close the escrow and submit a statement of facts certifying that the written demand was made on the tax collector and the tax collector failed to comply with that written demand within 30 days. This statement of facts may be accepted by the department in lieu of a conditional tax clearance certificate or a tax clearance certificate, as prescribed by subdivision (a) of Section 18092.7, and the transfer of ownership may be completed.

(3) The escrow officer may satisfy the terms of the conditional tax clearance certificate by paying the amount of tax liability shown on the form by the tax collector out of the proceeds of escrow on or before the date indicated on the form and by certifying in the space provided on the form that all terms and conditions of the conditional tax clearance certificate have been complied with.

(n) This section creates a civil cause of action against a buyer or dealer or other seller who violates this section, and upon prevailing, the plaintiff in the action shall be awarded actual damages, plus an amount not in excess of two thousand dollars ($2,000). In addition, attorney's

fees and court costs shall also be awarded a plaintiff who prevails in the action.

(b) The baseline funding amount, as determined under Section 14166.5, for San Mateo Medical Center shall be increased by eight million dollars ($8,000,000) for purposes of this section.

(c) The following payments shall be made from the amount identified in subdivision (a), in addition to any other payments due to the University of California hospitals and health system and County of Los Angeles hospitals under this section:

If an amount less than the one hundred eighty million dollars ($180,000,000) is available during the project year, the amount determined under this paragraph shall be reduced proportionately.

(d) For the 2005–06 and 2006–07 project years, the amount identified in subdivision (a), as reduced by the amounts identified in subdivision (c), shall be distributed among the designated public hospitals pursuant to this subdivision.

(1) Designated public hospitals that are donor hospitals, and their associated donated certified public expenditures, shall be identified as follows:

(A) An initial pro rata allocation of the amount subject to this subdivision shall be made to each designated public hospital, based upon the hospital's baseline funding amount determined pursuant to Section 14166.5, and as further adjusted in subdivision (b). The resulting amount shall be increased by amounts distributed to the hospital pursuant to subdivision (c) of this section, paragraph (1) of subdivision (b) of Section 14166.20, and the initial allocation determined for the hospitals in subparagraph (A).

(D) If the amount in subparagraph (B) is greater than the amount determined in subparagraph (C), the hospital is a donor hospital, and the difference between the two amounts is deemed to be that donor hospital's associated donated certified public expenditures amount.

(2) Seventy percent of the total amount subject to this subdivision shall be allocated pro rata among the designated public hospitals based upon each hospital's baseline funding amount determined pursuant to Section 14166.5, and as further adjusted in subdivision (b).

(3) The lesser of the remaining 30 percent of the total amount subject to this subdivision or the total amounts of donated certified public expenditures for all donor hospitals, shall be distributed pro rata among the donor hospitals based upon the donated certified public expenditures amount determined for each donor hospital. Any amounts not distributed pursuant to this paragraph shall be distributed in the same manner as set forth in paragraph (2).

(e) For the 2007–08 and subsequent project years, the amount identified in subdivision (a), as reduced by the amounts identified in subdivision (c), shall be distributed among the designated public hospitals pursuant to this subdivision.

(1) Each designated public hospital that renders inpatient hospital services under the health care coverage initiative program authorized pursuant to Part 3.5 (commencing with Section 15900) shall be allocated an amount equal to the amount of the federal safety net pool funds claimed and received with respect to the services rendered by the hospital, including services rendered to enrollees of a managed care organization, to the extent the amount was included in the determination of total stabilization funding for the project year pursuant to Section 14166.20.

(2) Each designated public hospital for which, during the project year, the sum of the allowable costs incurred in rendering inpatient hospital services to Medi-Cal beneficiaries and the allowable costs incurred with respect to supplemental reimbursement for physician and nonphysician

practitioner services rendered to Medi-Cal hospital inpatients, as specified in Section 14166.4, exceeds the allowable costs incurred for those services rendered in the prior year, shall be allocated an amount equal to 60 percent of the difference in the allowable costs, multiplied by the applicable federal medical assistance percentage. The allocations under this paragraph, however, shall be reduced pro rata as necessary to ensure that the total of those allocations does not exceed 80 percent of the amount subject to this subdivision after the allocations in paragraph (1). For purposes of this paragraph, the most recent cost data that are available at the time of the department's determinations for the project year pursuant to Section 14166.20 shall be used.

(3) The remaining amount subject to this subdivision that is not otherwise allocated pursuant to paragraphs (1) and (2) shall be allocated as set forth below:

(A) Designated public hospitals that are donor hospitals, and their associated donated certified public expenditures, shall be identified as follows:

(i) An initial pro rata allocation of the amount subject to this paragraph shall be made to each designated public hospital, based upon the total allowable costs incurred by each hospital, or governmental entity with which it is affiliated, in rendering hospital services to the uninsured during the project year as reported pursuant to Section 14166.8. This initial allocation shall be used for purposes of the calculations under clause (iii) and subparagraph (C).

(ii) The federal financial participation amount arising from the certified public expenditures of each designated public hospital, including the expenditures of the governmental entity, nonhospital clinics, and other provider types with which it is affiliated, that were claimed by the department from the federal disproportionate share hospital allotment pursuant to subparagraphs (A) and (C) of paragraph (2) of subdivision (a) of Section 14166.9, and from the safety net care pool funds pursuant to paragraph (3) of subdivision (a) of Section 14166.9, shall be determined.

(iii) The amount of federal financial participation received by each designated public hospital, and by the governmental entity, nonhospital clinics, and other provider types with which it is affiliated, based on certified public expenditures from the federal disproportionate share hospital allotment pursuant to paragraph (1) of subdivision (b) of Section 14166.6, and from the safety net care pool payments pursuant to subdivision (a) of Section 14166.7 shall be identified. With respect to this identification, if a payment adjustment for a hospital has been made pursuant to paragraph (2) of subdivision (f) of Section 14166.6, or paragraph (2) of subdivision (b) of Section 14166.7, the amount of federal

financial participation received by the hospital based on certified public expenditures shall be determined as though no payment adjustment had been made. The resulting amount shall be increased by amounts distributed to the hospital pursuant to subdivision (c), paragraphs (1) and (2) of this subdivision, paragraph (1) of subdivision (b) of Section 14166.20, and the initial allocation determined for the hospitals in clause (i).

(iv) If the amount in clause (ii) is greater than the amount determined in clause (iii), the hospital is a donor hospital, and the difference between the two amounts is deemed to be that donor hospital's associated donated certified public expenditures amount.

(B) Fifty percent of the total amount subject to this paragraph shall be allocated pro rata among the designated public hospitals in the same manner described in clause (i) of subparagraph (A).

(C) The lesser of the remaining 50 percent of the total amount subject to this paragraph, the total amounts of donated certified public expenditures for all donor hospitals or that amount that is 30 percent of the amount subject to this subdivision after the allocations in paragraph (1), shall be distributed pro rata among the donor hospitals based upon the donated certified public expenditures amount determined for each donor hospital. Any amounts not distributed pursuant to this subparagraph shall be distributed in the same manner as set forth in subparagraph (B).

(f) The department shall consult with designated public hospital representatives regarding the appropriate distribution of stabilization funding before stabilization funds are allocated and paid to hospitals. No later than 30 days after this consultation, the department shall issue a final allocation of stabilization funding under this section that shall not be modified for any reason other than mathematical errors or mathematical omissions on the part of the department.

CHAPTER 545

An act to amend Section 1417.2 of the Health and Safety Code, relating to long-term health care facilities.

[Approved by Governor October 12, 2007. Filed with Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) Congress passed the Nursing Home Reform Act, which allowed the government to issue sanctions against nursing homes that failed to comply with federal Medicare and Medicaid quality of care requirements.

(b) Civil money penalties are one type of sanction established by the federal government to encourage nursing homes to comply with federal requirements and to prevent poor quality of care.

(c) The federal government contracts with state licensing and certification to inspect nursing homes and to issue civil money penalties for violations of federal conditions of participation.

(d) Moneys collected as a result of civil penalties imposed as a result of violations of federal and state statutes should be deposited into two separate accounts that are established in the Special Deposit Fund pursuant to Section 16370 of the Government Code.

(e) These civil money penalties offer an opportunity to make the lives of nursing home residents better by providing additional resources to the state to improve the quality of care and quality of life for residents.

(f) In 2002, the federal Centers for Medicare and Medicaid Services provided guidance to ensure that states use civil money penalty funds in accordance with federal law while allowing flexibility in the use of the funds.

(g) The written guidance to states allows civil money penalty funds to be used to prevent continued noncompliance by nursing facilities through educational or other means and to authorize the use of the moneys for any project that directly benefits facility residents.

SEC. 2. Section 1417.2 of the Health and Safety Code is amended to read:

1417.2. (a) Notwithstanding Section 1428, moneys collected as a result of state and federal civil penalties imposed under this chapter or federal law shall be deposited into accounts that are hereby established in the Special Deposit Fund created pursuant to Section 16370 of the Government Code. These accounts are titled the State Health Facilities Citation Penalties Account, into which moneys derived from civil penalties for violations of state law shall be deposited, and the Federal Health Facilities Citation Penalties Account, into which moneys derived from civil penalties for violations of federal law shall be deposited. Moneys from these accounts shall be used, notwithstanding Section 16370 of the Government Code, upon appropriation by the Legislature, in accordance with state and federal law for the protection of health or property of residents of long-term health care facilities, including, but not limited to, the following:

(1) Relocation expenses incurred by the department, in the event of a facility closure.

(2) Maintenance of facility operation pending correction of deficiencies or closure, such as temporary management or receivership, in the event that the revenues of the facility are insufficient.

(3) Reimbursing residents for personal funds lost. In the event that the loss is a result of the actions of a long-term health care facility or its employees, the revenues of the facility shall first be used.

(4) The costs associated with informational meetings required under Section 1327.2.

(b) Notwithstanding subdivision (a), the balance in the State Health Facilities Citation Penalties Account shall not, at any time, exceed ten million dollars ($10,000,000).

(c) Moneys from the Federal Health Facilities Citation Penalties Account, in the amount not to exceed one hundred thirty thousand dollars ($130,000), may also be used, notwithstanding Section 16370 of the Government Code, upon appropriation by the Legislature, in accordance with state and federal law for the improvement of quality of care and quality of life for long-term health care facilities residents pursuant to Section 1417.3.

(d) The department shall post on its Web site, and shall update on a quarterly basis, all of the following regarding the funds in the State Health Facilities Citations Penalties Account and the Federal Health Facilities Citations Penalties Account:

(1) The specific sources of funds deposited into the account.

(2) The amount of funds in the account that have not been allocated.

(3) A detailed description of how funds in the account have been allocated and expended, including, but not limited to, the names of any persons or entities that received the funds, the amount of any salaries paid to temporary managers, and a description of any equipment purchased with the funds. However, the description shall not include the name of any residents.

CHAPTER 546

An act to add Chapter 1.57 (commencing with Section 5095.50) to Division 5 of the Public Resources Code, relating to parks.

[Approved by Governor October 12, 2007. Filed with Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The Central Valley is home to several of the fastest growing counties and communities in the state. The number of residents in the Central Valley is projected to grow from 6.3 million in 2005 to close to 12 million by 2040. With this increase in population will come a corresponding increase in the need for open space and for parks and recreational resources.

(b) Providing access to parks, open space, and outdoor recreational opportunities is key to preserving the quality of life for Central Valley residents. Access to such services is fundamental to the physical, mental, social, and emotional well-being of children, youth, and adults.

(c) The Department of Parks and Recreation's Central Valley Vision documents the serious lack of existing park and recreational services in the Central Valley to meet the needs of the region's growing population.

(d) Park and recreation service providers in the Central Valley, compared to other areas of the state, have received significantly less park bond funding and other financial support. The Central Valley is the largest geographically identifiable region in the state with the greatest unmet need for park services.

(e) Through data collection and public input the Department of Parks and Recreation has determined that there are significant resource protection and recreation opportunities in the Central Valley through which the department could better meet the needs of Central Valley residents.

(f) The Central Valley also contains important natural, cultural, and historical resources that are at risk of being lost to increased growth and development, including, but not limited to, riparian and wetland habitats, blue oak and sycamore woodlands, Native American sites, and cultural and historical resources related to California's agriculture and the many contributions of California immigrants.

(g) The rapid increase in population growth and development in the Central Valley means that the state must act in a timely manner to acquire and protect these resources before they are lost.

(h) Therefore, it is the intent of the Legislature that the Department of Parks and Recreation develop a detailed plan for implementation of the Central Valley Vision.

SEC. 2. Chapter 1.57 (commencing with Section 5095.50) is added to Division 5 of the Public Resources Code, to read:

Chapter 1.57. Central Valley Vision

5095.50. For purposes of this chapter, the following definitions apply:

(a) "Central Valley" means the geographic region extending from approximately the City of Redding in the north to the Tehachapi

Mountains in the south, and from the valley floor up to 2,000 feet elevation along the coastal range in the west and the Sierra Nevada range in the east.

(b) "Plan" means the detailed plan of implementation developed by the department for its Central Valley Vision.

5095.51. The department shall develop a detailed plan of implementation for its Central Valley Vision. The plan shall identify and prioritize specific sites and projects for acquisition and development in the Cental Valley, based on the following objectives:

(a) Expansion of resource protection and access to recreational opportunities at existing state parks and other public lands.

(b) Acquisition of lands with important natural, cultural, and recreational values, focusing on lands that link state parks with other public lands, particularly along water corridors.

(c) Preservation and interpretation of historical and cultural resources.

(d) Expansion of interpretive and recreational programs and opportunities in state park units.

5095.52. To the extent feasible, the plan shall do all of the following:

(a) Identify specific opportunities and priorities for acquisition and development of new and existing parks and recreational opportunities, with priority given to the following:

(1) Areas with significant or threatened natural resource values, as blue oak and sycamore woodlands, riparian and wetland areas, and native grasslands.

(2) Areas along river corridors and other water bodies, and in the Sacramento/San Joaquin Delta.

(3) Areas that can be linked with other state park units or public lands, providing natural corridors and linkages for wildlife and trails.

(4) Areas with unique California cultural and historical values.

(5) Areas with the capacity to support recreational activities for which there is a demonstrated unmet public interest and demand.

(b) Expand opportunities and facilities for multiple and diverse recreational activities, based on identified public interest and demand.

(c) Expand educational and interpretive services and facilities, focusing on the unique cultural and historical resources of the Central Valley.

5095.53. The plan shall include a specific timeline for implementation. By January 1, 2009, the department shall report to the Legislature on the plan and timeline for implementation of the plan.

5095.54. This chapter shall be implemented to the extent that funds are appropriated pursuant to subdivision (a) of Section 75063 or any other source.

CHAPTER 547

An act to add and repeal Section 44002.1 of the Public Resources Code, relating to solid waste.

[Approved by Governor October 12, 2007. Filed with Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 44002.1 is added to the Public Resources Code, to read:

44002.1. (a) The Legislature finds and declares all of the following:

(1) New trends in solid waste handling and collection practices, such as single-stream collection of recyclable materials, coupled with the regulations adopted by the board that govern solid waste transfer or processing stations and composting facilities, have resulted in the failure of a substantial number of persons carrying out previously unregulated recycling, solid waste handling, and composting activities, to comply with existing law.

(2) As cities and counties undertake greater efforts to increase the diversion of solid waste from landfills, the board anticipates that many new transfer and processing stations and composting facilities will commence operation in California within the next two to five years.

(3) To address these trends, it is necessary to provide a temporary permitting scheme to enable the operators of existing solid waste facilities to obtain temporary permits more quickly than is possible under existing law, in order to protect the public health and safety and the environment.

(b) The board shall adopt emergency regulations pursuant to subdivision (d) to authorize an enforcement agency, upon the board's concurrence, to issue a temporary solid waste facilities permit to a person operating a solid waste transfer or processing station or a composting facility, that, as of January 1, 2008, is required under this division and the regulations adopted by the board pursuant to this division to obtain a solid waste facilities permit, but for which a permit has not been obtained. The regulations adopted by the board shall include all of the following requirements:

(1) That a person desiring to obtain a temporary solid waste facilities permit submit a complete and correct application for the permit to the enforcement agency having jurisdiction no later than 60 days from the effective date of the regulations.

(2) That the date by which a holder of a temporary solid waste facilities permit shall obtain a permanent solid waste facilities permit from the enforcement agency having jurisdiction, or cease the activities for which a solid waste facilities permit is required, be on or before June 30, 2010.

(3) That a facility covered under a temporary solid waste facilities permit have been in operation on or before January 1, 2007.

(4) That the owner or operator of a facility covered under a temporary solid waste facilities permit agree to allow the facility to be inspected, at least monthly, by the enforcement agency.

(c) (1) An enforcement agency shall diligently notify the operators of all facilities within its jurisdiction of the availability of temporary solid waste facilities permits under the regulations adopted pursuant to this section.

(2) The board shall expeditiously review and act on a proposed temporary solid waste facilities permit submitted to it by an enforcement agency. Upon the request of an enforcement agency, the board shall provide assistance to the enforcement agency to expeditiously process applications for temporary solid waste facilities permits.

(d) The regulations adopted by the board pursuant to this section shall be adopted as emergency regulations and shall be considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health and safety, or general welfare. The board shall file the emergency regulations with the Office of Administrative Law at the earliest feasible date or March 1, 2008, whichever date is earlier. Notwithstanding subdivision (e) of Section 11346.1 of the Government Code, any emergency regulations adopted by the board pursuant to this section shall remain in effect until July 1, 2010, and on that date shall become inoperative.

(e) This section shall become inoperative on July 1, 2010, and, as of January 1, 2011, is repealed, unless a later enacted statute that is enacted before January 1, 2010, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated

by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 548

An act to add Section 31410 to the Public Resources Code, relating to coastal resources.

[Approved by Governor October 12, 2007. Filed with Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 31410 is added to the Public Resources Code, to read:

31410. (a) That portion of the Ma-le'l Dunes in Humboldt County that is part of the California Coastal Trail and is under the jurisdiction of the conservancy is hereby designated and shall be known as the Senator Wesley Chesbro Coastal Trail.

(b) After the date on which Wesley Chesbro ceases his service in the Legislature or on January 1, 2009, whichever occurs later, the conservancy shall erect appropriate signage, upon receipt of funding as described in subdivision (c), to reflect the designation made by this section and shall cause all directories and other publications concerning the California Coastal Trail to reflect the designation as the publications are periodically revised.

(c) The costs of the signage shall be funded by parties who request the conservancy to erect that signage pursuant to this section.

CHAPTER 549

An act to amend Section 798.73 of the Civil Code, relating to mobilehomes.

[Approved by Governor October 12, 2007. Filed with Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 798.73 of the Civil Code is amended to read:

798.73. The management may not require the removal of a mobilehome from the park in the event of its sale to a third party during the term of the homeowner's rental agreement or in the 60 days following the initial notice required by paragraph (1) of subdivision (b) of Section 798.55. However, in the event of a sale to a third party, in order to upgrade the quality of the park, the management may require that a mobilehome be removed from the park where:

(a) It is not a "mobilehome" within the meaning of Section 798.3.

(b) It is more than 20 years old, or more than 25 years old if manufactured after September 15, 1971, and is 20 feet wide or more, and the mobilehome does not comply with the health and safety standards provided in Sections 18550, 18552, and 18605 of the Health and Safety Code and the regulations established thereunder, as determined following an inspection by the appropriate enforcement agency, as defined in Section 18207 of the Health and Safety Code.

(c) The mobilehome is more than 17 years old, or more than 25 years old if manufactured after September 15, 1971, and is less than 20 feet wide, and the mobilehome does not comply with the construction and safety standards under Sections 18550, 18552, and 18605 of the Health and Safety Code and the regulations established thereunder, as determined following an inspection by the appropriate enforcement agency, as defined in Section 18207 of the Health and Safety Code.

(d) It is in a significantly rundown condition or in disrepair, as determined by the general condition of the mobilehome and its acceptability to the health and safety of the occupants and to the public, exclusive of its age. The management shall use reasonable discretion in determining the general condition of the mobilehome and its accessory structures. The management shall bear the burden of demonstrating that the mobilehome is in a significantly rundown condition or in disrepair. The management of the park may not require repairs or improvements to the park space or property owned by the management, except for damage caused by the actions or negligence of the homeowner or an agent of the homeowner.

(e) The management shall not require a mobilehome to be removed from the park, pursuant to this section, unless the management has provided to the homeowner notice particularly specifying the condition that permits the removal of the mobilehome.

CHAPTER 550

An act to amend Sections 125090 and 125107 of, and to repeal and add Section 120990 of, the Health and Safety Code, relating to HIV/AIDS.

[Approved by Governor October 12, 2007. Filed with Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 120990 of the Health and Safety Code is repealed.

SEC. 2. Section 120990 is added to the Health and Safety Code, to read:

120990. (a) Prior to ordering a test that identifies infection with HIV, a medical care provider shall inform the patient that the test is planned, provide information about the test, inform the patient that there are numerous treatment options available for a patient who tests positive for HIV and that a person who tests negative for HIV should continue to be routinely tested, and advise the patient that he or she has the right to decline the test. If a patient declines the test, the medical care provider shall note that fact in the patient's medical file.

(b) Subdivision (a) shall not apply when a person independently requests an HIV test from the provider.

(c) Except as provided in subdivision (a), no person shall administer a test for HIV infection unless the person being tested or his or her parent, guardian, conservator, or other person specified in Section 121020, signs a written statement documenting the person's informed consent to the test. This requirement does not apply to such a test performed at an alternative site pursuant to Sections 120890 or 120895. Nothing in this section shall be construed to allow a person to administer a test for HIV unless that person is otherwise permitted under current law to administer an HIV test.

(d) Nothing in this section shall preclude a medical examiner or other physician from ordering or performing a test to detect HIV on a cadaver when an autopsy is performed or body parts are donated pursuant to the Uniform Anatomical Gift Act (Chapter 3.5 (commencing with Section 7150) of Part 1 of Division 7).

(e) (1) The requirements of subdivision (c) do not apply when blood is tested as part of a scientific investigation conducted either by a medical researcher operating under the approval of an institutional review board or by the department, in accordance with a protocol for unlinked testing.

(2) For purposes of this subdivision, "unlinked testing" means blood samples that are obtained anonymously, or that have the name or identifying information of the individual who provided the sample removed in a manner that prevents the test results from ever being linked to a particular individual who participated in the research or study.

(f) Nothing in this section shall be construed to permit any person to unlawfully disclose an individual's HIV status, or to otherwise violate provisions of Section 54 of the Civil Code, the Americans With Disabilities Act of 1990 (Public Law 101-336), or the California Fair Employment and Housing Act (Part 2.8 (commencing with Section 12900) of Division 3 of Title 2 of the Government Code), which prohibit discrimination against individuals who are living with HIV, or who test positive for HIV, or are presumed to be HIV-positive.

SEC. 3. Section 125090 of the Health and Safety Code is amended to read:

125090. (a) Subdivision (a) of Section 125085 shall not be applicable if the licensed physician and surgeon or other person engaged in the prenatal care of a pregnant woman or attending the woman at the time of delivery has knowledge of the woman's blood type and accepts responsibility for the accuracy of the information.

(b) Subdivision (b) of Section 125085 shall not be applicable if the licensed physician and surgeon or other person engaged in the prenatal care of a pregnant woman or attending the woman at the time of delivery has knowledge that the woman has previously been determined to be chronically infected with hepatitis B or human immunodeficiency virus (HIV) and accepts responsibility for the accuracy of the information.

(c) Prior to obtaining a blood specimen collected pursuant to subdivision (b) of Section 125085 or this section, the physician and surgeon or other person engaged in the prenatal care of a pregnant woman, or attending the woman at the time of labor or delivery, shall ensure that the woman is informed of the intent to perform a test for HIV infection, the routine nature of the test, the purpose of the testing, the risks and benefits of the test, the risk of perinatal transmission of HIV, that approved treatments are known to decrease the risk of perinatal transmission of HIV, and that the woman has a right to decline this testing.

(d) If, during the final review of standard of prenatal care medical tests, the medical records of the pregnant woman do not document a test for rhesus (Rh) antibody blood type, a test for hepatitis B, or a test for HIV, the physician and surgeon or other person engaged in the prenatal care of the woman, or attending the woman at the time of labor or delivery, shall obtain a blood specimen from the woman for the tests that have not been documented. Prior to obtaining this blood specimen,

the provider shall ensure that the woman is informed of the intent to perform the tests that have not been documented prior to this visit, including a test for HIV infection, the routine nature of the test, the purpose of the testing, the risks and benefits of the test, the risk of perinatal transmission of HIV, that approved treatments are known to decrease the risk of perinatal transmission of HIV, and that the woman has a right to decline the HIV test. The blood shall be tested by a method that will ensure the earliest possible results, and the results shall be reported to both of the following:

(1) The physician and surgeon or other person engaged in the prenatal care of the woman or attending the woman at the time of delivery.

(2) The woman tested.

(e) After the results of the tests done pursuant to this section and Section 125085 have been received, the physician and surgeon or other person engaged in the prenatal care of the pregnant woman or attending the woman at the time of labor, delivery, or post partum care at the time the results are received shall ensure that the woman receives information and counseling, as appropriate, to explain the results and the implications for the mother's and infant's health, including any followup testing and care that are indicated. If the woman tests positive for HIV antibodies, she shall also receive, whenever possible, a referral to a provider, provider group, or institution specializing in prenatal and post partum care for HIV-positive women and their infants. Health care providers are also strongly encouraged to seek consultation with HIV specialists who provide care for pregnant and post partum HIV-positive women and their infants.

(f) The provisions of Section 125107 for counseling are equally applicable to every pregnant patient covered by subdivisions (c) and (d).

(g) Nothing in this section shall be construed to permit a licensed physician and surgeon or other person engaged in the prenatal care of a pregnant woman or attending the woman at the time of delivery to unlawfully disclose an individual's HIV status, or to otherwise violate provisions of Section 54 of the Civil Code, the Americans With Disabilities Act of 1990 (Public Law 101-336), or the California Fair Employment and Housing Act (Part 2.8 (commencing with Section 12900) of Division 3 of Title 2 of the Government Code), which prohibit discrimination against individuals who are living with HIV, or who test positive for HIV, or are presumed to be HIV-positive.

SEC. 4. Section 125107 of the Health and Safety Code is amended to read:

125107. (a) For purposes of this section, "prenatal care provider" means a licensed health care professional providing prenatal care within his or her lawful scope of practice. This definition shall not include a

licensed health care professional who provides care other than prenatal care to a pregnant patient.

(b) The prenatal care provider primarily responsible for providing prenatal care to a pregnant patient shall offer human immunodeficiency virus (HIV) information and counseling to every pregnant patient. This information and counseling shall include, but shall not be limited to, all of the following:

(1) A description of the modes of HIV transmission.

(2) A discussion of risk reduction behavior modifications including methods to reduce the risk of perinatal transmission.

(3) If appropriate, referral information to other HIV prevention and psychosocial services including anonymous and confidential test sites approved by the Office of AIDS.

(c) Nothing in this section shall be construed to require mandatory testing. Any documentation or disclosure of HIV-related information shall be made in accordance with Chapter 7 (commencing with Section 120975) of Part 4 of Division 105 regarding confidentiality and informed consent.

(d) Nothing in this section shall be construed to permit a prenatal care provider to unlawfully disclose an individual's HIV status, or to otherwise violate provisions of Section 54 of the Civil Code, or the Americans With Disabilities Act of 1990 (Public Law 101-336), or the California Fair Employment and Housing Act (Part 2.8 (commencing with Section 12900) of Division 3 of Title 2 of the Government Code), which prohibit discrimination against individuals who are living with HIV, or who test positive for HIV, or are presumed to be HIV-positive.

CHAPTER 551

An act to amend Section 1107 of the Ojai Basin Groundwater Management Agency Act (Chapter 750 of the Statutes of 1991), relating to water.

[Approved by Governor October 12, 2007. Filed with Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 1107 of the Ojai Basin Groundwater Management Agency Act (Chapter 750 of the Statutes of 1991) is amended to read:

Sec. 1107. (a) Except as provided in subdivision (b), the groundwater extraction charge shall not exceed seven dollars and fifty cents ($7.50) per acre-foot pumped per year.

(b) The board may establish a groundwater extraction charge maximum limitation that exceeds the amount specified in subdivision (a) if both of the following are true:

(1) The imposition of the groundwater extraction charge is approved by a majority vote of the operators that are subject to the charge, with the votes weighted based on the volume of water extracted by each operator. Votes shall be calculated based on a three-year average of production from the basin, as determined by payments of groundwater extraction charges to the agency during the three years immediately preceding the vote, except that for operators with facilities in use less than three years, votes shall be weighted based upon a single-year average if the facility has been in use less than two years, or weighted based upon a two-year average if the facility has been in use more than two years and less than three years. Each operator shall be entitled to one vote for each averaged acre-foot of groundwater pumped. A change in ownership shall not affect the history of production from any well.

(2) The groundwater extraction charge does not exceed twenty-five dollars ($25) per acre-foot pumped per year.

CHAPTER 552

An act to amend Section 56.10 of, and to add Section 56.103 to, the Civil Code, relating to confidential information.

[Approved by Governor October 12, 2007. Filed with Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The State of California is responsible for the health care needs of children and youth who have been removed from their homes due to abuse, neglect, or delinquency, and for ensuring that their health care and mental health needs are met. Access to health care and mental health records is essential for ensuring that health care and mental health needs of foster children and youth are being met.

(b) A lack of clarity about who may be authorized to share health care and mental health records with caregivers of children and youth in the state's care often results in inadequate health care information being

available to caregivers, which jeopardizes the health of the children and youth in the state's care.

(c) It is the intent of the Legislature to improve the sharing of health care and mental health information concerning children and youth in the state's care by eliminating barriers caused by a lack of clarity in existing law regarding who may be authorized to share health care and mental health information. It is the further intent of the Legislature not to expand existing law and to clarify that existing provisions regarding confidentiality of medical records and the federal Health Insurance Portability and Accountability Act (HIPAA) authorizes psychotherapists to provide health care and mental health information to caregivers of children and youth in foster care to facilitate providing health care and mental health care that meets the needs of these children and youth.

SEC. 2. Section 56.10 of the Civil Code is amended to read:

56.10. (a) No provider of health care, health care service plan, or contractor shall disclose medical information regarding a patient of the provider of health care or an enrollee or subscriber of a health care service plan without first obtaining an authorization, except as provided in subdivision (b) or (c).

(b) A provider of health care, a health care service plan, or a contractor shall disclose medical information if the disclosure is compelled by any of the following:

Medical information requested by the coroner under this paragraph shall be limited to information regarding the patient who is the decedent and who is the subject of the investigation and shall be disclosed to the coroner without delay upon request.

(2) The information may be disclosed to an insurer, employer, health care service plan, hospital service plan, employee benefit plan, governmental authority, contractor, or any other person or entity responsible for paying for health care services rendered to the patient, to the extent necessary to allow responsibility for payment to be determined and payment to be made. If (A) the patient is, by reason of a comatose or other disabling medical condition, unable to consent to the disclosure of medical information and (B) no other arrangements have been made to pay for the health care services being rendered to the patient, the information may be disclosed to a governmental authority to the extent necessary to determine the patient's eligibility for, and to obtain, payment under a governmental program for health care services provided to the patient. The information may also be disclosed to another provider of health care or health care service plan as necessary to assist the other provider or health care service plan in obtaining payment for health care services rendered by that provider of health care or health care service plan to the patient.

(3) The information may be disclosed to a person or entity that provides billing, claims management, medical data processing, or other administrative services for providers of health care or health care service plans or for any of the persons or entities specified in paragraph (2). However, no information so disclosed shall be further disclosed by the recipient in any way that would violate this part.

(5) The information in the possession of a provider of health care or health care service plan may be reviewed by a private or public body responsible for licensing or accrediting the provider of health care or health care service plan. However, no patient-identifying medical information may be removed from the premises except as expressly permitted or required elsewhere by law, nor shall that information be further disclosed by the recipient in any way that would violate this part.

(B) Describes functional limitations of the patient that may entitle the patient to leave from work for medical reasons or limit the patient's fitness to perform his or her present employment, provided that no statement of medical cause is included in the information disclosed.

(9) Unless the provider of health care or health care service plan is notified in writing of an agreement by the sponsor, insurer, or administrator to the contrary, the information may be disclosed to a sponsor, insurer, or administrator of a group or individual insured or uninsured plan or policy that the patient seeks coverage by or benefits from, if the information was created by the provider of health care or health care service plan as the result of services conducted at the specific prior written request and expense of the sponsor, insurer, or administrator for the purpose of evaluating the application for coverage or benefits.

(10) The information may be disclosed to a health care service plan by providers of health care that contract with the health care service plan and may be transferred among providers of health care that contract with the health care service plan, for the purpose of administering the health care service plan. Medical information may not otherwise be disclosed by a health care service plan except in accordance with the provisions of this part.

(11) Nothing in this part shall prevent the disclosure by a provider of health care or a health care service plan to an insurance institution, agent, or support organization, subject to Article 6.6 (commencing with Section 791) of Part 2 of Division 1 of the Insurance Code, of medical information if the insurance institution, agent, or support organization has complied with all requirements for obtaining the information pursuant to Article 6.6 (commencing with Section 791) of Part 2 of Division 1 of the Insurance Code.

(12) The information relevant to the patient's condition and care and treatment provided may be disclosed to a probate court investigator engaged in determining the need for an initial conservatorship or continuation of an existent conservatorship, if the patient is unable to give informed consent, or to a probate court investigator, probation officer, or domestic relations investigator engaged in determining the need for an initial guardianship or continuation of an existent guardianship.

Nothing in this paragraph shall be construed to require physician authorization for the care or treatment of the adherents of a well-recognized church or religious denomination who depend solely upon prayer or spiritual means for healing in the practice of the religion of that church or denomination.

(18) The information may be disclosed, as permitted by state and federal law or regulation, to a local health department for the purpose of preventing or controlling disease, injury, or disability, including, but not limited to, the reporting of disease, injury, vital events, including, but not limited to, birth or death, and the conduct of public health surveillance, public health investigations, and public health interventions, as authorized or required by state or federal law or regulation.

(19) The information may be disclosed as described in Section 56.103.

(d) Except to the extent expressly authorized by the patient or enrollee or subscriber or as provided by subdivisions (b) and (c), no provider of health care, health care service plan, contractor, or corporation and its subsidiaries and affiliates shall intentionally share, sell, use for marketing, or otherwise use any medical information for any purpose not necessary to provide health care services to the patient.

(10) The information may be disclosed to a health care service plan by providers of health care that contract with the health care service plan and may be transferred among providers of health care that contract with the health care service plan, for the purpose of administering the health care service plan. Medical information may not otherwise be disclosed by a health care service plan except in accordance with the provisions of this part.

(11) Nothing in this part shall prevent the disclosure by a provider of health care or a health care service plan to an insurance institution, agent, or support organization, subject to Article 6.6 (commencing with Section 791) of Part 2 of Division 1 of the Insurance Code, of medical information if the insurance institution, agent, or support organization has complied with all requirements for obtaining the information pursuant to Article 6.6 (commencing with Section 791) of Part 2 of Division 1 of the Insurance Code.

(A) Is relevant in a lawsuit, arbitration, grievance, or other claim or challenge to which the employer and the employee are parties and in which the patient has placed in issue his or her medical history, mental or physical condition, or treatment, provided that information may only be used or disclosed in connection with that proceeding.

(B) Describes functional limitations of the patient that may entitle the patient to leave from work for medical reasons or limit the patient's fitness to perform his or her present employment, provided that no statement of medical cause is included in the information disclosed.

(18) The information may be disclosed, as permitted by state and federal law or regulation, to a local health department for the purpose of preventing or controlling disease, injury, or disability, including, but not limited to, the reporting of disease, injury, vital events such as birth or death, and the conduct of public health surveillance, public health investigations, and public health interventions, as authorized or required by state or federal law or regulation.

(d) Except to the extent expressly authorized by the patient or enrollee or subscriber or as provided by subdivisions (b) and (c), no provider of health care, health care service plan, contractor, or corporation and its subsidiaries and affiliates shall intentionally share, sell, use for marketing, or otherwise use any medical information for any purpose not necessary to provide health care services to the patient.

Unless the court otherwise orders, notice of the hearing on the petition to terminate the temporary conservatorship pursuant to this section shall be given at least five court days prior to the hearing.

(i) If the court suspends powers of the guardian or conservator under Section 2334 or 2654 or under any other provision of this division, the court may appoint a temporary guardian or conservator to exercise those

powers until the powers are restored to the guardian or conservator or a new guardian or conservator is appointed.

(j) If for any reason a vacancy occurs in the office of guardian or conservator, the court, on a petition filed under subdivision (a) or on its own motion, may appoint a temporary guardian or conservator to exercise the powers of the guardian or conservator until a new guardian or conservator is appointed.

(c) Unless the court for good cause otherwise orders, not less than five days before the appointment of the temporary conservator, notice of the proposed appointment shall be personally delivered to the proposed conservatee.

(b) A conservator authorized to sell the conservatee's personal residence pursuant to Section 2590 shall comply with the provisions of Section 10309 concerning appraisal or new appraisal of the property for sale and sale at a minimum offer price. SEC. 21. Section 2620.1 is added to the Probate Code, to read:

2620.1. The Judicial Council shall, by January 1, 2009, develop guidelines to assist investigators and examiners in reviewing accountings and detecting fraud.

SEC. 22. Section 2620.2 of the Probate Code is amended to read:

2620.2. (a) Whenever the conservator or guardian has failed to file an accounting as required by Section 2620, the court shall require that written notice be given to the conservator or guardian and the attorney of record for the conservatorship or guardianship directing the conservator or guardian to file an accounting and to set the accounting for hearing before the court within 30 days of the date of the notice or, if the conservator or guardian is a public agency, within 45 days of the date of the notice. The court may, upon cause shown, grant an additional 30 days to file the accounting.

(b) Failure to file the accounting within the time specified under subdivision (a), or within 45 days of actual receipt of the notice, whichever is later, shall constitute a contempt of the authority of the court as described in Section 1209 of the Code of Civil Procedure.

(c) If the conservator or guardian does not file an accounting with all appropriate supporting documentation and set the accounting for hearing as required by Section 2620, the court shall do one or more of the following and shall report that action to the bureau established pursuant to Section 6510 of the Business and Professions Code:

(1) Remove the conservator or guardian as provided under Article 1 (commencing with Section 2650) of Chapter 9 of Part 4 of Division 4.

(2) Issue and serve a citation requiring a guardian or conservator who does not file a required accounting to appear and show cause why the guardian or conservator should not be punished for contempt. If the guardian or conservator purposely evades personal service of the citation, the guardian or conservator shall be immediately removed from office.

(3) Suspend the powers of the conservator or guardian and appoint a temporary conservator or guardian, who shall take possession of the assets of the conservatorship or guardianship, investigate the actions of the conservator or guardian, and petition for surcharge if this is in the best interests of the ward or conservatee. Compensation for the temporary conservator or guardian, and counsel for the temporary conservator or guardian, shall be treated as a surcharge against the conservator or guardian, and if unpaid shall be considered a breach of condition of the bond.

(4) (A) Appoint legal counsel to represent the ward or conservatee if the court has not suspended the powers of the conservator or guardian and appoint a temporary conservator or guardian pursuant to paragraph (3). Compensation for the counsel appointed for the ward or conservatee shall be treated as a surcharge against the conservator or guardian, and if unpaid shall be considered a breach of a condition on the bond, unless for good cause shown the court finds that counsel for the ward or

conservatee shall be compensated according to Section 1470. The court shall order the legal counsel to do one or more of the following:

(i) Investigate the actions of the conservator or guardian, and petition for surcharge if this is in the best interests of the ward or conservatee.

(ii) Recommend to the court whether the conservator or guardian should be removed.

(iii) Recommend to the court whether money or other property in the estate should be deposited pursuant to Section 2453, 2453.5, 2454, or 2455, to be subject to withdrawal only upon authorization of the court.

(B) After resolution of the matters for which legal counsel was appointed in subparagraph (A), the court shall terminate the appointment of legal counsel, unless the court determines that continued representation of the ward or conservatee and the estate is necessary and reasonable.

(5) If the conservator or guardian is exempt from the licensure requirements of Chapter 6 (commencing with Section 6500) of Division 3 of the Business and Professions Code, upon ex parte application or any notice as the court may require, extend the time to file the accounting, not to exceed an additional 30 days after the expiration of the deadline described in subdivision (a), where the court finds there is good cause and that the estate is adequately bonded. After expiration of any extensions, if the accounting has not been filed, the court shall take action as described in paragraphs (1) to (3), inclusive.

(d) Subdivision (c) does not preclude the court from additionally taking any other appropriate action in response to a failure to file a proper accounting in a timely manner.

SEC. 23. Section 2628 of the Probate Code is amended to read:

2628. (a) The court may make an order that the guardian or conservator need not present the accounts otherwise required by this chapter so long as all of the following conditions are satisfied:

(1) The estate at the beginning and end of the accounting period for which an account is otherwise required consisted of property, exclusive of the residence of the ward or conservatee, of a total net value of less than fifteen thousand dollars ($15,000).

(2) The income of the estate for each month of the accounting period, exclusive of public benefit payments, was less than two thousand dollars ($2,000).

(3) All income of the estate during the accounting period, if not retained, was spent for the benefit of the ward or conservatee.

(b) Notwithstanding that the court has made an order under subdivision (a), the ward or conservatee or any interested person may petition the court for an order requiring the guardian or conservator to present an account as otherwise required by this chapter or the court on its own motion may make that an order. An order under this subdivision may

be made ex parte or on such notice of hearing as the court in its discretion requires.

(c) For any accounting period during which all of the conditions of subdivision (a) are not satisfied, the guardian or conservator shall present the account as otherwise required by this chapter.

SEC. 24. Section 2647 is added to the Probate Code, to read:

2647. No attorney fees may be paid from the estate of the ward or conservatee without prior court order. The estate of the ward or conservatee is not obligated to pay attorney fees established by any engagement agreement or other contract until it has been approved by the court. This does not preclude an award of fees by the court pursuant to this chapter even if the contractual obligations are unenforceable pursuant to this section.

SEC. 25. Chapter 2 (commencing with Section 2910) is added to Part 5 of Division 4 of the Probate Code, to read:

Chapter 2. Prefiling Investigation by Public Guardian

2910. (a) Upon a showing of probable cause to believe that a person is in substantial danger of abuse or neglect and needs a conservator of the person, the estate, or the person and estate for his or her own protection, the public guardian or the county's adult protective services agency may petition for either or both of the orders of the court provided in subdivision (b) in connection with his or her investigation to determine whether a petition for the appointment of the public guardian as conservator of the person, estate, or the person and estate of the person would be necessary or appropriate.

(b) The petition may request either or both of the following orders for the limited purposes of the investigation concerning a person:

(1) An order authorizing identified health care providers or organizations to provide private medical information about the person to the public guardian's authorized representatives.

(2) An order authorizing identified financial institutions or advisers, accountants, and others with financial information about the person to provide the information to the public guardian's authorized representatives.

(c) Notice of the hearing and a copy of the petition shall be served on the person who is the subject of the investigation in the manner and for the period required by Section 1460 or, on application of the public guardian contained in or accompanying the petition, on an expedited basis in the manner and for the period ordered by the court. The court may dispense with notice of the hearing only on a showing of facts

demonstrating an immediate threat of substantial harm to the person if notice is given.

2911. A court order issued in response to a public guardian's petition pursuant to Section 2910 shall do all of the following:

(a) Authorize health care providers to disclose a person's confidential medical information as permitted under California law, and also authorize disclosure of the information under federal medical privacy regulations enacted pursuant to the Health Insurance Portability and Accountability Act of 1996.

(b) Direct the public guardian or the adult protective services agency to keep the information acquired under the order confidential, except as disclosed in a judicial proceeding or as required by law enforcement or an authorized regulatory agency.

(c) Direct the public guardian or the adult protective services agency to destroy all copies of written information obtained under the order or give them to the person who was the subject of the investigation if a conservatorship proceeding is not commenced within 60 days after the date of the order. The court may extend this time period as the court finds to be in the subject's best interest.

CHAPTER 555

An act to amend Section 62 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor October 12, 2007. Filed with Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) It is the intent of the Legislature in enacting this act to guarantee equality for all Californians, regardless of gender or sexual orientation, and to further the state's interests in protecting Californians from the potentially severe economic consequences of abandonment, separation, the death of a partner, and other life crises.

(b) To this end, the Legislature has enacted various statutes in an attempt to move California closer to fulfilling the promises of inalienable rights, liberty, and equality contained in Sections 1 and 7 of Article I of the California Constitution.

(c) For example, in 1999, the Legislature enacted Chapter 588 of the Statutes of 1999, effective January 1, 2000, which established a state registry of domestic partnerships. In 2002, the Legislature enacted Chapter 447 of the Statutes of 2002, effective July 1, 2003, which granted registered domestic partners the same intestate succession rights with respect to separate property as spouses. In 2003, the Legislature enacted Chapter 421 of the Statutes of 2003, effective January 1, 2005, which extended to registered domestic partners nearly all of the rights and responsibilities of spouses under state law that had not been provided by prior domestic partner legislation. And, in 2005, the Legislature enacted Chapter 416 of the Statutes of 2005, which amended Section 62 of the Revenue and Taxation Code concerning valuation and taxation of real property, to exclude property transfers between registered domestic partners from the definition of "change in ownership" for purposes of property tax reassessment. The Legislature has intended a liberal reading of these laws and this act builds upon this existing framework.

(d) Although it intended to protect family members during life crises and to reduce discrimination on the bases of sex and sexual orientation in a manner consistent with the California Constitution, Chapter 417 of the Statutes of 2005 did not expressly exempt transfers from one registered domestic partner to the other registered domestic partner that resulted from the death of a partner prior to January 1, 2006.

(e) Protection against reassessment of family owned real property and resulting increases in property taxes can be a critical bulwark against financial hardship and the loss of the family home or business when a family member dies or a family relationship ends in divorce or dissolution of a domestic partnership. The same is true for domestic partners whose relationships predated California's protective legislation. Many domestic partners whose property was reassessed due to the death of one partner or the dissolution of the domestic partnership have been forced by the resulting increase in property taxes to sell the family home. Those domestic partners who have retained ownership and have been paying increased property taxes are being treated unequally in a manner inconsistent with the goal of the domestic partnership laws.

(f) Many lesbian, gay, and bisexual Californians continue to face economic discrimination, despite forming lasting, committed, and caring relationships with persons of the same sex according to the laws of this state. These couples build lives together, as do spouses, by purchasing property and creating and operating family businesses. Expanding the rights of domestic partners with respect to property ownership would further California's compelling interests in promoting family relationships and protecting family members during life crises, and would reduce

discrimination on the bases of sex and sexual orientation in a manner warranted by the California Constitution.

(g) Therefore, the Legislature finds and declares that this act serves a public purpose of the state.

SEC. 2. Section 62 of the Revenue and Taxation Code is amended to read:

62. Change in ownership shall not include:

(a) (1) Any transfer between coowners that results in a change in the method of holding title to the real property transferred without changing the proportional interests of the coowners in that real property, such as a partition of a tenancy in common.

(2) Any transfer between an individual or individuals and a legal entity or between legal entities, such as a cotenancy to a partnership, a partnership to a corporation, or a trust to a cotenancy, that results solely in a change in the method of holding title to the real property and in which proportional ownership interests of the transferors and transferees, whether represented by stock, partnership interest, or otherwise, in each and every piece of real property transferred, remain the same after the transfer. The provisions of this paragraph shall not apply to transfers also excluded from change in ownership under the provisions of subdivision (b) of Section 64.

(b) Any transfer for the purpose of perfecting title to the property.

(c) (1) The creation, assignment, termination, or reconveyance of a security interest; or (2) the substitution of a trustee under a security instrument.

(d) Any transfer by the trustor, or by the trustor's spouse or registered domestic partner, or by both, into a trust for so long as (1) the transferor is the present beneficiary of the trust, or (2) the trust is revocable; or any transfer by a trustee of such a trust described in either clause (1) or (2) back to the trustor; or, any creation or termination of a trust in which the trustor retains the reversion and in which the interest of others does not exceed 12 years duration.

(e) Any transfer by an instrument whose terms reserve to the transferor an estate for years or an estate for life. However, the termination of such an estate for years or estate for life shall constitute a change in ownership, except as provided in subdivision (d) and in Section 63.

(f) The creation or transfer of a joint tenancy interest if the transferor, after the creation or transfer, is one of the joint tenants as provided in subdivision (b) of Section 65.

(g) Any transfer of a lessor's interest in taxable real property subject to a lease with a remaining term (including renewal options) of 35 years or more. For the purpose of this subdivision, for 1979–80 and each year thereafter, it shall be conclusively presumed that all homes eligible for

the homeowners' exemption, other than manufactured homes located on rented or leased land and subject to taxation pursuant to Part 13 (commencing with Section 5800) and floating homes subject to taxation pursuant to Section 229, that are on leased land have a renewal option of at least 35 years on the lease of that land, whether or not in fact that renewal option exists in any contract or agreement.

(h) Any purchase, redemption, or other transfer of the shares or units of participation of a group trust, pooled fund, common trust fund, or other collective investment fund established by a financial institution.

(i) Any transfer of stock or membership certificate in a housing cooperative that was financed under one mortgage, provided that mortgage was insured under Section 213, 221(d)(3), 221(d)(4), or 236 of the National Housing Act, as amended, or that housing cooperative was financed or assisted pursuant to Section 514, 515, or 516 of the Housing Act of 1949 or Section 202 of the Housing Act of 1959, or the housing cooperative was financed by a direct loan from the California Housing Finance Agency, and provided that the regulatory and occupancy agreements were approved by the governmental lender or insurer, and provided that the transfer is to the housing cooperative or to a person or family qualifying for purchase by reason of limited income. Any subsequent transfer from the housing cooperative to a person or family not eligible for state or federal assistance in reduction of monthly carrying charges or interest reduction assistance by reason of the income level of that person or family shall constitute a change of ownership.

(j) Any transfer during the period March 1, 1975, to March 1, 1981, between coowners in any property that was held by them as coowners for all or part of that period, and which was eligible for a homeowner's exemption during the period of the coownership, notwithstanding any other provision of this chapter. Any transferee whose interest was revalued in contravention of the provisions of this subdivision shall obtain a reversal of that revaluation with respect to the 1980–81 assessment year and thereafter, upon application to the county assessor of the county in which the property is located filed on or before March 26, 1982. No refunds shall be made under this subdivision for any assessment year prior to the 1980-81 fiscal year.

(k) Any transfer of property or an interest therein between a corporation sole, a religious corporation, a public benefit corporation, and a holding corporation as defined in Section 23701h holding title for the benefit of any of these corporations, or any combination thereof (including any transfer from one entity to the same type of entity), provided that both the transferee and transferor are regulated by laws, rules, regulations, or canons of the same religious denomination.

(*l*) Any transfer, that would otherwise be a transfer subject to reappraisal under this chapter, between or among the same parties for the purpose of correcting or reforming a deed to express the true intentions of the parties, provided that the original relationship between the grantor and grantee is not changed.

(m) Any intrafamily transfer of an eligible dwelling unit from a parent or parents or legal guardian or guardians to a minor child or children or between or among minor siblings as a result of a court order or judicial decree due to the death of the parent or parents. As used in this subdivision, "eligible dwelling unit" means the dwelling unit that was the principal place of residence of the minor child or children prior to the transfer and remains the principal place of residence of the minor child or children after the transfer.

(n) Any transfer of an eligible dwelling unit, whether by will, devise, or inheritance, from a parent or parents to a child or children, or from a guardian or guardians to a ward or wards, if the child, children, ward, or wards have been disabled, as provided in subdivision (e) of Section 12304 of the Welfare and Institutions Code, for at least five years preceding the transfer and if the child, children, ward, or wards have adjusted gross income that, when combined with the adjusted gross income of a spouse or spouses, parent or parents, and child or children, does not exceed twenty thousand dollars ($20,000) in the year in which the transfer occurs. As used in this subdivision, "child" or "ward" includes a minor or an adult. As used in this subdivision, "eligible dwelling unit" means the dwelling unit that was the principal place of residence of the child or children, or ward or wards for at least five years preceding the transfer and remains the principal place of residence of the child or children, or ward or wards after the transfer. Any transferee whose property was reassessed in contravention of the provisions of this subdivision for the 1984–85 assessment year shall obtain a reversal of that reassessment upon application to the county assessor of the county in which the property is located. Application by the transferee shall be made to the assessor no later than 30 days after the later of either the transferee's receipt of notice of reassessment pursuant to Section 75.31 or the end of the 1984–85 fiscal year.

(o) Any transfer of a possessory interest in tax-exempt real property subject to a sublease with a remaining term, including renewal options, that exceeds half the length of the remaining term of the leasehold, including renewal options.

(p) (1) Commencing on January 1, 2000, any transfer between registered domestic partners, as defined in Section 297 of the Family Code, including, but not limited to:

(A) Transfers to a trustee for the beneficial use of a registered domestic partner, or the surviving registered domestic partner of a deceased transferor, or by a trustee of such a trust to the registered domestic partner of the trustor.

(B) Transfers that take effect upon the death of a registered domestic partner.

(C) Transfers to a registered domestic partner or former registered domestic partner in connection with a property settlement agreement or decree of dissolution of a registered domestic partnership or legal separation.

(D) The creation, transfer, or termination, solely between registered domestic partners, of any coowner's interest.

(E) The distribution of a legal entity's property to a registered domestic partner or former registered domestic partner in exchange for the interest of the registered domestic partner in the legal entity in connection with a property settlement agreement or a decree of dissolution of a registered domestic partnership or legal separation.

(2) Any transferee whose property was reassessed in contravention of the provisions of this subdivision for a transfer occurring between January 1, 2000, and January 1, 2006, shall obtain a reversal of that reassessment upon application to the county assessor of the county in which the property is located. Application by the transferee shall be made to the assessor no later than June 30, 2009. A county may charge a fee for its costs related to the application and reassessment reversal in an amount that does not exceed the actual costs incurred. This paragraph shall be liberally construed to provide the benefits of this subdivision and Article XIII A of the California Constitution to registered domestic partners.

(A) After consultation with the California Assessors' Association, the State Board of Equalization shall prescribe the form for claiming the reassessment reversal described in paragraph (2). The claim form shall be entitled "Claim for Reassessment Reversal for Registered Domestic Partners." The claim shall state on its face that a "certificate of registered domestic partnership" is available upon request from the California Secretary of State.

(B) The information on the claim shall include a description of the property, the parties to the transfer of interest in the property, the date of the transfer of interest in the property, and a statement that the transferee registered domestic partner and the transferor registered domestic partner were, on the date of transfer, in a registered domestic partnership as defined in Section 297 of the Family Code.

(C) The claimant shall declare that the information provided on the form is true, correct, and complete to the best of his or her knowledge and belief.

(D) The claimant shall provide with the completed claim the "Certificate of Registered Domestic Partnership," or photocopy thereof, naming the transferee and transferor as registered domestic partners and reflecting the creation of the registered domestic partnership on a date prior to, or concurrent with, the date of the transfer for which a reassessment reversal is requested.

(E) Any reassessment reversal granted pursuant to a claim shall apply commencing with the lien date of the assessment year, as defined in Section 118, in which the claim is filed. No refunds shall be made under this paragraph for any prior assessment year.

(F) Under any reassessment reversal granted pursuant to that claim, the adjusted full cash value of the subject real property in the assessment year described in subparagraph (E) shall be the adjusted base year value of the subject real property in the assessment year in which the excluded purchase or transfer took place, factored to the assessment year described in subparagraph (E) for both of the following:

(i) Inflation as annually determined in accordance with paragraph (1) of subdivision (a) of Section 51.

(ii) Any subsequent new construction occurring with respect to the subject real property.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

SEC. 4. Notwithstanding Section 2229 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any property tax revenues lost by it pursuant to this act.

SEC. 5. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 556

An act to amend Section 1369 of, and to add and repeal Section 1369.1 of, the Penal Code, relating to criminal procedure.

[Approved by Governor October 12, 2007. Filed with
Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to assure timely and humane access to court-approved psychiatric medications while individuals are in jail and awaiting transfer to a state psychiatric hospital for restoration of competency.

SEC. 2. Section 1369 of the Penal Code is amended to read:

1369. A trial by court or jury of the question of mental competence shall proceed in the following order:

(a) The court shall appoint a psychiatrist or licensed psychologist, and any other expert the court may deem appropriate, to examine the defendant. In any case where the defendant or the defendant's counsel informs the court that the defendant is not seeking a finding of mental incompetence, the court shall appoint two psychiatrists, licensed psychologists, or a combination thereof. One of the psychiatrists or licensed psychologists may be named by the defense and one may be named by the prosecution. The examining psychiatrists or licensed psychologists shall evaluate the nature of the defendant's mental disorder, if any, the defendant's ability or inability to understand the nature of the criminal proceedings or assist counsel in the conduct of a defense in a rational manner as a result of a mental disorder and, if within the scope of their licenses and appropriate to their opinions, whether or not treatment with antipsychotic medication is medically appropriate for the defendant and whether antipsychotic medication is likely to restore the defendant to mental competence. If an examining psychologist is of the opinion that antipsychotic medication may be medically appropriate for the defendant and that the defendant should be evaluated by a psychiatrist to determine if antipsychotic medication is medically appropriate, the psychologist shall inform the court of this opinion and his or her recommendation as to whether a psychiatrist should examine the defendant. The examining psychiatrists or licensed psychologists shall also address the issues of whether the defendant has capacity to make decisions regarding antipsychotic medication and whether the defendant is a danger to self or others. If the defendant is examined by a psychiatrist and the psychiatrist forms an opinion as to whether or not treatment with antipsychotic medication is medically appropriate, the psychiatrist shall inform the court of his or her opinions as to the likely or potential side effects of the medication, the expected efficacy of the medication, possible alternative treatments, and whether it is medically appropriate to administer antipsychotic medication in the county jail. If it is suspected

the defendant is developmentally disabled, the court shall appoint the director of the regional center for the developmentally disabled established under Division 4.5 (commencing with Section 4500) of the Welfare and Institutions Code, or the designee of the director, to examine the defendant. The court may order the developmentally disabled defendant to be confined for examination in a residential facility or state hospital.

The regional center director shall recommend to the court a suitable residential facility or state hospital. Prior to issuing an order pursuant to this section, the court shall consider the recommendation of the regional center director. While the person is confined pursuant to order of the court under this section, he or she shall be provided with necessary care and treatment.

(b) (1) The counsel for the defendant shall offer evidence in support of the allegation of mental incompetence.

(2) If the defense declines to offer any evidence in support of the allegation of mental incompetence, the prosecution may do so.

(c) The prosecution shall present its case regarding the issue of the defendant's present mental competence.

(d) Each party may offer rebutting testimony, unless the court, for good reason in furtherance of justice, also permits other evidence in support of the original contention.

(e) When the evidence is concluded, unless the case is submitted without final argument, the prosecution shall make its final argument and the defense shall conclude with its final argument to the court or jury.

(f) In a jury trial, the court shall charge the jury, instructing them on all matters of law necessary for the rendering of a verdict. It shall be presumed that the defendant is mentally competent unless it is proved by a preponderance of the evidence that the defendant is mentally incompetent. The verdict of the jury shall be unanimous.

SEC. 3. Section 1369.1 is added to the Penal Code, to read:

1369.1. (a) As used in this chapter, for the sole purpose of administering antipsychotic medication pursuant to a court order, "treatment facility" includes a county jail. Upon the concurrence of the county board of supervisors, the county mental health director, and the county sheriff, the jail may be designated to provide medically approved medication to defendants found to be mentally incompetent and unable to provide informed consent due to a mental disorder, pursuant to this chapter. In the case of Madera, Napa, and Santa Clara Counties, the concurrence shall be with the board of supervisors, the county mental health director, and the county sheriff or the chief of corrections. The provisions of Section 1370 and 1370.01 shall apply to antipsychotic

medications provided in a county jail, provided however, that the maximum period of time a defendant may be treated in a treatment facility pursuant to this section shall not exceed six months.

(b) The State Department of Mental Health shall report to the Legislature on or before January 1, 2009, on all of the following:

(1) The number of defendants in the state who are incompetent to stand trial.

(2) The resources available at state hospitals and local mental health facilities, other than jails, for returning these defendants to competence.

(3) Additional resources that are necessary to reasonably treat, in a reasonable period of time, at the state and local levels, excluding jails, defendants who are incompetent to stand trial.

(4) What, if any, statewide standards and organizations exist concerning local treatment facilities that could treat defendants who are incompetent to stand trial.

(5) Address the concerns regarding defendants who are incompetent to stand trial who are currently being held in jail awaiting treatment.

(c) Nothing in this section shall be construed to abrogate or in any way limit any provision of law enacted to ensure the due process rights set forth in Sell v. United States (2003) 539 U.S. 166.

(d) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

The people of the State of California do enact as follows:

building in the park, to be discharged onto or deposited upon the surface of the ground.

(b) The enforcement agency may order the removal, sanitation, or both, of any wastewater, sewage, or waste material discharged onto or deposited upon the surface of the ground, or may require the removal, sanitation, or both, of the wastewater, sewage, or waste material, in a manner consistent with the requirements of, and in consultation with, the local health department or agency.

(c) Pursuant to this section, the registered owner of a mobilehome, manufactured home, or recreational vehicle shall be responsible for complying with an order, or the correction of a citation, issued by the enforcement agency, and the costs of that order, whenever wastewater, sewage, or waste material is discharged onto or deposited upon the surface of the ground as a result of leaks from plumbing fixtures in a manufactured home, mobilehome, or recreational vehicle, or accessory structure, or whenever those leaks come from plumbing on the space or lot that connects the home or recreational vehicle or accessory structure to the park's sewer, septic, or drain system on the home or vehicle registered owner's side of the connection, if the discharge or deposit is determined by the enforcement agency to be the fault of the registered owner of the home or recreational vehicle.

(d) Except as provided in Section 18930, the department may adopt any rules and regulations that it determines are reasonably necessary for the protection of life and property and to carry out the purposes of this section.

SEC. 2. Section 18871.4 of the Health and Safety Code is repealed.

SEC. 3. Section 18871.4 is added to the Health and Safety Code, to read:

18871.4. (a) It is unlawful to permit any wastewater, sewage, or waste material from any plumbing fixtures in a park, any park sewage or waste disposal system, or any plumbing fixtures in a manufactured home, mobilehome, recreational vehicle, accessory structure, or permanent building in the park, to be discharged onto or deposited upon the ground.

(b) The enforcement agency may order the removal, sanitation, or both, of any wastewater, sewage, or waste material discharged onto or deposited upon the surface of the ground, or may require the removal, sanitation, or both, of the wastewater, sewage, or waste material, in a manner consistent with the requirements of, and in consultation with, the local health department or agency.

(c) Pursuant to this section, the registered owner of a mobilehome, manufactured home, or recreational vehicle shall be responsible for complying with an order, or the correction of a citation, issued by the

enforcement agency, and the costs of that order, whenever wastewater, sewage, or waste material is discharged onto or deposited upon the surface of the ground as a result of leaks from plumbing fixtures in a manufactured home, mobilehome, or recreational vehicle, or accessory structure, or whenever those leaks come from plumbing on the space or lot that connects the home or recreational vehicle or accessory structure to the park's sewer, septic, or drain system on the home or vehicle registered owner's side of the connection, if the discharge or deposit is determined by the enforcement agency to be the fault of the registered owner of the home or recreational vehicle.

(d) Except as provided in Section 18930, the department may adopt any rules and regulations that it determines are reasonably necessary for the protection of life and property and to carry out the purposes of this section.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(15) Local child support agencies established by Section 17304 of the Family Code. When a local child support agency closes a support enforcement case containing summary criminal history information, the agency shall delete or purge from the file and destroy any documents or information concerning or arising from offenses for or of which the parent has been arrested, charged, or convicted, other than for offenses related to the parents having failed to provide support for the minor children, consistent with Section 17531 of the Family Code.

(1) Any public utility, as defined in Section 216 of the Public Utilities Code, which operates a nuclear energy facility when access is needed to assist in employing persons to work at the facility, provided that, if the local agency supplies the information, it shall furnish a copy of this information to the person to whom the information relates.

(2) To a peace officer of the state other than those included in subdivision (b).

(3) To a peace officer of another country.

(4) To public officers, other than peace officers, of the United States, other states, or possessions or territories of the United States, provided that access to records similar to local summary criminal history information is expressly authorized by a statute of the United States, other states, or possessions or territories of the United States when this information is needed for the performance of their official duties.

The information provided shall be limited to the record of convictions and any arrest for which the person is released on bail or on his or her own recognizance pending trial.

If the local agency supplies the information pursuant to this paragraph, it shall furnish a copy of the information to the person to whom the information relates.

The local summary criminal history information in the possession of the public utility and all copies made from it shall be destroyed 30 days after employment is denied or granted, including any appeal periods, except for those cases where an employee or applicant is out on bail or on his or her own recognizance pending trial, in which case the state summary criminal history information and all copies shall be destroyed 30 days after the case is resolved, including any appeal periods.

A violation of any of the provisions of this paragraph is a misdemeanor, and shall give the employee or applicant who is injured by the violation a cause of action against the public utility to recover damages proximately caused by the violation.

Nothing in this section shall be construed as imposing any duty upon public utilities to request local summary criminal history information on any current or prospective employee.

Seeking entrance to private residences in the course of employment shall be deemed a "compelling need" as required to be shown in this subdivision.

(10) Any city, county, city and county, or district, or any officer or official thereof, if a written request is made to a local law enforcement agency and the information is needed to assist in the screening of a prospective concessionaire, and any affiliate or associate thereof, as these terms are defined in subdivision (k) of Section 432.7 of the Labor

Code, for the purposes of consenting to, or approving of, the prospective concessionaire's application for, or acquisition of, any beneficial interest in a concession, lease, or other property interest.

Any local government's request for local summary criminal history information for purposes of screening a prospective concessionaire and their affiliates or associates before approving or denying an application for, or acquisition of, any beneficial interest in a concession, lease, or other property interest is deemed a "compelling need" as required by this subdivision. However, only local summary criminal history information pertaining to criminal convictions may be obtained pursuant to this paragraph.

Any information obtained from the local summary criminal history is confidential and the receiving local government shall not disclose its contents, other than for the purpose for which it was acquired. The local summary criminal history information in the possession of the local government and all copies made from it shall be destroyed not more than 30 days after the local government's final decision to grant or deny consent to, or approval of, the prospective concessionaire's application for, or acquisition of, a beneficial interest in a concession, lease, or other property interest. Nothing in this section shall be construed as imposing any duty upon a local government, or any officer or official thereof, to request local summary criminal history information on any current or prospective concessionaire or their affiliates or associates.

(d) Whenever an authorized request for local summary criminal history information pertains to a person whose fingerprints are on file with the local agency and the local agency has no criminal history of that person, and the information is to be used for employment, licensing, or certification purposes, the fingerprint card accompanying the request for information, if any, may be stamped "no criminal record" and returned to the person or entity making the request.

(e) A local agency taking fingerprints of a person who is an applicant for licensing, employment, or certification may charge a fee not to exceed ten dollars ($10) to cover the cost of taking the fingerprints and processing the required documents.

(f) Whenever local summary criminal history information furnished pursuant to this section is to be used for employment, licensing, or certification purposes, the local agency shall charge the person or entity making the request a fee which it determines to be sufficient to reimburse the local agency for the cost of furnishing the information, provided that no fee shall be charged to any public law enforcement agency for local summary criminal history information furnished to assist it in employing, licensing, or certifying a person who is applying for employment with the agency as a peace officer or criminal investigator. Any state agency

required to pay a fee to the local agency for information received under this section may charge the applicant a fee sufficient to reimburse the agency for the expense.

(g) Whenever there is a conflict, the processing of criminal fingerprints shall take priority over the processing of applicant fingerprints.

(h) It is not a violation of this article to disseminate statistical or research information obtained from a record, provided that the identity of the subject of the record is not disclosed.

(i) It is not a violation of this article to include information obtained from a record in (1) a transcript or record of a judicial or administrative proceeding or (2) any other public record when the inclusion of the information in the public record is authorized by a court, statute, or decisional law.

(j) Notwithstanding any other law, a public prosecutor may, in response to a written request made pursuant to Section 6253 of the Government Code, provide information from a local summary criminal history, if release of the information would enhance public safety, the interest of justice, or the public's understanding of the justice system and the person making the request declares that the request is made for a scholarly or journalistic purpose. If a person in a declaration required by this subdivision willfully states as true any material fact that he or she knows to be false, he or she shall be subject to a civil penalty not exceeding ten thousand dollars ($10,000). The requestor shall be informed in writing of this penalty. An action to impose a civil penalty under this subdivision may be brought by any public prosecutor and shall be enforced as a civil judgment.

(k) Notwithstanding any other law, the Department of Justice or any state or local law enforcement agency may require the submission of fingerprints for the purpose of conducting summary criminal history information record checks which are authorized by law.

(*l*) Any local criminal justice agency may release, within five years of the arrest, information concerning an arrest or detention of a peace officer or applicant for a position as a peace officer, as defined in Section 830, which did not result in conviction, and for which the person did not complete a postarrest diversion program or a deferred entry of judgment program, to a government agency employer of that peace officer or applicant.

(m) Any local criminal justice agency may release information concerning an arrest of a peace officer or applicant for a position as a peace officer, as defined in Section 830, which did not result in conviction but for which the person completed a postarrest diversion program or a deferred entry of judgment program, or information concerning a referral to and participation in any postarrest diversion program or a deferred

entry of judgment program to a government agency employer of that peace officer or applicant.

(n) Notwithstanding subdivision (*l*) or (m), a local criminal justice agency shall not release information under the following circumstances:

(1) Information concerning an arrest for which diversion or a deferred entry of judgment program has been ordered without attempting to determine whether diversion or a deferred entry of judgment program has been successfully completed.

(2) Information concerning an arrest or detention followed by a dismissal or release without attempting to determine whether the individual was exonerated.

(3) Information concerning an arrest without a disposition without attempting to determine whether diversion has been successfully completed or the individual was exonerated.

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

SECTION 1. Section 13957 of the Government Code is amended to read:

13957. (a) The board may grant for pecuniary loss, when the board determines it will best aid the person seeking compensation, as follows:

(1) Subject to the limitations set forth in Section 13957.2, reimburse the amount of medical or medical-related expenses incurred by the victim, including, but not limited to, eyeglasses, hearing aids, dentures, or any prosthetic device taken, lost, or destroyed during the commission of the crime, or the use of which became necessary as a direct result of the crime.

(2) Subject to the limitations set forth in Section 13957.2, reimburse the amount of outpatient psychiatric, psychological, or other mental health counseling-related expenses incurred by the victim or derivative victim, including peer counseling services provided by a rape crisis center as defined by Section 13837 of the Penal Code, and including

family psychiatric, psychological, or mental health counseling for the successful treatment of the victim provided to family members of the victim in the presence of the victim, whether or not the family member relationship existed at the time of the crime, that became necessary as a direct result of the crime, subject to the following conditions:

(A) The following persons may be reimbursed for the expense of their outpatient mental health counseling in an amount not to exceed ten thousand dollars ($10,000):

(i) A victim.

(ii) A derivative victim who is the surviving parent, sibling, child, spouse, fiancé, or fiancée of a victim of a crime that directly resulted in the death of the victim.

(iii) A derivative victim, as described in paragraphs (1) to (4), inclusive, of subdivision (c) of Section 13955, who is the primary caretaker of a minor victim whose claim is not denied or reduced pursuant to Section 13956 in a total amount not to exceed ten thousand dollars ($10,000) for not more than two derivative victims.

(B) The following persons may be reimbursed for the expense of their outpatient mental health counseling in an amount not to exceed five thousand dollars ($5,000):

(i) A derivative victim not eligible for reimbursement pursuant to subparagraph (A), provided that mental health counseling of a derivative victim described in paragraph (5) of subdivision (c) of Section 13955, shall be reimbursed only if that counseling is necessary for the treatment of the victim.

(ii) A victim of a crime of unlawful sexual intercourse with a minor committed in violation of subdivision (d) of Section 261.5 of the Penal Code. A derivative victim of a crime committed in violation of subdivision (d) of Section 261.5 of the Penal Code shall not be eligible for reimbursement of mental health counseling expenses.

(C) The board may reimburse a victim or derivative victim for outpatient mental health counseling in excess of that authorized by subparagraphs (A) or (B) or for inpatient psychiatric, psychological, or other mental health counseling if the claim is based on dire or exceptional circumstances that require more extensive treatment, as approved by the board.

(D) Expenses for psychiatric, psychological, or other mental health counseling related services may be reimbursed only if the services were provided by either of the following individuals:

(i) A person who would have been authorized to provide those services pursuant to former Article 1 (commencing with Section 13959) as it read on January 1, 2002.

(ii) A person who is licensed by the state to provide those services, or who is properly supervised by a person who is so licensed, subject to the board's approval and subject to the limitations and restrictions the board may impose.

(3) Reimburse the expenses of nonmedical remedial care and treatment rendered in accordance with a religious method of healing recognized by state law.

(4) Subject to the limitations set forth in Section 13957.5, authorize compensation equal to the loss of income or loss of support, or both, that a victim or derivative victim incurs as a direct result of the victim's or derivative victim's injury or the victim's death. If the victim or derivative victim requests that the board give priority to reimbursement of loss of income or support, the board may not pay medical expenses, or mental health counseling expenses, except upon the request of the victim or derivative victim or after determining that payment of these expenses will not decrease the funds available for payment of loss of income or support.

(5) Authorize a cash payment to or on behalf of the victim for job retraining or similar employment-oriented services.

(6) Reimburse the claimant for the expense of installing or increasing residential security, not to exceed one thousand dollars ($1,000). Reimbursement shall be made either upon verification by law enforcement that the security measures are necessary for the personal safety of the claimant or verification by a mental health treatment provider that the security measures are necessary for the emotional well-being of the claimant. For purposes of this paragraph, a claimant is the crime victim, or, if the victim is deceased, a person who resided with the deceased at the time of the crime. Installing or increasing residential security may include, but need not be limited to, both of the following:

(A) Home security device or system.

(B) Replacing or increasing the number of locks.

(7) Reimburse the expense of renovating or retrofitting a victim's residence or a vehicle, or both, to make the residence, the vehicle, or both, accessible or the vehicle operational by a victim upon verification that the expense is medically necessary for a victim who is permanently disabled as a direct result of the crime, whether the disability is partial or total.

(8) (A) Authorize a cash payment or reimbursement not to exceed two thousand dollars ($2,000) to a victim for expenses incurred in relocating, if the expenses are determined by law enforcement to be necessary for the personal safety of the victim or by a mental health

treatment provider to be necessary for the emotional well-being of the victim.

(B) The cash payment or reimbursement made under this paragraph shall only be awarded to one victim per crime giving rise to the relocation. The board may authorize more than one relocation per crime if necessary for the personal safety or emotional well-being of the victim. However, the total cash payment or reimbursement for all relocations due to the same crime shall not exceed two thousand dollars ($2,000).

(C) The board may, under compelling circumstances, award a second cash payment or reimbursement to a victim for another crime if both of the following conditions are met:

(i) The crime occurs more than three years from the date of the crime giving rise to the initial relocation cash payment or reimbursement.

(ii) The crime does not involve the same offender.

(D) When a relocation payment or reimbursement is provided to a victim of sexual assault or domestic violence and the identity of the offender is known to the victim, the victim shall agree not to inform the offender of the location of the victim's new residence and not to allow the offender on the premises at any time, or shall agree to seek a restraining order against the offender.

(9) When a victim dies as a result of a crime, the board may reimburse any individual who voluntarily, and without anticipation of personal gain, pays or assumes the obligation to pay any of the following expenses:

(A) The medical expenses incurred as a direct result of the crime in an amount not to exceed the rates or limitations established by the board.

(B) The funeral and burial expenses incurred as a direct result of the crime, not to exceed seven thousand five hundred dollars ($7,500).

(10) When the crime occurs in a residence, the board may reimburse any individual who voluntarily, and without anticipation of personal gain, pays or assumes the obligation to pay the reasonable costs to clean the scene of the crime in an amount not to exceed one thousand dollars ($1,000). Services reimbursed pursuant to this subdivision shall be performed by persons registered with the State Department of Public Health as trauma scene waste practitioners in accordance with Chapter 9.5 (commencing with Section 118321) of Part 14 of Division 104 of the Health and Safety Code.

(11) Reimburse the licensed child care expenses necessarily incurred by a victim or derivative victim as a direct result of a crime that resulted in physical injury or death, if the following conditions are met:

(A) The injured or deceased victim was a primary caregiver for the victim's dependent children.

(B) The total reimbursement for all child care expenses does not exceed five thousand dollars ($5,000). The board shall have the ability

to set a lower reimbursement amount if necessary to protect the solvency of the Restitution Fund.

(C) The periods of time for which child care expenses may be reimbursed do not exceed a total of 180 days. The time periods need not be continuous.

(D) The child care expenses are consistent with the usual and customary rates charged by the child care provider for other children in the provider's care. If the provider only cares for the victim's children, the reimbursement rate shall not exceed two hundred dollars ($200) per week for one child or four hundred dollars ($400) per week for two or more children subject to the limit in subparagraph (E).

(E) No victim or derivative victim may receive reimbursement for child care expenses in addition to reimbursement subject to paragraph (4).

(F) This paragraph is a pilot program and shall be operative only until January 1, 2010.

(b) The total award to or on behalf of each victim or derivative victim may not exceed thirty-five thousand dollars ($35,000), except that this amount may be increased to seventy thousand dollars ($70,000) if federal funds for that increase are available.

SEC. 2. Section 13957.2 of the Government Code is amended to read:

13957.2. (a) The board may establish maximum rates and service limitations for reimbursement of medical and medical-related services and for mental health and counseling services. The adoption, amendment, and repeal of these service limitations and maximum rates shall not be subject to the rulemaking provision of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1). An informational copy of the service limitations and maximum rates shall be filed with the Secretary of State upon adoption by the board. A provider who accepts payment from the program for a service shall accept the program's rates as payment in full and shall not accept any payment on account of the service from any other source if the total of payments accepted would exceed the maximum rate set by the board for that service. To ensure service limitations that are uniform and appropriate to the levels of treatment required by the victim or derivative victim, the board may review all claims for these services as necessary to ensure their medical necessity.

(b) The board may request an independent examination and report from any provider of medical or medical-related services or psychological or psychiatric treatment or mental health counseling services, if it believes there is a reasonable basis for requesting an additional evaluation. The victim or derivative victim shall be notified of the name of the provider

who is to perform the evaluation within 30 calendar days of that determination. In cases where the crime involves sexual assault, the provider shall have expertise in the needs of sexual assault victims. In cases where the crime involves child abuse or molestation, the provider shall have expertise in the needs of victims of child abuse or molestation, as appropriate. When a reevaluation is requested, payments shall not be discontinued prior to completion of the reevaluation.

(c) Reimbursement for any medical or medical-related services shall, if the application has been approved, be paid by the board within an average of 90 days from receipt of the claim for payment. Payments to a medical or mental health provider may not be discontinued prior to completion of any reevaluation. Whether or not a reevaluation is obtained, if the board determines that payments to a provider will be discontinued, the board shall notify the provider of their discontinuance within 30 calendar days of its determination.

SEC. 3. Section 13959 of the Government Code is amended to read:

13959. (a) The board shall grant a hearing to an applicant who believes he or she is entitled to compensation pursuant to this chapter to contest a staff recommendation to deny compensation in whole or in part.

(b) The board shall notify the applicant not less than 10 days prior to the date of the hearing. Notwithstanding Section 11123, if the application that the board is considering involves either a crime against a minor, a crime of sexual assault, or a crime of domestic violence, the board may exclude from the hearing all persons other than board members and members of its staff, the applicant for benefits, a minor applicant's parents or guardians, the applicant's representative, any witnesses, and other persons of the applicant's choice to provide assistance to the applicant during the hearing. However, the board may not exclude persons from the hearing if the applicant or applicant's representative requests that the hearing be open to the public.

(c) At the hearing, the person seeking compensation shall have the burden of establishing, by a preponderance of the evidence, the elements for eligibility under Section 13955.

(d) Except as otherwise provided by law, in making determinations of eligibility for compensation and in deciding upon the amount of compensation, the board shall apply the law in effect as of the date an application was submitted.

(e) The hearing shall be informal and need not be conducted according to the technical rules relating to evidence and witnesses. The board may rely on any relevant evidence if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule

that might make improper the admission of the evidence over objection in a civil action. The board may rely on written reports prepared for the board, or other information received, from public agencies responsible for investigating the crime. If the applicant or the applicant's representative chooses not to appear at the hearing, the board may act solely upon the application for compensation, the staff's report, and other evidence that appears in the record.

(f) Hearings shall be held in various locations with the frequency necessary to provide for the speedy adjudication of the applications. If the applicant's presence is required at the hearing, the board shall schedule the applicant's hearing in as convenient a location as possible.

(g) The board may delegate the hearing of applications to hearing officers.

(h) The decisions of the board shall be in writing. Copies of the decisions shall be delivered to the applicant or to his or her representative personally or sent to them by mail.

(i) The board may order a reconsideration of all or part of a decision on written request of the applicant. The board may not grant more than one request for consideration with respect to any one decision on any application for compensation. The board may not consider any request for consideration filed with the board more than 30 calendar days after the personal delivery or 60 calendar days after the mailing of the original decision.

(j) The board may order a reconsideration of all or part of a decision on its own motion, at its discretion, at any time.

CHAPTER 565

An act to amend Sections 361.5, 366.21, 366.22, 366.26, and 366.3 of the Welfare and Institutions Code, relating to relative caregivers.

[Approved by Governor October 12, 2007. Filed with Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 361.5 of the Welfare and Institutions Code is amended to read:

361.5. (a) Except as provided in subdivision (b), or when the parent has voluntarily relinquished the child and the relinquishment has been filed with the State Department of Social Services, or upon the establishment of an order of guardianship pursuant to Section 360,

whenever a child is removed from a parent's or guardian's custody, the juvenile court shall order the social worker to provide child welfare services to the child and the child's mother and statutorily presumed father or guardians. Upon a finding and declaration of paternity by the juvenile court or proof of a prior declaration of paternity by any court of competent jurisdiction, the juvenile court may order services for the child and the biological father, if the court determines that the services will benefit the child. Child welfare services, when provided, shall be provided as follows:

(1) For a child who, on the date of initial removal from the physical custody of his or her parent or guardian, was three years of age or older, court-ordered services shall not exceed a period of 12 months from the date the child entered foster care, except as otherwise provided in paragraph (3).

(2) For a child who, on the date of initial removal from the physical custody of his or her parent or guardian, was under the age of three years, court-ordered services shall not exceed a period of six months from the date the child entered foster care.

(3) For the purpose of placing and maintaining a sibling group together in a permanent home should reunification efforts fail, for a child in a sibling group whose members were removed from parental custody at the same time, and in which one member of the sibling group was under the age of three years on the date of initial removal from the physical custody of his or her parent or guardian, court-ordered services to some or all of the sibling group may be limited to a period of six months from the date the child entered foster care. For the purposes of this paragraph, "a sibling group" shall mean two or more children who are related to each other as full or half-siblings.

Regardless of the age of the child, a child shall be deemed to have entered foster care on the earlier of the date of the jurisdictional hearing held pursuant to Section 356 or the date that is 60 days after the date on which the child was initially removed from the physical custody of his or her parent or guardian.

Notwithstanding paragraphs (1), (2), and (3), court-ordered services may be extended up to a maximum time period not to exceed 18 months after the date the child was originally removed from physical custody of his or her parent or guardian if it can be shown, at the hearing held pursuant to subdivision (f) of Section 366.21, that the permanent plan for the child is that he or she will be returned and safely maintained in the home within the extended time period. The court shall extend the time period only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian within the extended time period or that reasonable services

have not been provided to the parent or guardian. If the court extends the time period, the court shall specify the factual basis for its conclusion that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian within the extended time period. The court also shall make findings pursuant to subdivision (a) of Section 366 and subdivision (e) of Section 358.1.

When counseling or other treatment services are ordered, the parent or guardian shall be ordered to participate in those services, unless the parent's or guardian's participation is deemed by the court to be inappropriate or potentially detrimental to the child. Physical custody of the child by the parents or guardians during the applicable time period under paragraph (1), (2), or (3) shall not serve to interrupt the running of the period. If at the end of the applicable time period, a child cannot be safely returned to the care and custody of a parent or guardian without court supervision, but the child clearly desires contact with the parent or guardian, the court shall take the child's desire into account in devising a permanency plan.

In cases where the child was under the age of three years on the date of the initial removal from the physical custody of his or her parent or guardian or is a member of a sibling group as described in paragraph (3), the court shall inform the parent or guardian that the failure of the parent or guardian to participate regularly in any court-ordered treatment programs or to cooperate or avail himself or herself of services provided as part of the child welfare services case plan may result in a termination of efforts to reunify the family after six months. The court shall inform the parent or guardian of the factors used in subdivision (e) of Section 366.21 to determine whether to limit services to six months for some or all members of a sibling group as described in paragraph (3).

Except in cases where, pursuant to subdivision (b), the court does not order reunification services, the court shall inform the parent or parents of Section 366.26 and shall specify that the parent's or parents' parental rights may be terminated.

(b) Reunification services need not be provided to a parent or guardian described in this subdivision when the court finds, by clear and convincing evidence, any of the following:

(1) That the whereabouts of the parent or guardian is unknown. A finding pursuant to this paragraph shall be supported by an affidavit or by proof that a reasonably diligent search has failed to locate the parent or guardian. The posting or publication of notices is not required in that search.

(2) That the parent or guardian is suffering from a mental disability that is described in Chapter 2 (commencing with Section 7820) of Part

4 of Division 12 of the Family Code and that renders him or her incapable of utilizing those services.

(3) That the child or a sibling of the child has been previously adjudicated a dependent pursuant to any subdivision of Section 300 as a result of physical or sexual abuse, that following that adjudication the child had been removed from the custody of his or her parent or guardian pursuant to Section 361, that the child has been returned to the custody of the parent or guardian from whom the child had been taken originally, and that the child is being removed pursuant to Section 361, due to additional physical or sexual abuse.

(4) That the parent or guardian of the child has caused the death of another child through abuse or neglect.

(5) That the child was brought within the jurisdiction of the court under subdivision (e) of Section 300 because of the conduct of that parent or guardian.

(6) That the child has been adjudicated a dependent pursuant to any subdivision of Section 300 as a result of severe sexual abuse or the infliction of severe physical harm to the child, a sibling, or a half sibling by a parent or guardian, as defined in this subdivision, and the court makes a factual finding that it would not benefit the child to pursue reunification services with the offending parent or guardian.

A finding of severe sexual abuse, for the purposes of this subdivision, may be based on, but is not limited to, sexual intercourse, or stimulation involving genital-genital, oral-genital, anal-genital, or oral-anal contact, whether between the parent or guardian and the child or a sibling or half sibling of the child, or between the child or a sibling or half sibling of the child and another person or animal with the actual or implied consent of the parent or guardian; or the penetration or manipulation of the child's, sibling's, or half sibling's genital organs or rectum by any animate or inanimate object for the sexual gratification of the parent or guardian, or for the sexual gratification of another person with the actual or implied consent of the parent or guardian.

A finding of the infliction of severe physical harm, for the purposes of this subdivision, may be based on, but is not limited to, deliberate and serious injury inflicted to or on a child's body or the body of a sibling or half sibling of the child by an act or omission of the parent or guardian, or of another individual or animal with the consent of the parent or guardian; deliberate and torturous confinement of the child, sibling, or half sibling in a closed space; or any other torturous act or omission that would be reasonably understood to cause serious emotional damage.

(7) That the parent is not receiving reunification services for a sibling or a half sibling of the child pursuant to paragraph (3), (5), or (6).

(8) That the child was conceived by means of the commission of an offense listed in Section 288 or 288.5 of the Penal Code, or by an act committed outside of this state that, if committed in this state, would constitute one of those offenses. This paragraph only applies to the parent who committed the offense or act.

(9) That the child has been found to be a child described in subdivision (g) of Section 300, that the parent or guardian of the child willfully abandoned the child, and the court finds that the abandonment itself constituted a serious danger to the child; or that the parent or other person having custody of the child voluntarily surrendered physical custody of the child pursuant to Section 1255.7 of the Health and Safety Code. For the purposes of this paragraph, "serious danger" means that without the intervention of another person or agency, the child would have sustained severe or permanent disability, injury, illness, or death. For purposes of this paragraph, "willful abandonment" shall not be construed as actions taken in good faith by the parent without the intent of placing the child in serious danger.

(10) That the court ordered termination of reunification services for any siblings or half siblings of the child because the parent or guardian failed to reunify with the sibling or half sibling after the sibling or half sibling had been removed from that parent or guardian pursuant to Section 361 and that parent or guardian is the same parent or guardian described in subdivision (a) and that, according to the findings of the court, this parent or guardian has not subsequently made a reasonable effort to treat the problems that led to removal of the sibling or half sibling of that child from that parent or guardian.

(11) That the parental rights of a parent over any sibling or half sibling of the child had been permanently severed, and this parent is the same parent described in subdivision (a), and that, according to the findings of the court, this parent has not subsequently made a reasonable effort to treat the problems that led to removal of the sibling or half sibling of that child from the parent.

(12) That the parent or guardian of the child has been convicted of a violent felony, as defined in subdivision (c) of Section 667.5 of the Penal Code.

(13) That the parent or guardian of the child has a history of extensive, abusive, and chronic use of drugs or alcohol and has resisted prior court-ordered treatment for this problem during a three-year period immediately prior to the filing of the petition that brought that child to the court's attention, or has failed or refused to comply with a program of drug or alcohol treatment described in the case plan required by Section 358.1 on at least two prior occasions, even though the programs identified were available and accessible.

(14) That the parent or guardian of the child has advised the court that he or she is not interested in receiving family maintenance or family reunification services or having the child returned to or placed in his or her custody and does not wish to receive family maintenance or reunification services.

The parent or guardian shall be represented by counsel and shall execute a waiver of services form to be adopted by the Judicial Council. The court shall advise the parent or guardian of any right to services and of the possible consequences of a waiver of services, including the termination of parental rights and placement of the child for adoption. The court shall not accept the waiver of services unless it states on the record its finding that the parent or guardian has knowingly and intelligently waived the right to services.

(15) That the parent or guardian has on one or more occasions willfully abducted the child or child's sibling or half sibling from his or her placement and refused to disclose the child's or child's sibling's or half sibling's whereabouts, refused to return physical custody of the child or child's sibling or half sibling to his or her placement, or refused to return physical custody of the child or child's sibling or half sibling to the social worker.

(c) In deciding whether to order reunification in any case in which this section applies, the court shall hold a dispositional hearing. The social worker shall prepare a report that discusses whether reunification services shall be provided. When it is alleged, pursuant to paragraph (2) of subdivision (b), that the parent is incapable of utilizing services due to mental disability, the court shall order reunification services unless competent evidence from mental health professionals establishes that, even with the provision of services, the parent is unlikely to be capable of adequately caring for the child within the time limits specified in subdivision (a).

The court shall not order reunification for a parent or guardian described in paragraph (3), (4), (6), (7), (8), (9), (10), (11), (12), (13), (14), or (15) of subdivision (b) unless the court finds, by clear and convincing evidence, that reunification is in the best interest of the child.

In addition, the court shall not order reunification in any situation described in paragraph (5) of subdivision (b) unless it finds that, based on competent testimony, those services are likely to prevent reabuse or continued neglect of the child or that failure to try reunification will be detrimental to the child because the child is closely and positively attached to that parent. The social worker shall investigate the circumstances leading to the removal of the child and advise the court whether there are circumstances that indicate that reunification is likely

to be successful or unsuccessful and whether failure to order reunification is likely to be detrimental to the child.

The failure of the parent to respond to previous services, the fact that the child was abused while the parent was under the influence of drugs or alcohol, a past history of violent behavior, or testimony by a competent professional that the parent's behavior is unlikely to be changed by services are among the factors indicating that reunification services are unlikely to be successful. The fact that a parent or guardian is no longer living with an individual who severely abused the child may be considered in deciding that reunification services are likely to be successful, provided that the court shall consider any pattern of behavior on the part of the parent that has exposed the child to repeated abuse.

(d) If reunification services are not ordered pursuant to paragraph (1) of subdivision (b) and the whereabouts of a parent become known within six months of the out-of-home placement of the child, the court shall order the social worker to provide family reunification services in accordance with this subdivision.

(e) (1) If the parent or guardian is incarcerated or institutionalized, the court shall order reasonable services unless the court determines, by clear and convincing evidence, those services would be detrimental to the child. In determining detriment, the court shall consider the age of the child, the degree of parent-child bonding, the length of the sentence, the nature of the treatment, the nature of the crime or illness, the degree of detriment to the child if services are not offered and, for children 10 years of age or older, the child's attitude toward the implementation of family reunification services, and any other appropriate factors. Reunification services are subject to the applicable time limitations imposed in subdivision (a). Services may include, but shall not be limited to, all of the following:

(A) Maintaining contact between the parent and child through collect telephone calls.

(B) Transportation services, where appropriate.

(C) Visitation services, where appropriate.

(D) Reasonable services to extended family members or foster parents providing care for the child if the services are not detrimental to the child.

An incarcerated parent may be required to attend counseling, parenting classes, or vocational training programs as part of the service plan if these programs are available.

(2) The presiding judge of the juvenile court of each county may convene representatives of the county welfare department, the sheriff's department, and other appropriate entities for the purpose of developing and entering into protocols for ensuring the notification, transportation,

and presence of an incarcerated or institutionalized parent at all court hearings involving proceedings affecting the child pursuant to Section 2625 of the Penal Code.

(3) Notwithstanding any other provision of law, if the incarcerated parent is a woman seeking to participate in the community treatment program operated by the Department of Corrections and Rehabilitation pursuant to Chapter 4.8 (commencing with Section 1174) of Title 7 of Part 2 of, Chapter 4 (commencing with Section 3410) of Title 2 of Part 3 of, the Penal Code, the court shall determine whether the parent's participation in a program is in the child's best interest and whether it is suitable to meet the needs of the parent and child.

(f) If the court, pursuant to paragraph (2), (3), (4), (5), (6), (7), (8), (9), (10), (11), (12), (13), (14), or (15) of subdivision (b) or paragraph (1) of subdivision (e), does not order reunification services, it shall, at the dispositional hearing, that shall include a permanency hearing, determine if a hearing under Section 366.26 shall be set in order to determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the child. If the court so determines, it shall conduct the hearing pursuant to Section 366.26 within 120 days after the dispositional hearing. However, the court shall not schedule a hearing so long as the other parent is being provided reunification services pursuant to subdivision (a). The court may continue to permit the parent to visit the child unless it finds that visitation would be detrimental to the child.

(g) (1) Whenever a court orders that a hearing shall be held pursuant to Section 366.26, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(A) Current search efforts for an absent parent or parents.

(B) A review of the amount of and nature of any contact between the child and his or her parents and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purpose of this subparagraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(C) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(D) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to

meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3. As used in this subparagraph, "relative" means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand," or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(E) The relationship of the child to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(F) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(2) (A) A relative caregiver's preference for legal guardianship over adoption, if it is due to circumstances that do not include an unwillingness to accept legal or financial responsibility for the child, shall not constitute the sole basis for recommending removal of the child from the relative caregiver for purposes of adoptive placement.

(B) A relative caregiver shall be given information regarding the permanency options of guardianship and adoption, including the long-term benefits and consequences of each option, prior to establishing legal guardianship or pursuing adoption.

(h) In determining whether reunification services will benefit the child pursuant to paragraph (6) or (7) of subdivision (b), the court shall consider any information it deems relevant, including the following factors:

(1) The specific act or omission comprising the severe sexual abuse or the severe physical harm inflicted on the child or the child's sibling or half sibling.

(2) The circumstances under which the abuse or harm was inflicted on the child or the child's sibling or half sibling.

(3) The severity of the emotional trauma suffered by the child or the child's sibling or half sibling.

(4) Any history of abuse of other children by the offending parent or guardian.

(5) The likelihood that the child may be safely returned to the care of the offending parent or guardian within 12 months with no continuing supervision.

(6) Whether or not the child desires to be reunified with the offending parent or guardian.

(i) The court shall read into the record the basis for a finding of severe sexual abuse or the infliction of severe physical harm under paragraph (6) of subdivision (b), and shall also specify the factual findings used to determine that the provision of reunification services to the offending parent or guardian would not benefit the child.

SEC. 2. Section 366.21 of the Welfare and Institutions Code, as amended by Chapter 177 of the Statutes of 2007, is amended to read:

366.21. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing and of their right to be present and represented by counsel.

(b) Except as provided in Sections 294 and 295, notice of the hearing shall be provided pursuant to Section 293.

(c) At least 10 calendar days prior to the hearing, the social worker shall file a supplemental report with the court regarding the services provided or offered to the parent or legal guardian to enable him or her to assume custody and the efforts made to achieve legal permanence for the child if efforts to reunify fail, including, but not limited to, efforts to maintain relationships between a child who is 10 years of age or older and has been in out-of-home placement for six months or longer and individuals who are important to the child, consistent with the child's best interests; the progress made; and, where relevant, the prognosis for return of the child to the physical custody of his or her parent or legal guardian; and shall make his or her recommendation for disposition. If the child is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, the report and recommendation may also take into account those factors described in subdivision (e) relating to the child's sibling group. If the recommendation is not to return the child to a parent or legal guardian, the report shall specify why the return of the child would be detrimental to the child. The social worker shall provide the parent or legal guardian, counsel for the child, and any court-appointed child advocate with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a child removed from the physical custody of his or her parent or legal guardian, the social worker shall, at least 10 calendar days prior to the hearing, provide a summary of his or her recommendation for disposition to any foster parents, relative caregivers,

and certified foster parents who have been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, community care facility, or foster family agency having the physical custody of the child. The social worker shall include a copy of the Judicial Council Caregiver Information Form (JV-290) with the summary of recommendations to the child's foster parents, relative caregivers, or foster parents approved for adoption, in the caregiver's primary language when available, along with information on how to file the form with the court.

(d) Prior to any hearing involving a child in the physical custody of a community care facility or a foster family agency that may result in the return of the child to the physical custody of his or her parent or legal guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report, or a Judicial Council Caregiver Information Form (JV-290), containing its recommendation for disposition. Prior to the hearing involving a child in the physical custody of a foster parent, a relative caregiver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, the foster parent, relative caregiver, or the certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, may file with the court a report containing his or her recommendation for disposition. The court shall consider the report and recommendation filed pursuant to this subdivision prior to determining any disposition.

(e) At the review hearing held six months after the initial dispositional hearing, the court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. At the hearing, the court shall consider the criminal history, obtained pursuant to paragraph (1) of subdivision (f) of Section 16504.5, of the parent or legal guardian subsequent to the child's removal, provided that he or she agreed to submit fingerprint images to obtain criminal history information as part of the case plan. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall

review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; and shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself to services provided.

Regardless of whether the child is returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental or would not be detrimental. The court also shall make appropriate findings pursuant to subdivision (a) of Section 366; and, where relevant, shall order any additional services reasonably believed to facilitate the return of the child to the custody of his or her parent or legal guardian. The court shall also inform the parent or legal guardian that if the child cannot be returned home by the 12-month permanency hearing, a proceeding pursuant to Section 366.26 may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

If the child was under the age of three years on the date of the initial removal, or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, and the court finds by clear and convincing evidence that the parent failed to participate regularly and make substantive progress in a court-ordered treatment plan, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If, however, the court finds there is a substantial probability that the child, who was under the age of three years on the date of initial removal or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, may be returned to his or her parent or legal guardian within six months or that reasonable services have not been provided, the court shall continue the case to the 12-month permanency hearing.

For the purpose of placing and maintaining a sibling group together in a permanent home, the court, in making its determination to schedule a hearing pursuant to Section 366.26 for some or all members of a sibling group, as described in paragraph (3) of subdivision (a) of Section 361.5, shall review and consider the social worker's report and recommendations. Factors the report shall address, and the court shall consider, may include, but need not be limited to, whether the sibling group was removed from parental care as a group, the closeness and strength of the sibling bond, the ages of the siblings, the appropriateness of maintaining the sibling group together, the detriment to the child if sibling ties are not maintained, the likelihood of finding a permanent home for the sibling group, whether the sibling group is currently placed together in a preadoptive home or has a concurrent plan goal of legal permanency in the same home, the wishes of each child whose age and

physical and emotional condition permits a meaningful response, and the best interest of each child in the sibling group. The court shall specify the factual basis for its finding that it is in the best interest of each child to schedule a hearing pursuant to Section 366.26 in 120 days for some or all of the members of the sibling group.

If the child was removed initially under subdivision (g) of Section 300 and the court finds by clear and convincing evidence that the whereabouts of the parent are still unknown, or the parent has failed to contact and visit the child, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If the court finds by clear and convincing evidence that the parent has been convicted of a felony indicating parental unfitness, the court may schedule a hearing pursuant to Section 366.26 within 120 days.

If the child had been placed under court supervision with a previously noncustodial parent pursuant to Section 361.2, the court shall determine whether supervision is still necessary. The court may terminate supervision and transfer permanent custody to that parent, as provided for by paragraph (1) of subdivision (b) of Section 361.2.

In all other cases, the court shall direct that any reunification services previously ordered shall continue to be offered to the parent or legal guardian pursuant to the time periods set forth in subdivision (a) of Section 361.5, provided that the court may modify the terms and conditions of those services.

If the child is not returned to his or her parent or legal guardian, the court shall determine whether reasonable services that were designed to aid the parent or legal guardian in overcoming the problems that led to the initial removal and the continued custody of the child have been provided or offered to the parent or legal guardian. The court shall order that those services be initiated, continued, or terminated.

(f) The permanency hearing shall be held no later than 12 months after the date the child entered foster care, as that date is determined pursuant to subdivision (a) of Section 361.5. At the permanency hearing, the court shall determine the permanent plan for the child, which shall include a determination of whether the child will be returned to the child's home and, if so, when, within the time limits of subdivision (a) of Section 361.5. The court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. At the permanency hearing, the court shall consider the criminal history, obtained pursuant to paragraph (1) of subdivision (f)

of Section 16504.5, of the parent or legal guardian subsequent to the child's removal, provided that he or she agreed to submit fingerprint images to obtain criminal history information as part of the case plan. The court shall also determine whether reasonable services that were designed to aid the parent or legal guardian to overcome the problems that led to the initial removal and continued custody of the child have been provided or offered to the parent or legal guardian. For each youth 16 years of age and older, the court shall also determine whether services have been made available to assist him or her in making the transition from foster care to independent living. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5, shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself of services provided, and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Regardless of whether the child is returned to his or her parent or legal guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental. The court also shall make a finding pursuant to subdivision (a) of Section 366.

(g) If the time period in which the court-ordered services were provided has met or exceeded the time period set forth in paragraph (1), (2), or (3) of subdivision (a) of Section 361.5, as appropriate, and a child is not returned to the custody of a parent or legal guardian at the permanency hearing held pursuant to subdivision (f), the court shall do one of the following:

(1) Continue the case for up to six months for a permanency review hearing, provided that the hearing shall occur within 18 months of the date the child was originally taken from the physical custody of his or her parent or legal guardian. The court shall continue the case only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time or that reasonable services have not been provided to the parent or legal guardian. For the purposes of this section, in order to find a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within

the extended period of time, the court shall be required to find all of the following:

(A) That the parent or legal guardian has consistently and regularly contacted and visited with the child.

(B) That the parent or legal guardian has made significant progress in resolving problems that led to the child's removal from the home.

(C) The parent or legal guardian has demonstrated the capacity and ability both to complete the objectives of his or her treatment plan and to provide for the child's safety, protection, physical and emotional well-being, and special needs.

For purposes of this subdivision, the court's decision to continue the case based on a finding or substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interests of the child.

The court shall inform the parent or legal guardian that if the child cannot be returned home by the next permanency review hearing, a proceeding pursuant to Section 366.26 may be instituted. The court may not order that a hearing pursuant to Section 366.26 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parent or legal guardian.

(2) Order that a hearing be held within 120 days, pursuant to Section 366.26, but only if the court does not continue the case to the permanency planning review hearing and there is clear and convincing evidence that reasonable services have been provided or offered to the parents or legal guardians.

(3) Order that the child remain in long-term foster care, but only if the court finds by clear and convincing evidence, based upon the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, that there is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship. For purposes of this section, a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency that adoption is not in the best interest of the child shall constitute a compelling reason for the court's determination. That recommendation shall be based on the present circumstances of the child and may not preclude a different recommendation at a later date if the child's circumstances change.

If the court orders that a child who is 10 years of age or older remain in long-term foster care, the court shall determine whether the agency has made reasonable efforts to maintain the child's relationships with individuals other than the child's siblings who are important to the child, consistent with the child's best interests, and may make any appropriate order to ensure that those relationships are maintained.

(h) In any case in which the court orders that a hearing pursuant to Section 366.26 shall be held, it shall also order the termination of reunification services to the parent or legal guardian. The court shall continue to permit the parent or legal guardian to visit the child pending the hearing unless it finds that visitation would be detrimental to the child. The court shall make any other appropriate orders to enable the child to maintain relationships with individuals, other than the child's siblings, who are important to the child, consistent with the child's best interests.

(i) (1) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(A) Current search efforts for an absent parent or parents or legal guardians.

(B) A review of the amount of and nature of any contact between the child and his or her parents or legal guardians and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purpose of this subparagraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(C) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(D) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or legal guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(E) The relationship of the child to any identified prospective adoptive parent or legal guardian, the duration and character of the relationship,

the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(F) A description of efforts to be made to identify a prospective adoptive parent or legal guardian, including, but not limited to, child-specific recruitment and listing on an adoption exchange.

(G) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(2) (A) A relative caregiver's preference for legal guardianship over adoption, if it is due to circumstances that do not include an unwillingness to accept legal or financial responsibility for the child, shall not constitute the sole basis for recommending removal of the child from the relative caregiver for purposes of adoptive placement.

(B) A relative caregiver shall be given information regarding the permanency options of guardianship and adoption, including the long-term benefits and consequences of each option, prior to establishing legal guardianship or pursuing adoption.

(j) If, at any hearing held pursuant to Section 366.26, a guardianship is established for the minor with a relative, and juvenile court dependency is subsequently dismissed, the relative shall be eligible for aid under the Kin-GAP Program, as provided for in Article 4.5 (commencing with Section 11360) of Chapter 2 of Part 3 of Division 9.

(k) As used in this section, "relative" means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand," or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(*l*) For purposes of this section, evidence of any of the following circumstances may not, in and of itself, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to make and finalize a permanent placement for the child if efforts to reunify fail.

(3) Services to make and finalize a permanent placement for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

(m) The implementation and operation of the amendments to subdivisions (c) and (g) enacted at the 2005–06 Regular Session shall be subject to appropriation through the budget process and by phase, as provided in Section 366.35.

SEC. 3. Section 366.22 of the Welfare and Institutions Code, as amended by Chapter 177 of the Statutes of 2007, is amended to read:

366.22. (a) When a case has been continued pursuant to paragraph (1) of subdivision (g) of Section 366.21, the permanency review hearing shall occur within 18 months after the date the child was originally removed from the physical custody of his or her parent or legal guardian. The court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. At the permanency review hearing, the court shall consider the criminal history, obtained pursuant to paragraph (1) of subdivision (f) of Section 16504.5, of the parent or legal guardian subsequent to the child's removal, provided that he or she agreed to submit fingerprint images to obtain criminal history information as part of the case plan. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself of services provided; and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Whether or not the child is returned to his or her parent or legal guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that return would be detrimental.

If the child is not returned to a parent or legal guardian at the permanency review hearing, the court shall order that a hearing be held pursuant to Section 366.26 in order to determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the child. However, if the court finds by clear and convincing evidence, based on the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, that there is a compelling reason, as described in paragraph (3) of subdivision (g) of Section 366.21, for determining that a hearing held under Section 366.26 is not in the best interest of the child because the child is not a proper

subject for adoption and has no one willing to accept legal guardianship, then the court may, only under these circumstances, order that the child remain in foster care. If the court orders that a child who is 10 years of age or older remain in long-term foster care, the court shall determine whether the agency has made reasonable efforts to maintain the child's relationships with individuals other than the child's siblings who are important to the child, consistent with the child's best interests, and may make any appropriate order to ensure that those relationships are maintained. The hearing shall be held no later than 120 days from the date of the permanency review hearing. The court shall also order termination of reunification services to the parent or legal guardian. The court shall continue to permit the parent or legal guardian to visit the child unless it finds that visitation would be detrimental to the child. The court shall determine whether reasonable services have been offered or provided to the parent or legal guardian. For purposes of this subdivision, evidence of any of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to make and finalize a permanent placement for the child if efforts to reunify fail.

(3) Services to make and finalize a permanent placement for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

(b) (1) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(A) Current search efforts for an absent parent or parents.

(B) A review of the amount of and nature of any contact between the child and his or her parents and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purposes of this subparagraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(C) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(D) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or legal guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to

meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed legal guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(E) The relationship of the child to any identified prospective adoptive parent or legal guardian, the duration and character of the relationship, the motivation for seeking adoption or legal guardianship, and a statement from the child concerning placement and the adoption or legal guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(F) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(2) (A) A relative caregiver's preference for legal guardianship over adoption, if it is due to circumstances that do not include an unwillingness to accept legal or financial responsibility for the child, shall not constitute the sole basis for recommending removal of the child from the relative caregiver for purposes of adoptive placement.

(B) A relative caregiver shall be given information regarding the permanency options of guardianship and adoption, including the long-term benefits and consequences of each option, prior to establishing legal guardianship or pursuing adoption.

(c) This section shall become operative January 1, 1999. If at any hearing held pursuant to Section 366.26, a legal guardianship is established for the minor with a relative, and juvenile court dependency is subsequently dismissed, the relative shall be eligible for aid under the Kin-GAP Program, as provided for in Article 4.5 (commencing with Section 11360) of Chapter 2 of Part 3 of Division 9.

(d) As used in this section, "relative" means an adult who is related to the child by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand," or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(e) The implementation and operation of the amendments to subdivision (a) enacted at the 2005–06 Regular Session shall be subject to appropriation through the budget process and by phase, as provided in Section 366.35.

SEC. 4. Section 366.26 of the Welfare and Institutions Code is amended to read:

366.26. (a) This section applies to children who are adjudged dependent children of the juvenile court pursuant to subdivision (d) of Section 360. The procedures specified herein are the exclusive procedures for conducting these hearings; Part 2 (commencing with Section 3020) of Division 8 of the Family Code is not applicable to these proceedings. Section 8616.5 of the Family Code is applicable and available to all dependent children meeting the requirements of that section, if the postadoption contact agreement has been entered into voluntarily. For children who are adjudged dependent children of the juvenile court pursuant to subdivision (d) of Section 360, this section and Sections 8604, 8605, 8606, and 8700 of the Family Code and Chapter 5 (commencing with Section 7660) of Part 3 of Division 12 of the Family Code specify the exclusive procedures for permanently terminating parental rights with regard to, or establishing legal guardianship of, the child while the child is a dependent child of the juvenile court.

(b) At the hearing, which shall be held in juvenile court for all children who are dependents of the juvenile court, the court, in order to provide stable, permanent homes for these children, shall review the report as specified in Section 361.5, 366.21, or 366.22, shall indicate that the court has read and considered it, shall receive other evidence that the parties may present, and then shall make findings and orders in the following order of preference:

(1) Terminate the rights of the parent or parents and order that the child be placed for adoption and, upon the filing of a petition for adoption in the juvenile court, order that a hearing be set. The court shall proceed with the adoption after the appellate rights of the natural parents have been exhausted.

(2) Appoint a relative or relatives with whom the child is currently residing as legal guardian or guardians for the child, and order that letters of guardianship issue.

(3) On making a finding under paragraph (3) of subdivision (c), identify adoption as the permanent placement goal and order that efforts be made to locate an appropriate adoptive family for the child within a period not to exceed 180 days.

(4) Appoint a nonrelative legal guardian for the child and order that letters of guardianship issue.

(5) Order that the child be placed in long-term foster care, subject to the periodic review of the juvenile court under Section 366.3.

In choosing among the above alternatives the court shall proceed pursuant to subdivision (c).

(c) (1) If the court determines, based on the assessment provided as ordered under subdivision (i) of Section 366.21 or subdivision (b) of Section 366.22, and any other relevant evidence, by a clear and

convincing standard, that it is likely the child will be adopted, the court shall terminate parental rights and order the child placed for adoption. The fact that the child is not yet placed in a preadoptive home nor with a relative or foster family who is prepared to adopt the child, shall not constitute a basis for the court to conclude that it is not likely the child will be adopted. A finding under subdivision (b) or paragraph (1) of subdivision (e) of Section 361.5 that reunification services shall not be offered, under subdivision (e) of Section 366.21 that the whereabouts of a parent have been unknown for six months or that the parent has failed to visit or contact the child for six months or that the parent has been convicted of a felony indicating parental unfitness, or, under Section 366.21 or 366.22, that the court has continued to remove the child from the custody of the parent or guardian and has terminated reunification services, shall constitute a sufficient basis for termination of parental rights. Under these circumstances, the court shall terminate parental rights unless either of the following applies:

(A) The child is living with a relative who is unable or unwilling to adopt the child because of circumstances that do not include an unwillingness to accept legal or financial responsibility for the child, but who is willing and capable of providing the child with a stable and permanent environment through legal guardianship, and the removal of the child from the custody of his or her relative would be detrimental to the emotional well-being of the child. For purposes of an Indian child, "relative" shall include an "extended family member," as defined in the federal Indian Child Welfare Act (25 U.S.C. Sec. 1903(2)).

(B) The court finds a compelling reason for determining that termination would be detrimental to the child due to one or more of the following circumstances:

(i) The parents have maintained regular visitation and contact with the child and the child would benefit from continuing the relationship.

(ii) A child 12 years of age or older objects to termination of parental rights.

(iii) The child is placed in a residential treatment facility, adoption is unlikely or undesirable, and continuation of parental rights will not prevent finding the child a permanent family placement if the parents cannot resume custody when residential care is no longer needed.

(iv) The child is living with a foster parent or Indian custodian who is unable or unwilling to adopt the child because of exceptional circumstances, that do not include an unwillingness to accept legal or financial responsibility for the child, but who is willing and capable of providing the child with a stable and permanent environment and the removal of the child from the physical custody of his or her foster parent or Indian custodian would be detrimental to the emotional well-being

of the child. This clause does not apply to any child who is either (I) under six years of age or (II) a member of a sibling group where at least one child is under six years of age and the siblings are, or should be, permanently placed together.

(v) There would be substantial interference with a child's sibling relationship, taking into consideration the nature and extent of the relationship, including, but not limited to, whether the child was raised with a sibling in the same home, whether the child shared significant common experiences or has existing close and strong bonds with a sibling, and whether ongoing contact is in the child's best interest, including the child's long-term emotional interest, as compared to the benefit of legal permanence through adoption.

(vi) The child is an Indian child and there is a compelling reason for determining that termination of parental rights would not be in the best interest of the child, including, but not limited to:

(I) Termination of parental rights would substantially interfere with the child's connection to his or her tribal community or the child's tribal membership rights.

(II) The child's tribe has identified guardianship, long-term foster care with a fit and willing relative, or another planned permanent living arrangement for the child.

If the court finds that termination of parental rights would be detrimental to the child pursuant to clause (i), (ii), (iii), (iv), (v), or (vi), it shall state its reasons in writing or on the record.

(2) The court shall not terminate parental rights if:

(A) At each hearing at which the court was required to consider reasonable efforts or services, the court has found that reasonable efforts were not made or that reasonable services were not offered or provided.

(B) In the case of an Indian child:

(i) At the hearing terminating parental rights, the court has found that active efforts were not made as required in Section 361.7.

(ii) The court does not make a determination at the hearing terminating parental rights, supported by evidence beyond a reasonable doubt, including testimony of one or more "qualified expert witnesses" as defined in Section 224.6, that the continued custody of the child by the parent is likely to result in serious emotional or physical damage to the child.

(3) If the court finds that termination of parental rights would not be detrimental to the child pursuant to paragraph (1) and that the child has a probability for adoption but is difficult to place for adoption and there is no identified or available prospective adoptive parent, the court may identify adoption as the permanent placement goal and without terminating parental rights, order that efforts be made to locate an

appropriate adoptive family for the child within a period not to exceed 180 days. During this 180-day period, the public agency responsible for seeking adoptive parents for each child shall, to the extent possible, ask each child who is 10 years of age or older, to identify any individuals, other than the child's siblings, who are important to the child, in order to identify potential adoptive parents. The public agency may ask any other child to provide that information, as appropriate. During the 180-day period, the public agency shall, to the extent possible, contact other private and public adoption agencies regarding the availability of the child for adoption. During the 180-day period, the public agency shall conduct the search for adoptive parents in the same manner as prescribed for children in Sections 8708 and 8709 of the Family Code. At the expiration of this period, another hearing shall be held and the court shall proceed pursuant to paragraph (1) or (4) of subdivision (b). For purposes of this section, a child may only be found to be difficult to place for adoption if there is no identified or available prospective adoptive parent for the child because of the child's membership in a sibling group, or the presence of a diagnosed medical, physical, or mental handicap, or the child is the age of seven years or more.

(4) (A) If the court finds that adoption of the child or termination of parental rights is not in the best interest of the child, because one of the conditions in clause (i), (ii), (iii), (iv), (v), or (vi) of subparagraph (B) of paragraph (1) or in paragraph (2) applies, the court shall either order that the present caretakers or other appropriate persons shall become legal guardians of the child or order that the child remain in long-term foster care. Legal guardianship shall be considered before long-term foster care, if it is in the best interests of the child and if a suitable guardian can be found. A child who is 10 years of age or older, shall be asked to identify any individuals, other than the child's siblings, who are important to the child, in order to identify potential guardians. The agency may ask any other child to provide that information, as appropriate.

(B) If the child is living with a relative or a foster parent who is willing and capable of providing a stable and permanent environment, but not willing to become a legal guardian, the child shall not be removed from the home if the court finds the removal would be seriously detrimental to the emotional well-being of the child because the child has substantial psychological ties to the relative caretaker or foster parents.

(C) The court shall also make an order for visitation with the parents or guardians unless the court finds by a preponderance of the evidence that the visitation would be detrimental to the physical or emotional well-being of the child.

(5) If the court finds that the child should not be placed for adoption, that legal guardianship shall not be established, and that there are no suitable foster parents except exclusive-use homes available to provide the child with a stable and permanent environment, the court may order the care, custody, and control of the child transferred from the county welfare department to a licensed foster family agency. The court shall consider the written recommendation of the county welfare director regarding the suitability of the transfer. The transfer shall be subject to further court orders.

The licensed foster family agency shall place the child in a suitable licensed or exclusive-use home that has been certified by the agency as meeting licensing standards. The licensed foster family agency shall be responsible for supporting the child and providing appropriate services to the child, including those services ordered by the court. Responsibility for the support of the child shall not, in and of itself, create liability on the part of the foster family agency to third persons injured by the child. Those children whose care, custody, and control are transferred to a foster family agency shall not be eligible for foster care maintenance payments or child welfare services, except for emergency response services pursuant to Section 16504.

(d) The proceeding for the appointment of a guardian for a child who is a dependent of the juvenile court shall be in the juvenile court. If the court finds pursuant to this section that legal guardianship is the appropriate permanent plan, it shall appoint the legal guardian and issue letters of guardianship. The assessment prepared pursuant to subdivision (g) of Section 361.5, subdivision (i) of Section 366.21, and subdivision (b) of Section 366.22 shall be read and considered by the court prior to the appointment, and this shall be reflected in the minutes of the court. The person preparing the assessment may be called and examined by any party to the proceeding.

(e) The proceeding for the adoption of a child who is a dependent of the juvenile court shall be in the juvenile court if the court finds pursuant to this section that adoption is the appropriate permanent plan and the petition for adoption is filed in the juvenile court. Upon the filing of a petition for adoption, the juvenile court shall order that an adoption hearing be set. The court shall proceed with the adoption after the appellate rights of the natural parents have been exhausted. The full report required by Section 8715 of the Family Code shall be read and considered by the court prior to the adoption and this shall be reflected in the minutes of the court. The person preparing the report may be called and examined by any party to the proceeding. It is the intent of the Legislature, pursuant to this subdivision, to give potential adoptive parents the option of filing in the juvenile court the petition for the

adoption of a child who is a dependent of the juvenile court. Nothing in this section is intended to prevent the filing of a petition for adoption in any other court as permitted by law, instead of in the juvenile court.

(f) At the beginning of any proceeding pursuant to this section, if the child or the parents are not being represented by previously retained or appointed counsel, the court shall proceed as follows:

(1) In accordance with subdivision (c) of Section 317, if a child before the court is without counsel, the court shall appoint counsel unless the court finds that the child would not benefit from the appointment of counsel. The court shall state on the record its reasons for that finding.

(2) If a parent appears without counsel and is unable to afford counsel, the court shall appoint counsel for the parent, unless this representation is knowingly and intelligently waived. The same counsel shall not be appointed to represent both the child and his or her parent. The public defender or private counsel may be appointed as counsel for the parent.

(3) Private counsel appointed under this section shall receive a reasonable sum for compensation and expenses, the amount of which shall be determined by the court. The amount shall be paid by the real parties in interest, other than the child, in any proportions the court deems just. However, if the court finds that any of the real parties in interest are unable to afford counsel, the amount shall be paid out of the general fund of the county.

(g) The court may continue the proceeding for a period of time not to exceed 30 days as necessary to appoint counsel, and to enable counsel to become acquainted with the case.

(h) (1) At all proceedings under this section, the court shall consider the wishes of the child and shall act in the best interests of the child.

(2) In accordance with Section 349, the child shall be present in court if the child or the child's counsel so requests or the court so orders. If the child is 10 years of age or older and is not present at a hearing held pursuant to this section, the court shall determine whether the minor was properly notified of his or her right to attend the hearing and inquire as to the reason why the child is not present.

(3) (A) The testimony of the child may be taken in chambers and outside the presence of the child's parent or parents, if the child's parent or parents are represented by counsel, the counsel is present, and any of the following circumstances exists:

(i) The court determines that testimony in chambers is necessary to ensure truthful testimony.

(ii) The child is likely to be intimidated by a formal courtroom setting.

(iii) The child is afraid to testify in front of his or her parent or parents.

(B) After testimony in chambers, the parent or parents of the child may elect to have the court reporter read back the testimony or have the testimony summarized by counsel for the parent or parents.

(C) The testimony of a child also may be taken in chambers and outside the presence of the guardian or guardians of a child under the circumstances specified in this subdivision.

(i) (1) Any order of the court permanently terminating parental rights under this section shall be conclusive and binding upon the child, upon the parent or parents and upon all other persons who have been served with citation by publication or otherwise as provided in this chapter. After making the order, the juvenile court shall have no power to set aside, change, or modify it, except as provided in paragraph (2), but nothing in this section shall be construed to limit the right to appeal the order.

(2) A child who has not been adopted after the passage of at least three years from the date the court terminated parental rights and for whom the court has determined that adoption is no longer the permanent plan may petition the juvenile court to reinstate parental rights pursuant to the procedure prescribed by Section 388. The child may file the petition prior to the expiration of this three-year period if the State Department of Social Services or licensed adoption agency that is responsible for custody and supervision of the child as described in subdivision (j) and the child stipulate that the child is no longer likely to be adopted. A child over 12 years of age shall sign the petition in the absence of a showing of good cause as to why the child could not do so. If it appears that the best interests of the child may be promoted by reinstatement of parental rights, the court shall order that a hearing be held and shall give prior notice, or cause prior notice to be given, to the social worker or probation officer and to the child's attorney of record, or, if there is no attorney of record for the child, to the child, and the child's tribe, if applicable, by means prescribed by subdivision (c) of Section 297. The court shall order the child or the social worker or probation officer to give prior notice of the hearing to the child's former parent or parents whose parental rights were terminated in the manner prescribed by subdivision (f) of Section 294 where the recommendation is adoption. The juvenile court shall grant the petition if it finds by clear and convincing evidence that the child is no longer likely to be adopted and that reinstatement of parental rights is in the child's best interest. If the court reinstates parental rights over a child who is under 12 years of age and for whom the new permanent plan will not be reunification with a parent or legal guardian, the court shall specify the factual basis for its findings that it is in the best interest of the child to reinstate parental rights. This subdivision is intended to be retroactive and applies to any

child who is under the jurisdiction of the juvenile court at the time of the hearing regardless of the date parental rights were terminated.

(j) If the court, by order or judgment, declares the child free from the custody and control of both parents, or one parent if the other does not have custody and control, the court shall at the same time order the child referred to the State Department of Social Services or a licensed adoption agency for adoptive placement by the agency. However, a petition for adoption may not be granted until the appellate rights of the natural parents have been exhausted. The State Department of Social Services or licensed adoption agency shall be responsible for the custody and supervision of the child and shall be entitled to the exclusive care and control of the child at all times until a petition for adoption is granted, except as specified in subdivision (n). With the consent of the agency, the court may appoint a guardian of the child, who shall serve until the child is adopted.

(k) Notwithstanding any other provision of law, the application of any person who, as a relative caretaker or foster parent, has cared for a dependent child for whom the court has approved a permanent plan for adoption, or who has been freed for adoption, shall be given preference with respect to that child over all other applications for adoptive placement if the agency making the placement determines that the child has substantial emotional ties to the relative caretaker or foster parent and removal from the relative caretaker or foster parent would be seriously detrimental to the child's emotional well-being.

As used in this subdivision, "preference" means that the application shall be processed and, if satisfactory, the family study shall be completed before the processing of the application of any other person for the adoptive placement of the child.

(*l*) (1) An order by the court that a hearing pursuant to this section be held is not appealable at any time unless all of the following apply:

(A) A petition for extraordinary writ review was filed in a timely manner.

(B) The petition substantively addressed the specific issues to be challenged and supported that challenge by an adequate record.

(C) The petition for extraordinary writ review was summarily denied or otherwise not decided on the merits.

(2) Failure to file a petition for extraordinary writ review within the period specified by rule, to substantively address the specific issues challenged, or to support that challenge by an adequate record shall preclude subsequent review by appeal of the findings and orders made pursuant to this section.

(3) The Judicial Council shall adopt rules of court, effective January 1, 1995, to ensure all of the following:

(A) A trial court, after issuance of an order directing a hearing pursuant to this section be held, shall advise all parties of the requirement of filing a petition for extraordinary writ review as set forth in this subdivision in order to preserve any right to appeal in these issues. This notice shall be made orally to a party if the party is present at the time of the making of the order or by first-class mail by the clerk of the court to the last known address of a party not present at the time of the making of the order.

(B) The prompt transmittal of the records from the trial court to the appellate court.

(C) That adequate time requirements for counsel and court personnel exist to implement the objective of this subdivision.

(D) That the parent or guardian, or their trial counsel or other counsel, is charged with the responsibility of filing a petition for extraordinary writ relief pursuant to this subdivision.

(4) The intent of this subdivision is to do both of the following:

(A) Make every reasonable attempt to achieve a substantive and meritorious review by the appellate court within the time specified in Sections 366.21 and 366.22 for holding a hearing pursuant to this section.

(B) Encourage the appellate court to determine all writ petitions filed pursuant to this subdivision on their merits.

(5) This subdivision shall only apply to cases in which an order to set a hearing pursuant to this section is issued on or after January 1, 1995.

(m) Except for subdivision (j), this section shall also apply to minors adjudged wards pursuant to Section 727.31.

(n) (1) Notwithstanding Section 8704 of the Family Code or any other provision of law, the court, at a hearing held pursuant to this section or anytime thereafter, may designate a current caretaker as a prospective adoptive parent if the child has lived with the caretaker for at least six months, the caretaker currently expresses a commitment to adopt the child, and the caretaker has taken at least one step to facilitate the adoption process. In determining whether to make that designation, the court may take into consideration whether the caretaker is listed in the preliminary assessment prepared by the county department in accordance with subdivision (i) of Section 366.21 as an appropriate person to be considered as an adoptive parent for the child and the recommendation of the State Department of Social Services or licensed adoption agency.

(2) For purposes of this subdivision, steps to facilitate the adoption process include, but are not limited to, the following:

(A) Applying for an adoption home study.

(B) Cooperating with an adoption home study.

(C) Being designated by the court or the licensed adoption agency as the adoptive family.

(D) Requesting de facto parent status.

(E) Signing an adoptive placement agreement.

(F) Engaging in discussions regarding a postadoption contact agreement.

(G) Working to overcome any impediments that have been identified by the State Department of Social Services and the licensed adoption agency.

(H) Attending classes required of prospective adoptive parents.

(3) Prior to a change in placement and as soon as possible after a decision is made to remove a child from the home of a designated prospective adoptive parent, the agency shall notify the court, the designated prospective adoptive parent or the current caretaker, if that caretaker would have met the threshold criteria to be designated as a prospective adoptive parent pursuant to paragraph (1) on the date of service of this notice, the child's attorney, and the child, if the child is 10 years of age or older, of the proposal in the manner described in Section 16010.6.

(A) Within five court days or seven calendar days, whichever is longer, of the date of notification, the child, the child's attorney, or the designated prospective adoptive parent may file a petition with the court objecting to the proposal to remove the child, or the court, upon its own motion, may set a hearing regarding the proposal. The court may, for good cause, extend the filing period. A caretaker who would have met the threshold criteria to be designated as a prospective adoptive parent pursuant to paragraph (1) on the date of service of the notice of proposed removal of the child may file, together with the petition under this subparagraph, a petition for an order designating the caretaker as a prospective adoptive parent for purposes of this subdivision.

(B) A hearing ordered pursuant to this paragraph shall be held as soon as possible and not later than five court days after the petition is filed with the court or the court sets a hearing upon its own motion, unless the court for good cause is unable to set the matter for hearing five court days after the petition is filed, in which case the court shall set the matter for hearing as soon as possible. At the hearing, the court shall determine whether the caretaker has met the threshold criteria to be designated as a prospective adoptive parent pursuant to paragraph (1), and whether the proposed removal of the child from the home of the designated prospective adoptive parent is in the child's best interest, and the child may not be removed from the home of the designated prospective adoptive parent unless the court finds that removal is in the child's best interest. If the court determines that the caretaker did not meet the threshold criteria to be designated as a prospective adoptive parent on the date of service of the notice of proposed removal of the child, the

petition objecting to the proposed removal filed by the caretaker shall be dismissed. If the caretaker was designated as a prospective adoptive parent prior to this hearing, the court shall inquire into any progress made by the caretaker towards the adoption of the child since the caretaker was designated as a prospective adoptive parent.

(C) A determination by the court that the caretaker is a designated prospective adoptive parent pursuant to paragraph (1) or subparagraph (B) does not make the caretaker a party to the dependency proceeding nor does it confer on the caretaker any standing to object to any other action of the department or licensed adoption agency, unless the caretaker has been declared a de facto parent by the court prior to the notice of removal served pursuant to paragraph (3).

(D) If a petition objecting to the proposal to remove the child is not filed, and the court, upon its own motion, does not set a hearing, the child may be removed from the home of the designated prospective adoptive parent without a hearing.

(4) Notwithstanding paragraph (3), if the State Department of Social Services or a licensed adoption agency determines that the child must be removed from the home of the caretaker who is or may be a designated prospective adoptive parent immediately, due to a risk of physical or emotional harm, the agency may remove the child from that home and is not required to provide notice prior to the removal. However, as soon as possible and not longer than two court days after the removal, the agency shall notify the court, the caretaker who is or may be a designated prospective adoptive parent, the child's attorney, and the child, if the child is 10 years of age or older, of the removal. Within five court days or seven calendar days, whichever is longer, of the date of notification of the removal, the child, the child's attorney, or the caretaker who is or may be a designated prospective adoptive parent may petition for, or the court on its own motion may set, a noticed hearing pursuant to paragraph (3). The court may, for good cause, extend the filing period.

(5) Except as provided in subdivision (b) of Section 366.28, an order by the court issued after a hearing pursuant to this subdivision shall not be appealable.

(6) Nothing in this section shall preclude a county child protective services agency from fully investigating and responding to alleged abuse or neglect of a child pursuant to Section 11165.5 of the Penal Code.

(7) The Judicial Council shall prepare forms to facilitate the filing of the petitions described in this subdivision, which shall become effective on January 1, 2006.

(o) The implementation and operation of the amendments to paragraph (3) of subdivision (c) and subparagraph (A) of paragraph (4) of subdivision (c) enacted at the 2005–06 Regular Session shall be subject

to appropriation through the budget process and by phase, as provided in Section 366.35.

SEC. 5. Section 366.3 of the Welfare and Institutions Code is amended to read:

366.3. (a) If a juvenile court orders a permanent plan of adoption or legal guardianship pursuant to Section 360 or 366.26, the court shall retain jurisdiction over the child until the child is adopted or the legal guardianship is established, except as provided for in Section 366.29. The status of the child shall be reviewed every six months to ensure that the adoption or legal guardianship is completed as expeditiously as possible. When the adoption of the child has been granted, the court shall terminate its jurisdiction over the child. Following establishment of a legal guardianship, the court may continue jurisdiction over the child as a dependent child of the juvenile court or may terminate its dependency jurisdiction and retain jurisdiction over the child as a ward of the legal guardianship, as authorized by Section 366.4. If, however, a relative of the child is appointed the legal guardian of the child and the child has been placed with the relative for at least 12 months, the court shall, except if the relative guardian objects, or upon a finding of exceptional circumstances, terminate its dependency jurisdiction and retain jurisdiction over the child as a ward of the guardianship, as authorized by Section 366.4. Following a termination of parental rights, the parent or parents shall not be a party to, or receive notice of, any subsequent proceedings regarding the child.

(b) If the court has dismissed dependency jurisdiction following the establishment of a legal guardianship, or no dependency jurisdiction attached because of the granting of a legal guardianship pursuant to Section 360, and the legal guardianship is subsequently revoked or otherwise terminated, the county department of social services or welfare department shall notify the juvenile court of this fact. The court may vacate its previous order dismissing dependency jurisdiction over the child.

Notwithstanding Section 1601 of the Probate Code, the proceedings to terminate a legal guardianship that has been granted pursuant to Section 360 or 366.26 shall be held in the juvenile court, unless the termination is due to the emancipation or adoption of the child. Prior to the hearing on a petition to terminate legal guardianship pursuant to this subdivision, the court shall order the county department of social services or welfare department to prepare a report, for the court's consideration, that shall include an evaluation of whether the child could safely remain in, or be returned to, the legal guardian's home, without terminating the legal guardianship, if services were provided to the child or legal guardian. If applicable, the report shall also identify recommended family

maintenance or reunification services to maintain the legal guardianship and set forth a plan for providing those services. If the petition to terminate legal guardianship is granted, the juvenile court may resume dependency jurisdiction over the child, and may order the county department of social services or welfare department to develop a new permanent plan, which shall be presented to the court within 60 days of the termination. If no dependency jurisdiction has attached, the social worker shall make any investigation he or she deems necessary to determine whether the child may be within the jurisdiction of the juvenile court, as provided in Section 328.

Unless the parental rights of the child's parent or parents have been terminated, they shall be notified that the legal guardianship has been revoked or terminated and shall be entitled to participate in the new permanency planning hearing. The court shall try to place the child in another permanent placement. At the hearing, the parents may be considered as custodians but the child shall not be returned to the parent or parents unless they prove, by a preponderance of the evidence, that reunification is the best alternative for the child. The court may, if it is in the best interests of the child, order that reunification services again be provided to the parent or parents.

(c) If, following the establishment of a legal guardianship, the county welfare department becomes aware of changed circumstances that indicate adoption may be an appropriate plan for the child, the department shall so notify the court. The court may vacate its previous order dismissing dependency jurisdiction over the child and order that a hearing be held pursuant to Section 366.26 to determine whether adoption or continued legal guardianship is the most appropriate plan for the child. The hearing shall be held no later than 120 days from the date of the order. If the court orders that a hearing shall be held pursuant to Section 366.26, the court shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services if it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment under subdivision (b) of Section 366.22.

(d) If the child is in a placement other than the home of a legal guardian and jurisdiction has not been dismissed, the status of the child shall be reviewed at least every six months. The review of the status of a child for whom the court has ordered parental rights terminated and who has been ordered placed for adoption shall be conducted by the court. The review of the status of a child for whom the court has not ordered parental rights terminated and who has not been ordered placed for adoption may be conducted by the court or an appropriate local

agency. The court shall conduct the review under the following circumstances:

(1) Upon the request of the child's parents or legal guardians.

(2) Upon the request of the child.

(3) It has been 12 months since a hearing held pursuant to Section 366.26 or an order that the child remain in long-term foster care pursuant to Section 366.21, 366.22, 366.26, or subdivision (g).

(4) It has been 12 months since a review was conducted by the court.

The court shall determine whether or not reasonable efforts to make and finalize a permanent placement for the child have been made.

(e) Except as provided in subdivision (f), at the review held every six months pursuant to subdivision (d), the reviewing body shall inquire about the progress being made to provide a permanent home for the child, shall consider the safety of the child, and shall determine all of the following:

(1) The continuing necessity for, and appropriateness of, the placement.

(2) Identification of individuals other than the child's siblings who are important to a child who is 10 years of age or older and has been in out-of-home placement for six months or longer, and actions necessary to maintain the child's relationship with those individuals, provided that those relationships are in the best interest of the child. The social worker shall ask every child who is 10 years of age or older and who has been in out-of-home placement for six months or longer to identify individuals other than the child's siblings who are important to the child, and may ask any other child to provide that information, as appropriate. The social worker shall make efforts to identify other individuals who are important to the child, consistent with the child's best interests.

(3) The continuing appropriateness and extent of compliance with the permanent plan for the child, including efforts to maintain relationships between a child who is 10 years of age or older and who has been in out-of-home placement for six months or longer and individuals who are important to the child and efforts to identify a prospective adoptive parent or legal guardian, including, but not limited to, child-specific recruitment efforts and listing on an adoption exchange.

(4) The extent of the agency's compliance with the child welfare services case plan in making reasonable efforts to return the child to a safe home and to complete whatever steps are necessary to finalize the permanent placement of the child.

(5) Whether there should be any limitation on the right of the parent or guardian to make educational decisions for the child. That limitation shall be specifically addressed in the court order and may not exceed what is necessary to protect the child. If the court specifically limits the

right of the parent or guardian to make educational decisions for the child, the court shall at the same time appoint a responsible adult to make educational decisions for the child pursuant to Section 361.

(6) The adequacy of services provided to the child. The court shall consider the progress in providing the information and documents to the child, as described in Section 391. The court shall also consider the need for, and progress in providing, the assistance and services described in paragraphs (3) and (4) of subdivision (b) of Section 391.

(7) The extent of progress the parents or legal guardians have made toward alleviating or mitigating the causes necessitating placement in foster care.

(8) The likely date by which the child may be returned to, and safely maintained in, the home, placed for adoption, legal guardianship, or in another planned permanent living arrangement.

(9) Whether the child has any siblings under the court's jurisdiction, and, if any siblings exist, all of the following:

(A) The nature of the relationship between the child and his or her siblings.

(B) The appropriateness of developing or maintaining the sibling relationships pursuant to Section 16002.

(C) If the siblings are not placed together in the same home, why the siblings are not placed together and what efforts are being made to place the siblings together, or why those efforts are not appropriate.

(D) If the siblings are not placed together, the frequency and nature of the visits between siblings.

(E) The impact of the sibling relationships on the child's placement and planning for legal permanence.

The factors the court may consider as indicators of the nature of the child's sibling relationships include, but are not limited to, whether the siblings were raised together in the same home, whether the siblings have shared significant common experiences or have existing close and strong bonds, whether either sibling expresses a desire to visit or live with his or her sibling, as applicable, and whether ongoing contact is in the child's best emotional interests.

(10) For a child who is 16 years of age or older, the services needed to assist the child to make the transition from foster care to independent living.

The reviewing body shall determine whether or not reasonable efforts to make and finalize a permanent placement for the child have been made.

Each licensed foster family agency shall submit reports for each child in its care, custody, and control to the court concerning the continuing appropriateness and extent of compliance with the child's permanent

plan, the extent of compliance with the case plan, and the type and adequacy of services provided to the child.

Unless their parental rights have been permanently terminated, the parent or parents of the child are entitled to receive notice of, and participate in, those hearings. It shall be presumed that continued care is in the best interests of the child, unless the parent or parents prove, by a preponderance of the evidence, that further efforts at reunification are the best alternative for the child. In those cases, the court may order that further reunification services to return the child to a safe home environment be provided to the parent or parents for a period not to exceed six months.

(f) At the review conducted by the court and held at least every six months, regarding a child for whom the court has ordered parental rights terminated and who has been ordered placed for adoption, the county welfare department shall prepare and present to the court a report describing the following:

(1) The child's present placement.

(2) The child's current physical, mental, emotional, and educational status.

(3) If the child has not been placed with a prospective adoptive parent or guardian, identification of individuals, other than the child's siblings, who are important to the child and actions necessary to maintain the child's relationship with those individuals, provided that those relationships are in the best interest of the child. The agency shall ask every child who is 10 years of age or older to identify any individuals who are important to him or her, consistent with the child's best interest, and may ask any child who is younger than 10 years of age to provide that information as appropriate. The agency shall make efforts to identify other individuals who are important to the child.

(4) Whether the child has been placed with a prospective adoptive parent or parents.

(5) Whether an adoptive placement agreement has been signed and filed.

(6) If the child has not been placed with a prospective adoptive parent or parents, the efforts made to identify an appropriate prospective adoptive parent or legal guardian, including, but not limited to, child-specific recruitment efforts and listing on an adoption exchange.

(7) Whether the final adoption order should include provisions for postadoptive sibling contact pursuant to Section 366.29.

(8) The progress of the search for an adoptive placement if one has not been identified.

(9) Any impediments to the adoption or the adoptive placement.

(10) The anticipated date by which the child will be adopted or placed in an adoptive home.

(11) The anticipated date by which an adoptive placement agreement will be signed.

(12) Recommendations for court orders that will assist in the placement of the child for adoption or in the finalization of the adoption.

The court shall determine whether or not reasonable efforts to make and finalize a permanent placement for the child have been made.

The court shall make appropriate orders to protect the stability of the child and to facilitate and expedite the permanent placement and adoption of the child.

(g) At the review held pursuant to subdivision (d) for a child in long-term foster care, the court shall consider all permanency planning options for the child including whether the child should be returned to the home of the parent, placed for adoption, or appointed a legal guardian, or, if compelling reasons exist for finding that none of the foregoing options are in the best interest of the child, whether the child should be placed in another planned permanent living arrangement. The court shall order that a hearing be held pursuant to Section 366.26, unless it determines by clear and convincing evidence that there is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interest of the child because the child is being returned to the home of the parent, the child is not a proper subject for adoption, or no one is willing to accept legal guardianship. If the licensed county adoption agency, or the department when it is acting as an adoption agency in counties that are not served by a county adoption agency, has determined it is unlikely that the child will be adopted or one of the conditions described in paragraph (1) of subdivision (c) of Section 366.26 applies, that fact shall constitute a compelling reason for purposes of this subdivision. Only upon that determination may the court order that the child remain in foster care, without holding a hearing pursuant to Section 366.26.

(h) If, as authorized by subdivision (g), the court orders a hearing pursuant to Section 366.26, the court shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment as provided for in subdivision (i) of Section 366.21 or subdivision (b) of Section 366.22. A hearing held pursuant to Section 366.26 shall be held no later than 120 days from the date of the 12-month review at which it is ordered, and at that hearing the court shall determine whether adoption, legal guardianship, or long-term foster care is the most appropriate plan for the child.

(i) The implementation and operation of the amendments to subdivision (e) enacted at the 2005–06 Regular Session shall be subject to appropriation through the budget process and by phase, as provided in Section 366.35.

(j) The reviews conducted pursuant to subdivision (a) or (d) may be conducted earlier than every six months if the court determines that an earlier review is in the best interests of the child or as court rules prescribe.

SEC. 6. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 566

An act to add Article 5.5 (commencing with Section 234) to Chapter 2 of Part 1 of Division 1 of Title 1 of the Education Code, relating to discrimination.

[Approved by Governor October 12, 2007. Filed with Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) All pupils in public primary, elementary, middle, junior high, and senior high schools have the inalienable right to attend school at school campuses that are safe, secure, and peaceful.

(b) Pursuant to subdivision (b) of Section 201 of the Education Code, public schools in California have an affirmative obligation to combat racism, sexism, and other forms of bias, and a responsibility to provide equal educational opportunity.

(c) The California Student Safety and Violence Prevention Act of 2000 reaffirmed the right of all pupils to a safe school environment by prohibiting a person from being subjected to discrimination on the basis of sex, ethnic group identification, race, national origin, religion, color, mental or physical disability, or an actual or perceived characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code in a program or activity conducted by an educational institution that receives, or benefits from, state financial assistance or enrolls pupils who receive state student financial aid.

(d) Hate-motivated incidents jeopardize the safety and well-being of all pupils because they target not only the individual victim, but everyone who shares the identity that motivated the particular incident. Unfortunately, there have been increasing reports of hate-motivated incidents and crimes in California schools.

(e) (1) Numerous studies point to an ongoing problem of discrimination, harassment, and violence in schools that has severe consequences for pupils. For example, the 2004–06 California Healthy Kids Survey results found that between 27 to 30 percent of California middle and high school pupils reported experiencing bias-related harassment at school related to their race, ethnicity, gender, religion, sexual orientation, or disability.

(2) Many school districts are not effectively addressing discrimination and harassment on campus. Less than half of grade 9 pupils express feeling safe at school, while 46 percent of pupils said their schools were not safe for lesbian, gay, bisexual, and transgender (LGBT) pupils.

(3) Many teachers have not received training to prevent or respond to illegal discrimination and harassment. A majority of school districts do not require training on how to address discrimination and harassment based on sexual orientation for their elementary, middle, or high school teachers.

(4) Many pupils and parents are unaware of nondiscrimination policies, with 23 percent of pupils and 29 percent of parents not being informed of the policies.

(f) In a public hearing conducted on October 3, 2002, by the California Senate Select Committee on School Safety, pupils, teachers, parents, researchers, and advocates from all over the state testified about incidents of ongoing discrimination and harassment and an inadequate response from school authorities.

(g) Bias-related discrimination and harassment have negative consequences for pupil health, well-being, and academic success. For example, the Safe Place to Learn report issued by the California Safe Schools Coalition and the 4-H Center for Youth Development at the Davis campus of the University of California found that pupils who are harassed based on actual or perceived sexual orientation are at least three times more likely to carry a weapon to school, to seriously consider suicide, to make a plan for attempting suicide, or to miss at least one day of school per 30 schooldays because they do not feel safe. In addition, a survey of San Francisco Asian American youth found that 36 percent cited racial tension as the primary cause for fights on campus.

(h) A number of school districts have paid hundreds of thousands of dollars in damages to settle lawsuits by pupils claiming their schools failed to protect them from harassment, intimidation, and violence,

including a June 2005 jury award of three hundred thousand dollars ($300,000) in San Diego to two former high school pupils for the harassment they received at school based on their actual or perceived sexual orientation and a January 2007 settlement of forty-five thousand dollars ($45,000) in a Contra Costa County lawsuit alleging that school officials failed to protect a pupil from repeated attacks motivated by racial and ethnic prejudice.

SEC. 2. Article 5.5 (commencing with Section 234) is added to Chapter 2 of Part 1 of Division 1 of Title 1 of the Education Code, to read:

Article 5.5. Safe Place to Learn Act

234. (a) This article shall be known and may be cited as the Safe Place to Learn Act.

(b) It is the policy of the State of California to ensure that all local educational agencies continue to work to reduce discrimination, harassment, and violence. It is further the policy of the state to improve pupil safety at schools and the connections between pupils and supportive adults, schools, and communities.

234.1. The department, pursuant to subdivision (b) of Section 64001, shall monitor adherence to the requirements of Chapter 5.3 (commencing with Section 4900) of Division 1 of Title 5 of the California Code of Regulations and Chapter 2 (commencing with Section 200) as part of its regular monitoring and review of local educational agencies, commonly known as the Categorical Program Monitoring process. The department shall assess whether local educational agencies have done all of the following:

(a) Adopted a policy that prohibits discrimination and harassment based on the characteristics set forth in Section 422.55 of the Penal Code and Section 220.

(b) Adopted a process for receiving and investigating complaints of discrimination and harassment based on the characteristics set forth in Section 422.55 of the Penal Code and Section 220.

(c) Publicized antidiscrimination and antiharassment policies, including information about the manner in which to file a complaint, to pupils, parents, employees, agents of the governing board, and the general public. The information shall be translated pursuant to Section 48985.

(d) Posted antidiscrimination and antiharassment policies in all schools and offices, including staff lounges and pupil government meeting rooms.

(e) Maintained documentation of complaints and their resolution for a minimum of one review cycle.

(f) Ensured that complainants are protected from retaliation and that the identity of a complainant alleging discrimination or harassment remains confidential, as appropriate.

(g) Identified a responsible local educational agency officer for ensuring district or office compliance with the requirements of Chapter 5.3 (commencing with Section 4900) of Division 1 of Title 5 of the California Code of Regulations and Chapter 2 (commencing with Section 200).

234.2. The department shall display information on curricula and other resources that specifically address bias-related discrimination and harassment based on the characteristics set forth in Section 422.55 of the Penal Code and Section 220 on the California Healthy Kids Resource Center Internet Web site and other appropriate department Internet Web sites where information about discrimination and harassment is posted.

234.3. The department shall develop a model handout describing the rights and obligations set forth in Sections 200, 201, and 220 and the policies addressing bias-related discrimination and harassment in schools. This model handout shall be posted on appropriate department Internet Web sites.

CHAPTER 567

An act to amend Section 1279.6 of the Code of Civil Procedure, to amend Sections 298, 298.5, 355, and 358 of, and to add Sections 298.6 and 306.5 to, the Family Code, and to amend Sections 103175 and 103180 of the Health and Safety Code, relating to name changes.

[Approved by Governor October 12, 2007. Filed with Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Name Equality Act of 2007.

SEC. 2. (a) The Legislature finds and declares that the choice to adopt or not adopt a new name upon marriage or registration of domestic partnership is a profoundly personal reflection of one's individuality, equality, family, community, and beliefs.

(b) The Legislature, in enacting this act, intends to do both of the following:

(1) Ensure that all men and women who marry are treated equally with regard to the option of changing or not changing their names upon

marriage, including, without limitation, changing their names on the forms for marriage licenses and certificates.

(2) Ensure that each party entering into a registered domestic partnership has an opportunity through the Declaration of Domestic Partnership to indicate his or her choice as to whether or not to change his or her name upon registration of domestic partnership and to ensure that domestic partners are treated the same as spouses with regard to that choice.

(3) Clarify the option under existing law to adopt or not adopt a new name upon marriage or registration of domestic partnership without being required to file an application for a change of name with a superior court pursuant to Title 8 (commencing with Section 1275) of Part 3 of the Code of Civil Procedure.

SEC. 3. Section 1279.6 of the Code of Civil Procedure is amended to read:

1279.6. No person engaged in a trade or business of any kind or in the provision of a service of any kind shall do any of the following:

(a) Refuse to do business with a person, or refuse to provide the service to a person, regardless of the person's marital status, because he or she has chosen to use or regularly uses his or her birth name, former name, or name adopted upon solemnization of marriage or registration of domestic partnership.

(b) Impose, as a condition of doing business with a person, or as a condition of providing the service to a person, a requirement that the person, regardless of his or her marital status, use a name other than his or her birth name, former name, or name adopted upon solemnization of marriage or registration of domestic partnership, if the person has chosen to use or regularly uses that name.

SEC. 4. Section 298 of the Family Code, as amended by Chapter 179 of the Statutes of 2007, is amended to read:

298. (a) (1) The Secretary of State shall prepare forms entitled "Declaration of Domestic Partnership" and "Notice of Termination of Domestic Partnership" to meet the requirements of this division. These forms shall require the signature and seal of an acknowledgment by a notary public to be binding and valid.

(2) When funding allows, the Secretary of State shall include on the form notice that a lesbian, gay, bisexual, and transgender specific domestic abuse brochure is available upon request.

(b) (1) The Secretary of State shall distribute these forms to each county clerk. These forms shall be available to the public at the office of the Secretary of State and each county clerk.

(2) The Secretary of State shall, by regulation, establish fees for the actual costs of processing each of these forms, and the cost for preparing

and sending the mailings and notices required pursuant to Section 299.3, and shall charge these fees to persons filing the forms.

(3) There is hereby established a fee of twenty-three dollars ($23) to be charged in addition to the existing fees established by regulation to persons filing domestic partner registrations pursuant to Section 297 for development and support of a lesbian, gay, bisexual, and transgender curriculum for training workshops on domestic violence, conducted pursuant to Section 13823.15 of the Penal Code, and for the support of a grant program to promote healthy nonviolent relationships in the lesbian, gay, bisexual, and transgender community. This paragraph shall not apply to persons of opposite sexes filing a domestic partnership registration and who meet the qualifications described in subparagraph (B) of paragraph (5) of subdivision (b) of Section 297.

(4) The fee established by paragraph (3) shall be deposited in the Equality in Prevention and Services for Domestic Abuse Fund, which is hereby established. The fund shall be administered by the Office of Emergency Services, and expenditures from the fund shall be used to support the purposes of paragraph (3).

(c) The Declaration of Domestic Partnership shall require each person who wants to become a domestic partner to (1) state that he or she meets the requirements of Section 297 at the time the form is signed, (2) provide a mailing address, (3) state that he or she consents to the jurisdiction of the Superior Courts of California for the purpose of a proceeding to obtain a judgment of dissolution or nullity of the domestic partnership or for legal separation of partners in the domestic partnership, or for any other proceeding related to the partners' rights and obligations, even if one or both partners ceases to be a resident of, or to maintain a domicile in, this state, (4) sign the form with a declaration that representations made therein are true, correct, and contain no material omissions of fact to the best knowledge and belief of the applicant, and (5) have a notary public acknowledge his or her signature. Both partners' signatures shall be affixed to one Declaration of Domestic Partnership form, which form shall then be transmitted to the Secretary of State according to the instructions provided on the form. Filing an intentionally and materially false Declaration of Domestic Partnership shall be punishable as a misdemeanor.

(d) The Declaration of Domestic Partnership form shall contain an optional section for either party or both parties to indicate a change in name pursuant to Section 298.6. The optional section shall require a party indicating a change in name to provide his or her date of birth.

SEC. 5. Section 298.5 of the Family Code is amended to read:

298.5. (a) Two persons desiring to become domestic partners may complete and file a Declaration of Domestic Partnership with the Secretary of State.

(b) The Secretary of State shall register the Declaration of Domestic Partnership in a registry for those partnerships, and shall return a copy of the registered form and a Certificate of Registered Domestic Partnership and, except for those opposite sex domestic partners who meet the qualifications described in subparagraph (B) of paragraph (5) of subdivision (b) of Section 297, a copy of the brochure that is made available to county clerks and the Secretary of State by the State Department of Public Health pursuant to Section 358 and distributed to individuals receiving a confidential marriage license pursuant to Section 503, to the domestic partners at the mailing address provided by the domestic partners.

(c) No person who has filed a Declaration of Domestic Partnership may file a new Declaration of Domestic Partnership or enter a civil marriage with someone other than their registered domestic partner unless the most recent domestic partnership has been terminated or a final judgment of dissolution or nullity of the most recent domestic partnership has been entered. This prohibition does not apply if the previous domestic partnership ended because one of the partners died.

(d) When funding allows, the Secretary of State shall print and make available upon request, pursuant to Section 358, a lesbian, gay, bisexual, and transgender specific domestic abuse brochure developed by the State Department of Public Health and made available to the Secretary of State to domestic partners who qualify pursuant to Section 297.

(e) The Certificate of Registered Domestic Partnership shall include the name used by each party before registration of the domestic partnership and the new name, if any, selected by each party upon registration of the domestic partnership.

SEC. 6. Section 298.6 is added to the Family Code, to read:

298.6. (a) Parties to a registered domestic partnership shall not be required to have the same name. Neither party shall be required to change his or her name. (D) A hyphenated combination of last names.

(3) (A) An election by a person to change his or her name pursuant to paragraph (1) shall serve as a record of the name change. A certified copy of the Certificate of Registered Domestic Partnership containing the new name, or retaining the former name, shall constitute proof that the use of the new name or retention of the former name is lawful.

(B) A certified copy of a Certificate of Registered Domestic Partnership shall be accepted as identification establishing a true, full name for purposes of Section 12800.7 of the Vehicle Code.

(C) Nothing in this section shall be construed to prohibit the Department of Motor Vehicles from accepting as identification other documents establishing a true, full name for purposes of Section 12800.7 of the Vehicle Code. Those documents may include, without limitation, a certified copy of a document that is substantially equivalent to a Certificate of Registered Domestic Partnership that records either of the following:

(i) A legal union of two persons that was validly formed in another jurisdiction and is recognized as a valid domestic partnership in this state pursuant to Section 299.2.

(ii) A legal union of domestic partners as defined by a local jurisdiction pursuant to Section 299.6.

(D) This section shall be applied in a manner consistent with the requirements of Sections 1653.5 and 12801 of the Vehicle Code.

(c) Nothing in this section shall be construed to abrogate the common law right of any person to change his or her name, or the right of any person to petition the superior court for a change of name pursuant to Title 8 (commencing with Section 1275) of Part 3 of the Code of Civil Procedure.

(B) A certified copy of a marriage certificate shall be accepted as identification establishing a true, full name for purposes of Section 12800.7 of the Vehicle Code.

(C) Nothing in this section shall be construed to prohibit the Department of Motor Vehicles from accepting as identification other documents establishing a true, full name for purposes of Section 12800.7 of the Vehicle Code. Those documents may include, without limitation, a certified copy of a marriage certificate recording a marriage outside of this state.

(D) This section shall be applied in a manner consistent with the requirements of Sections 1653.5 and 12801 of the Vehicle Code.

(4) The adoption of a new name, or the choice not to adopt a new name, by means of a marriage license application pursuant to paragraph (1) shall only be made at the time the marriage license is issued. After a marriage certificate is registered by the local registrar, the certificate may not be amended to add a new name or change the name adopted pursuant to paragraph (1). This requirement shall not abrogate the right of either party to adopt a different name through usage at a future date, or to petition the superior court for a change of name pursuant to Title 8 (commencing with Section 1275) of Part 3 of the Code of Civil Procedure.

(c) Nothing in this section shall be construed to abrogate the common law right of any person to change his or her name, or the right of any person to petition the superior court for a change of name pursuant to

Title 8 (commencing with Section 1275) of Part 3 of the Code of Civil Procedure.

(d) This section shall become operative on January 1, 2009.

(4) Information concerning options for changing a name upon solemnization of marriage pursuant to Section 306.5, or upon registration of a domestic partnership pursuant to Section 298.6. That information shall include a notice that the recording of a change in name or the absence of a change in name on a marriage license application and certificate pursuant to Section 306.5 may not be amended once the marriage license is issued, but that options to adopt a change in name in the future through usage, common law, or petitioning the superior court are preserved, as set forth in Section 306.5.

(b) The State Department of Public Health shall make the brochures available to county clerks who shall distribute a copy of the brochure to each applicant for a marriage license, including applicants for a confidential marriage license and notaries public receiving a confidential marriage license pursuant to Section 503. (e) To the extent possible, the State Department of Public Health shall seek to combine in a single brochure all statutorily required information for marriage license applicants.

[Approved by Governor October 12, 2007. Filed with Secretary of State October 12, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) Even prior to passage of the Unruh Civil Rights Act, California law afforded broad protection against arbitrary discrimination by business establishments. The Unruh Civil Rights Act was enacted to provide

broader, more effective protection against arbitrary discrimination. California's interest in preventing that discrimination is longstanding and compelling.

(b) In keeping with that history and the legislative history of the Unruh Civil Rights Act, California courts have interpreted the categories enumerated in the act to be illustrative rather than restrictive. It is the intent of the Legislature that these enumerated bases shall continue to be construed as illustrative rather than restrictive, and, consistent with the Unruh Civil Rights Act, that the civil rights provisions of this act that reference Section 51 of the Civil Code also be interpreted to be illustrative rather than restrictive.

SEC. 1.5. This act shall be known and may be cited as the Civil Rights Act of 2007.

SEC. 2. Section 125.6 of the Business and Professions Code is amended to read:

125.6. (a) (1) With regard to an applicant, every person who holds a license under the provisions of this code is subject to disciplinary action under the disciplinary provisions of this code applicable to that person if, because of any characteristic listed or defined in subdivision (b) or (e) of Section 51 of the Civil Code, he or she refuses to perform the licensed activity or aids or incites the refusal to perform that licensed activity by another licensee, or if, because of any characteristic listed or defined in subdivision (b) or (e) of Section 51 of the Civil Code, he or she makes any discrimination, or restriction in the performance of the licensed activity.

(2) Nothing in this section shall be interpreted to prevent a physician or health care professional licensed pursuant to Division 2 (commencing with Section 500) from considering any of the characteristics of a patient listed in subdivision (b) or (e) of Section 51 of the Civil Code if that consideration is medically necessary and for the sole purpose of determining the appropriate diagnosis or treatment of the patient.

(3) Nothing in this section shall be interpreted to apply to discrimination by employers with regard to employees or prospective employees, nor shall this section authorize action against any club license issued pursuant to Article 4 (commencing with Section 23425) of Chapter 3 of Division 9 because of discriminatory membership policy.

(4) The presence of architectural barriers to an individual with physical disabilities that conform to applicable state or local building codes and regulations shall not constitute discrimination under this section.

(b) (1) Nothing in this section requires a person licensed pursuant to Division 2 (commencing with Section 500) to permit an individual to participate in, or benefit from, the licensed activity of the licensee where that individual poses a direct threat to the health or safety of others. For

this purpose, the term "direct threat" means a significant risk to the health or safety of others that cannot be eliminated by a modification of policies, practices, or procedures or by the provision of auxiliary aids and services.

Recognizing that the California Constitution prohibits a person from being disqualified from entering or pursuing a business, profession, vocation, or employment because of sex, race, creed, color, or national or ethnic origin, and guarantees the free exercise and enjoyment of religion without discrimination or preference; and recognizing that these and other basic, fundamental constitutional principles are directly affected and denigrated by certain ongoing practices in the business and commercial world, it is necessary that provisions protecting and enhancing a person's right to enter or pursue business and to freely exercise and enjoy religion, consistent with law, be established.

(a) No person within the jurisdiction of this state shall be excluded from a business transaction on the basis of a policy expressed in any document or writing and imposed by a third party where that policy requires discrimination against that person on the basis of any characteristic listed or defined in subdivision (b) or (e) of Section 51 of the Civil Code or on the basis that the person conducts or has conducted business in a particular location.

(b) No person within the jurisdiction of this state shall require another person to be excluded, or be required to exclude another person, from a business transaction on the basis of a policy expressed in any document or writing that requires discrimination against that other person on the basis of any characteristic listed or defined in subdivision (b) or (e) of Section 51 of the Civil Code or on the basis that the person conducts or has conducted business in a particular location.

(2) To refuse to grant or accept any letter of credit, or other document that evidences the transfer of funds or credit, or to refuse to enter into any contract for the exchange of goods or services, on the ground that it does not contain a discriminatory provision or certification.

(b) The provisions of this section shall not apply to any letter of credit, contract, or other document that contains any provision pertaining to a labor dispute or an unfair labor practice if the other provisions of that letter of credit, contract, or other document do not otherwise violate the provisions of this section.

(c) For purposes of this section, the prohibition against discrimination on the basis of a person's business associations shall be deemed not to include the requiring of association with particular employment or a particular group as a prerequisite to obtaining group rates or discounts on insurance, recreational activities, or other similar benefits.

The court may allow the filing of a pleading that includes that claim following the filing of a verified petition therefor accompanied by the proposed pleading and supporting affidavits stating the facts upon which the liability is based. The court shall order service of the petition upon the party against whom the action is proposed to be filed and permit that party to submit opposing affidavits prior to making its determination. accompanying affidavits shall toll the running of any applicable statute of limitations until the final determination of the matter, which ruling, if favorable to the petitioning party, shall permit the proposed pleading to be filed.

(c) Nothing in this section shall be construed to affect any action against a nonprofit corporation for any negligent action or omission of a volunteer director or officer occurring within the scope of the person's duties.

(d) For the purposes of this section, "compensation" means remuneration whether by way of salary, fee, or other consideration for services rendered. However, the payment of per diem, mileage, or other reimbursement expenses to a director or officer shall not constitute compensation.

5047.5. (a) The Legislature finds and declares that the services of directors and officers of nonprofit corporations who serve without compensation are critical to the efficient conduct and management of the public service and charitable affairs of the people of California. The willingness of volunteers to offer their services has been deterred by a perception that their personal assets are at risk for these activities. The unavailability and unaffordability of appropriate liability insurance makes it difficult for these corporations to protect the personal assets of their volunteer decisionmakers with adequate insurance. It is the public policy of this state to provide incentive and protection to the individuals who perform these important functions.

(b) Except as provided in this section, no cause of action for monetary damages shall arise against any person serving without compensation as a director or officer of a nonprofit corporation subject to Part 2

(commencing with Section 5110), Part 3 (commencing with Section 7110), or Part 4 (commencing with Section 9110) of this division on account of any negligent act or omission occurring (1) within the scope of that person's duties as a director acting as a board member, or within the scope of that person's duties as an officer acting in an official capacity; (2) in good faith; (3) in a manner that the person believes to be in the best interest of the corporation; and (4) is in the exercise of his or her policymaking judgment.

(c) This section shall not limit the liability of a director or officer for any of the following:

(1) Self-dealing transactions, as described in Sections 5233 and 9243.

(2) Conflicts of interest, as described in Section 7233.

(3) Actions described in Sections 5237, 7236, and 9245.

(4) In the case of a charitable trust, an action or proceeding against a trustee brought by a beneficiary of that trust.

(5) Any action or proceeding brought by the Attorney General.

(6) Intentional, wanton, or reckless acts, gross negligence, or an action based on fraud, oppression, or malice.

(7) Any action brought under Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code.

(d) This section only applies to nonprofit corporations organized to provide religious, charitable, literary, educational, scientific, social, or other forms of public service that are exempt from federal income taxation under Section 501(c)(3) or 501(c)(6) of the Internal Revenue Code.

(e) This section applies only if the nonprofit corporation maintains a general liability insurance policy with an amount of coverage of at least the following amounts:

(1) If the corporation's annual budget is less than fifty thousand dollars ($50,000), the minimum required amount is five hundred thousand dollars ($500,000).

(2) If the corporation's annual budget equals or exceeds fifty thousand dollars ($50,000), the minimum required amount is one million dollars ($1,000,000).

This section applies only if the claim against the director or officer may also be made directly against the corporation and a general liability insurance policy is in force both at the time of injury and at the time the claim against the corporation is made, so that a policy is applicable to the claim. If a general liability policy is found to cover the damages caused by the director or officer, no cause of action as provided in this section shall be maintained against the director or officer.

(f) For the purposes of this section, the payment of actual expenses incurred in attending meetings or otherwise in the execution of the duties of a director or officer shall not constitute compensation.

(g) Nothing in this section shall be construed to limit the liability of a nonprofit corporation for any negligent act or omission of a director, officer, employee, agent, or servant occurring within the scope of his or her duties.

(h) This section does not apply to any corporation that unlawfully restricts membership, services, or benefits conferred on the basis of political affiliation, age, or any characteristic listed or defined in subdivision (b) or (e) of Section 51 of the Civil Code.

(i) This section does not apply to any volunteer director or officer who receives compensation from the corporation in any other capacity, including, but not limited to, as an employee.

SEC. 18. Section 24001.5 of the Corporations Code is amended to read:

24001.5. (a) The Legislature finds and declares that the services of directors or officers of nonprofit medical associations, as defined in Section 21200, who serve without compensation are critical to the efficient conduct and management of the public service and charitable affairs of the people of California. The willingness of volunteers to offer their services has been deterred by a perception that their personal assets are at risk for these activities. The unavailability and unaffordability of appropriate liability insurance makes it difficult for these associations to protect the personal assets of their volunteer decisionmakers with adequate insurance. It is the public policy of this state to provide incentive and protection to the individuals who perform these important functions.

(b) Except as provided in this section, no cause of action for monetary damages shall arise against any person serving without compensation as a director or officer of a nonprofit medical association, as defined in Section 21200, on account of any negligent act or omission occurring (1) within the scope of that person's duties as a director acting as a board member, or within the scope of that person's duties as an officer acting in an official capacity; (2) in good faith; (3) in a manner that the person believes to be in the best interest of the association; and (4) is in the exercise of his or her policymaking judgment.

(c) This section shall not limit the liability of a director or officer for any of the following:

(1) Self-dealing transactions, as described in Sections 5233 and 9243.

(2) Conflicts of interest, as described in Section 7233.

(3) Actions described in Sections 5237, 7236, and 9245.

(4) In the case of a charitable trust, an action or proceeding against a trustee brought by a beneficiary of that trust.

(5) Any action or proceeding brought by the Attorney General.

(6) Intentional, wanton, or reckless acts, gross negligence, or an action based on fraud, oppression, or malice.

(7) Any action brought under Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code.

(d) This section only applies to nonprofit organizations organized to provide charitable, educational, scientific, social, or other forms of public service that are exempt from federal income taxation under Section 501(c)(3) or 501(c)(6) of the Internal Revenue Code.

(e) This section applies only if the nonprofit association maintains a general liability insurance policy with an amount of coverage of at least the following amounts:

(1) If the association's annual budget is less than fifty thousand dollars ($50,000), the minimum required amount is five hundred thousand dollars ($500,000).

(2) If the association's annual budget equals or exceeds fifty thousand dollars ($50,000), the minimum required amount is one million dollars ($1,000,000).

This section applies only if the general liability insurance policy is in force both at the time of injury and at the time that the claim is made, so that the policy is applicable to the claim.

(f) For the purposes of this section, the payment of actual expenses incurred in attending meetings or otherwise in the execution of the duties of a director or officer shall not constitute compensation.

(g) Nothing in this section shall be construed to limit the liability of a nonprofit association for any negligent act or omission of a director, officer, employee, agent, or servant occurring within the scope of his or her duties.

(h) This section does not apply to any association that unlawfully restricts membership, services, or benefits conferred on the basis of political affiliation, age, or any characteristic listed or defined in subdivision (b) or (e) of Section 51 of the Civil Code.

(i) This section does not apply to any volunteer director or officer who receives compensation from the association in any other capacity, including, but not limited to, as an employee.

the patient. If a contract between a physician and surgeon and hospital for the provision of emergency room coverage presently prevents the hospital from imposing those conditions, the conditions shall be included in the contract as soon as is legally permissible. Nothing in this section shall be construed as requiring that any physician serve on an "on-call" basis.

(d) As a condition of licensure, all hospitals shall inform all persons presented to an emergency room or their representatives if any are present and the person is unable to understand verbal or written communication, both orally and in writing, of the reasons for the transfer or refusal to provide emergency services and care and of the person's right to emergency services and care prior to transfer or discharge without regard to ability to pay. Nothing in this subdivision requires notification of the reasons for the transfer in advance of the transfer where a person is unaccompanied and the hospital has made a reasonable effort to locate a representative, and because of the person's physical or mental condition, notification is not possible. All hospitals shall prominently post a sign in their emergency rooms informing the public of their rights. Both the posted sign and written communication concerning the transfer or refusal to provide emergency services and care shall give the address of the department as the government agency to contact in the event the person wishes to complain about the hospital's conduct.

(e) If a hospital does not timely adopt the policies and protocols required in this article, the hospital, in addition to denial or revocation of any of its licenses, shall be subject to a fine not to exceed one thousand dollars ($1,000) each day after expiration of 60 days' written notice from the state department that the hospital's policies or protocols required by this article are inadequate unless the delay is excused by the state department upon a showing of good and sufficient cause by the hospital. The notice shall include a detailed statement of the state department's reasons for its determination and suggested changes to the hospital's protocols which would be acceptable to the state department.

The department shall provide annual oversight of grants issued pursuant to this part for compliance with these standards. These standards shall include, but are not limited to, all of the following:

(a) A service planning and delivery process that is target population based and includes the following:

(1) Determination of the numbers of clients to be served and the programs and services that will be provided to meet their needs. The

Provision shall be made for staff with the cultural background and linguistic skills necessary to remove barriers to mental health services due to limited-English-speaking ability and cultural differences. Recipients of outreach services may include families, the public, primary care physicians, and others who are likely to come into contact with individuals who may be suffering from an untreated severe mental illness who would be likely to become homeless if the illness continued to be untreated for a substantial period of time. Outreach to adults may include adults voluntarily or involuntarily hospitalized as a result of a severe mental illness.

(3) Provisions for services to meet the needs of target population clients who are physically disabled.

(4) Provision for services to meet the special needs of older adults.

These provisions may include continuation of services that would still be received through other funds had eligibility not been terminated due to age.

(9) Services reflecting special needs of women from diverse cultural backgrounds, including supportive housing that accepts children, personal services coordinator therapeutic treatment, and substance treatment programs that address gender specific trauma and abuse in the lives of persons with mental illness, and vocational rehabilitation programs that

offer job training programs free of gender bias and sensitive to the needs of women.

(10) Provision for housing for clients that is immediate, transitional, permanent, or all of these.

(11) Provision for clients who have been suffering from an untreated severe mental illness for less than one year, and who do not require the full range of services but are at risk of becoming homeless unless a comprehensive individual and family support services plan is implemented. These clients shall be served in a manner that is designed to meet their needs.

(b) Each client shall have a clearly designated mental health personal services coordinator who may be part of a multidisciplinary treatment team who is responsible for providing or assuring needed services. Responsibilities include complete assessment of the client's needs, development of the client's personal services plan, linkage with all appropriate community services, monitoring of the quality and follow through of services, and necessary advocacy to ensure each client receives those services which are agreed to in the personal services plan. SEC. 16. Section 18701 of the Education Code is amended to read:

18701. The Legislature finds and declares that it is in the interest of the people of the state to insure that all people have free and convenient access to all library resources and services that might enrich their lives, regardless of where they live or of the tax base of their local government.

This finding is based on the recognition that:

(a) The public library is a primary source of information, recreation, and education to persons of all ages, any location, or any economic circumstance.

(b) The expansion of knowledge and the increasing complexity of our society create needs for materials and information that go beyond the ability of any one library to provide.

(c) The public libraries of California are supported primarily by local taxes. The ability of local governments to provide adequate service is dependent on the taxable wealth of each local jurisdiction and varies widely throughout the state.

(d) Public libraries are unable to bear the greater costs of meeting the exceptional needs of many residents, including people with disabilities, non-English-speaking and limited-English-speaking persons, those who are confined to home or in an institution, and those who are economically disadvantaged.

(e) The effective sharing of resources and services among the libraries of California requires an ongoing commitment by the state to compensate libraries for services beyond their clientele.

(f) The sharing of services and resources is most efficient when a common database is available to provide information on where materials can be found.

SEC. 27. Section 47605 of the Education Code is amended to read:

47605. (a) (1) Except as set forth in paragraph (2), a petition for the establishment of a charter school within any school district may be circulated by any one or more persons seeking to establish the charter school. A petition for the establishment of a charter school shall identify a single charter school that will operate within the geographic boundaries of that school district. A charter school may propose to operate at multiple sites within the school district, as long as each location is identified in the charter school petition. The petition may be submitted to the governing board of the school district for review after either of the following conditions are met:

(A) The petition has been signed by a number of parents or legal guardians of pupils that is equivalent to at least one-half of the number of pupils that the charter school estimates will enroll in the school for its first year of operation.

(B) The petition has been signed by a number of teachers that is equivalent to at least one-half of the number of teachers that the charter school estimates will be employed at the school during its first year of operation.

(2) A petition that proposes to convert an existing public school to a charter school that would not be eligible for a loan pursuant to subdivision

(b) of Section 41365 may be circulated by any one or more persons seeking to establish the charter school. The petition may be submitted to the governing board of the school district for review after the petition has been signed by not less than 50 percent of the permanent status teachers currently employed at the public school to be converted.

(3) A petition shall include a prominent statement that a signature on the petition means that the parent or legal guardian is meaningfully interested in having his or her child or ward attend the charter school, or in the case of a teacher's signature, means that the teacher is meaningfully interested in teaching at the charter school. The proposed charter shall be attached to the petition.

(4) After receiving approval of its petition, a charter school that proposes to establish operations at one or more additional sites shall request a material revision to its charter and shall notify the authority that granted its charter of those additional locations. The authority that granted its charter shall consider whether to approve those additional locations at an open, public meeting. If the additional locations are approved, they shall be a material revision to the charter school's charter.

(5) Notwithstanding subdivision (a), a charter school that is unable to locate within the jurisdiction of the chartering school district may establish one site outside the boundaries of the school district, but within the county within which that school district is located, if the school district within whose jurisdiction the charter school proposes to operate is notified in advance of the charter petition approval, the county superintendent of schools and the Superintendent are notified of the location of the charter school before it commences operations, and either of the following circumstances exist:

(A) The school has attempted to locate a single site or facility to house the entire program, but a site or facility is unavailable in the area in which the school chooses to locate.

(B) The site is needed for temporary use during a construction or expansion project.

(6) Commencing January 1, 2003, a petition to establish a charter school may not be approved to serve pupils in a grade level that is not served by the school district of the governing board considering the petition, unless the petition proposes to serve pupils in all of the grade levels served by that school district.

(b) No later than 30 days after receiving a petition, in accordance with subdivision (a), the governing board of the school district shall hold a public hearing on the provisions of the charter, at which time the governing board of the school district shall consider the level of support for the petition by teachers employed by the district, other employees of the district, and parents. Following review of the petition and the

public hearing, the governing board of the school district shall either grant or deny the charter within 60 days of receipt of the petition, provided, however, that the date may be extended by an additional 30 days if both parties agree to the extension. In reviewing petitions for the establishment of charter schools pursuant to this section, the chartering authority shall be guided by the intent of the Legislature that charter schools are and should become an integral part of the California educational system and that establishment of charter schools should be encouraged. The governing board of the school district shall grant a charter for the operation of a school under this part if it is satisfied that granting the charter is consistent with sound educational practice. The governing board of the school district shall not deny a petition for the establishment of a charter school unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the following findings:

(1) The charter school presents an unsound educational program for the pupils to be enrolled in the charter school.

(2) The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.

(3) The petition does not contain the number of signatures required by subdivision (a).

(4) The petition does not contain an affirmation of each of the conditions described in subdivision (d).

(5) The petition does not contain reasonably comprehensive descriptions of all of the following:

(A) (i) A description of the educational program of the school, designed, among other things, to identify those whom the school is attempting to educate, what it means to be an "educated person" in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.

(ii) If the proposed school will serve high school pupils, a description of the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the "A" to "G" admissions criteria may be considered to meet college entrance requirements.

(B) The measurable pupil outcomes identified for use by the charter school. "Pupil outcomes," for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the

skills, knowledge, and attitudes specified as goals in the school's educational program.

(C) The method by which pupil progress in meeting those pupil outcomes is to be measured.

(D) The governance structure of the school, including, but not limited to, the process to be followed by the school to ensure parental involvement.

(E) The qualifications to be met by individuals to be employed by the school.

(F) The procedures that the school will follow to ensure the health and safety of pupils and staff. These procedures shall include the requirement that each employee of the school furnish the school with a criminal record summary as described in Section 44237.

(G) The means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted.

(H) Admission requirements, if applicable.

(I) The manner in which annual, independent, financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.

(J) The procedures by which pupils can be suspended or expelled.

(K) The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security.

(L) The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools.

(M) A description of the rights of any employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.

(N) The procedures to be followed by the charter school and the entity granting the charter to resolve disputes relating to provisions of the charter.

(O) A declaration whether or not the charter school shall be deemed the exclusive public school employer of the employees of the charter school for the purposes of the Educational Employment Relations Act (Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code).

(P) A description of the procedures to be used if the charter school closes. The procedures shall ensure a final audit of the school to determine the disposition of all assets and liabilities of the charter school,

including plans for disposing of any net assets and for the maintenance and transfer of pupil records.

(c) (1) Charter schools shall meet all statewide standards and conduct the pupil assessments required pursuant to Sections 60605 and 60851 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in noncharter public schools.

(2) Charter schools shall, on a regular basis, consult with their parents, legal guardians, and teachers regarding the school's educational programs.

(d) (1) In addition to any other requirement imposed under this part, a charter school shall be nonsectarian in its programs, admission policies, employment practices, and all other operations, shall not charge tuition, and shall not discriminate against any pupil on the basis of the characteristics listed in Section 220. Except as provided in paragraph (2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of his or her parent or legal guardian, within this state, except that any existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that public school.

(2) (A) A charter school shall admit all pupils who wish to attend the school.

(B) However, if the number of pupils who wish to attend the charter school exceeds the school's capacity, attendance, except for existing pupils of the charter school, shall be determined by a public random drawing. Preference shall be extended to pupils currently attending the charter school and pupils who reside in the district except as provided for in Section 47614.5. Other preferences may be permitted by the chartering authority on an individual school basis and only if consistent with the law.

(C) In the event of a drawing, the chartering authority shall make reasonable efforts to accommodate the growth of the charter school and, in no event, shall take any action to impede the charter school from expanding enrollment to meet pupil demand.

(3) If a pupil is expelled or leaves the charter school without graduating or completing the school year for any reason, the charter school shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including a transcript of grades or report card, and health information. This paragraph applies only to pupils subject to compulsory full-time education pursuant to Section 48200.

(e) The governing board of a school district shall not require any employee of the school district to be employed in a charter school.

(f) The governing board of a school district shall not require any pupil enrolled in the school district to attend a charter school.

(g) The governing board of a school district shall require that the petitioner or petitioners provide information regarding the proposed operation and potential effects of the school, including, but not limited to, the facilities to be utilized by the school, the manner in which administrative services of the school are to be provided, and potential civil liability effects, if any, upon the school and upon the school district. The description of the facilities to be used by the charter school shall specify where the school intends to locate. The petitioner or petitioners shall also be required to provide financial statements that include a proposed first-year operational budget, including startup costs, and cashflow and financial projections for the first three years of operation.

(h) In reviewing petitions for the establishment of charter schools within the school district, the governing board of the school district shall give preference to petitions that demonstrate the capability to provide comprehensive learning experiences to pupils identified by the petitioner or petitioners as academically low achieving pursuant to the standards established by the department under Section 54032.

(i) Upon the approval of the petition by the governing board of the school district, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition, to the applicable county superintendent of schools, the department, and the state board.

(j) (1) If the governing board of a school district denies a petition, the petitioner may elect to submit the petition for the establishment of a charter school to the county board of education. The county board of education shall review the petition pursuant to subdivision (b). If the petitioner elects to submit a petition for establishment of a charter school to the county board of education and the county board of education denies the petition, the petitioner may file a petition for establishment of a charter school with the state board, and the state board may approve the petition, in accordance with subdivision (b). Any charter school that receives approval of its petition from a county board of education or from the state board on appeal shall be subject to the same requirements concerning geographic location that it would otherwise be subject to if it receives approval from the entity to whom it originally submits its petition. A charter petition that is submitted to either a county board of education or to the state board shall meet all otherwise applicable petition requirements, including the identification of the proposed site or sites where the charter school will operate.

(2) In assuming its role as a chartering agency, the state board shall develop criteria to be used for the review and approval of charter school petitions presented to the state board. The criteria shall address all elements required for charter approval, as identified in subdivision (b) and shall define "reasonably comprehensive" as used in paragraph (5) of subdivision (b) in a way that is consistent with the intent of this part. Upon satisfactory completion of the criteria, the state board shall adopt the criteria on or before June 30, 2001.

(3) A charter school for which a charter is granted by either the county board of education or the state board based on an appeal pursuant to this subdivision shall qualify fully as a charter school for all funding and other purposes of this part.

(4) If either the county board of education or the state board fails to act on a petition within 120 days of receipt, the decision of the governing board of the school district, to deny a petition shall, thereafter, be subject to judicial review.

(5) The state board shall adopt regulations implementing this subdivision.

(6) Upon the approval of the petition by the county board of education, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition to the department and the state board.

(k) (1) The state board may, by mutual agreement, designate its supervisorial and oversight responsibilities for a charter school approved by the state board to any local education agency in the county in which the charter school is located or to the governing board of the school district that first denied the petition.

(2) The designated local education agency shall have all monitoring and supervising authority of a chartering agency, including, but not limited to, powers and duties set forth in Section 47607, except the power of revocation, which shall remain with the state board.

(3) A charter school that has been granted its charter through an appeal to the state board and elects to seek renewal of its charter shall, prior to expiration of the charter, submit its petition for renewal to the governing board of the school district that initially denied the charter. If the governing board of the school district denies the school's petition for renewal, the school may petition the state board for renewal of its charter.

(*l*) Teachers in charter schools shall hold a Commission on Teacher Credentialing certificate, permit, or other document equivalent to that which a teacher in other public schools would be required to hold. These documents shall be maintained on file at the charter school and are subject to periodic inspection by the chartering authority. It is the intent of the Legislature that charter schools be given flexibility with regard to noncore, noncollege preparatory courses.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known, and may be cited, as the Ridley-Tree Condor Preservation Act.

SEC. 2. It is the intent of the Legislature to protect vulnerable wildlife species, including the California condor, a federally listed endangered species and a state listed endangered and fully protected species, from the ongoing threat of lead poisoning.

SEC. 3. Section 3004.5 is added to the Fish and Game Code, to read:

3004.5. (a) Nonlead centerfire rifle and pistol ammunition, as determined by the commission, shall be required when taking big game with rifle or pistol, as defined by Section 350 of the department's mammal hunting regulations, and when taking coyote, within the department's deer hunting zone A South, but excluding Santa Cruz, Alameda, Contra Costa, San Mateo, and San Joaquin Counties, areas west of Highway 101 within Santa Clara County, and areas between Highway 5 and Highway 99 within Stanislaus, Merced, Madera, Fresno, Kings, Tulare, and Kern Counties, and within deer hunting zones D7, D8, D9, D10, D11, and D13.

(b) By July 1, 2008, the commission shall establish, by regulation, a public process to certify centerfire rifle and pistol ammunition as nonlead ammunition, and shall define, by regulation, nonlead ammunition as including only centerfire rifle and pistol ammunition in which there is no lead content. The commission shall establish and annually update a list of certified centerfire rifle and pistol ammunition.

(c) (1) To the extent that funding is available, the commission shall establish a process that will provide hunters within the department's deer hunting zone A South, but excluding Santa Cruz, Alameda, Contra Costa, San Mateo, and San Joaquin Counties, areas west of Highway 101 within Santa Clara County, and areas between Highway 5 and Highway 99 within Stanislaus, Merced, Madera, Fresno, Kings, Tulare, and Kern Counties, and within deer hunting zones D7, D8, D9, D10, D11, and D13 with nonlead ammunition at no or reduced charge. The process shall provide that the offer for nonlead ammunition at no or reduced charge may be redeemed through a coupon sent to a permitholder with the appropriate permit tag. If available funding is not sufficient to provide nonlead ammunition at no charge, the commission shall set the value of the reduced charge coupon at the maximum value possible through available funding, up to the average cost within this state for nonlead ammunition, as determined by the commission.

(2) The nonlead ammunition coupon program described in paragraph (1) shall be implemented only to the extent that sufficient funding, as determined by the Department of Finance, is obtained from local, federal, public, or other nonstate sources in order to implement the program.

(3) If the nonlead ammunition coupon program is implemented, the commission shall issue a report on the usage and redemption rates of ammunition coupons. The report shall cover calendar years 2008, 2009, and 2012. Each report shall be issued by June of the following year.

(d) The commission shall issue a report on the levels of lead found in California condors. This report shall cover calendar years 2008, 2009, and 2012. Each report shall be issued by June of the following year.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.
